MESSAGE FROM THE SECRETARY OF STATE

DEPARTMENT OF STATE

OFFICE OF THE SECRETARY

TO THE HONORABLE, THE PRESIDENT OF THE SENATE,

THE LEGISLATURE OF THE STATE OF WASHINGTON

OLYMPIA, WASHINGTON

MR. PRESIDENT:

I, Bruce K. Chapman, Secretary of State of the State of Washington and custodian of the Seal of the said State, do hereby certify that I have carefully compared the at-
tached copy of a proclamation by the Governor calling an extraordinary session of the Legislature to convene on the 18th day of July, 1975, with the original copy of said proclamation now on file in this office, and find the same to be a full, true and correct copy of said original, and the whole thereof, together with all official endorsements thereon.

IN TESTIMONY WHEREOF, I have set my hand and affixed the seal of the state of Washington. Done at the Capitol at Olympia on this 18th day of July, 1975.

BRUCE K. CHAPMAN
Secretary of State.

PROCLAMATION BY THE GOVERNOR

The recently adjourned first extraordinary session of the Forty-fourth Washington State Legislature was confronted in unprecedented manner by major failures of school special levies throughout the state. At one time or other during that session, each house approved sums for special levy relief up to and exceeding $100 million, but final action by the Legislature produced considerably less.

The $65 million designated in the operating budget for this biennium was, in my opinion, insufficient to even offer a subsistence level of education and services to the children in our schools. Not only would educational programs be cut back or eliminated, but there would be a great number of schools which would deteriorate physically into unsafe, unclean, and unhealthy facilities. Because I believe that funds are available at this time for adequate emergency relief, and because I could think of no higher priority for the use of those funds, I vetoed the section in the budget bill relating to special levy relief. It is now my intention to call the Legislature to convene in extraordinary session to deal solely with the problem of special levy relief, and it is my hope that the Legislature will act in a prompt and responsive manner on this vital issue.

NOW, THEREFORE, I, Daniel J. Evans, Governor of the State of Washington, by virtue of the authority vested in me by the Constitution, do hereby convene the Legislature of the State of Washington in extraordinary session in the Capitol at Olympia on the 18th day of July, 1975, at the hour of nine o'clock, a.m., for the purpose stated herein.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the seal of the State of Washington to be affixed at Olympia, this 3rd day of July, A.D. Nineteen hundred and seventy-five.

(Seal of the State of Washington)

BY THE GOVERNOR:
BRUCE K. CHAPMAN
Secretary of State.

PRESIDENT’S PRIVILEGE

The President: “The President somewhat reluctantly would like to call to the attention of the Senate that our good friend, John Lemon, has recently been named associate editor of the Spokane Daily Chronicle. My reluctance is not present because of any lack of desire to share with John the joy of his promotion, but because of the void which his absence will leave in the legislative process.

“John has, for many years, been an integral part of our life and we have come to rely on his presence in a confident manner, knowing that his reporting of legislative events will be not only eloquent and interesting, but also fair and accurate. For these traits, John, we respect and admire you. The closeness which we feel for you and Wanda transcends your professional excellence and has created a close warm and personal friendship which will continue even though your new responsibilities will unfortunately prevent us from seeing you as often as we would like.

“Best of luck to you and Wanda. We are all sure that the reading public in the greater Spokane area has benefited for our loss.”

JOURNAL OF THE SENATE

INTRODUCTION AND FIRST READING

ENGROSSED HOUSE BILL NO. 1233, by Representatives Bagnariol, Shinpoch, Chatalas and Perry:
Providing emergency funding for common schools and funding mass transit.

MOTIONS

On motion of Senator Mardesich, the rules were suspended, Engrossed House Bill No. 1233 was advanced to second reading and read the second time in full.

Senator Donohue moved adoption of the following amendment:

On page 1, strike everything after the enacting clause and insert the following:

"NEW SECTION. Section 1. There is hereby appropriated from the state general fund including amounts from motor vehicle excise taxes imposed pursuant to RCW 35.58.273 through 35.58.279 except those amounts which are obligated for bonds and the covenants thereof issued as of the effective date of this 1975 amendatory act to the superintendent of public instruction for the biennium ending June 30, 1977, for distribution appropriate to the purposes of this section during the 1975-76 school year to school districts as hereinafter in this section provided, the sum of sixty-five million dollars or so much thereof as may be necessary: PROVIDED, That not more than three and one-half million dollars of such amount shall be allocated to districts which have submitted but failed to authorize one or more excess levies for maintenance and operations in 1976 and with a relatively high percentage of urban, rural, racial, and disadvantaged children, to continue quality educational programs for the 1975-76 school year at approximately the same student-teacher ratio that existed during the 1974-75 school year for any such districts or schools within such districts.

Allocations under this section for special levy relief shall be made by the superintendent of public instruction to local school districts in accordance with the following procedure:

Those local school districts which have received authorization for collection of an excess levy in 1976 for maintenance and operations or which have submitted one or more excess levies for maintenance and operations in 1976 shall receive an amount in the sum of eighty dollars, or as much as may be available thereof, per full time equivalent pupil enrolled for the 1975-76 school year. The superintendent of public instruction shall determine and notify each local school district of the amount of such funds made available by this section. Each board of directors of a local school district which qualifies for an allotment of funds for special levy relief pursuant to the provisions of this section and has been authorized an excess levy for maintenance and operations for collection in 1976, prior to receiving an allotment of funds hereunder, shall certify to the respective county legislative authority a reduction in the excess levy equal to the amount of funds made available for special levy relief pursuant to this section. Any school district which fails to certify and roll back excess levies in the manner required by this section shall not receive any allotment from the superintendent of public instruction of the funds made available under this section, notwithstanding any other provision of this section, any district receiving authorization for collection of an excess levy in 1976 for maintenance and operations shall not receive an allocation during the last half of fiscal year 1976 in an amount together with the reduced levy collection over the amount which would have been derived from the originally approved levy for such period. Any excess amount of the allocation due any such district as calculated pursuant to this section shall be distributed as the superintendent of public instruction shall direct during the first six months of fiscal year 1977.
Those local school districts which did not submit one or more excess levies for maintenance and operations for collection in 1976 and in addition experience a net per pupil expenditure, excluding transportation costs, of less than the state-wide average per student during the 1974-75 school year, shall receive an amount equal to fifty dollars per full time equivalent pupil during the 1975-76 school year.

The superintendent of public instruction, pursuant to chapter 34.04 RCW, shall promulgate rules and regulations to effect the intent of this section.

Sec. 2. Section 193, chapter 269, Laws of 1975 1st ex. sess. (uncodified) is amended to read as follows:

If any municipality, which shall have pledged the revenue from the special excise tax authorized by RCW 35.58.273 to secure the payment of all or any part of the principal of or interest on any general obligation bonds or revenue bonds issued pursuant to RCW 35.58.279, does not receive state transit assistance sufficient to meet such bond obligations, there is hereby appropriated from the general fund the sum of $3,000,000, or so much thereof as shall be necessary, to the state treasurer who shall distribute to each such municipality a sum equal to such bond obligation.

It is the intent of the legislature that the appropriation contained in this section shall be expended only for debt service on bonds which have been issued as of the effective date of this 1975 amendatory act and no part of this appropriation shall be expended for maintenance and operations of any mass transit system.

NEW SECTION. Sec. 3. This 1975 amendatory act is necessary for the immediate preservation of the public peace, health, and safety, the support of state government and its existing public institutions, and shall take effect immediately.

Senator McDermott moved adoption of the following amendment by Senators McDermott, Fleming, Ridder and Francis to the amendment by Senator Donohue:

On page 1, line 19 of the amendment strike “three and one-half” and insert “five”.

Debate ensued.

PARLIAMENTARY INQUIRY

Senator Bluechel: "I have an amendment on the desk that would change the sixty-five million to eighty million dollars and it may be that some of the members on the floor may vote on the amendment by Senator McDermott in a different manner, depending upon the action if the body adopts eighty million or whether we change it to sixty-five, and should this be considered first?"

REPLY BY PRESIDENT PRO TEMPORE HENRY

President Pro Tempore Henry: "Senator Bluechel, in answering your parliamentary inquiry, I see that there is no particular conflict whether you have sixty-five, unless you think perhaps from a psychological reason if they did get the eighty they might be more interested in going for the five but I think the amendments are in order. Sorry you were not on the floor at the time we started taking these amendments."

POINT OF ORDER

Senator Clarke: "I would suggest that the President has already ruled and that his ruling is correct. The amendments should be taken in order. If we start a precedent here of trying to consider amendments based upon how they might influence the voting on some subsequent amendments, we create an entirely new situation which, in my humble opinion, is unworkable and I submit as a point of order that the President already ruled and we should proceed in order."

Further debate ensued.

Senator Ridder demanded a roll call and the demand was sustained by Senators Donohue, Fleming, Washington, von Reichbauer, North, Bluechel, McDermott, Buffington and Woody.

President Pro Tempore Henry declared the question before the Senate to be the roll call on the amendment by Senators McDermott, Fleming, Ridder and Francis to the amendment by Senator Donohue.

On page 1, section 1, line 17 change “sixty-five million” to “eighty million”.

Debate ensued.

POINT OF INQUIRY

Senator Cunningham: “I wonder if Senator Donohue would yield to a question? Senator Donohue, I have before me, and I have talked to Senator Odegaard, a copy of the Journal of today in the House where Representative Bagnariol is saying there is forty-six million hard dollars and he is referring to thirty-four million shifting dollars. Is that going into a twenty-six month biennium if we use those dollars?”

Senator Donohue: “The shifting that we are talking about, Senator, is the shifting of collection of property tax. The collections amount to about seventeen percent of two hundred million. That is approximately — what was the figure — thirty-four I think you said. The thirty-seven point eight million dollars that you are aware of in the packet that we distributed to you yesterday is hard money. To get to the forty-six million they are assuming passage of the federal contractors sales tax. That puts it up to forty-six million.”

Further debate ensued.

Senator North demanded a roll call and the demand was sustained by Senators Washington, Clarke, Talley, Knoblauch, Jones, Buffington, Day, Matson and von Reichbauer.

MOTION

At 4:55 p.m., on motion of Senator Mardesich, the Senate recessed until 5:25 p.m.

"WHEREAS, The proponents of the measure (Chapter 195, Laws of 1973 First Extraordinary Session) acknowledged that passage of such a measure, which resulted in the collection of property taxes at the state level, could tend to increase property taxes, would take away from the local school districts their last sole source of revenue from the property tax, and would indeed have the effect of substantially discouraging further passage of special levies for schools by the taxpayers within a given school district; and".

Those local school districts which have received authorization for collection of an excess levy in 1976 for maintenance and operations or which have submitted one or more excess levies for maintenance and operations in 1976 shall receive an amount in the sum of sixty dollars or as much as may be available therefor per full time equivalent pupil enrolled for the 1975-76 school year. Levy in 1976 for maintenance and operations shall not receive an allocation during the last half of fiscal year 1976 in an amount together with the reduced levy collection over the amount which would have been derived from the originally approved levy for such period. Those local school districts which did not submit one or more excess levies for maintenance and operations for collection in 1976 and in addition experience a net per pupil expenditure, excluding transportation costs, of less than the state-wide average per student during the 1974-75 school year, shall receive an amount equal to fifty dollars per full time equivalent pupil during the 1975-76 school year.

Debate ensued.

**Point of Inquiry**

Senator Beck: “Senator Donohue, I am a little at a loss on this thing. I wonder if you would answer a question to straighten me out? To start with, I think we are all pretty much in agreement that there is thirty-seven million dollars in cash, we know we got that. We anticipate we are going to get ten million dollars from this federal — applying this sales tax to the material of the federal government. Are we still together? Now, when we had that sixty-five million dollar bill here, as I understood it, there was fifteen million dollars that was left over out of that motor vehicle excise tax. Are we still together on that?”

Senator Donohue: “That is right.”

Senator Beck: “And then there was five million dollars that was going to be saved from some kind of employee salary or reduction in force or something in the state employees. There is where we are getting that sixty-five million dollars.”

Senator Donohue: “That is correct, Senator.”

Senator Beck: “Now this bill is for forty-six million. Are these other factors — is that hard money or what happened to that other money?”

Senator Donohue: “In the judgment of the staff and due to the Attorney General’s opinion and due to the fact that all we have as far as information is concerned pertaining to the three percent reduction in force which the Governor vetoed out of the bill which he now says he will implement himself, which is five million, we believe that those two issues are in question and we know at this time that the thirty-seven million and that the nine million available for federal contracts is hard cash and to be responsible we feel that that is the way we should go.”

Senator Beck: “Yes, I agree with you there, but now that fifteen million dollars in excess, that is in question? Am I correct?”

Senator Donohue: “That is in question. It perhaps is available.”

Senator Beck: “Thank you very kindly. I am clear on the issue now.”

**Motion**

At 2:10 p.m., on motion of Senator Mardesich, the Senate recessed until 4:35 p.m.

**Second Afternoon Session**

The President called the Senate to order at 4:35 p.m.

The President declared the Senate to be at ease subject to the Call of the President.

NEW SECTION. Sec. 3. This 1975 amendatory act is necessary for the immediate preservation of the public peace, health, and safety, the support of the state government and its existing public institutions, and shall take effect immediately."

On motion of Senator Mardesich, the rules were suspended and Senate Concurrent Resolution No. 121 was advanced to third reading, the second reading considered the third, and the resolution was placed on final passage.

Debate ensued.

POINT OF INQUIRY

Senator Rasmussen: "Would Senator Mardesich yield to a question? Senator Mardesich, this date of September 5, 1975, that is the same date that is in the concurrent resolution that has already been adopted by the House and the Senate and is now awaiting the President's signature?"

Senator Mardesich: "That is correct."

Senator Rasmussen: "Thank you."

MOTIONS

On motion of Senator Clarke, Senator Newschwander was excused.

On motion of Senator Lewis (R. H. "Bob"), Senator Wanamaker was excused.

On motion of Senator Knoblauch, Senators Day, Keefe and Woody were excused.

POINT OF INQUIRY

Senator Goltz: "I would like Senator Mardesich to yield to a question? Senator Mardesich, if we pass this resolution and if it is amended on the House side and we have left, what is the effect of our inability to react to a change by the House to this resolution?"

Senator Mardesich: "Senator Goltz, also passed out at this time was a Senate resolution which authorized the Senate to suspend payment of per diem unless authorized by the Executive Committee of the Rules Committee so that the Senate may continue to carry on its business and the House will be in a position to pass a similar House resolution which would enable them to cease the drawing of per diem during this period of recess."

ROLL CALL

The Secretary called the roll on the final passage of Senate Concurrent Resolution No. 121 and the resolution passed the Senate by the following vote: Yeas, 28; nays, 11; excused, 10.

Voting nay: Senators Bluechel, Buffington, Fleming, Francis, Grant, Knoblauch, McDermott, Murray, Ridder, Van Hollebeke, von Reichbauer—11.

MOTION

On motion of Senator Mardesich, Senate Concurrent Resolution No. 121 was ordered immediately transmitted to the House.

MOTION

On motion of Senator Mardesich, the Senate advanced to the eighth order of business.

Senator Mardesich moved adoption of the following resolution:
SENATE RESOLUTION 1975-160

By Senator Mardesich:

BE IT RESOLVED, By the Senate, That per diem allowances for members of the Senate be suspended as of 12:00 o'clock midnight July 20, 1975 until Friday, September 5, 1975, unless authorized by the executive committee of the Rules Committee of the Senate.

POINT OF INQUIRY

Senator Francis: "Will Senator Mardesich yield to a question? Senator Mardesich, I am just looking at the wording there and I maybe would like a little more explanation because I do not understand whether that affects the right to per diem for already authorized interim activities and so forth or are we simply talking about the automatic per diem of us being in session? I think if that is explained and is on the record I think it would clarify it."

Senator Mardesich: "We had considered that and rather than go into a complicated resolution, the Rules Committee will take action such as ordinarily taken in an interim period authorizing the various committees to carry forth their business."

MOTION

Senator Mardesich requested a roll call on Senate Resolution 1975-160.

ROLL CALL

The Secretary called the roll on the final passage of Senate Resolution 1975-160 and the resolution was adopted by the following vote: Yeas, 31; nays, 8; excused, 10.

SENATE RESOLUTION NO. 160, having received the majority vote, was declared adopted.

There being no objection, the Senate returned to the fourth order of business.

MESSAGE FROM THE HOUSE

July 20, 1975.

Mr. President: The House has passed SENATE CONCURRENT RESOLUTION NO. 120, and the same is herewith transmitted.

DEAN R. FOSTER, Chief Clerk.

SIGNED BY THE PRESIDENT

The President signed:

SENATE CONCURRENT RESOLUTION NO. 120.

POINT OF INFORMATION

Senator Beck: "Is Senate Concurrent Resolution No. 120 signed by the Speaker of the House?"

REPLY BY THE PRESIDENT

The President: "Not as yet, Senator Beck. The procedure thus far is that the President shall sign first, Senator. The President has signed Senate Concurrent Resolution 120."
Senator Beck: "Is the resolution effective without the signature of the House Speaker?"

Senator Rasmussen: "Mr. President, in answer to Senator Beck, a partial answer, at one time when I was mayor of the city of Tacoma, the council passed by a majority vote a resolution. The legal advice that I received, I did not want to sign it, I refused to sign it, and the legal advice that I received was that all I was merely was attesting that the council had passed it by a majority vote and it was necessary I do sign it as the presiding officer, so the council action was final and my signature was only a legal necessity to testify to the fact that they had passed it."

REMARKS BY THE PRESIDENT

The President: "Thank you, Senator Rasmussen. The President has always believed, and rightly so, that the President's signature merely attests to the fact that Senate Concurrent Resolution 120 passed the Senate. It is up to the Speaker to attest to that if the measure passed the House."

INTRODUCTION AND FIRST READING

SENATE BILL NO. 2972, by Senator Pullen:
An Act relating to winter recreational parking; amending section 6, chapter 209, Laws of 1975 1st ex. sess and RCW . . . ; prescribing penalties; and declaring an emergency.
Referred to Committee on Parks and Recreation.

SENATE BILL NO. 2973, by Senators Pullen, Sellar, Stortini, Day, Rasmussen, Cunningham, Clarke and Benitz:
An Act relating to the confinement of persons convicted of Class A felonies; adding a new section to Title 9A RCW; and prescribing an effective date.
Referred to Judiciary Committee.

There being no objection, the rules were suspended, and additional sponsors were permitted on Senate Bill No. 2973.

POINT OF INQUIRY

Senator Mardesich: "Mr. President, in accordance with the provisions of Senate Concurrent Resolution No. 120, I move that the Senate be recessed until September 5, at nine a.m."

The President: "Senator Mardesich has moved that the Senate be at recess until nine a.m. September 5, 1975."

REMARKS BY SENATOR MARDESICH

Senator Márdesich: "By way of explanation, Mr. President, the resolution as passed by the House and Senate authorized this recess. The Senate, at least I am of the opinion that we have spent many days in session and many more than should be required logically of the members of this legislature. Every member of this body is in a position of having to earn a living. I, for one, and I am sure every other member of this Senate stands ready upon a moment's notice to have its Rules Committee authorize an earlier date for a meeting, should the House consider it possible for us to resolve our differences with respect to the issue of emergency special levy funding for schools. It is my hope that the leadership of the House will consent to meeting with our leadership in an attempt to set the earliest possible date, at the next weekend preferably, so that, as I say, our members can earn a living and that we can address ourselves to that issue."

REMARKS BY SENATOR BAILEY

Senator Bailey: "Is it in order to say anything on this motion?"

REPLY BY THE PRESIDENT

The President: "Yes, Senator Bailey."
Senator Bailey: "Mr. President and members of the Senate, I think it should be pointed out that we passed Senate Concurrent Resolution No. 120 a couple of days ago in the Senate after we passed the first sixty-five million dollar bill. That was our hope, that they would pass the bill in the House and that we would then adjourn and come back in September. When they refused to pass the bill in the House, we carried on extensive negotiations. In fact, the first negotiations were that we were to settle on sixty-five million dollars and send it to the House and that they would accept it. The Senate did its part. The House refused to do its part. We met this morning, we met this afternoon with the Speaker. In the first place, they met to discuss possibly meeting between the eighty million and the sixty-five million. That would be seven million five. That would settle on the seventy-two million five hundred thousand. Our side would not go for that. The Republicans would not go for that. We met finally and caucused and we had some negotiations going on whereas if we would change the forty-six million and send it over there at sixty-five, the House would add another million and a half to the URRD funds to satisfy the Seattle legislators, and we would go for that on the Democratic side. Instead it came back at seventy-two million five hundred thousand dollars and we would not go for that amount.

"Now we were going to adjourn. We had agreed between the leadership on both sides here that we are going to recess until Wednesday night on the Senate side and let the House work on this. We were going to come in on Wednesday and come back on Saturday in full session and address ourselves to this problem. The Speaker said he could not go for the resolution as we had it here on September 5. By the time we got to the floor they had passed the seventy-two million five hundred thousand bill — he had not even had time to get over — and they had also passed over here the resolution for the September 5 recess, so the resolution is passed. It is in effect. The Senate had nothing to do with this. We would have much preferred to be back here next week and do this thing and get it over with, next weekend. As it stands now, the ball was taken from our hands in the House of Representatives. The reason we are going to the 5th of September is because the House passed the concurrent resolution in an untimely and I think a very unwise fashion and so we will not be back until September 5 unless some reason prevails on the other side."

Senator Cunningham: "Would the clerk please repeat the motion by Senator Mardesich?"

The President: "Senator Mardesich has moved that the Senate recess until nine a.m. September 5, 1975."

Senator Cunningham: "Mr. President, speaking against that motion . . . ."

The President: "Senator Cunningham, the motion is not debatable but the word of explanation on your part will be received."

Senator Cunningham: "May I ask for a roll call?"

The President: "On the adoption of the motion?"

Senator Cunningham: "Yes."

The President: "Yes, Senator."

Senator Cunningham: "I would so request."

The President: "The President will put your request at a later time, Senator."

Senator Bottiger: "Mr. President and members of the Senate, sometimes sitting in silence is considered to be acquiescence in the comments that have previously been made and I cannot do that. The issue before us here was: Is sixty-five million dollars sufficient to provide for the at least emergency aid to the schools? I think we have to go back a little bit and realize that the Governor vetoed that item and, rather than signing the budget bill and providing sixty-five million for all of the schools of this district on which they could rely and on which they could sign contracts, hire back teachers, the Governor chose to make a very partisan political veto, and at this point I have to differ with Senator Bailey and Senator Mardesich and say the issue here is: What is the real object of the people of this state? What is best for every one of the kids of this state? The
best thing to have done was sign that bill and then call us back and say 'that is insufficient; appropriate some more money.' The best thing for us to have done once we got back here was override the veto and then talk about what was sufficient. Now we have not done that and that is a shame because I have to go back to school districts that cannot hire back teachers, that cannot make programs, and that I think is where I must differ with Senator Mardesich and Senator Bailey. I regret that the House did not override the veto and sent it over here. I regret that we did not send them a resolution saying 'Do it,' and get this thing solved.

"Now I could vote for more money. I could sit and argue for more money, but I want those contracts signed now. I want that decision made in my school district right now and I blame the Governor. He started this thing by not signing that budget and I think that it is a mistake for us to blame the House and that is why I rise here to raise my objection, because that is what it is all about. What in the hell are we doing here right now? We are diddly <linking around about seven and one-half million dollars when the real issue is, why don't we get the sixty-five million out where it belongs, and I invite the House to invite us back here next Saturday after they have already overridden the veto, and I assure them that we have over forty-two votes here to join them."

REMARKS BY THE PRESIDENT

The President: "Senator Cunningham, the President in his remarks merely meant that it is not debatable. Did you wish to speak upon the subject?"

REMARKS BY SENATOR CUNNINGHAM

Senator Cunningham: "Thank you, Mr. President. Yes; I guess I do, because I am just appalled at what has happened here and I do not mean to cast any aspersions at anyone. I just do not feel by walking away from a problem we are solving it. I think we all have the same end result in mind. We want to be responsible and I have all due respect for the Ways and Means Committee in their revenue projections, but I have seen this body and the one across the rotunda spill, literally, seven million dollars in a day in funding what I consider to be some adult sandbox programs, but we are dealing now with children. We are dealing with people, many school administrators who are going to try and be responsible. Now I am not considered a friend of schools because I will not kowtow to the unions, but I am concerned about the children and I am concerned about the administrators of the schools having the tools and the time to do the job that they are hired for, planning, and what we are doing is leaving them dangling out on the end of a limb and I do not think that is responsible.

"Now I voted against the eighty million because I do not really believe it is there, but I accepted the compromise of seventy-two million and I just think that it is not the time to walk away from the problem. Now is the time to stay here, and I know there are many in here who join us in that, and I do not mean to be partisan and I am not going to say it is anybody's fault. I think we are all in this barrel together and we do not do a service to the legislative system to say, 'We are leaving here until the 5th of September, come what may,' and I hope that when you go to vote on this motion that you will just think about some of these things."

REMARKS BY SENATOR CLARKE

Senator Clarke: "Speaking upon the motion and upon the request for a roll call, it is my position that in reality we are legally at present recessed until September 5, because I think that this was accomplished by the actions of the two bodies. I do not believe that the signature of the Speaker of the House is necessary in order to bring that into effect and I certainly do not believe that if we voted 'no' on Senator Mardesich's present motion that that could possibly have the effect of nullifying the previous action which already was taken. I do not wish at this time to raise the point of order because I am convinced that in its consistency the Senate will vote affirmatively upon Senator Mardesich's motion and we certainly cannot hurt anything by simply reaffirming what we have already done, but in the event that it should happen that Senator Mardesich's motion should fail, it is my intent to raise the point of order and ask for a Ruling by the
President as to whether we had not in effect recessed prior to the putting of the motion."

REMARKS BY THE PRESIDENT

The President: "Senator Cunningham has requested a roll call. Do one-sixth of the members present join in the request? Senator Cunningham, Senator von Reichbauer, Senator Buffington, Senator Bailey, Senator Knoblauch, Senator Fleming, Senator Grant, Senator Ridder, Senator Francis, Senator Benitz, Senator Murray. The demand for the roll call is sustained."

POINT OF ORDER

Senator Bailey: "I think Senator Clarke is going to raise another point if this motion fails, but I would like you to consider the fact that we have no right to recess beyond seventy-two hours without the concurrence of the other house. Now if we are voting on recessing beyond seventy-two hours, we are accepting the fact, are we not, that the concurrent resolution is in effect? And if we are accepting the fact that the concurrent resolution is in effect, then how can one house vote to suspend the concurrent resolution? Now I ask you that question before we even vote, because I think it could be raised later and I think it should be faced now."

REMARKS BY SENATOR MARDESICH

Senator Mardesich: "I suspect that I probably should withdraw my motion. I merely made it to bring the point out that the Senate was complying with a duly passed concurrent resolution of both houses and the Senate stood ready to return as soon as it has an opportunity to confer with the leadership in the House and that we consider next weekend to be a very suitable time for that meeting."

The President: "Did you wish to withdraw your motion? If there are no objections, the motion is withdrawn. (Gavel) An objection has been received. Senator Mardesich?"

Senator Mardesich: "Mr. President, I move that my motion be withdrawn."

The President: "Senator Mardesich has moved that the motion be withdrawn. As many as are in favor will say aye. As many as are opposed will say no. The motion is withdrawn."

JOHN A. CHERBERG, President of the Senate.

SIDNEY R. SNYDER, Secretary of the Senate.

"TODAY WE CALL ON YOU IN OUR PERPLEXITY IN REGARD TO EDUCATION. SOME ARE TROUBLED AND CONCERNED ABOUT THE VALUES WE STRESS OR OMIT IN THE FIELD OF EDUCATION. SOME FEEL INEQUITIES IN REGARD TO TAXATION AND OTHERS IN REGARD TO DISBURSEMENT OF FUNDS IN BOTH THE PUBLIC AND PRIVATE SECTOR. On page 2, lines 23 and 35 delete "Engrossed House Bill No. 1233" and insert "Engrossed Senate Bill No. 2971", and the same is herewith transmitted.

DEAN R. FOSTER, Chief Clerk.

MOTION
On motion of Senator Mardesich, the Senate concurred in the House amendment to Engrossed Senate Joint Memorial No. 112.

ROLL CALL
The Secretary called the roll on the final passage of Engrossed Senate Joint Memorial No. 112, as amended by the House, and the bill passed the Senate by the following vote: Yeas, 43; excused, 6.

ENGROSSED SENATE JOINT MEMORIAL NO. 112, as amended by the House, having received the constitutional majority, was declared passed.

INTRODUCTION AND FIRST READING
SENATE CONCURRENT RESOLUTION NO. 122, by Senators Bailey and Lewis (Harry):
Directing the Speaker of the House and President of the Senate to contest, in court, various vetoes of the 1975 legislative session.

MOTIONS
On motion of Senator Mardesich, the rules were suspended and Senate Concurrent Resolution No. 122 was advanced to second reading and read the second time in full.
On motion of Senator Mardesich, the rules were suspended, Senate Concurrent Resolution No. 122 was advanced to third reading, the second reading considered the third, and the resolution was placed on final passage.

POINT OF INQUIRY
Senator Grant: "Would Senator Lewis yield to a question? Senator Lewis, the meat of this resolution is line 13 and on, and page 2 which authorizes the President of the Senate and the Speaker of the House to employ counsel. I would like, if you would and if you could, to specify some of the item vetoes other than the appropriations measure which is mentioned in one of the "whereas's" that may be subject to challenge under this resolution."

Senator Lewis (Harry): "Senator Grant, there is a brief that your caucus attorney developed, a copy of which I have in my hand, thanks to Senator Guess, and a copy which I thought perhaps you had seen. This was presented to us early in this weekend
session from Mr. Nicolai. We in the Rules Committee — and I would like to suggest to that this is not just an individual effort on Senator Bailey's part and my part — but the Rules Committee at our last meeting directed Mr. Nicolai as well as the Republican caucus attorney to develop the specific suggestions for veto sections that should be reviewed by the courts and pursued by the legislature in resolving this issue. I suppose if you would like I could review them, but the bulk of the vetoes that were objected to were in the budget, those suggested by Mr. Nicolai, and I would assume that these suggestions which I would be glad to give you would be the ones basically and the parameters which we would be pursuing in the courts, subject perhaps to some changes adopted by the Joint Rules Committee, if they felt there was a need to go further, but I would be glad to give you this if you would like, rather than read it here on the floor.”

Senator Grant: “Senator Lewis, I think all members of the Senate should have access to that particular brief and I am not prepared to vote for this concurrent resolution until all members of the Senate have an idea of the same information that the members of the Rules Committee have. I was involved too with the constitutional amendment that would limit the Governor’s item veto. I fought quite strenuously for that as a member of the House of Representatives and also here in the Senate, and I recall, as a matter of fact, that we left him, to my recollection, with broad veto authority in appropriations measures; but I would think that all members of the Senate should be entitled to all information regarding this resolution before we are asked to vote on it. I am not trying to drag my feet.”

REMARKS BY SENATOR BAILEY

Senator Bailey: “Mr. President, Senator Grant has raised an issue that I am not aware that the Rules Committee itself has been briefed on. We are pursuing the possibility of going to court to find out just where the Governor’s power stops and where it goes because he is in many cases — and I think he would welcome this test to find out just what this means. Can he veto one item out of a budget and then utilize the money that he has vetoed for some other purpose? What about the unanticipated receipts? The Governor himself does not know this. Senator Donohue’s committee lawyer has done some work on it. Max Nicolai has done some work on it. I think it is very imperative that we proceed today, that we not wait until September. We should find out what powers we have when we adopt the budget and what powers the Governor has. Now this is not a suit where we are challenging the Governor, I do not believe. I think the Governor himself would welcome a clarification of the act and find out just what it is. There is no intention to harm here or anything else and I do not see any loss of morals or your integrity or anything else by voting for the resolution because it is something that we are trying to establish the legislative rights and powers and to find out how much the Governor has in the line of veto power, nothing more than that, and I would urge that you adopt the resolution. In fact, I recall the Governor on unanticipated receipts said that sooner or later this had to go to court to be determined. He himself did not know whether we had the power or not.”

ROLL CALL

The Secretary called the roll on the final passage of Senate Concurrent Resolution No. 122, and the resolution passed the Senate by the following vote: Yeas, 37; nays, 6; excused, 6.

SENATE CONCURRENT RESOLUTION NO. 122, having received the constitutional majority, was declared passed.

There being no objection, the Senate returned to the fourth order of business.

On motion of Senator Mardesich, the rules were suspended, Senate Bill No. 2978 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

POINT OF INQUIRY

Senator Wilson: "Would Senator Beck yield? I presume this bill, among other things, has been proposed in order to permit, authorize, or compel an election for Secretary of State this fall. Is that correct?"

Senator Beck: "That is the intent of the bill."

Senator Wilson: "Okay. The aspect I want to address is, who pays for the election? Now I think other provisions of the existing law provide that the state pays its share of elections that are conducted and the local government pays a share proportionate to the number of offices or propositions that it may have on the same ballot. Is that correct?"

Senator Beck: "That is right. The agency pays for this just like any general election, whether it be in an odd number year or an even number year. It is just like any other election."

Senator Wilson: "More specifically then, if a primary election, for example, is held for the office of Secretary of State this fall, in some areas where there are no other offices or propositions at stake and the only reason for holding the primary election would be because of the race for the Secretary of State, in such an instance then would the state reimburse the local government entity for the entire cost of the election?"

Senator Beck: "No, Senator Wilson, I do not think that is correct because the counties have to set up a budget to take care of the election and this is a general election. There are general elections all over the state in every county this time. There is no appropriation from the state for this election. I would stand corrected. If you would like to correct that statement, that is the way I interpret it. I do not know. There are initiatives, there are referendums, there is everything on the ballot here, Senator Wilson."

Senator Wilson: "The referendums and initiatives, of course, come up at the general election, and I am . . ."

Senator Beck: "This is the general election. That is what this applies to."

Senator Wilson: "But if there is more than one candidate from any party running for Secretary of State, it will also involve a primary election."

Senator Beck: "Senator Wilson, I do not know. I have answered your question as best I know how. If there is anyone else that is more familiar with this than I am, I would stand corrected, but I think it is paid for just like any other election. The counties have to appropriate money for the election."

Senator Wilson: "I am only speaking, Senator Beck, on behalf of local government which far too often is the target of measures passed by the state which heaps upon local government additional financial obligations without our putting up the money, and I am not sure how the costs of elections are distributed at present but I am trying to point out that if there are elections all over the state which would not conduct a primary election but will be required to purely by the passage of this bill which can lead to a primary election involving a state office, Secretary of State, it does not seem to me to be right that local government would have to finance that particular aspect of the election."

Senator Beck: "Senator Wilson, I have just been advised by counsel that the Secretary of State will pay for the state's portion of this election."

Senator Wilson: "Okay. Then if the primary for the Secretary of State is the only issue to be voted on in a certain area, the state will finance the entire cost of the election?"

Senator Beck: "That is my understanding, that is the advice of counsel, yes."

There being no objection, the rules were suspended and additional sponsors were permitted on Senate Bill No. 2978.

REMARKS BY SENATOR BOTTIGER

Senator Bottiger: "Senator, the way I understand it, in those rare instances — and they would be very rare — where there is no primary election of any kind, the state
FOURTH DAY, AUGUST 9, 1975

would have to pay its share of the cost of the election, which, under your hypothetical in
those very rare cases, would be the total amount. Now I would suggest that the Secretary
of State has discovered apparently in his budget sufficient money to call a constitutional
convention; no doubt he could provide enough money to have the people vote on their
Secretary of State.”

ROLL CALL

The Secretary called the roll on the final passage of Senate Bill No. 2978, and the
bill passed the Senate by the following vote: Yeas, 43; excused, 6.

Voting yea: Senators Bailey, Beck, Benitz, Bluechel, Bottiger, Buffington, Clarke,
Day, Donohue, Fleming, Francis, Goltz, Gould, Grant, Guess, Herr, Jolly, Jones,
Keefe, Knoblauch, Lewis (Harry), Mardesich, Marsh, Matson, McDermott, Morrison,
Murray, Odegard, Peterson, Pullen, Rasmussen, Ridder, Sandison, Scott, Sellar, Stor-
tini, Talley, Van Hollebeke, von Reichbauer, Walgren, Washington, Wilson, Woody—
43.

Excused: Senators Cunningham, Henry, Lewis (R. H. “Bob”), Newschwander,
North, Wanamaker—6.

SENATE BILL NO. 2978, having received the constitutional majority, was de-
clared passed. There being no objection, the title of the bill was ordered to stand as the
title of the act.

MOTION

On motion of Senator Mardesich, Senate Bill No. 2978 was ordered immediately
transmitted to the House.

POINT OF INQUIRY

Senator Talley: “I wonder if Senator Mardesich would yield to a question? Senator
Mardesich, is the plan that we will adjourn? Some of us would like to go home if it is all
right with you.”

Senator Mardesich: “There is nothing further before us, Senator Talley, other than
the receipt of messages from the House; the signature of the bills that we have passed
today must be done in open session, and the only other vote will be the question of the
recess resolution. We had a meeting of the leadership of the four caucuses and agreed to
recess until September 5 unless called earlier or later by the Rules Committees of both
House and Senate, and that resolution has yet to come before us. It is being transferred
from the House after they act with respect to the measures before them. It will be a con-
current resolution.”

Senator Talley: “Then you plan to recess until September? Thank you.”

REMARKS BY SENATOR BAILEY

Senator Bailey: “We were going to go to caucus to discuss this and I suppose we
can do it right out here while we are waiting. I had hoped that we would not have to
come back in September at all — and I think Senator Clarke and some of us are wish-
ing, but the House would not buy it. We went over there and met with them and they
finally, I think we kind of generally agreed that we would come back. We were talking
about September 5 and trying to confine it to a three day weekend except if both houses
agreed we might stay longer if we had some urgent issue before us, and not trying to
take care of the long range school problems because they are good for four or five weeks
probably, at least, if we are going to do it right, so we were going to try to limit the ses-
sion.

“Then is the way we left the House with the promise it would be limited to over-
riding vetoes and things that are connected with vetoes, Senator Bottiger had an issue, I
think it was on mass transit or something like that. It would be rather a restricted ses-

sion with the thought that we would not stay in any length in September. If we stay, we
might as well plan to stay for three or four weeks, and if that is what you want, of

Of course, you can do that when you are here. Senator Francis does raise an issue that I do
not know about. That is, on September 5 the Western Council of State Governments is meeting too. We would have laxity in this resolution. We could put it off a week but there is laxity in this that if we do not want to meet at that time we do not have to, and if we want to meet sooner we can meet sooner. We can go to caucus if you wish but I want to tell you this though. We are not the only caucus. We are one of four and the other three have agreed on it, so let's go.

REPORT OF STANDING COMMITTEE

September 5, 1975.

SENATE BILL NO. 2980, authorizing the state to pay election costs for general and primary elections for state officers in odd-numbered years (reported to Committee on Ways and Means):
Majority recommendation: Do pass.
Signed by: Senators Donohue, Chairman; Odegaard, Vice Chairman; Wilson, Second Vice Chairman; Clarke, Grant, Lewis (Harry), Marsh, Newschwander, Rasmussen, Scott, Washington, Woody.
MOTIONS

On motion of Senator Mardesich, the rules were suspended and Senate Bill No. 2980 was advanced to second reading and read the second time in full.

Senator Goltz moved adoption of the following amendment:

On line 16, after section I, insert a new section 2 as follows:

"NEW SECTION. Sec. 2. Notwithstanding any other provision of law to the contrary, any filings for election to a vacant position in a superior court judgeship created by chapter 49, Laws of 1975 1st ex. sess. and any filings for election to a vacant position in a district court judgeship which would result from the election of a person then serving as a district court judge to the vacant superior court judgeship shall be deemed to be valid, and no election held pursuant to such filings may be challenged on the basis of an alleged impropriety regarding the nature of or timeliness of such filings."

Renumber the following section consecutively.

POINT OF INQUIRY

Senator Bailey: "Would Senator Goltz yield? Senator Goltz, would this alter the law as relates to superior court judges, nonpartisan races in making them run in the general elections instead of the primaries?"

Senator Goltz: "As far as I can tell, Senator Bailey, the intent of this section would apply only to the judge which was created by the particular act, Chapter 49 of the Laws of 1975 first extraordinary session, and it is only because the timing of the effective date of this act, September 8, 1975, created an untimely situation with regard to filings for the next general election in November. So I would say in answer to your question, it affects only the third superior court judge in Whatcom County for this one election only."

POINT OF ORDER

Senator Francis: "Mr. President, I raise the question of scope and object on this amendment."

REMARKS BY SENATOR FRANCIS

Senator Francis: "Mr. President, may I at least make a comment as to the scope and object. It seems to me that the last four lines of this amendment are potentially much broader than what Senator Goltz intends. It says, 'No election held pursuant to such filings may be challenged on the basis of an alleged impropriety regarding the nature of or timeliness of such filings,' and I do not think we know how broad that may be. I think that something like this is going to need a hearing. What we are doing is anticipating some kind of lawsuit and trying to decide it in advance without hearing from all sides or anything else and I think that by the very fact that there is so much implicit meaning there or effect that we do not know about, we also can see that it is broadening the scope and object."

POINT OF INQUIRY

Senator Lewis (Harry): "I wonder if Senator Goltz would yield to a question? Senator Goltz, can you tell me, was this position advertised for in the newspapers in Whatcom County as being an opening, so that those interested and qualified could file?"

Senator Goltz: "When you say advertised, do you mean a legal advertisement?"

Senator Lewis (Harry): "I mean any type of public notice to the citizenry of the area so that they were aware that the position was open for filing."

Senator Goltz: "I am not sure of the precise steps that were taken but I do know that there are persons filed and are currently running in the primary campaign for both positions which are covered by this section."

Senator Lewis (Harry): "Senator Goltz, what I am trying to get to is, supposing that there was a person — let us take a mythical situation, it probably is not apparent or realistic — suppose ex-Senator Atwood was aware that there was a position to be open and that he was not aware, however, that there would be a filing. Perhaps he was gone
for a month or so and thought that there would be an appointment made, which is the normal procedure, or any other citizen who was not aware of the filing; what we are really doing, in reading the verbiage that Senator Francis pointed out, is precluding some citizens, as I see it, from that opportunity to file for the position because of improper notice unless you can advise us that there has been proper notice made to the citizens who might be interested. That is the thrust of my question."

Senator Goltz: "Yes, I think it is a very valid question and I am sorry that I am unable to state what steps the county auditor did take to advertise the position. I do not know that."

Debate ensued.

RULING BY PRESIDENT PRO TEMPORE HENRY

President Pro Tempore Henry: "The President, in ruling on the point as raised by Senator Francis, believes that it does enlarge the scope and object of the bill. Therefore, it will be ruled out of order. I would like to suggest to Senator Goltz if he would take this piece of paper and put a blue back on it and drop it in before five o'clock tonight as a separate bill it might have much kinder treatment."

The amendment by Senator Goltz was ruled out of order.

MOTIONS

On motion of Senator Sellar, Senators Benitz, Gould, Lewis (R. H. "Bob"), Matson, North and Pullen were excused.

On motion of Senator Knoblauch, Senators Herr and Ridder were excused.

On motion of Senator Mardesich, the rules were suspended, Senate Bill No. 2980 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

ROLL CALL

The Secretary called the roll on the final passage of Senate Bill No. 2980 and the bill passed the Senate by the following vote: Yeas, 38; excused, 11.

SENATE BILL NO. 2980, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

MOTION

On motion of Senator Mardesich, Senate Bill No. 2980 was ordered immediately transmitted to the House.

Debate ensued.

POINT OF INQUIRY

Senator Rasmussen: "Will Senator Bailey yield to a question? Senator Bailey, it was the House that felt that we needed this session? It is my understanding that the Senate did not feel that we were far enough along with our committee work to hold a session this weekend?"

Senator Bailey: "I think the vote in the Senate would have been about 48 to 1 not to hold a session. It was not necessary and it is a waste of time and money."

Senator Rasmussen: "So it was the opinion of the House that they were far enough along to process some of this legislation?"

Senator Bailey: "Well, let's put it this way. We said, 'You got us here. Now you
pass the bills you think are necessary or we are going to go home. It is up to you. We do not see anything worth wasting our time on. If they pass them over we will take care of them."

Senator Rasmussen: "Thank you, Mr. President, it would be my hope that we could set a positive time for recessing this productive session at approximately three o'clock tomorrow."

MESSAGE FROM THE GOVERNOR

TO THE HONORABLE, THE SENATE OF THE STATE OF WASHINGTON.

LADIES AND GENTLEMEN:

I am returning herewith without my approval SUBSTITUTE SENATE BILL NO. 2006 entitled:

"An Act relating to state government; creating the department of veterans affairs."

This bill removes from the Department of Social and Health Services all functions related to veterans affairs and transfers the same to a new and separate Department of Veterans Affairs. The major problem cited by proponents of the bill was dissatisfaction with the performance of the Department of Social and Health Services. I submit that the solution to the problem, assuming the complaints are valid, is to conduct a performance audit of the veterans programs within the department rather than to set up a new agency which would be staffed by essentially the same personnel now working on those programs in the department.

There are at this time a number of state agencies which serve a variety of different interests within each agency. I see no more reason for the creation of a Department of Veterans Affairs than I do the separation of functions from other agencies and creating new departments to serve each such function. If anything, the proliferation of such spe-
cial purpose agencies would diminish the amount of attention each agency would re-
ceive from the Governor, the Legislature, and other state elected officials.
I find it also hard to understand how, with its present concern over the rising costs
of state government, the Legislature can justify the creation of a new department with a
fiscal impact of approximately $300,000, particularly when the services to be under-
taken by such new department are being performed at the present by an existing depart-
ment. The reasons stated simply do not warrant the additional expenditures.
For the foregoing reasons, I have determined to veto Substitute Senate Bill No.
2007.
Respectfully submitted,
DANIEL J. EVANS
Governor

MOTION
On motion of Senator Rasmussen, the Senate moved to pass Substitute Senate Bill
No. 2006, notwithstanding the Governor's veto.

2006, notwithstanding the Governor's veto, and passed the bill by the following vote:
Yeas, 35; nays, 12; absent or not voting, 1; excused, 1.

Francis, Goltz, Grant, Guess, Henry, Herr, Jolly, Keefe, Knoblauch, Lewis (R.

mussen, Ridder, Sandison, Stortini, Talley, Van Hollebeke, von Reichbauer, Walgren,

SUBSTITUTE SENATE BILL NO. 2006, having received the constitutional two-
thirds majority passed notwithstanding the Governor's veto. There being no objection,
the title of the bill was ordered to stand as the title of the act.

INTRODUCTION AND FIRST READING
ENGROSSED HOUSE BILL NO. 1230, by Representatives King, Newhouse,
Bausch and Hendricks:
Creating the public employment relations commission.

MOTIONS
On motion of Senator Mardesich, the rules were suspended, Engrossed House Bill
No. 1230 was advanced to second reading and read the second time in full.
On motion of Senator Grant, the rules were suspended, Engrossed House Bill No.
1230 was advanced to third reading, the second reading considered the third and the bill
was placed on final passage.

POINT OF INQUIRY
Senator Lewis (Harry): "Will Senator Grant yield to a question? Senator Grant,
you said that the bill was just the same except for some boiler plate that you inserted or
was inserted, and had to do with employees of Labor and Industries. Can you more spe-
cific and point out that to me in the bill please? What does it actually do to those em-
ployees, those present employees? Section 3 says 'This act is necessary for the imme-
diate preservation of the public peace.'"
Senator Grant: "I am not sure you have the correct bill in front of you, Senator
Lewis."
Senator Lewis (Harry): "I have 1230. Engrossed House Bill? Do we have the engrossed bill on the desks?"

Senator Grant: "Yes, I think it is, Senator. Section 3 does that, Senator."

Senator Lewis (Harry): "What does it actually mean, Senator Grant?"

Senator Grant: "'All employees of the Department of Labor and Industries classified under the provisions of Chapter 41.06 State Civil Service Law, whose positions are entirely concerned with functions transferred to the commission shall be transferred to the jurisdiction of the commission. All such employees shall be assigned to the commission to perform their usual duties on the same terms as formerly without any loss of rights.' It also handles the question of transference of funds and records. Another section of the engrossed bill."

Senator Lewis (Harry): "This new section is a rather unusual section when we create new commissions, Senator Grant. What is the reason behind this? What are you trying to get to? I see what it does, but when we create a new commission or a new agency we normally, to my knowledge, have not specified that those same employees pick up and move, as I read this. What is the purpose behind this section? Can you tell me that?"

Senator Grant: "It was not authored by me, Senator Lewis, and I frankly had some reluctance to go along with this. However, it is not unusual. It is not an unusual procedure at all. We are transferring functions and also in this case, because of the civil service law, transferring certain employees. The commission itself will, of course, be appointed by the Governor. The executive director of the commission will have certain responsibilities that are called for in the original legislation and can conceivable use and add other staff, but those particular people assigned in the Department of Labor and Industries by this section are also transferred. I do not think that is unusual."

Senator Lewis (Harry): "The question that I have in my mind, I recognize apparently we did not have a hearing on this in the Labor Committee or the proper committee, but for example, supposing the commission as I understand, and you have really talked about this more than I have, Senator Grant, but supposing we have a new commission, a new idea to accomplish the same purpose, but a little bit different direction. This specifies that they shall be assigned to the commission to perform their usual duties under the same terms as formerly. Now it also talks about their rights, by this paragraph, are you specifically saying, as I read it, that they will do exactly the same thing that they are presently doing? Does that include all of the executive officers of that present facility in Labor and Industries? Does it include just the employees? Is it everybody connected with it, and can the commission under this language direct them to do something different from their usual duties? That is what is concerning me about this."

Senator Grant: "It would be my intent at least, and I think it was the legislative intent, and we did have a hearing on this question, we had one yesterday morning, the exact same language. Some of us in the Senate Labor Committee felt that some of this language perhaps should have been taken out because of some ambiguities, but in order to establish legislative intent it would just occur to me that the commission could assign them their usual duties plus other responsibilities that the new commission might undertake."

MOTIONS

On motion of Senator Guess, the rules were suspended and Engrossed House Bill No. 1230 was returned to second reading.

Senator Guess moved adoption of the following amendment:

On page 3, lines 28 and 29, strike "to perform their usual duties upon the same terms as formerly,.'".

MOTION

At 4:45 p.m., on motion of Senator Matson, the Senate recessed until 5:01 p.m.
SECOND AFTERNOON SESSION

The President called the Senate to order at 5:01 p.m.

The Senate resumed consideration of Engrossed House Bill No. 1230 and an amendment moved for adoption by Senator Guess prior to recess.

There being no objection, the amendment by Senator Guess was withdrawn.

On motion of Senator Morrison, the following amendment was adopted:

On page 3, beginning on line 28, strike all material down through line 32.

Senator Mardesich moved the rules be suspended and Engrossed House Bill No. 1230, as amended by the Senate, be advanced to third reading, the second reading considered the third, and the bill be placed on final passage.

POINT OF INQUIRY

Senator Bailey: “I would like to ask Senator Morrison a question about his amendment. Isn’t there some doubt, Senator Morrison, that your amendment which was adopted amid confusion here probably means that these people will be stripped of their civil service protection when they go across into this other department and the Governor is going to be the almighty father that tells them they are out of work or ‘I am going to clean house and put my own people in here.’? I think you have probably done a pretty good knife job. I am just wondering what is your response to that.”

Senator Morrison: “Senator Bailey, that was not the intent at all. As I indicated, the Senate Labor Committee approved this particular amendment after listening to discussion with inputs from George Matson and Norm Schut. These people cannot lose their civil service protection. The only way they could lose their jobs is if in fact the new commission set up classifications of employees that had nothing to do with their ability. These people are all currently mediators. There are seven of them and they work in the Labor and Industries Division of Industrial Relations. That division is being done away with. They will be transferred over. I think the committee, in considering this, did not want to force the new commission to dovetail these people into specifically the same jobs. I think we want to see this new commission with the flexibility to create its own ground rules. The language as continuing to exist here says these people will be transferred over but their job assignments may be changed, and I think that is a message we as a legislature want to give to them. We are not particularly happy with the work that has been done with the mediation service by the state and if we are going to implement 2500 relating to education and 2408 as it related to all other public employees, we want to have this group do a super job so let us not hamstring them by forcing them to accept the particular abilities of the people that are transferred to them. Let us let them restrain those people and do a better job.”

Senator Bailey: “Senator Morrison, then it is your intent that these people that are transferred over be fully protected in their civil service status and tenure in state office?”

Senator Morrison: “That is correct.”

The motion by Senator Mardesich carried. Engrossed House Bill No. 1230, as amended by the Senate, was advanced to third reading.

MOTION

On motion of Senator Lewis (R. H. “Bob”), Senator Pullen was excused.

ROLL CALL

The Secretary called the roll on the final passage of Engrossed House Bill No. 1230, as amended by the Senate, and the bill passed the Senate by the following vote:

Yeas, 36; nays, 9; absent or not voting, 2; excused, 2.

Absent or not voting: Senators Bottiger, Murray—2.
Excused: Senators Fleming, Pullen—2.

ENGROSSED HOUSE BILL NO. 1230, as amended by the Senate, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

MOTION

On motion of Senator Grant, Engrossed House Bill No. 1230, as amended by the Senate, was ordered immediately transmitted to the House.

INTRODUCTION AND FIRST READING

HOUSE BILL NO. 1240, by Representative Shinpoch:
Making a change in the capital appropriation for the department of social and health services.

MOTIONS

On motion of Senator Mardesich, the rules were suspended, House Bill No. 1240 was advanced to second reading and read the second time in full.
On motion of Senator Mardesich, the rules were suspended, House Bill No. 1240 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

POINT OF INQUIRY

Senator Lewis (Harry): "Will Senator Donohue yield? Senator Donohue, in the original draft of this appropriation bill the three hundred thousand was for site development and construction of a community educational facility, and when we passed this I recall that there was an attempt to amend it to this specific area and it was defeated by the committee. Is that correct?"

Senator Donohue: "I do not remember that, Senator. It was in the capital budget and was appropriated. The money was appropriated at the time."

Senator Lewis (Harry): "It was not appropriated for this specific center. It was appropriated for a center to be selected, I assume, by Social and Health Services."

Senator Donohue: "I understand that, Senator, but since that time they have a name and this name of South King County Activities Center is now the name of the facility that will receive the appropriation if we do in fact pass the bill."

Senator Lewis (Harry): "So they selected this facility without the urging of Representative Shinpoch? It was just their independent selection that it happened to fall in his district?"

Senator Donohue: "You will have to talk to Representative Shinpoch, Senator, concerning that. I am not aware. . . ."

Senator Lewis (Harry): "Before we pass the bill, do you think, or should we just go ahead with it now? What is your recommendation?"

Senator Donohue: "I have no recommendation, Senator."

Senator Lewis (Harry): "Senator Donohue, I have a further question if I might. The language on lines 25 to 30, is that to get around the AG opinion or can you tell me what . . ."

Senator Donohue: "What page are you on, Senator?"

Senator Lewis (Harry): "I am on page 6. It says, 'Provided further that the facility authorized by this appropriation need not be included in the plans required by section 2, chapter 276 uncodified.' I am wondering what plans are negated and not unnecessary in the expenditure of these three hundred thousand dollars which apparently are normally required, or if there is another purpose for the section I would like to know about it."

Senator Donohue: "In the original appropriation bill there was language in one section which said that all construction plans had to be reviewed. In the bill that came from the House, as you are aware that this bill just came before us, I cannot tell you the reason for the change other than the fact that they are ready to go with the facility and do have the plans. That is my understanding so evidently they feel there is no need to sub-
ject any further proof of whether the plans are valid or not with the Department of So­
cial and Health Services as required in the original capital budget bill.”

Senator Lewis (Harry): “Senator Donohue, supposing next session we were to have
a facility that we were going to develop in Senator Bottiger’s district. Would you, as
chairman of Ways and Means, be willing to have this kind of a paragraph inserted in
that kind of a facility, or perhaps a facility in Senator Sellar’s district where those plans
would not have to be reviewed? This is very unusual. I realize the extenuating circum­
stances but it is also precedent setting and I would like to know what the position of the
chairman of the Ways and Means would be in the future.”

Senator Donohue: “First of all, Senator, I think that it is in Senator Pullen’s dis­
trict. I do not think it is in Representative Shinpoch’s district, whether that has anything
to do with your question I am not sure, but at least I think the reason that the language
in the original capital budget bill does not apply in this case and they are just stating it,
is that it is in fact a private facility. The language that was in the capital bill required
that all plans must be reviewed as pertained to state facilities and state plans for that
type of construction, so I think that this is the reason for it. I have no other information
that would say otherwise.”

POINT OF INQUIRY

Senator Cunningham: “Would Senator Donohue yield to another question? Sen­
ator Donohue, do you have a specific address for where this center is to go? Do you have
a specific address or location of this center? Is it on the west hill of Kent?”

Senator Donohue: “I am not that familiar with the area. It is at the old Nike site,
wherever that is. People from that area, I am sure maybe Senator Pullen might know
where it is. I am not sure.”

Senator Cunningham: “The only Nike center that I am aware of in that area is on
the west hill. Maybe Senator Grant recalls. It is up on Military Road. But you used the
words in your description of a sheltered workshop. Is that what it is going to be, a shel­
tered workshop?”

Senator Donohue: “I will read you what it says, Senator, in the intent. This is a
House definition of the bill or analysis of the bill. It says that it provides an appropria­
tion of three hundred thousand for site development and construction of a community
educational facility for the developmentally disabled. The funds appropriated are to be
transferred to the South King County Activity Center which will own and operate the
facility, and it is at the present time at a Nike site. Now that is all I know about it.”

Senator Cunningham: “My main question is, if it is a sheltered workshop and that
part of Kent has just redefined its zoning, in fact several light manufacturing areas not
too far are going to have to move because of it, I guess I am just curious to see if this is
by any chance in conflict with what Kent is trying to do with that whole area in general.”

Senator Donohue: “I could not answer that question, Senator.”

Senator Cunningham: “Thank you.”

ROLL CALL

The Secretary called the roll on the final passage of House Bill No. 1240 and the
bill passed the Senate by the following vote: Yeas, 26; nays, 20; absent or not voting, 1;

SENATE CONCURRENT RESOLUTION NO. 122.

INTRODUCTION AND FIRST READING

HOUSE BILL NO. 1242, by Representatives Fortson, Bagnariol, Charnley, Hansen, North and Wilson:
Implementing 1975 special school relief measure.

MOTIONS

On motion of Senator Mardesich, the rules were suspended, House Bill No. 1242 was advanced to second reading and read the second time in full.

On motion of Senator Odegaard, the rules were suspended, House Bill No. 1242 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

POINT OF INQUIRY

Senator Van Hollebeke: "Would Senator Odegaard yield to a question please? Senator Odegaard, could you please tell me what this would specifically do in the school districts such as Shoreline? Shoreline was a district that had three votes because one ballot box was lost or something, and on the third vote the levy was reduced from what had been previously tried, as I recall the figures, from seven point three to about six and a quarter million and then two additional maintenance and operation levies were presented at the same time of considerably lesser amounts and those two failed. Now what would be the result in that case under the provisions of this bill?"

Senator Odegaard: "The provisions of this bill then in Shoreline's case would give Shoreline School District an additional ninety-eight thousand four hundred and eighty-eight dollars to the school district. I can you tell you how that is computed if you are interested in that."

Senator Van Hollebeke: "All right. Thank you. Would it then also provide that there would be no tax rebate or reduction of the real property tax to anybody in that district?"

Senator Odegaard: "No, for the levy that passed they would still receive a rebate of nine hundred and forty-six thousand nine hundred and twenty-nine dollars. They would receive the additional because of this bill of nine point four percent of the one levy that failed, nine percent of the six hundred and fifty thousand. They still receive the rollback on the property tax on the levy that passed."

Senator Van Hollebeke: "The rollback would be the nine hundred and forty-six thousand?"

Senator Odegaard: "Right."

Senator Van Hollebeke: "And the amount appropriated to the school district by this bill would be the ninety-eight thousand?"

Senator Odegaard: "Yes."

Senator Van Hollebeke: "Okay, thank you."

MESSAGE FROM THE HOUSE

September 6, 1975.

Mr. President: The House has passed HOUSE BILL NO. 1243, and the same is herewith transmitted.

DEAN R. FOSTER, Chief Clerk.

INTRODUCTION AND FIRST READING

HOUSE BILL NO. 1243, by Representatives Bagnariol and Polk:
Appropriating funds to the department of revenue for distribution resulting from the Valentine v. Johnston case.

MOTIONS

Senator Mardesich moved that House Bill No. 1243 be referred to the Committee on Ways and Means.

Senator Day moved that the motion by Senator Mardesich be amended and House Bill No. 1243 be referred to the Committee on Social and Health Services.

There being no objection, the motion and the amendment to the motion were withdrawn.

On motion of Senator Bottiger, the rules were suspended, House Bill No. 1243 was advanced to second reading and read the second time in full.

On motion of Senator Bottiger, the rules were suspended, House Bill No. 1243 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

Debate ensued.

POINT OF INQUIRY

Senator Lewis (Harry): "Would Senator Donohue yield to a question? Senator Donohue, is this general fund money?"

Senator Donohue: "That is correct, Senator."

Senator Lewis (Harry): "Where did it come from?"

Senator Donohue: "The money that we are going to appropriate here is going to reduce the present proposed balance that might be available in January for everything else from seven point six nine million, it will be less nine hundred and some thousand dollars here. We have available in January, according to the Senate Ways and Means staff, after the appropriation and back to the old talk about the Governor's revenue projections, we would have available seven point six nine million."

POINT OF INQUIRY

Senator Clarke: "Would Senator Bottiger yield? Senator Bottiger, are we creating any precedent here which could incur future liability with respect to other rollbacks?"

Senator Bottiger: "Senator Clarke, I do not think we are. I think the State Supreme Court did. What we are doing is paying the money that the court ordered us to pay."

Senator Clarke: "The Court decision was such though that in your opinion in reality we are not making any decision with respect to making this rollback. All we are really doing is appropriating a fund pursuant to the court's direction."

Senator Bottiger: "We are appropriating the schools' share of their regular tax dollars, not their special levies. The schools' share of the regular tax dollars ordered by the court since we would have given them that money anyhow under the state guarantee formula. So the superior court of Pierce County ordered the state to pay and I think the state Tax Commission agreed they should pay that portion of the judgment. Now the other small taxing districts will have to make up the balance, the counties, the fire districts, weed control, whatever, they will have to make up their share of the balance. I might add, Senator Clarke, there is another case that was, I believe it is on appeal, from
SIXTH DAY, SEPTEMBER 6, 1975

Snohomish County. Following this decision the local court there ruled that the Valentine case did not apply to that given set of facts and that was a kind of a follow of the Dore case I do not believe it is going to be precedent anywhere in the state."

ROLL CALL

The Secretary called the roll on the final passage of House Bill No. 1243, and the bill passed the Senate by the following vote: Yeas, 43; absent or not voting, 4; excused, 2.

Absent or not voting: Senators Grant, Jones, Lewis (Harry), Odegaard—4.

Excused: Senators Fleming, Pullen—2.

HOUSE BILL NO. 1243, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

MESSAGE FROM THE HOUSE

September 6, 1975.

Mr. President: The House has passed SENATE BILL NO. 2980 with the following amendments:

On page 1, line 2, after “RCW 29.13.047;” insert “amending section 29.80.010, chapter 9, Laws of 1965 as amended by section 8, chapter 4, Laws of 1973;”.

On page 1, beginning on line 16, insert the following new section to read as follows:

"Sec. 2. Section 29,80.010, chapter 9, Laws of 1965 as amended by section 8, chapter 4, Laws of 1973 are each amended to read as follows:

As soon as possible prior to each state general election at which federal or state officials are to be elected, the secretary of state shall publish and mail to each individual place of residence of the state a candidates' pamphlet containing photographs and campaign statements of eligible nominees who desire to participate therein: PROVIDED, That in odd-numbered years no candidates' pamphlet shall be published, unless an election is to be held to fill a vacancy in one or more of the following statewide elective offices: United States senator, governor, lieutenant governor, secretary of state, state treasurer, state auditor, attorney general, superintendent of public instruction, commissioner of public lands, insurance commissioner and justice of the supreme court."

Renumber remaining section consecutively, and the same is herewith transmitted.

DEAN R. FOSTER, Chief Clerk.

MOTION

Senator Wilson moved the Senate concur in the House amendment to Senate Bill No. 2980.

POINT OF INQUIRY

Senator Rasmussen: “Will Senator Wilson yield to a question? Senator Wilson, as I read the amendment by the House, it says that in the event that there is a candidate it then will be necessary that a voters' pamphlet be put out. Is this correct?”

Senator Wilson: “Correct.”

Senator Rasmussen: “All right. Then could you tell me what the total cost of the voters' pamphlet is?”

Senator Wilson: “No, I cannot. I would say that I am sure the amendment is based on the assumption that there will be at least one ballot measure in every odd year elec-
tion and that therefore information on a statewide office would simply be added to the same pamphlet that will carry information on the initiatives, amendments or referendums."

Senator Rasmussen: "That is on the assumption."

Senator Wilson: "Yes."

Senator Rasmussen: "But there have been years when we had no initiatives or referendums. This would make sure that if we had one candidate that we would probably be saddled with the cost in the odd year elections of a hundred thousand, hundred and fifty thousand, whatever it costs to prepare the candidate's pamphlet for that one candidate."

Senator Wilson: "With respect to your first statement, Senator, I believe that every year since we passed the annual elections bill we have had referendums and other ballot propositions on the ballot in odd numbered years, which was the purpose of that bill. With respect to the second part of your statement, however, I think that technically you are correct. I would suggest that this bill, of course, can be further perfected and amended in our January session if you are worried about that point."

Senator Rasmussen: "I think it should be, because that would be a ridiculous cost to insist than in an odd year election when we had no referendums or initiative measures on the ballot and we should have a resignation or a death or something where there would be one candidate we would be required to spend that much money."

Senator Wilson: "Senator, I agree with you. Since the immediate need pertains to shifting the fair portion of the cost of this coming fall's elections to the state rather than causing local governments to assume it, I think it might be a reasonable approach to pass the bill with this amendment and trust our very competent and able chairman of the Constitution Committee to perfect the measure at our January session to avoid what you have suggested."

Senator Rasmussen: "Senator Wilson, a further question. It is then the intent of the Senate, you would say, or of this legislative body, that the candidate's statement be included in the voters' pamphlet rather than in a candidate's pamphlet?"

Senator Wilson: "Very definitely."

Senator Rasmussen: "Because in the RCW they speak of the candidate's pamphlet and the voters' pamphlet, and as you recall last time we did have the two of them. There was the candidate pamphlet and a separate voters' pamphlet."

Senator Wilson: "Right. The whole thing got so large that they were put into two pamphlets but it is certainly the intent with respect to this House amendment to Senate Bill No. 2980 that two separate pamphlets not be issued in odd numbered year elections and that if there are statewide offices at stake in odd numbered years, the information on the candidates be included in the same pamphlet as carries information on the ballot propositions."

Senator Rasmussen: "Thank you, Senator Wilson."

The motion by Senator Wilson carried and the Senate concurred in the House amendment to Senate Bill No. 2980.

ROLL CALL

The Secretary called the roll on the final passage of Senate Bill No. 2980, as amended by the House, and the bill passed the Senate by the following vote: Yeas, 45; nays, 2; excused, 2.

Voting nay: Senators Clarke, Cunningham—2.

Excused: Senators Fleming, Pullen—2.

SENATE BILL NO. 2980, as amended by the House, having received the constitu-
tional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

SENATE JOINT MEMORIAL NO. 113, having received the constitutional majority, was declared passed.

MOTION

On motion of Senator von Reichbauer, Senate Joint Memorial No. 113 was ordered immediately transmitted to the House.

INTRODUCTION AND FIRST READING

SENATE CONCURRENT RESOLUTION NO. 123, by Senators Lewis (Harry), Beck, Murray, Matson, Donohue, Day, Scott, Wanamaker, Sellar, Jones, Buffington, Clarke, Newschwander, Lewis (R. H. "Bob"), Bluechel, Benitz, Gould, Cunningham and Guess:

Setting forth legislative declaration urging defeat of Initiative 314.

There being no objection, the rules were suspended and additional sponsors were permitted on Senate Concurrent Resolution No. 123.

MOTION

Senator Lewis (Harry) moved the rules be suspended and Senate Concurrent Resolution No. 123 be advanced to second reading.

Senator Washington raised an objection to the motion by Senator Lewis (Harry).

POINT OF ORDER

Senator Lewis (Harry): "Senator Washington is out of order. There has been no motion made at this time. He is objecting to something that has not been done. We are just reading the last line. If he wants to object to reading the last line, perhaps he would rather read it himself."

RULING BY THE PRESIDENT

The President: "No one has made the motion to advance. The President, however, realizes that the measure must be on second reading in order to read the second line so therefore will put the motion that you have moved that the rules be suspended and that Senate Concurrent Resolution No. 123 be advanced to second reading and read the second time in full. Senator Washington has offered an objection to advancing it, therefore it will be put to a vote."

Senator Lewis (Harry) demanded a roll call and the demand was sustained by Senators Jones, Murray, Guess, Scott, Cunningham, Mardesich, Washington, Ridder and Wanamaker.

Debate ensued.

PARLIAMENTARY INQUIRY

Senator Rasmussen: "It is necessary for it to be advanced to second reading in order to even consider that amendment that is on the desk, is it not?"

REPLY BY THE PRESIDENT

The President: "That is true, Senator Rasmussen."

REMARKS BY SENATOR RASMUSSEN

Senator Rasmussen: "And I think this is not debatable but with all the sponsors that are on there I think the amendment should be considered and probably adopted."

PARLIAMENTARY INQUIRY

Senator Bailey: "If this measure should go to second reading and pass, then it is true that we would have to stay here another week or so and work on some form of school financing?"
Further debate ensued.
The President declared the question before the Senate to be the motion by Senator Lewis (Harry) that the rules be suspended and Senate Concurrent Resolution No. 123 be advanced to second reading.

ROLL CALL
The Secretary called the roll and the motion by Senator Lewis (Harry) failed by the following vote: Yeas, 19; nays, 27; absent or not voting, 1; excused, 2.
Voting yea: Senators Benitz, Bluechel, Buffington, Clarke, Cunningham, Donohue, Gould, Guess, Jones, Lewis (Harry), Lewis (R. H. "Bob"), Matson, Morrison, Murray, Newschwander, North, Scott, Sellar, Wanamaker—19.
Absent or not voting: Senator Henry—1.
Excused: Senators Fleming, Pullen—2.

SENATE CONCURRENT RESOLUTION NO. 123 was referred to the Committee on Ways and Means.

There being no objection, the Senate advanced to the eighth order of business.

MOTION
Senator Bailey moved adoption of the following resolution:

SENATE RESOLUTION 1975-163
By Senators Bailey, Mardesich, Matson, Lewis (Harry) and Scott:
WHEREAS, The continuing problems relating to education in this state have necessitated the formation of seven select subcommittees on education by this body; and
WHEREAS, Each of these select subcommittees has been assigned specific areas of responsibility; and
WHEREAS, Several members of the Senate are serving on joint education committees with members from the House of Representatives;
NOW, THEREFORE, BE IT RESOLVED, By the Senate that the chairpersons of the seven select subcommittees on education are hereby directed to convene their respective committees on the first day of each regularly scheduled legislative weekend, or on such other occasions as needed, on such matters as may pertain to their particular fields of study;
BE IT FURTHER RESOLVED, That each select subcommittee present the results of its studies and any recommendations to the Senate, in bill form, by the second Monday in January, 1976;
BE IT FURTHER RESOLVED, That the Senate members of the joint select education committee refer and direct any matters or information which they deem necessary to the existing Senate select education subcommittees for their consideration and assessment.

POINT OF INQUIRY.
Senator Talley: "I wonder if Senator Mardesich would yield? Senator Mardesich, if I read this right you want the select committees to meet on each Saturday of each week. Is that correct?"
Senator Mardesich: "No, it is on the monthly meeting that we have, Senator Talley. That is to be sure that this school problem . . ."
Senator Talley: "On the first day of each regularly scheduled legislative weekend."
Senator Mardesich: "That is the monthly meeting."
Senator Talley: "That would be the monthly meetings?"
Senator Mardesich: "Right. And in addition to that, however, we have authorized, in effect, we have asked them to hold whatever other meetings are necessary to finish the work so the issue can be before us in January."
SIXTH DAY, SEPTEMBER 6, 1975

Senator Talley: “Any other meetings to be held over the state or just in Olympia?”
Senator Mardesich: “It is our hope that you would schedule all these meetings in Olympia. As a matter of fact, it may be difficult to get travel money if you do not.”
Senator Talley: “That is a good answer.”
The motion by Senator Bailey carried and the resolution was adopted.

MOTION

Senator Gould moved adoption of the following resolution:

SENATE RESOLUTION 1975-161

By Senators Gould, Woody and Mardesich:
WHEREAS, During the past decade, population has grown rapidly in the South­west Snohomish area; and
WHEREAS, Increased population, commercial and industrial activity has resulted in increased automobile and truck traffic; and
WHEREAS, The increased vehicle activity in the future will more severely strain already congested roads in the area; and
WHEREAS, The completion of Interstate 405, including adequate interchange with Interstate 5 and State Route 525 in the Swamp Creek area, is a vital element to this state’s overall highway system; and
WHEREAS, The completion of an adequate interchange at the Swamp Creek location is vital to lessen traffic congestion at nearby Interstate 5 interchanges at the 44th Street Southwest Interchange and the Martha Lake Interchange; and
WHEREAS, The present interchanges of Interstate 5 at 244th Street Southwest and at 220th Street Southwest provide inadequate access into Southwest Snohomish County; NOW, THEREFORE, BE IT RESOLVED, By the Senate, that the full interchange at the intersection of Interstate 5 and Interstate 405 be added to the completion program of Interstate 405, and that improved direct access to Southwest Snohomish County from Interstate 5 at 244th Street Southwest, and a full interchange at 220th Street Southwest, be added to the Interstate System; and
BE IT FURTHER RESOLVED, That copies of this resolution be forwarded to the President of the United States, the Congressional Committees on Public Works, the members of the Washington State Congressional Delegation, and the Federal Highway Administration.

POINT OF INQUIRY

Senator Bailey: “Would Senator Gould yield? It has been a long time, Senator Gould, since I have been on the Highways Committee, but a few years ago when I was on the Highways Committee you never petitioned the Congress nor the federal High­ways Administration for a state highway, even an interstate highway. All of the work had to be done, had to come through the state Highways Department when it came to construction and the federal government never instituted the construction of various off ramps and overpasses and interchanges like that. It was a necessity that the state Highway Department had to do this. Now, is there some change in the present procedures?”

Senator Gould: “I would yield to Senator Bottiger if he would answer.”
Senator Bottiger: “Senator Bailey, this resolution was drafted by the Highway Department itself. It does not say it in it, but the problem we have is that once the fed­eral government determines ‘that the project has been completed’, then changes in pat­tern, traffic pattern, population patterns, other state, county, local highway programs in a particular area can cause a new need, and if the project is ‘completed’ then we can no longer qualify for 90-10 federal matching money. I would suggest that you support Sen­ator Gould and Woody and Mardesich on this measure because I am sure that each of you will be shortly back asking for a similar resolution when you have had that kind of change that they have had in South Snohomish, North King County area on the freeway. If we cannot get these things qualified under the interstate program, they they have got
to be financed one hundred percent by state funds. It is a simple matter of asking them to reopen the consideration of whether the interstate is meeting the interstate design needs in that particular area in order to qualify for the 90-10 money. The Highway Department brought this to our attention. As a courtesy the Transportation Committee gave it to the legislators from that particular area to introduce to the Senate. A similar measure is introduced in the House. Rather than running a joint memorial, we are using floor resolutions which we think would be sufficient."

The motion by Senator Gould carried and the resolution was adopted on a rising vote.

There being no objection, the Senate returned to the fifth order of business.

INTRODUCTION AND FIRST READING

SENATE CONCURRENT RESOLUTION NO. 124, by Senator Mardesich:
Recessing the legislature until January 12, 1976.

MOTIONS

On motion of Senator Mardesich, the rules were suspended, Senate Concurrent Resolution No. 124 was advanced to second reading and read the second time in full.

Senator Mardesich moved the rules be suspended, Senate Concurrent Resolution No. 124 be advanced to third reading, the second reading considered the third, and the resolution be adopted.

POINT OF INQUIRY

Senator Talley: "Will Senator Mardesich yield? If I read this resolution right, Senator, one house or one Rules Committee cannot call this Senate back into session as it has at this time. It takes joint action."

Senator Mardesich: "No single house can delay the action. I do not think under the Constitution you can do that. It has a seventy-two hour rule under the Constitution which requires that you cannot have a recess for more than seventy-two hours without the concurrence of both houses."

Senator Talley: "But if I read it right it takes joint action to reconvene us though."

Senator Mardesich: "Oh no. That is if the dates were to be changed from January 12, either earlier or later, then it would take action of both of the Rules Committees."

Senator Talley: "Affirmative action?"

Senator Mardesich: "Affirmative action of both Rules Committees would be necessary."

POINT OF INQUIRY

Senator Lewis (Harry): "Would Senator Mardesich yield to a question? Senator Mardesich, I was present at a meeting in the other house at which there was an understanding as to what the procedures would be when we came in on January 12 and at the request of the Speaker we took some language out of a resolution prior to the adoption of this one. I wonder if you could explain for the record what that agreement was, what your understanding of it was?"

