Pursuant to proclamation of the Governor, the Senate of the State of Wash­

excused.

Invocation was given by Reverend J. Edgar Pearson, Jr., of the United
Churches of Olympia.

Reverend J. Edgar Pearson, Jr.:

"O God, our heavenly Father, hear us as we convene this session of the Senate.
Thou art good beyond all that is good, just beyond all our understanding of justice, in
whom there is calmness and peace, wilt Thou dissolve the dissensions which divide us
from each other and bring us back into a unity of love, which may bear some likeness
to Thy divine nature. As Thou art above all things material, make us one by the unity
of good minds.

"Give us faithfulness of heart, boldness and courage to examine our own thoughts
and plans for their weakness. Without compromising our principles, guide us to that
place where we may each see the other's needs, the virtues of the other's plans. May
we not hesitate to accept new truth, to grasp new knowledge that may help us solve the
problems of this state. Let us not be satisfied with legislation without justice, with a
program that takes little thought of the people. Give us the grace to admit our mistakes
and gain our strength from Thee, who art the ruler of all Thy people. We pray in
Christ's name. Amen."

SENATE RESOLUTION

By Senator Zednick:

Resolved, That the rules of the Thirty-second Session shall be the rules of the Second Extraordinary Session of 1951 with the following amendment:

Rule 31. After the final vote on any resolution, memorial or bill, before the adjournment of that day's session and at such time only, any member who voted with the prevailing side may give notice of reconsideration. Such motion to reconsider shall be in order only on the day upon which such notice of reconsideration is given, and may be made by any member who voted with the prevailing side.

A motion to reconsider shall have precedence over every other motion, except a motion to adjourn; and when the Senate adjourns while a motion to reconsider is pending, the right to move a reconsideration shall continue to the next day of sitting. Motions to reconsider a vote upon amendments to any pending question may be made and decided at once.

On motion of Senator Zednick, the resolution was adopted.
FIRST DAY, AUGUST 24, 1951

MOTION

At 11:15 a.m., on motion of Senator Zednick, the Senate was declared at recess for one hour.

AFTERNOON SESSION

At 12:15 p.m., the President called the Senate to order.

ELECTION OF OFFICERS

The President announced that at this time the Senate would proceed with the election of officers.

Senator Sutherland:

"Mr. President and Members of the Senate:

At this time I wish to place in nomination the name of a Senator whose wisdom, skill and integrity is needed at this time. Senator Dixon from Pierce County has had long, wide experience in these legislative halls and I believe in these days ahead of us, which may be difficult and trying, Senator Dixon is the one man who can take us over the rocky road that lies ahead. I think this is a session we will all have to give a little bit and take a little bit, and from what I have seen of Senator Dixon and heard from those who have served with him during past sessions, I feel that Senator Dixon is the one who can give us the leadership we are going to need."

Senator Rogers:

"I wish to place in nomination the name of another man from Pierce County—the man who served in that capacity in the past session—Ted Schroeder."

Senator Washington:

"I would like to second the nomination of Senator Dixon. It gives me great pleasure to do so."

Senator Dixon:

"Mr. President and Fellow Senators:

"I want to respectfully decline the nomination, although I am honored to be nominated President Pro Tempore. My reason for so doing is that I feel we need the cooperation of the entire body to expedite the matters before us and to straighten up the mess the state is now in. I therefore feel I should decline the position on account of what happened last January.

"It is no use for me to go into that, but in the regular session of seventy-one days and in the special session of ten days we had confusion. It may be I was a part of that controversy, and that is the reason I want to eliminate as far as possible all controversy in this session.

"Mr. President, I respectfully decline the nomination of President Pro Tempore."

Senator Pearson:

"It gives me a great deal of pleasure at this time to place in nomination the name of a man whom all of you know, whom you have worked with for many, many years, feeling that this position is an honorary position inasmuch as we have such a capable presiding officer in our President; feeling that these honors should be passed around to those who have shown their ability and willingness to work with all their fellow workers in the Senate. This man has shown his ability, his willingness to give and take, he is a man who represents more districts than any other Senator in the State of Washington, a man who I think will fill the chair very capably. It gives me great pleasure to place in nomination the name of John Todd, of King County, of the State of Washington."

Senator Sapp:

"I wish to second the nomination of John Todd."

MOTION

On motion of Senator Lee, the nominations for President Pro Tempore of the Senate were closed.

Senator Brown:

"I wish to place in nomination the name of Ward Bowden. Any member who has served in the House knows of his ability there. He is a man who has had a lot of experience along this line, and it gives me pleasure to place in nomination the name of Ward Bowden as Secretary of the Senate."

MOTION

MESSAGE OF GOVERNOR ARTHUR B. LANGLIE TO THE LEGISLATURE

Mr. President, Mr Speaker, Ladies and Gentlemen of the Legislature:

We meet here today under conditions of utmost urgency. The State Supreme Court decision of last Monday has invalidated many million dollars worth of state warrants already issued. The decision has made it illegal for state officials to issue any more warrants until a new appropriation bill is enacted. At the last session the combination of the appropriations with a tax measure offered a somewhat remote possibility of resolving our difficulties. The Supreme Court has now blasted that possibility and has cleared up in a very definite way a number of questions regarding the imposition of
taxes that have been bandied about in legislative halls for some time. The decision, moreover, has voided the four per cent corporate tax by means of which it was hoped to stabilize the financial condition of the state.

The result is that state government finances are virtually at a standstill, presenting us with an emergency of the first order. It is an emergency which affects the personal interests of all of our citizens, for everyone in the state is a recipient of state services in some form. The emergency is especially acute, however, with respect to the thousands of our citizens who are dependent, from month to month, upon social security grants.

In view of this situation I had no recourse but to call the Thirty-Second Legislature back into extraordinary session on extremely short notice. In recognition of our mutual responsibilities to the people of the state, I earnestly ask that you join me in laying aside all considerations, personal or partisan, which may interfere in the least with our forthright and effective dealing with the problems which here confront us. Let us approach the task in a spirit of candor and cooperation and resolve that our only goal shall be the best interests of the state.

The matter of greatest urgency is the ratification of appropriations already expended and the enactment of new appropriations for the remainder of the biennium. I recommend that this be accomplished by the immediate reenactment of the appropriations as contained in sections one and two of chapter 10, Laws of First Extraordinary Session, 1951.

These appropriations were approved by your committees and in your general sessions, after a great deal of study. Our experience during the first five months of this biennium has demonstrated a general ability to operate with the appropriations made. There have been some areas in which sufficient money was not made available to do a really adequate job and in some instances we are losing competent employees. I point this out to you because those of you who feel there can be sharp reductions of any consequence in this present budget should understand that in many areas we are operating on a substandard basis—not actually being fair to many people dependent upon the state nor to many of those working in public service for the state. This inflationary period has hit state employees as hard as other people. Many private and public employers have granted their employees cost of living increases which we have been unable to give to ours.

There is no reason to believe, in the brief period now available to you before action would be imperatively required, that a resurvey of these appropriations would indicate substantial reductions which could be safely made.

In addition it should be realized that expenditures during the first five months of the biennium have already been made on the basis of the appropriations set forth in Chapter 10, Laws of the First Extraordinary Session, 1951. The sixth month, September, being a part of the second quarter of the first fiscal year of the biennium also carries commitments for expenditures at the same rate, because of reliance on our budget control procedure. Therefore, any change in appropriations which you may determine to make should apply only to the last year and a half of the biennium—leaving unimpaired the expenditures made at the present rate during the first six months. You should keep in mind further that the schools and other educational institutions of the state have entered into contractual obligations with their teachers based on an estimate of income on their part, in accordance with appropriations heretofore made.

While enactment of general appropriations is obviously the most urgent task, the balancing of the current budget and the reduction of the accumulated general fund deficit before this Extraordinary Session adjourns is also very important.

There is no need of my entering into a long discussion with you, the legislature, about our financial difficulties. This is the third session since January, 1951, in which the same problems have come up for consideration. While some of the figures have changed, the basic aspects for legislative determination are identical.

The deficit for the past biennium, as the books were closed, amounted to 44 million dollars. The estimates of revenue set up by the Tax Commission upon which we have been operating this biennium have thus far very closely approximated the figures that were presented to the legislature and it appears that the Tax Commission's estimates are statistically very sound. Assuming that we operated on the basis of appropriations that have been made this biennium, the Budget Division calculated that we will close this period with an additional deficit of approximately 30 million dollars.

There is one encouraging development to be noted. The monthly operating deficit is now one and a quarter million dollars as compared to a three million dollar monthly deficit in the last biennium.
Reductions substantial enough to balance the budget would, in my opinion, seriously impair essential state services, inflict severe hardships upon large groups of our people and jeopardize the natural resources necessary to assure the livelihood of many. This is why I have recommended reenactment of the appropriations which you approved at your last session.

The only course open, therefore, is increased revenue. I had hoped that the four per cent corporation tax which you approved would provide the solution to our budget-balancing problem. In recommending this approach, however, I called your attention to the serious question concerning the legality of such a tax. I expressed the hope that it could be enacted early in your regular session so that there could be a court test before that session adjourned. This desire did not materialize. The State Supreme Court, has now invalidated such a tax. There must, therefore, be some other new sources of revenue utilized.

The members of this particular legislature have reviewed from time to time all available tax sources in the State of Washington—from additional liquor taxes to extending the sales tax to personal services, and many others.

Most of you are familiar with these tax sources and know approximately what they will raise. As far as I am concerned, I will share with you the responsibility for selecting those that will do the best job, under the circumstances, to raise the necessary funds, to put the State of Washington on a sound financial basis.

I close this message as I began it. We are faced with a grave financial emergency. Our task is both great and urgent. There is no time or excuse for temporizing. Our plain duty is to get down to brass tacks on this problem. All of the people of the state are looking to Olympia today and will keep their eyes in this direction until our job is done. If it is to be a job well done, as God grant that it may, we must, these next few days, work together fairly, industriously and unselfishly as servants of all the people.

The President directed the special committee to escort His Excellency, Governor Arthur B. Langlie, to the governor's chambers.

The special committee thereupon escorted the Governor from the House Chamber.

The Speaker resumed the chair, and directed the Sergeant-at-Arms of the House to escort the Lieutenant Governor to the Senate Chamber.

The Sergeant-at-Arms thereupon escorted the Lieutenant Governor from the House Chamber. (Applause).

On motion of Mr. Adams, the Joint Session was dissolved.

The Speaker directed the Sergeant-at-Arms of the Senate to escort the Senators to the Senate Chamber.

President Meyers called the Senate to order at 2:20 p.m.

The Sergeant-at-Arms escorted the President to the rostrum, where he assumed the chair.

The President Pro Tempore announced the result of the attendance roll call to the President.

Reverend J. Edgar Pearson, Jr., of the United Churches of Olympia, offered prayer.

Reverend J. Edgar Pearson, Jr.:  
"O God, who puttest into our hearts such deep desires that we cannot be at peace until we find our peace in Thee, hear us as we convene this place of government by invoking Thy blessings upon it. Mercifully grant that the longing of our souls may not go unsatisfied because of any unrighteousness of life that may separate us from Thee. Open our minds to the counsel of Thy wisdom. We do not pray that our problems may be dissolved, but that Thou wilt make us equal to the tasks which have been committed unto us. May we face them without evasion. Give us self-control, that no weakness on our part may hinder us from doing the work of this Senate. Take from us the shortsightedness of a selfish mind, the unfruitfulness of a cold heart, the weakness of an inconstant will that changes with the prevailing tides of opinion. Restore our faith in the omnipotence of good and let us lift our eyes to the place where we can see Thee in this place of government. Amen."

On motion of Senator Dahl, the reading of the journal of the previous day was dispensed with and it was approved.

The Secretary read:

Reverend J. Edgar Pearson, Jr.:

"Our heavenly Father, on this Sabbath day we come to Thee in prayer, knowing that for most of these men it is the first time they have sought to worship Thee today. There are things in our hearts we would share with Thee, for we have a concern for the hearts of these men, knowing that it is out of the heart that the issues of life must come. Thy Son taught us that we cannot expect fruit from a thorn tree that we cannot expect good deeds to come from lives that have not known Thee. Therefore, we pray for these men—that Thou wilt become real to them. We confess our slowness of heart, the dullness of mind, when blinded by our selfishness we helped others to stumble; we confess that we sought not to do the right but the expedient thing—that by sacrificing our morals, we hoped to preserve our own easy way.

"Quicken in us the sense of right; help us to discern Thy will and follow it with our whole heart. Touch our spirits with Thine, that we may remember the divine commission that is given to each of us; that as we serve others in this legislature, we are serving Thee. May our votes, our tactics honor Thee and Thy Son, in whose name we pray. Amen."

Senator Cowen, presiding:

"Members of the Senate, I have the distinct honor and pleasure to introduce the Honorable Congressman Hugh Mitchell of Seattle."

Congressman Hugh Mitchell:

"Thank you very much, Mr. Chairman. As I stood out there in what we would call the cloakroom in Washington, I was very conscious of the impact of the job you are facing today. I thought back to November of last year when the House Ways and Means Committee started its consideration of the tax bill, with its staff of experts working on figures and facts, and with the Committee getting ready for hearings in December. Today the bill is in the Senate of the United States waiting for final action by the Senate Committee and Senate Chamber. There the Congress of the United States has been working on a piece of legislation for almost a year between the time it started and the signature by the President. It surely shows the tremendous number of problems to be faced by legislative bodies to reach conclusions which have to be reached.

"Just before leaving Washington I got some figures for government contracts. We are all engaged in a tremendous effort. Contracts have been given recently at the rate of about a billion dollars a week. The production, however, from the factories has not reached that peak, but we expect it to not many months from now.

"We here in Washington State had in mid-June contracts totaling five hundred forty-two million dollars, and that is not the peak, either. But as we move along in this program we are going to see from four to five billion dollars of defense implements coming off the lines. That is going to mean an increase of salaries and wages going into homes of America. As that program goes into effect, it is going to have an effect on the tax structure and tax economy. That defense production is going to have a tremendous meaning. It is going to have a great effect on Washington State, which runs twelfth in the Union in defense contracts.

"I want to thank you for being so kind to me today and inviting me to speak to you. It is a great privilege to come here today and say 'Hello' and 'God-speed' to the State of Washington. Thank you very much." (Applause).

Senator Sapp:

"It has been the custom here in the past for distinguished visitors to suspend Rule 40."

Senator Cowen, presiding:

"Congressman Mitchell, do you wish to suspend Rule 40?"

Congressman Mitchell:

"That is all right with me."

Members of the Senate were thereupon furnished cigars, provided by the Honorable Hugh Mitchell.

The President Pro Tempore assumed the chair.

PERSONAL PRIVILEGE

Senator Happy:

"I desire to give my reasons why I am going to vote against Senate Bill No. 22. "The first is, we have today the highest state tax of any state in the United States. I had prepared an amendment, under which, if adopted, we would not have had to raise any more revenue.

"I am going to vote against this for another reason, because I believe in fair play. I am not willing to just soak the business man, unless everyone is soaked in a similar fashion. I see a great segment in this great State of Washington is not taxed. I refer to the farmers. Many of the farmers' products are subsidized by the Federal Government.

"There are many small business men in the state, and yet you are going to subject these small business men to a 20% tax. If I could pay $50 on $10,000 the farmer could certainly pay $25 on $10,000. The only excuse you Gentlemen have for not including them under the B and O tax is, for some reason or other you are afraid to do so.

"Now, Gentlemen, I am going to get my handkerchief out so I can be enjoying the tears which will be flowing tomorrow."

PRIVILEGE OF THE SENATE

The Sergeant-at-Arms announced the arrival of the Honorable Congressman Henry Jackson at the door of the Senate.
Thereupon, The Honorable Henry Jackson was escorted to the rostrum by the Sergeant-at-Arms, amid applause.

President Meyers:

"Members of the Senate, it is my very great pleasure at this time to present the very distinguished Congressman from the Second Congressional District—the Honorable Congressman Henry Jackson."

United States Congressman Henry Jackson:

"Mr. President and Members of the Senate:
"From what I have been reading in the newspapers, you folks are having some problems similar to what we are having in Washington, D. C. Serving on the Appropria-
rations Committee, as I have the honor to do in the House of Representatives, I can appreciate more fully the problem that the Committee on Ways and Means—as we call it in the House—has to find a solution for, and that is certainly descriptive of the problem when it comes to passing tax legislation.

