"We recognize that our insights are not deep enough for the solving of the tangled problems of our society, thus we pray for Divine wisdom and perspective.

"Heal the divisions amongst us which shorten the arm of our endeavor. Override the errors of our faulty judgments, challenge the best that is in us, and reward us with Thy strength and courage and the blessing of Thy constant presence this day, through Christ our Lord. Amen."

**PARLIAMENTARY INQUIRY**

Senator Woodall:

"Mr. President, parliamentary inquiry:

"Mr. President, am I correct that that portion of Engrossed House Joint Resolution No. 7 which deals with the right of the legislature to grant relief to people who are property owners on account of age was stricken by the amendment which was adopted?"

Senator Greive:

"Mr. President:

"Since we will need some clarification of this, I would like to give my understanding. Senator McMillan's amendment amended the Ryder amendment. The Ryder amendment made no reference to the part that dealt with those over sixty-five, so it seems to me it isn't stricken and, if it is, I would like to know."
Senator Ryder:

"Mr. President, the amendment which I offered merely added a new section to the resolution as it came from the House. As I understood, Senator McMillan's amendment struck all of my amendment and substituted his, so it would now be substituted instead of mine."

Senator Moriarty, Jr.:

"Mr. President:

'The reason I ask the question, the Senate amendment by Senator Ryder read that on line 8, after new section, insert the following. Thus it would have stricken everything that was originally in the bill. When Senator McMillan's amendment was adopted in lieu of Senator Ryder's amendment, the only thing that we voted on was Senator McMillan's amendment, because Senator Ryder's amendment has stricken everything relating to the age proposition.'"

REPLY BY THE PRESIDENT

The President:

"The President believes, Senator Moriarty, that the amendment is in addition to Engrossed House Joint Resolution No. 7, and that no material was stricken."

NOTICE OF RECONSIDERATION

Having voted on the prevailing side, Senator Greive gave notice that he would, at the proper time, move to reconsider the vote by which Engrossed House Joint Resolution No. 7 passed the Senate.

POINT OF ORDER

Senator Moriarty, Jr.:

"Mr. President, point of order:

'My point of order is that the joint resolution is out of the Senate and in the House, and under previous rulings of the Chair, the matter is no longer before us. The reason that I am raising this point, Mr. President, is that if this matter is no longer before us and if that language be out of the amendment, then there is no reason to consider House Bill No. 190.'"

Senator Greive:

"Mr. President:

'Senator Moriarty's memory fails him. The President has ruled consistently that a motion to reconsider is of a higher rank than a motion to transmit.'"

Senator Moriarty, Jr.:

"My point of order is that the motion to transmit immediately to the House was put and passed and the Chair has previously ruled, if my memory is correct, that a motion to reconsider cannot be put after that motion has passed."

Senator Greive:

"Mr. President:

'If you will look at Rule 20, a motion to suspend the rules, which is what the other motion was, is under subsidiary motions and a motion to reconsider is second.'"

RULING BY THE PRESIDENT

The President:

"Members of the Senate, the President believes that a ruling would resolve the situation, to wit: That nothing was stricken from the measure and that the amendment by Senators McMillan and Dore is in addition to the measure."

Engrossed House Bill No. 190, by Representatives Bergh, Uhlman, and Smith:

Allowing property tax exemption for certain retired persons.

The bill was read the second time by sections.
FIFTY-SECOND DAY, MAY 5, 1965

It was moved by Senator Ryder that the following amendment be adopted:

On page 2, after subsection (6) of the House amendment to the printed bill by the Committee on Ways and Means, being line 10 of the engrossed bill, add a new subsection (7) to read as follows:

"(7) The combined income of the head of the household and his spouse, from all sources whatsoever, shall not be in excess of three thousand dollars ($3,000) for the calendar year immediately preceding the year in which the real property is assessed and the taxes levied thereon."

Renumber the remaining subsections consecutively.

Debate ensued.

The motion was carried and the amendment was adopted.

On motion of Senator Greive, the rules were suspended, Engrossed House Bill No. 190, as amended by the Senate, was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

Debate ensued.

ROLL CALL

The Secretary called the roll on the final passage of Engrossed House Bill No. 190, as amended by the Senate, and the bill passed the Senate by the following vote: Yeas, 47; nays, 1; excused, 1.

Those voting yea were: Senators Atwood, Bailey, Charette, Chytil, Connor, Cooney, Cowen, Donohue, Dore, Durkan, England, Foley, Freise, Gallagher, Gissberg, Greive, Guess, Hallauer, Hanna, Henry, Herr, Herrmann, Keeffe, Koblauch, Kupka, Lennart, Lewis, McCormack, McCutcheon, McMillan, Mardesich, Morgan, Moriarty, Jr.,Neill, Peterson (Lowell), Peterson (Ted), Petrich, Rasmussen, Redmon, Riley, Ryder, Sandison, Talley, Thompson, Jr., Washington, Williams, Woodall—47.

Those voting nay were: Senator Raugust—1.

Excused: Senator Stender—1.

Engrossed House Bill No. 190, as amended by the Senate, having received the constitutional majority, was declared passed.

There being no objection, the title of the bill was ordered to stand as the title of the act.

Substitute House Bill No. 709, by Committee on Ways and Means:

Prescribing limitations on property tax revenue.

The bill was read the second time by sections.

It was moved by Senator Williams that the following amendment be adopted:

On page 4, section 5, line 17, after the period following "section" add the following sentence:

"Nothing in this section shall permit a vote on a proposition submitted by petition to lower the regular property tax revenue for any taxing district to an amount less than the regular property tax revenue for that taxing district for the year 1965."

Debate ensued.

POINT OF INQUIRY

Senator Riley:

"Mr. President, would Senator Williams yield to a question?

"Senator Williams, is this in effect what we thought of as the Williams bill, number five hundred and something?"

Senator Williams:

"A part of it, yes. The major part of it."
Senator Riley:

"Mr. President, one further question: "In effect we are saying that if the millage is changed, it will not result in additional dollars? You might lower the millage but you could not change the dollar level?"

Senator Williams:

"Yes, Senator Riley. To amplify on this particular amendment, you are correct. The millage, if assessed values go up by other than new construction, drops proportionately. The voters of a district, if they want, can use part of that drop to increase their millage. We also provided that they can, by petition, reduce their millage by amendment if they go the petition route, but they cannot reduce it below the present dollar value for the district."

Senator Petrich:

"Mr. President, would Senator Williams yield?

"Senator, would the governing authority, assuming that in its wisdom it did not need the additional millage for the subsequent year, be under any limitation as to the lowering of the taxes to operate this particular phase of government if it so desired? In other words, is there any limitation in the wisdom of the junior taxing district not to ask for its millage if they don't need it?"

Senator Williams:

"They can go as low as they want. The amendment merely prevents the voters by petition from dropping far below the present level. We felt no taxing area should allow the voters to cut it way down and so they shouldn't drop below the level that they are collecting this year."

On motion of Senator Gallagher, Substitute House Bill No. 709 was made a special order of business for 4:30 p. m. today.

MOTIONS

It was moved by Senator Greive that Substitute House Bill No. 709 be ordered to retain its place on the second reading calendar for tomorrow. Debate ensued.

POINT OF INQUIRY

Senator Moriarty, Jr.:

"Senator Greive, it's possible, is it not, that the Senate might not be around here tomorrow? Couldn't this be made a special order of business for this evening?"

Senator Greive:

"I think we will be here tomorrow."

Debate ensued.

MOTION

It was moved by Senator Greive that the Senate do now consider Engrossed Senate Bill No. 565 and the House amendment thereto.

The motion was carried.

The Secretary read:

HOUSE AMENDMENT TO SENATE BILL

House of Representatives,

Mr. PRESIDENT:

The House has passed: Engrossed Senate Bill No. 565 with the following amendment:

On page 1, beginning on line 22 of the printed bill, being line 19 of the engrossed bill, strike everything down to and including the semicolon in line 24 of the printed bill, being line 21 of the engrossed bill, and insert the following: (1) Eighty-five percent of the amount of revenues which would be produced by a levy of fourteen mills on the assessed valuation of taxable property within the school district adjusted to twenty-five percent of true and fair value thereof as determined by the State Tax Commission's indicated county ratio:” and the same is herewith transmitted.

S. R. HOLCOMB, Chief Clerk.

It was moved by Senator Greive that the Senate concur in the House amendment to Engrossed Senate Bill No. 565.

Debate ensued.

POINT OF INQUIRY

Senator Greive:

"Mr. President, would Senator Woodall yield to a question?

"Senator Woodall, I'm speaking for myself. I think others feel the same way. If we were to vote against the amendment and put this measure into a conference committee, and if it came to pass that the House appointed a stubborn conferee who wanted to kill the bill, where would we be then? I think that's the thing that worries us."

Senator Woodall:

"Mr. President:

"I have no idea who might be appointed in the House. You know me well enough to know that when I say something, I say it with all sincerity and I personally would urge any members of my party who might be appointed to this committee to go for the proposition with a two year future extension to give us a chance to go through one election of county assessors. I would do everything within my power to make it come to pass that the bill would not be killed."

Senator Greive:

"Would you be willing to sound out sentiments and, if a conferee wasn't going along, bring the entire matter out before it went to free conference so that we could have a vote?"

Senator Woodall:

"I don't know who I would approach to sound out sentiment. Apparently it passed somewhat overwhelmingly in the House and I can only say, Senator Greive, with whatever influence I might have, I would sincerely go along with the proposition which supported this move but gave it a fixed, future date of two years from now. I will personally support that move."

Further debate ensued.
Senator Washington:

"Mr. President, would Senator Woodall or Senator Ryder or someone who is a little more familiar than I with procedures regarding money going to school districts yield to a question? It strikes me as being very possible that in the normal course of events, there would be a one year warning period and this bill couldn't go into effect in the next school year. Is that correct?"

Senator Ryder:

"Mr. President, Senator Washington:

"I believe that this act would take effect immediately and that the apportionment for the school starting with September would be effected by whatever is in this bill at the present time."

Further debate ensued.

Senators Durkan, Greive and Charette demanded the previous question and the demand was sustained.

Senator Washington demanded a roll call and the demand was sustained by Senators Greive, Bailey, Rasmussen, Talley, Mardesich, Peterson (Ted), Moriarty, Jr., and Raugust.

ROLL CALL

The Secretary called the roll and the Senate voted not to concur in the House amendment to Engrossed Senate Bill No. 565 by the following vote:

Yeas, 23; nays, 25; excused, 1.

Those voting yea were: Senators Connor, Cooney, Cowen, Dore, England, Foley, Gallagher, Guess, Hallauer, Herr, Knoblauch, Kupka, McCormack, McCutcheon, Morgan, Moriarty, Jr., Peterson (Ted), Petrich, Rasmussen, Riley, Thompson, Jr., Washington, Williams—23.

Those voting nay were: Senators Atwood, Bailey, Charette, Chytil, Donohue, Durkan, Freise, Gissberg, Greive, Hanna, Henry, Herrmann, Keefe, Lennart, Lewis, McMillan, Mardesich, Neill, Peterson (Lowell), Raugust, Redmon, Ryder, Sandison, Talley, Woodall—25.

Excused: Senator Stender—1.

PARLIAMENTARY INQUIRY

Senator Woodall:

"Mr. President, point of parliamentary inquiry:

"Having failed to concur, do we now need the motion that we do not concur and ask the House to recede from its amendment to get this matter into conference? If so, I would so move."

Senator Greive:

"Mr. President:

"When I inquired earlier today, I was told that motion would not be necessary."

REPLY BY THE PRESIDENT

The President:

"The President believes that when the Senate refuses to concur, in essence it is also asking the House to recede therefrom. The President believes that the situation is covered by Reed's Rule 254:

"'The motions to concur and to non-concur, being the opposite and sole alternative each of the other, a negative vote on the one is the same as an affirmative vote on the other.'

"In essence, the Senate has refused to concur in the House amendment to the bill and has asked the House to recede therefrom. The President does not believe a motion is necessary."
It was moved by Senator Greive that the Senate immediately consider Senate Bill No. 558 and the House amendment thereto.

The motion was carried.

**MOTION**

On motion of Senator Woodall, Senator Neill was excused.

The Secretary read:

**HOUSE AMENDMENT TO SENATE BILL**

House of Representatives,

Mr. President:
The House has passed Senate Bill No. 558 with the following amendment:
On page 1, section 1, line 12, after the semicolon following “chapter” strike all of the material down to and including the period on line 17 and insert “the term of office of said commissioners shall be from June 11, 1953, until an agreement or compact binding on the state of Washington under the provisions of RCW 43.57.030 has been entered into: PROVIDED, HOWEVER, That when a member of the commission is a member of the House of Representatives, his term on the commission shall expire when he ceases to be a member of the House, and when a member of the commission is a member of the Senate, his term on the commission shall expire when he ceases to be a member of the Senate.” and the same is herewith transmitted.

MESSAGE FROM THE HOUSE

House of Representatives,

Mr. President:
The House has adopted the report of the Free Conference Committee on Senate Concurrent Resolution No. 25 and has passed the resolution as amended by the Free Conference Committee, and the same is herewith transmitted.

S. R. Holcomb, Chief Clerk.

REPORT OF FREE CONFERENCE COMMITTEE

Mr. President:
Mr. Speaker:

We, of your Free Conference Committee, to whom was referred Senate Concurrent Resolution No. 25, establishing a joint interim legislative committee on facilities and operations, have had the same under consideration, and we recommend that the following resolution be substituted for the original resolution, as follows:

"Whereas, Studies of the State Capitol Committee have emphasized the urgent requirements of the legislature and of a number of state agencies for more building space than the existing capitol buildings can provide; and

Whereas, All outstanding bonds for the construction of existing buildings on the capitol site have been retired, and the income from the capitol grant lands set aside by law for this purpose is and will be sufficient to service bonded indebtedness for new construction and remodeling at the rate of five hundred thousand dollars per annum, which is greatly in excess of normal or anticipated requirements;

Now, Therefore, Be It Resolved, By the Senate, the House of Representatives concurring, that a joint interim legislative committee on facilities and operations is hereby created, to consist of six senators (three from each political party) to be appointed by the President of the Senate, and six representatives (three from each political party) to be appointed by the Speaker of the House; the offices of chairman, vice chairman and secretary shall be elected from their number by majority vote of the committee members; and vacancies or resignations from the committee shall be filled by the chairman by the appointment of a new member who shall be from the same house and political party as the person he is replacing; and

Be It Further Resolved, That such joint interim committee shall inquire into and formulate recommendations concerning:

(1) Improved facilities for the various branches of state government including the legislature and its members; and

(2) Immediate, intermediate and long range plans as to how best to handle the workload of the legislature and to facilitate economies and efficiency in legislative operations; and

Be It Further Resolved, That such joint interim committee is authorized, empowered and directed to advise and consult with the State Capitol Committee on the need for construction and remodeling of the buildings contemplated under Substitute Senate Bill No. 504 of the 1965 Session and to give particular attention to so much of the construction and remodeling as will be designed to better enable the work of the legislature to be accomplished in a more efficient, effective and economical manner and to this end maintain a formal liaison relationship with the Legislative Council;

Be It Further Resolved, That the members appointed to the joint legislative facilities and operations committee shall be reimbursed for their expenses incurred while attending sessions of the committee and the State Capitol Committee in the amount of twenty-five dollars per day plus ten cents per mile in going to and coming from any such meetings, conferences, or hearings or in carrying out any business of the
committee as provided for in this resolution, whether within or without the state, the same to be paid upon their individual vouchers, approved by the chairman of the committee, from any moneys appropriated for the expense of the legislature, or from such other funds as may be made available therefor; and that the salaries and expenses of any expert, clerical, and other assistants employed by the committee shall be paid upon vouchers approved by the chairman of the committee from such funds."

On motion of Senator Dore, the Secretary read the last of the report of the Free Conference Committee.

It was moved by Senator Dore that the report of the Free Conference Committee be adopted.

Debate ensued.

**POINT OF INQUIRY**

Senator Riley:

"Mr. President, would Senator Dore yield to a question?

"Senator Dore, while I did not have the opportunity to have the resolution read in full, you in your brief report made reference to the fact that a liaison will be made with the legislative council. My question specifically is: When this report is finished, in what form will it be finished and to whom will this report be made?"

Senator Dore:

"Being an interim committee, it will report to the legislature. There is a sentence providing for that. I think the language reads in the bill that they will maintain a formal liaison, whatever that means, between the committee and the legislative council. They will keep them advised of their activities. I presume they will send a member to meetings and be advised of their progress."

Senator Riley:

"Would Senator Dore yield to another question?

"Senator, at the conclusion of this committee hearing, whenever that will be, will there be a written report available to the fortieth session of the legislature?"

Senator Dore:

"That will be up to the committee members, but I assume as all other interim committees have done, they will make a formal, written report to the legislature, together with recommendations."

**POINT OF INQUIRY**

Senator England:

"Would Senator Dore yield to another question?

"Senator Dore, since we were not afforded the opportunity to listen to all of the Conference Committee report, could you tell us how much this will cost?"

Senator Dore:

"There is no money in this particular resolution, but the budget bill which you have on your desk, provides $25,000 for this committee."

The motion was carried and the report of the Free Conference Committee was adopted.

**ROLL CALL**

The Secretary called the roll on the final passage of Senate Concurrent Resolution No. 25, as amended by the Free Conference Committee, and the resolution passed the Senate by the following vote: Yeas, 41; nays, 7; excused, 1.

Those voting nay were: Senators Cowen, Herrmann, Lennart, Morgan, Riley, Ryder, Thompson, Jr.—7.

Excused: Senator Stender—I.

Where a buyer has failed to pay to the seller the tax imposed by this chapter and the seller has not paid the amount of the tax to the commission, the commission may, in its discretion, proceed directly against the buyer for collection of the tax, in which case a penalty of ten percent may be added to the amount of the tax for failure of the buyer to pay the same to the seller, regardless of when the tax may be collected by the commission; and all of the provisions of chapter 82.32, including those relative to interest and penalties, shall apply in addition; and, for the sole purpose of applying the various provisions of chapter 82.32, the fifteenth day of the month following the [bimonthly] tax period in which the purchase was made shall be considered as the due date of the tax.