Senator Mardesich: "Mr. President, ladies and gentlemen of the Senate, we had discussed the question of keeping the January session to a specific time and had reached an agreement where there would be a definite attempt to restrict the issues to be brought before the next session in January primarily to the school matters, and secondly, that that session should not run in excess of forty days from the date of convening. It is our hope to attempt to do it in thirty, but we had reached agreement that it would not run over forty unless there was agreement from both sides and all parties included in on the negotiations that there was something of such importance that we should stay longer."

Senator Lewis (Harry): "I have a further question, Senator Mardesich. Could you discuss what your understanding was of the agreement on cutoffs for introduction and so forth? It was my understanding that we would establish a procedure in the early, or prior to the session, to try to meet the forty-day cutoff if at all possible. Is that correct?"
SIXTH DAY, SEPTEMBER 6, 1975

Senator Mardesich: "We had agreed to meet earlier, before the convening of the session, to begin to establish cutoff dates and to definitely program the work so that we could finish. And also, in addition to that, we had agreed that it was not our intention to split session and come back at a later date."

POINT OF INQUIRY

Senator Grant: "Would Senator Mardesich yield? I appreciate all that folderol for the record, but what significance does it really have? This legislature is not bound by any understanding that the leadership has relative to duration of session, cutoff dates or anything else for the next session. Is that correct?"

Senator Mardesich: "Senator Grant is absolutely correct. He know the rules as well as anyone, that a majority can do what they want unless it is a situation where two-thirds is required by rule."

POINT OF INQUIRY

Senator Lewis (Harry): "I do not mean to belabor this but one final question, Senator Mardesich. Was it your understanding that providing the legislature, as Senator Grant indicated, agreed that we would adjourn at the end of the January session sine die?"

Senator Mardesich: "That is correct."

The motion by Senator Mardesich carried. Senate Concurrent Resolution No. 124 was advanced to third reading, under suspension of the rules, the second reading considered the third, and the resolution was adopted.

There being no objection, the Senate advanced to the eighth order of business.

MOTION

Senator von Reichbauer moved adoption of the following resolution:

SENATE RESOLUTION 1975-162

By Senators von Reichbauer, Walgren Peterson, Beck, Sandison and Wanamaker:

WHEREAS, The Washington State Ferry System is a vital link in this state's overall transportation system; and

WHEREAS, The Washington State Ferry System is a valuable asset to the citizens as well as visitors to this state; and

WHEREAS, The vitality of the Washington State Ferry System has been threatened by rapid cost increases occurring during the past several years; and

WHEREAS, Toll increases on the Washington State Ferry System work a hardship on those exclusively dependent on system service, and in other cases may cause a diversion of traffic to other modes of travel; and

WHEREAS, Such diversion is not in the best interests of the people of the State of Washington; and

WHEREAS, Sufficient monies have been appropriated by the legislature to support the Washington State Ferry System without a toll increase; and

WHEREAS, The Highway Appropriations Act (Ch. 279, Laws of 1975 1st. Ex. Sess.) and the variable gas tax bill (SSB 2159) clearly stated legislative intent to stabilize Washington State Ferry System tolls;

NOW, THEREFORE, BE IT RESOLVED, That it is the intent of the Washington State Senate to stabilize ferry tolls at rates existing on September 1, 1975.

BE IT FURTHER RESOLVED, That the Washington State Senate hereby requests that the Washington State Toll Bridge Authority take such actions necessary to maintain tolls at September 1, 1975 levels;

BE IT FURTHER RESOLVED, That copies of this resolution be transmitted to the Washington State Toll Bridge Authority, the Washington State Highway Commission, and the Governor of the State of Washington.

Debate ensued.
Senator Lewis (Harry): "Would Senator Walgren yield to a question? Senator Walgren, how many dollars are we committing by this resolution in holding the tolls?"

Senator Walgren: "... about four million dollars, as I recall, the toll increase."

Senator Lewis (Harry): "This resolution came through rather rapidly. Did this resolution have a hearing in your committee, Senator Walgren?"

Senator Walgren: "No, but the bill that supports the appropriation for the ferry system had numerous hearings in the committee, and of course was argued in great detail here on the floor of the Senate."

Senator Lewis (Harry): "I wonder if Senator Guess or somebody could respond to this. In reading this it appears to me that we are committing millions of dollars to the ferry system or could be? Is that correct, Senator Guess?"

Senator Guess: "Senator Lewis, if the rate which the Toll Bridge Authority in its last committee meeting or last action raised the ferry fares, this would roll back the fares to what they were on September 1 and would require an additional four million dollars in a subsidy, and I think I am right on that, am I not, Senator Walgren?"

Senator Walgren: "That is correct, but that is a subsidy that has been appropriated by this legislature already in the House Bill 427."

Senator Guess: "But the action of the bill, Senator Walgren, which we took today on 1241, I believe it is, the Y chart which they showed us this morning shows that the total subsidy of the fares will be something in the order of about twenty-one million. That will require now an additional four million on top of the twenty-one million so that will make it a twenty-five million dollar ... ."

Senator Walgren: "Senator Guess, I think that the situation was that we were anticipating approximately an eleven million dollar deficit. Part of that, about three point five million dollars, was covered by the one-tenth of a cent subsidization measure in the ferry operations account, so there was about an eight million dollar deficit that was anticipated at the time that we passed the variable gas tax last session. That variable gas tax, of course, provided for the additional revenue that would be necessary to handle that particular deficit. But our appropriation bill, 427, addressed itself to the variable gas tax if it went into effect and provided that the money to take care of that deficit would come out of the variable gas tax. However, if that was not signed into law, and of course it was not signed into law, it provided that the particular amount of money would come from an additional appropriation from the motor vehicle account. That is the law now, Senator Guess, and of course the Toll Bridge Authority chose to ignore that appropriation."

Senator Guess: "That is quite true, Senator, but I think that in all fairness that the body ought to be told that there has not been a fare increase in the ferries and that the ferry command or the Toll Bridge Authority spent a considerable amount of time in coming up with a rate which for the first time in many, many years — I understand it, we inherited a number of inequities in the ferry fare schedules from the old Black Ball Line and they never had really addressed the program of coming up with a fair tax for everybody and for every user, so I was, in our meeting at Rosario, very pleased to learn from the committee people up there that for the first time in history we did have now a leveling out of the responsibility and that those people, although there was a serious setback to them and a higher rate of increase than they wanted, after this in the future we could then say that the fares would go up on a percentage basis and everybody would be treated alike."

Senator Walgren: "Yes, that is certainly some of the comments that were made in the San Juan Islands, Senator Guess, and of course those people up there were particularly hard hit by these fare increases.

"I am sure you are well aware that when we did pass the tenth of a cent measure that created the ferry operations account we set up a procedure, a procedure by statute. Again, I think that these statutes do carry the intent of the legislature, albeit the fact that very often the administration or the agency involved chooses to ignore it, it sets up a procedure whereby these tolls could be increased, and of course that procedure calls for certain activity during the month of February, some action by the Toll Bridge Authority
to take place and affect fare rate increases about May, I believe. As a result of their failure to carry out the intent of the legislature in that statute, and of course the court, as you well know, has enjoined the action of the Toll Bridge Authority effective now."

Senator Guess: "But I believe that it would be grossly inequitable for us now to interfere into the process which has been begun, although belatedly, by the Toll Bridge Authority and to interfere with that. It is only equity that demands that we leave the thing in the hands of the Toll Bridge Authority and certainly this is going to cause more of a subsidy to the ferries in the future years. You will take the situation here at this time, but you remember that the cost of fuel, the cost of manpower, the wage settlements that have been made, the cost of replacement of the ferries, the subsidy that is going on, is constantly increasing. Unless we come back and make a proper adjustment at this time, those people are going to be hit even harder in the future. So the commission has done a very creditable job in my opinion and we are going to destroy that, and I really think that we ought to take a good hard look before we mandate something to the commission."

Senator Walgren: "Of course what we are asking for here, Senator Guess, is just a reiteration of the policies that have been established by this legislature, and I might say, Senator Guess, that I am surprised the comments of you when you were extolling me and the members of the committee to work on that variable gas tax and get it passed to provide for these very things that were done and were passed by this legislature."

Senator Guess: "Senator, I can also remember the instructions that we gave to the Toll Bridge Authority."

REMARKS BY SENATOR BAILEY

Senator Bailey: "This is a strange type of a debate at this hour of the night, one person talking across to another and no question being asked, but if he would address the Chair and give a speech I would listen to it."

Further debate ensued.

POINT OF INQUIRY

Senator Lewis (Harry): "Would Senator Walgren yield to one more question? Senator Walgren; is there a lawsuit at the present time? Has this been brought by a citizen to try to force the Toll Bridge Authority not to raise the rates in some manner?"

Senator Walgren: "I believe that there is a lawsuit that has been filed by a very large number of citizens of this state who are vitally affected by this outrageous toll increase."

Senator Lewis (Harry): "Mr. President, one final question. Would not this action by the Senate have some effect, or could it not have some potential effect on the position of the Senate at least in relation to the maintaining of tolls at the September 1, 1971 levels in relation to that lawsuit? I am concerned that we are getting in the middle of a court action with this to hold the rates down."

Senator Walgren: "I do not believe that we are, Senator Lewis, and it has been noted before that when the legislature or this Senate has deliberately attempted to interject itself in a lawsuit situation that the court has remonstrated somewhat violently."

POINT OF INQUIRY

Senator Bailey: "Will Senator Walgren yield? Senator Walgren, it is going to cost us four million dollars to do this. Where does the four million come from? Does it come from the highway budget that we have appropriated?"

Senator Walgren: "The four million dollars would come from the highway budget, Senator Bailey. Additional revenue had been hoped for from the variable gas tax that was vetoed by the Governor."

Further debate ensued.

MOTION

Senator Mardesich moved that Senate Resolution No. 1975-162 be made a special order of business on the next working day.

There being no objection, the motion by Senator Mardesich was withdrawn.
POINT OF INQUIRY

Senator Cunningham: "Would Senator von Reichbauer yield to some questions?"
 Senator von Reichbauer: "I have not yielded, Senator. Did he say question or questions?"
 Senator Cunningham: "That was plural."
 Senator von Reichbauer: "I yield to a question."
 Senator Cunningham: "With the Chair's permission, I will phrase the question in various parts. I would like to know, Senator von Reichbauer, what the present ferry rate for a foot passenger from Bremerton to Seattle is?"
 Senator von Reichbauer: "One dollar and five cents."
 Senator Cunningham: "And how many miles is that?"
 Senator von Reichbauer: "Approximately fifteen point eight miles."
 Senator Cunningham: "Mr. President, I can hear the esteemed Senate C. W. "Red" Beck's answer, but I asked the question of Senator von Reichbauer."
 Senator von Reichbauer: "Mr. President, Senator Cunningham can phrase his question. I can phrase my answer with the help I have."
 Senator Cunningham: "I guess what I really want to ask Senator von Reichbauer is, do you feel that the ferries should subsidize foot passengers to a greater rate than bus passengers on mass transit on existing systems are presently receiving?"
 Senator von Reichbauer: "I will answer that at the next working day. Yes. In fact, I was quite concerned about the situation on Vashon Island where we who have tried to encourage more foot passengers, where our rate increase for foot passengers was higher than our increase for car passengers and we expressed that at the Toll Bridge Authority meeting."
 Senator Cunningham: "Then you are telling me that you feel that the citizens of the state of Washington should subsidize every foot passenger who chooses to ride a ferry boat in a greater degree than they are subsidized in any other mode of transportation, especially mass transit?"
 Senator von Reichbauer: "I believe we passed, in 1974, and Senator Walgren can challenge me on this, we included the ferry system as part of mass transit in 1974."
 Senator Cunningham: "Are you aware, Senator von Reichbauer, that presently Metro bus rates run about fifteen cents a mile and it appears that the ferry boat rates are around seven cents a mile? Do you consider that equitable?"
 Senator von Reichbauer: "I am not exactly familiar with all the figures, Senator."
 Senator Cunningham: "Well, assume the figures I gave you are correct, and to the best of my knowledge they are, do you consider it equitable that ferry passengers pay half the fare per mile of travel?"
 Senator von Reichbauer: "I think we are talking about apples and oranges when we are talking about the ferry fare as opposed to the bus fare. I do not think you can draw a parallel exactly."
 Senator Cunningham: "Mr. President, to continue and not to belabor the point because it is late and I know many are tired, I just cannot understand why we are looking here. We heard from Senator Walgren that these funds do come from the highway fund. I think it is unfair and inequitable to have different subsidy levels for different modes of public transportation. With all due respect for those who do travel on the ferries. I would agree with Senator Bailey that this is an eleventh hour grab bag."

MOTION

On motion of Senator Mardesich, Senate Resolution 1975-162 was referred to the Committee on Transportation and Utilities.

There being no objection, the Senate returned to the fourth order of business.

MESSAGE FROM THE HOUSE
September 6, 1975.

Mr. President: The Speaker has signed SENATE CONCURRENT RESOLUTION NO. 124, and the same is herewith transmitted.

DONALD R. WILSON, Assistant Chief Clerk.

POINT OF PERSONAL PRIVILEGE
September 6, 1975.

TO BE ENTERED IN THE SENATE JOURNAL:
"I would like to point out that it was the intention of the Legislature to reconvene in September to arrive at a long term solution to the school financing problem. I am extremely disappointed that this most important issue of school financing has taken a back seat to other issues.

I would hope that the members of the Legislature would put politics aside in January and immediately address themselves to the education problems facing the state."

Signed by: Senator Nancy Buffington.

MOTION
At 9:50 p.m., on motion of Senator Mardesich, the Senate recessed until 12:00 o'clock noon, Monday, January 12, 1976.

JOHN A. CHERBERG, President of the Senate.

SIDNEY R. SNYDER, Secretary of the Senate.
The Senate was called to order at 12:00 noon by President Cherberg. The Secretary called the roll and announced to the President that all Senators were present except Senator Washington. On motion of Senator Keefe, Senator Washington was excused.

The Color Guard, consisting of Pages Irene Hamilton and Jean Simonton, presented the Colors. Father William Treacy, pastor of St. Michael's Church of Olympia, offered the following prayer:

"IN A MOMENT OF TIME A STRAW SHOWS HOW THE WIND BLOWS, WE PAUSE FOR A MOMENT TO ACKNOWLEDGE OUR DEPENDENCE ON YOU, OUR GOD, AT THE OPENING OF THIS SENATE.

"FORGIVE US FOR ANY APATHY AND ROUTINE ACCEPTANCE OF THIS MOMENT OF PRAYER. WE MAKE BOLD TO SAY THAT A MOMENT OF PRAYER IS A CHARACTERISTIC OF OUR DEMOCRATIC SOCIETY. SOLZHENITSYN, WHO SUFFERED FOR FREEDOM UNDER ATHEISM GOVERNMENT, REMINDS US THAT THE FLOOD WATERS ARE CONSTANTLY SEEKING TO ENGULF THE DEMOCRATIC SOCIETIES FLOOD WATERS OF INDIFFERENCE AND APATHY.

"GRANT THEN, O LORD, TO THE ELECTED MEMBERS OF THIS SENATE IN THIS BICENTENNIAL YEAR A RENEWED APPRECIATION FOR OUR INSTITUTIONS OF GOVERNMENT, WHEN THE CLOUDS OF CIVIL WAR, OF HUNGER HOVER OVER SO MANY. GRANT THESE SENATORS WISDOM AND COURAGE TO USE THEIR OFFICE FOR THE GOOD OF THOSE THEY REPRESENT SO THAT THE PROPHECY OF ISAIAH CAN BE TRUE OF OUR NATION WHEN HE SPOKE THESE WORDS: 'RISE UP IN SPLENDOR, JERUSALEM; YOUR LIGHT HAS COME, THE GLORY OF THE LORD SHINES UPON YOU. SEE, DARKNESS COVERS THE EARTH, AND THICK CLOUDS COVER THE PEOPLES; BUT UPON YOU THE LORD SHINES, AND OVER YOU APPEARS HIS GLORY. NATIONS SHALL WALK BY YOUR LIGHT, AND KINGS BY YOUR SHINING RADIANCE.' (ISAIAH 60).

"BY YOUR GRACE, LORD, MAY THIS PROPHECY BE FULFILLED BY OUR NATION AND THIS STATE. AMEN."

On motion of Senator Walgren, the reading of the journal of September 6, 1975 was dispensed with and it was approved.

INTRODUCTION AND FIRST READING

SENATE CONCURRENT RESOLUTION NO. 125, by Senators Bailey, Walgren, Lewis (Harry) and Matson:

Prescribing cut-off dates.

MOTIONS

On motion of Senator Walgren, the rules were suspended, Senate Concurrent Resolution No. 125 was advanced to second reading and read the second time in full.

Senator Mardesich moved adoption of the following amendment:

On page 1, lines 17 and 21, after "transportation," insert "pension reform,"

Debate ensued.
SEVENTH DAY, JANUARY 12, 1976

POINT OF INQUIRY

Senator Rasmussen: "Will Senator Bailey yield to a question? Senator Bailey, I can agree with what you said, but let me ask this. In the event that the House does finally take some action, wouldn't you want the privilege of then acting? Senator Mardesich's amendment does not say that we would have to, it says that we would have the privilege of considering it at least. Now the press is going to be on the House. I agree with you that they haven't moved at all as of yet. But any move on that pension bill will be at the last few days or hours."

Senator Bailey: "Senator Rasmussen, where Senator Mardesich has placed this is in the place where the Senate will only consider House bills and the House will only consider Senate bills. I think that we have not precluded acting on any general legislation in this session but if we keep on opening this, as I say, I'm going to propose shortly after this then, if this is adopted, and this was a vote of our caucus on December 4th that this, our priorities were such and I thought that we had presented that as a voice of the caucus. I think that if this is true then I have to propose in fairness that we consider state employees' pay raises at the same time."

PARLIAMENTARY INQUIRY

Senator Mardesich: "I would only raise the question then, if under the language of lines 18 through 21, or 22, it would be possible to consider the matter even though the House had considered it. I think that that ruling would follow. If the President would address himself to that question and give us a ruling at this time, then it might make a difference as to whether the amendment were adopted."

REPLY BY THE PRESIDENT

The President: "Senator Mardesich, in reply to your inquiry, the President believes that under the provisions of Senate Concurrent Resolution 125 it would be necessary for the House to have forwarded to the Senate the pension measure by January 30. The Senate would consider it no later than February 6th. After February 6th, there is a possibility that it could be considered, if the differences existed between the two Houses or if the measure were in conference."

PARLIAMENTARY INQUIRY

Senator Mardesich: "To clarify further, Mr. President, then if the House were to propose a new measure, a House bill with relation to the subject and the Senate were not to consider it before Friday, January 30th, then the matter could not be brought before the Senate."

REPLY BY THE PRESIDENT

The President: "That is the President's understanding, Senator Mardesich."

Debate ensued.

The motion by Senator Mardesich carried and the amendment was adopted.

POINT OF INQUIRY

Senator Lewis (Harry): "Will Senator Walgren yield to a question? Senator Walgren, we are down here to deal with primarily, from our point of view, with the problems of school funding and school reform. Those issues that were brought out of the various subcommittees on education that we had and have worked on for the last year. On line 16 and further down in the resolution, I read language that we can deal with proposals with school funding and matters related thereto. For the record, is it your understanding that matters related thereto goes beyond straight funding and would include those reform issues and other issues that came out of the education committee and so forth so we could consider those?"

Senator Walgren: "Yes, Senator Lewis, that certainly is my intent and the intent of the Democratic caucus, as you well know, the Senate has bipartisan status, labored very hard on many of these so-called money management bills and I think that there is no question but that they relate certainly to school funding, and are included in the language and matters related thereto and will be under consideration as set forth in Senate Concurrent Resolution 125."
Senator Bailey moved adoption of the following amendment:
On page I, lines 16 and 21, after "thereto," insert "state employees' salary adjustments."

POINT OF INQUIRY

Senator Rasmussen: "Will Senator Bailey yield to a question? Senator Bailey, as I read the resolution, this is why I didn't argue the point with you previously, appropriations and revenue, now, I would assume that state employees' salaries would come under appropriations and also would be under consideration that the governor is going to present to us a supplemental appropriations or anything like that, There isn't enough money in the budget appropriations for their salary increase so it would have to have an additional appropriation."

Senator Bailey: "Senator Rasmussen, I think that it is important enough that it have a priority status and when you talk about school funding, that, too, is an appropriation matter and wouldn't be necessary to list unless you want to give priority to the issue. But I think that maybe we made a commitment to these people a year ago and maybe we ought to be looking at that, too, in line with our own salary study and I just think it ought to be in the bill."

The motion by Senator Bailey carried and the amendment was adopted on a rising vote.

On motion of Senator Walgren, the rules were suspended, Engrossed Senate Concurrent Resolution No. 125 was advanced to third reading, the second reading considered the third, and the resolution was placed on final passage.

PARLIAMENTARY INQUIRY

Senator Walgren: "Yes, Mr. President, I would like to address the question to you with regard to parliamentary inquiry. With regard to the last paragraph on the resolution on page 2 in lines 1 through 4, the question is, what would be the feeling of the President with regard to a measure that is set for special consideration at, just prior to say 4 p.m., and we have under consideration a bill that is requiring substantial debate and apparently will not be resolved until after that particular time. How would that problem be handled?"

REPLY BY THE PRESIDENT

The President: "Senator Walgren, the President believes that the Senate traditionally has followed the procedure of completing consideration of a bill and then if there were a special order of business scheduled for, say 3:59 p.m., the Senate would then consider that bill even though consideration might start after 4 p.m., the cutoff time, but the President believes that the Senate traditionally is also permitted only one special order of business to be considered in that manner."

ENGROSSED SENATE CONCURRENT RESOLUTION NO. 125, having received the constitutional majority, was adopted.

MOTION

On motion of Senator Walgren, the Senate returned to the fourth order of business.

MESSAGE FROM THE HOUSE

Mr. President: The House has adopted:
HOUSE CONCURRENT RESOLUTION NO. 42,
HOUSE CONCURRENT RESOLUTION NO. 43, and the same are herewith transmitted.

DEAN R. FOSTER, Chief Clerk.

INTRODUCTION AND FIRST READING

HOUSE CONCURRENT RESOLUTION NO. 42, by Representative Charette:
Joint session to receive message from governor.
On motion of Senator Bailey, the rules were suspended, House Concurrent Resolution No. 42 was advanced to second reading and read the second time in full.

On motion of Senator Walgren, the rules were suspended, House Concurrent Resolution No. 42 was advanced to third reading, the second reading considered the third, and the resolution was adopted.

On motion of Senator Walgren, the Senate commenced consideration of Senate Resolution 1976-164.

Senator Talley moved adoption of the following resolution:

SENATE RESOLUTION 1976-164

By Senators Talley, Marsh, Henry, Odegaard and Lewis (Harry):

WHEREAS, In the State of Washington there is represented the type of great diversity of geography, industry, agriculture, ethnic background, and cultural identity that has made the United States the greatest nation of the world; and

WHEREAS, The role of the men and women who fought to keep America the hope of the brave and the land of the free has always been one of honor and importance; and

WHEREAS, The city of Vancouver, Washington, resting on the shoulder of the powerful Columbia, has long played an important role in the history of the United States, the Pacific Northwest, and the State of Washington; and

WHEREAS, The steady growth and contributions of Vancouver can continue only if her economic base continues to prosper; and

WHEREAS, In this Bicentennial year of thought and reflection on the origins of our nation, it seems most appropriate that the spirit of communities such as Vancouver, Washington, and the needs of the veterans of such places for a Veteran's Administration Hospital able to serve the community in a direct and personal manner, should be recognized and supported; and

WHEREAS, The Veteran's Administration has indicated it is considering the moving of the Barnes Veteran's Administration Hospital in Vancouver to another state, thereby forcing the state's veterans to go out of state to receive medical and hospital services which for so long have been provided so well so close to home; and

WHEREAS, The consultant's report shows that the Barnes Veteran's Administration Hospital serves the less acutely ill patient "who requires 24-hour care but not the complex equipment or highly skilled staff available at Portland..."; and

WHEREAS, Land is currently available in Vancouver for a new facility obviating the unnecessary and severe inconvenience of traveling out of state in order to receive proper medical attention;

NOW, THEREFORE, The members of the Senate respectfully pray that the United States Veteran's Administration be directed to permit the city of Vancouver to retain its veteran's hospital facilities to serve the veterans of the state, saving them and the state the serious hardships which would result from the removal out of state of the facilities; and

BE IT RESOLVED, That copies of this Resolution be immediately transmitted by the Secretary of the Senate to each member of Congress from the State of Washington, to the Administrator of Veteran's Affairs, and to the Superintendent of Barnes Veteran's Hospital.

POINT OF INQUIRY

Senator Lewis (Harry): "Will Senator Talley yield to a question? Senator Talley, I notice that you don't have Republicans on this resolution and I am sure that there are many that would have been interested in helping sponsor this resolution. I wonder if, can you tell me, are all four Senators on this resolution up for election this time or is there, would you have some..."

Senator Talley: "Senator Lewis, all four Senators on this are from that area imme-
diately involved. We would be more than glad to have any Republican legislator who would like to join, especially you, Senator Lewis, as I know many of your people go down there and enjoy the facilities and take advantage of it."

The motion by Senator Talley carried and the resolution was adopted.

There being no objection, the Senate returned to the fourth order of business.

MESSAGE BY GOVERNOR DANIEL J. EVANS
Governor Daniel J. Evans: "Mr. President, Mr. Speaker, ladies and gentlemen of the Legislature, my fellow citizens: We meet this January on the dawn of this nation's bicentennial. If you are an avid reader of history as I am, you probably will remember that January of 1776, the eve of the Declaration of Independence was not a time of na-
tional unity, not a time when the colonies or their leaders had decided precisely what to do. It was after that January that the first vote for independence was taken, and the colonies responded seven to six. Hardly a mandate for revolution, but a few leaders, not many, but a few of that day knew precisely what it was they sought. They had a dedication and a willingness to advocate the unpopular, to advocate bold action, and eventually in the course of a few months gathered together those recalcitrant colonies and finally by unanimity we declared independence in July of 1776.

We meet here today at a time of fearful dissatisfaction of our citizens. Unemployment, inflation, the problems of national recession have robbed all of us of our traditional confidence. And yet this state perhaps unlike the rest of the nation is strong and it is able. Personal income in Washington is rising both in current terms and in real terms and rose during 1975 while the nation's income in real-terms dropped. Unemployment is high and it will continue high. But prospects at the same time are good for new job creation. Our difficulty is going to be to create not only the jobs necessary for those new young people coming into the labor force, some 40,000 each year, but also for the many who remain unemployed.

In spite of unemployment, we, again, are proceeding at substantially above the national average. Today more people are at work than at anytime in Washington's history. More participation in our labor force and our difficulties arise out of the inescapable fact that the young people born after World War II are now young adults. In massive numbers they are entering the labor force seeking additional higher education and unfortunately providing rapidly escalating problems in terms of violent crime, a particular trait of young adults.

The rate of tax growth in this state for state purposes over the past ten years has grown slower than that of any other state in the nation. Recent reports show Washington as fifteenth out of the fifty states in terms of state tax growth. The percent of personal income, spent in state and local taxes for citizens of this state has not only dropped in each of the past two years, but is today below the national average.

This yearly message then should come at a time of hope. A time to renew our confidence in ourselves, in our ability and in each other.

I present to you today three fundamental proposals. The first relates to the continuing budget revisions necessary to run a modern, large, and urbanized state in a fashion we could not accomplish through simple, sixty-day biennial sessions. You have recognized the need for more frequent meetings in your continuing legislative sessions. We must reflect the same concerns in an approach to the second year of our budget and to the current problems we could not have anticipated a year ago.

Many of the factors which do affect our budget have changed markedly during the course of 1975. Budget proposals I will make reflect these changes and provide the major elements I felt were necessary in January of 1975 which we have not yet adopted. Changes during the year include enrollments in higher education exceeding predictions by more than 10,000 students. We still have young adults and those in the middle of their work-force years coming back to our educational institutions seeking to better themselves in far greater numbers than we anticipated.

Common school enrollments will exceed expectations during the remainder of the biennium by more than 7,000 students, a reflection of the fact that immigration to Washington State has once again begun. People find that this state is an appealing state in which to live and make progress and to a much greater degree than we anticipated a year ago, citizens are arriving here — most of them relatively young and with young families. The impacts are going to be felt particularly in the kindergarten and early grades of our common school systems.

Caseloads in public assistance do reflect continuing high unemployment. They are higher in some categories than predicted. Changed sentencing practices and the fact that we do have so many young adults have helped jam our correctional institutions. The numbers in our adult correctional institutions today are significantly higher than we predicted just a year ago.

Postage rate increases, increases in social security payments, increases in utility payments and in fuel costs beyond those anticipated a year ago cause additional problems for our state agencies.
I am first requesting that agencies absorb virtually all of the increased costs I have just mentioned. Increased enrollment in higher education, caseload increases, postage, OASI, fuel and telephone cost hikes, all will be absorbed in existing budgets by savings of those agencies. The resulting savings will total $39.7 million.

In addition I am asking agencies to institute further cost reduction programs totaling another $16 million. This total savings of $56.5 million will require tight administrative management and unquestionably result in some deterioration of our ability to respond promptly and fully to citizen service requests.

As an example of problems we face, this requested absorption of additional costs to higher education will result in a lowering of our response to our educational formula—the ratio of students to teachers from eighty-seven percent of that formula five years ago to less than sixty-nine percent of the formula today—either a substantial increase in productivity of those institutions or a serious erosion of our educational quality.

Further cuts than these suggested, I believe, would have accumulative and an erosive effect on state services from which we could not easily or readily recover.

On the spending side of our state budget the first item is one no longer in question—the allocation of $29.5 million to respond to the recent supreme court decision regarding mass transit and its funding. Eleven and a half million dollars will be required to maintain the current $495 per student guarantee for this year and for next year. This comes from the additional students we must support, and the money to support it will come totally from the increased property tax income which we are now enjoying. The two almost exactly equal one another.

Caseload excess costs of twenty-two million dollars are going to be required but I will not ask for extra money but rather ask that this legislature give greater administrative flexibility for the department to transfer between programs, and in so doing, absorb these additional caseload increases. I suggest that the Department of Social and Health Services ought to be given the same flexibility we give our institutions of higher education, that of transferring five percent of their total budget from program to program in order to meet rapidly changing and virtually unpredictable needs.

Higher education support has eroded to such an extent that I do not believe that additional saving targets can readily be applied. In order to maintain a fundamental quality in our higher educational system I believe it necessary to ask for increased tuitions to recognize at least a portion of the inflationary costs since the last increase in 1971. The choices are not broad in higher education. We are educating more students than we anticipated. I am asking that it be done without extra money. I believe that the tuition fee increases which will allow us some flexibility in our total budget can be and must be higher education's share of the total burden we must all assume.

At the same time I ask that we double the six percent, the amount of tuition money available for student aid programs. No student should be turned away for lack of funds. I hope that this will be adopted in a form flexible enough to provide aid in the best and most responsive fashion to needy students and one which will attract the maximum amount of matching money to broaden that student aid.

State employees and others we serve directly are suffering the problems of inflation to an increased degree. As a partial response, and only a partial response to that increased cost of living, I am asking for a salary increase for state employees and for members of our higher education faculties and staffs of five percent effective July 1, 1976. On that same date, I will ask that public assistance recipients grants be increased by seventy percent and that vendor rate increases be upped by another two point four percent. These varying rates of increase will mean that all employees, recipients and vendors will have received a seventeen percent increase in their compensation or payments during the current biennium. I would point out in passing that it is not sufficient to match the increased cost of living in that same period of time.

Along with changes in compensation, I believe pension reform is a continuing top priority for this Legislature. I commend the work which has been done by this Legislature and particularly the job done by the Senate in the passage of at least a first major step toward needed pension reform. I suggest that active work be undertaken during this legislative session and that a first major step be adopted by both houses so that all citi-
zens and particularly those potentially involved in a pension program have before them a plan in being for discussion and for possible amendment before its implementation a year from now.

Turning to the capital side of our budget requests, I have asked for a total of eighty-five million dollars in capital projects. Twenty-seven million dollars in the Department of Social and Health Services to provide for the first four of badly needed and overdue adult correctional facilities. We sit on a tinderbox in each of our two major adult correction facilities. Jamming up to a thousand or more men into antiquated facilities with little opportunity for them to engage in either educational or vocational activity can only lead to escalating trouble. The four institutions we have asked for have been undergoing significant planning during the past year. They are now ready for your analysis. They are ready for final working drawings. They are ready to go under construction yet this calendar year. I would ask as a first element for two maximum security prisons, each for one hundred fifty inmates and two moderate security institutions for fifty apiece. With these institutions we can begin the job of removing the fuse from the current institutions we now manage. We will create greater safety for personnel, greater safety for those who are now in the correctional institutions, and most of all, greater safety for our society.

In the field of the developmentally disabled, I will ask that we initiate during this biennium a major program of community centers, residential and training, to aid those who are developmentally disabled, to insure that more of our young people and adults have an opportunity to live in or close to their home communities, to be trained for a greater degree of independence in or close to their home communities. We ask for the development of thirty-three residential training centers and eleven training centers with the clustering of three residential training centers to each training center. In this development we will be able to reduce the residential pressures on Rainier School and on Lakeland Village in order to give us the better opportunity to serve the remaining needs of those who are less able and those who must continue to have state institutionalization. I am asking for thirty-eight million dollars for continuing capital projects at our various institutions of higher education. These quite generally respond to the legislatively authorized working drawings of last session, virtually every one of these projects will be available for construction during calendar year 1976. They will allow us to repair and rehabilitate old facilities and to provide new facilities where we have rapid growth potential.

These moneys, both capital and operational, will allow us to continue to provide reasonable services to our taxpayers and respond to changes occurring in 1975 without resorting to major general tax increases.

In summary I have asked that we fund on a continuing basis the transit moneys which now must be distributed with an increase in the motor vehicle excise tax from 2 percent to 2.72 percent, to increase tuitions to engage in a program of cost savings of fifty-six million dollars. And the combination of those will allow an increase in salaries, an increase in public assistance benefits, an increase in vendor payments — all of which are badly needed — as well as a smaller response to the various other continuing problems of state government.

I have kept separate, because of its unique importance, the problems of funding our common schools. It is a second major issue of the three I will present today. The discussions of the next few weeks are likely to surround the terms 'formulas,' 'FTE's,' 'weighted students,' and the other esoteric terms which are used legislatively to attempt to provide distribution of badly needed school moneys. But the real issues ought not to be forgotten. The real issues are the children who cannot vote and the children who cannot sit in these halls. The real issues are the questions of quality education, quality education that leads to great communities and leads to economic prosperity.

It was no mistake that a recent survey of the Midwest Research Institute, in measuring the quality of life of the fifty states of this nation with more than a hundred different elements, ranked Washington third and a fraction of one point from first. It was no mistake that a similar survey by Harper's Magazine of the fifty largest cities of this nation in similar measurements of quality of life, ranked Seattle as first. If they had
gone beyond the top fifty, those same measurements I am confident would have brought other Washington communities into an equally high ranking. And why? Much of it revolved around the quality of an educational system, both the common school system and the availability and access to higher education which has been the attribute of Washington for more than a generation. We cannot this year allow indecision and timidity to keep us from maintaining that quality of education which is so important to a generation before us.

Many ideas have been developed. Legislative committees have worked and have worked hard during the course of the last few months to examine ideas both for funding and management of our common school system. And I commend their activity. Individual ideas are being brought forth almost daily by individual legislators, and many of them have a great deal of promise. The Superintendent of Public Instruction, the House of Representatives, joined with me in a cooperative citizen effort that tested ideas from more than twenty-five hundred citizens over the past two months in nineteen communities across this state. The overwhelming response, whether from these public meetings, from legislative committees, from mailback surveys, or from public opinion polls, all showed three overwhelming issues as being the ones we ought to face in terms of common school education.

The first — accountability. Accountability of each element of this educational system to the system itself. Secondly, an emphasis on basic education and insuring that each student end their school career with a set of basic skills enabling him or her to cope with the outside world. And third, a secure funding base which will allow educators to educate, administrators to administer, parents to be involved in the educational quality of their school systems rather than all being forced to spend an inordinate amount of their time seeking yearly special levies just to survive. I believe we can and we have within our capability the chance of assuring all three — and assuring all three today.

Now I do not intend to produce a comprehensive set of executive requests that cover each of these areas that I will mention. Many bills are already produced. You have done much of the work in many of them. I just pledge to work with you in the development and the support of a comprehensive response to these three major issues.

Accountability, fiscal accountability, perhaps comes first. It is time to adopt some standard accounting procedures in school districts across this state to equate with the standard accounting procedures we have long since demanded from local governments, to insure that a legislature, a superintendent, a governor, and citizens can understand clearly what is being done in each of our school districts and collectively what that all means when you add school district expenditures together. It is time to initiate some simplified budget reporting procedures so that citizens and parents in a school community can understand easily how much money is going into each element of education so that they can make more informed decisions on support of special levies or even on their support of administrative decisions made by school boards and by school administrators.

It is time to expand the opportunities for cooperative purchasing, joint use of data processing facilities, other ways in which school districts can join together and in doing so, save money rather than each holding unto themselves the ability to carry on a particular function, not sharing with anyone else and in doing so adding to the taxpayer costs without any corresponding benefit.

Administrative accountability, another element in the accountability system. I believe it is important to consider the certification of those who administer our school systems, to consider recertification every five years and to produce a system of administrative evaluation that will lead us to effective decisions on the continuing qualifications of those in administration.

Now many of these are programs you, yourself, have proposed. I endorse them and I believe others might be suggested. In teacher accountability, I think that it is important to initiate a probationary period on an initial hiring to allow school districts to measure the capabilities of new teachers before granting permanent or long-term tenure. Much as we do in our higher educational systems, we ought to do in our common school systems. We ought to consider recertification every five years along with teacher evaluation
to measure recertification. It is time to modernize the continuing contract law to reflect some of these above-mentioned changes.

Students have an accountability also for the educational system. Basic skill testing to insure that students are receiving adequately the information they need is an important element which I suggest the Superintendent of Public Instruction ought to have prime responsibility for and I understand is giving some considerable attention to at this time. It is also important to insure through whatever laws we pass and whatever administrative decisions are made by the school districts that school discipline responds to a level of conduct and a standard of conduct we expect in order to let the learning process proceed.

The community itself has a responsibility or accountability to the system. I think that it is important to seek out and receive and hopefully get business and professional assistance to school management. There is a community responsibility of those who live in the community to provide their expertise as part of their giving to the community and to the school system. And I believe much could be done if the techniques and the talents of those who are leaders of a community could be applied to our school management functions. I think that it is important to consider schools as community centers more than we ever have to see whether some elements of needed day care or of feeding for senior citizens or other elements could be accommodated within our common school system, and in doing so both save money and provide broader support for these other needed services.

Now the second of the elements is that of basic education. I have listened to many of these citizen groups. I have spent evenings moving from table to table to listen to small groups talk — citizens talk about what constitutes basic education and almost invariably at the beginning of the evening there is quick agreement that basic education is desirable and that's where we ought to concentrate until someone tentatively suggests that perhaps music or physical education or something else be included as part of education, basic education, and then the arguments begin. And while all agree on the end goal, few agree on precisely what makes up, or ought to make up, basic education. I am not sure that any of us are capable enough of defining basic education strictly by course content or perhaps even by course objectives. That may very well be a subject left primarily to the decision making at the local school level with the aid and assistance of the Superintendent's office. The best potential may be in a dollar measurement coupled with testing for student achievement and remedial education to insure that basic skills are really provided.

With all of these suggestions and with all of the turmoil of the last year, let us not forget one important element — that our school system in Washington is a good school system today. It is better than most of us now believe. We consistently outrank other states in educational attainment both in test scores and in the number of years our students complete in our educational system. While these proposals will build an even better system, let us have some pride in the system we have already built.

The third major area is that of funding. Failure to act now will have an increasingly harsh reaction throughout Washington's economy. Our economic and social systems will suffer blows which will delay the economic recovery and cheat new generations of opportunities enjoyed in past years. These funding proposals will not enrich schools but will insure the continuance of basic educational opportunity. Now, many have proposed funding solutions, and I commend the work which has been done by individual legislators in attacking this problem. I hope that we can all continue to work together to seek first a temporary and ultimately a permanent solution to the funding of our common school system. Perhaps it would be easier if we could agree on a set of criteria on which to measure individual funding plans. I suggest that there are at least seven criteria which ought to be considered. That financing should be a joint responsibility of state and local taxpayers. Local control can best be maintained through a moderate use of local levies. Secondly, the state share ought to be increased so that a local levy loss does not equate with educational disaster. Three, we should not force people in any one district to bear a disproportionate share of basic education. Fourth, any increase in state support should be accompanied by a corresponding decrease in local levies. I believe we have tradition-
ally provided sufficient moneys for our school systems up until about a year ago when the first massive levy failures struck us. But collectively the combination of special levies and regular levies, of state support and other special support provided enough money and today our need is not so much for massive new dollars as to provide for assured dollars to replace property taxes and to lead us to substantial further property tax reductions.

The next element or criteria, when special levies are voted, they should be voted on at a time when state support is known and preferably all special levies should be voted on at the same time. If this legislature were to set two dates in late spring for special levy elections for a first and a second opportunity, we would get more efficient elections. It would be easier on our county auditors; we would have the focus of public attention on school levy elections with all of them happening at the same time. The level of awareness of our citizens would rise and I think the end result would be significantly better.

Next, a factor must be built into our school formula which recognizes the higher costs of large and particularly urban districts just as we now recognize the higher costs of small and remote districts.

And lastly, neither drastic reductions nor large windfalls should result from any changes we make in our school funding system. With that base, I suggest the following specific funding proposals:

First, a sliding scale of extra weighting for school district size to reflect the higher costs of larger districts as we now recognize small district costs. Whether we speak of school districts or cities or counties, we can draw an easy graph of costs per resident or costs per student against the size of those units of government. The same curve will result in each case, with the very large having higher per resident or student costs and the very small having higher resident or per student costs. The very smallest counties and the very smallest cities and the very smallest school districts do not have the economy of size. The very largest for a much different reason have the extra problems of urbanization, the difficulties they bring both in the education process and in the problems of crime and the control of the massive congestion of those urban centers. This weighting change I propose will add thirty-five million dollars to the present school formula.

Secondly, I propose an increase in the basic guarantee of fifty million dollars which will raise the current guarantee from four hundred ninety-five dollars per weighted student to five hundred forty-one dollars per weighted student, thus giving some additional sustenance to each school district of our state.

A number have suggested already the third element in this temporary funding proposal. An incentive special levy which will allow each district to raise three hundred dollars per student for a two dollar per thousand special levy. This equalization program insures that for an equal tax effort there will be an equal reward. The costs of state moneys necessary to fund this proposal will be sixty-six million dollars during the remaining months of the 1975-77 biennium — more accurately for the first six months of the 1977 calendar year.

School districts, in addition to these proposals, should be allowed a limited additional levy to handle additional local problems. I believe that this extra levy lid should be limited to three dollars per thousand dollar assessed evaluation. And with that virtually every district could effectively fund its basic educational program.

The total of five dollars equates with the present average special levy of over eight dollars in the districts of our state. We can reduce property tax payments dramatically with the adoption of a program such as this. I advocate specifically that special levy elections under this program be scheduled for two specific dates in late spring so that the districts can know the levels of state support for the ensuing year.

Expenditure limits will be instituted to prevent windfall gains and to insure basic support for some who might be short-changed.

The decrease in needed priority tax levies for 1976 vote in 1977 collections will be at least two hundred million dollars — two hundred million dollars in property tax decreases. The benefits of those decreases will be assumed about fifty percent by individuals and fifty percent by business and industry.
To finance this program, I believe we should have an integrated temporary catch program that maintains this fifty-fifty balance to insure that the total balance of taxes shifts neither from business to the individual or vice versa. Raising the state sales tax from 4.5 percent to 5 percent and raising the state's business and occupation tax from 0.44 percent to 0.52 percent or 18 percent for basic industry and from 1.0 percent to 1.18 percent for services will fund this proposal.

Let me reemphasize the decreases in property tax burdens equal or exceed the new state revenues to be collected. This plan will help assure the support of basic education while a permanent solution is sought. Some school districts under this plan will no longer need to run any special levy. Most school districts under this plan will be able to fund their activities within the two dollar incentive levy and some will require a portion or perhaps all of the additional three dollars. None will require going beyond that and the property tax lid will have finally and permanently, I hope, be shut.

The third major area I wish to speak to responds to our nation's bicentennial. I have been as concerned as some of you that the only celebration of our bicentennial may be in the trinkets and the toys for sale that are colored red, white and blue — the celebrations which may be effective but temporary as we move through this bicentennial year. I hope we have the boldness and the willingness to give ourselves a permanent bicentennial present, a memorial which will last for generations. I suggest a bicentennial bond issue of one hundred million dollars as an authorization for a six-year period. No moneys would be actually spent pending specific project or category authorization by the legislature. The proceeds would be divided to provide ten million dollars for historic preservation, to insure that we in a young state have the ability and the intelligence to preserve a young history for generations yet to come. Daily we see destroyed the vestiges of our early days, many of those remembrances deserve to be saved but today there is no resource to do that job. Thirty million dollars would be set aside for art and cultural facilities, including particularly, those to recognize the strong ethnic cultures which have helped build our state. Basic education, fundamental services, are badly needed, but life is grim unless it contains some portion of art or cultural opportunity to our citizens. Sixty million dollars would be set aside for a continuing response to the recreational needs, outdoor recreational needs, and to insure continuing match of federal outdoor recreational funds. If we have no continuing source, if we fail to provide on a continuing basis for the rapidly expanding outdoor recreational needs, we will shortly run dry and be unable to match and thus lose significant federal moneys for outdoor recreation.

All shares of this issue would be divided equally between state agencies and local communities — the state agency support aimed primarily at those items of statewide or regional significance and local communities left with the opportunity to deal more effectively with their local needs. No tax increase for this bond issue is proposed. I believe none is needed. This bond issue will not increase the percentage of our total state budget required for debt service. Economic benefits from new job opportunities in construction and support trades will return tax money to help support over the years these bonds.

In the next thirty days or perhaps a few more, we will all be tested — tested for courage, tested for imagination, for boldness, and for our ability to respond to the needs of our citizens. Our conventional political wisdom says no new taxes. Conventional political wisdom says don't rock the boat in an election year. Conventional political wisdom says let the schools stew in their own juice, they got themselves into trouble. But conventional political wisdom more often than not has failed us in the past and will not serve us well now. Two hundred years ago conventional wisdom was set aside and as a result a new nation was born and a system of government created which has served us well for the ensuing years and has acted as a model for millions of people on this planet.

At the beginning of the constitutional convention in 1787, George Washington perhaps said it as well as anyone:

'It is too probable that no plan we propose will be adopted. Perhaps another dreadful conflict is to be sustained. If, to please the people, we offer what we ourselves disapprove, how can we afterward defend our work?'

'Let us raise a standard to which the wise and the honest can repair.'
I say let us this session raise a standard for our children which will provide for them the opportunities our parents provided for us and let us not forget that. In doing so we can secure the future of this state and its citizens and will ultimately earn the accolade ‘well done.’ I pledge to work with each of you during the upcoming days to reach this goal.

Thank you.”

**NINTH DAY**

**MORNING SESSION**

Senate Chamber, Olympia, Wednesday, January 14, 1976.

The Senate was called to order at 11:00 a.m. by President Cherberg. The Secretary called the roll and announced to the President that all Senators were present except Senators Bottiger, Francis, Keefe, Murray and Newschwander. On motion of Senator Knoblauch, Senators Bottiger, Francis and Keefe were excused. On motion of Senator Lewis (R. H. "Bob"), Senators Murray and Newschwander were excused.

The Colors were presented by Petty Officer James Alexander and Petty Officer Stanley Moore of the United States Navy.

Father William Treacy, pastor of St. Michael's Church of Olympia, offered the following prayer:

"ALMIGHTY GOD, WE ARE GRATEFUL FOR YOUR PRESENCE, HERE, IN THESE CHAMBERS, AND AMONG YOUR PEOPLE. AS WE GO ABOUT OUR INDIVIDUAL ACTIVITIES TODAY, KEEP US AWARE OF YOUR SPIRIT AND YOUR GUIDANCE.

"LORD, WE ARE KEENLY AWARE OF THE GREAT ECONOMIC AND POLITICAL ISSUES BEFORE US. WE DO NOT KNOW HOW WE WILL PROVIDE SERVICES FOR THE POOR, THE SICK, THE ELDERLY AND FOR ALL THOSE IN NEED IN OUR COMMUNITIES. NOR DO WE KNOW HOW WE WILL PROVIDE FUNDS TO EDUCATE OUR CHILDREN, OR HOW WE WILL DESIGN ADEQUATE TRANSPORTATION AND ENERGY RESPONSES.

"WE ARE CONSCIOUS OF THE NEED TO CREATE NEW SOLUTIONS TO THESE PROBLEMS AND TO THE MANY OTHER ISSUES BEFORE THIS BODY, IN ORDER TO SERVE THE MORE THAN THREE MILLION CITIZENS"
OF OUR STATE. RELYING ON YOUR HELP, LORD, WE REDEDICATE OURSELVES TO THE TASKS OF THIS DAY.

"WE PRAY THAT YOU WILL GIVE THESE MEN AND WOMEN, ELECTED TO REPRESENT THE PEOPLE, UNDERSTANDING AND COMPASSION. GRANT THEM WISDOM TO DISCERN RIGHT SOLUTIONS, AN ENDURING LOVE FOR JUSTICE, AND THE COURAGE TO ACT.

"ABOVE ALL, WE PRAY THAT YOUR PRESENCE WILL BE KNOWN TO THEM, SO THAT ACTING IN YOU, THEY WILL EXERCISE CREATIVE LEADERSHIP, AND THUS SERVE THE PEOPLE OF WASHINGTON.

"WE RECOMMEND TO YOUR MERCY REPRESENTATIVE CHARLES SAVAGE OF THE TWENTY-FOURTH DISTRICT WHO HAS GIVEN THIRTY-EIGHT YEARS OF FAITHFUL SERVICE TO GOVERNMENT.

"WE ASK YOUR BLESSING FOR THESE LEGISLATORS, FOR ALL WHO SERVE IN STATE GOVERNMENT AND THOSE WHO SERVE OUR COUNTY IN THE UNITED STATES NAVY, AND FOR THOSE PRESENT THIS MORNING. AMEN."

MOTION

On motion of Senator Walgren, the reading of the journal of the previous day was dispensed with and it was approved.

REMARKS BY SENATOR KNOBLAUCH

Senator Knoblauch: "Charles Savage, Member of Congress, State Legislator, Proud Citizen. A fellow member when I served in the House and a man greatly respected by all. He was a long-time public servant. Now he is a part of history. Gallant and brave. Even though terribly ill with cancer, Charles Savage placed duty to his people first. And each day of his illness and unbearable pain, he sat at his desk while in session and proudly and ably represented his district to the end. He knew he was going to die. Still, duty came first. Sometimes I get the feeling that the general public has lost faith in public servants. Then along come people like Charles Savage. Thirty-eight years of dedicated service to his country and to his state. Charles Savage restores faith in those who serve. Though his death brings a sadness to all of us, in a way it was most fitting that Charley Savage died in harness. I am sure that it was the way that he would want to go. Charles Savage, Member of Congress, State Legislator, and Proud Citizen. You have earned a tribute. Well done, thou good and faithful servant!"

REMARKS BY SENATOR GRANT

Senator Grant: "Mr. President and members of the Senate, he was with us on Monday at the Joint Session of this Legislature. He will not be with us again. Senator Knoblauch noted him a former member of Congress, long-time State Representative, logger, working man, friend. I watched Charley Monday as he made his way slowly to his desk in the House of Representatives, his head held high with the assistance of a heavy brace. His shirt sleeves were open revealing plastic tubes that sustained him. As he sat at his desk, I watched a massive heart pounding within his breast, a heart that stopped this morning, a heart that was an example for all of us for love for fellow man. He was a Jogger, a noble workman, and a legislator. Whether we agreed with Charley or not, on any issue, we always knew him to be honest and sincere in his conviction and we could be assured that his motives were not for personal gain. He won several elections by razor-thin margins, and he lost elections by those same kinds of margins. He took hard stands on hundreds of issues and was always willing to defend his position and face the consequences of unpopular decisions when his convictions told him he was right. He ended his career serving as Chairman of the House Labor Committee, a committee he loved. His special interest was in legislation which affected injured workmen because he had worked in a hazardous industry and because he knew the human sufferings of workmen and their families that could and have resulted from unsafe conditions or accidents that often occur. He was a strong, happy man whose life and works made his

community in the state a better place in which to live. I knew him for fourteen years and above all I remember Charley Savage as a friend."

REMARKS BY SENATOR BAILEY

Senator Bailey: "I am not going to add to Senator Knoblauch's or Senator Grant's statements, but the loss of Charley Savage does leave us all saddened, and I would like to see that these remarks are spread on the record and a copy of them sent to his widow, Helen Savage, because I think that they are very well put and very well said on behalf of every member of the Senate."

REMARKS BY SENATOR MORRISON

Senator Morrison: "Mr. President, ladies and gentlemen of the Senate, I had the pleasure of serving with Charley on several committees, both in the House and in the Senate during our concerns both in the area of labor and nuclear energy. I particularly enjoyed the year when Charley came back to the House of Representatives when I was serving as Chairman of the House Labor Committee. Periodically, when we would get into a little dispute, he would remind me that he was chairman of that committee the year I was born. I think Representative Savage displayed for all of us a love and compassion for his fellow man that has never been equaled in my experience in these halls. And maybe I disagreed with him more than most members of this legislature, but I had an intense respect for him. We traveled together occasionally. Almost everything he did related back to virtually everyone. He enjoyed kidding his wife, which I think is a virtue. He always introduced her as that Savage woman. And she was a beautiful addition to his life. I think Charley was certainly specialized in these halls and had a concern for the health and welfare of working men. His expertise in the area of collective bargaining, workmen's compensation, unemployment insurance — as Senator Grant indicated — had much to do with the Washington Industrial Safety and Health Act program, a safety program for the State of Washington that we feel excels that in all other states, and that should go down in history as a special tribute to him. Charley Savage was a people's legislator. And today I think we will all remember him as a legislator's legislator."

REMARKS BY SENATOR SANDISON

Senator Sandison: "A great deal has been said about Charley Savage today that I couldn't repeat any more simply than has been done by the members on the floor. We have all lost a good friend. We have lost a man who has been thoroughly dedicated to the legislature, and I know that the only time I have ever seen him really mad is against those members who were members of the legislature who would try to cannibalize this legislature for their own political gain. He showed what his dedication was when he sat there last Monday with that brace on his neck, obviously feeling very bad but felt he should be there. I suppose if one memorial could be said about Charley Savage—there was a logger who spoke his mind. He always knew where he was."

REMARKS BY SENATOR HARRY LEWIS

Senator Lewis: "Mr. President, members of the Senate, we have had a lot of remarks about Charley, all of which have been beautiful, particularly Senator Knoblauch's remarks. I, from the minority side, would like to join with Senator Sandison. I served with Charley in the House. His district abuts mine and after knowing him for many years, I have admired his courage and his position and deeply regret his passing."

MOTION

On motion of Senator Sandison, the following resolution was unanimously adopted:

APPOINTMENT OF SPECIAL COMMITTEE

The President appointed Senators Matson, Clarke, Talley, McDermott, Bailey, Beck and Peterson as a committee of honor to escort Admiral Landon W. Zech and his wife and mother to a place of honor upon the rostrum.

REMARKS BY THE PRESIDENT

The President: “As an integral part of our bicentennial program, it is appropriate that we celebrate this occasion throughout the year by becoming acquainted with some of those who have contributed to the success of the nation of which we are all so proud.

“Today, members of the Senate, we are honored to have with us a Naval hero who contributed in many ways, and on many fronts, to the heritage we now consider with reverence. Moreover, Rear Admiral Lando William Zech, Jr., provides us with additional reason for pride in that he was educated at Roosevelt High School and the Lake-
side School in Seattle before attending the U.S. Naval Academy, at Annapolis, Maryland.

"Admiral Zech has served our country with distinction throughout the world and has brought credit to himself and his country as an officer throughout the Pacific where he served in the Caroline Islands, the Philippines, Iwo Jima and Okinawa.

"Our respected guest has received campaign ribbons and awards for gallantry too numerous to recite, but it should be said that he has, throughout his life career proven to be a leader of men who has consistently provided our nation with the security and protection so vital to us all. Having twice been awarded the Legion of Merit, Admiral Zech brings to his men and to us the capability to maintain honor and respectful stability which we need to survive.

"As the present 13th Naval District Commandant, he now renders to his country his service and leadership which has been a characteristic of his entire life. We are all appreciative of his contributions.

"Members of the Senate, Admiral Zech."

REMARKS BY REAR ADMIRAL LANDO WILLIAM ZECH, JR.

"Thank you Mr. President. Members of the Senate and distinguished guests, it is an honor to be here today—I thank you for the privilege of addressing this august body during this, the nation's bicentennial year.

"I thank you also for inviting my mother, Mrs. Lando W. Zech Sr., and my wife—to accompany me.

"It has been my privilege to serve our nation as a commissioned officer in the United States Navy for the past 32 years.

"My home town is Seattle, Washington. I attended Roosevelt High School in Seattle with Governor Evans. Lieutenant Governor Cherberg was then coaching football at Queen Anne High School where my youngest daughter is now a senior.

"I was appointed to the United States Naval Academy at Annapolis—by the late U. S. Senator and Governor Mon C. Walgren. I will always be grateful to Mon Walgren for the opportunity he gave me to serve our great nation.

"I have seen many changes in our navy during my career. It has been my privilege to be part of our nuclear navy. I was the third skipper of the USS Nautilus, the world's first nuclear powered ship.

"I also commanded a polaris submarine, the USS John Adams. My last dive on that nuclear powered, missile submarine was on a polaris patrol. We remained submerged for one long dive—for more than 60 days.

"I later commanded the guided missile cruiser USS Springfield. So I have seen many changes in our navy.

"In our lifetime we all, you and I, we have seen many changes in our nation and in the world. I believe our navy and all of our armed forces have contributed to the strength of our nation and to the freedom we enjoy today.

"In our imperfect world we see many problems today. We see an energy crisis, economic problems, we see political and domestic difficulties throughout the world. The goal of our nation, peace with freedom, is constantly threatened. If we Americans look realistically at our imperfect world, not through rose colored glasses, but at the world as it really is, the only conclusion we can come to is the same conclusion our forefathers reached 200 years ago — if our nation is to attain the goal of peace — with freedom — we must remain strong. In our world today strength is the backbone of freedom.

"Your armed forces — all of them — the army, navy, marine corps, air force and coast guard — are all a very real part of the strength of our nation.

"Today the fleet of the U.S. Navy is the smallest it has been since 1940 before Pearl Harbor. The Soviet Union on the other hand has increased the size of its navy. The Soviet navy is no longer a coastal defensive navy. They are a ‘blue water’ navy and they are operating missile equipped ships on all the oceans of the world.

"I believe that strong armed forces, in being, are vital to our national interests. I believe we simply must maintain sufficient armed forces at all times to ensure the safety and security of our Nation. Concerning our navy, I believe we must rebuild our navy to
provide that seapower which is so necessary to the defense of our nation and to the sur-
vival of freedom in our world today.

"I believe, that our Nation seeks peace with freedom, not peace at any price, not
peace in slavery. America is indeed the land of the free. Americans have always known
that freedom is not free. The American people throughout our history have clearly dem-
onstrated that they are willing to work hard and to sacrifice if necessary, for freedom.

"To you, the leaders of this great state, as you resume your important deliber-
ations, I offer you my deepest respect and my sincere good wishes and I ask for your con-
tinued support for your navy.

"I am confident that with the continued support of the citizens of the United States
of America, the seapower provided by your navy and that total strength provided by all
of your armed forces, will keep on contributing to the security of our nation and to
freedom."

"Thank you."

MOTION

On motion of Senator Walgren, Senate Bill No. 2994 was ordered to hold its place on the second reading calendar for Friday, January 16, 1976.

SECOND READING

SENATE BILL NO. 2995, by Select Committee on Education; Subcommittee on Students: (endorsed by Senators North, Francis, Beck and von Reichbauer):
Mandating school achievement surveys for grades 4, 8, and 11 directed by office of superintendent of public instruction and making appropriation therefor.

The bill was read the second time by sections.

Senator Marsh moved adoption of the following amendment:
On page 2, line 17, strike "some form of" and after "testing" insert "developed by the office of superintendent of public instruction".

POINT OF INQUIRY

Senator Stortini: "Will Senator Marsh yield to a question? Senator, do you mean then that the SPI office will develop a test each year or will there be two tests that will be given? What will be the procedure?"

Senator Marsh: "We have left this in the discretion of the SPI's office deliberately. I would anticipate that the SPI's office would develop several tests. Perhaps an east side test, perhaps a west side test, perhaps a different kind of test for a heavily urbanized area as compared to rural districts. I think they would come up with some basic tests to be administered. They would try those out and if they prove to be good tests they would probably continue them from year to year. After they had developed it the first year and if they found that there were some bugs in the testing, I would certainly hope that they would revise them and improve their testing procedures."

Senator Stortini: "Do you see a problem in teachers teaching that test during the process of that semester or quarter in school?"

Senator Marsh: "Not unless there were collusion (sic) between the superintendent's
office and the local school district. I would certainly hope that the superintendent's office would develop a test and administer it without collusion with the local school district so that there would not be teaching for the test."

Debate ensued.

POINT OF INQUIRY

Senator Talley: "Would Senator Marsh yield to a question? Senator Marsh, I can see the intent of your amendment and your thinking but don't you think it would be much better if the superintendent's office handed down to our school boards some suggestions and some guidelines that they could follow, not just dictate to them the testing that they should do?"

Senator Marsh: "No, I am very concerned about standardized testing. I want us to be able to qualify the results once the testing is completed. I think the only way we are going to be able to qualify the results will be for the superintendent's office to develop some standardized tests and to have them administered at the local level. In addition, I point out this has an advantage of putting the cost at the state level rather than at the local level. If it is developed by the SPI's office it is not going to be a local district cost and I think this is to the advantage of the local district."

Senator Talley: "Will Senator Marsh yield to further question? Are you inferring then that you are perfectly satisfied with the action of the superintendent of schools?"

Senator Marsh: "No, I'm certainly not."

Further debate ensued.

POINT OF INQUIRY

Senator Wilson: "Thank you, Mr. President. Would Senator North yield to a question? Senator North, I would like to inquire into the philosophy established by the subcommittee which developed this bill and more specifically into the question of, what purpose is it, it intends the testing program to serve? One of the most frequently heard expressions by the people with respect to the school system today is that they would like a better opportunity to evaluate it. To see if their billion and a half dollars per biennium is being spent in the wisest possible way.

"Now, logically, one would assume then that the best way to get at that objective would be to give at least a sampling of Washington State students the same test that students in many other states take and if the cultural and social and economic background of the students in Washington taking that test were comparable to those of students taking it in other states, we might begin to get some kind of a valid means of evaluating our educational program as compared to those in other states at least in those areas covered by the tests. Now, of course tests developed by local school districts or even a test that is developed by the SPI would bear no necessary relationship to tests given in other states and the objective of trying to reach a partial evaluation of our school system as compared to those elsewhere and as far as I can see would be lost entirely. Let's get back to my question, what purpose did this subcommittee wish to achieve in developing a bill related to a state-wide testing?"

Senator North: "There are two purposes here and perhaps that is what is confusing the body. The first section deals with selected random sampling. There are roughly sixty thousand students at any given grade level. Grade two, grade three, over the state of Washington. And we have put in the bill about two thousand because you can get a true profile of the state using that proportion. You are going to use the standardized test in this first section. You are never going to teach to the test because the computer will select those children. A teacher has no idea whether any student in his or her class will be selected for this standard state-wide testing. But it will give us a true state-wide profile of how our kids are performing at the fourth grade level in the basic skills. We are talking about the three R's at this particular point.

"Now that is one purpose of this bill. The SPI is to report to the legislature so that we will know, it says at least every four years, and the first report is due by July of 1977, so that we know how our kids actually compare to the national average and, there are about thirty other states that do go through this standard testing performance. I think
one of the most telling remarks in the Wally Miller report was, you know that we have no way of gauging our own product of the educational system in this state because we have no state-wide testing program. And that was the missing element in that huge report. We don't really know how our kids are performing in comparison to the other states or the national average. OK. That is section one and that is the reason for this amendment that Senator Odegaard spoke to. The word 'standardize', so that we are very clear what we are discussing there.

"The second section is a different kind of testing. And we really asked SPI to encourage, and I am coming back to that word again. Please realize it is encourage. It doesn't say shall, must or any of that strong language. The reason for, I believe that this is correct that Senator Marsh has offered these words, is to make clear the other aspect of this. As each district tests, we need some way of comparing between districts. How the kids are actually doing at the fourth grade level in basic arithmetic. And if you don't use the same test, how do you know what Tenino is doing compared to Twisp. And you can't know unless you use the same test. Now this doesn't in any way preclude a particular kind of test at Seattle or Shoreline or Bellevue or Vancouver wants to use in addition as a teaching mechanism in conference with the student and his parents for his own individual development. When you do testing of every student it is an entirely different purpose. You are not trying to get a state-wide profile so that you are comparing with other states. You are using it as a truly, if you want to use the word 'diagnostic' or 'educational', part of that child's career and his development. And so you need in this array at the local level some standardized tests, so that we can look at the input variables. Does the size of the library in the district have a bearing on how the child's testing comes out in terms of spelling? Does the athletic program have an input into how well he does in arithmetic? I'm using some rather hypothetical examples. But this allows us to analyze the input variables so we have two goals in mind here. And I see nothing, I see that these two amendments that are offered are not in combat at all but that they mutually complement each other."

Further debate ensued.

POINT OF INQUIRY

Senator Washington: "Would Senator North yield to a question? In listening to your explanation, it seemed to me that section one, if we had a standardized test there, that we were going to achieve some standards by which we could have state-wide testing and would get what Senator Marsh is talking about. I got a different impression from your discussion of section two than I did listening to Senator Marsh. I got the idea when I listened to you that it probably wasn't as necessary to have a standardized test developed by the Superintendent of Public Instruction for section two. Now did I misunderstand your point there?"

Senator North: "It is crucial for section one to have a standardized test. That is obvious because there is not any way we can compare with other states or national level. I am trying to get prospective in section two because we are doing a different kind of testing. And when you are doing every student testing, you can really do a comparison between districts if you are using the same test. Now, obviously on section one, there is no way in the world we are really going to be able to compare one school district in this state against another. The sampling is too small. That is giving you a statewide profile. But if you really and truly want to know how your students are doing in Ephrata as compared with Bellevue, on the same test at the fourth grade level, in what their spelling ability is, how are you going to compare unless you both use the same test? So this is to encourage districts to use some standard test for the purpose of comparison but leaving them totally free to do their own thing for the kind of tests they feel are important for their particular school district and that local control is very important. Does that help?"

Senator Washington? "Yes it does. Thank you very much."

Further debate ensued.

POINT OF INQUIRY

Senator Bottiger: "Would Senator North yield to a question? Senator North, would there be any reason why if the second section test were not also standardized that a
school district might not add to that as Senator McDermott has suggested, for local
skills, the agriculture, the fishing if it is a fishing area, would there be any reason why
they couldn't add to determine the survival skills he mentioned?"

Senator North: "None at all. That is the point of the second section which I seemed
to have failed in making clear. That we recognize strongly individual districts and their
different personalities and they feel that for their particular community there are certain
areas where obviously there is going to be an agricultural emphasis. Perhaps there will
be forest production in another area and the whole point is to allow just that type of
thing. But, at the same time to encourage a few, now I'm not talking about a lot, but just
a few, in the basic skills, while I am again going back to reading, writing and arithmetic
so that we can compare district upon district."

Further debate ensued.

Senator Goltz moved adoption of the following oral amendment to the amendment
by Senator Marsh:
Strike all of new section 2.
There being no objection, the amendment to the amendment was withdrawn.

POINT OF INQUIRY

Senator Bottiger: "I wonder if Senator North would yield again. Perhaps Sue
Gould, would you yield? I am sitting here and I have to admit that I wasn't on this
committee so I don't purport to be an expert on this but I am wondering if we sample
two thousand students we would get a cross section of what the entire education organi-
zation is achieving through an examination of their product, the student. Though we
would have nothing to evaluate what a particular school district is doing by a sampling
of two thousand, we would virtually eliminate the probability of any small districts
having students included within the sample. Two thousand divided by the students
would eliminate a lot of little districts from probably being represented."

Senator Gould: "In listening to the testimony, it was the position of Dr. Rasp that
two thousand was a good number and it could be well used to get a cross section of the
state and that he would not need to go into every district in order to get that. Now that is
taken as a professional judgment on statistics."

Senator Bottiger: "Now, without using the same standardized test, we would have
nothing in the school district where my children go to evaluate how that district did as
opposed to the state-wide average."

Senator Gould: "Right, and that frankly in section one, that is not the purpose of
section one and I think if you used it for that purpose it would be an invalid result. The
purpose of section one as has been said two or three times, is entirely to see how the
state of Washington is doing compared nationally, compared to other states and that is
all that purpose is. If you want to compare districts, then you go into section two but
when you go into section two and compare districts, you are comparing so many varia-
bles that you really get no valid comparison."

Senator Bottiger: "I have never understood how reading changes from Seattle to
Franklin Pierce or Bethel but it may. But if we required that a portion of that local test
be the standardized test, then we would have an opportunity. They could add all the var-
iables they want to standardized test, but we would be at least able to evaluate the read-
ing, or the basic skills, one district as against the other so that the taxpayer of that dis-
trict would know whether he is getting his money's worth or not."

Senator Gould: "The only problem I see with that, Senator, is that districts, most
districts currently have a series of testing. They use one of the national tests. These tests
are used from year to year in a certain succession so that the districts themselves can
compare. Now if you are telling them that is invalid, and you have to go this other route,
then they have to start from ground zero again to develop their basis for comparison
within their own district."

Senator Bottiger: "You mean it would hurt that much if they all went back to book
one and started together down the scale?"

Senator Gould: "Take, say for instance mathematics . . . that is one area that very
many people are concerned about, the new math, you know, and many scales show dis-
districts going down. In your particular district they have a test they have been using for ten years. They can say, okay back in 1965 our kids were doing this, in 1968 they were doing this, and this and this, but if you have to start with a new test, it is no longer a valid comparison with the old test, then you have got to start again."

Senator North moved adoption of the following oral amendment to the amendment by Senator Marsh:

Amend the Marsh amendment to page 2, line 17 as follows: After “public instruction” insert “to encourage all local districts to utilize some form of standardized testing for all students”

MOTION

On motion of Senator Walgren, the Senate advanced to the eighth order of business.

NOW, THEREFORE, BE IT RESOLVED, That the Secretary of the Senate shall designate a person or persons from the Senate staff to prepare a brief analysis of the impact any bill approved by any select or standing committee affecting the common schools might have on the ability of local school districts to manage their own affairs, such designation to be subject to the approval of the chairman of the committee which originated the bill: PROVIDED, That the failure to provide such an analysis shall not be considered a procedural defect in the consideration and/or passage of a bill; and

BE IT FURTHER RESOLVED, That the Secretary of the Senate is directed to distribute a copy of each such analysis to each member's desk at such time as any bill falling within the scope of this resolution takes its place on the Senate second reading calendar.

By Senators Fleming, Grant, Riddler, McDermott, Goltz, Scott, Murray and Stortini:

WHEREAS, We, the members of the Senate congregated here this fifteenth day of January to carry out the responsibilities delegated to us by the citizens of this state, reflect for a moment that there still is among us the spirit of a beautiful person, a person who transcends the petty wants and jealousies of mankind; and

WHEREAS, The Reverend Dr. Martin Luther King, Jr., was a remarkable individual whose actions gave hope to millions by calling for a world free of prejudice, discrimination, poverty and hunger; and

WHEREAS, This God-fearing man, this Nobel laureate, endured unconscionable
abuse while espousing his principles of pacifism, in order to open our eyes to a double standard of justice, one for the poor and minorities and one for all others; and

WHEREAS, This champion of the oppressed preached love not hate, trust not suspicion, cooperation not conflict, the dignity of the individual not the artificiality of inherited superiority, and in so doing exposed the hypocrisy surrounding our most cherished ideal, that of “all men are created equal”;

NOW, THEREFORE, BE IT RESOLVED, That on this day, we, the Senate of the State of Washington, pause to pay homage to a great American, the Reverend Dr. Martin Luther King, Jr., in order to call to the attention of the residents of this State Dr. King’s wisdom and accomplishments and to rededicate ourselves to the pursuance of his principles of love and equality for all;

BE IT FURTHER RESOLVED, That the Secretary of the Senate transmit a copy of this resolution to his widow and members of his family.

REMARKS BY SENATOR FLEMING

Senator Fleming: “I rise to remind the body and the state and nation of the debt we owe the late Doctor Martin Luther King who was born forty-seven years ago. This champion of the oppressed, preached love not hate, trust not suspicion, cooperation not conflict. He was a great noble teacher as well as a moving speaker. Let us not forget the lessons that he taught us. For over seven years after his death we are still engaged in the violent destruction of human life in which he opposed. For over seven years after his death we have yet to reach the goals of human equality and human dignity for which he strove. And yet we are much richer for that leadership. His leadership led to the dramatic and widespread, although long overdue, enjoyment of the Bill of Rights for all Americans. It is appropriate that we remember the birth of this Nobel Peace Prize winner today, but we must continue to remember his birth each and every day of our lives. For it is only him that we, as a nation, shall overcome. And, it would do me a great honor if the President of this Senate and the members of this body would stand for one moment of silence to the Reverend Doctor Martin Luther King.”

A moment of silence was observed by the Senate in memory of Doctor Martin Luther King, Jr.

SECOND READING

SENATE BILL NO. 2995, by Select Committee on Education; Subcommittee on Students (endorsed by Senators North, Francis, Beck and von Reichbauer):
   Mandating school achievement surveys for grades 4, 8 and 11 directed by office of superintendent of public instruction and making appropriation therefor.
   The Senate resumed consideration of Senate Bill No. 2995. On January 15, 1976, an amendment by Senator Marsh had been moved for adoption and an amendment by Senator North to the amendment had been moved for adoption.
   There being no objection, the amendment to the amendment and the amendment were withdrawn.

Senator Odegaard moved adoption of the following amendment by Senators Odegaard, North, Marsh and Goltz:
   On page I, line 11, after “conduct” insert “standardized”

Senator Washington moved adoption of the following amendment to the amend­ment by Senators Odegaard, North, Marsh and Goltz:
Amend the amendment to page 1, line 11, after "standardized" add "reading and mathematics"

Debate ensued.

**POINT OF INQUIRY**

Senator Odegaard: "I wonder if Senator Sandison would yield to a question since he is chairman of the higher education committee and has been involved in and aware of the assessment program, I believe."

Senator Sandison: "I yield, Mr. President."

Senator Odegaard: "Senator Sandison, could you tell us a little bit what is going on in the other states in their assessment, what kinds of subjects are being included in it?"

Senator Sandison: "Well, I do not have the document with me now, Mr. President. However, I do recall that one of the criticisms of the school systems almost in all fifty states was the lack of proficiency in spelling and that that was one of the things that the national assessment looked at. Also, of course, the language arts is something else that they included. It was very strong in mathematics, of course, and the ability to read but spelling was equally a concomitant subject."

Further debate ensued.

Senator Marsh moved adoption of the following oral amendment to the amendment by Senator Washington to the amendment by Senator Marsh:

Following "reading and mathematics" in the Washington amendment, insert "writing and language arts"

**POINT OF INQUIRY**

Senator Bailey: "Would Senator Marsh yield to a question? Where do you put the comma in that phrase?"

Senator Marsh: "You would have 'reading, writing, mathematical skill, and language arts'."

Senator Bailey: "Mr. President, the only question I have is we are getting on to basic education, and if we are going to get into arts, music and things, I wanted to be sure that was not separated by a comma, and as the Governor said in his speech, the definition of basic education can expand rather rapidly if you do not put the proper . . . maybe I have to ask another question of Senator Marsh in what his definition of language arts is?"

Senator Marsh: "It would include speech. Certainly I think it includes spelling."

Senator Gould: "Mr. President, in response to Senator Bailey's question, it is my understanding that the area of language arts includes all those things that we used to call writing, including writing, composition, grammar, spelling, all the basics of how we communicate with other people."

The motion by Senator Marsh carried and the amendment was adopted.

The amendment by Senator Washington as amended by Senator Marsh to the amendment by Senators Odegaard, North, Marsh and Goltz was not adopted.

The amendment by Senator Odegaard carried and the amendment by Senators Odegaard, North, Marsh and Goltz was adopted.

On motion of Senator Wilson, the following amendment by Senators Wilson and Odegaard was adopted:

On page 1, starting on line 21, after "surveys." strike all the material down through "within the state." on line 23.

On motion of Senator North, the following amendment by Senators North, Goltz and Marsh was adopted:

On page 2, line 17, after "utilize" strike "some form of testing" and insert "standardized tests from a list approved by the office of the Superintendent of Public Instruction for testing"

On motion of Senator Goltz, the following amendments by Senators Goltz, North and Marsh were adopted:

On page 2, line 19, after "levels" and before "." insert "in the areas of basic skills of reading, writing, mathematics, and language arts"

On page 2, line 22, after "(2)" strike "provide" and insert "make available to"
On motion of Senator Donohue, the following amendment was adopted:
On page 2, strike all of new section 3.

