The Senate resumed consideration of Substitute Senate Joint Resolution No. 129.
On motion of Senator Mardesich, the following amendment by Senators Mardesich and Lewis (Harry) was adopted:
On page 1, line 17, after "governor" insert "or when specially convened by a two-thirds vote of each house of the legislature"
TWENTIETH DAY, APRIL 2, 1975

Senator Lewis (Harry) moved adoption of the following amendment by Senators Lewis (Harry) and Mardesich:

On page 1, after line 17, insert "These sessions shall run on consecutive days without adjournment for no more than three days in concurrence with Article 2, Section 11 until adjournment sine die."

Senator Morrison moved adoption of the following amendment by Senators Morrison and Clarke to the amendment by Senators Lewis (Harry) and Mardesich:

After "sine die" and before the period at the end of the amendment add the following: "During each odd-numbered year, the regular session shall not be more than ninety consecutive days. ENGROSSED SUBSTITUTE SENATE JOINT RESOLUTION NO. 129, having received the constitutional two-thirds majority, was declared passed.

SECOND READING

SENATE BILL NO. 2650, by Senator Bailey:
Ratifying county budget actions.

REPORT OF STANDING COMMITTEE
February 25, 1975.

SENATE BILL NO. 2650, ratifying county budget actions (reported by Committee on Local Government):

MAJORITY recommendation: Do pass with the following amendments:

On line 7, after "the" and before "election" insert "1974 general"

On lines 9 and 10, after "election" on line 9 and before "expressed" on line 10 strike "is clearly and lawfully" and insert "was"

On line 12, before "with" strike "substantially"

On line 12, after "thereof" and before "properly" strike "is" and insert "was"

Signed by: Senators Fleming, Chairman; Jolly, McDermott, North, Sellar, Talley, Walgren, Wilson.

The bill was read the second time by sections.
On motion of Senator Fleming, the committee amendments to lines 7, 9 and 10 were not adopted.

On motion of Senator Fleming, the following amendment was adopted:

On page 1, lines 9 and 10, strike "clearly" and lawfully".

Senator Fleming moved adoption of the committee amendment to line 12, before "with" striking "substantially"

**POINT OF INQUIRY**

Senator Bailey: "Would Senator Fleming yield? I am not hung up on the word 'substantially' but if you do not have the word 'substantially' in there and you publish a notice that you are going to set the county commissioners' salary at ten thousand dollars and then you have your budget consideration, if the word is not in there it would seem to me like the county commissioners then could not alter that ten thousand dollars one way or the other, and it would just seem like it would be necessary to have it in there so they could bring it down if the public demanded. That would be my only thought. What is your opinion of that?"

Senator Fleming: "Senator Bailey, in answer to that, I did not have any strong feelings about it. I was one of those who felt as though that maybe once they had put this out, maybe they should not be able to come back and adjust it, and that was some of the committee's thinking. Now I do not have that strong a feeling on it. There might be others of you who want to express your opinion on that."

The motion by Senator Fleming failed and the committee amendment to line 12, before "with" striking "substantially" was not adopted.

On motion of Senator Fleming, the committee amendment to line 12, after "thereof" and before "properly" striking "is" and inserting "was" was not adopted.

**POINT OF INQUIRY**

Senator Mardesich: "I wonder if Senator Fleming or Senator Bailey would yield to a question? I think Senator Fleming is a little more familiar with the subject now. Senator Fleming, as I read this amendment, or this new section that is proposed, it seems to me that it is possible for the county officers to express, on line 10, the word 'express by ordinance or resolution a salary adjustment.' It does not say that that resolution must be adopted. It would seem to me that might be a direct attempt to circumvent the public hearing required and it would also seem to me that those county commissioners should have that public hearing before they come for office again. That hearing should be held prior to the election. And I wonder whether you would have any objection to, on line 10, striking the word 'expressed' and inserting the word 'adopted' so that prior to election they must have adopted it. And I think that is the real crux of the matter. If you would agree to that, then on line 12 in place of the word 'expression' you would then insert the words 'ordinance or resolution."

Senator Mardesich moved adoption of the following amendments:

On page 1, line 10, strike "expressed" and insert "adopted"
On page 1, line 12, strike "expression" and insert "ordinance or resolution"

**POINT OF INQUIRY**

Senator Wilson: "Would Senator Mardesich yield? I am fully in accord with what you are attempting to achieve. My question is whether an ordinance or resolution exists until it has been adopted. That is, previous to that it is a proposed ordinance or resolution. And the phrase 'expressed by ordinance or resolution,' there is no such thing unless the ordinance or resolution already has been adopted."

Senator Mardesich: "Then I would agree, but then the word 'adopted by ordinance' would cover that, I would think."

Senator Wilson: "I am just suggesting that the present language covers the point you are trying to make, but I certainly have no objection to the amendments."

The motion by Senator Mardesich carried and the amendments were adopted.

On motion of Senator Walgren, the following amendment was adopted:

On page 1, line 13, strike "year" and insert "years".
MOTIONS

On motion of Senator Knoblauch, Senator Ridder was excused.
On motion of Senator Keefe, Senator Donohue was excused.
On motion of Senator Fleming the rules were suspended, Engrossed Senate Bill No. 2650 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

ROLL CALL

The Secretary called the roll on the final passage of Engrossed Senate Bill No. 2650, and the bill passed the Senate by the following vote: Yeas, 47; excused, 2.
Excused: Senators Donohue, Ridder—2.

ENGROSSED SENATE BILL NO. 2650, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

SECOND READING

SENATE BILL NO. 2314, by Senators Morrison and Jones:
Enacting a new criminal code relating to miscellaneous crimes.

REPORT OF STANDING COMMITTEE

February 25, 1975.

SENATE BILL NO. 2314, enacting a new criminal code relating to miscellaneous crimes (reported by Judiciary Committee):

MAJORITY recommendation: Do pass with the following amendments:

On page 6, line 12, strike the entire subsection (6) and insert a new subsection to read as follows:

"(6) “Deadly weapon” means any explosive or loaded or unloaded firearm, and shall include any other weapon, device, instrument, article, or substance, including a "vehicle" as defined in this section, which, under the circumstances in which it is used, or threatened to be used, is readily capable of causing death or serious bodily injury;”.

On page 7, line 2, strike the entire subsection (13) and insert a new subsection to read as follows:

“(13) “Officer” and “public officer” means a person holding office under a city, county, or state government, or the federal government who performs a public function and in so doing is vested with the exercise of some sovereign power of government, and includes all assistants, deputies, clerks, and employees of any public officer and all persons lawfully exercising or assuming to exercise any of the powers or functions of a public officer;”.

On page 25, after subsection (25) on line 5, insert a new subsection to read as follows:

“(26) Section 1, chapter 320, Laws of 1955 and RCW 9.31.005;” and renumber the following subsections accordingly.

On page 26, line 28, strike all of subsections (57) and (58) and renumber the following subsections accordingly.

On page 2, line 28 of the title, after “RCW 9.27.100;” add “repealing section 1, chapter 320, Laws of 1955 and RCW 9.31.005;”.

On page 4, line 11 of the title, beginning with “repealing” strike all the matter down through “RCW 9.75.030;”. 
Signed by: Senators Francis, Chairman; Buffington, Clarke, Fleming, Scott, Van Hollebeke.

The bill was read the second time by sections.

On motion of Senator Francis, the committee amendments to pages 6, 7 and 25 were adopted.

Senator Francis moved adoption of the committee amendment to page 26.

POINT OF INQUIRY

Senator Woody: "Would Senator Francis yield? 9.75.030 which is the reference to RCW is robbing sluice boxes, etc. Why was it that the committee decided that we should retain the section making it a crime to rob sluice boxes?"

Senator Francis: "Senator Woody, as I recall, this committee amendment is your committee amendment so maybe you should speak to it."

Senator Bottiger: "Mr. President and members of the Senate, one of the first bills I introduced when I was elected to the legislature ten years ago was the repeal of the sluice box law. It happened to be an inconsistent statute. It is a larceny to take something from somebody's sluice box and we had a misdemeanor statute being the sluice box statute, which made it an inconsistent remedy within the hands of the prosecuting attorney and probably unconstitutional."

The motion by Senator Francis carried and the committee amendment to page 26 was adopted.

On motion of Senator Francis, the following amendments were adopted:

On page 5, line 2, following “July 1,” strike “1976” and insert “1977”
On page 5, line 5, after “July 1,” strike “1976” and insert “1977”
On page 27, line 17, after “July 1,” strike “1976” and insert “1977”

Senator Pullen moved adoption of the following amendment:

On page 10, after line 31 add a new section as follows:

"CHAPTER 9A.64
NEW SECTION. Sec. 9A.64.030. ADULTERY. (1) Whenever any married person shall have sexual intercourse with any person other than his or her lawful spouse, both such persons shall be guilty of adultery: PROVIDED, That no prosecution for violation of this section shall be commenced except on complaint of the husband or wife made before a judicial officer, or by filing an affidavit with the prosecuting attorney, nor shall any complaint be filed after one year from the commission of the offense.
(2) Adultery is a gross misdemeanor."

POINT OF ORDER

Senator Francis: "Mr. President, at the request of several of the members, I raise the question of scope and object."

RULING BY PRESIDENT PRO TEMPORE HENRY

President Pro Tempore Henry: "The President, in ruling upon Senator Francis's point of order feels that the extra section does not expand the scope and object of the bill and is therefore in order."

POINT OF INQUIRY

Senator Walgren: "Will Senator Pullen yield please? I have a couple of questions, Senator. First, in the proviso on the amendment, is it your intent that if the complaint is filed or if there is an affidavit filed with the prosecuting attorney, that then there will be a mandatory prosecution?"

Senator Pullen: "No."

Senator Walgren: "Secondly, a judicial officer—who are we talking about? Who is the judicial officer in this amendment?"

Senator Pullen: "This is modern language, as I understand it, and it replaces language in the old law where the term 'magistrate' was used, and it would be anything that a magistrate formerly was."

Senator Walgren: "Is that your definition of judicial officer here? That is what you intend by this amendment?"
Senator Pullen: "Yes."

Senator Walgren: "Now with regard to the affidavit, filing of an affidavit with the prosecuting attorney, what would that affidavit contain? It is not specified in your amendment as to what the affidavit is supposed to be."

Senator Pullen: "That question would be difficult for me to answer, since I have never seen such an affidavit myself, but this is the same language that is in the current law so we are not really changing the current law at all in that respect."

Senator Walgren: "Maybe we ought to do that, since we are working with this particular matter here. I think it does leave a lot of conjecture as to what is meant by filing an affidavit. An affidavit, of course, can contain all kinds of things. There is no specification whatsoever in this amendment as to what is to be contained in that affidavit, so I see no great importance in that particular language."

Senator Pullen: "I would certainly welcome any amendatory language that you could come up with. If this amendment is not adopted we have not really changed anything in that regard with respect to what an affidavit is or what it should contain, but if you can clarify that I would certainly appreciate any amendatory language you could come up with."

Senator Guess moved adoption of the following amendment to the amendment by Senator Pullen:

On line 8 of the Pullen amendment, after "affidavit" insert "of particulars"

POINT OF INQUIRY

Senator Walgren: "Will Senator Pullen yield again please? With regard to the last phrase, 'nor shall any complaint be filed after one year from the commission of the offense,' we refer to complaint earlier on in the proviso. Is that the complaint we are referring to here or are we referring to the prosecution filing of a complaint?"

Senator Pullen: "This again is language that is in current law, and my interpretation of it is that we are talking about the complaint that the spouse is filing."

Senator Walgren: "Rather than setting a statute of limitations as to when an adultery prosecution can be commenced?"

Senator Pullen: "That would be my interpretation of the current law as it now exists."

Debate ensued.

The motion by Senator Guess carried and the amendment to the amendment by Senator Pullen was adopted.

Debate ensued.

The motion by Senator Pullen failed and the amendment, as amended, was not adopted on a rising vote.

MOTION

On motion of Senator Lewis (R. H. "Bob"), Senator Matson was excused.

There being no objection, the amendment by Senator Pullen to page 27, line 27 on the Secretary's desk was withdrawn.

On motion of Senator Francis, the committee amendments to the title were adopted.

POINT OF INQUIRY

Senator Odegaard: "Mr. President, would Senator Francis yield to a question?"

Senator Francis: "I will yield. I would rather you had asked me earlier so I could be prepared, but I yield."

Senator Odegaard: "You are always well prepared, Senator. Senator Francis, is there anything in this bill that has anything to do with gun control?"

Senator Francis: "No, there is nothing in this bill. I have checked that, Senator Odegaard, and I am glad you asked me a question I knew the answer to. The bill does nothing about gun control one way or another. I have checked all of the repeaters. They do not relate to gun control in any way."

On motion of Senator Francis, the rules were suspended, Engrossed Senate Bill
No. 2314 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

POINT OF INQUIRY

Senator Rasmussen: "Will Senator Francis yield to a question? Senator Francis, I understand two more sexual psychopaths escaped from Western State Hospital. Is there any provision in this law that would make the supervisory officer in that department liable for anything? Anything at all that we could tie it to for the persons that are allowing all these sexual psychopaths to escape?"

Senator Francis: "There is nothing in this bill that would help us with that problem. There is something that we can do, of course, to the prisoner and we do deal with the problem of escape on page 20, escape in the first, second and third degrees, but nothing with regard to any discipline of the supervisory personnel in this bill."

Debate ensued.

ROLL CALL

The Secretary called the roll on the final passage of Engrossed Senate Bill No. 2314, and the bill passed the Senate by the following vote: Yeas, 44; nays, 2; excused, 3.

Voting nay: Senators Pullen, Rasmussen—2.

Excused: Senators Donohue, Matson, Ridder—3.

ENGROSSED SENATE BILL NO. 2314, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

SECOND READING

SENATE BILL NO. 2126, by Senators Jolly and Benitz:
Permitting public utility districts to pay travel and living expenses of prospective employees.

REPORT OF STANDING COMMITTEE

February 4, 1975.

SENATE BILL NO. 2126, permitting public utility districts to pay travel and living expenses of prospective employees (reported by Committee on Transportation and Utilities):

MAJORITY recommendation: Do pass with the following amendments:

On line 7 after "the" and before "actual" insert "necessary and"

On line 9 after "or" and before "other" strike "any"

Signed by: Senators Walgren, Chairman; Beck, Benitz, Bluechel, Bottiger, Guess, Jolly, Knoblauch, Morrison, Peterson, Sell, Wanamaker.

The bill was read the second time by sections.

On motion of Senator Walgren, the committee amendments were not adopted.

Senator Walgren moved adoption of the following amendment:

Beginning on line 6 strike the balance of the bill and insert:

"When a district commission finds that a vacancy for a technical or managerial position requires special qualifications or entails responsibilities and duties of such a nature that substantial benefits will accrue to the district from personal interviews of candidates for such a vacancy to be held in the district, the district commission, by resolution adopted at a regular meeting, may authorize the payment of necessary and actual travel and living expenses of such candidates incurred while in travel status."

On motion of Senator Walgren, the following amendment to the amendment was adopted:
On line 8 of the Walgren amendment after “payment of” insert “actual” and after “necessary” strike “and actual”

The motion by Senator Walgren carried and the amendment, as amended, was adopted.

On motion of Senator Walgren, the rules were suspended, Engrossed Senate Bill No. 2126 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

Debate ensued.

POINT OF INQUIRY

Senator Stortini: "Would Senator Jolly yield to a question? Senator, is this being done in any other area, city, county, or the Governor's office at the present time?"

Senator Jolly: "I cannot answer that. I know that private utilities have this authority but I do not know whether the other county and city officials do or not. I could not answer."

Senator Benitz: "Yes, Mr. President and members of the Senate, it is being done in many other agencies and the law simply did not allow the PUD's to do it. Many educational agencies have done this and shall continue to do it. This just simply allows the PUD's to do it with good direction that the bill has now."

Further debate ensued.

ROLL CALL

The Secretary called the roll on the final passage of Engrossed Senate Bill No. 2126, and the bill passed the Senate by the following vote: Yeas, 40; nays, 6; excused, 3.

Excused: Senators Donohue, Matson, Ridder—3.

ENGROSSED SENATE BILL NO. 2126, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

MOTION

On motion of Senator Mardesich, the Senate commenced consideration of Senate Bill No. 2408.

SECOND READING

SENATE BILL NO. 2408, by Senators Grant, Morrison, Ridder, Mardesich, von Reichbauer, Bailey, Sellar and Matson:

Establishing the public employment relations commission.

MOTIONS

On motion of Senator Grant, Substitute Senate Bill No. 2408 was substituted for Senate Bill No. 2408 and the substitute bill was placed on second reading and read the second time in full.

On motion of Senator Guess, the following amendments by Senators Matson, Guess and Grant were adopted:

On page 3, line 12, after “be” and before “appointed” insert “citizens”.

On page 3, line 26, after “cause.” insert the following:

“(2) No person may be appointed, reappointed, or continue to serve as a member of the commission who is employed by the state or any agency or subdivision thereof, or who is employed by an association of persons employed by the state or any agency or subdivision thereof.
(3) In making citizen member appointments initially, and subsequently thereafter, the governor shall be cognizant of the desirability of appointing persons knowledgeable in the area of labor relations in the state."

Renumber remaining subsections accordingly.

On motion of Senator Grant, the rules were suspended, Engrossed Substitute Senate Bill No. 2408 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

Debate ensued.

POINT OF INQUIRY

Senator Wilson: "Will Senator Grant yield? Senator Grant, am I correct in assuming that nothing in this bill injects the area of compulsory or binding arbitration in the state law to any greater extent that it might already exist?"

Senator Grant: "That is correct, Senator Wilson. The only compulsory or binding arbitration that exists in the state law currently is for firefighters and for policemen and for deputy sheriffs in King County, and that continues. That is not changed. It does not extend compulsory or binding arbitration in any other area."

POINT OF INQUIRY

Senator Talley: "Will Senator Grant yield? I understand you took marine employees and organizations out of the bill?"

Senator Grant: "Yes, it does. It does away with the Marine Employees Commission and has the new commission, the Public Employees Commission, handle their prior functions."

Senator Talley: "Senator Grant, does a longshoreman have, in your contract, a binding arbitration agreement now in the organization setup for arbitration? Would this in any way interfere with that?"

Senator Grant: "Senator Talley, as far as I know it would not affect any existing contracts, and I think there is language in the measure that indicates there would be no effect on existing contracts."

ROLL CALL

The Secretary called the roll on the final passage of Engrossed Substitute Senate Bill No. 2408, and the bill passed the Senate by the following vote: Yeas, 44; nays, 1; absent or not voting, 1; excused, 3.

Voting nay: Senator Talley—1.

Absent or not voting: Senator Day—1.

Excused: Senators Donohue, Matson, Ridder—3.

ENGROSSED SUBSTITUTE SENATE BILL NO. 2408, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

MOTIONS

On motion of Senator Mardesich, the Senate advanced to the fifth order of business. There being no objection, on motion of Senator Mardesich, Senate Bill No. 2962 was ordered held on the Introduction and First Reading calendar for Monday, April 7, 1975.

On motion of Senator Mardesich, the Senate advanced to the eighth order of business.

"LORD, WE WOULD FOCUS OUR MINDS ON ONE OF THE GREAT STATEMENTS IN SCRIPTURE IN OUR DEVOTIONAL TIME TOGETHER THIS MORNING. JESUS SAID IT: 'THE THINGS WHICH ARE IMPOSSIBLE WITH MEN ARE POSSIBLE WITH GOD.' WE KNOW IT IS POSSIBLE TO THINK OURSELVES TO FAILURE AND TO DEFEAT; OR WE CAN BELIEVE OURSELVES INTO SUCCESS AND ACHIEVEMENT. WE CAN TAKE LIFE LYING DOWN, OR WE CAN STAND UP TO IT AND MEET IT HEAD ON. WE REACH OUT TO YOU IN THIS TIME OF PRAYER, HEAVENLY FATHER, FOR WE ARE WELL ACQUAINTED WITH THE WEAKNESSES OF OUR HUMAN FRAME. WITH YOUR HELP, WE CAN BE HIGH ACHIEVERS TODAY. WITH YOUR HELP WE CAN CONTRIBUTE SOMETHING TO SOCIETY TODAY THAT WILL GLORIFY YOU AND HELP LIFT THE LOAD FOR THOSE AROUND US. EVERYTHING THAT IS IN HARMONY WITH YOUR WILL IS A GREAT POSSIBILITY TODAY. THANK YOU FOR SUCH POTENTIAL. HELP US TO DREAM BIG DREAMS AND THEN BELIEVE AND ACHIEVE, THROUGH JESUS CHRIST, OUR LORD. AMEN!"

SECOND READING

SENATE BILL NO. 2509, by Senator Woody:
Permitting notaries public to use rubber stamps in addition to seals.
The Senate resumed consideration of Senate Bill No. 2509. On Wednesday, April 2, 1975 the bill was advanced to third reading by Senator Woody. There being no objection, the rules were suspended and the bill was returned to second reading at that time by Senator Woody and held for further consideration today.
Senator Cunningham moved adoption of the following amendment:
On page 1, after "governor" and before the period insert ": PROVIDED, That if a stamp is used the following requirements shall apply:
(1) The type shall be a minimum of 8 point type.
(2) The stamp shall be two inches in diameter.
(3) The stamp shall be affixed with indelible ink only.
(4) The face of any notary stamp shall contain permanently affixed letters and numerals and shall not be preprinted."
On motion of Senator Cunningham, the following amendments to the amendment were adopted:
Amend the Cunningham amendment to page 1, line 27 as follows:
In subsection (3) strike "stamp" and insert "imprint".

Amend the Cunningham amendment to page 1, line 27 as follows: In subsection (2) after "inches" insert "minimal".

POINT OF INQUIRY

Senator Wilson: "Would Senator Cunningham yield? What does the phrase 'shall not be preprinted' mean?"

Senator Cunningham: "What I am intending to do is, as many of you know, certain parts of the notary's statement are preprinted. Those usually show the address, the date, and the date of his commission expiration. Because I do not feel that the notary seal itself should be preprinted on those, that is what I am trying to do in that end of the sentence on (4)."

The motion by Senator Cunningham carried and the amendment, as amended, was adopted.

On motion of Senator Woody, the rules were suspended, Engrossed Senate Bill No. 2509 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

ROLL CALL

The Secretary called the roll on the final passage of Engrossed Senate Bill No. 2509, and the bill passed the Senate by the following vote: Yeas, 47; excused, 2.

Excused: Senators Grant, Rasmussen—2.

ENGROSSED SENATE BILL NO. 2509, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

SECOND READING

SENATE BILL NO. 2424, by Senators Walgren, Washington and Lewis (R.H. "Bob"):

Coordinating public water supply system planning.

MOTIONS

On motion of Senator Washington, Substitute Senate Bill No. 2424 was substituted for Senate Bill No. 2424, and the substitute bill was placed on second reading and read the second time in full.

On motion of Senator Goltz, the following amendment by Senators Goltz and Washington was adopted:

On page 4, after line 17, insert the following:

"(6) Nothing in this act shall apply to water which is bottled or otherwise packaged in a container for human consumption, or domestic use, including the treatment, storage and transportation facilities used in the processing of the bottled water and the distribution of the bottles or containers of water.

(7) Nothing in this act shall be used or interpreted to require the fluoridation of public water supply systems."

On motion of Senator Washington, the rules were suspended, Engrossed Substitute Senate Bill No. 2424 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

POINT OF INQUIRY

Senator Guess: "Would Senator Washington yield? Senator Washington, in section 2, subsection (1) of the bill, it provides the establishment of critical regional areas re-
lating to water utility planning and development. The question I would like to ask you is, does this allow the Secretary of the Department of Social and Health Services to divide the state into thirteen regions and to establish planning for water development within those thirteen regions, or any other number of regions?"

Senator Washington: "No, it does not. This would particularly apply to a particular area. For instance, in my own area around the city of Moses Lake we have a number of private purveyors. You have the city; you have people who are substantially outside the city limits who would like to have city water established; and this is a mechanism for establishing such a system. It also would allow them, of course, to have fire protection, but that would be one area — it would be that system which could be served by water. For instance, in Grant County there might be one around Ephrata. There could be one perhaps in the Quincy area. It envisages small contiguous areas that can be served by a more unified water system for domestic purposes."

Senator Guess: "Senator Washington, there is one other statement on critical areas and that is subsection (7) on page 2, and it says that the critical regional area means the geographical area on which there are a number of purveyors in close proximity. In other words, what you are telling me, that these people have to be within close proximity of each other and because a county adjoins another county this would in no way be interpreted to mean that they are in close proximity?"

Senator Washington: "No, it would not."

Senator Guess: "Thank you very much."

POINT OF INQUIRY

Senator Bailey: "Would Senator Washington yield? Senator, I think this is a good bill but I want to know about a case of a person living right outside or a little ways away from a water district where they possibly could get their water supply. Now is this bill going to be so complicated and full of red tape and shorelines applications and things of this sort that until the master plan is adopted that the property just lying a little ways out of the area cannot get water until they have a large main or look ahead fifty years or will this . . . ."

Senator Washington: "There is nothing in this that would hold anything in abeyance. In other words, there would be no rules and regulations until the plan itself is adopted and there would be nothing that would prevent, at the present time, someone making a short connection. It particularly provides that where you do already have a main, the connection from the residence to the main is not involved. It would not, also, prevent the establishment of a pipeline to this small area until the plan is actually developed."

Senator Bailey: "Senator, what I was getting at, I know a number of cases where someone has lived a short distance from the city, maybe a mile or something like that, or outside a water district where they wanted public water and they have made a deal where they would buy all the pipe and lay it to their property and usually the company lays it for them and puts it in, but then shortly afterwards a neighbor moves on and builds a house nearby and they hook on to that and pretty soon they are not adequate for the area. The point I am getting at, does this stop the original person from getting water? If it does, it is pretty hard to keep the value of property up or to make sales out in that area."

Senator Washington: "It would not keep the first person from building the pipe to his property until the plan is set up, but once the plan is set up, then they would have to comply with the plan and put in pipes that would allow a systematic distribution of water. At the present time now you have so many small pipes in many of these small subdivisions it is impossible for them to get fire protection. This is necessary if we are going to cut down on the insurance premiums in many of these areas."

POINT OF INQUIRY

Senator Day: "Would Senator Washington yield? I note here in the analysis or digest of the bill that it says this directs the board of health to adopt rules concerning
water supply plans. Now would this allow them to mandate, for example, fluoridation in any water supply?"

Senator Washington: "No, I felt there would be no problem there at all, but we did put in the bill the amendment to take care of that because we had a number of people who asked that question. And the amendment says, 'Nothing in this act shall be used or interpreted to require the fluoridation of a public water supply system.' In other words, we had some people in Spokane, we had some people from Bellingham who were particularly concerned and this amendment has been drawn at their instance. This is why that is put in."

Senator Day: "It does not preclude fluoridation?"

Senator Washington: "No, it does not preclude it. In other words, it leaves the law just the way it is."

MOTION

On motion of Senator Lewis (Harry), Engrossed Substitute Senate Bill No. 2424 was ordered placed on the third reading calendar for Friday, April 4, 1975.

SECOND READING

SENATE BILL NO. 2059, by Senators Day and McDermott:
Involving the hospital commission in comprehensive health planning.

MOTIONS

On motion of Senator Day, Substitute Senate Bill No. 2059 was substituted for Senate Bill No. 2059, and the substitute bill was placed on second reading and read the second time in full.

Senator Day moved adoption of the following amendment:

On page 6, line 22, after "enrollees" strike the period and insert "[.]"; and on line 23 insert the following new subsection:

"(13) In carrying out its responsibilities relative to approving certificates of need for nursing homes, the commission shall have access to all financial and accounting data maintained by the applicant and the department of social and health services."

POINT OF INQUIRY

Senator Lewis (Harry): "Would Senator Day yield? Senator Day, either in the amendment you are proposing or in the bill itself, is there any intent or possibility of this commission establishing rates for nursing homes?"

Senator Day: "There is only one possibility of them establishing rates for nursing homes and that is in the existing statute and that is in Section 15 of the original bill which was passed two years ago and I will read it verbatim to you. 'For the purposes of the federal Economic Stabilization Act of 1970 as now or hereafter amended, the commission shall serve as the state agency responsible for recommending increases in rates for hospitals and related health care institutions to the Federal Price Commission or its successor.' And then they go on to say, 'Provided, however, in cases where the rates of nursing homes or similar health care institutions are subject to federal review, the members of the commission representing hospitals shall not sit,' and they allow a nursing home member to sit in lieu thereof. Now they have absolutely no other rate regulation or review relative to nursing home rates."

Senator Lewis (Harry): "And as I heard your language, it applies only to a recommendation. It does not apply to actual setting of rates."

Senator Day: "That is correct."

Senator Lewis (Harry): "Thank you."

Debate ensued.

POINT OF INQUIRY

Senator Washington: "Would Senator Day yield? In looking at the proposed amendment, it seems to me that it is in line with what the legislature would like to do to
be as specific as possible and leave as little in the general field for rules and regulations on the part of the department. It would seem that a lot of thought has been given and we have these specified items. I wonder how that would hurt your amendment. In other words, you are asking for everything that is broad. Why would not this be specific and be a real guidance on our part to the Secretary as to what we would want him to do?"

Senator Day: "I agree, and I also agree with what Senator Mardesich has said relative to the setting of rates in nursing homes; but if you will read the first line of both amendments which reads, 'In carrying out its responsibilities relative to approving certificates of need.' Now that means that if they are going to expand a nursing home by building on some rooms or providing some more beds or if they are going to apply for a certificate of need to build a new nursing home, that certain information should be available to this rate commission for purposes of the application of certificate of need. Now you can see that what this does, what you are attempting to do is two things. Senator Mardesich wants to have a rate study relative to payment. This, I really believe, is not the place for such an amendment. It has nothing to do with payment except as it relates to building additional facilities, because it relates to certificate of need. We are not transferring the rate-making structure to the Hospital Rate Commission. They do not want it at this time and the Secretary does not want to give it to them at this time. So you see we are talking about two different things, apples and oranges. The thing is that the committee has just put a bill out relative to addressing itself to low standards in nursing homes. It is on its way to Rules right now, and the thing is that we are addressing two subjects here. I agree that we should have all the factual information relative to rate setting which remains with the Secretary of the Department of Social and Health Services. It is not transferred, either by this amendment or by intent in the bill to the Hospital Rate Commission. We are talking about the transfer of certificate of need, you see."

Senator Washington: "To be specific, Senator Day, which of these items in this amendment proposed by Senators McDermott and Mardesich do you think are asking for information which would be improper under the application for certificate of need?"

Senator Day: "I do not think any of it is improper. I think it is information they should have. I just think it is a matter of whether you want to put five lines in a statute that gives the same authority as all the rest of it or you want to put all the rest of it into it. I think it makes absolutely no difference. Whichever the legislature wants to do. But if we attempt to transfer the rate-making mechanism into this bill and give it to the Hospital Rate Commission, I can assure you that the Secretary will do everything he can to kill it and so will the Hospital Rate Commission, which means in effect that you are killing the bill."

Senator Guess moved adoption of the following amendment to the amendment by Senator Day:

Amend the Day amendment to line 23 adding a new subsection (13) as follows: After "services" on the last line of the amendment and before the period insert ", including the cost of implementing any new rules or regulations required by either the state or federal government."

Debate ensued.

The motion by Senator Guess carried and the amendment to the amendment by Senator Day was adopted.

Senator McDermott moved adoption of the following amendment by Senators McDermott and Mardesich to the amendment by Senator Day:

Amend the Day amendment to line 23 adding new subsection (13) as follows: After "government." on the last line of the Guess amendment to the Day amendment insert "These data shall include, but shall not be limited to, the following:

(a) Any and all costs of administration including salaries paid during a period of five years and projected to be paid during the ensuing two years to the owners for homes owned by individuals or partnerships and paid to officers and other executives if the business entity is a corporation including salary schedules of all executives or department heads;

(b) Cost of acquisition and development of all real property to be utilized in the
construction or expansion of the new facilities including cost of professional services expected to be incurred in connection with construction or expansion of the facility;

c) In the case of nursing homes owned by corporations, cash and stock dividend records of the corporation over the past five years;

d) Cost of various utility services;

e) Cost of insurance premiums for fire, casualty, liability and malpractice insurance;

f) Cost of all advertising;

g) All manner of payments, grants and gifts received from any federal or state agency by the nursing home including medicare payments for patients, medicaid payments of patients, other payments under the social security act;

h) Cost of food and all manner and means of supplies;

i) Any and all personal, real and property taxes paid;

j) A list of all professional staff including physicians, nurses, dieticians employed directly or indirectly by the nursing home;

k) Cost of all drugs and medicines furnished to patients;

l) Disclosure of ownership of any pharmacy that may be operated in conjunction with the nursing home or may be owned jointly by the owners thereof;

m) Any and all federal and state tax returns which have been filed by the applicant during the past five years shall be attached to the application.

POINT OF ORDER

Senator Day: "The gentleman is not speaking about certificate of need. He is speaking about, I do not know, somebody's profit and loss statement and making a speech relative to nursing homes. I would suggest that he should speak to his amendment to the amendment."

RULING BY THE PRESIDENT

The President: "The Senator will confine his remarks to the amendment to the amendment."

Further debate ensued.

POINT OF INQUIRY

Senator Cunningham: "Would Senator McDermott yield to a question? Senator McDermott, as you know, I just asked to see that statement. You used the figure that the man would have one million six hundred thousand dollar income against a nine hundred thousand dollar expense for the year?"

Senator McDermott: "That is correct."

Senator Cunningham: "The statement I am looking at, those are not quarters. Those are six month increments, and so I say that it is a million six in two years."

Senator McDermott: "That is what I said."

Senator Cunningham: "Now if his costs are nine hundred thousand dollars a year, I would say the man is going to lose two hundred thousand dollars. I think what I am really asking is, would you object to giving us a little time to go over this before we vote on this amendment?"

Senator McDermott: "I really see no point in it. If you have some objection to whether that data is necessary, I think you could raise that question, but the issue is not the specific case I raised but the principle involved, that is, gathering the data. It is obvious when a man has that kind of income, on those kinds of expenses, there needs to be accurate data, the most specific data available. I really see no point in waiting."

Further debate ensued.

The motion by Senator McDermott carried and the amendment to the amendment by Senator Day was adopted and the rules were suspended, Engrossed Substitute Senate
Bill No. 2059 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

President Pro Tempore Henry assumed the Chair.

ROLL CALL

The Secretary called the roll on the final passage of Engrossed Substitute Senate Bill No. 2059, and the bill passed the Senate by the following vote: Yeas, 47; excused, 2.

Excused: Senators Grant, Rasmussen—2.

ENGROSSED SUBSTITUTE SENATE BILL NO. 2059, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

President Cherberg assumed the Chair.

MOTION

On motion of Senator Francis, Senate Joint Resolution No. 101 was ordered to hold its place on the second reading calendar for Monday, April 7, 1975.

SECOND READING

SENATE BILL NO. 2169, by Senators Bottiger, Sellar and Talley:

Providing for the adoption and implementation of standards for integrating school library and media services.

The bill was read the second time by sections.

On motion of Senator Lewis (Harry), the following amendment was adopted:

On page 1, line 19, after "survey" and before "all" insert ", utilizing personnel within his department and not outside consultants,"

On motion of Senator Mardesich, the following amendment was adopted:

On page 1, line 27, after "include" insert "as a separate item".

MOTIONS

On motion of Senator Odegaard, Senator Donohue was excused.

On motion of Senator Knoblauch, Senator Goltz was excused.

On motion of Senator Stortini, the rules were suspended, Engrossed Senate Bill No. 2169 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

POINT OF INQUIRY

Senator Woody: "Would Senator Bottiger yield? The exact language says, 'Standards for integrating school district library media services into learning resource centers.' What is a learning resource center? Is it defined anywhere in the code?"

Senator Bottiger: "That is the new modern name for library services. I do not know that it is specifically defined anywhere else but that is the pretty well accepted meaning."

Senator Woody: "If libraries are learning resource centers, how can you integrate the same thing into the same thing?"

Senator Bottiger: "It establishes the standards for integration of the learning resource centers, including libraries, as I understand it, to make that a part of the school district's budget."

Senator Gould: "Mr. President, if I may help to clarify. In my understanding, a
learning resource center is beyond just library books. It also includes audio-visual materials and tapes that are used in studies of languages and things such as that, so it is a little bit broader but in this case it would put them all together as learning resources."

POINT OF INQUIRY

Senator Woody: "Would Senator Gould yield? I know that you are much more familiar than some of us with the terminology, but the words 'learning resource centers,' is this something that perhaps is used in the Washington Administrative Code, so that the next dreamer-upper of terminology does not say, 'Well, to me it means such and such,' and we..."

Senator Gould: "I frankly do not know if it is used in the Code. It is a pretty familiar term and pretty standardized among people in education. I think if you feel that it needs to be defined, it could be done in the bill."

Senator Wilson: "Libraries are to learning resource centers as garbage dumps are to sanitary landfills. They are essentially the same thing, but they are supposed to come out better."

On motion of Senator Stortini, the rules were suspended, Engrossed Senate Bill No. 2169 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

REPORT OF STANDING COMMITTEE

March 7, 1975.

ENGROSSED SUBSTITUTE HOUSE BILL NO. 87, revising regulations on control of noxious weeds (reported by Committee on Agriculture):

Recommendation: Do pass with the following amendments:

Strike everything after the enacting clause and substitute the following:

"Section 1. Section 1, chapter 113, Laws of 1969 ex. sess. and RCW 17.10.010 are each amended to read as follows:

(1) “Noxious weed” means any plant growing in a county which is determined by the state noxious weed control board to be injurious to crops, livestock, or other property and which is included for purpose of control on such county's noxious weed list.

(2) “Person” means any individual, partnership, corporation, firm, the state or any department, agency, or subdivision thereof, or any other entity.

(3) “Owner” means the person in actual control of property, or his agent, whether such control is based on legal or equitable title or on any other interest entitling the holder to possession and, for purposes of liability, pursuant to RCW 17.10.170 or 17.10.210, means the possessor of legal or equitable title or the possessor of an easement: PROVIDED, That when the possessor of an easement has the right to control or limit the growth of vegetation within the boundaries of an easement, only the possessor of such easement shall be deemed, for the purpose of this chapter, an “owner” of the property within the boundaries of such easement.

(4) As pertains to the duty of an owner, the word “control” and the term “prevent the spread of noxious weeds” shall mean conforming to the standards of noxious weed control or prevention adopted by rule or regulation by an activated county noxious weed control board.

(5) “Agent” means any occupant or any other person acting for the owner and working or in charge of the land.

(6) “Agricultural purposes” are those which are intended to provide for the growth and harvest of food and fiber.

Sec. 2. Section 4, chapter 113, Laws of 1969 ex. sess. and RCW 17.10.040 are each amended to read as follows:

An inactive county noxious weed control board may be activated by any one of the following methods:

(1) Either [upon] within sixty days after a petition is filed by one hundred land-
owners each owning one acre or more of land within the county or, on its own motion, the [board of] county [commissioners] legislative authority shall hold a hearing to determine whether there is a need, due to a damaging infestation of noxious weeds, to activate the county noxious weed control board. If such a need is found to exist, then the [board of] county [commissioners]; legislative authority shall, in the manner provided by RCW 17.10.050, appoint five persons to hold seats on the county's noxious weed control board.

(2) If the county's noxious weed control board is not activated within one year following a hearing by the [board of] county [commissioners] legislative authority to determine the need for activation, then upon the filing with the state noxious weed control board of a petition comprised either of the signatures of at least two hundred owners, each owning one acre of land or more within the county, or of the signatures of a majority of an adjacent county's noxious weed control board, the state board shall, within six months of the date of such filing, hold a hearing in the county to determine the need for activation. If a need for activation is found to exist, then the state board shall order the [board of] county [commissioners] legislative authority to activate the county's noxious weed control board and to appoint members to such board in the manner provided by RCW 17.10.050.

Sec. 3. Section 5, chapter 113, Laws of 1969 ex. sess. as amended by section 1, chapter 143, Laws of 1974 ex. sess. and RCW 17.10.050 are each amended to read as follows:

(1) Each activated county noxious weed control board shall consist of five voting members who shall, at the board's inception, be appointed by the [board of] county [commissioners] legislative authority and elected thereafter by the property owners subject to the board. In appointing such voting members, the [board of] county [commissioners] legislative authority shall divide the county into five sections, none of which shall overlap and each of which shall be of the same approximate area, and shall appoint a voting member from each section. At least four of such voting members shall be engaged in the primary production of agricultural products. There shall be one nonvoting member on such board who shall be the chief county extension agent or [a county] an extension agent appointed by the chief county extension agent. Each voting member of the board shall serve a term of two years, except that the [board of] county [commissioners] legislative authority shall, when a board is first activated under this chapter, designate two voting members to serve terms of one year. The board members shall not receive a salary but shall be compensated for actual and necessary expenses incurred in the performance of their official duties.

(2) The elected members of the board shall represent the same districts designated by the county [commissioners] legislative authority in appointing members to the board at its inception. Members of the board shall be elected at least thirty days prior to the expiration of any board member's term of office.

The nomination and election of elected board members shall be conducted by the board at a public meeting held in the section where board memberships are about to expire. Elections at such meetings shall be by secret ballot, cast by the landowners residing in the section where an election for a board member is being conducted. The nominee receiving the majority of votes cast shall be deemed elected, and if there is only one nomination, said nominee shall be deemed elected unanimously.

Notice of such nomination and election meeting shall be mailed to all affected landowners thirty days prior to such meeting. Notice shall be published at least twice in a weekly or daily newspaper of general circulation in said section: PROVIDED, That mailed notice shall not be required if assessments provided for in [section 4 of this 1974 amendatory act] RCW 17.10.240 as now or hereafter amended are not invoked.

(3) Within thirty days after all the members have been appointed, the board shall conduct its first meeting. A majority of the voting members of the board shall constitute a quorum for the transaction of business and shall be necessary for any action taken by the board. The board shall elect from its members a chairman and such other officers as may be necessary.

(4) In case of a vacancy occurring in any elected position on a county noxious
weed control board, the county [commissioners] legislative authority of the county in which such board is located shall appoint a qualified person to fill the vacancy for the unexpired term.

Sec. 4. Section 7, chapter 113, Laws of 1969 ex. sess. and RCW 17.10.070 are each amended to read as follows:

In addition to the powers conferred on the state noxious weed control board under other provisions of this chapter, it shall have power to:

(1) Require the [board of] county [commissioners] legislative authority or the noxious weed control board of any county to report to it concerning the presence of noxious weeds and measures, if any, taken or planned for the control thereof;

(2) Employ a state weed supervisor who shall act as executive secretary of the board and who shall disseminate information relating to noxious weeds to county noxious weed control boards and who shall work to coordinate the efforts of the various county and regional noxious weed control boards;

(3) Do such things as may be necessary and incidental to the administration of its functions pursuant to this chapter.

Sec. 5. Section 8, chapter 113, Laws of 1969 ex. sess. and RCW 17.10.080 are each amended to read as follows:

The state noxious weed control board shall each year or more often, following a hearing, adopt a list comprising the names of those plants which it finds to be injurious to crops, livestock or other property. At such hearing any county noxious weed control board may request the inclusion of any plant to the list to be adopted by the state board.

Such list when adopted shall be designated as the "proposed noxious weed list", and the state board shall send a copy of the same to each activated county noxious weed control board, to each regional noxious weed control board, and to the [board of] county [commissioners] legislative authority of each county with an inactive noxious weed control board.

Sec. 6. Section 11, chapter 113, Laws of 1969 ex. sess. and RCW 17.10.110 are each amended to read as follows:

A regional noxious weed control board comprising the area of two or more counties may be created as follows:

Either each [board of] county [commissioners] legislative authority or each noxious weed control board of two or more counties may, upon a determination that the purpose of this chapter will be served by the creation of a regional noxious weed control board, adopt a resolution providing for a limited merger of the functions of their respective counties noxious weed control boards. Such resolution shall become effective only when a similar resolution is adopted by the other county or counties comprising the proposed regional board.

Sec. 7. Section 15, chapter 113, Laws of 1969 ex. sess. as amended by section 2, chapter 143, Laws of 1974 ex. sess. and RCW 17.10.150 are each amended to read as follows:

(1) The [board of] county [commissioners] noxious weed control board in each county may classify lands for the purposes of this chapter. In regard to any land which is classified by the county noxious weed control board as not being used for agricultural purposes, the owner thereof shall have the following limited duty to control noxious weeds present on such land:

(a) The owner shall control and prevent the spread of noxious weeds on any portion of such land which is within the buffer strip around land used for agricultural purposes. [For lands east of the crest of the Cascade mountain range,] The buffer strip shall be land which is within [two hundred] one thousand feet of land used for agricultural purposes. [For lands west of the crest of the Cascade mountain range, the buffer strip shall be land which is within one thousand feet of land used for agricultural purposes.]

(b) In any case of a serious infestation of a particular noxious weed, which infestation exists within the buffer strip of land described in paragraph (a) of subsection (1) of this section, and which extends beyond said buffer strip of land, the county noxious weed control board may require that the owner of such buffer strip of land take such measures, both within said buffer zone of land as well as on other land owned by said owner
TWENTY-SECOND DAY, APRIL 4, 1975

contiguous to said buffer strip of land on which such serious infestation has spread, as
are necessary to control and prevent the spread of such particular noxious weed.

For purposes of this subsection, land shall not be classified as or considered as
being used for agricultural purposes when the sole reason for classifying or considering
it as such is that it is being used for the growing, planting or harvesting of trees for
timber.

(2) In regard to any land which is classified by the county noxious weed control
board as scab or range land, the board may limit the duty of the owner thereof to control
noxious weeds present on such land. The board may share the cost of controlling such
weeds, may provide for a buffer strip around the perimeter of such land or may take any
other reasonable measures to control noxious weeds on such land at an equitable cost to
the owner. The board shall classify as range or scab land all that land within the county
for which the board finds [to be of a relatively low value per acre, and on which] that the
cost of controlling all of the noxious weeds present would be disproportionately high
when compared to the [value per acre of] benefits derived from noxious weed control
on such land.

Sec. 8. Section 17, chapter 113, Laws of 1969 ex. sess. as amended by section 3,
chapter 143, Laws of 1974 ex. sess. and RCW 17.10.170 are each amended to read as
follows:

(1) Whenever the county noxious weed control board finds that noxious weeds are
present on any parcel of land, and that the owner thereof is not taking prompt and suffi-
cient action to control the same, pursuant to the provisions of RCW 17.10.140, it shall
notify such owner that a violation of this chapter exists. Such notice shall be in writing,
identify the noxious weeds found to be present, order prompt control action, and
specify the time within which the prescribed action must be taken.

(2) If the owner does not take action to control the noxious weeds in accordance
with the notice, the county board [shall] may control them, or cause their being con-
trolled, at the expense of the owner. The amount of such expense shall constitute a lien
against the property and may be enforced by proceedings on such lien except as pro-
vided for by RCW 79.44.060. The owner shall be liable for payment of the expense, and
nothing in this chapter shall be construed to prevent collection of any judgment on ac-
count thereof by any means available pursuant to law, in substitution for enforcement
of the lien. Funds received in payment for the expense of controlling noxious weeds
shall be transferred to the county noxious weed control board to be expended as re-
quired to carry out the purposes of this chapter.

(3) The county auditor shall record in his office any lien created under this [section] chapter, and any such lien shall bear interest at the rate of eight percent per
annum from the date on which the county noxious weed control board approves the
amount expended in controlling such weeds.

(4) As an alternative to the enforcement of any lien created under subsection (2) of
this section, the [board of] county [commissioners] legislative authority may by resolu-
tion or ordinance require that each such lien created shall be collected by the treasurer
in the same manner as a delinquent real property tax, if within thirty days from the date
the owner is sent notice of the lien, including the amount thereof, the lien remains un-
paid and an appeal has not been made pursuant to RCW 17.10.180. Liens treated as de-
linquent taxes shall bear interest at the same rate as delinquent real property taxes and
such interest shall accrue as of the date notice of the lien is sent to the owner: PRO-
VIDED, That any collections for such lien shall not be considered as tax.

Sec. 9. Section 19, chapter 113, Laws of 1969 ex. sess. and RCW 17.10.190 are
each amended to read as follows:

Each activated county noxious weed control board shall cause to be published in at
least one newspaper of general circulation within its area a general notice during the
month of March and at such other times as may be appropriate. Such notice shall direct
attention to the need for noxious weed control and shall give such other information
with respect thereto as may be appropriate, or shall indicate where such information
may be secured. In addition to the general notice required hereby, the county noxious
weed control board may use [such] any appropriate media for the dissemination of in-
formation to the public as may be calculated to bring the need for noxious weed control to the attention of owners. The board may consult with individual owners concerning their problems of noxious weed control and may provide them with information and advice, including giving specific instructions and methods when and how certain named weeds are to be controlled. Such methods may include definite systems of tillage, cropping, management, and use of livestock. Publication of a notice as required by this section shall not be a condition precedent to the enforcement of this chapter.

Sec. 10. Section 24, chapter 113, Laws of 1969 ex. sess. and RCW 17.10.240 are each amended to read as follows:

(1) The activated county weed control boards of each county shall annually submit a budget to the [board of] county [commissioners] legislative authority for the operating cost of the county's weed program for the ensuing fiscal year. Control of weeds [are] is a special benefit to the lands within any such district. The [board of] county [commissioners] legislative authority may, in lieu of a tax, levy an assessment against the land for this purpose. Prior to the levying of an assessment the county weed control board shall hold a public hearing at which it shall gather information to serve as a basis for classification and shall then classify the lands into suitable classification and shall then classify the lands into suitable classifications [, and assess]. The board shall develop and forward to the county legislative authority, as a proposed level of assessment for each class, such an amount as shall seem just, but which shall be uniform per acre in its respective class: PROVIDED, That if no special benefits should be found to accrue to a class of land, a zero assessment may be levied. The legislative authority, upon receipt of the proposed levels of assessment from the board, after a hearing, shall accept, modify, or refer back to the board for their reconsideration all or any portion of the proposed levels of assessment. The findings by the [board] county legislative authority of such special benefits, when so declared by resolution and spread upon the minutes of [the board] said authority shall be conclusive [that] as to whether or not the same [is of] constitutes a special benefit to the lands within the district.

[commissioners] legislative authority shall provide for an election to be conducted in the same manner as required for the election of directors under the provisions of chapter 17.04 RCW, to determine by majority vote of those casting votes, if such weed district shall continue to operate under the act it was formed. The land area of any dissolved weed district shall forthwith become subject to the provisions of this chapter.

NEW SECTION. Sec. 13. There is added to chapter 17.10 RCW a new section to read as follows:

Every activated county noxious weed board performing labor upon, furnishing material, or renting, leasing or otherwise supplying equipment, to be used in the control of noxious weeds, or in causing control of noxious weeds upon any property pursuant to the provisions of chapter 17.10 RCW has a lien upon such property for the labor performed, material furnished, or equipment supplied whether performed, furnished, or supplied with the consent of the owner, or his agent, of such property, or without the consent of said owner or agent.

NEW SECTION. Sec. 14. There is added to chapter 17.10 RCW a new section to read as follows:

Every county noxious weed control board furnishing labor, materials, or supplies or renting, leasing, or otherwise supplying equipment to be used in the control of noxious weeds upon any property pursuant to RCW 17.10.160 and 17.10.170 or pursuant to an order under RCW 17.10.210 as now or hereafter amended, shall give to the owner or reputed owner or his agent a notice in writing, within ninety days from the date of the cessation of the performance of such labor, the furnishing of such materials, or the supplying of such equipment, which notice shall cover the labor, material, supplies, or equipment furnished or leased, as well as all subsequent labor, materials, supplies, or equipment furnished or leased, stating in substance and effect that such county noxious weed control board is furnishing or has furnished labor, materials and supplies or equipment for use thereon, with the name of the county noxious weed board ordering the same, and that a lien may be claimed for all materials and supplies or equipment furnished by such county noxious control board for use thereon, which notice shall be given by mailing the same by registered or certified mail in an envelope addressed to the owner at his place of residence or reputed residence.

NEW SECTION. Sec. 15. There is added to chapter 17.10 RCW a new section to read as follows:

No lien created by section 13 of this 1975 amendatory act shall exist, and no action to enforce the same shall be maintained, unless within ninety days from the date of cessation of the performance of such labor, furnishing of materials, or the supplying of such equipment, a claim for such lien shall be filed for record as hereinafter provided, in the office of the county auditor of the county in which the property, or some part thereof to be affected thereby, is situated. Such claim shall state, as nearly as may be, the time of the commencement and cessation of performing the labor, furnishing the material, or supplying the equipment, the name of the county noxious weed control board which performed the labor, furnished the material, or supplied the equipment, a description of the property to be charged with the lien sufficient for identification, the name of the owner, or reputed owner if known, or his agent, and if the owner is not known, that fact shall be mentioned, the amount for which the lien is claimed, and shall be signed by the county noxious weed control board, and be verified by the oath of the county noxious weed control board, to the effect that the affiant believes that claim to be just; and such claim of lien may be amended in case of action brought to foreclose the same, by order of the court, as pleadings may be, insofar as the interest of third parties shall not be affected by such amendment. A claim or lien substantially in the same form provided by RCW 60.04.060 and not in conflict with this section shall be sufficient.

NEW SECTION. Sec. 16. There is added to chapter 17.10 RCW a new section to read as follows:

Open areas subject to the spread of noxious weeds, other than crop land, including but not limited to subdivisions, school grounds, playgrounds, cemeteries, parks, and rights of way shall be subject to regulation by activated county noxious weed control
boards in the same manner and to the same extent as is provided for agricultural lands.

**NEW SECTION.** Sec. 17. There is added to chapter 17.10 RCW a new section to read as follows:

The purpose of this chapter is to limit economic loss due to the presence and spread of noxious weeds on or near agricultural land.

The intent of the legislature is that this chapter be liberally construed, and that the jurisdiction, powers, and duties granted to the county noxious weed control boards by this chapter are limited only by specific provisions of this chapter or other state and federal law.

MOTION

On motion of Senator Mardesich, Senate Joint Resolution No. 114 was ordered placed at the end of today's second reading calendar.

SECOND READING

SENATE BILL NO. 2032, by Senators von Reichbauer and Gould:
Providing that renewal of school district superintendent's contracts be solely at the discretion of the employer school board.
The bill was read the second time by sections.
On motion of Senator Stortini, the rules were suspended, Senate Bill No. 2032 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

POINT OF INQUIRY

Senator Stortini: "Will Senator Gould yield to a question? Senator, if a superintendent was fired, would he still be entitled to a position in the district by virtue of the fact that he is a certified employee within the district?"
Senator Gould: "Yes, it is my understanding the bill does cover that. If, for instance, in a small school district where you have a teacher superintendent, he still retains his rights as a teacher but not his position as superintendent in the district. That is why I think it is protective of him in that position."

POINT OF INQUIRY

Senator Bailey: "Will Senator Gould yield? Is there a court ruling or something that after the contract is over that the school board has to maintain the man after the contract expires?"
Senator Gould: "You mean presently? This bill came out of the problem in Renton where the Renton School District did terminate their superintendent."
Senator Bailey: "At the end of the contract or in the middle?"
Senator Gould: "They terminated in the middle, it is my understanding, but the court also ruled that continuing contract law was in effect so that not only could they not terminate during the contract but they would also have to consider him on a continuing contract for rehire. It looks like I did not answer your question."
Senator Bailey: "It sounds like the court did not answer it."
Senator Gould: "I think it was a surprise to most school districts to realize that the superintendent was considered by the court under the continuing contract law. I think we have always felt that superintendents are under the regular contract law and if they are terminated during the contract, why then they have the process of due process and picking up the contract but not under the continuing contract."
Senator Bailey: "Senator Gould, is this a superior court or a Supreme Court decision?"
Senator Gould: "Superior court in King County."
Senator Bailey: "Was it appealed?"
Senator Gould: "I did not think so."
Debate ensued.

POINT OF INQUIRY

Senator Odegaard: "Would Senator Gould yield? Senator Gould, if a superintendent, let us say, has a three year contract, would this bill allow the school board then to terminate his or her contract before the three year date is up?"
Senator Gould: "This bill only related to the continuing part of the contract, not to the termination of a contract while it is in process. Would Senator von Reichbauer like to speak to this? You have a little more information on that."
Senator von Reichbauer: "Senator Gould, Mr. President and members of the Senate, to answer the question, it does speak only to the renewal of contracts. And I would say to Senator Bailey, who talked about local control, this is what this bill is aimed at.
The local representatives of the people are the board members, and this returns the power of the control of the district to the local board members, and those of you who believe in local control can easily accept this bill because this is in effect what it does. Should the district board members control the districts."

Further debate ensued.

MOTION

On motion of Senator Wilson, Senate Bill No. 2032 was ordered placed on the third reading calendar for Monday, April 7, 1975.

SECOND READING

SENATE BILL NO. 2453, by Senators Murray, Fleming, North and Bailey:
Granting criminal justice training commission power to lease facilities.

REPORT OF STANDING COMMITTEE

February 18, 1975.

SENATE BILL NO. 2453, granting criminal justice training commission power to lease facilities (reported by Committee on Local Government):

MAJORITY recommendation: Do pass with the following amendments:
On page 1, line 30, after "lease" and before "a" insert "for a period not to exceed three years"
On page 2, line 3, after "purchase" and before "of" strike [or lease]

Signed by: Senators Fleming, Chairman; Jolly, McDermott, North, Sellar, Talley, Wilson.
The bill was read the second time by sections.
On motion of Senator Fleming, the committee amendment to page 1, line 30 was adopted.
Senator Fleming moved adoption of the committee amendment to page 2, line 3.
Debate ensued.

POINT OF INQUIRY

Senator Odegaard: "Would Senator Fleming yield? Senator Fleming, do you or Senator Murray know if Providence Heights is one of those being considered to be leased?"

Senator Fleming: "That is one of the questions, Senator Odegaard. They are leasing on a month to month basis right now Providence Heights, and the reason for the amendment was Senator Bailey wanted to make sure that they would not try to purchase Providence Heights or something of that nature. Now it is on a month to month basis and they are in the process of now trying to sell Providence Heights. If they sell Providence Heights, then the commission might be out on its ear so it has to look at other facilities, maybe such as Seattle U or some other places to try and lease, or maybe the Swept Wing Inn or something like that; and whatever lease they go into there will have to be improvements made to fit their use, and most people will not want to go into a month to month lease if they are going to have to make improvements on the place. And so that is the basis for it. Senator Murray might want to speak more to it."

Senator Bailey: "Senator Odegaard, I inquired into this. Providence Heights is not willing to lease for anything except a month to month basis, so it is very unlikely they would use Providence Heights. There is more of a chance that they would use a dormitory or something out at St. Martin's College and send the students to Centralia Community College or Olympic or something like that for their training, but there is very little likelihood that they would be able to lease Providence Heights. My concern was not against Providence Heights. My concern was against a board or a commission tying state money into them telling us where they are going to put it. I think that decision should be in the legislature. I also think it should be clear and I hope that is clear in the bill that this should not allow any lease-purchase agreements because that would certainly be a miscarriage of justice."
Senator Murray: "I think by the time I am through I will have finished my speech that I had prepared for third reading; but in answer to Senator Odgaard's question, I think there are two points. One, one of the problems that we might have is that what Senator Fleming just said; are we leasing now? And by my definition a month to month rent is not a lease, but we want to clarify that position. Number two, Providence Heights, specifically, is up for sale. They are not leasing, and by leasing I mean defining any right to possession of the property for more than thirty days to anyone because they want to be able to sell the property, with no encumbrances and no promises for the use of it, to whoever will be willing to purchase it. So they are not willing to sign a lease with anyone for any reason at the present time. So there is no intent to encumber the state and/or Providence Heights from the standpoint of a lease at Providence Heights. They are not interested and the present price that we are paying we are not interested either. From the standpoint of what the ultimate objective will be, this is to permit them to go to other facilities if and when they wish to, so that they can get a more favorable response, and specifically they are looking at a motel property close to the Seattle training academy where they might want to have facilities to use in conjunction with the Seattle training academy, but they need major changes in the physical structure. And if they do that, the landlord says, 'No, I will not do it unless you sign an extended lease,' up to three years, according to the terms of this bill."

REMARKS BY SENATOR DONOHUE

Senator Donohue: "Mr. President, in answer to your inquiry pertaining to LEA funds, I think probably that any LEA funds that would come in during the biennium, following the writing of the budget, would have to come before Legislative Budget Committee for authorization as unanticipated receipts, and at that time we could be sure that those moneys are not spent for some exotic lease program in some large installation. I think this whole issue, as you remember in Ways and Means, needs to be carefully looked at because of many other reasons also, and so I think that we have a handle on it in the budget and in LBC."

POINT OF INQUIRY

Senator Washington: "Would Senator Murray yield to a question? Maybe you covered this. I was off the floor on amendments to another bill. Is there any limitation on the length of time for the lease in this bill?"

Senator Murray: "The first amendment specifically specifies a three year maximum."

Senator Washington: "Thank you."

The motion by Senator Fleming carried and the committee amendment to page 2, line 3 was adopted.

On motion of Senator Fleming the rules were suspended, Engrossed Senate Bill No. 2453 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

Debate ensued.

ROLL CALL

The Secretary called the roll on the final passage of Engrossed Senate Bill No. 2453, and the bill passed the Senate by the following vote: Yeas, 43; nays, 1; excused, 5.

Voting nay: Senator Benitz—1.

Excused: Senators Buffington, Francis, Grant, Matson, Morrison—5.

ENGROSSED SENATE BILL NO. 2453, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.
SECOND READING

SENATE BILL NO. 2454, by Senators Murray, Fleming and Nôrth:

Directing the criminal justice education board and commission to establish minimum standards for recruitment of criminal justice personnel.

POINT OF INQUIRY

Senator Bottiger: "Mr. President, before this bill is moved to second reading, I wonder if Senator Murray would yield to a question? Senator Murray, in a small community in a rural part of a county, we were able to find a retired military policeman who was missing a leg to serve for about two hundred dollars a month as a municipal policeman and I am concerned that this bill would authorize the commission to establish physical minimum standards that would prohibit a small community from doing something like that."

Senator Murray: "In response to your specific question, yes, it would. The intent of the bill is to permit the standards that have already been established by the Law Enforcement Training Board and adopted by the commission to apply on recruitment rather than at training. The specific reason for that is, at the present time the financing of the bill does not permit immediate training before actually commissioning an officer, so that we have men who have been issued a badge and a gun, who are serving as police officers, and yet do not meet the minimum standards for training that has been established as a statewide standard. You also have the problem of LEFF and its retirement benefits. We are trying to make everything consistent so the physical standards that are set by the board will be consistent for recruitment, for training, and for LEFF involvement in the pension system."

The bill was read the second time by sections.

On motion of Senator Murray, the rules were suspended, Senate Bill No. 2454 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

Debate ensued.

POINT OF INQUIRY

Senator Rasmussen: "I would like to ask Senator Murray a question? Senator Murray, when they established physical-most of our police and fire departments have had rules and regulations regarding recruitment in physical standards, but since that time we have established the laws giving the handicapped the privilege of engaging in any profession or any business that they are capable of. Do you anticipate that this proposed law change would conflict with that?"

Senator Murray: "Not to the extent that it would be required for the actual execution of the duties of a policeman or fireman, and we are talking about, specifically right now, law enforcement, so it is limited to policemen, so that the standards that are necessary for training and the physical standards that are necessary for the pension provisions of our LEFF program would also be consistent with the recruitment provisions of the man who can be hired by the local city authority, particularly the small town authority, and commissioned as a police officer has to meet the standards that are now set statewide for the training of a police officer. Now if you go back to the original intent of the bill and the original request for an appropriation, the intent of the bill at that time was that before a man was commissioned as a police officer, in other words, given a badge or a gun, he would go through this training. The request was for enough money so that the state in requiring that he have that training before he was commissioned would supply a substitute for that new trainee and would pay all the expenses of his training. Because the money was not sufficient that was granted in the bill, they now find that they do not train as fast as people are recruited, so that they have a man who has been recruited at the local level and has been on duty as a police officer for some months and then comes in for training and he does not meet the physical standards for training. So the problem is, they have to reject him and he has already been hired. The purpose of this bill, again, is to try to set the standard for recruitment at the local level at exactly the same standard that applies for training. It merely means that we have set that standard
back two or three months to the time the person is hired, rather than the time he comes in for training."

Debate ensued.

POINT OF INQUIRY

Senator Washington: "It seems to me that the answer that Senator Murray gave would be better in the form of a question rather than just in the form of a statement. Is it intended, Senator Murray, if you would yield, that the act apply to any other than police officers?"

Senator Murray: "This is specifically designed to solve the problem among all enforcement personnel."

Senator Washington: "And does not apply to deputy prosecuting attorneys?"

Senator Murray: "It does not apply to deputy prosecuting attorneys."

Senator Washington: "Thank you."

Excused: Senators Buffington, Francis, Grant, Matson, Morrison, Stortini—6.

SUBSTITUTE SENATE BILL NO. 2150.

Revising the law relating to usury.
The bill was read the second time by sections.
On motion of Senator Woody, the following amendments were adopted.
On page 1, line 13, after "was" and before "for" strike "primarily" and insert "exclusively"

Beginning on line 21, strike all of section 2.

On motion of Senator Woody, the rules were suspended, Engrossed Senate Bill No. 2306 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

POINT OF INQUIRY

Senator Bottiger: "Would Senator Woody yield to a question? Senator Woody, I understand the evils of the bank not actually lending the individual the full hundred thousand dollars and putting the money in some kind of contingency or call account, I am wondering now, with this bill as written, haven't we just said that you do not have to give them the full fifty thousand, you can only give them ten or five and hold the rest of it in the call account?"

Senator Woody: "I think in reading the MacLean case and reverting to the transaction language rather than using the old language where it said 'loans in the original principal amount,' I think by using the transaction theory we have plugged that loophole. And if you want to know what the intent is, the intent is that if the transaction, no matter how much the actual monetary amount given to the fellow is concerned, if that amount is less than fifty thousand dollars, then the interest charged could not be more than twelve percent."

ROLL CALL

The Secretary called the roll on the final passage of Engrossed Senate Bill No. 2306 and the bill failed to pass the Senate by the following vote: Yeas, 20; nays, 22; excused, 7.

Excused: Senators Buffington, Francis, Grant, Herr, Matson, Morrison, Stortini—7.

ENGROSSED SENATE BILL NO. 2306, having failed to receive the constitutional majority, was declared lost.

On motion of Senator Marsh, the rules were suspended, Engrossed Senate Bill No. 2416 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

Debate ensued.

POINT OF INQUIRY

Senator Rasmussen: "Would Senator Clarke yield to a question? Senator Clarke, under the deed of trust, if a person is delinquent in his payments, immediately all payments come due. You went through the procedure now of giving him notice and you say you give him an additional ten days. Take the person now that is making his payments; he misses one payment. Immediately all the balance comes due and subject to whatever penalties are imposed by the lending organization. Is this correct?"

Senator Clarke: "I think that depends to an extent upon the type of instrument. I think, and again I should point out that I am not an expert in this particular field, it is my impression that the instrument may so provide, as indeed may a mortgage. I do not think that the bill before you makes any change whatsoever in that particular category."

Senator Rasmussen: "Could you identify any expert here on the floor that could fully acquaint us with what the deed of trust does? Any Senator here?"

Senator Clarke: "Not unless someone wants to volunteer, I think, however, that this is something that can be provided for in the instrument itself, that is that on a default the entire amount may be declared due. That is a common provision for a note and mortgage situation. Senator Bottiger, do you wish to respond?"

Senator Bottiger: "Senator Rasmussen, I know your son works in this area, as do I on occasion. The deed of trust differs from the mortgage on the reinstatement provisions because a mortgage generally has to be foreclosed in a regular court foreclosure procedure. A deed of trust is a simplified way. However, in at least two cases in Pierce County with no resistance from the lending institution, despite a letter claiming the entire amount and balance was due and payable, a tender was made of the back payment and the existing contract reinstated. Therefore, I do not believe there is any difference in that respect between the mortgage and the deed of trust. They do go through the formality of threatening you with the entire balance but I have never had them not take the back payments."

Senator Rasmussen: "Then the procedure is that your regular monthly payment comes due and within thirty days when you have not made that payment they serve you notice that all the full balance of the contract is due, plus the usual penalties."
Senator Bottiger: "They ask for attorney fees and foreclosure and title search and things of this nature, just as they do on the note that is the debt for the mortgage. They do the same thing there but the same practice, at least in Pierce County, exists where they will accept the back payments, usually up to three. If a person gets three payments behind and does not offer all three of them, then most lending institutions, because it is part of FHA financing, say you have got to make up all three payments or they declare the entire balance due."

Senator Rasmussen: "You have answered part of my question but in addition to that they have since put in that they will loan you the money but they will only loan it to you on a deed of trust, and then in the contract that they draw they also say that if you have an opportunity to sell your equity — suppose the person finds he cannot pay for his house and he says, 'I would like to sell my equity,' has a buyer, and so this same lending agency comes up to the person that cannot pay for his house and they say, 'Well, that is all right, you can sell it but immediately the new higher interest rate will come due. If you have a six percent rate you will have to pay the nine and one-half percent rate, so the person that is going to buy his equity walks out of the picture and the house is foreclosed in thirty days."

Senator Bottiger: "Senator Rasmussen, you are absolutely right. That question is in court right now in, I believe it is Cowlitz County. The board of realtors there have brought suit against the lending institutions, trying to declare that as against public policy. I do not know what the outcome of that suit is."

Senator Rasmussen: "... points out that the poor defenseless home buyer has very little recourse any more."

Senator Bottiger: "The deed of trust is an advantage to the lending institutions. This bill does not change that. It in fact is a little bit better for the homeowner."

Senator Rasmussen: "Thank you."

Debate ensued.

POINT OF INQUIRY

Senator Rasmussen: "Will Senator Clarke yield to a further question? Senator Clarke, on page 11, line 32, new material, 'The trustee may for any cause he deems advantageous postpone a sale for a period or periods not exceeding a total of thirty days by public proclamation at the time and place fixed in the notice of sale. No other notice of postponed sale need be given.' What is that related to? What does he do, just say out loud, 'I am postponing the sale'?"

Senator Clarke: "I think that that is to cover a situation which sometimes occurs in connection with a sale of this kind. The disadvantage of the situation is that the only bidder on the sale may, in effect, be the lender who simply bids it in for his balance. Now there can be a situation where by virtue of postponement a higher amount can be received and this in most instances is requested by and is of the interest of the borrower. He may find somebody or think he has somebody that can come in and offer more money. And of course any money that is over and above the amount of the debt plus costs goes to the borrower so that provision, I think, is quite beneficial to the borrower."

MOTION

The motion by Senator Mardesich carried. Substitute Senate Concurrent Resolution No. 104 was placed on the second reading calendar for Monday, April 7, 1975.

SECOND READING

SENATE BILL NO. 2519, by Senators Goltz, Guess and Benitz:
Relating to the council on higher education.

MOTIONS

On motion of Senator Goltz, Substitute Senate Bill No. 2519 was substituted for Senate Bill No. 2519 and the substitute bill was placed on second reading and read the second time in full.

Senator Goltz moved adoption of the following amendment by Senators Goltz and Guess:
On page 5, following section 4, add a new section as follows:

"NEW SECTION. Sec. 5. Section 5, chapter 277, Laws of 1969 ex. sess. and RCW
28B.80.050 are each hereby repealed."

Renumber the remaining sections consecutively.

Debate ensued.

POINT OF INQUIRY

Senator Wilson: "Would Senator Goltz yield please? In discussing the amendments we are discussing one of the most important aspects of the bill and I wonder if you would briefly summarize what the new board would consist of and how its makeup would differ from the present commission?"

Senator Goltz: "I hope I can answer that. The present membership on the council consists of nine citizen members and the new council will consist of nine citizen members, the difference being that the one citizen member designated in the bill as it has been before you is a student member. Previously there were four legislators; under the proposed bill there are no legislators. There were two members on the Governor's staff previously; now there will be one. There were six four-year public presidents before; now there would be one. There was one executive director of the State Board for Community College Education; he would still be there. There was one community college president; there would be no community college president. There were two private college presidents; there would now be one private college president. The Superintendent of Public Instruction appears on both councils, as does the director of the Coordinating Council for Occupational Education. There would not be a representative from a vocational-technical school but there would be a representative of post-secondary proprietary education remaining as there was before. So the membership was thirty; it is now sixteen. It was nine citizen members and would remain nine citizen members."

Further debate ensued.

POINT OF INQUIRY

Senator Odegaard: "Mr. President, if the Council on Higher Education members are strictly advisory, I would tend to go along with Senator Goltz. However, if the Council is also in the advocacy position, along with advisory, I think I would tend to go along with Senator Scott. And I am still not clear which the Council serves, whether it is advisory or whether they are the advocate, or they get in the policy decision making. Senator Scott, I wonder if you would yield and since you have been on the Council now for a while, of your experience, is the Council strictly advisory?"

Senator Scott: "According to statute, the two words 'advisory' and 'recommendatory' are the two words in the statute. What I am worried about here is the temptation that they may go more to an advocate role and the advocate role would arrive when the voting members, the institutional members, if they were given a vote, could forward their own proposals, in cooperation perhaps with a minority of the citizen members of the Council and then carry recommendations that were strictly institutionally oriented in their viewpoint, that the institutions were interested in. Contrarily, I think the Council should be an objective view, a citizen view mainly, on what is happening in higher education. This legislature has plenty of input, articulate input, from the institutional leaders and their representatives here, and the thing that the legislature was looking to, at least as the law was written in 1969, was more citizen review and recommendation."

Further debate ensued.

The motion by Senator Goltz failed and the amendment was not adopted.

Senator Odegaard moved adoption of the following amendment:

On page 4, beginning on line 24, after "instruction;" strike all the matter down through "governor;" on line 25 and insert "[two members of the governor's staff appointed by the governor;]"

Debate ensued.

The motion by Senator Odegaard failed and the amendment was not adopted.
There being no objection, the amendments by Senators Goltz and Guess to page 6, line 11; page 7, lines 7 and 9 on the Secretary's desk, were withdrawn.

On motion of Senator Sandison the rules were suspended, Senate Bill No. 2519 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

MOTIONS

SECOND READING

ENGROSSED SUBSTITUTE SENATE BILL NO. 2235, by Committee on Local Government (originally sponsored by Senators Talley, Jolly and Sellar):
Allowing certain public utility districts to acquire, construct, operate and add to sewage and sanitation systems.

MOTIONS

On motion of Senator Fleming, Second Substitute Senate Bill No. 2235 was substituted for Engrossed Substitute Senate Bill No. 2235 and the second substitute bill was placed on second reading and read the second time in full.
On motion of Senator Fleming, the rules were suspended, Second Substitute
Senate Bill No. 2235 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

POINT OF INQUIRY

Senator Wilson: "Would Senator Fleming yield? Senator Fleming, it just occurred to me that the original bill which did not provide for a vote of the residents of the PUD area did provide that the county legislative authority could say whether or not it wished the PUD to get into the sewer business, and that the purpose of that was to give somebody some element of coordination with respect to developments of this nature because there are several public bodies with the authority to get into the business. Even though this went through a committee on which I am a member, although we all recognize the committee as meeting about eighteen times a week and putting out a tremendous flow of legislation, I see that that provision does not appear in the second substitute and I wondered if there were a reason for that."

Senator Fleming: "Okay. Take it in two parts, Senator Wilson. First of all, if you are concerned about the county and the overall comprehensive efforts, if you will look in line 6 in the second substitute bill, whatever plans that are developed would have to be in compliance with the county comprehensive plan and goes under the general powers of such. So they will have that input. You have to be perfectly realistic and honest about the situation. There will be some counties that might like to have the county legislative authority indicating whether in fact they can do this or they cannot do this. The argument on the other side of that is that the public utility districts are a municipal corporation and they feel as though they have the same kind of status as a county but probably a little less of a size and they feel as though they are the ones and the people within the public utility districts are the ones who should decide whether in fact this should happen and not the people within the total county itself. So you will have that distinction and you will have that pro and con argument, but these are some of the reasons as to why it is drafted the way it is."

The Secretary called the roll on the final passage of Second Substitute Senate Bill No. 2235, and the bill passed the Senate by the following vote: Yeas, 40; nays, 3, excused, 6.

Requiring a state hospital for treatment of sexual psychopaths on each side of the Cascade Range.

REPORT OF STANDING COMMITTEE

February 12, 1975.

MAJORITY recommendation: Do pass with the following amendment:

On page 1, line 9, after "hospitals" strike the comma and after "Range" strike the comma

Signed by: Senators Day, Chairman; von Reichbauer, Vice Chairman; Cunningham, Francis, Goltz, Gould, North, Pullen, Ridder, Van Hollebeke.

The bill was read the second time by sections.

On motion of Senator Day, the committee amendment was adopted.

Senator Lewis (Harry) moved adoption of the following amendment:

On page 1, line 9, strike ", on each side of the Summit of the Cascade Range,"

Debate ensued.

The motion by Senator Lewis (Harry) carried and the amendment was adopted.

Senator Donohue moved adoption of the following amendment by Senators Donohue and Day:

On page 1, following line 29, add a new paragraph as follows:

"The provisions of this amendatory act shall not take effect until the funds necessary for its implementation have been specifically appropriated by the legislature and such appropriation itself has become law."

POINT OF INQUIRY

Senator Rasmussen: "Would Senator Donohue yield to a question? As I gathered from your statement on your amendment, which I can agree with your purpose, but in effect you are saying that the portions of this bill that it cannot become effective until you have reviewed the appropriation and what I am wondering is if they can do it without any extra expense, why not let the intent of the bill become effective?"

Senator Donohue: "Senator, in answer to your question, in the past when a bill such as this that has a sizable fiscal impact has reached the floor and has not been in Ways and Means, it has been just one thing that we have done to be sure that the appropriation process shall not be bypassed. Consequently, this amendment if it goes on there will insure that it will not become effective unless the money is there, and I do not know, Senator, whether they are going to be able to do this within that amount requested by the Governor or whether there will have to be additional funds. But I have assured Senator Day that we will look at this in our judgment and see that the money is there."

Senator Donohue: "Thank you."

The motion by Senator Donohue carried and the amendment was adopted.

On motion of Senator Lewis (Harry), the following amendment was adopted:

On page 1, following line 29, add the following new section:

"NEW SECTION. Sec. 2. This act is necessary for the immediate preservation of the public peace, health and safety, the support of the state government and its existing public institutions, and shall take effect immediately."

On motion of Senator Lewis (Harry), the following amendment to the title was adopted:

On page 1, line 3 of the title, after "71.06.140" and before the period insert "; and declaring an emergency."

On motion of Senator Day, the rules were suspended, Engrossed Senate Bill No. 2101 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

POINT OF INQUIRY

Senator Newschwander: "I wonder if Senator Day will yield to a question? Senator Day, I am all for this bill because I live right in the midst of all these problems. I did have the reservations about sending some east and west because of the fiscal impact, but my question to you is that most of these people are sent there for a period of eighteen months or more for treatment, and the history of the escape deal out there, there have been a few escapes from the security building itself but most of them are during the treatment when after seven or eight months they give them ground privileges of an hour and later on two hours and later on three hours and then near the end of the treatment they let them go home for a weekend. And that is where most or the majority of the es-
capes take is during the treatment of trying to get them back into society. Now when we pass a measure like this and maximum security to keep these from escaping, are they going to be liable if one walks away during the treatment time in getting outside the hospital grounds, home on a weekend, mingling with society again, because the success of this program is gradually working them back into the civilian life and so I am wondering if we are tying their hands where they are really going to be locked up for the eighteen months or the two years or the three years until they just turn them loose all of a sudden. I think we are going to destroy the program if that happens.”

Senator Day: “It is not our intent to destroy the program. However, I think that as long as they are in custody and they are released, based on judgment or based on a statute that says security, that we are liable; and I think that has been one of the problems. We were told in California that that is a myth that they cannot treat these people in a secure facility, that it can be done and that they can set up the program properly so that it can be done.”

Senator Newschwander: “Just once more I want it understood that about nine out of ten of them run away when they are given their hour, two hour, three hour, or their weekend passes and so I just want it in the record that it is not our intention then to hold the institutions liable if that is the case.”

Senator Day: “It is not our intention to do that but it is also our intention that they be handled in such a way that it does provide security for the people in the neighborhood.”

ROLL CALL

The Secretary called the roll on the final passage of Engrossed Senate Bill No. 2101, and the bill passed the Senate by the following vote: Yeas, 42; nays, 1; excused, 6.

Excused: Senators Buffington, Francis, Grant, Herr, Matson, Morrison—6.

ENGROSSED SENATE BILL NO. 2101, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

There being no objection, the Senate returned to the fourth order of business.

On page 1, beginning with line 15 strike all the material down to and including the period on line 19 and insert:

"The right to renew a contract of employment with any school superintendent shall rest solely with the discretion of the school board employing such school superintendent. Regarding such renewal contracts of school superintendents the provisions of RCW 28A.58.450 through 28A.58.515, 28A.67.065, 28A.67.070, 28A.67.074 and 28A.88.010 shall be inapplicable."

On motion of Senator Stortini, the rules were suspended, Engrossed Senate Bill No. 2032 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

POINT OF INQUIRY

Senator Grant: "Would Senator von Reichbauer yield to a question? Senator von Reichbauer, just for purposes of legislative intent I suppose, would you respond to this question? Would it be permissible under the bill as it has been amended now to terminate or abrogate a contract during the term of the contract, or does the bill only apply to renewal of contracts?"

Senator von Reichbauer: "Senator Grant and members of the Senate, the bill only applies to renewal of contracts."

ROLL CALL

The Secretary called the roll on the final passage of Engrossed Senate Bill No. 2032 and the bill passed the Senate by the following vote: Yeas, 49.

ENGROSSED SENATE BILL NO. 2032, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

THIRD READING

ENGROSSED SENATE BILL NO. 2176, by Senators Bottiger, Morrison, Fleming, McDermott and Stortini (by Superintendent of Public Instruction request):

Mandating certain school districts to divide into director districts and providing for election of directors thereunder.

The President declared the question before the Senate to be the roll call on final passage of Engrossed Senate Bill No. 2176.

Engrossed Senate Bill No. 2176 failed to pass the Senate on April 3, 1975 and the Senate moved at that time to reconsider the vote by which the bill failed to pass.

MOTION

Senator Lewis (Harry) moved that the rules be suspended and Engrossed Senate Bill No. 2176 be returned to second reading.

The motion by Senator Lewis (Harry) failed on a rising vote.

Debate ensued.

PERSONAL PRIVILEGE

Senator Bottiger: "Since my name was mentioned, I would remind Senator Newschwander that when the bill was introduced and the study made, the district I represented was South Tacoma."

Further debate ensued.
POINT OF INQUIRY

Senator Mardesich: "I wonder if one of the sponsors of the measure, Senator Bottiger, I guess is familiar with it, would yield to a question? Senator Bottiger, I gathered that what this does is allow the boundaries of a district to be changed by the school board and such change be approved by the county committee on school district organization. I am wondering if you do not get the director of elections in there, how are you going to be able to avoid splitting of precincts and what happens then, when they come to vote in the general election?"

Senator Bottiger: "Senator Mardesich, the bill provides that the school board shall draw the district boundary lines and that shall be submitted for review to avoid gerrymandering to the board on boundaries — okay, committee on school district organization. I am sure that they will follow precinct lines to avoid any problem. At least I know in the counties I am familiar with, the county auditor usually gets down and explains his problems and people will follow those."

ROLL CALL

The Secretary called the roll on the final passage of Engrossed Senate Bill No. 2176, and the bill, on reconsideration, failed to pass the Senate by the following vote: Yeas, 24; nays, 25.

ENGROSSED SENATE BILL NO. 2176 having failed to receive the constitutional majority, was declared lost.

There being no objection, the Senate returned to the sixth order of business.

SECOND READING

ENGROSSED SUBSTITUTE SENATE BILL NO. 2424, by Committee on Ecology (originally sponsored by Senators Walgren, Washington and Lewis (R. H. "Bob"): Coordinating public water supply system planning.

The Senate resumed consideration of Engrossed Substitute Senate Bill No. 2424. On April 3, 1975, the bill was amended and advanced to third reading. On April 4, 1975, the rules were suspended and Engrossed Substitute Senate Bill No. 2424 was returned to second reading.

On motion of Senator Day, the following amendment by Senators Day, Donohue, Goltz, Lewis (Harry) and Mardesich was adopted:

On page 2, line 7, after "systems" strike "serving a single family residence" and insert "that are owner operated and serving less than fifteen single family residences."

Senator Washington moved adoption of the following amendment:

On page 3, line 21, after "area" insert a period and strike the remainder of the subsection.

POINT OF INQUIRY

Senator Lewis (Harry): "Would Senator Washington yield? Senator Washington, on line 20 we have the word ‘may’ and I am wondering in the event that he does not develop a plan, each purveyor ‘may.’ Assume that he does not develop a plan, what would be the situation?"

Senator Washington: "His situation would be that over in Section 10, that if he did not develop the secretary would, after two years, after the establishment of the critical
area, if he did not establish a plan, then he would not be able to expand his system. He
would be able to continue as he is and would be able to provide service connections; but
he would not be able to expand his system.”

Senator Lewis (Harry): “In reading Section 10, it says ‘the secretary may deny pro­
posals to establish or further expand any system within a critical regional area for which
there is not an approved water supply plan.’ So we say he may approve a plan. Your
amendment would say that he may draw up a plan. If he does not, the secretary could
then preclude him from presenting a proposal. I am wondering why it should not be
‘shall’ is what I am trying to get to. Why should it not be ‘shall’? Should there not be
public notification of the effect of this bill on the people of the state? That is what I am
wondering.”

Senator Washington: “You are going to have a two year period. First you are going
to be establishing the critical region. That is going to take some time. Then after that
critical region is established he has two years, and if he has not established a plan within
two years, then he is going to be restricted to the area that he presently has. He will not
be able to expand. I think that is a reasonable situation. He will be able to maintain his
present system. Nobody is going to be able to come in and take it away from him, but
he will not be able to expand out into other areas. If he wants to do that, then he has to
comply with the plan.”

The motion by Senator Washington carried and the amendment was adopted.

Senator Day moved adoption of the following amendment by Senators Day, Dono­
hue, Goltz, Lewis (Harry) and Mardesich:

On page 3, line 21, after “area” insert “: PROVIDED, That no such plan shall in­
clude the fluoridation of water without the prior approval of a majority of the voters
within such service area.”

POINT OF INQUIRY

Senator Bailey: “Would Senator Day yield? Does not this truthfully go a lot further
than that though, Senator, and say that where you used to be able to do this by resolution
of the local board and they faced the consequences; you are just saying now the local
board can no longer do it without a vote of the people?”

Senator Day, “I think, Senator, that is what has happened in the past anyway is that
the people would referendum such action, but this just says that the people have a right
to vote on whether they want something put in their water for purposes other than purifi­
cation. That is really what you are talking about. You are talking about treating water
for medicinal purposes. Although that may be beneficial and it may be desirable, I think
that the people should have the right to make that determination.”

Senator Bailey: “It depends on how you vote on it, Senator, I just wanted to point
out to you we are going far beyond what you said you were going.”

Senator Washington: “Mr. President, I had the same feeling when I first read the
amendment, Senator Bailey, but what it provides, ‘Provided that no such plan.’ Now this
plan, I have argued that this is not necessary because it is going to be a physical plan that
will set up the size of pipes and this type of thing and there is no idea that they are going
to require fluoridation. This merely assures people that they are not going to do that.”

POINT OF INQUIRY

Senator Bailey: “Would Senator Day yield then? Senator Day, take the case of a
district that has approved fluoridation and then the plan calls for extending the service
into another area. Now what situation legally does this leave the additional people in
insofar as approving fluoridation in a district that already has it?”

Senator Day: “I think that most of those districts you would find they have already
had a vote and so they have complied with this section, in my opinion.”

Senator Bailey: “Senator Day, is there any danger that your amendment though, it
says you cannot apply this to anyone unless they have voted on it but then you have
forced this district into another vote because of the additional people into the district.
You are saying in the amendment that if you extend it into my area, then I have a right
to vote on it before fluoridation comes in, and I just think that you have gummed up the
works of some of those districts that already have gone through this battle.”
Senator Day: "I think if they have it they are all right and it provides that the plan shall not include this unless it has prior approval. Now if it had prior approval by the voters, then it had prior approval and it does not gum up anything. So I think that what you are really asking me is, someone that mandated it without a vote of the people, that is possible that that could affect it, but this only applies to the plan and it says 'prior approval' and 'prior approval' that means just that to me."

Senator Bailey: "A further question of Senator Day. Would you object then to say 'prior approval of those in the prior district'?"

Senator Day: "What this says is, 'Provided that no such plan shall include the fluoridation of water without the prior approval,' that is preceding approval, 'of a majority of voters within such service area.' So the thing is, in my mind it would mean the additional service area. So what you are talking about, if you are talking about adding on to a regular water system, I think that is what you are referring to here. So I just do not think so and I just think that what this does is protect people that have not had a vote from them just mandating it in the system plan without a vote and that is what the intent of the amendment is."

MOTION

Senator Bailey moved that Substitute Senate Bill No. 2424, as amended, together with the amendment by Senators Day, Donohue, Goltz, Lewis (Harry) and Mardesich moved for adoption by Senator Day, be placed at the end of today's second reading calendar.

Debate ensued.

The motion by Senator Bailey carried and Substitute Senate Bill No. 2424, as amended, with the pending amendment was placed at the end of today's second reading calendar.

SECOND READING

ENGROSSED SECOND SUBSTITUTE SENATE BILL NO. 2048, by Committee on Parks and Recreation (originally sponsored by Senators Knoblauch, Wanamaker, Bailey, Jones and Beck):

Revising laws on boating.

On March 3, 1975, Engrossed Second Substitute Senate Bill No. 2048 failed to pass the Senate. The Senate moved to reconsider the vote by which the bill failed. On that date, Engrossed Second Substitute Senate Bill No. 2048 was re-referred to the Committee on Parks and Recreation.

MOTION

On motion of Senator Knoblauch, Third Substitute Senate Bill No. 2048 was substituted for Engrossed Second Substitute Senate Bill No. 2048 and the third substitute bill was placed on second reading and read the second time in full.

Senator Rasmussen moved adoption of the following amendment:

On page 9, line 18 through line 12 on page 10, strike all of subsections (2) through (9) and substitute:

"(2) Vessels with propulsion machinery, two dollars.

(3) Any owner of more than one vessel with propulsion machinery shall pay two dollars for the first vessel and one dollar for each additional such vessel."

Renumber the two remaining subsections.

Debate ensued.

The motion by Senator Rasmussen failed and the amendment was not adopted on a rising vote.

Senator Rasmussen moved adoption of the following amendment:

On page 10, line 27, strike all of section 14 and renumber remaining sections consecutively.

POINT OF INQUIRY

Senator Bottiger: "Would Senator Wanamaker yield to a question? Senator Wan-
maker, I got a pass-out on the desk either here or back over at the office and I do not recall which, which would indicate that there was a positive financial impact. In other words, taking into consideration the inability of the assessors to collect this tax, these registration fees would bring in more money. Senator Rasmussen hits a note that was not covered by that memorandum and that is the loss of the inventory tax to local government. Is this section going to reach that result?"

Senator Wanamaker: "Well, this particular section, Senator Bottiger, which he is speaking to does not do that. What this is, if he is under a personal property tax and this goes into effect, then there would not be double taxation, by taking this, that he would not pay his 1975 tax. We had the same problem in the old camper bill that we put through here which a lot of us got into a lot of trouble, which they got a double taxation. What this does is eliminate that. Now what he is getting as is the dealers eliminating the inventory tax which is another question from this section is that they will be exempt, their inventory tax, as the years go over, but they will be paying a B and O tax which will cause a tax increase into the general fund."

POINT OF INQUIRY

Senator Wilson: "Will Senator Wanamaker yield? I am still a little confused on this point. I recognize that most county assessors in the state have given up trying to chase around boats in various carports and hidden behind garages and so on, and that these boats are essentially tax exempt. With respect to boat dealers who have boats on display and in their warehouses for sale, are inventory taxes currently being levied on those boats?"

Senator Wanamaker: "They are but, as you remember, over a ten year period we are eliminating the inventory tax, and this would put them then under the B and O tax. So in all effect they will not be paying more but then there will be more coming in by them paying the B and O tax which will cause an increase into the general fund."

MOTION

On motion of Senator Mardesich, the Senate advanced to the eighth order of business.

MOTION FOR RECONSIDERATION

Having voted on the prevailing side and having served notice, Senator Newschwander moved that the Senate do now reconsider the vote by which Engrossed Senate Bill No. 2306 failed to pass the Senate.

POINT OF INQUIRY

Senator Bottiger: "Would Senator Newschwander yield to a question? Senator Newschwander, Friday I expressed concern about the emergency clause on this bill. I had an opportunity to read the Tacoma News Tribune editorial, the Association of Washington Business, all complaining about improper use of emergency clauses. Am I to understand that if we reconsider we will go back to second reading and take that off?"

Senator Newschwander: "I am willing to take it back to second reading and consider any amendment. There were several other amendments, I believe, that are going to be considered."

The motion for reconsideration carried.

MOTION

On motion of Senator Day, the rules were suspended and Engrossed Senate Bill No. 2306 was returned to second reading.

On motion of Senator Woody, the following amendments were adopted:

Beginning on line 21 of the printed bill, being line 20 of the engrossed bill, strike all of section 2.
Beginning on line 17 of the engrossed bill, being line 4 of the Woody amendment to line 16, after "transaction" and before "exceeding" insert "not".

On motion of Senator Woody, the following amendment to the title was adopted:

On line 3 of the title of both the printed and engrossed bills, after "19.52.080" strike "; and declaring an emergency"

Senator Day moved that the rules be suspended, Reengrossed Senate Bill No. 2306 be advanced to third reading, the second reading considered the third, and the bill be placed on final passage.

Debate ensued.

MOTION

On motion of Senator Grant, Reengrossed Senate Bill No. 2306 was ordered to hold its place on the second reading calendar for Tuesday, April 8, 1975.

POINT OF INQUIRY

Senator Francis: "Will Senator Bob Lewis yield? Senator Lewis, I am just wondering here, the language preceding the new language says, 'The total number of votes cast for and against the measure in both the Senate and House, if the measure has been passed by the legislature.' It says, 'total number of votes.' It sounds to me like that just means total for and total against and no names but there is something in this underlined language that seems to me to at least imply that — both are by respective members, that they are somewhere or another listed by members and I am wondering if you have any knowledge of any time when the names of who voted for and the names of who voted against were listed in the Voters' Pamphlet?"

Senator Lewis (R. H. "Bob"): "No, they are not, to my knowledge. They are just numbers that are reflected, that is true, so I do not think that reflects on the individual; but I think with the sense of the way this is going it may be less than a perfect bill and I would, with the consent of the body, be ready to move it back to committee."

Senator Francis: "Thank you. I would not make such a motion myself, but would like to conclude my remarks by saying that I would have some reluctance to vote for the bill myself."

Senator Lewis (R. H. "Bob"): "I have sensed that exists in the body and rather than just stand here and be crucified forty-eight to one, I would just as soon let it go back to the committee."

MOTION

Senator Lewis (R. H. "Bob") moved that Engrossed Senate Bill No. 2317 be re-referred to the Committee on Constitution and Elections. Debate ensued.

The motion by Senator Lewis (R. H. "Bob") failed. The President declared the question before the Senate to be the roll call on final passage of Engrossed Senate Bill No. 2317.

If the secretary of state finds that such statement conforms to law, he shall, when all fees have been paid as in this title prescribed:
(a) Endorse on each of such triplicate originals the word "filed," and the month, day, and year of the filing thereof.
(b) File one of such originals in his office.
(c) Return the other two such originals to the corporation or its representative.
(6) One of such other originals shall then be filed in the office of the auditor of the county in which the registered office of the corporation is located and the other shall be retained by the corporation.
(7) Upon the filing of such statement by the secretary of state, the resolution establishing and designating the series and fixing and determining the relative rights and preferences thereof shall become effective and shall constitute an amendment of the articles of incorporation."

SECOND READING

SENATE BILL NO. 2346, by Senators Matson and Donohue (by Superintendent of Public Instruction request):
Changing requirements relating to sale of real property by school districts.

REPORT OF STANDING COMMITTEE

March 27, 1975.

SENATE BILL NO. 2346, changing requirements relating to sale of real property by school districts (reported by Committee on Education):
MAJORITY recommendation: Do pass with the following amendment:

On page 2, line 2 after “value” and before the period insert “: PROVIDED, That if the property has been on the market for three years or more the property may be sold for 75% of appraised value with the unanimous consent of the board”.

Signed by: Senators Stortini, Chairman; Francis, Gould, McDermott, Murray, Newschwander.

The bill was read the second time by sections.

On motion of Senator Stortini, the committee amendment was adopted.

MOTION

On motion of Senator Mardesich, the amendments by Senator Woody will be considered simultaneously.

Senator Woody moved adoption of the following amendments:

On page 2, line 15, after “district” insert “under the approved value of thirty-five thousand dollars”.

On page 2, line 22, after “district” insert “under the approved value of thirty-five thousand dollars”.

POINT OF INQUIRY

Senator Cunningham: “Would Senator Woody yield to a question? I am not sure I even understand this well enough to ask the question, but my concern is for school districts that have received the voter authorization to dispose of surplus property, maybe six or ten acres, whether this amendment will preclude them, in the event they are unable at a public auction to sell the property, to then go and negotiate a private sale still within the appraisal guidelines and in turn carry a real estate contract?”

Senator Woody: “It would not, even with this amendment on. The value of the property is over thirty-five thousand dollars and the board had submitted that to the voters for the approval of a sale and the voters have approved it, then they can sell by contract terms or through a brokerage.”

Senator Cunningham: “Thank you.”

The motion by Senator Woody carried and the amendments were adopted.

POINT OF INQUIRY

Senator Mardesich: “I wonder if Senator Gould would yield to a question? Or Senator Stortini. They are both familiar with the subject. Is it possible for a school district having a plot of land, say, of ten acres, to dispose of that in pieces of thirty-five thousand value or less under this bill?”

Senator Gould: “That certainly is not the intention. I could not speak whether it was legally possible. You would have to have a determination of that by a lawyer.”

Senator Mardesich: “You did state it was not the intention of this bill?”

Senator Gould: “No, it is not the intention of the bill to divide up property.”

Senator Stortini: “I do not know of any district that has done that, and yet on the other hand, as was stated, this is not the intention of the bill and I would think that that would be subject to local planning before that would happen.”

Senator Bailey: “Mr. President, I think Senator Mardesich’s concern is that a school district could take a one hundred thousand dollar parcel of property and divide it into three units so that they could evade the public law and the public auction law or sales by making it thirty-three thousand dollars per unit. While it may not be the intent, I certainly think it leaves the gate wide open for circumventing the protection the public has had in school board transactions or any other public land transactions.”

Further debate ensued.

MOTION

On motion of Senator Mardesich, Senate Bill No. 2346, as amended, was ordered placed at the end of today’s second reading calendar.
SECOND READING

SENATE BILL NO. 2367, by Senators Bottiger, Beck and Matson (by Utilities and Transportation Commission request):
Making certain changes in the laws relating to transportation.
The bill was read the second time by sections.
Senator Bluechel moved adoption of the following amendment by Senators Bluechel, Peterson and Benitz:
On page 1, beginning on line 18, strike all of section 2.
Debate ensued.

POINT OF INQUIRY

Senator Bailey: "Would Senator Washington or Senator Bluechel yield? Senator Washington, I guess I am dense on this, but you said we were opening up a new method now. We are cracking the ice. We are going to make a step forward in this direction. How do you take a step forward when you do not repeal, you just strike from the bill this section? Doesn't it leave the present law in the status quo?"

Senator Washington: "It seems, as I understand it, that it does open up so that there can be back haul. It also would allow, as I understand it, now maybe I am wrong, California — I hope it does."

Senator Bailey: "Mr. President, the point I am trying to get at is that it repealed a different chapter entirely of the first part of the bill and therefore, it would seem to me if we took Senator Bluechel's amendment, which I am inclined to support, that we are just leaving the law as it is now, so why is that a step forward or a step in any direction? It looks like we are just maintaining what we have."

MOTION

On motion of Senator Mardesich, Senate Bill No. 2367, together with the pending amendment by Senators Bluechel, Peterson and Benitz, was ordered placed at the end of today's second reading calendar.

MOTION

On motion of Senator Mardesich, Senate Bill No. 2378 was ordered placed at the end of today's second reading calendar.

Regulating the disposal of hatchery fish by the department of fisheries.

MOTIONS

On motion of Senator Peterson, Substitute Senate Bill No. 2427 was substituted for Senate Bill No. 2427, and the substitute bill was placed on second reading and read the second time in full.

On motion of Senator Peterson, the rules were suspended, Substitute Senate Bill No. 2427 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

POINT OF INQUIRY

Senator Rasmussen: "Would Senator Peterson yield to a question? Senator Peterson, the digest indicates that this would relate to shellfish also. My question is, at the present time the Fisheries Department has numerous oyster preserves. This in no way will prevent them from selling the oysters that they have on the preserves as they do now to the commercial?"

Senator Peterson: "No, it does not, Senator. I think you are probably looking at the original bill rather than the substitute bill, aren't you?"

Senator Rasmussen: "I just wanted to make that clear. It is not intended to restrict them in that operation?"

Senator Peterson: "That is correct."

Senator Rasmussen: "Thank you."

ROLL CALL

The Secretary called the roll on the final passage of Substitute Senate Bill No. 2427, and the bill passed the Senate by the following vote: Yeas, 48; absent or not voting, 1.

Absent or not voting: Senator Bottiger—1.

SUBSTITUTE SENATE BILL NO. 2427, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.
MOTION

On motion of Senator Mardesich, the Senate resumed consideration of Senate Bill No. 2197, as amended.

SECOND READING

SENATE BILL NO. 2197, by Senators Ridder, Newschwander and Grant:
Increasing the amount of the contractor's bond.
The Senate resumed consideration of Senate Bill No. 2197, as amended on April 7, 1975. Senator Francis raised a Point of Order on that day on the following amendment by Senators Bluechel and Guess:
On page 3, after line 12, insert a new section as follows:

"NEW SECTION. Sec. 2. Section 8, chapter 77, Laws of 1963 as last amended by section 3, chapter 118, Laws of 1972 ex. sess. and RCW 18.27.080 are hereby repealed.

RULING BY THE PRESIDENT

The President: "In ruling on the point of order as raised by Senator Francis, the President finds that Senate Bill No. 2197 is a measure to strengthen the law with regard to the registration of contractors by increasing the amount of the required bond and extending the time upon which suit against the bond may be commenced. The amendment, however, is designed to weaken the act and changes the law which presently prohibits unregistered and unbonded contractors from bringing legal actions for work performed.
The amendment does increase the scope and object of the bill and the point of order as raised by Senator Francis is well taken."
The amendment by Senators Bluechel and Guess was ruled out of order.
On motion of Senator Francis, the rules were suspended, Engrossed Senate Bill No. 2197 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.
Debate ensued.

ROLL CALL

The Secretary called the roll on the final passage of Engrossed Senate Bill No. 2197, and the bill failed to pass the Senate by the following vote: Yeas, 22; nays, 26; absent or not voting, 1.
Voting yea: Senators Beck, Buffington, Cunningham, Francis, Goltz, Grant, Herr, Knoblauch, Lewis (Harry), Mardesich, Marsh, McDermott, Murray, Newschwander, Rasmussen, Ridder, Scott, Stortini, Talley, von Reichbauer, Walgren, Woody—22.
Absent or not voting: Senator Sandison—1.

ENGROSSED SENATE BILL NO. 2197, having failed to receive the constitutional majority, was declared lost.

NOTICE OF RECONSIDERATION

Having voted on the prevailing side, Senator Bailey served notice that he would, on the next working day, move for reconsideration of the vote by which Engrossed Senate Bill No. 2197 failed to pass the Senate.

MOTION

On motion of Senator Mardesich, the Senate resumed consideration of Engrossed Senate Bill No. 2306.

SECOND READING

ENGROSSED SENATE BILL NO. 2306, by Senators Day and Jones:
Revising the law relating to usury.
The Senate resumed consideration of Engrossed Senate Bill No. 2306. On Monday, April 7, 1975 the motion for reconsideration carried. On motion of Senator Day, on that day, the rules were suspended and Engrossed Senate Bill No. 2306 was returned to second reading and amended by Senator Woody.

Senator Grant moved adoption of the following amendment:
On page 1, line 21, after “Sec. 2.” strike all the material down to and including “immediately.” on line 24 and insert “This amendatory act shall be submitted to the people for their adoption and ratification, or rejection, at a special election hereby ordered by the legislature, which election shall be held in conjunction with the general election to be held in this state on the Tuesday next succeeding the first Monday in November, 1975, all in accordance with the provisions of section 1, Article II of the Constitution of the state of Washington, as amended, and the laws adopted to facilitate the operation thereof.”
Debate ensued.

**POINT OF INQUIRY**

Senator Rasmussen: “Would Senator Day yield to a question? Senator Day, I am a little concerned. On the amendment and in the bill it relates to commercial, which is clearly understood, but then business loans. How would you define that? And would this be for one loan or would it be cumulative?”

Senator Day: “No, it is for one loan. That has been clearly delineated in the amendments that it is only for one loan. In other words, the loans that were made could not be collectively added up. So it has to be for the one loan that the application is for.”

Senator Rasmussen: “The part on the business loan could be any kind of a business, monkey business or anything else.”

Senator Day: “If you are in the business of monkey business, Senator, and I am certain you know about those businesses, why . . . .”

Senator Rasmussen: “We have a building over on the east side of the mountain there where they contain monkeys but that is a state institution.”

Senator Day: “Yes.”

Senator Rasmussen: “But you still have not solved my problem with that business loan part of it.”

Senator Day: “The way the language reads now, it says, ‘exclusively for business or commercial purposes.’ So I think that answers the question.”

Debate ensued.

**POINT OF INQUIRY**

Senator Fleming: “I wonder, would Senator Day yield to a couple of questions? Senator Day, I am not an expert in this area and I am sure most of us on the floor are not, but would they not, small business persons — not qualify for FDA loans and would they not also be able to get loans at less of an interest?”

Senator Day: “The answer to that is, of course, that one of the necessities relative to an FDA loan is that you have been turned down by other lending agencies and then, of course, one of the second things that you run into is, is there any FDA money available for the specific type of business that you want to get into. And usually the answer to that is no.”

Senator Fleming: “Okay. Well, on that one, most of them, there is money usually available unless you are awfully specific in the type of business you want to get into. Secondly, I know a little more about this than you think I do — secondly, could you tell me why and what the effect of the stricken language on line 10? What are we doing by this bill that we have not done in the past?”

Senator Day: “The effect of that is to actually tighten it up and restrict it further to the type of loan and . . . .”

Senator Fleming: “No, no. Senator Day, is it not a fact that by striking that language you are allowing other people that not heretofore have been able to be involved in this type of transaction because before it was tightened up saying that you had to be
engaged in the business of lending money or development or improvement of real estate transactions in Washington? If you strike that, do you or do you not allow other people to get involved in this arena than before?"

Senator Day: "The answer to that is the amendment down there that made it exclusively business or commercial, I believe."

Senator Fleming: "Okay, that is in terms of the type of loan and not the people who are involved, the institutions or organizations that are involved in the loan."

Senator Day: "I do not think I can answer that question."

Senator Fleming: "Can somebody — Senator Jones, can you answer that question? You are one of the sponsors. Senator Woody is the chairman of the committee. Okay, from my reading of that, line 10, the stricken language is 'engaged in the business of lending money or the development or improvement of real estate in the state of Washington,' and what I am saying; by striking that, are you or are you not allowing organizations, corporations or business ventures that not heretofore were able to transact this type of business, go into these transactions, they were not able to do it before are able to do it now, by striking that language?"

Senator Woody: "By striking the language, the person who is engaged in business does not have to be in the business of lending money or the development or improvement of real estate in order to be eligible for the provisions of this act."

Senator Fleming: "Okay. So we are not tightening it up, we are loosening it up a little bit."

Senator Woody: "Tightening or loosening, expands it."

Further debate ensued.

The motion by Senator Grant failed and the amendment was not adopted.

On motion of Senator Day, the rules were suspended, Reengrossed Senate Bill No. 2306 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

POINT OF INQUIRY

Senator Day: "Would Senator Bottiger yield? Senator Bottiger, I believe this bill has been pretty well discussed now, but there has been a question raised relative to compensating balances. I understand you have looked into that and do have that and do have the rules and regulations on that."

Senator Bottiger: "Yes, Senator Day. The last time we considered this I asked Senator Woody a question in respect to compensating balances and his answer was not, if I may say so, entirely satisfactory to me and apparently to some others, so I did get the memorandum from the general council of banking as to compensating balances in light of the twelve percent interest rate; and if I can read in very short part: 'When the net fee collected balances maintained by a customer are considered in determining attractiveness of loan, such balances are termed compensating balances. If such balances are contractually required as a condition to the extension of credit and if the customer is denied use of said balances, it is legal counsel's opinion that the net loan advanced available to the borrower after deducting the compensating balances will be the basis for computing the effective interest rate.' Then I asked, 'Okay, you have shown me that. Now why don't you show me whether a bank is doing that,' and I received a portion of the general manual for the Rainier National Bank, former National Bank of Commerce, which states — this is to all of their loan officers: 'Accordingly, so long as interest rates are at or near their present level it may be necessary to inform customers that all arrangements, formal or informal, relating to the maintenance of compensating balances, are deemed to be inoperative if the effect is to charge them more than the maximum permissible interest rate. Please review your loan accounts and if such agreements are in effect review the circumstances with the head loan office to determine whether such notice is required.' Now the effect of this, which was of much concern to me, was that under this bill a bank could ostensibly authorize a loan of fifty thousand dollars but hold back say twenty of it, charge over the twelve percent interest rate for the fifty thousand dollars or have the use of the compensating balance interest free, and the net effect would be an

exorbitant interest rate or over the twelve percent. I am now completely satisfied that
such is not the case and my objection to the bill has been removed."

COMMUNICATION TO PRESIDENT JOHN A. CHERBERG

April 9, 1975.

LADIES AND GENTLEMEN:

Today is Arbor Day, a time to plant and appreciate trees.

The custom of celebrating Arbor Day dates back to the fifth century when people in a small Swiss town instituted a day of tree planting as a yearly holiday. They knew the important beneficial effect trees had on each of their lives and on their country as a whole.

In the United States, the 100th anniversary of Arbor Day was celebrated in 1972.

In Washington state, legislation sponsored by Senator Reuben Knoblauch passed in 1957 designates the second Wednesday in April as Arbor Day.

In our state, Arbor Day has special meaning. Our trees and forests give us many comforts; beauty, shade, oxygen, and spiritual support as well as great environmental and economic values such as watersheds, forest products, and jobs.

In honor of Arbor Day, each of you will find a potted western hemlock, our state tree, on your desk along with a brochure on Arbor Day. The seedling is one grown in the Western Nursery operated by the Department of Natural Resources, where thirty million seedlings of several species are produced annually. These are outplanted to replace trees harvested in the management of our renewable forest resource.

By planting this seedling, you affirm the spirit of Arbor Day and further enhance our heritage as the evergreen state.

Thank you for your thoughtfulness.

Ed Loners, Director, Keep Washington Green
Chairman, Washington State Arbor Day Committee

MOTIONS

On motion of Senator Guess, Senate Bill No. 2143 will be considered after Senate Bill No. 2611.

At 10:28 a.m., on motion of Senator Mardesich, the Senate recessed until 11:50 a.m.

SECOND MORNING SESSION

The President called the Senate to order at 11:50 a.m.

POINT OF INQUIRY

Senator Day: "Would Senator Fleming yield to a question? Senator Fleming, does this bill in any way change the requirements for annexation of an adjacent area to a city?"

Senator Fleming: "No, from my understanding, the requirements are pretty much the same as the law is now and it just brings the code cities language which was not dropped at the time when they changed the language of cities and brings it into conformity with the cities, so cities and code cities can be the same: and it also changes the authority to that agency and also makes sure that a certificate goes to the Highway Department rather than the Secretary of State's office in terms of population."

POINT OF INQUIRY

Senator Wilson: "Would Senator Fleming yield? Senator Fleming, is there anything in this bill that would permit an area to be annexed to anything without a majority vote within the area which was going to be annexed?"

Senator Fleming: "From my understanding of the measure, we are not changing anything in the law as relates to new annexation. My only understanding is OPP and FM came in and the Secretary of State requests this measure, to bring it into conformity with the cities and code cities language and change the authority as to the issuance of this."

Senator Wilson: "Then your answer to my question is no."

Senator Fleming: "To my understanding, it is no."

POINT OF INQUIRY
Senator Lewis (Harry): "Would Senator Beck yield? Senator Beck, if we vote this bill out which will give this property to Kitsap County, are the developments that you are going to put on that property going to be paid for by the people of Kitsap County? Is that what you are proposing?"
Senator Beck: "Yes."
Senator Lewis (Harry): "Or are you going to try to get other state funds or revenues to develop the property after we have given it to you?"

Senator Beck: "No. There is no intention at all. This is in a very highly developed area up there where it would make a good recreational area. At one time the people of South Kitsap wanted to build a swimming pool, build a building and build a swimming pool there, but since we did not own the property the bond issue and the special millage went down to defeat, and it is hoped that we might be able to develop this into a highly desirable recreational area. We have no intentions of acquiring any other state funding for that. I might add that at the time we had this bond issue we were in hopes that we might get some interagency funds to help construct this big building but there is no intention at all to acquire anything at all now."

On motion of Senator Day, the rules were suspended, Engrossed Senate Bill No. 2619 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

Debate ensued.

POINT OF INQUIRY

Senator Rasmussen: "Would Senator Day yield to a question? Senator Day. I read in the Sunday Parade Magazine of the paper that a large part of our problems in doctors and all professions both related to the high cost of charges that they make. and most of it is caused because of our laws that are very restrictive, that we do not have reciprocal licensing, that the doctors cannot freely travel across the borders between Oregon, California and Canada, even though they are well qualified and pass the licensing acts in their own states. Is this true that we could eliminate some of this restrictive licensing
and make it possible for more doctors to freely come to where they would like to locate in the charming state of Washington?"

Senator Day: "Senator Rasmussen, I think that this proves that you and I go back quite a ways here, because there was a time when for all the professions this was a real obstacle. We now have national boards that are recognized, the first part in lieu of the basic science, which has reciprocal function between the states. The only reason, I understand, we do not have reciprocity with Canada is because Canada does not meet the other half of the requirement. They will not let our people reciprocate, and of course, reciprocity works both ways. But I would point out to you that the amendments that we have made to the basic science act not only allow reciprocity in the basic sciences themselves, but they will allow, in lieu thereof, the first half of the national board and in addition thereto, the medical board itself has been empowered to and authorized to give the basic science, so that has been eliminated as a block to physicians and other practitioners moving back and forth between states. So I would say we have made a great deal of progress in this area. I think that this particular bill is going to be a model program for the country and this is the thing that is really going to solve the distribution problem. And there has been a very serious distribution problem. We have found that when people specialize they need to stay where the technology that is needed in those specialties is available, and of course that keeps them in the metropolitan areas. And what this bill does is really create a new specialty or it enhances the development of that new specialty and that is family practice, which is really a higher class general practitioner than we had before.

"I would like to also remark that the people that I have seen involved in this program are very broad-minded in their approach. They are not so provincial as they used to be. They are interested in the patient's welfare. And by the way, Senator Van Hollebeke, the clinic in Spokane, if they feel the man needs a chiropractor, they refer him to a chiropractor, and I think that in itself is marked progress in the interest of the health of the people of this state. This particular bill now will facilitate, Senator, all those things that we have been talking about and we have resolved the reciprocity problem so that this should, and Dean Van Citters, again, is the man who really broke the ice and of course he was running interference for the quarterback in the gallery, Dr. Lien."

Senator Rasmussen: "One more question, Senator Day. Do you think the Van Hollebeke bill allowing chiropractors to serve as paramedics would solve the problem?"

Senator Day: "No, I think that medicine should stay where it belongs and the chiropractors should serve in the service area that he belongs in and that they should refer freely back and forth and understand each other's practice better, and I think that that will serve the best interests of people who need their services."

POINT OF INQUIRY

Senator von Reichbauer: "Would Senator Day yield? Senator Day, when you said the clinic referred many patients did you say a chiropractor or the chiropractor?"

Senator Day: "No. I said 'to the service that was needed for the patient.' Their concerns are for the patient and I think that is most important to the whole process."

