**NEW SECTION. Sec. 30.** Whereas there is increasing demand for domestic service professions and domestic workers are often isolated and vulnerable to exploitation, it is a priority for the legislature to provide workers with clear rights and freedom from harassment and protection from retaliation; and to make clear for hiring entities which actions are prohibited in a domestic service employment relationship.

(2) It shall be considered a rebuttable presumption of retaliation if the employer or any other person takes an adverse action against a domestic worker within ninety calendar days of the domestic worker's exercise of rights protected under this chapter. However, in the case of seasonal employment that ended before the close of the ninety calendar day period, the presumption also applies if the employer fails to rehire a former domestic worker at the next opportunity for work in the same position. The employer may rebut the presumption with clear and convincing evidence that the adverse action was taken for a permissible purpose.

(3) Where subsection (1)(b)(i) of this section applies, prior to offering the employment to a domestic worker or as soon as the hiring entity learns of the information if the domestic worker is already employed, the hiring entity should, when possible, disclose information about any challenging behaviors and relevant behavioral health needs of the individual being cared for as well as tools and supports that may be available to the domestic worker. If there is an authorized representative for the hiring entity receiving care, or an overlapping employment relationship with the hiring entity receiving care, this information must be disclosed in writing by the authorized representative or the hiring entity not receiving care services. **SENATE AMENDMENT TO HOUSE BILL**

There being no objection, the House refused to concur in the Senate amendment to SUBSTITUTE HOUSE BILL NO. 2511 and asked the Senate to recede therefrom.

#### MESSAGE FROM THE SENATE

March 5, 2020

Mme. SPEAKER:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 2711, with the following amendment:

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** (1) The legislature finds that students in foster care, experiencing homelessness, or both, have the lowest high school graduation and postsecondary completion outcomes compared to other student populations. The legislature also finds that these students change schools at significantly higher rates than their general student population peers, and that these changes can disrupt academic progress. The legislature further finds that these students have disproportionate suspension and expulsion rates, and require special education services at much higher rates than other students.

(2) The legislature acknowledges that, as a result, only forty-six percent of Washington students who experienced foster care during high school, and fifty-five percent of students experiencing homelessness, graduated from high school on time in 2018. By comparison, the statewide four-year graduation rate for the class of 2019 was nearly eighty-one percent. Furthermore, students of color are disproportionately represented in the foster care system and in homeless student populations, and their academic outcomes are significantly lower than their white peers. Additionally, students who do not achieve positive education outcomes experience high rates of unemployment, poverty, adult homelessness, and incarceration.

(3) The legislature, therefore, intends to provide the opportunity for an equitable education for students in foster care, experiencing homelessness, or both. In accomplishing this goal, the legislature intends to achieve parity in education outcomes for these students, both in comparison to their general student population peers and throughout the education continuum of prekindergarten to postsecondary education.

(4) In 2018 the legislature directed the department of children, youth, and families and other entities in chapter 299, Laws of 2018, to convene a work group focused on students in foster care and students experiencing homelessness. The legislature resolves to continue this work group to improve education outcomes for these students.

**NEW SECTION. Sec. 2.** A new section is added to chapter 28A.300 RCW to read as follows:

(1) The office of the superintendent of public instruction, in collaboration with the department of children, youth, and families, the office of homeless youth prevention

and protection programs of the department of commerce, and the student achievement council, shall convene the project education impact work group to address the needs of students in foster care, experiencing homelessness, or both. The work group must include representatives of nongovernmental agencies and representation from the educational opportunity gap oversight and accountability committee. The work group must also include four legislative members appointed as follows:

(a) The president of the senate shall appoint one member from each of the two largest caucuses of the senate.

(b) The speaker of the house of representatives shall appoint one member from each of the two largest caucuses of the house of representatives.

(2) The work group must focus its efforts on students in foster care, experiencing homelessness, or both, and must develop and implement a plan that will accomplish the following by 2027:

(a) Enable the students to achieve parity in education outcomes with their general student population peers; and

(b) Eliminate racial and ethnic disparities for the education outcomes of the students in comparison to their general student population peers.

(3)(a) The work group shall review the education outcomes of students in foster care, experiencing homelessness, or both, by examining data, disaggregated by race and ethnicity, on:

(i) Kindergarten readiness, early grade reading and math, eighth and ninth grade students on track to graduate, high school completion, postsecondary enrollment, and postsecondary completion; and

(ii) School attendance, school mobility, special education status, and school discipline.

(b) To enable the review required by this subsection (3), the office of the superintendent of public instruction, the department of children, youth, and families, the student achievement council, and the office of homeless youth prevention and protection programs of the department of commerce shall provide updated education data and other necessary data to the education data center established under RCW 43.41.400.

(c) The education data center must provide an updated report to the work group on these education outcomes by March 31, 2021, and annually thereafter. If state funds are not made available to complete the reports required by this subsection (3)(c), the work group may pursue supplemental private funding to ensure the completion of the reports.

(4) The work group shall also:

(a) Evaluate the outcomes, needs, and service array for students in foster care, experiencing homelessness, or both, and the specific needs of students of color and those with special education needs;

(b) Engage stakeholders, including students in foster care, experiencing homelessness, or both, foster parents and relative caregivers, birth parents, caseworkers, school

districts and educators, early learning providers, postsecondary institutions, and federally recognized tribes, to provide input on the development of recommendations; and

(c)(i) Submit annual reports to the governor, the appropriate committees of the legislature, and the educational opportunity gap oversight and accountability committee by October 31st of each year regarding the progress the state has made toward achieving education parity for students in foster care, experiencing homelessness, or both.

(ii) The reports required by this subsection (4)(c) must:

(A) Describe the progress made toward achieving the following goals for students in foster care, experiencing homelessness, or both:

(I) Parity in kindergarten readiness rates;

(II) Parity in high school graduation rates;

(III) Parity in postsecondary education and state-approved apprenticeship enrollment; and

(IV) Parity in postsecondary education and state-approved apprenticeship completion;

(B) Include updates on agency and nongovernmental agency actions toward achieving the goals specified in this section, and the effectiveness of support services for students in foster care, experiencing homelessness, or both;

(C) Include recommendations to further align and improve policy, programs, agency practice, and supports for students, and provide for shared and sustainable accountability to reach the goal of educational parity, including recommendations to:

(I) Address systems barriers and improve educational stability;

(II) Enforce existing state law requiring that education records, documentation of educational needs, individualized education programs, credits, and other records follow students when they transition between districts or to another education program or facility;

(III) Improve racial equity in education outcomes; and

(IV) Ensure appropriate work group access to consistent and accurate annual education outcomes data;

(D) Identify recommendations that can be implemented using existing resources, rules, and regulations and those that require policy, administrative, and resource allocation changes; and

(E) Identify the progress made toward meaningful engagement of stakeholders in informing recommendations.

(5) Nothing in this section permits disclosure of confidential information protected from disclosure under federal or state law, including but not limited to information protected under chapter 13.50 RCW. Confidential information received by the work group retains its confidentiality and may not be further disseminated except as permitted by federal and state law.

(6) For the purposes of this section, "students in foster care, experiencing homelessness, or both" includes students who are in foster care or experiencing homelessness, and students who have been homeless or in foster care, or both, within five years of when the plan described in this section is applied.

(7) This section expires July 1, 2028.

**Sec. 3.** RCW 74.13.1051 and 2017 3rd sp.s. c 6 s 405 are each amended to read as follows:

The student achievement council and the superintendent of public instruction shall collaborate with nongovernmental contractors and the department to develop a list of the most critical indicators, establishing a common set of indicators to be used in the outcome-driven contracts in RCW 28A.300.590 and 28A.300.592. ~~((A list of these indicators must be included in the report provided in subsection (3) of this section.~~

#### MESSAGE FROM THE SENATE

March 6, 2020

Madame Speaker:

The Senate has passed ENGROSSED THIRD SUBSTITUTE HOUSE BILL NO. 1775 with the following amendment:

4.0.

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 5.** The legislature finds that commercial sexual exploitation of children is a severe form of human trafficking and a severe human rights and public health issue, leaving children at substantial risk of physical harm, substantial physical and emotional pain, and trauma. This trauma has a long-term impact on the social, emotional, and economic future of these children. The state shall provide a victim-centered, trauma-informed response to children who are exploited in this manner rather than treating them as criminals. The state shall also hold accountable the buyers and traffickers who exploit children.

**NEW SECTION. Sec. 6.** A new section is added to chapter 7.68 RCW to read as follows:

(1) Subject to the availability of amounts appropriated for this specific purpose, the department of children, youth, and families shall administer funding for two receiving center programs for commercially sexually exploited children. One of these programs must be located west of the crest of the Cascade mountains and one of these programs must be located east of the crest of the Cascade mountains. Law enforcement and service providers may refer children to these programs or children may self-refer into these programs.

(2) The receiving center programs established under this section shall:

(a) Begin providing services by January 1, 2021;

(b) Utilize existing facilities and not require the construction of new facilities; and

(c) Provide ongoing case management for all children who are being served or were served by the programs.

(3) The receiving centers established under this section shall:

(a) Include a short-term evaluation function that is accessible twenty-four hours per day seven days per week that has the capacity to evaluate the immediate needs of commercially sexually exploited children ages twelve through seventeen and either meet those immediate needs or refer those children to the appropriate services;

(b) Assess children for mental health and substance use disorder needs and provide appropriate referrals as needed; and

(c) Provide individual and group counseling focused on developing and strengthening coping skills, and improving self-esteem and dignity.

(4) The department of children, youth, and families shall:

(a) Collect nonidentifiable demographic data of the children served by the programs established under this section;

(b) Collect data regarding the locations that children exit to after being served by the programs; and

(c) Report the data described in this subsection along with recommendations for modification or expansion of these programs to the relevant committees of the legislature by December 1, 2022.

(5) For the purposes of this section, the following definitions apply:

(a) "Receiving center" means a trauma-informed, secure location that meets the multidisciplinary needs of commercially sexually exploited children ages twelve through seventeen located in a behavioral health agency licensed or certified under RCW 71.24.037 to provide inpatient or residential treatment services; and

(b) "Short-term evaluation function" means a short-term emergency shelter that is accessible twenty-four hours per day seven days per week that has the capacity to evaluate the immediate needs of commercially sexually exploited children under age eighteen and either meet those immediate needs or refer those children to the appropriate services.

(6)(a) The department of children, youth, and families, the department of health, and the division of behavioral health and recovery, shall meet to coordinate the implementation of receiving centers as provided for in this section, including developing eligibility criteria for serving commercially sexually exploited children that allows referral from service providers and prioritizes referral from law enforcement.

(b) By December 1, 2020, and in compliance with RCW 43.01.036, the department of children, youth, and families shall submit a report to the governor and legislature summarizing the implementation plan and eligibility criteria as described in (a) of this subsection, and provide any additional policy recommendations regarding receiving centers as it deems necessary.

**NEW SECTION. Sec. 7.** A new section is added to chapter 7.68 RCW to read as follows:

(1) The following individuals or entities may refer a child to receiving centers as defined in section 2 of this act:

(a) Law enforcement, who shall:

(i) Transport a child eligible for receiving center services to a receiving center; or

(ii) Coordinate transportation with a liaison dedicated to serving commercially sexually exploited children established under RCW 74.14B.070 or a community service provider;

(b) The department of children, youth, and families;

(c) Juvenile courts;

(d) Community service providers;

(e) A parent or guardian; and

(f) A child may self-refer.

(2) Eligibility for placement in a receiving center is children ages twelve through seventeen, of all genders, who have been, or are at risk for being commercially sexually exploited.

**Sec. 8.** RCW 9A.88.030 and 1988 c 145 s 16 are each amended to read as follows:

(1) A person age eighteen or older is guilty of prostitution if such person engages or agrees or offers to engage in sexual conduct with another person in return for a fee.

(2) For purposes of this section, "sexual conduct" means "sexual intercourse" or "sexual contact," both as defined in chapter 9A.44 RCW.

(3) Prostitution is a misdemeanor.

**Sec. 9.** RCW 13.40.070 and 2019 c 128 s 8 are each amended to read as follows:

(1) Complaints referred to the juvenile court alleging the commission of an offense shall be referred directly to the prosecutor. The prosecutor, upon receipt of a complaint, shall screen the complaint to determine whether:

(a) The alleged facts bring the case within the jurisdiction of the court; and

(b) On a basis of available evidence there is probable cause to believe that the juvenile did commit the offense.

(2) If the identical alleged acts constitute an offense under both the law of this state and an ordinance of any city or county of this state, state law shall govern the prosecutor's screening and charging decision for both filed and diverted cases.

(3) If the requirements of subsection (1)(a) and (b) of this section are met, the prosecutor shall either file an information in juvenile court or divert the case, as set forth in subsections (5), (6), and (8) of this section. If the prosecutor finds that the requirements of subsection (1)(a) and (b) of this section are not met, the prosecutor shall

maintain a record, for one year, of such decision and the reasons therefor. In lieu of filing an information or diverting an offense a prosecutor may file a motion to modify community supervision where such offense constitutes a violation of community supervision.

(4) An information shall be a plain, concise, and definite written statement of the essential facts constituting the offense charged. It shall be signed by the prosecuting attorney and conform to chapter 10.37 RCW.

(5) The prosecutor shall file an information with the juvenile court if (a) an alleged offender is accused of an offense that is defined as a sex offense or violent offense under RCW 9.94A.030, other than assault in the second degree or robbery in the second degree; or (b) an alleged offender has been referred by a diversion unit for prosecution or desires prosecution instead of diversion.

(6) Where a case is legally sufficient the prosecutor shall divert the case if the alleged offense is a misdemeanor or gross misdemeanor or violation and the alleged offense is the offender's first offense or violation. If the alleged offender is charged with a related offense that may be filed under subsections (5) and (8) of this section, a case under this subsection may also be filed.

(7) Where a case is legally sufficient to charge an alleged offender with:

(a) ~~((Either prostitution or prostitution))~~ Prostitution loitering and the alleged offense is the offender's first ~~((prostitution or))~~ prostitution loitering offense, the prosecutor shall divert the case;

(b) Voyeurism in the second degree, the offender is under seventeen years of age, and the alleged offense is the offender's first voyeurism in the second degree offense, the prosecutor shall divert the case, unless the offender has received two diversions for any offense in the previous two years;

(c) Minor selling depictions of himself or herself engaged in sexually explicit conduct under RCW 9.68A.053(5) and the alleged offense is the offender's first violation of RCW 9.68A.053(5), the prosecutor shall divert the case; or

(d) A distribution, transfer, dissemination, or exchange of sexually explicit images of other minors thirteen years of age or older offense as provided in RCW 9.68A.053(1) and the alleged offense is the offender's first violation of RCW 9.68A.053(1), the prosecutor shall divert the case.

(8) Where a case is legally sufficient and falls into neither subsection (5) nor (6) of this section, it may be filed or diverted. In deciding whether to file or divert an offense under this section the prosecutor may be guided by the length, seriousness, and recency of the alleged offender's criminal history and the circumstances surrounding the commission of the alleged offense.

(9) Whenever a juvenile is placed in custody or, where not placed in custody, referred to a diversion interview, the parent or legal guardian of the juvenile shall be notified as soon as possible concerning the allegation made against the

juvenile and the current status of the juvenile. Where a case involves victims of crimes against persons or victims whose property has not been recovered at the time a juvenile is referred to a diversion unit, the victim shall be notified of the referral and informed how to contact the unit.

(10) The responsibilities of the prosecutor under subsections (1) through (9) of this section may be performed by a juvenile court probation counselor for any complaint referred to the court alleging the commission of an offense which would not be a felony if committed by an adult, if the prosecutor has given sufficient written notice to the juvenile court that the prosecutor will not review such complaints.

(11) The prosecutor, juvenile court probation counselor, or diversion unit may, in exercising their authority under this section or RCW 13.40.080, refer juveniles to community-based programs, restorative justice programs, mediation, or victim offender reconciliation programs. Such mediation or victim offender reconciliation programs shall be voluntary for victims.

(12) Prosecutors and juvenile courts are encouraged to engage with and partner with community-based programs to expand, improve, and increase options to divert youth from formal processing in juvenile court. Nothing in this chapter should be read to limit partnership with community-based programs to create diversion opportunities for juveniles.

**Sec. 10.** RCW 13.40.213 and 2010 c 289 s 8 are each amended to read as follows:

(1) When a juvenile is alleged to have committed ~~((the offenses of prostitution or))~~ a prostitution loitering offense, and the allegation, if proved, would not be the juvenile's first offense, a prosecutor may divert the offense if the county in which the offense is alleged to have been committed has a comprehensive program that provides:

(a) Safe and stable housing;

(b) Comprehensive on-site case management;

(c) Integrated mental health and chemical dependency services, including specialized trauma recovery services;

(d) Education and employment training delivered on-site; and

(e) Referrals to off-site specialized services, as appropriate.

(2) A prosecutor may divert a case for ~~((prostitution or))~~ prostitution loitering into the comprehensive program described in this section, notwithstanding the filing criteria set forth in RCW 13.40.070(5).

(3) A diversion agreement under this section may extend to twelve months.

(4)(a) The administrative office of the courts shall compile data regarding:

(i) The number of juveniles whose cases are diverted into the comprehensive program described in this section;

(ii) Whether the juveniles complete their diversion agreements under this section; and

(iii) Whether juveniles whose cases have been diverted under this section have been subsequently arrested or committed subsequent offenses.

(b) An annual report of the data compiled shall be provided to the governor and the appropriate committee of the legislature. ~~((The first report is due by November 1, 2010.))~~

**Sec. 11.** RCW 7.68.801 and 2018 c 58 s 65 are each amended to read as follows:

(2) The committee is convened by the office of the attorney general with the department of commerce assisting with agenda planning and administrative and clerical support. The committee consists of the following members:

(2) Law enforcement custody shall not extend beyond the amount of time reasonably necessary to transport the child to a destination authorized by law and to place the child at that destination. (5) Nothing in this section affects the authority of any political subdivision to make regulations concerning the conduct of minors in public places by ordinance or other local law.

(6) If a law enforcement officer has a reasonable suspicion that a child is being unlawfully harbored in violation of RCW 13.32A.080, the officer shall remove the child from the custody of the person harboring the child and shall transport the child to one of the locations specified in RCW 43.185C.265.

(7) If a law enforcement officer takes a juvenile into custody pursuant to subsection (1)(b) of this section and reasonably believes that the juvenile may be the victim of sexual exploitation, the officer shall:

(a) Transport the child to:

The system shall include schools, physicians, sexual assault centers, domestic violence centers, child protective services, and foster parents. A mechanism shall be developed to identify communities that have experienced success in this area and share their expertise and methodology with other communities statewide.

(2) The department shall provide services to support children it suspects have been commercially sexually exploited. The child may decide whether to voluntarily engage in the services offered by the department.

(a) To provide services supporting children it suspects have been commercially sexually exploited, the department may provide:

(b) Nonidentifiable data regarding the number of commercially sexually exploited children.

(4) The department may solicit and accept gifts, grants, conveyances, bequests, and devices for supporting the purposes of this section.

(5) Nothing in this section shall be construed to create a private right of action against the department for failure to identify, offer, or provide services.

(6) The department shall convene a work group to study, analyze, and issue recommendations regarding how decriminalizing prostitution and prostitution loitering for persons under eighteen will impact law enforcement and prosecutor efforts and ability to discover and access the victim's cell phone records to aid in prosecution of the perpetrator or abuser. The work group must issue recommendations to appropriate committees of the legislature by October 31, 2021.

**Sec. 14.** RCW 74.15.020 and 2019 c 172 s 10 are each amended to read as follows:

March 6, 2020

Madame Speaker:

The Senate has passed HOUSE BILL NO. 1841 with the following amendment:

16.0.

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** The legislature finds that adequate personnel are critical to ensuring railroad operational safety, security, and in the event of a hazardous material incident, support of first responder activities, as well as in the interest of the safety of passengers and the general public. Therefore, the legislature declares that this act regulating minimum railroad employee staffing to reduce risk to localities constitutes an exercise of the state's police power to protect and promote the health, safety, security, and welfare of the residents of the state by reducing the risk exposure to local communities and protecting environmentally sensitive and/or pristine lands and waterways.

**NEW SECTION. Sec. 2.** A new section is added to chapter 81.40 RCW to read as follows:

The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Class I" means a railroad carrier designated as a class I railroad by the United States surface transportation board and its subsidiaries or is owned and operated by entities whose combined total railroad operational ownership and controlling interest meets the United States surface transportation board designation as a class I railroad carrier.

(2) "Class III" means a railroad carrier designated as a class III railroad by the United States surface transportation board.

(3) "Commission" means the utilities and transportation commission created in chapter 80.01 RCW.

(4) "Crewmember" means a railroad operating craft employee who has been trained and meets the requirements and qualifications as determined by the federal railroad administration for a railroad operating service employee.

(5) "Other railroad carrier" means a railroad carrier that is not a class I carrier.

(6) "Railroad carrier" means a carrier of persons or property upon vehicles, other than streetcars, operated upon stationary rails, the route of which is principally outside incorporated cities and towns. "Railroad carrier" includes any officers and agents of the railroad carrier.

**NEW SECTION. Sec. 3.** A new section is added to chapter 81.40 RCW to read as follows:

(1) Except as provided in section 4 of this act, any person, corporation, company, or officer of the court operating any railroad, railway, or any part of any railroad or railway, in the state of Washington, and engaged, as a common carrier, in the transportation of freight or passengers, shall operate and manage all trains and switching assignments over its road with crews consisting of no less than two crewmembers.

(2) Class III railroad carriers operating on their roads while at a speed of twenty-five miles per hour or less are exempt from subsection (1) of this section.

**NEW SECTION. Sec. 4.** A new section is added to chapter 81.40 RCW to read as follows:

(1) On the effective date of this section, automatic waivers to the train crew size requirement in section 3 of this act shall be granted to other railroad carriers.

(2) Such automatic waivers will remain in effect until ordered by the commission.

(3) The commission must act to ensure that railroad carriers supplement trains entering Washington state with the requisite number of train crewmembers pursuant to this act, at the closest regular station stop or crew change point located in proximity to and adjacent with either side of the state border, having been established and in use by the carrier on January 1, 2020.

(4)(a) The commission may order railroad carriers to increase the number of railroad employees in areas of increased risk to the public, passengers, railroad employees, or the environment, or on specific trains, routes, or to switch assignments on their road with additional numbers of

crewmembers, and may direct the placement of additional crewmembers, if it is determined that such an increase in staffing or the placement of additional crewmembers is necessary to protect the safety, health, and welfare of the public, passengers, or railroad employees, to prevent harm to the environment or to address site specific safety or security hazards.

(b) In issuing such an order, the commission may consider relevant factors including, but not limited to, the volatility of the commodities being transported, train volume, risk mitigation measures, environmental and operating factors that impact vulnerabilities, risk exposure to passengers, the general public, railroad employees, communities, or the environment along the train route, security risks including sabotage or terrorism threat levels, a railroad carrier's prior history of accidents, compliance violations, operating practices, infrastructure investments including track and equipment maintenance issues or lack thereof, employee training and support programs, first responder access, and any other relevant factors in the interest of safety.

**NEW SECTION. Sec. 5.** A new section is added to chapter 81.40 RCW to read as follows:

(1) Pursuant to the enforcement of the provisions of this act, the highest priority and paramount obligation of the commission must be its duty to ensure the safety and protection of the public, passengers, railroad employees, communities, environment, and areas of cultural significance in the furtherance of the highest degree of safety in railroad transportation.

(2) Each train or engine run in violation of section 3 of this act constitutes a separate offense. However, section 3 of this act does not apply in the case of disability of one or more members of any train crew while out on the road between division terminals, or assigned to wrecking trains.

(3) Any person, corporation, company, or officer of the court operating any railroad, or part of any railroad or railway within the state of Washington, and engaged as a common carrier, in the transportation of freight or passengers, who violates any of the provisions of section 3 of this act may be subject to fines of not less than one thousand dollars and not more than one hundred thousand dollars for each offense, as determined by the commission through order.

(4) The commission may impose fines exceeding the provisions in subsection (3) of this section when a serious injury or fatality occurs involving a carrier's violation of this act. All relevant factors may be considered including, but not limited to, the class, assets, profitability, and operational safety record of the carrier, as well as deterrence in ascertaining an appropriate punitive penalty, as determined by the commission through order.

(5) It is the duty of the commission to enforce this section.

**NEW SECTION. Sec. 6.** The following acts or parts of acts are each repealed:

(1)RCW 81.40.010 (Full train crews—Passenger—Safety review—Penalty—Enforcement) and 2003 c 53 s 386, 1992 c 102 s 1, & 1961 c 14 s 81.40.010; and

(2)RCW 81.40.035 (Freight train crews) and 1967 c 2 s 2.

**NEW SECTION. Sec. 7.** If any provision of this act or its application to any person, entity, or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

**NEW SECTION. Sec. 8.** This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately."

On page 1, line 2 of the title, after "trains;" strike the remainder of the title and insert "adding new sections to chapter 81.40 RCW; creating a new section; repealing RCW 81.40.010 and 81.40.035; prescribing penalties; and declaring an emergency."

(b) Beginning December 1, 2019, and each December 1st thereafter, school district optional benefits must be reported to the school employees' benefits board and health care authority. ~~((The school employees' benefits board shall review the optional benefits offered by districts and: (a) Determine if the optional benefits conflict with school employees' benefits board's plans offering authority and, if not, (b) evaluate whether to seek additional benefit offerings authority from the legislature. Optional benefits may include direct agreements as defined in chapter 48.150 RCW, and may include employee))~~

(c) School districts, and the applicable carrier, must work with the health care authority to either modify and remove competing components of the district-based benefit or end any district-based benefit offering in competition with either the health care authority's or the school employees' benefits board offered benefits.

(d) Unless the school employees' benefits board offers such benefits, school districts may offer only the following optional benefits to school employees:

(i) Benefits listed in section 3(1) (a) through (i) of this act, offered as employee-paid, voluntary benefits that may be administered by using payroll deductions; and

(ii) Voluntary employees' beneficiary association accounts ((that can be liquidated by the employee on termination of employment)), including benefit plans authorized in RCW 28A.400.210(3).

~~((Optional benefit plans may be offered only if:~~

~~(a) Each full-time employee, regardless of the number of dependents receiving basic coverage, receives the same additional employer contribution for other coverage or optional benefits; and~~

~~(b) For part-time employees, participation in optional benefit plans shall be governed by the same eligibility criteria and/or proration of employer contributions used for allocations for basic benefits.))~~

(3) School districts are not intended to divert state basic benefit allocations for other purposes. Beginning January 1, 2020, school districts must offer all benefits offered by the school employees' benefits board administered by the health care authority, and consistent with RCW 41.56.500(2).

(4) Any optional benefits offered by a school district under subsection (2) of this section are considered an enhancement to the state's definition of basic education.

**Sec. 13.** RCW 28A.400.350 and 2019 c 411 s 6 are each amended to read as follows:

(1) The board of directors of any of the state's school districts or educational service districts may make available medical, dental, vision, liability, life, accident, disability, and salary protection or insurance, direct agreements as defined in chapter 48.150 RCW, or any one of, or a combination of the types of employee benefits enumerated in this subsection, or any other type of insurance or protection, for the members of the boards of directors, the students, and employees of the school district or educational service district, and their dependents. Except as provided in subsection (6) of this section, such coverage may be provided by contracts or agreements with private carriers, with the state health care authority, or through self-insurance or self-funding pursuant to chapter 48.62 RCW, or in any other manner authorized by law. Any direct agreement must comply with RCW 48.150.050.

(2)(a) Whenever funds are available for these purposes the board of directors of the school district or educational service district may contribute all or a part of the cost of such protection or insurance for the employees of their respective school districts or educational service districts and their dependents. The premiums on such liability insurance shall be borne by the school district or educational service district.

(b) After October 1, 1990, school districts may not contribute to any employee protection or insurance other than liability insurance unless the district's employee benefit plan conforms to RCW 28A.400.275 and 28A.400.280.

(c) After December 31, 2019, school district contributions to any employee insurance that is purchased through the health care authority must conform to the requirements established by chapter 41.05 RCW and the school employees' benefits board.

(3) For school board members, educational service district board members, and students, the premiums due on such protection or insurance shall be borne by the assenting school board member, educational service district board member, or student. The school district or educational service district may contribute all or part of the costs, including the premiums, of life, health, health care, accident or disability insurance which shall be offered to all students participating in interschool activities on the behalf of or as representative of their school, school district, or educational service district. The school district board of directors and the educational service district board may require any student participating in extracurricular interschool activities to, as a condition of participation, document evidence of insurance or purchase insurance that will provide adequate coverage, as determined by the school district board of directors or the educational service district board, for medical expenses incurred as a result of injury sustained while participating in the extracurricular activity. In establishing such a requirement, the district shall adopt regulations for waiving or reducing the premiums of such coverage as may be offered through the school district or educational service

district to students participating in extracurricular activities, for those students whose families, by reason of their low income, would have difficulty paying the entire amount of such insurance premiums. The district board shall adopt regulations for waiving or reducing the insurance coverage requirements for low-income students in order to assure such students are not prohibited from participating in extracurricular interschool activities.

(4) All contracts or agreements for insurance or protection written to take advantage of the provisions of this section shall provide that the beneficiaries of such contracts may utilize on an equal participation basis the services of those practitioners licensed pursuant to chapters 18.22, 18.25, 18.53, 18.57, and 18.71 RCW.

(5)(a) Until the creation of the school employees' benefits board under RCW 41.05.740, school districts offering medical, vision, and dental benefits shall:

(i) Offer a high deductible health plan option with a health savings account that conforms to section 223, part VII of subchapter 1 of the internal revenue code of 1986. School districts shall comply with all applicable federal standards related to the establishment of health savings accounts;

(ii) Make progress toward employee premiums that are established to ensure that full family coverage premiums are not more than three times the premiums for employees purchasing single coverage for the same coverage plan, unless a subsequent premium differential target is defined as a result of the review and subsequent actions described in RCW 41.05.655;

(iii) Offer employees at least one health benefit plan that is not a high deductible health plan offered in conjunction with a health savings account in which the employee share of the premium cost for a full-time employee, regardless of whether the employee chooses employee-only coverage or coverage that includes dependents, does not exceed the share of premium cost paid by state employees during the state employee benefits year that started immediately prior to the school year.

(b) All contracts or agreements for employee benefits must be held to responsible contracting standards, meaning a fair, prudent, and accountable competitive procedure for procuring services that includes an open competitive process, except where an open process would compromise cost-effective purchasing, with documentation justifying the approach.

(c) School districts offering medical, vision, and dental benefits shall also make progress on promoting health care innovations and cost savings and significantly reduce administrative costs.

(d) All contracts or agreements for insurance or protection described in this section shall be in compliance with chapter 3, Laws of 2012 2nd sp. sess.

(6) The authority to make available basic and optional benefits to school employees under this section expires December 31, 2019, except (a) for nonrepresented employees of educational service districts for which the authority expires December 31, 2023, and (b) as authorized

under RCW 28A.400.280. Beginning January 1, 2020, school districts, for all school employees, and educational service districts, for represented employees, shall make available basic and optional benefits through plans offered by the health care authority and the school employees' benefits board. Beginning January 1, 2024, educational service districts, for nonrepresented employees, shall make available basic and optional benefits through plans offered by the health care authority and the school employees' benefits board.

**NEW SECTION. Sec. 14.** A new section is added to chapter 41.05 RCW to read as follows:

(1) In addition to the benefits offering authority under this chapter, the school employees' benefits board may study and, subject to the availability of funding, offer the following employee-paid, voluntary benefits:

(a) Emergency transportation;

(b) Identity protection;

(c) Legal aid;

(d) Long-term care insurance;

(e) Noncommercial personal automobile insurance;

(f) Personal homeowner's or renter's insurance;

(g) Pet insurance;

(h) Specified disease or illness-triggered fixed payment insurance, hospital confinement fixed payment insurance, or other fixed payment insurance offered as an independent, noncoordinated benefit regulated by the office of the insurance commissioner;

(i) Travel insurance; and

(j) Voluntary employees' beneficiary association accounts.

(2) The health care authority, in consultation with the school employees' benefits board, shall review the optional benefits reported by school districts as required in RCW 28A.400.280 and determine if the optional benefits are in competition with benefits currently offered under either the authority's or the board's authorities. If a school district benefit offering is determined to be in competition with the benefits offered under either the authority's or the board's authorities, the health care authority must inform the school district of the benefits conflict and work with the school district, and the applicable carrier, to either modify and remove competing components of the district-based benefit or end the district-based offering. If a carrier is in the process of modifying benefits, including seeking any required regulatory approval, a school district may continue to offer the original benefit.

(3) Specified disease or illness-triggered fixed payment insurance, hospital confinement fixed payment insurance, or other fixed payment insurance offered pursuant to this section as an independent, noncoordinated benefit is not a health plan as defined in RCW 48.43.005."

On page 1, line 1 of the title, after "districts;" strike the remainder of the title and insert "amending RCW 28A.400.280 and 28A.400.350; and adding a new section to chapter 41.05 RCW."

and the same is herewith transmitted.

### MESSAGE FROM THE SENATE

March 6, 2020

Madame Speaker:

The Senate has passed SECOND SUBSTITUTE HOUSE BILL NO. 2499 with the following amendment:

14.0.

Strike everything after the enacting clause and insert the following:

"**Sec. 15.** RCW 43.101.085 and 2006 c 22 s 1 are each amended to read as follows:

In addition to its other powers granted under this chapter, the commission has authority and power to:

(1) Adopt, amend, or repeal rules as necessary to carry out this chapter;

(2) Issue subpoenas and administer oaths in connection with investigations, hearings, or other proceedings held under this chapter;

(3) Take or cause to be taken depositions and other discovery procedures as needed in investigations, hearings, and other proceedings held under this chapter;

(4) Appoint members of a hearings board as provided under RCW 43.101.380;

(5) Enter into contracts for professional services determined by the commission to be necessary for adequate enforcement of this chapter;

(6) Grant, deny, or revoke certification of peace officers and corrections officers under the provisions of this chapter;

(7) Designate individuals authorized to sign subpoenas and statements of charges under the provisions of this chapter;

(8) Employ such investigative, administrative, and clerical staff as necessary for the enforcement of this chapter; and

(9) ~~(To)~~ Grant, deny, or revoke certification of tribal police officers whose tribal governments have agreed to participate in the tribal police officer certification process.

**Sec. 16.** RCW 43.101.010 and 2008 c 69 s 2 are each amended to read as follows:

When used in this chapter:

(1) The term "commission" means the Washington state criminal justice training commission.

(2) The term "boards" means the education and training standards boards, the establishment of which are authorized by this chapter.

(3) The term "criminal justice personnel" means any person who serves in a county, city, state, or port commission agency engaged in crime prevention, crime reduction, or enforcement of the criminal law.

(4) The term "law enforcement personnel" means any public employee or volunteer having as a primary function the enforcement of criminal laws in general or any employee or volunteer of, or any individual commissioned by, any municipal, county, state, or combination thereof, agency having as its primary function the enforcement of criminal

laws in general as distinguished from an agency possessing peace officer powers, the primary function of which is the implementation of specialized subject matter areas. For the purposes of this subsection "primary function" means that function to which the greater allocation of resources is made.

(5) The term "correctional personnel" means any employee or volunteer who by state, county, municipal, or combination thereof, statute has the responsibility for the confinement, care, management, training, treatment, education, supervision, or counseling of those individuals whose civil rights have been limited in some way by legal sanction.

(6) "Chief for a day program" means a program in which commissioners and staff partner with local, state, and federal law enforcement agencies, hospitals, and the community to provide a day of special attention to chronically ill children. Each child is selected and sponsored by a law enforcement agency. The event, "chief for a day," occurs on one day, annually or every other year and may occur on the grounds and in the facilities of the commission. The program may include any appropriate honoring of the child as a "chief," such as a certificate swearing them in as a chief, a badge, a uniform, and donated gifts such as games, puzzles, and art supplies.

(7) A peace officer or corrections officer is "convicted" at the time a plea of guilty has been accepted, or a verdict of guilty or finding of guilt has been filed, notwithstanding the pendency of any future proceedings, including but not limited to sentencing, posttrial or postfact-finding motions and appeals. "Conviction" includes a deferral of sentence and also includes the equivalent disposition by a court in a jurisdiction other than the state of Washington.

(8)(a) "Discharged for disqualifying misconduct" ~~((means))~~ has the following meanings:

(i) A peace officer terminated from employment for: ~~((A))~~ (A) Conviction of ~~((I))~~ (I) any crime committed under color of authority as a peace officer, ~~((II))~~ (II) any crime involving dishonesty or false statement within the meaning of Evidence Rule 609(a), ~~((III))~~ (III) the unlawful use or possession of a controlled substance, or ~~((IV))~~ (IV) any other crime the conviction of which disqualifies a Washington citizen from the legal right to possess a firearm under state or federal law; ~~((B))~~ (B) conduct that would constitute any of the crimes addressed in (a)(i)(A) of this subsection; or ~~((C))~~ (C) knowingly making materially false statements during disciplinary investigations, where the false statements are the sole basis for the termination; or

(ii) A corrections officer terminated from employment for: (A) Conviction of (I) any crime committed under color of authority as a corrections officer, (II) any crime involving dishonesty or false statement within the meaning of Evidence Rule 609(a), or (III) the unlawful use or possession of a controlled substance; (B) conduct that would constitute any of the crimes addressed in (a)(ii)(A) of this subsection; or (C) knowingly making materially false statements during disciplinary investigations, where the false statements are the sole basis for the termination.

~~((9))~~ (b) A peace officer or corrections officer is "discharged for disqualifying misconduct" within the meaning of this subsection (8) ~~((of this section))~~ under the ordinary meaning of the term and when the totality of the circumstances support a finding that the officer resigned in anticipation of discipline, whether or not the misconduct was discovered at the time of resignation, and when such discipline, if carried forward, would more likely than not have led to discharge for disqualifying misconduct within the meaning of this subsection (8) ~~((of this section))~~.

~~((10))~~ (9) When used in context of proceedings referred to in this chapter, "final" means that the peace officer or corrections officer has exhausted all available civil service appeals, collective bargaining remedies, and all other such direct administrative appeals, and the officer has not been reinstated as the result of the action. Finality is not affected by the pendency or availability of state or federal administrative or court actions for discrimination, or by the pendency or availability of any remedies other than direct civil service and collective bargaining remedies.

~~((11))~~ (10) "Peace officer" means any law enforcement personnel subject to the basic law enforcement training requirement of RCW 43.101.200 and any other requirements of that section, notwithstanding any waiver or exemption granted by the commission, and notwithstanding the statutory exemption based on date of initial hire under RCW 43.101.200. Commissioned officers of the Washington state patrol, whether they have been or may be exempted by rule of the commission from the basic training requirement of RCW 43.101.200, are included as peace officers for purposes of this chapter. Fish and wildlife officers with enforcement powers for all criminal laws under RCW 77.15.075 are peace officers for purposes of this chapter.

(11) "Corrections officer" means any corrections agency employee whose primary job function is to provide for the custody, safety, and security of adult prisoners in jails and detention facilities and who is subject to the basic corrections training requirement of RCW 43.101.220 and any other requirements of that section, notwithstanding any waiver or exemption granted by the commission, and notwithstanding the statutory exemption based on date of initial hire under RCW 43.101.220. For the purpose of sections 3 through 13 of this act, "corrections officer" does not include individuals employed by state agencies.

**NEW SECTION. Sec. 17.** (1) As a condition of continuing employment as corrections officers, all Washington state corrections officers shall: (a) Timely obtain certification as corrections officers, or timely obtain exemption therefrom, by meeting all requirements of RCW 43.101.220, as that section is administered under the rules of the commission, as well as by meeting any additional requirements under this chapter; and (b) maintain the basic certification as corrections officers under this chapter. The commission shall certify corrections officers who have satisfied, or have been exempted by statute or by rule from, the basic training requirements of RCW 43.101.220 on or before the effective date of this section. Thereafter, the commission may revoke certification pursuant to this chapter.

(2) As a condition of continuing employment for any applicant who has been offered a conditional offer of employment as a corrections officer after July 1, 2021, including any person whose certification has lapsed as a result of a break of more than twenty-four consecutive months in the officer's service as a corrections officer, the applicant shall submit to a background investigation including a check of criminal history, verification of immigrant or citizenship status as either a citizen of the United States or a lawful permanent resident, a psychological examination, and a polygraph or similar assessment as administered by the corrections agency, the results of which shall be used to determine the applicant's suitability for employment as a corrections officer.

(3) The commission shall allow a corrections officer to retain status as a certified corrections officer as long as the officer: (a) Timely meets the basic corrections officer training requirements, or is exempted therefrom, in whole or in part, under RCW 43.101.220 or under rule of the commission; (b) meets or is exempted from any other requirements under this chapter as administered under the rules adopted by the commission; (c) is not denied certification by the commission under this chapter; and (d) has not had certification revoked by the commission.

(4) As a prerequisite to certification, as well as a prerequisite to pursuit of a hearing under section 9 of this act, a corrections officer must, on a form devised or adopted by the commission, authorize the release to the commission of his or her personnel files, termination papers, criminal investigation files, or other files, papers, or information that are directly related to a certification matter or decertification matter before the commission.

**NEW SECTION. Sec. 18.** Upon request by a corrections officer's employer or on its own initiative, the commission may deny or revoke certification of any corrections officer after written notice and hearing, if a hearing is timely requested by the corrections officer under section 9 of this act, based upon a finding of one or more of the following conditions:

(1) The corrections officer has failed to timely meet all requirements for obtaining a certificate of basic corrections training, or a certificate of exemption from the training;

(2) The corrections officer has knowingly falsified or omitted material information on an application for training or certification to the commission;

(3) The corrections officer has been convicted at any time of a felony offense under the laws of this state or has been convicted of a federal or out-of-state offense comparable to a felony under the laws of this state; except that if a certified corrections officer was convicted of a felony before being employed as a corrections officer, and the circumstances of the prior felony conviction were fully disclosed to his or her employer before being hired, the commission may revoke certification only with the agreement of the employing corrections agency;

(4) The corrections officer has been discharged for disqualifying misconduct, the discharge is final, and some or all of the acts or omissions forming the basis for the

discharge proceedings occurred on or after the effective date of this section;

(5) The corrections officer's certificate was previously issued by administrative error on the part of the commission; or

(6) The corrections officer has interfered with an investigation or action for denial or revocation of certificate by: (a) Knowingly making a materially false statement to the commission; or (b) in any matter under investigation by or otherwise before the commission, tampering with evidence or tampering with or intimidating any witness.

**NEW SECTION. Sec. 19.** (1) A person denied a certification based upon dismissal or withdrawal from a basic corrections academy for any reason not also involving discharge for disqualifying misconduct is eligible for readmission and certification upon meeting standards established in rules of the commission, which rules may provide for probationary terms on readmission.

(2) A person whose certification is denied or revoked based upon prior administrative error of issuance, failure to cooperate, or interference with an investigation is eligible for certification upon meeting standards established in rules of the commission, rules which may provide for a probationary period of certification in the event of reinstatement of eligibility.

(3) A person whose certification is denied or revoked based upon a felony criminal conviction is not eligible for certification at any time.

(4) A corrections officer whose certification is denied or revoked based upon discharge for disqualifying misconduct, but not also based upon a felony criminal conviction, may, five years after the revocation or denial, petition the commission for reinstatement of the certificate or for eligibility for reinstatement. The commission shall hold a hearing on the petition to consider reinstatement, and the commission may allow reinstatement based upon standards established in rules of the commission. If the certificate is reinstated or eligibility for certification is determined, the commission may establish a probationary period of certification.

(5) A corrections officer whose certification is revoked based solely upon a criminal conviction may petition the commission for reinstatement immediately upon a final judicial reversal of the conviction. The commission shall hold a hearing on request to consider reinstatement, and the commission may allow reinstatement based on standards established in rules of the commission. If the certificate is reinstated or if eligibility for certification is determined, the commission may establish a probationary period of certification.

**NEW SECTION. Sec. 20.** A corrections officer's certification lapses automatically when there is a break of more than twenty-four consecutive months in the officer's service as a full-time corrections officer. A break in full-time corrections service which is due solely to the pendency of direct review or appeal from a disciplinary discharge, or to the pendency of a work-related injury, does not cause a lapse

in certification. The officer may petition the commission for reinstatement of certification. Upon receipt of a petition for reinstatement of a lapsed certificate, the commission shall determine under this chapter and any applicable rules of the commission if the corrections officer's certification status is to be reinstated, and the commission shall also determine any requirements which the officer must meet for reinstatement. The commission may adopt rules establishing requirements for reinstatement.

**NEW SECTION. Sec. 21.** Upon termination of a corrections officer for any reason, including resignation, the agency of termination shall, within fifteen days of the termination, notify the commission on a personnel action report form provided by the commission. The agency of termination shall, upon request of the commission, provide such additional documentation or information as the commission deems necessary to determine whether the termination provides grounds for revocation under section 4 of this act. The commission shall maintain these notices in a permanent file, subject to RCW 43.101.400.

**NEW SECTION. Sec. 22.** A corrections officer or duly authorized representative of a corrections agency may submit a written complaint to the commission charging that a corrections officer's certificate should be denied or revoked, and specifying the grounds for the charge. Filing a complaint does not make a complainant a party to the commission's action. The commission has sole discretion whether to investigate a complaint, and the commission has sole discretion whether to investigate matters relating to certification, denial of certification, or revocation of certification on any other basis, without restriction as to the source or the existence of a complaint. A person who files a complaint in good faith under this section is immune from suit or any civil action related to the filing or the contents of the complaint.

**NEW SECTION. Sec. 23.** (1) If the commission determines, upon investigation, that there is probable cause to believe that a corrections officer's certification should be denied or revoked under section 4 of this act, the commission must prepare and serve upon the officer a statement of charges. Service on the officer must be by mail or by personal service on the officer. Notice of the charges must also be mailed to or otherwise served upon the officer's agency of termination and any current corrections employer. The statement of charges must be accompanied by a notice that to receive a hearing on the denial or revocation, the officer must, within sixty days of communication of the statement of charges, request a hearing before the hearings panel appointed under RCW 43.101.380. Failure of the officer to request a hearing within the sixty-day period constitutes a default, whereupon the commission may enter an order under RCW 34.05.440.

(2) If a hearing is requested, the date of the hearing must be scheduled not earlier than ninety days nor later than one hundred eighty days after the officer requests a hearing; the one hundred eighty-day period may be extended on mutual agreement of the parties or for good cause. The commission shall give written notice of hearing at least twenty days prior to the hearing, specifying the time, date, and place of hearing.

**Sec. 24.** RCW 43.101.380 and 2010 1st sp.s. c 7 s 14 are each amended to read as follows:

(1) The procedures governing adjudicative proceedings before agencies under chapter 34.05 RCW, the administrative procedure act, govern hearings before the commission and govern all other actions before the commission unless otherwise provided in this chapter. The standard of proof in actions before the commission is clear, cogent, and convincing evidence.

(2) In all hearings requested under RCW 43.101.155 or section 9 of this act, a five-member hearings panel shall both hear the case and make the commission's final administrative decision. Members of the commission may, but need not, be appointed to the hearings panels. The commission shall appoint as follows two or more panels to hear (~~appeals from~~) certification actions:

(a) When a hearing is requested in relation to a certification action of a Washington peace officer who is not a peace officer of the Washington state patrol, the commission shall appoint to the panel: (i) One police chief; (ii) one sheriff; (iii) two certified Washington peace officers who are at or below the level of first line supervisor, one of whom is from a city or county law enforcement agency, and who have at least ten years' experience as peace officers; and (iv) one person who is not currently a peace officer and who represents a community college or four-year college or university.

(b) When a hearing is requested in relation to a certification action of a peace officer of the Washington state patrol, the commission shall appoint to the panel: (i) Either one police chief or one sheriff; (ii) one administrator of the state patrol; (iii) one certified Washington peace officer who is at or below the level of first line supervisor, who is not a state patrol officer, and who has at least ten years' experience as a peace officer; (iv) one state patrol officer who is at or below the level of first line supervisor, and who has at least ten years' experience as a peace officer; and (v) one person who is not currently a peace officer and who represents a community college or four-year college or university.

(c) When a hearing is requested in relation to a certification action of a Washington corrections officer, the commission shall appoint to the panel: (i) Two heads of either a city or county corrections agency or facility or of a Washington state department of corrections facility; (ii) two corrections officers who are at or below the level of first line supervisor, who are from city, county, or state corrections agencies, and who have at least ten years' experience as corrections officers; and (iii) one person who is not currently a corrections officer and who represents a community college or four-year college or university.

(d) When a hearing is requested in relation to a certification action of a tribal police officer, the commission shall appoint to the panel (i) either one police chief or one sheriff; (ii) one tribal police chief; (iii) one certified Washington peace officer who is at or below the level of first line supervisor, and who has at least ten years' experience as a peace officer; (iv) one tribal police officer who is at or below the level of first line supervisor, and who has at least ten years' experience as a peace officer; and (v) one person

who is not currently a peace officer and who represents a community college or four-year college or university.

~~((4))~~ (e) Persons appointed to hearings panels by the commission shall, in relation to any certification action on which they sit, have the powers, duties, and immunities, and are entitled to the emoluments, including travel expenses in accordance with RCW 43.03.050 and 43.03.060, of regular commission members.

(3) Where the charge upon which revocation or denial is based is that a peace officer or corrections officer was "discharged for disqualifying misconduct," and the discharge is "final," within the meaning of RCW 43.101.105(1)(d) or section 4(4) of this act, and the officer received a civil service hearing or arbitration hearing culminating in an affirming decision following separation from service by the employer, the hearings panel may revoke or deny certification if the hearings panel determines that the discharge occurred and was based on disqualifying misconduct; the hearings panel need not redetermine the underlying facts but may make this determination based solely on review of the records and decision relating to the employment separation proceeding. However, the hearings panel may, in its discretion, consider additional evidence to determine whether such a discharge occurred and was based on such disqualifying misconduct. The hearings panel shall, upon written request by the subject peace officer or corrections officer, allow the peace officer or corrections officer to present additional evidence of extenuating circumstances.

Where the charge upon which revocation or denial of certification is based is that a peace officer or corrections officer "has been convicted at any time of a felony offense" within the meaning of RCW 43.101.105(1)(c) or section 4(3) of this act, the hearings panel shall revoke or deny certification if it determines that the peace officer or corrections officer was convicted of a felony. The hearings panel need not redetermine the underlying facts but may make this determination based solely on review of the records and decision relating to the criminal proceeding. However, the hearings panel shall, upon the panel's determination of relevancy, consider additional evidence to determine whether the peace officer or corrections officer was convicted of a felony.

Where the charge upon which revocation or denial is based is under RCW 43.101.105(1) (a), (b), (e), or (f) or section 4 (1), (2), (5), or (6) of this act, the hearings panel shall determine the underlying facts relating to the charge upon which revocation or denial of certification is based.

(4) The commission's final administrative decision is subject to judicial review under RCW 34.05.510 through 34.05.598.

**NEW SECTION. corrections officers subject to the certification requirement under section 3 of this act who are hired on or after July 1, 2021, or on an earlier date set by the commission. The training shall be successfully completed during the first six months of employment of the personnel, unless otherwise extended or waived by the commission, and shall be requisite to the continuation of employment.

(2) The commission shall provide the training required in this section, together with facilities, supplies, materials, and the room and board for noncommuting attendees, except during the 2017-2019 and 2019-2021 fiscal biennia, when the employing county, municipal corporation, or state agency shall reimburse the commission for twenty-five percent of the cost of training its personnel.

The Washington state department of corrections is responsible for identifying training standards, designing curricula and programs, and providing the training for those corrections personnel employed by it. SUBSTITUTE HOUSE BILL NO. 2554, as amended by the Senate, having received the necessary constitutional majority, was declared passed.

**MESSAGE FROM THE SENATE**

March 6, 2020

Madame Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 2642 with the following amendment:

35.0.

Strike everything after the enacting clause and insert the following:

"**NEW SECTION. Sec. 36.** (1) The legislature finds that:

(a) Substance use disorder is a treatable brain disease from which people recover;

(b) Electing to go to addiction treatment is an act of great courage; and

(c) When people with substance use disorder are provided rapid access to quality treatment within their window of willingness, recovery happens.

(2) The legislature therefore intends to ensure that there is no wrong door for individuals accessing substance use disorder treatment services by requiring coverage, and prohibiting barriers created by prior authorization and premature utilization management review when persons with substance use disorders are ready or urgently in need of treatment services.

**NEW SECTION. Sec. 37.** A new section is added to chapter 41.05 RCW to read as follows:

(1) Except as provided in subsection (2) of this section, a health plan offered to employees and their covered dependents under this chapter issued or renewed on or after January 1, 2021, may not require an enrollee to obtain prior authorization for withdrawal management services or inpatient or residential substance use disorder treatment services in a behavioral health agency licensed or certified under RCW 71.24.037.