On motion of Senator Washington, the following amendment was adopted on a rising vote:
On page 1, line 11, after "standardized", as added by the Odegaard, North, Marsh and Goltz amendment, insert "reading, writing and mathematics and language arts"

On motion of Senator Donohue, the following amendment to the title was adopted:
On page 1, line 3 of the title, strike "; and making an appropriation"

On motion of Senator Walgren, the rules were suspended, Engrossed Senate Bill No. 2995 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

POINT OF INQUIRY

Senator Wilson: "Will Senator North yield please? Senator North, in section two the SPI has instructed to encourage local school districts to participate in this second phase of the testing program. In the interest of local control of schools, I submit that in some instances state agencies have been known to apply various forms of pressure, implied or otherwise, in order to induce lower levels of government to participate in a program which is not statutorily mandatory. And my question is, does the word 'encourage' in truth mean that a local district will feel free to participate in this program or not without fear of penalties, reprisals or any other source of pressures which might infringe upon their ability to decide the matter for themselves?"

Senator North: "That is the intent exactly, that this is a matter for local control. Actually the members here will be interested that at present ninety percent of our school districts throughout the state do test at least two grade levels between kindergarten and the eighth grade so they are already pretty well into this. There are only a few districts which have chosen not to test at all. But that is their prerogative because the word says 'encourage' and I would imagine that with the districts not testing, if they move to this, it will be because the parents, the students, asked that this be done."

Debate ensued.

POINT OF INQUIRY

Senator Cunningham: "Would Senator Marsh yield to a question? Senator Marsh, in this so much effort has been spent deciding standardize, I would assume, and I would appreciate your correcting, that the testing in addition to being standardized so will the grading."

Senator Marsh: "Yes."

Further debate ensued.

ROLL CALL

The Secretary called the roll on final passage of Engrossed Senate Bill No. 2995, and the bill passed the Senate by the following vote: Yeas, 46; excused, 3.

Excused: Senators Francis, Keefe, Mardesich—3.

ENGROSSED SENATE BILL NO. 2995, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

MOTION

At 12:15 p.m., on motion of Senator Walgren, the Senate recessed until 1:15 p.m.
AFternoon Session

The President called the Senate to order at 1:15 p.m.

Motions

On motion of Senator Knoblauch, Senators Goltz; Henry and Washington were excused.

On motion of Senator Sellar, Senators Matson and Newschwander were excused.

Second Reading

Senate Bill No. 2994, by Select Committee on Education; Subcommittee on Resource Utilization (endorsed by Senators Woody, Lewis (R. H. "Bob"), Peterson, Knoblauch, Henry and Bluechel):

Permitting association formed by schools under Interlocal Cooperation Act for purchases of school supplies and equipment to mortgage property.

The bill was read the second time by sections.

On motion of Senator Woody, the following amendment was adopted:

On page 1, section 1, line 12, after "authorized" strike the remainder of the paragraph and insert the following: "for school district purposes to purchase personal or real property, is hereby authorized to acquire by purchase, exchange, lease, grant, gift, or other conveyance, and to hold, own, construct, improve, manage, operate, to let as lessee, to sell, convey, mortgage, or encumber otherwise, real or personal property of such association of every kind, character or description whatsoever, or any interest in such personal or real property: PROVIDED, That any such association shall be prohibited from causing any creditor of the association to acquire any rights against the property, properties or assets of any of its constituent school districts and any creditor of such association shall be entitled to look for payment of any obligation incurred by such association solely to the assets and properties of such association."

On motion of Senator Woody, the rules were suspended, Engrossed Senate Bill No. 2994 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

Debate ensued.

Point of Inquiry

Senator Cunningham: "Would Senator Woody yield to a question? Senator Woody, I hope I know the answer but for the record, this bill does not give schools authority to go out and to mortgage existing properties that they have, only simply to acquire new properties and mortgage?"

Senator Woody: "This does not allow either one of the instances that you addressed yourself to. Your question was framed, would a school district be permitted to do these things? The answer is, this bill does not allow school districts to do anything. This merely allows the association referred to in the bill and the measure to do those things. The association is distinguished from the school districts. It is just like another corporation or non-profit association."

Point of Inquiry

Senator Grant: "Would Senator Woody yield? Senator Woody, would you describe under the terms of this measure proposed the liability of local school boards in the event that they enter into an association as is described?"

Senator Woody: "You are asking a question as to any liability, not just the liability for the common school property we are talking about?"

Senator Grant: "Let's take the mortgage of property as an example. Assume the association determines that they are going to build a warehouse for storage of supplies. What is the liability as far as the local school districts are concerned? Or does the liability just lie with the association?"

Senator Woody: "If the association orders materials from a supplier, for example, and then does not pay for them, then the association is liable and not the school district. Now, if on the other hand an order is placed by the school district and the association
Senator Grant: "And the property itself, not the supplies that you are concerned with, as an example the warehouse that I gave you as an example, supposing that the association determines they are going to build a large warehouse. The association found later that they didn't have funds for completion of that or any number of things might occur. How is that problem handled, or is it?"

Senator Woody: "Under the proviso in the amendment that we adopted, the creditor would not be able to go after anyone in the school district, would not be able to go against the school district itself but would rather be able to go only against the assets and property of the association. In that instance, if there were either a materialman's lien for example or a mortgage foreclosure, the creditor in either instance would be able to sue the association only and once they got judgment, if they obtained judgment, would be able to foreclose against the assets and properties of the association only."

Senator Grant: "Well, one further question then, and I will sit down. Assume that the local school districts in combination with one another formed such an association, deeded over property or purchased property as an association. All of the property of that school district. They gave it all over to an association of the kind that is established here. Could the association mortgage that property, or could they obtain loans on that property for school purposes such as payment of salaries?"

Senator Woody: "The limitation, and the only limitation that I have been able to discover here, is in the inclusion of the words 'for school purposes' that was placed in there in the amendment. I am sure that the state auditor would look at any function of the association and the school district and would have to see whether any expenditures or other activity is within the limitation of 'for school district purposes'. Now the activity of the association if they were to take over — let's say the Lower Falls School itself, the building — and use it as an industrial park, that would not be for school district purposes. There is no authority for the association itself within the perimeters of Chapter 39.34 to teach school. They cannot employ school teachers per se. Under your example, I have been able to take over capital assets of a school district. They could not then use the funds in order to hire school employees, certified teachers. They could only use those things that would be for school district purposes, not association purposes, but for school district purposes. After that I really cannot answer your question. I think what you are asking me is if somehow . . . ."

Senator Grant: "If we had a combination of districts and in an association of this form, could they take property by consent of boards and use the value of that property to obtain loans for payment of salaries?"

Senator Woody: "Salaries of whom?"

Senator Grant: "Of teachers."

Senator Woody: "No."

Senator Grant: "Why not?"

Senator Woody: "Well, because they do not hire teachers and they are a governmental agency. They would be making a gift of state property."

Further debate ensued.

POINT OF INQUIRY

Senator Rasmussen: "Would Senator Woody yield to a question? Senator Woody, under other statutes at the present time, any municipality including school districts can purchase from any purchasing agreement that they have; state, county, city. They can join in and purchase cooperatively at the same bid price. Is this correct?"

Senator Woody: "Yes, it is."

Senator Rasmussen: "Okay. What difference will there be in this as far as purchasing? What advantages?"

Senator Woody: "Well, as I mentioned a bit ago, since 1941 the only association that I am aware of that existed in this regard is in King County. They have been doing precisely what you have been talking about since 1941."

Senator Rasmussen: "I am not speaking of associations. They can do it without an association."
Senator Woody: "I understand. They have been doing it since 1941, a group of them as an association, because their purchasing power is better when they are ordering huge amounts — for a variety of districts. Now, if you are suggesting that the association be disbanded and that the school districts sort of hit and miss get together with each other to make their acquisitions, that is one of the same things that we went through with the legislative budget committee when we were talking about our general administration. And when we were I think that Senator Lewis was very excited about the general administration and their ability to find out what we have got in stock. LBC went through that in a great detail. We discovered that if you do it on a large basis with one management unit you can arrive at a lot better prices and you have a lot less overhead."

Senator Rasmussen: "I think you missed my question. This is available at the present time. For instance, if King County, Pierce County or the state of Washington gets an attractive bid for gasoline, it is not warehoused in any of the districts, it is warehoused by the distributor and is sold at the same price. The same thing goes for any other stationery such as — they already have this power, they do not warehouse — they use the seller's warehouse for a distribution point. You want 'x' number thousand of tablets. You get them at the price that is submitted and they circulate these prices to other public agencies. Now what advantage is this going to give that they do not already have as to purchasing?"

Senator Woody: "Senator, you have asked me to assume certain things that are fact which are not. You have asked me to assume that there is no warehousing done by this association, which is simply not true. That is primarily what they are doing. There are certain items such as gasoline that they do not deal with because they do not have a warehouse for gasoline. They do get those things from a prime wholesaler and the districts get those directly. But there are many other things that they obtain and they warehouse themselves. They distribute these things out to the district because the districts will be buying these, by and large, on a small item, per week, per month, and they cannot afford to send a truck down or even a car for the size of some of these orders, down to such and such place or have the wholesaler deliver a hundred pounds or a two-foot by two-foot box of stuff from a wholesaler's place. They keep these things at the central warehouse in King County and they routinely go up there and pick those things up."

Senator Rasmussen: "This is correct. This is what they already have. I am saying, why do we need this additional law. And I have one further question. Provided that this authority shall be in addition to and shall not in any way limit the existing authority of the associations, what is the existing authority?"

Senator Woody: "If you want me to, someone has a copy of the association's article of associations and their bylaws and I frankly have not memorized their bylaws or their articles of association. That was not the purpose of the subcommittee's investigation into this area. We did not go into it to see whether they had too much or too little authority in any other areas in this purchasing ability."

Senator Rasmussen: "Thank you."

Further debate ensued.

POINT OF INQUIRY

Senator Bottiger: "I wonder if somebody could answer a question for me. Maybe Senator Bluechel can. I never supported the concept of intermediate school districts because I could not figure out what they were going to do and now it seems we are setting up another layer. Is there any reason why the intermediate school district could not handle this function?"

Senator Bluechel: "Senator Bottiger, I will attempt to answer this and Senator Gould says if I fail she will answer it. At the present time in the King County area, there is formed a directors' association which does mass purchasing for all of the school districts in that area. By this mass purchasing a substantial — a very substantial — amount of money is saved. Now that is the only association I know of at the present time that does that state-wide. In a particular case with this association they wanted to buy the building. They were prevented from doing so because the statutes would not allow it. The intent and purpose here was to let them buy the building and save money."
Senator Gould: "Mr. President, thank you. This will add further. The King County school district school directors' association which does this purchasing, services districts throughout the state. I do not know the percentage but it includes practically every district in the Puget Sound area and they do sell to them. So it is not just for King County. It is for the whole area."

POINT OF INQUIRY

Senator Mardesich: "Would Senator Bluechel yield to a question? Thank you. Were you occupied with something else when Senator Grant asked his question? Do you recall what it was?"

Senator Bluechel: "Yes."

Senator Mardesich: "Would it be possible for a school district or a number of school districts or all who were in such an association or interlocking group to be able to turn all of their property over to the interlocking group and be able to mortgage all of their property for whatever purpose they desired so long as it was school oriented? Could that money further be used for operational uses as distinguished from purchasing uses?"

Senator Bluechel: "You are getting into a very legal area here that I do not think I am competent to answer. But in regard to the broad answer which I think is correct — is I would say — no, it is not. But that is a legal area and it would have to be looked at. I do not think it could be done. The intent of the bill was not to even approach that. If it does, we have made a mistake in the bill. But the bill was designed to, I believe, save sixty thousand dollars on a one-shot situation. Senator Mardesich, I think you will have to ask an attorney whether that is possible."

POINT OF INQUIRY

Senator Mardesich: "Mr. President, Senator Woody, I think what Senator Ras-mussen has raised a question about and the question Senator Grant referred to and which I referred to is that the bill is now drafted with the amendment allows this interlocking district or whatever it is called to mortgage property, does it not? That is a power not heretofore granted to school districts. That is an extension of the power they now have. A direct question is, and which still concerns me and others, would a school district be allowed to turn its property over to an interlocking district and would that interlocking district then be able to mortgage the property and would those funds be possibly used for current operating purposes as well as for operational capital purposes? And I think that is the question that is bothering a lot of us."

Senator Woody: "Mr. President, Senator Mardesich, it is answered very simply. A mortgaging is only the ability to put up real estate for security. Mortgaging is not the ability to borrow money. They can borrow money, correct. There is a distinction between borrowing and mortgaging. Your note is the borrowing. Mortgage is giving real estate for security. Right now this association can borrow. Under the existing act it can borrow. Whether it can borrow and use the funds, as Senator Grant suggests, I do not know. That is under the existing interlocal cooperation act. I suggest only that it cannot but I do not know what they can do under the existing law. I am suggesting, however, that with this amendment that we are asking for, the change in the law, this association can now mortgage real estate. Put it up for security to a bank. That is all it does. Right now they can borrow money. They cannot put up real estate as security."

POINT OF INQUIRY

Senator Lewis (Harry): "Mr. President, I wonder if I might ask a question of Senator Woody before Senator Bottiger's motion? Senator Woody, in listening to Senator Guess's remarks concerning the building of skill centers, it appears — as I understand what he said — that this would permit local districts or joint districts — for example Tumwater, Lacey, Olympia — to build a skill center next to Olympia Vocational Technical Institute for the purpose of educating in the skill area the K through twelve students.

"We have debated that subject over a number of years but assuming that that is what the bill does — if Senator Guess is correct — do we grant that authority under the
bill without any requirements as far as funding for those skill centers in the years ahead or even the immediate year? What is the involvement or potential in this area is a question that I think we should be aware of."

Senator Woody: "On page one, line ten, it sets forth the purposes. 'For the purposes of jointly and cooperatively purchasing school supplies, materials and equipment.' And it goes on, 'if otherwise authorized,' then it can do the following things. For those purposes however, if whatever you are doing in the way of capital acquisition of a building — if that is for the purpose of jointly and cooperatively purchasing school supplies, materials and equipment — you can do it. However, if it is not for one of those purposes, you cannot.'"

MESSAGE FROM THE HOUSE

January 16, 1976.

Mr. President: The House has adopted: HOUSE CONCURRENT RESOLUTION
NO. 44, and the same is herewith transmitted.

ROSALIE E. GITTINGS, Assistant Chief Clerk

INTRODUCTION AND FIRST READING

SENATE BILL NO. 3075, by Senators Francis, Clarke and Buffington:
An Act relating to agreements, contracts, and promises regarding the results or
cure to be obtained from health care; and amending section 1, chapter 58, Laws of 1905
and RCW 19.36.010.
On January 16, 1976, Senator Day moved that Senate Bill No. 3075 be referred to
the Judiciary Committee. At that time, Senator Woody moved that the bill be referred
to the Select Committee on Medical Malpractice.

PARLIAMENTARY INQUIRY
Senator Day: “Don’t we already have a motion pending relative to this bill?”

REPLY BY THE PRESIDENT
The President: “Yes, Senator Day had made a previous motion, Senator Woody, to
refer the measure to the Senate Committee on Judiciary.”
Debate ensued.
There being no objection, the motion by Senator Day was withdrawn.

MOTION
Pursuant to Rule 47, Senator Woody moved that Senate Bill No. 3075 be referred
to the Select Committee on Medical Malpractice.
Debate ensued.

PARLIAMENTARY INQUIRY
Senator Day: “Wouldn’t that require suspension of the rules?”

REPLY BY THE PRESIDENT
The President: “The President believes that such a motion would require suspen­sion
of the rules, Senator Day.”
Debate ensued.

POINT OF ORDER
Senator Day: “If I heard the President correctly, he said it would take a suspension
of the rules.”

RULING BY THE PRESIDENT
The President: “In order to clarify the particular situation that exists at the present
time, the President calls attention to the members to rule fifty nine, which states, ‘after
the first reading bills shall be referred to an appropriate standing committee.’ The Presi­dent
believes that in order for the matter to come under the provisions of rule forty­seven that a suspension of fifty-nine is necessary, and then the matter would come in the
order outlined in rule forty-seven. Namely, first a committee of the whole Senate; a
standing committee; third, a select committee.”

ENGROSSED SENATE BILL NO. 2994, by Select Committee on Education; Subcommittee on Resource Utilization: (Endorsed by Senators Woody, Lewis (R. H. "Bob"), Peterson, Knoblauch, Henry and Bluechel):
Permitting association formed by schools under Interlocal Cooperation Act for purchases of school supplies and equipment to mortgage property.

The President declared the question before the Senate to be the roll call on final passage of Engrossed Senate Bill No. 2994.

POINT OF INQUIRY

Senator Rasmussen: "Would Senator Woody yield? There were several questions raised on the floor regarding this bill the other day. Did you get any clarification?"

Senator Woody: "Yes I did, Senator Rasmussen. As a result of several of the questions that were asked, I had Jim Bricker, our staff director contact Thomas L. Anderson, assistant attorney general, and he replied by memorandum, which I have in my hand dated January 19, 1976. The first question that was raised, 'May districts form an association and sell property and use the receipts from such sale for teachers' salaries?'. And the answer to that was 'Senate Bill 2994 merely authorizes these associations to mortgage property and contains no new authority to implement teachers' salaries'. The second question raised was, 'Would Senate Bill No. 2994 authorize a school district to form an association for the purposes of jointly operating a skills center?' And the answer, 'No. Senate Bill No. 2994 does not authorize the formation of joint skill centers.'"

ROLL CALL

The Secretary called the roll on the final passage of Engrossed Senate Bill No. 2994, and the bill passed the Senate by the following vote: Yeas, 42; absent or not voting, 3; excused, 4.

SECOND READING

SENATE BILL NO. 2982, by Senators Woody, Lewis (R. H. "Bob"), Bluechel, Guess, Knoblauch, Peterson and Henry:
Permitting the state fire marshal to preempt local codes with approval by the advisory board.

The Senate resumed consideration of Senate Bill No. 2982. On January 15, 1976, an amendment by Senator Woody was adopted.
FOURTEENTH DAY, JANUARY 19, 1976

Senator Pullen moved adoption of the following amendment:

On page 2, following section 1, add a new section as follows:

"NEW SECTION. Sec. 2. There is added to chapter 48.48 RCW a new section to read as follows:

At least once every four years the state fire marshal shall conduct an electrical inspection of every public school building in which K-12 students attend classes. The inspection shall determine whether or not a building meets the minimum inspection standards required by chapter 19.28 RCW as such chapter has been and may from time to time be amended or chapter 204, Laws of 1919 or chapter 169, Laws of 1935, whichever was in existence at the time the electrical wiring was installed. The state fire marshal shall notify the school district board having jurisdiction over the building of the results of the inspection. Such notification shall be in writing in a manner to be prescribed by the state fire marshal: PROVIDED, That the provisions of this section shall not become effective until the funding necessary for the implementation thereof shall have been appropriated by the legislature."

POINT OF INQUIRY

Senator Bottiger: "Would Senator Pullen yield to a question: Senator Pullen, I talked to you about this yesterday and I just want to make sure that it is in the journal, that the inspection would be made as to the electrical code in existence as of the time of construction or last remodeling of the building. Is that correct?"

Senator Pullen: "That is absolutely correct."

POINT OF INQUIRY

Senator Donohue: "Mr. President, would Senator Pullen yield to a question? Are you telling us that the fire marshal in his inspections today, do not in any way inspect the electrical systems of the schools?"

Senator Pullen: "The fire marshal's office is knowledgeable to a certain extent about electrically related fires. It does work closely with the Department of Labor and Industries on this matter, and, in fact, they contract with one another dealing with this particular subject. But right now, there is no mandatory periodic inspection of our schools and that is exactly the problem. Right now the fire marshal's office does have the authority to make inspections. In fact, the Department of Labor and Industries also can make inspections. But there is no mandatory requirement that these inspections be made over a certain period of time. And with the electrical connections, it is a particularly sensitive subject because custodians and others may be tampering with the fuse boxes and so on. Although the fire marshal's office does have the authority to make inspections, it is not required to do so at any particular time. And, so a lot of electrically related problems are going undetected at this particular time."

Debate ensued.

POINT OF INQUIRY

Senator Lewis (R. H. "Bob"): "Mr. President, would Senator Pullen yield please: Senator Pullen, in the line where it says that 'the state fire marshal shall conduct an electrical inspection of every public school building which K to twelve students attend classes', does provision exist for elimination of duplication in those cities in which the city fire inspector already is making such inspections or can they continue to make such inspections at the local level as an agent of the fire marshal?"

Senator Pullen: "No, there is nothing in this amendment that would prevent inspections also at the local level but I would assume that some of the people at the local level would want to continue making inspections independently and others might feel that it is no longer necessary. This, of course, addresses itself primarily to the electrical inspections and how that relates to the fire hazards. Some of the local fire district personnel are concerned with the overall fire problem but are not well trained with regard to the electrical problems."

Senator Lewis (R. H. "Bob"): "Mr. President. To continue, Senator Pullen, in at least some of the larger cities, I am aware that the cities do make electrical inspections of the schools and my concern is, is there a necessity for duplication? In other words, do
the people have to pay taxes to have a city inspector make the inspection and also the state fire marshal if those cities are already doing the job that is generally considered up to all of the codes and all of the specifications of inspection of electrical facilities? I am just trying to concern myself about duplication of effort. Would it be possible, do you believe, in your discussion with the fire marshal, is it possible for the fire marshal to delegate such inspection authority to the cities and let the one city inspection that is already occurring be the sufficient inspection? I don’t see anything but two inspections in Spokane or Seattle or Tacoma for example, Yakima, etcetera, Bellevue.”

Senator Pullen: “I do not know of anything that would prevent what you are suggesting and as I already pointed out, in fact the fire marshal’s office already contracts with the Department of Labor and Industries to get better technical expertise when it comes to the electrical problems so if there were adequate inspections at the local level, I do not see why that would not suffice, but that would be up to the state fire marshal to determine, I assume.”

Senator Guess moved adoption of the following amendment to the amendment by Senator Pullen:
Amend the first sentence of the Pullen amendment as follows: After “attend classes” and before the period insert “: PROVIDED, That in those jurisdictions where the building inspection division has the capability of conducting such inspections the fire marshal shall delegate the authority for making the required inspections”

Debate ensued.

The motion by Senator Guess carried and the amendment to the amendment was adopted.

The motion by Senator Pullen carried and the amendment, as amended, was adopted.

On motion of Senator Pullen, the following amendment to the title was adopted:
On page 1, line 2 of the title, after “RCW 48.48.045” insert “; and adding a new section to chapter 48.48 RCW”

MOTIONS

On motion of Senator Odegaard, Senator Donohue was excused.

On motion of Senator Woody, the rules were suspended, Engrossed Senate Bill No. 2982 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

ROLL CALL

On page 11, following section 9, insert a new section as follows:

"NEW SECTION. Sec. 10. There is added to chapter 28A.58 RCW a new section to read as follows:

Subsequent to any determination of probable cause by the superintendent as provided in RCW 28A.58.450 or RCW 28A.67.070, both as amended by this 1976 act, all proceedings, including notice, shall be as provided in chapter 34.04 RCW for a "contested case".

Renumber remaining sections consecutively.

POINT OF INQUIRY

Senator Grant: "Mr. President. I just wondered if Senator Clarke would yield? Senator Clarke, not being an attorney, you say all attorneys are familiar with the proceedings and notices in the administrative procedures act. Could you describe the proceedings in the event that the superintendent, in this case, determine probable cause?"

Senator Clarke: "Well, if you will note the amendment, it provides that after probable cause has been ascertained, then the procedure shall be as set forth in the administrative procedures act. Now, the administrative procedures act is a very lengthy and comprehensive act and with respect to contested cases, RCW 34.04.090 has substantially a page of exactly what needs to be done by way of giving notice. It protects the rights of all parties with great detail, so that in reality it is spelled out exactly as to how all of these proceedings shall be conducted and the present law, nor the bill as presently written, does not in reality give the answers to all these methods of procedure. So if you are referring, I would call your attention to 34.04.090 with respect to contested cases."

MOTION

Senator Washington moved that the amendments by Senator Walgren to Senate Bill No. 3002 be considered before the amendment moved for adoption by Senator Clarke.

Debate ensued.

There being no objection, the motion by Senator Washington was withdrawn.
The Senate resumed consideration of the amendment by Senator Clarke.

Debate ensued.

PARLIAMENTARY INQUIRY

Senator Mardesich: "Mr. President. It is my understanding that Senator Bottiger is preparing an amendment which is in effect a substitution for the application of the administrative procedures act that Senator Clarke is now seeking to impose by amendment. Would an amendment by Senator Bottiger be in order in view of the fact that it does deal with this particular matter but is a different theory of application to the solution of the problem. Would the President rule that such an amendment setting up a separate board or commission which would handle this problem be in order subsequent to the adoption of this amendment, or rejection of it?"

MOTION

At 12:10 p.m. on motion of Senator Walgren, the Senate recessed until 1:00 p.m.
The President called the Senate to order at 1:00 p.m.
The President declared the Senate to be at ease.
The President called the Senate to order at 1:15 p.m.
The President made the following reply to the Parliamentary Inquiry by Senator Mardesich prior to the noon recess:

**REPLY BY THE PRESIDENT**

The President: "In response to the inquiry made by Senator Mardesich, the President has had the opportunity to review the proposed amendment by Senator Bottiger and believes that the proposed amendment by Senator Bottiger would be in order even though the amendment by Senator Clarke may be adopted. Even though the proposed amendment by Senator Bottiger does strike the language of the Senator Clarke amendment, the Senator Bottiger amendment containing a new proposal does not fall within the prohibition of rule 136 of Reed's, but rather is within the exception to the prohibition of rule 136."

The Senate resumed consideration of the amendment moved for adoption by Senator Clarke.

Further debate ensued.

**POINT OF INQUIRY**

Senator McDermott: "Would Senator Clarke yield to a question? Senator Clarke, if a teacher was involved in a strike and was then terminated by the board for that, on that basis, how would this change in the law effect that? What rights would they have? How would that be handled? Could the board set up its own criteria as to the reasons for firing, and so forth?"

Senator Clarke: "I do not believe that there would be any more of a change on that particular question then there would be on any other question. In other words, if that were a probable cause for discharge, then in either event, I would expect the discharge to be upheld. The purport of this amendment, with respect to a change in the concept of the bill as originally introduced, is primarily procedural. Now, if you are asking as to what effect the enactment of the bill, either with my amendment or without it, would have upon the question of strike, then that perhaps is a more persuasive type question. Because it is conceivable. I suppose, that the determination of probable cause either under the bill as introduced or with my amendment, replace perhaps more discretionary power of determination in the school board. Certainly it would as to a de novo trial by the court. So, your question really has two concepts. One, as to the effect of my amendment as against the bill as introduced and secondly, the effect that the bill in either event would have on that particular question."

Senator McDermott: "Thank you."

The motion by Senator Clarke carried and the amendment was adopted.

There being no objection, the amendment by Senator Woody to page 2, beginning with line 2, on the Secretary's desk, was withdrawn.

There being no objection, the amendment by Senator Stortini to page 2, line 34, on the Secretary's desk, was withdrawn.

On page 3, line 28, after "court" strike "without a jury"

Debate ensued.

There being no objection, the amendment by Senator Stortini was withdrawn.

There being no objection, the amendment by Senators Grant and Bailey to page 3, beginning with line 27, on the Secretary's desk, was withdrawn.
There being no objection, the amendment by Senator Walgren to page 3, beginning on line 29, on the Secretary's desk, was withdrawn.

Senator Francis moved adoption of the following amendment:
On page 4, line 4, after "employee," and before "or" insert "or had the effect of diminishing academic freedom."
Debate ensued.
The motion by Senator Francis failed and the amendment was not adopted.

Senator Woody moved adoption of the following amendment:
On page 4, beginning with line 11, strike all of the material down to and including line 17 and insert "If the court enters judgment for the employee, and if the court finds that the probable cause determination was made in bad faith or upon insufficient legal grounds, the court in its discretion may award to [an] the employee a reasonable attorney's fee for the preparation and trial of his or her appeal together with his taxable costs in the superior court. If the court enters judgment for the employee, in addition to or ordering the school board to reinstate or issue a new contract to the employee, the court may award damages for loss of compensation incurred by the employee by reason of the action of the school district."
Debate ensued.
The motion by Senator Woody carried and the amendment was adopted.

There being no objection, the amendment by Senators Walgren, McDermott and Grant to page 4, beginning on line 18 striking all of section 4, on the Secretary's desk, was withdrawn.

On motion of Senator Walgren, the following amendment by Senators Walgren and Odegaard was adopted:
On page 4, beginning on line 29, after "annual" strike the remainder of the sentence and insert "[evaluation of all employees] written evaluation of each employee which shall become part of the employee's permanent record"

Senator Grant moved the following amendments be considered and adopted simultaneously:
On page 7, beginning on line 15, strike all material through line 20.
On page 9, beginning on line 22, strike all of section 9.
Debate ensued.
POINT OF INQUIRY
Senator Francis: "Would Senator North yield to a question? Senator North, by your anecdote are you saying that had there been no probationary period in California, the department chairman would not have helped or is it that without any probationary period you would not have listened and tried to improve?"

Senator North: "I think I am going to be as bad no matter how I answer that. No, the point is that if I were a permanent employee, it would be so much more difficult to dismiss me. And I felt, by the very nature of the three-year trial period, that I was on point, that I had much to learn. I was willing to listen to the advice and the suggestions of others. And that in itself, I think is a helpful, a good attitude to go into the teaching profession with."

POINT OF INQUIRY
Senator Marsh: "Thank you Mr. President, ladies and gentlemen. I wonder if Senator Stortini, as chairman of the committee on certificated and classified employees, would yield to a question? Senator Stortini, what was the rationale of the subcommittee on certificated and classified employees and including this section in the bill?"

Senator Stortini: "Well, Senator Marsh the general opinion of the committee was that it felt that a probationary period, a change from one to three years, was necessary to identify persons, teachers, that were unfit for teaching. It was the general feeling that such things as academic records, student teaching just was not an indicator of long range success in teaching. I might also mention that in a recent survey, and I do not really know the validity of the survey, it was shown that thirty-eight percent of the teachers during their first three years, quit teaching. And, I am inclined to think that the basic reason why is they realize that they are just not capable, or maybe for other reasons, whether it be discipline in the classroom or whatever it might be, that they simply dropped out. But it was the feeling that each new employee in teaching, should be required to prove his or her competence during the initial years of performance."

Further debate ensued.

POINT OF INQUIRY
Senator Odegaard: "Mr. President, would Senator Stortini yield to a question? Senator Stortini, if Senator Grant's amendment fails, and then we would have the three year probationary period, what happens to the teacher who is now, let's say in his first, second or third year of teaching, at the present time and if this bill were to pass and were signed by the Governor, where is that teacher? Does he start, would this be his first year of teaching under the probationary period, or . . . "

Senator Stortini: "No, it is impossible to impair one's contract, Senator."
Senator Odegaard: "So he would be under the continuing contract?"
Senator Stortini: "Yes, that is true."
The motion by Senator Grant failed and the amendments were not adopted.
Senator Woody moved adoption of the following amendment:
On page 9, beginning on line 4, strike all of section 8.

POINT OF INQUIRY
Senator Bailey: "Mr. President. Would Senator Woody yield? Senator Woody, it was explained to me that the reason this was out of this section was because the superintendents had been put into the section relating to principals and I am asking the question, do you find that they are covered under the situation of administrators and principals, so that they would all be treated equally rather than in a separate category?"

Senator Woody: "When I talked with the people who had drafted this particular section, their response to me was that the only reason they were taking this language out was that it seemed like a good idea at the time and it rather struck me that I thought they were rather overreaching in their drafting. And that they had not really thought about what our reaction would be if we put the superintendent back into a direct responsibility position, as far as the board is concerned. Now you are asking whether or not the school superintendents have any further protection in this act? Is that your question?"
Senator Bailey: "No, Senator Woody, I am asking whether or not the superintendents are not already included in being excluded from the continuing contract by including them in the section that relates to principals. And, it was my understanding they were and that would make all administrators equal rather than having a separate section on superintendents. And, I just wanted to verify if that were true or not."

Senator Woody: "That is my impression but that is only my impression. I cannot speak for . . ."

Senator Bailey: "So then it would be unnecessary though to restore this language is the point . . ."

Senator Woody: "It perhaps could be, would be unnecessary, but to make it crystal clear, if we put this language back in, there would be no issue in courts to have to determine later."

POINT OF INQUIRY

Senator Goltz: "Would Senator Woody yield to a question? I still am not clear, Senator Woody, as to the effect of the answer to Senator Bailey's question. It seems to me that if the superintendent is covered under section seven along with assistant superintendents, directors and so on, and you are also going to cover him again by removing section eight, by keeping that provision of the law, is there a conflict between the way in which a superintendent would be handled under the then two provisions of the law?"

Senator Woody: "Section seven deals with transfers or reduction to a subordinate position, does it not? And if so, then I am speaking in section eight of them restoring the language of letting the board just out and out dismiss the superintendent."

The motion by Senator Woody carried and the amendment was adopted.

MOTION

At 2:55 p.m., on motion of Senator Walgren, the Senate adjourned until 9:30 a.m., Wednesday, January 21, 1976.

JOHN A. CHERBERG, President of the Senate.

SIDNEY R. SNYDER, Secretary of the Senate.
The Senate was called to order at 11:00 a.m., by President Cherberg. The Secretary called the roll and announced to the President that all Senators were present except Senators Keefe, McDermott and Murray. On motion of Senator Knoblauch, Senators Keefe and McDermott were excused.

The President announced the following flag bearers from Fort Lewis: Sgt. Victor Morales, Sgt. David Moyer, Sgt. Daniel Hergonroder, Pvt. William Ball and Drummer, Staff Sgt. Willie Lawrence. The Colors were presented by the visiting Color Guard.

Reverend George M. Mitchell, pastor of the First Christian Church of Olympia, offered the following prayer:

"IN PRAYER WE COME TO YOU JUST NOW, O GOD, KNOWING THAT YOU ARE, AND HAVE BEEN, WITH US CONTINUOUSLY, EVEN WHEN WE HAVE NOT RECOGNIZED YOUR PRESENCE. AND SO WE SEEK YOUR SPECIAL BLESSING UPON EACH OF THESE SENATORS AS THEY DELIBERATE TOGETHER HERE IN THIS CHAMBER, IN COMMITTEE MEETINGS, AND IN THEIR OFFICES. HELP THEM TO CONFRONT AND OVERCOME THE STRAIN OF THE ENDLESS DEMANDS PLACED UPON THEM BY CONSTITUENTS AND PRESSURE GROUPS, AND TO SEEK SOLUTIONS WHICH MEET THE NEEDS OF THE MANY RATHER THAN OF THE FEW. LOOK WITH COMPASSION UPON OUR HUMAN FRAILTIES, O GOD, BUT DELIVER US FROM OUR OWN SELF-PITY. THROUGH CHRIST WE PRAY. AMEN."

MOTION

On motion of Senator Walgren, the reading of the journal of the previous day was dispensed with and it was approved.

APPOINTMENT OF SPECIAL COMMITTEE

The President announced the presence in the Senate Chamber of Major General Volney F. Warner, Commander of Fort Lewis, Washington and his wife. The President appointed Senators Day, von Reichbauer, Guess, Lewis (R. H. "Bob"), Henry, Morrison, Von Hollebeke and Mardesich to escort the honored guests to a place of honor upon the rostrum.

REMARKS BY THE PRESIDENT

The President: "In keeping with the spirit and the continuing program of commemorating our nation's 200th birthday, the President is fortunate, today, to have the distinct privilege of introducing to the members of the Senate a present-day American military hero.

"Our guest of honor, today, is Major General Volney F. Warner, the commanding officer of the 9th Infantry Division and Fort Lewis.

"General Warner brings to us an unparalleled record of achievements and experience as a military leader. Having served in both the Navy and the Army, General Warner entered the United States Military Academy in 1946. Since his graduation in 1950, our distinguished guest has served in leadership capacities in Korea, the free territory of Trieste, Austria, Germany, Italy and Vietnam. Incredible as it seems, even with this intensive service, the General has found the time to serve as special assistant to the President on Vietnam affairs at the White House and in the meantime has earned a masters degree in psychology from Vanderbilt University, Nashville, Tennessee, and a masters degree in internal affairs from George Washington University."
"General Warner also had the distinction of being the executive officer and senior aide to General Westmoreland.

"The somewhat different gait which the General demonstrates, today, is as a result of a recent parachute jump in Utah with the Ranger Battalion from Fort Lewis, in which he suffered a broken leg, however, the injury does not slow the General down. He is, as always, prepared to fight. Also, I am advised, that he holds the record at Fort Lewis for the fastest one-half mile run while in a cast.

"Would the members of the Senate please rise to give General Warner the warm reception which he so richly deserves."

REMARKS BY GENERAL WARNER

General Warner: "Thank you, Mr. President, distinguished members of the Senate. Today, I bring to you a fine greeting from the some twenty-four thousand soldiers at Fort Lewis, the five thousand civilians, and the some thirty-seven thousand dependents that reside at Fort Lewis and the immediate area. A total population whose economic impact on the area is three hundred and forty million dollars annually in salaries and contracts alone.

"As we were thinking of that this morning, we concluded that is a pretty good return on the Pierce County investment of the two million dollar bond drive that took place back in 1916 that produced the money of course then that permitted the tract where Fort Lewis now stands to be purchased and donated to the Federal Government. Also in reviewing that this morning, I noticed that it said that there is a sort of a reverter clause, a reversion clause in the deed, and it says that if Fort Lewis should stop training soldiers in any fashion, then immediately that tract reverts back to Pierce County. Now, I can assure you that I am truly dedicated to the purpose of insuring that Pierce County never gets Fort Lewis back. There is nothing that I like to do better than to train soldiers, and there is certainly no better setting for it than here in the state of Washington. Our relationship with the surrounding community is the best that I have seen it in all my service, and we really enjoy it. The physical setting here in the state of Washington is just ideal for training soldiers how to defend their country.

"Well, so much for the accolades, and perhaps the statistics, but I did want to mention also that of course the Army, the fourteenth of June last year, celebrated its bi-centennial, and in the two hundred years since its inception the mission of the Army really has not changed appreciably at all. Basically, that of being prepared to look like, act like, train like, and if decided by political authority, to fight like an army in defense of its country, that remains the same. The 9th Division at Fort Lewis and the other units that are currently at Fort Lewis are fully committed to maintain the kind of combat readiness that those units need to have in order to execute that mission.

"We do not look for it, but if it should come, we certainly consider ourselves capable of accomplishing anything we may be asked to do. We have all the people that we need to do our mission, in fact, three thousand of those people call the state of Washington home. If you add to the state of Washington, the Pacific Northwest, and toss in California for good measure, then fifty-one percent of the military population at Fort Lewis come from the Pacific Northwest. That is one sort of accident of not having a draft. By unit of choice, station of choice, we have created a tremendous attraction of Fort Lewis for the residents of this area to serve their country, and at the same time, come home and be in pretty much the same community in which they were born and raised.

"So we have our people. We have, as do all large organizations, some problems with respect to money and materiel, and I am sure that is no news to you. But, I would ask you only one thing in the way of support for the Army and the military services, and that would be this: to not permit this country to substitute in war the courage of its soldiers for the shortcomings in equipment and dollars that it needs, that the Army needs, during peace time in order to insure that if we have to defend we can do it well.

"I really do appreciate the privilege of being here today and have a chance to say a few words and to look upon this body for the first time, and Mrs. Warner and I thank you very much."

ENERGY AND TRANSPORTATION MESSAGE
Governor Evans: "Mr. President, Mr. Speaker, ladies and gentlemen of the Legislature:

I heard to my surprise as I waited outside and I am sure you heard to your surprise this morning the announced decision of Representative Luders to step down from the legislature. I know I speak for members of the legislature as well as for the people of the state in saying that our relationships have been excellent ones. I have looked to Representative Luders for his considerable leadership in the field of ecology and environmental protection. He will be sorely missed from this legislature and as you leave I know I join with all others in saying, 'A job well done and best wishes in whatever future endeavors you choose to undertake.'

Three years ago this nation awoke to the harsh reality that it no longer was fully independent of others. Tiny principalities and kingdoms, many with names we could not pronounce, embargoed oil deliveries to this nation and created economic and personal havoc which continued for months. Intense national interest and concern over our energy independence followed. You will remember as well as I the announcement of Project Independence by President Nixon, the debates which raged for weeks, actually now for years, in Congress over the important legislation needed to create energy independence for this nation. It appeared at least temporarily that this nation would move decisively to recapture its energy independence.

Today, unfortunately, the public has forgotten the long gas lines of a few years ago. The relaxation of public interest in energy policy is hardly surprising. The lights are on, the tanks are full, the lines have disappeared and the memories of embargo are fading. But we would be deceiving ourselves and our citizens today if we did not recognize the urgency of energy shortage and the steps we can take to better manage potential shortages as well as to insure greater supply in future years.

Many of the issues I will present today were presented a year ago. Much work and
research has been carried on in the intervening months. And I am pleased that action is being taken in this legislative session to move decisively in the energy field. I am particularly pleased with actions taken by the House of Representatives on three of the major energy-related matters — action taken within the past few days.

Significant among these actions is the establishment of an energy office. While I have acted by executive order to bring together the existing elements, the rather fractured elements of energy management, I have done so with the recognition that it was only temporary and would await legislative action to expand and to detail the actions of what I hope will be a more important element in state government in future years. An energy office is needed to give us the ability to coordinate research. A good deal of research is going on in this state and across the nation in energy, but much of it is uncorrelated, uncoordinated, and some of it is perhaps even unknown to those of us in the state of Washington who must act and must make decisions based on research already done, that we may have to, or, we may if not careful, attempt to duplicate.

It is important that an energy office compile information for the use of industry and for individual people, for those engaged in construction, all of those who can utilize energy information to do a job better. An energy office can give us the best focal point to encourage conservation, energy conservation, which very likely can give us most quickly and most cheaply some answers to current shortages. I congratulate the House of Representatives on the actions it has taken. I believe the bill that you are working on is not only adequate but is a major step forward, one which will put us in the forefront of other states in terms of coordinated energy management.

If we do a good job of energy management, we hope we can at least minimize if not eliminate the necessity for emergency cutbacks. The vagaries of weather and the decisions of foreign potentates may bring us to a point where we will have temporary shortages either in electrical supply or natural gas or oil or a combination of these energy sources. I have talked with enough of those engaged in the supply of these essential energy elements to know that when they speak of shortages and when they talk of allocations and cutbacks and rationing they don't look at each other, but they turn and look to me and in essence to you, to government in other words, to make the decisions that they do not want to make nor perhaps should they make in terms of the priorities and the allocations during periods of shortages.

We need to have legislation that sets forth as clearly as we can through legislative guidelines the priorities that we must set. We should do the job beforehand so that all people who use energy supplies have a clear idea of the priorities they will be under if there is a period of temporary shortage. I believe that it is important to have, through an advisory committee, both the technical assistance from those who are experienced in the field of energy supply, as well as the feelings of people, the consumers if you will, of those same energy supplies. The urgency of action required, given the potential of shortages, particularly electrical shortages, in the next few years or electrical shortages occurring from weather conditions, mandate action, I believe, at this session. The House bill you have passed is, I think, an excellent response to the needs in emergency authority. The third of the bills which you have worked upon is the key additional element in energy management.

We were the first state in the nation through legislative action in 1970 to establish a Thermal Siting Council to give us a one-stop management for the application of those who would build nuclear power plants or other major thermal energy plants. It has worked well. The process is an extensive one, but the end result is a single permit, an opportunity for a sponsor to build, knowing that they have all of the necessary authority once the final permit is signed. We are underway with several nuclear plants as a result of that Nuclear Siting Council. I believe its success indicates its desirability for other major energy installations. We are likely to face, in the next few years, the applications for a variety of other major energy installations, all of which deserve the same consideration, the same one-stop service, the same single permit, and the same comprehensive review that comes out of our present Thermal Siting Council. The House action on the Energy Siting Council bill again, I believe, is a responsible and an effective one for broadening this authority.
Turning now to two major energy sources and the problems we face with those sources. Natural gas: The supply is critical. It is critical to continued economic development as well as to the continued well-being of thousands of households across this state who utilize natural gas for their heating and cooking needs. We, as you know, have been subjected to severe cutbacks in Canadian supplies. We have also been subjected to rapid price escalations. The current price at the border for natural gas, Canadian natural gas, is almost six times the level of three years ago. We need additional supply and through the North Slope discoveries in Alaska, additional natural gas is potentially available.

There are two major proposals to bring that gas to the United States. One, a so-called all-American or trans-Alaskan pipeline which would deliver gas to southeastern Alaska, then liquify it and then ship it by special tanker to southern California where it would be regasified and fed into a transcontinental or national network of pipelines. The other would bring that gas across Canada to the American midwest by pipeline with a branch line leading to the northwest. Neither of these proposals as yet have insured any additional gas supply for this area. Except for a very small allocation, neither of these proposals in and of themselves will produce additional gas for the state of Washington. I believe, therefore, that it is to our best interests to remain uncommitted as a state for the moment on these alternative proposals until we can best determine which will provide the economic advantage and the assurance of supply for the state of Washington.

I think it is also important and I intend to instigate direct contact with the state of Alaska, to attempt to get from them some indication of the use of their so-called 'royalty' gas, the portion of the gas from the North Slopes that will be under the ownership of the state of Alaska. But independent of North Slope discovery most of the new discoveries of natural gas across the world are in remote areas where there can be no direct pipeline delivery from source to market. This will emphasize the need for liquification and shipment by tanker to ultimate markets. We should move promptly in this state to investigate the feasibility of a liquid natural gas gasification facility. I pledge to work with industry and with technical experts across this state and with those of you in the legislature to determine the economic and practical feasibility of such a facility. We then potentially could have the ability to not only receive liquid gas from Alaska if that is the direction to be chosen, but also from a multitude of other sources across the world.

Such a plant might well open up the potential of associated petrochemical industries with particular emphasis on the feed stocks for fertilizers which is going to be increasingly necessary as we expand the agricultural potential of the state of Washington.

Conservation is a very important element in energy supply — vastly underrated in my view, nationally and probably even here in the state of Washington. We showed what could be done through conservation a few years ago when we had temporary electrical shortages. We proved that industry and government and citizens alike could join together in significantly reducing their energy use without much more than minor inconvenience to both people and industry.

I think it is increasingly important that we engage in whatever kind of conservation activities we can to insure that we use our resources wisely and we avoid the enormous costs to the degree we can, the enormous costs of new facilities whether they be for electricity or for the extraction of our nonrenewable resources — all of which tend to escalate the overall price of those limited energy resources. Specifically there are several bills in front of you which could help us in the energy conservation activity. A year ago I vetoed a Thermal Standards Act. I vetoed it because I believed at that time that imminently the national building code would in essence adopt the thermal standards which were being suggested by legislative action. I felt then that we would be better off with national standards which could apply to all. That has not occurred. It is obvious that it will be some time before we move on a national basis. I, therefore, believe that it would be wise for us to take action at the state level and, therefore, I endorse and hope you will repass an excellent act but one now which will apply just to the state of Washington rather than having us join in a national endeavor.

You also have before you, and some action has been taken by both houses, on a Resource Recovery Act — a Resource Recovery Act to encourage leadership of the
state of Washington in recycling essential materials. This is a particularly important element of conservation. I hope that there will be conclusive legislative action on that Resource Recovery Act where you have already spent a good deal of time and effort. I believe the remaining needed time will be short.

A number of bills, at least several, are in front of you, sponsored by individual legislators to encourage the use of solar heating through a variety of tax rebates. Several other states have adopted this procedure. Some have done it through an elimination of property tax payments on the extra costs of solar heating. There are other ways to accomplish the same goal, which is to encourage the use of solar heating, which, of course, uses an energy source which is inexhaustible and one which does not compete in terms of needs.

Oil: The other major nonrenewable resource with which we have a great deal of difficulty. Many studies have been conducted over the past few years, a significant number within the past few months, regarding the delivery of oil, crude oil, to serve the oil refineries of the state of Washington. We are at a point again where Canadian policies are going to eliminate in a very short period of time the delivery of crude oil by pipeline to our four refineries. The only alternatives are to either shut down the refineries or to ship crude oil to those refineries by tanker. The thought of shutting down those refineries, considering that almost all of our energy resources come from those refineries, is unthinkable. We, therefore, must deal with the question of tanker delivery in the most comprehensive way we can. You have taken action already in terms of a tug escort bill, but there is no question that if feasible a single point delivery at or west of Port Angeles would not only minimize, but would eliminate environmental hazard in the inner waters of the state of Washington. If crude oil tankers do not come east of Port Angeles then there can be no additional hazards from spill east of Port Angeles and in the restricted waters, particularly around Anacortes and the San Juan Islands.

The cost of such a facility could be as much as $400 million. I think we must translate that cost into the additional cost of product between one cent and one cent and a half of cost for each gallon of gasoline or heating oil, and translate it further into the hazards of spill and the cost of spill. Our Department of Ecology has put together in quite a detailed fashion the locations of the various environmental hazards and the value of those various environmental hazards, or environmental resources. I think that it is important for us to attempt as best we can to put some dollar figures to the risks involved, the potential frequency of spill, and in so doing, get a better idea of just precisely what the economic values and economic deficiencies are of a single point oil delivery source. I am unwilling as a result to support the present applications for separate facility expansions at the individual refineries which would allow the bringing in of significantly larger tankers to those individual refineries until such time as we have exhausted all efforts to join in a single point delivery.

The United States government has a role to play in this decision, for, after all, it was their decision to favor midwest refineries at the expense of those in the Pacific Northwest, which is going to accelerate our problem and to magnify our problem. If they have chosen to allow the remaining Canadian crude oil to be delivered to midwest refineries and as a result cut off the delivery to the Pacific Northwest. I believe they have a responsibility to join with us in eliminating or reducing our environmental hazards by participating in a single point terminal. I have sent such a letter to the Federal Energy Administration and have talked with top members of the administration and will continue to move toward that goal which may make a single point terminal economically more feasible.

There is another element in our crude oil delivery which has occurred only recently. You have read of the proposal and there are several for crude oil delivery by pipeline from the Pacific Northwest to the markets of the midwest. The so-called Northern Tier Pipeline Proposal is designed to provide crude oil for the refineries of Montana, of the Dakotas, and of Minnesota who desperately need crude oil in order to serve their needs and who might very well be cut off from their Canadian sources as the needs grow further east.

I received a telephone call a couple of weeks ago from Governor Judge of Mon-
tana. He has a significant interest in a Northern Tier Pipeline to serve the energy needs of the state of Montana. I suggested that we didn't see in the state of Washington any great benefit from oil tankers coming in to serve a transcontinental pipeline, that the jobs were few, the environmental hazards were large. He was quick to point out to me that neither did Montana see any great benefits in the construction of the electrical generating plants at Coalstrip. Those electrical generating plants use Montana's coal resources, they create air pollution in Montana, and the electricity generated goes to the states of Oregon and Washington to serve our increasing needs.

These examples point out, I think, an important element we all must keep in mind — that no state, no region of the country, can feel so independent and so selfish that we fail to look at the broader regional and national needs. Just as the United States is no longer independent, neither is the state of Washington independent of the other states of this nation. We must, and I believe should, examine promptly and to the fullest, this proposal to see if it may represent Washington's share of a national responsibility to insure that there is ample energy availability of all kinds to all of the people of this nation, not just to those who happen to be fortunate enough to live in a blessed geographic position.

There may be some benefits that we do not now see in a Northern Tier Proposal. For instance, it may make more practical and more economically feasible a single point delivery for crude oil to serve the four refineries of the state of Washington and in doing so add substantially to the environmental quality and protection of the inner waters of our state.

Accompanying these concerns over natural gas supply and oil supply are the continuing concerns we must all have over our oil spill prevention program to prevent the hazard of oil spill we all abhor and a significantly increased oil spill clean-up capacity if the unthinkable occurs and a major spill affects us. I believe the major share of oil spill prevention and oil spill clean-up capacity should be borne, the financial share should be borne, by the companies involved in bringing in the crude oil. Bills to accomplish these purposes are now in front of the legislature. I hope they receive your consideration.

Let me turn now to transportation, somewhat associated to energy needs because the largest individual use of petroleum resources is in transportation, particularly automobile transportation. I don't think there is much question that as the next few years go by we will see increased emphasis at a national level, and I believe at a local level, on public transportation. The need to insure that there is broadened availability of public transportation as a substitute for increasingly expensive and difficult private automobile transportation, especially in the cities both large and small of our state.

The recent court decision of the Supreme Court does give continuity to limited transit funding. The transit systems of this state now are assured of that funding. A consideration of a state resource, a fiscal resource for the long-term, simply does not affect their funding and their ability to gain funding but it does have a large role in the fiscal integrity of our state's general fund. In my message a week ago I asked that the motor vehicle excise tax be increased by 0.72 percent to provide against that fiscal drain. If we were to do that and continue it, it would represent a long-term resource for public transportation. Federal actions already are leading inevitably to a unified transportation fund at the federal level. Inevitably they are leading to a greater emphasis on public transportation. The bills of the past several years and the one now under consideration by a federal conference committee adds substantially with each passing year to the emphasis on public transportation.

I believe we should and must respond to that increasing national emphasis and the increasing statewide needs and provide a significant long-term dependable resource for public transportation just as we have attempted to do for a generation or more with our protected gasoline tax.

Recent statistics indicate a small but a steady increase in gas tax revenues, but they are simply going to be insufficient to keep up with inflation — the increasing cost of maintenance of our highway system, as well as the needed new construction in many parts of our state. I am prepared to support, at this session, a change in the base of our state's gasoline tax from nine cents per gallon to a twenty percent base. I believe that is
sufficient to allow necessary construction and maintenance to proceed. It allows for long-range planning by the State Highway Department but any such change, which would then respond to the inflationary problems of both the Highway Department and of the state as a whole, should include a lid in case there is a significant and unusual increase in the price of motor vehicle fuel. I believe that lid — the equivalent of eleven cents per gallon — is sufficient and I do not believe that we will reach that lid for some period of time.

I still believe strongly that a sales tax on gasoline as a substitute — not an addition — but as a substitute for a portion of the gas tax would cost taxpayers no more money and would give far greater flexibility to individual cities and counties, as well as the state, to deal with transportation rather than just highway needs. I believe this change to a percentage base is an important first step and one I believe I can endorse.

A comprehensive Department of Transportation is a continuing need. While I believe strongly in an integrated executive branch, able to effectively respond to legislative policy and budget setting, I am willing to further compromise and allow a sharing of that responsibility between a Transportation Commission and a Governor, both in the hiring and in the firing of a Secretary of Transportation. There is no question that the day-to-day management of a Department of Transportation or Highways or any other department must report to someone. Commissions which meet once a month simply cannot provide that day-to-day management direction. This sharing of responsibility is one which I believe represents a suitable, and, I hope, an acceptable compromise.

We can make great strides in transportation management and in the funding and in the construction of needed highway and mass transportation facilities, not only for the remainder of this biennium but for some time to come, if these proposals are adopted.

Lastly, the major transportation project of this state at the current time, certainly in terms of investment, is I-90. I commend the four communities of Seattle, King County, Bellevue, and Mercer Island for joining together and agreeing on the next step to be taken in the completion of a transportation plan in the I-90 corridor. I endorse the findings of those four communities and will urge the Highway Commission to listen carefully to the testimony, especially by the governmental officials of those four communities, and then move with dispatch to select the best particular combination for crossing Lake Washington and for producing a comprehensive transit and highway network for the region. The ultimate technical response as to how we proceed under federal law ought to be one that merely provides for us the best financial assistance for the combination of projects we believe are the most important for that area.

The endorsement of continuation of an interstate project with emphasis on the removal of safety hazards in the existing crossing is a first step, and transit lanes as an immediate second step is, I believe, the direction we ought to take.

Other needed interstate projects I have asked to be pursued with all possible speed, particularly those new links between Yakima and the Tri-Cities as well as the links to join with the Oregon interstate system at the Columbia River represent the last major stretches of interstate construction in the state of Washington — ones we should proceed with whatever haste we could muster.

While I still consider school funding as the top priority of this legislative session, and school management joining with it as a top priority, these key issues are important. They do deserve legislative attention and most of them are well known to all of us. They represent legislative proposals which have been under consideration and study for a year or more in most cases. I believe action can be taken in the short legislative session I know we all look forward to. I do want to work with you to plan our future. A future of energy independence and of energy conservation, of environmental concern and of a comprehensive transportation system that will help us to reach the Washington we all hope to build.

Thank you."

MOTIONS

On motion of Senator Walgren, the Committee on Higher Education was relieved from further consideration of Senate Bill No. 3094.

On motion of Senator Walgren, Senate Bill No. 3094 was referred to the Committee on Labor.

SECOND READING

SENATE BILL NO. 3002, by Select Committee on Education; Subcommittee on Certificated and Classified Employees (endorsed by Senators Stortini, Donohue, Matson, Newschwander, Scott and Mardesich):

Implementing law relating to contracts of school district certificated employees.

The Senate resumed consideration of Senate Bill No. 3002. On January 20, 1976, the bill was amended.

Senator Washington moved adoption of the following amendment by Senators Washington, Wilson and Bottiger:

On page 2, section 1, line 14 after "before the" strike everything down to and including "to discharge" on line 36 and insert "certificated employee" hearing board as provided in section 8 of this 1976 amendatory act to determine whether or not there is sufficient cause or causes for his or her discharge or other adverse action against his or her contract status. In the request for hearing, the employee may request either an open or closed hearing. The hearing board, upon receipt of such request forwarded by the
school district, shall call the hearing to be held within ten days following the receipt of such request from the employee, and at least three days prior to the date fixed for the hearing shall notify such employee in writing of the date, time and place of the hearing. The hearing shall be open or closed as requested by the employee, but if the employee fails to make such a request, the hearing board [or its hearing officer] may determine whether the hearing shall be open or closed. The hearing board [may employ as a hearing officer any person not currently employed by the district to conduct on its behalf any hearing required by this section, who], upon the conclusion of such a hearing, shall prepare findings of fact, conclusions of law, and a written memorandum decision, which decision shall [transmit] be transmitted immediately, but not later than ten days thereafter, to the school board [a record of the proceedings together with his recommended findings of fact and conclusions of law, and an advisory recommended decision for the board's final disposition] and the employee. [The board or its hearing officer may reasonably regulate the conduct of] At the hearing[, the employee may engage such counsel and produce such witnesses as he or she may desire. [The board of directors, within ten days following the conclusion of such hearing, shall notify such employee in writing of its final decision.] Any decision to discharge"

Strike the Senate amendments by Senators Clarke and Woody to sections 2 and 3 of the bill and beginning on page 3 line 24 strike sections 2 and 3 of the bill and insert the following:

“NEW SECTION. Sec. 2. The following acts or parts thereof are each hereby repealed:

(1) Section 28A.58.460, chapter 223, Laws of 1969 ex. sess., section 14, chapter 34, Laws of 1969 ex. sess. and RCW 28A.58.460;
(2) Section 28A.58.470, chapter 223, Laws of 1969 ex. sess. and RCW 28A.58.470;
(3) Section 28A.58.480, chapter 223, Laws of 1969 ex. sess., section 15, chapter 34, Laws of 1969 ex. sess. and RCW 28A.58.480;
(4) Section 28A.58.500, chapter 223, Laws of 1969 ex. sess., section 71, chapter 81, Laws of 1971 and RCW 28A.58.500; and

Sec. 3. Section 28A.58.490, chapter 223, Laws of 1969 ex. sess. as amended by section 16, chapter 34, Laws of 1969 ex. sess. and RCW 28A.58.490 are each amended to read as follows:

Notwithstanding any other provision of chapter 34.04 RCW, in an appeal from a contested case arising pursuant to section 10 of this 1976 amendatory act, if the court enters judgment for the employee, and if the court finds that the probable cause determination was made in bad faith or upon insufficient legal grounds the court in its discretion may award to [an] the employee a reasonable attorney's fee for the preparation and trial of his or her appeal, together with his taxable costs in the superior court. If the court enters judgment for the employee, in addition to ordering the school board to reinstate or issue a new contract to the employee, the court may award damages for loss of compensation incurred by the employee by reason of the action of the school district.”

On page 6, section 6, line 17 after “before the” strike everything down to and including “evidence at” on page 7, line 7 and insert “certificated employees' hearing board as provided in section 8 of this 1976 amendatory act to determine whether [or not the facts constitute] there is sufficient cause or causes for nonrenewal of contract. In the request for hearing, the employee may request either an open or closed hearing. Such hearing board, upon receipt of such request forwarded by the school district, shall call the hearing to be held within ten days following the receipt of such request from the employee, and at least three days prior to the date fixed for the hearing shall notify the employee in writing of the date, time and place of the hearing. The hearing shall be open or closed as requested by the employee, but if the employee fails to make such a request, the hearing board [or its hearing officer] may determine whether the hearing shall be open or closed.

and a written memorandum decision, which decision shall [transmit] be transmitted immediately, but not later than ten days thereafter, to the school board [a record of the proceeding together with his recommended findings of fact and conclusions of law, and an advisory recommended decision of the board’s final disposition] and the employee. [The board of directors, within ten days following the conclusion of such hearing, shall notify the employee in writing of its final decision either to renew or not to renew the employment of the employee for the next ensuing term.] Any decision not to renew such employment contract shall be based solely upon the cause or causes for non-renewal specified in the notice of probable cause to the employee and established by a preponderance of the evidence at"

On page 9, beginning on line 4, add a new section 8 to replace the one struck in the amendment by Senator Woody, as follows:

"NEW SECTION. Sec. 8. For the purposes of RCW 28A.58.450 and 28A.67.070, as now or hereafter amended, and section 10 of this 1976 amendatory act, certificated employees’ hearing board shall mean such person as chosen by the educational service district superintendent upon transmittal of an appeal notice from a certificated employee by a school district within such educational service district pursuant to RCW 28A.58.450 or 28A.67.070, as now or hereafter amended. The educational service district superintendent shall choose such person from a list of members on the panel of either the American Arbitration Association or the Federal Mediation and Conciliation Service, furnished by such associations. Each person so chosen shall be paid out of funds appropriated by the legislature for this purpose, one hundred dollars for each day while in attendance at a hearing, as well as reimbursement for travel and other expenses as provided in RCW 43.03.050 and 43.03.060 as now or hereafter amended.

In the amendment by Senator Clarke adding a new section, “Sec. 10.” strike “superintendent as provided in RCW 28A.58.450 or RCW 28A.67.070, both as amended by this 1976 act” and insert “certificated employees' hearing board as provided in RCW 28A.58.450 or 28A.67.070, as now or hereafter amended”

Debate ensued.

There being no objection, the amendment by Senator Bottiger on the Secretary’s desk, was withdrawn.

POINT OF INQUIRY

Senator Stortini: “Will Senator Washington yield to a question? Senator, in looking at your amendment now, I am wondering if this single panel that you mentioned would handle all the cases state-wide?”

Senator Washington: “No, there would be a panel in each, in the applicable service districts. In other words, it would not have to be state-wide.”

Senator Stortini: “And a service district then will cover how large an area?”

Senator Washington: “Well, of course there are different sizes in eastern Washington. They are of a substantial size. I think the one at Spokane also covers a number of additional counties. But, can someone tell me how many there are? I think there are about seven, eight educational service districts.”

Senator Bottiger: “Senator Washington, I think there are what, seventeen or eleven? I know there were eleven and this is your old intermediate school district.”

Senator Washington: “So there are any number of them and it does solve the problem of only having a single board trying to cover the state which they could not do. And I do want to state while I am on the floor, that it was my understanding that we would have a public hearing and I am hoping . . . I have been listening to the arguments and I would hope that maybe someone could quickly draft an amendment. I think it could be done very quickly to say that the hearings before this hearings officer will be a public hearing. And certainly we are not interested in having a hearing behind closed doors. So I would welcome anyone who could come up with an amendment. As I sit down I will look through the bill and try to find out where to put that. I think it is important and I think Senator Bottiger will work on an amendment along that line.”
At 11:30 a.m., on motion of Senator Matson, the Senate was declared to be at ease. The President called the Senate to order at 12:05 p.m. The Senate resumed consideration of the amendment by Senators Washington, Wilson and Bottiger to Senate Bill No. 3002.

Senator Walgren demanded a roll call and the demand was sustained by Senators Washington, Marsh, Rasmussen, Pullen, Gould, Jones, Ridder, Sandison and Odegaard.

Senator Grant moved adoption of the following amendment to the amendment by Senators Washington, Wilson and Bottiger:

Amend the amendment inserting a new section 8 as follows:

On line 28 of the amendment, beginning with "Each person" strike all the matter down through "amended" on line 34, and insert "The expenses of such certificated employees' hearing board member shall be shared equally — one half by the school board and one-half by the employee."

Debate ensued.

POINT OF INQUIRY

Senator Washington: "Would Senator Grant yield? It is my understanding that there is another provision in the bill which we have not taken out which applies to the attorney's fees. I believe I am correct."

Senator Grant: "That is correct, Senator Washington. Page two, section three."

Senator Washington: "And I did not believe that this amendment changed that."

Senator Grant: "This amendment provides that the cost of the arbitrator, either, and Senator Washington has American Arbitration Association at the hearing level, would be paid equally by the parties. But earlier in the bill, it does provide that if the court enters judgment for the employee, then the legal fees and costs may be awarded to the employee."

POINT OF INQUIRY

Senator Washington: "Mr. President, would Senator Grant yield again? You can't have an amendment to an amendment to an amendment, but I think if your amendment did read 'the expenses of such board member shall be shared equally' rather than saying 'the cost of the hearing'. The way it says here now, 'expenses of such certified employees' hearing board', I think if you put the word 'member' after the word 'board', we would then make it clear. If that could be done at the desk, I think we would accomplish the problem and answer Senator Mardesich's question."

Senator Grant: "I would accept that."

Further debate ensued.

The motion by Senator Grant failed and the amendment to the amendment was not adopted on a rising vote.

Senator Bottiger moved adoption of the following amendment to the amendment by Senators Washington, Wilson and Bottiger:

Amend the amendment inserting a new section 8 as follows:

On line 27 of the amendment, after "Service," insert "pursuant to the procedures of such association or service"

Debate ensued.

The motion by Senator Bottiger failed and the amendment was not adopted on a rising vote.

POINT OF INFORMATION

Senator Rasmussen: "Mr. President, I would ask your opinion. I am married to a school teacher, I have a daughter-in-law that is a school teacher, and I have sons that are school teachers. But, do you think that I have a conflict of interest? I won't tell you how I am going to vote on the bill so you will have a free mind."

REPLY BY THE PRESIDENT

The President: "I think Mrs. Rasmussen is a beautiful and charming lady."

Senator Rasmussen: "And an excellent teacher and will not be affected by this bill."
The President: "That goes without saying. I understand that Mrs. Rasmussen is rated a superior teacher and has been rated thus for many years."

Senator Rasmussen: "I value your opinion and I will now speak on the bill."

Further debate ensued.

POINT OF INFORMATION

Senator Bottiger: "Mr. President, on the question of conflicts of interest, I have mentioned before in debate that one of the members of our office represents about five or six school districts, state principals' association and has a continuing practice representing teachers who are being discharged by districts that he does not represent. So I am on all sides and I do not know whether that is a conflict or not.

"Should I ask for a ruling on whether that is a conflict? I made disclosure. I know I am supposed to do that but I do not know if . . . ."

REPLY BY THE PRESIDENT

The President: "Senator Bottiger, the President sees no particular reason why this should affect you personally or directly and therefore does not see any conflict of interest in your case, or that of any other member of the Senate."

POINT OF INFORMATION

Senator Bailey: "Mr. President, I would like to inquire of the Chair if Senator von Reichbauer has been excused?"

REPLY BY THE PRESIDENT

The President: "The Secretary advises that Senator von Reichbauer has not been excused. Senator von Reichbauer voted on the adoption of the amendment on the last roll call."

Senator Bailey: "Senator von Reichbauer is aware then that this bill is under consideration?"

The President: "The Secretary advises that Senator von Reichbauer did not vote on the last roll call."

Senator Bailey: "I did not want any impression I wanted to excuse him."

The President declared the question before the Senate to be the roll call on the amendments by Senators Washington, Wilson and Bottiger.

ROLL CALL

The Secretary called the roll and the amendments were not adopted by the following vote: Yeas, 17; nays, 28; absent or not voting, 2; excused, 2.

Voting nay: Senators Benitz, Bluechel, Buffington, Clarke, Cunningham, Day, Donohue, Goltz, Gould, Guess, Jolly, Jones, Knoblauch, Lewis (Harry), Lewis (R. H. "Bob"), Mardesich, Marsh, Matson, Morrison, Murray, Newschwander, North, Pullen, Scott, Sellar, Stortini, Wanamaker, Woody—28.

Absent or not voting: Senators Henry, von Reichbauer—2.

On motion of Senator Woody, the following amendment to the title was adopted:

On page 1, beginning on line 13, after "28A.67.070;" strike all the material down through "28A.58.137;" on line 16.

On motion of Senator Clarke, the following amendment to the title was adopted:

On page 1, line 20 of the title, before "28A.67" strike "chapter" and insert "chapters 28A.58 RCW and"

On motion of Senator Stortini, the rules were suspended, Engrossed Senate Bill No. 3002 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

Debate ensued.
ROLL CALL

The Secretary called the roll on the final passage of Engrossed Senate Bill No. 3002, and the bill passed the Senate by the following vote: Yeas, 30; nays, 16; absent or not voting, 1; excused, 2.

Absent or not voting: Senator von Reichbauer—1.

ENGROSSED SENATE BILL NO. 3002, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

MOTION

On motion of Senator Stortini, Engrossed Senate Bill No. 3002 was ordered immediately transmitted to the House.

MOTION

On motion of Senator Walgren, the Senate commenced consideration of Senate Bill No. 3023.

SECOND READING

SENATE BILL NO. 3023, by Select Committee on Education (endorsed by Senators Donohue, Odegard, Newschwander, Gould, Jones and Wanamaker):

Striking certain pupil ratio requirements otherwise necessary to receive state aid for school districts.

The bill was read the second time by sections.

Senator Marsh moved adoption of the following amendment:

On page two, beginning on line two, strike all material down to and including "pupils.)" on line fifteen, and insert:

"Operation of a program approved by the state board of education, for the purposes of this section, shall include a finding that the ratio of pupils per classroom teachers in grades kindergarten through three is not greater than the ratio of pupils per classroom teacher in grades four and above for such district: PROVIDED, That for the purposes of this section, "classroom teacher" shall be defined as a certificated employee whose primary duty is the daily educational instruction of pupils: PROVIDED FURTHER, That the state board of education shall adopt rules and regulations to insure compliance with the pupil/teacher ratio provisions of this section, and such rules and regulations shall allow for exemptions for those special programs and/or school districts which may be deemed unable to practically meet the pupil/teacher ratio requirements of this section by virtue of a small number of pupils: PROVIDED FURTHER, That any district whose ratio of pupils per classroom teachers is twenty-to-one or less in grades kindergarten through three shall be deemed to have met the requirements of the ratio provisions in this section."

POINT OF INQUIRY

Senator Guess: "Senator Marsh, would you yield please? Senator Marsh, the thing that comes to my mind when you say that with twenty-one or less in grades three, kindergarten through three, are we not now opening the door for another dispute in the union negotiation with the school board? Doesn't this give the union grounds on which to demand fifteen in a classroom? And they will hold this up and say, see the Legislature says we can demand fifteen; see the Legislature says we can demand so and
so. Now I think that this is really going in the wrong direction from the support of the local school system. I think it is a very dangerous direction in which to go.”

Senator Marsh: “I do not think it would become a matter of collective bargaining, Senator Guess, because this would be a matter of statutory law. The unions and management in the school district would have to comply with the law. And the law would simply be that you could not have more students in the grades K through three than you have in your upper grades unless it is provided here. The ratio of pupils per classroom teacher is twenty-one or less in grades kindergarten through three, then you are deemed to have complied with the ratio requirements in existing law. So I think this is a positive step forward and I hope that it will be seen as such.”

POINT OF INQUIRY

Senator Marsh: “Would Senator Odegaard yield to a question? Senator Odegaard, you have alluded to cost of existing law. That of course is computed without any consideration of the amendment that I am proposing at this time, is it not?”

Senator Odegaard: “It happens, Senator Marsh, that the cost is exactly your amendment because the rules that they are about to adopt, the SPI, happens to be the exact ratio of your amendment.”

Senator Marsh: “Thank you, Senator Odegaard.”

Further debate ensued.

Senator Marsh demanded a roll call and the demand was sustained by Senators Talley, Donohue, Herr, Washington, Peterson, Rasmussen, Day, von Reichbauer and Stortini.

The President declared the question before the Senate to be the roll call on the amendment by Senator Marsh.

ROLL CALL

The Secretary called the roll and the amendment was not adopted by the following vote: Yeas, 8; nays, 35; absent or not voting, 4; excused, 2.

Absent or not voting: Senators Bluechel, Francis, Pullen, Woody—4.

MOTIONS

On motion of Senator Knoblauch, Senator Woody was excused.

On motion of Senator Odegaard, the rules were suspended, Senate Bill No. 3023 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

POINT OF INQUIRY

SEVENTEENTH DAY, JANUARY 22, 1976

SENATE BILL NO. 3026, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

SECOND READING

SENATE JOINT RESOLUTION NO. 137, by Select Committee on Education (endorsed by Senators Donohue, Newschwander, Ridder, Gould, Jones, Stortini and Odegaard):

Allowing excess levies for school district purposes to be for two year period.

The resolution was read the second time in full.

On motion of Senator Donohue, the rules were suspended, Senate Joint Resolution No. 137 was advanced to third reading, the second reading considered the third, and the resolution was placed on final passage.

POINT OF INQUIRY

Senator Benitz: "Would Senator Donohue yield to a question? Some years ago this was on the ballot and if I remember correctly it was defeated at that time and the comment I heard was that people did really want to retain local control annually. My question is, do you remember what year this was last on the ballot to the people?"

Senator Donohue: "Senator, I was not aware that it had been on the ballot. It evidently was some years ago. Maybe someone else on the floor could answer the question. I am not sure."

Senator Benitz: "Mr. President, I have been informed that it was six years ago on the ballot, in 1968. That was a state-wide issue at that time, either 1966 or 1968. I just wanted us all to be aware of that and the comment at that time was that the people really wanted a tight control. That there are no great objections to it except many people say if we give them two years, we do lose some local control and to that I have to agree, but I believe we should vote for this constitutional amendment and let the people reflect on it. But I do want all of us to recognize that it was on the ballot not too long ago."

POINT OF INQUIRY

Senator Morrison: "Would Senator Donohue yield to a question? Senator Donohue, do you know if this proposed constitutional amendment is sufficiently broad to allow for a two-year levy if assessed on a state-wide basis? This is one of the ingredients in one of the school funding plans."

Senator Donohue: "I cannot answer that directly, Senator. At the time that this particular proposal was before us, I do not believe there was too much discussion on a state-wide levy. Now I would assume that if we were to mandate a state-wide levy that this constitutional amendment could, in fact, provide the statute that would let us do that. Now I am not sure. I really do not know. Maybe there is an attorney here that could answer the question. Senator Marsh, maybe."

Senator Marsh: "Mr. President, ladies and gentlemen, and Senator Clarke also. I am looking at the bill which is six hundred in the book there Senator Clarke, specifically page one, and I think what we have got to look at is the particular paragraph that this is being put on. If you will note beginning on line twenty-three, page one, it says 'by any taxing district when specifically authorized to do so by a majority of at least three-fifths of the electors thereof voting on the proposition'. You are talking about a taxing district. It does not talk about state-wide proposition, so I would come to a different conclusion and say it would not apply to a state-wide levy."

Senator Morrison: "Mr. President, members. Sorry that Senator Newschwander is not here, but I presume what we are talking about a state-wide special levy that in fact
he would organize a special state-wide taxing district and therefore this authority would extend."

Senator Donohue: "I apologize. I talked to Mrs. Brant this morning and she told me that she had attorney general's opinion relative to Senator Newschwander's proposal that actually says that a taxing district, a state-wide taxing district would have to be created before this could be done."

Senator Clarke: "Responding further to Senator Morrison's observation. In order for the state-wide tax to comply with the sixty-forty also this is in the same category, so assuming that it is set up in such a way that the sixty-forty would apply, then I think the two year would be applicable also."

POINT OF INQUIRY

Senator Cunningham: "Thank you Mr. President. I have got just some general questions and I am in hopes that someone can answer them, but what I am wondering and I have heard the arguments on the merits of a two-year school levy, but what would happen if a school elected to go on a two-year school levy and failed it? Now would it be then two years before they could resubmit? What would happen if a school passed a two-year levy and then through some adverse economic circumstances they found the budget that they had proposed was grossly inaccurate? What flexibility do they have? The other thing is, psychologically what would happen when you have school districts like Seattle, which under this could go for say one hundred and ten to one hundred twenty million dollar levy and my own school district, Highline, would be going for a fifty to sixty million dollar levy? Psychologically, are they really going to be able to sell those so is this really helping the schools or is it casting their feet in cement?"

Senator Donohue: "I think the answers, you may have some questions of course, you have to remember this is a may, not a shall. They do not have to do this. Now, it struck me that there is a great possibility that in some cases, psychologically, that this would be an advantage. Let's say for instance that my small school district decided to go for a two-year levy. The annual levy in my school district is approximately two hundred thousand dollars. The way I understand it, if they were to go before the people with a two-year levy, they might come in with say four hundred and ten thousand dollars for a two-year shot. Now let's assume for a moment that that first try went down. They could then go back to a one-year levy, go before the people with a normal one-year levy of two hundred thousand dollars, and it might be, psychologically, the people would say, 'boy, that school district has really cut back' and it might have some advantages. I think that in any budget process relative to your second portion of your remarks, I think that this analyzing ahead in deciding whether the dollar amount would be appropriate through a two-year period, of course, would mean that that school administrator and those directors would have to do a good job in projecting, taking into consideration inflation factors and so forth. I think the main thing about this proposal is just this, it is an opportunity. It is not mandated, it just gives the districts, and I have mentioned before, that large districts might not do this, but it gives districts the opportunity especially in the lower areas of dollars to try for a two-year levy, I think still can go for the one. I do not think we are really hurting them at all. I think it is probably a benefit."