POINT OF INQUIRY

Senator Cunningham: "Would Senator Fleming yield to a question please? Senator Fleming, does this bill have any impact as far as giving direction to any of the items of personal property that are confiscated at the airport?"

Senator Fleming: "No, it does not deal with that matter, just merely that property that is unclaimed after a certain period of time, they would be able to put it up for sale."

ROLL CALL

The Secretary called the roll on the final passage of Engrossed Senate Bill No. 2892, and the bill passed the Senate by the following vote: Yeas, 46; absent or not voting, 1; excused, 2.

SECOND READING

THIRD SUBSTITUTE SENATE BILL NO. 2048, by Committee on Parks and
Recreation (originally sponsored by Senators Knoblauch, Wanamaker, Bailey, Jones and Beck):

Revising laws on boating.

The Senate resumed consideration of Third Substitute Senate Bill No. 2048 and the following amendment moved for adoption by Senator Rasmussen on Monday, April 7, 1975:

On page 10, line 27, strike all of section 14 and renumber remaining sections consecutively.

Debate ensued.

The motion by Senator Rasmussen carried and the amendment was adopted.

Senator McDermott moved adoption of the following amendment:

On page 9, line 30, after "(6)" strike "The annual registration fees provided for in this chapter shall be in lieu of all personal property taxes or any annual excise tax levies in lieu of such personal property taxes."

Debate ensued.

The motion by Senator McDermott failed and the amendment was not adopted.

There being no objection, the remainder of the amendments by Senator McDermott on the Secretary's desk were withdrawn.

Senator Rasmussen moved adoption of the following amendment:

Beginning on page 9, line 18, through line 12, on page 10, strike all of subsections (2) through (9) and insert:

"(2) Vessels with propulsion machinery shall be licensed for a three-year period at a fee of six dollars for the three-year period;

(3) Any owner of more than one vessel with propulsion machinery shall pay two dollars for the first vessel and one dollar for each additional such vessel;"

Renumber the remaining subsections.

POINT OF INQUIRY

Senator Lewis (Harry); "Would Senator Rasmussen yield? Senator, I am not sure but your amendments look imperfect to me. You refer in paragraph two, 'vessels with propulsion machinery shall be licensed for three years at a fee of six dollars', and then in three you say 'any owner of more than one vessel or a vessel with propulsion machinery shall pay two dollars.' Even with the introductory paragraph in that section, I am wondering if that is clear as to what your intent is here. Perhaps you could clarify it verbally or perfect the amendment. It does not read right to me."

Senator Rasmussen: "It may not read right, Senator. I agree with you. The intent is that the person with two or three rowboats and where he interchanges a motor on these small boats, the first boat he would pay the two dollars for the first vessel and one dollar for the first vessel and one dollar for each one after that. And I agree it should read possibly two dollars, for the first vessel or six dollars per year. The intent of it is that they should have the right to number all these boats under the one number for the additional dollar apiece. And that is provided also down in the liveryman section. Senator Wanamaker can clarify it somewhat."

Debate ensued.

On motion of Senator Woody, the following amendment to the amendment by Senator Rasmussen was adopted:

Amend the Rasmussen amendment to page 9, line 18 as follows: Strike all of subsection (3): Further debate ensued.

POINT OF INQUIRY

Senator Clarke: "Will Senator Rasmussen yield? Senator Rasmussen, I note that on this amendment as I read it, you are striking through line 12 on page 10; and on line 12 this contains some additional matter. Did you intend to strike subsections (8) and (9) as they appear on page 10? It seems to me that has an additional effect and if so, I would like to speak to them but if you did not, I would ask you to correct your amendment to stop your striking on line 3."
Senator Rasmussen: "I am just checking the amendment that was drafted."

Senator Clarke: "I am trying to understand the intent of your amendment. I think the intent would be to strike lines 1, 2 and 3 on page 10 instead of lines 4 through 12 and I would just appreciate it if you would check that."

Senator Rasmussen: "No, we do not intend to strike subsection (9)."

Senator Clarke: "Yes, well that is one I was particularly interested in."

Senator Rasmussen: "Right."

On motion of Senator Rasmussen, the following amendment to the amendment by Senator Rasmussen was adopted:

On line 1 of the Rasmussen amendment to page 9, line 18, strike "12" and insert "3" and on line 3 of the amendment strike "(9)" and insert "(7)"

Debate ensued.

The motion by Senator Rasmussen failed and the amendment, as amended, was not adopted.

Senator Rasmussen moved adoption of the following amendment:

On page 11, line 9, old-numbered section 15, strike all of subsection (2) through line 17 and renumber the remaining subsection accordingly.

Debate ensued.

The motion by Senator Rasmussen failed and the amendment was not adopted.

Senator Rasmussen moved adoption of the following amendment:

On page 12, old-numbered section 19, line 20, strike all of subsections (1), and (7) through (11) and renumber remaining subsections accordingly.

Debate ensued.

The motion by Senator Rasmussen failed and the amendment was not adopted.

On motion of Senator Knoblauch, the rules were suspended, Engrossed Third Substitute Senate Bill No. 2048 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

MOTION

On motion of Senator Odegaard, Senator Donohue was excused.

POINT OF INQUIRY

Senator Talley: "Would Senator Wanamaker yield? Senator Wanamaker, I have talked to you several times on this problem and that is the matter of small boats, little aluminum boats that old people have and put on top of their trailers and things like that and go out and fish with them. Under this bill they will have to pay a ten dollar fee per year, won't they?"

Senator Wanamaker: "Not necessarily. It depends, on the size boat, what horsepower it takes. Under five horsepower they will pay three dollars. Under eleven horsepower they will pay five dollars."

Senator Talley: "But they will be required to pay a fee if they put a motor on the boat?"

Senator Wanamaker: "That is right. However, that is also in conformity with the Coast Guard. At one time we had a section in here that exempted boats of the smaller boats, and the Coast Guard was on us immediately and told us we had to take that out, which we did."

Senator Talley: "Senator Wanamaker, I would feel if the Coast Guard wanted to go over into eastern Washington and they want to go up and down our rivers and enforce their regulation, they had better double or triple their forces and go at it. No, I do not want the Marines."

Debate ensued.

POINT OF INQUIRY

Senator Walgren: "Would Senator Wanamaker yield to a question? Senator Wanamaker, I want you to correct my statement if it is wrong and I am asking you whether it is wrong or right; that a boat fifty feet long constructed in 1938 will pay the same fee as a boat fifty feet long constructed in 1975."
Senator Wanamaker: "That is true. However, in answer to that, unless you wanted to go into a complex assessment structure of which you would do if, as Senator Rasmussen says, in building a bureaucracy, that is the route you should go. Under this bill I think we have very definitely stayed away from a bureaucracy, and as you talk about putting this under the Department of Motor Vehicles, very likely that is where the titling will go is in the Department of Motor Vehicles.

In answer to Senator Van Hollebeke, in saying that you could go to all of these yacht clubs and pick up all of these boats. You are not taking into consideration all of these boats that are backed into sheds and on trailers, myself included, that the assessor cannot get at. They are not at any yacht club or at any marina. And as for Senator Talley and his deduction on his boat and also on the trailer boats, those are the ones that are causing the problem. We do not have to worry about Senator Clarke going out in his boat. He is big enough, he has been on the water all of his life, he is not the problem, but he is going to be paying the bulk of the bill. It is these smaller boats, the trailer boats, that they are having the trouble with law enforcement. The statistics and the testimony that we received that those are the boats that we are having the trouble with and for the need of a boating safety bill. Actually, we are bringing these yacht club people in to help us pay the bill. We have received letters from county assessors asking us for this bill because, under the present set up, it is impossible to assess them. If we went that route, as what Senator Walgren suggests, it would mean that we would have to title them, then turn it over to the Department of Revenue and a bureaucracy to go around and assess every boat in the state. This is not our idea. We made the fees nominal, sufficient to carry the act, and do something for boating safety and that is all we were after, and do it very simply. Therefore, I urge you to vote for the bill."

MOTION

On motion of Senator Lewis (R. H. "Bob"), Senator Gould was excused.

MOTION

Senator Talley moved that Engrossed Third Substitute Senate Bill No. 2048 be placed on the third reading calendar for Monday, April 14, 1975.

Debate ensued.

The motion by Senator Talley failed on a rising vote.

POINT OF INQUIRY

Senator Odegaard: "Would Senator Wanamaker yield? Senator Wanamaker, in the fiscal note it goes into some detail about the number of enforcement units that would be required in this bill. It adds up to one hundred and fourteen units of enforcement and says there are at the present time an estimated thirty-two units, which leaves a net required of eighty-two units of enforcement, and for each unit the cost will be seventeen thousand dollars. Now is there anything in the bill that would mandate that local government would have to come up with that number of units and that particular cost?"

Senator Wanamaker: "There is nothing in the bill that demands anything except a portion of the money raised from this bill will go back to local government for law enforcement. And that is all. There is nothing that mandates the number of boats or anything else."

ROLL CALL

The Secretary called the roll on the final passage of Engrossed Third Substitute Senate Bill No. 2048, and the bill passed the Senate by the following vote: Yeas, 29; nays, 19; excused, 1.

Voting nay: Senator Beck, Bottiger, Francis, Keefe, Lewis (Harry), Matson, Mc-
ENGROSSED THIRD SUBSTITUTE SENATE BILL NO. 2048, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

MOTION FOR RECONSIDERATION

Having voted on the prevailing side, Senator Knoblauch moved that the Senate immediately reconsider the vote by which Engrossed Third Substitute Senate Bill No. 2048 passed the Senate.

PARLIAMENTARY INQUIRY

Senator Bottiger: “Mr. President, do I understand that it takes a two-thirds vote to now immediately consider — a suspension of the rules?”

REPLY BY THE PRESIDENT

The President: “It will require a suspension of the rules in order to immediately reconsider the vote by which the bill was passed.”

PARLIAMENTARY INQUIRY

Senator Day: “How many times can we reconsider a bill, Mr. President?”

REPLY BY THE PRESIDENT

The President: “How many times, Senator Day? The Senate in its own judgment can take as much time as it so desires.”

REMARKS BY SENATOR DAY

Senator Day: “I believe there is a rule relative to this that says something to the effect that if you make a decision and then you unmake it, then you make it again, that if you would continue with that the body would never arrive at a conclusion. And unless you would rule that this is a new bill.”

MOTION

Senator Mardesich moved that the Senate do now adjourn.

PARLIAMENTARY INQUIRY

Senator Washington: “Can a motion to adjourn cut in on a motion to reconsider? If that is true, you could always defeat the motion to reconsider by calling for an adjournment.”

REPLY BY THE PRESIDENT

The President: “Prior to the placing of the motion to adjourn, however, the person that is given notice of reconsideration or has the motion pending can put it over to the next day.”
Debate ensued.

The motion by Senator Mardesich carried and at 3:20 p.m. the Senate adjourned until 10:15 a.m., Thursday, April 10, 1975.

JOHN A. CHERBERG, President of the Senate.

MOTIONS
On motion of Senator Mardesich, Senate Bill No. 2143 was ordered placed at the end of today's second reading calendar.
On motion of Senator Lewis (Harry), Substitute Senate Concurrent Resolution No. 104 was ordered placed on today's second reading calendar following consideration of Senate Bill No. 2256.

Revising laws relating to remuneration of judges.
The bill was read the second time by sections.
On motion of Senator Clarke, the following amendments by Senators Clarke and Lewis (Harry) were considered and adopted simultaneously:

On page 1, lines 8-15 strike subsection (1) and insert:
"(1) A [superior court] judge of a court of record serving as a judge pro tempore of the supreme court as provided in RCW 2.04.240 shall receive, in addition to his regular salary, [his actual traveling] transportation expenses in accordance with RCW 43.03.060 as now existing or hereafter amended for not to exceed one round trip [at ten cents per mile] from his residence during his term of service as judge pro tempore and [twenty] forty dollars per day [in lieu of] for subsistence and lodging.

On page 1, lines 20-24 strike subsection (2)(a) and insert:
"(a) [His actual traveling] Transportation expenses for not to exceed one round trip [at ten cents per mile] in accordance with RCW 43.03.060 as now existing or hereafter amended from his residence during his term of service as judge pro tempore and [twenty] forty dollars per day [in lieu of] for subsistence and lodging."

On page 2, lines 5-13 strike subsection (3) and insert:
"(3) Whenever a [superior court] judge of a court of record is appointed to serve as judge pro tempore of the supreme court and a visiting judge is assigned to replace him, [the full amount of the actual traveling and living] the visiting judge shall receive transportation expenses in accordance with RCW 43.03.060 as now existing or hereafter amended and forty dollars per day for subsistence and lodging expenses incurred [by such visiting judge] as a result of such assignment which shall be paid upon application of such judge from the appropriation of the supreme court."
MOTION
On motion of Senator Fleming, the amendments by Senators Fleming, Woody and Odegaard on the Secretary's desk were withdrawn.

Senator Marsh moved adoption of the following amendment:
On page 3, line 3, after "and" insert "in court".
On page 3, line 12, after "and" insert "in court".

POINT OF INQUIRY
Senator Mardesich: "I wonder if Senator Marsh would yield to a question? Senator Marsh, I am looking at page 1, line 30, and wondering whether 'in court' should not be inserted after the words 'for each day of' at the end of the line?"

Senator Marsh: "Yes, I would agree."
The motion by Senator Marsh carried and the amendment was adopted.
On motion of Senator Mardesich, the following amendment was adopted:
On page 2, line 1, after "service" and before the colon insert "in court".

MOTIONS
On motion of Senator Lewis (R. H. "Bob"), Senator Jones was excused.

On motion of Senator Francis, the rules were suspended, Engrossed Senate Bill No. 2256 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

ROLL CALL

MOTION
On motion of Senator Mardesich, Senate Joint Resolution No. 114 was ordered to hold its place on the second reading calendar for Friday, April 11, 1975.

MOTION
Senator Keefe moved that Senate Joint Resolution No. 110 hold its place on the second reading calendar for Monday, April 14, 1975.

POINT OF INQUIRY
Senator Francis: "Will Senator Keefe yield to a question? Senator Keefe, couldn't you look at it by tomorrow so we could do it on Friday morning instead of Monday?"

Senator Keefe: "I am leaving town tonight to see my doctors. I shall return Monday."

Senator Francis: "Okay, which amendment is it, Senator Keefe? Is this an amendment you are going to propose or an amendment somebody else has proposed that you want to look at?"

Senator Keefe: "Senator von Reichbauer has several amendments which I would rather confer with my county clerk."
Senator Francis: "You mean Senator Van Hollebeke has an amendment? The reason I am asking, this has been on the calendar and on our desks for a week. It has been in Rules for about six weeks, and I am afraid that if we wait until Monday we will run out of time for the House to consider it. It is a major bill of great importance."

POINT OF INQUIRY

Senator Washington: "Would Senator Keefe yield to a question? I am sure I have received much of the same correspondence. It involves a concern on the part of the county clerks that they would no longer be an office under the Constitution, that they would no longer be the clerk of the court by the Constitution. Now I have an amendment on the desk which I am sure will take care of the major problem that they have that they will retain constitutionally their position as clerk of the court. If those are the questions, this amendment would take care of it."

Senator Keefe: "Mr. President, I will hold this over until tomorrow. Hopefully, some experienced attorney will carry the load for me."

MOTION

On motion of Senator Keefe, Senate Joint Resolution No. 101 was ordered to hold its place on the second reading calendar for Friday, April 11, 1975.

SECOND READING

SENATE BILL NO. 2443, by Senators Washington and Murray:
Amending shoreline management laws.

MOTION

On motion of Senator Washington, Substitute Senate Bill No. 2443 was substituted for Senate Bill No. 2443, and the substitute bill was placed on second reading and read the second time in full.

Senator Guess moved adoption of the following amendment by Senators Guess and Murray:

On page 5, section 1, line 18 after "residence" and before "for" -insert "including the minimum fill necessary for the construction of the foundation of such residence, so long as such fill does not encroach upon the floodway of a river or stream"

POINT OF ORDER

Senator Washington: "I raise the question of scope and object on this particular amendment. We have a bill that is very simple in scope and object. It relates to agricultural problems and to the changing of the definition of a floodway and removing the flood plain from the definition of wetlands in the act. In another area, it provides that where you have canals and wasteways, drains or reservoirs, that they will not be subject to the substantial development provisions of the act for the purpose of construction, operation, and maintenance. The other provision in the act is likewise very narrow. It relates only to the description of agricultural projects, agricultural methods that will likewise be exempt from the substantial development provisions of the act. There are several other small sections which are clarifying in nature only and this clearly expands the scope and object of the bill, bringing in a completely new subject, one which relates to residential fills in a completely different subsection and on a completely different subject.

"Now if I might, while I am on my feet, since the amendments are before you, would it be proper, Mr. President, to also raise scope and object on the other amendments that are on our desks before us?"

MOTION

Senator Mardesich moved that the Senate proceed pending a Ruling by the President on the Point of Order by Senator Washington.
POINT OF ORDER

Senator Washington: "I also raise the other questions of scope and object so that the President may be studying them all at the same time. At this point I raise the scope and object that the amendment starting on page 5, section 1, adding new sections 9, 10, and 11, I raise the same objection; and the amendment on page 11, I also raise the same objection in that it would completely change the provisions as far as forestry practices are concerned under the Shorelines Act and provides that the Shorelines Act would take complete precedence over the provisions in the Shoreline Act, which obviously expands the scope and object even more greatly than the other two do."

POINT OF INQUIRY

Senator Rasmussen: "Will Senator Washington yield to a question? Senator Washington, don't you think you should raise your scope and object on any amendments that are now proposed or hereafter may be proposed?"

Senator Washington: "No."

Senator Rasmussen: "It is apparent that you do not want anybody to try to perfect your bill."

Senator Washington: "No. Do you want the answer to the question?"

Senator Rasmussen: "Yes. Why don't you raise it on all that may be proposed and then the Lieutenant Governor could be studying in the interim?"

Senator Washington: "I think I will just raise those that are before us at the present time and again point out that proper amendments are to change one way or another, perhaps up or down, the particular provisions that are the object of the bill. If someone thinks the floodway should be narrower or expanded somewhat, as proposed here, that would be a proper amendment. If someone wants to add something specific like a chicken house to the provisions of what are agricultural buildings, that would be proper. As long as your amendments relate to the issues that are made in this bill, you have every right to amend, but when you want to expand the scope and object, bring something here on the floor of the Senate that is not in the bill so that the public or no one has the advance notice that you are going to be changing it, that then violates the Constitution, violates our own rules, and of course is to be excluded."

Senator Rasmussen: "Thank you, Senator."

Debate ensued.

POINT OF INQUIRY

Senator Henry: "Will Senator Washington yield to a question? Would you raise the question of scope and object on an amendment to repeal the Shoreline Management Act?"

Senator Washington: "I think I would."

Senator Henry: "It does not expand it, it reduces it."

Senator Washington: "Senator Henry, the Constitution does not say 'expand.' It says 'change.' The rule says you shall not change the scope or object of the bill."

Further debate ensued.

The motion by Senator Mardesich carried and the Senate proceeded, pending a Ruling by the President on the Point of Order by Senator Washington.

SECOND READING

SUBSTITUTE SENATE BILL NO. 2313, by Judiciary Committee (originally sponsored by Senators Morrison and Jones):

Enacting a new criminal code relating to victimless crimes.

MOTION

On motion of Senator Mardesich, Substitute Senate Bill No. 2313 was re-referred to the Judiciary Committee.

The bill was read the second time by sections.
Senator Francis moved adoption of the committee amendment.

MOTIONS

There being no objection, all amendments by Senator Lewis (Harry) to Senate Joint Resolution No. 101 on the Secretary's desk were withdrawn.

Senator Newschwander moved adoption of the following amendment to the committee amendment:

On page 2, after line 7, insert the following:

“(8) The judicial branch of the government of the state shall be subject to audit by the state auditor to the extent provided by law.”

Debate ensued.
POINT OF INQUIRY

Senator Bailey: “Would Senator Francis yield? Senator Francis, is there anything in Senate Joint Resolution No. 101 that refers to the Bar Association in any place?”

Senator Francis: “Senator Bailey, at one point in one draft earlier on the Bar Association was used as a reference for qualifications for serving as a judge, to be a member of the Bar Association. That has been deleted just because we did not want to have any constitutional references to something that was only created by statute rather than by the Constitution and which we might well at some future time dissolve or make voluntary rather than mandatory in some way. So as of now, my recollection is that we have no references to the Bar Association whatsoever in this proposal.”

POINT OF ORDER

Senator Marsh: “Mr. President, following that discussion I would like to raise the question of scope and object of this particular amendment.

MOTION

At 12:35 p.m., on motion of Senator Mardesich, the Senate recessed until 1:15 p.m.

AFTERNOON SESSION

The President called the Senate to order at 1:15 p.m.

MOTION

On motion of Senator Donohue, the Committee on Ways and Means was relieved from further consideration of Senate Bill No. 2628.

On motion of Senator Donohue, Senate Bill No. 2628 was re-referred to the Committee on Higher Education.

MOTION

On motion of Senator Knoblauch, Senator Herr was excused.

SECOND READING

SENATE JOINT RESOLUTION NO. 101, by Senators Francis, Clarke, Marsh, Woody and Jones:

Creating a new judicial article in the Constitution of Washington.

The Senate resumed consideration of Senate Joint Resolution No. 101. Earlier today Senator Marsh raised a Point of Order on the following amendment by Senator Newschwander:

On page 2, after line 7, insert the following:

“(8) The judicial branch of the government of the state shall be subject to audit by the state auditor to the extent provided by law.”

REMARKS BY SENATOR FRANCIS

Senator Francis: “Mr. President, if it is in order, I would like to respond further to the question that was asked of me, before we took the noon break, by Senator Bailey. Senator Bailey asked me if there was any reference in here to the Bar Association and I was mistaken. On looking further I do find there is one reference on page 5 where we are talking about the discipline and removal commission. I do not remember exactly where I found it now except that I did find it. Line 14 of page 5? I must be looking at the wrong copy of it. In any event, yes, it provides that the Bar Association will name the two attorney members of the discipline and removal commission, so they are mentioned there and it is appropriate at that point.”
TWENTY-EIGHTH DAY, APRIL 10, 1975

RULING BY THE PRESIDENT

The President: "In ruling on the Point of Order as raised by Senator Marsh, the President finds that Senate Joint Resolution No. 101 is a broad proposed constitutional amendment which defines the make-up and duties of the judiciary and provides for the funding of the operations of the court. The proposed amendment merely provides that the courts shall be subject to audit as are other branches of government.

"The amendment in no way increases the scope and object of the resolution, but merely clarifies that the funds already provided for in the resolution will be subject to audit.

"The Point of Order is not well taken."

The President declared the question before the Senate to be the amendment by Senator Newschwander to the committee amendment.

POINT OF INQUIRY

Senator Woody: "Would Senator Newschwander yield? That case that you mentioned in which you say that the determination was made that the Bar Association was not subject to audit because of the separation of power doctrine; was that a superior court decision or a Supreme Court decision?"

Senator Newschwander: "I do not remember for sure, but I am going to say superior court but I do not see what difference it makes whether it is superior court or supreme court. Being a layman, but I am just taking it off the top, I believe it was a superior court, though."

Senator Woody: "I understand from Senator Francis that it was Judge James Dore, a superior court decision, which of course, under the rule of stare decisis does not mean it is the law of the land of the state of Washington. It would be my analysis that the Bar Association exists only because of statute. We cannot create by statute a judicial branch. Therefore, even if your amendment were to pass, that would not make the Bar Association within the judicial branch but would rather be a statutory agency."

Senator Francis: "I might add further, and that was my reading of it also, Mr. President, that the judicial branch to the extent it means the courts themselves, of course, is already audited and so we would not need to add that in to have them subject to audit."

Debate ensued.

POINT OF INQUIRY

Senator Mardesich: "Would Senator Newschwander yield please? Senator Newschwander, is it your intention that this amendment would cover the Bar Association also?"

Senator Newschwander: "Yes."

POINT OF INQUIRY

Senator Bailey: "Mr. President, maybe Senator Clarke would yield? Senator Clarke, I have a feeling that if they are going to manage these public funds that they should be accountable to someone and I feel that Senator Newschwander's amendment should prevail unless you can clarify something for me and that is; under this proposed amendment then, do they have control, strict control, over the collection of fees and things of that type or does it come through the regular budgetary process that we have now?"

Senator Clarke: "Responding to your question, Senator Bailey, we discussed this at the time that we adopted (7) on page 2 which is lines 5 to 7 which reads, 'The legislature shall provide the method of funding the operation of the court.' As originally written, it stopped there and we specifically included the following wording: 'To the extent it deems necessary.' Now that was for the express purpose of making it clear that insofar as providing the availability of funds it was entirely discretionary with the legislature. Now going further, however, I do not think there is anything in the article as presently written which would enable one of the other branches to, in effect, audit what the judicial branch did with the funds after it was appropriated to them. So obviously, of course, it is the Constitution which provides for the limitation as between the three different sections of government as to where they should overlap and to what extent, so I think this is
a question of philosophy as to whether it is desirable that a separate department be given the right to, in substance, actually audit what the judicial branch does with the money which the legislature in its discretion may appropriate to the judicial branch."

The motion by Senator Newschwander carried and the amendment to the committee amendment was adopted.

Senator Van Hollebeke moved adoption of the following amendment to the committee amendment:

On page 2, line 9, of the Senate Committee amendment strike “seven” and insert “nine”.

Debate ensued.

**POINT OF INQUIRY**

Senator Knoblauch: “Would Senator Clarke yield to a question? Senator, I have not had a chance to read the bill. When you reduce it from nine to seven, which two judges would be dropped from the court?”

Senator Clarke: “I can find you the exact provision, but my recollection is that as the terms expire you simply do not fill that term of the one whose term first expires until you have accomplished the reduction down to seven.”

Senator Knoblauch: “Could you tell me the names of the two men whose terms expire?”

Senator Clarke: “I do not know that.”

Further debate ensued.

The motion by Senator Van Hollebeke carried and the amendment to the committee amendment was adopted.

On motion of Senator Van Hollebeke, the following amendment to the committee amendment was adopted:

On page 2, line 10, of the Senate Committee amendment following “law” strike all the matter down through “elections” on line 14.

Senator Grant moved adoption of the following amendment:

On page 3, line 29 of the Judiciary Committee Amendment, after “(2) Term of Office.” strike all the language down through the period on line 35 and insert “The term of office for justices of the supreme court, judges of the court of appeals, judges of the superior court and judges of the district court shall commence at the general state election at the times and places at which state officers are elected, unless some other time be provided by the legislature.”

**PARLIAMENTARY INQUIRY**

Senator Bluechel: “I have an amendment that would do just exactly the opposite of what Senator Grant is wishing to do and I am questioning the place to put it in the article. He has placed his in the terms of office and my amendment would be on the next page and under times of voting; and I think for clarity both should be in one place or the other because they contradict each other, if they are being debated.”

Debate ensued.

**REPLY BY THE PRESIDENT**

The President: “The President in replying to Senator Bluechel’s point, wishes to state that it is up to the individual Senator who proposed an amendment to determine the place in the bill that he wishes to amend, and then, Senator Bluechel, in further reply, it is the body’s determination as to which amendment they care to adopt or reject.”

There being no objection, the amendment by Senator Grant was withdrawn.

Senator Morrison moved adoption of the following amendment:

On page 3, line 21, after “and” and before “admitted” insert “, with respect to courts of record.”

**POINT OF INQUIRY**

Senator Wilson: “Would Senator Francis yield? Since the subject of the district court judges has been raised, maybe if you would answer a question or two it would
clear up a certain amount of confusion among the troops back here. In Okanogan County, for example, one of our district court judges is a layman. The other district court judge is an attorney who, however, is practicing law. This is with respect to a fourth class county. My question is, with respect to this amendment as presently worded, would either of these judges or any other judges falling within either of their categories be eliminated from continuing to fill their offices?"

Senator Francis: "Senator Wilson, now when you say this amendment, are you talking about this constitutional amendment? Okay. Now if this constitutional amendment is adopted without Senator Morrison's amendment, then the non-attorney judge would not be able to serve as a district court judge. The attorney could continue, and there is no prohibition here from having a part-time district court judge, but the philosophy behind the judicial article as put out by the Judiciary Committee was that in addition to everything else we are trying to upgrade the quality of justice that is delivered and to meet with that body of authority that says that you are not getting a full-fledged judge when you have a non-attorney judge."

Senator Wilson: "But you have said, Senator, that if the Morrison amendment is adopted neither of the two categories that I have mentioned would be eliminated?"

Senator Francis: "That is correct, Senator Wilson."

**POINT OF INQUIRY**

Senator Talley: "Would Senator Francis yield please? In Wahkiakum County we have two attorneys and one is the prosecuting attorney and the other attorney is not interested in being a judge at all. We have a layman for a judge. Under the Morrison amendment he could stay then? Is that correct?"

Senator Francis: "Under the Morrison amendment there would be no prohibition from having a non-attorney district court judge. That is correct, Senator Talley. I would imagine he could stay, not knowing all the other details. I think Senator Woody would probably have a more detailed response to that in connection with Senate Bill No. 2091, but I will wait until you ask him."

Debate ensued.

**REMARKS BY SENATOR WOODY**

Senator Woody: "Senator Talley, if you will look on page 7, lines 4 through 6, it provides the legislature may by law provide for court commissioners for each trial court level, which includes district court. The man that you are speaking of would then by legislation be permitted to act as a court commissioner, which in a district court level can hear cases totally."

Further debate ensued.

The motion by Senator Morrison carried and the amendment to the committee amendment was adopted.

**MOTION**

On motion of Senator Knoblauch, Senator Odegaard was excused.

Senator Newschwaender moved adoption of the following amendment by Senators Newschwaender and Morrison to the committee amendment:

On page 3, line 30, strike "eight" and insert "six", and on page 3, line 31, strike "six" and insert "four".

Debate ensued.

Senator von Reichbauer demanded a roll call and the demand was sustained by Senators Washington, Fleming, Grant, Mardesich, Francis, Lewis (Harry), Newschwaender, Morrison and Stortini.

The President declared the question before the Senate to be the roll call on the amendment by Senators Newschwaender and Morrison to the committee amendment.

**ROLL CALL**

The Secretary called the roll and the amendment to the committee amendment was not adopted by the following vote: Yeas, 16; nays, 31, excused, 2.

Voting yea: Senators Bailey, Beck, Grant, Mardesich, Marsh, Matson, Morrison.
Senator Bluechel moved adoption of the following amendment to the committee amendment:

On page 4, line 15 of the amendment, after "elections" insert "in odd-numbered years".

Debate ensued.

MOTION FOR RECONSIDERATION

On motion of Senator Donohue, the Senate moved to reconsider the vote by which the following amendment by Senators Newschwander and Morrison to the committee amendment failed to pass the Senate:

On page 3, line 30, strike "eight" and insert "six", and on page 3, line 31, strike "six" and insert "four".

The President declared the question before the Senate to be adoption of the amendment by Senators Newschwander and Morrison to the committee amendment.

On reconsideration, the Senate adopted the amendment by Senators Newschwander and Morrison to the committee amendment.

The President declared the question before the Senate to be the amendment by Senator Bluechel to the committee amendment.

The motion by Senator Bluechel failed and the amendment to the committee amendment was not adopted.

Senator Newschwander moved adoption of the following amendment to the committee amendment:

On page 5, line 3 of the amendment, strike "seventy-five" and insert "seventy" and on line 6 strike "seventy" and insert "sixty-five".

Debate ensued.

POINT OF INQUIRY

Senator Rasmussen: "Senator Marsh, refresh my mind. The new present proposed pension law, what does it provide?"

Senator Marsh: "With respect to what?"

Senator Rasmussen: "To retirement. Senate Bill No. 2765."

Senator Marsh: "It provides for full retirement benefits at age 65. It does not provide for mandatory retirement."

Senator Rasmussen: "No mandatory retirement?"

Senator Marsh: "No."

Senator Rasmussen: "Thank you, Senator Marsh."

Further debate ensued.

The motion by Senator Newschwander failed and the amendment to the committee amendment was not adopted.

On motion of Senator Washington, the following amendment to the committee amendment was adopted:

Amend the Senate Judiciary Committee Amendment as follows:

On page 7, following line 9 of the committee amendment add a new section to read as follows:

"Article IVA, section 19. CLERK OF THE SUPERIOR COURT. The county clerk shall be, by virtue of his office, clerk of the superior court."

Renumber the succeeding sections.

The motion by Senator Francis carried and the committee amendment, as amended, was adopted.

On motion of Senator Francis, the rules were suspended, Engrossed Senate Joint
Resolution No. 101 was advanced to third reading, the second reading considered the third, and the resolution was placed on final passage.

ROLL CALL

The Secretary called the roll on the final passage of Engrossed Senate Joint Resolution No. 101, and the resolution passed the Senate by the following vote: Yeas, 47; nays, 1; excused, 1. Voting yea: Senators Bailey, Beck, Benitz, Bluechel, Bottiger, Buffington, Clarke, Cunningham, Day, Donohue, Fleming, Francis, Goltz, Gould, Grant, Guess, Henry, Herr, Jolly, Jones, Keefe, Knoblauch, Lewis (Harry), Lewis (R. H. PARLIAMENTARY INQUIRY

REPLY BY THE PRESIDENT

SECOND READING

SUBSTITUTE SENATE BILL NO. 2443, by Senators Washington and Murray:
Amending shoreline management laws.
The Senate resumed consideration of Substitute Senate Bill No. 2443. On Thursday, April 10, 1975, Senator Washington raised a Point of Order on the following amendment by Senators Guess and Murray:
On page 5, section 1, line 18 after “residence” and before “for” insert “including the minimum fill necessary for the construction of the foundation of such residence, so long as such fill does not encroach upon the floodway of a river or stream”

RULING BY THE PRESIDENT

The President: “The President determines that Substitute Senate Bill No. 2443 is a measure which exempts from shoreline management jurisdiction certain irrigation activities in the business of agriculture. The proposed amendments by Senator Guess and Senator Murray would further remove from the jurisdiction of the Shoreline Management Act fill work for any residential construction. Although the amendment appears to be a nominal change in the bill, actually it would include exemptions for activities on one hundred percent of the shorelands covered by the original act. The bill, however, being limited to agricultural areas, actually only affects a small percentage of shorelands. The exemption in the proposed amendment is not limited to agricultural activities or irrigation work and therefore does increase the scope and object of the bill. The point is well taken.”
The amendment by Senators Guess and Murray to page 5, line 18 was ruled out of order.

PARLIAMENTARY INQUIRY

Senator Washington: “As we pointed out, there are the series of amendments relating to the residence, also marking property lines, forest crops, marine plant animals, and the amendment which takes from the Shorelines Act any control over forest management vested in the Forest Practices Act. I assume your ruling pertains to all of those amendments, or am I wrong?”

REPLY BY THE PRESIDENT

The President: “The President has a different interpretation as to the reasons for the other amendments, Senator.”

Senator Guess moved adoption of the following amendment by Senators Guess and Murray:
On page 5, section 1, line 32 after “irrigation.” Add three new subdivisions to read as follows:

“(ix) The marking of property lines or corners: PROVIDED, That such development shall not be exempt from the requirements of a substantial development permit if such development materially interferes with the normal public use of the surface of the water;

(x) The harvesting of forest crops except roads, landings, or structures: PROVIDED, That such development shall not be exempt from the requirements of a substantial development permit if such development materially interferes with the normal public use of the surface of the water;

(xi) The harvesting of marine plant or animal crops except mechanical clam harvesting above the line of extreme low tide: PROVIDED, That such development shall not be exempt from the requirements of a substantial development permit if such development materially interferes with the normal public use of the surface of the water.”
Senator Washington: "I rise to raise the question of scope and object of this next amendment adding sections (ix), (x), and (xi) to Section I."

RULING BY THE PRESIDENT

The President: "Senator Guess, Senator Murray, and the other ladies and gentlemen in the Senate, the President does believe that in the interest of time that perhaps he should rule on the proposed amendment by Senators Guess and Murray which would expand the scope and object of the measure. Also to exempt many other activities including certain property line activities, certain forest activities, and even certain activities in the harvesting of marine plant or animal crops. Therefore, the amendment does increase the scope and object of the measure. On the following amendment, without going into the details, the final decision would be the same."

The amendment by Senators Guess and Murray to page 5, line 32 was ruled out of order.

Senator Washington moved adoption of the following amendment:

On page 5, section I, line 27, strike all of subsection viii and insert:

"(viii) Any construction, operation or maintenance activity necessary to utilize for irrigation purposes any canals, wasteways, drains and reservoirs which have been created or developed as part of an irrigation system authorized for the primary purpose of making use of water for irrigation of lands."

POINT OF INFORMATION

Senator Washington: "Point of inquiry to determine whether Senator Guess is raising a point of order or whether he is speaking against the amendment."

Senator Guess: "Senator Washington, I am speaking against the amendment."

Debate ensued.

POINT OF INQUIRY

Senator Rasmussen: "Would Senator Washington yield to a question? Senator Washington, in the Natural Resources Committee, we heard the Department of Natural Resources say that they could not put markers in designating state-owned land without an environmental impact statement. Is there any place in this bill an exemption written in so that they may do that without filing an environmental impact statement?"

Senator Washington: "This does not relate to environmental impact statements. I would assume that that would not be a major development that would allow an environmental impact statement. If it does, we are getting off into a different realm. We are talking now about the shorelines. What you are talking about is under the Environmental Policy Act. We do have, of course, a study going. We have Senator Gissberg's committee attempting to set up basic guidelines which, I am sure, if those are required at the present time they will not be required when the new guidelines are developed."

Senator Rasmussen: "Well that is a good question, Senator. How many years will it take? Maybe Senator Peterson can enlighten you. He was chairing that committee when the statement was made that they do require an environmental impact statement."

POINT OF ORDER

Senator Bottiger: "We are on the adoption of an amendment and I do not know how we got off on all that other tangent."

RULING BY THE PRESIDENT

The President: "Your point is well taken, Senator Bottiger."

Further debate ensued.

The motion by Senator Washington carried and the amendment was adopted.

On motion of Senator Washington the rules were suspended, Engrossed Substitute Senate Bill No. 2443 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.
POINT OF INQUIRY

Senator Bailey: "Would Senator Washington yield? Senator Washington, you explained this bill in caucus to us and then when the Lieutenant Governor gave his ruling I was a little bit disturbed because in caucus I thought you told us that this redefined floodway and probably wetlands for everybody, and then the Lieutenant Governor in his ruling said this was limited to farm lands and agricultural lands, and I am wondering what your explanation of that ruling is."

Senator Washington: "Actually, I would say as far as acreage is concerned on floodways and flood plains, most of it of course would be agricultural land but it is broader than that in that it does limit floodways on streams, now we are talking about rivers, we are talking about streams, and what we did, we had problems with the word 'flood plain'. There was no definition in the act of flood plains. I will just go further into that explanation. The Department of Ecology, not having any guidelines, utilized the terms 'from toe to toe of the valley'. Now that has covered broad segments of many valleys in the state. Their next approach was, of course, to go to the Army Engineers and the only well defined flood plain by the Army Engineers is the hundred year flood plain, and our committee found that that was also too broad. So what we did was to hold the effect of this act to the floodway two hundred feet beyond the floodway in all areas, and the word 'flood plain' itself has been taken from the act so it no longer is in the act. So although the Lieutenant Governor, the President of the Senate is correct that the huge majority by percentage would be agricultural land that there would be some small amounts that would be in areas perhaps covering cities and towns and other areas."

Senator Bailey: "Senator Washington, then you would say that a city or a town like North Bend or Snoqualmie would be governed by the same definition of floodway that some farmer in eastern Washington would?"

Senator Washington: "This is correct."

Further debate ensued.

POINT OF INQUIRY

Senator Rasmussen: "Would Senator Washington yield to a question? On page 3, Senator Washington, starting on line 27 down through 31, 'Provided that prior to the effective date of this 1975 amendatory act any county or city which included a greater width of the flood plain in the scope of shoreline management plan than defined in this subsection may continue to use such greater width.' My question is, do they have to make a change in their plan prior to the effective date of this and is their plan binding after that?"

Senator Washington: "We only state, and I am not going to say when the effective date of this act, if they have established a shoreline management plan and approved at that time, then they could utilize the wider width. This is kind of a grandfather clause."

Senator Rasmussen: "Then the question would go to the second part of that where you have defined floodway as where the surface soil conditions or changes in types of quality or quality of the vegetative ground cover conditions, and nowhere can I see a definition of that as to what changes in the vegetative ground cover conditions would indicate that it was a hundred year floodway or a fifty year floodway. You have not defined it as yet."

Senator Washington: "I believe this does define what a floodway is; that portion of a river, stream from the outer limits of the watercourse upon which flood waters are carried during periods of flooding that occur with reasonable regularity, although not necessarily annually. We are talking about the floods that will happen maybe once every four or five years, maybe every three years, the ones that come up and you can tell from the banks of the stream, there are usually channels. You can tell from the vegetation. There is certain vegetation that will grow where it is covered by water almost every year. There is another type of vegetation that will grow in the areas that are maybe only flooded every three or four years. So it is as reasonable a definition as you can come up with."

Senator Rasmussen: "Rather indefinite. Thank you, Senator Washington."
Senators Mardesich, Washington and Beck demanded the previous question and the demand was sustained.

The President declared the question before the Senate to be the roll call on final passage of Engrossed Substitute Senate Bill No. 2443.

ROLL CALL

The Secretary called the roll on the final passage of Engrossed Substitute Senate Bill No. 2443, and the bill passed the Senate by the following vote: Yeas, 45; absent or not voting, 1; excused, 3.

Excused: Senators Buffington, Keefe, Walgren—3.

ENGROSSED SUBSTITUTE SENATE BILL NO. 2443, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

MOTION

On motion of Senator Mardesich, the Senate commenced consideration of Senate Bill No. 2322.

SECOND READING

SENATE BILL NO. 2322, by Senators Ridder, Goltz and Morrison (by Office of Community Development request):

Granting medical aid benefits under the industrial insurance act to volunteers.
MOTIONS

On motion of Senator Ridder, Substitute Senate Bill No. 2322 was substituted for Senate Bill No. 2322 and the substitute bill was placed on second reading and read the second time in full.

Senator Woody moved that the following amendments be considered and adopted simultaneously:

On page 1, line 10, strike "Title 51" and insert "[Title 51 chapter 51.36"
On page 1, line 28, strike "Title 51" and insert "chapter 51.36"
On page 2, line 20, strike "Title 51" and insert "chapter 51.36"

Debate ensued.

POINT OF INQUIRY

Senator Clarke: "Will Senator Woody yield to a question? Senator Woody, this would not create a right to sue the employer that does not now presently exist?"

Senator Woody: "That is correct. Currently the volunteer can sue their employer for tortious conduct resulting in injury. This does not take that right away."

The motion by Senator Woody carried and the amendments were adopted.

MOTIONS

On motion of Senator Lewis (Harry), Senator Matson was excused.

On motion of Senator Jones, Senators Lewis (R. H. "Bob") and Sellar were excused.

On motion of Senator Ridder, the rules were suspended, Engrossed Substitute Senate Bill No. 2322 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

POINT OF INQUIRY

Senator Benitz: "Will Senator Ridder yield to a question? Senator Ridder, I have with my work in vocational education run across a problem which student teachers, especially those that are connected with FFA, in their training. By any stretch of the imagination could we find these student teachers included if the school district as a local entity would provide the protection?"

Senator Ridder: "I cannot obviously give you a legal opinion but I would assume it would deal with the organization under which they were operating. If they were operating as volunteers performing services for that agency, I would think that they could be included."

Senator Morrison: "Mr. President and members of the Senate, only to add to the remarks of Senator Ridder, as we have watched the volunteer programs in this state expand, I think it is important that we extend to local governmental units the same provisions that we have on a mandatory basis extended to volunteers working with state agencies. This is permissive. It seems to be supported by everyone, extends only medical aid at a very, very low premium cost to these volunteer groups and I urge your support for this measure."

ROLL CALL

The Secretary called the roll on the final passage of Engrossed Substitute Senate Bill No. 2322, and the bill passed the Senate by the following vote: Yeas, 42; absent or not voting, 1; excused, 6.

respect to which a payment is made or guaranteed, or obligation assumed by the association pursuant to this section, and the association may require an assignment to it of such rights by any such persons as a condition precedent to the receipt by such person of payment of any benefits under this chapter.

(6) For the purpose of carrying out its obligations under this chapter, the association shall be deemed to be a creditor of the liquidating insurer to the extent of assets attributable to covered policies and contracts reduced by any amounts to which the association is entitled as a subrogee. On page 1, beginning on line 18, strike all of section 2.

The motion by Senator Bluechel carried and the amendment was adopted.

POINT OF INQUIRY

Senator Donohue: "Would Senator Lewis yield? Senator, I understand this is a far-reaching amendment. I just jotted down here very quickly some things that I would like to have you answer for me. Would this amendment strike the licensing for vehicles, for trucks?"

Senator Lewis (Harry): "No."

Senator Donohue: "How about a CC license? Would you still require a CC license?"

Senator Lewis (Harry): "What is a CC license?"

Senator Donohue: "That is what the large trucks have. You know, they have to have . . . ."

Senator Lewis (Harry): "I do not believe that it does, Senator."

Senator Donohue: "What about weight restrictions and so forth on highways?"

Senator Lewis (Harry): "I think the weight restrictions are all there. Our intent is to keep the highways protected, but just to break the monopolies that presently exist."

Senator Donohue: "Well, but then you would take the weight restrictions off . . . you are not? You are not touching the weight restrictions?"

Senator Lewis (Harry): "No."

Senator Donohue: "How about speed limits?"

Senator Lewis (Harry): "No, this deals with just the arrangements and permits and separate procedures that the truckers have. For example, Senator Donohue, whereas right now we have only one truck line serving eastern Thurston County, this would mean that if you wanted to service eastern Thurston County, that you could do so."

Senator Donohue: "Senator Lewis, I have not had time to check this and I think that many of the other members of the body are in the same boat, you might say, and I think that . . . ."

Senator Lewis (Harry): "I would agree with that, Senator."

Senator Clarke: "The purpose, in reality, is not to do any of the things that you have spoken to. The purpose simply is to remove the monopolistic licensing, but I do think this is a far-reaching type of amendment and if it would meet the approval and if it is in order making a motion after I have spoken, I would move that the bill hold its place until tomorrow's second reading calendar."

Debate ensued.
MOTION

Senator Walgren moved that Senate Bill No. 2367 be re-referred to the Committee on Transportation and Utilities.

Debate ensued.

PARLIAMENTARY INQUIRY

Senator Peterson: "Is it in order to at this time raise the question of scope and object on the proposed amendment by Senators Harry Lewis, Clarke, Francis and Jones?"

REPLY BY THE PRESIDENT

The President: "The President has a motion. If Senator Walgren would care to withdraw his motion, then . . . ."

MOTION

Senator Lewis (Harry) moved that the motion by Senator Walgren and Senate Bill No. 2367, as amended, together with the pending amendment by Senators Lewis (Harry), Clarke, Francis and Jones be held for consideration on Tuesday, April 15, 1975.

There being no objection, the motion by Senator Walgren was withdrawn.

The motion by Senator Lewis (Harry) carried. Senate Bill No. 2367, as amended, together with the pending amendment by Senators Lewis (Harry), Clarke, Francis and Jones, was ordered held for further consideration on Tuesday, April 15, 1975.

MOTION

On motion of Senator Walgren, the Senate commenced consideration of Senate Bill No. 2611.

SECOND READING

SENATE BILL NO. 2611, by Senator Lewis (R. H. "Bob") (by Secretary of State request):

Providing for automatic transfer of voter registration in county when address appears changed on precinct list of voters.

REPORT OF STANDING COMMITTEE

March 17, 1975.

SENATE BILL NO. 2611, providing for automatic transfer of voter registration in county when address appears changed on precinct list of voters (reported by Committee on Constitution and Elections):

Recommendation: Do pass with the following amendments:

On page 2, line 4, after "each" and before "primary" insert "special".

On page 2, line 21, after "transferred" strike "and informing him of the name and location of his new polling place" and insert "in the manner provided by RCW 29.10.060 as now or hereafter amended".

Signed by: Senators Beck, Chairman; Grant, Lewis (R. H. "Bob"), Pullen, Stortini, Washington.

The bill was read the second time by sections.

On motion of Senator Beck, the committee amendments were adopted.

On motion of Senator Beck, the rules were suspended, Engrossed Senate Bill No. 2611 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

Debate ensued.

POINT OF INQUIRY

Senator Grant: "Will Senator Beck yield? Senator Beck, I am sorry I was not here when we began a discussion of this. I just wondered if there is any kind of fiscal note attached to this measure or any estimate as to the cost involved to the local government in making this automatic transfer?"
Senator Beck: "No, there is no substantial fiscal impact to this. Whenever the election superintendent of the county sees that you are putting down a new address, he is supposed to notify you anyway and there was no substantial impact to this. The county election officials, the Secretary of State, everyone wanted this and there is no substantial impact to it. The only thing this requires is a mailing out of a notice."

Debate ensued.

POINT OF INQUIRY

Senator Wilson: "Would Senator Lewis yield? Senator Lewis, my question and my concern both are identical to those expressed by Senator Grant. This bill does have an excellent concept and yet the possibility seems to arise of a considerable work load being placed either on polling place workers or upon the auditor's office following an election. Since you are the prime sponsor of the measure, I thought it might be appropriate if you were to speak to that question."

Senator Lewis (R. H. "Bob"): "Thank you. Yes, that was one of the questions that was asked of Mr. Segal and also when Senator Bottiger had a question about needed amendment that was thought to be needed, I also got Mr. Lyle Watson in. Both of them expressed — the lobbyists representing the groups, election supervisors and county officials said that they are doing it now in most cases. The financial impact is negligible for the bill; it makes legal what they are doing now; and they thought it was a routine, they expressed it as a routine housekeeping, no-big-deal type bill. That is their approach about it."

Further debate ensued.

POINT OF INQUIRY

Senator Guess: "Would Senator Lewis yield? Senator Lewis, there was a recent change in precincts up where I vote and I was not permitted to vote until I had cleared with the court house because of the address change. Now what the language of the law says, that any registered voter who changes his residence from one address, or one precinct the way it did read, to another within the same county shall have his registration transferred to his new address by sending the county auditor a signed request stating that his present address and precinct are right. Now, what you are saying is that the law is going to be violated and that the person is going to go to the precinct voting place and he is going to be able to vote even though he did not follow the law. Is that what you are doing?"

Senator Lewis (R. H. "Bob"): "A vote can be challenged, as you know, at the polling place if the address does not correspond to what the book says. They clear this by a call to the court. Correct me if I am in error. They are cleared for voting and then if the auditor now can by going through the books send the notice out without waiting for a request from the person to be changed. As you know, there are a number of polling places where there are a lot of votes on the list of people who have moved out and they have really not been cleaned up as well as they should in many cases. And this permits initiation at the election officials level instead of by the individual in an attempt to keep the voter lists clean. As I say, the county officials say they are doing this now and they do not see any big problem with it."

Senator Guess: "Okay. Thank you very much."

Further debate ensued.

MOTION

On motion of Senator Walgren, Engrossed Senate Bill No. 2611 was ordered held at the end of today's second reading calendar.

MOTION

On motion of Senator Walgren, the Senate resumed consideration of Senate Bill No. 2346.
SECOND READING

SENATE BILL NO. 2346, by Senators Matson and Donohue (by Superintendent of Public Instruction request):

Changing requirements relating to sale of real property by school districts.

The Senate resumed consideration of Senate Bill No. 2346 on second reading. The committee amendment and amendments by Senator Woody were adopted on April 8, 1975.

On motion of Senator Stortini, the rules were suspended, Engrossed Senate Bill No. 2346 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

ROLL CALL

The Secretary called the roll on the final passage of ENGROSSED SENATE BILL NO. 2346, and the bill passed the Senate by the following vote: Yeas, 41; nays, 1; excused, 7.

ENGROSSED SENATE BILL NO. 2346, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

MOTION

On motion of Senator Walgren, the Senate resumed consideration of Engrossed Substitute Senate Bill No. 2424.

SECOND READING

ENGROSSED SUBSTITUTE SENATE BILL NO. 2424, by Committee on Ecology (originally sponsored by Senators Walgren, Washington and Lewis (R. H. "Bob"):

Coordinating public water supply system planning.

The Senate resumed consideration of Engrossed Substitute Senate Bill No. 2424, and the following amendment moved for adoption by Senator Day on April 7, 1975:

On page 3, line 21, after "purveyor" and before the period insert:

Provided, that no such plan shall include the fluoridation of water without the prior approval of a majority of the voters within such service area.

The motion by Senator Day carried and the amendment was adopted.

Senator Goltz moved adoption of the following amendment by Senators Goltz and Day:

On page 4, line 17, following section 5, add a new section to read as follows:

"NEW SECTION. Sec. 6. All purveyors of treated-water systems serving paying customers shall have printed on or included with water bills, at least once each year, or as often as necessary to reflect changes in additives, a statement listing, except for chlorination, all substances having been utilized by the purveyor as additives to, or treatment of, the water for which the bill is rendered.

Such statement shall include the toxicity of each added substance; the average annual level of the substance expressed in parts per million and milligrams per quart of all added substances contained in the water delivered. The statement shall further contain a warning that the added substances may adversely affect some persons. Upon request the purveyor shall furnish free of charge to a requesting water user a report listing contraindications, precautions and side effects that have been published in medical and other..."
scientific journals concerning the possible effects of such substances upon the human body. Such reports shall be compiled by the Board."

Renumber the succeeding sections.

On motion of Senator Woody, the following amendment to the amendment by Senators Goltz and Day was adopted:

Amend the Goltz amendment to page 4, line 17, adding a new section 6 as follows:

After "persons." on the sixth line of the second paragraph, strike the balance of the section.

Senator Rasmussen moved adoption of the following amendment to the amendment by Senators Goltz and Day:

Amend the amendment by Senators Goltz and Day as follows:

On line 6 of the amendment following "persons." add a new paragraph as follows:

"In the event that such statement indicates that the toxicity of the water might affect a user's health the purveyor upon the certification of such user's physician shall furnish to such user pure bottled water for drinking purposes without cost to such user."

POINT OF INQUIRY

Senator Van Hollebeke: "Would Senator Rasmussen yield? Senator Rasmussen, what is pure water as defined in your amendment?"

Senator Rasmussen: "It would be pure bottled water as certified by the health department. They are now bottled water purveyors that handle this, not alone is this state, but in many other states, and they have to meet pure water standards."

Debate ensued.

The motion by Senator Rasmussen failed and the amendment to the amendment by Senators Goltz and Day was not adopted on a rising vote.

The motion by Senator Goltz carried and the amendment, as amended, was adopted.

POINT OF INQUIRY

Senator Bluechel: "Would Senator Day yield to a question, please? Senator Day, when the amendment of yours on page 3, line 21 was adopted, 'providing that no such plan shall include the fluoridation of water without the prior approval of a majority of voters within such service area,' does this take into account that areas such as the Seattle Water District which serves not only Seattle but a substantial portion of King County has fluoridation already and would they have to go back and vote for fluoridation or is there a grandfather clause in this bill?"

Senator Day: "No, there would not have to be a grandfather clause in the bill because that is already a matter of fact and it is not the intent of the bill that it be retroactive relative to any presently existing system. Does that answer your question?"

Senator Bluechel: "Is there any way in which the bill could be interpreted specifically for saying that the legislature wanted approval of the people, because I think this is a very critical point."

Senator Day: "I think those are two questions. I think as far as existing systems are concerned that already have voted and put fluorine in the water, for example, that would not be retroactive and that is not the intent. As far as new systems, then I think the intent is that they be voted on so that the intent of the people is clear and that they either want it or they do not want it."

Senator Bluechel: "Senator Day, that is fine. I would agree that that is a satisfactory solution, but I am still very apprehensive as to the possibility of a court case saying that this could be retroactive and maybe I could address the case to one of the attorneys in this matter to see whether it could happen."

Senator Washington: "Could I also attempt to answer the question of Senator Bluechel and that it be a part of the record? I believe that the amendment which you direct which says, 'Provided that no such plan shall include the fluoridation of water without the prior approval of a majority of the voters within such service area.' It will be highly unlikely that any plan would have anything to do or mention fluoridation or lack of fluoridation in any way. This bill provides for physical plans, setting up the type of
pipes, the connections, the size of the pipes, the quality of the pipe, where the pipe will be laid. In other words, it is an engineering type of plan that this bill envisages. And it would have to be an extension of this act for any water purveyor to attempt to utilize it as a means of fluoridation. And for that reason, it is my opinion that this would have no effect upon a fluoridation plan which is presented in a separate way, separate from the plan as set forth in the statute amendment as provided in this bill."

Senator Bluechel: "Senator Washington, would you answer a further question please? What is the situation where you have an existing water system that has fluoridation and it is being extended into an area? Does that area have to vote for fluoridation or can the water system be extended into the area without a vote?"

Senator Washington: "That would depend on present law and I am not familiar with the present law. But if that water system were extended under this particular statute, it would have no effect on it because if it were extended under this particular statute it would be only an engineering plan, and would have no effect one way or the other on fluoridation."

Senator Bluechel: "Thank you."

MOTION

On motion of Senator Washington, the rules were suspended, Engrossed Substitute Senate Bill No. 2424 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

POINT OF INQUIRY

Senator Odegaard: "Would Senator Washington yield? Senator Washington, on page 2 under (3) on lines 7 and 8, it says that one industrial plant shall be excluded from this definition of a public water supply system, and I am curious to know why one industrial plant should be excluded. It could be, I imagine, at times a fairly large plant."

Senator Washington: "It probably could, but in many of them would be a large purveyor and the way the bill was drawn it did not cover one residence or one industrial plant. Possibly in the future we may find that an amendment will be necessary to include industrial plants. At this point it was felt that at least one industrial plant should be left out to add some flexibility and see how it operates."

POINT OF INQUIRY

Senator Wilson: "Will Senator Washington yield? Senator, may I direct your attention to page 3 of the bill which pertains to how the boundaries for these critical areas will be drawn initially and how they will be amended. Now as I understand the process, in the beginning when the Secretary determines that there is a critical water area, he in effect tries to organize a local committee in the language at the top of this page, and this committee is required to draw some boundaries within six months of their appointment and then presumably the Secretary approves the boundaries, and so you have the critical water area originally identified."

Senator Washington: "Right."

Senator Wilson: "I now direct your attention to (4) on this same page, which pertains to subsequent amendments of the boundaries for this water area. It says, 'The boundaries of a critical region or area may be amended in accordance with the procedures for their establishment,' which is the process that I have just outlined. And then goes on to say, 'When the Secretary finds such amendment necessary.' Now I have two questions with respect to the modification of boundaries of an existing critical area. The first is, if the modification can be activated only when the Secretary, meaning the Secretary of Social and Health Services, finds such amendment necessary, it would occur to me that perhaps he has already decided that this certain change in the boundaries are necessary or he would not have proposed them and that therefore I do not see what discretion would be left to the local committee.

"And my second question is, while (4) provides that the Secretary may initiate a change in boundaries, I do not see where the local committee has the authority to initiate such a change; and I guess what I am really getting at is the relative scope of au-
thority that this bill would grant to (a) the local people who have been organized into this local planning committee, and (b) with respect to the Secretary of Social and Health Services.”

Senator Washington: “Senator Wilson, in the beginning when it appears that there is a critical area, possibly there are any number of ways that it could be started; by a number of purveyors in an area notifying the Secretary in the beginning that there are water problems in a particular area. He then appoints a committee consisting of the purveyors and planners, the public agencies in the area that have to do with water development. Then those agencies, those purveyors, establish the original critical boundaries. Then again it would seem to me that the process would be the same. If several of the purveyors, for instance, or the public agencies or planning agencies in the area would determine or feel that a change was necessary, the Secretary perhaps would probably not be aware of it; as in the beginning they would go before the Secretary. He would then have to appoint a committee, as he did in the beginning, the same committee, purveyors of this particular area, would then determine whether or not the boundaries should be changed. It would be an exact duplicate of the beginning system. Now I think as we start this, it is somewhat new, again we are going to have to give some reliance to the Secretary, but in each instance the moving parties would undoubtedly be the persons in the area, and of course in order to establish the critical region or amend it, it is action by the purveyors of that particular area.”

Further debate ensued.

MOTION
Senator Bluechel moved that Engrossed Substitute Senate Bill No. 2424 be placed on the third reading calendar for Tuesday, April 15, 1975.

POINT OF ORDER
Senator Day: “That would require a suspension of the rules and a two-thirds majority because the gentleman’s motion was to not only hold it over for a day but to return it to second reading.”

REPLY BY THE PRESIDENT
The President: “Senator, the President understood Senator Bluechel’s motion to be that the measure should hold its place on third reading calendar for tomorrow.”

Debate ensued.

RULING BY THE PRESIDENT
The President: “Senator Day, the President believes it would require a suspension to return it to second reading, however.”

On page 2, line 17, strike "surname".

POINT OF INQUIRY

Senator Day: "Would Senator North yield? Would Senator Fleming yield? I think that the one point that was made by Senator Rasmussen is that this points up to women as a minority and I think this is one place we should make a correction. They are definitely in the majority and certainly in the majority as far as voting strength and power is concerned in the general election, and why should they be a minority in the bill? I do not understand that."

Senator Murray: "Mr. President and members of the Senate, it might help to clarify. I think that it applies to women who own fifty-one percent or more of a business. In that case I think they are a majority."

SIDNEY R. SNYDER, Secretary of the Senate.
The Senate was called to order at 9:45 a.m. by President Cherberg. The Secretary called the roll and announced to the President that all Senators were present except Senators Donohue and Murray. "ETERNAL GOD, OUR CREATOR AND SUSTAINER, WE COME TO YOU IN PRAYER ON THIS DAY WHEN MILLIONS OF AMERICAN TAXPAYERS DETERMINE THEIR FINANCIAL ACCOUNTABILITY TO THEIR GOVERNMENT. MAY IT ALSO BE A DAY ON WHICH ELECTED LEADERS OF GOVERNMENT GIVE EVIDENCE OF THEIR OWN ETHICAL ACCOUNTABILITY TO THE PEOPLE, IN THE USE OF SUCH FUNDS SET ASIDE FOR SUCH PURPOSES.

"MAY HONESTY AND INTEGRITY FIND A NEW REVIVAL IN OUR NATION, AND MAY WE BECOME MORE AWARE THAT OUR ULTIMATE ACCOUNTABILITY IS TO YOU. POKE AT OUR CONSCIENCES WHENEVER WE ARE NOT TRULY RESPONSIBLE UNTIL WE SEEK THY WILL AND NOT OUR OWN IN ALL THINGS. AMEN."

SECOND READING

SENATE BILL NO. 2367, by Senators Bottiger, Beck and Matson (by Utilities and Transportation Commission request):
Making certain changes in the laws relating to transportation.
The Senate resumed consideration of Senate Bill No. 2367, as amended on Monday, April 14, 1975. An amendment by Senators Lewis (Harry), Clarke, Francis and Jones was moved for adoption on that day. A Point of Order was raised by Senator Peterson on the proposed amendment.

There being no objection, on motion of Senator Lewis (Harry) the amendment was withdrawn.

On motion of Senator Guess, the following amendment to the title was adopted:
On line 3 of the title, after “81.80.175;” insert “and amending section 3, chapter 69, Laws of 1967 and RCW 81.80.260”.

On motion of Senator Bluechel, the following amendment to the title was adopted:
On page 1, line 3 of the title, after “81.80.175;” strike all the matter down to the period on line 4.

On motion of Senator Walgren, the rules were suspended, Engrossed Senate Bill No. 2367 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

Debate ensued.

POINT OF INQUIRY

Senator Talley: “Would Senator Bottiger yield to a question? Senator, I am in sympathy with the idea behind this but what is it going to do with the legitimate trucking companies? They have a terrific investment; they have crews hired and men working. Is this going to put a lot of men out of employment? You have a lot of gyppos going into the business now?”

Senator Bottiger: “Senator Talley, there was no opposition in the committee from any of the trucking representatives. It generally applies to a farmer hauling products on his own truck and just extending the length that he can go with that haul.”

Senator Talley: “I think that would be perfectly fine for a farmer to handle his own things ... something like that, but I do not know how broad this bill is. It kind of worries me a little bit."

ROLL CALL

The Secretary called the roll on the final passage of Engrossed Senate Bill No. 2367, and the bill passed the Senate by the following vote: Yeas, 46; absent or not voting, 1; excused, 2.

Excused: Senators Donohue, Murray—2.

ENGROSSED SENATE BILL NO. 2367, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

SECOND READING

SENATE BILL NO. 2265, by Senators Woody, Walgren and Bluechel:
Revising regulations of alien banks.

REPORT OF STANDING COMMITTEE

February 25, 1975.

SENATE BILL NO. 2265, revising regulations of alien banks (reported by Committee on Financial Institutions):

MAJORITY recommendation: Do pass with the following amendments:

On page 2, line 1, strike "The government of the country in which the alien bank is incorporated;" and insert "[The government of the country in which the alien bank is incorporated;] The government of any foreign country and any state, county, province, city or other political subdivision thereof;"

On page 5, line 21, add a new section following section 3 as follows:

"NEW SECTION. Sec. 4. This act is necessary for the immediate preservation of the public peace, health and safety, the support of the state government and its existing public institutions, and shall take effect immediately."

Signed by: Senators Woody, Chairman; Bluechel, Jones, Walgren.

The bill was read the second time by sections.

On motion of Senator Woody, the committee amendments were adopted.

On motion of Senator Woody, the rules were suspended, Engrossed Senate Bill No. 2265 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

POINT OF INQUIRY

Senator Guess: "Would Senator Woody yield? Senator Woody, you described a mandatory liquidity level of a bank. By requiring such a liquidity level in a foreign bank, are we discriminating against them because we do not do the same thing by a state bank?"

Senator Woody: "You ask if we discriminate. We make a distinction, yes. Discrimination, of course, means whether we would handle it differently than our own. Yes, we do."

Senator Guess: "We are requiring them to do something we do not require all people to do, in other words?"

Senator Woody: "Yes."

Senator Guess: "What is the level of liquidity in most of the domestic banks? Have you any idea?"

Senator Woody: "I am sorry, I could not answer that. I could get that information to you, but I could not answer that on the floor."

Senator Guess: "Okay, thank you."

Debate ensued.

POINT OF INQUIRY

Senator Cunningham: "Would Senator Woody yield to another question please? Senator Woody, I agree with Senator Guess. this looks like a good bill. but I had a
couple of questions. Are these banks operating under a national charter or a state charter?"

Senator Woody: "Neither. They are foreign banks operating under the laws of that foreign country."

Senator Cunningham: "And therefore it is our state laws that apply, not the federal banking laws?"

Senator Woody: "Yes, that is correct as far as their operation within the state of Washington."

Senator Cunningham: "Additional question. Are they now eligible for FDIC?"

Senator Woody: "Yes."

Senator Cunningham: "Is this the type of insurance by the federals that, in the event of a failure, they will have sixty days to make good on their claims, or can this insurance be deferred for up to thirty years, as can in some of the state-chartered banks?"

Senator Woody: "The statute on the alien banks merely says that if they do not obtain federal deposit insurance, then they have to make the other arrangements that I described. But it does not say what type of federal deposit insurance options they are required to take."

Senator Cunningham: "Senator Woody, is there anybody here that can answer that, because I think the investors are entitled to know the type of insurance they are getting and I understand there is more than one type of federal insurance?"

Senator Woody: "I am not a banker. I cannot answer that."

ROLL CALL

The Secretary called the roll on the final passage of Engrossed Senate Bill No. 2265, and the bill passed the Senate by the following vote: Yeas, 40; nays, 2; absent or not voting, 3; excused, 4.

Voting nay: Senators Cunningham, Pullen—2.

Absent or not voting: Senators Stortini, von Reichbauer, Washington—3.

ENGROSSED SENATE BILL NO. 2265, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

SECOND READING

SENATE BILL NO. 2181, by Senators Francis, Day, Lewis (Harry), Marsh, Bottiger, Rasmussen and Murray:
Defining gravely disabled.

REPORT OF STANDING COMMITTEE

April 9, 1975.

SENATE BILL NO. 2181, defining gravely disabled (reported by Committee on Ways and Means):

MAJORITY recommendation: Do pass with the following amendment by the Judiciary Committee:

On page 1, line 11, after "needs;" strike all the material down through "property" on line 14 and insert "or in which as a result of a mental disorder a person's judgment is so impaired that he is incapable of realizing, and making a rational decision with respect to, the need for essential care or presents a probability of serious harm to himself, or any other person, or to property."

Signed by: Senators Donohue, Chairman; Odegaard, Vice Chairman; Bailey,
Clarke, Fleming, Jones, Lewis (Harry), Mardesich, Marsh, Murray, Newschwander, Sandison, Washington.

The bill was read the second time by sections.

Senator Francis moved adoption of the committee amendment.

On motion of Senator Lewis (Harry), the following amendment to the committee amendment was adopted:

On line 5 of the amendment to page 1, line 11, strike "or" and insert "and".

On motion of Senator Francis, the rules were suspended, Engrossed Senate Bill No. 2181 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

ROLL CALL

The Secretary called the roll on the final passage of Engrossed Senate Bill No. 2181, and the bill passed the Senate by the following vote: Yeas, 44; absent or not voting, 1; excused, 4.

Absent or not voting: Senator McDermott—1.

ENGROSSED SENATE BILL NO. 2181, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

SENATE BILL NO. 2378, by Senator Rasmussen:

Requiring legal publications in newspapers to be printed in regular size type.

MOTIONS

On motion of Senator Rasmussen, Substitute Senate Bill No. 2378 was substituted for Senate Bill No. 2378, and the substitute bill was placed on second reading and read the second time in full.

Senator Cunningham moved adoption of the following amendment:

On page 1, beginning on line 17, strike all of section 2. Renumber remaining sections consecutively.

POINT OF INQUIRY

Senator Rasmussen: "Will Senator Cunningham yield to a question? Senator Cunningham, this amendment that you have strikes out all summarization of the city ordinances, is that correct?"

Senator Cunningham: "I hope so. As far as legal notices."

Senator Rasmussen: "Thank you."

Debate ensued.

POINT OF INQUIRY

Senator Bailey: "Would Senator Cunningham yield? Senator Cunningham, I realize this is a little out of order, but you said you had another little amendment to follow, and maybe we ought to know what that is before we vote on this one."

Senator Cunningham: "Thank you, Senator Bailey. What I would hope to do would be to go back into Section 1 and change that word 'shall' on line 13 to 'may' so it would be permissive, which is the law now. That deals with the size of the type."
MOTION
At 12:08 p.m., on motion of Senator Bailey, the Senate recessed until 1:30 p.m.

AFTERNOON SESSION
President Pro Tempore Henry called the Senate to order at 1:30 p.m.

PERSONAL PRIVILEGE
Senator von Reichbauer: "Mr. President, members of the Senate, I rise to a point of personal privilege. Today, several thousand students from throughout the state of Washington converged on the capitol city to demonstrate their concern over the recent failure of special levies throughout the state, and to urge the legislature to seek alternative funding for education. My comments are not addressed to their cause, though the members are aware of my concern in this area and of my advocacy of alternative funding for education from the state. I would like to address my brief remarks to the conduct of the students who came here. Although they represented different school districts, and had little time to coordinate their efforts, they demonstrated a high degree of maturity in their conduct, proving false the fears of many who thought that these young people would prove to be unruly and unmanageable. On the contrary, they conducted, themselves — individually and as a unit — on a high plane, giving credit to their cause, and reaffirming the faith I have in the young people of today.

"For those who fear for the future, I would recommend that they go out and talk to these students for they would see that the future is in good hands."

SECOND READING
SUBSTITUTE SENATE BILL NO. 2378, by Committee on State Government (originally sponsored by Senator Rasmussen):
Requiring legal publications in newspapers to be printed in regular size type.
The Senate resumed consideration of Substitute Senate Bill No. 2378, and the following amendment moved for adoption by Senator Cunningham:
On page 1, line 17, strike all of section 2. Renumber remaining sections consecutively.
Debate ensued.

POINT OF INQUIRY
Senator Wanamaker: "Will Senator Francis yield to a question? Senator Francis, I had a little concern at your summarizing legal notices and such as that. Now what I am concerned about, would this open a door that if that summary did not suffice in the mind of some person, would it open the county or city or whomever is putting in the notice to a legal action?"
Senator Francis: "Senator Wanamaker, I share your concern. I think it certainly could. Any time someone thought that a summary did not accurately reflect the proposal, it could well be subject to challenge."
The motion by Senator Cunningham carried and the amendment was adopted.
On motion of Senator Cunningham, the following amendment was adopted on a rising vote:
On page 1, line 13, strike "shall" and insert "may".

On motion of Senator Rasmussen, the rules were suspended, Engrossed Substitute Senate Bill No. 2378 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.
Debate ensued.

POINT OF INQUIRY
Senator Clarke: "Would Senator Rasmussen yield? With the amendment, Senator, can you tell me just how this bill now changes the present law?"
Senator Rasmussen: "How it changes the present law?"
Senator Clarke: “Yes. As the bill is now amended. If it were passed in this form, how would it change the present law?”

Senator Rasmussen: “If it were passed in this form, it would indicate that the Senate felt that the legal notices should be large enough to be legible and be read by everybody. That would be the indication, Senator, yes.”

Senator Clarke: “Merely an indication of intent. It does not change any actual legal requirements?”

Senator Rasmussen: “No, it does not make a compulsion. But I would submit to you, Senator, that at the present time most of the ads that you see in the paper are in six point rather than the eight point, as suggested.”

Debate ensued.

POINT OF INQUIRY

Senator Bottiger: “Would Senator Rasmussen yield to a question? Senator Rasmussen, I understand the national advertising rate is one and one-half times the local commercial rate. When they charge political advertising it is actually fifty percent over what they would charge Weisfield’s or some commercial establishment in the community?”

Senator Rasmussen: “No.”

Senator Bottiger: “What is the national advertising rate?”

Senator Rasmussen: “I will have to yield to Senator Bailey or Senator Wilson.”

Senator Bottiger: “Your answer of no then was that you do not know.”

Senator Rasmussen: “It is not that great an increase. That is the same rate that you pay for your . . . .”

Senator Bottiger: “I am well aware of that, Senator Rasmussen. I am well aware that it is much cheaper if I were selling shoes than politics.”

Senator Rasmussen: “That is display advertising which goes at a different rate, yes.”

Senator Bottiger: “Hard to tell which is which, Senator Bailey, do you know what the national advertising rate is compared to the local commercial rate?”

Senator Bailey: “Senator Bottiger, when we were in the newspaper business it need not have any relationship one to the other. We established the national rate, our national rate and then if it was too much, of course, no one would advertise with us. The WNTA would go somewhere else. On the other hand, it did not have to have any relationship with our local rates.”

Senator Bottiger: “Was it higher or lower?”

Senator Bailey: “Oh, it is always higher. It is the highest rate you have.”

Senator Bottiger: “Well, I think that speaks for why I am voting no on the bill. It sounds like the newspapers should be for it. It sounds like it is another grab of — well, let us put it this way, that newspapers should be for it. It substantially increases the cost, not only to the widow, to the clients of the attorney, as Senator Rasmussen says, that by law have to advertise, but to the small towns, the counties and everybody else.”

Senator Van Hollebeke: “Senator Bottiger, I can answer that question. The usual variance is from about a thirty to a seventy percent increase for the national rate over the normal display advertising rate for the larger contracts.”

Further debate ensued.

ROLL CALL

The Secretary called the roll on the final passage of Engrossed Substitute Senate Bill No. 2378, and the bill failed to pass the Senate by the following vote: Yeas. 10; nays, 34; absent or not voting, 2; excused, 3.

Absent or not voting: Senators Lewis (Harry), Wilson—2.
Excused: Senators Fleming, Mardesich, Murray—3.

ENGROSSED SUBSTITUTE SENATE BILL NO. 2378, having failed to receive the constitutional majority, was declared lost.

SECOND READING

SENATE BILL NO. 2083, by Senators Pullen, Rasmussen and Henry:
Prohibiting possession of weapons on capitol grounds.

REPORT OF STANDING COMMITTEE

April 11, 1975.

SENATE BILL NO. 2083, prohibiting possession of weapons on capitol grounds (reported by Judiciary Committee):

MAJORITY recommendation: Do pass with the following amendments:

"NEW SECTION. Section 1. There is added to chapter 9.55 RCW a new section to read as follows:

A person, other than a law enforcement officer, security officer, or a law enforcement officer of any other state or the federal government who is carrying out official duties in this state, or any person summoned by any such officer to assist in making arrests or preserving the peace while he is actually engaged in assisting such officer, is guilty of interfering with the legislative process when he alone or in concert with others wilfully and without legal authority or proper authorization carries or possesses a firearm or any explosive, incendiary, or other dangerous device while on the state capitol grounds or within any building in which the chamber of either house of the legislature is located or in which the official office of any member, officer, or employee of the legislature or the office of any committee of the legislature or either house thereof is located.

Any violation of this section shall constitute a gross misdemeanor, and shall be punished by imprisonment in the county jail for not more than one year or by a fine of not more than one thousand dollars, or by both such fine and imprisonment.

NEW SECTION. Sec. 2. If any provision of this act, or its application to any person or circumstance is held invalid, the remainder of the act, or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 3. This act is necessary for the immediate preservation of the public peace, health, and safety, the support of the state government and its existing public institutions, and shall take effect immediately."

Beginning in line 1 of the title after "punishment;" strike all material down to and including the period on line 14 and insert "adding a new section to chapter 9.55 RCW; defining crimes; prescribing penalties; and declaring an emergency."

Signed by: Senators Francis, Chairman; Clarke, Fleming, Jones, Marsh, Van Hollebeke.

The bill was read the second time by sections.
On motion of Senator Woody, the following amendment to the committee amendment was adopted:

On page 1, line 12 of section 1, after "authorization" and before "carries" insert "not to include a permit issued pursuant to RCW 9.41.070,".

Debate ensued.

The motion by Senator Francis carried and the committee amendment, as amended, was adopted.

On motion of Senator Francis, the committee amendment to the title was adopted.

On motion of Senator Francis, the rules were suspended. Engrossed Senate Bill No. 2083 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

Debate ensued.
ROLL CALL

The Secretary called the roll on the final passage of Engrossed Senate Bill No. 2083, and the bill passed the Senate by the following vote: Yeas, 38; nays, 7; absent or not voting, 1; excused, 3.

Absent or not voting: Senator Matson—1.

Excused: Senators Fleming, Mardesich, Murray—3.

ENGROSSED SENATE BILL NO. 2083, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

SECOND READING

SENATE BILL NO. 2243, by Senators North and Francis (by Uniform Legislation Commission request):

Revising laws of filiation proceedings and enacting the Uniform parentage act.

MOTIONS

On motion of Senator Francis, Substitute Senate Bill No. 2243 was substituted for Senate Bill No. 2243, and the substitute bill was placed on second reading and read the second time in full.

On motion of Senator Francis, the rules were suspended, Substitute Senate Bill No. 2243 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

Debate ensued.

POINT OF INQUIRY

Senator Bottiger: "Would Senator Francis yield to a question? Senator Francis, in 1971, I believe, we enacted legislation in response to a court decision. The effect of the legislation was to protect adoptive parents from claims that were later made by the natural parents, and in effect we provided that a person coming to challenge an adoption after it had already taken place had to meet certain statutory requirements. Would this bill in any way reduce that protection we gave to the adoptive parents?"

Senator Francis: "Senator Bottiger, there is nothing in this bill which would undermine the rights of adoptive parents and there is nothing in here which is intended to reduce those rights or those protections which we previously enacted."

POINT OF INQUIRY

Senator Peterson: "Will Senator Francis yield further? Senator, this is a rather lengthy measure and I certainly have not had the opportunity to review it. However, I did raise the question in caucus this morning when we talked about this bill to our caucus attorney and he indicated a section of this might make all of the Democratic male members of the caucus instant fathers, or could be by implication. Is this true? Is this what this act says?"

Senator Francis: "What section are you referring to, Senator?"

Senator Peterson: "I do not have the section. That is why I referred to you as the father of the bill. I thought perhaps you could explain it."

Senator Francis: "I have no idea what you might be referring to. If you could point out specific language I could give you my interpretation, but I know of nothing in here that would create any problem for any member, whether male or female."
POINT OF INQUIRY

Senator Rasmussen: "Will Senator Francis yield to a further question? Senator Francis, I notice this is Uniform Law Commission recommendation. What changes were made in the substitute bill that were different from the original uniform law?"

Senator Francis: "Senator Rasmussen, we made a number of changes on almost every page. We worked it through in a very deliberate way and we worked it through again. Twice we went through the bill making wording changes here and wording changes there. This committee amendment is, or substitute bill, embodies all of those changes so I could not tell you exactly without going through it now word by word just which words were changed."

Senator Rasmussen: "It is no longer the Uniform Law Commission bill then?"

Senator Francis: "No, it is not. It is based upon the uniform laws and based upon what the Uniform Law Commission came up with. We felt that we had to make the policy for this legislature and we could not just adopt it. We feel in the committee that it is a great improvement now upon the recommendation of the Uniform Law Commissioners."

Senator Rasmussen: "Thank you, Senator."

MOTION

On motion of Senator Lewis (R. H. "Bob"), Senator Matson was excused.

POINT OF INQUIRY

Senator Rasmussen: "Senator Woody, you were moving so fast on your amendments you lost me about four amendments ago."

Senator Woody: "I was trying to keep up with the gavel."

Senator Rasmussen: "Slow up, Mr. President. Senator Woody, you had an amendment — I am trying to find it here in my book — which said that this insurance fund was only going to be liable for the amount that the credit union has paid in?"

Senator Woody: "Yes. It is on page 7 in your book, at the bottom of the page, page 7, line 36. It does not say it that way. It says that the assets in the guarantee fund would be used in its entirety toward payment of any claims in the event of a failure of a particular credit union. But as to the rest of the members, that is the rest of the credit unions within the state of Washington, they would not be liable. That is, their capital assets would not be liable for some other credit union failure."

Senator Rasmussen: "But the whole amount of the insurance fund would be available?"

Senator Woody: "Yes, it would be."

Senator Rasmussen: "Now is it contemplated that that would be big enough to take the cost of the failure of a credit union of any size?"

Senator Woody: "The donation portion. The funding portion is on page 4, lines 10 through 13, and it says, 'one-half of one percent of the total insurable outstanding shares and deposit balances of each credit union.' And quite frankly, this particular provision was looked over by the state, I think it was the Savings and Loan supervisor, because it was about as similar as you could get to that situation, and it is a shot in the dark as to whether it is going to be enough, but right now there is nothing. So this, if it proves — hopefully, knock on wood, we will never have a credit union fail — but if one were to fail and this were not to be of sufficient amount, then we will have learned a lesson and we will have to come back and increase the funding."

Senator Rasmussen: "I do not know of any that are in trouble or will be in trouble. They have a very good record. That is why I was wondering if that total amount would be enough. At the present time, federally insured or chartered credit unions go under the federal bank insurance act and under the nonlimited funds. Well, as they say, there is a danger if enough banks went broke they would not be able to pay off except to tap the general fund, but the opinion was that this would raise enough for protection?"

Senator Woody: "All the indications we have right now are that this would be enough. But then again, all the indications we have right now are all of our credit unions in the state of Washington are in a good position, are very solvent, and there is really no danger that any of them would go broke."
Senator Rasmussen: "Now for the second question, Senator Woody, in relation to this bill, at the present time credit unions do have a voluntary type of reinsurance program where they banded together and they have taken care of where credit unions have had hard luck."

Senator Woody: "Some do and some do not. It is like the Federal Old Line situation that Senator Bottiger presented the other day. That started out on somewhat of a voluntary basis and then, in order to make it equitable it had to turn into a mandatory situation, as this would."

Senator Rasmussen: "This would have no effect on those that are in the process of having their problems resolved?"

Senator Woody: "To my knowledge, there are no state credit unions which have any problems to be resolved."

Senator Rasmussen: "Thank you."

On motion of Senator Woody, the rules were suspended, Engrossed Senate Bill No. 2411 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

SENIOR BILL NO. 2395, by Senators Woody, Marsh and Buffington:
Raising court reporters' salaries.
The bill was read the second time by sections.
Senator Goltz moved adoption of the following amendment:
On page I, beginning on line 13, strike all the material down to and including the semicolon on line 18 and insert: "[(2) In judicial districts having a total population of forty thousand or more, excluding Class AA counties, fourteen thousand dollars per annum;
(3) In judicial districts having a total population of twenty-five thousand and under forty thousand, eight thousand four hundred dollars per annum;]
(2) In judicial districts in other than Class AA counties the salary of the official court reporter or reporters shall be fixed by the board of county commissioners of the county or counties employing such reporters;"

POINT OF INQUIRY
Senator Lewis (Harry): "Would Senator Goltz yield to a question? Senator Goltz, how are the district courts which pay the court reporters, as I understand it, funded? Superior courts? It is my understanding that they are funded fifty percent by the state."
Senator Goltz: "It was my understanding that they were funded totally by the counties, but I could stand corrected."
Debate ensued.

POINT OF INQUIRY
Senator Walgren: "Would Senator Woody yield to a question? I do not know whether this is best addressed to you, Senator Woody, or to Senator Francis, but since he referred to the fact that you had some figures on this matter, can you tell me whether or not the committee considered the amount of money that court reporters make beyond the salary that is paid by the county?"
Senator Woody: "You are now asking me a question relating not to freelancers, but to court reporters working in superior court. We were aware, as all lawyers are, that dependent upon the workload of that particular court reporter, some of them do, some of them do not, but some of them do take depositions on weekends or in the evening and do make extra money. There is no way of knowing how much more they do, any more than there is of knowing how much the professors at the University of Washington and WSU make in their moonlighting."
Senator Walgren: "A private attorney requesting a daily transcript, for instance, during a trial or otherwise would have to pay for the transcription of that work that is being paid for by the county, would he not?"
Senator Woody: "That is correct."
Senator Morrison: "Mr. President, in response to the question raised by Senator Walgren, in testimony in the committee, it was indicated that the average additional earnings were approximately twenty-five hundred dollars per year on the average, Senator Walgren."
Senator Lewis (Harry): "Mr. President, Senator Goltz, I have had clarification from Senator Odegaard who called the staff, and I want to apologize to the Senate. The moneys are paid by the counties and I was in error in the assumption that I raised on the floor, so it is a fully funded county project."
Further debate ensued.
The motion by Senator Goltz carried and the amendment was adopted.
On motion of Senator Goltz, the following amendments were considered and adopted simultaneously:
On page 1, line 20, after "county" insert "or counties".
On page 1, line 22 delete "judge or judges" and insert "[judge or judges] commissioners."
On motion of Senator Beck, the rules were suspended, Engrossed Senate Bill No.
2395 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

In section 1, line 16, after the period following "bidder" add new paragraphs as follows:

Whenever work is done by contract, the estimated cost of which is fifty thousand dollars or less, the managing official of the port district shall invite proposals from all appropriate contractors on the small works roster: PROVIDED, That whenever possible, the managing official shall invite at least one proposal from a minority contractor who shall otherwise qualify under this section. Such invitation shall include an estimate of the scope and nature of the work to be performed, and materials and equipment to be furnished.

When awarding such a contract for work, the estimated cost of which is fifty thousand dollars or less, the managing official shall give weight to the contractor submitting the lowest and best proposal. PERSONAL PRIVILEGE

Senator Lewis (Harry): “Mr. President and members of the Senate, the port districts at the present time have work crews and they are doing a substantial amount of work, as I understand it. In discussing this with Senator Talley and with the port lobbyist, they convinced me that there would be difficulty involved if this amendment were to hang. This does not, however — I have withdrawn that amendment at their request at the present time, but I do intend to introduce a resolution asking probably the State Government Committee to take a look at the contracting efforts that are being made by port districts. And I want to bring that to the attention of the members of the Senate. Of all agencies of government, the port districts have the broadest powers, they and the PUD’s, and I think that this one area is one that should be looked at. We have tightened up the reins on cities and counties and their ability to contract and they have resisted any efforts to do that. At their request, and primarily at Senator Talley’s request I have withdrawn this amendment but I think it is important that we understand what is going on. I am not suggesting that anything unethical is going on, but I for one am not aware of the details, the amount of construction that is being done by port districts, the amount of capital investment that they are making, with or without public authority. I think that a resolution which is being drafted now is one that we should consider.”

Debate ensued.

On motion of Senator Lewis (Harry), the following amendment was adopted:
On page 1, section 1, line 10, strike “fifty” and insert “thirty”.

POINT OF INQUIRY

Senator Lewis (Harry): "Would Senator Marsh yield? Senator Marsh, what does the word 'the proper prosecuting attorney' mean?"

Senator Marsh: "In some cases it is a question of whether it was the Clark County Prosecutor or the Cowlitz County Prosecutor or the Thurston County Prosecutor, and so it is intended by the word 'proper' that it be referred to the local prosecuting attorney, the prosecuting attorney in the county where the child abuse occurred."

POINT OF INQUIRY

Senator Van Hollebeke: "Would Senator Marsh yield? Senator Marsh, can you please tell me if the word 'practitioner' is defined here anywhere? It says, 'when any practitioner, professional school personnel, etc. shall discover this;' at the beginning of (1)."

Senator Marsh: "Yes, Senator Van Hollebeke. Practitioner is not defined in the
Bill. However, it is defined in statutes and if you wanted me to take a moment I could look up that definition for you."

Senator Van Hollebeke: "If you know that it is defined and it is pertinent. Do you know about what it means as applied here?"

Senator Marsh: "Yes, it includes doctors and other practitioners of the healing arts."

Senator Van Hollebeke: "Thank you."

SENATE BILL NO. 2613, by Senators Marsh, Francis and Jones:
Authorizing pre-trial diversion programs approved by the court.

REPORT OF STANDING COMMITTEE

April 9, 1975.

SENATE BILL NO. 2613, authorizing pre-trial diversion programs approved by the court (reported by Judiciary Committee):
MAJORITY recommendation: Do pass with the following amendment:
Strike everything after the enacting clause and insert the following:
"NEW SECTION. Section 1. Upon arraignment a person charged with a misdemeanor or gross misdemeanor may petition the court to be considered for a deferred prosecution program.

NEW SECTION. Sec. 2. The petition shall allege that the wrongful conduct charged is the result of or caused by alcohol problems, drug problems, or emotional and /or mental problems for which the person is in need of treatment and unless treated the
probability of future reoccurrence is great, along with a statement that the person agrees
to pay the cost of a diagnosis of the alleged problem or problems if financially able to do
so. The petition shall also contain a case history of the person supporting the allegations.

NEW SECTION. Sec. 3. The arrainging judge upon consideration of the petition
and with the concurrence of the prosecuting attorney may continue the arraignment and
refer such person for a diagnostic investigation and evaluation to an approved alco­
holism treatment facility as designated in chapter 70.96A RCW, if the petition alleges
an alcohol problem, an approved drug treatment center as designated in chapter 71.24
RCW, if the petition alleges a drug problem, or to an approved mental health center, if
the petition alleges a mental or emotional problem.

NEW SECTION. Sec. 4. If the person is able to assume the financial costs, the fa­
cility or center shall conduct an investigation and examination to determine:
(1) Whether the person suffers from the problem alleged;
(2) Whether the problem is such that if not treated there is a probability that similar
misconduct will occur in the future;
(3) Whether extensive and long term treatment is required; and
(4) Whether effective treatment for the person's problem is available.

NEW SECTION. Sec. 5. The facility or center shall make a written report to the
court stating its findings and recommendations after the investigation and examination
required by section 4 of this act. If its findings and recommendations support treatment,
it shall also recommend a treatment plan setting out:
(1) The type;
(2) Nature;
(3) Length;
(4) A treatment time schedule; and
The report with the treatment plan shall be filed with the court and a copy given to
the defendant and defendant's counsel.

NEW SECTION. Sec. 6. If the report recommends treatment, the court shall ex­
amine the treatment plan. If it approves the plan and the defendant agrees to comply
with its terms and conditions and agrees to pay the cost thereof or arrange for the treat­
ment, an entry shall be made upon the person's court docket showing that the person has
been accepted for deferred prosecution. A copy of the treatment plan shall be attached
to the docket, which shall then be removed from the regular court dockets and filed in a
special court deferred prosecution file. If the charge be one that an abstract is required
to be sent to the department of motor vehicles, an abstract of the docket showing the
change, the date of defendant's acceptance for deferred prosecution, and the defendant's
treatment plan shall be sent to the department of motor vehicles, which shall make an
entry of the charge and of the defendant's acceptance for deferred prosecution on the
department's driving record of the defendant.

NEW SECTION. Sec. 7. When treatment is either not recommended or not ap­
proved by the judge, or the defendant declines to accept the treatment plan, the de­
fendant shall be arraigned on the charge.

NEW SECTION. Sec. 8. Evidence pertaining to or resulting from the petition and
/or investigation is inadmissible in any trial on the charges, but shall be available for
use after a conviction in determining a sentence.

NEW SECTION. Sec. 9. If a defendant, who has been accepted for deferred prose­
cution, fails or neglects to carry out and fulfill any term or condition of the defendant's
treatment plan, the facility, center, institution, or agency administering the treatment
shall immediately report such breach to the court. The court upon receiving such a re­
port shall hold a hearing to determine whether the defendant should be removed from
the deferred prosecution program. At the hearing, evidence shall be taken of the defend­
ant's alleged failure to comply with the treatment plan and the defendant shall have the
right to present evidence on his or her own behalf. The court shall either order that the
defendant continue on the treatment plan or be removed from deferred prosecution. If
removed from deferred prosecution, the defendant's docket shall be returned to the reg­
ular court files and the defendant shall be arraigned on the original charge.
NEW SECTION. Sec. 10 If a defendant is convicted in any court of an offense similar to the one for which the defendant is in a deferred prosecution program, the court in which the defendant is under deferred prosecution shall upon notice of conviction in another court remove the defendant's docket from the deferred prosecution file and require the defendant to enter a plea to the original charge.

NEW SECTION. Sec. 11. Delay in bringing a case to trial caused by a defendant requesting deferred prosecution as provided for in this chapter shall not be grounds for dismissal.

NEW SECTION. Sec. 12 Two years from the date of the court's approval of deferred prosecution for an individual defendant, those dockets that remain in the special court deferred prosecution file relating to such defendant shall be dismissed and the records removed.

NEW SECTION. Sec. 13. Funds shall be appropriated from the fines and forfeitures of the court to provide for a treatment program to program for any indigent person who is unable to pay the cost of any program of treatment.

NEW SECTION. Sec. 14. Sections 1 through 13 of this act shall constitute a new chapter in Title 10 RCW.

MOTION

On motion of Senator Mardesich, the Senate commenced consideration of Senate Bill No. 2855.

SECOND READING

SENATE BILL NO. 2855, by Senators Newschwander, Walgren, Sandison and Peterson:

Excluding certain community college faculty appointments from rights relating to tenure.

MOTIONS

On motion of Senator Sandison, Substitute Senate Bill No. 2855 was substituted for Senate Bill No. 2855 and the substitute bill was placed on second reading and read the second time in full.

Senator Odegaard moved adoption of the following amendment:

On page 2, line 4, following "program" insert ": PROVIDED FURTHER, That a "faculty appointee" holding a faculty appointment pursuant to subsections (1) or (2)(a) who has been subsequently transferred to a position financed from "special funds" pursuant to subsection (2)(b) and who thereafter loses his position upon reduction or elimination of such "special funding" shall be entitled to be returned to his previous status as a faculty appointee pursuant to subsection (1) or (2)(a) depending upon his status prior to the "special funding" transfer"

POINT OF INQUIRY

Senator Lewis (Harry): "Will Senator Odegaard yield? Senator Odegaard, your amendment does not say it but I assume that it is the intent, and I would ask you if it is the intent that the faculty appointee you are describing is a member of that specific college where the special funded class is being taught? Is that correct? Prior to his accepting that appointment."

Senator Odegaard: "Only at that particular college, yes."

Senator Lewis (Harry): "What I am trying to get to is whether or not you could hire somebody for a special funding purpose to come in and teach at Centralia, for example, who may have taught elsewhere at some previous time and thus establish a position that really we did not want, by your amendment."

Senator Odegaard: "No. it should not do that, Senator Lewis, because the present tenure law, as I understand it, you only have tenure at the particular community college that you are teaching in, and if you move to another community college you start over again through the processes, probationary period and the whole works."

Senator Lewis (Harry): "Thank you."
The motion by Senator Odegaard carried and the amendment was adopted. On motion of Senator Newschwander, the rules were suspended, Engrossed Substitute Senate Bill No. 2855 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

POINT OF INQUIRY

Senator Lewis (Harry): "Will Senator Odegaard yield to another question? Senator Odegaard, what would be the situation in a reduction in force in a community college for one reason or another as with the application of your amendment? Would this amendment in any way change a RIF policy adopted at a community college or would it affect the status of a teacher, increase his seniority status or his position in a RIF procedure if he had moved from regular faculty to a special position in any way?"

Senator Odegaard: "Senator Lewis, I do not think so. The faculty, member, of course, with the amendment is assured that he who has tenure would retain a tenured position and not be moved to a special funds position. Unless I do not quite understand your question, I do not think there is a particular problem here in the RIF policy."

POINT OF INQUIRY

Senator Fleming: "Would Senator Sandison yield to a question? Senator Sandison, maybe I do not understand this measure or I am reading it wrong. As I read this measure, you are talking about special funds; you are talking about federal funds. Would you also consider some state funds as these special funds?"

Senator Sandison: "No. In the bill, if you will look on page 1 in lines 26 and 27, the bill speaks of special funds as designated by the State Board for Community College Education for special education projects, generally dealing with the military, but they are ad hoc funds for a special kind of an extracurricular project."

Senator Fleming: "Okay, Senator Sandison, could not funds that were allocated to the community colleges and designated by the community colleges for, say, special training programs for the minority affairs programs and departments in these colleges, could they not be considered as special funds and special programs under this?"

Senator Sandison: "First, let me say the intent of this bill is not to deal with those programs in any way. Again, it is for those special things for military, not for the funds that come to community college or any other institution for minority or similar things. Secondly, the definition that the State Board has for special funds speaks only to these that are in for, used generally, for federal projects wherein federal people who are in the military are educated."

Senator Fleming: "Okay. So there would not be federal funded programs that you bring a person in and he or she is involved in that program and then all of a sudden you are saying to that person that is working side by side with these other people, 'You cannot have tenure but you others can have tenure.' The question I am worried about, you know, I have a problem with tenure in the first place and if this is the intent of this measure, I think that this is the wrong way of maybe doing it. Maybe we should be dealing with the overall situation of tenure, if that is in fact what this bill does."

Senator Sandison: "Yes, I agree with it and without too much speaking to the merit of the bill, it speaks to not raise the question of tenure for people who are brought on for special purposes. And when that federal money runs out, their job runs out and so does their tenure."

Senator Fleming: "So the intent of this bill is merely to deal with those military type programs?"

Senator Sandison: "Correct. Yes."

Senator Odegaard: "Mr. President, I had a question too on what the definition of special funds are. Checking it yesterday with the State Board staff for Community College, the definition they gave me and how they would apply this, they would include all federal fund programs, private foundation funds, special thrusts such as the additional staff for the management information system, the special thrust of the minority affairs program, the special program in the veterans' counselors, and I guess mainly that is about it. Now this bill speaks to teachers, counselors and librarians, so out of those pro-
grams maybe the only one that really would apply, that might possibly be a problem, would be the counseling position through possibly minority affairs or veterans' counselors. This really applies statewide, not just to those community colleges around military installations."

MOTION

On motion of Senator Sandison, Engrossed Substitute Senate Bill No. 2855 was ordered held on the third reading calendar for Friday, April 18, 1975.

MOTION

On motion of Senator Mardesich, the Senate commenced consideration of Senate Bill No. 2194.

SECOND READING

SENATE BILL NO. 2194, by Senators von Reichbauer, Washington, Grant and Stortini:
Providing for temporary appointments to fill vacancies in the office of United States senator.

The bill was read the second time by sections.

On motion of Senator Day, the following amendments by Senators Day and von Reichbauer were adopted:

On page 1, line 11, after "election", insert "occurring during an even-numbered year"

On page 1, line 17, after "election", insert "occurring during an even-numbered year"

On motion of Senator Beck the rules were suspended, Engrossed Senate Bill No. 2194 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

Debate ensued.

ROLL CALL

The Secretary called the roll on the final passage of Engrossed Senate Bill No. 2194, and the bill passed the Senate by the following vote: Yeas, 31; nays, 17; excused, 1.

Voting nay: Senators Benitz, Bluechel, Clarke, Cunningham, Gould, Guess, Jones, Lewis (Harry), Lewis (R. H. "Bob"), Matson, Morrison, Murray, Newschwander, North, Scott, Sellar, Wanamaker—17.

Excused: Senator Herr—1.

ENGROSSED SENATE BILL NO. 2194, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

MOTION

On motion of Senator Mardesich, the Senate commenced consideration of Senate Bill No. 2499.

SECOND READING

SENATE BILL NO. 2499, by Senators Gould, Beck and Talley:
Making changes in the laws relating to commercial food fish and shellfish licenses.
The bill was read the second time by sections.

On motion of Senator Gould, the following amendments by Senators Gould and Peterson were adopted:
On page 2, line 2 after "fish" and before "shellfish" strike "and" and insert "or"
On page 2, subsection 5, line 6 after "of" strike the remainder of the subsection and insert:
"byproducts from fish or shellfish including but not limited to fertilizer, oil, meal, caviar, fish bait, and"
Senator Gould moved adoption of the following amendment by Senators Gould and Peterson:
On page 2, subsection 6, line 8 after "in" strike the context down to the colon on line 10 and insert:
"the business of custom canning, which for purposes of this section is canning, for hire, of shellfish or food fish taken by others for their personal use"

POINT OF INQUIRY
Senator Bailey: "Would Senator Gould yield? Maybe I am dense this morning but I have looked this over and I have concurred with two of them. I cannot see what you have done to change it. Is there some hidden meaning in here that I have not seen?"
Senator Gould: "No, not that I know of. If there is, it is not one that I am aware of. The point is that as it is written in the bill, on line 8, you do not want to talk about all canners. We are only talking about custom canning of shellfish and fish."
Senator Bailey: "But in line 10 it says, 'engaged in the business of custom canning.'"
Senator Gould: "This also means the same. It is my understanding that this would define custom canning. Now I am sorry I cannot tell you more than that."
Senator Bailey: "It is no intention to change the meaning of the bill?"
Senator Gould: "No, there is not."
The motion by Senator Gould carried and the amendment to page 2, subsection 6, line 8 was adopted.
Senator Gould moved adoption of the following amendment by Senators Gould and Peterson:
On page 3, line 23 after "a" and before "deposit" insert "property bond or a"

POINT OF INQUIRY
Senator Woody: "Would Senator Gould yield? Or Senator Clarke, either one. I am wondering what you mean by a property bond as opposed to a surety bond and whether you really mean a fidelity bond?"
Senator Gould: "I will have to defer that to another lawyer."
Senator Clarke: "No I have not. Is that amendment in the alternative, that is, property or bond; or is the word 'property' to define the type of bond?"
Senator Gould: "It says, 'property bond or'. It is the type of bond and I would have to . . ."
Senator Woody: "Mr. Chairman, if I could ask Senator Clarke, the language in the bill says, 'in lieu of a surety bond that may be required under subsection one of this section, the applicant may file with the director a'—existing language—'deposit consisting of cash or other security acceptable to the department equal to the amount of a surety bond.' Now the language that is to be inserted by this amendment would say, 'may file with the director a property bond or a deposit.' Now normally my understanding of a property bond would be in the form of a mortgage or similar to a mortgage but in a property bond form, and I am wondering whether fidelity bond is the correct answer."
Senator Peterson: "Senator Woody, perhaps this language is not even necessary. The amendment may not be necessary, because as it reads, even if we did not adopt this amendment, it would still require a deposit consisting of cash or other security acceptable to the department, which I assume could include a property bond, but this was just to insert this language and perhaps make it a little bit easier on the processor."
Senator Clarke: "Mr. President, if the term 'property bond' is a word of art, I am
not aware of it, and for that reason I think it would be ill-advised to adopt that particular wording, at least without some further research."

There being no objection, the amendment to page 3, line 23 by Senators Gould and Peterson was withdrawn.

Senator Marsh moved adoption of the following amendment:

On page 3, following line 26, add a new section to read as follows:

"NEW SECTION. Sec. 5. There is added to chapter 75.08 RCW a new section to read as follows:

(1) Every person who shall unlawfully harvest food fish or shellfish from the waters of the state of Washington and who has disposed of such food fish or shellfish prior to apprehension for such unlawful harvest shall be liable to the state in treble the value of the food fish or shellfish so harvested together with all court costs for such recovery, to be recovered in a civil action by the department of fisheries, and shall forfeit to the state all interest in any fishery product produced by said food fish or shellfish.

(2) In a civil action brought pursuant to subsection (1) of this section, proof that food fish or shellfish were taken unlawfully shall constitute a prima facie presumption that the entire catch of which the unlawfully taken fish were a part was unlawfully taken and therefore subject the entire value of such catch to the treble damage provision."

Renumber the succeeding sections.

POINT OF ORDER

Senator Talley: "There is no one on this floor I have greater respect for than Senator Marsh, but I think he has exceeded the scope and object of this bill and I wish you would check into that please."

RULING BY PRESIDENT PRO TEMPORE HENRY

President Pro Tempore Henry: "The President, in ruling on the point of order raised by Senator Talley, the point is well taken. It does enlarge the scope and object of the bill."

The amendment by Senator Marsh was ruled out of order.

On motion of Senator Peterson, the rules were suspended, Engrossed Senate Bill No. 2499 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

Debate ensued.

POINT OF INQUIRY

Senator Bailey: "Would Senator Peterson yield? Senator Peterson, I am concerned about the custom cannery which is usually a small operation. On page 2, lines 8 through 16, could that be interpreted to mean that when you go to a custom cannery, you have caught your fish, you go to the custom cannery and if you have a twenty pounder of a fish, they usually give you the twenty pounds already canned and then they turn around and can the other and give it to somebody later, rather than make you wait twenty-four hours or whatever it would be; could this be interpreted to mean you have to sit there and wait for your fish to come back from the cannery?"

Senator Peterson: "Senator Bailey, this matter was not intended to be a part of this measure. No, it was not, and there is nothing that would prohibit the custom canner, in this measure, from doing anything he is doing right now. It is really a change in licensing."

Senator Bailey: "I am concerned that the new wording, 'It shall be unlawful to commingle personal use caught fish or shellfish at any time prior to or during the period of canning or processing.'"

Senator Peterson: "We amended that, Senator Bailey, that language was taken out."

Senator Bailey: "'No, it was not. Up above on line 10 was taken out but not down in line 16. The second question: Senator Peterson, is, Senator Gould has said this consolidates a number of licenses, but the way I read it, the custom canning license is thirty-seven dollars and fifty cents a year; now it is two hundred dollars a year. How much is a commingling here? Is this a strict increase or is it a total of the licenses they now take.'"

POINT OF INQUIRY
Senator Mardesich: "Will Senator Day yield? I gather what he is doing would allow
the addition of public members. Is that the effect of this, at the discretion of the Gov
ernor?"
Senator Day: "That is right."
Senator Mardesich: "I have often felt that, with respect to the medical profession,
there should be some of the public members sitting in a position of review of doctors
and I wonder how you distinguish. If that bill were to come out, I would be more than
happy to vote for adding public members to that board. What is the logic that . . ."
Senator Day: "Well, of course, the logic is that what this board is principally sup
posed to do is to examine people to see that they are qualified to be certified as a nursing
home administrator. That is what we are talking about, not nursing home owners but
nursing home administrators, the thing is that I think the same thing is true in your pro
fessional acts. I know that with the frustration of the additional medical costs, for exam
ple, that there has been a great hue and cry to do something about it and they feel that
one of the ways that that should be done is by putting lay members on an examining
board. Well, the thing is that this is not a disciplinary board, it is an examining board,
and I think we have got someone on there now who is Medicare age, and I think that
that will give them a listening post to see if they are improperly examining or certifying
nursing home administrators, and that is what this bill is about and we do have a bill, I
understand, on the green sheet in Rules now which has to do with the other parts of the punitive legislation."

The motion by Senator McDermott failed and the amendment was not adopted on a rising vote.

On motion of Senator Day, the following amendment was adopted:

On page 2, beginning on line 8, strike new section 2, and insert:

"NEW SECTION. Sec. 3. This act is necessary for the immediate preservation of the public peace, health, and safety, the support of the state government and its existing public institutions, and shall take effect immediately."

On motion of Senator Day, the committee amendment to the title was adopted.

MOTION

On motion of Senator Mardesich, the Senate advanced to the eighth order of business.
MOTION FOR RECONSIDERATION

Having voted on the prevailing side and having served prior notice, Senator Washington moved that the Senate reconsider the vote by which Reengrossed Substitute Senate Bill No. 2424 failed to pass the Senate on Monday, April 14, 1975.

POINT OF INQUIRY

Senator Rasmussen: "Would Senator Washington yield? Senator Washington, I have, I presume it is your latest copy, Section 13 states, ‘to assure the maximum benefit and meet the objective for which the provisions of sections 1 through 12 of this act were designed, the rule of strict construction shall have no application to sections 1 through 11 of this act, and the provisions of section 1 through 12 of this act shall be liberally construed to give sections 1 through 12 of this act their broadest meaning.’ Somewhere in there you lost me completely when you say the rule of strict construction will have no application which means, actually, you pay no attention to the words that are on the printed sheet, and then you go on to expand it and say that whatever is on the sheet shall be very liberally construed. That Section 13 kind of bothers me."

Senator Washington: "Is that Section 12? It is Section 12 on the one that I have. I would have no objection really, I have the feeling that liberal construction or strict construction, if the judge wants to go one way he will go; if he does not, he does not have to. I would have really no objection to striking on the orange sheet, Section 12; on the sheet that you had, apparently Section 13. If you wish to take just a minute to prepare such an amendment, I do not think we need to delay action on that. I would have no objection to that."

The motion for reconsideration by Senator Washington carried.

MOTIONS

On motion of Senator Washington, the rules were suspended and Reengrossed Substitute Senate Bill No. 2424 was returned to second reading.

On motion of Senator Washington, Reengrossed Substitute Senate Bill No. 2424 on second reading was made a special order of business immediately following the noon recess.

PARLIAMENTARY INQUIRY

Senator Bailey: "Senator Bottiger is deeply involved in this reconsideration in this bill. I was wondering, would it be proper to have this motion considered right after noon recess? I do not want to lose the opportunity. I would move that the Senate make this an order of business after the noon recess. I do not want to lose the opportunity for reconsideration."

Senator Day: "Was he in order?"

REPLY BY PRESIDENT PRO TEMPORE HENRY

President Pro Tempore Henry: "Was he in order? As far as I am concerned."

Senator Day: "I was just going to make the motion in case he was not."

President Pro Tempore Henry: "If there be no objection, the motion will be made immediately after noon recess."

MOTION FOR RECONSIDERATION

Having voted on the prevailing side and having served prior notice, Senator Day moved that the Senate do now reconsider the vote by which Engrossed Senate Bill No. 2611 passed the Senate.

BE IT FURTHER RESOLVED, That the Secretary of the Senate transmit a suitably inscribed copy of this resolution to Mr. Herbert W. Humphres and his wife, Patsy.

POINT OF INQUIRY

Senator Goltz: "I wonder if Senator Guess would yield to a question? I notice, Senator Guess, that we have within this resolution a definition that we have been looking for in this legislature for a long time. It is the definition of basic education. In the third paragraph it says that he received his basic education in Spokane and Colville. I suppose that we can now, by adopting this, we will have our basic definition. I wonder if you could tell us what that is?"

Senator Guess: "In the first place, he learned to read; in the second place, he learned to write; in the third place, he got a real sharp pencil, and he never had a fear of work and he spent numerous hours overtime in working and doing a job and if he did not finish during the eight hours, he was not adverse to coming back and burning the midnight oil."

PERSONAL PRIVILEGE

Senator Bluechel: "Today I met with some three thousand or so students and parents of the Lake Washington School District which were out in front of the capitol at lunch and they gave me a cake, plus a hard boiled egg; and they wrote a little letter with it and I thought that I would like to share this with the legislators. It says — and this is the cake — it says:

'Dear Legislators: Enclosed is fifty cents to cover postage on sending this cake pan back empty to the Juanita High School Home Ec Department, 10601 NE 132nd, Kirkland, Washington. Here are the alternatives. Send it back, cake and all. You would have to pay more for postage, probably with our taxes which would be better spent on our schools. Two, not send back the pan. Then the taxpayers would have to buy us a new one. Three, eat it without helping us, "how unethical". Four, throw away the cake and send the pan back empty. Think of the starving Asians. Five, send it to some starving Asians. We still would not get our pan back. Six, help fund our schools, then eat up and enjoy with a clear conscience. It is homemade triple chocolate fudge, loaded with walnuts. Yum, yum. Juanita High School.'

'I would like to share this cake with all of you and I particularly would like to eat a large piece with Senator Mardesich.'

AND SO MAY WE NOT BE FRIGHTENED OR DISCOURAGED BY THE PROBLEMS THAT CONFRONT US, BUT RATHER GIVE THANKS TO YOU THAT YOU HAVE MATCHED US WITH THIS HOUR. HELP US WHEN WE WANT TO DO THE RIGHT THING BUT DO NOT KNOW WHAT IT IS. BUT HELP US MORE WHEN WE KNOW PERFECTLY WELL WHAT WE OUGHT TO DO, BUT DO NOT WANT TO DO IT. AMEN."

MESSAGE FROM THE HOUSE

April 18, 1975.
Mr. President: The House has adopted HOUSE CONCURRENT RESOLUTION NO. 28, and the same is herewith transmitted.

DEAN R. FOSTER, Chief Clerk.

INTRODUCTION AND FIRST READING

HOUSE CONCURRENT RESOLUTION NO. 28, by Representative Charette:
Joint Session to receive a message from the Governor.

MOTIONS

On motion of Senator Sandison, the rules were suspended and House Concurrent Resolution No. 28 was advanced to second reading and read the second time in full.
On motion of Senator Sandison, the rules were suspended and House Concurrent Resolution No. 28 was advanced to third reading, the second reading considered the third, and the resolution was placed on final passage.

POINT OF INQUIRY

Senator Rasmussen: "Would Senator Sandison yield to a question? Senator Sandison, were you on the steering committee that is steering the Governor in this project?"
Senator Sandison: "No, Senator, I am not. I do not think there is such a committee."
Senator Rasmussen: "You are just concurring with the Governor? My question is this, why is it that he is making this very ill-timed move? All of the school teachers, I understand, are going to be here Tuesday to get his message, and why doesn't he have that joint session on the day when they are here to get the message?"
Senator Sandison: "Senator, I do not know how the Governor's mind works or what the disposition of this matter has been downstairs. This is just a request for a joint session."
Senator Rasmussen: "Thank you, Senator. I should probably ask Senator Lewis if he knows how the Governor's mind works."

POINT OF INQUIRY

Senator Rasmussen: "Will Senator Lewis yield? Senator Lewis, you heard my question? My question was this: I understand there is a large group of school teachers coming down here Tuesday to get the message. Why doesn't the Governor have the joint session requested on Tuesday rather than Monday when nobody will be here?"
Senator Lewis (Harry): "Senator Rasmussen, it is my understanding the Speaker of the House, who controls that shop over there, wanted them in on Wednesday and not
before. I do not think it has anything to do with the school teachers coming down. The Governor is the Governor, and he wanted to speak to him. You might find if you could sit down with an open mind and listen to him, perhaps we would understand what his position would be.”

Senator Rasmussen: “I had a second question. That was, can he spare the time between going back to visit with Rockefeller in Washington, D.C. to take time to address us?”

Senator Lewis (Harry): “Senator Rasmussen, I think the Governor’s efforts have been towards various pieces of legislation that have been before this body and others, for example, including the Women’s Council which he is vitally concerned about. Perhaps you might concern yourself with the same issue.”

Senator Rasmussen: “Why do you think I am getting gray hair?”

MOTION

Senator Rasmussen moved that the rules be suspended and House Concurrent Resolution No. 28 be returned to second reading.

Debate ensued.

The motion by Senator Rasmussen failed.

The President declared the question before the Senate to be adoption of House Concurrent Resolution No. 28.

House Concurrent Resolution No. 28 was adopted.

MOTION

On motion of Senator Sandison, Engrossed Substitute Senate Bill No. 2855 was ordered to hold its place on the third reading calendar for the next working day.

MOTION
On motion of Senator Walgren, the Senate commenced consideration of Senate Bill No. 2673.

