**JOURNAL OF THE SENATE
STATE OF WASHINGTON
1980 REGULAR SESSION
FORTY-SIXTH LEGISLATURE**

FIRST DAY

NOON SESSION

Senate Chamber, Olympia, Monday, January 14, 1980.

The 1980 Regular Session of the Forty-sixth Senate of the State of Washington assembled in the State Capitol, pursuant to law, at noon. Lieutenant Governor John A. Cherberg, President of the Senate, called the Senate to order.

The Secretary called the roll and all members were present except Senators Gould and Morrison. On motion of Senator Jones, Senators Gould and Morrison were excused.

The Color Guard, consisting of Pages Kris Fisher and Sean Hatch, presented the Colors. Father Theodore Marmo, pastor of St. Michael's Church of Olympia, offered the following prayer:

"HEAVENLY FATHER, YOUR POWER UPHOLDS THE VAST UNIVERSE, YET YOUR CONCERN EXTENDS TO THE INDIVIDUAL, TO THE POWERFUL AS WELL AS THE POWERLESS, TO THE YOUNG AND TO THE AGED. GRANT THAT THIS SENATE, CONCERNED WITH THE PROBLEMS OF A LARGE AND DIVERSE STATE, MIGHT BE MINDFUL OF INDIVIDUALS AS IT SEEKS SOLUTIONS OF BROAD APPLICABILITY. MAY ITS RESOLUTIONS BE DICTATED BY AN ALL-ENCOMPASSING CONCERN FOR JUSTICE AND EQUITY. BE PRESENT THROUGHOUT THE DELIBERATIONS OF THE FOLLOWING MONTHS WITH A SPIRIT OF WISDOM AND COURAGE, SO THAT THE RESULTS OF THIS SESSION MAY ADDRESS THE HARD QUESTIONS OF THE DAY AND PROMOTE THE COMMON GOOD. AMEN."

REMARKS BY THE PRESIDENT

President Cherberg: "Honored members of the Senate, ladies and gentlemen, the Secretary of the Senate, The Honorable Sidney Snyder, the Senate staff and the President wish to extend a very gracious greeting and a warm welcome to you, the members of the Washington State Senate, and also the members of the Fourth Estate on this occasion, which is the first of its kind in the history of the State.

"We also join in offering the heartiest congratulations and best wishes for continued success in the newest members of the Senate: The Honorable Senator Hurley, Senator Haley, and Senator Bradburn. The President believes it would be quite appropriate if the new members would please stand in order that the members of the Senate may applaud your entrance and membership in this august body."

APPOINTMENT OF SPECIAL COMMITTEE

The President of the Senate appointed a committee of honor consisting of Senators Marsh, Clarke and Talmadge to escort the Honorable William Williams, Justice of the Supreme Court of the State of Washington, to the Senate Chamber and a seat upon the rostrum.

NOMINATIONS FOR VICE PRESIDENT PRO TEMPORE

The President declared the nominations to be open for the office of Vice President Pro Tempore of the Senate to replace Senator James E. Keefe who passed away on June 15, 1979.

REMARKS BY SENATOR ODEGAARD

Senator Odegaard: "Mr. President and members of the Senate, it is indeed a pleasure for me today to place in nomination the name of Don L. Talley for the position of Vice President Pro Tem.

"I didn't meet Don until twelve years ago during my campaign of 1968, along with Don's — one of many successful campaigns — 1968. I have come to know Don as a real friend, as a neighbor, as a person you can count on to be there when you need⁴⁷ know, known good advice. Someone you can trust, someone who can be of help to anyone in need. Since I have, through redistricting, acquired much of Don's old district, I have known many people who continue to ask me about Don, who deeply respect him for the many years he represented those parts of the district and who still count on him for assistance to them. For they have known Don for so many years and had gotten to know him as someone you could count on. He is maybe not the majority leader, he is maybe not the caucus chairman, he is maybe not the presiding officer of the Senate, but to all of us he is the tower of strength and has survived many, many campaigns and now is in his twenty-fourth year in the State Senate. Having started in the Senate, twenty-four years ago. So it gives me great pleasure to nominate Senator Don Talley for Vice President Pro Tem."