ROLL CALL

The Secretary called the roll on the final passage of Senate Joint Resolution No. 137, and the resolution passed the Senate by the following vote: Yeas, 42; nays, 2; excused, 5.

SENATE JOINT RESOLUTION NO. 137, having received the constitutional two-thirds majority, was declared passed.
MOTIONS

On motion of Senator Walgren, the Senate advanced to the eighth order of business.

On motion of Senator Walgren, Senate Resolution 1976-170 was ordered held for consideration on Friday, January 23, 1976.

Senator Walgren moved adoption of the following resolution:

SENATE RESOLUTION 1976-172
(PROPOSED RULE CHANGE)

By Senators Walgren and Bailey:
BE IT RESOLVED, That the first paragraph of Rule 59 of the Senate Rules of the 44th Legislature be amended to read as follows:
"Rule 59. Every bill shall be read on three separate days unless the senate deems it expedient to suspend this rule: PROVIDED, HOWEVER, That after the 49th day of every regular session this rule may be suspended by a majority vote: PROVIDED FURTHER, That when a concurrent resolution establishes cut-off dates for consideration of legislation, then on the last day of any consideration date this rule may be suspended by a majority vote."

Debate ensued.

PARLIAMENTARY INQUIRY

Senator Lewis (Harry): "Mr. President, can the Secretary tell me if we have a resolution on the desk from the House of any kind, any joint resolution?"

REPLY BY THE PRESIDENT

The President: "Senator Lewis, the Honorable Sidney Snyder, the Secretary of the Senate, advises that the House amended the Senate Concurrent Resolution that was sent there but have not yet acted upon it on final passage."

MOTION

On motion of Senator Lewis (Harry), Senate Resolution 1976-172 was ordered held for consideration following action by the House of Representatives on Senate Concurrent Resolution No. 125.

MOTION

Senator Walgren moved that the Senate adjourn until 11:00 a.m., Friday, January 23, 1976.

PERSONAL PRIVILEGE

Senator von Reichbauer: "Mr. President, I would like to speak on a point of personal privilege."

POINT OF INFORMATION

Senator Bailey: "Point of information, and I am not trying to cut off Senator von Reichbauer, but what stage is the Senate proceeding in right now, did we adjourn?"

REPLY BY THE PRESIDENT

The President: "Not as yet. Senator Walgren has made a motion to adjourn until 11:00 a.m. tomorrow, but the motion has not yet been put, Senator Bailey. Senator von Reichbauer."

PERSONAL PRIVILEGE

Senator von Reichbauer: "Mr. President, I would like the point of personal privilege on the question that was before the Chamber yesterday, Senate Bill No. 3002. I have been advised that someone raised a question of my absence during that vote. I would point out the following history of why I was not here. I will not speak to why the question was raised and the manner it was raised. I deduced that the question was raised
in a manner that was less than desirable.

"At 12 noon in the caucus, I approached the majority floor leader who is in charge of floor action of the Senate and advised him that some constituents of mine had come down here and that I was going to join them and if he had any questions. He asked me if I was going to be back later and I replied yes. And he did not indicate that the bill would be before him. I publicly oppose Senate Bill No. 3002 as it was inserted and had hoped that the amendments proposed by Senator Walgren would be adopted so that I could have supported the measure. They were not adopted. I therefore had planned to vote against the bill. I have never evaded or avoided my responsibilities, either on the floor or in caucus when taking on hard decisions and I did not yesterday. Thank you, Mr. Chairman."

The motion by Senator Walgren carried. At 11:55 a.m., the Senate adjourned until 11:00 a.m., Friday, January 23, 1976.

JOHN A. CHERBERG, President of the Senate.

SIDNEY R. SNYDER, Secretary of the Senate.

EIGHTEENTH DAY

The Color Guard, consisting of Pages Tom Letteer and Judith Potter, presented the Colors. Reverend George M. Mitchell, pastor of the First Christian Church of Olympia, offered the following prayer:

"ALMIGHTY GOD, OUR HEAVENLY FATHER, WE COME TO YOU JUST NOW, FREELY CONFESSING OUR NEED OF YOUR WISDOM IN ORDER TO DEAL ADEQUATELY AND FAIRLY WITH THE ISSUES FACING THESE SENATORS THIS DAY. BUT DON'T ALLOW US TO IMAGINE THAT THIS FORMAL PRAYER CAN TAKE THE PLACE OF INDIVIDUAL PRIVATE PRAYER. MAY THERE ARISE FROM EACH DESK THE SILENT PRAYER THAT SEEKS TO KNOW YOUR WILL, AND MAY NEITHER FOOLISH PRIDE NOR STUBBORN WILL KEEP US FROM RECOGNIZING OUR HUMANNESS AND OUR NEED FOR YOUR GUIDANCE AND INSIGHT. HELP EACH OF US TO CONFRONT THE TASKS OF THIS DAY IN ACCORDANCE WITH YOUR WILL. AMEN."

MESSAGE FROM THE GOVERNOR

TO THE HONORABLE, THE SENATE OF THE STATE OF WASHINGTON.

LADIES AND GENTLEMEN:
I am returning herewith without my approval SUBSTITUTE SENATE BILL NO. 2251 entitled:
"An Act relating to certain public officials."

This bill extends the financial reporting requirements of the Public Disclosure Act (Initiative 276) to all appointed officials of all state boards, commissions, councils, and other agencies. At the present time these provisions apply only to elected officials.

The extensive reporting requirements of the Public Disclosure Act are essential to the objective of making elected representatives in government more accountable to their constituency. Any actual or potential conflicts of interest should be open to public scrutiny. With few exceptions, members of state boards and commissions are appointed to their positions by elected officials. It is properly the responsibility of those elected officials to ensure that persons appointed by them do not have conflicts of interest in their appointed positions. As elected officials, they must account to the public for any detriment to the public interest caused by the actions of appointed officials taken where conflicts of interest existed.

A great number of appointed officials serve either without compensation or with compensation falling far short of the value of their time and services rendered. To subject these public-minded citizens to the rigorous reporting requirements of the law would be to impose burdens on their personal and business lives greatly disproportionate to the benefits that may accrue to the public from scrutinizing their financial affairs. I believe the result would be the loss of the services of many who would simply be
unable to justify the acceptance of such burdens in light of the part-time and voluntary nature of their service to the public.

For the foregoing reasons, I have determined to veto Substitute Senate Bill No. 2251.

Respectfully submitted,

DANIEL J. EVANS
Governor.

MOTION

Senator Beck moved that the Senate do pass Substitute Senate Bill No. 2251 notwithstanding the Governor's veto.

MOTION

At 11:14 a.m., on motion of Senator Walgren, the Senate was declared to be at ease for the purpose of a Republican caucus.

The President called the Senate to order at 11:42 a.m.

The President declared the question before the Senate to be the motion by Senator Beck that the Senate do pass Substitute Senate Bill No. 2251 notwithstanding the Governor's veto.

Debate ensued.

POINT OF INQUIRY

Senator Talley: "Will Senator Lewis yield to a question? Senator Lewis, you have partially answered what I was going to ask. There is a long ways between what Senator Grant says is one hundred and fifty and what we have listed here as eight hundred and sixty two. Can you explain what he means and what, how you got your figures?"

Senator Lewis (Harry): "The staff work that I have in front of me, Senator Talley, is what we distributed, and the pages have been waiting to distribute these lists to the other members of the Senate. Our staff has advised me that this list is included in the legislation and the cemetery board, the canal commission, the Columbia River Gorge commission, these items, they are comprised mostly of volunteer people who are being unpaid, many of them not even being paid per diem. To include them in disclosure where they must report is totally unnecessary in my judgment."

Senator Talley: "Senator Lewis, I think you said that some of these should be in there and I think that is going to affect the way a lot of us vote. We want some of these covered and a lot of these, I agree with you, should not be in here. But, what do we do? We need to have some of them under it and we do not have time this session to get legislation through to correct it, that is for sure. I hope we do not have that much time."

Senator Lewis (Harry): "Senator Talley, in response to your question, I think we should draft another bill hitting those specific people and groups that you are describing and eliminate the others and I think we could do that this session if we wanted to."

Further debate ensued.

The President declared a vote "yea" will override the Governor's veto and a vote "nay" will sustain the veto. The President declared that a two-thirds majority of those present is required to override the veto.

ROLL CALL

The Secretary called the roll on the final passage of Substitute Senate Bill No. 2251 notwithstanding the Governor's veto, and the bill failed to pass the Senate by the following vote: Yeas, 27; nays, 21; excused, 1.

Voting nay: Senators Benitz, Bluechel, Buffington, Clarke, Cunningham, Francis,
EIGHTEENTH DAY, JANUARY 23, 1976

Excused: Senator Keefe—1.

The motion by Senator Beck failed and the Governor's veto of Substitute Senate Bill No. 2251 was sustained.

MOTION

Senator Sandison: "I move that Senate Bill No. 3273 be re-referred from the Committee on Rules and ordered back to the Committee on Higher Education."

The President: "Senator Sandison has moved that the Senate Committee on Rules be relieved of further consideration of Senate Bill No. 3273 and that the bill be referred to the Committee on Higher Education."

Senator Sandison: "Mr. President, members of the Senate, there was an error in some of the testimony and therefore part of the bill is incorrect. There is a substitute bill there waiting to go when the measure comes back to the Higher Education Committee."

REMARKS BY SENATOR BAILEY

Senator Bailey: "Mr. President, I would submit that that is the improper way to do it without starting a precedent. I think that the Senator should come before the Rules Committee and ask that the bill be held up or the Rules Committee act on it. If you are going to start relieving the Rules Committee of bills, I have a few myself that I would like to get out of there."

COMMENDATION TO THE SENATE

By Senator Pullen:

I would like to take this opportunity to commend my colleagues in the Senate for the careful consideration that has been given thus far to a variety of key constitutional issues. My feelings regarding the importance of discussing constitutional questions were set forth in the following remonstrance which I delivered to members of the House approximately two years ago:

REMONSTRANCE TO THE HOUSE OF REPRESENTATIVES

By Representative Pullen:

WHEREAS, The citizens of the State of Washington reside in a constitutional republic, and

WHEREAS, Each legislator takes an oath of office swearing to uphold the Constitution of the United States and the Constitution of the State of Washington; and

WHEREAS, Taking such an oath implies that each legislator is reasonably knowledgeable of the contents of the two constitutions; and

WHEREAS, Taking such an oath implies that each legislator possesses a reasonable understanding of the meaning and intent of the two constitutions; and

WHEREAS, Taking such an oath implies that each legislator will do his utmost to prevent the passage of unconstitutional legislation; and

WHEREAS, Some legislators repeatedly ignore the issue of constitutionality by invoking arguments such as "constitutionality is a matter for determination by the courts" or "a law is deemed constitutional until ruled otherwise"; and

WHEREAS, These arguments tend to encourage legislative apathy, thereby promoting the passage of unconstitutional legislation; and

WHEREAS, The enactment of any unconstitutional legislation undermines and threatens such basic rights as freedom of the press, freedom of speech, freedom of religion, freedom of association, and the right to privacy; and

WHEREAS, Reed's Rule No. 161 indicates that constitutionality is an appropriate subject for legislative debate;

NOW, THEREFORE, I do hereby remonstrate against any and all efforts to stifle debate on the issue of constitutionality; and
NOW, THEREFORE, I do hereby remind my colleagues, for whom I have the greatest respect, of the continuing need for directing attention to, and receiving guidance from, our constitutional heritage.

As this session of the 44th Legislature draws to a close, I can say that I have observed with satisfaction the willingness of various members of the Senate to raise and discuss constitutional issues. This willingness has improved the quality of legislation that we have enacted and has alleviated many of the concerns which I had expressed in the above remonstrance.

MOTION

At 11:00 a.m., on motion of Senator Walgren, the Senate adjourned until 11:00 a.m., Monday, January 26, 1976.

There being no objection, the amendments on the Secretary's desk were withdrawn
by Senator Lewis (Harry), Senator Guess and Senator Marsh.
Senator Bluechel moved adoption of the following amendment by Senators Bluechel, Woody, Lewis (R. H. "Bob") and Guess:
Strike everything after the enacting clause and insert:

"Section 1. Section 28A.58.135, chapter 223, Laws of 1969 ex. sess. as amended by section 2, chapter 49, Laws of 1969 ex. sess. and RCW 28A.58.135 are each amended to read as follows:

(1) When, in the opinion of the board of directors of any school district, the cost of any furniture, supplies, equipment, building, improvements, or repairs, or other work or purchases, except books, will equal or exceed the sum of [twenty-five] thirty-five hundred dollars, complete plans and specifications for such work or purchases shall be prepared and notice by publication given in at least one newspaper of general circulation within the district, once each week for two consecutive weeks, of the intention to receive bids therefor and that specifications and other information may be examined at the office of the board or any other officially designated location: PROVIDED, That the board without giving such notice may make improvements or repairs to the property of the district through the shop and repair department of such district when the total of such improvements or repair [do] does not exceed the sum of [twenty-five] thirty-five hundred dollars. The bids shall be in writing and shall be opened and read in public on the date and in the place named in the notice and after being opened shall be filed for public inspection.

(2) (a) In lieu of the procedure described in subsection (1) of this section, bids may be solicited by telephone from a list of bidders prequalified in accordance with rules adopted by the superintendent of public instruction. Telephone solicitation shall not be used for purchases costing more than seventy-five hundred dollars or for building improvements, repairs, or books. Telephone solicitation may be used for bids for all other materials, furniture, supplies, equipment, and other purchases up to a cost of seventy-five hundred dollars.

(b) If bids are solicited by telephone, no award shall be made until at least three competitive bids have been received. After an award is made, the three or more bids shall be posted or otherwise made available at the office of the board or any other officially designated location.

(c) All bidders shall confirm their telephone bids in writing to the board within seven days after bid date. Any bidder not making such written confirmation shall be subject to removal from the qualified bidders list at the discretion of the board.

(3) The contract for the work or purchase shall be awarded to the lowest responsible bidder as defined in RCW 43.19.1911: PROVIDED, That when bids have been solicited by telephone and there is reason to believe that the lowest acceptable bid is not the best obtainable, all bids may be rejected, and the board may call for new bids. Any or all bids may be rejected for good cause. On any work or purchase [of more than five hundred dollars] the board shall provide bidding information to any qualified bidder or his agent, requesting it in person[, and if more than one supplier is available, it shall seek competitive bidding in such manner as it deems in the best interests of the district].

(4) In the event of any emergency when the public interest or property of the district would suffer material injury or damage by delay, upon resolution of the board declaring the existence of such an emergency and reciting the facts constituting the same, the board may waive the requirements of this section with reference to any purchase or contract: PROVIDED, That an "emergency", for the purposes of this section, means a condition likely to result in immediate physical injury to persons or to property of the school district in the absence of prompt remedial action.

(5) The superintendent of public instruction, in accordance with the administrative procedure act, chapter 34.04 RCW, shall adopt rules and regulations to implement the provisions of this section."

POINT OF INQUIRY

Senator Lewis (Harry): "Will Senator Bluechel yield to a question? Senator Bluechel, I like the work you have done and I would like to compliment you on a thorough job but I do have a question that bothers me. I know that your general service uses the figure of ten thousand dollars for telephone bids but in the amendment that you present, we have limited that, provided that if they go over thirty five hundred dollars they must
have complete plans and specs unless they go to a telephone bid. Well then they are al­
lowed to go to seventy-five hundred dollars. I am wondering why we do not limit that
seventy-five hundred dollars to thirty-five hundred dollars as above. I just do not person­
ally see any reason for it. Can you clarify that or give us some substantial reason why
there should be this incongruity?"

Senator Bluechel: "Yes, Senator Lewis, there are two areas to this. Now one is
where you require plans and specs which are perfectly legitimate in requiring in the area
of contracting or repair work. In other words, in the contracting field, and we exclude
completely from this whole subject book. Now, that is fine because above thirty-five
hundred dollars you usually will be required to have plans and specs to explain what
you are doing. But, when in the area of straight purchasing of an item that is commonly
known on the market, literally a catalog item, it seems to me to require plans and specs
for a catalog item and written bids, and all of the rest of it surely defeats the whole pur­
pose because everybody knows what they want to buy and every supplier knows what
they are selling, and the intent and purpose of this was to facilitate this within a reason­
able range. There is no magic figure in the seventy-five hundred dollars. I personally
think we could go higher on that as long as we are talking about catalog items, and
really that is what this whole thing is directed to. But it is certainly no magic figure."

Senator Lewis (Harry): "Senator Bluechel, a further question. Would you object to
an amendment that would place that on line forty on page one? We would strike seven­
ty-five hundred and substitute thirty-five hundred. Would you object to that amend­
ment?"

Senator Bluechel: "As I said, the seventy-five hundred is not a magic figure, but I
think I would. I think that the purpose of this particular bid system is to simplify the
procedure and if we go down to thirty-five hundred what we are really saying is that in
the area of thirty-five hundred to seventy-five hundred, fine, you have to go back to the
old system and the end result is, and I speak as a supplier to many agencies, not particu­
larly school agencies, that it costs me a substantial amount of money to go to the formal
bid form, the plans and specs and figures, especially when they are catalog items, and
that is what we are talking about. So, although the seventy-five hundred is not a magic
figure, my personal feeling as a supplier in the two agencies in this type of thing, ex­
cluding schools, is that that is a little too low."

Debate ensued.

The motion by Senator Bluechel carried and the amendment was adopted.

On motion of Senator Woody the rules were suspended, Engrossed Senate Bill No.
3009 was advanced to third reading, the second reading considered the third, and the bill
was placed on final passage.

ROLL CALL

The Secretary called the roll on the final passage of Engrossed Senate Bill No.
3009, and the bill passed the Senate by the following vote: Yeas, 41; nays, 1; absent or
not voting, 2; excused, 5.

Herr, Jolly, Jones, Knoblauch, Lewis (Harry), Lewis (R. H. "Bob"), Marsh, McDermott,

Absent or not voting: Senators Pullen, Wilson—2.

jority, was declared passed. There being no objection, the title of the bill was ordered to
stand as the title of the act.

SECOND READING

SENATE BILL NO. 3038, by Senators von Reichbauer, Rasmussen and Gould:
Supplementing loitering statute as formerly applicable to public and private schools.
SENATE BILL NO. 3038, supplementing loitering statute as formerly applicable to public and private schools (reported by Committee on Education):

MAJORITY recommendation: Do pass with the following amendment:

On page 1, beginning on line 11, strike all the material down through "disorder" on line 15 and insert: "Any person who shall willfully refuse to leave any motor vehicle, building, grounds or other property which is owned, operated or controlled by a public school district, upon being ordered to do so by a superintendent or a principal of the school district, or by an authorized designee of any such administrator, when such person is committing, threatens to imminently commit or incites another to imminently commit any act which would disturb or interfere with or obstruct any lawful task, function, process or procedure of the school district or of its students, officials, employees or invitees"

Signed by: Senators Stortini, Chairman; Gould, McDermott, Murray, Newschwan-der, von Reichbauer.

The bill was read the second time by sections.

On motion of Senator Stortini, the committee amendment was adopted.

On motion of Senator von Reichbauer, the following amendment by Senators von Reichbauer and Gould was adopted:

On page 1, beginning on line 16, strike all material down through "dollars." on line 17 and insert "gross misdemeanor and, upon conviction therefor, shall be fined not more than $500, or imprisoned in jail for not more than six months or both so fined and imprisoned.

On motion of Senator von Reichbauer, the rules were suspended, Engrossed Senate Bill No. 3038 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

POINT OF INQUIRY

Senator Woody: "Mr. President, members of the Senate. The one thing that concerns me, and perhaps Senator von Reichbauer could answer this because I do not recall that supreme court case, if a student, under age eighteen, refuses to leave the school bus and is by so doing obstructing any lawful task which would amount to driving a school bus on the public highways, could that child under age eighteen be prosecuted for a gross misdemeanor if juvenile court declines your action?"

Senator von Reichbauer: "With the permission of Senator Woody, I would like to ask the chairman of judiciary committee's opinion on that. I would appreciate it if you could answer that question, because quite frankly, I am not that familiar with the law in that area. Again, speaking for the record, I feel I am not adequate to answer, though Senator Francis, I think, off the record answered Senator Woody's question.

POINT OF INQUIRY

Senator Grant: "Would Senator von Reichbauer yield? Senator von Reichbauer, reading the committee amendment which becomes the measure now, would it be a gross misdemeanor under the act, if enacted, for a group of parents to conduct informational picketing prior to a school board meeting? Or for a group of students to conduct any informational picketing, which I . . . ."

Senator von Reichbauer: "Prior to a meeting which would be during school hours? During school hours, yes, it would be." Senator Grant: "Where is it limited to school hours?"

Senator von Reichbauer: "To quote the law, 'to commit any act which would disturb or interfere or obstruct any lawful task, function or process or procedure of the school district or its students, officials or employees or invitees.' So, it is . . . ."

Senator Grant: "Well, I do not think that limits it to school hours, and even a limitation on school hours is not sufficient insofar as I am concerned to protect the crucial rights that I believe all citizens have to express themselves. Through the expression with regard to the activities of the school board, the school teachers, the student activities or
anything else, I think are threatened by this particular measure, and so I am going to have to oppose it."

Senator von Reichbauer: "Senator Grant, I did not hear you when you said picketing. Picketing would not be affected by this. It was brought up in the committee and raised, and I think maybe Senator Stortini could speak to it. The question of whether this would interfere with picketing was raised and it was definitely felt that it would not interfere with picketing. Lawful picketing is not affected by this measure."

POINT OF INQUIRY

Senator Sandison: "Will Senator von Reichbauer yield to a question? Senator von Reichbauer, I have some difficulty in knowing who a school official is. Give us an example. Would a janitor be a school official or would it be necessary to be a principal or a superintendent?"

Senator von Reichbauer: "Thank you, Senator. It was felt by SPI who suggested that the adopted language that the school official would have to be one who is designated by the superintendent. This was to avoid the situation that you are referring to, and the superintendent of public instruction definitely asked for the language that one would have to be designated by the superintendent so as to avoid potential problems that you suggested with your question."

MOTION

On motion of Senator Grant, Engrossed Senate Bill No. 3038 was ordered placed on the third reading calendar for Tuesday, January 27, 1976.

POINT OF ORDER

Senator Lewis (Harry): "Mr. President, I would like to rise to a point of order."

The President: "Senator Lewis will please state his point of order."

Senator Lewis (Harry): "I think it is a point of order I want, Mr. President. I just would like to draw attention to the Senate the fact that the next two bills are on third reading and in checking with the Secretary of the Senate find that we acted on Substitute Senate Bill No. 2036 on the twentieth of February and it passed by a vote of forty-two to fifteen. Senate Bill No. 2044 was acted on by the Senate last February eleventh in the first extraordinary session and passed by a close vote of twenty-five to twenty-three. I have asked the Secretary of the Senate to circulate the roll call vote at that time so you would know how you voted, and I would hope and ask the majority leader that in situations like this if some kind of understanding, because it has been so long, that we could go back to second reading without too much difficulty in the event a member had a problem, and an amendment. Just procedurally, why I wanted to raise this point of order so that the members of the Senate would be aware of their voting records. You might have some comments, Senator Walgren."

REMARKS BY SENATOR WALGREN

Senator Walgren: "Yes, Senator Lewis, I think that probably that is an appropriate request and one that consideration should be given to. Certainly when we have gone by almost a full year since the last time we considered these bills, I would think that it would be our position that we could bring these back to second reading for any amendment. I do not know of any amendments on these particular measures but it might occur on other bills."

REMARKS BY SENATOR BAILEY

Senator Bailey: "Mr. President, I do not like to disagree with Senator Walgren but if we are going to take these bills back to second reading because somebody forgot to put an amendment on or failed to put one on, or something, we are going to have to re-search the record to be sure those amendments were not tried on the first go around. Now the other thing is that we discussed in Rules was the third reading calendar bills we are going to try to keep them separately. Now, if we are going to go back to second reading with those third reading bills or even move them back easily I think then we should put all of those bills in the same category in Rules that any other bill is and make
it go up to the green sheet and advance accordingly. So I think we ought to weigh it real carefully how we want to handle these and realizing of course the body at any time can return any bill to another reading if it desires.”

Debate ensued.

REMARKS BY SENATOR LEWIS (HARRY)

Senator Lewis (Harry): “Mr. President, I think Senator Rasmussen has indicated the kind of problem that Senator Walgren and I had talked about and that I raised. It just was the time that has gone by — certainly, Senator Bailey, I was not trying to suggest that we repeat amendments that have failed or been considered in the past and I would assume that the Secretary would so advise us. But it has been a long year and just the kind of purpose that Senator Rasmussen raised is what I had in mind. And also I think it would be important that we have a roll call for our use when a bill has been gone that long, if that is agreeable.”

THIRD READING

ENGROSSED SUBSTITUTE SENATE BILL NO. 2036, by Committee on State Government (originally sponsored by Senators Donohue, Odegaard, Wilson, Walgren, Rasmussen, Guess and Woody):

The bill was read the third time and placed on final passage.

The President declared the question before the Senate to be the roll call on final passage of Engrossed Substitute Senate Bill No. 2036.

ENGROSSED SUBSTITUTE SENATE BILL NO. 2036, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

REMARKS BY THE PRESIDENT

The President: “Senator Walgren, members of the Senate, the President is happy to announce the receipt of a flag from Mr. Robert Weller of the Seattle office of the Bicentennial Commission. This flag — the President would like, in turn, to present to the Washington State Senate and respectfully request permission to fly the flag during the sessions.”

THIRD READING

Regulating the creation and combination of agencies and departments by the executive.

MOTION

Senator Walgren moved that Engrossed Senate Bill No. 2044 be returned to second reading for the purpose of amendments.

PARLIAMENTARY INQUIRY

Senator Bailey: "Mr. President, point of inquiry. Does this require a suspension of the rules to return . . . ."

REPLY BY THE PRESIDENT

The President: "The President believes a suspension of the rules is required, Senator Bailey."

PARLIAMENTARY INQUIRY

Senator Bailey: "Mr. President, another point of inquiry. Can we speak on a suspension of the rules?"

REPLY BY THE PRESIDENT

The President: "A short word of explanation is permitted, Senator Bailey."

PARLIAMENTARY INQUIRY

Senator Bailey: "Can't argue against it?"

REPLY BY THE PRESIDENT

The President: "The President is confident you will use your own good judgment, Senator Bailey."

POINT OF INQUIRY

Senator Bailey: "I will ask it in the form of a question of Senator Walgren, but the question mark comes at the end of the speech. I think we ought to watch returning these for general amendment and establish a policy. I do not care whose amendments they are unless they are technical amendments which Senator Rasmussen has. If these amendments are going to be presented, then I think we should resist the motion to return it to second reading. Isn't that right, Senator Walgren?"

There being no objection, the motion by Senator Walgren was withdrawn.

POINT OF INQUIRY

Senator Cunningham: "Mr. President, I think I have a question. The bill refers to 1975 in its present form. If we pass that now, there is no way they can comply with that. At least, I do not know how in the devil we will do it."

Senator Bailey: "Mr. President, if I could answer that, I would say that the House has to take action on this bill and it would be in the normal course of action that they amend it and we return it in the status it was when it went over before and that they amend it over there through the due committee process. If the Senator would withdraw his proposed amendment, we could return it and do it here, but if we are going to open these bills wide for amendment, then of course the majority is going to resist the return of the bill to second reading."

POINT OF INQUIRY

Senator Rasmussen: "Would Senator Lewis yield to a question? Senator Lewis, I received the impression yesterday that purely technical amendment requesting the year was satisfactory. Now what is proposed? I think it was the understanding that would be the only amendment that we would take on those bills that have already been adopted in the previous session."

Senator Lewis (Harry): "Senator Rasmussen, the purpose of the comments I made
yesterday dealt directly with this situation that when it has been so long since we had considered this bill, this bill was considered by the Senate last February, and Senator Cunningham points out that the date is incorrect in it, we need to go back and perfect the bill. However, when you do that, under the rules of the Senate it is open for other amendments and I certainly think that there are changes that are necessary. I do not think we should consider repetitive amendments that have already been considered by the Senate and this would mean that the Secretary would have to check the records to make sure we do not duplicate work that we have done prior. At the same time if during the year since, just about a year, we acted on that bill last time, if any member of the Senate were to discover an error or a weakness in the bill in his best judgment, it seems to me that is the responsibility of the Senate to deal with those issues. I would think that you and all members of the Senate as well as myself would want to perfect legislation prior to passing it. The Senate has been noted for its thoroughness as compared to the other house in dealing with legislation, and I just think that that is the position we have to take and that was my intent in my remarks yesterday.”

Senator Rasmussen: “Well, thank you, Senator Lewis. I understood it was a gentlemen’s agreement, and knowing that we are dealing with gentlemen, ladies and gentlemen on this floor, I was surprised at the change. I do not lay it to your doorstep, because yesterday it was explained it did need a change in the date. Now if you want to send it over to the House in that way I think it would kind of be a criticism of the Senate for slipping up and I would hope we could go back to our original understanding rather than open the whole deal up to a large full-scale debate on subjects that would take considerable time and after having passed, I had no intentions of making long remarks on the bill.”

REMARKS BY SENATOR WALGREN

Senator Walgren: “Well, I agree with Senator Lewis that we should try to make the bill in its best form possible and I think that when we passed this legislation before, it was in good form. It is my understanding that we would not object to returning a bill to second reading for the purposes of clarifying amendments that would bring it into technical accuracy. These amendments that you have prepared, Senator Lewis, are substantive in nature and do not relate directly to the technicalities of the bill. I think that Senator Rasmussen is correct that our understanding was that this was for technicalities. We could then return it. Now, in order to do that and if my original motion is put again and we bring it back, it would seem to me that we of the majority would simply have to vote down the amendments that are suggested by the minority on each of these bills in order to put the bill in its correct form. You would not have any objection on our voting that way?”

REMARKS BY SENATOR HARRY LEWIS

Senator Lewis (Harry): “While I disagreed with you most of the time, I have never objected to the way you voted, Senator.”

PARLIAMENTARY INQUIRY

Senator Donohue: “Mr. President, point of parliamentary inquiry. Is it possible to move a bill back from third reading to second reading with specific instructions that a certain amendment be adopted, such as Senator Rasmussen’s amendment? I assume the answer is ‘No’.”

REPLY BY THE PRESIDENT

The President: “Senator Donohue, when a bill is on second reading, it is subject to amendment by any member of the Senate.”

MOTION

Senator Walgren moved that the rules be suspended and Engrossed Senate Bill No. 2044 be returned to second reading. Debate ensued.
POINT OF INQUIRY

Senator Bailey: "Mr. President, do I interpret Senator Lewis to say that if we give the two-thirds to return the bill to second reading, defeat your amendment, that you will give us the two-thirds to raise it back to third reading?"

Senator Lewis (Harry): "Senator Bailey, we have not taken any caucus position. We will not do that. Our purpose is to try to expedite the work here and you can be assured that we will respond that way."

Senator Bailey: "Mr. President, since Harry Lewis gave a speech, I want to say that I have no objection to this except I was following Senator Lewis's remarks yesterday that we do not want to hold up this session in any way by a bunch of side chatter, we want to move ahead with it and consider priority bills. I do not consider this a priority bill. I hate to see you wasting your time on it but I will go along with you."

There being no objection, the motion by Senator Walgren carried and Engrossed Senate Bill No. 2044 was returned to second reading.

Senator Lewis (Harry) moved adoption of the following amendment:

On page 1, line 9, before "commission" insert "or" and after "commission," strike "task force, or organization of any kind,"

Debate ensued.

POINT OF INQUIRY

Senator Wilson: "Will Senator Lewis yield? Senator, my ears are still ringing with a phrase you used a moment ago in your argument in which you said that on the other side of the coin the knife has another edge. Could you explain just how that works?"

Senator Lewis (Harry): "Well, Senator Wilson, it has to do with having a morbid propensity towards slothfulness and procrastination and I really do not want to get into it beyond that at this point."

The motion by Senator Lewis (Harry) failed and the amendment was not adopted on a rising vote.

There being no objection, the amendments by Senator Lewis (Harry) on the Secretary's desk were withdrawn.

Senator Pullen moved adoption of the following amendment by Senators Pullen, Lewis (Harry), Lewis (R. H. "Bob"), Cunningham and Benitz:

On page 2, after section 2, insert a new section as follows:

"NEW SECTION. Sec. 3. If any provision of this act, or its application to any person or circumstance, is held invalid, the remainder of the act shall be of no force and effect."

Renumber remaining section.

PARLIAMENTARY INQUIRY

Senator Rasmussen: "Mr. President, speaking against the amendment, the amendment is not needed. I further think that this amendment was proposed at the previous time when the Senate considered the bill. I would raise that as an objection. Mr. President, following the Lewis rule that we would not consider anything that had previously been considered, I am raising that objection."

REPLY BY THE PRESIDENT

The President: "The objection by Senator Rasmussen has been received."

There being no objection, the objection by Senator Rasmussen was withdrawn.

Senator Mardenisch moved adoption of the following amendment to the amendment by Senator Pullen:

Amend the Pullen amendment inserting a new section 3 as follows:

On lines 3 and 4 of the amendment, strike "be of no force" and insert "remain in full force"

POINT OF ORDER

Senator Pullen: "Point of order, Mr. President."

The President: "The Senator will please state his point of order."
Senator Pullen: "It seems to me that Senator Mardesich's amendment is in violation of Reed's Rules where — I cannot remember the exact number of the rule — but there is a rule that says you cannot offer an amendment that turns around exactly the meaning of the original amendment offered."

REPLY BY THE PRESIDENT

The President: "Senator Pullen, the entire staff and the President can find only two rules in Reed's Rules that cover a situation like you have an amendment to the amendment, and which the two rules are 133 and 149, and after carefully studying those two amendments, a number of us cannot find any reference to the situation that you describe. The President hopes that you can be a little more specific and refer the staff and the President to the proper rule — to the rule to which you were referring."

REMARKS BY SENATOR BAILEY

Senator Bailey: "Mr. President, I would think you should look at anywhere from 158 through 160. I think it is in there because I read it to the Senate two years ago, I believe, or last year. Mr. President, in Reed's 159, which probably deals with it, it says 'Limitation as to amendments. — In theory, amendments are made to perfect the main question, and to enable it to obtain the vote of the assembly, but if the assembly is opposed to the question it is not confined to a direct negative.' I do not know whether that means that you can just say 'not' instead of 'shall' or whether the issue here as Senator Walgren has inserted is an indirect inplay into the same situation, and you would have to determine that at the . . . ."

REMARKS BY SENATOR MARDESICH

Senator Mardesich: "I think what Senator Pullen is referring to is Senate rule 60. — However, it is within the authority of the Senate to reverse the intent of an amendment by striking the word 'not' and that could be found in rule 158, about the last two-thirds of it."

REMARKS BY SENATOR BAILEY

Senator Bailey: "It is a rule that is covered very well here, and I think will save you a lot of trouble. It says it depends much on the good sense of the presiding officer."

REMARKS BY THE PRESIDENT

The President: "That is a deplorable state of affairs, Senator Bailey."

REMARKS BY SENATOR WASHINGTON

Senator Washington: "Mr. President, is not the answer if you can accomplish the same thing as the purported amendment by voting no, then it is not a proper amendment? In other words you cannot change this 'yes' to 'no' in the amendment because you can accomplish the same thing by voting 'no' when the amendment comes up. In other words, you are not perfecting it. All you are doing is having an amendment that has the same effect as a negative vote or if you change a 'no' to a 'yes,' you are doing the same thing. You are not perfecting it, you are simply having the same result as voting 'yes' or 'no'."

MOTION

On motion of Senator Bottiger, the amendment by Senator Pullen and the amendment to the amendment by Senator Mardesich were laid upon the table.

On motion of Senator Rasmussen, the following amendment by Senators Rasmussen and Odegaard was adopted:

On page 2, line 15 of the engrossed bill, strike all of section 3 and substitute:

"NEW SECTION. Sec. 3. This act shall be submitted to the people for their adoption and ratification, or rejection, at the next succeeding general election to be held in this state, in accordance with the provisions of section 1, Article II of the state Constitution, as amended, and the laws adopted to facilitate the operation thereof."

On motion of Senator Rasmussen, the rules were suspended, Reengrossed Senate
Bill No. 2044 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

Debate ensued.

Senators Herr, Rasmussen and Guess demanded the previous question and the demand was sustained.

The President declared the question before the Senate to be the roll call on final passage of Reengrossed Senate Bill No. 2044.

**ROLL CALL**

The Secretary called the roll on the final passage of Reengrossed Senate Bill No. 2044 and the bill passed the Senate by the following vote: Yeas, 29; nays, 18; excused, 2.

Voting nay: Senators Benitz, Bluechel, Clarke, Cunningham, Fleming, Gould, Grant, Jones, Lewis (Harry), Lewis (R. H. "Bob"), Matson, Morrison, Murray, Newschwander, North, Sellar, Wanamaker, Washington—18.

Excused: Senators Francis, Keefe—2.

REENGROSSED SENATE BILL NO. 2044, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

NOW, THEREFORE, BE IT RESOLVED, By the Senate of the state of Washington, that Western Washington State College, Professor Seal, and his students be commended for their past achievements in vehicle research and development;

BE IT FURTHER RESOLVED, That Professor Seal and his students be warmly welcomed to Olympia to demonstrate the Viking II car as evidence of their success in the past and their promise for more achievements in the future;

BE IT FURTHER RESOLVED, That the Secretary of the Senate transmit copies of this resolution to the Honorable Paul Olscamps, President of Western Washington State College, and to each member of the Board of Trustees of Western Washington State College.
MOTION

Senator Marsh moved adoption of the following resolution:

SENATE RESOLUTION 1976-174

By Senators Marsh, Walgren, Donohue, Odegaard, Sandison, Day, Jones, Bluechel, Peterson, Woody, Lewis (Harry), Newschwander, Wanamaker, Sellar, Morrison, Bentz, North, Gould, Murray and Matson:

WHEREAS, The most recent evaluations of the retirement systems authorized by the general laws of this state have indicated that the growth in unfunded liabilities were influenced in part by implementation of cost-of-living increases; and

WHEREAS, The retirement systems authorized by the general laws of this state do not have uniform provisions relating to post retirement cost-of-living adjustments; and

WHEREAS, Inflation makes deep economic inroads on the purchasing power of persons living on fixed incomes; and

WHEREAS, The legislature needs detailed actuarial information to finally resolve the questions relating to cost-of-living adjustments;

NOW, THEREFORE, BE IT RESOLVED, By the Senate that an appropriate committee be authorized and directed to undertake a study of the problems relating to post retirement cost-of-living adjustments;

BE IT FURTHER RESOLVED, That such study shall include, as a minimum, an analysis of the following:

1. Provision for and implementation of cost-of-living adjustments in retirement systems existing in private industry with special consideration given to the impact of recently enacted laws, rules, and regulations of the United States regulating the establishment and operation of private retirement systems;

2. Provision for and implementation of cost-of-living adjustments in retirement systems operated by other states of the United States and the federal government; and

BE IT FURTHER RESOLVED, That such committee is specifically authorized to employ on a contract basis such professional actuarial consultants as it deems necessary, except that any actuary or actuarial firm or actuarial consultant who or which has participated in the most recent evaluation of any retirement system authorized by the general laws of this state shall not be eligible to be employed on any basis whatsoever for purposes of the study herein authorized;

BE IT FURTHER RESOLVED, That the results of the study and recommendations be submitted by the committee to the President of the Senate no later than December 1, 1976.

Senator Marsh moved adoption of the following amendment by Senators Marsh and Lewis (Harry):

On page 1, line 14, after "committee" insert "designated by the Senate Rules Committee"

Debate ensued.

The motion by Senator Marsh carried and the amendment was adopted.

On motion of Senator Bailey, the following amendment was adopted:

On page 1, line 13, after "an" insert "existing"

Senator Mardesich moved adoption of the following amendments:

On page 1, lines 12 and 16, after "adjustments" insert "and the effect of proposed pension reforms measures now before the legislature"

POINT OF INQUIRY

Senator Rasmussen: "Mr. President, would Senator Marsh yield to a question? Senator Marsh, is that special committee still in this resolution?"

Senator Marsh: "No, it is not."

Senator Rasmussen: "Now, what committee is contemplated?"

Senator Marsh: "We have had a discussion with the majority leader and the caucus leader concerning that matter and the two committees that have been most discussed..."
have been the Legislative Budget Committee and the Senate Ways and Means Com-
mittee."

Senator Rasmussen: "No decision has been made?"
Senator Marsh: "No decision has been made and you will recall, Senator, that the
amendment to this resolution as it has been adopted by the body leaves it to the Senate
Rules Committee to make that actual determination. We have inserted on line fourteen
'appropriate committee designated by the Senate Rules Committee'."

Senator Rasmussen: "This in no way, Senator Marsh, will prevent the present pen-
sion boards from making the adjustments that they see possible from earnings?"
Senator Marsh: "No, it will not."

Senator Rasmussen: "Well, that is my concern because with twenty percent infla-
tion last year and this year running seven percent and contemplated for the next — in
Ford's message he says it is going to be at least six percent, and we know that with that
kind of estimate it will probably be eight percent. An adjustment is needed and I would
not want to stop any adjustment that they can make through earnings."

The motion by Senator Mardesich carried and the amendments were adopted.
The motion by Senator Marsh carried and the resolution, as amended, was
adopted.

SIGNED BY THE PRESIDENT

The President signed:
SENATE CONCURRENT RESOLUTION NO. 125.

TWENTY-THIRD DAY, JANUARY 28, 1976

TWENTY-THIRD DAY

MORNING SESSION

Senate Chamber, Olympia, Wednesday, January 28, 1976.

The Senate was called to order at 11:00 a.m. by President Cherberg. The Secretary called the roll and announced to the President that all Senators were present except Senators Keefe and Stortini. On motion of Senator Knoblauch, Senators Keefe and Stortini were excused.

The Colors were presented by the United States Marine Corps Color Guard.

Reverend Richard Hart, pastor of the First Baptist Church of Olympia, offered the following prayer:

"LORD OF LIFE AND LOVE, WE TAKE THIS MOMENT TO THANK YOU FOR LOVE AND FORGIVENESS THAT WE HAVE FOUND NOWHERE ELSE. THANK YOU FOR SEEING GOOD IN US THAT IS MISSED BY OTHERS. THANK YOU FOR GIVING AND CALLING FORTH VARIOUS TALENTS IN EACH OF US THAT CAN MAKE LIFE BETTER FOR OTHERS. HELP US TO WISELY AND UNSELFISHLY USE THESE TALENTS TO YOUR GLORY. REMIND EACH OF US THAT IN THE HOLY SCRIPTURE THE HIGHEST POSSIBLE COMPLIMENT GIVEN TO ANOTHER PERSON IS TO RECOGNIZE THEM AS A SERVANT OF THE LORD. WE THANK YOU FOR THESE SENATORS WHO HAVE BEEN ENTRUSTED BY THE PEOPLE TO BE SERVANTS. MAY THEY ALSO KNOW THE GREAT INNER JOY AND PERSONAL SATISFACTION THAT COMES FROM BEING A SERVANT IN ITS HIGHEST FORM. GRANT TO EACH OF THEM THE UNIQUE ABILITY TO CONTINUALLY MOVE ON FROM THE LUXURY OF PRIVILEGE TO THE RESPONSIBLE PRODUCTION OF LEGISLATION FOR THE GOOD OF MANKIND. WE ASK YOUR BLESSING ON PRESIDENT CHERBERG, MEMBERS OF THE SENATE, AND STAFF AS THEY CONDUCT THE BUSINESS OF THE DAY. AMEN."

MOTION

On motion of Senator Walgren, the reading of the journal of the previous day was dispensed with and it was approved.

APPOINTMENT OF SPECIAL COMMITTEE

The President announced the presence in the Senate Chamber of Captain Terry Swanger of the United States Marine Corps and appointed Senators Francis, Sandison and Scott, former Marines, to escort the honored guest to the rostrum.

The President also announced the presence in the Senate Chamber of William R. "Bill" Fletcher, one of twelve remaining Spanish-American war veterans in the State of Washington and appointed Senators Bailey, Beck, Matson, Peterson, McDermott, Newschwander, Clarke and Talley, former members of the United States Navy, to escort the honored guest to the rostrum.

REMARKS BY THE PRESIDENT

The President: "Mr. Fletcher, Captain Swanger, honored members of the Senate, ladies and gentlemen, our guest today representing the United States Marine Corps is the honorable Terry Swanger who received his flight training at Pensacola, Florida, the birthplace of your President, on the corner of Altanese and Garden streets.

"Captain Swanger served in Vietnam during 1968 and 1969 as a helicopter pilot and a forward air observer, and has received and earned twenty-nine air medals.

"Captain Swanger holds the combat action ribbon and the Vietnamese Cross of Gallantry. The Captain graduated with honors from the amphibious warfare school, and has had two tours in the West Pacific."
"Presently, our honored guest is the officer in charge of all recruiting operations for the states of Washington, Alaska, Montana and parts of Idaho and Oregon.

"The members of the Senate and the President, the ladies and gentlemen present in the galleries are certainly happy that you are with us today, Captain, and we should like very much to extend you the warm welcome that you so richly earned and deserve."

REMARKS BY CAPTAIN TERRY SWANGER

Captain Swanger: "Two hundred years ago, in a tavern in Philadelphia, the Marine Corps was formed. I would be a little naive here to disclaim that a certain percentage of the population that thinks we have gone beyond the tavern stage. Be that as it may, two centuries ago, a few good men got together and they raised their flagons high and hosted the forming of the United States Marine Corps.

"I stand before you today as a representative of that Corps, two hundred years proud. I think as I look back across our history, no service of any country has been the recipient of so many nicknames. There are certainly a host of quotations concerning its endeavors in the field of combat. I am hardly one to be allowed to cover that history. Quotations, nicknames alone, and speeches even, cannot tell the story of the Marine Corps. Where there are names and there are places which have been made sacred by ordeal, I think ghosts of fallen men are carried with those names such as Tripoli, Chapultepec, Cuba, Peking, Santiago, Haiti, Belleau Wood, The Argonne, Nicaragua, Guadalcanal, Bougainville, Tarawa, Tinian, Iwo Jima, Okinawa, Pusan, Inchon, a place called 'The Frozen Chosen', Lebanon, Chu Lie, Da Nang, Hue, Kasan, Saigon, Nam Phen, Mayaguez. These, as our Corps' Hymn proclaims, we have fought in every clime and every place.

"I do not know myself, nor I imagine, any man, what causes men to prevail in the face of certain death in combat, throughout the years in combat, and endure the pains of hunger and thirst, and continue to fight even when the last round was spent. They have thrust their bayonets in the ground and said, 'I will not retreat one inch,' and they have held and they have advanced.

"We believe that a man can only sustain himself in combat if he has a great sense of devotion to duty. To Corps and country. And he has pride based on righteousness and self accomplishment. In this, our bicentennial year then, I ask you to consider this.

"In order for our armed forces to be strong, we do not increase benefits or great income. We need instead to sustain our ranks and strength, pride and dedication in knowing that we are a useful part of our country. We need, once again, a mother and a father to place upon their mantle a picture of a young boy in uniform and say, 'You know, my son is a Marine. He is one of the few good men.' Give us then our pride, our sense of knowing that we are needed, that we are accepted by the American people, and then when the freedoms which we consider are more sacred than life itself are challenged and the occasion calls for men again to throw their frail bodies into the torment of combat, the Marines will be there, and we will be ready."

With permission of the Senate, business was suspended to permit Mr. Fletcher to address the Senate.

The President presented a Bicentennial Flag to Captain Swanger and a certificate as outstanding citizens to the honored guests.

On motion of Senator Walgren, all members were permitted as additional sponsors of Senate Resolution 1975-175.

MOTION

On motion of Senator Francis, the following resolution was unanimously adopted:

SENATE RESOLUTION 1976-175

By President Cherberg, Senators Francis, Sandison, Scott, Bailey, Beck, Benitz, Bluechel, Bottiger, Buffington, Clarke, Cunningham, Day, Donohue, Fleming, Goltz, Gould, Grant, Guess, Henry, Herr, Jolly, Jones, Keefe, Knoblauch, Lewis (Harry), Lewis (R. Talley, Van Hollebeke, von Reichbauer, Walgren, Wanamaker, Washington, Wilson and Woody:

WHEREAS, The United States Marine Corps today represents one of the most spirited and elite fighting forces ever assembled by any nation; and
WHEREAS, Since 1775 Marines have distinguished themselves during war and peace as their tradition and reputation to fight in any “clime and place” has won them special recognition in the history of American military operations; and
WHEREAS, Long before any official mission was established, the Marines were intimately acquainted with the process of ship-to-shore movement and during this modern era it was the Marine Corps which spearheaded the development of amphibious warfare in this country and brought continuity to the three-in-one force concept of sea, land and air power; and
WHEREAS, Since the enactment of the National Security Act of 1947 the Marine Corps has continuously performed its roles in the interest of national defense during times of war and crises; and
WHEREAS, From 1950 to 1953 they met the challenge of fighting in the mountains of Korea; in 1958 they landed in Lebanon to help restore order; in 1962 they stood in readiness to land during the Cuban Missile Crisis; and on March 8, 1965, the 9th Marine Expeditionary Brigade landed at Da Nang, South Vietnam to help stem the tide of communist aggression from the North; and
WHEREAS, Throughout the Vietnam conflict the Marine Corps met one of its most severe tests of ingenuity, being not merely a fighting outfit but also the Marines were required to be a cunning and skillful guerilla and a conventional tactician while still maintaining the spirit of a humanitarian; and
WHEREAS, As long as the communists practice a policy of aggression, limited or otherwise, which threatens the security of the free world, the Marine Corps stands prepared to answer such aggression and is always a “force in readiness;”
NOW, THEREFORE, BE IT RESOLVED, That the members of the Senate do hereby express their most sincere appreciation to the United States Marine Corps and to our honored guest, Captain Terry Swanger, who represents the Corps in the Senate Chamber, and also commend the Marine Corps for more than 200 years of dedication to the preservation of peace throughout the world; and
BE IT FURTHER RESOLVED, That the Secretary of the Senate be and is hereby instructed to transmit a copy of this resolution to Captain Terry Swanger as a representative of the United States Marine Corps.

The President introduced members of the Color Guard, all visiting Marines, and Mrs. William Fletcher.

The committee of honor escorted Captain Swanger from the Senate Chamber and the committee was discharged.

There being no objection, the Senate returned to the first order of business.

MOTION

On motion of Senator Walgren, the Senate commenced consideration of Engrossed Senate Bill No. 3038.

THIRD READING

ENGROSSED SENATE BILL NO. 3038, By Senators von Reichbauer, Rasmussen and Gould:
Supplementing loitering statute as formerly applicable to public and private schools.

MOTIONS

On motion of Senator Walgren, the rules were suspended and Engrossed Senate Bill No. 3038 was returned to second reading.

Senator Guess moved adoption of the following amendment:
On page 1, line 13 of the engrossed bill, being line 7 of the committee amendment to page 1, line 11, after "school district," strike the material down through "invitees" on line 19, being the balance of the amendment, and insert "upon being ordered to do so by a superintendent, or a principal of the school district, or by a law enforcement officer, or who shall refuse to leave any public premises immediately adjacent to such school property upon being ordered to do so by a law enforcement officer, when such person is committing, threatens to imminently commit or incites another to imminently commit any act which would materially endanger the health, welfare, or safety of any school district students, officials, employees, or invitees"

MOTION

On motion of Senator von Reichbauer, the following amendment to the amendment by Senator Guess was adopted:
On line 7 of the Guess amendment to page 1, line 13, after "principal" insert "or a vice principal"
The motion by Senator Guess carried and the amendment, as amended, was adopted.
Senator von Reichbauer moved adoption of the following amendment:
On page 1, line 20 of the engrossed bill, being line 2 of the von Reichbauer/Gould amendment, strike “gross”

POINT OF INQUIRY

Senator Goltz: “Would Senator von Reichbauer yield to a question? I notice, Senator von Reichbauer, that when you gave the terms for a misdemeanor that they are not consistent with the penalties described in the bill with your amendment and I wonder if it was your intent by striking the word ‘gross’ that you would also want to amend the penalty instead of six months to, I believe you said, sixty days? I think you said five hundred dollars but at least it seems to me that there is an inconsistency between the misdemeanor penalty and the misdemeanor and the penalty prescribed at the present time.”

Senator von Reichbauer: “Senator Goltz, I was not aware that it needed to relying on the good judgment of the chairman of the state government committee. But I would query the President on this. Is that necessary in terms of this bill?”

REPLY BY THE PRESIDENT

The President: “Senator, that is a decision for the members to decide.”

Senator von Reichbauer: “Mr. President, with Senator Goltz’s remarks, I would move to strike the penalties referred to by Senator Goltz.”

The motion by Senator von Reichbauer carried and the amendment was adopted.

On motion of Senator von Reichbauer, the following amendment was adopted:
On page 1, line 22, after “than” strike “six months” and insert “ninety days”

Senator von Reichbauer moved the rules be suspended, Reengrossed Senate Bill No. 3038 be advanced to third reading, the second reading considered the third, and the bill be placed on final passage.

POINT OF INQUIRY

Senator Cunningham: “Mr. President, before voting on the motion to advance, I would like to know if Senator von Reichbauer would yield to a question? Senator von Reichbauer, page 2 of the bill, what is the full impact of line thirty-four and line thirty-five? It says that this section shall be void with the application of the new criminal code.”

Senator von Reichbauer: “That refers — I do not have a copy of the bill before me, but that refers to the section — the old section dealing with loitering that was ruled unconstitutional by the state supreme court. It does not refer to the bill. The question was raised — I am sure you are privy to the question raised by Senator Woody two days ago when this was first raised on the floor. Senator Woody discovered that the section you are referring to only applied to the section that was found in the old loitering law.”

Senator Cunningham: “Would Senator Woody yield to a question?”

Senator Woody: “I am just reading all of my mail from doctors — every doctor in the state.”

Senator Cunningham: “I am sorry to interrupt that, but I want to ask you about lines thirty-four and thirty-five whether you agree with Senator von Reichbauer’s answer on the impact of that language to this bill.”

Senator Woody: “Well, unfortunately, since Senator Ridder and I read these bills in detail somebody’s taken our number two book, and we do not have one. I am searching for one. Senator Cunningham, what was your question again?”

Senator Cunningham: “On page 2 of the bill, lines thirty-four and thirty-five where the destruct language is there, I would like to know specifically what that impact — it says, ‘This section shall be deemed void.’”

Senator Woody: “This section is section two which starts at the bottom of page 1, line thirty, and the only activity in that section was striking out of subsection eleven which is on lines twenty-five through thirty on line two, so the strike out shall be deemed void and of no further effect at such time as Title 9A, that is the new criminal code, comes into effect July first of 1976, which means that the strike out language will come in on July first, 1976.”

The motion by Senator von Reichbauer carried and Reengrossed Senate Bill No. 3038 was advanced to third reading and final passage.
ROLL CALL

The Secretary called the roll on the final passage of Reengrossed Senate Bill No. 3038, and the bill passed the Senate by the following vote: Yeas, 37; nays, 9; absent or not voting, 1; excused, 2.

Voting nay: Senators Francis, Goltz, Grant, Matson, McDermott, Newschwander, Pullen, Sellar, Woody—9.

Absent or not voting: Senator Lewis (R. H. "Bob")—1.

Excused: Senators Keefe, Stortini—2.

REENGROSSED SENATE BILL NO. 3038, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

MOTION

At 12:10 p.m., on motion of Senator Walgren, the Senate adjourned until 11:00 a.m., Thursday, January 29, 1976.

JOHN A. CHERBERG, President of the Senate.

SIDNEY R. SNYDER, Secretary of the Senate.

"LORD, ANOTHER DAY HAS COME, ANOTHER SESSION IS ABOUT TO BEGIN, AND WE ARE REALLY STRUGGLING WITH WHERE YOU FIT INTO THE WHOLE SCHEME OF WHAT HAPPENS HERE. THERE ARE MOMENTS WHEN WE FEEL YOUR PRESENCE IN THIS CHAMBER BUT AT OTHER TIMES IT APPEARS YOU ARE NOWHERE TO BE FOUND. REASSURE US ONCE MORE THAT YOU ARE HERE AND MAKE US AWARE OF YOUR SUPREME LOVE AND INTEREST IN THE BUSINESS OF THIS DAY. THE PROBLEMS ARE MANY AND COMPLEX. SOLUTIONS STILL APPEAR TO BE IN THE FUTURE, BUT FREE US FROM USING THAT AS AN EXCUSE FOR OUR OWN LACK OF COURAGE. THANK YOU FOR THOSE BEFORE US WHO COULD NEVER GIVE UP ON WHAT THEY DEEPLY BELIEVED, EVEN IN THE FACE OF OVERWHELMING OPPOSITION. IF FINDING THE RIGHT SOLUTION MEANS MARCHING TO THE BEAT OF A DIFFERENT DRUM, GIVE US THE COURAGE TO DO JUST THAT. AMEN."

In addition to (a) through (f) above, a special election to validate an excess levy or bond issue may be called at any time to meet the needs resulting from failure of a school or junior taxing district to pass a special levy for the first time or from fire, flood, earthquake or other act of God. The bill was read the second time by sections.
On motion of Senator Beck, the committee amendment was adopted.
On motion of Senator Beck, the rules were suspended, Engrossed Senate Bill No. 2989 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

MOTION

Senator Bluechel moved that Engrossed Senate Bill No. 2989 be re-referred to the Committee on Rules.

Debate ensued.

The motion by Senator Bluechel failed.

POINT OF INQUIRY

Senator Odegaard: “Mr. President, would Senator Beck yield to a question? Senator Beck, in our digest of this bill it says it would exclude consolidation proposals for school districts and non-high capital fund aid proposals from the local general election scheduling law. Does that mean that for those kinds of elections they would not have to conform to the effect of this bill?”

Senator Beck: “Yes, but Senator Odegaard, we have another bill that we are going to have a hearing on this afternoon which further restricts the school elections there, and I think it will be dealt with in the next bill that will be coming on if we get it out of committee. This bill is a request from the ways and means committee, the one we are having this afternoon.”

Senator Odegaard: “Will that bill speak to the proposals for school district consolidation?”

Senator Beck: “Yes.”

ROLL CALL

The Secretary called the roll on the final passage of Engrossed Senate Bill No. 2989, and the bill passed the Senate by the following vote: Yeas, 30; nays, 14; absent or not voting, 1; excused, 4.

Voting nay: Senators Benitz, Bluechel, Bottiger, Buffington, Clarke, Cunningham, Gould, Jones, Matson, Morrison, Murray, North, Sellar, Talley—14.

Absent or not voting: Senator Mardesich—1.

ENGROSSED SENATE BILL NO. 2989, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

THIRD READING

ENGROSSED SUBSTITUTE SENATE BILL NO. 2130, by Committee on Ecology (originally sponsored by Senators Washington, Murray, Goltz and Guess):

Adding provisions for recovery and recycling to litter control and solid waste collection laws.

The bill was read the third time and placed on final passage.

Debate ensued.

POINT OF INQUIRY

Senator Walgren: “Will Senator Donohue yield? Senator Donohue, before any of these funds could be utilized for the projects that are anticipated in this bill, they would have to come before this legislature. They would go before your committee for consideration and come out here on the floor for action, would they not?”
Senator Donohue: "I would hope so, Senator. That seems to be the method we op­erate. I just wanted the members of the Senate to know the potential impact, and that was what I was trying to bring up."

Senator Walgren: "But the question of funding and the money that would be allo­cated to this will still have to come before this legislature?"

Senator Donohue: "That is correct."

POINT OF INQUIRY

Senator Washington: "Mr. President and Senator Donohue, what was the date of your memorandum?"

Senator Donohue: "Prior to passage of the bill originally, March twenty-seventh, 1975."

Senator Washington: "I think the date will show that this is one of the reasons why we made substantial changes in the bill. We have taken out all of that three million that frightened us also in the committee on Ecology. We took out demonstration projects. We took out most of the matters that they are talking about as requiring funds. Now, this is that very material that was taken out in our committee. And I am positive that there is virtually no money that is directed by this bill for any sorts of experimentation or research projects of that nature. We determined that most of the funds would come from Referendum twenty-six and from present funds on the litter control. Now, those things have been taken out of the bill, Senator Donohue."

Senator Donohue: "Well, Senator Washington, the only thing that I can say is that I would hope that in the future that to eliminate confusion in the Senate Ways and Means Committee that this information is provided to us so that we do know that the bill has been changed and that there is no significant amount of dollars possibly that are needed for appropriation."

ROLL CALL

The Secretary called the roll on the final passage of Engrossed Substitute Senate Bill No. 2130, and the bill passed the Senate by the following vote: Yeas, 36; nays, 9; absent or not voting, 1; excused, 3.

Absent or not voting: Senator Mardesich—1.

Excused: Senators Francis, Keefe, Scott—3.

ENGROSSED SUBSTITUTE SENATE BILL NO. 2130, having received the con­stitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

"WE GATHER TOGETHER IN THESE HALLS OF POWER AND FRUSTRATION, CARRYING OUR OWN PERSONAL CONCERNS, OUR SENSE OF SELVES, OUR FAMILIES, OUR WORK, OUR OVERLOADED CALENDARS, OUR FRIENDS. WE BRING TOO THE BIG CONCERNS OF SCHOOLS, HOSPITALS, OF BUSINESS, OF OUR DECISION-MAKING BODY ITSELF. STILL TOO WE REMEMBER THE SMALLER BUT IMPORTANT CONCERNS OF INDIVIDUALS WHO STRUGGLE FOR LIFE AND MEANING WITH A SENSE OF THEIR OWN POWERLESSNESS. WE OFFER OUR CONCERNS AND THEIRS IN THE SURE AND CERTAIN KNOWLEDGE OF YOUR OMNIPOTENT CARE.

"BUT LET OUR PRAYER NOT ALLOW US TO EVADE OUR RESPONSIBILITY TO ONE ANOTHER OR TO THE PEOPLE WE SERVE. PRICK OUR CONSCIENCES, ALERT OUR SENSITIVITY AND STRENGTHEN OUR RESOLVE THAT OUR DECISIONS MAY RELIEVE THE PAIN OF OUR BROTHERS AND SISTERS, AND SO THAT WE MAY NOT MISS THIS OPPORTUNITY TO EXPRESS YOUR JUSTICE, HOPE AND LOVE. (k) Formulation of criteria for determining when centralized rather than decentralized purchasing shall be used to obtain maximum benefit of volume buying of identical or similar items, including procurement from federal supply sources;

(l) Development of criteria for use of leased, rather than state owned, warehouse space based on relative cost and accessibility;

(m) Institution of standard criteria for purchase and placement of state furnished materials, carpeting, furniture, fixtures, and nonfixed equipment, in newly constructed or renovated state buildings;

(n) Determination of how transportation costs incurred by the state for materials, supplies, services, and equipment can be reduced by improved freight and traffic coordination and control;

(o) Establishment of a formal certification program for state employees who are authorized to perform purchasing functions as agents for the state under the provisions of chapter 43.19 RCW;

(p) Development of performance measures for the reduction of total overall expense for material, supplies, equipment, and services used each biennium by the state;

(q) Establishment of a standard system for all state organizations to record and report dollar savings and cost avoidance which are attributable to the establishment and implementation of improved purchasing and material control procedures under the policy direction of the supply management advisory board;

(r) Development of procedures for mutual and voluntary cooperation between state agencies, including educational institutions, and political subdivisions for exchange of purchasing and material control services;

(s) Resolution of all other purchasing and material matters referred to him by a member of the advisory board which require the establishment of overall state-wide policy for effective and economical supply management.

Initial policy determinations for the above functions shall be developed and published within the 1975-77 biennium by the director, after consultation with the supply management advisory board for guidance and compliance by all state agencies, including educational institutions, involved in purchasing and material control. Modifications to these initial supply management policies established during the 1975-77 biennium shall be instituted by the director, after consultation with the advisory board, in future biennia as required to maintain an efficient and up-to-date state supply management system. The director shall transmit to the governor and the legislature in June 1976 and June 1977 a progress report which indicates the degree of accomplishment of each of these assigned duties, and which summarizes specific achievements obtained in increased effectiveness and dollar savings or cost avoidance within the overall state purchasing and material control system. The second progress report in June 1977 shall include a comprehensive supply management plan which includes the recommended organization of a state-wide purchasing and material control system and development of an orderly schedule for implementing such recommendation. In the interim between these annual progress reports, the director shall furnish periodic reports to the office of program planning and fiscal management and the legislative budget committee for review of progress being accomplished in achieving increased efficiencies and dollar savings or cost avoidance.

It is the intention of the legislature that measurable improvements in the effectiveness and economy of supply management in state government shall be achieved during the 1975-77 biennium, and each biennium thereafter. All agencies, departments, offices, divisions, boards, and commissions and educational, correctional, and other types of institutions are required to cooperate with and support the development and implementation of improved efficiency and economy in purchasing and material control. To effectuate this legislative intention, the director, in consultation with the supply management advisory board, and through the state purchasing and material control director, shall have the authority to direct and require the submittal of data from all state organizations concerning purchasing and material control matters.
The provisions of this section shall not apply to materials, supplies, and equipment purchased for resale to other than public agencies by state agencies, including educational institutions. In addition, this section shall not apply to liquor purchased by the state for resale under the provisions of Title 66 RCW.

Sec. 6. Section 43.19.1906, chapter 8, Laws of 1965 and RCW 43.19.1906 are each amended to read as follows:

Insofar as practicable, all purchases and sales shall be based on competitive bids and a formal sealed bid procedure shall be used as standard procedure for all purchases and contracts for purchases and sales executed by the state purchasing and material control director [of general administration through the division of purchasing] and under the powers granted by RCW 43.19.190 through 43.19.1939: PROVIDED, That, as now or hereafter amended. This requirement shall also apply to purchases and contracts for purchases and sales executed by agencies, including educational institutions, under delegated authority granted in accordance with provisions of RCW 43.19.190. However, formal sealed [competitive] bidding shall not be necessary for:

(1) Emergency purchases if such sealed bidding procedure would prevent or hinder the emergency from being met appropriately; [and]

(2) Purchases not exceeding [five] twenty-five hundred dollars: PROVIDED, That the state director of general administration shall establish procedures to assure that purchases made by or on behalf of the various state agencies shall not be made so as to avoid the twenty-five hundred dollar bid limitation [but in all such purchases quotations]: PROVIDED FURTHER, That the state purchasing and material control director is authorized to reduce this formal sealed bid limit of twenty-five hundred dollars to a lower dollar amount for purchases by individual state agencies, including purchases of specialized equipment, instructional, and research materials by colleges and universities, if considered necessary to maintain full disclosure of competitive procurement or otherwise to achieve overall state efficiency and economy in purchasing and material control. Quotations from two hundred dollars to twenty-five hundred dollars shall be secured from enough vendors to assure establishment of a competitive price. A record of competition for all such purchases from two hundred dollars to twenty-five hundred dollars shall be documented for audit purposes on a standard state form approved by the forms management center under the provisions of RCW 43.19.510. Purchases up to two hundred dollars may be made without competitive bids based on buyer experience and knowledge of the market in achieving maximum quality at minimum cost: PROVIDED, That this two hundred dollar direct buy limit without competitive bids may be increased incrementally as required to a maximum of four hundred dollars by unanimous vote by all members of the state supply management advisory board, if warranted by increases in purchasing costs due to inflationary trends; and

NEW SECTION. Sec. 3. There is added to chapter 29.82 RCW a new section to read as follows:

The grounds for recall to be recited in a petition for recall are sufficient if the act or acts charged therein are clearly and distinctly set forth in ordinary and concise language, without repetition, and in such a manner as to enable a person of common understanding to know what is intended. Senator Washington moved adoption of the following amendment to the committee amendment:

On page 3, section 5, after line 4, strike subsections (3) and (4), being lines 5 through 13.

POINT OF INQUIRY

Senator Day: "Will Senator Beck yield? Senator Beck, isn't there some other criteria involved in this though? Doesn't it take twenty-five percent of all the votes cast for the particular office in order to validate the recall petition?"

Senator Beck: "That is true."

Senator Day: "You know, that is not easy to get, twenty-five percent."

Senator Beck: "I saw on the petition, that thing that took the salary away from the legislature. I saw in a drug store — every person that went through that checkout stand — please sign here. The clerk or some little girl sitting there said, "Sign this." People had no idea what they were signing there. It is the easiest thing in the world to get signatures on a ballot. They had about seven hundred thousand people that they turned in on that. If you think that you can go — you can go to any super market on a Saturday afternoon or a Friday afternoon and get people to sign any number of signatures you wanted. But still, you are affecting a person's life. You are affecting his integrity."

Senator Day: "Well, I understand that."

Senator Beck: "The charge does not have to be true, Senator Day."

Senator Day: "I understand that. In fact, back in the 1930's my dad served on the school board and they attempted to recall him, and they were unsuccessful. He and the other board member were successful in recovering damages for the false charges after that, thereafter, though, after the recall election failed. So the thing is that I realize that is precluded now. You can say anything about anybody in politics, I guess, but by the same token I think that the whole case should be out here and that we should not abrogate people's rights. I think comparing what people think about our salaries you know, compared to this, are two different things. I want to stay with you as chairman, but really, I am not prepared at this moment to vote down Senator Washington's amendment because it would appear to me that he has some validity in his arguments."

POINT OF INQUIRY

Senator Bailey: "Mr. President, will Senator Beck yield? Senator, you said something that I think gets to the core of the whole bill and I would like you to repeat it. Do you mean that when you take this hearing before someone they will determine whether the charges are true or not and they will then send it on to elections?"

Senator Beck: "The judge has to ascertain if the charges are true. It will just permit the person being charged with committing a malfeasance or a misfeasance or a violation of his oath of office as to whether or not the charges are true, and it permits an appeal to the supreme court."

Further debate ensued.

POINT OF INQUIRY

Senator Lewis (Harry): "As I read this, and I need some clarification on it, Senator Beck, I would like to ask you a question in just a second if you would yield. As I understand it, presently the courts or the prosecuting attorney merely consider the first two items, the sufficiency or specificity of such recall charge or charges and item two, the ballot synopsis of such recall charge or charges. Is that true?"

Senator Beck: "That is pretty much what is being done now."

Senator Lewis (Harry): "And there has been a proliferation of recalls and I certainly do not want to take that right away. Are the items three and four specifically that
Senator Washington is suggesting be removed with his amendment? Are they not for the purpose of providing additional clarification by the court in addition to the charges and the synopsis that they would be included? It seems to me that I am tending to agree with you but I am not sure I or even the Senate totally understand the scope of the amendment. Would you clarify that a little bit?"

Senator Beck: "Yes, you are correct, Senator Lewis. Currently, if you want to file a recall charge against someone, all you have to do is trump up the charges and if they are sufficient, take it to your Prosecutor and he will say that these are sufficient reasons for recall. Then if you are the one who is being recalled you have the right to go to the court and prove to the court that it is wrong . . . that it is either true or false. That does in no way stop the charge of recall. You still go ahead — get your signatures. If you get enough signatures, all right, the thing goes through, but at least the person being recalled can say, 'I have gone to the court and the court has not found these charges to be true'."

Senator Lewis (Harry): "Senator Beck, if you would yield to another question. Then what you are saying, if I understand you, is that the present situation is that any citizen can file a recall petition. The charges may or may not be valid but that the stipulations that are presently in the bill that Senator Washington is proposing to remove, those provide an opportunity for the person being recalled to go to the courts and ask the court to make a statement. Now, for example, prior to an election it would be very advantageous to start a recall petition for some public servant who is running for election and this is really the recourse available to that person just prior to an election to go to the court and get clarification. Is that right?"

Senator Beck: "That is correct."

Further debate ensued.

PERSONAL PRIVILEGE

Senator Lewis (Harry): “Mr. President, point of personal privilege. Speaking very briefly, members of the Senate, I would just like to draw your attention to the first reading of House bills that have just passed over — vital things like ‘duplicates for lost or destroyed pay warrants,’ and ‘relating to outdoor advertising.’ I think this is probably evidence of the rule of the House by committee. I would in contrast like you to pay attention to what is on the calendar for the day. I think that we got malpractice down here, and I think the priorities that we have jointly stressed show a striking contrast between the work that we are trying to do here in the Senate and the unessential and unrelated work, while it may be important to a few people, certainly is out of the priority area and I just would like to draw that to the attention of the Senate.”

MOTION

At 10:15 a.m., on motion of Senator Matson, the Senate recessed until 11:18 a.m.

ment by Senators Beck and Marsh:

Amend the Beck/ Marsh amendment as follows:
Beginning on the last line of page 2, strike all of subsections (3) and (4)
Debate ensued.

POINT OF INQUIRY

Senator Lewis (R. H. “Bob”): Mr. President, will Senator Marsh yield? Senator Marsh, I started out a friend of the bill and now I am having a couple of problems and I wonder if you would clarify one legal point for me. If the court decides that there is truth to the charges that have been brought, does that then set up a situation in which the prosecuting attorney or someone would have an obligation to start legal proceedings?"

Senator Marsh: “If the court decides there is probable cause, then the regular recall proceedings will take place and it will go to the people for vote.”

Senator Lewis (R. H. “Bob”): “It would not set up a situation in which there is reason for a prosecuting attorney to start taking action?”

Senator Marsh: “Would you repeat the question?"

Senator Lewis (R. H. “Bob”): “Yes, if the recall petition is started, it has to be taken to a judge who says, yes, these charges are true, does that situation then exist in which a prosecutor would be obligated to take some legal action against the official who has been in effect already found guilty by a judge?”

Senator Marsh: “Senator Lewis, that is not the role of the court in this particular matter. Under section five in the amendment, the court simply determines whether or not the recall petition is legally sufficient, or whether it should be terminated because of insufficient prima facie evidence. So, if the court determines there has been a prima facie case sufficient to allow the recall proceeding to go forward then it would be up to the prosecutor and all appropriate people to proceed. The court would not mandate it. It would simply have been a determination by the court that this was not a frivolous recall proceeding."

Senator Washington demanded a roll call and the demand was sustained by Sena-
 tors Grant, Sandison, McDermott, Goltz, Wilson, Pullen, Cunningham, von Reichbauer and Gould.

President Pro Tempore Henry declared the question before the Senate to be the roll call on the amendment by Senator Washington to the amendment by Senators Beck and Marsh.

Senator Mardesich: "I will follow that ruling on the basis it is going to be arbitrary, Mr. President."

Senator Jolly moved adoption of the committee amendment to page 4.

PARLIAMENTARY INQUIRY

Senator Bluechel: "I have an amendment that is in effect a scalping amendment that does one thing only. It was necessary to rewrite the bill to put this amendment in. The other amendments which are on the desk would apply to the scalping amendment or to others except or to the existing bill, except it would be in different order, and I am asking for convenience of the Senate which would be the correct way to take it up because my amendment does one thing, and if it is adopted all of the other amendments will — should fit it as well."

REPLY BY PRESIDENT PRO TEMPORE HENRY

President Pro Tempore Henry: "I think, Senator Bluechel, that the body has the right to perfect the existing bill and your amendment to strike and perfect whatever you have will come later."

"In conjunction with the programs provided for in RCW 90.54.040(1), whenever it appears necessary to the director in carrying out the policy of this chapter, the department may by rule adopted pursuant to chapter 34.04 RCW:
(1) Reserve and set aside waters for beneficial utilization in the future; and
(2) When sufficient information and data are lacking to allow for the making of sound decisions, withdraw various waters of the state from additional appropriations until such data and information are available.
Prior to the adoption of a rule under this section, the department shall conduct a public hearing in each county in which waters relating to the rule are located. The public hearing shall be preceded by a notice placed in a newspaper of general circulation published within each of said counties. Rules adopted hereunder shall be subject to review in
accordance with the provisions of RCW 34.04.070 or 34.04.080: PROVIDED, That this section shall not apply to lands lying east of the crest of the Cascade Range.

NEW SECTION. Sec. 2. There is added to chapter 225, Laws of 1971 ex. sess. and to chapter 90.54 RCW a new section to read as follows:

Notwithstanding RCW 90.54.010, RCW 90.54.020 and RCW 90.54.040, the legislature finds that proper use of Washington's water resources east of the crest of the Cascade Range includes the primary recognition of the basic need for the production of food. The legislature further recognizes that proper utilization of this state's water resources east of the crest of the Cascade Range should be evaluated largely on the basis that we as a state must recognize our responsibilities to maximize agricultural production. It is the purpose of this section to set forth fundamentals of water resource policy for the state to insure the highest and best use of our resources for the benefit of the people of Washington and to provide direction to the department of ecology and other state agencies and officials, in carrying out water and related resources programs east of the crest of the Cascade Range.

Utilization and management of the waters of the state east of the crest of the Cascade Range shall be managed so as to comply with the following priorities, which are listed in descending order of importance to our state:

1. Domestic water supply;
2. Stock watering;
3. Agricultural (nonirrigation);
4. Irrigation;
5. Industrial water supply;
6. Commercial water supply;
7. Hydroelectric and thermal power production;
8. Mining;

(1) The department of ecology may make recommendations to the legislature in the form of proposed legislation for the reservation or withdrawal of various waters of the lands lying east of the crest of the Cascade Range whenever such action appears desirable to the director in carrying out the policies of this chapter.