SECOND READING
SENATE BILL NO. 2673, by Senators Odegaard and Lewis (Harry):
Modifying the timber reserve fund distribution for 1975 and setting the time for calculation of harvest factors.

MOTIONS
On motion of Senator Odegaard, Substitute Senate Bill No. 2673 was substituted for Senate Bill No. 2673, and the substitute bill was placed on second reading and read the second time in full.
On motion of Senator Odegaard, the rules were suspended, Substitute Senate Bill No. 2673 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

POINT OF INQUIRY
Senator Fleming: "Would Senator Odegaard yield to a question? To make things perfectly clear in my mind, there is no effect on the rate that we passed of taxes, as far as taxes last time, no reduction or no increase?"
Senator Odegaard: "That is right. No effect. It still stays at six and one-half percent and there is still in the bill, too, the surcharge in case the minimum is reduced below the level it is supposed to be at, five tenths, and that would only kick in if it had to, but there is no change in the rate."
Debate ensued.

ROLL CALL
The Secretary called the roll on the final passage of Substitute Senate Bill No. 2673, and the bill passed the Senate by the following vote: Yeas, 46; absent or not voting, 2; excused, 1.
Absent or not voting: Senators Donohue, Mardesich—2.
Excused: Senator Matson—1.

SUBSTITUTE SENATE BILL NO. 2673, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

SECOND READING
SENATE BILL NO. 2007, by Senators Henry, Beck, Stortini, Cunningham, Benitz and Guess:
Establishing the death penalty for first degree murder.
MOTIONS

On motion of Senator Francis, Substitute Senate Bill No. 2007 was substituted for Senate Bill No. 2007, and the substitute bill was placed on second reading and read the second time in full.

On motion of Senator Pullen, the following amendment by Senators Pullen, Benitz, Rasmussen, Newschwander, Beck and Stortini was adopted:

On page 1, line 29, after subsection (f), insert the following: "(g) There was more than one victim and the said murders were part of a common scheme or plan, or the result of a single act of the defendant."

Senator Grant moved adoption of the following amendment:

On page 1, line 30 after "death" and before the period insert "unless a majority of the members of the jury find that there is no substantial likelihood that the defendant will kill again if he is not executed".

Senator Talley moved the amendment by Senator Grant be laid upon the table. The motion by Senator Talley failed on a rising vote. Debate ensued.

The motion by Senator Grant failed and the amendment was not adopted.

Senator Guess moved adoption of the following amendment:

On page 1, line 29, after subsection (t) add the following: "(g) The victim was a person who appeared or was to appear in a criminal action as a witness against the defendant."

POINT OF INQUIRY

Senator Walgren: "Would Senator Guess yield, please? Senator Guess, is it your intention that the word 'victim' means police officer here?"

Senator Guess: "Yes, sir."

Senator Walgren: "Rather than an ordinary non-law enforcement person who would testify?"

Senator Guess: "That is right, Senator, but I am a little bit anxious about using the word 'police officer' because I think that it points it out and it makes it fairly discriminatory."

Senator Walgren: "It would seem to me the way it is written here that this would apply to any person who was to testify against another person. My second question, though, Senator Guess, is that your language here is 'appear in a criminal action as a witness against the defendant.' Would you carry that down to what, a traffic offense for a person who testified against him?"

Senator Guess: "That is not a criminal offense, Senator."

Senator Walgren: "All right. A third degree assault case?"

Senator Guess: "I would place my hands at your mercy and if you have an oral amendment, I am sure that the body would be willing to accept it. Not being an attorney and having very little time to draft the amendment . . . ."

Senator Walgren: "I do not mean to be particularly critical except for the fact I think that this language as it is now prepared is perhaps a little broad."

Senator Guess: "I would be willing to accept an amendment and would offer an oral amendment, Mr. President. If we would change the word 'person', the victim was a former police officer."

Debate ensued.

POINT OF INQUIRY

Senator Bottiger: "Would Senator Guess yield to a question? Senator Guess, as I look at this I begin wondering about whether we should not add the prosecutor; and we recently had a case where a judge died as a result of a bomb, apparently by a former person that he had sentenced for the commission of a crime. I just wonder where the line ends. Maybe a newspaper man who wrote an unfavorable story about the trial. I do not know where to draw it."

Senator Guess: "Mr. President, after listening to Senator Francis on this and I think that the language of the amendment as it is offered would be definitive and therefore I would urge that the body adopt the amendment."
Further debate ensued.
The motion by Senator Guess failed and the amendment was not adopted.
There being no objection, the two amendments by Senator Grant to page 2, line 3 on the Secretary's desk were withdrawn.

PARLIAMENTARY INQUIRY

Senator Fleming: "I was wondering; there are amendments on page 1 still not adopted. Can we still take those after we adopt these on page 2?"

REPLY BY THE PRESIDENT

The President: "It will be necessary to consider the amendments on page 2 first, Senator, because those on page 1 strike the material, and the body must be given the privilege of improving the measure."

Senator Goltz moved adoption of the following amendment:

On page 2, following line 9, add 2 new sections to read as follows:

"NEW SECTION. Sec. 2. There is added to chapter . . . (SSB No. 2092), Laws of 1975 first ex. sess. and to chapter 9A.32 RCW a new section to read as follows:

If subsequent to the imposition of the death sentence and execution pursuant thereto in any case the person executed is found by a jury in a civil action brought for this purpose in a superior court of the state of Washington to have been innocent of the crime for which he was executed the person having carried out the death sentence shall not be charged with aggravated murder in the first degree pursuant to subsection (c) of section one of this act but the state shall pay to the surviving heirs of the executed person an indemnity in the amount of ten million dollars to be distributed to such heirs in accordance with the provisions of RCW 11.04.015. Should the person executed die without leaving heirs within the ambit of the laws of intestate succession the ten million dollars shall not escheat to the state, but shall be devoted to the construction of a monument in the executed person's name to be placed on the grounds of the state capitol facing the temple of justice."

Senator Rasmussen moved adoption of the following amendment to the amendment by Senator Goltz:

Following New Section 2 of the Goltz amendment, insert a new section to read as follows:

"NEW SECTION. Sec. 2A. There is added to chapter . . . (SSB No. 2092, Laws of 1975 first ex. sess. and to chapter 9A.32 RCW a new section to read as follows:

In each and every case where a person has been convicted of the crime of aggravated murder in the first degree as defined by section one of this act, the state of Washington shall award to the surviving heirs of the innocent victim or victims indemnity not to exceed ten million dollars as just compensation for loss of love, companionship and earnings of the murder victim. Such indemnity is to be distributed to such heirs in accordance with the provisions of RCW 11.04.015. Such indemnity shall be payable by the state of Washington for its negligence in failing to have prevented the crime of aggravated murder and for its failure to have accorded to its citizens, residents, and visitors the protection to which they are entitled by law in every civilized society."

POINT OF ORDER

Senator Goltz: "I would like to challenge the amendment on scope and object. I would like to speak to that. It seems to me that we have a new subject here in this amendment to the amendment which deals with the matter of payment to victims of crime. While I support that concept, it seems to me it is an inappropriate place to put such an amendment when we are dealing in this case with the penalties for the makers of the crime."

POINT OF ORDER

Senator Henry: "I raise the question of scope and object on Senator Goltz's amendment. That will settle the whole thing."
RULING BY THE PRESIDENT

The President: "In ruling on the points of order as presented by Senator Goltz and Senator Henry, the President determines that Senate Bill No. 2007 is a measure dealing with a mandatory death penalty in certain criminal cases. Both of the proposed amendments to which objection has been raised deal solely with compensation in civil cases. The amendments, therefore, do change the scope and object of the bill and the points of order are well taken."

The amendment by Senator Rasmussen to the amendment by Senator Goltz and the amendment by Senator Goltz were ruled out of order.

Senator Goltz moved adoption of the following amendment:

NEW SECTION. Sec. 3. There is added to chapter . . . (SSB No. 2092), Laws of 1975 first ex. sess. and to chapter 9A.32 RCW a new section to read as follows:

Each judge in delivering instructions to a jury where the death penalty may be imposed shall be required to read to the jury the names of all persons previously executed and subsequently having been found innocent of the crime for which such person or persons were executed."

Renumber the succeeding sections.

On motion of Senator Rasmussen, the following amendment to the amendment by Senator Goltz was adopted:

Following New Section 3 of the Goltz amendment insert a new section to read as follows:

NEW SECTION. Sec. 3A. There is added to chapter . . . (SSB No. 2092), Laws of 1975 first ex. sess. and to chapter 9A.32 a new section to read as follows:

Each judge in delivering instructions to a jury in cases where a person is charged with the crime of aggravated murder in the first degree as defined in section one of this act shall be required to read to the jury the names of all innocent victims of the crime of aggravated murder in the first degree and their survivors and shall include in his instructions the full details of each of such aggravated murder crimes which have deprived such survivors of the love and affection of the victim to which they were entitled and the judge shall further include a list of all persons having been pardoned, released or paroled by Governor Evans and any succeeding governor of the state of Washington which list shall contain the names of all pardoned, released or paroled criminals who after such pardon, parole or release have been found guilty of the commission of further homicides."

Debate ensued.

The motion by Senator Goltz failed and the amendment, as amended, was not adopted.

Senator Cunningham moved adoption of the following amendment:

On page 1, section 1, line 29 through line 9 on page 2 strike entire subsection (2) and insert a new subsection (2) as follows:

"(2) A person found guilty of aggravated murder in the first degree shall be punished by the mandatory sentence of confinement to prison for the remainder of his natural life. A person sentenced under this section shall not have that sentence suspended, deferred, or commuted by any judicial officer, and the board of prison terms and paroles shall never parole a prisoner or reduce the period of confinement nor release the convicted person as a result of any automatic good time calculation nor shall the department of social and health services permit the convicted person to participate in any work release or furlough program. For the purpose of this section RCW 9.95.115 shall not be applicable."

Debate ensued.

Senator Peterson demanded the previous question. The demand was not sustained.

POINT OF INQUIRY

Senator Odegaard: "Would Senator Francis yield to a question? It might have some bearing on this amendment. You and Senator Henry have both stated that you would like to see both proposals on the ballot and let the people choose. Could you ex-
plain to us actual procedure and how that would work? Now what if the people adopted both measures?"

Senator Francis: "Senator Odegaard, I wrote both measures so that they would be consistent in the unlikely result of the public voting for both bills. For example, in Senate Bill No. 2829, which provides for a mandatory life imprisonment for aggravated murder in the first degree, it states that, and this is on the back of that page, it says that a person found guilty of aggravated murder in the first degree shall be punished by the mandatory sentence of confinement to prison for the remainder of his natural life, and then it has one cross reference I will not go into now; and then says, 'Provided that this section shall not be construed to prohibit the death penalty in proper cases as authorized by law.' What would happen then is if both passed, regardless of what the United States Supreme Court said, there would be some effect given to this or to the other one. It may be, for example, that on an appeal some of those subsections of aggravated first degree murder would be held to be unconstitutional to provide a death penalty and others would be, so in that case the death penalty would prevail. If both are adopted, the death penalty one will prevail is what would happen. There are a number of outs. For example, I certainly think it is important that we pass Senate Bill No. 2829 because I think there is every likelihood that the House again will not pass the death penalty and if we seriously want to get these people out of circulation, then I think we have to at least give the House the option of passing something that prevents these people from getting in circulation again. The other thing which I think you should be aware of is that there is nothing in any of these three alternatives, and I am including Senator Cunningham's amendment in that as the third one. There is nothing in any of these three that forbids the Governor to exercise his pardoning power under the Constitution, and unless you expressly limit that power, which you can do under this Constitution, but unless that power is expressly limited it still exists, so that in any of these cases where it was later determined that a pardon should be granted, it could be granted. And of course in the case of an execution that would have to happen before the execution, but no matter how the life imprisonment came about, there is always that hope Senator Van Hollebeke referred to of a pardon."

POINT OF INQUIRY

Senator Bailey: "Would Senator Francis yield? Senator Francis, when Senator Knoblauch was giving a very good speech on the problem he said that he was happy to vote for this if it would give the people a choice. Now my question is this: If we adopt the amendment and strike capital punishment and make mandatory life sentencing the fact of Senate Bill No. 2007, isn't it true they no longer have a choice? They only have before them then just the mandatory life imprisonment. Isn't it true that we would have to pass both bills in order to give the people a true choice at the polls?"

Senator Francis: "That is correct, Senator Bailey. As a matter of fact, this bill already has written into it as it came from committee a fallback position too that if the death penalty is found to be unconstitutional in whole or in part, that for those aggravated first degree murders the penalty would still be life and it would be the same as written by Senator Cunningham. The effect of adopting this amendment would be to completely eliminate that choice and to make the decision here. Yes, that is quite clear."

Further debate ensued.

The motion by Senator Cunningham failed and the amendment was not adopted.

Senator Fleming moved adoption of the following amendment:

On page 1, beginning on line 29, strike the balance of the section down through the period on page 2, line 9 and insert:

"(2) A person found guilty of aggravated murder in the first degree shall be punished by the mandatory sentence of death, if the jury unanimously finds that there are no substantial factors in mitigation of the offense, and any of the following is true:

(a) The defendant's background, history, and prior criminal record, if any, demonstrate, beyond a reasonable doubt, that there is no substantial likelihood of his being reformed or rehabilitated;

(b) There were aggravating circumstances surrounding the commission of the of-
fense which, when viewed in light of the defendant's background, history, and prior criminal record, if any, demonstrate beyond a reasonable doubt that there is a substantial likelihood that the defendant will willfully and unlawfully kill another human being;

(c) There were aggravating circumstances surrounding the commission of the offense which, when viewed in light of the defendant's background, history, and prior criminal record, if any, demonstrate beyond a reasonable doubt that he cannot be controlled and is substantially likely to commit another murder while in prison.

(3) Every person charged in an indictment or information with aggravated murder in the first degree shall be represented by counsel of his choice in all proceedings in which such charges are at issue. The costs of such representation shall be borne by the state.

NEW SECTION. Sec. 2. There is added to chapter 2.04 RCW a new section to read as follows:
The supreme court shall have exclusive appellate jurisdiction in all cases in which the death penalty is imposed. In addition to its authority regarding correction of errors of law, the court shall review the record of the case and of other cases in which the death penalty was imposed and affirm the death sentence only if it determines that the imposition of the penalty of death was not disproportionate to the penalty imposed in similar cases and that no discrimination as to race, religion, sex, or economic status was involved in the trial or sentencing process."

Renumber the remaining sections.

Debate ensued.

POINT OF INQUIRY
 Senator Lewis (R. H. "Bob"): "Will Senator Fleming yield? Senator Fleming, statistics are sometimes quite interesting, and if I heard you correctly, I believe you said that in Florida that fifty-four percent of the black men convicted of raping a white woman were executed. Did I hear that correctly? Do you have any statistics as to how many convictions there were of white men raping black women and what the executions were?"

Senator Fleming: "As I indicated before, the statistics that we were running were in terms of executions and statistics showed that not one white man had ever been executed for raping a black woman."

Senator Lewis (R. H. "Bob"): "How many had been convicted of raping a black woman?"

Senator Fleming: "We did not get those. We were mainly involved in the execution part of it. From my understanding, the percentage of those who were convicted were far less, minute."

Senator Lewis (R. H. "Bob"): "We do not know how many white men were convicted of raping a black woman? I see. One other question, if I may. If I read correctly, and I do read correctly on this one, it says that 'every person charged in an indictment or information with aggravated murder in the first degree shall be represented by counsel of his choice in all proceedings in which such charges are at issue. The cost of such representation shall be borne by the state.' Would that mean that that does not limit it to Washington State attorneys or anyone? He can have counsel of his choice. If I am charged with murder, I could choose Melvin Belli to be my defense attorney and the state would bear the cost. Is that correct under this?"

Senator Fleming: "In a normal situation I guess that could be the case, but if that is some concern of yours and if you are willing to support this bill, I would accept your amendment."

Senator Lewis (R. H. "Bob") moved adoption of the following amendment to the amendment by Senator Fleming:
Amend the Fleming amendment to page 1, beginning on line 29 as follows: Strike all of subsection (3).

POINT OF INQUIRY
 Senator Fleming: "Question to Senator Lewis. I think you misunderstood me. I
was willing for you to put an amendment in there saying that legal counsel within the state of Washington. That is what you were concerned about, getting someone out of the state, and so that is what I heard your question to be and that is what I indicated that I would support, if you wanted to limit the counsel in the state of Washington and not Mr. Belli outside of the state."

Senator Lewis (R. H. "Bob"): I believe that today anyone accused of murder is entitled to defense appointed by court. Is that correct?"

Senator Fleming: "And that is what the amendment says, that they should not have to rely on a public defender or someone appointed by a court who might be overworked, might not give them the kind of counsel, legal counsel and backing that they would get from someone who was more for it and had the money to pay for it."

Senator Lewis (R. H. "Bob"): "I think I will let my amendment stand as is, Mr. President."

POINT OF INQUIRY
Senator Fleming: "May I ask Senator Lewis another question? In your move of the oral amendment, did I hear you say that you were supporting my amendment if that was adopted?"

Senator Lewis (R. H. "Bob"): "No, I did not make such a commitment."

Further debate ensued.

POINT OF INQUIRY
Senator Fleming: "Senator Francis, would you yield? You are speaking of this amendment and maybe there is a technical error in the amendment somewhere along the way. If you, as a learned attorney and the chairman of Judiciary, would like to give an oral amendment to that section so that we are talking about the indigents that we do the same thing in other cases, then I would appreciate that and would like your support on it. The intention of the amendment was not to make sure if you were disadvantaged and poor and so forth that you would be able to get that counsel but that it would not just be limited to a court appointed attorney or a public defender but you were able to get the best type of defense because this type of crime, this type of a penalty, taking one's life, is a heck of a lot different than some of the other areas that you were talking about."

Senator Francis: "Senator Fleming, it would be easy to add some language but I do not think that would solve all of the problem. It is not a technical problem. I think it is a problem partly of philosophy. You could add after the word 'state' 'in cases of indigency' or something, but then you still have no control over who they are going to hire and in effect we are saying we offer to pay the bill if he wants to get Melvin Belli or Percy Forman or somebody else. Remember Percy Forman? He is the guy who says that 'my client's punishment is my fee'. And in that case we would only be punishing the state of Washington and I do not think that is what we want to do. I think you are better just leaving this out of this amendment. I think you have even a better chance of having it pass."

The motion by Senator Lewis (R. H. "Bob") carried and the amendment to the amendment by Senator Fleming was adopted.

The motion by Senator Fleming failed and the amendment, as amended, was not adopted.

Senator Pullen moved adoption of the following amendment:
On page 2, line 13, after "In" insert "the event that the governor commutes a death sentence or in".

POINT OF INQUIRY
Senator Francis: "Would Senator Pullen yield? Senator Pullen, would your amendment do anything to the Governor's power to grant a complete pardon?"

Senator Pullen: "No, not at all. It would do nothing to that. For example, if a person were in prison for life and it was subsequently determined that this person were innocent of the crime to which he had originally been convicted, the Governor could still give him a complete pardon and he could then be freed."
The motion by Senator Pullen carried and the amendment was adopted. On motion of Senator Cunningham, the following amendment by Senators Cunningham and Pullen was adopted:

On page 2, line 21 after “never” insert “parole a prisoner or”.

There being no objection, the amendment by Senator Cunningham to page 2, beginning on line 10 on the Secretary’s desk, was withdrawn.

On motion of Senator Pullen, the following amendment by Senators Pullen, Newschwander and Rasmussen was adopted:

On page 2, line 33 after section 3, insert the following:

"NEW SECTION. Sec. 4. If any provision of this act, or its application to any person or circumstance is held invalid, the remainder of the act, or the application of the provision to other persons or circumstances is not affected."

There being no objection, Senator Woody was excused.

MOTION

Senator Francis moved that the rules be suspended, Engrossed Substitute Senate Bill No. 2007 be advanced to third reading, the second reading considered the third and the bill be placed on final passage.

The motion carried on a rising vote.

The President declared the question before the Senate to be the roll call on final passage of Engrossed Substitute Senate Bill No. 2007.

ROLL CALL

The Secretary called the roll on the final passage of Engrossed Substitute Senate Bill No. 2007, and the bill passed the Senate by the following vote: Yeas, 33; nays, 14; excused, 2.

ENGROSSED SUBSTITUTE SENATE BILL NO. 2007, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

MOTION

On motion of Senator Francis, Engrossed Substitute Senate Bill No. 2007 was ordered immediately transmitted to the House.

SECOND READING

POINT OF INQUIRY

Senator Sandison: "Would Senator Peterson answer a question, please? Senator Peterson, don't you have other titles that you can use for your amendments?"

Senator Peterson: "Yes, I do, Senator Sandison. We could do this two ways. We could either put a substitute bill on the floor Monday or we could put another title only which would prolong the action. In effect it would then have to go to Rules Committee and I think what we are all trying to do here is alleviate the problem before we run out of time."

Further debate ensued.

Senator Talley demanded a roll call and the demand was sustained by Senators Sandison, Donohue, Guess, Rasmussen, Peterson, von Reichbauer, Day, Van Hollebeke and Cunningham.

PARLIAMENTARY INQUIRY

Senator Washington: “I do have some question about the number of people who are on the floor, but since we have amended the bill, this is a new bill and if we do not have the constitutional majority, I believe I could ask for a reconsideration again.”

REPLY BY THE PRESIDENT

The President: “Senator Washington, there is some doubt in the President’s mind that this is a new bill. This is an amended bill.”

Senator Washington: “But it is a new matter if we reconsidered, we now have a bill that has different provisions in it. It went back to second reading.”

The President: “Going back to second reading does not necessarily make it a new bill, Senator.”

MOTION
Senator Mardesich moved adoption of the following resolution:

SENATE RESOLUTION 1975-34

By Senator Mardesich:
WHEREAS, The Legislature is facing a critical period of budget decision-making and requires as much information as necessary from public agencies, boards and commissions in order to responsibly allocate limited revenues for governmental programs; and
WHEREAS, The Senate has been concerned with the costs of the state pension system; and
WHEREAS, By state law the state contribution to the Public Employees Retirement System is determined by the Public Employees Retirement Board on the basis of actuarial valuations; and
WHEREAS, Actuarial valuations are based on assumptions about such factors as future increases in salaries, the size of payroll, the incidence of mortality and disability, turnover rate, and mortality rate; and
WHEREAS, The required state contribution may vary substantially from projected amounts if the actuarial assumptions used vary substantially from the actual emerging experience of the retirement system; and
WHEREAS, State law provides a method of testing the appropriateness of the actuarial assumptions by requiring that the Public Employees Retirement Board cause an actuarial experience investigation to be conducted every five years; and
WHEREAS, The most recent experience investigation of the Public Employees Retirement System is for the period ended December 31, 1967; and
WHEREAS, The experience investigation for the five-year period ended December 31, 1972 has not been produced after a request from the Select Committee on Pensions on November 14, 1974 and after a subsequent request by the Senate Majority Leader on April 4, 1975 despite a response dated November 27, 1974 by Thomas P. Bleakney, actuary to the System, that such investigation would be produced within a few weeks of that response; and
WHEREAS, The information in such an experience investigation is required for the Senate Ways and Means Committee to evaluate the budget properly; and
WHEREAS, It appears that the Public Employees Retirement Board has defaulted in a duty required to be performed by law;
NOW, THEREFORE, BE IT RESOLVED, That the Senate Majority Leader, August P. Mardesich, and the Senate Ways and Means Committee Chairman, Hubert F. Donohue, are hereby authorized to file suit immediately on behalf of the Senate in the courts of this state for the purpose of mandating the Public Employees Retirement Board, its members, and its director, Lloyd Baker, to cause an actuarial experience investigation to be made of the Public Employees Retirement System for the period ended December 31, 1972 as required by law or to produce such investigation or for any other appropriate relief.

MOTION
On motion of Senator Mardesich, the Senate returned to the sixth order of business.
MOTION
On motion of Senator Mardesich, the Senate commenced consideration of En­
grossed House Bill No. 377.

SECOND READING
ENGROSSED HOUSE BILL NO. 377, by Representatives Curtis and Hurley
(George) (by Department of Game request):
Increasing certain fees and licenses for game and game fish.
The bill was read the second time by sections.
On motion of Senator Peterson, the rules were suspended, Engrossed House Bill
No. 377 was advanced to third reading, the second reading considered the third, and the
bill was placed on final passage.
Debate ensued.

POINT OF INQUIRY
Senator Guess: "Would Senator Peterson yield? Senator Peterson, on page 6 of the
bill I find that section 4, line 24, says 'This section shall expire on March 31, 1976, there­
after shall be of no force and effect.' This has to do with, as I read it, the steelhead fishing
license or a seal."

Senator Peterson: "Senator, pardon me, you are on page 6. What line?"

Senator Guess: "That was on lines 24 and 25. Then on lines 34 and 35 it says that
section 5 shall expire December 31, 1975. Then on the next page, that section 6 will ex­
pire. Will you explain that to me?"

Senator Peterson: "Are you on House Bill No. 377?"

Senator Guess: "Reengrossed House Bill No. 377, which is in our books on page
67. In the House Book. Sections 4, 5, 6, 7, 8, 9, 10 and 11 all have a terminal date on
them, and I really do not know what they are doing, Senator, and I like to know before I
vote for a bill."

Senator Sandison: "Mr. President, perhaps I can answer that. In regards to the
steelhead fishing tag, because they have now become a commercial fish as far as the In­
dians are concerned, this sets up the reporting, they are going to set up a new reporting
form, and the same way with the licenses. They would begin in January."

Senator Guess: "All right. Then in section 5, Senator, it says 'any resident may by
paying the sum of twelve dollars or paying a state hunting and fishing license which enti­
tles the holder thereof to hunt and fish in any county in the state.' Now is this going to do
away with the statewide hunting license?"

Senator Peterson: "No."

Senator Guess: "It declares that it will expire on the 31st of December 1975."

Senator Peterson: "They all expire. They are only issued for a year."

Senator Guess: "But they say that this section shall expire. Now next year there will
not be any statutory language that they can buy a statewide fishing license."

Senator Peterson: "I do not think you are reading it right. Line 31 says 'to hunt and
fish in any county in the state until the first day of January next following the date of its
issuance' and I do not think that eliminates the annual issuance of a license. I am sure it
is not intended that way."

Senator Guess: "Okay. Mr. President, I have my doubts about the bill very much
because it appears that it is going to very seriously limit the ability of various people to
fish in the state. I just do not think we ought to do that.

"It goes on, there are many sections in there that it seems to repeal or put a ter­

 Senator Sandison: "Mr. President, if perhaps I could respond to Senator Guess,
there is a new section in here which puts a date on it and as soon as Senator Donohue
comes back, I will get the number of it. There is a new section 14 on page 9 of the bill.
The section shall expire December 31, 1975 and thereafter be no further force and ef­
fact whatsoever.' And then there is another section that puts it back into force."

Senator Guess: "Senator Sandison, Senator Clarke has pointed out section 20 in
which they reenact all of these sections with the higher fee. Now perhaps they use that
direction instead of ...."
Senator Sandison: "That is correct. The code reviser made all these others null and void and then raised them. Correct."

Senator Guess: "I thank you very much and I appreciate the tolerance of the Senate."

MOTION

Senator Rasmussen moved that the rules be suspended and Engrossed House Bill No. 377 be returned to second reading.
Debate ensued.

POINT OF INQUIRY

Senator Peterson: "Senator Rasmussen, would you yield? Senator Rasmussen, how old are you?"

Senator Rasmussen: "Sixty-five, Senator Peterson. Senator Peterson, I might also state that where I used to buy licenses many years ago when my children were small, I have since found that I have been so busy I have not had time to go fishing, have not bought a license, so this would not be what you would call a conflict of interest. I doubt very much if I will have time to go fishing this year, either, the way this session is running."

The motion by Senator Rasmussen failed.

MOTION

On motion of Senator Wilson, Senator Goltz was excused.

The President declared the question before the Senate to be the roll call on final passage of Engrossed House Bill No. 377.

ROLL CALL

The Secretary called the roll on the final passage of Engrossed House Bill No. 377, and the bill passed the Senate by the following vote: Yeas, 34; nays, 4; absent or not voting, 4; excused, 7.

Absent or not voting: Senators Francis, Grant, Herr, Murray—4.

ENGROSSED HOUSE BILL NO. 377, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

Authorizing certain types of motor vehicle lighting.

On motion of Senator Guess, the rules were suspended, Substitute Senate Bill No. 2211 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

POINT OF INQUIRY
Senator Cunningham: "Would Senator Beck yield to a question? Senator Beck, what I would like to know is if it is broad enough that it would also permit what is known as the Yellow Cab caution light which was used in California, mounted on the back of taxicabs and as you were braking, the greater pressure that you braked with, the greater intensity of the light? Will this permit that?"
Senator Beck: "The demonstration that was made to the Legislative Transportation Committee, there is only one volume of light that comes out of it. If you are going ahead under the motive power of your engine it is a green light, a small green light. If you have your foot off of the throttle, it becomes a yellow light. No, I do not know anything about the kind of lighting that you are talking about. This, either it is on or it is off. There is no difference in the intensity of the light, to my knowledge."
Senator Cunningham: "Senator Beck, let me ask this. What kind of signal does this give if the truck is completely stopped and in neutral?"
Senator Beck: "If your engine is running, it will have an amber light. If your brakes are on the car, then of course the normal red brake lights will be showing. It in no way affects the current system of lights that are on a motor vehicle."
Senator Cunningham: "Thank you."

POINT OF INQUIRY
Senator Cunningham: "Would Senator Guess yield to a question? Senator Guess, being a supporter of traffic safety, I just want to make sure that this does not give people false signals under normal conditions. Could you explain a little more about this?"
Senator Guess: "Senator Cunningham, I think that the thing was worked out in the committee. We did everything we could in questioning the people who have developed this device to make sure that it does not give any false signals, and as Senator Beck has said, when the car is on the road and your accelerator is on, then the green light will be showing. When you take your foot off of the accelerator prior to braking, it will alert the driver behind you that you have taken your foot off of the accelerator and that you are
fixing to do something and the amber light will come on. Then if you put the brake pedal on, then the red light comes on, and I do not believe that it has anything to do with the cab system in San Francisco. I never heard of it and it has not been applied there."

Senator Cunningham: "Senator Guess, then I would ask you the same question and I am sorry that you have not heard about the system that was tried with Yellow Cabs. Would this legislation also permit the voluntary installation of what is known as the Yellow Cab safety light?"

Senator Guess: "No, sir."

POINT OF INQUIRY

Senator Wilson: "Will Senator Beck yield? Just to make this a matter of record and legislative intent, Senator Beck, am I correct in assuming that the features of Senate Bill No. 2211 are purely optional and voluntary?"

Senator Beck: "Yes, it is permissive legislation."

ROLL CALL

The Secretary called the roll on the final passage of Substitute Senate Bill No. 2211, and the bill passed the Senate by the following vote: Yeas, 40; nays, 3; excused, 6.

The bill was read the second time by sections.
Senator Clarke moved adoption of the following amendment:
Strike everything after the enacting clause and insert the following:
“NEW SECTION. Section 1. As used in this chapter, unless the context indicates
otherwise:
(1) “Association” means any building and loan or savings and loan association or
society organized under the laws of this state or a savings and loan association organ­
ized under the laws of the United States of America;
(2) “Director” means a member of the managing board of an association;
(3) “Bank” means a mutual savings bank organized under the laws of this state;

NEW SECTION. Sec. 2. Any going bank may, if its guaranty fund regularly ac­cu­mulated amounts to five thousand dollars or more, be converted into an association in
the following manner:
(1) The trustees of such bank shall pass, by at least a two-thirds favorable vote of
all trustees, a resolution declaring its intention to convert the bank into an association,
specifying in such resolution the type of association and whether the association is to be
organized under the laws of this state, or is to be organized under the laws of the United
States of America. If the association is to be a state association the bank shall apply to
the supervisor of savings and loan associations for authority to convert into an associa­
tion;
(2) A duplicate of the application made to the supervisor of savings and loan asso­ciations, or such application as may be filed with the federal home loan bank board or
other federal agency, shall be filed with the supervisor of banking;
(3) The supervisor of savings and loan associations shall, in the case of an applica­
tion to convert into a state association, make the same investigation and determine the
same questions as he would be required by law to make in determining the case of sub­mission to him of articles of incorporation of a proposed new state association, and shall
also determine, after conference with the supervisor of banking, whether the proposed
conversion would serve the needs and conveniences of the depositors of such bank; and
(4) The supervisor of savings and loan associations shall grant or deny the applica­tion within sixty days of its date of filing and shall immediately notify the secretary of
such bank of his decision.

NEW SECTION. Sec. 3. If the application is granted to become a state associa­tion,
the supervisor of savings and loan associations shall require the applicant to enter
into an agreement or undertaking with him, as trustee for the shareholders of the asso­ciation, to make such cash contributions to an expense fund of the association as in his
judgment will be necessary then and from time to time thereafter to pay the operating
expenses of the association if its earnings should not be sufficient to pay the same in
addition to the payment of such dividends as may be declared and credited to share­holders from its earnings.

NEW SECTION. Sec. 4. If the application is denied by the supervisor of savings
and loan associations, the bank, acting by a two-thirds majority of its trustees, may.
within thirty days after receiving notice of such denial, appeal to the superior court of Thurston county pursuant to the provisions of the administrative procedure act, chapter 34.04 RCW.

NEW SECTION. Sec. 5. 1. The name by which the association is to be known, which name shall include the words "building and loan" or "savings and loan", and "association" or "society";
2. The place where the association is to be located and its business transacted, naming the city or town and the county, which city or town shall be the same as that where the principal place of business of the bank has theretofore been located;
3. The name, occupation, residence, and post office address of each signer of the certificate;
4. The amount of the assets of the association, the amount of its liabilities, and the amount of its guaranty fund as of the first day of the calendar month during which the certificate is filed; and
5. A declaration that each signer will accept the responsibilities and faithfully discharge the duties of a director of the association, and is free from all the disqualifications specified in the laws applicable to savings and loan associations.

NEW SECTION. Sec. 6. Upon filing the certificate in quadruplicate as provided in section 5 of this act, the supervisor of savings and loan associations shall, within thirty days thereafter, if satisfied that all the provisions of this chapter have been complied with, issue in quadruplicate an authorization certificate stating that the association has complied with all of the requirements of law, and that it has authority to transact, at the place or places designated in its certificate, the business of an association. The supervisor of savings and loan associations shall retain one set of the quadruplicate originals of the certificate of reincorporation and of the certificate of authorization and shall transmit the other three sets to the association, which shall retain one set, file one set with the secretary of state, and file one set with the auditor of the county in which the home office of the association is located, paying the required fees. Upon such filings being made, the conversion of such bank to such association shall thereupon be a corporation having the powers and being subject to the duties and obligations prescribed by the laws of this state applicable to state associations, and the time of existence of such association shall be perpetual, unless sooner terminated.

NEW SECTION. Sec. 7. NEW SECTION. Sec. 8. All mortgages, notes, and other securities of any bank that has been converted into an association shall, on request of the association, be delivered to it by the supervisor of banking or, under this direction, by any trust company or other depository having possession thereof. The guaranty fund of the bank shall become the contingent fund of the association. If the association is a state association it shall, as soon as practicable and within such time and by such methods as the supervisor of savings and loan associations may direct, cause its organization, its securities and investments, the character of its business, and its methods of transacting the same to conform to the laws applicable to state associations.

NEW SECTION. Sec. 9. Upon a conversion being consummated all assets, rights and properties of the bank shall vest in and be the property of the association and all liabilities, debts, and obligations of the bank shall be the liabilities, debts, and obligations of the association and any right can be enforced by or against the association the
same as it could have been enforced by or against the bank if the conversion had not occurred.

NEW SECTION. Sec. 10. Within twelve months following consummation of the conversion, the directors of a state association shall call a meeting of the shareholders for the purpose of electing directors and conducting such other business of the association as is appropriate. Notice of such meeting shall be mailed not less than ten nor more than thirty days in advance of such meeting to the last known address of each shareholder. Such notice may also include a proxy form authorizing any one or more persons, who may be directors or officers of the association, selected by the directors, to vote on behalf of any shareholder executing such proxy.

NEW SECTION. Sec. 11. If the bank specifies in the resolution that it intends to become a federal association it shall proceed to make all filings and do all things which are required by federal laws and regulations to qualify as and become a federal association, and when all such things have been accomplished and a charter has been issued by the appropriate federal agency, the bank shall thereupon cease to be a mutual savings bank organized under the laws of this state.

NEW SECTION. Sec. 12. Sections 1 through 11 of this act shall constitute a new chapter in Title 33 RCW."

The Sergeant at Arms of the Senate and House announced the arrival of Governor Daniel J. Evans at the bar of the House, and the President requested the committee to escort him to a seat on the rostrum.

The President: "Honored and esteemed members of the Senate and House, ladies and gentlemen, it is the Lieutenant Governor's pleasure and privilege to present to you the Honorable Daniel J. Evans, Governor of the State of Washington."

Governor Evans: "Governor Cherberg, Mr. Speaker, ladies and gentlemen of the legislature; citizens and taxpayers:

My message today is short. I have asked to speak today not only to you who represent the people but to the citizens of the state directly. We have experienced much in our state during the past decade—urban turmoil and economic boom followed by aerospace recession. We have shared with all people in the nation our share of the shame of national political power abuse, the dislocation of energy shortages, and the tragedy of economic downturn. Washington State has survived each of these crises remarkably well and today we stand stronger and more able than virtually any state of this nation.

To effectively face the future, however, we first must know better our own history and our present strengths. State tax growth in Washington State during the past ten years has been slower than any other state in the nation. In state and local taxes combined our growth has been 44th out of the 50 states of the nation. Total tax burdens and property tax burdens in Washington State are today below the national average. Our welfare caseload is a little more than half the national average and our error and fraud rate is among the lowest in the nation. Washington is nationally recognized for the care
of its disabled and troubled, and ranks first in the nation in the response of citizen volunteers to public needs.

We enjoy a distinguished system of higher education. Our common school system produces graduates who compete exceptionally well in nationwide tests and the average educational attainment of Washington citizens is among the highest in the nation—in fact, second just behind Utah.

In recent months two national surveys were published measuring the quality of life in our nation. In the first of these the 50 states were measured one against the other with over a hundred separate measurements of life quality. Washington State ranked in the top three. Recently Harper’s Magazine conducted a similar survey of the 50 largest cities of the nation, again measuring more than a hundred elements of quality of life. The City of Seattle was first of the 50. Now we all take a great deal of pride in those measurements. We like to read about the high quality we have achieved in competition with our neighbors in other cities and in other states. But too seldom do we remember that those measurements of quality are pretty basically the measurements of our willingness to invest in public investments and to make those public investments in a wise and prudent way. The quality of life depends pretty heavily on the kind of educational system we have, our quality of health care, and what recreational opportunities are open to people, the environmental quality of our area, and the opportunity of people to earn and to live in a prosperous society. We are proud of what we have done. Let us not today destroy it.

Why repeat all of these facts? Well, it is because the scandals of failure and corruption and abuse of power fill our front pages. And I think it is long past the time that this ‘scandal of excellence’ gets equal billing.

But today another crisis faces us; perhaps not unexpected really, but stunning in its suddenness. For the past two weeks thousands of concerned students, parents and teachers have personally visited Olympia to ask me and to ask you the direct question, ‘How are you going to lead?’ and ‘What are you going to do?’

Let no one be misled. This crisis is real. Six thousand lay-off notices have been issued, the equivalent of a major industrial plant in this state. And perhaps if it had been a major industrial plant there would have been either greater citizen concern and perhaps even faster governmental response. But six thousand lay-off notices have been issued, scores of schools are scheduled to close, a quarter of a million students face a new school year of shattered programs, overcrowded classrooms, and destroyed opportunities.

It is easy to point the finger of blame. Some point at me. Some point at the legislature. Some point at school administrators. Some point at teachers. Some point at callous voters. I believe all are wrong.

The measure of the trial through which we now pass will not be our skill at escaping blame but our ability to find the best and the right solution.

I believe the legislature has tried. Twice in five years tax reform has been placed before the voters in an attempt to resolve the problem of basic school finance. Six times in twelve years in one way or another the legislature has by two-thirds vote adopted proposed constitutional amendments to ease the problem of school finance. Five out of six times those proposals were turned down. School administrators by and large have been attempting to operate with creaky and uncertain finances. Teachers, I believe, are producing basically good graduates who compete well. I mentioned earlier that educational attainment is high in this state. In recent years when we still had a military draft, the number of failures on a nationwide test of your men from the State of Washington was lower than the failure from any other state in the country. Students from this state compete exceptionally well in national merit scholar tests and other similar measurements of educational skills. Voters have patiently over the years supported increasing burdens until those burdens simply grew beyond control.

And this legislature and this governor face the challenge of response to crisis now—during this session—to give hope to those quarter of a million students or to turn our backs because our district wasn’t directly affected, because we promised no new taxes, or simply because we just don’t care.

I propose to you now a four part program designed to resolve our immediate
problem and to initiate steps toward a permanent financial solution for school support. This program will require everyone to sacrifice a little. It will require administrators to manage more efficiently; this was a clear call of the voters during recent special levy elections and in hundreds of letters I have received since that time. I am confident, given the help and direction both of this legislature and of skilled citizens, administrators can manage more efficiently. This solution may very well require teachers to accept some small reduction in their ranks. Unpleasant perhaps, but it is likely to happen. There are lay-offs in other parts of government. There are lay-offs in other parts of industry. And we cannot expect given the difficult economic time in which we are now passing that education will be completely exempt from that process. Students will have to sacrifice a little. Students are going to have to help us find ways of lowering educational costs through better care of the physical facility which they all use. I hope students will turn to the task of helping to discover better ways in which to carry on the essential elements of common school education and to lower costs in doing so. A sacrifice is required of taxpayers to plow back a portion of property tax savings into more assured school support. And perhaps most of all, the sacrifice of this legislature to provide the leadership, the courage, and the votes now to resolve this crisis.

A first and most urgent element is state revenue — state revenue to support 75 percent of the special levy requests made for school year 1975-76. This would reduce budget losses during the next school year to manageable proportions while still requiring school districts to live within tighter limits, and in doing so to so respond to taxpayer wishes.

In school districts where levies have passed, 75 percent of such levies would be rolled back and replaced by state revenues so those residents would share in property tax reductions and still not lose the benefits of already assured school budgets. Special provisions would be made for districts with especially low per pupil dollar support.

Now I am confident that this proposal for a major portion of special levy requests but not all might not meet favor with some groups, particularly some of those representing the teachers of our state. They may believe that it is inadequate. But only if we are realistic is there any hope of a reasonable solution and only if we are realistic in what we ask for should any group have any real influence with a legislature.

Secondly, revenue required to accomplish this emergency aid for the next school year will be approximately $155 million.

A $31 million portion of this can come from increased per pupil guarantees already proposed for the 1975-76 school year budget as proposed by me and as passed by the House of Representatives. The remainder will require a temporary increase of 0.6 percent in the state sales tax, a 10 percent increase in the Business and Occupation tax, and a 10 percent surcharge on utilities. This revenue package retains the same balance in taxation between business and the individual as is represented by property tax reduction.

And let me reemphasize. This revenue increase of $127 million during the next fiscal year is matched against corresponding property tax reductions of $177 million.

Even after this proposal to gain necessary support for our schools for the next fiscal year, there will still be a $50 million net bonus in terms of taxes on our citizens. In individual terms, a family of four living in a $25,000 home, this family of four at the average family income in the State of Washington, will receive an average property tax reduction of $108 during this next school year and will pay $47 more in state sales tax.

The third element of this package — to avoid a repetition of this crisis — will require the best of all of us. I call for the joint executive and legislative appointment of a broadly based citizen task force to seek alternatives for permanent, guaranteed basic school financial support. This group should seek maximum citizen input and be prepared to report back to a legislative session in September, 1975 to allow preparation of those alternatives for a citizen vote in November, 1975. Any alternative chosen in November ought to be sufficient to handle the basic needs of education for the school year 1976-77 and for the years to come.

Fourth, and perhaps most important, financial certainty is simply not enough. I believe we can improve educational management and give more specific direction to
those who govern our school systems. The citizen message is clear. The price for basic financial support of education is educational excellence and prudent management.

The proposed citizen task force and the legislature should give close attention to this major challenge. And I do suggest that there be a dual request of this citizen task force to seek the alternative for permanent financial solution and at the same time to look broadly at the potential for better educational direction and a more fundamental understanding of what constitutes basic and supportable education.

Under the leadership of the Superintendent of Public Instruction and with the cooperation of the Association of Washington Business, a thorough management analysis of our school system has just been completed. I am confident that the results will assist greatly in this task of better school management.

During the past several weeks I have received many additional suggestions of this nature. They include: Merit pay; accountability and measurement of achievement in the basics of education; tougher accreditation standards for schools and better enforcement of those standards; a uniform accounting and information base for all schools so that we may all know better what really is going on in education; extended contracts for teachers to allow extra days for teacher preparation and continuing in-service training; a probationary period for new-hires in our educational system; the continuing contract law not applying to administrators in respect to their administrative positions but rather holding those positions as administrators on the basis of a job well done; reduction in force policies conducted on other than simply seniority basis; more efficient transportation and purchasing policies throughout the state; regionalization and consolidation of some educational or educational management functions.

Now not all of these suggestions may be practical or even desirable. And they are certainly not all inclusive. But they speak loudly of a citizen demand for good management and good education. And the two should not be incompatible.

While these proposals are specific, I am prepared to work with this legislature and each member of the legislature on other practical alternatives to resolve this problem, keeping in mind four basic requirements:

1. That we do resolve the immediate financial need.
2. That we do provide real money for this immediate need.
3. That we do set in motion a means of reaching a permanent solution.
4. That we seek out methods of improving educational management.

Too seldom do any of us go back and look at the basic document of government under which we govern. The Constitution of Washington State in Article IX, Section I states:

'It is the paramount duty of the state to make ample provision for the education of all children residing within its borders, without distinction or preference on account of race, color, caste, or sex.'

That constitutional provision was written into our Constitution in 1889. We have all taken the same oath on assuming office which includes the words to promise to 'uphold the Constitution and the laws of the State of Washington.' The words of Article IX are clear and unmistakeable. There can be no misunderstanding.

The time is now to turn that constitutional rhetoric into reality.

I cannot believe that we will pass a budget inadequate to meet these needs. and adjourn without facing this issue. I could not and will not support such a course.

Let not the shame of inaction follow anyone from these halls, but rather the gratitude of our next generation given a renewed opportunity by thoughtful and courageous public servants.

Thank you.'

The President of the Senate requested the escort committee to escort Governor Evans from the House Chamber.

The President of the Senate requested the escort committee to escort the elected state officials from the House Chamber.

MOTION

On motion of Mr. Charette, the Joint Session was dissolved.
The President of the Senate returned the gavel to the Speaker of the House. The Speaker requested the Sergeants at Arms of the Senate and the House to escort President Cherberg, President Pro Tempore Henry and Vice President Pro Tempore Keefe from the House Chamber.

SECOND MORNING SESSION
The President called the Senate to order at 11:30 a.m.

SECOND READING
SENATE BILL NO. 2833, by Senators Wanamaker, Jolly, Beck and Sellar:
Relating to railroad grade crossing protective devices.

MOTIONS
On motion of Senator Bottiger, Substitute Senate Bill No. 2833 was substituted for Senate Bill No. 2833, and the substitute bill was placed on second reading and read the second time in full.

On motion of Senator Morrison, the following amendment was adopted:
On page 3, line 13, after "system" and before the period insert ": PROVIDED FURTHER, That whenever the unobligated balance in the grade crossing protective fund available for the installation of grade crossing protective devices is reduced to $100,000 in any biennium, the above provisions for reducing the appropriation from said fund and the transfers back to the motor vehicle fund shall be suspended and the $100,000 remaining in the grade crossing protective fund shall remain available for expenditure as authorized by appropriation".

Senator Bottiger moved adoption of the following amendment:
On page 3, line 34, after "installation." strike the balance of the section and insert "Maintenance of such devices shall be apportioned by the commission:
(1) Twenty-five percent to the grade crossing protective fund, created by RCW 81.53.28; and
(2) Seventy-five percent to the railroad."
Debate ensued.

POINT OF INQUIRY
Senator Wilson: "Would Senator Bottiger yield? This bill is really whistling along, Senator, and I do not understand and I expect a large proportion of the membership really does not understand how railroad crossing signal devices are now financed and what effect this bill would have on the subject and what effect this amendment would have on the subject, and I would say that a more detailed explanation than might be available in the caucus would be highly desirable at this point; but since I rose to ask you a question, it relates to the first phrase in the digest, 'requires local or state matching funds,' etc., and the nature of my question is, what effect, if any, are we having on local government with respect to whatever responsibilities it may have for railroad grade crossings within its jurisdiction?"

Senator Bottiger: "Senator Wilson, between Senator Wanamaker and me, I do not know what I could add to clarify the issue. I am sure that we confused you. As Senator Morrison said, it is quite complicated, but at the present time we appropriate from the motor vehicle fund to the grade crossing protective fund five hundred thousand dollars a biennium plus our share of the maintenance on all of the railroad crossing devices which could include just the crossbars or the flashing light or even an overpass. From that fund, if a local unit of government or the railroad applies for a grade crossing protective device, the fund administered by the Utilities and Transportation Commission will pay its share. I will yield to Senator Wanamaker."

Senator Wanamaker: "I am sorry, Senator Bottiger, but your figures are a little wrong. They make application to the Utilities and Transportation Commission, a local
entity, a city or a county, that they need a grade crossing in a particular area. If it is approved by the Utilities and Transportation Commission, sixty percent of the cost of installation is paid for out of this fund, out of this five hundred thousand dollars. Thirty percent is paid by the city or county, whichever requests that they have a crossing in their particular area, and ten percent by the railroad.

"Now under this bill, using federal funds, we are saying, if it is eligible for federal funds which is on a ninety-ten basis, ninety percent federal money, ten percent local, nothing comes out of this fund except we have requested that sixty percent, their original put in, would go back to the highway fund; but it is ninety percent of federal funds and ten percent of the local funds. The railroad pays nothing."

Senator Bottiger: "Senator Wilson, the effect of this bill is now that the railroads and the fund have been relieved, in a sense, of this liability, how shall we share the maintenance cost?"

Senator Wanamaker: "Under the maintenance, if we used the state funds, the five hundred thousand dollars as it is now and has been in the past, the railroad pays seventy-five percent of the maintenance, twenty-five percent of the maintenance comes out of this railroad grade crossing protective fund. Under the bill, what we are asking is that if it is done with federal money, that ninety percent comes from federal, ten percent from the local entity, and the railroad pays nothing, then that the railroad should assume the full amount of the maintenance on that grade crossing. What Senator Bottiger's amendment would do would put it back that the railroad only pays seventy-five percent, the same as they do when we are using state funds, and there would still have to be twenty-five percent come out of this grade crossing protective fund."

POINT OF INQUIRY

Senator Wilson, "Would Senator Wanamaker yield? What effect, if any, would this bill have on the fiscal obligations of local government, either with respect to the construction of, improvement of or maintenance of railroad grade crossing within its jurisdiction?"

Senator Wanamaker: "Under this bill, maybe I should say that under the present time, under the grade crossing protective fund, the city or county whichever is asking for this crossing, would have to put up thirty percent of the cost. Under this bill, using federal money, they would only have to put up ten percent. In other words, they are better off under this bill than what they would be under the grade crossing protective fund."

Senator Morrison: "Mr. President and ladies and gentlemen of the Senate, just to back up Senator Wanamaker, that is entirely accurate that the impact, Senator Wilson, on your local community is actually going to be less than it would be under the present procedure, if in fact all the nuts and bolts go together to qualify for the federal funding. I am going to, however, agree with Senator Bottiger on his proposed amendment. As I have looked at the figures, it seems to me that there is an absolute wash, that it just balances out. The request to the railroads in this particular case does not reduce really their obligation. However, there are two different sets of figures floating around. Even if the other set that Senator Wanamaker alluded to first were true, the long range impact is not that great and I personally would like to support the amendment as proposed by Senator Bottiger as being the fairest approach to the maintenance of these grade crossings."

The motion by Senator Bottiger carried and the amendment was adopted.

MOTION

On motion of Senator Mardesich, Substitute Senate Bill No. 2833, as amended, was ordered held on the second reading calendar.

MOTION

On motion of Senator Mardesich, the Senate commenced consideration of Senate Bill No. 2417.
SECOND READING

SENATE BILL NO. 2417, by Senators Odegaard, Sandison, Donohue, Woody, Mardesich, Lewis (Harry), Peterson, Sellar, Bottiger, Guess, Talley, Newschwander, Henry and Walgren:

Repealing the forest practices act.

The bill was read the second time by sections.

On motion of Senator Peterson, the rules were suspended, Senate Bill No. 2417 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

Debate ensued.

POINT OF INQUIRY

Senator Bailey: "I would like to ask Senator Peterson a question. Senator Peterson, I favor the repeal of this act but rather than make it a cruel hoax on some of the loggers and people who think we are achieving something, I wonder what will be the result of the impact on the logger if we repeal the act in this legislature and the Governor vetoes the act and we go home with the same law in effect that now exists. Of what value is repealing that act right at this time?"

Senator Peterson: "Senator, you answered your own question. If we pass it through the legislature and the Governor vetoes it, obviously we have not perhaps gained much other than the fact that the legislature will be in effect recognizing the serious problem that does exist, and if the Governor wants to take the blame for putting this hardship on the logging industry, that is the place to put it, not in this body."

REMARKS BY SENATOR BAILEY

Senator Bailey: "Mr. President, I wanted this on the record because while I favor the repeal of it, I think we should do something to streamline the measure so it is not the onerous thing that we passed. I wanted it clear to the people who think that we are doing something that we actually may be doing nothing and I just thought it was unfair that the act that we are going to take today, and I intend to support it, may result in absolutely no action whatsoever and therefore it could be very detrimental. I had hoped that maybe Senator Peterson had been able to work out some amendments to the bill, but it appears that the amendments are not workable. They will not meet with Senator Peterson or they will not agree to the amendments. Maybe this might serve as a message to someone that we do want some action in streamlining the Forest Practices Act and I intend to support the repeal."

Further debate ensued.

ROLL CALL

The Secretary called the roll on the final passage of Senate Bill No. 2417, and the bill passed the Senate by the following vote: Yeas, 35; nays, 12; excused, 2.

Excused: Senators Francis, Scott—2.

SENATE BILL NO. 2417, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

MOTION

On motion of Senator Peterson, Senate Bill No. 2417 was immediately transmitted to the House.
MOTION
At 12:20 p.m., on motion of Senator Mardesich, the Senate recessed until 1:15 p.m.

Authorizing political subdivisions to license vehicle dealers.

Absent or not voting: Senators Fleming, Jones, Peterson, Walgren—4.
Excused: Senators Donohue, Francis—2.
SUBSTITUTE SENATE BILL NO. 2724, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

MOTION
On motion of Senator Mardesich, the Senate commenced consideration of Senate Bill No. 2258.

SECOND READING
SENATE BILL NO. 2258, by Senators Walgren, Odegaard, Washington, Gould and North:
Screening certain school children in order to identify any children with specific learning disabilities.

MOTIONS
On motion of Senator Odegaard, Second Substitute Senate Bill No. 2258 was substituted for Senate Bill No. 2258, and the second substitute bill was placed on second reading and read the second time in full.
On motion of Senator Odegaard, the rules were suspended, Second Substitute Senate Bill No. 2258 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

POINT OF INQUIRY

Senator Stortini: "Will Senator Odegaard yield to a question? Senator, as you say, the fiscal impact is down around forty-two thousand. That is for just the screening, the testing, the material. How about in the future though? Once these young kids in the first grade have been screened, will they need future money to handle those problems that they have found through the screening program itself?"

Senator Odegaard: "Yes, they will, and that will be our decision next February 1st when the report is given to us on the number of these kids and be our decision then what we would want to do about taking care of the problem. We are presently serving about six thousand children in the state in the language disability problem, and we have money in the budget for that particular problem. The Governor has proposed six point one million dollars for each year of the next biennium for language disability children. This takes care of one-third of the children in the state, according to the programs presently going on. Since this is a handicap, it is one of those handicaps that can be overcome and we get these people back in society and making a good living and contributing their taxes and so forth, it will pay back triple fold or more, and we will have that before us next session to look at and it will be our decision how much we want to put into it, but we will have good information to go on that we are lacking full information at this time."

POINT OF INQUIRY

Senator Gould: "Will Senator Odegaard yield to a question? As I recall, the original bill when it came to committee was directed toward helping individual teachers know which of their students were identified with learning disabilities. In reading the substitute, it seems that this information would not be available to teachers or to parents, but only comes directly to the legislature via the SPI. Is this the intent now of the bill?"

Senator Odegaard: "The report from the information that is developed would come from the SPI to the Education and the Ways and Means Committees of both Houses of the legislature."

Senator Gould: "What then was the purpose in not having the information available to the teachers or to the parents?"

Senator Odegaard: "That information would be available to them if they wanted it. We wanted to be sure it got to the legislature, had to make the decision on the funding and how far we wanted to go. There is no reason why it would not be available to anybody else, too. In fact, it should be."

Senator Gould: "Fine. Thank you."

ROLL CALL

The Secretary called the roll on the final passage of Second Substitute Senate Bill No. 2258, and the bill passed the Senate by the following vote: Yeas, 47; excused, 2.

Excused: Senators Donohue, Francis—2.

SECOND SUBSTITUTE SENATE BILL NO. 2258, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.
MOTION

On motion of Senator Mardesich, the Senate commenced consideration of Engrossed Substitute Senate Bill No. 2855.

THIRD READING

ENGROSSED SUBSTITUTE SENATE BILL NO. 2855, by Committee on Higher Education (originally sponsored by Senators Newschwander, Walgren, Sandison and Peterson):

Excluding certain community college faculty appointments from rights relating to tenure.

Debate ensued.

POINT OF INQUIRY

Senator Fleming: "Would Senator Newschwander yield to a question? Senator Newschwander, from the information that you have gathered, is it the intent that the present situation as far as these special programs are concerned, most of the individuals working in those programs are faculty members as such and that by passing this bill you would not be affecting those people, but if new ones were to come on, you might be affecting them if this portion of the budget language did not pass?"

Senator Newschwander: "I think you are correct as far as I understand the question. The problem, to begin with, it was state generated money and these people had tenure and there was federal money and sometimes state money outside of the formula that we appropriate to the community colleges, and previously the money that was outside the formula which includes the vets and some minority programs, yes, would be affected by this bill. So the proposal before Ways and Means — I cannot say whether it is going to pass or not, if it did then there would be no problem, but the money that is in there for minorities now is under the student program and would fall within the formula money so you would not be affected by this bill, is the way I understand it."

Senator Fleming: "Thank you."

POINT OF INQUIRY

Senator Fleming: "Would Senator Sandison yield to a question? Senator Sandison, is it your understanding also that if the language in the proposed budget did not pass, there would virtually be no effect on the present programs as they are now because by the fact that the people that are teaching in these programs, these special programs, are already faculty members?"

Senator Sandison: "Yes, but let me point out there are some people hired merely to teach in these military programs. Also, there are other people who are funded outside of the formula for such things as veterans' counselors, particularly when the bonuses were up. There are other things such as people working on a computer program who are brought in ad hoc for this thing; so to get back to your original question, anytime these people have been brought in in the past, there was no intention to give them tenure. Any faculty person who had been working or who had tenure would not be affected."

The President declared the question before the Senate to be the roll call on final passage of Engrossed Substitute Senate Bill No. 2855.

ROLL CALL

The Secretary called the roll on the final passage of Engrossed Substitute Senate Bill No. 2855, and the bill passed the Senate by the following vote: Yeas, 44; nays, 2; absent or not voting, 1; excused, 2.

Voting nay: Senators Fleming, Grant—2.
Absent or not voting: Senator Odegaard—1.
Excused: Senators Donohue, Francis—2.
ENGROSSED SUBSTITUTE SENATE BILL NO. 2855, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

PERSONAL PRIVILEGE

Senator Lewis (Harry): "Members of the Senate, I have just had distributed to you a resolution that I happen to think is meritorious. We have been trying over the years to establish a definition of basic education. In giving this we have spent upwards of half a million dollars in special study commissions who have been unable to resolve the issue. We have suggested in this resolution that we need a starting point. This resolution does not necessarily mean that what we receive is what we will accept, but it provides that the Superintendent of Public Instruction who is vested with the constitutional responsibility for supervision of the common school system, provide this legislature with a definition of what this basic education is by a time certain, June 1, 1975. To this end, it provides that a definition should contain lists of the specific areas of instruction, programs and services which are within basic education and without basic education. Now I am bringing this to your attention. I merely ask you to consider this. I do not propose to try to run the resolution today, but I think it is worth your thoughts and we appreciate your advice and perhaps we can consider it tomorrow. I wanted to bring it to your attention so that you could read it and think about it over the evening."

There being no objection, the Senate returned to the fourth order of business.

SECOND READING

SENATE BILL NO. 2618, by Senator Rasmussen:
Relating to public contracts.

Senator Fleming moved adoption of the following amendment:

On page 2, following line 6, insert:

“(6) “Small business consultant” means an applicant whose application includes a sworn statement showing that the gross income of the consulting business for the preceding calendar year was less than one hundred thousand dollars;

(7) “Minority consultant” means an applicant whose application includes a sworn statement showing that at least fifty-one percent of the consulting business is owned and the actual consultant work is performed by minority group members which includes but is not limited to Blacks, women, Native Americans, Asian-Americans, Eskimos, Aleuts, and Spanish-Americans.”

POINT OF ORDER

Senator Guess: “Mr. President, having studied the bill for almost two years and having gone into this thing with a great deal of depth and not believing we can do all things for all men under one deal and that we should take each portion of the job at a time, I do hereby raise scope and object on the amendment offered by Senator Fleming on Substitute Senate Bill No. 2618.”

MOTIONS

On motion of Senator Rasmussen, Substitute Senate Bill No. 2618, together with the amendment by Senator Fleming and the Point of Order raised by Senator Guess, was ordered held following recess.

On motion of Senator Woody, Senate Bill No. 2480 was ordered held for consideration following recess.

MOTION

On motion of Senator Mardesich, the Senate commenced consideration of Senate Bill No. 2491.

SECOND READING

SENATE BILL NO. 2491, by Senators Pullen, Beck and Grant:
Prescribing penalties for a false application relating to licenses issued by the department of fisheries.

MOTIONS

On motion of Senator Peterson, Substitute Senate Bill No. 2491 was substituted for Senate Bill No. 2491 and the substitute bill was placed on second reading and read the second time in full.

On motion of Senator Peterson, the rules were suspended, Substitute Senate Bill No. 2491 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

On motion of Senator Knoblauch, Senator Donohue was excused.

POINT OF INQUIRY

Senator Rasmussen: “Will Senator Peterson yield to a question? Senator Peterson, the question has come to my mind since we had this bill in committee in the way the amendment reads, ‘every owner or operator of a vessel convicted of making a false ap-
application for a gear license shall become ineligible for any license during that calendar year and any license previously issued for the calendar year in which the conviction takes place shall be void and of no further force and effect. This would in effect put the person completely out of being able to do any type of work in the fishing industry. Is this correct?"

Senator Peterson: "That is correct, Senator.

Senator Rasmussen: "Now, can you see where the person could make a mistake and then be out of work for the entire year?"

Senator Peterson: "I suspect that this is probably true. However, I think we have to bear in mind the fact that this legislative body in its wisdom in the past few years has endeavored, at least in some small manner, to protect our fishing resources in the effective gear limitation, and I feel personally and I think it was the feeling of the majority of the committee that we had to take this step in order to preclude obvious and wilful violations; and I think that this is the way it is and this is the way it should be, because a man has a multiple license, if he willfully and the bill states 'willfully', makes false application for license, then he is to be denied a license for that calendar year or fishing year. I do not think this is too harsh. I think it is good legislation."

Senator Rasmussen: "Thank you."

MOTION

At 10:10 a.m., on motion of Senator Bailey, the Senate recessed until 11:57 a.m.

SECOND MORNING SESSION

The President called the Senate to order at 11:57 a.m.

PERSONAL PRIVILEGE

Senator Grant: "Mr. President and members of the Senate, while members were in caucus we had delivered to us a cake from staff, students and families of Park Orchard Elementary School which is in the Eleventh Legislative District. It is on Benson Hill. It is a lovely cake. It is now in the Lieutenant Governor's office. It depicts a school that is partially under construction. It is not an enticement to anyone or a bribe. It is an expression, I think, of the concern of the parents, students and staff of this particular elementary school with the double levy loss. I would like, if I may, to read the little inscription that goes with that cake and invite the members of the Senate to the Lieutenant Governor's office, with his permission, to take a look at what I consider to be a real work of art in this cake."

The President: "Senator Grant, the President believes that the members can read the inscription when they visit the office."

Senator Grant: "Okay, fine. It is also donated by the Fantastic Cake Box and that is a commercial plug for their product."

THIRD READING

SUBSTITUTE SENATE BILL NO. 2491, by Committee on Natural Resources (originally sponsored by Senators Pullen, Beck and Grant):

Prescribing penalties for a false application relating to licenses issued by the department of fisheries.

The Senate resumed consideration of Substitute Senate Bill No. 2491 on third reading.

POINT OF INQUIRY

Senator Bailey: "Would Senator Peterson yield? Senator Peterson, I am concerned about a couple of words in that last paragraph in which it says 'for any gear license' on line 18, and then a little later the word 'any' is in two different places in line 18; 'be ineligible for any gear license during that calendar year and any gear license previously is-
sued for the calendar year'. My concern is this, that the department could conceivably pick someone up and have them convicted as violating the law and then maybe in gill netting or trolling or something like that and then turn around and take away all of their licenses which might be crabbing or something that is not in the same line but which means their livelihood, and I just wonder if this does not give the department unlimited possibilities."

Senator Peterson: "Senator Bailey, in response, I think the key to this language that was drafted in the substitute bill lies in the word 'intentionally'. Now if this fisherman has multiple licenses, which many of them do, as you indicate, some of them have crab licenses and gill net licenses and so forth, if he is a legitimate commercial fisherman he is not going to intentionally falsify an application for a license. Now where some of the problem has come into this measure is people who are not even licensed presently are applying illegally, intentionally preparing an application, and I think the safeguard is built in when we specified that he has to be convicted. He does not have to be charged, he has to be convicted of intentionally preparing a false application, and even though what you say is entirely true, if he is a crabber and he is convicted of preparing a false application for a gill net license, yes, he would fall under this and he would suffer the consequences of losing that license for that calendar year."

Senator Bailey: "Senator Peterson, the question I have is something a little different, however. The court finds a person guilty of violating the law. They do not find the person guilty of intentionally violating the law, as a rule, and therefore doesn't this give the department the right, on a conviction, to determine whether there is intentional violation or not and if that is the case I think it gives them a little bit too much authority. Now if we had a crime in the court that said they would have to find them guilty of intentionally making this application wrong, then I think we might be in line with proper judgment, but I think here you will just find the court will find someone guilty of violating the law or doing this. Now, are we assured that the court will use the word 'intentional' in reaching their judgment? This is the point I am trying to get at and I just think that we should return to second reading and have those 'any's' changed to 'such gear license' so that you are doing exactly what you are expecting to do. I sympathize with what you are trying to do but I do not want to see the department given unlimited possibilities here of taking it out and reducing licenses without buy backs or just because they do not like the color of somebody's net."

Senator Peterson: "Senator Bailey, I appreciate the problem that you are alluding to and it really in effect what you would like to do to this bill would take it back to second reading, as I read your remarks, amend it to 'such licenses' or any one particular license rather than all, if he was a multiple license fisherman, rather than exclude his entire package of licenses for that calendar year. We discussed this quite thoroughly in committee, frankly, in coming up with this substitute bill and in the substitute draft, and I would be very frank that we had very little opposition expressed to this language because they felt that in most cases the words 'to have to be convicted' and then 'have to be convicted on the basis that it was an intentional false application,' I frankly would have to adhere to the position that I think we ought to leave the bill the way it is."

Debate ensued.

MOTIONS

On motion of Senator Mardesich, the rules were suspended and Substitute Senate Bill No. 2491 was returned to second reading.

On motion of Senator Mardesich, the following amendment was adopted:
Strike all the material on lines 16 through 20.

On motion of Senator Peterson the rules were suspended, Engrossed Substitute Senate Bill No. 2491 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

ROLL CALL

The Secretary called the roll on the final passage of Engrossed Substitute Senate Bill No. 2491, and the bill passed the Senate by the following vote: Yeas, 48; excused, 1.

Excused: Senator Donohue—1.

ENGROSSED SUBSTITUTE SENATE BILL NO. 2491, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

SECOND READING

SUBSTITUTE SENATE BILL NO. 2618, by Committee on State Government (originally sponsored by Senator Rasmussen):

Relating to public contracts.

The Senate resumed consideration of Substitute Senate Bill No. 2618 and the following amendment by Senator Fleming on which a Point of Order by Senator Guess had been raised earlier today:

On page 2, following line 6, insert:

"(6) "Small business consultant" means an applicant whose application includes a sworn statement showing that the gross income of the consulting business for the preceding calendar year was less than one hundred thousand dollars;

(7) "Minority consultant" means an applicant whose application includes a sworn statement showing that at least fifty-one percent of the consulting business is owned and the actual consultant work is performed by minority group members which includes but is not limited to Blacks, women, Native Americans, Asian-Americans, Eskimos, Aleuts, and Spanish-Americans."

RULING BY THE PRESIDENT

The President: "In ruling on the point of order by Senator Guess, the President determined that Substitute Senate Bill No. 2618 is a measure which creates a professional review board to review certain applications for professional service contracts with public bodies. The measure sets up the guidelines for the board. The proposed amendments by Senator Fleming includes within the guidelines certain rules which insure that minority consultants and small business consultants as defined in the amendments will have an opportunity to participate in the bidding. The amendment does not grant special privileges but merely clarifies the guidelines to be used by the board.

"The amendment does not change the scope and object of the bill thus the point of order is not well taken."

POINT OF INQUIRY

Senator Lewis (Harry): "Will Senator Fleming yield? Senator Fleming, I was gone when you presented your amendment. Can you tell me the name, is there a minority consultant presently in the state of Washington and if so, who he would be? Is there one?

Senator Fleming: "Yes."

Senator Lewis (Harry): "Several, are there?"

Senator Fleming: "Yes, Jordon and Avent, architects and engineer; I can go right down the line. There are some and they have never been able to participate in state contracts. As a matter of fact, one tenth of one percent of the contracts awarded by the state go to minorities. Could I go farther on this, Senator Lewis? For your information, as relates to minority consultants and small businessmen, this language that we have here before you is the same language that was in Senate Bill 2143 of Senator Guess's and I felt as though that if it is good to go through these procedures on the local level, what is good for the local people is good for the state level also."

Senator Lewis (Harry): "Thank you."
On motion of Senator Rasmussen, the following amendment to the amendment by Senator Fleming was adopted on a rising vote:

After "members" on line 5 of subsection (7) strike all the matter down to the period on the last line of the amendment.

POINT OF INQUIRY

Senator Guess: "Senator Fleming, look at line 5 and under (7) 'and the actual consultant work is performed by minority group members.' Now there is not a single firm in which all the consulting and all the work is done by the minority."

Senator Fleming: "You are wrong."

Senator Guess: "No, I am not wrong. I will bet you that every one of them in Spokane hires somebody else and they hire whites. Now if they have got a white on their staff, then they cannot do the work. This is what I am trying to get at."

Senator Fleming: "I read that a little different from you, Senator Guess, because that is the same kind of language that is used even when your firms do the work. When you say 'actually done by the firm', the firm is a minority firm and the majority of the work is actually done by minorities."

Senator Guess: "Senator Fleming, it says 'at least fifty-one percent of the consulting business is owned by the minority.' Okay, I will go along with you that far. Now, the 'actual consultant work is performed by minority group members.' Now, this means that you have got to have all of the firms — the group members have got to be all minorities in this thing. Now, Clarence Freeman does not use all minority members. He uses some whites and this would keep him from putting the whites on the work."

Senator Fleming: "Senator Guess, since there might be some question as to what we are trying to do here, I would like to put an oral amendment."

On motion of Senator Fleming, the following amendment to the amendment by Senator Fleming was adopted:

Before "the actual" on line 5 of subsection (7) insert "at least fifty-one percent of"

The motion by Senator Fleming carried and the amendment, as amended, was adopted.

On motion of Senator Goltz, the following amendment was adopted:

On page 2, line 9 after "consultant" insert "in excess of $2500."

On motion of Senator Fleming, the following amendment was adopted:

On page 3, line 17, after "applicants" and before the semicolon insert "and the appropriateness of selecting minority or small business applicants or consultants which are new to the field or to the particular form of work, and in such cases the public body shall consider the applicant's credentials, work in related fields, association of coventurers or consultants, or other factors which indicate the consultant may reasonably be expected to provide competent services"

Senator Fleming moved adoption of the following amendment:

On page 3, line 28, after "preference" and before the period insert ": PROVIDED, That for projects for which the estimated consultant's fee is less than fifty thousand dollars and greater than twenty-five thousand dollars the authority designated to evaluate applicants shall interview and consider at least one small business or minority consultant if one or more are available from among those consultants submitting applications"
like to lower the twenty-five thousand to ten thousand because for ten thousand fee you are talking about a hundred thousand dollar contract and I think that would be a much better area and I would like to lower the limit of your bill to ten thousand and have this amendment from ten thousand to fifty thousand. The amendment does not say that they would not be able to look at contracts under twenty-five thousand. Your bill says that for the purposes of this act, contracts under twenty-five thousand would not be covered by this act, and so all I am saying by this amendment, those contracts that would be covered by this act at least one small contractor or a minority contractor should be considered in that lower area between twenty-five and fifty thousand. Once establishing that, I think the intent is that the department, whichever the agency might be, would have a little more sensitivity toward looking at the small contractor and the minority, and as they develop the competency, they would be considered for the large ones, and if there was an opportunity to give someone a smaller contract I think they would do this, so we did not want to limit them to the contracts under twenty-five thousand because that normally would happen."

Senator Rasmussen: "That was my concern too, that I felt that they should have consideration regardless of size."

Senator Fleming: "I do not think this amendment would have anything to do with it, it has the same purpose as the original bill you had before, because you are talking about the twenty-five thousand. It is just saying that above that twenty-five thousand we ought to at least consider some of these others in that area."

POINTER OF INQUIRY

Senator Guess: "Will Senator Fleming yield? Senator Fleming, I do not know whether you meant what you said. I cannot read it the way that you said it, but in the ranking, it says 'A public body shall rank at least three of the applicants in order of its preference.'"

Senator Fleming: "Yes."

Senator Guess: "Now what I understood you to say that one of those three shall be a small business minority, small business or a minority consultant."

Senator Fleming: "The proviso, Senator Guess, says you are ranking at least three, and then it says, 'Provided that for projects for which the estimated consultants fee is less than fifty thousand dollars and greater than twenty-five thousand dollars, the authority designated to evaluate applicants shall interview and consider at least one small business or a minority consultant, if one or more are available, from among those consultants submitting applications.'"

Senator Guess: "Okay. I hear you right then."

Senator Fleming: "They might not even get to be one of those three but at least they will be considered to get on that number three list. As it is now, they are not being considered."

Senator Guess: "Thank you, Senator Fleming. That answers my question."

The motion by Senator Fleming carried and the amendment was adopted.

On motion of Senator Rasmussen the rules were suspended, Engrossed Substitute Senate Bill No. 2618 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

MOTION

On motion of Senator Mardesich, the Senate commenced consideration of Senate Bill No. 2480.

SECOND READING

SENATE BILL NO. 2480, by Senators Woody and Walgren:
Providing changes in security regulation provisions.

MOTIONS

On motion of Senator Woody, Substitute Senate Bill No. 2480 was substituted for Senate Bill No. 2480 and the substitute bill was placed on second reading and read the second time in full.

Senator Grant moved adoption of the following amendment by Senators Grant and Woody:

On page 29, line 22, beginning with "eight" strike everything through "charge" on line 25 and insert "one and one-half percent higher than the effective rate of interest paid by such broker dealer for funds borrowed to make margin account purchases for his customers."

On motion of Senator Grant, the following amendment to the amendment was adopted:

After "customers" on the last line of the amendment insert "on the date of the customer borrowing."

POINT OF INQUIRY

Senator Mardesich: "Would Senator Grant yield? Senator Grant, I assume then that your intention is to allow the language on lines 25 through 27 on page 29 to remain and that the securities division then might by rule and regulation might set a lesser rate than the one and one-half percent differential?"

Senator Grant: "That is correct, Senator. That language remains."

Senator Woody: "Mr. President, in support of the amendment and also to answer Senator Mardesich, when we were in the committee hearings, Eugene Olson from the securities division, when he addressed himself to this particular proposal, that is the proposal that is in existing section 26, we asked him whether or not he wanted some additional rule-making authority to have some sort of control; and his answer was, basically, that he could not at this point see, even though during most of last year was above the twelve percent lending rate to the brokers, he could not see that there were any abuses in it. However, he would like to have the authority there in the event some abuses took place in the future."

The motion by Senator Grant carried and the amendment, as amended, was adopted.

MOTIONS

On motion of Senator Lewis (R. H. "Bob"), Senator Sellar was excused.

On motion of Senator Woody, the rules were suspended, Engrossed Substitute Senate Bill No. 2480 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

POINT OF INQUIRY

Senator Bluechel: "Would Senator Woody yield to a question please? Senator Woody, referring to the amendment by Senator Grant and yourself, we did not take up this particular issue in the committee and what I am wondering, is the one and one-half percent which is allowable under the amendment similar to the normal service fee that is placed on top of re-borrowed money, so to speak, in this case?"

Senator Woody: "In technical terminology there is no service fee by the brokers who borrow. Daily there is published in the Wall Street Journal what the rates are that brokers are borrowing. Today's rate, I think he mentioned on the telephone to us, ranged between seven and seven and one-half percent. You wonder why the half percent
difference? Well, it depends upon the quality of the borrower-broker. If that reverts to a situation as it was last year where they are borrowing at eleven and three-quarters percent, give or take a half percent either way, plus the compensating balance effect on it, this one and one-half percent that we are permitting would cover that, in fact would add a slight amount more money, but there is no other way of actually determining it other than saying one and one-half percent. Maybe a little closer would be one point two zero or one point two two, but this is as close as we could come.”

ROLL CALL

The Secretary called the roll on the final passage of Engrossed Substitute Senate Bill No. 2480 and the bill passed the Senate by the following vote: Yeas, 41; nays, 2; absent or not voting, 3; excused, 3.

PERSONAL PRIVILEGE

Senator Lewis, (Harry): “Mr. President, I was very interested and very enthusiastic to see one of the recognized labor leaders in the state proposing an eighteen percent annual rate for interest, even though it was for securities which certainly are not at the same level as the requirements that young workers in the state have for . . .”

POINT OF ORDER

Senator Bailey: “I am not trying to cut you off, Senator Lewis, but I think that points of personal privilege have to do with something that concerns you personally and I do not think they have anything to do with comments about members, about some bill that is passed or anything else to clutter up the records.”

RULING BY THE PRESIDENT

The President: “Senator Bailey, Senator Lewis, the President believes that Senator Bailey’s remarks are well taken. Senator Lewis, unless the remarks are pertinent to you, the President will have to rule you out of order.”

Senator Lewis, (Harry): “I would like to continue, Mr. President, to say that the reason that the issue is important to me is that there are a number of people, young people in particular, who are employed by me and who I know who are having difficulty getting loans on cars that they would like to be able to buy because of the interest provisions. . . .”

POINT OF ORDER

Senator Bailey: “I still contend that if Senator Lewis had this remark to make it should have been made during passage of the bill and not for the record and not to play to the gallery.”

RULING BY THE PRESIDENT

The President: “Senator Bailey’s remarks are well taken, Senator Lewis.”

Renumber the following section.

Senator Day moved adoption of the following amendment:

On page 4, line 2, after "requirements" and before the period insert "or for necessary parking."

POINT OF INQUIRY

Senator Odegaard: "Mr. President, I just wonder, Senator Day, if this could be quite broad. This could mean parking that might also be leased out or whatever."

Senator Day: "I would answer that for the record that that is not the intent of the amendment, only for use for church parking."

Senator Odegaard: "I wonder if that should be tied down a little more in the wording, Senator Day?"

SECOND READING

Senate Bill No. 2278, by Senators Ridder, McDermott, Goltz and Francis (by Department of Social and Health Services request):

Providing sanctions for violation of nursing home standards; providing for inspections, reports, and provisional licensing.

REPORT OF STANDING COMMITTEE

April 3, 1975.

Senate Bill No. 2278, providing sanctions for violation of nursing home standards; providing for inspections, reports, and provisional licensing (reported by Committee on Social and Health Services):
MAJORITY recommendation: Do pass with the following amendments:

On page 4, line 3, after “final”, and before the period, insert “: PROVIDED, That
in no event shall the department assess a civil monetary penalty authorized pursuant to
this section or post the said premises as provided in section 13 of this 1975 act or in­clude in the report required pursuant to section 14 of this 1975 act during any period in
which it has not fully implemented and funded its cost-related reimbursement system
for public patients”

On page 4, line 14, after “care” and before the period, insert “: PROVIDED, That
no sanction shall be imposed by the department until the department has informed the
owner and administrator of the nursing home about the rules and regulations required
to be followed to avoid penalties and until the department has granted a reasonable
amount of time to the owner and administrator of the nursing home to correct the con­dition which would result in the penalty”

On page 5, line 25, after “days.” insert a new paragraph as follows:
“(3) In any hearing held pursuant to this chapter it shall be a defense to a violation
relating to the standard of care to be afforded public patients to show that the depart­ment does not provide sufficient funds to meet the standard allegedly violated. Further,
alleged violations relating to standards of care provided by health care consultants shall
not be subject to monetary penalties.”

On page 8, line 28, after “final” and before “days” strike “ten” and insert “twenty”
Signed by: Senators Day, Chairman; Buffington, Cunningham, Gould, McDermott,
Pullen, Van Hollebeke.
The bill was read the second time by sections.
On motion of Senator Day, the committee amendments to page 4 were adopted.
Senator Day moved adoption of the committee amendment to page 5.
Senator McDermott moved adoption of the following amendment to the com­mittee amendment:
Amend the amendment to page 5, line 25 as follows: On line 4 of subsection (3)
after “violated.” strike the balance of the amendment.
The motion by Senator McDermott carried and the amendment to the committee
amendment was adopted.
Debate ensued.

POINT OF INQUIRY

Senator Bottiger: “Will Senator Day yield to a question? Senator Day, I under­stand your argument that we are talking about those patients in a nursing home who are
paid by public assistance, but what about the rest of them. Would not under this lan­guage the administrator have a defense, saying that ‘I did not provide good care to that
private patient because I did not get enough money from the state for that public pa­tient’?”

Senator Day: “I suppose that is an outside possibility but I would say that a vast
percentage of the patients in nursing homes are public patients. Of course, I think that is
truly the particular thing that we wanted to get at where public funds are being ex­pended to take care of patients and should, by the way, be adequate and is not adequate.
We are told that eighty-two million dollars additional in the budget would bring these
homes up to Title Nineteen standards but it would also be true that in the case of a pri­vate patient, a private patient that is paying the bill, I think it would be very simple for
them to find redress by merely moving out of that nursing home into another one.”

POINT OF INQUIRY

Senator Woody: “Would Senator Day yield? On your amendment on line 4 where
it says ‘provide sufficient funds to meet the standard allegedly violated . . .’ ”

Senator Day: “I would point out, Senator, those are not my amendments. Those
are the committee amendments.”

Senator Woody: “All right. The committee amendments. On that language, if we
injected the words ‘cost reimbursement’ before ‘standards.’ would that help do what the
committee amendment intended to do?”
Senator Day: "Would you give me the line again please?"
Senator Woody: "The fourth line down. It begins with 'provide sufficient funds to meet the' and I would insert 'cost reimbursement standard'."
Senator Day: "Is this on page 4? All right. Yes, that would be perfectly acceptable and I think that would clear this language."
On motion of Senator Woody, the following amendment to the committee amendment was adopted:
Amend the amendment to page 5, line 25 as follows: On line 4 of subsection (3), after "the" insert "cost of reimbursement".
The motion by Senator Day carried and the committee amendment to page 5, as amended, was adopted.
On motion of Senator Day, the committee amendment to page 8 was adopted.
On motion of Senator Day, the rules were suspended, Engrossed Senate Bill No. 2278 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

MOTION
Senator Lewis (Harry) moved that Engrossed Senate Bill No. 2278 be referred to the Committee on Ways and Means.
Debate ensued.

POINT OF INQUIRY
Senator Cunningham: "Would Senator Day yield to a question? Senator Day, recently we had an opportunity to meet with Mr. Morris and in discussing the impact of state regulations being brought into full conformity with federal regulations for nursing homes, did he refer to any dollar value that could be impacted on the state?"
Senator Day: "Yes, as I previously stated, there is an eighty-two million dollar impact. Eighty-two million to bring the nursing homes in the state up to Title Nineteen standards, and I have repeated that a number of times on the floor."
Further debate ensued.
Senator Francis demanded a roll call and the demand was sustained by Senators Lewis (Harry), Lewis (R. H. "Bob"), Bailey, Stortini, Ridder, von Reichbauer, Talley, Odegaard and Grant.
Further debate ensued.

MOTION

On motion of Senator Scott, Senator Guess was excused.

POINT OF INQUIRY

Senator Rasmussen: “Will Senator Woody yield to a question? Senator Woody, would this be an appropriate bill to put that prohibition in on home mortgages, that they could not have the acceleration clause in them? The one that moves the interest rate up to six percent to nine and one-half percent?”

Senator Woody: “I cannot answer that question as to whether or not it has the same RCW section. That particular bill is in the House. I do not know what the status of that bill is, whether it is out of committee, in Rules, on second reading. I do not know where it is. It is not on the Senate side yet, but I cannot say that it has the same RCW reference as this bill does.”

Senator Rasmussen: “Would you check it out and put the amendment on the House measure? Thank you.”

ROLL CALL

The Secretary called the roll on the final passage of Engrossed Senate Bill No. 2467 and the bill passed the Senate by the following vote: Yeas, 44; absent or not voting, 2; excused, 3.

Absent or not voting: Senators Lewis (R. H. “Bob”), Matson—2.

SENATE BILL NO. 2718, by Senator Woody:
Requiring continuing education for licensed insurance brokers.

REPORT OF STANDING COMMITTEE

March 20, 1975.

SENATE BILL NO. 2718, requiring continuing education for licensed insurance brokers (reported by Committee on Financial Institutions):

Debate ensued.

POINT OF INQUIRY

Senator Rasmussen: "Will Senator Woody yield to a question? Senator Woody, who asked for this legislation?"

Senator Woody: "The Brokers' Association itself and the Insurance Commissioner's Office."

Senator Rasmussen: "Do they have any particularly flagrant violations that they could show somebody had sold somebody a fire insurance policy when they were selling a life policy, supposedly?"

Senator Woody: "No, it is more involved than selling a life policy to somebody who asked for a casualty policy. Quite frankly, in the committee hearing they did address themselves to the fact that some of the brokers, not the brokers that Senator Francis is talking about but some of the others, are not keeping up with some very rapidly changing situations with casualty and property underwriting, and there really was no one that was objecting to this, especially with the major amount of provisos we have in there, the requirement that it can be waived by the Insurance Commissioner for good cause. It does not apply to those permanent licensed resident brokers who have reached the age of sixty-five years. I guess there they thought they could not teach old dogs new tricks."

Senator Rasmussen: "Thank you, Senator Woody."

On line 4 of the Bottiger amendment to page 6, line 3, strike "one hundred" and insert "forty".

Debate ensued.

PARLIAMENTARY INQUIRY

Senator Francis: "I was going to add an oral amendment before the word 'board' in Senator Bottiger's amendment, just putting the word 'examining' because there are two and this section does follow two sections relating to the discipline board, and I think that this is clearly to be the examining board, but I did not want to move that yet and I am wondering if it would not be better parliamentary procedure to vote on Senator Lewis's amendment first, which would just up or down on the question of a number; then we get to Senator Bailey's and then I could move my oral amendment to the Bottiger amendment rather than having them all kind of floating around before the body."

MOTION

On motion of Senator Marsh, Senate Bill No. 2398, as amended, together with the pending amendment by Senator Bottiger and the amendment to the amendment by Senator Lewis (Harry), was ordered held at the end of today's second reading calendar.

In line 4 of the title, after "18.71A.040" and before the period insert "; and adding a new section"

Signed by: Senators, Day, Chairman; von Reichbauer, Vice Chairman; Cunningham, Francis, Goltz, Gould, McDermott, Pullen.

The bill was read the second time by sections.

On motion of Senator McDermott, the committee amendment was adopted.

On motion of Senator McDermott, the committee amendment to the title was adopted.

Senator McDermott moved that the rules be suspended, Engrossed Senate Bill No. 2913 be advanced to third reading, the second reading considered the third, and the bill be placed on final passage.

POINT OF INQUIRY

Senator Clarke: "Would Senator McDermott yield first? I notice on page 1 of the bill you say a person who is a university medical graduate of a foreign medical school or college; I have some recollection on prior matters of this kind last session in committee, there had to be some recognition or accreditation of those foreign schools. Is there anything in here or is there an established method of determining whether these schools are actually qualified?"

Senator McDermott: "Senator Clarke, this would give the department the right to look at the credentials which were offered and would give the right, as they look at the credentials presented by any of the other categories, so it is covered. They do have that power already."

Senator Clarke: "Thank you."

The motion by Senator McDermott carried and the bill was advanced to third reading and final passage.

Debate ensued.

MOTION

On motion of Senator Lewis (R. H. "Bob"). Senator Newschwander was excused.

POINT OF INQUIRY

Senator North: "Will Senator McDermott yield? Under our second committee amendment you note that we have asked for a special investigator in the Department of Motor Vehicles and there is a proviso that it is included in the budget. Can you tell us
what the status of this budget request is? Will the department ask for it? Is there a possibility that it will be in the budget?"

Senator McDermott: "At this point it is not in the budget and it is something that the department testified before the committee that they would ask for before the Ways and Means Committee."

Senator North: "Thank you."

YES, GOD, WE THANK YOU FOR THE REST OF LAST NIGHT TO CALM OUR RESTLESS SPIRITS AND TO SOOTHE OUR TROUBLED MINDS BEFORE TAKING ON THE SPECIAL PROBLEMS AND DEMANDING CHALLENGES OF ANOTHER DAY.

"TO BE A LEGISLATOR AT SUCH A TIME AS THIS MUST BE LIKE LIVING IN A PRESSURE COOKER. WE ARE REMINDED OF THE INSCRIPTION BY THE ANCIENT ROMAN SAGE ON OUR CAPITOL CAMPUS SUN DIAL: THAT, 'TIME IS A SORT OF RIVER OF PASSING EVENTS, AND STRONG IS ITS CURRENT.' AMID THE SWIFT CURRENT OF CURRENT EVENTS, MAY OUR SENATORS THIS DAY SENSE THE DEEP UNDERCURRENT OF YOUR GUIDING LIGHT, OF YOUR ENCOMPASSING LOVE AND

Debate ensued.

POINT OF INQUIRY

Senator Guess: "Will Senator Bluechel yield? Senator Bluechel, in the case of the tuberculosis facility in Spokane County, the county earmarks funds for that and the other counties in eastern Washington that are served by the facility also earmark certain funds for it. Now is this going to in any way change the ability of those counties to earmark those funds?"

Senator Bluechel: "No, that is a different section entirely. There are four sections, including the TB, veterans, public health and I believe mental health, and in the testimony we received from two full public hearings about three hours each, the one area in which it was felt that the earmarking could not substantiate itself, in other words, was really invalid, was the one area of public health here. It does not enter into your section of the bill referring to TB earmarked millage whatsoever. That is a totally different section."
Further debate ensued.

Senator Odegaard, my concern was that there are about two fairs that are not actually county fairs but they are nonprofit incorporations that are conducting agricultural fairs, and I want to be assured by you that these are covered in that exemption in the bill.”  
Senator Odegaard: “Senator Wanamaker, in our discussing this yesterday, we did some checking with the agricultural department which handles the funds and works with the fairs and they have assured us that these two fairs, the Stanwood Community Fair and the Castle Rock Community Fair would be covered by the bill because they do receive funds from the horseracing fund.”

Senator Lewis (Harry): “Senator Francis, they are paid from the funds that are collected from the dues of the court reporters, the same way as the boards are funded and commissions in all other areas. Most of them are funded from the funds collected from the interested individuals. The engineers and architects pay a fee; their board is funded from that fee.”

Senator Francis: “Thank you, Senator Lewis.”
Further debate ensued.

The motion by Senator Lewis (Harry) carried and the amendment to the amendment by Senator Bottiger was adopted.

On motion of Senator Marsh, the following amendment to the amendment by Senator Bottiger was adopted:

ENGROSSED HOUSE BILL NO. 95, by Representative Kilbury:

Adding a new chapter which revises all statutes relating to eggs and egg production.

REPORT OF STANDING COMMITTEE

March 7, 1975.

ENGROSSED HOUSE BILL NO. 95, adding a new chapter which revises all statutes relating to eggs and egg production (reported by Committee on Agriculture):

Recommendation: Do pass with the following amendments:

Strike everything after the enacting clause and substitute the following:

"NEW SECTION. Sec. 1. There is added to Title 69 RCW a new chapter to read as set forth in sections 2 through 38 of this act.

NEW SECTION. Sec. 2. Eggs and egg products are an important source of the state's total supply of food, and are used in food in various forms. They are consumed throughout the state and the major portion thereof moves in intrastate commerce. It is essential, in the public interest, that the health and welfare of consumers be protected by the adoption of measures prescribed herein for assuring that eggs and egg products distributed to them and used in products consumed by them are wholesome, otherwise not adulterated, and properly labeled and packaged. Lack of effective regulation for the handling or disposition of unwholesome, otherwise adulterated, or improperly labeled or packaged egg products and certain qualities of eggs is injurious to the public welfare, destroys markets for wholesome, unadulterated, and properly labeled and packaged eggs and egg products and results in sundry losses to producers and processors, as well as injury to consumers. Unwholesome, otherwise adulterated, or improperly labeled or packaged products can be sold at lower prices and compete unfairly with the wholesome, unadulterated, and properly labeled and packaged products, to the detriment of consumers and the public generally. It is hereby found that all egg products and the qualities of eggs which are regulated under this chapter are either in intrastate commerce, or substantially affect such commerce, and that regulation by the director, as contemplated by this chapter, is appropriate to protect the health and welfare of consumers.

NEW SECTION. Sec. 3. When used in this chapter the following terms shall have the indicated meanings, unless the context otherwise requires:

(1) "Department" means the department of agriculture of the state of Washington.

(2) "Director" means the director of the department or his duly authorized representative.

(a) If it bears or contains any poisonous or deleterious substance which may render it injurious to health; but in case the substance is not an added substance, such article shall not be considered adulterated under this clause if the quantity of such substance in or on such article does not ordinarily render it injurious to health;

(b) If it bears or contains any added poisonous or added deleterious substance (Other than one which is: (i) A pesticide chemical in or on a raw agricultural commodity; (ii) a food additive; or (iii) a color additive) which may, in the judgment of the director, make such article unfit for human food;

(c) If it is, in whole or in part, a raw agricultural commodity and such commodity bears or contains a pesticide chemical which is unsafe within the meaning of RCW 69.04.392, as enacted or hereafter amended;

(d) If it bears or contains any food additive which is unsafe within the meaning of RCW 69.04.394, as enacted or hereafter amended;

(e) If it bears or contains any color additive which is unsafe within the meaning of RCW 69.04.396, as enacted or hereafter amended: PROVIDED, That an article which is not otherwise deemed adulterated under subsection (4) (c), (d), or (e) of this section shall nevertheless be deemed adulterated if use of the pesticide chemical, food additive, or color additive, in or on such article, is prohibited by regulations of the director in official plants;

(f) If it consists in whole or in part of any filthy, putrid, or decomposed substance, or if it is otherwise unfit for human food;

(g) If it has been prepared, packaged, or held under insanitary conditions whereby it may have become contaminated with filth, or whereby it may have been rendered injurious to health;

(h) If it is an egg which has been subjected to incubation or the product of any egg which has been subjected to incubation;

(i) If its container is composed, in whole or in part, of any poisonous or deleterious substance which may render the contents injurious to health;

(j) If it has been intentionally subjected to radiation, unless the use of the radiation was in conformity with a regulation or exemption in effect pursuant to RCW 69.04.394; or

(k) If any valuable constituent has been in whole or in part omitted or abstracted therefrom; or if any substance has been substituted, wholly or in part therefor; or if damage or inferiority has been concealed in any manner; or if any substance has been added thereto or mixed or packed therewith so as to increase its bulk or weight, or reduce its quality or strength, or make it appear better or of greater value than it is.

(5) "Capable of use as human food" shall apply to any egg or egg product unless it is denatured, or otherwise identified, as required by regulations prescribed by the director, to deter its use as human food.

(6) "Intrastate commerce" means any eggs or egg products in intrastate commerce, whether such eggs or egg products are intended for sale, held for sale, offered for sale, sold, stored, transported, or handled in this state in any manner and prepared for eventual distribution in this state, whether at wholesale or retail.

The director, in addition to the foregoing, may adopt any rule and regulation necessary to carry out the purpose and provisions of this chapter.

NEW SECTION. Sec. 5. The adoption, amendment, modification, or revocation of any rules or regulations under the provisions of this chapter, or the holding of a hearing in regard to a license issued or which may be issued or denied under the provisions of this chapter, shall be subject to the applicable provisions of chapter 34.04 RCW, the administrative procedure act, as now or hereafter amended.

NEW SECTION. Sec. 6. No person shall act as an egg handler or dealer without first obtaining an annual license and permanent dealer's number from the department; such license shall expire on the thirtieth day of June following issuance. Application for a license shall be on a form prescribed by the director and accompanied by a ten dollar annual license fee. Duplicate copies of the license may be issued upon payment of five dollars. A copy of said license shall be posted at each location where such licensee operates. Such application shall include the full name of the applicant for the license and the location of each facility he intends to operate. If such applicant is an individual, receiver, trustee, firm, partnership, association or corporation, the full name of each member of the firm or partnership or the names of the officers of the association or corporation shall be given on the application. Such application shall further state the principal business address of the applicant in the state and elsewhere and the name of a person domiciled in this state authorized to receive and accept service of summons of legal notices of all kinds for the applicant and any other necessary information prescribed by the director. Upon the approval of the application and compliance with the provisions of this chapter, including the applicable regulations adopted hereunder by the department, the applicant shall be issued a license or renewal thereof. Such license and permanent egg handler or dealer's number shall be nontransferable.
NEW SECTION. Sec. 7. If the application for the renewal of an egg handler's or dealer's license is not filed before July 1st of any year, an additional fee of five dollars shall be assessed and added to the original fee and shall be paid by the applicant before the renewal license shall be issued: PROVIDED, That such additional fee shall not be charged if the applicant furnishes an affidavit certifying that he has not acted as an egg handler or dealer subsequent to the expiration of his license.

NEW SECTION. Sec. 8. The department may deny, suspend, revoke, or issue a license or a conditional license if it determines that an applicant or licensee has committed any of the following acts:

(1) That the applicant or licensee is violating or has violated any of the provisions of this chapter or rules and regulations adopted thereunder.

(2) That the application contains any materially false or misleading statement or involves any misrepresentation by any officer, agent, or employee of the applicant.

(3) That the applicant or licensee has concealed or withheld any facts regarding any violation of this chapter by any officer, agent, or employee of the applicant.

NEW SECTION. Sec. 9. (1) For the purpose of preventing the entry into or movement in intrastate commerce of any egg product which is capable of use as human food and is misbranded or adulterated, the director shall, whenever processing operations are being conducted, unless under inspection by the United States department of agriculture, cause continuous inspection to be made, in accordance with the regulations promulgated under this chapter, of the processing of egg products, in each plant processing egg products for commerce, unless exempted under section 18 of this act. Without restricting the application of the preceding sentence to other kinds of establishments within its provisions, any food manufacturing establishment, institution, or restaurant which uses any eggs that do not meet the requirements of section 18(1)(a) of this act in the preparation of any articles for human food, shall be deemed to be a plant processing egg products, with respect to such operations.

(2) The director, at any time, shall cause such retention, segregation, and reinspection as he deems necessary of eggs and egg products capable of use as human food in each official plant.

(3) Eggs and egg products found to be adulterated at official plants shall be condemned, and if no appeal be taken from such determination or condemnation, such articles shall be destroyed for human food purposes under the supervision of an inspector: PROVIDED, That articles which may by reprocessing be made not adulterated need not be condemned and destroyed if so reprocessed under the supervision of an inspector and thereafter found to be not adulterated. If an appeal be taken from such determination, the eggs or egg products shall be appropriately marked and segregated pending completion of an appeal inspection, which appeal shall be at the cost of the appellant if the director determines that the appeal is frivolous. If the determination of condemnation is sustained, the eggs or egg products shall be destroyed for human food purposes under the supervision of an inspector.

(4) The director shall cause such other inspections to be made of the business premises, facilities, inventory, operations, and records of egg handlers, and the records and inventory of other persons required to keep records under section 15 of this act, as he deems appropriate (and in the case of shell egg packers, packing eggs for the ultimate consumer, at least once each calendar quarter) to assure that only eggs fit for human food are used for such purpose, and otherwise to assure compliance by egg handlers and other persons with the requirements of section 15 of this act, except that the director shall cause such inspections to be made as he deems appropriate to assure compliance with such requirements at food manufacturing establishments, institutions, and restaurants, other than plants processing egg products. Representatives of the director shall be afforded access to all such places of business for purposes of making the inspections provided for in this chapter.

NEW SECTION. Sec. 10. (1) The operator of each official plant shall operate such plant in accordance with such sanitary practices and shall have such premises, facilities, and equipment as are required by regulations promulgated by the director to effectuate
the purposes of this chapter, including requirements for segregation and disposition of
restricted eggs.

(2) The director shall refuse to render inspection to any plant whose premises, fa­
cilities, or equipment, or the operation thereof, fail to meet the requirements of this sec­
tion.

NEW SECTION. Sec. 11. (1) Egg products inspected at any official plant under the
authority of this chapter and found to be not adulterated shall be pasteurized before they
leave the official plant, except as otherwise permitted by regulations of the director, and
shall at the time they leave the official plant, bear in distinctly legible form on their ship­
ping containers or immediate containers, or both, when required by regulations of the
director, the official inspection legend and official plant number, of the plant where the
products were processed, and such other information as the director may require by
regulations to describe the products adequately and to assure that they will not have
false or misleading labeling.

(2) No labeling or container shall be used for egg products at official plants if it is
false or misleading or has not been approved as required by the regulations of the
director. If the director has reason to believe that any labeling or the size or form of any
container in use or proposed for use with respect to egg products at any official plant is
false or misleading in any particular, he may direct that such use be withheld unless the
labeling or container is modified in such manner as he may prescribe so that it will not
be false or misleading. If the person using or proposing to use the labeling or container
does not accept the determination of the director, such person may request a hearing,
but the use of the labeling or container shall, if the director so directs, be witheld
pending hearing and final determination by the director. Any such determination by the
director shall be conclusive unless, within thirty days after receipt of notice of such final
determination, the person adversely affected thereby appeals to the superior court in the
county in which such person has its principal place of business.

NEW SECTION. Sec. 12. (1) No person shall buy, sell, or transport, or offer to
buy or sell, or offer or receive for transportation, in any business in intrastate com­
merce any restricted eggs, capable of use as human food, except as authorized by regula­
tions of the director under such conditions as he may prescribe to assure that only eggs
fit for human food are used for such purpose.

(2) No egg handler shall possess with intent to use, or use, any restricted eggs in-the
preparation of human food for intrastate commerce except that such eggs may be so
possessed and used when authorized by regulations of the director under such conditions
as he may prescribe to assure that only eggs fit for human food are used for such pur­
pose.

(3) No person shall process any egg products for intrastate commerce at any plant
except in compliance with the requirements of this chapter.

(4) No person shall buy, sell, or transport, or offer to buy or sell, or offer or re­
ceive for transportation, in intrastate commerce any egg products required to be in­
spected under this chapter unless they have been so inspected and are labeled and pack­
aged in accordance with the requirements of section 11 of this act.

(5) No operator of any official plant shall allow any egg products to be moved
from such plant if they are adulterated or misbranded and capable of use as human
food.

(6) No person shall:
(a) Manufacture, cast, print, lithograph, or otherwise make any device containing
any official mark or simulation thereof, or any label bearing any such mark or simula­
tion, or any form of official certificate or simulation thereof, except as authorized by the
director;
(b) Forge or alter any official device, mark, or certificate;
(c) Without authorization from the director, use any official device, mark, or cer­
tificate, or simulation thereof, or detach, deface, or destroy any official device or mark;
or use any labeling or container ordered to be withheld from use under section 11 of this
act after final judicial affirmance of such order or expiration of the time for appeal if no
appeal is taken under said section;
(d) Contrary to the regulations prescribed by the director, fail to use, or to detach, deface, or destroy any official device, mark, or certificate;
(e) Knowingly possess, without promptly notifying the director or his representa­
tive, any official device or any counterfeit, simulated, forged, or improperly altered
official certificate or any device or label, or any eggs or egg products bearing any coun­
terfeit, simulated, forged, or improperly altered official mark;
(f) Knowingly make any false statement in any shipper's certificate or other nonof­
official or official certificate provided for in the regulations prescribed by the director;
(g) Knowingly represent that any article has been inspected or exempted, under
this chapter when in fact it has not been so inspected or exempted; and
(h) Refuse access, at any reasonable time, to any representative of the director, to
any plant or other place of business subject to inspection under any provisions of this
chapter.

(7) No person, while an official or employee of the state or local governmental
agency, or thereafter, shall use to his own advantage, or reveal other than to the author­
ized representatives of the United States government or the state in their official capac­
ity, or as ordered by a court in a judicial proceeding, any information acquired under
the authority of this chapter concerning any matter which the originator or relator of
such information claims to be entitled to protection as a trade secret.

NEW SECTION. Sec. 13. The director shall, whenever he determines that it would
effectuate the purposes of this chapter, cooperate with any state, federal or other govern­
mental agencies in carrying out any provisions of this chapter. In carrying out the provi­sions of this chapter, the director may conduct such examinations, investigations, and
inspections as he determines practicable through any officer or employee of any such
agency commissioned by him for such purpose.

NEW SECTION. Sec. 14. Inspection shall not be provided under this chapter at
any plant for the processing of any egg products which are not intended for use as
human food, but such articles, prior to their offer for sale or transportation in intrastate
commerce, shall be denatured or identified as prescribed by regulations of the director
to deter their use for human food. No person shall buy, sell, or transport or offer to buy
or sell, or offer or receive for transportation, in intrastate commerce, any restricted eggs
or egg products which are not intended for use as human food unless they are denatured
or identified as required by the regulations of the director.

NEW SECTION. Sec. 15. For the purpose of enforcing the provisions of this
chapter and the regulations promulgated thereunder, all persons engaged in the business
of transporting, shipping, or receiving any eggs or egg products in intrastate commerce
or in interstate commerce, or holding such articles so received, shall maintain such records showing, for such time and in such form and manner, as the director may prescribe, to the extent that they are concerned therewith, the receipt, de­
­livery, sale, movement, and disposition of all eggs and egg products handled by them,
and shall, upon the request of the director, permit him at reasonable times to have access
to and to copy all such records.

NEW SECTION. Sec. 16. (1) Any person who commits any offense prohibited by
section 12 of this act shall upon conviction be guilty of a gross misdemeanor. When
construing or enforcing the provisions of section 12 of this act, the act, omission, or
failure of any person acting for or employed by any individual, partnership, corpora­
tion, or association within the scope of his employment or office shall in every case be
deemed the act, omission, or failure of such individual, partnership, corporation, or as­
association, as well as of such person.

(2) No carrier or warehouseman shall be subject to the penalties of this chapter,
other than the penalties for violation of section 15 of this act, or subsection (3) of this
section, by reason of his receipt, carriage, holding, or delivery, in the usual course of
business, as a carrier or warehouseman of eggs or egg products owned by another
person unless the carrier or warehouseman has knowledge, or is in possession of facts
which would cause a reasonable person to believe that such eggs or egg products were
not eligible for transportation under, or were otherwise in violation of, this chapter, or
unless the carrier or warehouseman refuses to furnish on request of a representative of
the director the name and address of the person from whom he received such eggs or egg products and copies of all documents, if there be any, pertaining to the delivery of the eggs or egg products to, or by, such carrier or warehouseman.

(3) Notwithstanding any other provision of law any person who forcibly assaults, resists, impedes, intimidates, or interferes with any person while engaged in or on account of the performance of his official duties under this chapter shall be punished by a fine of not more than five thousand dollars or imprisonment in the state penitentiary for not more than three years, or both. Whoever, in the commission of any such act, uses a deadly or dangerous weapon, shall be punished by a fine of not more than ten thousand dollars or by imprisonment in the state penitentiary for not more than ten years, or both.

NEW SECTION. Sec. 17. Before any violation of this chapter, other than of section 16(3) of this act, is reported by the director to any prosecuting attorney for institution of a criminal proceeding, the person against whom such proceeding is contemplated shall be given reasonable notice of the alleged violation and opportunity to present his views orally or in writing with regard to such contemplated proceeding. Nothing in this chapter shall be construed as requiring the director to report for criminal prosecution violation of this chapter whenever he believes that the public interest will be adequately served and compliance with this chapter obtained by a suitable written notice of warning.

NEW SECTION. Sec. 18. (1) The director may, by regulation and under such conditions and procedures as he may prescribe, exempt from specific provisions of this chapter:

(a) The sale, transportation, possession, or use of eggs which contain no more restricted eggs than are allowed by the tolerance in the official state standards for consumer grades for shell eggs;

(b) The processing of egg products at any plant where the facilities and operating procedures meet such sanitary standards as may be prescribed by the director, and where the eggs received or used in the manufacture of egg products contain no more restricted eggs than are allowed by the official standards of the state consumer grades for shell eggs, and the egg products processed at such plant;

(c) The sale of eggs by any poultry producer from his own flocks directly to a household consumer exclusively for use by such consumer and members of his household and his nonpaying guests and employees, and the transportation, possession, and use of such eggs in accordance with this subsection;

(d) The sale of eggs by shell egg packers on his own premises directly to household consumers for use by such consumer and members of his household and his nonpaying guests and employees, and the transportation, possession, and use of such eggs in accordance with this subsection;

(e) The sale of eggs by any egg producer with an annual egg production from a flock of three thousand or less hens.

(2) The director may modify or revoke any regulation granting exemption under this chapter whenever he deems such action appropriate to effectuate the purposes of this chapter.

NEW SECTION. Sec. 19. The director may limit the entry of eggs and egg products and other materials into official plants under such conditions as he may prescribe to assure that allowing the entry of such articles into such plants will be consistent with the purposes of this chapter.

NEW SECTION. Sec. 20. Whenever any eggs or egg products subject to this chapter are found by any authorized representative of the director upon any premises and there is reason to believe that they are or have been processed, bought, sold, possessed, used, transported, or offered or received for sale or transportation in violation of this chapter, or that they are in any other way in violation of this chapter, or whenever any restricted eggs capable of use as human food are found by such a representative in the possession of any person not authorized to acquire such eggs under the regulations of the director, such articles may be embargoed by such representative for a reasonable period but not to exceed twenty days, pending action under section 21 of this act or no-
tification of any federal or other governmental authorities having jurisdiction over such articles, and shall not be moved by any person from the place at which they are located when so detained until released by such representative. All official marks may be required by such representative to be removed from such articles before they are released unless it appears to the satisfaction of the director that the articles are eligible to retain such marks.

**NEW SECTION.** Sec. 21. When the director has embargoed any eggs or egg products, he shall petition the superior court of the county in which the eggs or egg products are located for an order affirming such embargo. Such court shall have jurisdiction for cause shown and after a prompt hearing to any claimant of eggs or egg products, shall issue an order which directs the removal of such embargo or the destruction or correction and release of such eggs and egg products. An order for destruction or the correction and release of such eggs and egg products shall contain such provision for the payment of pertinent court costs and fees and administrative expenses as is equitable and which the court deems appropriate in the circumstances. An order for correction and release may contain such provisions for a bond as the court finds indicated in the circumstances.

**NEW SECTION.** Sec. 22. The director need not petition the superior court as provided for in section 21 of this act if the owner or claimant of such eggs or egg products agrees in writing to the disposition of such eggs or egg products as the director may order.

**NEW SECTION.** Sec. 23. Two or more petitions under section 21 of this act which pend at the same time and which present the same issue and claimant hereunder may be consolidated for simultaneous determination by one court of competent jurisdiction, upon application to any court of jurisdiction by the director or claimant.

**NEW SECTION.** Sec. 24. The claimant in any proceeding by petition under section 21 of this act shall be entitled to receive a representative sample of the article subject to such proceedings upon application to the court of competent jurisdiction made at any time after such petition and prior to the hearing thereon.

**NEW SECTION.** Sec. 25. No state court shall allow the recovery of damages for administrative action for condemnation under the provisions of this chapter, if the court finds that there was probable cause for such action.

**NEW SECTION.** Sec. 26. There is hereby levied an assessment not to exceed two and one-half mills per dozen eggs entering intrastate commerce, as prescribed by rules and regulations issued by the director. Such assessment shall be applicable to all eggs entering intrastate commerce except as provided in sections 18 and 30. Such assessment shall be paid to the director on a monthly basis on or before the tenth day following the month such eggs enter intrastate commerce. The director may require reports by egg handlers or dealers along with the payment of the assessment fee. Such reports may include any and all pertinent information necessary to carry out the purposes of this chapter. The director may, by regulations, require egg container manufacturers to report on a monthly basis all egg containers sold to any egg handler or dealer and bearing such egg handler or dealer's license number.

**NEW SECTION.** Sec. 27. Any egg handler or dealer may prepay the assessment provided for in section 26 of this act by purchasing Washington state egg seals from the director to be placed on egg containers showing that the proper assessment has been paid. Any carton manufacturer may apply to the director for a permit to place reasonable facsimiles of the Washington state egg seals to be imprinted on egg containers. The director shall, from time to time, prescribe rules and regulations governing the affixing of seals and he is authorized to cancel any such permit issued pursuant to this chapter, whenever he finds that a violation of the terms under which the permit has been granted has been violated.

**NEW SECTION.** Sec. 28. Every egg handler or dealer who pays assessments required under the provisions of this chapter on a monthly basis in lieu of seals shall be subject to audit by the director on an annual basis or more frequently if necessary. The cost to the director for performing such audit shall be chargeable to and payable by the egg handler or dealer subject to audit. Failure to pay assessments when due or refusal to
pay for audit costs may be cause for a summary suspension of an egg handler's or dealer's license and a charge of one percent per month, or fraction thereof shall be added to the sum due the director, for each remittance not received by the director when due. The conditions and charges applicable to egg handlers and dealers set forth herein shall also be applicable to payments due the director for facsimiles of seals placed on egg containers.

NEW SECTION. Sec. 29. The proceeds from assessment fees paid to the director shall be retained for the inspection of eggs and carrying out the provisions of this chapter relating to eggs.

NEW SECTION. Sec. 30. The assessments provided in this chapter shall not apply to:

1. Sale and shipment to points outside of this state;
2. Sale to the United States government and its instrumentalities;
3. Sale to breaking plants for processing into egg products;
4. Sale to consumers at the place of production or processing;
5. Bulk sale of eggs; or
6. Sale between egg dealers.

NEW SECTION. Sec. 31. All moneys in the state egg account, created by RCW 69.24.450, at the time of the effective date of this act, shall be transferred to the director and shall be retained and expended for administering and carrying out the purposes of this chapter.

NEW SECTION. Sec. 32. All containers used by an egg handler or dealer to package eggs shall bear the name and address or the permanent number issued by the director to said egg handler or dealer. Such permanent number shall be displayed in a size and location prescribed by the director. It shall constitute a gross misdemeanor for any egg handler or dealer to reuse a container which bears the permanent number of another egg handler or dealer unless such number is totally obliterated prior to reuse. The director may in addition require the obliteration of any or all markings that may be on any container which will be reused for eggs by an egg handler or dealer.

