Any township which at the time that this 1969 amendatory act takes effect has outstanding obligations in excess of anticipated receipts from sources other than general tax levies for the next ensuing year may certify the same to the board of county commissioners and the board shall levy taxes on the property within the township at the rates which the township would have been permitted to levy except for this 1969 amendatory act until such obligations have been extinguished, and until such time such [millage] *dollar rate levy* will take precedence over any additional [millage] *dollar rates of fire protection districts under this 1969 amendatory act.*

Sec. 47. Section 46.68.120, chapter 12, Laws of 1961 as last amended by section 1, chapter 103, Laws of 1972 ex. sess. and RCW 46.68.120 are each amended to read as follows:

Funds to be paid to the counties of the state shall be subject to deduction and distribution as follows:

1. Three-fourths of one percent of such sums shall be deducted monthly as such sums accrue and set aside for the use of the state highway commission and the county road administration board for the supervision of work and expenditures of such counties on the county roads thereof: PROVIDED, That any moneys so retained and not expended shall be credited in the succeeding biennium to the counties in proportion to deductions herein made;

2. All sums required to be repaid to counties composed entirely of islands shall be deducted;

3. The balance remaining to the credit of counties after such deductions shall be paid to the several counties monthly, as such funds accrue, upon the basis of the following formula:

   a. Ten percent of such sum shall be divided equally among the several counties.

   b. Thirty percent shall be paid to each county in direct proportion that the sum of the total number of private automobiles and trucks licensed by registered owners residing in unincorporated areas and seven percent of the number of private automobiles and trucks licensed by registered owners residing in incorporated areas within each county bears to the total of such sums for all counties. The number of registered vehicles so used shall be as certified by the director of the department of motor vehicles for the year next preceding the date of calculation of the allocation amounts. The director of the department shall first supply such information not later than the fifteenth day of February, 1956, and on the fifteenth of February each two years thereafter.

   c. Thirty percent shall be paid to each county in direct proportion that the product of the county's trunk highway mileage and its prorated estimated annual cost per trunk mile as provided in subsection (e) is to the sum of such products for all counties. County trunk highways are defined as county roads regularly used by school buses and/or rural free delivery mail carriers of the United States post office department, but not foot carriers. Determination of the number of miles of county roads used in each county by school buses shall be based solely upon information supplied by the superintendent of public instruction who shall on October 1, 1955 and on October 1st of each odd-numbered year thereafter furnish the state highway commission with a map of each county upon which is indicated the county roads used by school buses at the close of the preceding school year, together with a detailed statement showing the total number of miles of county highway over which school buses operated in each county during such year. Determination of the number of
miles of county roads used in each county by rural mail carriers on routes serviced by vehicles during the year shall be based solely upon information supplied by the United States postal department as of January 1st of the even-numbered years.

(d) Thirty percent of such sum shall be paid to each of the several counties in the direct proportion that the product of the trunk highway mileage of the county and its "money need factor" as defined in subsection (f) is to the total of such products for all counties.

(e) Every four years, beginning with the 1958 allocation, the highway commission and the legislative transportation committee shall reexamine or cause to be reexamined all the factors on which the estimated annual costs per trunk mile for the several counties have been based and shall make such adjustments as may be necessary. The following formula shall be used: One twenty-fifth of the estimated total county road replacement cost, plus the total annual maintenance cost, divided by the total miles of county road in such county, and multiplied by the result obtained from dividing the total miles of county road in said county by the total trunk road mileage in said county. For the purpose of allocating funds from the motor vehicle fund, a county road shall be defined as one established as such by resolution or order of establishment of the board of county commissioners. The first allocation of funds shall be based on the following prorated estimated annual costs per trunk mile for the several counties as follows:

PROVIDED, HOWEVER, That the prorated estimated annual costs per trunk mile in this
subsection shall be adjusted every four years, beginning with the 1958 allocation by the
highway commission on the basis of changes in the trunk and total county road mileage
based on information supplied by the superintendent of public instruction, the United
States postal department and the annual reports of the county road departments.

(f) The “money need factor” for each of the several counties shall be the difference
between the prorated estimated annual costs as listed above and the sum of the following
three amounts divided by the county trunk highway mileage:

(1) The equivalent of a [ten mill] two dollar and twenty-five cents per thousand
dollars of assessed value tax levy on the valuation, as equalized by the state department of
revenue for state purposes, of all taxable property in the county road districts;

(2) One-fourth the sum of all funds received by the county from the federal forest
reserve fund during the two calendar years next preceding the date of the adjustment of the
allocation amounts as certified by the state treasurer; and

(3) One-half the sum of motor vehicle license fees and motor vehicle fuel tax refunded
to the county during the two calendar years next preceding the date of the adjustment of the
allocation amounts as provided in RCW 46.68.080. These shall be as supplied to the
highway commission by the state treasurer for that purpose. The department of revenue and
the state treasurer shall supply the information herein requested on or before January 1,
1956 and on said date each two years thereafter.

The following formula shall be used for the purpose of obtaining the “money need
factor” of the several counties: The prorated estimated annual cost per trunk mile
multiplied by the trunk miles will equal the total need of the individual county. The total
need minus the sum of the three resources set forth in subsection (f) shall equal the net
need. The net need of the individual county divided by the total net needs for all counties
shall equal the “money need factor” for that county.

(g) The state highway commission shall adjust the allocations of the several counties
on March 1st of every even-numbered year based solely upon the sources of information
hereinbefore required: PROVIDED, That the total allocation factor composed of the sum of
the four factors defined in subsections (a), (b), (c) and (d) shall be held to a level not more
than five percent above or five percent below the total allocation factor in use during the
previous two year period.

(h) The highway commission and the legislative transportation committee shall relog
or cause to be relogged the total road mileages upon which the prorated estimated annual
costs per trunk mile are based and shall recalculate such costs on the basis of such relogging
and shall report their findings and recommendations to the legislature at its next regular
session.

(i) The highway commission and the legislative transportation committee shall study
and report their findings and recommendations to the legislature concerning the following
problems as they affect the allocation of “motor vehicle fund” funds to counties:

(1) Comparative costs per trunk mile based on federal aid contracts versus those herein
advocated.

(2) Average costs per trunk mile.

(3) The advisability of using either “trunk mileage” or “county road” mileage
exclusively as the criterion instead of both as in this plan adopted.

(4) Reassessment of bridge costs based on current information and relogging of
bridges.

(5) The items in the list of resources used in determining the “need factor”.

(6) The development of a uniform accounting system for counties with regard to road
and bridge construction and maintenance costs.

(7) A redefinition of rural and urban vehicles which better reflects the use of said
vehicles on county roads.

Sec. 48. Section 20, chapter 34, Laws of 1939 as last amended by section 1, chapter
101, Laws of 1963 and RCW 52.08.030 are each amended to read as follows:
Any fire protection district organized under this act shall have authority:

(1) To lease, own, maintain, operate and provide fire engines and all other necessary or proper apparatus, facilities, machinery and equipment for the prevention and extinguishment of fires, and protection of life and property;

(2) To lease, own, maintain and operate real property, improvements and fixtures thereon suitable and convenient for housing, repairing and caring for fire fighting equipment;

(3) To enter into contract with any incorporated city or town whereby such city or town shall furnish fire prevention and fire extinguishment service to the districts and the inhabitants thereof under the provisions of this act upon such terms as the board of directors of the district shall determine. To contract with another county fire protection district, or with any town, city or municipal corporation or governmental agency or private person or persons to consolidate or cooperate for mutual fire fighting protection and prevention purposes. Any city, town, municipal corporation or governmental agency may contract with a county fire protection district established and maintained under the provisions of this act for the purpose of affording such district fire fighting and protection equipment and service or fire prevention facilities, and in so contracting the district, city, town, municipal corporation or other governmental agency shall be deemed for all purposes to act within its governmental capacity. Any county fire protection district established and maintained under the provisions of this act, or any city, town, municipal corporation or other governmental agency is hereby authorized to contract with any person, firm or corporation for the purpose of affording fire fighting, protection or fire prevention facilities to such person, firm or corporation and such contractual relation shall be deemed for all purposes to be within the governmental power of such rural fire protection district, city, town, municipal corporation or other governmental agency;

(4) Fire protection districts situated in different counties may contract to operate jointly in carrying out the objects of their creation. Contracts for joint operation may provide for joint ownership of property and equipment, and may authorize a joint board of fire commissioners of the contracting districts to manage the affairs of the joint operations; to employ and discharge the necessary agents and employees and fix their respective wages and salaries; to provide and designate a suitable place in any county in which any of the contracting districts is situated, as a regular meeting place for the joint board; to incur the necessary expenses and direct the payment therefrom from the funds of the contracting districts in such proportion as the joint boards shall determine; and to do all things as may in the judgment of the joint board be required to carry out the joint operations of the contracting districts.

The joint board shall consist of the members of the boards of the contracting districts and a majority of the membership of each district board shall constitute a quorum for the transaction of the business of the joint board. The members of the boards of fire commissioners of the contracting districts shall organize as a joint board annually in January after the second Monday thereof, elect a chairman and appoint a secretary for the ensuing year. Any member of the board of any contracting district may act as secretary of the joint board or the joint board may appoint such other person as the joint board may determine. The joint board shall prepare the annual budget for the joint operation of the contracting districts and shall determine the share of revenues for the joint operation to be raised by each district and the share of the expense of joint operation to be paid by each district in the ensuing year, and the secretary of the joint board shall certify and deliver within the time required by law, to the county auditor of each county involved, the part of the budget to be raised by the district in that county and the tax officials of that county shall levy and collect the tax, and the county treasurer shall pay vouchers drawn by the joint board on the funds of the district in that county upon warrants issued by the county auditor of that county.

Contracts for joint operation of fire districts, as herein authorized shall run from year to year and as of January 1st may be terminated by written notice of the board of fire commissioners of any contracting district to the other contracting district or districts on or before July 1st and the contract for joint operations shall terminate on January 1st following: PROVIDED, That all obligations of the joint operations must be paid or

definitely arranged for before contract termination and no notice of termination shall relieve any contracting district of its unpaid obligation incurred under the contract for joint operation;

(5) To encourage uniformity and coordination of fire protection district operation programs, the fire commissioners of two or more fire protection districts, may form an association thereof, for the purpose of securing data and information of value in fighting and in preventing fires; hold and attend meetings thereof; and promote more economical and efficient operation of the associated fire protection districts. The directors of fire protection districts so associated shall adopt articles of association, select a chairman and secretary, and such other officers as they may determine, and may employ and discharge such agents and employees as the officers deem convenient to carry out the purposes of the association. The expenses of the association may be paid from fire protection district expense funds upon vouchers of the respective associated districts: PROVIDED, That the aggregate contributions made to the association by any district in any calendar year shall not exceed [one-tenth of one mill of the tax valuation of the district] two and one-half cents per thousand dollars of assessed valuation;

(6) Two or more fire protection districts may contract with each other and such a district may contract with a city or county or the state supervisor of forestry or any association approved by him for the joint leasing, ownership, maintenance and operation of all necessary and proper apparatus, facilities, machinery, and equipment for the elimination of fire hazards and for the protection of life and property within the contracting districts, and of real property, improvements and fixtures thereon suitable and convenient for the housing, repairing, and caring for such apparatus, facilities, machinery, and equipment, and may contribute their agreed proportion of the cost and expense thereof:

Such contracts shall be executed by the commissioners of the contracting districts and, when the contract is between such districts, the terms and conditions thereof shall be carried out by the boards of commissioners acting jointly;

(7) To do all things and perform all acts not otherwise prohibited by law.

(8) May enter into contract to provide group life insurance for the benefit of the personnel of the fire districts, but not to exceed ten thousand dollars coverage per covered employee, and not more than fifty percent of the cost of such insurance shall be borne by the employer fire district.

Sec. 49. Section 3, chapter 70, Laws of 1941 as last amended by section 1, chapter 18, Laws of 1965 ex. sess. and RCW 52.08.060 are each amended to read as follows:

Any territory contiguous to a fire protection district and not within the boundaries of a city or town or other fire protection district may be annexed to such fire protection district, for the purpose of obtaining fire fighting protection or prevention facilities, by petition of fifteen percent of the qualified registered electors residing within the territory proposed to be annexed. Such petition shall be filed with the fire commissioners of the fire protection district and if the said fire commissioners shall concur in the said petition they shall then file such petition with the county auditor who shall within thirty days from the date of filing such petition examine the signatures thereof and certify to the sufficiency or insufficiency thereof. After the county auditor shall have certified to the sufficiency of the petition, the proceedings thereafter by the board of county commissioners and the rights and powers and duties of the board of county commissioners, petitioners and objectors and the election and canvass thereof shall be the same as in the original proceedings to form a fire protection district: PROVIDED, That the board of county commissioners shall have authority and it shall be its duty to determine on an equitable basis, the amount of obligation which the territory to be annexed to the district shall assume, if any, to place the taxpayers of the existing district on a fair and equitable relationship with the taxpayers of the territory to be annexed by reason of the benefits of coming into a going district previously supported by the taxpayers of the existing district, and such obligation may be paid to the district in yearly installments to be fixed by the county board if within the [four mill] one dollar per thousand dollars of assessed value annual tax limit and included in the annual tax levies against the property in such annexed territory until fully paid. The amount of the obligation and the plan of payment thereof fixed by the county board shall be set out in general terms in the notice of election for annexation: PROVIDED, HOWEVER, That the
special election shall be held only within the boundaries of the territory proposed to be annexed to said fire protection district. Upon the entry of the order of the board of county commissioners incorporating such contiguous territory with such existing fire protection districts, said territory shall become subject to the indebtedness, bonded or otherwise, of said existing district in like manner as the territory of said district. Should such petition be signed by sixty percent of the qualified registered electors residing within the territory proposed to be annexed, and should the fire commissioners concur therein, an election in such territory and a hearing on such petition shall be dispensed with and the board of county commissioners shall enter its order incorporating such territory within the said existing fire protection district.

Sec. 50. Section 3, chapter 24, Laws of 1951 2nd ex. sess. as last amended by section 30, chapter 42, Laws of 1970 ex. sess. and RCW 52.16.080 are each amended to read as follows:

Fire protection districts are hereby authorized to incur general indebtedness for capital purposes which shall include replacements of equipment which may be damaged or lost and for the purpose of refunding outstanding coupon warrants issued for capital purposes only, not to exceed an amount, together with any outstanding general obligation indebtedness, equal to three-fourths of one percent of the value of the taxable property within such district, as the term "value of the taxable property" is defined in RCW 39.36.015, and to issue general obligation bonds evidencing such indebtedness on the terms and provisions hereinafter set forth, the principal and interest thereof to be payable from annual tax levies to be made in excess of the [forty mill] constitutional and/or statutory tax limitations.

Sec. 52. Section 8, chapter 24, Laws of 1951 2nd ex. sess. as last amended by section 1, chapter 105, Laws of 1971 ex. sess. and RCW 52.16.130 are each amended to read as follows:

Levies in excess of [four mills] one dollar per thousand dollars of assessed value or in excess of aggregate millage dollar rate limitations or both may be made for any district purpose when so authorized at a special election under the provisions of RCW 84.52.052. Any such tax when so levied shall be certified to the proper county officials for the collection of the same as for other general taxes. Such taxes when collected shall be placed in the appropriate district fund or funds as provided by law, and shall be paid out on warrants of the auditor of the county in which the district is situated, upon authorization of the board of fire commissioners of such district.

when such levy will not take [millage] dollar rates which other taxing districts may lawfully claim and which will not cause the combined levies to exceed the [forty mill] constitutional and/or statutory limitations, and such additional levy, or any portion thereof, may also be made when [millage] dollar rates of other taxing units is released therefor by agreement with the other taxing units from their authorized levies.

Sec. 54. Section 9, chapter 53, Laws of 1961 as amended by section 2, chapter 243, Laws of 1969 ex. sess. and RCW 52.16.160 are each amended to read as follows:

Sec. 55. Section 4, chapter 31, Laws of 1961 as amended by section 3, chapter 47, Laws of 1970 ex. sess. and RCW 53.06.040 are each amended to read as follows:

Sec. 56. Section 11, chapter 65, Laws of 1955 and RCW 53.36.020 are each amended to read as follows:

A district may raise revenue by levy of an annual tax not to exceed [two mills on each dollar of] forty-five cents per thousand dollars of assessed value against the assessed valuation of the taxable property in such port district for general port purposes, including the establishment of a capital improvement fund for future capital improvements, except that any levy for the payment of the principal and interest of the general bonded indebtedness of the port district shall be in excess of any levy made by the port district under the [two mills] forty-five cents per thousand dollars of assessed value limitation. The levy shall be made and taxes collected in the manner provided for the levy and collection of taxes in school districts of the first class.

Sec. 57. Section 1, chapter 29, Laws of 1925 as amended by section 1, chapter 22, Laws of 1965 ex. sess. and RCW 53.36.070 are each amended to read as follows:

Sec. 58. Section 1, chapter 265, Laws of 1957 and RCW 53.36.100 are each amended to read as follows:

Said levy shall be used exclusively for the exercise of the powers granted to port districts under chapter 53.25 except as provided in RCW 53.36.110. The levy of such taxes is herein authorized notwithstanding the provisions of RCW 84.52.050 and section 134 of this 1973 amending act. The revenues derived from levies made under RCW 53.36.100 and 53.36.110 not expended in the year in which the levies are made may be paid into a fund for future use in carrying out the powers granted under chapter 53.25, which fund may be accumulated and carried over from year to year, with the right to continue to levy the taxes provided for in RCW 53.36.100 and 53.36.110 for the purposes herein authorized.

Sec. 59, Section 4, chapter 162, Laws of 1971 ex. sess. and RCW 53.47.040 are each amended to read as follows:

The superior court, upon the filing of such petition, shall set such petition for hearing not less than one hundred twenty days and not more than one hundred eighty days after the date of filing said petition. Further, the court shall order the clerk of said court to give notice of the time and place fixed for the hearing by publication of notice in a newspaper of general circulation within such district, such publication to be once each week for three consecutive weeks, the date of first publication to be not less than thirty nor more than seventy days prior to the date fixed for the hearing upon such petition. Said notice shall further provide that all creditors of said district, including holders of revenue or general obligation bonds issued by said district, if any, shall present their claims to the clerk of said court within ninety days from the date of first publication of said notice, and that upon failure to do so all such claims will be forever barred. The clerk shall also mail a copy by ordinary mail of such notice to all creditors of said district, including holders of revenue or general obligation bonds issued by said district, if any, such mailing to be mailed not later than thirty days after the hearing date has been set. No other or further notices shall be required at any stage of the proceedings for dissolution of an inactive port district pursuant to this chapter.

The clerk, ten days prior to the date set for the hearing, shall deliver to the court the following:

1. A list of the liabilities of the port district in detail with the names and addresses of creditors as then known; and
2. A list of the assets of the port district in detail as then known.

The court upon hearing the petition shall fix and determine all such claims subject to proof being properly filed as provided in this section; shall fix and determine the financial condition of the district as to its assets and liabilities, and if it finds the port district to be inactive in respect of any standard of inactivity set forth by this chapter, shall order the port district to be dissolved upon the following terms and conditions:

1. If there be no outstanding debts, or if the debts be less than the existing assets, the court shall appoint the auditor of the county in which the port district is located to be trustee of the port's assets and shall empower such person to wind up and liquidate the affairs of such district in such manner as the court shall provide and to file his accounting with the court within ninety days from the date of his appointment. Upon the filing of such account, the court shall fix a date for hearing upon the same and upon approval thereof, if such accounting be the final accounting, shall enter its order approving the same and declaring the port district dissolved.

At the request of the trustee the county sheriff may sell, at public auction, all real and personal property of the port district. The county sheriff shall cause a notice of such sale fixing the time and place thereof which shall be at a suitable place, which will be noted in the advertisement for sale. Such notice shall contain a description of the property to be sold and shall be signed by the sheriff or his deputy. Such notice shall be published at least once in an official newspaper in said county at least ten days prior to the date fixed for said sale. The sheriff or his deputy shall conduct said sale and sell the property described in the notice at public auction to the highest and best bidder for cash, and upon payment of the amount
of such bid shall deliver the said property to such bidder. The moneys arising from such sale shall be turned over to the county auditor acting as trustee: PROVIDED, HOWEVER, That the sheriff shall first deduct the costs and expenses of the sale from the moneys and shall apply such moneys to pay said costs and expenses.

The court order shall provide that the assets remaining in the hands of the trustee shall be transferred to any school district, districts, or portions of districts, lying within the dissolved port district boundaries. The transfer of assets shall be prorated to the districts based on the assessed valuation of said districts.

(2) If the debts exceed the assets of the port district, then the court shall appoint the auditor of the county in which a port district is located to be trustee of the port’s assets for the purpose of conserving the same and of paying liability of the port district as funds become available therefor. Upon collection such sum shall be paid to the state to be used for the cost of maintaining and operating tuberculosis hospital facilities operated pursuant to this chapter and RCW 70.32.010, 70.32.050, 70.32.060 and 70.32.090. All other sources of revenue in tuberculosis hospital facilities operated pursuant to this chapter and RCW 70.32.010, 70.32.050, 70.32.060 and 70.32.090 shall be collected by such tuberculosis hospital facilities.

There is hereby appropriated to the department such revenue as is collected resulting from the [one-sixteenth mill] six and one-quarter cents per thousand dollars of assessed value levy provided for herein, and the collections made by the tuberculosis hospital facilities. Such appropriations to the department shall be used for the cost of maintaining and operating tuberculosis hospital facilities pursuant to this chapter and RCW 70.32.010, 70.32.050, 70.32.060 and 70.32.090: PROVIDED, That in the event that the revenues collected under this section exceed the cost of hospitalization, surplus revenues will be

returned to the counties in proportion to the property taxes collected from those counties.

Sec. 82. Section 11, chapter 277, Laws of 1971 ex. sess. as amended by section 1, chapter 143, Laws of 1972 ex. sess. and RCW 70.35.070 are each amended to read as follows:

Tuberculosis is a communicable disease and tuberculosis control, including hospitalization, case finding, prevention and follow-up of known cases of tuberculosis represent the basic step in the conquest of this major health problem. In order to carry on work effectively in these fields there shall be levied for tuberculosis hospital district purposes in the district annually a tax in a sum equal to the amount which would be raised by a levy of [one-eighth of a mill] twelve and one-half cents per thousand dollars of assessed value against [the actual value of] the taxable property in the district, or the equivalent thereof, such levy to be made by the board of county commissioners in each county constituting the district, fifty percent of the receipts therefrom to be forwarded quarterly in January, April, July and October of each year by the treasurers of such county, other than the headquarters county where tuberculosis control activities will be carried out by the hospital, to the treasurer of the headquarters district county, who shall be treasurer for the district. The retained fifty percent of the funds are to be used by the chief health officers to carry out tuberculosis control on a local county level pursuant to rules and regulations adopted by the district commission. The sum herein provided for, and any income that may occur from miscellaneous receipts in connection with the aforesaid programs shall be placed in a special fund in the treasury of the headquarters county and obligations incurred for such programs shall be paid from such fund upon order of the district commissioners by the treasurer in the same manner as general county obligations are paid.

Sec. 83. Section 6, chapter 264, Laws of 1945 as last amended by section 2, chapter 218, Laws of 1971 ex. sess. and RCW 70.44.060 are each amended to read as follows:

(3) To lease existing hospital and equipment and/or other property used in connection therewith, and to pay such rental therefor as the commissioners shall deem proper; to provide hospital service for residents of said district in hospitals located outside the boundaries of said district, by contract or in any other manner said commissioners may deem expedient or necessary under the existing conditions; and said hospital district shall have the power to contract with other communities, corporations or individuals for the services provided by said hospital district; and they may further receive in said hospital and furnish proper and adequate services to all persons not residents of said district at such reasonable and fair compensation as may be considered proper: PROVIDED, That it must at all times make adequate provision for the needs of the district and residents of said district shall have prior rights to the available facilities of said hospitals, at rates set by the district commissioners.

(4) For the purpose aforesaid, it shall be lawful for any district so organized to take,

The said board of district commissioners is hereby authorized and empowered to call a special election for the purpose of submitting to the qualified voters of the hospital district a proposition to levy a tax in excess of the [three mills] seventy-five cents per thousand dollars of assessed value herein specifically authorized. The commissioner shall prepare a proposed budget of the contemplated financial transactions for the ensuing year and file the same in the records of the commission on or before the first Monday in September. Notice of the filing of said proposed budget and the date and place of hearing on the same shall be published for at least two consecutive weeks in a newspaper printed and of general circulation in said county. The commission is authorized, prior to the receipt of taxes raised by levy, to borrow money or issue warrants of the district in anticipation of the revenue to be derived by such district from the levy of taxes for the purpose of such district, and such warrants shall be redeemed from the first money available from such taxes when collected, and such warrants shall not exceed the anticipated revenues of one year, and shall bear interest at a rate or rates as authorized by the commission.

Sec. 84. Section 15, chapter 238, Laws of 1967 as amended by section 7, chapter 168, Laws of 1969 ex. sess. and RCW 70.94.091 are each amended to read as follows:

An activated authority shall have the power to levy additional taxes in excess of the
[forty-mill] constitutional and/or statutory tax limitations for any of the authorized purposes of such activated authority, not in excess of [one mill] twenty-five cents per thousand dollars of assessed value a year when authorized so to do by the electors of such authority by a three-fifths majority of those voting on the proposition at a special election, to be held in the year in which the levy is made, [and not more often than twice in such year, in the manner provided by law for holding general elections, at such time as may be fixed by the board, which special election may be called by the board, at which special election the proposition of authorizing such excess levy shall be submitted in such form as to enable the voters favoring the proposition to vote "Yes" and those opposing thereto to vote "No": PROVIDED, That the total number of persons voting at such special election must constitute not less than forty percent of the voters in said authority who voted in the last preceding general election] in the manner set forth in Article VII, section 2(a) of the Constitution of this state, as amended by Amendment 59 and as thereafter amended. Nothing herein shall be construed to prevent holding the foregoing special election at the same time as that fixed for a general election. The expense of all special elections held pursuant to this section shall be paid by the authority.

Sec. 85. Section 16, chapter 110, Laws of 1967 ex. sess. as last amended by section 1, chapter 84, Laws of 1971 ex. sess. and RCW 71.20.110 are each amended to read as follows:

In order to provide additional funds for the coordination of community mental retardation services and to provide community mental retardation or mental health services, the board of county commissioners of each county in the state shall budget and levy annually a tax in a sum equal to the amount which would be raised by a levy of [one-fortieth of a mill] two and one-half cents per thousand dollars of assessed value against [the actual value of] the taxable property in the county to be used for such purposes: PROVIDED, That all or part of the funds collected from the tax levied for the purposes of this section may be transferred to the state of Washington, department of social and health services, for the purpose of obtaining federal matching funds to provide and coordinate community mental retardation and mental health services. In the event a county elects to transfer such tax funds to the state for this purpose, the state shall grant these moneys and the additional funds received as matching funds to service-providing community agencies in the county which has made such transfer, pursuant to the plan approved by the county, as provided by chapters 71.16, 71.20, 71.24, and 71.28 RCW.

Sec. 86. Section 7, page 210, Laws of 1888 as last amended by section 9, chapter 47, Laws of 1970 ex. sess. and RCW 73.08.080 are each amended to read as follows:

The boards of county commissioners of the several counties in this state shall levy, in addition to the taxes now levied by law, a tax in a sum equal to the amount which would be raised by not less than [one-eighth of one mill] one and one-quarter cents per thousand dollars of assessed value, and not greater than [three-tenths of a mill] thirty cents per thousand dollars of assessed value against [the actual value of] the taxable property of their respective counties, to be levied and collected as now prescribed by law for the assessment and collection of taxes, for the purpose of creating the veteran's relief fund for the relief of honorably discharged veterans who served in the armed forces of the United States in the Civil War, in the war of Mexico or in any of the Indian wars, or the Spanish-American war or the Philippine insurrection, in the First World War, or Second World War or Korean conflict, or Viet Nam conflict, and the indigent wives, husbands, widows, widowers and minor children of such indigent or deceased veterans, to be disbursed for such relief by such board of county commissioners: PROVIDED, That if the funds on deposit, less outstanding warrants, residing in the veteran's relief fund on the first Tuesday in September exceed the expected yield of [one-eighth of one mill] one and one-quarter cents per thousand dollars of assessed value [on the actual value of] against the taxable property of the county, the county commissioners may levy a lesser amount: PROVIDED FURTHER, That the costs incurred in the administration of said veteran's relief fund shall be computed by the county treasurer not less than annually and such amount may then be transferred from the veteran's relief fund as herein provided for to the county current expense fund.

Sec. 87. Section 2, chapter 105, Laws of 1917 as last amended by section 14, chapter 207, Laws of 1971 ex. sess. and RCW 76.04.360 are each amended to read as follows:
If any owner of forest land neglects or fails to provide adequate fire protection therefor as required by RCW 76.04.350, the department shall provide such protection therefor, notwithstanding the provisions of RCW 76.04.520, at a cost to the owner of not to exceed nine cents an acre per year on lands west of the summit of the Cascade mountains and seven cents an acre per year on lands east of the summit of the Cascade mountains: PROVIDED, That for the calendar years 1971 and 1972 the cost to the owner for such protection shall be eighteen cents an acre per year on lands west of the summit of the Cascade mountains and fourteen cents an acre per year on lands east of the summit of the Cascade mountains after which time said additional assessment shall revert to the 1970 level. During said calendar years the legislative budget committee shall study the costs of forest fire protection to determine the ratio of financial support to be borne by the state to that of the forest land owner.

The findings of the legislative budget committee shall be considered when establishing the forest patrol assessment for the ensuing biennium.

For the purpose of this act, the supervisor may divide the forest lands of the state, or any part thereof, into districts, for patrol and assessment purposes, may classify lands according to the character of timber prevailing, and the fire hazard existing, and place unprotected lands under the administration of the proper district. Such cost must be justified by a showing of budgets on demand of twenty-five owners of forest land in the county concerned at public hearing. Any amounts paid or contracted to be paid by the supervisor of natural resources for this purpose from any funds at his disposal shall be a lien upon the property patrolled and protected, and unless reimbursed by the owner within ten days after October 1st of the year in which they were incurred, on which date the supervisor of natural resources shall be prepared to make statement thereof upon request to any forest owner whose own protection has not been previously approved by him as adequate, shall be reported by the supervisor of natural resources to the assessor of the county in which the property is situated who shall extend the amounts upon the tax rolls covering the property, or the county assessor may upon authorization from the supervisor of natural resources levy the forest patrol assessment against the amounts of unimproved land as shown in each ownership on the county assessor’s records and the assessor may then segregate on his records to provide that the improved land and improvements thereon carry the [millage] dollar rate levy designed to support the rural fire protection districts as provided for in chapter 52.04 RCW.

The amounts assessed shall be collected at the time, in the same manner, by the same procedure, and with the same penalties attached that the next general state and county taxes on the same property are collected, except that errors in assessments may be corrected at any time by the supervisor of natural resources certifying them to the treasurer of the county in which the land involved is situated. Upon the collection of such assessments the county treasurer shall transmit them to the supervisor of natural resources to be applied against expenses incurred in carrying out the provisions of this section.

The supervisor of natural resources shall include in the assessment a sum not to exceed one-half of one cent per acre, to cover the necessary and reasonable cost of office and clerical work incurred in the enforcement of these provisions. He may also expend any sums collected from owners of forest lands or received from any other source for necessary office and clerical expense in connection with the enforcement of RCW 76.04.370.

When land against which fire patrol assessments are outstanding is acquired for delinquent taxes and sold at public auction, the state shall have a prior lien on the proceeds of sale over and above the amount necessary to satisfy the county’s delinquent tax judgment, and the county treasurer in case the proceeds of sale exceed the amount of the delinquent tax judgment shall forthwith remit to the supervisor of natural resources the amount of the outstanding patrol assessments.

The supervisor of natural resources shall furnish a good and sufficient surety company bond running to the state, in a sum as great as the probable amount of money annually coming into his hands under the provisions of this chapter, conditioned for the faithful performance of his duties and for a faithful accounting for all sums received and expended thereunder, which bond shall be approved by the attorney general.

Sec. 88. Section 13, chapter 288, Laws of 1971 ex. sess. and RCW 84.04.140 are each
amended to read as follows:

The term "regular property taxes" and the term "regular property tax levy" shall mean a property tax levy by or for a taxing district which levy is subject to the aggregate limitation set forth in section 134 of this 1973 amendatory act and RCW 84.52.050, as now or hereafter amended, or which is imposed by or for a port district or a public utility district.

Sec. 89. Section 84.28.090, chapter 15, Laws of 1961 as last amended by section 33, chapter 299, Laws of 1971 ex. sess. and RCW 84.28.090 are each amended to read as follows:

All lands classified as reforestation lands as provided in this chapter and lying west of the summit of the Cascade range of mountains in the state of Washington shall, after the date of such classification, be assessed for purposes of taxation at [eight] sixteen dollars per acre, which is hereby declared to be the assessed value thereof; and all lands so classified lying east of the summit of the Cascade range of mountains shall be assessed for purposes of taxation at [four] eight dollars per acre, which is hereby declared to be the assessed value thereof. The above values shall apply as the actual basis for taxation of such lands, without regard to any percentages of value which may apply for taxation of other classes of property; and the taxation of such lands on the basis herein provided shall be separate and distinct from and in addition to the cost of protecting such lands from fire as provided under the laws of Washington.

Sec. 90. Section 5, chapter 294, Laws of 1971 ex. sess. as amended by section 4, chapter 148, Laws of 1972 ex. sess. and RCW 84.33.050 are each amended to read as follows:

1. In preparing the assessment roll as of January 1, 1971 for taxes payable in 1972, the assessor of each timber county shall list all timber within such county on January 1, 1971 at the 1970 timber value. For each year commencing with 1972, the assessor of each timber county shall prepare a timber roll, which shall be separate and apart from the assessment roll, listing all timber within such county on January 1, 1972 at values determined as follows:

(a) For the five years commencing with 1972, the value shall be the 1970 timber value;

(b) For each succeeding five year period, the first of which commences on January 1, 1977, the value shall be such 1970 timber value increased or decreased in proportion to the percentage change, if any, which has occurred between the last year of the preceding five year period and 1973 in the average stumpage value per unit of measure of all timber harvested in such county. Such percentage change shall be determined by the department of revenue on the basis of information contained in the excise tax returns filed pursuant to RCW 82.04.291.

(2) As used in subsection (1) of this section, "1970 timber value" means the value for timber calculated in the same manner and using the same values and valuation factors actually used by such assessor in determining the value of timber for the January 1, 1970 assessment roll, except that if a revised schedule of such values and valuation factors was applied to some but not all timber in a county for the January 1, 1970 assessment roll, such revised schedule shall be used by the assessor for any timber revalued for the 1971 or 1972 assessment rolls, and except that if the value of timber in any county on January 1, 1970 was not separately determined and shown on such assessment roll, 1970 timber value shall mean the value reconstructed from available records and information in accordance with rules to be prescribed by the department of revenue.

(3) The assessor of each timber county shall add to the assessment roll showing values of property as of January 1 of the years listed below, an "assessed valuation" of the portion, indicated below opposite each such year, of the value of timber as shown on the timber roll for such year. Such assessed valuation shall be calculated by multiplying such portion of the timber roll by the assessment ratio applied generally by such assessor in computing the assessed valuation of other property in his county. The [millage] dollar rates, calculated pursuant to RCW 84.33.060 for each taxing district within which there was timber on January 1 of such year, shall be extended against such "assessed valuation" of timber within
such district as well as against the assessed value of all other property within such district as shown on such assessment roll.

(4) Timber may be added to the timber roll, at the value specified in subsection (1) of this section, commencing as of January 1 following the designation of the land upon which such timber stands pursuant to subsection (3) of RCW 84.33.120 or 84.33.130, but only if the value of such timber was not separately determined and shown on the assessment roll as of either January 1, 1970 or January 1, 1972;

(5) Timber may be added to the timber roll, at the value specified in subsection (1) of this section, commencing as of January 1st following the sale or transfer of the land upon which such timber stands from an ownership in which such land was exempt from ad valorem taxation to an ownership in which such land is no longer exempt.

(6) The value of timber shall be deleted from the timber roll upon the sale or transfer of the land upon which such timber stands to an ownership in which such land is exempt from ad valorem taxation.

Sec. 91. Section 6, chapter 294, Laws of 1971 ex. sess. and RCW 84.33.060 are each amended to read as follows:

In each year commencing with 1972 and ending with 1980, solely for the purpose of determining, calculating and fixing, pursuant to chapter 84.52 RCW, the [millage] dollar rates for all regular and excess levies for the state and each timber county and taxing district lying wholly or partially in such county within which there was timber on January 1 of such year, the assessor of such timber county shall, for each such district, add to the amount of the "assessed valuation of the property" of all property other than timber the product of:

(a) The portion indicated below for each year of the value of timber therein as shown on the timber roll prepared in accordance with RCW 84.33.050 for such year; and

(b) The assessment ratio applied generally by such assessor in computing the assessed value of other property in his county:

Sec. 92. Section 8, chapter 294, Laws of 1971 ex. sess. as amended by section 2, chapter 148, Laws of 1972 ex. sess. and RCW 84.33.080 are each amended to read as follows:

(1) On or before December 15 of each year commencing with 1972 and ending with 1980, the assessor of each timber county shall deliver to the treasurer of such county and to the department of revenue a schedule setting forth for each taxing district or portion thereof lying within such county:

(a) The value of timber as shown on the timber roll for such year;

(b) The aggregate [millage] dollar rate calculated pursuant to RCW 84.33.060 and actually utilized the immediately preceding October in extending property taxes upon the tax rolls for collection in the following year;

(c) A "timber factor" which is the product of such aggregate [millage] dollar rate, the assessment ratio applied generally by such assessor in computing the assessed value of other property in his county and the appropriate portion listed below of the timber roll for such year [(a) above]:
Year | Portion of Timber Roll
--- | ---
1972 | 25%
1973 | 55%
1974 through 1977 | 100%
1978 | 75%
1979 | 50%
1980 | 25%

On or before December 31 of each year commencing with 1972 and ending with 1980, the department of revenue shall determine the proportion that each taxing district's timber factor bears to the sum of the timber factors for all taxing districts in the state, and shall deliver a list to the assessor and the treasurer of each timber county and to the state treasurer showing the factor and proportion for each taxing district.

(2) On the tenth day of the second month of each calendar quarter, commencing February 10, 1973 and ending November 10, 1981, the state treasurer shall pay to the treasurer of each timber county for the account of each taxing district such district's proportion (determined in December of the preceding year pursuant to subsection (1) of this section) of the amount in state timber tax fund A collected upon timber harvested in the preceding calendar quarter, but in no event shall any quarterly payment to a taxing district, when added to the payments made to such district the previous quarters of the same year, exceed the timber factor for such district determined in December of the preceding year. The balance in state timber tax fund A, if any, after the distribution to taxing districts on November 10 each year commencing with 1973 and ending with 1981, shall be transferred to the state timber reserve fund.

(3) If the balance in state timber tax fund A immediately prior to such November 10 distribution to taxing districts is not sufficient to permit a payment which, when added to the payments made to any taxing district the previous quarters of the same year, will equal the timber factor for such district determined in December of the preceding year, the necessary additional amount shall be transferred from the state timber reserve fund to state timber tax fund A.

(4) The balance, if any, in the state timber reserve fund after the final transfer, if any, to or from state timber tax fund A in November of 1981, shall be transferred to state timber tax fund B on December 31, 1981, and one-fourth of such balance shall be distributed in each quarter of 1982 in the manner set forth in subsection (6) of this section.

(5) On or before December 31 of each year commencing with 1978, the department of revenue shall deliver to the treasurer of each timber county a schedule setting forth for each taxing district or portion thereof lying within such county:

(a) The average of the aggregate value of all timber harvested within such district in each of the immediately preceding five years as determined from the excise tax returns filed with the department of revenue;

(b) The aggregate [millage] dollar rate calculated pursuant to RCW 84.33.060 and chapter 84.52 RCW and actually utilized the immediately preceding October in extending property taxes upon the tax rolls for collection the following year;

(c) A “harvest factor” which is the product of such five year average and such aggregate [millage] dollar rate;

(d) The proportion that each taxing district's harvest factor bears to the sum of the harvest factors for all taxing districts in the state.

(6) On the tenth day of the second month of each calendar quarter commencing February 10, 1979, the state treasurer shall pay to the treasurer of each timber county for the account of each taxing district such district’s proportion (determined in December of the preceding year pursuant to subsection (5) of this section) of the amount in state timber tax fund B collected upon timber harvested in the preceding calendar quarter.

Sec. 93. Section 14, chapter 294, Laws of 1971 ex. sess. as amended by section 6, chapter 148, Laws of 1972 ex. sess. and RCW 84.33.140 are each amended to read as follows:
(1) When land has been designated as forest land pursuant to subsection (3) of RCW 84.33.120 or 84.33.130, a notation of such designation shall be made each year upon the assessment and tax rolls, a copy of the notice of approval together with the legal description or assessor's tax lot numbers for such land shall, at the expense of the applicant, be filed by the assessor in the same manner as deeds are recorded, and such land shall be graded and valued pursuant to RCW 84.33.110 and 84.33.120 until removal of such designation by the assessor upon occurrence of any of the following:
   (a) Receipt of notice from the owner to remove such designation;
   (b) Passage of sixty days following the sale or transfer of such land to a new owner without receipt of an application pursuant to RCW 84.33.130 from the new owner;
   (c) Sale or transfer to an ownership making such land exempt from ad valorem taxation;
   (d) Determination by the assessor, after giving the owner written notice and an opportunity to be heard, that such land is no longer primarily devoted to and used for growing and harvesting timber.

Removal of designation upon occurrence of any of subsections (a) through (c) above shall apply only to the land affected, and upon occurrence of subsection (d) above shall apply only to the actual area of land no longer primarily devoted to and used for growing and harvesting timber, without regard to other land that may have been included in the same application and approval for designation.

(2) Within thirty days after such removal of designation of forest land, the assessor shall notify the owner in writing, setting forth the reasons for such removal. The owner may appeal such removal to the county board of equalization.

(3) Unless the removal is reversed on appeal a copy of the notice of removal with notation of the action, if any, upon appeal, together with the legal description or assessor's tax lot numbers for the land removed from designation shall, at the expense of the applicant, be filed by the assessor in the same manner as deeds are recorded, and commencing on January 1 of the year following the year in which the assessor mailed such notice, such land shall be assessed on the same basis as real property is assessed generally in that county. Except as provided in subsection (5) of this section, a compensating tax shall be imposed which shall be due and payable to the county treasurer on or before April 30 of the following year. On or before May 31 following such assessment date, the assessor shall compute the amount of such compensating tax and mail notice to the owner of the amount thereof and the date on which payment is due. The amount of such compensating tax shall be equal to:
   (a) The difference between the amount of tax last levied on such land as forest land and an amount equal to the new assessed valuation of such land multiplied by the [millage] dollar rate of the last levy extended against such land, multiplied by
   (b) A number, in no event greater than ten, equal to the number of years for which such land was designated as forest land.

(4) Any compensating tax unpaid on its due date shall thereupon become delinquent and together with applicable interest thereon, shall as of said date become a lien on such land which shall have priority to and shall be fully paid and satisfied before any recognizance, mortgage, judgment, debt, obligation or responsibility to or with which such land may become charged or liable. Such lien may be foreclosed upon expiration of the same period after delinquency and in the same manner provided by law for foreclosure of liens for delinquent real property taxes as provided in RCW 84.64.050. From the date of delinquency until paid, interest shall be charged at the same rate applied by law to delinquent ad valorem property taxes.