(2) Such recommendations shall be made only after a hearing is held in the same manner as that required by RCW 34.04.025 for the adoption of rules.

NEW SECTION. Sec. 4. There is added to chapter 225, Laws of 1971 ex. sess. and to chapter 90.54 RCW a new section to read as follows:

(1) The department of ecology shall not, in issuing permits for appropriation of surface or ground water, place any expiration date on such permits. Except as provided in RCW 90.03.380, such permits shall be only transferable with the lands or property to which the water is to be beneficially used and shall run in perpetuity.

(2) Subsection (1) of this section shall not apply to temporary permits issued pursuant to RCW 90.03.250 or to preliminary permits or extensions thereof issued pursuant to RCW 90.03.290.

(3) The department of ecology shall not impose any conditions upon the issuance of permits for appropriation of surface or ground water which:

(a) Would force the permittee to assume an undue financial obligation; or

(b) Require the permittee to devote the lands or property to which the water is to be beneficially used for any public uses or require the granting of access or other rights not related to the regulation of the administration of the permit.

NEW SECTION. Sec. 5. There is added to chapter 225, Laws of 1971 ex. sess. and to chapter 90.54 RCW a new section to read as follows:

The department of ecology shall:

1. Determine which of the permits for appropriations of surface or ground water it has issued prior to the effective date of this 1976 amendatory act are affected by expiration dates, conditions, or other limitations which would violate section 4 of this 1976
amendatory act if imposed with respect to permits issued after such effective date;

(3) Notify permittees by certified mail of any orders issued under subsection (2) of this section which affect their permits.

NEW SECTION. Sec. 6. There is added to chapter 225, Laws of 1971 ex. sess. and to chapter 90.54 RCW a new section to read as follows:
(1) Except as provided in subsection (2) of this section, the department of ecology shall, within ninety days after the publication requirements of RCW 90.03.280 have been met, issue or deny a permit for appropriation of surface or ground water for which application has been made. The permit shall be deemed granted in the event the department fails to deny or issue the permit within the ninety days.
(2) (a) The ninety day period shall be suspended during the period for which a preliminary permit has been issued pursuant to RCW 90.03.290. The full ninety day period shall begin to run on the day after such a preliminary permit, with any extensions thereof, has expired.
(b) In the event the department determines that a detailed statement is necessary under the provisions of chapter 43.210 RCW, the department shall issue an order extending such time until completion of such statement: PROVIDED, That such extension shall not exceed sixty days. The department shall diligently prepare such statements so as to avoid any undue delay in determining whether to issue or deny such permit.

SUBSTITUTE SENATE BILL NO. 3039, by Select Committee on Medical Malpractice (originally sponsored by Senators Day, Walgren, McDermott, Donohue, North, Lewis (Harry), Newschwander, Marsh, Matson, Henry, Buffington, Sellar and von Reichbauer):

Modifying tort system for compensating patients injured as a result of health care.

Senator Day moved adoption of the following amendment by Senators Woody, Day and Van Hollebeke:

On page 4, line 7, strike "six" and insert "eighteen"

Debate ensued.

POINT OF INQUIRY

Senator Buffington: "Will Senator Francis yield to a question? Can you cite any case at all of an individual who has reached the age of majority who was not allowed to sue during that time in any state? Of course not in Washington because we have that present statute of limitations."

Senator Francis: "Just for clarification, do you mean someone who would under the present law be barred from bringing suit prior to the age of majority? No, as far as I know, no one is barred from bringing suit now regarding that item even when they are under the age of eighteen. However, I am also aware of a number of cases in which no one bothered to do that for the child and they had to bring the action themselves after they reached majority."

Further debate ensued.

POINT OF INQUIRY

Senator Mardesich: "Will Senator Day yield? Do you have any statistics with respect to the subject — the implication is that there would be no significant effect on the malpractice rate. If that is true, then what is the point of this — your position, your feeling that it should be left in?"

Senator Day: "Well, my point is that I just feel that it is the essence of equal protection under the law to have a person have an opportunity to sue and to act for himself before that opportunity is abrogated, and that is what this does."

Senator Mardesich: "Mr. President, strictly from a technical point, I am not so sure that there is any question of constitutionality here because in fact the minor is in a capacity to act through his representative, and I think that would solve the question of unconstitutionality, although I am no constitutional lawyer, on the basis of logic and reason that would follow. The whole purpose in malpractice insurance is to affect the rate and I am not so sure there are not such statistics which would indicate that this should not be adopted. My inclination would be to leave it in the bill."

Further debate ensued.

POINT OF INQUIRY

Senator Henry: "If the Chair can ask for some clarification, I am a little bit confused. Are you trying to tell me that a youngster can sue for a malpractice death of its father after it reaches the age of majority?"
Senator Van Hollebeke: “Yes, Mr. President.”
Senator Henry: “That is not the way I understood the bill.”
Senator Bottiger: “Mr. President, so that we do not confuse each other, I am not sure I agree with Senator Van Hollebeke, but I am sure I disagree with the implication of the Chair. The minor child has an action for the wrongful death of the parent but I am sure — I believe the regular statute of limitations would apply and you would have to appoint a guardian immediately. I disagree with Senator Van Hollebeke with the suggestion that that child could wait until its eighteenth birthday. I do agree with the amendment however, and disagree with Senator Buffington now that I have gone around the rules.

“The problem that we have here is the implication that every parent will do what is best for his child and that the child not have the choice himself. You have to remember that there is a filing fee, a petition, attorney's fees, all of the rest of these things necessary to start the action. To get selected and be appointed with a signed court order is quite a little item and I think at that point you find the theory breaking down that these parents are immediately going to spring forth and bring these actions. And if they do not, under this amendment that child is forever barred. I think at that point there would be a constitutional question as to the equal protection of the law. Now, I disagree with Senator Mardesich.”

POINT OF INQUIRY

Senator Henry: “I thought I was confused before. The way the law was explained to me, and before I vote on this, I would like somebody to straighten it out that the limitations in the law at the present time is that the youngster who is personally injured or through some malpractice at birth — three years after reaching majority I believe the figure was, in order to bring suit in case some member of the family did not. Now, if I understood Senator Van Hollebeke correctly, if that child is two years old when his father dies — when he reaches twenty-three — he can still sue for the death of his father and that is where I am hung up.”

Senator Francis: “Mr. President, basically the President is right. I do not remember how long it is after the age of majority, but your point is correct, and Senator Bottiger also, that that would not apply to an action — a wrongful death action. That only applies to the injury to the minor child. The regular standard — statute of limitations applies to bringing an action for wrongful death. In fact, the statute relating to wrongful death is just separate and apart from the rest of the law and you just have to follow the procedures that are in that statute.”

The motion by Senator Day failed and the amendment by Senators Woody, Day and Van Hollebeke was not adopted on a rising vote.

There being no objection, the amendment by Senator Francis to page 4, line 9 on the Secretary's desk, was withdrawn.

There being no objection, the amendment by Senators Woody, Day and Van Hollebeke to page 4, beginning on line 9 on the Secretary's desk, was withdrawn.

Senator Francis moved adoption of the following amendment:

On page 4, section 9, line 31 after “not” and before “consent” insert “give an informed”

Debate ensued.

The motion by Senator Francis failed and the amendment was not adopted on a rising vote.

Senator Mardesich moved adoption of the following amendment by Senator Woody since Senator Woody had asked Senator Mardesich to do so in his absence:

On page 5, section 11, line 24, strike all matters on lines 14 through 16 and renumber the remaining subsections.

Debate ensued.

POINT OF INQUIRY

Senator Bailey: “Mr. President, would Senator Buffington yield? Senator Woody is not here now, but I am very interested as one of the outsiders and not a member of the
Select Committee in knowing when these amendments come up. Just what action was taken or were these considered in the select committee and what was the action of the select committee on these various amendments? Were they considered at all?"

Senator Buffington: "In answer to your question, Senator Bailey, no, they were not. This was not brought up before the Senate Select Committee and as you are all aware, this is a Senate Select Committee bill and it was approved by a majority of the members with only one dissenting vote. It was approved wholly — no dissenting votes. So this is a committee bill. The amendments on the table today are not a part of the recommendations by the Senate Select Committee for this bill."

The motion by Senator Mardesich failed and the amendment by Senator Woody was not adopted.

Senator Francis moved adoption of the following amendment:

On page 5, section 12, line 34, after "(c)" strike everything down to and including "(d)" on page 6, line 1.

Debate ensued.

The motion by Senator Francis failed and the amendment was not adopted.

On motion of Senator Day, the following amendment by Senator Woody was adopted:

On page 6, line 9, strike "medical" and insert "expert".

Senator Day moved adoption of the following amendment by Senator Woody since Senator Woody was absent:

On page 8, line 33, after "Title" strike "7" and insert "4"

Debate ensued.

The motion by Senator Day failed and the amendment by Senator Woody was not adopted.

On motion of Senator Day, the rules were suspended, Engrossed Substitute Senate Bill No. 3039 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

POINT OF INQUIRY

Senator Mardesich: "Will Senator Day yield to a question? Now it just occurred to me, Senator Day, under the consent portion of the bill — with respect to our mental patients — what position are our doctors going to be in?"

Senator Day: "Well, they would have to have someone who was responsible — let's see if I can find that and read it to you. 'By a patient or his representative.'"

Senator Mardesich: "It just occurred to me, are they going to have to go through that every time they want to . . . ."

Senator Day: "No, informed consent is not mandated anyway, but . . . ."

Senator Mardesich: "Well, it must be shown that he did not give consent."

Senator Day: "No, that's right. It is not a mandatory thing in here. It is an additional tool that is available."

Senator Mardesich: "Are you saying then that the hospital doctors will have to get consent?"

Senator Day: "No, under provisions of this act, 'failure to obtain the consent of a patient in accordance with this section shall neither create a presumption that the consent was not obtained nor prevent proof that consent was obtained.' You will find that on the top of page 7, and I believe that is current law to — yes, that is under the consent form — that is mandated that certain things have to be in that consent form."

POINT OF INQUIRY

Senator Rasmussen: "Will Senator Day yield to another question?"

Senator Day: "As long as it is not about attorneys or what was that? Wills? At one time you were pretty sharp on that, Senator. Deeds and trusts, yes. Joint tenancy, that is the one I think you . . . ."

Senator Rasmussen: "Let me ask Senator Day. On that section thirteen that you were discussing with Senator Mardesich?"

Senator Day: "Yes."
Senator Rasmussen: "I am a little bit concerned with that consent portion. In the event the patient gives his consent and goes into the hospital or the doctor works on him — and presumably that he has given his consent and the doctor works on him in a careless fashion. By reason of having that signed consent then he has no right of redress through the courts?"

Senator Day: "No, if the doctor works on him in a careless fashion of course it would not apply at all. And it sets forth clearly in here that the doctor has to give him a description in language the patient could reasonably be expected to understand — the nature of the course of proposed health care, the anticipated results, the acceptable alternatives and the significant risks. And in addition thereto I think it is an obvious thing that if anyone is careless, drunk, does not practice in the manner that is set forth in the standards of care section that he then would be clearly liable. In other words this would be only a piece of evidence but other evidence could be introduced. So he would not have lived up to the standard of care section."

Senator Rasmussen: "Section thirteen is a pretty broad section and that is what I was concerned with. I don't know about section four."

Senator Clarke: "Perhaps I could help you, Senator Rasmussen. There are two separate things. Section nine relates to an actual malpractice where the physician was negligent and the informed — you have to there of course, one of the things they have to show was that consent was not given. But let us assume the doctor was not negligent and did not however give informed consent. Then the patient could have a right under the failure to give informed consent. So there are two separate situations and the mere fact that under section nine consent was given certainly does not in any way prevent action for actual negligence and malpractice."

Debate ensued.

POINT OF INQUIRY

Senator Rasmussen: "I would like to ask Senator Buffington, in the considerations of this legislation at any time was any evidence introduced to the committee as to the dollar amount of the insurance collected — the dollar amount that was paid out — and whether there was any basis for this tremendous increase in rates. If so, nothing has ever been provided this body so we would have something to go on and I think that Senator Ridder spoke to a very pertinent point that there is no evidence that this will reduce rates and there is no evidence that the insurance companies are not making a big rake-off on it the way it is. Do you have that information?"

Senator Buffington: "Mr. President, yes, Senator Rasmussen, we do have information to substantiate the question you have asked. Senator Ridder, we know one thing that where we have said it here on the floor, that we know that the medical malpractice insurance — passage of this bill is not going to decrease the rates, that we do know that it will probably at least stop the increase in rates, so I think that is a point that should be remembered. I would be happy to stand here for another half an hour and cite all the statistics but I think if it is a matter of your vote one way or another I would be happy to do so at the discretion of the President. However, I would be happy to sit down with any of you right now as soon as this vote is taken or on adjournment and go over all the statistical data that Mr. Wellman has provided the committee from the Aetna Insurance Company."

Senator Rasmussen: "If the lady would just tell us how much money was collected in premiums in 1974 and how much was paid out."

Senator Buffington: "I can give you a physician liability rate. In the year 1974 the minimum rate was five hundred and twenty-seven dollars. The maximum rate was three thousand fifty-eight. Now in 1976 the minimum rate has jumped from five hundred and twenty-seven dollars to one thousand two hundred and eighty-seven dollars. The maximum rate — now this is for class four physician. This is a physician who deals with orthopedic surgery, anesthesiology and a few of the more complicated specialties. His premiums have jumped from three thousand fifty-eight to ten thousand eight hundred and forty seven dollars."

Senator Rasmussen: "Senator Buffington, that was not the information I asked. I
have a friend, a top-priced doctor, whose rate was raised to nine thousand dollars. I
know that. What I was asking, I heard that the insurance companies collected fifteen
million dollars and paid out less than three million, and this is the information I was
looking for. Do you have those statistics?"

Senator Buffington: "I have them but unfortunately I do not have them at my
desk."

Senator Henry: "I think you are fairly close, Senator Rasmussen."

**POINT OF INQUIRY**

Senator Day: "I just want to say, Senator, that you cannot tell anything from such a
statistic because with the statute of limitations and with the reserve that they have to
create for the next year relative to the cases that are unsettled and the cases that are not
yet even filed, you see, you cannot tell a thing from such a figure."

Senator Rasmussen: "Well, thank you Senator. Mr. President, this is the problem
that is bothering me. That if they are only paying out three million and collecting fifteen
million over a period of ten years they are going to have a tremendous reserve. I don't
believe that, because I don't understand, Senator Day, what this reserve would do any
good when they have folded up and gone out of business. Do they still remain liable for
the particular years they were carrying the policy? If you pile up a hundred and fifty
million dollar reserve and invest it in the stock market, the way the stocks have been
going, you will have five hundred million and who is going to collect it?"

Senator Day: "Yes."

Further debate ensued.

**ROLL CALL**

The Secretary called the roll on the final passage of Engrossed Substitute Senate
Bill No. 3039, and the bill passed the Senate by the following vote: Yeas, 43; nays, 4;

On motion of Senator Knoblauch, Senators Fleming, Francis, Keefe, Mardesich and Woody were excused. On motion of Senator Lewis (R. H. "Bob"), Senator Murray was excused.

The Colors were presented by members of the Coast Guard. Reverend David W. Kratz, associate minister of United Churches of Olympia, offered the following prayer:

"O GOD OF OUR HISTORY, WE THANK YOU FOR YOUR GIFT OF LIFE. THIS MORNING ESPECIALLY WE THANK YOU FOR YOUR PRESENCE IN THE GRAND SWEEP OF PEOPLE AND EVENTS THROUGHOUT ALL TIME WHICH HAS BROUGHT US TO THIS PLACE AND THIS ERA AND WITHOUT WHICH WE WOULD BE NOTHING. APPOINTMENT OF SPECIAL COMMITTEE

The President announced the presence in the Senate Chamber of Rear Admiral Chester A. Richmond, Commandant of the 13th Coast Guard District and appointed Senators Beck, Bailey and Clarke as a committee of honor to escort the honored guest to the Senate rostrum.

MOTION

On motion of Senator Beck, the following resolution was unanimously adopted:

SENATE RESOLUTION 1976-182

By Senators Beck and Rasmussen:

WHEREAS, On August 4, 1790, then President of the United States, General George Washington, whose name this state proudly bears, signed an order authorizing
WHEREAS, It is worthy of note that each of those ten vessels, of thirty-six to forty foot-keel, fully rigged and ready for the high seas, cost one thousand dollars; and

WHEREAS, Serving under a variety of names and under various jurisdictions until 1915 when it became the United States Coast Guard, the land, sea and air arms of this triphibious service have served with valor and distinction through our nation's periods of both peace and war; and

WHEREAS, From 1790 until today, the United States Coast Guard has guarded our ports, patrolled our coasts, enforced the maritime law, conducted ice search and icebreaking, rescued distressed mariners offshore and in inland waters, participated in our wars as far afield as Normandy and Korea, and in every service and in every circumstance, conducted itself in the highest levels of its own demanding tradition; and

WHEREAS, As of this date, February 4, 1976, the Senate of the State of Washington is the proud host of Rear Admiral Chester A. Richmond, Commandant of the 13th Coast Guard District with headquarters in Seattle, Washington; and

WHEREAS, Admiral Richmond is a guest of the Washington State Senate as an official representative of the United States Coast Guard;

NOW, THEREFORE, BE IT RESOLVED, That the Senate of the State of Washington does declare its pride in and respect for the Coast Guard of the United States of America, and does convey a heartfelt well done to all personnel of our Coast Guard during this Bicentennial Year; and

BE IT FURTHER RESOLVED, That a copy of this resolution be transmitted by the Secretary of the Senate to Admiral Richmond, Commandant, 13th Coast Guard District, Seattle, and to all other interested groups and individuals.

REMARKS BY THE PRESIDENT

The President: "It is a pleasure in continuing our commemoration of the military service as a part of the bicentennial celebration, to introduce to the members of the Senate a distinguished war hero representing the United States Coast Guard.

"With us, today, we are honored to have a graduate of Berkeley High School who served in the army for two years prior to receiving an appointment to the Coast Guard Academy from which he graduated in 1943.

"Our respected guest has served with the Coast Guard in many capacities in Hawaii and Alaska and was awarded the distinguished flying cross for his brave actions during a rescue mission while serving with the Coast Guard detachment in Kodiak. He was the Chief of the Chief of Operations branch in the Aviation Division and later served as Chief of the Search and Rescue Division. In 1968 he became Chief of Staff of the 13th Coast Guard District in Seattle and was promoted to the rank of Rear Admiral, August 1, 1969. Subsequently, he became Chief of the Office of Research and Development at Coast Guard Headquarters and Commander of the 13th Coast Guard District.

"Our guest, today, is the husband of the former Barbara O'Connell of New London, Connecticut, and the proud father of seven children.

"Will the members of the Senate please rise and give Rear Admiral Chester A. Richmond, representing the United States Coast Guard, the welcome he so richly deserves."

REMARKS BY ADMIRAL RICHMOND

Admiral Richmond: "Thank you very much, Mr. President, members of the Senate, Ladies and Gentlemen. As I was sitting here listening to the resolution and Senator Beck's remarks I began to think that my remarks had already been said. The points in the resolution and Senator Beck's remarks pretty much covered what I had planned to say. However, there were a number of inaccuracies, not in the resolution, but in the Senator's remarks, and I will point these out as I go along if I may.

"In the Bicentennial year of our country, we in the Coast Guard have good reason to be proud. Throughout our one hundred and eighty-six years of existence, the Coast Guard has contributed many heroic and significant chapters to America's history. Today I assure you that we are as ready to perform our missions and responsibilities as
at any time in our past. Even though we have added many new responsibilities, and we face many new challenges, the state of your Coast Guard today is excellent. And I have used the phrase, 'your Coast Guard' deliberately since our peace-time missions are of a humanitarian and public service nature. As one of the nation's five armed forces, we also train with, and stand beside the Navy, ready to defend our country today as we have in every conflict since 1790. I might add that some people have said that the Coast Guard is the nucleus around which the Navy forms in time of war.

"As the two hundredth anniversary of the founding of our country approaches, I think it would be appropriate to reflect for a few minutes upon our origins and in doing so, I would like to speak briefly about the origins of the Coast Guard. In 1790, one year after Washington entered the presidency, the country faced bankruptcy and a breakdown of federal authority. The primary cause of this problem was smuggling which was diverting desperately needed tax dollars from the national treasury. The Secretary of the Treasury, Alexander Hamilton, saw that a federal government without funds could not meet its responsibilities, and what he saw was a problem so serious that it could spell an end to this new nation. His solution was the establishment of a treasury fleet to enforce the customs law and to insure that the country receive the customs duties that it so desperately needed. On August 4th 1790, Congress authorized the construction of the ten vessels for the collection of revenue. As the Revenue Cutter Service, as it was known at this time, it was the beginning of today's Coast Guard.

"The cost of this new fleet, as has been pointed out, was extraordinarily low, even by the standards of those far-off times. Each of the cutters was to cost one thousand dollars, but cost overruns, gentlemen, are not unique to today. Those first cutters actually cost about two thousand dollars. Further, the modest recommendations for financing the new service were pared down by a parsimonious congress. The forty dollars per month pay recommended for captains was cut to thirty, and the pay for mates and mariners was similarly cut.

"In 1837, the Secretary of the Treasury was directed to cause any suitable number of vessels to cruise upon the coast in the severe portion of the season and to afford aid to distressed mariners. This duty has been traditional with the Service in all the years since, and search and rescue is now stated as a major mission of the United States Coast Guard. The concern and the aid for distressed mariners was thus early incorporated into the role of the Revenue Cutter Service, and it was therefore natural that the Life Saving Service should be amalgamated with the Revenue Cutter Service in 1915 to form the nucleus of the present-day Coast Guard.

"And so the years passed, the Service growing and becoming more advanced in its techniques and its equipment. To the Coast Guard's dedicated men of the Revenue Cutter Service and the Life Saving Service were added the professional corps of the Light House Service in 1939, and the Bureau of Marine Inspection and Navigation in 1941. The Coast Guard emerged from World War II a world-wide, complex organization with a wide variety of duties, still founded on individual dedication.

"Turning to today's problems you may have read recently about congressional action to extend the United States control of foreign fishing operation from twelve to two hundred miles. Recently the House of Representatives approved a bill which would claim a two hundred mile economic zone off our coast, and the Senate has approved a similar two hundred mile fisheries management zone. This extension of U. S. jurisdiction to two hundred miles will significantly increase Coast Guard requirements for surveillance of foreign fishing fleet activities. It is important however, to point out that the establishment of the two hundred mile zone will not eliminate foreign fishing between twelve and two hundred miles. It will however, give the United State total authority to regulate fishing within this zone and to insure compliance with its regulations through rigid surveillance and boardings.

"The Coast Guard has many maritime duties, and one of the newest is marine environmental protection. This includes increased powers and responsibilities in the prevention, the detection and the clean-up of pollution on U. S. waters. The vessel traffic system on Puget Sound, here, is a part of this new environmental program. It is designed to prevent or to reduce environmental damages. Since its establishment, there
has been not one single vessel collision or grounding in the waters covered by the system.

"Ice breaking is another mission of the Coast Guard which is receiving increased emphasis because of the energy crisis and the discovery of oil in the Arctic regions. America's two newest ice breakers, the Polar Star and the Polar Sea, will be home ported in Seattle. The Polar Star, the first of an all new generation of ice breakers, was commissioned in Seattle last month, and her sister ship, the Polar Sea, will be commissioned in the summer of this year. These two ships will form the backbone of America's ice breaking fleet.

"Like any organization, we in the Coast Guard, are really dependent in the final analysis upon the individual courage, knowledge, skill and motivation of our people for our accomplishments, and as I look around me, particularly at my younger shipmates, I am confident that they will add new chapters to the proud history of the Coast Guard in the service of its country. Thank you."

REMARKS BY SENATOR RASMUSSEN AND ADMIRAL RICHMOND

Senator Rasmussen: "I would like to ask the Admiral, does he think the Coast Guard is fully capable of getting oil tankers in and out of Puget Sound safely with this new system? The reason I ask that question, Admiral, there are some doubters on this earth. I think you are capable; I would just like to have you reassure us."

Admiral Richmond: "I had a feeling that something like this might come up. I guess in every human endeavor, there is a certain element of risk, and I would not stand here before this distinguished group and say that it is not possible to have a risk, the risk of a spill. I think it is possible, but remote.

"My own personal judgment is that we can operate tankers in and out of Puget Sound in the numbers that have been talked about safely with very, very little risk of spill. I feel personally that it is a kind of a risk that we must take. As an individual and as a resident of this state I do not feel that we can take a parochial position and say simply we are not going to let any more oil come in and out of here than will service our own Washington area. I think we have responsibilities for the Northwest in general, and I do not share the concern that some of the citizens have in the state about the tremendous risk.

"When they talk about a significant, or an order of magnitude, or increase in tanker traffic, we are really talking about going from perhaps one a day to two a day, and I would point out to the Senators here that some of the larger vessels, some of the larger container ships, carry almost the same amount of diesel fuel, or fuel, I should say, for their ship operations as the smaller tankers, the T-2 tankers. So, I do not — I feel that any endeavor is a risk. I think the possibility still is remote. I personally, as a citizen of the great state of Washington, am willing to accept that risk."

REMARKS BY SENATOR GUESS

Senator Guess: "Mr. President, I would like to express to Admiral Richmond my appreciation for the explanation and the opportunity to visit the facilities at Pier 36. I witnessed there the operations of the vessel traffic system and found that there was a seriousness and a dedication that you would not believe. It was like going into the operating room of a big hospital. Everybody was paying attention to their detail. Everybody had a detail to do, and I felt that they were taking it with all the gravity that a group of men could take a situation.

"Then, following our explanation and the opportunity to view the control system there at Pier 36, we also had the pleasure of having Captain Beckwith with us on the transit from Port Angeles over to Cherry Point, and it was during that day that I had further opportunity to explore with Captain Beckwith some of the details of the sophisticated system. I now know that those of us on the Floor who were able and privileged to make that trip gained a tremendous admiration for the sincerity and the skill with which the system is being operated, and I wanted to tell you publicly that we appreciate very much the dedication that your men have to the protection of the Sound."
REMARKS BY SENATOR BECK

Senator Beck: "Thank you, Mr. President and ladies and gentlemen of the Senate. I do not know whether you were concentrating on it; I am sure you heard it, but I would repeat that in all the years that tankers have been coming into Puget Sound that there has never been a grounding or a major — any kind of an oil spillage, a major spillage from any of the tankers that have ever come in here. And a large amount of the credit for that can be given to the Coast Guard. Last year we had — in the last five years we have had seventeen accidents on Puget Sound. Only one of them has been an oil tanker, and that happened out on the other side of Port Angeles.

"I know I was over and visited with the Admiral's vessel traffic control system over at Pier 36. He extended the invitation to me, and I am sure that he would extend it to all of the rest of you people who would like to go up there and see exactly how they control these vessels on Puget Sound. Not one of those accidents would have happened if this system had been in operation at the time and they could have conveyed the message to those vessels that had accidents. But, as I said before, there has never been a major spillage or the grounding or trouble of any tanker in Puget Sound."

The President presented Admiral Richmond with a Bicentennial Flag for the Coast Guard.

The committee of honor escorted Rear Admiral Richmond from the Senate Chamber and the committee was discharged.

REMARKS BY SENATOR RASMUSSEN

Senator Rasmussen: "Mr. President, I would like to ask that the Admiral's remarks be transcribed and enough copies be made for both the House and the Senate."

REMARKS BY SENATOR BOTTIGER

Senator Bottiger: "Mr. President, I am wondering if we are introducing a new system of debate here. Perhaps we should have some noted Puget Sound pilot come and make a presentation. We can note that in the record and have it printed up and hear the other side. I refrain from commenting. I assure you you heard one side of an argument here, and I take it we are not going to use that in — as a testimony to the safety of oil tankers on Puget Sound."

REMARKS BY SENATOR RASMUSSEN

Senator Rasmussen: "Mr. President, I fail to understand Senator Bottiger's comments. Here we have a very capable person that knows what is going on in the world of vehicle traffic in the Puget Sound area and the waters of Washington State and I think that his remarks are very pertinent and knowledgeable and if it goes by without being transcribed, it certainly would not be available to other people that are very much interested in it."

POINT OF INFORMATION

Senator Goltz: "Mr. President, as a point of information, the presence of the Whatcom County Democratic Ladies reminded me that at least the Bellingham levy passed yesterday. At least one levy in Whatcom County did not pass but it seems to me that the crisis may be over and I wondered if a motion to adjourn Sine Die would be in order at this time."

There being no objection, the Senate returned to the first order of business.

MOTION
At 10:45 a.m., Senator Walgren moved the Senate be in recess until 1:30 p.m.

POINT OF INQUIRY
Senator Rasmussen: "Will Senator Walgren yield to a question? Senator Walgren, there is a Memorial in Rules Committee relating to the Panama Canal which is a very pertinent subject right at this time. I wish to inquire, is it the intention of Rules Committee to have those very important matters brought out or to be studied another year after the Panama Canal is given away?"

Senator Walgren: "Well, I know, Senator Rasmussen, your very great concern for that particular piece of legislation. I would suspect that that might not appear on the calendar, Senator."

The motion by Senator Walgren carried and the Senate recessed until 1:30 p.m.

AFTERNOON SESSION
The President called the Senate to order at 1:30 p.m.

MOTIONS
On motion of Senator Newschwander, Senator Lewis (R. H. "Bob") was excused.
On motion of Senator Walgren, the Senate returned to the sixth order of business.

SECOND READING
SENATE BILL NO. 2786, by Senator Stortini:
Relating to education.

MOTION
On motion of Senator Stortini, Substitute Senate Bill No. 2786 was substituted for Senate Bill No. 2786 and the substitute bill was placed on second reading and read the second time in full.

POINT OF INQUIRY
Senator Guess: "Will Senator Stortini yield? Senator Stortini, I am told that on the matter on line seven 'each school district board of directors may adopt written rules and regulations' and I am told that the WAC that is already published says that the board of directors 'shall' adopt written rules and regulations."

Senator Stortini: "Yes, in fact, Senator, these rules that we have before us at the present time are part of WAC, and what we are doing is simply saying that we want this legislature to be able to have a priority in setting rules and regulations into statutes. We are removing those three things in this bill, expulsion, suspension and discipline, and simply saying they shall be part of state statutes. Yes, I think that in line seven it is probably a typographical error, Senator, because WAC does say 'shall'."
On motion of Senator Guess, the following amendment was adopted:
On page 1, line 7, after "directors" strike "may" and insert "shall"

POINT OF INQUIRY

Senator Clarke: "With respect to the amendment, I pose this question. By putting this into statute instead of keeping it in the rules and regulations, of course any change then requires a legislative action and I see no rule inconsistency here by having a statute that says that the board of directors 'may' — if you change that to 'shall' then you are mandating the situation. Now, the only mandating to date is by virtue of the rules and regulations that say 'shall'. So, I would ask you what your intent really was. Do you intend to, by statute, mandate the same as the rules are or did you intend the word, 'may'?"

Senator Stortini: "Well, the intent, Senator Clarke, is that the legislature 'shall' have the right to set the rules and regulations. So, with that intent in mind, it seems to me it would be logical that we tell the board of directors, rather than 'may', they 'shall' adopt those rules and regulations."

Debate ensued.

On motion of Senator Stortini, the rules were suspended, Engrossed Substitute Senate Bill No. 2786 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

POINT OF INQUIRY

Senator Guess: "Will Senator Stortini yield? Senator Stortini, I notice that we are going to legislate in the field of expulsion, suspension and discipline. The word, 'expulsion' means denial of the right of school attendance for an indefinite period of time. Then when we get down to talking about suspension, on line seventeen, we say, 'provided that no pupil shall be suspended from an elementary school for more than ten consecutive days.' Do we by that mean that a student might not be expelled from an elementary school?"

Senator Stortini: "Yes, we are breaking that down, Senator, definitely, and spelling it out. There has been concern for expelling someone, for example in that fourth grade class for more than a period. As a result, we do break that down in subsection two here in dealing with suspensions."

Senator Guess: "I am wondering what we are establishing for the courts and for the schools and have we defined the word, 'expulsion' sufficiently to make sure that expulsion can take place when we qualify it with (a) and (b) in subsection two.

Senator Stortini: "Yes, I think so, Senator. I think it gives the administrator and the classroom teacher the opportunity to suspend someone or expel someone not having to be tremendously concerned about that individual being back in class the very next day as so often happens in our school system."

Senator Guess: "Well, I would hope that we have not by (a) and (b) tied the hands of the school board and administrators because we say 'from an elementary school and not more than ten days and suspended from a secondary school not more than ninety consecutive school days.' I may be begging the question, but I think that it is one of the things that they are going to get into serious trouble about in the terminology."

Senator Stortini: "I do not really think we are tying the hands of the school boards at all, Senator, since it is in WAC at the present time and yet it has not been used. I think the school boards at least will see that we, in the legislature, are very concerned about it and maybe their action will be to a greater extent than that which it has been in the past."

Further debate ensued.

ROLL CALL

The Secretary called the roll on the final passage of Engrossed Substitute Senate Bill No. 2786 and the bill passed the Senate by the following vote: Yeas, 42; nays, 1; excused, 6.

Voting yea: Senators Bailey, Beck, Benitz, Bluechel, Bottiger, Buffington, Clarke, Cunningham, Day, Donohue, Goltz, Gould, Grant, Henry, Herr, Jolly, Jones, Knob-

Voting nay: Senator Guess—1.

ENGROSSED SUBSTITUTE SENATE BILL NO. 2786, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

MOTION

At 1:55 p.m., on motion of Senator Matson, the Senate was declared to be at ease.

The President called the Senate to order at 2:20 p.m.

SECOND READING

SENATE BILL NO. 3028, by Senators Stortini, Newschwander and Sellars:

Providing for professional development and evaluation of school district certificated employees.

MOTIONS

On motion of Senator Stortini, Substitute Senate Bill No. 3028 was substituted for Senate Bill No. 3028 and the substitute bill was placed on second reading and read the second time in full.

Senator Stortini moved adoption of the following amendment:

Beginning on page 1, strike all the material after the enacting clause and insert:

"NEW SECTION. Section 1. The superintendent of public instruction shall, on or before January 1, 1977, establish and may amend from time to time minimum criteria for the evaluation of the professional performance capabilities and development of certificated classroom teachers and certificated support personnel. For classroom teachers the criteria shall be developed in the following categories: Instructional skill; classroom management; professional preparation and scholarship effort toward improvement when needed; and interest in teaching pupils and knowledge of subject matter. For certificated support personnel minimum evaluation criteria shall be developed by the superintendent of public instruction.

Sec. 2. Section 22, chapter 34, Laws of 1969 ex. sess. as amended by section 22, chapter 288, Laws of 1975 1st ex. sess. and RCW 28A.67.065 are each amended to read as follows:

[Every board of directors, in accordance with procedure provided in RCW 41.59.010 through 41.59.170, 41.59.910 and 41.59.920, shall establish an evaluative criteria and procedures for all certificated employees. Such procedure shall require not less than annual evaluation of all employees. New employees shall be evaluated within the first ninety calendar days of their employment. Every employee whose work is judged unsatisfactory shall be notified in writing of stated areas of deficiencies along with recommendations for improvement by February 1st of each year. A probationary period shall be established from February 1st to April 15th for the employee to demonstrate improvement.] Every board of directors shall establish evaluative criteria and procedures for all certificated classroom teachers and certificated support personnel. The evaluative criteria must contain as a minimum the criteria established by the superintendent of public instruction pursuant to section 1 of this 1976 amendatory act and must be prepared within six months following adoption of the superintendent of public instruction's minimum criteria. The district must certify to the superintendent of public instruction that evaluative criteria has been so prepared by the district.

It shall be the responsibility of a principal or his or her designee to evaluate all certificated personnel in his or her school.

All evaluations shall be in accordance with the following procedure: Each certifi-
cated classroom teacher and certificated support personnel, hereinafter referred to as "employee" in this section, shall be observed at his or her assigned duty for purposes of evaluation for at least a minimum of sixty minutes throughout the school year and results of the evaluation shall be documented in writing. Copies of the results of the evaluation shall be given to the employee within three days for each observation period. New employees shall be evaluated within the first ninety calendar days of their employment.

Every employee whose work is judged unsatisfactory based on district evaluation criteria shall be notified in writing of stated, specific areas of deficiencies along with a suggested specific and reasonable program for improvement on or before February 1st of each year. A probationary period shall be established beginning on or before February 1st and ending no later than May 1st. The purpose of the probationary period is to give the employee opportunity to demonstrate improvement in his or her areas of deficiency. The establishment of the probationary period and the giving of the notice to the employee of deficiencies shall be by the school district superintendent and need not be submitted to the board of directors for approval. During the probationary period the evaluator shall meet with the employee at least biweekly to supervise and make a written evaluation of the progress, if any, made by the employee. The evaluator shall authorize one additional certificated employee to evaluate the probationer and to aid the employee in improving his or her areas of deficiency. The probationer may be removed from probation if he or she has demonstrated improvement to the satisfaction of such evaluator in those areas specifically detailed in his or her initial notice of deficiency and subsequently detailed in his or her improvement program. Lack of necessary improvement shall be specifically documented in writing with notification to the probationer and shall constitute grounds for a finding of probable cause under RCW 28A.58.450 or 28A.67.070, as now or hereafter amended.

The establishment of a probationary period shall not be deemed to adversely affect the contract status of an employee within the meaning of RCW 28A.58.450, as now or hereafter amended.

NEW SECTION. Section 3. The superintendent of public instruction shall, on or before January 1, 1977, establish and may amend from time to time minimum criteria for the evaluation of the professional performance, capabilities and development of all school district administrators other than superintendents, hereinafter referred to as "administrators." NEW SECTION. Section 5. Each certificated employee may evaluate the administrators of his or her respective school such evaluations shall be made available only to the administrator to aid in his or her professional performance.

The failure of any evaluator to evaluate or supervise or cause the evaluation or supervision of certificated employees or administrators in accordance with RCW 28A.67.065, as now or hereafter amended, when it is his or her specific assigned or delegated responsibility to do so, shall be sufficient cause for the nonrenewal of any such evaluator's contract under RCW 28A.67.070, as now or hereafter amended, or a dismissal of such evaluator's under RCW 28A.58.450, as now or hereafter amended.

NEW SECTION. Section 7. Sections 1, 3 and 4, 5 and 6 of this 1975 amendatory act are added to chapter 223, Laws of 1969 ex. sess. and to chapter 28A.67 RCW.

NEW SECTION. Section 8. If any provision of this 1976 amendatory act, or its application to any person or circumstance is held invalid, the remainder of the act, or
the application of the provision to other persons or circumstances is not affected."

Debate ensued.

POINT OF INQUIRY

Senator Bailey: "Mr. President, will Senator Stortini yield? Senator Stortini, I know that you have done a lot of work in this, but I have a couple of questions, and one is on page three: 'a probationary period shall be established beginning on or before February first and ending no later than May first.' Now, my question is that isn't it true that teacher contracts come up on April the fifteenth?"

Senator Stortini: "Yes, that is true."

Senator Bailey: "Well, you are talking about a bill that hasn't happened, Senator Rasmussen. My question is this, back on page two on line two, you say that establishment of a probationary period shall not be deemed to adversely affect that new contract. What I am trying to say is what are you doing here, legally, are you trying to take a teacher that is on probation and sign a new contract and then get into some legal difficulty over a contract that is signed that could not be voided if you changed the date in the first place. It looks to me like it overlaps to the extent that a teacher that was on probation could sign a new contract and then have a pretty good case in court to continue that contract."

Senator Stortini: "Senator Bailey, I understand your concern and what we have done, we have taken the language, the date from the continuing contract, the old Senate Bill 3002 that passed here, and we are using those identical dates. It is very possible that if that bill does not pass that we would have to modify these dates then, too."

Senator Bailey: "One more question, Senator, what is the reasoning other than Senate Bill 3002 that you would not make the end of that probationary period April the fifteenth instead of May first?"

Senator Stortini: "I think the main reason, Senator, is to give that administrator and/or the other evaluator the necessary time to aid that teacher during the probationary period. I think it is rather difficult in such a short period of time and I think an additional two weeks might be the necessary aid that could help that deficient teacher."

Senator Bailey: "Senator Stortini, one more question. Would there be any objection, I am not sure what the RCW referred to is, but would there be any objection then to saying you could not sign a new contract with a teacher that is under probation?"

Senator Stortini: "If you think that would clarify it, I personally would not have any objection to it."

POINT OF INQUIRY

Senator Grant: "Will Senator Stortini yield? Senator Stortini, we just did receive this substitute. Looking at page one you look at the last sentence and it says 'and must be prepared within six months following,' and then go to page two, it says 'Now or hereafter amended.' Obviously there is something a little confused here."

Senator Stortini: "It was brought to my attention. This was just typed, that there is a mistake on this page. I am told we need five minutes to clarify the mistake, the typographical error, whatever it may be, and if we could have five minutes on this, Senator Walgren, I think we can clarify that."

MOTION

At 2:30 p.m., on motion of Senator Walgren, the Senate was declared to be at ease.

The President called the Senate to order at 2:40 p.m.

The Senate resumed consideration of the amendment by Senator Stortini to Substitute Senate Bill No. 3028.

On motion of Senator Bluechel, the following amendment by Senators Bluechel, Gould and Stortini to the amendment by Senator Stortini was adopted:

On page 1, line 14, after "", insert "the handling of student discipline and attendant problems;"

On motion of Senator Odegaard, the following amendment to the amendment by Senator Stortini was adopted:
On page 2, line 8, after "observed" and before "at" insert "at least twice".

Senator Scott moved adoption of the following amendment to the amendment by Senator Stortini:

On page 1, after "instruction." on line 16, insert "The board of directors is encouraged to formulate such additional criteria as will enhance the performance of certificated classroom teachers and support personnel as may be required by the needs of the local district. These additional criteria shall be formulated only after the local bargaining representative or representatives of all affected employees and the board have had opportunity to meet and confer on such criteria; such additional criteria shall not be a negotiable item."

Debate ensued.

The motion by Senator Scott carried and the amendment to the amendment was adopted on a rising vote.

On motion of Senator Scott, the following amendment to the amendment by Senator Stortini was adopted:

On page 3, section 5, beginning on line 22, after "employee" strike the remainder of the section and insert "shall have the opportunity for confidential conferences with his or her immediate supervisor on no less than two occasions in each school year. Such confidential conference shall have as its sole purpose the aiding of the administrator in his or her professional performance."

There being no objection, the amendment by Senator Gould to page 1, line 29 on the Secretary's desk to the amendment by Senator Stortini, was withdrawn.

On motion of Senator Gould, the following amendment to the amendment by Senator Stortini was adopted:

On page 3, strike all of new section 3. Renumber remaining sections consecutively.

On page 3, section 4, line 21, after "office." insert "such criteria, when applicable, shall include at least the following categories: Knowledge of, experience in, and training in recognizing good professional performance, capabilities and development; school administration and management; school finance; professional preparation and scholarship; effort toward improvement when needed; interest in pupils, employees, patrons and subjects taught in school; leadership; and ability and performance of evaluation of school personnel."

The motion by Senator Stortini carried and the amendment, as amended, was adopted.

On motion of Senator Stortini, the rules were suspended, Engrossed Substitute Senate Bill No. 3028, was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

The bill was read the second time by sections.

On motion of Senator Day, the rules were suspended, Senate Bill No. 3058 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

POINT OF INQUIRY

Senator Rasmussen: “Mr. President, will Senator Day yield to a question? Senator Day, I am all for what you are getting at in the test, but the bill itself does not — it merely says they make the test. Then what do they do?”

Senator Day: “Of course, they can mandate the treatment on any patient, but it certainly makes them aware of the problem. They would then have an opportunity, and I think a great, vast majority of the babies screened and found, the parents would authorize them to go ahead with the care that is necessary to prevent them from being a retarded person. It also, if you will note in the bill, exempts anyone who on religious grounds does not want the care, etc. and so it does not mandate the treatment, but it certainly mandates at least that the condition be found.”

Senator Rasmussen: “That, I think, is the question. You merely say that the Department of Social and Health shall require these tests being made before any baby is dis-
charged from the hospital. You do not require that this material be filed with anybody or is it the intent that the Department pass a rule and regulation, or that in addition to that the parents be advised of the necessary — it just says we will make the test. We will determine if they are afflicted with this problem, and then it does not say what we will do after that."

Senator Day: "The way it is stated here, it says it shall be the duty of the Department to do the screening test of all newborn infants before they are discharged from the hospital, and it goes on to say for what purpose — for detection of metabolic disorders leading to mental retardation or physical defects. Now, the thing is that certainly when the condition is found, there will be an obligation on the hospital and the doctor's part to make the parents aware that this was a positive test and if they do not make them aware, I imagine we will be back into the thing that we debated on the floor here the other day called malpractice. They are certainly going to make the people aware of the problem because it is a very serious problem. Now, then, of course we cannot, at least we have not been in this position of mandating that they submit to the care, but they certainly will be made aware of the seriousness of a positive test of this nature."

Senator Rasmussen: "It was my thought that we should have a central file or something so there could be a follow up."

Senator Day: "The Department's intent is to follow up in that regard. Now, it is my understanding that a great number of babies are being tested at the moment, but there is some question about the sophistication of some of the tests that are being done, and this will give the Department an opportunity to standardize the test — make sure that the tests are effective and, in other words, carry the thing forward in an organized manner, including those positives that they find. Now this will not require a great bank of information because there are a very few people involved in the thing. There are very few cases found."

On motion of Senator Henry, the rules were suspended, Engrossed Senate Bill No. 3070 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

POINT OF INQUIRY

Senator Rasmussen: "Will Senator Guess or Senator Henry, or whomever wants to answer, yield to a question? Senator Guess, this, then is going to legalize the over-width trucks?"
Senator Guess: "No, it is not going to change the overwidth. We are completely aware of that. There is another study having to do with the over-width trucks. This is not any more than we have had at the present time."

Senator Rasmussen: "It will only be on a permit basis?"
Senator Guess: "Only on a permit basis."
Senator Rasmussen: "It is quite a lengthy bill, Senator, and I have been scanning it, but does this authorize the trailer trains?"
Senator Guess: "No, Senator Rasmussen, it does not authorize the trailer trains."
Senator Rasmussen: "Then there is one more question. I understand the new federal law on braking is quite hazardous and the truckers are complaining about it and that if they all have to go to it we will have many more accidents. Does this provide anything other than this one section where it says as provided by law? That does not mean they will have to — that the interstate — intrastate trucks will have to conform with the federal law on braking?"

Senator Guess: "They have to conform. An interstate has to conform. If they are intrastate then they conform to the state laws. But this is a study that is going on by the Committee on Equipment and I think that you will find that in a short period of time there will be a proposal before us for equipment changes."

Senator Rasmussen: "Question. This made no change in the light truck licensing weights?"

Senator Guess: "The weight fee in there is still at the exact or same amount. Senator Rasmussen, in section two you still have the four thousand pound truck at six dollars if you have a pick-up truck."
Senator Rasmussen: "It makes no change in the sport trailer?"
Senator Guess: "No, sir, it does not."
Senator Rasmussen: "Thank you. You have reassured me. I can now vote yes."

Senator Guess: "Okay, that is still at the same fee. It was not stricken."

On page 11, line 8, after "board" insert a comma

On page 13, line 17, after "annually" and before the period insert "of five thousand dollars" and strike the remainder of the subsection

POINT OF INQUIRY

Senator Donohue: "Mr. President, members of the Senate, last week the staff of both Senator Day's committee and the Senate Ways and Means Committee have reviewed this. It would indicate that the original figure that came in was absolutely wrong, and that it seemed to be the policy set by the Department that they were trying to kill the bill. Now, we have reviewed it. Senator Day's remarks are correct pertaining to a fiscal problem. However, we are changing some language and I would like to ask you a question, Senator Day."

Senator Day: "I would be glad to answer the question."

Senator Donohue: "That you would support, if we do find between now and January that we have changed language that is going to create loss of fiscal control by the state, that you would help us amend that bill appropriately."

Senator Day: "Yes, I would support such a measure, and I want to say that the intent, in answer to your question, here for the record, Senator Donohue, is to restore some control - fiscal control - to the county level, but not to impact in any way the moneys authorized in the budget, either this session or to abrogate your right in the next budget to limit the amount the state puts in."

POINT OF INQUIRY

Senator North: "Will Senator Day yield to a question? For clarification for the record, the exact dollars per year that are being put in here, fifteen thousand per county, for mental health and then five thousand per county for drug abuse, these are the present 1975-76 allocations. Is that correct?"

Senator Day: "That is correct. I believe there is a minimum in some of those counties where the formula based on population would not have given them anything, such as Ferry County and those places, and it is to be interpreted as not interfering with the formula as it is presently being applied as a base figure."

Senator North: "Fine. This really puts a floor under it."

Senator Day: "Yes."

Senator North: "Thank you."

The motion by Senator Day carried and the amendments were adopted.

On motion of Senator Day, the rules were suspended, Engrossed Senate Bill No. 3027 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

POINT OF INQUIRY

Senator Wilson: "Thank you, Mr. President. Will Senator Day yield? Senator Day, with respect to amplifying your final remarks, many small rural counties including those that I represent and the type that you are familiar with, are having great difficulties administering relatively new programs such as this one. I am therefore asking you specifically from the standpoint of the smaller rural counties, will the passage of this bill make their lives any more difficult in their efforts to properly administer this program?"

Senator Day: "No, it should do just the opposite. It should give them more flexibility with the moneys that are available to them, both locally and on a state level, and it should also give them more input to the Department so that they can solve some of those problems. Sometimes the Department, in applying laws across the board to thirty-nine counties with a great variance within those counties, adopts rules that are very difficult for the small counties."

Senator Wilson: "So the bill will provide a greater flexibility of decision-making at the local level?"
Senator Day: "At the local level."
Senator Wilson: "And it will, in no way, compel local government itself to spend more of its own funds on this program than it presently does?"
Senator Day: "No, it will not."
Senator Wilson: "Thank you."

ROLL CALL

The Secretary called the roll on the final passage of Engrossed Senate Bill No. 3027, and the bill passed the Senate by the following vote: Yeas, 43; absent or not voting, 2; excused, 4.

SECOND READING

SENATE BILL NO. 3040, by Senators Odegaard, Newschwander, Donohue, Woody, Lewis (Harry), Clarke and Scott (by Legislative Budget Committee request):
Making certain changes in the budget and accounting act.
The bill was read the second time by sections.
On motion of Senator Odegaard, the rules were suspended, Senate Bill No. 3040 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.
Senator Goltz: "Would Senator Odegaard yield to a question? Senator Odegaard, on section two there is a reference to the incurring of any deficiency and my only concern is that the word 'deficiency' is either so broad or so narrow that I am not sure it is understood. Does this mean a deficiency in the final agency budget or is it a deficiency in a portion of a budget, or what is a deficiency?"

Senator Odegaard: "This is a deficiency at the end of the budget period at the end of the biennium that the Department has over-expended its total budget. That is the deficiency we are talking about here."

Senator Rasmussen: "Will Senator Odegaard yield to further question? Senator Odegaard, section two states 'it shall be unlawful for any agency head or disbursing officer to incur any deficiency and any appointive officer or employee violating the provisions of this section shall be subject to summary removal'. By whom? And when? Summary should be right now or the day after they find it."

Senator Odegaard: "Senator Rasmussen, it would be removal by the Governor, if it is an agency created under the Governor, if it is a code agency under his authority, or for an agency or department if it was under an elected official, it would be that elected official, whoever is responsible."

Senator Rasmussen: "In the event that the over-expenditure or deficiency should occur in the Governor's office, who would remove the Governor? Or would he find some pigeon down there to lay it on?"

Senator Odegaard: "I guess that would be up to the people at the next election, Senator."

Senator Rasmussen: "You mean we would have two different standards of law, then. Some other individual would be summarily removed from office but the Governor, being in charge of his own office, would not be removed. He would have to — summary period of two or three years — whatever remained of his term?"

Senator Odegaard: "The other officials we are talking about here, the employees, would be underneath an appointive or an elected official, such as the Governor, and of course there is no way to vote those people out of office. The Governor can be voted out of office, so the people would have the say there and would have that say in any election year."

Senator Rasmussen: "That is what I was wondering. Whether this would apply to the chief as equally as it does to the Indians. Thank you, Senator Odegaard."

The Secretary called the roll on the final passage of Senate Bill No. 3040, and the bill passed the Senate by the following vote: Yeas, 45; excused, 4.

SENATE BILL NO. 3040, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

SENIOR BILL NO. 3040, by Senators Beck, Peterson and Talley: Requiring state franchising for county ferries receiving federal aid. The bill was read the second time by sections.
On motion of Senator Beck, the rules were suspended, Senate Bill No. 3074 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

ROLL CALL

The Secretary called the roll on the final passage of Senate Bill No. 3074, and the bill passed the Senate by the following vote: Yeas, 45; excused, 4.

SENATE BILL NO. 3074, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

MOTION

On motion of Senator Walgren, Senate Bill No. 3116 was ordered to hold its place on the second reading calendar for February 6, 1976.

SECOND READING

SENATE BILL NO. 3138, by Senators Stortini and Gould (by Superintendent of Public Instruction request):

Regulating interschool athletic and extracurricular activities and authorizing school board delegation of some powers relating thereto.

The bill was read the second time by sections.

On motion of Senator Stortini, the rules were suspended, Senate Bill No. 3138 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

POINT OF INQUIRY

Senator Rasmussen: “Will Senator Stortini yield? Senator Stortini, subparagraph one on page one, ‘the voluntary non-profit entity shall submit an annual report to the State Board of Education.’ Student appeal. In each separate school district you have some voluntary non-profit — they still have to submit or do they submit only to the local board and the local board will submit it to the state board?”

Senator Stortini: “First of all, that local school district would have to submit to the fact that they want to delegate their authority to such a non-profit organization, such as the WIAA. And then, of course, if they do that then in answer to your question, that which they do do which is in subsection (1) simply states that they will then be in a position to have their rules and regulations approved by the State Board of Education.”

Senator Rasmussen: “Is that the purpose of it so that they can, all of them, delegate to the Washington Interscholastic Activities Association?”

Senator Stortini: “Or any other association. It just so happens that that association has run our interscholastic activities during the last seventy years.”

Senator Rasmussen: “Actually, it would be run no different than what it is now?”

Senator Stortini: “It would be no different except that there will be accountability, accountability of their funds to the local school board and to the State Board of Education and approval of rules and regulations that have been set up by them which they have had for the last seventy years.”

Senator Rasmussen: “I guess that is the heart of my question is — they are going to file with the state at the top. Will this filing get back down to the local level so that they
will know how much profit they made and so forth? It is a non-profit organization, but they make some profits off of their operation."

Senator Stortini: "All this bill is saying, Senator, is their funds that they make in the various school districts that are part of that association shall be reviewed by the State Board of Education. I imagine reports will be given to them on an annual basis as stated here."

Senator Rasmussen: "They will be reviewed, but what will they do then?"

Senator Stortini: "It is a matter of accountability."

Senator Rasmussen: "I am concerned that that same type of information gets down to the local level."

Senator Stortini: "I am sure it will. I am sure the State Board of Education will return those figures to the various school districts. At the same time the association itself at the present time which consists of members of those districts already have that information."

Senator Rasmussen: "Yes, but the local board does not."

Senator Stortini: "Well, the local board can receive it from the association at the present time."

Senator Rasmussen: "Thank you."

POINT OF INQUIRY

Senator Wilson: "Will Senator Stortini yield? Senator, I seem to recall during the previous ruckus on this general subject that I presume the WIAA, and certainly a number of high school principals I heard from, were opposed to whatever the proposition was at that time. You say now, however, that all parties are agreed upon the bill before us. Is that correct?"

Senator Stortini: "Yes, that is true."

The Secretary called the roll on the final passage of Senate Bill No. 3138, and the bill passed the Senate by the following vote: Yeas, 44; absent or not voting, 1; excused, 4.

The bill was read the second time by sections.

On motion of Senator McDermott, the rules were suspended, Senate Bill No. 3066 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

POINT OF INQUIRY

Senator Van Hollebeke: "Would Senator McDermott yield to a question, please? The bill I have in my book, unless I have missed something here — there was no amendment, was there?"

Senator McDermott: "No."
Senator Van Hollebeke: "It was not limited to pituitary glands. In fact it covers everything including — the other day we passed one, my vote dissenting — you passed a bill in social and health services dealing with corneal transplants. This would take in that and everything. Is that correct?"

Senator McDermott: "As far as I understand, the bill was drawn originally for pituitary glands but it could have a wider application than that. That is what brought it to our attention."

Senator Van Hollebeke: "Yes, it says 'or dispose of any specimens or organs of the deceased and which in his discretion are desirable or need for anatomical, bacteriological, chemical or toxicological utilization.' So it does cover any part of the body?"

Senator McDermott: "Yes, it does."

Senator Van Hollebeke: "Thank you, Senator."

MOTIONS

On motion of Senator Rasmussen, Senate Bill No. 3066 was ordered placed on the calendar on third reading following consideration of Senate Bill No. 2243.

Regulating environmentally hazardous wastes.

MOTIONS

On motion of Senator Washington, Substitute Senate Bill No. 2038 was substituted for Senate Bill No. 2038, and the substitute bill was placed on second reading and read the second time in full.

On motion of Senator Washington, the rules were suspended, Substitute Senate Bill No. 2038 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

POINT OF INQUIRY

Senator Odegaard: "Mr. President and members of the Senate, I note in the fiscal note on this it says the expenditure would be one hundred and seventy thousand eight hundred dollars. I am wondering, Senator Washington, how this would be paid for."

Senator Washington: "Well, this at the present time — we have talked to the Department of Ecology that it is one of those things that we hoped for that amount can be taken care of without an additional appropriation. Now, it will be some time. It perhaps will be not until the next session that we actually have to pay for the site itself. There will be the negotiations that will take place, and I am informed they are about ready to be completed for the purchase of the site. If there does have to be some additional funds, they will have to talk with the Ways and Means Committee during the session. But it is my feeling a substantial amount of that is in the purchase of the site and that will not be immediately necessary."

POINT OF INQUIRY

Senator Grant: "Will Senator Rasmussen yield?"

Senator Rasmussen: "Yes, I was just going to ask you a question, Senator."

Senator Grant: "Senator Rasmussen, I noticed you had originally sponsored this and it rather disturbs me. The bill would grant widespread authority to the Department of Ecology and give them the opportunity to adopt regulations, designating extremely hazardous wastes. This gives them the authority to adopt, to set fines and penalties. It is a far-reaching measure, Senator Rasmussen. Are you sure this is still the measure you had originally introduced and are you confident that John Biggs can handle it?"

Senator Rasmussen: "Thank you, Senator Grant. . . ."

Senator Grant: "... I am surprised that your name is still on it, even as it may have changed somewhat."

THIRTY-FIRST DAY, FEBRUARY 5, 1976 317
Senator Rasmussen: "Senator, as you are all aware, of course, that there is no way of getting your name off a bill once it has been introduced and you also are aware of my high regard for Senator Washington and his abilities on handling legislation of this type. I might say they have worked on it for two years and it was introduced last session at which — and if they are all in agreement, the cities and the counties and also the processors of these industrial wastes — let me say the reason for the bill is at the present time nobody has any great knowledge of what type of hazardous wastes are going into the local disposal site and you well could be sitting on top of a bomb alongside of a city or alongside your pig farm and not know it, with the materials they are disposing. And as an example of that the highly talented scientists over at Hanford Works were disposing of wastes which are not related to this bill — nuclear wastes — and they were putting it into an open trench and they were at the point where they probably would have a nuclear explosion. They discovered it in time.

"However, Mr. President, if I could continue without this interruption, the purpose of the bill as it was originally introduced was so that there would be some control. There are companies now that pick up this hazardous waste from hospitals, from pesticide companies that want to dispose of it. They are in agreement that they are very hazardous and should be in the one location, not disposed of in the local dump. I think that Senator Washington and his committee have worked long and hard on this and it is something that we are all agreed. In this new chemical age that we are in where even hair spray is now declared dangerous. But some of the more hazardous — we should have a central depository, and I think that Senator Washington has provided for that in his bill."

Senator North: “Yes, it is.”
Senator Rasmussen: “I was going to ask Senator Bottiger or somebody in Rules. This is a law that is already passed and this is making corrections in a law. Can we amend at this stage of the game?”
Senator North: “Senator Rasmussen, this bill passed the Senate. It has not been acted upon by the House. We passed this last April and the Code Reviser caught it in the interim and returned this correction to the Secretary of the Senate.”

Removing election day as a state holiday.

MOTIONS

On motion of Senator Rasmussen, Substitute Senate Bill No. 2996 was substituted for Senate Bill No. 2996 and the substitute bill was placed on second reading and read the second time in full.

Senator Jones moved adoption of the following amendment:

On page 1, section 1, line 17, after "Thursday" strike "and Friday"

Debate ensued.

POINT OF INQUIRY

Senator Bailey: "Would Senator Rasmussen yield? Senator, this has something to do with the way I vote on this amendment. Could you tell me, though, if we pass Substitute Senate Bill No. 2996, then what is the point later in the calendar considering Senate Bill No. 3141? I think when we were discussing Senator Jones' amendment to the act — to take both of these acts together if we are going to pass both of them because you take
away one and you add another and they come out with a different total in the end. What
would be the point of the second bill?"
Senator Rasmussen: "Senate Bill No. 3141 has entirely different connotations. That is
trying to conform the holiday bill with the school holidays and the national holi-
days which are Veterans' Day and Memorial Day. That is a different subject. It relates
to holidays all right, but is different than this particular bill."
Senator Bailey: "In other words, Senate Bill No. 3141, the holidays there would
only be the school holidays, whereas Senate Bill No. 2996 would be state employees'
holidays."
Senator Rasmussen: "It would be state employees' holidays but it is trying to make
them conform with the way it is in the federal. We have some confusion in that now, but
it is not related directly to this bill."
Further debate ensued.

MOTION
On motion of Senator Bottiger, further consideration of Substitute Senate Bill No.
2996 and the pending amendment by Senator Jones was placed on today's calendar fol-
lowing Senate Bill No. 3004.

SECOND READING
SENATE BILL NO. 3003, by Senators Washington and Wilson (by Parks and
Recreation Commission request):
Adding new provisions to laws relating to archaeological resources.

MOTIONS
On motion of Senator Washington, Substitute Senate Bill No. 3003 was substituted
for Senate Bill No. 3003 and the substitute bill was placed on second reading and read
the second time in full.
On motion of Senator Washington, the following amendments were adopted:
On page 3, line 3, strike "Such information" and insert "Any such information
likely to expose such sites and resources to depredation"
On page 3, line 6, strike "to avoid site depredation"
On page 4, after "sites" on line 34, strike the remainder of the underlined material on lines 34 and 35 and insert "likely to expose such sites to looting or depredation."

POINT OF INQUIRY

Senator Rasmussen: "Will Senator Washington yield to a question? Senator Washington, on page 2, line 3, it reads on privat 'On private and public lands of this state it shall be unlawful for any person, firm — it used to be 'or corporation' and now you have added 'or any agency or institution of the state or political subdivision thereof. It goes on, 'and wilfully alter or dig.' Now, does that mean that before any of our state agencies like the Department of Natural Resources can make a move they have to go to the State Parks Director and request clearance?"

Senator Washington: "Well, no. If they are going to attempt to dig or cause depredation in an archeological site. Before, the bill did not require for instance, the Parks Department, or did not require the public institutions of higher learning, for instance the University of Washington, Central and those institutions that have archeological departments. It did not require them to get permission before you go onto a site to carry out an archeological expedition. That is all this is designed for is to prevent people from going in and actually attempting to carry out archeological work. This does not involve a situation where a contractor comes in, or someone is doing some work of that nature. We are not attempting by this means to control, for instance, logging, fishing, or anything of that nature. Probably the only agencies that would be covered by this would be the institutions of higher learning, unless some other agencies, for instance, game, decided that it wanted to perhaps go over its land. But still, if we are going to have one agency that is going to be an expert in this, we should know what is going on.

"A private individual has to get that information and has to get a permit for the stuff that the state should. I don't have . . . ."

Senator Rasmussen: "Senator Washington, what I had in mind was, either a private corporation or the Department of Natural Resources may have a project, and may turn up artifacts, the Rainier Bank Building there, the University of Washington lands over there, they dig quite deep and they turn up artifacts that were left in Seattle many, many years ago. Now, that would require them to get a permit?"

Senator Washington: "No, no . . . ."

Senator Rasmussen: "It has to be a designated . . . ."

Senator Washington: "No, it has to be, if you are going out really working on an archeological site. Now, at some future time, we may want to look into this. This bill was mainly designed to keep the people who are going out as hobbyists or professional looters who go out and take archeological resources and attempt to sell them. This whole bill is an attempt to control them. Now, at some future time, we may want to, for the state to get into the controls that you talk about. At the present time that is not a problem and I did not see any reason for trying to address it."

Senator Rasmussen: "Well, this requires our agencies to go to another agency director."

Senator Washington: "If they wish to embark in archeological exploration and digging. Now, at the present time I do not know of any that are going to do that except our universities or possibly the Parks and Recreation Commission itself under its present plans, does carry on archeological exploration and historical site exploration. But this is not in any way designed to cover incidental disturbances of archeological resources in contracting or construction or anything of that nature."

POINT OF INQUIRY

Senator Lewis (Harry): "Senator Washington, would you have any objection to the inclusion of an emergency clause in this bill?"

Senator Washington: "Inclusion of an emergency clause?"

Senator Lewis (Harry): "Yes. The reason I asked that question is that the way I read the language here, I have got several questions for you. The Yelm School District right now is planning to build a high school on a site which the Nisqually Indian Tribe
has declared itself to have an interest in, and the way your bill is written, number one, I
don't think it totally covers that situation because the land owner who sold the property
to the school district certainly would not voluntarily ask the state Parks Commission to
give a permit and would probably willingly have given the permit, but I don't see any
way your bill would handle that particular problem."

Senator Washington: "It would not."

Senator Lewis (Harry): "And so in other words, if a public agency decides that it
wants to desecrate an historic site, then it can go right ahead and do it provided it does it
on private land?"

Senator Washington: "No. Notice we are not addressing the situation. Now, that
could possibly come up through environmental law. I am just telling you what the pre­
sent law is, particularly at the federal level. You do have to get an environmental im­
 pact statement. You do point out whether or not you are going to do any damage of his­
torical or archeological nature. This particular bill, Senator Lewis, does not address that
in any way. This bill only addresses people who are going out for the specific purpose of
carrying out archaeological exploration or digging or looting. And it does not include
construction."

Senator Lewis (Harry): "You know when I compare somebody going out on an
archeological site with a shovel and a pick as compared with a bulldozer clearing a site
for a new school building it seems to me that we have protected the barn while we are
killing the horse."

Senator Washington: "I disagree with you, Senator Lewis, because we have
hundreds of people who go out on very fragile sites and with a pick and shovel in about
maybe four or five hours can actually destroy a site so that it is no longer of any archeo­
logical value. This is like many bills. We did not attempt to address the whole subject.
There are sites that are being destroyed by construction, but we did not want to get into
that field."

On motion of Senator Washington, the rules were suspended, Engrossed Senate

POINT OF INQUIRY

Senator Bailey: “Mr. President, I hate to start this all over again, but Senator Rasmussen, what are you going to do about the other bill? Are you going to amend this bill to read the same as the other, or what? This has a lot to do with the way I vote on Senator Jones' amendment.”

POINT OF INQUIRY

Senator Wilson: “Will Senator Grant yield, please? Senator Grant, I guess I am asking this question of you as one of the resident labor experts in the body. Public employees of many jurisdictions have collective bargaining agreements with counties and other entities of government. I would presume that some of these agreements, at least, set forth paid holidays throughout the year. Now, if the passage of this bill should produce a roster of state holidays different in some respects from the roster of holidays agreed to in the agreement, would we have a situation then where the employees could rightfully say, 'we are entitled to the holidays that you, our employers, have agreed to and, in addition, we are entitled to the new holidays which have been created by this new state law?'”

Senator Grant: “Senator Wilson, members of the Senate, frankly, I was going to possibly bow out of this one because of potential conflict of interest. I usually enjoy all the same holidays as my members, and while this is a good bill for me, I guess I probably don’t gain any more advantage than any member of the class to which I belong. Yes, Senator Wilson, many local governmental units have contracts that provide for
specifying holidays which include, because they have been negotiated, days like Election Day, days like Columbus Day, because they were mandated by the state anyway. Many of our contracts provide, in addition, that any holiday that is recognized by the state shall also be granted. So, we will, by the passage of this Act in many instances have, in spite of what you are doing, in local government we will have Election Day, Columbus Day, the day after Thanksgiving, a floating holiday and any other days that may be designated by the chief executive by proclamation. It is a good bill, I certainly want to endorse it.”

Further debate ensued.

MOTION

At 12:15 p.m., on motion of Senator Walgren, the Senate recessed until 1:15 p.m.

AFTERNOON SESSION

The President called the Senate to order at 1:15 p.m.

SECOND READING

SUBSTITUTE SENATE BILL NO. 2996, by Committee on State Government (originally sponsored by Senators Knoblauch and North):

On page 1, line 12, after “the” and before “of” strike “thirtieth day” and insert “thirtieth day last Monday”.

Senator Guess moved adoption of the following amendment:

On page 1, section 1, line 24 after “holiday” and before “per” insert “on the employees’ birthday” and on line 26 strike all the material after “elect” and insert “shall have a holiday on his birthday”.

Debate ensued.

The motion by Senator Guess failed and the amendment was not adopted.

Senator Bottiger moved adoption of the following amendment by Senator Bottiger, Rasmussen and Woody:

On page 2, following line 9, add two sections as follows:

“Sec. 2. Section 13, chapter 283, Laws of 1969 ex. sess. as amended by section 1, chapter 32, Laws of 1973 and RCW 28A.02.061 are each amended to read as follows:

The following are school holidays, and school shall not be taught on these days: Saturday; Sunday; the first day of January, commonly called New Year’s Day; the third Monday in February, being the anniversary of the birth of George Washington; the last Monday in May, commonly known as Memorial Day; the fourth day of July, being the anniversary of the Declaration of Independence; the first Monday in September, to be known as Labor Day; the [fourth Monday in October] eleventh day of November, to be known as Veterans’ Day; the fourth Thursday in November, commonly known as Thanksgiving Day; the day immediately following Thanksgiving Day; the twenty-fifth day of December, commonly called Christmas Day: PROVIDED, That no reduction from the teacher’s time or salary shall be made by reason of the fact that a school day happens to be one of the days referred to in this section as a day on which school shall not be taught.

NEW SECTION. Sec. 3. This 1976 amendatory act is necessary for the immediate preservation of the public peace, health, and safety, the support of the state government and its existing public institutions, and shall take effect immediately.”
POINT OF INQUIRY

Senator Mardesich: "Will Senator Bottiger yield? Senator Bottiger, although we simply would be coordinating the school holidays with the state holidays, are we by this action, in fact, granting to the schools additional holidays over those which they now have?"

Senator Bottiger: "No, Senator Mardesich. We are simply changing the single day that is in conflict, that being the fourth Monday in October to the eleventh day in November, being Veterans' Day. That is all the amendment does and that brings that into line with that holiday on the state level."

Senator Mardesich: "And that is the school holiday now?"

Senator Bottiger: "Presently the fourth Monday in October is a school holiday. We are changing it to the eleventh of November as is the case for the state employees."

The motion by Senator Bottiger carried and the amendment was adopted.

On motion of Senator Bottiger, the following amendment to the title was adopted:

On page 1, line 1 of the title, after "holidays;" strike "and" and on line 3 after ".050" and before the period, insert "; and amending section 13, chapter 283, Laws of 1969 ex. sess. as amended by section 1, chapter 32, Laws of 1973 and RCW 28A.02.061; and declaring an emergency"

SECOND READING

SENATE BILL NO. 3017, by Senators McDermott and Donohue:

Appropriating funds to DSHS for the construction of a community mental health facility at Children's Orthopedic Hospital and at Seattle Mental Health Institute.

REPORT OF STANDING COMMITTEE

January 26, 1976.

SENATE BILL NO. 3017, appropriating funds to the Department of Social and Health Services for the construction of a community mental health facility at Children's Orthopedic Hospital and at Seattle Mental Health Institute (reported by Committee on Ways and Means):

MAJORITY recommendation: Do pass with the following amendments:

On page 1, beginning on line 7, following "(HJR 52)" delete "within the general fund"

On page 1, after line 14, add a new section to read as follows:

"NEW SECTION. Sec. 2. Notwithstanding the provisions of chapter 276, section 5(3)(g), Laws of 1975 1st ex. sess. (uncodified), $800,000 appropriated from the DSHS construction account (HJR 52) to construct and equip one community health center shall not be expended."

Signed by: Senators Donohue, Chairman; Odegaard, Vice Chairman; Wilson, Second Vice Chairman; Clarke, Jones, Marsh, Murray, Rasmussen, Scott, Washington, Woody.

The bill was read the second time by sections.

On motion of Senator McDermott, the rules were suspended. Engrossed Senate Bill No. 3017 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

On motion of Senator Knoblauch, Senator Walgren was excused.

POINT OF INQUIRY

Senator Bailey: "Mr. President, Senator Mardesich raised a question I think maybe if Senator McDermott would answer it. Does this amend the budget bill that we passed the last time so it is clearly not an additional appropriation? Is there an amendment in here of the original bill?"

Senator McDermott: "The amendment that I put on, the committee amendment, was to prevent the expenditure of the eight hundred thousand that we appropriated last May. The main part of the bill gives the money directly to the hospital. It is merely a shift so that we directly appropriate the money rather than sending it through the Depart-
ment of Social and Health Services which has been declared illegal by the Attorney General."

Senator Bailey: "Mr. President, one more question, then. There is no possibility that DSHS will claim they have eight hundred thousand dollars in there in addition to what you are doing today?"

Senator McDermott: "It is not the understanding of me or Senator Donohue that that can happen. We did everything we could to stop that."

On motion of Senator McDermott, the rules were suspended, Engrossed Senate Bill No. 3017 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

ROLL CALL

The Secretary called the roll on the final passage of Engrossed Senate Bill No. 3017, and the bill passed the Senate by the following vote: Yeas, 42; absent or not voting, 3; excused, 4.

Absent or not voting: Senators Bottiger, Lewis (Harry), Newschwander—3.

ENGROSSED SENATE BILL NO. 3017, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

SECOND READING

SENATE BILL NO. 3019, by Senators Day, Lewis (Harry), McDermott and Buffington:

Establishing geriatric day service program.

The bill was read the second time by sections.

On motion of Senator Day, Senators Lewis (Harry) and Buffington were added as additional sponsors to the following amendment by Senators Day and McDermott which Senator Day moved for adoption:

"NEW SECTION. Section 1. The legislature recognizes the need for the further development and expansion of alternative forms of care for persons age sixty or over who need a different or lower level of care than that given in institutions. The legislature also recognizes that the use of institutional care, and the minimal use of noninstitutional alternative care, is attributed to current funding patterns. Public funds have been more readily available to finance institutional care, while a lesser amount has been available to finance in-home or community based supportive services and personal care services for those who can and would rather remain in their own homes in an independent living situation. The result of this funding pattern has been no choice or options in service delivery for said persons. Many such persons who are medically stable but because of a chronic disability brought on by old age, illness, or injury are dependent on others for personal care have traditionally been placed into institutions even though there is no need for twenty-four hour skilled care. Institutionalization has been inappropriate, premature, and often unnecessarily custodial in nature for many persons because of the lack of more appropriate and often less costly alternative services which could serve to prevent or delay institutionalization.

Therefore, the legislature finds that a more appropriate alternative care system should be developed to assure that said persons receive the level of care needed and that appropriate resources are available to match client needs. Furthermore, services received shall be designed to restore individuals to, or maintain them at, the level of inde-
pendent living they are capable of attaining. Such a system of alternative care shall be designed to allow persons to move within the system, thus allowing the appropriate services to be rendered according to the care needs at any particular time. Service provision shall continue until the client is able to function independently, moves to an institution, moves from the state, dies, or withdraws from the program.

The legislature determines the public policy of this state to be that programs shall be developed in order to more appropriately meet the care needs of persons age sixty or over through the creation and/or expansion of alternative care services.

(1) The comprehensive program of community-based services authorized under this chapter shall be administered by the department. Services may be provided by departmental staff, purchase of service contracts with public or private agencies, vendor payments, direct grants to clients, or by any other appropriate means as may be necessary to accomplish the purposes of this chapter. It is the intent of this chapter to provide a comprehensive program of services to eligible persons in such a manner as to minimize administrative costs and procedures and to maximize the effective delivery of direct benefit services. NEW SECTION. Sec. 4. The legislature finds there is a need to coordinate, expand, and develop community services which provide a continuum of care to older persons in order to increase the capacity of eligible persons to remain independent.

POINT OF INQUIRY

Senator Lewis (Harry): “Will Senator McDermott yield to a question? Senator McDermott, the concern I have is for the basic bill which you were a sponsor of and I recognize what you are trying to do but I do not want to throw the basic bill in jeopardy. I recognize it is included in this and I just want to be sure that we have some orderly procedure in it that will result in a successful conclusion. I do not know what the Ways and Means chairman is up to, Senator Newschwander is not on the Floor, and I just would like to have a little bit more detailed explanation and a little more time on it.”

Senator Donohue: “The answer to that, Senator Lewis, the Ways and Means chairman is not up to anything, and I certainly want to find out what is going on.”

Senator Lewis (Harry): “I recognize that.”

Senator Donohue: “So, Mr. President, I would like to move this bill down as a special order of business at three o’clock and give the Senate Ways and Means staff the opportunity to review and see exactly what we are going to be involved in.”