As to persons engaging in activities defined in RCW 82.04.120 (the definition of the term "to manufacture"), an amount not to exceed the tax actually paid under chapter 82.08 RCW (Retail Sales Tax) or chapter 82.12 RCW (Use Tax) by such persons or their lessors or their contract vendors, on materials, labor and services in the construction or major improvement of buildings, structures or other improvements to real property that is, to the extent of eighty-five percent or more of the value of the improvements, used or to be used in or related to the business of manufacture for sale or commercial or industrial use of any articles, substances or commodities: Provided, That this credit shall be allowable only against tax payable by the manufacturer and measured by the value of products or gross proceeds of sales of articles, substances or commodities manufactured in this state: Provided further, That this credit shall be allowable only against any tax payable which is attributable to manufacturing which involves the use of such construction or improvements: And provided further, That this credit shall not be allowable for tax paid on purchases of material, labor or services on which the supplier thereof became entitled to compensation prior to July 1, 1964.

Sec. 27. Section 82.32.060, chapter 15, Laws of 1961, as amended by section 1, chapter 22, Laws of 1963 and RCW 82.32.060 are each amended to read as follows:

If, upon application by a taxpayer for a refund or for an audit of his records, or upon an examination of the returns or records of any taxpayer, it is determined by the tax commission that within the two years immediately preceding the receipt of the commission of the application by the taxpayer for a refund or for an audit, or, in the absence of such an application, within the two years immediately preceding the commencement by the commission of such examination, a tax has been paid in excess of that properly due, the excess amount paid within such period of two years shall be credited to the taxpayer's account or shall be refunded to the taxpayer, at his option. Except as to the credits in computing tax authorized by section 26 of
this 1965 amendatory act, no refund or credit shall be allowed with respect to any payments made to the commission more than two years before the date of such application or examination. Where a refund or credit may not be made because of the lapse of said two year period, the amount of the refund or credit which would otherwise be allowable for the portion of the statutory assessment period preceding the two year period may be offset against the amount of any tax deficiency which may be determined by the commission for such statutory assessment period. Notwithstanding the foregoing, no refund or credit shall be granted with respect to taxes paid prior to May 1, 1950, but where a refund or credit may not be made because the tax was paid prior to May 1, 1950, the amount of the refund or credit which would otherwise be allowable for the portion of the statutory assessment period preceding May 1, 1950, may be offset against the amount of any tax deficiency which may be determined by the commission for such preceding period.

Notwithstanding the foregoing limitations there shall be refunded or credited to taxpayers engaged in the performance of United States government contracts or subcontracts the amount of any tax paid, measured by that portion of the amounts received from the United States, which taxpayer is required by contract or applicable federal statute to refund or credit to the United States, if claim for such refund is filed by the taxpayer with the tax commission within one year of the date that the amount of the refund or credit due to the United States is finally determined and filed within four years of the date on which the tax was paid: Provided, That no interest shall be allowed on such refund.

Any such refunds shall be made by means of vouchers approved by the tax commission and by the issuance of state warrants drawn upon and payable from such funds as the legislature may provide.

Any judgment for which a recovery is granted by any court of competent jurisdiction, not appeal from, for tax, penalties, and interest which were paid by the taxpayer, and costs, in a suit by any taxpayer shall be paid in like manner, upon the filing with the tax commission of a certified copy of the order or judgment of the court. Except as to the credits in computing tax authorized by section 26 of this 1965 amendatory act, interest at the rate of three percent per annum shall be allowed by the tax commission and by any court on the amount of any refund or recovery allowed to a taxpayer for taxes, penalties, or interest paid by him after May 1, 1949, and interest at the same rate shall be allowed on any judgment recovered by a taxpayer for taxes, penalties, or interest paid after such date.

Sec. 29. Section 82.50.030, chapter 15, Laws of 1961 as amended by section 7, chapter 199, Laws of 1963 and RCW 82.50.030 are each amended to read as follows:

The rate and measure of tax imposed by this chapter for each calendar year shall be one and one-half percent of the fair market value of the house trailer, as determined in the manner provided in this chapter: Provided, That the calendar year shall be divided into twelve parts corresponding to the months of the calendar year and the excise tax upon a house trailer used for the first time in this state after the last day of any month shall only be levied for the remaining months of the calendar year including the month in which the house trailer is first used: Provided further, That the minimum amount of tax payable shall be two dollars.
A house trailer shall be deemed used for the first time in this state when such vehicle was not previously licensed by this state for the year immediately preceding the year in which application for license is made.

Sec. 30. Section 24, chapter 62, Laws of 1933 extraordinary session, and RCW 66.24.290 are each amended to read as follows:

Any brewer or beer wholesaler licensed under this title may sell and deliver beer to holders of authorized licenses direct, but to no other person, other than the board; and every such brewer or beer wholesaler shall report all sales to the board monthly, pursuant to the regulations, and shall pay to the board as an added tax for the privilege of manufacturing and selling the beer within the state a tax of one dollar per barrel of thirty-one gallons on sales to licensees within the state and on sales to licensees within the state of bottled and canned beer shall pay a tax on the same basis] computed in gallons at the rate of one dollar and fifty cents per barrel of thirty-one gallons. Each such brewer or wholesaler shall procure from the board revenue stamps representing such tax in form prescribed by the board and shall affix the same to the barrel or package in such manner and in such denominations as required by the board, and shall cancel the same prior to commencing delivery from his place of business or warehouse of such barrels or packages. Beer shall be sold by brewers and wholesalers in sealed barrels or packages. The revenue stamps herein provided for need not be affixed and canceled in the making of resales of barrels or packages already taxed by the affixation and cancellation of stamps as provided in this section.

The above tax shall not apply to "strong beer" as defined in this title.

NEW SECTION. Sec. 31. There is added to chapter 15, Laws of 1961 and to chapter 84.36 RCW a new section to read as follows:

The following property shall be exempt from taxation:

All property, whether real or personal belonging to any nonprofit corporation or cooperative association and used exclusively for the distribution of water to its shareholders or members.

NEW SECTION. Sec. 32. If any phrase, clause, subsection or section of this act shall be declared unconstitutional or invalid by any court of competent jurisdiction, it shall be conclusively presumed that the legislature would have enacted this act without the phrase, clause, subsection or section so held unconstitutional or invalid and the remainder of the act shall not be affected as a result of said part being held unconstitutional or invalid.

NEW SECTION. Sec. 33. This act is necessary for the immediate preservation of the public peace, health and safety, the support of the state government and its existing public institutions, and shall take effect June 1, 1965.

Senate Members

| Martin J. Durkan   | Henry Backstrom |
| William A. Gissberg | Tom Copeland |
| Perry B. Woodall   | Leonard A. Sawyer |

It was moved by Senator Durkan that the report of the Free Conference Committee on Substitute House Bill No. 608 be adopted.

Debate ensued.

Senators Keefe, Moriarty, Jr. and Bailey demanded the previous question and the demand was sustained.

The motion was carried.

The President declared the question before the Senate to be the final passage of Substitute House Bill No. 608 as amended by the Free Conference Committee.

Further debate ensued.

POINT OF INQUIRY

Senator Ryder:

"Mr. President, I would like to ask Senator Durkan a question.

"Senator Durkan, I know that this may hurt you a little, but I would like to get the answer to this question. I understand that some of the taxes in this bill are to take effect on June 1st of this year. Is this correct? Would this raise about $2 million before the end of the biennium?"
Senator Durkan:
"Mr. President:
"We moved the collection date up to June 1st. That is the answer to your question."

Senator Ryder:
"Mr. President, Senator Durkan:
"I found it on the sales tax and the liquor tax, but I did not find it on the use tax. Is this an oversight?"

Senator Durkan:
"No, there were some of the taxes that could not be collected, but as far as the drafting is concerned, it was June 1st."

Senator Ryder:
"On the use tax?"

Senator Durkan:
"That was my understanding."

PERSONAL PRIVILEGE

Senator Morgan:
"Mr. President, personal privilege, and I would like to have my remarks in the record:

"I am voting against the report of the Free Conference Committee on Substitute House Bill No. 608 which enacts nearly $60 million taxes on some and removes taxation on others. I consider it inequitable and unjust. Most certainly I feel that special consideration for the gasoline industry as compared to the much larger taxes on the oil industry, is scandalous. Taxation removed from many and larger taxes imposed on other businesses is totally unacceptable to this Senator and to my 84,000 constituents. The lack of a five cent cigarette tax and $5 million from that, and the lack of a tax on gas dealers and nearly $2 million from that have resulted in cuts for those who cannot lobby or speak for themselves.

"I shall be here as a Senator next time. I do not run this time. Next session and during the interim period, I shall tell all who ask the truth about this bill as I see it: Inequities in taxation in Washington state."

Debate ensued.

ROLL CALL

The Secretary called the roll on the final passage of Substitute House Bill No. 608, as amended by the Free Conference Committee, and the bill passed the Senate by the following vote: Yeas, 26; nays, 22; excused, 1.

Substitute House Bill No. 608, as amended by Free Conference Committee, having received the constitutional majority, was declared passed.

There being no objection, the title of the bill was ordered to stand as the title of the act.

It was moved by Senator Woodall that Substitute House Bill No. 608 as amended by the Free Conference Committee, be immediately transmitted to the House.

"Mr. President:

The President:

"Suspension of the rules is not debatable, although a word of explanation is in order."

(2) Compensation for amputation of a member or part thereof at a site other than those above specified, and for loss of central visual acuity and loss of hearing other than complete, shall be in proportion to that which such other amputation or partial loss of visual acuity or hearing most closely resembles and approximates. Compensation for any other permanent partial disability not involving amputation shall be in an amount equal to eighty-five percent of the proportion which the extent of such other disability, called unspecified disability, shall bear to that above specified, which most closely resembles and approximates in degree of disability such other disability, but not in any case to exceed the sum of [eight thousand seven hundred and fifty] twelve thousand seven hundred and fifty dollars: Provided, That the total compensation for all unspecified permanent partial disabilities resulting from the same injury shall not exceed the sum of [eight thousand seven hundred and fifty] twelve thousand seven hundred and fifty dollars [. For disability to a member not involving amputation, not more than nine tenths of the foregoing respective specified sums shall be paid: Provided further, That payment for any injury to minor hand or arm or any part thereof, shall not exceed
ninety-five percent of the amounts hereinbefore enumerated): Provided further, That in case permanent partial disability compensation is followed by permanent total disability compensation, any portion of the permanent partial disability compensation which exceeds the amount that would have been paid the injured workman if permanent total disability compensation had been paid in the first instance, shall be deducted from the pension reserve of such injured workman and his monthly compensation payments shall be reduced accordingly.

[5)] When the compensation provided for in subsections (1) and (2) exceeds one thousand dollars, payment shall be made in monthly payments in accordance with the schedule of temporary total disability payments set forth in RCW 51.32.090 until such compensation is paid to the injured workman in full, except that the first monthly payment shall be in the amount of one thousand dollars and interest shall be paid at the rate of five percent on the unpaid balance of such compensation commencing with the second monthly payment: Provided, That interest so paid shall not be charged to the cost experience of any employer but shall be borne wholly by the applicable class account: Provided further, That upon application of the injured workman the monthly payment may be converted, in whole or in part, into a lump sum payment, in which event the monthly payment shall cease in whole or in part. FIFTY-THIRD DAY, MAY 6, 1965

POINT OF ORDER

Senator Moriarty, Jr.:
"Mr. President, I rise to a point of order. The point of order is that this bill is not properly before us under the concurrent resolution which limits us to consideration of revenue and redistricting measures. This is a referendum which is not included in the concurrent resolution."

APPOINTMENT OF SPECIAL COMMITTEE

The President appointed a special committee consisting of Senators Raugust, Riley, Cowen, Lennart and Keefe to escort Senator John T. McCutcheon to a place of honor upon the rostrum.

The Secretary read:

SENATE RESOLUTION
No. 1965 EX -28

By Senators Keefe, Cowen, Lennart, Raugust and Riley:

WHEREAS, As this, the Thirty-ninth regular and special session of the Legislature draws near to adjournment it is particularly fitting that we, the members of this Senate body, pay particular tribute to the learned gentleman and attorney from Pierce county whose continued presence in this body with each new legislative session proclaims for all that more perfect integrity and ability which we deem this House of the Legislature to possess, Senator John T. McCutcheon; and

WHEREAS, John McCutcheon, having given freely of his time and service in both major political parties, has elevated, as few others in this state's history, the status of "politics," his loyalty being above everything else to his constituents, but when the time and circumstances warranted, serving in that party wherein he felt those constituents' needs could best be served, and giving of himself wholly to that party and its causes; whether as Assistant United States Attorney, member of the House of Representatives, candidate for state treasurer, for governor, for Congress, or as a member of this body, whether as a Republican or Democrat, John McCutcheon, able to an extent realized but by few of his contemporaries, stands forth indeed as a leader among his fellow men; and

WHEREAS, Each of us in this chamber today may in truth testify to those particular attainments of Senator McCutcheon, his considerable education, both at the University of Washington and at the University of Indiana, reflected in his brilliant career in
the legal field, coupled with a broad background of knowledge obtainable only through years of diligent, tireless seeking of the truth in the solving of the day's problems, his warmth of character reflected perhaps at best when speaking upon the floor of this chamber, when his humor, his great wit and forensic ability is foreshadowed only by the honesty and integrity with which he speaks; his is a voice listened to, a voice heeded and respected, a voice that we, the members of this chamber, recollect with that degree of fondness reserved only for dear and good friends;

Now, Therefore, Be It Resolved, By the members of this Thirty-ninth regular and special session of the Senate, That we hereby extend to John McCutcheon the singular title of "Senator Extraordinary", that Senator McCutcheon's great contribution to the growth of this state is hereby acknowledged and commended, certainly that this state, during this session, was the first in this nation to successfully redistrict itself under the standard laid down by the Supreme Court of the land is in itself further proof of the capable determined leadership of Senator McCutcheon in meeting and facing the tasks at hand; whether as a boy growing up on a farm in the Chehalis valley, whether as a vice consul in Europe before World War I and noted world traveler, or whether as mayor of Steilacoom and life-time friend and resident among us, this day we do commend for all to know our fellow Senator, "John T. McCutcheon, Senator Extraordinary".

And Be It Further Resolved, That the Secretary of the Senate shall have suitably inscribed copies of this Senate Resolution and present sufficient copies of the same for him and his three fine children with our heartfelt compliments to the great Senator from Pierce county, John T. McCutcheon, Senator Extraordinary.

It was moved by Senator Raugust that the resolution be adopted.

PERSONAL PRIVILEGE

Senator Lennart:

"Mr. President and Senators:

"This is for me a great delight to come pay a tribute to a man whom I have known so many years. Legislators come and legislators go. Senators come and senators go. We observe that even governments come and governments go. But man is more than that. He is the founder of government.

"We have in this Great Northwest, in this great state, the means of great material prosperity. We have among us many people extracted from many races and mixtures of races from which the people have extracted the best that each county and district can give.

"We have in this Senate peace loving people and adventurous people, people who like to go over the strange trail into the unknown, and we have wise men, and Senator McCutcheon is one of those wise men that we like to touch to catch up some crumbs of the wisdom that he bestows upon us.

"I mentioned the other day that it was a very, very great statesman in ancestral times called Daniel. This man Daniel we know would rather be in the lion's den with God, than without the lion's den without God. He always reminds me of Senator McCutcheon.

"Well, you know Senator McCutcheon, and we are probably going over the hill into the undiscovered country pretty soon, but I am sure he will go down in flying colors, even if I don't. And, Senator, I have often thought—I have a beautiful summer home out in the islands here, and I have often thought, as I sit there and watch with delight beyond all words the sunset, and the deep, long lines of purple cloud edged with intolerable radiance and reflected below in light purple colors upon the sea, and the dying of it all away—then I have thought and often think of those lines of Shakespeare, and, often-quoted as they are, the poet would have us in touch with the sunset, and the sunset the way the poet meant it by these lines: 'We are such stuff as dreams are made of, and our little life is rounded with a sleep.'

"I know, Senator McCutcheon, you will go down in flying colors, but before that, we want you back here."

Senator Knoblauch:

"Mr. President and members of the Senate:

"I am only sorry that, being from Pierce county, I didn't have the privilege of being one of those who sponsored this resolution, because the Senator Extraordinary has been an idol of mine for a good many years. I had always hoped that I could base
my experience and ability in Olympia here along the lines of Senator John McCutcheon. No finer man has ever served Pierce county nor the state of Washington, and this is shown by the many, many years of service granted to him by the people whom he has served so well. How I wish I had the ability of John McCutcheon! I wish I had, Senator Extraordinary, your sharp wit and your ability on the floor as a debator. I wish I had your ability and your many years of experience of service to the people of your own community and to your district and to your state, and I want to assure you, Senator John, that this is not meant to be words of eulogy because we know that you have many, many years of public service ahead of you.

"In closing may I say that when I finish my term of public service, I hope that I will have earned the respect that everyone here in Olympia pays to that great man from Pierce county, Senator Extraordinary, John McCutcheon, today."

Senator McMillan:

"Mr. President and members of the Senate:

I think that on occasions of this kind, after a long, frustrating period such as we have had in session here, it is most appropriate and it is greatly therapeutic to our nerves and makes us feel that service in the state Senate indeed has value.

"Now, when I returned to Olympia and service in the state Senate, after a long vacation, I came down here first in 1935. I was retired, but temporarily, happily, in the 1942 election, running again in 1958. One of the first pleasant experiences that was my privilege was greeting Senator McCutcheon.

"You know, I wondered how it was going to be here after such a long vacation. I remembered how it was in the old days when I was a much younger man and I wondered how I was going to fit in with those young fellows, those sharp politicians, fellows that have been up against the gun recently and I was somewhat of a retiree. I wondered: 'How are you going to get by down there?'

"But let me tell you, lady and gentlemen of the Senate, I was immediately put at ease by my good and valued friend, Senator McCutcheon. I wasn't long in feeling at home and that I belonged, and as time went on, I experienced a growing sense of fellowship with the membership of both sides of the aisle. Let me say my return to the Senate has been most rewarding and certainly it got off to a fine start from my valued friend, Senator McCutcheon."

Senator Moriarty, Jr.:

"Mr. President and members of the Senate:

There are only one or two things that I would like to add to the compliments that are being directed toward our good friend from Pierce county. First, he is a fine man and a gentleman. Second, he is an outstanding Senator, and, third but not least, when he is on the other side, he is a fierce but noble adversary."