(2)(a) A health plan offered to employees and their covered dependents under this chapter issued or renewed on or after January 1, 2021, must:

(i) Provide coverage for no less than two business days, excluding weekends and holidays, in a behavioral health agency that provides inpatient or residential substance use disorder treatment prior to conducting a utilization review; and

(ii) Provide coverage for no less than three days in a behavioral health agency that provides withdrawal management services prior to conducting a utilization review.

(b) The health plan may not require an enrollee to obtain prior authorization for the services specified in (a) of this subsection as a condition for payment of services prior to the times specified in (a) of this subsection. Once the times specified in (a) of this subsection have passed, the health plan may initiate utilization management review procedures if the behavioral health agency continues to provide services or is in the process of arranging for a seamless transfer to an appropriate facility or lower level of care under subsection (6) of this section.

(c)(i) The behavioral health agency under (a) of this subsection must notify an enrollee's health plan as soon as practicable after admitting the enrollee, but not later than twenty-four hours after admitting the enrollee. The time of notification does not reduce the requirements established in (a) of this subsection.

(ii) The behavioral health agency under (a) of this subsection must provide the health plan with its initial assessment and initial treatment plan for the enrollee within two business days of admission, excluding weekends and holidays, or within three days in the case of a behavioral

health agency that provides withdrawal management services.

(iii) After the time period in (a) of this subsection and receipt of the material provided under (c)(ii) of this subsection, the plan may initiate a medical necessity review process. Medical necessity review must be based on the standard set of criteria established under section 6 of this act. If the health plan determines within one business day from the start of the medical necessity review period and receipt of the material provided under (c)(ii) of this subsection that the admission to the facility was not medically necessary and advises the agency of the decision in writing, the health plan is not required to pay the facility for services delivered after the start of the medical necessity review period, subject to the conclusion of a filed appeal of the adverse benefit determination. If the health plan's medical necessity review is completed more than one business day after start of the medical necessity review period and receipt of the material provided under (c)(ii) of this subsection, the health plan must pay for the services delivered from the time of admission until the time at which the medical necessity review is completed and the agency is advised of the decision in writing.

(3) The behavioral health agency shall document to the health plan the patient's need for continuing care and justification for level of care placement following the current treatment period, based on the standard set of criteria established under section 6 of this act, with documentation recorded in the patient's medical record.

(4) Nothing in this section prevents a health carrier from denying coverage based on insurance fraud.

(5) If the behavioral health agency under subsection (2)(a) of this section is not in the enrollee's network:

(a) The health plan is not responsible for reimbursing the behavioral health agency at a greater rate than would be paid had the agency been in the enrollee's network; and

(b) The behavioral health agency may not balance bill, as defined in RCW 48.43.005.

(6) When the treatment plan approved by the health plan involves transfer of the enrollee to a different facility or to a lower level of care, the care coordination unit of the health plan shall work with the current agency to make arrangements for a seamless transfer as soon as possible to an appropriate and available facility or level of care. The health plan shall pay the agency for the cost of care at the current facility until the seamless transfer to the different facility or lower level of care is complete. A seamless transfer to a lower level of care may include same day or next day appointments for outpatient care, and does not include payment for nontreatment services, such as housing services. If placement with an agency in the health plan's network is not available, the health plan shall pay the current agency until a seamless transfer arrangement is made.

(7) The requirements of this section do not apply to treatment provided in out-of-state facilities.

(8) For the purposes of this section "withdrawal management services" means twenty-four hour medically

managed or medically monitored detoxification and assessment and treatment referral for adults or adolescents withdrawing from alcohol or drugs, which may include induction on medications for addiction recovery.

**NEW SECTION. Sec. 38.** A new section is added to chapter 48.43 RCW to read as follows:

(1) Except as provided in subsection (2) of this section, a health plan issued or renewed on or after January 1, 2021, may not require an enrollee to obtain prior authorization for withdrawal management services or inpatient or residential substance use disorder treatment services in a behavioral health agency licensed or certified under RCW 71.24.037.

(2)(a) A health plan issued or renewed on or after January 1, 2021, must:

(i) Provide coverage for no less than two business days, excluding weekends and holidays, in a behavioral health agency that provides inpatient or residential substance use disorder treatment prior to conducting a utilization review; and

(ii) Provide coverage for no less than three days in a behavioral health agency that provides withdrawal management services prior to conducting a utilization review.

(b) The health plan may not require an enrollee to obtain prior authorization for the services specified in (a) of this subsection as a condition for payment of services prior to the times specified in (a) of this subsection. Once the times specified in (a) of this subsection have passed, the health plan may initiate utilization management review procedures if the behavioral health agency continues to provide services or is in the process of arranging for a seamless transfer to an appropriate facility or lower level of care under subsection (6) of this section.

(c)(i) The behavioral health agency under (a) of this subsection must notify an enrollee's health plan as soon as practicable after admitting the enrollee, but not later than twenty-four hours after admitting the enrollee. The time of notification does not reduce the requirements established in (a) of this subsection.

(ii) The behavioral health agency under (a) of this subsection must provide the health plan with its initial assessment and initial treatment plan for the enrollee within two business days of admission, excluding weekends and holidays, or within three days in the case of a behavioral health agency that provides withdrawal management services.

(iii) After the time period in (a) of this subsection and receipt of the material provided under (c)(ii) of this subsection, the plan may initiate a medical necessity review process. Medical necessity review must be based on the standard set of criteria established under section 6 of this act. If the health plan determines within one business day from the start of the medical necessity review period and receipt of the material provided under (c)(ii) of this subsection that the admission to the facility was not medically necessary and advises the agency of the decision in writing, the health plan is not required to pay the facility for services delivered after

the start of the medical necessity review period, subject to the conclusion of a filed appeal of the adverse benefit determination. If the health plan's medical necessity review is completed more than one business day after start of the medical necessity review period and receipt of the material provided under (c)(ii) of this subsection, the health plan must pay for the services delivered from the time of admission until the time at which the medical necessity review is completed and the agency is advised of the decision in writing.

(3) The behavioral health agency shall document to the health plan the patient's need for continuing care and justification for level of care placement following the current treatment period, based on the standard set of criteria established under section 6 of this act, with documentation recorded in the patient's medical record.

(4) Nothing in this section prevents a health carrier from denying coverage based on insurance fraud.

(5) If the behavioral health agency under subsection (2)(a) of this section is not in the enrollee's network:

(a) The health plan is not responsible for reimbursing the behavioral health agency at a greater rate than would be paid had the agency been in the enrollee's network; and

(b) The behavioral health agency may not balance bill, as defined in RCW 48.43.005.

(6) When the treatment plan approved by the health plan involves transfer of the enrollee to a different facility or to a lower level of care, the care coordination unit of the health plan shall work with the current agency to make arrangements for a seamless transfer as soon as possible to an appropriate and available facility or level of care. The health plan shall pay the agency for the cost of care at the current facility until the seamless transfer to the different facility or lower level of care is complete. A seamless transfer to a lower level of care may include same day or next day appointments for outpatient care, and does not include payment for nontreatment services, such as housing services. If placement with an agency in the health plan's network is not available, the health plan shall pay the current agency until a seamless transfer arrangement is made.

(7) The requirements of this section do not apply to treatment provided in out-of-state facilities.

(8) For the purposes of this section "withdrawal management services" means twenty-four hour medically managed or medically monitored detoxification and assessment and treatment referral for adults or adolescents withdrawing from alcohol or drugs, which may include induction on medications for addiction recovery.

**NEW SECTION. Sec. 39.** A new section is added to chapter 71.24 RCW to read as follows:

(1) Beginning January 1, 2021, a managed care organization may not require an enrollee to obtain prior authorization for withdrawal management services or inpatient or residential substance use disorder treatment services in a behavioral health agency licensed or certified under RCW 71.24.037.

(2)(a) Beginning January 1, 2021, a managed care organization must:

(i) Provide coverage for no less than two business days, excluding weekends and holidays, in a behavioral health agency that provides inpatient or residential substance use disorder treatment prior to conducting a utilization review; and

(ii) Provide coverage for no less than three days in a behavioral health agency that provides withdrawal management services prior to conducting a utilization review.

(b) The managed care organization may not require an enrollee to obtain prior authorization for the services specified in (a) of this subsection as a condition for payment of services prior to the times specified in (a) of this subsection. Once the times specified in (a) of this subsection have passed, the managed care organization may initiate utilization management review procedures if the behavioral health agency continues to provide services or is in the process of arranging for a seamless transfer to an appropriate facility or lower level of care under subsection (6) of this section.

(c)(i) The behavioral health agency under (a) of this subsection must notify an enrollee's managed care organization as soon as practicable after admitting the enrollee, but not later than twenty-four hours after admitting the enrollee. The time of notification does not reduce the requirements established in (a) of this subsection.

(ii) The behavioral health agency under (a) of this subsection must provide the managed care organization with its initial assessment and initial treatment plan for the enrollee within two business days of admission, excluding weekends and holidays, or within three days in the case of a behavioral health agency that provides withdrawal management services.

(iii) After the time period in (a) of this subsection and receipt of the material provided under (c)(ii) of this subsection, the managed care organization may initiate a medical necessity review process. Medical necessity review must be based on the standard set of criteria established under section 6 of this act. If the health plan determines within one business day from the start of the medical necessity review period and receipt of the material provided under (c)(ii) of this subsection that the admission to the facility was not medically necessary and advises the agency of the decision in writing, the health plan is not required to pay the facility for services delivered after the start of the medical necessity review period, subject to the conclusion of a filed appeal of the adverse benefit determination. If the managed care organization's medical necessity review is completed more than one business day after start of the medical necessity review period and receipt of the material provided under (c)(ii) of this subsection, the managed care organization must pay for the services delivered from the time of admission until the time at which the medical necessity review is completed and the agency is advised of the decision in writing.

(3) The behavioral health agency shall document to the managed care organization the patient's need for continuing care and justification for level of care placement following the current treatment period, based on the standard set of criteria established under section 6 of this act, with documentation recorded in the patient's medical record.

(4) Nothing in this section prevents a health carrier from denying coverage based on insurance fraud.

(5) If the behavioral health agency under subsection (2)(a) of this section is not in the enrollee's network:

(a) The managed care organization is not responsible for reimbursing the behavioral health agency at a greater rate than would be paid had the agency been in the enrollee's network; and

(b) The behavioral health agency may not balance bill, as defined in RCW 48.43.005.

(6) When the treatment plan approved by the managed care organization involves transfer of the enrollee to a different facility or to a lower level of care, the care coordination unit of the managed care organization shall work with the current agency to make arrangements for a seamless transfer as soon as possible to an appropriate and available facility or level of care. The managed care organization shall pay the agency for the cost of care at the current facility until the seamless transfer to the different facility or lower level of care is complete. A seamless transfer to a lower level of care may include same day or next day appointments for outpatient care, and does not include payment for nontreatment services, such as housing services. If placement with an agency in the managed care organization's network is not available, the managed care organization shall pay the current agency at the service level until a seamless transfer arrangement is made.

(7) The requirements of this section do not apply to treatment provided in out-of-state facilities.

(8) For the purposes of this section "withdrawal management services" means twenty-four hour medically managed or medically monitored detoxification and assessment and treatment referral for adults or adolescents withdrawing from alcohol or drugs, which may include induction on medications for addiction recovery.

**NEW SECTION. Sec. 40.** (1) The health care authority shall develop an action plan to support admission to and improved transitions between levels of care for both adults and adolescents.

(2) The health care authority shall develop the action plan in partnership with the office of the insurance commissioner, medicaid managed care organizations, commercial health plans, providers of substance use disorder services, and Indian health care agencies.

(3) The health care authority must include the following in the action plan:

(a) Identification of barriers in order to facilitate transfers to the appropriate level of care, and specific actions to remove those barriers; and

(b) Specific actions that may lead to the increase in the number of persons successfully transitioning from one level of care to the next appropriate level of care.

(4) The barriers and action items to be identified and addressed in the action plan under subsection (3) of this section include, but are not limited to:

(a) Having the health care authority and department of health explore systems to allow higher acuity withdrawal management facilities to bill for appropriate lower levels of care while maintaining financial stability;

(b) Developing protocols for the initial notification by a substance use disorder treatment agency to fully insured health plans and managed care organizations in regards to an enrollee's admission to a facility and uniformity in the plan's response to the agency in regards to the receipt of this information;

(c) Facilitating direct transfers to withdrawal management and residential substance use disorder treatment from hospitals and jails;

(d) Addressing concerns related to individuals being denied withdrawal management services based on their drug of choice;

(e) Exploring options for allowing medicaid managed care organizations to pay an administrative rate and establishing the equivalent reimbursement mechanism for commercial health plans for a plan enrollee who needs to remain in withdrawal management or residential care until a seamless transfer can occur, but no longer requires the higher acuity level that was the reason for the initial admission; and

(f) Establishing the minimum amount of medical information necessary to gather from the patient for utilization reviews in a withdrawal management setting.

(5) For medicaid services, specific actions must align with federal and state medicaid requirements regarding medical necessity, minimize duplicative or unnecessary burdens for agencies, and be patient-centered for medicaid managed care organizations.

(6) The health care authority shall develop options for best communicating the action plan to substance use disorder agencies by December 1, 2020.

**NEW SECTION. Sec. 41.** For the purposes of promoting standardized training for behavioral health professionals and facilitating communications between behavioral health agencies, executive agencies, managed care organizations, private health plans, and plans offered through the public employees' benefits board, it is the policy of the state to adopt a single standard set of criteria to define medical necessity for substance use disorder treatment and to define substance use disorder levels of care in Washington. The criteria selected must be comprehensive, widely understood and accepted in the field, and based on continuously updated research and evidence. The health care authority and the office of the insurance commissioner must independently review their regulations and practices by January 1, 2021. The health care authority may make rules

if necessary to promulgate the selected standard set of criteria."

On page 1, line 2 of the title, after "services;" strike the remainder of the title and insert "adding a new section to chapter 41.05 RCW; adding a new section to chapter 48.43 RCW; adding a new section to chapter 71.24 RCW; and creating new sections."

and the same is herewith transmitted.

#### MESSAGE FROM THE SENATE

March 5, 2020

Madame Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 2660 with the following amendment:

41.0.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 42.** This act may be known and cited as the hunger-free schools act.

**Sec. 43.** RCW 28A.235.290 and 2019 c 208 s 2 are each amended to read as follows:

(1) The office of the superintendent of public instruction shall develop and implement a plan to increase the number of schools participating in the United States department of agriculture community eligibility provision for the 2018-19 school year and subsequent years. The office shall work jointly with community-based organizations and national experts focused on hunger and nutrition and familiar with the community eligibility provision, at least two school representatives who have successfully implemented community eligibility, and the state agency responsible for medicaid direct certification. The plan must describe how the office of the superintendent of public instruction will:

(a) Identify and recruit eligible schools to implement the community eligibility provision, with the goal of increasing the participation rate of eligible schools to at least the national average;

(b) Provide comprehensive outreach and technical assistance to school districts and schools to implement the community eligibility provision;

(c) Support breakfast after the bell programs authorized by the legislature to adopt the community eligibility provision;

(d) Work with school districts to group schools in order to maximize the number of schools implementing the community eligibility provision; and

(e) Determine the maximum percentage of students eligible for free meals where participation in the community eligibility provision provides the most support for a school, school district, or group of schools.

(2) Until June 30, (~~2019~~) 2021, the office of the superintendent of public instruction shall convene the organizations working jointly on the plan monthly to report on the status of the plan and coordinate outreach and technical assistance efforts to schools and school districts. In completing the duties required by this subsection (2), the office of the superintendent of public instruction and the organizations working jointly on the plan shall also, by December 1, 2020, examine the impacts to schools and districts that can result from participation in the community eligibility provision and identify approaches to addressing those impacts.

(3) Beginning in 2018, the office of the superintendent of public instruction shall report annually the number of schools that have implemented the community eligibility provision to the legislature by December 1st of each year. The report shall identify:

- (a) Any barriers to implementation;
- (b) Recommendations on policy and legislative solutions to overcome barriers to implementation;
- (c) Reasons potentially eligible schools and school districts decide not to adopt the community eligibility provision; and
- (d) Approaches in other states to adopting the community eligibility provision.

**NEW SECTION. Sec. 44.** A new section is added to chapter 28A.235 RCW to read as follows:

(1) Except as provided otherwise by this section, each school with students in or below grade eight that has an identified student percentage of at least sixty-two and one-half percent, as determined annually by April 1st, must participate in the United States department of agriculture's community eligibility provision in the subsequent school year and throughout the duration of the community eligibility provision's four-year cycle.

(2) Schools that, through an arrangement with a local entity, provide meals to all students and at no costs to the students are exempt from the requirements of this section.

(3) For the purposes of this section, "identified student" means a student who is directly certified for free school meals based on the student's participation in other means-tested assistance programs, and students who are categorically eligible for free school meals without an application and not subject to income verification.

**Sec. 45.** RCW 28A.150.260 and 2018 c 266 s 101 are each amended to read as follows:

The purpose of this section is to provide for the allocation of state funding that the legislature deems necessary to support school districts in offering the minimum instructional program of basic education under RCW 28A.150.220. The allocation shall be determined as follows:

(1) The governor shall and the superintendent of public instruction may recommend to the legislature a formula for the distribution of a basic education instructional allocation for each common school district.

(2)(a) The distribution formula under this section shall be for allocation purposes only. Except as may be required under subsections (4)(b) and (c) and (9) of this section, chapter 28A.155, 28A.165, 28A.180, or 28A.185 RCW, or federal laws and regulations, nothing in this section requires school districts to use basic education instructional funds to implement a particular instructional approach or service. Nothing in this section requires school districts to maintain a particular classroom teacher-to-student ratio or other staff-to-student ratio or to use allocated funds to pay for particular types or classifications of staff. Nothing in this section entitles an individual teacher to a particular teacher planning period.

(b) To promote transparency in state funding allocations, the superintendent of public instruction must report state per-pupil allocations for each school district for

the general apportionment, special education, learning assistance, transitional bilingual, highly capable, and career and technical education programs. The superintendent must also report state general apportionment per-pupil allocations by grade for each school district. The superintendent must report this information in a user-friendly format on the main page of the office's web site and on school district apportionment reports. School districts must include a link to the superintendent's per-pupil allocations report on the main page of the school district's web site. In addition, the budget documents published by the legislature for the enacted omnibus operating appropriations act must report statewide average per-pupil allocations for general apportionment and the categorical programs listed in this subsection.

(3)(a) To the extent the technical details of the formula have been adopted by the legislature and except when specifically provided as a school district allocation, the distribution formula for the basic education instructional allocation shall be based on minimum staffing and nonstaff costs the legislature deems necessary to support instruction and operations in prototypical schools serving high, middle, and elementary school students as provided in this section. The use of prototypical schools for the distribution formula does not constitute legislative intent that schools should be operated or structured in a similar fashion as the prototypes. Prototypical schools illustrate the level of resources needed to operate a school of a particular size with particular types and grade levels of students using commonly understood terms and inputs, such as class size, hours of instruction, and various categories of school staff. It is the intent that the funding allocations to school districts be adjusted from the school prototypes based on the actual number of annual average full-time equivalent students in each grade level at each school in the district and not based on the grade-level configuration of the school to the extent that data is available. The allocations shall be further adjusted from the school prototypes with minimum allocations for small schools and to reflect other factors identified in the omnibus appropriations act.

(b) For the purposes of this section, prototypical schools are defined as follows:

(i) A prototypical high school has six hundred average annual full-time equivalent students in grades nine through twelve;

(ii) A prototypical middle school has four hundred thirty-two average annual full-time equivalent students in grades seven and eight; and

(iii) A prototypical elementary school has four hundred average annual full-time equivalent students in grades kindergarten through six.

(4)(a)(i) The minimum allocation for each level of prototypical school shall be based on the number of full-time equivalent classroom teachers needed to provide instruction over the minimum required annual instructional hours under RCW 28A.150.220 and provide at least one teacher planning period per school day, and based on the following general education average class size of full-time equivalent students per teacher:

General education  
average class size

Grades K-3 .....	17.00
Grade 4 .....	27.00
Grades 5-6 .....	27.00
Grades 7-8 .....	28.53
Grades 9-12 .....	28.74

(ii) The minimum class size allocation for each prototypical high school shall also provide for enhanced funding for class size reduction for two laboratory science classes within grades nine through twelve per full-time equivalent high school student multiplied by a laboratory science course factor of 0.0833, based on the number of full-time equivalent classroom teachers needed to provide instruction over the minimum required annual instructional hours in RCW 28A.150.220, and providing at least one teacher planning period per school day:

Laboratory science  
average class size

Grades 9-12 .....	19.98
-------------------	-------

(b)(i) Beginning September 1, 2019, funding for average K-3 class sizes in this subsection (4) may be provided only to the extent of, and proportionate to, the school district's demonstrated actual class size in grades K-3, up to the funded class sizes.

(ii) The office of the superintendent of public instruction shall develop rules to implement this subsection (4)(b).

(c)(i) The minimum allocation for each prototypical middle and high school shall also provide for full-time equivalent classroom teachers based on the following number of full-time equivalent students per teacher in career and technical education:

Career and technical  
education average  
class size

Approved career and technical education offered at  
the middle school and high school level..... 23.00

Skill center programs meeting the standards  
established  
by the office of the superintendent of public  
instruction..... 20.00

(ii) Funding allocated under this subsection (4)(c) is subject to RCW 28A.150.265.

(d) In addition, the omnibus appropriations act shall at a minimum specify:

(i) A high-poverty average class size in schools where more than fifty percent of the students are eligible for free and reduced-price meals; and

(ii) A specialty average class size for advanced placement and international baccalaureate courses.

(5) The minimum allocation for each level of prototypical school shall include allocations for the following types of staff in addition to classroom teachers:

(b) The minimum allocation of staff units for each school district to support certificated and classified staffing of central administration shall be 5.30 percent of the staff units generated under subsections (4)(a) and (5) of this section and (a) of this subsection.

(7) The distribution formula shall include staffing allocations to school districts for career and technical education and skill center administrative and other school-level certificated staff, as specified in the omnibus appropriations act.

(8)(a) Except as provided in (b) of this subsection, the minimum allocation for each school district shall include allocations per annual average full-time equivalent student for the following materials, supplies, and operating costs as provided in the 2017-18 school year, after which the allocations shall be adjusted annually for inflation as specified in the omnibus appropriations act:

equivalent student in grades nine through twelve for the following materials, supplies, and operating costs, to be adjusted annually for inflation:

Per annual average	
full-time equivalent student	
in grades 9-12	
Technology.....	\$36.35
Curriculum and textbooks.....	\$39.02
Other supplies .....	\$77.28

Instructional professional development for certificated and

(9) In addition to the amounts provided in subsection (8) of this section and subject to RCW 28A.150.265, the omnibus appropriations act shall provide an amount based on full-time equivalent student enrollment in each of the following:

(a) Exploratory career and technical education courses for students in grades seven through twelve;

(b) Preparatory career and technical education courses for students in grades nine through twelve offered in a high school; and

(c) Preparatory career and technical education courses for students in grades eleven and twelve offered through a skill center.

(10) In addition to the allocations otherwise provided under this section, amounts shall be provided to support the following programs and services:

(a)(i) To provide supplemental instruction and services for students who are not meeting academic standards through the learning assistance program under RCW 28A.165.005 through 28A.165.065, allocations shall be based on the greater of either: The district percentage of students in kindergarten through grade twelve who were eligible for free or reduced-price meals for the school year immediately preceding the district's participation, in whole or part, in the United States department of agriculture's community eligibility provision, or the district percentage of students in grades K-12 who were eligible for free or reduced-price meals in the prior school year. The minimum allocation for the program shall provide for each level of prototypical school resources to provide, on a statewide average, 2.3975 hours per week in extra instruction with a class size of fifteen learning assistance program students per teacher.

(ii) In addition to funding allocated under (a)(i) of this subsection, to provide supplemental instruction and services for students who are not meeting academic standards in qualifying schools. A qualifying school means a school in which the three-year rolling average of the prior year total annual average enrollment that qualifies for free or reduced-price meals equals or exceeds fifty percent or more of its

total annual average enrollment. A school continues to meet the definition of a qualifying school if the school: Participates in the United States department of agriculture's community eligibility provision; and met the definition of a qualifying school in the year immediately preceding their participation. The minimum allocation for this additional high poverty-based allocation must provide for each level of prototypical school resources to provide, on a statewide average, 1.1 hours per week in extra instruction with a class size of fifteen learning assistance program students per teacher, under RCW 28A.165.055, school districts must distribute the high poverty-based allocation to the schools that generated the funding allocation.

(b)(i) To provide supplemental instruction and services for students whose primary language is other than English, allocations shall be based on the head count number of students in each school who are eligible for and enrolled in the transitional bilingual instruction program under RCW 28A.180.010 through 28A.180.080. The minimum allocation for each level of prototypical school shall provide resources to provide, on a statewide average, 4.7780 hours per week in extra instruction for students in grades kindergarten through six and 6.7780 hours per week in extra instruction for students in grades seven through twelve, with fifteen transitional bilingual instruction program students per teacher. Notwithstanding other provisions of this subsection (10), the actual per-student allocation may be scaled to provide a larger allocation for students needing more intensive intervention and a commensurate reduced allocation for students needing less intensive intervention, as detailed in the omnibus appropriations act.

(ii) To provide supplemental instruction and services for students who have exited the transitional bilingual program, allocations shall be based on the head count number of students in each school who have exited the transitional bilingual program within the previous two years based on their performance on the English proficiency assessment and are eligible for and enrolled in the transitional bilingual instruction program under RCW 28A.180.040(1)(g). The minimum allocation for each prototypical school shall provide resources to provide, on a statewide average, 3.0 hours per week in extra instruction with fifteen exited students per teacher.

(c) To provide additional allocations to support programs for highly capable students under RCW 28A.185.010 through 28A.185.030, allocations shall be based on 5.0 percent of each school district's full-time equivalent basic education enrollment. The minimum allocation for the programs shall provide resources to provide, on a statewide average, 2.1590 hours per week in extra instruction with fifteen highly capable program students per teacher.

(11) The allocations under subsections (4)(a), (5), (6), and (8) of this section shall be enhanced as provided under RCW 28A.150.390 on an excess cost basis to provide supplemental instructional resources for students with disabilities.

(12)(a) For the purposes of allocations for prototypical high schools and middle schools under subsections (4) and

(10) of this section that are based on the percent of students in the school who are eligible for free and reduced-price meals, the actual percent of such students in a school shall be adjusted by a factor identified in the omnibus appropriations act to reflect underreporting of free and reduced-price meal eligibility among middle and high school students.

(b) Allocations or enhancements provided under subsections (4), (7), and (9) of this section for exploratory and preparatory career and technical education courses shall be provided only for courses approved by the office of the superintendent of public instruction under chapter 28A.700 RCW.

(13)(a) This formula for distribution of basic education funds shall be reviewed biennially by the superintendent and governor. The recommended formula shall be subject to approval, amendment or rejection by the legislature.

(b) In the event the legislature rejects the distribution formula recommended by the governor, without adopting a new distribution formula, the distribution formula for the previous school year shall remain in effect.

(c) The enrollment of any district shall be the annual average number of full-time equivalent students and part-time students as provided in RCW 28A.150.350, enrolled on the first school day of each month, including students who are in attendance pursuant to RCW 28A.335.160 and 28A.225.250 who do not reside within the servicing school district. The definition of full-time equivalent student shall be determined by rules of the superintendent of public instruction and shall be included as part of the superintendent's biennial budget request. The definition shall be based on the minimum instructional hour offerings required under RCW 28A.150.220. Any revision of the present definition shall not take effect until approved by the house ways and means committee and the senate ways and means committee.

(d) The office of financial management shall make a monthly review of the superintendent's reported full-time equivalent students in the common schools in conjunction with RCW 43.62.050.

**Sec. 46.** RCW 28A.405.415 and 2013 2nd sp.s. c 5 s 4 are each amended to read as follows:

(1) Certificated instructional staff who have attained certification from the national board for professional teaching standards shall receive a bonus each year in which they maintain the certification. The bonus shall be calculated as follows: The annual bonus shall be five thousand dollars in the 2007-08 school year. #### MESSAGE FROM THE SENATE

March 6, 2020

Madame Speaker:

The Senate has passed SECOND SUBSTITUTE HOUSE BILL NO. 2793 with the following amendment:

46.0.

Strike everything after the enacting clause and insert the following:

"**NEW SECTION. Sec. 47.** (1) The administrative office of the courts shall conduct a study and a pilot project on streamlining the vacation of criminal convictions under RCW 9.96.060 (2)(b) and (5)(a) and 9.94A.640(2) through an administrative, court-driven process established under section 2 of this act.

(2) The administrative office of the courts shall:

(a) Determine the types of data currently available to the administrative office of the courts to assess eligibility under RCW 9.96.060 (2)(b) and (5)(a) and 9.94A.640(2);

(b) Evaluate additional types of information that should be reported to judicial information systems or directly to sentencing courts or the administrative office of the courts to improve the reliability of the screening process;

(c) Propose procedures for conducting queries of available records to assess eligibility, which may include, for example: (i) If applicable, whether a person is currently incarcerated for a criminal offense may be determined by reviewing the term of confinement reflected in the judgment and sentence document for his or her most recent criminal conviction; (ii) if applicable, whether a person completed his or her sentencing conditions, excluding legal financial obligations, and satisfied the waiting period under RCW 9.96.060(2)(b) (vi)(D) or (vii) or 9.94A.640(2) (e) or (f) may be determined by adding the waiting period to the terms of confinement and community custody reflected in the applicable judgment and sentence document; (iii) if applicable, the period for which a person must not have been convicted of any new criminal offense under RCW 9.96.060(2)(b)(viii) or 9.94A.640(2) (c) or (d) may be determined based on the date of the query conducted by the administrative office of the courts, rather than the date of

application; and (iv) any other procedures deemed necessary by the administrative office of the courts;

(d) Assess whether any changes to laws, policies, or practices or additional resources are necessary to improve the reliability of the process for the pilot program and for launching a similar program statewide;

(e) Develop an implementation plan for the pilot program under section 2 of this act; and

(f) Make additional recommendations deemed appropriate and necessary by the administrative office of the courts.

(3) The administrative office of the courts shall report to the governor and the appropriate committees of the legislature, as follows:

(a) A report with findings, recommendations, and an implementation plan must be submitted by December 1, 2020;

(b) A status update on the pilot program must be submitted by December 1, 2021; and

(c) A final report on the pilot program, including a summary of data collected under section 2 of this act and other findings and recommendations, must be submitted by December 1, 2022.

(4) When conducting the evaluation and pilot program required under this section and section 2 of this act, the administrative office of the courts shall consult with county clerks and court administrators, judges, prosecuting attorneys, defense attorneys, the department of corrections, county and city departments, national and local organizations with interest or experience in vacating or sealing criminal convictions, national and local organizations with experience in developing automated vacating or sealing procedures in other states, organizations and persons with relevant technical expertise in computer and records systems, and any other entities with relevant records.

(5) This section expires June 30, 2025.

**NEW SECTION. Sec. 48.** (1) Beginning July 1, 2021, through June 30, 2022, the administrative office of the courts shall conduct a pilot program for streamlining the vacation of criminal convictions under RCW 9.96.060 (2)(b) and (5)(a) and 9.94A.640(2) through an administrative, court-driven process. After consulting with courts of general and limited jurisdiction, the administrative office of the courts shall select a county in which to conduct the pilot program. The sentencing courts within the county selected for the pilot program shall comply with the requirements of this section, and further provide information to the administrative office of the courts necessary for the reporting requirement under subsection (4) of this section.

(2) When conducting the pilot program, the administrative office of the courts shall review convictions from the participating county for the purpose of determining whether those convictions should be scheduled for administrative vacation hearings. If appropriate and necessary for producing reliable notifications to sentencing

courts participating in the pilot program, the administrative office of the courts may limit the screening process to certain types or classes of convictions or defendants. The process must:

(a) Review convictions beginning at the earliest period for which electronic court records are reliable, provided that the review applies to convictions beginning no later than January 1, 2000;

(b) Rely upon records available to the administrative office of the courts through judicial information systems and other agencies including, but not limited to, the Washington state patrol and the department of corrections;

(c) Determine whether a defendant is currently incarcerated for a criminal offense, and whether available records indicate that he or she is precluded from qualifying to vacate his or her misdemeanor conviction under RCW 9.96.060 (2)(b) or (5)(a) or his or her felony conviction under RCW 9.94A.640(2), which may be based on queries and other procedures developed by the administrative office of the courts including, but not limited to, those referenced in section 1(2)(c) of this act;

(d) Notify sentencing courts to schedule an administrative vacation hearing for any defendant where a review of available records does not indicate that the defendant is precluded from qualifying to vacate his or her conviction;

(e) Prioritize potentially qualifying defendants according to criteria established by the administrative office of the courts so as not to hinder sentencing courts with excessing notifications; and

(f) Review records and provide notifications on a monthly or quarterly basis, as determined by the administrative office of the courts.

(3)(a) Beginning July 1, 2021, through June 30, 2022, sentencing courts within the county selected for the pilot program under this section shall conduct regularly scheduled administrative vacation hearings.

(b) When a participating sentencing court receives notice from the administrative office of the courts under subsection (2) of this section regarding a defendant potentially qualifying to vacate his or her conviction, the court shall set an administrative vacation hearing. At an administrative vacation hearing, the court shall determine whether to vacate the conviction based on the requirements for the particular offense under RCW 9.96.060 (2)(b) or (5)(a) or 9.94A.640(2). The defendant is presumed to meet the requirements and the court shall vacate the conviction, unless: Court records indicate that the defendant does not meet the requirements; or the prosecutor objects on the basis that the defendant does not meet the requirements or that the defendant is currently incarcerated for a criminal offense, provided that such objection is made with sufficient particularity and supporting information. If the court determines the defendant is not currently eligible, but is likely to become eligible in the future, the court may set a subsequent administrative vacation hearing at an appropriate date determined by the court. Otherwise, the court may

decline to vacate the conviction without setting a subsequent hearing.

(c) For the purposes of conducting proceedings under this section, the requirements under RCW 9.96.060 (2)(b) and (5)(a) apply to misdemeanors and the requirements under RCW 9.94A.640(2) apply to felonies, except a defendant is not required to: File a petition or application; provide notice to relevant parties; or appear at an administrative hearing. If the court vacates a conviction under this section, it shall achieve the vacation through the procedure provided in RCW 9.96.060(1). A vacation under this section is processed in the same manner and has the same effect as provided under RCW 9.96.060 (6) and (7) for a misdemeanor or RCW 9.94A.640(3) for a felony. Regardless of whether a hearing under this section has previously occurred or is scheduled at a future date, nothing in this section prohibits a defendant from applying to the court to: Vacate a conviction under RCW 9.96.060 or 9.94A.640; or seal his or her conviction or vacation records under court rules.

(4) The administrative office of the courts shall collect the following information with respect to convictions where notifications were sent to sentencing courts through the pilot program, including: The number of notifications sent to sentencing courts; the number of administrative hearings held; the number of vacations granted at administrative hearings; the number of convictions where the court set a future administrative hearing based on predicted eligibility; the number of convictions where the court declined to vacate the convictions without setting a future administrative hearing; and other data deemed relevant by the administrative office of the courts. The administrative office of the courts shall include a summary of the data, including by type of court and for the entire pilot program, in its reports required under section 1(3) (b) and (c) of this act.

(5) This section expires June 30, 2025.

**Sec. 49.** RCW 9.96.060 and 2019 c 400 s 1, 2019 c 331 s 4, and 2019 c 46 s 5010 are each reenacted and amended to read as follows:

(1) When vacating a conviction under this section, the court effectuates the vacation by: (a)(i) Permitting the applicant to withdraw the applicant's plea of guilty and to enter a plea of not guilty; or (ii) if the applicant has been convicted after a plea of not guilty, the court setting aside the verdict of guilty; and (b) the court dismissing the information, indictment, complaint, or citation against the applicant and vacating the judgment and sentence.

(2)(a) Every person convicted of a misdemeanor or gross misdemeanor offense may apply to the sentencing court for a vacation of the applicant's record of conviction for the offense. If the court finds the applicant meets the requirements of (b) of this subsection, the court may in its discretion vacate the record of conviction.

(b) Except as provided in subsections (3), (4), and (5) of this section, ~~((an applicant))~~ a defendant may not have the record of conviction for a misdemeanor or gross misdemeanor offense vacated if any one of the following is present:

~~((a))~~ (i) The ~~((applicant))~~ defendant has not completed all of the terms of the sentence for the offense;

~~((b))~~ (ii) There are any criminal charges against the ~~((applicant))~~ defendant pending in any court of this state or another state, or in any federal or tribal court, at the time of application;

~~((c))~~ (iii) The offense was a violent offense as defined in RCW 9.94A.030 or an attempt to commit a violent offense;

~~((d))~~ (iv) The offense was a violation of RCW 46.61.502 (driving while under the influence), 46.61.504 (actual physical control while under the influence), 9.91.020 (operating a railroad, etc. while intoxicated), or the offense is considered a "prior offense" under RCW 46.61.5055 and the ~~((applicant))~~ defendant has had a subsequent alcohol or drug violation within ten years of the date of arrest for the prior offense or less than ten years has elapsed since the date of the arrest for the prior offense;

~~((e))~~ (v) The offense was any misdemeanor or gross misdemeanor violation, including attempt, of chapter 9.68 RCW (obscenity and pornography), chapter 9.68A RCW (sexual exploitation of children), or chapter 9A.44 RCW (sex offenses), except for failure to register as a sex offender under RCW 9A.44.132;

~~((f))~~ (vi) The ~~((applicant))~~ defendant was convicted of a misdemeanor or gross misdemeanor offense as defined in RCW 10.99.020, or the court determines after a review of the court file that the offense was committed by one family member or household member against another, or the court, after considering the damage to person or property that resulted in the conviction, any prior convictions for crimes defined in RCW 10.99.020, or for comparable offenses in another state or in federal court, and the totality of the records under review by the court regarding the conviction being considered for vacation, determines that the offense involved domestic violence, and any one of the following factors exist:

~~((i))~~ ~~The applicant~~ (A) If the defendant is requesting a vacation through an application, the defendant has not provided written notification of the vacation petition to the prosecuting attorney's office that prosecuted the offense for which vacation is sought, or has not provided that notification to the court;

~~((ii))~~ (B) The ~~((applicant))~~ defendant has two or more domestic violence convictions stemming from different incidents. For purposes of this subsection, however, if the current application is for more than one conviction that arose out of a single incident, none of those convictions counts as a previous conviction;

~~((iii))~~ (C) The ~~((applicant))~~ defendant has signed an affidavit under penalty of perjury affirming that the applicant has not previously had a conviction for a domestic violence offense, and a criminal history check reveals that the applicant has had such a conviction; or

~~((iv))~~ (D) Less than five years have elapsed since the person completed the terms of the original conditions of the sentence, including any financial obligations and successful

completion of any treatment ordered as a condition of sentencing;

~~((g))~~ (vii) For any offense other than those described in ~~((f))~~ (vi) of this subsection, less than three years have passed since the person completed the terms of the sentence, including any financial obligations;

~~((h))~~ (viii) The offender has been convicted of a new crime in this state, another state, or federal or tribal court in the three years prior to the vacation application; or

~~((i))~~ (ix) The ~~((applicant))~~ defendant is currently restrained by a domestic violence protection order, a no-contact order, an antiharassment order, or a civil restraining order which restrains one party from contacting the other party or was previously restrained by such an order and was found to have committed one or more violations of the order in the five years prior to the vacation application.

(3) Subject to RCW 9.96.070, every person convicted of prostitution under RCW 9A.88.030 who committed the offense as a result of being a victim of trafficking, RCW 9A.40.100, promoting prostitution in the first degree, RCW 9A.88.070, promoting commercial sexual abuse of a minor, RCW 9.68A.101, or trafficking in persons under the trafficking victims protection act of 2000, 22 U.S.C. Sec. 7101 et seq. may apply to the sentencing court for vacation of the applicant's record of conviction for the prostitution offense. An applicant may not have the record of conviction for prostitution vacated if any one of the following is present:

(a) There are any criminal charges against the applicant pending in any court of this state or another state, or in any federal court, for any crime other than prostitution; or

(b) The offender has been convicted of another crime, except prostitution, in this state, another state, or federal court since the date of conviction. The limitation in this subsection (3)(b) does not apply to convictions where the offender proves by a preponderance of the evidence that he or she committed the crime as a result of being a victim of trafficking, RCW 9A.40.100, promoting prostitution in the first degree, RCW 9A.88.070, promoting commercial sexual abuse of a minor, RCW 9.68A.101, or trafficking in persons under the trafficking victims protection act of 2000, 22 U.S.C. Sec. 7101 et seq., according to the requirements provided in RCW 9.96.070 for each respective conviction.

(4) Every person convicted prior to January 1, 1975, of violating any statute or rule regarding the regulation of fishing activities, including, but not limited to, RCW 75.08.260, 75.12.060, 75.12.070, 75.12.160, 77.16.020, 77.16.030, 77.16.040, 77.16.060, and 77.16.240 who claimed to be exercising a treaty Indian fishing right, may apply to the sentencing court for vacation of the applicant's record of the misdemeanor, gross misdemeanor, or felony conviction for the offense. If the person is deceased, a member of the person's family or an official representative of the tribe of which the person was a member may apply to the court on behalf of the deceased person. Notwithstanding the requirements of RCW 9.94A.640, the court shall vacate the record of conviction if:

(a) The applicant is a member of a tribe that may exercise treaty Indian fishing rights at the location where the offense occurred; and

(b) The state has been enjoined from taking enforcement action of the statute or rule to the extent that it interferes with a treaty Indian fishing right as determined under *United States v. Washington*, 384 F. Supp. 312 (W.D. Wash. 1974), or *Sohappy v. Smith*, 302 F. Supp. 899 (D. Oregon 1969), and any posttrial orders of those courts, or any other state supreme court or federal court decision.

(5)(a) Every person convicted of a misdemeanor marijuana offense, who was twenty-one years of age or older at the time of the offense, ~~((may apply to the sentencing court for a vacation of the applicant's))~~ qualifies to have his or her record of conviction for the offense vacated by the sentencing court. A misdemeanor marijuana offense includes, but is not limited to: Any offense under RCW 69.50.4014, from July 1, 2004, onward, and its predecessor statutes, including RCW 69.50.401(e), from March 21, 1979, to July 1, 2004, and RCW 69.50.401(d), from May 21, 1971, to March 21, 1979, and any offense under an equivalent municipal ordinance.

~~((an applicant qualifies))~~ a qualifying defendant applies to the sentencing court under this subsection, the court shall vacate the record of conviction.

(6)(a) Except as provided in (c) of this subsection, once the court vacates a record of conviction under this section, the person shall be released from all penalties and disabilities resulting from the offense and the fact that the person has been convicted of the offense shall not be included in the person's criminal history for purposes of determining a sentence in any subsequent conviction. For all purposes, including responding to questions on employment or housing applications, a person whose conviction has been vacated under this section may state that he or she has never been convicted of that crime. However, nothing in this section affects the requirements for restoring a right to possess a firearm under RCW 9.41.040. Except as provided in (b) of this subsection, nothing in this section affects or prevents the use of an offender's prior conviction in a later criminal prosecution.

(b) When a court vacates a record of domestic violence as defined in RCW 10.99.020 under this section, the state may not use the vacated conviction in a later criminal prosecution unless the conviction was for: (i) Violating the provisions of a restraining order, no-contact order, or protection order restraining or enjoining the person or restraining the person from going on to the grounds of or entering a residence, workplace, school, or day care, or prohibiting the person from knowingly coming within, or knowingly remaining within, a specified distance of a location (RCW 10.99.040, 10.99.050, 26.09.300, 26.10.220, 26.26B.050, 26.44.063, 26.44.150, 26.50.060, 26.50.070, 26.50.130, 26.52.070, or 74.34.145); or (ii) stalking (RCW 9A.46.110). A vacated conviction under this section is not considered a conviction of such an offense for the purposes of 27 C.F.R. 478.11.

(c) A conviction vacated on or after July 28, 2019, qualifies as a prior conviction for the purpose of charging a

present recidivist offense as defined in RCW 9.94A.030 occurring on or after July 28, 2019.

(7) The clerk of the court in which the vacation order is entered shall immediately transmit the order vacating the conviction to the Washington state patrol identification section and to the local police agency, if any, which holds criminal history information for the person who is the subject of the conviction. The Washington state patrol and any such local police agency shall immediately update their records to reflect the vacation of the conviction, and shall transmit the order vacating the conviction to the federal bureau of investigation. A conviction that has been vacated under this section may not be disseminated or disclosed by the state patrol or local law enforcement agency to any person, except other criminal justice enforcement agencies.

**NEW SECTION. Sec. 50.** Sections 1 and 2 of this act constitute a new chapter in Title 10 RCW."

On page 1, line 1 of the title, after "records;" strike the remainder of the title and insert "reenacting and amending RCW 9.96.060; adding a new chapter to Title 10 RCW; and providing expiration dates."

and the same is herewith transmitted.

#### MESSAGE FROM THE SENATE

March 6, 2020

Madame Speaker:

The Senate has passed ENGROSSED HOUSE BILL NO. 2811 with the following amendment:  
50.0.

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** The legislature finds that environmental and sustainability education offers a rich and meaningful context for integrated learning and teaching. The legislature also finds that nonprofit community-based organizations are uniquely positioned to strengthen classroom learning by partnering and collaborating with schools and local employers to offer K-12 educators work-integrated learning experiences that address the Washington state science learning standards including next generation science standards. Close collaboration with educational service district's regional science coordinators can optimize learning by helping align next generation science standards implementation with community-based organization initiatives to ensure all students have access to engaging field experiences allowing them to understand the scientific, social, and economic impacts of healthy community resources such as gardens, watersheds and water systems, energy systems, or forests so they can participate in solutions to problems such as ocean acidification, rural economic development, or ecosystems impacted by megafires.

**NEW SECTION. Sec. 2.** A new section is added to chapter 28A.300 RCW to read as follows:

(1) The office of the superintendent of public instruction shall provide state leadership for the integration of environmental and sustainability content with curriculum, instruction, and assessment.

(2)(a) Subject to funds appropriated for this specific purpose, the office of the superintendent of public instruction shall contract on a competitive basis with a Washington state-based qualified 501(c)(3) nonprofit community-based organization to integrate the state learning standards in English language arts, mathematics, and science with outdoor field studies and project-based and work-based learning opportunities aligned with the environmental, natural resources, and agricultural sectors.

(b) The selected Washington state nonprofit organization must work collaboratively with the office of the

superintendent of public instruction and educational service districts to:

(i) Build systemic programming that connects administrators, school boards, and communities to support teacher practice and student opportunities for the strengthened delivery of environmental and sustainability education;

(ii) Support K-12 educators to teach students integrated, equitable, locally relevant, real-world environmental science and engineering outdoors, aligned to Washington science and environmental and sustainability education standards, and provide opportunities to engage students in renewable natural resource career awareness; and

(iii) Deliver learning materials, opportunities, and resources including, but not limited to:

(A) Providing opportunities outside the classroom to connect transdisciplinary content, concepts, and skills in the context of the local community;

(B) Encouraging application of critical and creative thinking skills to identify and analyze issues, seek answers, and engineer solutions;

(C) Creating community-connected, local opportunities to engage students in stewardship projects that enhance their interest in sustaining the ecosystem and respecting natural resources;

(D) Providing work-based learning opportunities for careers in the environmental science and engineering, natural resources, sustainability, renewable energy, agriculture, and outdoor recreation sectors and build skills for completion of industry recognized certifications; and

(E) Providing models for integrating since time immemorial in teaching materials so that students learn the unique heritage, history, culture, and government of the nearest federally recognized Indian tribe or tribes.

(c) Priority focus must be given to schools that have been identified for improvement through the Washington school improvement framework and communities historically underserved by science education. These communities can include, but are not limited to, tribal nations including tribal compact schools, migrant students, schools with high free and reduced-price lunch populations, rural and remote schools, students in alternative learning environments, students of color, English language learner students, and students receiving special education services.

(3) For the purposes of this section, a "qualified 501(c)(3) nonprofit community-based organization" means a nonprofit organization physically located in Washington state that:

(a) Has multiple years of experience collaborating with school districts across the state to provide high quality professional development to kindergarten through twelfth grade educators to teach students real-world environmental science and engineering outside the classroom;

(b) Whose materials and instructional practices align with Washington's environmental and sustainability learning

standards and the Washington state learning standards, including the common core standards for mathematics and English language arts;

(c) Whose materials and instructional practices emphasize the next generation science standards to support local, relevant, and field-based learning experiences; and

(d) Delivers project-based learning materials and resources that incorporate career connections to local businesses and community-based organizations, contain professional development support for classroom teachers, have measurable assessment objectives, and have demonstrated community support."

On page 1, line 2 of the title, after "program;" strike the remainder of the title and insert "adding a new section to chapter 28A.300 RCW; and creating a new section."

and the same is herewith transmitted.

#### MESSAGE FROM THE SENATE

March 6, 2020

Madame Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 2905 with the following amendment:

2.0.

Strike everything after the enacting clause and insert the following:

"**NEW SECTION. Sec. 3.** The legislature recognizes that oral disease is the most common childhood chronic disease, yet is almost entirely preventable, impacting school readiness, future employability, and overall well-being and quality of life. The access to baby and child dentistry program has made Washington a leader in oral health care access across the nation, providing greater levels of access and utilization for medicaid eligible children under six years old. The legislature further recognizes that the access to baby and child dentistry program connects children to a dental home in their communities, enabling children to get off to a healthy start. While the state has made great strides, children of color continue to experience higher rates of tooth decay than their peers and children under the age of two are not accessing care at the same rate as older children. Therefore, it is the legislature's intent to expand on the program investments the state has already made to provide additional outreach and support to eligible families and providers, increase very young children's access to care, and further reduce racial and ethnic disparities in access to care and oral health outcomes.

**NEW SECTION. Sec. 4.** A new section is added to chapter 74.09 RCW to read as follows:

(1) The authority, in consultation with the office of equity, created in chapter . . . (Engrossed Second Substitute House Bill No. 1783), Laws of 2020, shall work with the statewide managing partner of the access to baby and child dentistry program to develop a local access to baby and child dentistry program fund allocation formula, key deliverables, and target metrics for increased outreach and provider engagement and support with the goal of reducing racial and ethnic disparities.

(2) The authority, in consultation with the office of equity, created in chapter . . . (Engrossed Second Substitute House Bill No. 1783), Laws of 2020, shall collaborate with stakeholders to monitor progress toward the goals articulated in subsection (1) of this section and provide support to local access to baby and child dentistry programs and providers."

On page 1, line 2 of the title, after "programs;" strike the remainder of the title and insert "adding a new section to chapter 74.09 RCW; and creating a new section."

and the same is herewith transmitted.

#### **MESSAGE FROM THE SENATE**

March 6, 2020

Mme. SPEAKER:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 2816, with the following amendment:

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 6.** The legislature finds that each school community member should be treated with dignity, should have the opportunity to learn, work, interact, and socialize in physically, emotionally, and intellectually safe, respectful, and positive school environments, and should have the opportunity to experience high quality relationships. The legislature recognizes that schools have the responsibility to promote conditions designed to create, maintain, and nurture a positive social and emotional school and classroom climate. Therefore, the legislature intends to require the Washington state school directors' association to develop a model policy and procedure for nurturing a positive social and emotional school and classroom climate for all students. The legislature intends to require school districts to adopt elements of the model policy and procedure that protect the integrity of learning environments and allow school districts to adopt other elements of the model.

**NEW SECTION. Sec. 7.** A new section is added to chapter 28A.345 RCW to read as follows:

(1) The Washington state school directors' association shall develop a model policy and procedure for nurturing a positive social and emotional school and classroom climate. The goal of the policy and procedure is to support and promote school and school district action plans that create, maintain, and nurture physically, emotionally, and intellectually safe, respectful, and positive school and classroom environments that foster equitable, ethical, social, emotional, and academic education for all students. The association shall update the model policy and procedure periodically to align with the work of the social-emotional learning committee created under RCW 28A.300.477.

(2) The model policy and procedure must include the following elements:

(a) Recognize that there is not one best way to create, maintain, and nurture a positive social and emotional school and classroom climate and consider each school's history, strengths, needs, and goals;

(b) Define and describe the essential elements of a positive social and emotional school and classroom climate, which must align with the social-emotional learning standards and benchmarks adopted by the office of the superintendent of public instruction under RCW 28A.300.478;

(c) Recognize the important role that students' families play in collaborating with the school and school district in creating, maintaining, and nurturing a positive social and emotional school and classroom climate; and

(d) Describe a framework for an effective and informed positive social and emotional school and classroom climate improvement process that includes a continuous cycle of planning and preparation, evaluation, action planning, and implementation.

(3)(a) The model policy and procedure must also protect the integrity of learning environments with the following elements:

(i) School districts must provide information to the parents and guardians of enrolled students regarding students' rights to a free public education, regardless of immigration status or religious beliefs.

(ii) School districts must provide meaningful access to this information for families with limited English proficiency.

(b) The elements described in this subsection (3) may be included in a separate model policy and procedure.