REMARKS BY SENATOR VAN HOLLEBEKE

Senator Van Hollebeke: "Mr. President and fellow members, I would like to second and endorse the nomination of Senator Don Talley as Vice President Pro Tem. Our caucus chairman, Senator Gary Odegaard, has stated very well what Don Talley has done in his many, many years of public service in many different offices and I feel confident that I am echoing the thoughts of all of us that have worked here with him on both sides of the aisle for many years. I have known him since before this Senate, I have known him for ten years and found him to always be very fair. He treats everybody the same. He tries to do what is right for every cause and he is one that we will all be proud of to have in that position. Senator Don, I am happy that you are being nominated for this position."

REMARKS BY SENATOR CLARKE

Senator Clarke: "Thank you, Mr. President. I also would like to second the nomination of Senator Talley. It has been my privilege to serve with him for a long period of time and I merely echo what has already been stated as to his ability and integrity."

REMARKS BY SENATOR FLEMING

Senator Fleming: "Mr. President and members of the Senate, I too would like to second the nomination of Don Talley. I recognize that longevity in the State Senate or any other body does not carry along with it the respect that the members of this Senate have for Don Talley. I would be derelict in my feelings toward Senator Talley if I would remain seated and not get up and second this nomination because Senator Talley is my roommate. We share the same office complex and we have been together since I have been in the Senate on a lot of issues. I know when I first came over and as chairman of the local government committee, Don with his many experiences in the area of local government carried me through a lot of rough spots. I thought that that was the only area that Don might be able to help me in but as I have continued to serve in the Senate, Don has always been there to help me when I needed it, so I would like to go on the record as seconding Don Talley. Thank you."

MOTIONS

There being no further nominations, on motion of Senator Walgren, the nominations were closed.

On motion of Senator Walgren, a unanimous ballot was cast for the election of Senator Don L. Talley as Vice President Pro Tempore of the Senate.

APPOINTMENT OF SPECIAL COMMITTEE

The President appointed Senators Odegaard, Quigg and Henry to escort Senator Don L. Talley to the rostrum.

Justice Williams of the Washington State Supreme Court administered the oath of office to Senator Don L. Talley.

REMARKS BY THE PRESIDENT

President Cherberg: "I am sure that everyone that is present today, the Senators and all the people that know Don, will join with me in giving Don our heartiest congratulations, and I am sure all of those people will also agree that the Senate should be congratulated upon its remarkable wisdom, at least in this particular instance, in giving Don an unanimous vote in approval. I am especially delighted to have Don in this particular capacity and I believe in many ways it is a true compliment to his predecessor The Honorable James Keefe. And I am sure that Don is going to carry on in the finest of traditions which he has always done in his tremendous record in the Washington State Legislature. Congratulations, Don and the very best wishes to you for the future."

REMARKS BY SENATOR TALLEY

Senator Talley: "I think a simple thank you would be appropriate. I do deeply appreciate it, and I will do the best I can. And I would also bring up the memory of Senator Keefe. I am replacing a fine man and a very fine Senator."

REMARKS BY SENATOR TALLEY

Senator Talley: "Mr. Chairman, I would like to bring one remark. I remember when I first came here, I was Mayor of Kelso, and Verne Sawyer as the Mayor of Toppenish."

The committee of honor escorted Senator Talley to his seat in the Senate Chamber and the committee was discharged.

The committee of honor escorted Justice William Williams from the Senate Chamber and the committee was discharged.

GOVERNOR'S MESSAGE TO THE LEGISLATURE

"Mr. President; Co-Speakers; Chief Justices; Members of the Legislature; Other elected officials and my fellow Citizens:

"We convene tonight, just two weeks into the new decade of the 1980's. In the ninety-one year span of Washington State government, this is the first even-year legislative session prescribed by the Constitution. It is fitting that we acknowledge the new amendment and those who have made it possible jointly to address the challenges of the oncoming and demanding decade of the 1980's right at the time of its unfolding.