Senator Rasmussen:

"Mr. President:

I, too, want to join with Senator Knoblauch. We younger members of the Pierce county delegation appreciate Senator McCutcheon's efforts, both in past sessions and during this session, and it is certainly with deep regret that we will sometimes cross swords and will cross swords again, but John and I have always managed to stay friends throughout the years. I think his service has been outstanding and I am sure that's the feeling of all of the members from Pierce county and we have so indicated."

Senator Morgan:

"Mr. President, Senator McCutcheon, gentlemen of the Senate:

"Speaking as the only woman in here, when I came into the Senate in 1961, it was pretty lonely and sometimes it is today, and never once have I been in the restaurant but what I felt free to go sit by Senator McCutcheon, because he regarded me, not as a woman, but as a Senator.

"I recall two years ago, the battle of the budget, when we had all become pretty overwrought. I left the committee room at about one in the morning, and I tore downstairs and I was going to cash in my chips and say, 'There's just no use.' And who was down there but Senator John. He said to me, 'You're a Senator. You go back up and fight, Senator Morgan.' I'll never forget that.

"Senator John, my mother loved you. She admired you. It has been a great pleasure for me to serve with you, Senator John McCutcheon."

The motion was carried and the resolution was adopted.
FIFTY-THIRD DAY, MAY 6, 1965

PRESIDENT'S PRIVILEGE

The President:

"The President at this time should like to request of the lovely and gracious daughter of Senator McCutcheon, Katherine McCutcheon, to please stand in order that the members of the Senate may properly recognize her. (Applause.)"

"Senator McCutcheon, the Senate in its wisdom and keen judgment, has conferred upon you the title of Senator Extraordinary, which is, in all likelihood the first time in the history of the state of Washington that such a magnificent honor has been bestowed upon a member of the Senate.

"The members of the Senate and the President and the staff join in congratulating you and wishing you well in the years to come. The people present today would be delighted and honored to hear from you, Senator John McCutcheon."

Senator McCutcheon:

"Mr. President, Senator Riley, Senator Dixon, Senator Keefe, and to go right on down the line, Senator Raugust, Senator Lennart, Senator Cowen, Senator Rasmussen, Senator Morgan, Senator McMillan, Senator Knoblach, Senator Moriarty, and everyone else:

"When I looked over here at that baldheaded man near the front row, I felt when I heard all these speeches that: Surely they're not talking about me. I thought maybe I was a little like the colored lady at her husband's funeral. You see, he really wasn't much of a man, and when she heard the speeches, she walked up to the casket to see if it was really him they were talking about.

"But I have always been, all my life, ambitious to be effective in public affairs, particularly in the affairs of my native state. I have tried for many offices, won some, lost many others, aspired far beyond my depth, and yet if I had gained every one of them, I wouldn't have been half as proud as I am standing here today before you people after hearing this. No man on this earth could feel or have a greater feeling of satisfaction.

"I am not deserving of this at all. I know this. And I am astounded that after all the pulling and hauling and all the screams—we all fight hard; we all forgive; some lose and some gain—things will come out.

"I walked out this morning among the trees and blossoms and looked up at that blue sky and those clouds, and I thought: Washington; oh, Washington, what a wonderful state we have here.

"We'll make our mistakes. We have economic prosperity, or will have. We will have our fights. We will have our government. It will always belong to the people.

"By the way, this was a great surprise to me, Mr. President, so I have a few notes here. You'll understand that I still have friends that tipped me off a little bit, but I didn't expect anything like this. There are many on this floor far more worthy than I for such an honor as this. We have all done our part. We all have our good sessions and we all have our bad sessions. We all do what we think we ought to do. That's all a man ever can do. I came down to this session and I wanted to upgrade the legislature. I've become very fond of this parliamentary body and have done my very best in that regard.

"I was thinking of all our weaknesses and all our good points. I was thinking in this session how you younger people—and I would mention a few—I see them on both sides of the aisle, but if I started mentioning names, I might overlook some—but I have read in the last two, three days when we have served on these conference committees, of these men working long and hard and with great capability. There are men on this floor who could easily be governor of the state of Washington and handle that job with a great deal of ability and dispatch.

"We all do our best that we can and we all do it with the brains that God has given us. I made a couple of moves this session that made me wonder whether I had any brains at all or not. If my votes on small matters on occasions have sometimes been a puzzle to my friends who have seen me on other occasions fighting like a bulldog, and then acting like I didn't know what was going on, I would remind you to remember that we are sometimes just guarding our rear, you know, for when we go back home. There is always the big battle coming up, and may I say at this time, I am seventy-three years old. I do not intend to retire at this time, but I am going to retire very, very soon. I hope to be back.

"I stood there a minute ago beside Bill Raugust and Ernie Lennart and I thought to myself, us three old grenadiers have been through the storm of fighting for our
health the last two or three years. Now of course I'll have to step out of the way, because soon or later—but, you know "Slim" can't live forever either, and you'll notice I used the term that his friends like to call him as a personal term of endearment.

"Now I could not leave this body with any hard feeling toward anybody at any time. When you enter the political battle you enter the battle of your life in this body. You divest yourself of all impediment so that you can gird your loins and you fight hard and you don't flinch and you don't foul, and you hit the line hard, as Teddy Roosevelt said.

"I'm very proud of my state. I'm proud of this body, and I'm proud of every one of you who have served here with me. A while ago I stood there for a moment and I had tears in my eyes. I'm ashamed, really. I've made so many mistakes. We all have. We have all done some good things and if I had anything to say, I want to encourage you younger men: Try and be courteous and considerate of each other at all times. Never give up your opinions if you think you are right, and don't be talked out of anything. I admire a good, strong adversary.

"With these few remarks—and I suppose I won't be back up here to make another speech like this, but I bid you an affectionate and warm good evening, and let's get back to work and get the work done and go home. Thank you."

The President:

"Senator Gerald Dixon, the President and all of the members of the Senate would be pleased to hear from you."

Senator Dixon:

"Mr. President and all of the members of the Senate:

"It is a great privilege to me to come up here today and say a few words. In the old days, I used to sit down there at the desk and say quite a few words, and I made a good record with the public of the state of Washington, a record wherein the last time I ran, nobody ran against me at all!

"I have known Senator McCutcheon, his wife and his daughter. They are lovely people, and, Senator McCutcheon, I wish you well, and to all the Senators I want to say that the public of the state of Washington are more aware today of what is going on in Olympia than they used to be twenty years ago. The newspapers are making a better spread of the news. What happens here is pretty well known to all of the electorate of the state of Washington.

"Now, to the younger men down here I say we need the young men because of their ideas and wars. It seems as though we are always fighting wars with somebody or something. But to the older men and women, we need counsel, and that is what you get from experience of the years as they go by.

"Now it has been a wonderful experience to me and has taken me back ten years just to come back here and be among the seats and the furniture and the place where I served for twenty-four years, and I have enjoyed every moment of it. I love you all, both sides of the aisle, and we need both parties, too. Don't forget that. God help us if we ever get into a one party system. We need both parties.

"Study what is going on. Keep up both parties. Listen to the voice of the public. "Thank you very much."

The committee of honor escorted Senator McCutcheon to his seat.

General Fund—Institutional Building Construction Account Appropriation to transfer the unexpended fund balance as of July 31, 1965, to the Institutional Building Bond Redemption Fund $200,000.00

NEW SECTION. Sec. 3. The word “agency” used herein shall mean and include every state government office, officer, each institution, whether educational, correctional, or other, and every department, division, board and commission, except as otherwise provided in this act.

The phrase “agencies headed by elective officials” used herein shall mean those executive offices or departments of the state which are directly supervised, administered, or controlled by the governor, lieutenant governor, secretary of state, treasurer, auditor, attorney general, superintendent of public instruction, commissioner of public lands, or insurance commissioner, but it shall not include those boards, commissions, or committees on which one or more of the above named elected officials serve.

NEW SECTION. Sec. 4. In order to carry out the provisions of these appropriations and the state budget, the budget director, with the approval of the governor, may:

1. Allot all or any portion of the funds herein appropriated, or included in the state budget, to the various agencies by such periods as he shall determine and may place any funds not so allotted in reserve available for subsequent allotment: Provided, That the budget director shall not alter allotment requests filed with him, nor shall he place in reserve any funds, for the following: Agencies headed by elective officials; University of Washington; Washington State University; Central Washington State College; Eastern Washington State College; Western Washington State College; Washington State Apple Advertising Commission; Washington State Fruit Commission; Washington Dairy Products Commission or any agricultural commodity commission created under the provisions of chapter 15.66 RCW; the legislative branch of state government including the legislative council, the legislative budget committee, the statute law committee, and any legislative interim committee; or the judicial branch of state government: Provided, however, That the aggregate of allotments for any agency shall not exceed the total of applicable appropriations and local funds available to the agency concerned. It shall be unlawful for any officer or employee to incur obligations in excess of approved allotments or to incur a deficiency and any obligation so made shall be deemed invalid. Nothing in this section or in chapter 328, Laws of 1959 shall prevent revision of any allotment when necessary to prevent the making of expenditures under appropriations in this act in excess of available revenues.

2. Issue rules and regulations to establish uniform standards and business practices throughout the state service, including regulation of travel by officers and employees and the conditions under which per diem shall be paid, so as to improve efficiency and conserve funds.

3. Prescribe procedures and forms to carry out the above.

4. Allot funds from appropriations in this act in advance of July 1, 1965, for the sole purpose of authorizing agencies to order goods, supplies or services for delivery after July 1, 1965. Provided, That no expenditures may be made from the appropriations contained in section 1 until after July 1, 1965.

NEW SECTION. Sec. 5. Except as otherwise provided in this act, any receipts from federal or other sources or from gifts or grants in excess of those estimated in the budget may be received and allotted by the governor but in the event that receipts shall be less than those estimated in the budget from any source the appropriation shall be limited to the amount actually received and allotments made as provided in section 4. Whenever possible, the receipt of federal or other funds which are not anticipated by the governor’s budget or the legislature shall be used to support regular programs instead of using appropriated funds.

NEW SECTION. Sec. 6. Agencies are authorized to make refunds of erroneous or excessive payments and in the case of other refunds, which may be provided by law, without express appropriation therefor.
NEW SECTION. Sec. 7. Whenever allocations are made from the governor's emergency appropriation to an agency which is financed by other than general fund moneys, the budget director may direct the repayment of such allocated amount to the general fund from any balance in the fund or funds which finance such agency. No appropriations shall be necessary to effect such repayment.

NEW SECTION. Sec. 8. In addition to the amounts appropriated in this act for revenue for distribution and bond retirement and interest, there is also appropriated such further amounts as may be required or available for these purposes under any statutory formula or under any proper bond covenant made in accordance with law.

NEW SECTION. Sec. 9. Amounts received by an agency as reimbursements pursuant to RCW 43.09.210 shall be considered as returned loans of materials supplied or services rendered. Such amounts may be expended as a part of the original appropriation of the fund to which it belongs, without further or additional appropriation, subject to conditions and procedures prescribed by the budget director which shall provide for determination of full costs, disclosure of such reimbursements in the governor's budget, maximum inter-agency usage of data processing equipment and services and such restrictions as will promote more economical operations of state government without incurring continuing costs beyond those reimbursed.

NEW SECTION. Sec. 10. This act is necessary for the immediate preservation of the public peace, health and safety, the support of the state government and its existing public institutions, and shall take effect immediately.

PARLIAMENTARY INQUIRY

Senator Henry:
"Mr. President, point of parliamentary inquiry:
"Is it necessary to resolve ourselves into a Committee of the Whole to pass the budget bill?"

REPLY BY THE PRESIDENT

The President:
"The President thinks not, Senator. This matter is the adoption of a conference report, and cannot be amended or changed."

It was moved by Senator Foley that the report of the Free Conference Committee be adopted.

Debate ensued.

POINTS OF INQUIRY

Senator Washington:
"Mr. President, would Senator Foley yield to a question?
"Senator Foley, I have been asked to put this in the record for the purpose of future reference. It was the understanding that this appropriation relating to universities and colleges, was intended that the money for pay raises was to apply to the nonteaching staff as well as to the faculty at institutions of higher learning, is that correct?"

Senator Foley:
"That is my understanding, but the sum appropriated is a lump sum and the universities and colleges can dole it out in the manner that they best see fit."

Senator Washington:
"I understand that, but it was the intention that it could be used and should be used for both categories?"

Senator Foley:
"Certainly."
Senator Durkan:

"Mr. President, would Senator Foley yield to a question?

"Senator Foley, as I understand it and I would like the record so to show, on page 13 of the appropriations bill under the Department of Institutions, Schools for the Blind and Schools for the Deaf, there is a lump sum appropriation in there which includes increases for salaries and teachers' salaries."

Senator Foley:

"Yes."

Senator Durkan:

"And that includes employees' salaries as well as teachers' salaries?"

Senator Foley:

"It does."

Further debate ensued:

Senator Moriarty, Jr.:

"Mr. President, I wonder if Senator Dore would yield:

"Senator Dore, in your remarks, I understood you to say as far as you knew there were no cuts from the budget level requested by Governor Rosellini?"

Senator Dore:

"To my knowledge and thinking about it there is one item I believe in the Rehabilitation Center which I think was cut $8,000 below the request. Outside of that, I can't think of any. Oh, there is another one, too. The Department of Economic Development, Senator, I think there was a slight adjustment in that particular category."

Senator Moriarty, Jr.:

"One more question, Senator:

"How much money was the 'slight adjustment' in the Department of Economic Development?"

Senator Dore:

"In state funds, I think the final figure was around $500,000."

Senator Riley:

"Mr. President, would Senator Foley yield to a question?

"Senator Foley, could you give me an estimate of approximately how much more money is in this Engrossed Substitute Senate Bill No. 374 than was in the appropriation measure as we closed up the 1963 session? I think I am fairly close in my calculations that I have written down for my own information. This is $160 million more than we appropriated two years ago, is that correct?"

Senator Foley:

"It is $170 million more."

Senator Riley:

"Thank you. I am glad to have your more expert figure."

Debate ensued.

Senators Charette, Durkan and Kupka demanded the previous question and the demand was sustained.

The motion by Senator Foley that the report of the Free Conference Committee be adopted was carried.

REPORT OF FREE CONFERENCE COMMITTEE

Mr. President:

We, of your Free Conference Committee, to whom was referred Engrossed Senate Bill No. 565, relating to the apportionment of funds for educational purposes, have had the same under consideration, and we recommend that Engrossed Senate Bill No. 565 be amended as follows:

That the House amendment by the Committee on Ways and Means on page 1 of the printed and engrossed bills be stricken.

On page 1, beginning on line 22 of the printed bill, being line 19 of the engrossed bill, strike everything down to and including the semicolon on line 24 of the printed bill, being line 21 of the engrossed bill, and insert "(1) Eighty-five percent of the amount of revenues which would be produced by the maximum levy permissible for any school district without a vote of the electors thereof during the school year 1965-1966 and during the portion of the school year 1966-1967 expiring December 31, 1966. For all school years and portions of school years thereafter, eighty-five percent of the amount of revenues which would be produced by a levy of fourteen mills on the assessed valuation of taxable property within the school district adjusted to twenty-five percent of true and fair value thereof as determined by the state tax commission’s indicated county ratio:"

On page 3, section 1, line 6, of the printed and engrossed bills, after "section" and before "to" strike the numeral "2" and insert "[2] 1"

On page 4 of the printed and engrossed bills, following section 2, add a new section to read as follows:

FIFTY-THIRD DAY, MAY 6, 1965

It was moved by Senator Charette that the report of the Free Conference Committee be adopted.

Debate ensued.

POINT OF INQUIRY

Senator Petrich:
"Mr. President, would Senator Charette yield to a question?"

Senator Charette:
"I will."

Senator Petrich:
"Senator, I notice in reading the report that there is a difference in dates between a school year and the annual period in which the assessments are made. Now, as I heard the report read, it appears to me that in the half school year commencing January 1, 1967, there possibly appears to be a situation wherein there is no provision made for the contribution by the state for the half school year, namely; January 1, 1967 to June, 1967."

Senator Charette:
"Senator Petrich, we worked this out with the representative from Superintendent Bruno's office and he assured the whole committee that there was a provision made as these payments are made monthly and they will be adjusted commencing January, 1967. The nineteen counties throughout the state that were affected by this bill because of their adverse position will have a revision as of January 1, 1967."

Senator Petrich:
"One further question, Senator:
"In view of the fact that there is a delay in the assessment and the levy of the taxes on the new assessed values, now, as I understand the provisions of the amendment as proposed by the Free Conference Committee, in the event the assessor was below the assessed value and then brought up his assessed value to the minimum requirements before January 1, 1967, would he then be entitled to receive the full benefits of the state contribution for school purposes even though the taxes which would be realized from the increased assessment would not come into the local school district until the succeeding year?"

Senator Charette:
"Senator Petrich, that is not my understanding of the bill. I think that most of us are familiar with the fact that the assessment rolls are made up in February and spread on the books each year to be collected at the beginning of the next year. This would force the assessor to take immediate action, in my opinion. If he is not active by January 1, 1967, it is going to be to the detriment of the schools in his county."

Senator Petrich:
"Senator, one further question:
"Perhaps my view may differ from yours, but the assessed valuations as of January 1 of this year do not affect our tax statements as of this year and as I understand it there is going to be a one year lapse between the time when the assessor catches up the assessed valuation and the time when the taxes are going to be realized against the assessment. If I am incorrect, please correct me."

Senator Charette:
"I think the assumption is correct, Senator Petrich, and it will then require the assessor to take immediate action because the taxes will take eighteen months to get these increased assessments on the rolls and the statements out to the taxpayers. If he doesn't take immediate action, then his school district is going to be punished for a year at the least."

Debate ensued.
POINT OF INQUIRY

Senator Riley:

"Mr. President, would Senator Charette yield to a question? "

"Senator Charette, my question is simply this: With this delay in the effective date, with which I subscribe, will we then have, when we return in January, 1967, an opportunity to review at least the assessors' assessment levels for a period of one year so that in 1967 we will be in a better position to determine whether or not the formula is at the right level or whether it should be corrected or should be changed?"

Senator Charette:

"Yes."

The motion was carried and the report of the Free Conference Committee was adopted.

The Secretary called the roll on the final passage of Engrossed Senate Bill No. 565, as amended by the Free Conference Committee and the bill passed the Senate by the following vote: Yeas, 36; nays, 10; absent or not voting, 1; excused, 2.