NEW SECTION. Sec. 33. In addition to any other records required to be kept and furnished the director under the provisions of this chapter, the director may require any person who sells to any retailer, or to any restaurant, hotel, boarding house, bakery, or any institution or concern which purchases eggs for serving to guests or patrons thereof or for its use in preparation of any food product for human consumption, candled or graded eggs other than those of his own production sold and delivered on the premises where produced, to furnish that retailer or other purchaser with an invoice covering each such sale, showing the exact grade or quality, and the size or weight of the eggs sold, according to the standards prescribed by the director, together with the name and address of the person by whom the eggs were sold. The person selling and the retailer or other purchaser shall keep a copy of said invoice on file at his place of business for a period of thirty days, during which time the copy shall be available for inspection at all reasonable times by the director: PROVIDED, That no retailer or other purchaser shall be guilty of a violation of this chapter if he can establish a guarantee from the person from whom the eggs were purchased to the effect that they, at the time of purchase, conformed to the information required on such invoice: PROVIDED FURTHER, That if the retailer or other purchaser having labeled any such eggs in accordance with the invoice keeps them for such a time after they are purchased as to cause them to deteriorate to a lower grade or standard, and sells them under the label of the invoice grade or standard, he shall be guilty of a violation of this chapter.

No invoice shall be required on eggs when packed for sale to the United States department of defense, or a component thereof, if labeled with grades promulgated by the United States secretary of agriculture.

NEW SECTION. Sec. 34. The enactment of this chapter shall not have the effect of terminating or in any way modifying any liability, civil or criminal, which shall already be in existence on the effective date of this act.

NEW SECTION. Sec. 35. Any person violating any provision of this chapter or regulations for which a penalty is not specifically provided for in this chapter, shall be
guilty of a misdemeanor and guilty of a gross misdemeanor for any subsequent violation: PROVIDED, That any offense committed more than five years after a previous conviction shall be considered a first offense.

NEW SECTION. Sec. 36. The provisions of this chapter shall be cumulative and nonexclusive and shall not affect any other remedy at law.

NEW SECTION. Sec. 37. If any provision of this act, or its application to any person or circumstance is held invalid, the remainder of the act, or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 38. This act may be known and cited as the "Washington wholesome eggs and egg products act".

NEW SECTION. Sec. 39. The following acts or parts of acts are each hereby repealed:

(1) Sections 1 through 4, chapter 193, Laws of 1955 and RCW 69.24.130 through 69.24.160;
(2) Section 5, chapter 193, Laws of 1955, section 1, chapter 54, Laws of 1961 and RCW 69.24.170;

The motion by Senator Goltz carried and the amendment to the committee amendment was adopted.

The motion by Senator Jolly carried and the committee amendment, as amended, was adopted.

MOTIONS

On motion of Senator Jolly, further consideration of Engrossed House Bill No. 95, as amended, was ordered held.

MOTION

At 11:06 a.m., on motion of Senator Mardesich, the Senate recessed until 12:20 p.m.

AFTERNOON SESSION

The President called the Senate to order at 12:20 p.m.

MOTION

On motion of Senator Mardesich, the Senate commenced consideration of Engrossed House Bill No. 155.

SECOND READING

ENGROSSED HOUSE BILL NO. 155, by Representatives Seeberger, Smith (Rick), Knowles and Eikenberry:

Defining duties of the prosecuting attorney; authorizing the employment of special deputy prosecutors under certain circumstances.

The bill was read the second time by sections.

Senator Marsh moved adoption of the following amendment:

On page 3, line 8, after "attorney" strike all the matter down to the period on line 9.

Debate ensued.

The motion by Senator Marsh failed and the amendment was not adopted.

Senator Marsh moved adoption of the following amendment:

On page 3, line 17, after "basis" strike the remainder of the sentence and insert "in cases where the issues involved require the legal expertise which the special deputy prosecuting attorney possesses or where the prosecuting attorney has disqualified himself to comply with his responsibilities under the code of professional responsibility or other code of ethics adopted by the Washington state supreme court."

Senator Wilson moved adoption of the following amendment to the amendment by Senator Marsh:

Amend the Marsh amendment to page 3, line 17, as follows: On the last line of the amendment, after "court" and before the period insert "or when the prosecuting attorney is unable to retain an attorney resident in his county to serve as a deputy prosecutor."

PARLIAMENTARY INQUIRY

Senator Henry: "With the defeat of the first Marsh amendment there is no restriction then, is there, on county lines under the terms of this bill?"

REPLY BY THE PRESIDENT

The President: "Senator, your point is well taken. There are no restrictions."

MOTION

At 12:45 p.m., on motion of Senator Mardesich, the Senate recessed until 1:30 p.m.
SECOND AFTERNOON SESSION

The President called the Senate to order at 1:30 p.m.

The Senate resumed consideration of Engrossed House Bill No. 155, and the amendment by Senator Marsh and an amendment by Senator Wilson to the amendment by Senator Marsh which were moved for adoption prior to the noon recess.

There being no objection, on motion of Senator Marsh, on the last line of the amendment by Senator Wilson to the amendment by Senator Marsh, after "a" and before "deputy" the word "special" was inserted.

POINT OF INQUIRY

Senator Sellar: "Would Senator Wilson yield to a question? Just a point of clarification. If I understand this amendment correctly, in the case of Wenatchee, East Wenatchee, then the prosecutor would not be able to hire someone from East Wenatchee if in fact he could find anybody in Chelan County willing to do the work. Is that right?"

Senator Wilson: "Senator Sellar, that is the provision in Senator Marsh's amendment. The amendment to the amendment is seeking to relieve that situation wherein the prosecutor could not find somebody willing to help him as a special deputy resident in his county."

Senator Sellar: "Yes, but in this case then he would have to find no one in Chelan County willing to do that before he would have the option of being able to go across the river?"

Senator Wilson: "That is correct."

Senator Sellar: "Thank you, Senator."

MOTIONS

On motion of Senator Lewis (R. H. "Bob"), Senators Gould, Jones and Matson were excused.

On motion of Senator Knoblauch, Senators Goltz and Sandison were excused.

The President declared the question before the Senate to be adoption of the amendment by Senator Wilson to the amendment by Senator Marsh.

The motion by Senator Wilson failed and the amendment to the amendment was not adopted.

The motion by Senator Marsh failed and the amendment was not adopted.

Senator Mardesich moved adoption of the following amendments:

On page 3, line 22 of the engrossed bill and the printed bill, after "shall" strike "not" and after "under" strike "the" and insert "all".

On page 3, line 24, strike all of line 24 and down through "attorney" on line 25. Debate ensued.

POINT OF INQUIRY

Senator Lewis (Harry): "Would Senator Francis yield? Senator Francis, I do not understand then really what either one of you are trying to get to, but I do see a problem. On line 22 it says that these special prosecutors shall not be under the legal disabilities attendant upon prosecuting attorneys or their deputies. Now I had the staff pull what I thought were the legal disabilities and I think you have a copy in front of you. One of the legal disabilities attendant upon prosecuting attorneys is, for example, that they have their office at the county seat. Now how would that, when you say that the special prosecutor shall not be under the legal disability, that legal requirement is the way I understand it to mean, would it mean then that the special prosecutor would not have to have his officer there in the county seat? Is that correct?"

Senator Francis: "That is correct, Senator Lewis."

Senator Lewis (Harry): "Okay, then, one of the other disabilities would be that a prosecutor or deputy prosecutor must be admitted to the bar under 36.27.010. When you say 'shall not be under the legal disability, under the legal requirements' would that mean then that a special deputy would not have to be admitted to the bar?"

Senator Francis: "No, that would not mean that. It says 'deputy prosecuting attor-
ney'; and by requiring him to be an attorney, the RCW relating to attorneys would apply."

Senator Lewis (Harry): "I guess I am going to have to yield to Senator Clarke or Senator Marsh, and I just think there is a gray area here. At least it is not clear to me and I would hope that you could clarify it."

Senator Francis: "Well, for example, your first question about the office in the county seat. Now perhaps you hire someone to pursue a matter as a special deputy, under contract, to pursue a matter involving some fraudulent transactions that are taking place in one of the small outlying towns in the county. You want the person to be able to take depositions there, to exercise discovery there and to pursue it there so you hire someone who has his office there and can function best in that area and will not have to travel sixty, eighty, one hundred miles, whatever, every day in order to do it. If we adopt Senator Mardesich's amendment you just could not do that. You would have to have somebody whose office was right there in the county seat."

Senator Lewis (Harry): "But, Senator, if that fits, and I agree with that, I think that makes sense; but if it applies that he shall not be required to have an office at the county seat, why then as broad as that statement is, why should he have to be admitted to the bar? Why is he not required not to practice private law under the restrictions of 36.27.060 for the prosecutor? Or why should he not be commissioned in writing by the PA, filed with the auditor? It just seems to me if one applies, then they should all apply. Is that incorrect?"

Senator Francis: "I have already explained, Senator Lewis, that I think that by putting in the word 'attorney' there that takes care of that. By asking me the question, you also have the legislative history of that intent. I do not know what more you need to be satisfied. For that matter, I do not know that it matters. Again, we are talking about a person who is elected by the public and who has to make some judgments."

The motion by Senator Mardesich failed and the amendments were not adopted.

Senator Francis moved adoption of the following amendment:

On page 4, after section 3 add a new section to read as follows:

"NEW SECTION. Sec. 4. This act is necessary for the immediate preservation of the public peace, health, and safety, the support of the state government and its existing public institutions and shall take effect immediately."

Debate ensued.

The motion by Senator Francis carried and the amendment was adopted on a rising vote.

On motion of Senator Francis, the following amendment to the title was adopted:

In line 5 of the title after "RCW 2.48.200" and before the period insert "and declaring an emergency."

On motion of Senator Francis, the rules were suspended, Engrossed House Bill No. 155, as amended by the Senate, was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

Bill No. 2628.

SECOND READING

SENATE BILL NO. 2628, by Senators Sandison, Benitz, Guess, Scott and Goltz:
Enacting new law relating to regulation of post-secondary proprietary schools and
their agents.

MOTION

On motion of Senator Sandison, Second Substitute Senate Bill No. 2628 was sub­
stituted for Senate Bill No. 2628, and the second substitute bill was placed on second
reading and read the second time in full.

POINT OF INQUIRY

Senator Bottiger: "Would Senator Sandison yield to a question, please? Senator
Sandison, I was taking up with your staff the question of those schools which are regu­
lated by the FAA and they were trying to prepare for me an amendment that would not
remove those schools from the regulatory provisions of the bill, but from the qualifying
or bonding — things of that nature. I am surprised that we moved directly to the bill,
and I wonder if you would have any objection to putting it over until tomorrow until
those amendments are ready?"

Senator Sandison: "No, I would have no objection if you wanted to move it over.
However, there are sixty-some of those flying schools and it pretty much takes away the
financial funding of the bill."

MOTION

On motion of Senator Bottiger, Second Substitute Senate Bill No. 2628 was or­
dered to hold its place on the second reading calendar for Thursday, April 24, 1975.
MOTION

On motion of Senator Mardesich, the Senate commenced consideration of House Bill No. 324.

SECOND READING

HOUSE BILL NO. 324, by Representatives Randall, Martinis, Ceccarelli, Chatalas, Paris, Kuehnle and Nelson:
Exempting cargo containers from property taxation.
The bill was read the second time by sections.

On motion of Senator Donohue, the rules were suspended, House Bill No. 324 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

POINT OF INQUIRY

Senator Cunningham: "Would Senator Donohue yield to a question? Senator Donohue, are the trailers that are driven on the highway exempt from property tax?"

Senator Donohue: "The trailers? No, they pay in lieu of taxes."

Senator Cunningham: "What do they pay?"

Senator Donohue: "They pay truck fees."

Senator Cunningham: "Is there a property tax on truck trailers? That is what I need to know."

Senator Donohue: "No, it is not actually a property tax. It is a license fee, an excise tax."

Senator Cunningham: "Is there any kind of tax on these cargo containers, if this passes, that are used as trailers on the highways?"

Senator Donohue: "The container is a box, as you well know,"

Senator Cunningham: "Yes."

Senator Donohue: "I think the answer is that King County is at the present time taxing those containers, yes."

Senator Cunningham: "My point is, they have these rigged, some of the ones I have seen, where they just spike onto a set of wheels and they are used as literally trailers for moving that freight from here on elsewhere in the state or nation and I want to know if in exempting this now we are exempting any tax against that?"

Senator Talley: "The American containers will be the only ones having the tax. The foreign containers are not. As far as the freight lines are concerned, that take and haul those containers, yes, they are under tax. They are paying the road tax and everything like that. It is the foreign containers that are going through tax free and our containers are coming under the property tax. Most of these containers come off of the ship and they are gone from the dock within forty-eight hours. They shunt onto a railroad car or on a truck trailer and are taken out through the state or out of the state. A lot of them go out of the state. A lot go as far east as Chicago."

POINT OF INQUIRY

Senator Cunningham: "Would Senator Donohue yield to another question? I am not sure that I understood the full impact of Senator Talley's response. I specifically want to know, these Matsui containers that are made in Japan that have freight, etc., put in them, shipped over, taken off the boat, put on a set of wheels, and trucked in the state of Washington; are those now going to be exempt from any tax?"

Senator Donohue: "Senator, those containers that are made in Japan and that are sent over here are not taxed, at the present time, and when you say 'put on a set of wheels' I think you are confusing two things. The containers that I know of that set around in eastern Washington are just boxes. They do not have any wheels on them and you do not hook a set of wheels on them. You set them on a truck."

Senator Cunningham: "Senator Donohue, I am not an expert on these containers, but I can assure you that in Seattle there are these same boxes and they are stockpiling spikes and wheels which the boxes are then set on and with simply dropping four bolts they are fastened and they can be hooked to a standard tractor and taken anywhere a
truck and trailer will go. This is in lieu of having to transport or transfer the contents of this container to, say, a registered freight hauler in this state who does pay taxes; and what I want to know is, is this going to make for a tax break for unfair competition?"

Senator Donohue: "I do not think so. Senator Murray, do you want to answer that?"

Senator Murray: "This is an exemption from personal property tax. What you are talking about has to do with an automobile or a truck license. This is not an exemption for that. It would not exempt it."

POINT OF INQUIRY

Senator Cunningham: "Senator Murray, maybe you can answer the question. Is there a property tax on the trailers that most people in the state of Washington use today? That is all I want to know."

Senator Murray: "No."

Senator Beck: "Senator Cunningham, no, there is no tax on these foreign-owned boxes. The minute you put that on a truck though, those wheels have to have a license and we also have to have a gross weight fee, and they must comply with our motor vehicle excise tax laws and some of those big trucks are paying ... a seventy-six thousand pounder is paying over eight thousand dollars a year, but we do not have the authority to levy a tax, a property tax, on a box that is owned by the Japanese firm or the Russian firm. That is the purpose of this bill, is these Russians and Japanese and all these other foreign boxes which are absolutely tax free and we have no authority to tax in interstate commerce or international commerce. That is the federal government. Those are tax free. This bill is to exempt our domestically owned boxes or containers, but they do pay a tax when they get that thing on the highway. The trailer has to be licensed for so many thousand pounds and they pay that weight fee."

Debate ensued.

POINT OF INQUIRY
Senator Rasmussen: "Will Senator Fleming yield to a question? Senator Fleming, it says 'the legislative authority of any city or county is authorized to adopt ordinance for the levy and collection of excise taxes and/or for the imposition of additional tax.' What are they going to levy the excise taxes on?"

Senator Fleming: "For the ambulance services."

Senator Rasmussen: "No, I mean what form of tax are they going to propose?"

Senator Fleming: "Your services would not be a property tax, would it? Oh, that is right. The B and O tax."

Senator Rasmussen: "Additional B and O tax?"

Senator Fleming: "Yes, for the ambulance service. They are not able to do that now, and in some areas like down in Senator Bailey's area where they do not have service, they want to be able to operate and own those ambulance services."

Senator Rasmussen: "And they have the authority to levy B and O taxes but not for ambulance services right now, is that it?"

Senator Fleming: "Yes."

MOTION

ness.

MOTION

Senator Lewis (Harry) moved adoption of the following resolution:

SENATE RESOLUTION 1975-35

By Senators Lewis (Harry), Mardesich, McDermott and Gould:
WHEREAS, Recent special levy failures in many areas of Washington State demo­nstrate a critical sense of concern by citizens over the cost and current method of fi­nancing common school education; and
WHEREAS, The purpose of the common school system in Washington is to pro­vide our children with a basic education which will equip them to live as productive citi­zens of the state and nation; and
WHEREAS, Increasing demands on school district budgets for special programs
and ancillary services require that a fundamental definition of basic education be
written; and
WHEREAS, The current financial crises in many school districts dictate urgency
in addressing the issue of basic education; and
WHEREAS, The Superintendent of Public Instruction is vested with constitutional
responsibility for supervision of the common school system; and
WHEREAS, The comprehensive study of common school financing by the Tempo­rary Special Levy Study Commission may serve as an able reference for such a definition;
NOW, THEREFORE, BE IT RESOLVED, By the Senate of the State of Wash-
ingston in legislative session assembled, that the Superintendent of Public Instruction is hereby directed to write a definition of basic education for the state's common school systems; and

BE IT FURTHER RESOLVED, That such definition shall be expressly written to serve as the foundation by which the legislature may consider developing budgetary requirements necessary to meet the standards implied by or outlined in said definition. To this end, the definition should contain lists of the specific school district courses, programs and services which, in the Superintendent's judgment, are within the definition of basic education and without the definition of basic education; and

BE IT FURTHER RESOLVED, That the Superintendent of Public Instruction submit said definition of basic education to the Senate of the State of Washington for consideration no later than May 15, 1975; and

BE IT FURTHER RESOLVED, That the Secretary of the Senate transmit a copy of this Resolution to Dr. Frank B. Brouillet, Superintendent of Public Instruction.

Debate ensued.

POINT OF INQUIRY

Senator Sandison: "Will Senator Lewis yield to a question, please? Senator Lewis, in view of the restraints that we are operating under and the state is, I wondered why the date for submission of this definition was extended to May 15. It would appear to me that the Superintendent of Public Instruction's background and the collective staff that he would have, that he should be able to do that some time prior to that."

Senator Lewis (Harry): "Senator Sandison, I have no objection if you would like to shorten the date. He has the tools, I agree with you.

Senator Sandison: "May I suggest May 5th?"

Senator Lewis (Harry): "I have no objection to that if that is your request."

REMARKS BY SENATOR BAILEY

Senator Bailey: "Mr. President, I would hope that the Superintendent of Public Instruction could come up with an answer to this without having a department created to study the accountability of their own people and a few things like that that have been requested in the past, but my fear is that he will come up with a definition of basic education that will say basic education for one hundred million dollars is this. If you want basic education about twice as good, it is going to be five hundred million dollars, and I would hope he comes up with something that has no price tag on it that shows us what we should be trying to arrive at, and not some figure that he wants in his biennial budget."

REMARKS BY SENATOR HARRY LEWIS

Senator Lewis (Harry): "Mr. President, just very briefly, what I am hoping he will do, and I have confidence in our Superintendent of Public Instruction, he has been a school teacher all his life, he now holds the highest office in schools in the state of Washington; we have asked that he include, and he has to consider the teachers in this area, he has to consider the general public. He is going to be laying out to us a program which would be subject to criticism from both sides. I realize the difficulty that he is facing, but I have confidence, Senator Bailey, that he will give us a measuring stick in basic education from which we can develop budgetary proposals. After all, if he talks about courses, and we mention that in the resolution those are measurable in terms of dollars and he can indicate to us, and I would hope he would, those courses which should be included within the framework of basic education and those good courses that may be taught without the framework of basic education. I do this in a purely nonpolitical sense, knowing Buster very well over the years and knowing his staff, and I am confident that he can give us that basic thing from which we can work; and I am also confident that he would not superficially throw out a figure or a general terminology and that certainly would be contrary to the purpose of this resolution."

On motion of Senator Sandison, the following amendment was adopted:

On the last line of the resolution strike "May 15" and insert "May 5".

President Cherberg assumed the Chair.
The President declared the question before the Senate to be adoption of the resolution, as amended.

The motion by Senator Lewis (Harry) carried and the resolution, as amended, was adopted.

MOTION

On motion of Senator McDermott, the following resolution was adopted:

SENATE RESOLUTION 1975-36

By Senators McDermott, Fleming, Herr, Van Hollebeke and Francis:

WHEREAS, Leo Weisfield, prominent and kindly Seattle businessman, passed away on Tuesday, March 4, 1975; and

WHEREAS, Leo was a noted and respected humanitarian and outstanding community leader; and

WHEREAS, Leo's warmth and dedication to high principles have earned him respect and admiration of many thousands of people throughout the world; and

WHEREAS, Valuable service on the President's Committee on Employment of the Handicapped and the Governor's Employ the Handicapped Committee, was typical of his unselfish devotion to his fellow man; and

WHEREAS, He served with honor and distinction as President of the Washington State University Board of Regents and as a member of the Gonzaga University Board of Trustees, and in these capacities contributed substantial advice to enhance the improvement of higher education in the State of Washington; and

WHEREAS, Leo was also a lay religious leader having served as Chairman of the Jewish Federated Funds, as Chairman of the State of Israel Bonds, as Co-chairman of the United Jewish Appeal and as President of the Northwest Regional Jewish National Funds; and

WHEREAS, His constant efforts to assist his fellow man have earned Leo many high awards, including the Red Hammer Award of the Seattle Fire Fighters, The John F. Kennedy Peace Award and a citation in the United States Senate for Service to the Nation;

NOW, THEREFORE, BE IT RESOLVED, By the Senate of the state of Washington, in the Legislature assembled, that the members of the Senate do hereby extend to Sarah Weisfield their commiseration with her loss and assure her that the passing of Leo Weisfield has saddened the many who knew him and that the memory of Leo and of his many good works which benefit so many people will remain with us always.

BE IT FURTHER RESOLVED, That the Secretary of the Senate be and he is hereby instructed to forward a copy of this resolution to Sarah Weisfield, the widow of Leo Weisfield.

"WE WOULD REMEMBER THE SAGE COUNSEL OF OUR GREAT AMERICAN STATESMAN, DANIEL WEBSTER THAT 'IF WE ABIDE BY THE PRINCIPLES TAUGHT IN THE BIBLE, OUR COUNTRY WILL GO ON PROSPERING AND TO PROSPER; BUT, IF WE AND OUR POSTERITY NEGLECT ITS INSTRUCTION AND AUTHORITY, NO MAN CAN TELL HOW SUDDEN A CATASTROPHE MAY OVERWHELM AND BURY ALL OUR GLORY IN PROFOUND OBSCURITY'. "MAY WE ALL, THEREFORE, HEAR AND HEED YOUR VOICE RECORDED IN YOUR WORD 'TO DO JUSTLY, AND TO LOVE MERCY, AND TO WALK HUMBLY' WITH YOU. The water district commissioners shall have power and are required to create a special fund or funds for the sole purpose of paying the interest and principal of such bonds into which special fund or funds the said water district commissioners shall obligate and bind the water district to set aside and pay a fixed proportion of the gross revenues of the water supply system or any fixed amount out of and not exceeding a fixed proportion of such revenues, or a fixed amount or amounts without regard to any fixed proportion and such bonds and the interest thereof shall be payable only out of such special fund or funds, but shall be a lien and charge against all revenues and payments received from any utility local improvement district or districts pledged to secure such bonds, subject only to operating and maintenance expenses.

In creating any such special fund or funds the water district commissioners of such water district shall have due regard to the cost of operation and maintenance of the plant or system as constructed or added to and to any proportion or part of the revenue previously pledged as a fund for the payment of bonds, warrants or other indebtedness, and shall not set aside into such special fund a greater amount or proportion of the revenue and proceeds than in their judgment will be available over and above such cost of maintenance and operation and the amount or proportion, if any, of the revenue so previously pledged. Any such bonds and interest thereon issued against any such fund as herein provided shall be a valid claim of the holder thereof only as against the said special fund and its fixed proportion or amount of the revenue pledged to such fund, and shall not constitute an indebtedness of such water district within the meaning of the constitutional provisions and limitations. Each such bond or warrant shall state upon its face that it is payable from a special fund, naming the said fund and the resolution creating it. Said bonds shall be sold in such manner, at such price and at such rate or rates of interest as the water district commissioners shall deem for the best interests of the water district, either at public or private sale, and the said commissioners may provide
in any contract for the construction and acquirement of the proposed improvement (and for the refunding of outstanding local improvement district obligations, if any) that payment therefor shall be made in such bonds at par value thereof.

When any such special fund shall have been heretofore or shall be hereafter created and any such bonds shall have been heretofore or shall hereafter be issued against the same a fixed proportion or a fixed amount out of and not to exceed such fixed proportion, or a fixed amount or amounts without regard to any fixed proportion, of revenue shall be set aside and paid into said special fund as provided in the resolution creating such fund or authorizing such bonds, and in case any water district shall fail thus to set aside and pay said fixed proportion or amount as aforesaid, the holder of any bond [against] payable from such special fund may bring suit or action against the water district and compel such setting aside and payment.

The water district commissioners of any water district, in the event that such water revenue bonds are issued, shall provide for revenues by fixing rates and charges for the furnishing of water supply to those receiving such service, such rates and charges to be fixed as deemed necessary by such water district commissioners, so that uniform charges will be made for the same class of customer or service. In classifying customers served or service furnished by such water supply system, the board of water commissioners may in its discretion consider any or all of the following factors: The difference in cost of service to the various customers; the location of the various customers within and without the district; the difference in cost of maintenance, operation, repair and replacement of the various parts of the system; the different character of the service furnished various customers; the quantity and quality of the water furnished; the time of its use; capital contributions made to the system including but not limited to assessments; and any other matters which present a reasonable difference as a ground for distinction. Such rates shall be made on a monthly basis as may be deemed proper by such commissioners and as fixed by resolution and shall produce revenues sufficient to take care of the costs of maintenance and operation, revenue bond and warrant interest and principal amortization requirements and all other charges necessary for efficient and proper operation of the system."

Renumber section 3 as section 4.

On page 3, section 3 (renumbered section 4), line 8, after “bonds” and before “shall” insert “(exclusive of provisions relating to refunding)”.

On page 3, beginning on line 13, add a new section as follows:

"NEW SECTION. Sec. 5. There is added to chapter 57.20 RCW a new section to read as follows:

Water districts may also issue revenue warrants and revenue bond anticipation warrants for the same purposes for which such districts may issue revenue bonds. The provisions of this chapter relating to the authorization, terms, conditions, covenants, issuance and sale of revenue bonds (exclusive of provisions relating to refunding) shall be applicable to such warrants. Water districts issuing revenue bond anticipation warrants may make covenants relative to the issuance of revenue bonds to provide funds for the redemption of part or all of such warrants and may contract for the sale of such bonds and warrants.”. and the same is herewith transmitted.

DONALD R. WILSON, Assistant Chief Clerk.

MOTION

On motion of Senator Walgren, the Senate commenced consideration of Senate Bill No. 2692.

SECOND READING

SENATE BILL NO. 2692, by Senators Fleming, Ridder and Talley:
Establishing standards for making buildings and facilities accessible to and usable by physically disabled persons.

MOTIONS

On motion of Senator Fleming, Substitute Senate Bill No. 2692 was substituted for Senate Bill No. 2692, and the substitute bill was placed on second reading and read the second time in full.

On motion of Senator Fleming, there being no objection, the following amendments were considered and moved for adoption simultaneously:

On page 2, section 2, after "after" on line 11 and before "shall" on line 12, strike "June 1, 1975," and insert "January 1, 1976."

On page 2, section 2, line 14, after "to" strike "June 1, 1975," and insert "January 1, 1976."

On page 17, section 9, line 8, after "after" and before "shall" strike "June 1, 1975," and insert "January 1, 1976."

On page 17, section 9, line 12, after "to" and before "shall" strike "June 1, 1975," and insert "January 1, 1976."

On page 18, section 12, after "before" on line 6 and before the period on line 7, strike "June 1, 1975" and insert "January 1, 1976."

On page 18, section 13, line 10, after "January 1," and before the comma strike "1975" and insert "1976."
Senator Cunningham moved that in each of the amendments by Senator Fleming that "1976" be stricken and "1979" be inserted.

POINT OF INQUIRY

Senator Guess: "I would like to ask Senator Fleming — Senator Fleming, in looking at the application of the bill to the various classes of occupancy from class A through class H residences and in class H I find that hotels, convention centers and apartment houses are mentioned, and I think that Senator Cunningham has raised a very valid point about those plans that are in the planning process and that six months is an extremely short period of time. Would you accept an oral amendment to the year 1977? This would give these people eighteen months in order to get the financing. Remember, this does not have anything to do with dwellings because that is a class I occupancy, and I believe after discussing this with Senator Cunningham that the time is needed. Maybe '79 is too long, but '77 would give us eighteen months to complete the financing on some of these things and without slowing them down."

Senator Fleming: "Senator Guess, I understand what you are saying and as you mentioned, those three areas that you talked about are the exceptions that are not under the present law. What I would like to do, Senator Guess, I understand what you are saying and I am willing to accept an amendment but is it possible that we could make it June of '76, because putting it away to '77, I think that the amount of adjustments that they would have to make would not be that substantial, and I think that wherever we can to try to push this along. Just the other day, you know, there were some people who visited a restaurant who could not get in three restaurants because the doors were not of the nature that they could get in and eat at that place, and I think that the longer we delay this the more we are hurting those disadvantaged people, so I would like to see maybe June 1, 1976 would be a lot better than '77. Would that be okay?"

Debate ensued.

The motion by Senator Cunningham failed and the amendments to the amendments were not adopted on a rising vote.

On motion of Senator Guess, the following amendments to the amendments by Senator Fleming were adopted:

Amend the Fleming amendment to page 2, line 11, as follows: Strike "January 1." and insert "July 1."

Amend the Fleming amendment to page 2, line 14, as follows: Strike "January 1." and insert "July 1."

Amend the Fleming amendment to page 17, line 8, as follows: Strike "January 1." and insert "July 1."

Amend the Fleming amendment to page 17, line 12, as follows: Strike "January 1." and insert "July 1."

Amend the Fleming amendment to page 18, line 6, as follows: Strike "January 1." and insert "July 1."

The motion by Senator Fleming carried and the amendments, as amended, were adopted.

On motion of Senator Fleming, the following amendment was adopted:

On page 17, strike all of section 10 and insert the following:

"Sec. 10. Section 7. chapter 96. Laws of 1974 ex. sess. and RCW 19.27.070 are each amended to read as follows:

There is hereby established a state building code advisory council to be appointed by the governor.

(1) The state building code advisory council shall consist of the director of the department of labor and industries, or his designee, and the insurance commissioner, or his designee, and [thirteen] fifteen additional members who shall be broadly representative of the general public, local government, and of the industries and professions concerned with building design and construction: PROVIDED. That two of such members shall have special expertise and experience in the field of barriers for the handicapped. The council may include state officials as ex officio, nonvoting members. The board
shall report annually to the governor and the legislature on the operation and administration of this chapter.

(2) Members shall receive per diem for each day or major portion thereof spent in performance of their duties plus reimbursement for actual travel expenses incurred in the performance of their duties in the same manner as provided for in chapter 43.03 RCW."

Senator Fleming moved adoption of the following amendment:

On page 19, strike all of section 17 and substitute the following:

"NEW SECTION. Sec. 17. This 1975 amendatory act shall take effect on January 1, 1976."

On motion of Senator Fleming, the following amendment to the amendment was adopted:

/ Amend the Fleming Amendment to page 19 as follows: On the last line of the amendment strike "January 1," and insert "July 1."

The motion by Senator Fleming carried and the amendment, as amended, was adopted.

On motion of Senator Fleming, the following amendments to the title were adopted:

On page 1, line 3 of the title after "persons;" and before "amending" insert "amending section 7, chapter 96, Laws of 1974 ex. sess. and RCW 19.27.070;"

In line 20 of the title, after "70.92A.060;" and before "and prescribing" strike "declaring an emergency;"

On motion of Senator Fleming, the rules were suspended, Engrossed Substitute Senate Bill No. 2692 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

POINT OF INQUIRY

Senator Odegaard: "Mr. President, I appreciate what Senator Fleming is trying to do but I have some concern. As I understand this — maybe I do not understand this — any structure that is remodeled except with a couple of exceptions here would have to come under these standards? Is that right? If Senator Fleming would yield."

Senator Fleming: "Senator Odegaard, what it is saying is that any new construction that is not — by the time of this law is to come into effect — that is not already contracted out before the effective date of this law, any new construction that fits in the category of Code A through H would have to comply with this law. Any renovation. If you renovated a wing of a hospital or something of that nature, yes, that wing would have to come under this law, not the entire hospital. If you made a major construction of an older building or whatever, only would that building come under this law if the remodeling that you would do was more than fifty percent of the value of the entire property."

Senator Odegaard: "Senator Fleming, on page 2 on line 8 where it uses the word 'remodeled', now what is the definition of 'remodeled'?"

Senator Fleming: "Senator Odegaard, I think we would have to look at the entire situation here. It says, the bill to which it applied says, 'The standard specifications set forth in this chapter shall apply to all buildings, structures and improved areas used primarily for group A through H occupancy as set forth in the Washington State Building Code which are constructed, remodeled or rehabilitated by the use of public or private funds,' and so forth. That is spelled out in the Uniform Building Code as it is now, and all I am saying is, when they say remodel they are talking about a major remodeling job. I think Senator Guess might be able to be a little more definitive on that than I, but they are not talking about just going in and fixing something in your place. Whatever you did in remodeling would have to be more than fifty percent the value of that entire property before it would be considered under this law in remodeling."

Senator Odegaard: "And that, Senator Fleming, is the state building code?"

Senator Fleming: "Yes, from my understanding — Senator Guess is shaking his head — that is true."
POINT OF INQUIRY

Senator Day: "Would Senator Fleming yield? Senator Fleming, these building requirements now, do they all apply to local codes or are they statewide?"

Senator Fleming: "This is a statewide building code, Senator Day, but they are enforced by the local government units. Each local area has the enforcement powers here, but it is statewide to try to make sure we do not have different codes in one city that are different from codes in other cities. It is a minimum standard code that they bring them up to."

Senator Day: "Senator, I am a little at a loss to understand why this bill was in Local Government but I know that you have tried to do a good job on it, but all the buildings on, you see, the parking ramps and in fact the parking bill itself, you remember, this session have all been in Social and Health Services and I do not understand why this bill was there."

Senator Fleming: "Senator Day, I understand that the Committee on Social and Health Services usually likes to catch all."

Senator Day: "No, Senator, that is not true. It is anything but. In fact, we have a hard time. You could divide all the Social and Health Services bills up. You could put the ones that affect judicial action in Judiciary and the ones that have money up in Ways and Means. They get them anyway, and . . . ."

Senator Fleming: "Speaking to your point though, Senator Day, first of all, the Committee on Local Government has been studying over the past years and passed the building code itself, the state building code has been a function because it is supervised and administered by the local government units. Secondly, this bill here has to do with architectural barriers for those buildings and not from the social aspect of it of dealing with the health of the handicapped as your committee normally deals with. It is dealing with the artificial barriers of those buildings, structures, and we did not think that that was something that belonged in Social and Health Services but with the committee that has been studying and have tried to develop some expertise on building codes."

Senator Day: "One other question, then. Does this apply to all public structures?"

Senator Fleming: "A through H."

Senator Day: "What about private structures?"

Senator Fleming: "A through H are a hotel, a restaurant, yes, that is a private. Just not dwellings."

Senator Day: "Everything except dwellings though?"

Senator Fleming: "No. A through H."

Senator Day: "What about an athletic club, for example? Which a handicapped person probably would not be coming to but . . . ."

Senator Fleming: "Yes, it would be covered if it fits under this category and it is more than two stories high and it fits into one of these categories A through H. Yes. it would, and I do not see why . . . ."

Senator Day: "More than three stories high?"

Senator Fleming: "No, I said if it is more than two stories high and if it falls under one of these categories. And I do not see any reason why an athletic club should not. They would like to, it is possible, you know, get involved in physical activities and so forth."

POINT OF INQUIRY

Senator Van Hollebeke: "Will Senator Fleming yield to a question, please? Senator Fleming, section 2 on page 2 refers to 'construction, remodel or rehabilitation by the use of public or private funds with the exception of single and two-family detached dwellings.' Now if I have a triplex and I decide to remodel that one, am I going to be required to meet this? That is question number one and then question number two is, what is group A through H? I think we have a lot we do not know what we are voting on."

Senator Fleming: "If you would like to look at this building code, and while we are talking about it, I have them lined out for you and you can look at them, and to answer your question. only if your structure was two stories high and more because then you
start dealing with accessibility to your place and whether you had ramps to get to there or whether one had to have an elevator or whatever it is, but they are multi-dwellings."

Senator Van Hollebeke: "So then if I had a triplex and I am remodeling it and one unit is on the second floor, it would then have to come within the provisions . . . ?"

Senator Guess: "Mr. President and members of the Senate, if I might answer Senator Van Hollebeke on that. This has to do with class A through H. Now perhaps it is best if I give you a quick rundown on what these classifications are. Class A is a building that has a stage serving over a thousand people; Class B is broken into two classifications; buildings with stages serving less than a thousand and buildings serving two hundred people without a stage and stadia. Class C is schools and day care centers and they have divisions in that. Class D is mental hospitals, prisons, nurseries, and nursing homes. Class E is the storage of high explosives, storage of liquids, paint, woodworking, repair garages and aircraft hangars. Class F is gasoline stations, retail installations and printing plants. Class G is ice plants, workshops and storage areas, heavy types of storage. Class H is hotels, convention centers, apartment houses of over ten units, convents and monasteries. So the area that we are talking about really does not work into the area where I think that Senator Van Hollebeke's concern is; dwellings, lodging houses and things of that nature. Class J occupancy is private garages, patios, and other incidental structures.

"If I might, while I am on my feet, I would like to say that I had some objections to the original bill. The substitute bill removes those objections and I had the opportunity during the session of talking with some of the people from North Carolina who have been operating under this bill. Also, in talking with Mr. Warren Brown from the General Administration, he assures me that the cost will be minimal, that actually when you make the construction the first time that it will not involve a tremendous amount of money, but it will serve to take the pressure off of those people who have difficulty in finding housing and I believe that the problems have been worked out to the point that they are acceptable.

"There is one thing that bothered me at first and that was, in kitchens, for instance, a clear space between cupboards. They will allow under the revisions as it is now embodied, the kick space will be used as a part of the clear space in the room so it makes it more livable, and in one unit out of ten in apartment complexes, town houses, and places like that they will have to have one apartment that is particularly adapted to this. There is one small requirement in there that if those persons who at one station where they need in-wheelchair work, they will have a small cabinet where they could pull the wheelchair up to it. The width will be thirty inches and the height will be thirty-two inches so that a person can work and do work at a station of this type.

"I had the opportunity this past summer of taking part at the opening ceremonies of the Wheelchair Olympics. For the first time since the organization was started and these games have been held, it was held in the West and it was held at Eastern Washington State College. It was a very warm day. These people were under a tremendous amount of pressure in their games and in their competitions and I gained a great deal of insight into the stick-to-itiveness, the real spirit that these people have, and I believe it is up to us and it behooves us to do everything possible to make the lot of the person who is confined to a wheelchair, make his life a little bit easier and the cost is very small and I would hope that you would go along with this bill."

Debate ensued.

POINT OF INQUIRY

Senator Mardesich: "Would Senator Fleming yield? One thing that disturbs me as I look through this measure with respect to grading ramps, walks, and so forth and doors and doorways, entrances, is that the measure attempts to include all, for instance, walkways under the requirement that they be forty-eight inches wide and a five percent gradient, and I do not see the necessity of requiring that all walkways be that. It would seem to me it would be sufficient that there be a walkway which satisfies the requirement, and it would seem to me that it would unnecessarily increase the cost if we were to provide that all such walks, ramps, doorways, everything, had to comply with the re-
quirements, and I am wondering whether that was even considered, whether they did not think of requiring that there be an entrance, that a walkway should comply with the five percent and forty-eight inch requirements and so on."

Senator Fleming: "Senator Mardesich, yes, that was considered. I think if you will read the bill, I think I am right, that you do have an entrance, the major entrance, the major area, they are talking about the door size. As far as the walkway is concerned, I am not in the construction business, from my understanding that it would not be that much more of a cost, if any, to do that. You are making a walkway anyway. Secondly, the rationale behind that is, the width of that walkway is the exact size that would allow two wheelchairs to pass each other on that walkway, and I think it is the thought that we as individuals, if we are in an area, do not want to or like to walk all the way around the block or something of that nature to be able to enter a building. If there is a walkway there or a path we would like to do it, and why we would make those individuals that are handicapped go all the way around and way out of the way because the gradation is not that steep and it is not that much difference. I think that it is meritorious that we do that and I do not think the expense that everybody is worrying about is that great. if any, other than is minor. I think this is the direction that those people who have expertise in the area think it should go. This is the area that other states are going and I think it is the right thing to do and I do not think it is substantial."

Senator Guess: "Mr. President, if Senator Mardesich would look at section 4, it begins its description of access to primary public entrances. Now if you then go on over to the next page, on page 6 in (2) it describes entrances: 'all primary public entrances usually considered as major points for pedestrian flow to the buildings and to which this chapter applies shall be usable by the physically disabled.' So I believe that that would limit it so that if a building had one primary access that this would be the compliance."

Senator Mardesich: "Senator Guess, I then address your attention to page 4, line 25, with respect to walks, and it says 'walks' — that means all walks — 'shall be at least forty inches clear width and have a gradient of no more than five percent except when handrails are provided and that there shall be no steps in those walkways.' and it just seems to me that there would be so many areas, so many natural impediments to satisfying that requirement with respect to all walks in a particular building area. I can visualize where if a building is on a hill — how do you solve that? How do you put a side entrance on a hill? Let us say the slope, in Seattle there are thousands of such hills where the slope is not five percent but twenty percent, almost. How do you satisfy that requirement on a side entrance?"

Senator Guess: "Senator, in your mind's eye, if you go to most apartment buildings they will have one entrance to the main building."

Senator Mardesich: "I understand that and that is what I am saying. but look at lines 25 and 26 and that says 'all walks.'"

Senator Guess: "Okay. I am going to let Senator Fleming . . . he has his hand up on that one."

Senator Fleming: "Mr. President, two things. I think that Senator Mardesich has to take into consideration here; one, the area of section 4 that you are talking about, it is talking about the grading and access to the primary public entrance and I would think that line 21, the walks that they are talking about are referring to the primary entrances, all walks that go to primary entrances to a building. Secondly, I would think that if that situation that you are talking about prevailed, the authorities that we spoke about in section 9 would have the ability to waiver certain situations such as that if it was impossible and impractical to comply with the law, so I think we covered those areas that you are concerned about."

ROLL CALL

The Secretary called the roll on the final passage of Engrossed Substitute Senate Bill No. 2692, and the bill passed the Senate by the following vote: Yeas. 30; nays. 14; absent or not voting, 2; excused, 3.

Relating to public disclosure.
The Senate resumed consideration of Substitute Senate Bill No. 2795 on second reading. On April 22, 1975 an amendment by Senators Lewis (Harry) and Scott to page 25 beginning on line 28 was adopted. On that day, Senator Lewis (Harry) moved adoption of an amendment to page 26 adding a new section 21.

Debate ensued.
On motion of Senator Mardesich, the question was divided.
The Senate commenced consideration of the amendment moved for adoption by Senator Grant to page 12, line 22.
The motion by Senator Grant carried and the amendment was adopted.
The Senate commenced consideration of the amendment moved for adoption by Senator Grant to page 12, beginning on line 28.
The motion by Senator Grant failed and the amendment was not adopted.
Senator Grant moved adoption of the following amendment:
On page 13, following section 7, insert a new section 8 as follows:
“Sec. 8. Section 17, chapter 1, Laws of 1973 and RCW 31.17.170 are each amended to read as follows:
(1) Any lobbyist registered under RCW 42.17.150 and any person who lobbies shall file with the commission periodic reports of his activities signed by both the lobbyist and the lobbyist’s employers. The reports shall be made in the form and manner prescribed by the commission. They shall be due quarterly and shall be filed within thirty days after the end of the calendar quarter covered by the report. In addition to the
quarterly reports, while the legislature is in session, any lobbyist who lobbies with respect to any legislation shall file interim weekly periodic reports for each week that the legislature is in session, which reports need be signed only by the lobbyist and which shall be filed on each Tuesday for the activities of the week ending on the preceding Saturday: PROVIDED, That it shall not be necessary to file any such interim weekly periodic reports for any week during which no expenditure reportable under RCW 42.17.170 (2) was made by the reporting person.”

(2) Each such quarterly and weekly periodic report shall contain:

(a) The totals of all expenditures made or incurred by such lobbyist or on behalf of such lobbyist by the lobbyist’s employer during the period covered by the report, which totals shall be segregated according to financial category, including food and refreshments; living accommodations; advertising; travel; telephone; contributions; office expenses, including rent and the salaries and wages paid for staff and secretarial assistance, or the proportionate amount thereof, paid or incurred for lobbying activities; and other expenses or services: PROVIDED HOWEVER, That unreimbursed personal living and travel expenses of a lobbyist not incurred directly or indirectly for any lobbying purpose need not be reported: and PROVIDED FURTHER, That the interim weekly reports of legislative lobbyists for the legislative session need show only the expenditures for food and refreshments; living accommodations; travel; contributions; and such other categories as the commission shall prescribe by rule. Each individual expenditure of more than fifteen dollars for entertainment shall be identified by date, place, amount, and the names of all persons in the group partaking in or of such entertainment including any portion thereof attributable to the lobbyist’s participation therein but without allocating any portion of such expenditure to individual participants.

(b) In the case of a lobbyist employed by more than one employer, the proportionate amount of such expenditures in each category incurred on behalf of each of his employers.

(c) An itemized listing of each such expenditure in the nature of a contribution of money or of tangible or intangible personal property to any legislator, or for or on behalf of any legislator. All contributions made to, or for the benefit of, any legislator shall be identified by date, amount, and the name of the legislator receiving or to be benefited by each such contribution.

(d) The subject matter of proposed legislation or rulemaking; the proposed rules, standards, rates or other legislative enactments under chapter 34.04 RCW and chapter 28B.19 RCW (the state Administrative Procedure Acts) and the state agency considering the same; and the number of each senate or house bill, resolution, or other legislative activity which the lobbyist has been engaged in supporting or opposing during the reporting period: PROVIDED, That in the case of appropriations bills the lobbyist shall enumerate the specific section or sections which he supported or opposed.”

Renumber the remaining sections consecutively.

POINT OF INQUIRY

Senator Bailey: “Mr. President, I think the amendment is all right, but I would like to ask Senator Grant a question. If they do not report in the weeks in which they have spent no money, do they still make a report on the money they received during those weeks?”

Senator Grant: “I understand they would.”

Senator Bailey: “Mr. President, with that in the record, I would support the measure. I think it is very important, not so much always what they spend on legislators, but what they spend on themselves is important and under the guise of influencing legislation a great many of them live high on the hog down here and put it down to legislative expenses and I would like to see what that is.”

The motion by Senator Grant carried and the amendment was adopted.

Senator Bottiger moved adoption of the following amendment:

On page 20, line 30, after “law” insert “: PROVIDED, HOWEVER, That lists of applicants for licenses and of licensees shall be made available upon payment of a rea-
sonable charge therefor by each professional licensing board to properly identified persons representing the membership of the profession licensed by such board or to a properly identified representative of an educational association, organization or school recognized by such license and such request is made for the purpose of utilizing such lists for a continuing education program or some similar legitimate purpose of the profession the list of which is requested”.

Senator Grant moved adoption of the following amendment to the amendment by Senator Bottiger:

On line 10 of the amendment after “program” and before “or” insert a period and strike the remainder of the amendment.

Debate ensued.

POINT OF INQUIRY

Senator McDermott: “Would Senator Bottiger yield to a question? Would it be your belief that the Association of Automobile Dealers could request a list of all those who own and have registered automobiles in the state of Washington?”

Senator Bottiger: “It would not. It would be limited to the professions, first of all, and I do not believe that the auto dealers are considered a professional licensing board. If I can change your question so I can get the right thing in the record: Could a professional licensing board ask for more than a list of their members or applications for membership? My answer would be no, it is not the intent of this amendment to expand it beyond that single profession and their members or applicants for membership.”

Senator McDermott: “Thank you.”

POINT OF INQUIRY

Senator Washington: “Will Senator Bottiger yield to a question? It occurs to me that it might be possible to tighten this up to answer Senator Grant’s concern. On the first line of your amendment, : PROVIDED, HOWEVER, That lists of applicants for professional licenses and', could not the word - and I have not studied this far enough to know if it could be done — putting ‘professional’ before ‘licensees’?”

Senator Bottiger: “I think you put your finger right on it, Senator Washington. I will make an oral amendment.”

There being no objection, the amendment by Senator Grant to the amendment by Senator Bottiger was withdrawn.

On motion of Senator Bottiger, the following amendment to the amendment by Senator Bottiger was adopted:

Amend the Bottiger amendment to page 20, line 30 as follows:

On line 3 of the amendment, after “for” and before “licenses” insert “professional” and on the same line, after “of” and before “licensees” insert “professional”.

POINT OF INQUIRY

Senator Guess: “Before we adopt this amendment, Mr. President, I would like to ask Senator Bottiger another question. Senator, would this permit the Department of Motor Vehicles to give to the Association of Motorcycle Clubs, who are conducting an educational program, would they be able to get the list of motorcyclists in order to send out educational material and invite them to an educational seminar?”

Senator Bottiger: “Senator Guess, the answer is no, because motorcycles are not professional licenses. They do not have a professional licensing board. I can see the sense of what you are asking and another amendment might do that, but this amendment was very tightly drawn to cover that specific ridiculous situation where you can hand copy them but they cannot run it through the Xerox and charge you for them.”

POINT OF INQUIRY

Senator Scott: “Would Senator Bottiger yield? Senator, it looks to me in the latter part of the language like a person who attended a business college and was a recognized or licensed member of a profession, whatever profession it would be, could then have the ownership of that business college prevail upon him to ask for the list and thereby
provide a solicitation list to the college or institution of people in the field for the purposes of giving another course, a continuing education course, label it whatever you like, but at any rate in effect work in collusion with a commercial outfit to solve some of their problems for them."

Senator Bottiger: "Senator Scott, the present situation is, you can hire manpower and go up there and examine and copy that list. The purpose of this amendment was to restrict the department and permit the department to sell or charge at cost to run the same thing through the Xerox machine. It was the purpose to restrict it to the professional associations or educational organizations which provide the continuing education programs for those organizations. Now I think that same business college could presently go up there and hand copy it, and the worst that we are doing is having the department prepare, through the computers at cost, the same list which presently they have to jam up the office and send people up there to hand copy. If the evil is there that you are concerned about, all we are doing is relieving the department of all those people standing there at the desk making copies."

Senator Scott: "I think there is a policy question involved, too. We are providing an added service for a commercial institution to help facilitate a business that they are in and we should not overlook that."

The motion by Senator Bottiger carried and the amendment, as amended, was adopted.

On motion of Senator Lewis (Harry), the following amendment was adopted:
On page 27, line 24, after subsection (9) add a new subsection as follows:
“(10) All rules and regulations promulgated under this chapter shall be promulgated pursuant to the provisions of chapter 34.04 RCW.”

On motion of Senator Scott, the following amendment was adopted:
On page 28, after line 2, add the following:
“NEW SECTION. Sec. 23. This act is necessary for the immediate preservation of the public peace, health, and safety, the support of the state government and its existing public institutions, and shall take effect immediately.”

POINT OF INQUIRY

Senator Lewis (Harry): "Will Senator Scott yield to a question? Senator Scott, just for the record, is it the intent of your amendment and is it the understanding of the legislative intent that the members of the Public Disclosure Commission will not qualify for pensions under the state with your amendment? Is that correct?"

Senator Scott: "Yes, Senator Lewis, it is the intention of the amendment, if adopted, that the members of the Public Disclosure Commission will not receive salary that would be counted in any way against or for a state pension."

On motion of Senator Woody, the following amendment was adopted:
On page 25, following the amendment beginning on line 28 by Senators Lewis (Harry) and Scott, add the following language:
“The compensation provided pursuant to this section shall not be considered salary for purposes of the provisions of any retirement system created pursuant to the general laws of this state.”

Debate ensued.

The motion by Senator Lewis (Harry) carried and the amendment, as amended, was adopted.

On motion of Senator Lewis (Harry), the following amendment to the title was adopted:
On page 1, line 20 of the title, after “42.17.350;” insert “amending section 36, chapter 1, Laws of 1973 and RCW 42.17.360;”

On motion of Senator Scott, the following amendment to the title was adopted:
On page 1, line 23 of the title, after “42.17.380; strike “and” and after “42.17 RCW” and before the period insert “; and declaring an emergency.”

On motion of Senator Beck, the rules were suspended, Engrossed Substitute Senate Bill No. 2795 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.
Senator Odegaard: "Would Senator Beck yield to a question? Senator Beck, as I understand section 2, the bill would allow political committees to retain and use accumulated unidentified contributions such as received in a rummage sale, for example, of up to one percent of the total contributions received or three hundred dollars, whichever is greater. My question is, what period of time would this cover? For example, if it is a county Democratic or Republican Central Committee and they held a rummage sale or whatever, does that cover a calendar year, that period of time? Three hundred dollars?"

Senator Beck: "No, this applies—you probably know the effects of these rummage sales. You are liable to have anything out there and it allows you to collect it in a lump sum. Whenever you announce that you are espousing some cause that is going to be submitted to the people for a vote or when you announce that you are going to run for office, you are required then to start filing periodic reports. This does not affect the committees which are not set up for any one thing in particular like, take the Democratic Central Committee. They are set up to elect all Democrats and it does not affect them, as I understand it."

Senator Odegaard: "Senator Beck, then this amendment or section 2 does not do anything to ameliorate the problem with respect to the Central Committees of holding, for example, a rummage sale?"

Senator Beck: "No, they can hold their rummage sales any time they want to."

Senator Odegaard: "They would still, though, have to report each separate item?"

Senator Beck: "Up to three hundred dollars. If it is accumulative to three hundred dollars, it would."

Senator Odegaard: "My question, though, is would this particular section only pertain to individual political campaigns or does it also include your political party, such as a county central committee? Could they hold different fund raising activities also?"

Senator Beck: "Senator Odegaard, anyone who has a depository that is continuing has to report that. I think it is every six months. If you have a depository for anything that is going to be used for an election, you have to report and I think it is every six months. I am not sure of that time, but I think it is every six months, and when you get actively using that, then there are periodic reports that you have to make."

Senator Odegaard: "From that I gather that you believe this would include any fund raising activities of a political party as well as reporting?"

Senator Beck: "Oh, yes."

Senator Odegaard: "So my question then is, what period of time for a county central committee, for example? Is that on a calendar year basis?"

Senator Grant: "In response to Senator Odegaard's question, it does apply to the current calendar year, the maximum unidentified contributions in the current calendar year could be one percent or three hundred dollars, whichever is more."

Senator Odegaard: "Thank you."

POINT OF INQUIRY

Senator Odegaard: "I have another question then, Mr. President. Section 3 of the bill further provides for inspection of such committee's records at the address of the campaign treasurer during the eight day period prior to the election. I am curious, are there any restrictions as to what kind of access people would have to the campaign treasurer? Is the campaign treasurer to allow people into his or her home at any time to show the records to anyone who might stop by in that eight day period?"

Senator Beck: "Senator Odegaard, that is the way the Initiative No. 276 reads, but believe me, if anyone came around my house knocking on the door in the middle of the night, he would sure get thrown out in a hurry. That is the way the bill reads, yes. You have got to have it accessible, but I think that the Public Disclosure Commission—I am not sure of this—but I think that they have ruled it must be during working hours. I do not know—you might say, maybe you might have a graveyard shift—but I interpret it to be from eight to four in the daytime."

Senator Odegaard: "Thank you, Senator Beck."

Senator Beck: "This is an initiative that was enacted by the people."
REMARKS BY THE PRESIDENT

The President: "Prior to the roll call, the President should like to respectfully call the attention of the members to that portion of Rule 3 which states, 'and no Senator or other person shall remain by the Secretary's desk while the roll is being called or the votes are being counted.'"

ROLL CALL

The Secretary called the roll on the final passage of Engrossed Substitute Senate Bill No. 2795, and the bill passed the Senate by the following vote: Yeas, 47; nays, 1; excused, 1.

Excused: Senator Talley—1.

ENGROSSED SUBSTITUTE SENATE BILL NO. 2795, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

MOTION

On motion of Senator Mardesich, the Senate resumed consideration of Engrossed House Bill No. 95.

SECOND READING

ENGROSSED HOUSE BILL NO. 95, by Representative Kilbury:
Adding a new chapter which revises all statutes relating to eggs and egg production.

The Senate resumed consideration of Engrossed House Bill No. 95 on second reading. On Wednesday, April 23, 1975, the committee amendment, as amended, was adopted.

MOTION

On motion of Senator Jolly, the Senate moved to reconsider the vote by which the committee amendment, as amended, was adopted.

The motion for reconsideration carried.

The President declared the question before the Senate to be adoption of the committee amendment, as amended.

Senator Goltz moved adoption of the following amendment by Senators Goltz, Jolly and Wilson to the committee amendment:

Strike the Goltz amendment to the committee amendment adding a new section 37.

POINT OF INQUIRY

Senator Benitz: "Will Senator Goltz yield to a question? This whole bill is quite technical and it gets into pretty much detail and as you know it has been in and out of the legislature for some time so we have to depend on the Department of Agriculture. Have these amendments been run by the Department of Agriculture?"

Senator Goltz: "It is my understanding, Senator Benitz, that they have and I believe that the way the bill was originally drafted was the way the amendments will now fix it to be, but the problem was that as I read the bill and as our caucus attorney read the bill, we thought that it would still require the smallest flock owner to appeal to the Department of Agriculture for exemption and for regulation. That is exactly the kind of problem we have in the Forest Practices Act. The person who has one tree, apparently,
has to go through the same process as the one who has a forest. I just do not think we ought to become involved at the smallest level of operation."

The motion by Senator Goltz carried and the amendment to the committee amendment was adopted.

On motion of Senator Wilson, the following amendments by Senators Goltz, Jolly and Wilson were considered and adopted simultaneously:

- On page 15, strike all of subsections (c) and (e).
- Renumber subsection (d) as subsection (c).
- On page 19, following section 33, insert the following:
  
  NEW SECTION. Sec. 34. The provisions of this chapter shall not apply to the sale of eggs by any poultry producer from his own flocks directly to a household consumer exclusively for use by such consumer and members of his household and his non-paying guests and employees, and the transportation, possession, and use of such eggs or the sale of eggs by any egg producer with an annual egg production from a flock of three thousand or less hens.

- Renumber the remaining sections consecutively.

The motion by Senator Jolly carried and the committee amendment, as amended, was adopted.

On motion of Senator Jolly, the rules were suspended, Engrossed House Bill No. 95, as amended by the Senate, was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

POINT OF INQUIRY

Senator Rasmussen: "Will Senator Jolly yield to a question? Senator Jolly, section 28, 'every egg handler or dealer who pays assessments required under the provisions of this chapter on a monthly basis in lieu of the seals shall be subject to audit by the director on an annual basis.' Then it goes on to say, 'failure to pay assessments when due or refusal to pay for such audit costs may be cause for a summary suspension of egg handlers or dealers license.' In effect, if this fellow had a hard season and did not pay his assessments, the Director of Agriculture can remove his license to raise eggs, sell eggs, or handle eggs and he would never be able to pay his assessment."

Senator Jolly: "Senator Rasmussen, as far as my understanding is that this is also the present law, that he can do the same thing at the present time."

Senator Rasmussen: "Then this is even worse than some of the other laws that we passed."

Senator Jolly: "Under the present state law."

Senator Rasmussen: "He can throw a man out of business if he cannot afford to pay his assessment."

Senator Jolly: "We had several egg dealers and egg producers in to testify before our committee and none of them testified against this bill. As I say, I am not an egg producer so I am not sure of this, but they were all in favor of the bill and more in favor of this bill than the present one that is on the books."

Senator Rasmussen: "That is pretty high-handed controls."

Senator Jolly: "But the assessment, as I understand it, is only one-tenth of one percent, or one mill rather, of each dozen eggs and this just pays for the inspection fee."

Senator Rasmussen: "Senator Jolly, I can recall the cattle producers said that that just added to the amount of loss that they had and this could be the same way with the chicken raisers. Thank you."

 REPORT OF STANDING COMMITTEE

 April 14, 1975.

 ENGROSSED HOUSE BILL NO. 988, providing for presidential primaries (reported by Committee on Constitution and Elections):
 Strike all material after the enacting clause and insert the following:

 "NEW SECTION. Section 1. In each year when a president of the United States is to be nominated and elected, there shall be held a presidential preference primary at which voters may vote for any one candidate of a major political party for nomination for president. The presidential preference primary shall be held on the fourth Tuesday in May of each presidential election year.

 NEW SECTION. Sec. 2. Each voter shall have the opportunity to vote on the official presidential preference primary ballot for one person to be the candidate for nomi-
nation by a major political party for president of the United States. The name of any such candidate for a major political party nomination for president of the United States shall be printed on the ballots only:

(1) If the secretary of state shall have determined that the individual's candidacy is generally advocated or recognized in the national news media throughout the United States and shall have certified to each major political party, on or before the sixtieth day preceding the presidential preference primary, the names of the individuals he or she has determined to be recognized candidates for the nomination of that party to the office of president; or

(2) If members of the political party of the candidate shall have presented a petition for nomination of such candidate which shall have attached thereto a sheet or sheets containing the signatures of at least a number of registered voters who declare themselves in the petition as being affiliated with the same political party as such presidential candidate, equal to one percent of the vote cast in the state for the candidate of such political party for president at the last presidential election, or at least three thousand such registered voters, whichever number is the greater. The petition shall be filed with the secretary of state not later than the forty-fifth day prior to the presidential preference primary. The signature sheets shall also contain the residence address and name or number of the precinct of each registered voter whose signature appears thereon and shall be certified to in the manner prescribed in RCW 29.79.200 and 29.79.210.

Each person desiring to vote in the presidential preference primary shall sign his or her name on a list, at the polling place, under the designation of the major political party primary in which he or she intends to vote, at which time the precinct election worker shall give such person the appropriate primary ballot. A separate ballot shall be printed for each major political party which has candidates whose names have been authorized for placement on presidential preference primary ballots under the provisions of subsections (1) and (2) of this section. The names of all presidential candidates for a party's nomination for the office of president shall be listed alphabetically in a column on that party's ballot. If the state's committee of either major political party directs the secretary of state to cause to be placed on the presidential preference primary ballot the names of candidates for election as delegates and alternate delegates to such party's national nominating convention under the provisions of section 4(1) of this act, then a separate ballot shall be printed for each major political party which has candidates for delegate and alternate delegates. The names of all candidates for delegate and alternate delegate shall be listed alphabetically in a column under the name of the presidential candidate to whom the delegate or alternate delegate is committed. In the event that the candidate for delegate or alternate delegate is uncommitted to any particular presidential candidate, those names shall be listed in alphabetical order under the designation of "uncommitted delegates or alternate delegates".

NEW SECTION. Sec. 3. Each major political party shall select delegates and alternate delegates to its national nominating convention by the method and under such rules and regulations, not inconsistent with this chapter, as the state committee of such major political party may prescribe.

Each candidate for the position of delegate, prior to the selection of delegates at the presidential primary or by such other means as the state committee of the major political party may prescribe, shall submit to the state chairman of the appropriate political party the following pledge:

**Delegate Pledge**

I, ................ , do hereby swear that I am a supporter of ......... for the office of President of the United States; and that if elected as a delegate to the ............... Party National Convention I pledge to cast my ballot as a delegate to said convention for said candidate on the first two ballots unless released by said candidate, and I pledge furthermore to do all that I can to advance the cause of said candidate at the national convention.

NEW SECTION. Sec. 4. (1) If the state committee of either major political party
directs the secretary of state to cause to be placed on the presidential preference primary ballot the names of candidates for election as delegates and alternate delegates to such party's national nominating convention, then the partisan presidential preference expressed at such election shall be nonbinding and of no force or effect upon any delegates or alternate delegates of such party elected thereat, and the following procedures shall apply to such election:

(a) Each voter may vote his preference on the official nominating ballot for as many delegates and alternate delegates as have been allotted to this state or to the congressional district, as appropriate. A plurality vote shall be sufficient to elect a delegate or alternate delegate to any national convention, and the allotted number of candidates receiving the highest number of votes shall be deemed elected;

(b) At the time a person files a statement of candidacy for delegate or alternate delegate to a national nominating convention, he shall also file a petition containing the signatures of at least five hundred registered voters residing in such person's congressional district, together with a statement declaring (i) the name of such person's preference for president or (ii) that such person is uncommitted. The filing period for the position of delegate or alternate delegate shall open the first Monday in April of each year in which a presidential preference primary is to be held and shall close on the first succeeding Friday. All statements of candidacy for delegate or alternate delegate positions, and accompanying petitions, shall be filed with the secretary of state;

(c) If party rules so provide, the name of a candidate for delegate or alternate delegate to a national nominating convention shall not appear on the ballot as being committed to a presidential candidate unless said presidential candidate's explicit written authorization therefor has been presented to or is in the possession of the secretary of state at his office in Olympia prior to the time the secretary of state must certify the names of candidates to the county auditors.

(2) If a party does not elect delegates pursuant to subsection (1) of this section, such party shall elect all of the delegates and alternate delegates to its national nominating convention from among the candidates for such positions who have subscribed to the delegate pledge required by section 3 of this act and who have declared themselves to be supporters of the presidential candidate who received the greatest number of votes among candidates of that major political party at the presidential preference primary election.

NEW SECTION. Sec. 5. Insofar as is practicable, and where the provisions of this chapter do not specifically indicate otherwise, the presidential preference primary shall be conducted in the same manner as a state primary, including the certification of the election returns by the state canvassing board: PROVIDED, That the requirement of rotation of names on the ballot shall not apply to the candidates listed on the presidential preference primary ballot: PROVIDED FURTHER, That the Secretary of state shall certify the names of all candidates who will appear on such ballot to the respective county auditors on or before the fourth Tuesday in April of each presidential year. County auditors, at their discretion, may combine and consolidate two or more precincts for the purpose of conducting this election only: PROVIDED, That no voter shall be required because of such consolidation to go to a location different from that of the last regular election. The secretary of state as chief election officer may make rules and regulations in accordance with chapter 34.04 RCW to facilitate the operation, accomplishment, and purpose of this chapter.

NEW SECTION. Sec. 6. At a presidential preference primary, a voter may vote for no more than one presidential candidate. Any presidential preference primary ballot with more than one such vote shall be void.

Notwithstanding the provisions of RCW 29.18.200, in the event an election for delegates and alternate delegates shall be held pursuant to section 4(1) of this act, a voter may vote only for delegates and alternate delegates of the same political party as such voters' indicated choice for president. If any voter votes for delegates or alternate delegates from more than one party, all such votes will be rejected.

Notice to the effect of the provisions of this section, couched in clear, simple language and printed in large type, shall appear on the face of each presidential preference
primary ballot. Where voting machines or electronic voting devices are in use, the notice shall be displayed on or about each machine or device.

**NEW SECTION.** Sec. 7. Whenever a presidential preference primary election is held as provided by this chapter, the state of Washington shall assume all costs of holding such election if held alone: PROVIDED, That if any other election or elections shall be held at the same time, the state shall be liable only for its prorated share. Each county auditor shall determine the election costs, including the state's prorated share, if applicable, and shall file a certified claim therefore with the state auditor. The state auditor shall compile such claims for presentation to the next succeeding legislature in the same manner as other legislative relief claims.

**NEW SECTION.** Sec. 8. Sections 1 through 7 of this 1975 act are added to Title 29 RCW as a new chapter thereof.

**NEW SECTION.** Sec. 9. If any provision of this 1975 act, or its application to any person or circumstance is held invalid, the remainder of the act, or the application of the provision to other persons or circumstances is not affected."

MOTIONS

On motion of Senator Mardesich, the Senate advanced to the sixth order of business.
On motion of Senator Mardesich, the Senate commenced consideration of Senate Bill No. 2130.

SECOND READING

SENATE BILL NO. 2130, by Senators Washington, Murray, Goltz and Guess:
Adding provisions for recovery and recycling to litter control and solid waste collection laws.

MOTIONS

On motion of Senator Mardesich, Substitute Senate Bill No. 2130 was substituted for Senate Bill No. 2130 and the substitute bill was placed on second reading and read the second time in full.
On motion of Senator Lewis (Harry), the following amendments were adopted:
On page 5, line 9, strike entire section and renumber remaining sections accordingly.
On page 6, lines 8 and 9, strike "from the litter control account"

On motion of Senator Washington, the rules were suspended, Engrossed Substitute Senate Bill No. 2130 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.
Debate ensued.

POINT OF INQUIRY

Senator Wilson: "Would Senator Washington yield? Senator Washington, does this bill place any kind of obligation, either fiscal, immediate, or potential or whatever on local government?"
Senator Washington: "No, it does not. It does not place any responsibility. It opens up opportunities for them without placing any obligations against them."
Senator Wilson: "But there is nothing else that local government has to do as a result of passage of this bill?"
Senator Washington: "No. It merely gives them an opportunity."
Debate ensued.

POINT OF INQUIRY

Senator Guess: "Would Senator North yield? Senator North, the reference has been made to Referendum 26 money. Can you describe to me how the department will make the distribution of Referendum 26 funds and at what amount?"
Senator North: "Senator Guess, Referendum 26 funds really must pass under the close scrutiny and control of the legislature. That is the way our Washington Future
accounts were set up. As local governments apply to the Department of Ecology for a grant, the department in turn presents the requests, after they have looked them over, to the legislature and the legislature controls the ultimate purse strings as to what is allocated and why, so we do have a close control and supervision over that. Now you might be interested to know that of the total amount that has been voted in the original bond account, only thirty million has been authorized to date and the total amount is two hundred and twenty-six million, so, Senator Guess, I think perhaps the concern here is that the legislature does have control. We will be closely watching to see how the funds are expended and that is part of the act.”

Senator Guess: “Thank you, Senator North.”

Senator Guess: “Now I would like to answer one thing for Senator Wilson. If you will go to page 2, (5), it declares: ‘It is the intent of the legislature that local government be encouraged to use the expertise of private industry and to contract with private industry to the fullest extent possible to carry out solid waste recovery and/or recycling processes,’ and this was one of the things that I came down here with on my mind this year is to try to find some way of encouraging the recycling on the home front of those recyclable and recoverable wastes that seem to be a drug on the market as far as the local community is concerned, and a tremendous amount of energy has been put into the formation of these items and it should be that we should recover as much of that energy for future use as possible. The only thing that bothers me, and I will have to admit to you here on the floor that I am very reluctant to give to the Department of Ecology any further authority, but I believe that the bill so prescribes and circumscribes the Department of Ecology that they cannot get into this process themselves but has got to encourage the local agencies. If we come back and find at the beginning of the next session that the Department of Ecology has not carried this out, then I will be back to you to discuss it on the floor.”

Further debate ensued.

POINT OF INQUIRY

Senator Rasmussen: “Will Senator Washington yield to a question? Senator Washington, on page 2, section 2, ‘The purpose of this chapter is to establish comprehensive statewide program for solid waste handling and solid waste recovery and/or recycling.’ Is that the intent that the State Department of Ecology will set this up? This in effect would give it that program. Solid waste recovery. What I am thinking about, would they somehow be empowered to move in, take over the local garbage disposal and create a statewide grid?”

Senator Washington: “Absolutely not. We do hope that we will have a program that is statewide in scope, that every part of the state, every community in the state, is encouraged to take part in this program. I think you can go through this bill with a fine tooth comb and that you cannot find any place where the Department of Ecology has a carte blanche to move ahead. The original bill, the Governor’s bill, this is part of the bill. It had a tremendous financial impact. These have all been taken out by the committee, the committee feeling that what we wanted to do, particularly in this field, the technology is not far enough advanced to have what you might term a rigid statewide system controlled by the state. We could have a statewide system that would be worked out by the communities on a voluntary basis. We also felt that until the technology is well developed that we are in no position to even have what you would call regional plans or county-wide plans or statewide plans. We just do not know in what direction it is going to go and definitely they would not have the power that you are concerned about.”

Senator Rasmussen: “Senator Washington, I can see with that statement there and using the Administrative Procedures Act that we could have a full-blown state division set up as we have had many others where they are more and more reaching for power and we eventually have something that we are all complaining about.”

Senator Washington: “I think if you go down through it you will see that everything is directed towards the granting and assisting individual local districts, local areas — for instance, it could be a sewer district, a city, and if in the future we have any type of a garbage collection district, those could be included in an act such as this. I might say,
while I am on my feet, that as far as Senator Woody is concerned we did want to encourage federal grants. This is an area where money is available, but we did not set up a program where a city had to move into that program. If we had said each city will develop a plan and will do such and such and that they can use federal funds to do this, this I think you could have some fears, but this is purely voluntary. If they wish to go into this field and find federal funds, then they would be able to make an application for the use of referendum funds.

POINT OF INQUIRY

Senator Wilson: “Will Senator Washington yield again please? Senator, I would like to explain in a little more detail what my concern is about the matter of potential local government involvement. Several years ago the legislature passed an act which mandated that counties develop solid waste disposal programs, namely, phasing out the old type of garbage dump and getting into a new system of sanitary landfills. That act said that the Department of Ecology, which was entrusted with the encouragement of such a program, would, with whatever funds were available, reimburse counties for the expenses they were encountering in trying to develop sanitary landfill systems. Now during the current biennium, the Department of Ecology has come up with zero dollars to supply to local government in trying to meet this new need that was mandated by the state legislature. During the current budgetary process, the Department of Ecology has not even requested funds for that purpose. In other words, there was an implied expression in that legislation that while the state was imposing a new obligation on county government, it would at the same time put up the money for it, and it has not and there is no indication that Ecology or any other department has any intention of doing that. Now the result of this is that in each county health department somebody or some people are having to spend considerable time on trying to develop sanitary landfills at the expense of not inspecting restaurants or not doing other things the county health departments are entrusted with, so I think the essence of my question is, why, if we have failed so completely to implement our commitment even with respect to the basic matter of disposing of solid wastes, are we now creating a new program which by virtue of some of the wording on page 4 such as ‘providing incentive or county government’ which often become more of a club than a true incentive, are we now getting into the more advanced area of recycling solid waste? I do not have any quarrel, you know, with the motivation or intent or desirability of this program but I am concerned that we may be getting into an area of compelling in one way or another county government to do something even more than what we have already told them to do and have refused to fund?”

Senator Washington: “Senator Wilson, would you please repeat that question? Senator Wilson, I think the answer is the difference between this and the solid waste recovery act is that we do not mandate. I think that was the essential thing. We mandated and said ‘You must do this,’ and then we have not followed up with the essential money. Here we merely encourage and I think it is important that we encourage them. Now that we have placed upon them the burden of collecting this waste and managing it, I think we should start giving them some tools so that they can turn this waste into a valuable product so that they will perhaps be able to actually achieve an income from the waste that they receive. I think that this is a positive way and I think that it does offer a means in the future where funds can be made available to them to carry out solid waste management. Actually, all we asked them to do was to have solid waste management. Now we are asking them and we are going to cooperate with them to turn that into a valuable product.”

ROLL CALL

The Secretary called the roll on the final passage of Engrossed Substitute Senate Bill No. 2130, and the bill passed the Senate by the following vote: Yeas, 35; nays, 9; absent or not voting, 2; excused, 3.

Voting yea: Senators Bailey, Beck, Bluechel, Bottiger, Buffington, Fleming, Goltz, Grant, Guess, Henry, Herr, Jolly, Knoblauch, Lewis (Harry), Lewis (R. H. “Bob”),
ENGROSSED SUBSTITUTE SENATE BILL NO. 2130, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

MOTION

On motion of Senator Mardesich, the Senate commenced consideration of Senate Bill No. 2560.

SECOND READING

SENATE BILL NO. 2560, by Senators Jolly and Benitz:
Relating to agriculture.

MOTIONS

On motion of Senator Jolly, Substitute Senate Bill No. 2560 was substituted for Senate Bill No. 2560 and the substitute bill was placed on second reading and read the second time in full.

On motion of Senator Wilson, the following amendments were considered and adopted simultaneously:

- On page 3, line 11, after “a loan” and before “or combination” strike “or grant”.
- On page 3, line 12, before “shall not” strike “thereof” and insert “loan and grant”.

Senator Wilson moved adoption of the following amendment:

- On page 5, line 5, after “representatives.” and before “Members” insert “The members of the legislature who serve as ex officio members shall collect data for reports to the agricultural committees of the Senate and House of Representatives and for future legislative proposals, and shall be deemed engaged in legislative business while in attendance upon the business of the technical advisory committee and shall be limited to such allowances therefor as provided in Chapter 43.03 RCW, the same to be paid from the state and local improvement revolving account—water supply facilities, as being expenses relative to agricultural water supply facilities.”

POINT OF INQUIRY

Senator Rasmussen: “Will Senator Wilson yield to a question? Senator Wilson, recently an announcement was made that the Department of Ecology was going to release and grant the applications for water over in eastern Washington. I understand that that has been changed now, that when the Governor got back into town he said no. Would this be an appropriate bill to put some type of leverage in there to say that the Department of Ecology shall comply with the law?”

Senator Wilson: “Senator Rasmussen, the subject you are raising pertains to the granting of water right applications. This bill pertains to the allocation of Referendum 27 bond issue funds in the form of grants or loans to local irrigation districts. I am not the one to decide whether your suggestion technically would fall within the scope and object of the bill but I would have to say that it is not the intent of this bill to concern itself with water right applications.”

Senator Rasmussen: “My thought was that this would be the appropriate vehicle to carry something like that and maybe Senator Benitz would want to explore that and put it in on the other side. Thank you.”

Debate ensued.
POINT OF INQUIRY

Senator Goltz: "Would Senator Wilson yield to a question? Are we on your amendment on page 5, line 5?"

Senator Wilson: "That is correct."

Senator Goltz: "I notice that on the third line from the bottom it refers to some obligations to be paid from state and local improvement accounts. Oftentimes people in my county are concerned about placing an obligation upon local government which is not paid. I wonder if we are placing a local government obligation without paying the bill?"

Senator Wilson: "No, we are not, Senator. The phrase 'state and local improvement revolving account' is the name which is technically applied to the depository being used for Washington Future bond issues money and this in no way places any obligation on local government."

The motion by Senator Wilson carried and the amendment was adopted.

On motion of Senator Jolly, Engrossed Substitute Senate Bill No. 2560 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

Debate ensued.

  Imposing liability for certain taking of merchandise.

REPORT OF STANDING COMMITTEE

March 6, 1975.

ENGROSSED HOUSE BILL NO. 92, imposing liability for certain taking of merchandise (reported by Committee on Commerce):

RECOMMENDATION: Do pass with the following amendments:

On page 1, line 9 of the engrossed bill, being the House amendment to page 1, line 9, after "owner" insert "or seller".

On page 1, line 11 of the engrossed and printed bill, after "to the" and before "seller" insert "owner or", and after "for the" strike "retail" and insert "replacement".

On page 1, line 13 of the engrossed and printed bills, after "two hundred dollars" insert a period and strike the remainder of the sentence.

On page 1, line 23 of the engrossed bill, being line 22 of the printed bill, after "two hundred dollars" insert a period and strike the balance of the sentence.

On page 1, line 25 of the engrossed bill, being line 23 of the printed bill, after "to the" and before "seller" insert "owner or".

On page 2, line 1 of the engrossed bill, being page 1, line 29 of the printed bill, after "the" and before "seller" insert "owner or".

Signed by: Senators Van Hollebeke, Chairman; Cunningham, Morrison, Peterson, Ridder.

The bill was read the second time by sections.

On motion of Senator Marsh, the committee amendment to page 1, line 9 was adopted.

Senator Marsh moved adoption of the committee amendment to page 1, line 11.

POINT OF INQUIRY

Senator Bottiger: "Would Senator Marsh yield to a question? Senator Marsh, that sounds to me like you are violating the normal rule of damage in the value. The conversion statute would provide the fair market value of the product and now you are going down to a wholesale value."

Senator Marsh: "That is correct. And this is the judgment of the Judiciary Committee that we should adopt a lesser damage requirement, if you will, and if it is possible for the goods to be replaced at a wholesale cost rather than a retail cost, the majority of the committee thought it should be done at the wholesale cost or the replacement cost. Sometimes it might work the other way if the goods were rare and not easily replaced, but normally it would allow some savings."

POINT OF INQUIRY

Senator Talley: "Would Senator Marsh yield to a question? In handling, unpacking and placing on the shelves of these goods, there is quite a labor cost in there. Don't you think he should have some compensation for that?"

Senator Marsh: "Senator Talley, the bill provides that in addition to being liable for the replacement cost, that the shoplifting party, the liable party will also be liable for the cost of a court action up to two hundred dollars. That would offset some of that handling cost."
Senator Talley: “I do not understand the cost of the court action. What has that got to do with the merchandise?”

Senator Marsh: “This bill contemplates that when a person has been charged in a civil action for shoplifting that a court action can be brought for the replacement value plus cost of preparing and presenting the cause of action, not less than one hundred dollars nor more than two hundred dollars. Now you will also note in section 4 that it says that if possible, if the claim is under three hundred dollars, it will be tried in small claims court. Now in small claims court you do not have an attorney. It is just the plain­tiff versus the defendant and normally your cost would not amount to two hundred dollars just for court costs there, because all you have is the filing fee and so there really is, in most cases, some latitude there for covering the costs.”

Senator Talley: “Then in your opinion the merchant would have the right to recover his labor costs and things on top of the wholesale cost of the merchandise?”

Senator Marsh: “He would have a right to have the replacement value plus the cost of bringing the suit, and in some cases if he got a generous award for the cost of the suit, that would cover the labor cost. Not in all cases but in some cases it would.”

Senator Cunningham: “Senator Marsh, with your permission, I would like to respond a bit to Senator Talley’s question and also Senator Bottiger’s in that this came out of the Commerce Committee. One of the reasons for using the word ‘replacement’ was not to warrant wholesaling for those who choose to shoplift but in order to make this fit in the small claims court where you have statutory prohibitions on the value of the claim, and realizing that sometimes the markup is one hundred percent. A one hundred and fifty dollar wholesale stereo component could have a retail value of three hundred dollars and you would not be able to go into small claims court, so that is also some of the thinking behind using the term ‘replacement’.”

Debate ensued.

On motion of Senator Bottiger, the following amendment to the committee amendment was adopted:

Amend the committee amendment to page 1, line 11 as follows: On the third line of the amendment strike all the matter after “owner or”

The motion by Senator Marsh carried and the committee amendment, as amended, was adopted.

On motion of Senator Marsh, the committee amendments to page 1, lines 13 and 18 were adopted.

Senator Marsh moved adoption of the committee amendment to page 1, line 21.

Senator Clarke moved adoption of the following amendment to the committee amendment:

Amend the committee amendment to page 1, line 21 as follows: On the third line of the amendment strike all the matter after “owner or”

Debate ensued.

The motion by Senator Clarke carried and the amendment to the committee amendment was adopted on a rising vote.

The motion by Senator Marsh carried and the committee amendment, as amended, was adopted.

On motion of Senator Marsh, the committee amendments to page 1, lines 23 and 25 and to page 2, lines 1 and 2 were adopted.

Senator Francis moved adoption of the following amendment:

On page 1 of the engrossed and printed bills, strike all of subsection (2). Renumber the remaining subsections.

Debate ensued.

PARLIAMENTARY INQUIRY

Senator Bottiger: “Mr. President, I think I have a point of parliamentary procedure. If I would choose to offer an amendment to subsection 2, would it come before Senator Francis’s amendment striking subsection 2?”
FORTY-THIRD DAY, APRIL 25, 1975

REPLY BY THE PRESIDENT

The President: "Yes, Senator Bottiger."

Senator Bottiger moved adoption of the following amendment:

On page 1, line 15 of the engrossed and printed bills, after "the" and before "custody" strike "legal" and insert "actual physical".

POINT OF INQUIRY

Senator Francis: "Would Senator Bottiger yield? Senator Bottiger, if I were to offer myself as a foster parent for a juvenile who was in a great deal of trouble down at juvenile court and the judge and the others, including the actual parents who could not control the child because that child was doing so much shoplifting, if I was to offer myself as a foster parent in that situation in order to try to help straighten out that person's life, would I, under your amendment, be liable for any shoplifting that child does while in my custody?"

Senator Bottiger: "Senator Francis, I think you would. I think you could be under either circumstance because there is usually a court order placing that child with you that would put it in your legal custody as well. Senator Woody reminds me that we have many children in the legal custody of the state of Washington and we are exposing ourselves to some liability in that respect."

Senator Francis: "Thank you, Senator Bottiger."

Debate ensued.

POINT OF INQUIRY

Senator Washington: "Mr. President, would Senator Bottiger yield to a question? Your amendment would strike the word 'legal' and make 'actual' and I think someone raised a point that what we may be doing is making it difficult and discouraging people from taking juvenile delinquents into their homes, and I think you need to have some sort of a saving clause that someone who has a delinquent or someone who is on the verge of delinquency, in their custody for that purpose, that they should not be liable. I have not tried to draw the amendment because I have not been a part of this, but it seems to me something along that line should be put in."

Senator Bottiger: "Senator Washington, I do not know how you can cure that. No matter what we do with that section, unless we put it down and put a proviso in of some kind, you are either going to have some kids for whom there is not any responsibility or, if you leave it the way the bill is written, you may have the state of Washington which has legal custody of children, you may have a parent who has not seen the kid for two years, liable under this act."

MOTION

Senator Rasmussen moved that Engrossed House Bill No. 92, as amended, be referred to the Judiciary Committee.

Debate ensued.

President Pro Tempore Henry assumed the Chair.

MOTION

Senator Stortini moved that Engrossed House Bill No. 92, as amended, be placed at the beginning of the second reading calendar for Monday, April 28, 1975.

The motion by Senator Rasmussen failed on a rising vote.

The motion by Senator Stortini carried. Engrossed House Bill No. 92, as amended, was ordered placed at the beginning of the second reading calendar for Monday, April 28, 1975.

MOTIONS

On motion of Senator Mardesich, the Senate advanced to the eighth order of business.

Senator Lewis (Harry) moved adoption of the following resolution:

Woodall has saddened the many who knew him; that the memory of Perry and his energy and consciousness of the importance of service to the common cause will be a reminder and model worthy of emulation by those who still have the same opportunities before them.

REMARKS BY SENATOR HARRY LEWIS

Senator Lewis (Harry): "Mr. President and members of the Senate, Perry came from Toppenish and I guess to say that he was extraordinary would be an understatement. He had those human qualities right on the surface of him; emotion, eloquence, heart, directness and courage, and I think other adjectives that you could add to this. He was a very sensitive man, sensitive to people, to life, to government. He practiced as an attorney by himself, did some farming, gave his life to the legislature. Perry has returned to Toppenish and we will miss him."

REMARKS BY SENATOR KNOBLAUCH

Senator Knoblauch: "Mr. President and members of the Senate and ladies and gentlemen of the gallery, there is a time to laugh and there is a time to cry, and today we cry over the death of a very dear friend. Senator Perry Woodall was surely one of our greatest citizens and greatest statesmen. What a remarkable man. Perry Woodall was as beloved on the Democratic side of the Senate as he was by his own party. He was truly a great man and he brought credit to the word 'politician.' And what a debater. He was to the state of Washington what the Clays and the Websters, the Haynes and the Douglasses
were to the members of our United States Congress. Listen quietly and you can almost hear the voice of Perry Woodall, the voice ringing out in the Senate chambers, as he was involved in one of our debates. Perry loved a good fight. He was a great debater and he loved to debate. And he surely must be one of the greatest legislators in our state's history. Just imagine, nearly thirty years of service to the people of the state of Washington and to the people of his district and his state.

“Perry Woodall loved Toppenish and Toppenish loved Perry Woodall. They gave him their trust and their faith, and for thirty years he represented them here in Olympia. Perry was proud of the faith and trust placed upon him by the people whom he represented, and in return he gave his best. And he was one of the best that ever sat here in Olympia.

“Perry was a veteran of World War II, serving in the Navy, and had great love for his country and his flag. He was extremely proud of his membership in the American Legion. In the early part of the 1970's it hurt Perry Woodall when some of the young folks in our country trampled and burned our American flag that he fought so proudly to defend. He was always one that was proud of his state and his nation.

“I was so happy when I read on Tuesday that Perry was going to be considered for a state position that in two years he could receive a decent salary for thirty years of sacrifice made for the state of Washington. He gave up most of his law practice so he could be a public servant, and in return was going to receive so little compensation for his efforts. And then sadly I heard the news Tuesday afternoon or evening that Perry had had a stroke, and now today came the tragic news of his death. Though he did not have a good fortune of a long retirement on earth, surely there will be a special place in heaven for Perry Woodall. I shall remember him in my nightly prayers, the same as I remember my mother and father and my sisters, a brother, and other relatives and friends, I pray that God will have mercy on his soul and grant him rest and eternal happiness.

“Many years ago Perry Woodall and I had a falling out in the House, and for a while there was hatred in my soul against Perry Woodall. In time that was forgotten and we became the best of friends, and when Perry retired and came back to Olympia he always made it a point to come to my office, and this meant an awfully lot to me. Yes, there is a time to laugh and a time to cry, and none of us will ever forget the ability of Perry Woodall as a storyteller. And we can stop a moment again and almost hear the boisterous laugh of Perry as he told some of his friends another one of his famous jokes. I can always smile when I think of our friend Perry. Nothing in life is better than to have good friends. Good friends are something that money cannot buy. And you could not buy the friendship of Perry Woodall, you had to earn it, and Perry had a lot of friends. How terrible it would be in life if you did not have someone you could go to and talk in confidence, someone whose confidence and advice is worth much more than money can buy, someone who is most special to you. Perry Woodall was one of those people.

“Years ago I memorized a poem that I have recited on this floor a few times and it is entitled ‘Friends.’ It means much to me because God has blessed me with so many dear friends, and today in behalf of the members of the Senate I want to repeat these few words and dedicate them to a very dear friend of every person in this audience.

‘Life is sweet because of the friends we have made And the things which in common we share. We want to live on not because of ourselves But because of the people who care. It is giving and doing for somebody else On this all of life’s splendor depends. And the joy of this world When you have summed it all up, Is found in the making of friends.’

“Senator Perry Woodall, you have earned the tribute, ‘Well done, thou good and faithful servant.’”

REMARKS BY SENATOR MORRISON

Senator Morrison: “Mr. President, ladies and gentlemen of the Senate, in 1969
Perry called me one day from over in the House chambers and I got over here and he had both tears in his eyes and a smile on his face that he is famous for, again reacting to this group, this Senate, said, 'Do you know what that bunch of jerks has done to me?' And he showed me that resolution that all of you sponsored a few years ago, paying tribute to Perry at that time. One of the very proudest days in his life, and I commend this body for having the sensitivity to provide that sort of honor for someone truly deserving of it.

"In December, just this past year, those of us in Perry's home area put together a special night in his honor, and Pete Francis is still smiling. We had a good time and Perry had again one of the times of his life. Thank goodness we took that evening. The Morrison and the Woodall farms are back to back, and all of us in that part of the world would like to claim Perry. We really would. But you and I, we all know, his life was right here. You were his life. And so on behalf of his friends back home, the neighbors, everyone in our community, I would like to say to each one of you and to the employees of the Senate, the people that Perry knew so well through these years, thank you for your friendship to him. Thank you for the many courtesies that you know he appreciated and also extended back to you, and now on this day in sadness, thank you for your loving memory of him."

REMARKS BY SENATOR DAY

Senator Day: "Mr. President, ladies and gentlemen of the Senate, Perry Woodall was a great American; he was a great legislator and a statesman in the process; he was a great lawyer and a real man's man. As an American you know he was a veteran. He defended his country against its enemies, both foreign and domestic, and he felt sometimes I think that some of those enemies were more domestic than foreign. He was quick to defend principles of his country and spoke with a great deal of reverence and pride of history. You have heard him make speeches on the floor in which he did just exactly this. He always fought fairly and strongly as a legislator. His position, when he felt it was right, there was no retreat to Perry. Timing and fortune were good to him and they were very bad to him. I submit to you that had the timing been right, had he sought the office of Congress or of United States Senate, he would not have been state-renowned; he would been world-renowned. He was a statesman; he was for or against on the basis of principle and he never waivered, regardless of his party's stance, on an issue or even a friend's stance. He would get up and tell you he thought you were wrong and he would do an excellent and fair job in the process.

"I once told him if I was ever on trial for my life that I would want him to present the case. He was the Clarence Darrow of the Senate, in my opinion, and in addition he never lost the objective means to explain his position and do it so all could understand, regardless of how complex the subject was. He was a brilliant defense lawyer.

"The press, many, many of them, the vast majority, loved him. Some of them disliked him and I think he would have been the first to defend freedom of the press and probably gave them the strongest arguments on this floor. For those who disliked him and took some very, very bad shots at him, they won't have to worry about the size of his pension now. They tried to kill him politically and I hope and pray to God for their sakes that they did not contribute to his early earthly demise. I count myself very fortunate for having known this type of a man who was a real man, personable, friendly, strong, trustworthy, highly honorable type of a human being with all the traits of a real man, and I count myself very fortunate to have had him as a friend.

REMARKS BY PRESIDENT JOHN A. CHERBERG

Our State of Washington today is mourning the loss of one of its most distinguished public servants. Our colleague, Perry Woodall, in many ways exemplified the very highest qualities of leadership and dedication to the public good. His ability to grasp the complexities of legislation, his ability to translate those complex problems in simple and straightforward terms, his willingness to weigh public problems in the rigid balance of the public good, his untiring dedication to his public duties — all these things made him one of our state's most capable and most honored Senators. But for us here today, we
mourn with equal sorrow the loss of this dear personal friend, this man of steady charm, spontaneous wit, ready warmth and unquestioned loyalty. Our state shall deeply miss Senator Perry Woodall. Those of us in this gathering here today shall deeply miss our dear friend Perry.

The motion by Senator Lewis (Harry) carried and the resolution was unanimously adopted.

SECOND READING

ENGROSSED HOUSE BILL NO. 278, by Representatives Sommers, Shimpoch, Charnley, Kraabel, Matthews and North (by Department of Social and Health Services request):

Providing for nursing home accounting systems.

REPORT OF STANDING COMMITTEE

March 7, 1975.

ENGROSSED HOUSE BILL NO. 278, providing for nursing home accounting systems (reported by Committee on Social and Health Services):

MAJORITY recommendation: Do pass with the following amendment:

On page 2, line 8 of the engrossed bill, being line 7 of the printed bill, after the period insert: "The department shall purchase ambulance care by contract either on a "fee for service" basis or at a reasonable cost based on a ratio of charges to cost. Any ambulance service when requested by the department shall supply such information as necessary to justify its rate, charges, or costs. The department shall establish an ambulance accounting and reimbursement system which recognizes relevant cost factors, including a reasonable rate of return on investment, in providing ambulance services generally. The contract with any ambulance service shall provide that no payment shall be made to the ambulance service if it does not permit inspection by the department of its vehicles, premises, and records, including financial records."

Signed by: Senators Day, Chairman; Buffington, Goltz, Gould, McDermott, North, Pullen, Ridder, Van Hollebeke.

The bill was read the second time by sections.

Senator Day moved adoption of the committee amendment.

POINT OF INQUIRY

Senator Rasmussen: "Will Senator Day yield to a question? Senator Day, I am a little concerned about this bill and the amendment, particularly as relates to a county and would require the Department of Social and Health to set up reasonable accounting systems. Now my question in this: the Department of Social and Health is all fouled up over there and they have got innumerable snafus on their own accounting system. They hired Haskins and Sells to make a program evaluation. They came back with numerous recommendations on their accounting. How in heaven's name are they going to be able to set up a reasonable accounting system for the nursing homes when they cannot do it in their own department?"

Senator Day: "Senator, it is an attempt on our part and on the people in this particular relative to ambulance services and that is the thing we are talking about is the department's purchase of ambulance services. We need some basis to know what the basis of cost is and in order to do that we have got to have standardized bookkeeping proce-
dures and it is the idea of this amendment to provide those standardized procedures so the department can set fee schedules that will allow the operator to continue to operate and to, in addition, make a small profit, which of course every business has to make, and so that is what the amendment is before us at the moment. Now the ambulance companies came in and asked for this because presently the way the schedules of payment are, they say they are not being paid even the cost of the trip, and so it was our intent to let the department have an opportunity to discover what the true costs of these trips are and to pay accordingly."

Senator Rasmussen: "You are speaking on the amendment. I will ask you another question on the main bill then."

Senator Day: "The amendment is what is before us."

The motion by Senator Day carried and the committee amendment was adopted.

Senator McDermott moved adoption of the following amendment:
Beginning on page 1, line 30, after "plant," strike "and a reasonable rate of return on investment"

Debate ensued.

POINT OF INQUIRY
Senator North: "I would like to look at these words and ask Senator McDermott if he would yield to a question. Has the Department of Social and Health Services really come to grips with these words? Have they specifically defined what a reasonable rate of profit is? Are we talking about ten percent, three percent, thirty percent, fifty percent? I would submit that I think most members of this body are not aware of a three percent margin is what a not-for-profit organization must operate in. I think that is much tighter than most people are aware of, Senator McDermott."

Senator McDermott: "Senator North, members of the Senate, I called the audit section of the Department of Social and Health Services, the audit section that covers nursing homes, and I asked them directly, 'What does this phrase to you mean, a reasonable rate of return on investment?' and they do not have a definition for that. They use a number of different ways of figuring it. If a nursing home is debt financed, that is, they have gone out to a lending institution, they allow them to pass through their interest as a way of making some return on their investment. There are many homes that have gone out and sold the home to some other member of their family and then take the interest as a part of the rate of return, in addition raising the actual amount of investment, and the effect has been from figures given to me that they average between twelve and sixteen percent of return on investment in this state. Now that is above the four and one-half percent which they allow to nonprofit nursing homes, and that is the best information that I can give you. I think it is very clear they do not have a definition, and the reason I struck this out of the bill was because I did not know how to write that without us looking at the whole thing, as I think the Hospital Rate Commission, I think Senator Day raises a question, I think someday the Hospital Rate Commission ought to look at the whole process. Then we could allocate a reasonable rate. At the moment it is done totally on an irrational basis as to whatever the debt financing structure of a particular home is."

MOTION
Senator Rasmussen moved that Engrossed House Bill No. 278, as amended by the Senate, be held for further consideration on Monday, April 28, 1975.

Debate ensued.

POINT OF INQUIRY
Senator Washington: "A question to Senator McDermott or maybe someone else, perhaps Senator Clarke. Senator McDermott, first, is the problem in determining the amount really of investment and in that connection, would it be any more precise if you left in the words 'and a reasonable rate of profit'? It seems to me that profit perhaps is easier to determine and come by than by taking in the investment which may be inflated? I am not sure whether I am helping it or not. I am just offering that. I will ask Senator McDermott first and then if Senator Woody wants to take a try at it, he can."
Senator McDermott: "I would defer to anyone who is more familiar with the utilities area than I am, but it seems to me that we have a great body of law related to setting utility rates. We have gone into great detail figuring out exactly how we want to do it. We have nothing in this area by which the department can operate. They operate totally at their own discretion and it is that question that I think we ought to just strike this until we adopt the body of law that says, as we have with hospitals, we have put all the hospitals under the Hospital Rate Commission; I would be glad to prepare an amendment to put the nursing homes under the same commission. I think without that kind of body of law to operate by, we have really turned the department loose to do whatever it chooses."

Senator Woody: "I am only looking for the correct language in the statute. It is my vague recollection, until I find that language, that if you use the word 'profit' that means that whatever you may pay the administrator or anyone else is overhead anything on top of that is profit so he can, in essence, puff up his costs; whereas if you use the term, and I think this is the term used in the rate setting in Transportation and Utilities, that is 'reasonable rate of return of investment' the person cannot unreasonably puff up his own expenses that in turn go into his own pocketbook."

Senator Henry: "I can verify that, Senator Woody. The salary schedules are filed with the commission. It becomes the rate of return upon your investment."

Further debate ensued.

The motion by Senator Rasmussen failed on a rising vote.

President Pro Tempore Henry declared the question before the Senate to be adoption of the amendment by Senator McDermott.

The motion by Senator McDermott failed and the amendment was not adopted on a rising vote.

On motion of Senator Day the rules were suspended, Engrossed House Bill No. 278, as amended by the Senate, was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

ington.

MOTIONS

On motion of Senator Mardesich, the rules were suspended and the committee re-
port on Engrossed House Bill No. 861 was read in full.

On motion of Senator Mardesich, the committee amendment was adopted.

On motion of Senator Mardesich, the committee amendment to the title was
adopted.

On motion of Senator Mardesich, the rules were suspended, Engrossed House Bill
No. 861, as amended by the Senate, was advanced to third reading.

POINT OF INQUIRY

Senator Newschwander: "I wonder if Senator Mardesich would yield to a ques-
tion? I notice in the original House bill that came over, the dates for this allotment for
the legislature was from the first of February, 1975 to January 31, 1977. Now in our
amendment we are using the same amount of money and you said we might be short.
Doesn't this mean that we have to come back in January and have another legislative
appropriation to get through the biennium?"

Senator Mardesich: "Yes, we are going back to the system of appropriating as we
arrive for the biennium following that."

Debate ensued.
POINT OF INQUIRY

Senator Lewis (Harry): "Would Senator Mardesich yield? Senator, I am looking at Senate expenditures dated April 23 on Senator Snyder’s stationery and it shows that we have about one hundred and eighty thousand dollars left and that we have spent, including bills, about five million seven forty. Now, in looking at the amendment, does this mean the Senate expenses and salaries of members are six million two seventy-two four hundred? There is no starting date that I can see in the funding period whereas there was in the original bill. It appears to me that where we have already paid our expenses through today’s date which is the 25th, that there should be a deduction here somewhere for those monies that we have already spent, and I wonder if you could explain the relationship between Senator Snyder’s publication and Senator Mardesich’s six million dollars, how they fit."

Senator Mardesich: "If you look to that second page which was handed to you, which is the estimated expenditures for the 75-77 biennium, you will note there that there is a detailed analysis that shows a per month and a biennium expense. It shows that costs of operation would be five million dollars and the additional for session expenses would be two million zero fifty-six. We have deducted from that amount the sum of seven hundred and ninety thousand dollars which would be the balance for the period through June, and then the six million two hundred and seventy-two thousand balance which is left in the bill would be that portion which was designed to carry us through January of 1977."

Senator Lewis (Harry): "Are you saying that six million dollars will carry us from now through January?"

Senator Mardesich: "Six million plus what we have on hand, yes."

Senator Lewis (Harry): "Six million plus one hundred and eighty thousand is what is necessary to carry from now through January, 1977. I see. And that is assuming how long a session next January, Senator?"

Senator Mardesich: "That will put us back into a situation where we will have to come back and as of January 30th appropriate again on our best estimate at that time what the length of the session will be."

Senator Lewis (Harry): "And what about a September session, Senator Mardesich?"

Senator Mardesich: "That possibility, at the time this figure was made, had not been allocated for. As I indicated earlier, I thought that as a consequence of the school problem, if there is either a continuing or new session that these figures could well cause us problems and we may have to appropriate more for that special session."

Senator Lewis (Harry): "And finally, Senator Mardesich, I note the remarkable job that has been done here and I really mean that, not facetiously, but could you tell me, do you really think that Representative Sawyer needs the money?"

Senator Mardesich: "If I were to judge from the look on his face this morning."

POINT OF INQUIRY

Senator Odegaard: "I wonder if Senator Harry Lewis would yield to a question? Senator Lewis, since both Senator Snyder and I reside in the Twentieth District, I was just a little puzzled when you said 'Senator Snyder'."

Senator Lewis (Harry): "I am delighted to see that you are nervous, Senator."

MOTION

On motion of Senator Lewis (R. H. "Bob"), Senator Matson was excused.

SECOND READING

SECOND SUBSTITUTE SENATE BILL NO. 2628, by Committee on Higher Education (originally sponsored by Senators Sandison, Benitz, Guess, Scott and Goltz):

Enacting new law relating to regulation of postsecondary proprietary schools and their agents.

The Senate resumed consideration of Second Substitute Senate Bill No. 2728. On Wednesday, April 23, 1975, Senator Sandison had substituted Second Substitute Senate Bill No. 2628 for Senate Bill No. 2628, and placed the bill on second reading.

On page 3, line 4, add the following:

"PROVIDED, HOWEVER, That employees of the school whose activities are limited to the premises of the school should not be considered "agents" within the meaning of this act."

Debate ensued.

The motion by Senator Bottiger failed and the amendment was not adopted on a rising vote.

There being no objection, the amendment by Senator Bottiger to page 4, line 8 on the Secretary's desk, was withdrawn.

Senator Bottiger moved adoption of the following amendment:

On page 14, line 23, after "in" insert "the". Strike "such" and insert after "sum" "of $1000.00"

Debate ensued.

The motion by Senator Bottiger failed and the amendment was not adopted.

Senator Bottiger moved adoption of the following amendment:

On page 15, after line 31 insert a new subsection as follows:

"(5) In lieu of the surety bond required by this section the school or agent as the case may be may file with the agency a deposit consisting of cash or other security acceptable to the executive officer of the agency."

Pertaining to the cigarette excise tax.

The bill was read the second time by sections.

On motion of Senator Donohue, the rules were suspended, Engrossed House Bill No. 451 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

POINT OF INQUIRY

Senator Rasmussen: "Would Senator Donohue yield to a question? Senator Donohue, has this bill been cleared by the Governor's Indian Advisory Commission?

Senator Donohue: "Senator Rasmussen, all I can tell you that during the Ways and Means hearing there was no one there that objected to this bill and no one from the Indian Affairs Advisory Commission was present, and I have not heard from them."

Senator Rasmussen: "Then the second question, would it be possible to make it a little more palatable to the forty tribal chiefs that we could maybe divert this money into the tribal funds, this tax that they would collect?"

Senator Donohue: "I had not thought of that, Senator."

Senator Rasmussen: "It would be possible then?"

Senator Donohue: "I suppose."

Senator Rasmussen: "Thank you."

POINT OF INQUIRY

Senator Talley: "Would Senator Donohue yield to a question? How about the people that live on the border and go over into Oregon and buy two cartons?"

Senator Donohue: "This does not have any effect upon those people, Senator. This is purely those people that buy from the Indians on the reservation that are not members of the tribe. This is the only thing that this deals with."

Senator Talley: "Thank you. If it did, half of my constituents would be in jail in a week."

Debate ensued.

ROLL CALL

The Secretary called the roll on the final passage of Engrossed House Bill No. 451, and the bill passed the Senate by the following vote: Yeas, 29; nays, 14; absent or not voting, 2; excused, 4.

Absent or not voting: Senators Fleming, Mardesich—2.

ENGROSSED HOUSE BILL NO. 451, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

MOTION

On motion of Senator Walgren, the Senate commenced consideration of Engrossed Senate Bill No. 2698.

THIRD READING

ENGROSSED SENATE BILL NO. 2698, by Senator Francis:
Permitting legislative authorities of home rule counties to designate up to twelve unclassified position of administrative responsibility.

The Senate resumed consideration of Engrossed Senate Bill No. 2698. The committee amendments were adopted on Tuesday, April 22, 1975.

Debate ensued.

POINT OF INQUIRY

Senator Grant: "Would Senator Fleming yield to a question? Senator Fleming, can you tell me the positions that the sheriff of King County indicated were necessary to be filled under this and whether or not they are filled now?"

Senator Fleming: "I think I would refer to Senator Francis on that. He had a list of those with him the other day."

Senator Grant: "Included in that list was not there a legal officer, Senator Francis? I think I saw the list the other day. I will just make some comments about it. I believe there was a legal officer which the sheriff now has, a communications engineer which the sheriff now has. An administrative assistant which the sheriff now has. The only thing is that this takes it out of civil service, the appointment of those positions. He has five positions he can appoint. That is the same as for the city of Seattle which is a heck of a lot larger police force. He has those five appointments but the only point is, he wants seven more you take out of the arena of civil service and, sure, maybe the county council does have the authority to approve these things, but King County is in a unique position in that the prosecutor there has said that Department of Public Safety is open to open competitive examinations within various ranks above entering patrolmen, by outside law enforcement agencies, or anybody outside that may have some qualifications, whereas the city of Seattle and other police departments and county sheriffs; departments in this state are not open, so we have the situation, and that is the subject of another bill that is down in Rules that I think should really be a companion to this one. What we have is the situation where the King County Police Department is open for anybody to move in but there is no opportunity for those people to move into the Seattle Police Department on a like basis, and I think there should be some reciprocity here and I really think that this bill is not near as important as the one that is in Rules and should at least be part of a package."

Senator Fleming: "Just briefly to respond to Senator Grant, I recognize the other bill that he is talking about and, sure, the rank and file of the sheriff's department, they wanted this bill and they came down here and asked for the bill last time. We passed it and it went over to the House and they came back down again this time, and the argument was that they wanted to close off their tests to be able for someone to come in and take the promotional test as Seattle has. I prefer to open them all, but we put a self-des-
tract clause on this saying we were taking a look at the overall system throughout the state. Maybe they all should be open or they all should be closed. They want to keep the promotional test within the rank and file and this bill is pretty much the same kind of thing. Those rank and file people are the ones that Senator Grant is talking about at this point in time. They are saying that they do not want this situation. The management, in most levels of government we do give exempt positions and he wants to be able to do two things, the flexibility, if he wants to take someone out of the rank and file, out of the civil service ranks for these positions, this would allow him to do it. If he wanted to go outside of the civil service and pick someone, as I indicated before it might not be in line through civil service avenues for this type of job, he would be able to do this, so I think this just gives him additional flexibility. I hope you vote for the bill.”

President Pro Tempore Henry declared the question before the Senate to be the roll call on final passage of Engrossed Senate Bill No. 2698.

ROLL CALL
The Secretary called the roll on the final passage of Engrossed Senate Bill No. 2698, and the bill passed the Senate by the following vote: Yeas, 39; nays, 5; absent or not voting, 2; excused, 3.

Voting nay: Senators Bottiger, Grant, Rasmussen, von Reichbauer, Woody—5.

Absent or not voting: Senators Donohue, Mardesich—2.

ENGROSSED SENATE BILL NO. 2698, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

MOTION
On motion of Senator Walgren, the Senate returned to the first order of business.

PERSONAL PRIVILEGE

Senator North: “Ladies and gentlemen of the Senate, there is an issue before you that is something of very serious concern to me. It is something that I have worked on for a good many years, both before I was in the legislature and during the six years that I have been here. It has been on your calendar for three weeks. It is a little constitutional amendment that would put into the Constitution automatic machinery to redistrict and reapportion our state legislature if the legislature failed to act. Only if they do not do the job.”

POINT OF ORDER

Senator Walgren: “I do not think the Senator is speaking on a matter of personal privilege.”

Senator North: “I will come right to the point. I am going to ask, ladies and gentlemen, that you read, study and think carefully over the weekend, that you take time to discuss it in caucus. I would like to act on it on Monday and would very much appreciate your serious attention to this. Thank you.”

On motion of Senator Mardesich, the Senate commenced consideration of Senate Bill No. 2727.

SECOND READING
SENATE BILL NO. 2727, by Senator Sellar:
Setting compensation for port commissioners.

MOTIONS
On motion of Senator Fleming, Substitute Senate Bill No. 2727 was substituted for Senate Bill No. 2727 and the substitute bill was placed on second reading and read the second time in full.
On motion of Senator Fleming, the rules were suspended, Substitute Senate Bill No. 2727 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

POINT OF INQUIRY
Senator Goltz: "I wonder if Senator Sellar would yield to a question? Senator Sellar, under the provisions of the word 'compensation' in this bill, does that compensation count toward any possible retirement benefit at a subsequent date?"
Senator Sellar: "It is not the intent of this to do that. This is a per diem, the same as a legislator per diem."
Senator Goltz: "I wonder if you remember the language that was added under a similar circumstance to a bill that reads as follows: 'The compensation provided pursuant to this chapter shall not be considered salary for purposes of the provisions of any retirement system created pursuant to the general laws of this state,' and if you would agree to an oral amendment which would place that into the appropriate section in the bill?"
Senator Sellar: "I would support you if you want to put it back to second reading for the purpose of that amendment."
Debate ensued.

MOTIONS
On motion of Senator Goltz, the rules were suspended and Substitute Senate Bill No. 2727 was returned to second reading.
On motion of Senator Goltz, the following amendment was adopted:
On line 16 add a new sentence to read: "The compensation provided pursuant to this section shall not be considered salary for purposes of the provisions of any retirement system created pursuant to the general laws of this state."
POINT OF INQUIRY

Senator Rasmussen: "Mr. President, will Senator Fleming yield to a question?"

Senator Fleming: "I would rather yield to Senator Sellar because he has worked this bill more than I have."

Senator Rasmussen: "You are probably aware of the arguments that appeared in the committee. It is my understanding, Senator Fleming, that port commissioners now may set their own salary."

Senator Fleming: "Yes."

Senator Rasmussen: "And King County, by action of the commissioners they used to get five thousand dollars a year; they reduced that back down to a dollar a year man."

Senator Fleming: "In the law they could actually get that but none of them was actually drawing that, and to go the per diem route or the salary route, you would have to go to a vote of the people."

Senator Rasmussen: "It is my understanding that in the Pierce County Port District they are getting two hundred dollars a month. How many meetings a month do they hold?"

Senator Fleming: "I am not so sure on that, Senator Rasmussen. First of all, on Seattle and Tacoma, from my understanding, in this bill they could actually draw less than they can—not less? Let Senator Sellar . . . ."

Senator Rasmussen: "Then, Senator Fleming, I think the salary is two hundred dollars a month. Is it the intention that they go down in the afternoon and hold a meeting, is it the intention that they get the forty dollars per diem?"

Senator Fleming: "I think the intention of the per diem is pretty much the same as the per diem of the legislature or any other body as relates to per diem. If they spend any portion of a day doing port business, they would be able to receive per diem."

Senator Rasmussen: "In addition to the salary at the local point?"

Senator Fleming: "No, no, that salary part is stricken out. It is all based on per diem now and the two hundred dollars a month is stricken out under the substitute bill. It is just basically per diem, forty dollars a day per diem and they would be limited to seventy-two days per year."

Senator Rasmussen: "The provision for receiving a salary is repealed in this act?"

Senator Fleming: "Yes. There is no salary left in the bill. It is all per diem for every port, forty dollars a day, less days for the smaller ports, more days for the larger ports."

Senator Rasmussen: "Senator Fleming, then a further question, what does this do to those port commissioners who are receiving a salary — I am not aware how many there are in the state that are receiving a salary—are on the PERS system because of coverage? Does this then eliminate them from the retirement? You see, when they were getting salary and being paid twelve months out of the year they are entitled to belong to the Public Employees Retirement System the same as the rest of the employees of the port."

Senator Fleming: "Senator Sellar might want to address himself to that."

Senator Sellar: "I believe, Senator Rasmussen, that they are not. Of course anything that the existing port commissioners were receiving in that line, we could not retroactively take away but this per diem would not be, under the Goltz amendment, payable to any pension benefit. As to the Port of Tacoma, there are only two port districts that are presently receiving a salary, Moses Lake and Tacoma. Under the old system, they received two hundred dollars a month, regardless of whether they have any meetings or not. Under the new system they would receive a maximum of two hundred and forty if in fact they had six meetings during that given month. In the case of Moses Lake they would be limited to four meetings or one hundred and sixty dollars would be their maximum per diem that they could draw on any given month. Now we set it up on a forty-eight and a seventy-two day basis rather than going per month because it was felt that quite frequently in the budget process they meet a little bit more frequently and other times of the year they may not need to meet that frequently, so we set it up as a forty-eight and seventy-two in the year rather than limiting it to six or four in any given month."

Senator Rasmussen: "A further question enters my mind. Port commissioners, I
think are doing something to the retirement of those people that are on the system now by repealing this law, but port commissioners ordinarily they alternate and they take a trip around the world, three commissioners every other year to generate business. They are paid full expenses and travel for that. Would this per diem be in lieu of that, of their travel expenses?"

Senator Sellar: "It would not be in lieu of. They can, at attending this type of thing, receive their travel expenses and this would not be in lieu of."

Senator Rasmussen: "Thank you. You have thoroughly confused me. I am not so sure this is a good bill as it stands at the present time."

MOTIONS
On motion of Senator Sellar, Substitute Senate Bill No. 2727, as amended, was ordered held for further consideration following Senate Bill No. 2401.

On motion of Senator Mardesich, the Senate commenced consideration of Senate Bill No. 2146.

SECOND READING
SENATE BILL NO. 2146, by Senators Donohue, Buffington, Jolly and Ridder:
Establishing procedures for granting increases in firemen and police pension benefits.

REPORT OF STANDING COMMITTEE
April 17, 1975.