"In the House of Representatives our Committee on Appropriations is made up of fifty members—four more than you have in the State Senate. We had forty-five in our committee up until two years ago. You can understand why we have to have fifty members—because this year we have had to pass on to date roughly eighty billion dollars in appropriations. It's a lot of money!

"We have our committee divided into ten subcommittees—five on a subcommittee. Each subcommittee handles a specific department of the government. One, for example, passes on all the funds for the defense armament, which includes this year for the Army, Navy and Air Force a preliminary budget of fifty-six billion dollars.

"My subcommittee is on the Department of Interior, which passes on all the funds for that great agency which is so important to the State of Washington. We cut that budget better than ten per cent. You realize that in the Department of the Interior you are operating a great business in behalf of all the people of America. Now, if you are engaged in business, you know you cannot take all the earnings away but you must plow some back into that business if the business is going to succeed. In the Department of Interior it would be a penny wise and a pound foolish to cut the great development program. We were particularly cognizant of that problem, because in dealing with the immediate task at hand—inflation—we were all aware from a long range point of view we must expand our industrial capacity if we are going to withstand inflation.

"Now this nation is engaged in a greatly expanding industry. Since 1946 there has been one of the greatest increases in capital investment this nation has ever witnessed, and I am happy to say there will be even greater expansion of our industrial capacity. But we are determined that with all further expansion, in the field of the defense effort at least, any new plant capacity shall be dispersed. As you know, Mr. Peyser in Seattle did most of the ground work on that report which is now Federal policy. It is a sound policy for the security and defense of America. I got him to serve on the Joint Committee on Atomic Energy. And in connection with my service on that committee, we are briefed by the Secret Intelligence Agency of the effort Russia is making in the field of atomic weapons. The news is not good news.

"One of the important needs today is the dispersal of new industries in America. In planning new industrial expansion we should see to it that the industry is dispersed from obvious atomic targets; and that is what we are doing in providing a more adequate defense against this evergrowing stockpile of atomic bombs that the Soviets are engaging in today, every time we put an industrial plant out from an atomic area. Dispersal of industrial plants in America is just as effective a weapon for America as radar is.

"Now our state, in my humble opinion, is going to see a very substantial industrial expansion in the next eighteen months. Already new aluminum plants are coming into this great state. I expect to see not only additional aluminum plant capacity, but I expect to see new ordnance plants and new chemical plants which are the real backbone of America's strength in time of emergency and in time of war. I am happy to report to you this program is going forward.

"Our stockpile of atomic bombs is growing by greater numbers as each year passes. Atomic energy is the most vital bit of energy we have in our stockpile of defense. I think the greatest mistake we have made is the association of the atomic bomb with the killing of women and children. The true importance of the atomic stockpile is the use of that weapon, and it is my belief that Russia will not be able to catch up with us for another fifteen or twenty years.

"We are only spending two per cent of our military budget on our atomic weapons and ninety-eight per cent on conventional weapons; and as taxpayers we are entitled to know that if we do not use this stockpile of atomic bombs, we will have a great stockpile of weapons that can be put to other use. We will never have a surplus sale of atomic power. We are now going forward with an atomic engine that will be capable of sending a submarine over tremendous distances. So that in this all important field, the Pacific Northwest plays a very unique role indeed. We will and we are expanding our industrial capacity to turn out industrial weapons and the other material needed to make America and the free world strong. On the other hand, we will continue to expand our great effort at Hanford. With our combined effort of expanding our hydroelectric power and our atomic power, we will, indeed, be the power house of the world.
"We in the Northwest have a tremendous responsibility because we have been doing what is a record, without any comparison with other sections of the other states. Here in the Northwest we built the flying fortress and the B-29 which carried the atom bomb over Hiroshima and Nagasaki. Yes, and we made the atom bomb. And if another war should come, I predict the Pacific Northwest will be playing one of the most important—if not the most important role to bring peace to the troubled world.

"We all hope and pray we can achieve our objective of strength—strength so strong that no would-be aggressor dare move against us or the free world unless they invite total annihilation. So our immediate objective must be to build up our strength as rapidly as possible so we can bring order out of chaos in this troubled world of ours. Once we achieve our objective, we and the free world will be in a very strategic position." (Applause).

GOVERNOR'S MESSAGE ON SENATE BILL  
PARTIALLY VETOED  

September 10, 1951.

To the Honorable
The Senate of the State of Washington.
(Through the Secretary of State.)

Gentlemen:

I am filing herewith, to be transmitted to the Senate of the State of Washington at the next session of the Legislature, without my approval as to sections 6 to 19, inclusive, Senate Bill No. 22, entitled:

"An Act Relating to revenue and taxation; adding to and amending title 82, R.C.W., and declaring an emergency."

After giving the matter careful consideration I have concluded that sections 6 to 19, inclusive, of this bill, being the sections imposing a special tax upon bottled soft drinks and fountain syrups, must be vetoed. The tax is imposed at the rate of one-half cent for every twelve fluid ounces or fraction thereof of bottled soft drinks and forty cents per gallon of syrups. This tax, while not as high as that imposed in some of the other states, will amount to approximately 10 per cent of the selling price and when added to the retail sales tax of 3 per cent will make the aggregate tax on the soft drink industry and its clientele so onerous as to seriously injure many of those now engaged in the business, particularly the smaller operators. This has uniformly been the experience of other states. Some of the states have been compelled to abandon such a tax a few years following its enactment.

It is my further belief that this tax will be relatively unproductive while giving rise to serious and costly administrative problems. Its relative unproductivity stems from the fact that any increase in the selling price of soft drinks, which increase will inevitably follow from the fact that the bottlers will be unable to absorb the additional tax, will decrease the volume of sales anywhere from 30 to 40 per cent. Cost of administration will be very heavy. The tax is to be collected by means of stamps or crowns. It appears that it is not feasible to affix stamps to bottles so that the Tax Commission will be compelled to resort to the use of crowns. This would require the state to supply and sell crowns to all bottling concerns for use in their bottling operations. In my opinion, the revenue that we would receive would hardly justify the expenditures necessarily involved in such an undertaking.

With respect to the gallonage tax on fountain syrups, another factor involving cost of administration is the fact that better than one-half of the volume of syrups is manufactured on the premises of the retailer and experience has demonstrated that no tax is collected on the major portion of such volume without prohibitive and impractical collection methods.

With the exceptions of sections 6 to 19, inclusive, which are vetoed, the remainder of Senate Bill No. 22 is approved.

Respectfully submitted,

(Signed) ARTHUR B. LANGLIE,  
Governor.

The Thirty-third Senate of the State of Washington assembled at the Senate Chamber in the State Capitol, pursuant to law, at twelve o'clock noon.

Lieutenant Governor Victor A. Meyers, President of the Senate, called the Senate to order.

Reverend J. Edgar Pearson, Jr., pastor of the United Churches of Olympia, offered prayer as follows:

"Almighty God, ruler of all mankind, in whom we enjoy our freedom, hear our supplications on behalf of the members of this Senate and the people of this state.

"In these days of decision and confusion, we beseech Thee to show us the way that leads to good government and sound living. Yet, even as we pray we know that that way is plain before us. It is not Thy guidance that is lacking, but our will to follow Thee that wavers.

"It is easy for us to ask Thy guidance. It is more difficult for us to follow it. It is easy for us to ask Thee for strength and courage. It is more difficult for us to use those gifts wisely and well.

"Keep us from being proud, that we may hear the counsel of others. Keep us from being selfish for those things that are of advantage to us ourselves or the group we represent. Give us wisdom that we may lead and be led without prejudice or bias. Give us patience as we work with others and hope that the principles of our religious faith may be present among us. These things we ask in the name of Him who felt it more worthy to be a servant than a master, our Lord and Savior Jesus Christ. Amen."

The President appointed a committee consisting of Senators Goodloe and Washington to retire to the President's chambers to escort the Honorable Matthew W. Hill, Supreme Court Judge, to the rostrum, and requested the Sergeant-at-Arms to escort the special committee.

Thereupon, the Honorable Matthew W. Hill, Judge of the Supreme Court of the State of Washington, was escorted by the special committee and the Sergeant-at-Arms to a seat upon the rostrum.

The following certificate of election from the Secretary of State was read by the Secretary of the Senate:

Senator Zednick:

"It is my pleasure, Mr. President and members of the Senate, to have the same honor this time that I had last session and the session before last, to place in nomination the honorable and former member of this Senate, Herbert Sieler, for Secretary of this Senate.

"I know it is not necessary for me to make a long speech about his character and qualifications for the position, but I would like to recount a little of his service to the State of Washington.

"Back during the period of 1919 to 1929, when I was Secretary of the Senate, I had Herbert Sieler as my assistant. At the end of that period I did not run again. Mr. Sieler was elected Secretary and held the position for two sessions until the landslide of '32, when he was succeeded by someone in the other party. In 1938 he was elected a
member of this Senate, a position he held for two terms with distinction. I think there were only five or six Republicans in the Senate when he was here, and by virtue of his great parliamentary knowledge he made those five or six far more influential than they otherwise would have been. Six years ago when our Secretary Joe Sharkey suffered a heart attack, Mr. Sieler finished out that session as Secretary of the Senate.

"He has had great experience for this work and a natural aptitude for it. I know he is courteous and fair to all. It gives me great pleasure again to place in nomination the name of Herb Sieler as Secretary of the Senate."

Senator Gissberg:

"Mr. President: It is my desire to place in nomination for Secretary of this honorable body, Ward Bowden. Mr. Bowden has served for many years as Assistant to the Clerk of the House. He is a newspaper publisher and editor in my district. He is intimately acquainted with the duties of the office of Secretary of the Senate. It is with confidence that I say he will receive an overwhelming majority of the votes cast."

There being no further nominations for Secretary of the Senate, the nominations were closed.

The Secretary called the roll on the election of the Secretary of the Senate, and Herbert H. Sieler was elected by the following vote: Mr. Sieler, 27; Mr. Bowden, 19.

Those voting for Mr. Sieler were: Senators Andrews, Barlow, Clark, Copeland, Dahl, Flanagan, French, Goodloe, Hall, Happy, Hoff, Ivy, Keefe, Kimball, Lennart, Luvera, McMullen, Nordquist, Raugust, Rogers, Sears, Shank, Shannon, Wall, Wilson, Witten, Zednick—27.

Those voting for Mr. Bowden were: Senators Bargreen, Brown, Cowen, Dixon, Gallagher, Ganders, Gissberg, Greive, Knoblauch, Lindsay, Pearson, Riley, Rosellini, Roup, Sutherland, Todd, Vane, Washington, Winberg—19.

The President:

"Herbert H. Sieler, having received the majority vote, is hereby declared elected Secretary of the Senate." (Applause.)

MOTION

On motion of Senator Rosellini, seconded by Senator Cowen, the rules were suspended and the Secretary was instructed to cast an unanimous ballot for Herbert H. Sieler as Secretary of the Senate.

Mr. Sieler:

"I would like to further suspend that part of Rule 40 relating to smoking."

The President:

"You are out of order. You are not a member of this body."

Mr. Sieler:

"With your permission."

The President:

"Permission is granted."

The President declared that nominations for Sergeant-at-Arms were now in order.

Senator Sears:

"I deem it an honor and privilege to place in nomination for Sergeant-at-Arms the man who was Assistant Sergeant-at-Arms of the House in 1947. He has had wide experience in the bill rooms and is well qualified for the Sergeant-at-Arms office of the Senate. I place John Buck before you for your consideration for Sergeant-at-Arms."

Senator Gallagher:

"I deem it a pleasure to nominate a man who has served in this Senate since 1933. Regardless of party, he has always been courteous and efficient, and I deem it a privilege to nominate Joseph Mehan for Sergeant-at-Arms."
There being no further nominations, the nominations for Sergeant-at-Arms were closed.

The Secretary called the roll on the election of a Sergeant-at-Arms of the Senate, and John Buck was elected by the following vote: Mr. Buck, 27; Mr. Mehan, 19.

Senator Sears seconded the motion.

POINT OF ORDER

Senator Rosellini:

"The committees as announced do not conform with the rules with reference to the number of individuals on each committee. On some committees you have more and some less."

The President Pro Tempore:

"I think the point of order is well taken in so far as those committees that do not conform numerically to the temporary rules, because we are operating now under the temporary rules which prescribe a certain number of each committee. So I think that those committees will have to wait for confirmation until the permanent rules of the Senate have been adopted."

PARLIAMENTARY INQUIRY

"Is it true we deleted Rule 28?"

The President Pro Tempore:

"We deleted only that part of it which provides for a day's notice when changing the rules."

MOTION
Senator Zednick moved that the rules under which we are operating be suspended to make the number on each of the committees conform as to the number on the committees as announced.

POINT OF ORDER
Senator Greive raised the point of order that once a motion is made it cannot be changed.
Senator Zednick:
"That motion was made only in so far as these committees as announced have more or fewer members than the rules provide. It would only pertain to one or two cases."
The President:
"What do the temporary rules provide for?"
Senator Rosellini:
"The motion made by Senator McMullen is out of order, as there is nothing before the Senate at the present time."
Senator Hall:
"I would like to have the rule read which says there shall be a certain number on each committee."
Senator McMullen:
"I made the motion for confirmation of all the committees."
Senator Hall:
"Read Rule 2. It says nothing about the number on each committee."

MOTION
Senator Hall:
"I move that the rules be suspended so that that motion can be made."
The President:
"The question is on the motion to suspend the rules and place the appointment of committees before the Senate for confirmation at this time."
Senator Rosellini demanded a roll call on the motion to suspend the rules and place the committee appointments before the Senate at this time for con-
firmation, and the demand was sustained by Senators Knoblauch, Washington, Gallagher, Vane, Winberg, Sutherland, Greive and Bargreen.

The President:
"After a roll call has been announced, the roll call cannot be changed."

Senator Zednick:
"This wasn't a change—it was merely a correction."

MOTION

Senator McMullen moved an amendment to Senator Rosellini's motion that the confirmation of the committees be made the first order of business after the adoption of the permanent rules.

PRESIDENT'S PRIVILEGE

President Anderson:

"Before we follow in the regular order of business I would like the privilege of a few brief remarks. I first wish to express my gratitude for the honors and courtesies you have already extended to me.

"I also wish to pay a tribute to the faithful way in which my predecessor has served as President of the Senate for some twenty years. I know that all the state knew of his record of fair dealings and impartial rulings. I know he has left a mark pretty high for me to shoot at. However, I wish Vic God-speed, good health and happiness in his every endeavor.

"I also wish to comment briefly on the fact I have no legislative background. I come from the office of Lieutenant Governor to President of the Senate knowing my limitations. I ask your indulgence and cooperation, and I hope shortly to get my feet on the ground so far as this work is concerned. I will say that for the past ninety days I have been reading the Constitution of the United States and of the State of Washington, the Senate manuals and Reed's Rules, and now I am beginning to organize my confusion and feel I am making a little headway. I want to be absolutely impartial and fair, and I wish this to be one of the most successful sessions we have had in the Legislature."

(Applause.)

PERSONAL PRIVILEGE

Senator Zednick:

"Mr. President, I would like at this time to request the Sergeant-at-Arms to escort into the chamber a very distinguished visitor and former member of the Senate during 1911-1913. I think he has some mission of importance. I refer to the Honorable former member, Frank C. Jackson."

The President:

"I know there will be no objection. Will the Sergeant-at-Arms escort former Senator Jackson to the rostrum?"

Thereupon, former Senator Frank C. Jackson was escorted by the Sergeant-at-Arms to a seat upon the rostrum, and was requested to address the Senate.

Former Senator Frank C. Jackson:

"Mr. President, Members of the Senate:

"I consider it a great honor to have been invited up here today. I think in all the fifty-four years I have been active in the politics of the State of Washington, something very, very unique has happened in the election of a Lieutenant Governor. A gentleman who never ran for office before received the greatest majority given any candidate in the election, a majority of 145,000. He carried every county in the state except five, and in those he did not carry, there was only one with a majority over 1,200. I think you will agree with me that is a great record.

"I think the explanation of it is that he is held in such high respect and friendship perhaps by more people of the State of Washington than any other man. I asked him when I met him just how he does it.