House of Representatives,

MR. PRESIDENT:

The House has adopted the report of the Free Conference Committee on Engrossed Senate Bill No. 40 and has passed the bill as amended by the Free Conference Committee, and the same is herewith transmitted. S. R. Holcomb, Chief Clerk.

REPORT OF FREE CONFERENCE COMMITTEE

MR. PRESIDENT:

MR. SPEAKER:

We, of your Free Conference Committee, to whom was referred Engrossed Senate Bill No. 40, providing for sale of bonds to provide school plant facilities, have had the same under consideration, and we recommend that the following amendments to Engrossed Senate Bill No. 40 be adopted:

On page 1, section 1, line 22, of the engrossed bill, being line 24 of the printed bill after "when due," strike the remainder of the paragraph through line 1 on page 2.

On page 3, section 6, lines 18 and 19 of the printed bill, being line 14 of the engrossed bill, after "valuation" strike "plus such further" and insert "or such"
On page 3 of the printed bill, being page 3, line 25 of the engrossed bill, insert a new section to read as follows:

"NEW SECTION. Sec. 8. In accordance with the provisions of section 6, the state board of education is authorized to allocate the sum of $27,753,500 (being (1) $16,483,500 from the public school building construction account including $7,403,500 for new community colleges authorized by the 1965 legislature, and (2) $11,270,000 from the common school construction fund): Provided, That such allocations shall not be binding upon the state in the event that either this act or Senate Joint Resolution No. 22, 1965 extraordinary session, is rejected by the people: Provided further, That expenditures against such allocations shall not exceed the amounts appropriated in this act and in chapter ...., Laws of 1965, extraordinary session (Engrossed Substitute Senate Bill No. 42) during the 1965-67 fiscal biennium, or the amounts then currently appropriated for these purposes by future legislatures."

Mrs. John W. (Kathryn) Epton

It was moved by Senator McCormack that the report of the Free Conference Committee be adopted.

POINT OF INQUIRY

Senator Moriarty, Jr.:
"Mr. President, would Senator McCormack yield to a question?

Senator McCormack:
"Yes."

Senator Moriarty, Jr.:
"Senator, I read the Conference Committee report hastily and I noticed a $27 million figure which I assume is the total of the $16½ million bond issue and approximately the $11 million Senate Joint Resolution No. 22 money. My question is whether the bond issue will go on the ballot as a $27 million bond issue, or a $16½ million bond issue?"

Senator McCormack:
"It will go on the ballot as a $16½ million bond issue, but the $27 million figure is authorization for that much construction based upon the bond issue and Senate Joint Resolution No. 22."

The President called upon Senator Gissberg to preside.

The motion was carried and the report of the Free Conference Committee was adopted.

The Secretary called the roll on the final passage of Engrossed Senate Bill No. 40, as amended by the Free Conference Committee, and the bill passed the Senate by the following vote: Yeas, 46; nays, 0; absent or not voting, 1; excused, 2.

The renaming of said committee shall not affect any powers vested in it or duties imposed upon it by any other statute. All appropriations made to the committee under its former name shall continue to be available to said
committee as renamed, the joint committee on highways. The committee shall consist of [seven] nine senators to be appointed by the president of the Senate and [eight] ten members of the House of Representatives to be appointed by the speaker thereof. S. R. HOLCOMB, Chief Clerk.

It was moved by Senator Washington that the Senate do concur in the House amendments to Engrossed Substitute Senate Bill No. 438. Debate ensued.

POINTS OF INQUIRY

Senator Riley:
"Senator Washington, would you yield to a question?"

Senator Washington:
"I yield."

Senator Riley:
"Senator Washington, you have made reference to the additions made by the House Committee on Highways to Substitute Senate Bill No. 438, and I have looked the additions over and I have no criticism of them. Did the House delete anything from Substitute Senate Bill No. 438?"

Senator Washington:
"There was a change. The Senate provided for 150 days for the highway commissioners and 180 days for the chairman. The House reduced that to 120 days for the commissioners and 150 days for the chairman. Other than that, I know of no substantial change. Nothing we had in was stricken out."

Senator Riley:
"Mr. President, one further question:
"Did they damage my strong efforts to take care of south King county?"

Senator Washington:
"No, I would say that your sterling efforts remained intact."
Senator Guess:

"Mr. President, would Senator Washington yield?

"Senator, on page 1, actually the second page of the amendment, in section 62, it says that dune buggies shall not be leased unless they have been inspected by the state commission on equipment. Is there such a commission?"

Senator Washington:

"Yes, there is such a commission. Lieutenant DeWitt Whitman is chairman of the Washington State commission on equipment. He also is with the interstate commission."

Senator Guess:

"Is there such a location where these buggies happen to be or do the inspectors go out where they are stored?"

Senator Washington:

"I think they would have to set up some regulations in order to take care of inspections. As I recall, this is an amendment by Senator Charette we added in the Senate to House Bill No. 713. I think this is one amendment where the language could possibly be improved, but I don't think it's going to cause enough problems to warrant not approving all of the amendments."

Senator Raugust:

"Will Senator Washington yield?

"Senator Washington, on page 12, subsection (7) of the amendment, is this an extension or a study of an extension on the Eatonville highway to Elbe?"

Senator Washington:

"That is a study. It was also put on House Bill No. 713 when it was in the Senate."

Senator Freise:

"Mr. President, would Senator Washington yield?

"Page 27, section 39, line 9 of the printed and engrossed bills, following "limit" and before the semicolon insert "Provided, That when in the opinion of the highway commission a hardship would result, this limitation may be exceeded upon approval of the commission." To what limitation are they referring that may be exceeded?"

Senator Washington:

"On this permit for moving—now we did strike a matter in connection with the railroads and so on. That has not be reinstated. That was stricken out of House Bill No. 713, but it was a part of Engrossed Substitute Senate Bill No. 438, so that is back to the Senate intact. That doesn't involve a House amendment."

Senator Freise:

"Then Substitute Senate Bill No. 438 is the engrossed bill?"

Senator Washington:

"That we passed, yes."

Senator Freise:

"So that matter in connection with the railroads is now back in the bill?"

Senator Washington:

"Yes, that's right, and there is no amendment involved, so that isn't before us at the present time."

Senator Petrich:

"Would Senator Washington yield?

"Senator Washington, with reference again going back to page 46 of the printed bill, the substitute bill, and the references to the various sections and the emergency clause, what is now section 66 of the printed bill as amended by the House, do you know what the section number is now because of the various sections that were added and deleted?"
Senator Washington:

"No, I'm sorry, I don't have it. We have the amendment to the title. I wonder if we could be at ease?"

**MOTION**

On motion of Senator Petrich, Engrossed Substitute Senate Bill No. 438 and the House amendments thereto was made a special order of business for 10:20 p.m.

**POINTS OF INQUIRY**

Senator Moriarty, Jr.:

"Mr. President, would Senator Durkan yield?

"Senator Durkan, as you know we are all for this resolution. However, some question has come up among some of the Senators as to who the membership of this advisory council must be insofar as members of the legislature are concerned. Are they limited to members of the legislative council or may they be any other person?"

Senator Durkan:

"Mr. President, it is my understanding by reading the resolution that the selection can be made without the council."

Debate ensued.

Senator McCormack:

"Mr. President, would Senator Durkan yield?

"Senator Durkan; I noticed on line 17 and 18 of the second page under items 2(a) it says the following: 'Examine and analyze the Washington Constitution and its operation.'

"Now, as I understand it, there is no provision in the Constitution or the statutes for any detailed mechanics for holding a constitutional convention, and I wonder if this subject matter would also be a subject for study by this committee?"

Senator Durkan:

"The answer is definitely yes. The subcommittee, as I understand it, is going to consider not only the Constitution but the mechanism for calling a constitutional convention and setting it up."

Further debate ensued.

Senator McCormack:
"Mr. President, would Senator Gallagher yield to a question? "Senator Gallagher, can you tell me why the word 'Hanford' was deleted?"

"The committee felt this was an administrative project and inasmuch as the Senator from that district did not vote for any taxes, we felt, at least the, committee in its wisdom felt, it would be best to strike those words and leave this awareness to those people who would be responsible for conducting the facility."

Senator Moriarty, Jr.:
"Mr. President, would Senator McCormack yield to a question? "Senator McCormack, is Hanford in your district?"

Senator McCormack:
"Mr. President, Hanford is in my district at the present time. However, due to the redistricting bill over which I had no control, I will be a neighbor to the Hanford district, whenever the redistricting goes into effect."

APPOINTMENT OF SPECIAL COMMITTEES

The President announced that the Senate Pages desired to make a presentation to the Senate, and appointed a special committee consisting of Senators Knoblauch, Cowen, Riley and Charette to escort the Pages to a place of honor upon the rostrum.

With leave of the Senate, business was suspended to permit Pages John Turner, Michael Dougherty and Ted Roessner to present a plaque to Senators Bailey and Neill on behalf of the Senate Pages of the First Extraordinary Session of the Thirty-ninth Legislature.

The committee escorted the Pages from the rostrum.

The President appointed a special committee consisting of Senators Neill, Freise, Washington and Greive to escort Senator William C. Raugust to a place of honor upon the rostrum.

There being no objection, the Senate returned to the first order of business.
By Senators Greive, Freise, Atwood, Rasmussen, McCormack, Morgan, Gallagher, Kupka, Mardesich, Petrich, Cowen, Woodall, Guess, Dore, Knoblauch, Neill, Moriarty, Jr., Lewis, Redmon, Durkan, Bailey, Ryder, Foley, McMillan, McCutcheon:

WHEREAS, Senator William C. Raugust, esteemed and honored member of the Washington State Senate since 1949 and member of the Washington State House of Representatives from 1943 to 1949, has announced that he intends to retire from the Senate; and

WHEREAS, The members of the Senate are sad that Senator Raugust is leaving public office to which he has dedicated so many years of his exemplary life; and

WHEREAS, Since 1899, when Senator Raugust came to the United States and homesteaded at Odessa, Washington with his parents and four brothers and sisters, his career in business and public life has been a series of continued successes; and

WHEREAS, During the years in which Senator Raugust has served the Legislature he has earned the respect and admiration of all those who served with him; and

WHEREAS, His many accomplishments in the business world have brought Senator Raugust great fame throughout the Northwest; and

WHEREAS, Senator Raugust, as Mayor of Odessa, School Board member, Sunday School Superintendent and Commander of the American Legion, inspired all who came into contact with him to have pride in their association with him in civic affairs and Senator Raugust instilled in these people his own philosophy that to be successful one must always be trying; and

WHEREAS, As a world traveler and learned historian, Senator Raugust has been able to spread throughout the country good will to people of foreign nations, reflecting credit not only on himself but also on the United States and the state of Washington; and

WHEREAS, We the members of the Senate will dearly miss our good friend, Bill Raugust, when he departs from the Senate and we wish to thank him for his capable guidance in the past and assure him that we will remain devoted to the courageous principles which he has established during these past years.

Now, Therefore, Be It Resolved, That the members of the Senate do hereby extend best wishes to Senator Raugust at the time of his announced termination of Senate service; and

Be It Further Resolved, That the Secretary of the Senate be and he is hereby instructed to send a copy of this Resolution to Senator Raugust and his family at Odessa, Washington.

It was moved by Senator Knoblauch that the resolution be adopted.

PERSONAL PRIVILEGE

Senator Knoblauch:

"Mr. President and members of the Senate:

"One of the things I have always found hard to do is to say goodbye to a good friend. Even though this is a sad occasion tonight, it is also a happy one. Isn't it wonderful that one of our good citizens of the state has devoted more than twenty years of his life to public service. You know, sometimes you read in the papers and you hear over the press things said about politicians. Well, let me say that the image given politics by Senator Raugust has been a credit to democracy in these United States.

"I had the privilege of serving with Senator Raugust in the House and now for many years I have served with him in the Senate. Because of the redistricting, he now has terminated his public service life. Sad, yes, but also happy, because now he is going to have the time to devote many hours to his wonderful grandchildren.

"I suppose, Senator Raugust, that you probably in your time in the House and Senate have been able to bring to your district some very fine roads. You have been able to say that you assisted in the construction of several schools in your district, and also when you drive around your area, you will be able to say to yourself, 'Well, I had the privilege of helping to bring some of these things to my district.'

"Senator, you have made a lot of wonderful friends. We might be Democrats on this side and Republicans on the other. But I think all of us have a deep respect
for each other and I can assure you that each member of this Senate has an extremely high regard and affection for you and your many years of friendly service.

"Now that we have almost finished the sessions of the Rules Committee—I know we are not supposed to tell any secrets out of the Rules Committee, but Senator Raugust can go down in history as a builder of good roads for Washington State. I sit by him in the Rules Committee, and time after time he has said out loud: 'Well, this isn't my bill and I don't know, but it's good for the roads of Washington State and Senator Washington wants this to come out to the floor of the Senate,' and Senator Raugust has been a fighter in Rules Committee in behalf of good roads. I think one of the finest tributes that we can pay you, Senator Raugust, is to say to you: 'Well done, thou good and faithful servant.'"

Senator Greive:

"Mr. President, Lady and Gentlemen of the Senate:

"There is a little saying that I have had virtually all my life and it very well applies to Senator Raugust: 'Firmness is that admirable quality in ourselves and a detestable quality in others.'

"Senator Raugust is one the firmest men I know. When you are with him, it's great. When you are against him, it's hell. That's why he sits between Senator Knoblauch and myself in Rules. It takes two of us to watch him.

"Senator Raugust, seriously, is a man of principle and a man of dedication. In his departing this body, I can remember a few issues when he and I fought side by side. I can remember the timber bill laws. I can remember a vote tax Julia wanted and didn't get. I can remember saving Sunday for the family, which we lost. The thing I can remember most about my service with Senator Raugust was 1957 when we were working on another redistricting bill. The only regret I have is that I was author of the bill that eliminated his district this time. But I'd like to say this: We know Senator Raugust isn't stupid, and I have noted there is a little district still left. There is 'A' and 'B' district and it doesn't have a House member anymore. The House member is going to be director of agriculture. I'll bet anybody, including Senator Raugust, that he is going to come back as a House member next session."

Senator Washington:

"Mr. President and members of the Senate:

"Now, like some of you perhaps feel here in the Senate, that you are saying goodbye to Senator Raugust. I'm not because I feel sure we are both going to continue to serve for two years on the Joint Committee on Highways, and I'm going to welcome working with him as I have in the past.

"Now, I can speak of Senator Raugust as a neighbor. Our districts join each other. Senator Raugust not only is a businessman and active in civic duties and affairs in his own counties, but he has also been a business man in Moses Lake in my own county, so I know him not only here in the Senate, but I know him well between sessions, and he has that same reputation there in his home community and in my county that he has here: A man of real integrity, a man of real dedication and a hard worker and a true friend.

"I do want to again touch on the subject of highways because certainly that is the field in which he is best known. He was a member of the first Joint Committee on Highways. I first met him in 1949 when we both served on the Highway Committee in the House. He came over to the Senate and I know Senator Raugust in a way has had to endure a few jibes from members on the west side, but many times Senator Raugust and I have talked—we both had an area in the Columbia Basin. We needed help from every part of the state, and when we needed help from every part of the state, you gave it to us, and both of us, since then, I think, have had a statewide point of view. I know Senator Raugust has. He fought for the cross-sound bridge many, many miles away from his own district. People in his own district couldn't understand why, he a person from the wheat area, why he would try to do something that far away, something that was going to cost a lot of money. He has voted for the gasoline tax, he has supported and worked for continuing the freeway in this area, and again he points out that if you want to travel from Seattle to Spokane, you've got to travel through his county. Those roads that he worked so hard for, as he again points out, many more of the cars, if you look at them, the license plates on the roads going through Lincoln and Adams counties in Senator Raugust's district, will have license plates, they will have a 'C' or a 'B,' because the counties wherein he lives are rather sparsely
settled and many, many times a number of people from your areas in the west are enjoying these highways and they've got to go through his area if they want to go through the state.

"He has had a truly state-wide point of view. He has worked for the betterment of the state. He was lucky, maybe, from the highway point of view that he was from the center of the state and they had to go through his district.

"Senator Raugust, I also want to echo the statement made by Senator Greive. There is a little 'A' and 'B' district, and if I know you, come about two years from now, and I have watched your health improve; I have had concern for you in the past sometimes; you do let your temper get a little the better of you; sometimes I have to tell you to calm down and take it easy, but I know come two years from now your health is going to be even better and you are going to be running for election, and if I am lucky enough to be back here, I think we can toss some highway bills back and forth between the House and Senate again.

"I know the other members of the Senate join me in saying goodbye to you here, but looking forward to seeing you under the Capitol dome again."

Senator Neill:

"Mr. President, members of the Senate:

"Bill, we both know that it was neither your wish nor my wish that cast the lot that put you and I in the same district. We had some overpowering forces that followed this sort of an arrangement. Everything that's in this resolution about you, Bill, you deserve. These words being spoken about you here tonight you deserve, but they are premature. He still has a couple of years left in this term of office. He is still a member of the Senate, and it might well be we will be back here serving together before this time is out.

"Also, as has been expressed here, knowing Bill Raugust and his desire for public service, when that old fire bell rings at election time, I think we are going to find Bill right on the starting line; and, so Bill, we might miss you in the Senate, through no fault of yours or mine or anybody else's here particularly, but it isn't very far across the hall, so we will look forward to seeing you again."

Senator Cowen:

"Mr. President, Senator Bill:

"My speech will be very short. We all love you for your integrity, your honesty and your principles. I've known you longer, Bill, than any man in the Senate and served with you longer than any man here. We're all going to miss you, especially we are going to miss you in the Rules Committee."

The motion was carried and the resolution was adopted.

PRESIDENT'S PRIVILEGE

The President:

"Senator Raugust, the members of the Senate, the ladies and gentlemen present here, the members of the Secretary's staff and the President want to join in congratulating you upon this fine honor and, Bill, I would like to say that I am very proud to be the Lieutenant Governor, and one of the main reasons for that pride is because it gives me the privilege of working with a man of your character, your ability and your integrity, your honesty, and your all-around being a good fellow. Congratulations, Bill. Won't you speak to us?"

Senator Raugust:

"Mr. President, members of the Senate:

"The hour is late and I do not want to take much time. First, I want to say a million thanks for all the kind words that were spoken here. There are no hard feelings. Probably one the greatest enjoyments of my life—and I have had many experiences—has been this experience of serving in the legislature, both in the House and the Senate. Many of the Senators that are here were with me in the House. Senator Riley recalled an incident to me when Senator McCutcheon and I were on the opposite side and defeated the plumbing bill for Ed Riley. That's quite a few years ago.