(4) In developing the model policy and procedure described in this section, the Washington state school directors' association must:

(a) Consult with staff at the office of the superintendent of public instruction and organizations with expertise in social and emotional health and in equity, race, and inclusive learning environments;

(b) Work with the social-emotional learning committee created under RCW 28A.300.477 to align the climate improvement framework with the statewide framework for social-emotional learning;

(c) Consider the relationship between the model policy and procedure and policies related to student behaviors and student discipline; and

(d) Review research on, and examples of effective implementation of, restorative practices, collaborative and proactive practices, trauma-sensitive and trauma-informed practices, classroom management, and other topics related to the goal of the policy as identified in subsection (1) of this section.

(5) The model policy and procedure developed under this section must be posted publicly on the Washington state school directors' association's web site by March 1, 2021. Updates to the model policy and procedure must be posted publicly within a reasonable time of development.

(6)(a) By the beginning of the 2021-22 school year, each school district must adopt or amend if necessary policies and procedures that, at a minimum, incorporate all the elements described in subsection (3) of this section. School districts must periodically review their policies and procedures for consistency with updated versions of the model policy.

(b) By the beginning of the 2021-22 school year, each school district may adopt or amend if necessary policies and procedures that incorporate the elements described in subsection (2) of this section. School districts may periodically review their policies and procedures for consistency with updated versions of the model policy."

**SENATE AMENDMENT TO HOUSE BILL**

There being no objection, the House refused to concur in the Senate amendment to ENGROSSED SUBSTITUTE HOUSE BILL NO. 2816 and asked the Senate to recede therefrom.

**MESSAGE FROM THE SENATE**

March 6, 2020

Mme. SPEAKER:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 2320, with the following amendment:

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** (1) The legislature finds that human trafficking is a serious problem in the United States and in the state of Washington. Polaris project, the largest anti-human trafficking organization in the United States, hosts the national human trafficking hotline. Since the hotline's inception in 2007, over fifty thousand human trafficking cases have been discovered. In 2018, the hotline identified over twenty-three thousand survivors of human trafficking nationally. Human trafficking is an international problem that will continue to exploit the most vulnerable individuals in a community if proper training and identification support is not provided to the community at large.

(2) The legislature also recognizes that human trafficking is prevalent within hotels and motels across the country and in Washington. In 2018, eighty-one percent of the active sex trafficking cases in the United States involved a victim who was compelled to provide a commercial sexual act at a hotel. In 2017, forty-five percent of youth victims surveyed reported having been exploited in hotels. There is evidence to suggest that training can be an effective way of raising awareness about human trafficking. According to the Washington-based anti-trafficking group businesses ending slavery and trafficking, hoteliers who received human trafficking awareness training reported a significant increase in the likelihood that they would call law enforcement if they suspected trafficking.

(3) It is the intent of the legislature to work toward the goal of ridding hotels and other places of accommodation in Washington of human trafficking.

**NEW SECTION. Sec. 2.** A new section is added to chapter 70.62 RCW to read as follows:

(1) A transient accommodation shall provide annual training regarding human trafficking to each of its employees.

(2) Training must be provided to all employees no later than January 1, 2021, and to new employees no later than ninety days after they begin their employment.

(3) The training required under this section must include, at a minimum, the following:

(a) The definition of human trafficking and commercial exploitation of children, and the difference between sex trafficking and labor trafficking;

(b) Content that is culturally responsive;

(c) Guidance specific to the public lodging sector concerning how to identify individuals who may be victims of human trafficking based on behaviors and traits of trafficking regardless of race, creed, color, national origin, sex, sexual orientation, or class;

(d) Guidance concerning the role of the employees in appropriately responding to suspected human trafficking; and

(e) The contact information of appropriate agencies, including a national human trafficking hotline telephone number and the telephone numbers of appropriate local law enforcement agencies.

(4) By January 1, 2021, every operator of a transient accommodation shall post in a location conspicuous to employees signage regarding human trafficking awareness, printed in an easily legible font in English and any other language spoken by at least ten percent of the employees.

(5) By January 1, 2021, every operator of a transient accommodation shall implement procedures for the voluntary reporting of suspected human trafficking to the national human trafficking hotline or to a local law enforcement agency, and a policy to act as a guide for all employees on human trafficking prevention.

(6) Contents of the training and copies of the signage must be made available for inspection, upon request by the department.

**Sec. 3.** RCW 70.62.260 and 2004 c 162 s 1 are each amended to read as follows:

(1)(a) No person shall operate a transient accommodation as defined in this chapter without having a valid license issued by the department. Applications for a transient accommodation license shall be filed with the department sixty days or more before initiating business as a transient accommodation. All licenses issued under the provisions of this chapter shall expire one year from the effective date.

(b) The department may not renew or issue a license to an applicant without first receiving written certification from the applicant that the human trafficking training requirements under section 2 of this act regarding training, signage, and procedures for reporting have been met.

(2) All applications for renewal of licenses shall be either: (a) Postmarked no later than midnight on the date the license expires; or (b) if personally presented to the department or sent by electronic means, received by the department by 5:00 p.m. on the date the license expires.

(3) A licensee that submits a license renewal application in accordance with this section and the rules and fee schedule adopted under this chapter shall be deemed to

possess a valid license for the year following the expiration date of the expiring license, or until the department suspends or revokes the license pursuant to RCW 70.62.270.

(4) The license of a licensee that fails to submit a license renewal application in accordance with this section, and the rules and fee schedule adopted under this chapter, shall become invalid on the thirty-fifth day after the expiration date, unless the licensee shall have corrected any and all deficiencies in the renewal application and paid a penalty fee as established by rule by the department before the thirty-fifth day following the expiration date. An invalid license may be reinstated upon reapplication as an applicant for a new license under subsection (1) of this section.

(5) Each license shall be issued only for the premises and persons named in the application."

On page 1, line 1 of the title, after "trafficking;" strike the remainder of the title and insert "amending RCW 70.62.260; adding a new section to chapter 70.62 RCW; and creating a new section."

and the same are herewith transmitted.

### MESSAGE FROM THE SENATE

March 3, 2020

Madame Speaker:

The Senate has passed THIRD SUBSTITUTE HOUSE BILL NO. 1504 with the following amendment:

4.0.

Strike everything after the enacting clause and insert the following:

"Sec. 5. RCW 9.94A.533 and 2018 c 7 s 8 are each amended to read as follows:

(1) The provisions of this section apply to the standard sentence ranges determined by RCW 9.94A.510 or 9.94A.517.

(2) For persons convicted of the anticipatory offenses of criminal attempt, solicitation, or conspiracy under chapter 9A.28 RCW, the standard sentence range is determined by locating the sentencing grid sentence range defined by the appropriate offender score and the seriousness level of the completed crime, and multiplying the range by seventy-five percent.

(3) The following additional times shall be added to the standard sentence range for felony crimes committed after July 23, 1995, if the offender or an accomplice was armed with a firearm as defined in RCW 9.41.010 and the offender is being sentenced for one of the crimes listed in this subsection as eligible for any firearm enhancements based on the classification of the completed felony crime. If the offender is being sentenced for more than one offense, the firearm enhancement or enhancements must be added to the total period of confinement for all offenses, regardless of which underlying offense is subject to a firearm enhancement. If the offender or an accomplice was armed with a firearm as defined in RCW 9.41.010 and the offender is being sentenced for an anticipatory offense under chapter 9A.28 RCW to commit one of the crimes listed in this subsection as eligible for any firearm enhancements, the following additional times shall be added to the standard sentence range determined under subsection (2) of this section based on the felony crime of conviction as classified under RCW 9A.28.020:

(a) Five years for any felony defined under any law as a class A felony or with a statutory maximum sentence of at least twenty years, or both, and not covered under (f) of this subsection;

(b) Three years for any felony defined under any law as a class B felony or with a statutory maximum sentence of ten years, or both, and not covered under (f) of this subsection;

(c) Eighteen months for any felony defined under any law as a class C felony or with a statutory maximum sentence of five years, or both, and not covered under (f) of this subsection;

(d) If the offender is being sentenced for any firearm enhancements under (a), (b), and/or (c) of this subsection and the offender has previously been sentenced for any deadly weapon enhancements after July 23, 1995, under (a), (b), and/or (c) of this subsection or subsection (4)(a), (b), and/or (c) of this section, or both, all firearm enhancements under this subsection shall be twice the amount of the enhancement listed;

(e) Notwithstanding any other provision of law, all firearm enhancements under this section are mandatory,

shall be served in total confinement, and shall run consecutively to all other sentencing provisions, including other firearm or deadly weapon enhancements, for all offenses sentenced under this chapter. However, whether or not a mandatory minimum term has expired, an offender serving a sentence under this subsection may be:

(i) Granted an extraordinary medical placement when authorized under RCW 9.94A.728(1)(c); or

(ii) Released under the provisions of RCW 9.94A.730;

(f) The firearm enhancements in this section shall apply to all felony crimes except the following: Possession of a machine gun or bump-fire stock, possessing a stolen firearm, drive-by shooting, theft of a firearm, unlawful possession of a firearm in the first and second degree, and use of a machine gun or bump-fire stock in a felony;

(g) If the standard sentence range under this section exceeds the statutory maximum sentence for the offense, the statutory maximum sentence shall be the presumptive sentence unless the offender is a persistent offender. If the addition of a firearm enhancement increases the sentence so that it would exceed the statutory maximum for the offense, the portion of the sentence representing the enhancement may not be reduced.

(4) The following additional times shall be added to the standard sentence range for felony crimes committed after July 23, 1995, if the offender or an accomplice was armed with a deadly weapon other than a firearm as defined in RCW 9.41.010 and the offender is being sentenced for one of the crimes listed in this subsection as eligible for any deadly weapon enhancements based on the classification of the completed felony crime. If the offender is being sentenced for more than one offense, the deadly weapon enhancement or enhancements must be added to the total period of confinement for all offenses, regardless of which underlying offense is subject to a deadly weapon enhancement. If the offender or an accomplice was armed with a deadly weapon other than a firearm as defined in RCW 9.41.010 and the offender is being sentenced for an anticipatory offense under chapter 9A.28 RCW to commit one of the crimes listed in this subsection as eligible for any deadly weapon enhancements, the following additional times shall be added to the standard sentence range determined under subsection (2) of this section based on the felony crime of conviction as classified under RCW 9A.28.020:

(a) Two years for any felony defined under any law as a class A felony or with a statutory maximum sentence of at least twenty years, or both, and not covered under (f) of this subsection;

(b) One year for any felony defined under any law as a class B felony or with a statutory maximum sentence of ten years, or both, and not covered under (f) of this subsection;

(c) Six months for any felony defined under any law as a class C felony or with a statutory maximum sentence of five years, or both, and not covered under (f) of this subsection;

(e) Notwithstanding any other provision of law, all deadly weapon enhancements under this section are mandatory, shall be served in total confinement, and shall run consecutively to all other sentencing provisions, including other firearm or deadly weapon enhancements, for all offenses sentenced under this chapter. However, whether or not a mandatory minimum term has expired, an offender serving a sentence under this subsection may be:

(i) Granted an extraordinary medical placement when authorized under RCW 9.94A.728(1)(c); or

(ii) Released under the provisions of RCW 9.94A.730;

(f) The deadly weapon enhancements in this section shall apply to all felony crimes except the following: Possession of a machine gun or bump-fire stock, possessing a stolen firearm, drive-by shooting, theft of a firearm, unlawful possession of a firearm in the first and second degree, and use of a machine gun or bump-fire stock in a felony;

(g) If the standard sentence range under this section exceeds the statutory maximum sentence for the offense, the statutory maximum sentence shall be the presumptive sentence unless the offender is a persistent offender. If the addition of a deadly weapon enhancement increases the sentence so that it would exceed the statutory maximum for the offense, the portion of the sentence representing the enhancement may not be reduced.

(5) The following additional times shall be added to the standard sentence range if the offender or an accomplice committed the offense while in a county jail or state correctional facility and the offender is being sentenced for one of the crimes listed in this subsection. If the offender or an accomplice committed one of the crimes listed in this subsection while in a county jail or state correctional facility, and the offender is being sentenced for an anticipatory offense under chapter 9A.28 RCW to commit one of the crimes listed in this subsection, the following additional times shall be added to the standard sentence range determined under subsection (2) of this section:

(a) Eighteen months for offenses committed under RCW 69.50.401(2) (a) or (b) or 69.50.410;

(b) Fifteen months for offenses committed under RCW 69.50.401(2) (c), (d), or (e);

(c) Twelve months for offenses committed under RCW 69.50.4013.

For the purposes of this subsection, all of the real property of a state correctional facility or county jail shall be deemed to be part of that facility or county jail.

(6) An additional twenty-four months shall be added to the standard sentence range for any ranked offense involving a violation of chapter 69.50 RCW if the offense was also a violation of RCW 69.50.435 or 9.94A.827. All enhancements under this subsection shall run consecutively to all other sentencing provisions, for all offenses sentenced under this chapter.

(7) An additional two years shall be added to the standard sentence range for vehicular homicide committed while under the influence of intoxicating liquor or any drug as defined by RCW 46.61.502 for each prior offense as defined in RCW 46.61.5055.

Notwithstanding any other provision of law, all impaired driving enhancements under this subsection are mandatory, shall be served in total confinement, and shall run consecutively to all other sentencing provisions, including other impaired driving enhancements, for all offenses sentenced under this chapter.

An offender serving a sentence under this subsection may be granted an extraordinary medical placement when authorized under RCW 9.94A.728(1)(c).

(8)(a) The following additional times shall be added to the standard sentence range for felony crimes committed on or after July 1, 2006, if the offense was committed with sexual motivation, as that term is defined in RCW 9.94A.030. If the offender is being sentenced for more than one offense, the sexual motivation enhancement must be added to the total period of total confinement for all offenses, regardless of which underlying offense is subject to a sexual motivation enhancement. If the offender committed the offense with sexual motivation and the offender is being sentenced for an anticipatory offense under chapter 9A.28 RCW, the following additional times shall be added to the standard sentence range determined under subsection (2) of this section based on the felony crime of conviction as classified under RCW 9A.28.020:

(b) Notwithstanding any other provision of law, all sexual motivation enhancements under this subsection are mandatory, shall be served in total confinement, and shall run consecutively to all other sentencing provisions, including other sexual motivation enhancements, for all

offenses sentenced under this chapter. However, whether or not a mandatory minimum term has expired, an offender serving a sentence under this subsection may be:

(i) Granted an extraordinary medical placement when authorized under RCW 9.94A.728(1)(c); or

(ii) Released under the provisions of RCW 9.94A.730;

(c) The sexual motivation enhancements in this subsection apply to all felony crimes;

(d) If the standard sentence range under this subsection exceeds the statutory maximum sentence for the offense, the statutory maximum sentence shall be the presumptive sentence unless the offender is a persistent offender. If the addition of a sexual motivation enhancement increases the sentence so that it would exceed the statutory maximum for the offense, the portion of the sentence representing the enhancement may not be reduced;

(e) The portion of the total confinement sentence which the offender must serve under this subsection shall be calculated before any earned early release time is credited to the offender;

(f) Nothing in this subsection prevents a sentencing court from imposing a sentence outside the standard sentence range pursuant to RCW 9.94A.535.

(9) An additional one-year enhancement shall be added to the standard sentence range for the felony crimes of RCW 9A.44.073, 9A.44.076, 9A.44.079, 9A.44.083, 9A.44.086, or 9A.44.089 committed on or after July 22, 2007, if the offender engaged, agreed, or offered to engage the victim in the sexual conduct in return for a fee. If the offender is being sentenced for more than one offense, the one-year enhancement must be added to the total period of total confinement for all offenses, regardless of which underlying offense is subject to the enhancement. If the offender is being sentenced for an anticipatory offense for the felony crimes of RCW 9A.44.073, 9A.44.076, 9A.44.079, 9A.44.083, 9A.44.086, or 9A.44.089, and the offender attempted, solicited another, or conspired to engage, agree, or offer to engage the victim in the sexual conduct in return for a fee, an additional one-year enhancement shall be added to the standard sentence range determined under subsection (2) of this section. For purposes of this subsection, "sexual conduct" means sexual intercourse or sexual contact, both as defined in chapter 9A.44 RCW.

(10)(a) For a person age eighteen or older convicted of any criminal street gang-related felony offense for which the person compensated, threatened, or solicited a minor in order to involve the minor in the commission of the felony offense, the standard sentence range is determined by locating the sentencing grid sentence range defined by the appropriate offender score and the seriousness level of the completed crime, and multiplying the range by one hundred twenty-five percent. If the standard sentence range under this subsection exceeds the statutory maximum sentence for the offense, the statutory maximum sentence is the presumptive sentence unless the offender is a persistent offender.

(b) This subsection does not apply to any criminal street gang-related felony offense for which involving a minor in the commission of the felony offense is an element of the offense.

(c) The increased penalty specified in (a) of this subsection is unavailable in the event that the prosecution gives notice that it will seek an exceptional sentence based on an aggravating factor under RCW 9.94A.535.

(11) An additional twelve months and one day shall be added to the standard sentence range for a conviction of attempting to elude a police vehicle as defined by RCW 46.61.024, if the conviction included a finding by special allegation of endangering one or more persons under RCW 9.94A.834.

These enhancements shall be mandatory, shall be served in total confinement, and shall run consecutively to all other sentencing provisions, including other minor child enhancements, for all offenses sentenced under this chapter. If the addition of a minor child enhancement increases the sentence so that it would exceed the statutory maximum for the offense, the portion of the sentence representing the enhancement (~~may not be reduced~~) shall be mandatory, shall be served in total confinement, and shall run consecutively to all other sentencing provisions.

(14) An additional twelve months shall be added to the standard sentence range for an offense that is also a violation of RCW 9.94A.832.

**Sec. 6.** RCW 9.94A.729 and 2015 c 134 s 4 are each amended to read as follows:

(1)(a) The term of the sentence of an offender committed to a correctional facility operated by the department may be reduced by earned release time in accordance with procedures that shall be developed and adopted by the correctional agency having jurisdiction in which the offender is confined. The earned release time shall be for good behavior and good performance, as determined by the correctional agency having jurisdiction. The correctional agency shall not credit the offender with earned release credits in advance of the offender actually earning the credits.

(b) Any program established pursuant to this section shall allow an offender to earn early release credits for presentence incarceration. If an offender is transferred from a county jail to the department, the administrator of a county

jail facility shall certify to the department the amount of time spent in custody at the facility and the number of days of early release credits lost or not earned. The department may approve a jail certification from a correctional agency that calculates early release time based on the actual amount of confinement time served by the offender before sentencing when an erroneous calculation of confinement time served by the offender before sentencing appears on the judgment and sentence. The department must adjust an offender's rate of early release listed on the jail certification to be consistent with the rate applicable to offenders in the department's facilities. However, the department is not authorized to adjust the number of presentence early release days that the jail has certified as lost or not earned.

(2)(a) An offender who has been convicted of a felony committed after July 23, 1995, that involves any applicable deadly weapon enhancements under RCW 9.94A.533 (3) or (4), or both, shall not receive any good time credits or earned release time for that portion of his or her sentence that results from any deadly weapon enhancements.

(b) An offender whose sentence includes any impaired driving enhancements under RCW 9.94A.533(7), minor child enhancements under RCW 9.94A.533(13), or both, shall not receive any good time credits or earned release time for any portion of his or her sentence that results from those enhancements.

(3) An offender may earn early release time as follows:

(a) In the case of an offender sentenced pursuant to RCW 10.95.030(3) or 10.95.035, the offender may not receive any earned early release time during the minimum term of confinement imposed by the court; for any remaining portion of the sentence served by the offender, the aggregate earned release time may not exceed ten percent of the sentence.

(b) In the case of an offender convicted of a serious violent offense, or a sex offense that is a class A felony, committed on or after July 1, 1990, and before July 1, 2003, the aggregate earned release time may not exceed fifteen percent of the sentence.

(c) In the case of an offender convicted of a serious violent offense, or a sex offense that is a class A felony, committed on or after July 1, 2003, the aggregate earned release time may not exceed ten percent of the sentence.

(d) An offender is qualified to earn up to fifty percent of aggregate earned release time if he or she:

(i) Is not classified as an offender who is at a high risk to reoffend as provided in subsection (4) of this section;

(ii) Is not confined pursuant to a sentence for:

(A) A sex offense;

(B) A violent offense;

(C) A crime against persons as defined in RCW 9.94A.411;

(D) A felony that is domestic violence as defined in RCW 10.99.020;

(E) A violation of RCW 9A.52.025 (residential burglary);

(F) A violation of, or an attempt, solicitation, or conspiracy to violate, RCW 69.50.401 by manufacture or delivery or possession with intent to deliver methamphetamine; or

(G) A violation of, or an attempt, solicitation, or conspiracy to violate, RCW 69.50.406 (delivery of a controlled substance to a minor);

(iii) Has no prior conviction for the offenses listed in (d)(ii) of this subsection;

(iv) Participates in programming or activities as directed by the offender's individual reentry plan as provided under RCW 72.09.270 to the extent that such programming or activities are made available by the department; and

(v) Has not committed a new felony after July 22, 2007, while under community custody.

(e) In no other case shall the aggregate earned release time exceed one-third of the total sentence.

(4) The department shall perform a risk assessment of each offender who may qualify for earned early release under subsection (3)(d) of this section utilizing the risk assessment tool recommended by the Washington state institute for public policy. Subsection (3)(d) of this section does not apply to offenders convicted after July 1, 2010.

(5)(a) A person who is eligible for earned early release as provided in this section and who will be supervised by the department pursuant to RCW 9.94A.501 or 9.94A.5011, shall be transferred to community custody in lieu of earned release time;

(b) The department shall, as a part of its program for release to the community in lieu of earned release, require the offender to propose a release plan that includes an approved residence and living arrangement. All offenders with community custody terms eligible for release to community custody in lieu of earned release shall provide an approved residence and living arrangement prior to release to the community;

(c) The department may deny transfer to community custody in lieu of earned release time if the department determines an offender's release plan, including proposed residence location and living arrangements, may violate the conditions of the sentence or conditions of supervision, place the offender at risk to violate the conditions of the sentence, place the offender at risk to reoffend, or present a risk to victim safety or community safety. The department's authority under this section is independent of any court-ordered condition of sentence or statutory provision regarding conditions for community custody;

(d) If the department is unable to approve the offender's release plan, the department may do one or more of the following:

(i) Transfer an offender to partial confinement in lieu of earned early release for a period not to exceed three months. The three months in partial confinement is in

addition to that portion of the offender's term of confinement that may be served in partial confinement as provided in RCW 9.94A.728(~~(5)~~) (1)(e);

(ii) Provide rental vouchers to the offender for a period not to exceed three months if rental assistance will result in an approved release plan.

A voucher must be provided in conjunction with additional transition support programming or services that enable an offender to participate in services including, but not limited to, substance abuse treatment, mental health treatment, sex offender treatment, educational programming, or employment programming;

(e) The department shall maintain a list of housing providers that meets the requirements of RCW 72.09.285. If more than two voucher recipients will be residing per dwelling unit, as defined in RCW 59.18.030, rental vouchers for those recipients may only be paid to a housing provider on the department's list;

(f) For each offender who is the recipient of a rental voucher, the department shall gather data as recommended by the Washington state institute for public policy in order to best demonstrate whether rental vouchers are effective in reducing recidivism.

(6) An offender serving a term of confinement imposed under RCW 9.94A.670(5)(a) is not eligible for earned release credits under this section.

**Sec. 7.** RCW 10.21.055 and 2016 c 203 s 16 are each amended to read as follows:

(1)(a) When any person charged with a violation of RCW 46.61.502, 46.61.504, 46.61.520, or 46.61.522, in which the person has a prior offense as defined in RCW 46.61.5055 and the current offense involves alcohol, is released from custody at arraignment or trial on bail or personal recognizance, the court authorizing the release shall require, as a condition of release that person comply with one of the following four requirements:

(i) Have a functioning ignition interlock device installed on all motor vehicles operated by the person, with proof of installation filed with the court by the person or the certified interlock provider within five business days of the date of release from custody or as soon thereafter as determined by the court based on availability within the jurisdiction; or

(ii) Comply with 24/7 sobriety program monitoring, as defined in RCW 36.28A.330; or

(iii) Have an ignition interlock device on all motor vehicles operated by the person pursuant to (a)(i) of this subsection and submit to 24/7 sobriety program monitoring pursuant to (a)(ii) of this subsection, if available, or alcohol monitoring, at the expense of the person, as provided in RCW 46.61.5055(5) (b) and (c); or

(iv) Have an ignition interlock device on all motor vehicles operated by the person and that such person agrees not to operate any motor vehicle without an ignition interlock device as required by the court. Under this subsection (1)(a)(iv), the person must file a sworn statement

with the court upon release at arraignment that states the person will not operate any motor vehicle without an ignition interlock device while the ignition interlock restriction is imposed by the court. Such person must also submit to 24/7 sobriety program monitoring pursuant to (a)(ii) of this subsection, if available, or alcohol monitoring, at the expense of the person, as provided in RCW 46.61.5055(5) (b) and (c).

(b) The court shall immediately notify the department of licensing when an ignition interlock restriction is imposed ~~((i) As)~~ as a condition of release ~~((pursuant to (a) of this subsection;))~~ or ~~((iii))~~ after conviction in instances where a person is charged with, or convicted of, a violation of RCW 46.61.502, 46.61.504, 46.61.520, or 46.61.522 ~~((; and the offense involves alcohol))~~. If the court imposes an ignition interlock restriction, the department of licensing shall attach or imprint a notation on the driving record of any person restricted under this section stating that the person may operate only a motor vehicle equipped with a functioning ignition interlock device.

(2)(a) Upon acquittal or dismissal of all pending or current charges relating to a violation of RCW 46.61.502, 46.61.504, 46.61.520, or 46.61.522, or equivalent local ordinance, the court shall authorize removal of the ignition interlock device and lift any requirement to comply with electronic alcohol/drug monitoring imposed under subsection (1) of this section. Nothing in this section limits the authority of the court or department under RCW 46.20.720.

(b) If the court authorizes removal of an ignition interlock device imposed under this section, the court shall immediately notify the department of licensing regarding the lifting of the ignition interlock restriction and the department of licensing shall release any attachment, imprint, or notation on such person's driving record relating to the ignition interlock requirement imposed under this section.

(3) When an ignition interlock restriction imposed as a condition of release is canceled, the court shall provide a defendant with a written order confirming release of the restriction. The written order shall serve as proof of release of the restriction until which time the department of licensing updates the driving record.

**Sec. 8.** RCW 38.52.430 and 2012 c 183 s 6 are each amended to read as follows:

A person whose intoxication causes an incident resulting in an appropriate emergency response, and who, in connection with the incident, has been found guilty of or has had their prosecution deferred for (1) driving while under the influence of intoxicating liquor or any drug, RCW 46.61.502; (2) physical control of a motor vehicle while under the influence of intoxicating liquor or any drug, RCW 46.61.504; (3) operating an aircraft under the influence of intoxicants or drugs, RCW 47.68.220; ~~((3))~~ (4) use of a vessel while under the influence of alcohol or drugs, RCW 79A.60.040; ~~((4))~~ (5) vehicular homicide while under the influence of intoxicating liquor or any drug, RCW 46.61.520(1)(a); or ~~((5))~~ (6) vehicular assault while under the influence of intoxicating liquor or any drug, RCW

46.61.522(1)(b), is liable for the expense of an emergency response by a public agency to the incident.

The expense of an emergency response is a charge against the person liable for expenses under this section. The charge constitutes a debt of that person and is collectible by the public agency incurring those costs in the same manner as in the case of an obligation under a contract, expressed or implied. Following a conviction of an offense listed in this section, and prior to sentencing, the prosecution may present to the court information setting forth the expenses incurred by the public agency for its emergency response to the incident. Upon a finding by the court that the expenses are reasonable, the court shall order the defendant to reimburse the public agency. The cost reimbursement shall be included in the sentencing order as an additional monetary obligation of the defendant and may not be substituted for any other fine or cost required or allowed by statute. The court may establish a payment schedule for the payment of the cost reimbursement, separate from any payment schedule imposed for other fines and costs. All payments for the cost reimbursement must be remitted directly to the public agency or agencies that incurred the cost associated with the emergency response.

In no event shall a person's liability under this section for the expense of an emergency response exceed two thousand five hundred dollars for a particular incident.

If more than one public agency makes a claim for payment from an individual for an emergency response to a single incident under the provisions of this section, and the sum of the claims exceeds the amount recovered, the division of the amount recovered shall be determined by an interlocal agreement consistent with the requirements of chapter 39.34 RCW.

**Sec. 9.** RCW 46.20.245 and 2005 c 288 s 1 are each amended to read as follows:

(1) Whenever the department proposes to withhold the driving privilege of a person or disqualify a person from operating a commercial motor vehicle and this action is made mandatory by the provisions of this chapter or other law, the department must give notice to the person in writing by posting in the United States mail, appropriately addressed, postage prepaid, or by personal service. Notice by mail is given upon deposit in the United States mail. Notice given under this subsection must specify the date upon which the driving privilege is to be withheld which shall not be less than forty-five days after the original notice is given.

(2) For persons subject to suspension, revocation, or denial of a driver's license who are eligible for full credit under RCW 46.61.5055(9)(b)(ii), the notice in subsection (1) of this section must also notify the person of the obligation to complete the requirements under RCW 46.20.311 and pay the probationary license fee under RCW 46.20.355 by the date specified in the notice in order to avoid license suspension.

(3) Within fifteen days after notice has been given to a person under subsection (1) of this section, the person may request in writing an administrative review before the

department. If the request is mailed, it must be postmarked within fifteen days after the date the department has given notice. If a person fails to request an administrative review within fifteen days after the date the department gives notice, the person is considered to have defaulted and loses his or her right to an administrative review unless the department finds good cause for a request after the fifteen-day period.

(a) An administrative review under this subsection shall consist solely of an internal review of documents and records submitted or available to the department, unless the person requests an interview before the department, in which case all or any part of the administrative review may, at the discretion of the department, be conducted by telephone or other electronic means.

(b) The only issues to be addressed in the administrative review are:

(i) Whether the records relied on by the department identify the correct person; and

(ii) Whether the information transmitted from the court or other reporting agency or entity regarding the person accurately describes the action taken by the court or other reporting agency or entity.

(c) For the purposes of this section, the notice received from a court or other reporting agency or entity, regardless of form or format, is prima facie evidence that the information from the court or other reporting agency or entity regarding the person is accurate. A person requesting administrative review has the burden of showing by a preponderance of the evidence that the person is not subject to the withholding of the driving privilege.

(d) The action subject to the notification requirements of subsection (1) of this section shall be stayed during the administrative review process.

(e) Judicial review of a department order affirming the action subject to the notification requirements of subsection (1) of this section after an administrative review shall be available in the same manner as provided in RCW 46.20.308~~((4))~~ (8). The department shall certify its record to the court within thirty days after service upon the department of the petition for judicial review. The action subject to the notification requirements of subsection (1) of this section shall not automatically be stayed during the judicial review. If judicial relief is sought for a stay or other temporary remedy from the department's action, the court shall not grant relief unless the court finds that the appellant is likely to prevail in the appeal and that without a stay the appellant will suffer irreparable injury.

~~((3))~~ (4) The department may adopt rules that are considered necessary or convenient by the department for purposes of administering this section, including, but not limited to, rules regarding expedited procedures for issuing orders and expedited notice procedures.

~~((4))~~ (5) This section does not apply where an opportunity for an informal settlement, driver improvement interview, or formal hearing is otherwise provided by law or rule of the department.

**Sec. 10.** RCW 46.20.3101 and 2016 c 203 s 18 are each amended to read as follows:

Pursuant to RCW 46.20.308, the department shall suspend, revoke, or deny the arrested person's license, permit, or privilege to drive as follows:

(1) In the case of a person who has refused a test or tests:

(a) For a first refusal within seven years, where there has not been a previous incident within seven years that resulted in administrative action under this section, revocation or denial for one year;

(b) For a second or subsequent refusal within seven years, or for a first refusal where there has been one or more previous incidents within seven years that have resulted in administrative action under this section, revocation or denial for two years or until the person reaches age twenty-one, whichever is longer.

(2) In the case of an incident where a person has submitted to or been administered a test or tests indicating that the alcohol concentration of the person's breath or blood was 0.08 or more, or that the THC concentration of the person's blood was 5.00 or more:

(a) For a first incident within seven years, where there has not been a previous incident within seven years that resulted in administrative action under this section, suspension for ninety days, unless the person successfully completes or is enrolled in a pretrial 24/7 sobriety program;

(b) For a second or subsequent incident within seven years, revocation or denial for two years.

(3) In the case of an incident where a person under age twenty-one has submitted to or been administered a test or tests indicating that the alcohol concentration of the person's breath or blood was 0.02 or more, or that the THC concentration of the person's blood was above 0.00:

(a) For a first incident within seven years, suspension or denial for ninety days;

(b) For a second or subsequent incident within seven years, revocation or denial for one year or until the person reaches age twenty-one, whichever is longer.

(4) The department shall grant credit on a day-for-day basis for ~~((any portion of))~~ a suspension, revocation, or denial ~~((already served))~~ imposed under this section for any portion of a suspension, revocation, or denial ((imposed)) already served under RCW 46.61.5055 arising out of the same incident. If a person has already served a suspension, revocation, or denial under RCW 46.61.5055 for a period equal to or greater than the period imposed under this section, the department shall provide notice of full credit, shall provide for no further suspension or revocation under this section, and shall impose no additional reissue fees for this credit.

**Sec. 11.** RCW 46.20.311 and 2016 c 203 s 12 are each amended to read as follows:

(1)(a) The department shall not suspend a driver's license or privilege to drive a motor vehicle on the public

highways for a fixed period of more than one year, except as specifically permitted under RCW 46.20.267, 46.20.342, or other provision of law.

(b) Except for a suspension under RCW 46.20.267, 46.20.289, 46.20.291(5), 46.61.740, or 74.20A.320, whenever the license or driving privilege of any person is suspended by reason of a conviction, a finding that a traffic infraction has been committed, pursuant to chapter 46.29 RCW, or pursuant to RCW 46.20.291 or 46.20.308, the suspension shall remain in effect until the person gives and thereafter maintains proof of financial responsibility for the future as provided in chapter 46.29 RCW.

(c) If the suspension is the result of a nonfelony violation of RCW 46.61.502 or 46.61.504, the department shall determine the person's eligibility for licensing based upon the reports provided by the ~~((alcoholism))~~ substance use disorder agency or probation department designated under RCW 46.61.5056 and shall deny reinstatement until enrollment and participation in an approved program has been established and the person is otherwise qualified. If the suspension is the result of a violation of RCW 46.61.502(6) or 46.61.504(6), the department shall determine the person's eligibility for licensing based upon the reports provided by the ~~((alcohol or drug dependency))~~ substance use disorder agency required under RCW 46.61.524 and shall deny reinstatement until satisfactory progress in an approved program has been established and the person is otherwise qualified. If the suspension is the result of a violation of RCW 46.61.502 or 46.61.504, and the person is required pursuant to RCW 46.20.720 to drive only a motor vehicle equipped with a functioning ignition interlock, the department shall determine the person's eligibility for licensing based upon written verification by a company doing business in the state that it has installed the required device on a vehicle owned or operated by the person seeking reinstatement. The department may waive the requirement for written verification under this subsection if it determines to its satisfaction that a device previously verified as having been installed on a vehicle owned or operated by the person is still installed and functioning or as permitted by RCW 46.20.720(8). If, based upon notification from the interlock provider or otherwise, the department determines that an interlock required under RCW 46.20.720 is no longer installed or functioning as required, the department shall suspend the person's license or privilege to drive. Whenever the license or driving privilege of any person is suspended or revoked as a result of noncompliance with an ignition interlock requirement, the suspension shall remain in effect until the person provides notice issued by a company doing business in the state that a vehicle owned or operated by the person is equipped with a functioning ignition interlock device.

(d) Whenever the license or driving privilege of any person is suspended as a result of certification of noncompliance with a child support order under chapter 74.20A RCW, the suspension shall remain in effect until the person provides a release issued by the department of social and health services stating that the person is in compliance with the order.

(e)(i) The department shall not issue to the person a new, duplicate, or renewal license until the person pays a reissue fee of seventy-five dollars.

(ii) ~~((H))~~ Except as provided in subsection (4) of this section, if the suspension is the result of a violation of RCW 46.61.502 or 46.61.504, or is the result of administrative action under RCW 46.20.308, the reissue fee shall be one hundred ~~((fifty))~~ seventy dollars.

(2)(a) Any person whose license or privilege to drive a motor vehicle on the public highways has been revoked, unless the revocation was for a cause which has been removed, is not entitled to have the license or privilege renewed or restored until: (i) After the expiration of one year from the date the license or privilege to drive was revoked; (ii) after the expiration of the applicable revocation period provided by RCW 46.20.3101 or 46.61.5055; (iii) after the expiration of two years for persons convicted of vehicular homicide; or (iv) after the expiration of the applicable revocation period provided by RCW 46.20.265.

(b)(i) After the expiration of the appropriate period, the person may make application for a new license as provided by law together with a reissue fee in the amount of seventy-five dollars.

(ii) ~~((H))~~ Except as provided in subsection (4) of this section, if the revocation is the result of a violation of RCW 46.20.308, 46.61.502, or 46.61.504, the reissue fee shall be one hundred ~~((fifty))~~ seventy dollars. If the revocation is the result of a nonfelony violation of RCW 46.61.502 or 46.61.504, the department shall determine the person's eligibility for licensing based upon the reports provided by the ~~((alcoholism))~~ substance use disorder agency or probation department designated under RCW 46.61.5056 and shall deny reissuance of a license, permit, or privilege to drive until enrollment and participation in an approved program has been established and the person is otherwise qualified. If the suspension is the result of a violation of RCW 46.61.502(6) or 46.61.504(6), the department shall determine the person's eligibility for licensing based upon the reports provided by the ~~((alcohol or drug dependency))~~ substance use disorder agency required under RCW 46.61.524 and shall deny reinstatement until satisfactory progress in an approved program has been established and the person is otherwise qualified. If the revocation is the result of a violation of RCW 46.61.502 or 46.61.504, and the person is required pursuant to RCW 46.20.720 to drive only a motor vehicle equipped with a functioning ignition interlock or other biological or technical device, the department shall determine the person's eligibility for licensing based upon written verification by a company doing business in the state that it has installed the required device on a vehicle owned or operated by the person applying for a new license. The department may waive the requirement for written verification under this subsection if it determines to its satisfaction that a device previously verified as having been installed on a vehicle owned or operated by the person is still installed and functioning or as permitted by RCW 46.20.720(8). If, following issuance of a new license, the department determines, based upon notification from the interlock provider or otherwise, that an interlock required under RCW 46.20.720 is no longer

functioning, the department shall suspend the person's license or privilege to drive until the department has received written verification from an interlock provider that a functioning interlock is installed.

(c) Except for a revocation under RCW 46.20.265, the department shall not then issue a new license unless it is satisfied after investigation of the driving ability of the person that it will be safe to grant the privilege of driving a motor vehicle on the public highways, and until the person gives and thereafter maintains proof of financial responsibility for the future as provided in chapter 46.29 RCW. For a revocation under RCW 46.20.265, the department shall not issue a new license unless it is satisfied after investigation of the driving ability of the person that it will be safe to grant that person the privilege of driving a motor vehicle on the public highways.

(3)(a) Whenever the driver's license of any person is suspended pursuant to Article IV of the nonresident violators compact or RCW 46.23.020 or 46.20.289 or 46.20.291(5), the department shall not issue to the person any new or renewal license until the person pays a reissue fee of seventy-five dollars.

(b) ~~((f))~~ Except as provided in subsection (4) of this section, if the suspension is the result of a violation of the laws of this or any other state, province, or other jurisdiction involving (i) the operation or physical control of a motor vehicle upon the public highways while under the influence of intoxicating liquor or drugs, or (ii) the refusal to submit to a chemical test of the driver's blood alcohol content, the reissue fee shall be one hundred ~~((fifty))~~ seventy dollars.

(4) When the department reinstates a person's driver's license following a suspension, revocation, or denial under RCW 46.20.3101 or 46.61.5055, and the person is entitled to full day-for-day credit under RCW 46.20.3101(4) or 46.61.5055(9)(b)(ii) for an additional restriction arising from the same incident, the department shall impose no additional reissue fees under subsection (1)(e)(ii), (2)(b)(ii), or (3)(b) of this section associated with the additional restriction.

**Sec. 12.** RCW 46.20.355 and 1998 c 209 s 3 and 1998 c 41 s 5 are each reenacted and amended to read as follows:

(1) Upon receipt of an abstract indicating a deferred prosecution has been granted under RCW 10.05.060, or upon receipt of a notice of conviction of RCW 46.61.502 or 46.61.504, the department of licensing shall order the person to surrender any nonprobationary Washington state driver's license that may be in his or her possession. The department shall revoke the license, permit, or privilege to drive of any person who fails to surrender it as required by this section for one year, unless the license has been previously surrendered to the department, a law enforcement officer, or a court, or the person has completed an affidavit of lost, stolen, destroyed, or previously surrendered license, such revocation to take effect thirty days after notice is given of the requirement for license surrender.

(2) The department shall place a person's driving privilege in probationary status as required by RCW

10.05.060 or 46.61.5055 for a period of five years from the date the probationary status is required to go into effect.

(3) Following receipt of an abstract indicating a deferred prosecution has been granted under RCW 10.05.060, or upon reinstatement or reissuance of a driver's license suspended or revoked as the result of a conviction of RCW 46.61.502 or 46.61.504, the department shall require the person to obtain a probationary license in order to operate a motor vehicle in the state of Washington, except as otherwise exempt under RCW 46.20.025. The department shall not issue the probationary license unless the person is otherwise qualified for licensing, and the person must renew the probationary license on the same cycle as the person's regular license would have been renewed until the expiration of the five-year probationary status period imposed under subsection (2) of this section.

(4) If a person is eligible for full credit under RCW 46.61.5055(9)(b)(ii) and, by the date specified in the notice issued under RCW 46.20.245, has completed the requirements under RCW 46.20.311 and paid the fee under subsection (5) of this section, the department shall issue a probationary license on the date specified in the notice with no further action required of the person.

(5) For each original issue or renewal of a probationary license under this section, the department shall charge a fee of fifty dollars in addition to any other licensing fees required. Except for when renewing a probationary license, the department shall waive the requirement to obtain an additional probationary license and the fifty dollar fee if the person has a probationary license in his or her possession at the time a new probationary license is required.

~~((5))~~ (6) A probationary license shall enable the department and law enforcement personnel to determine that the person is on probationary status. The fact that a person's driving privilege is in probationary status or that the person has been issued a probationary license shall not be a part of the person's record that is available to insurance companies.

**Sec. 13.** RCW 46.20.385 and 2017 c 336 s 4 are each amended to read as follows:

(1)(a) Any person licensed under this chapter or who has a valid driver's license from another state, who is convicted of: (i) A violation of RCW 46.61.502 or 46.61.504 or an equivalent local or out-of-state statute or ordinance, or (ii) a violation of RCW 46.61.520(1)(a) or an equivalent local or out-of-state statute or ordinance, or (iii) a conviction for a violation of RCW 46.61.520(1) (b) or (c) if the conviction is the result of a charge that was originally filed as a violation of RCW 46.61.520(1)(a), or (iv) RCW 46.61.522(1)(b) or an equivalent local or out-of-state statute or ordinance, or (v) RCW 46.61.522(1) (a) or (c) if the conviction is the result of a charge that was originally filed as a violation of RCW 46.61.522(1)(b) committed while under the influence of intoxicating liquor or any drug, or (vi) who has had or will have his or her license suspended, revoked, or denied under RCW 46.20.3101, or who is otherwise permitted under subsection (8) of this section, may submit to the department an application for an ignition interlock driver's license. The department, upon receipt of the prescribed fee and upon determining that the petitioner

is eligible to receive the license, may issue an ignition interlock driver's license.

(b) A person may apply for an ignition interlock driver's license anytime, including immediately after receiving the notices under RCW 46.20.308 or after his or her license is suspended, revoked, or denied.

(c) An applicant under this subsection shall provide proof to the satisfaction of the department that a functioning ignition interlock device has been installed on all vehicles operated by the person.

(i) The department shall require the person to maintain the device on all vehicles operated by the person and shall restrict the person to operating only vehicles equipped with the device, for the remainder of the period of suspension, revocation, or denial, unless otherwise permitted under RCW 46.20.720(6).

(ii) Subject to any periodic renewal requirements established by the department under this section and subject to any applicable compliance requirements under this chapter or other law, an ignition interlock driver's license granted upon a suspension or revocation under RCW 46.61.5055 or 46.20.3101 extends through the remaining portion of any concurrent or consecutive suspension or revocation that may be imposed as the result of administrative action and criminal conviction arising out of the same incident.

(2) An applicant for an ignition interlock driver's license who qualifies under subsection (1) of this section is eligible to receive a license only if the applicant files satisfactory proof of financial responsibility under chapter 46.29 RCW.

(3) Upon receipt of evidence that a holder of an ignition interlock driver's license granted under this subsection no longer has a functioning ignition interlock device installed on all vehicles operated by the driver, the director shall give written notice by first-class mail to the driver that the ignition interlock driver's license shall be canceled. If at any time before the cancellation goes into effect the driver submits evidence that a functioning ignition interlock device has been installed on all vehicles operated by the driver, the cancellation shall be stayed. If the cancellation becomes effective, the driver may obtain, at no additional charge, a new ignition interlock driver's license upon submittal of evidence that a functioning ignition interlock device has been installed on all vehicles operated by the driver.

(4) A person aggrieved by the decision of the department on the application for an ignition interlock driver's license may request a hearing as provided by rule of the department.

(5) The director shall cancel an ignition interlock driver's license after receiving notice that the holder thereof has been convicted of operating a motor vehicle in violation of its restrictions, no longer meets the eligibility requirements, or has been convicted of or found to have committed a separate offense or any other act or omission that under this chapter would warrant suspension or

revocation of a regular driver's license. The department must give notice of the cancellation as provided under RCW 46.20.245. A person whose ignition interlock driver's license has been canceled under this section may reapply for a new ignition interlock driver's license if he or she is otherwise qualified under this section and pays the fee required under RCW 46.20.380.

(6)(a) Unless costs are waived by the ignition interlock company or the person is indigent under RCW 10.101.010, the applicant shall pay the cost of installing, removing, and leasing the ignition interlock device and shall pay an additional fee of (~~twenty~~) twenty-one dollars per month. Payments shall be made directly to the ignition interlock company. The company shall remit the additional fee to the department, except that the company may retain twenty-five cents per month of the additional fee to cover the expenses associated with administering the fee.

(b) The department shall deposit the proceeds of the (~~twenty~~) twenty-one dollar fee into the ignition interlock device revolving account. Expenditures from the account may be used only to administer and operate the ignition interlock device revolving account program. The department shall adopt rules to provide monetary assistance according to greatest need and when funds are available.

(7) The department shall adopt rules to implement ignition interlock licensing. The department shall consult with the administrative office of the courts, the state patrol, the Washington association of sheriffs and police chiefs, ignition interlock companies, and any other organization or entity the department deems appropriate.

(8)(a) Any person licensed under this chapter who is convicted of a violation of RCW 46.61.500 when the charge was originally filed as a violation of RCW 46.61.502 or 46.61.504, or an equivalent local ordinance, may submit to the department an application for an ignition interlock driver's license under this section.

(b) A person who does not have any driver's license under this chapter, but who would otherwise be eligible under this section to apply for an ignition interlock license, may submit to the department an application for an ignition interlock license. The department may require the person to take any driver's licensing examination under this chapter and may require the person to also apply and qualify for a temporary restricted driver's license under RCW 46.20.391.

**Sec. 14.** RCW 46.20.720 and 2019 c 232 s 22 are each amended to read as follows:

(1) **Ignition interlock restriction.** The department shall require that a person may drive only a motor vehicle equipped with a functioning ignition interlock device:

(a) **Pretrial release.** Upon receipt of notice from a court that an ignition interlock device restriction has been imposed under RCW 10.21.055;

(b) **Ignition interlock driver's license.** As required for issuance of an ignition interlock driver's license under RCW 46.20.385;

(c) **Deferred prosecution.** Upon receipt of notice from a court that the person is participating in a deferred prosecution program under RCW 10.05.020 for a violation of:

(i) RCW 46.61.502 or 46.61.504 or an equivalent local ordinance; or

(ii) RCW 46.61.5249 or 46.61.500 or an equivalent local ordinance if the person would be required under RCW 46.61.5249(4) or 46.61.500(3) (a) or (b) to install an ignition interlock device on all vehicles operated by the person in the event of a conviction;

(d) **Post conviction.** After any applicable period of mandatory suspension, revocation, or denial of driving privileges, or upon fulfillment of day-for-day credit under RCW 46.61.5055(9)(b)(ii) for a suspension, revocation, or denial of driving privileges:

(i) Due to a conviction of a violation of RCW 46.61.502 or 46.61.504 or an equivalent local or out-of-state statute or ordinance; or

(ii) Due to a conviction of a violation of RCW 46.61.5249 or 46.61.500 or an equivalent local ordinance if the person is required under RCW 46.61.5249(4) or 46.61.500(3) (a) or (b) to install an ignition interlock device on all vehicles operated by the person; or

(e) **Court order.** Upon receipt of an order by a court having jurisdiction that a person charged or convicted of any offense involving the use, consumption, or possession of alcohol while operating a motor vehicle may drive only a motor vehicle equipped with a functioning ignition interlock. The court shall establish a specific (~~calibration setting~~) alcohol set point at which the ignition interlock will prevent the vehicle from being started. The court shall also establish the period of time for which ignition interlock use will be required.

(2) (~~Calibration~~) Alcohol set point. Unless otherwise specified by the court for a restriction imposed under subsection (1)(e) of this section, the ignition interlock device shall (~~be calibrated to prevent~~) have an alcohol set point that prevents the motor vehicle from being started when the breath sample provided has an alcohol concentration of (~~0.025~~) 0.020 or more.

(3) **Duration of restriction.** A restriction imposed under:

(a) Subsection (1)(a) of this section shall remain in effect until:

(i) The court has authorized the removal of the device under RCW 10.21.055; or

(ii) The department has imposed a restriction under subsection (1)(b), (c), or (d) of this section arising out of the same incident.

(b) Subsection (1)(b) of this section remains in effect during the validity of any ignition interlock driver's license that has been issued to the person.

(c) Subsection (1)(c)(i) or (d)(i) of this section shall be for no less than:

(i) For a person who has not previously been restricted under this subsection, a period of one year;

(ii) For a person who has previously been restricted under (c)(i) of this subsection, a period of five years;

(iii) For a person who has previously been restricted under (c)(ii) of this subsection, a period of ten years.

The restriction of a person who is convicted of a violation of RCW 46.61.502 or 46.61.504 or an equivalent local ordinance and who committed the offense while (~~a passenger~~) one or more passengers under the age of sixteen (~~was~~) were in the vehicle shall be extended for an additional (~~six-month~~) period as required by RCW 46.61.5055(6)(a).

(d) Subsection (1)(c)(ii) or (d)(ii) of this section shall be for a period of no less than six months.

(e) The period of restriction under (c) or (d) of this subsection shall be extended by one hundred eighty days whenever the department receives notice that the restricted person has been convicted under RCW 46.20.740 or 46.20.750. If the period of restriction under (c) or (d) of this subsection has been fulfilled and cannot be extended, the department must add a new one hundred eighty-day restriction that is imposed from the date of conviction and is subject to the requirements for removal under subsection (4) of this section.

(f) Subsection (1)(e) of this section shall remain in effect for the period of time specified by the court.

(g) The period of restriction under (c) and (d) of this subsection based on incidents occurring on or after June 9, 2016, must be tolled for any period in which the person does not have an ignition interlock device installed on a vehicle owned or operated by the person unless the person receives a determination from the department that the person is unable to operate an ignition interlock device due to a physical disability. The department's determination that a person is unable to operate an ignition interlock device must be reasonable and be based upon good and substantial evidence. This determination is subject to review by a court of competent jurisdiction. The department may charge a person seeking a medical exemption under this subsection a reasonable fee for the assessment.

(4) **Requirements for removal.** A restriction imposed under subsection (1)(c) or (d) of this section shall remain in effect until the department receives a declaration from the person's ignition interlock device vendor, in a form provided or approved by the department, certifying (~~that~~) the following:

(a) That there have been none of the following incidents in the one hundred eighty consecutive days prior to the date of release:

(~~that~~) (i) Any attempt to start the vehicle with a breath alcohol concentration of 0.04 or more unless a subsequent test performed within ten minutes registers a breath alcohol concentration lower than 0.04 and the digital image confirms the same person provided both samples;

~~((b))~~ (ii) Failure to take any random test unless a review of the digital image confirms that the vehicle was not occupied by the driver at the time of the missed test;

~~((c))~~ (iii) Failure to pass any random retest with a breath alcohol concentration of ~~((0.025 or))~~ lower than 0.020 unless a subsequent test performed within ten minutes registers a breath alcohol concentration lower than ~~((0.025))~~ 0.020, and the digital image confirms the same person provided both samples; ~~((e))~~

~~((d))~~ (iv) Failure of the person to appear at the ignition interlock device vendor when required for maintenance, repair, calibration, monitoring, inspection, or replacement of the device; or

(v) Removal of the ignition interlock device by a person other than an ignition interlock technician certified by the Washington state patrol; and

(b) That the ignition interlock device was inspected at the conclusion of the one hundred eighty-day period by an ignition interlock technician certified by the Washington state patrol and no evidence was found that the device was tampered with in the manner described in RCW 46.20.750.