(5) The compensating tax specified in subsection (3) of this section shall not be imposed if the removal of designation pursuant to subsection (1) of this section resulted solely from:
   (a) Transfer to a government entity in exchange for other forest land located within the state of Washington;
   (b) A taking through the exercise of the power of eminent domain, or sale or transfer to an entity having the power of eminent domain in anticipation of the exercise of such power;
(c) Sale or transfer of land within two years after the death of the owner of at least a fifty percent interest in such land.

Sec. 94. Section 4, chapter 243, Laws of 1971 ex. sess. and RCW 84.34.230 are each amended to read as follows:

For the purpose of acquiring conservation futures as well as other rights and interests in real property pursuant to RCW 84.34.210 and 84.34.220, a county may levy an amount not to exceed [one-eighth of one mill on] six and one-quarter cents per thousand dollars of assessed valuation against the assessed valuation of all taxable property within the county, which levy shall be in addition to that authorized by RCW 84.52.050 and section 134 of this 1973 amendatory act.

Sec. 95. Section 1, chapter 117, Laws of 1967 ex. sess. and RCW 84.36.270 are each amended to read as follows:

Subject to the terms and conditions set forth in RCW 84.36.280, whenever the owner of any real property dedicates the perpetual right to use the air space over his property to any county, city or other political subdivision of this state for the construction, operation and maintenance of stadium facilities, or for any parking facilities to be used in connection therewith, pursuant to the provisions of chapter 67.28 RCW, such property shall be exempt from general property taxation to such extent and as to such [mileage] dollar rate as shall be determined by the county, city or other political subdivision, and subject to being used by a public body for a public purpose and only so long as the owner allows the use by the public body of the dedicated air rights free of rents or other charges.

Sec. 96. Section 84.40.030, chapter 15, Laws of 1961 as last amended by section 2, chapter 125, Laws of 1972 ex. sess. and RCW 84.40.030 are each amended to read as follows:

All property shall be [assessed fifty] valued at one hundred percent of its true and fair value in money and assessed on the same basis unless specifically provided otherwise by law.

Taxable leasehold estates shall be valued at such price as they would bring at a fair, voluntary sale for cash. Notwithstanding any other provisions of this section or of any other statute, when the value of any taxable leasehold estate created prior to January 1, 1971 is being determined for assessment years prior to the assessment year 1973, there shall be deducted from what would otherwise be the value thereof the present worth of the rentals and other consideration which may be required of the lessee by the lessor for the unexpired term thereof: PROVIDED, That the foregoing provisions of this sentence shall not apply to any extension or renewal, made after December 31, 1970 of the term of any such estate, or to any such estate after the date, if any, provided for in the agreement for rental renegotiation.

The true and fair value of real property for taxation purposes (including property upon which there is a coal or other mine, or stone or other quarry) shall be based upon the following criteria:

(1) (a) Any sales of the property being appraised or similar property with respect to sales made within the past five years [less a percentage equal to the average, ordinary and usual direct costs of sale of that type of property, including but not limited to costs of title insurance, legal services, recording fees and taxes levied against such sales that are borne by the seller, and an amount equal to the customary fees payable to a licensed real estate broker for handling such a sale, such percentage to be determined by studies conducted by the department of revenue]. The appraisal shall take into consideration political restrictions such as zoning as well as physical and environmental influences. The appraisal shall also take into account, (i) in the use of sales by real estate contract as similar sales, the extent, if any, to which the stated selling price has been increased by reason of the down payment, interest rate, or other financing terms; and (ii) the extent to which the sale of a similar property actually represents the general effective market demand for property of such type, in the geographical area in which such property is located. Sales involving deed releases or similar seller-developer financing arrangements shall not be used as sales of similar property.

(b) In addition to sales ad defined in subsection (1) (a), consideration may be given to cost, cost less depreciation, reconstruction cost less depreciation, or capitalization of income that would be derived from prudent use of the property. In the case of property of a complex nature, or being used under terms of a franchise from a public agency, or operating
as a public utility, or property not having a record of sale within five years and not having a significant number of sales of similar property in the general area, the provisions of this subsection (1) (b) shall be the dominant factors in valuation. When provisions of this subsection (1) (b) are relied upon for establishing values the property owner shall be advised upon request of the factors used in arriving at such value.

(c) In valuing any tract or parcel of real property, the value of the land, exclusive of structures thereon shall be determined; also the value of structures thereon, but the valuation shall not exceed the value of the total property as it exists. In valuing agricultural land, growing crops shall be excluded.

PROVIDED, That the provisions of this subsection (1) shall be applicable to all values for use in computing property taxes for the assessment year 1972 for taxes payable in 1973 and subsequent years.

Sec. 97. Section 84.40.040, chapter 15, Laws of 1961 as amended by section 36, chapter 149, Laws of 1967 ex. sess. and RCW 84.40.040 are each amended to read as follows:

The assessor shall begin the preliminary work for each assessment not later than the first day of December of each year in all counties in the state. He shall also complete the duties of listing and placing valuations on all property by May 31st of each year, and in the following manner, to wit:

He shall actually determine as nearly as practicable the true and fair value of each tract or lot of land listed for taxation and of each improvement located thereon and shall enter [fifty] one hundred percent of the value of such land and of the total value of such improvements, together with the total of such [fifty] one hundred percent valuations, opposite each description of property on his assessment list and tax roll.

He shall make an alphabetical list of the names of all persons in his county liable to assessment of personal property, and require each person to make a correct list and statement of such property according to the standard form prescribed by the department of revenue, which statement and list shall include, if required by the form, the year of acquisition and total original cost of personal property in each category of the prescribed form, and shall be signed and verified under penalty of perjury by the person listing the property. Such list and statement shall be filed on or before the last day of March, but the assessor, upon written request filed on or before such date and for good cause shown therein, shall allow a reasonable extension of time for filing. The assessor shall on or before the 1st day of January of each year mail a notice to all such persons at their last known address that such statement and list is required, such notice to be accompanied by the form on which the statement or list is to be made: PROVIDED, That [for the years 1968 and 1969 a second notice shall be mailed on or before the 15th day of March: PROVIDED FURTHER, That] the notice mailed by the assessor to each taxpayer each year shall, if practicable, include the statement and list of personal property of the taxpayer for the preceding year. Upon receipt of such statement and list the assessor shall thereupon determine the true and fair value of the property included in such statement and enter [fifty] one hundred percent of the same in the assessment books opposite the name of the party assessed; and in making such entry in his assessment list, he shall give the name and post office address of the party listing the property, and if the party resides in a city the assessor shall give the street and number or other brief description of his residence or place of business. The assessor may, after giving written notice of his action to the person to be assessed, add to the assessment list any taxable property which, in his judgment, should be included in such list.

Sec. 98. Section 84.40.320, chapter 15, Laws of 1961 and RCW 84.40.320 are each amended to read as follows:

The assessor shall add up and note the amount of each column in his detail and assessment lists, which he shall have bound in book form in such manner, to be prescribed or approved by the state tax commission, as will provide a convenient and permanent record of assessment. He shall also make, under proper headings, a tabular statement showing the footings of the several columns upon each page, and shall add and set down under the respective headings the total amounts of each column, which he shall attach to the highest numbered assessment book, and on the first Monday of July he shall file the same, properly
indexed, with the clerk of the county board of equalization for the purpose of equalization by said board. Such returns shall be verified by his affidavit, substantially in the following form:

State of Washington, ........................................ County, ss.

I, ........................................ Assessor, ........................................, do solemnly swear that the books No. 1 to No. ...., to the last of which this is attached, contain a correct and full list of all the real property (or personal property, as the case may be) subject to taxation in ................. county, so far as I have been able to ascertain the same; and that the assessed value set down in the proper column, opposite the several kinds and descriptions of property, is in each case ((fifty)) one hundred percent of the true and fair value of such property, to the best of my knowledge and belief, and that the footings of the several columns in said books, and the tabular statement returned herewith, are correct, as I verily believe.

........................................, Assessor.

Subscribed and sworn to before me this ........................................ day of ........................................, 19........

(L. S.) ........................................, Auditor of ......................... county.

PROVIDED, That the failure of the assessor to attach his certificate shall in nowise invalidate the assessment. After the same has been duly equalized by the county and state board of equalization, the same shall be delivered to the county assessor, who shall then extend the amount as levied by the state and county boards upon the said detail and assessment lists as by law provided.

Sec. 99. Section 84.48.080, chapter 15, Laws of 1961 as amended by section 9, chapter 288, Laws of 1971 ex. sess. and RCW 84.48.080 are each amended to read as follows:

Annually during the month of August, the department of revenue shall examine and compare the returns of the assessment of the property in the several counties of the state, and the assessment of the property of railroad and other companies assessed by the department, and proceed to equalize the same, so that each county in the state shall pay its due and just proportion of the taxes for state purposes for such assessment year, according to the ratio the valuation of the property in each county bears to the total valuation of all property in the state.

First. The department shall classify all property, real and personal, and shall raise and lower the valuation of any class of property in any county to a value that shall be equal, so far as possible, to the true and fair value of such class as of January 1st of the current year for the purpose of ascertaining the just amount of tax due from each county for state purposes. Such classification may be on the basis of types of property, geographical areas, or both.

Second. The department shall keep a full record of its proceedings and the same shall be published annually by the department.

Third. The department shall have authority to adopt rules and regulations to enforce obedience to its orders in all matters in relation to the returns of county assessments, and the equalization of values by the department.

The department shall levy the state taxes authorized by law: PROVIDED, That the amount levied in any one year for general state purposes shall not exceed the lawful [millage] dollar rate on the dollar of the assessed value of the property of the entire state, which assessed value shall be [fifty] one hundred percent of the true and fair value of such property in money; and shall apportion the amount of tax for state purposes levied by the department, among the several counties, in proportion to the valuation of the taxable property of the county for the year as equalized by the department.

After the completion of the duties hereinafore prescribed, the director of the department shall certify the record of the proceedings of the department under this section, the tax levies made for state purposes and the apportionment thereof among the counties, to the state auditor.
Sec. 100. Section 8, chapter 288, Laws of 1971 ex. sess. and RCW 84.48.085 are each amended to read as follows:

The board of equalization shall reconvene on the first Monday of August for the purpose of equalizing valuations of real property within the county. Such equalization shall be accomplished in the following manner:

(1) The department of revenue shall certify to the board the ratio of the assessed valuation of locally assessed property in the county to the true and fair value of such property, based upon assessed values established without regard to equalization accomplished pursuant to this section (hereinafter referred to as the "tentative county indicated ratio"). The department shall also certify the ratio of the assessed valuation of locally assessed property in those geographical areas in the county which have been revalued [pursuant to a cyclical revaluation program approved by the department of revenue] during the year ending May 31st prior to the convening of the board [pursuant to a cyclical revaluation program approved by the department of revenue] during the year ending May 31st prior to the convening of the board to the true and fair value of such property [hereinafter referred to as the "revaluation ratio"]). If, pursuant to the [cyclical] revaluation program, land alone or improvements alone have been revalued for any assessment year, the revaluation ratio shall be for land alone, or improvements alone, as appropriate, or such combination thereof as is appropriate. The board shall review the revaluation ratio so certified, and may accept, reject, or modify the ratio.

(2) If the revaluation ratio, as determined by the board, exceeds one hundred and [ten] fifteen percent of the tentative county indicated ratio, the board shall order the assessor, in accordance with the provisions of RCW 84.41.040, to reduce by a uniform percentage the true and fair values of land, improvements, or both as appropriate, within the geographical areas covered by the revaluation ratio by a uniform percentage such that the revaluation ratio shall equal the tentative county indicated ratio. The board shall also order the assessor to make appropriate similar adjustments to properties valued in the same year. For the purpose of administrative convenience, such reductions may be accomplished, in lieu of actual changes in the assessment rolls, by the assessor certifying to the treasurer the percentage adjustment for the geographical areas involved, on the basis of which the treasurer shall adjust the amount of taxes otherwise payable.

Sec. 101. Section 84.52.010, chapter 15, Laws of 1961 as last amended by section 6, chapter 243, Laws of 1971 ex. sess. and RCW 84.52.010 are each amended to read as follows:

All taxes shall be levied or voted in specific amounts, and the rate percent of all taxes for state and county purposes, and purposes of taxing districts coextensive with the county, shall be determined, calculated and fixed by the county assessors of the respective counties, within the limitations provided by law, upon the assessed valuation of the property of the county, as shown by the completed tax rolls of the county, and the rate percent of all taxes levied for purposes of taxing districts within any county shall be determined, calculated and fixed by the county assessors of the respective counties, within the limitations provided by law, upon the assessed valuation of the property of the taxing districts respectively: PROVIDED, That when any such county assessor shall find that the aggregate rate of levy on any property will exceed the limitation set forth in section 134 of this 1973 amendatory act and RCW 84.52.050 as now or hereafter amended, he shall recompute and establish a consolidated levy in the following manner:

(1) He shall include for extension on the tax rolls the full rates of levy certified to him for state, county, county road districts, city and school district purposes in amounts not exceeding the limitations established by law: PROVIDED, That in the event of a levy made pursuant to [section 5 of this 1971 amendatory act] RCW 84.34.230, the rates of levy for county, county road district, and school district purposes shall be reduced in such uniform percentages as will result in a consolidated levy by such taxing districts which will be no greater on any property than a consolidated levy by such taxing districts would be if the levy had not been made pursuant to [section 5 of this 1971 amendatory act] RCW 84.34.230, and

(2) He shall include for extension on the tax rolls the rates percent of the tax levies certified to him by all other taxing districts imposing taxes on such property, other than port districts and public utility districts, reduced by him in such uniform percentages as will bring the consolidated tax levy on such property within the provisions of such limitation.
Sec. 102. Section 84.52.052, chapter 15, Laws of 1961 as last amended by section 1, chapter 3, Laws of 1973 and RCW 84.52.052 are each amended to read as follows:

The limitations imposed by RCW 84.52.050 through 84.52.056, and section 134 of this 1973 amendatory act shall not prevent the levy of additional taxes [, not in excess of five mills a year and without anticipation of delinquencies in payment of taxes, in an amount equal to the interest and principal payable in the next succeeding year on general obligation bonds, outstanding on December 6, 1934, issued by or through the agency of the state, or any county, city, town, or school district, or the levy of additional taxes to pay interest on or toward the reduction, at the rates provided by statute, of the principal of county, city, town, or school district warrants outstanding December 6, 1932; but this millage limitation with respect to general obligation bonds shall not apply to| by any taxing district in which a larger levy is necessary in order to prevent the impairment of the obligation of contracts. Any county, school district, metropolitan park district, park and recreation district in class AA counties and counties of the second, eighth and ninth class, sewer district, water district, public hospital district, rural county library district, intercounty rural library district, fire protection district, cemetery district, city or town may levy taxes at a rate in excess of the rate specified in RCW 84.52.050 through 84.52.056 and section 134 of this 1973 amendatory act, or RCW 84.55.010 through 84.55.050, when authorized so to do by the electors of such county, school district, metropolitan park district, park and recreation district in class AA counties and counties of the second, eighth and ninth class, sewer district, water district, public hospital district, rural county library district, intercounty rural library district, fire protection district, cemetery district, city or town in the manner set forth in Article VII, section 2(a) of the Constitution of this state, as amended by Amendment 59 and as thereafter amended, at a special election to be held in the year in which the levy is made.

A special election may be called and the time therefor fixed by the board of county commissioners or other county legislative authority, board of school directors, or council, board of commissioners, or other governing body of any metropolitan park district, park and recreation district in class AA counties and counties of the second, eighth and ninth class, sewer district, water district, public hospital district, rural county library district, intercounty rural library district, fire protection district, cemetery district, city or town, by giving notice thereof by publication in the manner provided by law for giving notices of general elections, at which special election the proposition authorizing such excess [levies] levy shall be submitted in such form as to enable the voters favoring the proposition to vote "yes" and those opposed thereto to vote "no".

Sec. 103. Section 84.52.054, chapter 15, Laws of 1961 and RCW 84.52.054 are each amended to read as follows:

The additional tax provided for in subparagraph (a) of the seventeenth amendment to the state Constitution as amended by Amendment 59 and specifically authorized by RCW 84.52.052 shall be set forth in terms of dollars on the ballot of the proposition to be submitted to the voters, together with an estimate of the [millage] dollar rate of tax levy that will be required to produce the dollar amount; and the county assessor, in spreading this tax upon the rolls, shall determine the eventual [millage] dollar rate required to produce the amount of dollars so voted upon, regardless of the estimate of [millage] dollar rate of tax levy carried in said proposition.

Sec. 104. Section 84.52.056, chapter 15, Laws of 1961 and RCW 84.52.056 are each amended to read as follows:

Any municipal corporation otherwise authorized by law to issue general obligation bonds for capital purposes may, at an election duly held after giving notice thereof as required by law, authorize the issuance of general obligation bonds for capital purposes only, which shall not include the replacement of equipment, and provide for the payment of the principal and interest of such bonds by annual levies in excess of the tax limitations contained in RCW 84.52.050 to 84.52.056, inclusive and section 134 of this 1973 amendatory act. Such an election shall not be held oftener than twice a calendar year, and the proposition to issue any such bonds and to exceed said tax limitation must receive the affirmative vote of a three-fifths majority of those voting on the proposition and the total number of persons voting at such election must constitute not less than forty percent of the
voters in said municipal corporation who voted at the last preceding general state election.

Any taxing district shall have the right by vote of its governing body to refund any 
general obligation bonds of said district issued for capital purposes only, and to provide for 
the interest thereon and amortization thereof by annual levies in excess of the tax 
limitations provided for in RCW 84.51.050 to 84.52.056, inclusive and section 134 of this 
1973 amending act.

Sec. 105. Section 9, chapter 92, Laws of 1970 ex. sess. and RCW 84.52.063 are each 
amended to read as follows:

A rural library district may impose [ , notwithstanding the millage limitations provided 
for in RCW 84.52.050 and 84.54.020,] a regular property tax levy in an amount equal to 
that which would be produced by a levy of [two mills] forty-five cents per thousand dollars 
of assessed value multiplied by an assessed valuation equal to [twenty-five] one hundred 
percent of the true and fair value of the taxable property in the rural library district, as 
determined by the department of revenue's indicated county ratio: PROVIDED, That when 
any county assessor shall find that the aggregate rate of levy on any property will exceed the 
limitation set forth in section 134 of this 1973 amending act and RCW 84.52.050, as now 
or hereafter amended, before recomputing and establishing a consolidated levy in the 
manner set forth in RCW 84.52.010, the assessor shall first reduce the levy of any rural 
library district, by such amount as may be necessary, but the levy of any rural library 
district shall not be reduced to less than fifty cents per thousand dollars against the value of 
the taxable property, as determined by the county, prior to any further adjustments 
puissant to RCW 84.52.010. For purposes of this section "regular property tax levy" shall 
mean a levy subject to the [forty mill] limitations provided for in Article VII, section 2 of 
the state Constitution and/or by statute.

Sec. 106. Section 1, chapter 33, Laws of 1967 ex. sess. as last amended by section 25, 
chapter 299, Laws of 1971 ex. sess. and RCW 84.52.065 are each amended to read as 
follows:

In each [of the years 1967 and 1968 and 1969 and 1970 and 1971 and 1972] year the 
respectively] the following year for the support of common schools of the state a tax of 
[two mills] three dollars and sixty cents per thousand dollars of assessed value upon the 
assessed valuation of all taxable property within the state adjusted [to fifty percent of true 
and fair value of such property in money] in accordance with the indicated ratio fixed by 
the state department of revenue. [Such levy shall be in addition to the levy for public 
assistance purposes as provided in RCW 74.04.150 and 84.52.050, as now or hereafter 
amended.]

Sec. 107. Section 22, chapter 288, Laws of 1971 ex. sess. and RCW 84.55.030 are each 
amended to read as follows:

For the first levy for a taxing district following annexation of additional property, the 
limitation set forth in RCW 84.55.010 shall be increased by an amount equal to (1) the 
aggregate assessed valuation of the newly annexed property as shown by the current 
completed and balanced tax rolls of the county or counties within which such property lies, 
multiplied by (2) the [millage] dollar rate that would have been used by the annexing unit 
in the absence of such annexation, plus (3) the additional dollar amount calculated by 
multiplying the increase in assessed value in the annexing district resulting from new 
constructions and improvements to property by the regular property tax levy rate of that 
annexing taxing district for the preceding year.

Sec. 108. Section 23, chapter 288, Laws of 1971 ex. sess. and RCW 84.55.040 are each 
amended to read as follows:

If by reason of the operation of section 134 of this 1973 amending act and RCW 
84.52.050, as now or hereafter amended the statutory [millage] dollar rate limitation 
applicable to the levy by a taxing district has been increased over the statutory millage 
limitation applicable to such taxing district's levy in the preceding year, the limitation on 
the dollar rate amount of a levy provided for in this chapter shall be increased by 
multiplying the otherwise dollar limitation by a fraction, the numerator of which is the 
increased [millage] dollar limitation and the denominator of which is the [millage] dollar 
limitation for the prior year.
Sec. 109. Section 24, chapter 288, Laws of 1971 ex. sess. and RCW 84.55.050 are each amended to read as follows:

Subject to any otherwise applicable statutory [millage] dollar rate limitations, regular property taxes may be levied by or for a taxing district in an amount exceeding the limitations provided for in RCW 84.55.010 through 84.55.040 if such levy is authorized by a proposition approved by a majority of the voters of the taxing district voting on the proposition at a general election held within the district or at a special election within the taxing district called by the district for the purpose of submitting such proposition to the voters. Any election held pursuant to this section shall be held not more than twelve months prior to the date on which the proposed levy is to be made. The ballot of the proposition shall state the [millage] dollar rate proposed. After a levy authorized pursuant to this section is made, the dollar amount of such levy shall be used for the purpose of computing the limitations for subsequent levies provided for in this chapter.

Sec. 110. Section 84.56.180, chapter 15, Laws of 1961 as amended by section 5, chapter 124, Laws of 1969 ex. sess. and RCW 84.56.180 are each amended to read as follows:

Whenever any person, firm or corporation, shall, subsequent to the first day of January of any year, bring or send into any county from outside the state any stock of goods or merchandise to be sold or disposed of in a place of business temporarily occupied for their sale, without the intention of engaging in permanent trade in such place, the owner, consignee or person in charge of the said goods or merchandise shall immediately notify the county assessor, and thereupon the assessor shall at once proceed to value the said stock of goods and merchandise at its true value, and upon [fifty] one hundred percent of such valuation the said owner, consignee or person in charge shall pay to the collector of taxes a tax at the rate assessed for state, county and local purposes in the taxing district in the year then current. And it shall not be lawful to sell or dispose of any such goods or merchandise as aforesaid in such taxing district until the assessor shall have been so notified as aforesaid and the tax assessed thereon paid to the collector. Every person, firm or corporation bringing into any county of this state from outside the state any goods or merchandise after the first day of January shall be deemed subject to the provisions of this section.

This section shall not apply to goods or merchandise consigned to a person for sale at such person's permanent place of business within this state, if such person is required to list such goods or merchandise pursuant to RCW 84.40.185.

Sec. 111. Section 4, chapter 184, Laws of 1967 and RCW 85.15.030 are each amended to read as follows:

To operate under this chapter, the board of commissioners of the improvement district shall cause to be prepared and filed with the board of county commissioners a property roll. The roll shall contain: (1) A description of all properties benefited and improvements thereon which receive protection and service from the systems of the district with the name of the owner or the reputed owner thereof and his address as shown on the tax rolls of the assessor or treasurer of the county wherein the property is located and (2) the determined value of such land and improvements thereon as last assessed and equalized by the assessor of such county or counties. Such assessed and equalized values shall be deemed prima facie to be just, fair and correct valuations against which annual [millage] taxes shall be levied for the operation of the district and the maintenance and expansion of its facilities.

If property outside of the limits of the original district are upon the roll as adopted ultimately, and the original district has outstanding bonds or long-term warrants, the board of county commissioners shall set up separate [millage] dollar rate levies for the full retirement thereof.

Sec. 112. Section 7, chapter 184, Laws of 1967 and RCW 85.15.060 are each amended to read as follows:

The board of county commissioners may at any time reexamine the properties on any roll, and upon receipt of a petition from the board of supervisors of the district or the written request of a property owner shall do so. If it is found that the condition of such property or properties has changed so that such property should be eliminated from any rolls on file, or the valuation against which [millage] dollar rate is levied should be lowered, it shall so determine and enter an order adjusting the valuation as to such properties and
shall certify and file a copy thereof with the treasurer of the county wherein the property is situated, and the treasurer shall alter and change the existing rolls accordingly. Valuations may be revised periodically to reflect changes in real property valuations by the county assessor.

Sec. 113. Section 8, chapter 184, Laws of 1967 and RCW 85.15.070 are each amended to read as follows:

The roll approved and certified to the county officers by the board of county commissioners as in this chapter provided shall constitute the valuations of land, buildings and improvements furnished protection and services by the systems of the district against which valuation [millage] taxes shall be levied and collected annually in the same manner as general taxes for the continuing operations of the district and its systems. The valuations on said roll shall be subject to adjustment from time to time in the manner provided in RCW 85.15.060.

The board of county commissioners shall hold a hearing on such adjustments at the county seat at the time of equalization of real property assessments for the purpose of considering written objections to any revision of valuations filed at least ten days prior to the hearing and shall give published notice only of such hearing as provided in RCW 85.15.040.

Sec. 114. Section 15, chapter 184, Laws of 1967 and RCW 85.15.140 are each amended to read as follows:

The [millage] dollar rate levies collected from time to time under this chapter are solely assessments for benefits received continuously by the protected properties, calculated in the manner specified in this chapter as a just and equitable way for all protected property to share the expense of such required protection and services.

Sec. 115. Section 2, chapter 45, Laws of 1951 and RCW 85.18.010 are each amended to read as follows:

When any diking district has been organized and the improvements made afford protection to land and buildings within such district against damage or destruction from overflow waters in that the level of the land and of the foundational structures of buildings thereon is below the water level at flood or high tide stages of the waters, fresh or salt, against which such district improvements furnished protection, the board of diking commissioners of such district may, under the procedure established in this chapter, determine such fact and by resolution so declare; and may provide that the cost of continued functioning of the district shall be paid through levies of [millage] dollar rates made and collected according to this chapter against the land and buildings thus protected, based upon the determined base benefits received by such land and buildings.

Sec. 116. Section 4, chapter 45, Laws of 1951 and RCW 85.18.030 are each amended to read as follows:

After the roll is prepared the board shall give notice of a time and place at which the board will hold a public hearing to determine whether the facts and conditions heretofore recited in this chapter as a prerequisite to its application do or do not exist, and if so found to exist by said board at said hearing, then the board shall by resolution so declare. The notice shall also state that at said hearing, or any continuance thereof, the board will sit to consider said roll and to determine the continuous base benefits which each of the properties thereon are receiving and will receive from the continued operation and functioning of such district, which shall in no instance exceed [fifty] one hundred percent of the true and fair value of such property in money, will consider all objections made thereto or to any part thereof, and will correct, revise, lower, change, or modify such roll as shall appear just and equitable; that when correct benefits are fixed upon said roll by said board, it will adopt said roll by resolution as establishing, until modified as hereinafter provided, the continuous base benefit to said protected lands and buildings against which will be levied and collected [millage] dollar rates to provide funds for the continuous functioning of said district.

Sec. 117. Section 9, chapter 45, Laws of 1951 and RCW 85.18.080 are each amended to read as follows:

Until further modified, amended, or changed by an additional or supplemental roll certified to the county auditor after the foregoing procedure is had, the original roll, as
modified or supplemented, if the same is done, shall serve as the base of benefits to the land and buildings protected by the improvement system of said district against which [millage] dollar rate is levied and collected from time to time for the continued functioning of said diking district.

Sec. 118. Section 16, chapter 45, Laws of 1951 and RCW 85.18.150 are each amended to read as follows:

Sec. 120. Section 4, chapter 131, Laws of 1961 and RCW 85.32.030 are each amended to read as follows:

The board may: (1) Make initial determination that the district's facilities furnish benefit to improvements upon land as well as land alone within the district in protecting against and furnishing run-off for surface and/or flood waters; (2) Make initial determination that lands and improvements thereon outside of the territorial limits of the district are receiving a service from the facilities of the district, and are benefited thereby in that waters from such lands through ditches, drains, or other artificial methods, other than by natural flow or seepage, are so cast as to have outlet through the district's facilities; (3) Determine that properties so found to be served should pay a just proportion of the operational and maintenance costs of the district; (4) In connection with so finding, cause a roll of property thus served and benefited by the district's facilities to be prepared and filed with it, and give notice of a hearing thereon as provided in this chapter; (5) Hold public hearings to determine the ultimate facts and approve an ultimate role of properties served and benefited by the facilities of the district and valuations thereof to serve as a basis against which annual [millage] dollar rate levy may be assessed for continuous benefits furnished such properties; make revision thereof as the facts warrant from time to time; provide for the levying of such [millage] dollar rate levy; and make return of such roll finally adopted by certifying and filing a copy thereof with the auditor, assessor and treasurer of the county wherein the properties involved are located.

Sec. 121. Section 5, chapter 131, Laws of 1961 and RCW 85.32.040 are each amended to read as follows:

In the initial instance, when the board of any district, desires to use the method and procedure provided in this chapter, and in order that uniformity may be had, it may cause a roll of all properties within the district claimed to be benefited by its drainage system, and in addition or as a part thereof, a roll of all properties outside of the territorial limits of said district claimed to be served and benefited by the drainage systems of said district, to be prepared and filed with it. Thereupon, the board shall by resolution declare:

(1) That it has made initial determination that the district's facilities are furnishing and will furnish service and benefit to the properties, including improvements thereon, described in such roll;

(2) That such roll has been filed with it and will remain so filed and open to inspection by any party interested therein at all reasonable times;

(3) That a public hearing will be held by the board at a time and place stated to give
consideration to the facts and make ultimate determination of the same and to said roll;

(4) That when said roll is finally adopted, annual [millage] dollar rate levies will be
made by the district against said properties based upon the valuation thereof as shown on
said roll when ultimately adopted to raise money based on benefit and service for the
continuous operation and maintenance of said district;

(5) That at the time of hearing, it will hear all objections filed and will review, adopt,
modify, or revise said roll consistent with existing facts to the end that property receiving
service and benefit from the facilities of the district shall pay justly and equitably therefor
in proportion to benefit received and;

(6) That upon said hearing or adjournments thereof, the board will determine the
ultimate facts concerning service and benefit received by all properties ultimately contained
in said roll and as to such properties it will adopt the roll in final form and proceed as in this
chapter provided.

to read as follows:

The roll of properties referred to in this chapter shall contain (1) a description of all
properties and improvements thereon, with the name of the owner or the reputed owner
thereof and his address as shown on the tax rolls of the assessor or treasurer of the county
wherein the property is located, and (2) the determined value of such land and
improvements thereon as last assessed and equalized by the taxing agencies of such county.
Such assessed and equalized values shall be deemed prima facie as a just, fair and correct
base of value for consideration by the board in its determination ultimately of the just and
correct base of value in each instance against which annual [millage] dollar rates shall be
levied by the district for the operation of the district and the expansion and maintenance of
its facilities.

If property outside of the territorial limits of the district are upon the roll as adopted
ultimately, and the district has prior indebtedness existing, the board shall set up separate
[millage] dollar rate levies for the retirement thereof until it is extinguished, which levies
shall be applied solely against the properties within the territorial limits of the district.
Adjustments of the roll shall be made before final adoption in such a manner that the
money raised through annual [millage] dollar rate levies for maintenance, expansion and
operational costs of the district in no instance shall exceed the value of the service rendered
or to be rendered and the benefit received and to be received by the property involved.

Sec. 123. Section 7, chapter 131, Laws of 1961 and RCW 85.32.060 are each amended

newspaper, or once a week for three consecutive weeks in a daily newspaper, published in or

the board having general circulation in the area involved. The last publication shall be more
than fifteen days prior to date of hearing. The board also shall cause a copy of such notice
to be mailed in regular course of the federal mail at least thirty days prior to the date of
such hearing to the owner or reputed owner of such property at his address, all as shown on
the tax rolls or records of the county taxing agencies of the county wherein the property is
situated, such notice being deemed adequate and sufficient. The sworn affidavit of the one
doing such mailing shall be deemed conclusive of the fact that such notice was mailed.

Such notice shall state the following:

(1) That the board has tentatively determined that the property of the owner or
reputed owner named is receiving and will receive service and benefit from the facilities of
the district;

(2) That the board has caused a tentative roll of such properties with any
improvements thereon which are receiving and will receive such service and benefit to be
filed with it; and that such roll shows a base of valuation thereon for said properties against
which annual [millage] dollar rates will be levied and collected in the same manner as
general taxes to pay the fair value of the benefit and service received and to be received by
such property through use of the facilities of the district, and to pay the annual cost of
operation, development and maintenance of the district and its facilities;

(3) That on a date, time and place stated, the board will give consideration to the facts
and the roll, will hear all objections filed, will review said roll and alter, modify, or change
the same consistent with facts established and with equity and fair dealing concerning the
properties involved to the end that just levies will be made for service and benefits received
and to be received against each property for the purposes mentioned; and at the hearing or
continuance thereof, it will adopt the roll in final form and certify and file a copy thereof
with the assessor and treasurer of the county wherein the property is located; and will cause
annual millage to be levied against such established valuations for the purposes stated;

valuations, or to any other thing or matter in connection with the proceedings, must file
written objections with the board stating clearly the basis of such objection before the time
of the hearing, or all objections will be deemed waived.

amended to read as follows:

The board may at any time reexamine the properties on any roll, and upon request of
an owner shall do so, and if it is found that the condition of such property or properties has
changed so that justly such property should be eliminated from any rolls on file, or the base
against which [millage] dollar rate is levied should be lowered, it shall so determine and
make a supplemental roll with reference to such property or properties. When adopted by it,
the board shall certify and file a copy thereof with the auditor, assessor and treasurer of the
county wherein the property is situated, and such officer shall alter and change the existing
rolls accordingly.

Sec. 125. Section 12, chapter 131, Laws of 1961 and RCW 85.32.110 are each

modification thereof as provided, shall serve as the base of benefits as to land, buildings and

valuations [millage] dollar rates shall be levied and collected in the same manner as general
taxes from time to time for the continuing functioning of the district and its systems. The
[millage] dollar rate shall be levied in the manner required by law for [millage] dollar rate
levies by drainage districts.

Sec. 126. Section 13, chapter 131, Laws of 1961 and RCW 85.32.120 are each

If any property outside of the territorial limits of the district is placed upon a roll as
finally adopted, and at the time such property becomes subject to charge for service and
benefit from the district's system, there is an existing outstanding indebtedness owing by
the district, the board shall make a separate estimate of the revenue required to be raised to
pay or apply upon such indebtedness until it is extinguished, and it shall proceed and certify
the same as hereinabove provided, and no [millage] dollar rate for raising revenue to
extinguish such indebtedness shall be included in the levies made against any properties
lying outside of the territorial limits of said district.

When thus levied, the amount of assessment produced thereby shall be added by the
general taxing authorities to the general taxes against said lands and collected therewith as a
part thereof. If unpaid, any delinquencies in such assessments shall bear interest at the same
rate and in the same manner as general taxes and they shall be included in and be made a
part of any general tax foreclosure proceedings according to the provisions of law with
relation to such foreclosures. As assessment collections are made, the county treasurer shall
credit same to the funds of such district.

There is hereby created in each such river improvement fund an account to be known as the "flood control maintenance account."

Sec. 130. Section 1, chapter 54, Laws of 1913 and RCW 86.13.010 are each amended to read as follows:

Wherever and whenever a river is or shall be the boundary line or part of the boundary line between two counties, or it, or its tributaries or outlet or part thereof, flows through parts of two counties, and the waters thereof have in the past been the cause of damage, by inundation or otherwise, to the roads, bridges or other public property situate in or to other public interests of both such counties, or the flow of such waters shall have alternated between the said counties so at one time or times such waters shall have caused damage to one county and at another time or times to the other county, and it shall be deemed by the boards of county commissioners of both counties to be for the public interests of their respective counties that the flow of such waters be definitely confined to a particular channel, situate in whole or in part in either county, in a manner calculated to prevent such alternation or to prevent or lessen damage in the future, it shall be lawful for the two counties, and their boards of county commissioners are hereby empowered, pursuant to resolution, to enter into a contract in writing in the names of the respective counties for the purpose of settling all disputes in relation to any such situation, and providing ways and means for the control and disposition of such waters. (3) That an annual tax shall be levied, at the same time and in the same manner as other county taxes are levied, each year during the life of the contract, by the county commissioners of each county. The annual tax herein provided for need not be levied at the same rate for each county, but shall be at such rate in each county as will produce annually the amount of money for each county as is required for the fulfillment of the contract on its part: PROVIDED, HOWEVER, That in no event shall any such tax levy by either county exceed [one mill on the dollar] twenty-five cents per thousand dollars of assessed value for any one year.

(4) That the general scheme for the improvement of such river shall be as stated in such contract, but by consent of the contracting parties, pursuant to resolution of each board of county commissioners, such scheme may be modified from time to time during the life of the contract. The contract may but need not provide the details of such scheme, but must designate the general purpose to be accomplished. So far as details are not specified in the contract, same shall be for future determination by joint action of the two boards of county commissioners. Any such contract may be subsequently modified or abrogated by mutual consent evidenced by separate resolution of both boards of county commissioners.

MOTION

Senator Donohue moved that the Senate refuse to concur in the House amendments to Engrossed Substitute Senate Bill No. 2346 and adhere to its position and ask the House to recede therefrom.
Debate ensued.

POINT OF INQUIRY

Senator Metcalf: "Would Senator Donohue yield to a question? What do the amendments do? Would you explain what the amendments do that you are asking us not to concur with?"

Senator Donohue: "Yes, Senator, this is something that we have discussed in both caucuses this morning. It is the millage bill that we passed out of the Senate about a month ago. It has returned. It is one inch thick. We have about forty-eight hours to go. We have many, many questions in regard to the amendments that the House put on. It has made very many great changes in the allocations of dollars to school districts. It has also reduced the property tax from one hundred percent to ninety percent, which cities and counties are very concerned about. It is a very broad new concept that the Ways and Means Committee and I think every member of this Senate needs to take a look at. It changes the millage to dollars per thousand. We in our caucus discussed the fact that there probably are some things in this particular bill that are good. However, at this late date we are not in a position to study this. There are substantial changes. There are many technical changes that will take a staff of attorneys to look at in the next twenty-four hours and so it is our position to adhere to the Senate bill and in so doing, this summer we can take a look at the House amendments and maybe in September by then we will have a chance to do something about it."

Senator Metcalf: "I am sympathetic to some of the problems Senator Donohue mentions. I just would have one more question that maybe someone could answer. When is the effective date of this act under the amendment? Does it go into effect immediately or is it a delayed date for some of the millage changes and so forth?"

Senator Donohue: "July 1, Senator."

The motion by Senator Donohue carried and the Senate adhered to its position and asks the House to recede from the House amendments to Engrossed Substitute Senate Bill No. 2346.

SIGNED BY THE PRESIDENT

The President signed:
HOUSE BILL NO. 127,
HOUSE BILL NO. 483,
HOUSE BILL NO. 552,
HOUSE BILL NO. 576,
HOUSE BILL NO. 595,
HOUSE BILL NO. 782,
HOUSE BILL NO. 821,
HOUSE BILL NO. 827,
SUBSTITUTE HOUSE BILL NO. 944,
HOUSE BILL NO. 1019,
HOUSE JOINT RESOLUTION NO. 40.

MOTION

At 12:35 p.m., on motion of Senator Mardesich, the Senate recessed until 3:00 p.m.
THIRTY-SIXTH DAY, APRIL 13, 1973

AFTERNOON SESSION

The President called the Senate to order at 3:00 p.m.

SPECIAL ORDER OF BUSINESS

ENGROSSED SUBSTITUTE HOUSE BILL NO. 711, by Committee on Commerce (originally sponsored by Representatives Kuehnle, Bagnariol, Ceccarelli, Morrison and Gallagher):

Relating to gambling.
The time having arrived, the Senate resumed consideration of Engrossed Substitute House Bill No. 711 and the pending amendment by Senators Francis, as amended, and the amendment by Senator Walgren, as amended, on Thursday, April 12, 1973.

Senator Atwood moved adoption of the following amendment by Senators Atwood, Lewis (Harry), Bailey and Bottiger to the amendment by Senator Francis:

On page 3, section 2, line 2 of the amendment, after “town” insert “may prohibit but” and after “any” strike “activity” and insert “one, several, or all of the activities”.

Debate ensued.

POINT OF INQUIRY

Senator Canfield: “I would like to ask Senator Atwood a question if I may. Senator, as you know I am in favor of this amendment but this says insert one, several or all. How about two?”

Senator Atwood: “They could do two.”

Senator Canfield: “Well, two is not one and it is not several.”

Senator Atwood: “It could be, several is more than one.”

Senator Canfield: “Mr. President, I looked it up in the dictionary and the dictionary does not say that. At any rate, I want the intent to be that it could be one or two or several or all. Is that correct?”

Senator Atwood: “Mr. President, the intent is one or more.”

POINT OF INQUIRY

Senator Knoblach: “Would Senator Atwood yield? Senator Atwood, is not this what you would call local option again?”

Senator Atwood: “It is only local veto. It is not local option. The amendment allows the legislative authority to outlaw or ban any or all of those activities within its jurisdiction. That is all. It cannot regulate them in any other way. We have several communities around the state in which they do not even have Class H establishments because the town fathers keep the Liquor Board from issuing licenses. This gives the legislative authorities in those jurisdictions that do not want to have card rooms the right to prohibit them. The King County and your prosecutor, Mr. Hendry, testified that they very much desire this right. The ad hoc committee on gambling recommended this type of a veto. And it is a veto and if you want to call it option, they do have the option of vetoing and that is it.”

Senator Knoblach: “Senator, I would say indirectly that this is local option.”

POINT OF INQUIRY

Senator Van Hollebeke: “Will Senator Atwood yield? Senator Atwood, have you discussed this with the Governor? There are some who are reluctant to vote on anything not knowing what he is going to do in the way of a line item veto. With local option, has he given you any assurance that he will not veto the bill?”

Senator Atwood: “I have not talked to the Governor about this. It is not my bill. I would suspect that maybe somebody else has but I can say this, that if the bill gets through here without it I have a hunch there might be some vetoes. I just do not know, Senator. I think somebody may have talked to him about it. I thought maybe somebody in our caucus has, but I have not and I cannot give you any assurance on what he will or will not do.”
PERSONAL PRIVILEGE

Senator Lewis (Harry): "I have been asked by a number of Senators what the Governor intends to do. The Governor is out of town now or I would call him, but I would just like to say that there is no intent on my part to ask the Governor to veto any portion of this legislation. I will go down and ask him not to do that. Whether he listens to me or not is something else. And gentlemen, I want to remind you that for six consecutive sessions I have sponsored an item veto bill which has passed the house in which I am a member and so I think that expresses my feelings on that issue.

"Secondly, in all fairness to the Governor, I think we should all recognize the traditional three parts of our governmental system and his right to reserve decisions for the executive that must lie in his office and I respect that right of his. On the other hand, I do feel very strongly that this body has worked extensively and for a long period of time to try to develop this legislation which I believe the people asked for. This amendment, I believe, will make it palatable and make it possible to pass it. And on that basis I will go down personally and ask him and describe to him the situation, the number of requests, the concerns of the members of the Senate, and ask him not to veto any portion of this bill on that basis."

POINT OF INQUIRY

Senator Woodall: "Will Senator Lewis yield? Did you go down and talk to him before he butched up the last one?"

Senator Lewis (Harry): "No."

Senator Knoblauch demanded a roll call and the demand was sustained by Senators Ridder, Bottiger, Woody, Washington, Stortini, Van Hollebeke, Twigg, Atwood and Lewis (Bob).

ROLL CALL

The Secretary called the roll and the amendment by Senators Atwood, Lewis (Harry), Bailey and Bottiger to the amendment by Senator Francis was adopted by the following vote: Yeas, 39; nays, 7; absent or not voting, 3.