"But I do want to say this to you: I want to take just a few minutes to say I appreciate the words that were spoken and the resolution. A few years ago I was in New York, going back the Communist countries to see how they were operating—I and Dave
Hoefel whom some of you remember. He was also born in Russia, and just for clarification, my father's parents were Hollanders and my mother's parents were German. There is no Russian in me or Mr. Hoefel. We were at the old fort in New York down in the lower part of the town and in the background was Ellis Island and there was the Statue of Liberty. As they have discussed, I think adopted sons in fact probably appreciate more the fact they had the opportunity to come here and live and were adopted and had all the privileges than are the people in this country, who were born here and do not realize what might have happened to them if they had to stay where they were born. I have always thanked my Creator for that.

"Ellis Island at the time—it will be just sixty-six years this week that I landed at Ellis Island. I can just remember what happened. They took all our clothes off. They were fumigated. We went through a fumigator and people went through a big hall and they had four showers on and they washed them off and you came out the other side and got your clothes and put them on as they were fumigated.

"As I take these pictures and review them and I see Ellis Island and I see the opportunity that I had to participate in many things that has been by privilege to participate in, and to work with the many organizations that I have been with and I am with now, I can never be thankful enough. But a man of old says, there is a time for a man to be born and a time for a man to die. There is a time. God has put everything on time. Your sun rises on a certain time and it sets and the planets operate on a certain time. You accomplish things in time. When you start, you never know just when the time is going to be, but time is of the essence in what you are doing and so as the time comes when I came to this legislature, I never thought that I would serve twenty-four years. God willing that He will give me two more years and, it may be a little embarrassing—I didn't ask for this—but if we should have a special session, I'll be back if I am alive. But I have mentioned to you before, this has been one of the greatest opportunities.

"You have mentioned my travels. I am very thankful I have had the opportunity to travel. I might mention a few things that have happened. One of the most interesting things in my life—I am probably one of the few that has had tea and champagne with the Prince of Cambodia. At the time, we knew that we were losing. I want to say this to you, those of you who travel know that I am reminded of the American people. I remember a ball game, St. Louis was playing with the Boston Red Sox, and every time Williams came up to bat, the boo was so bad that he just got one little grounder and that's about all he could do. But because he was an outstanding man and because the United States was so far ahead and so much greater a country than any other one, he was not liked too well. Now, to you young people serving here, you have many years to serve and when I served here about the second session, I thought we were going to cure all the ills and we would settle all the problems. We are facing many problems and the interesting thing to me that happened is, my granddaughter was married to an engineer that is working on the moon project at New Orleans and I spent a day with them going through the project. They explained to me how man is going to the moon and how they will take them over there. But an interesting thing, he gave me one of his books and I found out that of the twenty outstanding people in our air-space program, nine of them are Germans who are, most of them, graduates of the University of Darmstrock, or the University of Berlin and they served under Hitler, in his guided missile program, which goes to show me that we cannot let down, that we have problems ahead of us and I think when we look at the world today, there is one job I would not want if I could have it, and that is President Johnson's job. It's a great job and creates great men.

"In conclusion, I want to say this to you, just as a warning: You are going to be where I am now. The time is going to come when you will stand here and you will probably say goodbye, if you have the opportunity. During World War I, I went to school for a while in the Navy at Harvard University and the rules were if you make an examination on Friday, you were at liberty on Saturday and Sunday, and going down to old North Church, I wandered down to a cemetery and there is a little book about this cemetery. It is supposed to be all of the descendants of the Pilgrims. The British, during the Revolutionary War, used the tombstones for shelters. And here is what I want to leave with you: It said on one of the tombstones—and I think it applies to young men and being where I am now—'Stop here my friends and cast an eye. Where thou art now, there once was I. Where I am now, you, too, must be. Prepare, oh friend, to follow me.'
"A young man came along and said he was from Harvard and said: 'To follow you, I'm not content, unless I know which way you went.' So take care, boys, in what you are doing.

"The Russians would say: 'Korosha'. You were very fine to me. In German: 'Got mit eich'. 'Auf Wiedersehen.' God be with you until we see you again.'

The President:

"Thank you very much, Senator Raugust, for those most thrilling and heart warming remarks. I am certain the members of the Senate join with the President and everyone else in wishing you the very best of everything in the years to come."

The committee of honor escorted Senator Raugust to his seat.

PARLIAMENTARY INQUIRY

Senator Mardesich:

"Mr. President, point of parliamentary inquiry:

"Does the President intend to call a meeting of the Committee on Rules and Joint Rules tonight?"

REPLY BY THE PRESIDENT

The President:

"Not tonight, Senator."

Senator Mardesich:

"Mr. President, there is an extremely important bill—at least one which I feel is extremely important—in the Committee on Rules and Joint Rules. That's the one cent gas tax, which I feel is extremely important to the people of King, Snohomish and Pierce counties in particular. I realize we have worked a long day already, but I have also talked to a number of people who told me that they planned to leave tonight and do not intend to attend the session tomorrow. I wonder if the President, recognizing that might not consider his failure to call a meeting of the Committee on Rules and Joint Rules at this time might result in the death of that measure and the death of $20 million worth of projects in King county, the death of $10 million worth of projects for Pierce county, the death of something short of $7 million in projects for the people in Snohomish county, for roads which are extremely important to all of those people, I am sure. I wonder if the President might not feel compelled, in view of the fact it might kill the bill, to consider calling a Rules Committee meeting tonight."

Senator Greive:

"Mr. President, answering Senator Mardesich, I do not believe that there are going to be many people absent who would make much difference. It is my understanding, as far as I know, there is only going to be one member who will not be here tomorrow that is here now, perhaps two. We do intend to come back at 10:30 a.m. in order to have a chance to call that meeting, and have a vote before some of the members have to leave, because I have been informed that many are going to stay around until noon."

Senator Morgan:

"Mr. President and gentlemen of the Senate:

"I know the hour is late, but it means a great deal to Kitsap county and we certainly need the help."

"In the brooding silence of this still moment of prayer, Great God, we would wait for Thy presence to be felt. Grant us an inner greatness of spirit, a clearness of vision, a Godly gumption to meet and match the large designs of these demanding days.

"Stir up the whole body of the people to an active and creative participation in the affairs of State. We are so prone to let 'George' do it, and then complain about the way he does it.

"Now, we have faithfully done the work which was given us to do, in quietness and in confidence, we leave the result to Thy unerring judgment. What we have written, we have written, may our mistakes and failures, if any, be left in Thy merciful hands, our all-wise and benevolent God and Father. Amen."

On motion of Senator Greive, the reading of the journal of the previous day was dispensed with and it was approved.

PERSONAL PRIVILEGE

Senator McCutcheon:

"Mr. President, point of personal privilege:

"Last night about 1:30 in the morning I ran out of gas. I just got tired and went in and lay down in the majority caucus room and went sound asleep. As I was coming out of a very pleasant dream, I heard some eulogistic remarks being made about my friend, Senator Bill Raugust. I was embarrassed because I wasn’t here. I didn’t have my shoes on and I couldn’t get them on fast enough, Senator Raugust, to come out and join with what the others said about you, and I do so now, and I don’t want you to feel that I went home. I was waiting up for the last, but I didn’t expect it to come at that moment, so I am here to join with all the rest in my very best wishes to you and I hope you will be back next session."

Senator Raugust:

"Mr. President and members of the Senate:

"I didn’t want to speak this morning, but I do want to say this for my friend, Senator McCutcheon: He will always be in my memory so long as I live and regardless of which side of the aisle you are on, when you travel through my town, stop in. The coffee will always be on me, and you are a swell bunch of men and I’ll never forget you."

Also, I would like to say that I don’t think I am really the one who should be standing up here eulogizing these gentlemen. I know that plenty of others gained more weight that I did from the splendid job they did and I think they are to be complimented."

"As everyone knows, the senior Senator from Pierce county in point of continuous service is our very good friend, Senator Knoblauch of Sumner. The Puyallup Valley is represented very well by him and, deservedly, he is very well liked. Again, at another session, he has gone through without missing a roll call. I remember what Senator Woodall said facetiously made for regularity, but what makes for regularity in my good friend Reuben Knoblauch, is devotion to duty. He is always here, always devoted to the interests of his constituents, and I congratulate him once more."

The projects herein enumerated or hereafter designated, and the expenditure of funds therefor, shall in no manner affect the carrying out by the state highway commission and the department of highways of the projects proposed and scheduled in and by the “Highway commission biennial budget for highway construction, location and right-of-way acquisition” as presented to the 1965 legislature by the state highway commission and the department of highways.

Debate ensued.

It was moved by Senator Woodall that the following amendment to the amendment by Senator Mardesich be adopted:

On page 5, following section 4, add a new section 5 as follows:

"NEW SECTION. Sec. 5. All laws relating to bill boards shall not apply to highways built with these funds."

Renumber the remaining section, "Sec. 6."

Debate ensued.

On motion of Senator Ryder, the amendment to the amendment was laid upon the table.

Senators Ryder, Peterson (Ted) and Sandison demanded the previous question and the demand was sustained on a rising vote.

POINT OF ORDER

Senator Greive:

"Mr. President, point of order:

"I would like to raise the point of order that this particular amendment is in direct violation of the eleventh amendment to the State Constitution in that it requires an appropriation for four years, rather than two."

Senator Gissberg:

"Mr. President, I would just like to state that while I dislike having to disagree with our majority floor leader, he is not stating the fact correctly. This is a two-year appropriation, only. It has a four-year allocation of projects. There is no four-year appropriation whatsoever in this bill. There is another amendment pending which takes care of the appropriation on a two-year basis. This is a four-year allocation of projects, and if you will read the first page of the amendment that is now being considered, it will be clear to the President that we are talking about only a two-year appropriation, but a four-year allocation of projects."

Senator Moriarty, Jr.:

"Mr. President, I would like to concur with the remarks of Senator Gissberg and also remind the President that if it were impossible to schedule matters beyond the end of the biennium, we could not have the priority programming Senator Washington has been talking about."

RULING BY THE PRESIDENT

The President:

"The President's ruling on the point of order as raised by Senator Greive:

"Amendment 11 to Article VIII, Section 4, of the Washington State Constitution provides in essence that the legislature shall make appropriations for payments to be made within one calendar month after the end of the next ensuing fiscal biennium. Therefore, this amendment restricts the appropriation of moneys so that the expenditures based on the appropriation may be advanced only within a twenty-five-month period.

"The amendment as proposed by Senator Mardesich does not appropriate money in any way, but merely sets up an allocation schedule for the highway projects. The President is advised that another amendment will be proposed which does appropriate funds in connection with this same issue and that the appropriation is for a two-year period.

"The point of order, therefore, is not well taken."
MOTION

On motion of Senator Moriarty, Jr., the rules were suspended and Senator Atwood was excused from under the Call of the Senate.

The President stated the question before the Senate to be the adoption of the amendment by Senator Mardesich.

Senator Washington demanded a roll call and the demand was sustained by Senators Greive, Donohue, Peterson (Lowell), Talley, Guess, Chytil, Moriarty, Jr., and Lewis.

ROLL CALL

The Secretary called the roll, and the amendment by Senator Mardesich was adopted by the following vote: Yeas, 24; nays, 18; excused, 7.

Those voting yea were: Senators Bailey, Charette, Connor, Dore, Durkan, England, Foley, Gallagher, Gissberg, Hallauer, Henry, Knoblauch, Kupka, Lewis, Mardesich, Morgan, Moriarty, Jr., Peterson (Lowell), Peterson (Ted), Rasmussen, Riley, Ryder, Sandison, Williams—24.

Those voting nay were: Senators Chytil, Cooney, Cowen, Donohue, Greive, Guess, Hanna, Herr, Herrmann, Keefe, McCutcheon, Neill, Petrich, Raugust, Redmon, Talley, Washington, Woodall—18.

Excused: Senators Atwood, Freise, Lennart, McCormack, McMillan, Stender, Thompson, Jr.—7.

It was moved by Senator Mardesich that the following amendment be adopted:

On page 5, section 4, line 3 after “and” and before the period on line 5, strike “shall be expended for location, right-of-way acquisition and construction of state highway projects which will relieve acute traffic congestion areas” and insert “during the four year period commencing July 1, 1965 and ending June 30, 1969 shall be expended for the location, right-of-way acquisition and construction of the state highway projects enumerated in subdivision (2) of section 1 of this 1965 amendatory act, and thereafter for such projects as may be designated by the legislature”.

Debate ensued.

POINT OF ORDER

Senator Guess:

"Point of order, Mr. President:

"This amendment very clearly states that this will cover a four-year period, beginning July 1, 1965 and ending June 30, 1969, that this amount shall be expended for location, right-of-way acquisition and construction of state highway projects enumerated in subdivision (2). This, by its own language, is very clearly in violation of the Eleventh Amendment."

Senator Mardesich:

"Mr. President, the only point I'd like to make is that it will be allocated. However, the appropriation in the bill is limited to a two-year period and in the amendment that will be offered it is limited to a two-year period."

Senator Gallagher:

"Mr. President, a further clarification:

"I think the Senator has raised the point that the acquisition of right-of-way is provided for. This provides for a notice to property owners. It does not necessarily mean that funds will be appropriated. There is no intention of spending over a four-year period. Now, if I may, we had the same thing happen in the district in which I reside where the Highway Commission acquired rights-of-way up to the point of 70th N.E. and then decided to discontinue. Later on through hardship cases I think they did enter into letters of intent. At least it gave those property owners which were in line of the freeway some manner of relief as far as mental relief so this is not necessarily the expenditure of funds."
Senator Hallauer:

"Mr. President:

"I believe the point of order by Senator Guess is not well taken. A parallel case is the ten-year plan that the Highway Commission, itself, projects which calls for the expenditure of money over a ten-year period. This is merely a suggestion of expenditures over a four-year period. It is not illegal."

Senator Mardesich:

"If there be no objections from the Senate, I have no objection to changing the word 'expended' to 'allocated'."

There being no objection, the correction was made upon the amendment. Debate ensued.

Senators Gallagher, Gissberg and Peterson (Lowell) demanded the previous question and the demand was sustained.

It was moved by Senator Guess that the rules be suspended to permit Senator Washington to speak upon the amendment.

The motion was lost on a rising vote.

Senator Washington demanded a roll call and the demand was sustained by Senators Raugust, Talley, Guess, Redmon, Chytil, Woodall, Hanna and Greive.

ROLL CALL

The Secretary called the roll, and the amendment by Senator Mardesich was adopted by the following vote: Yeas, 26; nays, 16; excused, 7.

Those voting nay were: Senators Chytil, Cooney, Cowen, Donohue, Greive, Guess, Hanna, Herrmann, Keefe, McCutcheon, Neill, Raugust, Redmon, Talley, Washington, Woodall—16.

Excused: Senators Atwood, Freise, Lennart, McCormack, McMillan, Stender, Thompson, Jr.—7.

The Secretary read the committee amendment to page 2, section 1, line 32.

POINT OF ORDER

Senator Henry:

"Mr. President, as I recall the first amendment by Senator Mardesich which was adopted struck that portion referring to congested areas, isn't that correct?"

Senator Washington:

"Mr. President, I wished to offer the Senate committee amendments because this one does provide that the funds will be spent in accordance with the priority program. If we adopt this amendment, I would hope that we might be able to clarify the amendment by Senator Mardesich."

The President declared the Senate to be at ease.

The President called the Senate to order.

On motion of Senator Moriarty, Jr., the committee amendments were laid upon the table.

It was moved by Senator Washington that the following amendment be adopted:

On page 5, line 12, add two new sections to read as follows:

"NEW SECTION. Sec. 6. There is hereby appropriated from the motor vehicle fund to the Washington state highway commission for the biennium ending June
30, 1967 the sum of twenty-one million seven hundred eighty-seven thousand dollars for location, rights-of-way acquisition and construction of state highway projects.

"NEW SECTION. Sec. 7. There is hereby appropriated from the motor vehicle fund to the department of motor vehicles for the biennium ending June 30, 1967 the sum of forty-eight thousand dollars for the collection of liquid fuel taxes."

POINT OF INQUIRY

Senator Gallagher:

"Mr. President, would Senator Washington yield to a question? 
"Senator Washington, is there any question in your mind as to the constitutionality of this appropriation within the bill? Is there some possibility that we might be placing ourselves in double jeopardy on the basis of recent Supreme Court rulings?"

Senator Washington:

"Mr. President:
"I believe there is still a serious question in the entire bill whether you call it 'expended' or 'allocated.' We have, in effect, contemplated the appropriation of funds for a four-year period, but in order to carry out even the first two years, I think, it would be advisable to have an amendment to perhaps place a little holy water on the bill."

Senator Gallagher:

"Well, I'm not so concerned about holy water as I am about hell water which you might possibly be pouring upon the bill, and I think if the measure passes, I am sure there are sufficient funds within the Governor's emergency funds to provide the necessary few dollars to carry out the purpose and intent of this act."

Senator Washington:

"I might say if there is any objection, I would be very happy to recall the amendment because I feel it is perhaps helping a bill that I am no longer in favor of, so with the permission of Senator Mardesich and Senator Gallagher, I will withdraw the amendment."

There being no objection, the amendment was withdrawn. It was moved by Senator Guess that the following amendment be adopted:

On page 5, line 12, add a new section as follows:

"NEW SECTION. Sec. --. Sections 47.01.010 through 47.01.190, chapter 13, Laws of 1961 and RCW 47.01.010 through 47.01.190; sections 47.01.210 and 47.01.220, chapter 13, Laws of 1961 and RCW 47.01.210 and RCW 47.01.220 are hereby repealed."

Debate ensued.

On motion of Senator Riley, the amendment was laid upon the table. The President declared the Senate to be at ease. The President called the Senate to order.

MOTIONS

On motion of Senator Moriarty, Jr., the rules were suspended and Senators Guess and Raugust were excused from under the Call of the Senate.

On motion of Senator Gallagher, the rules were suspended, Substitute House Bill No. 655, as amended by the Senate, was advanced to third reading, the second reading considered the third, and the bill was placed on final passage. Debate ensued.