"Thus, I commend the members of the legislative body who had the foresight...and the courage...to vote last spring to place the annual, limited sessions constitutional amendment before the public for its approval, and I genuinely commend those citizens who last fall exercised their right to vote in the interest of more responsively serving the legitimate needs of our four million citizens. I am confident that the people's expectation that state government will function more efficiently and more equitably, through constitutionally scheduled and limited legislative sessions, can and will be fulfilled.

"With all the diverse interest, motives, emotions and points of view that are inherent in this legislative session, the determination among each of us to keep the public interest paramount will be tested each hour of the day. I acknowledge the nature of the constitutional relationship between the legislative and executive branches of government...clear separation...yet I am confident we can carry out our respective constitutional responsibilities with the highest spirit of public concern, and with the greatest level of personal cooperation. We can be expected to do this; our state's citizens clearly deserve no less.

"Now it is my constitutional duty to report to you the condition of the affairs of the state and to recommend such measures as I deem expedient for legislative action.

"First, I must comment upon our state's growth and economy. Four million people now live in Washington and our population is one of the fastest growing in the nation.

"Action must be taken if we are to maintain a balance between population growth and its impact, and the natural environment. Some of those actions will be the responsibility of the state. Many more will be the responsibility of local governments. Since growth management is primarily a local government activity, it is important that the state does what is necessary to make sure that local governments are capable of meeting their growth management responsibilities. To this end, my administration is reviewing local government revenue-generating mechanisms to recommend measures in 1981 that will ensure that local governments have adequate revenue to meet their service needs.

"Despite the complex problems of managing growth, the basic economic health of our state is good.

"More people are working now than ever before in our state's history. Eighty-six thousand new jobs were filled in this state during the past twelve months. The growth of personal income of our residents this past year was among the top three or four highest in the nation. Both employment and personal income, as indicators of economic strength and potential revenue, show every indication of remaining high in the years immediately ahead.

"Business is another indicator of economic health. In the twelve months ending last October, we experienced a net gain of 15,000 new businesses. Revenue from sales, use, business and occupation and other taxes for the first ten months of 1979, increased 17 percent over the same period a year earlier.

"With all of this growth, I am pleased to be able to report a budget surplus exceeding \$50 million in state general funds. This will allow us to make certain modest adjustments in the present budget without an increase in taxes or proposing new taxes.

The same exciting growth...people growth and economic growth...which has helped to produce a budget surplus today is also the factor that will produce or aggravate pressures on state and local governments throughout the demanding decade of the 1980's.

"Government has not been primarily responsible for producing the growth that has occurred. That has happened in the private sector as a result of individual decisions, risk taking, and initiatives. And that is as it should be. It is the capitalistic free enterprise system that has built our state and our nation and made them great. Government is responsible, on the other hand, for coping with growth in a manner that protects the health and well-being of those who do not share sufficiently in the benefits of economic growth. Economic growth is one thing. The economic health and well-being of people is not necessarily the same.

"This legislative session provides an unusual opportunity for both legislative and executive branches of state government to review, to deliberate, and to consider the immediate, emergent and critical human needs. Some of these are specifically addressed in my proposed supplemental budget made public on December 21.

"The \$62.7 million supplemental request includes federal funds and constitutes about one-half of one percent of the \$11 billion-plus budget adopted in 1979. These funds are needed primarily for increased costs of state supported patient care in nursing homes, and for improvements in our prison system. Other substantial items include funds to be distributed to cities and towns as their statutory share of the increased motor fuel excise tax, funds for emergency forest fire suppression, funds to manage waste and water programs, funds for the victims of crimes program, and funds for the education and safety of students in various educational institutions.

"This state's property owners will receive, in February, tax statements that will indicate a substantial tax reduction—in certain instances—up to fifty percent. This is due to actions initiated by my administration with favorable action by the legislature to implement full state funding for basic education.