"So I would like to have the honor and pleasure of presenting to you, Mr. President, this gavel. I used to make gavels and present them. I trust you will regard this gavel as a symbol of the responsibility and high record you have made, and of the authority you have in your office. Why shouldn't a gavel represent your authority?"
President Anderson:
"Senator Jackson, I thank you for your gift and for your kind words. It is a pleasure for you to come in here today. Come back often."

PERSONAL PRIVILEGE

Senator Zednick:
"Mr. President, in Mr. Jackson's behalf, I move that that portion of Rule 40 pertaining to smoking be suspended with penalty."

The motion carried.

The President requested Senator Zednick, the President Pro Tempore, to come to the rostrum.

Former Senator Jackson:
"I am going to presume on your good pleasure again, Mr. President and Members of the Senate.
"I think there is another unique record in the history of the State and it has been made by your President Pro Tempore, Senator Victor Zednick, who has served in both houses of the Legislature and as Secretary of the Senate, and I think perhaps longer than any other member of the Legislature. So I have the privilege and honor to present to my good friend, Senator Zednick, a gavel which he may use in connection with his office as President Pro Tempore."

Senator Zednick, President Pro Tempore:
"Thank you very much, Senator Jackson."

"We would be very happy to have a few words from either or both of you gentlemen."

'I take advantage of this opportunity to thank you from the bottom of my heart for your courteous invitation to speak to you; and with your permission, Mr. President, I do not say goodbye, but bid you farewell."

"You know I have been as a child in the United States of America here thirty years ago. Naturally I have only a very dim recollection of what I had seen—but what I had seen, I had seen only in the East. Although everybody knows in Italy and in Europe how beautiful the West Coast of America is, I did not quite realize it was so near Paradise itself.

"I had read, in fact, in a book by John Gunther, 'Inside U. S. A.', a chapter dedicated to Washington. He stated: 'There are forty-seven states in the U. S. A., and then there is Washington'—indicating how beautiful, how different, how delightful this state is. I have been here only three or four days. I came from New York by stratocruiser and have seen for myself.

"And so I say to you, Mr. President, to you Senators, thank you very much from the depth of my heart for your welcome, and I consider it a great privilege to be able to work in this charming, most beautiful country."

Senator Wall:

"Mr. President, I would like to introduce to you and through you to the Senate, former Lieutenant-Governor John A. Gellatly, from Wenatchee. He served from 1929 to 1933." (Applause.)

The President:

"Mr. Gellatly, you are always welcome here in the Senate. Would you care to say a few words to the Senators?"

Former Lieutenant-Governor John A. Gellatly:

"Mr. Lieutenant-Governor, Members of the Senate:

'I think you can agree with me that this is quite a privilege to come back here after twenty years' absence, and stand before a group of men, none of whom I had the privilege of serving with when I was in this position. It seems almost gruesome to think that almost all of the members that sat in these seats when I was here have gone—most of them I know not where. The only two faces I recognize are those of my friends, Herb Sieler and Victor Zednick, whom I have known for a long time; and of course my own Senator—Senator Wall.

'I am not going to take your time telling you what to do about the State's business. That is your affair. But I do want to point out we are on a new basis of values. Everybody recognizes that. When I was in this position, we dealt in thousands of dollars, and now you deal in millions and going on up into the billions. It is almost frightening.

'Having begun life when tallow candles were used, I feel it has been my privilege to live in one of the greatest epochs of history. The three great inventions—the gasoline motor, the electric dynamo and the steam engine—have all taken place in my lifetime. Everything has completely changed in my lifetime, and I am thankful for the privilege of having witnessed these changes.

'I am not going to tell you what you ought to do because you will find out all the answers. I wish you luck.'"

President Anderson:

"And thank you for paying us this welcome visit."

PERSONAL PRIVILEGE

Senator Wall:

"I am not going to talk about the merits of the apples you are about to enjoy. I want the Senate to judge the quality of the apples being distributed now from Chelan County."

To the Honorable Dwight D. Eisenhower, President of the United States, and to the Senate and House of Representatives of the United States of America, in Congress Assembled, and to the Federal Security Administrator:
We, your Memorialists, the Senate and House of Representatives of the State of Washington, in legislative session assembled, respectfully represent and petition as follows:
WHEREAS, Federal legislation and regulations limit the participation in any aid program to states making such aid payments strictly on the basis of need and thereby prevent states from recognizing the principle of incentive earnings without jeopardizing their rights to federal funds; and
WHEREAS, The inability of states under any circumstances to recognize the earnings of any persons which commence or are increased after a grant is made to such person without the deduction in full thereof from the amount of their grants, has in many cases prevented persons from eventually becoming self supporting or partially self supporting thereby causing an actual loss in the long run to both the state and federal relief funds; and
WHEREAS, It is unreasonable to expect recipients of relief funds to make any effort to earn money or increase their earnings when the same will be of no advantage to them; and
WHEREAS, The bringing up of children under a system by which they are penalized instead of rewarded for working and earning money is an injury to them and to the future citizenry of our country;
Now, Therefore, We your Memorialists respectfully petition the Congress of the United States to pass the necessary legislation, and the Federal Security Administrator
to make the necessary regulations, to exempt a certain percentage of the earnings of any dependent children in respect to whom aid is being paid, under such safeguards as may be necessary to see that said earnings are applied to the present or future benefit of said children, and that they further consider the advisability of legislation and regulations similarly exempting a percentage of earnings or increase of earnings subsequent to the making of a grant by the recipients of other classes of relief, particularly the blind and the physically disabled, such percentage exemption if possible to be made on a sliding scale and to cease when the amount of earnings equal or exceed the original grant; and that if it shall appear impossible to make such exemption on a percentage basis then at least that grants in behalf of dependent children and to the physically disabled be given a similar minimum exemption as is now given to the blind or that the exemption to the blind be increased and a similar exemption be given to the other classes; and

Be It Further Resolved, That copies of this resolution be sent to the President of the United States, the Senators and Representatives from the State of Washington, to the Vice President and chairman of the committee on finance of the Senate, to the Speaker and chairman of the ways and means committee in the House of Representatives, and to the Federal Security Administrator.

**EMMETT T. ANDERSON,** President of the Senate.

**HERBERT H. SIeler,** Secretary of the Senate.

---

**TWENTY-SIXTH DAY**

**MORNING SESSION**

**SENATE CHAMBER,**
**OLYMPIA, WASH., Friday, February 6, 1953.**

The Senate was called to order at 11:00 o'clock a.m. by President Anderson.
The Secretary called the roll and announced to President Anderson that all Senators were present, except Senator Flanagan.
The Color Guard, consisting of Pages Coy Ball, Color Bearer, Jeanette Lobe and Roberta French, presented the Colors.

The President Pro Tempore assumed the chair.

**MOTION**
Senator Dahl moved that the reading of the journal of the previous day be dispensed with and that it stand approved.
Senator McMullen seconded the motion.
Senator Rosellini:
"I would like to have that portion of the journal pertaining to the concurrent resolution read."
The President Pro Tempore declared the question to be on the motion by Senator Dahl, and announced that it took a two-thirds vote to dispense with the reading.

The motion lost.

The Secretary read that portion of the journal which had been requested by Senator Rosellini.

**MOTIONS**

Senator Rosellini moved that the matter of the approval of the journal of the twenty-fifth day be made a special order of business tomorrow fifteen minutes after the Senate convenes.

Senator Hall moved, as an amendment, that the matter of approving the reading of the journal be put over until fifteen minutes after convening time on the sixtieth day.

**POINT OF ORDER**

Senator Dixon:

"I think Senator Hall's motion is entirely out of order, because it postpones the approval of the journal until the sixtieth day."

**RULING OF THE CHAIR**

The President Pro Tempore:

"According to your point of order, Senator Rosellini's motion is out of order because his motion provides the approval would not take place until tomorrow. "If it is a motion, then they are of equal rank. I understood Senator Hall's motion was an amendment."

Senator Hall:

"It is an amendment."

**MOTION**

Senator Riley:

"I move that Senator Rosellini be granted permission to write a brief statement and submit it in writing for entering in the journal today. I believe that ought to take precedence over the proposed amendment and therefore we can settle it all by granting to the Senator the right to have his remarks printed in the journal."

The President Pro Tempore:

"Does Senator Rosellini care to withdraw his motion? Before his motion would come the amendment by Senator Hall."

Senator Rosellini:

"I think that precedents and rules indicate at all times in the past the reasons for objections have been laid out in the journal."

The President Pro Tempore:

"Can you not take care of that today so the reading of the journal can be approved, subject to your right to have the statement published in the journal?"

**MOTION**

Senator Dixon:

"I wish to amend Senator Hall's amendment, that the approval of the journal as of yesterday be laid over until tomorrow morning after convening."

**RULING OF THE CHAIR**

The President Pro Tempore:

"I will put your motion. But isn't it in substance Senator Rosellini's motion exactly? I think then that it will be out of order as being Senator Rosellini's motion."
MOTION

Senator Sutherland moved that Senator Hall's amendment be laid on the table.

Senator Riley:

"We have a motion now to lay Senator Hall's amendment on the table. Now do I understand that if we lay the amendment by Senator Hall on the table, it will also be taking the main motion with it?"

The President Pro Tempore:

"That has not been the practice for years and years."

The President declared the question to be on the motion by Senator Sutherland that Senator Hall's amendment be tabled.

Senator Rosellini demanded a roll call on the motion, and the demand was sustained by Senators Vane, Winberg, Greive, Sutherland, Knoblauch, Washington, Gallagher and Dixon.

The Secretary called the roll on the motion by Senator Sutherland that Senator Hall's amendment be tabled, and the motion lost on the following vote: Yeas, 20; nays, 25; absent or not voting, 1.

Those voting yea were: Senators Rosellini, Bargreen, Brown, Cowen, Dixon, Gallagher, Ganders, Gissberg, Greive, Keefe, Knoblauch, Pearson, Riley, Rogers, Roup, Sutherland, Todd, Vane, Washington, Winberg—20.

Those voting nay were: Senators McMullen, Andrews, Barlow, Clark, Copeland, Dahl, French, Goodloe, Hall, Happy, Hoff, Ivy, Kimball, Lennart, Lindsay, Luvera, Nordquist, Raugust, Sears, Shank, Shannon, Wall, Wilson, Witten, Zednick—25.

Those absent or not voting were: Senator Flanagan—1.

The President Pro Tempore declared the question to be on the amendment by Senator Hall.

PARLIAMENTARY INQUIRY

Senator Hall:

"If the amendment should carry, then the motion as amended would have to have a two-thirds vote because Rule 12 is quite clear."

The President Pro Tempore:

"That is correct."

POINT OF ORDER

Senator Hall:

"Then the motion by Senator Rosellini is out of order because he should have prefaced it with the suspension of the rules. I make it a point of order that the motion was not properly made because he did not ask for the suspension of the rules."

RULING OF THE CHAIR

The President Pro Tempore:

"I think Senator Hall's point of order is well taken. His point of order is that Senator Rosellini in making his motion should have moved that the rules be suspended and action on the approval of the journal be deferred until tomorrow.

"Rule 12 of Senate Rules, states: 'After the roll is called and journal read and approved or disapproved—'"

Senator Rosellini:

"Before the chair rules as he has indicated he is going to rule—"

Senator Hall:

"The Senator can present his appeal from the decision of the chair after the chair has ruled, if he so desires."
The President Pro Tempore:
"I think the chair will listen, for his guidance, to any debate."

Senator Rosellini:
"I don't see how Rule 12 can be construed in any other way. The journal has been read but has not as yet been approved or disapproved. Suppose the journal was disapproved, we still have the provision that the journal must be re-written. We can approve, disapprove, or decide we don't want to consider it today, tomorrow, or any other day."

PARLIAMENTARY INQUIRY

Senator Rogers:
"There is a Rule 19 relating to Priority of Business, which says: 'All questions relating to the priority of business shall be decided without debate.' I think we are here trying to decide what is going to be the priority of business. I submit to you, Mr. President, that under Rule 19 all questions relating to the priority of business shall be decided without debate, and this debate is entirely out of order.

"The majority must have the opportunity to proceed as it desires in a legislative body, and I think this rule is right to the point and should be decided without debate. The motion should be put, but I think we must put it without debate."

The President Pro Tempore:
"Senator Rogers, you know it must take a two-thirds vote. So in that order of business it starts right out with the business that the journal must be read and approved. The journal has not been read. A certain portion of it has been read. Nor has it been approved. Senator Rosellini can amend his motion to suspend the rules."

POINT OF ORDER

Senator Rogers:
"The motion by Senator Rosellini should have been put and no debate allowed. I think this entire proceeding in allowing debate has been out of order."

RULING OF THE CHAIR

The President Pro Tempore:
"Senator Rogers, your point of order is well taken."

The President Pro Tempore declared the question to be on the amendment by Senator Hall.

The President Pro Tempore:
"But the point of order has been raised, Senator Rosellini, that your motion is not in order without the preface, 'suspension of the rules'."

POINT OF ORDER

Senator Dixon:
"You did not put the question at the time he made the motion. You allowed it to be put and debated."

Senator Rogers:
"On that point of order, the motion to suspend the rules is also undebatable. And while he did not use that language, it is still undebatable. Neither is priority of business debatable."

Senator Vane:
"Wouldn't that rule apply also to Senator Hall's motion?"

RULING OF THE CHAIR

The President Pro Tempore:
"No. His was an amendment to a motion that was made, and the chair is holding that it will take a two-thirds vote to pass the motion."
POINT OF ORDER

Senator Pearson:
"How can you amend a motion that is undebatable?"

Senators Riley, Rogers and Hall demanded the previous question and the demand was sustained.

The previous question was ordered.

The President Pro Tempore declared the question to be on the adoption of Senator Hall's amendment.

Senator Rosellini called for a division, and the motion carried on a rising vote.

Senator Rosellini asked the chair for his ruling on Senator Pearson's point of order.

RULING OF THE CHAIR

The President Pro Tempore:
"The ruling of the chair is that the amendment offered by Senator Hall has carried."

The President declared the question now to be on the motion by Senator Rosellini.

The motion lost.

MOTION

Senator Hall moved that the minutes be approved as read:

PARLIAMENTARY INQUIRY

"What is your ruling as to what vote it takes to approve the journal?"

RULING OF THE CHAIR

The President Pro Tempore:
"Just a majority."

Senator Rosellini demanded a roll call on the motion, and the demand was sustained by Senators Greive, Sutherland, Winberg, Vane, Washington, Knoblauch, Gallagher and Dixon.

The Secretary called the roll on the motion by Senator Hall that the journal of the preceding day be approved, and the motion carried on the following vote: Yeas, 29; nays, 15; absent or not voting, 2.

Those voting yea were: Senators McMullen, Andrews, Barlow, Clark, Copeland, Cowen, Dahl, French, Ganders, Goodloe, Hall, Happy, Hoff, Ivy, Kimball, Lennart, Lindsay, Luvera, Nordquist, Raugust, Riley, Rogers, Sears, Shank, Shannon, Wall, Wilson, Witten, Zednick—29.

Those voting nay were: Senators Rosellini, Bargreen, Brown, Dixon, Gallagher, Gissberg, Greive, Keefe, Knoblauch, Pearson, Sutherland, Todd, Vane, Washington, Winberg—15.

Those absent or not voting were: Senators Flanagan, Roup—2.

MOTION

Senator Riley moved that starting with the original motion by Senator Rosellini, up until this roll call, everything be expunged from the record, for obvious reasons.

Senator Hall seconded the motion.
TWENTY-SIXTH DAY, FEBRUARY 6, 1953

RULING OF THE CHAIR

The President Pro Tempore:

"The rule requires that 'ayes' and 'nays' be entered on the journal. If it is a roll call on the final passage, then it is required by the Constitution.

"The chair will rule that the motion of Senator Riley to expunge the record is out of order. I do not see how under the Constitution we can expunge a record which has been made."

PARLIAMENTARY INQUIRY

Senator Dixon:

"I understand every Senator here has a right to enter a statement or protest in the journal."

RULING OF THE CHAIR

The President Pro Tempore:

"I think it has been an established courtesy if a member asks to have a statement, as he reads it, put in the journal, that by unanimous consent that has been permitted. I think yesterday had Senator Rosellini asked to have it put in the journal, he would have been permitted to do so."

RULING OF THE CHAIR

The President Pro Tempore:

"It has been a sort of unwritten law that by unanimous consent a Senator can have a statement put in the journal."