POINT OF INQUIRY

Senator Petrich:

"Mr. President, I would like to ask Senator Mardesich to yield to a question.  
"Senator Mardesich, in considering the bill as presently amended, setting up the various allocations for projects throughout the state, I am concerned with one matter. I am now referring to the highway construction program for the 1965-67 biennium prepared by the Washington State Highway Commission which sets forth various
projects throughout the biennium. Particularly referring to Project No. 313, Tacoma Nalley Valley viaduct to Sprague Avenue, total amount, $2,156,587 allocated. In referring to the bill as amended, on page five of your amendment that same project is listed at only $100,000. Is it the intention of this bill as amended to cut down the allocation of that particular project in Pierce county from the $2-million plus figure to $100,000?"

Senator Mardesich:

"Mr. President and Lady and Gentlemen of the Senate:

"If you will look at the last page of the large amendment as offered, you will note that it says the projects herein enumerated or hereafter designated and the expenditure of funds therefor shall in no manner affect the carrying out by the state highway commission and the department of highways of the projects proposed and scheduled in and by the highway commission biennial budget for highway construction, location and right-of-way acquisition as presented to the 1965 legislature by the state highway commission and the department of highways.

"The reason that you see some projects appearing by name, at least in the original highway budget document and the project list in the amendment, is that this amendment speeds up the completion of those projects. Moneys allocated in the original projects list will be expended. This amendment will spend an additional amount to speed up completion of the projects. They are not one and the same. These moneys are in addition to the projects already designated and that is the reason for the last page of the amendment offered by me."

Senator Petrich:

"Will Senator Mardesich yield to another question?

"Senator, am I correct then in assuming that this bill as presently amended supplements and is in addition to the allocation of the highway department in their proposed budget and proposed projects?"

Senator Mardesich:

"Your interpretation is the same as mine. My intention, when I drafted the amendment, and I am sure the intention of the majority which passed it was that this would be in addition to those projects listed in the regular budget."

Debate ensued.

MOTIONS

It was moved by Senator Talley that Substitute House Bill No. 655, as amended by the Senate, be referred to the Committee on Highways.

On motion of Senator Sandison, the motion by Senator Talley was laid upon the table.

Debate ensued.

Senators Ryder, Riley and Gallagher demanded the previous question and the demand was sustained.

ROLL CALL

The Secretary called the roll on the final passage of Substitute House Bill No. 655, as amended by the Senate, and the bill passed the Senate by the following vote: Yeas, 27; nays, 13; excused, 9.

Those voting yea were: Senators Bailey, Charette, Connor, Dore, Durkan, England, Foley, Gallagher, Gissberg, Hallauer, Henry, Herr, Knoblauch, Kupka, Lewis, McCutcheon, Mardesich, Morgan, Moriarty, Jr., Peterson (Lowell), Peterson (Ted), Petrich, Rasmussen, Riley, Ryder, Sandison, Williams—27.

Those voting nay were: Senators Chytil, Cooney, Cowen, Donohue, Greive, Hanna, Herrmann, Keefe, Neill, Redmon, Talley, Washington, Woodall—13.

Substitute House Bill No. 655, as amended by the Senate, having received the constitutional majority, was declared passed.

There being no objection, the title of the bill was ordered to stand as the title of the act.

It was moved by Senator Mardesich that the rules be suspended and that Substitute House Bill No. 655, as amended by the Senate, be immediately transmitted to the House.

**PERSONAL PRIVILEGE**

Senator Washington:

"Mr. President and members of the Senate:

"I would hope—and I would like this to be a matter of record—there is one last opportunity to recognize what has been done here, that you have really set the pattern and this isn't just going to affect highways. It's going to affect everything we do from now on. Before, there were only a limited number of things that you could trade on as far as highways were concerned. Now in everything that comes up, there will be thousands of items that you can trade on to get votes in every field of legislation. When it comes to redistricting next time, it's going to be a road here and a road there. When it comes to a school or an appropriation for a college, it's going to be for a road here or a road there. I'm speaking against the motion to transmit and I will take one minute and you can decide what you want to do. I would hope that someone who voted on the prevailing side would move to reconsider and then we can go back and pass the amendment which the committee on highways has put forth. We can pass this one-cent gasoline tax bill that we need so badly and let the highway commission operate the way they have in the past."

The motion by Senator Mardesich was carried and Substitute House Bill No. 655, as amended by the Senate, was ordered immediately transmitted to the House.

There being no objection, the Senate returned to the fifth order of business.

PARLIAMENTARY INQUIRY

Senator Gissberg:
"Mr. President, point of parliamentary inquiry:

RULING BY THE PRESIDENT

"Reed's Rule 247: 'Motions relating to agreement and disagreement between the two houses: These motions are five in number, and have priority in the following order: To concur. To non-concur. To recede. To insist. To adhere.'

COMMITTEE FROM THE HOUSE

The Sergeant at Arms announced the arrival of a Committee from the House.

PARLIAMENTARY INQUIRY

Senator Woodall:

"Mr. President, point of parliamentary inquiry:

"Which takes priority, a motion to concur with the House, or a committee from the House announcing the Sine Die of the legislature?"

REPLY BY THE PRESIDENT

The President:

"That is a question the President wishes to have settled."

Senator Woodall:

"Mr. President:

"I should like to remind the President that anything which tends to get the two houses in the same frame of mind takes priority, so I think the committee should take precedence since a motion to adjourn Sine Die would put the houses in the same frame of mind."

The committee from the House comprised of Representatives Day, Clark and King appeared before the bar of the Senate to notify the Senate that the House was about to adjourn Sine Die.

The report was received and the committee retired.

The President declared the question before the Senate to be the motion by Senator Washington that the Senate recede from its amendments to Substitute House Bill No. 655.

GOVERNOR'S MESSAGES ON SENATE BILLS VETOED, PARTIALLY VETOED OR NOT SIGNED

To the Honorable,
The Senate of the State of Washington

Lady and Gentlemen:

I am returning herewith, without my approval, Senate Bill No. 2 entitled:

"AN ACT Relating to the legislature; providing for the redistricting and reapportionment thereof; repealing Chapter 5, Laws of 1957, Chapter 289, Laws of 1957 and Chapter 44.06 RCW; and declaring an emergency."

In my inaugural message on January 13, 1965, I urged the legislature to pass promptly a constitutional redistricting bill which would insure that the party which wins a majority of votes would win a majority of the seats in the legislature. Senate Bill No. 2 totally fails to meet this goal. I have reached this conclusion after a great deal of thought and after meeting with the chief proponents of the bill in the House and Senate.

After considering all of the facts I am convinced that this bill would thwart the will of the majority and guarantee perpetual control of the legislative process by one party.

As Governor, I have a responsibility to all the people of the state, Republicans, Democrats and Independents alike, to see that they have the right to choose by majority vote, the party which will lead the legislature. This bill would deprive the people of the fundamental goal of the two party system.

For these reasons I have vetoed Senate Bill No. 2.

Yesterday I called together the legislative leaders of both parties and urged them to lay aside partisan considerations and to negotiate in good faith a redistricting bill which will be fair to all of the people of the state. When such a bill is presented to me, I will approve it promptly.

It is now the 16th day of the legislative session. The public business is pressing and demands immediate action.

Respectfully submitted,

DANIEL J. EVANS,
Governor.

March 20, 1965.

To the Honorable,
The Senate of the State of Washington
(Through the Secretary of State)

Lady and Gentlemen:

I am filing herewith to be transmitted to the Senate without my approval as to one item, Senate Bill No. 6, entitled:

"AN ACT Establishing a code of probate law and procedure, including the making and probating of wills, administration of estates of deceased persons and appointment of guardians of the persons and estates of minors, insane and mentally incompetent persons and administration of their estates; enacting a title of the
Revised Code of Washington to be known as Title 11—Probate Law and Procedure; providing penalties; repealing certain acts and parts of acts; and declaring an effective date."

This bill culminates three years of work by the Washington State Bar Association to modernize the state probate code. Its enactment will eliminate unnecessary expense in the administration of estates, accelerate the settlement of decedent's estates, and liberalize the administration of small estates.

I am particularly pleased that the legislature chose to use this bill as a vehicle for the removal of appraisals of decedent's property from the area of political patronage. This provision of the bill will greatly assist in my desire to create confidence of the people of our state in clean government, and will reduce unnecessary expense to the survivors of a decedent.

The section of the bill numbered RCW 11.04.015 (1) (a) originally provided that if a person died without a will, the surviving spouse would receive all the net community estate. This section was amended by the legislature to provide that in certain situations the surviving spouse would receive only three-quarters of the net community estate.

The effect of this amendment is as follows:
1. If a person dies, leaving no children, one-half of the community property passes to the parents rather than the surviving spouse.
2. If no parents or children survive the decedent, one-half of the community property passes to brothers and sisters rather than the surviving spouse.
3. If no children, parents, or collateral heirs survive the decedent, one-half the community estate will escheat to the state.

This unintended effect would obviously defeat the entire purpose of enactment of a new probate code. To allow it to remain in the law during the next two years, even though the new code will not become effective, would be a disservice to the legislature. I have therefore vetoed the following language of Section 11.04.015 (1) (a):

“If the intestate is survived by issue or by either parent, three-fourths of”

The section will therefore read:

“(1) Share of surviving spouse. The surviving spouse shall receive the following share:
(a) The net community estate; and”

I urge that the legislature reenact this language at the next session of the legislature to insure that it accurately expresses their intent.

The remainder of Senate Bill No. 6 is approved.

Respectfully submitted,

DANIEL J. EVANS,
Governor.

March 17, 1965.

To the Honorable,
The Senate of the State of Washington
(Through the Secretary of State)

Lady and Gentlemen:

I am filing herewith to be transmitted to the Senate at the next session of the Legislature, without my approval, Senate Bill No. 29, entitled:
"AN ACT Relating to education and the support of the common schools; amending section 3, chapter 276, Laws of 1959 and RCW 28.48.010; amending section 9, chapter 141, Laws of 1945 and RCW 28.48.030; and making an effective date."

Senate Bill No. 29 changes the method of distributing state aid for schools from ten monthly payments from September through June to twelve monthly payments each year. The underlying purpose of this bill is to commit the state to a distribution in July and August of 1967 which the school districts of the state can anticipate in their planning for the 1966-67 school year, thus enabling them to carry out an improved educational program in the biennium ahead.

This aspect of the bill has been anticipated in Senate Bill No. 374, the Omnibus Appropriation Bill, which projects $42,308,216 as the "carry-over" amount.

However, this deferral of $42.3 million is not fiscally sound, if used entirely as a budget-balancing device. This would be tantamount to setting the fuse to a $42 million bomb that will explode in the legislature's face at the next session.

We should face up to the cost of supporting the needed increase in the level of educational services at this session, at least to the extent of $20 million for deficit reduction. A measure such as Senate Bill No. 29 is sound only when included with an appropriation act and revenue measure that taken together result in a balanced budget accompanied by a $20 million reduction in the general fund deficit. Therefore, I consider the bill premature at this time.

Moreover, Senate Bill No. 374 anticipates that the twenty-four payments to support school districts in 1965-67 will begin with September, 1965, rather than with July, 1965, as provided in Senate Bill No. 29. This aspect of Senate Bill No. 29 would serve to nullify, or at least to confuse the purpose of improving the educational program by projecting distributions after June 30, 1967, to pay part of the 1966-67 school year costs.

As written, Senate Bill No. 29 would mandate a distribution of between $30 and $35 million of General Fund tax money during July and August of this year, a period when no distribution would ordinarily be made, and a period for which school districts have already planned on the basis of no state aid.

The effect of this aspect of the bill would be to transfer to school district treasuries substantial sums of money in advance of actual need, to draw interest for their benefit at a corresponding increased cost to the hard-pressed General Fund.

The effective date of the act should be September 1, 1965.

For the foregoing reasons I have vetoed Senate Bill No. 29.

I will support a properly drafted measure to extend school aid payments to twelve months, if passed at the proper time.

Respectfully submitted,

DANIEL J. EVANS,
Governor.
To the Honorable,
The Senate of the State of Washington
(Through the Secretary of State)

Lady and Gentlemen:

I am filing herewith **Substitute Senate Bill No. 41** entitled:

"AN ACT Relating to state government and the support thereof; authorizing the issuance and sale of state general obligation bonds to provide for needful buildings for institutions of higher education, the department of institutions, the department of fisheries, the department of natural resources and other state agencies; providing ways and means to pay said bonds; making appropriations; and providing for submission of this act to a vote of the people."

The bill as approved is to be submitted to the people for their adoption and ratification or rejection at the next general election in accordance with Section 8 of the bill. Certain items of the bill which I have not approved are to be submitted to the Senate at the next session of the Legislature.

This bill provides needed Capital improvements for the institutions of higher education, the department of institutions, certain reform facilities operated by the department of institutions in conjunction with the department of natural resources, the museum operated for the benefit of the state and the education of its people by the Washington State Historical Society, and in addition certain facilities for the department of fisheries and the department of commerce and economic development.

Substitute Senate Bill No. 41 must be submitted to a vote of the people because of the provision of Article VIII, Section 3 of the State Constitution. That section also provides that the indebtedness for which voter approval is sought "shall be authorized by law for some single work or object".

After consultation with my own legal counsel, with the Office of the Attorney General and with attorneys who specialize in matters of law pertaining to bonds issued by governmental bodies, I have concluded that in its present form there is substantial doubt that Substitute Senate Bill No. 41 complies with the provisions of the State Constitution. There is no decision of the State Supreme Court which approves a bond issue as broad as that contained in Substitute Senate Bill No. 41. State ex rel. Troy v. Martin, 38 Wn. (2d) 501, held that a twenty million dollar bond issue to provide needful charitable, educational and penal institutions constituted a single "object" within the meaning of Article VIII, Section 3, of the Constitution.

Without the necessity of a test case, experienced bond attorneys approved a bond issue authorized by the 1957 Legislature for "buildings at state operated institutions and state institutions of higher education". Substantially all of the $40,575,000 in bonds authorized by this bill are intended to be used for our charitable, educational and penal institutions and other institutions operated by the Department of Institutions, which I believe clearly constitutes a single object within the meaning of the Constitution. However, lesser amounts have been included in this bill to provide buildings for the Department of Commerce and Economic Development and facilities for the Department of Fisheries. Moreover, some of the facilities of the Department
of Fisheries are not in the form of "buildings" as specified in the title of Substitute Senate Bill No. 41.

In order to avoid litigation over the constitutionality of this bill, which would delay the issuance of the bonds, and to avoid the risk that such litigation might result in the loss of the entire bond issue, I have vetoed the items in Section 6 which would have provided funds for the construction of facilities for the Department of Commerce and Economic Development and the Department of Fisheries, and I have vetoed those portions of the title and of Section 1 of the bill which refer to the Department of Fisheries. The total amount of the items vetoed is $376,226. Since these bonds will not be issued until the 1967 legislature is in session, these projects can be considered at that time and funds appropriated as the legislature may deem necessary.

With the exception of the items which I have vetoed as set forth above, the remainder of the bill is approved.

Respectfully submitted,

DANIEL J. EVANS,
Governor.

April 28, 1965.

To the Honorable,
The Senate of the State of Washington

Lady and Gentlemen:

I am returning herewith, without my approval as to one item, Substitute Bill No. 42 entitled:

"AN ACT Adopting the capital budget and making appropriations for capital improvements; and declaring an emergency."

I have no objection to the appropriations contained in this bill, but I am concerned that it should take effect on July 1, 1965 when the next biennium commences.

This bill contains appropriations and reappropriations for capital improvement projects. The allotment of funds pursuant to this bill is intended to occur during the biennium commencing July 1, 1965; however with the exception of certain projects at the state universities and state colleges which take effect immediately, this bill will not take effect until ninety days after adjournment of this legislative session. It is difficult to predict the effective date of the bill; however it is obvious that it will be a month or more after the commencement of the next biennium.

This delay in making funds available could work a hardship with respect to projects previously authorized for which reappropriations have been made in this bill. It is unfortunate that the emergency clause in Section 10 was not expanded to make all portions of the bill effective no later than July 1, 1965. However, to relieve this problem, I have vetoed the language in Section 10 which restricts the operation of the emergency clause to appropriations from the building and capital projects accounts of the state universities and state colleges. By striking this language the entire act will become effective immediately. However, this does not mean that funds will be expended prior to the time intended by the legislature. Under Section 3 of the bill the Budget Director, with the approval of the Governor, must allot funds before any
project can begin or any obligation can be incurred. The power to make such
allotments can be used to give effect to the legislative intent that appropri­
ations from the building and capital projects accounts of the state universities
and colleges shall take effect immediately and that other appropriations shall
take effect July 1, 1965.

With the exception of a certain item in Section 10, which I have vetoed
for the reasons stated above, the remainder of the bill is approved.

Respectfully submitted,

DANIEL J. EVANS,
Governor.

April 8, 1965.

To the Honorable,
The Senate of the State of Washington

Lady and Gentlemen:

I am returning herewith, without my approval as to one item, Senate Bill
No. 47 entitled:

"AN ACT Relating to judges salaries and pensions, and salaries
of members of the legislature; amending section 1, chapter 144,
Laws of 1953 as amended by section 1, chapter 260, Laws of 1957
and RCW 2.04.090; amending section 2, chapter 144, Laws of 1953
as amended by section 2, chapter 260, Laws of 1957 and RCW
2.08.090; and amending section 1, chapter 48, Laws of 1949, as last
amended by section 2, chapter ......., Laws of 1965, as re-enacted
by section 43.03.010, chapter ......., Laws of 1965, and RCW
43.03.010; and amending section 1, chapter 173, Laws of 1941
as last amended by section 1, chapter 3, Laws of 1965, and RCW
44.04.080."

This bill increases the salaries of legislators and judges of the supreme
and superior courts effective after the expiration of their respective terms
of office. It also reduces the per diem of legislators to be received while in
session from $40 to $25, effective January 1, 1967.

Section 3 of this bill provides that the increases in judicial salaries pro­
vided in sections 1 and 2 shall not be considered in computing retirement
benefits. Under the judges' retirement system, a judge who qualified for full
retirement benefits may retire on a pension of one-half his salary at the
time of his retirement. Upon his death, his widow would receive one-half
of his pension. It is my opinion that under the decisions of the Washington
Supreme Court, including Bakenhus v. Seattle, 48 Wn. (2d) 695, 296 P. (2d)
536, the restriction contained in section 3 of this bill cannot lawfully be
applied in computing pensions of those judges serving at the effective date
of this act.