Voting nay: Senators Fleming, Grant, Guess, Knoblauch, Mardisich, Sandison, Woodall—7.

Absent or not voting: Senators Durkan, Francis, Matson—3.

The Senate resumed consideration of the amendment by Senator Walgren, as amended by Senator Mardisich, on Thursday, April 12, 1973, which would strike the amendment by Senator Francis, as amended.

Debate ensued.

POINT OF INQUIRY

Senator Woodall: "Would Senator Washington yield? Would you please read what the opponents said this bill would make it possible to do?"

Senator Washington: "The opponents indicated that it would bring back . . . ."

Senator Woodall: "Just read it. Read what the opponents said."

Senator Washington: "'SJR creates a big problem in an attempt to solve little ones. Here is why. No other state legislature is given the constitutional power that SJR No. 5 proposes. Most states' Constitutions prohibit their legislatures from authorizing lotteries. A small number of Constitutions give their legislatures regulatory powers over specific types of social gambling and pari-mutuel betting. SJR No. 5 does not guarantee that citizens will
have an opportunity to vote on gambling issues. Passing SJR No. 5 in order to legalize church bingo is a classic case of overkill. Many citizens favor legalizing limited social gambling for nonprofit organizations. SJR No. 5 proposes that the legislature be given limitless powers to authorize any other types of gambling. If gambling is to be legalized, voters should pass judgment on specific proposals, not open-ended legislation. SJR No. 5 will open the door to professional gamblers and organized crime. Whenever gambling activity exists legally or illegally, professional gamblers and organized crime become involved. Legalized gambling is the equivalent of legalizing organized crime. To authorize the legislature to legalize gambling would be to invite professional gamblers and organized crime to participate openly in the legislative process. ‘Do you want me to read the rest of it?’

Senator Woodall: ‘That is enough.’

Senator Washington demanded a roll call and the demand was sustained by Senators Mardesich, Greive, Stortini, Van Hollebeke, Jones, Ridder, Lewis (Bob), Connor and Woody.

ROLL CALL

The Secretary called the roll and the amendment by Senator Walgren, as amended, to the amendment by Senator Francis, as amended, was not adopted by the following vote: Yeas, 18; nays, 30; absent or not voting, 1.

INTRODUCTION AND FIRST READING

ENGROSSED HOUSE BILL NO. 901, by Representative Martinis:
Relating to food fish and shellfish.
On motion of Senator Peterson (Lowell), Engrossed House Bill No. 901 was advanced to second reading and read the second time in full.
Senator Marsh moved adoption of the following amendment by Senators Marsh and Henry:
On page 3, following section 2, add new sections as follows:
"NEW SECTION. Sec. 3. As used in this chapter the following words and phrases shall have the following meanings unless the context clearly requires otherwise:
(1) "Gill net" or "drift net" gear means a net of single web construction, not anchored, tied, staked, placed, or weighted in such a manner that it cannot drift.
(2) "Trammel net" means a net that is hung with two or more mesh webs substantially parallel to each other, suspended from a single common cork line and having either one or several lead lines.
(3) "Columbia river" means all the waters of the Columbia river, including sloughs tributary thereto, commencing at the mouth of the river upstream to the Bonneville dam. Mouth of the river shall mean a line projected from the inshore end of the north jetty to the knuckle of the south jetty at the entrance to the river.
NEW SECTION. Sec. 4. On and after the effective date of this chapter it shall be unlawful, during the period beginning at 12:01 A.M. February 1st through midnight May 31st of each year, to take Chinook salmon or steelhead trout from the waters of the Columbia river by the use of gill nets or trammel nets.
Any person who violates this section, or who aids or abets or assists in a violation of this section shall be guilty of a gross misdemeanor, and upon a conviction thereof shall be punished by imprisonment in the county jail of the county in which the offense is committed for not less than thirty days or more than one year, or by a fine of not less than twenty-five dollars or more than one thousand dollars, or by both such fine and imprisonment.
NEW SECTION. Sec. 5. Every game protector, deputy game protector, fisheries inspector, deputy fisheries inspector, sheriff, constable, marshal, and police officer within his respective jurisdiction, shall enforce this chapter and all rules and regulations adopted by the game commission to carry out the purposes of this chapter, and the police officers specified, and United States game wardens, any forest officer appointed by the United States government, state forest wardens and rangers, and each of them, by virtue of their election or appointment, are constituted ex officio deputy game protectors within their respective jurisdictions.
NEW SECTION. Sec. 6. This chapter shall take effect upon the enactment of a law by the state of Oregon which is similar in purpose and scope.
NEW SECTION. Sec. 7. Sections 3 through 5 of this act shall constitute a new chapter in Title 75 RCW."

POINT OF ORDER

Senator Peterson (Lowell): "Mr. President, I would like to call attention of the
President to the scope and object of the amendment referring to specifically section 5 which says that every game protector, deputy game protector and deputy fisheries inspectors etc. refers to this. 901 pertains solely to a fisheries measure in the Puget Sound area and I would think that a Columbia River bill is not within the scope of Substitute House Bill No. 901."

RULING BY THE PRESIDENT

The President: "The President believes that the point of order presented by Senator Lowell Peterson is well taken because House Bill No. 901 is a measure regulating the fishing dates and seasons in the Puget Sound area whereas the amendment proposed by Senators Marsh and Henry makes it a criminal offense to fish with either gill nets or trammel nets for salmon or steelhead in the Columbia River. The amendment does therefore increase the scope and object of the bill and the point of order as presented by Senator Peterson is well taken."

The amendment by Senators Marsh and Henry was ruled out of order.

On motion of Senator Peterson (Lowell), Engrossed House Bill No. 901 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

Debate ensued.

MOTION

Senator Marsh moved that further consideration of Engrossed House Bill No. 901 be postponed until Saturday, April 14, 1973.

Debate ensued.

The motion by Senator Marsh failed on a rising vote.

MOTION

On motion of Senator Metcalf, Engrossed House Bill No. 901 was returned to second reading.

Senator Metcalf moved adoption of the following amendment:
On page 3, line 5, strike "shall" and insert "may".

POINT OF INQUIRY

Senator Peterson (Lowell): "Will Senator Metcalf yield? Senator Metcalf, as I read it, it says 'the director may' was stricken, and 'shall maneuver' inserted. Tell me what you think the significance is between 'may' and 'shall' because it allows him or directs him to maneuver the gear that is necessary to harvest the surplus stock. What is the purpose of your amendment?"

Senator Metcalf: "The purpose of my amendment is to allow the director the discretion of moving the gear to harvest a particular run. If the word 'shall' is there, there is some question as to whether or not the pure management concept will be followed. And I think the word 'may' gives the director the clear management responsibility and I am afraid that 'shall' might dilute that somewhat."

Further debate ensued.

The motion of Senator Metcalf failed and the amendment was not adopted on a rising vote.

On motion of Senator Peterson (Lowell), Engrossed House Bill No. 901 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

ROLL CALL

The Secretary called the roll on the final passage of Engrossed House Bill No. 901, and the bill passed the Senate by the following vote: Yeas, 30; nays, 16; absent or not voting, 3.

Absent or not voting: Senators Henry, Lewis (Harry), Woodall—3.

ENGROSSED HOUSE BILL NO. 901, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

INTRODUCTION AND FIRST READING

ENGROSSED HOUSE BILL NO. 704, by Representatives Bluechel, Perry and Kopet
(by Executive request):
Planning and funding of capitol office facilities.
On motion of Senator Mardesich, Engrossed House Bill No. 704 was advanced to second reading and read the second time in full.
Senator Rasmussen moved adoption of the following amendment:
On page 1, line 1, after “government;” strike the balance of the bill and insert:
“providing for the acquisition, construction, remodeling, furnishing, and equipping of state buildings and facilities; providing for the financing thereof by the issuance of bonds; and declaring an emergency.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:

NEW SECTION. Section 1. For the purpose of acquiring land, funding and providing the planning, acquisition, construction, remodeling, and furnishing, together with all improvements, enhancements, fixed equipment, and facilities, of capitol office buildings, parking facilities, governor’s mansion, and such other buildings and facilities as are determined by the state capitol committee to be necessary to provide space for the legislature by way of offices, committee rooms, hearing rooms, and work rooms, and to provide executive office and housing for the governor, and to provide executive office space for other elective officials and such other state agencies as may be necessary, the state finance committee is authorized to issue general obligation bonds of the state of Washington in the sum of twenty-seven million dollars, or so much thereof as may be required, to finance the projects defined in this 1973 act and all costs incidental thereto. Such bonds shall be paid and discharged within thirty years of the date of issuance in accordance with Article VIII, section 1 of the state Constitution.

NEW SECTION. Sec. 2. The issuance, sale and retirement of said bonds shall be under the supervision and control of the state finance committee. The committee is authorized to prescribe the form, terms, conditions, and covenants of the bonds, the time or times of sale of all or any portion of them, and the conditions and manner of their sale, issuance and redemption. None of the bonds herein authorized shall be sold for less than the par value thereof.

The committee may provide that the bonds, or any of them, may be called prior to the maturity date thereof under such terms, conditions, and provisions as it may determine and may authorize the use of facsimile signatures in the issuance of such bonds and notes, if any. Such bonds shall be payable at such places as the committee may provide.

NEW SECTION. Sec. 3. At the time the state finance committee determines to issue such bonds or a portion thereof, it may, pending the issuing of such bonds, issue, in the name of the state, temporary notes in anticipation of the money to be derived from the sale of the bonds, which notes shall be designated as “anticipation notes”. Such portion of the proceeds of the sale of such bonds that may be required for such purpose shall be applied to the payment of the principal of and interest on such anticipation notes which have been issued. The proceeds from the sale of bonds authorized by this 1973 act shall be deposited in the state building construction account of the general fund in the state treasury and shall
be used exclusively for the purposes specified in this 1973 act and for the payment of expenses incurred in the issuance and sale of the bonds.

**NEW SECTION.** Sec. 4. The principal proceeds from the sale of the bonds or notes deposited in the state building construction account of the general fund shall be administered by the state department of general administration subject to the approval of the state capitol committee.

**NEW SECTION.** Sec. 5. The state building bond redemption fund is hereby created in the state treasury, which fund shall be exclusively devoted to the payment of the principal of and interest on the bonds authorized by this 1973 act. The state finance committee, shall, on or before June 30th of each year, certify to the state treasurer the amount needed in the ensuing twelve months to meet such bond retirement and interest requirements and on July 1st of each year the state treasurer shall deposit such amount in the state building bond redemption fund from any general state revenues received in the state treasury and certified by the state treasurer to be general state revenues. Bonds issued under the provisions of this 1973 act shall state that they are a general obligation of the state of Washington, shall pledge the full faith and credit of the state to the payment of the principal thereof and the interest thereon and shall contain an unconditional promise to pay such principal and interest as the same shall become due. The owner and holder of each of the bonds or the trustee for the owner and holder of any of the bonds may by a mandamus or other appropriate proceeding require the transfer and payment of funds as directed herein.

**NEW SECTION.** Sec. 6. In addition to any other charges authorized by law and to assist in reimbursing the state general fund for expenditures from the general state revenues in paying the principal and interest on the bonds and notes herein authorized, the director of general administration shall assess a charge against each state board, commission, agency, office, department, activity, or other occupant or user for payment of a proportion of costs for each square foot of floor space assigned to or occupied by it. Payment of the amount so billed to the entity for such occupancy shall be made annually and in advance at the beginning of each fiscal year. The director of general administration shall cause the same to be deposited in the state treasury to the credit of the general fund.

**NEW SECTION.** Sec. 7. The legislature may provide additional means for raising moneys for the payment of the principal of and interest on the bonds authorized herein, and this 1973 act shall not be deemed to provide an exclusive method for such payment.

WHEREAS, The development of the agricultural and farming segment of the economy has been marked by a significant increase in the number of large corporate and integrated farming interests; and

WHEREAS, Many large corporate and integrated farming interests tend to be major corporations often of a "conglomerate" type, with principal economic and business interests in sections of the economy other than agriculture and farming; and

WHEREAS, Large corporate or integrated farming interests possess economic power over and above that represented by their farming interests alone, which economic power tends to force out smaller farmers creating significant economic and social problems; and

WHEREAS, The state of Washington may need to take action to preserve the viability and the integrity of the farming community; and

WHEREAS, Such action should only be undertaken after appropriate study of the problem of large corporate and integrated farming and its effect upon the economy and welfare of the state of Washington;

NOW, THEREFORE, BE IT RESOLVED, By the Senate, that the Agriculture Committees of the House and Senate be charged with the authority and the duty jointly to make an appropriate study and recommendation concerning corporate conglomerate type farming in the state of Washington; and a report thereof submitted to the respective houses of the forty-fourth regular session of the legislature.

PERSONAL PRIVILEGE

Senator Day: "Mr. President and gentlemen of the Senate, I have been around here a little while and I know the rules just about as well as anybody else and the do's and the don’t's and I apologize to the Chairman of the Ways and Means Committee for having tried to take a bill away from his committee. I know the reason for such a situation and I also apologize to his good aides. The only reason that I felt honor bound to do as I did was because of the way that it came about and I know that was no fault of the floor leader. He is a very busy man, even busier than some of the rest of us in these days. These are harried days. But, however, this bill did pass the House by a big majority and I believe honestly that there is no impact and would have been no impact because it would have stopped the department from making demands they were not intending to pay for. I want to thank the people that supported me and I tell all the people who did not that I understand very well the reason they did not. Thank you, gentlemen."

There being no objection, the Senate returned to the first order of business.

REPORT OF STANDING COMMITTEE

ENGROSSED HOUSE BILL NO. 76, providing for guaranteed renewability of health insurance contracts and cancellation only for nonpayment of premium (reported by Committee on Social and Health Services):

MAJORITY recommendation: Do pass with the following amendments:
In section 1, line 6, beginning with “Every” strike all of the material down to and including the quotation mark following “insured” on line 9 and insert “No insurer shall refuse to renew any policy of individual disability insurance issued after July 1, 1973 because of a change in the physical or mental condition or health of any person covered thereunder.”

In section 2, line 18, after “deemed to” strike the remainder of the sentence and insert “affect the right of the insurer to rescind the policy as limited and defined in RCW 48.19.090.”

Immediately following section 2, add three new sections to read as follows:

“NEW SECTION. Sec. 3. There is added to chapter 48.20 RCW a new section to read as follows:
Notwithstanding any provision of any disability insurance contract as provided for in this chapter, benefits shall not be denied thereunder for any health care service performed by a holder of a license issued pursuant to chapter 18.88 RCW if (1) the service performed was within the lawful scope of such person’s license, and (2) such contract would have provided benefits if such service had been performed by a holder of a license issued pursuant to chapter 18.71 RCW: PROVIDED, HOWEVER, That no provision of chapter 18.71 RCW shall be asserted to deny benefits under this section.

The provisions of this section are intended to be remedial and procedural to the extent they do not impair the obligation of any existing contract.

NEW SECTION. Sec. 4. There is added to chapter 48.21 RCW a new section to read as follows:
Notwithstanding any provision of any group disability insurance contract or blanket disability insurance contract as provided for in this chapter, benefits shall not be denied thereunder for any health service performed by a holder of a license issued pursuant to chapter 18.88 RCW if (1) the service performed was within the lawful scope of such person’s license, and (2) such contract would have provided benefits if such service had been performed by a holder of a license issued pursuant to chapter 18.71 RCW: PROVIDED, HOWEVER, That no provision of chapter 18.71 RCW shall be asserted to deny benefits under this section.

The provisions of this section are intended to be remedial and procedural to the extent they do not impair the obligation of any existing contract.

chapter 48.20 RCW, and adding a new section to chapter 48.21 RCW."

Signed by: Senators Day, Chairman; Connor, Greive, Herr, Jones, Murray, Woody.
The bill was read the second time by sections.
Senator Day moved adoption of the committee amendment to section 1, line 6.
Debate ensued.

POINT OF INQUIRY

Senator Woodall: "Will Senator Day yield? Senator Day, there are certain policies that you can buy that are non-cancellable and you pay one rate. There are some which are cancellable and you pay a lesser rate. Would this have the effect of saying that one that you have carried at a lesser rate you could now suddenly make so it would be impossible to terminate it, the same as one that someone else paid more for, for several years, in order to enjoy the clause that you could not terminate?"

Senator Day: "Senator Woodall, in answer to your question, the first thing is obviously that no existing policy is going to be affected by this act through the constitutional guarantee against abrogation of an existing contract. Secondly, the new language reads, 'No insurer shall refuse to renew any policy or individual disability insurance issued after July 1 because of change in the physical or mental condition or health of any person covered thereunder.' In other words, if they do this for the specific reason they are trying to discharge their responsibility, then they cannot cancel the policy. Now by that, what good is it for a man to buy an insurance policy when he thinks he has some time in the future a health problem and then he comes along and has a health problem so the insurance company just fails to renew or cancels his policy?"

The motion by Senator Day carried and the committee amendment to section 1, line 6, was adopted.

On motion of Senator Day, the remainder of the committee amendments were adopted.

On motion of Senator Day, the committee amendment to the title was adopted.

On motion of Senator Day, Engrossed House Bill No. 76, as amended by the Senate, was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.
Debate ensued.

Making changes to penalties provided for controlled substances offenses.

REPORT OF STANDING COMMITTEE

ENGROSSED SUBSTITUTE HOUSE BILL NO. 323, making changes to penalties provided for controlled substances offenses (reported by Judiciary Committee):

On page 4, section 2, line 15, after “services” and before “for” on line 16, strike “within one year of the effective date of this section”.
Signed by: Senators Francis, Chairman; Woody, Vice Chairman; Atwood, Bottiger, Clarke, Greive, Twigg, Woodall.
The bill was read the second time by sections.
On motion of Senator Durkan, the committee amendment was adopted.

MOTION

On motion of Senator Greive, Engrossed Substitute House Bill No. 323, as amended by the Senate, was ordered held for further consideration on Saturday, April 14, 1973.
President Pro Tempore Henry assumed the Chair.

SECOND READING

HOUSE BILL NO. 363, by Representatives Adams, Cunningham, Parker and Tilly (Department of Social and Health Services request):
Changing from thirty to fifteen days the period within which recipients of welfare must report other income not previously reported.
The bill was read the second time by sections.
Senator Van Hollebeke moved adoption of the following amendment:
On page 1, section 1, line 23, strike “fifteen” and insert “thirty”.
Debate ensued.
POINT OF INQUIRY

Senator Day: "Will Senator Rasmussen yield? Would you object to us either adding this amendment or rejecting it and then moving the bill down?"
Senator Rasmussen: "The amendment you are working on now?"
Senator Day: "Yes."
Senator Rasmussen: "Yes, the amendment we are working on is to exempt the Viet Nam veterans' bonus."
Senator Day: "It would not affect this amendment?"
Senator Rasmussen: "No. Well, I think there is a confusion in the way they have it drawn. I want to check it."

POINT OF INQUIRY

Senator Fleming: "Would Senator Day yield to a question? Senator Day, I missed some of your testimony as to why the thirty days, but before you explain it again, would you object or was there some objection to twenty days as an oral amendment because I think the fifteen days is just too short?"
Senator Day: "I would not object to any reasonable length of time except that the very purpose of shortening the time, Senator, as I expressed here a couple of minutes ago. If you allow someone who is really on public assistance and who may get some income, like maybe last year’s tax check back or something, and he goes ahead and spends his check before he turns this in, he has got thirty days to do that under the present time; then what happens is the department comes in and they deduct for maybe a twelve month period enough money every month from that welfare recipient’s check to make up the difference and it works a hardship on that recipient. Now the only reason for setting this at fifteen days is that so the department can get on top of these and make the adjustment in time so that they do not have to then do this pro rata deduction over a period of time and make a hardship on the recipient."
Senator Fleming: "Would you consider twenty days reasonable?"
Senator Day: "Sure."
On motion of Senator Fleming, the following amendment to the amendment by Senator Van Hollebeke was adopted:
Amend the Van Hollebeke amendment to page 1, section 1, line 23 as follows:
Strike “thirty” and insert “twenty”.

POINT OF INQUIRY

Senator Mardesich: "I am sorry I was off the floor when this amendment was offered and missed some of the debate but what is the logic, if a person on welfare has had a change in his income status in not having him report it within fifteen days?"
Senator Woody: "I will deal with that as if it were a question. What I am pointing out are not the cases of obvious fraud, for example, where they have some additional resources. I am talking about the situation where as lines 9 and 10 say, 'If a recipient receives public assistance for which he is not eligible'. Now that may be where under the federal rules or the state rules he or she is to receive on ADC, let us take a figure, two hundred and fifty-four dollars a month. Instead, due to the department not following the federal rules or the particular intake or a case worker not following our own state rules, that particular recipient gets ten or fifteen dollars more a month. Now that is an overpayment. That is an amount which he is not eligible to receive and for the department's failure to follow either the federal rules or their own rules, a lien can be placed upon that recipient's property. He did not do anything fraudulent. He did not fail to report any earnings that he received. Just an overpayment due to the fault of the department itself. Now the department wants to lift itself up by its own bootstraps and require that recipient to report what he did not even know about in fifteen days rather than thirty days."

MOTION

On motion of Senator Mardesich, House Bill No. 363, together with the pending
amendment by Senator Van Hollebeke, as amended by Senator Fleming, was ordered held for further consideration at the beginning of the second reading calendar for Saturday, April 14, 1973.

PERSONAL PRIVILEGE

Senator Day: "I think if you would have looked at section 2 of this bill, Senator Woody, you would have seen where this will also allow the department, let us say there is an aged person in a nursing home who has a little bit of income coming in from a contract and presently under the law they are forced to dispose of that contract at a discount, forcing this person to lose what support he has provided for himself and discharge the contract at a loss and then that money is used up, zap, he is totally on public assistance. Now section 2 would have helped that particular thing. We were speaking to the other part of the bill, which is mostly existing law."

SECOND READING

ENCROSSED HOUSE BILL NO. 374, by Representatives Luders, Bausch, Bauer, Zimmerman, Laughlin and Morrison:
Providing for certification of operators of water supply systems.

REPORT OF STANDING COMMITTEE

ENCROSSED HOUSE BILL NO. 374, providing for certification of operators of water supply systems (reported by Committee on Social and Health Services):  
MAJORITY recommendation: Do pass with the following amendments:  
On page 3, section 3 of the engrossed bill, strike all of lines 15 and 16, being the material added by the last amendment by the House Committee on Social and Health Services to page 3, section 3 of the printed bill, and insert "Industrial water supply systems which do not supply water to residences for domestic use and are under the jurisdictional requirements of the William-Steiger Occupational Safety Act of 1970 are excluded from the requirements of this chapter."

On page 3, section 4, line 21 of the engrossed bill, being page 3, section 4, line 23 of the printed bill, after "chapter" and before the period insert ": PROVIDED, That rules and regulations relative to the treatment of water shall be restricted to purification and desalinization thereof".

On page 3, section 4, line 22 of the engrossed bill, being page 3, section 4, line 24 of the printed bill, after "shall" and before "provisions" strike "include, but not be limited to," and insert "be limited to".

On page 7, section 12, line 16 of the engrossed bill, being page 7, section 12, line 18 of the printed bill, after "supply system" and before "unless" insert "required to have a certified operator under the provisions of section 3 of this act".

DONALD R. WILSON, Assistant Chief Clerk.

MOTION

Senator Marsh moved that the Senate do concur in the House amendments to Engrossed Senate Bill No. 2256.

Debate ensued.

POINT OF ORDER

Senator Lewis (Harry): "I raise the question of scope and object on the House amendment. Mr. President, this bill implements the law as far as juvenile probation services are concerned and the amendment as I understand it allows housing authorities to establish halfway houses to serve juveniles and it substantially changes the objective of the original bill. I think if you look at the amendment and the purpose of the sponsors of the bill as it passed the Senate and the objective of the amendment substantially changes that objective of the sponsors.

POINT OF INQUIRY

Senator Bailey: "Mr. President, I would like to ask a question. I think the way to solve this would be to refuse to take the House amendments. If you accept Senator Lewis' suggestion, you are going to kill the bill and then we will have nothing. We should not turn it down for scope and object. I think we should refuse to accept the House amendments and ask them to recede therefrom."

Senator Lewis (Harry): "Senator Bailey, in response to your question, if the President
would so rule on scope and object, I think it would provide justification for a motion then following."

REMARKS BY PRESIDENT PRO TEMPORE HENRY

President Pro Tempore Henry: "An amendment by the House to a Senate bill that changes the scope and object, the bill takes the course of a new bill and would be referred to committee. Do you still wish to raise the point?"

MOTION

Senator Lewis (Harry) moved that the Senate do not concur in the House amendments to Engrossed Senate Bill No. 2256 and ask the House to recede therefrom. Debate ensued.

POINT OF ORDER

Senator Bottiger: "Would the Chair rule on the question or if the motion to concur does not avail, does that still leave room for a motion to recede and request the House to recede from its amendment?"

RULING BY PRESIDENT PRO TEMPORE HENRY

President Pro Tempore Henry: "That becomes automatic, Senator Bottiger."

MOTION

On motion of Senator Mardesich, the House message on Engrossed Senate Bill No. 2256, and the pending motions by Senator Marsh and Lewis (Harry), were ordered held on the concurrence calendar for Saturday, April 14, 1973.

MESSAGE FROM THE HOUSE

The department shall investigate and review such claims, and, within two hundred ten days of the effective date of this 1973 act, shall report to the legislative budget committee and the governor its findings and recommendations as to such claims, along with a statement as to what special legislative relief, if any, the department recommends should be provided."

On page 5 add new sections following section 1 as follows:

“Sec. 2. Section 18, chapter 286, Laws of 1971 ex. sess. and RCW 90.58.180 are each amended to read as follows:

(1) Any person aggrieved by the granting or denying of a permit on shorelines of the state, or rescinding a permit pursuant to RCW 90.58.150 may seek review from the shorelines hearings board by filing a request for the same within thirty days of receipt of the final order. Concurrently with the filing of any request for review with the board as provided in this section pertaining to a final order of a local government, the requestor shall file a copy of his request with the department and the attorney general. If it appears to the department or the attorney general that the requestor has valid reasons to seek review, either the department or the attorney general may certify the request within thirty days after its receipt to the shorelines hearings board following which the board shall then, but not otherwise, review the matter covered by the requestor: PROVIDED, That the failure to obtain such certification shall not preclude the requestor from obtaining a review in the superior court under any right to review otherwise available to the requestor. The department and the attorney general may intervene to protect the public interest and insure that the provisions of this chapter are complied with at any time within forty-five days from the date of the filing of said copies by the requestor.

(2) The department or the attorney general may obtain review of any final order granting a permit, or granting or denying an application for a permit issued by a local government by filing a written request with the shorelines appeals board and the appropriate local government within forty-five days from the date the final order was filed as provided in subsection (5) of RCW 90.58.140.

(3) The review proceedings authorized in subsections (1) and (2) of this section are subject to the provisions of chapter 34.04 RCW pertaining to procedures in contested cases. [The provisions of chapter 43.21B RCW and the regulations adopted pursuant thereto by the pollution control hearings board, insofar as they are not inconsistent with chapter 34.04 RCW, relating to the procedures for the conduct of hearings and judicial review thereof, shall be applicable to all requests for review as provided for in subsections (1) and (2) of this]
section.] Judicial review of such proceedings of the shorelines hearings board may be had as provided in chapter 34.04 RCW.

(4) Local government may appeal to the shorelines hearings board any rules, regulations, guidelines, designations, or master programs for shorelines of the state adopted or approved by the department within thirty days of the date of the adoption or approval. The board shall make a final decision within sixty days following the hearing held thereon.

(a) In an appeal relating to a master program for shorelines, the board, after full consideration of the positions of the local government and the department, shall determine the validity of the master program. If the board determines that said program:
   (i) is clearly erroneous in light of the policy of this chapter; or
   (ii) constitutes an implementation of this chapter in violation of constitutional or statutory provisions; or
   (iii) is arbitrary and capricious; or
   (iv) was developed without fully considering and evaluating all proposed master programs submitted to the department by the local government; or
   (v) was not adopted in accordance with required procedures; the board shall enter a final decision declaring the program invalid, remanding the master program to the department with a statement of the reasons in support of the determination, and directing the department to adopt, after a thorough consultation with the affected local government, a new master program. Unless the board makes one or more of the determinations as hereinbefore provided, the board shall find the master program to be valid and enter a final decision to that effect.

(b) In an appeal relating to a master program for shorelines of state-wide significance the board shall approve the master program adopted by the department unless a local government shall, by clear and convincing evidence and argument, persuade the board that the master program approved by the department is inconsistent with the policy of RCW 90.58.020 and the applicable guidelines.

(c) In an appeal relating to rules, regulations, guidelines, master programs of state-wide significance, and designations, the standard of review provided in RCW 34.04.070 shall apply.

(5) Rules, regulations, designations, master programs, and guidelines shall be subject to review in superior court, if authorized pursuant to RCW 34.04.070: PROVIDED, That no review shall be granted by a superior court on petition from a local government unless the local government shall first have obtained review under subsection (4) of this section and the petition for court review is filed within three months after the date of final decision by the shorelines hearings board.

NEW SECTION. Sec. 3. There is added to chapter 286, Laws of 1971 ex. sess. and to chapter 90.58 RCW a new section to read as follows:

The shorelines hearings board may adopt rules and regulations governing the administrative practice and procedure in and before the board.”; and the same is herewith transmitted.

No payment or claim for payment pursuant to chapter 73.34 RCW shall be treated as income for purposes of this chapter."
Renumber the remaining sections consecutively.

POINT OF INQUIRY

Senator Newschander: "Senator Rasmussen, will you yield to a question? Have you checked with the department to see if there is any conflict as far as the federals are concerned in exempting this Vietnam bonus as part of income?"

Senator Rasmussen: "No, I have not, but if there is I am sure that it will not be effective. At least we will have done our part."

Senator Newschander: "My only concern is that you are going to have a conflict and the state is going to lose the federal share if you exempt this money. I had thought this bill had been held over until tomorrow morning and I was having one of our attorneys check with the department. We were going to have an answer in the morning. I think it would not be too bad an idea to hold this bill over until morning and I will then know at that time whether there is a conflict."

Senator Rasmussen: "Mr. President, in regard to that point I would say that we can pass the bill, send it over to the House for concurrence, and if at that time we find it is defective that the House can refuse to concur and we can pull the amendment off."

MOTION

On motion of Senator Newschander, House Bill No. 362, as amended by the Senate, was ordered held for further consideration on Saturday, April 14, 1973 on a rising vote.

On page 2, section 1, line 2, after “Children” insert “after the age of 19 years”.

On page 2, section 2, line 17, after “children” insert “after the age of 19 years”.

On page 2, section 3, line 33, after “children” insert “after the age of 19 years”.

On page 3, add a new section following section 4 as follows:

“NEW SECTION. Sec. 5. For the purposes of this 1973 amendatory act the phrase “totally disabled” as used in sections 1, 2 and 3 shall mean a person who has become totally and permanently disabled for life by bodily injury or disease, and is thereby prevented from performing any occupation or gainful pursuit.”

Signed by: Senators Sandison, Chairman; Donohue, Durkan, Marsh.

The bill was read the second time by sections.

On motion of Senator Sandison, the committee amendments were adopted.

On motion of Senator Sandison, House Bill No. 442, as amended by the Senate, was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

Debate ensued.

POINT OF INQUIRY

Senator Bottiger: “Would Senator Sandison yield to a question? Senator Sandison, in your explanation of the amendment, does this prevent a firefighter or a policeman who might have been disabled from going out and getting other employment? Maybe he has a minor disability from his activities. Would he still be able to, say own a gas station or something of that nature?”

Senator Sandison: “No, it was the intent of it that because so many people were retiring on disability the language said ‘A person has become totally and permanently disabled for life by bodily injury or disease and thereby prevented from performing any occupation or gainful pursuit.’”

Senator Bottiger: “Thank you.”

POINT OF INQUIRY

Senator Bailey: “Will Senator Sandison yield? Senator, you said that this is for the four-year colleges and the community colleges for free tuition up to the age of nineteen. Now how many are going to go into college before nineteen? It looks like a pretty cheap contribution.”

Senator Sandison: “We have done this with the state patrol.”

Senator Bailey: “I mean, is the age nineteen the age of the student when the parent becomes disabled, or the maximum age of the student to receive assistance?”

Senator Sandison: “No, in other words, the father becomes disabled, this allows the son or daughter to get his start in college.”

Senator Bailey: “But up to the age nineteen? I do not follow you.”

Senator Sandison: “After the age of nineteen then, of course, he would no longer be eligible. It is very minimal benefit.”

POINT OF INQUIRY

Senator Henry: “For further clarification, if they started at nineteen, then do they get to continue their four-year college?”

Senator Sandison: “No, they would not.”

Senator Henry: “That is what I was trying to find out. It does practically nothing.”
MOTION

On motion of Senator Bottiger, House Bill No. 442, as amended by the Senate, was returned to second reading.

MOTION FOR RECONSIDERATION

Having voted on the prevailing side, Senator Bottiger moved that the Senate reconsider the vote by which the committee amendments to House Bill No. 442 were adopted.

The motion carried.

MOTION

On motion of Senator Bottiger, the committee amendments to House Bill No. 442 were not adopted.

Debate ensued.

POINT OF INQUIRY

Senator Mardesich: "Would there be no limitation under the House measure? In other words, could someone stay in school for fifteen years, as I have seen some people do?"

Senator Bottiger: "Senator Mardesich, I think you probably have a point. Maybe we ought to limit it to four years of college. If we can take this amendment off we will hold it for second reading and prepare an amendment to that effect."

POINT OF INQUIRY

Senator Canfield: "Will Senator Sandison yield? Senator Sandison, remember the bill on the state patrol?"

Senator Sandison: "Yes."

Senator Canfield: "I am just wondering why the benefit for the children in these particular cases should not be roughly comparable to the benefits given to the state patrol children if both are killed in line of duty?"

Senator Sandison: "The only problem was because we did have new language in and we were dealing with a much larger mass of people, if you recall there are very few state patrolmen. We were not sure about this and that is why we finally settled on a definite figure."

Senator Canfield: "I recognize that and we want to determine the fiscal impact, but if we are trying to do something for the children why then probably the age qualification should be roughly the same, it would appear to me. I do think we ought to determine the fiscal impact. You remember the age on those children was, I believe, twenty years and eleven months."

Senator Sandison: "Twenty years and eleven months, yes, and I think that is Senator Bottiger's amendment."

MOTION

On motion of Senator Sandison, House Bill No. 442 was ordered held for further consideration after Engrossed House Bill No. 485.

The bill was read the second time by sections.

On motion of Senator Walgren, House Bill No. 444 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

Debate ensued.
POINT OF INQUIRY

Senator Murray: "Will Senator Whetzel yield to a question? Senator Whetzel, what effect do you think this will have on a city like the city of Seattle if we pass House Bill No. 444?"

Senator Whetzel: "Senator Murray, the purpose of this bill and the intent, as I see it, is to give the city some of this money to assist them in catching up on the deferred maintenance in patching the streets, taking care of bridges that have gotten out of repair and such so that these things they have gotten behind on they can handle so that some of the fine new freeways and some of the arterials that have been built that the people will in turn be able to drive off those onto city streets that will be properly maintained and safe to drive on."

POINT OF INQUIRY

Senator Rasmussen: "Will Senator Guess yield to a question? Senator Guess, what is that half-cent gas tax, what is the limitation on it now for city streets?"

Senator Guess: "For arterial streets that are built according to the priority system that we passed in 1965."

Senator Rasmussen: "And then for the rest of the streets, they are usually improved with LID's?"

Senator Guess: "They are usually improved with LID's and this money will not go on LID's. Should not. But they will do it now."

Senator Rasmussen: "You think they will fritter it away then?"

Senator Guess: "I think they will fritter it away."

Senator Rasmussen: "I think you are probably right."

On motion of Senator Ridder, Engrossed Senate Bill No. 2119 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

POINT OF INQUIRY

Senator Guess: "Will Senator Ridder yield? Senator Ridder, how much unfunded liability are we creating by this act?"

Senator Ridder: "Well, that is a pretty free word, unfunded liability. In actuality we are putting in one million one hundred, a million dollars here to fund this. In actuality it is not a question of unfunded liability that is going to go on and on and on. It is a question of funding supplements to, shall we say, catch up in this annuity program so that eventually the annuity program can carry itself, and so we feel that this is not going to be necessarily an ongoing program. We feel that it will not be."

Senator Guess: "What was the original cost, three million two hundred thousand?"
Senator Ridder: "Right. We cut it in half, one-sixth."
Senator Guess: "All right. For the next biennium how much is it going to cost?"
Senator Ridder: "We are just funding it for this biennium. The original funding for next biennium . . . ."
Senator Guess: "We have got to come up with that then?"
Senator Ridder: "I think that this will work itself out by that time. The idea is to provide a supplemental program now to get into the . . . let us put it this way. I would presume that the higher educational institutions will have to prioritize their money in some way to fund this in the coming biennium. We have not looked forward to that at this time. We had not planned on doing this at this time and I am sure that they are going to work it out at that time."
Senator Guess: "In other words, it is going to make it more difficult to meet the costs next time for what we are doing here tonight."
Senator Ridder: "I would like to explain, Senator Guess. In this situation we are raising contribution rates. We are enabling them to put more money into their annuity system so that they can begin to fund themselves. Over the past years the funding, the contribution level of the higher education program has been extremely low. And as you know, this is an annuity program, so you build up your annuity until you leave, you take that annuity out and then prorate it over your actuarial life that you have left. Well, in this case we provide for them to raise that contribution level so that now they can put more money into those annuities and with this supplemental we can get them out at this level, the two percent level and then we feel that this will begin then to pick up and phase in."
POINT OF INQUIRY

Senator Rasmussen: "Will Senator Ridder yield to a question? What rate of increase did you say we raised the employees to?"

Senator Ridder: "The new system is, over fifty is ten percent, seven and one-half percent below that. This is sufficient to the other systems."

Senator Rasmussen: "How much has the state been paying into this all these years?"

Senator Ridder: "The regents set aside the contribution level that is equal to that which is contributed by the professor or the person in higher education so it is ten-teen or seven and one-half--seven and one-half. Now the regents appropriate that out of their funds to take care of their share just like any other agency of the government."

Senator Rasmussen: "That is not the regents. That is the state that you are talking about, the state money. That is the question, Senator Ridder."

Senator Ridder: "I cannot dodge that. It comes from the state eventually."

Senator Rasmussen: "The state has been contributing their ten percent all these years. What are we talking about now of assisting the people that are already retired or the people that are going to retire?"

Senator Ridder: "We have a study coming in this coming year by the Public Pension Commission to survey all of the old retired pensioners in this state and to breed some program by which we can bring them all aboard. Now we are attempting to, through the old firemen, policemen, we did something for them. The teachers, remember, we brought up from five-fifty to six-fifty. We are trying all along the line to bring all of these up and we are looking forward to bringing this in after the study."

ROLL CALL

The Secretary called the roll on the final passage of Engrossed Senate Bill No. 2119, and the bill passed the Senate by the following vote: Yeas, 40; nays, 6; absent or not voting, 2; excused, 1.

Voting nay: Senators Guess, Lewis (Bob), Metcalf, Rasmussen, Twigg, Woodall—6.

Absent or not voting: Senators Connor, Newschwander—2.

Excused: Senator Talley—1.

ENGROSSED SENATE BILL NO. 2119, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

MOTION

On motion of Senator Rasmussen, Engrossed Substitute House Bill No. 435 was ordered to hold its place on the second reading calendar for Saturday, April 14, 1973.

SECOND READING

SUBSTITUTE HOUSE BILL NO. 1005, by Committee on Ways and Means (originally sponsored by Representatives Conner and Chatalas):

Exempting certain retirement benefits from inheritance taxation.

REPORT OF STANDING COMMITTEE

SUBSTITUTE HOUSE BILL NO. 1005, exempting certain retirement benefits from inheritance taxation (reported by Committee on Ways and Means):
MAJORITY recommendation: Do pass with the following amendment:
On page 1, section 2, line 16, after "follows:" strike the remainder of section 2 and insert:
"The right of a person (other than executor) to a pension, annuity or retirement allowance, any optional benefit, or any other right accrued or accruing to any person under any pension plan, annuity, retirement allowance or benefit where such pension plan, annuity, retirement allowance or benefit would qualify for exemption from federal estate taxes pursuant to section 2039(c) or 2039(d) of the internal revenue code of 1954 shall be exempt from inheritance tax."
Signed by: Senators Donohue, Vice Chairman; Odegaard, Vice Chairman; Atwood, Bailey, Canfield, Fleming, Lewis (Harry), Metcalf, Peterson (Ted), Sandison, Scott.
The bill was read the second time by sections.
Senator Whetzel moved adoption of the committee amendment.

POINT OF INQUIRY

Senator Dore: "This does not affect annuities, just pensions, right? In other words, if I set up a large annuity for my wife, which has a cash surrender value, you mean that cash surrender value will no longer be evaluated for tax purposes?"

Senator Whetzel: "That kind of annuity would not be. Of course, all pensions partake of somewhat in the nature of an annuity. That is why your question throws me off a little bit. But if you are not doing it under a qualified plan which involves approval of the Internal Revenue Service where you cannot discriminate between highly paid and lower paid employees, that is the kind of thing that we are talking about here that would be subject to exemption. Not a special pension that is arranged for one individual or one highly paid individual. That would be fully subject to tax or if you went out and bought a special annuity for someone and of course the annuity you buy for your wife would not survive your wife. There would not be anything to tax in that case."

Senator Dore: "Well, I could have an annuity in my own name which my wife would inherit."

Senator Whetzel: "If you had a joint survivor annuity then, yes, there might be something left over."

Senator Dore: "What I am concerned about is if this would permit millionaires to merely put everything they have into annuities. I see George Clarke shakes his head no. That is why I asked."

Senator Whetzel: "Certainly not under this provision, Senator. No."
Senator Dore: "It is basically pensions and not annuities, for the record?"
Senator Whetzel: "Yes."
The motion by Senator Whetzel carried and the committee amendment was adopted.
On motion of Senator Whetzel, Substitute House Bill No. 1005, as amended by the Senate, was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.
Debate ensued.

ENGROSSED HOUSE BILL NO. 305, providing additional procedures for enforcing support obligations (reported by Committee on Social and Health Services):

MAJORITY recommendation: Do pass with the following amendments:

On page 4, section 4, line 17, after "for" and before "said" insert "by".

On page 5, section 4, line 6, after "temporary" and before "support" strike "wife" and insert "spouse".

The bill was read the second time by sections.

On motion of Senator Day, the committee amendments were adopted.

Senator Woody moved adoption of the following amendment:

On page 18, section 25, line 24, strike all of new section 25.

Debate ensued.

POINT OF INQUIRY

Senator Woodall: "Would Senator Woody yield? I want to get this exactly straight. The court has awarded the sum of one hundred and fifty dollars a month as support. The department comes along and gives two hundred and fifty a month. Now is there any way that the department is subrogated to a right to go against the man for more than the court said he had to pay?"

Senator Woody: "Precisely. That is what the effect of section 25 does."

Senator Woodall: "Is that what you are moving against?"

Senator Woody: "That is correct."

Senator Woodall: "And your amendment says that the department can go against the man for all the court said he had to pay, but they cannot go against him for the amount that they decided to pay? Is that what you are saying, in effect?"

Senator Woody: "That is correct."

The motion by Senator Woody carried and the amendment was adopted.

Senator Woody moved adoption of the following amendment:

On page 18, section 26, line 33, strike all of new section 26.

Debate ensued.

POINT OF INQUIRY

Senator Mardesich: "Senator Woodall, would you take the same position if that man were in this state and the department had awarded a greater grant than the court had?"
THIRTY-SIXTH DAY, APRIL 13, 1973

Senator Woodall: "Yes, the remedy is to go back and re-petition the court and show a greater need. And you prove it in court, not in the archives of one social worker."