MOTION

On motion of Senator Donohue, Senate Bill No. 3019, together with the amendment by Senators Day, McDermott, Lewis (Harry) and Buffington, was made a special order of business for 3:00 p.m. today.

SECOND READING

SENATE BILL NO. 3032, by Senators Day, Matson and Goltz: Authorizing public hospital districts broader powers to make contracts.

The bill was read the second time by sections.

On motion of Senator Day, the rules were suspended, Senate Bill No. 3032 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

POINT OF INQUIRY

Senator Grant: “Would Senator Day yield? Senator Day, I am looking at the RCW 39.36.020 which imposes a limitation on indebtedness, in subsection two of that RCW it
THIRTY-SECOND DAY, FEBRUARY 6, 1976

Senator Day: "No, it is not. There is a proviso in this bill 'provided that if such proposed contract would result in a total indebtedness in excess of three-fourths of one percent of the value of the taxable property in such public hospital district the proposition in regard to whether or not that the contract may be executed shall be submitted to the voters for approval or rejection.' Now, the term, 'value of taxable property shall have the same meaning as set forth in RCW 39.36.015.' Now, what this does is exempt those contracts that are under three-fourths of one percent of the value of the taxable property, those presently are not exempted in that amount. That is exactly the purpose of the bill to allow them some latitude in having these contracts that do not exceed three-fourths of one percent of the value of the property involved. So there is a limitation there."

Senator Grant: "Well, Senator Day, I think that limitation already exists in the law, and I think that the authority . . . ."

Senator Day: "No."

Senator Grant: "Look at the RCW. I don't think the bill is necessary. Then, if you are increasing the indebtedness or the limitation that is provided in the current RCW, I would be opposed to it. If it does not change the limitation, then what is the value of the bill? What is the bill for?"

Senator Day: "It is my understanding that the RCW reading excludes them from entering into that type of contract unless they have the specific vote of the people. This allows them to have the contract, but it still mandates that if it is over a certain amount, that it has to go to a vote of the people."

POINT OF INQUIRY

Senator Woody: "Mr. President, would Senator Day yield? Senator Day, in just a quick perusal of the language in this provides for the ability to execute an executory conditional sales contract for the purchase of real property."

Senator Day: "Well, it would have to be a fairly small amount of real property, personal property."

Senator Woody: "My problem is more technical in nature. I don't think you transfer real property by a conditional sales contract. Am I right, Senator Francis? I think if we enact this thing, you are going to have something that will provide for the ability to purchase personal property, but there is no such technique of conveying title to real estate by conditional sales contract."

MOTION

On motion of Senator Walgren, Senate Bill No. 3032 on third reading will be considered following Senate Bill No. 3094 on today's calendar.

SECOND READING

SENATE BILL NO. 3056, by Senators Lewis (R. H. "Bob") and Beck:
Waiving instructional requirements for previously qualified election officers.

REPORT OF STANDING COMMITTEE

SENATE BILL NO. 3056, waiving instructional requirements for previously qualified election officers (reported by Committee on Constitution and Elections):
Recommendation: Do pass with the following amendment:
On page 1, line 17, after "device" strike the "." and insert ": PROVIDED, That any inspectors, judges and clerks of elections for whom the instructional requirements are

Signed by: Senators Beck, Chairman; Grant, Lewis (R. H. "Bob"), Pullen, Stortini, Washington.

The bill was read the second time by sections.

On motion of Senator Beck, the committee amendment was adopted.

On motion of Senator Beck, Senator Lewis (R. H. "Bob") was added as an additional sponsor of the following amendment moved for adoption by Senator Beck:

On page 1, following line 4, insert the following sections:

"Section 1. Section 6, chapter 156, Laws of 1965 ex. sess. as last amended by section 2, chapter 127, Laws of 1974 ex. sess. and RCW 29.04.100 are each amended to read as follows:

- All poll books or current lists of registered voters shall be public records and be made available for inspection under such reasonable rules and regulations as the county auditor may prescribe. The county auditor shall promptly furnish current lists or mailing labels of registered voters in his possession, at actual reproduction cost, to any person requesting such information: PROVIDED, That such lists and labels shall not be used for the purpose of mailing or delivering any advertisement or offer for any property, establishment, organization, product, or service or for the purpose of mailing or delivering any solicitation for money, services, or anything of value: PROVIDED, HOWEVER, That such lists and [books] labels may be used for any political purpose, including the solicitation of campaign contributions by any candidate or political committee, as those terms are defined in RCW 42.17.020. In the case of political subdivisions which encompass portions of more than one county, the request may be directed to the secretary of state who shall contact the appropriate county auditors and arrange for the timely delivery of the requested information: PROVIDED, That the secretary of state shall promptly furnish, without cost and upon application therefor, an annual statewide listing or computer tape of registered voters to the state central committee of any major political party that received at least ten percent of the total votes cast for the office of president at the preceding presidential election.

NEW SECTION. Sec. 2. There is added to chapter 29.04 RCW a new section to read as follows:

Not earlier than January 1st nor later than February 1st of each calendar year and not earlier than July 1st nor later than August 1st of each calendar year each county auditor shall provide to the secretary of state, or a data processing agency designated by him, a duplicate computer tape or data file of the records of the registered voters in that county, containing the information specified in RCW 29.07.220. The secretary of state shall reimburse each county for the actual cost of reproduction and mailing of the duplicate computer tape or data file. He shall arrange for a master computer tape or data file of the records of all the registered voters of the state to be compiled.

NEW SECTION. Sec. 3. There is added to chapter 29.04 RCW a new section to read as follows:

No later than February 15th and no later than August 15th of each year, the secretary shall provide a duplicate copy of the master state-wide computer tape or data file of registered voters to the state central committee of each major political party, at actual duplication cost. The master state-wide computer tape or data file of registered voters or portions of the tape or file shall be available to any other political party, at actual duplication cost, upon written request to the secretary of state. Restrictions as to the commercial use of the information on the state-wide computer tape or data file of registered voters, and penalties for its misuse, shall be the same as provided in RCW 29.04.110 and 29.04.120 as now existing or hereafter amended."

Renumber old section 1 as section 4.

POINT OF INQUIRY

Senator Bottiger: "Will Senator Beck yield to a question? Senator Beck, in analyzing these amendments, I have got section two which has got to be gobbledy-gook. Section three has got to be gobbledy-gook, but the middle — the real meat of this — is
an amendment to Initiative 276 that would allow these voter registration lists to be used to raise campaign funds. Is that a pretty good analysis of the amendment?"

Senator Beck: "This will permit the registration lists to be used for anything — for any political purposes. Yes, I don't know if you want to use it for that . . . ."

Senator Bottiger: "Senator Beck, let's read it. 'Including the solicitation of campaign contributions by any candidate or political committee.' Now, that is the real purpose of the amendment, isn't it?"

Senator Beck: "The purpose of the amendment is as it says on lines twenty through twenty-two on page one of the amendment, and if you read it there — if you want to use it for that purpose — I suppose you could interpret it that way but it is not the purpose of it, Senator Bottiger."

The motion by Senator Beck carried and the amendment was adopted.

On motion of Senator Beck, the following amendment to the title was adopted:

On page 1, line 1 of the title, after the semicolon strike all the material down through and including the period on line 3 and insert the following:

"amending section 6, chapter 156, Laws of 1965 ex. sess. as last amended by section 2, chapter 127, Laws of 1974 ex. sess. and RCW 29.04.100; adding new sections to chapter 29.04 RCW; amending section 29.33.220, chapter 9, Laws of 1965 as last amended by section 1, chapter 102, Laws of 1973 and RCW 29.33.220; and providing penalties."

On motion of Senator Beck, the rules were suspended, Engrossed Senate Bill No. 3056 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

POINT OF INQUIRY

Senator von Reichbauer: "Mr. President, will Senator Beck yield to a question? Senator Beck, new section, section three, lines eighteen through twenty-two, you refer to the Secretary of State providing a duplicate copy of the master state-wide computer tapes to the state central committee of each major political party. Is the central committee of each political party obligated to give it to any member of that political party who asks for it?"

Senator Beck: "The state central committees of each of the major political parties can use it for anything. That is what the purpose of the amendment is, Senator von Reichbauer. Yes, I suppose if they want to use it for that, they can."

Senator von Reichbauer: "What I am saying is, can any individual who runs as, let's say, a Democrat, petition the state central committee to provide that list and are they obligated to give them that list?"

Senator Beck: "Yes, that is the purpose of the thing."

Senator von Reichbauer: "At cost?"

Senator Beck: "At cost."

Senator Lewis (R. H. "Bob"): "Yes, Senator von Reichbauer, I think one of your concerns might be taken care of by pointing out that what this bill is in effect, it gives your challengers an equal opportunity to do their job as well as the incumbents who know how to get these lists and do these things. So I think it evens things up and your interest in fair campaigns, I think you would be all for this."

POINT OF INQUIRY

Senator Odegaard: "Mr. President, will Senator Beck yield? Senator Beck, in the language you are striking — the present law says that the Secretary of State shall promptly furnish without cost. Now, you are striking that language, 'without cost.' Why are you doing that?"

Senator Beck: "To the state central committees, Senator Odegaard."

Senator Odegaard: "That is without cost to the state central committee. That is present language, isn't it? It is on line twenty-seven."

Senator Beck: "That is right."

Senator Odegaard: "Why are you striking that language?"

Senator Beck: "This is the way the Secretary of State wanted it."
Senator Odegaard: "Now I know how I am going to vote."

ROLL CALL

The Secretary called the roll on the final passage of Engrossed Senate Bill No. 3056, and the bill failed to pass the Senate by the following vote: Yeas, 20; nays, 25; absent or not voting, 1; excused, 3.

ENGROSSED SENATE BILL NO. 3056, having failed to receive the constit­utional majority, was declared lost.

SECOND READING

Requiring that the two highest winners in the primary appear on general election ballot irrespective of whether one obtained more than a majority of the votes for the po­sition in such primary.

The bill was read the second time by sections.

On motion of Senator Beck, the rules were suspended, Senate Bill No. 3073 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

POINT OF INQUIRY

Senator Talley: "Would Senator Beck yield to a question? Senator Beck, how broad is this thing? I just started to look at these RCW's you have got in here."

Senator Beck: "Well, Senator Talley, that just corrects the Revised Code of Wash­ington. It is a very simple little bill. It requires that in the school district election for school boards the two highest candidates will be on the ballot for the general election. The two highest candidates in the primary will be on the ballot for the general election."

Senator Talley: "It just applies to school districts?"

Senator Beck: "School districts is all it applies to. Now, that language — if you will notice there that section one is the existing law and it refers to judges and several other offices there but the only thing that is stricken there is school directors. We put a new section in to take care of how school directors will be elected."

Senator Talley: "Thank you."

Debate ensued.

ROLL CALL

The Secretary called the roll on the final passage of Senate Bill No. 3073, and the bill passed the Senate by the following vote: Yeas, 41; nays, 3; absent or not voting, 2; excused, 3.

SENATE BILL NO. 3090, by Senators Wilson, Knoblauch and Wanamaker (by State Parks and Recreation Commission request):
Permitting longer leases and concessions in state parks.

MOTION

On motion of Senator Wilson, Senate Bill No. 3090 was re-referred to the Committee on Rules.

SECOND READING

SENATE BILL NO. 3094, by Senators Wilson, Walgren, North, McDermott,
Bluechel, Jolly and Morrison:
Establishing the Washington library network.

REPORT OF STANDING COMMITTEE
January 26, 1976.

SENATE BILL NO. 3094, establishing the Washington library network (reported by Committee on Local Government):

MAJORITY recommendation: Do pass with the following amendments:

On page 1, section 1, beginning on line 4, delete all the material down to and including “users.” on line 9 and insert:

“NEW SECTION. Section 1. There is hereby established the Washington library network, hereinafter called the network, which shall consist of the common use of services such as an automated library system, telecommunication systems and related programs, to provide services and to facilitate the sharing of information and library resources to meet the needs of libraries and their present and potential users.”

On page 2, section 2, line 7, after “expertise” delete the period and insert a semi-colon and a new subsection as follows:

“(4) “Telecommunications” includes any point to point transmission, emission, or reception of signs, signals, writing, images, and sounds or intelligence of any nature by wire, radio, microwave radio, optical, or other electromagnetic system, including any intervening processing and storage serving a point to point system.”

The bill was read the second time by sections.

On motion of Senator Fleming, the committee amendments were adopted.

Senator Scott moved adoption of the following amendment:

On page 1, line 13, after “43.105 RCW” insert: “; PROVIDED, That all components, systems and programs operated pursuant to this section shall be approved by the data processing authority created pursuant to chapter 43.105 RCW”

Debate ensued.

POINT OF INQUIRY
Senator Rasmussen: “Concurring with Senator Scott in the amendment he proposed, it is the intention — as I understand it — Senator Scott, would you yield to a question, please? I gather from your explanation, Senator Scott, you do intend that the data processing control authority has prior approval before any new equipment is purchased?”

Senator Scott: “That is correct.”

Senator Rasmussen: “Thank you, Senator.”

POINT OF INQUIRY
Senator Bluechel: “Will Senator Scott yield to a question please? When you include the word ‘programs’ there, are you talking about software programs which would apply only to the library and not to the rest of the state institutions?”

Senator Scott: “I am talking about the DPA having an overview of everything involved with this system as they have an overview with everything in every other state system to insure the compatibility of the operation and economy in the purchase of equipment.”

Senator Bluechel: “Well, I agree with your intent completely but I just wondered if when you put the word ‘programs’ in whether that makes the Data Processing Authority have to review the actual software program which really would not . . . .”

Senator Scott: “That is correct, too.”

The motion by Senator Scott carried and the amendment was adopted.

On motion of Senator Fleming, the rules were suspended, Engrossed Senate Bill No. 3094 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.
POINT OF INQUIRY

Senator Herr: "Would Senator Fleming yield to a question? Well, you know I am not a member of local government and I am not too familiar with the bill. There have been people whom I respect — you know, pushing the bill, lobbying the bill — but would this computerize our whole network more? Don't you think we are over computerizing everything in this country? In fact, I would like to tell you I had a call from my wife, and cable television has been billing me for four months and we have paid the bill — but it went back into the computer in New York and now is this another step in computers? Could you answer me?"

Senator Fleming: "Senator Herr, I will suggest you should have asked that question in 1974 when we set the program up. This is only implementing what we have already decided we wanted to do."

POINT OF INQUIRY

Senator Guess: "Will Senator Fleming yield? Senator Fleming, is this a blank check for five to ten million bucks so that they can carry this thing out in the future?"

Senator Fleming: "This is Senator Wilson's bill. I will let Senator Wilson answer that question."

Senator Guess: "Will Senator Wilson yield? Senator Wilson, do you have an estimate on the blank check that we are signing by passing this bill?"

Senator Wilson: "Senator Guess, if I could briefly have a moment to explain what the bill is about, I would be delighted to respond to that or any other question.

"This bill simply acknowledges the existence of the Washington State Library computer network. This network is already being developed. It is partially in operation. It has been appropriated — something in excess of 4.8 million dollars in state funds by this legislature over the past five years. The appropriations were made through the budgetary process with full knowledge that the funds were going to be used in the development of this particular network. The bill itself does not involve any additional appropriations. The question of how much additional money we care to invest in this network will be up to our Ways and Means Committees and up to the two bodies as they consider the budget bills and — more specifically — the state library budget for future bienniums. The other thing that this bill does is set forth very specifically that at no time — now or in the future — will any local library in the state be compelled to join or participate in or contribute to this system. Those libraries which do not wish to participate may depend upon their present processes and will not be obligated to join the state network.

"Finally, in partial response to Senator Herr, I, too, have had my problems with computer billings and have had many arguments with computers in Tucson, Arizona and Chicago, Newark, New Jersey, in Georgia, in Tulsa and/or all other cities, I think, of two hundred thousand population or more and I have won some of these arguments and I have lost some. And I share your fears that this nation will become entirely computerized and at some point in time your name will not be Senator Herr: It will be Senator 605-F49386. The justification for the network is simply that there has been an explosion of knowledge in our civilization in recent years and that by employing a computer device to assemble, catalog, organize this information it will become much easier for the people of this state to find out what has been published on what subjects, where it is located, and how they can get a copy of what they want."

POINT OF ORDER

Senator Bailey: "I would like to raise a point of order. That type of a question from Senator Jones where Senator Lewis's comments on a bill are entered in the record is not
quite within the realm of answering a question. I don't think that is the procedure at all."

RULING BY THE PRESIDENT

The President: "Senator Bailey's remarks are well taken."

Debate ensued.

POINT OF INQUIRY

Senator Fleming: "Mr. President, I just wanted to ask Senator Lewis was he aware that they do have a bill in already to set up a revolving type fund so they can get it started on a sort of charge-back or pay-back basis. It was referred to Ways and Means this morning and we will be discussing that in Ways and Means."

(No reply by Senator Lewis (Harry))

Further debate ensued.

POINT OF INQUIRY

Senator Guess: "Will Senator Wilson yield? Senator Wilson, I perhaps asked my question of you incorrectly and I don't think I got an answer to it so I would like to ask you this: If the bill is passed, are we thereby creating the situation whereby next year the library services and the library network people can come back in and say, 'The Legislature gave to us the authority but they did not properly fund it. Now, we ask you, will you fund what you have approved of in the 1976 session?'"

Senator Wilson: "Senator Guess, that is a legitimate question and I would like to answer it as carefully and as honestly as I can. I would say that the library would be in before Ways and Means in the 1977 session seeking funds to continue the development and operation of this system but to no greater an extent than if this bill had been passed or not. The system is out there. It is being developed. It is being used already. This bill simply acknowledges its existence. The Legislature, in truth, already has acknowledged the existence of this system by appropriating several million dollars to it with full knowledge of what the money would be used for. If you think, despite all that, that the mere passage of this bill — the acknowledgement that indeed the system is there — because it is, will give them a stronger argument for funding, I would say to that extent you are correct.

"I would have to emphasize finally, though, that you are on Ways and Means. Well, there are good men on Ways and Means and they will be able to appropriate to the library for continued development of this system as much as or as little as they wish. Certainly, this bill will not hold a club over their heads."

Senator Guess: "Senator Wilson, I am somewhat at a loss after your explanation. Now, couldn't we have just as well have acknowledged it by saying 'howdy' or something like that?"

Senator Wilson: "If you would like to say 'howdy' to the Washington State Library Network, I think they would feel it was a friendly gesture."

MOTION

Senator Rasmussen moved that Engrossed Senate Bill No. 3094 be referred to the Committee on Ways and Means.

Debate ensued.

The motion by Senator Rasmussen failed.

ROLL CALL

The Secretary called the roll on the final passage of Engrossed Senate Bill No. 3094, and the bill passed the Senate by the following vote: Yeas, 42; nays, 3; excused, 4.

Voting nay: Senator Herr, Mardesich, Rasmussen—3.
ENGROSSED SENATE BILL NO. 3094, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

THIRD READING

SENATE BILL NO. 3032, by Senators Day, Matson and Goltz:
Authorizing public hospital districts broader powers to make contracts.
The Senate resumed consideration from earlier today of Senate Bill No. 3032 on third reading.
Debate ensued.
There being no objection, Senator McDermott was excused.

POINT OF INQUIRY

Senator Woody: "Senator Day, did you have an answer to my question?"
Senator Day: "I don't recall. I thought it was an extension of Senator Grant's question. What was your question?"
Senator Woody: "A very simple one, and that is that you can't sell real estate by a conditional sales contract."
Senator Day: "I understand that but that is standard language in that particular type of section and so they picked it up there and where it is not applicable, it obviously will not be used, Senator."
Senator Woody: "Well then, you will not be able to sell or purchase any real property at all by this bill. It may be typical language, but it is defective."
Senator Day: "Well, the people that drafted it seem to know what they are doing. Senator Francis looked at it a minute ago and said there was nothing the matter with it so in this particular instance, I will take one lawyer's opinion over another."
The bill was read the third time and placed on final passage.
The President declared the question before the Senate to be the roll call on final passage of Senate Bill No. 3032.

ROLL CALL

The Secretary called the roll on the final passage of Senate Bill No. 3032, and the bill passed the Senate by the following vote: Yeas, 38; nays, 7; excused, 4.
SENATE BILL NO. 3032, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

There being no objection, the Senate returned to the sixth order of business.

SPECIAL ORDER OF BUSINESS

SECOND READING

SENATE BILL NO. 3019, by Senators Day, Lewis (Harry), McDermott and Buffington:
Establishing geriatric day service program.
The time having arrived, the Senate resumed consideration of Senate Bill No. 3019 and the pending amendment by Senators Day, McDermott, Lewis (Harry) and Buffettong.

There being no objection, the amendment was withdrawn by Senator Day.

POINT OF INQUIRY

Senator Mardesich: "Before, Mr. President, the measure is passed on to third reading, I wonder if Senator Day would yield to a question? Senator Day, in glancing at the bill which is page 612 in the bill book, I notice at the bottom of the page it speaks about the services which will be offered, and then starting on lines twenty-eight and twenty-nine, we see where this program of services offered shall be based on the needs of the participants, and then it says 'where applicable, those services will be provided by professionals licensed by the state of Washington.'"

Senator Day: "It says further, 'all other services shall be provided by appropriately trained personnel.'"

Senator Mardesich: "I see that, but I wonder what is the necessity of that. First, with respect to the proviso that professionals be used where they believe them to be applicable, whatever that means, and why must they be licensed by the state? Have we not made exceptions, especially even in our various institutions where we could use the people who are not necessarily licensed within the state?"

Senator Day: "Yes, I think that what we are talking about is relative to professionals, general nursing services, rehabilitative services such as physical therapy, nutritional services—a dietician, and mental health services which would take a mental health care professional or someone on that order. I am quite sure it does not authorize the department to provide services in a technical area unless they are some licensed people."

Senator Mardesich: "All right, but if I recall correctly, you even were, one of the people on the floor here last session who advocated that we allow those people who are licensed in other areas, I believe even those from overseas, to practice in our institutions. I wonder why you are . . . ."

Senator Day: "The bill you are referring to allows the Canadian physicians or people licensed in other jurisdictions to practice in our . . . ."

Senator Mardesich: "Right now, I wonder why we are providing here that they must be licensed in the state of Washington — top of page two."

Senator Day: "Well, I think that those professionals are licensed by the state of Washington and the ones that we allow to practice in institutions would be considered licensed by the state of Washington under the exception that working in institutions or in state facilities that the license extends to those people. I think that extension we made would apply to this particular area. Now, if you are asking why they should be licensed at all . . . ."

Senator Mardesich: "No, in the state."

Senator Day: "Well, we could strike 'in the state of Washington,' but I think that that would raise some questions as to standards where they are going out into the community and giving geriatric services. I am certain that when this bill gets to the House that if you take out 'state of Washington' it will run into 'globs' (sic)."

Senator Mardesich: "With respect further to page two, line fourteen, the definition of 'eligible persons', there seems to me to be no limitation there except what the department should decide should be limitation. Would we not be wise to — I assume it is the intent, but I am not certain — would we not be wise to — rather than leave the measure wide open like that — require the department to impose the regulations established by HEW with respect to the . . . ."

Senator Day: "Well, I think that they are bound to regulations by HEW already by the implementation of the matching funds, so that . . . ."

Senator Mardesich: " . . . like for example, state median income, or is that poverty level?"

Senator Day: "No, no. It is somewhere on the poverty level, although I am not exactly sure of the amount now. There are a couple of the programs where the department found it was impractical to have someone at the door checking criteria all the time and
they found that if people were bound to poverty to participate in the program that they
did not participate. They stayed away because they did not want to be identified as pov­
erty level even though they are not on public assistance. They do have Social Security
and maybe some other minor income. That was a social hazard there as far as the people
were concerned and they did not want to be identified with that.

"They found that there was no over utilization of the program by people who could
afford to come, and they did, in fact, implement on the meals program, for example, a
minor pay for those who could afford to pay and they found out that those, principally
the large majority of those who could afford to pay, were happy to pay for the social
atmosphere as well as the meals. So, really, what we are talking about here is allowing
older people to have an opportunity to participate and not have any ironclad rules rela­
tive to it except those necessary to comply with HEW."

Senator Mardesich: "Now, further with respect to page three, line fifteen. It says
'This act shall take effect on January 1, 1977 provided that funding for the three existing
state funded geriatric day centers may be provided effective July 1, 1976'. It would
seem to me that the same effect that funding would be provided out of current budget. It
is in its last year of the biennium."

Senator Day: "It is my understanding that some of these programs will terminate
unless funding is provided, and that is up to Ways and Means. And that the effectiveness
of this particular Act was set on July 1, 1977 so that the 1977 legislature could then ad­
dress themselves to an implemented act without the resources."

Senator Mardesich: "I believe that it does provide for the second year of this bien­
nium to be funded out of current budget, and I am wondering what program that money
is going to come out of."

Senator Day: "Well, I don't know. That will be up to Ways and Means, Senator. There is no money in this bill."

Senator Mardesich: "I think there is money in it, but it has to come out of some
other program; and I am wondering . . . ."

Senator Day: "Well, there is no additional — that is what I . . . . ."

Senator Mardesich: "There is no new money?"

Senator Day: "No new money but there is some money available right now and, of
course, that will continue to be available to be utilized wherever this can be imple­
menced."

Senator Mardesich: "The department has not indicated what they intend to take
that money away from as yet?"

Senator Day: "No."

On motion of Senator Day, the rules were suspended, Senate Bill No. 3019 was
advanced to third reading, the second reading considered the third, and the bill was
placed on final passage.

ROLL CALL

The Secretary called the roll on the final passage of Senate Bill No. 3019, and the
bill passed the Senate by the following vote: Yeas, 45; excused, 4.

Voting yea: Senators Bailey, Beck, Benitz, Bluechel, Bottiger, Buffington, Clarke,
Cunningham, Day, Donohue, Fleming, Francis, Goltz, Gould, Grant, Guess, Henry,
Herr, Jones, Knoblauch, Lewis (Harry), Lewis (R. H. "Bob"), Mardesich, Marsh, Mat­
son, Morrison, Murray, Newschwander, North, Odegaard, Pullen, Rasmussen, Ridder,
Sandison, Scott, Sellar, Stortini, Talley, Van Hollebeke, von Reichbauer, Walgren,

SENATE BILL NO. 3019, having received the constitutional majority, was de­
clared passed. There being no objection, the title of the bill was ordered to stand as the
title of the act.

SECOND READING

SENATE BILL NO. 3097, by Senators Lewis (Harry), Donohue, Guess, Lewis (R.
H. "Bob"), Wanamaker, Clarke, Dây, Beck, Matson, Jones, Rasmussen and Mardesich:  
Requiring consideration of economic factors resulting from government decisions.

MOTIONS

On motion of Senator Rasmussen, Substitute Senate Bill No. 3097 was substituted  
for Senate Bill No. 3097 and the substitute bill was placed on second reading and read  
the second time in full.

Senator Lewis (Harry) moved the following amendments by Senators Lewis  
(Harry) and Rasmussen be considered and adopted simultaneously:

On page I, section 1, line 5 strike "assure" and insert "assert" and after "that" in­
sert "it is the intent of the legislature that" and after "given" strike "equal" and insert  
"appropriate"

On page I, section 2, line 10 strike the colon and on line 11 strike "(l) Adopt" and  
insert "adopt"

On page I, line 12 after "given" insert "appropriate"

On page 1, strike the semicolon and insert a period, and strike lines 14 through 22  
and all of New Section 3. Renumber the remaining sections consecutively.

On page 2 strike New Section 5 and renumber the remaining sections consecutively.

On page 2, section 6, line 14 after "regulations" strike the remainder of the sen­
tence and insert "which that agency expects to have a substantial economic impact"

POINT OF INQUIRY

Senator Woody: "Would Senator Lewis yield? I trust, Senator Lewis, what we are  
working from is something that says 'proposed Substitute Senate Bill No. 3097'."

Senator Lewis (Harry): "Yes."

Senator Woody: "And on the back has some proposed amendments?"

Senator Lewis (Harry): "Yes."

Senator Woody: "And you are asking that we adopt all of those amendments?"

Senator Lewis (Harry): "Yes, it would then look like the bill on the other side. I  
inserted all of the amendments in the substitute bill, Senator Woody, so that the reverse  
side of the amendments is the bill as it would be with the amendments inserted in it and  
so, in effect, we would be adopting that page. I did that to try to make it a little more  
clear."

POINT OF INQUIRY

Senator Goltz: "Will Senator Lewis yield? Senator Lewis, is there an economic or  
fiscal note on this bill as to the cost?"

Senator Lewis (Harry): "The cost is expected to be very minimal and it is intended  
that it be absorbed by the Department. It merely provides, Senator Goltz, that when they  
are making an EIS that they include any areas that would provide a substantial eco­
nomic impact that they would include a section or paragraph indicating what that sub­
stantial economic impact is."

Senator Goltz: "Another question, if I may. Senator Lewis, in the environmental  
impact statement guidelines, it is my understanding that economic impact is one of the  
conditions of an environmental impact. It is my impression, then, from this that this is  
in addition to those actions which are covered by an environmental impact statement,  
that the economic impact statement would have to be issued as a separate document. Is  
that correct?"

Senator Lewis (Harry): "If you read the language, I believe it is about line 8, it  
deals with the development of rules and regulations by state agencies. It is on line 246,  
developing rules and regulations in conformity with state law, shall adopt methods and  
procedures which will assure that economic values will be given appropriate considera­
tion in decision making."

POINT OF INQUIRY

Senator Washington: "Senator Lewis, would you please yield? Again, do I under-
stand that the implementation of this bill will require additional paperwork in the preparation of environmental impact statements?"

Senator Lewis (Harry): "Senator Washington, at the present time it is the policy of the legislature that economic values are given consideration along with environmental, social, health and safety considerations which are presently required in the promulgation of rules and regulations by state and local governments. Now they already must consider the environmental, social, health and safety and we are asking that they would also consider the economic."

Senator Washington: "My question is, will it require additional paperwork in the preparation of an environmental impact statement?"

Senator Lewis (Harry): "Yes, in the area only where there would be a substantial economic impact, it would require additional paper work."

Senator Washington: "And would open up another avenue of a lawsuit if it isn't properly carried out, I presume."

Senator Lewis (Harry): "Senator Washington, in direct answer to your question, the reasons for the amendment are to reduce that probability, and we have spent all morning working with the attorneys from the agencies to be sure that this will not not able to be used as a procedural tool with which to challenge agency actions."

Senator Washington: "I just finished going into these methods that can be involved in an environmental suit, and frankly, I do believe that we have, perhaps, too many avenues of attack on an environmental statement, and it is my opinion at this point, you add one more requirement that if you don't properly analyze all of the economic alternatives, you may well find someone who is really attempting to stop your project, can stop it just as well, by the fact that you did not consider all the economic alternatives, as by the fact that you did not consider all the economic (sic) alternatives. Now, I really wish to caution to a certain extent here — I do have a comment to make and I will wait until you finish."

Senator Lewis (Harry): "In direct response to your question, Senator Washington, this is precisely the reason for the amendments that we have drafted. I recognize that we do open it up somewhat but if you would read the language, it says 'with which that agency expects to have a substantial environmental impact.' We have drawn the language under close work with the attorney from DNR who was concerned about precisely the item that you describe, and we have made every attempt to reduce that so that it will not resolve an additional court action while at the same time requiring what we think is essential and necessary that environmental, where there is a substantial economic impact in the opinion of the agency, that they must include a section in their EIS in that regard."

Senator Washington: "Now, I am looking on line nine on page two. It says 'three alternatives to the proposed action' and the only thing I am pointing out is that anyone who wants to attack an environmental statement can attack it on any grounds he wishes to and he does not have to necessarily be philosophically inclined to your point of view. But when he wants to stop it he can point out — I am concerned right here on nine, 'alternatives to the proposed action'. Now if you require that in an environmental statement..."

Senator Lewis (Harry): "Are you reading from the bill book, or are you reading from the bill laid on your desk?"

Senator Washington: "I am reading from the bill book."

Senator Lewis (Harry): "Oh. Well, then I totally amended that. Let me give you a copy of the bill."

**MOTION**

On motion of Senator Knoblauch, Senator Mardesich was excused.
The motion by Senator Lewis (Harry) carried and the amendments were adopted.
On motion of Senator Lewis (Harry), the rules were suspended, Engrossed Substitute Senate Bill No. 3097 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.
Debate ensued.
POINT OF INQUIRY

Senator Guess: "Will Senator Lewis yield? If I understand the amendment which you adopted, it does strike lines fourteen through twenty-two and all of new section three. Is that correct?"

Senator Lewis (Harry): "Yes."

Senator Guess: "Then I think that Senator Washington's fears that we are getting into the social aspects of it are not well founded because it does strike (n) section, subsection one of section three, which says 'to comply with environmental, social, health, safety and other standards prescribed by law.' That has now been stricken, Senator Washington. I think that that will help it."

POINT OF INQUIRY

Senator Goltz: "I would like to ask another question, I believe, of Senator Lewis. Section five refers to this chapter and shall be known and may be cited as the state economic policy act. Now, it seems to me that that is a very grand title for a bill which simply requires an economic impact statement for those agencies making rules and regulations. I wonder if we should not reserve that grand title for something more far reaching than even your good bill."

Senator Lewis (Harry): "Senator Goltz, I disagree with you. I think that the economics of the acts of the adoption of rules and regulations as they affect people in businesses in this state, and entire communities, are important enough to have a title such as it is. And I hope you will keep it."

ROLL CALL

The Secretary called the roll on the final passage of Engrossed Substitute Senate Bill No. 3097, and the bill passed the Senate by the following vote: Yeas, 35; nays, 7; absent or not voting, 2; excused, 5.

SECOND READING

SENATE BILL NO. 3098, by Senators Rasmussen and Lewis (Harry):

Authorizing payroll deductions for combined health agencies program.

MOTIONS

On motion of Senator Rasmussen, Substitute Senate Bill No. 3098 was substituted for Senate Bill No. 3098, and the substitute bill was placed on second reading and read the second time in full.

On motion of Senator Rasmussen, the rules were suspended, Substitute Senate Bill No. 3098 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

ROLL CALL

The Secretary called the roll on the final passage of Substitute Senate Bill No. 3098, and the bill passed the Senate by the following vote: Yeas, 43; absent or not voting, 1; excused, 5.

Absent or not voting: Senator Donohue—1.

Excused: Senators Jolly, Keefe, Mardesich, McDermott, Peterson—5.

SUBSTITUTE SENATE BILL NO. 3098, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

SECOND READING

SENATE BILL NO. 3123, by Senators Day, Herr, Cunningham and Guess:
Revising the definition of "gravely disabled" as regards mental disorders.

REPORT OF STANDING COMMITTEE

SENATE BILL NO. 3123, revising the definition of "gravely disabled" as regards mental disorder (reported by Committee on Social and Health Services):

MAJORITY recommendation: Do pass with the following amendment:
On page 1, line 13, strike "or" and insert "and"
Signed by: Senators Day, Chairman; Buffington, Goltz, Gould, Pullen, Ridder, Van Hollebeke.

The bill was read the second time by sections.

On motion of Senator Day, the committee amendment was adopted.

Senator Francis moved adoption of the following amendment:
On page 1, beginning on line 7, strike all the matter down through "property;" on line 14 and insert:

"(1) ["Gravely disabled" means a condition in which a person, as a result of a mental disorder is in danger of serious physical harm resulting from a failure to provide for his essential human needs.] "Gravely disabled" means a condition in which a person, as a result of a mental disorder, may be in danger of physical harm because he is failing to provide for his personal needs for food, clothing, shelter, income, or medical care for physical illness;"

Debate ensued.

POINT OF INQUIRY

Senator North: "Will Senator Francis yield? We note that in the present law the definition that we have now reads, 'gravely disabled' and then it says 'is in danger of serious physical harm' but in your definition you have changed that and you said 'may be in danger.' Now, there is a vast difference between the 'actually is' and hypothetical as to whether he 'may be in danger.' Now, I would just like to ask your comment. I would prefer it if it read in your definition, 'gravely disabled mental condition in which a person as a result of a mental disorder is in danger,' and then we went on 'because he is failing' and in that way would be a very tight and a very specific definition. You would know what you were talking about when you went to court."

Senator Francis: "Thank you very much, Senator North. I think that you have gotten at half of the reason why it will apply to a lot more people. Because instead of requiring the doctors to say this person is clearly in danger, all the doctor has to conclude is that because of the mental disorder and their failure to be now taking care of certain essential needs, they may be in danger of harm. The other part of it that you did not mention is the fact this omits the word 'serious' in front of words 'physical harm.' And again, what has happened in so many parts of the state is that someone literally has
to have made an overt suicide attempt or in some other way have shown that the threat
to their very life is imminent before they will bring them in and provide them some kind
of care on an involuntary basis. So, instead of saying that they are in danger, which I do
not see how any one can testify to that, even Senator McDermott, I think, with his ex­
pertise and his background, is not going to be in a position to say, 'yes, this person is in
danger,' but he could say 'this person may be in danger' because he does have a mental
disorder and he is not caring for his needs in these particular respects. And again, se­
rious physical harm, I guess it is a matter of emphasis, but the fact that we are only
saying physical harm rather than serious physical harm again would allow a little more
leeway to these professionals to look at the situation and say, 'yes, this person fits in this
definition of being gravely disabled.'

Further debate ensued.

POINT OF INQUIRY

Senator Fleming: "Would Senator Day yield to a question? Would those remarks
that you made about Senator Francis's amendment, would they still be in the category
of flippant?"

Senator Day: "No, I think they were as serious as I know how to make them, both
on this bill and on the other bill."

The motion by Senator Francis failed and the amendment was not adopted on a
rising vote.

On motion of Senator Day, the rules were suspended, Engrossed Senate Bill No.
3123 was advanced to third reading, the second reading considered the third, and the bill
was placed on final passage.

MOTION

Senator Walgren moved that the Senate now consider Senate Bill No. 3037.

POINT OF INFORMATION

Senator Lewis (Harry): "What is the hour, Mr. President? I think we had a special order of business called by the Majority Leader at 3:59 would be in order at this point."

POINT OF INQUIRY

Senator Bailey: "Would Senator Lewis yield? You would rather consider that than consider the veterans' bonus, Senator Lewis?"

Senator Lewis (Harry): "Senator Bailey, there are a number of bills that were in the priority, there is a grocer's bill, there is the electric power producers bill, which is being considered, and the majority party itself agreed on the priorities and the procedure, and I am just trying to adhere to those."

The motion by Senator Walgren carried.

SECOND READING

SENATE BILL NO. 3037, by Senators Rasmussen, Stortini, Henry, Bailey, Goltz, Buffington, Knoblauch, Guess, Walgren, Benitz, Woody and Beck (by State Treasurer's request):

Amending veterans' bonus requirements.
The bill was read the second time by sections.
Senator Rasmussen commenced advancing the bill to third reading.

POINT OF ORDER

Senator Lewis (Harry): "Point of order, Mr. President, I —"
The President: "Senator Lewis will please state his point of order."
Senator Lewis (Harry): "Mr. President, when I asked you the time, it was one minute after four, as I observed the time, and I would like to have a ruling on the resolution which this Senate adopted as to procedures, as to cut-off times, and so forth. I believe we are out of order at this point under the terms of the adopted Senate Resolution. Would you rule on that please, sir?"

POINT OF INFORMATION

Senator Bailey: "A point of information. If this bill has a fiscal impact, quite a fiscal impact, and if it were moved to Ways and Means would it be a bill that would be an appropriation bill?"

Senator Donohue: "Mr. President and members of the Senate, I just talked to Senator Rasmussen about this. This is one of the problems. Here is a bill that the Ways and Means Committee has not had in committee. It has a fiscal impact of over four million dollars that we are figuring at this point in time to use, for instance, to continue the sixty-five million dollar appropriation for schools and that includes those schools in Seattle. Now, this concerns me that bills like this with a fiscal impact reach this floor at this point in time trying to slide through here without the Ways and Means committee members having the opportunity to review it. Now, I know that it is a type of a bill, it is a good bill, and so forth, but it has not gone through the procedures that it should. I would suggest, Mr. President, with Senator Rasmussen's approval, to review this properly. I would move that this bill be referred to Ways and Means and it is my understanding that it would remain alive because it does have a fiscal impact."
Senator Walgren: "Yes, Senator Donohue, it was my motion that — to bring this out on the floor at this time, but I think the question directly to you from Senator Bailey was whether or not there was an appropriation that would keep the bill alive beyond our cut-off time, and that was the single question that was directed to you."

Senator Donohue: "The answer is yes."

The President: "Senator Bailey."

Senator Bailey: "My question was to you, not to Senator Donohue, because I think you have to make the ruling in the end."

**REPLY BY THE PRESIDENT**

The President: "In reply to your question, Senator Bailey, the President believes that the Senate Bill in its present form does not fall under the provisions of the cut-off resolution."

**RULING BY THE PRESIDENT**

The President: "Senator Lewis, the President honestly believes that when Senator Walgren made his motion that it was slightly before four p.m. But then later Senator Walgren made the motion that the bill be referred to Ways and Means."

**POINT OF INFORMATION**

Senator Donohue: "Mr. President, relative to Senator Walgren's motion to refer to Ways and Means. Does a committee amendment providing an appropriation make the bill an appropriation measure?"

**REPLY BY THE PRESIDENT**

The President: "The President then believes if the bill is returned with an appropriation on it, yes, it would fall within the provisions of the resolution."

**MOTION**

On motion of Senator Walgren, Senate Bill No. 3037 was referred to the Committee on Ways and Means.

**SPECIAL ORDER OF BUSINESS**

**SENATE BILL NO. 3056**, by Senators Lewis (R. H. "Bob") and Beck:

Waiving instructional requirements for previously qualified election officers.

The time having arrived, the Senate commenced consideration of the motion by Senator Guess that the Senate reconsider the vote by which Engrossed Senate Bill No. 3056 failed to pass the Senate.

The motion by Senator Guess carried and the Senate moved to reconsider the vote by which Engrossed Senate Bill No. 3056 failed to pass the Senate.

On motion of Senator Guess, the rules were suspended and Engrossed Senate Bill No. 3056 was returned to second reading.

**MOTION**

Senator Bottiger moved that the Senate reconsider the vote by which the following amendment by Senators Beck and Lewis (R. H. "Bob") was adopted:

On page 1, following line 4, insert the following sections:

"Section 1. Section 6, chapter 156, Laws of 1965 ex. sess. as last amended by section 2, chapter 127, Laws of 1974 ex. sess. and RCW 29.04.100 are each amended to read as follows:

All poll books or current lists of registered voters shall be public records and be made available for inspection under such reasonable rules and regulations as the county auditor may prescribe. The county auditor shall promptly furnish current lists or mailing labels of registered voters in his possession, at actual reproduction cost, to any person requesting such information: PROVIDED, That such lists and labels shall not be used for the purpose of mailing or delivering any advertisement or offer for any prop-
erty, establishment, organization, product, or service or for the purpose of mailing or delivering any solicitation for money, services, or anything of value: PROVIDED, HOWEVER, That such lists and [books] labels may be used for any political purpose, including the solicitation of campaign contributions by any candidate or political committee, as those terms are defined in RCW 42.17.020. In the case of political subdivisions which encompass portions of more than one county, the request may be directed to the secretary of state who shall contact the appropriate county auditors and arrange for the timely delivery of the requested information[: PROVIDED, That the secretary of state shall promptly furnish, without cost and upon application therefor, an annual state-wide listing or computer tape of registered voters to the state central committee of any major political party that received at least ten percent of the total votes cast for the office of president at the preceding presidential election].

NEW SECTION. Sec. 2. There is added to chapter 29.04 RCW a new section to read as follows:
Not earlier than January 1st nor later than February 1st of each calendar year and not earlier than July 1st nor later than August 1st of each calendar year each county auditor shall provide to the secretary of state, or a data processing agency designated by him, a duplicate computer tape or data file of the records of the registered voters in that county, containing the information specified in RCW 29.07.220. The secretary of state shall reimburse each county for the actual cost of reproduction and mailing of the duplicate computer tape or data file. He shall arrange for a master computer tape or data file of the records of all the registered voters of the state to be compiled.

NEW SECTION. Sec. 3. There is added to chapter 29.04 RCW a new section to read as follows:
No later than February 15th and no later than August 15th of each year, the secretary of state shall provide a duplicate copy of the master state-wide computer tape or data file of registered voters to the state central committee of each major political party, at actual duplication cost. The master state-wide computer tape or data file of registered voters or portions of the tape or file shall be available to any other political party, at actual duplication cost, upon written request to the secretary of state. Restrictions as to the commercial use of the information on the state-wide computer tape or data file of registered voters, and penalties for its misuse, shall be the same as provided in RCW 29.04.110 and 29.04.120 as now existing or hereafter amended.”
Renumber old section 1 as section 4.

PARLIAMENTARY INQUIRY

Senator Cunningham: “Thank you, Mr. President. I would like to ask a question of the Chair. We are only going now to take off section one of the entire three section amendment?”

REPLY BY THE PRESIDENT

The President: “The President cannot answer your question, Senator Cunningham. The bill is before the Senate. It is up to the members to determine what action will be taken.”

POINT OF INQUIRY

Senator Cunningham: “Senator Bottiger, will you yield to that question?”

Senator Bottiger: “Senator Cunningham, that is Senator Lewis’s and my intent to offer that as a solution to the problem to the body. If you reconsider the vote by which the amendment was adopted, I have an amendment up there that will simply strike section one. That is the language about soliciting campaign funds with these mailing lists.”

The motion for reconsideration of adoption of the amendment by Senators Beck and Lewis (R. H. “Bob”) carried.

The President declared the question before the Senate to be adoption of the amendment on reconsideration.

Senator Bottiger moved adoption of the following amendment by Senators Bottiger and Lewis (R. H. “Bob”) to the amendment by Senators Beck and Lewis (R. H. “Bob”):
Amend the Beck/Lewis amendment as follows:
Strike all of section 1. Renumber remaining sections.

PARLIAMENTARY INQUIRY
Senator Cunningham: "Put it this way, Mr. President. If we vote on Senator Bottiger's amendment, and it passes, would it then be too late to come back and also try and amend on sections two and three?"

REPLY BY THE PRESIDENT
The President: "It would be possible for you to offer amendments to sections two and three, Senator Cunningham."
Senator Cunningham: "Thank you."

PARLIAMENTARY INQUIRY
Senator Guess: "Parliamentary inquiry, Mr. President. As I believe this now, the amendment that was offered by Senator Beck and Senator Lewis was reconsidered and therefore is now before the body?"

REPLY BY THE PRESIDENT
The President: "That is incorrect, Senator Guess. The vote by which it was adopted was reconsidered. Now, the question is the adoption of the amendment in its present form. The question now is the adoption of the amendment that was proposed by Senator Bottiger to the amendment."
Senator Guess: "But what he says though, in the amendment, is to strike all of section one of the original bill."
The President: "Senator Bottiger's amendment is to the amendment and not to the bill."
Senator Guess: "But the amendment is not before us, sir."
The President: "Yes, it is."
Senator Guess: "You are reconsidering . . . ."
The President: "The amendment was adopted, Senator Guess."
Senator Guess: "Okay, but I did not want us to remove section one out of this book, that is the main thing that I wanted to make sure."
The President: "It has not been removed."

POINT OF INQUIRY
Senator Bailey: "Mr. President, before we vote I would like to ask Senator Beck a question. Senator Beck, the thing that is causing all of the problem here is the point of using these public lists, taxpayer lists — you might say voter lists — for solicitation of political contributions. I thought you said that this was the wording furnished you by the Secretary of State, Mr. Chapman."
Senator Beck: "We had the Secretary of State's office — I did not talk to the Secretary of State himself but his staff and our staff got together on the wording of this bill and this is the language they came up with. Our attorney in the committee said it was the proper language and that is what we put in it. Now, I am not a legal mind. I do not know what . . . ."
Senator Bailey: "And this bill on political contributions was worked out with the Secretary of State's . . . ."
Senator Beck: "That was the problem the Secretary of State had with it. It did not say in the existing law that it could be used for political purposes."
Senator Bailey: "So he was willing that it be used for political purposes?"
Senator Beck: "And we put it in there that it could be used for political purposes."
Senator Bailey: "Thank you."
The motion by Senator Bottiger carried and the amendment to the amendment was adopted.
The amendment by Senators Beck and Lewis (R. H. "Bob"), as amended, on reconsideration, was adopted.
On motion of Senator Bottiger, the Senate moved to reconsider adoption of the
amendment to the title by Senators Beck and Lewis (R. H. "Bob").

The President declared the question before the Senate to be adoption of the amendment to the title, on reconsideration.

On motion of Senator Bottiger, the following amendment to the amendment to the title by Senators Beck and Lewis (R. H. "Bob") was adopted:

Amend the title amendment as follows:
Strike “amending section 6, chapter 156, Laws of 1965 ex. sess. as last amended by section 2, chapter 127, Laws of 1974 ex. sess. and RCW 29.04.100;”

The amendment to the title by Senators Beck and Lewis (R. H. "Bob"), as amended, on reconsideration, was adopted.

On motion of Senator Beck, the rules were suspended, Reengrossed Senate Bill No. 3056 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

ROLL CALL

The Secretary called the roll on the final passage of Reengrossed Senate Bill No. 3056, and the bill, on reconsideration, passed the Senate by the following vote: Yeas, 43; excused, 6.

REENGROSSED SENATE BILL NO. 3056, having received the constitutional majority, on reconsideration, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

MOTIONS

On motion of Senator Walgren, Senate Bill No. 3172 was ordered to hold its place on the second reading calendar for February 10, 1976.

On motion of Senator Walgren, Senate Bill No. 3129 was ordered placed at the end of today's calendar.

SECOND READING

SENATE BILL NO. 3271, by Senators Lewis (Harry) and Rasmussen:
Establishing the business coordination act.

MOTIONS

On motion of Senator Lewis (Harry), Substitute Senate Bill No. 3271 was substituted for Senate Bill No. 3271 and the substitute bill was placed on second reading and read the second time in full.

On motion of Senator Lewis (Harry), the rules were suspended, Substitute Senate Bill No. 3271 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

POINT OF ORDER.

Senator Bailey: "I do not think this comes within the rules, the joint rules of subject matter, and I would like to move that we suspend the rules and consider this bill. My point would be to suspend the joint rule and pass it over, this suspension, at the same time we pass the bill over so that if the House chooses so to act that they could. That is what I meant was a separate resolution to suspend the joint rules for the purpose of considering this bill. Mr. President, my point of order would be to ask you if it came within the purview of that Senate Concurrent Resolution or if the one 3247 did the same. Maybe we have to have a one motion to suspend the rules for both of those and send them with the consideration. I was not trying to obstruct it. I was trying to help it."

REMARKS BY SENATOR HARRY LEWIS

Senator Lewis (Harry): "Mr. President, I would agree with Senator Bailey if, in the judgment of the Chair, you feel it is necessary. If it is not, I think we would just raise an unnecessary question on the bill but if Senator Bailey is correct and the President believes it would be advisable, I would certainly concur."

RULING BY THE PRESIDENT

The President: "In reply to the point of order presented by Senator Bailey, the President believes that Substitute Senate Bill 3271 does not come under the provisions of Senate Concurrent Resolution 125 and respectfully suggests that the Senate adopt a Senate Concurrent Resolution suspending the provisions of Senate Concurrent Resolution 125 which prohibits consideration of Substitute Senate Bill 3271."

PARLIAMENTARY INQUIRY

Senator Walgren: "Yes, Mr. President, it was my understanding that the question was also directed with regard to the last measure on the calendar today, too, Senate Bill number 3247."

REPLY BY THE PRESIDENT

The President: "That is true, Senator Walgren. The President believes in that in-
stance that it would be necessary to pass another Senate Concurrent Resolution to accompany that measure."

POINT OF INQUIRY

Senator Bailey: "Mr. President, a point of inquiry. Then should we have a written resolution or will the Secretary have one prepared?"

REPLY BY THE PRESIDENT

The President: "There is one already prepared, Senator Bailey. The President suggests that the Senate revert to the fifth order of business; introduction, first reading and reference of bills, memorials and resolutions."

POINT OF INFORMATION

Senator Bailey: "One other point, Mr. President. I think it would be advisable that we have one on each bill so we have a firm control over this and are sure that each bill has to have a two-thirds vote. If we start grouping bills, we are probably going to destroy this concurrent resolution."

REPLY BY THE PRESIDENT

The President: "That has been the policy used in the past, Senator Bailey."

POINT OF INQUIRY

Senator Guess: "Will Senator Bailey yield? Senator Bailey, I wonder if we are, by passing these individual concurrent resolutions, going to extend unduly the length of the session, because if we do this on every bill — Senator Lewis wants it on his bill — Senator Day wants it on his bill — I want it on my bill — we could be here until May."

Senator Bailey: "Mr. President, we intend to leave very shortly. I do not think so. I think if we keep it confined to this calendar, and then if the House does start to abuse it or if the lobbyists try to put together a two-thirds vote on some of these bills that we have, I hope firm control over one-third of the members and with your help, I think we can stop any abuse of that concurrent resolution."

Senator Walgren: "With further regard to that, Senator Guess, in emphasizing that it is our intent simply to take care of this calendar that we had put out last week from the Rules Committee, I think that your point with regard to the length of the session is one well taken, however. We are concerned that we see at the moment not a great deal of action on the House side with regard to putting the supplementary budget over here and recommendations to this body. I think that as we proceed these next few days during this week, we are going to be wanting them to proceed as fast as they possibly can. I think that, and I have talked just briefly with Senator Donohue with regard to this, if we do not see some real effort on the part of the House as far as getting a budget over here by the end of this week, that we are going to have to look very seriously about commencing to prepare our own document to send over to the House and with a view toward concluding this session within the period of time that we had suggested."

There being no objection, the Senate returned to the fifth order of business.

INTRODUCTION AND FIRST READING

SENATE CONCURRENT RESOLUTION NO. 129, by Senators Bailey, Walgren and Lewis (Harry):
Suspension of rules for Substitute Senate Bill No. 3271.
On motion of Senator Bailey, the rules were suspended, Senate Concurrent Resolution No. 129, was advanced to second reading and read the second time in full.
Senator Bailey moved the rules be suspended, Senate Concurrent Resolution No. 129 be advanced to third reading, the second reading considered the third, and the resolution be placed on final passage.

POINT OF INQUIRY

Senator Cunningham: "Thank you, Mr. President. Prior to voting on suspending
the rules as this resolution would do, I wondered if Senator Harry Lewis would yield to a question pertaining to the bill 3271. Senator Lewis, I think it is admirable to reduce the impact of bureaucracy but I am concerned in this bill that maybe some of the protection that the consumer has is being taken away. Specifically, it says 'all permits and inspections related to grocery operations will be covered by' "

POINT OF ORDER

Senator Bailey: "Point of order. I think we are getting again into a question of questions and answers on the merits of a bill when we are debating suspension of the rules which is not debatable. I don't think it is debatable anyway but in this case we are putting into the record questions and answers on whether a bill is good or bad and it is going to extend the record into an unbelievable volume that I just do not think is proper in this case."

RULING BY THE PRESIDENT

The President: "The President believes that the Senate Concurrent Resolution is debatable but there is some merit in Senator Bailey's remarks. Senator Cunningham, would you rephrase your question, please?"

Senator Cunningham: "Yes. First, I do not mean to make the ledger more voluminous than it normally is. Senator Lewis, what is in this bill to protect the consumer?"

Senator Lewis (Harry): "Well, I think there really is very little change, if any, as far as permits and inspections related to grocery operations. The same procedures and requirements will be adhered to. It will just be a method of centralizing those permits and requirements related to grocery operations to simplify the application procedure. But, in every case, the agency, the permits that are required, the inspections that are required, all will continue to be required. It will just be an attempt and really, it is an experimental, a pilot program and we will have a report back in this session by next January, a little less than a year away. I would like to assure you, Senator Cunningham, there will be no relaxing of any requirements as far as the protection of the consumer or in any other area is concerned."

Debate ensued.

POINT OF ORDER

Senator Bailey: "Mr. President, I still object. I think this is out of order. We are getting into arguments over the bill which are going to be voluminous and they are going in the record as questions and answers, and if we are going to start this procedure, we will never have anything but questions and answers in the record and no debate on the bills whatsoever."

RULING BY THE PRESIDENT

The President: "Senator Cunningham, your remarks must be confined to the resolution."

The motion by Senator Bailey carried. Senate Concurrent Resolution No. 129 was advanced to third reading, the second reading considered the third, and the resolution was adopted.

There being no objection, the Senate advanced to the seventh order of business.

THIRD READING

SUBSTITUTE SENATE BILL NO. 3271, by Committee on State Government (originally sponsored by Senators Lewis (Harry) and Rasmussen:

Establishing the business coordination act.

The bill was read the third time.

Debate ensued.

POINT OF INQUIRY

Senator Washington: "Will Senator Lewis yield to a question? You mentioned that this is a pilot program. Does this bill have a cutoff date, or do the provisions of it become permanent."

Senator Lewis (Harry): "Senator Washington, there is no cutoff date in the legisla-
tion but it is restricted solely to the grocery business and it provides for a report back to the legislature so that we can then make a determination as to the workability and the practicality of the legislation. We are convinced that it will work but we want to review the pilot program to see if it could be applied, if it should continue to apply to the grocery business and if, in addition, it could further be applied to make it easier for other small businesses to go to a one-stop place for permits.”

Senator Washington: “Now, it is more than just a pilot program however, the bill sets up a permanent procedure for getting the permits, and within the bill itself it provides for a pilot program, but if the pilot program proves unsatisfactory it will then take an act by the Legislature to repeal the act, would it not?”

Senator Lewis (Harry): “Yes, it would, Senator Washington.”

Further debate ensued.

POINT OF INQUIRY

Senator Wilson: “Mr. President, would Senator Lewis yield, please? Senator Lewis, I surely agree with the intent of this legislation. My question pertains to the fiscal situation which Senator Grant referred to. The bill calls on the Department to establish these issuing centers in its main office and its regional offices and to get into the business of handling permits for groceries, and to compile a report based on its experiences for submission to the next Legislature. My question is, has the Department testified before the committee considering this bill as to whether it presently has the manpower and resources to accomplish this during the balance of the biennium or as to whether it feels it is going to have to ask for additional man-hours and money to do it?”

Senator Lewis (Harry): “Senator, the Department, to my knowledge, and I just asked the chairman of the committee, testified that they could handle it within their present structure and that there would not be any additional cost to the Department during this trial period at least when they report back next January. And it is also the objective of the bill that there be no additional cost to state government over that which state government already has, and that actually, Senator, we are expecting as a result of this single master permit, we think that there will be a savings in the fee system through coordination that can be accomplished through this pilot program. So, in direct answer to your question, no, this will not cost any additional money for the Department of Commerce. Perhaps Senator Rasmussen would like to respond in addition to that.”

Further debate ensued.

POINT OF INQUIRY

Senator Washington: “Another question that occurs to me again. I do not want to belabor this particular bill and I would like to see a one-stop permit situation established, but Senator Lewis, what happens if the Department of Health turns down what, before we passed this bill, was a permit relating to health? Does the Department of Commerce have the right to overrule the Department of Health or if the Department of Health says ‘no, this requirement has to be established,’ will the grocery store have to comply with the objection raised by the Department of Health?”

Senator Lewis (Harry): “The answer is yes. The grocery store will have to comply in every respect with the requirements of the Department of Health. In every respect. What page is that, Senator? Page two, line thirty-two, thirty-three. ‘The Department will then issue a master permit covering all the approvals and conditions excluding any denials. It shall be the responsibility of the applicant to make appeals on conditions imposed or on permit denials through that normal appeal process established by the agency with jurisdiction for the issuance of the permit.’ There is no attempt to circumvent any regulation or requirement. All we are trying to do is to coordinate those requirements for simplification purposes.”

POINT OF INQUIRY

Senator Bailey: “Mr. President, would Senator Lewis yield? Senator Lewis, I had understood you to say the fee of one hundred dollars probably would take care of the expenses and I rather thought that meant that you are talking about taking care of the expense of having a whole new division in another department to start a new activity.
Now, it looks here like you are taking care of the cost of the regular departmental permits like Liquor Board and so forth. Is that definitely enough to take care of liquor permits and—?"

Senator Lewis (Harry): "Yes, the reason for the deletion of the extra fee of the hundred dollars is that once the mechanism is set up, there is supposed to be a cost saving due to the coordination of permits and inspections and that is the reason for reporting back in January, next year, and the Department of Commerce has testified, as Senator Rasmussen indicated, that there will be no additional costs or requirements in their budget to go into this project. There is actually, and it is our strong feeling, that by coordinating, Senator Bailey, there can be a reduction. Senator Rasmussen talked about perhaps an inspector being able to do several things, providing the departments were agreeable to that, but any time that you can consolidate on a single permit basis like this, there is every indication that there will, in effect, be a savings."

Senator Bailey: "Mr. President, did the Department testify that they would not ask for additional money in the next budget to set up a whole new department?"

Senator Lewis (Harry): "I don't know the answer to that, Senator Bailey, but this is not the purpose and I would resist such a measure if it were going to require any kind of additional expense in this thing, I certainly would not support that kind of a proposal from the Department."

Further debate ensued.

POINT OF INQUIRY

Senator Bailey: "Mr. President, would Senator Morrison yield? Members of the Senate, I would like this in the record. This is what I want in the record for future budgets. Is it your understanding that if we pass this bill that you have assurances from the Department of Commerce and Economic Development that they will not come back in January and want to create a new division at a big budgetary increase?"

Senator Morrison: "I have understanding, Senator Bailey, from testimony from the Department that they feel this will be a bookkeeping function of service to the businessmen of the state of Washington and will, in fact, not embody a large number of people."

Further debate ensued.

The President declared the question before the Senate to be the roll call on final passage of Substitute Senate Bill No. 3271.

POINT OF INQUIRY

Senator Mardesich: “Senator Guess, where is the language which has it applied to new construction of homes?”

Senator Guess: “In the first part of it, it says 'sale of solar heating equipment for use in residential property.' That is on page eight, subparagraph thirty-one, on line twenty.”

Senator Mardesich: “You better take a look at that, Senator Guess. I think it does not include it. The first part of the sentence does but I think that the last part which pertains to the installation would remove the new construction and have it apply only to that area where there is an installation in a property already having some kind of heating equipment.”

Senator Guess: “Senator Mardesich, I think if you read it, it has a comma after the phrase, ‘residential property’ ‘and the the sale of the installation service for such equip-
ment when installed in residential property already having a heating system.""

Senator Mardesich: "Is it your intention to exclude the installation cost when it is a
new—?"

Senator Guess: "No. sir."

Senator Mardesich: "I think that is what the language does, although I may be in­
correct."

MOTION

On motion of Senator Guess, Senate Bill No. 2375, together with the adopted
amendment by Senators Guess, Washington and Beck, was ordered placed on the end of
today's calendar.

There being no objection, the Senate returned to the fifth order of business.

lution be placed on final passage.

POINT OF ORDER

Senator Mardesich: "There may be no argument with respect to this measure but in
view of the debate we had with respect to the business coordination act, I wonder if per­
haps we should not debate the bill before we debate the resolution because it might af­
fect how people would vote on the resolution. I think there is no difference with respect
to this measure but there will be a time when people will not vote for a measure unless
they have had time to debate it and to avoid that possibility, I think we should consider
changing to a consideration of a measure before the consideration of the suspension of
the joint rule."

REMARKS BY SENATOR BAILEY

Senator Bailey: "Mr. President, I do not see how we could handle a bill if the reso­
lution says we cannot consider before we would have to suspend the rules, I think. But I
would like to suggest that it would be like suspension of rules by disagreeing with Sen­
tator Cunningham placing questions and answers that were speeches in the record and
not just because of you but I think that maybe we ought to have a brief explanation from
the author of the bill, and sit down like you have sometimes on a point of order or some­
thing like that. That would be fitting but if we are going to have the argument then I
think we are voting on the bill when we vote on the suspension of rules.

REMARKS BY SENATOR TALLEY

Senator Talley: "Mr. President, I have anticipated something on this order and I
thought that people should know exactly what the bill does and I have had placed on
your desks an explanation of the bill so you won't have any doubts as to what is in it."

RULING BY THE PRESIDENT

The President: "Senator Mardesich, in ruling upon your point of order, the Presi­
dent believes that it is necessary to suspend Senate Concurrent Resolution 125, although
the concurrent resolution does say the Senate will only consider House bills. I think per­
haps it should have said 'shall' only consider House bill."

The motion by Senator Walgren carried. Senate Concurrent Resolution No. 130
was advanced to third reading, the second reading considered the third, and the resolu­
tion was adopted.

MOTIONS

On motion of Senator Walgren, all members were permitted as additional sponsors to Senate Resolution 1976-188.
SENATE RESOLUTION 1976-188

Whereas, The United States Air Force was established as a part of the National Military Establishment by the National Security Act of 1947 and came into being on September 18, 1947; and

Whereas, The United States Air Force had written glowing chapters in the saga of United States Military lore well before achieving its own separate identity; and

Whereas, All other arms of our military forces began to find impressive support from their airborne brothers as early as World War I; and

Whereas, The air arm of our military muscle flexed and matured in the unfriendly skies of the global confrontations of World War II; and

Whereas, The United States Air Force embraced and enhanced the long military tradition of dedication above and beyond the call of duty immediately with its autonomous inception; and

Whereas, The United States Air Force flies proudly as the vanguard of the United States Military Establishment; and

Whereas, As of this date, February 11, 1976, the Senate of the State of Washington is the proud host of United States Air Force Colonel Robert H. Campbell, Commander of the 62nd Air Base Group and of McChord Air Force Base in Washington, and Colonel Gary E. Spohn, Base Commander of the 92nd Combat Support Group and Fairchild Air Force Base in Washington; and

WHEREAS, Colonel Campbell and Colonel Spohn are guests of the Washington State Senate as official representatives of the United States Air Force;

NOW, THEREFORE, BE IT RESOLVED, That the Senate of the State of Washington, through Colonel Campbell and Colonel Spohn does declare its pride in and respect for the United States Air Force, and does convey its heartfelt congratulations and good wishes to all personnel of the Air Force during this Bicentennial Year; and

BE IT FURTHER RESOLVED, That a copy of this resolution be transmitted by the Secretary of the Senate to Colonel Campbell, Commander of McChord Air Force Base, and to Colonel Spohn, Base Commander of the 92nd Combat Support Group and Fairchild Air Force Base, and to all other interested groups and individuals.

REMARKS BY THE PRESIDENT

The President: “Continuing with our bicentennial salute to the military, we are honored to have with us today two distinguished war heroes representing the United States Air Force.

Colonel Robert H. Campbell is presently the commander of the 62nd Air Base Group and McChord Air Force Base. Born and reared in New Jersey, Colonel Campbell entered pilot training as an aviation cadet in June of 1943 and one year later as a second lieutenant he was sent to Europe as a B-24 pilot assigned to the 98th Bomb Group. In his European tour, Colonel Campbell completed 26 combat missions which included 202 combat hours.

Colonel Campbell, after a four-year break in service, returned to active duty in 1951. He later served a tour in Vietnam where he accumulated 152 combat missions and 514 combat hours.

Colonel Campbell’s many awards and decorations include the Legion of Merit with one Oak-Leafe Cluster, the Distinguished Flying Cross, the Bronze Star medal, the Air Medal with 8 Oak-Leafe Clusters, the Republic of Vietnam Armed Forces medal,
Colonel Campbell: "Governor Cherberg, members of the Senate, it is a very distinct honor for the members of the Air Force and McChord Air Force Base especially, to be tendered the invitation to be here this morning. We cherish that invitation very much because of the great relationship that exists here in the Evergreen State with the armed forces.

"I think it is quite fitting that Governor Cherberg would start a program of military participation with the Senate during bicentennial year, but then again, I would certainly expect that from a Washington general.

"I do bring you greetings from McChord and all of the people of McChord. Just as a matter of interest, we are seventy-three hundred strong, as far as the people that are assigned to the missions that are carried out at McChord. In addition, there are some fifteen thousand dependents of the military people that are stationed there, who are, for the most part, members of the community inasmuch as we only have about a thousand units of family housing at McChord. Most of our people live in the community. I believe my wife, Marian, and I are typical of the people that are stationed at McChord concerning our just great feeling about this area. Without question, it is one of the highlights of anybody’s military career to be stationed in this area. We find the most genuine Americans to be in this area, and they have very genuine values, something that we very much cherish. It is a wonderful place for us to bring up our families, and we are very thankful for that.

"I think that, more important though, is the fact that we are amongst people who have great ideals and who know and understand and truly believe in national security and patriotism. This past November I had the privilege of being the grand marshal in a parade at Auburn on Veteran’s Day. I don’t know how many of you have stopped to think about the fact that there are very few parades in this country like there used to be. The parade at Auburn on Veteran’s Day happens to be the largest this side of the Mississippi, and one of the largest in the United States.

"The people here are very much involved on a daily basis in the things that count towards the furtherance of our country and the ideals on which it was founded. You are very deeply involved in international trade which is very important to the livelihood of this country. Your great seaports of Seattle and Tacoma are great evidence of this. Not only the products of the State of Washington, but even products from the midwest float through and to that area. Your wood products industry certainly depends a great deal on international trade, and the aerospace industry, without question, is very dependent on the international trade. I believe that Boeing is very thankful they have had so many foreign customers in the last two years because of the conditions of the U.S. airlines operating within the U.S. boundaries.

"And of course, I know you are mindful in this state of the original premise, maybe even the promise of our adversaries the Russians when communism first became a part of government, and that was that they were, in fact, going to dominate the world and that meant the end of free enterprise. And, gentlemen, that is a promise that they have never gone back on. That is something they have never changed their minds on. You know, they speak out of both sides of their mouths at times, but they have never changed that utterance. It has always been the domination of the world. Now General Warner and Admiral Zech in their appearances here, I think, very adequately covered the threat and the need for a strong nation and a strong national defense and the rising power of the Russians, so I won’t go into that today.

"But I would talk about the need for strong defense in a little different manner. Deterrence is something which is achieved by the capability to deter, that is military
power and the will to use it. Now, I think that overall, on balance, we are strong enough with the capability. Deterrence is keyed even more so to the perception of people that look at us as to whether or not we have the will to use that power. We have had a couple of examples, one of which is a very excellent example of when we communicated properly. The Cuban missile crisis was a time when we had the capability, and the Russians really perceived that we were going to use it, and that the will of the American people was behind the administration.

"Sadly enough, last year, we had a different situation and I am sure that Hanoi in 1975, when they made their takeover of South Viet Nam, fully perceived that the will of the American people was not to return to combat in Southeast Asia. And thus, it was very simple for them to complete not much of a military task.

"I realize the members of the Washington Senate don't have much but indirect effect on providing the armed forces with their equipment and their appropriations because that is a function of the U.S. Congress, but I am very well aware that you have in the past and you will have in the future, a very direct effect, if you will, on showing the world of the will of the American people, and thus providing the perception for our adversaries that we are, in fact, going to be strong.

"I referred earlier to our strength. We have all been through our economic problems in this country. The armed forces have certainly had to cut back in numbers because the money was not there. We don't quarrel with this. There are changing national policies and priorities that dictate this. But rather than us coming out of this a little less capable, I can guarantee we will come out more capable because with less people and less money we have to be better. We are smaller but we are more motivated because we know that we are still expected to carry out the job that we had when we had more people and more money. The industrial capacity of this country is still the leading industrial capacity of the world, so we know we have that strength.

"We have a younger and better educated armed forces. I think this year less than five percent of the people enlisting in the U.S. Air Force will not be at least high school graduates, and less than one percent will be below the national average of intelligence. Our leaders are young and have had combat experience which means they are mature leaders. Not only that, we are very concerned about our image.

"We didn't come out of the Viet Nam classic with a very good image in the military. We are concerned about that and we know we are not going to have very many chances to prove ourselves without losing all credibility.

"So we are motivated. We can sort of relate this now in the case of the air force to the State of Washington. I think we have got a lot of similarities. We are young. You are the forty-second state, entered into the union in 1889, and so you are still striving for your centennial while the nation celebrates its bicentennial, and we of course are young, born in 1947, and that doesn't make us very old. We are still striving for our thirtieth birthday. But just like the State of Washington, the way it has made tremendous progress and strides, we know that our sister services, one of whom kept us in bondage for many years, the Army, were born in 1776 and in fact, one of them in 1775. So I think that you will share our pride when we say very proudly that we have made two hundred years progress in twenty-nine years, and we are proud of it.

"Now I know that it is very essential for us to have your support, and while we ask for your continued support, I think it is very important for us to also pledge to you that we are fully dedicated, capable and motivated to insure the survival of our cherished heritage and the superb way of life that this great State of Washington has provided for us while we are here in your country, and I say country, not from the standpoint of a body.

"Governor Cherberg, and members of the Senate, on behalf of McChord and all of the men and women there, I would say simply, God bless you for your wonderful support, your hospitality and your supreme patriotism. And before I leave the podium, an apology to the ladies in the Senate that I made a slip sometime in my earlier words of saying, 'gentlemen,' and I want to overcome that little bit of a slip.

"Thank you very much for the tremendous opportunity to be here, and we certainly do cherish being in your state. Thank you very much."
REMARKS BY THE PRESIDENT

The President: "Our other distinguished war hero is Colonel Gary E. Spohn who is the base commander of the 92nd Combat Support Group and Fairchild Air Force Base, Washington.

"Colonel Spohn, a native of Washington and a graduate of Yakima High School and Whitman College, enlisted in the air force in 1953 as an aviation cadet and was commissioned in 1954.

"Colonel Spohn, after completing numerous assignments throughout the country, served in Thailand where he served as executive officer and then commander of the 544th Reconnaissance Squadron.

"Colonel Spohn is an experienced command pilot with more than 8,000 hours and holds the Distinguished Flying Cross, the Air Medal with three Oak-Leaf Clusters, the Air Force Commendation Medal and the Air Force Outstanding Unit Award with four Oak-Leaf Clusters and many other awards and decorations.

"Colonel Spohn is married to the former Janet Hall of Missoula, Montana and they have one daughter, Marcia."

With permission of the Senate, business was suspended to permit Colonel Spohn to make the following remarks:

REMARKS BY COLONEL GARY E. SPOHN

Colonel Spohn: "Governor Cherberg and ladies and gentlemen of the Senate, I won't take but one or two of your minutes. I am sure that you have many more important things to do and if I were to say more, I would probably do not much more than echo many of the words that Colonel Campbell spoke to you.

"It is indeed an honor and a pleasure for me to be here as the Air Force representative from Fairchild Air Force Base, Spokane, Washington, the other side of the mountains to you coast people, and again, it is a pleasure to be here on this Air Force Recognition Day. I suppose I should give you a little background on Fairchild Air Force Base, especially for those of you that are unfamiliar with the other side of the mountains. We are also a community of approximately five thousand military personnel with approximately fifteen thousand to twenty thousand dependents, and this is a very large community. We are a part of the community. This is the way we look at it. This is the way we live, day by day, but we also recognize that we do have a responsibility to this country.

"This base, Fairchild Air Force Base — it was named that in 1951 — is one of the furthest, or it is, the most northwest strategic air command base in the Air Force. Our primary mission there is deterrence, is preparedness and deterrence through strikes. This is an important part of our nuclear triad which I am sure you all are very much aware of.

"But I think even more today, this Air Force Recognition Day, the most significant factor would be the point that your own Washington International Guard is moving from Geiger Air Field or Spokane International. They are changing their mission. They are changing aircraft to — transition to one thirty fives which is the air force refueler, and becoming an important part of this Air Force deterrent. They will be moving over this summer and we are looking forward to having them on our installation and we welcome them with open arms.

"Again, thank you very much for including us in your day and recognizing us as members of the Air Force. Greetings from the members of the military at Fairchild and all their families. Thank you."

The President presented a bicentennial Flag to Colonel Campbell and Colonel Spohn.

The committee of honor escorted the honored guests from the Senate Chamber and the committee was discharged.

SECOND READING
HOUSE BILL NO. 38, by Representatives King, Bender, Erickson and Gaines (by request of Committee on Constitution and Elections of the Forty-third Legislature):
Implementing law relating to recall of public officials.
The Senate resumed consideration of House Bill No. 38. On February 3, 1976, the bill, as amended by the Senate, passed the Senate. On February 4, 1976, a motion for reconsideration by Senator Washington on passage of House Bill No. 38 was held for February 5, 1976. On that date, on motion of Senator Beck, House Bill No. 38, as amended by the Senate, was re-referred to the Committee on Constitution and Elections.

REPORT OF STANDING COMMITTEE
February 6, 1976.

HOUSE BILL NO. 38, implementing law relating to recall of public officials (reported by Committee on Constitution and Elections):
Recommendation: Do pass with the following amendment by Committee on Constitution and Elections without the Beck/ Marsh amendment:
On page 1, line 21, strike "time," and insert "approximate".
THIRTY-SEVENTH DAY, FEBRUARY 11, 1976

Signed by: Senators Beck, Chairman; Grant, Lewis (R. H. “Bob”), Pullen, Stortini, Washington.

The bill was read the second time by sections.

Senator Beck moved adoption of the committee amendment.

POINT OF INQUIRY

Senator Bailey: “Mr. President, would Senator Beck yield? Senator Beck, what is the difference between the proposed amendment and the current practice as far as recall charges are concerned?”

Senator Beck: “Well, currently if someone wanted to get out a recall against an elected official, all he has to do is to bring some kind of a charge. The charge must be serious enough to make it valid for a recall and that is all. He takes it to the prosecuting attorney or the Attorney General and they check the validity and make sure that the charge that is being made is valid reason for recall. They go out and get the signatures and then it is submitted to the people for a vote. Now, under this bill, the individual who is filing the charge must be specific. He must give the date, the time, the place and the nature of the charge, and it must be spelled out in precise language and the prosecuting attorney or whatever official it is filed with must then see that the one who is being charged gets a copy of the charge. It is not as strong a bill as I would like to have it but it does strengthen up a little bit because they must be precise as to what the fellow did.”