Senator Rosellini:

"I would like to have the Secretary instructed that he place that in today's record."

The President Pro Tempore:

"Will you write out your protest so that it can go in today's journal?"

Senator Brown gave notice that tomorrow he would ask that the journal be read, showing Senator Rosellini's protest.

The President Pro Tempore:

"In fairness to the Secretary I think I ought to state that if that had been filed in writing, he would have done that."

PARLIAMENTARY INQUIRY

Senator Hall:

"Did you rule that if any member on the floor requested to have his remarks placed in the journal, it would be necessary for the Secretary to do so?"

RULING OF THE CHAIR

The President Pro Tempore:

"Rule 26 provides that 'any senator or senators may protest against the action of the senate upon any question, and have such protest entered upon the journal.' I did go further and say some other matters might be put in by unanimous consent of the Senate."

The Secretary read:

POINT OF ORDER

Senator Rosellini:

"I raise the point of order based on precedent. Any such motion as Senator Hall has made has always been declared out of order."

RULING OF THE CHAIR

The President Pro Tempore:
"Senator Rosellini, in part you are right, but the fact of the matter is and the reason I am abiding by Reed's Parliamentary Rules is that at the present time we don't have any Joint Rules, and Reed's Rules govern."

Senator Greive:
"I believe at the beginning of the session we adopted temporary rules. So I submit to you that Reed's Rules do not govern, but rather the temporary rules."

The President Pro Tempore:
"That was on the question of our Senate rules, and had nothing to do with Joint Rules at all."

In section 5, page 2, lines 30 and 31 of the engrossed bill, being page 2, lines 17 and 18 of the printed bill, after the words "drainage system" and before the words "must be" strike the following: "connected to a sewer, septic tank or cesspool of proper capacity,"

PARLIAMENTARY INQUIRY

Senator Rogers:

"I would like to get straightened out with the President and others of the Senate. It is my understanding when we pass a bill in the Senate it goes to the House. If it is there amended, it comes back here either for the Senate to concur or not to concur,
and at that point the bill goes to a committee. Or is it only in cases where the bill is scalped?

"While this is just a simple amendment, sometimes bills are bound to come back with completely different subject matter. The point I wish to make is, when a bill is scalped, it goes to a committee. It does not go to the floor for a vote."

**RULING OF THE PRESIDENT**

The President:

"I would assume the chair would rule, and then the Senate could take action if they did not like the ruling."

**INTRODUCTION AND FIRST READING OF BILLS, MEMORIALS AND RESOLUTIONS**

Ordered printed.

**MOTIONS**

Senator Rosellini moved that Senate Bill No. 245 be indefinitely postponed.
Senator Hall moved that the motion be laid on the table.

**POINT OF ORDER**

Senator Lindsay:
"When a bill is on first reading, don't the rules require the bill to be read by title?"

**POINT OF ORDER**

Senator Hall raised the point of order that the motion to indefinitely postpone requires a suspension of the rules.

**PARLIAMENTARY INQUIRY**

Senator Greive:
"Will Senator Hall point out the rule that states a bill can be indefinitely postponed at this point of the proceedings?"

Senator Hall:
"Rule 61 provides that 'the first reading of a bill shall be by title only, unless a majority of the members present demand a reading in full. After the first reading, bills shall be referred to committees, unless they are committee bills in which event they shall go direct to second reading.' Now any variation of that would require a suspension of the rule."

President Anderson:
"Senator Hall, your point is well taken."

Senator Rosellini moved that the rules be suspended and Senate Bill No. 245 be indefinitely postponed.

The President ruled debate was out of order.

The Secretary read:

PROTEST

February 11, 1953.

I do hereby protest the action of the Senate in refusing to place in the journal of the Senate of February 5, 1953, the full and true proceedings that took place with reference to debate and action on the question of concurring in House amendments to Senate Concurrent Resolution No. 4. As the present journal shows, this resolution came from the House of Representatives with certain amendments. All House amendments were adopted with the exception of an amendment which would strike Section 33, which section provided that the session of the legislature should stop at midnight, standard time on the 60th day, March 12, 1953.

I made a motion as shown by the record that we do not concur in the House amendment. In speaking on the motion I gave oral notice to the Senate that I wanted my remarks in support of my motion to be made a part of the journal of February 5, 1953, and that I was going to ask that the journal be read the following day so as to see whether the substance of my remarks was there.

I stated that any other action of the Senate other than to concur in the House amendment and adopt the 60 day rule would be an action indicative of our intent to thwart the constitution, not to live up to our oath to uphold the constitution, and that the same would be illegal, void and unconstitutional. (signed) ALBERT D. ROSELLINI.

MOTION

On motion of Senator Rosellini, the following petition was ordered to be inserted in the journal:

PETITION BY SENATE DEMOCRATIC MEMBERS

We, the undersigned Democratic members of the Senate, having been unable to find in the Senate Journal for the year 1951 the remarks and protest of Senators Brown and Washington relating to the Senate consideration of HJR 22, pursuant to Senate Rule 26, and believing that the same may have occurred through fault or error in
indexing, causing perhaps, the omission of the same, do hereby respectfully resolve to and do hereby request that the Secretary of the Senate make a search of the original of the Senate Journal and of a published copy thereof to locate the said material, which was signed by seventeen members of the Senate, and to advise the Senate in open session of the result of his search tomorrow at the beginning of the first order of business.

Dated this 11th day of February, 1953, at Olympia.

**MEMORIAL TRIBUTE**

*By Representative Jeanette Testu.*

Enshrined in the roll of memory are the names of forty-five members who have gone to the great beyond during this biennium. It is with a deep sense of honor and humility that we pay tribute to them today.

Though not here in physical presence, their moral stamina and lofty ideals live in our hearts, and even now are strengthening our decisions to fashion just practices into laws of our sovereign state.

Ideas keep democracy and Christianity alive, so blending their ideas and ours that we influence the lives of this generation and generations to come, even when we, too, are dust.

We are aware of our responsibility to continue the task consecrated by their memory. To the friends and relatives who are here today we tell of our gratitude for their vision, their service, and their efforts for a better design for living. We strive to match their achievements as our hearts rise to higher levels.

So the moment passes.

**IN MEMORIAM**

In tribute to the memories of these distinguished former members of the Senate and House who have passed from among us, we, the memorialists of the Thirty-third session, convey the respects of the Washington State Legislature, and present our memorials to be recorded.

Senator Witten:
"If you will turn over the page to line 10, you will find the word 'actual' there. The reason we use the word is to make it uniform throughout, as the word 'actual' was used in the law as it is now."

Senator Brown:
"If this bill does pass, it will not change the method of assessments or valuation?"

Senator Witten:
"No."

Senator Brown:
"I ask that this be made a part of the record for this reason. I think it will be done from time to time in the future. I am not trying to put Senator Witten in the hole. The Supreme Court will from time to time go behind the record to determine what did actually happen in the Legislature. Somebody gets up and ask somebody else a question. I ask Senator McMullen if a bill does so and so. We go on that assumption. Now there's no getting around that. If he states what the intention of the bill is and that becomes a part of the record, then if there is an ambiguity the attorneys involved can go back to the record and point out on what assumption we voted, what our intent was. Sometimes I think they given us more credit for having more knowledge then we have.

"Wherever a law exists concerning words, and the Legislature is re-enacting that law or amending it, the court goes on the assumption that we amend or cause some change by using a different word or group of words.

"In this case I think Senator Witten's explanation is satisfactory and probably is not necessary, but I wish to do it so that this particular method of making a record may be available in the future."

"The motion is that Senator Brown's remarks be entered in the journal as part of the record."

"That includes Senator Witten's response also."

**MOTION**

Senator Greive moved that this matter of Senator Brown's request be taken up in the proper order of business tomorrow.

Senator Dixon:
"I think it is a very good time to settle it right now. I might say it has been my experience in the Senate, I have asked to have my remarks recorded in the journal and I have concurred in what was recorded. The Minute Clerk has read me the gist of my remarks and I have concurred. I don't think this practice will be abused by asking to have it brought up now. I would like to see it settled."

"Wasn't your motion laid on the table?"  
Senator Greive:  
"Yes, but I made a succeeding motion."  
The President:  
"Wasn't it the same motion? Are you not renewing the same motion?"  
Senator Greive:  
"It is the same motion, but other business has been transacted in between."  
The President:  
"Hadn't you better take it off the table?"  
Senator Rogers:  
"Speaking to the point of order, I think the language of Rule 21 is very plain: 'No motion to postpone to a day certain'—that is what Senator Greive's motion is. 'No motion to postpone to a day certain • • • • shall again be allowed on the same day and at the same stage of the proceedings'.”  
Senator Greive:  
"I think Senator Rogers has proved my point for me. Since that time I have proposed amendments. Therefore I contend that my motion made under Rule 21 is not applicable to the same stage of proceedings. However it is on the same day, and I will hold with Senator Rogers on that."  
The President:  
"The question is now on the adoption of the amendment by Senator Greive."  
Senator Hall moved that Senator Greive's amendment be laid on the table.

**POINT OF ORDER**

Senator Rogers:

"I submit this bill is an act relating to P.U.D. Senator Hall's amendment, of which I have a copy, relates to revenue bonds by the State of Washington. Now, inasmuch as the P.U.D. is the reason for this bill, Senator Hall's amendment changes the scope and object of the bill.

"I am very much in sympathy with the proposal made by Senator Hall and I shall vote for the measure if it were presented in a separate bill, but it is not germane to this bill, and I raise the question under Rule 62 if this amendment is in order."

Senator Greive asked that the amendment be read again.

Senator Hall:

"Senator Rogers, would you be willing to hold Senate Bill No. 104 in the Rules Committee until I could incorporate this amendment in another bill?"

Senator Rogers:

"No, I think not."

Senator Washington:

"I believe the amendment of Senator Hall is germane to the bill."

**RULING OF THE PRESIDENT**

The President:

"The Chair holds that the point of order raised by Senator Rogers is well taken."

**APPEAL FROM THE DECISION OF THE CHAIR**

Senator Washington appealed from the decision of the chair, and was sustained by Senators Greive, Gissberg and Wall.

The President:

"Shall the appeal from the decision of the Chair be sustained?"
Senator Rogers:

"Speaking on the appeal from the decision of the Chair:

"I have only seen but one occasion when a member of the body, who was new, appealed from the decision of the Chair. The President has made his ruling, and I think he should be upheld in that ruling.

"The matter of appeal from the decision of the Chair is an important matter. The last time it was done was two years ago. It was a ruling made on an amendment as changing the scope and object of the bill, which was not germane to the bill. The President of the Senate at that time—Vic Meyers—sustained the points of order, but there was an appeal taken from his decision, but it was overruled.

"The bill became law and ultimately went to the Supreme Court. It was the judgment of the Supreme Court that the ruling made by the Lieutenant-Governor was the correct ruling, that the amendment was not germane to the bill. And I predict, if I may, that a similar appeal at this time would have the same effect in the Supreme Court.

"I think this is a matter which transcends the business of enacting Senate Bill No. 104. And if we are going to be able to bring in extraneous matter and change the object and scope of the bill itself, we are going to be in difficulty."

Senator Hall:

"I take a little bit of exception to some of Senator Rogers' remarks. I think any Senator has a right to appeal from the decision of the Chair and should not be criticized for it.

"I think in this instance the President's decision was correct and should be upheld."

Senator Washington:

"I withdraw my appeal."

MOTION

Senator Brown moved that Senate Bill No. 104 be re-referred to the Committee on Public Utilities, with instructions to bring in a substitute bill including this amendment.

Senator Riley:

"I do not believe we can instruct any committee."

Senator Hoff:

"I do not think within the framework of this bill you can incorporate that amendment."

Senator Greive:

"Our Rule 64 covers this matter of referring to a committee with instructions."

Senator Rogers:

"I am going to speak against Senator Brown's motion. I know in my own heart the motion by Senator Brown is intended to kill the bill."

MOTION

Senator Copeland moved that the motion by Senator Brown be laid on the table.

I decided yesterday to stay over and examine the journal. I saw the Minute Clerk and she told me I would have to wait and see Mr. Sieler. I saw his secretary and was told I would have to wait until Mr. Sieler came. I waited until 2:00 o'clock, when Mr. Sieler arrived.
"At that time he told me he would have to get the minutes from the Journal Clerk. I waited until about a half hour later, at which time he brought me the first five days of minutes for me to check.
"Just as I was finishing with the reading of these first five days, the Journal Clerk said she would like to go to her dinner. Mr. Sieler then told me to return the minutes to the Journal Clerk, as she was responsible for them and had to lock them up before leaving.
"I spent just exactly seven minutes checking these minutes, and had figured on spending the entire day if necessary.
"I wish to know whether or not these records will be made available to me for further checking."

MOTIONS

Senator Gallagher moved that Senate Bill No. 4 retain its place on the
second reading calendar for tomorrow.
Senator Rosellini seconded the motion.
On motion of Senator Hall, the motion by Senator Gallagher was laid on the table.

Senate Bill No. 4 was read the second time by sections.

Senator Zednick moved the adoption of the following amendment:

Amend the Senate committee amendment to Section 1, by striking the entire amendment and inserting in lieu thereof the following:

"The thirty-second, thirty-sixth, thirty-seventh and forty-third, all of the forty-fourth, forty-fifth and forty-sixth legislative districts within the city limits of the city of Seattle, as said forty-fourth, forty-fifth and forty-sixth districts and said city limits existed on November 7, 1952, together with that part of the forty-sixth legislative district which has heretofore been a part of the sixth congressional district, shall constitute the first congressional district and shall be entitled to one representative in the Congress of the United States."

Debate ensued.

Senator Zednick spoke favoring the adoption of the amendment.

Senators Rogers and Gallagher spoke against the amendment.

Senators Hall, McMullen and Happy demanded the previous question and the demand was sustained.

The previous question was ordered.

PARLIAMENTARY INQUIRY

Senator Hall:

"Having moved the previous question on Senate Bill No. 4, would that provide that amendments coming before us for consideration after deciding on this would be considered without debate?"

Senator Rogers:

"I don't think you can make the previous question apply to all amendments. Otherwise I don't think Senator Zednick could move the adoption of his amendments."

Senator Hall:

"The amendments which are on the desk are before us and would be included in the previous question.

"Under a point of order I made when former Lieutenant-Governor Meyers was presiding, he ruled against me, but in a private conversation he said any amendments which are on the desk would have to be considered and would have been included in the demand for the previous question."

POINT OF ORDER

Senator Gallagher:

"The only thing before us then was the adoption or rejection of the first amendment to Section 1. We had not discussed the other sections."

POINT OF ORDER

Senator Vane:

"It seems to me common sense ought to prevail. I cannot see how the President of the Senate can rule any other wise than that the previous question applies merely to the adoption of the particular amendment."

Senator Hall:

"I would be perfectly willing to accept the chair's ruling that unless I had said 'on everything,' that it should apply only on the matter immediately before us. But I think it should be clarified so I could have said 'on everything before us' so that it would apply to everything down to the bill."

POINT OF ORDER

Senator Rogers:

"The only thing before us is a motion by Senator Zednick that the first amendment be adopted. However the body decides is satisfactory to me. But as a principle of oper-
ation of this body, I think we cannot assume that amendments are before us when amendments are on the desk. A motion to adopt the amendment must be made before we can ask for the previous question."

Senator Greive:

"I believe that Senator Hall's motion is only in order when we use Reed's Rule 140. If there are several amendments and they are all connected, and if there is a motion to adopt in unison at that time, there is no doubt Senator Hall is right."

Senator Zednick:

"I am perfectly willing to present each of these amendments in order as they come up. In Section 6 there is a committee amendment. It is perfectly all right to take the time, as far as I am concerned, to present each of these amendments separately."

RULING OF THE PRESIDENT

The President:

"I am going to rule on the point of order, but before I could get to the subject matter, of course many have spoken. I am going to read now that portion which I wanted to read.

"Rule 125, of Reed's Rules, page 75, states: 'This question is not debatable and cannot be amended. The results of the motion are as follows: If determined in the negative, the consideration goes on as if the motion had never been made; if decided in the affirmative, then the presiding officer at once, without debate, proceeds to put, first, the amendments pending, and then the main question as amended.'"

The President declared the question now to be on the adoption of the amendment by Senator Zednick.

The amendment was adopted.