MOTIONS

On motion of Senator Mardisich, Engrossed House Bill No. 305, as amended by the Senate, was ordered placed on the second reading calendar for Saturday, April 14, 1973.

On motion of Senator Mardisich, the Senate returned to the fourth order of business.

NEW SECTION. Sec. 22. All contract personal services contracts except those for medical and health care and such other contracts which the director of the office of program planning and fiscal management may exempt after consultation with the Legislative Budget Committee shall be filed with the office of program planning and fiscal management and the Legislative Budget Committee prior to obligating any portion of the appropriations approved in this act.

The director of the office of program planning and fiscal management may require the institutions of higher education and the community colleges to place funds in reserve status in order to assure that funds will be available for the purpose of this section.

NEW SECTION. Sec. 25. It is the intent of the Legislature that to the maximum extent possible, and exclusive of restricted fund activities, the layoff of existing classified staff shall not be in greater proportion than the ratio of classified staff to total employment at the respective institutions as of April 1, 1973. The institutions of higher education may utilize all available revenues and other resources and cost-saving procedures to minimize any adverse impact on institutional programs caused by the readjusting of priorities permitted in this act.

NEW SECTION. Sec. 26. If any provision of this act, or its application to any person or circumstance is held invalid, the remainder of the act, or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 27. This act is necessary for the immediate preservation of the public peace, health and safety, the support of the state government and its existing public institutions, and shall take effect immediately: PROVIDED, That provisions of this appropriations act shall not take effect until the legislature shall have approved the entire 1973-75 biennial budget for the state of Washington.", and the same is herewith transmitted.

DONALD R. WILSON, Assistant Chief Clerk.

MOTION

Senator Donohue moved that the Senate do concur in the House amendment to Engrossed Substitute Senate Bill No. 2740.

Debate ensued.
POINT OF INQUIRY

Senator Dore: "What are the percentage increases in the salaries now in the various categories? I have a printed deal here. It says University of Washington, Washington State. Is that ten percent, ten point five percent?"

Senator Donohue: "The House did build in an increase and this increase is not new money, Senator, but is stated that the different colleges may, out of their budgets, increase, and the figure you have at the University of Washington and Washington State University, the figure before me is ten point five and the reason for this, the House determined, was because the University of Washington and Washington State University in the category of the seven colleges that are used as comparable were very much below that average. Consequently they have been losing some of their top people out of state and it was the decision of the House that to maintain these people and keep them here in our state, they were research people, etc., that it was necessary that these should be a little greater increase to reflect some kind of comparable figure with these seven colleges that they used for comparison."

Senator Dore: "And the colleges, the four-year college, are eight point five percent increase?"

Senator Donohue: "That is true, Senator."

Senator Dore: "And the community college is seven point?"

Senator Donohue: "That is true."

Senator Dore: "And the K-12 five percent?"

Senator Donohue: "That is true."

Senator Dore: "Why are not they the same? What was the rationale that we would raise one group higher than the other?"

Senator Donohue: "The rationale is to try to bring up some of these colleges. For instance, as I mentioned, the University of Washington was far below the average. The four year colleges were also below. Community colleges, to bring them up to parity with some of the other colleges as they were increased seven percent and they were trying to reach a more equitable dispersion of funds to the colleges to cause some better kind of parity in salaries."

POINT OF INQUIRY

Senator Greive: "Will Senator Donohue yield? Could you tell me what colleges were used in comparison and how it was determined that these were comparable? Did you determine? Did the colleges themselves determine? How?"

Senator Donohue: "There was Minnesota, Wisconsin, Oregon, California, Ohio, Illinois. This group of colleges are the big ten, the Pacific Coast are used to determine in this over-all balance of salaries. There is an average that they use in saying whether or not they are below or above the average category."

Senator Greive: "Who picks these seven colleges?"

Senator Donohue: "The universities, I guess. I am not particularly up on that, Senator, but these seven colleges have been used for several years in this particular area."

REMARKS BY SENATOR MARDESSICH

Senator Mardeissich: "About fourteen years ago, Mr. President, the Legislative Budget Committee began getting into the area of checking into the salaries at the various universities and they tried to take a cross section of the universities that were of comparable size and status and they came up with this list of seven at that time, and they have expanded on that somewhat and kept that same list to use as a comparison all these years."

REMARKS BY SENATOR ATWOOD

Senator Atwood: "I think Dr. Paul Ellis was the man who originally picked them and with the help of the universities and colleges, but Senator Mardeissich is correct in who picked them and how they were picked, and they were also, at the same time we established
THIRTY-SIXTH DAY, APRIL 13, 1973

the formulae that are used today with some variations, of course, from then. But that is how it is done. I might say that the reprioritization within their budget does permit Washington State and the University to go up as high as ten point five if they wanted to. For the colleges the maximum they could go up is eight point five. Community colleges seven. But this is all done within their operating budgets. I am not too sure that some of them, Washington State in particular, are in very bad shape. They are the lowest of the low in all of these seven colleges, or nine college average and there is probably some justification for it. The other parts of the budget though, I have some concern about. They did restore the travel, which I object to. They did make some other restorations that I thought were well taken but apparently Senator Durkan and Senator Donohue made the decision that there would not be any conference on this so you either take it or leave it.”

The motion by Senator Donohue carried and the Senate concurred in the House amendment to Engrossed Substitute Senate Bill No. 2740.

No payment or claim for payment pursuant to chapter 73.34 RCW shall be treated as income for purposes of this chapter.

Renumber the remaining sections consecutively."
POINT OF INQUIRY

Senator Guess: "Both of those amendments do not have to come off. One of them says that the bonus will not be subject to garnishment. Now why in the world has that got anything to do with the Department of Social and Health Services?"

Senator Day: "Senator Guess, that is why I was asking why the amendment be read, so that we could see what we are doing here."

REMARKS BY SENATOR BAILEY

Senator Bailey: "Mr. President, the thing that worries me about this is that it sounds like the Horowitz haunt out on the sidelines. Every time we come to the close of a session Don Horowitz runs around in the balcony or someplace trying to stop anything that deals with the Department of Social and Health Services that he has not personally written. I do not want to see us lose federal funds, but I do not want to see that department get any right to garnishment or anything for a handle on the veterans' bonus. That is about all they need now to take complete control of everything."

On page 3, following section 1, add an additional section as follows:

"Sec. 2. Section 29.64.030, chapter 9, Laws of 1965 and RCW 29.64.030 are each amended to read as follows:

At the time and place fixed for making a recount of paper ballots, the canvassing board or their duly authorized representatives, in the presence of all witnesses who may be in attendance, shall open the sealed containers containing the ballots to be recounted, and shall recount them. Ballots shall be handled only by the members of the canvassing board, their duly authorized representatives or by the clerk or other employees of the board. Witnesses shall be permitted to see the ballots but they shall not be permitted to touch them, and the canvassing board shall not permit the counting or tabulation of votes shown on the ballots for any nomination, or for election to any office or position, or upon any question or proposition, other than the votes shown on such ballots for the nomination, election, or question or proposition concerning which a recount of ballots was applied for."
At the time and place fixed for making a recheck of the votes cast on voting machines the canvassing board or their duly authorized representatives in the presence of all witnesses who may be in attendance, shall open the voting machines to be rechecked, and shall recheck them. Witnesses shall be permitted to watch the recheck of the voting machines, and the canvassing board shall not permit the rechecking of votes for any nomination, or for election to any office or position, or upon any question or proposition, other than the votes shown on such voting machines for the nomination, election, or question or proposition concerning which a recount of voting machines was applied for.

At the time and place fixed for making a verification of the votes cast by punchcard ballots, the canvassing board or their duly authorized representatives in the presence of all witnesses who may be in attendance, shall select at random a number of precincts equal to five percent of the total number of such precincts or fifty of such precincts, whichever number is the smaller. The punchcard ballots cast at such precincts shall be manually counted by persons equally representing each major political party appointed by and under the direction of the county auditor or officer charged with the conduct of such election. If the total results of such manual count combined with the count of the applicable absentee, questioned, and challenged ballots involved can be reconciled within one-half of one percent of the official election returns for such precincts, and such difference would not change the outcome of the election, no further recount shall be made and the election returns as reported for the remaining punchcard voting precincts shall be deemed to have been verified. However, if the results of such manual recount cannot be so reconciled with the official returns, the county canvassing board shall direct that either:

1. All the remaining punchcard ballots be manually counted or;
2. A new computer program be prepared at county expense and subject to certification as provided by chapter 29.34 RCW and that all punchcard ballots voted at the election concerned be recounted by computer by use of such new program and the results of such count shall be deemed the final and official election returns.

At any time before the ballots from all of the precincts listed in the application for the recount have been recounted, the applicant may file with the board a written request to stop the recount and not recount the ballots from the precincts so listed and which have not been recounted prior to the time of such request: PROVIDED, That this provision shall not apply to a recount when a recount is being made of any regular or special district election whereat the precincts were consolidated and as a result thereof the application for a recount embraced all ballots cast at such election.

If, upon such request, the board finds that the results of the votes in the precincts recounted, if substituted for the results of the votes in such precincts as shown in the abstract of the votes in such precincts, would not cause the applicant, if a person for whom votes were cast for nomination or election, to be declared nominated or elected or if an election upon a question or proposition would not cause a result contrary to the result thereof as declared prior to such recount, it shall grant such request and shall not recount the ballots of the precincts listed in the application for recount which have not been recounted prior to such time. If the board finds otherwise, it may deny such request and shall continue to recount ballots until the ballots from all of the precincts listed in the application for recount have been recounted: PROVIDED, That if such request is denied it may be renewed from time to time. Upon any such renewal the board shall consider and act upon the request in the same manner as provided in this section in connection with an original request.

On page 29, add a new section following section 15 and renumber the remaining sections consecutively:

"Sec. 16. Section 18, chapter 274, Laws of 1947 as last amended by section 3, chapter 151, Laws of 1972 and RCW 41.40.170 are each amended to read as follows:

1. 2. If he has applied or shall apply for reinstatement of employment, within one year from termination of the military service, and is refused employment for reasons beyond his control, he shall, upon resumption of service within ten years have such service credited to him.

3. In any event, after completing twenty-five years of creditable service, any member may have his service in the armed forces credited to him as a member whether or not he left the employment of an employer to enter such armed service: PROVIDED, That in no instance, described in subsection (1), (2), and (3) of this section, shall military service in excess of five years be credited: AND PROVIDED FURTHER, That in each instance the member must restore all withdrawn accumulated contributions, which restoration must be completed within five years of membership service following his first resumption of employment: AND PROVIDED FURTHER, That this section will not apply to any individual, not a veteran within the meaning of RCW [41.06.150] 41.04.005, as now or hereafter amended: AND PROVIDED FURTHER, That in no instance, described in subsection (1), (2) and (3) of this section, shall military service be credited to any member who is receiving full military retirement benefits pursuant to Title 10 [USC 3911 or 3914, as now or hereafter amended] United States Code."

On page 2, line 3 of the title after the semicolon and before "adding" insert "amending section 18, chapter 274, Laws of 1947 as last amended by section 3, chapter 151, Laws of 1972 and RCW 41.40.170;"
Signed by: Senators Durkan, Chairman; Donohue, Vice Chairman; Atwood, Canfield, Fleming, Lewis (Harry), Marsh, Peterson (Ted), Ridder, Scott.

The bill was read the second time by sections.

On motion of Senator Durkan, the committee amendments to page 5 were adopted.

On motion of Senator Ridder, the remaining committee amendments were adopted.

On motion of Senator Durkan, the following amendment was adopted:

> "PROVIDED, That if a leave of absence is taken by an individual for the purpose of serving in the state legislature, the salary which would have been received for the position from which the leave of absence was taken, shall be considered as compensation earnable if the employee's contribution is paid by the employee and the employer's contribution is paid by the employer or employee".

Senator Rasmussen moved adoption of the following amendment:

On page 11, section 5, line 29, after "employee" and before the semicolon insert:

> "AND PROVIDED FURTHER, That any person who was an elected official eligible to apply for membership pursuant to this subsection, who failed to exercise that option while holding such elected office and who is now a member of the retirement system, shall have the option to recover service credit for such elected service upon payment to the retirement system of the employee and employer contributions which would have been made had the person been a member during the period of such elective service".

POINT OF INQUIRY

Senator Bailey: "Would Senator Rasmussen yield? Senator, does this amendment and the ones that follow actually make it possible for a member that had previous service and dropped out of the system for some reason and then came back in, to open up the prior time that they can claim their previous service?"

Senator Rasmussen: "This is correct. This has been approved by the Retirement Board and will not harm the Retirement Board but will leave it whole."

Senator Bailey: "Well then one other question. If they come back in under both of these amendments, would they have to pay back all of the money they owe and all the money that would be contributed by the employer if they had been working since then?"

Senator Rasmussen: "This is correct. Then at that time they will have to examine their situation. What happens, many of these people have drawn money out of the system, the hardship cases where they had debts or something like that, were not able to come back in. But this will make the fund whole and will not damage the Retirement Board and has been cleared with them."

Senator Bailey: "It has been cleared by the Retirement Board?"

Senator Rasmussen: "Yes, In fact, Mr. Ryan is sitting out there. I have been checking with him all morning."

POINT OF INQUIRY

Senator Talley: "I wonder if Senator Rasmussen would yield to a question. Senator Rasmussen, if you had previous service and did not elect to be under the system, could you go back now and pick that service up?"

Senator Rasmussen: "That would be correct if you made the Retirement Board whole as determined by them."

REMARKS BY SENATOR RIDDER

Senator Ridder: "This applies to the elected official and there are so many elected officials that might serve maybe two years or four years of a term and then go out of public life, then later on, maybe eight or ten years later are elected to another service and you never think this far in advance that you are going to have to re-opt and so this would allow that elected official then to go back and pick up those four original years or two original years or three original years by paying in the necessary contributions if he had taken them"
out, or she as the case may be, with the interest accrued on those years and this would then bring them up to date with their present elected time and would allow them then to retire with full service. Now the in-between time does not count. I notice Senator Metcalf has a stunned look. The in-between time would not count."

REMARKS BY SENATOR BAILEY

Senator Bailey: "Senator Rasmussen, you just said something that alarms me though. You said they would pay back the amount determined by the Board. Is there any possibility here the board possibly could determine you did not have to pay back everything, that they would let you come in on a bargain or are they forced to collect everything that their employer should have paid, if they had been under the system?"

Senator Rasmussen: "You are right. That is what they will have to do."

The motion by Senator Rasmussen carried and the amendment was adopted.

On motion of Senator Rasmussen, the following amendment was adopted:

On page 15, section 7, line 3 after "contributions" and before the period insert: "AND PROVIDED FURTHER, That any member who re-entered service within the ten-year period formerly provided by this section, and who failed to restore withdrawn contributions within the three or five years previously allowed, shall now have two years from the effective date of this 1973 amendatory act to restore said contributions, with interest as determined by the Retirement Board."

Senator Metcalf moved adoption of the following amendment:

On page 15, beginning on line 5, strike the underscored material on lines 5 through 7. Debate ensued.

The motion by Senator Metcalf carried and the amendment was adopted.

Senator Rasmussen moved adoption of the following amendment:

On page 22, section 10, line 25, add a new paragraph to read as follows:

"Every publicly elected state official who was elected to office prior to the effective date of this 1973 amendatory act, who is currently a member of the Washington state teachers' retirement system may withdraw and transfer to the Washington public employees' retirement system all contributions made by the employer and employee on behalf of the member made to the Washington state teachers' retirement system and a record of his creditable service in that system. Upon receipt of the individual's contributions and a record of his creditable service under the Washington state teachers' retirement system, the Washington public employees' retirement system shall credit that individual with the years of service he was entitled to receive under the Washington state teachers' retirement system within the Washington public employees' retirement system as if that service had been rendered thereunder, and the individual shall thereafter enjoy all the rights and privileges of a member of the Washington public employees' retirement system as if he had been such a member during the periods of service thus credited. Time during which the member was an elected official shall be credited pursuant to this section and/or RCW 41.40.185 as now or hereafter amended."

POINT OF INQUIRY

Senator Mardesich: "Will Senator Rasmussen yield? Does this amendment in effect say that one who was in the Teachers' Retirement System for, say twenty-five years or thirty years for that matter, since they can run on extended time, assume he was in the Teachers' Retirement System for thirty years and he came across into the legislature, that then he would have a three point credit for every year of his time as a teacher? Just because he served one or two . . . ."

Senator Rasmussen: "No, he would have it as an elected official."

Senator Mardesich: "I say would he get three percent credit for every year of his teacher's time?"

Senator Rasmussen: "No. I am getting the signal from the Retirement representative, Mr. Ryan, the answer is no."

Senator Mardesich: "That is the way it read to me when I looked at this."
Senator Rasmussen: "The answer is no and I just cleared this amendment about twenty-five minutes ago in the corridor there."

Senator Mardesich: "So he would get in effect only three percent for his legislative time? Why do you need it at all then? He would get that automatically as a legislator under the State Employees' System, outside of a vesting five years . . . ."

Senator Rasmussen: "They are prohibited from being in the State Retirement System. They are members of the Teachers' Retirement System."

Senator Mardesich: "And you cannot be in two at one time?"

Senator Rasmussen: "No. You see the deduction is made but it is paid into the Teachers' Retirement System."

Senator Mardesich: "So you are certain that he would get, as a teacher, if he retired into the State Employees' System he would get only the two years two percent of credit for every year up to that time and then three percent for the legislative time?"

Senator Rasmussen: "Under the present Teachers' Retirement System you do not get two percent credit. I think it is one and three quarters or something like that."

Senator Mardesich: "We have not come out of caucus yet today. That may be history soon."

Senator Rasmussen: "Yes."

POINT OF INQUIRY

Senator Guess: "Senator Rasmussen, if this is not going to cost anything what is the advantage of their coming over?"

Senator Rasmussen: "Well, at the present time, Senator Guess, as you well know from the discussions in the caucus on the changing of the Teachers' Retirement System . . . ."

Senator Guess: "Later on, yes."

Senator Rasmussen: "The benefits are quite a bit different under the Teachers' Retirement System. In fact, they are considerably lower and we have had a running discussion as to whether we could do in order to merge the two systems and make the higher retirement rate of benefit to the teachers. Now it could be done in this manner. Bring all of the teachers into the State Retirement System, bring their annuity benefits and their reserve and combine them in with the Public Employees' System. But due to the Touche Ross Report that they are expecting on the merging of these systems, and as you recall, in the back part of this bill it provided that they be merged by 1975. This is a means where those teacher-legislators can come across and receive the benefits of PERS now without any damage to the retirement system and it probably will be the way that we take the whole group of teachers over. Now understand, Senator Guess, that you cannot deny the benefits that the teachers have under their present system if they stay in that system but if they come across into the Public Employees' Retirement System they say, in effect, 'We leave those benefits behind. We accept the benefits as given by PERS.' And let me give you an example. A teacher with forty years of service would probably achieve a better pension under the Teachers' Retirement System than he would under PERS."

Senator Guess: "What would be the idea of transferring to PERS then if it would be penalizing them?"

Senator Rasmussen: "Because it immediately gives them a better benefit under the PERS system for retirement."

Senator Guess: "But you just said they are going to have less benefits under the PERS than they would if they stayed under the Teachers'."

Senator Rasmussen: "I should qualify that. At the present time the Teachers' Retirement System provides they get two years of credit for out of state teaching. They get two years of credit for educational work of benefit to themselves in their retirement system. They get fifty dollars for each child upon the death of a breadwinner. They have those differences in their retirement system now which are different from PERS, so they would leave those benefits and come across and receive a higher retirement benefit."

Senator Guess: "Senator Rasmussen, you have not gotten to the point. You say that the Teachers' Retirement benefits are lower, therefore they should be costing less. They are going to come into the PERS. They have got a great deal higher benefits in PERS than they
had in the Teachers'. Somewhere actuarially there has to be a day of reckoning. Now who is going to pay for the difference and how much is it?"

Senator Rasmussen: "It is my understanding, Senator Guess, and I am not an actuary, but this was taken up by the Retirement Board, Mr. Baker, with their actuary, Mr. Bleakney, and it was assured that there would be no cost between the two systems by bringing these people in."

Senator Guess: "It was a very neat sleight of hand legerdemain then that you can increase the benefits without increasing the costs. I cannot see it."

Senator Rasmussen: "Senator Guess, I will have you consult with the actuary."

Debate ensued.

POINT OF ORDER

Senator Scott: "Mr. President, it seems to me that the amendment deals with TRS. We are talking about PERS. It also seems to me that we have an authorization for a study between now and November. Notwithstanding the fact that I am one of those affected, this makes me very uncomfortable, and I challenge it on scope and object."

REMARKS BY SENATOR WOODALL

Senator Woodall: "He made a speech before he raised the challenge. It is out of order."

RULING BY THE PRESIDENT

The President: "The point expressed by Senator Woodall is well taken."

POINT OF ORDER

Senator Guess: "I raise the point of scope and object."

REMARKS BY SENATOR BAILEY

Senator Bailey: "Mr. President, I would not presume to advise you on the ruling but I would think that we are talking here about the qualifications for the PERS System. We are not talking about the qualifications for the Teachers' Retirement System and I think with that in mind that we are dealing with the PERS System and we are not into the TRS. It makes it possible for us to recognize certain service. In the bill later there is allowance for service in the armed forces. I just do not see how this increases scope and object. It just provides another method of qualification for the PERS system."

RULING BY THE PRESIDENT

The President: "The President in ruling upon the point as presented by Senator Guess finds that Engrossed Substitute House Bill No. 435 is a measure pertaining to eligibility under the PERS system and the amendment submitted by Senator Rasmussen merely defines one group that is eligible under the provisions. Therefore, the point of order presented by Senator Guess is not well taken."

REMARKS BY SENATOR GUESS

Senator Guess: "They are eligible under another system though, aren't they?"

REPLY BY THE PRESIDENT

The President: "The President believes that the remarks of Senator Bailey were accurate in that the amendment—the President believes it merely sets up another method of qualification for membership, Senator."
POINT OF INQUIRY

Senator Dore: "Will Senator Rasmussen yield to a question? Under the Teachers' Retirement System as presented to us, I understand that we were going to make it a two percent multiple of each year based upon the voluntary transfer into the system, into a new system, of both the pension and annuity part of the teachers' program, and of course the pension system is based upon the contributions of the state of Washington. The annuity is based on the teachers' own retirement but I understand they were going to voluntarily transfer this in. Now under your amendment as I read it, they would pay in all of the contributions made by them in their pension system but this would not affect the annuity. They, as I read it, would have the full benefits of the tripling and they would have their annuity on top of it. There is nothing in the amendment I see where they will transfer their annuity in."

Senator Rasmussen: "Senator Dore, every publicly elected state official who was elected to office prior to the effective date of this 1973 amendatory act who is currently a member of the Washington State Teachers' Retirement System may withdraw and transfer to the Washington Public Employees' Retirement System all contributions made by the employer and the employee, which would take care of that."

Senator Dore: "No, on behalf of the member made to the Washington State Teachers' Retirement System and a record of noncreditable service, and that is it, nothing about the annuity."

Senator Rasmussen: "Senator Dore, their annuity portion that you speak of is the portion that we call our contribution, our six percent, and which they are contributing five percent at the present time. Under the new Teachers' Retirement System as proposed they would be contributing the six percent and it would be called a tax contribution, or a . . . ."

REMARKS BY SENATOR BAILEY

Senator Bailey: "Senator Dore does not read this the way I do. On a pension system the part you pay in is the annuity. The part that the state pays in is the pension. You get a record of your annuity every year and how much you have in it and your interest. That is your annuity. That is your contribution. The pension part is the part that the state pays in or your employer pays in for you. But if there is any doubt about the details, I am going to settle it now. I am going to move that we be at recess until two-thirty for the purpose of lunch."

MOTION

At 12:30 p.m., on motion of Senator Bailey, the Senate recessed until 2:30 p.m.

AFTERNOON SESSION

The President called the Senate to order at 2:30 p.m.
There being no objection, Senator Dore was excused.

SECOND READING

ENGROSSED SUBSTITUTE HOUSE BILL NO. 435, by Committee on State Government (originally sponsored by Representatives Bausch, Hendricks, Thompson, Adams, Bagnariol, Bauer, Bender, Ceccarelli, Charmley, Cha talas, Conner, Douthwaite, Ehlers, Ellis, Erickson, Fortson, Gallagher, Gaspard, Goltz, Johnson, Kilbury, Laughlin, Luders, Martinis, Maxie, May, McCormick, Moon, North (Frances), Parker, Paris, Savage, Smith, Valle, Van Dyk, Warnke, Wojahn and Williams (by Public Employees' Retirement Board request):

Revising the laws relating to the state employees' retirement system.

The Senate resumed consideration of Engrossed Substitute House Bill No. 435, as amended by the Senate, and the pending amendment by Senator Rasmussen to page 22, section 10, line 25, moved for adoption previously today.
POINT OF INQUIRY

Senator Canfield: "I would appreciate it very much if Senator Rasmussen would yield and explain in simple language just exactly what is the effect of this amendment, what it actually does and whether in fact it does give to teacher-legislators or legislator-public employees generally all the benefits of every system with none of the drawbacks of any and I wonder if that is a loaded question, Senator, or if you would explain it, please, in a very simple manner just what this does to various categories of legislator-employees?"

Senator Rasmussen: "I do not think we are talking about all systems. We are only talking about Public Employees versus Teachers and the teacher that comes across into Public Employees' Retirement System would come into PERS and accept the sixty percent limitation, would accept the fact that they could not draw out their annuity without losing their pension. They also would retire at a better pension, they would retire at two percent times their average two years highest salary against the Teachers' Retirement System where they would have unlimited, rather than the sixty percent limitation, they would have the advantage in the Teachers' Retirement of death benefits for the children. They would also have the burial fund of five hundred dollars, they also would have the advantage of being credited with four years out-of-state services toward their retirement, and would retire at about one hundred and fifty to two hundred dollars less, all depending on the length of service. If they had forty years of service as a teacher, why they would probably under their annuity system be able to draw more. Now the teachers also can draw their annuity portion out and leave the employees' portion in, which some of them like to do, but they have to make that decision, 'Will I accept PERS with its restrictions or will I accept the Teachers' Retirement with the advantages I see for myself?' Either way, under the Bakenhus decisions we cannot change that. They have to make their own decision."

Senator Greive moved adoption of the following amendments by Senators Greive and Dore to the amendment by Senator Rasmussen:

In line 6 of the amendment after "an employee" and before "on behalf" insert "including all contributions placed therefor in the annuity fund,".

In the last line of the amendment to page 22, section 10, line 25 after "amended" and before the period insert "; PROVIDED, That upon transferring to the Washington public employees' retirement system any such credit given for service as a teacher and credit given for service as an elected official shall be differentiated for purposes of receiving any retirement allowance under said public employees' retirement system, such retirement allowance being equal to no more than two percent of the average final compensation for each year of service as a teacher and no more than three percent of the average final compensation for each year as an elected official".

POINT OF INQUIRY

Senator Canfield: "Will Senator Rasmussen yield? Senator Rasmussen, I want to make a statement and I would like you to tell me whether or not it is correct under your amendment. And so this is in the nature of a question to you. Will these figures be correct? If a person teaches for a period of years, we will say twenty years, and at the same time is a legislator for twenty years, for the same period of time, ten years, fifteen, twenty, whatever, then would the pension be figured at the highest average as two years salary the combined salary of the two jobs, that is teaching and legislative service, the pension would be for the total period of years served in both capacities, the combined salary of both jobs at three percent?"

Senator Rasmussen: "The answer is yes, if the total time was served as a legislator."

Senator Canfield: "At the highest salary paid for the period served as either a legislator or a teacher?"

Senator Rasmussen: "No,"

Senator Canfield: "The combined salaries of both I mean, the combined salaries of teacher and legislator."

Senator Rasmussen: "To make this clear, take the case of a person that is ten years as a teacher, ten years as an employee of a city or ten years working for a PUD or the county which you have many different categories here working in the legislature. But that ten years
of service would be counted as two percent times the years of service or would be twenty percent. Then if they had an additional ten years in which they worked for the county, the city or a PUD and then as a legislator that ten years would be counted as three percent so it would be thirty percent for the ten years, where you had the combined service, there would be twenty percent for the ten years of single service as a PUD, teacher or city employee. The total would be fifty percent of the highest two years of consecutive salary at whatever they were earning. If they were earning ten thousand dollars a year and they were earning thirty-six hundred dollars as a legislator, the salary would be combined but they could not get two pensions. It would all be included in one.”

Senator Canfield: “Just so we do not get the issue confused, if the service as a teacher, for instance, is rendered at the same time the legislative service is rendered, ten years serving as both, as a teacher, as a legislator, the same ten years, the pension would be three percent for the total number of years served at the combined salary earned for the two jobs?”

Senator Rasmussen: “Yes, that is correct.”

Senator Canfield: “The combined salary. Yes or no, Senator?”

Senator Rasmussen: “That is correct. The same as they were working for any other municipality.”

Senator Canfield: “Exactly and we haven’t any other legislators.”

The motion by Senator Greive carried and the amendment to the amendment was adopted.

The amendment by Senator Rasmussen, as amended, was not adopted on a rising vote. On motion of Senator Metcalf, the following amendment was adopted:

On page 29, strike the underscored material on lines 8 and 9.

Senator Atwood moved adoption of the following amendment by Senator Ridder:

On page 29, beginning on line 19, strike section 16 and renumber the remaining sections consecutively.

Debate ensued.

The motion carried and the amendment was adopted.

POINT OF INQUIRY

Senator Rasmussen: “I was going to ask, it was my understanding in the Ways and Means they struck the secrecy clause out of this bill. Do you recall?”

Senator Donohue: “I think that is correct. There was an amendment that we discussed and approved. I think Senator Atwood did have the amendment.”

Senator Rasmussen: “Mr. President, could I ask the clerk, on page 14, section 3, on line 8, ‘notwithstanding any other provisions of the law to the contrary the legislature hereby recognizes the right of privacy’. Was that stricken by amendment?”

The President: “Senator Rasmussen, the Secretary has advised the President that such material has been stricken.”

Senator Rasmussen: “The secrecy clause is out then?”

The President: “Yes, Senator.”

On motion of Senator Ridder, the committee amendment to the title was adopted.

On motion of Senator Ridder, Engrossed Substitute House Bill No. 435, as amended by the Senate, was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

Debate ensued.

The Secretary called the roll on the final passage of Engrossed Substitute House Bill No. 435, as amended by the Senate, and the bill passed the Senate by the following vote: Yeas, 40; nays, 4; absent or not voting, 4; excused, 1.

EXPLANATION OF VOTES
Statement on floor votes concerning amendments to Engrossed Substitute House Bill No. 435:
Since I am a teacher-legislator and any word pro or con might have been misconstrued in the light of the floor discussion, I abstained myself for all such votes and all such discussion. The amendments above mentioned were defeated. Had they been adopted there would have been a direct benefit to me in my capacity as a teacher-legislator.
Signed by: Senator Robert Ridder.

SPECIAL ORDER OF BUSINESS
ENGROSSED HOUSE BILL NO. 305, by Representatives Pardini, Adams, Kopet, Thompson, Cunningham and Hendricks (by Department of Social and Health Services request):
Providing additional procedures for enforcing support obligations.
The Senate resumed consideration of Engrossed House Bill No. 305, as amended by the Senate, and the amendment by Senator Woody beginning on page 1 and the Point of Order by Senator Jones on the amendment by Senator Woody proposed earlier today.

RULING BY THE PRESIDENT
The President: "In ruling on the point of order presented by Senator Jones, the President finds that Engrossed House Bill No. 305 is a measure which pertains to collection procedures for the purpose of recovering delinquent support payments due to recipients.
"The amendment as proposed by Senator Woody, however, sets up a complete new department within the Department of Social and Health Services which department would be investigatory in nature and have broad sweeping powers to commence proceedings which would result in criminal prosecutions for any violations of departmental regulations.
"The amendment does, therefore, increase the scope and object of the bill and the point of order is well taken."
The amendment by Senator Woody was ruled out of order.
On motion of Senator Day, Engrossed House Bill No. 305, as amended by the Senate, was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.
Debate ensued.

SECOND READING

SENATE BILL NO. 2555, by Senators Herr, Donohue, Twigg, Lewis (Harry), Henry, Keefe, Woodall and Connor:
Reducing liquor tax from four to two cents per fluid ounce.
The bill was read the second time by sections.
Senator Marsdesich moved adoption of the following amendment:
On page 2, section 1(3), line 17 strike “two” and insert “three”.

POINT OF INQUIRY

Senator Peterson (Lowell): “Will Senator Marsdesich yield? Senator Marsdesich, my interpretation of the reasoning of this bill is to reduce the amount of loss of revenue that has been going out of the state and bring it back down. Now is the three percent figure going to bring us in line with Idaho and Oregon or are we just using the three percent figure on an ambiguity? I am rather interested in that.”

Senator Marsdesich: “I would assume that if you carried the logics of revenue far enough, then we should eliminate the two and make it zero and then all the people in Oregon would come over here. And then maybe we would be better off but I do not buy that type of logic.”

The motion by Senator Marsdesich carried and the amendment was adopted.
On motion of Senator Henry, Engrossed Senate Bill No. 2555 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.
Debate ensued.

ROLL CALL

MOTION

On motion of Senator Henry, Engrossed Senate Bill No. 2555 was ordered immediately transmitted to the House.

SENATE BILL NO. 2458, by Senators Francis, Washington, Bottiger and Gardner:

MOTIONS

On motion of Senator Francis, Substitute Senate Bill No. 2458 was substituted for Senate Bill No. 2458 and the substitute bill was placed on second reading and read the second time in full.

On motion of Senator Francis, Substitute Senate Bill No. 2458 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

POINT OF INQUIRY

Senator Woodall: "Would Senator Mardisich yield? Do we still plan to quit this day? Do we still plan to quit at midnight and also under the new concept, what will be the status of Senate bills we pass today which do not pass the House. Are they alive in September or do we have to do it all over again? What I am asking is, are these merely exercises this afternoon or is there some purpose in voting on Senate bills at this time?"

Senator Mardisich: "I would agree with you to some extent that it would be extremely difficult for this measure to clear the legislature with respect to at least most of those Senate bills that are on the calendar remaining. There is very little reason to consider them. I am not saying that we will be out of here at midnight tonight or five o'clock tomorrow morning but we are attempting to clear up the business by midnight. If we do not we will stay until the wee hours until we do and that may make a concurrent resolution necessary. With respect to the situation, what condition the bills are in in the interim as we have discussed this problem more and more with our various chairmen and facing the fact that a SINE DIE does in fact carry the bills along with it, kills the bills in effect, we have been discussing for the past few days whether we should maintain the bills in the status they were in in the committees or whether we should merely allocate to committees, as the chairmen come to us with requests, subject matter for consideration. Up to this moment, and we had discussed this problem I guess with possibly eighty percent of the people who are concerned here so far and we have been trying to struggle through contacting almost everyone but of course there are time limitations. But it appears to be the very broad consensus that the bills would die and there would be referrals to the committees by the Rules Committee and subject to the chairmen giving us requests with respect to particular subject matter that they wish to hear. Now that is not a settled matter yet but that seems to be a general consensus now."

REMARKS BY SENATOR FRANCIS

Senator Francis: "Mr. President, on that subject and in further reply to Senator Woodall, it has not been decided until we pass a sine die resolution and I am certainly hoping that all of the bills will retain their status to this extent and that is that we plan on passing them back across to the House that they were in at the time that we sine die just as we did at the end of the regular session. It seems to me that this is a continuing special session in September and if we want to make our work here mean anything it means that as of the first day that we meet in September we pass the bills that ended in the House, the Senate bills that ended in the House today, we pass them back to the House on that first day so that the House can get to work on them. I would hope that is what we will do and I expect it is what we will do."
POINT OF INQUIRY

Senator Peterson (Lowell): "Senator Mardesich, you made one remark that you said you presumed that the bills would die and then at least the consensus of ...."

Senator Mardesich: "I do not presume, I know as a matter of law they would die with the sine die resolution. Whether we do anything to change that situation is the question. And I am sure they are dead anyway. Legally, when sine die comes, no bill would be alive."

Senator Peterson (Lowell): "Are bills going to be assigned to the appropriate committees for further study to bring back in September?"

Senator Mardesich: "That is what I said. I thought that it was the general consensus, although I do not say it is the total consensus by any means, but that the chairmen would simply come to us and say, 'We are going to study this subject' and you might have two or three bills on that subject rather than a particular bill that you would study. But that is not a closed subject. We have been discussing it with various chairmen and members of the Senate."

POINT OF INQUIRY

Senator Rasmussen: "What you are saying to any chairman, all the bills are dead. The ones that he wants to see revived along with his committee they will breathe a little life into them as of the next session and they will automatically be there and be ready to move."

Senator Mardesich: "Just like it is now except that I do not think that he would ask for a particular bill. He would say, I want to study this subject of whatever, and he would go study the subject of whatever rather than we would assign to him a particular bill for study."

Senator Rasmussen: "I would say for all Senators to take a deep breath before the next session."

POINT OF INQUIRY

Senator Ridder: "I do not understand for what reason that Senator Mardesich brings this to the floor. I think it is a caucus issue that we should discuss in caucus at length. It is one that we have been discussing over a period of time and maybe I have just ...."

Senator Mardesich: "You people are the ones asking the questions. I am not."

Senator Ridder: "We will ask them."

ROLL CALL

The Secretary called the roll on the final passage of Substitute Senate Bill No. 2458, and the bill passed the Senate by the following vote: Yeas, 42; nays, 6; absent or not voting, 1.

SUBSTITUTE SENATE BILL NO. 2458, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

MOTION

On motion of Senator Mardesich, the Conference Committee appointments were confirmed.

SECOND READING

HOUSE BILL NO. 648, by Representatives Thompson, Kelley and May:
Implementing the law of industrial insurance.
The bill was read the second time by sections.
Senator Lewis (Harry) moved adoption of the following amendment:
On page 1, section 1, lines 10 and 12, strike "seven" and insert "five".
On line 12, after "motion," and before "readjust" insert "within the five year period,"
Debate ensued.

POINT OF INQUIRY

Senator Grant: "Would Senator Lewis yield to a question? Is there any difference in the time limitation for opening of a claim under workmen's compensation with your amendment than the present law?"

Senator Lewis (Harry): "Yes, there is a difference in that my amendment would restrict the director from an open ended ability to open the claim to a five-year limitation. There is some strong feeling that actually five years is too long. The present statute is too long for an employee to open up a potential claim and the discretionary power of the director should certainly be in the same area. Senator Grant, I think we both know the facts of this. This bill was actually introduced because one person was turned down because his case was not industrially related in eye damage and a group of people decided that they would introduce a bill to try to correct it. In my view the best thing we could do is to lay this bill to rest permanently but in the spirit of trying to cooperate with you I have tried to
tighten it up a little bit and my amendment really does not hurt the legislation. I would like to do a lot more to it than I have suggested, but I think this amendment is very properly in order and if we adopt legislation for single individuals who are dissatisfied with rulings on industrial insurance claims when you know and I know that this is the purpose of this legislation then we would have millions of bills instead of thousands in here. And so the answer to your question, Senator Grant, is that it does change the bill slightly. It tightens it slightly and it is a very proper amendment."

Senator Grant: "Thank you for the response, Senator Lewis. I think it is obvious what you are intending by the amendment. I do not recall your attending the meeting of the Labor Committee at which this matter was discussed. I do not recall any testimony of the fact that the measure would only apply to one individual. As a matter of fact I think that both labor and industry who testified regarding this matter felt that there might be a problem, particularly as regards the time limitation of claims involving loss of vision, function of the eyes. And if my memory serves me correctly, in the Labor Committee where this was discussed there were several instances pointed out where the time limitation had run out and I think that your amendment is designed strictly to destroy the measure and I think the measure has merit without the adoption of the amendment. I would urge members of the Senate that you defeat the amendment."

Debate ensued.

Senator Ridder demanded a roll call and the demand was sustained by Senators Woody, Bailey, Bottiger, Talley, Stortini, Fleming, Metcalf, Grant and Day.

ROLL CALL

The Secretary called the roll and the motion by Senator Lewis (Harry) failed and the amendment was not adopted by the following vote: Yeas, 19; nays, 28; absent or not voting, 2.

Voting yea: Senators Atwood, Canfield, Clarke, Guess, Jones, Lewis (Harry), Lewis (Bob), Matson, Mattingly, Metcalf, Murray, Newschwander, Peterson (Ted), Scott, Sellar, Twigg, Wanamaker, Whetzel, Woodall—19.

Absent or not voting: Senators Durkan, Henry—2.

MOTION

REPORT OF CONFERENCE COMMITTEE

Mr. Speaker:
Mr. President:

We, of your Conference Committee, to whom was referred ENGROSSED SUBSTITUTE HOUSE BILL NO. 993, enacting the flammable fabrics act, have had the same under consideration, and we recommend that the following Senate amendments be stricken:

On page 1, line 2 of the title, after "crimes;" strike "and" and after "penalties" and before the period insert "; and setting an effective date".

On page 3, line 11, after "affected." add a new section as follows:

"NEW SECTION. Sec. 11. This act shall be effective one year from the date of its enactment by the legislature: PROVIDED, That any article which will come within the provisions of this act shall carry the following label as of July 14, 1973: "WARNING: This garment does not comply with federal or Washington state standards for the flammability of children's sleepwear." Further, this label shall be clearly visible and brought to the attention of any prospective purchaser."

Renumber remaining section, and the remaining Senate amendments be adopted.
Signed: Senators Woody, Jones and Greive; Representatives Valle and Wojahn.

MOTION

Senator Mardesich moved that the report of the Conference Committee on Engrossed Substitute House Bill No. 993 be adopted.

Debate ensued.

The motion by Senator Mardesich carried and the report of the Conference Committee was adopted.

ROLL CALL

The Secretary called the roll on the final passage of Engrossed Substitute House Bill No. 993, as amended by the Conference Committee, and the bill passed the Senate by the following vote: Yeas, 45; absent or not voting, 4.

Absent or not voting: Senators Connor, Lewis (Harry), Murray, Talley—4.

ENGROSSED SUBSTITUTE HOUSE BILL NO. 993, as amended by the Conference Committee, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

EXPLANATION OF VOTE

While I voted for and fully supported the concept of Engrossed Substitute House Bill No. 993, I would be remiss if I did not put in writing my statement made on the floor of the Senate concerning this legislation. It appears to me that the Conference Committee Report was deficient, in that it was in direct conflict with the federal law covering the same subject
matter. The federal act preempts the field and yet Engrossed Substitute House Bill No. 993 provides requirements which are in direct conflict with the federal act.

Therefore it is my belief that this measure will fail in part, because of the sovereignty provision of the federal act.

Signed by: Senator Martin J. Durkan.

MESSAGE FROM THE GOVERNOR

TO THE HONORABLE, THE SENATE OF THE STATE OF WASHINGTON.

GENTLEMEN:

I am returning herewith without my approval SENATE BILL NO. 2339 entitled:
"An Act relating to state government."

This bill would establish an advisory council, composed of ten members, to the director of the department of fisheries. Nine of the ten members would be appointed by the legislative interim committee on fisheries, game and game fish, or in the event that committee does not exist, by the standing committees on natural resources.

The provisions contained in this bill for appointment of advisory council members conflicts with the traditional limits of the doctrine of separation of powers between the legislative and executive branches of government. Moreover, there already exists an advisory committee to the department established by executive action. In addition, the standing committees of the legislature, having independence and the authority of legislative review, are better able to serve the purposes with which this proposed advisory council would be charged.

Accordingly, for the reasons set out above, I have determined to veto Senate Bill No. 2339.

Respectfully submitted,

DANIEL J. EVANS
Governor.