"In this area the recent Supreme Court decision regarding legislative limitations of teachers' salaries in the Appropriations Act has many ramifications: What is the affect on the teachers' collective bargaining law? Should the state be required to fund all locally negotiated salary increases in the light of full state funding of basic education? Note that for each one percent salary increase means approximately \$25 million additional dollars. Should a statewide distribution methodology or a statewide salary schedule be adopted for school district employees similar to that for other state employees?

"These and other related questions need careful study and thorough consideration. To this end, I am asking for a joint executive/legislative comprehensive review be instituted to evaluate the impact of the Supreme Court decision. Such a review should explore alternatives and report such findings and/or recommendations before the next regular session.

"Just as government must look at adequate and equitable salaries for teachers—so six years ago, the state financed a study to examine salary differences in state government jobs held primarily by men and those held primarily by women. The objective was to determine whether or not the state's salary practices favored one sex over the other. That survey revealed an average salary difference of twenty percent favoring men over women. The only thing that we...and I include the Governor along with the Legislature in this...have done about that 1974 study, was to have it updated. The update revealed that the inequality gap between men's and women's salaries for similar work has now increased. The dollar cost of solution will be high; it probably cannot be achieved in a single action, but the cost of perpetuating unfairness, within state government itself, is too great to be put off any longer. I will direct the Department of Personnel, in its biennial salary survey scheduled for July 1980, to pay particular attention to action on this matter.

"The economic importance of energy, its supply and its costs, is well known. It is time now to focus on the human implications of this issue.

"All of us, as a practical matter of survival under any conditions other than marginal, are going to have to conserve, ration, cut back, and in all ways act so as to assure stable, prosperous, future generations and to maintain a standard of living that is at least as good as the one most citizens now enjoy.

"So what then for energy? One shuddering and awesome reality is that the world today is on the brink of a vicious war...not over conflicting political or religious philosophies, but because nations are competing for energy supplies to support their own peoples' determination to establish or maintain an acceptable living standard. Our nation is in the middle of this struggle with more to lose than any other people on earth.

"The Bonneville Power Administration reported four years ago that as long as our population in the Pacific Northwest continues to grow, and as long as people want to work in an atmosphere of economic prosperity, and as long as power needs are not satisfied, electrical energy demand will continue to grow...and it has.

"BPA reported at the beginning of 1976 that a program to meet our energy needs called for completion of a total of eleven nuclear power units and three coal units by the end of the 1980's. For a variety of reasons, well publicized throughout the state, most of this program is now way behind schedule or at least temporarily derailed. And we sweat out our supply of hydro power from rain shower to rain shower, while utilities tell us they won't be able to supply electricity to newly planned housing starts.

"The issue of providing sufficient energy for the people of our state, our region and the nation, is a humanitarian issue...much more than an economic one. We will need to employ all the technological and political wisdom that we can muster, utilizing all the known, available means of electric generation at our disposal, just to maintain a reasonable pattern of life for most citizens, to meet the requirements of

the poor, the elderly, and to provide an opportunity for upward social and economic mobility for the young, the ethnic minorities and others on the low side of the socio-economic scale.

"The possibility of short supplies and the resultant high cost of energy has been known for some time. Public officials at the state level have expected and waited for the federal government to take the leadership role throughout the entire decade of the 1970's. However, federal actions have been piecemeal, weak, and generally unsuccessful. The objectives of federally sponsored conservation programs have been very modest at best. Federal policy toward increasing supplemental alternative sources of energy has been unclear and the appropriation of the funds of the required magnitude has been lacking. Consequently, our import of foreign oil continues to grow despite efforts to the contrary. The state must assume a strong role now to accomplish the necessary planning and organization required to implement state programs for the 1980's that will work to provide sufficient energy.

"Production, distribution and use of energy are very complex problems in modern society. The production and distribution of energy are and should remain in the private sector. Use is a matter of concern for government. It is thus imperative that a very carefully and clearly delineated, comprehensive state policy be set forth. Programs addressing different energy options, including low head hydro, pumped storage of water, gasification of coal, additional reliance on natural gas, gasohol cogeneration and others, together with future energy needs assessments, be integrated, coordinated with the private sector, and tailored to avoid a piecemeal approach.