Senator Zednick moved the adoption of the following amendment:

Amend the Senate committee amendment to Sec. 2, by striking the entire amendment and inserting in lieu thereof the following:

"The counties of Snohomish, Skagit, Whatcom, San Juan, Island, Clallam, Jefferson, and such portions of the forty-fourth and forty-fifth legislative districts in King County as they existed on November 7, 1952, not included in the first congressional district, together with that portion of the forty-sixth legislative district outside the city limits of Seattle as such district and such city limits existed on November 7, 1952 which had heretofore been a part of the second congressional district, shall constitute the second congressional district and shall be entitled to one representative in the Congress of the United States."

Senator Pearson spoke against the amendment.

Senators Hall, Zednick and McMullen demanded the previous question, and the demand was sustained.

The previous question was ordered.

The amendment was adopted.

On motion of Senator Zednick, the committee amendment to section 6 was adopted.

Senator Zednick moved the adoption of the following amendment:

Amend the Senate committee amendment to Sec. 7, by striking the entire amendment and inserting in lieu thereof the following:

"The thirty-first, thirty-third, thirty-fourth and thirty-fifth legislative districts as they existed on November 7, 1952, plus Kitsap county, shall constitute the seventh congressional district and shall be entitled to one representative in the Congress of the United States."

Speaking against the amendment were Senators Rogers and Gallagher.

Division was called for, and the amendment was adopted on a rising vote. Senator Hall demanded a Call of the Senate, and the demand was sustained by Senators McMullen and Zednick.

A Call of the Senate was ordered.
CALL OF THE SENATE

The Sergeant-at-Arms locked the doors of the Senate Chamber.

The Secretary called the roll on the Call of the Senate, all members being present except Senators Dixon and French.

Senator Rosellini moved that further proceedings under the Call of the Senate be dispensed with.

If a bill should come back with amendments during the day, the Secretary be instructed to so notify both Senator McMullen and Senator Rosellini, so that both parties may be informed of the amendments.

Senator Zednick:

"This is almost impossible in the last days of the session, when the House is passing only Senate bills and the Senate passing only House bills. We have never followed this practice before and it has never seemed necessary.

"I do agree with the practical part of the suggestion and think it all right when the Secretary gets the message, providing he gets it in time before the caucuses, for him to furnish a copy to Senator McMullen and a copy to Senator Rosellini.

"I will support the second part of the motion so that both caucuses have the information in advance."

Senator Greive:

"I will be very happy to withdraw the first part of my motion, and agree with the suggestion of Senator Zednick so that both caucuses would be advised."

Senator Zednick seconded the amended motion of Senator Greive.

POINT OF ORDER

"Referring to Rule 62: 'No amendment to any bill shall be allowed which shall change the scope and object of the bill.'

The President Pro Tempore called the Senate to order.

The President Pro Tempore:
"I think it should be read."

Senator Rogers:
"That is the purpose of the motion. Obviously the body does not want to consider."

FIFTIETH DAY, MARCH 2, 1953

FIFTIETH DAY

MORNING SESSION

SENATE CHAMBER,

The Senate was called to order at 11:00 o’clock a. m. by President Anderson. The Secretary called the roll and announced to President Anderson that all Senators were present, except Senator Ganders. On motion of Senator Rogers, Senator Ganders was excused. The Color Guard, consisting of Pages William Marks, Color Bearer, John Rosellini and Bill Shannon, presented the Colors. Reverend Malcolm S. PRESENTATION OF GIDEON BIBLES

Mr. E. P. Taggart:

"To the Members of the Senate, State of Washington:

"You have no doubt already found, or will find, a copy of the Bible, bound in white with your name inscribed in gold on the front cover. These Bibles are presented by the Gideon International, Washington State group sponsoring it. "These Bibles are being presented throughout the United States and many other countries, with the idea of leading men into a further knowledge of their Lord and Master, and the acceptance of Jesus Christ as their Saviour. We trust in your case they will prove to be a lamp unto your feet and a light unto your path.

"I have the honor to present one to your Lieutenant-Governor.

"We are presenting these to some three and one-half millions—to the hotels, motels, hospitals, penal institutions and public schools. We know that they are having a tremendous influence throughout the country, and we trust they will prove very helpful here.

"It is now my privilege to present Associate Justice Matthew Hill, who will speak further."

Associate Justice Matthew W. Hill:

"Mr. President, Members of the Senate:

"Today the Gideons have presented Bibles already to the House and to the Senate, and at 12:45 they will present Bibles similar to the one you have before you to the other elective state officials and the Supreme Court Judges, so we will cover not only the legislative but the judicial branches of the state government.

"In the first verse appear the words: 'In the beginning God', and in the last book the last verse: 'The grace of our Lord Jesus Christ be with you all. Amen.' And in between you will find the entire law of life."
"You will find an explanation of our duty to God, to our neighbor, and to ourselves. You will find the laws relating to human conduct. You will find the laws more accurately—more succinctly—expressed there than in all the legislative enactments. Here in truth is the law of life. 'This is the Rock upon which our nation rests.' Those are the words of Andrew Jackson.

"In the third verse of the Star Spangled Banner there is reference to 'the power that has made us and preserved us a nation.' Benjamin Franklin once said: 'The longer I live, the more thoroughly I am convinced that God governs the lives of men.' Abraham Lincoln said: 'The principles of the Bible are the groundwork of human liberty.'

"Gentlemen of the Senate, it is with a great deal of pleasure that we make this presentation of these Bibles to you—a volume as old as light itself, and newer than this morning's newspaper, because this morning's newspaper tells you what men did yesterday and this Bible tells you what men are doing today.

"And so on behalf of the Gideons, it is a very great privilege to make this presentation to you at this time as we begin our second Centennial of government in this State of Washington."

President Anderson:
"May I express my appreciation of this beautiful gift of the Holy Bible.
"Senator Dahl, would you please say a word on behalf of the Senators?"

Senator Dahl:
"May I be permitted on behalf of the Senate to express our very keen appreciation of the Gideon Bibles."

RESOLUTION
Senator Vane offered a resolution.
Senator Hall raised the question of consideration.
Senator Vane:
"I sent up the resolution and I was on my feet standing to speak on it, and you recognized Senator Hall when I was on my feet about to speak."

PARLIAMENTARY INQUIRY
Senator Rosellini:
"There isn't anything before the Senate, is there? The Senator has not made a motion to adopt the resolution yet."

POINT OF ORDER
Senator Hall:
"The question of consideration is not debatable."

PARLIAMENTARY INQUIRY
Senator Vane:
"Are you stating you are not recognizing me to make a motion?"

RULING OF THE PRESIDENT
The President:
"Senator Vane, the motion for consideration is not debatable."

The President read Rule 68.

POINT OF ORDER
Senator Rosellini:
"The question of consideration is not debatable. But there has been no action contemplated. No motion was made to adopt the resolution."

RULING OF THE PRESIDENT
The President:
"I ruled that Senator Hall was in order."
PARLIAMENTARY INQUIRY

Senator Rosellini:
"May we have the resolution read again? I did not hear all of it."

POINT OF ORDER

Senator Wall:
"I think the question of consideration stops the reading."

RULING OF THE PRESIDENT

The President:
"I think Senator Wall's point of order was well taken. It would change the status completely."

The President:
"The question is, does the Senate desire to consider the resolution? It is not debatable."

PARLIAMENTARY INQUIRY

Senator Greive:
"Was the maker of the resolution given an opportunity to move its adoption?"

RULING OF THE PRESIDENT

The President:
"No."

Senator Greive:
"Until there has been a motion to adopt something, there is nothing before this body."

POINT OF ORDER

Senator Hall:
"The President is referred to Rule 110 in Reed's."

RULING OF THE PRESIDENT

The President:
"The point is well taken."

PARLIAMENTARY INQUIRY

Senator Rosellini:
"It is my understanding that the chair has ruled that in spite of the fact that no motion has been made with reference to the resolution, a motion for consideration is proper and is in order."

RULING OF THE CHAIR

The President:
"That is right."

APPEAL FROM DECISION OF THE CHAIR

Senator Rosellini:
"I appeal from the decision of the chair."

Senators Gallagher, Washington and Greive sustained the appeal from the decision of the chair.

The President:
"Shall the decision of the chair be the judgment of the Senate? All those in favor please say 'aye'."

POINT OF ORDER

Senator Rosellini:
"Mr. President, now you should remove yourself from the chair and someone else should take the chair and we should speak on the matter."
The President:
"Can you find that rule?"

MOTION

On motion of Senator Rogers, Senator Ganders was excused.

Senator Hall:
"If you will refer to Reed's Rule 184, I think it will sustain the decision of the chair to answer the appeal himself."

Senator Rosellini:
"The proper procedure is for the chair to remove himself. Rule 184. We have a right to present our position."

The President:
"No one asked to speak on the appeal."

The President:
"The question before the Senate is: Does the Senate desire to consider the resolution?"

PARLIAMENTARY INQUIRY

Senator Rosellini:
"What was the President's ruling?"

RULING OF THE PRESIDENT

The President:
"The chair was sustained by the vote."

Senator Greive:
"I wish to cite Rule 184 in Reed's. The motion on the appeal was put to this body without the proper debate. You will notice on the other page—'No other appeal may be maintained.'"

Senator Sutherland:
"Rule No. 1 of the Senate also deals with that."

The President:
"I don't think anyone asked to speak on the appeal."

The President called the President Pro Tempore to preside.

The President Pro Tempore:
"The President has ruled, but hasn't declared what the vote was. You may discuss the question of appeal from the decision of the chair."

Debate ensued.

Senators Rosellini, Vane, Greive and Washington spoke against the President's ruling; Senators Rogers, Goodloe, Hall and Raugust spoke in favor of the President's ruling.

The President Pro Tempore:
"The question before the Senate is: Shall the decision of the Chair stand as the judgment of the Senate. A vote 'aye' sustains the chair."

The motion carried.

The President Pro Tempore:
"The chair is sustained."

President Anderson resumed the chair.

President Anderson:
"Now the resolution has been read twice. The question now is on Senator Hall's question of consideration."
Senator Rosellini demanded a roll call, and the demand was sustained by Senators Gallagher, Washington, Knoblauch, Vane, Winberg, Sutherland, Greive and Brown.

The President Pro Tempore resumed the chair.

The President Pro Tempore explained the vote:

"A vote 'aye' permits consideration; a vote 'aye' would enable the Senate to consider this resolution. A vote 'no'—it will not be considered further."

The Secretary called the roll on the question of consideration, and the question of consideration lost on the following vote: Yeas, 13; nays, 31; absent or not voting, 2.

Those voting yea were: Senators Rosellini, Bargreen, Brown, Gallagher, Gissberg, Greive, Knoblauch, Pearson, Sutherland, Todd, Vane, Washington, Winberg—13.

Be It Resolved, By the Senate and the House of Representatives of the State of Washington in Legislative Session assembled:

That, At the general election to be held in this state on the Tuesday next succeeding the first Monday in November, 1954, there shall be submitted to the qualified voters
of the state for their approval and ratification, or rejection, an amendment to Section 24, Article II of the Constitution of the State of Washington, so that the same shall read as follows:

**SECTION 24.** The legislature shall never authorize any state lottery or grant any divorce.

**Be It Further Resolved,** That the secretary of state shall cause the foregoing constitutional amendment to be published for at least three months next preceding the election in a weekly newspaper in every county in the state in which such a newspaper is published.

Extended debate ensued.

Senators Rogers, Bargreen, Zednick, Flanagan and Dixon spoke in favor of the measure; Senators Raugust, Dahl and Brown spoke against the measure.

Senator Brown:

"I would like to request that the question I am about to ask Senator Zednick, and his reply, be recorded in the journal.

"Senator Zednick, as I understood your statement a few minutes ago, it was to the effect that if this resolution passes, anything that was now illegal would still remain illegal unless authorized by an act of the Legislature. In other words, the passing of this amendment would not make it possible to carry on lotteries, pinball machines or anything of that sort until the Legislature acts."

Senator Zednick:

"Yes, that is what I said, and that is what I believe—that it would take a legislative enactment, because the Legislature about twelve years ago authorized clubs to install such devices. Now a recent decision of the Supreme Court knocked that out, so that is completely invalid. And that was not based on the constitutional provisions, but based on the assumption that slot machines are a lottery. So that is completely invalid. The clubs in which I am interested could not operate at any future time until the Legislature does what they did ten or twelve years ago. So it would take an act of the Legislature, if this legislation is passed, to authorize any of these devices. That is my impression."

Senator Brown:

"I ask that this question and answer be inserted in the record, to make a record that the Supreme Court can go back to in order to determine the legislative intent under which we are acting at the present time."

The President:

"Senator Brown, do you wish to make a motion to that effect."

Senator Brown:

"I so move."

Senator Zednick:

"I have no objection to this being entered on the journal."

The motion by Senator Brown carried.

Senators Hall, Goodloe and Nordquist demanded the previous question, and the demand was sustained.

The previous question was ordered.

The President declared the question to be on the final passage of Engrossed Senate Joint Resolution No. 23.

The Secretary called the roll on the final passage of Engrossed Senate Joint Resolution No. 23, and the resolution passed the Senate by the following vote: Yeas, 33; nays, 12; absent or not voting, 1.

Those voting yea were: Senators McMullen, Bargreen, Barlow, Brown, Cowen, Dixon, Flanagan, French, Gallagher, Ganders, Gissberg, Hall, Happy, Ivy, Keefe, Kimball, Knoblauch, Lennart, Lindsay, Luvera, Pearson, Riley,
Rogers, Roup, Sears, Sutherland, Todd, Vane, Wall, Wilson, Winberg, Witten, Zednick—33.

Those voting nay were: Senators Rosellini, Clark, Copeland, Dahl, Goodloe, Greive, Hoff, Nordquist, Raugust, Shank, Shannon, Washington—12.

Those absent or not voting were: Senator Andrews—I.

Engrossed Senate Joint Resolution No. 23, having received the constitutional two-thirds majority, was declared passed.

**MOTION**

On motion of Senator Zednick, the rules were suspended, and Engrossed Senate Joint Resolution No. 23 was ordered immediately transmitted to the House.

**MOTION FOR RECONSIDERATION**

Senator Hall:

"Having voted on the prevailing side, I now move that we reconsider the vote by which Engrossed Senate Joint Resolution No. 23 passed."

**POINT OF ORDER**

Senator Zednick:

"The motion carried to immediately transmit Engrossed Senate Joint Resolution No. 23 to the House. The resolution is outside of our jurisdiction at the present time."

**RULING OF THE CHAIR**

The President:

"I will rule that Senator Zednick's position is well taken on that."

**PARLIAMENTARY INQUIRY**

Senator Hall:

"You have ruled that it is no longer before us?"

**RULING OF THE CHAIR**

The President:

"That is correct."

Senator Zednick:

"I think the Chair's ruling is exactly right. Senator Hall has been a member of the legislature long enough to know that a motion to suspend the rules and immediately transmit, is made for the purpose of preventing a motion to reconsider. A motion has been made and adopted by two-thirds majority, and that precludes the motion to reconsider."

**RULING OF THE PRESIDENT**

The President:

"I hold Senator Zednick's point well taken."

**APPEAL FROM THE DECISION OF THE CHAIR**

Senator Hall:

"I appeal from the decision of the Chair."

The appeal was sustained by Senators Shannon, Rosellini and Lennart.

The President:

"Shall the appeal from the decision of the Chair stand as the judgment of the Senate?"

Senators Hall and Rosellini spoke in favor of the appeal.

Senators Rogers, Zednick and Vane spoke against the appeal.

Senators Barlow, Clark and Zednick demanded the previous question, and the demand was sustained.

The previous question was ordered.
Senator Hall demanded a roll call on the appeal from the decision of the chair, and the demand was sustained by Senators Shank, Goodloe, Copeland, Flanagan, Rosellini, Greive, Bargreen and Sutherland.

The President declared the question to be:
"Shall the decision of the Chair stand as the judgment of the Senate?"

The President was asked to explain the vote.

The President:
"A vote 'aye' sustains the Chair."

The Secretary called the roll, and the decision of the Chair was sustained by the following vote: Yeas, 29; nays, 16; absent or not voting, 1.

Those voting yea were: Senators McMullen, Bargreen, Barlow, Clark, Cowen, Dixon, Flanagan, French, Gallagher, Ganders, Happy, Ivy, Keefe, Kimball, Knoblauch, Lindsay, Luvera, Pearson, Riley, Rogers, Roup, Sears, Todd, Vane, Wall, Wilson, Winberg, Witten, Zednick—29.