MOTION

On motion of Senator Mardesich, the veto message from the Governor, together with Senate Bill No. 2339, was returned to the Committee on Rules.

MOTION

At 4:40 p.m., on motion of Senator Mardesich, the Senate recessed until 6:30 p.m.

EVENING SESSION

The President called the Senate to order at 6:30 p.m.

MOTION

Senator Durkan moved that the Senate do concur in the House amendments except for the amendments to page 8, lines 31 and 33; also the amendments to page 37, lines 6 and 16. Debate ensued.

POINT OF INQUIRY

Senator Atwood: "Would Senator Durkan yield? Senator, the language in the amendment the House inserted on page 1, lines 31 and 33, has now been added by the Free Conference report on House Bill No. 590 that went out of here. I do not see why we should not just concur in their amendment."

Senator Durkan: "The question is raised in my mind whether or not the language in the bill is proper. It probably more properly belongs in the budget. That is probably the best place for it."

Senator Atwood: "I think the reverse would be true, Senator. This is substantive legislation in the, actually, in the budget bill and House Bill No. 590 would be the proper place for it."

Senator Durkan: "Just a little insurance, Senator."

Senator Atwood: "Senator Matson is not on the floor. You have had two cracks at him today. I would have been hopeful that you would have moved to concur in the House amendments on this."

MOTION

On motion of Senator Whetzel, the question was divided.

MOTIONS

Senator Durkan moved that the Senate do not concur in the House amendments to page 8, lines 31 and 33.

Senator Atwood moved that the Senate do concur in the House amendments to page 8, lines 31 and 33.

The positive motion by Senator Atwood failed on a rising vote and the Senate refused to concur in the House amendments to page 8, lines 31 and 33, and asks the House to recede therefrom.

Senator Durkan moved that the Senate do not concur in the House amendment to page 37, line 6.

Senator Whetzel moved that the Senate do concur in the House amendment to page 37, line 6.

Debate ensued.

POINT OF INQUIRY

Senator Woodall: "Would Senator Whetzel yield? How much of an increase percentage-wise does that give each of them since they took office in January?"

Senator Whetzel: "Senator Woodall, the salaries of all these elected officials, as you well know, have not been increased for many, many years."

Senator Woodall: "That was not my question, sir."

Senator Whetzel: "If you take the increase from January, you have a high percentage, but if you take the increase from the last time we increased these offices, it works out very much lower. I do not have the percentage figures in front of me, but I think what we are
trying to do is to set some rationale or some basis on all the elected officials. You can also talk about the same increase that we are giving the judges of the Supreme Court.”

Senator Woodall: “I asked you what the percent increase on the two offices we are talking about, if you know.”

Senator Whetzel: “The percentage increase, as I stated before, is a large one on basis over the present salary, but if you take from the last time there was an increase, it works out to be a lower percentage.”

Senator Woodall: “You said that. I think, Mr. President, it is an odd thing that we suddenly have to jump these clear out of reason and to jump them within two thousand dollars of our state Supreme Court is absolutely ridiculous. It is clear out of proportion. You have had ample people willing—fifty dollars less than a Supreme Court judge. That has got to be absolutely ridiculous and you are not going to improve the caliber the next four years. You know, doubling the pay of incompetency does not double efficiency. And it is not going to improve anything. It is not going to help anything, and we are still going to lose just as many lawsuits as we lost before. And I think it is ridiculous to try to boom it up to a figure comparable to a Supreme Court judge.”

The positive motion by Senator Whetzel failed on a rising vote and the Senate refused to concur in the House amendment to page 37, line 6, and asks the House to recede therefrom.

On motion of Senator Durkan, the Senate refused to concur in the House amendment to page 37, line 16, and asks the House to recede therefrom.

On motion of Senator Atwood, the Senate refused to concur in the House amendment to page 25, line 13, and asks the House to recede therefrom.

The President declared the question before the Senate to be the motions by Senators Durkan and Atwood that the Senate concur in the House amendments to Substitute Senate Bill No. 2854 except those amendments to page 8, lines 31 and 33; page 25, line 13; page 37, line 6; and page 37, line 16 and asks the House to recede therefrom. The motions carried.

"NEW SECTION. Sec. 2. There is added to chapter 41.06 RCW a new section to read as follows:

Notwithstanding any other provisions of this chapter, the secretary of social and health services may appoint persons to fill supervisory positions within his department subject only to a passing oral examination and certification by an oral review board appointed by the director of personnel as to the adequacy of the applicant's training, knowledge and experience. The director of personnel shall certify all passing applicants to the secretary of social and health services and the secretary at his discretion shall appoint from those applicants certified by the director of personnel: PROVIDED, That the number of supervisory personnel appointed by this method shall not at any time exceed five percent of the total positions authorized for the department of social and health services. Following their appointment under the provisions of this section, the persons so appointed shall be deemed classified employees and subject to all of the provisions of this chapter."
Beginning on line 1 of the title, after "and adding" strike "a new section" and insert "new sections".

Signed by: Senators Day, Chairman; Van Hollebeke, Vice Chairman; Clarke, Connor, Jones, Murray, Twigg, Woody.

The bill was read the second time by sections.

Senator Mardesich explained an amendment to be proposed later by Senator Mardesich, and the following ensued:

POINT OF INQUIRY

Senator Woodall: "Would someone yield to a question that knows what we are doing here now with this sudden floor amendment? How many people are suddenly taken out of civil service who thought they were under it by this amendment?"

Senator Lewis (Harry): "Senator Woodall, a maximum of one hundred and seventy-five."

Senator Woodall: "Let us get down to specifics. Was a man like Bobby Rhay, was he under civil service at this moment and is he taken out by this bill or not?"

Senator Lewis (Harry): "It is my understanding he is out from under civil service, Senator. He would probably come out under this amendment, I guess, Senator."

POINT OF ORDER

Senator Woodall: "Mr. President, I am going to raise the question of scope and object on this amendment. I think it goes beyond the scope and object of the original bill, and attempts to amend in a pending bill which exists in the body."

REMARKS BY SENATOR MARDESICH

Senator Mardesich: "The original bill was one pertaining exactly to this subject. The question of taking certain supervisory personnel out from under the protection of the merit act. I guess that is all I should say with respect to this subject. I was going to respond to Senator Woodall, but the question of scope and object, I think, is very clear that the subject matter is exactly the same. We are dealing with exactly the same subject."

The President declared there is nothing before the body at this time.

On motion of Senator Mardesich, the committee amendments were not adopted on a rising vote.

Senator Mardesich moved adoption of the following amendment:

POINT OF INQUIRY

Senator Bailey: “Will Senator Mardiesch yield? Senator, you and Senator Lewis used the figure of a couple of hundred people that would be out from under civil service. Do you guarantee that they will maintain a status in civil service, that they will not be run out of their jobs by a change in the top command?”

Senator Mardiesch: “That is very clear in the amendment, Senator, if you will just take a glance at it, that they do keep their former status under the merit system.”

Senator Bailey: “Does this have the same guarantee the federal civil service program has for civil service people who decide to take an administrative job and then give it up and return to civil service status?”

Senator Mardiesch: “I do not know what the federal guarantee is. This merely provides that they retain their former merit position.”

Senator Bailey: “Their last . . . .”

Senator Mardiesch: “Their last merit position, right.”

The motion by Senator Mardiesch carried and the amendment was adopted.

On motion of Senator Mardiesch, the following amendment to the title was adopted: On line 1 of the title, after “law,” and before “and” insert “amending section 1, chapter 11, Laws of 1972 ex. sess. and RCW 41.06.070;”

Mr. President: The House has passed ENGROSSED SENATE BILL NO. 2289, with the following amendments:

Strike all of the title and insert the following:

On page 2, following section 1, add new sections to read as follows:

"NEW SECTION. Sec. 2. It is the intent and purpose of sections 2 through 12 of this 1973 amendatory act to strengthen current methods of administering employer-employee relations in the common schools through the establishment of more precise definitions of employer and employee rights and responsibilities and through the provision of an effective means of resolving disputes through third party intervention.

NEW SECTION. Sec. 3. Unless the context clearly indicates otherwise, the words used in sections 2 through 12 of this 1973 amendatory act shall have the meaning given in this section:

1) "Employer" means each common school district board of directors.

2) "Department" means the department of professional negotiations of the office of superintendent of public instruction which is hereby created.

3) "Employee organization" means any organization which includes as members certificated employees of a school district and which has as one of its purposes the representation of such employees in their employment relations with the school district.

4) "Certificated employee" means any employee of a school district holding a valid teacher's certificate and who is employed by the school district with the exception of chief administrative officers.

5) "Chief administrative officers" shall mean the superintendent of the district, deputy superintendents, administrative assistants to the superintendent, assistant superintendents, business managers, personnel directors, and individuals authorized to negotiate on behalf of an employer pursuant to section 8 of this 1973 amendatory act.

6) "Exclusive bargaining representative" means an employee organization certified as the exclusive representative of all certificated employees within a school district by the department pursuant to sections 2 through 12 of this 1973 amendatory act.

7) "Professional negotiations" means the mutual obligations of the employer and an exclusive bargaining representative to meet at reasonable times, to bargain in good faith, and to execute written agreements prior to final board adoption with respect to school district policies, including but not limited to, curriculum, textbook selection, in-service training, student teaching programs, personnel, hiring and assignment practices, leaves of absence, salaries and salary schedules and noninstructional duties: PROVIDED, That such obligation does not compel either party to agree to a proposal or to make a concession unless otherwise required to by law.

NEW SECTION. Sec. 4. Certificated employees shall have the right of self-organization and the right to form, join or assist any employee organization for the purpose of engaging in professional negotiations through the exclusive bargaining representative of their own choosing, and to engage in lawful concerted activities for the purpose of collective bargaining and other mutual aid or protection, free from interference, restraint or coercion.

NEW SECTION. Sec. 5. Nothing in sections 2 through 12 of this 1973 amendatory act shall prohibit any certificated employee from appearing on his own behalf on matters relating to his employment relations with the school district.

NEW SECTION. Sec. 6. The department shall conduct an election to ascertain an exclusive bargaining representative as follows:

1) Upon the request of a prospective bargaining representative showing written proof of at least thirty percent representation of the certificated employees within a school district, the department shall hold an election by secret ballot to determine the issue. The ballot shall contain the name of such bargaining representative and of any other bargaining representative showing written proof of at least ten percent representation of the
certificated employees within the school district, together with a choice for any certificated employee to designate that he does not desire to be represented by any bargaining agent. Where more than one organization is on the ballot and none of the three or more choices receives a majority vote of the certificated employees voting in the election, a run-off election shall be held. The run-off ballot shall contain the two choices which received the largest and second-largest number of votes.

(2) No election, other than a run-off election, shall be ordered to be conducted by the department in any school district within which a valid election has been held in the preceding twelve months: PROVIDED, That where a valid professional negotiations agreement is in force and effect, a petition for an election may only be filed not less than sixty nor more than ninety days prior to the expiration of the agreement or, in the event such an agreement provides for automatic renewal or extension, not less than sixty nor more than ninety days prior to the date of such automatic renewal or extension.

(3) The department shall certify to the affected employer and employee organization(s) the results of any election held pursuant to this section and shall immediately certify the employee organization which receives the votes of a majority of the certificated employees voting in the election as the exclusive bargaining representative of such employees.

NEW SECTION. Sec. 7. Any employee organization which has been certified by the department as an exclusive bargaining representative shall be required to bargain for all the certificated employees within the school district without regard to membership or nonmembership in said employee organization and shall not discriminate with regard to race, color, creed, national origin, age or sex.

NEW SECTION. Sec. 8. The employer shall have the power to delegate to his designee(s) any of the powers or duties vested in or imposed upon the employer by sections 2 through 9 of this 1973 amendatory act and such delegated powers or duties may be exercised in the name of the employer: PROVIDED, That the employer shall retain the final power to approve or reject proposed written agreements between the employer or his designee(s) and an exclusive bargaining representative: PROVIDED FURTHER, That if no agreement is reached with the employer's designee(s) or if the employer rejects an agreement reached by such designee(s), then the exclusive bargaining representative shall have the right to negotiate directly with the employer: AND PROVIDED FURTHER, That the number of such designee(s) shall not exceed the number of individuals designated by an exclusive bargaining representative to negotiate on its behalf.

NEW SECTION. Sec. 9. An employer shall have the authority to engage in professional negotiations with an exclusive bargaining representative and no employer shall refuse to engage in professional negotiations with an exclusive bargaining representative. Upon the failure of the employer and an exclusive bargaining representative to conclude a professional negotiations agreement, any matter in dispute may be submitted by either party to the department twenty-four hours after serving written notice of their intended action upon the other party. Following the submission of any matter in dispute, the department shall provide the services of individuals who are knowledgeable with respect to both the common schools and the art of resolving employer-employee disputes, and shall have authority to provide fact finding and/or conciliation and/or mediation functions.

NEW SECTION. Sec. 10. NEW SECTION. Sec. 11. A valid professional negotiations agreement shall provide, in addition to any other lawful provisions, for a maximum term of existence not to exceed
three years: PROVIDED, That any agreement which exceeds the maximum term shall expire by operation of law three years after it becomes effective.

NEW SECTION. Sec. 12. Nothing in sections 2 through 12 of this 1973 amendatory act shall be construed to annul or modify, or to preclude the continuation of any lawful agreement heretofore entered into between any employer and any representative of its certificated employees. Any employee organization which is currently recognized by law as the representative of certificated employees within a school district for purposes of professional negotiations may continue to act hereafter as the exclusive bargaining representative of the certificated employees of such district except as limited or precluded by the provisions of sections 2 through 12 of this 1973 amendatory act. RULING BY THE PRESIDENT

The President: "The President, in ruling on the point as raised by Senator Atwood, finds that Senate Bill No. 2289 is a measure which permits principals and assistant principals to form collective bargaining groups independent from other groups. The amendment placed

POINT OF INQUIRY

Senator Murray: "Will Senator Ridder yield to a question? Senator Ridder, I am a little confused by the speech that you made when we were discussing the budget and the speech that you just made. Would you try to repeat the speech which I think you said that you had entered for the record regarding the budget? I am particularly interested in the fact that as I recall, you said we were already about one hundred and seventy-one million dollars short of properly funding our pensions now and now we are going to increase benefits even more. Would not that leave us even further in the hole?"

Senator Ridder: "As you remember, we are going to have a merger or a separate but equal system. Now this was to come due in September if it was not going to be done now. We know that we are going to increase the unfunded liability when such a merger comes about. We cannot possibly avoid this. This promise was given on this floor, by the way, by the Chairman of the Ways and Means. Now I just cannot see how we can avoid that. That has no bearing whatsoever upon the fact that we have failed to do the job that we are supposed to do to fund these systems. That is one thing. Now I am sure that we could look at the President of the United States today and say, 'Shame on you because you are creating a deficit and deficit spending.' And yet the United States for years has created deficit spending. We hope that someday we can get to a little fiscal soundness when we begin to
pay that back and eradicate it. It is exactly the same way with unfunded liability. My fears on unfunded liability, it is going to get so big that we will not be able to capitalize it and fund it over the forty-year period, but we are still within that capability but we are getting very close to the point where it is dangerous. This was the issue that I brought forth and the call that I sounded here of fear.”

POINT OF INQUIRY

Senator Lewis (Harry): “Will Senator Ridder yield to a question? Senator Ridder, there is a study as I understand called the Touche-Ross-Stennes Study.”

Senator Ridder: “There is.”

Senator Lewis (Harry): “Is it a study of this bill that we are working on right now?”

Senator Ridder: “It is not a study of the bill we are working on right now.”

Senator Lewis (Harry): “The benefit structure?”

Senator Ridder: “Right.”

Senator Lewis (Harry): “Is that the benefit structure that is in the bill that we are considering now?”

Senator Ridder: “Yes.”

Senator Lewis (Harry): “No, this is an increased benefit structure that we have before us now. Is that correct?”

Senator Ridder: “This is not an increased benefit structure. It merely brings up to parity two sections that we are dealing with, military and the two percent.”

Senator Lewis (Harry): “When is the study due to be received by the legislature that we have ordered at a cost of sixty thousand dollars? Can you tell me when that study is due?”

Senator Ridder: “There have been various estimates. We have received the preliminary study on the various benefit differentials. We have not yet begun to draw the regular draft legislation although Senator Atwood has begun in his way.”

Senator Lewis (Harry): “When is the study due?”

Senator Ridder: “I would say not for at least a month yet.”

POINT OF INQUIRY

Senator Lewis (Bob): “Mr. President and gentlemen, I like the teachers’ votes as well as anybody else does. I have been answering my letters based on conversations with some of those involved in this, including you, Senator Ridder, and you and I both, have to answer some letters, write some more letters and contradict what we earlier said. I believe that I have heard you say in the past that one of the problems of the pension systems of this state is that when we equalize we never lower anyone’s benefits, we raise the others up to that level. Is that correct? In trying to get equality we are concerned with past actions which have been described. Now are there any benefits in what you are about to ram through tonight that will exceed the PERS system so that we again will be in a position of leapfrogging and again having to catch up when this equalization comes about?”

Senator Ridder: “I think that is an excellent question. The problem that we have here is probably an area of twenty different benefits in the total structure. As you know, whenever you grant a pension change or benefit change, all of the people on that system may take all of what is offered and you cannot take it away at a later date. Right now the only two areas in which teachers are better than PERS would be the survivors’ benefits and the disability area. Now otherwise PERS is better in all instances. If we raise in this case to equity two portions, military and the two percent, and by the way this enables us now to go back and fund the post-retirement increases for the older teachers who are really sadly in need when you think of the one hundred and fifty and one hundred and sixty dollar a month older teachers, we can do it with this. That is not a benefit change, however, because that is equal to PERS. So we change only this little area. Now there are plenty of other areas that are still far behind in the Teachers’ System, far behind PERS benefits, and when the time for merger comes there is adequate leeway in which to move the survivor benefits into relationship. But Senator Guess does point something up and that is the cost. We are fearful
at this time that we will not be able to fully implement parity as the Touche-Ross-Stennes has led us to believe. We hope that we can, but I think that we owe at this point to solve a problem the passage of this bill and I do not think it is strange and awkward as you think."

Senator Lewis (Bob): "Mr. President, if I just ask my question specifically then, maybe I did not make it clear. Senator Ridder, I believe in equity for the Teachers' System. I believe that we should have one pension system that is equal for all of them and we are going to have a good one for all of them. Now, my question is this. At dinner tonight when you and I were discussing this, did I understand correctly that you said there would be a couple of areas in which this would leapfrog and we would later have to catch up because this would give some additional benefits above and beyond PERS and we are leapfrogging? Did I understand you correctly at dinner tonight?"

Senator Ridder: "I said that we would in two instances. However, because this bill has only these couple of changes we are not in truth leapfrogging because we can bring these down to bring them up with the others so you just do not have that."

ROLL CALL

The Secretary called the roll on the final passage of Engrossed Substitute House Bill No. 419, as amended by the Senate, and the bill passed the Senate by the following vote: Yeas, 29; nays, 14; absent or not voting, 6.

Voting nay: Senators Atwood, Bottiger, Canfield, Clarke, Guess, Jones, Lewis (Harry), Mardesich, Matson, Murray, Newschneider, Sandison, Twigg, Wanamaker—14.

Absent or not voting: Senators Donohue, Dore, Fleming, Gardner, Scott, Woodall—6.

ENGROSSED SUBSTITUTE HOUSE BILL NO. 419, as amended by the Senate, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

EXPLANATION OF FAILURE TO VOTE

Re: Senator Scott's failure to vote on House Bill No. 419.

At 10:00 p.m. on April 14, the last night of the first extra session of the 43rd Legislature, a special meeting of the Senate Ways and Means Committee was called for the express and sole purpose of voting House Bill No. 419 out of Committee. A majority of the majority party had so decided. I have previously pledged myself on numerous occasions, both orally and in writing, to both consolidation of TRS and PERS, and parity between the two. The legislature contracted in January 1973, with Touche-Ross-Stennes, actuaries, Seattle for a $60,000 study to these ends. That report is due Monday, April 17, 1973.

The majority should have brought this enormously expensive bill out before the last week of the legislature, when a full discussion of the whole Senate would have been possible. As it was, the Senate had met 28 of the previous 37 hours.

There was no extended opportunity in the brief committee meeting to discuss or change House Bill No. 419 to avoid the two benefits that have now been given, and cannot be retracted, which are greater than comparable benefits in PERS.

We are left with two competing systems, which are more costly to manage because they are separate.

The timing and the impact of House Bill No. 419, without amendments, were wrong. As law, unamended House Bill No. 419 will militate against the desired consolidation of PERS and TRS. I refused to be part of the procedure described above.

Signed by: Senator George W. Scott.
EXPLANATION OF VOTE

We voted "no" on Engrossed Substitute House Bill No. 419 relating to Teachers' Retirement System benefits because this premature action on the part of the Legislature jeopardizes the possibility of obtaining equity between the various state pension systems. We firmly support proper merger of the retirement systems to equalize member contributions and member benefits. In light of the work of the Pension Commission, and the anticipated Touche-Ross-Stennes study due within the next few weeks, we were hopeful that the objective of equity could be achieved. The passage of this bill at this particular time will make this goal extremely difficult, if not impossible, to achieve within the foreseeable future.

Signed by: Senators Canfield, Clarke, Atwood, Wanamaker, Bottiger, Sandison, Matson, Guess, Jones, Newschwander, Murray, Mardesich, Twigg.

BE IT FURTHER RESOLVED, That the fiscal impact of such dissolution shall be considered not only for the county which may be removed from the intercounty rural
library district through such action, but also the fiscal impact on those counties still remaining within the intercounty rural library district; and

WHEREAS, Recent events in Whatcom County indicate the subject of pipeline safety should be thoroughly investigated; and
WHEREAS, An oil pipeline in that area ruptured, with subsequent information that the line had not been inspected for a period of some 12 years; and

NOW, THEREFORE, BE IT RESOLVED, By the Senate of the State of Washington that an immediate study of all factors concerning every aspect of safety and structural adequacy of oil, fuel and natural gas pipelines in the state be made by the Utilities and Transportation Commission, with the assistance and cooperation of the Senate Committees on Transportation and Utilities and Ecology; and

WHEREAS, Baitfish, such as anchovies and herring, have mysteriously been declining in some Pacific Coast and local waters; and

WHEREAS, This decline in offshore areas of California has seriously reduced baitfish supplies, forcing California fishing fleets to sweep offshore waters of Washington for anchovies, to the detriment of the fishery of this commonwealth;

NOW, THEREFORE, BE IT RESOLVED, By the Senate of the State of Washington that a study of the baitfish supply of Puget Sound and offshore waters of the state be made by the Department of Fisheries, in cooperation with the Department of Game and the Senate Committee on Natural Resources, or the Interim Committee on Fisheries, Game and Game Fish, if it is so constituted by the Extraordinary Session of the 43rd Legislature; and

By Senators Gardner and Durkan:
WHEREAS, Libraries are an essential part of our state education system and provide an important information network across the state; and
WHEREAS, Eleven counties are presently without any library service and other areas do not have adequate service, and a state-wide system of libraries would provide library service for those citizens without direct service and improve information resources and present library service; and
WHEREAS, The proliferation of knowledge results in a doubling every few years of the knowledge available to people thus making it imperative that resources be shared in as efficient a manner as possible; and
WHEREAS, Every library established or maintained throughout the state should be free for the use of the residents of Washington in order to assure the greatest benefit to the greatest number; and
WHEREAS, It is increasingly evident that the property tax, regardless of where or how collected, is a poor basis of support for library service thereby necessitating funding by the state for a state-wide system of libraries;

BE IT FURTHER RESOLVED, That the results of said study and recommendations based thereon be presented to the next regular session of the legislature.

WHEREAS, The Senate has received Engrossed Substitute House Bill No. 593 for its consideration; and

WHEREAS, This bill deals with substantial revisions both in language and policy regarding property tax exemptions in the state; and

WHEREAS, It appears that some tax exemptions presently allowable should be removed, and that possibly some new exemptions should be granted; and

WHEREAS, There exist many inconsistencies among the various county assessors in their implementation of the tax exemptions statutes; and

WHEREAS, In some counties improved local administration of property exemptions has resulted in more strict interpretation of the statutes and assessment of properties of nonprofit social service agencies for the first time; and

WHEREAS, The remaining time of the first extraordinary session of the 43rd Legislature is too limited for proper and deliberate consideration in the public interest;

NOW, THEREFORE, BE IT RESOLVED, By the Senate, That the Senate Ways and Means Committee immediately undertake a thorough study of Engrossed Substitute House Bill No. 593 and existing laws relating thereto, and the overall effect of such exemptions on the tax structure of the state.

By Senators Talley, Mardesich and Ridder:

WHEREAS, Thirty million workers in the United States today are enrolled in 33,000 private pension plans with combined assets in excess of 150 billion dollars; and

WHEREAS, These plans, unregulated by any government agency, are the object of much public concern because of instances wherein those who rely upon the pensions for retirement security are denied the benefits they had anticipated; and

WHEREAS, This broad public concern within our state led to the introduction of legislation whose intent was to establish a commission to regulate the operation of private pension plans in this state; and

WHEREAS, The limitations of the normal hearing processes during the regular and extraordinary sessions did not permit the presentation of the full range of testimony needed as a basis for sound public policy on this complex issue;

NOW, THEREFORE, BE IT RESOLVED, By the Senate, That the appropriate subcommittee on pensions of the Committee on Ways and Means is requested to undertake a study of the feasibility of some form of regulation over private pensions in this state; and

BE IT FURTHER RESOLVED, That a report of such findings and recommendations be transmitted to the next regular session of the legislature for its consideration.

WHEREAS, A movement has now started to consider the total needs of handicapped people including employment, housing, transportation, recreation, mobility, social, and educational needs in order to provide the handicapped with a totally fulfilling and satisfying life; and

WHEREAS, Society is now coming to accept the handicapped as productive, contributing members rather than helpless individuals seeking charity; and

WHEREAS, The time is overdue to re-examine the state role regarding programs for the handicapped in order to provide careful planning and thoughtful analysis for many underlying issues concerning the handicapped; and

WHEREAS, State law should be carefully examined in light of contemporary findings about the development of the handicapped since many laws make programs for the handicapped uneconomical and impractical; and

NOW, THEREFORE, BE IT RESOLVED, By the Senate, that the Senate Committee on Social and Health Services be requested to study and determine needs and priorities of handicapped people throughout the State of Washington with the intention of acquiring knowledge of problems that the handicapped face which legislative action might alleviate.

By Senators Sandison and Marsh:
WHEREAS, The growth of the recreational or personal-use fishery for food fish and shellfish in the waters of the state of Washington, particularly in Puget Sound, is becoming increasingly important to our citizens and the economies of the region; and
WHEREAS, The demand for food fish and shellfish is causing commercial fishermen to operate in areas heretofore not subjected to a commercial fishery; and
WHEREAS, Many of these areas are unable to support both a commercial and personal-use fishery without depletion of the food fish or shellfish populations; and
WHEREAS, The director of Fisheries does not have the authority to close one type of gear at the expense of the other; and
WHEREAS, The conservation of the food fish and shellfish resources is becoming increasingly complex due to the multiplicity of species involved and the increasing number of user groups, both for personal use and commercial purposes; and
WHEREAS, The supplies of certain food fish and shellfish are not inexhaustible or easily replaceable without large expenditures of state funds over long periods of time; and
WHEREAS, The economic benefits to the citizens of the state of Washington are not being maximized in many cases due to the limit on the Director of Fisheries' authority to regulate for conservation purposes only;
NOW, THEREFORE, BE IT RESOLVED, By the Senate, That a study be made by the standing committee on natural resources to determine the desirability and feasibility of establishing preserves for personal-use fishing for food fish and shellfish, and to determine the need to change the authority of the Director to regulate for purposes other than conservation if it will be in the best interest of the citizens of the state of Washington.

By Senators Herr and Knoblauch:

WHEREAS, It is presently unclear to what extent the department of fisheries has authority over Washington resident fishermen fishing in waters outside the territorial limits of Washington for "Washington" food fish and shellfish; and

WHEREAS, It is also unclear how the department of fisheries should exercise such authority as it has;

NOW, THEREFORE, BE IT RESOLVED, By the Senate, That the Standing Committee on Natural Resources conduct a study to determine the authority of the department of fisheries over Washington resident fishermen fishing for "Washington" food fish and shellfish in waters outside the territorial limits of the State of Washington; and

WHEREAS, The mobility of resource users today, coupled with the development of all-terrain vehicles and extensive roadway systems, has substantial effect on all wildlife resources; and

WHEREAS, Wildlife resources are of paramount importance to all the residents of this state and require protection and perpetuation; and

WHEREAS, A limitation of roadways into wildlife resource areas should be studied as a means to control access to provide for optimum use of wildlife resources;

NOW, THEREFORE, BE IT RESOLVED, That the Senate hereby directs the Committee on Natural Resources to undertake a comprehensive study of access management as it relates to the use of wildlife resources and to report findings and recommendations, including proposed legislation, to the Senate at the convening of the 1974 extraordinary session of the Legislature.

SENATE RESOLUTION 1973-108

By Senators Matson and Peterson (Lowell):

WHEREAS, Public Law 89-699 directs that various government agencies, including the Forest Service, U.S. Department of Agriculture—"shall seek to protect native species of fish and wildlife . . . that are threatened with extinction and shall preserve the habitat of such threatened species"; and

WHEREAS, The wildlife species involved are primarily resident forms of wildlife and as such, are the responsibility of the state. Federal programs in the past have contained overriding authority rather than a mandate to cooperate on mutually agreeable operational state programs; and

WHEREAS, There also exists a feeling among some that significant differences exist in standards of professional ability between federal and state personnel engaged in fish and wildlife, which erroneous notion should be dispelled; and

WHEREAS, Because of funding limitations at both federal and state levels, it is essential that federal and state program technical capabilities be cooperatively directed and rationalized so as to obtain the best return for the conservation dollar; and

WHEREAS, At the present time, under preemption, federal authority is used to destroy important ongoing state wildlife programs. A current example in the state of Washington is the federal preemption of marine mammals with particular reference to killer whales.

NOW, THEREFORE, BE IT RESOLVED, That the Senate hereby directs the Committee on Natural Resources to undertake a comprehensive study of federal preemption of state wildlife responsibilities with particular reference to mammals, predators, and rare and endangered species, and to report findings and recommendations, including proposed legislative action, to the Senate upon the convening of the 1974 extraordinary session of the legislature.

NOW, THEREFORE, BE IT RESOLVED, By the Senate, That the Superintendent of Public Instruction is hereby requested to conduct a study and to submit to the 1974 or next regular session of the legislature a report addressed as to how school districts can prepare, adopt and file only one budget for a fiscal year. Such report shall contain specific recommendations, including changes in practices and proposed legislation, in order to carry out the objective of one school district budget for each fiscal year. SENATE RESOLUTION 1973-121

By Senators Francis and Fleming:

WHEREAS, The successful resolution of the misunderstandings which have developed between Indians and many non-Indians relating to the rights of tribal-enrolled Indians to conduct off-reservation hunting and fishing is the goal of all the residents of this state;

NOW, THEREFORE, BE IT RESOLVED, By the Senate, That the House and Senate standing committees on Natural Resources, acting jointly, are requested to undertake a study of off-reservation hunting and fishing rights and of Indian treaty rights.

BE IT FURTHER RESOLVED, That the committee which undertakes the study shall appoint a seven-man citizen advisory committee, broadly representative of the interests involved, to work with and advise the committee on:

(1) The present and future impact of subsistence and commercial off-reservation hunting and fishing on the wildlife resources of our state; and

(2) The legal determinations that have been promulgated by state and federal courts relative to these rights.

BE IT FURTHER RESOLVED, That public hearings be held at whatever times and places necessary to get the widest possible public response to the issues involved; and

BE IT FURTHER RESOLVED, That the results of the study and any recommendations be presented to the legislature for its consideration at any extraordinary session convened in 1974, or to the next regular session of the legislature if there is no extraordinary session convened in 1974.

SENATE RESOLUTION 1973-122

By Senators Whetzel, Murray and Fleming:

WHEREAS, Many municipalities have undertaken construction work for various agencies of municipal government including utilities owned by municipal government, and as a result keep on the municipal payroll large numbers of construction workers, it has been suggested that construction work might be done at less cost to the municipality by putting the work out for bid to private contractors; and

WHEREAS, Although the undergrounding of municipally owned electric utility systems has frequently been done by municipal employees instead of outside contractors, it has been suggested that such work could be done less expensively for the municipality, for the local improvement districts and for the private property owners if such work were uniformly placed out for bid;

NOW, THEREFORE, BE IT RESOLVED, By the Senate that the Local Government Committee shall study advantages or disadvantages to the municipality, contractors, taxpayers, and property owners in an assessment district of requiring that municipal construction work including the undergrounding of electric utilities should be submitted to bid by private contractors instead of being done by city municipal personnel.

The Local Government Committee is directed to report the results of its study together with recommendation to the Legislature prior to January 1, 1974.

SENATE RESOLUTION 1973-123

By Senators Whetzel, Murray and Fleming:

WHEREAS, The state of Washington through its various instrumentalities and agencies owns a substantial amount of land and structures in the state of Washington which are exempt from real estate taxation under Article VII of the state Constitution; however, many
units of local government in which state exempt property is situated have a difficult time providing for necessary public services of police and fire, schools, libraries, roads, and other government services because of the large amount of tax exempt property; and

WHEREAS, The presence of exempt property increases the tax burden on non-exempt property as well as increasing the demand for public services to the exempt property;

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE, That the Local Government Committee undertake a study of whether the state can waive its property tax exemption in whole or in part and what the financial impact would be on the state and upon the various units of local government in which state property is located and what the impact would be upon the taxpayers whose property is not exempt if the taxes were levied upon exempt state property and a proportional reduction provided for the taxpayers on non-exempt property;

BE IT FURTHER RESOLVED, That the Local Government Committee is directed to report the results of its study to the Legislature together with any recommended legislation prior to January 1, 1974.

SENATE RESOLUTION 1973-124

By Senators Whetzel and Dore:

WHEREAS, The Legislature has adopted House Bill No. 423 authorizing alien banks to be established in Washington in order to assist Washington banks to engage in establishing offices abroad, especially in Japan; and

WHEREAS, The number of foreign controlled banks, agencies, branches and representative offices in the United States has grown to more than 430 from 175 in 1965, the banking laws and regulations of the United States and the states have been less restrictive on the merger and expansion of foreign banks than on domestic banks; and

WHEREAS, Foreign banks have substantial assets, in part as a result of devaluations of the dollar, to employ in the state of Washington, such assets should be employed in a constructive manner to benefit the people and economy of our state instead of to their detriment. Many foreign banks, particularly Japanese, have close affiliations with foreign industrial and trading corporations such as the Japanese affiliated groups or Zaibatsu companies. It has been reported that some alien banks have used their affiliated companies to acquire control of domestic banks because of weaknesses in state and federal banking laws and regulations;

NOW, THEREFORE, BE IT RESOLVED, That the Committee on Financial Institutions shall study the banking laws to see that banks of our state are enabled to operate abroad effectively as a result of House Bill No. 423, and that alien banks and entities are not authorized greater powers in banking in Washington than persons of Washington are permitted and report back the results of its study together with any recommended legislation to the Legislature prior to January 1, 1974.

SENATE RESOLUTION 1973-125

By Senators Whetzel and Fleming:

WHEREAS, The Legislature has authorized housing authorities of first class counties to set up group homes or halfway houses for juvenile offenders or developmentally disabled, and other counties are desirous of the extension of this authority to their housing authorities; and

WHEREAS, Such group homes or halfway houses are most effective in residential neighborhoods and are accepted by many neighborhoods as a proper conditional use; however, the special status given housing authorities by the case of Mercy v. Seattle has given rise to concern over the implementation of group homes, halfway houses and other housing projects by summary zoning procedures different from those applicable to other persons and agencies;

NOW, THEREFORE, BE IT RESOLVED, By the Senate, That the Local Government Committee study the authorization of housing authorities in all counties to establish group homes and halfway houses for juvenile offenders and the developmentally disabled and
further study how housing authorities can undertake these and other housing projects in compliance with the zoning laws and procedures applicable to all other persons.

BE IT FURTHER RESOLVED, That the Local Government Committee should report to the Legislature on its study together with its recommendations prior to January 1, 1974.

INTRODUCTION AND FIRST READING

SENATE CONCURRENT RESOLUTION NO. 135, by Senators Mardesich and Bailey: Authorizing transfer of interim committee funds.

MOTIONS

On motion of Senator Sandison, Senate Concurrent Resolution No. 135 was advanced to second reading and read the second time in full.

Senator Sandison moved adoption of the following amendment by Senators Gardner and Sandison:

On page 1, line 6, after "for" insert "the purpose of paying the outstanding obligations and debts of such discontinued committees, for paying costs of transfer and moving of materials and equipment of such discontinued committees and for".

POINT OF INQUIRY

Senator Atwood: "Would Senator Sandison yield? Senator Sandison, the resolution does not state what interim committees—what statutory committees have not been funded or discontinued. I am not too sure whether you are going to have some committees that still have money and you are going to be taking away money. Now I am not sure about the Nuclear Energy Committee and the Forest Tax Committee and some of those. I am not sure what you are going to do to some of those committees that have civilians on them. They are not exactly legislative interim committees. They are statutory committees but there is no differentiation here."

Senator Sandison: "That was not the intent but it speaks of legislative interim committees discontinued by the Forty-third Legislative Session. We did not discontinue those committees."

Senator Atwood: "We have not discontinued any per se."
Senator Sandison: "No, except on the matter of appropriations."
Senator Atwood: "What committees would this include?"
Senator Sandison: "This would include the non-statutory committees."
Senator Atwood: "Like Banking and Insurance and those types?"
Senator Sandison: "That is my understanding."
Senator Atwood: "The committees that were created by concurrent jurisdiction or by concurrent resolution?"
Senator Sandison: "Right."

POINT OF INQUIRY

Senator Murray: "Would Senator Sandison yield to a question? Where does this leave the Legislative Council, which is a statutory committee?"
Senator Sandison: "As I understand that, the Legislative Council is funded until June 30."
Senator Murray: "This would not supersede then the statute that set up the Legislative Council?"
Senator Sandison: "No, it would not.

POINT OF INQUIRY

Senator Lewis (Harry): "Senator Sandison, could you explain to me how the staff of the Legislative Council will be paid or vouchered between now and June 30?"
Senator Sandison: "The staff of the Legislative Council will be paid as it is now. It runs until June 30."
Senator Lewis (Harry): "But Senator Sandison, there is no Council Chairman as of the end of this session at sine die to authorize the payment of vouchers for the Legislative Council staff and even though the money may be there, there is no one able to sign the vouchers and I am concerned and wonder what the intent is and how this . . ."
Senator Sandison: “Senator Lewis, that is a separate problem. All we are speaking to now is the problem of those that are discontinued in dispersing what assets they would have left and what appropriations they would have left.”

Senator Lewis (Harry): “I understand that but whether or not it should be included here—do you have plans to solve this problem with another resolution before we sine die tonight?”

Senator Sandison: “No other resolution that I know of unless someone else is offering one.”

**MOTION**

On motion of Senator Mardisich, Senate Concurrent Resolution No. 135, together with the pending amendment by Senators Sandison and Gardner, was ordered held for consideration later tonight.

**MOTION FOR RECONSIDERATION**

Having voted on the prevailing side, Senator Mardisich moved that the Senate do now reconsider the vote by which Engrossed Senate Concurrent Resolution No. 134 passed the Senate.

The motion for reconsideration carried.

**MOTIONS**

On motion of Senator Mardisich, Engrossed Senate Concurrent Resolution No. 134 was returned to second reading.

Senator Mardisich moved adoption of the following amendment:

On page 5, line 8 add another paragraph as follows:

“The special legislative interim committees of the senate and of the house of representatives shall have the powers of subpoena, the power to administer oaths and the power to issue commissions for the examination of witnesses in accordance with the provisions of chapter 44.16 RCW if and when specifically authorized by the special legislative interim committee on rules of the respective house for specific purposes and for specific subjects in accordance with the authorization of the committee on rules.”

**POINT OF INQUIRY**

Senator Peterson (Lowell): “Will Senator Mardisich yield? Senator Mardisich, the amendment referred to interim committees. Is the word ‘interim committee’, interpreted to be the standing committees that will be . . . .”

Senator Mardisich: “That is correct. We have named in one of our concurrent resolutions the interim committees—the standing committees as the interim committees.”

The motion by Senator Mardisich carried and the amendment was adopted.

On motion of Senator Mardisich, Reengrossed Senate Concurrent Resolution No. 134 was advanced to third reading, the second reading considered the third, and the resolution was placed on final passage.

Debate ensued.

**ROLL CALL**

The Secretary called the roll on the final passage of Reengrossed Senate Concurrent Resolution No. 134, and the resolution passed the Senate by the following vote: Yeas, 40; nays, 2; absent or not voting, 7.

Absent or not voting: Senators Dore, Durkan, Francis, Henry, Jones, Talley, Woody–7.

REENGROSSED SENATE CONCURRENT RESOLUTION NO. 134, having received the constitutional majority, was declared passed.

MOTION

On motion of Senator Mardesich, the Senate returned to the fourth order of business.

MESSAGE FROM THE HOUSE

Mr. President: The House again refuses to concur in the Senate amendments to ENGROSSED SUBSTITUTE HOUSE BILL NO. 711, and asks the Senate to recede therefrom.

DONALD R. WILSON, Assistant Chief Clerk.

POINT OF INFORMATION

Senator Twigg: “On the desk is Engrossed Substitute House Bill No. 711, which is the gambling bill. The question is, Mr. President, what motion or motions under our rules, if any, are necessary to place this bill in a posture where it can be amended?”

REMARKS BY SENATOR GREIVE

Senator Greive: “Mr. President, I respectfully call your attention to Reed’s Rule number 247, motions relating to agreement or disagreement between the houses. I would suggest that the only motions available at this state of the proceedings are from the rule to concur, to nonconcur, to recede, to insist, or to adhere and respectfully point out that it would seem rather clear that there is nothing that need be done but one of those motions.”

REMARKS BY SENATOR TWIGG

Senator Twigg: “Mr. President and members of the Senate, if I might explain briefly what we are seeking to do, as I mentioned this is the gambling bill. House Bill No. 711, as you will recall, came over here and we hung Senate Bill No. 2145 on it and sent it back to the House. They refused to concur, sent it back here, the Senate insisted that we leave it as was, the House again refused to concur and that is the posture it is in at this moment. In the meantime Representative Kuehnle, who has studied this area for a number of years, and I believe we all agree is well informed on it, met with our caucus attorney, Mr. Gross, who also has a great deal of expertise in this area, and they have drafted several amendments which I am given to understand if we can legally place on the bill in its present form, it will probably return to the House and be passed and we will leave here with some kind of a gambling bill of a quite conservative nature. It is kind of a last ditch stand. If we want to get out of here with some kind of a gambling bill, I think this is our last opportunity to do so. If you prefer not to, that of course is your judgment. I confine my personal gambling to the golf course with Senator Atwood and in Nevada.”

REPLY BY THE PRESIDENT

The President: “Senator Twigg, the President wishes to remark that you have presented a very interesting situation. The President believes that inasmuch as the measure is in the possession of the Senate and that there are no particular rules within the Joint Rules which cover this situation that if a majority of the members wish us to do so that it would be possible to reconsider the vote by which the measure was passed, then reconsider the vote
by which the Senator Francis amendment was adopted and then if the majority so desires, you could add your amendment to the Senator Francis amendment and then repass the measure.”

MOTION FOR RECONSIDERATION

Having voted on the prevailing side, Senator Twigg moved that the Senate do now reconsider the vote by which Engrossed Substitute House Bill No. 711 passed the Senate.

The motion for reconsideration carried on a rising vote.

MOTIONS

On motion of Senator Twigg, Engrossed Substitute House Bill No. 711 was returned to second reading.