SENATE BILL NO. 2146, establishing procedures for granting increases in firemen and police pension benefits (reported by Committee on Ways and Means):
MAJORITY recommendation: Do pass with the following amendments.
On page 3, following section 3, add a new section;
"Sec. 4. Section 8, chapter 382, Laws of 1973 1st ex. sess. and RCW 41.18.100 are each amended to read as follows:
In the event a fireman is killed in the performance of duty, or in the event a fireman retired on account of service connected disability shall die from any cause, his widow or her widower shall receive a monthly pension under one of the following applicable provisions: (1) If a fireman is killed in the line of duty his widow or her widower shall receive a monthly pension equal to fifty percent of his or her basic salary at the time of his or her death; (2) if a fireman who has retired on account of a service connected disability dies, his widow or her widower shall receive a monthly pension equal to the amount of the monthly pension such retired fireman was receiving at the time of his or her death. If she or he at any time so elects in writing and the board after hearing finds it to be financially beneficial to the pension fund, he or she may receive in lieu of all future monthly pension and other benefits, including benefits to child or children, the sum of five thousand dollars in cash. If there be no widow or widower at the time of such fireman's death or upon the widow's or widower's death the monthly pension benefits hereinabove provided for shall be paid to and divided among his or her child or children share and share alike, until they reach the age of eighteen or are married, whichever occurs first. The widow's or widower's monthly pension benefit, including increased benefits to his or her children shall cease if and when he or she remarries. [All pensions payable under the provisions of this section shall be subject to annual cost of living increase which shall be equal to two-percent of the pension granted the widow or widower at the time of the death of the fireman. This increase shall be effective and be paid starting with the January payment of each succeeding year.]"
Renumber the remaining section consecutively'.

Signed by: Senators Donohue, Chairman; Ødegaard, Vice Chairman; Wilson, Second Vice Chairman; Bailey, Clarke, Jones, Marsh, Murray, Rasmussen, Sandison, Scott, Woody.
The bill was read the second time by sections.

Senator Donohue moved adoption of the committee amendment.

On motion of Senator Marsh, the following amendment to the committee amendment was adopted:

Amend the committee amendment as follows:

Strike the deleted material at the bottom of the amendment and insert: “All pensions payable under the provisions of this section shall be subject to an annual cost of living increase which shall be equal to two percent of the pension granted the widow or widower at the time of the death of the fireman. This increase shall be effective and be paid starting with the January payment of each succeeding year: PROVIDED, That no pension payable under the provisions of this section shall be less than that specified under RCW 41.18.200”.

The motion by Senator Donohue carried and the committee amendment, as amended, was adopted.

On motion of Senator Donohue the rules were suspended, Engrossed Senate Bill No. 2146, was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

ROLL CALL

The Secretary called the roll on the final passage of Engrossed Senate Bill No. 2146, and the bill passed the Senate by the following vote: Yeas, 44; nays, 1; excused, 4.

Voting nay: Senator Jones—1.

ENGROSSED SENATE BILL NO. 2146, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

MOTION

On motion of Senator Mardesich, the Senate commenced consideration of Engrossed House Bill No. 131.

SECOND READING

ENGROSSED HOUSE BILL NO. 131, by Representatives Bauer, Hendricks, Fortson, Laughlin and McKibbin:

Requiring only that a school district make reasonable effort to maintain minimum term of school required by law in lieu of dissolution of such district.

The bill was read the second time by sections.

Senator Lewis (Harry) moved adoption of the following amendment by Senators Lewis (Harry) and Mardesich:

On line 21 of the engrossed bill, being the last line of the House Committee Amendment, after “year” insert “: PROVIDED FURTHER, That in the event any school district has suffered any interruption in its normal school calendar due to a strike or other work stoppage or slowdown by any of its employees such district shall not be subject to the requirements of this section”.

POINT OF INQUIRY

Senator Gould: “Senator Lewis, will you yield to a question? Does this mean that a school will get its apportionment formula if it cannot meet the one hundred and eighty day requirement?”
Senator Lewis (Harry): "No, it means it cannot be dissolved in the event that there is a work stoppage due to a strike or a slowdown, that they could not dissolve the school district in the event that the school district did not meet the one hundred and eighty day requirement."

Senator Gould: "Okay, thank you."

The motion by Senator Lewis (Harry) carried and the amendment was adopted.

Senator Stortini moved the following amendments be considered and adopted simultaneously:

On page 1, at the beginning of line 18, strike "attempt to make up" and insert "making up of"

On page 1, line 19, after "classes" insert "insofar as possible"

POINT OF INQUIRY

Senator Lewis (Harry): "Would Senator Stortini yield? Senator, what is the purpose of the language you are inserting on line 9, the words 'insofar as possible'? What would be the effect of those words?"

Senator Stortini: "We are on line 18 and 19, Senator Lewis."

Senator Lewis (Harry): "On 19, after 'classes' as I understand it you insert 'insofar as possible.' What is the effect of that language?"

Senator Stortini: "For example, if a school district stops the 14th of June and school does go until the 15th of June, then that would be construed as meaning not going as far as possible. In other words, they would have one more day that they could possibly have made it up."

MOTIONS

On motion of Senator Lewis (Harry), the question was divided.

On motion of Senator Stortini, the amendment to page 1, line 18 was adopted. Senator Stortini moved adoption of the amendment to page 1, line 19.

Debate ensued.

POINT OF INQUIRY

Senator Gould: "I am not sure exactly what it means either so I thought I would ask a question to try and clarify it. Will you yield, Senator Stortini? Does this mean that you would put more pressure on school districts to make up those days at the end of the year?"

Senator Stortini: "Yes, that is exactly the intent, and the sponsors felt that under the present language it was just too loose, that it could be construed to mean that if they made an attempt by coming back for one day, that would be sufficient. This simply means that they have to go so far as possible. In other words, attempt would have to be made right up to the end of that school year."

Senator Gould: "And when do you define as the school year? June 31st?"

Senator Stortini: "I would think whatever that district may have as far as its calendar."

Senator Gould: "Well, the fiscal year is the end of June."

Senator Stortini: "I believe the bill here is June 15th. The bill before us has the specific date of June 15th."

Further debate ensued.

POINT OF INQUIRY

Senator Odegaard: "Something that Senator Stortini said led me to believe that with his amendment the school year could go beyond June 15th. Is that what you said, Senator Stortini?"

Senator Stortini: "No, not at all. Line 21, we are talking about prior to June 15th of that school year. You cannot go beyond that."

Senator Odegaard: "That is what I read too but I thought you said something different."

The motion by Senator Stortini failed and the amendment was not adopted.
On motion of Senator Stortini, the following amendment was adopted:

On page 1, line 21 of the engrossed bill, being the last line of the House Committee amendment, after "year" insert the following: "PROVIDED FURTHER, That school districts operating an extended school year program, most commonly implemented as a 45-15 plan, shall be deemed to be making a reasonable effort".

Senator Gould moved adoption of the following amendment by Senators Mardesich, Gould and Lewis (Harry):

On page 1, line 24 add a section to read as follows:

"Section 2. Section 28A.41.170, chapter 223, Laws of 1969 ex. sess. as last amended by section 1, chapter 78, Laws of 1973 1st ex. sess. and RCW 28A.41.170 are each amended to read as follows:

The superintendent of public instruction shall have the power and duty to make such rules and regulations as are necessary for the proper administration of this chapter not inconsistent with the provisions thereof, and in addition to require such reports as may be necessary to carry out his duties under this chapter: PROVIDED, That the superintendent of public instruction shall have the authority to make rules and regulations allowing school districts to receive state apportionment moneys as provided in RCW 28A.41.130 when said districts are unable to fulfill the requirements of a full school year of one hundred eighty days due to an unforeseen emergency caused by fire, flood, explosion, storm, earthquake, epidemic, riot, insurrection, work stoppage or slowdown or strike, community disaster, or act of God: PROVIDED FURTHER, That if the reason for not fulfilling the one hundred eighty day requirement is due to work stoppage or slowdown or strike of employees the apportionment moneys for the affected district will be reduced by that amount equal to the combined salaries of the striking employees as calculated on a pro rata basis for each day of the work stoppage or slowdown or strike."

POINT OF ORDER

Senator Stortini: "Mr. President, I rise to oppose the amendment. This is similar to an amendment we had a month and a half ago. I remind you again that this bill only speaks to annexation and dissolving of a school district. It does not deal with apportionment, and as I did before, I am sure we are going beyond the scope and object of the bill itself. I am raising the scope and object of the bill, Mr. President."

MOTION

On motion of Senator Mardesich, Engrossed House Bill No. 131, as amended, together with the amendment by Senators Mardesich, Gould and Lewis (Harry) and the Point of Order raised by Senator Stortini, was made a special order of business at 1:00 p.m. today.

MOTIONS

On motion of Senator Mardesich, Substitute Senate Bill No. 2376 was ordered held on the second reading calendar for today.

At 11:50 a.m., on motion of Senator Mardesich, the Senate recessed until 12:45 p.m.

AFTERNOON SESSION

President Pro Tempore Henry called the Senate to order at 12:45 p.m.

MOTION

At 12:45 p.m., on motion of Senator Mardesich, the Senate recessed until 1:45 p.m.

SECOND AFTERNOON SESSION

President Pro Tempore Henry called the Senate to order at 1:45 p.m.

SECOND READING

ENGROSSED HOUSE BILL NO. 131, by Representatives Bauer, Hendricks, Fortson, Laughlin and McKibbin:
Requiring only that a school district make reasonable effort to maintain minimum term of school required by law in lieu of dissolution of such district.

The Senate resumed consideration of Engrossed House Bill No. 131, as amended earlier today. A Point of Order was raised by Senator Stortini on the following amendment by Senators Mardesich, Gould and Lewis (Harry):

On page 1, line 24 add a section to read as follows:

"Section 2. Section 28A.41.170, chapter 223, Laws of 1969 ex. sess. as last amended by section 1, chapter 78, Laws of 1973 1st ex. sess. and RCW 28A.41.170 are each amended to read as follows:

The superintendent of public instruction shall have the power and duty to make such rules and regulations as are necessary for the proper administration of this chapter not inconsistent with the provisions thereof, and in addition to require such reports as may be necessary to carry out his duties under this chapter: PROVIDED, That the superintendent of public instruction shall have the authority to make rules and regulations allowing school districts to receive state apportionment moneys as provided in RCW 28A.41.130 when said districts are unable to fulfill the requirements of a full school year of one hundred eighty days due to an unforeseen emergency caused by fire, flood, explosion, storm, earthquake, epidemic, riot, insurrection, work stoppage or slowdown or strike, community disaster, or act of God: PROVIDED FURTHER, That if the reason for not fulfilling the one hundred eighty day requirement is due to work stoppage or slowdown or strike of employees the apportionment moneys for the affected district will be reduced by that amount equal to the combined salaries of the striking employees as calculated on a pro rata basis for each day of the work stoppage or slowdown or strike."

RULING BY PRESIDENT PRO TEMPORE HENRY

President Pro Tempore Henry: "In ruling on the point of order as raised by Senator Stortini, the President finds Engrossed House Bill No. 131, together with amendments already adopted, is a measure pertaining to the grounds for dissolution of a school district and in particular defining what is a reasonable effort to comply with the law to prevent dissolution. The amendment proposed by Senators Mardesich, Gould and Lewis, however, pertains to laws which affect apportionment monies which a school district is entitled to receive. The amendment therefore does change the scope and object of the bill and the point of order is well taken."

The amendment by Senators Mardesich, Gould and Lewis (Harry) was ruled out of order.

There being no objection, the amendment by Senator Guess to page 1, line 21 on the Secretary's desk, was withdrawn.

On motion of Senator Cunningham, the following amendment by Senators Cunningham and Mardesich was adopted:

On page 1, following line 24 of the engrossed bill, being line 19 of the printed bill, insert:

"NEW SECTION. Sec. 2. This act is necessary for the immediate preservation of the public peace, health, and safety, the support of the state government and its existing public institutions, and shall take effect immediately."

On motion of Senator Cunningham, the following amendment by Senators Cunningham and Mardesich to the title was adopted:

On line 4 of the title of the engrossed and printed bills, after "28A.57.200" insert "; and declaring an emergency."

On motion of Senator Stortini, the rules were suspended, Engrossed House Bill No. 131, as amended by the Senate, was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

POINT OF INQUIRY

Senator Pullen: "Would Senator Harry Lewis yield to a question? Senator Lewis, you successfully sponsored an amendment to this bill which made use of the word 'strike'. If this bill becomes law it will at least to my knowledge, be the first time that the
word 'strike' appears in the Revised Code of Washington in connection with strikes by school district personnel. Will the passage of this bill in any way legalize strikes by teachers?"

Senator Lewis (Harry): "The answer is no, it is not the intent nor was it the intent of the amendment placed by me in the bill to legalize strikes in any way, Senator Pullen."

POINT OF INQUIRY

Senator Wilson: "Would Senator Stortini yield? Senator, this morning there was a confusing little time around the halls while amendments were being accepted and rejected for this bill. I believe that where we ended up, starting on line 16, is by saying 'Provided that for the purposes of this section in addition to any other finding, reasonable effort shall be deemed to mean the making up of whatever days are short of a legal requirement' and so on. Is that correct?"

Senator Stortini: "Yes. We accepted the making up of whatever days. We rejected 'insofar as possible,' that language."

Senator Wilson: "Okay. Now by virtue of that rejection, it seems to me unless I am misreading this that what we say now is 'reasonable effort shall be deemed to mean the making up of whatever days the district is short.' In other words, if the district does not make up whatever days it is short, it has not made a reasonable effort. If that is true, have we not circumvented the real intent of this bill, which was to be more lenient with respect to districts who missed school days through no fault of their own?"

Senator Stortini: "I think, Senator Wilson, that really was the purpose of inserting the other amendment, 'insofar as possible.'"

Senator Wilson: "That was my impression, and when we took that out it seems to me we also took the flexibility out of the language in the underlined language starting on line 16."

Senator Stortini: "Yes, I agree with you, Senator."

Senator Wilson: "Would you agree then that the bill in its present form really accomplishes exactly the opposite of what you intended to accomplish?"

Senator Stortini: "No. I do not think so, but I think that the language that I did want with the second amendment made better clarification than that which we have at the present time."

Senator Wilson: "Would you feel that the present language that I just recited says in effect that a district has got to make up all of the days that it lost, regardless and without qualification?"

Senator Stortini: "Yes, as it is right now they have to make it up, but with 'insofar as possible' there was some leeway in case they could not because of whatever the conditions might be."

Senator Wilson: "But 'insofar as possible' did not get into the bill."

Senator Stortini: "That is right."

Senator Wilson: "Do you still want the bill passed?"

Senator Stortini: "Yes, I believe that the House can correct that, probably through a conference committee as I believe has already been suggested on the other side."

Senator Wilson: "Would you say if the bill becomes law exactly the way it is written that it would not achieve the purpose you were seeking to achieve?"

Senator Stortini: "I would say that the language would be muddled a little bit, yes."

Debate ensued.

MOTIONS

On motion of Senator Grant, the rules were suspended, Engrossed House Bill No. 131, as amended by the Senate, was returned to second reading.

On motion of Senator Grant, the Senate moved to reconsider the vote by which the amendment by Senator Stortini to page 1, line 18 was adopted.

The motion carried.

President Pro Tempore Henry declared the question before the Senate to be a vote, on reconsideration, of adoption of the amendment to page 1, line 18 by Senator Stortini.
The motion failed and the amendment was not adopted.

SUBSTITUTE SENATE BILL NO. 2376, by Committee on State Government (originally sponsored by Senators Guess and Cunningham):
Prescribing rights of private property owners.
The Senate resumed consideration of Substitute Senate Bill No. 2376 on second reading. On April 23, 1975, Substitute Senate Bill No. 2376 was substituted for Senate Bill No. 2376 by Senator Rasmussen, placed on second reading and read the second time in full.
Senator Bottiger moved adoption of the following amendment:
On page 2, line 8, after “owner” insert “: PROVIDED, That this act shall not be construed to alter or amend the doctrine and statutes relating to “open range” except as such statutes may be modified by chapter 16.24 RCW”
Senator Francis: "Will Senator Guess yield to a question? Senator Guess, if you have no objection to Senator Bottiger's amendment, then what does section 2 of this bill mean? What would its application be if Senator Bottiger's amendment is adopted?"

Senator Guess: "Senator Francis, this amendment does not take away the provisions of RCW 16.24 on the open range, but what it will say is that notwithstanding any other provisions of the law, the common law doctrine that the public has the right to customary and habitual use of private property is not and shall not be recognized as law in this state or in this political subdivision. All right. As Senator Bottiger explained, in the open range the farmer or rancher had the right to turn his cattle out and this will not prohibit that."

Senator Francis: "Senator Guess, in other words you are saying that we are on Senator Bottiger's first amendment."

Senator Guess: "Right."

Senator Francis: "I think maybe I am looking at his second amendment. The first amendment I do not think directly applied to section 2 and I will wait and put my question to you again after we finish considering this one."

The motion by Senator Bottiger carried and the amendment was adopted.

Senator Bottiger moved adoption of the following amendment:

On page 2, line 13, after "trust" insert "PROVIDED, That the provisions of this section shall be inapplicable to the acquisition of prescriptive rights and easements, the right of access necessitating ways of necessity when no access otherwise exists, the rights established by adverse possession pursuant to court precedents and in accordance with the applicable statutes of the state of Washington, the right of the public to establish by law, resolution or ordinance of the legislature and of subordinate political subdivisions of the state, zoning and similar regulations, the right of the public to declare in accordance with the established court precedents and the statutes of the state, nuisances relative to the use of property under particular circumstances and in particular locations."

Debate ensued.

The motion by Senator Bottiger carried and the amendment was adopted.

Senator Cunningham: "Would Senator Guess yield to a question? Senator Guess, does that second amendment by Senator Bottiger, for all practical purposes emasculate this bill?"

Senator Guess: "No, Senator Cunningham. I talked with the drafter of it; I read the amendment to him twice; he said that very definitely that he was not trying to change existing statutory language; that the amendment seemed to him to restate it and in no way did any damage to the bill."

Senator Francis: "Will Senator Guess yield? Then, Senator Guess, what is it you are trying to get at in section 2?"

Senator Guess: "The main thing, I think you will find, is on line 2, 'wherever located in the state except on ocean beaches.' Now as you know, the Attorney General did issue an opinion, AGO 1970 No. 27, which held that without regard to any other property interests or rights which a state may have, members of the public have the right to use and enjoy the wet and dry sand areas of the ocean beaches of the state by virtue of a long established customary use of those areas. Now that is one of the things that the chapter does, the section does, it reaffirms that."

Senator Francis: "Obviously you would not have to pass a bill to reaffirm existing law. What is it that section 2 does?"

Senator Guess: "It says that the common law doctrine shall not be the law of the state of Washington, the common law doctrine of public use. In other words, Senator, it is reaffirming the right of the individual to use his own personal property."

Senator Francis: "What I am trying to ask you is, is there any situation in which
under existing law the public could use someone's private property other than ocean beaches or the items stated in Senator Bottiger's amendment?"

Senator Guess: "Senator Francis, I think that in looking at what the first committee did in Spokane County on the Shorelines Act that they did try to take the right of the individual to use his own personal property, and this bill would stop that."

Senator Francis: "All right, then, it is your intention that section 2 should repeal those parts of the Shorelines Act not related to ocean beaches?"

Senator Guess: "No, sir, it would not repeal it but it would take away from the right of committees to overreach what the law stated. This is the thrust there."

Senator Francis: "I am afraid I still do not understand. What I am trying to figure out is whether we have done a satisfactory and adequate amending job and while we are on second reading, whether we have tuned this thing up right and either this does something, in which case we need to amend it so it does not, or we have already covered it and it does not do anything. That is what I am trying to find out. Now are you saying that you think that those portions of the Shorelines Act that are offensive to you will now be repealed by this bill and Senator Bottiger's amendment does not prevent you from what you are trying to do?"

Senator Guess: "Senator Francis, it is very difficult to stand here on the floor and tell you that some committee now will not, in interpreting the existing statutory Shorelines Act, do something that you do not want them to do, but I think that this does fix it so that they would be restrained from doing exactly what they did in the area of the shorelines in Spokane County."

Senator Francis: "Other than that which you have just named, is it your intention to affect any other existing laws?"

Senator Guess: "No, sir."

Senator Francis: "Thank you."

POINT OF INQUIRY

Senator Marsh: "Would Senator Guess yield to a question? Senator Guess, on page 2 of the bill, lines 12 and 13 you refer to the doctrine of public trust. Could you explain that?"

Senator Guess: "Senator, I am going to have to refer to a document where in the state of California there was a bill before it which declared it to be a public policy favoring the right of the use of private lands for recreational purposes without impairing the rights of landowners. Now what they were trying to do there is that because you owned the land, it did not mean that somebody could not come along and have recreation on your land. I will give you an illustration of a bill that is before the legislature now and that was the one that proposed in the issuance of water rights in the Columbia Basin that a person would have to say that that land on which the water was being used would in the future be dedicated to, not only to the farmer's uses but to the public hunting and the public recreation of anybody that wanted to have recreation on it, so that would have established the right of a public policy favoring the use of private lands."

"Now I do not believe that it is the consensus of this body or anybody's wish to change the laws that have been for many years, and the procedures under which we have been operating, and that is that an individual buys a piece of land—for instance, if you take a piece of land off of the tax rolls, say the county has the land on its rolls, it is not on the tax rolls, so you buy the piece of property and you pay taxes on it. You only bought it because you have the idea that you want to use it, and so for a fair market value you buy the land from the county for whatever sum they set or whatever the auction you can get it at and then you use it and you pay taxes on it. All right. We do not want, and the bill addresses itself to the fact that once a person has the right to use the land, then he is not going to be put upon by the state to let somebody else use it."

Senator Marsh: "Senator Guess, do you understand then that the doctrine of public trust somehow grants the public recreational rights in privately owned land? Is that what you are saying?"

Senator Guess: "That is what I was saying, Senator."

Debate ensued.
Senator Rasmussen: "Would Senator Bluechel yield to a question? Senator Bluechel, you have a factory?"
Senator Bluechel: "Yes."
Senator Rasmussen: "Do you believe that the public has the right to plow through that, if they want to ride their motorcycle or if they wanted to chase a deer through your plant, you would agree with that?"
Senator Bluechel: "I do not think we are talking about anything like that in this bill. What we are talking about here is, I think the lawyers call it a doctrine of omission, when we do not pick up certain items, the remainder of the items become more important at law, and I am not an attorney, but we are not talking about that at all. What we are talking about in this bill are things that the drafters have overlooked and the end results. I can compare it to a situation like the Chelan case before we had a statutory solution for how we get around the Chelan case, Shorelines Management or otherwise, and what happens to the bonding capacity or the ability to get bonds or the ability for the builders to get loans to proceed or building permits."
"Now if we pass this, under section 3, this is the trap we fall into. We have stymied and everything is held up until litigation takes place as to where we stand. The constitutional questions have been decided by various courts, the Supreme Court included, and we repeal in effect sections of statutory law, leaving a total vacuum."
Senator Rasmussen: "Senator Bluechel, I am glad that you will not let my Boy Scout troop go through your factory. They might be harmed, even though they feel they have the right of access, but let me point out that at the present time they cannot take property without just compensation, and that is all this is, a restatement of the principles of the Constitution, unless provided otherwise, and that would mean that the people wish to amend the Constitution."

Senator Bottiger: "Would Senator Rasmussen yield to a question? Senator Rasmussen, as chairman of the committee that held that, is it your understanding the intent of this statute only restates existing law?"
Senator Rasmussen: "Senator Bottiger, it is my contention and it is the ruling of the courts that you do not repeal law by implication, so we are not repealing any laws by implication in this bill unless we specifically repeal them. It is also my contention that it is a restatement as you will read in section 6. 'There shall be no action by the state or political subdivision or any other person · · · which in any way will obstruct or interfere with the right of an individual or person to peacefully own, enjoy, develop or use his property except as provided by the Constitution or laws of this state.' So we are not repealing anything that is in the present laws. We are not repealing any sections of the Constitution because this is not a constitutional amendment."
Senator Bottiger: "Senator Rasmussen, obviously I asked you that question so that we would have it in the record. I have before me the Ninth Amendment to the Constitution of the State of Washington pertaining to the eminent domain. My question is, was it the intent of the committee in reporting this bill out that we in any way change the existing statutory law pertaining to the question of private property rights and the protection of the private property owner?"
Senator Rasmussen: "No. In fact, Senator Bottiger, there was absolutely no opposition to this bill in the committee. That is very unusual."

Senator Washington: "Would Senator Guess yield? I might state when I read section 2 I did not understand that it was going to have a substantial effect on the Shorelines Act, but in your statement you indicated that it would have a substantial effect on the Shorelines Act, would change its provisions."
"Could you tell me what provisions of the Shorelines Act you are aiming at and which specific provisions of the Shorelines Act are going to be amended by this?"
Senator Guess: "Senator Washington, the Attorney General's opinion which had to
do with regard to the wet and dry sands area of the ocean beaches has been interpreted by many of the environmentalists to apply to all of the state shorelines, and it only says the wet and dry areas. In the instance of the first committee draft of the Shorelines Act in Spokane County they did take shorelines areas for public purposes from the individual and they provided in that draft that the public had the right of access of all shorelines areas. It also provided that the construction of paths, bikeways, and equestrian pathways would be a public purpose. The committee's draft was not accepted and it took us a great deal of work to get that out of the draft, so it indicated to me that they were interpreting something in the Shorelines Act to give them the right to do that."

Senator Washington: "It seems to me, if we are going to amend sections of a particular act that we should be directing our attention to those specific sections of the act rather than something general as this apparently does, much to my suprise. When Senator Guess spoke I was not particularly concerned about section 2 but he has read a very broad meaning into it and it seems to me if we should give some consideration to amendments which would specify specifically what we have before us, and I have spoken before having a chance to make a motion but it would seem to me that either this bill should be left on the calendar or it should be sent to committee so that we can determine specifically which sections particularly of the Shorelines Act we are going to amend by this and I will not necessarily insist that it go to the Ecology Committee."

Senator Guess: "Senator Washington, I have not been able to amend any bill before your committee on the Shorelines Act, and this bill does not make any amendment to the Shorelines Act, either by reference or by a straight out-and-out amendment of it. What it does is that it restates the policy of the right of private ownership and it excepts the area of ocean beaches and it does not in any way repeal or change the WAC that the Department of Ecology is operating under, and once the committee amendment in Spokane County was thoroughly considered by the people and pointed out to them, they did not have any other demands that the language stay as it was.

"What this bill does, though, it makes sure that people will not misspeak themselves or not try to take private property for a public purpose. That is what the bill says. This is a restatement and I cannot say it any more clearly than that. If you believe in the right of the individual to own property, then you will not look with suspicion upon a bill that restates the right."

MOTION

Senator Guess moved that the rules be suspended, Substitute Senate Bill No. 2376 be advanced to third reading, the second reading considered the third, and the bill be placed on third reading.

Debate ensued.

POINT OF ORDER

Senator Guess: "Mr. President, in Rule 29 it says that a motion for suspension of the rules shall not be debatable except that the mover of the motion may briefly explain the purpose of his motion and at the discretion of the President a rebuttal may be allowed."

Debate ensued.

REPLY BY PRESIDENT PRO TEMPORE HENRY

President Pro Tempore Henry: "Which side do you want to talk on? I was under the impression he was explaining his motion.

Senator Guess: "I made the motion to move and that the rules be suspended, and he did not make that motion."

RULING BY PRESIDENT PRO TEMPORE HENRY

President Pro Tempore Henry: "You are correct. I had not put your motion yet either. The motion is that the rules be suspended and second reading be considered the third and that Substitute Senate Bill No. 2376, as amended, be placed on third reading and final passage."

Further debate ensued.

The motion by Senator Guess failed on a rising vote.
PARLIAMENTARY INQUIRY
Senator Lewis (Harry): "Did you move the bill back to Rules?"

REPLY BY PRESIDENT PRO TEMPORE HENRY
President Pro Tempore Henry: "I held it on the second reading calendar for to­
morrow."

MOTION
On motion of Senator Mardesich, the Senate commenced consideration of Senate
Bill No. 2713.

SECOND READING
SENATE BILL NO. 2713, by Senator Walgren:
Changing requirements for county road construction day labor contracts.

MOTIONS
On motion of Senator Fleming, Substitute Senate Bill No. 2713 was substituted for
Senate Bill No. 2713 and the substitute bill was placed on second reading and read the
second time in full.

Senator Cunningham moved adoption of the following amendment by Senators
Cunningham, Fleming and Lewis (Harry):
On page 1, section 1, line 9 after "project" and before the period insert: ": PRO­
VIDED, That as a condition precedent to the performance of any work by day labor the
board shall file with the state human rights commission an affirmative action program
covering the day labor work force and authority to perform work by day labor shall con­
tinue until said affirmative action plan or its implementation is disapproved by the
human rights commission"

POINT OF ORDER
Senator Guess: "Mr. President, the bill is for the purpose of limiting the amount of
money that can be spent by day labor by a county. It hasn't anything to do with the af­
firmative action; there is nothing that mentions it at all in the bill and therefore I would
raise the point of scope and object on the amendment."

POINT OF INQUIRY
Senator Donohue: "Would Senator Fleming yield? Senator, don't we have now an
affirmative action program throughout the state in most areas of . . . ?"

Senator Fleming: "Senator Donohue, we have an affirmative action program as it
relates to federal dollars, federal programs. We do not have an affirmative action, per
se, covering all counties all cities. That is one of the reasons why we have been hanging
these amendments on these measures, to try and give the intent of the legislature to those
bodies."

Senator Donohue: "However, counties and cities do receive federal money. Conse­
quently they probably do have an affirmative action program. Isn't that true?"

Senator Fleming: "To my knowledge, if they are receiving federal dollars in spe­
cific programs, those programs that are used only with federal dollars they should be
required to have an affirmative action program."

Senator Donohue: "Senator Fleming, the reason I am concerned about this, I know
that in Columbia County and Garfield County and some of the small counties in eastern
Washington, they do try to comply with the affirmative action program. However, they
have no minorities, consequently, what this amendment would do of Senator Cunningh­
am's in my judgment, it would just add more paper work to the local counties in se­
curing permission from the Human Rights Commission to proceed with such and such
contract. It seems to me like that it is sort of like other bills we have passed here which
become state law and in essence it does not really cover, there is no necessity I should
say, to cover some of the smaller counties, so to me the amendment would be unneces­
sary and I . . . ."
Senator Fleming: "I think I know the intent that Senator Cunningham had in putting forth this amendment. I would suggest to you, Senator Donohue, that one of the purposes I think, that he put forth this amendment was because many of your smaller counties, they do have Indians and Chicanos and others in those areas that would be available for work and many of those counties on these projects as of to date have not had minorities participating in these programs and you find a county such as Snohomish County and others that do almost all of their work—you see, the problem is, you can usually do this here; one, counties and city governments and so forth, they usually have no problem when they let out contracts in making those contracts comply to the affirmative action program, but when you have to police yourself, then it is a little more difficult. I think what Senator Cunningham is doing here is trying to make sure those counties understand the intent, and that if they have not in the past, that at least they will take note that the state legislature said this is the public policy and this is something that you should do."

Senator Donohue: "I think that in my judgment the amendment is probably unnecessary because I think that most counties and local jurisdictions of government have affirmative action programs. In reading the amendment, I just thought it was a lot of added language and unnecessary and that was the reason I objected to the amendment."

Senator Fleming: "Just briefly, Senator Donohue, if they already have the programs, I am sure by restating the intent of the legislature and the policy of the state it would not create any more paper work for them if that is the case."

Senator Cunningham: "Just to respond briefly to Senator Donohue's question to Senator Fleming, hopefully this amendment and the implementation of the filing of an affirmative action program is simply a one-shot deal. "The state is funding now the Human Rights Commission who is charged with the responsibility of seeing that there is no discrimination for various reasons. This simply says that these local crews or municipalities or districts will file once a statement with the Human Rights Commission and simply state that this is their basic affirmative action plan, which is usually nothing more than a listing of the percentages of population as they relate to the various minorities. This in turn would give the Human Rights Commission the guideline to go on, set by the local entity themselves to determine whether or not they are complying with the constitutional intent of equality for everyone."

RULING BY PRESIDENT PRO TEMPORE HENRY

President Pro Tempore Henry: "The President, in ruling upon the point of order finds that this bill merely increases the amount of a contract or amount of day labor that can be done from twenty-five to fifty thousand dollars. The President also feels that wherever federal funds are involved that the affirmative action is already established by federal law. This is a very limited bill and I find that it does enlarge the scope and object of the bill."

The amendment by Senators Cunningham, Fleming and Lewis (Harry) was ruled out of order.

Senator Bottiger moved adoption of the following amendment by Senators Bottiger and Murray:

On page 1, section 1, lines 7-20 following (I) on line 7 strike all material through the period on line 20 and insert:

"The board may cause any county road to be constructed or improved by contract or by day labor as in this chapter provided [in an amount not to exceed twenty-five thousand dollars on any one project. This section shall be construed to mean a complete project and shall not be construed to allow or permit the construction of any project by day labor by division thereof into units of work or classes of work.] The total amount of Day Labor Construction Programs each county may perform annually shall total no more than the amounts determined in the following manner: Those counties with a total annual county construction budget of $1,000,000 or more may accumulate a Day Labor Program equal to not more than $250,000 or 15 percent of their total annual county construction budget, whichever is greater. Those counties with a total annual county construction budget over $500,000 and less than $1,000,000 may accumulate a Day
Labor Program equal to not more than $200,000 or 25 percent of their total annual county construction budget, whichever is greater. Those counties with a total annual county construction budget less than $500,000 may accumulate a Day Labor Program equal to not more than $100,000 or 40 percent of their total annual county construction budget, whichever is greater. [All construction work to be performed at a cost in excess of twenty-five thousand dollars shall be performed by contract as in this chapter provided.]

(2) "County Construction Budget" for the purposes of this chapter shall mean the aggregate total of those costs as defined by the Budgeting, Accounting, Reporting, System for Counties and Cities and other Local Governments (BARS) in section 541.00 Road and Street Construction and in effect April 1, 1975: PROVIDED, That such costs shall not include those costs assigned to Preliminary Engineering section 541.11, Right of Way section 541.20 through 541.25, Ancillary Operations 541.80 and Ferries 541.81."

Renumber remaining subsection.

POINT OF ORDER

Senator Talley: "I would raise the question of scope and object. This bill very definitely says that we are trying to arrive at a medium here to raise it from twenty-five thousand to fifty thousand. We went through these percentage charts in committee and we could not figure them out. I do not think anybody here today can figure them out."

Debate ensued.

RULING BY PRESIDENT PRO TEMPORE HENRY

President Pro Tempore Henry: "Senator Murray, it does not deal with the allocation of money. It deals with the amount that they can spend. It is a very tightly restricted bill and I find that this particular amendment does increase the scope and object of the bill because it goes to a percentage system and it certainly in some cases increases the amount. Now if you want to amend the bill from twenty-five to fifty thousand or twenty-five to thirty-five thousand, or even reduce it, that is your prerogative. As far as I am concerned, this type of an amendment does increase the scope and object of this particular type of restricted bill."

The amendment by Senators Bottiger and Murray was ruled out of order.

There being no objection, the amendment by Senator Fleming to page 2, beginning on line 14 on the Secretary's desk was withdrawn.

On motion of Senator Fleming, the rules were suspended, Substitute Senate Bill No. 2713 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

Debate ensued.

POINT OF INQUIRY

Senator Murray: "Will Senator Fleming yield to a question? Senator Fleming, on page 2, section 3, line 27, it says that one of the things that will be done in the course of this study is an assessment of the enforcement efforts being made by agencies with appropriate jurisdiction. I assume that means a review of the actual enforcement of existing law requiring local governments to post and have an estimate of a job before it will come up and to print, after the job is completed, the actual cost of that. Is it the intent of your committee to be darn sure that they cover that particular phase of the provisions of this law during the next interim period?"

Senator Fleming: "The committee had indicated by this that they would investigate all aspects of enforcement. If that was one of the areas that the committee felt needed investigation and study and to try to come up with some resolutions, I am sure the committee will look at that, but they felt as though they would look at all aspects of the enforcement to make sure the counties are complying."

POINT OF INQUIRY

Senator Rasmussen: "Mr. President, I would like to ask you a question. New section 4 provides for a continuing study by the House and Senate Local Government
Committees. The question in my mind, which I am asking the Chair is, by the passage of this in a law, will it be published in every lawbook of the country or will the Code Reviser eliminate that section? If so, if they do not do that, I would hope the House would strike that section and a resolution would be offered which merely provides that the study shall be made, rather than have it in every lawbook in the country. It costs a lot of money."

REPLY BY PRESIDENT PRO TEMPORE HENRY

President Pro Tempore Henry: "I do not know how the Code Reviser works, but I presume if it gets in in this form it will be printed in this form unless it is amended in the House and that particular paragraph placed into a joint resolution."

Senator Rasmussen: "Senator Walgren, would you. . . ."

Senator Walgren: "I can only refer back to other situations where we have called for studies in pieces of legislation and that is simply not part of the substantive law that is of a continuing nature and consequently is generally not codified."

President Pro Tempore Henry: "You say it is not codified and will not be in the lawbooks?"

Senator Walgren: "That is the general result, yes."

ROLL CALL

The Secretary called the roll on the final passage of Substitute Senate Bill No. 2713, and the bill passed the Senate by the following vote: Yeas, 27; nays, 22.

SUBSTITUTE SENATE BILL NO. 2713, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

MOTION

At 3:25 p.m., on motion of Senator Mardesich, the Senate recessed until 5:05 p.m.

THIRD AFTERNOON SESSION

President Pro Tempore Henry called the Senate to order at 5:05 p.m.

SECOND READING

SENATE JOINT RESOLUTION NO. 114, by Senators North, Beck and Gould: Authorizing court supervised redistricting if the legislature fails to accomplish such tasks.

MOTIONS

On motion of Senator Beck, Substitute Senate Joint Resolution No. 114 was substituted for Senate Joint Resolution No. 114 and the substitute resolution was placed on second reading and read the second time in full.

Senator North moved adoption of the following amendment by Senators North, Grant, Marsh and Scott:

On page 1, beginning with "Article" on line 9 strike the remainder of the resolution and insert:

"Article II, section 3. Reapportionment and Redistricting—(1) Reapportionment and redistricting shall mean a revision of congressional, senatorial, and representative district boundaries whereby all districts, whether congressional, senatorial, or represent-
ative, shall be as nearly of equal population as is practicable, according to the latest federal decennial census, exclusive of nonresident or transient members of the armed forces of the United States and their dependents living on any military reservation or base: PROVIDED, That if a single senatorial district shall be allotted one more representative than any other senatorial district, that senatorial district shall contain a proportionately greater population than any other senatorial district: PROVIDED FURTHER, That if any such senatorial district shall be divided into separate representative districts, those representative districts shall contain a proportionately lesser population than any other representative district.

(2) Legislative reapportionment and redistricting may be done by legislative action or by an initiative submitted to the people or by order of an independent citizens commission as provided for in this section. Reapportionment and redistricting action by the legislature or by order of the independent citizens commission shall not be subject to referendum.

(3) (a) The legislature shall accomplish reapportionment and redistricting in 1982 and each ten years thereafter.

(b) In the event the legislature fails to accomplish reapportionment and redistricting within thirty days following convening of the legislative session in the year following the release of final population figures by the United States census bureau for a decennial census or in the event that legislative action purporting to accomplish reapportionment and redistricting shall be found invalid by final action of any court of competent jurisdiction, an independent citizens commission, to consist of one member selected by lot by the supreme court from among those registered voters of each congressional district, shall take jurisdiction of supervising reapportionment and redistricting. No state official or full time state employee shall be a member of such commission. Members appointed to the commission shall be subject to review and replacement by the state supreme court in a manner prescribed by law. The commission shall appoint a competent geographer recognized in his field. Within thirty days after his appointment, the geographer shall, in accordance with the requirements set forth in subsections (1) and (2) of this section, complete and file with the commission the reapportionment and redistricting of the appropriate congressional, senatorial, or representative districts referred to the geographer.

(c) The commission upon consultation with the supreme court shall examine the reapportionment and redistricting plans submitted by the geographer to determine whether he has met the requirements set forth in subsections (1) and (2) of this section.

(d) If the commission upon consultation with the supreme court finds that the geographer has met the requirements, the commission shall file the plans with the state supreme court in a manner prescribed by law. The commission shall appoint a competent geographer recognized in his field. Within thirty days after his appointment, the geographer shall, in accordance with the requirements set forth in subsections (1) and (2) of this section, complete and file with the commission the reapportionment and redistricting of the appropriate congressional, senatorial, or representative districts referred to the geographer.

(e) If the commission upon consultation with the supreme court finds that the geographer has not complied with the requirements set forth in subsections (1) and (2) of this section, the commission shall either resubmit the geographer's reapportionment and redistricting plan to him for revision, specifying the requirements remaining to be complied with, or appoint a new geographer.

(f) The commission shall not itself determine or select the particular district boundaries to be employed in the revision authorized by this section.

BE IT FURTHER RESOLVED, That the secretary of state shall cause notice of the foregoing constitutional amendment to be published at least four times during the four weeks next preceding the election in every legal newspaper in this state.”

Senator Grant moved adoption of the following amendment to the amendment by Senators North, Grant, Marsh and Scott:

On the last line of subsection (2) of the amendment, after “referendum” insert “or to veto by the governor”.

POINT OF ORDER

Senator Lewis (Harry): “Mr. President, Senator North just arrived. She has been over in her office working and this has been a bill that she has worked on during the en-
tire session. I would ask indulgence of the session for just one moment until she can get briefed. She has an amendment."

REPLY BY PRESIDENT PRO TEMPORE HENRY

President Pro Tempore Henry: "This is the amendment to the amendment."

Senator Lewis (Harry): "Mr. President, I will ask that the rules be suspended, that Senator North's amendment be considered at this time. It fits ahead of the other amendment."

RULING BY PRESIDENT PRO TEMPORE HENRY

President Pro Tempore Henry: "Strictly on a point of order, Senator Lewis, they have the right to improve before they amend so in that case Senator North's amendment, although we just received it, I do not know whether the people have copies of it or not."

Senator Lewis (Harry): "No, they do not. Our problem, Mr. President, is that the Senate started before she could get back over here in short order. I believe her amendment, under normal situations if she had been here, would have gone first, but at any rate I believe that if you could look at the amendment, I think it should fit ahead of the other amendment in order to perfect."

President Pro Tempore Henry: "I have already ruled on that, Senator Lewis. Her amendment will be considered."

REMARKS BY SENATOR GRANT

Senator Grant: "Mr. President, I have had an opportunity to review Senator North's amendment. It appears to me her amendment strikes this subsection whereas my amendment simply adds language to this subsection which perfects the subsection. Therefore, I would think that the motion to perfect the subsection should come before the motion to strike."

Debate ensued.

REMARKS BY PRESIDENT PRO TEMPORE HENRY

President Pro Tempore Henry: "Senator North, your amendment is to the substitute bill and not to the amendment. It appears to me her amendment strikes this subsection whereas my amendment simply adds language to this subsection which perfects the subsection. Therefore, I would think that the motion to perfect the subsection should come before the motion to strike."

PARLIAMENTARY INQUIRY

Senator North: "Mr. President, am I correct that I should move adoption of this amendment which is the long two page amendment to Substitute Senate Joint Resolution 114? Am I correct that this motion has not been made and I will now make it?"

REPLY BY PRESIDENT PRO TEMPORE HENRY

President Pro Tempore Henry: "Then you are going to have to change your amendment on the green sheet as an amendment to the amendment unless you want it to go to the substitute bill."

Senator North: "No, that is correct, Mr. President. This is what I would like to do, to put this before the body and then go to my small amendment on the green sheet."

President Pro Tempore Henry: "All right. I think Senator Grant is correct. The amendment that we will now consider is the amendment by Senators North, Grant, Marsh and Scott, and there is an amendment to the amendment. Now there are two amendments to the amendment to the same section. One strikes the entire section and that, of course, will have to be taken second to Senator Grant's amendment which is an attempt to improve. Yours simply strikes and if you strike something you cannot improve it, so the question now is the amendment to the amendment as proposed by Senator Grant."

PARLIAMENTARY INQUIRY

Senator Clarke: "In the event that Senator Grant's perfecting amendment should be adopted, Senator North's amendment then striking the entire section and substituting it would still be considered following that amendment?"
President Pro Tempore Henry: “I think that is the unique assumption.”
Senator Clarke: “Thank you.”
Debate ensued.

PARLIAMENTARY INQUIRY
Senator von Reichbauer: “Mr. President and members of the Senate, while I enjoyed the speeches of the two previous speakers, I would remind everyone we are under a three minute rule, and I would also inquire of the President whether that three minute rule applies to amendments or to the bill in its entirety?”

President Pro Tempore Henry: “All speeches.”
Debate ensued.

POINT OF INQUIRY
Senator Rasmussen: “Would Senator Clarke yield to a question? Senator Clarke, how do the county commissioners handle one-man one-vote now?”
Senator Clarke: “I do not know.”
Senator Rasmussen: “I think they realign their districts by resolution. Is this correct?”
Senator Clarke: “I am not aware what the counties procedure is.”
Senator Rasmussen: “Everybody is nodding their head here and I think that is correct, and there is nobody has any veto over that other than the people at the next election.”
Senator Clarke: “I would simply respond to that that this, I think, is a rather different situation than a state redistricting. To go back to what was alluded to originally, redistricting is a difficult situation and we did at one time, at the start of the redistricting, have a situation where we had both parties and the Governor in one party, and even then they could not agree on a proper redistricting.”
Senator Rasmussen: “Thank you, Senator Clarke.”
Further debate ensued.
Senator Grant demanded a roll call and the demand was sustained by Senators Washington, Rasmussen, Beck, Marsh, Ridder, Herr, Stortini, Donohue and Goltz.
The President Pro Tempore declared the question before the Senate to be the roll call on the amendment by Senator Grant to the amendment by Senators North, Grant, Marsh and Scott.

POINT OF INQUIRY
Senator Bailey: “Will Senator Grant yield? Senator Grant, I do not have a copy of the amendment in front of me, but I think I know what you are trying to do and I agree with you, but aren’t we going to later strike this whole thing and accept the new proposal for make-up of the committee, or are you trying to amend the original bill which we are not going to vote for anyway?”
Senator Grant: “No, my amendment, Senator Bailey, is to the amendment by Senator North which did strike the whole bill.”
Senator Bailey: “That is before us then?”
Senator Grant: “My amendment is before us, which eliminates the Governor’s veto authority.”
Senator Bailey: “That is what I wanted to know.”

ROLL CALL
The Secretary called the roll and the amendment by Senator Grant to the amendment by Senators North, Grant, Marsh and Scott was adopted by the following vote:
Yeas, 30; nays 18; absent or not voting, 1.
Voting yea: Senators Bailey, Beck, Bottiger, Buffington, Day, Donohue, Fleming, Francis, Goltz, Grant, Henry, Herr, Jolly, Knoblauch, Mardesich, Marsh, McDermott,
Voting nay: Senators Benitz, Bluechel, Clarke, Cunningham, Gould, Guess, Jones, Lewis (Harry), Lewis (R. H. “Bob”), Matson, Morrison, Murray, Newschwander, North, Pullen, Scott, Sellar, Wanamaker—18.
Absent or not voting: Senator Keefe—I.

Senator North moved adoption of the following amendment to the amendment by Senators North, Grant, Marsh and Scott:

On page 1, strike entire subsection (2) and insert:
“(2) Legislative reapportionment and redistricting may be accomplished by legislative action and any such action shall not be subject to referendum but shall be subject to veto by the governor. Legislative reapportionment and redistricting may be accomplished by an initiative submitted to the people or by order of an independent citizens commission as provided for in this section and any such action shall not be subject to referendum or to veto by the governor.”

POINT OF ORDER
Senator Talley: “Mr. President, with all due respect to Senator North, I believe she has enlarged the scope and object of this bill.”
Debate ensued.

RULING BY PRESIDENT PRO TEMPORE HENRY
President Pro Tempore Henry: “Senator Bottiger, without consulting with my attorney here, it is my opinion while it might enlarge the scope, it does not enlarge the object and I think that the Senate has a right to act on this particular amendment and that Senator Talley’s point is not well taken.”
The motion by Senator North failed and the amendment to the amendment was not adopted.

On motion of Senator Woody, the following amendment to the amendment by Senators North, Grant, Marsh and Scott was adopted:

On page 2, line 2 of the amendment, after “one member” strike all the matter down to “shall take” on line 4 and insert “from each congressional district, selected by the supreme court by lot from among the registered voters of the congressional districts.”.

On motion of Senator Grant, the following amendment to the amendment by Senators North, Grant, Marsh and Scott was adopted:

On page 2, line 6 of the amendment, after “redistricting” insert “and shall retain jurisdiction until such plans shall have been adopted pursuant to subsection (d) below”

On motion of Senator Grant, the following amendment to the amendment by Senators North, Grant, Marsh and Scott was adopted:

On page 2, line 10 of the amendment after “commission shall” insert “within thirty days”

Senator Grant moved adoption of the following amendment to the amendment by Senators North, Grant, Marsh and Scott:

On page 2, line 13 of the amendment, after “forth in” strike all material down to and including “(2)” on line 36 and insert “subsection (1)”

There being no objection, the following corrective amendment by Senator Mar-desich to the amendment by Senator Grant was adopted:

On page 2, line 13 of the amendment strike the “s” in “requirements”.

The motion by Senator Grant carried and the amendment as corrected, to the amendment, was adopted.

On motion of Senator Grant, the following amendments were considered and adopted simultaneously:

On page 2, line 22 of the amendment, after “determine” insert “within thirty days”
On page 2, line 22 of the amendment, after “forth in” strike all material down to and including “(2)” on the same line and insert “subsection (1)”
On page 2, line 31 of the amendment, after “forth in” strike all material down to and including “(2)” on line 45 and insert “subsection (1)”
The motion by Senator North carried and the amendment, as amended, was adopted.

Senator Beck moved that the rules be suspended and Substitute Senate Joint Resolution No. 114 be advanced to third reading, the second reading considered the third, and the resolution be placed on final passage.

Senator Odegaard moved that the Senate immediately reconsider the vote by which Engrossed Substitute Senate Bill No. 2736 passed the Senate on April 23, 1975.

Debate ensued.

POINT OF INQUIRY

Senator Rasmussen: "Would Senator Donohue yield? Senator Donohue, I fail to see that four million dollar figure on mine. I think you are working on the same sheet, Department of Revenue figures that I have, aren't you?"

Senator Donohue: "Senator Rasmussen, I was talking about the bill itself. No. I was not talking about your figures, Senator."

Senator Rasmussen: "This only amounts to five hundred and ten thousand."

Senator Donohue: "Plus the one point six million dollar shift in special levies per year, Senator. This is going to be a real problem also."

Senator Rasmussen: "Which they will pick up at the state level collection of taxes, more than that."

Senator Donohue: "But it still shifts to the other property owners at this time, which causes a great burden on those people who are just directly above those low income people you are trying to help, and I think it is important that we try to protect them at this time also."

The motion by Senator Odegaard failed. The Senate refused to reconsider the vote by which Engrossed Substitute Senate Bill No. 2736 passed the Senate.

SECOND READING

SUBSTITUTE SENATE BILL NO. 2727, by Committee on Local Government (originally sponsored by Senator Sellar):

Setting compensation for port commissioners.

The Senate resumed consideration of Substitute Senate Bill No. 2727, which had been amended by Senator Goltz on April 28, 1975.

Senator Marsh moved adoption of the following amendments by Senators Marsh and Mardesich to the amendment by Senator Goltz:

- On line 16, after "year." and immediately preceding the Goltz amendment insert "For any commissioner who has not elected to become a member of public employees retirement system before May 1, 1975, the" and strike "The" in the first word of the Goltz amendment.
- On line 16, after "state" in the Goltz amendment insert "nor shall attendance at such meetings or other service on behalf of the district constitute service as defined in RCW 41.40.010(9)".

POINT OF INQUIRY

Senator Rasmussen: "Will Senator Marsh yield to a question? Senator Marsh, your
intention is to stop anybody who is not now a member of the pension system from joining?"

Senator Marsh: "That is correct as far as commissioners are concerned who would want to become members of the system and simply gain service credit by attendance at meetings."

Senator Rasmussen: "But as I understand, you are still extending the right of joining the pension system for anyone who is elected port commissioner?"

Senator Marsh: "No. The amendment will read, Senator, that for any commissioner who has not elected to become a member of the Public Employees Retirement System before May 1, 1975, the compensation provided pursuant to this section shall not be considered salary for purposes of the provision of any retirement system created pursuant to the general laws of the state, nor shall attendance at such meetings or other service on behalf of the district constitute service as defined in RCW 41.40.010(9)."

Senator Rasmussen: "My question probably is related to the general subject. How can you rationalize another elected official the same as we are, elected to a part-time job, and state legislators participate in the pension and yet you would deny this same privilege to another part-time elected official, and I do not think that would stand up very well."

Senator Marsh: "Yes, that is the intent of the amendment. The intent of the amendment is to deny part-time public officials from gaining service credit under the pension system for mere attendance at the meetings unless they are already doing so. We probably would like to cut off those already doing so, but as a matter of law they probably have a right to continue. The Supreme Court has said once you get on the pension system you have a contractual right to stay on."

Senator Rasmussen: "This is what I am asking, Senator Marsh. Would you think this also should be extended to legislators who are part-time and attend meetings?"

Senator Marsh: "I think there is a big difference between legislators and part-time port officials. Port officials attend meetings, several meetings perhaps, a month, whereas legislators are full-time and are paid on a monthly basis. Our salary may be inadequate or quite similar to what port officials are paid, but nevertheless, we are paid on a monthly basis and we are considered full-time legislators. We certainly are during session time and even during the interim most of us are spending at least half-time or more at our legislative duties. I think there is a big distinction."

President Pro Tempore Henry: "Senator Rasmussen, there is a precedent for this. A number of years ago, the liquor vendors were allowed to be on the pension system and after a certain length of time they were not accorded that privilege. That is not the ones working for the state liquor stores, but the ones who have their own vendor operation in some small community, and those who were on the system were allowed to remain on and the new ones were not allowed to, so there is precedent for this."

Senator Rasmussen: "Senator Henry, Mr. President, I can agree with that. Those are private business people, the same as the consultants whom we hire on personal service contracts who are eliminated, but in this case we are talking about duly elected officials who meet regularly and, in the case of Tacoma, are compensated regularly monthly. I think Senator Sellar is preparing another amendment to take care of this one specific case, but my question is the rationale of Senator Marsh wanting to exclude one elected official from another elected official who probably serves just as much of a part-time basis as we do."

Senator Marsh: "Senator Rasmussen, your Tacoma port officials already on the pension system will not be affected by this amendment. That is why we are attempting to modify the Goltz amendment. The Goltz amendment would take them out of the pension system, at least you could argue that. My amendment to the Goltz amendment would say that those who are already on the pension system will stay on, but if you are not on by May 1, 1975, you will not be able to get on simply by attendance at meetings. I certainly urge your approval of this amendment."

Senator Talley: "I think, Senator Rasmussen, this is per diem. We do not get any retirement pay on what we draw as per diem. This is just so much for attending a meeting. This is not a salary."
The motion by Senator Marsh carried and the amendments to the amendment by Senator Goltz were adopted.

On motion of Senator Sellar, the following amendment was adopted:

On line 16, after "RCW 41.40.010(9)" in the Marsh/Mardesich amendment insert ": PROVIDED, That any level of compensation for port commissioners established by vote of the people prior to the effective date of this 1975 amendatory act shall continue in full force and effect notwithstanding the provisions of this act".

On motion of Senator Sellar, the rules were suspended, Engrossed Substitute Senate Bill No. 2727 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

ROLL CALL

The Secretary called the roll on the final passage of Engrossed Substitute Senate Bill No. 2727, and the bill passed the Senate by the following vote: Yeas, 41; nays, 7; excused, 1.

Voting nay: Senators Beck, Cunningham, Grant, Lewis (Harry), Murray, Ridder, Wilson—7.

Excused: Senator Guess—1.

ENGROSSED SUBSTITUTE SENATE BILL NO. 2727, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

MOTION

On motion of Senator Mardesich, the Senate resumed consideration of Engrossed House Bill No. 988.

SECOND READING

ENGROSSED HOUSE BILL NO. 988, by Representatives Thompson and Pardini:

Providing for presidential primaries.

The Senate resumed consideration of Engrossed House Bill No. 988 as amended on Thursday, April 24, 1975. On that day, an amendment by Senator Walgren failed. Senator Mardesich served notice that he would move for reconsideration of the vote by which the amendment was not adopted. The committee amendments were moved for adoption on that day.

On motion of Senator Beck, the committee amendments were not adopted.

Senator Mardesich moved adoption of the following amendment:

"NEW SECTION. Section 1. In each year when a president of the United States is to be nominated and elected, there shall be held a presidential preference primary at which each voter shall have the opportunity to vote for any one candidate of any one major political party for nomination for president of the United States. Such vote may be cast for candidates placed on the ballot pursuant to section 2 of this act or, in the alternative, for delegates and alternate delegates pledged to a specific presidential candidate or uncommitted and placed on the ballot pursuant to section 3 of this act.

The presidential preference primary shall be held on the fourth Tuesday in May of each presidential election year.

NEW SECTION. Sec. 2. The name of a candidate for a major political party nomination for president shall be printed in alphabetical order on the ballot if:

(1) The secretary of state shall have determined that the individual's candidacy is generally advocated or recognized in the national news media throughout the United
States and shall have certified to the state chairman of each political party, on or before the sixtieth day preceding the presidential preference primary, the names of the individuals the secretary of state has determined to be recognized candidates for the nomination of that party to the office of president; or

(2) Members of the political party of the candidate shall have presented a petition for nomination of such candidate which shall have attached thereto a sheet or sheets containing the signatures of at least a number of registered voters who declare themselves in the petition as being affiliated with the same political party as such presidential candidate, equal to one percent of the vote cast in the state for the candidate of such political party for president at the last presidential election, or at least three thousand such registered voters, whichever number is the greater. The petition shall be filed with the secretary of state not later than the forty-fifth day prior to the presidential preference primary. The signature sheets shall also contain the residence address and name or number of the precinct of each registered voter whose signature appears thereon and shall be certified to in the manner prescribed in RCW 29.79.200 and 29.79.210.

NEW SECTION. Sec. 3. (1) Each political party shall select delegates and alternate delegates to its national nominating convention and apportion delegate votes by the method and under such rules and regulations as each such party may prescribe.

(2) The names of candidates for election as delegates and alternate delegates to a major political party's national nominating convention shall be printed on the presidential preference primary ballot if the state central committee of any such party so directs the secretary of state.

NEW SECTION. Sec. 4. If a state central committee chooses to elect delegates and alternate delegates pursuant to section 3 of this act, the following procedures shall apply to such election:

(1) Each person desiring to be a candidate for delegate or alternate delegate shall file with the secretary of state:
   (a) a declaration of candidacy
   (b) a petition in a form prescribed by the secretary of state containing the signatures of at least five hundred registered voters residing in such person's congressional district, and
   (c) a statement declaring (i) the name of such person's preference for president or (ii) that such person is uncommitted. Such statement shall also appear on the face of each petition prior to its circulation for signatures.
   (d) authorization in writing from a presidential candidate for said person to be a candidate for delegate or alternate delegate pledged to such presidential candidate.

The filing period for the position of delegate or alternate delegate shall open the first Monday in April of each year in which a presidential preference primary is to be held and shall close on the first succeeding Friday.

(2) Each person who shall have filed as a pledged candidate for delegate or alternate delegate pursuant to subsection (1) of this section shall submit prior to the date of the presidential primary election the following pledge to the state chairperson of the appropriate major political party:

Delegate Pledge

I, ................ , do hereby swear that I am a supporter of ................ for the office of the President of the United States; and that if elected as a delegate or alternate delegate to the ................ Party National Convention I shall do all that I can to advance the cause of said candidate at the national convention, and furthermore, I shall cast my ballot as a delegate to said convention for said candidate on the first two ballots unless released by said candidate.

(3) The names of candidates for delegate or alternate delegate who are pledged to their designated presidential candidate shall have their names appear together on the ballot in alphabetical order in conjunction with the names in alphabetical order of such presidential candidate. The names of candidates who are not pledged to any presidential candidate shall be listed together in alphabetical order on the ballot in conjunction with
their party designation and the designation of "uncommitted delegates or alternate delegates".

(4) If party rules so provide, candidates pledged to a presidential candidate pursuant to subsection (2) of this section shall appear on the ballot only if the number of said delegate and alternate candidates is greater than or equal to the total number of delegates and alternate delegates to be elected in this state or in each congressional district, as appropriate.

NEW SECTION. Sec. 5. Insofar as is practicable, and where the provisions of this chapter do not specifically indicate otherwise, the presidential preference primary shall be conducted in the same manner as a state primary, including the certification of the election returns by the state canvassing board: PROVIDED, That the requirement of rotation of names on the ballot shall not apply to the presidential preference primary election: PROVIDED FURTHER, That the secretary of state shall certify all names to appear on the presidential preference primary ballot to the respective county auditors on or before the fourth Tuesday in April of each presidential year. County auditors, at their discretion, may combine and consolidate two or more precincts for the purpose of conducting this election only: PROVIDED, That no voter shall be required because of such consolidation to go to a location different from that of the last election. The secretary of state as chief election officer may make rules and regulations in accordance with chapter 34.04 RCW to facilitate the operation, accomplishment, and purpose of this chapter.

NEW SECTION. Sec. 6. At a presidential preference primary, a voter may vote for no more than one presidential candidate, or for no more than the total number of delegates or alternate delegates to be elected in the state or congressional district, as appropriate. Any presidential preference primary ballot with any more than such votes shall be void.

Notwithstanding the provisions of RCW 29.18.200, in the event an election for delegates and alternate delegates shall be held pursuant to section 4 of this act, a voter may vote only for delegates and alternate delegates of the same political party. If any voter votes for delegates or alternate delegates of more than one party or for delegates and alternate delegates of one political party and a presidential candidate of another political party, all such votes shall be void. A plurality vote shall be sufficient to elect a delegate or alternate delegate to any national convention, and the allotted number of candidates receiving the highest number of votes shall be deemed elected.

Notice to the effect of the provisions of this section shall appear prominently on the face of each presidential preference primary ballot. Where voting machines or voting devices are in use, the notice shall be displayed on or about each machine or device.

NEW SECTION. Sec. 7. Whenever a presidential preference primary election is held as provided by this chapter, the state of Washington shall assume all costs of holding such election: PROVIDED, That if any other election or elections shall be held at the same time, the state shall be liable only for its prorated share. Each county auditor shall determine the election costs, including the state's prorated share, if applicable, and shall file a certified claim therefor with the state auditor. The state auditor shall compile such claims for presentation to the next succeeding legislature in the same manner as other legislative relief claims.

NEW SECTION. Sec. 8. Sections 1 through 7 of this act shall constitute a new chapter in Title 29 RCW.

NEW SECTION. Sec. 9. If any provision of this 1975 act, or its application to any person or circumstance is held invalid, the remainder of the act, or the application of the provision to other persons or circumstances is not affected.

PARLIAMENTARY INQUIRY
Senator Bluechel: "There are two striking amendments up there. If one is not adopted, will the other one be up?"

REPLY BY PRESIDENT PRO TEMPORE HENRY
President Pro Tempore Henry: "We will take them in order. If this is not adopted,
the other one will be parliamentary correct.”

Senator Bluechel moved adoption of the following amendment to the amendment by Senator Mardesich:

On page 1, section 1, line 6 after “of this act” insert a period and strike remainder of paragraph.

Debate ensued.

POINT OF INQUIRY

Senator Rasmussen: “Will Senator Bluechel yield to a question? Senator Bluechel, is this proposed amendment that you have to the Mardesich amendment drawn tight enough? What I have in mind is, a few years ago Governor Evans left Washington State pledged, along with the Republican Party, to a certain candidate for President. Upon arriving in Miami Beach, Florida, he switched horses in the middle of the stream and did not speak for the candidate the Republican Party of Washington had endorsed and he was a delegate. He spoke for, I think, Rockefeller. Now, this was contrary to the wishes of the Republican Party. There was no way that they could chastise him and there was no way they could hold him in line after he left Washington State. Would this amendment of yours keep the Governor, if he was a delegate, in line the next presidential campaign?”

Senator Bluechel: “Senator Rasmussen, I am not familiar with the details of what you are talking about, but what this is doing, this is neither a Republican nor a Democratic amendment. The amendment was drawn up by, I believe, seven Secretaries of State. I believe four of them were Democrats and three of them were Republicans. They came to an agreement some two years ago at a Western Conference of Secretaries of State, and I haven’t got the details on exactly where it was, but two years ago they decided to attempt to place before seven western states a presidential primary that would fall on the same time so that we could act as a body and literally attract the presence of the various candidates for president of this country. Now there was no indication or no intent whatsoever to try to slant this particular primary to any particular person. It simply said to the people, ‘Who do you wish to be your presidential candidate,’ and the people chose from this, and under this particular section, under section 2 . . . .”

Senator Rasmussen: “Mr. President, I do not think Senator Bluechel has answered my question as to whether this would keep the delegates in line.”

Senator Bluechel: “To be specific in the question, under the fourth paragraph down, it specifically says the delegate votes apportioned by the national committee or convention to the major political parties to the delegations of their respective parties from Washington State shall be cast for at least two convention ballots in the following manner.”

POINT OF INQUIRY

Senator Francis: “Will Senator Mardesich yield to a question? Senator Mardesich, I have to preface my question by stating that, along with Senator Bluechel, I do not like the idea of having the delegates’ names themselves on the ballot. I think it would have an unduly clogged ballot, and I am wondering what is the reason for the section which allows the placing of delegates on the ballot by the party central committee and is this required by the party rules or is there some other way that we could get around that requirement, such as proportional voting or something like that, some other way of avoiding putting the actual names of delegates on the ballot?”

Senator Mardesich: “It is my understanding that under the Democratic Party’s national rules you have to have proportional representation and you may, I believe I am correct, go to the delegate selection process, congressional district by congressional district, provided that the names of the delegates are all on the ballot and that they may run either committed to a candidate or uncommitted.”

Senator Francis: “From what you are saying then, there is nothing in the national party rules that requires us to go with that option and since we can set the policies of this state and decide whether or not we are going to give the party central committee that
option, what is our reason why we would be giving the party central committee that op­
tion?"

Senator Mardesich: "Without such an option we would have the situation where the
Republican Party, under the state presidential primary, a named candidate running
would have a hundred percent of the delegates as by virtue of receiving a majority of the
vote at the primary election or presidential primary, so that if we make the assumption,
for instance, that the Republicans had fifty delegates to their national convention and
Senator Evans were a favorite son candidate for the presidency, along with some other
Republican, Mr. Kramer, also running on a favorite son position, if Senator Evans were
to receive a majority of the votes, in that case he would take all fifty of the delegate
strength with him to the national convention, so it is winner take all, in effect.

"With respect to the Democratic national rules, it would have to be, if it is a
straight presidential beauty contest such as the one I described between the two good­
looking Republican candidates, then you would have a situation where it would not be
winner take all, but it would be proportional. The alternative, however, is provided in
the national rules that where you go under the delegate selection process on a congres­
sional basis, that a candidate may win on a winner take all basis in the congressional
races and conceivably, if a candidate were to take all the congressional races, would
then put us in the same position as the Republican Party would be where that candidate
would have all the delegate strength from the state."

Senator Francis: "Are you saying then that the only way, under the present na­
tional rules, that the Democratic primary could provide for winner take all would be by
putting the delegates' names on the ballot?"

Senator Mardesich: "That is correct, by congressional district."

Further debate ensued.
The motion by Senator Bluechel failed and the amendment to the amendment was
not adopted on a rising vote.

Senator Grant moved adoption of the following amendment to the amendment by
Senator Mardesich:

On page 1, section 1, after the first paragraph insert: "Each person desiring to vote
in the presidential preference primary shall request a primary ballot of the major polit­
tical party primary in which he or she intends to vote, at which time the precinct election
worker shall give each person the appropriate primary ballot.

A separate ballot shall be printed for each major political party which has candi­
dates whose names have been authorized for placement on presidential preference pri­
mary ballots under the provisions of section (2) of this act. The names of all presidential
candidates for a party's nomination for the office of president shall be listed alphabeti­
cally in a column on that party's ballot. If the state's committee of either major political
party directs the secretary of state to cause to be placed on the presidential preference
primary ballot the names of candidates for election as delegates and alternate delegates
to such party's national nominating convention under the provisions of section 3 of this
act, then a separate ballot shall be printed for each major political party which has candi­
dates for delegate and alternate delegates."

Debate ensued.
The motion by Senator Grant failed and the amendment to the amendment was not
adopted on a rising vote.

Senator Lewis (Harry) moved adoption of the following amendment to the amend­
ment by Senator Mardesich:

On page 1, on the fourth line of subsection (2) strike "who declare themselves in the
petition as being affiliated with the same political party as such presidential candidate."

Debate ensued.
The motion by Senator Lewis (Harry) failed and the amendment to the amendment
was not adopted.

There being no objection, the amendment by Senator Lewis (Harry) to page 1, line
17 on the Secretary's desk, was withdrawn.

Senator Morrison moved adoption of the following amendment to the amendment
by Senator Mardesich:
On page 4 of the amendment, strike all of section 7 and insert:

"NEW SECTION. Sec. 7. Whenever a presidential preference primary election is held as provided by this chapter, the candidates for president of the political parties appearing on the ballot shall assume all costs on a pro rata basis as determined by the number of candidates appearing on the ballot: PROVIDED, That if any other election or elections shall be held at the same time, the candidates shall be liable only for their prorated share. Each county auditor shall determine the election costs, including the candidate's prorated share, if applicable, and shall file a certified claim therefor with the state auditor. The state auditor shall compile such claims for presentation to the candidates and collection of the determined pro rata share."

Debate ensued.

Senator Lewis (Harry) demanded a roll call and the demand was sustained by Senators Benitz, Matson, Jones, North, Wanamaker, Scott, Bluechel, Cunningham and Clarke.

ROLL CALL

The Secretary called the roll and the amendment by Senator Morrison to the amendment by Senator Mardesich was not adopted by the following vote: Yeas, 18; nays, 31.

Voting yea: Senators Benitz, Bluechel, Buffington, Clarke, Cunningham, Gould, Guess, Jones, Lewis (Harry), Lewis (R. H. "Bob"), Matson, Morrison, Murray, Newschwan, North, Scott, Sellar, Wanamaker—18.

Senator Morrison moved adoption of the following amendment to the amendment by Senator Mardesich:

On page 4, after new section 7, add the following:

"NEW SECTION. Sec. 8. The position of delegate or alternate delegate shall be considered a public office for purposes of applications of chapter 42.17 RCW, the Washington state public disclosure law."

Renumber remaining sections consecutively.

Senator Walgren moved adoption of the following amendment to the amendment by Senator Morrison:

In the first line of the amendment by Senator Morrison following "shall" and before "be" insert "not".

POINT OF ORDER

Senator Morrison: "Mr. President, I would make inquiry as to whether the proposed oral amendment does in fact expand the scope and object of my amendment."

RULING BY PRESIDENT PRO TEMPORE HENRY

President Pro Tempore Henry: "The President, in ruling upon Senator Morrison's point of scope and object, it does not expand the scope and object of the bill. The only difference is that Senator Morrison knows who would have voted yea for your amendment and will now be forced to vote nay. It is a reversal of the voting procedure."

Debate ensued.

POINT OF ORDER

Senator Bailey: "Mr. President, in Reed's on page 101, which I gather supersedes Henry . . . ."

President Pro Tempore Henry: "Not necessarily."

Senator Bailey: "Page 101, it says, 'The insertion of the word "not" or the striking it out is not a proper amendment.'"

President Pro Tempore Henry: "Could you run that by me again?"

Senator Bailey: "It says, it discusses amendments and what is proper. It says, 'The insertion of the word "not" or striking it out is not a proper amendment since it does
not change the question but merely reverses the vote and requires two votes where one would accomplish the same.'

President Pro Tempore Henry: "That was substantially the ruling I made."

Senator Bailey: "Then why are we considering Senator Walgren's amendment, if you made that ruling?"

**RULING BY PRESIDENT PRO TEMPORE HENRY**

President Pro Tempore Henry: "The question was on scope and object. It did not enlarge the scope and object; it reversed the order of vote. Senator Bailey's point is well taken. The word 'not' is not a correct amendment."

Senator Mardesich: "Mr. President, is the ruling that the insertion of the word 'not' is not a proper amendment?"

President Pro Tempore Henry: "On page 101 of Reed's Parliamentary, which Senator Bailey says supersedes mine, 'The insertion of the word "not" or the striking it out is not a proper amendment since it does not change the question but merely reverses the vote.'"

Senator Mardesich: "Does the President then hold that another amendment is in order, having the word 'not' in it?"

President Pro Tempore Henry: "Yes, that would be a substitute amendment. I think the correct procedure would be, if I can be brutally frank, to vote down the Morrison amendment and then submit an amendment of your own. That is why you are the majority party, isn't it?"

**PARLIAMENTARY INQUIRY**

Senator Lewis (Harry): "I believe the roll call I asked for was on the Walgren amendment."

**REPLY BY PRESIDENT PRO TEMPORE HENRY**

President Pro Tempore Henry: "The Walgren amendment has now been ruled out of order. Do you still want a roll call on the Morrison amendment?"

The amendment by Senator Walgren to the amendment by Senator Morrison was ruled out of order.

Senator Lewis (Harry) demanded a roll call and the demand was sustained by Senators von Reichbauer, Matson, Newschwander, Murray, Scott, Wanamaker, Cunningham, Jones and Bluechel.

President Pro Tempore Henry declared the question before the Senate to be the roll call on the amendment by Senator Morrison to the amendment by Senator Mardesich.

**ROLL CALL**

The Secretary called the roll and the amendment by Senator Morrison to the amendment by Senator Mardesich was not adopted by the following vote: Yeas, 17; nays, 32.

Voting yea: Senators Benitz, Bluechel, Clarke, Cunningham, Gould, Jones, Lewis (Harry), Lewis (R. H. "Bob"), Matson, Morrison, Murray, Newschwander, North, Scott, Sellar, von Reichbauer, Wanamaker—17.

On motion of Senator Walgren, the following amendment to the amendment by Senator Mardesich was adopted:

On page 4 of the amendment, after section 7 add the following:

"NEW SECTION. Sec. 8. The position of delegate or alternate delegate shall not be considered a public office for purposes of application of chapter 42.17 RCW, the Washington state public disclosure law."

Renumber the remaining sections consecutively.
The Secretary read the following amendment by Senator Lewis (Harry) to the amendment by Senator Mardesich:

On page 3, strike the material of the second paragraph of new section 6, beginning with "Notwithstanding" down through "void." on line 7 of the paragraph.

POINT OF INQUIRY

Senator Lewis (Harry): "Will Senator Mardesich yield to a question?"
Senator Mardesich: "I did not check that."

Senator Lewis (Harry): "Mr. President, I am proposing this amendment but I do not want to propose it to the Senate if it violates the Democratic Party national rules and that was the question I would ask Senator Mardesich. If it does violate the Democratic national rules, why I would like to withdraw the amendment. What the amendment does, again, while Senator Mardesich is making that determination, it just provides that a voter can vote for a delegate or alternate of more than one party. It gives him the freedom to do that. It does not require that he has to select a ballot and he has to vote for one party only, and it would preserve that right. Now, I understood in the selection of the presidential candidate the national rules of the Democratic Party provided you had to go that way, but in the event that it does not apply to the delegates and alternates, I see no reason why people in a district who know individuals in a community who are going back and speak for that community should not have the opportunity to vote for the delegates or alternates that they want. Many times in the city of Olympia or the county of Thurston we know an elderly farmer or a young gal who has been interested in the Democratic Party or the Republican Party and we know them on an individual basis and we would like to have that opportunity to vote for them. I just believe the people would feel that way and if it does not affect your national party position, I hope that you would feel the same way. Perhaps Senator Beck could respond."

Senator Beck: "Specifically to your question, Senator Lewis, the Democratic Party rules do not permit Republicans to come and help nominate the Democrat nominee, and this is in violation of the party rules."

Senator Lewis (Harry): "With the permission of the Senate, I would like to withdraw the amendment."

There being no objection, the amendment by Senator Lewis (Harry) was withdrawn.

Senator Pullen moved adoption of the following amendment by Senators Pullen and Benitz to the amendment by Senator Mardesich:

On page 4, add a new section as follows:

"NEW SECTION. Sec. __. REFERENDUM. This act shall be submitted to the people for their adoption and ratification, or rejection, at the next succeeding general election to be held in this state, in accordance with the provisions of section 1, Article II of the state constitution as amended, and the laws adopted to facilitate the operation thereof."

Debate ensued.

The motion by Senator Pullen failed and the amendment to the amendment by Senator Mardesich was not adopted.

The motion by Senator Mardesich carried and the amendment, as amended, was adopted.

On motion of Senator Beck, the rules were suspended, Engrossed House Bill No. 988, as amended by the Senate, was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

Debate ensued.

POINT OF INQUIRY

Senator Bluechel: "Would Senator Mardesich yield to a question, please? Senator Mardesich, under section 3, subsection 2, that states that the names of the candidates for election as delegates and alternate delegates to major political party nominating conventions shall be printed on a presidential preference primary ballot if the state central committee of any such party so directs. Could you explain to me just how a ballot would

read? Would the names of the candidates be first, or would the name of the presidential candidate be first, and if there are more candidates for delegates than are allowed under either national convention, how are these chosen? In other words, what is the make-up of the ballot? How does the voter look at it when he walks in and has to cast his vote, and what choices does he have?"

Senator Mardesich: "First of all, he would have, I would assume, with respect to the person who is a Republican, and applying my own logic to the situation if I were in control of that situation, he would have simply the names of the various presidential candidates of this next election, from which he would make a choice. I would assume that the Democratic state committee would make — this makes some assumptions that you have a fifty-five or fifty-six delegates apportioned to the state of Washington from the Democratic side — the way this is set up, I would assume we might allow the selection of seven delegates from each congressional district; the number running statewide that would give us forty-nine delegates on the ballot, and a number running statewide.

"Now they could, in the alternative, apply it all to the state congressional districts if it were a number which was divisible by seven. I would assume then that the ballot would be set up in such a manner that in conjunction with the name of the presidential candidate to whom the various delegates or alternates are pledged, that you would have those names listed. If I were a candidate and under that type of a rule adoption I would, since the national rules would allow a candidate to decide who he may wish to represent him as a delegate, then I would provide that I would have only seven names under my ballot to prevent a dilution of the spread of votes, the vote for one principle. And so, as a matter of fact, I think he would be required to put seven on the ballot. Senator Beck may check me on this because he was much closer to the subject than I, but that would be my opinion. How it would be handled? I think that every person would then make his choice from a list, a slate, as it were. That is not saying that some candidate might not desire fourteen delegates rather than the suggestion that I made that he would be wise to choose seven, and that could be possible, but I would think that logically there would be no sense to that position and you will have a ballot where, under the Democratic side most likely you would have perhaps seven people running for the delegate's position and then a series running as statewide and then you would have another slot where there would be unallocated or uncommitted delegates and the ballot would appear in that order; alphabetically a list of those people, if there were a Mr. Anderson running for president, first, and his delegates would be listed in conjunction with his name; and then you would have at the end of that ballot after all the candidates have been so listed, those who are running in excess, not from a congressional district but you could have either some by appointment or some by running statewide and I think this provides for statewide; and then finally you would have those who are uncommitted, again appearing in alphabetical order. I do not know whether that is really an answer to your question but that is my . . . ."

Senator Bluechel: "Senator Mardesich, yes, you have partially answered my question. The question I have then is, let us say that a candidate 'X' on the Democratic side has available seven delegates in any congressional district which are on the ballot and either he picks — supposing those delegates are contested, supposing there are fifteen delegates, or fourteen, who want to try for that spot. Does the presidential candidate say, 'You can only be a delegate and you cannot be a delegate'?

Senator Mardesich: "Under our rules, that is the situation. A candidate has the right to reject any name. The logic of that, of course, is to avoid someone such as Senator Bluechel running as a supporter of President Jackson, whereas he may not in fact be. He may support Governor Evans in his candidacy."

Senator Bluechel: "Even though, Senator Mardesich, by the rules here these are bound for two ballots. Thank you, Senator Mardesich. You have answered the question."

Further debate ensued.

POINT OF INQUIRY

Senator Goltz: "I would like to ask Senator Beck to yield to a question? Senator
Beck, could a card-carrying Republican, let us say a Republican who is so involved in his own party that he is selected as a delegate to the national convention to select the Republican presidential candidate; could that person vote in the Washington State Democratic preferential primary and select delegates to the Democratic convention?"

Senator Beck: "I can give a one word answer, yes, but I would elaborate. I do not understand a card-carrying Republican but even we could get Senator Bluechel over here. When he walks down and votes in the presidential primary preference, you will get the whole ballot there, Alan, but you will only be — your ballot is void if you vote for two parties. You can only vote for one party."

Further debate ensued.

Senator Jones moved that Engrossed House Bill No. 988, as amended by the Senate, be referred to the Committee on Ways and Means.

Senator Bailey amended the motion by Senator Jones that Engrossed House Bill No. 988, as amended by the Senate, that the Committee on Ways and Means report back to the Senate by Friday noon with recommendations.

The motion by Senator Jones as amended by Senator Bailey carried. Engrossed House Bill No. 988, as amended by the Senate, was referred to the Committee on Ways and Means with instructions.

MOTION FOR RECONSIDERATION

Senator Van Hollebeke moved that the Senate reconsider the vote by which Engrossed House Bill No. 988, as amended by the Senate, was referred to the Committee on Ways and Means with instructions to return to the Senate on Friday with recommendations.

The motion for reconsideration failed.

MOTION

On motion of Senator Mardesich, the Senate commenced consideration of Senate Bill No. 2401.

Signed by: Senators Ridder, Chairman; Bailey, Grant, von Reichbauer.
The bill was read the second time by sections.
Senator Ridder moved that the committee amendment not be adopted.

POINT OF INQUIRY

Senator Grant: "Would Senator Ridder yield to a question? Senator Ridder, it was my understanding that the committee amendment simply deleted language that the committee felt was redundant. Now I recognize that there are other floor amendments, but it just occurs to me that the language is redundant and the committee amendment should be adopted."

Senator Ridder: "I apologize. I am unprepared. We came to this faster than I thought we would. If Senator Grant wishes to proceed in that fashion, I have no objection."

Senator Grant moved that the committee amendment be adopted.

"O GOD, OUR FATHER, YOU WHO STAND BEHIND THE LIFE AND WORK OF ALL MANKIND, WE COME, OPENING OUR MINDS TO YOU AT THE OUTSET OF THIS NEW DAY. PERHAPS THE MOST IMPORTANT THING THAT ANY ONE OF US MAY FEEL IS THE DEEP DESIRE THAT OUR LIVES MAY COUNT FOR SOMETHING, AND THAT WHAT THEY COUNT FOR IS GOOD, AND WORTHWHILE, AND LASTING. SO AS WE EVALUATE THE TASKS BEFORE US TODAY, HELP US TO CHOOSE TO INVEST OUR BEST EFFORT ON THOSE WE BELIEVE TO BE GOOD, WHOLESOME, AND HELPFUL TO OTHERS, HELP US TO EVALUATE ALSO THOSE THINGS WHICH ARE ACTUALLY WORTH THE INVESTMENT OF THE PRECIOUS TIME WHICH YOU HAVE GIVEN TO US. AND ASSIST US, FATHER, IN SELECTING THOSE TASKS WHICH MAY HAVE PURPOSE AND MEANING BEYOND THE MOMENT, EVEN BEYOND OUR OWN LIFETIMES, AND OUT INTO THE FUTURE OF CITIZENS YET UNBORN. TO THESE ENDS, HELP US TO BE SELECTIVE IN THE TASKS WE ENTER INTO TODAY AND HELP US TO KNOW THAT THOSE WHO MAY DISAGREE WITH US ARE SEEKING THE SAME ENDS. THEN GIVE US ALL YOUR GUIDANCE, YOUR STRENGTH, AND FINALLY YOUR SENSE OF PEACE WHEN WE HAVE GIVEN OUR BEST JUDGMENT AND EFFORT TO THIS DAY. WE PRAY IN THE NAME OF JESUS CHRIST OUR LORD. AMEN."

SPECIAL ORDER OF BUSINESS
SECOND READING

SENATE BILL NO. 2401, by Senators Grant, Mardesich, Bailey and Ridder:
Providing for adjustment of workmen's compensation payments.

The time having arrived, the Senate resumed consideration of Senate Bill No. 2401. The committee amendment was considered on April 30, 1975. On motion of Senator Mardesich, Senate Bill No. 2401 and the pending committee amendment was made a special order of business for today.

On motion of Senator Ridder, the committee amendment was adopted.

Senator Mardesich moved adoption of the following amendment by Senators Mardesich and Morrison:

On page 2, line 15, strike all of subsection (2).

Debate ensued.

POINT OF INQUIRY

Senator Ridder: "Would Senator Morrison yield? I am curious about the figures that you cited, Senator Morrison. You said, I think, six point six million is the current impact should subsection 2 be removed. Is that correct?"

Senator Morrison: "Yes."

Senator Ridder: "And you were balancing that off against forty-three million should it stay in, but my interpretation would be that certainly a great portion of that forty-three million would be applicable when we come back, presumably next January, to reinstate an escalator clause?"

Senator Morrison: "Senator Ridder, I am confident, as I indicated, that this Senate will come back, this legislature, and again take a look at these benefits in future years. Recall now, we have waited from '71 until this 1975 session to make the adjustment that we are agreeing to make in this bill. I am confident we will be back, if not next year, in a couple of years. We will look at the funding; we will see where we are; right now we are twenty million dollars in the hole, but the rate has been adjusted to make up for that. I just think we do not want to come back periodically and not grant this thing forever because of the impact we have seen in other areas. Yes, we probably will spend over the next six years the forty-three million dollars that we are talking about in the fiscal note, but I think we want to come back and have some control over it rather than just letting it go now by not striking the subsection."

Senator Ridder: "It would seem to me that if, and as you spoke you extended that to a couple of years at which time we would be making the adjustment, then we are again asking the injured worker or the surviving spouse to be paying that difference in the fiscal note, as we have been doing in the last four years; that is, those who have been injured since 1971 have not had the advantage of this adjustment up until now, so that they in effect have subsidized that lower rate which we have been able to pay."

POINT OF INQUIRY

Senator Talley: "Will Senator Morrison yield? Senator Morrison, I feel, and I wonder about your thinking, that industrial insurance is something the state is in. We guarantee these injured workmen a pension and I think it is our prime responsibility to see that that pension has kept up with the current cost of living. I do not think they should have to come back every two years and beg for a cost of living increase."

Senator Morrison: "Senator Talley, yes, I am inclined to agree with you and I do not think they have come back begging for that increase. Senator Mardesich has pointed out that the federal government does provide, and I think through social security is providing for, continued escalation. That is why it is essential that we come back periodically and see what these benefits actually amount to and the status of the fund, and grant these increases. I concur with you. I do not think we are going to treat the injured workers shabbily at all. We are just going to make sure that when we give him something, that the money is there to back it up."

POINT OF INQUIRY

Senator Bottiger: "Would Senator Morrison yield to another question? Senator Morrison, as I understand it, the series of amendments, and especially the second amendment allowing the social security offset, would tear holes in your forty-three mil-
lion dollar figure. As I understand it, the effect of the second amendment would be to keep at the state level the offset currently being claimed by the federal government and that the reduction of the forty-three million dollar figure is really something like nineteen. Can you set me straight on that if I am wrong?"

Senator Morrison: "Senator Bottiger, it is very difficult to calculate what the social security offset would bring to the state of Washington. Those figures are not available to us. It is estimated by Labor and Industries that the saving, if we can bring back to the state coffers the money that is now staying with the federal government will amount to about two and one-half million dollars per year. Yes, you are accurate. The forty-three million dollars I spoke of would be only if the bill passed as it is in the present form in front of us. If we are able to adopt the amendment proposed by Senator Mardesich, we would be able to deduct from that total cost two and one-half million dollars per year during that same six year period of time, so the forty-three million dollars would be reduced by that amount. Interestingly enough, the injured workman does not get any more. It is just that we are keeping the money here to reduce the impact on both employees and employers, so that would affect the statement that Senator Ridder made that in fact these workers, by not getting the benefits, were the ones that were paying it. That applies to the offset also."

Senator Mardesich: "I would like to address myself briefly to the question that Senator Ridder asked, and the implication of the question was that the employee was the one who was losing the difference between the six million and the forty-eight (sic) million, and that is not so. There may be some difference but the difference is that the federal government will be picking up part of that difference between—the bulk of the difference—between six and forty-three rather than the state fund. Fifty percent paid by the employer and fifty percent paid by the employee, so that in fact we will be getting back a return on what each employer and each employee has invested in social security rather than paying it directly out of the employer and employee's pockets."

POINT OF INQUIRY

Senator Rasmussen: "Would Senator Mardesich yield to a question? Senator Mardesich, if we defeat your first amendment and adopt your second amendment, we will be taking care of leaving the federal offset here in the state, won't we?"

Senator Mardesich: "Yes, but you could then have a situation where a person's cost of living increases would be in excess of the cost of living increases which are normal, in other words, the actual. If the cost of living increases were ten percent under that theory, if this were to be eliminated, then it is conceivable that a person could get something in excess of the normal cost of living, and that could be compounded over the years because he would be getting a cost of living by virtue of the state fund and he would be getting an additional cost of living out of the federal fund then, so you would have a duplicate cost of living increase; not entirely duplicate but in excess of one hundred percent cost of living increase."

Senator Rasmussen: "Then my second question, Senator Mardesich, would be, if we defeat your first amendment, this is out of the supplemental pension fund, what would the additional cost be to the employer and the employee?"

Senator Mardesich: "I believe that figure was about six and one-half million dollars."

Senator Rasmussen: "Total for the biennium?"

Senator Mardesich: "No, for a six year period."

Senator Rasmussen: "For a six year period? It is rather a minor amount."

Senator Mardesich: "That is true but do not forget that the employee and the employer have paid for that portion of the balance up to the forty-three that they will be then getting from the federal rather than from the state fund. They do not get it all but they get a good portion of it . . . increase their cost of living that goes with the federal part of the program, so actually it is not the difference, as was implied by Senator Ridder, that the employees are not getting that difference. The fact is they are getting a large proportion of it from the federal government rather than from the state fund."

Senator Rasmussen: "Thank you. My impression would be, Senator Mardesich,
that we should defeat the first amendment and adopt the second amendment and we would not be doing any great damage but we would be doing quite a bit of good as far as the injured workman is concerned so I would urge the body to vote against the first amendment."

Further debate ensued.

The motion by Senator Mardesich carried and the amendment was adopted on a rising vote.

On motion of Senator Ridder, the following amendment by Senators Mardesich and Morrison was divided.

Senator Mardesich moved adoption of the following amendment by Senators Morrison and Mardesich:

On page 2, following line 36, add a new section to read as follows:

"NEW SECTION. Sec. 3. (1) For persons under the age of 62 receiving compensation for temporary or permanent total disability pursuant to the provisions of chapter 51.32 RCW, such compensation shall be reduced by an amount equal to the benefits payable under the federal old-age, survivors and disability insurance act as now or hereafter amended not to exceed the amount of the reduction established pursuant to 42 USC 424a. However, such reduction shall not apply when the combined compensation provided pursuant to chapter 51.32 RCW and the federal old-age, survivors and disability insurance act is less than the total benefits to which the federal reduction would apply, pursuant to 42 USC 424a.

Renumber the remaining section.

Debate ensued.

The motion by Senator Mardesich carried and the amendment was adopted.

Senator Mardesich moved adoption of the following amendment by Senators Mardesich and Morrison:

(2) For persons not covered by subsection (1) whose right to compensation for temporary or permanent total disability or death is established after July 1, 1975, such compensation shall be reduced by the benefits payable under the federal old-age, survivors and disability insurance act, as now or hereafter amended, except that the combination of such compensation and benefits shall not be reduced below eighty percent of the wages upon which the amount of compensation is based pursuant to 51.08.178 RCW, as now or hereafter amended."

POINT OF INQUIRY

Senator Bailey: "Would Senator Mardesich yield? Senator Mardesich, in this subsection 2 I am a little concerned about it where you say, 'for persons whose right to compensation for temporary or permanent total disability or death.' We know that you do not draw social security after you die but your widow does. What I am concerned about is, by putting the word 'death' in there are you not perhaps taking a social security payment that would be due a widow and her children, along with industrial insurance, and following it up to the extent that you are actually bringing about a cut in her benefits? I think that you have to look at this rather closely. I can see your first amendment where you consolidate the mixture of the state funds and the social security funds and give the same result as far as the total goes, but when you get into the death of a man, I do not care what age he was or what age the widow is, she has that benefit coming under social security until her children are of age. If we put that in this section, what does that do to the social security benefits that would be accruing to a widow and her children, in addition to the fact that she would also be eligible under current law to industrial insurance? I am very concerned about that word and I think you should be very sure before we move in this that we are not really cutting somebody back in the future."

Senator Mardesich: "The 1975 date in subsection 2 is a grandfather clause. This amendment has no effect on anyone who is currently drawing that pension. They would continue to draw it and it would have no effect by way of a reduction on those people who are now drawing it. More properly, I think, your question relates to those who might be injured in the future and then the question arises, is there a reduction as to those people from current allowable benefits; and the answer to that is possibly yes, at
the high level. For those people, as a matter of fact for I would venture to say anyone under the eight hundred dollar a month figure—that figure could be off a little bit but it is near that figure—that today the survivor, where there is a survivorship situation such as you are talking about, that person, survivor, could be drawing, the wife of a deceased married man, no children, would be drawing more after the death of the man, under the law today, she would be drawing more, than the man was making as a monthly wage. Now with respect to those people in excess of the eight hundred dollar amount, the limitation of eighty percent of the man's final wage would probably have a tendency to cut her down to that eighty percent so she would only get eighty percent rather—I say I do not know exactly what that figure is, but at some state there she could be getting more than the husband was earning, and in that event this would have the effect of causing a reduction down to that eighty percent, but for those people in the lower scales they could, under law today, be getting in excess of the amount the man was making when he was working. The wife could be drawing, in the case of a man who was at the six hundred dollar level. I would guess it would be about six hundred and fifty or six hundred and seventy dollars a month, so in that case it would be a reduction.”

REMARKS BY SENATOR BAILEY

Senator Bailey: “Mr. President, my question is just, so what? So what if after they lose their husband that they draw a little more than their husband drew when he was living? I think we are monkeying here with a very sensitive thing. These people are owed their social security. They have widow's benefits. If they lose their husband they do not want to lose them on purpose, I am sure, maybe they have four or five kids and they have depended on social security so now we are saying to them that 'You will be losing your industrial insurance, bringing it down so that we try to get you down to eighty percent of what your husband was making.' I think these are two insurance policies. They are not brought about by the intent of the person to have someone killed. They are rather insurance policies to cover the security of the family, and I just think this is a horrible thing for us to be embarking on. Now it is all right for us to talk about this for a retirement, I am not sure, I am beginning to wonder now, on our pension systems, this is all right to talk about that; but why single out the unfortunate, the very unfortunate, situation and make them the prime example, the first case at point in the state of Washington? Why pick on those people when we cannot even drive a pension bill through to do this to ourselves? I think this is a horrible amendment and I think it should be defeated by every member on the floor.”

Senator Day moved adoption of the following amendment to the amendment by Senators Mardesich and Morrison:

On the third line of subsection (2), strike “1975” and insert “1976”

Debate ensued.

The motion by Senator Day carried and the amendment to the amendment was adopted on a rising vote.

Further debate ensued.

Senator Bailey demanded a roll call and the demand was sustained by Senators Grant, Francis, Rasmussen, Jones, Ridder, Bottiger, Washington, Talley and Cunningham.

The President declared the question before the Senate to be the roll call on the amendment by Senators Mardesich and Morrison as amended by Senator Day.

ROLL CALL

The Secretary called the roll and the amendment, as amended, was not adopted by the following vote: Yeas, 24; nays, 25.

Voting yea: Senators Benitz, Bluechel, Buffington, Clarke, Cunningham, Day, Donohue, Gould, Guess, Herr, Jones Lewis (Harry), Lewis (R. H. "Bob"), Mardesich, Marsh, Matson, Morrison, Newschwander, North, Peterson, Pullen, Scott, Sellar, Wanamaker—24.

Voting nay: Senators Bailey, Beck, Bottiger, Fleming, Francis, Goltz, Grant, Henry, Jolly, Keefe, Knoblauch, McDermott, Murray, Odegaard, Rasmussen, Ridder,
On motion of Senator Ridder the rules were suspended, Engrossed Senate Bill No. 2401 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

ROLL CALL

The Secretary called the roll on the final passage of Engrossed Senate Bill No. 2401, and the bill passed the Senate by the following vote: Yeas, 48; nays, 1.

Voting nay: Senator Guess—1.

ENGROSSED SENATE BILL NO. 2401, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

SIGNED BY THE PRESIDENT

The President signed:
SENATE BILL NO. 2300,
SENATE BILL NO. 2647,
SENATE BILL NO. 2892,
HOUSE BILL NO. 861.

SECOND READING

SUBSTITUTE SENATE BILL NO. 2376, by Committee on State Government (originally sponsored by Senators Guess and Cunningham):

Prescribing rights of private property owners.

The Senate resumed consideration of Substitute Senate Bill No. 2376. On April 23, 1975, Substitute Senate Bill No. 2376 was substituted for Senate Bill No. 2376 by Senator Rasmussen and placed on second reading. On April 28, 1975, Substitute Senate Bill No. 2376 was amended by Senator Bottiger and held on second reading.

Senator Guess moved the rules be suspended, Engrossed Substitute Senate Bill No. 2376 be advanced to third reading, the second reading considered the third, and the bill be placed on final passage.

REMARKS BY SENATOR GUESS

Senator Guess: "Mr. President, I think the bill was thoroughly discussed. As I told you the other day and as we have talked it over since the last time it was discussed on Monday, the bill is a restatement of the fact. It is not to repeal anything but it is to serve as an indication that the people of the state of Washington still have a dedication to the use of their own private property and do not want the courts to rule that private property is in fact held in public trust, and I think that those of us who are convinced that the right of the individual to own his private property and to use it without undue interference by the government are still dedicated to this purpose."

POINT OF INQUIRY

Senator Odegaard: "Mr. President, will Senator Guess yield? Senator Guess, in New Section, section 6, I could see why you would have in here 'as provided by the Constitution,' but I do not quite understand why it says 'or laws of this state,' because would not any law that we would have then would negate the purpose of section 6?"
Senator Guess: "Senator, we have not passed any laws. I do not have the bill in front of me. Will you read it?"

Senator Odegaard: "There shall be no action by the state, its political subdivisions, or any other person which in any way will obstruct or interfere with the rights of an individual or person to peacefully own, enjoy, develop or use his property except as provided by the Constitution or laws of this state."

Senator Guess: "Any specific laws?"

Senator Odegaard: "It just says 'or laws' and my question is, I do not quite understand the purpose of this section. I could see if you are trying to restate that we should follow the Constitution and not pass laws that might negate the Constitution in personal property rights, but if we allow laws to be passed to do that, then I do not quite understand the purpose of that."

Senator Guess: "Senator, it is to prevent any diminution of the use of the private property and it is to reaffirm the fact that we under the Constitution believe and have so stated that the individual has the right to use his personal property."

Senator Odegaard: "Senator Guess, what if we have laws on the books now that say otherwise? Then are you negating those laws?"

Senator Guess: "No, I am not negating those laws and if the law is there, and this is the right of eminent domain, for instance, those laws are not negated by this at all, as long as the person has the right of due process. This is a restatement of the fact."

Senator Odegaard: "Senator Guess, some people feel the Shorelines Management Act, for example, is unconstitutional in certain parts and also the Forest Practices Act, to name a couple. This wording then would not negate those two particular acts?"

Senator Guess: "No, it is not the intent to negate the acts."

MOTION

On motion of Senator Bottiger, the remarks by Senator Guess were ordered inserted in the Journal.

The motion by Senator Guess carried. Engrossed Substitute Senate Bill No. 2376 was advanced to third reading.

Further debate ensued.

POINT OF INQUIRY

Senator Bottiger: "Would Senator Clarke yield to a question? Senator Clarke, I do not know whether to disqualify myself on this vote because of a particular problem I have and I think it is going to turn on the answer to your question.

'I have a piece of property that I have currently applied for zoning on, a zoning change, and if the zoning change is denied, the piece of property is virtually worthless. It is on the side of a hill and I am asking to be able to build a condominium on that piece of property on a stairstep design into the side of the hill. If that application is denied, then as I understand your argument, there would be a taking because it has no other use. The property cannot be used for any other use and so I could then argue under this bill that there had been a taking and I should be compensated for the value of the property, since the city in this case will not let me use it for anything?"

Senator Clarke: "Senator, I think you have pointed out exactly what I was talking about as to the gray area. Now the determination of the point which you raise would have to do with the validity of the original zoning ordinance. Now if that was reasonable under the police power, so that it is in the public interest to zone it and maintain it in the area or category in which it is presently zoned, then I would say that it falls within the proper definition of zoning. If, however, as you have indicated, that zoning in reality does not further the public interest but simply renders the property unreasonably unusable insofar as you are concerned, then I think that is a taking and you have a right to insist upon compensation, and I think that this particular measure, if passed, would assist you in urging that the legislative intent was to protect private property owners. However, I would say that you still would have to establish the fact that the existing
zoning was not in the public interest to the extent that it was a valid exercise of the police power."

Further debate ensued.

REMARKS BY SENATOR BOTTIGER

Senator Bottiger: "Mr. President, accordingly, I would reveal that I have a contingency arrangement in which event that if the zoning application is approved by the city, then I would have a share in the corporation building the condominium. If it is not approved then an action would be brought contending that it was an unconstitutional taking and therefore I have a special interest and disqualify myself."

POINT OF INQUIRY

Senator Lewis (R. H. "Bob"): "Will Senator Rasmussen yield? Senator Rasmussen, did Chris Lockwood, a registered lobbyist for the Association of Washington Cities, appear before your committee to testify on this bill, do you recall? He is on the road. I do not know the answer. This is not a loaded question. He is on the road right now."

Senator Rasmussen: "I am trying to think who did appear there. The Association of Washington Businesses appeared there."

Senator Lewis (R. H. "Bob"): "But the Association of Washington Cities, you do not recall their being there?"

Senator Rasmussen: "I do not remember if they were present or not. Maybe some other member."

Senator Lewis (R. H. "Bob"): "Thank you, Senator Rasmussen."

Senator Rasmussen: "There were a number of people in the audience but nobody signed up to speak."

Senator Lewis (R. H. "Bob"): "I see."

POINT OF INQUIRY

Senator Fleming: "Would Senator Rasmussen yield to a question? Senator Rasmussen, for my concern I am not wondering whether Chris Lockwood appeared before the committee. I am wondering, did we have a public hearing on this measure?"

Senator Rasmussen: "Senator Fleming, contrary to the way some people run their committees, all meetings of the State Government are public hearings and any person can sign up and speak. We try to run that in a democratic way. This question on Chris Lockwood, I do not even know Chris Lockwood, but he did not sign up on the sheet to speak and did not attempt—we always ask the question, Mr. President, even if they have not signed up, if there is anyone in the audience that wishes to speak either for or against the bill, whatever we are considering."

POINT OF INQUIRY

Senator Lewis (Harry): "Will Senator Rasmussen yield to another question? I am a little apprehensive about asking this but I will take my lumps. Did the Women's Council get a full hearing in your committee?"

Senator Rasmussen: "Senator Lewis, the Women's Council did not get as long a hearing as they would have desired. They did have, as I recall we were scheduling between the wine and the women, and we did not have any song legislation, but we gave both of them as much time as we could and when we arrive at the four o'clock hour Senator Day has a committee meeting, Senator Donohue has a committee meeting, Senator Walgren has a committee meeting, and trying to hold my committee members there after four o'clock is just like grasping at air. You cannot do it. They are very dedicated and they all hit for the other committee meetings to be there promptly. We would appreciate you joining State Government again, Senator."

MOTION

Senator Bluechel moved that Engrossed Substitute Senate Bill No. 2376 be referred to the Committee on Local Government.

Debate ensued.

The motion by Senator Bluechel failed.
The President declared the question before the Senate to be the roll call on final passage of Engrossed Substitute Senate Bill No. 2376.

ROLL CALL

The Secretary called the roll on the final passage of Engrossed Substitute Senate Bill No. 2376 and the bill failed to pass the Senate by the following vote: Yeas, 22; nays, 25; absent or not voting, 2.

Voting yea: Senators Beck, Benitz, Buffington, Clarke, Day, Donohue, Guess, Henry, Herr, Keefe, Lewis (Harry), Mardesich, Marsh, Matson, Morrison, Newschwan­der, Odegaard, Peterson, Pullen, Rasmussen, Sellar, Talley—22.

Absent or not voting: Senators Bottiger, Wanamaker—2.

ENGROSSED SUBSTITUTE SENATE BILL NO. 2376, having failed to receive the constitutional majority, was declared lost.

NOTICE OF RECONSIDERATION

Having voted on the prevailing side, Senator Cunningham served notice that he would, on the next working day, move for reconsideration of the vote by which Engrossed Substitute Senate Bill No. 2376 failed to pass the Senate.

SECOND READING

POINT OF INQUIRY

Senator Lewis (Harry): “Will Senator Walgren yield to a question? Senator Wal­
gren, does this bill take care of the additional weight that was allowed, I believe, under
federal law, that California now has in operation on the highways? It is my under­
standing that there has been a weight limit, an overall weight limit of some seventy-six
thousand pounds and I believe it takes it up to eighty thousand. The reason I am asking
that question, Senator Walgren, is that it is my understanding that Oregon is shortly
going to act. Perhaps you know more about that than I do. California has already acted.
If it is not included in this bill, I wonder, is it in other legislation that will be before us
or should we include it in this legislation?”

Senator Walgren: “Senator Bottiger, who handled this particular matter in the
committee, advises that it brings it into conformity with the federal law. That was your,
I think, basic question. Yes.”

Senator Guess: “May I add to that, the federal law was changed by the 1974 act and
this will bring our state laws into conformity with the federal act in order that those
loads which are in interstate over the highways can be taken off of the interstate system
and over the secondary road system in order to deliver those loads to the various ware­
houses not adjacent or not immediately on the freeway."

The motion by Senator Walgren carried and the committee amendment to the title
was adopted.

On motion of Senator Walgren the rules were suspended, House Bill No. 171, as
amended by the Senate, was advanced to third reading, the second reading considered
the third, and the bill was placed on final passage.

"O GOD, WE BRING TO YOU THE PERSONS THAT WE ARE INDIVIDUALLY, AND THE PERSONS WE ARE CORPORATELY AS THE SENATE. PERSONALLY WE ARE HUMAN, FALLIBLE, OFTEN INADEQUATE, BUT ALMOST ALWAYS APPRECIATIVE OF THE SENSATIONS AND FREEDOMS WHICH ARE A PART OF OUR HUMANITY. WE DO NOT APOLOGIZE OR SEEK FORGIVENESS FOR OUR HUMANITY. YET AS CHILDREN OF YOURS, WE DO SEEK TO BE MORE ADEQUATE IN THE FUTURE THAN WE HAVE BEEN IN THE PAST, AND WE PRAY FOR YOUR GUIDANCE AND YOUR EMPOWERMENT FOR US AS INDIVIDUALS FOR THIS DAY.

"AS A SENATE, OUR FATHER, WE ARE A SOCIAL AND POLITICAL UNIT, SEEKING TO ENACT LEGISLATION ADEQUATE TO THE NEEDS OF OUR PEOPLE. MORE IS EXPECTED OF US THAN WE CAN POSSIBLY DELIVER. BUT WE DO NOT ASK FORGIVENESS FOR THIS, EITHER. WE DO PRAY FOR ENLIGHTENMENT TODAY, FOR AN OPENNESS TO COMPROMISE, FOR AN ABILITY TO SEE ANOTHER'S POINT OF VIEW, AND AN UNCOMMON ABILITY TO LOOK BEYOND EITHER RED TAPE OR RIDI-
FIFTIETH DAY, MAY 2, 1975

REMARKS BY THE PRESIDENT

The President: "Ladies and gentlemen of the Senate and the ladies and gentlemen who are present in the Senate galleries, many of you will be saddened to learn about the passing last night of a former member of the Washington State Senate, the Honorable Doctor David C. Cowen. Davie was a Senator from the Seventh District of Spokane County and served six terms in the Senate from 1943 on through the 1965 Session. Prior to that he had served four terms in the House. Davie was a very beneficent and accomplished member of the Senate. He was a philanthropist for all of the adult years of his life, a civic leader in his home city of Spokane and Spokane County, a person who had made many wonderful contributions to the people of his district, his county, and the state. He was born in Portland in 1900 and was a graduate of the University of Oregon Dental School, a member of the Masons, the Elks, the Shrine, and the Moose. Davie settled in Spokane and I am sure those of you who served with Davie will recall the many kindnesses that he displayed, especially in behalf of the young pages, and there are many, many young people throughout the state who never would have received the benefits of a higher education if it had not been for Davie's generosity. The President would be more than happy if you would stand for a moment of reverent memory of Senator Dr. David C. Cowan."

DEAN R. FOSTER, Chief Clerk.

MOTION

Senator Sandison moved that the Senate do concur in the House amendment to Senate Joint Memorial No. 110.

POINT OF INQUIRY

Senator Francis: “Mr. President, would Senator Sandison yield? Senator Sandison, I am looking at this memorial and I remember, you know, I think we all try to be good environmentalists and there were a lot of reasons explained to us why the duck hunting needed to be out from under the federal Environmental Policy Act. Now I am just wondering, if we change it to waterfowl, does that include things like sea gulls and other waterfowl, and if so, should not they be protected by the federal Environmental Policy Act?”

Senator Sandison: “Senator Francis, I agree it enlarged the scope a great deal. However, I could not see the efficacy of going into a conference committee over a memorial. What they did was enlarge it to sea gulls, but fortunately there are laws against shooting sea gulls. Actually, what it did was extend it to such other birds as geese, sora, rail and some others, snipe, that are on the East Coast mostly. I did not see that it was that important to battle with them over.”

The motion by Senator Sandison carried and the Senate concurred in the House amendment to Senate Joint Memorial No. 110.

MOTION

On motion of Senator Mardesich, the Senate commenced consideration of Substitute House Bill No. 177.

SECOND READING

SUBSTITUTE HOUSE BILL NO. 177, by Committee on Transportation and Utilities (originally sponsored by Representatives Leckenby, Hansen and McCormick) (by Office of Program Planning and Fiscal Management request):
Making changes in laws relating to all-terrain vehicles.
The bill was read the second time by sections.
On motion of Senator Bottiger, the rules were suspended, Substitute House Bill No. 177 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

POINT OF INQUIRY

Senator Francis: "Will Senator Walgren yield? Senator Walgren, what percentage of the gasoline tax monies go to the construction of bikeways, and is there any likelihood of an increase in that this session?"

Senator Walgren: "One-half of one percent, I am advised. We, as you know, Senator Francis, have probably devoted more time this session than I think any one that I remember towards developing the bicycle as an alternative means of transportation in this state, and as you are well aware, not only from the conversations that you and I have had personally, but from the bills that have been out here, we are directing a very strong focus of attention upon the bicycle. We do have some measures with regard to increasing that percentage amount as far as bikeways are concerned that have not yet moved out of committee but are still seriously under consideration."
Debate ensued.

POINT OF INQUIRY

Senator Rasmussen: "Will Senator Bottiger yield to a question? Senator Bottiger, most of these bicyclists I see have racks on their cars to take them up to the place where they want to bicycle. After they get there, are they permitted to use these all terrain roads with their bicycles?"

Senator Bottiger: "I would presume so. The roads are on the Department of Natural Resources land, on some county land, in some cases they have actually purchased land for this purpose out of these funds. In other cases, they just do some brush cutting. I know of no reason why a hiker or a bicyclist or a horseback rider could not use the trail. Maybe somebody else on the committee may know more about it, but I doubt if a ten speed bicycle would want to use one of these dirt back roads. They are trails, Senator Rasmussen, not asphalt roads."

Senator Rasmussen: "I see."

ROLL CALL

The Secretary called the roll on the final passage of Substitute House Bill No. 177, and the bill passed the Senate by the following vote: Yeas, 40; nays, 7; absent or not voting, 1; excused, 1.
Absent or not voting: Senator Henry—1.
SECOND READING

SENATE BILL NO. 2574, by Senator Peterson:
Relating to food fish and shellfish.

MOTIONS

On motion of Senator Peterson, Substitute Senate Bill No. 2574 was substituted for Senate Bill No. 2574, and the substitute bill was placed on second reading and read the second time in full.

On motion of Senator Bailey, Substitute Senate Bill No. 2574 was ordered to hold its place on the second reading calendar for Monday, May 5, 1975.

SECOND READING

ENGROSSED HOUSE BILL NO. 102, by Representatives Chatalas, Curtis, Shinpoch, Polk, Bagnariol, Flanagan, North and Randall (by Legislative Budget Committee request):
Reconstituting purchasing and material control in state government.
The bill was read the second time by sections.

Senator Lewis (Harry) moved adoption of the following amendment:
On page 9, line 36, of both the engrossed and printed bill, after “dollars” insert:

PROVIDED, That the state director of general administration shall establish procedures to assure that purchases made by or on behalf of the various state agencies shall not be made so as to avoid the twenty-five hundred dollar bid limitation”, and after “PROVIDED” insert “FURTHER”.

POINT OF INQUIRY

Senator Guess: “Would Senator Lewis yield? Senator Lewis, I just wondered if this amendment would limit the ability of these agencies to buy something in the local area and then come over here and decide that they did not get enough of the material they wanted the first time because of a limit locally, and then be able to pick up twenty-five hundred dollars worth of materials from the state at the same time, and I wonder what effect this amendment will have on the local stores? You see, normally now they would stay at home and do all their work, buy all their purchases at home. Would this enable them, or keep them from going twenty-five hundred over here and then twenty-five hundred at home?”

Senator Lewis (Harry): “Senator Guess, for the record and to be perfectly clear what the intent of the amendment is, the intent of the amendment is to eliminate stacking. The intent of the amendment is not to prohibit other normal procedures but to permit, for example, if we have a limit, to go just below the limit in purchasing to avoid a bid procedure. Then the following week again purchase an amount just below the bid procedure, the bid level. This would be the purpose of the amendment, to avoid that situation. This has been done, for example, I am aware in the past where an office has been required at a five hundred dollar level to go to bid, and where they have gone to retail stores in Olympia and purchased three hundred dollars worth of carpeting in one month. The following month they would buy a chair for two hundred and fifty dollars. The following month they would buy a desk for three hundred and fifty dollars. The total of the refurbishing of that office which would be over the five hundred dollar limit which was in effect and would have required a bid. This is the purpose of the amendment, to prohibit them from doing that and to provide that the director shall establish procedure to assure that that stacking procedure shall not continue or occur again.”

The motion by Senator Lewis (Harry) carried and the amendment was adopted.
MOTION

On motion of Senator Rasmussen, Engrossed House Bill No. 102, as amended by Senator Lewis (Harry), was ordered placed on today's second reading calendar following consideration of Engrossed House Bill No. 675.

SECOND READING

HOUSE BILL NO. 104, by Representatives Shinpoch, Curtis, Bagnariol, Polk, Amen, Flanagan, North and Randall (by Legislative Budget Committee request):

Restricting the power of state agencies to provide cars to employees.

The bill was read the second time by sections.

On motion of Senator Rasmussen, the rules were suspended, House Bill No. 104 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

POINT OF INQUIRY

Senator Wilson: "Will Senator Rasmussen yield? Apparently there exists a practice in the state whereby, at least under some circumstances, state patrolmen are permitted to drive their official vehicles home, not only in hopes that the parking of the cars there might serve as a deterrent in the neighborhood, but also so that their patrol cars would be immediately available in the case of an emergency. Would this bill interfere with that activity to any extent?"

Senator Rasmussen: "No, it will not. That is covered in another bill."

ROLL CALL

The Secretary called the roll on the final passage of House Bill No. 104, and the bill passed the Senate by the following vote: Yeas, 48; excused, 1.

Excused: Senator Buffington—1.

HOUSE BILL NO. 104, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

SECOND READING

ENGROSSED HOUSE BILL NO. 310, by Representatives Chatalas, Curtis, Shinpoch and Polk (by Legislative Budget Committee request):

Prescribing allocation of revenue from test fishing operation.