(5) **Day-for-day credit.** (a) The time period during which a person has an ignition interlock device installed in order to meet the requirements of subsection (1)(b) of this section shall apply on a day-for-day basis toward satisfying the period of time the ignition interlock device restriction is imposed under subsection (1)(c) or (d) of this section arising out of the same incident.

(b) The department must also give the person a day-for-day credit for any time period, beginning from the date of the incident, during which the person kept an ignition interlock device installed on all vehicles the person operates, other than those subject to the employer exemption under subsection (6) of this section.

(c) If the day-for-day credit granted under this subsection equals or exceeds the period of time the ignition interlock device restriction is imposed under subsection (1)(c) or (d) of this section arising out of the same incident, and the person has already met the requirements for removal of the device under subsection (4) of this section, the department may waive the requirement that a device be installed or that the person again meet the requirements for removal.

(6) **Employer exemption.** (a) Except as provided in (b) of this subsection, the installation of an ignition interlock device is not necessary on vehicles owned, leased, or rented by a person's employer and on those vehicles whose care and/or maintenance is the temporary responsibility of the employer, and driven at the direction of a person's employer as a requirement of employment during working hours. The person must provide the department with a declaration pursuant to chapter 5.50 RCW from his or her employer stating that the person's employment requires the person to operate a vehicle owned by the employer or other persons during working hours. When the department receives a declaration under this subsection, it shall attach or imprint a

notation on the person's driving record stating that the employer exemption applies.

(b) The employer exemption does not apply when the employer's vehicle is assigned exclusively to the restricted driver and used solely for commuting to and from employment.

(7) **Ignition interlock device revolving account.** In addition to any other costs associated with the use of an ignition interlock device imposed on the person restricted under this section, the person shall pay an additional fee of ~~((twenty))~~ twenty-one dollars per month. Payments must be made directly to the ignition interlock company. The company shall remit the additional fee to the department to be deposited into the ignition interlock device revolving account, except that the company may retain twenty-five cents per month of the additional fee to cover the expenses associated with administering the fee. The department may waive the monthly fee if the person is indigent under RCW 10.101.010.

(8) **Foreign jurisdiction.** For a person restricted under this section who is residing outside of the state of Washington, the department may accept verification of installation of an ignition interlock device by an ignition interlock company authorized to do business in the jurisdiction in which the person resides, provided the device meets any applicable requirements of that jurisdiction. The department may waive one or more requirements for removal under subsection (4) of this section if compliance with the requirement or requirements would be impractical in the case of a person residing in another jurisdiction, provided the person is in compliance with any equivalent requirement of that jurisdiction. The department may waive the monthly fee required by subsection (7) of this section if collection of the fee would be impractical in the case of a person residing in another jurisdiction.

**Sec. 15.** RCW 46.20.740 and 2015 2nd sp.s. c 3 s 4 are each amended to read as follows:

(1) The department shall attach or imprint a notation on the driving record of any person restricted under RCW 46.20.720, 46.61.5055, or 10.05.140 stating that the person may operate only a motor vehicle equipped with a functioning ignition interlock device. The department shall determine the person's eligibility for licensing based upon written verification by a company doing business in the state that it has installed the required device on a vehicle owned or operated by the person seeking reinstatement. If, based upon notification from the interlock provider or otherwise, the department determines that an ignition interlock required under this section is no longer installed or functioning as required, the department shall suspend the person's license or privilege to drive. Whenever the license or driving privilege of any person is suspended or revoked as a result of noncompliance with an ignition interlock requirement, the suspension shall remain in effect until the person provides notice issued by a company doing business in the state that a vehicle owned or operated by the person is equipped with a functioning ignition interlock device.

(2) It is a gross misdemeanor for a person with such a notation on his or her driving record to operate a motor

vehicle that is not so equipped, unless the notation resulted from a restriction imposed as a condition of release and the restriction has been released by the court prior to driving. Any time a person is convicted under this section, the court shall immediately notify the department for purposes of RCW 46.20.720(3)(e).

(3) Any sentence imposed for a violation of subsection (2) of this section shall be served consecutively with any sentence imposed under RCW 46.20.750, 46.61.502, 46.61.504, or 46.61.5055.

~~((i))~~ **(A)** Where there has been no prior offense within seven years, be suspended or denied by the department for ninety days or until the person is evaluated by ~~((an alcoholism))~~ a substance use disorder agency or probation department pursuant to RCW 46.20.311 and the person completes or is enrolled in a ninety-day period of 24/7 sobriety program monitoring. In no circumstances shall the license suspension be for fewer than two days;

**(ii)** If a person has already served a suspension, revocation, or denial under RCW 46.20.3101 for a period equal to or greater than the period imposed under this subsection (9), the department shall provide notice of full credit, shall provide for no further suspension or revocation under this subsection provided the person has completed the requirements under RCW 46.20.311 and paid the probationary license fee under RCW 46.20.355 by the date specified in the notice under RCW 46.20.245, and shall impose no additional reissue fees for this credit.

**(c)** Upon receipt of a notice from the court under RCW 36.28A.390 that a participant has been removed from a 24/7 sobriety program, the department must resume any suspension, revocation, or denial that had been terminated early under this subsection due to participation in the program, granting credit on a day-for-day basis for any portion of a suspension, revocation, or denial already served under RCW 46.20.3101 or this section arising out of the same incident.

**(d)** Upon its own motion or upon motion by a person, a court may find, on the record, that notice to the department under RCW 46.20.270 has been delayed for three years or more as a result of a clerical or court error. If so, the court may order that the person's license, permit, or nonresident privilege shall not be revoked, suspended, or denied for that offense. The court shall send notice of the finding and order to the department and to the person. Upon receipt of the notice from the court, the department shall not revoke, suspend, or deny the license, permit, or nonresident privilege of the person for that offense.

**(e)** For purposes of this subsection (9), the department shall refer to the driver's record maintained under RCW 46.52.120 when determining the existence of prior offenses.

**(10) Probation of driving privilege.** After expiration of any period of suspension, revocation, or denial of the offender's license, permit, or privilege to drive required by this section, the department shall place the offender's driving privilege in probationary status pursuant to RCW 46.20.355.

**(11) Conditions of probation.** (a) In addition to any nonsuspendable and nondeferrable jail sentence required by this section, whenever the court imposes up to three hundred sixty-four days in jail, the court shall also suspend but shall not defer a period of confinement for a period not exceeding five years. The court shall impose conditions of probation that include: (i) Not driving a motor vehicle within this state

without a valid license to drive; (ii) not driving a motor vehicle within this state without proof of liability insurance or other financial responsibility for the future pursuant to RCW 46.30.020; (iii) not driving or being in physical control of a motor vehicle within this state while having an alcohol concentration of 0.08 or more or a THC concentration of 5.00 nanograms per milliliter of whole blood or higher, within two hours after driving; (iv) not refusing to submit to a test of his or her breath or blood to determine alcohol or drug concentration upon request of a law enforcement officer who has reasonable grounds to believe the person was driving or was in actual physical control of a motor vehicle within this state while under the influence of intoxicating liquor or drug; and (v) not driving a motor vehicle in this state without a functioning ignition interlock device as required by the department under RCW 46.20.720. The court may impose conditions of probation that include nonrepetition, installation of an ignition interlock device on the probationer's motor vehicle, ~~((alcohol or drug))~~ substance use disorder treatment, supervised probation, or other conditions that may be appropriate. The sentence may be imposed in whole or in part upon violation of a condition of probation during the suspension period.

(b) For each violation of mandatory conditions of probation under (a)(i), (ii), (iii), (iv), or (v) of this subsection, the court shall order the convicted person to be confined for thirty days, which shall not be suspended or deferred.

(c) For each incident involving a violation of a mandatory condition of probation imposed under this subsection, the license, permit, or privilege to drive of the person shall be suspended by the court for thirty days or, if such license, permit, or privilege to drive already is suspended, revoked, or denied at the time the finding of probation violation is made, the suspension, revocation, or denial then in effect shall be extended by thirty days. The court shall notify the department of any suspension, revocation, or denial or any extension of a suspension, revocation, or denial imposed under this subsection.

**(12) Waiver of electronic home monitoring.** A court may waive the electronic home monitoring requirements of this chapter when:

(a) The offender does not have a dwelling, telephone service, or any other necessity to operate an electronic home monitoring system. However, if a court determines that an alcohol monitoring device utilizing wireless reporting technology is reasonably available, the court may require the person to obtain such a device during the period of required electronic home monitoring;

(b) The offender does not reside in the state of Washington; or

(c) The court determines that there is reason to believe that the offender would violate the conditions of the electronic home monitoring penalty.

Whenever the mandatory minimum term of electronic home monitoring is waived, the court shall state in writing the reason for granting the waiver and the facts upon which the waiver is based, and shall impose an alternative sentence with similar punitive consequences. The alternative sentence

may include, but is not limited to, use of an ignition interlock device, the 24/7 sobriety program monitoring, additional jail time, work crew, or work camp.

Whenever the combination of jail time and electronic home monitoring or alternative sentence would exceed three hundred sixty-four days, the offender shall serve the jail portion of the sentence first, and the electronic home monitoring or alternative portion of the sentence shall be reduced so that the combination does not exceed three hundred sixty-four days.

**(13) Extraordinary medical placement.** An offender serving a sentence under this section, whether or not a mandatory minimum term has expired, may be granted an extraordinary medical placement by the jail administrator subject to the standards and limitations set forth in RCW 9.94A.728(1)(c).

ENGROSSED SUBSTITUTE HOUSE BILL NO. 2421, as amended by the Senate, having received the necessary constitutional majority, was declared passed.

### MESSAGE FROM THE SENATE

March 7, 2020

Madame Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 2645 with the following amendment:  
20.0.

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 70.355.010 and 2017 3rd sp.s. c 36 s 12 are each amended to read as follows:

(1) ~~((Findings.))~~ The legislature finds that a convenient, safe, and environmentally sound system for the recycling of photovoltaic modules, minimization of hazardous waste, and recovery of commercially valuable materials must be established. The legislature further finds that the responsibility for this system must be shared among all stakeholders, with manufacturers financing the takeback and recycling system.

(2) ~~((Definitions. For purposes of this section the following definitions apply.))~~ The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Consumer electronic device" means any device containing an electronic circuit board that is intended for everyday use by individuals, such as a watch or calculator.

(b) "Department" means the department of ecology.

(c) "Distributor" means a person who markets and sells photovoltaic modules to retailers in Washington.

(d) "Installer" means a person who assembles, installs, and maintains photovoltaic module systems.

(e) "Manufacturer" means any person in business or no longer in business but having a successor in interest who, irrespective of the selling technique used, including by means of distance or remote sale:

(i) Manufactures or has manufactured a photovoltaic module under its own brand names for use or sale in or into this state;

(ii) Assembles or has assembled a photovoltaic module that uses parts manufactured by others for use or sale in or into this state under the assembler's brand names;

(iii) Resells or has resold in or into this state under its own brand names a photovoltaic module produced by other suppliers, including retail establishments that sell photovoltaic modules under their own brand names;

(iv) Manufactures or has manufactured a cobranded photovoltaic module product for use or sale in or into this state that carries the name of both the manufacturer and a retailer;

(v) Imports or has imported a photovoltaic module into the United States that is used or sold in or into this state. However, if the imported photovoltaic module is manufactured by any person with a presence in the United States meeting the criteria of manufacturer under ~~((a))~~ (e)(i) through ~~((d))~~ (vi) of this subsection, that person is the manufacturer;

(vi) Sells at retail a photovoltaic module acquired from an importer that is the manufacturer and elects to register as the manufacturer for those products; or

(vii) Elects to assume the responsibility and register in lieu of a manufacturer as defined under ~~((b))~~ (e)(i) through (vi) of this subsection.

~~((d))~~ (f) "Photovoltaic module" means the smallest nondivisible, environmentally protected assembly of photovoltaic cells or other photovoltaic collector technology and ancillary parts intended to generate electrical power under sunlight, except that "photovoltaic module" does not include a photovoltaic cell that is part of a consumer electronic device for which it provides electricity needed to make the consumer electronic device function. "Photovoltaic module" includes but is not limited to interconnections, terminals, and protective devices such as diodes that:

(i) Are installed on, connected to, or integral with buildings; ~~((e))~~

(ii) Are used as components of freestanding, off-grid, power generation systems, such as for powering water pumping stations, electric vehicle charging stations, fencing, street and signage lights, and other commercial or agricultural purposes; or

(iii) Are part of a system connected to the grid or utility service.

~~((e))~~ (g) "Predecessor" means an entity from which a manufacturer purchased a photovoltaic module brand, its warranty obligations, and its liabilities. "Predecessor" does not include entities from which a manufacturer purchased only manufacturing equipment.

(h) "Rare earth element" means lanthanum, cerium, praseodymium, neodymium, promethium, samarium, europium, gadolinium, terbium, dysprosium, holmium, erbium, thulium, ytterbium, lutetium, yttrium, or scandium.

~~((f))~~ (i) "Reuse" means any operation by which a photovoltaic module or a component of a photovoltaic module changes ownership and is used for the same purpose for which it was originally purchased.

~~((g))~~ (j) "Retailer" means a person who offers photovoltaic modules for retail sale in the state through any means including, but not limited to, remote offerings such as sales outlets, catalogs, or internet sales.

(k) "Stewardship plan" means the plan developed by a manufacturer or its designated stewardship organization for a self-directed stewardship program.

~~((h))~~ (l) "Stewardship program" means the activities conducted by a manufacturer or a stewardship organization to fulfill the requirements of this chapter and implement the activities described in its stewardship plan.

(3) ~~((Program guidance, review, and approval.))~~  
The department must develop guidance for a photovoltaic module stewardship and takeback program to guide manufacturers in preparing and implementing a self-directed program to ensure the convenient, safe, and environmentally sound takeback and recycling of photovoltaic modules and their components and materials. By January 1, 2018, the department must establish a process to develop guidance for photovoltaic module stewardship plans by working with manufacturers, stewardship organizations, and other stakeholders on the content, review, and approval of stewardship plans. The department's process must be fully implemented and stewardship plan guidance completed by July 1, 2019.

(4) ~~((Stewardship organization as agent of manufacturer.))~~ A stewardship organization may be designated to act as an agent on behalf of a manufacturer or manufacturers in operating and implementing the stewardship program required under this chapter. Any stewardship organization that has obtained such designation must provide to the department a list of the manufacturers and brand names that the stewardship organization represents within sixty days of its designation by a manufacturer as its agent, or within sixty days of removal of such designation.

(5) ~~((Stewardship plans.))~~ Each manufacturer must prepare and submit a stewardship plan to the department by the later of ~~((January 1, 2020))~~ July 1, 2022, or within thirty days of its first sale of a photovoltaic module in or into the state.

(a) A stewardship plan must, at a minimum:

(i) Describe how manufacturers will finance the takeback and recycling system, and include an adequate funding mechanism to finance the costs of collection, management, and recycling of photovoltaic modules and residuals sold in or into the state by the manufacturer with a mechanism that ensures that photovoltaic modules can be delivered to takeback locations without cost to the last owner or holder;

(ii) Accept all of their photovoltaic modules sold in or into the state after July 1, 2017;

(iii) Describe how the program will minimize the release of hazardous substances into the environment and maximize the recovery of other components, including rare earth elements and commercially valuable materials;

(iv) Provide for takeback of photovoltaic modules at locations that are within the region of the state in which ~~((the))~~ their photovoltaic modules were used and are as convenient as reasonably practicable, and if no such location within the region of the state exists, include an explanation for the lack of such location;

(v) Identify how relevant stakeholders, including consumers, installers, building demolition firms, and recycling and treatment facilities, will receive information required in order for them to properly dismantle, transport, and treat the end-of-life photovoltaic modules in a manner consistent with the objectives described in (a)(iii) of this subsection;

(vi) Establish performance goals, including a goal for the rate of combined reuse and recycling of collected photovoltaic modules as a percentage of the total weight of photovoltaic modules collected, which rate must be no less than eighty-five percent.

(b) A manufacturer must implement the stewardship plan.

(c) A manufacturer may periodically amend its stewardship plan. The department must approve the amendment if it meets the requirements for plan approval outlined in the department's guidance. When submitting proposed amendments, the manufacturer must include an explanation of why such amendments are necessary.

(6) ~~((Plan approval.))~~ The department must approve a stewardship plan if it determines the plan addresses each element outlined in the department's guidance.

(7) ~~((Annual report.))~~ (a) Beginning April 1, ~~((2022))~~ 2024, and by April 1st in each subsequent year, a manufacturer, or its designated stewardship organization, must provide to the department a report for the previous calendar year that documents implementation of the plan and assesses achievement of the performance goals established in subsection (5)(a)(vi) of this section.

(b) The report may include any recommendations to the department or the legislature on modifications to the program that would enhance the effectiveness of the program, including management of program costs and mitigation of environmental impacts of photovoltaic modules.

(c) The manufacturer or stewardship organization must post this report on a publicly accessible web site.

(8) ~~((Enforcement.))~~ Beginning ~~((January 1, 2021))~~ July 1, 2023, no manufacturer, distributor, retailer, or installer may sell or offer for sale a photovoltaic module in or into the state unless the manufacturer of the photovoltaic module has submitted to the department a stewardship plan and received plan approval.

(a) The department must send a written warning to a manufacturer that is not participating in a plan. The written

warning must inform the manufacturer that it must submit a plan or participate in a plan within thirty days of the notice. The department may assess a penalty of up to ten thousand dollars upon a manufacturer for each sale that occurs in or into the state of a photovoltaic module ((in or into the state that occurs)) for which a stewardship plan has not been submitted by the manufacturer and approved by the department after the initial written warning. A manufacturer may appeal a penalty issued under this section to the superior court of Thurston county within one hundred eighty days of receipt of the notice.

(b) The department must send a written warning to a distributor, retailer, or installer that sells or installs a photovoltaic module made by a manufacturer that is not participating in a plan. The written warning must inform the distributor, retailer, or installer that they may no longer sell or install a photovoltaic module if a stewardship plan for that brand has not been submitted by the manufacturer and approved by the department within thirty days of the notice.

(9) ~~((Fee.))~~ The department may collect a flat fee from participating manufacturers to recover costs associated with the plan guidance, review, and approval process described in subsection (3) of this section. Other administrative costs incurred by the department for program implementation activities, including stewardship plan review and approval, enforcement, and any rule making, may be recovered by charging every manufacturer an annual fee calculated by dividing department administrative costs by the manufacturer's pro rata share of the Washington state photovoltaic module sales in the most recent preceding calendar year, based on best available information. The sole purpose of assessing the fees authorized in this subsection is to predictably and adequately fund the department's costs of administering the photovoltaic module recycling program.

(10) ~~((Account.))~~ The photovoltaic module recycling account is created in the custody of the state treasurer. All fees collected from manufacturers under this chapter must be deposited in the account. Expenditures from the account may be used only for administering this chapter. Only the director of the department or the director's designee may authorize expenditures from the account. The account is subject to the allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures. Funds in the account may not be diverted for any purpose or activity other than those specified in this section.

(11) ~~((Rule-making.))~~ The department may adopt rules as necessary for the purpose of implementing, administering, and enforcing this chapter.

(12) ~~((National program.))~~ In lieu of preparing a stewardship plan and as provided by subsection (5) of this section, a manufacturer may participate in a national program for the convenient, safe, and environmentally sound takeback and recycling of photovoltaic modules and their components and materials, if substantially equivalent to the intent of the state program. The department may determine substantial equivalence if it determines that the national program adequately addresses and fulfills each of the elements of a stewardship plan outlined in subsection (5)(a) of this section and includes an enforcement mechanism

reasonably calculated to ensure a manufacturer's compliance with the national program. Upon issuing a determination of substantial equivalence, the department must notify affected stakeholders including the manufacturer. If the national program is discontinued or the department determines the national program is no longer substantially equivalent to the state program in Washington, the department must notify the manufacturer and the manufacturer must provide a stewardship plan as described in subsection (5)(a) of this section to the department for approval within thirty days of notification.

NEW SECTION. Sec. 2. (1) Subject to the availability of amounts appropriated for this specific purpose, the Washington State University extension energy program must convene a photovoltaic module recovery, reuse, and recycling work group to review and provide recommendations on potential methodologies for the management of end-of-life photovoltaic modules, including modules from utility scale solar projects.

(2) The membership of the work group convened under this section must include, but is not limited to, members representing:

(a) A manufacturer of photovoltaic modules located in the state;

(b) A manufacturer of photovoltaic modules located outside the state;

(c) A national solar industry group;

(g) A city solid waste program;

(h) A county solid waste program;

(i) An organization with expertise in photovoltaic module recycling;

(j) A community-based environmental justice group; and

(k) The department of ecology.

(3) Participation in the work group convened under this section is strictly voluntary and without compensation or reimbursement.

(4) The Washington State University extension energy program must submit its findings and recommendations in a final report to the legislature and the governor, consistent with RCW 43.01.036, by December 1, 2021.

(5) This section expires January 31, 2022."

On page 1, line 2 of the title, after "program;" strike the remainder of the title and insert "amending RCW 70.355.010; creating a new section; and providing an expiration date."

(i) Sick leave use if he or she qualifies under (a)(i), (vi), (vii), or (viii) of this subsection; or

(ii) Military leave if he or she qualifies under (a)(ii) of this subsection; and

(f) (~~The employee has diligently pursued and been found to be ineligible for benefits under chapter 51.32 RCW if he or she qualifies under (a)(i) of this subsection~~) (i) Until the expiration of proclamation 20-05, issued February 29, 2020, by the governor and declaring a state of emergency in the state of Washington, or any amendment thereto, whichever is later, an agency head may permit an employee to receive shared leave under this section if the employee, or a relative or household member, is isolated or quarantined as recommended, requested, or ordered by a public health official or health care provider as a result of suspected or confirmed infection with or exposure to the 2019 novel coronavirus (COVID-19). An agency head may permit use of shared leave under this subsection (1)(f) without considering the requirements of (a) through (e) of this subsection.

(ii) The office of the governor must provide notice of the expiration of proclamation 20-05, or any amendment thereto, whichever is later, to the chief clerk of the house of representatives, the secretary of the senate, the office of the code reviser, and others as deemed appropriate by the office of the governor.

(2)(a) The agency head shall determine the amount of leave, if any, which an employee may receive under this section. However, the agency head may not prevent an employee from using shared leave intermittently or on nonconsecutive days so long as the leave has not been returned under subsection (10) of this section. In addition, an employee shall not receive a total of more than five hundred twenty-two days of leave, except that, a supervisor may authorize leave in excess of five hundred twenty-two days in extraordinary circumstances for an employee qualifying for the shared leave program because he or she is suffering from

an illness, injury, impairment, or physical or mental condition which is of an extraordinary or severe nature. Shared leave received under the uniformed service shared leave pool in RCW 41.04.685 is not included in this total.

(b) An employee receiving industrial insurance wage replacement benefits may not receive greater than twenty-five percent of his or her base salary from the receipt of shared leave under this section.

(4) An employee may transfer annual leave, sick leave, and his or her personal holiday, as follows:

(a) An employee who has an accrued annual leave balance of more than ten days may request that the head of the agency for which the employee works transfer a specified amount of annual leave to another employee authorized to receive leave under subsection (1) of this section. In no event may the employee request a transfer of an amount of leave that would result in his or her annual leave account going below ten days. For purposes of this subsection (4)(a), annual leave does not accrue if the employee receives compensation in lieu of accumulating a balance of annual leave.

(b) An employee may transfer a specified amount of sick leave to an employee requesting shared leave only when the donating employee retains a minimum of one hundred seventy-six hours of sick leave after the transfer.

(c) An employee may transfer, under the provisions of this section relating to the transfer of leave, all or part of his or her personal holiday, as that term is defined under RCW 1.16.050, or as such holidays are provided to employees by agreement with a school district's board of directors if the leave transferred under this subsection does not exceed the amount of time provided for personal holidays under RCW 1.16.050.

(5) An employee of an institution of higher education under RCW 28B.10.016, school district, or educational service district who does not accrue annual leave but does accrue sick leave and who has an accrued sick leave balance of more than twenty-two days may request that the head of the agency for which the employee works transfer a specified amount of sick leave to another employee authorized to receive leave under subsection (1) of this section. In no event may such an employee request a transfer that would result in his or her sick leave account going below twenty-two days. Transfers of sick leave under this subsection are limited to transfers from employees who do not accrue annual leave. Under this subsection, "sick leave" also includes leave accrued pursuant to RCW 28A.400.300(1)(b) or 28A.310.240(1) with compensation for illness, injury, and emergencies.

(6) Transfers of leave made by an agency head under subsections (4) and (5) of this section shall not exceed the requested amount.

(7) Leave transferred under this section may be transferred from employees of one agency to an employee of the same agency or, with the approval of the heads of both agencies, to an employee of another state agency.

(8) While an employee is on leave transferred under this section, he or she shall continue to be classified as a state employee and shall receive the same treatment in respect to salary, wages, and employee benefits as the employee would normally receive if using accrued annual leave or sick leave.

(a) All salary and wage payments made to employees while on leave transferred under this section shall be made by the agency employing the person receiving the leave. The value of leave transferred shall be based upon the leave value of the person receiving the leave.

(b) In the case of leave transferred by an employee of one agency to an employee of another agency, the agencies involved shall arrange for the transfer of funds and credit for the appropriate value of leave.

(i) Pursuant to rules adopted by the office of financial management, funds shall not be transferred under this section if the transfer would violate any constitutional or statutory restrictions on the funds being transferred.

(ii) The office of financial management may adjust the appropriation authority of an agency receiving funds under this section only if and to the extent that the agency's existing appropriation authority would prevent it from expending the funds received.

(iii) Where any questions arise in the transfer of funds or the adjustment of appropriation authority, the director of financial management shall determine the appropriate transfer or adjustment.

(9) Leave transferred under this section shall not be used in any calculation to determine an agency's allocation of full time equivalent staff positions.

(10)(a) The value of any leave transferred under this section which remains unused shall be returned at its original value to the employee or employees who transferred the leave when the agency head finds that the leave is no longer needed or will not be needed at a future time in connection with the illness or injury for which the leave was transferred or for any other qualifying condition. Unused shared leave may not be returned until one of the following occurs:

(i) The agency head receives from the affected employee a statement from the employee's doctor verifying that the illness or injury is resolved; or

(ii) The employee is released to full-time employment; has not received additional medical treatment for his or her current condition or any other qualifying condition for at least six months; and the employee's doctor has declined, in writing, the employee's request for a statement indicating the employee's condition has been resolved.

(b) If a shared leave account is closed and an employee later has a need to use shared leave due to the same condition listed in the closed account, the agency head must approve a new shared leave request for the employee.

(c) To the extent administratively feasible, the value of unused leave which was transferred by more than one employee shall be returned on a pro rata basis.

(11) An employee who uses leave that is transferred to him or her under this section may not be required to repay the value of the leave that he or she used.

(12) The director of financial management may adopt rules as necessary to implement subsection (2) of this section.

(13) For the purposes of this section, "shortly deplete" means that the employee will have forty hours or less of the applicable leave types under subsection (1)(d) of this section. However, the employee is not required to deplete all of the employee's leave and can maintain up to forty hours of the applicable leave types in reserve.

#### MESSAGE FROM THE SENATE

March 9, 2020

Madame Speaker:

The Senate has passed ENGROSSED SECOND SUBSTITUTE HOUSE BILL NO. 2870 with the following amendment:

23.0.

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 24.** (1) The legislature finds that additional efforts are necessary to reduce barriers to entry to the cannabis industry for individuals and communities most adversely impacted by the enforcement of cannabis-related laws. In the interest of establishing a cannabis industry that is equitable and accessible to those most adversely impacted by the enforcement of drug-related laws, including cannabis-related laws, the legislature finds a social equity program should be created.

(2) The legislature finds that individuals who have been arrested or incarcerated due to drug laws, and those who have resided in areas of high poverty, suffer long-lasting adverse consequences, including impacts to employment, business ownership, housing, health, and long-term financial well-being. The legislature also finds that family members, especially children, and communities of those who have been arrested or incarcerated due to drug laws, suffer from emotional, psychological, and financial harms as a result of such arrests and incarceration. The legislature further finds that individuals in disproportionately impacted areas suffered the harms of enforcement of cannabis-related laws. Those communities

face greater difficulties accessing traditional banking systems and capital for establishing businesses.

(3) The legislature therefore finds that in the interest of remedying harms resulting from the enforcement of cannabis-related laws in disproportionately impacted areas, creating a social equity program will further an equitable cannabis industry by promoting business ownership among individuals who have resided in areas of high poverty and high enforcement of cannabis-related laws. The social equity program should offer, among other things, financial and technical assistance and license application benefits to individuals most directly and adversely impacted by the enforcement of cannabis-related laws who are interested in starting cannabis business enterprises. It is the intent of the legislature that implementation of the social equity program authorized by this act not result in an increase in the number of marijuana retailer licenses above the limit on the number of marijuana retailer licenses in the state established by the board before January 1, 2020.

**NEW SECTION. Sec. 25.** A new section is added to chapter 69.50 RCW to read as follows:

(1) Beginning December 1, 2020, and until July 1, 2028, marijuana retailer licenses that have been subject to forfeiture, revocation, or cancellation by the board, or marijuana retailer licenses that were not previously issued by the board but could have been issued without exceeding the limit on the statewide number of marijuana retailer licenses established before January 1, 2020, by the board, may be issued or reissued to an applicant who meets the marijuana retailer license requirements of this chapter.

(2)(a) In order to be considered for a retail license under subsection (1) of this section, an applicant must be a social equity applicant and submit a social equity plan along with other marijuana retailer license application requirements to the board. If the application proposes ownership by more than one person, then at least fifty-one percent of the proposed ownership structure must reflect the qualifications of a social equity applicant.

(b) Persons holding an existing marijuana retailer license or title certificate for a marijuana retailer business in a local jurisdiction subject to a ban or moratorium on marijuana retail businesses may apply for a license under this section.

(3)(a) In determining the issuance of a license among applicants, the board may prioritize applicants based on the extent to which the application addresses the components of the social equity plan.

(b) The board may deny any application submitted under this subsection if the board determines that:

(i) The application does not meet social equity goals or does not meet social equity plan requirements; or

(ii) The application does not otherwise meet the licensing requirements of this chapter.

(4) The board may adopt rules to implement this section. Rules may include strategies for receiving advice on the social equity program from individuals the program is

intended to benefit. Rules may also require that licenses awarded under this section be transferred or sold only to individuals or groups of individuals who comply with the requirements for initial licensure as a social equity applicant with a social equity plan under this section.

(5) The annual fee for issuance, reissuance, or renewal for any license under this section must be equal to the fee established in RCW 69.50.325.

(6) For the purposes of this section:

(a) "Disproportionately impacted area" means a census tract or comparable geographic area that satisfies the following criteria, which may be further defined in rule by the board after consultation with the commission on African American affairs and other agencies and stakeholders as determined by the board:

- (i) The area has a high poverty rate;
- (ii) The area has a high rate of participation in income-based federal or state programs;
- (iii) The area has a high rate of unemployment; and
- (iv) The area has a high rate of arrest, conviction, or incarceration related to the sale, possession, use, cultivation, manufacture, or transport of marijuana.

(b) "Social equity applicant" means:

(i) An applicant who has at least fifty-one percent ownership and control by one or more individuals who have resided for at least five of the preceding ten years in a disproportionately impacted area; or

(ii) An applicant who has at least fifty-one percent ownership and control by at least one individual who has been convicted of a marijuana offense or is a family member of such an individual.

(c) "Social equity goals" means:

(i) Increasing the number of marijuana retailer licenses held by social equity applicants from disproportionately impacted areas; and

(ii) Reducing accumulated harm suffered by individuals, families, and local areas subject to severe impacts from the historical application and enforcement of marijuana prohibition laws.

(d) "Social equity plan" means a plan that addresses at least some of the elements outlined in this subsection (6)(d), along with any additional plan components or requirements approved by the board following consultation with the task force created in section 5 of this act. The plan may include:

(i) A statement that the social equity applicant qualifies as a social equity applicant and intends to own at least fifty-one percent of the proposed marijuana retail business or applicants representing at least fifty-one percent of the ownership of the proposed business qualify as social equity applicants;

(ii) A description of how issuing a marijuana retail license to the social equity applicant will meet social equity goals;

(iii) The social equity applicant's personal or family history with the criminal justice system including any offenses involving marijuana;

(iv) The composition of the workforce the social equity applicant intends to hire;

(v) Neighborhood characteristics of the location where the social equity applicant intends to operate, focusing especially on disproportionately impacted areas; and

(vi) Business plans involving partnerships or assistance to organizations or residents with connection to populations with a history of high rates of enforcement of marijuana prohibition.

**NEW SECTION. Sec. 26.** A new section is added to chapter 43.330 RCW to read as follows:

(1) The marijuana social equity technical assistance competitive grant program is established and is to be administered by the department.

(2) The marijuana social equity technical assistance competitive grant program must award grants on a competitive basis to marijuana retailer license applicants who are social equity applicants submitting social equity plans under section 2 of this act. The department must award grants primarily based on the strength of the social equity plans submitted by applicants but may also consider additional criteria if deemed necessary or appropriate by the department. Technical assistance activities eligible for funding under the marijuana social equity technical assistance competitive grant program include, but are not limited to:

(a) Assistance navigating the marijuana retailer licensure process;

(b) Marijuana-business specific education and business plan development;

(c) Regulatory compliance training;

(d) Financial management training and assistance in seeking financing; and

(e) Connecting social equity applicants with established industry members and tribal marijuana enterprises and programs for mentoring and other forms of support approved by the board.

(3) Funding for the marijuana social equity technical assistance competitive grant program must be provided through the dedicated marijuana account under RCW 69.50.540. Additionally, the department may solicit, receive, and expend private contributions to support the grant program.

(4) The department may adopt rules to implement this section.

**Sec. 27.** RCW 69.50.540 and 2019 c 415 s 978 are each amended to read as follows:

(10) The task force shall submit one or more reports on recommended policies that will facilitate the development of a marijuana social equity program in Washington to the governor, the board, and the appropriate committees of the legislature. The task force is encouraged to submit individual recommendations, as soon as possible, to facilitate the board's early work to implement the recommendations. The final recommendations must be submitted by December 1, 2020. The recommendations must include:

(a) Factors the board must consider in distributing the licenses currently available from marijuana retailer licenses that have been subject to forfeiture, revocation, or cancellation by the board, or marijuana retailer licenses that were not previously issued by the board but could have been issued without exceeding the limit on the statewide number of marijuana retailer licenses established by the board before January 1, 2020; and

(b) Whether any additional marijuana licenses should be issued beyond the total number of marijuana licenses that have been issued as of the effective date of this section. For purposes of determining the total number of licenses issued

as of the effective date of this section, the total number includes licenses that have been forfeited, revoked, or canceled.

(11) The board may adopt rules to implement the recommendations of the task force. However, any recommendation to increase the number of retail outlets above the current statewide limit of retail outlets, established by the board before January 1, 2020, must be approved by the legislature.

(12) This section expires June 30, 2022.

(B) The ~~((state liquor and cannabis))~~ board must require license forfeiture on or before twenty-four calendar months of license issuance if a marijuana retailer is not fully operational and open to the public, unless the board determines that circumstances out of the licensee's control are preventing the licensee from becoming fully operational and that, in the board's discretion, the circumstances warrant extending the forfeiture period beyond twenty-four calendar months.

(iii) The ~~((state liquor and cannabis))~~ board has discretion in adopting rules under this subsection (3)(c).

(iv) This subsection (3)(c) applies to marijuana retailer's licenses issued before and after July 23, 2017. However, no license of a marijuana retailer that otherwise meets the conditions for license forfeiture established

pursuant to this subsection (3)(c) may be subject to forfeiture within the first nine calendar months of July 23, 2017.

(v) The ~~((state liquor and cannabis))~~ board may not require license forfeiture if the licensee has been incapable of opening a fully operational retail marijuana business due to actions by the city, town, or county with jurisdiction over the licensee that include any of the following:

(A) The adoption of a ban or moratorium that prohibits the opening of a retail marijuana business; or

(B) The adoption of an ordinance or regulation related to zoning, business licensing, land use, or other regulatory measure that has the effect of preventing a licensee from receiving an occupancy permit from the jurisdiction or which otherwise prevents a licensed marijuana retailer from becoming operational.

(d) The board may issue marijuana retailer licenses pursuant to this chapter and section 2 of this act.

#### MESSAGE FROM THE SENATE

March 10, 2020

Madame Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 2632 with the following amendment:

20.0.

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 21.** The legislature recognizes that false reporting laws criminalize the knowingly false reporting of certain occurrences that are likely to cause unwarranted evacuations, public inconvenience, or alarm.

Recently, however, false reporting and the 911 system have been weaponized, resulting in serious dangers and even lost lives. The term "swatting" describes the false reporting of an emergency with the goal of having a police unit or special weapons and tactics team deployed. The reckless act of swatting, often motivated by the perpetrator's bias towards protected classes, has caused death and trauma in some cases. As such, the legislature finds that a gross misdemeanor is insufficient as a legal response and hereby create felony false reporting punishments when the false reporting leads to injury or death.

**Sec. 22.** RCW 9A.84.040 and 2011 c 336 s 411 are each amended to read as follows:

(1) A person (~~is guilty of~~) commits false reporting if, with knowledge that the information reported, conveyed, or circulated is false, he or she initiates or circulates a false report or warning of an alleged occurrence or impending occurrence (~~(of a fire, explosion, crime, catastrophe, or emergency)~~) knowing that such false report is likely to cause ~~((evacuation))~~; Evacuation of a building, place of assembly, or transportation facility(~~(, or to cause))~~; public inconvenience or alarm; or an emergency response.

(2)(a) A person is guilty of false reporting in the first degree if the report was made with reckless disregard for the safety of others, the false reporting caused an emergency response, and death is sustained by any person as a proximate result of an emergency response. False reporting in the first degree is a class B felony.

(b) A person is guilty of false reporting in the second degree if the report was made with reckless disregard for the safety of others, the false reporting caused an emergency response, and substantial bodily harm is sustained by any person as a proximate result of an emergency response. False reporting in the second degree is a class C felony.

(c) A person is guilty of false reporting in the third degree if he or she commits false reporting under circumstances not constituting false reporting in the first or second degree. False reporting in the third degree is a gross misdemeanor.

(3) Any criminal offense committed under this section may be deemed to have been committed either at the place from which the false report was made, at the place where the false report was received by law enforcement, or at the place where an evacuation, public inconvenience or alarm, or emergency response occurred.

(4) Where a case is legally sufficient to charge a person under the age of eighteen with the crime of false reporting and the alleged offense is the offender's first violation of this section, the prosecutor may divert the case.

(5) For the purposes of this section, "emergency response" means any action to protect life, health, or property by:

(a) A peace officer or law enforcement agency of the United States, the state, or a political subdivision of the state;  
or

(b) An agency of the United States, the state, or a political subdivision of the state, or a private not-for-profit organization that provides fire, rescue, or emergency medical services.

(6) Nothing in this section will be construed to: (a) Impose liability on a person who contacts law enforcement for the purpose of, or in connection with, the reporting of unlawful conduct; (b) conflict with Title 47 U.S.C. Sec. 230 of the communication decency act; or (c) conflict with Title 42 U.S.C. Sec. 1983 of the civil rights act.

**NEW SECTION. Sec. 23.** A new section is added to chapter 4.24 RCW to read as follows:

(1)(a) An individual who is a victim of an offense under RCW 9A.84.040 may bring a civil action against the person who committed the offense or against any person who knowingly benefits, financially or by receiving anything of value, from participation in a venture that the person knew or should have known has engaged in an act in violation of RCW 9A.84.040, and may recover damages and any other appropriate relief, including reasonable attorneys' fees.

(b) A person who is found liable under RCW 9A.84.040 shall be jointly and severally liable with each other person, if any, who is found liable under RCW 9A.84.040 for damages arising from the same violation of RCW 9A.84.040.

(2) Any person convicted of violating RCW 9A.84.040 and that resulted in an emergency response may be liable to a public agency for the reasonable costs of the emergency response by, and at the discretion of, the public agency that incurred the costs.

**Sec. 24.** RCW 9.94A.515 and 2019 c 271 s 7, 2019 c 243 s 5, 2019 c 64 s 3, and 2019 c 46 s 5009 are each reenacted and amended to read as follows:

#### MESSAGE FROM THE SENATE

March 10, 2020

Madame Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 2722 with the following amendment:  
24.0.

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 25.** (1) Sustainable and resilient markets for recycled materials are essential to any successful recycling system. For many years, Washington has depended on foreign markets to accept the recyclable materials that are collected for recycling in the state. Developing domestic markets for recycled materials benefits the environment and the state's economy and is critical due to the loss of foreign markets.

(2) China's 2018 national sword policy bans the importation of recycled mixed paper and certain types of recycled plastic and imposes a stringent one-half of one percent contamination limit on all other recycled material imports. Washington's recycling facilities are struggling to find markets for recycled materials, resulting in the stockpiling of these materials. Washington must reduce its reliance on unpredictable foreign markets for its recycled materials.

(3) Plastic bottles can be recycled and can contain recycled content in order to close the loop in the recycling stream. Many companies have already taken the initiative at closing the loop by using plastic bottles that contain one hundred percent recycled content. Since November 2010, one national juice company has been using bottles made with one hundred percent postconsumer recycled content for all of its juices and juice smoothies. In January 2018, an international beverage producer announced that it will make all its bottles from one hundred percent recycled plastic by 2025.

(4) The requirements imposed by this act are reasonable and are achievable at minimal cost relative to the burden imposed by the continued excessive use of virgin materials in beverage containers in Washington.

(5) The legislature encourages beverage manufacturers to use plastic beverage containers that exceed the standards set forth in this act.

**NEW SECTION. Sec. 26.** The definitions in this section apply throughout sections 3 through 8 of this act unless the context clearly requires otherwise.

(1) "Beverage manufacturer" means a manufacturer of one or more beverages described in section 3(1) of this act, that are sold, offered for sale, or distributed in Washington.

(2) "Beverage manufacturing industry" means an association that represents companies that manufacture beverages.

(3) "Department" means the department of ecology.

**NEW SECTION. Sec. 27.** (1) Beginning January 1, 2022, beverage manufacturers that offer for sale, sell, or distribute in Washington beverages, intended for human or animal consumption and in a quantity more than or equal to two fluid ounces and less than or equal to one gallon, must meet minimum postconsumer recycled content as required under section 4 of this act, on average for the total number of plastic beverage containers for the following beverages:

(a) Water and flavored water;

(b) Beer or other malt beverages;

(c) Wine;

(d) Mineral waters, soda water, and similar carbonated soft drinks; and

(e) Any beverage other than those specified in this subsection, except infant formula.

(2) The following containers are exempt from sections 3 through 6 of this act:

(a) Refillable plastic beverage containers;

(b) Rigid plastic containers or rigid plastic bottles that are medical devices, medical products that are required to be sterile, prescription medicine, and packaging used for those products; and

(c) Bladders or pouches that contain wine.

(3) The department may adopt rules to exempt beverages.

**NEW SECTION. Sec. 28.** (1) Every year, a beverage manufacturer must meet the following minimum postconsumer recycled plastic content on average for the total number of plastic beverage containers for beverages as established in section 3 of this act that are sold, offered for sale, or distributed in Washington effective:

(a) January 1, 2022, through December 31, 2024: No less than ten percent postconsumer recycled plastic;

(b) January 1, 2025, through December 31, 2029: No less than twenty-five percent postconsumer recycled plastic;

(c) On and after January 1, 2030: No less than fifty percent postconsumer recycled plastic.

(2)(a) Beginning in 2021, and every other year thereafter, or at the petition of the beverage manufacturing industry but not more than annually, the department shall consider whether the minimum postconsumer recycled content requirements established under subsection (1) of this section should be waived or reduced. The department must consider a petition from the beverage manufacturing industry within sixty days of receipt.

(b) If the department determines that a minimum postconsumer recycled content requirement should be adjusted, the adjusted rate must be in effect until a new determination is made or upon the expiration of the minimum postconsumer recycled content requirement's effective period, whichever occurs first. The department may not adjust the minimum postconsumer recycled content requirements above the minimum postconsumer recycled plastic content percentages, as established under subsection (1) of this section. In making a determination to adjust the minimum postconsumer recycled content requirements the department must at least consider the following:

(i) Changes in market conditions, including supply and demand for postconsumer recycled plastics, collection rates, and bale availability;

(ii) Recycling rates;

(iii) The availability of recycled plastic suitable to meet the minimum postconsumer recycled content requirements, including the availability of high quality recycled plastic, and food grade recycled plastic from beverage container recycling programs;

(iv) The capacity of recycling or processing infrastructure;

(v) The progress made by beverage manufacturers in meeting the requirements of this section; and

(vi) The carbon footprint of the transportation of the recycled resin.

(3) The beverage manufacturing industry or a beverage manufacturer may appeal adjustments to the requirement for minimum postconsumer recycled content as determined under subsection (1) of this section to the pollution control hearings board within thirty days of the department's determination.

(4) The department may grant extensions of time for beverage manufacturers to meet the minimum postconsumer recycled plastic content requirements established under subsection (1) of this section if the department determines that a beverage manufacturer has made a substantial effort but has failed to meet the minimum recycled plastic content requirements due to extenuating circumstances beyond the beverage manufacturer's control.

(5) A beverage manufacturer that does not meet the minimum postconsumer recycled plastic content requirements established in subsection (1) of this section is subject to a fee established in section 6 of this act.

**NEW SECTION. Sec. 29.** (1)(a) On or before March 1, 2022, and annually thereafter, a beverage manufacturer, under penalty of perjury, must report to the department, in pounds and by resin type, the amount of virgin plastic and postconsumer recycled plastic used for plastic beverage containers containing a beverage as established under section 3 of this act sold, offered for sale, or distributed in Washington in the previous calendar year.

(b) The department must post the information reported under this subsection on its web site.

(2) The department may: (a) Conduct audits and investigations for the purpose of ensuring compliance with this section based on the information reported under subsection (1) of this section; and (b) adopt rules to implement, administer, and enforce the requirements of this act.

(3) The department shall keep confidential all business trade secrets and proprietary information about manufacturing processes and equipment that the department gathers or becomes aware of through the course of conducting audits or investigations pursuant to this chapter.

**NEW SECTION. Sec. 30.** (1) Beginning January 1, 2022, a beverage manufacturer that does not meet the minimum postconsumer recycled plastic content requirements as established under section 4 of this act, based upon the amount in pounds and in the aggregate, is subject to an annual fee.

(2) The following violation levels are based on a beverage manufacturer's overall compliance rate of the minimum postconsumer recycled plastic content requirements.

(a) Level one violation: At least seventy-five percent but less than one hundred percent of the minimum recycled plastic content requirements;

(b) Level two violation: At least fifty percent but less than seventy-five percent of the minimum recycled plastic content requirements;

(c) Level three violation: At least twenty-five percent but less than fifty percent of the minimum recycled plastic content requirements;

(d) Level four violation: At least fifteen percent but less than twenty-five percent of the minimum recycled plastic content requirements; and

(e) Level five violation: Less than fifteen percent of the minimum recycled plastic content requirements.

(3) Beginning March 1, 2023, the department may assess fees for violations as follows:

(a) Level one violation, the fee range is five cents to fifteen cents per pound;

(b) Level two violation, the fee range is ten cents to twenty cents per pound;

(c) Level three violation, the fee range is fifteen cents to twenty-five cents per pound;

(d) Level four violation, the fee range is twenty cents to thirty cents per pound;

(e) Level five violation, the fee range is twenty-five cents to thirty cents per pound.

(4) In lieu of or in addition to assessing a fee under subsection (3) of this section, the department may require a beverage manufacturer to submit a corrective action plan detailing how the beverage manufacturer plans to come into compliance with section 4 of this act.

(5) The department shall consider equitable factors in determining whether to assess a fee under subsection (3) of this section and the amount of the fee including, but not limited to: The nature and circumstances of the violation; actions taken by the beverage manufacturer to correct the violation; the beverage manufacturer's history of compliance; the size and economic condition of the beverage manufacturer; and whether the violation or conditions giving rise to the violation were due to circumstances beyond the reasonable control of the beverage manufacturer or were otherwise unavoidable under the circumstances including, but not limited to, unforeseen changes in market conditions.

(6) A beverage manufacturer must:

(a) Pay to the department assessed fees in quarterly installments; or

(b) Arrange an alternative payment schedule subject to the approval of the department.

(7) A beverage manufacturer may appeal fees assessed under this section to the pollution control hearings board within thirty days of assessment.

(8)(a) The department shall consider waiving or reducing the fees or extending the time frame for assessing fees established under subsection (3) of this section for a beverage manufacturer that has demonstrated progress toward meeting the minimum postconsumer recycled content requirements, as established under section 4 of this act, if the beverage manufacturer:

(i) Has failed to meet the minimum postconsumer recycled content requirements; or

(ii) Anticipates it will not be able to meet the minimum postconsumer recycled content requirements.

(b) In determining whether to grant a waiver of, or reduce a fee, or extend the time frame for assessing a fee, the department shall consider, at a minimum, all of the following:

(i) Anomalous market conditions;

(ii) Disruption in, or lack of supply of, recycled plastics; and

(iii) Other factors that have prevented a beverage manufacturer from meeting the requirements.

(9) A beverage manufacturer shall pay the fees assessed pursuant to this section, as applicable, based on the information reported to the department as required under section 5(1) of this act in the form and manner prescribed by the department.

**NEW SECTION. Sec. 31.** The recycling enhancement fee account is created in the state treasury. All fees collected by the department pursuant to section 6 of this act must be deposited in the account. Moneys in the account may be spent only after appropriation. Expenditures from the account may be used by the department only for providing funding to the recycling development center created in RCW 70.370.030 for the purpose of furthering the development of recycling infrastructure in this state.

**NEW SECTION. Sec. 32.** (1) A city, town, county, or municipal corporation may not implement local recycled content requirements for plastic beverage containers that must meet minimum postconsumer recycled content as required under sections 3 and 4 of this act.

(2) Local laws and ordinances that are inconsistent with, more restrictive than, or exceed the requirements of this act, may not be enacted and are preempted.

**NEW SECTION. Sec. 33.** A new section is added to chapter 42.56 RCW to read as follows:

**HOUSE RESOLUTION NO. 2020-4685**, by Representatives Jenkins, Wilcox, Barkis, Bergquist, Blake, Boehnke, Caldier, Callan, Chambers, Chandler, Chapman, Chopp, Cody, Corry, Davis, DeBolt, Dent, Doglio, Dolan, Duerr, Dufault, Dye, Entenman, Eslick, Fey, Fitzgibbon, Frame, Gildon, Goehner, Goodman, Graham, Gregerson, Griffey, Hansen, Harris, Hoff, Hudgins, Irwin, Jenkin, J. WHEREAS, Representative Sherry Appleton has ably and proudly served the people of Washington's 23rd

legislative district since taking the oath of office as a state representative on January 10, 2005; and

WHEREAS, During her sixteen years in the Legislature, she has been an unswervingly progressive voice, with a fierce commitment to her constituents in Kitsap County and a deep compassion for society's underdogs; and

WHEREAS, As a proud Navy widow with thousands of active-duty sailors and retired Naval personnel in her district, Sherry has been a staunch and effective advocate for the military, serving on related boards, commissions, and legislative committees, and was named "Outstanding Legislator of the Year" by the Department of Veterans Affairs and the governor's Veterans Affairs Advisory Committee for her years of often behind-the-scenes work on behalf of the state's approximately seven hundred thousand military veterans; and

WHEREAS, During her tenure in the Legislature, Sherry has chaired two standing House panels, the Committee on Local Government and the Committee on Community Development, Housing & Tribal Affairs, facilitating the passage of scores of bills designed to make Washington a better place to live, work, do business, and raise a family; and

WHEREAS, Sherry's commitment to seniors, especially those living with dementia, earned her the title of Mother of the Silver Alert for her multiyear effort to create a public safety law that has saved countless lives since its passage in 2015; and

WHEREAS, Living amid the natural beauty and bounty of the Kitsap Peninsula helped Sherry become a conservationist before conservation was cool, and her consistency in advancing this cause led the nonpartisan Washington Conservation Voters to induct her into its "Lifetime 100 Club," an honor based on how consistently an elected official votes to "protect our clean air, water and forests, while accelerating the transition to a good-job, clean-energy economy"; and

WHEREAS, Our four-footed or feathered friends have no greater legislative ally than Sherry, who includes them in the category of the voiceless for whom she is privileged to speak, a fact obvious in the wide range of animal-welfare bills that she has sponsored over the years, including the breed-ban bill that she pursued for years, and her successful efforts to secure funding in the capital budget for much-needed improvements to the puppy room at Kitsap Humane Society; and

WHEREAS, This continuing dedication to animals and animal rights led the Washington state chapter of the Humane Society of the United States to name Sherry "Humane Legislator of the Year" in 2018, prompting her to say at the award ceremony, "A society, a culture, can be judged by how it treats those with the least power: Children, seniors, persons living with disabilities, and yes, our animals. I'm grateful to have colleagues in the Legislature on both sides of the party aisle who recognize this and work with me to make this a better place for all of us"; and

WHEREAS, Sherry has fought hard for her beloved 23rd legislative district, bringing home victories for the people of Kitsap County, its cities and towns, and its valuable institutions, including Martha & Mary, Olympic College, the Marine Science Center (SEA Discovery Center), Village Green Community Center, and Fishline Food Bank, among many, many others during her legislative tenure; and

WHEREAS, Sherry's commitment to public service is evident in her work outside of and prior to her election to the Legislature, including her appointments by Presidents George H.W. Bush and Bill Clinton to serve on the Washington State Advisory Committee to the U.S. Commission on Civil Rights, and her service on the board of directors of the Association of Washington Cities, on the Northwest Women's Law Center Legislative Committee, on the board of NARAL, and as vice-chair of the Washington State Women's Political Caucus; and

WHEREAS, Last, but certainly not least, Sherry has continually called the Legislature's attention to the fact that the people she represents live on a peninsula and an island, and that the Washington state ferry system is their economic and recreational lifeline, and she has been a fierce and tireless advocate for safer, more affordable, and more dependable ferry service for Kitsap County;

NOW, THEREFORE, BE IT RESOLVED, That the Washington State House of Representatives honor Representative Sherry Appleton upon her retirement from the Legislature for her sixteen years of service to her constituents in the 23rd legislative district, to the House of Representatives, and to the entire State of Washington.