Senator Bailey: “Senator Beck, I do not follow in this bill — the original House bill did just that. Are you now stripping off the proposed Senate amendment . . . .”

Senator Beck: “It is practically the same bill that came over from the House.”

Senator Bailey: “And returning it to the status of the House bill?”

Senator Beck: “Yes.”

Senator Bailey: “Exactly the same as the House bill?”

Senator Beck: “Senator Bailey, you throw me for a loss. The language, I think, is just about the same as it was other than we have to spell out precisely what the charge has been.”

Debate ensued.

POINT OF INQUIRY

Senator Wilson: “Would Senator Washington yield, please? Then what this bill says is that the complainant has to set forth specific violations as to approximately when the act occurred and so forth and then having done that, I take it the proposal goes to the prosecutor as it does now.”

Senator Washington: “That is correct.”

Senator Wilson: “And he has the authority to say this could be a valid recall process and then it goes into the petition process and so on. And the superior court, as was the case in the previous Senate amendment, is no longer involved at all.”

Senator Washington: “This is correct, except to the point where they have always been involved. That they do not get into the matter of the truth of whether there is evidence to support the charge but they do get into it to assure that the facts as set forth in the petition do, in fact, constitute misfeasance, malfeasance or a breach of the oath of office.”

Senator Wilson: “That is presently the case.”

Senator Washington: “Which is presently the case.”

Senator Wilson: “Thank you.”

The motion by Senator Beck carried and the committee amendment was adopted.

On motion of Senator Beck, the rules were suspended, House Bill No. 38, as amended by the Senate, was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

PARLIAMENTARY INQUIRY

Senator Washington: “Just as a point of information, we did have on the bill when it left the committee when it was on the floor, we had already adopted the amendment.
Now, there is perhaps a technical question whether or not we should not vote to withdraw the amendments that were placed on the bill when it was before us before."

REPLY BY THE PRESIDENT

The President: "Senator Washington, the President has been advised by the Secretary that the bill was referred to the committee with certain amendments that were removed by the committee, and when the bill was returned, the Senate, in its wisdom, has adopted the one committee amendment."

ROLL CALL

The Secretary called the roll on the final passage of House Bill No. 38, as amended by the Senate, and the bill passed the Senate by the following vote: Yeas, 33; nays, 8; absent or not voting, 3; excused, 5.

Absent or not voting: Senators Maredesich, Matson, Murray—3.

Excused: Senators Francis, Jolly, Jones, Keefe, Lewis (R. H. "Bob")—5.

HOUSE BILL NO. 38, as amended by the Senate, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

MOTION

THIRTY-EIGHTH DAY

"GREAT GOD OF LIFE AND LOVE, OF HOPE AND OF HAPPINESS, WE PRAISE AND BLESS YOU. WE ACKNOWLEDGE YOU TO BE THE LORD FOR IT IS YOU THAT HAS MADE US AND NOT WE OURSELVES. WE DO RECOGNIZE THAT WE HAVE NOT ALWAYS DONE ALL WE COULD IN OUR THINKING AND PLANNING TO NOURISH AND ENRICH THE GOOD GIFT OF LIFE. WE ADMIT THAT OUR LOVE HAS NOT ALWAYS BEEN PROPERLY BALANCED BETWEEN INNER AND OUTER DIRECTION. WE CONFESS THAT WE HAVE SOMETIMES STIFLED THE HAPPINESS OF HOPE BY OUR ENCHANTMENT WITH THE STATUS QUO.

"FOR CONCERNED PEOPLE WHO YEARS AGO ESTABLISHED THE PROCESS OF GOVERNMENT WE ARE NOW ENGAGED IN, WE THANK YOU O GOD. FOR THE DEDICATION, THE PERSEVERANCE, THE BLOOD, SWEAT AND TEARS OF THOSE WHO LIVED AND DIED THAT THIS GOVERNMENT MIGHT NOT PERISH FROM THE EARTH, WE THANK YOU, O GOD.

"WE PRAY THAT THESE SENATORS MIGHT ALWAYS BE MINDFUL OF THE TRUST PLACED IN THEM BY YOU AND YOUR PEOPLE THAT THEY MIGHT BE AND BECOME SENSITIVE TO THE NEEDS OF THEIR CONSTITUENTS. FREE THEM TO RIGHTLY USE THE ABILITIES AND GIFTS THEY POSSESS AND PROPERLY MOTIVATE THEM TO FAITHFULLY MEET NEEDS IN WAYS THAT ARE JUST, EQUITABLE AND HONORABLE. IN THE STRONG NAME OF JESUS WE PLACE THIS CONFESSION AND THESE PETITIONS BEFORE YOU. AMEN."

On motion of Senator Henry, Substitute Senate Bill No. 3172 was substituted for Senate Bill No. 3172 and the substitute bill was placed on second reading and read the second time in full.

Senator Henry moved adoption of the following amendment by Senators Henry, Walgren and Morrison:

On page 2, strike everything after the enacting clause and insert the following:

"NEW SECTION. Section 1. The legislature finds and declares that it is the continuing purpose of state government, consistent with other essential considerations of state policy, to foster wise and efficient energy use and to promote energy self-sufficiency through the use of indigenous and renewable energy sources, consistent with the promotion of reliable energy sources, the general welfare, and the protection of environmental quality.

NEW SECTION. Sec. 2. It is the policy of the state of Washington that:
(1) The development and use of a diverse array of energy resources with emphasis on renewable energy resources shall be encouraged;
(2) The development and use of energy resources shall be consistent with the statutory environmental policies of the state;
(3) Energy conservation and elimination of wasteful and uneconomic uses of energy and materials be encouraged. This conservation should include, but not be limited to, resource recovery and materials recycling;
(4) In energy emergency shortage situations, energy requirements to maintain the public health, safety, and welfare shall be given priority in the allocation of energy resources, and citizens and industry shall be assisted in adjusting to the limited availability of energy in order to minimize adverse impacts on their physical, social, and economic well being; and
(5) State government shall provide a source of impartial and objective information in order that this energy policy may be enhanced.

NEW SECTION. Sec. 3. As used in this chapter:
(1) "Energy" means: Petroleum or other liquid fuels; natural or synthetic fuel gas; solid carbonaceous fuels; fissionable nuclear material; electricity; solar radiation; geothermal resources; organic waste products; wind; tidal activity; or any other substance or process used to produce heat, light, or motion;
(2) "Person" means an individual, partnership, joint venture, private or public corporation, association, firm, public service company, political subdivision, municipal corporation, government agency, public utility district, joint operating agency, or any other entity, public or private, however organized;
(3) "Director" means the director of the state energy office;
(4) "Council" shall mean the energy advisory council created in section 10 of this 1976 amendatory act; and
(5) "Distributor" means any person, private corporation, partnership, individual proprietorship, utility, including investor-owned utilities, municipal utility, public utility district, joint operating agency, or cooperative, which engages in or is authorized to engage in the activity of generating, transmitting, or distributing energy in this state.

NEW SECTION. Sec. 4. The "state energy office" is hereby created as an agency of state government, responsible to the governor and the legislature for carrying out the purposes of this chapter. The director shall be appointed by the governor with the consent of the senate, and shall serve at the pleasure of the governor. The salary of the director shall be determined pursuant to the provisions of RCW 43.03.040. The director shall employ such personnel as are necessary to carry out the provisions of this chapter. The employment of such personnel shall be in accordance with the provisions of chapter 41.06 RCW, except as provided in section 12 of this 1976 amendatory act.
NEW SECTION. Sec. 5. The energy office shall have the following duties:

(1) To establish and maintain a central repository in state government for collection of data on energy resources, including but not limited to:
   (a) Data on energy supply, demand, costs, projections, and forecasts;
   (b) Inventory data on energy research projects in the state conducted under public and/or private auspices, and the results thereof;

(2) To prepare analyses of such data as well as projections and/or forecasts of energy supply and demand in the state and region as are necessary for development of recommendations with respect to the timing of construction of additional facilities and other energy programs and the development of other information as is necessary to support the performance of its duties;

(3) To carry out energy related administrative and program functions and activities established by federal law, regulations, or guidelines which are and which have previously been or may be determined to be suitable for implementation by the state of Washington: PROVIDED, That the governor may designate appropriate agencies of the state for implementation of all or parts of certain energy programs of the federal government where such designation is in the interest of efficiency, economy, or utilization of special expertise: PROVIDED FURTHER, That the energy office shall advise such agencies and review the work performed pursuant to such designation by the governor;

(4) To develop and disseminate voluntary conservation plans for use by government, industry, and individual citizens;

(5) To prepare in conjunction with the energy advisory council, contingency plans for implementation by state government in the case of a clear and foreseeable danger of energy shortages or actual energy emergencies. Such plans shall include procedures for determining when such shortages or emergencies exist, the state officers and agencies to participate in such determination, and actions to be taken by various agencies and officers of state government in order to reduce hardship and maintain the general welfare during such emergencies. The components of such plans that require legislation for their implementation shall be presented to the legislature in the form of proposed legislation at the earliest practicable date;

(6) To advise and support agencies of state government whose plans and programs involve the production, conversion, transmission, or end-use of significant amounts of energy, or which require knowledge of the present and projected supply and demand of energy, so that such agencies may evaluate the consequences of such actions with respect to state energy goals;

(7) To advise and support the regulatory functions of state agencies through information, reports, and studies;

(8) To present state interests and concerns on energy matters to local governments, other states, regional interstate energy organizations, federal agencies, and private interests: PROVIDED, That nothing in this subsection shall be construed to abrogate or diminish the functions, powers, or duties of other state agencies established by law;

(9) To present the state's interests in the field of nuclear energy to federal, regional, and local authorities and to private interests as an identifiable activity within its overall program;

(10) To make periodic reports and policy and program recommendations to the governor and the legislature and to submit proposed legislation to the legislature;

(11) To serve as the official state agency responsible for coordination of energy-related activities;

(12) To adopt rules, pursuant to chapter 34.04 RCW, for the implementation of this chapter.

NEW SECTION. Sec. 6. In addition to the duties prescribed in section 5 of this 1976 amendatory act, the energy office shall have the authority to:

(1) Obtain all necessary information from energy producers, suppliers, and consumers, doing business within the state of Washington, from political subdivisions in this state, or any person as may be necessary to carry out the provisions of this chapter. Such information may include but not be limited to:
(a) Sales volume;
(b) Forecasts of energy requirements; and
(c) Inventory of energy.

In obtaining information under this subsection, the energy office may subpoena witnesses, material and relevant books, papers, accounts, records and memoranda, in the manner provided in RCW 34.04.105, administer oaths, and may cause the depositions of persons residing within or without the state of Washington to be taken in the manner prescribed for depositions in civil actions in superior courts, to obtain information relevant to energy sources.

Any person who is served with a subpoena to give testimony orally or in writing or to produce books, papers, correspondence, memoranda, agreements, or the documents or records as provided in this chapter, may apply to any superior court in the state for protection against abuse or hardship in the manner provided in superior court civil rule 26(c) relating to discovery procedures in civil cases.

Notwithstanding any other provision of law to the contrary, information furnished under this subsection shall be confidential and maintained as such, if so requested by the person providing the information, if the information meets one of the following requirements: The information is proprietary in nature; or the information consists of geological and geophysical information and data, including maps, concerning oil, gas or geothermal resource wells.

If the information meets one of the two requirements set forth herein it shall be unlawful to disclose such information except as hereinafter provided. A violation shall be punishable, upon conviction, by a fine of not more than one thousand dollars for each offense. In addition, any person who wilfully or with criminal negligence, as defined in RCW 9A.08.010, discloses confidential information in violation of this subsection may be subject to removal from office or immediate dismissal from public employment notwithstanding any other provision of law to the contrary.

Nothing in this subsection prohibits the use of confidential information to prepare statistics or other general data for publication when it is so presented as to prevent identification of particular persons or sources of confidential information.

(2) Engage in research directly, through liaison and contract with the energy research center of the state-supported institutions of higher learning, and through contract with other public and private persons. Such research may relate to:
(a) Projections of energy supply, demand, and cost and the analysis of trends indicated in such projections;
(b) Development of energy sources;
(c) Increased efficiency in production, transmission, distribution, conversion, and use of traditional energy sources;
(d) Development and use of energy efficient transportation modes;
(e) The effect of various rate structures on energy consumption and uses;
(f) Such other studies as are reasonable to support state energy policies and programs as are defined in this chapter, and as are defined by the legislature subsequent to the effective date of this 1976 amendatory act.

(3) Receive and expend funds obtained from the federal government or other sources by means of contracts, grants, awards, payments for services, and other devices in support of energy-related scientific and technical programs, studies, operations, and other activities beneficial to the state of Washington.

NEW SECTION. Sec. 7. In addition to the duties and functions assigned by sections 5 and 6 of this 1976 amendatory act, the director of the state energy office shall:
(1) Supervise the day-to-day functions of the office;

(5) Carry out the policies developed by the energy facilities site evaluation council.

NEW SECTION. Sec. 8. In furtherance of the policy of the state to cooperate with...
the federal government in all of the programs included in this chapter, such rules as may become necessary to entitle the state to participate in federal funds may be adopted. Any internal reorganization carried out under the terms of this chapter shall meet federal requirements which are a necessary condition to state receipt of federal funds. Any section or provision of this chapter which may be susceptible to more than one construction shall be interpreted in favor of the construction most likely to comply with federal laws entitling this state to receive federal funds for the various programs of the state energy office. If any part of this chapter is ruled to be in conflict with federal requirements which are a prescribed condition of the allocation of federal funds to the state, or to any departments or agencies thereof, such conflicting part of this chapter is declared to be inoperative solely to the extent of the conflict.

NEW SECTION. Sec. 9. Nothing in this 1976 amendatory act shall be construed to affect any existing rights acquired under the sections amended or repealed herein except as to the governmental agencies referred to and their officials and employees, nor as affecting any actions, activities or proceedings validated thereunder, nor as affecting any civil or criminal proceedings instituted thereunder, nor any rule, regulation or order promulgated thereunder, nor any administrative action taken thereunder; and no transfer of powers, duties and functions as provided herein, shall affect the validity of any act performed by such agency or division thereof or any officer thereof prior to the effective date of this 1976 amendatory act.

NEW SECTION. Sec. 10. There is hereby created an energy advisory council consisting of nine members.

(1) Members of the council shall be named within thirty days of the effective date of this 1976 amendatory act and shall serve at the pleasure of their appointing authority. The membership shall include the following:
   (a) The director of the state energy office;
   (b) The governor shall appoint four members as follows:
      (i) One member experienced and knowledgeable in the affairs and operations of electric utility operations;
      (ii) One member experienced and knowledgeable in the affairs and operations of the natural gas industry;
      (iii) One member experienced and knowledgeable in the affairs and operations of the petroleum products industry;
      (iv) One member shall be from an industrial user of electricity, natural gas, and petroleum products; and
   (c) The president of the Senate shall appoint two members;
   (d) The speaker of the house of representatives shall appoint two members. The council shall select one of its members to serve as chairman at the pleasure of the council.

(2) Members of the council shall be compensated at the rate of forty dollars per day for each day engaged in the business of the committee and shall be reimbursed for necessary traveling and lodging expenses actually incurred while engaged in the business of the committee as provided in chapter 43.03 RCW. Legislative members shall be reimbursed according to the provisions of RCW 44.04.120. Five members of the council shall constitute a quorum for conducting business.

NEW SECTION. Sec. 11. The council shall have the following duties:
   (1) To advise, monitor, and review the programs and policies of the state energy office and to provide direction and guidance for the activities of the state energy office;
   (2) To act as a source of innovative ideas and policy approaches in energy matters;
   (3) To advise and make recommendations to the governor and the legislature on state energy policies, practices, programs, and legislation;
   (4) To make recommendations to the governor for appropriate emergency curtailment and/or allocation plans and procedures to be used in the event of an energy alert or energy emergency;
   (5) To advise the governor of the time or times, if any, based on pertinent information, when energy supply conditions require execution of energy alert or energy emergency curtailment and/or allocation procedures, and also the time or times when such
procedures can prudently be terminated;

(6) To monitor and review in conjunction with the state energy office, compliance with and effectiveness of orders of the governor issued under sections 20 and 24 of this 1976 amendatory act: PROVIDED, That compliance by regulated distributors shall be reviewed by the Washington utilities and transportation commission and the results thereof shall be reported to the council;

(7) To interpret and coordinate energy related functions and activities established under federal law, regulations, or guidelines which are assigned to or required to be performed by the state of Washington, or which are determined to be suitable for implementation by the state of Washington: PROVIDED, That the governor may designate, with approval of the energy advisory council, appropriate agencies of the state for implementation of all or parts of certain energy programs of the federal government where such designation is in the interest of efficiency, economy, or utilization of special expertise: PROVIDED FURTHER, That the energy advisory council shall advise such agencies and review the work performed pursuant to such designation by the governor; and

(8) To exercise all other powers and perform all other duties now or hereafter provided by law.

NEW SECTION. Sec. 12. There is added to chapter 41.06 RCW a new section to read as follows:

In addition to the exemptions set forth in RCW 41.06.070, the provisions of this chapter shall not apply within the state energy office to the director, the director's confidential secretary, the director's deputy director, and to no more than two assistant directors.

Sec. 13. Section 5, chapter 10, Laws of 1965 and RCW 43.31.300 are each amended to read as follows:

The director of the department of commerce and economic development through the division of nuclear energy development, known as the office of nuclear energy development, in cooperation with the state energy office, shall, in addition to the powers and duties otherwise imposed by law, have the following special powers and duties:

(1) Expend such state funds as may be appropriated by the legislature in order to acquire, develop and operate land and facilities which the director believes will foster the development of the state's nuclear economic potential. Such acquisition may be by lease, dedication, purchase, or other arrangement: PROVIDED, HOWEVER, That nothing herein shall be deemed to authorize the state to acquire nuclear facilities or property to engage in competition with organizations or persons. The leasing from the [Atomic Energy Commission] Energy Research and Development Administration of one thousand acres of land lying within the boundaries of the Hanford works near Richland, Washington, in a lease executed on September 10, 1964, is an example of the proper exercise of powers within the purposes of this chapter.

(2) Lease, sublease, or sell real and personal properties to public or private bodies on a competitive basis and at a fair market value when the director believes that such transactions will foster the development of the state's nuclear economic potential.

The director may, however, on a competitive basis lease real and personal properties at less than fair market value on a short term basis if he believes that the long term gain to the state's economic growth justifies such an agreement. Where the lease or sale requires the lessee or purchaser to use the premises for the operation of a specific type of activity, the notice to bidders shall specify the type of business activity required. Final selection among bidders shall, subject to the provisions herein, be by the director with the advice and consent of the [governor's advisory council on nuclear-energy and radiation] state energy office.

(3) Enter into contracts with state and private institutions within the state for the carrying out of basic research in such uses of nuclear energy as may be helpful to the economic development of the state.

(4) Assure the maintenance of such insurance coverage by state licensees, lessees, or sublessees as will adequately, in the opinion of the director, protect the citizens of the state of Washington against nuclear incidents that may occur on privately or state controlled nuclear facilities.
(5) Assume responsibility for perpetual surveillance and/or maintenance of radioactive materials held for waste management purposes at any publicly or privately operated facility located within the state, in the event the parties operating such facilities abandon said responsibility, and whenever the federal government or any of its agencies has not assumed said responsibility.

In order to finance such perpetual surveillance and maintenance as the director may undertake, he may collect fees from private or public parties holding radioactive materials for waste management purposes at a total charge of not less than [five cents per cubic foot of space occupied by materials so held, stored, or buried] the prevailing rates at similar sites in the nation: PROVIDED, That in the event the estimated total of such fees will be insufficient to defray the estimated cost of administration of this responsibility for any next ensuing fiscal biennium, the director may prescribe additional fees [not exceeding fifty cents per cubic foot,] as may be necessary to defray estimated waste management expenses for future fiscal bienniums. All such fees, when received by the director, shall be transmitted to the state treasurer, who shall act as custodian. The treasurer shall place the money in a special account, in the nature of a revolving fund, which may be designated "perpetual maintenance fund," to be disbursed on authorization of the director, or his designated representative. Disbursement shall be made in the manner prescribed by chapter 42.24 RCW, and shall be subject to post audit by the state auditor. No appropriations shall be required to permit expenditures and payment of obligations from such fund, but the condition of the fund and its administration [by the director] shall be reported biennially to the legislature by the director. Moneys in the perpetual maintenance fund shall be invested by the state finance committee in the manner as other state moneys: PROVIDED, HOWEVER, That any interest accruing as a result of investment shall accrue to the perpetual maintenance fund.

Additional moneys as may be specifically appropriated by the legislature, or received from any public or private source, may be placed in the perpetual maintenance fund. The perpetual maintenance fund shall be used exclusively for surveillance and maintenance costs, or for otherwise satisfying surveillance and maintenance obligations.

(6) Enter into an agreement with the federal government or any of its authorized agencies to assume perpetual surveillance and/or maintenance of lands leased or purchased from the federal government or any of its authorized agencies and used as a burial or storage site for radioactive wastes.

Sec. 14. Section 1, chapter 207, Laws of 1961 and RCW 70.98.010 are each amended to read as follows:

It is the policy of the state of Washington in furtherance of its responsibility to protect the public health and safety and to encourage, insofar as consistent with this responsibility, the industrial and economic growth of the state:

(1) [and to institute and maintain a regulatory and inspection program for sources and uses of ionizing radiation so as to provide for (a) (1) compatibility with the standards and regulatory programs of the federal government, [(b)] (2) a single, effective system of regulation within the state, and [(c)] (3) a system consonant insofar as possible with those of other states; and

(2) To institute and maintain a program to encourage widespread participation in the development and utilization of sources of ionizing radiation and atomic energy for peaceful purposes to the maximum extent consistent with the health and safety of the public].

Sec. 15. Section 2, chapter 207, Laws of 1961 as amended by section 1, chapter 88, Laws of 1965 and RCW 70.98.020 are each amended to read as follows:

It is the purpose of this chapter to effectuate the policies set forth in RCW 70.98.010 as now or hereafter amended by providing for:

(1) A program of effective regulation of sources of ionizing radiation for the protection of the occupational and public health and safety;

(2) A program to promote an orderly regulatory pattern within the state, among the states and between the federal government and the state and facilitate intergovernmental cooperation with respect to use and regulation of sources of ionizing radiation
to the end that duplication of regulation may be minimized;

(3) A program to establish procedures for assumption and performance of certain regulatory responsibilities with respect to byproduct, source, and special nuclear materials;

(4) A program to permit maximum utilization of sources of ionizing radiation consistent with the health and safety of the public].

Sec. 16. Section 24, chapter 207, Laws of 1961 and RCW 70.98.210 are each amended to read as follows:

The agency [and the council] shall study, formulate, and recommend to the legislature from time to time specific recommendations to further the purposes of this chapter.

NEW SECTION. Sec. 17. The legislature finds that energy in various forms is increasingly subject to possible shortages and supply disruptions, to the point that there may be foreseen an emergency situation, and that without the ability to institute appropriate emergency measures to reduce and/or allocate the usage of energy through a program of mandatory usage curtailment and/or allocation, a severe impact on the health, safety, and general welfare of our state's citizens may occur. The prevention or mitigation of the effects of such energy shortages or disruptions is necessary for preservation of the public health and welfare of the citizens of this state.

It is the intent of this chapter to:

(1) Establish necessary energy emergency powers for the governor and define the conditions under which such powers are to be exercised;

(2) Provide penalties for violations of this chapter.

NEW SECTION. Sec. 18. As used in this chapter:

(1) "Energy facility" means a facility which produces, extracts, converts, transports, or stores energy.

(2) "Energy" means petroleum or other liquid fuels; natural or synthetic fuel gas; solid carbonaceous fuels; fissionable nuclear material, or electricity.

(3) "Person" means an individual, partnership, joint venture, private or public corporation, association, firm, public service company, political subdivision, municipal corporation, government agency, public utility district, joint operating agency or any other entity, public or private, however organized.

(4) "Council" means the energy advisory council created by section 10 of this 1976 amendatory act.

(5) "Distributor" means any person, private corporation, partnership, individual proprietorship, utility, including investor-owned utilities, joint operating agencies, municipal utility, public utility district, or cooperative, which engage in or are authorized to engage in the activity of generating, transmitting or distributing energy in this state.

NEW SECTION. Sec. 19. It is the intent of the legislature that the governor and the council, in developing provisions for the allocation, conservation, and consumption of energy give due consideration to supplying vital public services such as essential governmental operations, health and safety functions, emergency services, public mass transportation systems, food production and processing facilities, and energy supply facilities. In developing any energy allocation programs, provisions should be made for the equitable distribution of energy among the geographic areas of the state.

NEW SECTION. Sec. 20. In addition to his existing powers and duties, the governor shall have the following duties and special energy emergency powers subject to the definitions and limitations in this chapter.

(1) The governor may, upon finding that a situation exists which threatens to seriously disrupt or diminish energy supplies to the extent that life, health, or property may be jeopardized, declare a condition or state of "energy supply alert", at which time all of the general and specific emergency powers further enumerated in this section shall become effective. Concurrent with such declaration the governor shall convene the council which shall then meet within five days of the declaration of the alert, if it is not already in session.

(2) The condition of "energy supply alert" shall terminate after sixty consecutive days unless a continuing condition of "energy supply alert" exists, which shall be defined as the occurrence of either of the following: (a) Extension by the governor based on a
declaration by the president of the United States of a national state of emergency in regard to energy supply, or (b) declaration of the legislature by concurrent resolution of a continuing condition of "energy supply alert".

(3) The conditions of an energy supply alert shall alternatively cease to exist upon a declaration to that effect by any of the following: (a) The governor; or (b) the legislature, by concurrent resolution, if in regular or extraordinary session.

(4) In a declared state of energy supply alert, the governor may (a) implement such programs, controls, standards, priorities, and quotas for the production, allocation, conservation, and consumption of energy, as have been recommended by the energy advisory council; (b) suspend and modify existing pollution control standards and requirements or any other standards or requirements affecting or affected by the use of energy, including those relating to air or water quality control; and (c) establish and implement regional programs and agreements for the purposes of coordinating the energy programs and actions of the state with those of the federal government and of other states and localities.

Nothing in this chapter shall be construed to mean that any program, control, standard, priority quota, or other policy created under the authority of the emergency powers authorized by this chapter shall have any continuing legal effect after the cessation of a declared state of energy supply alert.

If any provision of this chapter is in conflict with any other provision, limitation, or restriction which is now in effect under any other law of this state, this chapter shall govern and control, and such other law or rule or regulation promulgated thereunder shall be deemed superseded for the purposes of this chapter.

Because of the emergency nature of this chapter, all actions authorized or required hereunder, or taken pursuant to any order issued by the governor, shall be exempted from any and all requirements and provisions of the state environmental policy act of 1971, chapter 43.21C RCW, including, but not limited to, the requirement for environmental impact statements.

Except as provided in this section nothing in this chapter shall exempt a person from compliance with the provisions of any other law, rule, or directive unless specifically ordered by the governor.

NEW SECTION. Sec. 21. To protect the public welfare during conditions of energy alerts or emergencies, the chief executive of each political subdivision of the state and each state agency is hereby authorized and directed to carry out in his jurisdiction such measures as may be ordered by the governor.

NEW SECTION. Sec. 22. In order to attain uniformity, as far as is practicable throughout the country in measures taken to aid in energy crisis management, all action taken under this chapter and all orders and rules made pursuant hereto, shall be taken or made with due consideration for and consistent when practicable with the orders, rules, regulations, actions, recommendations, and requests of federal authorities.

NEW SECTION. Sec. 23. Notwithstanding any provision of law or contract to the contrary, all persons who are affected by an order issued or action taken pursuant to this chapter shall comply therewith immediately.

NEW SECTION. Sec. 24. The governor may order any distributor to take such action on his behalf as may be required to implement orders issued pursuant to this chapter, and no distributor shall be liable for actions taken in accordance with such order: PROVIDED, That orders to regulated distributors shall be issued by the Washington utilities and transportation commission in conformance with orders of the governor.

NEW SECTION. Sec. 25. (1) Any person aggrieved by an order issued pursuant to this chapter may petition the governor and request an exception from or modification of such order. The governor may grant, modify, or deny such petition as the public interest may require.

(2) An appeal from any order issued or action taken pursuant to this chapter may be taken to the state supreme court. Such an appeal shall take the form of a petition for a writ of mandamus or prohibition under Article IV, section 4 of the state Constitution, and the supreme court shall have exclusive jurisdiction to hear and act upon such an

appeal. Notwithstanding the provisions of chapter 7.16 RCW, or any other applicable statute, the superior courts of this state shall have no jurisdiction to entertain an action or suit relating to any order issued for action taken pursuant to this chapter, nor to hear and determine any appeal from any such order. The provisions of Rule on Appeal I-58 shall apply to any proceedings in the supreme court brought pursuant to this chapter.

The legislature finds that the present and predicted growth in electric power energy demands in the state of Washington requires the development of a procedure for the selection and utilization of sites for energy facilities and the identification of a state position with respect to each proposed site. The legislature recognizes that the selection of sites and the routing of associated transmission lines will have a significant impact upon the welfare of the population, the location and growth of industry and the use of the natural resources of the state.

It is the policy of the state of Washington to recognize the pressing need for increased energy facilities, and to ensure through available and reasonable methods, that the location and operation of such facilities will produce minimal adverse effects on the environment, ecology of the land and its wildlife, and the ecology of state waters and their aquatic life.

It is the intent to seek courses of action that will balance the increasing demands for energy facility location and operation in conjunction with the broad interests of the public. Such action will be based on these premises:

(1) To assure Washington state citizens that, where applicable, operational safeguards are at least as stringent as the criteria established by the federal government and are technically sufficient for their welfare and protection.
(2) To preserve and protect the quality of the environment; to enhance the public's opportunity to enjoy the esthetic and recreational benefits of the air, water and land resources; to promote air cleanliness; and to pursue beneficial changes in the environment.
(3) To provide abundant low-cost electrical energy at reasonable cost.

The full cost of the study shall be paid by the potential applicant: PROVIDED, That such costs exceeding a total of ten thousand dollars shall be payable subject to the potential applicant giving prior approval to such excess amount.

(4) Any study prepared by the council pursuant to subsection (3) of this section [shall may be used in place of the "detailed statement" required by RCW 43.21C.030(2)(c) by any branch of government except the [thermal power plant site evaluation] council created pursuant to chapter 80.50 RCW. Except for actions of the
[thermal power plant site evaluation] council under chapter 80.50 RCW, all proposals for legislation and other actions of any branch of government of this state, including state agencies, municipal and public corporations, and counties, to the extent the legislation or other action involved approves, authorizes, permits, or establishes procedures solely for approving, authorizing or permitting, the location, financing or construction of [one or more thermal power plants or associated transmission lines] any energy facility subject to certification under chapter 80.50 RCW, shall be exempt from the "detailed statement" required by RCW 43.21C.030. (5) All payments required of the potential applicant under this section are to be made to the state treasurer, who in turn shall pay the consultant as instructed by the council. All such funds shall be subject to state auditing procedures. Any unexpended portions thereof shall be returned to the potential applicant.

(6) Nothing in this section shall change the requirements for an application for [thermal power plant] site certification or the requirement of payment of a fee as provided in RCW 80.50.070, or change the time for disposition of an application for certification as provided in RCW 80.50.100.

(7) Nothing in this section shall be construed as preventing a city or county from requiring any information it deems appropriate to make a decision approving a particular location.

Sec. 43. Section 5, chapter 155, Laws of 1973 and RCW 90.48.262 are each amended to read as follows:

(1) The powers established under RCW 90.48.260 shall be implemented by the department through the adoption of rules in every appropriate situation. The permit program authorized under RCW 90.48.260(1) shall constitute a continuation of the established permit program of RCW 90.48.160 and other applicable sections within chapter 90.48 RCW. The appropriate modifications as authorized in this 1973 amendatory act are designed to avoid duplication and other wasteful practices and to insure that the state permit program contains all required elements of and is compatible with the requirements of any national permit system.

(2) Permits for [thermal power plants] energy facilities subject to chapter 80.50 RCW shall be issued by the [thermal power plant] energy facility site evaluation council: PROVIDED, That such permits shall become effective only if the governor approves an application for certification and executes a certification agreement pursuant to said chapter. The council shall have all powers necessary to establish and administer a point source discharge permit program pertaining to such plants, consistent with applicable receiving water quality standards established by the department, and to qualify for full participation in any national waste discharge or pollution discharge elimination permit system. The council and the department shall each adopt, by rules, procedures which will provide maximum coordination and avoid duplication between the two agencies with respect to permits in carrying out the requirements of this act including, but not limited to, monitoring and enforcement of certification agreements, and in qualifying for full participation in any such national system.

On page 8, new section 10, line 34 of the amendment by Senators Henry, Walgren and Morrison, after “council” strike “shall be compensated at the rate of forty dollars per day for each day engaged in the business of the committee and”

POINT OF INQUIRY

Senator Morrison: “Would Senator Mardesich yield to a question? Senator Mardesich, in your opinion then, there is no way that we can reimburse these people at all for the time they would invest? I have some concern because the Senate is greatly expanding the duties of this particular council as we take away some of the authority of the governor. You see no way, legally, then that they could be reimbursed . . . .”

Senator Mardesich: “I think that the only way we could do it is to cure the faults we have in the present law and I would suggest that that could be done and should be done.
We have hoped to, of course, achieve total reform. I think that is something that we, as I say, could and should do. I don't know how we could handle it. This is a Senate bill and if we are able to cure that fault by the introduction of another bill which would be in order under our concurrent resolution since it relates to pensions, we could consider that matter and I think that the House and the Senate would be willing to accept it."

Debate ensued.

On motion of Senator Mardesich, the amendment to the amendment was withdrawn.

**MOTION**
At 12:38 p.m., on motion of Senator Walgren, the Senate recessed until 1:45 p.m.

**AFTERNOON SESSION**
The President called the Senate to order at 1:45 p.m.

**MOTION**
Senator Lewis (Harry) moved that Reengrossed House Bill No. 971 be made a special order of business for 3:00 p.m. today.

Debate ensued.

**POINT OF ORDER**
Senator Rasmussen: "Do we have that amendment on our desks? I did not see anything here relating to Hoppe or the Governor or anything. I am wondering what you are talking about."

**REPLY BY THE PRESIDENT**
The President: "The Secretary advises that his office does not have a copy of the amendment."

Debate ensued.

**POINT OF ORDER**
Senator Rasmussen: "I am asking is my point of order well taken or are we arguing about something that is not before us?"

**RULING BY THE PRESIDENT**
The President: "The question before the Senate is the motion by Senator Harry Lewis that House Bill 971 be made a special order of business for three p.m. Subsequent discussion is related to a proposed amendment to the measure but you asked the question, Senator, as to whether or not the amendment was on the desks. The Secretary has not had a copy therefore the amendment is not on the desks of the Senators."

**MOTION**
Senator Walgren moved that the motion by Senator Lewis (Harry) be amended to consider Reengrossed House Bill No. 971 a special order of business at 3:59 p.m., Friday, February 13, 1976.

**POINT OF INQUIRY**
Senator Guess: "Will Senator Walgren yield? Senator Walgren, realizing the gravity of the situation — I do believe that it is a very grave situation — would you accept an amendment to your motion to, say, sometime during this working afternoon?"

Senator Walgren: "Well, Senator Guess, if we could get down to business here and proceed with the energy bill and proceed with some of these matters that we have on the calendar, I think that I would be more than willing to look at an appropriate motion at a time a little bit later this afternoon towards that end but I would like to see some accomplishments made here on the floor."

Senator Guess: "Well, I thought we had —"
Senator Walgren: "In fact, I have one suggestion that maybe Senator Lewis might want to withdraw his motion at this time, and offer it a little bit later this afternoon."

There being no objection, the motion by Senator Lewis (Harry) and the amendment to the motion by Senator Walgren were withdrawn.

SECOND READING

SUBSTITUTE SENATE BILL NO. 3172, by Committee on Transportation and Utilities (originally sponsored by Senators Henry, Talley, McDermott, Walgren, Morrison, Bottiger and Mardesich):

Creating the state energy policy commission.

The Senate resumed consideration of Substitute Senate Bill No. 3172. Earlier today Senator Henry had substituted Substitute Senate Bill No. 3172 for the original bill. Senator Henry had moved adoption of an amendment by Senators Henry, Walgren and Morrison and several amendments to that amendment were adopted. The amendment by Senators Henry, Walgren and Morrison, as amended is pending.

On motion of Senator Scott the following amendment by Senators Scott, Mardesich, Morrison and Jones to the amendment by Senators-Henry, Walgren and Morrison was adopted:

On page 8, line 34, strike subsection (2) and insert a subsection as follows:

"(6) Members of the council shall be compensated at the rate of forty dollars per day for each day engaged in the business of the council and shall be reimbursed for travel expenses in accordance with RCW 43.03.050 and RCW 43.03.060 as now existing or hereafter amended. Legislative members shall be reimbursed according to the provisions of RCW 44.04.120. Six members of the council shall constitute a quorum for conducting business. No person appointed to membership on the council who is compensated for service as a member of the council for less than ten days or seventy hours in any month, whichever amount is less, shall receive service credit for such service for that month."

On motion of Senator Wilson, the following amendment to the amendment by Senators Henry, Walgren and Morrison was adopted:

On page 15, line 22 after "facilities" and before the period insert "during conditions of an energy supply alert or energy emergency".

On motion of Senator Mardesich, the following amendment to the amendment by Senators Henry, Walgren and Morrison was adopted:

On page 16, line 14, after "session" and before the period insert "or the energy advisory council by majority vote".

On motion of Senator Wilson, the following amendments to the amendment by Senators Henry, Walgren and Morrison were adopted:

On page 16, line 16, after "may" and before "(a)" insert "upon recommendation or approval of the energy advisory council," and on page 16, line 19, after "energy" strike all of the material down to and including "council" on line 20.

On page 17, line 17, after "such" and before "measures" insert "energy supply alert or energy emergency:"

On motion of Senator Mardesich, the following amendments to the amendment by Senators Henry, Walgren and Morrison were adopted:

On page 21, line 7 of the amendment, after "terminate" insert "upon a majority vote of the energy advisory council or".

On page 21, beginning on line 16 strike section 30 in its entirety and insert the following:

"NEW SECTION. Sec. 28. There is added to chapter 43.06 RCW a new section to read as follows:

In the event of an energy emergency as defined in RCW 43.06.200 as now or hereafter amended, the governor, after proclaiming a state of emergency therefor, may order such prohibition or curtailment of energy use or allocation, production, or distribution of energy as he deems necessary to preserve and protect public health, welfare, and safety, and to minimize, to the fullest extent possible, the injurious economic, social,
and environmental consequences of such an emergency: PROVIDED, That in developing such orders, the governor shall implement only the recommendations of the energy advisory council developed for use in the event of an energy alert and energy emergencies: PROVIDED FURTHER, That such controls regarding energy use and any other emergency order made by the governor in the event of an energy emergency shall not have any continuing legal effect after the cessation of the declared state of energy emergency.

Any person wilfully violating any provision of an order issued by the governor under this section shall be guilty of a gross misdemeanor.”

On page 22, line 31, after “the governor shall” strike “, to the greatest extent possible, consider” and insert “implement only”.

Senator Mardesich moved adoption of the following amendment to the amendment by Senators Henry, Walgren and Morrison:

On page 23, line 35 after “To” and before “preserve” insert “reasonably”.

Debate ensued.

POINT OF INQUIRY

Senator Rasmussen: “Will Senator Washington give way to a question? As I read the words, ‘to reasonably preserve and protect’ and you are indicating that you would rather have them proceed in an unreasonable manner?”

Senator Washington: “No, I would say that they would proceed the way they have been now. We don’t put the word, ‘reasonable’ in front of everything that we state, we just say that you are going to protect the environment. This would indicate that you feel at the present time they are going overboard in protecting the environment. When you make an amendment such as this, it would indicate that on the floor of the Senate that we feel that the plant setting council has been unreasonable in its manner in which it has handled its duties, and you want to say, ‘come on now, let’s be reasonable,’ and if you make this change, it is an indication that they are to relax the environmental standards that they are now using and don’t think that there is any indication that is required.”

Further debate ensued.

There being no objection, the amendment by Senator Mardesich to the amendment was withdrawn.

Senator Mardesich moved adoption of the following amendment to the amendment by Senators Henry, Walgren and Morrison:

On page 22, beginning on line 43, strike all material down to and including the period on line 19 on page 37.

Renumber remaining sections consecutively and change internal references accordingly.

Debate ensued.

POINT OF INQUIRY

Senator Washington: “Would Senator Morrison give way to a question? What was the basic reason for, it is item four I gather, on page twenty-three for putting that in, as I understood, it was an effort it said, to foster joint use. It did not say it required joint use but it indicated that idea that we are using a tremendous amount of land for various types of easements taking it out of production, causing timber to be removed and it is possible that if we could use these for multi-purpose, that it would be an advantage. Now, I understand that is the reason for number four. Could you perhaps enlighten us on that.”

Senator Morrison: “Senator Washington, this probably is not the heaviest part of the bill, the language Senator Mardesich would strike, however you will notice that it relates only to transmission facilities, and this asks that the siting council in considering requests for new power lines, new transmission structures that they foster, the co-location of these facilities. I guess the concept being that it is desirable that we have transmission corridors that we restrict the fact that we have got trails running every direction back and forth across this state and attempt to force them, wherever practical, to co-locate. And I think this perhaps is one of the goals of our entire siting procedure.”
Senator Washington: "Thank you very much, Senator Morrison."
Further debate ensued.
The motion by Senator Mardesich carried and the amendment to the amendment was adopted on a rising vote.

Senator Mardesich moved adoption of the following amendment by Senators Mardesich and McDermott to the amendment by Senators Henry, Walgren and Morrison:

On page 27, section 33, line 25, of the amendment by Senators Henry, Walgren and Morrison, strike all of the material down to and including line 22 on page 28 and insert:

"(1) There is hereby created and established [a thermal power plant] the "energy facility site evaluation council".
(2) The chairman of the council shall be appointed by the governor with the advice and consent of the senate and shall serve at the pleasure of the governor. The salary of the chairman shall be determined pursuant to the provisions of RCW 43.03.028 as now or hereafter amended.
(2a) The council shall consist of nine members, three of whom are to be appointed by the governor subject to confirmation by the senate, three of whom shall be appointed by the president of the senate, and three of whom shall be appointed by the speaker of the house of representatives. None of the members appointed by the president of the senate and the speaker of the house of representatives shall be legislators.
(3) [The council shall consist] There shall be an advisory council consisting of the directors, administrators, or their designees, of the following departments, agencies and committees or their statutory successors:

(a) [Water pollution control commission] Department of ecology
(b) [Department of water resources
(c) Department of fisheries
(d) (c) Department of game
(e) State air pollution control board
(f) (d) Department of parks and recreation
(g) (e) Department of [health] social and health services
(h) (f) Interagency committee for outdoor recreation
(i) (g) Department of commerce and economic development
(j) (h) Utilities and transportation commission
(k) (i) Office of program planning and fiscal management
(l) (j) Department of natural resources
(m) (k) Planning and community affairs agency
(n) (l) Department of emergency services
(o) (m) Department of agriculture
(p) Department of highways.

The director of the state energy office shall be the chairman of the advisory council or he may designate a deputy director or assistant director to serve as chairman of the advisory council."

POINT OF INQUIRY

Senator Bailey: "Mr. President, would Senator Mardesich yield? Senator Mardesich, in our discussions in caucus I understood there were to be some restrictions on conflicts of interest which relate to members of this committee. Now, is this still in the bill so that a member having interests, I think all people have an interest in energy, but I would like to be sure that people having an interest in oil or in some form of energy would not have any place in that council."

Senator Mardesich: "Mr. President, I have no disagreement with the position stated by Senator Bailey, and if the Senate would consent, I would for the moment, set this amendment aside and we can very easily and readily develop such language."

There being no objection, the amendment by Senators Mardesich and McDermott to the amendment was withdrawn temporarily.

On motion of Senator Washington, the following amendment to the amendment by Senator Henry, Walgren and Morrison was adopted:
On page 28, line 36, strike "an ex officio" and insert "a nonvoting"

Senator Lewis (Harry) moved adoption of the following amendment to the amendment by Senators Henry, Walgren and Morrison:

On page 2, line 41, after "act" insert ": PROVIDED, That the state energy office and its powers, duties and functions shall be dissolved and this act as it relates thereto shall have no further force and effect after April 1, 1981: PROVIDED FURTHER, That the legislature may extend this time period through legislative enactment".

POINT OF INQUIRY

Senator Walgren: "Would Senator Lewis yield to a question? This amendment refers to quote, this act, close quote. In this act, we are adopting some provisions of current law, and expanding on some of the provisions of current law. If this bill goes out at the end of 1981, we would then be eliminating those existing pieces of law that we now have in existence. Is that right or wrong?"

Senator Lewis (Harry): "No, I think what I am trying to do is to dissolve the force and effect of the energy office and the language in this specific act, and it would include some of the present, all of those things that are included in the act, Senator Walgren, and it would require a reenactment in order to — now I recognize the point that you are driving at. There are some things, frankly, one of the reasons for this amendment is because of the many changes that have been made here on the floor today, some of which I am not quite clear on, and would hope to have an opportunity to read them. The purpose of the amendment was to try to dissolve the new agency's effect at that time."

POINT OF INQUIRY

Senator Bluechel: "Would Senator Lewis respond to a question, please? Senator Lewis, even with that wording, when you say 'this act' because we are reenacting a literally statistic act of the several energy siting council acts, could you tell me, does this, with your new wording, repeal the siting council act that is presently in existence or would be as modified by this bill?"

Senator Lewis (Harry): "Senator Bluechel, for the record the intention of the amendment is not to include what you suggested in your remarks. They would not be included under the terms of this amendment — statistics portion of the bill."

Senator Bluechel: "Senator Lewis, may I suggest that rather than using the word, act, because it would seem to me that 'act' applied to the whole bill and could be interpreted as such, that we use 'section' or list the number of sections you are referring to."

Senator Lewis (Harry): "Senator Bluechel, I think we have clarified it with the answer for the record. That is the intent. I think you can accept that.

The motion by Senator Lewis (Harry) carried and the amendment to the amendment was adopted.

Senator Guess moved adoption of the following amendment to the amendment by Senators Henry, Walgren and Morrison:

On page 19, line 41, after "proclamation" insert ": PROVIDED, That in the event of an energy emergency the powers of the governor shall be limited to those actions authorized under new section 28 of this 1976 amendatory act".

POINT OF INQUIRY

Senator Morrison: "Would Senator Guess yield to a question, please? Senator Guess, during a state of an energy emergency, I suppose the governor has additional authority other than cited in section thirty, for instance, as Senator Mardesich indicated in the case of a disorder, a riot, and is the intent of your language, once an energy emergency has been declared, to limit his powers to those specified in section thirty, or does he have other emergency powers as he may see fit to employ based on the circumstances?"

Senator Guess: "He continues to have other powers, Senator Morrison, and this would, in no way, limit his other powers. It only has to do with the emergency as described in section thirty."

The motion by Senator Guess carried and the amendment to the amendment was adopted.
Senator Mardesich moved adoption of the following amendment to the amendment by Senators Henry, Walgren and Morrison:

On page 27, section 33, line 25, of the amendment by Senators Henry, Walgren and Morrison, strike all of the material down to and including line 22 on page 28 and insert:

"(1) There is hereby created and established [a thermal power plant] the "energy facility site evaluation council".

(2) The chairman of the council shall be appointed by the governor with the advice and consent of the senate and shall serve at the pleasure of the governor. The salary of the chairman shall be determined pursuant to the provisions of RCW 43.03.028 as now or hereafter amended.

(2a) The council shall consist of nine members, three of whom are to be appointed by the governor subject to confirmation by the senate, three of whom shall be appointed by the president of the senate, and three of whom shall be appointed by the speaker of the house of representatives. None of the members appointed by the president of the senate and the house of representatives shall be legislators.

(2b) No person appointed to the council under subsections (c) and (d) of subsection (1) of this section shall receive, while a member of the council, any substantial portion of his income directly or indirectly from any utility or other person owning or operating any facility, or from any manufacturer or seller or any major component of any facility. No such member of the council shall be employed by any utility or other person owning or operating any facility, or by any manufacturer or seller of any major component of any facility during the three year period following termination as a member of the council.

(3) No member of the council shall hold any other elected or appointed public office or position.

(4) Members of the council shall make the same reports as are required of elected officials by chapter 42.17 RCW."

Renumber the subsection following consecutively, and correct internal references accordingly.

(3) [The council shall consist] There shall be an advisory council consisting of the directors, administrators, or their designees, of the following departments, agencies [and], commissions and committees or their statutory successors:

(a) [Water pollution control commission] Department of ecology
(b) [Department of water resources
(c) Department of fisheries
(d) (c) Department of game
(e) State air pollution control board
(f) (d) Department of parks and recreation
(g) (e) Department of [health] social and health services
(h) (f) Interagency committee for outdoor recreation
(i) (g) Department of commerce and economic development
(j) (h) Utilities and transportation commission
(k) (i) Office of program planning and fiscal management
(l) (j) Department of natural resources
(m) (k) Planning and community affairs agency
(n) (l) Department of emergency services
(o) (m) Department of agriculture
(p) Department of highways.

The director of the state energy office shall be the chairman of the advisory council or he may designate a deputy director or assistant director to serve as chairman of the advisory council. "The motion by Senator Mardesich carried and the amendment to the amendment was adopted.

POINT OF ORDER

Senator Mardesich: "Point of order. Simply so that we are in order, I had raised a question with respect to sections forty-five and forty-six, and I think that matter should
be continued now rather than getting into a discussion with respect to some other matter."

POINT OF INQUIRY

Senator Washington: "Would Senator Morrison yield to a question? It was my understanding that you were going to oppose Senator Mardesich's amendment which completely changes the composition of the siting council and I have the feeling that you felt much as I did that we were not voting on that very important, pivotal, question now on the plant siting council, I would like to get your reaction to that and I think we have to pursue some method of getting a reconsideration of this tremendously important amendment."

Senator Morrison: "Senator Washington, I apologize in answering after the question and was not fast enough to immediately halt the proceedings there because your statement is accurate. This is a very vital amendment. In fact I would estimate that it probably will lose a sufficient number of votes on the floor to definitely defeat this measure. I would like to have the opportunity to defend the present siting procedure, and I am sorry that the vote went that fast on the floor that—"

MOTION FOR RECONSIDERATION

Senator Bottiger moved the Senate reconsider the vote by which the amendment by Senators Mardesich and McDermott to the amendment by Senators Henry, Walgren and Morrison was adopted.

POINT OF ORDER

Senator Mardesich: "Point of order, Mr. President. I had arisen to raise a question with respect to sections forty-five and forty-six. The President had recognized me and that is ensuing business."

RULING BY THE PRESIDENT

The President: "Senator Mardesich, in reply to your point of order, the President believes the motion by Senator Bottiger is in order as the bill is still under the consideration of the Senate on second reading."

Debate ensued.

MOTION

Senator Mardesich moved that Substitute Senate Bill No. 3172 and the pending amendments be held on the second reading calendar for Friday, February 13, 1976.

Debate ensued.

POINT OF INQUIRY

Senator Herr: "Would Senator Rasmussen yield to a question? I thought you were the one that wanted to get the session over. Now, do you want to keep prolonging this? You know, I thought you wanted to go home."

Senator Rasmussen: "Not until nine o'clock tonight. My wife says I can stay out that late, Senator Herr."

PERSONAL PRIVILEGE

Senator Mardesich: "I have no desire to kill this measure, the point I will admit to is that I did tell Senator Walgren that I would work on this measure yesterday and last night. I will also admit that yesterday was my birthday and for various and sundry reasons occurring on that night, I — celebrating that august age of fifty-six, did not get around to doing the work I should have been doing and therefore was not in the position to give proper and due consideration to this matter. It was an amendment which was prepared by Mr. Nicolai at my suggestion at the last moment today and I admitted earlier that there are faults in it and I would seek to rectify those faults. I can see no great problem with delaying this matter until tomorrow and I would hope that Senator Walgren would extend to me the same courtesy which I extended to him so many times in the past."
The motion by Senator Mardesich failed on a rising vote. The President voted no. The motion for reconsideration by Senator Bottiger on adoption of the amendment by Senators Mardesich and McDermott to the amendment by Senators Henry, Walgren and Morrison carried on a rising vote.

The President declared the question before the Senate to be adoption of the amendment to the amendment on reconsideration.

PARLIAMENTARY INQUIRY

Senator Mardesich: "Parliamentary inquiry, Mr. President: The Secretary of the Senate may be able to help me out, Mr. President. Did we not adopt an amendment — I think it was offered by either Senator Wilson or Goltz, I believe Wilson, relating to terms of office and that type of thing with respect to the energy council? Not the siting council, energy council, did we not?"

REPLY BY THE PRESIDENT

The President: "Senator Wilson proposed such an amendment earlier which was adopted, Senator."

There being no objection, the amendment by Senators Mardesich and McDermott to the amendment was withdrawn.

POINT OF INQUIRY

Senator Mardesich: "Would the majority leader yield to a question, Mr. President? I correct my reference to 'the majority floor leader' rather than 'majority leader.' Does the leader intend to continue working for some time and would he indicate what time?"

Senator Walgren: "For some time, and I was going to ask the Secretary to consult with Senator Sandison as to whether or not we could have dinner here a little bit later on."

Senator Mardesich: "Then we will be working the next hour or so?"

Senator Walgren: "Yes."

MOTION

On motion of Senator Mardesich, Substitute Senate Bill No. 3172, together with the pending amendment by Senators Henry, Walgren and Morrison, as amended, was made a special order of business for 4:30 p.m. today.

SECOND READING

REENGROSSED HOUSE BILL NO. 671, by Representatives Sommers and Randall:

Modifying timber tax revenue distribution dates.

The bill was read the second time by sections.

On motion of Senator Odegaard, the rules were suspended, Reengrossed House Bill No. 671 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

"There is hereby established a "Public Disclosure Commission" which shall be composed of five members who shall be appointed by the governor, with the consent of the senate. All appointees shall be persons of the highest integrity and qualifications. No more than three members shall have an identification with the same political party. The original members shall be appointed within sixty days after the effective date of this act. The term of each member shall be five years except that the original five members shall serve initial terms of one, two, three, four and five years, respectively, as designated by the governor. No member of the commission during his tenure, shall (1) hold or campaign for elective office; (2) be an officer of any political party or political committee; (3) permit his name to be used, or make contributions, in support of or in opposition to any candidate or proposition; (4) participate in any way in any election campaign; or (5) lobby or employ or assist a lobbyist. No member shall be eligible for appointment to more than one full term. A vacancy on the commission shall be filled within thirty days of the vacancy by the governor, with the consent of the senate, and the appointee shall serve for the remaining term of his predecessor. A vacancy shall not impair the powers of the remaining members to exercise all of the powers of the commission. Three members of the commission shall constitute a quorum. The commission shall elect its own chairman and adopt its own rules of procedure in the manner provided in chapter 34.04 RCW. Any member of the commission may be removed by the governor, but only upon grounds of neglect of duty or misconduct in office.

Each member shall receive per diem in the amount of [forty] one hundred dollars in lieu of expenses for each day or portion thereof spent in performance of his duties as a member of the commission, and in addition shall be reimbursed for travel expenses actually incurred while engaged in the business of the commission as provided in chapter 43.03 RCW. The compensation provided pursuant to this section shall not be considered salary for purposes of the provisions of any retirement system created pursuant to the general laws of this state.

Nothing in this section shall prohibit the commission, or any of its members or staff on the authority of the commission, from responding to communications from the legislature or any of its members or from any state agency or from appearing and testifying at an open public meeting (as defined by RCW 42.30.030) or a hearing to adopt rules held pursuant to RCW 34.04.025 on matters directly affecting the exercise of their duties and powers under this chapter."

POINT OF INQUIRY

Senator Scott: "Would Senator Bottiger yield? Senator, I would be interested in hearing a little more of your rationale for the hundred dollar figure. The highest commission rate that I know anything of is the seventy-five dollars a day paid the highway commission. I would think that in the case of these individuals serving on the PDC, they have no vast service overhead as you would in the legal business and therefore perhaps a rate that is in line with the highest present rate might be in order."

Senator Bottiger: "Senator Scott, I would have no objection to changing it to seventy-five, but when you ask somebody like Mr. Oles to come down, and for forty dollars a day, that is probably half of his hourly rate charge in his office. There are a lot of people like that. What I am saying is that we are simply not recognizing the expense to them to leave their business to serve on these commissions, and, as I say, I have never had any success before. I am not sure I will have any today."

The motion by Senator Bottiger failed and the amendment was not adopted.

On motion of Senator Beck, the committee amendments to page 11 and page 13, line 21 were adopted.
Senator Beck moved the committee amendment to page 15, line 12 not be adopted.  
Senator Grant moved the committee amendment be adopted.  
The President declared the question before the Senate to be the positive motion by Senator Grant.  
The motion by Senator Grant failed. The committee amendment was not adopted on a rising vote.  
Senator Beck moved adoption of the committee amendment to page 17, line 19.  
Senator Beck moved adoption of the following amendment to the committee amendment:  
On page 17, line 19, strike “one thousand” and insert “five hundred”.  

POINT OF ORDER  
Senator Bailey: “Point of order, Mr. President. How can Senator Beck, the chairman of a committee, come out with a committee amendment and then propose to change the committee amendment by a personal, oral amendment? I don’t think it is a very good practice but what would be the procedure that would be proper?”  

RULING BY THE PRESIDENT  
The President: “Senator Bailey, there is a proposed amendment to the committee amendment on the list of amendments on each Senator’s desk. The amendment is the same as the oral amendment that Senator Beck is offering and it is by Senator Beck.”  

PARLIAMENTARY INQUIRY  
Senator Grant: “Parliamentary inquiry, Mr. President. I also have an amendment to this particular section that is different from Senator Beck’s. It provides for a five hundred dollar maximum penalty for individual violations and a one thousand dollar maximum penalty for a series of violations. Now, which should be considered first? I would think that first we should move to not adopt the committee amendment.”  

REPLY BY THE PRESIDENT  
The President: “Senator Beck has already moved that the committee amendment be adopted, Senator Grant, and his motion is a positive one and will be put.”  
Senator Beck moved that the committee amendment to page 17, line 19 not be adopted.  
Senator Lewis (Harry) moved the committee amendment to page 17, line 19 be adopted.  
Debate ensued.  

NOTICE OF RECONSIDERATION  
Having voted on the prevailing side, Senator North served notice that she would, at the proper time, move for reconsideration of the vote by which the committee amendment to page 15, line 12 was not adopted.  
There being no objection, the amendment by Senator Beck to the committee amendment to page 17, line 19 was withdrawn.  
The President declared the question before the Senate to be the positive motion by Senator Lewis (Harry) that the committee amendment to page 17, line 19 be adopted.  
Debate ensued.  
Senator von Reichbauer demanded a roll call and the demand was sustained by Senators Herr, Washington, Bailey, Gould, Goltz, Grant, Talley, Van Hollebeke and Wilson.  

POINT OF INFORMATION  
Senator Beck: “Point of information. Yes, as I understand what we are doing now, the committee amendment set that figure at one hundred dollars, I made a motion to make it five hundred dollars and now Senator Grant wants to amend it to a thousand. I withdrew my motion so he could get his thousand dollar motion. I have another amendment on the desk that sets it at five hundred dollars. Now, after we vote on Senator Grant’s amendment, then can we take my amendment to make it —?”
REPLY BY THE PRESIDENT

The President: "Yes, Senator Beck."

Renumber the remaining sections.

POINT OF ORDER

Senator Lewis (Harry): “Mr. President, I would like to raise a question of scope and object on this amendment and speak to that briefly. If you will notice, the entire amendment includes substantial amendment of the title which I think clearly includes another section and I believe, under our rules which admittedly are very tight, I think it does expand the scope and object, and I would appreciate your ruling.”

REMARKS BY THE PRESIDENT

The President: “If it meets with the approval of the Senate, in the interest of time, perhaps the members would like to proceed with further amendments and then come back to this one at a later time.”

Senator Bluechel moved the following amendments be considered and adopted simultaneously:

On page 9, section 6, line 14, after “compensation;” insert: “PROVIDED, That this information shall be kept confidential by the public disclosure commission: PROVIDED FURTHER, That if the public disclosure commission finds there is a potential conflict of interest with any specific entity listed, the public disclosure commission after
conferring with the individual candidate or office holder may make such information a matter of public record;"

On page 9, section 6, line 36, after "service" insert:
"PROVIDED FURTHER, That this information shall be kept confidential by the public disclosure commission: PROVIDED FURTHER, That if the public disclosure commission finds there is a potential conflict of interest with any specific entity listed, the public disclosure commission after conferring with the individual candidate or office holder may make such information a matter of public record;".

Debate ensued.

POINT OF INQUIRY

Senator Rasmussen: "Will Senator Bluechel yield to a question? Senator Bluechel, I can gather the intent of your amendment here but in reading the main part of the law, how would it reveal anything to your competitors when you say all you do is list them as doing business over five hundred dollars? They cannot know how you are bidding on a contract or any other thing that would be relevant to how close you are shaving your margin."

Senator Bluechel: "Senator Rasmussen, let me give you an example, but first let me state one thing. I am not at the present time nor do I anticipate in the future going back into the manufacturing business of the type I have been in. But I will give you an example of what happened in the manufacturing business of the type I was in. We were and other people were making containers, consolidation containers. You bid these around the United States. You bid them all over. The margin between winning and losing per unit is in the sense of a fraction of a cent. Now, in developing customers I may find a customer over in Spokane that nobody over here knows about and I am still selling him at the same price I would over here with my very thin margin. I am talking about businesses that basically are very highly competitive and you bid almost everything. Now, if I find a customer in Spokane and nobody knows about it, fine. I have got that customer for as long as nobody knows about it. But then, if I publish a list of that customer, immediately my five competitors say, 'Aha! We didn't know he was buying containers but we are going to bid them' and the probability is that I will lose that business because they will know my business within a fraction of a cent and I will know theirs within a fraction of a cent. And if he happens to be in Yakima instead of in Seattle, he has an advantage on freight on me and I have lost a customer and that is really the problem."

Senator Rasmussen: "Well, you have a valid point all right and I don't know how we could approach that. I think it is a dangerous thing for the public disclosure commission to decide what they will keep secret and what they will release to the public. Would a higher limit solve your problem?"

Senator Bluechel: "No, I don’t think so, Senator Rasmussen. The problem with this whole thing is that the people you are competing against don’t have to list their customers. That is the essence. Now, I realize that we want to provide disclosure for the public but I think there is really a serious problem right here and for those of you who have not been in your own business, you cannot recognize how much a good customer means and what it means to a relative small or even a medium sized business if one of your competitors takes that customer away. What you are doing is giving him an open book and saying to that competitor 'Here are my customers, come and get 'em.' "

Senator Rasmussen: "I can see you would furnish a pigeon list for them all right. I don't know what the answer is."

Further debate ensued.

POINT OF INQUIRY

Senator Wilson: "Mr. President, would Senator Bluechel yield? Senator, I guess I don't quite understand how this would work. Now, a person who has not been in public office decides to file for an office and he is in a business. At this time he files various reports and among the information he discloses may be customers and so on who are doing a substantial amount of business with him. And let's say that in this case the indi-
vidual's business receives a substantial amount of its income from oil companies, for example. Now, at that point in time, I don't see how the commission could assume that a conflict of interest had developed. It happened to be a business man who received a fair amount of his income from oil companies. If he is elected, becomes a member of the legislature, various bills of importance to oil companies begin to come before the body, you might then well assume that the potential for conflict of interest had developed.

"I guess what I am getting at, in a broader sense, is it not true that whether a conflict of interest exists or not is dependent upon factors which may change from time to time and then if the public disclosure commission having decided that enough factors have changed to produce the possibility of a conflict of interest should then release the information when there is a particular issue afloat or brewing, there would be a stronger implication of guilt because of the timing of the announcement than even the public disclosure commission would wish to make."

Senator Bluechel: "Senator Wilson, to answer your question, I think you are oversimplifying a problem. I think that in ninety-nine percent of the cases, the list of customers, whether he be retail, or manufacturing, or selling, or whatever it was, is going to be somewhat consistent throughout the span of his business unless he has a great growth or he falls off or he changes location or something like that. For the average day-to-day deal, they are going to remain in the same category. For instance, if I am selling containers, I am selling containers to people who use containers and I am not selling oil or something like that.

"Now, there has to be in all of these things a common sense used by the public disclosure commission. I would say that whenever they had even the slightest suspicion or if there is a change, fine. I don't think that any change will jeopardize if they bring it out. They say 'this one is confidential' and it was, to answer your question. He changed his business and is now selling oil companies and is going to vote on oil bills, fine, let them bring it out. But that isn't liable to happen. I think we can pick out of this a series of horrors. We could all imagine this horror and that horror and the other horror that could happen. But what I am trying to do here is just make the thing work, and Senator Bottiger is exactly right in the fact that these lists are saleable and you pay a lot of money for them and if you should sell your company, it is called good will and you get a lot of money for those lists.

"Now, unless we put something in like this, there is a diminishing probability of getting competent people in the legislature. And at the same time, I don't mind disclosing the whole thing as long as it does not affect the day-to-day business which nobody cares about, anyway except the guy over there who is willing to buy the sales list and he is one, two or three people, or maybe you get ten customers ten competitors. But this is a very serious proposition.

"And this has been one of the key elements in 276 that have caused enormous problems that don't come to the surface. People look at the job of a school board member. They look at the job of running for something. They say, 'No, I have to disclose this, I will lose my insurance business to John Jones across the street,' and that is exactly it. I think common sense with this, with the public disclosure commission, could solve most of the problem."

Further debate ensued.

POINT OF INQUIRY

Senator Cunningham: "Thank you, Mr. President. Would Senator Grant yield to a question? Senator Grant, one of the questions you mentioned or brought up was the fact that there could be within a public disclosure commission a confidential file. Is it true or not that at present there are confidential files in the public disclosure commission as a result of evidence taken during executive sessions on the request of exemptions?"

Senator Grant: "I have not followed the hardship exemption hearings to that extent, Senator Cunningham, so I don't feel qualified to answer."

Further debate ensued.

Senator Washington demanded a roll call and the demand was sustained by Sena-
tors Goltz, von Reichbauer, Wilson, Talley, Grant, Jolly, Van Hollebeke, McDermott and Fleming.

The President declared the question before the Senate to be the roll call on the amendments by Senator Bluechel.

**ROLL CALL**

The Secretary called the roll and the amendments were not adopted by the following vote: Yeas, 19; nays, 26; absent or not voting, 1; excused, 3.

Voting yea: Senators Benitz, Bluechel, Bottiger, Buffington, Clarke, Cunningham, Gould, Guess, Jones, Lewis (Harry), Lewis (R. H. "Bob"), Matson, Morrison, Murray, Newschwander, North, Pullen, Scott, Wanamaker—19.

Absent or not voting: Senator Henry—1.

Excused: Senators Donohue, Keefe, Sellar—3.

Senator Grant moved adoption of the following amendment:

On page 4, line 29, after "itself" insert "equals twenty-five dollars or more".

**POINT OF INQUIRY**

Senator Bottiger: "Mr. President, isn't anybody going to speak to this? Senator Grant, would you yield to a question? Senator Grant, I understand that your amendment would mean that everyone who contributes twenty-five dollars to a political campaign would have to fill out a C-6 form."

Senator Grant: "That is correct."

Senator Bottiger: "Not only do we report the receipt but they report the contribution. Right now, the law is one hundred dollars."

Senator Grant: "In the aggregate, it is a hundred dollars if you have — at least a hundred dollars. There could be more than one candidate, of course."

Senator Bottiger: "Any idea how many more employees that the disclosure commission would estimate that they would need to handle this amendment?"

There being no objection, the amendment by Senator Grant was withdrawn.

Senator Grant moved adoption of the following amendment:

On page 9, beginning on line 36, after "service", strike all the material down through "dollars; and" on page 10, line 17, and insert:

"; (iii) The name [, address, and occupation of every other director and/or officer of any bank or commercial lending institution, the name of which is required to be reported under this subsection or all interest paid by a borrower on loans from and all interest paid to a depositor by such bank or commercial lending institution if such interest exceeds six hundred dollars] of each governmental unit, corporation, partnership, joint venture, sole proprietorship, association, union or other business or commercial entity for which such entity has held a time or demand deposit of either one hundred thousand dollars or one-tenth of one percent of the total of all time and demand deposits held by such entity, whichever is less, at any time during the preceding twelve months; and"

Debate ensued.

Senator von Reichbauer demanded a roll call and the demand was sustained by Senators Grant, Pullen, Ridder, Washington, Goltz, Van Hollebeke, Fleming, Talley and Knoblauch.

Further debate ensued.

**ROLL CALL**

The Secretary called the roll and the amendment was not adopted by the following vote: Yeas, 9; nays, 36; absent or not voting, 1; excused, 3.

Absent or not voting: Senator Scott—1.
Excused: Senators Donohue, Keefe, Sellar—3.

There being no objection, the amendment by Senator Grant to page 11, line 13 on the Secretary's desk, was withdrawn.

Senator Grant moved adoption of the following amendment:

On page 15, after section 10, add a new section, Sec. 11, as follows, and renumber existing sections:

"NEW SECTION. Sec. 11. (1) In order to avoid unnecessary or duplicate reporting, or to eliminate unnecessary multiple exemption hearings, the public disclosure commission is authorized and directed to adopt regulations of general applicability, pursuant to chapter 34.04 RCW, suspending or modifying particular reporting requirements of this act, pursuant to appropriate findings, in the following cases:

(a) When, in the judgment of the commission, the basis for the exemption is applicable to all members of the group or class to be included in the regulation, and the individual members of the group or class would be entitled to exemption under RCW 42.17.370(9);

(b) Where the information which would be produced by the reporting requirement in the class of cases covered by the regulation in the commission's judgment is clearly irrelevant or unnecessary for the purposes of chapter 42.17 RCW;

(c) Where because of the volume or kind of information required or geographic location of entities or other reasonable cause the information otherwise reportable would be clearly and grossly disproportionate to any reasonable public benefit to be gained from the full disclosure of such information in the commission's judgment.

The commission's acts in granting exemptions under this amendatory section shall be subject to review in the same manner as exemptions granted under RCW 42.17.370(9).

Exemptions established pursuant to this amendatory act may be granted on an automatic basis or upon individual application, as the commission shall determine by regulation.

(2) A regulation adopted by the commission under this amendatory section, as a condition of its applicability, may require persons exempted to supply alternative information reasonably designed to disclose the existence of economic interests which may conflict with the proper performance of public duty by a candidate or public official.

(3) The commission may by regulation of general applicability provide that all or any class of exemption granted pursuant to this amendatory section or any other provision of chapter 42.17 RCW may be revoked, and the person exempted may be required to file a report for the period covered by the exemption, within twelve months after the exemption was granted, for reasonable cause established by regulation. The regulation shall provide for appropriate notice and hearing, pursuant to chapter 34.04 RCW, for the exercise of the power of revocation.

(4) Commencing January, 1977, and in each January in which the legislature is in session thereafter, the commission shall file with the president of the senate and the speaker of the house of representatives its written report, giving a detailed account of its regulations enacted under this amendatory section, exemptions granted pursuant to such regulations, and the effectiveness of this amendatory section."

Debate ensued.

The motion by Senator Grant failed and the amendment was not adopted.

President Pro Tempore Henry assumed the Chair.

On motion of Senator Wilson, the following amendment was adopted:

On page 15, line 29, strike "thirty" and insert "ten".

On motion of Senator Wilson, the following amendment by Senators Wilson and Grant was adopted:
On page 15, line 29, after "filed," and before "a" insert "the commission shall notify said person by written notice sent by certified or registered mail that the statement or report is past due and failure to file it will subject the person to the penalties prescribed by this chapter. If the person fails to file within seven days of the mailing of such notice."

On motion of Senator Grant, the following amendment was adopted:

On page 17, line 17, after "That" insert "no individual penalty assessed by the commission shall exceed five hundred dollars and"

Senator Bottiger moved adoption of the following amendment:

On page 18, following new section 14, add a new section to read as follows:

"NEW SECTION. Sec. 15. Subject to the reporting and disclosure requirements of chapter 42.17 RCW any municipal corporation or quasi-municipal corporation of every kind of nature may compensate and pay the necessary travel and living expenses incurred by its officers or employees for necessary services rendered on behalf of such municipal corporation or quasi-municipal corporation in connection with (1) providing information to or communicating with, or (2) advocating the official position or interests of the employer municipal corporation or quasi-municipal corporations to other municipal corporations or quasi-municipal corporations or elected state officials or any of the agencies or political subdivisions of such institutions, the federal government or any of its agencies or political subdivisions or the officials and employees of such agencies."

Renumber the following sections.

POINT OF INQUIRY

Senator Bluechel: "Would Senator Bottiger answer a question? Yes, does that apply also to school district employees?"

Senator Bottiger: "We say municipal corporations and I think that picks up just about everybody I can think of."

Senator Bluechel: "Well, Senator Bottiger, that has been a question in point. Do municipal corporations include schools? We have had some argument on that specific question."

Senator Bottiger: "You see, it says 'municipal corporation or quasi-municipal corporations,' and in asking the staff attorneys I used that example, the school director, the school superintendent or the principal who may come down to testify on Senator Stortini's matter. We really don't want to exclude them. Now, the attorney general said the solution is for us to send the money up to pay them their time down here and their salary while they are here testifying and I don't, unless that is what the body wants, it does not make sense to me."

POINT OF INQUIRY

Senator Rasmussen: "Will Senator Bottiger yield to a question? Senator Bottiger, I don't have your amendment here. I glanced at it before. From the language — what restrictions does it have on the hiring of lobbyists?"

Senator Bottiger: "Well, it says the employees of the municipal corporations and quasi-municipal corporations and their elected officials are entitled to come down here and express their opinion on legislation. Now, it does not allow them expense accounts to take you and I to dinner or to do any of those kinds of things. It just allows them to come down here during working hours in the company car and to, I guess, stay over night if they —"

Senator Rasmussen: "Employee or employees?"

Senator Bottiger: "Employees in the plural or singular, Senator."

Senator Rasmussen: "That is what bothers me. I can remember when we had practically more lobbyists down here on Saturday from the city of Seattle than we had legislators and I hate to open that door again."

Senator Bottiger: "I think that is up to the city of Seattle and their elected officials and if the voters think they are overdoing it, throw them out."
Senator Rasmussen: "The voters never know anything about it. They have no idea what goes on down here or what is really being done with their money."

REMARKS BY SENATOR BAILEY

Senator Bailey: "Could we distribute copies of that in the record on our desks?"

Senator Rasmussen: "I didn't hear that. Did Senator Bailey ask a question?"

President Pro Tempore Henry: "No, he just commented—"

Senator Bailey: "I just wanted to have copies of that statement put in the record and distributed to the members tomorrow morning. I thought he was referring only to Pierce County."

Senator Rasmussen: "Oh, I would even add, Mr. President, that three or four of you legislators don't know what we are doing with the people's money — but we try."

POINT OF INQUIRY

Senator Lewis (Harry): "I wonder if Senator Bottiger would yield? Senator Bottiger, I understand that your amendment includes school district employees? Does it include state employees?"

Senator Bottiger: "That is not included in this amendment. The Attorney General's opinion was restricted to municipal employees. Mrs. Unsoeld mentioned that to me and in reflecting on that, I think they already have that authority to come here and testify. The highway committee employees testify before the transportation committee. I don't believe there is any question as to their authority. For that reason, I did not include it."

Senator Lewis (Harry): "But on school employees, any school district can send any number of employees down and pay their travel and living expenses incurred by its officers or employees for necessary services. 'Necessary' what are the services that are deemed necessary by the school district?"

Senator Bottiger: "Perhaps — would you like to limit it, Senator—?"

Senator Lewis (Harry): "Well, I don't know. I really don't know and I am just wondering if this amendment was carefully scrutinized by Senator Beck in the committee. I just wonder who is left out and whether we haven't gone too far with one group and perhaps — if state employees, for example, are included, I am quite sure that their living expenses and travel are not covered in any unlimited amount and it appears that your amendment may do that. And while I recognize what you are trying to achieve, I am wondering if you don't go a little further than you wanted to go or if you wanted to go there, I would like to know that."

Senator Bottiger: "Senator Lewis, I would presume that elected school board officials of a district who desired to send the superintendent and a principal down to testify before a committee — that would be the check. Now, if the legislature, in its wisdom, wants to limit the number of school district employees who come down here, obviously, we can."

Senator Lewis (Harry): "Senator Bottiger, if you read your amendment all the way through, 'pay the necessary travel and living expenses for positions, advocating the official position or interest of a long list of municipal corporations but you also include the positions of elected state officials or any of the agencies or any of the political subdivisions of such institutions. I just wonder who this really includes."

Senator Bottiger: "Senator Lewis, I asked the staff to make sure that they drew the amendment so that what we have been doing for years, the process that has existed for years, would not be interfered with by the attorney general's opinion."

"Now, I think you are absolutely right. If the City of Seattle wanted to send all of their firemen down here on company time and at the expense of the city to testify on a bill, I am sure the language here would permit them to do it. The likelihood of that kind of irresponsible action by the City of Seattle is so remote. They have never done it before, why would we presume they would do it now?"

Senator Lewis (Harry): "Supposing we take the situation last year where the school directors apparently had a day off for all the school teachers to come down to Olympia. Is it not possible that at least some of the districts in Eastern Washington to try to provide equity for the districts over here wouldn't have provided travel and living expenses,
or — I may be making a mountain out of a mole hill, Senator, but I am a little nervous about the amendment."