Those absent or not voting were: Senator Andrews—1.

PARLIAMENTARY INQUIRY

Senator Pearson:
"Now in the face of such a motion as this, in the future when someone wants to serve notice of reconsideration, if a person gives his notice prior to the time the rules were suspended, would that be in order?"

RULING OF THE PRESIDENT

The President:
"Yes, that would be in order."

Senate Bill No. 128:

MOTION

On motion of Senator Hoff, reconsideration of Senate Bill No. 128 held its place on the calendar for tonight.

The Secretary read:

(The amendment was the contents of Senate Bill No. 359.)

POINT OF ORDER

Senator Hall:

"I raise the point of order in that it changes the scope and object of the bill."

RULING OF THE CHAIR

The President Pro Tempore:

"I know that both of these bills relate to industrial insurance. Senate Bill No. 77 does not seem to amend any section of the code. This other bill seems to raise the entire schedule of amounts to be paid under industrial insurance, with which I am fully in sympathy and in accord. But it seems to me this changes the scope of the bill."

Senator Rosellini:

"We are merely by this amendment amending the industrial insurance law, the same chapter. (Refers to Reed's Rule 160.) My position is they are relevant to the subject matter. Further, I want to cite the last sentence of Rule 160. 'No motion or proposition on a subject different from that under consideration shall be admitted under color of amendment.'"

The President Pro Tempore:

"I would like to hear what you have to say about extending the scope of the bill."
Senator Rosellini:

"You are not extending the scope if you stay within the same subject matter. Rule 161, I think, is also pertinent here, as follows: (next to the last sentence) 'For him to pass upon such a question would be very embarrassing to the assembly, and still more so to him. So, also, the question of constitutionality is not for him to decide.'"

RULING OF THE CHAIR

The President Pro Tempore:

"The chair is not going to consider that he can rule on the constitutionality, of course. He has no authority there. The constitutionality is not raised here; and if it were, it would not be proper for me to rule on it. But all of Senate Bill No. 77 seems to be a limitation, in a certain respect. As a matter of fact, Gentlemen of the Senate, this is a bill that I think is in Rules Committee now; and what the advocates of the bill are trying to do is to take a bill out of Rules Committee by indirection. But I cannot rule otherwise than that it enlarges the scope of the bill now before the Senate.

"The point of order is sustained."

APPEAL FROM DECISION OF THE CHAIR

Senator Greive:

"Then I appeal from the decision of the chair."

The President Pro Tempore:

"Do three members sustain the appeal?"

The appeal was sustained by Senators Rosellini, Sutherland and Washington.

The President Pro Tempore:

"Now the question is: 'Shall the decision of the chair stand as the judgment of the Senate'?"

Senator Hall demanded a roll call, and the demand was sustained by Senators McMullen, Happy, Barlow, Wall, Rosellini, Dixon, Greive and Sutherland. Senator Greive was recognized.

POINT OF ORDER

Senator Hall:

"The Senator is speaking on the merits of the bill."

RULING OF THE CHAIR

The President Pro Tempore:

"You should confine your remarks to where the chair is wrong in his ruling."

Senator Greive continued his remarks, and referred to the constitutionality of the bill.

RULING OF THE CHAIR

The President Pro Tempore:

"Senator Greive, may I call your attention to the fact that I have not ruled on the constitutionality. I have simply ruled on the Senate rule. I have just ruled that this is beyond the scope of Senate Bill No. 77 completely, although they both have to do with industrial insurance. You have a good friend presiding who is for Senate Bill No. 359."

PERSONAL PRIVILEGE

Senator Greive:

"It just so happens I don't agree with that."

The President Pro Tempore:

"The question is now: 'Shall the decision of the chair stand as the judgment of the Senate'?"
Senators Hall, McMullen and Witten demanded the previous question, and the demand was sustained.

The previous question was ordered.

The Secretary called the roll, and the chair was sustained by the following vote: Yeas, 29; nays, 16; absent or not voting, 1.

Those voting yea were: Senators McMullen, Andrews, Barlow, Clark, Copeland, Cowen, Dahl, Flanagan, French, Goodloe, Hall, Happy, Hoff, Ivy, Kimball, Lennart, Lindsay, Luvera, Nordquist, Raugust, Riley, Rogers, Roup, Sears, Shank, Shannon, Wall, Wilson, Witten—29.

Those absent or not voting were: Senator Zednick—1.

The President Pro Tempore:
"The decision of the chair has been sustained, and his ruling has been decided to be the judgment of the Senate."

On motion of Senator Hall, the rules were suspended, Senate Bill No. 77, as amended, was advanced to third reading, the second reading considered the third, and the bill placed on final passage.

The Secretary called the roll on the final passage of Senate Bill No. 77, as amended, and the bill passed the Senate by the following vote: Yeas, 46; nays, 0; absent or not voting, 0.

PERSONAL PRIVILEGE

Senator Lennart:

"You are going to have bigger government—not less taxes."
MOTIONS

Senator Gissberg moved that Senate Bill No. 334 be withdrawn from the Rules Committee and placed on the calendar.

Senator Hall moved that the motion by Senator Gissberg be laid on the table.

Senator Rosellini demanded a roll call, and the demand was sustained by Senators Todd, Brown, Gissberg, Vane, Greive, Sutherland, Winberg and Gallagher.

The Secretary called the roll, and the motion to table carried on the following vote: Yeas, 32; nays, 14; absent or not voting, 0.

Those voting yea were: Senators McMullen, Andrews, Barlow, Clark, Copleand, Cowen, Dahl, Flanagan, French, Ganders, Goodloe, Hall, Happy, Hoff, Ivy, Keefe, Kimball, Lennart, Lindsay, Luvera, Nordquist, Raugust, Riley, Rogers, Roup, Sears, Shank, Shannon, Wall, Wilson, Witten, Zednick—32.

Those voting nay were: Senators Rosellini, Bargreen, Brown, Dixon, Gallagher, Gissberg, Greive, Knoblauch, Pearson, Sutherland, Todd, Vane, Washington, Winberg—14.

PERSONAL PRIVILEGE

Senator Hall:

"The reason I think this is a point of personal privilege is this bill, which we just got through voting on to remove from committee, had my name on it. I was probably as interested in the bill as anyone else. I have probably been considered by the members of my party and by the Democrats as liberal a Republican as there is in the Senate. I certainly have supported labor to the best of my ability whenever I thought their cause was just.

"The bill, which was in my committee, got a fair trial and went to Rules. In the length of time since I have been in the legislature I have seen only once a bill taken away from the committee."

Senator Hall read a telegram which he stated had been sent to all members of the Rules Committee urging action on labor's major bills, and which was signed by E. M. Weston and Joe Davis of the Washington State Federation of Labor, Tom Kenney and H. Slater of the Congress of Industrial Organization, and Frank Andrews of the Independent Longshoremen.

Senator Hall:

"I want to protest such action. I consider it to be extremely unfair and the wrong sort of pressure to use, and certainly the wrong sort to produce good legislation in the State of Washington.

"There is other legislation pending that is as important as this labor legislation. I certainly would not refuse to join in helping to change the rules."

Senator Rosellini:

"Do not our very rules permit our moving to bring out such bills from committee?"

Senator Hall:

"We are constantly reminded that it has been the custom to do this and that."

PERSONAL PRIVILEGE

Senator Zednick:

"Like Senator Hall—and I think newspaper men of the state will agree—I have been classed as a liberal Republican. I have been exhorted repeatedly by organized labor and by the Railroad Brotherhood. I think the issue was not here, but the issue was to upset our entire committee procedure by starting to blast bills out of committee. And if we are to start this precedent of blasting out bills, we would have them taken from all committees.
"It is unfair to use these tactics. I am established with organized labor already, and I don't think my fight is going to be detrimental at all, unless it is misrepresented to some portions of organized labor who don't understand the procedure here."

PERSONAL PRIVILEGE

Senator Gissberg:

"I had no reason to think this thing is improper when our rules provide for it. I would like to read a portion of Rule 46: 'Provided, However, by a majority vote any bill can be advanced to any-place on the calendar, and any bill may be withdrawn from the committee by a like majority of the Senate and placed upon the calendar in such position as may be ordered.'

"I submit, Gentlemen, if that rule is something we don't want to use, then let's do away with it."

Senator Barlow:

"Did you get one of those wires, Senator Gissberg, before you made that motion?"

Senator Gissberg:

"Yes, I did."

PERSONAL PRIVILEGE

Senator McMullen spoke under personal privilege, and stated that he had also received one of the telegrams which had been sent to all members of the Rules Committee.

He added that he had no fight to make against organized labor; in fact, before he took up the study of law, he had belonged to a labor organization. But he added this was not the issue here—the issue was that it was not the right procedure to start blasting bills out of committee.

PERSONAL PRIVILEGE

Senator Wall:

"I first came down here in 1941. I too have been a friend of labor like my good friends Senator Hall and Senator Zednick. By vote tonight any member of the Rules Committee that voted to bring this bill out is doing something that hasn't been done very often on the Senate floor. The man who sits in the committee and then votes to blast a bill out, I don't believe he deserves to be on the committee.

"These bills were given due consideration, and I think it is unfair for a member of the Rules Committee to vote to blast a bill out of that committee.

"I, of course, had to vote to lay this on the table.

"The reason is, that I think that it is wrong to try to blast a bill out from a committee. I am a friend of labor, and I helped to get some of the labor bills out of committee when it was pretty hard to get them out. I am not afraid of being accused of being against labor because I voted to lay this motion on the table."

MOTIONS

Senator Greive:

"I move the Senate recess for a half hour to permit the Rules Committee to convene and report back to the Senate."

Senator McMullen moved that the motion be laid on the table.

POINT OF ORDER

Senator Greive:

"You cannot lay a motion to recess on the table. I refer you to Rule 21, also Reed's Rules 117 and 110."

The President:

"Without reading it, I am going to ask you a question. Your motion contained a direction in it, didn't it?"

Senator Greive:

"Yes, it did."
PERSONAL PRIVILEGE

Senator Dixon:

"Of course you all know I am a member of the Rules Committee. Legislation is reported out according to the power put forth behind that legislation. We also received a letter from your party leader asking for certain bills. He was using all the power that he had to get the legislation that he wanted out of the committee onto the floor. I maintain that labor has a perfect right to do the same. The telegram was sent to all members of the Rules Committee, regardless of power."

"The motion that we voted on was not to take the bill from the Rules Committee. The motion that we voted on was to table—which cut off debate.

"So I repeat, there is nothing to get excited about. Here is one side using everything in their power to get out the legislation that they wanted. On the other hand, your party leader did the same thing, and it was granted. So what is the difference between the two operations? In one case you had the majority, and in the other you haven't got it. Majority still rules."

Senator Zednick:

"Senator Dixon, you referred to a certain series of bills. Don't you recall they did not report out all of them?"

Senator Greive demanded a roll call on the motion and the demand was sustained by Senators Rosellini, Washington, Knoblauch, Vane, Sutherland, Winberg, Bargreen and Brown.

The Secretary called the roll, and the motion lost on the following vote:
Yeas, 15; nays, 31; absent or not voting, 0.

Those voting yea were: Senators Rosellini, Bargreen, Brown, Dixon, Gallagher, Gissberg, Greive, Knoblauch, Pearson, Riley, Sutherland, Todd, Vane, Washington, Winberg—15.

Those voting nay were: Senators McMullen, Andrews, Barlow, Clark, Copeland, Cowen, Dahl, Flanagan, French, Ganders, Goodloe, Hall, Happy, Hoff, Ivy, Keefe, Kimball, Lennart, Lindsay, Luvera, Nordquist, Raugust, Rogers, Roup, Sears, Shank, Shannon, Wall, Wilson, Witten, Zednick—31.

"Honorable Lieutenant-Governor, Senators and Friends:

"It is indeed an honor for me or any student to stand before you and say a few uncensored words. This privilege alone has great significance at this time. I say this because there are so many governments which would not tolerate or listen to a student my age—not yet old enough to vote. I consider this a high privilege to express my thoughts to you. I think to take part in an American democracy is a duty, a responsibility and certainly a great opportunity.

"We students at Whitman College have found the human potential here in Washington almost beyond comprehension. Whether you look North, South, East or West, in specific fields of agriculture, minerals, water power, fishing, or industry, Washington has a potential unsurpassed in the world. Therefore I do hope we do not take our state resources for granted and accept them in passing.

"Here in Washington State we have the most marvelous scenic beauty in the world, and it is worth billions of dollars. Our climate, I believe, is beyond comparison. These
things we did not pay for. God gave them to us for our use and our enjoyment. Therefore we should capitalize on them, that more millions of dollars be brought into Washington business and the Washington state government.

"In conclusion then, I would like to again express my deep appreciation in having the opportunity to appear before you. I shall tell my friends at Whitman about it and about you.

"We, the youth of Washington, do not want any favor from you or anyone else. We just want the opportunity to participate in the development of the vast resources of our beloved State of Washington.

"And so, Lieutenant-Governor, honorable Senators and friends, I would like to thank you very much."

(Applause)

The President Pro Tempore:

PERSONAL PRIVILEGE

Senator McMullen:

"I just want to say this. Time and time again we have been threatened with this and that. I don't believe we have returned a single threat. If you continue these delaying tactics and refuse to allow us to get a vote on our bills and just continue to delay things and block all legislation, you fellows are not going to pass another bill this session. You fellows are not going to hold up everything and get any bills passed."

PERSONAL PRIVILEGE

Senator Gallagher:

"I resent the remarks of the leader of the majority party. The fact is, we are abiding by regular procedure. We are following the orderly procedure, and we are not suspending the rules."

PERSONAL PRIVILEGE

Senator Greive:

"I doubt seriously if we made a single threat. I am in the same position as Senator Gallagher. I introduced no bill personal to myself. I think I may also remind you that when some of us wanted to put our names on some bills, you informed some labor leaders there would be no bills passed unless you had the names of Republicans on them. May I also point out we represent a segment of the people, and I think those people are entitled to representation."

PERSONAL PRIVILEGE

Senator Lindsay:

"The program before this Senate is a reasonable program, I think. I have been over on this side, and I enjoy being on this side, and I shall always run on the Democratic ticket, as far as I am concerned. The people in Spokane proper are interested in this program. It is a sensible program.

"These delaying tactics are something stupid to me and to the majority of the people of this state. We know what is going to happen. The Rules Committee is going to meet and put these out on a third reading calendar. Why keep us here till two or three in the morning, until everyone is tired? I cannot see any reason for it.

"There is a definite program. Are you for it, or against it? Delaying tactics are not going to do anybody any good. I think it is about time that we take this program of the Republican party, or whoever it is, and thrash it out on this floor, and make your speeches and your talks. You are simply delaying this program. When you waste your time, you are wasting a lot of good legislation. I cannot understand why you are doing it. If you would just explain that to me, then I would be happy.

"Let's put it on final passage, and then put our arguments up against it. We are getting close to the sixtieth day. Let's pass an appropriation bill and a revenue bill and get out of here and go home, As far as I am concerned, I want to get out of here and go home and do some of my own work.

"There is a certain little group that are hoping we will go into a special session because they will get their ten dollars a day and live on it the rest of the year."

PERSONAL PRIVILEGE

Senator Vane and Senator Washington also spoke under Personal Privilege.

POINT OF ORDER

Senator Brown:

"This has nothing to do with the title of the act. I would remind the body here that sometime back we got into a lot of trouble trying to mix up appropriations and revenue. And that is exactly what we are going to do here, in addition to the fact the chair has ruled you cannot widen or change the scope of the act."

Senator Hall:

"I would like to call the attention of the chair to Section 3 which says 'county', and I am trying to amend that and use the word 'state'."

RULING OF THE CHAIR

President Pro Tempore Zednick:

"The point of order is not well taken.
"You may amend the title if you wish to."

Senator Greive:

"Isn't that what we attempted to do a couple of days ago and you ruled us out or order?"

President Pro Tempore Zednick:

"No. You extended the complete scope. This doesn't change the scope.
"The question is on the motion of Senator Hall to amend."

The amendment was adopted.