Representative Pettigrew moved adoption of HOUSE RESOLUTION NO. 4685.

Representative Pettigrew: "Thank you Madam Speaker, I am incredibly honored to be allowed to speak on behalf of this resolution and urge the body to support it. You know when I think of the good member from the 23<sup>rd</sup>, I think of two words – feisty and fun. Feisty, one of the first arguments I ever had in the Legislature was with Sherry Appleton. In the wings, not in the wings, actually in the hallway there, we were talking about some education stuff and I was like "Who in the world is this person yelling and screaming at me about this particular issue. But it was at that moment that I realized that I was completely and totally just head over heels in love with Sherry Appleton. She is the one person that I know, and you probably are aware of, who has coined the phrase "I will not vote for that" which I appreciate that, and has been an incredible friend and leader. You know, Sherry and I, when I first got here, we sat on the floor together and she sat next to me and believe it or not, when I first got to the Legislature, I was a little playful, and maybe a little immature as far as being a prankster; I did things like snakes in a can and throwing the football across the floor with the good member from the 26<sup>th</sup> but Sherry was my partner that sat next to me and one particular time, I just remember, I was going to play a joke on Sherry; I was going to play this prank on her and so I got a message from the security that had on it to Sherry to call this number right away, this is from this constituent that wants to talk to you Right Now! You've got

to call them Right Now, and I kept going "Sherry, your LA called again; you've got to call them right now!" and it was from, the constituent's name was Alley, her last name was Gator, and she actually resided at the Woodland Park Zoo. And so of course, Sherry picked up the phone in her urgency and called to speak to Miss Alley Gator and of course the Woodland Park Zoo. She eventually figured it out but she was, it was just an absolute blast to have her sit next to me and she's always been just the one person, one of the people, that I have absolutely loved when I come to the Legislature, whenever we have our advances or anything else that I will love to see. It just does my heart so good to be in the caucus and seeing her sit to my left and being able to, we make eyes at each other and make fun of each other while we're sitting up there and even though I'm not going to be here and you're not going to be here, I'm just going to so, just so, so so sincerely just truly miss you. I so appreciate your honesty, and I always knew exactly where you were on everything, including how you felt about me and I so appreciate it, thank you."

Representative Klippert: "Thank you Madam Speaker. *Hums the Odd Couple theme.* Ladies and gentlemen, how the, as stated in the resolution, the most unswervingly progressive and the most to the right conservative, ever passed bills off this House floor I don't know but I want to let you know that Appleton-Klippert bills passed off this floor almost unanimously at least twice, so Madam Appleton, thank you very much for the honor and pleasure of being number two on bills that you prime-sponsored. One of my favorite things, memories, of Sherry Appleton – the gentledady from the 23<sup>rd</sup> is her floor speeches in committee that were questions "wouldn't you agree" As someone who has served in the military for over 30 years now and the commander of the State Guards, Sherry Appleton, thank you for your love of our military, thank you for honoring our veterans and especially those who serve in the Navy even though they are squids and we thank you for that. How a pitbull like Sherry Appleton ever got a breed ban bill passed through this Legislature I don't know because everyone knows as was previously stated what a pitbull; you don't want to get in her way, she will take you out on her way to success. So ladies and gentlemen, without any further ado, the mother of Silver Alert, my honored associate, I want to give praise to Sherry Veterlene Appleton. Thank you Sherry, for your service to our state; you are loved by myself and the members of this body. Thank you very much.

Representative Gregerson: I stand here really spending a lot of time thinking about all the years that we spent together, Sherry, and a few things that come to mind as I stand here to give you so much thanks on behalf of so many of us is that you've been travelling this campus for over almost three decades. You know every place in this place and you are an unshakable moral compass for us; you are going to be missed. You also are loved by your district and I don't know if any of us are as loved by our district as much as you are and I think that speaks to who you are, the depth of your kindness and your thoughtfulness and the things that you stand for and that people trust you. On a personal note, when I first got here, I was scared to death of you actually. I would come in a little bit late and you would yell at me as

a chair; or if I were typing on my computer too loud, you'd look at me and yell at me but hopefully you think better thoughts of me now. But on a more serious note, I'm going to miss you, especially in the member's cafeteria; I love coming downstairs and seeking you out and trying to figure out what part of the menu you grabbed and how much you like it and how kind you are to the staff and you're always so complimentary to them about how great of a job they are doing and how the food that they're cooking and they're making is just made with love and this is the best part of your day. I also want to remind you how thankful we all are of all the years of service you've given us and the time away from your pup Bear and reading all those mystery novels and the times that you weren't feeling well but we needed you for that vote and you stayed up late. So I hope that now that you go on to the next parts of your life that you don't miss us too much and that you spend more time having a good time and come back."

Representative Griffey: "Thank you Madam Speaker. It is an honor for me to stand in support of this resolution. Madam Chair, I know you always laugh at me when I do that but my background from the fire services we respect an earned title and Madam Chair, you've earned that. We had a good time sitting next to each other. We did a lot of fun things, and yes I was chastised for how loud I was in committee many times but we got through it, didn't we Madam Chair, we made a good team. The one thing about Sherry I think is unique, at least from the minority side is you never really knew in committee which way she was going to vote. We sometimes would get a bump out of Sherry and that was great, thank you for that. You know, there's a lot of sad times when you're in the minority, you lose most of those but a lot of times you went our way because you thought we were being picked on, thank you Sherry for that. I'm always going to fondly remember her floor speeches because you never knew how those were going to go either and quite often in committee how she could just in the end have to wrap it up by "don't you agree" because she had to get her point out and by goodness, nobody was going to stop Sherry from getting her point out. It is an honor to have worked with you Sherry, you have a good retirement, you will always have friends in this Legislature. Thank you so much Madam Speaker."

Representative Goodman: "Thank you very much Madam Speaker. I rise in honor of Representative Larry Haler. So Sherry, you, many people don't know that you and I were born in the same hospital in Providence Rhode Island, 19 years apart, of course. I've always felt like you're my big sister and we've eaten in the cafeteria together and the gentelady from the 33<sup>rd</sup> is so right, you really cared about everyone, including those who prepared our food and I just, really, we are the two longest serving members of the Jewish caucus in the Legislature and we believe in furthering policy that reflects, that our society should be based on compassion and justice and you have articulated that probably better than anyone. I have highly valued you sitting on my committee, protecting public safety, but also protecting individual rights and you have never hesitated to speak up for those who don't have a voice, including animals and the most vulnerable and our veterans, and we could go

on and on. But I think there's no one more principled who was undaunted in standing up and speaking up, even though we didn't really feel comfortable listening to it, we needed to hear it and on the floor as well. And so on behalf of the body, I just want to thank you for your service and for, we hope we can name swimming pools and elementary schools after you, but we really value your service here and thank you so much."

Representative Caldier: "Thank you Madam Speaker. So Representative Appleton, when I first got elected, I wasn't quite sure what to think of you. I remember I had a whole bunch of great ideas and I had all these blue sheets and I brought them to former Representative Norm Johnson and he looked at them and he said "Oh my goodness, just because you're from Kitsap County doesn't mean you need to run a bunch of bills like Sherry Appleton." And so I thought ok, alrighty and I'd listen to the long marijuana floor speeches and I'd sit there and hear you lobby, you know, some of the members, about the horse meat bill and I was thinking I don't know if we have a whole lot in common. And then I lost my vision and it was a really low point in my life and I couldn't drive anymore and you came to me across the floor and you said "I heard that you were having some problems and I want to give you a ride." And we hadn't had much to say to each other for the first couple of years and I thought, wow, Wow, that's pretty amazing, and throughout those rides, we developed a friendship that only the odd couple could ever understand. And I got to know you really well. I learned a couple things about you. First of all I learned how calm you are in crisis and when the car would veer off the road and I would say "Oh my God we're driving by braille!" and you're like "Calm down Michelle, calm down." I learned how much you care about animals and you know you didn't care just about any animals I mean even about the ones that were most vulnerable and I remember the day that you got Bear and we had a forum and everyone was waiting for Sherry and so I called you and you said "Oh I can't go to a forum, I have a dog, his name is Bear and I'm going to love him and I'm going to take care of him so tell them I'm not coming." And I was like "Ok" and most of all I learned about how kind you are and what a big heart you have. I mean it takes an awful big heart to voluntarily sit in the car with me for a couple hundred hours – not many people would do that and I really appreciate you personally. I know that you are going to be missed, not only by myself, but the entire body here, but also by your feathered friends, by your furry friends, by your silver friends and all of our friends at Kitsap County, so thank you very much for your service."

HOUSE RESOLUTION NO. 4685 was adopted.

Representative DeBolt moved adoption of HOUSE RESOLUTION NO. 4684.

Speaker Jenkins: “Before I call on you, Representative Debolt, I would just like to acknowledge that Representative Smith’s children and grandchildren are joining us from across the globe remotely and we would like to welcome them.”

Representative DeBolt: “Thank you Madam Speaker, and it’s funny because I feel like she’s part of my family too so hello to all of my relatives out there. It was interesting, Norma and I have had a wonderful career together; she’s one of my best friends in the building; she’s one of my best advisors; she’s made me a better person. You know, when I stepped away from leadership, I had the opportunity to go and work on policy and Norma would always get upset when I was leader because I would always do politics first and they sent me to Norma’s committees – I think it was for her to keep an eye on me and she taught me a lot about how to be gracious, how to be a good listener, about how to put the people of Washington first and the other thing that Norma did was that she led with kindness in her heart. So often we get so upset here about such trivial things and Norma’s kindness would always shine through. Even when she was really mad at you. So, she was the Ranking, I was the Assistant Ranking on ITED and I was the Ranking and she was the Assistant Ranking on Capital and we spent, for the last three years, an exorbitant amount of time together, which is a curse and a blessing. She is one of those people, though, that you can’t help but be in a good mood when you’re with Norma Smith and I will tell you, Norma, this institution is better because you’ve been here and if it’s not

just your kindness and your spirituality, because you're one of the most spiritual women I've ever met, well nix that, spiritual person I've ever met because you're up there with my pastor and I look to you for spiritual guidance all the time. You prayed for me when I was sick, you've taught me to pray for myself, you've done so much to make me a better person but this institution is better because you're here and your citizens were better because you're here and you actually taught us about consumption which is a really hard thing to take a group of people and have them stop and think about what they consume and how they consume and where it comes from. So often it's so easy for us to think that we're driving an electric car and we're ok, but you remembered the children in the Congo and the batteries, and the rare-earth minerals and we always used to, during the legislature, go "Ok, here comes Norma. It's going to be a speech on rare-earth minerals." But you know, by the time we were done, we would just be like "Oh, we need to think about that." And the last thing, though, is I love how much you love your kids and your grandkids and, you know, my wife and I would come up and visit you over the summer and I appreciate all your hospitality and if you haven't gone on a tour of Norma's island, you need to because it's her island and meet her donkey and spend time with her and see the places that she values and holds dear and you are such an inspirational woman and I know why you're leaving, to go make the world a better place and to teach spirituality and to give people hope and inspiration in other parts of the world and I know how much you're going to change the world – even more than you ever changed it here but from one heart that's a better heart and a better Christian for knowing you, I just wanted to thank you and I am so sorry you're leaving but thank you."

Representative Mosbrucker: "Thank you Madam Speaker. I stand in full support and it's an honor to be here today for this resolution. So, not all angels live in heaven and some of our angels here are on earth and I would say that Norma's one of them. Permission to read? This is by Janet McCauley and this fits my love and affection for Norma. So, *Angels sent by God. Some angels live among us in an ordinary way. To carry out their mission, and with all of that they're ok. They do the work that glorifies the Father from above and every step they take on earth is filled with God's own love. They redirect the wayward and they comfort others still, they rescue and they enlighten, they share with us all, goodwill. So be careful who you talk to for you never really know that if you're talking with an angel sent by God to help you grow.* And Norma's helped me to grow. She's helped me to grow from the day I met her, from pizza at Vic's Pizzeria to pictures of her perfect grandchildren to just sitting next to her in the prayer group every Tuesday morning. It's a blessing to have her – she is the heartbeat of our caucus. I have no idea what it's going to be like without her in there, and she continued to bring faith to the Capitol, and for that I am grateful.

Representative Tharinger: Thank you, Madam Speaker. I'm honored to be able to speak to this resolution honoring Norma Smith. I think in the resolution I heard the words "loving" and "caring" many times, and that's very fitting. Norma brought loving and caring to our work and I work

with her probably most closely on the Capital Budget and her viewpoint on children's issues, mental health issues, behavioral health issues was loving and caring and I think our budgets were better for that. I will say, as Chair of the Capital Budget I had to negotiate the number of questions Representative Smith could ask at certain times because as people know, she has a lot of questions. They're good questions but they tend to be numerous and so we sometimes would negotiate how many questions she would get at any particular time. It was a gentle, friendly negotiation but I think it did move our committee along faster to not let Norma dominate the question periods with her questions because she's very involved, very engaged and has a lot of questions. But, we have, as you know, we've worked hard at having a Capital Budget team that is very bipartisan and Norma really brought that loving caring voice to our capital budget decisions and our capital budgets are more humane and more caring because of her Norma, so thank you."

Representative Wilcox: "Thank you Madam Speaker. Madam Speaker, some people come and go from the chamber and they're remembered for a while. We've got an analogy that gets used in our caucus quite a bit that talks about how easy it is to just slide that nameplate out and it is true. We've all seen members leave and, you know, I know we all want to be remembered but this is a place that's built around change and there's a new person that comes in, sits at their desk and pretty soon, you know, it's a whole new Legislature and the past is just forgotten. I'm pretty sure that that's not going to be the case with Norma. Norma has had, it turns out, maybe you've noticed this Madam Speaker, that we have a little bit of idle time on our hands here so we get to visit with people, sometimes late at night and so you learn an awful lot about people and I know that Norma is one of those people who've had several different lives. I know that one of those periods came to an end in a hard way and Norma has shared that with us. Norma's the kind of person that all of us share with too. I can think of many things that have troubled me that I probably haven't shared with anybody but Norma because you know that you can trust Norma. Boy, what a rare thing to say in the House of Representatives that here's a person that you can trust every second of the day. We know that that's a lot more common among politicians than people think but those watching on TVW may be surprised to hear that. There's a lot of words that you can associate with Norma: Obviously, sincerity – nobody here would ever question Norma's sincerity. Honesty, is always there, sometimes when it's painful and I'll tell you a little bit more about how my different roles in the Legislature has changed, given me different perspectives on Norma, and every one of them has been valuable. Nobody, that I've ever known in my life is both so sweet, nice and determined. People talk about Norma as if she's sort of this caricature of the person that you would always go to but they forget that the best way to describe her determination is that it is steely. You cannot divert Norma from her path when she knows that she's right. And that steely determination is driven by compassion. Nobody here is as undeviating when it comes to pursuing compassion in politics and in policy and I'm sure it's because these important human characteristics are behind all of her decisions that she is so determined. When I was the floor leader, the best arrow in the quiver of the

House Republican Caucus, I think, was Norma as a closer. I have never known anybody that just packs up the moral high-ground, puts it in her purse and carries it around and unpack it in a speech, because, Norma, when you're done with a speech that you believe in to and by the way, you can't ask Norma to give every speech. You can't ask Norma to close every debate. It's got to be a debate that she believes in but as the last speaker, in something we thought was important, when she was a believer, even though the votes go against us, the House Republicans go off feeling like winners. I don't mean this to diminish anybody else, but that's the power of Norma Smith to all of us. I think the last thing that I want to talk about when it comes to, maybe the second to last thing I want to talk about when it comes to Norma is all of those qualities put together. Some of you know that she has recently been on a different side on an important issue from most of our caucus; it's not easy to accommodate that in a caucus, especially as leader where you feel like you have to balance a lot of different issues. What made this such a great life lesson for me is that we were able to approach this from a position of perfect honesty and perfect openness and I learned more about how to do politics, you know in the inside the building way, and in the best possible way in the last two years from engaging with Norma in this and figuring out how can we do this with the greatest possible integrity and engaging with a person you know is unflinchingly honest and has unflinching integrity. What a great experience for me and I hope that it was plain to other people that that's the way Norma approaches this and what a great thing if we can all be more like Norma when it comes to politics inside this building. The last thing that I think is so critical, I think I mentioned that Norma has had a series of different segments in her life. Some people say I've lived a lot of different lives, or, that person's lived a million lives to my one. Norma's got at least one more, I know, and when you talk to Norma about this day, it's painful to lose her but she's excited. She's not someone that's looking back with regret, she's looking forward because one more time, Norma Smith is on a mission and I am so happy for you Norma. I am sad for us, like Richard said, but I am so happy because there are a bunch of people whose lives are going to be way way better because you're leaving here and moving on to that life. So thanks for your life here, we won't forget you."

Representative Peterson: "Thank you Speaker Jenkins. Start off by saying I think it's ok that if you're speaking about Norma Smith and you get a little choked up, I think that's acceptable. I was honored to be asked to speak today and I've heard some great words about her compassion and her caring, all true. She's also a bit of a troublemaker. To the gentlemen from the 20<sup>th</sup> and 24<sup>th</sup> who spoke before me, yeah, she would really pull one over on you guys. As you might be arguing about oh, what's the other body doing with their Capital Budget, Norma would lean over to me and say "What kind of trouble can we cause" and it was really that attitude of causing trouble that probably 90% of us put in our newsletter that the Washington State Legislature has spent record amounts of money on mental health. That's the kind of trouble she would cause. She was still causing trouble but it was trouble for the people of Washington and really the people of the world. We love to bring things back to our

districts, here especially in the Capital Budget, that's some of the fun, but Norma never worried about what was going back to the 10<sup>th</sup> Legislative district, she was worried about what was going back to the people of Washington and it was great to watch and an honor to be a part of, an honor to be her partner in crime, at times, and cause trouble, and as has been said before, this is a better place because of you, Norma. This is a better state because of you. I am a better person because of you, and while I very much look forward to the ribbon cutting of the firelight toilet and coming up and meeting your miniature donkey, I will miss you every day that I am here. Thank you so much."

Representative Hansen: "Thank you Madam Speaker. Fortunately I got a heads-up about Representative Smith's announcement last week from the former Representative from the 10<sup>th</sup> district, Representative Hayes, before it happened, otherwise you would have to carry me out of here. So, this is very bad news. I know everyone says this is good news and good this will happen; for me this is very bad news. It is horrible to lose Representative Smith as a colleague and to that end, you may think we are done with introducing bills, I'd like you all to know that that is not correct, House Bill 2997 by Representative Hansen says that there will be mandatory run for reelection for anyone from the 10<sup>th</sup> district, position 1 who's name rhymes with Smorma Smith. We already have 97 co-sponsors, so I'm sorry, you will be staying with us for a little while. I've worked very closely with Representative Smith. We have this bad habit in politics of saying on the floor "my friend" or "my good friend" when really this just means someone else who serves in this body with me. Representative Smith actually is my good friend. We worked together for two years on derelict vessels; we both represent island communities and it's no small thing if a boat goes down and pollutes the sea floor and you have to shut down shellfish harvesting. We spent two years putting together a series of bipartisan proposals to totally re-write that area of environmental law and we passed them with overwhelming bipartisan support. We spent a year on net neutrality; the Representative and I co-wrote the first state level net-neutrality bill in the country that passed, as newspapers later said, with "rare bipartisanship." Maybe more importantly than all, we co-chaired the Governor's prayer breakfast for two years and that's really where we got to know each other first. When I walked in here for the first time, that was one of the first things I did was join the prayer fellowship where Norma was every Tuesday, reliably, and you know, look, people have been talking about her deep faith, that's really where Representative Smith and I kind of align most closely. Our politics, there's a little bit of a Ven diagram where we cross but our faith in the risen Lord is the complete overlap. I know in our faith, at least, everyone is equal in the eyes of the Lord and the Lord hears everyone's prayers and the Lord loves everyone; I am totally convinced that the Lord really really particularly loves Norma because there is, as I've said about her publicly before, there's a line in the psalms about blessed are the pure in heart for they shall see God in Jesus' teachings in the Beatitudes and that is Representative Smith. When I have needed prayer, I have pulled her out of her caucus to ask for prayer and when the Lord has put her on my heart, I have texted her and let her know and we end up speaking and praying together not

infrequently, more frequently than you would think for a Republican and a Democrat. But I think Norma's faith is not just something about her personal relationship with Jesus Christ, it deeply affects her policy positions; repeatedly and, as been mentioned before, she will be on the side of people who doesn't seem like has anyone to speak up for them as loudly as maybe they should and she is always the reminder that we do not serve in this body to represent a particular powerful interest whoever that may be. We serve in this body to represent people who may not feel like they have anyone to be their voice; that's fundamental to our shared faith and fundamental to Representative Smith's policies. So, it is horrible, obviously, to lose you as a colleague and I feel like I'm still learning new things about you, even today; I didn't know you had a donkey - this confirms for me what I always suspected, that you are truly a secret Democrat. But I've now had enough time to grieve and realize that ok, for now, we will have to say good bye but it is not forever and it is very hard, even for now, to say good bye to my good friend and my colleague and my sister in the Lord, but that we will be together again when we sing the song that never ends in the presence of the Savior. Thank you."

Representative Tarleton: "Well, thank you, Madam Speaker. A lot of you on this floor may or may not know I have been a roommate of Norma Smith for seven years. It is an astonishing experience to share stories that have nothing to do with this place when you know that what you're trying to figure out every morning is who takes a shower first, but we have sorted that out. Norma and I share, and we didn't know this until we started talking, we both have this really odd interest in national security policy going back to the very first parts of our careers. She was ahead of me but we overlapped in Washington DC and found that regardless of our different views, perhaps on politics, we shared very similar views on U.S. Congress. Norma and I also share an intense desire to tell stories about our dogs and we've shared many photos about dogs and our families and we've shared many fears about our colleagues here and family members who are suffering from all kinds of illness and concerns and we've also managed to cheer together even when we have just finished 14 hours on this floor when there was a well fought floor debate - whether or not we were on the same side of the debate. Norma, I just want to honor your love of music and family and community with quoting a song that has surrounded me my whole life from my family and my friends and, Madam Speaker, if you will allow me to recite this song, I'm not going to sing it but I can recite it from memory but I don't want to take credit for it. It is a Crosby, Stills, Nash & Young song, may I recite? Thank you Madam Speaker. This is for you Norma: *You who are on the road must have a code that you can live by and so become yourself because the past is just a good-bye. Teach your children well, their father's hell did slowly go by, and feed them on your dreams the one they picks, the one you'll know by. Don't you ever ask them why, if they told you, you would cry, so just look at them and sigh and know they love you. And you, of tender years, can't know the fears that your elders grew by, and so please feed them on your dreams the one you picks, the one they'll know by. And don't you ever ask them why, if they told you, you would cry, So just look at*

*them and sigh and know they love you.* Thank you Norma for all of your service to our state."

Representative Appleton: "Thank you Madam Speaker. Oh they changed it. They had Appleton up there this whole time and I though oh geeze, we're inexplicably tied together and when I say that, I got on a plane for Florida, who do I see but Norma and I went "Huh" and she was visiting her son and grandchildren, right? Anyway, it was wonderful having someone I know on the plane. The other thing is, is that we did a widow's dinner at Marcia Fromhold's and there were six of us who went and it was a joyous time. It wasn't a sad time but it was really something to know that your fellow ladies, six of them, were widows at the same time. It seemed like our husbands all died around the same year. So, we won't go back to 2006, please. The last thing I have to say is Norma, you are terrific. I can't say the same things that everybody else said but I can tell you that I have respected and loved you since the beginning and I wish you Godspeed."

HOUSE RESOLUTION NO. 4684 was adopted.

The Speaker called upon Representative Orwall to preside.

Mme. SPEAKER:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 1154, with the following amendment:

Strike everything after the enacting clause and insert the following:

**NEW SECTION. Sec. 40.** (1) The legislature finds that the office of the Chehalis basin, established in RCW 43.21A.730, is faithfully carrying out one of the prime directives of legislative intent from chapter 194, Laws of 2016, by drafting a strategic plan and accompanying environmental assessments, as the legislation called for a Chehalis basin strategy that "must include an implementation schedule and quantified measures for evaluating the success of implementation."

(2) The legislature also finds that the office of Chehalis basin has been successful in its initial work to secure both state and federal funds for projects in the near term. However, specificity is needed for consideration of the long-term funding needs.

**NEW SECTION. Sec. 41.** A new section is added to chapter 43.21A RCW to read as follows:

The office of Chehalis basin shall, based on the anticipation of completing the strategic plan with an implementation schedule, submit agency decision packages in preparation for the 2021-2023 fiscal biennium omnibus

capital appropriations act, with a report of out-biennia detail, containing:

- (1) A specific list of projects;
- (2) Project costs and suggested fund sources;
- (3) Location information; and
- (4) A time frame, including initiation and completion.

**NEW SECTION. Sec. 42.** A new section is added to chapter 43.21A RCW to read as follows:

The office of Chehalis basin shall submit a report by January 1, 2021, to the legislature that meets the requirement of a finalized strategic plan containing an implementation schedule and quantified measures for evaluating the success of implementation, and the appropriate policy and fiscal committees of the legislature shall, within one hundred twenty days of the receipt, conduct a joint hearing for the purposes of: (1) Receiving a report from the office of Chehalis basin; and (2) considering potential funding strategies to achieve the implementation schedule."

On page 1, line 2 of the title, after "projects;" strike the remainder of the title and insert "adding new sections to chapter 43.21A RCW; and creating a new section."

**FOR THE DEPARTMENT OF COMMERCE**

2019-21 Behavioral Health Capacity Grants  
(40000114)

The appropriation in this section is subject to the following conditions and limitations:

(1) The appropriation in this section is provided solely for the department of commerce to issue grants to community hospitals or other community providers to expand and establish new capacity for behavioral health services in communities. The department of commerce must consult an advisory group consisting of representatives from the department of social and health services, the health care authority, one representative from a managed care organization, one representative from an accountable care organization, and one representative from the association of county human services. Amounts provided in this section may be used for construction and equipment costs associated with establishment of the facilities. The department of commerce may approve funding for the acquisition of a facility or land if the project results in increased capacity.

Amounts provided in this section may not be used for operating costs associated with the treatment of patients using these services.

(2) The department must establish criteria for the issuance of the grants, which must include:

(a) Evidence that the application was developed in collaboration with one or more regional behavioral health entities that administer the purchasing of services;

(b) Evidence that the applicant has assessed and would meet gaps in geographical behavioral health services needs in their region;

(c) Evidence that the applicant is able to meet applicable licensing and certification requirements in the facility that will be used to provide services;

(d) A commitment by applicants to serve persons who are publicly funded and persons detained under the involuntary treatment act under chapter 71.05 RCW;

(e) A commitment by the applicant to maintain and operate the beds or facility for a time period commensurate to the state investment, but for at least a fifteen-year period;

(f) The date upon which structural modifications or construction would begin and the anticipated date of completion of the project;

(g) A detailed estimate of the costs associated with opening the beds;

(h) A financial plan demonstrating the ability to maintain and operate the facility; and

(i) The applicant's commitment to work with local courts and prosecutors to ensure that prosecutors and courts in the area served by the hospital or facility will be available to conduct involuntary commitment hearings and proceedings under chapter 71.05 RCW.

(3) In awarding funding for projects in subsection (5) of this section, the department, in consultation with the advisory group established in subsection (1) of this section, must strive for geographic distribution and allocate funding based on population and service needs of an area. The department must consider current services available, anticipated services available based on projects underway, and the service delivery needs of an area.

(4) The department must prioritize projects that increase capacity in unserved and underserved areas of the state.

(5) (~~(\$47,000,000)~~) \$73,231,000 is provided solely for a competitive process for each category listed and is subject to the criteria in subsections (1), (2), (3), and (4) of this section:

(f) \$8,000,000 is provided solely for the department to provide grants to community hospitals, freestanding evaluation and treatment providers, or freestanding psychiatric hospitals to develop capacity for beds to serve individuals on ninety-day or one hundred eighty-day civil commitments as an alternative to treatment in the state hospitals. In awarding this funding, the department must coordinate with the department of social and health services, the health care authority, and the department of health and must only select facilities that meet the following conditions:

(1) Nothing in this section alters the obligation set forth in the permanent injunction, including the compliance deadline, entered on March 29, 2013, in *United States v. Washington*, sub-proceeding 01-1 (Culverts), or the guidelines for compliance within the specified timeline with the permanent injunction as developed by the state agencies during the implementation process.

(2) Nothing in this section creates an obligation on the part of the state to provide funding for corrections for nonstate-owned culverts. Nothing in this section precludes the state from providing funding for corrections for nonstate-owned culverts.

(3) In order to provide recommendations, the Brian Abbott fish barrier removal board must develop a comprehensive statewide culvert remediation plan that works in conjunction with the state approach and that fully satisfies the requirements of the *United States v. Washington* permanent injunction and makes both local and state funding recommendations for additional nonstate barrier corrections across state culvert correction programs that maximize the fisheries habitat gain and other benefits to prey available for southern resident killer whale and salmon recovery.

(4) The comprehensive statewide culvert remediation plan must be consistent with the principles and requirements of the *United States v. Washington* permanent injunction and RCW 77.95.180 and must achieve coordinated investment strategy goals of permanent injunction compliance and the following additional resource benefits. The Brian Abbott fish barrier removal board chair, representing the board and the appropriate department of fish and wildlife executive management, shall consult with tribes to develop a watershed approach. Provided it is consistent with the *United States v. Washington* permanent injunction, prioritization of barrier corrections must be developed on a watershed basis and must maximize the following resource priorities:

(a) Stocks that are listed as threatened or endangered under the federal endangered species act;

(b) Stocks that contribute to protection and recovery of southern resident orca whales;

(c) Critical stocks of anadromous fish that limit or prevent harvest of anadromous fish, as identified in the Pacific salmon treaty; and

(d) Weak stocks of anadromous fish that limit or prevent harvest of anadromous fish, as determined in North of Cape Falcon process.

(5) The comprehensive statewide culvert remediation plan must include recommendations on methods and procedures for state agencies and local governments to complete and maintain accurate barrier inventories. This plan must also allow for efficient bundling of projects to minimize disruption to the public due to construction as well as adjustments in response to obstacles and opportunities encountered during delivery.

(6) The Brian Abbott fish barrier removal board must also:

(a) Provide to the office of financial management and the fiscal committees of the legislature its recommendation as to statutory or policy changes, or budget needs for the board or state capital budget programs, for better implementation and coordination among the state's culvert correction programs by January 15, 2021; and

(b) Develop a plan to seek and maximize the chances of success of significant federal investment in the comprehensive statewide culvert remediation plan.

(7) It is the intent of the legislature that, in developing future budgets, state agencies administering state culvert correction programs will recommend, to the maximum extent possible, funding in their culvert correction programs for correction of barriers that are part of the comprehensive statewide culvert remediation plan developed by the Brian Abbott fish barrier removal board under this section.

(8) By November 1, 2020, and March 1, 2021, the Brian Abbott fish barrier removal board and the department of transportation must provide updates on the development of the statewide culvert remediation plan to the office of financial management and the legislative fiscal committees. The first update must include a project timeline and plan to ensure that all agencies with culvert correction programs are involved in the creation of the comprehensive plan.

(9) Prior to presenting the comprehensive statewide culvert remediation plan, the Brian Abbott fish barrier removal board must present the status of the plan to the annual Washington state and Western Washington treaty tribes fish passage barrier repair progress and coordination meeting. The board must submit the comprehensive statewide culvert remediation plan and the process by which it will be adaptively managed over time to the governor and the legislative fiscal committees by January 15, 2021.

2019-21 Small District Modernization Grants (92000139)

The appropriation in this section is subject to the following conditions and limitations:

(1) The legislature finds that small school districts with total enrollments of one thousand students or less may have school facilities with significant building systems deficiencies and low property values, and that raising enough funds to participate in the school construction assistance program to replace or modernize their school facilities would present an extraordinary tax burden on property owners or would exceed allowable debt.

(2) \$200,000 of the appropriation is provided solely for the office of the superintendent of public instruction to administer the grant program and provide technical assistance to small school districts seeking grants funded in this section.

(3) ~~(\$1,000,000)~~ \$957,000 of the appropriation is provided solely for planning grants for small school districts interested in seeking modernization grants in subsection (4) of this section. The superintendent may prioritize planning grants for school districts with the most serious building deficiencies and the most limited financial capacity. Planning grants may not exceed \$50,000 per district.

(4) The remaining portion of the appropriation is provided solely for modernization grants for small school districts with significant building system deficiencies and limited financial capacity with the following conditions:

(a) The superintendent of public instruction must appoint an advisory committee whose members have experience in financing and managing school facilities in small school districts to assist the office in designing the grant application process, developing the prioritization criteria, and evaluating the grant applications. Advisory committee members may not be involved in developing projects or applying for grants funded in this section.

(b) In addition to prioritization criteria developed by the office of the superintendent of public instruction and the advisory committee pursuant to (4)(a) of this section, the office and the advisory committee must also prioritize projects that: (i) Improve student health, safety, and academic performance for the largest number of students; (ii) provide the most available school district resources, including in-kind resources; and (iii) make use of mass-timber products, including cross-laminated timber, or aggregates and concretes materials.

(c) The superintendent must submit a list of small school district modernization projects, as prioritized by the advisory committee, to the legislature by January 15, 2020. The list must include: (i) A description of the project; (ii) the proposed state funding level, not to exceed \$5,000,000; (iii) estimated total project costs; and (iv) local funding

resources. The appropriated funds in this subsection may be awarded only ~~((after the legislature approves the list))~~ to projects approved by the legislature, as identified in LEAP capital document No. 2020-51, developed March 6, 2020.

(5) For projects in this section that are also eligible for funding through the school construction assistance program, the office of the superintendent of public instruction must expedite and streamline the administrative requirements, timelines, and matching requirements for the funds provided in this section to be used promptly. Funds provided in this section plus state funds provided in the school construction assistance program grant must not exceed total project costs minus available local resources.

(2) \$10,500,000 of the appropriation in this section is provided solely for classroom additions at Madison middle school in Seattle public schools.

(3) \$3,100,000 of the appropriation in this section is provided solely for heating and ventilation upgrades at North Beach elementary school in Seattle public schools.

(4) The remaining portion of the appropriation is provided solely for competitive grants for modular classrooms (~~made with mass timber products, including cross laminated timber,~~) for the purpose of replacing portables in school districts with space challenges due to unavailable land for new school facilities to accommodate enrollment growth or with an overdependent use of portables to provide classroom space. The grants are subject to the following conditions and limitations:

(a) School districts are responsible for the costs of site preparation; required permits; delivery and installation of the modular classrooms; furnishings, fixtures, and equipment; utility connections; and any other infrastructure costs related to the modular classrooms;

(b) The office of the superintendent of public instruction must prioritize projects based on the following criteria in the following order:

(i) School districts with high ratios of portable classrooms to permanent classrooms;

(ii) School districts with low acreage of land available for new construction;

(iii) Projects that achieve lowest cost per classroom (~~with highest percentage of mass timber products in the overall construction of the project~~); and

The appropriation in this section is subject to the following conditions and limitations:

(1) The appropriation is provided solely for school seismic safety retrofit grants to school districts for seismic retrofits and seismic safety related improvements of school buildings used for the instruction of students in kindergarten through twelfth grade. The superintendent of public instruction must prioritize school seismic safety retrofit grants for school districts with the most significant building deficiencies and the greatest seismic risks as determined by the most recent geological data and building engineering assessments, beginning with facilities classified as very high risk.

(2) In the development of school seismic safety retrofit project priorities for the 2021-2023 fiscal biennium, in addition to prioritizing projects based on their seismic risk classification, the superintendent of public instruction shall also give due consideration to the following: (a) Prioritizing improvements of school buildings used for the instruction of students in kindergarten through twelfth grade; (b) the financial capacity of low property value school districts in the sizing of grant awards; and (c) facilities' seismic needs in light of the useful life of the facilities.

**Sec. 7003.** 2019 c 413 s 7003 (uncodified) is amended to read as follows:

(1) To ensure that major construction projects are carried out in accordance with legislative and executive intent, agencies must complete a predesign for state construction projects with a total anticipated cost in excess of ~~(((\$5,000,000, or))~~ \$10,000,000 ~~((for higher education institutions))~~. "Total anticipated cost" means the sum of the anticipated cost of the predesign, design, and construction phases of the project.

(2) Appropriations for design may not be expended or encumbered until the office of financial management has reviewed and approved the agency's predesign.

(3) The predesign must explore at least three project alternatives. These alternatives must be both distinctly different and viable solutions to the issue being addressed. The chosen alternative should be the most reasonable and cost-effective solution. The predesign document must include, but not be limited to, program, site, and cost analysis, and an analysis of the life-cycle costs of the alternatives explored, in accordance with the predesign manual adopted by the office of financial management.

(4) The office of financial management may make an exception to some or all of the predesign requirements in this section ~~((after notifying the legislative fiscal committees and waiting ten days for comment by the legislature regarding the proposed exception))~~. The office of financial management shall report any exception to the fiscal committees of the legislature and include: (a) A description of the major capital project for which the predesign waiver is made; (b) an explanation of the reason for the waiver; and (c) a rough order of magnitude cost estimate for the project's design and construction.

(5) In deliberations related to submitting an exception under this section, the office of financial management shall consider the following factors:

(a) Whether there is any determination to be made regarding the site of the project;

(b) Whether there is any determination to be made regarding whether the project will involve renovation, new construction, or both;

(c) Whether, within six years of submitting the request for funding, the agency has completed, or initiated the construction of, a substantially similar project;

(d) Whether there is any anticipated change to the project's program or the services to be delivered at the facility;

(e) Whether the requesting agency indicates that the project may not require some or all of the predesign requirements in this section due to a lack of complexity; and

(f) Whether any other factors related to project complexity or risk, as determined by the office of financial management, could reduce the need for, or scope of, a predesign.

(6) If under this section some or all predesign requirements are waived, the office of financial management may instead propose a professional project cost estimate instead of a request for predesign funding.

**NEW SECTION. Sec. 7004.** If Substitute House Bill No. 2936 (predesign) is not enacted by June 30, 2020, section 7003 of this act is null and void.

**Sec. 7005.** RCW 43.19.501 and 2018 c 2 s 7027 are each amended to read as follows:

The Thurston county capital facilities account is created in the state treasury. The account is subject to the appropriation and allotment procedures under chapter 43.88 RCW. Moneys in the account may be expended for capital projects in facilities owned and managed by the department in Thurston county. ~~((For the 2015-2017 biennium, moneys in the account may be used for studies related to real estate.))~~

During the ~~((2017-2019))~~ 2019-2021 fiscal biennium, the Thurston county capital facilities account may be appropriated for costs associated with staffing to support capital budget and project activities and lease and facility oversight activities.

**Sec. 7006.** 2019 c 413 s 7021 (uncodified) is amended to read as follows:

(1) The department of enterprise services, in consultation with the office of financial management, is granted the authority to sell the real property known as the Tacoma Rhodes complex. The property consists of the Broadway building, Market building, and parking garage.

(2) The department may negotiate a sale with the city of Tacoma for less than fair market value, but the purchase price must cover appraisal costs, all debt service, all closing costs, all financing contracts, and the cost of outstanding liabilities necessary to keep the department whole.

(3) If the department and the city of Tacoma are unable to negotiate agreed upon terms and execute a purchase and sale agreement by December 31, 2019, the department may sell the property to any purchaser for no less than fair market value.

(4) The terms and conditions of the sale must meet the business needs of the state tenants.

(5) Any sale proceeds remaining after the department has satisfied all of the obligations, including appraisal costs, all debt service, all closing costs, all financing contracts, and the cost of outstanding liabilities, must be deposited into the Thurston county capital facilities account. It is the intent of the legislature to use the sale proceeds for projects on the Capitol Campus.

**NEW SECTION. Sec. 7007.** A new section is added to 2019 c 413 (uncodified) to read as follows:

In order to accelerate the reduction of embodied carbon and improve the environmental performance of construction materials, agencies shall, whenever possible, review and consider embodied carbon reported in environmental product declarations when evaluating proposed structural materials for construction projects.

**Sec. 7008.** RCW 43.63A.750 and 2006 c 371 s 235 are each amended to read as follows:

(1) A competitive grant program to assist nonprofit organizations in acquiring, constructing, or rehabilitating performing arts, art museums, and cultural facilities is created.

(2)(a) The department shall submit a list of recommended performing arts, art museum projects, and cultural organization projects eligible for funding to the governor and the legislature in the department's biennial capital budget request beginning with the 2001-2003 biennium and thereafter. The list, in priority order, shall include a description of each project, the amount of recommended state funding, and documentation of nonstate funds to be used for the project. The total amount of recommended state funding for projects on a biennial project list shall not exceed twelve million dollars, except that lists submitted during the 2019-2021 fiscal biennium may not exceed sixteen million dollars.

(b) The department shall establish a competitive process to prioritize applications for state assistance as follows:

(i) The department shall conduct a statewide solicitation of project applications from nonprofit

organizations, local governments, and other entities, as determined by the department. The department shall evaluate and rank applications in consultation with a citizen advisory committee, including a representative from the state arts commission, using objective criteria. The evaluation and ranking process shall also consider local community support for projects and an examination of existing assets that applicants may apply to projects.

(ii) The department may establish the amount of state grant assistance for individual project applications but the amount shall not exceed twenty percent, or thirty-three and one-third percent for lists submitted during the 2019-2021 fiscal biennium, of the estimated total capital cost or actual cost of a project, whichever is less. The remaining portions of the project capital cost shall be a match from nonstate sources. The nonstate match may include cash, the value of real property when acquired solely for the purpose of the project, and in-kind contributions. The department is authorized to set matching requirements for individual projects. State assistance may be used to fund separate definable phases of a project if the project demonstrates adequate progress and has secured the necessary match funding.

(iii) The department shall not sign contracts or otherwise financially obligate funds under this section until the legislature has approved a specific list of projects. In contracts for grants authorized under this section, the department shall include provisions requiring that capital improvements be held by the grantee for a specified period of time appropriate to the amount of the grant and that facilities be used for the express purpose of the grant. If the grantee is found to be out of compliance with provisions of the contract, the grantee shall repay to the state general fund the principal amount of the grant plus interest calculated at the rate of interest on state of Washington general obligation bonds issued most closely to the date of authorization of the grant.

**Sec. 7009.** 2019 c 413 s 7038 (uncodified) is amended to read as follows:

UNIVERSITY OF WASHINGTON TRANSFER TO SEATTLE.

By June 30, 2020, the University of Washington must transfer the deed of the property and general purpose facility, King County parcel numbers 308500-2100, 713830-0015, and 713880-0025, located ~~((at))~~ near 2901 27th Avenue South, Seattle, to the city of Seattle for the purposes of developing affordable housing, including supportive housing, for households at or below eighty percent of the area median income and ~~((providing health care services in partnership with a public hospital system))~~ for other potential educational, research, and clinical uses by the university, including an early learning facility. ~~((The University of Washington may reserve easements in the transferred property at no cost to the university.))~~ If the university constructs and occupies space for its potential uses on the transferred property, then such space must be occupied at no base rent paid by the university. The transfer shall count toward the ~~((obligation))~~ commitment to build affordable housing under the university's institutional

campus master plan agreement. The city shall seek to maximize the affordable housing development potential of the property consistent with transit-oriented development principles. Liabilities existing on the property at the time of transfer will transfer with the property. When the deed is transferred to the city, any existing leases of the property expire, except those leases that the university and city have agreed to extend beyond the transfer date. The transfer must be at no cost to the city. As a condition of the transfer, the city of Seattle may only transfer the property to a nonprofit corporation or a unit of state or local government. For purposes of this section, a nonprofit corporation includes a:

(1) Nonprofit as defined in RCW 84.36.800 that is exempt from income tax under section 501(c) of the federal internal revenue code, a public corporation established under RCW 35.21.660, 35.21.670, or 35.21.730, a housing authority created under RCW 35.82.030 or 35.82.300, or a housing authority meeting the definition in RCW 35.82.210(2)(a); or

(2) Limited partnership or limited liability limited partnership where a nonprofit as defined in subsection (1) of this section is a general partner or a member of a single purpose entity serving as a general partner, in which all of the members meet the definition of subsection (1) of this section; or

(3) Limited liability company where a nonprofit as defined in subsection (1) of this section is a managing member or a member of a single purpose entity serving as a managing member in which all of the members meet the definition of subsection (1) of this section.

**NEW SECTION. Sec. 7010.** If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

**NEW SECTION. Sec. 7011.** This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately."

#### MESSAGE FROM THE SENATE

March 10, 2020

Madame Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 2116 with the following amendment: 7011.0.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 7012.** The legislature recognizes that the federal every student succeeds act of 2015, P.L. 114-95, reauthorized and amended the elementary and secondary education act of 1965, the federal policy and funding assistance framework for the nation's public education system.

Two of the stated purposes of the every student succeeds act are to provide all children with a significant opportunity to receive a fair, equitable, and high quality education, and to close educational achievement gaps.

The legislature further recognizes that Article IX of the state Constitution provides that it is the paramount duty of the state to make ample provision for the education of all children residing within its borders, without distinction or preference on account of race, color, caste, or sex.

While the partnership of federal and state law is critical in ensuring that the civil and education rights of students are upheld, efforts in Washington to fully realize state and federal objectives, especially with respect to the delivery of education services in institutional facilities, remain unfinished.

The legislature, therefore, intends to establish a task force on improving institutional education programs and outcomes, with tasks and duties generally focused on educational programs in the juvenile justice system. In so doing, the legislature intends to examine issues that have not been significantly explored in recent years, build a shared understanding of past and present circumstances, and develop recommendations for improving the delivery of education services, and associated outcomes, for youth in institutional facilities.

NEW SECTION. **Sec. 7013.** (1)(a) The task force on improving institutional education programs and outcomes is established, with members as provided in this subsection.

(i) The president of the senate shall appoint one member from each of the two largest caucuses of the senate, with each member serving on the committee with jurisdiction over education issues, and one member serving on the committee with jurisdiction over basic education funding.

(ii) The speaker of the house of representatives shall appoint one member from each of the two largest caucuses of the house of representatives, with one member serving on the committee with jurisdiction over education issues, and one member serving on the committee with jurisdiction over basic education funding.

(iii) The governor shall appoint one member each from the state board of education and the department of children, youth, and families, and one member representing an organization that provides free legal advice to youth who are involved in, or at risk of being involved in, the juvenile justice system.

(iv) The superintendent of public instruction shall appoint three members: One member representing the superintendent of public instruction; one member who is a principal from a school district with at least twenty thousand enrolled students that provides education services to a juvenile rehabilitation facility; and one member who is a teacher with expertise in providing education services to residents of a juvenile rehabilitation facility.

(v) The task force must also include one member representing the educational opportunity gap oversight and accountability committee, selected by the educational opportunity gap oversight and accountability committee.

(b) The task force shall choose its cochair from among its legislative membership. One cochair must be from a minority caucus in one of the two chambers of the legislature. A member from the majority caucus of the house of representatives shall convene the initial meeting of the task force by May 1, 2020.

(2) The task force shall examine the following issues:

(a) Goals and strategies for improving the coordination and delivery of education services to youth involved with the juvenile justice system, especially youth in juvenile rehabilitation facilities, and children receiving education services, including home or hospital instruction, under RCW 28A.155.090;

(b) The transmission of student records, including individualized education programs and plans developed under section 504 of the rehabilitation act of 1973, for students in institutional facilities, and recommendations for ensuring that those records are available to the applicable instructional staff within two business days of a student's admission to the institution;

(c) Goals and strategies for increasing the graduation rate of youth in institutional facilities, and in recognition of the transitory nature of youth moving through the juvenile

justice system, issues related to grade level progression and academic credit reciprocity and consistency to ensure that:

(i) Core credits earned in an institutional facility are considered core credits by public schools that the students subsequently attend; and

(ii) Public school graduation requirements, as they applied to a student prior to entering an institutional facility, remain applicable for the student upon returning to a public school;

(d) Goals and strategies for assessing adverse childhood experiences of students in institutional education and providing trauma-informed care;

(e) An assessment of the level and adequacy of basic and special education funding for institutional facilities. The examination required by this subsection (2)(e) must include information about the number of students receiving special education services in institutional facilities, and a comparison of basic and special education funding in institutional facilities and public schools during the previous ten school years;

(f) An assessment of the delivery methods, and their adequacy, that are employed in the delivery of special education services in institutional facilities, including associated findings;

(g) School safety, with a focus on school safety issues that are applicable in institutional facilities; and

(h) Special skills and services of faculty and staff, including associated professional development and nonacademic supports necessary for addressing social emotional and behavioral health needs presenting as barriers to learning for youth in institutional facilities.

(3) The task force, in completing the duties prescribed by this section, shall solicit and consider information and perspectives provided by the department of corrections and persons and entities with relevant interest and expertise, including from persons with experience reintegrating youth from institutional facilities into school and the community at large, and from persons who provide education services in secure facilities housing persons under the age of twenty-five, examples of which include county jails, juvenile justice facilities, and community facilities as defined in RCW 72.05.020.

(4) Staff support for the task force must be provided by the senate committee services and the house of representatives office of program research. The office of financial management, the office of the superintendent of public instruction, the department of children, youth, and families, and the department of corrections shall cooperate with the task force and provide information as the cochairs may reasonably request.

(5) Legislative members of the task force are to be reimbursed for travel expenses in accordance with RCW 44.04.120. Nonlegislative members are not entitled to be reimbursed for travel expenses if they are elected officials or are participating on behalf of an employer, government

entity, or other organization. Any reimbursement for other nonlegislative members is subject to chapter 43.03 RCW.

(6) The expenses of the task force must be paid jointly by the senate and the house of representatives. Task force expenditures are subject to approval by the senate facilities and operations committee and the house of representatives executive rules committee, or their successor committees.

(7) In accordance with RCW 43.01.036, the task force shall report its findings and recommendations to the governor and the appropriate committees of the house of representatives and the senate by December 15, 2020, in time for the legislature to take action on legislation that is consistent with the findings and recommendations during the 2021 legislative session. The findings and recommendations may also include recommendations for extending the duration of the task force.

(8) This section expires June 30, 2021.

**NEW SECTION. Sec. 7014.** This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately."

SUBSTITUTE HOUSE BILL NO. 2441, as amended by the Senate, having received the necessary constitutional majority, was declared passed.

### MESSAGE FROM THE SENATE

March 10, 2020

Madame Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 2711 with the following amendment:

7018.0.

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** (1) The legislature finds that students in foster care, experiencing homelessness, or both, have the lowest high school graduation and postsecondary completion outcomes compared to other student populations. The legislature also finds that these students change schools at significantly higher rates than their general student population peers, and that these changes can disrupt academic progress. The legislature further finds that these students have disproportionate suspension and expulsion rates, and require special education services at much higher rates than other students.

(2) The legislature acknowledges that, as a result, only forty-six percent of Washington students who experienced foster care during high school, and fifty-five percent of students experiencing homelessness, graduated from high school on time in 2018. By comparison, the statewide four-year graduation rate for the class of 2019 was nearly eighty-one percent. Furthermore, students of color are disproportionately represented in the foster care system and in homeless student populations, and their academic outcomes are significantly lower than their white peers. Additionally, students who do not achieve positive education outcomes experience high rates of unemployment, poverty, adult homelessness, and incarceration.