On motion of Senator Bailey, further consideration of Engrossed Substitute House Bill No. 711 was ordered held temporarily.

There being no objection, the Senate returned to the fourth order of business.

BY YOUR GOOD SPIRIT, LEAD THEM INTO THE WAYS OF JUSTICE AND TRUTH AND HELP THEM TO REMEMBER THE TRUST AND RESPONSIBILITY GIVEN THEM BY THE PEOPLE OF THIS STATE.

BROADEN THE VISION OF THESE SENATORS, OUR FATHER, THAT THEY MAY SEE THE IMPLICATIONS OF THEIR ACTS BEFORE TAKING THEM, THAT THEY MAY PERCEIVE THE WISDOM OR WEAKNESS OF
PROPOSED LEGISLATION BEFORE VOTING UPON IT, AND THAT THEY MAY SUFFICIENTLY USE RESTRAINT TO PREVENT MAKING ERRORS IN JUDGMENT WHICH WILL WORK ADVERSELY FOR THE PEOPLE OF OUR STATE. SIGNED BY THE PRESIDENT

MOTIONS

Senator Peterson (Lowell) moved that the Senate immediately consider Engrossed
Substitute House Bill No. 711 on second reading.

Senator Twigg moved that the Senate hold consideration of Engrossed Substitute
House Bill No. 711 for two hours.
POINT OF INQUIRY

Senator Twigg: "Will Senator Mardesich yield? Could you give us a time projection, Senator? In your best judgment will we still be here at six-thirty or seven?"

Senator Mardesich: "I assume so if we continue to act on the calendar and drag out the session until we finish all concurrences if there are amendments on bills. Now I have not checked the House calendar but I do understand they still have about ten or fifteen bills on the calendar they are running over there. That is, however, if it is a concurrence calendar, fairly simple. I mean an agreed calendar. So assuming all that is done, the two workrooms are pretty well up to date. We could be out of here by eight o'clock, I would think quite readily, with no strain or pain provided we do not persist in passing bills."

Debate ensued.

POINT OF INQUIRY

Senator Peterson (Lowell): "Will Senator Mardesich yield? Senator Mardesich, I interpret the inquiry by Senator Twigg that we will be able to consider this measure at a later time today prior to adjournment?"

Senator Mardesich: "That is correct."

MOTION

On motion of Senator Rasmussen, Engrossed Substitute House Bill No. 711 was made a special order of business for 6:30 p.m. this evening.

There being no objection, the Senate returned to the sixth order of business.

SECOND READING

SUBSTITUTE HOUSE BILL NO. 445, by Committee on Social and Health Services (originally sponsored by Representatives Adams, Paris, McCormick, Wojahn, Conner, Gallagher, Bagnariol, Smythe, Southwaite, Swayne, Charette, Goltz, Eng, Ceccarelli, Johnson, Lysen, Jstad, Freeman and Parker):

Prohibiting discrimination based on the presence of any sensory, mental, or physical handicap.

The bill was read the second time by sections.

On motion of Senator Atwood, the following amendment was adopted:

On page 3, section 3, line 19, after "chapter" insert "related to sex discrimination."

The following amendment on the Secretary's desk was withdrawn by Senator Day:

On page 7, following section 8, add a new section to read as follows:

"NEW SECTION. Sec. 9. There is added to chapter 51.32 RCW a new section to read as follows:

If the injury or disease of a workman is caused, in whole or in part, by a "handicap" as defined in RCW 49.60.040, then the workman, or his family or dependents in case of death, shall not receive compensation from any fund or self-insurance program, existing or created under this title which is supported in whole or in part by employer premiums or contributions, but shall, in lieu thereof, receive the same measure of compensation as is otherwise provided in this chapter, which compensation shall be paid solely from a fund to be known as the "Handicapped Fund" which shall be administered by the director in accordance with this title and shall consist of moneys appropriated for this purpose by the legislature."

POINT OF INQUIRY

Senator Mardesich: "Would Senator Day submit to a question? Senator Day, you have indicated that you do not intend to adopt the next amendment which you have offered. It relates to the question of benefits in the event the injury received during the course of employment is a result of the handicap that the person has and provides that the payment for such benefits shall come from the general fund rather than a tax on the employer."
Senator Day: “In answer to your question, Senator . . . .”

Senator Mardesch: “I have not asked it yet. I was merely stating what the section does. My question is, why not, in view of the fact that the argument presented to us was that this would be a benefit to the state in removing these people from being in the position of having to be supported by the state, why should not we now fund this from the general fund rather than impose it as a tax upon the employer?”

Senator Day: “The reason I withdrew the amendment and it was printed up last night and I went up and took a look at them this morning and took that out and found out they were already out on the desks, is that in reading the language in both the amendments that we have adopted this morning and in addition, reading the language in section 6, subsection (1) line 14, it provides there very clearly that the prohibition against discrimination because of such handicap shall not apply if the particular disability prevents the proper performance of the particular worker involved. Now it does not say the proper performance of a specific job. It says the proper performance of the particular worker involved. And I think that where we have provided for medical and psychiatric examination in the case of not hiring, and I think that they could institute that requirement in almost any instance and the proviso here that exempts the employer from, as far as reasonable restrictions and participation in life insurance, medical or disability benefits programs, that I think we have fairly well covered the waterfront and I doubt seriously if we are going to get into any great additional necessity of indemnification on the part of the workman relative to injuries on the job. That is the reason I withdrew it.”

Senator Day moved adoption of the following amendment:

On page 5, section 6, line 31, after “sexes” and before the period insert “: PROVIDED, FURTHER, That it shall not be an unfair practice for an employer to reasonably exclude or restrict participation of handicapped employees from, or reasonably restrict their participation in, life insurance, medical or disability benefits programs”.

POINT OF INQUIRY

Senator Fleming: “Senator Day, would you yield? Not to a question, but I would like for you to make another explanation of your amendment.”

Senator Day: “I will. What this amendment would do is allow an employer in a case of a person who has some handicap with which he could do a specific job but in addition has a physical condition which maybe does not restrict the participation in the job but would definitely require a great rating in an insurance policy, and what this will allow is the reasonable restriction relative to the participation in some group policy that the company which employs this person has. In other words, they have a big group policy which covers all their employees and they are allowed reasonable restrictions relative to the participation in those disability contracts and I think this is reasonable.”

The motion by Senator Day carried and the amendment was adopted.

Senator Day moved adoption of the following amendment:

On page 6, line 9, insert the following:

“Sec. 7. Section 15, chapter 270, Laws of 1955 as amended by section 16, chapter 37, Laws of 1957 and RCW 49.60.230 are each amended to read as follows:

Who may file a complaint:

(1) Any person claiming to be aggrieved by an alleged unfair practice may, by himself or his attorney, make, sign, and file with the board a complaint in writing under oath. The complaint shall state the name and address of the person alleged to have committed the unfair practice and the particulars thereof, and contain such other information as may be required by the board.

(2) Whenever it has reason to believe that any person has been engaged or is engaging in an unfair practice, the board may issue a complaint.

(3) Any employer or principal whose employees, or agents, or any of them, refuse or threaten to refuse to comply with the provisions of this chapter may file with the board a written complaint under oath asking for assistance by conciliation or other remedial action.

Any complaint filed pursuant to this section must be so filed within six months after the alleged act of discrimination: PROVIDED FURTHER, Any person filing a complaint of
THIRTY-EIGHTH DAY, APRIL 15, 1973

an alleged unfair labor practice based upon a handicap shall, if requested by the commission or one of its duly authorized employees, submit himself for medical and/or psychiatric examination before further action on the complaint is taken by the commission.

Renumber the remaining sections consecutively.

POINT OF INQUIRY

Senator Durkan: "Would Senator Day yield? The underlined material, is the one where it says, 'Provided further any person filing a complaint'?

Senator Day: "Yes, Senator."

Senator Durkan: "You say that he has to submit himself for medical and/or psychiatric examination. Who is he going to submit himself to? To what, his doctor, whose doctor is going to make that examination?"

Senator Day: "Of course, the only provision here would be that it would have to be a licensed physician or a licensed psychiatrist."

Senator Durkan: "The important part is that if it is to his own doctor that might be fine, but what if it is to the employer's?"

Senator Day: "We are dealing here, Senator, with a board against discrimination and I would imagine that they would provide the avenue in order that such an examination is necessary, and it says that it has to do with the filing of a complaint and the way I read that was that the board that he filed the complaint with then, before they could say that it was unfair labor practice, could order such examination. I might be incorrect in my interpretation, but I think that is my intent."

On motion of Senator Day, the following amendment to the amendment was adopted: In the underscored material in the Day amendment, after "examination" and before "before" insert "as provided by the commission".

Debate ensued.

The motion by Senator Day carried and the amendment, as amended, was adopted.

On motion of Senator Day, the following amendment to the title was adopted:

On line 7 of the title, after "49.60.030;" and before "amending" insert "amending section 15, chapter 270, Laws of 1955 as amended by section 16, chapter 37, Laws of 1957 and RCW 49.60.230;"

On motion of Senator Day, Substitute House Bill No. 445, as amended by the Senate, was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

Debate ensued.

ROLL CALL

The Secretary called the roll on the final passage of Substitute House Bill No. 445, as amended by the Senate, and the bill passed the Senate by the following vote: Yeas, 41; nays, 2; absent or not voting, 6.

Voting nay: Senators Twigg, Woodall—2.

Absent or not voting: Senators Bottiger, Canfield, Dore, Francis, Greive, Mardesich—6.

SUBSTITUTE HOUSE BILL NO. 445, as amended by Dore, Francis, Greive, Mardesich—6.
MOTION

There being no objection, Senators Dore, Francis and Greive were excused.

SECOND READING

ENGROSSED HOUSE BILL NO. 349, by Representatives Gallagher, Parker, Jueling, Erickson, Kelley and Gaspard:
Regulating commercially licensed troll vessels.
The bill was read the second time by sections.
Senator Peterson (Ted) moved adoption of the following amendment:
On page 2 of the printed bill, on line 6 insert the following new section:
"Sec. 6. Section 6, chapter 309, Laws of 1959 as last amended by section 6, chapter 283, Laws of 1971 ex. sess. and RCW 75.28.087 are each amended to read as follows:
Every owner of a commercial fishing vessel shall obtain an annual commercial fishing license, not otherwise provided for in this chapter, for the taking of food fish and shellfish within the state of Washington: PROVIDED, That holders of commercial salmon fishing licenses as set forth in this chapter may retain incidentally caught food fish other than salmon, and: PROVIDED, FURTHER, That licensed oyster and clam farmers are not subject to this section. The fees for commercial fishing licenses required in this section shall be in the amounts set forth in this chapter prescribed by the type gear employed in the taking of food fish and shellfish.
On and after the effective date of this section, if a person is to be licensed under this section and such person operates a vessel described in section 1 of this 1973 amending act he must prove to the department that he landed salmon having a value in excess of five times the cost of a license issued pursuant to this section for the period January 1, 1972 through April 15, 1973 as documented by a Washington department of fisheries landing ticket or tickets for such salmon."
Renumber the remaining sections consecutively.

POINT OF INQUIRY

Senator Rasmussen: "Will Senator Peterson yield to a question? Senator Peterson, can you tell me if this is a requirement on the regular commercial license?"
Senator Peterson (Ted): "All commercial boats that have any catches at all come into the dock and pay their landing fees, Senator, so there is not any problem there."
Senator Rasmussen: "Does the requirement that they be five times the amount of the license?"
Senator Peterson (Ted): "No, they have much more than that, Senator. You do not have to qualify, or put a qualification like that in on the larger catch or a larger boat because they bring in that much more in fish or they would not be out there, they could not afford to, with a crew."
Senator Rasmussen: "Thank you, Senator Peterson."
Debate ensued.

POINT OF INQUIRY

Senator Clarke: "Will Senator Peterson (Ted) yield to a question? What happens in the future? What if somebody wants to come into the business? Does this restrict licenses exclusively to those who have already been in the business so they can have participated in this fishing? It seems to me that it completely forecloses anyone entering the business in the future."
Senator Peterson (Ted): "No, it does not, Senator."
Senator Clarke: "How then, let us assume that after this particular period I want to buy myself a boat and enter the business, how do I get licensed?"
THIRTY-EIGHTH DAY, APRIL 15, 1973

Senator Peterson (Ted): "Just purchase your license before April 15 and you are in business."

Senator Clarke: "That is not the way I read this."

Senator Peterson (Ted): "That is right, though."

Senator Peterson (Lowell): "To clear the intent, Senator Clarke, and it is wise that you brought up the question but it was not the legislative intent to be built into this amendment that it would just grandfather in everybody that is in and not allow anybody else to come in, and I can assure you and for the record, this is not the intent of this amendment and if we have to in the future clarify it further, it should be noted. But it is certainly not the intent."

MOTION

On motion of Senator Peterson (Lowell), Engrossed House Bill No. 349, together with the pending amendment by Senator Peterson (Ted), was made a special order of business immediately following recess this evening.

POINT OF INQUIRY

Senator Bailey: "Will Senator Talley yield? Who pays the bill, Senator?"
Senator Talley: "The county does. It is local option."

Authorizing transfer of interim committee funds.

The Senate resumed consideration of Senate Concurrent Resolution No. 135, and the following amendment by Senators Sandison and Gardner, moved for adoption on Saturday, April 14, 1973:

On page 1, line 8, after “for” insert “the purpose of paying the outstanding obligations and debts of such discontinued committees, for paying costs of transfer and moving of materials and equipment of such discontinued committees and for”.

The motion by Senator Sandison carried and the amendment was adopted.

Senator Lewis (Harry) moved adoption of the following amendment:

On page 1, line 15, after the period add “The speaker of the house and the president pro tempore of the senate shall act as chairman and secretary and shall be authorized to sign vouchers through June 30, 1973 for the payment of expenses in accordance with RCW 44.24.060, 44.33.280 and 44.30.050.”

POINT OF INQUIRY

Senator Woodall: “Would Senator Lewis yield? Have you thought of the possibility, regrettable though it might be, that either the Speaker or the President Pro Tempore could be disabled, incapacitated or even possibly deceased? It would seem to me that you should add in there, in the disability or absence or something of the Speaker, the Speaker Pro Tempore could act, and— I do not have the language organized but it seems to me you should—I am an old navy man, you always figure the second line of defense, and if something happens and it does not go quite like you want, we should have alternative people in both positions. Now the Speaker Pro Tempore is the logical one there. Would it be the Vice President Pro Tempore, the Lieutenant Governor or whomever you wanted to add, but I think we should have alternates in both positions.”

On motion of Senator Mardesich, the following amendment to the amendment by Senator Lewis (Harry) was adopted:

In the Lewis amendment, after “Speaker” and before “of” insert “or Speaker Pro Tem” and after “the” and before “President” insert “President or”

ENGROSSED SENATE CONCURRENT RESOLUTION NO. 135, having received the constitutional majority, was declared passed.

ENGROSSED HOUSE BILL NO. 962, by Representatives Ehlers, Savage, Wojahn and May:

- Revising the law relating to industrial welfare.
- The bill was read the second time by sections.
- On motion of Senator Lewis (Harry), the following amendment was adopted:
  - On page 6, line 27, new section 12, after “minors,” and before “except” insert “wherever such employment circumstances are suspected to be substandard or otherwise unsatisfactory”.
  - On page 7, section 13, line 22, after “act” and before “Thereafter” delete the period and insert “: PROVIDED, That the director shall closely monitor the activities of the Industrial Welfare Committee and prevent any duplication of functions authorized by other federal or state laws now or hereafter regulating any condition of employment covered by this act.”
  - On motion of Senator Mardesich, Engrossed House Bill No. 962, as amended by the Senate, was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.
  - Debate ensued.

POINT OF INQUIRY

Senator Lewis (Harry): “Will Senator Ridder yield? Senator Ridder, is it the intent of this legislation to, in following the old welfare rights program for women and minors which required things like heated buildings for employees to work in, is it the intent of this legislation to require heat for men working in all buildings in the state?”

Senator Ridder: “It is my understanding at the hearings on this bill, all of those things were made possible reasonably for women and minors will now be a part of the welfare of all employees. Now if a heated building, before it was necessary to have a heated building for women and minors then now all employees would have a heated building, and essentially, however, within the regulations of the Industrial Welfare Committee and I would presume that there would be a number of things that would be changed within the rules and regulations.”

Senator Lewis (Harry): “Senator Ridder, in the past you could not work women or minors in areas that were unheated and there are many manufacturing plants, warehouses, and so forth throughout this state, service stations, that are unheated and I just want to be sure that this bill is not going to force a boon to the heating industry.”

Senator Ridder: “If you would look on page 4, line 20, it says ‘any person’ which is stricken. Any employee now employed or employing a person for whom a minimum wage or standard conditions and hours of labor have been specified at less than said minimum wage or under standard or conditions of labor and hours of labor prohibited by the rules and regulations of the committee. So you do not buy all of the old rules now. There will be
new rules and regulations under the APA set up by this Industrial Welfare Committee led by the director of Labor and Industries."

Senator Lewis (Harry): "Well then, Senator Ridder, on that basis could they set up a different minimum wage?"

Senator Ridder: "I do not think so. We have a legal minimum wage here in the state of Washington. I do not think that they could stretch that."

POINT OF INQUIRY

Senator Guess: "Would Senator Ridder yield? Senator Ridder, you just read this act, on line 20, it says 'any employer employing any person for whom a minimum wage or standard conditions and hours of labor have been specified at less than the said minimum wage or under conditions of labor, hours of labor prohibited by the rules and regulations.' Now do you mean that we are going to now adopt a procedure where this committee can establish minimum wages?"

Senator Ridder: "No, they set up the rules and regulations. If you employ people under what I would consider legal minimum wage they would come under this, but there is a legal in this state."

Senator Guess: "There is also already a minimum number of hours that a woman can work, but men in the past have worked far greater hours than women. Do you now mean that we are going to have to limit men to the same number of hours that the women have been limited to?"

Senator Ridder: "In the testimony before the committee this is not true as I understand it by what was said."

Senator Guess: "How do you exclude them?"

Senator Ridder: "This is old language, as you will notice."

Senator Guess: "Yes, but it was for women before. Now it is going to be for all men."

Senator Ridder: "Yes, but before we did not have the Industrial Welfare Committee."

Senator Guess: "We did have a Welfare Committee. This committee was in the bill beforehand. That is not new language."

Senator Ridder: "The Industrial Welfare Committee as it is set up here now, you know these new rules and regulations are the new words inserted by the committee rather than just the order of the committee and I think that they would set rules and regulations according to the new federal and state regulations within those orders and this is the way it would be set."

POINT OF INQUIRY

Senator Lewis (Harry): "I wonder if Senator Ridder would yield to another question? Senator Ridder, would you tell me what the intent of new section, section 12 is on page 6? What is your understanding of the purpose of that section? It reads, 'It shall be the duty of the Industrial Welfare Committee with the aid and the assistance of the director to investigate the wages, hours and conditions of labor of all employees. He shall have full authority to require statements from all employers relative to wages, hours and working conditions and to inspect the books, records and physical facilities.' I am concerned about the entire paragraph, Senator, but I am concerned about this inspection of physical facilities. Is this intended to go beyond, I assume we have safety inspections now which are—but I am concerned about this physical inspection of facilities, as well as the entire paragraph."

Senator Ridder: "You can very easily understand if you set up rules and regulations according to this Industrial Welfare Committee, then it should be up to the Welfare Committee to investigate to see, or the director, to see that these things are being followed. And in this case it is merely to see that the rules and regulations as set up are being met in the relating to conditions and the welfare of the employees and I do not think that this at all says that there is going to be a witch hunt or anything to put pressure upon employers but you just about have to be able to go in and this section, of course, allows that to happen, to go in and investigate to see whether the rules and regulations were being fulfilled. I do not see how you could do it otherwise."
MOTION

On motion of Senator Durkan, Engrossed House Bill No. 962, as amended by the Senate, was made a special order of business for 8:00 p.m. this evening.

SECOND READING

ENGROSSED HOUSE BILL NO. 933, by Representatives Hansey, Goltz and Matthews:

Permitting Canadian doctors to practice medicine in certain specified Washington areas during an emergency situation.

The bill was read the second time by sections.

Senator Clarke moved adoption of the following amendment by Senators Day and Clarke:

On page 2, immediately following section 1, add a new section as follows:

"NEW SECTION. Sec. 2. There is added to chapter 18.71 RCW a new section to read as follows:

A right to practice medicine and surgery by a Canadian physician in this state pursuant to section 1 of this 1973 amendatory act shall be revocable by order of the director of the department of motor vehicles upon a finding by the director of an act of unprofessional conduct as defined in chapter 18.72.030. Such physician shall have the same rights of notice, hearing and judicial review as provided licensed physicians generally pursuant to chapter 18.72 RCW."

On motion of Senator Woodall, the following amendment to the amendment by Senators Day and Clarke was adopted:

On page 2, add the following paragraph to the Day/Clarke amendment adding a new section 2:

"Notwithstanding any other provision of law and subject to the provisions relating to revocation under chapter 18.88 RCW and chapter 18.25 RCW respectively, chiropractors and nurses licensed to practice in Canada or any province or territory thereof shall have a right to practice in any part of this state which shares a common border with Canada and which is surrounded on three sides by water."

The motion by Senator Clarke carried and the amendment, as amended, was adopted.

On motion of Senator Day, the following amendment to the title was adopted:

On line 2 of the title, strike "and", and on line 4, after "18.71.030" and before the period insert "; and adding a new section to chapter 18.71 RCW".

On motion of Senator Atwood, Engrossed House Bill No. 933, as amended by the Senate, was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

ROLL CALL

The Secretary called the roll on the final passage of Engrossed House Bill No. 933, as amended by the Senate, and the bill passed the Senate by the following vote: Yeas, 38; nays, 3; absent or not voting, 5; excused, 3.

Voting nay: Senators Durkan, Newschwander, Peterson (Lowell)—3.

Absent or not voting: Senators Bottiger, Connor, Matson, Talley, Wamaker—5.

Excused: Senators Dore, Francis, Greive—3.

ENGROSSED HOUSE BILL NO. 933, as amended by the Senate, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.
PERSONAL PRIVILEGE

Senator Day: "Mr. President and gentlemen of the Senate, I think that we have seen here today and I am guilty, I realize, of a classic case of overkill, wherein I have described the need for freedom of choice, protection of the subscriber, protection of the premium payer and the public and their right to health care freedom to where we cannot get a bill through the Senate anymore without one of my colleagues demanding that such amendments be tied on. I thank you very much and I hope that the precedent does not become a mandage."

SECOND READING

ENGROSSED SUBSTITUTE HOUSE BILL NO. 894, by Committee on Constitution and Elections (originally sponsored by Representative King):

Requiring the appointment of precinct committeemen as deputy voter registrars.

The bill was read the second time by sections.

Senator Odegaard moved adoption of the following amendment:

On page 2, section 2, line 8, of the printed bill, being page 2, line 3 of the engrossed bill, after "request" and before the period insert ": PROVIDED, HOWEVER, That such precinct committeemen shall only register voters residing in the precinct in which the precinct committeeman has been duly elected or appointed".

POINT OF INQUIRY

Senator Matson: "Would Senator Odegaard yield? I notice it says a precinct committeeman shall only register voters residing in his precinct. What happens if he registers somebody outside of his precinct?"

Senator Odegaard: "He would, by this language, if he would register someone outside the precinct, which he ought not be doing according to this amendment, then the county auditor would not be able to accept that registration."

Senator Matson: "You know, I think there are a number of people serving on this floor that are not aware of the exact boundaries of their legislative district. Are you saying that all precinct committeemen know exactly the boundaries of their precincts?"

Senator Odegaard: "I am sure that the county auditor would familiarize each committeeman with the exact boundaries of his precinct and this amendment, you see, would tighten it down to his own precinct whereby without this amendment he would have to be familiar with the whole county, all of the taxing districts within all parts of the county. With this amendment he only has to be familiar with the taxing districts within his own precinct."

Senator Matson: "There are no penalties, I take it, if he were to register someone outside of the precinct and the auditor did not catch it?"

Senator Odegaard: "I do not know of any, Senator Matson. Senator Grant, who is more familiar with these matters, is chairman of that committee and might be able to answer that."

Debate ensued.

The motion by Senator Odegaard carried and the amendment was adopted.

MOTIONS

On motion of Senator Mardesich, Senators Bottiger and Talley were excused.

On motion of Senator Grant, Engrossed Substitute House Bill No. 894, as amended by the Senate, was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

Debate ensued.
ROLL CALL

The Secretary called the roll on the final passage of Engrossed Substitute House Bill No. 894, as amended by the Senate, and the bill passed the Senate by the following vote: Yeas, 25; nays, 16; absent or not voting, 3; excused, 5.

SPECIAL ORDER OF BUSINESS

ENGROSSED HOUSE BILL NO. 349, by Representatives Gallagher, Parker, Jueling, Erickson, Kelley and Gaspard:
Regulating commercially licensed troll vessels.
The time having arrived, the Senate resumed consideration of Engrossed House Bill No. 349 and the amendment to page 2, line 6 moved for adoption by Senator Peterson (Ted) earlier today.

There being no objection, the amendment by Senator Peterson (Ted) was withdrawn.
On motion of Senator Peterson (Ted), the following amendment was adopted:
On page 2 of the printed bill, on line 2 insert the following sections:
"Sec. 6. Chapter 309, Laws of 1959 as last amended by section 6, chapter 283, Laws of 1971 ex. sess. and RCW 75.28.087 are each amended to read as follows:
Every owner of a commercial fishing vessel shall obtain an annual commercial fishing license, not otherwise provided for in this chapter, for the taking of food fish and shellfish within the state of Washington: PROVIDED, That holders of commercial salmon fishing licenses as set forth in this chapter may retain incidentally caught food fish other than salmon, and: PROVIDED FURTHER, That licensed oyster and clam farmers are not subject to this section. The fees for commercial fishing licenses required in this section shall be in the amounts set forth in this chapter prescribed by the type gear employed in the taking of food fish and shellfish.

On and after the effective date of this act, if a person is to be licensed under this section and such person operates a vessel described in section 1 of this 1973 amending act he shall prove to the department that he landed salmon having a value in excess of five times the cost of a license issued pursuant to this section for the period covered by the license for the preceding year, as documented by a Washington department of fisheries landing ticket or tickets for such salmon. PROVIDED, HOWEVER, That any new licensee has one year to qualify under the provisions of this section for a renewal of such license.

NEW SECTION. Sec. 7. There is added to chapter 75.28 RCW a new section to read as follows:
The director of the department of fisheries shall appoint a five man board of review to hear and pass on applications for commercial fishing licenses in each hardship or disputed case. The members of such review board shall be from the commercial fishing industry. The provisions of chapter 34.04 RCW shall apply to hearings of this board."

Renumber the remaining sections consecutively.
Senator Bailey moved adoption of the following amendment:
On page 2, line 2, following section 5, insert the following:
"NEW SECTION. Sec. . . . . To prevent discrimination against commercial trollers of the state of Washington the department of fisheries in allowing and regulating trolled gear for commercial fishermen shall adopt rules and regulations providing that such commercial trolling gear requirements shall be similar to the trolling gear requirements for commercial fishermen for the state of Oregon."

Renumber the following sections.
Debate ensued.

POINT OF INQUIRY

Senator Guess: "Senator Bailey, you have got me thoroughly confused now. I thought for awhile that kelp was a seafood plant. Now I find out it is a fish. Is that right?"

Senator Bailey: "That is the reason the bill is liable to pass because most people do not understand it and do not understand the intricate nature of the thing. Actually there are some good kelpers. There are some real legitimate kelpers. There are a lot of other kelpers who are just trying to perpetuate in this state a com-sports organization which means that they buy one fishing license and they go out fishing, these sportsmen, you know, sportsmen
who plunder everything, go out fishing and fish without limits and then when you go aboard the boat and try to find out what it is, they say, 'Well, we have got a commercial license on the boat. We did this commercially.' In other words, they have no limit. That is what Senator Peterson's amendment tried to stop too and I agree it was a good amendment, but I think we cannot move unilaterally on this. We must move in the Pacific Marine Compact in unison with Oregon and whomever else we are in the compact with."

The motion by Senator Bailey failed and the amendment was not adopted on a rising vote.

Senator Peterson (Lowell) moved adoption of the following amendment:
On page 2, section 7, line 4 of the printed bill, strike all of new section 7.
Debate ensued.

POINT OF INQUIRY

Senator Metcalf: "Will Senator Peterson yield to a question? Is your striking of the emergency clause then putting into effect the licensing or will it put into effect this bill, because if we are striking the emergency clause on this bill we are delaying for three months the use by the keepers of this bill and we do not want to do that."

Senator Peterson (Lowell): "Senator Metcalf, as I interpret it, this measure is already on appeal in the courts and they have the present right pending their appeal, and the reason for the striking of the emergency clause was only because of the dates that are specified in the bill. My interpretation and the interpretation of the committee was that this will in effect take effect in 1974 rather than 1973. We cannot strike out 1973's laws after they have already bought their licenses."
Senator Metcalf: "Thank you very much."

POINT OF INQUIRY

Senator Rasmussen: "Mr. President, I think that Senator Metcalf had a point. I think you have to have the emergency clause on there to make it effective this year. They have got their licenses but they will not be able to fish with their present equipment unless this emergency clause is on there. They all have the licenses, but they will have to go and buy new equipment in order to fish this year if this emergency clause is stricken. What say you, Senator Peterson?"

Senator Peterson (Lowell): "Mr. President and members of the Senate, it is my interpretation that pending the appeal or the rendering of the court decision they are still allowed to use their hand held gear and this is not going to affect it for the balance of this season for those that have purchased their licenses."

Senator Rasmussen: "Senator Peterson, the appeal has not been filed as yet, and if this law is corrected by this legislature there will be no appeal filed and that is why it is necessary to have the emergency clause."

There being no objection, the amendment by Senator Peterson (Lowell) was withdrawn.
On motion of Senator Grant, the following amendment was adopted:
On page 2, section 7, line 8 of the engrossed bill, strike "on April 9, 1973" and insert "immediately".
On motion of Senator Peterson (Ted), the following amendments to the title were adopted:
On page 1 of the printed bill, on line 1 of the title after "fish," and before "adding" insert "amending section 6, chapter 309, Laws of 1959 as amended by section 6, chapter 283, Laws of 1971 ex. sess. and RCW 75.28.087;"
On page 1 of the printed bill, on line 2 of the title after "1955" and before "and" insert ", to chapter 75.28 RCW".
On motion of Senator Grant, the following amendment to the title was adopted:
On page 1, line 4 of the title, strike ";" and making an effective date.
On motion of Senator Peterson (Lowell), Engrossed House Bill No. 349, as amended by the Senate, was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.
Debate ensued.

POINT OF INQUIRY

Senator Walgren: "Will Senator Lowell Peterson yield to a question? Senator, with regard to section 4 of the bill and concerning particularly charter boats that are daily changing their licenses, what will be the effect of this provision?"

Senator Peterson (Lowell): "Senator Walgren and members of the Senate, charter boats are licensed under a different provision of the regulation than what we are speaking of in the kelpen troll fishery. We have granted them this privilege and this bill has no intent to alter or change the present rules or regulations governing charter boats and we would like to have that in the record."

POINT OF INQUIRY

Senator Mardesich: "Would Senator Peterson yield to another question? Is it possible under this bill for a charter boat to take a kelpen's license and then thereby eliminate the limits for passengers?"

Senator Peterson (Lowell): "Senator Mardesich, I would say no because this bill had nothing to do and there is no mention of charter vessels. It relates strictly to the troll fishery, and the charter boats industry per se is not classified under the regulations or RCW's as the troll fishery. They have been granted the privilege, by statute, to engage in this type of fishery but it is not written into this bill in any manner that I interpret and certainly it is not the intent of the measure to permit this type of an operation."

POINT OF INQUIRY

Senator Bailey: "Senator Peterson, in following up Senator Mardesich's question, is there anything in the law then to prohibit a kelpen from charging a fee and taking people fishing and in effect circumventing the charter boat operation?"

Senator Peterson (Lowell): "Senator Bailey, if there is I can assure you that it is not the intent of the legislature and if such a matter does come up I am sure that when we come back here in September we will certainly straighten it out because that is not the intent of the legislation."

REMARKS BY SENATOR BAILEY

Senator Bailey: "Mr. President and members of the Senate, I am not going to speak any more on this bill. I think the amendments pretty well covered it, except to say one thing, that we put restrictions on the little guy who wants to do electrical work. We put restrictions to protect him. We put restrictions on the plumbers. We have done about everything to protect everybody. Now we are saying to the commercial fisheries, which is one of the important industries of the state, 'You no longer have to worry because anybody can come in,' particularly some sportsman who has no respect for conservation or anything and would like to have a free run at spare-time fishing and who really would like to freeze out the commercial fisherman. I think you are going to find this is the ultimate effect of this bill. The proponents are absolutely aiming next time to knock out the commercial fisheries as much as they can. This is the opening wedge. The sportsmen will have control of the kelpers group under this law. I do not saw that kelpers are sportsmen, don't get me wrong, but under this law I think the sportsmen are going to take control of them and buy these licenses so they can circumvent restrictions and fees that other commercial fishermen in the state are forced to do.

The bill in itself opens up the inland waters. It does not open up the ocean because we do not control the ocean, but we do open up the ports, the delivery permits, and you are going to see a lot of Oregon people coming up here because they cannot do this commercial fishing with sports gear in their own state. They are going to come up here and take our fish, flood our markets, and then go back home and spend their money. I just think that this is a
bad precedent. We should do this in unison with Oregon if we are going to do it at all and we should not open up our commercial fisheries to this big raid.”

The Secretary called the roll on the final passage of Engrossed House Bill No. 349, as amended by the Senate, and the bill passed the Senate by the following vote: Yea, 32; nays, 12; absent or not voting, 1; excused, 4.

REMARKS BY SENATOR TWIGG

Senator Twigg: "Initially I think the first thing we should do, Mr. President, and I
would offer an amendment to the amendment deleting the third amendment on page 1 of
the packet of five pages which is in conflict with the amendments contained on the single
sheet of amendments, and also on page 4 of the packet of five pages, the two middle
amendments are identical and one of them should be stricken. They both do the same thing,
in identical language and I would so move.

"By way of explanation, I should tell you initially that earlier this evening I met with
Representative Kuehnle from the House, with Attorney General Gorton, with Governor
Evans, his attorney, and the Republican caucus attorney, and went over the various
provisions of these several bills we have been considering and I think I can state to you that
if we adopt the amendments that are on your desks to Substitute House Bill No. 711 that it
will be a measure that will pass the Governor's desk and will be accepted by him. I think it is
the only thing we are going to get. If we are going to get anything at all in the way of a
gambling bill I would submit to you that this has to be it. Now basically what the bill does
in its amended form, if you adopt the several amendments, is provide for the state licensing
of all gambling activities provided for in the bill under the auspices of the Department of
Motor Vehicles. It also provides for the appointment of a five-member commission, the five
members to be appointed by the Governor. In earlier bills, you will recall that these five
members were selected from various areas of interest or activity and the Governor indicated
he does not like that provision and accordingly one of these amendments provides that these
people will be selected as he chooses and they are not necessarily representative of any
factions interested in this measure.

"The most important features of this bill with these amendments if adopted are that
the local municipality, cities and counties, will retain basic control and taxing authority.
There is no taxing authority at the state level. The reason for that basically is that if we had
left taxing authority solely at state level then obviously it seems to me the various
municipalities and counties would say, 'Well, if we are not going to be able to derive any
moneys from these activities in the form of tax revenues, why should we permit them?' And
under the local veto provisions that are also in here they probably would not have permitted
these activities. And that is the reason for that.

"In addition to the commission there is also appointed in the bill a legislative advisory
committee comprised of one legislator from each of the four caucuses to work with the
commission and report back to the Senate and the House in the next two years as they
continue to view the operation of gambling activity within the state and make recommendations to us here in session convened in September and again in January and I presume again in 1975. The activities which are permitted are essentially these, under the bill with these amendments. Bingo is permitted, raffles are permitted, pull-tab punch boards, social card games and amusement devices, meaning—I do not know much about these things but you have seen the single-coin five-ball flipper type pinball machine, if you can call it a pinball machine. That is what is permitted. Pinballs as commonly recognized, the multiple coin payoff type pinball machines are specifically and clearly deleted, and about two pages of these five pages of amendments address themselves to that subject. About another page of the amendments in front of you deletes all references to Reno night activities which were permitted under Engrossed Substitute House Bill No. 711, the light green copy in your books. Those activities are specifically not permitted. Now with reference to local veto, if I understand correctly these amendments provide that in any county any activity which I have just defined is legalized by the operation of this act throughout the state and throughout every county and every municipality. However, at the county level any county may veto any one or more of those several permitted activities. Additionally and independently, any city of the first class which, if I understand correctly, is a city exceeding twenty thousand population, also has an independent veto right as to one or more of these activities. Now in essence that is about what is involved.

"The penalty provisions are basically as we have seen them in previous bills. I am sure someone will want to know about whether several of us can get together in a hotel room and play poker? Yes, you can under the terms of this bill with these amendments, as long as no one performs as the house and takes a rake-off. If we are all even-steven in the game that is okay and you can do that. The taxing rate is limited in the bill at a maximum ten percent level. Within that limitation the municipality, county or city, can fix the rate of taxation on the several activities. And I should judge that the collective Alice Barneses of the state will rally to prohibit or to see to it that the taxing legislative authorities of the several municipalities do not tax these activities out of existence.

"Also contained in the amendments are references to the Reader’s Digest type of contest that perhaps you have heard about and seen, various television activities and radio activities where prizes are offered and these are permitted under the bill as amended, with these amendments. One additional item, there is a restriction on the amount of rent that may be charged to a bingo or other gambling activity to preclude the charging of an onerous rent that drains off all the profits. Basically that is it, gentlemen. I think as I said earlier, if we are going to leave here with any kind of a gambling bill we are going to have to buy it essentially in this form. Incidentally, one further thing, Senator Fleming and I have put mah-jongg into the measure by a series of amendments contained on one page that is on your desks. And I do not know anything about that. I imagine you will have some questions and I have my attorney standing by in the wings and if I cannot answer it, I hope you will give me a moment to get the answer."

POINT OF INQUIRY

Senator Mardesich: "You mention nothing as to the disposition of the revenue. Does any go to the local level or does it all come into the state?"

Senator Twigg: "It all goes to the local level. I might qualify that, Senator. The licensing fees go to the state level but they are modest in nature and designed only to cover the expenses of the gambling commission."

Senator Mardesich: "You say that with respect to those revenues there was a ten percent lid. I assume then that the local authority would adjust the rate of tax as it were?"

Senator Twigg: "Correct. Not to exceed that amount."

Senator Mardesich: "As I recall the original bill, there was a commission as well as there is in this bill but in the original measure did not the commission pick the director of the department then?"

Senator Twigg: "I do not recall what was in the original bill. Under this bill with these amendments the commission comprised of five members appointed by the Governor at random, they are the commission and it provides that the director of the Department of
Motor Vehicles will assign one full-time employee to handle the mechanics of the issuance of licenses.

Senator Maredesich: "As I saw a copy of this somewhere along the line or one of these amendments, I think it caught my eye that not only would the Governor appoint the commission but he would also directly appoint the director of this new group. Is that not correct?"

Senator Twigg: "I will make sure. I do not think it is. No, I am informed not. I read it and I did not see any reference . . . ."

Senator Maredesich: "Does he not have the power to dispose of the director if he desires under this . . . ."

Senator Twigg: "The director of Motor Vehicles? The commission approves the employee of the Department of Motor Vehicles."

Senator Maredesich: "Who will be the director, in effect?"

Senator Twigg: "Yes."

Senator Maredesich: "They approve but who appoints? I want to be sure we are following the same theory is all."

Senator Twigg: "I cannot answer you. I am not sure. I trust if someone were appointed they did not approve of, you can argue that the commission does in fact appoint because they have the . . . ."

Senator Maredesich: "I would just like to be sure that if we are going to have this type of thing then the Governor is going to be responsible since he, in effect, is writing this bill I want him to be responsible for the operation of that gambling law and I want to be sure then that he is responsible for what happens under it. Anything other than that I would be inclined not to vote for."

POINT OF ORDER

Senator Washington: "Mr. President, I raise a point of order. It is my understanding that Engrossed Substitute House Bill No. 711 has been on second reading calendar before, that it was amended, went to the House, was amended, came back here. I kind of lost track of its progress, but I know of no rule that would allow a bill once having been on the second reading calendar to be able to come back and again, after going to the other house, be on second reading calendar. I think we have precedents, certainly, and I do not think we are going into a complete anarchy that we just do not follow precedents and at least Reed's Rules. I have never seen this happen before, particularly to have a complicated bill like this come before us with all of these amendments at two minutes to twelve. We do not understand all there is to know about them. I sometimes restrain myself in making a point of order but it seemed to me that this was the time to raise a point of order on an action which is going before this body at this late hour with most of us not knowing what is before us. It is a good point of order and I just think it is not right for us to have bills bounced back and forth like a shuttlecock from one house to the other and be again on second reading. It has never happened before and I do not know why it has to happen on this bill."

REMARKS BY SENATOR DAY

Senator Day: "Speaking further on the point of order, I would like to point out that if we had rules it is within the province of this body to at any time suspend those rules and in the absence of rules it is certainly in order for a majority of the body to do as this body wishes and so I think that the point is not well taken in view of those facts and that if the majority of this body desires to put a bill on second reading they can put a bill on second reading."

RULING BY THE PRESIDENT

The President: "The President in ruling upon the point of order presented by Senator Washington, the President believes that perhaps if rules had been adopted the point of order might be well taken but inasmuch as the majority of the members acted yesterday, the President believes that the point is, if well taken, not timely since the body has acted and has returned the measure to second reading for the purpose of amendment."
POINT OF INQUIRY

Senator Canfield: "Will Senator Twigg yield? Senator Twigg, I would like to have your opinion on a matter which is referred to in this bill on page 20 and again on page 23. I thought perhaps you would cover them in your list of amendments but I would like to call your attention to page 20, section 11, which says the legislative authority may provide for the taxing of these activities, and I think you alluded to that. The legislative authority may provide for the taxing, and then in line 21 it says, 'Provided that should no such tax be levied then no license therefor shall be issued by the commission.' Do you follow me so far?"

Senator Twigg: "Yes, I do. We discussed this yesterday."

Senator Canfield: "All right. Now please refer on page 23, line 31. 'Any person who conducts an activity without a license issued by the commission is guilty of a felony.'"

Senator Twigg: "Right."

Senator Canfield: "How do you reconcile those two statements?"

Senator Twigg: "I think in essence what I presume you are talking about are agricultural fairs?"

Senator Canfield: "No, not at all. I am talking about on the first case, if no tax is levied you could not be issued a license, that no license would be issued by the commission. Do you mean by that they could not have an activity unless they taxed it?"

Senator Twigg: "That is correct. Of course they can tax it at any rate that they determine in their judgment is proper. They can tax it at perhaps one-tenth of one percent, Senator, and then, assuming that the activity you refer to is authorized by or is taxed or a tax level is fixed upon it by the local legislative authority, then the Department of Motor Vehicles and the commission must issue a license to ... ."

Senator Canfield: "We are saying that if there is no tax levied they will not be issued a permit?"

Senator Twigg: "Correct."

Senator Van Hollebeke: "Answering Senator Canfield's inquiry and Senator Twigg's reply, that is taken out. That proviso is taken out by an amendment. There is an amendment on page 20, section 11, line 21, striking the entire proviso so that they may still tax it but in the absence of placing a tax on it, that is not the way it is vetoed with the new amendment. That amendment is on the top of the last page of that packet."

Senator Woodall: "I would like to get it real clear. At the present time in Toppenish, Washington, the Eagles Lodge plays bingo. Now I want to know, yes or no. Do they, tomorrow, if this passes or whenever it takes effect, do they have to quit unless the city taxes them or can they go on the way they have been going on?"