"In order to plan and implement a program of this nature, it is necessary to establish in our state a centralized authority and responsibility to undertake these functions. For this reason I propose that a State Department of Energy be established. The authority of the present Energy Office is too narrow and too weak; and the agency has far too few funds and capabilities to effect the state initiative that is needed. Legislative action, creating a strong Department of Energy, will be required.

"Two energy related problems are to be addressed. First, the question of locating nuclear power plants. Let us agree from here on that any additional siting or expansion of nuclear power plants, nuclear generating electrical plants, be restricted to the Hanford Reservation. Second, with respect to a level of radioactive wastes: The state of Washington furnishes one of only three sites in the entire nation to dispose of low level radioactive material. The issue of the disposal of these wastes has been debated too long and with too much emotional intensity. In order to develop a positive and responsible program to ensure that additional low level disposal sites are established in other states, I propose that the state of Washington prohibit the receipt of radioactive wastes from outside its borders after December 21, 1982. This will give other states adequate time, either singly or in combination, to arrange for appropriate disposal sites and prevent increasing the amounts of low level wastes entering our state from outside.

"Protection of our communities' water supplies also requires continuation of state programs supporting municipal waste water treatment. Very little state matching money remains to construct waste water treatment and sewage disposal facilities, pumping stations and trunk intercept lines. Therefore, I am asking that a \$450 million bond measure to be utilized over a ten-year period, be referred to the people next November to complete the work envisioned by the original passage of Referendum 26. At a fifty percent matching rate, this new program would generate sufficient additional funds to cover the municipalities' currently identified backlog of needed construction estimated not to cost more than \$1 billion.

"Another area of executive accountability that I would like to share with you is the area of adult corrections.

"The central problem we are faced with today is how best to provide an orderly, accountable, effective, and yet humane system which will meet the correctional needs of the state during a time of increasing numbers of convicted adult felons. Studies have been launched concerning all aspects of the problems which will shortly produce an adult corrections master plan which will direct our efforts.

"Also included in the master plan will be an exposition of judicial policies and guidelines applicable to sentencing procedures, a rationalization of the new Parole Board guidelines, and an explanation of federal mandates and requirements.

"Another major concern is associated with the successful rehabilitation of convicted felons and employment of these people after incarceration. Frequently, institutionalized felons are released with no marketable job skills. I propose that a study to determine the best way to provide vocational education to felons be undertaken commencing at the earliest possible opportunity. This study should consider the use of programs and facilities currently within the vocational-technical institute and community college network as well as the development of special programs and facilities patterned after work release and halfway house concepts. In all cases, the study will need to consider vocational education training as an incentive for felons as well as a rehabilitation tool in correctional administration.

"The siting of prison facilities has also received considerable attention. Let us lay the controversy respecting McNeil Island to rest. McNeil Island is federal property. It is not available for acquisition from the federal government except through the Surplus Property Act. This fact has been transmitted to me by the Department of Justice and has been recently reaffirmed by the White House.

"The Department of Social and Health Services has encountered considerable local opposition in its efforts to provide additional facilities including selection of a site for the 500-bed medium security facility authorized by the 46th Legislature. Rather than delay that project further, and taking into account the citizen response to the announced possible site, I have decided that the 500-bed facility shall be built at Monroe. There is more than sufficient space available within the present 600-plus acres of the Monroe facility without adding significantly to the convict population.

"It has come to my attention that legislation may be introduced to separate Adult Corrections from the rest of the Department of Social and Health Services. Four successive national commissions in addition to the two panels that I established have considered this point and considered restructuring the system. In each case the consensus has been that the advantage lies with keeping Adult Corrections under an umbrella organization, in this case, the State Department of Social and Health Services.

"Turning now to another critical issue. The December floods and January snows have had a severe impact on local levels of government.