(3) The legislature, therefore, intends to provide the opportunity for an equitable education for students in foster care, experiencing homelessness, or both. In accomplishing this goal, the legislature intends to achieve parity in education outcomes for these students, both in comparison to their general student population peers and throughout the education continuum of prekindergarten to postsecondary education.

(4) In 2018 the legislature directed the department of children, youth, and families and other entities in chapter 299, Laws of 2018, to convene a work group focused on students in foster care and students experiencing homelessness. The legislature resolves to continue this work group to improve education outcomes for these students.

**NEW SECTION. Sec. 2.** A new section is added to chapter 28A.300 RCW to read as follows:

(1) The office of the superintendent of public instruction, in collaboration with the department of children, youth, and families, the office of homeless youth prevention and protection programs of the department of commerce, and the student achievement council, shall convene a work group to address the needs of students in foster care, experiencing homelessness, or both. Nothing in this section prevents the office of the superintendent of public instruction from using an existing work group created under the authority of section 223(1)(bb), chapter 299, Laws of 2018, with modifications to the membership and duties, to meet the requirements of this section. The work group, which shall seek to promote continuity with efforts resulting from section 223(1)(bb), chapter 299, Laws of 2018, must include representatives of nongovernmental agencies and representation from the educational opportunity gap oversight and accountability committee. The work group must also include four legislative members who possess experience in issues of education, the foster care system, and homeless youth, appointed as follows:

(a) The president of the senate shall appoint one member from each of the two largest caucuses of the senate.

(b) The speaker of the house of representatives shall appoint one member from each of the two largest caucuses of the house of representatives.

(2) The work group shall develop recommendations to promote the following for students who are in foster care, experiencing homelessness, or both:

(a) The achievement of parity in education outcomes with the general student population; and

(b) The elimination of racial and ethnic disparities for education outcomes in comparison to the general student population.

(3) In developing the recommendations required by subsection (2) of this section, the work group shall:

(a) Review the education outcomes of students in foster care, experiencing homelessness, or both, by examining data, disaggregated by race and ethnicity, on:

(i) Kindergarten readiness, early grade reading and math, eighth and ninth grade students on track to graduate, high school completion, postsecondary enrollment, and postsecondary completion; and

(ii) School attendance, school mobility, special education status, and school discipline;

(b) Evaluate the outcomes, needs, and service array for students in foster care, experiencing homelessness, or both, and the specific needs of students of color and students with special education needs;

(c) Engage stakeholders, including students in foster care, experiencing homelessness, or both, foster parents and relative caregivers, birth parents, caseworkers, school districts and educators, early learning providers, postsecondary institutions, and federally recognized tribes, to provide input on the development of recommendations; and

(d)(i) Submit annual reports to the governor, the appropriate committees of the legislature, and the educational opportunity gap oversight and accountability committee by October 31, 2021, 2022, and 2023 that identify:

(A) Progress the state has made toward achieving education parity for students in foster care, experiencing homelessness, or both; and

(B) Recommendations that can be implemented using existing resources, rules, and regulations, and those that would require policy, administrative, and resource allocation changes prior to implementation.

(ii) Reports required by (d) of this subsection may include findings and recommendations regarding the feasibility of developing a case study to examine or implement recommendations of the work group.

(4) The work group, in accordance with RCW 43.01.036, must submit a final report to the governor, the appropriate committees of the legislature, and the educational opportunity gap oversight and accountability committee by July 1, 2024. The final report must include the recommendations required by subsection (2) of this section and may include a plan for achieving the recommendations specified in subsection (2) of this section.

(5) To assist the work group in the completion of its duties, the following apply:

(a) The office of the superintendent of public instruction, department of children, youth, and families, the student achievement council, and the office of homeless youth prevention and protection programs of the department of commerce shall provide updated education data and other necessary data to the education data center established under RCW 43.41.400; and

(b) The education data center shall provide annual reports to the work group regarding education outcomes specified in subsection (3)(a)(i) and (ii) of this section by March 31, 2021, 2022, and 2023. If state funds are not available to produce the reports, the work group may pursue supplemental private funds to fulfill the requirements of this subsection (5)(b).

(6) Nothing in this section permits disclosure of confidential information protected from disclosure under federal or state law, including but not limited to information protected under chapter 13.50 RCW. Confidential information received by the work group retains its confidentiality and may not be further disseminated except as permitted by federal and state law.

(7) For the purposes of this section, "students in foster care, experiencing homelessness, or both" includes students who are in foster care or experiencing homelessness, and students who have been homeless or in foster care, or both.

(8) This section expires December 31, 2024.

**Sec. 3.** RCW 74.13.1051 and 2017 3rd sp.s. c 6 s 405 are each amended to read as follows:

(1) In order to proactively support foster youth to complete high school, enroll and complete postsecondary education, and successfully implement their own plans for their futures, the department, the student achievement council, and the office of the superintendent of public instruction shall enter into, or revise existing, memoranda of understanding that:

(a) Facilitate student referral, data and information exchange, agency roles and responsibilities, and cooperation and collaboration among state agencies and nongovernmental entities; and

(b) Effectuate the transfer of responsibilities from the department to the office of the superintendent of public instruction with respect to the programs in RCW 28A.300.592, and from the department to the student achievement council with respect to the program in RCW 28B.77.250 in a smooth, expedient, and coordinated fashion.

(2) The student achievement council and the office of the superintendent of public instruction shall establish a set of indicators relating to the outcomes provided in RCW 28A.300.590 and 28A.300.592 to provide consistent services for youth, facilitate transitions among contractors, and support outcome-driven contracts. The student achievement council and the superintendent of public instruction shall collaborate with nongovernmental contractors and the department to develop a list of the most critical indicators, establishing a common set of indicators to be used in the outcome-driven contracts in RCW 28A.300.590 and 28A.300.592. ~~(A list of these indicators~~

must be included in the report provided in subsection (3) of this section.

~~(3) By November 1, 2017, and biannually thereafter, the department, the student achievement council, and the office of the superintendent of public instruction, in consultation with the nongovernmental entities engaged in public-private partnerships shall submit a joint report to the governor and the appropriate education and human services committees of the legislature regarding each of these programs, individually, as well as the collective progress the state has made toward the following goals:~~

~~(a) To make Washington number one in the nation for foster care graduation rates;~~

~~(b) To make Washington number one in the nation for foster care enrollment in postsecondary education; and~~

~~(c) To make Washington number one in the nation for foster care postsecondary completion.~~

~~(4) The department, the student achievement council, and the office of the superintendent of public instruction, in consultation with the nongovernmental entities engaged in public-private partnerships, shall also submit one report by November 1, 2018, to the governor and the appropriate education and human service committees of the legislature regarding the transfer of responsibilities from the department to the office of the superintendent of public instruction with respect to the programs in RCW 28A.300.592, and from the department to the student achievement council with respect to the program in RCW 28B.77.250 and whether these transfers have resulted in better coordinated services for youth.))~~

NEW SECTION. Sec. 4. RCW 28A.300.8001 (Plan for cross-system collaboration to promote educational stability and improve educational outcomes for foster children—Reports) and 2012 c 163 s 10 are each repealed."

On page 1, line 3 of the title, after "education;" strike the remainder of the title and insert "amending RCW 74.13.1051; adding a new section to chapter 28A.300 RCW; creating a new section; repealing RCW 28A.300.8001; and providing an expiration date."

(12)(a) The Washington state patrol must report quarterly to the house and senate transportation committees on the status of recruitment and retention activities as follows:

- (ii) The number of transportation funded staff vacancies by major category;
- (iii) The number of applicants for each of the positions by these categories;
- (iv) The composition of workforce; and
- (v) Other relevant outcome measures with comparative information with recent comparable months in prior years.

(b) By January 1, 2020, the Washington state patrol must submit to the transportation committees of the legislature and the governor a workforce diversity plan. (15) The Washington state patrol is directed to terminate its "Agreement for Utility Connection and Reimbursement of Water Extension Expenses" with the city of Shelton, executed on June 12, 2017, subject to the city of Shelton's consent to terminate the agreement. The legislature finds that the water connection extension constructed by the Washington state patrol from the city of Shelton's water facilities to the Washington state patrol academy was necessary to meet the water supply needs of the academy. The legislature also finds that the water connection provides an ongoing water supply that is necessary to the operation of the training facility, that the state is making use of the water connection for these public activities, and that any future incidental use of the municipal infrastructure put in place to support these activities will not impede the Washington state patrol's ongoing use of the water connection extension. Therefore, the legislature determines that under the public policy of this state, reimbursement by any other entity is not required, notwithstanding any prior condition regarding contributions of other entities that Washington state patrol was required to satisfy prior to expenditure of the funds for

construction of the extension, and that the Washington state patrol shall terminate the agreement.

(b) Research into the reasons for underrepresentation of minorities and women in the state patrol workforce;

(c) Research on best practices for recruiting across the state and from communities historically underrepresented in the Washington state patrol workforce;

(d) Case studies of law enforcement and other agencies that have successfully diversified their workforce; and

(b) The nonvendor costs of administering toll operations, including the costs of staffing the division, consultants, and other personal service contracts required for technical oversight and management assistance, insurance, payments related to credit card processing, transponder purchases and inventory management, facility operations and maintenance, and other miscellaneous nonvendor costs;

(c) The vendor-related costs of operating tolled facilities, including the costs of the customer service center, cash collections on the Tacoma Narrows bridge, electronic payment processing, and toll collection equipment maintenance, renewal, and replacement;

(d) The toll adjudication process, including a summary table for each toll facility that includes:

- (i) The number of notices of civil penalty issued;
- (ii) The number of recipients who pay before the notice becomes a penalty;
- (iii) The number of recipients who request a hearing and the number who do not respond;
- (iv) Workload costs related to hearings;
- (v) The cost and effectiveness of debt collection activities; and
- (vi) Revenues generated from notices of civil penalty; and

(e) A summary of toll revenue by facility on all operating toll facilities and (~~(high occupancy)~~) express toll lane systems, and an itemized depiction of the use of that revenue.

(5) (~~(\$17,517,000)~~) \$24,735,000 of the Interstate 405 and state route number 167 express toll lanes (~~(operations)~~) account—state appropriation is provided solely for operational costs related to the express toll lane facility.

(6) In calendar year 2021, toll equipment on the Tacoma Narrows Bridge will have reached the end of its operational life. During the 2019-2021 fiscal biennium, the department plans to issue a request for proposals as the first stage of a competitive procurement process that will replace the toll equipment and select a new tolling operator for the Tacoma Narrows Bridge. The request for proposals and subsequent competitive procurement must incorporate elements that prioritize the overall goal of lowering costs per transaction for the facility, such as incentives for innovative approaches which result in lower transactional costs, requests for efficiencies on the part of the bidder that lower operational costs, and incorporation of technologies such as self-serve credit card machines or other point-of-payment technologies that lower costs or improve operational efficiencies.

(7) (~~(\$19,362,000)~~) \$18,840,000 of the Alaskan Way viaduct replacement project account—state appropriation is provided solely for the new state route number 99 tunnel toll facility's expected share of collecting toll revenues, operating customer services, and maintaining toll collection systems. The legislature expects to see appropriate reductions to the other toll facility accounts once tolling on the new state route number 99 tunnel toll facility commences and any previously incurred costs for start-up of the new facility are charged back to the Alaskan Way viaduct replacement project account. The office of financial management shall closely monitor the application of the cost allocation model and ensure that the new state route number 99 tunnel toll facility is adequately sharing costs and the other toll facility accounts are not being overspent or subsidizing the new state route number 99 tunnel toll facility.

(8) (~~(\$256,000)~~) \$608,000 of the (~~(high occupancy toll lanes operations account—state appropriation and \$352,000 of the)~~) Interstate 405 and state route number 167 express toll lanes (~~(operations)~~) account—state appropriation are provided solely for increased levels of service from the Washington state patrol for enforcement of toll lane violations on the (~~(state route number 167 high occupancy toll lanes and the)~~) Interstate 405 and state route number 167 express toll lanes. The department shall compile monthly data on the number of Washington state patrol enforcement hours on each facility and the percentage of time during peak hours that speeds are at or above forty-five miles per hour on each facility. The department shall provide this data in a report to the transportation committees of the legislature on at least a calendar quarterly basis.

(9) The department shall develop an ongoing cost allocation method to assign appropriate costs to each of the toll funds for services provided by each Washington state department of transportation program and all relevant transportation agencies, including the Washington state patrol and the transportation commission. This method should update the toll cost allocation method used in the 2020 supplemental transportation appropriations act. By December 1, 2020, a report with the recommended method

and any changes or potential impacts to toll rates shall be submitted to the transportation committees of the legislature and the office of financial management.

<b>TOTAL APPROPRIATION</b>	.....	<del>\$60,559,000</del>
		<u>\$60,546,000</u>

The appropriations in this section are subject to the following conditions and limitations:

(1) The legislature recognizes that the trail known as the Rocky Reach Trail, and its extensions, serve to separate motor vehicle traffic from pedestrians and bicyclists, increasing motor vehicle safety on state route number 2 and the coincident section of state route number 97. Consistent with chapter 47.30 RCW and pursuant to RCW 47.12.080, the legislature declares that transferring portions of WSDOT

Inventory Control (IC) No. 2-09-04686 containing the trail and associated buffer areas to the Washington state parks and recreation commission is consistent with the public interest. The legislature directs the department to transfer the property to the Washington state parks and recreation commission.

(a) The department must be paid fair market value for any portions of the transferred real property that is later abandoned, vacated, or ceases to be publicly maintained for trail purposes.

(b) Prior to completing the transfer in this subsection (1), the department must ensure that provisions are made to accommodate private and public utilities and any facilities that predate the department's acquisition of the property, at no cost to those entities. Prior to completing the transfer, the department shall also ensure that provisions, by fair market assessment, are made to accommodate other private and public utilities and any facilities that have been legally allowed by permit or other instrument.

(c) The department may sell any adjoining property that is not necessary to support the Rocky Reach Trail and adjacent buffer areas only after the transfer of trail-related property to the Washington state parks and recreation commission is complete. Adjoining property owners must be given the first opportunity to acquire such property that abuts their property, and applicable boundary line or other adjustments must be made to the legal descriptions for recording purposes.

(2) With respect to Parcel 12 of the real property conveyed by the state of Washington to the city of Mercer Island under that certain quitclaim deed, dated April 19, 2000, recorded in King county under recording no. 20000425001234, the requirement in the deed that the property be used for road/street purposes only will be deemed satisfied by the department of transportation so long as commuter parking, as part of the vertical development of the property, is one of the significant uses of the property.

(3) \$1,600,000 of the motor vehicle account—state appropriation is provided solely for real estate services activities. Consistent with RCW 47.12.120 and during the 2019-2021 fiscal biennium, when initiating, extending, or renewing any rent or lease agreements with a regional transit authority, consideration of value must be equivalent to one hundred percent of economic or market rent.

(4)(a) \$100,000 of the motor vehicle account—state appropriation is provided solely for the department to:

(i) Determine the real property owned by the state of Washington and under the jurisdiction of the department in King county that is surplus property located in an area encompassing south of Dearborn Street in Seattle, south of Newcastle, west of SR 515, and north of South 216th to SR 515; and

(ii) Use any remaining funds after (a)(i) of this subsection is completed to identify additional real property across the state owned by the state of Washington and under the jurisdiction of the department that is surplus property.

(b) The department shall provide a report to the transportation committees of the legislature describing the properties it has identified as surplus property under (a) of this subsection by October 1, 2020.

The purpose of the pilot project is to demonstrate how appropriate department properties may be used to provide multiple public benefits such as affordable and market rate housing, commercial development, and institutional facilities in addition to transportation purposes. To accomplish the pilot project, the department is authorized to exercise all legal and administrative powers authorized in statute that may include, but is not limited to, the transfer, lease, or sale of some or all of the property to another governmental agency, public development authority, or nonprofit developer approved by the department and partner agencies. The public information campaigns must primarily focus on making the consumer aware of the safety implications for other drivers, road deterioration, financial impact for taxpayers, and, secondarily, the alternatives to studded tires. The Whatcom county pilot media-based public information campaign must begin by September 1, 2020. (~~If chapter 287 (Engrossed Second Substitute House Bill No. 2042), Laws of 2019 (advancing green transportation adoption) is not enacted by June 30, 2019, \$10,000,000 of the amount in this subsection lapses.~~) Of this amount:

(a) (~~(\$14,278,000)~~) \$14,297,000 of the multimodal transportation account—state appropriation is provided solely for grants to nonprofit providers of special needs transportation. Grants for nonprofit providers must be based on need, including the availability of other providers of service in the area, efforts to coordinate trips among providers and riders, and the cost effectiveness of trips provided. (~~If chapter 287 (Engrossed Second Substitute House Bill No. 2042), Laws of 2019 (advancing green transportation adoption) is not enacted by June 30, 2019, \$2,278,000 of the amount in this subsection lapses.~~)

To receive a grant, the transit agency must, to the greatest extent practicable, have a maintenance of effort for special needs transportation that is no less than the previous year's maintenance of effort for special needs transportation. Grants for transit agencies must be prorated based on the amount expended for demand response service and route deviated service in calendar year 2017 as reported in the "Summary of Public Transportation - 2017" published by the department of transportation. No transit agency may receive more than thirty percent of these distributions. (~~If chapter 287 (Engrossed Second Substitute House Bill No. 2042), Laws of 2019 (advancing green transportation adoption) is not enacted by June 30, 2019, \$7,722,000 of the amount in this subsection lapses.~~)

The grant program for public transit agencies will cover capital costs only; operating costs for public transit agencies are not eligible for funding under this grant program. Additional employees may not be hired from the funds provided in this section for the vanpool grant program, and supplanting of

transit funds currently funding vanpools is not allowed. The department shall encourage grant applicants and recipients to leverage funds other than state funds.

(b) At least \$1,600,000 of the amount provided in this subsection must be used for vanpool grants in congested corridors.

(4) (~~(\$18,951,000)~~) \$27,483,000 of the regional mobility grant program account—state appropriation is reappropriated and provided solely for the regional mobility grant projects identified in LEAP Transportation Document (~~(2019-2)~~) 2020-2 ALL PROJECTS as developed (~~(April 27, 2019)~~) March 11, 2020, Program - Public Transportation Program (V).

(5)(a) (~~(\$77,679,000)~~) \$61,215,000 of the regional mobility grant program account—state appropriation is provided solely for the regional mobility grant projects identified in LEAP Transportation Document (~~(2019-2)~~) 2020-2 ALL PROJECTS as developed (~~(April 27, 2019)~~) March 11, 2020, Program - Public Transportation Program (V). It is the intent of the legislature to appropriate funds through the regional mobility grant program only for projects that will be completed on schedule. A grantee may not receive more than twenty-five percent of the amount appropriated in this subsection. Additionally, when allocating funding for the 2021-2023 biennium, no more than thirty percent of the total grant program may directly benefit or support one grantee. The department shall not approve any increases or changes to the scope of a project for the purpose of a grantee expending remaining funds on an awarded grant.

(b) In order to be eligible to receive a grant under (a) of this subsection during the 2019-2021 fiscal biennium, a transit agency must establish a process for private transportation providers to apply for the use of park and ride facilities. For purposes of this subsection, (i) "private transportation provider" means: An auto transportation company regulated under chapter 81.68 RCW; a passenger charter carrier regulated under chapter 81.70 RCW, except marked or unmarked stretch limousines and stretch sport utility vehicles as defined under department of licensing rules; a private nonprofit transportation provider regulated under chapter 81.66 RCW; or a private employer transportation service provider; and (ii) "private employer transportation service" means regularly scheduled, fixed-route transportation service that is offered by an employer for the benefit of its employees.

(a) \$1,000,000 of the multimodal transportation account—state appropriation is provided solely for the department to continue a pilot transit pass incentive program. Businesses and nonprofit organizations located in a county adjacent to Puget Sound with a population of more than seven hundred thousand that have never offered transit subsidies to employees are eligible to apply to the program for a fifty percent rebate on the cost of employee transit subsidies provided through the regional ORCA fare collection system. No single business or nonprofit organization may receive more than ten thousand dollars from the program.

(i) Businesses and nonprofit organizations may apply and be awarded funds prior to purchasing a transit subsidy, but the department may not provide reimbursement until proof of purchase or a contract has been provided to the department.

(ii) The department shall update the transportation committees of the legislature on the impact of the program by January 31, 2020, and may adopt rules to administer the program.

(b) \$30,000 of the state vehicle parking account—state appropriation is provided solely for the STAR pass program for state employees residing in Mason and Grays Harbor Counties. Use of the pass is for public transportation between Mason County and Thurston County, and Grays Harbor and Thurston County. The pass may also be used within Grays Harbor County. The STAR pass commute trip reduction program is open to any state employee who expresses intent to commute to his or her assigned state worksite using a public transit system currently participating in the STAR pass program.

(c) \$1,000,000 of the multimodal transportation account—state appropriation is provided solely for a first mile/last mile connections grant program. Eligible grant recipients include cities, businesses, nonprofits, and transportation network companies with first mile/last mile solution proposals. Transit agencies are not eligible. The commute trip reduction board shall develop grant parameters, evaluation criteria, and evaluate grant proposals. The commute trip reduction board shall provide the transportation committees of the legislature a report on the effectiveness of this grant program and best practices for continuing the program.

(8) Except as provided otherwise in this subsection, (~~(\$28,048,000)~~) \$33,370,000 of the multimodal transportation account—state appropriation is provided solely for connecting Washington transit projects identified in LEAP Transportation Document (~~(2019-2)~~) 2020-2 ALL PROJECTS as developed (~~(April 27, 2019)~~) March 11, 2020. It is the intent of the legislature that entities identified

to receive funding in the LEAP document referenced in this subsection receive the amounts specified in the time frame specified in that LEAP document. If an entity has already completed a project in the LEAP document referenced in this subsection before the time frame identified, the entity may substitute another transit project or projects that cost a similar or lesser amount.

(9) (~~(\$2,000,000)~~) \$1,000,000 of the multimodal transportation account—state appropriation is provided solely for transit coordination grants.

(10) The department shall not require more than a ten percent match from nonprofit transportation providers for state grants.

(11)(a) For projects funded as part of the 2015 connecting Washington transportation package listed on the LEAP transportation document identified in subsection (4) of this section, if the department expects to have substantial reappropriations for the 2021-2023 fiscal biennium, the department may, on a pilot basis, apply funding from a project with an appropriation that cannot be used for the current fiscal biennium to advance one or more of the following projects:

(i) King County Metro - RapidRide Expansion, Burien-Delridge (G2000031);

(ii) King County Metro - Route 40 Northgate to Downtown (G2000032);

(iii) Mason Transit Park & Ride Development (G2000042); or

(iv) Pierce Transit - SR 7 Express Service (~~(((G2000046)))~~) (G2000045).

(b) At least ten business days before advancing a project pursuant to this subsection, the department must notify the office of financial management and the transportation committees of the legislature. The advancement of a project may not hinder the delivery of the projects for which the reappropriations are necessary for the 2021-2023 fiscal biennium.

(c) To the extent practicable, the department shall use the flexibility and authority granted in this section to minimize the amount of reappropriations needed each biennium.

(12) \$750,000 of the multimodal transportation account—state appropriation is provided solely for Intercity Transit for the Dash shuttle program.

(13)(a) \$485,000 of the multimodal transportation account—state appropriation is provided solely for King county for:

(i) An expanded pilot program to provide certain students in the Highline, Tukwila, and Lake Washington school districts with an ORCA card during these school districts' summer vacations. In order to be eligible for an ORCA card under this program, a student must also be in high school, be eligible for free and reduced-price lunches, and have a job or other responsibility during the summer; and

(ii) Providing administrative support to other interested school districts in King county to prepare for implementing similar programs for their students.

(b) King county must provide a report to the department and the transportation committees of the legislature by December 15, 2021, regarding:

- (i) The annual student usage of the pilot program;
- (ii) Available ridership data;
- (iii) A cost estimate, including a detailed description of the various expenses leading to the cost estimate, and any other factors relevant to expanding the program to other King county school districts;

(iv) A cost estimate, including a detailed description of the various expenses leading to the cost estimate, and any other factors relevant to expanding the program to student populations other than high school or eligible for free and reduced-price lunches;

(v) Opportunities for subsidized ORCA cards or local grant or matching funds; and

(vi) Any additional information that would help determine if the pilot program should be extended or expanded.

(14) \$12,000,000 of the multimodal transportation account—state appropriation is provided solely for the green transportation capital grant program established in chapter 287 (~~((Engrossed Second Substitute House Bill No. 2042))), Laws of 2019 (advancing green transportation adoption). ((If chapter 287 (Engrossed Second Substitute House Bill No. 2042), Laws of 2019 is not enacted by June 30, 2019, the amount provided in this subsection lapses.))~~

(15) \$555,000 of the multimodal transportation account—state appropriation is provided solely for an interagency transfer to the Washington State University extension energy program to establish and administer a technical assistance and education program for public agencies on the use of alternative fuel vehicles. (~~(If chapter 287 (Engrossed Second Substitute House Bill No. 2042), Laws of 2019 (advancing green transportation adoption) is not enacted by June 30, 2019, \$375,000 of the amount provided in this subsection lapses.))~~

(16) As a short-term solution, appropriation authority for the public transportation program in this section is reduced to reflect anticipated underruns in this program, based on historical reappropriation levels. It is the intent of the legislature that no public transportation grants or projects be eliminated or substantially delayed as a result of revenue reductions.

(17) The appropriations in this section include savings due to anticipated project underruns; however, it is unknown which projects will provide savings. The legislature intends to provide sufficient flexibility for the department to manage to this savings target. To provide this flexibility, the office of financial management may authorize, through an allotment modification, reductions in the appropriated amounts that are provided solely for a particular purpose

within this section subject to the following conditions and limitations:

(a) No allotment modifications may be made to amounts provided solely for the special needs transportation grant program;

(b) The department must confirm that any modification requested under this subsection of amounts provided solely for a specific purpose are not expected to be used for that purpose in this biennium;

(c) Allotment modifications authorized under this subsection may not result in increased funding for any project beyond the amount provided for that project in the 2019-2021 fiscal biennium in LEAP Transportation Document 2020-2 ALL PROJECTS as developed March 11, 2020;

(d) Allotment modifications authorized under this subsection apply only to amounts appropriated in this section from the multimodal transportation account—state; and

(e) By December 1, 2020, the department must submit a report to the transportation committees of the legislature regarding the actions taken under this subsection.

(18)(a) The Washington state department of transportation public transportation division, working with the Thurston regional planning council, shall provide state agency management, the office of financial management, and the transportation committees of the legislature with results of their regional mobility grant program demonstration project I-5/US 101 Practical Solutions: State Capitol Campus Transportation Demand Management – Mobile Work. This includes reporting after the 2020 legislative session on the measurable results of an early pilot initiative, "Telework Tuesday," beginning in January 2020.

(b) Capitol campus state agency management is directed to fully participate in this work, which aims to reduce greenhouse gases, require less office space and parking investments; provide low cost congestion relief on I-5 during peak periods, US 101, and the local transportation network; and improve retention and recruitment of public employees. The agencies should actively: Encourage employees qualified to telework to participate in this program and increase the number of employees who qualify for mobile work and schedule shifts.

(c) If measurable success is achieved, the capitol campus state agencies shall provide options to expand the project to other jurisdictions concentrated with large employers. Expansion and encouragement of telework will help reduce demand on the transportation system, reduce traffic during peak hours, and reduce greenhouse gas emissions.

(f) The department shall explore the development of a multiuse trail for bicyclists, pedestrians, skateboarders, and similar users along the SR 167 right-of-way acquired for the project to connect a network of new and existing trails from Mount Rainier to Point Defiance Park.

(g) If sufficient bonding authority to complete this project is not provided within chapter 421 (~~((Engrossed Substitute Senate Bill No. 5825))~~), Laws of 2019 (addressing tolling) (~~(or chapter . . . (House Bill No. 2132), Laws of 2019 (addressing tolling))~~), or within a bond authorization act referencing chapter 421 (~~((Engrossed Substitute Senate Bill No. 5825))~~), Laws of 2019 (~~(or chapter . . . (House Bill No. 2132), Laws of 2019,))~~) by June 30, 2019, it is the intent of the legislature to return the Puget Sound Gateway project (M00600R) to its previously identified construction schedule by moving \$128,900,000 in connecting Washington account—state appropriation back to the 2027-2029 biennium from the 2023-2025 biennium on the list referenced in subsection (2) of this section. If sufficient bonding authority is provided, it is the intent of the legislature to advance the project to allow for earlier completion and inflationary savings.

~~((16))~~ (15) It is the intent of the legislature that, for the I-5/North Lewis County Interchange project (L2000204), the department develop and design the project with the objective of significantly improving access to the industrially zoned properties in north Lewis county. The design must consider the county's process of investigating alternatives to improve such access from Interstate 5 that began in March 2015.

~~((18) \$950,000)~~ (16) \$1,029,000 of the transportation partnership account—state appropriation is provided solely for the U.S. 2 Trestle IJR project (L1000158).

~~((19))~~ (17) The department shall itemize all future requests for the construction of buildings on a project list and submit them through the transportation executive information system as part of the department's annual budget submittal. It is the intent of the legislature that new facility construction must be transparent and not appropriated within larger highway construction projects.

~~((20))~~ (18) Any advisory group that the department convenes during the 2019-2021 fiscal biennium must consider the interests of the entire state of Washington.

~~((24))~~ (19) The legislature finds that there are sixteen companies involved in wood preserving in the state that employ four hundred workers and have an annual payroll of fifteen million dollars. Before the department's switch to steel guardrails, ninety percent of the twenty-five hundred mile guardrail system was constructed of preserved wood and one hundred ten thousand wood guardrail posts were produced annually for state use. Moreover, the policy of using steel posts requires the state to use imported steel. Given these findings, where practicable, and until June 30, 2021, the department shall include the design option to use wood guardrail posts, in addition to steel posts, in new guardrail installations. The selection of posts must be consistent with the agency design manual policy that existed before December 2009.

~~((22))~~ (20)(a) ~~((For projects funded as part of the 2015 connecting Washington transportation package listed on the LEAP transportation document identified in subsection (1) of this section, if the department expects to have substantial reappropriations for the 2021-2023 fiscal biennium, the department may, on a pilot basis, apply funding from a project in this section with an appropriation that cannot be used for the current fiscal biennium to advance one or more of the following projects:~~

~~(i) I 82 Yakima Union Gap Economic Development Improvements (T21100R);~~

The advancement of a project may not hinder the delivery of the projects for which the reappropriations are necessary for the 2021-2023 fiscal biennium.~~

~~(e))~~ For connecting Washington projects that have already begun and are eligible for the authority granted in section 601 of this act, the department shall prioritize advancing the following projects if expected reappropriations become available:

(i) SR 14/I-205 to SE 164th Ave - Auxiliary Lanes (L2000102);

(ii) SR 305 Construction - Safety Improvements (N30500R);

(iii) SR 14/Bingen Underpass (L2220062);

(iv) I-405/NE 132nd Interchange - Totem Lake (L1000110);

(v) US Hwy 2 Safety (N00200R);

(vi) US-12/Walla Walla Corridor Improvements (T20900R);

(vii) I-5 JBLM Corridor Improvements (M00100R);

(viii) I-5/Slater Road Interchange - Improvements (L1000099);

(ix) SR 510/Yelm Loop Phase 2 (T32700R); or

(x) SR 520/124th St Interchange (Design and Right of Way) (L1000098).

~~((4))~~ (b) To the extent practicable, the department shall use the flexibility and authority granted in this section and in section 601 of this act to minimize the amount of reappropriations needed each biennium.

(c) The advancement of a project may not hinder the delivery of the projects for which the reappropriations are necessary for the 2021-2023 fiscal biennium.

~~((23))~~ (21) The legislature continues to prioritize the replacement of the state's aging infrastructure and recognizes the importance of reusing and recycling construction aggregate and recycled concrete materials in our transportation system. To accomplish Washington state's sustainability goals in transportation and in accordance with RCW 70.95.805, the legislature reaffirms its determination that recycled concrete aggregate and other transportation building materials are natural resource construction materials that are too valuable to be wasted and landfilled, and are a commodity as defined in WAC 173-350-100.

Further, the legislature determines construction aggregate and recycled concrete materials substantially meet widely recognized international, national, and local standards and specifications referenced in American society for testing and materials, American concrete institute, Washington state department of transportation, Seattle department of transportation, American public works association, federal aviation administration, and federal highway administration specifications, and are described as necessary and desirable products for recycling and reuse by state and federal agencies.

As these recyclable materials have well established markets, are substantially a primary or secondary product of necessary construction processes and production, and are managed as an item of commercial value, construction aggregate and recycled concrete materials are exempt from chapter 173-350 WAC.

~~((24))~~ (22)(a) \$17,500,000 of the motor vehicle account—state appropriation is provided solely for staffing of a project office to replace the Interstate 5 bridge across the Columbia river (G2000088). (b) Of the amount provided in this subsection, \$7,780,000 of the motor vehicle account—state appropriation must be placed in unallotted status by the office of financial management until the department develops a detailed plan for the work of this project office in consultation with the chairs and ranking members of the transportation committees of the legislature. The director of the office of financial management shall consult with the

chairs and ranking members of the transportation committees of the legislature prior to making a decision to allot these funds.

(c) The work of this project office includes, but is not limited to, the reevaluation of the purpose and need identified for the project previously known as the Columbia river crossing, the reevaluation of permits and development of a finance plan, the reengagement of key stakeholders and the public, and the reevaluation of scope, schedule, and budget for a reinvigorated bistate effort for replacement of the Interstate 5 Columbia river bridge. When reevaluating the finance plan for the project, the department shall assume that some costs of the new facility may be covered by tolls. The project office must also study the possible different governance structures for a bridge authority that would provide for the joint administration of the bridges over the Columbia river between Oregon and Washington. As part of this study, the project office must examine the feasibility and necessity of an interstate compact in conjunction with the national center for interstate compacts.

(d) Within the amount provided in this subsection, the department must implement chapter 137 (~~((Engrossed Substitute House Bill No. 1994))~~), Laws of 2019 (projects of statewide significance).

(e) The department shall have as a goal to:

(i) Reengage project stakeholders and reevaluate the purpose and need and environmental permits by July 1, 2020;

(ii) Develop a finance plan by December 1, 2020; and

(iii) Have made significant progress toward beginning the supplemental environmental impact statement process by June 30, 2021. The department shall aim to provide a progress report on these activities to the governor and the transportation committees of the legislature by December 1, 2019, and a final report to the governor and the transportation committees of the legislature by December 1, 2020.

(c) The department shall coordinate with the Brian Abbott fish passage barrier removal board to use a watershed approach to maximize habitat gain by replacing both state and local culverts. The department shall deliver high habitat value fish passage barrier corrections that it has identified, guided by the following factors: Opportunity to bundle projects, ability to leverage investments by others, presence of other barriers, project readiness, other transportation projects in the area, and transportation impacts.

(d) The department must keep track of, for each barrier removed: (i) The location; (ii) the amount of fish habitat gain; and (iii) the amount spent to comply with the injunction.

(e) It is the intent of the legislature that for the amount listed for the 2021-2023 biennium for the Fish Passage Barrier project (OBI4001) on the LEAP list referenced in subsection (1) of this section, that accrued practical design savings deposited in the transportation future funding program account be used to help fund the cost of fully complying with the court injunction by 2030.

(b) The department and Brian Abbott fish barrier removal board, while providing the opportunity for stakeholders, tribes, and government agencies to give input on a statewide culvert remediation plan, must provide updates on the development of the statewide culvert remediation plan to the capital budget, ways and means, and transportation committees of the legislature by November 1, 2020, and March 15, 2021. The first update must include a project timeline and plan to ensure that all state agencies with culvert correction programs are involved in the creation of the comprehensive plan.

(c) Allotment modifications authorized under this subsection apply only to amounts appropriated in this section from the following accounts: Multimodal transportation account—state, transportation partnership account—state, connecting Washington account—state, and special category C account—state; and

The appropriations in this section are subject to the following conditions and limitations:

(1) Except as provided otherwise in this section, the entire connecting Washington account—state appropriation and the entire transportation partnership account—state appropriation are provided solely for the projects and activities as listed by fund, project, and amount in LEAP Transportation Document ((2019-4)) 2020-1 as developed ((April 27, 2019)) March 11, 2020, Program - Highway Preservation Program (P). However, limited transfers of specific line-item project appropriations may occur between projects for those amounts listed subject to the conditions and limitations in section 601 of this act.

(2) Except as provided otherwise in this section, the entire motor vehicle account—state appropriation and motor vehicle account—federal appropriation are provided solely for the projects and activities listed in LEAP Transportation Document ((2019-2)) 2020-2 ALL PROJECTS as developed ((April 27, 2019)) March 11, 2020, Program - Highway Preservation Program (P). Any federal funds gained through efficiencies, adjustments to the federal funds forecast, additional congressional action not related to a specific project or purpose, or the federal funds redistribution process must then be applied to highway and bridge preservation activities or fish passage barrier corrections (0B14001).

(3) Within the motor vehicle account—state appropriation and motor vehicle account—federal appropriation, the department may transfer funds between programs I and P, except for funds that are otherwise restricted in this act. Ten days prior to any transfer, the department must submit its request to the office of financial management and the transportation committees of the legislature and consider any concerns raised. The department shall submit a report on fiscal year funds transferred in the prior fiscal year using this subsection as part of the department's annual budget submittal.

(4) ((~~\$25,036,000~~)) \$26,683,000 of the connecting Washington account—state appropriation is provided solely for the land mobile radio upgrade (G2000055) and is subject

to the conditions, limitations, and review provided in section 701 of this act. The land mobile radio project is subject to technical oversight by the office of the chief information officer. The department, in collaboration with the office of the chief information officer, shall identify where existing or proposed mobile radio technology investments should be consolidated, identify when existing or proposed mobile radio technology investments can be reused or leveraged to meet multiagency needs, increase mobile radio interoperability between agencies, and identify how redundant investments can be reduced over time. The department shall also provide quarterly reports to the technology services board on project progress.

(5) ~~(\$2,500,000)~~ \$4,000,000 of the motor vehicle account—state appropriation is provided solely for extraordinary costs incurred from litigation awards, settlements, or dispute mitigation activities not eligible for funding from the self-insurance fund. The office of financial management may release the funds only when it determines that all other funds designated for litigation awards, settlements, and dispute mitigation activities have been exhausted. No funds provided in this subsection may be expended on any legal fees related to the SR 99/Alaskan Way viaduct replacement project (809936Z).

(6) The appropriation in this section includes funding for starting planning, engineering, and construction of the Elwha River bridge replacement. To the greatest extent practicable, the department shall maintain public access on the existing route.

The department shall provide a report that identifies the progress of each project funded in this subsection as part of its annual agency budget request.

(8) The department must consult with the Washington state patrol and the office of financial management during the design phase of any improvement or preservation project that could impact Washington state patrol weigh station operations. During the design phase of any such project, the department must estimate the cost of designing around the affected weigh station's current operations, as well as the cost of moving the affected weigh station.

(9) During the course of any planned resurfacing or other preservation activity on state route number 26 between Colfax and Othello in the 2019-2021 fiscal biennium, the department must add dug-in reflectors.

The appropriations in this section are subject to the following conditions and limitations:

(1) Except as provided otherwise in this section, the entire appropriations in this section are provided solely for the projects and activities as listed in LEAP Transportation Document (~~(2019-2)~~) 2020-2 ALL PROJECTS as developed

(~~(April 27, 2019)~~) March 11, 2020, Program - Washington State Ferries Capital Program (W).

(3) (~~(\$73,089,000)~~) \$102,641,000 of the Puget Sound capital construction account—federal appropriation, (~~(\$33,089,000)~~) \$47,819,000 of the connecting Washington account—state appropriation, and (~~(\$8,778,000)~~) \$4,355,000 of the Puget Sound capital construction account—(~~state~~) local appropriation are provided solely for the Seattle Terminal Replacement project (900010L).

(4) (~~(\$5,000,000)~~) \$5,357,000 of the Puget Sound capital construction account—state appropriation is provided solely for emergency capital repair costs (999910K). Funds may only be spent after approval by the office of financial management.

(5) \$2,300,000 of the Puget Sound capital construction account—state appropriation is provided solely for the ORCA acceptance project (L2000300). The ferry system shall work with Washington technology solutions and the tolling division on the development of a new, interoperable ticketing system.

(6) \$495,000 of the Puget Sound capital construction account—state appropriation is provided solely for an electric ferry planning team (G2000087) to develop ten-year and twenty-year implementation plans to efficiently deploy hybrid-electric vessels, including a cost-benefit analysis of construction and operation of hybrid-electric vessels with and without charging infrastructure. The plan includes, but is not limited to, vessel technology and feasibility, vessel and terminal deployment schedules, project financing, and workforce requirements. The plan shall be submitted to the office of financial management and the transportation committees of the legislature by June 30, 2020.

(7) \$35,000,000 of the Puget Sound capital construction account—state appropriation and (~~(\$6,500,000)~~) \$8,000,000 of the Puget Sound capital construction account—federal appropriation are provided solely for the conversion of up to two Jumbo Mark II vessels to electric hybrid propulsion (G2000084). The department shall seek additional funds for the purposes of this subsection. The department may spend from the Puget Sound capital construction account—state appropriation in this section only as much as the department receives in Volkswagen settlement funds for the purposes of this subsection.

(8) \$400,000 of the Puget Sound capital construction account—state appropriation is provided solely for a request for proposals for a new maintenance management system

(project L2000301) and is subject to the conditions, limitations, and review provided in section 701 of this act.

(9) (~~(\$99,000,000)~~) \$96,030,000 of the capital vessel replacement account—state appropriation is provided solely for the acquisition of a 144-car hybrid-electric vessel. The vendor must present to the joint transportation committee and the office of financial management, by September 15, 2019, a list of options that will result in significant cost savings changes in terms of construction or the long-term maintenance and operations of the vessel. The vendor must allow for exercising the options without a penalty. It is the intent of the legislature to provide an additional \$88,000,000 in funding in the 2021-23 biennium. (~~Unless (a) chapter 431 (Engrossed Substitute House Bill No. 2161), Laws of 2019 (capital surcharge) or chapter . . . (Substitute Senate Bill No. 5992), Laws of 2019 (capital surcharge) is enacted by June 30, 2019, and (b) chapter 417 (Engrossed House Bill No. 1789), Laws of 2019 (service fees) or chapter . . . (Substitute Senate Bill No. 5419), Laws of 2019 (service fees) is enacted by June 30, 2019, the amount provided in this subsection lapses.~~) The reduction provided in this subsection is an assumed underrun pursuant to subsection (11) of this section. The commencement of construction of new vessels for the ferry system is important not only for safety reasons, but also to keep skilled marine construction jobs in the Puget Sound region and to sustain the capacity of the region to meet the ongoing construction and preservation needs of the ferry system fleet of vessels. The legislature has determined that the current vessel procurement process must move forward with all due speed, balancing the interests of both the taxpayers and shipyards. To accomplish construction of vessels in accordance with RCW 47.60.810, the prevailing shipbuilder, for vessels initially funded after July 1, 2020, is encouraged to follow the historical practice of subcontracting the construction of ferry superstructures to a separate nonaffiliated contractor located within the Puget Sound region, that is qualified in accordance with RCW 47.60.690.

(10) The capital vessel replacement account—state appropriation includes up to (~~(\$99,000,000)~~) \$96,030,000 in proceeds from the sale of bonds authorized in RCW 47.10.873.

(11) It is the intent of the legislature that no capital projects be eliminated or substantially delayed as a result of revenue reductions, but that as a short-term solution appropriation authority for this program is reduced to reflect anticipated underruns in this program, based on historical reappropriation levels.

(12) The appropriations in this section include savings due to anticipated project underruns; however, it is unknown which projects will provide savings. The legislature intends to provide sufficient flexibility for the department to manage to this savings target. To provide this flexibility, the office of financial management may authorize, through an allotment modification, reductions in the appropriated amounts that are provided solely for a particular purpose within this section subject to the following conditions and limitations:

(a) The department must confirm that any modification requested under this subsection of amounts provided solely for a specific purpose are not expected to be used for that purpose in this biennium;

(b) Allotment modifications authorized under this subsection may not result in increased funding for any project beyond the amount provided for that project in the 2019-2021 fiscal biennium in LEAP Transportation Document 2020-2 ALL PROJECTS as developed March 11, 2020;

(c) Allotment modifications authorized under this subsection apply only to amounts appropriated in this section from the following accounts: Puget Sound capital construction account—state, transportation partnership account—state, and capital vessel replacement account—state; and

(d) By December 1, 2020, the department must submit a report to the transportation committees of the legislature regarding the actions taken under this subsection.

The amounts provided in this subsection are not a commitment for future legislatures, but it is the legislature's intent that future legislatures will work to approve biennial appropriations until the full \$7,337,000 cost of this project is reimbursed.

(b) At least ten business days before advancing the project pursuant to this subsection, the department must notify the office of financial management and the transportation committees of the legislature. (26) It is the intent of the legislature that no capital projects will be eliminated or substantially delayed as a result of revenue reductions, but that as a short-term solution appropriation authority for this program is reduced to reflect anticipated underruns in this program, based on historical reappropriation levels.

(27) The appropriations in this section include savings due to anticipated project underruns; however, it is unknown which projects will provide savings. The legislature intends to provide sufficient flexibility for the department to manage to this savings target. To provide this flexibility, the office of financial management may authorize, through an allotment modification, reductions in the appropriated amounts that are provided solely for a particular purpose within this section subject to the following conditions and limitations:

(a) The department must confirm that any modification requested under this subsection of amounts provided solely for a specific purpose are not expected to be used for that purpose in this biennium;

(b) Allotment modifications authorized under this subsection may not result in increased funding for any project beyond the amount provided for that project in the

2019-2021 fiscal biennium in LEAP Transportation Document 2020-2 ALL PROJECTS as developed March 11, 2020:

(c) Allotment modifications authorized under this subsection apply only to amounts appropriated in this section from the following accounts: Connecting Washington account—state and multimodal transportation account—state; and

(d) By December 1, 2020, the department must submit a report to the transportation committees of the legislature regarding the actions taken under this subsection.

**Sec. 311.** 2019 c 416 s 313 (uncodified) is amended to read as follows:

(e) Highway projects that may be reduced in scope and still achieve a functional benefit;

(f) Highway projects that have experienced scope increases and that can be reduced in scope;

(g) Highway projects that have lost significant local or regional contributions that were essential to completing the project; and

(b) Provide a list of nickel (~~and~~), TPA, and connecting Washington projects charging to the nickel/TPA/CWA environmental mitigation reserve (OBI4ENV) and the amount each project is charging.

**Sec. 601.** 2019 c 416 s 601 (uncodified) is amended to read as follows:

**FUND TRANSFERS**

(1) The 2005 transportation partnership projects or improvements and 2015 connecting Washington projects or improvements are listed in the LEAP Transportation Document (~~(2019-1)~~ 2020-1 as developed (~~(April 27, 2019)~~ March 11, 2020, which consists of a list of specific projects by fund source and amount over a sixteen-year period. Current fiscal biennium funding for each project is a line-item appropriation, while the outer year funding allocations represent a sixteen-year plan. The department of transportation is expected to use the flexibility provided in this section to assist in the delivery and completion of all transportation partnership account and connecting Washington account projects on the LEAP transportation document referenced in this subsection. For the 2019-2021 project appropriations, unless otherwise provided in this act, the director of the office of financial management may provide written authorization for a transfer of appropriation authority between projects funded with transportation partnership account appropriations or connecting Washington account appropriations to manage project spending and efficiently deliver all projects in the respective program under the following conditions and limitations:

(a) Transfers may only be made within each specific fund source referenced on the respective project list;

(b) Transfers from a project may not be made as a result of the reduction of the scope of a project or be made to support increases in the scope of a project;

(c) Transfers from a project may be made if the funds appropriated to the project are in excess of the amount needed in the current fiscal biennium;

(d) Transfers may not occur for projects not identified on the applicable project list;

(e) Transfers may not be made while the legislature is in session;

(f) Transfers to a project may not be made with funds designated as attributable to practical design savings as described in RCW 47.01.480;

(g) Each transfer between projects may only occur if the director of the office of financial management finds that any resulting change will not hinder the completion of the projects as approved by the legislature. Until the legislature reconvenes to consider the 2020 supplemental omnibus transportation appropriations act, any unexpended 2017-2019 appropriation balance as approved by the office of financial management, in consultation with the chairs and ranking members of the house of representatives and senate transportation committees, may be considered when transferring funds between projects; and

(h) Transfers between projects may be made by the department of transportation without the formal written approval provided under this subsection (1), provided that the transfer amount does not exceed two hundred fifty thousand dollars or ten percent of the total project, whichever is less. These transfers must be reported quarterly to the director of the office of financial management and the chairs of the house of representatives and senate transportation committees.

(2) The department of transportation must submit quarterly all transfers authorized under this section in the transportation executive information system. The office of financial management must maintain a legislative baseline project list identified in the LEAP transportation documents referenced in this act, and update that project list with all authorized transfers under this section.

(3) At the time the department submits a request to transfer funds under this section, a copy of the request must be submitted to the chairs and ranking members of the transportation committees of the legislature.

(4) Before approval, the office of financial management shall work with legislative staff of the house of representatives and senate transportation committees to review the requested transfers in a timely manner and consider any concerns raised by the chairs and ranking members of the transportation committees.

(5) No fewer than ten days after the receipt of a project transfer request, the director of the office of financial management must provide written notification to the department of any decision regarding project transfers, with copies submitted to the transportation committees of the legislature.

802.0.

Beginning on page 1, line 7, strike all of sections 1 and 2 and insert the following:

**"NEW SECTION. Sec. 803.** (1) Over the past two decades, the legislature has taken significant action to promote a positive business environment for Washington's aerospace industry. The legislature finds that the industry plays a significant role not only in the health of Washington's economy, but also in the health of the United States economy. Moreover, the domestic aerospace industry has faced significant challenges with the large subsidies provided to international competitors.

(2) The legislature finds that a commitment to the elimination of trade barriers for aerospace as well as several

other vital Washington exports is important. The legislature also wishes to help bring the United States into full compliance with a recent world trade organization ruling asserting Washington's business and occupation tax rate of 0.2904 percent violates world trade organization rules. The legislature hopes this action to help bring the United States into compliance will end the threat of retaliatory tariffs against many of Washington's industries, including agricultural products, fish, wine, and intellectual property.

(3) The legislature appreciates the state aerospace industry's commitment to complying with the world trade organization ruling by advocating for the repeal of the preferential business and occupation tax. The legislature hopes that the repeal of this Washington aerospace preference will ensure continued economic success and competitiveness for the industry as well as many other industries. The legislature further hopes that the repeal of the 0.2904 business and occupation tax will allow for the complete resolution of all trade disputes surrounding large civil aircraft.

(4) The legislature further finds that the people of Washington benefit from the presence of the aerospace industry in Washington state. The industry provides good wages and benefits for thousands of engineers, technicians, mechanics, and support staff working across the state. Furthermore, the legislature has a goal of preserving and growing employment in Washington state. The legislature intends that the future consideration of all tax measures will work to achieve this goal in a manner compliant with the world trade organization.

**NEW SECTION. Sec. 804.** A new section is added to chapter 82.04 RCW to read as follows:

The rate of 0.357 percent authorized pursuant to RCW 82.04.260(11)(e) may be imposed only if the following conditions are met:

(1) The department of commerce verifies with the United States trade representative that the United States and the European Union have entered into a written agreement that resolves any world trade organization disputes involving large civil aircraft.

(2) Such agreement expressly allows a business and occupation tax rate reduction for commercial airplane manufacturers to 0.357 percent or less.

(3) The department of commerce notifies the department in writing that the conditions of subsections (1) and (2) of this section are met and provides a copy of the agreement between the United States and the European Union or other document providing for the business and occupation tax rate reduction to the department.

(4) The department of labor and industries notifies the department in writing that a significant commercial airplane manufacturer has at least a three-tenths of one percent aerospace apprenticeship utilization rate of its qualified apprenticeable workforce in Washington, as defined in section 4 of this act.

(5) Within thirty days of receiving the last of the written notices described in subsections (3) and (4) of this

section, the department must provide written notice to the chief clerk of the house of representatives, the secretary of the senate, the office of the code reviser, and others as deemed appropriate by the department, that the tax rates in RCW 82.04.260(11)(e) are reduced to 0.357 percent and the effective date of the rate reduction.

**THIRD READING**

**MESSAGE FROM THE SENATE**

March 11, 2020

Madame Speaker:

The Senate has passed SECOND SUBSTITUTE HOUSE BILL NO. 1661 with the following amendment: 809.0.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 810.** (1) The legislature finds that:

(a) Chapter 47, Laws of 2011 1st sp. sess. (Engrossed Substitute House Bill No. 1981) established a framework to allow the state's institutions of higher education to begin funding the unfunded portion of the defined benefit component of the higher education retirement plans.

(b) Moneys in the fund are being invested in short-term assets with low rates of return because there is no stated or clear pathway for when these funds will be used to pay benefits and that a stated strategy would allow these funds to be invested at a higher rate of return.