REPORT OF STANDING COMMITTEE

March 27, 1975.

ENGROSSED HOUSE BILL NO. 310, prescribing allocation of revenue from test fishing operations (reported by Committee on Ways and Means):

MAJORITY recommendation: Do pass with the following amendments:

On page 2, line 29, beginning with "Proceeds" strike the remainder of the bill and insert "Proceeds of all sales of salmon and all sales of salmon eggs by the department, to the extent these proceeds may exceed estimates in the budget as approved by the legislature, may be allocated by the office of program planning and fiscal management as unanticipated receipts under such procedures as the legislature may adopt for the allocation of such receipts."
Such allocations shall be made only for the purpose of meeting department obligations in regards to hatchery operations partially or wholly financed by sources other than state general revenues or for purposes of processing human consumable salmon for disposal as may be provided by law.”

Signed by: Senators Donohue, Chairman; Odegaard, Vice Chairman; Wilson, Second Vice Chairman; Bailey, Clarke, Jones, Lewis (Harry), Mardesich, Murray, Rasmussen, Washington, Woody.

The bill was read the second time by sections.

Senator Donohue moved adoption of the committee amendment.

POINT OF INQUIRY

Senator Peterson: “Would Senator Donohue yield? Senator Donohue, for the record, this bill did not go through the Natural Resources Committee; however, a few years back we did pass a measure here that would direct the proceeds of the sale of surplus salmon and surplus eggs that would be reverted back to the department for enhancement and propagation. Now does this measure reflect in any manner that they are not going to get this money back in the propagation program or enhancement?”

Senator Donohue: “No, Senator. The only thing that this bill does is mandate that those dollars that you are referring to be appropriated and they must be used for fish enhancement and back to the hatchery.”

Senator Peterson: “Thank you.”

The motion by Senator Donohue carried and the amendment was adopted.

On motion of Senator Donohue, the rules were suspended, Engrossed House Bill No. 310, as amended by the Senate, was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

ROLL CALL

ENGROSSED HOUSE BILL NO. 172, by Representatives Bagnariol, Curtis, Shinpoch and Polk (by Legislative Budget Committee request): Standardizing the marking of public vehicles.

REPORT OF STANDING COMMITTEE

April 16, 1975.

ENGROSSED HOUSE BILL NO. 172, standardizing the marking of public vehicles (reported by Committee on State Government):

It shall be lawful and constitute compliance with the provisions of this section, however, for [any department or office] the governing body of the appropriate county, city, town, or public body other than the state of Washington or its agencies to adopt and use [in lieu of the lettering required] a distinctive insignia [, approved by the state commission on equipment, and bearing substantially the same information as required herein] which shall be not less than six inches in diameter across its smallest dimension and which shall be displayed conspicuously on the right and left sides of the vehicle. Such insignia shall be in a color or colors contrasting with the vehicle to which applied for maximum visibility. The name of the public body owning or operating the vehicle shall also be included as part of or displayed above such approved insignia in colors contrasting with the vehicle in letters not less than one and one-quarter inches in height. Immediately below the lettering identifying the public entity and agency operating the vehicle or below an approved insignia shall appear the words “for official use only” in letters at least one inch high in a color contrasting with the color of the vehicle. (2) Except as provided by subsections (3), (4), or (5) of this section, every state office, agency, commission, department, or institution financed in whole or in part from funds appropriated by the legislature shall plainly and conspicuously mark the right and left front doors of each motor vehicle other than a motorcycle under its ownership or control which is used on any public road or street with the name of the operating department, agency, or institution (or the words “state motor pool” as appropriate) in letters at least one and one-quarter inches high of a color contrasting with the color of the vehicle. Immediately below such lettering and also in a contrasting color shall appear the official seal of the state of Washington, the size of which shall be not less than six inches in diameter. Immediately below the official seal, or insignia if authorized under subsection (3) of this section, shall appear the words “for official use only” in letters at least one inch high in a color contrasting with the color of the vehicle.

(3) The department of general administration, with the consent of the automotive policy board, may approve the use of a distinctive departmental, office, agency, institutional, or commission insignia in lieu of the state seal required under subsection (2) of this section. Such insignia, if approved, shall be in a color or colors contrasting with the vehicle to which applied and shall be not less than six inches in diameter or across its smallest dimension. The words “State of Washington” shall be included as part of or displayed above such approved insignia in a color contrasting with the vehicle in letters not less than one and one-quarter inches in height.

(4) Any distinctive departmental, office, agency, institutional, or commission insignia approved for marking of state vehicles by the state commission on equipment on or before January 1, 1975, shall be approved for continued use if it conforms to the standards imposed by subsections (2) and (3) of this section.

(5) Subsections (2) and (3) of this section shall not apply to vehicles used by the
WASHINGTON STATE PATROL FOR GENERAL UNDERCOVER OR CONFIDENTIAL INVESTIGATIVE PURPOSES. TRAFFIC CONTROL VEHICLES OF THE WASHINGTON STATE PATROL MAY BE EXEMPTED FROM THE REQUIREMENTS OF SUBSECTIONS (2) AND (3) OF THIS SECTION AT THE DISCRETION OF THE CHIEF OF THE WASHINGTON STATE PATROL. THE DEPARTMENT OF GENERAL ADMINISTRATION, WITH THE CONSENT OF THE AUTOMOTIVE POLICY BOARD, SHALL PROMULGATE GENERAL RULES AND REGULATIONS PERMITTING OTHER EXCEPTIONS TO THE REQUIREMENTS OF SUBSECTIONS (2) AND (3) OF THIS SECTION FOR OTHER VEHICLES USED FOR LAW ENFORCEMENT, CONFIDENTIAL PUBLIC HEALTH WORK, AND PUBLIC ASSISTANCE FRAUD OR SUPPORT INVESTIGATIVE PURPOSES, FOR VEHICLES LEASED OR RENTED BY THE STATE ON A CASUAL BASIS FOR A PERIOD OF LESS THAN NINETY DAYS, AND THOSE PROVIDED FOR IN SECTION 2(3) OF THIS 1975 AMENDATORY ACT. (2) Except as provided in subsections (3) and (4) of this section the use of confidential plates on vehicles owned or operated by the state of Washington by any officer or employee thereof, shall be limited to confidential, investigative, or undercover work of state law enforcement agencies, confidential public health work, and confidential public assistance fraud or support investigations.

(3) Any state official elected on a state-wide basis, shall be provided on request with one set of confidential plates for use on official business. When necessary for the personal security of any state official, other public officer, or public employee, the chief of the Washington state patrol may recommend that the director issue confidential plates for use on an unmarked publicly owned or controlled vehicle of the appropriate governmental unit for the conduct of official business for the period of time that the personal security of such state official, public officer, or other public employee may require. The office of the state treasurer may use an unmarked state owned or controlled vehicle with confidential plates where required for the safe transportation of either state funds or negotiable securities to or from the office of the state treasurer.

(4) The director of the department of motor vehicles, with the approval of the automotive policy board established pursuant to section 6, chapter . . . (HB 105), Laws of 1975 1st ex. sess., may issue rules and regulations governing applications for, and the use of, such plates by law enforcement and other public agencies. The legislative auditor shall periodically examine or require filing of a current listing of the total number of such plates issued to any law enforcement or other public agency. Reports on the utilization of such plates shall be submitted to the legislative budget committee and to the legislature.

NEW SECTION. Sec. 3. There is added to chapter 12, Laws of 1961 and to chapter 46.08 RCW a new section to read as follows:

A VIOLATION OF ANY PROVISION OF RCW 46.08.065 AS NOW OR HEREAFTER AMENDED OR OF SECTION 2 OF THIS 1975 AMENDATORY ACT SHALL SUBJECT THE PUBLIC OFFICER OR EMPLOYEE COMMITTING SUCH VIOLATION TO DISCIPLINARY ACTION BY THE APPROPRIATE APPOINTING AUTHORITY OR EMPLOYING AGENCY. SUCH DISCIPLINARY ACTION MAY INCLUDE, BUT SHALL NOT BE LIMITED TO, SUSPENSION WITHOUT PAY OR TERMINATION OF EMPLOYMENT IN THE CASE OF REPEATED OR CONTINUING NONCOMPLIANCE.
NEW SECTION. Sec. 4. There is added to chapter 12, Laws of 1961 and to chapter 46.08 RCW a new section to read as follows:

Any vehicle properly marked pursuant to statutory requirements in effect prior to the effective date of this 1975 amendatory act, need not be remarked to conform to the requirements of sections 1, 2, and 3 of this 1975 amendatory act until July 1, 1977.

Sec. 5. Section 46.16.020, chapter 12, Laws of 1961 as last amended by section 22, chapter 132, Laws of 1973 1st ex. sess. and RCW 46.16.020 are each amended to read as follows:

The department shall assign a plate or plates to each vehicle or may assign a block of plates to an agency or political subdivision for further assignment by the agency or political subdivision to individual vehicles registered to it pursuant to this section. The agency or political subdivision, except a foreign government or international body, shall pay a fee of two dollars for the plate or plates for each vehicle: PROVIDED, FURTHER, That no vehicle license or license number plates shall be issued to any such vehicle under the provisions of this section for the transportation of school children unless and until such vehicle shall have been first personally inspected by the director or his duly authorized representative.

Sec. 6. Section 46.16.210, chapter 12, Laws of 1961 as amended by section 1, chapter 75, Laws of 1969 ex. sess. and RCW 46.16.210 are each amended to read as follows:

(1) Upon receipt of the application and proper fee for original vehicle license, the director shall make a recheck of the application and in the event that there is any error in the application it may be returned to the county auditor or other agent to effectively secure the correction of such error, who shall return the same corrected to the director.

(2) Application for the renewal of a vehicle license shall be made to the director or his agents, including county auditors, by the registered owner on a form prescribed by the director. The application must be accompanied by the certificate of registration for the last registration period in which the vehicle was registered in Washington unless the applicant submits a preprinted application mailed from Olympia, and the payment of such license fees and excise tax as may be required by law. Such application shall be handled in the same manner and the fees transmitted to the state treasurer in the same manner as in the case of an original application. Any such application which upon validation becomes a renewal certificate need not have entered upon it the name of the lien holder, if any, of the vehicle concerned.

The application must be accompanied by the certificate of registration for the last registration period in which the vehicle was registered in Washington and be accompanied by such license fees, including a special handling fee of one dollar; fifty cents to be retained by the issuing agency, and fifty cents to be deposited in the highway safety fund, and excise tax as may be required by law.

(4) Application for the annual renewal of a vehicle license number plate to the
director or his agents shall not be required for those vehicles owned, rented, or leased by
the state of Washington, or by any county, city, town, school district, or other political
subdivision of the state of Washington.

Sec. 7. Section 46.16.270, chapter 12, Laws of 1961 as amended by section 1,
chapter 78, Laws of 1965 ex. sess. and RCW 46.16.270 are each amended to read as fol­
lows:

Upon the loss, defacement, or destruction of one or both of the vehicle license
number plates issued for any vehicle where more than one plate was originally issued or
where one or both have become so illegible or in such a condition as to be difficult to
distinguish, the owner of the vehicle shall make application for new vehicle license
number plates upon a form furnished by the director, upon which form it shall be re­
quired that the owner, in addition to other requirements, make a complete statement as

It shall be accompanied by a fee of two dollars for a new vehicle license
number plate where only one was originally issued and one dollar for a new motorcycle
license number plate. In the event the director has issued license period tabs or a wind­
shield emblem instead of vehicle license number plates, and upon the loss, defacement
or destruction of said tabs or windshield emblem, application shall be made on a form
provided by the director and in the same manner as above described, and shall be ac­
accompanied by a fee of one dollar for each pair of tabs or for each windshield emblem,
whereupon the director shall issue to the applicant a duplicate pair of tabs or a wind­
shield emblem to replace those lost, defaced or destroyed: PROVIDED, That for those

town, school district, or other political subdivision of the state of Washington or United
States government, a fee shall be charged for replacement of a vehicle license number
plate only to the extent required by the provisions of RCW 46.16.020, 46.16.061,
46.16.237, and 46.01.140: PROVIDED FURTHER, That for those vehicles owned,
rented, or leased by foreign countries or international bodies to which the United States
government is a signatory by treaty, the payment of any fee for the replacement of a
vehicle license number plate shall not be required.”

In line 2 of the title, after “46.08.065;” and before “adding” insert “amending sec­tion
46.16.020, chapter 12, Laws of 1961 as last amended by section 22, chapter 132,
Laws of 1973 1st ex. sess. and RCW 46.16.020; amending section 46.16.210, chapter 12,
Laws of 1961 as amended by section 1, chapter 75, Laws of 1969 ex. sess. and RCW
46.16.210; amending section 46.16.270, chapter 12, Laws of 1961 as amended by sec­tion
1, chapter 78, Laws of 1965 ex. sess. and RCW 46.16.270;”

Signed by: Senators Rasmussen, Chairman; Buffington, Day, Henry, Knoblauch,
Wanamaker.

The bill was read the second time by sections.

Senator Rasmussen moved adoption of the committee amendment.

POINT OF INQUIRY

Senator Talley: “Will Senator Rasmussen yield? It says ‘excluding vehicles used by
law enforcement authorities for prescribed undercover or special investigative pur­
poses.’ In other words, they could not use unmarked cars then just for general patrol
work?”

Senator Rasmussen: “They can use unmarked cars, yes. They are what you call
undercover plates. They are regular plates that are issued and they do not have the
Washington State Patrol on them, but this extends to any department that needs the use
of confidential plates and it will not be identified as a state car by the sign on the side.”

Senator Talley: “Thank you.”
POINT OF INQUIRY

Senator Odegaard: "Will Senator Rasmussen yield? Senator Rasmussen, in your committee amendment, does it also still allow for confidential plates for the state elected officials?"

Senator Rasmussen: "If determined by the state patrol that they are necessary, the chief of the state patrol, upon the recommendation. And in most instances it will not be necessary. In some departments it will be and I would not see any reason for any state elected official to have confidential plates. He is not the investigator."

Senator Odegaard: "There was a concern, Senator Rasmussen, of some of us in the Legislative Budget Committee that there might be necessity at times for some of the state elected officials, under certain threats or whatever or conditions in the state and it might be a good idea for them to have confidential plates. I know I, for one, was very careful that the language was inserted in the original bill and was adopted by the full committee, and I feel a little uneasy if that is not in this particular amendment."

Senator Rasmussen: "I think it is, Senator Odegaard, if you will permit me a minute to find the place."

Senator Odegaard: "All right."

POINT OF INQUIRY

Senator Peterson: "Will Senator Rasmussen yield further? Senator, pursuing Senator Talley's question, is this giving the state patrol broad authority to use all unmarked cars with unidentified plates in the pursuit of their normal highway enforcement activities?"

Senator Rasmussen: "Your question was, Senator, does it permit the use of unmarked cars for law enforcement?"

Senator Peterson: "Yes, in the normal pursuit of the state patrol's function, would this open the door that the brown Dodge that comes down the highway with an XYZ 122 license plate, then in turn flashes his blue light under the grill on you and pulls you over for a citation?"

Senator Rasmussen: "I presume if the chief thought it was necessary it would. Let me read you that section, Senator. It is New Section, section 2: 'Except as provided in subsection (3) of this section, the department of motor vehicles is authorized to issue confidential motor vehicle license plates to units of local government and to agencies of the units of local government and to agencies of the federal government for law enforcement purposes only."

"'Except as provided in subsections (3) and (4) of this section the use of confidential plates on vehicles owned or operated by the state of Washington by any officer or employee thereof, shall be limited to confidential, investigative, or undercover work of state law enforcement agencies, confidential public health work, and confidential public assistance fraud or support investigations.'"

"And then this subsection (3) that they speak of and the one that Senator Odegaard was concerned with, 'Any state official elected on a state-wide basis, shall be provided on request with one set of confidential plates for use on official business. When necessary for the personal security of any state official, other public officer, or public employee, the chief of the Washington state patrol may recommend that the director issue confidential plates for use on an unmarked publicly owned or controlled vehicle of the appropriate governmental unit for the conduct of official business for the period of time that the personal security of such state official, public officer, or other public employee may require. The office of the state treasurer may use an unmarked state owned or controlled vehicle with confidential plates where required for the safe transportation of either state funds or negotiable securities to or from the office of the state treasurer."

"'(4) The director of the department of motor vehicles, with the approval of the automotive policy board established pursuant to section 6, chapter . . . (HB 105), Laws of 1975 1st ex. sess., may issue rules and regulations governing applications for, and the use of, such plates by law enforcement and other public agencies. The legislative auditor shall periodically examine or require filing of a current listing of the total number of such plates issued to any law.'"
“I think, Senator Peterson, that this would answer your question that applications for and the use of such plates by law enforcement and other public agencies would be under this board which is established to regulate the use of these. Now if the chief would determine that explicitly, I suppose, that he needed unmarked cars, he would fill the application out and present it.”

Senator Peterson: “Senator Rasmussen, I certainly agree that the necessity — the plates that your bill referred to certainly has merit. My concern is, and the question that I direct to you is, is this a movement by the state patrol to put all of their cars out with unmarked plates? Was this brought up in committee?”

Senator Rasmussen: “No, no, and I do not think that that is the intention. The intention of the whole bill is to have tighter control over the use of state cars by the required markings.”

MOTION

On motion of Senator Mardesich, Engrossed House Bill No. 172, together with the pending committee amendment, was ordered placed at the end of today’s second reading calendar.

request):

Reconstituting purchasing and material control in state government.

an amendment by Senator Lewis (Harry) to page 9, line 36 was adopted.

On motion of Senator Rasmussen, the rules were suspended, Engrossed House Bill
No. 102, as amended by the Senate, was advanced to third reading, the second reading
considered the third, and the bill was placed on final passage.

POINT OF INQUIRY

Senator Guess: "Would Senator Rasmussen yield? Senator Rasmussen, I have sev­
eral questions, the first of which was: Does this mandate the local agencies, for instance,
the cities, the counties, or the towns, or the schools in local areas throughout the state, to
buy through a central stores located here in Olympia?"

Senator Rasmussen: "No, only if it is to their advantage."

Senator Guess: "Will this in any way hurt the small town merchants who have en­
joyed the sales to local schools in the past?"

Senator Rasmussen: "No. Of course, they have the joint purchasing privilege now,
that they may participate in any state bid. That has been in effect for a number of years.
The question was specifically asked, will this require that all purchases come out of the
central stores and the answer was no. There is quite a cost saving in purchasing at the
local level, particularly in the smaller items, and they wanted to continue that practice.
They will have to maintain records to show that they had two or three prices submitted
and that they purchased from the lowest priced, quality considered."

Senator Guess: "Senator Rasmussen, Will the establishment of another commission
and another department create such a high overhead that any advantage of centralized
purchasing be dissipated? You are going to add more people; you are going have an­
other commission."

Senator Rasmussen: "No, no, these are people that are presently in state govern­
ment. The intention of it is that—of course the world is filled with good intentions that
go wrong as you can well know through the Forest Practices Act <1.nd several other things
that we created—this will set up standards for inventory control, for uniform methods of
purchasing, and through that will save the state money."

Senator Guess: "Thank you very much, Senator."

SECOND READING

SUBSTITUTE HOUSE BILL NO. 220, by Committee on Labor (originally sponsored by Representatives Parker, May, Gaines, Kilbury, Adams and Gaspard):

Requiring labor and industries to conduct railroad safety inspections relating to employees.

The bill was read the second time by sections.

MOTION

On motion of Senator Lewis (Harry), Substitute House Bill No. 220 was held on third reading today following consideration of Senate Bill No. 2808.

SECOND READING

SENATE BILL NO. 2808, by Senator Fleming:

Relating to local government.

MOTIONS

On motion of Senator Fleming, Substitute Senate Bill No. 2808 was substituted for Senate Bill No. 2808, and the substitute bill was placed on second reading and read the second time in full.

Senator Fleming moved adoption of the following amendments:

On page 1, line 8, strike "fourteen" and insert "eighteen" and strike "Three" and insert "Four".

On page 1, line 9, before "representation" insert "equal".

On page 1, line 10, strike "three" and insert "four".

On page 1, line 12, before "representation" insert "equal".

On page 1, line 14, strike "seven" and insert "[seven] nine".

POINT OF INQUIRY

Senator Rasmussen: "Will Senator Fleming yield to a question? Senator Fleming, note that this council is financed from the motor vehicle tax, motor vehicle excise taxes."

Senator Fleming: "Yes."

Senator Rasmussen: "And that is the two percent, maybe three percent, what is the total dollar amount that is raised?"

Senator Fleming: "I do not know exactly what the total dollar amount is raised but I know it is funded from the portion of the automobile excise tax which is allocated to the cities and towns already, and it takes a certain percentage of that. It does not, this will not take any additional allocation from the fund. This comes from the amount that is already allocated to the cities."

Senator Rasmussen: "And then this municipal research council that you are appointing additional legislators to, they spend this money for state purposes?"

Senator Fleming: "To give you an idea, the research council itself was created for the purpose of providing program and research services for cities and towns, and the duties of the council include entering into contracts with a nonprofit educational or service agency to carry out or perform these research services in cooperation with the Association of Washington Cities, and also the the council meets periodically, at least once or two or three times a year to review the activities of the funded center."

Senator Rasmussen: "That was the reason I asked you that question, Senator Fleming. It seemed, I was thumbing through the budget and there was seven hundred and fifty thousand dollars, and then I was thumbing through the personal service contracts and it appeared that the municipal research council has no money because they immediately transfer it all over into personal service contracts. Do you know anything about that?"
Senator Fleming: "That is what I am saying. They contract the services to the research center, and I can give you an idea what the research center does, if that will answer your question."

Senator Rasmussen: "Yes, that would be good."

Senator Fleming: "Okay, the municipal research center provides a broad array of services; inquiry services, research publications, training, and other related services; and within this area what they do is, in the inquiry area, the city officials seek technical information related to zoning, budgeting finance, general management procedure, planning, and so forth. In the research and publication the center, the research center services itself, publish a variety of manuals, budgeting procedures, equal employment procedures, traffic safety, salary and fringe benefit rates, and so forth. Under the training they do offer technical training to the various cities, in particular the third and fourth class cities, and so forth."

Senator Rasmussen: "Sounds like this is a contracting agency."

Senator Fleming: "Yes."

Senator Rasmussen: "Then, Senator, being contracted out on a personal service contract, none of these employees are on the state pension plan then? Because state employees are covered but personal service contracts are not covered under the pension system."

Senator Fleming: "With these not being state funds and they are turned over to city funds, I am not so sure whether they are employees. I do not think, if they are contracted services, no they would not."

Senator Rasmussen: "None of these employees would be on the state pension plan?"

Senator Fleming: "If they are contracted services, no, they would not."

Senator Rasmussen: "Would you check that?"

Senator Fleming: "The members that serve on the council, the local officials, yes. They are involved in pensions. If you contract the services out, you are not considered as an employee of the city if it is a contractual basis."

Senator Rasmussen: "Thank you."

POINT OF INQUIRY

Senator Van Hollebeke: "Would Senator Fleming yield to a question? Senator Fleming, if one of the members appointed to this committee was from the Local Government Committee, is there any requirement in the bill that it be the chairman of the committee?"

Senator Fleming: "No, there is no requirement that it be the chairman of the committee, Senator Van Hollebeke, but I hope that we would appoint someone that showed some interest. We did not put the requirement in there but we would hope that both bodies would take that into consideration and make that a policy of the legislature."

POINT OF INQUIRY

Senator North: "Would Senator Fleming yield to a question? Following up on Senator Rasmussen's line of questioning here, it is still not clear to me, Senator Fleming, if this membership is increased, is it going to result in less funds going back to the cities, because this does come from the motor vehicle excise tax and that is what I am trying to find out here, because you are increasing it by six people and there will be additional expenses; and if it decreases what is going to the cities, how, or have they expressed any feeling about this?"

Senator Fleming: "First of all, it will not decrease the amount of money that goes to the cities. They get a certain percentage and then they have a budget. Secondly, I have talked to the Association of Washington Cities. They have indicated that there will not be any decrease in funds to the cities and they support this wholeheartedly. As a matter of fact, if it was not so cumbersome they would probably like to have a few more members on it."

The motion by Senator Fleming carried and the amendments were adopted.

On motion of Senator Fleming the rules were suspended, Engrossed Substitute
Senate Bill No. 2808, was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

SECOND READING

ENGROSSED HOUSE BILL NO. 172, by Representatives Bagnariol, Curtis, ShinPOCH and Polk (by Legislative Budget Committee request):

Standardizing the marking of public vehicles.

The Senate resumed consideration of Engrossed House Bill No. 172. Earlier today, the committee amendment had been moved for adoption by Senator Rasmussen.

On motion of Senator Woody, the following amendments to the committee amendment were adopted:

On page 4, on the first line of subsection (3) after “official” strike “elected on a statewide basis”.

On page 4, line 20, after “Any” and before “state” insert “elected”.

On page 4, line 23, after “any” strike “state official”.

The motion by Senator Rasmussen carried and the committee amendment, as amended, was adopted.

POINT OF INQUIRY

Senator Wilson: “Mr. President, would Senator Woody yield? Senator Woody, the back row got lost momentarily on what is a confidential license plate and what relationship does that bear to legislators and what just happened?”

Senator Woody: “A confidential license plate is one that looks like any other plate but if you were to try to track it down you would not be able to, and what we have done is included not only the state officials but legislators in the category of being able to
obtain one set for use on official business for personal security purposes. That would permit not only the Governor and the other state elected officials but also legislators to have some anonymity when a prior employee of ours gets upset with us, without mentioning his name."

Senator Rasmussen: "Senator Wilson, probably a little bit clearer identification is that the plates, as you probably have done many times for your constituents, you have called up and asked either the local state patrol or the sheriff, 'Who is this plate issued to?' The plate would be issued to probably John Doe or somebody that already has a tombstone, so that it could not be traced back, and that is the purpose of it. It is a secret plate and it is only for confidential purposes. It has numbers on it just like any regular plate but the identification back to the owner of it is not traceable except through the state patrol on a confidential basis."

**POINT OF INQUIRY**

Senator Guess: "Would Senator Woody yield? Senator Woody, the bill started talking about marking official automobiles. Does this mean that we are now going to give elected officials, Senators, and Representatives official automobiles that they can be marked with these confidential plates?"

Senator Woody: "No, it does not."

Senator Guess: "Then how do you reach the rationale—are the plates going to be given to us?"

Senator Woody: "No, we buy them, even under this. We can request though that they be confidential, and I would expect, Senator Guess, that you would be one of the first to ask for one of these if they ever release that fellow."

**POINT OF INQUIRY**

Senator Odegaard: "Would Senator Woody yield? When we strike 'elected' which we did in your amendment, what is the definition then of a state official? Could that be appointed by the Governor?"

Senator Woody: "No, if you will look at the amendment that was put on your desk finally in the typed form, we put 'elected' back in after 'any' and before 'state official' so it would read, 'any elected state official shall be provided on request with one set of confidential plates.' That omits and precludes appointed state officials from that category."

Senator Odegaard: "In other words then, if we have a new Secretary of State who is appointed, then he would not be able to apply for a confidential plate?"

Senator Woody: "I gather you are correct. The way the language reads, I gather you are correct."

Senator Morrison: "Mr. President, only to add perhaps to the answer that perhaps Senator Odegaard is seeking, all this does, this infers the state patrol cannot turn down your request for one set of confidential plates. If we go to an appointed Secretary of State, that in fact I am sure if he made the application through the proper channels for his own personal protection that the state patrol would issue him one set of confidential plates. As you will recall, Senator Odegaard, the desire by Legislative Budget Committee, after looking at this through performance audit, was to clamp down on a process that I think had sort of gotten away from us and we had confidential license plates being issued all across the state and I think the chief of the state patrol appreciated the fact that we called this to his attention."

On motion of Senator Rasmussen, the committee amendment to the title was adopted.

On motion of Senator Rasmussen, the rules were suspended, Engrossed House Bill No. 172, as amended by the Senate, was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

Debate ensued.

**POINT OF INQUIRY**

Senator Benitz: "Will Senator Rasmussen yield to a question? I would like to have
an answer. Could the Washington State Patrol with a sneaker car now use a license plate other than the WSP on it for making arrests?"

Senator Rasmussen: "Yes. The Washington State Patrol, of course, is in all forms of investigatory work and in drug control, and it is entirely possible that they could and I do not think we would want to deprive them of that right."

Senator Benitz: "Thank you, Senator Rasmussen. It is my understanding that the Washington State Patrol has not made traffic arrests with sneaker cars."

Senator Rasmussen: "I was not talking about traffic arrests."

Senator Benitz: "I would amend my question to include traffic arrests. Would they still be required to have a WSP on the license plates?"

Senator Rasmussen: "I would presume that this policy board would require that, and this policy board will set up the regulations by which the confidential plates are granted."

Senator Morrison: "Mr. President, I think it is important that we clarify that last particular point, and there is language on page 3, subsection (5), which just specifies that traffic control vehicles can be exempted from the marking requirements, the state patrol marking requirements, but any vehicle involved in traffic control cannot use a confidential license plate. I think it is important that we understand. Any other special work of any kind, drug control or investigation procedures, can utilize the confidential plates, but that car has to have a WSP plate and, Senator Benitz, if your eyes are that good, congratulations."

SECOND READING

ENGROSSED HOUSE BILL NO. 311, by Representatives Tilly, Gaspard, Hayner and Knowles:

Providing a reinstatement period for a corporation of three years.

The bill was read the second time by sections.

Senator Day moved the following amendments be considered and adopted simultaneously:

On page 2, line 14 of the engrossed bill, being the House committee amendment to the printed bill, after "within" strike "two" and insert "four".

On page 2, line 35 of the engrossed bill, being page 3, line 1 of the printed bill, after the period insert:

"NEW SECTION. Sec. 2. Section 108, chapter 53, Laws of 1965 and RCW 23A.28.250 are each amended to read as follows: "The dissolution of a corporation either (1) by the issuance of a certificate of dissolution by the secretary of state, or (2) by a decree of a court when the court has not liquidated the assets and business of the corporation as provided in this title, or (3) by expiration of its period of duration, shall not take away or impair any remedy available to or against such corporation, its directors, officers, or shareholders, for any right or claim existing, or any liability incurred, prior to such dissolution if action or proceeding thereon is commenced within two years after the date of such dissolution. Any such action or proceeding by or against the corporation may be prosecuted or defended by the corporation in its corporate name. The shareholders, directors and officers shall have power to take such corporate or other action as shall be appropriate to protect such remedy, right or claim. If such corporation was dissolved by the expiration of its period of duration, such corporation may amend its articles of incorporation at any time during such period of two years so as to extend its period of duration [.]. PROVIDED, That in dissolutions pursuant to RCW 23A.40.075, the period of time provided for in this section shall be four years."

POINT OF INQUIRY

Senator Woody: "Would Senator Day yield? On a what would look to me like a substantial change here, adding an additional four years onto this, there has got to be some very good reason. Could you tell me what has happened since the Judiciary Committee hearing?"

Senator Day: "Yes, we are not adding an additional four years. We are merely making it four years instead of the two that you did add. I have talked to the Secretary of State relative to it and we do have one corporation in Spokane that would like to have this provision. We could have done it with three years, which was originally in the bill in the House, but it also had an emergency clause on it and the time is going to elapse that will be past the three year period, so that is the reason I went to four, Senator Woody."

Senator Woody: "Thank you, Senator Day."

Debate ensued.

POINT OF INQUIRY

Senator Rasmussen: "Would Senator Day yield to a question? Senator Day, how much is the fee for the renewal of the corporate license?"

Senator Day: "It is not a high fee but would be all the fees relative to . . . ."

Senator Rasmussen: "How much is it?"

Senator Day: "I think it varies, depending on the . . . ."

Senator Rasmussen: "Size of the corporation, the assets?"

Senator Day: "I think the minimum is one hundred dollars and then it is a ten dollar additional filing fee. Now presently in the bill that is before you, the original time, the three years that Senator Francis talked about, was the time before they would elapse. Now the bill extended it originally by three years and then it was reduced by the House Judiciary Committee to two, and the additional two years it was extended was the time for reinstatement. All we are asking here is that you extend the time when they can reinstate. It has nothing to do with the time that they actually lapse."
Senator Rasmussen: "I am probably sympathetic to your proposal but I may be against the whole proposal. If I do not renew by license on my car or my trailer or anything, I just do not operate and that is it, period, and I think that the corporate license is the same thing. Why should we extend it? They have two or three thousand corporate defunct down there that the Secretary of State has not acted on now and that is something they should be required to keep current or else it just phases out."

The motion by Senator Day failed and the amendments were not adopted.

On motion of Senator Francis the rules were suspended, Engrossed House Bill No. 311, was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

ROLL CALL

The Secretary called the roll on the final passage of Engrossed House Bill No. 311, and the bill passed the Senate by the following vote: Yeas, 42; nays, 1; absent or not voting, 1; excused, 5.

Absent or not voting: Senator Bailey—1.

Excused: Senators Bottiger, Buffington, Donohue, Matson, Stortini—5.

ENGROSSED HOUSE BILL NO. 311, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

SECOND READING

ENGROSSED HOUSE BILL NO. 544, by Representatives Perry, Zimmerman and Kilbury:

Clarifying the powers of joint operating agencies (power commission).

The bill was read the second time by sections.

On motion of Senator Walgren, the rules were suspended, Engrossed House Bill No. 544 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

POINT OF INQUIRY

Senator Van Hollebeke: "Would Senator Walgren yield to a question please? Senator Walgren, I do not know how difficult a question this is, but what might be a typical type of acquisition that they would be interested in?"

Senator Walgren: "Oh, twenty acres of land outside the state of Washington be used for . . . ."

Senator Van Hollebeke: "For what purpose?"

Senator Walgren: "Energy exploration, mineral exploration, gas."

Senator Van Hollebeke: "Thank you."

POINT OF INQUIRY

Senator Bluechel: "Will Senator Walgren yield to a question please? Senator, as I understand this bill, it would allow energy combines, one in particular, to acquire energy sources in other states and in Canada, such as uranium mines or—can they operate the mines, and can they refine the ore whether it be—in the case of uranium, and could they operate a coal mine in full scale in Canada or some other state?"

Senator Walgren: I would assume that they could under the authority of this particular act. However, it would seem to me that there is going to be a necessity for any state agency here to join in consort with the particular jurisdiction that might be involved. An
Oregon agency, for instance, or of course a Canadian agency. There may be the requirement, of course, for acquiring land by condemnation and that would have to be done by the particular jurisdictional agency that might be involved in the other state or country."

Senator Bluechel: "Senator Walgren, I am not against the bill. I just want the members to know that what we are talking about here has the possible expenditures up in the hundreds of millions or even billions of dollars by the time energy sources of what we are looking at will be acquired and operated."

ROLL CALL

The Secretary called the roll on the final passage of Engrossed House Bill No. 544, and the bill passed the Senate by the following vote: Yeas, 44; excused, 5.

Excused: Senators Bottiger, Buffington, Donohue, Matson, Stortini—5.

ENGROSSED HOUSE BILL NO. 544, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

SECOND READING

SENATE BILL NO. 2133, by Senators Lewis (Harry), Rasmussen and Odegaard: Authorizing payment of claims against state officers or employees from tort claims revolving fund.

MOTIONS

Senator Wanamaker: "They are selected by the Governor or appointed by the Governor, which two of them are pilots and two of them are shipowners or agents, and of course Mr. Bill Jacobs is the chairman. I have talked with him. He says there has been very few times that he has had to exercise his vote. Therefore, I think with the Governor making these appointments, he certainly is going to have to have some responsibility in the kind of people that he selects, so I see no fear in the people of the pilots or the owners in making up this commission. Furthermore, in talking to the Utilities and Transportation Commission, they also told me that if they did get this it would be very likely that they would have to go to the Pilotage Commission to set up the rules and regulations where they have the expertise to do it."

the manner, content, and form as prescribed by the department before commencing operations without submitting an application: PROVIDED, That such classification shall not include forest practices on lands platted after January 1, 1960, or being converted to another use: or include those forest practices which would require approvals under the provisions of RCW 75.20.100.

(2) No Class II [or], Class III, or Class IV forest practice shall be commenced or continued after January 1, 1975 unless the department has received a notification with regard to a Class II forest practice or approved an application containing all information required by RCW 76.09.060 as now or hereafter amended: PROVIDED, That any person commencing a forest practice during 1974 may continue such forest practice until April 1, 1975, if such person has submitted an application to the department prior to January 1, 1975: PROVIDED, FURTHER, That in the event forest practices regulations necessary for the scheduled implementation of this chapter and RCW 90.48.420 have not been adopted in time to meet such schedules, the department shall have the authority to approve applications on such terms and conditions consistent with this chapter and RCW 90.48.420 and the purposes and policies of RCW 76.09.010 as now or hereafter amended until applicable forest practices regulations are in effect.

(3) Forest practices shall be conducted in accordance with the forest practices regulations and orders and directives of the department as authorized by this chapter, the forest practices regulations, and the terms and conditions of any approved applications.

(4) The department of natural resources shall notify the applicant in writing of either its approval of the application or its disapproval of the application and the specific manner in which the application fails to comply with the provisions of this section or with the forest practices regulations. If the department fails to either approve or disapprove an application or any portion thereof within the applicable time limit, then, on petition of the applicant the chairman of the appeals board shall issue an order directing the department to approve or disapprove the application within five days or issue a temporary approval until the application is either finally approved or disapproved: PROVIDED, That the temporary approval shall be issued only if it meets the conditions set by the board for such temporary approvals: PROVIDED, FURTHER, That the department shall have until April 1, 1975 to approve or disapprove an application involving forest practices allowed to continue to April 1, 1975 under the provisions of subsection (2) of this section. Upon receipt of any satisfactorily completed application the department shall in any event no later than two business days after such receipt transmit a copy to the departments of ecology, game, and fisheries, and to the county in which the forest practice is to be commenced. Any comments by such agencies shall be directed to the department of natural resources.

(6) The department shall not approve portions of applications to which the county objects: (a) The department receives written notice from the county of such objections within [seven business days for a Class II or] fourteen business days for a Class [III] IV application from the time of its transmittal to the county, or one day before the department acts on the application, whichever is later; and (b) The objections relate to lands either: (i) Platted after January 1, 1960; or (ii) Being converted to another use.
The department shall either disapprove those portions of such application or appeal the county objections to the appeals board. If the objections related to subparagraph (b)(i) and (ii) of this subsection are based on local authority consistent with RCW 76.09.240 as now or hereafter amended, the department shall disapprove the application until such time as the county consents to its approval or such disapproval is reversed on appeal. The applicant shall be a party to all department appeals of county objections. Unless the county either consents or has waived its rights under this subsection, the department shall not approve portions of an application affecting such lands until the minimum time for county objections has expired.

In addition to any rights under the above paragraph, the county may appeal any department approval of an application with respect to any lands within its jurisdiction. The appeals board may suspend the department's approval in whole or in part pending such appeal where there exists potential for immediate and material damage to a public resource.

Appeals under this section shall be made to the appeals board in the manner and time provided in RCW 76.09.220(9) as now or hereafter amended. In such appeals there shall be no presumption of correctness of either the county or the department position.

The department shall, within four business days notify the county of all notifications, approvals and disapprovals of an application affecting lands within the county, except to the extent the county has waived its right to such notice.

A county may waive in whole or in part its rights under this section, and may withdraw or modify any such waiver, at any time by written notice to the department.

Sec. 5. Section 6, chapter 137, Laws of 1974 ex. sess. and RCW 76.09.060 are each amended to read as follows:

(i) Provisions for continuing maintenance of roads and other construction or other measures necessary to afford protection to public resources; and
(j) An affirmation that the statements contained in the notification or application are true.

At the option of the applicant, the application or notification may be submitted to cover a single forest practice or any number of forest practices within reasonable geographic or political boundaries as specified by the department. Long range plans may be submitted to the department for review and consultation.

The application shall indicate whether any land covered by the application will be converted or is intended to be converted to a use other than commercial timber production within three years after completion of the forest practices described in it. (a) If the application states that any such land will be or is intended to be so converted:
(i) The reforestation requirements of this chapter and of the forest practices regulations shall not apply if the land is in fact so converted unless applicable alternatives or limitations are provided in forest practices regulations issued under RCW 76.09.070 as now or hereafter amended;

(ii) Completion of such forest practice operations shall be deemed conversion of the lands to another use for purposes of chapters 84.28, 84.33 and 84.34 RCW unless the conversion is to a use permitted under a current use tax agreement permitted under chapter 84.34 RCW;

(iii) The forest practices described in the application are subject to applicable county, city and regional governmental authority permitted under RCW 76.09.240 as now or hereafter amended as well as the forest practices regulations.

(i) For six years after the date of the application the county or city and regional governmental entities may deny any or all applications for permits or approvals, including building permits and subdivision approvals, relating to nonforestry uses of land subject to the application;

(ii) Failure to comply with the reforestation requirements contained in any final order or decision shall constitute a removal from classification under the provisions of RCW 84.28.065, a removal of designation under the provisions of RCW 84.33.140, and a change of use under the provisions of RCW 84.34.080, and, if applicable, shall subject such lands to the payments and/or penalties resulting from such removals or charges; and

(iii) Conversion to a use other than commercial timber operations within three years after completion of the forest practices without the consent of the county or municipality shall constitute a violation of each of the county, municipal and regional authorities to which the forest practice operations would have been subject if the application had so stated.

(4) The application shall be either signed by the forest land owner or accompanied by a statement signed by the forest land owner indicating his intent with respect to conversion and acknowledging that he is familiar with the effects of this subsection.

(5) Whenever an approved application authorizes a forest practice which, because of soil condition, proximity to a water course or other unusual factor, has a greater than ordinary potential for causing material damage to a public resource, as determined by the department, the applicant shall notify the department five days before the commencement of actual operations.

(6) Before commencing any forest practice in a manner or to an extent significantly different from that described in a previously approved application or notification, the applicant shall submit to the department a new application or notification form in the manner set forth in this section.

(7) The notification to or the approval given by the department to an application to conduct a forest practice shall be effective for a term of one year from the date of approval or notification and shall not be renewed unless a new application is filed and approved or a new notification has been filed.

(8) Notwithstanding any other provision of this section, no prior application shall be required for any emergency forest practice necessitated by fire, flood, windstorm, earthquake, or other emergency as defined by the board, but the operator shall submit an application or notification, whichever is applicable to the department within forty-eight hours after commencement of such practice.

Sec. 6. Section 7, chapter 137, Laws of 1974 ex. sess. and RCW 76.09.070 are each amended to read as follows:

After the completion of a logging operation, satisfactory reforestation as defined by the rules and regulations promulgated by the board shall be completed within three years: PROVIDED, That a longer period may be authorized if seed or seedlings are not available: PROVIDED FURTHER, That a period of up to five years may be allowed where a natural regeneration plan is approved by the department. Upon the completion of a reforestation operation a report on such operation shall be filed with the department.
of natural resources. Within [six] twelve months of receipt of such a report the department shall inspect the reforestation operation, and shall determine either that the reforestation operation has been properly completed or that further reforestation and inspection is necessary.

The forest practices regulations may provide alternatives to or limitations on the applicability of reforestation requirements with respect to forest lands being converted in whole or in part to another use which is compatible with timber growing.

The forest practices regulations may identify classifications and/or areas of forest land that have the potential for future conversion to urban development on which reforestation requirements may be modified or eliminated: PROVIDED, That in such modifications or limitations on reforestation reasonable land use planning goals and concepts shall be considered.

Sec. 7. Section 8, chapter 137, Laws of 1974 ex. sess. and RCW 76.09.080 are each amended to read as follows:

1. The department shall have the authority to serve upon an operator a stop work order which shall be a final order of the department if:
   a. There is any violation of the provisions of this chapter or the forest practices regulations; or
   b. There is a deviation from the approved application; or
   c. Immediate action is necessary to prevent continuation of or to avoid material damage to a public resource.

2. The stop work order shall set forth:
   a. The specific nature, extent, and time of the violation, deviation, damage, or potential damage;

   c. The specific course of action needed to correct such violation or deviation or to prevent damage and to correct and/or compensate for damage to public resources which has resulted from any violation or unauthorized deviation; and those courses of action necessary to prevent continuing damage to public resources where the damage has not resulted from any violation, unauthorized deviation, or negligence; and
   d. The right of the operator to a hearing before the appeals board.

The department shall immediately file a copy of such order with the appeals board and mail a copy thereof to the timber owner and forest land owner at the addresses shown on the application. The operator, timber owner, or forest land owner may commence an appeal to the appeals board within fifteen days after service upon the operator. If such appeal is commenced, a hearing shall be held not more than twenty days after copies of the notice of appeal were filed with the appeals board. Such proceeding shall be a contested case within a meaning of chapter 34.04 RCW. The operator shall comply with the order of the department immediately upon being served, but the appeals board if requested shall have authority to continue or discontinue in whole or in part the order of the department under such conditions as it may impose pending the outcome of the proceeding.

Sec. 8. Section 9, chapter 137, Laws of 1974 ex. sess. and RCW 76.09.090 are each amended to read as follows:

1. If a violation, a deviation, material damage or potential for material damage to a public resource has occurred and the department determines that a stop work order is unnecessary, then the department shall issue and serve upon the operator a notice which shall clearly set forth:
   a. The specific nature, extent, and time of failure to comply with the approved application; or identifying the damage or potential damage; and/or
   b. The relevant provisions of this chapter or of the forest practice regulations relating thereto;

2. The right of the operator to a hearing before the department pursuant to chapter 34.04 RCW; and

3. The specific course of action ordered by the department to be followed by the operator to correct such failure to comply and to prevent, correct and/or compensate
for material damage to public resources which resulted from *any violations or unauthorized deviations from forest practices* and those courses of action necessary to prevent continuing damage to public resources where the damage has not resulted from *any violation, unauthorized deviation, or negligence*.

The department shall mail a copy thereof to the forest land owner and the timber owner at the addresses shown on the application, showing the date of service upon the operator. Such notice to comply shall become a final order of the department and such operator shall undertake the course of action so ordered by the department unless, within fifteen days after the date of service of such notice to comply, the operator, forest land owner, or timber owner, shall request the department in writing to schedule a hearing. If so requested, the department shall schedule a hearing on a date not more than twenty days after receiving such request. Within ten days after such hearing, the department shall issue a final order either withdrawing its notice to comply or clearly setting forth the specific course of action to be followed by such operator. Such operator shall undertake the course of action so ordered by the department unless within thirty days after the date of such final order, the operator, forest land owner, or timber owner appeals such final order to the appeals board.

certified mail with return receipt requested or by personal service, to the person incurring the same from the department [of natural resources, or the department of ecology if water quality protection is involved,] describing the violation with reasonable particularity. Within fifteen days after the notice is received, the person incurring the penalty may apply in writing to the department [imposing the penalty] for the remission or mitigation of such penalty. Upon receipt of the application, that department may remit or mitigate the penalty upon whatever terms that department in its discretion deems proper, provided that department [imposing the penalty] deems such remission or mitigation to be in the best interests of carrying out the purposes of this chapter. The department [of natural resources and the department of ecology] shall have authority to ascertain the facts regarding all such applications in such reasonable manner and under such regulations as they may deem proper.

Any person incurring any penalty hereunder may appeal the same to the forest practices appeals board [. PROVIDED, That the appeal of any penalty imposed by the department of ecology relating to water quality protection shall be to the pollution control hearings board].

Such appeals shall be filed within thirty days of receipt of notice imposing any penalty unless an application for remission or mitigation is made to the department [or the department of ecology]. When such an application for remission or mitigation is made, such appeals shall be filed within thirty days of receipt of notice from the department [or the department of ecology] setting forth the disposition of the application.

Any penalty imposed hereunder shall become due and payable thirty days after receipt of a notice imposing the same unless application for remission or mitigation is made or an appeal is filed. When such an application for remission or mitigation is made, any penalty incurred hereunder shall become due and payable thirty days after receipt of notice setting forth the disposition of such application unless an appeal is filed from such disposition. Whenever an appeal of any penalty incurred hereunder is filed, the penalty shall become due and payable only upon completion of all review proceedings and the issuance of a final decision confirming the penalty in whole or in part.

If the amount of any penalty is not paid to the department [or the department of ecology] within thirty days after it becomes due and payable, the attorney general, upon the request of the [respective director] department, shall bring an action in the name of the state of Washington in the superior court of Thurston county or of any county in which such violator may do business, to recover such penalty. In all such actions the procedure and rules of evidence shall be the same as an ordinary civil action except as otherwise in this chapter provided.

(9) (a) Any person aggrieved by the approval or disapproval of an application to conduct a forest practice may seek review from the appeals board by filing a request for the same within thirty days of the approval or disapproval. Concurrently with the filing of any request for review with the board as provided in this section, the requestor shall file a copy of his request with the department and the attorney general. The attorney general may intervene to protect the public interest and insure that the provisions of this chapter are complied with.

WHEREAS, Dr. Cowen was a renowned philanthropist, civic leader and beneficent legislator; and

WHEREAS, His service to his district and his state as a devoted and dedicated public servant included thirty years as a legislator; and

WHEREAS, His many years of service on the local planning commission contributed immensely to the improvement of the city of Spokane; and

WHEREAS, Dr. Cowen was a noted and respected professional man in the city of Spokane who donated to his city a beautiful park for the use and benefit of all of the citizens; and

WHEREAS, It is fitting and proper that we pause in memory of our former colleague, Dr. David C. Cowen, whose death to all of us, is a great sorrow;

NOW, THEREFORE, BE IT RESOLVED, By the Senate of the State of Washington in legislative session assembled, that the members of the Senate do hereby extend to Dr. Cowen's devoted wife, Anna Louise, their commiseration with her loss and assure her that the passing of Davey has saddened the many who knew and admired and loved him;

BE IT FURTHER RESOLVED, That the Secretary of the Senate be and he is hereby instructed to send a copy of this resolution to Mrs. Anna Louise Cowen.

**REMARKS BY SENATOR GUESS**

Senator Guess: "Mr. President, when I first came to the Senate and sat on the back row back there, Davey's vote always preceded that of mine and we sometimes had a little trouble getting our signals together and I can remember one time that Davey voted like I did not think he really wanted to vote and I saw he was busy and did not catch the drift of the bill when it was announced, and so I said something and I did not mean to say it but it turned out to be a little bit sharp to Davey and he told me, 'Well, why don't you vote first from now on?' I told him that was not possible but he said 'All you have to do is change your name to put that C there,' and he said 'I can arrange to do a little something about that.' After that Davey and myself would compare votes and although he was on that side of the aisle and I on this, Davey was a conservative and he did have the consideration of the people at home very much in his heart at all times.

"I can remember the year before I came down here, some of the things that I was visiting with Davey and he was giving me advice on the operation of the Senate and
would let drop once in a while advice to me and I was rather amazed at the closeness of our thinking and what I thought government ought to be, he thought the same way, that government ought to be in that direction. He was concerned about those people who did not have the means and he extended his hand to many people unbeknownst to the most of us and certainly over the years did a tremendous amount of good.

"I can remember Davey up in the area in which I live taking over a very rough piece of terrain, ground, it had a platform or bank on it, it was all weeds and a real eyesore in the community along the High Drive overlooking Hangman Creek; and through the use of a number of men from down on skidroad. Davey would work up there; he would go down and get them in a pickup, take them by a restaurant and give them a good breakfast and then take them up and work with them in cleaning up that place and making it a real joy to behold.

"I can remember too with a great deal of sadness the day after the election in which he lost. He was heartbroken, and I am sure that the heartbreak that occurred to him then led to his early demise. He would have been with us yet, I feel, had he not lost that election. He never did regain the spark and the bounce that he had prior to that election and it showed me how deeply concerned he was and how concerned he was about the people, and also his love of the Senate. It was ingrained into him and his life revolved around it and he was certainly a dedicated legislator and came over here, as we know, for many, many years. It is a regret and a great deal of sadness that I stand to make this statement."

The motion by Senator Keefe carried and the resolution was unanimously adopted.

MOTION

On motion of Senator Peterson, Senate Bill No. 2954 was re-referred to the Committee on Rules.

MOTION

On motion of Senator Mardesich, the Senate commenced consideration of Senate Bill No. 2660.

SECOND READING

SENATE BILL NO. 2660, by Senators North and Bluechel: Permitting nature conservancies to acquire open space for public use.

REPORT OF STANDING COMMITTEE

March 7, 1975.

SENATE BILL NO. 2660, Permitting nature conservancies to acquire open space for public use (reported by Committee on Ecology):

MAJORITY recommendation: Do pass with the following amendments:

On page 1, line 14, after "fee" and before "or" insert "simple"

On page 1, line 22, after "acquire" strike "the fee to" and insert "[the fee to]"

On page 2, line 29, after "including" and before "any" strike "fees and" and insert "fee simple or" and after "lesser" and before the comma strike "interests" and insert "interest"

On page 2, line 32, after "resources," strike "owned" and insert "[owned]"

Signed by: Senators Washington, Chairman; Guess, Murray, North, Sandison.

The bill was read the second time by sections.

On motion of Senator Washington, the committee amendments were considered and adopted simultaneously.

Senator Bottiger moved adoption of the following amendment by Senators Bottiger, North and Bluechel:

On page 3, section 3, line 23 after "thereof." add a new subsection to read as follows:

"(3) As used in this 1975 amendatory act, the terms "non-profit nature conservancy"
corporation or association" shall be defined as organizations which qualify under Sec. 501(c) of the Internal Revenue Code as tax exempt: PROVIDED, That any transfer of the interest held by such an organization other than to another organization which qualifies under this subsection and which is to be held for the purposes of this 1975 amendatory act shall be subject to the provisions of RCW 84.34.108 as it now exists or is hereafter amended.

Senator Bluechel moved adoption of the following amendment to the amendment by Senators Bottiger, North and Bluechel:

On line 7 of the amendment to page 3, line 23, strike "this subsection" and insert "the provisions"

POINT OF INQUIRY

Senator Rasmussen: "Will Senator Bottiger yield to a question? Senator Bottiger, your amendment and the amendment to the amendment as offered by Senator Bluechel, I am concerned with the part that 'may acquire the fee to such property for the purpose of conveying or leasing the property back to the original owner or other persons.' It is my understanding that these nature conservancy purchase or acquiring of property by whatever means, that they become tax exempt. Is this correct? And then they can turn around and lease it back? Can it be leased back for commercial purposes?"

Senator Bottiger: "Senator Rasmussen, if it was, the leasehold tax would pick it up and the land surface owner, if they went that route, would have to pay the leasehold tax."

Senator Rasmussen: "We have not been too successful with that so far. Another amendment is coming through this time on that, I understand."

Senator Bottiger: "There are people that tell me we have been very successful. The Port of Tacoma has suggested that we have been too successful in collecting taxes under the leasehold tax."

Senator Rasmussen: "You think that is adequately covered then?"

Senator Bottiger: "I think it is."

Senator Rasmussen: "Thank you."

POINT OF INQUIRY

Senator Woody: "Would Senator Bluechel yield? On your amendment to the amendment, Senator Bluechel, could you read, beginning with the language 'Provided,' how the Bottiger amendment would read if your amendment is adopted?"

Senator Bluechel: "On the fourth line from the bottom, let us start with 'Provided that any transfer of the interest held by such an organization other than through another organization which qualifies under the provisions and which is to be held for the purposes comma of this 1975 act.' It should have been in the amendment in the first place. In many cases this type of organization will, at the request of a county or city, purchase the rights to land and hold it for some future purpose of the county or city, and this amendment allows them at some time later on down the road to simply transfer those rights to the county or city. At the present time, if we leave this out, they cannot. They have to hold it themselves in perpetuity."

The motion by Senator Bluechel carried and the amendment to the amendment by Senators Bottiger, North and Bluechel was adopted.

The motion by Senator Bottiger carried and the amendment, as amended, was adopted.

On motion of Senator Washington, the rules were suspended, Engrossed Senate Bill No. 2660 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

ROLL CALL

The Secretary called the roll on the final passage of Engrossed Senate Bill No. 2660 and the bill passed the Senate by the following vote: Yeas, 43; absent or not voting, 1; excused, 5.

Absent or not voting: Senator Fleming—1.

Excused: Senators Donohue, Keefe, McDermott, Pullen, Wanamaker—5.

ENGROSSED SENATE BILL NO. 2660, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

MOTION

On motion of Senator Mardesich, the Senate commenced consideration of Senate Joint Resolution No. 127.

SECOND READING

SENATE JOINT RESOLUTION NO. 127, by Senators Knoblauch, Donohue, Mardesich, Matson, Clarke, Scott, Sellar and Jones:

Establishing constitutionally a citizens' commission to set salaries of public officials.

MOTIONS

On motion of Senator Mardesich, Substitute Senate Joint Resolution No. 127 was substituted for Senate Joint Resolution No. 127 and the substitute resolution was placed on second reading and read the second time in full.

On motion of Senator von Reichbauer, the following amendment was adopted on a rising vote:

On page 1, line 21, after "official," insert "member or former member of the state legislature."

Senator Wilson moved that the following amendments by Senators Wilson and Odegaard be considered and adopted simultaneously:

On page 1, line 22, after "commission." strike "No less than sixty percent of the" and insert "The"

On page 1, line 25, after "with" strike "one member" and insert "two members"

On page 1, line 25, after "district." strike "The balance of the membership shall be appointed as provided by law."

Debate ensued.

The motion by Senator Wilson failed and the amendments were not adopted on a rising vote.

Senator Francis moved adoption of the following amendment:

On page 2, line 9, after "legislature." strike "The" and insert "Section 13 of Article II is hereby repealed, and the", and on line 11, strike ", 13,"

POINT OF INQUIRY

Senator Cunningham: "Would Senator Francis yield to a question please?"

Senator Francis: "Mr. President and members of the Senate, we always have this problem that people stop paying attention after a while when we are on a bill. I will repeat what I said. What we are doing here, if you will look on page 1, we have reenacted a good part of what is in Article Two, section 13, and what we intended to do was to replace Article Two, section 13, with this proposed constitutional amendment. What we have on page 2 is that we have put it in some language that says that insofar as it is inconsistent herewith, section 13 is repealed. My amendment would simply make it clear that section 13 is repealed period, and not just insofar as inconsistent herewith, which I think is very ambiguous and could be regarded as not being inconsistent at all."

The motion of Senator Francis carried and the amendment was adopted.

MOTIONS

On motion of Senator Knoblauch, Senator Stortini was excused.
On motion of Senator Beck, the rules were suspended, Engrossed Substitute Senate Joint Resolution No. 127 was advanced to third reading, the second reading considered the third, and the resolution was placed on final passage.

Debate ensued.

POINT OF INQUIRY

Senator Cunningham: "Would Senator Bottiger yield to a question please? Senator Bottiger, during your remarks a few minutes ago you mentioned that this commission could raise or lower?"

Senator Bottiger: "That is correct."

Senator Cunningham: "In reading the bill, it states as I read it that they may not reduce."

Senator Bottiger: "I do not know about the bill. The constitutional amendment is before it. It says, 'may not diminish the salary during the term for which he is elected,' but as you read on in the bill, it will set the salary."

Senator Cunningham: "So they cannot reduce the salary?"

Senator Bottiger: "Yes, they could reduce the salary."

Senator Cunningham: "They cannot reduce it in the term to which you are elected."

Senator Bottiger: "There is a constitutional provision that you cannot reduce during the term for which you are elected, but they could reduce the salary and on the next election that would be the salary."

Senator Cunningham: "Thank you."

Senator Bailey: "Mr. President, maybe Senator Cunningham would be interested in this. In Rules Committee some of us thought these two were connected. We found out later that they were not part of the same package and it was our intention to return the bill to the Rules Committee because this constitutional amendment should stand or fall on its own. At the time we passed it out of Rules it was thought that they were passed out of committee to come together, and we did not realize they were not intended that way."

Senator Bottiger: "I think I should have gone a little bit further in my remarks in response to Senator Cunningham. This commission would meet every two years and would set the salary for the legislature. It would not diminish the salary for those people that were elected since they had last met and set the salary. The reason for that, the historical reason of why that has always been in our Constitution and in all other state Constitutions is that you do not punish an elected official for an unpopular decision. The same thing applies to the county commissioners, to school board members, to anybody else. There has been a historic concept that you not diminish someone's salary during the term. You could argue it on contract; you could argue it on anything else. That historic precedence is not broken here, and Senator Woody reminds me, teachers also. The theory is that when the commission met it would set the salary. That would be the salary for the term. The terms would, by nature, coincide with the exception of the four year terms for senators, so if they came and lowered the salary, then those of us that had been elected at the higher salary would continue to get it until the end of our term. The others would receive the lower salary."

MOTION

SECOND READING

SUBSTITUTE HOUSE BILL NO. 651, by Committee on Social and Health Services (originally sponsored by Representatives Adams, Paris, Parker, Bauer and Fortson):

Making changes in the laws relating to chiropractic.

REPORT OF STANDING COMMITTEE

April 2, 1975.

SUBSTITUTE HOUSE BILL NO. 651, making changes in the laws relating to chiropractic (reported by Committee on Social and Health Services).

MAJORITY recommendation: Do pass with the following amendment:

On page 3, line 2, after "to" and before "advertising" insert "individual and institutional"

Signed by: Senators Day, Chairman; von Reichbauer, Vice Chairman; Buffington, North, Pullen, Ridder.

The bill was read the second time by sections.

Senator Day moved that the committee amendment not be adopted.

POINT OF INQUIRY

Senator Francis: "Would Senator Day yield to a question? Senator Day, I am having a little trouble keeping up with this particular bill. It seems to me I have had quite a bit of mail. I am just trying to remember, but some of my mail was indicating that when you prohibit advertising, and especially where you prohibit advertising of price, that almost invariably the prices start going up because the competitive nature of the business starts disappearing, and I am just wondering if you have any experience or observations on that."

Senator Day: "Yes, I do, and the people that you have been talking to really are not talking about price. What they are talking about is advertising themselves and putting their own pictures in the ads and, of course, the thing that becomes competitive then is the size of the ad, which costs money, which increases costs, and so I am opposed to that particular practice. It has not worked in other states and we do not want it here."

Senator Francis: "Thank you."
FIFTY-THIRD DAY, MAY 5, 1975

The motion by Senator Day carried and the committee amendment was not adopted.

On motion of Senator Day, the rules were suspended, Substitute House Bill No. 651 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

POINT OF INQUIRY

Senator Lewis (Harry): "Senator Day, as I understand it, this act just applies to those who practice the chiropractic. Is that right?"

Senator Day: "That is correct."

Senator Lewis (Harry): "What would happen where you have a chiropractor who is also a naturopath?"

Senator Day: "He would be regulated by the naturopathic act relative to that practice."

Senator Lewis (Harry): "Do the naturopaths permit advertising?"

Senator Day: "I do not know, but he could advertise as a naturopath. I do not believe they do, however. It would be regulated by this act."

POINT OF INQUIRY

Senator Rasmussen: "Would Senator Day yield to a question? Senator Day, on page 3, starting on the bottom of page 2, it says 'to establish and promulgate by rules and regulations ethical standards for the chiropractic profession including, but not limited to, regulation relating to advertising or excessive charging for professional services.' Would it be unethical if a chiropractor should charge less than a neighboring chiropractor?"

Senator Day: "No, I do not think it would be, and of course this directs itself to excessive charges."

Senator Rasmussen: "You say it would not be unethical to charge less than a neighboring chiropractor?"

Senator Day: "No, I certainly do not. I think what this is related to is excessive charging for professional services very specifically."

Senator Rasmussen: "Then on the other hand, why would it be unethical for a neighboring chiropractor to charge excessive or more than the other chiropractor?"

Senator Day: "I do not think that the ruling of whether it was excessive or not would mean that he would just charge more than someone else. I think what they are trying to get at here is people who have double charges, who have in the process of delivering services charged maybe two or three different charges for similar services on the same day, this type of thing; and it is an attempt by the board to regulate, really, a couple of errant practitioners relative to charging. There was something in the medical disciplinary act relative to this. I have been a proponent of professions disciplining their own in a reasonable and responsible manner relative to those who get way out of line in relation to charging for their services where the consumer is involved."

Senator Rasmussen: "Senator Day, I am a consumer advocate also, but I can understand if I were to go to a superior chiropractor, the same as I would go to a superior medical practitioner, surgeon, that I would probably agree to pay more for this particular individual's services because of his expertise. This is why I am glad to hear you state positively that this is not going to have any relation to price control."

Senator Day: "It is not intended to be price fixing. It is certainly intended that if the charge is not reasonably related to the service provided, then the board could do something about it."

Senator Rasmussen: "Like what?"

Senator Day: "They could call the man in and ask him to explain, and if he could not explain that there was some special service given that substantiated the charge, they could discipline him accordingly, and if it was a specialized instrument adjustment such as you are referring to, why they could make allowances commensurate with the situation at the time."

Senator Rasmussen: "Thank you, Senator Day. I hope it works."
POINT OF INQUIRY

Senator Woody: "Would Senator Day yield for a question? On page 5, Senator Day, on the bottom of page 4 and the top of page 5, it addresses itself to the situation in which a practitioner fails to submit to an examination before a doctor, either as to a physical or mental condition, and it says on the top of page 5 that if he does not show up for it except for reasons outside of his control, that a default and final order may be entered without the taking of testimony or presentation of evidence. My question is, in using that particular language, did the committee consider the fact that since this is reviewable under the Administrative Procedures Act, that at least some evidence, whether it be formal proof or whatever, must be in the record of the hearing board or else it is considered arbitrary and capricious action?"

Senator Day, "I could not agree with what you have just said. I think that what this does is set forth a reason to go in the record if the particular chiropractor fails to comply with the order blatantly and just makes no attempt to; and I think what would happen here, if he failed to show they would check and find out why and if he has just ignored the order, then this would apply and that would go into the record as a part of the record. It also should follow that all the dealings of disciplinary boards, including the medical disciplinary board, are subject to court review, and I would suggest also to you, Senator, that section 9 probably will be used very, very rarely, very rarely. Now we have had possibly one or two instances in the total time the board has existed, which is since 1967, in which this would even have been brought into play."

Senator Woody: "My question is whether or not that was considered in the hearing, that is, whether the fact that under the review proceedings of RCW 34.04 of the Administrative Procedures Act, if there is no evidence in the board record, then on appeal it is automatic, the court automatically determines it to be arbitrary and capricious action?"

Senator Day: "Yes, that was considered, but as I pointed out that certainly they would not just issue the order for him to come in and then if he did not show, immediately file. They would try to find out why he had not shown and there would have to be something in the record there to demonstrate, one, that the notice had been received by him, and I think that this board has acted very responsibly and they are not going to just enter an order in the record unless there has been some full justification for such an order, and so I do not think they would enter an order unless there was real reason to show that the man had received the order and that he had, through intent, avoided coming in, and so I do not think there is any problem with that. In fact, I did talk to the AG about that also."

Senator Bottiger: "Mr. President and members of the Senate, some years ago when I was with the Attorney General's Office that used to be one of the assignments I had, and I can assure Senator Woody that there is a procedure set up whereby we make the record, and I am sure they still do that. Some of these old licensing statutes are just full of due process holes like you are talking about and there is a procedure established to take care of that and make a record for the APA."

ROLL CALL

The Secretary called the roll on the final passage of Substitute House Bill No. 651 and the bill passed the Senate by the following vote: Yeas, 39; nays, 4; absent or not voting, 2; excused 4.

SPECIAL ORDER OF BUSINESS
SECOND READING

SUBSTITUTE SENATE BILL NO. 2574, by Committee on Natural Resources (originally sponsored by Senator Peterson):
Authorizing buy-back of fishing vessels, gear and permits.
The time having arrived, the Senate resumed consideration of Substitute Senate Bill No. 2574.
On motion of Senator Mardesich, the following amendment by Senator Rasmussen was adopted:
On page 5, strike lines 15 through 22 and insert: "created within the state treasury a fund to be known as the "vessel, gear, license, and permit reduction fund", which shall be used for the purchase of vessels, licenses, permits, and fishing gear as provided in this 1975 amendatory act, and for the administration of the provisions of this 1975 amendatory act. This fund shall be credited with any federal or other funds received to carry out the purposes of this 1975 amendatory act and shall also be credited with all proceeds from the sale or other disposition of any property purchased pursuant to section 4 of this 1975 amendatory act."
Senator Mardesich moved that the following amendment by Senator Rasmussen not be adopted:
On page 5, after line 30 insert a new section as follows:
"NEW SECTION. Sec. 11. There is hereby appropriated to the Department of Fisheries out of the vessel, gear, license, and permit reduction fund the sum of $5,000,000 which shall be available for purposes of this 1975 amendatory act from the effective date of this act until June 30, 1977."
Renumber the remaining section accordingly.

POINT OF INQUIRY

Senator Talley: “Will Senator Peterson yield? Senator Peterson, do you think the
language in here is strong enough when a license and a boat or gear is bought, that we can insure that this man does not come back in a couple of years and go back into the business?"

Senator Peterson: "Yes, Senator Talley, you can be assured of that. The language is strong enough."

The motion by Senator Mardesich carried and the amendment was not adopted.

On motion of Senator Peterson, the rules were suspended, Engrossed Substitute Senate Bill No. 2574 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

POINT OF INQUIRY

Senator Newschwander: "I wonder if Senator Peterson would yield to a question? I notice in reading the bill that these boats cannot be used for anything other than pleasure fishing but what prevents an Indian from buying these boats from the department and going right out and competing? He could probably buy the boats cheap and he is right there, we are right where we were before."

Senator Peterson: "No, there is a section in the bill that would prohibit this, Senator Newschwander. If you want to hold it down a bit — but there is a provision in here that would prohibit this from happening and this is what we are attempting to do."

ROLL CALL

The Secretary called the roll on the final passage of Engrossed Substitute Senate Bill No. 2574, and the bill passed the Senate by the following vote: Yeas, 42; nays, 5; absent or not voting, 2.

Voting nay: Senators Clarke, Lewis (Harry), Murray, Newschwander, Wilson—5.

Absent or not voting: Senators Matson, Rasmussen—2.

ENGROSSED SUBSTITUTE SENATE BILL NO. 2574, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

MOTION

At 10:10 a.m., on motion of Senator Mardesich, the Senate recessed until 11:35 a.m.

SECOND MORNING SESSION

The President called the Senate to order at 11:35 a.m.

MOTION

On motion of Senator Peterson, Engrossed Substitute Senate Bill No. 2574 was ordered immediately transmitted to the House.

SECOND READING

ENGROSSED SUBSTITUTE HOUSE BILL NO. 527, by Committee on Transportation and Utilities (originally sponsored by Representatives Smith, Fortson, Becker, Sommers, Gaspard, Hawkins, North, Wilson, Berentson, Chandler, Charnley, Dunlap, Hansey, Leckenby and Sherman):
Requiring pilots and other precautions for tankers entering Puget Sound.

The Senate resumed consideration of Engrossed Substitute House Bill No. 527. On May 2, 1975 the committee amendments to page 1, lines 8, 12, 16 and 29; and to page 2, lines 6 and 16 were adopted. The committee amendment to page 2, line 14 was not adopted. On that day, the committee amendment on page 2, line 15 was moved for adoption by Senator Walgren. Senator Wanamaker moved adoption of the following amendment to the committee amendment:

On page 2, line 15, beginning on the fourth line of the committee amendment, strike “the Washington Utilities and Transportation Commission” and insert “the board of pilotage commissioners”.

The motion by Senator Wanamaker failed and the amendment to the committee amendment was not adopted.

On motion of Senator Walgren, the following amendment to the committee amendment was adopted:

On page 2, line 15, on the third line of the committee amendment, after “tug” and before “shaft” strike “or tugs”

The motion by Senator Walgren and the committee amendment, as amended, was adopted.

On motion of Senator Walgren, the committee amendment to page 2, line 17 was adopted.

On motion of Senator Bottiger, the committee amendment to page 2, line 19 was not adopted.

On motion of Senator Walgren, the committee amendments to page 2, lines 25, 26 and 32 were adopted.

On motion of Senator Wilson, the following amendment was adopted:

On page 2, line 7, after “waters” strike “, except when in ballast,”

Senator Sandison moved adoption of the following amendment:

On page 2, line 16 of both the engrossed and printed bills, after “waters”, strike all the matter down through “Admiralty Head” on line 18 and insert “east of a line extending from Discovery Island light south to New Dungeness light”.

POINT OF INQUIRY

Senator Guess: “Would Senator Sandison yield? Senator Sandison, what would be the length of a course that you are going to require now over what the bill as written would require?”

Senator Sandison: “If I can make just a rough estimate, up north it would probably be an additional sixty miles down; in the southern end about thirty-eight miles on the Washington coast.”

Senator Guess: “In other words, it would cost the pilot then on the Arco that we had the figures on yesterday that cost another nine hundred and ninety dollars?”

Senator Sandison: “I am not talking about the pilot on this. I am talking about the tugboats. Now they have already picked up the pilots back at Port Angeles before they come in, if this bill passes.”

Senator Guess: “Okay. The figures I have show that between 1968 and 1971 there were three collisions between tugs and barges in this area, and in 1969 one tug barge grounded and sank. Now, in 1971 the Coast Guard vessel traffic system went into effect. Can you tell me how many wrecks they have had since 1971?”

Senator Sandison: “No, I did not keep track of them, but just since we have been in session this year there was one barge that luckily did not release too much oil on a bank not too far from Anacortes, but this is hazardous country and traditionally you have had problems in here. Now I agree the Coast Guard vector system has certainly alleviated the situation somewhat but on the other hand, when we are dealing with what could happen with these tankers, I think just a few miles farther, which would be almost infinitesimal in the price of gasoline as far as the cost is concerned, is worth it.”

Senator Guess: “Senator Sandison, the Coast Guard records show that there have been no collisions since the vector traffic system was put into effect.”

Senator Sandison: “Which was just recently.”
FIFTY-FOURTH DAY, MAY 6, 1975

Senator Guess: "That was 1971 so it is about four years."
Senator Sandison: "But they are talking about collisions. I am talking about groundings and beachings too."
Senator Guess: "Do you think that tugs are going to do any good on grounding?"
Senator Sandison: "It could certainly avoid it, and also initially it may be able to pull it off before things get too bad."

The motion by Senator Sandison carried and the amendment was adopted.
On motion of Senator Walgren, the following amendments were adopted:
On page 2, line 33, after "regulations" strike "pursuant to RCW 88.16.030 as"
On page 2, line 35, strike "The Legislative Transportation Committee and the" and insert "The"
On page 3, line 5, after "1977." insert "Such study shall also include a report on the feasibility, benefits and disadvantages of requiring vessels under tug escort to observe a speed limit, and such study shall include a discussion of the impact of a speed limit on the maneuverability of the vessel, the effectiveness of the tug escort and other legal and technical considerations material and relevant to the required study."

Senator Mardesich moved the following amendments be considered and adopted simultaneously:
On page 2, line 8, after "rates" insert "applicable to the first twenty thousand gross tons"
On page 2, line 8, after "amend" insert ": PROVIDED, That pilotage rates applicable to tonnage in excess of twenty thousand gross tons shall be established by the Washington utilities and transportation commission"

POINT OF INQUIRY

Senator Lewis (Harry): "Will Senator Walgren yield to a question? Perhaps while we are waiting for the amendment, Senator Walgren, I have a series of questions that perhaps you could respond to or maybe some other member of the Senate. I am wondering, the amendments that were hung by the committee strike 'the Board of Pilots Commissioners' and insert 'Washington Utilities and Transportation Commission' in two areas. I am wondering what authority is granted by the bill to the Utilities and Transportation Commission in order to exercise this authority in this matter? Can you show me?"

Senator Walgren: "Line 32 of page 2 now reads, after it has been perfected by amendment, 'The Utilities and Transportation Commission is authorized to make such rules and regulations as necessary to implement the provisions of this act.'"

Senator Lewis (Harry): "We already have a Pilotage Commission which has established rules and regulations for pilotage and so forth in this area, but as I see it, would you comment on the potential for court cases; are we granting to Utilities and Transportation the right to establish rates for tugboats in pushing or shepherding tankers into Puget Sound?"

Senator Walgren: "I hope that we will eventually do that after we have adopted Senator Mardesich's amendment, which I guess is now on the desk."

Senator Lewis (Harry): "Perhaps I will delay my questions then until after I see his amendment."

Debate ensued.

POINT OF INQUIRY

Senator Marsh: "Would Senator Mardesich yield to a question? Senator Mardesich, it appears that you are splitting the authority for setting rates, depending on whether we are talking about twenty thousand gross tons and under or over. What justification is there for splitting the rate setting authority between two different bodies?"

Senator Mardesich: "I really have no great problem with that. I suspect that with respect to those vessels under twenty thousand tons, they have a fee schedule that seems to be reasonable, but it appears to me that in anticipation of these larger vessels these changes were made in the law some time ago and are there now, and I think that even though it is a question of the commission having two owners or operators as well as two
pilots on the commission, there appears to have been too much pressure involved somewhere along the line, and with respect to that problem I simply would solve it by transferring that portion over twenty thousand ton requirement to UTC. I would have no objection even to transferring all such authority to them, although as I say, the fees seem to be reasonable with respect to those under twenty thousand and I have no great problem with them. It is simply a review mechanism for those fees — not a review, it is an absolute change for those fees over that, would be around that three hundred dollar level."

POINT OF INQUIRY

Senator Talley: "Would Senator Mardesich yield? Senator Mardesich, I am not sure that you can do this. All these pilotage fees, rates, and everything are filed and I think they come under the Coast Guard supervision. I have seen books at home that tells you how much it takes to bring a ship into Copenhagen and everything like that. These rates are filed worldwide and I do not think we in this state legislature can affect the rates of pilotage by state law when it is under Coast Guard jurisdiction."

Senator Mardesich: "Responding momentarily at least to the question of Senator Talley, the rates are now set by state law. We have a statute which sets up the Puget Sound Pilotage Commission and those rates are set by the commission. They are under WAC 296-116-300 and it sets pilotage rates for Puget Sound and adjacent inland waters and it gives an effective date July 1, 1973, and then it sets up this schedule of rates and that is done pursuant to Washington statute, I forget the exact RCW, but it would be in the 88.16 class. It is Chapter 88.16 under the Pilotage Act. Now I do not know that you should eliminate all of the Pilotage Act. That is why I did make the distinction. If Senator Lewis wants to draw the other amendment I have no objection."

Senator Lewis (Harry) moved adoption of the following amendment to the amendment by Senator Mardesich:

Amend the Mardesich Amendment to page 2, line 8, as follows: After "tonnage" in line 2 of the amendment strike "in excess of twenty thousand gross tons".

Senator Mardesich suggested that after "tons" on the third line of the amendment and before "shall" insert "pursuant to such schedule"

MOTION

On motion of Senator Mardesich, further consideration of the two amendments by Senator Mardesich was set aside temporarily.

Senator Mardesich moved adoption of the following amendment:

On page 1, line 27 of the engrossed and printed bills, after "employ" strike "Washington state" and after "licensed pilots" insert "holding a first class United States government license to pilot on Puget Sound and adjacent waters".

POINT OF INQUIRY

Senator Talley: "Would Senator Mardesich yield? Senator Mardesich, I think you are absolutely right in what you are saying. There are lots of American skippers that hold a right to pilot, but on these tankers like this I think if a company — we would be derelict in our duty here if we allowed them to put their own skippers aboard piloting, and I think our own pilots would be much more responsible because the skipper on that ship is going to bring it in if he can to save that company as much money as possible and that is his order, to move that ship, and I think we would be much safer under our own pilots."

Senator Mardesich: "Mr. President, in response to that remark I might point out that no matter what the company tells the skipper, and he has to be qualified by test for Puget Sound and adjacent waters to handle that vessel in these water, and his personal license is at stake in the event he displays poor judgment and has an accident. I know I have had dealings with a lot of skippers and they simply do not do that type of thing. If they feel that they are being required to do something that is unreasonable they say 'No, you do it yourself or get someone else to handle it,' because their whole life's training and their license is at stake if they do not use reasonable exercise of good judgment."
Senator Talley: "In response, I do not think there is any question of that. The skipper is responsible but he is still going to lean and he would take normal precautions but he is going to move that ship if he can because that is his business. Then if he does not move that ship to suit the company, they will get a skipper aboard that will."
Debate ensued.

MOTION

The President called the Senate to order at 2:30 p.m.

MOTION

CONFIRMATION OF GUBERNATORIAL APPOINTMENT

MOTION

On motion of Senator Beck, the appointment of Virginia Gregson as a member of the Public Disclosure Commission was confirmed.
PERSONAL PRIVILEGE

Senator Beck: "Mr. President and ladies and gentlemen of the Senate, I urge you to concur with the appointment of Mrs. Virginia Gregson. In speaking for this, I would like to take just a moment here and maybe insert this as a point of personal privilege and I hope that it will be recorded in the Journal also. I have here in my hand a copy of this morning's Seattle PI and it is written under the dateline of Shelby Scates and Mike Layton and I am very, very sorry that those two people are not in this Senate to hear what I have got to say. Yesterday, over in the House they had Initiative 276 and someone offered an amendment over there on the floor of the House that newspaper reporters and commentators should be brought under the provisions of 276, and if I had to vote for it right now I am inclined to think I would vote for such a thing because I am quoted in this morning's paper here as saying: 'Meanwhile the matter gets raked around a bit behind closed doors of the Senate Democratic caucus where Senator C. W. Beck said Mrs. Gregson was not a Democrat because she supported McGovern for the president.'

"I would like to say to this entire body here that I have always supported, since this bill came out of the committee; we found nothing whatsoever to indicate that this lady was not fully qualified and would not be a good addition to the Public Disclosure Commission; and at this time I would like to censure those two newspaper reporters for writing such trash as this in the press. I have always been one of the staunchest supporters of Mrs. Virginia Gregson. She has been a very fine lady and I do hope that you will not let stuff like this, trash like this that comes out of the Seattle PI, influence you on your vote for this because this woman here is a very capable woman and I urge you all to support her."

REMARKS BY SENATOR BAILEY

Senator Bailey: "I know the press got up and left because they cannot tolerate our political bad breath, I guess, but I would like to say this, that the Democratic caucus at no time ever discussed Mrs. Gregson with the viewpoint of a ruling that was supposed to have been made about wine in the Senate dining room or anything of that sort and that is a pure fabrication, an outright lie, and if these people cannot get more creditable sources for their information they should try another Senator. I just want to let you know that we have no trouble with Mrs. Gregson and we are very happy to support her here today and we are not doing this on account of the Sunday PI; we are doing it in spite of the PI and their false report."

APPOINTMENT OF VIRGINIA GREGSON

The Secretary called the roll. The appointment was confirmed by the Senate by the following vote: Yeas, 34; absent or not voting, 14; excused, 1.

Absent or not voting: Senators Benitz, Clarke, Cunningham, Donohue, Guess, Henry, Lewis (Harry), Lewis (R. H. "Bob"), Mardesich, Morrison, Murray, Newschwander, North, Wanamaker—14.

On motion of Senator Washington, the following amendments were adopted:

On page 1, line 20, after “cooperation” strike all of the line 20 and 21 and insert “amongst the office of archaeological and historic preservation, the Washington archaeological research center and other agencies of the state.”

On motion of Senator Washington, the following amendment to the title was adopted:

MOTIONS

On motion of Senator Washington, the rules were suspended, Engrossed Substitute Senate Bill No. 2526 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.
POINT OF INQUIRY

Senator Rasmussen: “Would Senator Washington yield to a question? Senator Washington, will a private owner be permitted to dig on his own property now?”
Senator Washington: “Oh yes.”
Senator Rasmussen: “Are you sure?”
Senator Washington: “Yes, I am sure.”
Senator Rasmussen: “That is good.”
Senator Washington: “I think it is good too.”
Senator Rasmussen: “It would appear to me by this bill that you are proposing that a private owner would have to go in and get a permit before he could dig arrowheads on his own property.”
Senator Washington: “No, it does not provide that. It provides that if anyone wants to dig on that private owner’s land, they have to get the permission from the private owner before they can dig on it.”
Senator Rasmussen: “What would this do to a young lad, Boy Scout or Girl Scout out on a camping trip who picked up Indian arrowheads on some other person’s property?”
Senator Washington: “It does not provide in any way for picking from the surface. It only applies to digging and excavating.”
Senator Rasmussen: “How deep do you call digging? If you scrape with your toe, is that digging?”
Senator Washington: “You would have to actually excavate. I think if you really had a wonderful long toenail and can really excavate, it probably would be excavating but otherwise not, Senator.”
Senator Rasmussen: “If some lad scratched the surface, that is excavating?”
Senator Washington: “He would have to do a lot of excavating, Senator, in order to make it.”
Senator Rasmussen: “I would suggest you all take a good look at that because you will probably all end up in jail.”

POINT OF INQUIRY

Senator Odegaard: “Will Senator Washington yield? Senator Washington, who is to police this so that the act is actually followed?”
Senator Washington: “Actually, I would feel that there is not going to be as much policing as I would like, although it does make it a misdemeanor. Probably people who are interested, landowners, would make objections if they found people excavating on their own land without a permit. Archaeological groups that went onto land and found people violating the law would probably report it, and on state lands undoubtedly your agents of the Department of Public Lands would make reports. It is like anything else. The final problem would rest with the courts and law enforcing agencies.”
Senator Odegaard: “Is the permit to be gotten through the Department of Natural Resources?”
Senator Washington: “It depends upon who owns the land. A permit to dig on Natural Resources land would be with the Department of Natural Resources. If it were Game land it would be from the Department of Game, Park land by the Parks Department, Highway land, from the Highway Department.”
Senator Odegaard: “Is there any cost impact to this bill, Senator Washington?”
Senator Washington: “Very little.”

POINT OF INQUIRY

Senator Day: “Would Senator Washington yield? We have given away the beachfront property as it belonged to people at one time to the state, I guess, or one of its divisions. What if I come along and want to dig on that property? Who do I get the permit from and can the private owner who used to own it, or thought he owned it, stop me?”
Senator Washington: “On the beach property I am just not going to be able to give you an answer on that, but if it is under the control of the state I think the safe thing to
FIFTY-FOURTH DAY, MAY 6, 1975

Senator Day: "But the private owner who thought he owned it when he bought it cannot stop me from digging there?"

Senator Washington: "I would say he would have the same problem digging on that particular area as he would if he wanted to perhaps build on that particular area."

Senator Woody: "I was not going to ask a question. I was going to comment to Senator Rasmussen when the question was raised as to whether or not digging was required. In section 6 on page 3, it says 'on the private and public lands of this state it shall be unlawful for any person to,' and then there is a variety of things including altering or damaging. You go down to line 16 and it says 'or to remove from any such land, site or,' and then go down to line 20 and it says 'arrowheads,' so you do not need to scratch the surface. If that Boy Scout or Girl Scout was on public or private lands not owned by that Boy or Girl Scout, does not need to dig in, just has to remove from such land arrowheads and that person has committed a misdemeanor."

Senator Washington: "I believe that is tied in, however, with the excavating and when you excavate and then remove, that becomes the gist of the offense."

POINT OF INQUIRY

Senator Lewis (Harry): "Will Senator Washington yield? Senator Washington, this may be a little ridiculous but could you comment on what would happen if you are down in Copalis excavating for clams and dug up some arrowheads?"

Senator Washington: "It indicates that you have to be wilfully attempting to excavate for artifacts."

ROLL CALL

The Secretary called the roll on the final passage of Engrossed Substitute Senate Bill No. 2526, and the bill passed the Senate by the following vote: Yeas, 35; nays, 10; excused, 4.

MAJORITY recommendation: Do pass with the following amendment:
On line 11, following "the" strike all the material down through line 13.
Signed by: Senator Sandison, Chairman; Benitz, Donohue, Goltz, Odegard, Scott.
The bill was read the second time by sections.
Senator Sandison moved adoption of the committee amendment.
Debate ensued.

POINT OF INQUIRY

Senator Odegaard: "Would Senator Bottiger yield? Senator Bottiger, it says on lines 11 and 12, 'or disciplining of a student or applicant for admission as a student.' Could you tell us what you mean by disciplining of a student in higher education?"

Senator Bottiger: "I think if you had the, say, problem of a student cheating on an examination and the student obviously has a right to be there, but to hold an open meeting type hearing on questions of disciplining a student for improper conduct, I do not think that the school or the institution should be compelled to have an open meeting type trial. You are going to get into personalities. You will receive the testimony or at least the evidence from those that observed the conduct. The student, by passing the meeting, I think puts an adverse effect on the institutions."

The motion by Senator Sandison failed and the committee amendment was not adopted on a rising vote.

On motion of Senator Bottiger, the rules were suspended, Senate Bill No 2882 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

THOSE WHO HAVE STRUGGLED SO HARD TO DO THE BEST BY EVERYONE ARE FEELING SOME SENSE OF DEFEAT AND FRUSTRATION BECAUSE MORE COULD NOT BE ACCOMPLISHED. ENGROSSED HOUSE BILL NO. 141, revising laws relating to theft of livestock and adding civil penalty (reported by Committee on Agriculture):

On page 2, line 12 of the engrossed bill, being the last line of the House amendment to page 2, line 9, after "own use" and before "or kills" insert ", injures,"

On page 2, line 20 of the engrossed bill, being the last line of the House amendment to page 2, line 16, after "herein provided." strike the remainder of the section and add a new paragraph as follows:

Senator Jolly: "Injures, yes."

Senator Woody: "And would that mean that if an animal got out of a fenced area because the fence was in a deteriorated condition and got on a public highway and was hit by an automobile, which under current law where there is no open range law applicable, the owner of the animal would be liable to the automobile owner for the damages done. Now would this change that?"

Debate ensued.

POINT OF INQUIRY

Senator Talley: "Will Senator Cunningham yield to a question? Senator Cunningham, I was very impressed with your remarks and I think you were well researched and very factual. Would you consider an amendment to the bill that says that no supertankers will be allowed to enter Puget Sound for a period of at least thirty-six months?"

Senator Cunningham: "You are saying thirty-six months and you are saying a supertanker meaning over sixty thousand?"

Senator Talley: "Yes."

Senator Cunningham: "I am not sure that we cannot have an answer sooner than that, Senator, but that is fine."
Senator Talley: "We can come back and change it but that would give us a period of grace so we could study this thing thoroughly."

Senator Cunningham: "That is right."

On motion of Senator Wilson, the following amendment by Senator Wilson to the amendment by Senator Cunningham was adopted:

In section 3 of the Cunningham amendment, line 4 of the second paragraph, after "waters" strike "except when in ballast."

POINT OF INQUIRY

Senator Pullen: "Would Senator Cunningham yield to a question? Senator Cunningham, your amendment would prohibit certain oil tankers over sixty-two thousand dead weight tons from proceeding beyond a certain point in Puget Sound. Would this prohibition apply to refined petroleum products as well as to crude oil?"

Senator Cunningham: "It is my understanding, just had this brought up, that basically it would, yes."

Senator Pullen: "Would the prohibition also apply to liquified natural gas?"

Senator Cunningham: "I do not believe so."

Further debate ensued.

POINT OF INQUIRY

Senator Mardesich: "Would Senator Cunningham yield to a question? Senator Cunningham, how many ships are there available to these companies now, either under ownership or charter, which are in the twenty thousand to sixty-two thousand ton class, having a shaft horsepower in a ratio of one to one and one-half of a dead weight tons, twin screw, double bottoms?"

Senator Cunningham: "Thank you, Senator Mardesich. I am glad you asked that question. As of the last figures that I have, do you want them only in the Western Hemisphere?"

Senator Mardesich: "My question was, how many are there in the ownership of the companies who will be transporting oil from Alaska and/or under charter to those companies?"

Senator Cunningham: "I am sorry, I cannot give you the ownership by company. That is often difficult to find because the flags convenience registration. Out of the fleet there is about one hundred and eighty."

Senator Mardesich: "World wide?"

Senator Cunningham: "Yes. Three thousand four hundred, yes. They are slowly getting the message."

Further debate ensued.

SECOND READING

HOUSE BILL NO. 130, by Representatives Bagnariol and Shinpoch: Changing procedure for certifying small claims judgments.
The bill was read the second time by sections.
On motion of Senator Woody, the rules were suspended, House Bill No. 130 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

**POINT OF INQUIRY**

Senator Rasmussen: "Will Senator Woody yield to a question? Senator Woody, as I understand it now, you go to small claims, you get a judgment and now if it is not paid within twenty days it automatically goes to the district court?"

Senator Woody: "Not under current law, no."

Senator Rasmussen: "No, under your proposal here?"

Senator Woody: "It is not automatic. Only if the prevailing party so notifies the court. The reason for that is, it may well be the losing party goes up to his house and says, 'Look you have a judgment against me. Here is the money.' And you would not want it to be automatic after the twenty days because in the interim the prevailing party may have been paid."

Senator Rasmussen: "The part that bothered me though, you said when it is transferred over to district court and then it is subject to execution which means the sheriff can file on it and sell out the property or whatever it is that the judgment is against."

Senator Woody: "That is correct. That is the same as if they had sued originally in district court, not in the small claims division of district court, but in regular district court."

Senator Rasmussen: "I do not think that was the original purpose of the small claims court. The intent is that you have the ability to collect, yes, but not to have an execution by the sheriff and hold a sheriff's sale."

Senator Woody: "That is the only way you can collect, excepting by just calling the person up on the telephone and saying, 'Would you please pay me now that I have a judgment?' The only other way is execution under the execution statute."

Senator Rasmussen: "I have read newspaper articles where some of these widows were sold out of their house and home and they never even knew what was going on, and I think that this is a step in that direction."

Senator Woody: "That could not occur here because they would first have to be sued. To be sued you have to be served and then they go to court, tell their side, the judge listens to both of them, and they either win or lose based upon the evidence. Another thing, Senator Rasmussen, under current law, if the prevailing party gets a judgment then they merely go up to not twenty days but the very next day, they can go up to the clerk of the small claims court and pay, I think it is a two dollar fee, to have that transcript of judgment from small claims filed in regular district court and then they can have the sheriff execute upon it under current law."

Senator Rasmussen: "That is my question, why do you need this change in the law then?"

Senator Woody: "It avoids two dollars which is a court cost that would be assessed against the defendant in any event and it is in the same court, district court."

Senator Rasmussen: "I think it is preferable the old way. Thank you, Senator Woody."

Senator Woody: "You may ask your son about it."

**ROLL CALL**

The Secretary called the roll on the final passage of House Bill No. 130, and the bill passed the Senate by the following vote: Yeas, 45; nays, 1; absent or note voting, 1; excused, 2.

Absent or not voting: Senator Talley—1.
Excused: Senators Donohue, Stortini—2.

HOUSE BILL NO. 130, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

MOTION

On motion of Senator Mardesich, the Senate commenced consideration of Senate Bill No. 2715.

SECOND READING

SENATE BILL NO. 2715, by Senators Gould and Stortini:
Relating to school district budgets.

MOTIONS

On motion of Senator Gould, Substitute Senate Bill No. 2715 was substituted for Senate Bill No. 2715 and the substitute bill was placed on second reading and read the second time in full.

Senator Odegaard moved adoption of the following amendment:

On page 1, line 14, strike "effective date of" and insert "date"

POINT OF INQUIRY

Senator Clarke: "Will Senator Odegaard yield? Senator, I am in accord with what you are doing but I am a little concerned about the very broad language where you say 'until thirty days after the date of any state biennial budget.' Now of course you have a binnial budget every two years and you have your school budget every year, and I think you are leaving everything up in the air with respect to the years other than the biennial budget date. Have you given that any consideration?"

Senator Odegaard: "Yes, we have, Senator Clarke, and it is my understanding that by the wording here that it would only affect the biennial budget which is every two years, and so if there was a supplemental budget passed at another time that this particular wording would have no effect on that, so that, let us say next year then, the preliminary budget for the school districts would have to be passed by the local school boards by May 10, which I believe is the date; but the other year where we pass the biennial budget would be thirty days after the legislature has passed our biennial budget."

Senator Clarke: "It is probably inferred that you mean the biennial budget in the same year in which you are voting the school budget but you do not say that. You say 'any biennial budget.'"

POINT OF INQUIRY

Senator Gould: "Would Senator Clarke yield? I would like to suggest that this was written with the proviso that it would only be for the odd numbered years that biennial budgets are adopted. If you would suggest wording that would clarify what you are trying to do, I would be very willing to put it into the bill."

Senator Clarke: "Senator, it is rather difficult at this time to suggest such wording. It just occurred to me that there is a possible ambiguity there and I wanted to clarify it as to what the legislative intent was."

Senator Gould: "Okay."

The motion by Senator Odegaard carried and the amendment was adopted.

On motion of Senator Odegaard, the following amendment was adopted:

On page 1, line 15, after "schools" and before the period insert "has been passed by the legislature".

On motion of Senator Gould, the following amendments were adopted:

On page 1, line 15, following the Odegaard amendment to line 15, insert ": PROVIDED FURTHER, That the preparation of the preliminary budget shall be completed no later than the thirtieth day of June in each year".
On page 1, after line 19, add the following:

"NEW SECTION. Sec. 2. This act is necessary for the immediate preservation of the public peace, health, and safety, the support of the state government and its existing public institutions, and shall take effect immediately."

Senator Guess moved adoption of the following amendment:

On page 1, line 12, after "budget" insert "in odd-numbered years".

Debate ensued.

POINT OF INQUIRY

Senator Bottiger: "Mr. President and members of the Senate, I think the questions of annual sessions of the legislature are pretty well fixed and the possibility of supplemental budgets coming up and when, I really cannot see any reason for an odd number of years. Is there any advantage of an earlier preliminary budget in those years?"

Senator Guess: "Senator Bottiger, I think that the reason for the earlier budget is so that they can do better planning and certainly the teachers did not like the idea of pushing this back any further. They want to know as early as possible when they are going to be able to get their contracts, and so the earlier we can give them the contract, the better, and I do not see any reason for putting it off in the even numbered years."

Senator Odegaard: "Mr. President and members of the Senate, Senator Guess actually, I think, came up with the solution to the problem Senator Clarke brought out and I think it will clear up the matter so we will not have to just refer to the Journal."

The motion by Senator Guess carried and the amendment was adopted.

On motion of Senator Gould, the following amendment to the title was adopted:

On line 4 of the title, after "28A.65.010" insert "; and declaring an emergency."

On motion of Senator Gould, the rules were suspended, Engrossed Substitute Senate Bill No. 2715 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

President Pro Tempore Henry assumed the Chair.

SECOND READING

Amending the laws providing for licensing of snowmobiles and providing for the distribution of such fees.

REPORT OF STANDING COMMITTEE

April 23, 1975.

SENATE BILL NO. 2386, amending the laws providing for licensing of snowmobiles and providing for the distribution of such fees (reported by Committee on Transportation and Utilities):

MAJORITY recommendation: Do pass with the following amendments:

On page 2, beginning on line 18 strike all of the material down to and including the period on line 21.

On page 4, beginning on line 7 strike all of the material down to and including "twenty percent thereof;" on line 9 and insert "in equal amounts to the commission, the department of natural resources, and the department of game,"

On page 4, beginning on line 35 strike the remainder of the section and insert:

"Each snowmobile dealer registered pursuant to the provision of RCW 46.10.050 shall register the snowmobile, or in the event the snowmobile is currently registered, transfer the registration to the new owner prior to delivering the snowmobile to that new owner subsequent to the sale thereof by the dealer. Applications for registration and transfer of registration of snowmobiles shall be made to agents of the department authorized as such in accordance with RCW 46.01.140 and 46.01.150 as now or hereafter amended."

On page 5, beginning on line 20 strike all of section 6 and renumber the remaining sections accordingly.
On page 5, line 28 after "commission" and before "thousand" strike "fifty" and insert "forty"
On page 6, line 1 after "recreation" and before "prior" strike "committee" and insert "committees of the house and senate, and the house and senate transportation and utilities committees"
Signed by: Senators Walgren, Chairman; Bentiz, Bluechel, Bottiger, Guess, Knoblauch, Lewis (R. H. "Bob"), Morrison, Wanamaker.
The bill was read the second time by sections.
On motion of Senator Guess, the committee amendment to page 2 was adopted.
Senator Guess moved adoption of the committee amendment to page 4, beginning on line 7.

POINT OF INQUIRY

Senator Lewis (Harry): "Will Senator Guess yield? Senator Guess, does this in any way affect the percentage remitted to the general fund or do all of these funds go to these agencies?"
Senator Guess: "Senator Lewis, they have never gone to the general fund. The funds of the bill have always gone to the development of the facilities for the snowmobile user. The only amount of money that came to general government was to the Department of Motor Vehicles, and we have reduced the percentage which goes to the Department of Motor Vehicles, in accordance with the request of the department and the amount of money they need to administer it."
The motion by Senator Guess carried and the committee amendment to page 4, line 7 was adopted.
Senator Guess moved adoption of the committee amendment to page 4, beginning on line 35.
On motion of Senator Woody, the following amendment to the committee amendment was adopted:
Amend the committee amendment to page 4, line 35 as follows:
On line 4 of the text of the amendment, after "currently registered," insert "apply for the" and after "transfer" insert "of".
The motion by Senator Guess carried and the committee amendment, as amended, was adopted.
Senator Guess moved adoption of the committee amendment to page 5, beginning on line 20.

POINT OF INQUIRY

Senator Francis: "Will Senator Guess yield? Senator Guess, looking at this, it looks like by striking section 6 we are going to treat snowmobilers—of course, I am just the opposite of you, as you know. I think each person ought to be able to make up their own mind about what risks they are going to take, but what is the justification for saying to snowmobile operators they do not have to wear a helmet when we have continued to say that it is a crime for motorcycle riders to ride a motorcycle without wearing a helmet? What is the difference?"
Senator Guess: "Senator Francis, the statistics do not exist in the field of snowmobiles that existed at the time we adopted the mandatory helmet law for motorcycles, and I am not convinced one way or the other, but if you have any strong feelings on it, it is up to you."
President Pro Tempore Henry: "I think the answer to the question is that snow is softer than concrete."
The motion by Senator Guess carried and the committee amendment to page 5, beginning on line 20 was adopted.
On motion of Senator Guess, the remaining committee amendments were adopted.
On motion of Senator Guess, the rules were suspended, Engrossed Senate Bill No. 2386 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.
Debate ensued.
MOTION
On motion of Senator Lewis (R. H. "Bob"), Senator Buffington was excused.

POINT OF INQUIRY
Senator Wilson: "Will Senator Guess yield? Senator Guess, as far as I can tell, most of what this bill does is shift money around and also authorize this pilot project."
Senator Guess: "Yes, sir."
Senator Wilson: "My question is, what direct affect, if any, does this bill have on (a) the snowmobile owner in Washington State and, (b) the snowmobile dealer in Washington State?"
Senator Guess: "I will answer the first one. The snowmobile dealer will now be required to apply for the registration of the vehicle at the time that he sells it. The hope here is that we will be able to register approximately between ten and fifteen thousand more vehicles, snowmobiles, than we have registered. When we started this thing off we did not know how many there were in the state. There was no way of getting a handle on them, and if it is left up to the voluntary registration, it is proven that we have not registered them all and this will hopefully do that. The net result on the user of the vehicles will be that there will be more money because more of them will register, and those people who work quite constantly and who are very devoted snowmobile dealers want to improve the conditions under which they operate, and it was the clubs themselves who suggested the legislation."

POINT OF INQUIRY
Senator Odegaard: "Would Senator Guess yield? Senator Guess, is it true that this bill would require a person to register a snowmobile even if it were to be used just on private property?"
Senator Guess: "Yes, sir, because we have found out that very few people will use the snowmobile on his private property at all times. There is too much of a temptation to get off the land, and so we thought that universal registration was far better than the registration as it was in the old bill."

POINT OF INQUIRY
Senator Sellar: "Will Senator Guess yield to a question? Senator, under this bill, is the section still there where if a person was purchasing a new snowmobile and intended to use it only on his own property, that he would still have to license it?"
Senator Guess: "He still does have to register it."
Senator Sellar: "He has to buy the license even though he is going to use it on his own property?"
Senator Guess: "Yes, sir. As I just explained to Senator Odegaard, we found that people pretty quick get used to their own land; they want to go out to whiter pastures, if you will, and therefore they take them out of the back yard and run them on somebody else's land."
Senator Sellar: "Senator Guess, the only thing I can say is, where I come from the back yards are pretty big."

ROLL CALL
The Secretary called the roll on the final passage of Engrossed Senate Bill No. 2386, and the bill passed the Senate by the following vote: Yeas, 28; nays, 17; absent or not voting, 1; excused, 3.
Absent or not voting: Senator Grant—1.
Excused: Senators Buffington, Donohue, Stortini—3.
ENGROSSED SENATE BILL NO. 2386, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

MOTION

MOTION
On motion of Senator Mardesich, the Senate resumed consideration of Engrossed Substitute House Bill No. 308.

SECOND READING
ENGROSSED SUBSTITUTE HOUSE BILL NO. 308, by Committee on Social and Health Services (originally sponsored by Representatives Parker, Newhouse, Fischer, Paris, Adams, Tilly, Fortson, Eng, Pardini, Cochrane, Conner, Bagnariol, Chatalas, May and Gallagher):
  Prescribing educational and professional requirements for the profession of optometry.
  The Senate resumed consideration of Engrossed Substitute House Bill No. 308, as amended by the Senate, an amendment moved for adoption by Senator Day on May 7, 1975. At that time, an amendment to the amendment by Senator McDermott was adopted.
  There being no objection, the amendment by Senator Day, as amended by Senator McDermott, was withdrawn.
  Senator Day moved adoption of the following amendment:
  On page 2, line 21, after "general" insert "and shall not include the use of drugs or anesthetics applied to the eye for the purpose of treatment of any condition thereof, nor for the purpose of performing any surgery thereon, except, however, the topical application of drugs or anesthetics to the eye for the sole purpose of detecting any diseased or
pathological condition of the eye: PROVIDED, That a licensee shall use drugs or anesthetics in the practice of optometry only after the successful completion of a course or courses, approved by the optometry board, and provided by the University of Washington medical school.

POINT OF ORDER

Senator McDermott: "I would like to raise the question of scope and object on this amendment. I think it expands the basic intent of the bill. I would like your ruling on that."

Debate ensued.

RULING BY THE PRESIDENT

The President: "The President shares the concern as so ably expressed by Senator McDermott, Senator Francis, Senator Sellar, and Senator Bailey, but in ruling upon the point of order as raised by Senator McDermott, the President finds that Substitute House Bill No. 308 is a measure pertaining to the practice of optometry. The bill, among other things, defines optometry to include the examination of the eyes. The proposed amendment clarifies that drugs and anesthetics may be used in connection with examination and specifically states that drugs may not be used for treatment and also provides for a method of authoritative approval subject to educational and training requirements. In other words, the state board must pass upon this eventually. The amendment, therefore, does not enlarge the scope and object of the bill and the point is not well taken."

Senator Day demanded a roll call and the demand was sustained by Senators Sellar, Talley, Bottiger, von Reichbauer, Buffington, Cunningham, Van Hollebeke, Sandison and Keefe.

POINT OF INQUIRY

Senator Sellar: "Senator McDermott, could you describe to me some of the hazards of using topical medication in the eye?"

Senator McDermott: "Yes, I never thought I would be getting up in the Senate to give a lecture in the diseases of the eye, but I think it is important to understand what is happening in this issue. The problem that the optometrist and the ophthalmologist is faced with is the diagnosis of the disease that is called glaucoma. Glaucoma is a disease where there is increased pressure inside the eyeball to the point where ultimately there is so much pressure on the optic nerve that somebody goes blind. Now that is the problem. You are trying to prevent blindness. There are several ways to detect glaucoma. The first is, and this is the way that presently is allowed under the law for both optometrists and ophthalmologists, the instrument is called a puff tenometer. What it does, it shoots a little puff of air against the eyeball and indents the eyeball. The instrument measures how much the eyeball indents and says that there is so much pressure on the optic nerve that somebody goes blind. Now is the problem. You are trying to prevent blindness. There are several ways to detect glaucoma. The first is, and this is the way that presently is allowed under the law for both optometrists and ophthalmologists, the instrument is called a puff tenometer. What it does, it shoots a little puff of air against the eyeball and indents the eyeball. The instrument measures how much the eyeball indents and says that there is so much pressure on the eye and if it is above a certain point it is a danger point, and medication is prescribed to stop glaucoma.

"Now what this amendment is intended to do is to give the optometrist an additional ability which he does not now have, that is, there is a second kind of tenometer which is rested on the eyeball. First of all, you put a drop of topical anesthetic in the eye so that you do not feel it. If you put something on the eyeball it is intensely painful. You put the anesthetic on it; then you can set this little instrument right on the cornea, the part that you look through. There is always the danger that the patient will move, that the patient will jump or whatever, become startled, and in so doing, in placing it on the eye you can easily scratch the front of the eye, the cornea, which is the part that you look through. Now it is an ever present danger. Corneal scratches happen all the time and the average ophthalmologist, it is standard practice at this point, to put one drop of an antibiotic ointment in the eye. This bill would not allow you to do this. This says there will be no treatment, so if the optometrist accidentally, and even the best ophthalmologist or optometrist can scratch an eye, if he does that he would have to send you out and down the street for treatment, to the next county, wherever there was somebody who could prescribe the medication."
"The second problem is that with the introduction of that topical anesthetic you can get anaphylactic reactions. Now that is a big Latin word that means you go into shock. If you go into shock you can die in very short order. The treatment for that is an immediate shot of adrenaline. Now this bill says there will be no treatment, so if the optometrist has put the drop in your eye and you go into shock, well, I guess he calls the county ambulance service or whatever because he cannot give you the treatment.

"There are a number of other things this bill presently would allow. I frankly think that the amendment is a very skillful one, using an old legislative technique. First you reach for the whole thing, then you come to an amendment that takes a little less but it is still unacceptable. The medical school would never approve this kind of dichotomy for the optometrist because you would be putting them in the position of doing one other thing that they presently cannot do and that is dilate the eyes. Now when you put a drop of dilator into the eye, one drop, the choice drug for children is called atropine. Many children, excuse me, not many, it is a fairly rare occurrence but it does occur where there is an instant development of shock. A child has trouble breathing and can die. Secondly, there have been documented cases of convulsions from one drop in the eye of the choice drug which is atropine. Now if you leave the optometrist with the possibility of dilating the eye and then the possibility of not giving the immediately necessary treatment, you allow a child to die in a way that does not make any sense at all.

"Now I think that you have to be recognizing we have already had bills here about malpractice, and what you are doing is putting the optometrist out there very nicely in a terrible position. There will be so many suits out of this kind of bill. It really will not raise the level of practice because no good optometrist would be interested in the slightest in having the ability to diagnose but not treat the results of his diagnosis, and I think every time you use a drug you run this risk. Now there have been lots of court cases on this and they all come out the same way, that once you get into diagnosis you are opening yourself up to the whole thing and if you give part like this, you ultimately put the people in a worse position because the average person walking in off the street will not have had the benefit of the kind of explanation which I have given you here. He will not know what he is getting, and when he has the shock it is too late, and it is for that reason that this amendment should be voted down."

POINT OF INQUIRY

Senator Fleming: "Would Senator McDermott yield to a question? Are you saying that optometrists presently can put drops into the eyes?"

Senator McDermott: "Presently they cannot."

Senator Fleming: "Okay. Do you know for a fact that any of them do it?"

Senator McDermott: "As far as I know they do not except under very limited circumstances in a situation like Group Health. For instance, Group Health hires optometrists and in a situation where there is an emergency room right around the corner and an ophthalmologist across the hall, they are using drops, and in that situation it is a perfectly reasonable thing to do; but what we are talking about here is an independent practitioner practicing any place who does not have that kind of backup immediately available. I think that the situation of somebody inside a HMO is probably at this point somewhat questionable under the law but I think that it is covered or they feel they can get away with it because they have immediate instant emergency service."

Senator Fleming: "Two further questions. Secondly, are some of the optometrists endowed with the training and so forth that some of the ophthalmologists have had to be able to do these kinds of things?"

Senator McDermott: "Do I understand, are ophthalmologists involved in the training of optometrists?"

Senator Fleming: "No, no, are some of the optometrists that you know now presently practicing, have they had the same kind of training in the area that covers the eye dropping as some of the ophthalmologists?"

Senator McDermott: "I am not aware of any optometrists who have also gone to medical school and had ophthalmology."
Senator Fleming: "No, but I meant the part about working with the eyes and the drops. I recognize that the ophthalmologist is an M.D. and he goes through X number of years of schooling and then he takes maybe a year's school or something on the eyes, where the optometrist has taken his four years schooling on the eyes, but in the area where you are talking about examining the eyes and the drops in the eyes, I think there are probably specific courses that the ophthalmologist has taken to be qualified, other than an M.D. to do that area of examination."

Senator McDermott: "I understand that there are some pharmacological courses for optometrists and the problem with that is that simply learning about drugs is not enough. For instance, if a child starts to have an anaphylactic shock, the first thing you would do is take the pulse and you would listen to the heart and unless you have been trained in those things, merely knowing what the drug might be would not be enough. You would need to be able to make a whole body diagnosis so that you would know which drug to use. That is the major problem."

Senator Fleming: "I guess my last question would also parallel that one. If you take a dentist and he or she is shooting Novocain into the jaw or mouth of a patient and so forth and there is certain kinds of reactions to Novocain or whatever that would come about and that dentist is out there in the boonies just like anyone else, and the treatment for the reaction of that Novocain and so forth, would that not be almost the same type situation with the optometrist, that that dentist could not make those kinds of treatment? He would have to send that individual to an M.D."

Senator McDermott: "I am not sure exactly how Senator Newschwander handles this problem, but it would be my opinion that a good dentist would have immediately available in his office a syringe and also would have an ampule of adrenaline immediately available to treat such a situation, and he is licensed under the law to do so, so I think that it is not an analogous situation."

Senator Fleming: "Are you saying that there are not those situations that would come about as a result of the injection of some kind of drug or so forth that a dentist would use, whether it is Novocain or whatever it is into a person, and certain reactions would come from that. That dentist would not be capable, would not be in a position to treat the reactions from that drug?"

Senator McDermott: "The dentist has had an entirely different kind of training, with the whole body study with an emphasis on the mouth, and he is judged competent to handle that because of his training; and I do not think you can really call it an analogous situation because of the nature of the training and the use of drugs. He spends a major part of his time in dental school learning about drugs and their uses and their side reactions. That is the thing that is the problem."

Senator Fleming: "I guess the reason for my last question is, besides dentists, there are probably other areas of treatment that we receive from doctors or physicians or whatever that I felt might have an analysis as to your situation where they are not equipped to deal with the treatment but only the diagnosis."

Senator McDermott: "I would really like to hear Senator Newschwander answer that question. I do not think it is analogous in the least, Senator."

POINT OF INQUIRY

Senator Day: "Would Senator McDermott yield to a question? How many documented cases do you know of a child's death from this type of death?"

Senator McDermott: "I talked to three ophthalmologists last night on this, combined total practice experience of about thirty-five years between the three of them. In that group there was not a death that I know of. There were seven convulsions — I polled them — they had had twelve anaphylactic shocks in their office. Now it is not a frequent occurrence but if you are the one who dies, it is one hundred percent, and what we are talking about is opening up the possibility to more people doing it in unprotected situations. The fact that it is handled and caught early, the fact that it does not go on to a convulsion or on to anaphylactic shock and death is only because they have immediately available the treatment."
FIFTY-SIXTH DAY, MAY 8, 1975

Senator Day: "It could also be that maybe they should take this course again too that we are suggesting in the amendment. I have another question, Senator. How many states now authorize the use of topical drugs for examination only in optometry?"

Senator McDermott: "I do not know that."

Senator Day: "I do know that, and in the last few years seven states have given optometrists with special training, and that is what we are asking for, the right to do a thorough examination and that is what this whole thing is about."

Debate ensued.

POINT OF INQUIRY

Senator Lewis (R. H. "Bob"): "Mr. President, as a layman I have to look to some experts that have not been heard from to my knowledge, and if they have I have overlooked it. If I understand correctly, the six hour training course is to be administered by the University of Washington Medical School. Is that correct? Have the University of Washington Medical School prescribed any requirements for those who take this course? In other words, do they have to be M.D.'s or can they be optometrists to take this six hour course? Is there any requirement to take the course?"

Senator Day: "The way the amendment is written, it says, 'Approved by the optometry board and provided by the University of Washington Medical School.' Now certainly I would not think that the University of Washington Medical School would prescribe an inadequate course. That is the point. I do not think they would provide a course unless they felt it was an adequate one."

Senator Lewis (R. H. "Bob"): "Are we by this amendment legislating to the University of Washington that they shall provide it to optometrists?"

Senator Day: "No, we are not, but we are saying that they would have to provide it for the statute to be meaningful."