Senator Twigg: "I got these amendments about the same time everybody else did and evidently Senator Van Hollebeke has determined that that is not the case. Is that correct?"

Senator Van Hollebeke: "Page 20, section 11 begins, 'The legislative authority of any county, city-county, city or town by local law and ordinance and in accordance with the provisions of this chapter and rules and regulations promulgated hereunder may provide for the taxing of any gambling activity authorized in section 3 of this act within its jurisdiction, the tax receipts to go to the county, city or town,' etc. Now the next part which provides that should no such tax be levied by any county, city, town or no license therefor in such respective jurisdiction shall be issued by this commission. That last proviso starting on page 21 is amended out if we accept this packet of amendments and it is by the amendment that is on page 5 at the top of page 5 in this packet, which provides that beginning at 'PROVIDED, That,' strike everything down to and including the word 'that' on line 25 and insert 'the tax rate established by any county except for any first class city located therein with respect to such city shall constitute the tax rate throughout such county, including both incorporated and unincorporated areas.' All right, so I am still correct. This just talks about the rates but the method of vetoing is taken out."

Senator Woodall: "Mr. President, I still want to get it real clear. I think this is very vital. It is very important to a lot of us and how we vote here. Again, are we saying if we pass this and I would like a positive yes or no and perhaps time to double check it. It is very important to me. Am I voting that until such time as Toppenish city commissioners tax the Eagles Lodge in Toppenish they cannot play bingo any more, which they are playing now?"
And until Central Washington Fair gets taxed by Yakima County they cannot have certain games? Now this is a very, very important measure to a lot of people and I think we do not want to guesswork on this and say we think and maybe and we assume. I think it is real important to know the full answer to this particular thing because I can see a lot of nonprofit groups, and while we are on this subject I want to know about raffles. Do raffles have to be taxed in order to be legal under this bill? Do raffles have to be taxed in order to be legal or can our community events go ahead and hold their community events like they have held them for many, many years now past? Now in Granger, they have the Cherry Festival. Senator Canfield was Cherry King one year. They have the Cherry Festival, and they sell chances for a one-day shot on things. We have the Beet Harvest. We have all these different one-day events. Now do all of these have to be taxed in order to carry on or don’t they? Now I want that made clear.”

Senator Canfield: "Mr. President, I think that Senator Van Hollebeke’s proviso there would at least remove the conflict. Now what you want to do with it and how you would decide the question raised by Senator Woodall, I will leave to the legal minds, but I think the adoption of his proviso would remove the conflict that I referred to."

POINT OF INQUIRY

Senator Dore: "Would Senator Twigg yield to a question? I assume, Senator, you will go section by section through the bill so we will have a chance to vote on them intelligently as you adopt them. Right?"

Senator Twigg: "The purpose of my motion, Senator, earlier was that we consider them all simultaneously. That has not been put as yet."

Senator Dore: "Well, how about on page 3 then, the top of the page, you have ‘the penalties provided for professional gambling in this chapter shall not apply to bingo games, raffles, punch boards, pull-tabs, amusement games or social card games when conducted in compliance with the provisions of this chapter.’ Now what would they apply to?"

Senator Twigg: "They would apply to gambling activities not permitted under the provisions of this act which, of course, are not licensed. ‘A pinball machine, for example, that type of activity.’"

Senator Dore: "What is the penalty in the event people violate the section, like under the bill we passed out of here we had felonies, we had gross misdemeanors for violations. Where is the violation section here then? What is your understanding? Is there a penalty here?"

Senator Twigg: "Yes, there are both felony and gross misdemeanor provisions in Substitute House Bill No. 711. I think you will find them, Senator Dore, under new section 23 in the light green bill. It is on page 24 in section 19. That is one of the penalties provided for anyone who secures a license and does so by fraud."

Senator Dore: "What line are you on in 24?"

Senator Twigg: "It is on page 24, sections 17, 18 and 19 are the penalty provisions. And also section 16."

Senator Dore: "This has reference to securing a license, if you do not have a license you are guilty of a felony. Say I have a license and I cheat the people and skim off and steal and so on. What am I guilty of, other than a civil action? I notice you have a civil action."

Senator Twigg: "You are guilty of a gross misdemeanor."

Senator Dore: "Where is that?"

Senator Twigg: "I believe it is section 17. New section 17 on page 24."

Senator Dore: "It is not there."

Senator Twigg: "Now on page 25 at the top of the page, one of the subdivisions of section 19, ‘engaged in any act, practice or course of operation which would operate as a fraud or deceit upon any person,’ you are guilty of a gross misdemeanor."

Senator Dore: "Do not you think that is a little light? It is just the reverse of the Senate bill. We had the gross misdemeanor on the failure to have a license and the felony on the other. Now you have turned it around under this bill, it is just reversed. We could have Al Capone come in and . . . ."

Senator Twigg: "If you want to amend the amendment, feel free to do so."
Senator Dore: "One other thing, on the gross income, Senator Twigg, that ten percent gross, does that include the license fees charged the state or is it ten percent of the net?"
Senator Twigg: "Ten percent is the limiting figure on any tax imposed on any activity."
Senator Dore: "Ten percent of the gross?
Senator Twigg: "Yes, I believe that is correct."
Senator Dore: "Ten percent of the gross, not the net?"
Senator Twigg: "Yes. That is the maximum."
Senator Dore: "But it is ten percent of the gross?"
Senator Twigg: "Yes."
Senator Dore: "All right. Now in determining that gross do you subtract the license fees charged by the state?"
Senator Twigg: "No, I would judge not."
Senator Dore: "Is it or isn't it?"
Senator Twigg: "Senator, the license fees charged by the state are going to be a relatively very modest sum of money."
Senator Dore: "Well, they are going to be enough in order to support the commission. It could be quite expensive. It depends on what the violations were."
Senator Twigg: "Well, I think not with the extent of license fees who are going to be licensed across the state. I think it is going to come up for a very modest fee. I cannot address myself specifically because I do not know."
Senator Dore: "You do not know what section that would be in? Because it might be there would be nothing left for the cities to receive if the license fees eat up the ten percent. And what may well be that this requires so much policing they have to hire a large investigatory staff and they would not, in some of these places, would not be able to license them at all. Say some of these ma and pa stores."
Senator Twigg: "I am not sure if I am following your line of questions but the taxing authority of the local legislative authority is limited to ten percent of the gross income of the activity involved. The license fee charged by the state, the Department of Motor Vehicles to whom it will be paid, is going to be quite a modest sum of money. It will be fixed by the commission but it will be modest in sum and certainly nothing that would be prohibitive for any legitimate operation."
Senator Dore: "Was it your understanding that would be subtracted from the ten percent gross or that would be over and above the ten percent gross?"
Senator Twigg: "Ten percent is the maximum limitation on the tax which may be levied against any gambling activity. It will be something up to that as authorized by the legislative authority in the city or county as the case may be."
Senator Dore: "Do you consider licensing a tax? Would that be included in the ten percent limitation?"
Senator Twigg: "No. That is correct."
Senator Dore: "So the local government can get up to ten percent of the gross as a tax, also the state, I notice in the language of the bill, can establish licenses in order to maintain themselves on a cost basis. Right?"
Senator Twigg: "Correct."
Senator Dore: "Did you strike section 32 from the bill or not? Do you put it in effect immediately?"
Senator Twigg: "There is no section 32, Senator Dore."
Senator Dore: "I thought in the green bill."
Senator Twigg: "I think you have the wrong one. It is a very pale green bill. I do not know which one you are looking at but it does not look like mine. There is no section 32 in the bill we are considering, Senator."
Senator Dore: "Let me ask you whether the language in section 32 . . . ."
Senator Twigg: "I do not know what that language is."
Senator Dore: "It provides for it to go into effect immediately. Is that in the bill?"
Senator Twigg: "You mean the emergency clause?"
Senator Dore: "Yes."
Senator Twigg: "No, I do not believe there is an emergency clause in the bill."
Senator Dore: "It was in the old bill and I just wondered—on the right of referendum."
Senator Twigg: "No, there is not in this one."
Senator Dore: "I sent an amendment up. Apparently it is on the wrong bill. Does your amendment go in this Engrossed Substitute House Bill No. 711 or are they to be applied . . .?"
Senator Twigg: "No, they are not, Senator. The bill we have under consideration is Engrossed Substitute House Bill No. 711, to which I am offering about six pages of amendments which you have on your desk. One packet of five pages plus another single page."
Senator Dore: "Now just one last question, Senator. I appreciate your patience. We know pretty well what was in Engrossed Substitute House Bill No. 711. We followed it in the newspapers and it was debated extensively. What additional or lesser activities will we have in the bill under your amendments than we had in the presented printed form here, Engrossed Substitute House Bill No. 711? If you could just summarize it."
Senator Twigg: "Very quickly. The Reno nights allowed under the original 711 are deleted. All pinball machines are deleted, gambling type of pinball machines are deleted. The commission comprised of five members shall be appointed by the governor. They need not be selected from any particular areas of activity. In the original bill there was one representative of private clubs, one representing taverns and one representing law enforcement, etc. That is no longer in the bill if you adopt my amendments. Instead of providing local option we have provided local veto. In other words, all activities authorized under this bill with these amendments are legalized throughout the state. To delete or to abolish or prevent any single or more than one of these activities within a given county or city, the legislative authority of that municipality must take affirmative action to veto it. That is about it, Senator. Basically there are some number of minor things. The mah jongg amendments are among those being offered."
Senator Dore: "Mr. President, may I just ask one further question? Now you have changed it back to where the municipality is going to receive the various income from the gambling activities, or gaming activity?"
Senator Twigg: "Yes."
Senator Dore: "Who is going to enforce it?"
Senator Twigg: "The local authorities."
Senator Dore: "The local police? Well, what authority, if any, will the commission have then? It will just be advisory?"
Senator Twigg: "The commission, of course, if there are illegal activities operated by any licensee, will have the right to pull his license and they can employ the offices of the Attorney General or any local prosecuting attorney or city attorney to enjoin any activities which they deem outside . . . ."
Senator Dore: "Under your bill then the state and the county would have concurrent jurisdiction to prosecute violations?"
Senator Twigg: "Yes. I am sure I saw that in here but I cannot tell you just where it is."
Senator Dore: "I am sure about the prosecutor. I do not know about the commission. Maybe Senator Van Hollebeke would know."
Senator Van Hollebeke: "I did not hear the question."
Senator Dore: "The question is, under this act as amended, assuming that these amendments are adopted, does the state have any enforcement provisions or authority at all?"
Senator Van Hollebeke: "I do not know. I am not that familiar with this one. I am sorry."
Senator Dore: "Is there anyone in the body that can answer that?"
Senator Twigg: "I have just checked with my counselor, Senator. The Attorney General's office, any state law enforcement people, the local law enforcement people, the county prosecutor, all have jurisdiction."
Senator Dore: "The Attorney General specifically is prohibited from any criminal jurisdiction so he cannot bring any . . . ."
POINT OF ORDER

Senator Newschwaner: "It seems like we have had a ruling several times lately on three minutes of speaking only once in one session."

RULING BY THE PRESIDENT

The President: "That is correct, Senator. Your point is well taken."

POINT OF ORDER

Senator Washington: "I raise the point of order on a different point. I cite Rule 33 which says, 'The permanent joint rules adopted at the regular session shall govern any special session called during the same legislative biennium.' Now we are in a special session and I am reading from the 1973 Rules that were adopted in the regular session. I agree with the President that we do not have any Senate rules but certainly we do continue to have joint rules and Joint Rule 7 specifically states that in every case of difference between the two houses upon any subject of legislation, the house refusing to recede shall request a conference. And certainly under the joint rules which are in effect this would have required a conference rather than having this bill sent back to second reading. And again I point out that I in many cases hesitate to raise a point of order but at this late hour with this very complicated bill I feel it is incumbent to raise a point of order to keep us from very sleepily and belatedly considering these very complex amendments that are being offered to us."

RULING BY THE PRESIDENT

The President: "Senator Washington, the President respectfully wishes to remind you that the President in all likelihood would have ruled that your point of order was well taken had you presented it at the proper time but it was not presented when the question was before the Senate. Therefore your point of order may be well taken now but not timely. The Senate has acted and returned the measure to second reading."

Senator Washington: "My only point is, the point of order comes when the matter arises on second reading and I felt that this was the timely. Frankly, I have not given it a great deal of thought before but the first time that it comes out on second reading is now. Before that it was not before us and I felt that the only time I could raise it is after it is on second reading and I raised it very shortly after Senator Twigg commenced rather a long talk. I waited until he was through and then again I was somewhat not completely sure of my grounds. I then perused the rule book and thought I was a little better buttressed this time when I made the point of order."

Senator Dore: "Speaking on the point of order raised by Senator Washington, I think the Reed's Rules provides that if Senate ensuing business occurs there is a waiver. There has been no ensuing business, no action has been taken, there has just been a simple motion to adopt these amendments. No action has been taken by the body. As soon as he sat down, Senator Washington then raised the point of order so no action had been taken by the body that I know of unless the Governor might have a . . . ."

RULING BY THE PRESIDENT

The President: "On two points, Senator Dore. Reed's Rules apply only where the Senate Rules do not apply. Inasmuch as we do not have any Senate Rules, therefore the President does not feel especially bound by Reed's Rules. The President has only indicated that Senator Washington's point may have been well taken had he presented it before the Senate acted upon the motion to return the measure to second reading for the purpose of an amendment. The action was upon the motion."

Senator Dore: "Mr. President, could I make a parliamentary inquiry? Could the Minute Clerk tell if there is any motion to return to second reading? I do not recall that. Was there a motion?"
THIRTY-EIGHTH DAY, APRIL 15, 1973

REPLY BY THE PRESIDENT

The President: "It was yesterday, Senator Dore. The measure was returned to second reading by action of a majority of the members yesterday and the President wishes to respectfully indicate that the measure is on second reading calendar, second bill on page one."

POINT OF INQUIRY

Senator Woodall: "I would still like to inquire and I do not have a satisfactory answer and I think it is very important. You can talk about the three-minute rule but this is probably one of the more important matters we are going to have to answer when we go back to our homes. How did we vote on it and why and what is in it? And with all due respect to my great friend Senator Twigg and his fine work on it, I still want to know. Under the definition of a licensee it says someone who is paying a tax. I simply want to know a simple yes or no answer from someone. If a given lodge who is now not paying a tax in a given town, if the city council of that particular city fails to do anything, they pass no ordinance of any kind whatsoever, can that particular nonprofit group continue to do what they are doing now or do they become illegal when this is passed? Now it is a very important consideration for me. Again, in Toppenish we have the Eagles Lodge. They have bingo once a week and will they become illegal if the city council of Toppenish does not adopt some kind of a taxing law? Or if the city council does absolutely nothing, can they continue as they are now doing? I would like to have a positive answer."

Senator Twigg: "Senator Woodall, in answer to your question and for the record, those activities may continue. A tax is not mandated."

Debate ensued.

PARLIAMENTARY INQUIRY

Senator Dore: "My watch says twelve forty, Mr. President. Is your watch the same?"

REPLY BY THE PRESIDENT

The President: "The President's watch says twelve thirty-six."

REMARKS BY SENATOR DORE

Senator Dore: "I notice that the clocks here seem to have stopped at twelve."

REPLY BY THE PRESIDENT

The President: "It has been the long standing tradition, Senator Dore, that once the Senate commences action upon a measure that the Senate complete that action regardless of the time."

MOTIONS

Senator Dore moved that the amendments by Senator Twigg to Engrossed Substitute House Bill No. 711 be considered separately.

The motion failed.

The motion by Senator Twigg carried and the amendments proposed by Senator Twigg are to be considered simultaneously.

Senator Twigg moved adoption of the preceding amendments.

Debate ensued.

POINT OF INQUIRY

Senator Woodall: "Will Senator Twigg further yield? Two questions, Senator Twigg. The commission, is that a salaried job or a per diem or what is it under this?"

Senator Twigg: "Per diem and travel expenses, Senator Woodall."

Senator Woodall: "And one more question. Did you or your committee receive you said you had been talking with the Governor—assurance that if we pass it this way that he will leave it alone and he will not take the pencil and check out certain things, because we are giving up the right of certain private clubs that they now have not to be taxed, and we
are subjecting them and willing to do it if we are extending it to other groups. I would like to know. Do you have assurance or is he going to pencil it all out like the other time?"

Senator Twigg: "That is a very good question, Senator Woodall, and that was the reason that I wanted to meet with him and hopefully come to you and be able to tell you that I could assure you that he would accept these amendments and the bill in the amended form with these amendments adopted that I have offered. I cannot, however, make that firm assurance. I can only tell you that he indicated to me in response to a specific question that he personally had no objection to bingo, raffles, pull-tabs, the amusement devices we have described. The social card games he responded with a maybe. So I cannot give you a cold hard answer on that, Senator."

The motion by Senator Twigg carried and the preceding amendments were adopted.

On motion of Senator Twigg, the following amendments by Senators Twigg and Fleming were adopted:

On page 12, section 3, line 18 after "card games," and before "to utilize" in line 19 insert "including 'Mah Jongg';"

On page 12, section 3, line 25 after "operate cardrooms" and before "and pinball" insert ", including those where Mah Jongg may be played."

On page 16, section 7, line 17 after "card games," and before "to utilize" insert "including Mah Jongg."

On page 17, section 7, line 3 after "card rooms" and before "and pinball" insert ", including those where Mah Jongg may be played;"

On page 12, line 15 following subsection 21 insert the following new subsection:

(22) "Mah Jongg" means a game of Chinese origin played, usually by four persons, with one hundred thirty-six or one hundred forty-four pieces marked in suits and called "tiles" which by drawing, discarding and exchanging are built into combinations or sets."

Senator Stortini moved adoption of the following amendments by Senators Stortini, Van Hollebeke and Herr:

On page 31, on line 6 after "through" and before "of" strike "28" and insert "46".

On page 31, on line 8 insert the following:

Upon return of the order, the court before whom the matter shall come for hearing shall examine such persons under oath, and if the court shall determine, after giving such person an opportunity to be heard, that he refused without legal excuse to comply with such subpoena or such order, the court may order this person to comply therein forthwith and any failure to obey the order of the court may be punished as a contempt of the superior court;

NEW SECTION. Sec. 39. No tickets shall be sold to any person under the age of eighteen, but this shall not be deemed to prohibit the purchase of a ticket for the purpose of making a gift by a person eighteen years or older to a person less than that age. Any licensee
or the employee or agent of any licensee who sells or offers to sell a lottery ticket to any person under the age of eighteen shall be guilty of a gross misdemeanor.

NEW SECTION. Sec. 40. NEW SECTION. Sec. 43. (1) There shall be a fund, known as the “state lottery fund”, which shall consist of all moneys, income, or revenue received by the commission. The state treasurer shall be custodian of the fund. All moneys received by the commission or any employee thereof, except for change funds and an amount of petty cash as fixed by the commission within the authority of law shall be deposited each day in a depository approved by the state treasurer and transferred to the state treasurer to be credited to the state lottery fund. Disbursements from the fund shall be on authorization of the commission or a duly authorized representative thereof. (2)(a) Such moneys, to the extent necessary, shall be used for the payment of lottery prizes, and (b) for the expenses of the commission in administering and operating the lottery, but the amount so used shall in no event exceed forty-five percent and fifteen percent respectively. The balance of this fund, in no event less than forty percent of the total amount, shall be credited to the state general fund.

NEW SECTION. Sec. 44. The director may, in his discretion, require any or all lottery agents to deposit to the credit of the state lottery fund in banks, designated by the state treasurer, all moneys received by such agents from the sale of lottery tickets, less the amount, if any, retained as compensation for the sale of the tickets, and to file with the division reports of their receipts and transactions in the sale of lottery tickets in such form and containing such information as he may require. The director may make such arrangements as he deems advisable pursuant to this chapter and the rules and regulations of the commission, and such functions, activities and services shall constitute lawful functions, activities and services of the director.

NEW SECTION. Sec. 45. The state auditor shall conduct an annual post audit of the lottery division, its procedures and transactions. The post audit report shall be submitted to the governor, the lottery commission and the legislature.

NEW SECTION. Sec. 46. All state agencies, departments and political subdivisions shall cooperate with the director and the lottery commission in carrying out their legally prescribed duties.”

POINT OF ORDER

Senator Atwood: “My point of order is this, that he is offering the lottery bill. This increases the scope and object of this particular bill.

“Mr. President, the bill before us is related to bingo, raffles and punch boards and the amendment being offered by Senator Stortini is a state lottery which includes a state lottery
commission and it is more than an amusement device. It is a state lottery. It is an entirely
different concept than the thing that we have been talking about the last half hour and I do
think it does increase the scope and object of the bill in light of the President's prior ruling.”

RULING BY THE PRESIDENT

The President: “In ruling upon the point of order as presented by Senator Atwood in
regard to Engrossed Substitute House Bill No. 711, the President believes that the bill
establishes rules for statewide gambling which includes several forms of lotteries and that
the amendment presented by Senator Stortini is merely another type of lottery and thus the
point is not well taken.”

The motion by Senator Stortini failed and the amendments were not adopted on a
rising vote.

On motion of Senator Van Hollebeke, the following amendment was adopted:

On page 13, section 4, line 11, after “members” strike all the material down through
and including “range,” on line 12.

POINT OF INQUIRY

Senator Canfield: “Will Senator Twigg yield? Senator Twigg, I understand that the
permit would be issued by the commission. Right?”

Senator Twigg: “That is correct.”

Senator Canfield: “That the tax would be levied either by the first class city . . . .”

Senator Twigg: “That is correct.”

Senator Canfield: “Or by the county commissioners.”

Senator Twigg: “That is correct.”

Senator Canfield: “And if by the county commissioners would cover all the county not
within the first class city?”

Senator Twigg: “That is correct.”

Senator Canfield: “The maximum tax rate would be ten percent?”

Senator Twigg: “That is correct.”

Senator Canfield: “And that no community within the county, like for instance
Sunnyside or Toppenish or Grandview which is not a first class city, they would have no
veto power within the county?”

Senator Twigg: “I think you mean within the city and the answer is . . . .”

Senator Canfield: “Within those cities?”

Senator Twigg: “That is correct.”

Senator Canfield: “So there would be no local option?”

Senator Twigg: “Except in first class cities.”

Senator Canfield: “Except in first class cities?”

Senator Twigg: “That is correct.”

POINT OF INQUIRY

Senator Woodall: “One more question. The sort of thing we discussed the other day,
your service club that customarily has a draw, that sort of thing, where you come to lunch
and everyone throws four bits in a hat and half of it goes to the crippled kids and the other
half goes to whoever had the lucky ticket. How does that fare under this particular bill?”

Senator Twigg: “Those are legalized, Senator. You are talking about a raffle.”

Senator Woodall: “I am talking about a typical situation, here is a Kiwanis Club, we
will say. So some of them play one game of bingo once a week and they all throw in fifty
cents and half of it goes to whoever bingoes and the other half goes to some creditable fund.
Or they have a draw. Now, will a service club have to have some kind of a license to
continue to do what they have been doing under this bill?”

Senator Twigg: “That is correct. They will.”

Senator Woodall: “They will have to get a license?”

Senator Twigg: “That is true.”
Senator Woodall: "So the Kiwanis Club to have a noon draw to buy a two-bit ticket apiece, they have to go over here and get some kind of a license!"

Senator Twigg: "That is true. It will be a very, very modest cost and they will have no problem getting one, but the answer to your question is yes."

Senator Dore moved adoption of the following amendment:
On page 25, section 19, line 3, strike lines 3 through 6 and insert: "Shall be guilty of a felony".
The motion by Senator Dore failed on a rising vote.
Senator Dore moved adoption of the following amendment:
On page 31, following section 23, insert the following:
"NEW SECTION. Sec. 24. That the provisions of this act shall not go into effect until approved by the people of the state at the next general election."
Debate ensued.
The motion by Senator Dore failed and the amendment was not adopted.
On motion of Senator Twigg, Engrossed Substitute House Bill No. 711, as amended by the Senate, was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.
Debate ensued.

REMARKS BY SENATOR TWIGG

Senator Twigg: "Mr. President and members of the Senate, observing the thirty second rule that I think should be in force at this time, I engage in virtually none of the activities encompassed by this bill. I do not represent anybody who does. You can vote it up or down. I would remind you it requires a sixty percent vote to approve Engrossed Substitute House Bill No. 711 with the amendments that we have appended and in the posture it is now in. I would urge your favorable vote."
Debate ensued.

POINT OF INQUIRY

Senator Walgren: "Will Senator Twigg yield to a question please? Senator Twigg, in the preparation of the amendments to this bill, was the Attorney General of this state actively involved?"
Senator Twigg: "Not in the physical preparation of the amendments, no he was not, Senator."
Senator Walgren: "Was his office involved in the preparation?"
Senator Twigg: "No, they were not."
Senator Walgren: "Did you have any advice at all from the Attorney General's office concerning this?"
Senator Twigg: "Yes, he was with us at the meeting earlier this evening, as was myself, Representative Kuehnle, the Governor and one of the Governor's attorneys, Mr. Bright, and the Republican caucus attorney, Mr. Gross."
Senator Walgren: "And does this bill as it is now perfected have his approval?"
Senator Twigg: "Well, Senator Woodall asked me that question earlier and I cannot give you a firm assurance. He indicated to me that he sees nothing objectionable in the area of bingo, raffles, pull-tabs, punch boards, the amusement device, I suppose you could call it a pinball type of activity, the flipper type. He answered me with regard to social card games with a maybe."
Senator Walgren: "Does he feel that the controls that have been placed in the bill are adequate?"
Senator Twigg: "Yes, I believe that they do. They feel it is a pretty strict, innocuous bill."
Senator Walgren: "Thank you."

ROLL CALL

The Secretary called the roll on the final passage of Engrossed Substitute House Bill
No. 711, as amended by the Senate, and the bill passed the Senate by the following vote: Yeas, 31; nays, 12; absent or not voting, 2; excused, 4.

Absent or not voting: Senators Grant, Rasmussen—2.

Excused: Senators Bottiger, Francis, Greive, Talley—4.

ENGROSSED SUBSTITUTE HOUSE BILL NO. 711, as amended by the Senate, having received the constitutional two-thirds majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

MOTION

On motion of Senator Twigg, Engrossed Substitute House Bill No. 711, as amended by the Senate, was ordered immediately transmitted to the House.

There being no objection, the Senate returned to the fourth order of business.

DEAN R. FOSTER, Chief Clerk.

REPORT OF CONFERENCE COMMITTEE

Mr. President:

Mr. Speaker:

We, of your Conference Committee, to whom was referred Substitute Senate Bill No. 2328, adopting the operations and capital improvements budget for the state highway commission, have had the same under consideration, and we recommend that the bill be adopted as amended with the following changes; and respectfully request the powers of Free Conference:

The amendment beginning on page 5, section 3, line 11 will be changed as follows:

On line 10 of the amendment before "be" strike "will" and insert "may".

POINT OF INQUIRY

Senator Peterson (Lowell): "Would Senator Atwood yield? Senator Atwood, I think you have followed this bill quite closely. Does this House amendment that we are considering apply only to higher education personnel?"

Senator Atwood: "This amendment and this bill applies only to those members who are members of TIAA-CREF which applies to the four-year colleges and universities and the community colleges. It is a nationwide system and has nothing to do with PERS or TRS."

Senator Peterson (Lowell): "Thank you, Senator."

Requiring minimum standards for self-insurers with regard to industrial insurance to be set by the director of labor and industries.

MOTIONS

On motion of Senator Mardesich, Substitute House Bill No. 1049 was re-referred to the Committee on Rules.
On motion of Senator Mardesich, the Senate returned to the fourth order of business.

MESSAGE FROM THE HOUSE

Mr. President: The House has passed ENGROSSED HOUSE BILL NO. 186, and the same is herewith transmitted.

DONALD R. WILSON, Assistant Chief Clerk.

INTRODUCTION AND FIRST READING

ENGROSSED HOUSE BILL NO. 186, by Representative Randall:
Relating to revenue and taxation.

MOTIONS

On motion of Senator Atwood, Engrossed House Bill No. 186 was advanced to second reading and read the second time in full.
On motion of Senator Durkan, Engrossed House Bill No. 186 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.
Debate ensued.

POINT OF INQUIRY

Senator Bailey: "Would Senator Durkan yield? Senator, is there any substantive change in any tax in this bill that was not in the original bill that we sent over to the House or in the bill that came back? Is there any great change between these two bills? We studied the
bill we sent over, the one mill shift and we also studied the bill that came back to us from the House, but has anything else been added to this bill that we should be aware of?"

Senator Durkan: "Senator, the immediate law which will take effect immediately is the Substitute Senate Bill No. 2346 which we considered, and the one which will take effect in the future is the House bill which does change the allocation formula on the local level."

REMARKS BY SENATOR ATWOOD

Senator Atwood: "The House amendment that came back to us on Substitute Senate Bill No. 2346 had a lot of errors in it and some of those have been cleaned up in the version as it sits here before you. The library thing, for example, the double amendment on the forest assessment patrol tax. There is a whole host of things that have to be looked at on the House version, the House amendment that is the second part of this bill, but that does not go into effect until July 1, 1975. The House did amend out on the floor, which you should be aware of, the following sections: 153, 4, 5 and 6, which is the reference of the income tax on utilities and utilities sales tax. Those were taken out on the House floor by a floor amendment."

POINT OF INQUIRY

Senator Guess: "Would Senator Atwood yield? Senator Atwood, on page 76 in section 86, it changes the one-eighth of a mill to one and one-quarter cents per thousand dollars of assessed valuation."

Senator Atwood: "Yes."

Senator Guess: "Now, and says it can go to not greater than thirty cents per thousand dollars of assessed valuation. Are we now going to leave the millage?"

Senator Atwood: "No, the House amendment to Substitute Senate Bill No. 2346 was one hundred and forty pages and it changed all the millage to dollars and cents and what you are reading there is part of their one hundred and forty page amendment that was tacked on to Substitute Senate Bill No. 2346. You will find the conversion figures all the way through here of the millage to dollars and cents. From the front part. They did not touch Substitute Senate Bill No. 2346 in that regard."

REMARKS BY SENATOR MARDESICH

Senator Mardesich: "It might also be well to note that at least for the second year when the House version takes over there will be in effect some property tax relief, not too significantly so but there is some property tax relief in this measure for the second year of its application."

The Secretary called the roll on the final passage of Engrossed House Bill No. 186, and the bill passed the Senate by the following vote: Yeas, 26; nays, 18; absent or not voting, 1; excused, 4.

REPORT OF FREE CONFERENCE COMMITTEE

Mr. President:
Mr. Speaker:

We, of your Free Conference Committee, to whom was referred SUBSTITUTE SENATE BILL NO. 2328, adopting the operations and capital improvements budget for the state highway commission, have had the same under consideration, and we recommend that the bill be adopted as amended with the following changes:

The amendment beginning on page 5, section 3, line 11 will be changed as follows:

On line 10 of the amendment before "be" strike "will" and insert "may".

On line 11 of the amendment, after "purposes" strike "and Seattle-Bremerton ferry system service shall not be compromised during the demonstration period" and insert ": PROVIDED, HOWEVER, The ferry service existing at the time of the adoption of this 1973 Act serving Bremerton and Seattle and Winslow and Seattle shall not be diminished without the approval of the toll bridge authority, the legislative transportation committee, and the standing committees on transportation and utilities of the House and Senate".

On line 22 of the amendment, after "inter-modal" and before "project" insert "demonstration".

On line 27 of the amendment, after "all" and before "equipment" insert "capital".

On line 33 of the amendment, after "presented" and before "to" insert "by July 1, 1973".

Signed by: Senators Sandison and Guess; Representatives Perry, Beck and Berentson.
MOTION

Senator Sandison moved that the report of the Free Conference Committee on Substitute Senate Bill No. 2328 be adopted.

POINT OF INQUIRY

Senator Rasmussen: "Will Senator Sandison yield to a question? Did I understand you correctly, Senator Sandison, that we are going to buy the hydrofoil so the Governor can take the visiting governors for a ride at a rate of two million nine hundred and twenty-eight thousand dollars, plus the tax, plus buying the landing areas for both of those flying boats?"

Senator Sandison: "No. That is the end of your question?"

Senator Rasmussen: "As I read the bill that is what it says in there, yes. I am wondering if the Conference Committee took it out as the Senate directed. The Senate in their version of the bill struck the hydrofoils as being of no use in that run over to Bremerton."

Senator Sandison: "It was the feeling of the Conference Committee on this that ferries are very expensive and they are large and automobile ferries do not particularly serve the needs of the foot commuter. We are trying to, because of the environmental binge this country is on, cut down the use of automobiles as much as possible. It was felt, based on that, that an experimental hydrofoil, particularly with the heavy federal involvement in it, would probably be worthwhile."

Senator Rasmussen: "What you are saying, Senator, it is all right to throw away federal dollars. Could you tell me how many passengers these ferries, these flying boats will carry?"

Senator Sandison: "There are various sizes. The one that is being contemplated here will hold about one hundred passengers."

Senator Rasmussen: "I thought it was two hundred. That is my understanding, two hundred passengers. And the ferry boats that they are presently using are carrying a capacity load of two thousand to three thousand?"

Senator Sandison: "No, as a matter of fact the average ferry run across Puget Sound generally has about one hundred sixty to one hundred and sixty-five cars."

Senator Rasmussen: "Oh, well then, we will get rid of the ferries then? They are being wasted?"

Senator Sandison: "No. It is contemplated that the ferry system will continue to grow but there will still be a need for commuter foot traffic passage."

The motion by Senator Sandison carried and the report of the Free Conference Committee on Substitute Senate Bill No. 2328 was adopted.

ROLL CALL

The Secretary called the roll on the final passage of Substitute Senate Bill No. 2328, as amended by the Free Conference Committee, and the bill passed the Senate by the following vote: Yeas, 26; nays, 15; absent or not voting, 4; excused, 4.

SUBSTITUTE SENATE BILL NO. 2328, as amended by the Free Conference Committee, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

WHEREAS, Such delays in disposing of these homes would be unacceptable if they were under the control of private enterprise and steps would be taken to see that such blighted dwellings were not foisted upon our communities;
NOW, THEREFORE, BE IT RESOLVED, That the Senate of the State of Washington hereby urges the Federal Housing Administration to take such action as is necessary to expedite sales of repossessed homes in Pierce and King Counties especially, and in other areas of the state where dwellings are repossessed by the federal agency; and that such homes be sold at reasonable and fair prices so that those of our citizens of low and moderate incomes may have good, sound housing.

THIRTY-EIGHTH DAY, APRIL 15, 1973

MESSAGE FROM THE GOVERNOR

TO THE HONORABLE, THE SENATE OF THE STATE OF WASHINGTON.

GENTLEMEN:

I am returning herewith without my approval SENATE BILL NO. 2287 entitled:
"An Act Relating to school districts."

This bill would require that any school district, other than first-class school districts having an enrollment of 70,000 pupils or more in class AA counties, which have had an enrollment of 33,500 pupils or more for the past three consecutive years, must be divided into five director districts. Due to the narrowly drawn application language, this bill would apply only to the City of Tacoma.

If the concept of director districts is to be expanded, then the issue should be addressed in the context of more equal application across the state. For the foregoing reasons, I have determined to veto the entire act.

Respectfully submitted,

DANIEL J. EVANS
Governor.

MOTION

On motion of Senator Mardesich, the veto message from the Governor, together with Senate Bill No. 2287, was returned to the Committee on Rules.

MESSAGE FROM THE GOVERNOR

TO THE HONORABLE, THE SENATE OF THE STATE OF WASHINGTON.

(Through the Secretary of State)

GENTLEMEN:

I am returning herewith without my approval as to a certain item Senate Bill No. 2213 entitled:
"An Act Regulating the practice of nursing."

This act comprehensively reformulates the law relating to the regulation of nursing practice. This legislation has the effect of bringing the law up to date with many currently accepted nursing practices and building into the administrative processes sufficient flexibility to meet future needs of the profession.

Part of the basis of increased flexibility results from extending the authority and responsibility of the state board of nursing. That board shall consist of seven members and includes six nurses and one public member. In section five, subsection (1)(b)(i) through subsection (1)(b)(iv), the act details at considerable length the qualifications required of individual nurse members of the board. Without these subsections, there remain the requirements that nurse members be licensed under the act, have five years of practice and have actively practiced within two years of appointment. The further detailing of requirements in subsections (1)(b)(i) through (1)(b)(iv) of section five could unduly restrict representation on the board and therefore not serve the best interests of the people or the profession. Accordingly, I have determined to veto that portion of section five.

With the exception of subsections (1)(b)(i) through (1)(b)(iv) of section five, I have approved Senate Bill No. 2213.

Respectfully submitted,

DANIEL J. EVANS
Governor.
MOTION

On motion of Senator Mardesich, Senate Bill No. 2213, together with the Governor’s partial veto message, was ordered transmitted to the Secretary of State.

MESSAGE FROM THE GOVERNOR

TO THE HONORABLE, THE SENATE OF THE STATE OF WASHINGTON.
(Through the Secretary of State)

GENTLEMEN:

I am returning herewith without my approval as to one section Senate Bill No. 2360 entitled:

"An Act Relating to state government."

Senate Bill No. 2360 provides for the deletion and transfer of certain duties relative to the State Auditor. However, section seven purports to amend RCW 82.40.290 which was repealed by section 33, chapter 175, Laws of 1971, 1st Ex. Sess. Consequently, I have determined to veto section seven since it is superfluous and could create substantial confusion if allowed to stand.

Respectfully submitted,
DANIEL J. EVANS
Governor.

MOTION

On motion of Senator Mardesich, Senate Bill No. 2360, together with the Governor’s partial veto message, was ordered transmitted to the Secretary of State.

GOVERNOR'S MESSAGES ON SENATE BILLS
VEETOED AND PARTIALLY VEETOED

TO THE HONORABLE, THE SENATE OF THE STATE OF WASHINGTON.
(Through the Secretary of State)

GENTLEMEN:

I am filing herewith to be transmitted to the Senate at the next session of the Legislature, without my approval, SENATE BILL NO. 2036, entitled:

"An Act relating to the Department of Social and Health Services."

Senate Bill No. 2036 seeks to create within the Department of Social and Health Services a separate Division of Corrections. I have decided to veto this bill.

The bill as enacted has major technical problems. It would create a separate division responsible for "... all laws and programs within the department's jurisdiction and dealing with adult and juvenile corrections..." The intent apparently is to place in a single division all responsibilities of the department relating to adult institutions, adult parole and probation services, juvenile institutions and juvenile parole services. While some concern has been expressed by some legislators to the effect that it may be desirable to create a separate Division of Corrections, I know of little knowledgeable support for a Division of Corrections that would combine responsibility for both adult and juvenile programs. This historically has not been true within the State of Washington and more recent developments do not suggest the desirability of such adult and juvenile program consolidation.

The creation by statute of such a Division of Corrections would result in an inflexible structure that would make management of the Department of Social and Health Services more difficult, not easier. When the Legislature created the Department of Social and Health services it wisely did not mandate the internal structure of the department in order to allow a program and structural evolution in an area of state government where change has been occurring very rapidly. Now to begin to dictate the internal structure of this department will only encourage the further designation by statute of separate divisions for various other programs. The result of such a trend would be to discourage effective program coordination within the department.

The internal structure of the Department of Social and Health Services is an issue subject to periodic review. Inasmuch as a new Secretary for that department will be shortly appointed, I can assure you that upon his appointment the issue of whether there should be created a separate division for at least some elements of the corrections program will be directly considered.

For the reasons stated above, I have vetoed Senate Bill No. 2036.

Respectfully submitted,

DANIEL J. EVANS
Governor.

TO THE HONORABLE, THE SENATE OF THE STATE OF WASHINGTON.

GENTLEMEN:

I am returning herewith without my approval as to one section SENATE BILL NO. 2054 entitled:

"An Act relating to driver's licenses."

This bill provides for a ten dollar reinstatement fee in the event a person whose license has been suspended or revoked later asks for reinstatement. In addition, section two
provides that the act will take effect on July 1, 1973, but does not contain an emergency clause. This section could be operative only if the legislature adjourns on or before April 1st of this year. In order to avoid ambiguity, I have determined to veto section two.

With the exception of section two, Senate Bill No. 2054 is approved.

Respectfully submitted,
DANIEL J. EVANS
Governor.

TO THE HONORABLE, THE SENATE OF THE STATE OF WASHINGTON.
(Through the Secretary of State)

GENTLEMEN:

I am returning herewith, without my approval, SENATE BILL NO. 2084 entitled:
"An Act relating to the retirement of judges."

This bill would provide that a judge who had served over eight years, but less than twelve years, could add to his years in service, for the purpose of obtaining pension rights, the time spent in service as a judge pro tempore. The constrictions placed upon this bill would have the effect of benefiting very few judges. If pro tempore service as a judge is to be considered for the purpose of obtaining pension benefits, then it should be available for all of those who serve or none. The question should be decided by the Legislature and the decision made on an overall basis, not in the limited fashion this bill would provide.

Respectfully submitted.
DANIEL J. EVANS
Governor.

TO THE HONORABLE, THE SENATE OF THE STATE OF WASHINGTON.
(Through the Secretary of State)

GENTLEMEN:

I am returning herewith without my approval SENATE BILL NO. 2099 entitled:
"An Act relating to revenue and taxation."

This act would allow a fire protection district to submit to the vote of the residents of the districts a resolution to allow a service charge on all personal property and improvements to real property, up to an amount not more than that which would be raised by a one mill property tax levy, within the district during one year. There is no question that fire protection districts are in need of additional funding to carry out their duties. However, this bill is clearly an effort to avoid the constitutionally mandated 40 mill limit on property taxes. If this act were to be approved, the future would undoubtedly see many, if not all, other junior taxing districts attempting to achieve passage of similar legislation in the future; and the whole question of tax reform, only of a different kind, would be before us again.

The issue of adequate funding for fire protection districts is inextricably related to the issue of adequate funding for library districts and all other junior taxing districts. Any proposal to provide funding relief for one of these entities must, in order to be successful in solving the underlying problem, be comprehensive and take into account the similar problems of all junior taxing districts.

An interim study of the funding problems of these service districts, including the study of such districts' organizational structure, with the purpose of providing more efficiency, consolidation and cooperation as well as funding would be a viable beginning toward a complete solution to these problems.
Accordingly, for the reasons set out above, I have determined to veto Senate Bill No. 2099.

Respectfully submitted,
DANIEL J. EVANS
Governor.

TO THE HONORABLE, THE SENATE OF THE STATE OF WASHINGTON.
(Through the Secretary of State)

GENTLEMEN:

I am filing herewith to be transmitted to the Senate at the next session of the Legislature, without my approval as to one item, ENGROSSED SENATE BILL NO. 2153, entitled:

"An Act relating to community college districts."

Senate Bill No. 2153 amends the Community College Professional Negotiations Act and it represents the extensive efforts of the Joint Committee on Higher Education in conjunction with faculty organizations and administrators to develop needed procedural amendments to that act. This is desirable legislation which I fully support.

A floor amendment to section 2 of the bill was added in the Senate which provides that:

"It is further determined that any agreement involving union security including an all-union agreement or agency agreement must safeguard the rights of nonassociation of employees, based on bona fide religious tenets or teachings of a church or religious body of which such employee is a member."

This amendment then provides that such an employee must pay an amount of money equivalent to regular dues and initiation fees and assessments, if any, to a charitable organization.

The floor amendment added in the Senate is relatively standard language inserted where legislation authorizes an agency or union shop provision. However, Chapter 28B.52 RCW, of which this section will become a part, does not specifically authorize an agency or union shop. In fact, a section contained in that Chapter specifically states that there shall be no discrimination against academic employees or applicants for such positions because of their membership or non-membership in employee organizations.