(c) The first actuarial analysis of the plans was completed in 2016, which provided information about projected future costs and potential institution specific rates that would allow benefits to be paid from the fund beginning in 2035.

(2) Therefore, the legislature intends the following:

(a) To establish institution specific contribution rates for each institutions of higher education supplemental benefit plan.

(b) The pension funding council will adjust the institution specific rates periodically based on updated experience and actuarial analyses to maintain progress towards funding the actuarial liabilities of each institution and to allow payment from the funds by 2035.

(c) Future contribution rates represent the cost of paying on a combined prefunded and pay-as-you-go basis in a way that reduces the year-to-year changes in cost that the higher education retirement plan supplemental benefit has under current law.

(d) The department of retirement systems assumes responsibility for administering the higher education retirement plan supplemental benefit fund when sufficient assets have been accumulated, as determined by the pension funding council.

(e) When sufficient funding has been accumulated to begin making benefit payments that the payments be made solely from that institution's portion of the higher education retirement plan supplemental benefit fund.

(f) That moneys in the fund be invested in a way to maximize returns.

**Sec. 811.** RCW 28B.10.423 and 2012 c 229 s 516 are each amended to read as follows:

(1) For employees who are first employed by an institution of higher education in a position eligible for participation in an old age annuities or retirement income plan under this chapter prior to July 1, 2011, it is the intent of RCW 28B.10.400, 28B.10.405, 28B.10.410, 28B.10.415, and 28B.10.420((c)) and ((~~28B.10.423~~)) this section that the retirement income resulting from the contributions described herein from the state of Washington and the employee shall be projected actuarially so that it shall not exceed sixty percent of the average of the highest two consecutive years

salary. Periodic review of the retirement systems established pursuant to RCW 28B.10.400, 28B.10.405, 28B.10.410, 28B.10.415, and 28B.10.420(+) and ~~((28B.10.423))~~ this section will be undertaken at such time and in such manner as determined by the committees on ways and means of the senate and of the house of representatives, the select committee on pension policy, and the pension funding council, and joint contribution rates will be adjusted if necessary to accomplish this intent.

(2) Beginning July 1, 2011, state funding for annuity or retirement income plans under RCW 28B.10.400 shall not exceed six percent of salary. The state board for community and technical colleges and the student achievement council are exempt from the provisions of this subsection (2).

(3) By June 30, 2013, and every two years thereafter, each institution of higher education that is responsible for payment of supplemental amounts under RCW 28B.10.400(1)(c) shall contract with the state actuary under chapter 41.44 RCW for an actuarial valuation of their supplemental benefit plan. By June 30, 2013, and at least once every six years thereafter, each institution shall also contract with the state actuary under chapter 41.44 RCW for an actuarial experience study of the mortality, service, compensation, and other experience of the annuity or retirement income plans created in this chapter, and into the financial condition of each system. At the discretion of the state actuary, the valuation or experience study may be performed by the state actuary or by an outside actuarial firm under contract to the office of the state actuary. Each institution of higher education is required to provide the data and information required for the performance of the valuation or experience study to the office of the state actuary or to the actuary performing the study on behalf of the state actuary. The state actuary may charge each institution for the actual cost of the valuation or experience study through an interagency agreement. Upon completion of the valuation or experience study, the state actuary shall provide copies of the study to the institution of higher education and to the select committee on pension policy and the pension funding council.

~~(4)(a) ((A higher education retirement plan supplemental benefit fund is created in the custody of the state treasurer for the purpose of funding future benefit obligations of higher education retirement plan supplemental benefits. The state investment board has the full power to invest, reinvest, manage, contract, sell, or exchange investment money in the fund.~~

~~(b))~~ From January 1, 2012, through June 30, 2013, an employer contribution rate of one-quarter of one percent of salary is established to begin prefunding the unfunded future obligations of the supplemental benefit established in RCW 28B.10.400.

~~((e))~~ (b) Beginning July 1, 2013, an employer contribution rate of one-half of one percent of salary is established to prefund the unfunded future obligations of the supplemental benefit established in RCW 28B.10.400.

~~((d))~~ (c)(i) Beginning July 1, 2020, the employer contribution rates for each state institution of higher education are as follows:

University of Washington: 0.38 percent

Washington State University: 0.30 percent

Western Washington University: 0.21 percent

Eastern Washington University: 0.28 percent

Central Washington University: 0.28 percent

The Evergreen State College: 0.23 percent

State board for community and technical colleges: 0.13 percent

(ii) The contribution rates established in this section may be changed by rates adopted by the pension funding council beginning July 1, 2021, consistent with (e) of this subsection.

(iii) The rates in this subsection (4) are subject to the limit established in subsection (2) of this section.

(d) Consistent with chapter 41.50 RCW, the department of retirement systems shall collect the employer contribution rates established in this section from each state institution of higher education, and deposit those contributions into the higher education retirement plan supplemental benefit fund under RCW 41.50.075(6). The contributions made by each employer into the higher education retirement plan supplemental benefit fund and the earnings on those contributions shall be accounted for separately within the fund.

(e) Following the completion and review of the ~~((initial))~~ actuarial valuations and experience study conducted pursuant to subsection (3) of this section, the pension funding council may(:

~~(i) Adopt), by July 31, 2020, and every two years thereafter, adopt~~ and make changes to the employer contribution rates established in this subsection consistent with the procedures established in chapter 41.45 RCW. If the actuarial valuations of the higher education retirement plans of each institution contributing to the higher education retirement plan supplemental benefit fund suggest that different contribution rates are appropriate for each institution, different rates may be adopted. Rates adopted by the pension funding council are subject to revision by the legislature(:

~~(ii) Recommend legislation that will, upon accumulation of sufficient funding in the higher education retirement plan supplemental benefit fund, transfer the responsibility for making supplemental benefit payments to the department of retirement systems, and adjust employer contribution rates to reflect the transfer of responsibility).~~

(f)(i) The rates adopted by the pension funding council must be designed to keep the cost of the higher education retirement plan supplemental benefits at a more level percentage of pay than a pay-as-you-go method. This more level percentage of pay of costs means a combination of the cost of supplemental benefits paid by the institution directly, plus the cost of contributions to the higher education retirement plan supplemental benefit fund. Contributions shall continue until the projected value of the funds equals the projected cost of future benefits for the institution.

(ii) Funds are anticipated to be accumulated in the higher education retirement plan supplemental benefit fund, and not expended on benefits until approximately the year 2035.

(iii) The pension funding council, in consultation with the state actuary, may choose and occasionally revise, a funding method designed to achieve these objectives.

### MESSAGE FROM THE SENATE

March 11, 2020

Madame Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 2248 with the following amendment: 817.0.

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 818.** (1) The legislature finds and declares that stimulating local investment in community solar projects continues to be an important part of a state energy strategy by helping to increase energy independence from fossil fuels, promote economic development, hedge against the effects of climate change, and attain environmental benefits. The legislature finds that while previous community solar programs were successful in stimulating these benefits, the programs failed to provide an adequate framework for low-income participation and long-term market certainty. The legislature finds that the vast majority of Washingtonians still do not have access to the benefits of solar energy. The legislature intends to stimulate the deployment of community solar projects for the benefit of all Washingtonians by funding the renewable energy production incentive program for community solar projects and by creating opportunities for broader participation, especially by low-income households and low-income service providers. As of December 2019, the state is thirteen megawatts short of the one hundred fifteen megawatts of solar photovoltaic capacity established as a goal under RCW 82.16.155. The legislature therefore intends to provide an incentive sufficient to promote installation of community solar projects through June 30, 2031, at which point the legislature expects to review the effectiveness of enhancing access to community solar projects.

(2) The legislature finds that participation of low-income customers in community solar projects is consistent with the goals and intent of the energy assistance provisions of chapter 19.405 RCW, the Washington clean energy transformation act, when this participation achieves a reduction in energy burden for the customers.

(3) The legislature also finds that offering energy assistance through renewable energy programs, including

community solar, at a discount to low-income customers is consistent with the goal and intent of RCW 80.28.068.

**Sec. 819.** RCW 82.16.130 and 2017 3rd sp.s. c 36 s 4 are each amended to read as follows:

(1) A light and power business is allowed a credit against taxes due under this chapter in an amount equal to:

(a) Incentive payments made in any fiscal year under RCW 82.16.120 and 82.16.165; and

(b) Any fees a utility is allowed to recover pursuant to RCW 82.16.165(5).

(2) The credits must be taken in a form and manner as required by the department. The credit taken under this section for the fiscal year may not exceed one and one-half percent of the (~~businesses~~) business's taxable power sales generated in calendar year 2014 and due under RCW 82.16.020(1)(b) or two hundred fifty thousand dollars, whichever is greater, for incentive payments made for the following:

(a) Renewable energy systems, other than community solar projects, that are certified for an incentive payment as of June 30, 2020; and

(b) Community solar and shared commercial projects that are under precertification status under RCW 82.16.165(7)(b) as of June 30, 2020, and that are certified for an incentive payment in accordance with the terms of that precertification by December 31, 2021.

(3) The credit may not exceed the tax that would otherwise be due under this chapter. Refunds may not be granted in the place of credits. Expenditures not used to earn a credit in one fiscal year may not be used to earn a credit in subsequent years.

(4) For any business that has claimed credit for amounts that exceed the correct amount of the incentive payable under RCW 82.16.120, the amount of tax against which credit was claimed for the excess payments is immediately due and payable. The department may deduct amounts due from future credits claimed by the business.

(a) Except as provided in (b) of this subsection, the department must assess interest but not penalties on the taxes against which the credit was claimed. Interest must be assessed at the rate provided for delinquent excise taxes under chapter 82.32 RCW, retroactively to the date the credit was claimed, and accrues until the taxes against which the credit was claimed are repaid.

(b) A business is not liable for excess payments made in reliance on amounts reported by the Washington State University extension energy program as due and payable as provided under RCW 82.16.165(20), if such amounts are later found to be abnormal or inaccurate due to no fault of the business.

(5) The amount of credit taken under this section is not confidential taxpayer information under RCW 82.32.330 and is subject to disclosure.

(6) The right to earn tax credits for incentive payments made under RCW 82.16.120 expires June 30, 2020. Credits may not be claimed after June 30, 2021.

(7)(a) The right to earn tax credits for incentive payments made under RCW 82.16.165 for the following expires June 30, 2029:

(i) Renewable energy systems, other than community solar projects, that are certified for an incentive payment as of June 30, 2020; and

(ii) Community solar and shared commercial projects that are under precertification status under RCW 82.16.165(7)(b) as of June 30, 2020, and that are certified for an incentive payment in accordance with the terms of that precertification by December 31, 2021.

(b) Credits may not be claimed after June 30, 2030.

(8) This section expires June 30, 2031.

**NEW SECTION. Sec. 820.** A new section is added to chapter 82.16 RCW to read as follows:

(1) Beginning July 1, 2020, a light and power business is allowed a credit against taxes due under this chapter in an amount equal to incentive payments made in any fiscal year under section 7 of this act.

(2) The credits must be taken in a form and manner as required by the department. The credit taken under this section for the fiscal year may not exceed one and one-half percent of the business's taxable power sales generated in calendar year 2014 and due under RCW 82.16.020(1)(b) or two hundred fifty thousand dollars, whichever is greater, for incentive payments made for community solar projects that submit an application for precertification under section 7 of this act on or after July 1, 2020, and that are certified for an incentive payment in accordance with the terms of that precertification by June 30, 2031.

(3) The credit may not exceed the tax that would otherwise be due under this chapter. Refunds may not be granted in the place of credits.

(4) For any business that has claimed credit for amounts that exceed the correct amount of the incentive payable under section 7 of this act, the amount of tax against which credit was claimed for the excess payments is immediately due and payable. The department may deduct amounts from future credits claimed by the business.

(a) Except as provided in (b) of this subsection, the department must assess interest but not penalties on the taxes against which the credit was claimed. Interest may be assessed at the rate provided for delinquent excise taxes under chapter 82.32 RCW, retroactively to the date the credit was claimed, and accrues until the taxes against which the credit was claimed are repaid.

(b) A business is not liable for excess payments made in reliance on amounts reported by the Washington State University extension energy program as due and payable as provided under section 7 of this act, if such amounts are later found to be abnormal or inaccurate due to no fault of the business.

(5) The amount of credit taken under this section is not confidential taxpayer information under RCW 82.32.330 and is subject to disclosure.

(6) The right to earn tax credits for incentive payments made under section 7 of this act expires June 30, 2034. Credits may not be claimed under this section after June 30, 2035.

(7) This section expires June 30, 2036.

(2) This section expires June 30, 2031.

**Sec. 822.** RCW 82.16.165 and 2017 3rd sp.s. c 36 s 6 are each amended to read as follows:

(1) Beginning July 1, 2017, and through June 30, 2020, the following persons may submit a one-time application to the Washington State University extension energy program to receive a certification authorizing the utility serving the situs of a renewable energy system in the state of Washington to remit an annual production incentive for each kilowatt-hour of alternating current electricity generated by the renewable energy system:

(a) The utility's customer who is the customer-owner of a residential-scale or commercial-scale renewable energy system;

(b) An administrator of a community solar project meeting the eligibility requirements outlined in RCW 82.16.170~~(2)~~ and applies for certification on behalf of each of the project participants; or

(c) A utility or a business under contract with a utility that administers a shared commercial solar project that meets the eligibility requirements in RCW 82.16.175 and applies for certification on behalf of each of the project participants.

(2) No person, business, or household is eligible to receive incentive payments provided under subsection (1) of this section of more than five thousand dollars per year for residential systems or community solar projects, twenty-five thousand dollars per year for commercial-scale systems, or thirty-five thousand dollars per year for shared commercial solar projects.

(3)(a) No new certification may be issued under this section to an applicant who submits a request for or receives an annual incentive payment for a renewable energy system that was certified under RCW 82.16.120, or for a renewable energy system served by a utility that has elected not to

participate in the incentive program, as provided in subsection (4) of this section.

(b) The Washington State University extension energy program may issue a new certification for an additional system installed at a situs with a previously certified system so long as the new system meets the requirements of this section and its production can be measured separately from the previously certified system.

(c) The Washington State University extension energy program may issue a recertification for a residential-scale or commercial-scale system if a customer makes investments resulting in an expansion of the system's nameplate capacity. Such recertification expires on the same day as the original certification for the residential-scale or commercial-scale system and applies to the entire system the incentive rates and program rules in effect as of the date of the recertification.

(4) A utility's participation in the incentive program provided in this section is voluntary.

(a) A utility electing to participate in the incentive program must notify the Washington State University extension energy program of such election in writing.

(b) The utility may terminate its voluntary participation in the production incentive program by providing notice in writing to the Washington State University extension energy program to cease issuing new certifications for renewable energy systems that would be served by that utility.

(c) Such notice of termination of participation is effective after fifteen days, at which point the Washington State University extension energy program may not accept new applications for certification of renewable energy systems that would be served by that utility.

(d) Upon receiving a utility's notice of termination of participation in the incentive program, the Washington State University extension energy program must report on its web site that customers of that utility are no longer eligible to receive new certifications under the program.

(e) A utility's termination of participation does not affect the utility's obligation to continue to make annual incentive payments for electricity generated by systems that were certified prior to the effective date of the notice. The Washington State University extension energy program must continue to process and issue certifications for renewable energy systems that were received by the Washington State University extension energy program before the effective date of the notice of termination.

(f) A utility that has terminated participation in the program may resume participation upon filing notice with the Washington State University extension energy program.

(5)(a) The Washington State University extension energy program may certify a renewable energy system that is connected to equipment capable of measuring the electricity production of the system and interconnecting with the utility's system in a manner that allows the utility, or the customer at the utility's option, to measure and report to the

Washington State University extension energy program the total amount of electricity produced by the renewable energy system.

(b) The Washington State University extension energy program must establish a reporting and fee-for-service system to accept electricity production data from the utility or the customer that is not reported electronically and with the reporting entity selected at the utility's option as described in subsection (19) of this section. The fee-for-service agreement must allow for electronic reporting or reporting by mail, may be specific to individual utilities, and must recover only the program's costs of obtaining the electricity production data and incorporating it into an electronic format. A statement of the amount due for the fee-for-service must be provided to the utility by the Washington State University extension energy program with the report provided to the utility pursuant to subsection (20)(a) of this section. The utility may determine how to assess and remit the fee, and the utility may be allowed a credit for fees paid under this subsection (5) against taxes due, as provided in RCW 82.16.130(1).

(6) The Washington State University extension energy program may issue a certification authorizing annual incentive payments up to the following annual dollar limits:

(a) For community solar projects, five thousand dollars per project participant;

(b) For residential-scale systems, five thousand dollars;

(c) For commercial-scale systems, twenty-five thousand dollars; and

(d) For shared commercial solar projects, up to thirty-five thousand dollars a year per participant, as determined by the terms of subsection (15) of this section.

(7)(a) To obtain certification for the incentive payment provided under subsection (1) of this section by June 30, 2020, for renewable energy systems other than community solar projects, or by December 31, 2021, for community solar and shared commercial projects, a person must submit to the Washington State University extension energy program an application, including:

(i) A signed statement that the applicant has not previously received a notice of eligibility from the department under RCW 82.16.120 entitling the applicant to receive annual incentive payments for electricity generated by the renewable energy system at the same meter location;

(ii) A signed statement of the total price, including applicable sales tax, paid by the applicant for the renewable energy system;

(iii) System operation data including global positioning system coordinates, tilt, estimated shading, and azimuth;

(iv) Any other information the Washington State University extension energy program deems necessary in determining eligibility and incentive levels, administering the program, tracking progress toward achieving the limits on program participation established in RCW 82.16.130, or

facilitating the review of the performance of the tax preferences by the joint legislative audit and review committee, as described in RCW 82.16.155; and

(v)(A) Except as provided in (a)(v)(B) of this subsection (7), the date that the renewable energy system received its final electrical inspection from the applicable local jurisdiction, as well as a copy of the permit or, if the permit is available online, the permit number;

(B) The Washington State University extension energy program may waive the requirement in (a)(v)(A) of this subsection (7), accepting an application and granting provisional certification prior to proof of final electrical inspection. Provisional certification expires one hundred eighty days after issuance, unless the applicant submits proof of the final electrical inspection from the applicable local jurisdiction or the Washington State University extension energy program extends the certification, for a term or terms of thirty days, due to extenuating circumstances; and

(b)(i) Prior to obtaining certification under this subsection, a community solar project or shared commercial solar project must apply for precertification against the remaining funds available for incentive payments under subsection (13)(d) of this section in order to be guaranteed an incentive payment under subsection (1) of this section. Community solar and shared commercial projects that are under precertification status under this subsection (7) as of June 30, 2020, may not apply for precertification for the incentive payment provided under section 7 of this act for that same project;

(ii) A project applicant of a community solar project or shared commercial solar project must complete an application for certification with the Washington State University extension energy program within less than ~~((one year))~~ two years to retain the precertification status described in this subsection. If a community solar or shared commercial project application is in precertification status as of June 30, 2020, the project applicant must continue in that status until either it is certified by the Washington State University extension energy program or its precertification expires; and

(iii) The Washington State University extension energy program may design a reservation or precertification system for an applicant of a residential-scale or commercial-scale renewable energy system.

(8) No incentive payments may be authorized or accrued until the final electrical inspection and executed interconnection agreement are submitted to the Washington State University extension energy program.

(9) Within thirty days of receipt of ~~((the))~~ an application for certification, the Washington State University extension energy program must notify the applicant and, except when a utility is the applicant, the utility serving the situs of the renewable energy system, by mail or electronically, whether certification has been granted. The certification notice must state the rate to be paid per kilowatt-hour of electricity generated by the renewable energy system, as provided in subsection (12) of this section,

subject to any applicable cap on total annual payment provided in subsection (6) of this section.

(10) Certification is valid for the program term and entitles the applicant or, in the case of a community solar project or shared commercial solar project, the participant, to receive incentive payments for electricity generated from the date the renewable energy system commences operation, or the date the system is certified, whichever date is later. For purposes of this subsection, the Washington State University extension energy program must define when a renewable energy system commences operation and provide notice of such date to the recipient and the utility serving the situs of the system. Certification may not be retroactively changed except to correct later discovered errors that were made during the original application or certification process.

(11)(a) System certification follows the system if the following conditions are met using procedures established by the Washington State University extension energy program:

(i) The renewable energy system is transferred to a new owner who notifies the Washington State University extension energy program of the transfer; and

(ii) The new owner provides an executed interconnection agreement with the utility serving the premises.

(b) In the event that a community solar project participant terminates their participation in a community solar project, the system certification follows the system and participation may be transferred to a new participant. The administrator of a community solar project must provide notice to the Washington State University extension energy program of any changes or transfers in project participation.

(12) The Washington State University extension energy program must determine the total incentive rate for ~~((a new renewable energy system certification by adding to the base rate any applicable made in Washington bonus rate))~~ renewable energy systems, other than a community solar project, certified through June 30, 2020, and for community solar and shared commercial projects precertified as of June 30, 2020, and certified through December 31, 2021, as provided in this subsection. A made-in-Washington bonus rate is provided for a renewable energy system or a community solar project certified through June 30, 2019, with solar modules made in Washington or with a wind turbine or tower that is made in Washington. Both the base rates and bonus rate vary, depending on the fiscal year in which the system is certified and the type of renewable energy system being certified, as provided in the following table:

Fiscal year of system certification	Base rate - residential scale	Base rate - commercial scale	Base rate - utility solar	Base rate - shared commercial solar	Made in Washington bonus
2018	\$0.16	\$0.06	\$0.16	\$0.06	\$0.05

2019	\$0.14	\$0.04	\$0.14	\$0.04	\$0.04
2020	\$0.12	\$0.02	\$0.12	\$0.02	<del>(\$0.03)</del>
2021	<del>(\$0.10)</del>	<del>(\$0.02)</del>	\$0.10	<del>(\$0.02)</del>	<del>(\$0.02)</del>

(13) The Washington State University extension energy program must cease to issue new certifications:

(a) For community solar projects and shared commercial solar projects in any fiscal year for which the Washington State University extension energy program estimates that fifty percent of the remaining funds for credit available to a utility for renewable energy systems certified under this section as of July 1, 2017, have been allocated to community solar projects and shared commercial solar projects combined;

(b) For commercial-scale systems in any fiscal year for which the Washington State University extension energy program estimates that twenty-five percent of the remaining funds for credit available to a utility for renewable energy systems certified under this section as of July 1, 2017, have been allocated to commercial-scale systems;

(c) For any renewable energy system served by a utility, if certification is likely to result in incentive payments by that utility, including payments made under RCW 82.16.120, exceeding the utility's available funds for credit under RCW 82.16.130; and

(d) For any renewable energy system, if certification is likely to result in total incentive payments under this section exceeding one hundred ten million dollars.

(14) If the Washington State University extension energy program ceases issuing new certifications during a fiscal year or biennium as provided in subsection (13) of this section, in the following fiscal year or biennium, or when additional funds are available for credit such that the thresholds described in subsection (13) of this section are no longer exceeded, the Washington State University extension energy program must resume issuing new certifications using a method of awarding certifications that results in equitable and orderly allocation of benefits to applicants.

(15) A customer who is a participant in a shared commercial solar project may not receive incentive payments associated with the project greater than the difference between the levelized cost of energy output of the system over its production life and the retail rate for the rate class to which the customer belongs. The levelized cost of the output of the energy must be determined by the utility that administers the shared commercial solar project and must be disclosed, along with an explanation of the limitations on incentive payments contained in this subsection (15), in the contractual agreement with the shared commercial solar project participants.

(16) In order to begin to receive annual incentive payments, a person who has been issued a certification for the incentive as provided in subsection (9) of this section must obtain an executed interconnection agreement with the utility serving the situs of the renewable energy system.

(17) The Washington State University extension energy program must establish a list of equipment that is eligible for the bonus rates described in subsection (12) of this section. The Washington State University extension energy program must, in consultation with the department of commerce, develop technical specifications and guidelines to ensure consistent and predictable determination of eligibility. A solar module is made in Washington for purposes of receiving the bonus rate only if the lamination of the module takes place in Washington. A wind turbine is made in Washington only if it is powered by a turbine or built with a tower manufactured in Washington.

(18) The manufacturer of a renewable energy system component subject to a bonus rate under subsection (12) of this section may apply to the Washington State University extension energy program to receive a determination of eligibility for such bonus rates. The Washington State University extension energy program must publish a list of components that have been certified as eligible for such bonus rates. The Washington State University extension energy program may assess an equipment certification fee to recover its costs. The Washington State University extension energy program must deposit all revenue generated by this fee into the state general fund.

(19) Annually, the utility must report electronically to the Washington State University extension energy program the amount of gross kilowatt-hours generated by each renewable energy system since the prior annual report. For the purposes of this section, to report electronically means to submit statistical or factual information in alphanumeric form through a web site established by the Washington State University extension energy program or in a list, table, spreadsheet, or other nonnarrative format that can be digitally transmitted or processed. The utility may instead opt to report by mail or require program participants to report individually, but if the utility exercises one or more of these options it must negotiate with the Washington State University extension energy program the fee-for-service arrangement described in subsection (5)(b) of this section.

(20)(a) The Washington State University extension energy program must calculate for the year and provide to the utility the amount of the incentive payment due to each participant and the total amount of credit against tax due available to the utility under RCW 82.16.130 that has been allocated as annual incentive payments. Upon notice to the Washington State University extension energy program, a utility may opt to directly perform this calculation and provide its results to the Washington State University extension energy program.

(b) If the Washington State University extension energy program identifies an abnormal production claim, it must notify the utility, the department of revenue, and the applicant, and must recommend withholding payment until the applicant has demonstrated that the production claim is accurate and valid. The utility is not liable to the customer for withholding payments pursuant to such recommendation unless and until the Washington State University extension energy program notifies the utility to resume incentive payments.

(21)(a) The utility must issue the incentive payment within ninety days of receipt of the information required under subsection (20)(a) of this section from the Washington State University extension energy program. The utility must resume the incentive payments withheld under subsection (20)(b) of this section within thirty days of receiving notice from the Washington State University extension energy program that the claim has been demonstrated accurate and valid and payment should be resumed.

(b) A utility is not liable for incentive payments to a customer-owner if the utility has disconnected the customer due to a violation of a customer service agreement, such as nonpayment of the customer's bill, or a violation of an interconnection agreement.

(22) Beginning January 1, 2018, the Washington State University extension energy program must post on its web site and update at least monthly a report, by utility, of:

(a) The number of certifications issued for renewable energy systems, including estimated system sizes, costs, and annual energy production and incentive yields for various system types; and

(b) An estimate of the amount of credit that has not yet been allocated for incentive payments under each utility's credit limit and remains available for new renewable energy system certifications.

(23) Persons receiving incentive payments under this section must keep and preserve, for a period of five years for the duration of the consumer contract, suitable records as may be necessary to determine the amount of incentive payments applied for and received. The Washington State University extension energy program may direct a utility to cease issuing incentive payments if the records are not made available for examination upon request. A utility receiving such a directive is not liable to the applicant for any incentive payments or other damages for ceasing payments pursuant to the directive.

(24) The nonpower attributes of the renewable energy system belong to the utility customer who owns or hosts the system or, in the case of a community solar project or a shared commercial solar project, the participant, and can be kept, sold, or transferred at the utility customer's discretion unless, in the case of a utility-owned community solar or shared commercial solar project, a contract between the customer and the utility clearly specifies that the attributes will be retained by the utility.

(25) All lists, technical specifications, determinations, and guidelines developed under this section must be made publicly available online by the Washington State University extension energy program.

(26) No certification may be issued under this section by the Washington State University extension energy program for any renewable energy system, other than a community solar project, after June 30, ~~((2021))~~ 2020. No certification may be issued under this section for any community solar or shared commercial project after December 31, 2021.

(27) The Washington State University extension energy program must collect a one-time fee for applications submitted under subsection (1) of this section of one hundred twenty-five dollars per applicant. The Washington State University extension energy program must deposit all revenue generated by this fee into the state general fund. The Washington State University extension energy program must administer and budget for the program established in RCW 82.16.120, this section, and RCW 82.16.170 in a manner that ensures its administrative costs through June 30, 2022, are completely met by the revenues from this fee. If the Washington State University extension energy program determines that the fee authorized in this subsection is insufficient to cover the administrative costs through June 30, 2022, the Washington State University extension energy program must report to the legislature on costs incurred and fees collected and demonstrate why a different fee amount or funding mechanism should be authorized.

(28) The Washington State University extension energy program may, through a public process, develop any program requirements, policies, and processes necessary for the administration or implementation of this section, RCW 82.16.120, 82.16.155, and 82.16.170. The department is authorized, in consultation with the Washington State University extension energy program, to adopt any rules necessary for administration or implementation of the program established under this section and RCW 82.16.170.

(29) Applications, certifications, requests for incentive payments under this section, and the information contained therein are not deemed tax information under RCW 82.32.330 and are subject to disclosure.

(30)(a) By November 1, 2019, and in compliance with RCW 43.01.036, the Washington State University extension energy program must submit a report to the legislature that includes the following:

(i) The number and types of renewable energy systems that have been certified under this section as of July 1, 2019, both statewide and per participating utility;

(ii) The number of utilities that are approaching or have reached the credit limit established under RCW 82.16.130(2) or the thresholds established under subsection (13) of this section;

(iii) The share of renewable energy systems by type that contribute to each utility's threshold under subsection (13) of this section;

(iv) An assessment of the deployment of community solar projects in the state, including but not limited to the following:

(A) An evaluation of whether or not community solar projects are being deployed in low-income and moderate-income communities, as those terms are defined in RCW 43.63A.510, including a description of any barriers to project deployment in these communities;

(B) A description of the share of community solar projects by administrator type that contribute to each utility's threshold under subsection (13)(a) of this section; and

(C) A description of any barriers to participation by nonprofits and local housing authorities in the incentive program established under this section and under RCW 82.16.170;

(v) The total dollar amount of incentive payments that have been made to participants in the incentive program established under this section to date; and

(vi) The total number of megawatts of solar photovoltaic capacity installed to date by participants in the incentive program established under this section.

(b) By December 31, 2019, the legislature must review the report submitted under (a) of this subsection and determine whether the credit limit established under RCW 82.16.130(2) should be increased to two percent of a light and power business's taxable power sales generated in calendar year 2014 and due under RCW 82.16.020(1)(b) or two hundred fifty thousand dollars, whichever is greater, in order to achieve the legislative intent under section 1, chapter 36, Laws of 2017 3rd sp. sess.

(31) This section expires June 30, 2031.

NEW SECTION. Sec. 823. A new section is added to chapter 82.16 RCW to read as follows:

(1) The definitions in this section apply throughout this section and section 7 of this act unless the context clearly requires otherwise.

(a)(i) "Administrator" means the utility, nonprofit, tribal housing authority as provided in (a)(ii) of this subsection, or other local housing authority that organizes and administers a community solar project as provided in section 7 of this act and RCW 82.16.170.

(ii) A tribal housing authority may only administer a community solar project on tribal lands or lands held in trust for a federally recognized tribe by the United States for subscribers who are tribal members.

(b) "Certification" means the authorization issued by the Washington State University extension energy program establishing a community solar project administrator's eligibility to receive a low-income community solar incentive payment from the electric utility serving the site of the community solar project, on behalf of, and for the purpose of providing direct benefits to, its low-income subscribers, low-income service provider subscribers, and tribal and public agency subscribers.

(c) "Community solar project" means a solar energy system that:

(i) Has an alternating current nameplate capacity that is greater than twelve kilowatts but no greater than one hundred ninety-nine kilowatts;

(ii) Has, at minimum, either two subscribers or one low-income service provider subscriber; and

(iii) Meets the applicable eligibility requirements in section 7 of this act and RCW 82.16.170.

(d) "Consumer-owned utility" has the same meaning as in RCW 19.280.020.

**NEW SECTION. Sec. 824.** A new section is added to chapter 82.16 RCW to read as follows:

(1) Beginning July 1, 2020, through June 30, 2031, an administrator of a community solar project meeting the eligibility requirements described in this section and RCW 82.16.170(3) may submit an application to the Washington

State University extension energy program to receive a precertification for a community solar project. Projects with precertification applications approved by the Washington State University extension energy program have two years to complete their projects and apply for certification. By certifying qualified projects pursuant to the requirements of this section and RCW 82.16.170(3), the Washington State University extension energy program authorizes the utility serving the site of a community solar project in the state of Washington to remit a one-time low-income community solar incentive payment to the community solar project administrator, who accepts the payment on behalf of, and for the purpose of providing direct benefits to, the project's qualifying subscribers.

(2) A one-time low-income community solar incentive payment remitted to a community solar project administrator for a project certified under this section equals the sum of the following:

(a) An amount, not to exceed twenty thousand dollars per community solar project, equal to the community solar project's administrative costs related to the administrative start-up of the project for qualifying subscribers; and

(b) An amount that does not exceed one hundred percent of the proportional cost of the share of the community solar project that provides direct benefits to qualifying subscribers.

(3) No new certification may be issued under this section to an applicant who receives an annual incentive payment for a community solar project that was certified under RCW 82.16.120 or 82.16.165, or for a community solar project served by a utility that has elected not to participate in the incentive program provided in this section.

(4) Community solar projects that are under precertification status under RCW 82.16.165 as of June 30, 2020, may not apply for precertification of that same project for the one-time low-income community solar incentive payment provided in this section.

(5)(a) In addition to the one-time low-income community solar incentive payment under subsection (2) of this section, a participating utility must also provide the following compensation for the generation of electricity from the certified project:

(i) For a community solar project that has an alternating current nameplate capacity greater than twelve kilowatts but no greater than one hundred kilowatts, and that is connected behind the electric service meter, compensation must be determined in accordance with RCW 80.60.020 and provided to the metered customer receiving service at the situs of the meter.

(ii) For all other community solar projects, compensation must be determined at a value set by the participating utility and paid to the administrator or subscribers according to the agreement between the project and the utility.

(iii) An administrator may deduct ongoing administrative costs from compensation provided from

power generation, provided those costs are identified in the subscription agreement.

(b) If the utility provides compensation for the generation of electricity to the administrator, the administrator of a community solar project must provide that compensation to the project subscribers. For ten years after certification, and by March 1st of each year following certification, the provider of compensation for the generation of electricity to the subscriber, whether the utility or the administrator, but not both, must provide the Washington State University extension energy program with signed statements of the following for the preceding year:

(i) The energy production for the period for which compensation is to be provided;

(ii) Each subscriber's units of the project;

(iii) The amount disbursed to each subscriber for the period; and

(iv) The date and amount disbursed to each subscriber.

(6) A utility's participation in the incentive program provided in this section is voluntary.

(a) A utility electing to participate in the incentive program must notify the Washington State University extension energy program of such election in writing by January 1st of each year.

(b) The utility may terminate its voluntary participation in the program by providing notice in writing to the Washington State University extension energy program to cease accepting new applications for precertification for community solar projects that would be served by that utility. Such notice of termination of participation is effective after fifteen days, at which point the Washington State University extension energy program may not accept new applications for precertification for community solar projects that would be served by that utility.

(c) Upon receiving a utility's notice of termination of participation in the incentive program, the Washington State University extension energy program must report on its web site that community solar project customers of that utility are no longer eligible to receive new certifications under the program.

(d) A utility that has terminated participation in the program may resume participation upon filing a notice with the Washington State University extension energy program.

(7)(a) The Washington State University extension energy program may issue certifications authorizing incentive payments under this section in a total statewide amount not to exceed twenty million dollars, and subject to the following biennial dollar limits:

(i) For fiscal year 2021, three hundred thousand dollars; and

(ii) For each biennium beginning on or after July 1, 2021, five million dollars.

(b) The Washington State University extension energy program will attempt to equitably distribute incentive funds throughout the state. Considerations for equitable fund distribution, based on precertification applications received from administrators served by utilities voluntarily participating in the program, may include measures to reserve or allocate available funds based on the proportion of public utility taxes collected, the proportion of the state's low-income customers served by each utility based on low-income home energy assistance program data at the department of commerce, and measures to achieve an equitable geographic distribution of community solar installations and a diversity of administrative models for community solar projects. If an equitable distribution of funds is not feasible due to a lack of precertification applications, the Washington State University extension energy program may allocate funds based on (a) of this subsection on a first-come, first-served basis.

(c) The Washington State University extension energy program shall regularly publish and update guidelines for how it will manage the allocation of available funding, based on the evaluation of applications and the factors specified in (b) of this subsection.

(8)(a) Prior to obtaining certification under this section, the administrator of a community solar project must apply for precertification against the funds available for incentive payments under subsection (7) of this section in order to be guaranteed an incentive payment under this section. The application for precertification must include, at a minimum:

(i) A demonstration of how the project will deliver continuing direct benefits to low-income subscribers. A direct benefit can include credit for the power generation for the community solar project, from sales of renewable energy credits, or other mechanisms that lower the energy burden of a low-income subscriber; and

(ii) Any other information the Washington State University extension energy program deems necessary in determining eligibility for precertification.

(b) The administrator of a community solar project must complete an application for certification in accordance with the requirements of subsection (9) of this section within less than two years of being approved for precertification status. The administrator must submit a project update to the Washington State University extension energy program after one year in precertification status.

(9) To obtain certification for the one-time community solar incentive payment provided under this section, a project administrator must submit to the Washington State University extension energy program an application, including, at a minimum:

(a) A signed statement that the applicant has not previously received a notice of eligibility from the department under RCW 82.16.120 or the Washington State University extension energy program under RCW 82.16.165 entitling the applicant to receive annual incentive payments for electricity generated by the community solar project at the same meter location;

(b) A signed statement of the costs paid by the administrator related to administering the project for qualifying subscribers;

(c) A signed statement of the total project costs, including the proportional cost of the share of the community solar project that provides direct benefits to qualifying subscribers;

(d) A signed statement describing the amount of the upfront incentive and the timing, method, and distribution of estimated benefits to qualifying subscribers. The statement must describe any estimated energy burden reduction associated with the direct benefits.

(e) Available system operation data, such as global positioning system coordinates, tilt, estimated shading, and azimuth;

(f) Any other information the Washington State University extension energy program deems necessary in determining eligibility and incentive levels or administering the program;

(g)(i) Except as provided in (g)(ii) of this subsection (9), the date that the community solar project received its final electrical inspection from the applicable local jurisdiction, as well as a copy of the permit or, if the permit is available online, the permit number or other documentation deemed acceptable by the Washington State University extension energy program;

(ii) The Washington State University extension energy program may waive the requirement in (g)(i) of this subsection (9), accepting an application and granting provisional certification prior to proof of final electrical inspection. Provisional certification expires one hundred eighty days after issuance, unless the applicant submits proof of the final electrical inspection from the applicable local jurisdiction or the Washington State University extension energy program extends certification, for a term or terms of thirty days, due to extenuating circumstances;

(h) Confirmation of the number of qualifying subscribers; and

(i) Any other information the Washington State University extension energy program deems necessary in determining eligibility and incentive levels or administering the program.

(10) No incentive payments may be authorized or accrued until the final electrical inspection and executed interconnection agreement are submitted to the Washington State University extension energy program.

(11)(a) The Washington State University extension energy program must review each project for which an application for certification is submitted in accordance with subsection (8) of this section for reasonable cost and financial structure, with a targeted cost of three dollars per watt of installed system capacity that is designated for a community solar project's qualifying subscribers. The Washington State University extension energy program may approve an application for a project that costs more or less than three dollars per watt of installed system capacity based

on a review of the project, documents submitted by the project applicant, and available data. Project cost evaluations must exclude costs associated with energy storage systems. Applicants may petition the Washington State University extension energy program to approve a higher cost per watt for unusual circumstances, except that such costs may not include costs associated with energy storage systems.

(b) The Washington State University extension energy program may review the cost per watt target under (a) of this subsection prior to each fiscal biennium and is authorized to determine a new cost per watt target.

(12)(a) Within thirty days of receipt of an application for certification, the Washington State University extension energy program must notify the applicant and, except when a utility is the applicant, the utility serving the site of the community solar project, by mail or electronically, whether certification has been granted. The certification notice must state the total dollar amount of the low-income community solar incentive payment for which the applicant is eligible under this section.

(b) Within sixty days of receipt of a notification under (a) of this subsection, the utility serving the site of the community solar project must remit the applicable one-time low-income community solar incentive payment to the project administrator, who accepts the payment on behalf of, and for the purpose of providing direct benefits to, the project's qualifying subscribers.

(13)(a) Certification follows the community solar project if the following conditions are met using procedures established by the Washington State University extension energy program:

(i) The community solar project is transferred to a new owner who notifies the Washington State University extension energy program of the transfer;

(ii) The new owner provides an executed interconnection agreement with the utility serving the site of the community solar project; and

(iii) The new owner agrees to provide equivalent ongoing benefits to qualifying subscribers as the current owner.

(b) In the event that a qualifying subscriber terminates their participation in a community solar project, the system certification follows the project and participation must be transferred to a new qualifying subscriber.

(14) Beginning January 1, 2021, the Washington State University extension energy program must post on its web site and update at least monthly a report, by utility, of:

(a) The number of certifications issued for community solar projects; and

(b) An estimate of the amount of credit that has not yet been allocated for low-income community solar incentive payments under each utility's credit limit and that remains available for new community solar project certifications in the state.

(15) Persons receiving incentive payments under this section must keep and preserve, for a period of five years for the duration of the consumer contract, suitable records as may be necessary to determine the amount of incentive payments applied for and received.

(16) The nonpower attributes of the community solar project belong to the individual subscribers, and must be kept, sold, or transferred at a subscriber's discretion, unless a contract between the subscriber and administrator clearly specifies that the attributes will be transferred to the administrator. If the nonpower attributes are sold or transferred, the utility to which the project is interconnected has the first right of refusal to procure the nonpower attributes at their fair market value.

(17) All lists, technical specifications, determinations, and guidelines developed under this section must be made publicly available online by the Washington State University extension energy program.

(18) The Washington State University extension energy program must collect a one-time fee for precertification applications submitted under this section of five hundred dollars per applicant. The Washington State University extension energy program must deposit all revenue generated by this fee into the state general fund.

(19) The Washington State University extension energy program may, through a public process, develop program requirements, policies, and processes necessary for the administration or implementation of this section.

(20) Applications, certifications, requests for incentive payments under this section, and the information contained therein are not deemed tax information under RCW 82.32.330 and are subject to disclosure.

(21) No certification may be issued under this section by the Washington State University extension energy program for a community solar project after June 30, 2033.

(22) This section expires June 30, 2036.

**Sec. 825.** RCW 82.16.170 and 2017 3rd sp.s. c 36 s 7 are each amended to read as follows:

(1) The purpose of community solar programs is to facilitate broad, equitable community investment in and access to solar power. Beginning July 1, 2017, a community solar administrator may organize and administer a community solar project as provided in this section.

A community solar project that has a direct current nameplate capacity greater than five hundred kilowatts must be subject to a standard interconnection agreement with the utility serving the situs of the community solar project. Except for community solar projects authorized under subsection ~~((9))~~ (10) of this section, each participant must be a

customer of the utility providing service at the situs of the community solar project.

(3) In order to receive certification for the incentive payment provided under section 7 of this act beginning July 1, 2020, a community solar project must meet the following requirements:

The administrator of the community solar project must apply for precertification under section 7 of this act on or after July 1, 2020;

(b) The community solar project must have an alternating current nameplate capacity that is greater than twelve kilowatts but no greater than one hundred ninety-nine kilowatts, and must have at least two subscribers or one low-income service provider subscriber;

(c) The administrator of the community solar project must provide a verified list of qualifying subscribers;

(d) Verification that an individual household subscriber meets the definition of low-income must be provided to the administrator by an entity with authority to maintain the confidentiality of the income status of the low-income subscriber. If the providing entity incurs costs to verify a subscriber's income status, the administrator must provide reimbursement of those costs;

(e) Except for community solar projects authorized under subsection (10) of this section, each subscriber must be a customer of the utility providing service at the site of the community solar project;

(f) In the event that a low-income subscriber in a community solar project certified under section 7 of this act moves from the household premises of the subscriber's current subscription to another, the subscriber may continue the subscription, provided that the new household premises is served by the utility providing service at the site of the community solar project. In the event that a subscriber is no longer served by that utility or the subscriber terminates participation in a community solar project certified under section 7 of this act, the certification follows the system and participation may be transferred by the administrator to a new qualifying subscriber;

(g) The administrator must include in the application for precertification a project prospectus that demonstrates how the administrator intends to provide direct benefits to qualifying subscribers for the duration of their subscription to the community solar project; and

(h) The length of the subscription term for low-income subscribers must be the same length as for other subscribers, if applicable.

(4) The administrator of a community solar project must administer the project in a transparent manner that allows for fair and nondiscriminatory opportunity for participation by utility customers.

~~((6))~~ (7) The administrator of a community solar project must provide the information required in subsection ~~((5))~~ (6) of this section to the Washington State University extension energy program at the time it submits the applications allowed under RCW 82.16.165(1) and section 7 of this act.

~~((7))~~ (8) The administrator of a community solar project must provide each project participant with a disclosure form containing all material terms and conditions of participation in the project, including but not limited to the following:

- (a) Plain language disclosure of the terms under which the project participant's share of any incentive payment will be calculated by the Washington State University extension energy program (~~over the life of the contract~~);
- (b) Contract provisions regulating the disposition or transfer of the project participant's interest in the project, including any potential costs associated with such a transfer;
- (c) All recurring and nonrecurring charges;
- (d) A description of the billing and payment procedures;
- (e) A description of any compensation to be paid in the event of project underperformance;
- (f) Current production projections and a description of the methodology used to develop the projections;

discriminate between utility-administered community solar projects and those administered by another entity.

~~((9))~~ (10) A public utility district that is engaged in distributing electricity to more than one retail electric customer in the state and a joint operating agency organized under chapter 43.52 RCW on or before January 1, 2017, may enter into an agreement with each other to construct and own a community solar project that is located on property owned by a joint operating agency or on property that receives electric service from a participating public utility district. Each participant of a community solar project under this subsection must be a customer of at least one of the public utility districts that is a party to the agreement with a joint operating agency to construct and own a community solar project.

~~((10))~~ (11) The Washington utilities and transportation commission must publish, without disclosing proprietary information, a list of the following:

- (a) Entities other than utilities, including affiliates or subsidiaries of utilities, that organize and administer community solar projects; and
- (b) Community solar projects and related programs and services offered by investor-owned utilities.

~~((12))~~ (13) Except for parties engaged in actions and transactions regulated under laws administered by other authorities and exempted under RCW 19.86.170, a violation of this section constitutes an unfair or deceptive act in trade or commerce in violation of chapter 19.86 RCW, the consumer protection act. Acts in violation of chapter 36, Laws of 2017 3rd sp. sess. are not reasonable in relation to the development and preservation of business, and constitute matters vitally affecting the public interest for the purpose of applying the consumer protection act, chapter 19.86 RCW.

~~((13))~~ (14) Nothing in this section may be construed as intending to preclude persons from investing in or possessing an ownership interest in a community solar project, or from applying for and receiving federal investment tax credits.

(15) This section expires June 30, 2036.

**Sec. 826.** RCW 82.16.110 and 2011 c 179 s 2 are each amended to read as follows:

(1) The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

~~((14))~~ (a) "Administrator" means an owner and assignee of a community solar project as defined in ~~((subsection (2)(a)(i)))~~ (b)(i)(A) of this ~~((section))~~ subsection that is responsible for applying for the investment cost recovery incentive on behalf of the other owners and performing such administrative tasks on behalf of the other

Incentive certifications and the information contained therein are not confidential tax information under RCW 82.32.330 and are subject to disclosure.

(c)(i) Persons, administrators of community solar projects, and companies receiving incentive payments must keep and preserve, for a period of five years, suitable records as may be necessary to determine the amount of incentive applied for and received. Such records must be open for examination at any time upon notice by the light and power business that made the payment or by the department. If upon examination of any records or from other information obtained by the business or department it appears that an incentive has been paid in an amount that exceeds the correct amount of incentive payable, the business may assess against the person for the amount found to have been paid in excess of the correct amount of incentive payable and must add thereto interest on the amount. Interest is assessed in the manner that the department assesses interest upon delinquent tax under RCW 82.32.050.

(ii) If it appears that the amount of incentive paid is less than the correct amount of incentive payable the business may authorize additional payment.

(4) Except for community solar projects, the investment cost recovery incentive may be paid fifteen cents per economic development kilowatt-hour unless requests exceed the amount authorized for credit to the participating light and power business. For community solar projects, the investment cost recovery incentive may be paid thirty cents per economic development kilowatt-hour unless requests

exceed the amount authorized for credit to the participating light and power business. For the purposes of this section, the rate paid for the investment cost recovery incentive may be multiplied by the following factors:

(a) For customer-generated electricity produced using solar modules manufactured in Washington state or a solar stirring converter manufactured in Washington state, two and four-tenths;

(b) For customer-generated electricity produced using a solar or a wind generator equipped with an inverter manufactured in Washington state, one and two-tenths;

(c) For customer-generated electricity produced using an anaerobic digester, or by other solar equipment or using a wind generator equipped with blades manufactured in Washington state, one; and

(d) For all other customer-generated electricity produced by wind, eight-tenths.

(5)(a) No individual, household, business, or local governmental entity is eligible for incentives provided under subsection (4) of this section for more than five thousand dollars per year.

(b) Except as provided in (c) through (e) of this subsection (5), each applicant in a community solar project is eligible for up to five thousand dollars per year.

(c) Where the applicant is an administrator of a community solar project as defined in RCW 82.16.110(~~(2)(a)(i)~~) (1)(b)(i)(A), each owner is eligible for an incentive but only in proportion to the ownership share of the project, up to five thousand dollars per year.

(d) Where the applicant is a company owning a community solar project that has applied for an investment cost recovery incentive on behalf of its members, each member of the company is eligible for an incentive that would otherwise belong to the company but only in proportion to each ownership share of the company, up to five thousand dollars per year. The company itself is not eligible for incentives under this section.

(e) In the case of a utility-owned community solar project, each ratepayer that contributes to the project is eligible for an incentive in proportion to the contribution, up to five thousand dollars per year.

(6) The climate and rural energy development center at Washington State University energy program may establish guidelines and standards for technologies that are identified as Washington manufactured and therefore most beneficial to the state's environment.

(7) The environmental attributes of the renewable energy system belong to the applicant, and do not transfer to the state or the light and power business upon receipt of the investment cost recovery incentive.

(8) No incentive may be paid under this section for kilowatt-hours generated before July 1, 2005, or after June 30, 2017, except as provided in subsections (10) through (12) of this section.

(9) Beginning October 1, 2017, program management, technical review, and tracking responsibilities of the department under this section are transferred to the Washington State University extension energy program. At the earliest date practicable and no later than September 30, 2017, the department must transfer all records necessary for the administration of the remaining incentive payments due under this section to the Washington State University extension energy program.

(10) Participants in the renewable energy investment cost recovery program under this section will continue to receive payments for electricity produced through June 30, 2020, at the same rates their utility paid to participants for electricity produced between July 1, 2015, and June 30, 2016.

(11) In order to continue to receive the incentive payment allowed under subsection (4) of this section, a person or community solar project administrator who has, by September 30, 2017, submitted a complete certification to the department under subsection (2) of this section must apply to the Washington State University extension energy program by April 30, 2018, for a certification authorizing the utility serving the situs of the renewable energy system to annually remit the incentive payment allowed under subsection (4) of this section for each kilowatt-hour generated by the renewable energy system through June 30, 2020.

(12)(a) The Washington State University extension energy program must establish an application process and form by which to collect the system operation data described in RCW 82.16.165(7)(a)(iii) from each person or community solar project administrator applying for a certification under subsection (11) of this section. The Washington State University extension energy program must notify any applicant that providing this data is a condition of certification and that any certification issued pursuant to this section is void as of June 30, 2018, if the applicant has failed to provide the data by that date.

(b) Beginning July 1, 2018, the Washington State University extension energy program must, in a form and manner that is consistent with the roles and processes established under RCW 82.16.165 (19) and (20), calculate for the year and provide to the utility the amount of the incentive payment due to each participant under subsection (11) of this section.

(13) This section expires June 30, 2031.

**Sec. 828.** RCW 82.16.150 and 2010 c 202 s 5 are each amended to read as follows:

(1) Owners of a community solar project as defined in RCW 82.16.110(~~(2)(a)(i) and (iii)~~) (1)(b)(i)(A) and (C) must agree to hold harmless the light and power business serving the situs of the system, including any employee, for the good faith reliance on the information contained in an application or certification submitted by an administrator or company. In addition, the light and power business and any employee is immune from civil liability for the good faith reliance on any misstatement that may be made in such application or certification. Should a light and power

business or employee prevail upon the defense provided in this section, it is entitled to recover expenses and reasonable attorneys' fees incurred in establishing the defense.

(2) This section expires June 30, 2031.

**Sec. 829.** RCW 82.16.155 and 2017 3rd sp.s. c 36 s 2 are each amended to read as follows:

(1) This section is the tax preference performance statement for the tax preference and incentives created under (~~RCW 82.16.130 and~~) sections 4 and 6, chapter 36, Laws of 2017 3rd sp. sess. This performance statement is only intended to be used for subsequent evaluation of the tax preference and incentives. It is not intended to create a private right of action by any party or be used to determine eligibility for preferential tax treatment.