On motion of Senator Hall, the following amendment was adopted:

Amend Sec. 50, line 3, page 30 of the original bill, same being Sec. 50, line 36, page 17 of the printed bill, by renumbering to read "Sec. 51" and renumbering subsequent sections consecutively and inserting a new Sec. 50 to read as follows:

"Sec. 50. Section 43.18.040, RCW, as derived from section 12, chapter 11, Laws of 1937, is amended to read as follows:
"The director • • • • public assistance shall be the responsible state officer for the administration of, and the disbursement of all funds which may be received by the state in connection with, old age assistance, aid to dependent children, aid to the blind, services for crippled children, child welfare services, vocational rehabilitation, and all other matters included in the federal social security act approved August 14, 1935, or as the same may be amended, excepting those required to be administered by the department of education or the state board of vocational education and those required to be administered and disbursed in connection with public health services such as communicable disease control, maternal and child health, sanitation, and vital statistics services.
"He shall make such reports and render such accounting as may be required by the federal agency having authority in the premises."

—24
Senator Hall moved the adoption of the following amendment:

Amend line 42, page 17 of the printed bill by inserting the following new sections and renumbering Sec. 51 to read Sec. 65 and renumbering the remaining sections consecutively:

(Section 52 to Section 56, inclusive, is the same as sections 1 to 5, inclusive, of Substitute Senate Bill No. 291)

"Sec. 57. The department of health may employ administrative personnel in both state and local offices and employ the services of professional screeners and consultants as determined to be necessary. The department is empowered to establish minimum standards of operation and care for institutions, including hospitals participating in the program. Institutions which do not meet such standards shall not be used in the program.

"Sec. 58. The department of health shall be responsible for the administration of the welfare medical care program but shall not employ any staff to render direct medical care service except as necessary in leased county institutions.

"Sec. 59. The department may purchase necessary physician and dentist services by contract or on a fee-for-service basis except in leased county institutions. The department shall purchase hospital care by contract or at not more than the minimum ward rate of each hospital after approval of the rate by the department. Any hospital when requested by the department shall supply such information as necessary to justify its rate. All additional services provided by the hospital shall be purchased at rates agreed upon by the hospital and the department. All other services and supplies, including drugs, shall be secured generally through customary trade channels in accordance with agreements between the vendor and the department except in leased county institutions."

(Sections 60 to 64, inclusive, are the same as sections 9 to 13, inclusive, of Substitute Senate Bill No. 291)

Senator Rosellini:

"Are you attempting to incorporate Senate Bill No. 291 in this bill?"

Senator Hall:

"I am."

POINT OF ORDER

Senator Rosellini:

"It is pretty obvious. The easiest way to find out is by checking the two titles. "We had the identical situation the other day in a bill dealing with industrial insurance. And according to the ruling of the President at that time, he ruled it was out of order for the reasons I am pointing out now."

The President Pro Tempore:

"I notice No. 225 relates to public assistance. No. 291 relates to care of recipients of public welfare."

Senator Lindsay:

"No. 291 has to do with county hospitals. It extends the scope of the bill, Mr. President."

Senator Rosellini:

"And the President ruled that an amendment thereto was not germane, and outside the scope of the act. And we took issue with the President."

Senator Hall:

"The two bills the other night were not identical with the situation here. One bill which was attempted to be placed on the other one referred to the title numbers only by reference."

The President Pro Tempore:

"Senator Hall, do these two bills refer to the same titles in the code?"

Senator Hall:

"Yes, they do."
Senator Rogers:
"Well, you say it relates to people on relief. The definition of medical indigent—Senate Bill No. 291—they do not necessarily have to be on relief. They are not recipients."

Senator Hall:
"In the law we are trying to amend, medical indigents are classified under the public welfare laws of the state. Now we are attempting to amend those laws so the medical indigents will be classified as a responsibility of the promoters of public health. I merely point that out to show we are not dealing with recipients in both cases."

The President Pro Tempore:
"They do not cover the same section of the code. It just so happens that the repealer of both of these have to do with the same section of the code."

Senator Rosellini:
"Will you examine the titles of the act?"

Senator Hall:
"I am not attempting to amend the titles of the bill."

RULING OF THE CHAIR

The President Pro Tempore:
"My judgment will have to be that they are relevant. I will have to hold the point of order not well taken."

Senator Rosellini:
"Then I appeal from the decision of the chair."

The President Pro Tempore:
"The question is: Shall the decision of the chair stand as the judgment of the Senate?"

"A vote 'aye' sustains the judgment of the chair."

Division was called for, and the chair was sustained on a rising vote.

The President Pro Tempore:
"The chair is sustained."

The President Pro Tempore:
"The question is on the adoption of the amendment."

"The substance of my amendments should be shown, and the ruling of the chair would be they were not in order. But at least when an amendment is offered, the substance should be in the journal."

Senator Rosellini:

"Concurring in the remarks of Senator Washington, I think if the amendments were at the desk as they were, pending for approval, the records should show they were out of order. The records should show which amendments were pending and whether they were in order."

PERSONAL PRIVILEGE

Senator McMullen:

"I ask leave of the Senate at this time to request Senator Gissberg and Senator Hoff to escort Senator Flanagan to the rostrum."

PRESENTATION OF GIFT TO THE PRESIDENT

Senator Flanagan:

"I came up here to talk to the President tonight, who has been presiding over this body for the last sixty days. Some days some of us, you know, thought he wasn't quite fair. But to a big league umpire there is no such thing as being a close decision. You are either safe or you're out.

"We want to show our appreciation, Mr. President, for you being a fair umpire and a good umpire. A good umpire has to be on the square.

"So we figure you have good judgment. We are giving you a little check. We know you have judgment enough to use it in a good manner."

President Anderson:

"Senator Flanagan and Members of the Senate:

"I wish to express my deep appreciation to you and to the members of the Senate for this gift. I want you to know I am extremely grateful for it.

"Senator Flanagan, as you well know, I came into this office as Lieutenant-Governor and President of the Senate without any background of political experience, and this gift means a great deal to me.

"I appreciate the words you have used. You thought that I at least had made a sincere effort to be fair, and I have. Of course you know without the political background it has been somewhat of a struggle to get onto the many ramifications of parliamentary work. I have had some little experience at it, but it was not the same. As many of you know, I was the Grand Exalted Ruler of the Elks, and presided over as many as three thousand. But in these meetings everybody was on my side.

"This is a unique experience and I am grateful for it. I have undertaken the duties and work of the Lieutenant-Governor in a serious manner. I wanted to restore to the Senate a degree of dignity and sincerity, and I hope I have had the approval of members of the Senate and of the State of Washington.

"I know that we all have an obligation. Every Senator has an obligation to the constituents in his district, and I too have an obligation to the people of the State of Washington, and I hope I can continue to merit the approval not only of the Senate but of all the people of the State of Washington.

"I sincerely thank you."

Senator Zednick:

"I might supplement what Senator Flanagan has said. I think this is to be applied to a new television set. I don't know whether it will buy one, but it is contributed to that end."

President Anderson assumed the chair.

The Secretary read:

PROTEST

A protest against the manner of presiding over the Senate by the President and President Pro Tempore was filed by Senator Albert D. Rosellini, Democratic floor leader; Senator R. R. Greive, Democratic caucus chairman; and Vaughan Brown, Democratic caucus secretary. The protest is not set forth in full for the reason that permission was not obtained from the Senate to set the same forth in the journal.

At the request of the Rules Committee, the following was filed:

PROTEST

By Senator Dixon:

"To the President of the Senate:

"I wish to protest the non-compliance with the resolution filed by Senator Dixon and Senator Gallagher which stated:

"WHEREAS, The Senate payroll bearing date February 15, 1953, shows that the salaries of several employees have been increased over and above their previous compensation during this session of the Legislature; and

"WHEREAS, Senate Rule 5 provides in part as follows: ... The compensation of any employee of the Senate shall not be increased except by a two-thirds vote of all members of the Senate, and the names of all members voting thereon shall be entered in the journal.

"Therefore, Be It Resolved, That the President and Secretary of the Senate be granted the opportunity of explaining this matter pursuant to Senate Rule 5.

"By action of the Senate, this resolution was assigned to the Rules Committee on the same day as presented.

"On several occasions attempts have been made to get a report from the Rules Committee but these attempts have failed. Therefore, I am filing for insertion into the journal the above copy of the resolution. Copies of the Senate payroll, week by week, may be obtained from the State Auditor. The one bearing date of February 15, 1953 shows fourteen increases in salaries since the first week. As this is a violation of Senate Rule No. 5, I claim on a point of order that the Senate payroll is out of order and I am filing this as a protest to be put in the journal.

"I also file a statement of the amount paid out to Senate employees, week by week, as follows: First week $9,998.55, second week $11,665.60, third week $11,947.10, fourth week $11,875.50, fifth week $12,284.50 and sixth week $12,489.00."
REPORT OF RULES COMMITTEE

Heretofore a resolution was presented and considered by the Senate bearing the names of Senator Dixon and Senator Gallagher, which stated in part as follows:

"WHEREAS, The Senate payroll bearing date February 15, 1953, shows that the salaries of several employees have been increased over and above their previous compensation during this session of the Legislature; and

"WHEREAS, Senate Rule 5 provides in part as follows: '... The compensation of any employee of the Senate shall not be increased except by a two-thirds vote of all members of the Senate, and the names of all members voting thereon shall be entered in the journal ...'

"Therefore, Be It Resolved, That the President and Secretary of the Senate be granted the opportunity of explaining this matter pursuant to Senate Rule 5."

By action of the Senate, this resolution was referred to the Rules Committee on the same day as presented.

After consideration, the Rules Committee appointed a sub-committee which conducted a thorough investigation into the alleged violations of Senate Rule 5. This investigation required considerable detail and occupied the time of the members of the Rules Committee over an extended period, and the conclusions of the committee were not finally reached until all matters had been thoroughly gone into.

It is the conclusion of the committee that there were no violations of Senate Rule 5.

The Rules Committee finds that there was an increase in a number of employees which naturally followed by reason of the increased work that developed as the session progressed; that it was not feasible nor efficient to have a full and complete staff in the Senate on the opening days and weeks of the session; that additional employees were added as the work of the session increased.

The Rules Committee further finds that one of the reasons for the increase in the number of personnel in the latter days and weeks of the session was because of the delay in getting patronage reports from the various Senators, as requested.

It further found that there were no increases in any salaries paid to any employees within the prohibition of Senate Rule 5, but there were some adjustments made in the compensation received by some employees but that those adjustments were fair and reasonable and were caused by reason of additional responsibilities or changes in assignments of the employee. Those adjustments were not prohibited or subject to the provisions of Senate Rule 5.

A detailed comparison was made, as a part of the investigation, of the salaries paid to employees of the House of Representatives. The Rules Committee finds that in some classes the employees in the House were paid more than employees in the Senate and in other job classifications the salary paid in the Senate was more than that paid to employees in the House. It should be noted that although there is a comparison to be found in the job designation in the House, there is a great variance in the actual work done in the same job designation in the House and in the Senate.

It is the recommendation of the Rules Committee that this report be included in and made a part of the journal.

To the Honorable
The Senate of the State of Washington
(Through the Secretary of State)

Gentlemen:

I am filing herewith, to be transmitted to the Senate of the State of Washington at the next session of the Legislature, without my approval, Senate Bill No. 88, entitled:

"An Act relating to the appointment, qualifications, jurisdiction, and procedure of police judges in municipalities of the first, second, third, and fourth classes; and amending sections 35.22.420, 35.22.460, 35.22.480, 35.23.660, 35.24.450, 35.24.460, 35.27.520, and 35.27.530, RCW."

Basically, this bill is designed to permit the executive in all of the smaller cities of the state in his discretion to appoint any person as police judge irrespective of whether or not such appointee is an elected justice of the peace. The bill does not apply in that respect to cities of over 100,000 population nor does it apply, except in a very restricted sense, to first class cities of less than 100,000 population. Thus it applies principally to cities of the second, third and fourth classes, except that its provisions with respect to tenure of office apply to all cities.

It is said that the purpose of the bill is to secure an improved caliber of police judges by authorizing the executive to appoint from other than the ranks of justices of the peace. While I am entirely sympathetic with any proposal to improve the calibre of police judges, I feel that to make them appointive at the pleasure of the executive violates our fundamental concept of the separation of powers. This concept has always been a part of the American picture in federal, state and municipal government. This bill if permitted to become law, violates this idea of a separate and independent judiciary and leaves the judiciary, in so far as municipal government is concerned, subservient to the executive.

While it is generally recognized that the quality of justice in the inferior courts has not always been as high as it should be, I believe this problem will be met effectively with the operation by the end of 1954 of the new justice of peace districting law which was originally enacted in 1951 and improved by amendments at this session. Under that law there will be a readjustment of the entire justice of the peace setup with the result that many of the rural justices will be eliminated and the law also authorizes the payment of substantially increased salaries which will undoubtedly have the effect of attracting a better quality of personnel when the present terms of justices end in January, 1955. This districting law, in my opinion, will greatly improve our justice courts and the qualifications of the judges.

The bill has my disapproval for another reason. The terms of all police judges are fixed by the bill to be "concurrent with his term as justice of the peace, or the term of the appointing mayor, whichever is the shorter." I believe this provision to be unworkable in practice.
Washington mayors have 3- or 4-year terms and take office in June; justices have 4-year terms and take office in January. Because of the manner in which these terms fluctuate back and forth in relation to each other, the term of the police judge would vary from 6 months to 2 and ½ and 3 and ½ years in any given city.

For these reasons Senate Bill No. 88 is vetoed.

Respectfully submitted,
(Signed) ARTHUR B. LANGLIE,
Governor.

(Senate Bill 103) March 23, 1953.

To the Honorable
The Senate of the State of Washington
(Through the Secretary of State)

Gentlemen:

I am filing herewith, to be transmitted to the Senate of the State of Washington at the next session of the Legislature without my approval, Senate Bill No. 103, entitled:

"An Act relating to the reimbursement of hospitals for certain welfare patient care; making an appropriation and declaring an emergency."

This bill appropriates the sum of $110,000 "for the reimbursement of hospitals within the State of Washington, which according to the record of said department (Department of Health), have not been paid for board, room and ward service charges for patients having received public welfare during the calendar year 1952".

This bill if approved would establish a bad precedent. The State of Washington, through its Department of Health, was petitioned to increase the scale of charges that hospitals were permitted to make for hospital care service to welfare patients in the early part of 1952. This request was denied by the Department upon the ground that if the increase were to be granted the charges allowed to hospitals would exceed the scale of charges permitted to other provided groups such as physicians, dentists, optometrists, etc. participating in the medical care program and would increase the anticipated deficit in funds in a substantial amount for the reason that, if the hospitals were granted their requested increase, the other groups would be entitled to proportionate increases in their charges.

To now permit monies to be appropriated to make up for the disallowed increase would, in my opinion, not only set a bad precedent, but would be contrary to every concept of good government.

For these reasons Senate Bill No. 103 is vetoed.

Respectfully submitted,
(Signed) ARTHUR B. LANGLIE,
Governor.
To the Honorable
The Senate of the State of Washington
(Through the Secretary of State)

Gentlemen:

I am filing herewith, to be transmitted to the Senate of the State of Washington at the next session of the Legislature, without my approval, Senate Bill No. 124, entitled:

"An Act relating to public printing; adding a new section to chapter 43.78, RCW; and amending section 43.78.030, RCW."

This bill consists of a combination of original Senate Bill No. 124 and Senate Bill No. 450. As such it introduces into the present law two contrasting features involving the state's program of public printing.

Section 2 would require competitive bidding on all jobs costing more than $500 by at least two private printing concerns and the Public Printer, thus sharply limiting the authority of the Public Printer, while section 1 prohibits individual state departments from doing printing in connection with their routine operations by means of offset machines, duplicating machines, etc., and consolidates all such printing work in the Public Printer.

In the time available we are without any data as to comparative costs and as to whether any saving to the public can be achieved by the changes proposed by this bill. With studies being made during the next two years I believe that we can have such figures available and by then the public printing plant will have been re-located in more adequate housing facilities so that a more satisfactory solution to the whole problem of public printing can be had.

For these reasons Senate Bill No. 124 is vetoed.

Respectfully submitted,

(Signed) ARTHUR B. LANGLIE,
Governor.