Senator Lewis (R. H. "Bob"): "Has the University of Washington Medical School said or taken a position that this is something that we think the optometrists should have, or have they taken a position that the optometrists should not have this?"

Senator Day: "To my knowledge they have not taken any position on it at all but it is a public institution and I think that the legislature certainly has the right to prescribe requirements for the University, and certainly this is nothing other than a request that they provide the course. Now the thing is that if they provided a course that was not acceptable to the optometric board, why then of course the course could not go on."

Senator Lewis (R. H. "Bob"): "So there is no position by the University of Washington Medical School on this?"

Senator Day: "No."

Senator Lewis (R. H. "Bob"): "I am disappointed that we do not have that kind of information before us."

Further debate ensued.

Senators Peterson, Herr and Day demanded the previous question and the demand was sustained.

The President declared the question before the Senate to be the roll call on the amendment by Senator Day.

ROLL CALL

The Secretary called the roll and the amendment was adopted by the following vote: Yeas, 24; nays, 21; absent or not voting, 3; excused, 1

Absent or not voting: Senators Henry, Odegaard, Rasmussen—3.

Excused: Senator Donohue—1.
POINT OF ORDER

Senator Lewis (Harry): "Mr. President, the roll and the vote has been announced. I recognize the gavel has not fallen but I think in the order of the Senate we would be in a constant can of worms under this condition."

RULING BY THE PRESIDENT

The President: "Senator Lewis, in ruling upon your point of order, the President wishes to point out that traditionally the President announces the final vote."

The motion by Senator Day carried and the amendment was adopted.

MOTION FOR RECONSIDERATION

Having voted on the prevailing side, Senator Bailey moved that the Senate reconsider the vote by which the amendment by Senator Day was adopted.

The motion for reconsideration carried on a rising vote.

Senator Day demanded a Call of the Senate. The Call of the Senate was not sustained on a rising vote.

MOTION

On motion of Senator Mardesich, reconsideration by Senator Bailey of adoption of the amendment by Senator Day was made a special order of business at 12:15 p.m. today.

REPORT OF CONFERENCE COMMITTEE

May 8, 1975.

Mr. President:

Mr. Speaker:

We, of your Conference Committee, to whom was referred ENGROSSED HOUSE BILL NO. 385, increasing the assessment per head on cattle have had the same under consideration, and we recommend that we cannot agree on the following Senate amendment:

On page 1, line 8, after "sale:" and before ". That," insert "PROVIDED, That on July 1, 1977, the assessment of twenty cents per head shall be reduced to ten cents per head, and at that time the director may, following a hearing subject to the Administrative Procedures Act, RCW 34.04, increase the assessment to not more than twenty cents per head: PROVIDED FURTHER"

We, therefore, respectfully request powers of Free Conference for the purpose of submitting the following substitute amendment:

On page 1, line 8, after "sale:" strike "PROVIDED" and insert "PROVIDED, That on July 1, 1977 the assessment of twenty cents per head shall be reduced to ten cents per head, unless the director finds, after a hearing held in accordance with the Administrative Procedures Act, RCW 34.04, which shall be held at least sixty days prior to July 1, 1977, that the assessment should be otherwise, but in no instance may such assessment exceed twenty cents per head: PROVIDED FURTHER".

Signed by: Senators Benitz, Jolly and Wilson; Representatives Amen, Hansen and Kilbury.

MOTION

On motion of Senator Jolly, the report of the Conference Committee was adopted and the committee was granted the powers of Free Conference.

SECOND READING

SENATE BILL NO. 2862, by Senator Sellar:
Deleting local government employees from law setting holidays for state employees.
The bill was read the second time by sections.

Senator Fleming moved adoption of the following amendment by Senators Sellar and Fleming:
On page 1, line 25, after “state” strike “[and its political subdivisions]” and insert “and either the federal or the state legal holiday may be recognized as a paid legal holiday for employees of [its] political subdivisions of the state”

POINT OF INQUIRY

Senator Knoblauch: “Would Senator Fleming yield? Senator Fleming, if I recall, last year the county celebrated May 30 and the state had another holiday. What will your amendment do? Will my county be forced to go along with the different date?”

Senator Fleming: “No, the amendment would not force your county to do anything. I think we did change the law to put the state holidays back to what the federal holidays were with the exception of a bill we failed to pass this year, I think it was dealing with school holidays, that there are some differences. Now there are two holidays, I think it is, one is Veterans’ Day and another that there are differences. What this bill would do, it would not mandate anything. The basis for it is like on ports, at the ports, they have both federal type employees and state type employees working side by side and they are taking different days for holidays. To make a more orderly process, if they want to negotiate that they would like both of those employees taking the same day, whether it was the federal day or the state holiday, so this gives them the authorization. It is an optional type situation.”

POINT OF INQUIRY

Senator Clarke: “Will Senator Fleming yield? Senator, I wonder if you would object if you had an amendment before you in order to make certain what you have just stated. Would you object to an oral amendment between ‘holiday’ and ‘may’ inserting the words ‘but not both’?”

Senator Fleming: “Yes, I have no problem.”

Senator Clarke moved adoption of the following amendment to the amendment by Senators Sellar and Fleming:
Amend the Sellar/Fleming amendment to page 1, line 25 as follows: On line 3 of the amendment after “legal holiday” insert “, but not both,”

Debate ensued.

POINT OF INQUIRY

Senator Francis: “Will Senator Fleming yield? Senator Fleming, now that we have this amendment on here, are we allowing local government to do what I heard so many complaints about in the newspapers, that is, are we allowing local government to create further confusion by having different holidays than Memorial Day being on May 30, for example, and Veterans’ Day being on November 11? Are we allowing the counties to deviate from that and the other local government bodies, by this bill?”

Senator Fleming: “Technically I think that that could be the case. In our testimony, the local government, the part of the law that we are amending, the local government in terms of the cities and counties and so forth expressed no desire to do this. It was mainly the ports that came in asking for this ability because of their unique situation, but technically that could be the case.

Senator Francis: “Thank you.”

Further debate ensued.

POINT OF INQUIRY

Senator Francis: “Will Senator Fleming yield? Senator Fleming, am I misinterpreting the bill or doesn’t it allow all local government to do this?”

Senator Fleming: “You are right. Technically it would allow that. The point I was
making was that local government was not the one that was having conflict with the state holiday, the state versus the federal."

Senator Francis: "Okay. I understand that. Senator Fleming and members of the Senate, what I would suggest then is that we ought to go back to the drawing board with this, that we have got way too broad a bill. If you have got a specific problem for a specific area, why do we open it up so wide that possibly half the cities and half the counties in the state will be observing one holidays and half the other? I think that we have created a problem here with this bill and that it is not narrowly speaking enough to the specific problem that it is trying to solve. I think it may end up creating a lot more problems than it solves."

Senator Fleming: "Mr. President, I think the question is that as you might foresee it, local government units themselves, I do not foresee them going in conflict or contradictory to the state holidays but there might be some isolated situations where there are some contracts involved in some areas and you might want to give that flexibility to certain entities to be able to do that, but I do not see the cities or the counties going contrary to the state holidays."

Further debate ensued.

MOTIONS

Senator Marsh moved that Senate Bill No. 2862 be re-referred to the Committee on Local Government.

Senator Talley moved that Senate Bill No. 2862, together with the pending amendments, be made a special order of business for 2:00 p.m. today.

There being no objection, the motion by Senator Marsh was withdrawn.

The motion by Senator Talley carried and Senate Bill No. 2862, together with the pending amendments, was made a special order of business for 2:00 p.m. today.

MOTION

On motion of Senator Mardesich, the Senate resumed consideration of Engrossed Substitute House Bill No. 308.

SECOND READING

ENGROSSED SUBSTITUTE HOUSE BILL NO. 308, by Committee on Social and Health Services (originally sponsored by Representatives Parker, Newhouse, Fischer, Paris, Adams, Tilly, Fortson, Eng, Pardini, Cochrane, Conner, Bagnariol, Chatalas, May and Gallagher):

Prescribing educational and professional requirements for the profession of optometry.

The Senate resumed consideration of Engrossed Substitute House Bill No. 308 and the reconsideration of the vote by which the following amendment by Senator Day was adopted on Thursday, May 8, 1975:

On page 2, line 21, after "general" insert "and shall not include the use of drugs or anesthetics applied to the eye for the purpose of treatment of any condition thereof, nor for the purpose of performing any surgery thereon, except, however, the topical application of drugs or anesthetics to the eye for the sole purpose of detecting any diseased or pathological condition of the eye: PROVIDED, That a licensee shall use drugs or anesthetics in the practice of optometry only after the successful completion of a course or courses, approved by the optometry board, and provided by the University of Washington medical school."

POINT OF INQUIRY

Senator Talley: "Will Senator Day yield? Have you conferred with the University of Washington Medical School on this?"

Senator Day: "Yes, I have and I have talked to Dean Van Citters about this."

Senator Day moved adoption of the following amendment to the amendment by Senator Day:
Amend the Day amendment to page 2, line 21 as follows: Strike the entire proviso and insert: “Provided, That a licensee shall use drugs or anesthetics in the practice of optometry only after the successful completion of a course or courses provided by the University of Washington Medical School and after receiving authorization from the Optometry Board”.

Debate ensued.

POINT OF INQUIRY

Senator Bailey: “Will Senator Day yield? Senator Day, I am really concerned about this amendment to the amendment to the extent of what kind of a fiscal impact does this have on the School of Medicine. It would seem to me like if we are going to set up a special course that the optometrists ought to be able to pay for it out of their own license fees and that should be provided in there. On top of it, they should be certain it has no fiscal impact in adding another FTE in the Medical School at the University of Washington.”

Senator Day: “Senator, what was your question now?”

Senator Bailey: “I want to know what the fiscal impact is and you cannot tell me there is none because that is unbelievable.”

Senator Day: “I can tell you that there is none and it should be believable and I will tell you why. There have already been two courses run in this at Seattle University at which the head of the Indiana Ophthalmology School Department of their School of Medicine came out and, together with the Department of Pharmacology at the University of Washington, came over and, at the optometrists’ expense, ran this thing and that is the intent of this in answering this, so it will be in the journal, that the optometrists will agree to pay whatever fee is necessary to cover the expenses of such a course and that has always been the intent of it.”

Senator Sellar: “In a partial answer to Senator Bailey’s question, I too have had numerous conversations with the University of Washington Medical School and with the Director of Ophthalmology there. There is a course that is being taught and Senator Day is right. It is available to anyone, an optometrist or a layman, as far as that goes, and it is a course in drug reaction and this type of thing similar to a first aid type of operation and that is good. It is available, but the University assured me that there was no course that they would presently teach that they thought was adequate to fill the terms of this particular amendment. They said, and I agree with Senator McDermott, they naturally said that ‘If you dictate to us that we shall, we shall do it,’ but they affirmed that there was nothing presently available that they felt would be comprehensive enough to give them this authority.”

The motion by Senator Day carried and the amendment to the amendment by Senator Day was adopted.

Senator Woody moved adoption of the following amendment to the amendment by Senator Day:

Amend the Day amendment to page 2, line 21 as follows:

After “Board” on the last line of the Day amendment to the Day amendment, insert “and the director shall issue a certificate of satisfactory completion of the course or courses which shall be affixed to the license of the licensee”.

POINT OF INQUIRY

Senator Rasmussen: “Will Senator Day yield to a question? Senator Day, on page 7, line 13, subsection (9), there is also a prohibition to use drugs in the examination of eyes. Are you going to strike that?”

Senator Day: “I have an amendment to that, Senator, yes.”

Senator Rasmussen: “Okay. My other question was, Senator Woody was wrong on the bill on malpractice. I think the Travelers Insurance Company announced that when their contracts ran out, it was just today, there was going to be an increase of four hundred percent, they indicated, so would this increase, Senator Day, the malpractice insurance costs?”

Senator Day: “I am glad you asked that question, because to date the optometrists
have not had a malpractice case in this state. I understand there is one pending now relative to some break-proof glasses, and they pay thirteen dollars a year premium for their malpractice coverage, so if it went up four hundred percent they would then pay fifty-two dollars a year for their malpractice coverage."

The motion by Senator Woody carried and the amendment to the amendment by Senator Day was adopted.

Senator McDermott moved adoption of the following amendment to the amendment by Senator Day:

At the end of the amendment by Senator Day on page 2, line 21, after "licensee" insert "PROVIDED FURTHER, That any optometrist who undertakes to examine a human eye shall have the duty to exercise the same standard of care which a licensed physician who specializes in the diagnosis and treatment of eye disease (ophthalmologist) would have to his patient in recognizing diseases and defects of the eyes"

Debate ensued.

POINT OF INQUIRY

Senator Bottiger: "Would Senator McDermott yield to a question? Senator McDermott, as I read this amendment, we have proposed to impose on the optometrist not only the standard of care required of any M.D. but also a higher standard of care imposed upon an ophthalmologist. Now as I understand the present law, an M.D. can apply and make these examinations and in fact I can tell you an M.D. has, at least on me, not an ophthalmologist, because of any injury has used the anesthetic and used the test, and are we saying here that it is not just the M.D. standard but even a higher standard of an ophthalmologist?"

Senator McDermott: "Senator Bottiger, in answer to your question, we are because we did not raise the question. The optometrists said, 'We think that we are competent to do what is presently in the purview of the ophthalmologist, and this merely says, 'All right, if you are up to that level then you should stand or fall by that level, not by any special level given to you.' That is the sum and total of it."

Senator Bottiger: "In responding to that question, I think Senator McDermott's amendment—first of all, I think that without the amendment there is a malpractice liability for anybody who undertakes to make a diagnosis, whether he is an M.D., an ophthalmologist, or an optometrist. Senator McDermott's amendment goes even further than that and says that the optometrist now has a higher standard of care than even the M.D. has and I think that that simply goes too far. If he wanted to delete that specialization ophthalmologist and impose the same standard as on a doctor to make the test correctly and diagnose correctly, then I would have no objection to it."

Further debate ensued.

POINT OF INQUIRY

Senator Newschwander: "I wonder if Senator McDermott will yield to a question? Senator McDermott, I happen to have a license in my profession that lets me prescribe certain drugs. I also have a narcotics license for controlled drugs. Is there anything in the optometric license that will allow them to prescribe—he is using the words 'drugs or anesthetics'—is there any way he can obtain controlled drugs or prescriptions or drugs for anesthesia to be used in the eye if this Day amendment is adopted?"

Senator McDermott: "In reviewing that question, Senator Newschwander, there is no legal way for an optometrist to write a prescription to obtain the drugs he would use in his office. He would either have to go to a physician and obtain such drugs or he would have to illegally obtain them, the way the law is presently written."

MOTIONS

Senator Knoblauch moved that further consideration of Engrossed Substitute House Bill No. 308, together with the pending amendments, be delayed until June 15, 1975.

Debate ensued.
Senator North moved that Engrossed Substitute House Bill No. 308 be re-referred to the Senate Committee on Social and Health Services.

There being no objection, the motion by Senator Knoblauch was withdrawn.

POINT OF INQUIRY

Senator Talley: "Will Senator Day yield? I understand we will be out of here by next Wednesday. Can you have the bill back by that time?"

Senator Day: "No, I would oppose the motion. I think it is pretty obvious that this is an attempt to kill the whole bill but mainly the amendment."

Debate ensued.

POINT OF INQUIRY

Senator Guess: "Would Senator Day yield? Senator Day, I have two questions. The first, in your last statement you said that let us vote on the amendment, let us kill it, and then adopt the bill."

Senator Day: "No, I said, let us vote on the amendment and see if we can get it on the bill. If we cannot, why then at least the remainder of the bill is here and we could go ahead with it then."

Senator Guess: "Do you mean, let us get Senator McDermott's amendment on the bill?"

Senator Day: "No, I would be opposed to that and then if that amendment goes on I will oppose the total amendment."

Senator Guess: "Okay, that is what I wanted to know. The next question I wanted to ask is, the statement was made on the floor that the optometrist does not have a license to buy the drugs. Would you answer that?"

Senator Day: "The question is that in their act on page 7, I believe it is here, which if you will note on the amendments I had another amendment where it said that they shall not use drugs, it says 'except as otherwise permitted in this act,' and if they are permitted to use drugs in the act they certainly would be permitted to purchase them."

Senator Guess: "They do not now, though, have a license to buy the drugs?"

Senator Day: "No, they do not. That is what the amendment is about, Senator."

Senator Guess: "Okay."

Further debate ensued.

Senator Day demanded a roll call and the demand was sustained by Senators Herr, Talley, Washington, Jones, Cunningham, von Reichbauer, Bailey, Odegaard and Fleming.

The President declared the question before the Senate to be the motion by Senator North that Engrossed Substitute House Bill No. 308 be re-referred to the Senate Committee on Social and Health Services.

ROLL CALL

The Secretary called the roll and the motion by Senator North carried by the following vote: Yeas, 26; nays, 21; absent or not voting, 1; excused, 1.

Absent or not voting: Senator Henry—1.

Excused: Senator Matson—1.

Engrossed Substitute House Bill No. 308, together with the pending amendments, was re-referred to the Senate Committee on Social and Health Services.

MOTION

Senator Mardesich moved that the Committee on Social and Health Services be
Parliamentary Inquiry

Senator Francis: "Mr. President, under such a motion, what is the status of the members of the committee? For example, if there was a motion to indefinitely postpone the bill in committee, could that motion not be put or acted upon and so forth? In other words, what rights would the committee members themselves have in that regard if this motion by Senator Mardesich passes?"

Reply by the President

The President: "The committee may take such action, Senator Francis, but only as a recommendation to the entire body."

Senator Francis: "In other words, Mr. President, the committee loses the bill by Wednesday next regardless of whether they have taken any action to improve the language or anything else. Is that the way it would work?"

Reply by the President

The President: "The President believes that if Senator Mardesich's motion carries that the bill must be reported back with certain recommendations by Wednesday of next week."

Senator Mardesich: "Of course, the motion is made keeping in mind the assertions which were made from various members of the Senate that the matter needed more study and more information was necessary. If the bill were to return to the floor in the situation that it is at this moment with the amendment attached, I would assume that the measure would then fail, but what this motion is designed to do is to allow the committee time to check further into the matter without killing the basic measure which I gather there is general agreement to."

Senator Bailey: "Mr. President, speaking to what you just announced as how the bill could come back, I would have to say this, that if the chairman decided then not to hold a hearing and the bill automatically came back to the Senate on Wednesday or whenever it was set, then we would have a position of the committee members not having any input into the bill and there would be not one bit of worth to the motion that we just passed twenty-six to twenty-one. I think the point here is that the committee chairman should be instructed to hold a hearing and that the members should be instructed to make recommendations to the Senate and report back by Wednesday. I think if Senator Mardesich would agree to that sort of a motion, then I would agree to his motion, but they should be instructed to hold a hearing. They should be instructed to make recommendations. If they cannot vote for it they can vote against it, but the Senate should have it back before us. Otherwise it is just sort of a game and nothing."

The President: "Senator Mardesich has agreed to your comments, Senator Bailey."

Point of Information

Senator Beck: "At what status is the bill? Is the bill going back to the committee with all these amendments we have put on it?"

Reply by the President

The President: "The bill has been referred to the Committee on Social and Health Services, Senator."

Senator Beck: "As it is now, with all the amendments? Thank you, sir."

Parliamentary Inquiry

Senator McDermott: "I did not understand your statement to Senator Beck. Does the bill return to committee with or without amendments adopted here on the floor?"

Reply by the President

The President: "The bill will come back to the Senate in the form to which it was
referred to the committee, with recommendations. In other words, the amendments already adopted are adopted."

Senator Mardesich: "I think the question relates to the amendment that is pending. As I understand it, we have made a number of amendments, at least one amendment to Senator Day's amendment, and there is an alternative amendment or an additional amendment offered by Senator Woody. There was a further additional amendment offered by Senator McDermott. The basic amendment has not been adopted so the bill goes to the committee only with those amendments which were adopted on the floor and the alter amendments or any amendments which would be suggested by any committee member are in order in the committee."

REPLY BY THE PRESIDENT
The President: "Your remarks are correct, Senator Mardesich."

PARLIAMENTARY INQUIRY
Senator Talley: "Would the committee be allowed to bring back a substitute bill with this incorporated into it?"

REPLY BY THE PRESIDENT
The President: "They can recommend that, Senator Talley."

There being no objection, the motion by Senator Mardesich was withdrawn.

MOTIONS
On motion of Senator Mardesich, the Senate Committee on Social and Health Services was relieved of further consideration of Engrossed Substitute House Bill No. 308.

Senator Day moved that all amendments by Senator Day and the amendments to the amendment by Senator Day be withdrawn.

PARLIAMENTARY INQUIRY
Senator Bailey: "I want to be sure that amendment is not going to show up in that bill. I am questioning the technical aspect, not your veracity—the Senate adopted the amendment. We had voted to reconsider the amendment. Until we vote on that amendment I would judge the amendment is still on the bill. How do we get it off of the bill without a vote?"

REPLY BY THE PRESIDENT
The President: "Senator Bailey, the question is the adoption of the amendment. The Senate voted to reconsider the vote by which the amendment was adopted."

Senator Bailey: "Therefore, the amendment will not be on the bill if this motion prevails?"

The President: "Not if Senator Day is permitted to withdraw the amendment."

The motion by Senator Day carried and the amendment by Senator Day and the amendments to the amendment were withdrawn.

There being no objection, the amendment by Senator Day to page 2, line 13 on the Secretary's desk was withdrawn.

Senator Rasmussen moved adoption of the following amendment:
On page 8, beginning on line 6, strike all of subsections (14) and (15) and insert:
"[(14) To use advertising, whether printed, radio, display or of any other nature which refers inaccurately in any material particular to any competitors or their goods, prices, values, credit terms, policies or services; or
(15) To use advertising whether printed, radio, display, or of any other nature, which states any definite amount of money as "down payment" and any definite amount of money as a subsequent payment, be it daily, weekly, monthly, or at the end of any period of time]" and on line 14 strike "(16)" and insert "(14)".

Debate ensued.

The motion by Senator Rasmussen failed and the amendment was not adopted.

On motion of Senator Day, the rules were suspended, Engrossed Substitute House
Bill No. 308, as amended by the Senate, was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

Debate ensued.

Senators Talley, Walgren and Cunningham demanded the previous question and the demand was sustained.

The President declared the question before the Senate to be the roll call on final passage of Engrossed Substitute House Bill No. 308, as amended by the Senate.

**ROLL CALL**

The Secretary called the roll on the final passage of Engrossed Substitute House Bill No. 308, as amended by the Senate, and the bill passed the Senate by the following vote: Yeas, 47; nays, 1; excused, 1.

Excused: Senator Matson—1.

ENGROSSED SUBSTITUTE HOUSE BILL NO. 308, as amended by the Senate, having received the constitutional majority, was declared passed. There being no objection the title of the bill was ordered to stand as the title of the act.

**MOTION**

On motion of Senator Mardesich, the Senate commenced consideration of Senate Bill No. 2737.

SECOND READING

SENATE BILL NO. 2737, by Senator Walgren:

Authorizing an alternative method for the ownership, operation, and financing of public systems of sewerage and water.

**MOTIONS**

On motion of Senator Fleming, Substitute Senate Bill No. 2737 was substituted for Senate Bill No. 2737 and the substitute bill was placed on second reading and read the second time in full.

On motion of Senator Rasmussen, the following amendment was adopted:

On page 2, line 25, after "resolution at" strike "[eight] not to exceed twelve" and insert "eight".

On motion of Senator North, the following amendment was adopted:

On page 6, line 4, after the period insert: "No transfer of property as provided in this amendatory act shall derogate from the claims or rights of the creditors of the municipal corporation or impair the ability of the municipal corporation to respond to its debts and obligations."

On motion of Senator Fleming, the rules were suspended, Engrossed Substitute Senate Bill No. 2737 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

**POINT OF INQUIRY**

Senator Rasmussen: "Would Senator Fleming yield to a question? Senator Fleming, I am concerned with the section on page 4, line 25, 'officials now or hereafter charged by law with the duty of levying taxes for the payment of said bonds and interest shall in a manner provided by law make an annual levy sufficient together with other moneys lawfully available and pledged therefor to meet the payment of principal and interest on said bonds.' Now my question, Senator Fleming, is, these bonds, let us say
entirely out in the county, will not be issued as general or as revenue bonds on the particular utility? They will be issued as general obligation bonds for the construction of the utility?"

Senator Fleming: "From the understanding that I have, they will be able to and they do have now the authority to issue general obligation bonds. What this measure here does is allow those counties or those utility districts to be able to also use other revenues, pledge the revenues from revenue bonds or revenue sharing moneys or whatever it is, pledge the obligation of those towards the paying off their indebtedness or their responsibility. They do not have that authority now."

Senator Rasmussen: "I understand what you say, Senator Fleming, but let us take a for instance. For instance, the county commissioners would want to issue one hundred million of general obligation bonds to construct a sewer disposal facility in the Lake-wood area. They would not issue those just within the boundaries of the proposed development so that those people would pay for it. They would be issued as general obligation bonds and they would extend over the entire county as they do for the construction of the court house or something like that."

Senator Fleming: "From my understanding, Senator Rasmussen, they would do the same thing by this bill that they do now presently with general obligation bonds. There is something to do with whether you have services and whether you are connected up to the sewer line or whatever it is as to when you start being charged for certain kind of charges, but my understanding, this does not do anything different as far as general obligation bonds than presently is done now. That is my understanding."

Senator Rasmussen: "This is true."

Senator Fleming: "So if that is being done now, yes, it would be done . . ."

Senator Rasmussen: "The answer is that under this bill, yes, they would issue a hundred million of general obligation bonds to pay for the services for a certain segment in the county?"

Senator Fleming: "The way is is done now, that is exactly the way it would continue to be done, from my understanding."

Senator Rasmussen: "It is not being done now. This bill would authorize it."

Senator Fleming: "Repeat the question again then."

Senator Rasmussen: "That was my question and you said yes."

Senator Fleming: " . . . Hundred million dollar bonds, general obligation bonds, and the improvement is in a certain utility district or area of the county."

Senator Rasmussen: "Yes, so all of the other people would be required to pay for that utility."

Senator Fleming: "Senator, I have been advised by my legal counsel here that the area where the bonds would be let, that area would be covered by the bonds and the service fee to the people that are connected up to the improvement. That is my understanding. You were there when he explained it to you yesterday."

Senator Rasmussen: "Senator Fleming, that line says, 'together with other moneys lawfully available and pledged therefor.' The general obligation bonds would be issued against all of the people in the county for just one particular segment. They would all be paying for it."

Senator Beck: "Senator Fleming, I would like to interject here for Senator Rasmussen. Senator Rasmussen, when these junior taxing districts build some kind of a facility and they sell revenue bonds, they have to pay a lot higher interest rate than they would have it if were general obligation bonds. What this does is to permit them to pledge general obligation bonds in case the revenue bonds do not make up enough revenue, and you can get cheaper interest rates. It is applied only to that district where the facility is located. That is the purpose of the language you are reading there."

Senator Rasmussen: "If I could correct Senator Beck, when you issue general obligation bonds they are issued to cover the entire county and all the people in the county pay for it and the development would go to a certain segment of the county."

Senator Beck: "I am not a legal mind here on this but it is my understanding that it only applies in the district where the facility is located."

Senator Talley: "Senator Rasmussen, the county may issue general obligation
bonds, that is true, and the whole county is responsible for it, but they can also put the charges in the area to retire these general obligation bonds with. They have to affect the county's credit, that is very true."

Senator Fleming: "Mr. President, looking at my notes and listening to the conversation, it has come back to me now. He explained it to you yesterday but you forgot. The general obligation bonds are issued to the area or to the particular area that is being constructed or being improved, and when the entire area becomes involved, as Senator Beck has said, is that you pledge the general obligation, it is what is called an inside general obligation bond, you pledge the obligation of the entire area and the revenue of the entire area toward the payment of this new improvement but it is only assessed on those areas that in case the revenue bond does not raise sufficient amount of revenue, then you pledge the general obligation of the entire area plus the services towards the payment of that, for protection."

MOTION

On motion of Senator Mardesich, the Senate resumed consideration of Engrossed Substitute House Bill No. 527.

SECOND READING

ENGROSSED SUBSTITUTE HOUSE BILL NO. 527, by Committee on Transportation and Utilities (originally sponsored by Representatives Smith, Fortson, Becker, Sommers, Gaspard, Hawkins, North, Wilson, Berentson, Chandler, Charnley, Dunlap, Hansey, Leckenby and Sherman:

Requiring pilots and other precautions for tankers entering Puget Sound.

The Senate resumed consideration of Engrossed Substitute House Bill No. 527. On Wednesday, May 7, 1975 an amendment by Senator Cunningham, as amended, was adopted. On that day, Senator Mardesich moved for reconsideration of adoption of the amendment and the motion for reconsideration was held.

The motion by Senator Mardesich carried and the Senate moved to reconsider adoption of the amendment by Senator Cunningham, as amended.

There being no objection, on motion of Senator Cunningham, the amendment, as amended, was withdrawn.

Senator Cunningham moved adoption of the following amendment by Senators Cunningham, Wilson and Goltz:

On page 2, beginning on line 11, strike all of the material down to and including line 29 and insert:

"(1) Any oil tanker, whether enrolled or registered, of greater than one hundred and twenty-five thousand deadweight tons shall be prohibited from proceeding beyond a point east of a line extending from Discovery Island light south to New Dungeness light.

(2) An oil tanker, whether enrolled or registered, of forty to one hundred and twenty-five thousand deadweight tons may proceed beyond the points enumerated in subsection (1) if such tanker possesses all of the following standard safety features:
(a) Shaft horsepower in the ratio of one horsepower to each two and one-half dead-weight tons; and
(b) Twin screws; and
(c) Double bottoms, underneath all oil and liquid cargo compartments; and
(d) Two radars in working order and operating, one of which must be collision avoidance radar; and
(e) Such other navigational position location systems as may be prescribed from time to time by the board of pilotage commissioners:

PROVIDED, That if such forty to one hundred and twenty-five thousand dead-weight ton tanker is in ballast or is under escort of a tug or tugs with an aggregate shaft horsepower equivalent to five percent of the deadweight tons of that tanker, subsection (2) of this section shall not apply: PROVIDED FURTHER, That additional tug shaft horsepower equivalencies may be required under certain conditions as established by rule and regulation of the Washington utilities and transportation commission pursuant to chapter 34.04 RCW: PROVIDED FURTHER, That a tanker of less than forty thousand deadweight tons is not subject to the provisions of this act."

POINT OF INQUIRY

Senator Lewis (Harry): "I wonder if Senator Walgren or an attorney might yield to a question? Senator Walgren, I wonder if you would care to comment, and I recognize that the courts make these decisions, but is there in your judgment as an attorney a question of constitutionality or conflict with federal statutes or laws of the sea or otherwise as it relates to the Cunningham amendment?"

Senator Walgren: "Yes, Senator Lewis, in my opinion there is indeed that question. Elaborating a little bit on that, I do not profess in any way to be any kind of an expert on the law of the sea. However, I must say that during the several months, and this goes back at least two sessions while we were considering safety measures as far as transport of oil on Puget Sound, the question kept arising as to whether or not the state of Washington has any ability constitutionally or legally to impose various restrictions, and I might say that that could go as far as the basis of this bill itself, that is as far as the tug escort."

"There is a Florida case that the state of Florida was ruled by the state Supreme Court to have certain abilities as far as imposing restrictions as it related to environmental questions. Of course, that is what we are really concerned about here is environmental questions. I am very much afraid that as we go beyond the question of environmental control, and I think that is what this bill directs itself to, that is the tug escort, and we move on to the restriction of the size of the traffic and the transportation on the water, that we will be very likely imposing ourself upon the interstate and foreign commerce which is, of course, controlled by federal government by virtue of our Constitution."

"It is for this reason that I am going to have to oppose the Cunningham amendment and I do so very reluctantly because I am very much concerned, as I am sure most of us in the Senate are, as to protecting and preserving the waters of Puget Sound and insuring that there is no oil spill. Obviously, the best way to oppose and be sure that there would be no oil spill would be to completely keep tankers out of Puget Sound entirely. To do that, I am afraid, would involve the Constitution and would involve a conflict. We would not have the authority to do so.

"I want to see this tug escort bill pass. I think it is essential that we do all we can constitutionally and legally to insure as much as we can that there be no oil spill on Puget Sound. I am very much afraid that if we are to put this additional restriction in the bill, we will be subject to an immediate court test that might take not only that part of the bill but the tug escort with it. That, I think, would be a disastrous thing for the people not only who reside on those beaches bordering the waters but for the entire State of Washington."

POINT OF INQUIRY

Senator Wilson: "Would Senator Walgren yield please? Senator, would you also agree however that since this is an area of unknown constitutional applicability that the
only way we will ever find out whether the state does have some jurisdiction over the size of vessels entering its waters is to enact a law providing for such a limitation and to have it tested in the court; and secondly, would you not also concur that this measure does have severability clause so that even if that aspect were held unconstitutional, the tug boat and other provisions of the act might still prevail?"

Senator Walgren: "Senator Wilson, I am sorely afraid that if there is a legal test, of course nobody can predict whether there will or will not be, regardless of this amendment, that it will be an attack on the entire bill including the tug escort. As many of us are aware with regard to lawsuits, they are not generally over in six months, particularly those that concern such things as foreign commerce and interstate commerce and things of this nature that really are not decided until they go to the United States Supreme Court. I think then if this test were made that we would find ourselves in litigation for several years. During that period of time we would not perhaps have the advantage of some of the protections that hopefully will be included in this particular measure. I would be hopeful that if we pass the bill with the tug escort that the amendments that we have put on the bill already, which I think go in a long way toward perfecting the measure, will be adopted by the House, that we can put that into effect, that we can have those assurances as best we can as far as oil pollution protection, that they will be in effect for a period of time, and we can, along with the study that we have planned here, have a little bit of experience as to the tug escort before there is a serious attack as to constitutionality."

Senator Guess moved adoption of the following amendments to the amendment by Senators Cunningham, Wilson and Goltz:

Amend the Cunningham amendment to page 2, beginning on line 11, as follows:
On line 2 of subsection (1) strike "one hundred and twenty-five thousand" and insert "one hundred and eighty thousand".
On line 1 of the first proviso strike "one hundred and twenty-five thousand" and insert "one hundred and eighty thousand".

Debate ensued.

The motion by Senator Guess failed and the amendments to the amendment were not adopted on a rising vote.

Further debate ensued.

POINT OF INQUIRY

Senator Mardesich: "Mr. President, I was in error earlier. I did not realize we were voting upon the Guess amendment and thought we were working upon the Cunningham amendment at the time, but I should like Senator Cunningham to respond. Senator Cunningham, if you would, that is. I certainly am no expert on the question of the ability of these various vessels of differing sizes to navigate properly, nor am I really expert enough to know whether a shaft horsepower in the ratio of one to two and one-half dead weight tons is a proper ratio. I think I can say with what little knowledge I have on the subject that there are very few vessels with that ratio of horsepower to dead-weight tonnage exclusive of naval vessels.

"I wonder, in view of the changing situation, in view of the fact that new vessels may be constructed with not only these but additional safety features, in view of the fact that other electronic developments may be even safer and we may be excluding them with such a law as this rather than requiring the inclusion of such electronic equipment, you might be willing, in the event your amendment is adopted or not, to concede that it might be wise to put on this measure an additional section such as I am intending to suggest which would set a cut off date of June 30, 1978 on this measure so that the legislature can return and review to see have we gone too far, have we not gone far enough, are there other things we should do? I am well aware that after a measure is on the books it is often difficult to correct, and if we are not doing enough here now it may be even more difficult in the future to do what we should unless we have the ability to review, and I think that is exemplified by many of the tax exemptions which are put on the books. Once they are there it is extremely difficult to remove them."

Senator Cunningham: "To respond to the question, if I can remember all of it, I
think basically it was to accept a destruct clause, I would simply say that it is not my belief that there is anything in either the bill or the amendment that mandates we plant either our feet or our head in cement."

Senator Mardesich: "I only would like to point out to Senator Cunningham that his very comment is putting your head in the concrete."

Further debate ensued.

POINT OF INQUIRY

Senator Bottiger: "I do not know whether I should ask Senator Cunningham or Senator Murray to yield, but perhaps asking either of them, as my recall, the report of the Oceanographic Commission, one element of safety that they recommended that has not been included here was bow thrusters. As I also recall, the bow thruster could be an alternate to either twin screws or the higher horsepower. As I understand it, and I think Senator Beck was the one that mentioned in committee that most military ships use bow thrusters for maneuverability for tight turn characteristics.

"My concern is this, that if we set a standard by which it would be financially advantageous to modify the ships to make them more safe and therefore not need tugs and we eliminate a suggestion or a possibility of an alternate from twin screws or higher horsepower or bow thrusters, are we taking the right course of action to end up with a safer ship? My recollection of the testimony was that the bow thruster was that kind of a safety device. I know Senator Murray was on the Oceanographic Commission. Perhaps you could respond."

Senator Murray: "Mr. President and members of the Senate, I will take a crack at it. Bow thrusters would be one alternative that would certainly add to the control capability of any ship. However, the bill as it is currently written lists all five different components and to the best of my knowledge there is no existing oil tanker that meets those qualifications, and in my opinion at least, it would not be economically feasible to change the basic philosophy of oil tankers and to meet this construction merely to operate in Puget Sound. My hope is that the net effect of this will be to require that oil tankers operating in the confines of the fairly limited area that we have in this bill in Puget Sound will have tug escorts; and it really is not the intent of the bill, I do not believe, to redo the thinking of marine architects and marine engineers in redesign of all oil tankers.

"The bow thrusters would certainly be a major component in making an oil tanker much more maneuverable but as long as we are really talking about limitations that are applied only on Puget Sound, I doubt very much that anyone would make the modifications necessary to comply with any of these regulations and/or bow thrusters."

Senator Guess: "I would like to reply to Senator Bottiger as far as the bow thruster is concerned. The bow thruster is primarily used for those ships that are going into dock and it cuts down on the amount of tug service that a ship uses. It permits the ship to go in and tie up at docks where there are not tugs available. Therefore I really do not think that the thing would serve any proper purpose.

"One of the things that I discussed with Senator Murray about the bill was the twin screws. Now all the literature that I can get and find is that there are no oil tankers of the large carrier type that are being constructed with twin screws and as I said a while ago, they have gone to double propulsion, they have gone to the redundancy there, they have gone to the redundancy in the steerage mechanism, but as far as putting on the twin screw, the economics of it has not been proven and therefore they have not gone in this direction, so regardless of what is in the bill, as long as you have sub (b) there, twin screws, no tanker is coming into Puget Sound without having the tug; and as Senator Murray said, just cold bloodedly, that is exactly what we intended to do, so you have a bill here that is a pistol at the head of industry."

Further debate ensued.

MOTION

On motion of Senator Jones, Senator Lewis (R. H. "Bob") was excused.

Senator Goltz demanded a roll call and the demand was sustained by Senators
Washington, Rasmussen, North, Murray, Bluechel, Jones, Fleming, Lewis (Harry) and Jolly.

The President declared the question before the Senate to be the roll call on the amendment by Senator Cunningham.

ROLL CALL

The Secretary called the roll and the amendment by Senator Cunningham was adopted by the following vote: Yeas, 28; nays, 18; absent or not voting, 1; excused, 2.

Voting nay: Senators Bailey, Benitz, Buffington, Clarke, Donohue, Guess, Henry, Jones, Keefe, Lewis (Harry), Matson, Morrison, Newschwander, Pullen, Rasmussen, Sellar, Walgren, Wanamaker—18.

Absent or not voting: Senator Talley—1.

Excused: Senators Lewis (R. H. "Bob"), Stortini—2.

Senator Mardesich moved adoption of the following amendment:

On page 3, following line 9, add a new section to read as follows:

"NEW SECTION. Sec. 7. The provisions of this 1975 act shall expire on June 30, 1978."

Debate ensued.

Senator Peterson moved adoption of the following amendment to the amendment by Senator Mardesich:

Amend the last line of the Mardesich amendment to page 3, following line 9, as follows: Strike "1978" and insert "1977".

The motion by Senator Peterson failed and the amendment to the amendment was not adopted.

Senator Knoblauch demanded a roll call and the demand was sustained by Senators Marsh, Day, Peterson, Talley, Guess, Clarke, Beck, Jolly and Grant.

The President declared the question before the Senate to be the roll call on the amendment by Senator Mardesich.

ROLL CALL

The Secretary called the roll and the amendment by Senator Mardesich was adopted by the following vote: Yeas, 29; nays, 17; absent or not voting, 1; excused, 2.

Voting yea: Senators Bailey, Beck, Benitz, Bottiger, Buffington, Clarke, Cunningham, Day, Donohue, Guess, Herr, Jolly, Jones, Keefe, Lewis (Harry), Mardesich, Marsh, Matson, Morrison, Murray, Newschwander, Peterson, Pullen, Rasmussen, Sandison, Sellar, Talley, Van Hollebeke, Wanamaker—29.

Absent or not voting: Senator Henry—1.

Excused: Senators Lewis (R. H. "Bob"), Stortini—2.

On motion of Senator Walgren, the rules were suspended, Engrossed Substitute House Bill No. 527, as amended by the Senate, was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

There being no objection, Senator Matson was excused.

Debate ensued.

Senators Scott, Talley and Francis demanded the previous question and the demand was sustained.

The President declared the question before the Senate to be the roll call on final passage of Engrossed Substitute House Bill No. 527, as amended by the Senate.

ROLL CALL

The Secretary called the roll on the final passage of Engrossed Substitute House
Bill No. 527, as amended by the Senate, and the bill passed the Senate by the following vote: Yeas, 43; nays, 3; excused, 3.

Voting nay: Senators Benitz, Guess, Morrison—3.

ENGROSSED SUBSTITUTE HOUSE BILL NO. 527, as amended by the Senate, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

MOTION

On motion of Senator Mardesich, the Senate commenced consideration of House Bill No. 307.

SECOND READING

HOUSE BILL NO. 307, by Representatives Douthwaite, Peterson, Blair and Patterson:

Repealing prohibition against sale of liquor on the University of Washington campus.

The bill was read the second time by sections.

Senator Pullen moved adoption of the following amendment by Senators Pullen, Buffington, von Reichbauer, Goltz, Gould, Wanamaker, Sellar, North, Guess, Ridder, Jones and Morrison:

After section 2, add the following new section:

"NEW SECTION. Sec. 3. There is added to chapter 62, Laws of 1933 and to chapter 66.44 RCW a new section to read as follows:

Each person or group of persons who offers for sale intoxicating liquor on the grounds of the University of Washington shall place or cause to be placed within the view of the purchaser a sign whose dimensions are at least 14 inches by 22 inches and which bears the following inscription in letters at least one inch high: CAUTION. Alcohol is a drug. The excessive consumption of alcoholic beverages may be hazardous to your health and to the health of others."

PARLIAMENTARY INQUIRY

Senator Scott: "I believe that although Senator Pullen's amendment appears first on the sheet, it adds a new section 3 and my amendment deals with section 1 and should precede it."

Debate ensued.

POINT OF INQUIRY

Senator Henry: "Would Senator Scott yield to a question? Without having time to analyze your amendment, is the purpose of this amendment to ban the liquor on all the campuses in the state?"

Senator Scott: "That is right, Senator."

POINT OF ORDER

Senator Henry: "Mr. President, I raise the question of scope and object."

POINT OF ORDER

Senator Mardesich: "I understand Senator Henry to be raising the question of scope and object with respect to the Scott amendment."
REPLY BY THE PRESIDENT

The President: "Yes, sir."

Senator Mardesich: "The Scott amendment is not before us at this time. The Pullen amendment is, and the question was raised as to the order in which those amendments should be considered and the question of scope and object is out of order at this time."

RULING BY THE PRESIDENT

The President: "Senator Mardesich's point is well taken. The President believes that Senator Francis expressed himself to the effect that the amendment by Senator Pullen is an amendment intended to perfect the bill. The question before the Senate is the adoption of the amendment proposed by Senator Pullen."

Debate ensued.

POINT OF INQUIRY

Senator Francis: "Would Senator Knoblauch yield?"

Senator Knoblauch: "When I left the army I forgot all those things until today, Senator."

Senator Francis: "Senator Knoblauch, I am just wondering, you know, how we should deal with this, and I respect what you say about gambling. I remember one case I was appointed to, to represent a man who was charged with murder and their argument was over five dollars in a gambling game and a man died over it, so I know what you are saying, but I am wondering if you are also saying that in order to be consistent that Senator Pullen ought to advocate similar labeling for all of the women in the Senate."

Senator Knoblauch: "Being single, I am not just sure how to answer that question, Senator."

Further debate ensued.

The motion by Senator Pullen failed and the amendment was not adopted on a rising vote.

Senator Scott moved adoption of the following amendment:
On page 1, line 7, strike "NEW SECTION." and on line 10 after "each" strike the remainder of the bill and insert "amended to read as follows:
It shall be unlawful to sell any intoxicating liquors, with or without a license on the grounds of [the University of Washington, otherwise known and described as follows: Fractional section 16, township 25 north, range 4 east of Willamette Meridian] any college, university or community college supported in whole or in part by state funds."

POINT OF ORDER

Senator Henry: "Mr. President, without arguing the merits of whether there should be drinking or non-drinking, there are on all campuses, or course, except the University of Washington, where they can have banquet permits, do this and that and the other, but strictly on a parliamentary basis, I again raise the question of scope and object and it is so obvious that it is beyond the scope and object because it takes two title amendments to bring it within the scope and object, and therefore I think that it is beyond the scope and object of the intent of the bill."

Debate ensued.

RULING BY THE PRESIDENT

The President: "In ruling on the point as presented by Senator Henry, the President wishes to indicate that House Bill 307 is a measure which will permit the sale of intoxicating beverages on the University of Washington campus. The amendment presented by Senator Scott would prohibit the sale of intoxicating liquors on any college, university, or community college supported in whole or in part by state funds. The amendment therefore does increase the scope and object of the bill and the point is well taken."

The amendment by Senator Scott was ruled out of order.

There being no objection, the title amendments by Senator Scott, on the Secretary's desk, were withdrawn.
MOTIONS
On motion of Senator Knoblauch, Senators Grant and Keefe were excused.
On motion of Senator Van Hollebeke, the rules were suspended, House Bill No. 307 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.
Debate ensued.

POINT OF INQUIRY
Senator Bottiger: "Would Senator Sandison yield to a question? Senator Sandison, I understand that until this bill is passed, it has been the attitude of the Liquor Control Board that if they cannot grant licenses on all the campuses they do not intend to grant them on any. Is that your understanding?"
Senator Sandison: "That is my understanding. That was not by Liquor Board regulation, it was just an agreement among the commissioners."
Senator Bottiger: "Thank you, Senator Sandison."
Further debate ensued.

POINT OF INFORMATION
Senator Mardesich: "I wonder if Senator Ridder would tell us how she feels about this measure so I might get . . ."
Senator Ridder: "I am sorry. I was studying the RCW, Senator Mardesich, and I did not hear the original context, I am sorry but I do not come to the Senate specifically as a mother. I come as a citizen and a representative of my district when I can. Since they have not specifically asked me or told me how they would like to have me vote, I must say that as a taxpayer I find I am going to share Senator Scott's sentiments that if I have minor youngsters attending the University I would not want to have their funds building a facility they could not use. As a mother also."
Further debate ensued.

ROLL CALL
The Secretary called the roll on the final passage of House Bill No. 307, and the bill failed to pass the Senate by the following vote: Yeas, 6; nays, 36; absent or not voting, 2; excused, 5.
Absent or not voting: Senators Benitz, Donohue—2.
Excused: Senators Grant, Keefe, Lewis (R. H. "Bob"), Matson, Stortini—5.

MOTION FOR RECONSIDERATION
Having voted on the prevailing side, Senator Francis moved that the Senate immedi­ately reconsider the vote by which House Bill No. 307 failed to pass the Senate.
Senator Scott demanded a roll call and the demand was sustained by Senators Washington, Clarke, Guess, Lewis (Harry), Jones, North, Gould, Mardesich and Goltz.

APPOINTMENT OF SPECIAL COMMITTEE

The President announced the presence in the Senate Chamber members of the Board, Student Body officers, and the President of Centralia College and Olympia Vocational-Technical Institute and appointed Senators Odegaard, Harry Lewis, Matson and Newschwander to escort the honored guests to the Senate rostrum.

On motion of Senator Odegaard, the following resolution was unanimously adopted:

SENATE RESOLUTION 1975-45

By Senators Odegaard, Lewis (Harry) and Sandison:

WHEREAS, Prior to 1925 in Southwest Washington there was no college available for educating the area's students; and expenses of boarding and rooming away from home put college education for many beyond practical thought; and

WHEREAS, In Centralia, the local educators and townspeople weren't content with this situation; if their young people couldn't afford to go away to college they were determined to bring a college to Southwest Washington; and thus, in the fall of 1925, on the third floor of the Centralia High School Building, was opened Centralia Junior College, determined to meet if not surpass standards existing at the University of Washington; while other colleges closed their doors during difficult times, such as the depression of the 1930's, there has always been a group of dedicated educators and businessmen within Centralia, who by determination, personal sacrifice and hard work, insisted upon maintaining their college, always cognizant of the need for continuing its initial high standards and ever alert to increasing its curriculum to fulfill the needs of the present generation of students; and

WHEREAS, Centralia Community College represents the oldest of the state's community colleges as to continuous operation, and thus has reached its golden anniversary year, its 50th Anniversary:

NOW, THEREFORE, We, The Members of this Senate of the State of Washington, by this Resolution, take particular pride in extending our congratulations, and our sincere gratitude to the Board of Trustees, The President, Mr. Nels Hanson, and the Staff, and the Business Leaders and Townspeople of the city of Centralia, for their magnificent job in bringing Centralia Community College to its present state of excellence; and

IN ADDITION, This Senate body deems it an added pleasure to announce the Fiftieth Anniversary Celebration dates at Centralia Community College, being May 22nd, 23rd and 24th, and to enumerate some of the activities that should entice a large segment of this state's population to that beautiful southwest area; in addition to the usual reunions for former students and teachers on such occasions, there will be the placement of a monument at the site where the college first began, attended by leading educators from throughout the West, in addition to federal and state officials; an evening banquet honoring all-time, all-star Centralia Community College athletic teams in ten sport categories; the presentation of drama, including Shakespeare's Twelfth Night; art displays, photography displays, puppet shows; meetings of educators from throughout the state; for the public's enjoyment, a Roaring Twenties Day; and other miscellaneous events in keeping with the occasion;

IN ADDITION, The Secretary of the Senate shall see that suitable copies of this Senate Resolution are presented to the President and Members of the Board of Trustees of Centralia Community College, as well as the members of the communications media, and in particular, the editor of the Centralia-Chehalis Daily Chronicle who is devoting special sections of the newspaper to the events of this Fiftieth Anniversary Celebration.

IN CONCLUSION, Congratulations and thank you from this Senate of the State of Washington to all the Centralia area's citizens for their splendid contribution to Education within this State.
The guests were introduced by Senator Odegaard and the committee of honor escorted the honored guests from the Senate Chamber. The committee was discharged.

The President announced that Harry Bradford, father of the Senate Minute Clerk, Mrs. Dorothy Greeley, was the President of the Centralia School Board at the time the Centralia Junior College was established.

MESSAGE FROM THE GOVERNOR

May 9, 1975.

TO THE HONORABLE, THE SENATE OF THE STATE OF WASHINGTON.

LADIES AND GENTLEMEN:

I have the honor to advise that on May 8, 1975, Governor Evans approved the following Senate Bills, entitled:

SIGNED BY THE PRESIDENT
The President signed:
HOUSE BILL NO. 139.

SECOND READING
SENATE BILL NO. 2862, by Senator Sellar:
Deleting local government employees from law setting holidays for state employees.

The Senate resumed consideration of Senate Bill No. 2862 and an amendment by Senators Sellar and Fleming and an amendment to the amendment by Senator Clarke moved for adoption on Friday, May 9, 1975.

There being no objection, on motion of Senator Sellar, the amendment and the amendment to the amendment were withdrawn.

Senator Sellar moved adoption of the following amendment:
On page 1, line 25, after "state" strike "[and its political subdivisions]" and insert "and its political subdivisions except that for port districts either the federal or the state legal holiday, but in no case both, may be recognized as a paid legal holiday for employees"

On motion of Senator Francis, the following amendment to the amendment by Senator Sellar was adopted:
On line 4 of the Sellar amendment to page 1, line 25, after "districts" and before "either" insert "and the law enforcement and public transit employees of municipal corporation,"

POINT OF INQUIRY
Senator Grant: "Would Senator Sellar yield to a question? In reading this now, it occurs to me, Senator Sellar, that even if a port or county or law enforcement agency or Metro Transit, and I guess the amendment dealt with only transit, it does not deal with sewage disposal which is also a Metro function, but even if those public employers were to determine that they would give the federal and state holiday on Memorial Day in lieu of either federal or state holiday at Veterans' Day or another holiday, even if they were
SIXTIETH DAY, MAY 12, 1975

o determine that in collective bargaining with their employees; and most port districts
and law enforcement agencies and municipal transit and sewage programs do have bar-
gaining units that they deal with, are we by your amendment precluding them from en-
tering into that kind of contractual agreement with their employees?"

Senator Sellar: "I do not believe we are, Senator Grant. Number one, the amend-
ment speaks to public transit employees of the municipal corporation so it is fairly
narrow in that particular point. Secondly, you will notice that the amendment says that
either holiday may be recognized but in no case both. That question was raised, so it
appears to me that they could collectively bargain for either holiday."

Senator Grant: "But the question I asked was, could they take the two for Memo-
rial Day and forego the two at Veterans' Day, and as I read your amendment it would
not permit that."

Senator Sellar: "I think that is correct."

Senator Grant moved adoption of the following amendment to the amendment by
Senator Sellar, as amended:

After the last word of the Sellar amendment and before the period, insert "unless
both are bargained for in substitution for another permissible holiday".

POINT OF INQUIRY

Senator Guess: "Would Senator Grant yield? Senator Grant, can you, in the
wildest stretch of your imagination, think that a group of people is going to go out of
phase on having their holidays spaced equally over the year, as most holidays are now,
as what we are trying to do, do you think that they would have two Memorial Days
within the space of two weeks and forego a holiday in the fall?"

Senator Grant: "I am not sure that that is my only concern or that that is the only
item that this deals with, Senator Guess. It does permit the trading of holidays and that
has occurred in private industry as well as in public employment. I recall the Boeing
Company as an example taking as a holiday the day after Thanksgiving. You know, in
November, in that span of time there are quite a few holidays. They took that in lieu of
Veterans' Day in their contract several years ago, and all I am saying is that they should
have the flexibility to do that sort of thing if it is freely bargained for between the par-
ties."

Senator Guess: "I would answer that by saying that was a reasonable deal because
the people wanted a four day holiday, Thursday, Friday, Saturday and Sunday. No other
holiday would give you that attractive a package and I think that you introduce an am-
biguity here that to me is going to make it more difficult to sit down at the table and
collectively bargain and I would speak against the verbal amendment."

The motion by Senator Grant failed and the amendment to the amendment was not
adopted.

The motion by Senator Sellar carried and the amendment, as amended, was
adopted.

On motion of Senator Sellar the rules were suspended, Engrossed Senate Bill No.
2862, was advanced to third reading, the second reading considered the third, and the
bill was placed on final passage.

ROLL CALL

The Secretary called the roll on the final passage of Engrossed Senate Bill No. 2862
and the bill passed the Senate by the following vote: Yeas, 40; nays, 2; absent or not vot-
ing, 4; excused, 3.

Voting yea: Senators Bailey, Beck, Benitz, Bluechel, Buffington, Clarke, Cunn-
ingham, Day, Fleming, Francis, Goltz, Gould, Guess, Henry, Herr, Jolly, Jones,
Keefe, Knoblauch, Lewis (Harry), Lewis (R. H. "Bob"), Mardesich, Marsh, Matson,
McDermott, Newschwander, North, Odegaaard, Pullen, Ridder, Sandison, Scott, Sellar,

Voting nay: Senators Grant, Rasmussen—2.

Absent or not voting: Senators Morrison, Murray, Peterson, Wanamaker—4.
Excused: Senators Bottiger, Donohue, Walgren—3.
ENGROSSED SENATE BILL NO. 2862, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

SECOND READING

ENGROSSED SUBSTITUTE HOUSE BILL NO. 32, by Committee on Labor (originally sponsored by Representatives Parker and Adams):
Conforming state minimum wage laws to federal laws.

REPORT OF STANDING COMMITTEE

March 7, 1975.

ENGROSSED SUBSTITUTE HOUSE BILL NO. 32, conforming state minimum wage laws to federal laws (reported by Committee on Labor):

MAJORITY recommendation: Do pass with the following amendments:

On page 2, line 22, after "religious," and before "or" insert "governmental agency,"

On page 4, line 8, after "dollars" and before "an" insert "and ten cents"

Signed by: Senators Ridder, Chairman; Bailey, Grant, von Reichbauer.

The bill was read the second time by sections.

On motion of Senator Ridder, the committee amendment to page 2, line 22, was adopted.

Senator Ridder moved adoption of the committee amendment to page 4, line 8.

POINT OF INQUIRY

Senator Guess: "Would Senator Ridder answer a question? Senator Ridder, the nursing homes are having a difficult job now and we are not paying the cost reimbursement that we set out to do. Is there any money in the budget to assure that these people will be able to meet the additional costs?"

Senator Ridder: "Yes, we have consulted with the chairman of the Ways and Means Committee, Senator Guess, and Senator Donohue assures us that there is money provided within the nursing home budget to take care of this particular provision."

Senator Day: "Senator Guess, in further answer to your question, there is money in the budget supposedly for inflationary impact. This may or may not have been counted as inflationary impact. However, it is my understanding there is no money in the budget to do anything to meet the HEW requirements or the other requirements relative to the payment of the cost related reimbursement, but this is in the inflationary thing and I think it is ten cents an hour is all we are talking about."

The motion by Senator Ridder carried and the committee amendment was adopted.

On motion of Senator Grant, the following amendment was adopted:

On page 4, line 15 of the engrossed substitute bill, after "dollars" and before "an" insert "and ten cents"

Senator Morrison moved adoption of the following amendment:

On page 5, line 31, after "amended" insert "or in the event that there exists between an employer and employee or group of employees an agreement in which provisions are made relating to work week and hours"

POINT OF INQUIRY

Senator Lewis (Harry): "Will Senator Morrison yield? Senator Morrison, I do not have a copy of your amendment. Does your amendment apply only to existing contracts or would it be possible for negotiations for a four day ten hour day week be possible next year for some organization or how would that apply in the future?"

Senator Morrison: "The language does not necessarily tie to a time certain so this would apply to existing contracts and to future contracts. That agreement can abridge the requirements of this particular act."
POINT OF INQUIRY

Senator Grant: "Will Senator Morrison yield to a question? Senator Morrison, I am reading section 3 which permits work in excess of forty hours in any one week and I just have now received a copy of your amendment. I take it this is the first amendment which relates to compensating time off, is that correct?"

Senator Morrison: "No, the second amendment was read first, Senator Grant, so this one is the one that relates to agreements between employers and employees that the forty hour work week provisions would not apply to agreements between them."

Senator Grant: "Senator Morrison, I am a little concerned here because it is late and I am looking at RCW 49.46.010 sub (5) (j) which is the area that you are seeking to amend and that only relates to any individual employed by any charitable institution charged with child care responsibilities, engaged primarily in the development of character or citizenship or promoting health or physical fitness or providing sponsoring recreational opportunities or facilities for young people or members of the armed forces of the United States, so I really think that if you are attempting to permit bargaining of compensatory time off or a different work week other than the normal five day forty hour work week, eight hour day, that you are not getting to it by the amendment. I would suggest that we ought to take a look at this before we pass on it."

MOTIONS

Senator Morrison moved that Engrossed Substitute House Bill No. 32, together with the pending amendments, be placed on the second reading calendar for Tuesday, May 13, 1975.

On motion of Senator Grant, the motion by Senator Morrison was amended and Engrossed Substitute House Bill No. 32, together with the pending amendments, was ordered placed at the beginning of the second reading calendar for Tuesday, May 13, 1975.

MOTION

On motion of Senator Mardesich, the Senate commenced consideration of Senate Bill No. 2654.

SECOND READING

SENATE BILL NO. 2654, by Senators Odegaard and Benitz (by Superintendent of Public Instruction request):

Enlarging scope of school use for excise tax on real estate sales.

MOTIONS

On motion of Senator Odegaard, Substitute Senate Bill No. 2654 was substituted for Senate Bill No. 2654 and the substitute bill was placed on second reading and read the second time in full.

On motion of Senator Odegaard, the rules were suspended, Substitute Senate Bill No. 2654 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

ROLL CALL

The Secretary called the roll on the final passage of Substitute Senate Bill No. 2654 and the bill passed the Senate by the following vote: Yeas, 45; absent or not voting, 3; excused, 1.

Absent or not voting: Senators Fleming, Murray, Stortini—3.

Excused: Senator Donohue—1.
SUBSTITUTE SENATE BILL NO. 2654, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

MOTIONS
On motion of Senator Talley, Senator Stortini was excused.
On motion of Senator Mardesich, the Senate commenced consideration of Substitute House Bill No. 389.

SECOND READING
SUBSTITUTE HOUSE BILL NO. 389, by Committee on Labor (originally sponsored by Representatives Charnley, Newhouse and King):

Exempting certain nongovernmental educational institutions from certain provisions of the unemployment compensation law.

The bill was read the second time by sections.
On motion of Senator Morrison, the rules were suspended, Substitute House Bill No. 389 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

Debate ensued.

POINT OF INQUIRY
Senator Grant: "Would Senator North or Senator Morrison yield? Senator Morrison, I recall this measure being in the Labor Committee and now in reading it I once again have a little concern in that this does not just apply to the community colleges which may be running preschools with largely volunteer help that are not a formal part of the community college program, but it applies to all preschool programs, even the proprietary preschool programs, those for profit, that may be well able to have their employees who are full time employees participate in an unemployment compensation program. Is that not correct?"

Senator Morrison: "I am not sure that I can answer your question, Senator Grant. The change in language is, 'or in the employ of a nongovernmental preschool,' then it defines what that is, 'an organization devoted exclusively to the area of child development training of preschool age children through an established curriculum of formal classroom and/or laboratory instruction.' It would include the group that you are concerned about."

Senator Grant: "It exempts them from coverage then and I would just suggest that we might be able to get to that concern by returning this to second reading and specifying that these be nonprofit preschools and in that way we can insure that employees who might be employed in a proprietary preschool program, you know, that is their livelihood, that is their living, would have unemployment compensation coverage. I think perhaps the measure goes a little bit further than the Labor Committee intended or that the Senate would like to go and I would think that with additional work we may be able to limit this to the problem area."

MOTION
On motion to Senator Grant, Substitute House Bill No. 389 was ordered held on the third reading calendar for Tuesday, May 13, 1975.

MOTION
At 2:25 p.m., on motion of Senator Mardesich, the Senate recessed until 4:00 p.m.

THIRD AFTERNOON SESSION
The President called the Senate to order at 4:00 p.m.

MOTION
On motion of Senator Lewis (R. H. "Bob"), Senator Murray was excused.
SECOND READING

SENATE BILL NO. 2065, by Senators Walgren, Stortini, Keefe, and Guess (by Department of Motor Vehicles request):
Revising the definition of habitual traffic offender.

REPORT OF STANDING COMMITTEE

February 21, 1975.

SENATE BILL NO. 2065, revising the definition of habitual traffic offender (reported by Judiciary Committee):
MAJORITY recommendation: Do pass with the following amendments:
On page 2, line 24, strike all of section 2 and renumber the remaining sections accordingly.
In line 2 of the title after "RCW 46.65.020"; strike all the matter down through "RCW 46.65.040"; in line 3.
Signed by: Senators Francis, Chairman; Buffington, Clarke, Fleming, Scott, Van Hollebeke.
The bill was read the second time by sections.
On motion of Senator Francis, the committee amendment was adopted.
On motion of Senator Francis, the committee amendment to the title was adopted.
On motion of Senator Francis, the rules were suspended, Engrossed Senate Bill No. 2065 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

ROLL CALL

The Secretary called the roll on the final passage of Engrossed Senate Bill No. 2065 and the bill passed the Senate by the following vote: Yeas, 44; nays, 1; absent or not voting, 1; excused, 3.
Absent or not voting: Senator Jones—1.
Excused: Senators Donohue, Murray, Stortini—3.
ENGROSSED SENATE BILL NO. 2065, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

MOTION

On motion of Senator Mardesich, the Senate commenced consideration of Senate Bill No. 2244.

SECOND READING

SENATE BILL NO. 2244, by Senators Knoblauch, Guess, Rasmussen and Beck:
Regulating hitchhiking.

MOTIONS

On motion of Senator Buffington, Substitute Senate Bill No. 2244 was substituted for Senate Bill No. 2244 and the substitute bill was placed on second reading and read the second time in full.
On motion of Senator Woody, the following amendment was adopted:
On page 1, line 20, strike "(6)" and insert "(7)".
On motion of Senator Bottiger, the following amendment was adopted:
On page 1, line 24, after "hire" and before the period insert "nor to prevent a person from soliciting a ride for himself or for another from a recognized public, private, or military courtesy station approved by the Washington highway commission or unit of local government involved".

There being no objection, the two amendments by Senator Buffington on the Secretary's desk were withdrawn.

On motion of Senator Bottiger, the following amendment was adopted:

On page 1, following line 24 insert a paragraph as follows:

"For the purposes of this subsection, the term "emergency" shall include, but not be limited to, an accident or mechanical failure affecting the operating condition of the soliciting person's vehicle, or a fuel or transit shortage requiring ride sharing when so declared by the governor."

Senator Woody moved adoption of the following amendment:

On page 1, beginning on line 30, strike all the matter down to and including "[of this section]" on page 2, line 4, and insert "It is the intent of the legislature that this section preempt the field of regulation of hitchhiking in any form and no county, city, town, municipality or political subdivision [thereof] of the state shall take any action in conflict with the provisions of this section.

(7)"

**POINT OF INQUIRY**

Senator Cunningham: "Would Senator Woody yield to a question? Senator Woody, in this you are talking about hitchhiking in any form. Would that, if a student misses a school bus and just by standing there looks like he needs a ride, is that hitchhiking in any form?"

Senator Woody: "Are you asking me a question pertaining to this amendment?"

Senator Cunningham: "I am asking you to tell me what hitchhiking in any form is, and that is mentioned in this amendment so, yes."

Senator Woody: "It is the intent of this amendment to put the existing language that is in the statute back in, and that means that the state will have to describe what is either legal or illegal in the way of hitchhiking and that no city, county or the political subdivision can vary from that."

Senator Cunningham: "Thank you."

**POINT OF INQUIRY**

Senator Guess: "Senator Woody, would you yield? Senator Woody, I thought that we were talking about a public highway. Now would this limit the city from adopting any rules or regulations regarding hitchhiking on a city street?"

Senator Woody: "Yes, it would."

Senator Guess: "I think that the amendment then enlarges the scope and object of the bill."

Senator Woody: "We are putting in existing language. The language that by this amendment I insert is the same language that is in current law which you will see on page 1 of the bill, line 30 going through lines 1 through 4 on page 2. I am reinserting what the statute today states."

Senator Guess: "Senator Woody, I was not looking at the substitute bill. Okay, thank you very much."

**POINT OF INQUIRY**

Senator Rasmussen: "Would Senator Woody yield to a question? Senator Woody, this says, 'shall be unlawful for any person to solicit a ride for himself or another from within the right of way of any limited access facility except in such areas where permission to do so is given and posted by the highway authority of the state, county, city or town having jurisdiction over the highways.' Now your proposed amendment would nullify that section."

Senator Woody: "No, it would not. What you are reading from was subsection (2). I am reinserting the language that is in subsection (6) of current law. It has been pointed out, there is one difference. In the current language we are talking about political subdivi-
visions thereof, and cities, towns, and municipalities do not have political subdivisions. The political subdivisions are of the state and I have made that correction."

Senator Rasmussen: "Thank you."

The motion by Senator Woody carried and the amendment was adopted.

On motion of Senator Bottiger, the following amendments were adopted:

On page 2, line 5, after "another" and before the semicolon insert "from the occupant of any vehicle while upon or along a public highway"

On page 2, line 7, after "a.m." insert "from the occupant of any vehicle while upon or along a public highway"

On page 2, line 8, strike "(7)" and insert "(8)" and on line 13, strike "(8)" and insert "(9)"

MOTIONS

On motion of Senator Knoblauch, Senator Talley was excused.

On motion of Senator Buffington, the rules were suspended, Engrossed Substitute Senate Bill No. 2244 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

ROLL CALL

The Secretary called the roll on the final passage of Engrossed Substitute Senate Bill No. 2244 and the bill passed the Senate by the following vote: Yeas, 33; nays, 10, absent or not voting, 2; excused, 4.

Voting nay: Senators Bluechel, Cunningham, Fleming, Francis, Grant, Jones, Matson, McDermott, Sandison, Van Hollebeke—10.

Absent or not voting: Senators Lewis (Harry), von Reichbauer—2.

ENGROSSED SUBSTITUTE SENATE BILL NO. 2244, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

MOTION

On motion of Senator Buffington, Engrossed Substitute Senate Bill No. 2244 was ordered immediately transmitted to the House.

MOTION

On motion of Senator Mardesich, the Senate commenced consideration of Senate Bill No. 2670.

REPORT OF STANDING COMMITTEE

March 21, 1975.

SENATE BILL NO. 2670, revising liquor license requirements for common carriers (reported by Committee on State Government): MAJORITY recommendation: Do pass with the following amendments:

On page 4, line 20, after "of" and before "additional" insert "an"

On page 4, line 22, after "shall" and before "to" strike "extent" and insert "extend"

On page 4, line 32, after "(b)" strike all matter down to the period on page 5, line 4, and insert "Alcoholic beverages sold and/or served for consumption by such interstate common carriers while within or over the territorial limits of this state shall be sub-
subject to such board markup and state liquor taxes in an amount to approximate the revenue that would have been realized from such markup and taxes had the alcoholic beverages been purchased in Washington: PROVIDED, That the board's markup shall be applied on spirituous liquor only. Such common carriers shall report such sales and/or service and pay such markup and taxes in accordance with procedures prescribed by the board."

On page 5, line 15, after "(3)" and before "The" insert "Alcoholic beverages sold and delivered in this state to interstate common carriers for use under the provisions of this section shall be considered exported from the state, subject to the conditions provided in subsection (1)(b)."

FORGIVE US FOR THEM, OUR HEAVENLY FATHER, AND GIVE US THE STRENGTH, THE INSIGHTS, AND THE COURAGE TO ACT UPON THE BEST WHICH WE KNOW, IN ALL OUR ACTIONS. WE ARE GLAD FOR OUR STATE OF WASHINGTON, AND FOR THOSE WHO LEAD US IN IT. MAY THEIR LEADERSHIP AND SERVICE BE GIVEN TO ALL PEOPLE, AS IT IS GIVEN UNTO THEE. MAY ALL OF US, WHO CALL OURSELVES CITIZENS, ASSUME SUCH A DEGREE OF RESPONSIBILITY THAT WE SHALL BE WORTHY TO BE CALLED 'CITIZEN'. HELP ALL OF US TO DO THE RIGHT, AND TO REFRAIN FROM THE OVERSIMPLIFICATION OF OUR COMPLEX PROBLEMS, LEST WE MISS THE ULTIMATE GOAL OF BRINGING ABOUT A BETTER STATE FOR ALL.

"NOT ONLY FOR OUR STATE DO WE PRAY, BUT FOR ALL THOSE IN OUR NATIONAL GOVERNMENT, WHO MUST BEAR HEAVY BURDENS. MAY THEY, TOO, HAVE THE WISDOM, STRENGTH, AND COURAGE TO TACKLE THE MANY PROBLEMS WHICH FACE THEM IN THESE DIFFICULT DAYS OF SOCIAL RESPONSIBILITY.

"WE NEED THY HELP, O GOD, AND MAY WE HAVE THAT HELP TODAY, THAT TODAY'S RESPONSIBILITIES SHALL BE CARRIED WITH SUCH HONOR THAT WE SHALL BE WORTHY OF CITIZENSHIP, NOT ONLY IN OUR STATE AND NATION, BUT IN THY KINGDOM.

On page 4, line 25, strike "the calendar year 1975" and insert "with the effective date of this act".

POINT OF INQUIRY

Senator Lewis (Harry): "Will Senator Grant yield to a question? Senator Grant, your amendment just came on the desk and I do not wish to hold up the bill, but I am
wondering — what you are doing in effect is failing to give notice to employers, as I read it. If I am incorrect I hope you can straighten me out. Normally, when we act on a minimum wage bill, we provide a little time and notice and it would seem to me that your amendment would be perfected if you were to move out to the beginning of 1976. But what you are doing is on the effective date of the act you are getting immediate compliance which would not provide for notification or the possibility for people to know ahead of time what the act did, and I am not aware of any minimum wage act that was ever done and adopted this procedure, and I wonder if you could respond to that.

Senator Grant: "Senator Lewis, I intended to change the measure so that the minimum wage rates would not be retroactive to January 1, and that is the way the bill was written originally. That is the purpose of my amendment. There is sufficient notice after passage of the act to employers of this state as to the requirements for payment of the minimum wage."

Senator Lewis (Harry): “You have an emergency clause in new section . . . .”

Senator Grant: “There is also an amendment by Senator Newschwander that strikes the emergency clause. You will have an opportunity to consider that one. I think there could be litigation relative to retroactive payment of minimum wages in this state that might hold up this act, and that is the reason for my amendment. It is my sop to the business community.”

Debate ensued.

MOTIONS

Senator Lewis (Harry) moved further consideration of Engrossed Substitute House Bill No. 32 following Senate Bill No. 2469.

On motion of Senator Grant, Engrossed Substitute House Bill No. 32, as amended on May 12, 1975, together with the pending amendments by Senators Grant, Ridder and Morrison, was made a special order of business for 2:00 p.m. today.

SECOND READING

ENGROSSED HOUSE BILL NO. 587, by Representatives Ceccarelli, Berentson, Perry, Chatalas and Leckenby:
Providing for creation of West Seattle access development commission.

REPORT OF STANDING COMMITTEE

April 23, 1975.

ENGROSSED HOUSE BILL NO. 587, providing for creation of West Seattle access development commission (reported by Committee on Transportation and Utilities):

MAJORITY recommendation: Do pass with the following amendments:
Beginning on page 1 of the engrossed and printed bill strike all of sections 1, 2, 3, 4 and 5 and insert:

"NEW SECTION. Section 1. The legislature hereby recognizes that the transportation corridor in the vicinity of West Seattle is one of the most heavily travelled areas in the state of Washington; and that improved transportation and access facilities are vital to West Seattle and the future industrial and maritime development of the lower Duwamish waterway; and that the legislature recognizes the need to coordinate the funding and planning of such an addition to our state's transportation system.

NEW SECTION. Sec. 2. The senate and house standing committees on transportation and utilities shall undertake a review of previous plans, designs, studies, proposals, hearings, and any manner of pertinent information concerning the West Seattle access development project, major arterials in the South Seattle state route number 509 corridor, other major city and county arterials in the West Seattle area extending southward, including crossings of the Duwamish river in this vicinity. Such review shall commence no later than July 1, 1975, and the committees, in concert with persons, jurisdictions, and agencies affected by the future development of the project shall make such recommendations for the future disposition of the project as are deemed economically feasible. The committees shall report their recommendations to the legislature at the next regular or extraordinary session which convenes after January 1, 1976. For the purposes of carrying out the study, there is appropriated to the senate and house transportation and utilities committees from the motor vehicle fund the sum of fifty thousand dollars, or so much thereof as may be necessary.

NEW SECTION. Sec. 3. Urban arterial trust funds initially authorized by the state urban arterial board in the 1967-69 biennium for specific projects in cities over 300,000 population, as last determined by the office of program planning and fiscal management, shall remain obligated to such projects for the period through June 30, 1977 unless such project is earlier withdrawn or abandoned by the sponsoring city. This continued obligation of urban arterial trust funds shall be terminated for any project if the sponsoring city earlier provides written notice of withdrawal or abandonment of the project to the urban arterial board or if the city acts to expend any other funds, exclusive of the required matching funds, which have heretofore been allocated or set aside to pay a part of the costs of such project.

After the effective date of this 1975 amendatory act, no additional urban arterial trust funds shall be expended for conceptual or feasibility studies of any project initially authorized prior to June 30, 1969 in a city of over 300,000 population, but such limitation shall not apply to the cost of preparing final plans, specifications and estimates or other contract documents required to advertise the project for competitive bids for its construction."

Renumber the remaining section accordingly.

On page 1, beginning on line 1, after the semicolon strike all of the material down to and including "(uncodified)" on line 2 and insert "creating new sections".

Signed by: Senators Walgren, Chairman; Henry, Vice Chairman; Bluechel, Bottiger, Knoblauch, Lewis (R. H. "Bob"), Morrison, Sellar, Wanamaker.
The bill was read the second time by sections.
Senator Walgren moved adoption of the committee amendment.
Senator Buffington moved adoption of the following amendment to the committee amendment:

On line 13, of new section 2 of the committee amendment, beginning with "persons" strike all the material through "project" on line 1, page 2 of the amendment, and insert "the chief executive officer of the department of highways and representatives from the Port of Seattle, the department of commerce and economic development, the municipality of metropolitan Seattle, and the office of the mayor of the city of Seattle".

**POINT OF INQUIRY**

Senator Guess: "Would Senator Buffington yield? Senator Buffington, I thought that the committee cut out the Seattle Access Development Commission. Does this restate the Seattle Access Development Commission?"

Senator Buffington: "No, it is just an advisory. This sets out the precise individuals with whom the House and Senate Transportation Committee will consult during the interim. It still maintains the original control from the committee amendment."

**MOTION**

Senator Walgren moved that Engrossed House Bill No. 587, together with the committee amendments and the amendment to the amendment by Senator Buffington, be placed on the second reading calendar for Wednesday, May 14, 1975. Debate ensued.

The motion by Senator Walgren carried. Engrossed House Bill No. 587 was ordered to hold its place on the second reading calendar for Wednesday, May 14, 1975.

**SECOND READING**

SENATE BILL NO. 2485, by Senators Walgren and Lewis (Harry):

Authorizing a pilot project on bicycle registration.

**MOTIONS**

On motion of Senator Walgren, Substitute Senate Bill No. 2485 was substituted for Senate Bill No. 2485, and the substitute bill was placed on second reading and read the second time in full.

On motion of Senator Walgren, the rules were suspended, Substitute Senate Bill No. 2485 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage. Debate ensued.

**POINT OF INQUIRY**

Senator Odegaard: "Would Senator Lewis yield? Senator Lewis, as I take it then, all bicycles no matter what size, shape or form in Thurston County will have to be registered under this act for a three dollar fee? Up to three dollars?"

Senator Lewis (Harry): "The three dollars does not have to be levied, as I understand it, but whatever portion up to three dollars that is necessary to comply with the pilot project program."

Senator Odegaard: "Senator Lewis, will there be some kind of a license that will have to be applied to the bicycle?"

Senator Lewis (Harry): "Yes, there will. There will be a license and an inspection, I suppose, in the process for safety. What they are really trying to determine, we do not know the number of bicycles in Thurston County accurately or in the state or their usage. We have to determine the number, and how they are used, the safety, the interaction with motor vehicles, potential need for trails and so forth."

Senator Odegaard: "And then if they do not register, what kind of a penalty is there in the bill?"

Senator Lewis (Harry): "I am not aware of any penalty at all in the bill or I would not be supporting it."
SIXTY-FIRST DAY, MAY 13, 1975

POINT OF INQUIRY

Senator Rasmussen: "Will Senator Walgren yield to a question? Senator Walgren, is it not a misdemeanor if you violate a state law?"

Senator Walgren: "It is specified as such, yes."

Senator Rasmussen: "It is automatic, isn't it?"

Senator Walgren: "No, I should say not."

Senator Rasmussen: "I think that it is an automatic when you violate a state law. However, that was not the particular question. Would anything in this bill provide that the state must use bicycles between offices here in Olympia?"

Senator Walgren: "No, but I would suspect that that might very well be a result that could come from this bill, Senator Rasmussen. That is one of the reasons why we thought that Thurston County would be an appropriate place to have this registration plan because of its, of course, close proximity to the state offices and the nice weather that they have down here traditionally in Thurston County, and it may very well be that as a result of this study there will be some thought that state employees would have to start riding bicycles to work."

Senator Rasmussen: "Could you tell me one thing further, Senator? What was this committee that you talked about that developed this bill?"

Senator Walgren: "This was the Bicycle Citizens Advisory Committee composed of a number of people throughout the state of Washington, representing citizens who utilize bicycles, both for recreation and for transportation, and also composed of various representatives of the state agencies and local agencies. It was appointed as a result of a Senate resolution adopted here, I think, two sessions ago."

Senator Rasmussen: "I remember that. The Transportation Committee, I think, originated that to get away from spending too much highway funds on the bicycle trails."

Senator Walgren: "Yes."

Senator Rasmussen: "Thank you, Senator."

Debate ensued.

POINT OF INQUIRY

Senator Herr: "Will Senator Lewis yield to a question? Did I hear you correct now? This is just for Thurston County?"

Senator Lewis (Harry): "Yes."

Senator Herr: "And it is a pilot program, but I would like to just say that I am from King County and I would kind of have to agree with Senator Rasmussen, but as long as it is your county only, I feel I can support the bill."

Senator Lewis (Harry): "Thank you, Senator."

POINT OF INQUIRY

Senator Fleming: "Would Senator Lewis yield to a question? Senator Lewis, would you object to a little amendment adding horses on here?"

Senator Lewis (Harry): "Senator, I really would not object to a little amendment adding Kitsap."

POINT OF INQUIRY

Senator Day: "Would Senator Walgren yield? Not a facetious question, Senator. What about the young boy who does not have too much, but has an old bike? Now it is worth ten dollars. Is he going to be charged three bucks for an annual fee to ride that bike, whether he uses these trails or not?"

Senator Walgren: "Senator Day, one of the things that we want to try and determine from this registration program is just exactly what kind of criteria we ought to set out as far as registering, and obviously there are going to be situations such as you point out that could be difficult situations. Now I suspect that the law probably applies in that particular situation, but I think if we find that there are inequities, that there are problems as far as registration, then I would expect that that would be one of the things that would come back to us. I should note that this bill, Senate Bill No. 2485, was originally
conceived as the alternative to the statewide bicycle registration bill which is still in committee. That was going to be a total statewide registration. We thought we ought to have it in one county that we could test it out, so some of these questions will be answered.”

Senator Day: “What about age limits? It does not make any difference how old the bicycle owner is?”

Senator Walgren: “No.”

Further debate ensued.

MOTION

Senator Day moved the rules be suspended and Substitute Senate Bill No. 2485 be returned to second reading.

Debate ensued.

The motion by Senator Day failed.

ROLL CALL

The Secretary called the roll on the final passage of Substitute Senate Bill No. 2485, and the bill failed to pass the Senate by the following vote: Yeas, 22; nays, 24; absent or not voting, 2; excused, 1.

Voting yea: Senators Bailey, Beck, Benitz, Bluechel, Bottiger, Buffington, Francis, Goltz, Gould, Grant, Guess, Jolly, Knoblauch, Lewis (Harry), McDermott, Murray, North, Ridder, Sandison, Talley, Walgren, Wanamaker—22.

Absent or not voting: Senators Donohue, Newschwander—2.

Excused: Senator Keefe—1.

SUBSTITUTE SENATE BILL NO. 2485, having failed to receive the constitutional majority, was declared lost.

PARLIAMENTARY INQUIRY

Senator Washington: “It is my understanding that you can give the notice of reconsideration at any time, on the final passage of the bill, at any time during the day. It is only on an amendment that you are tied with intervening business?”

REPLY BY THE PRESIDENT

The President: “Yes, Senator Washington.”

MOTION

At 12:00 noon, on motion of Senator Mardesich, the Senate recessed until 2:00 p.m.

AFTERNOON SESSION

The President called the Senate to order at 2:00 p.m.

MOTIONS

On motion of Senator Knoblauch, Senator Sandison was excused.

On motion of Senator Ridder, Engrossed Substitute House Bill No. 32, the special order of business for 2:00 p.m., was held for consideration following Senate Bill No. 2342.
SECOND READING
SENATE BILL NO. 2342, by Senators Rasmussen, Henry and Wanamaker (by State Auditor request):
Requiring state auditor to audit municipal associations.
The bill was read the second time by sections.

MOTIONS
On motion of Senator Knoblauch, Senators Donohue and Walgren were excused.
On motion of Senator Rasmussen, the rules were suspended, Senate Bill No. 2342 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

POINT OF INQUIRY
Senator Lewis (R. H. "Bob"): "Will Senator Rasmussen yield? Would you explain for me please, Senator Rasmussen, for some reason other than just the fact that the State Auditor requested it, what purpose this bill might serve? I really wonder why he requested it. Have there been some problems or something? I really wonder if we are just passing a law here for harassment or whether there is some legitimate reason for us to be passing this bill."

Senator Rasmussen: "No. It requires the same thing of all governmental agencies — that they be audited — and some of those, because of an Attorney General's opinion, they have not been able to audit them and there was a lot of objection to them being audited, to being subject to audit, but when the ruling was made that they could keep their funds separate, then they have no objection. So there is no harassment."

Senator Lewis (R. H. "Bob"): "You mean the Association of Washington Cities and the Association of Washington Counties would be included in this audit program, is that correct?"

Senator Rasmussen: "That is correct, yes."

Senator Lewis (R. H. "Bob"): "And you say they have no objections to this now that it has been permitted for them to keep their funds separate. Is that correct?"

Senator Rasmussen: "It is my understanding, unless you have heard something different. Senator Lewis, I might explain. The Association of Washington Cities, of course, has personal service contracts. We had discussion here on the floor the other day with Senator Fleming. They receive some seven hundred and fifty thousand dollars from motor vehicle funds, but they then make a personal service contract through Washington Cities Institute, or something like that. I forget what the name is, but they also, in addition, have separate funds that come in from various associate members and that is what you might call their partying fund. If they want to buy booze or anything else with that, that is their privilege, and I know that the cities ordinarily do not engage in booze parties, but the public funds that come in, the purpose is to have those audited. The other funds we have no interest in if they are private or social funds."

MOTION

At 2:20 p.m., on motion of Senator Mardesich, the Senate recessed until 3:55 p.m.

SECOND AFTERNOON SESSION

The President called the Senate to order at 3:55 p.m.

SPECIAL ORDER OF BUSINESS

SECOND READING

ENGROSSED SUBSTITUTE HOUSE BILL NO. 32, by Committee on Labor (originally sponsored by Representatives Parker and Adams):

Conforming state minimum wage laws to federal laws.

The time having arrived, the Senate resumed consideration of Engrossed Substitute House Bill No. 32, as amended, and the amendments by Senators Grant, Morrison and Ridder moved for adoption earlier today.

POINT OF INQUIRY

Senator Guess: "Will Senator Grant yield? Senator Grant, 'the notification shall be done in the quarterly notice to employers.' I am not aware that they give any notice to any employers. Can you describe what kind of a journal they will use to do that?"

Senator Grant: "For one thing, the Employment Security Department notifies them of their taxes due on a quarterly basis. The Department of Labor and Industries notifies employers of their taxes due under workmen's compensation, too. There are regular quarterly reports by both departments to all employers in the state of Washington, Senator Guess."

Senator Guess: "It is normally up to the employer, once he has established his account with the Department of Labor and Industries, to automatically send that in, is my memory of it."

Senator Grant: "My recollection is that they are sent out quarterly to every em-
ployer in the state of Washington. Of course, that is a different section, Senator Guess, and I certainly will make every effort in the event that that is not a requirement to see to it that the requirement of notice to employers is given."

The motion by Senator Morrison carried and the amendments were adopted.

Senator Morrison moved that the following amendments be considered and adopted simultaneously:

On page 3, section 2, lines 27-28 strike "and ten cents" and on line 28 strike "1976" and insert "1977".

On page 4, section 2, line 2 strike "twenty" and insert "ten" and on line 3 strike "thirty" and insert "twenty" and on line 4 after "hour" insert "and beginning the calendar year 1978 at a rate of not less than two dollars and thirty cents an hour".

On page 4, section 2, line 8 after "dollars" strike "and ten cents".

On page 4, section 2, line 9 strike "twenty" and insert "ten" and on line 11 strike "thirty" and insert "twenty" and on line 11 after "hour" insert "and beginning the calendar year 1978 at a rate of not less than two dollars and thirty cents an hour".

On page 4, section 2, line 15 after "dollars" strike "and ten cents" and on line 17 strike "twenty" and insert "ten" and on line 18 strike "thirty" and insert "twenty" and on line 18 after "hour" insert ", and beginning the calendar year 1978 at a rate of not less than two dollars and thirty cents an hour".

On page 4, section 2, line 27 strike "twenty" and insert "ten" and on line 29 strike "thirty" and insert "twenty" and on line 29 after "hour" insert ", and beginning the calendar year 1978 at a rate of not less than two dollars and thirty cents an hour".

On page 5, section 3, line 11 strike "eighty" and insert "sixty" and on line 12 strike "two dollars" and insert "one dollar and eighty cents" and on line 14 strike "and twenty cents" and on line 15 strike "thirty" and insert "twenty" and on line 15 after "hour" insert ", and beginning calendar year 1979 at a rate of not less than two dollars and thirty cents an hour"

PARLIAMENTARY INQUIRY

Senator Ridder: "My understanding is that on page 4, section 2, line 8, where Senator Morrison has proposed his third amendment, that that is the committee amendment. Parliamentary Inquiry as to the propriety of that. Where it strikes ten cents."

REPLY BY THE PRESIDENT

The President: "Senator Ridder, do you wish to speak on your point?"

Senator Ridder: "Yes. Simply that the committee amendment which we have adopted refers to page 4, section 2, line 8, after 'dollars' strike 'and ten cents' which is in the third grouping that Senator Morrison has here and it is my understanding that once having been adopted we cannot go back and rescind that as a part of the action in the total billing like this."

REPLY BY THE PRESIDENT

The President: "Senator Ridder, Senator Morrison, the President believes that Senator Ridder's remarks are well taken, inasmuch as a committee amendment has already been adopted."

POINT OF ORDER

Senator Grant: "Mr. President, I raise the point of order on two of Senator Morrison's amendments; the one on line 8 which was the committee amendment, and the one on line 15 which was the amendment that I proposed that was already adopted by the Senate in that Senator Morrison's amendments to those particular lines negate the action that has already been taken by the body, and I would refer you to Reed's Rule No. 136, 'If the amendment is decided in the affirmative, then the words inserted cannot in any event be stricken out except with other words and then only when with other words they constitute a new proposition.' This is not a new proposition. It returns the minimum wage to the rate that was previously in the bill and that question has already been decided in the affirmative by the Senate."

Debate ensued.
RULING BY THE PRESIDENT

The President: "The President, in ruling upon the point of order as presented by Senator Grant, finds that Senator Grant's remarks are well taken as Senator Grant indicated by reading that portion of Rule 136 that applies. The President suggests to you, Senator Morrison, that if you are to achieve your objective, it would be necessary for the Senate to reconsider the vote by which those two particular amendments were adopted."

Senator Morrison: "Mr. President, I am not sure how to proceed. I think we have ourselves in a slight box as far as the effective date of this particular act is concerned, and while I realize there would be unhappiness to hold this over, I would suggest — if there is some way, Senator Lewis — that we attempt to do that so that the Senate may properly consider this particular question."

REMARKS BY THE PRESIDENT

The President: "The President would suggest that you move that the Senate consider all of the amendments simultaneously, with the exception of the two that were included in Senator Grant's Point of Order."

The amendments by Senator Morrison to page 4, lines 8 and 15, were ruled out of order.

Senator Morrison moved that the amendments, other than those ruled out of order, be considered and adopted simultaneously.

Debate ensued.

Senator Bailey demanded a roll call and the demand was sustained by Senators Fleming, Ridder, Grant, Knoblauch, Van Hollebeke, Goltz, Scott, Clarke and Wilson.

MOTION

On motion of Senator Lewis (R. H. "Bob"), Senator Buffington was excused.

The President declared the question before the Senate to be the roll call on adoption of the amendments by Senator Morrison, excluding those amendments to page 4, lines 8 and 15, which were ruled out of order.

ROLL CALL

The Secretary called the roll and the amendments were not adopted by the following vote: Yeas, 18; nays, 28; excused, 3.

Voting yea: Senators Benitz, Bluechel, Clarke, Cunningham, Gould, Guess, Jones, Lewis (Harry), Lewis (R. H. "Bob"), Matson, Morrison, Murray, Newschwander, North, Pullen, Scott, Sellar, Wanamaker—18.

Excused: Senators Buffington, Keefe, Sandison—3.

Senator Morrison moved adoption of the following amendment:

On page 5, line 31, after "amended" insert "and the provision of this subsection shall not apply to employees who request compensating time off in lieu of overtime pay."

Senator Grant moved adoption of the following amendment to the amendment by Senator Morrison:

In the last line of the amendment by Senator Morrison, after "off" and before "in" insert "at the rate of one and one-half hour for each hour worked."

POINT OF INQUIRY

Senator Lewis (Harry): "Would Senator Bottiger yield to a question? Senator Woody or Senator Marsh. I have a serious question on the contracts that we worked out for legislative employees, and under Senator Grant's amendment and without Senator Morrison's amendment, unamended by Senator Grant, it appears to me that we would be changing the intent of the legislative agreement with its own employees. Can you tell
me what the impact of Senator Grant's amendment to Senator Morrison's amendment would be as it would affect legislative employees and the contracts we have with them?"

Senator Bottiger: "Senator Lewis, there is an old rule that lawyers have, and do not ask a question unless you know what the answer is going to be. The answer is, I do not think that Senator Grant's amendment would affect it. As I recall the contract, it simply provided for compensatory time off and did not say how much, so I do not know that his amendment would violate the agreement we had with the employees. The failure to adopt an amendment, I think, violates the agreement we have with the employees, and I sure know it violates the agreement I have with my secretary back in my law office."

The motion by Senator Grant failed and the amendment to the amendment by Senator Morrison was not adopted.

The motion by Senator Morrison carried and the amendment was adopted on a rising vote.

Senator Morrison moved adoption of the following amendment:

On page 6, line 26, after "consumption" insert ": PROVIDED FURTHER, That this section shall not apply in the event that a federal law exists which regulates the work hours or work week of an industry, business or any employee or group of employees".

POINT OF INQUIRY

Senator Grant: "Would Senator Morrison yield? Senator Morrison, you have indicated that there are many examples of this effect of treatment. Could you give me a couple of those examples?"

Senator Morrison: "I am sorry, Senator Grant, but the Labor Committee attorney picked up the book that I had. All I have is the sheet that indicates that overtime exemptions were gained under the 1974 Minimum Wage Laws at the federal level for boat dealers, conglomerates, house parents for orphans, policemen and firemen, tobacco auctions, sugar processing, and about fifteen or twenty other provisions that provide something different than what we are providing in this state act. All the amendment says is, where there already is federal preemption in those fields and they treat them differently than we do, that our forty hour requirement will not apply."

Senator Grant: "I did not understand your response, Senator Morrison. Are you saying that the federal act treats those groups of employers and employees that you have specified differently or are you saying that those employers and employees that you have mentioned are now covered under the federal act? Which is the situation?"

Senator Morrison: "The situation is that the federal act treats certain groups differently. In fact, in most cases the items that I have mentioned. There are a number of others that I have not mentioned that are treated differently. In most cases, Senator Grant, I find that the federal government is eager to work toward a forty hour work week, but they recognize the seasonality of many of these industries and they provide provisions that are in conflict with House Bill No. 32 that is in front of us, and I am just saying that we should not force a hardship on those industries in this state when in fact it has been a determination by the federal government that they should be treated differently in our march toward whatever it is we are moving toward in the forty hour work week."

Senator Grant: "Mr. President, I would like to have a little better explanation. I saw the attorney over there on your side a little bit ago. Maybe you could go out and get a response from him if he is still around as to what different treatment is given under the federal act. Do they have forty-eight hours a week? Fifty-two? In those areas. That is what we are talking about, a forty hour week."

POINT OF INQUIRY

Senator Morrison: "Will Senator Grant yield to a question? Senator Grant, is it your intent that these quarterly notices be sent out before the effective date of this act?"

Senator Grant: "The act no longer has an emergency clause and, yes, I would expect them to be sent out before the effective date."

Senator Morrison: "Thank you."

MOTIONS

On motion of Senator Peterson, Substitute Senate Bill No. 2394 was substituted for Senate Bill No. 2394, and the substitute bill was placed on second reading and read the second time in full.

Senator Morrison moved adoption of the following amendment by Senators Benitz and Morrison:

On page 1, line 10, after "forest" strike ", grazing or agricultural".

Debate ensued.

POINT OF INQUIRY

Senator Washington: "A question of Senator Benitz. What is the problem involved? It seems to me that grazing land or at least agricultural land, if it does not have access, should have access. What is the answer to that and what problems do we cause by causing proper access to state land?"

Senator Benitz: "In several categories that you could. One, if you have grazing land which could be state land under lease and that is a valuable lease; it is valuable to you and valuable to the state of Washington, and if it is protected in some cases by private property, and the right of eminent domain opens that up to where you not only would have to build a fence that would become of little or no value to you for grazing land if you suddenly find it open for public recreation."

Senator Washington: "But if we do not do that, we are holding down the value of state lands, and by eminent domain, of course, you would be paid for the land and you would also be paid for whatever other damages which you would have — severance damage — and you would have to put up a fence on it. I have problems seeing the necessity for keeping state lands isolated."

Senator Benitz: "I think the reverse would be true, Senator Washington, saying that you would destroy or you would not increase the value, would destroy the value, you could well destroy the value of a state lease."

Further debate ensued.

The motion by Senator Morrison failed and the amendment was not adopted.
On motion of Senator Peterson, the rules were suspended, Substitute Senate Bill No. 2394 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

SECOND READING

SENATE BILL NO. 2895, by Senators Day, Jones and Ridder:
Amending law relating to blind vendors in public buildings.

REPORT OF STANDING COMMITTEE

April 9, 1975.

SENATE BILL NO. 2895, amending law relating to blind vendors in public buildings (reported by Committee on Social and Health Services):

MAJORITY recommendation: Do pass with the following amendments:

On page 1, beginning on line 11, strike all of section I, subsection (2) and insert a new subsection as follows:

“(2) “Blind person” means a person whose central visual acuity does not exceed 20/200, in the better eye with correcting lenses or whose visual acuity, if better than 20/200, is accompanied by a limit to the field of vision in the better eye to such a degree that its widest diameter subtends an angle of no greater than twenty degrees. In determining whether an individual is blind there shall be an examination by a physician skilled in diseases of the eye, or by an optometrist, whichever the individual shall select.”

On page 1, line 22, after “building” and before the period insert “and designated by the department as being appropriate for inclusion in the business enterprises program:

Provided, however, that any vending facility or vending machine under the jurisdiction and control of another established state board or authority responsible for its maintenance and operation shall be so designated without the consent and approval of such state board or authority”.

Signed by: Senators Day, Chairman; von Reichbauer, Vice Chairman; Buffington, Cunningham, Francis, Goltz, North, Ridder.

The bill was read the second time by sections.

On motion of Senator Day, the committee amendment to page 1, beginning on line 11, was adopted.

Senator Day moved adoption of the committee amendment to page 1, line 22.

POINT OF INQUIRY

Senator Goltz: “Would Senator day yield to a question? Senator Day, I have just
read the printed committee amendment in the book. It appears to me that a word is missing. The 'not' is missing from 'shall.'

Senator Day: "In which amendment, Senator?"

Senator Goltz: "This is on page 1, line 22 after 'building' and before the period. It is the second amendment on that first sheet. I think the proviso should read, 'however, that any vending facility or vending machine under the jurisdiction and control of another established state board or authority responsible for its maintenance and operation shall not be so designated without the consent and approval of such state board or authority.' "

Senator Day: "I believe you are correct, Senator."

On motion of Senator Goltz, the following amendment to the committee amendment was adopted:

Amend the committee amendment to page 1, line 22 as follows:
On the third line of the amendment to page 1, line 22, after "operation shall" insert "not".

The motion by Senator Day carried and the committee amendment, as amended, was adopted.

On motion of Senator Day, the rules were suspended, Engrossed Senate Bill No. 2895 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

POINT OF INQUIRY

Senator Cunningham: "My concern with this is what we are doing to disabled veterans and I wonder if Senator Francis would yield to a question? Senator Francis, what is the impact of this in comparison to the blind jurors bill that we dealt with the other day?"

Senator Francis: "Senator Cunningham, it does not deal with blind jurors. Now, are you saying in effect that this is consistent or inconsistent with the thrust of the blind jurors bill? The bill on that subject was simply to give blind persons an opportunity to serve on juries and to be treated on an individual case by case basis rather than to run into an across the board exclusion from jury panels, so I would say that the thrust of the blind juror bill was to treat jurors equally with other potential jury panel members to give them equality."

ROLL CALL

The Secretary called the roll on the final passage of Engrossed Senate Bill No. 2895, and the bill passed the Senate by the following vote: Yeas, 39; nays, 5; absent or not voting, 2; excused, 3.

Voting nay: Senators Bluechel, Cunningham, Gould, North, Pullen—5.

Absent or not voting: Senators Lewis (Harry), Newschwander—2.

Excused: Senators Buffington, Keefe, Sandison—3.

ENGROSSED SENATE BILL NO. 2895, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

MOTION

On motion of Senator Mardesich, the Senate commenced consideration of Senate Bill No. 2863.

SECOND READING

SENATE BILL NO. 2863, by Senators Marsh, McDermott and Gould:
Compelling action by school boards to assure physical safety of pupils. The bill was read the second time by sections. Senator Gould moved adoption of the following amendment: On page 1, line 13, after "guardian" and before "thereof" insert "having legal custody". 

POINT OF INQUIRY

Senator Woody: "Would Senator Gould yield? Your reference in your amendment to legal custody, that applies not only to the term 'legal guardian' but also to the term 'parent'?"

Senator Gould: "I had not thought of it that way. Is it necessary?"

Senator Woody: "Yes."

Senator Gould: "Yes. I thought all parents had legal custody."

The motion by Senator Gould carried and the amendment was adopted. On motion of Senator Stortini, the rules were suspended, Engrossed Senate Bill No. 2863 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage. Debate ensued.

POINT OF INQUIRY

Senator Bluechel: "Would Senator Marsh yield to a question, please? Senator Marsh, I am very much in sympathy with the bill, but I have a couple of questions here that are technical. What happens when a neighbor picks up a child and does not have authorization from the parent because the parent may be working or for some other reason is not available to give authorization to a neighbor?"

Senator Marsh: "There would be no effect as far as the law is concerned. There would be a violation of school rules but it certainly would not affect picking them up. The purpose of this bill is to give the teacher a right or a school the right to hold children when unauthorized people say they want to pick up a child. So if it were done without knowledge or consent, again, there is no criminal penalty but if a teacher or school is aware of this, then I think they would have the right to hold the child."

Senator Bluechel: "By passing this bill, and say that situation happened and let us go one step further — and there was an accident of some kind, would the school be liable?"

Senator Marsh: "No."

POINT OF INQUIRY

Senator Wilson: "Would Senator Marsh yield, please? Senator Marsh, if a child is injured during school hours and is going to be transported to a hospital by a person who has not been specifically authorized by a parent or legal guardian, would that person then be in violation of this act?"

Senator Marsh: "No. The usual procedure is, as I understand it, the nurse would normally phone home or the principal would normally phone home and find out who should do the transporting, but if there was no one available, certainly the rules and regulations that the board of school directors could adopt could provide for that type of situation."

Senator Wilson: "But does the law or the act permit the school board to adopt a policy which provides for any other form of permission except that given by the parent or legal guardian?"

Senator Marsh: "Yes."

Senator Wilson: "It seems to me the law says, in effect, that the district policy shall provide that no child will be removed from any school grounds except by a person so authorized by the parent or legal guardian and that the school board has no option but to provide for that as being the sole criteria with respect to the removal of a child during school hours."

Senator Marsh: "I would anticipate that the board of directors of a school district would provide for those emergency situations and would send out a notice to all the
parents saying that, 'We have provided by rule and regulation that under emergency conditions your children may be transported and please designate the name of a neighbor, and if you do not designate, we are going to make other arrangements.' I do not see anything in the law that prohibits the school board from taking action. It just says the school board shall adopt rules and regulations, and I am sure that they can work that particular problem."

POINT OF INQUIRY

Senator Cunningham: "Would Senator Marsh yield to another question? Senator Marsh, is it your intention that this authorization by the parent or legal guardian will be in writing?"

Senator Marsh: "No, it is not. I would assume that would be the usual situation, but it is not specifically provided that way and I did not have the intention one way or another. I simply wanted the school board to have rules and regulations, and whether or not the authorization has to be in writing could be set out in the rules and regulations. It would seem to me that if the school board said that a school principal should have some type of authorization on file when children are going to be removed, whether that be delivered verbally and a notation made of it in the school record or whether it be in writing, I think either way would be sufficient. I think it would be sufficient for a principal to say, ‘Who do you authorize to take your children home in emergency situations?’ and make a notation. I do not see that it has to be in writing."

POINT OF INQUIRY

Senator Cunningham: "Would Senator Clarke yield to a question? Senator Clarke, if the school has this verbal authorization by a legal guardian for a specific person to remove a child on file and the school releases the child to someone who could be the parent, say in the case of a separation, and the child is taken, can the school, in your opinion, be open to a liability?"

Senator Clarke: "Senator, that is a hard question to answer categorically. I would say that under normal circumstances and without this enactment, a school board is bound to in effect insure that reasonable precautions are taken that a minor child under their supervision during school hours will not be given to some unauthorized person. Now the effect of this statute, if enacted, I think mandates the school board to adopt rules and regulations and the fact that they are so mandated, I do think, could have an effect of increasing the probability of their liability in the event that they did not adopt rules and regulations at all."

Further debate ensued.

MOTION

On motion of Senator Marsh, Engrossed Senate Bill No. 2863 was ordered held on the third reading following consideration of Senate Bill No. 2689.

SECOND READING

SENATE BILL NO. 2689, by Senators Bailey, Murray and Sandison:
Regulating school-related photography services.

MOTIONS

On motion of Senator Stortini, Substitute Senate Bill No. 2689 was substituted for Senate Bill No. 2689, and the substitute bill was placed on second reading and read the second time in full.

On motion of Senator Stortini, the rules were suspended, Substitute Senate Bill No. 2689 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

POINT OF INQUIRY

Senator Rasmussen: "Senator Stortini, I thought when you were talking you indicated that the student would not have to use this photography service."
Senator Stortini: "It is purely a voluntary basis."
Senator Rasmussen: "It directs the State Board of Education to adopt rules governing the conditions under which the school district may contract. Do you have any idea what type of rules that they would be adopting?"
Senator Stortini: "Senator Rasmussen, for example, at your high school in the Twenty-ninth District, Mount Tahoma High School, if they decide to bid out to a local photographer, then on the whole the majority of the students in that school probably would use that photographer. In K through 11 they will line up in the auditorium and have their pictures taken. The seniors will go down to that photography shop some time prior to the deadline for pictures in the senior book, but they have freedom of choice. If that senior, for example, would rather go somewhere else on his own or her own, so shall it be, then."
Senator Rasmussen: "If they can get a better price, they can go any other place?"
Senator Stortini: "That is right."
Senator Rasmussen: "The second question, Senator Stortini. I asked you this question in the caucus. This contract, would this permit the students to get the negatives of their pictures at the time?"
Senator Stortini: "The contract is between the school and that contractor and if that is in the bid, then yes, they would be able to get those negatives."
Senator Rasmussen: "So the individual school district could write a contract and specify that the negatives would be the property of the student?"
Senator Stortini: "If that is part of the contract, that is right."
Senator Rasmussen: "Thank you, Senator Stortini."

Senator Ridder: "Yes."

MOTION FOR RECONSIDERATION

Having voted on the prevailing side, and prior notice having been given, Senator Scott moved that the Senate reconsider the vote by which House Bill No. 307 failed to pass the Senate.

Debate ensued.

POINT OF INQUIRY

Senator Knoblauch: "Would Senator Scott yield to a question? Senator Scott, I have two amendments there, one marked 'revised'. The revised one mentions just the University of Washington. The other one mentions any college, university and so forth."

Senator Scott: "Senator, that was originally agreed to, but obviously it cannot be done for the same reason that my first set of amendments which the President ruled out of order on Friday were not possible; namely, that if we deal with the other institutions as that amendment does, prohibiting liquor but permitting one-day banquet licenses, then we broaden the scope of the bill which — the title has the University of Washington alone on it."

The motion for reconsideration by Senator Scott carried.

MOTIONS

On motion of Senator Scott, the rules were suspended and House Bill No. 307 was returned to second reading.

On motion of Senator Scott, the following amendment by Senators Scott, Francis and Gould was adopted:

MOTIONS

On motion of Senator Lewis (R. H. “Bob”), Senators Newschwander and Scott were excused.

There being no objection, Senator Donohue was excused.

On motion of Senator Mardesich, the rules were suspended and Senate Bill No. 2290 was advanced to second reading.

REPORT OF STANDING COMMITTEE

May 6, 1975.

SENATE BILL NO. 2290, appropriating funds to counties to aid in operation of criminal justice system (reported by Committee on Social and Health Services):

MAJORITY recommendation: Do pass with the following amendments:

On page 1 of the bill, strike everything after the enacting clause and insert:

"Section 1. Section 1, page 124, Laws of 1886 and RCW 10.85.030 are each amended to read as follows:

The county commissioners in the several counties of the state, when in their opinion the public good requires it, are hereby authorized to offer and pay a suitable reward, not to exceed [five hundred] fifty thousand dollars in any one case, to any person or persons who, in consequence of such offer apprehends, brings back and secures any person or persons, convicted of or charged with any criminal offense, if the offense be a felony."

In line 1 of the title, after “justice;” strike the rest of the title and insert “and amending section 1, page 124, Laws of 1886, and RCW 10.85.030.”

Signed by: Senators Day, Chairman; von Reichbauer, Vice Chairman; Buffington, Cunningham, Goltz, Gould, Herr, McDermott, North, Pullen, Ridder, Van Hollebeke.
The bill was read the second time in full.
Senator Day moved adoption of the committee amendment.
Senator Woody moved adoption of the following amendment to the committee amendment:
Amend the amendment by Committee on Social and Health Services as follows:
On line 12 following "felony" insert "or who, in consequence of such offer, supplies material information which directly leads to or results in the arrest, charging or conviction of any person or persons for the commission of a felony".
"The legislature finds that the allowance of awards leading to the arrest, charging or conviction of felons materially aids law enforcement and therefore constitutes a proper use of county funds."

POINT OF INQUIRY
Senator Rasmussen: "Would Senator Woody yield to a question? Senator Woody, I do not have the bill before me. This reward that is posted, who can collect it? What I am wondering is, the reward is posted by the county and available. Does that go to any police officer or anyone in the ordinary course of his duties?"
Senator Woody: "If this amendment is adopted, then the various counties could include police officers or they could not, dependent upon the desires of the county administration. It would be anyone who offers, supplies, material information. The counties could exclude, however, those people who are in law enforcement and are paid on a monthly basis to obtain this same information."
Senator Rasmussen: "Senator Woody, I would not think any police officer would withhold information until such time a reward is offered. It is written in such a fashion that it does not go to any officer in the line of police enforcement."
Senator Woody: "That is true and, remember, there is also a body of contract law, and by the way, I have discovered you have more than a passing acquaintance with an attorney named Neil Hoff, who is a wonderful attorney. And if you were to ask him about this, he would tell you the contract law on this, that an offer of a reward, even though somebody comes in with the information, is not an acceptance and therefore is not a contract. So if a police officer were to come in with the information saying, 'You have offered the reward, and here it is,' it is not a contract and he cannot enforce it."
Senator Rasmussen: "Thank you."

POINT OF INQUIRY
Senator Clarke: "As I read this, Senator Woody, conviction is not required. In other words, if someone is charged and returned to the state and found to be completely innocent, the reward would still be payable. Do I read that correctly?"
Senator Woody: "That is correct, but it is also to take into consideration the situation in which they have the right fellow, due to the information obtained, but due to a mistake made by the assistant prosecutor trying the case, there is a mistrial, or insanity defense, something of that sort. You do not want to force that situation from making it payable to the person bringing forth the information that really gets the right fellow there. It is just that he is found not guilty by reason of insanity or there is a mistrial due to conduct of the prosecutor during the trial."
Senator Clarke: "Senator, this is all in the alternative and if he supplies material which directly leads to or results in simply the arrest, he could be arrested and not even eventually charged. I just wondered if you intended to go that far."
Senator Woody: "Yes, I did, because of the situations in which the police officer who makes the arrest arrests the right person as a result of the information but because the arrest is a bad arrest. Let us say he does not give him his Miranda rights. The prosecutor does not even go any further on that particular point in trying to put the fellow up for trial because he knows that the fellow will be released immediately on a writ of habeas corpus."
Senator Clarke: "Thank you, Mr. President. I understand the concept, but I am a little bit disturbed about the broadness of the situation because I can conceive of someone, in effect, bringing some person back and supplying information which would lead
to an arrest. The information supplied by the very person bringing him back might lead to an arrest and the whole thing might be erroneous and he would still apparently be entitled to collect the reward."

Debate ensued.
The motion by Senator Woody carried and the amendment to the committee amendment was adopted.
The motion by Senator Day carried and the committee amendment, as amended, was adopted.

On motion of Senator von Reichbauer, the following amendment was adopted:

On page 2, after line 10, add the following section:

"NEW SECTION. Sec. 2. This act is necessary for the immediate preservation of the public peace, health, and safety, the support of the state government and its existing public institutions, and shall take effect immediately."

On motion of Senator Day, the committee amendment to the title was adopted.

On motion of Senator von Reichbauer, the following amendment to the title was adopted:

On page 1, line 2 of the title, after "RCW;" strike "and", and after "appropriation" insert "; and declaring an emergency".

On motion of Senator Day, the rules were suspended, Engrossed Senate Bill No. 2290 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

The Secretary called the roll on the final passage of Engrossed Senate Bill No. 2290, and the bill passed the Senate by the following vote: Yeas, 42; nays, 3; excused, 4.

Senator Day moved adoption of the following amendment:

On page 2, line 15, after "bicycle" insert ": PROVIDED, That bicycle owners age 16 or less shall pay no more than a one dollar fee".

POINT OF INQUIRY

Senator Guess: "Will Senator Lewis yield? Senator Lewis, we have had a good bit of discussion on the purpose of this bill and I wish that you would for us tell the legislative intent in the bringing of the bill to the floor."

Senator Lewis (Harry): "Senator Guess, for the record, it was my intention with this legislation not to penalize families with a large number of children who had a lot of bicycles, in terms of fees, in this pilot project. I feel sure that the commissioners and those involved in setting those fees will take into consideration the minimum amount necessary to provide the information that is necessary for the pilot project. Specifically,
a family of four or five, it was not the intention of the bill that they should pay even a dollar to register, as Senator Day has suggested, but it would be an amount that would be a bare minimum to meet the standards and to try to obtain the information. The basic purpose of the bill was really the safety area and the gathering of information which I think would be constructive and which I think Thurston County residents would look forward to."

The motion by Senator Day carried and the amendment was adopted.

On motion of Senator Walgren, the rules were suspended, Engrossed Substitute Senate Bill No. 2485 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

MOTION

SECOND READING

HOUSE BILL NO. 175, by Representatives Hansen, Nelson and Clemente (by Department of Highways request):

Removing gross weight limitations for vehicles operated within project boundaries.

The bill was read the second time by sections.

On motion of Senator Guess, the rules were suspended, House Bill No. 175 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

POINT OF INQUIRY

Senator Rasmussen: "Will Senator Guess yield to a question? Senator Guess, I noticed in the information sheet on House Bill No. 175 in essence this bill says where the reason for the rule fails, the rule should fail. In other words, the special weight limitations were established to protect the roadways of the state of Washington. House Bill No. 175 provides that when heavy vehicles are operating on a roadway which is being demolished, there is no need for such protection. I would agree with that statement but I am a little curious. These overweight trucks do not stay only on the part of the highway that is being demolished. They picked their load up and go someplace else to dump it."

Senator Guess: "Senator Rasmussen, the type of equipment that we have or are using in this particular instance is not licensed to go on the road. If they dump their load, they have to do it either within the project limits or on the particular areas that are
designated by the Highway Department. It will not cause damage in other places and they will not permit this except within the project limits.”

Senator Rasmussen: “I hope you are right.”