(2) The legislature categorizes the tax preference created under (~~RCW 82.16.130~~) section 4, chapter 36, Laws of 2017 3rd sp. sess. and incentive payments authorized in section 6, chapter 36, Laws of 2017 3rd sp. sess. as intended to:

(a) Induce participating utilities to make incentive payments to utility customers who invest in renewable energy systems; and

(b) By inducing utilities, nonprofit organizations, and utility customers to acquire and install renewable energy systems, retain jobs in the clean energy sector and create additional jobs.

(3) The legislature's public policy objectives are to:

(a) Increase energy independence from fossil fuels; and

(b) Promote economic development through increasing and improving investment in, development of, and use of clean energy technology in Washington; and

(c) Increase the number of jobs in and enhance the sustainability of the clean energy technology industry in Washington.

(4) It is the legislature's intent to provide the incentives in sections 4 and 6, chapter 36, Laws of 2017 3rd sp. sess. (~~and RCW 82.16.130~~) in order to ensure the sustainable job growth and vitality of the state's renewable energy sector. The purpose of the incentive is to reduce the costs associated with installing and operating solar energy systems by persons or entities receiving the incentive.

(5) As part of its 2021 tax preference reviews, the joint legislative audit and review committee must review the tax preferences and incentives in sections 4 and 6, chapter 36, Laws of 2017 3rd sp. sess. (~~and RCW 82.16.130~~.) The legislature intends for the legislative auditor to determine that the incentive has achieved its desired outcomes if the following objectives are achieved:

(a) Installation of one hundred fifteen megawatts of solar photovoltaic capacity by participants in the incentive program between July 1, 2017, and June 30, 2021; and

(b) Growth of solar-related employment from 2015 levels, as evidenced by:

(i) An increased per capita rate of solar energy-related jobs in Washington, which may be determined by consulting a relevant trade association in the state; or

(ii) Achievement of an improved national ranking for solar energy-related employment and per capita solar energy-related employment, as reported in a nationally recognized report.

(6) In order to obtain the data necessary to perform the review, the joint legislative audit and review committee may refer to data collected by the Washington State University extension energy program and may obtain employment data from the employment security department.

(7) The Washington State University extension energy program must collect, through the application process, data from persons claiming the tax credit under (~~RCW 82.16.130~~) section 4, chapter 36, Laws of 2017 3rd sp. sess. and persons receiving the incentive payments created in (~~RCW 82.16.165~~) section 6, chapter 36, Laws of 2017 3rd sp. sess., as necessary, and may collect data from other interested persons as necessary to report on the performance of chapter 36, Laws of 2017 3rd sp. sess.

(8) All recipients of tax credits or incentive payments awarded under this chapter must provide data necessary to evaluate the tax preference performance objectives in this section as requested by the Washington State University extension energy program or the joint legislative audit and review committee. Failure to comply may result in the loss of a tax credit award or incentive payment in the following year.

(9) This section expires June 30, 2031.

**NEW SECTION. Sec. 830.** The provisions of RCW 82.32.805 and 82.32.808 do not apply to this act.

Representative Wilcox moved adoption of HOUSE RESOLUTION NO. 4686

Representative Wilcox: Thank you Madam Speaker. I guess in honor of Richard I should button up my jacket. He's always been very careful about that. Madam Speaker, this is the end of an era. It's not just about Representative DeBolt, there's others that are leaving, but Richard is the person that I've sat next to in this chamber for eight years. There's been some strange moments sitting next to Richard. We've become close friends. We've gotten some very strange messages texted to us. For example, frequently, *You're in the shot JT*, or *you're in the shot Richard*, *stop laughing; behave yourself; you're slumping; put your computer down*. One of the really nice things about Richard is the first thing I ever heard from him, I think, when I first ran for office about 11 years ago, was you should be able to say everything that you need to say in three minutes - I thought that the majority would appreciate that. We don't always live by it, but Richard believed it. We've had some really fun hijinks down here in this part of the chamber. One of our deals has been for many years that if either Richard or I stand up to speak, the other person, because they're in the TV shot, is supposed to adopt a posture and an attitude as if we were learning at the feet of Socrates, and it's really really hard to give a speech when the person next to you is doing that, but Richard has always been equal to that. One of my fairly early experiences with Richard happened when I was a freshman, and I'd mentioned before I was on Ways and Means, and inadvertently someone in our caucus, who's no longer here, had subverted the rules and convinced all of us except for Representative Gary Alexander, who was our lead, to support his bill and then broke the news to Gary Alexander, and Richard has always been really good at supporting his ranking members, and so he took all of us in one by one and let us know just how bad we had been, and I think Gary asked Richard not to do that to me because I was so new. I had no clue that you can't trust every person in this building. But Richard let me have it. He lowered the boom, and in case you haven't noticed Richard is capable of being very intimidating, and when I was done, I looked to Richard and said "Well Richard, I've had to do what you're doing quite a few times in my life and I just want you to know that I know from experience you are really good at that." And I've told

people over and over that I've only had half a bad day in my 10 years in the legislature and when Richard lowered the boom on me, that was in the afternoon, so I had a good morning and a really bad half day, and the reason that it was a bad day was because nobody wants to disappoint Richard. There is no one as loyal as Richard. There's also no better delegator - I've never met someone that could delegate better than Richard. What a great talent to have, and you lift everyone up around you Richard. I want you to know that because I bet you're going to do that in your future life. Now not everything that Richard does is perfect. In fact, more than anyone I've ever known, I think Richard walks around the world with two little figures perched on his shoulders - one's an angel, the other one's a demon. I would say that most of the time, maybe 90% of the time, the angel wins, but the demon wins 10% of the time until you get to the last week or two of the session and then the demon, I think, wins about 50% of the time. I've always thought the scariest sight in this building is Richard walking around like he's got nothing to do because he's going to find it. The best example of that, I think, was the first year that he and I sat here when he wasn't leader and he didn't have enough to do and he was looking for things to speak about and if you haven't noticed he's not always paying perfect attention and he heard some things that bothered him. So he jumps up and gives a really rabble-raising speech about how bad this bill is while I am pulling on his sleeve telling him "It's Gina's bill! It's Gina's bill!" They took it down. It took us two years to get that bill back. Well, then to make matters worse about a month later I'm in the back of the chamber here and he starts doing the same thing and I'm sprinting up the aisle hampered to some extent because he's doing it to my bill this time and I can't stop laughing. So that was a fun year for Rich. He doesn't always kill two bills, but it's easier when they're Republican bills. I think the same year, he was a little less intense than he sometimes is; he was playing some games on his laptop or something like that and his phone goes off, and you know that Richard's used to being in trouble because instead of scrambling to turn on his, turn off his phone, he just points at me and I got gaveled. Rich I'm making light of all of this and I think you've learned in the last week or two that there's, there's nobody that has made a bigger difference from the minority over 10 years than you have. I know that people on the other side feel exactly the same way and you're going to have to hear that at length today. I hope you are crying like a baby when this is done because you need to know, it's, you don't often hear that you're loved when you're a leader, but you're going to hear it now. I'm so glad that Amy's here because she's put up with a lot over 24 years. You're like a brother to many people and made a difference here. You've never let being in the minority get in your way. You've never given up; I wish you would sometimes but you really do never give up, and the thing that is just driving me crazy today, Rich, is I should have expected this, but the day that you decide is your last day in the Legislature is one of the most drama-filled days I've ever had here, and thank you Richard, you had to do that to us, didn't you? Thanks Rich.

#### SPEAKER'S PRIVILEGE

The Speaker recognized Representative DeBolt's wife, Amy seated at the Rostrum.

Representative Tharinger: Thank you Madam Speaker. When I joined this house 10 years ago with Minority Leader Wilcox and you, Madam Speaker, Rich DeBolt was the minority leader and I was a freshman and I quickly thought he was one of the most obnoxious people I have ever met. I thought what is this? This guy just keeps popping up, just keeps causing trouble. I'm going "What?" you know, "What kind of, where does a guy like that come from?" Through the years, as I've been able to work with Rich, and I think some of us, and in fact Representative Smith and myself sort of agree to this and then did a little c Capital Budget event for Richard, we noticed a drastic change in Richard when he went from minority leader to a policy person and certainly working with him on the Capital Budget has been one of the highlights for me being in this session. And as JT mentioned, he lifts people up. He lifted me up and he lifted up our whole process because he has a big mind, a big mind, and a big heart and he cares about the citizens of Washington state. He cares about this institution and his skills and that big heart and that big mind will be missed. I certainly will miss him but Rich, forever together, thank you.

Representative Schmick: Well, thank you Madam Speaker. So, Representative DeBolt was the mentor of a former colleague of mine and that was Don Cox - served the 9th district when he was here. And so I asked Don I said, "What about Rich?" and Don said "Well," he said "I would always ask him questions." because he was my mentor, and he says "While he was playing his Game Boy," and he could answer the question. He knew all the answers but was always on that Game Boy." I guess I have another question for you, Rich, and is it really true that you felt that some people were talking too much on the floor so that that you went and came in early one day and loosened the microphones underneath the desk so that when those people got up to speak, all of a sudden their mic wasn't working - I've just heard that that was... but that was from Don Cox he was a, he's a fine man and still get to visit with him today. I will remember one thing always from my tutelage under you and that is *want nothing and shoot the hostage*. I will remember these always. I will say, just to let the House know, when Representative DeBolt asked me to be the health care lead, I told him no three times before he talked me into it, and I did it and I so resent you for that but I have come to enjoy that committee and working with the good lady from the 34<sup>th</sup>. But I just want to tell you, I will miss you. Thank you for all your years of service.

Representative Riccelli: Thank you Madam Speaker. I'm so pleased to stand today as we recognize Richard. Richard and I didn't get off to the greatest start and it's something that we've talked a lot about in our years here. When I came in, I sat where Representative Kloba sat and sometimes Republicans even passed me amendments - forgot I was on that side, and I got up one day as a freshman, and the Minority Leader's job, part of it, is to kind of size up the freshman on the other side; see where they're coming from, and I got up and I gave my speech and thought it was a stem-winder and I was feeling pretty good about myself and Richard stands up and said "We should have gaveled you down!" and I was taken aback. I'm "what's going on here?"

Who is this guy?" and then I said something like "Well, do what you got to do." And quickly, I think, he went to the other side and said "Bergquist tried to fight me." That actually, you know, that first year was, was kind of rough. It was fun that the gentleman, the former gentleman from the 4<sup>th</sup>, Larry Haler said "Great speech kid!" But that first year we didn't chat much and then soon that next year we got together down in the lunchroom and he said "Hey, you know when I came and stepped up to you and did that? Like hey, let's put that aside." and we started chatting and I've learned a lot from you. Like for instance right now, it's a stream of consciousness. I want to have some notes in front of me, but the second year you told me *speak from the heart*. You told me. You didn't have to tell that to some second year Democrat. You said *speak from the heart* and I'm speaking from the heart today, and I know, I think I realized why that's so important - because in your job as Minority Leader, and then your job around here, you knew was about relationships and you knew that what we were saying did matter and sometimes it didn't always feel like you were listened to. And if you notice in my time here, I try my best and we, during those speeches sometimes that are long, we make eye contact because you know how important it is that people listen, that we're all bringing a voice here, and you listened to me. I came to you and you did a fantastic job on Capital Budget working with Rep Tharinger and so many people. But I came to you once on some kitchen equipment that we talked about, but more importantly, a couple years I came back on some dental access stuff and you pushed back and rightfully so, but you listened and we worked together and because of you thousands more people are getting access to dental and you listened. You know, a few years back, too, you grabbed me and it was close to Sine Die and you said "Hey, come up, I got something for you." and you had this thing that hung on your wall and it was an elephant crushing a donkey, and we sat in my office. You said "I want you to have this," and you said "because, you were, you remembered that day." and he said "a lot of people looked at that as that elephant crushing the donkey it was kind of a chest puffing thing," but he said "the donkey was standing up that day, and you said "that reminded me of you." That was so impactful and so meaningful and you get this place and I'll just close by saying, you know, my parents were here the other day and you said something to me, you said "Your mom loved this place." and what I don't, what I know that you believe, and we didn't hang out much outside of this place, but we love this place and this institution and that shows through. You care about this institution, you care about what goes on here, and I hope to help carry that tradition on because I think it's a heck of a tradition in something we should be all honored to carry on. Thank you.

Representative Orcutt: Thank you Madam Speaker. A lot of the House is a little too new to know this that when I came into the Legislature, Richard and I were not in the same district. I was actually in the 18th District at the time, so we were in adjacent districts, and I think Richard was the Floor Leader at the time, but he was also my mentor, and Richard, despite all of the duties that he had in his leadership position, still took time to mentor me. Unfortunately, it was sometimes after I'd done the thing wrong that he mentored me, and sometimes it was kind of like "You screwed up."

And, you know, over time, I've seen Richard kind of go from being a little more blunt to being a little more of a guide - of somebody who guides you, and instead of coming up and confronting you face to face and trying to get you to turn 180 degrees, he comes up beside you and kind of talks you through and you don't realize that while he's talking you through something, he's getting you to turn and go in the right direction and to do things in the right manner. So, he was my mentor when we first got here and a couple of years later he became the caucus leader and I got a chance to watch Richard lead. I got a chance to see his belief in the institution. I got a chance to see his belief in our caucus. I got a chance to see how much he cared for the people in our caucus; how much he cared for the people of the state of Washington, because everything he was doing, everything he was leading us to do was about making this state better for the citizens of the state of Washington and I really appreciated that about him and I started to understand how much he really cared about people. And, you know, along the way he started to have some health problems and had to step down from that leadership position and that was hard for me; I know it was hard for him. I think he did it because he thought it was the best thing, not only for him, but for the caucus and for the institution. And then, somewhere along the way, I ended up being redistricted into the 20<sup>th</sup> so I became his seat mate. So through the years he's been my mentor, he's been my leader, he's been my seatmate, but all that time, he's also been my friend and I very much appreciate my friend. He cares very much about our caucus. He cares very much about the citizens, especially of our district, about the people statewide. He cares about this institution and I so much appreciate all of the lessons that he has helped all of us to learn, and like the gentleman from the third, you know, he's left a legacy, he's left a legacy of leadership and stewardship of what we're granted here as legislators that we need to carry on. Richard, I want to say thank you for being my mentor, thank you for being my leader, thank you for being my seatmate, but mostly, thank you for being my friend.

Representative Fitzgibbon: Thank you Madam Speaker. You're hearing a little bit of a theme on our side and it will probably continue which is that we all like Richard a lot more than we used to. He has this tendency to kind of grow on you like a fungus, and when I started here the same time as Representative Tharinger and you, Madam Speaker, 10 years ago, I came into this body as a young environmentally minded, sort of hot-under-the-collar freshman ready to go into battle, and that was kind of a recipe for a little bit of friction with the Minority Leader at the time and, as we've heard before, he can be kind of intimidating at times, and there were a lot of times that first year in office when you know, he'd kind of storm over and tell me something that I had done that really made their side mad or that I should really knock off doing and some of the time he was right and a lot of times I was right, but, but the thing about that time, which was certainly tough and there's a lot of tension and friction around that, he was never unkind about it. He was never, you know, a mean guy, he just was direct and he picked his battles pretty well, in my experience. He picked to fight about the things that were really important to his district and to his caucus and to him personally and I just, I

valued that because there's a lot of conflict in this place. You know, you and I, Madam Speaker, have talked about productive conflict and how do we exercise productive conflict in this environment. I don't agree with anybody on this floor 100% of the time and some more than others, but I really think that Richard exhibits that and shows us how to disagree with each other in a way where even at the end of the disagreement, we're still disagreeing, but we got somewhere and maybe we understood each other a little bit better and we found a better policy, even if it's one that he didn't end up voting for or that I didn't end up voting for. Then as time went on, you know, I sit here next to the Capital Budget Chair and I also sat next to the previous Capital Budget Chair and when Richard moved into that role and would come over and work with the gentleman to my right or his predecessor, Representative Dunshee, I started to really see that other side of him that we've heard others mention when he developed that focus on policy and I think he really went into the capital budget because he knew that that was a place that his skills as a negotiator, but also just the high impact that the capital budget has on so many of our communities, that that was a great place for him to land after moving out of the role of Minority Leader, and I really started to see this new side of him, really policy focused and budget focused, very results-oriented and it was, it was really great to watch that relationship. I know the capital budget's always been one of our more bipartisan endeavors here, but it was really fun to watch that side of him unfold and I think we got a lot of good things done in every part of the state in the capital budgets that he worked on in that time. It really wasn't until this year though, that I got to know Richard at the level that I do now. When he stepped into the role as Ranking Member on the Environment Committee, I realized just how smart he is, how transparent he is when he wants to be, and I've learned a ton from him and the way that he treats people, the way that he observes people, he's paying attention, even when it seems like he's not paying attention, and he's paying attention, of course, you know I talked about policy already, but he's paying attention to people and what makes them tick, and once, you know, we got to that point we actually talked about what made each other tick and I don't think I've had that conversation with just about anybody here on either side of the aisle. Just to wrap up – you've heard this from a lot of people today, but I'll just, I'll add myself to that list. You've made me a better legislator and you've made probably just about everybody that you interacted with a better legislator and so thank you.

Representative Smith: Thank you Madam Speaker. There's been a lot of incredible things said. I had an amazing story that I wanted to tell just briefly. When Richard began to do more in policy and he was my Assistant Ranking in the ITED committee and I was his Assistant Ranking in Capital, we spent a lot of time together, and I'm sure that that, at times, was wearying for Richard and we were walking in together into our Minority Leader's office and he was so frustrated with me - I'm sure from just the many words I had to say about something, and in that moment, he declared to our Minority Leader...I probably shouldn't tell the rest of that story, so I'm going to skip that one. Here's what I want to say to Richard DeBolt: Other than your faith walk with our Lord, your best decision is sitting next to you. Watching

you and Amy and having both of you love me and love so many of us here and reach out and share life with us and invite us into your lives, thank you. Richard, I just want to say that watching you in these years, first as my leader and then as this incredible gift to Washington State, as someone with enormous intellectual horsepower, governed by a heart for those we serve, has been nothing but a privilege. You have taught me so much about leadership; about servant leadership; about sharing your heart. You are my little brother in faith, in our work, and forever my friend, thank you.

Representative Stonier: Well, thank you Madam Speaker. Richard, a lot of nice things said about you, I'm here to round out the stories. I would stand in support of this resolution, if you'd been kind to me but you haven't been. If you were a welcoming presence when I first arrived in this place, but you were not. You taught me a lot about politics - walking out of a seventh grade classroom in December and into this place as a freshman legislator in the 17th Legislative District, with my seatmates being Representative Harris and Senator Don Benton and you as Minority Leader, I learned a lot. For that I would thank you because I am better, stronger, and smarter because of the tough lessons you taught me. That's probably true for a lot of us here as you've heard. We come from a region of the state that's quite unique. Southwest Washington is different in that there's a river border community to another state with another system of taxation and business. Quite a mix of rural and urban communities; not very many places like our region can you drive through calm beautiful country roads and then find yourself in a town somewhere. The economy, when it tanks, hits our region harder than it does other places, takes a whole lot longer to recover, and your district is still seeing the results of that. When I returned here the second time, you said "You're going to like me a whole lot better now." I said I didn't believe you but, as it turns out, it's true. I like you a whole lot more because, while our politics in our region of the state can be ugly and divisive, the people that you and I serve count on us to find common ground for the sake of their families, their jobs and their futures. So in the last year or so of our co-service here, I stand to thank you for your service to this institution. You care so deeply about making sure this place works. You and I both loved the game of politics as it plays out on the chessboard. I learned years ago that when you take your red book out you're probably up to no good or you just want to see who sweats it over here, but the fact that we are all here to represent our communities and to serve them and that we should put those people we serve above all the politics at times, is what I've come back to do and I thank you for teaching me that lesson. I congratulate you on your redemption and your new found ways to enjoy life as I know you will with Amy, and I commit to you that I will make good on the promise I made to you in your office a couple weeks ago: That we have a community that needs us to come together and find common ground to deliver policy, budgets and good work, and whether you're in office or not, and whether I'm here or not, we know there's a lot of work we can do inside and outside these walls. I appreciate the love and compassion you've shown your caucus, the friendship and the teachings that you've offered mine, and I

look forward to whatever work we can do for Southwest Washington in the future. Congratulations.

Representative Harris: Thank you, Madam Speaker. Madam Speaker, can I read some Richard DeBolt quotes to you?

Madam Speaker: I'm not sure whether or not to say please proceed, but I will.

Representative Harris: Oh, they're not that bad. Madam Speaker, SQUIRREL! "Love the dog hate the dog." "Always be willing to kill the hostage, always." "Want nothing." So when you would go into Richard's office, and you'd say "Geeze, my bill...", he'd go "Harris, want nothing." Wow, really? And then the other one that I liked - "...and today will be a glorious day to die." That is the man, actually that got me in, you know he was mentor to others, but Richard was actually the person that got me to run for office. I ran in 2006 - lost; ran in 2008 - lost, and Richard was always there. I'd call him up and he'd say "You know Paul, I think you'll do better next time." and I you know, and so I did - I finally got elected, and then we started to golf together from time to time and just like politics, if you've ever golfed with Richard DeBolt, nothing's halfway. So, when the ball goes straight, it goes a mile, but when it doesn't go straight it goes a mile the other way. He is a great guy to be your friend. He is loyal. I'll never forget, in our caucus room we have the shield and we really haven't talked about the shield, but I'll never forget my freshman year - I'm another one that came in with the good Speaker, many of us came in together. But Richard talked about the shield and the importance of the shield and how if we all unite and stand behind the shield, it will protect us; that we are far stronger together, than we are being separate and alone - and I will never forget that. I want to thank Richard. You will be missed. You're a great statesman. If you ever want Richard to speak on an issue, he can do it instantaneously and speak on either side - he truly can. He can explain either side to you in 30 seconds and he takes no prep. He's awesome. You will be missed my man. Thank you.

Representative Chopp: Thank you, Madam Speaker. Richard, you and I are brothers; we've been through a whole lot together. An earthquake - living in the People's Portable in the parking lot. And by the way, that is not the definition of, what do you call it, "social distancing," it's just the opposite. We were packed in like sardines, yeah. The Great Recession, a budget crisis, or two actually, and also a fun dinner at the Ram in Lacey - that was so much fun. Through all that and more, we've worked together, we've struggled together, we hassled each other and dealt with family feuds in this place - just like real brothers. Richard, you have done a lot of good for the people of the state of Washington. In your many roles in leadership and on committees, you and I both really enjoyed creating a little trouble for the Healthcare Committee Chair, which she immediately squashed, so I feel your pain brother. In your Capital Budget role, just such great work, working with the Chair on our side. You've touched so many communities and so many lives and I really encourage the two of you to go around the state. Look at what you've done. Look at the school buildings, the college

facilities, the training centers, the childcare centers, the housing projects, one after another. I know you even advocated for projects in my district and so you ought to be proud of what you've done for the people of the state. Richard, also one of your greatest gifts is your ability to deal with people as people. In this imposing building you always work with people as people - not full of yourself, not pretentious, not grandiose, you treated everyone as a friend or colleague; down to Earth, among the people. With you in this place, this truly is the People's House. I don't know if many of you know, that Richard has a college degree in international relations. I mean, I just found that out today. I'm very impressed Richard, but maybe that's why you did such a great job building relationships in this place. Also Richard, you have many talents - your ability to speak your mind to give a great speech on the house floor; you're a great voice for your caucus; you have the gift of gab with anyone and I truly admire that, including your frequent use of zingers at the end of your speeches. Knowing that you probably would be gavel down, you often saved your most pungent points to the end of your speeches. Richard, you and I have an aversion to the usual House Rules. The other day, maybe that was yesterday, seems like a while ago, you were gavelled down by the Speaker for not wearing a tie on the floor and right after that moment, you came back here and asked me to do the same as part of my speech today right now. So at your request and in solidarity with my brother Richard, I renounce neckties and dispense with oppressive formality. Madam Speaker, forgive me.

Representative Kretz: That's a hard one to follow. Thank you, Madam Speaker. You know as we've been sitting here listening to this for the last, well, like two hours now, something like, I think this is a really good example of how Richard usually operates. You know, he came to me and he said "God, you know, we go way back and I'd really like you to speak and there's can only be three on our side" and he went and said the same thing to 35 people. That's how he works. Here we are. But those are two of my favorite people up there - people that have always been there for me. Amy has always been welcoming - been to their house, she's been to the ranch. I can tell you she looks a hell of a lot better on a horse than Richard does. I remember when I first got here, you know, we had the election and then there was reorg right after, and you don't know any of these people that are trying to convince you to support 'em and I really didn't like what Richard had to say. That's a common theme - none of us really liked him at first, but I remember my seatmate at the time, Bob Sump, talking about Richard and his qualifications and, he said he was smart and his mind is lightning fast and he will, you probably noticed this, finish your sentence for you quite often when you're talking to him because he knows what you're thinking. I think his main point though in Richard's support was that there's no one in this place that can drive Frank Chopp crazier than Richard. So that was the main selling point. He did say, though, you probably wouldn't pick him to be your next door neighbor. But I've never seen anybody that was in tune with this place like Richard is. You know, I've seen him sitting up here, things are going on, he's usually doing two or three things at once - Game Boy, whatever, talking to somebody on the phone, and something changes on the floor he knows it before anybody

else does and I've just been amazed over the years at that sense of awareness of what's going on in this place. He's tuned into it like nobody I've ever seen and it's a great talent, especially out here on the floor for a Floor Leader. I can think of some horrible moments. I remember the time in caucus where he confused Cesar Chavez with Che Guevara, and that was quite a speech. You know, I was trying to get some time this morning to work on this and there's a lot of things that I was trying to get jotted down here a lot in the last 10 minutes because I didn't have time this morning and then I kept thinking, you know, most of the stuff I know about Richard should never go on a piece of paper. It was interesting watching him in the early parts of... I got to go back to Bob Sump for a second. So that my freshman class got here after talking to Bob Sump, and the first thing my freshman class did was take him out, you know, which was kind of a crowning glory. But the political ability is like nobody I've ever seen here and when Richard was into the political end of it, I never saw anybody better. There were a lot of good ideas. There were some really bad ones, but it was all done in a really fast brilliant way. Sometimes it was brilliantly creative and sometimes brilliantly idiotic. I'm thinking Postcards From The Edge, things like that; a lot of history there. But I've never seen anybody make such a big change when he went from the political side, focused on that, to policy, and I remember, my early years here, that was the last thing Richard ever wanted to talk about was policy. He was always looking at the political – I think a lot of it was because we had 33 seats, you know, so you're looking at the other end of it. But watching him go into policy has been a real education for me. Watching him immerse himself in it. We heard several other members talk about the experience of working with you how you applied yourself to something that I knew was not your first, first instincts. You know, we were sitting, several people have mentioned the shoot the hostage thing, and Richard and I were in the back office here a few days ago with some of the leadership and we both shot our hostages and everybody went out and Rich and I were sitting there looking at each other and kind of going “did we do the right thing? you know, and I had to say “Richard, if you look around at the floor in that back office, there is years’ worth of blood back there from hostages being shot in that office.” and he was always willing to do it. If it was his it was gone, it had no value and it was gone if it was best for the caucus or another member if the hostage had to go and it was one of the main lessons I learned. I guess I'll just say there's nobody I've enjoyed more here. Nobody that I could trust more and you have always had my back and I'll never forget it. Thanks Richard.

Madam Speaker: Before we move to final passage Representative DeBolt wants me to know, or to let the viewing audience know that hostages are bills for the purposes of this discussion.

**Sec. 201.** 2019 c 415 s 201 (uncodified) is amended to read as follows:

**FOR THE DEPARTMENT OF SOCIAL AND HEALTH SERVICES**

(1) The appropriations to the department of social and health services in this act shall be expended for the programs and in the amounts specified in this act. Appropriations made in this act to the department of social and health services shall initially be allotted as required by this act. Subsequent allotment modifications shall not include transfers of moneys between sections of this act except as expressly provided in this act, nor shall allotment modifications permit moneys that are provided solely for a specified purpose to be used for other than that purpose.

(2) The department of social and health services shall not initiate any services that require expenditure of state general fund moneys unless expressly authorized in this act or other law. The department may seek, receive, and spend, under RCW 43.79.260 through 43.79.282, federal moneys not anticipated in this act as long as the federal funding does not require expenditure of state moneys for the program in excess of amounts anticipated in this act. If the department receives unanticipated unrestricted federal moneys, those moneys shall be spent for services authorized in this act or in any other legislation providing appropriation authority, and an equal amount of appropriated state general fund moneys shall lapse. Upon the lapsing of any moneys under this subsection, the office of financial management shall notify the legislative fiscal committees. As used in this subsection, "unrestricted federal moneys" includes block grants and other funds that federal law does not require to be spent on specifically defined projects or matched on a formula basis by state funds.

(3) The legislature finds that medicaid payment rates, as calculated by the department pursuant to the appropriations in this act, bear a reasonable relationship to

the costs incurred by efficiently and economically operated facilities for providing quality services and will be sufficient to enlist enough providers so that care and services are available to the extent that such care and services are available to the general population in the geographic area. The legislature finds that cost reports, payment data from the federal government, historical utilization, economic data, and clinical input constitute reliable data upon which to determine the payment rates.

(4) The department shall to the maximum extent practicable use the same system for delivery of spoken-language interpreter services for social services appointments as the one established for medical appointments in the health care authority. When contracting directly with an individual to deliver spoken language interpreter services, the department shall only contract with language access providers who are working at a location in the state and who are state-certified or state-authorized, except that when such a provider is not available, the department may use a language access provider who meets other certifications or standards deemed to meet state standards, including interpreters in other states.

(5) Information technology projects or investments and proposed projects or investments impacting time capture, payroll and payment processes and systems, eligibility, case management, and authorization systems within the department of social and health services are subject to technical oversight by the office of the chief information officer.

(6)(a) The department shall facilitate enrollment under the medicaid expansion for clients applying for or receiving state funded services from the department and its contractors. Prior to open enrollment, the department shall coordinate with the health care authority to provide referrals to the Washington health benefit exchange for clients that will be ineligible for medicaid.

(b) To facilitate a single point of entry across public and medical assistance programs, and to maximize the use of federal funding, the health care authority, the department of social and health services, and the health benefit exchange will coordinate efforts to expand HealthPlanfinder access to public assistance and medical eligibility staff. The department shall complete medicaid applications in the HealthPlanfinder for households receiving or applying for public assistance benefits.

(7) The health care authority, the health benefit exchange, the department of social and health services, the department of health, and the department of children, youth, and families shall work together within existing resources to establish the health and human services enterprise coalition (the coalition). The coalition, led by the health care authority, must be a multi-organization collaborative that provides strategic direction and federal funding guidance for projects that have cross-organizational or enterprise impact, including information technology projects that affect organizations within the coalition. By October 31, 2019, the coalition must submit a report to the governor and the legislature that describes the coalition's plan for projects affecting the coalition organizations. The report must

include any information technology projects impacting coalition organizations and, in collaboration with the office of the chief information officer, provide: (a) The status of any information technology projects currently being developed or implemented that affect the coalition; (b) funding needs of these current and future information technology projects; and (c) next steps for the coalition's information technology projects. The office of the chief information officer shall maintain a statewide perspective when collaborating with the coalition to ensure that the development of projects identified in this report are planned for in a manner that ensures the efficient use of state resources and maximizes federal financial participation. The work of the coalition is subject to the conditions, limitations, and review provided in (~~section 719 of this act~~) section 701 of this act.

(8)(a) The appropriations to the department of social and health services in this act must be expended for the programs and in the amounts specified in this act. However, after May 1, 2020, unless prohibited by this act, the department may transfer general fund—state appropriations for fiscal year 2020 among programs and subprograms after approval by the director of the office of financial management. However, the department may not transfer state appropriations that are provided solely for a specified purpose except as expressly provided in (b) of this subsection.

(b) To the extent that transfers under (a) of this subsection are insufficient to fund actual expenditures in excess of fiscal year 2020 caseload forecasts and utilization assumptions in the long-term care, developmental disabilities, and public assistance programs, the department may transfer state appropriations that are provided solely for a specified purpose. The department may not transfer funds, and the director of the office of financial management may not approve the transfer, unless the transfer is consistent with the objective of conserving, to the maximum extent possible, the expenditure of state funds. The director of the office of financial management shall notify the appropriate fiscal committees of the legislature in writing seven days prior to approving any allotment modifications or transfers under this subsection. The written notification shall include a narrative explanation and justification of the changes, along with expenditures and allotments by budget unit and appropriation, both before and after any allotment modifications or transfers.

(c) The department may not transfer appropriations from any other program or subprogram to the mental health program. Within the mental health program, the department may transfer appropriations that are provided solely for a specified purpose as needed to fund actual expenditures through the end of fiscal year 2020.

(d) The department may not transfer appropriations for the developmental disabilities program to any other program or subprograms of the department of social and health services.

legislature all of the expenditures under this subsection and shall provide such fiscal data in the time, manner, and form requested by the legislative fiscal committees.

(4) Annually, no later than November 1st, the authority shall report to the governor and appropriate committees of the legislature: (a) Savings attributed to behavioral and physical integration in areas that are scheduled to integrate in the following calendar year, and (b) savings attributed to behavioral and physical health integration and the level of savings achieved in areas that have integrated behavioral and physical health.

(5) Sufficient amounts are appropriated in this subsection to implement the medicaid expansion as defined in the social security act, section 1902(a)(10)(A)(i)(VIII).

(6) The legislature finds that medicaid payment rates, as calculated by the health care authority pursuant to the appropriations in this act, bear a reasonable relationship to the costs incurred by efficiently and economically operated facilities for providing quality services and will be sufficient to enlist enough providers so that care and services are available to the extent that such care and services are available to the general population in the geographic area. The legislature finds that the cost reports, payment data from the federal government, historical utilization, economic data, and clinical input constitute reliable data upon which to determine the payment rates.

(7) Based on quarterly expenditure reports and caseload forecasts, if the health care authority estimates that expenditures for the medical assistance program will exceed the appropriations, the health care authority shall take steps including but not limited to reduction of rates or elimination of optional services to reduce expenditures so that total program costs do not exceed the annual appropriation authority.

(8) In determining financial eligibility for medicaid-funded services, the health care authority is authorized to disregard recoveries by Holocaust survivors of insurance proceeds or other assets, as defined in RCW 48.104.030.

(9) The legislature affirms that it is in the state's interest for Harborview medical center to remain an economically viable component of the state's health care system.

(11) \$4,261,000 of the general fund—state appropriation for fiscal year 2020, \$4,261,000 of the general fund—state appropriation for fiscal year 2021, and \$8,522,000 of the general fund—federal appropriation are provided solely for low-income disproportionate share hospital payments.

(12) Within the amounts appropriated in this section, the health care authority shall provide disproportionate share hospital payments to hospitals that provide services to children in the children's health program who are not eligible

for services under Title XIX or XXI of the federal social security act due to their citizenship status.

(13) (~~(\$6,000,000)~~) (a) \$7,000,000 of the general fund—federal appropriation is provided solely for supplemental payments to nursing homes operated by public hospital districts. The public hospital district shall be responsible for providing the required nonfederal match for the supplemental payment, and the payments shall not exceed the maximum allowable under federal rules. It is the legislature's intent that the payments shall be supplemental to and shall not in any way offset or reduce the payments calculated and provided in accordance with part E of chapter 74.46 RCW. It is the legislature's further intent that costs otherwise allowable for rate-setting and settlement against payments under chapter 74.46 RCW shall not be disallowed solely because such costs have been paid by revenues retained by the nursing home from these supplemental payments. The supplemental payments are subject to retrospective interim and final cost settlements based on the nursing homes' as-filed and final medicare cost reports. The timing of the interim and final cost settlements shall be at the health care authority's discretion. During either the interim cost settlement or the final cost settlement, the health care authority shall recoup from the public hospital districts the supplemental payments that exceed the medicaid cost limit and/or the medicare upper payment limit. The health care authority shall apply federal rules for identifying the eligible incurred medicaid costs and the medicare upper payment limit.

(b) The authority, in consultation with the department of social and health services and the nursing homes operated by public hospitals in (a) of this subsection, must develop a plan with recommendations for an upper payment limit calculation and the supplemental payment model for nursing homes operated by a public hospital district. The group must consider how to restructure payments under (a) of this subsection, taking into consideration alternate upper payment limit calculation. If upon completion of the plan, the authority determines it can implement the recommendations of the group within the amounts provided in (a) of this subsection, the authority must submit a state plan amendment, if necessary, and submit a report to the fiscal committees of the legislature no later than September 30, 2020.

(c) \$193,000 of the general fund—state appropriation for fiscal year 2020 is provided solely for the authority to provide a one-time grant to a standalone skilled nursing facility operated by a public hospital district in Grant county. This grant is provided as a one-time offset to address the impact of the recoupment requirements of this subsection (13).

(14) The health care authority shall continue the inpatient hospital certified public expenditures program for the 2019-2021 fiscal biennium. The program shall apply to all public hospitals, including those owned or operated by the state, except those classified as critical access hospitals or state psychiatric institutions. The health care authority shall submit reports to the governor and legislature by November 1, 2020, and by November 1, 2021, that evaluate whether savings continue to exceed costs for this program.

If the certified public expenditures (CPE) program in its current form is no longer cost-effective to maintain, the health care authority shall submit a report to the governor and legislature detailing cost-effective alternative uses of local, state, and federal resources as a replacement for this program. During fiscal year 2020 and fiscal year 2021, hospitals in the program shall be paid and shall retain one hundred percent of the federal portion of the allowable hospital cost for each medicaid inpatient fee-for-service claim payable by medical assistance and one hundred percent of the federal portion of the maximum disproportionate share hospital payment allowable under federal regulations. Inpatient medicaid payments shall be established using an allowable methodology that approximates the cost of claims submitted by the hospitals. Payments made to each hospital in the program in each fiscal year of the biennium shall be compared to a baseline amount. The baseline amount will be determined by the total of (a) the inpatient claim payment amounts that would have been paid during the fiscal year had the hospital not been in the CPE program based on the reimbursement rates developed, implemented, and consistent with policies approved in the 2019-2021 biennial operating appropriations act and in effect on July 1, 2015, (b) one-half of the indigent assistance disproportionate share hospital payment amounts paid to and retained by each hospital during fiscal year 2005, and (c) all of the other disproportionate share hospital payment amounts paid to and retained by each hospital during fiscal year 2005 to the extent the same disproportionate share hospital programs exist in the 2019-2021 fiscal biennium. If payments during the fiscal year exceed the hospital's baseline amount, no additional payments will be made to the hospital except the federal portion of allowable disproportionate share hospital payments for which the hospital can certify allowable match. If payments during the fiscal year are less than the baseline amount, the hospital will be paid a state grant equal to the difference between payments during the fiscal year and the applicable baseline amount. Payment of the state grant shall be made in the applicable fiscal year and distributed in monthly payments. The grants will be recalculated and redistributed as the baseline is updated during the fiscal year. The grant payments are subject to an interim settlement within eleven months after the end of the fiscal year. A final settlement shall be performed. To the extent that either settlement determines that a hospital has received funds in excess of what it would have received as described in this subsection, the hospital must repay the excess amounts to the state when requested. (~~(\$537,000)~~) \$759,000 of the general fund—state appropriation for fiscal year 2020 and (~~(\$522,000)~~) \$740,000 of the general fund—state appropriation for fiscal year 2021 are provided solely for state grants for the participating hospitals.

The health care authority shall prioritize evidence-based practices for delivery of maternity support services. To the extent practicable, the health care authority shall develop a mechanism to increase federal funding for maternity support services by leveraging local public funding for those services.

(17) The authority shall submit reports to the governor and the legislature by September 15, 2020, and no later than September 15, 2021, that delineate the number of individuals in medicaid managed care, by carrier, age, gender, and eligibility category, receiving preventative services and vaccinations. The reports should include baseline and benchmark information from the previous two fiscal years and should be inclusive of, but not limited to, services recommended under the United States preventative services task force, advisory committee on immunization practices, early and periodic screening, diagnostic, and treatment (EPSDT) guidelines, and other relevant preventative and vaccination medicaid guidelines and requirements.

The appropriations in this section are subject to the following conditions and limitations:

(1) For the purposes of this section, "behavioral health entities" means managed care organizations and administrative services organizations in regions where the authority is purchasing medical and behavioral health services through fully integrated contracts pursuant to RCW 71.24.380, and behavioral health organizations in regions that have not yet transitioned to fully integrated managed care.

(2) Within the amounts appropriated in this section, funding is provided for implementation of the settlement agreement under *Trueblood, et al. v. Department of Social and Health Services, et al.*, United States District Court for the Western District of Washington, Cause No. 14-cv-01178-MJP. In addition to amounts provided solely for implementation of the settlement agreement, class members must have access to supports and services funded throughout this section for which they meet eligibility and medical necessity requirements. The authority must include language in contracts that requires regional behavioral health entities to develop and implement plans for improving access to timely and appropriate treatment for individuals with behavioral health needs and current or prior criminal justice involvement who are eligible for services under these contracts.

(3) \$15,605,000 of the general fund—state appropriation for fiscal year 2020, \$15,754,000 of the general fund—state appropriation for fiscal year 2021, and \$4,789,000 of the general fund—federal appropriation are provided solely for the phase-in of the settlement agreement under *Trueblood, et al. v. Department of Social and Health Services, et al.*, United States District Court for the Western District of Washington, Cause No. 14-cv-01178-MJP. The department, in collaboration with the health care authority and the criminal justice training commission, must implement the provisions of the settlement agreement pursuant to the timeline and implementation plan provided for under the settlement agreement. This includes implementing provisions related to competency evaluations, competency restoration, crisis diversion and supports, education and training, and workforce development.

(4) ((~~\$8,777,000~~)) \$7,657,000 of the general fund—state appropriation for fiscal year 2020, ((~~\$10,424,000~~)) \$11,544,000 of the general fund—state appropriation for fiscal year 2021, and \$20,197,000 of the general fund—federal appropriation are provided solely for the authority and behavioral health entities to continue to contract for implementation of high-intensity programs for assertive

community treatment (PACT) teams. In determining the proportion of medicaid and nonmedicaid funding provided to behavioral health entities with PACT teams, the authority shall consider the differences between behavioral health entities in the percentages of services and other costs associated with the teams that are not reimbursable under medicaid. The authority may allow behavioral health entities which have nonmedicaid reimbursable costs that are higher than the nonmedicaid allocation they receive under this section to supplement these funds with local dollars or funds received under subsection (7) of this section. The authority and behavioral health entities shall maintain consistency with all essential elements of the PACT evidence-based practice model in programs funded under this section.

(5) From the general fund—state appropriations in this section, the authority shall assure that behavioral health entities reimburse the department of social and health services aging and long term support administration for the general fund—state cost of medicaid personal care services that enrolled behavioral health entity consumers use because of their psychiatric disability.

(6) \$3,520,000 of the general fund—federal appropriation is provided solely for the authority to maintain a pilot project to incorporate peer bridging staff into behavioral health regional teams that provide transitional services to individuals returning to their communities.

(7) \$81,930,000 of the general fund—state appropriation for fiscal year 2020 and (~~(\$81,930,000)~~) \$85,122,000 of the general fund—state appropriation for fiscal year 2021 are provided solely for persons and services not covered by the medicaid program. To the extent possible, levels of behavioral health entity spending must be maintained in the following priority order: Crisis and commitment services; community inpatient services; and residential care services, including personal care and emergency housing assistance. These amounts must be distributed to behavioral health entities as follows:

(a) Of the amount provided for fiscal year 2020, seventy percent must be distributed to behavioral health administrative service organizations and thirty percent to managed care organizations. The percentage of funding provided to each behavioral health administrative services organization must be proportionate to the fiscal year 2019 regional allocation of flexible nonmedicaid funds.

(b) \$3,939,000 of the fiscal year 2021 amounts must be distributed to behavioral health administrative service organizations. Of the remaining amount for fiscal year 2021, eighty percent must be distributed to behavioral health administrative service organizations and twenty percent to managed care organizations. The percentage of funding provided to each behavioral health administrative services organization must be proportionate to the fiscal year 2020 regional allocation of flexible nonmedicaid funds.

(c) The authority must include the following language in medicaid contracts with behavioral health entities unless they are provided formal notification from the center for medicaid and medicare services that the language will result in the loss of federal medicaid participation: "The contractor may voluntarily provide services that are in addition to those

covered under the state plan, although the cost of these services cannot be included when determining payment rates unless including these costs are specifically allowed under federal law or an approved waiver."

(8) The authority is authorized to continue to contract directly, rather than through contracts with behavioral health entities for children's long-term inpatient facility services.

(9) \$1,204,000 of the general fund—state appropriation for fiscal year 2020 and \$1,204,000 of the general fund—state appropriation for fiscal year 2021 are provided solely to reimburse Pierce and Spokane counties for the cost of conducting one hundred eighty-day commitment hearings at the state psychiatric hospitals.

(10) Behavioral health entities may use local funds to earn additional federal medicaid match, provided the locally matched rate does not exceed the upper-bound of their federally allowable rate range, and provided that the enhanced funding is used only to provide medicaid state plan or waiver services to medicaid clients. Additionally, behavioral health entities may use a portion of the state funds allocated in accordance with subsection (7) of this section to earn additional medicaid match, but only to the extent that the application of such funds to medicaid services does not diminish the level of crisis and commitment, community inpatient, residential care, and outpatient services presently available to persons not eligible for medicaid.

(11) \$2,291,000 of the general fund—state appropriation for fiscal year 2020 and \$2,291,000 of the general fund—state appropriation for fiscal year 2021 are provided solely for mental health services for mentally ill offenders while confined in a county or city jail and for facilitating access to programs that offer mental health services upon release from confinement. The authority must collect information from the behavioral health entities on their plan for using these funds, the numbers of individuals served, and the types of services provided and submit a report to the office of financial management and the appropriate fiscal committees of the legislature by December 1st of each year of the biennium.

(12) Within the amounts appropriated in this section, funding is provided for the authority to develop and phase in intensive mental health services for high needs youth consistent with the settlement agreement in *T.R. v. Dreyfus and Porter*.

(13) The authority must establish minimum and maximum funding levels for all reserves allowed under behavioral health organization and administrative services organization contracts and include contract language that clearly states the requirements and limitations. The authority must monitor and ensure that behavioral health organization and administrative services organization reserves do not exceed maximum levels. The authority must monitor revenue and expenditure reports and must require a behavioral health organization or administrative services organization to submit a corrective action plan on how it will spend its excess reserves within a reasonable period of time, when its reported reserves exceed maximum levels established under the contract. The authority must review and approve such plans and monitor to ensure compliance.

If the authority determines that a behavioral health organization or administrative services organization has failed to provide an adequate excess reserve corrective action plan or is not complying with an approved plan, the authority must reduce payments to the entity in accordance with remedial actions provisions included in the contract. These reductions in payments must continue until the authority determines that the entity has come into substantial compliance with an approved excess reserve corrective action plan.

(14) During the 2019-2021 fiscal biennium, any amounts provided in this section that are used for case management services for pregnant and parenting women must be contracted directly between the authority and providers rather than through contracts with behavioral health organizations.

(15) Within the amounts appropriated in this section, the authority may contract with the University of Washington and community-based providers for the provision of the parent-child assistance program or other specialized chemical dependency case management providers for pregnant, post-partum, and parenting women. For all contractors: (a) Service and other outcome data must be provided to the authority by request; and (b) indirect charges for administering the program must not exceed ten percent of the total contract amount.

(16) \$3,500,000 of the general fund—federal appropriation (from the substance abuse prevention and treatment federal block grant) is provided solely for the continued funding of existing county drug and alcohol use prevention programs.

(17) Within the amounts provided in this section, behavioral health entities must provide outpatient chemical dependency treatment for offenders enrolled in the medicaid program who are supervised by the department of corrections pursuant to a term of community supervision. Contracts with behavioral health entities must require that behavioral health entities include in their provider network specialized expertise in the provision of manualized, evidence-based chemical dependency treatment services for offenders. The department of corrections and the authority must develop a memorandum of understanding for department of corrections offenders on active supervision who are medicaid eligible and meet medical necessity for outpatient substance use disorder treatment. The agreement will ensure that treatment services provided are coordinated, do not result in duplication of services, and maintain access and quality of care for the individuals being served. The authority must provide all necessary data, access, and reports to the department of corrections for all department of corrections offenders that receive medicaid paid services.

(18) The criminal justice treatment account—state appropriation is provided solely for treatment and treatment support services for offenders with a substance use disorder pursuant to RCW 71.24.580. The authority must offer counties the option to administer their share of the distributions provided for under RCW 71.24.580(5)(a). If a county is not interested in administering the funds, the authority shall contract with behavioral health entities to

administer these funds consistent with the plans approved by local panels pursuant to RCW 71.24.580(5)(b). The authority must provide a report to the office of financial management and the appropriate committees of the legislature which identifies the distribution of criminal justice treatment account funds by September 30, 2019.

(19) No more than \$27,844,000 of the general fund—federal appropriation may be expended for supported housing and employment services described in initiative 3a and 3b of the medicaid transformation demonstration waiver under healthier Washington. Under this initiative, the authority and the department of social and health services shall ensure that allowable and necessary services are provided to eligible clients as identified by the authority or its providers or third party administrator. The department and the authority in consultation with the medicaid forecast work group, shall ensure that reasonable reimbursements are established for services deemed necessary within an identified limit per individual. The authority shall not increase general fund—state expenditures under this initiative. The secretary in collaboration with the director of the authority shall report to the joint select committee on health care oversight no less than quarterly on financial and health outcomes. The secretary in cooperation with the director shall also report to the fiscal committees of the legislature all of the expenditures of this subsection and shall provide such fiscal data in the time, manner, and form requested by the legislative fiscal committees.

(20) \$6,858,000 of the general fund—state appropriation for fiscal year 2020, \$6,858,000 of the general fund—state appropriation for fiscal year 2021, and \$8,046,000 of the general fund—federal appropriation are provided solely to maintain new crisis triage or stabilization centers. Services in these facilities may include crisis stabilization and intervention, individual counseling, peer support, medication management, education, and referral assistance. The authority shall monitor each center's effectiveness at lowering the rate of state psychiatric hospital admissions.

(21) \$1,125,000 of the general fund—federal appropriation is provided solely for the authority to develop a memorandum of understanding with the department of health for implementation of chapter 297, Laws of 2017 (opioid treatment programs). The authority must use these amounts to reimburse the department of health for costs incurred through the implementation of the bill.

(22) \$6,655,000 of the general fund—state appropriation for fiscal year 2020, \$10,015,000 of the general fund—state appropriation for fiscal year 2021, and \$12,965,000 of the general fund—federal appropriation are provided solely for the operation of secure withdrawal management and stabilization facilities. The authority may not use any of these amounts for services in facilities that are subject to federal funding restrictions that apply to institutions for mental diseases, unless they have received a waiver that allows for full federal participation in these facilities. Within these amounts, funding is provided to increase the fee for service rate for these facilities up to \$650 per day. The authority must require in contracts with behavioral health entities that, beginning in calendar year

2020, they pay no lower than the fee for service rate. The authority must coordinate with regional behavioral health entities to identify and implement purchasing strategies or regulatory changes that increase access to services for individuals with complex behavioral health needs at secure withdrawal management and stabilization facilities.

(23) \$23,090,000 of the general fund—state appropriation for fiscal year 2020, \$23,090,000 of the general fund—state appropriation for fiscal year 2021, and \$92,444,000 of the general fund—federal appropriation are provided solely to maintain the enhancement of community-based behavioral health services that was funded in fiscal year 2019. Twenty percent of the general fund—state appropriation amounts for each regional service area must be contracted to the behavioral health administrative services organizations and used to increase their nonmedicaid funding and the remainder must be used to increase medicaid rates above FY 2018 levels. Effective January 2020, the medicaid funding is intended to increase rates for behavioral health services provided by licensed and certified community behavioral health agencies as defined by the department of health. This funding must be allocated to the managed care organizations proportionate to their medicaid enrollees. The authority must require the managed care organizations to provide a report on their implementation of this funding. The authority must submit a report to the legislature by December 1, 2020, summarizing how this funding was used and provide information for future options of increasing behavioral health provider rates through directed payments. The report must identify different mechanisms for implementing directed payment for behavioral health providers including but not limited to minimum fee schedules, across the board percentage increases, and value-based payments. The report must provide a description of each of the mechanisms considered, the timeline that would be required for implementing the mechanism, and whether and how the mechanism is expected to have a differential impact on different providers. The report must also summarize the information provided by managed care organizations in implementing the funding provided under this section.

In developing this methodology, the authority must account for cost structure differences between teaching hospitals and other hospital types. The authority must provide a report to the appropriate committees of the legislature by December 1, 2019. The report must:~~

~~(a) Describe the methodology developed by the work group;~~

~~(b) Identify cost differences between teaching hospitals and other hospital types;~~