To the Honorable
The Senate of the State of Washington
(Through the Secretary of State)

Gentlemen:

I am filing herewith, to be transmitted to the Senate of the State of Washington at the next session of the Legislature, without my approval as to section 6, Senate Bill No. 344, entitled:

"An Act authorizing study and, if feasible, construction by the Washington toll bridge authority of a toll road from the vicinity of Tacoma through Seattle to the vicinity of Everett, appropriating funds therefor; and declaring an emergency."

Section 6 contains an emergency clause providing that the act shall take effect immediately upon approval.
Sections 4 and 5 contain the appropriation of $500,000 from the motor vehicle fund. These sections contain the same defect as noted in my message on Senate Bill No. 389 there being no mention of the biennial period to which the appropriation applies and no deferral of the effective date to April 1, 1953.

For this reason section 6 is vetoed and the remainder of the bill is approved.

Respectfully submitted,
(Signed) ARTHUR B. LANGLIE,
Governor.

(Senate Bill 389; for text see Chapter 192, Laws of 1953)

To the Honorable
The Senate of the State of Washington
(Through the Secretary of State)

Gentlemen:

March 18, 1953.

I am filing herewith, to be transmitted to the Senate at the next session of the Legislature, without my approval as to section 4, Senate Bill No. 389, entitled:

"An Act relating to an additional bridge across Lake Washington; making an appropriation; and declaring an emergency."

Section 4 of the bill contains an emergency clause making the bill effective immediately upon its approval.

Section 2 appropriates $200,000 from the motor vehicle fund to the Washington Toll Bridge Authority but, unfortunately, it does not specify the biennium to which the appropriation is to apply. I have been advised that this failure to indicate the biennium to which the appropriation applies makes it probable that the appropriation would lapse on March 31, 1953, and thus not be available for the biennium beginning April 1, 1953, and ending March 31, 1955.

The difficulty might also have been avoided if the emergency clause in section 4 had fixed the effective date as April 1, 1953.

For this reason section 4 is vetoed, and the remainder of the bill is approved.

Respectfully submitted,
(Signed) ARTHUR B. LANGLIE,
Governor.

( Substitute Senate Bill No. 400; for text see Chapter 288, Laws of 1953)

March 23, 1953.

To the Honorable
The Senate of the State of Washington
(Through the Secretary of State)

Gentlemen:

I am filing herewith, to be transmitted to the Senate of the State of Washington at the next session of the Legislature, without my approval as to certain items, Substitute Senate Bill No. 400, entitled:
“An Act making appropriations for the payment of salaries of certain officers and employees of the state and for the operation, maintenance and other expenses of certain state institutions, departments and offices, for the purchase, condemnation and improvement of land, the construction of buildings and improvements for the various state institutions designated and mentioned, and for emergencies, and for refunds, and for transfers, and for deficiencies, and for sundry civil expenses of the state government, and for public assistance, and for purposes specified in certain acts of Congress, and for miscellaneous purposes, for the fiscal biennium beginning April 1, 1953, and ending March 31, 1955, except as otherwise provided, defining terms, limiting allowances and payments, and declaring that this act shall take effect immediately.”

I disapprove and veto the item “FOR THE LEGISLATIVE BUDGET COMMITTEE: Salaries, Wages and Operations $140,000.00” for the reason that this is far in excess of any reasonable amount for this purpose. The legislative council may expend a portion of the funds appropriated to it for such studies as can be of assistance to the legislative budget committee prior to the next session of the legislature. Also, as in the past, the various departments under my direction will continue to cooperate with the committee to the fullest extent possible.

I disapprove and veto the items “FOR THE DEPARTMENT OF SOCIAL SECURITY: General Administration: Salaries, Wages and Operations $10,240,000.00; Survey of Consumers’ Expenditures in Low Income Group $75,000.00; Division of Old Age Assistance; Senior Citizen Grants $86,337,293.00; Division of Public Assistance: Aid to the Permanently Disabled $8,922,147.00; General Home Assistance $7,815,556.00; Burials $893,750.00; Division for Children: Child Welfare Services: Salaries, Wages and Operations $2,150,000.00; Assistance as Provided by Law $4,449,520.00; Aid to Dependent Children: Assistance as Provided by Law $21,044,033.00; Division for the Blind: Assistance as Provided by Law $1,459,967.00; Self-supporting Aid to Blind: To carry out provisions of chapter 166, Laws of 1949, $28,800.00; Vocational Rehabilitation for the Blind: Administration: Salaries and Wages, $128,538.00; Operations $54,532.00; Assistance $50,000.00; Other Case Services to the Blind $249,600.00; Contingencies: Provided, That this appropriation shall become available only in the event that 1/24th of the foregoing appropriations for assistance is insufficient to meet the demands for any one month: And provided further, That such allocations shall become available only upon written approval by the Governor $2,471,484.00; Total $146,370,220.00” for the reason that these appropriations are reappropriated to the department of public assistance by Senate Bill No. 14, extraordinary session of 1953 and therefore represent a duplication.

I disapprove and veto the item “GRANTS-IN-AID TO SCHOOL DISTRICTS FOR EMERGENCY SCHOOL CONSTRUCTION ONLY $5,000,000.00” for the reason that Substitute Senate Bill No. 11 was adopted by the extraordinary session of the legislature with the understanding that the five million dollars would be vetoed from this bill in order that this amount could be restored to the general fund, and the emergency needs for school plant facilities be met from the proceeds of the bond issue.
I disapprove and veto the item "FROM THE MOTOR VEHICLE FUND. To Highway Bond Retirement Fund $6,000,000.00 (Transfers to be made as provided by chapter 121, Laws of 1951.)" for the reason that Senate Bill No. 433 duplicates this appropriation.

With the exception of the foregoing items, which are vetoed, the remainder of Substitute Senate Bill No. 400 is approved.

Respectfully submitted,

(Signed) ARTHUR B. LANGLIE,
Governor.

(Senate Bill 430; for text see Chapter 250, Laws of 1953)

To the Honorable
The Senate of the State of Washington
(Through the Secretary of State)

Gentlemen:

I am filing herewith, to be transmitted to the Senate at the next session of the Legislature, without my approval as to section 2, Senate Bill No. 430, entitled:

"An Act relating to sewer districts; providing for submission to the electors of the proposition for a general tax levy at the election for formation of the sewer district; providing for the election of sewer commissioners; providing for the sale of unneeded property; providing a method of requiring connection to the public sewer; providing for adoption, amendment and revision of the comprehensive plan and additions and betterments thereto, both for the original area and annexed areas, by resolution, after approval by the board of health and an engineer appointed by the county commissioners; authorizing sewer districts to contract counties, cities, towns, sewer districts, water districts, and other municipal corporations and with private persons, firms and corporations for joint use of property, facilities and services; providing for the issuance and sale of revenue bonds, by resolution of the commissioners, to pay for additions and betterments to the original comprehensive plan for both the original area and for annexed areas; providing for the collection and enforcement of sewer service and connection charges; authorizing the issuance and sale of refunding general obligation and sewer revenue bonds; providing for the formation of utility local improvement districts, either upon petition or upon resolution of the sewer commissioners; providing for divesting of the jurisdiction of the sewer commissioners to proceed with the formation of a utility local improvement district, initiated by resolution, on filing of written protest by the owners of forty percent of the property within the area; providing for the segregation of special assessments; providing for alternative methods for annexation of territory adjoining or in close proximity to the districts; providing for the withdrawal of territory from a sewer district; amending sec-
Section 2 authorizes the Board of Commissioners of a sewer district to sell at public or private sale property of the district if the Commissioners determine by unanimous vote that the property is no longer needed for district purposes. These provisions are virtually a duplicate of provisions found in Senate Bill No. 157 which I have already signed into law. Senate Bill No. 157 contains a provision inserted by amendment to the effect that such property having a value of more than $500 cannot be sold except at a public sale. I believe this provision salutary. Rather than permit the enactment of section 2 of House Bill No. 430 to override the provisions of Senate Bill No. 157 said section 2 is vetoed and the remainder of the bill is approved.

Respectfully submitted,
(Signed) ARTHUR B. LANGLIE,
Governor.

(Senate Bill 431; for text see Chapter 251, Laws of 1953)

To the Honorable
The Senate of the State of Washington
(Through the Secretary of State)

Gentlemen:

I am filing herewith, to be transmitted to the Senate at the next session of the Legislature, without my approval as to section 2, Senate Bill No. 431, entitled:

"An Act relating to water districts; providing for submission to the electors of a proposition for a general tax levy at the election for formation of the water district; providing for the sale of unneeded property; authorizing water districts to contract with counties, cities, towns, sewer districts, water districts and other municipal corporations and with private persons, firms and corporations for joint use of property, facilities and services; providing for the manner of election of water commissioners; providing for adoption, amendment and revision of the comprehensive plan and additions and betterments thereto, both for the original area and annexed areas, by resolution; providing for the formation of Utility Local Improvement Districts, either upon petition or resolution of the water commissioners, and for divesting of the jurisdiction of the water commissioners to proceed with the formation of a Utility Local Improvement District, initiated by resolution, on filing of written protest by the owners of forty percent of the property within the area; providing for the segregation of special assessments; authorizing the refunding of general obli-
gation, local improvement and revenue bonds; providing for alternative methods for annexation of territory adjoining or in close proximity to the district; providing a method to determine the sufficiency of signatures to petitions; validating the organization, establishment, and existence of water districts, including all areas attempted to be annexed thereto, and local improvement districts and utility local improvement districts therein, heretofore organized or established or attempted to be organized or established under chapter 114, Laws of 1929, and amendments thereto, and validating and confirming all bonds, obligations, contracts, assessments, levies, and all other acts, proceedings and things heretofore executed, issued or done by such districts or their officers; declaring an emergency; repealing section 57.32.110, RCW; and amending sections 57.04.050, 57.12.020, 57.16.020, 57.16.030, 57.16-040, 57.16.050, 57.16.060, 57.16.070, 57.20.010, 57.32.050, 57.32.090, 57.32.100, and 57.32.110, RCW.”

Section 2 authorizes the Commissioners of a water district to sell at public or private sale property of the district if the commissioners determine by unanimous vote that the property is no longer needed for district purposes. These provisions virtually duplicate the provisions of Senate Bill No. 156 which I have already signed into law. In my opinion Senate Bill No. 156 moreover is preferable inasmuch as there was inserted by amendment a provision limiting the right of a district to sell at private sale such property of a value of more than $500.

For these reasons section 2 is vetoed and the remainder of the bill is approved.

Respectfully submitted,

(Signed) ARTHUR B. LANGLIE,
Governor.

MESSAGES FROM THE GOVERNOR

To the Honorable, the Senate of the State of Washington:

GENTLEMEN:

I have the honor to submit herewith the following appointment, subject to your confirmation:

COMMISSIONER OF EMPLOYMENT SECURITY

L. H. Bates, Tacoma, appointed September 15, 1951, effective September 15, 1951, for the term ending at the pleasure of the Governor, succeeding J. H. Robertson, resigned.

Respectfully submitted,

ARTHUR B. LANGLIE,
Governor.

The appointment of L. H. Bates as Commissioner of Employment Security was referred to the Committee on Social Security.

To the Honorable, the Senate of the State of Washington:

GENTLEMEN:

I have the honor to advise that the Governor has approved the following Senate Bills, entitled:

Senate Bill No. 1:
"An Act appropriating the sum of eighty thousand dollars, or so much thereof as may be necessary, for the actual and necessary expenses of the legislature, including traveling expenses of the legislators according to the state constitutional provision, and printing; and declaring an emergency."

Senate Bill No. 2:
"An Act relating to legislators' expenses and providing for in lieu payments to members of the legislature for lodging and subsistence; containing an appropriation; amending RCW 44.04.080; and declaring an emergency."

Very truly yours,

Fred C. Koch,
Assistant to the Governor.

To the Honorable, the Senate of the State of Washington:

GENTLEMEN:

I have the honor to transmit herewith pursuant to Section 12, Article III of the Constitution of the State of Washington for the consideration of the State Senate, certi-
fled copies of the following bills passed by the Senate and House of the Regular Thirty-third Session of the Legislature, and partially vetoed by the Governor, together with his veto message attached thereto.

They are Senate Bill No. 344, now identified as Chapter 183, Laws of 1953, and Senate Bill No. 389, now identified as Chapter 192, Laws of 1953.

Respectfully,

EARL COE,
Secretary of State.

State of Washington, Executive Department,
Olympia, March 18, 1953.

To the Honorable, the Senate of the State of Washington:
(Through the Secretary of State)

GENTLEMEN:

I am filing herewith, to be transmitted to the Senate at the next session of the legislature, without my approval as to Section 4, Senate Bill No. 389, entitled:

"An Act relating to an additional bridge across Lake Washington; making an appropriation; and declaring an emergency."

Section 4 of the bill contains an emergency clause making the bill effective immediately upon its approval.

Section 2 appropriates $200,000 from the motor vehicle fund to the Washington Toll Bridge Authority but, unfortunately, it does not specify the biennium to which the appropriation is to apply. I have been advised that this failure to indicate the biennium to which the appropriation applies makes it probable that the appropriation would lapse on March 31, 1953, and thus not be available for the biennium beginning April 1, 1953 and ending March 31, 1955.

The difficulty might also have been avoided if the emergency clause in Section 4 had fixed the effective date as April 1, 1953.

For this reason Section 4 is vetoed, and the remainder of the bill is approved.

Respectfully submitted,

ARTHUR B. LANGLIE,
Governor.

State of Washington, Executive Department,
Olympia, March 18, 1953.

To the Honorable, the Senate of the State of Washington:
(Through the Secretary of State)

GENTLEMEN:

I am filing herewith, to be transmitted to the Senate of the State of Washington at the next session of the legislature, without my approval as to Section 6, Senate Bill No. 344, entitled:

"An Act authorizing study and, if feasible, construction by the Washington toll bridge authority of a toll road from the vicinity of Tacoma through Seattle to the vicinity of Everett; appropriating funds therefor; and declaring an emergency."

Section 6 contains an emergency clause providing that the act shall take effect immediately upon approval.

Sections 4 and 5 contain the appropriation of $500,000 from the motor vehicle fund. These sections contain the same defect as noted in my message on Senate Bill No. 389 there being no mention of the biennial period to which the appropriation applies and no deferral of the effective date to April 1, 1953.

For this reason Section 6 is vetoed and the remainder of the bill is approved.

Respectfully submitted,

ARTHUR B. LANGLIE,
Governor.

MOTION

On motion of Senator Cowen, the partially vetoed Senate Bills, Nos. 344 and 389, were referred to the Committee on Rules and Joint Rules.

The President called the Senate to order.

ANNOUNCEMENT BY THE CHAIR

The President announced that by order of the Rules Committee, Substitute Senate Bill No. 5 is now on third reading and final passage.

POINT OF ORDER

Senator Gallagher:
"As the chair ruled yesterday, under Senate Rule 61, I submit that the title was read the first time March 19th. This is only the second day, and unless we suspend the rules under Rule 61, as the chair ruled yesterday with Senator Rosellini, I think we are perfectly out of order."

Senator Zednick:
"This so-called substitute bill is merely a series of amendments to the bill, and it was read the first time several days ago. Then it had its second reading. It has had three readings on three separate days."

Senator Hall:
"I support Senator Zednick's position, but there is also another position which makes it, according to the rules, in order to consider it now. Yesterday we suspended Rule 61 for the purpose of placing it on second reading. Consequently it has been read three times."

Senator Gallagher:
"We suspended the rules today and put it back to second reading for amendment."

Senator Hall:
"We made the amendments."

Senator Gallagher:
"Then did you not try to suspend the rules to put it back on third reading, and the motion did not prevail?"

Senator Zednick:
"The Rules Committee has put it on third reading with the concurrence of the majority of the Senate. That is different entirely from your contention."

Senator Gallagher:
"I think the Rules Committee is perfectly right in putting it on the third reading calendar, and that is where it should stay until tomorrow. But the Rules Committee is not running the Senate of the State of Washington.
"I think in all honesty the substitute bill should take the course of a new bill. We read it the first time yesterday. It is still on second reading today."

RULING OF THE CHAIR

President Anderson:
"The chair is going to rule these conditions are not the same as yesterday, and the bill is going to be on final passage."
EIGHTH DAY, MARCH 20, 1953

Senator Gallagher:

"I was in hopes the opposition would appeal from the ruling."

On motion of Senator Hall, the rules were suspended and the second reading of Substitute Senate Bill No. 5, as amended, considered the third.