Senator Bottiger: "Well, from what Senator Donohue tells me about Eastern Washington school districts, I doubt very much that they would ever do anything like that."

Debate ensued.

The motion by Senator Bottiger carried and the amendment was adopted on a rising vote.

On motion of Senator Bottiger, the following amendment was adopted:

On page 18, following new section 15 added by the Bottiger amendment, insert the following:

"NEW SECTION. Sec. 16. If any provision of this 1976 amendatory act, or its application to any person or circumstance is held invalid, the remainder of the act, or the application of the provision to other persons or circumstances is not affected."

Senator Guess moved adoption of the following amendment:

On page 18, line 22, add a new section 14 as follows:

"Chapter 1, section 16, Laws of 1973 as last amended by chapter 294, section 9, Laws of 1975 1st ex. sess. and RCW 42.17.160 are each amended as follows:

The following persons and activities shall be exempt from registration and reporting under RCW 42.17.150, 42.17.170, 42.17.190, and 42.17.200:

(1) Persons who limit their lobbying activities to appearance before public sessions of committees of the legislature, or public hearings of state agencies.

(2) News or feature reporting activities and editorial comment by working members of the press, radio, or television and the publication or dissemination thereof by a newspaper, book publisher, regularly published periodical, radio station, or television station.

[(3) Persons who lobby without compensation or other consideration for acting as a lobbyist: PROVIDED, Such person makes no expenditure for or on behalf of any member of the legislature or elected official or public officer or employee of the state of Washington in connection with such lobbying. Any person exempt under this subsection (3) may at his option register and report under this chapter.]

(4) Persons who restrict their lobbying activities to no more than four days or parts thereof during any three-month period and whose total expenditures during such three-month period for or on behalf of any one or more members of the legislature or state elected officials or public officers or employees of the state of Washington in connection with such lobbying do not exceed fifteen dollars: PROVIDED, That the commission shall promulgate regulations to require disclosure by persons exempt under this subsection or their employers or entities which sponsor or coordinate the lobbying activities of such persons if it determines that such regulations are necessary to prevent frustration of the purposes of this chapter. Any person exempt under this subsection (4) may at his option register and report under this chapter.

(5) The governor.

(6) The lieutenant governor.

(7) Except as provided by RCW 42.17.190(1), members of the legislature.

(8) Except as provided by RCW 42.17.190(1), persons employed by the legislature for the purpose of aiding in the preparation or enactment of legislation or the performance of legislative duties.

(9) Except as provided by RCW 42.17.190 elected state officers, state officers appointed by the governor subject to confirmation by the senate, and employees of any state agency."

Renumber remaining sections consecutively.

Debate ensued.

POINT OF INQUIRY

Senator Guess: "Will Senator Ridder yield? Senator Ridder, do you think that the fact that the PTA would register would be any undue burden on them, and wouldn't they be willing to take part in good government which PDC is supposed to promote?"
Senator Ridder: "Many of the organizations do have registered lobbyists, Senator Guess, however, individual members come down. They may be here for longer than four days or parts thereof on given measures. I feel that it would be a restriction on these people to have to register particularly when perhaps, at the start of the season, if you will, they don't know that they are going to be called upon to do that."

Senator Guess: "Would it not be possible if they get into a situation where there is a bill that is going to require it, it is a mere matter of going by their beautiful office that the PDC is ensconced in down there and filling out a little piece of paper? What is so burdensome about that?"

Senator Ridder: "If they have to do it before an eight o'clock hearing, I think it would be exceedingly burdensome.

Senator Guess: "They could do it after the hearing on the third day. They could go down and do that. It seems to me that this is swallowing at the gnat when you ask one class of people to register and not ask the other people to register."

Senator Ridder: "I hope, Senator Guess, that you and I have in mind the same group that has been doing some extensive lobbying here and I can sympathize with your reaction to that because I share it. But I think that we would be in turn, we are straining at a gnat now in that we might be able to tolerate some of that kind of lobbying whereas the other is really to the benefit of the group and the state."

REMARKS BY PRESIDENT PRO TEMPORE HENRY
President Pro Tempore Henry: "Senator Guess wants to swallow the gnat, Senator Ridder wants to strain him. I will call him Senator Gnat."

The motion by Senator Guess failed and the amendment was not adopted.

There being no objection, the amendment by Senator Morrison on page 18 on the Secretary's desk, was withdrawn.

On motion of Senator Lewis (Harry), the following amendment was adopted:
On page 13, section 8, line 14, strike "two or more days" and insert "on or".

MOTION FOR RECONSIDERATION
Having served prior notice, on motion of Senator North, the Senate moved to reconsider the vote by which the committee amendment to page 15, line 12 was not adopted.

On reconsideration, the committee amendment to page 15, line 12 was adopted.

RULING BY PRESIDENT PRO TEMPORE HENRY
President Pro Tempore Henry: "Ruling on the point of order by Senator Harry Lewis on the Rasmussen amendment. In ruling on the point of order as raised by Senator Lewis, the President finds that Substitute House Bill 1329 is an encompassing measure dealing with amendments to existing public disclosure law. Section three of the measure makes it clear the purpose of the new bill is to bring within the purview of the original act certain funds not previously reportable. This same section is even so broad that it permits the public disclosure commission to make rules to implement the purposes of the entire chapter.

"The proposed amendment likewise brings within the scope of the jurisdiction of the commission other funds not previously reportable by here merely enlarging the definition of continuing political committee. The proposed amendment is precisely within the scope and object of the bill.

"The point of order is not well taken."

The amendment by Senators Rasmussen and McDermott was ruled in order.

Debate ensued.

POINT OF ORDER
Senator Lewis (Harry): "Point of order, Mr. President, I don't believe Senator Rasmussen is speaking on his amendment. I don't know what he is reading. He just takes off and starts reading something and I think that is out of order."
RULING BY PRESIDENT PRO TEMPORE HENRY

President Pro Tempore Henry: "Please confine your remarks to your amendment, Senator.

Debate ensued.

POINT OF ORDER

Senator Lewis (Harry): "The Senators remarks are far beyond what is necessary here and I would ask the Chair to direct Senator Rasmussen to speak to his amendment directly, and avoid the kind of subject matter if possible, and names, in this bill."

RULING BY PRESIDENT PRO TEMPORE HENRY

President Pro Tempore Henry: "Would you so confine yourself, Senator Rasmussen?"

Debate ensued.

The motion by Senator Rasmussen carried and the amendment was adopted.

On motion of Senator Rasmussen, the following amendment to the title was adopted:

On page 1, line 2 of the title, after "29.18.040;" and before "amending" insert "amending section 2, chapter 1, Laws of 1973 as amended by section 2, chapter 294, Laws of 1975 1st ex. sess. and RCW 42.17.020;".

On motion of Senator Beck, the committee amendment to the title was adopted.

MOTION

Senator Lewis (Harry), moved that the Senate immediately consider Reengrossed House Bill No. 971.

Debate ensued.

POINT OF INQUIRY

Senator Rasmussen: "Will Senator Newschwander yield to a question? Senator Newschwander, it still isn't clear to me. The leasehold bill, as it was worked over up in Ways and Means, I thought was all right. You said something about stopping the valentines. The valentines are already put in the mail as of tomorrow morning, and to delay it before the morning of the fourteenth, how are you going to stop them with a bill here?"

Senator Newschwander: "Senator Rasmussen, if you would read the amendment that is before you. I have it on my desk. It was turned in three hours ago, and it says 'provided' it is at the end of that first paragraph, 'that the county treasurer shall, in no
case, collect such taxes or issue receipts for the same or enter payment for satisfaction of such taxes upon said assessment rolls before the fifteenth day of February.' Now, if we pass something before the fifteenth and change it to March the fifteenth, if the same thing holds, he cannot collect them and issue receipts until such time."

Senator Rasmussen: "Well, that would not bother me. I wait until the last minute and the last hour to pay my taxes."

Senator Scott demanded a roll call and the demand was sustained by Senators Newschwander, Lewis (Harry), Matson, Herr, Jones, Benitz, Cunningham, Morrison and Murray.

The President declared the question before the Senate to be the motion by Senator Lewis (Harry) that the Senate immediately consider Reengrossed House Bill No. 971.

Renumber the following subsections.

Debate ensued.
POINT OF INQUIRY

Senator Herr: "Question, Senator Mardesich? Senator Mardesich, you know, I think many of us here are worried about the environment and with this new amendment that you presented here, do you think this will protect the environment better?"

Senator Mardesich: "Well, if the amendment is adopted, of course there will be some citizens who are concerned with the environment on that group, I am sure, and it would seem to me that the result, the answer to that question would be yes. I would like to make a continuing speech, but for fear of cluttering the record, I won't."

Further debate ensued.

Senator Washington demanded a roll call and the demand was sustained by Senators Herr, Rasmussen, Knoblauch, Bottiger, Fleming, Gränt, Bailey, Ridder and Wilson.

Debate ensued.

PERSONAL PRIVILEGE

Senator Mardesich: "Personal privilege, Mr. President. I would like Senator Bailey to point out which of my amendments he thought were detrimental to the measure."

REMARKS BY SENATOR BAILEY

Senator Bailey: "Mr. President, it is not only the amendments he presented here today, but the ones that the bills that were held over until tomorrow, the twenty or thirty more that he would have concocted by morning."

Senator Mardesich demanded a roll call and the demand was sustained by Senators Fleming, Washington, Rasmussen, McDermott, Woody, Beck, Guess, Clarke and Herr.

You heard those statements made."

Mr. President: The House has passed:
ENGROSSED SENATE BILL NO. 2990,
ENGROSSED SENATE BILL NO. 3061, and the same are herewith transmitted.

ROSALIE E. GITTINGS, Assistant Chief Clerk.

SIGNED BY THE PRESIDENT

The President signed:
SENATE BILL NO. 2990
SENATE BILL NO. 3061.

PERSONAL PRIVILEGE

Senator Knoblauch: "Point of personal privilege. Mr. President, this will just take a minute but all day long I have sat here and I have almost heard the voice of a former Senator ring out in the Senate Chambers. The very lovable late Senator always gave us a Lincoln's Day address on February the eleventh. This was his big day and he sat in the desk now occupied by Senator Guess. Many years ago there was a custom in the State Senate that we would adjourn in honor of the former Senator. I would like to have this pleasure in moving that today we adjourn in honor of former Senator Ernest Lennart."

PERSONAL PRIVILEGE

Senator Lewis (Harry): "Mr. President, speaking in support of that motion, we feel the same way. We felt the Senate was tired tonight, Senator Knoblauch, and Senator Guess has prepared a speech to try to in some way follow in the footsteps of Ernie Lennart. The resolution and the speech will be with us tomorrow. We hope that you can extend Lincoln's birthday one more day."

MOTION

At 7:10 p.m., on motion of Senator Knoblauch, the Senate adjourned in memory of former Senator Ernest W. Lennart. The Senate will convene at 10:00 a.m., Friday, February 13, 1976.

JOHN A. CHERBERG, President of the Senate.

SIDNEY R. SNYDER, Secretary of the Senate.
THIRTY-NINTH DAY, FEBRUARY 13, 1976

THIRTY-NINTH DAY

MORNING SESSION

Senate Chamber, Olympia, Friday, February 13, 1976.

The Senate was called to order at 10:00 a.m. by President Cherberg. The Secretary called the roll and announced to the President that all Senators were present except Senator Keefe. On motion of Senator Knoblauch, Senator Keefe was excused.

The Color Guard, consisting of Pages Scott Frodle and Jean Cherberg, presented the Colors. Reverend Wallace F. Misterek, pastor of Trinity Lutheran Church of Olympia, offered the following prayer:

"STRONG AND FAITHFUL GOD! WE LOOK TO YOU FOR PURPOSE — MOTIVATION AND DIRECTION IN OUR DAY TO DAY LIVING AND IN OUR SPECIAL CALLING AS THOSE WHO SPEAK FOR AND ACT FOR THE COMMON GOOD OF THE PEOPLE OF THIS GREAT STATE OF WASHINGTON.

"WE THANK YOU, O GOD, FOR CREATING THESE MEN AND WOMEN WITH MINDS TO THINK CLEARLY, WITH HEARTS TO FEEL NEED AND THE ABILITY TO ACT WITH A FUNCTIONAL COMBINATION OF FEELING AND THINKING. HELP THEM TO USE THESE GIFTS IN A WAY THAT WILL BE A CREDIT TO YOU AND A REAL HELP TO THOSE WHOM THEY SERVE. TEMPER THEIR REALISM WITH IDEALISM AND THEIR IDEALISM WITH REALISM THAT GOOD MAY ACCRUE AND YOUR WILL MAY BE DONE.

On motion of Senator Lewis (Harry), the following resolution was unanimously adopted:

SENATE RESOLUTION 1976-189

By Senators Lewis (Harry), Matson, Clarke, Jones, Guess, Wanamaker, Gould, Bluechel, Buffington, Morrison, Scott, Sellar, Newschwander, Pullen, Benitz, Lewis (R. H. "Bob"), North, Murray, Cunningham, Bailey, Beck, Bottiger, Day, Donohue, Fleming, Francis, Goltz, Grant, Henry, Herr, Jolly, Keefe, Knoblauch, Mardesich, Marsh, McDermott, Odegard, Peterson, Rasmussen, Ridder, Sandison, Stortini, Talley, Van Hollebeke, von Reichbauer, Walgren, Washington, Wilson and Woody:

WHEREAS, The story of Abraham Lincoln from his humble beginnings through a political career that had its ups and downs to the exacting job as president during the nation's greatest crisis, is one of the greatest stories ever told; and

WHEREAS, No man ever displayed a greater insight into the complex motives which shaped the public opinion of a free country than Abraham Lincoln, and he possessed, almost to the degree of instinct, the supreme quality of a statesman, of making the right decision, of making it at the right time and of expressing it in language of the right mode; and

WHEREAS, Lincoln's teaching was and is that no party or partisan can escape responsibility to the people; that no party or presumed party advantage should ever divert us from the plain path of duty and honor; that rising above the temptation of temporary party advantage will be lasting gain in the respect and confidence of the people; and

WHEREAS, By his leadership he took a confederation of sovereign states and shaped it into a nation, in the course of which this noble experiment in a democratic republic survived its severest test; and

WHEREAS, Our heritage is the inspiration of the accomplishments of this self-taught frontier lawyer whose steadfastness of purpose, sound judgment and indomitable will brought order out of chaos, and in addition, a legacy of writings of incomparable dignity, strength and simplicity not only profound, compassionate and inspirational but classic in content and style as well; and

WHEREAS, Realizing Abraham Lincoln was dedicated to the educational process, the improvement of which is the avowed purpose of this legislative session;

NOW, THEREFORE, BE IT RESOLVED, By the Senate in legislative session assembled, that we here highly resolve to rededicate ourselves to finish the work Abraham Lincoln started in order to provide a new birth of freedom and equality of opportunity for everyone within this state to the end that the government of the people by the people and for the people of the State of Washington shall flourish and be a model for all to emulate.

REMARKS BY SENATOR GUESS

Senator Guess: "Thank you Mr. President, ladies and gentlemen of the Senate. I think that it is fitting that we pause at this time in our deliberations to pay honor to that great American, Abraham Lincoln, and the vein of the procedures which were started last year in the absence of the silver-tongued orators of yesteryear, Senator Lennart, Senator John McCutcheon, Perry Woodall, Mike Gallagher, Clyde Tisdale, John Happy and Ward Bowden, who was our Secretary of the Senate for many years, to name a few of those who have gone before us. I would like to review some of the history that has gone before us.

"It was the greatest teacher of all times and of all ages who said, 'Love thy neighbor as thyself' and I believe that legislators who have served in this body have obeyed and listened to that command.

"All of us see life from a different perspective and different backgrounds of environment. The businessman sees life through the businessman's outlook. His problems
naturally take all of his time and energy and affect his point of view. The same is true of the doctor, the lawyer and many other professionals. Their own problems are most important ones to them. The laborer toils from day to day and thinks about the problems that he faces, of his immediate environment and occupation.

"In every walk of life men and women strive and work to support their families, their relatives and their friends. These are indeed high virtues without which our state and nation could not survive but the profession which has the greatest dignity and merit is that of the person who serves the man and woman he will never see, whom he may never know, and whose voice he never hears and whose hands he may never touch.

"Such is the service given by those who serve and have served in this legislature. The legislator thinks of the welfare and serves not only the man and woman he never sees and may never meet face to face but he also strives to cling to the principles he sincerely believes will bring the greatest good to the greatest number. He strains his ear to catch the call of the distressed whose distant voice is often drowned out in the welter and confusion of this, our life. He sees the light sometimes with conscience torn by doubt. Oftentimes he is forced to make decisions without all of the facts at hand. He is often misunderstood and vilified by those he seeks to serve. His tools have been and will always be an understanding mind, heart and good judgment. His test of manhood, moral courage in the midst of a clash of wills, ambition, conflicting interests and ideals. He risks losing lifelong friends. His call of duty leaves no other choice as government of and by the people can only come through us, the legislators.

"Such is the service that has been given by those men and women in whose memory we pause today. Because they lived, and served and died, we pause today and again remember the high dignity of our calling.

"No man who has ever served in either branch of this legislature has failed to be impressed by the fact that his fellow member is just a little different from the average man or woman whose energy and time are absorbed in their ordinary pursuits. The characters of these men and women have not been molded in any standard pattern but they are indeed individuals from every walk of life. Those who served here have caught a glimpse of something bigger than themselves or their own particular surroundings. They have visioned the state as justice blindfolded holding even the scales of justice.

"The men and women in whose memory we meet today know that mankind was forced to band itself together and pass laws for its own self preservation. They sensed that our state is made up of many kinds and conditions of men and women of varying religions, that we represent not a class but a common denominator. They knew that men and women earn their livings and advance the general welfare in a multitude of ways and that each, individually and collectively, are entitled to be given consideration at our hands that none should be allowed an unfair advantage. They also realized that mankind cannot live by bread alone and that the cultural side of life must not be forgotten, that human beings live and grow, nurtured by truth and culture and courage and fair dealings, that you can honestly differ with a man without losing his friendship.

"Those men who sat in this place had an idea which, as a body, we must always strive to live up to. That is to struggle to keep alive that small spark of celestial fire known as conscience; to strive to look at the whole picture at all times no matter how we may be pulled and hauled and importuned and do right as we see it between man and man.

"The sovereign state of which we are a part represents something much bigger than any one of us or a single interest. Our coming and going are but incidents in its history. Those members of the House and Senate who have passed from our midst would tell us now, if they could speak, that civic virtue is the highest and the cornerstone of our institutions.

"Here where it may be invoked by the love of their families and friends, that their spirits hover near us, let us draw new faith and hope and courage for the tasks ahead and we shall not fail or waver or fall.

"I believe it is most fitting that even though yesterday we did not have a chance to say it that we now pause in memory of those who have gone before us."

The Senate observed a moment of silence.

SECOND READING

REENGROSSED HOUSE BILL NO. 971, by Representatives Randall, Pardini, Sommers and Newhouse:

Pertaining to taxation of leasehold interests.

REPORT OF STANDING COMMITTEE

REENGROSSED HOUSE BILL NO. 971, pertaining to taxation of leasehold interests (reported by Committee on Ways and Means):

MAJORITY recommendation: Do pass with the following amendments:

On page 1, after the enacting clause, strike the remainder of the bill and insert:

"NEW SECTION. Section 1. The legislature hereby recognizes that properties of the state of Washington, counties, school districts, and other municipal corporations are exempted by Article 7, section 1 of the state Constitution from property tax obligations, but that private lessees of such public properties receive substantial benefits from governmental services provided by units of government.

The legislature further recognizes that a uniform method of taxation should apply to such leasehold interests in publicly owned property.

The legislature finds that lessors of publicly owned property are entitled to those same governmental services and does hereby provide for a leasehold excise tax to fairly compensate governmental units for services rendered to such lessors of publicly owned property.

NEW SECTION. Sec. 2. As used in this chapter the following terms shall be defined as follows, unless the context otherwise requires:

(1) "Leasehold interest" shall mean an interest in publicly owned real or personal property which exists by virtue of any lease, permit, license, or any other agreement, written or verbal, between the public owner of the property and a person who would not be exempt from property taxes if that person owned the property in fee, granting possession and use, to a degree less than fee simple ownership: PROVIDED, That no interest in personal property (excluding land or buildings) which is owned by the United States, whether or not as trustee, or by any foreign government shall constitute a leasehold interest hereunder when the right to use such property is granted pursuant to a contract solely for the manufacture or production of articles for sale to the United States or any foreign government. The term "leasehold interest" shall not include road or utility easements or rights of access for the purpose of removing materials or products purchased from a public owner or the lessee of a public owner.

(2) "Taxable rent" shall mean contract rent as defined in subsection (a) of this subsection in all cases where the lease or agreement has been established or renegotiated through competitive bidding, or negotiated or renegotiated in accordance with statutory requirements regarding the rent payable, or negotiated or renegotiated under circumstances established by public record, clearly showing that the contract rent was the maximum attainable by the lessor: PROVIDED, That after January 1, 1986, with respect to any lease which has been in effect for ten years or more without renegotiation, taxable rent may be established by procedures set forth in subsection (b) of this subsection. All other leasehold interests shall be subject to the determination of taxable rent under the terms of subsection (b) of this subsection.

(a) "Contract rent" shall mean the amount of consideration due as payment for a leasehold interest, including: The total of cash payments made to the lessor or to another party for the benefit of the lessor according to the requirements of the lease or agree-
ment; expenditures for the protection of the lessor's interest when required by the terms of the lease or agreement; and expenditures for improvements to the property to the extent that such improvements become the property of the lessor.

"Contract rent" shall not include: (i) Expenditures made by the lessee, which under the terms of the lease or agreement, are to be reimbursed by the lessor to the lessee; (ii) expenditures made by the lessee for the replacement or repair of facilities due to fire or other casualty or for alterations or additions made necessary by an action of government taken after the date of the execution of the lease or agreement; (iii) improvements added to publicly owned property by a sublessee under an agreement executed prior to January 1, 1976, which have been taxed as personal property of the sublessee prior to January 1, 1976, or improvements made by a sublessee of the same lessee under a similar agreement executed prior to January 1, 1976, and such improvements shall be taxable to the sublessee as personal property; (iv) improvements added to publicly owned property if such improvements are being taxed as personal property to any person.

Any prepaid contract rent shall be considered to have been paid in the year due and not in the year actually paid with respect to prepayment for a period of more than one year. Expenditures for improvements with a useful life of more than one year which are included as part of contract rent shall be treated as prepaid contract rent and prorated over the useful life of the improvement or the remaining term of the lease or agreement if the useful life is in excess of the remaining term of the lease or agreement. Rent prepaid prior to January 1, 1976, shall be prorated from the date of prepayment.

With respect to a "product lease", the value of agricultural products received as rent shall be the value at the place of delivery as of the fifteenth day of the month of delivery; with respect to all other products received as contract rent, the value shall be that value determined at the time of sale under terms of the lease.

(b) If it shall be determined by the department of revenue, upon examination of a lessee's accounts or those of a lessor of publicly owned property, that a lessee is occupying or using publicly owned property in such a manner as to create a leasehold interest and that such leasehold interest has not been established through competitive bidding, or negotiated in accordance with statutory requirements regarding the rent payable, or negotiated under circumstances, established by public record, clearly showing that the contract rent was the maximum attainable by the lessor, the department may establish a taxable rent computation for use in determining the tax payable under authority granted in this chapter based upon the following criteria: (i) Consideration shall be given to rental being paid to other lessors by lessees of similar property for similar purposes over similar periods of time; (ii) consideration shall be given to what would be considered a fair rate of return on the market value of the property leased less reasonable deductions for any restrictions on use, special operating requirements or provisions for concurrent use by the lessor, another person or the general public.

(3) "Product lease" as used in this chapter shall mean a lease of property for use in the production of agricultural or marine products to the extent that such lease provides for the contract rent to be paid by the delivery of a stated percentage of the production of such agricultural or marine products to the credit of the lessor or the payment to the lessor of a stated percentage of the proceeds from the sale of such products.

(4) "Renegotiated" means a change in the lease agreement which changes the agreed time of possession, restrictions on use, the rate of the cash rental or of any other consideration payable by the lessee to or for the benefit of the lessor, other than any such change required by the terms of the lease or agreement. In addition "renegotiated" shall mean a continuation of possession by the lessee beyond the date when, under the terms of the lease agreement, the lessee had the right to vacate the premises without any further liability to the lessor.

(5) "City" means any city or town.

NEW SECTION. Sec. 3. There is hereby levied and shall be collected a leasehold excise tax on the act or privilege of occupying or using publicly owned real or personal property through a leasehold interest on and after January 1, 1976, at a rate of twelve percent of taxable rent: PROVIDED, That after the computation of the tax there shall be allowed credit for any tax collected pursuant to section 4 of this 1976 amendatory
THIRTY-NINTH DAY, FEBRUARY 13, 1976 461

act.

NEW SECTION. Sec. 4. The legislative body of any county or city is hereby au­thorized to levy and collect a leasehold excise tax on the act or privilege of occupying or using publicly owned real or personal property through a leasehold interest in publicly owned property within the territorial limits of such county or city. The tax levied by a county under authority of this section shall not exceed six percent and the tax levied by a city shall not exceed four percent of taxable rent: PROVIDED, That any county ordi­nance levying such tax shall contain a provision allowing a credit against the county tax for the full amount of any city tax imposed upon the same taxable event.

The department of revenue shall perform the collection of such taxes on behalf of such county or city.

NEW SECTION. Sec. 5. (1) The leasehold excise taxes provided for in sections 3 and 4 of this 1976 amendatory act shall be paid by the lessee to the lessor and the lessee shall collect such tax and remit the same to the department of revenue. The tax shall be payable at the same time as payments are due to the lessor for use of the property from which the leasehold interest arises, and in the case of payment of contract rent to a person other than the lessor, at the time of payment. The tax payment shall be accompa­nied by such information as the department of revenue may require. In the case of pre­paid contract rent the payment may be prorated in accordance with instructions of the department of revenue and the prorated portion of the tax shall be due, one-half not later than May 31 and the other half not later than November 30 each year.

(2) The lessor receiving taxes payable under the provisions of this chapter shall remit the same together with a return provided by the department, to the department of revenue on or before the fifteenth day of the month following the month in which the tax is collected. The department may relieve any taxpayer or class of taxpayers from the obligation of filing monthly returns and may require the return to cover other reporting periods, but in no event shall returns be filed for a period greater than one year. The lessee shall be fully liable for collection and remittance of the tax. The amount of tax until paid by the lessee to the lessor shall constitute a debt from the lessee to the lessor. The tax required by this chapter shall be stated separately from contract rent, and if not so separately stated for purposes of determining the tax due from the lessee to the lessor and from the lessor to the department, the contract rent does not include the tax imposed by this chapter. Where a lessee has failed to pay to the lessor the tax imposed by this chapter and the lessor has not paid the amount of the tax to the department, the department may, in its discretion, proceed directly against the lessee for collection of the tax: PROVIDED, That taxes due where contract rent has not been paid shall be re­ported by the lessor to the department and the lessee alone shall be liable for payment of the tax to the department.

(3) Each person having a leasehold interest subject to the tax provided for in this chapter arising out of a lease of federally owned or federal trust lands shall report and remit the tax due directly to the department of revenue in the same manner and at the same time as the lessor would be required to report and remit the tax if such lessor were a state public entity.

NEW SECTION. Sec. 6. All administrative provisions in chapters 82.02 and 82.32 RCW, as now or hereafter amended shall be applicable to taxes imposed pursuant to this chapter: PROVIDED, That this section shall not authorize the issuance of any levy upon any property owned by the public lessor.

In selecting leasehold excise tax returns for audit the department of revenue shall give priority to any return an audit of which is specifically requested in writing by the county assessor or treasurer or other chief financial officer of any city or county affected by such return. Notwithstanding the provisions of RCW 82.32.330, determinations of the amount of taxable rent made pursuant to the provisions of this chapter shall be subject to inspection under chapter 42.17 RCW.

NEW SECTION. Sec. 7. All moneys received by the department of revenue from taxes levied under provisions of section 3 of this 1976 amendatory act shall be transmitted to the state treasurer and deposited in the general fund.

NEW SECTION. Sec. 8. The counties and cities shall contract, prior to the effec-
tive date of an ordinance imposing a leasehold excise tax, with the department of revenue for administration and collection. The department of revenue shall deduct a percentage amount, as provided by such contract, not to exceed two percent of the taxes collected, for administration and collection expenses incurred by the department. The remainder of any portion of any tax authorized by section 4 of this 1976 amendatory act which is collected by the department of revenue shall be deposited by the state department of revenue in a special fund under the custody of the state treasurer to be known as the local leasehold excise tax revolving fund.

NEW SECTION. Sec. 9. Bimonthly the state treasurer shall make distribution from the local leasehold excise tax revolving fund to the counties and cities the amount of tax collected on behalf of each county or city.

NEW SECTION. Sec. 10. Any moneys received by a county from the leasehold excise tax provided for under section 4 of this 1976 amendatory act shall be distributed proportionately by the county treasurer in accordance with RCW 84.56.230 as though such moneys were receipts from ad valorem property tax levies within such county: PROVIDED, That no distribution shall be made to the state or any city: AND PROVIDED FURTHER, That the pro rata calculation for proportionate distribution to taxing districts shall not include consideration of any rate(s) of levy by the state or any city.

NEW SECTION. Sec. 11. It is the intent of this chapter that any local leasehold excise tax adopted pursuant to this chapter be as consistent and uniform as possible with the state leasehold excise tax. It is further the intent of this chapter that the local leasehold excise tax shall be imposed upon an individual taxable event simultaneously with the imposition of the state leasehold excise tax upon the same taxable event. The department shall, as soon as practicable, and with the assistance of the appropriate associations of county prosecutors and city attorneys, draft a model ordinance.

NEW SECTION. Sec. 12. After computation of the taxes imposed pursuant to sections 3 and 4 of this 1976 amendatory act there shall be allowed the following credits in determining the tax payable:

(1) With respect to a leasehold interest arising out of any lease or agreement, the terms of which were binding on the lessee prior to July 1, 1970, where such lease or agreement has not been renegotiated since that date, and excluding from such credit (a) any leasehold interest arising out of any lease of property covered by the provisions of RCW 28B.20.394 and (b) any lease or agreement including options to renew which extends beyond January 1, 1985, as follows:

With respect to taxes due in calendar year 1976, a credit equal to eighty percent of the tax otherwise due.

With respect to taxes due in calendar year 1977, a credit equal to sixty percent of the tax otherwise due.

With respect to taxes due in calendar year 1978, a credit equal to forty percent of the tax otherwise due.

With respect to taxes due in calendar year 1979, a credit equal to twenty percent of the tax otherwise due.

(2) With respect to a product lease, a credit of thirty-three percent of the tax otherwise due.

NEW SECTION. Sec. 13. The following leasehold interests shall be exempt from taxes imposed pursuant to sections 3 and 4 of this 1976 amendatory act:

(1) All leasehold interests constituting a part of the operating properties of any public utility which is assessed and taxed as a public utility pursuant to chapter 84.12 RCW.

(2) All leasehold interests in facilities owned or used by a school, college or university which leasehold provides housing for students and which is otherwise exempt from taxation under provisions of RCW 84.36.010 and 84.36.050.

(3) All leasehold interests of subsidized housing where the fee ownership of such property is vested in the government of the United States, or the state of Washington or any political subdivision thereof but only if income qualification exists for such housing.

(4) All leasehold interests used for fair purposes of a nonprofit fair association
that sponsors or conducts a fair or fairs which receive support from revenues collected pursuant to RCW 67.16.100 and allocated by the director of the department of agriculture where the fee ownership of such property is vested in the government of the United States, the state of Washington or any of its political subdivisions: PROVIDED, That this exemption shall not apply to the leasehold interest of any sublessee of such nonprofit fair association if such leasehold interest would be taxable if it were the primary lease.

(5) All leasehold interests in any property of any public entity used as a residence by an employee of that public entity who is required as a condition of employment to live in the publicly owned property.

(6) (a) All leasehold interests in any real property of any Indian or Indian tribe, band, or community that is held in trust by the United States or is subject to a restriction against alienation imposed by the United States; (b) all leasehold interests held by enrolled Indians of lands owned or held by any Indian or Indian tribe where the fee ownership of such property is vested in or held in trust by the United States and which are not subleased to other than to a lessee which would qualify pursuant to this 1976 amendatory act.

(7) All leasehold interests for which annual taxable rent is less than two hundred fifty dollars per year. For purposes of this subsection leasehold interests held by the same lessee in contiguous properties owned by the same lessor shall be deemed a single leasehold interest.

(8) All leasehold interests which give use or possession of the leased property for a continuous period of less than thirty days: PROVIDED, That for purposes of this subsection, successive leases or lease renewals giving substantially continuous use of possession of the same property to the same lessee shall be deemed a single leasehold interest: PROVIDED FURTHER, That no leasehold interest shall be deemed to give use or possession for a period of less than thirty days solely by virtue of the reservation by the public lessor of the right to use the property or to allow third parties to use the property on an occasional, temporary basis.

(9) All leasehold interests under month-to-month leases in residential units rented for residential purposes of the lessee pending destruction or removal for the purpose of constructing a public highway or building.

(10) All leasehold interests in any publicly owned real or personal property to the extent such leasehold interests arise solely by virtue of a contract for public improvements or work executed under the public works statutes of this state or of the United States between the public owner of the property and a contractor.

NEW SECTION. Sec. 14. There is added to chapter 15, Laws of 1961 and to chapter 84.36 RCW a new section to read as follows:

The following property shall be exempt from taxation:

Any and all rights to occupy or use any real or personal property owned in fee or held in trust by the United States, the state of Washington, or any political subdivision or municipal corporation of the state of Washington, including any leasehold interest arising from such property as defined in section 2 of this 1976 amendatory act: PROVIDED, That this exemption shall not apply to any such leasehold interests which are a part of operating properties of public utilities subject to assessment under chapter 84.12 RCW nor be construed to modify the provisions of RCW 84.40.230.

Sec. 15. Section 84.40.175, chapter 15, Laws of 1961 and RCW 84.40.175 are each amended to read as follows:

At the time of making the assessment of real property, the assessor shall enter each description of property exempt under the provisions of RCW 84.36.005 through 84.36.060, and value and list the same in the manner and subject to the same rule as he is required to assess all other property, designating in each case to whom such property belongs, and for what purpose used, to entitle it to exemption, and he shall require from every person claiming such exemption proof of the right to such exemption: PROVIDED, That with respect to publicly owned property exempt from taxation under provisions of RCW 84.36.010, the assessor shall value only such property as is leased to or occupied by a private person under an agreement allowing such person to occupy or use such property for a private purpose when a request for such valuation is received.
from the department of revenue for use in an audit of the taxable rent as provided for in section 2(2)(b) of this 1976 amendatory act.

NEW SECTION. Sec. 16. The department of revenue of the state of Washington shall make such rules and regulations consistent with chapter 34.04 RCW and the provisions of this 1976 amendatory act as shall be necessary to permit its effective administration including procedures for collection and remittance of taxes imposed by this chapter, and for intervention by the cities and counties levying under section 4 of this 1976 amendatory act, in proceedings involving such levies and taxes collected pursuant thereto.

NEW SECTION. Sec. 17. All assessments or levies of property taxes for collection in calendar year 1976 are hereby canceled with respect to values arising out of property exempted by section 14 of this 1976 amendatory act.

NEW SECTION. Sec. 18. Notwithstanding any other provision of this 1976 amendatory act, improvements owned or being acquired by contract purchase or otherwise by any lessee or sublessee shall be taxable to such lessee or sublessee under Title 84 RCW.

NEW SECTION. Sec. 19. Sections 1 through 13, and 16 through 18 of this 1976 amendatory act are each added to chapter 15, Laws of 1961 and to Title 82 RCW and shall constitute a new chapter in Title 82 RCW.

NEW SECTION. Sec. 20. The following acts or parts of acts are each hereby repealed:

NEW SECTION. Sec. 22. This 1976 amendatory act is necessary for the immediate preservation of the public peace, health, and safety, the support of the state government and its existing public institutions, and shall take effect immediately: PROVIDED, That in the event the cancellation of assessments or levies of property taxes for collection in calendar year 1976 as provided for in section 17 of this 1976 amendatory act is declared null and void, then the effective date of this 1976 amendatory act shall be January 1, 1977.

NEW SECTION. Sec. 23. If any provision of this 1976 amendatory act, or its application to any person or circumstance is held invalid, the remainder of the act, or the application of the provision to other persons or circumstances is not affected.”

On line 21 of the title, after “effective dates;” insert “making an appropriation;”

Signed by: Senators Donohue, Chairman; Odegaard, Vice Chairman; Wilson, Second Vice Chairman; Bailey, Clarke, Grant, Jones, Mardesich, Marsh, Matson, Murray, Rasmussen, Washington.

The bill was read the second time by sections.

Senator Donohue moved adoption of the committee amendment.

POINT OF INQUIRY

Senator Bailey: “Will Senator Donohue yield? Senator Donohue, I think it was on page two of the original bill and page two of the amendment, you have left out the definition of economic rent which is the way they currently have assessed the leasehold.
Now, my question is this: in those contracts of people who lease space and have two sets of agreements, one is for the lease of the space which would come under a leasehold tax. I understand that but if they also have an agreement where they would take a certain percentage of the gross or the net of the business, would this also be subject to leasehold tax?"

Senator Donohue: "There is a formula, if I am correct, maybe Senator Woody can assure me I am correct, that this would be called part of the leasehold, yes."

Senator Bailey: "Then, Senator, I understand that the point of where you share-crop is something like that, where you have to pay no rent but you pay a share of the crop. That is one thing but if you are leasing a concession and that is taking also, in a separate agreement, a percentage of the gross, is it your understanding this would tax that gross?"

Senator Donohue: "That is correct."

Senator Bailey: "In other words, this is not only a leasehold tax or property tax but also is an excise tax and like a B & O tax in business."

Senator Donohue: "I suppose in a sense that is true. It is after your twelve percent tax on the total rent. That could include any kind of an agreement made by the lessor and the lessee whether it is part of the gross or whatever. It also has to be included and the twelve percent will apply to that agreement."

POINT OF INQUIRY

Senator McDermott: "Mr. President, will Senator Donohue yield to a question? Senator Donohue, on this new leasehold tax structure, if a special levy is passed in an area in which a leasehold exists, will there be any increase in the tax or will it remain at the basic twelve percent?"

Senator Donohue: "It would remain at twelve percent. This is one thing that we discussed in the committee and it would mean that if we assessed that levy or that levy was used that there would have to be new contracts written every time there was a levy passed.

"Now the reason for using the twelve percent is that hopefully the twelve percent would be and is, according to the fiscal note, a greater amount of dollars. In other words, a larger number of dollars will be accrued from a twelve percent which in essence would include supposedly part of so-called special levy if that did occur. It is nearly impossible every year to change the contract just due to the differences in whether the levy has passed or whether the levy has failed."

Senator McDermott: "Thank you."

Senator Newschwander moved adoption of the following amendment by Senators Newschwander and Lewis (Harry) to the committee amendment:

On page 11, line 42, after section 17, insert the following new sections:

"Sec. 18. Section 2, chapter 7, Laws of 1965 ex. sess. and RCW 84.56.010 are each amended to read as follows: On or before the first Monday in January next succeeding the date of levy of taxes the county auditor shall issue to the county treasurer his warrant authorizing the collection of taxes listed on the tax rolls of his county as certified by the county assessor for such assessment year, and said rolls shall be preserved as a public record in the office of the county treasurer. The amount of said taxes levied and extended upon said rolls shall be charged to the treasurer in an account to be designated as treasurer's "Tax roll account" for . . . . . . . , and said rolls with the warrants for collection shall be full and sufficient authority for the county treasurer to receive and collect all taxes therein levied: PROVIDED, That the county treasurer shall in no case collect such taxes or issue receipts for the same or enter payment or satisfaction of such taxes upon said assessment rolls before the fifteenth day of [February] March following.

Sec. 19. Section 84.56.070, chapter 15, Laws of 1961 and RCW 84.56.070 are each amended to read as follows:

On the fifteenth day of [February] March succeeding the levy of taxes, the county treasurer shall proceed to collect all personal property taxes. He shall give notice by mail to all persons charged with personal property taxes, and if such taxes are not paid
before they become delinquent, he shall forthwith proceed to collect the same. In the
event that he is unable to collect the same when due, he shall prepare papers in distraint
which shall contain a description of the personal property, the amount of taxes, the
amount of the accrued interest at the rate provided by law from the date of delinquency,
and the name of the owner or reputed owner, and he shall without demand or notice dis­
train sufficient goods and chattels belonging to the person charged with such taxes to pay
the same, with interest at the rate provided by law from the date of delinquency, to­
gether with all accruing costs, and shall proceed to advertise the same by posting written
notices in three public places in the county in which such property has been distrainted,
one of which places shall be at the county court house, such notice to state the time when
and place where such property will be sold. The county treasurer, or his deputy, shall tax
the same fees for making the distraint and sale of goods and chattels for the payment of
taxes as are allowed by law to sheriffs for making levy and sale of property on execu­
tion; traveling fees to be computed from the county seat of the county to the place of
making distraint. If the taxes for which such property is distrainted, and the interest and
costs accruing thereon, are not paid before the date appointed for such sale, which shall
be not less than ten days after the taking of such property, such treasurer shall proceed to
sell such property at public auction, or so much thereof as shall be sufficient to pay such
taxes, with interest and costs, and if there be any overplus of money arising from the
sale of any personal property, the treasurer shall pay such overplus to the owner of the
property so sold or to his legal representative: PROVIDED, That whenever it shall be­
come necessary to distraint any standing timber owned separately from the ownership of
the land upon which the same may stand, or any fish trap, pound net, reef net, set net or
drag seine fishing location, or any other personal property as the treasurer shall deter­
mine to be incapable or reasonably impracticable of manual delivery, it shall be
deemed to have been distrainted and taken into possession when the said treasurer shall
have, at least thirty days before the date fixed for the sale thereof, filed with the auditor
of the county wherein such property is located a notice in writing reciting that he has dis­
trained such property, describing it, giving the name of the owner or reputed owner, the
amount of the tax due, with interest and the time and place of sale; a copy of said notice
shall also be sent to the owner or reputed owner at his last known address, by registered
letter at least thirty days prior to the date of sale: AND PROVIDED FURTHER, That
if the county treasurer has reasonable grounds to believe that any personal property
upon which taxes have been levied, but not paid, is about to be removed from the
county where the same has been assessed, or is about to be destroyed, sold or disposed
of, the county treasurer may demand such taxes, without the notice provided for in this
section, and if necessary may forthwith distraint sufficient goods and chattels to pay the
same.

On page 11, line 36, after section 20, insert the following new section:

“NEW SECTION. Sec. ______. Sections 18 and 19 of this act shall be effective
with respect to 1976 collections of all real and personal property taxes, and shall expire
on December 31, 1976.”

Renumber the remaining sections consecutively.

POINT OF INQUIRY

Senator Mardesich: “Mr. President, I would like to ask Senator Newschwander to
yield to a question. Senator Newchwander, I would like you to start at the very begin­
ing and explain this to me as to the necessity of it. I assume when I ask that question
that you are making some distinction between an ordinary roll-back such as we had last
time and what might be proposed this time? If you are not making a distinction between
the two, I don’t understand what the problem is.”

Senator Newschwander: “Senator Mardesich, the problem is that the levies that
were passed last year are going to be collected this spring and next fall. The money
taken in this spring does not bother me, but the money taken in next fall which is for the
1976-1977 school year, the funds — the first half of that school year also could be under
the Bottiger proposal, or the Republican proposal — a double dip. Because if we have a
statewide special levy under our program, we plan to raise the money for the 1976-1977 school year. We have the means of putting the money out there on a per pupil basis within the school district. So we have a complete funding for the one school year. The problem we have in all these levies is that we pass the levy one year and then it finances the last half of the next school year and the first half of the following school year. So you have an overlapping of funding between one school year and the next school year if we have a new funding proposal."

Senator Mardesich: "How, if I might continue the question, Mr. President, do you distinguish between the refund or rebate we gave last time, quota — term it whatever you wish — we did give a credit against taxes last year when we passed the sixty-five million dollars. How do you distinguish our ability to do that in the future with our ability to have done it in the past?"

Senator Newschwander: "The problem is that the taxpayer is going to pay the money into the treasurer and then what are we going to do with it? Are we going to let the schools keep it or are we going to let the general fund deduct that amount of money? It is going to be in the general fund."

Senator Mardesich: "Senator Newschwander, we did not pass our sixty-five million dollar figure until late May or June of last year."

Senator Newschwander: "And it is going to be ...."

Senator Mardesich: "The trouble with it, it affected the same second year for those districts which lost before. Number four, Seattle lost — there were districts which had lost — there were levies which had passed and they got in that second year money. How were we able to give those districts credit then and why are we not able to give it the same type of credit in the future?"

Senator Newschwander: "The credit we gave last session will show up in the valentines this following year. Why should the taxpayer even pay it if it is not necessary? I just don't trust we are going to roll it back."

REMARKS BY SENATOR BOTTIGER

Senator Bottiger: "Mr. President, members of the Senate. Coming partially to Senator Newschwander's rescue — I should not say rescue, but assistance — when we rolled the taxes back last time, what we did is tell the school districts that since you certify to the treasurer the amount of dollars necessary for him to put out in the form of a levy, if you accept that portion of the sixty-five million dollars, reduce that in what you send down to the treasurer. So they did that and these school taxes reflect that reduction of the sixty-five million."

"Now Senator Newschwander has a new problem here, so I disagree with him. The Hodde plan does not require this, the Newschwander plan does. Senator Newschwander's proposal would be for us to set the dollar amount for each school district and to appropriate that amount of money to them. If they collected the second half taxes, there would be a windfall to the school districts. That is not true under the Hodde plan and this is why I disagree with what he said because under the Hodde plan each school district would certify their need or their necessity in the form of the special levy that they requested of their own particular district. In a sense we are trusting them not to ask the taxpayers for more than they would be expending under their budget. The Hodde plan does not have that difficulty that the Newschwander plan does."

"I would suggest that we cooperate with Senator Newschwander because, as I have told him personally, if his plan is the one I get to vote for, I am going to do that. I think the Hodde plan is better and I would like to leave him his options to at least present his plan to the Senate and the rest of the legislature."

Debate ensued.

POINT OF INQUIRY

Senator Mardesich: "Will Senator Newschwander yield again? Senator Newschwander, it would follow your line of thinking, and since the first half taxes are not due until April 30th and since the bulk of all the payments come in very close to April 30th, why don't we logically make this date April 15th then because in the event the Seattle
levy should fail before we achieve any solution to the problem, either your or the Hodde plan, what have you achieved with this date of March 15th?"

Senator Newschwander: "Once again, I am just biding time to solve the whole funding program. I don't wish to postpone the final collection or even hurry it up. If we go to April 15th then we have only fifteen days between then and the 30th and I am sure we won't be around here on April 15th and this simple amendment is just to make sure we know what we are doing."

POINT OF INQUIRY

Senator Walgren: "Would Senator Newschwander yield to a question? Senator Newschwander, I have received some communications from my local treasurer with regard to costs involved and she tells me that for Kitsap County they have always spent some sixty-eight hundred dollars in postage. I suspect that this is the situation around the state. Do you have any estimate as to the total cost to the state of Washington local governments if this amendment is put on the bill?"

Senator Newschwander: "If the amendment is put on the bill, there will be no cost unless this body changes the funding and if we do, they have all got to be made out again and mailed again. We are talking about six hundred and fifty thousand dollars. The requests then would be made by myself in Ways and Means and maybe we should appropriate that money back to the counties because we should not carry this obligation to them."

POINT OF INQUIRY

Senator Donohue: "Mr. President, will Senator Newschwander yield? I heard that word 'appropriate' on the Ways and Means committee, Senator. I am sure you recognize the fiscal problems we had. I would assume that, based upon that previous statement, you are willing to vote for tax increases which could include many other things than school funding."

Senator Newschwander: "I would be glad to vote for anything if I can save the taxpayers seventy-six million dollars. I think that six hundred and fifty thousand dollars is a drop in the bucket if I can save the folks back home seventy-six million dollars in a double dip. But I have a feeling, knowing the Ways and Means committee, that we are going to Band-Aid and go home and do nothing. That is my impression. But in case we do get to the point where we are going to fund schools, I don't want to be in the box."

Senator Donohue: "Senator, let me ask you another question. Isn't it true that another property tax roll-back on top of the one that we have already accomplished for 1976 could, in fact, roll back some districts more than the amount of their special levy?"

Senator Newschwander: "It is possible."

Further debate ensued.

POINT OF ORDER

Senator Donohue: "I am concerned and I think the real concern I have with this particular bill is that Reengrossed House Bill No. 971 is in my judgment deals particularly with a method of taxation. The amendment that you are proposing deals particularly with a date change, while it seems to me like there is quite a difference, and Mr. President, I would like to raise the issue of scope and object."

Debate ensued.

RULING BY THE PRESIDENT

The President: "In ruling on the point of order as raised by Senator Donohue, the President finds that Reengrossed House Bill No. 971 is a measure which pertains only to the taxation of leasehold interests on certain governmental property. "The amendment as proposed by Senators Newschwander and Lewis (Harry), however, pertains to the date on which the county treasurer may accept and collect all taxes. "The amendment, therefore, does change the scope and object of the bill and the point of order is well taken."
The amendment by Senators Newschwander and Lewis (Harry) to the committee amendment was ruled out of order.

POINT OF INQUIRY

Senator Lewis (Harry): "Will Senator Donohue yield to a question? Senator Donohue, are you saying to me that the problem raised by Senator Newschwander really has no validity and there is no potential problem?"

Senator Donohue: "Potential problem with what, Senator?"

Senator Lewis (Harry): "Of the problem of the type that Senator Newschwander describes of a double dip by schools or the problem of returning money to the taxpayer?"

Senator Donohue: "In answer to your question, there perhaps would be a problem if this Senate had already voted on the Newschwander plan and I think that this is what we are really talking about. Now, there may be coming out of the Senate a different kind of a proposal to take care of that and if that is true perhaps this amendment would not be needed; consequently, that was the reason that I raised the issue."

Senator Lewis (Harry): "Senator Donohue, without this amendment would this in your best judgment kill the Newschwander plan?"

Senator Donohue: "No, I don't think it would. It is still alive. It is up in Ways and Means and we intend to address ourselves to that as rapidly as possible and any other issues before us, Senator."

Senator Lewis (Harry): "Then, Senator Donohue, one further question if I might. If you say it doesn't kill the plan, how would you handle the problem of the seventy-six million dollars to prevent the schools from having a double dip on it, and how would you propose to return the money to the taxpayer in the event the Newschwander plan were to pass without this amendment. The problem I have is that if you say that everything is still wide open and there is that potential and that is one of the purposes, of course, in proposing the amendment was just to keep the options open. But without the amendment, how do you handle the seventy-six million dollar roll-back problem? How do you return the money to the taxpayer?"

Senator Donohue: "Senator, we have an apportionment formula. We also can change dates and can change laws pertaining to the 1977 collection and roll-back, so I don't think there is really any problem."

MOTION

Senator Woody moved adoption of the following amendment by Senators Woody and McDermott to the committee amendment:

On page 1 of the Senate committee amendment to Reengrossed Substitute House Bill No. 971, beginning on line 4, strike the remainder of the committee amendment and insert:

"NEW SECTION. Section 1. The legislature hereby recognizes that properties of the state of Washington, counties, school districts, and other municipal corporations are exempted by Article 7, section 1 of the state Constitution from property tax obligations, but that private lessees of such public properties receive substantial benefits from governmental services provided by units of government.

The legislature further recognizes that a uniform method of taxation should apply to such leasehold interests in publicly owned property.

The legislature finds that lessees of publicly owned property are entitled to those same governmental services and does hereby provide for an excise tax to fairly compensate governmental units for services rendered to such lessees of publicly owned property.

NEW SECTION. Sec. 2. As used in this chapter the following terms shall be defined as follows, unless the context otherwise requires:

(1) " Lease" shall mean any lease, permit, license, use, or any other agreement, written or verbal, granting possession and use of such public property between the owner of public property and a person who would not be exempt from property taxes if that person owned the property in fee.
(2) "Lessor" shall mean the federal government, the state of Washington, counties, school districts, or any political subdivision or municipal corporation of the state of Washington which leases public property.

(3) "Multiple leases" shall mean more than one lease of the same public property existing at the same time between the owner of public property and persons who would not be exempt from property taxes if such persons owned the property in fee.

(4) "Public property" shall mean all real or personal property of the federal government, the state of Washington, counties, school districts, or any political subdivision or municipal corporation of the state of Washington.

NEW SECTION. Sec. 3. When any public property which for any reason is exempt from taxation pursuant to RCW 84.36.010 is leased by a private individual, association or corporation, the lessees or users thereof shall be subject to taxation for the act or privilege of using or possessing such property in the same amount and to the same extent as though the lessee or user were the owner in fee of such property: PROVIDED, HOWEVER, That the foregoing shall not apply to federal property for which payments are made in lieu of taxes in amounts equivalent to taxes which might otherwise be lawfully assessed.

NEW SECTION. Sec. 4. Public property leased for farm and agricultural purposes as defined in RCW 84.34.020(2) shall be assessed and valued according to the use to which such property is currently applied under the provisions of chapter 84.34 RCW and the assessor shall not consider potential uses of such property.

NEW SECTION. Sec. 5. (1) Where multiple leases exist on public property, valuation may be determined on a pro rata basis or by segregation.

(2) Where partial uses exist on public property, valuation may be determined on a pro rata basis or by segregation.

(3) Lessees or users of all public property shall be taxed on a pro rata basis when the property is leased for a period of less than one year.

NEW SECTION. Sec. 6. Taxes shall be assessed to such lessees or users of public property and collected in the same manner as taxes assessed owners of real or personal property, except that such taxes shall not become a lien against the property: PROVIDED, That any unpaid taxes shall constitute a lien against any other real or personal property of the lessee or user of public property as provided in RCW 84.56.070 and 84.60.020.

NEW SECTION. Sec. 7. The following leasehold interests shall be exempt from taxes imposed pursuant to this chapter:

(1) All leasehold interests constituting a part of the operating properties of any public utility which is assessed and taxed as a public utility pursuant to chapter 84.12 RCW.

(2) All leasehold interests in facilities owned or used by a school, college or university which leasehold provides housing for students and which is otherwise exempt from taxation under provisions of RCW 84.36.010 and 84.36.050.

(3) All leasehold interests of subsidized housing where the fee ownership of such property is vested in the government of the United States, or the state of Washington or any political subdivision thereof but only if income qualification exists for such housing.

(4) All leasehold interests used for fair purposes of a nonprofit fair association that sponsors or conducts a fair or fairs which receive support from revenues collected pursuant to RCW 67.16.100 and allocated by the director of the department of agriculture where the fee ownership of such property is vested in the government of the United States, the state of Washington or any of its political subdivisions: PROVIDED, That this exemption shall not apply to the leasehold interest of any sublessee of such nonprofit fair association if such leasehold interest would be taxable if it were the primary lease.

(5) All leasehold interests in any property of any public entity used as a residence by an employee of that public entity who is required as a condition of employment to live in the publicly owned property.

(6) All leasehold interests held by enrolled Indians of lands owned or held by any Indian tribe where the fee ownership of such property is vested in or held in trust by the United States.

(8) All leasehold interests which give use or possession of the leased property for a continuous period of less than thirty days: PROVIDED, That for purposes of this subsection, successive leases or lease renewals giving substantially continuous use of possession of the same property to the same lessee shall be deemed a single leasehold interest: PROVIDED FURTHER, That no leasehold interest shall be deemed to give use or possession for a period of less than thirty days solely by virtue of the reservation by the public lessor of the right to use the property or to allow third parties to use the property on an occasional, temporary basis.

NEW SECTION. Sec. 8. All lessors of public property shall offer to renegotiate in good faith with its lessees the terms of all leases in existence at the effective date of this act. The lessors and lessees of public property shall have until July 1, 1977, to renegotiate the terms of the leases. If the lessors and lessees are unable to renegotiate the terms of the leases by July 1, 1977, the lessees of public property may petition the superior court of the county where the property is located for a determination of good faith bargaining by the lessors. If the court shall find that the lessors have failed to bargain in good faith, the court may order the lessor to bargain in good faith or the court may release the lessee from the terms of the lease. The determination of good faith bargaining shall be without jury.

Whenever the court shall determine that the lessor has failed to negotiate in good faith with the lessee, the lessor shall be responsible for all court costs and for the reasonable attorney fees of the lessee.

An aggrieved party may secure a review of any final judgment of the superior court under this chapter by appeal to the supreme court or the court of appeals. Such appeal shall be taken in the manner provided by law for appeals from the superior court in other civil cases.

NEW SECTION. Sec. 9. All lessors of public property shall notify the assessor of the county in which the property is located of the description of the property leased and the name and address of the lessee. Notification shall be made within twenty days of the lease agreement.

All lessors of public property shall promptly furnish an assessor with any other information requested by the assessor or the lessee concerning leased property and/or the terms of a lease.

NEW SECTION. Sec. 10. The excise tax imposed by provisions of this chapter shall first be payable during 1977, and nothing in this chapter shall affect any property taxes otherwise due and payable in 1976.

POINT OF INQUIRY

Senator Van Hollebeke: “Would Senator Woody yield to a question, please? I have been noticing section six that you just mentioned which reads that all lessors of public property shall have offered to renegotiate in good faith with its lessees in terms of all leases in existence at the effective date of this act. First of all, can we impair this contract and what is the purpose of the paragraph?”

Senator Woody: “The purpose of the paragraph has nothing to do with impairing the contract because, of course, we are not impairing the validity of a contract. We are merely taxing something. Anybody can own an automobile, purchase an automobile, and we can tax the ownership of the automobile. That does not impair the contract but the purpose of section eight is to permit those situations, for example, where one lessee leased a large geographic area of undeveloped property from one public entity and then subleased it off into cabins or vacation property and it was bare land. Naturally the terms of his rental to the sublessees is very slight because it is a bare land ground lease, so to speak.

“Now, if we impose a tax on the lessee under this bill, it will be probably more. The tax itself will be more than his entire gross income from all of those sublessees. We have to require the lessor, that is the public lessor, to renegotiate the lease so that it will be enough so that the lessee will not be paying more out in taxes than he is receiving in income.”

Senator Van Hollebeke: “I don’t see what the paragraph or what the section really accomplishes. At the same time, it says they must renegotiate. It does not say that they have to end up with a different lease. This is why I talk about impairment. We are saying that you have got to take another look at your present agreement. I don’t know if we can do it.”

Senator Woody: “If they agree, there is no impairment — they amended the contract.”

Senator Van Hollebeke: “You say in here then, and this is your intention, that they have got to take another look but they don’t necessarily have to come up with a new agreement.”

Senator Woody: “That is correct. We can’t force them to enter into a new contract but we can force the lessor to negotiate in good faith about the new contract.”

Debate ensued.

POINT OF INQUIRY

Senator Fleming: “Mr. President and members of the Senate, would Senator Woody yield to a question? Senator, I think you have done a good job on this and I have talked to you about it but not in detail. I am concerned about subsection six. Your subsection six is the same as the subsection six on the pink amendment in the book and that is the only bill in with the Indian lease. The language in subsection six in the exemptions, you do leave out quite a bit of language. In sort of a rush by, you indicated that yours were a little tighter than the pink amendment and you do leave out the first language in that amendment. Then at the end of that subsection, after ‘by the United States’ you also leave out ‘and which are not subleased’ so forth and so on. My question is,
could you justify a little bit more as to why or the extent that you are tightening up compared to the other bill on the Indian leased and owned land?"

Senator Woody: "Yes, it is rather simple. The language that I have is the language that the House committee rather insists upon but that avoids your question. The issue is whether or not non-Indians leasing Indian land will be taxed or not. Under my language if you are non-Indian leasing Indian land, you will be taxed. Under the more inclusive language, all Indian land being leased is exempt. That is the difference."

Further debate ensued.

PARLIAMENTARY INQUIRY

Senator Mardesich: "Parliamentary inquiry, Mr. President. The situation we have is a Senate committee amendment to the bill which strikes everything after the enacting clause and inserts all new matter. Is there any doubt in the President's mind but what in the event the House disagrees with this amendment and the measure goes to conference that the whole issue would be open and the whole subject matter, including elements to Senator Woody's proposal even, might be then the subject of conference?"

REPLY BY THE PRESIDENT

The President: "Senator Mardesich, in reply to your inquiry, the President believes that if the measure were to go into conference between the two houses, that that particular conference would dedicate its efforts towards settling the differences between the two houses. However, if the two houses, in their judgment, decided to grant the power of free conference, the President believes then the matter would be opened up considerably and would be left to the conferees to determine what they should consider."

PARLIAMENTARY INQUIRY

Senator Mardesich: "In the conference then, it would be either the adoption of the Senate amendment or the House version, am I not correct? We changed the amendment. The amendment is the whole thing, the amendment is the bill. I am trying to get some distinction here."

REPLY BY THE PRESIDENT

The President: "The President believes it would open up the original bill and the committee amendment to the bill and subsequent amendments to the committee amendment."

PARLIAMENTARY INQUIRY

Senator Mardesich: "In the conference stage or the free conference stage?"

REPLY BY THE PRESIDENT

The President: "In the conference stage."

REMARKS BY SENATOR BAILEY

Senator Bailey: "Mr. President, I still don't know too much about this bill but I think Senator Mardesich has pointed out a reason we should either defeat the amendment or send the bill back to committee because I do not like to see tax bills written in conference rooms and brought out here on the last day of the session for very technical changes which we know not how they affect people until after we go home and read them.

"I just think this is a very bad practice. Probably we are getting back now to the stage where we have to determine whether we are going to pass a bill that is fairly near the House's version and which had hearing in Ways and Means or whether we are going to take a chance that it goes to a conference and is decided upon by six people in a closed room and their rapid report at the end of the session. I say, we don't know what happened until after we get home. I would suggest that we defeat the amendment just for that reason alone."
Senator Mardesich: "Mr. President, the point I am trying to clarify is that this, an amendment which strikes everything, and the whole subject matter then would come up. And that is the point I would like. . . ."

The President: "The President believes that the entire subject matter would come up, Senator, in that certainly the conferees would consider Reengrossed House Bill No. 971 in its original form and the committee amendment and subsequent amendments to the committee amendment."

Senator Mardesich: "With respect to Senator Bailey's remarks, I think the acceptance or rejection of the Woody amendment to the amendment means nothing."

The President: "That is the President's opinion as far as consideration of the content."

Senator Bailey: "Mr. President, it does mean something because Senator Woody's amendment rewrites the whole bill. The Senate committee amendment is fairly similar to the House bill with a few changes and I think that is the difference. We have a complete new concept here and maybe a good one, Senator Woody. I am not arguing that but I think this is not the place to do it. It either should go back to committee or I would rather see it go back to committee than go to conference. I don't trust conference committees very much."

The President: "Senator Bailey, the President did not mean that the proposed amendment by Senator Woody was not significant."

Further debate ensued.

The motion by Senator Woody failed and the amendment to the committee amendment was not adopted.

Senator Bailey: "Point of personal privilege. Senator Rasmussen, if you can show me in the rules where we opened up conference committees to the public I would be very happy to read it. I think that was a bone of contention in which you joined us in keeping it private, but look it up. If you can find it, I would be very interested in reading it."

The motion by Senator Donohue carried and the committee amendment was adopted.

On motion of Senator Donohue, the committee amendment to the title was adopted.

REPORT OF STANDING COMMITTEE

February 2, 1976.

ENGROSSED HOUSE BILL NO. 1344, establishing responsibility for enforcement of the uniform fire code (reported by Committee on Local Government):
MAJORITY recommendation: Do pass with the following amendments:
On page 1, line 9, after "14.08.120" and before "shall" strike "(2)"

In line 1 of the title after "adding" and before "to" strike "a new section" and insert "new sections"

The bill was read the second time by sections.

On motion of Senator Fleming, the committee amendments were adopted.

POINT OF INQUIRY

Senator Mardesich: "Mr. President, before we move on to the title, I wonder if Senator Fleming would yield to a question? Senator Fleming, if you will glance at lines six through eleven of the bill, which is actually the substance of the whole measure, it provides that every county government shall administer and enforce the uniform fire code in the unincorporated areas of the county provided that any political subdivision or municipal corporation providing fire protection shall at its sole option be responsible for administration of the uniform fire code. I assume that means that within the balance of the county. I am wondering whether that is what is really intended. It seems to me that under that language you could get a situation where for instance in Gold Bar in Snohomish County, Gold Bar could then assert its position and take it upon itself at its sole option to be responsible for administration and enforcement of the uniform fire code within the county and I doubt that that is what is intended."

Senator Fleming: "What is intended there is with the option and with the understanding and consideration of the county itself who would have the full responsibility for fire codes that they could agree through the Intergovernmental Cooperation Act that..."

Senator Mardesich: "I understand that, so I say, but it says on lines nine and ten 'act with sole option' and I wonder whether they need to confer with anyone."

No reply.

MOTION

On motion of Senator Fleming, Engrossed House Bill No. 1344, as amended, will be considered following House Bill No. 1357 on the second reading calendar today.

SECOND READING

HOUSE BILL NO. 1356, by Representatives Charette, Knowles and Seeberger (by Code Reviser's Office request):

The bill was read the second time by sections.

On motion of Senator Walgren, the rules were suspended, House Bill No. 1356 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

POINT OF INQUIRY

Senator Bailey: "Mr. President, a question of Senator Walgren. Senator Walgren, we have about six of these code revision bills and we have looked at them but we are taking your word. I think the intent of the whole body is that no substantive change is made in any one of these bills and if that is the intent of the whole body, and I think it is, then I would be in favor of progressing and voting on each one of them. However, I think that once in a while somebody has changed a little bit in some of the code revisions. Is it your understanding that there is no change?"
Senator Walgren: "It is my understanding that there is no change and that they are technical amendments only. I said that I was not going to make any other remarks but if there was somebody that had a particular point with regard to any of these bills, then of course, they might indicate."

REMARKS BY SENATOR CLARKE

Senator Clarke: "This is the customary way of doing this and I will agree with Senator Bailey that we do rely on the code reviser's office at least I have. When I was chairman of House Judiciary, we used to sponsor those things and there is a sort of a tacit agreement two ways on that. One of them is that they don't throw us any curves. If we ever find that they have been making substantive changes, why then they are going to lose this prerogative. The one other thing too, Senator, is kind of an agreement that you can't use those titles to hang anything else on it. So it works two ways. However, if you would like perhaps, a question and answer, you might ask the floor leader, so it gets on the record, that is the intent. You did that. Thank you."

Debate ensued.

There being no objection, Senator Goltz was excused.

POINT OF INQUIRY

Senator Guess: “Will Senator Fleming yield? Senator Fleming, as we get into this bill, I am wondering now if we are changing it at the local option of the county where they will take over the inspections being done by the fire district because the wording of ‘at its local option’ bothers me there. Is it intended to make the county the sole inspector of all of the fire permits in the area?”

Senator Fleming: “Senator Guess, as you know, there is a case over in your area right now and from my understanding the purpose of this bill was to make sure that the counties did have the responsibility for enforcing the fire code. With that option through the intergovernmental cooperation act, other local government units such as fire districts, and so forth, would have that responsibility if they had some agreement. If it was an unincorporated area it is where right now the problem is, there are some areas where no one is enforcing that and we have some problems. This would allow the counties in those areas which they said they are short of money to be able to charge a fee to have that responsibility.”

Senator Guess: “Thank you.”

POINT OF INQUIRY

Senator Rasmussen: “Will Senator Fleming yield to a question? Senator Fleming, one of the amendments that was adopted, ‘each county is authorized to impose fees sufficient to pay the cost of inspection, administration and enforcement pursuant to this 1976 act.’ Now my question is: you are paying your fire district fees, are paying your Bottiger bill assessments as the people vote for it in the fire district. In addition to all of those fees, the county is going to charge an additional fee for inspection, administration and enforcement. That rather bothers me. Is there any limit to it and will it be a fee on an individual basis or on a uniform across-the-county basis they will charge you so much? A dollar or two dollars or how is that going to be handled?”

Senator Fleming: “Senator Rasmussen, I have not gotten into any great detail on this matter. First of all, in the areas that we are talking about in the unincorporated areas, they are not doing it now and the fire marshals are not doing it and there is no fire district covering those areas that would be doing it, so it is being left undone. What the county is saying is that in their normal and customary manner in which they charge fees that if they have the sole responsibility of enforcing the fire codes, that is basically all we are talking about, then they should be allowed to charge a fee to go in and do that.”

Senator Rasmussen: “You have no idea what it will be, Senator.”

Senator Fleming: “Senator Talley is interested in this bill. He might want to address that.”

REMARKS BY SENATOR TALLEY

Senator Talley: “Senator Rasmussen, when this bill was passed last session we thought we were passing it so that the counties would make the fire inspections. As a result of an attorney general’s opinion, it said the rural fire districts should do it. There was no intent of the legislature whatsoever that rural fire districts should go into the fire inspection business. They are unpaid and all volunteers and they can’t accept this re-
sponsibility. All this does is put back what was originally intended by the legislature; that the counties shall make fire inspections. They will not be responsible to the rural fire district."

Senator Rasmussen: "I might say, Mr. President, neither Senator Talley nor Senator Fleming has answered the question as yet. The part about the inspection is one thing but then the part that they may assess, impose fees sufficient to pay the cost of inspection. I can well see that a person in a rural area might be visited by two inspectors and takes probably two hours going out and two hours coming back and a couple of hours making an inspection and have quite a fee that this amendment would permit which is not in existence at the present time."

Senator Fleming: "Senator Rasmussen, under the state building code and so forth that we passed, included in that was adopted by reference and unified fire code. And fees are being charged to administer those programs at the present time. You pay for it one way or another. What they are saying here is that we are clarifying because right now over in Spokane I think there is a case in court. They are arguing who has the responsibility for it. All the county is saying is in those areas where they do not enforce it now that they would be able to enforce it by charging fees. It is the same manner in which they operate and deal with fees at the present time. How much that is going to be, I couldn't tell you."

Senator Rasmussen: "Until I have a better explanation how much it is going to be, I am going to have to vote against the bill as it is amended."

Debate ensued.

REMARKS BY SENATOR WILSON

Senator Wilson: "Mr. President, in further reply to Senator Rasmussen, the bill used the word 'fee'. It is not a tax or an assessment of general application to everybody living in the area. It is a specific fee that the owner of the property being inspected would pay in return for the services of the inspection. It is impossible to state how much this fee will amount to because it will vary widely from area to area. Even today, if a building in Seattle is inspected with respect to its plumbing and there is a fee applicable, that fee is likely to be quite different from the fee that would be paid for the same service in Colville, Washington. We would hope and assume that these will be a moderate and justifiable level of fees but there can be no statement made on this floor, under any circumstances, as to how much the fee might amount to in each local area."

Further debate ensued.

**SECOND READING**

SENATE BILL NO. 3257, by Senator Donohue:

Authorizing teachers' retirement allowances to be paid from interest earnings on the pension reserve fund for certain years.

**REPORT OF STANDING COMMITTEE**

SENATE BILL NO. 3257, authorizing teachers' retirement allowances to be paid from interest earnings on the pension reserve fund for certain years (reported by Committee on Ways and Means):
MAJORITY recommendation: Do pass with the following amendment:

Signed by: Senators Donohue, Chairman; Odegaard, Vice Chairman; Wilson, Second Vice Chairman; Clarke, Lewis (Harry), Mardesich, Murray, Rasmussen, Sandison, Scott.

The bill was read the second time by sections.
On motion of Senator Donohue, the committee amendment was adopted.
Senator Donohue moved adoption of the following amendment:
On page 1, line 8, after "RCW 41.32.498(2)" strike "shall" and insert "may."

POINT OF INQUIRY
Senator Francis: "Mr. President, will Senator Donohue yield to a question? Senator Donohue, before I vote on this amendment, I want to understand what the bill does because I can't see what effect the amendment has, partly because unless you explain the bill to us and what its purpose is, I don't see where we are going on it."

Senator Donohue: "Senator Francis, in 1973 we authorized the payment of retirement benefits from the interest earned on the retirement fund. This authority expired in June of 1975. Now, what we are actually doing is providing that this authority be continued through the rest of this biennium. If we do not do this, we will be asked to provide ten point nine million dollars out of the general fund instead of using the interest to do the job of paying the benefits."

Senator Francis: "And if we did not authorize that then the interest would simply have to accrue to build up the reserve account?"

Senator Donohue: "That is true, Senator, and this was authorized in 1973 and we are extending it to the end of this biennium. We actually should have done it last June and probably should have but we did not get at it and it is here before us today."

POINT OF INQUIRY
Senator Mardesich: "Will Senator Donohue submit to another question? Am I correct in my understanding, Senator Donohue, that this increases the unfunded liability and as long as we understand that, to know what we are doing, it is quite all right, I guess. It seems to have been the practice for so many years that we now have a billion, eight hundred million in unfunded liabilities."

Senator Donohue: "I understand that, Senator, and there isn't any doubt about it that there would be a minute increase in the unfunded liability due to this. The same as has been occurring in the last couple of years. You are so correct."

MOTION
On motion of Senator Lewis (R. H. "Bob"), Senator Wanamaker was excused.
The motion by Senator Donohue carried and the amendment was adopted.
On motion of Senator Donohue, the rules were suspended, Engrossed Senate Bill No. 3257 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

The Secretary called the roll on the final passage of Engrossed Senate Bill No. 3257, and the bill passed the Senate by the following vote: Yeas, 41; nays, 5; absent or not voting, 1; excused, 2.
Absent or not voting: Senator Murray—1.
ENGROSSED SENATE BILL NO. 3257, having received the constitutional ma-
jority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

The motion by Senator Morrison carried and the amendment was adopted.
There being no objection, Senator Goltz was excused.

POINT OF INQUIRY

Senator Mardesich: "Before we move on from that, I wonder if Senator Morrison will yield to a question? Senator Morrison, is this in effect providing for automatic class H licenses to those people who are described?"
Senator Morrison: "I think, Senator Mardesich, you are looking at an amendment that is being offered by Senator Grant as opposed to the one that we have just adopted. My amendment just strikes one hundred and inserts seventy-five."
On motion of Senator Lewis (Harry), the following amendment was adopted:
On page 2, after line 5, add a section as follows:
"Sec. 2. Section 12, chapter 62, Laws of 1933 ex. sess. as last amended by section 2, chapter 111, Laws of 1959 and RCW 66.20.010 are each amended to read as follows:
Upon application in the prescribed form being made to any employee authorized by the board to issue permits accompanied by payment of the prescribed fee and upon the employee being satisfied that the applicant should be granted a permit under this title, the employee shall issue to the applicant under such regulations and at such fee as may be prescribed by the board a permit of the class applied for, as follows:

(6) Where the application is for a special permit by an authorized representative of a military installation operated by or for any of the armed forces within the geograph-
ical boundaries of the state of Washington, a special permit to purchase liquor for use on such military installation at prices to be fixed by the board;

(7) Where the application is for a special permit by a manufacturer, importer, wholesaler, or agent thereof to serve liquor without charge to delegates and guests at a convention of a trade association composed of licensees of the board, when the said liquor is served in a hospitality room or from a booth in a board-approved suppliers' display room at the convention, and when the liquor so served is for consumption in the said hospitality room or display room during the convention, anything in Title 66 RCW to the contrary notwithstanding. Any such spirituous liquor shall be purchased from the board or a class H licensee and any such beer and wine shall be subject to the taxes imposed by RCW 66.24.290 and 66.24.210;

(8) Where the application is for a special permit by a manufacturer, importer, wholesaler or agent thereof, to donate liquor for a reception, breakfast, luncheon, or dinner for delegates and guests at a convention of a trade association composed of licensees of the board, when the liquor so donated is for consumption at the said reception, breakfast, luncheon, or dinner during the convention, anything in Title 66 RCW to the contrary notwithstanding. Any such spirituous liquor shall be purchased from the board or a class H licensee and any such beer and wine shall be subject to the taxes imposed by RCW 66.24.290 and 66.24.210.”

Senator Grant moved adoption of the following amendment:

On page 2, following section 1, add a new section to read as follows:

“NEW SECTION. Sec. 2. There is added to chapter 66.24 RCW a new section to read as follows:

Notwithstanding any other provision of this chapter, on and after the effective date of this 1976 amendatory act any holder of a beer retailers license issued pursuant to RCW 66.24.330, and having a tavern which has a seating capacity for five hundred or more persons and provides live entertainment at regular intervals at least five evenings each week shall be entitled upon application and the proper payment of fees therefore to a class H license as provided for in RCW 66.24.400.”

POINT OF ORDER

Senator Cunningham: “Mr. President, I would ask for a ruling on scope and object of this amendment.”

RULING BY THE PRESIDENT

The President: “Senator Cunningham brings the point of order that the amendment changes the scope and object of the bill. A ruling upon the point of order as presented by Senator Cunningham, the President finds that Substitute House Bill No. 769 is a bill permitting certain domestic wineries to wholesale their own products, and whereas you have a good bill here, Senator Grant, it does not quite fit. The point is well taken.”

The amendment by Senator Grant was ruled out of order.

On motion of Senator Lewis (Harry), the following amendment to the title was adopted:

On line 4 of the title after “66.28.025” insert:

“; and amending section 12, chapter 62, Laws of 1933 ex. sess. as last amended by section 2, chapter 111, Laws of 1959 and RCW 66.20.010”.

On motion of Senator Van Hollebeke, the rules were suspended, Substitute House Bill No. 769, as amended by Senate, was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.