Moreover, I believe that it is important that we attract to the judiciary
the most qualified persons possible. The pension benefits which accrue to
judges upon retirement, and to their widows in the event of their death, are
just as important in attracting qualified persons as the salary paid while
they are serving on the bench.

I have vetoed Section 3 so that judicial pensions shall be based upon the
salary levels established in Sections 1 and 2 of the bill. The remainder of Senate Bill No. 47 is approved.

Respectfully submitted,

DANIEL J. EVANS,
Governor.

To the Honorable,
The Senate of the State of Washington
(Through the Secretary of State)

Lady and Gentlemen:

I am filing herewith to be transmitted to the Senate at the next session of the legislature, without my approval as to certain items, Senate Bill No. 50 entitled:

"AN ACT Relating to state government; establishing a state law enforcement officers' training commission; providing for its organizational structure; defining its power and duties; establishing a law enforcement officers' training fund; and amending section 3, page 421, Laws of 1873 as last amended by section 1, chapter 30, Laws of 1919 and RCW 10.82.070."

This bill creates a Law Enforcement Officers' Training Commission in order to improve standards of law enforcement throughout the state. I approve of this legislation in principle, however, I have vetoed certain items in Section 3 and all of Section 19.

Section 3 provides that the membership of the commission shall include the Attorney General, the Chief of the State Patrol and the Special Agent in charge of the Seattle office of the FBI, or their respective designees. Six other members of the commission are to be appointed by the Governor; however, the bill restricts the appointing power of the Governor to nominees submitted by various associations of sheriffs, chiefs of police, county commissioners and cities.

I believe these restrictions are contrary to sound public policy. The person who makes an appointment should be held responsible for it. If it is good, he deserves the credit; if it is bad, he deserves the blame. But no appointing power can properly be held to account for an appointment which he is not free to make in accordance with his own best judgment. When making appointments to this commission I will seek the advice and counsel of persons knowledgeable in the field of law enforcement. I will welcome suggestions from all interested parties and organizations, including those associations named in this bill. I believe any succeeding Governor would follow this example.

In exercise of the power of item veto, I have retained the basic make-up of the commission, in that six appointive members of the commission must include two sheriffs, two chiefs of police, one county commissioner, and one executive officer of a city. Only the requirement that the appointments be made from restricted lists submitted to the Governor has been removed.

Section 19 provides that funds appropriated or otherwise available to the commission shall be under the direct jurisdiction of the commission, and that vouchers shall be submitted to the State Treasurer. This is contrary to pro-
cedures established pursuant to the Budget and Accounting Act with respect to other state agencies. I do not believe that the legislature intended this commission to be exempt from the usual budgetary controls. Because I fear the provision is susceptible to that interpretation, I have vetoed Section 19.

The remainder of the bill is approved.

Respectfully submitted,
DANIEL J. EVANS,
Governor.

April 8, 1965.

To the Honorable,
The Senate of the State of Washington

Lady and Gentlemen:

I am returning herewith, without my approval as to certain items, Senate Bill No. 122 entitled:

"AN ACT Relating to commercial transactions; enacting a Uniform Commercial Code; repealing certain acts and parts of acts; and declaring an effective date."

Passage of the Uniform Commercial Code represents a major accomplishment by the legislature—one in which each of you may take great pride. Its passage will improve the state's commercial climate, and thereby benefit all our citizens.

No legislation of the scope and complexity of the Uniform Commercial Code can be prepared without creating problem areas. The legislature has wisely chosen to set the effective date for the Code following the 1967 legislative session. This will give many groups an opportunity to review it carefully during the next two years, and to suggest solutions for those problems which exist. By separate letter I am urging the Washington State Bar Association to continue its study of those sections about which questions have been raised during this session. I urge legislators to participate in this review.

I have chosen to bring to the attention of those who will continue to study this bill three portions which I believe to be unsatisfactory.

Specially Built Products

My first point of concern is Section 2-616 which allows purchasers to terminate contracts for the manufacture and sale of specially built products in the event of an excusable delay (caused by an act of God). Subsection (3) denies commercial concerns the right to negotiate and agree to an allocation of the risks occasioned by such excusable delays.

Under Section 2-616, as now written, if a manufacturer incurs substantial costs in connection with the development and production of products for a particular customer, and then is delayed in making delivery by fire or other calamity beyond its control, the purchaser could terminate the contract without liability. I believe it is unreasonable to deny the manufacturer and the purchaser the right to bargain at arms' length for an allocation of the risks which would be occasioned by such an event.

It also should be observed that the termination of contracts under Section 2-616 occurs automatically in the event the purchaser fails to take any action within thirty days after learning of the delay. A purchaser unwittingly may
allow the termination of his contract, placing him in the position of having to negotiate with the seller for new terms of purchase; at a time when he no longer has any bargaining power.

In an effort to protect both buyer and seller, the state of Wisconsin has deleted this provision from its Code. I have elected to veto subsection (3) of Section 2-616, which will eliminate the provision that the type of contract involved in this section cannot be modified by mutual agreement.

**Assertion of Defenses**

Section 9-206 deals with agreements not to assert defenses against assignees. By amendment, the following proviso was added: "Provided, That nothing in this act may be construed as depriving a buyer, as against an assignee, of asserting the defense of fraud or material misrepresentation by the seller."

I believe this amendment was intended to protect the consumer, which is a commendable objective. However, existing statutes protect consumers against agreements which waive the right to assert all defenses against assignees, including the defenses of fraud and material misrepresentation. RCW 63.14.150 provides:

"No provision of a retail installment contract or retail charge agreement shall be valid by which the buyer agrees not to assert against the seller or against an assignee a claim or defense arising out of the sale."

This statute applies to all retail sales of goods and services purchased primarily for personal, family or household use. Section 9-206 of the Code expressly preserves this statute, thus making the amendment unnecessary to protect the consumer.

Because the proviso applies to the entire Code, not just to this section, it might create unintended results with regard to negotiable instruments. The basic concept of negotiable instruments is that they must pass freely from one person to another, in much the same manner as currency. To subject an innocent holder of a negotiable instrument to unique restrictions would disrupt normal commercial transactions in the state of Washington, and result in a distinct hardship to all parties.

Therefore, I have vetoed the proviso at the end of Section 9-206 (1).

**Financing Statements**

Section 9-402 (1) of the Code sets forth the minimum formal requirements of a financing statement, which is the instrument by which public notice of a security interest is given. One of the basic purposes of the Code is to adopt the principle that filing a simple and dependable "notice" that a lien is outstanding is preferable to filing the security instrument itself. Washington has previously adopted "notice filing" for certain security transactions. The notice is designed to direct a subsequent creditor or buyer to the source of the current and complete information regarding the prior lien. The Code extends this to all security transactions.

However, the legislature has amended Section 9-402 (1) to require that unnecessary information be inserted in the notice. Imposing these additional requirements enhances the opportunity for technical error, thus voiding a bona fide transaction without providing any greater notice or protection to the public. The opportunity for error by out-of-state companies is especially increased. In this regard, I note that Section 9-208 has been amended to
permit a debtor to require a secured party to send information regarding the status of his indebtedness and the collateral secured thereby to any person whom the debtor might designate. Thus, a prospective subsequent creditor easily can obtain reliable information concerning the prior security transaction. Therefore, I have vetoed the items in Section 9-402 (1) added by amendment to the original bill.

Section 9-402 (3) sets forth the form of a financing statement. To conform to the amendment discussed above, the legislature made provision for the addition of information in the financing statement required by subsection (1). Therefore, I have vetoed certain items appearing on lines 10 through 13 inclusive and lines 23 through 26 inclusive of subsection (3).

Apparently the Senate Judiciary Committee preparing its amendment to Section 9-402 (3) followed the California statute, because it inadvertently deleted the portion of the subsection which provides for the description of fixtures. It is not within my power to insert this portion of the Code which has been inadvertently omitted, but the 1967 legislature may wish to correct this omission.

The words "or timber" appears in two places in Section 9-402 (3). The California statute specifically deals with timber. Since the amendment discussed above followed California's section, these words were inadvertently included, when no reference to "timber" is contained in Section 9-402 (1). In order to correct the ambiguity existing between subsections (1) and (3), I have vetoed these words where they appear in Section 9-402 (3).

Conclusion

With the exception of Section 2-616 (3), a certain item in Section 9-206 (1), and certain items in Section 9-402 (1) and 9-402 (3), which I have vetoed, the remainder of Senate Bill No. 122 is approved.

Respectfully submitted,

DANIEL J. EVANS,
Governor.

March 20, 1965.

To the Honorable,
The Senate of the State of Washington
(Through the Secretary of State)
Lady and Gentlemen:

I am filing herewith to be transmitted to the Senate at the next session of the Legislature, without my approval as to one item, Senate Bill No. 126 entitled:

"AN ACT Relating to courts of limited jurisdiction; providing increases in salaries; changing the method of paying salaries of judges of courts of limited jurisdiction; amending section 100, chapter 299, Laws of 1961 and RCW 3.58.010; amending section 4, chapter 156, Laws of 1951 and RCW 3.16.004; and amending section 35.20.160, chapter 7, Laws of 1965 and RCW 35.20.160."

Section 2 of Senate Bill No. 126 directs that justices of the peace in cities over 20,000 shall not engage in the practice of law. This provision becomes effective 90 days after the adjournment of the regular session of the legislature.
Section 2 also provides for an increase in the compensation of these justices from $6,500 per year to $12,500 or two-thirds the amount of the salary provided by statute as the salary for superior court judges, whichever is greater. Pursuant to Article XI, Section 8, of the Washington State Constitution, the salary of these justices cannot be increased during their term of office. This would create a period in which a number of justices would be required to serve as full-time justices of the peace at a salary of $6,500 a year.

The language of the statute is clear, and the unfortunate result would occur without regard to the intent of the legislature. To allow it to become law would undoubtedly result in litigation, which the legislature obviously did not intend.

I am informed that the Senate has added an amendment to Senate Bill No. 459, which correctly accomplishes what the legislature intended to accomplish by section 2 of Senate Bill No. 126. I urge that you take favorable action on that amendment.

For the above reasons, I have vetoed all of section 2 of Senate Bill No. 126, restoring the original statutory language of RCW 3.16.004. The remainder of Senate Bill No. 126 is approved.

Respectfully submitted,

DANIEL J. EVANS,
Governor.

To the Honorable,
The Senate of the State of Washington

Lady and Gentlemen:

I am returning herewith, without my approval, Senate Bill No. 229 entitled:

"AN ACT Relating to county commissioners; canceling notice requirement for purchases under five hundred dollars; and amending section 36.32.250, chapter 4, Laws of 1963 and RCW 36.32.250."

This bill would eliminate the requirement that counties post a notice of intention to let contracts or make purchases involving amounts of $500.00 or less. Existing law requires posting of notice where the amount exceeds $100.00. I have no objection to this proposed change in the law.

However, Senate Bill No. 229 amends RCW 36.32.250 which also was amended in the 1965 regular session of the legislature by Senate Bill No. 213, chapter 113, Laws of 1965. Senate Bill No. 229 does not refer to the earlier enactment in its title and does not include the changes in RCW 36.32.250 which were made by Senate Bill No. 213.

I am of the opinion that under Article 2, Section 37 of the State Constitution as interpreted by the Supreme Court in State ex rel. Gebhardt v. Superior Court, 15 Wn. (2d) 673, Senate Bill No. 229 would have the effect of superseding Senate Bill No. 213.

Members of my staff have discussed this problem with Senator Gissberg who sponsored Senate Bill No. 229, and he agrees that it would be undesirable to permit this bill to become law under these circumstances.
I trust that legislation similar to Senate Bill No. 229 can be introduced at the next session of the legislature in order to effect the amendment of the law contemplated by the legislature.

Respectfully submitted,

DANIEL J. EVANS,
Governor.

To the Honorable,
The Senate of the State of Washington

Lady and Gentlemen:

I am returning herewith, without my approval, Senate Bill No. 237 entitled:

"AN ACT Relating to the legislature; providing for the redistricting and reapportionment thereof; repealing Chapter 5, Laws of 1957, Chapter 289, Laws of 1957 and Chapter 44.06 RCW; and declaring an emergency."

This bill obviously does not represent a serious effort on the part of the legislature to solve the difficult problem of redistricting. It seems to have been framed in such a way as to invite gubernatorial veto. Non-contiguous land areas have been included in one district in direct violation of the State Constitution. Many districts have such disproportionate populations that they violate the rules of "one man, one vote". One district has been given three representatives instead of two, when other districts have a greater number of inhabitants and therefore are entitled to greater representation. And some portions of the state have been omitted entirely from the plan and other errors in describing districts appear throughout the bill.

The Honorable John T. McCutcheon, chairman of the Senate committee on redistricting, has been quoted in the press as stating during the debate on this bill:

"I don't expect we could even carry this bill on this side of the aisle if we didn't know Governor Evans would veto it."

I would unhesitatingly veto this bill under any circumstances, but it is comforting to know that in this action I am supported by a majority of the legislators.

If we can agree that this is a bad bill, I trust that we can agree on a good one. Toward this end leaders of both parties in the House and Senate have been meeting with me this week in an effort to resolve the differences which have prevented the enactment of a fair, equitable and responsible redistricting law. It is my sincere hope that a redistricting plan acceptable to a majority of the legislature and to this office will be enacted soon.

However, I wish to make a record of some of the specific objections which I have to this bill in the hope that future bills may avoid these pitfalls.

First, I question the propriety of providing district 49 with three representatives, when it appears that its population of 69,593 people is less than the population of at least two other districts, to wit district 37 with 70,935 inhabitants and district 46 with 69,846 inhabitants. In this regard I call the attention of the legislature to the constitutional guidelines for redistricting contained in the attorney general's letter of December 24, 1964 addressed to
my administrative assistant, Mr. James Dolliver. In that letter the attorney general said:

“. . . if the legislature determines to retain the present number of senators (forty-nine) and representatives (ninety-nine) and, as well, the present number (forty-nine) legislative districts, it is evident that forty-eight legislative districts will have one senator and two representatives each and the forty-ninth district will have one senator and three representatives. The legislative district having this excess number of representatives should properly contain a somewhat higher population than any of the other districts. Using the figures set forth above, we have suggested that this “three representative” district might contain something in the neighborhood of seventy-five thousand to eighty thousand inhabitants.”

Second, I object strongly to dividing any county into an unnecessary number of districts. Senate Bill No. 237 is grossly unfair to Kitsap county in this regard. It would place portions of the county in three separate senatorial districts. Bainbridge Island would be joined with a part of Seattle. Bremerton would be split in two with a portion being joined with three census tracts in Kitsap county and other parts of the state as far away as the Canadian border in Whatcom county. The balance of Kitsap county would constitute district 23.

Third, I believe that the portions of Kitsap county included in district 41 are not contiguous as required by Article II, Section 6 of the Washington Constitution. These areas are a part of the mainland portion of Kitsap county and are separated from each other by several miles of additional land area which has been included in district 23.

Fourth, several districts appear to vary in population more than 15 percent from the population for an ideal district. These include districts 1-A, 16, 37, 41-A, 45 and 46. Moreover, in Seattle district 45 is underpopulated more than 15 percent, and adjoining district 46 is overpopulated more than 15 percent. These districts could easily be adjusted to equalize population. Again it is helpful to refer to the guidelines furnished by the attorney general in his letter of December 24, 1964 where he stated:

“In line with the proposition, noted earlier, that population density is a factor which can legitimately be considered, we are further advising that within the permissible general population ranges, supra, any underpopulated districts should generally be confined to sparsely populated rural areas. Likewise, any overpopulated districts should be located in densely populated urban or suburban areas.

“Furthermore, we should emphasize that in regard to the establishment of these ranges we are suggesting that the lesser, or ten percent “over and under” standard be adhered to as far as reasonably possible. Some clearly demonstrable justification should exist for any deviation in excess of this degree.

“Basically, we believe it probable that a legislative apportionment plan that conforms with these standards and guidelines can be defended. A plan which departs from these guidelines would, in our opinion, be most difficult to defend and would probably lead to protracted litigation in regard to the matter.”
For the reasons outlined above, I have vetoed Senate Bill No. 237. Moreover, I believe Senate Bill No. 237 is not only undesirable legislation, but is of doubtful validity. The letter of December 24, 1964 from the attorney general warns against adopting such a plan:

"Clearly, an apportionment plan which is only marginal or of doubtful validity should be avoided because of the possibilities of protracted litigation that could result in regard to determining the constitutionality of such a plan. Because the legislature will not be permitted to function in its normal manner until the court has approved its legislative apportionment plan, it is evident that the plan adopted and presented to the court must be one which will be clearly acceptable."

Respectfully submitted,

DANIEL J. EVANS,
Governor.

To the Honorable,
The Senate of the State of Washington

Lady and Gentlemen:

I am returning herewith, without my approval as to one item, Senate Bill No. 301 entitled:

"AN ACT Relating to elections; amending section 29.10.110, chapter 9, Laws of 1965 and RCW 29.10.110; amending section 29.51.060, chapter 9, Laws of 1965 and RCW 29.51.060; and adding new sections to chapter 9, Laws of 1965 and to chapters 29.04 and 29.10 RCW."

This bill makes a number of changes in the law relating to elections, and provides procedures for removing from the registration rolls the name of any person who no longer resides in the precinct in which he is registered.

Section 4 and Section 9 each provides that the Secretary of State shall cause appropriate forms to be designed to carry out the provisions of this amendatory act.

However, Section 9 also provides that some of the forms shall be furnished by the Secretary of State to the various county auditors and city and town clerks. The Secretary of State has never been required to furnish election supplies to the cities, towns and counties; and none of the budgets submitted to the legislature this session has provided for this expense.

In order that the bill will be consistent with past election procedures and not involve additional expense to the state, I have vetoed Section 9. The remainder of Senate Bill No. 301 is approved.

Respectfully submitted,

DANIEL J. EVANS,
Governor.
To the Honorable,
The Senate of the State of Washington
(Through the Secretary of State)
Lady and Gentlemen:
I am filing herewith to be transmitted to the Senate at the next session of the Legislature, without my approval as to one item, Senate Bill No. 310, entitled:

"AN ACT Relating to public hospital districts; amending section 6, chapter 264, Laws of 1945, as amended by section 18, chapter 197, Laws of 1949 and RCW 70.44.060; amending section 10, chapter 264, Laws of 1945 and RCW 70.44.160; amending section 16, chapter 264, Laws of 1945 and RCW 70.44.170; and declaring an emergency."