Senator Guess: “A good illustration of this was down in Woodland, Washington, and they had some large equipment down there. The borrowing pits were off to the side, over on the other side of the railroad and they found out that they could do this and actually by using the heavy equipment where they were going to take the pavement out, it helped break the pavement up, and the state would not permit this in any place except where the roadway is going to be torn out.”

ROLL CALL

The Secretary called the roll on the final passage of House Bill No. 175, and the bill passed the Senate by the following vote: Yeas, 43; absent or not voting, 2; excused, 4.

Absent or not voting: Senators Peterson, Sellar—2.

REPORT OF STANDING COMMITTEE

April 3, 1975.

SENATE BILL NO. 2723, limiting the use of criminal offender records and prescribing procedures (reported by Judiciary Committee):

MAJORITY recommendation: Do pass with the following amendments:

On page 2, beginning on line 4, strike all of sections 3, 4, 5 and 6 and renumber the following sections accordingly and correct the internal cross-references accordingly and on line 33, after “copy” and before “individual’s” strike “an” and insert “such”.

On page 3, line 10, after “recover” strike all the matter down through “with” on line 11.

Signed by: Senators Francis, Chairman; Bottiger, Buffington, Marsh, Van Hollebeke, Woody.

The bill was read the second time by sections.

On motion of Senator Francis, the committee amendments were adopted.

On motion of Senator Francis, the rules were suspended, Engrossed Senate Bill No. 2723 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

POINT OF INQUIRY

Senator McDermott: “Will Senator Francis yield to a question? In section 9 it says, ‘upon notification, of an inaccurate or incomplete offender record.’ Is that a legal
notification or is that presented in writing by the attorney or by the particular individual or how does that actually operate?"

Senator Francis: "Senator McDermott, it is contemplated by this act that any notification whatsoever by whatever form, whether by telephone or whatever, by the individual affected or an employer or whoever will set in motion what then follows, which is then that agency shall cause an examination of the documents supporting the record, make the corrections if necessary, and inform the subject of the action taken; and then if the subject himself believes the action is unsatisfactory, then he can go ahead from there. So basically, anybody can bring about the notification that there is an incorrect record."

Senator McDermott: "I have a further question about that. If someone has been arrested and convicted of something and if he has a clean record thereafter and it is wiped from the record, how does he fill out an application? When he is asked, has he ever been convicted, does he put yes or no if it was in the record and then removed?"

Senator Francis: "Senator McDermott, I do not know what you are referring to. If you are referring to a conviction from which he appealed and where the appeal reversed the conviction and maybe it never went to trial after that so it was never determined, that could all be in the record. There is no mandate there that that be erased. That is one of the things we are contemplating now. If on the other hand there was a court order asking that an arrest which was a completely erroneous arrest based on a mistaken identification be expunged from a person's record, then those records would have to be expunged and a criminal justice record would be inaccurate that said he had been arrested and not only that but he could then put down that he had never been arrested, because an expungement would be the same as a wiping from existence and it would be appropriate and proper for him to say ‘no arrest’."

POINT OF INQUIRY

Senator Wilson: "Will Senator Francis yield? With respect to the general area of freedom of the press, my question is whether, under terms of this bill, any records which are presently available to the press no longer would be available to them."

Senator Francis: "Not at all, Senator Wilson, There is no provision in this bill for limiting in any way anything that is already allowed and vice versa. If there is now some limitation on distribution of record information, we have not affected that. That would be in other statutes. I might add that the only thing that would be affected would be the right of the newspapers to correct the records. In other words, if they find out just as if the subject himself finds out, they could call it to the attention of the agency, and that could work both ways. If they are aware of a person having had a conviction in another jurisdiction, say five years ago, and this record does not show it, and this record does not show it, they can say, we believe that person to have had a conviction for this same offense or something, bring it to their attention and have them add that to it if that is appropriate. So it gives the newspaper publishers, I think, more options too at least in the area of correcting records."

Senator Wilson: "So in essence this bill does not deprive the working press of any records to which they presently have access?"

Senator Francis: "None whatsoever."

ROLL CALL

The Secretary called the roll on the final passage of Engrossed Senate Bill No. 2723, and the bill passed the Senate by the following vote: Yeas, 43; absent or not voting, 2; excused, 4.

Absent or not voting: Senators Donohue, Pullen—2.

ENGROSSED SENATE BILL NO. 2723, having received the constitutional ma-
MOTIONS

On motion of Senator Mardesich, House Bill No. 627 was ordered placed at the end of today's second reading calendar.

On motion of Senator Mardesich, the Senate commenced consideration of Substitute House Bill No. 183.

SECOND READING

SUBSTITUTE HOUSE BILL NO. 183, by Committee on Local Government (originally sponsored by Representatives Bagnariol, Warnke and Fischer):

Increasing public works mandatory bid limit.

The bill was read the second time by sections.

On motion of Senator Fleming, the rules were suspended, Substitute House Bill No. 183 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

POINT OF INQUIRY

Senator Rasmussen: "Will Senator Fleming yield to a question? Senator Fleming, did the drainage districts appear before your committee and ask for the same thing?"

Senator Fleming: "No, just the water districts."

Senator Rasmussen: "It is all right, this is okay, but I was wondering why they did not come in too. I know that we have some complaints that they would like to be included under this because . . . ."

Senator Fleming: "No, water and sewer but not drainage."

POINT OF INQUIRY

Senator Wilson: "Would Senator Fleming yield please? Senator Fleming, assuming a sewer district under terms of this bill creates a small works roster composed of five small contractors in the area and, acknowledging that it is called upon to revise the small works roster every six months, still if there is a sixth contractor somewhere in the area who would like to be on the small works roster so that he would be considered for the smaller projects, and the manager of the district or a majority of the commissioners simply do not want him to be on the small works roster, is he then effectively prohibited from participating in this work?"

Senator Fleming: "That is a good question, Senator Wilson. From my understanding, I think he would have a normal appeal procedure to the water district itself as to finding out why this individual was left off. I think they will have certain criteria and certain procedures that are set up to determine how the individuals would be selected for this roster, but I would assume that that individual would have the same type of appeal procedure that he has presently as it relates to water and sewer districts, even though, and when it comes to whether in fact an individual is considered for a contract when they are letting that contract out or not considered for the contract, so I would assume that there is an appeals procedure that would deal will that."

POINT OF INQUIRY

Senator Woody: "Senator Fleming, would it cause any great problem to include drainage districts within the provisions of 183?"

Senator Fleming: "No."

MOTION

Senator Woody moved the rules be suspended and Substitute House Bill No. 183 be returned to second reading.

Debate ensued.

There being no objection, the motion by Senator Woody was withdrawn.

MOTIONS

On motion of Senator Talley, Senate Bill No. 2287 was ordered placed at the beginning of the second reading calendar for Thursday, May 15, 1975.

On motion of Senator Sandison, the Senate commenced consideration of House Bill No. 627.

SECOND READING

HOUSE BILL NO. 627, by Representatives McKibbin, Whiteside and Savage: Implementing law relating to certain student transfer within the common schools and state apportionment credit therefor.

The bill was read the second time by sections.

Senator Bottiger moved adoption of the following amendment:

On page 1, line 21, after “student” insert “: PROVIDED FURTHER, That the receiving district may as a condition of acceptance charge a tuition for the transferring student equal to the per capita student receipts from any special levy in the receiving district”.

POINT OF INQUIRY

Senator Gould: “Would Senator Bottiger yield? It is my understanding that school districts now are allowed to charge tuition to students from other districts, and you mentioned that the amendment would be up to the amount that is equal to the per capita student receipts from the special levy, but I do not see the word ‘up to’ and I just wondered if that should be in there.”

Senator Bottiger: “Could I offer an oral amendment after the words ‘transferring student’ on the third line down, the oral amendment, ‘up to an amount equal’ — ‘up to an amount,’ then it would be ‘equal to the per capita students’.”

Senator Gould: “Fine, Thanks.”

Senator Bottiger: “It is true that school districts can charge a tuition. The statute
that allows them to do that says, 'in the actual expense of the district for the new student.' Now the unfortunate part is, you take one student and plug him into the Puyallup or the Edmonds school district and there is not any cost for that one student, but if you take a group of students you are going to get a cost and that is the real question, whether we can solve some of these boundary disputes under this statute."

On motion of Senator Bottiger, the following amendment to the amendment was adopted:

On the fourth line of the Bottiger amendment, after "tuition" strike "for" and insert "up to an amount equal to."
Debate ensued.

POINT OF INQUIRY

Senator Wilson: "Would Senator Bottiger yield? In the interests of perfecting the amendment, would you want the word 'operating' inserted between 'special' and 'levy' as opposed to a bond issue levy?"

Senator Bottiger: "Yes."

Senator Wilson: "That is, 'maintenance and operation,' I should say."

On motion of Senator Wilson, the following amendment to the amendment by Senator Bottiger was adopted:

On the last line of the Bottiger amendment, after "special" and before "levy" insert "maintenance and operating."

POINT OF INQUIRY

Senator Ridder: "Senator Bottiger, can you tell me, this would then prohibit a school district from charging a tuition more than the special levy per capita amount? It would remove the discretion of the school district from this?"

Senator Bottiger: "I am afraid it would. I am now thinking of a non-high district and the tuition that is being paid in a high district by the non-high district which might be the sum different from the special levy. I am going to withdraw the amendment because I do not know an answer to that and I guess all I have done is bring a problem to us that is not covered by this bill and it is my suggestion this bill will not work unless we solve this problem of how we pay for those extra kids."

There being no objection, the amendment by Senator Bottiger, as amended, was withdrawn.

MOTIONS

On motion of Senator Knoblauch, Senator Stortini was excused.

On motion of Senator Lewis (R. H. "Bob"), Senator Matson was excused.

On motion of Senator Marsh, the rules were suspended, House Bill No. 627 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

POINT OF INQUIRY

Senator Wilson: "Will Senator Marsh yield please? Senator, I think we are in an area of the calendar that we did not cover in caucus that I can recall, but whether we did or not, could you tell me briefly how this changes the situation from the present situation with respect to nonresident students attending another district?"

Senator Marsh: "I will yield to Senator Gould on that."

Senator Gould: "Under the current situation, any student who appeals to move to another district, not move but to be changed to another district, has to have consent of both districts, both the district that they want to go into and the district from which they would be released, and that is in order for them to have their state apportionment funds follow them to the new district. This would say that you no longer have to have the consent of the district from which you are being released. If they do not want to release you and thus your state apportionment funds, you can appeal to the State Board of Education and they will be able then to release your funds, after the hearing on the specific reasons, to the new district. One thing is that you do have to have reasons for doing it, valid educational reasons or hardship, because we want to avoid the possibility of
people maybe wanting to change to another school district because they have got a great football team and they want to be on it, and so this, by appeal to the State Board, why you can then have your funds released to the new district.

POINT OF INQUIRY

Senator Gould: "If I may, I would like to ask Senator Marsh if he would yield. The question that Senator Bottiger has brought up is one I am still concerned about. Does the bill repeal any part of the current law which allows school districts to charge tuition?"

Senator Marsh: "I am not aware of any such portion of the law being repealed by this bill."

Senator Gould: "Okay, then I guess that covers it. Thank you."

POINT OF INQUIRY

Senator Van Hollebeke: "Would Senator Marsh yield to a question? Following up with the question that was asked of Senator Gould, I am wondering what would be considered valid reasons? What would be the most typical reasons, and I think something may have been mentioned on that earlier, but if you could expand on that a little bit?"

Senator Marsh: "The bill, on line 25, says that in the event it finds that a special hardship or detrimental conditions of a financial, educational, safety or health nature affecting the student or the student's immediate family or custodian may likely be significantly alleviated as a result of the transfer. Those are the standards set out in the bill. I take it if you fall within one of those categories of hardship or detrimental condition relating to financial, educational, safety or health nature affecting either the student or his immediate family, you would then be eligible for a transfer."

Senator Van Hollebeke: "All right. That is the legal reason and that is part of the answer all right. I am trying to get a better idea, either from you or somebody, of course, I know we are dealing with a House bill so we do not have the sponsor here, but I would like to get an idea of what type of thing prompted this and what are the typical things. It may be one type of situation makes up over fifty percent of the cases that would fall under this. I would like to get a little further information on that."

Senator Marsh: "Again I am going to yield to Senator Gould who is a school board member and is a member of the Senate Education Committee. I am just here doing a little duty for my Representative but he did not give me the answer to that particular question."

Senator Gould: "I can think of a few cases that we have had in our own district where it has been valuable for a student to be able to be transferred to a neighboring district. Sometimes if they have had a discipline problem in the school and it really would be valuable for them to be in a different school and even in another district, we have been able to make arrangements with other districts for them to go, say for a limited amount of time. It gives you the flexibility for that type of a situation. Also for educational reasons. Maybe a levy reason, obviously is a good one. I think there are a lot of districts, however, that would hesitate in taking an influx of students from a nearby district if they do not have the room or the facilities, but there are educational programs in some districts that are not offered in another district and if the neighboring district, and they are close, has a program, whether it be vocation or any other kind, that would be helpful to them, then this allows them to do that."

Senator Van Hollebeke: "All right. Now your greatest familiarity is with your own school board in your own district. This can be done now but this law makes it easier, this bill with proposed legislation would make it easier. All right. Discipline, for instance. You have given me examples but you are still not quite answering my question. Right now, are disciplinary reasons perhaps the most common reason given, common factor?"

Senator Gould: "No. I would not think that is the most common. That is the one I see because it usually comes to the board for a decision. Sometimes it is just a matter of a mother with three children and she has no husband at home, works in another district, and it would be much more convenient for her to take her children to the school that is
closest to her work and pick them up there rather than having to have a babysitter see that they get to the local school and back. It is really accommodation. That is all I see it as now.''

Senator Van Hollebeke: "A lot of reasons. Okay, thank you."

POINT OF INQUIRY

Senator Wilson: "Will Senator Gould yield? Has there been a history of incidents in which the incumbent district has refused permission for a child to be transferred who probably should have been transferred; i.e., what is the reason for the need for this bill?"

Senator Gould: "I do not know that. I will yield to Senator Bottiger who seems to have some information on that."

Senator Bottiger: "I can tell you a substantial one in Pierce County where a new substantial residential development is built, the historical school line runs right down the middle of it. The one school district did not have bus service to the other side of the development, there was no access there, they had to drive all the way around. The second school district did have access and had traditionally serviced a small part. The residents of that area petitioned to all be put in the same district. It would have meant a substantial tax loss to the district they were trying to leave and they went all the way, I think, to court of appeals trying to get out of it. This bill would clarify that kind of a situation. They were not successful."

ROLL CALL

The Secretary called the roll on the final passage of House Bill No. 627, and the bill passed the Senate by the following vote: Yeas, 41; nays, 1; absent or not voting, 1; excused, 6.

Absent or not voting: Senator Francis—1.

HOUSE BILL NO. 627, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

MOTION

On motion of Senator Guess, Senate Bill No. 2908 was ordered to hold its place on the second reading calendar for Thursday, May 15, 1975.

REMARKS BY SENATOR WOODY

Senator Woody: "I just wanted to remind the body that the excellent committee arrangement that Senator Mardesich created here recently has already resulted in the formation of one big bill as a result."

POINT OF INQUIRY

Senator Lewis (Harry): "Would Senator Woody yield? I was wondering if the bill that you are talking about is the bill due the people of the state of Washington for the cost of this long session or is, what bill was it in particular you were referring to there? I think perhaps Senator Mardesich, I see he is . . ."

Senator Mardesich: "I was just pointing out to Senator Woody that for every day we have been here, we have cut two point seven million dollars out of the budget, taken two point seven million dollars out of the Governor's pocket and put it back into the taxpayer's pocket."

Senator Murray: "Mr. President, I would just like to point out if you use that
thinking, if we stay here forever we will eliminate state government and I do not believe that that is . . .”

MOTION

On motion of Senator Sandison, the Senate commenced consideration of House Bill No. 170.

SECOND READING

HOUSE BILL NO. 170, by Representatives McCormick, Leckenby, Bond, Gallagher and Laughlin:

Providing an extension of time for tax exemption on use of propane in motor vehicles.

The bill was read the second time by sections.

On motion of Senator Walgren, the rules were suspended, House Bill No. 170 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

POINT OF INQUIRY

Senator Rasmussen: “Would Senator Walgren yield to a question? Senator Walgren, recently a number of taxicabs are using natural gas rather than propane. Is that also exempt from tax?”

Senator Walgren: “I do not believe so. I think it referred to propane.”

Senator Rasmussen: “How do they tax them then?”

Senator Walgren: “I’m not sure, Senator Rasmussen, how they do that.”

Senator Rasmussen: “There are a number of taxicabs that are using natural gas. It works just as good as propane. In fact, they claim it is better, and I was just curious when you were mentioning propane.”

Senator Walgren: “I was just listening to some advice that I was getting on the floor. Senator Washington tells me that it is liquid natural gas, that it would be taxed the same as our existing fuel tax.”

POINT OF INQUIRY

Senator Odegaard: “Mr. President, I notice in a fiscal note it shows the revenue loss from the motor vehicle fund is three hundred and seventy-one thousand, and with the problems they are having with revenue into that fund, I wonder if Senator Walgren might comment on whether we can handle that loss or not.”

Senator Walgren: “The money is not being collected now. It has not been collected so it is not truly a loss. If we did, of course, tax that, that would be money that would be coming in. This was given consideration by the committee and indeed each time we have had this bill up before us we have tried to weigh the prospective profits, if you will, that we might obtain from the taxation of this fuel, and decide that the advantages as far as pollutants were concerned outweighed it.”

ROLL CALL

The Secretary called the roll on the final passage of House Bill No. 170, and the bill passed the Senate by the following vote: Yeas, 40; nays, 6; excused, 3.

Excused: Senators Donohue, Keefe, Stortini—3.

HOUSE BILL NO. 170, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.
On motion of Senator Sandison, the Senate resumed consideration of Substitute Senate Bill No. 2734.

SECOND READING

SUBSTITUTE SENATE BILL NO. 2734, by Committee on State Government (originally sponsored by Senators Rasmussen, Lewis (Harry), Bailey and Donohue):

Prescribing changes in shoreline management provisions.

The Senate resumed consideration of Substitute Senate Bill No. 2734 and the following amendment by Senator Bluechel moved for adoption on Tuesday, May 13, 1975.

On page 6, line 23 strike "[(11) Any permit for a variance of a conditional use by local government under approved master programs must be submitted to the department for its approval or disapproval.]" and insert the following:

“(11) Any permit for a variance or a conditional use by local government under approved master programs must be submitted to the department for its approval or disapproval.”

Debate ensued.

POINT OF INQUIRY

Senator Goltz: “Would Senator Murray yield to a question? As I understood your explanation, Senator Murray, the language on line 23 where it refers to any permit for a variance is not an individual applying for a variance in the usual sense of a zoning variance but it is the variance being made by the local unit of government to its own master program. Is that correct?”

Senator Murray: “That is correct.”

Further debate ensued.

Senator Washington demanded a roll call and the demand was sustained by Senators Grant, Goltz, Ridder, von Reichbauer, Bluechel, Murray, Scott, North and Bottiger.

President Pre Tempore Henry declared the question before the Senate to be the roll call on the amendment by Senator Bluechel.

ROLL CALL

The Secretary called the roll and the amendment was not adopted by the following vote: Yeas, 21, nays, 26; excused, 2.

Excused: Senators Keefe, Stortini—2.

Senator Bluechel moved adoption of the following amendment:

On page 6, line 26 strike section 4 and renumber remaining sections accordingly.

Senator Peterson moved that the amendment by Senator Bluechel be laid upon the table.

Senator Washington demanded a roll call and the demand was sustained by Senators Peterson, Matson, Knoblauch, McDermott, Fleming, Ridder, Herr, Bluechel and Murray.

The President declared the question before the Senate to be the roll call on the motion by Senator Peterson that the amendment by Senator Bluechel be laid upon the table.

ROLL CALL

The Secretary called the roll and the amendment was laid upon the table by the following vote: Yeas, 28; nays, 18; absent or not voting, 1; excused, 2.
SIXTY-SECOND DAY, MAY 14, 1975

Absent or not voting: Senator Bottiger—1.

Excused: Senators Keefe, Stortini—2.

Senator Marsh moved adoption of the following amendment by Senators Rasmussen and Marsh:

On page 7, line 32 after "department" and before the comma on line 33 strike "or the attorney general" and insert "the attorney general, or any affected property owner".

Debate ensued.

The motion by Senator Marsh carried and the amendment was adopted.

Senator Rasmussen moved adoption of the following amendment:

On page 8, line I, after "position(s)" and before "be" on line 2 strike ", and only those issues so made known shall" and insert ":PROVIDED, That all issues relating to the State Environmental Policy Act, chapter 43.21C RCW, must have been made known to that government in order to"

Debate ensued.

The motion by Senator Rasmussen carried and the amendment was adopted.

Senator Bluechel moved adoption of the following amendment:

On page 7, line 32 after "(b)" strike all material through "(c)" on page 8, line 12.

Debate ensued.

Senator Herr moved that the amendment by Senator Bluechel be laid upon the table.

The motion by Senator Herr carried and the amendment by Senator Bluechel was laid upon the table on a rising vote.

Senator Bluechel moved adoption of the following amendment:

On page 8, line 27 after the period strike all material through the period on line 33.

Debate ensued.

POINT OF INQUIRY

Senator Bottiger: "Would Senator Washington yield to a question? Senator Washington, are you impressed with the argument that this is going to take them that much longer to make their findings of fact and conclusion of law?"

Senator Washington: "I think there is some difference. I think in Supreme Court judges, when they make the decision they make it in writing. They establish a particular point for further appeal. All I know is that the word that I got and that if they could make a decision without that particular requirement, that they would not have too many objections to the hundred and twenty days. Now you can accept it or not. That is just what I am passing on, what they said."

Further debate ensued.

Senator North demanded a roll call and the demand was sustained by Senators Scott, Gould, Bluechel, Francis, Bailey, Murray, von Reichbauer, Herr and Van Hollebeke.

Further debate ensued.

President Pro Tempore Henry declared the question before the Senate to be the roll call on the amendment by Senator Bluechel.

ROLL CALL

The Secretary called the roll and the amendment by Senator Bluechel was not adopted by the following vote: Yeas, 16; nays, 30; absent or not voting, 1; excused, 1.

Voting yea: Senators Bluechel, Cunningham, Fleming, Francis, Gould, Grant,
On motion of Senator Rasmussen, the rules were suspended, Engrossed Substitute Senate Bill No. 2734 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

ROLL CALL
The Secretary called the roll on the final passage of Engrossed Substitute Senate Bill No. 2734, and the bill passed the Senate by the following vote: Yeas, 31; nays, 16; excused, 2.

Excused: Senators Keefe, Stortini—2.

ENGROSSED SUBSTITUTE SENATE BILL NO. 2734, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

PERSONAL PRIVILEGE
Senator Lewis (Harry): "Ladies and gentlemen of the Senate, I just had circulated on your desks some information which I hope you will take a moment to look at. Yes, I had the staff do this work and I believe it is quite accurate. It brings to your attention the percentage of registered voters who voted for schools. Now many times we are used to dealing with the percentage of registered voters voting who voted for a levy against the sixty percentage required to pass. I have listed those percentages and I believe that using those percentages by themselves dissolves the real facts. In addition to that, I have shown you the percentage of registered voters who voted for levies in twenty of the big districts that lost their levy the second time. That percentage minus the number of school district employees times two, feeling that they were pretty well committed to vote for their jobs, and when deducting those school employees from the number of registered voters who voted for schools, for example, the King County average was fourteen percent of the registered voters in Lake Washington, in Kent, who actually voted for schools in the second try at a special levy. If you included the school district employees, who I felt had a special interest, then eighteen percent of the registered voters in these twenty school districts voted for schools.

"I do not know exactly, I am not trying to read anything or infer anything, but I thought that—and I asked the staff to pull these figures for our perusal and I hope you will take an opportunity to look at them."

POINT OF INQUIRY
Senator Gould: "I wanted to ask Senator Lewis if he would yield to a question? I wondered if you made an effort to do two things in this survey; one is to tabulate the number of employees that lived within the district, and secondly, to tabulate the number
of employees both of whom may work for the school district, both the husband and wife, because you did multiply by two, which I assumed meant you were talking about the husband and wife both being concerned?"

Senator Lewis (Harry): "We tried. We recognized, for example, in the Lake Washington School District, that there are a substantial number of the twelve hundred and ninety-eight school district employees who do not live within Lake Washington, and so perhaps the percentage figures attributable only to Lake Washington may not quite be accurate for that reason, but I feel that the total averages are fairly accurate, Senator Gould, for the reason that there is an overlap. One district may have school teachers living in it who teach in another, we were unable to determine how many, whether men and wives worked for schools. The assumption made there was that a school teacher generally, or a certificated employee or a noncertificated employee, a bus driver or whoever it might be, that his or her spouse would probably support his position at the polls. There may be some possibility for error here because perhaps some school teachers did vote against the levy, and I cannot ascertain that."

POINT OF ORDER

Senator Grant: "I just really do not think this discussion is a point of personal privilege at all. It is nothing that affects Senator Lewis personally and I think the discussion should cease and we should proceed with the calendar and the order of business."

RULING BY PRESIDENT PRO TEMPORE HENRY

(3) No policy shall be delivered or issued for delivery in this state which does not meet the prescribed minimum standards for the categories of coverage listed in items (a) through (g) of subsection (1) of this section, unless the commissioner finds such policy will be in the public interest and such policy meets the requirements set forth in RCW 48.18.110.

(4) The commissioner shall prescribe the method of identification of policies based upon coverages provided.

NEW SECTION. Sec. 17. There is added to chapter 48.20 RCW a new section to read as follows:

NEW SECTION. Sec. 18. There is added to chapter 48.20 RCW a new section to read as follows:

Notwithstanding the provisions of RCW 48.20.052, if an insurer elects to use a simplified application form, with or without a question as to the applicant's health at the time of application, but without any questions concerning the insured's health history or medical treatment history, the policy must cover any loss occurring after twelve months from any preexisting condition not specifically excluded from coverage by terms of the policy, and, except as so provided, the policy shall not include wording that would permit a defense based upon preexisting conditions.

NEW SECTION. Sec. 19. There is added chapter 48.21 RCW a new section to read as follows:

(1) No group disability insurance policy which provides benefits for hospital, medical, or surgical expenses shall be delivered or issued for delivery in this state after the effective date of this 1975 act which contains any provision whereby the insurer may reduce or refuse to pay such benefits otherwise payable thereunder solely on account of the existence of similar benefits provided under any individual disability insurance policy, or under any individual health care service contract.

(2) No group disability insurance policy providing hospital, medical or surgical
expense benefits and which contains a provision for the reduction of benefits otherwise payable thereunder on the basis of other existing coverages, shall provide that such reduction will operate to reduce total benefits payable below an amount equal to one hundred percent of total allowable expenses. The commissioner shall by rule establish guidelines for the application of this section, including: (a) The procedures by which persons insured under such policies are to be made aware of the existence of such a provision; (b) the benefits which may be subject to such a provision; (c) the effect of such a provision on the benefits provided; (d) establishment of the order of benefit determination; and (e) reasonable claim administration procedures to expedite claim payments under such a provision.

(3) The provisions of this section shall apply to health care service contractor contracts."

On motion of Senator Woody, the following amendment was adopted:

On page 1, on line 22 and after the enacting clause, insert a new section to read as follows:

"Section 1. Section 11, chapter 212, Laws of 1959 and RCW 31.08.175 are each amended to read as follows:

(1) No licensee shall require the purchasing of property insurance from the licensee or any employee, affiliate, or associate of the licensee or from any agent, broker, or insurance company designated by the licensee as a condition precedent to the making of a loan nor shall any licensee decline existing insurance which meets or exceeds the standards set forth in this section.

The licensee may require a borrower to insure tangible property offered as security for a loan hereunder against any substantial risk of loss, damage, or destruction for an amount not to exceed the reasonable value of the property insured or the amount of the loan and for the customary term approximating the term of the loan contract: PROVIDED, That no licensee hereunder may require such insurance on loans in an amount less than three hundred dollars. It shall be optional with the borrower to obtain such insurance in an amount greater than the amount of the loan or for a longer term. The premium for such insurance shall not exceed that fixed by current applicable manual of a recognized standard insurance rating bureau and such insurance shall be written by or through a duly licensed insurance agent or broker.

(2) A licensee may insure the life of one borrower, but only one of them if there are two or more obligors, for the unpaid principal balance scheduled to be outstanding; and regardless of the premium paid by the licensee, the licensee may charge not more than sixty cents per one hundred dollars per year computed on the original principal amount of the loan, excluding charges for the loan, when the loan contract requires substantially equal and consecutive monthly installments of principal and charges combined, and such charge may be in the same proportions for different payment schedules, maturities, and principal amounts: PROVIDED, HOWEVER, That if both husband and wife sign an obligation to repay the loan, each may be an insured borrower hereunder and a single identifiable insurance charge may be made by the licensee for the two jointly under a plan whereby both lives are insured but a death benefit is paid only upon the death of the spouse dying first. For such joint spouse coverage, the licensee may charge not more than one dollar per one hundred dollars per year computed on the same basis as herein prescribed for life insurance on one borrower. Such charge may be deducted from the principal of the loan when the loan is made. Only one such charge may
be made in connection with any loan contract irrespective of the number of obligors, and only one obligor need be insured. If the insured obligor dies during the term of the loan contract, the insurance must pay the principal balance of the loan outstanding on the day of his death without any exception or reservation. The insurance shall be in force as soon as the loan is made. If the loan contract is prepaid in full by cash, a new loan, renewal, refinancing, or otherwise, a portion of such life insurance charge shall be rebated according to the method established in paragraphs (a) and (b) of subsection (3) of RCW 31.08.160. When charges for the loan are precomputed in accordance with subsection (3) of RCW 31.08.160, any required rebate and any permitted deferment charge may be computed on the combined total of the precomputed charge and the life insurance charge.

(3) If a borrower procures any insurance by or through a licensee, the statement required by RCW 31.08.170 shall disclose the cost to the borrower and the type of insurance, and the licensee shall cause to be delivered to the borrower a copy of the policy, certificate, or other evidence thereof within a reasonable time.

Notwithstanding any other provision of this chapter, any gain or advantage in any form whatsoever to the licensee or to any employee, affiliate, or associate of the licensee from any insurance or its sale or provision shall not be deemed to be additional or further interest, consideration, charges, or fee in connection with such loan.

Nothing in this section shall be deemed to alter, amend or repeal any provision of the insurance code.

No insurance shall be required, requested, sold, or offered for sale in connection with any loan made under this chapter, except as and to the extent authorized by this section.”

MOTION
On motion of Senator Knoblauch, Senator Donohue was excused.

MOTION
On motion of Senator Herr, the Senate commenced consideration of Substitute House Bill No. 409.

SECOND READING
SUBSTITUTE HOUSE BILL NO. 409, by Committee on Commerce (originally sponsored by Representatives Barnes, Hansen, Haussler and Curtis:
Classifying electrician licenses as general and specialty.
The bill was read the second time by sections.
On motion of Senator Van Hollebeke, the rules were suspended, Substitute House Bill No. 409 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

POINT OF INQUIRY
Senator Wilson: "Would Senator Van Hollebeke yield? My question, Senator, pertains to the small towns of the state. You know, where we are lucky to have one electrician and he is a fellow who has to be able to do everything and so forth, and the question asked, whether there is anything in this bill that is making it more difficult on such people to become properly licensed or is there anything in this bill that would in any way tend to impair their ability to take care of the normal electrical and wiring needs of the smaller community?"

Senator Van Hollebeke: "No, it would not. My memory has been jogged here, Senator Wilson. This is just an attempt to break it down into two classifications, recognizing that one will be doing smaller jobs and will have lesser requirements, and that, I think, is not an oversimplification of the bill, and I do not think it would have that effect."

POINT OF INQUIRY
Senator Rasmussen: "Would Senator Van Hollebeke yield to a question? My question is, I do not know who agreed to the bill."
Senator Van Hollebeke: "I guess I asked for that."
Senator Rasmussen: "But I understand that you are going to break the electrical trade down into a specialty and general. Could you tell me how general that is going to be, if you are going to limit a person to working on fifty volts direct current or one hundred and ten volt or two-twenty or four-forty? What would the limitations be?"
Senator Van Hollebeke: "The bill does not attempt to get into that kind of detail."
Senator Rasmussen: "What is the purpose?"
Senator Van Hollebeke: "I do not think that is an oversimplification, breaking it down into two classifications and requiring different bonding for those two classifications, recognizing that one is going to be doing smaller jobs than the other."
Senator Rasmussen: "That is my question. I can understand that if they are handling six hundred thousand volts on a high pole, that you probably have to be specialized in that a little bit more than if you are only handling a hundred and ten volts on the ground, but the bill does not make it exactly clear to me why they are breaking it down."

Senator Guess: "Senator Rasmussen, if Senator Van Hollebeke would not mind, I would like to address the question that you asked. What the bill will permit is the department and the advisory board to come up with a series of regulations and they will divide the field up into that which is starting with the simple house type of wiring, then it goes on up into the very highly complex electronic wiring, and then the other branch of the trade will be into the ultra-high frequencies and the ultra-high voltages. Now the department will administer the examination and a person can be a specialist in one particular field without having to know the entire general field. A general contractor will have to have a general license and he will have to have an expertise in the whole range, and I think this is a better approach because we have found out by the bill that we passed last time that in the first place we took the grandfather clause out of it and those people who had been general contractors and general electricians had gotten into a rut. They had not followed the very complex type of electronic wiring that you are getting into now in some of the more sophisticated plants, and so they break this thing into the various specialties. The law does say that a man can have more than one specialty after taking the examination, but paying only one fee."

Senator Rasmussen: "Then, Senator Guess, what you are telling me, if I wish to go to work for Boeing, I would have to show that I am qualified to wire a schram missile rather than being able to wire just an ordinary 747?"

Senator Guess: "You did not pick a very good example, Senator Rasmussen, because . . . ."

Senator Rasmussen: "They are both made by Boeing."

Senator Guess: "No, I do not mean that. This is very highly complex and it would not — what they would do in a house is a little bit different thing from when you are working for the public. Say you are an electrical contractor and you are called out to wire one of the totally automated cement plants. You would have a specialty in this type of wiring and would not have to have a specialty in high voltage because the electronic components and the operation of the silos, the gates, and all of this is low voltage. This would be twenty-four volts so you could qualify by working in the twenty-four volt field, but you would not have to have the six hundred thousand volt license."

Senator Rasmussen: "I am still very undecided about it, Senator Guess. Thank you for your explanation."

Debate ensued.

POINT OF INQUIRY

Senator Bailey: "Would Senator Guess yield? Senator Guess, I had concerns over the Governor's veto of the grandfather clause and on page 4, about lines 7 and 8 it says, 'or alternately the applicant was a duly licensed electrical contractor at any time during 1974.' Now the question I have to ask is, prior to the passage of the act in 1974, was there any electrical license?"

Senator Guess: "Yes, sir, there was."

Senator Bailey: "There was an electrical contractor's license prior to the passage of the act in 1974?"

Senator Guess: "Yes, sir, but the difference was, Senator, that those people who had come in and had been licensed at that time were grandfathered but there was a large group of people who had never bothered to license because it was not mandatory. The law of 1973 made it mandatory so you had two classes of people in the trade, those who were licensed and those who were not."

Senator Bailey: "Mr. President, Senator Guess has talked about an issue that I think we are trying to get at here as much as anything else and I am a little concerned, not about what the industry agrees to, they have always wanted a license and they wanted strict control over the electricians. I am not so concerned in what the depart-
ment wants because they have never shown any concern for anyone except they create a few new inspectors down there and start running around charging fees. Now I am concerned about the electrician who operates in a small town and who is a single operator. He works by himself as a rule. He is a qualified electrician. I am concerned whether or not this electrician had a license during 1974 when the Governor vetoed that out. I am concerned about whether we are just protecting those people who came under the law after the Governor vetoed it, and this is the question I would like to have answered, because as I read this, it grandfathers to a certain extent but it looks like about a half a grandfather instead of a full one.”

Senator Guess: “Senator Bailey, I think that you would find that the law in effect does make it possible for those people, as I say, who have devoted themselves to house wiring. They can now pass a simple examination that will be given to them. It also grandfathers in those people who have had a license in 1974. Some people went ahead and took the exam. Now they will not have to take the exam over again, as I understand the bill. Now I may be wrong on that particular portion of it.”

MOTION

Senator Bailey moved that Substitute House Bill No. 409 be held for further consideration on Friday, May 16, 1975.

Debate ensued.

POINT OF INQUIRY

Senator Washington: “Would perhaps either Senator Guess or Senator Morrison yield? Do I understand that the person who was an electrician who, say, specialized in home wiring and relatively simple wiring, even though he was not licensed, if he was in business that he will be grandfathered in?”

Senator Guess: “Senator Washington, that is not what the bill says. I do not want to mislead you. The examination will be so easy that he will be able to take it and pass it. Now I have been assured by the department over there and in talking with John. He says that anybody can pass the thing as long as he knows how to strip a wire and twist a nut. So house wiring is in general easy to follow. The plans and specifications and blueprints are there so that they can follow them. The bill says if they were licensed in 1974, then they are grandfathered in. It does not say if they were electricians in business last year they are grandfathered in, but I assure you they can pass the exam.”

Further debate ensued.

POINT OF INQUIRY

Senator Van Hollebeke: “I would like to get a further comment, if Senator Bailey would yield to a question, please. I am not sure whether you are satisfied on this yet, and I have no objection to its being moved back a day if you are still not satisfied.”

Senator Bailey: “I would feel better if the bill were held over until morning, although I do see Senator Morrison’s point that it should be passed. But I am just concerned about a group that I think — maybe Senator Murray is satisfied — may not have had this type of registration in 1974, that we are forcing them into something that we did not want to do when we passed the original law in 1974 and the Governor vetoed that portion out. It probably is all right as it is, but I would feel better if I asked a question or two tonight.”

MOTION

On motion of Senator Bailey, Substitute House Bill No. 409 was made a special order of business for 11:00 a.m., Friday, May 16, 1975.

MOTION

On motion of Senator Herr, the Senate commenced consideration of Engrossed House Bill No. 388.

ROLL CALL

The Secretary called the roll on the final passage of Engrossed House Bill No. 388, as amended by the Senate, and the bill passed the Senate by the following vote: Yeas, 46; absent or not voting, 1; excused, 2.

Absent or not voting: Senator Fleming—I.

Excused: Senators Keefe, Stortini—2.

ENGROSSED HOUSE BILL NO. 388, as amended by the Senate, was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

ENGROSSED HOUSE BILL NO. 388, as amended by the Senate, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.
SECOND READING

ENGROSSED HOUSE BILL NO. 423, by Representatives Laughlin, Bagnariol, Flanagan, Schumaker, Fortson and O'Brien:

Requiring that notice of a correction made to assessment of property be mailed by the assessor to the taxpayer by certified rather than registered mail.

The bill was read the second time in full.

Senator Bailey moved that the rules be suspended, Engrossed House Bill No. 423 be advanced to third reading, the second reading considered the third, and the bill be placed on final passage.

POINT OF INQUIRY

Senator Rasmussen: "Will Senator Bailey yield to a question? Senator Bailey, this bill requires a notice of correction made to assessment. The question I want to ask you is, you seem familiar with the bill, Senator Bailey. I change my request to Senator Woody. Do we now require, Senator Woody, that the mortgage company which gets the tax statement send it to the owner or the purchaser?"

Senator Woody: "There is no current statutory requirement for that."

Senator Rasmussen: "Would not this be a good bill to make that amendment to? The reason, I thought we passed a few years back a requirement that the property purchaser would receive notice of the taxes or at least a duplicate copy, but apparently they are not getting it as yet."

Senator Woody: "Under the existing language, the assessor has to mail this notice to the taxpayer. Now the taxpayer is not the mortgage company or the bank. The taxpayer is the property owner, even though the reserve account may be accumulated by the mortgage company or bank."

Senator Rasmussen: "I wonder if you would mind holding this over one day so we could check that, because they are not getting that, they tell me."

Senator Woody: "I have no objections to holding it over one day."

MOTION

On motion of Senator Rasmussen, Engrossed House Bill No. 423 was ordered held on the second reading calendar for Friday, May 16, 1975.

MOTION

Senator Lewis (Harry): "Mr. President, I move that the Senate now consider House Bill No. 468."

Senator Bailey: "I think you would have to suspend the rules. I think we should either dispose of House Bill No. 464 or carry it over. That would be the proper motion."

Senator Lewis (Harry): "Senator Bailey, we agreed that any objections to a bill. We have had an objection, and perhaps I did not use the right procedure. I did not get a chance to explain it to you, but I did not want to get started in it. We have had an objection, mine, and . . . ."

Senator Bailey: "Then we will proceed to the next bill."

Senator Lewis (Harry): "Thank you, Senator Bailey."

There being no objection, House Bill No. 464 was ordered to hold its place on the second reading calendar for today.

MOTION

On motion of Senator Walgren, House Bill No. 468 was ordered to hold its place on the second reading calendar for Friday, May 16, 1975.

SECOND READING

ENGROSSED HOUSE BILL NO. 475, by Representatives Bagnariol and Gaines:

Amending state higher education personnel law to allow participation of director
of the office of program planning and fiscal management on items having financial impact.

The bill was read the second time by sections.

Senator Lewis (Harry) moved adoption of the following amendment:

On page 5, line 5, after "forwarded" insert "with recommended salary adjustments".

POINT OF INQUIRY

Senator Rasmussen: "Would Senator Lewis yield to a question? Senator Lewis, this is putting the Director of the Office of Program Planning and Fiscal Management on items having financial impact. A recent Supreme Court decision which has indicated that the Director of OPP and FM is the head of the pin as far as contract negotiations. We have a bill that has been proposed to remove him from that. Would this put him right back into the saddle that he does not want to be in?"

Senator Lewis (Harry): "I do not believe so, Senator Rasmussen. I think the language, without the amendment, may be all right. The language says, 'the results of such wage survey', and we are talking about surveys on salary schedules and compensation plans and so forth for governmental units. It says that the results of this wage survey shall be forwarded to the Governor and the Director for their use in preparing budgets. It is probably clear that it is meant that they can exercise judgment in what to do with those proposed salary adjustments, but I wanted it patently clear that just because there is a wage survey forwarded to the Governor and OPP and FM, that they would not automatically include that survey in that exact form, but would have the opportunity to consider it as a recommendation, which it really is, and that is the purpose of my amendment and no other."

Senator Rasmussen: "I know what your purpose is, but I think you are tying him right down tight into the saddle and he is trying to get out of it. You maybe should check with him on that because what they are afraid of is a lawsuit where they come in and recommend a salary level, the wage survey would show a salary level of a certain amount and then they recommend in the budget at a lower amount and I think that is his problem right now."

Senator Lewis (Harry): "I think perhaps Senator Marsh, Senator Woody and Senator Clarke could look at this to check the legal language but I think actually what I am doing, what my intent was, is just the reverse of what you are suggesting it does."

MOTION

On motion of Senator Marsh, Engrossed House Bill No. 475, together with the pending amendment by Senator Lewis (Harry), was ordered placed on today's calendar following House Bill No. 491.

SECOND READING

HOUSE BILL NO. 480, by Representatives Savage, Conner, Freeman, Wojahn, Matthews, Haley, McKibbin, King, May and Cochrane:

Creating the department of labor and industries revolving fund.

REPORT OF STANDING COMMITTEE

April 16, 1975.

HOUSE BILL NO. 480, creating the department of labor and industries revolving fund (reported by Committee on Labor):

Recommendation: Do pass with the following amendment:

On page 1, line 15 after "publications" and before the period insert ": PROVIDED, That every person subject to regulation by the department may upon request receive without charge one copy of any publication printed pursuant to Section 2 of this act whenever such person is affected by any statute, rule or regulation printed therein."

Signed by: Senators Ridder, Chairman; Bailey, Grant, Matson, Morrison, Sellar, von Reichbauer.
The bill was read the second time by sections.
Senator Grant moved adoption of the committee amendment.

POINT OF INQUIRY

Senator Woody: "Would Senator Grant yield? I do not mean to put you on the spot on this one in the absence of the committee chairman, but it would appear to me that perhaps you know from the committee hearing, when it said 'every person subject to regulation by the department' would include every employer in this state. And when it says that person is entitled to receive without charge one copy of any publication, does the department intend to have somebody down there keeping score and finding out whether, for example, in my law office we are regulated by the department, whether I have already gotten my one free one a year or whatever period it is?"

Senator Grant: "No, I do not believe that they are going to keep score, Senator Woody. The purpose of the amendment is that minimum numbers of publications can be made available without charge. As the bill was originally written, I think there would have been the possibility of a charge for all copies. I do not think there is going to be any scorekeeping but if there is a request, say from a single employer, for two hundred copies or one hundred and fifty copies of a certain publication, there could be a charge."

The motion by Senator Grant carried and the committee amendment was adopted.

On motion of Senator Grant, the rules were suspended, House Bill No. 480, as amended by the Senate, was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

MOTION

On motion of Senator Lewis (R. H. "Bob"), Senator Matson was excused.

POINT OF INQUIRY

Senator Rasmussen: "Will Senator Grant yield to a question? Senator Grant, in the Labor Committee was it discussed as to whether or not this should be a fund within the state treasury? The reason I ask that is, a number of years ago practically every department had several revolving funds and you recall the Fisheries purchase bill that went through here, we amended that. Senator Donohue, are you listening? Senator Knoblauch thinks you are not listening, but I know you are. I am asking Senator Grant about the revolving fund concept in which the legislature decided they were going to have all of these funds within the state treasury it was possible to get there."

Senator Grant: "There was not a great deal of discussion on that, Senator Rasmussen. We do not contemplate or anticipate a great amount of revenue being generated by this measure but it does give the department the possibility of having available their publications, their rules and regulations, in sufficient quantity to inform employers and employees of this state as to rules and regulations. If, in fact, the revolving fund becomes a matter of real serious concern and does generate considerable revenue, then I think consideration should be given to it being part of the general fund, but until that time — Senator Rasmussen, are you listening to my answer? I was just wondering. You asked me a question and I wanted to get your support on this now. Until we have a big fund, I do not think we should be all that concerned about it."

ROLL CALL

The Secretary called the roll on the final passage of House Bill No. 480, and the bill passed the Senate by the following vote: Yeas, 45; absent or not voting, 1; excused, 3.

Absent or not voting: Senator Washington—1.

Excused: Senators Keefe, Matson, Stortini—3.
HOUSE BILL NO. 480, as amended by the Senate, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

MOTIONS

On motion of Senator Bailey, House Bill No. 491 was ordered to hold its place on the second reading calendar for Friday, May 16, 1975.

On motion of Senator Bailey, Engrossed House Bill No. 530 was ordered to hold its place on the second reading calendar for Friday, May 16, 1975.

SECOND READING

ENGROSSED HOUSE BILL NO. 619, by Representatives Bagnariol, Perry, Nelson, Wojahn, Moreau, Bond, Peterson, Charnley, Patterson, Clemente and Savage:

Mandating availability of materials on abuses of alcohol in public premises where sold or consumed on campuses of institutions of higher education.

REPORT OF STANDING COMMITTEE

April 9, 1975.

ENGROSSED HOUSE BILL NO. 619, mandating availability of materials on abuses of alcohol in public premises where sold or consumed on campuses of institutions of higher education (reported by Committee on Higher Education):

MAJORITY recommendation: Do pass with the following amendment:

On line 6 following "NEW SECTION." strike the remainder of the bill and insert the following:

"Section 1. The Legislature recognizes the invaluable services performed by the community alcohol centers throughout the state, which centers would view making available such educational materials as referred to in section 2 of this act as a part of their community outreach education and preventive programs and for which material no fees would be charged.

NEW SECTION. Sec. 2. There is added to chapter 223, Laws of 1969 ex. sess. and to chapter 28B.10 RCW a new section to read as follows:

The boards of regents of the state's universities, the boards of trustees of the respective state colleges, and the boards of trustees of the respective community colleges, with the cooperation of the state board for community college education, any of which have campuses whereon the sale of alcoholic beverages is authorized, or where by rule or regulation the consumption of alcoholic beverages is permitted, shall make available at some place of prominence within the premises of any public place where alcohol is being sold or where the consumption thereof by students is authorized, educational materials on the abuses of alcohol in particular and the illnesses consequent therefrom in general: PROVIDED, That such materials shall be obtained from public or private organizations at no cost to the state."

Signed by: Senators Sandison, Chairman; Donohue, Goltz, Guess, Odegaard.

The bill was read the second time by sections.

On motion of Senator Sandison, the committee amendment was adopted.

Senator Sandison moved that the rules be suspended, Engrossed House Bill No. 619, as amended by the Senate, be advanced to third reading, the second reading be considered the third, and the bill be placed on final passage.

POINT OF INQUIRY

Senator Pullen: "Would Senator Sandison yield to a question? I thought this bill was going to be held for awhile on second reading."

Senator Sandison: "Yes, Senator. The bill was down a ways and you were not on the floor. It has been about a half hour, but if you want to put an amendment, I have no objection to moving it back to second reading."

The President: "The bill has not been advanced, as yet, Senator Sandison."
Senator Pullen: "I do have an amendment to the committee amendment which I would be willing to offer now."

The President: "The committee amendment has been adopted, Senator Pullen. It will be necessary for you to move to reconsider the vote by which the committee amendment was adopted in order to achieve your purpose."

Senator Sandison: "Would it be possible to have the amendment read so we know whether or not we want to reconsider?"

PARLIAMENTARY INQUIRY

Senator Lewis (Harry): "The Senate committee amendment has been adopted and, in effect, is now part of the bill?"

REPLY BY THE PRESIDENT

The President: "Yes, Senator."

Senator Lewis (Harry): "Would not Senator Pullen's amendment then apply as an amendment to the bill, or would it be necessary to move for reconsideration?"

REPLY BY THE PRESIDENT

The President: "The President believes it would be necessary to move for the Senate to reconsider the vote by which the amendment was adopted."

MOTION

On motion of Senator Bailey, Engrossed Substitute House Bill No. 619, as amended by the Senate, was ordered to hold its place on the second reading calendar for Friday, May 16, 1975.

SECOND READING

The Senate resumed consideration of Engrossed House Bill No. 475.

The amendment by Senator Lewis (Harry), moved for adoption earlier today, was withdrawn.

On motion of Senator Lewis (Harry), the following amendment was adopted:

On page 5, line 5 of the engrossed bill, being line 4 of the printed bill, after "forwarded" insert "with recommended salary adjustments, which recommendations shall be advisory only."

On motion of Senator Sandison, the rules were suspended, Engrossed House Bill No. 475, as amended by the Senate, was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

Absent or not voting: Senators Grant, Murray—2.

Excused: Senators Keefe, Stortini—2.

ENGROSSED HOUSE BILL NO. 475, as amended by the Senate, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.
SECOND READING

SUBSTITUTE HOUSE BILL NO. 693, by Committee on Local Government
(originally sponsored by Representatives North, Berentson, Kalich and Fortson):

Requiring advertising public contracts in a newspaper in the part of the county
where the work is to be done.

The bill was read the second time by sections.

On motion of Senator Fleming, the rules were suspended, Substitute House Bill
No. 693 was advanced to third reading, the second reading considered the third, and the
bill was placed on final passage.

POINT OF INQUIRY

Senator Francis: "Will Senator Fleming yield? Senator Fleming, I will start out
my question by telling you that I am quite suspicious of this bill because it adds an addi­
tional newspaper that these notices have to be published in to what is already required.
So right off the top, it adds costs to the taxpayer. Now maybe not much, but it would
add costs. So I would like to ask you — first of all, I also hear what you say about the
Beacon Hill News being the official county newspaper, but as far as I know, they publish
these things generally in the Daily Journal of Commerce, and that is the one that these
contractors all read. Now set me straight on that. Number one, what is the official
county newspaper? And number two, what is the problem that the bill is actually sup­
posed to be dealing with? And, number three, what good is the bill going to do?"

Senator Fleming: "Two or three things, and I will state them again. Maybe I was
not very clear. First of all, the county legal newspaper in King County is the Beacon
Hill News. That answers your first question. Secondly, Representative North, who is a
primary sponsor of this measure, and the General Contractors' Association has testified
on the measure further—that some of these smaller contractors, even though you have
the Journal, do not necessarily take that Journal and do not necessarily follow up on
what is in that Journal—the real small contractor—and they felt as though it was a
problem of—for instance like in Issaquah—that if those notices were given or run in the
general circulation paper that was circulated close and near the project to be let, if it
was out at Issaquah, then this would give a better chance to those individuals who live in
that community, an opportunity to be aware of these things and have a better opportu­
nity to be able to do the work in their own community. There was no specific testimony
against the measure. Everybody at the hearing testified in behalf of the measure. And as
far as your last question, though it was not in that order, in terms of cost, I have been
advised by Senator Wilson, who is familiar with the news business, that the cost of a two
by five inch article or whatever it is—however they run these legal notices in one of
these papers—would be minimal and so it would not be an excessive cost one way or
another and it would be a little more helpful to those people in those communities, and
that was the basis in which the testimony came forth."

Senator Francis: "Thank you, Senator Fleming."

Debate ensued.

Staggering renewal date for motor vehicle registration.

REPORT OF STANDING COMMITTEE

April 23, 1975.

ENGROSSED HOUSE BILL NO. 305, staggering renewal date for motor vehicle registration (reported by Committee on Transportation and Utilities):

MAJORITY recommendation: Do pass with the following amendments:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Section 1. There is added to chapter 12, Laws of 1961 and to chapter 46.16 RCW a new section to read as follows:

(1) The term "registration year" for the purposes of chapters 46.16, 82.44, and 82.50 RCW shall mean the effective period of a vehicle license issued by the department."
Such year shall commence at 12:01 a.m. on the date of the calendar year designated by
the department and shall end at 12:01 a.m. on the same date of the next succeeding cal-
endar year.

(2) Each registration year may be divided into twelve registration months. Each
registration month shall commence on the day numerically corresponding to the day of
the calendar month on which the registration year begins, and shall terminate on the
numerically corresponding day of the next succeeding calendar month.

(3) Each registration year may be divided into four registration quarters, each con-
sisting of three registration months. The first quarter shall commence with registration
month one.

(4) Where the term "last day of the month" is utilized in chapters 46.16, 82.44, and
82.50 RCW in lieu of a specified day of any calendar month it shall mean the last day of
such calendar month or months irrespective of the numerical designation of that day.

(5) In the event the final day of a registration year, quarter, or month falls on a
Saturday, Sunday, or legal holiday, such period shall extend through the end of the next
business day.

NEW SECTION. Sec. 2. There is added to chapter 12, Laws of 1961 and to chapter
46.16 RCW a new section to read as follows:

Notwithstanding any provision of law to the contrary, the director of the depart-
ment of motor vehicles may extend or diminish vehicle license registration periods for
the purpose of staggering renewal periods. Such extension or diminishishment of a vehicle
license registration period shall be by rule and regulation of the department of motor
vehicles adopted in accordance with the provisions of chapter 34.04 RCW. Such rules
may provide for the omission of any classes or classifications of vehicle from the stag-
gered renewal system and may provide for the gradual introduction of classes or classi-
fications of vehicles into such a system. Such rules and regulations shall provide for the
collection of proportionately increased or decreased vehicle license registration fees,
including tonnage fees, if applicable, and of excise or property taxes required to be paid
at the time of registration.

It is the intent of the legislature that there shall be neither a significant net gain nor
loss of revenue to the state general fund or the motor vehicle fund as the result of imple-
menting a staggered vehicle registration system when compared with the revenue gener-
ated by the current registration system.

Sec. 3. Section 46.16.060, chapter 12, Laws of 1961 as last amended by section 3,
chapter 170, Laws of 1969 ex. sess. and RCW 46.16.060 are each amended to read as
follows:

Except as otherwise specifically provided by law for the licensing of vehicles, there
shall be paid and collected annually for each [calendar] registration year or fractional
part thereof and upon each vehicle a license fee or, if the vehicle was previously licensed
in this state and has not been registered in another jurisdiction in the intervening period,
a renewal license fee. Such license fee shall be in the sum of thirteen dollars and forty
cents, and such renewal fee shall be in the sum of nine dollars and forty cents: PRO-
VIDED, HOWEVER, That the fee for licensing each house moving dolly which is used
exclusively for moving buildings or homes on the highway under special permit as pro-
vided for in chapter 46.44 RCW, shall be twenty-five dollars and no other fee shall be
charged for the load carried thereon.

Sec. 4. Section 46.16.065, chapter 12, Laws of 1961 as amended by section 10,
chapter 7, Laws of 1961 ex. sess. and RCW 46.16.065 are each amended to read as fol-
lows:

In lieu of the fees provided in RCW 46.16.060, private passenger car one or two-
wheel trailers of two thousand pounds gross weight or less, may be licensed upon the
payment of a license fee in the sum of four dollars and fifty cents or, if the vehicle was
previously licensed in this state and has not been registered in another jurisdiction in the
intervening period, a renewal license fee in the sum of three dollars and twenty-five
cents, but only if such trailers are to be operated upon the public highway by the owners
thereof. It is the intention of the legislature that this reduced license shall be issued only
SIXTY-THIRD DAY, MAY 15, 1975

as to trailers operated for personal use of the owners and not trailers held for rental to the public.

Sec. 5. Section 46.16.130, chapter 12, Laws of 1961 and RCW 46.16.130 are each amended to read as follows:

Whenever an application is made for a license on a motor truck, trailer, tractor, semitrailer, for hire vehicle, bus or auto stage subsequent to [March thirty-first of any calendar] the end of the first registration quarter of any registration year, the license fees based on gross weight or seating capacity of such vehicles shall be computed as follows:

Upon [motor] vehicles above described licensed in this state [after March thirty-first of any year, but before July first] during the second registration quarter, the license fees imposed by this section for such year shall be reduced by one-fourth thereof; upon vehicles licensed in this state [after June thirtieth of any year, but before October first] during the third registration quarter, the license fees shall be reduced by one-half thereof; and upon vehicles licensed in this state [after September thirtieth of any year] during the fourth registration quarter, the license fees shall be reduced by three-fourths thereof: PROVIDED, That such reductions shall not apply to special permits nor to vehicles licensed during the immediately preceding registration year.

Sec. 6. Section 46.16.135, chapter 12, Laws of 1961 as amended by section 7, chapter 170, Laws of 1969 ex. sess. and RCW 46.16.135 are each amended to read as follows:

Tonnage for motor trucks, trailers, tractors, pole trailers, or semitrailers having a declared gross weight in excess of twenty thousand pounds may be purchased for [quarterly periods ending on March 31st, June 30th, September 30th, and December 31st] any registration quarter at one-fourth of the usual annual tonnage fee: PROVIDED, That the fee for the registration quarter in which the vehicle is licensed shall be reduced by one-twelfth of the usual tonnage fee for each full [calendar] registration month of the registration quarter that shall have elapsed at the time the vehicle is licensed. An additional fee of one dollar shall be charged by the director each time tonnage is purchased. The director is authorized to establish rules and regulations relative to the issuance and display of certificates or insignia.

No vehicle licensed under the provisions of this section shall be operated over the public highways unless the owner or operator renews the quarterly tonnage [within ten days after] permit prior to the expiration of the existing tonnage permit. Any person who operates any such vehicle upon the public highways after the expiration of [said ten days] the existing tonnage permit, shall be guilty of a misdemeanor, and in addition shall be required to purchase a tonnage permit for the vehicle involved at the fee covering an entire registration year's operation thereof, less the fees for any registration quarter or registration quarters of the registration year already paid. If, within five days thereafter, no license for a full registration year has been purchased as required aforesaid, the Washington state patrol, county sheriff, or city police shall impound such vehicle in such manner as may be directed for such cases by the chief of the Washington state patrol, until such requirement is met.

Sec. 7. Section 46.16.137, chapter 12, Laws of 1961 as last amended by section 1, chapter 172, Laws of 1974 ex. sess. and RCW 46.16.137 are each amended to read as follows:

During the months of October, November, December, January, February, and March the gross weight license for a three-axle truck, a three-axle truck tractor and a two-axle pole trailer used in combination, and a three-axle truck and two-axle trailer used in combination, when such vehicles or combinations of vehicles are licensed to the maximum gross weight provided by law and are used exclusively in the transportation of logs may be purchased for a monthly period. The fee for such a monthly license shall be one-twelfth the annual maximum gross weight fee provided for in RCW 46.16.070 and 46.16.111 or in RCW 46.16.070 and 46.16.115. For each fee so paid, other than at the time of the payment of the basic license fee, an additional fee of one dollar and fifty cents shall be charged by the director. The monthly license shall be effective [from the first day of the month in which it is purchased, through the last day of that calendar] for
one entire registration month. The director or his authorized agent shall issue a permit [stating the month for which the vehicle is licensed] indicating that monthly tonnage fees have been paid, which permit shall be carried in the vehicle throughout the registration month for which it is issued. The director is authorized to establish rules and regulations relative to the issuance of such permits. No vehicle licensed under the provisions of this section shall be operated over the public highways unless the owner or operator thereof [within five days after] prior to the expiration of any such monthly period applies for, and pays the required fee for, a license for an additional monthly period, a three-month period, or for the remainder of the registration year. Any person who operates any such vehicle upon the public highways after the expiration of [said five days] the existing tonnage permit, shall be guilty of a misdemeanor, and in addition shall be required to purchase a gross weight license for the vehicle involved at the fee covering an entire registration year's license for operation thereof, less the fees for any period or periods of the registration year already paid. If, within five days thereafter, no license for a full registration year has been purchased as required aforesaid, the Washington state patrol, county sheriff, or city police shall impound such vehicle in such manner as may be directed for such cases by the chief of the Washington state patrol, until such requirement is met.

Sec. 8. Section 46.16.210, chapter 12, Laws of 1961 as amended by section 1, chapter 75, Laws of 1969 ex. sess. and RCW 46.16.210 are each amended to read as follows:

(1) Upon receipt of the application and proper fee for original vehicle license, the director shall make a recheck of the application, and in the event that there is any error in the application it may be returned to the county auditor or other agent to effectively secure the correction of such error, who shall return the same corrected to the director.

(2) Application for the renewal of a vehicle license shall be made to the director or his agents, including county auditors, by the registered owner on a form prescribed by the director. The application must be accompanied by the certificate of registration for the last registration period in which the vehicle was registered in Washington unless the applicant submits a preprinted application mailed from Olympia, and the payment of such license fees and excise tax as may be required by law. Such application shall be handled in the same manner and the fees transmitted to the state treasurer in the same manner as in the case of an original application. Any such application which upon validation becomes a renewal certificate need not have entered upon it the name of the lien holder, if any, of the vehicle concerned.

(3) Persons expecting to be out of the state during the normal forty-five day renewal period [from January 1st through February 1st may, not earlier than December 1st, but prior to January 1st.] of a vehicle license may secure renewal of [a] such vehicle license for a period of thirty days prior thereto and have license plates or tabs preissued by making application to the director or his agents upon forms prescribed by the director. Sec. 10. Section 46.16.320, chapter 12, Laws of 1961 as last amended by section 1, chapter 206, Laws of 1969 ex. sess. and RCW 46.16.320 are each amended to read as follows:

Such schedule shall be based upon such information as may be available to them pertaining to the fair market value of motor vehicles. Such vehicles shall be classified [therein] into a convenient number of classes on the basis of price, make, type, year of manufacture, or any other reasonable basis, and to the value of vehicles within the classes as thus determined shall be applied the rate of tax prescribed in RCW 82.44.020. In determining fair market value, the [commission and county assessors] department of revenue may use any guidebook, report, or compendium of recognized standing in the automotive industry. The schedule shall show, so far as possible, the amount of excise tax for vehicles within each class and shall sufficiently describe the
various motor vehicles included within each classification to enable the [county
auditor] department of motor vehicles and its agents to ascertain readily the amount of

POINT OF INQUIRY

Senator Bailey: "Would Senator Bottiger yield? Senator Bottiger, I think you may have touched on this, but in simple language, what is the fiscal impact of this bill?"

Senator Bottiger: "Senator Bailey, there is no real fiscal impact. There are no new moneys, but because we will collect one month early, about half a year's registration fee, there would be about a three million dollar plus additional revenue in this biennium but it is not additional moneys paid by the people. It is an early collection."

Senator Bailey: "Senator Bottiger, then the fiscal impact would have been in the original bill, is that right?"

Senator Bottiger: "That is correct. As the bill came over from the House there was almost eight million dollars in new money and the committee took all of that new money out."

POINT OF ORDER

Senator Lewis (Harry): “I wonder how Senator Woody can raise scope and object until I have explained the amendment. I think normally I should have that opportunity for a brief explanation.”

RULING BY PRESIDENT PRO TEMPORE HENRY

President Pro Tempore Henry: “Your point is well taken. He probably read the amendment.”

Debate ensued.

President Pro Tempore Henry declared the Senate to be at ease.

President Pro Tempore Henry called the Senate to order.

RULING BY PRESIDENT PRO TEMPORE HENRY

President Pro Tempore Henry: “The President, in ruling upon the point of order as presented by Senator Woody, finds that Substitute House Bill 239 is a measure which pertains solely to the proposition that premiums or payments due for medical insurance or health care services or life insurance may be paid to the employee under certain limited circumstances. The amendment proposed by Senator Lewis, however, does not pertain to insurance coverage but deals with the legality of withholding union dues. The amendment, therefore, does change the scope and object of the bill. The point of order is well taken.”

The amendment by Senator Lewis (Harry) to the committee amendment was ruled out of order.

The motion by Senator Woody carried and the committee amendment was adopted.

On motion of Senator Woody, the rules were suspended, Substitute House Bill No. 239, as amended by the Senate, was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

On page 6, after new section 9 added by the committee amendment, add a new section to read as follows:
"NEW SECTION. Sec. 10. There is added to chapter 48.44 RCW a new section to read as follows:
(1) All agreements entered into by health care contractors with or for the benefit of
persons or groups of persons for health care services which are the same or similar to disability policies of insurance authorized by chapters 48.20 and 48.21 RCW, notwithstanding any other provisions in chapter 48.44 to the contrary, shall comply with the provisions of chapters 48.20 and 48.21 RCW relating to benefits for services performed by licensed practitioners of health care: PROVIDED, That prepaid group practice plans which deliver services directly to a voluntary enrolled group of members shall be exempt from such compliance.

(2) All contracts or agreements renewed, delivered, or issued more than one hundred twenty days after the effective date of this act shall comply with the intent hereof, and the insurance commissioner shall disapprove any contracts or agreements that are not in compliance therewith, and he shall promulgate such rules and regulations as are necessary to carry out the provisions of this act.

Renumber the remaining sections consecutively.

POINT OF ORDER

Senator Walgren: "I raise the question of scope and object of the amendment."

RULING BY THE PRESIDENT

The President: "In ruling on the point of order as raised by Senator Walgren, the President determines that Engrossed Substitute House Bill 198, though originally a measure relating to insurance, is now, after the adoption of the committee amendments to page 10 of the bill, a measure which pertains to the regulations of health care service contracts. With the amendments already adopted, the measure provides in very broad form for regulations to be made setting all of the standards for health care service contracts including the types of services to be available to the consumer. The amendment of Senator Day merely provides that such standards shall include the obligation of the contract to provide similar services as provided for by certain insurance contracts now authorized by law. The amendment does not therefore enlarge the scope and object of the measure as it now appears before the Senate and the point of order is not well taken."

Senator Day demanded a roll call and the demand was sustained by Senators Bailey, Jolly, Bottiger, Grant, Guess, Rasmussen, von Reichbauer, Beck and Buffington.

ROLL CALL

The Secretary called the roll and the amendment was adopted by the following vote: Yeas, 26; nays, 17; absent or not voting, 5; excused, 1.

Voting nay: Senators Beck, Bluechel, Clarke, Donohue, Gould, Jones, Mardesich, Matson, McDermott, Morrison, Murray, North, Sandison, Scott, Sellar, Walgren, Wannamaker—17.

Absent or not voting: Senators Benitz, Fleming, Francis, Newschwander, Washington—5.

Excused: Senator Keefe—1.

MOTION

On motion of Senator Lewis (R. H. "Bob"), Senators Cunningham and Newschwander were excused.

MOTIONS

On motion of Senator Day, the following amendment to the title was adopted: On page 1, line 19 of the title, strike "and" and on line 20, after "48.20 RCW" insert "; and adding a new section to chapter 48.44 RCW"

On motion of Senator Woody, the rules were suspended, Engrossed Substitute House Bill No. 198, as amended by the Senate, was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.
ROLL CALL

The Secretary called the roll on the final passage of Engrossed Substitute House Bill No. 198, as amended by the Senate, and the bill passed the Senate by the following vote: Yeas, 40; nays, 3; absent or not voting, 3; excused, 3.

Adopting the capital budget.

REPORT OF STANDING COMMITTEE

May 15, 1975.

ENGROSSED SUBSTITUTE HOUSE BILL NO. 206, adopting the capital budget (reported by Committee on Ways and Means):

MAJORITY recommendation: Do pass with the following amendments:

On page 1, beginning on line 11, strike the remainder of the bill and insert the following:

"NEW

SECTION. Sec. 2. The legislature finds that present management of capital projects does not always ensure a systematic review of project increments such as planning, design, site acquisition, and construction. Projects are not regularly subjected to independent technical review concerning less costly alternatives nor are such projects regularly considered in context with master planning projections.

The office of program planning and fiscal management, in order to ensure management control, shall prepare a capital construction projects management plan for every item included in this act, except that fire and safety projects and maintenance type projects may be exempted from the master plan and program plan provisions of this section when such exemptions are approved by the office of program planning and fiscal management. Such capital construction projects management plan shall consider, but not necessarily be limited to, the following elements:

(1) Master plan;
(2) Program plan;
(3) Physical plan; and
(4) Construction.

The management plan shall provide for technical feasibility review of capital projects by the department of general administration and provision for incremental approvals of capital projects."
The management plan for capital projects shall be submitted to the legislature, no later than January 1, 1976, along with the recommendations of the office of program planning and fiscal management and the department of general administration concerning technical feasibility, schedules for the release of funds by project increments, and other pertinent concerns regarding capital projects approved in this act.

For the purposes of this section:

"Master plan" includes, but is not limited to, identification and analysis of present institutional programs and a minimum five year projection thereof; identification and categorization of current physical facilities and an analysis of effectiveness of utilization; an analysis of match between program and necessary physical facilities based on objective standards as developed by appropriate state agencies; and recommendations for sale, purchase, demolition, expansion, renovation, replacement, or relocation of facilities.

"Program plan" relates to a specific project or facility and shall include, but is not limited to, an inventory of amounts and types of space currently available; an analysis of amounts, types, and relative locations of space required for current programs as determined by use of accepted state space standards; an analysis of projected programs and space required; and, if a change in facilities is justified from analysis, recommendations for demolition, remodeling, or construction.

"Physical plan" includes survey and site investigation and architectural and engineering designs.

"Construction" includes detailed budgets and realistic schedules for project implementation.

NEW SECTION. Sec. 22. The departments of social and health services and general administration shall give primary consideration in both the design and construction of new facilities to: (1) The use of solar energy and other natural and appurtenant heat sources; and (2) the architectural means of exploiting such heat sources. The intent of the requirement imposed by this section is to reduce the state's reliance on the continued use of fossil fuels as a primary energy source and thereby reduce the long term operating costs of new state facilities. The departments shall submit a joint report to both the governor and legislature on the results of the implementation of this section. Such report shall be presented to the next regular session of the legislature for its consideration.
NEW SECTION. Sec. 23. During the 1975-77 biennium the state parks and recreation commission shall make no contractual agreements or receive any donation of real property or an interest therein which commits the commission to either assuming on a current basis or to requesting funds at a future time for development or acquisition costs without prior approval of the legislative budget committee.

NEW SECTION. Sec. 24. The words "capital improvements" or "capital projects" used herein shall mean acquisition of sites, easements, rights of way, or improvements thereon and appurtenances thereto, construction and initial equipment, reconstruction, demolition, or major alterations of new or presently owned capital assets.

NEW SECTION. Sec. 25. Before a capital project shall begin or an obligation is incurred or a contract entered into, the director of the office of program planning and fiscal management, with the approval of the governor and in compliance with section 2 of this act, shall first allot funds therefor or so much as may be necessary from the appropriation made herein.

NEW SECTION. Sec. 26. Additional federal or other receipts and gifts and grants in excess of those estimated in the budget may be allotted by the governor for capital projects included in the capital budget. In addition, the governor may receive and allot any federal funds made available for capital outlay at any one of the six four year institutions of higher education. Wherever possible, funds from other available sources shall be used to finance projects for which general fund appropriations are made in this act.

NEW SECTION. Sec. 27. To effectively carry out the provisions of this act, the governor may assign responsibility for planning, engineering and construction and other related activities to any appropriate agency.

NEW SECTION. Sec. 28. Reappropriations shall be limited to the unexpended balances remaining June 30, 1975, in the current appropriation for each project.

NEW SECTION. Sec. 29. The governor, through the director of the office of program planning and fiscal management, may authorize a transfer of funds appropriated for a capital project in excess of the amount required for the completion of such project to another capital project for which the appropriation is insufficient only within the department of social and health services, or between appropriations for a specific department, commission or institution of higher education. No such transfer shall be used to expand the capacity of any facility beyond that anticipated by the legislature in making the appropriation. A report of any transfer effected under this section shall be filed with the legislative auditor for transmittal to the legislative budget committee by the director of the office of program planning and fiscal management within thirty days of the date the transfer is effected.

NEW SECTION. Sec. 30. Any capital improvement or capital project for construction, repair or maintenance authorized by this act, unless constructed, pursuant to the provisions of chapter 39.04 RCW, shall be done by contract after public notice and competitive bid: PROVIDED, That this section shall not apply to the acquisition of sites, easements, or rights of way; not to contracts for architectural or engineering services; nor to emergency repairs; nor to any improvement or project costing less than twenty-five hundred dollars; nor to portions of projects involving inmate labor at a state institution: PROVIDED FURTHER, That it is the intent of the legislature that in any decision to contract for capital projects funded as the result of this act, full and fair consideration shall be given to minority contractors.

NEW SECTION. Sec. 31. This act is necessary for the immediate preservation of the public peace, health and safety, the support of the state government and its existing public institutions, and shall take effect immediately."

Signed by: Senators Donohue, Chairman; Odegaard, Vice Chairman; Wilson, Second Vice Chairman; Bailey, Clarke, Fleming, Jones, Lewis (Harry), Marsh, Matson, Murray, Newschwander, Rasmussen, Sandison, Washington.

The bill was read the second time by sections.

Senator Donohue moved adoption of the committee amendment.

On motion of Senator McDermott, the following amendment to the committee amendment was adopted:

On page 9 of the committee amendment, following line 16 insert:
“(g) Construct and equip one community health center DSHS Construction Account (HJR 52) . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . 800,000”

On motion of Senator Woody, the following amendment to the committee amendment was adopted:

On page 18, beginning on line 14 strike all the material down through “Facilities” on line 16 and insert “Outdoor Recreation Account”

Senator Guess moved adoption of the following amendment to the committee amendment:

On page 5, lines 17-19, strike all of subsection (19)

POINT OF INQUIRY

Senator Rasmussen: “Will Senator Guess yield to a question? Senator Guess, I do not have your amendment before me. What does your amendment do?”

Senator Guess: “It just strikes all of subsection (19) on page 5 and it takes out that four hundred and twenty-five thousand dollar boondoggle on the lake.”

Senator Rasmussen: “Thank you, Senator Guess.”

Debate ensued.

POINT OF INQUIRY

Senator Lewis (R. H. “Bob”): “Mr. President and members of the Senate, peacemakers are supposed to be blessed and sometimes they get punched in the nose when they get in the middle, I know, but let me ask this. Senator Guess, would you yield to a question? Does your amendment strike the entire number of dollars for the engineering work?”

Senator Guess: “Yes, sir.”

Senator Lewis (R. H. “Bob”): “That is possibly a bit of overkill, one might think. Is it not possible that there is some reasonable figure for engineering work that would accompany such a job?”

Senator Guess: “Senator Lewis, they had a study last session and they have just completed a study. I have kept in close contact with the people and I know that they have made the proposal and they do not need any more studies. This is compounding the felony with another study.”

Senator Lewis (R. H. “Bob”): “You are saying this is just for another study. Is not this for some engineering design work to be done and things of that nature or is it just truly a study?”

Senator Guess: “They say ‘engineering and design’ but, Senator Lewis, they were supposed to have completed that out of the money we gave them last time and they had a twenty-four man committee that made the determination of the direction they want to go so I cannot see what in heaven’s name they could do with four hundred and twenty-five thousand dollars when they already know the direction they want to go.”

Senator Lewis (R. H. “Bob”): “Senator Guess, I am in agreement with you that four hundred and twenty thousand dollars seems to me to be a little bit more money than might be needed for the project, but I would ask Senator Lewis, if I may — I am trying to be a friend Harry, to both of you.”

POINT OF INQUIRY

Senator Lewis (R. H. “Bob”): “Senator Lewis, would you yield? Would you think there might be a more reasonable figure than four hundred plus thousand dollars that could accomplish the engineering design work necessary?”

Senator Lewis (Harry): “I think the more reasonable figure, Senator Lewis, is four million dollars and I have agreed to go down to four hundred thousand dollars. The thing that amazes me, and I appreciate your spirit of friendship, is that we again have a situation where we have two Spokane legislators deciding what is best for Thurston County.”

Senator Lewis (R. H. “Bob”): “Okay, I will quit helping you.”

Further debate ensued.
Senator Guess moved adoption of the following amendment to the Guess amendment:

Amend the Guess amendment as follows: Instead of striking lines 17-19, strike "425,000" and insert "42,500"

The motion by Senator Guess failed and the amendment to the Guess amendment was not adopted on a rising vote.

The motion by Senator Guess failed and the amendment by Senator Guess to the committee amendment was not adopted.

Senator Van Hollebeke moved adoption of the following amendment to the committee amendment:

On page 5, line 19, strike "425,000" and insert "250,000"

Debate ensued.

REMARKS BY SENATOR BAILEY

Senator Bailey: "Mr. President, I think we are going to have the lake silted in before we pass the amendment, but I oppose the amendment and the amendment to the amendment for the reason that I think the Ways and Means Committee has talked to the experts; they have had the testimony, and as Senator Goltz says, we are acting here on the floor on things that we presume we know more about than if we listened to the facts. My recollection of the history of this was not that the city of Olympia ever said that they would take this over. My recollection of it was, and it happened since I have been in the legislature, it happened under Charlie Hodde or maybe John O'Brien, but it was an argument over whether or not the Capital Lake would become part of the capital campus as far as landscaping went and things of that sort. It was a battle between Olympia and between the state as taking it over; and as I recall the legislature assumed that to be a part of the capital campus and a part of the landscaping, and the city of Olympia may have taken some obligation of building roadways around it, I do not know that. We actually, by legislative action, decided that was a part of the capital campus and would be landscaped and paid for by the state. Now I do not think that we should at this time turn around and cut back the action of the chairman of the Ways and Means Committee because if we do, we will be acting like the House of Representatives and have a budget before us for a long time. We will not know what the devil is ever going to come out of it. The way to pass this budget is to follow what he has, debate it as long as you want, but follow what he has and at least come out of it with a budget and one that might be bought by the House as it is."

POINT OF INQUIRY

Senator Guess: "Will Senator Bailey yield? Senator Bailey, if I heard you right then, following your rationale through to the ultimate, we bring the bill out here and because the Ways and Means has worked the bill out and has superior knowledge of it, then we make one motion that the bill pass with a gag rule on."

Senator Bailey: "That would be a better way of doing it."

Senator Guess: "Now we are beginning to talk real plain, Senator. Mr. President, I move that we limit all debate to three minutes."

The motion by Senator Van Hollebeke failed and the amendment to the committee amendment was not adopted.

The motion by Senator Donohue carried and the committee amendment, as amended, was adopted.

On motion of Senator Donohue, the rules were suspended, Engrossed Substitute House Bill No. 206, as amended by the Senate, was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

POINT OF INQUIRY

Senator Bailey: "Will Senator Donohue yield? Senator Donohue, some of us were a little disappointed that there is nothing in the capital budget for the Fort Lawton Indian Interpretive Center. I have talked to you about this, but would you give us the reason why the committee or why you were advised not to put it in? Would you give us that reason, for the record?"
Senator Donohue: "Yes, Senator. This proposal has to be done in the operating budget. We have talked about this in Ways and Means. The main reason for this is because it is not an entity of government, it would have to be appropriated to an entity of government and then that entity would have to contract with the private organization for construction, and that is the reason it is not being proposed in this capital budget."

POINT OF INQUIRY

Senator Murray: "Would Senator Donohue yield to a question? Senator Donohue, can I interpret your answer to Senator Bailey's question as meaning that the Indian appropriation for Fort Lawton will be in the operating budget?"

Senator Donohue: "Senator, as we are progressing and trying to finalize the operating budget at the present time, it is not in. However, I understand that there are several members who have amendments in their pockets ready to approach the budget in that way."

Senator Murray: "And there will be a little room left so that the amendment could be adopted?"

Senator Donohue: "I did not say that, Senator."

Senator Murray: "That is a leading question and I did not get the right answer."

MOTION

Senator Gould moved the Senate concur in the House amendments to Engrossed
Substitute Senate Bill No. 2715.

POINT OF INQUIRY

Senator Woody: "Would Senator Gould yield? In your conversations with the
House or in examining the message from the House pertaining to Senate Bill 2715, do
you see anything that would make the language in the House amendment applicable to
this year?"

Senator Gould: "There is a section 2 which is an emergency clause, but that was not
in the amendment. That is in the bill."

Senator Woody: "I understand that but the language in the message from the House
indicates that if the state legislature has not appropriated by the tenth of May, which has
come and gone, 'said meetings for the districts of the first class shall occur on or before
the fifteenth of June.' Since there is nothing here to indicate that this would have a retro­
active effect and this does not deal with a procedural matter, it would be my estimation
that this would not apply this year but only for next year."

Senator Gould: "I would have to concur with whatever your legal opinion is. It is
my understanding that this allows us to change that June 1 date which still is coming.
The June 1 date is now the date for preliminary budget hearings and adoption of the
preliminary budget and this gives us two more weeks in which to do it before going onto
the fiscal year."

POINT OF INQUIRY

Senator Woody: "Would Senator Mardesich yield? Have you had an opportunity
to look at the message from the House on Senate Bill 2715 which sets to June 15 the date
for a meeting as to its budget? It would indicate to me—I hate to catch you flat-footed
but I am catching everybody flat-footed, I suppose by this question—that is, whether it
has a retroactive effect. It says that if the state legislature has not appropriated by the
tenth of May moneys under RCW 28 needed for the support of the common schools,
said meetings for districts of the first class shall occur on or before the fifteenth of June.
Now it is my understanding that it is intended that this language would permit school
districts of the first class to

be

able to do that this year and yet it does not indicate that it
has a retroactive effect, and May 10 has come and gone."

(No reply by Senator Mardesich.)

Senator Clarke: "Mr. President, responding to Senator Woody’s comments, it
would seem to me that the May 10 date is not the determinative date. In other words,
while that date has already gone, we are enacting a provision which changes the date of
the necessity for the first meeting, which will be the first of June except that if the legisla­
ture has not appropriated by the tenth of May it will be the fifteenth of June. Now the
legislature can take cognizance of the fact that we have not acted by the tenth of May
this year and therefore, while that date is a past date, it does not make the bill a retroac­
tive bill where we are talking about June 1 or June 15 which are dates in the future, so
in my opinion the May 10 date is not a determinative date on the question of whether it
is or is not retroactive."

POINT OF INQUIRY

Senator Odegaard: "Would Senator Gould yield to another question? Senator
Gould, I notice in the House language they have districts of the first class. Didn’t our bill
include second class also?"

Senator Gould: "Yes, Senator Odegaard, it did, but in finding that second class dis-
tricts now have to go through a different procedure in going to the intermediate school districts the Superintendent of Public Instruction's office suggested that they would prefer—they have a bill, 752 I believe it is, which will pertain to second and third class districts, will give them the flexibility that they need but they felt that this would be restrictive to second and third class districts so I said, let us at least allow it for first class districts."

Senator Odegaard: "Where is House Bill 752 at this time?
Senator Gould: "It is, I think, in our Rules. It has passed the House and I know it has gone out of Education Committee. It has passed out of Education Committee so it is in Senate Rules."

Senator Odegaard: "And that bill would correct for the same problem?"
Senator Gould: "That would correct it for second and third class, yes."
Senator Odegaard: "Okay."

POINT OF INQUIRY

Senator Gould: "I would ask Senator Francis if he would yield to a question because I would like clarified as to whether or not the May 10 deadline would make it ineffective for this year or not."

Senator Francis: "Senator Gould, I see this as procedural rather than substantive and I think that it is quite clear that the intent of the legislature is that we are trying to establish a procedure for determining the school budgets, including the dates by which they must come up with a budget and in that connection I would think that the tenth of May is also clearly a procedural matter to make a determination. As such, I see no problem with applying it to this year, even though the tenth of May of this year has already passed."

POINT OF INQUIRY

Senator Wilson: "Would Senator Gould yield? I share Senator Odegaard's concern with respect to the second class districts. I think it would be eminently undesirable if this session were to address the sort of relief this bill contemplates with respect to the larger districts and not achieve the same thing with respect to the smaller districts. Since we are in the waning stages of the session, hopefully, my question is whether we would have a greater degree of certainty in providing this form of relief to districts of all sizes were we not to concur in the House amendment here and seek to provide for all districts, or whether you feel that could be achieved with equal certainty by using this vehicle regarding the first class districts and the other bill you mentioned regarding the smaller districts?"

Senator Gould: "In my conversations with the Superintendent of Public Instruction and with some school districts, it was our feeling that this bill should relate only to first class districts because second and third class districts do have different procedures for their budgets and that we would make all our efforts towards passage of House Bill 752, which indeed would make the necessary provisions for the flexibility needed by the second and third class districts, and I will be glad to help you with that."

The motion by Senator Gould carried and the Senate concurred in the House amendments to Engrossed Substitute Senate Bill No. 2715.

ENGROSSED HOUSE BILL NO. 464, authorizing the aeronautics commission to provide assistance to certain Indian tribes (reported by Committee on Transportation and Utilities):

The bill was read the second time by sections.
Senator Walgren moved adoption of the committee amendment.

POINT OF INQUIRY

Senator Wilson: “Would Senator Walgren yield please? I have a couple of questions on the amendment. The first is, must the commission now approve municipal or landing fees at municipal airports as opposed to tribal airports where state funds have been involved in the project?”

Senator Walgren: “The practice is for the commission to approve any funds that are granted, of course, to municipalities and things of this nature, but as far as a tax that is authorized by the state law, the commission does not have to.”

Senator Wilson: “I guess my question is that the first part of this amendment says ‘any landing fee or charges imposed by any municipality or tribe must be approved by the commission.’ Does the commission presently approve landing fees with respect to municipal airports?”

Senator Walgren: “I am not sure whether they do at the present time, Senator Wilson. I think that the commission does have the authority as far as any grants of either federal or state funds to impose reasonable restrictions, however,”

Senator Wilson: “I just wondered if this amendment were going way beyond the area of addressing the subject of airport facilities developed by Indian tribes into the area of municipal airports and giving the commission a new blanket authority, in effect, to regulate the landing charges imposed by municipal airports.”

Senator Walgren: “I think that is a very appropriate question, Senator Wilson, and I would suggest we put the bill down maybe three spots.”

MOTION

On motion of Senator Walgren, House Bill No. 464, together with the pending committee amendment, was ordered held on the second reading calendar following consideration of Engrossed House Bill No. 530.

MOTION

On motion of Senator Walgren, House Bill No. 468 was ordered to hold its place on the second reading calendar for Tuesday, May 20, 1975.

(1) Contracts for public improvements or work, other than for professional services, by the state, or any county, city, town, district, board, or other public body, herein referred to as “public body”, shall provide, and there shall be reserved by the public body from the moneys earned by the contractor on estimates during the progress of the improvement or work, a sum equal to ten percent of the first one hundred thousand dol-
lars and five percent for all amounts over one hundred thousand dollars of such estimates, said sum to be retained by the state, county, city, town, district, board, or other public body, as a trust fund for the protection and payment of any person or persons, mechanic, subcontractor or materialman who shall perform any labor upon such contract or the doing of said work, and all persons who shall supply such person or persons or subcontractors with provisions and supplies for the carrying on of such work, and the state with respect to taxes imposed pursuant to Title 82 RCW which may be due from such contractor. Every person performing labor or furnishing supplies toward the completion of said improvement or work shall have a lien upon said moneys so reserved: PROVIDED, That such notice of the lien of such claimant shall be given in the manner and within the time provided in RCW 39.08.030 through 39.08.060 as now existing and in accordance with any amendments that may hereafter be made thereto: PROVIDED FURTHER, That the board, council, commission, trustees, officer or body acting for the state, county or municipality or other public body, at any time after fifty percent of the original contract work has been completed, if it finds that satisfactory progress is being made, may make any of the partial payments subsequently made in full; but in no event shall the amount to be retained be reduced to less than five percent of the amount of the entire contract.

(2) The moneys reserved under the provisions of subsection (1) of this section, at the option of the contractor, shall be:

(a) Retained in a fund by the public body until thirty days following the final acceptance of said improvement or work as completed; or

(b) Deposited by the public body in an interest bearing account in a bank, mutual savings bank, or savings and loan association, not subject to withdrawal until after the final acceptance of said improvement or work as completed, or until agreed to by both parties; PROVIDED, That interest on such account shall be paid to the contractor;

(c) Placed in escrow with a bank or trust company by the public body until thirty days following the final acceptance of said improvement or work as completed.

When the moneys reserved are to be placed in escrow, the public body shall issue a check representing the sum of the moneys reserved payable to the bank or trust company and the contractor jointly. Such check shall be converted into bonds and securities chosen by the contractor and approved by the public body and such bonds and securities shall be held in escrow. Interest on such bonds and securities shall be paid to the contractor as the said interest accrues.

(3) If the public body administering a contract, other than contract governed by the provisions of RCW 60.28.070, as amended, after a substantial portion of the work has been completed, finds that an unreasonable delay will occur in the completion of the remaining portion of the contract for any reason not the result of a breach thereof, it may, if the contractor agrees, delete from the contract the remaining work and accept as final the improvement at the stage of completion then attained and make payment in proportion to the amount of the work accomplished and in such case any amounts retained and accumulated under this section shall be held for a period of thirty days following such acceptance. In the event that the work shall have been terminated before final completion as provided in this section, the public body may thereafter enter into a new contract with the same contractor to perform the remaining work or improvement for an amount equal to or less than the cost of the remaining work as was provided for in the original contract without advertisement or bid. The provisions of this chapter 60.28 RCW shall be deemed exclusive and shall supersede all provisions and regulations in conflict herewith."

HOUSE BILL NO. 806, by Representatives Randall and Gaines:

Prescribing a change in assessing inspection fees for winter sports activity conveyances.

The bill was read the second time by sections.

On motion of Senator Woody, the rules were suspended, House Bill No. 806 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

POINT OF INQUIRY

Senator Francis: “Will Senator Woody yield? Senator Woody, what I do not know from this change, is it likely that it is going to raise or reduce the cost per inspection on these ski lift inspections?”

Senator Woody: “In those situations in which the inspection can take place in one day, which is the normal situation, it will not increase them. In those situations in which the equipment is not ready for inspection, I would submit that it will increase the total cost.”

Senator Francis: “I am wondering, in those situations where they inspect now just on the one time thing, is the fee fixed by statute now? I have not had a chance to look at it. In other words, is it a standard fixed fee in which case it is very possible that having to detail the actual costs will lower the cost paid by the ski lift operator?”

Senator Woody: “The prior language which is being stricken says that the fee cannot be in excess of ten dollars per hour. I would suspect that as inflation keeps going over a period of the next few years that the actual cost of the commission will probably exceed ten dollars per hour.”

Senator Francis: “Let me ask you this. Are they now paying a fixed fee of two hundred and fifty dollars per inspection or anything like that, or are they paying simply a maximum of that?”

Senator Woody: “They are now paying ten dollars per hour with a maximum of two hundred and fifty dollars.”

SECOND READING

ENGROSSED SUBSTITUTE HOUSE BILL NO. 86, by Committee on Ways and Means—Revenue (originally sponsored by Representative Randall):
Establishing sales tax liability for certain government contractors.
The bill was read the second time by sections.
On motion of Senator Donohue, the rules were suspended, Engrossed Substitute House Bill No. 86 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.
Debate ensued.

POINT OF INQUIRY

Senator Bluechel: "Would Senator Donohue yield to a question please? Senator Donohue, at the present time on government bidding there is the section in the end of the bid where you fill in the price that says 'sales tax, state or local, must be specifically excluded from the price,' and how is it proposed to get around this provision, and the second question is, will this revenue estimate be included in the budget?"

Senator Donohue: "In answer to your question, I will read you the organizational impact of this particular issue. It says the federal government cannot be directly taxed. However, a tax can be levied prior to the final sale to the government, and the person liable for the tax can include it as a cost in the final sales price to the U.S. When this indirect tax is being levied, the U.S. cannot be singled out as a taxpayer. Now as far as the dollars that we are talking about, the ten million dollars and when we are talking about the problems we have with Seattle schools, Senator, and trying to do something in that area, the answer is yes, there will be dollars from this particular bill included in the budget."

Senator Bluechel: "Thank you, Senator. I am in favor of the bill. What I am questioning, and maybe I should phrase a third question, are there other states that include the state sales tax in their bids to the federal government? It has been my experience that bidding to the government that I was instructed on the bid form to exclude state sales tax for the purposes of determining bid or paying for it."

Senator Donohue: "The answer to your question is yes. The state of Texas does this and it did so after a Supreme Court decision, Phillips Chemical Company vs. Dumas Independent School District, which provided that this can be done."

POINT OF INQUIRY

Senator Guess: "Senator Donohue, will you yield? Senator Donohue, can you tell us the date of that case? Did the Supreme Court uphold it, is what I want to know, because Alabama is in trouble right now."

Senator Donohue: "I do not think I have a date here, Senator, I have the decision, the language from the decision, but I do not have the date."

Senator Guess: "Two years ago the state of Montana passed a tax against the federal government when they were building all of the missile sites over there. The federal government then stopped all distribution of federal funds in the state of Montana and they had a special session of the legislature to repeal the bill, and I wondered if this law is going to get us into the same trouble that the state of Montana got into."
ROLL CALL

The Secretary called the roll on the final passage of Engrossed Substitute House Bill No. 86, and the bill passed the Senate by the following vote: Yeas, 44; nays, 3; excused, 2.

Voting nay: Senators Fleming, Guess, Lewis (Harry)—3.

ENGROSSED SUBSTITUTE HOUSE BILL NO. 86, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

SECOND READING

ENGROSSED HOUSE BILL NO. 619, by Representatives Bagnariol, Perry, Nelson, Wojahn, Moreau, Bond, Peterson, Charnley, Patterson, Clemente and Savage:

Mandating availability of materials on abuses of alcohol in public premises where sold or consumed on campuses of institutions of higher education.

The Senate resumed consideration of Engrossed House Bill No. 619. On Thursday, May 15, 1975 the committee amendment was adopted.

On motion of Senator Sandison, the Senate moved to reconsider the vote by which the committee amendment was adopted.

Senator Pullen moved adoption of the following amendment to the committee amendment:

On the fourth line of the second paragraph of new section 2, added by the committee amendment, after "education." strike all material down through "permitted," on line 7, and on line 8 after "premises of" strike all material down through "authorized," on line 9, and insert "each campus"

Senator Herr moved that the amendment by Senator Pullen to the committee amendment be laid upon the table.

The motion by Senator Herr failed on a rising vote.

The motion by Senator Pullen carried and the amendment to the committee amendment was adopted.

Senator Pullen moved adoption of the following amendment to the committee amendment by Senators Pullen, Day, Guess, Washington, Lewis (Harry) and Rasmussen:

At the end of the committee amendment add a new section to read as follows:

"Section 3. Section 1, chapter 75, Laws of 1895, section 1, chapter 49, Laws of 1933 ex. sess., section 1, chapter 120, Laws of 1951, section 1, chapter 21, Laws of 1967 and RCW 66.44.190 are each amended to read as follows:

It shall be unlawful to sell any intoxicating liquors, with or without a license on the grounds of [the University of Washington, otherwise known and described as follows: Fractional section 16, township 25 north, range 4 east of Willamette Meridian] any college, university, or community college supported in whole or in part by state funds except to the extent allowed under banquet permits issued pursuant to RCW 66.24.490 as it now exists or is hereafter amended."

POINT OF ORDER

Senator Goltz: "Mr. President, I would like to raise the question of scope and ob-
ject on this bill and speak to that for just a moment on the amendment. The question, as I see it, in the original bill was to make available on the college campuses information and I think the reason for the bill was to be sure that the colleges could use this information which was received without cost to them and display it and put it out for information on these campuses. As I read this amendment, it expands the bill by changing the present law with regard to the selling of liquor on those campuses where there is no present statutory restriction. I am not opposed to addressing that problem at some other time and some other place, but it does seem to me that it is not within the scope of this bill to do so."

Engrossed House Bill No. 619 was ordered held for a Ruling by the President on the Point of Order by Senator Goltz.

SECOND READING

ENGROSSED SUBSTITUTE HOUSE BILL NO. 184, by Committee on Higher Education (originally sponsored by Representatives Maxie, Perry, Moreau, Patterson, Bond, Savage, Wojahn, Charnley, Nelson, Erickson, Fischer, Laughlin and Matthews):

REPORT OF STANDING COMMITTEE

March 19, 1975.

ENGROSSED SUBSTITUTE HOUSE BILL NO. 184, allowing higher education fee exemptions for residents sixty years of age or over at discretion of individual boards of trustees and regents (reported by Committee on Higher Education):

MAJORITY recommendation: Do pass with the following amendment:

On page 1, line 8, after "for" strike all of the material down to and including "Enrollment" on page 2, line 4, and insert "the state's older residents.

NEW SECTION.

Sec. 2. There is added to chapter 223, Laws of 1969 ex. sess. and to chapter 288.15 RCW a new section to read as follows:

Notwithstanding any other provision of this chapter or the laws of this state, the boards of trustees or regents of each of the state's state colleges or universities, and, consistent with regulations and procedures established by the state board for community college education, the various community colleges may for Washington residents who are sixty years of age or older:

(1) Waive, in whole or in part, the tuition, operating and services and activities fees for students who qualify under this section and who are enrolled for credit, and

(2) Waive the tuition, operating, and services and activities fees for students who qualify under this section, but charge a nominal fee not to exceed five dollars per quarter, or semester, as the case may be, for such students who are enrolled on an audit basis: PROVIDED, That residents enrolling with fee exemptions under this section shall register for courses on a space available basis, and no new course sections shall be created as a direct result of such registration: PROVIDED FURTHER, That enrollment Signed by: Senators Sandison, Chairman; Benitz, Donohue, Goltz, Guess, Odeggaard.

The bill was read the second time by sections.

Senator Goltz moved adoption of the committee amendment.

On motion of Senator Goltz, the following amendment to the committee amendment was adopted:

Amend the committee amendment as follows:

On page 1, line 6, after "follows" strike all language through "colleges" on line 12 and insert "Notwithstanding any other provision of this chapter or the laws of this state and consistent with the regulations and procedures established by the boards of trustees
SIXTY-SEVENTH DAY, MAY 19, 1975

of the state colleges, the boards of regents of the state universities and the state board for
community college education, each institution"

POINT OF INQUIRY

Senator Rasmussen: "Will Senator Goltz yield to a question? Senator Goltz, in the
event that this person who is sixty years of age or older wanted to enroll for a Master's
degree, was already employed, this would entitle him to enroll in the program?"

Senator Goltz: "It could. I think the regulations here, and it is very unlikely that a
person could actually count on standby positions for completing a full program of
work. I think that any person that would be pursuing a degree would almost have to sign
up in the regular sequence of admission and enrollment requirements. This is the same
as standing in line for an airplane flight. If you want to be sure you are going to get
there, you had better pay your full fare and be on board, but if you want to experience
the cheaper rate and get whatever benefits you can out of it under those conditions, this
would allow them to do so at a reduced rate."

Senator Rasmussen: "In fact, they could not be prevented."

Senator Goltz: "It could be presented by rule and regulation."

Senator Rasmussen: "How?"

Senator Goltz: "Admission requirements to the program would be under the con­
trol of the boards of trustees. If the individual did not qualify for admission to that pro­
gram, a Master's program has very strict admission requirements."

Senator Rasmussen: "How would you deny one senior citizen of sixty years of age
the benefit that you are allowing another senior citizen of sixty years of age to have? On
a constitutional basis you would be violating that because you have to have equal pro­
tection and it would have to be on a class basis which I assume would be the sixty years
of age."

Senator Goltz: "It is my understanding, now when the class is full, that you are
denying a thirty-first person, as it were, from admission to that particular program now.
An example I gave, if they had a thirty chair class and you have twenty-eight of them
filled and you have three senior citizens signed up for those two positions, it is already
within the prerogative of the board to establish a procedure by which those two chairs
could be filled and the third person would be denied."

Senator Rasmussen: "That is the question in my mind. I understand that there is
not too big a standing line up at Western at the present time, that you have numerous
vacancies and probably more instructors than they need and they do not feel like going
out in the cold cruel world and they would rather stay there and teach senior citizens,
but I am questioning, if these senior citizens do not have the ability to pay, it is quite an
expensive institution up there and at all the other institutions and if they have the ability
to pay they most certainly should. Now this is not the criteria that you have here in the
bill."

MOTION

On motion of Senator Mardesich, Engrossed Substitute House Bill No. 184, to­
gether with the pending committee amendment as amended by Senator Goltz, was held
for further consideration on the second reading calendar for Tuesday, May 20, 1975.

MOTION

On motion of Senator Sellar, Senator Lewis (R. H. "Bob") was excused.

SECOND READING

HOUSE BILL NO. 796, by Representatives Thompson and Hayner:
Providing for transfer of rental deposit with change of landlords.
The bill was read the second time by sections.
On motion of Senator Bottiger, the following amendment was adopted:
On page 1, line 9, after "account" and before "in" insert "maintained by the land­
lord for the purpose of holding such security deposits for tenants of the landlord,"
Senator Bottiger moved adoption of the following amendment:

On page 1, line 10, after "Washington." and before "The" insert "Unless otherwise agreed in writing, the landlord shall be entitled to receipt of interest paid on such trust account deposits."

POINT OF INQUIRY

Senator Fleming: "Would Senator Bottiger yield to a question? Senator Bottiger, are we not talking about a deposit that the tenant would put up for damage?"

Senator Bottiger: "That is correct."

Senator Fleming: "Okay. What kind of paper work would be entailed by the landlord in this operation?"

Senator Bottiger: "Just computing the interest for six and one-half months or three and two-thirds months, bookkeeping records of that kind. When the tenant has given his indication that he is going to move and has asked the landlord to inspect the premises and the landlord concludes the tenant is entitled to his deposit back in total or less some particular amount, the amount of interest involved is so small that the purpose of this amendment would be to say that the landlord may keep that interest on the deposit."

Senator Fleming: "A trust account is just an account set up and the bank would not be doing this interest figuring out and so forth?"

Senator Bottiger: "It would on each individual account but there again we have people running down starting fifty dollar savings accounts, but when you put them into one, then the bank does not compute each of the deposits on the date of entry and withdrawal."

The motion by Senator Bottiger carried and the amendment was adopted.

On motion of Senator Bottiger, the following amendment was adopted:

On line 15, after "account" and before "shall" insert "affected by such transfer"

Senator Bottiger moved adoption of the following amendment:

On line 21, after "commingled" and before the period insert "Provided, That nothing in this section shall apply to landlords having less than four dwelling units in the state of Washington"

Debate ensued.

POINT OF INQUIRY

Senator Van Hollebeke: "I would like to ask Senator Bottiger to yield to a question. Senator Bottiger, I agree with some of the comments you have made. I in part agree with some of the comments made by Senator Francis too. I think if we make this unduly burdensome for people to rent a low number of units, all we are doing is raising rents and we are also crowding more people out of the business of renting housing units to people so that I think the intention of this amendment might be very good and it might be worthwhile legislation. I have one problem with it though. What would this do, for instance, if a party had a corporation in which was held an apartment building with multiple units, say twenty or more, and that party also, I said he had a corporation, let us say he is a minority stockholder in that corporation; then he also owns one or two single residence units? I have not read it carefully so I am not sure in my own mind. I am asking for that reason."

Senator Bottiger: "The corporation is a legal person within the laws of the state of Washington so they would have to comply under your facts situation if they had more than three. The individual shareholders are each individual people and if they had less than four, or three or fewer, they would not have to have this special trust account deposit slip for the damage deposit."

Senator Van Hollebeke: "All right. I think that pretty well answers my question but I was thinking of the even more complicated case where somebody might hold stock in a corporation, a mini-conglomerate for instance, where this is some small part of their operation, and not even be aware that under our definition they are a person and perhaps I am worrying too much about something that is not going to be a very big problem."

Senator Bottiger: "Anticipating slightly your question, would it be a practical pos-
sibility to divide up larger holdings into a bunch of small ones? The answer would be no. The accountant and the attorney would make it very uneconomical to do that."

Further debate ensued.

**POINT OF ORDER**

Senator Fleming: "Mr. President, I move scope and object on the amendment."

**RULING BY THE PRESIDENT**

The President: "The President, in ruling upon the point presented by Senator Fleming, finds that the amendment merely limits the number of landlords to which the bill applies. Therefore, the point is not well taken."

Further debate ensued.

The motion by Senator Bottiger carried and the amendment was adopted on a rising vote.

On motion of Senator Mardesich, the following amendment was adopted:

On lines 9, 15, and 16, strike "trust" and insert "[trust] guaranty"

On motion of Senator Francis the rules were suspended, House Bill No. 796, as amended by the Senate, was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

Debate ensued.

**ROLL CALL**

The Secretary called the roll on the final passage of House Bill No. 796, as amended by the Senate, and the bill passed the Senate by the following vote: Yeas, 43; nays, 1; absent or not voting, 2; excused, 3.

Voting nay: Senator Fleming—I.

Absent or not voting: Senators Grant, Lewis (Harry)—2.

HOUSE BILL NO. 796, as amended by the Senate, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

**SECOND READING**

ENGROSSED HOUSE BILL NO. 733, by Representatives Chatalas, Brown and Kalich:

Authorizing solid waste collection and processing by cities and towns.

**REPORT OF STANDING COMMITTEE**

April 21, 1975.

ENGROSSED HOUSE BILL NO. 733, authorizing solid waste collection and processing by cities and towns (reported by Committee on Local Government):

MAJORITY recommendation: Do pass with the following amendment:

On page 2, line 2, beginning with "Any" strike everything down to and including "to" on line 5 and insert "Nothing in this act will relieve a city of its obligations to comply with the requirements of"

The bill was read the second time by sections.
On motion of Senator Francis, the committee amendment was adopted. Senator Guess moved adoption of the following amendment: On page 1, lines 8 and 20, strike "condemn" Debate ensued.

POINT OF INQUIRY

Senator Guess: "Would Senator Fleming yield? Senator Fleming, can you tell me what plant they propose to condemn?"

Senator Fleming: "No, I cannot tell you that they are going to try and condemn a plant. As you said, the language reads, 'a city or town may construct, condemn, purchase, acquire, add to and extend a system and plants for collection and disposal of solid waste.' I do know that in Seattle they are in the process right now involved in getting into this area. Now I have not been out to visit the site and to what extent they had to condemn some of that area that they are involved in now. I cannot address myself to that, but I am pretty sure that the city itself is not going to be going around an operation that is at full capacity, such as the one in Bellingham, condemning that process. Now if there is some type of system that is set up that does not meet these requirements, they might be able to condemn a portion of that but I could not see them condemning the whole process if it is in full capacity."

Debate ensued.

POINT OF INQUIRY

Senator Guess: "Would Senator Talley yield? Senator Talley, can you tell what plant they want to condemn?"

Senator Talley: "I do not think anybody knows. This is an experimental bill. We are just giving them the authority to do something, Senator, and if they can do it, it will be of great benefit to the whole state."

Senator Guess: "Senator, the whole thing about it is, there is one going plant in the state of Washington. Now I have sat in on the two committees, I have sat in on the debate, and nobody has come up and showed us a plant or a system that is a going proposition except the one in Bellingham. Now, I want to protect the free enterprise of the individuals who had enough gumption to go out and build their own plant and to pick up these patent rights without having to fear that they will be wiped out because of condemnation proceedings. Now, there is nobody that has shown through debate on this floor that there is a possible way that the city of Seattle can condemn this thing. When they are talking about the plant they are talking about in Seattle. It is from scratch, sir. They do not condemn anything there except they might if you people seem to encourage them they might condemn the patent rights on something but I do not think that is the proper procedure."

Senator Talley: "Senator, I am just as much in favor of private enterprise as you are but I think in this case anything that they can develop to get rid of this garbage in a scientific manner than the way we are doing it today, dumping it on the ground or burying it and let it leak out in the next hundred years and ruining our whole environment with it, I think we should go along with the bill as is."

POINT OF INQUIRY

Senator Rasmussen: "Will Senator Fleming yield to a question? Senator Fleming, 'extend system of plants for the collection and disposal of solid waste.' What is the definition of solid waste?"

Senator Fleming: "You are asking me the definition of solid waste? I cannot answer you. Ask somebody else."

Senator Rasmussen: "I thought you had the bill in your committee."

Senator Fleming: "If you could answer the definition of everything that goes to your committee, Senator Rasmussen, I am sure we would eat a lot of hats around here."

Senator Rasmussen: "Senator, I do not wish to irritate you. I am just asking that because what I have in mind . . . ."

Senator Fleming: "You are not irritating me. I cannot answer your question."

Senator Rasmussen: "Thank you, Senator. I just raised that question because solid
waste can be just about anything, old automobiles, generators, and things like that, and we do have a lot of plants handling solid waste at the present time. We have including also several breweries that are collecting aluminum cans. I just read in the Sunday paper where some gentleman was out and collected six hundred dollars worth of old cans and bottles himself, so we do have a lot of these recycling plants going. I think that is what Senator Guess's concern is.

Senator Fleming: "Senator Rasmussen, you did a good job of answering your own question. Secondly, I appreciate your asking that question because you somewhat contradicted what Senator Guess had indicated, that there were no plants available other than the one up in Bellingham. Now the one up in Bellingham is the plant that is involved in the transposing. I guess, of solid waste into other products and so forth. That is the only one, that is true, but there are other plants. There are other systems in Seattle and if they are in the process of going into this new area they might need the ability to condemn a portion of one of their plants, not a public enterprise plant. They might need the flexibility to do that, and you said that you wanted to save money. Seattle is not asking us for any money to do this job. They are trying to get into this business. They are trying to do it the best way that they know how. It is a new venture and I think that as I indicated before, if we strike this condemnation out of there, I think we might be doing more harm than we are protecting them."

POINT OF INQUIRY

Senator Guess: "Will Senator Washington yield? Senator Washington, you said that Seattle might want to condemn a very large warehouse. There are several large warehouses down at Boeing, down at Renton, that I understand are closed. Do you think that the city of Seattle or Renton either one has the right to go down and condemn a property belonging to somebody else?"

Senator Washington: "Of course they do. We condemn property for highways. We are always condemning property for highways, Senator, and I think you are very much in favor of that. We condemn property for any number of situations and I think one of the greatest things that we need to do now is to go into recycling. We need to go into waste, trying to save waste, and I cannot think of any better reason why a public agency should be able to condemn property in order to carry it on, but I agree with you, Senator Guess, that they should not be able to go in and condemn a business that is already attempting to do the very thing we are talking about. That Bellingham plant should remain free from this possible attack. The plants that Senator Fleming mentioned should be free from it, and everybody should be free to get into this business and not feel that they are in danger of being condemned. Therefore, I think my amendment would take care of all this problem."

The motion by Senator Guess failed and the amendment was not adopted on a rising vote.

Senator Lewis (Harry) moved adoption of the following amendment:
On page 1, line 17, after the period add the following paragraph:
"Agreements relating to systems and plants for the processing and conversion of solid wastes to useful products and agreements relating to sale of such products shall be in compliance with RCW 35.21.120 and shall be entered into only after public advertisement and evaluation of competitive offerings."

There being no objection, the amendment by Senator Washington to the amendment by Senator Lewis (Harry) on the Secretary's desk was withdrawn.

The motion by Senator Lewis (Harry) carried and the amendment was adopted.

PARLIAMENTARY INQUIRY

Senator Woody: "I have an amendment on the desk that cites the same line. It could either be treated as an amendment to Senator Lewis's amendment or as a separate amendment, since it does not necessarily have to be an amendment to the amendment."

REPLY BY THE PRESIDENT

The President: "The Secretary advises that he had your amendment as an amendment to the amendment following Senator Lewis's amendment."
Senator Woody moved adoption and consideration of the following amendments simultaneously:

On page 1, line 17, after "town." and following the Lewis amendment, insert "Any agreement entered into by any city or town, regardless of classification, shall be subject to the provisions of RCW 35.23.352."

On page 1, line 29, after "town." and following the Lewis amendment, insert "Any agreement entered into by any city or town, regardless of classification, shall be subject to the provisions of RCW 35.23.352."

MOTION

Senator Wilson moved that the Senate concur in the House amendments to Engrossed Substitute Senate Bill No. 2616.

POINT OF INQUIRY

Senator Lewis (Harry): "Will Senator Wilson yield? Senator Wilson, on the second paragraph in the message from the House refers to newspapers. The word 'newspapers' appears twice on the line and it does not specify which. It is my understanding that the House intended the first time the word 'newspapers' appears on the line is to be the word 'newspapers' that applies to this amendment. Is that correct?"

Senator Wilson: "Yes. It is confusing when you look at the House language but if you read that language with the existing language that survives in the bill I think it be-
comes clear and it would now say that these notices must be published at least once in one or more daily newspapers of general circulation in the county and at least once in one or more weekly newspapers situated in the area where the state-owned land is located."

POINT OF INQUIRY

Senator Woody: "Mr. President and members of the Senate, I agree with Senator Wilson that substituting the terminology of void to the voidable language is preferable. I am scratching my head down here though to see in my own mind whether there is even a better way to do it and I am trying to think of the analogy with probate, the publishing requirements there. What I am thinking about, basically, is if there is a substantial noncompliance with the procedure, then of course it is a voidable situation and if that is the case, the person who is trading land on the exchange, if they intend to build on it or if they intend to sell it later, they apply for a loan or if they apply for title insurance on a sale, they will discover that they will not be able to borrow money on it until that one year is past because no lending agency is going to loan any money on a construction basis if title may be voidable and revert to the seller. In the probate area, and I am not sure if Senator Clarke can help me on probate, if there is a noncompliance of one of the publishing requirements, let us say in a statute that says before there is any sale or mortgage of estate property there must be an advertisement, preliminarily an order approving the sale and I think there is a publication requirement in certain instances. If the publication requirements are not met in the probate section, what happens to the title? Is that voidable, void, or is it neither?"

Senator Clarke: "Senator, I am afraid I was not paying attention to the first portion of your question."

Senator Woody: "I am trying to compare, Senator Clarke, this amendment that says that if there is a failure to substantially comply with the publication requirements on an exchange of property, public property, that it is voidable by an action brought within one year of the exchange. I am trying to think if that is an impairment of title and you would not be able to either get a loan on that within that one year or if you sold it within the one year under a warranty deed, you may be subject to liability in the event there is a voiding by the court within that one year. . . . what the comparison is in probate if one of the publication requirements are not met."

Senator Clarke: "I know of no special time limitation in connection with your probate illustration. It would appear to me that the imposition of a limitation would be a constructive piece of legislation because it would then clear the title if nothing was brought within the limitation period rather than leaving the possibility of a permanent cloud which could well be the situation in the probate illustration you referred to. Frankly, I am not aware right off the top of my head as to the limitations that may exist as to a defect in publication of a probate notice; whether that is something that could be brought up at an indefinite period in the future, I do not have the answer to that without further research, but I do think that limitations of this nature are constructive for the very reason that you suggest. There should be some certainty in titles and there should be a definite period within which a contest can be initiated."

Debate ensued.

Senator Wilson: "I might say in further reply to Senator Woody that the publicity requirements in this bill are quite simple, and somewhere the department is going to have a file on this particular exchange and no doubt it will include its copies of its insertion orders on the message in the weekly paper and the message in the daily paper. It will include a tear sheet from each of the papers as evidence that the notices were published, and I think any person with any suspicions who wanted to start a development during the initial year could quite easily check that material out at the department or even secure xeroxes of it."

The motion by Senator Wilson carried and the Senate concurred in the House amendments to Engrossed Substitute Senate Bill No. 2616.