The addition of this paragraph in section 2 could be interpreted as enlarging the scope of negotiations by allowing academic employees to negotiate an agency or union shop clause in collective bargaining agreements. I do not believe such a consequence should be allowed to occur as a result of an inference from language intended for an entirely different purpose.

If an agency or union shop clause could be negotiated under current law this language assuring religious freedom would be highly desirable. But, since there is not currently legal authorization for an agency or union shop, I have determined to veto the item contained within lines 20 through 33 of page 2 of Engrossed Senate Bill No. 2153.

With the exception of that item, the remainder of the bill is approved.

Respectfully submitted,
DANIEL J. EVANS
Governor.

TO THE HONORABLE, THE SENATE OF THE STATE OF WASHINGTON.
(Through the Secretary of State)

GENTLEMEN:

I am returning herewith, without my approval as to one item, SENATE BILL NO. 2183 entitled:

"An Act relating to business and professions."
This act will provide a system of certification of electricians and their apprentices at the state level, administered by the department of labor and industries. Section 17 of this act provides that it will not take effect until funds have been appropriated to implement its provisions. However, section 17 further provides that should the Governor veto section 17, or any item in section 17, then none of the provisions of the bill will take effect.

The language in section 17, prohibiting the act from taking effect if section 17 is vetoed, is patently unconstitutional and irrelevant. If given weight, such a provision would have the effect of prohibiting the use of the veto power wherever such language appeared. The veto power of the Governor is based in, and authorized by, the State Constitution. To suggest that this language, adopted by a majority vote, could prohibit the exercise of a constitutionally granted power is to suggest that the legislature can amend the Constitution by a majority vote, rather than two-thirds vote, and without referring such amendment to the people. Inasmuch as section 17 is so clearly unconstitutional, and as such is superfluous and constitutes only extra verbiage, I have determined to veto it.

With the exception of section 17, which I have vetoed for the reasons set out above, the remainder of Senate Bill No. 2183 is approved.

Respectfully submitted,

DANIEL J. EVANS
Governor.

TO THE HONORABLE, THE SENATE OF THE STATE OF WASHINGTON.
(Through the Secretary of State)

GENTLEMEN:

I am returning herewith without my approval as to a certain item SENATE BILL NO. 2213 entitled:

"An Act regulating the practice of nursing."

This act comprehensively reformulates the law relating to the regulation of nursing practice. This legislation has the effect of bringing the law up to date with many currently accepted nursing practices and building into the administrative processes sufficient flexibility to meet future needs of the profession.

Part of the basis of increased flexibility results from extending the authority and responsibility of the state board of nursing. That board shall consist of seven members and includes six nurses and one public member. In section five, subsection (1)(b)(i) through subsection (1)(b)(iv), the act details at considerable length the qualifications required of individual nurse members of the board. Without these subsections, there remain the requirements that nurse members be licensed under the act, have five years of practice and have actively practiced within two years of appointment. The further detailing of requirements in subsections (1)(b)(i) through (1)(b)(iv) of section five could unduly restrict representation on the board and therefore not serve the best interests of the people or the profession. Accordingly, I have determined to veto that portion of section five.

With the exception of subsections (1)(b)(i) through (1)(b)(iv) of section five, I have approved Senate Bill No. 2213.

Respectfully submitted,

DANIEL J. EVANS
Governor.

TO THE HONORABLE, THE SENATE OF THE STATE OF WASHINGTON.
(Through the Secretary of State)

GENTLEMEN:

I am filing herewith to be transmitted to the Senate at the next session of the Legislature, without my approval as to certain items, SUBSTITUTE SENATE BILL NO. 2226, entitled:
"An Act relating to the lease and rental of property."

This act establishes an elaborate set of contractual relationships between landlords and tenants in residential dwellings. The provisions include regulation of security and damage deposits, conditions under which a tenant may be evicted, dispute settlement between landlords and tenant with regard to the conditions of the premises, and other general responsibilities of tenants and landlords.

Section 6 of the bill sets out obligations. Subsection one requires the landlord to maintain the premises in compliance with applicable codes, statutes or ordinances, but only if such conditions substantially endanger or impair the health or safety of the tenant. This creates a difficult burden of proof for any tenant and would not only deter tenants from using these codes, but could also deprive them of a remedy in many cases of code violation. In subsection four, the landlord is required to provide a reasonable program for control of infestation by insects, rodents and other pests, but exempts single family residences. Since the provision does not require the landlord to control infestation caused by the tenant, there is no reason for exempting single family residences from this provision, and consequently I have vetoed it.

In section 7 the landlord is required to commence remedial action to keep the premises of a tenancy fit for human habitation. This section is designed to meet the problem of landlords who repeatedly promise repairs but fail to meet those promises. The item consisting of the final four lines in this section provides that the time limitation set forth for remedial action will not be applicable where the landlord fails to meet specified deadlines because of circumstances beyond his control. This has the effect of exempting the landlord from the requirements previously set forth without adequate justification, and I have determined to veto it.

In section 8 the tenant is required to be current in the payment of rent, including all utilities he has agreed to pay in the rental agreement, before he may exercise any remedies under this act. In an act which is designed to regulate the relationship between landlords and tenants it is inappropriate that there should also be a requirement that the tenant pay his bills to third parties in order to exercise his rights. Consequently I have vetoed that provision.

In section 11 the court or arbitrator may authorize further corrective repairs for a defective condition if the landlord has not corrected them within a specified time. However, the section limits the court or arbitrator's authority to set the actual value of repairs needed. Decisions will vary with individual circumstances and arbitrary restrictions should not be set upon the court or arbitrator in this regard, when the requirements are clearly otherwise. Accordingly, that item establishing that restriction is vetoed.

In section 19 the landlord is required to give notice to the tenant of any tenant-caused defect which the landlord wants remedied. The language as it reads implies that where a landlord has accepted performance by the tenant, even though at variance with the terms of the rental agreement, he may nevertheless serve notice that he is instituting steps to require compliance with the rental agreement. This allows landlords to repudiate their own agreements, and is without justification. Consequently, I have vetoed this item.

In section 23 a landlord is prohibited from taking or detaining the personal property of a tenant unless the tenant has given specific consent to such taking or detention. Such provision may well encourage landlords to coerce tenants into allowing their possessions to be taken as security for overdue rent. In another portion of the same section there is a requirement that the tenant give a written demand to the landlord for the return of his personal property before he may be granted relief. The effect of such language is to allow a landlord to seize the tenant's personal property without penalty if the property is returned after receipt of a written notice. These items are unjustified and I have vetoed them.

In section 24 the landlord is prohibited from taking retaliatory action against the tenant because of any good faith and lawful complaint to a governmental authority concerning the landlord's failure to comply with applicable codes, statutes or ordinances; but only if such failure would endanger or impair the health or safety of the tenant. Since it is in the interest of regulatory authorities to receive such complaints, this limitation violates public policy. A tenant should be free to make any good faith report of any violation. In addition, this section provides that reprisal and retaliatory action, as defined, excludes
eviction of the tenant when the landlord has given 20-days' notice to terminate such tenancy. This provision clearly renders the prohibition on retaliatory action meaningless. Therefore, both items are vetoed.

Section 25 further defines retaliatory action by the landlord and creates certain presumptions. One presumption is raised against the tenant if the tenant makes a complaint to a government agency within 90 days of an increase in rent. Thus, for 90 days after an increase in rent a tenant would be deterred from making a good faith complaint of any violation of law for fear a landlord might retaliate. Obviously, this would unduly discourage such complaints and is against public policy. Accordingly, I have vetoed this item.

Section 31 establishes the landlord's rights where the tenant has abandoned the premises. One item would allow costs incurred in re-renting the premises, together with statutory court costs and reasonable attorney's fees, to be charged back against the tenant. Such a provision goes far beyond even the common law and cannot be justified. I have therefore vetoed it.

Section 43 establishes a procedure for exempting those who rent a single family dwelling from the requirements of the act. Section 36 already establishes such a procedure, and there is no need for this additional provision. Consequently, I have vetoed section 43.

Section 47 provides that this act shall not apply to any lease or periodic tenancy entered into prior to the effective date of the act. Many tenancies are entered on a periodic basis and there is no sufficient reason to exempt existing tenancies from the provisions of this act. Accordingly, I have vetoed this section.

With the exceptions noted above, I have approved the remainder of Substitute Senate Bill No. 2226.

Respectfully submitted,

DANIEL J. EVANS
Governor.

TO THE HONORABLE, THE SENATE OF THE STATE OF WASHINGTON.
(Through the Secretary of State)

GENTLEMEN:

I am returning herewith, without my approval as to one item, SENATE BILL NO. 2256 entitled:

"An Act relating to juvenile services."

Section one of this act was requested by the department of social and health services to clarify some of the provisions relating to the juvenile probation subsidy program.

Section two, which was not part of the departmental request, would allow housing authorities to use their funds to establish and operate group homes for juvenile parolees and the developmentally disabled. While this provision is indeed a laudable effort to provide varied settings for rehabilitation and care of juveniles and the handicapped, an item in that section would require that if medical care were provided in the homes, the homes would have to meet standards of a skilled nursing home. Additionally, the item would terminate the authority granted by this section on February 15, 1974.

The language relating to medical care and requiring standards of a skilled nursing home is both inappropriate and irrelevant. "Medical care" could mean a doctor's house call, administration of a shot, or treatment of a sore throat. Obviously, the medical standards required of nursing homes are not necessary to the kind of treatment likely to be given in a group home. Group homes are not and would not be medically oriented nor provided for a medical purpose. Additionally, there seems to be no justifiable purpose to grant this authority in this act and then terminate it on February 15, 1974. If provision of group homes is a worthy idea, which it is, then there is no justification for this language.

Accordingly, for the reasons set out above, I have determined to veto that item in
section two of Senate Bill No. 2256. With that exception, the remainder of the bill is approved.

Respectfully submitted,
DANIEL J. EVANS
Governor.

TO THE HONORABLE, THE SENATE OF THE STATE OF WASHINGTON.

GENTLEMEN:

I am returning herewith without my approval SENATE BILL NO. 2287 entitled:
"An Act relating to school districts."

This bill would require that any school district, other than first-class school districts having an enrollment of 70,000 pupils or more in class AA counties, which have had an enrollment of 33,500 pupils or more for the past three consecutive years, must be divided into five director districts. Due to the narrowly drawn application language, this bill would apply only to the City of Tacoma.

If the concept of director districts is to be expanded, then the issue should be addressed in the context of more equal application across the state. For the foregoing reasons, I have determined to veto the entire act.

Respectfully submitted.
DANIEL J. EVANS
Governor.

TO THE HONORABLE, THE SENATE OF THE STATE OF WASHINGTON.

(Through the Secretary of State)

GENTLEMEN:

I am filing herewith to be transmitted to the Senate at the next session of the Legislature, without my approval, ENGROSSED SENATE BILL NO. 2326, entitled:
"An Act relating to state government."

The principal objectives of this bill are to authorize the State Auditor to undertake performance audits when such audits may be required by the federal government as a condition for the receipt or expenditure of federal funds by any state agency and to authorize the State Auditor to make recommendations to the Legislature in accomplishing its performance audit responsibilities if the Auditor during the course of his regular fiscal-legal audits observes questionable financial management practices.

I am satisfied there are presently no federal requirements that performance audits must be conducted by the same state agency which is responsible for fiscal-legal audits. The State Legislature is currently developing the capacity to undertake performance audit responsibilities, a development which I support as part of a desirable expanding role of the Legislature in program evaluation.

I am further satisfied that the State Auditor is currently not prohibited from making recommendations to the Legislature in aid of the legislative performance audit functions should the State Auditor observe questionable financial management practices within state government.

Accordingly, I do not see the necessity nor desirability of this legislation and therefore for the reasons stated above I have vetoed Engrossed Senate Bill No. 2326.

Respectfully submitted.
DANIEL J. EVANS
Governor.
APPENDIX

TO THE HONORABLE, THE SENATE OF THE STATE OF WASHINGTON.
(Through the Secretary of State)

GENTLEMEN:

I am filing herewith to be transmitted to the Senate at the next session of the Legislature, without my approval as to several items, ENGROSSED SUBSTITUTE SENATE BILL NO. 2328, entitled:

"An Act relating to highways."

Engrossed Substitute Senate Bill No. 2328, as passed by the Legislature, provided operating and capital appropriations for the Department of Highways, the Toll Bridge Authority, and the Urban Arterial Board for the biennial period fiscal 1974 and 1975.

I have signed Engrossed Substitute Senate Bill No. 2328 with the following exceptions:

Page 2, section 1, line 12, beginning with "PROVIDED FURTHER" and continuing through the remainder of page 2, all of page 3, and through line 29 of page 4, ending with the word "system"; delete entirely, as follows:

"PROVIDED FURTHER, That the highway commission is hereby authorized and directed to expend $4,000,000, or so much thereof as may be necessary and available, for construction of the four-lane facility on State Route 16 between milepost 18.93 near Olympic Drive and milepost 26.78 near Tremont Road if the highway commission encounters unavoidable delays in designing, acquiring right of way, or constructing state highway improvements as provided in the budget of the highway commission adopted by this act:

PROVIDED FURTHER, That the highway commission is hereby authorized and directed to expend $100,000, or so much thereof as may be necessary, for design of the required number of snowsheds and approach roadways on State Route 20 between Newhalem and the vicinity of Diablo; and that the highway commission is further authorized and directed to expend $1,500,000, or so much thereof as may be necessary and available, for construction of the required number of snowsheds and approach roadways on State Route 20 between Newhalem and the vicinity of Diablo if the highway commission encounters unavoidable delays in designing, acquiring right of way, or constructing state highway improvements as provided in the budget of the highway commission adopted by this act: PROVIDED FURTHER, That the Highway Commission is hereby authorized and directed to expend $731,500 or so much thereof as shall be necessary and available for overlays and other construction improvements on SR 27 from the south city limits of Tekoa to the north city limits of Fairfield, if the highway commission encounters unavoidable delays in designing, acquiring right of way, or constructing state highway improvements as provided in the budget of the highway commission adopted by this act: PROVIDED FURTHER, That, in view of the imminent plans of the city of Seattle for construction of the West Seattle freeway, the highway commission is hereby authorized and directed to expend not to exceed $1,000,000 or so much thereof as may be necessary and available for preliminary engineering and design of that portion of the West Seattle freeway interchange with SR 99 which the highway commission finds to be a state responsibility if the highway commission encounters unavoidable delays in designing, acquiring right of way, or constructing state highway improvements as provided in the budget of the highway commission adopted by this act: PROVIDED FURTHER, That, in view of the fact that traffic on SR 20 between SR 5 and Sedro Woolley exceeds capacity by ten percent and with the opening of the North Cascades highway is expected to exceed capacity by eighty-five percent in 1973, the highway commission is hereby authorized and directed to expend not to exceed $900,000 or so much thereof as may be necessary and available for preliminary engineering, design and acquisition of right of way for SR 20 from a junction with SR 5 to Sedro Woolley if the highway commission encounters unavoidable delays in designing, acquiring right of way, or constructing state highway improvements as provided in the budget of the highway commission adopted by this act: PROVIDED FURTHER, That the highway commission is hereby authorized and directed to expend $140,000 or so much thereof as may be necessary for construction of an additional lane to make a three lane off-ramp for northbound traffic on SR 5 in south Snohomish county at northeast 205th
street at Swamp Creek if the highway commission encounters unavoidable delays in designing, acquiring right of way, or constructing state highway improvements as provided in the budget of the highway commission adopted by this act: PROVIDED FURTHER, That the highway commission is hereby authorized and directed to expend approximately $2,000,000 or so much thereof as may be necessary for design, right of way acquisition and construction of a connecting roadway between SR 164 in the vicinity of the Auburn Academy and connecting with SR 18 by the most direct route if the highway commission encounters unavoidable delays in designing, acquiring right of way, or constructing state highway improvements as provided in the budget of the highway commission adopted by this act: PROVIDED FURTHER, That the highway commission is hereby authorized and directed to designate that portion of SR 395 between Pasco and Connell to its proper priority within its functional class in order to substantially complete programmed construction improvements for the 1973-79 period no later than July 1, 1975, if the highway commission encounters unavoidable delays in designing, acquiring right of way, or constructing state highway improvements as provided in the budget of the highway commission adopted by this act: PROVIDED FURTHER, That no moneys as appropriated herein shall be expended during the 1973-75 biennium on the Mottman Interchange on Highway 101, being Project No. 132C of PROGRAM C, CONSTRUCTION and moneys appropriated herein for such Mottman Interchange as foresaid shall be expended for location, design, right of way and construction of the Randall Road Interchange on Highway 101, being Project No. 132A; AND PROVIDED FURTHER, That if any moneys herein appropriated are expended for the location, design, or construction of an additional lane or lanes to state route number 522 between N.E. 110th Street and 68th Avenue N.E. then such location, design or construction shall permit and encourage the exclusive use of such lane or lanes during peak traffic periods by motor vehicles which are a part of an urban mass transit system.”

On page 7, section 3, lines 15 through 20, I have vetoed the following item: following the word “waters”: “PROVIDED, That only expenditures up to $1,000,000 shall be made from funds authorized by this appropriation from the Puget Sound Capital Construction account until all funds expended by the State Highway Commission in accordance with section 4, chapter 290, Laws of 1971 extraordinary session have been repaid to the Motor Vehicle Fund to be used for state highway purposes.”

On page 8, section 3, lines 21 through 31, following “tolls”, delete: “PROVIDED FURTHER, That any moneys accruing to the Puget Sound ferry operations account in excess of this appropriation and any part of this appropriation that will be unexpended pursuant to certification by the toll bridge authority or highway commission to the office of Program Planning and Fiscal Management shall forthwith be transferred from said account and the total of such moneys shall be distributed as follows:
(a) ten percent to the cities and towns of the state;
(b) thirty-three percent to the counties of the state; and
(c) fifty-seven percent to the state to be expended as provided by RCW 46.68.130:”

On pages 8 and 9, Section 3, lines 32 through 33 on page 8 and lines 1 through 8 on page 9; beginning with “PROVIDED” and ending with “Townsend”:

“PROVIDED FURTHER, That there is hereby appropriated from the Motor Vehicle Fund to the toll bridge authority the sum of ninety thousand dollars to purchase prior to September 1, 1973, of the assets of Olympic Ferries, Inc., such assets to include all ramps, docks, piers, loading and unloading facilities and real property interests used therewith and further to include the certificate of convenience and necessity for ferry service between Port Townsend and Keystone and further to include any other assets but not to include a warehouse or storage facility located in the vicinity of Port Townsend.”

I have stricken the first item for the purpose of maintaining the integrity of the legislatively-mandated priority program system. The legislative declaration of purpose expressed intent very succinctly as to the requirement for such a system.

RCW 47.05.010 “The legislature finds that anticipated revenues available for state highways for the forseeable future will fall substantially short of the amount required to satisfy all of the state highway needs. It is the purpose of this chapter to establish a policy of priority programming for highway development having as its basis the rational selection
of projects according to factual need, systematically scheduled to carry out defined objectives within limits of money and manpower, and fixed in advance with reasonable flexibility to meet changed conditions."

I find that with such scarcity of funds as cited above becoming even more pressing, and the requirements for evaluation correspondingly more essential, I have stricken these provisions that relate to specific projects in order to preserve the methodology of systematic planning in the state process. Therefore, it is recognized that these projects will be specifically evaluated in the on-going highway planning process. I am confident that as a result of such review a number of these projects will be initiated or accomplished in the next biennium.

In recent years there has been concern expressed regarding the potential influence of the Governor should he be in a position to appoint the Secretary of a Department of Transportation. I find it difficult to reconcile this concern with the large number of special interest projects that I have just deleted from this portion of SSB 2328.

The second item, detailing as priority the repayment of the 1971 ferry construction loan, has been stricken. After consultation with the affected agency, I have stricken this to enable the state to acquire federal funds, if available, and thus to achieve a significant experiment in cross-sound transportation. The loaned funds are secure to the highway system of the state; and at the same time, a major advance in citizen facilities and convenience is made possible.

Item three provided for redistribution of excess to appropriation or required Puget Sound ferry operations account funds. After review of the entire budget, I have stricken this provision for the following reasons. First, the fast passenger boat experiment is an unknown cost factor. Until such time as the operational cost estimates have been compiled, such a redistribution would constitute a hazard to the effort. Second, the ferry operation, in its entirety, is under review. Finally, I note that the transportation study bill, Engrossed Substitute Senate Bill No. 2748 calls for a study of the total funding system for transportation as well as the requirement for a separate study of the various ferry funding mechanisms. Such a redistribution would thus be premature.

The fourth item stricken is that of mandating the terms and conditions of acquisition of a portion of the assets of Olympic Ferries, Inc., Chapter 44, Laws of 1972, Second Extraordinary Session, authorized the Toll Bridge Authority and the Highway Commission to operate a ferry service between Port Townsend and Keystone in the event that the present privately owned corporation operating the service discontinued service and surrendered its certificate of convenience and necessity. This has not occurred. The terms of purchase listed in the subject proviso include purchase of the said certificate, which constitutes essentially purchase of a privilege which is given by the state on the condition that requirements of the public are met. Until such time as the subject private operator determines that he no longer wishes to provide the service, the terms of Chapter 44, Laws of 1972 (2nd Ex. Sess.) should prevail. At that point, the citizens of the State of Washington should not be required to purchase a privilege which they have granted but which is no longer desired by the holder. In summary, the possible purchase by the state of this operation should be determined by existing statutes and negotiations as to the value of assets.

With the exception of the items described above, the remainder of the bill is approved.

Respectfully submitted,

DANIEL J. EVANS
Governor.

TO THE HONORABLE, THE SENATE OF THE STATE OF WASHINGTON.

GENTLEMEN:

I am returning herewith without my approval Senate Bill No. 2339 entitled:

"An Act relating to state government."

This bill would establish an advisory council, composed of ten members, to the
director of the department of fisheries. Nine of the ten members would be appointed by the legislative interim committee on fisheries, game and game fish, or in the event that committee does not exist, by the standing committees on natural resources.

The provisions contained in this bill for appointment of advisory council members conflicts with the traditional limits of the doctrine of separation of powers between the legislative and executive branches of government. Moreover, there already exists an advisory committee to the department established by executive action. In addition, the standing committees of the legislature, having independence and the authority of legislative review, are better able to serve the purposes with which this proposed advisory council would be charged.

Accordingly, for the reasons set out above, I have determined to veto Senate Bill No. 2339.

Respectfully submitted,
DANIEL J. EVANS
Governor.

TO THE HONORABLE, THE SENATE OF THE STATE OF WASHINGTON.
(Through the Secretary of State)

GENTLEMEN:

I am returning herewith without my approval as to one section SENATE BILL NO. 2360 entitled:

"An Act relating to state government."

Senate Bill No. 2360 provides for the deletion and transfer of certain duties relative to the State Auditor. However, section seven purports to amend RCW 82.40.290 which was repassed by section 33, chapter 175, Laws of 1971, 1st Ex. Sess. Consequently, I have determined to veto section seven since it is superfluous and could create substantial confusion if allowed to stand.

Respectfully submitted,
DANIEL J. EVANS
Governor.

TO THE HONORABLE, THE SENATE OF THE STATE OF WASHINGTON.
(Through the Secretary of State)

GENTLEMEN:

I am returning herewith, without my approval as to two items, SUBSTITUTE SENATE BILL NO. 2365 entitled:

"An Act relating to emergency medical care and health services."

This act will provide that the citizens of our state will be able to receive standardized higher quality emergency medical services. Section four of the act establishes an emergency medical and ambulance review committee consisting of nine members appointed by the Governor. Section four also provides that, of the nine members on the committee, two must be from fire departments, two must be private ambulance owners, two must be licensed physicians, two must be from the consuming public and one must be a hospital administrator. While representation on the committee from such groups is both worthwhile and needed, the requirement that only such members may be appointed could well work to the disadvantage of the public should it prove worthwhile to appoint individuals from other interested areas in the future.

Section eleven of the act provides for the granting of a certificate of qualification as an emergency medical technician and requires a fee to be established, paid by the applicant, for the certificate. The section exempts volunteer firefighters and volunteer ambulance personnel from the requirement of paying the fee. Such exemption is both laudable and in
the public interest; however, it does not take into account the numerous other types of volunteer personnel which would desire and need the certificate of qualification and should be equally exempt from the payment of a fee. Deletion of the item referring to firefighters and ambulance personnel will allow all volunteer personnel to be exempt from the fee.

Accordingly, for the reasons set out above, I have determined to veto the two items in sections four and eleven of this act. With those exceptions, Substitute Senate Bill No. 2365 is approved.

Respectfully submitted,
DANIEL J. EVANS
Governor.

TO THE HONORABLE, THE SENATE OF THE STATE OF WASHINGTON.
(Through the Secretary of State)

GENTLEMEN:

I am returning herewith, without my approval as to one item, SENATE BILL NO. 2435 entitled:

"An Act relating to public health."

This act creates an alcoholism advisory board for the Department of Social and Health Services and also provides a mechanism for program funding at the county level for those counties which desire it. Section four of the bill establishes a distribution formula for the funds appropriated to the department for alcoholism. The formula allows ten percent of the funds for administration, twenty percent for pilot and statewide programs and the balance to be allocated to the counties based on the ratio of liquor taxes and profits derived from a county to the taxes and profits derived from the sale of liquor statewide. This formula is unduly restrictive in that it would not allow for the continued funding of existing statewide and pilot programs. Additionally, the ratio established for county allocation varies widely from period to period, making it very difficult for the counties to do meaningful planning for future needs. With these considerations in mind, it would be appropriate for the legislature to reconsider the formula between now and next September and at that time establish a more viable method for allocating these funds to the counties.

Accordingly, for the reasons set out above I have determined to veto section four of Senate Bill No. 2435.

Respectfully submitted,
DANIEL J. EVANS
Governor.

TO THE HONORABLE, THE SENATE OF THE STATE OF WASHINGTON.
(Through the Secretary of State)

GENTLEMEN:

I am returning herewith without my approval as to one section SENATE BILL NO. 2459 entitled:

"An Act relating to domestic relations."

This bill creates rights and processes relating to the custody of children, which recognizes that neither parent may be absolutely barred from custody of a child. The necessity for this legislation arises from the decisional law of the U.S. Supreme Court, which has held that the fact of non-marriage between parents is not sufficient grounds to deny a father all chance of having custody of his children.

As a direct consequence of the decision of the Supreme Court, fathers must now be given adequate notice of proceedings, within the meaning of the due process clause of the Constitution, when their illegitimate children are put up for adoption. Failure to give such
notice can mean that adoptive parents may lose their child at some point in the future if the parent who was not notified attacks the adoption in court. The processes and procedures provided for in this act are designed to render as secure as possible any adoption which is finalized in a legal manner.

Section ten of the act further provides that a parent who successfully attacks an adoption to obtain custody of the adoptive child must pay the adoptive parents all direct and indirect costs of child support which the adoptive parents had previously incurred. Section eleven provides that, before a natural parent may file suit to obtain custody of his child from adoptive parents, he must file a bond in the amount of $100 a month for every month the adoptive parents had custody of the child, such bond to be security for any damages which might be adjudged under section ten. Section eleven clearly discriminates against those persons who have insufficient resources to obtain the bond, preventing those persons from even getting into a court to test the merits of their claim. The random impact of such a provision, denying only those who have limited resources full access to the courts, deters the basic function of the judicial system, to decide the issues of a law suit on its merits. Accordingly, I have determined to veto section eleven for the reasons set forth above.

With the exception of section eleven, I have approved Senate Bill No. 2459.

Respectfully submitted,

DANIEL J. EVANS
Governor.

(Through the Secretary of State)

GENTLEMEN:

I am returning herewith without my approval of certain items SENATE BILL NO. 2502 entitled:

"An Act relating to equal rights."

This act amends the laws of our state to bring them into conformity with the requirements of House Joint Resolution No. 61, approved by the people at the last general election, which provides for equality of rights among men and women. Within this act, amendments found in section 37, 40, 41, 42 and 43 technically conflict with amendments to the same statutes found in Senate Bill No. 2459 which I have previously approved. Senate Bill No. 2459 accomplishes the same intent as this act and also adds language pertinent to the intent of that particular bill. Additionally, amendments are made in sections 30, 31, 32 and 33 of this act to sections of law which are repealed by House Bill No. 392, an act relating to divorce. Inasmuch as I have approved House Bill No. 392, it would be inappropriate to leave those sections in this act.

Accordingly, for the reasons set out above I have determined to veto sections 30, 31, 32, 33, 37, 40, 41, 42 and 43 of Senate Bill No. 2502.

Respectfully submitted,

DANIEL J. EVANS
Governor.

TO THE HONORABLE, THE SENATE OF THE STATE OF WASHINGTON.
(Through the Secretary of State)

GENTLEMEN:

I am returning herewith, without my approval as to one section, SUBSTITUTE SENATE BILL NO. 2600 entitled:

"An Act relating to intoxicating liquor."

This bill was requested by the liquor control board and has the effect of modernizing
and clarifying many of the statutes relating to their operation. Section two of the bill, which was not originally in the bill, would prohibit the board from employing any person who is receiving a pension in the amount of four hundred dollars or more. This restriction, if valid at all, should be applied to all state employees if it is to be adopted, not just liquor control board employees. Consequently, such a provision belongs in the laws relating to the personnel board rather than this act.

Accordingly, I have determined to veto that item consisting of section two for the reasons set out above. With that exception, Substitute Senate Bill No. 2600 is approved.

Respectfully submitted,

 DANIEL J. EVANS
Governor.

TO THE HONORABLE, THE SENATE OF THE STATE OF WASHINGTON.
(Through the Secretary of State)

GENTLEMEN:

I am filing herewith to be transmitted to the Senate at the next session of the Legislature, without my approval as to one item, ENGROSSED SUBSTITUTE SENATE BILL NO. 2748, entitled:

"An Act relating to transportation; describing powers and duties of transportation agencies; providing for transportation studies; adding new sections to Chapter 44.40 RCW; making an appropriation; and declaring an emergency."

This bill authorizes interim studies of various transportation related issues by the Legislative Transportation Committee and/or the Senate and House Transportation and Utilities Committees.

Section 3 of the bill authorizes these committees to enter into contracts on behalf of the state to carry out the purposes of the act. In addition, section 3 provides that the committees "may act for the state in the initiation of or participation in any multi-governmental agency program relative to transportation planning, programming or budgeting, or other purposes of this chapter."

I have determined to veto that item in section 3 quoted above. There are both policy and, in some circumstances, constitutional objections to a legislative committee having the authorization to act for the state in multi-governmental programs. Such federal-state-local governmental arrangements clearly involve executive functions and for a legislative committee to be contracting for the state in such matters would clearly violate the traditional limits of the separation of powers between the legislative and executive branches of government.

With the exception of the described item in section 3, the remainder of the bill is approved.

Respectfully submitted,

 DANIEL J. EVANS
Governor.

TO THE HONORABLE, THE SENATE OF THE STATE OF WASHINGTON.
(Through the Secretary of State)

GENTLEMEN:

I am filing herewith to be transmitted to the Senate at the next session of the Legislature, without my approval as to one item, SUBSTITUTE SENATE BILL NO. 2800, entitled:

"An Act adopting the budget for the Department of Social and Health Services and allied agencies; making appropriations and authorizing expenditures for the operations of the department and allied agencies for the fiscal biennium beginning July 1, 1973, and
ending June 30, 1975; designating effective dates for certain appropriations; and declaring an emergency."

The specific item which I have vetoed is the phrase "in combination with the protective services program" which appears in Section 2, page 5, lines 8 and 9. I have vetoed the phrase in order to correct a technical error which would lead to accounting and programming problems. The Child Protective Services Program technically does not exist as a separate and distinct accounting or program entity in the Department but is part of the broad-ranged Community Social Services Program. This amendment simply allows the Department to continue the program as part of the Community Services Program.

With the exception of the item described above, the remainder of the bill is approved.

Respectfully submitted,
DANIEL J. EVANS
Governor.

TO THE HONORABLE, THE SENATE OF THE STATE OF WASHINGTON.
(Through the Secretary of State)

GENTLEMEN:

I am filing herewith to be transmitted to the Senate at the next session of the Legislature, without my approval as to certain items, SUBSTITUTE SENATE BILL NO. 2854, entitled:

"An Act adopting the budget for certain state agencies; making appropriations and authorizing expenditures for the operations of certain state agencies for the fiscal biennium beginning July 1, 1973, and ending June 30, 1975; designating effective dates for certain appropriations; and declaring an emergency."

The specific items which I have vetoed are as follows:

(1) Attorney General. On page 4, line 5, and also on page 27, line 24, I have vetoed the word "General."

In making the appropriation to the Attorney General for operation of his office during the 1973-75 biennium in Section 14, and also in appropriating funds for additional state contributions for employee health insurance in Section 86, the Legal Services Revolving Fund has erroneously been referred to as the "General Legal Services Revolving Fund." To correct this reference, I have vetoed the word "General."

(2) Horse Racing Commission. On page 9, line one, I have vetoed the phrase, "at any race meet," and on line three, the phrase, "at such meet."

The purpose of the horse racing commission is to properly regulate and protect the interests of the citizens of this state and I do not believe it would be wise to restrict the amount of funds to do that job below the minimum necessary to assure adequate regulation.

By deleting these two phrases, I have concurred in the Legislature's intent to reduce and place a limit upon the regulatory expenses of the Horse Racing Commission to three-fourths of one percent of the total parimutuel handle. This will allow the commission sufficient funds to effectively regulate racing activity at each individual track throughout the state.

On page 9, beginning on line 26, I have vetoed the proviso preventing the Horse Racing Commission from employing an Executive Secretary to administer and enforce the laws and regulations governing the conduct of horse racing and parimutuel wagering in this state. The state parimutuel tax, collected and administered by the Horse Racing Commission, amounts to about $4,000,000 per biennium. Regulating horse racing and parimutuel wagering for the public is a great responsibility, requiring several professional and technical skills which are required on a full time basis. The three-member Horse Racing Commission, whose purpose is to enforce the Horse Racing Act of 1933, through adjudicative proceedings, does not serve on a full time basis. A competent full-time administrator, serving at the pleasure of the Commission, is absolutely necessary to assist the Horse Racing Commission to effectively carry out its mission.

(3) Utilities and Transportation Commission—Grade Crossing Protection. In Section
38, page 10, lines 11 through 13, I have vetoed the language ""PROVIDED FURTHER, That no expenditures may be made from this appropriation after July 1, 1973 . . . ."

During review of the appropriation to the Utilities and Transportation Commission for installation of grade crossing protective devices, the Legislature determined that specific authority should be given to the Commission to make advance orders for protective devices. It appears the Legislature also intended that even though orders for protective devices might be placed prior to the end of the current biennium, actual expenditures should not be made until after July 1, 1973. In adding the restriction on expenditures, however, the Legislature inadvertently included language that prevents the expenditure of any funds appropriated for grade crossing protection devices after July 1, 1973. I am convinced there was no intent to prohibit expenditures for this desirable program during the 1973-75 biennium. The language deleted removes this prohibition against the expenditure of funds during the 1973-75 biennium while still permitting the Commission to make advanced orders for protective devices as intended by the Legislature.

(4) Superintendent of Public Instruction-Special Levy Relief. I have deleted Section 43 which appears on pages 10 and 11 in its entirety.

This section appropriates $40 million to the Superintendent of Public Instruction to be distributed as prescribed by the Legislature for special levy relief. The Legislature did not prescribe how the funds are to be distributed, however, and lacking that direction, the Department cannot make any distribution from the proposed appropriation. The section is therefore inoperative.

In addition to the defect noted above, I have concluded that the possible budgetary ramifications of providing these funds for special levy relief at this time are offset by the undesirable consequences which might flow from that decision even if the funds could be distributed. Although the Legislature apparently intended to provide funds, for special levy relief through reductions made in the appropriations for a number of agencies, this proposed appropriation could place the entire budget in jeopardy and might well leave us in the near future facing the unhappy alternatives of either ratable reductions in Public Assistance or higher taxes. The Public Assistance caseloads projected in the budget that I submitted to the 1973 Legislature reflected a substantial decline in the rate of growth we have experienced over the past several years. These conservative estimates of caseloads were reduced further by the Legislature to a level which appears unrealistic. In spite of the fact that a $10.5 million contingency appropriation was provided in the event that caseloads exceeded those estimated by the Legislature, the appropriation for public assistance recipients remain some $17 million below the conservative needs contained in my budget request.

If the public assistance caseloads exceed those funded by the Legislature, the state might well be faced with either ratable reductions in payments to public assistance recipients or increased taxes to fund the higher caseloads.

Clearly, a tax increase would defeat the very purpose sought by the Legislature in proposing special levy relief. Moreover, I cannot believe that the taxpayers of the state would favor reductions in the payments made to elderly, handicapped, and disadvantaged persons, who have faced great difficulties in living on a fixed income during a period of sharply increasing costs of living.

Although I agree completely with the general intent evidenced by this attempt to reduce special levies for school purposes, the proposed appropriation might not only jeopardize the entire 1973-75 budget, but it is also premature. The Legislature will meet in September of this year and also in January of 1974. The September meeting will afford an opportunity to review revenues and public assistance caseloads to see at that time if relief of this type can be authorized. Because the special levy proposal cannot be implemented in the absence of legislative direction to the Superintendent of Public Instruction on how the funds are to be distributed, action by the Legislature in September will not result in any delay.

In addition, the 1973 Legislature has placed a constitutional amendment for tax reform before the voters. If this proposal is adopted at the 1973 general elections, the 1974 Legislature will have an opportunity to review state expenditures, state revenues, and also special levy relief in the total context of tax reform and with much improved information
on the actual level of public assistance and other state operating costs for the 1973-75 biennium.

(5) Department of Social and Health Services—Northern State Hospital. In section 74, on pages 22 and 23, I have vetoed the proposed appropriation of $4,242,807 for the continued operation of Northern State Hospital during the 1973-75 biennium.

Because no capital construction is specifically contemplated by this section, most of the appropriation is clearly intended for operational purposes. Yet the appropriation is made from the proceeds of Referendum 29 bonds authorized by the voters in 1972. Expenditures of bond proceed funds for purposes other than those specified in the issue and approved by the voters is prohibited by Article VIII, Section 3 of the Washington Constitution, and Referendum 29 clearly contemplates that proceeds from the sale of bonds shall be used for "the planning, acquisition, construction, and improvement of health and social service facilities..." Nowhere does Referendum 29 refer to the use of funds for operational purposes.

The conclusion that bond proceeds cannot be expended for operational purposes is reinforced by the definition of "social and health service facilities," which appears in Section 5 of Referendum 29 as follows:

As used in this act, the term "social and health service facilities" shall mean real property, and interests therein, equipment, buildings, structures, mobile units, parking facilities, utilities, landscaping, and all incidental improvements and appurtenances, developed as a part of a comprehensive plan for a system of social and health service facilities for the state..."

A further legal problem exists because Referendum 29 creates, as a condition precedent to the expenditure of any moneys, the development of a comprehensive plan for a system of social and health service facilities. While the proposed appropriation contains a legislative finding "that the establishment and development of such a community support center is consistent with and considered an integral part of the comprehensive plan of the Department for a system of social and health service facilities," such a finding would be subject to criticism and challenge as being inconsistent with the intent of Referendum 29.

In addition to these critical legal problems, I would like to point out that the 1973 Legislature appropriated $250,000 to the Department of Social and Health Services to complete a comprehensive plan for the development of a system of social and health services facilities for the state. This planning process will begin almost immediately. It is expected that the Department will present a completed plan to the 1974 Legislature, and any utilization of facilities at Northern State Hospital will be included as a part of that comprehensive plan. Authorization to continue the Hospital at this time might not only needlessly restrict the Department in developing a comprehensive state plan for social and health services, but might also commit a substantial portion of the resources available under Referendum 29 to the detriment of facilities in other areas of the state.

In addition to continuation of an institution that is not needed, the proposed appropriation appears to contemplate a marked change from the present single program of Northern State Hospital to a multi-service program. This program change would be costly not only because of the unique staffing requirements for a multi-service program, but also because of the high fixed costs of maintaining a large institution such as Northern State Hospital. Although the Legislature has proposed funds to continue the operation of Northern but has not authorized additional staff for this purpose, operation of the hospital would, therefore, require the reassignment of staff to the detriment of other essential programs of the Department of Social and Health Services.

Finally, to ease the transition when major state facilities are closed, I requested that the 1973 Legislature adopt the Economic Impact Act which would have provided assistance to employees displaced and also direct economic assistance to communities affected by institutional closures. This act was not adopted, and I will urge in the strongest possible terms that the Legislature take action on the proposal at its September meeting.

(6) Transfer of Funds. I have vetoed Section 116, which appears on pages 41 and 42, in its entirety.

The Legislature was inadvertently advised to include Section 116 which reduces the allocation of Class H Liquor License revenue transferred to the University of Washington
and Washington State University during the 1973-75 biennium under the provisions of RCW 66.08.180. If this section is not deleted, the University of Washington will receive $300,000 less than anticipated, Washington State University will receive $200,000 less than anticipated, and the Division of Health-Department of Social and Health Services will receive $500,000 more than anticipated for alcoholism programs authorized by RCW 70.96.040.

Although the language of this section does not contain the word “appropriations,” in the absence of any specific language to the contrary, the effect is an appropriation of $500,000 for additional expenditures by the Division of Health. The Alcoholism Program of the Division of Health was funded at the level recommended in my proposed budget for the 1973-75 biennium, and I do not believe the Legislature intended to provide additional funds for that program.

With the exception of the items described above, the remainder of the bill is approved.

Respectfully submitted,

DANIEL J. EVANS
Governor.

TO THE HONORABLE, THE SENATE OF THE STATE OF WASHINGTON.
(Through the Secretary of State)

GENTLEMEN:

I am returning herewith without my approval SUBSTITUTE SENATE BILL NO. 2897 entitled:

“An Act relating to small loan companies.”

This bill would have increased the amount of money which could be loaned by small loan companies from $1,000 to $5,000. While it would have lowered from three percent to two and one-half percent per month the interest charged on loans under $500, it would have increased from one and one-half percent to one and three-quarters percent per month the interest on loans from $500 to $1,000. For loans in excess of $1,000, interest at the rate of one percent per month could be charged for the principal balance in excess of $1,000, or in the alternative, one and one-half percent per month on the entire unpaid balance.

Several years ago the people, by initiative, imposed a twelve percent limit on the amount of interest which could be charged for purchases made on credit. These types of purchases would include installment buying, revolving charge accounts, and all credit card purchases. Clearly, small loan companies compete directly and indirectly for the credit purchaser's business, and the result of this act would be to further broaden the gap already existing between interest charged directly by the seller and interest to be charged by a small loan company.

Accordingly, for the reasons set out above, I have determined to veto Substitute Senate Bill No. 2897.

Respectfully submitted,

DANIEL J. EVANS
Governor.

TO THE HONORABLE, THE SENATE OF THE STATE OF WASHINGTON.
(Through the Secretary of State)

GENTLEMEN:

I am returning herewith, without my approval as to one item, SENATE BILL NO. 2918 entitled:

“An Act relating to food fish and shellfish.”

This bill establishes a system of regulation of herring fishing in order to preserve this resource within the waters of the state. A major aspect of this act is the requirement that
those who commercially fish for herring have a license issued by the department of fisheries. Further, section six establishes a board of review consisting of three members to hear cases of dispute with regard to licenses. Of the three members on the board, one would be appointed by the Governor, one by the President of the Senate and one by the Speaker of the House. This method of appointment exceeds the traditional limits of the doctrine of separation of powers between executive and legislative branches of government. Should the legislature have specific guidelines or requirements to be followed by a board of review they properly belong in the statute establishing such board, not in a provision giving appointing authority to members of the Legislature.

Accordingly, I have determined to veto that item consisting of section six of Senate Bill No. 2918. With that exception, I have approved the remainder of Senate Bill No. 2918.

Respectfully submitted,

DANIEL J. EVANS
Governor.