Section 5 contains the standard emergency clause requiring the act to take effect immediately. Imposition of an emergency clause defeats the right of the people to reject legislative action by referendum, and should be sparingly used.

Having carefully considered each section of Senate Bill No. 310, it is clear that no part of the act is necessary for the immediate preservation of public peace, health and safety, or the support of state government and its existing public institutions.

Section 5 is therefore vetoed. The remainder of Senate Bill No. 310 is approved.

Respectfully submitted,

DANIEL J. EVANS,
Governor.

To the Honorable,
The Senate of the State of Washington
(Through the Secretary of State)
Lady and Gentlemen:
I am filing herewith to be transmitted to the Senate at the next session of the Legislature, without my approval, Senate Bill No. 360 entitled:

"AN ACT Relating to labor relations; authorizing collective bargaining by and between agencies of the state and its political subdivisions and the employees thereof; and prohibiting certain practices."

This bill purports to grant to employees of the state and certain political subdivisions the right to bargain collectively with their employers through labor organizations. I am satisfied that this statute is not necessary to confer this right upon public employees, and that, as written, the bill would contravene the merit systems now established at many levels of government.

Collective bargaining is not new to state or local government. At least nine collective bargaining agreements are in operation between organizations of public employees and state agencies; and more than thirty such collective bargaining agreements have been entered into with local units of government.
The state supreme court and the attorney general have ruled time and
time again that such agreements are permissible under our laws as they
now exist, without the need for Senate Bill No. 360. The supreme court ruled
as early as 1947 that local government employees could organize and bargain
collectively. This position was reaffirmed in 1958. The attorney general has
issued similar opinions regarding city employees in 1951, county employees
in 1957, and employees of municipal corporations generally in 1961. Therefore,
no new law is needed to authorize the governing bodies of local units of
government to enter into collective bargaining agreements, so long as those
agreements do not transfer from the public officials elected by the people,
the powers and duties which they alone were elected to perform, and so
long as ultimate control over the public purse-strings is retained by those
elected officials.

Nor is Senate Bill No. 360 needed in order to authorize collective bargain­
ing at the state level of government. In 1960 the people enacted by initiative a
system of personnel administration based on merit. Section 15 of this law
requires the adoption of rules by the State Personnel Board to authorize
collective bargaining agreements. These rules have been adopted, and agree­
ments have been enterd into by state agencies.

But it is the effect of Senate Bill No. 360 upon this merit system, and the
merit systems established at countless local units of government, which
concerns me most. I have noted from my examination of the laws of other
states that invariably the authorization to bargain collectively has been made
subject to the paramount principle of civil service. For example, the Cali­
ifornia law provides:

"Nothing contained herein shall be deemed to supersede the
provisions of existing state law and the charters, ordinances and
rules of local public agencies which establish and regulate a merit
of civil service system or which provide for other methods of
administering employer-employee relations. This chapter is in­
tended, instead, to strengthen merit, civil service and other
methods of administering employer-employee relations through
the establishment of uniform and orderly methods of communi­
cation between employees and the public agencies by which
they are employed."

Also, the federal government has exempted its employees from labor
legislation to avoid any conflict with the federal civil service system. No
state or federal law which I have examined conflicts so directly with the
civil service system as Senate Bill No. 360.

Under state merit system rules, collective bargaining agreements are
subject to certain limitations. For example, these agreements may not contra­
vene any merit system rule or Central Budget Agency regulation promul­
gated under statutory authority. And the attorney general has similarly
ruled that under existing law collective bargaining agreements at the local
level may not conflict with any charter or ordinance (which would include
a merit system provision). Merit system laws and rules often provide methods
for resolving disputes through personnel boards or civil service commissions.
Without the limitations contained in the laws of other states, Senate Bill No.
360 would undermine these procedures and ultimately the entire civil service
system.
Section 15 of the state merit system initiative also limits the scope of bargaining to matters “which may be peculiar to an agency.” This recognizes that many of the terms and conditions of public employment are fixed by the legislature and therefore cannot be bargained away. Senate Bill No. 360 without such restrictions conflicts with the merit system and derogates from the duties conferred by the people upon their elected representatives.

For the foregoing reasons I have vetoed Senate Bill No. 360; but I have not done away with the right of public employees to collectively bargain. This right still exists, but without Senate Bill No. 360 the people will be assured that collective bargaining agreements will continue to be subject to merit systems wherever they exist, and that statutory and constitutional duties of elective officials will not be transferred at the bargaining table to some other person or group not responsible to the will of the people.

Respectfully submitted,

DANIEL J. EVANS,
Governor.

April 17, 1965.

To the Honorable,
The Senate of the State of Washington

Lady and Gentlemen:

I am returning herewith without my approval, Senate Bill No. 422, entitled:

"AN ACT Relating to industrial insurance and compensation—right to and amount; and amending section 51.32.080, chapter 23, Laws of 1961 as amended by section 3, chapter 274, Laws of 1961 and RCW 51.32.080; amending section 51.32.040, chapter 23, Laws of 1961 and RCW 51.32.040."

On April 9, 1965, I signed and transmitted to the Secretary of State Senate Bill No. 39, an act providing increased benefits under the Workmen's Compensation Act, totaling 2½ million dollars annually, payable to widows and families of fatally injured workmen and to workmen who have suffered temporary and permanent total disability from injuries sustained in the course of their employment. These benefits are payable from premiums paid solely by employers of the state. Senate Bill No. 39 had bi-partisan support on final passage, and I approved it to insure that the working men and women receive at least a portion of the increase in benefits which they deserve.

I have long recognized the need for increases in the benefits payable to injured workmen and their families. However, I also recognize that injured workmen, usually the more seriously disabled, have been victimized by unnecessarily technical processes built into the appellate structure of the Act, which permit unjustifiable delay in payment of awards, and which are totally foreign to the original intent of the framers of this progressive method of replacing lost earnings resulting from work-incurred injuries.

Toward the resolution of this distressing injustice in our industrial insurance program, I proposed in February to this legislature reasonable revisions in the appellate procedures of the Workmen's Compensation Act. My proposal was consistent with the procedures used by an overwhelming number of other states. It was consistent with proposals embodied in the Report of Suggested State Legislation of the Council of State Governments,
whose Advisory Committee on Workmen's Compensation included labor leaders such as Clinton Fair and Lawrence Smedley, both of the AFL-CIO. The proposal also follows the recommendations of former Secretary of Labor Goldberg and the present Secretary of Labor, Willard Wirtz. I have also discussed my proposal with the members of the Board of Industrial Insurance Appeals, who have indicated their support. It is clear that responsible labor leaders in this state recognize the need to meet this problem which the injured workman faces. Yet Senate Bill No. 422 makes no attempt to reduce the unfortunate delay in processing appeals.

In addition, Senate Bill No. 422 makes no attempt to adopt a schedule of benefits based upon a nationally recognized guide of relative values for various disabilities. Such a guide has been published by the Committee on Medical Rating and Physical Impairment of the American Medical Association. Its use would result in far greater uniformity among physicians in their rating of disability and drastically reduce the conflicts which result in lengthy appeals. Instead, Senate Bill No. 422 compounds the existing inequities in the present schedule.

Because of the vital necessity for immediate action to modernize our appellate procedure, and provide more adequate benefits for injured workmen than those contained in Senate Bill No. 422, and the need to base them on scientifically arrived at and nationally recognized standards, I sent to the legislature on April 9, before Senate Bill No. 422 was passed, a message containing a proposal which would provide benefits to permanently partially disabled workmen totaling $3.8 million. This is $1.3 million more than Senate Bill No. 422 provides, and would result in a total increase in benefits of $6.3 million at this session of the legislature. This schedule of benefits was given to the president of the United Labor Lobby on April 8, when I discussed it with him at length. Yet Senate Bill No. 422 does not contain any of these increased benefits nor allow the injured workman to escape from the delay caused by the protracted legal proceedings of the present system.

I am disappointed that the president of the United Labor Lobby did not urge the legislature to amend Senate Bill No. 422 to include my proposal; however, there is still time for this legislature to adopt this increased benefit schedule and modernize appeals procedures, thereby accepting its responsibility and meeting the needs of the injured workmen.

Because Senate Bill No. 422 does not meet these needs, it is vetoed.

Respectfully submitted,

DANIEL J. EVANS,
Governor.

May 14, 1965.

To the Honorable,
The Senate of the State of Washington
(Through the Secretary of State)

Lady and Gentlemen:

I am filing herewith to be transmitted to the Senate at the next session of the Legislature, without my approval as to one item, Substitute Senate Bill No. 438 entitled:

"AN ACT Relating to highways and the operation of vehicles thereon."
This is the so-called "Highway Omnibus Bill of 1965". Section 33 of the bill is an amendment to the 1963 Highway Priority Programming Act, which required the State Highway Commission to plan for one hundred percent completion by 1975 of this state's portion of the national system of interstate highways and those highways classified as "principal highways”. Section 33 of Substitute Senate Bill No. 438 would extend the time for completing these highways for an additional six years, to 1981.

I am reluctant to extend the time for completing this high priority highway system. The people need most of these highways now. To allow them to remain uncompleted for sixteen years would be poor highway planning. Limitations on available funds over the next ten years may require some adjustment in priorities established by the State Highway Commission. I request that the Highway Commission and the Joint Highway Interim Committee of the legislature reappraise the schedule of priorities and classification of highways to see if revisions are necessary to be sure that the highways carrying the greatest traffic loads are completed by 1975, rather than to postpone final completion for six more years, so that less important highways can be constructed at the same time.

Until such a reappraisal of priorities can be completed, I believe the Highway Commission and the Highway Department should exert every effort to meet the 1975 target date. For these reasons I have vetoed the items in Section 33 which amended "1975" to read "1981". The remainder of the bill is approved.

Respectfully submitted,

DANIEL J. EVANS,
Governor.

April 19, 1965.

To the Honorable,
The Senate of the State of Washington

Lady and Gentlemen:

I am returning herewith, without my approval as to certain items, Senate Bill No. 522, entitled:

"AN ACT Relating to education; adding new sections to Title 28, RCW; repealing certain statutes; declaring an emergency; and fixing the expiration date of this act."

This bill enacts a new formula governing the apportionment of state funds to local school districts for maintenance and operation purposes. It represents a positive step forward in the field of school finance. Basically the bill measures all revenues, local and federal, available for maintenance and operation of common schools. Then it provides for the distribution of state money on the basis of need, to achieve as nearly as possible a guaranteed level of support for the public schools. This bill should greatly equalize the educational opportunities for school children throughout the state.

This is one of five bills which I proposed as a program to equalize the local tax support of schools and to provide schools with an assured base of local tax revenue, thereby reducing their reliance on special levies. The legislature failed to adopt the permanent parts of this program, thus I was
forced to veto Senate Bill No. 523 which imposed a temporary ten-mill state property tax for schools.

Section 1 of Senate Bill No. 522, which is returned herewith, provides for the distribution of proceeds of the temporary ten-mill state tax. Since there will be no such tax, this section is no longer appropriate and has been vetoed.

In section 2 of the bill returned herewith there is a reference to the state property tax on lines 29 and 30 of page 3, which is surplusage and has been vetoed.

Subparagraph (1) of section 2, appearing on page 4 of Senate Bill No. 522, provides that for purposes of determining state apportionment, property tax revenues will be recognized as a local resource to the extent of specified percentages of ten mills based upon assessed valuations adjusted to fifty percent of true and fair value according to ratios fixed by the State Board of Equalization. Since there will be no proceeds of a property tax “equalized at the state level” available to local school districts, I have vetoed subparagraph (1) of section 2.

The result of the veto of this item is to remove from the bill any specific legislative mandate that any property tax revenues be treated as a local resource in computing state apportionment; however subparagraph (7) of section 2 treats as a local resource “eighty-five percent of such other available revenues as the superintendent of public instruction may deem appropriate for consideration in computing state equalization support . . . .” The state superintendent has advised me that he will utilize this authority to consider eighty-five percent of the local school property tax as a local resource. However, the legislature may wish to amend this statute to give more specific authority to the state superintendent and to provide some penalty in the event a school district fails to levy the maximum millage permitted by law without a vote of the people. Such provisions were contained in the school apportionment statutes repealed by this bill.

With the exception of Section 1 and the items in Section 2 described above which are vetoed, the remainder of Senate Bill No. 522 is approved.

Respectfully submitted,

DANIEL J. EVANS,
Governor.

April 17, 1965.

To the Honorable,
The Senate of the State of Washington
Lady and Gentlemen:

I am returning herewith, without my approval, Senate Bill No. 523 entitled:

“AN ACT Relating to revenue and taxation; amending section 84.52.050, chapter 15, Laws of 1961 as amended by section 1, chapter 143, Laws of 1961 and RCW 84.52.050; and declaring an emergency.”

Let me remind you of three of the most serious problems facing the people of this state.

The first of these problems is that school districts rely far too heavily upon annual special property tax levies in order to provide the children of our state with a basic level of education. The average special levy for main-
maintenance and operation purposes is now 8.7 mills and in many districts the levies are much higher. When a special levy is defeated the results are often disastrous. Vital programs are curtailed, teachers are laid off, and classroom loads on those who remain are increased. What is more important, the educational opportunity denied to the children of the school district can never be restored.

The second of these problems facing the people is that they do not share equally in the burden of providing a basic education for our children. This is due in part to the wide difference in the level of assessed valuations of property from one county to another. It is also due to the wide difference in the amount of special levies used to overcome the deficiencies in the basic 14 mill school tax. For example, in many areas of the state where assessed valuation is approximately 14% of the actual value of property, the owner of a $10,000 home contributes as little as $20 per year toward the education of children in the common schools. In contrast, such a homeowner in Spokane, where the assessment level is 23.4%, contributes more than $60 per year, almost $33 of which is derived from the basic 14 mill school tax and the balance from special levies. This is not the highest tax paid. The combined regular and special levies for school maintenance and operations produce a tax on a $10,000 home of more than $70 per year in Tacoma and almost $90 per year in the Shoreline School District north of Seattle. These inequities should not be permitted to continue.

The third of these problems is the ever present threat that the average property tax could triple if the courts were to require the assessments of property at 50% of actual value as provided in the Constitution.

To provide a permanent solution to these pressing problems, I submitted to this legislature a five part program. This program would have reduced the average special levy from 8.7 mills to 2 mills and would have eliminated special levies in most school districts. It would have made the basic 14 mill school tax an assured base of support, guaranteeing equal basic educational opportunities to all children of the state. It would have guaranteed an equal school tax on properties of equal value throughout the state, so that all our citizens would pay their fair share of the school tax burden. The program would have protected the people from any increase in their property taxes without their consent as expressed through a majority vote at the polls. But most important, it would have lowered the constitutional level of assessed valuation from 50% to 30% of actual value.

The two key parts of the permanent solution offered by this program were embodied in Senate Joint Resolution No. 24 and Senate Bill No. 525.

Senate Joint Resolution No. 24 is a proposed constitutional amendment to reduce to 30% the required assessment level upon which all taxes are to be based. It also would assure school districts that their tax levies would be based upon the new constitutional assessment level. This proposal would have been submitted to a vote of the people at the 1966 general election.

Senate Bill No. 525 would have taken effect only after the constitutional amendment had been submitted to the people. It would have required the assessment of property at the constitutional level; but it would have prevented automatic tax increases. The bill would require taxing districts to reduce millage to offset increases in assessed values. As the tax base went up, the millage level would go down so that the dollar amount available to taxing
districts would not be affected by the program. Only through a special vote of the people could taxes possibly be raised.

These key proposals, together with the balance of my program, were considered at four public hearings, three in Olympia and one in Spokane. The Senate debated the proposed constitutional amendment for more than a week. The legislature became fully apprised of the problems facing our schools and our taxpayers and it had ample opportunity to understand my proposals. Nevertheless, the constitutional amendment failed to receive the necessary two-thirds majority required for passage, and no final vote was taken on Senate Bill No. 525.

The rejection of these measures was indeed shortsighted, and an action which I fail to understand. My proposal has not been rejected in favor of another solution to these problems. For, those who have joined together to defeat these measures have advanced no plan whatsoever to relieve the special levy problem, or to protect the taxpayer from excessive property taxes, or to equalize the local effort to support schools.

I cannot believe that the legislature is insensitive to these problems or unwilling to solve them. Once again, I urge the legislature to pass the permanent measures I have submitted to you.

The bill I have returned herewith is also a part of my program; however, this measure was designed to provide temporary relief from special levies pending adoption of the constitutional amendment. The legislature saw fit to pass the temporary measure before it knew whether or not the permanent plan of which it is a part would be adopted. The constitution does not permit me to withhold action on Senate Bill No. 523. Today is the last of the five days in which I must take action on this bill. Therefore, I must act upon this bill as if no permanent parts of my program will be adopted, even though such action may occur before the end of the special session.

It is my belief that adopting a temporary, stop-gap measure which would have the effect of raising taxes in some areas of the state, without giving the people an opportunity to vote on the entire program at the next election, would be unfair to the taxpayers of the state. Moreover, such action would alter the current pattern of special levies in school districts for two years without offering any permanent solution to the special levy problem. This could make special levies even more difficult to restore two years from now, and would compound the financial uncertainties which now plague local school districts.

For the foregoing reasons, I have vetoed Senate Bill No. 523.

Respectfully submitted,

DANIEL J. EVANS,
Governor.

To the Honorable,
The Senate of the State of Washington
(Through the Secretary of State)

Lady and Gentlemen:

I am filing herewith to be transmitted to the Senate at the next session of the Legislature, without my approval, Senate Bill No. 570, entitled:
“AN ACT Relating to highways; making appropriations; declaring an emergency; and providing an effective date.”

This bill was designed as a companion bill to Substitute House Bill No. 655, which would have increased the motor vehicle fuel tax by one cent per gallon. Senate Bill No. 570 appropriates for highway purposes over $21 million, which is the amount the increased tax would have raised. The bill also contains an additional appropriation to the Department of Motor Vehicles to pay the costs of collecting the proposed additional tax.

The legislature did not pass House Bill No. 655, thus no revenues will be available to meet the appropriations contained in Senate Bill No. 570. Therefore, I have vetoed Senate Bill No. 570.

Respectfully submitted,

DANIEL J. EVANS,
Governor.