"These floods and storms have created millions of dollars of damage far exceeding the immediate resources of most local governments. Exacerbating the problem is the fact that federal fiscal relief programs have been made available to individuals but not to units of local government.

"To assist local units of government in this problem, I am proposing that an Emergency Assistance Fund of \$3 million be established. This fund will be used to solve immediate cash flow problems in times of disaster. In this way, communities may be able to meet their most pressing needs without over extending their taxing capabilities.

"Finally, one major question—that of redistricting after the 1980 census falls wholly within the responsibility of the Legislature. Speaking for the people of this state, I would hope that this honorable body will resolve that question itself and not delegate it to some nonelected group that is not directly accountable to the people.

"I have referred several times to the demanding decade of the 1980's. Beginning with this session it will be demanding, for the problems are many and complex

and without easy solution. Let us work together on them so that it will be said of this session, that this was the time when honesty and integrity prevailed, this was the time when credibility and trust was restored to state government.

"Thank you."

On motion of Senator Walgren, the following resolution was adopted;

SENATE RESOLUTION 1980-161

By Senators Walgren, Bausch, Bottiger, Conner, Day, Donohue, Fleming, Gaspard, Goltz, Hansen, Henry, Hurley, Lysen, Marsh, McDermott, Moore, Odegard, Peterson, Rasmussen, Ridder, Shinpoch, Talley, Talmadge, Van Hollebeke, Vognild, von Reichbauer, Williams, Wilson, Wojahn, Woody, Quigg and Lee:

WHEREAS, His concern for the American worker was exemplified by his unceasing efforts to secure the right of workers to a fair wage and a safe work place; and

WHEREAS, He worked tirelessly to achieve a better, more decent, and more equitable society, leading the struggle for such progressive legislation as civil rights laws and higher minimum wages; and

WHEREAS, He was a fierce patriot who served as adviser to eight presidents and passionately defended the American economic system; and

BE IT FURTHER RESOLVED, That a copy of this resolution shall be transmitted by the Secretary of the Senate to the family of George Meany.

REMARKS BY SENATOR WALGREN

Senator Walgren: "This resolution I am confident is self-explanatory. Over the last several days we have noted in the press and in the film media, radio media the various tributes that have come to George Meany. A stalwart of the American Labor movement. A man who, perhaps more than any other, is responsible today for the good working conditions of American labor. Seems particularly that this legislature, convening in this 1980 year, join in those tributes to this man, and for that reason this Senate Resolution is presented for consideration."

MOTION

On motion of Senator Walgren, the Senate returned to the first order of business.

GUBERNATORIAL APPOINTMENT

MOTION

Senator Rasmussen moved that the appointment of James Bender as a member of the Washington Horse Racing Commission be confirmed.

POINT OF INQUIRY

Senator von Reichbauer: "Will Senator Rasmussen yield to a question? Senator Rasmussen, when the clerk read off the name of James K. Bender to be a member of the Washington State Horse Racing Commission, he neglected to mention the dates. Can you tell us when Mr. Bender appeared before your committee for confirmation process and when he was referred to Rules?"

Senator Rasmussen: "He appeared before the committee at the time appointed for him to appear. I could not give you the exact date. It was . . . these confirmations have been pending since the last session."

Senator von Reichbauer: "Would Senator Rasmussen yield to another question?"

Senator von Reichbauer: "He is always known for a good memory when it suits him. Senator Rasmussen, do you recall exactly why it has been so long for this confirmation to come before this body?"

Debate ensued.

POINT OF ORDER

Senator Rasmussen: "The point of order is that the appointment of Mr. Jackson is not before the Senate at this time and he should confine his remarks to the appointment that is before the Senate."

PARLIAMENTARY INQUIRY

Senator Pullen: "Mr. President, did I understand the motion was to adjourn until twelve noon on Monday?"

President Cherberg: "Yes, Senator."

Senator Pullen: "That is more than seventy-two hours, Mr. President and that would be in violation of our Constitution."

Debate ensued.

REPLY BY THE PRESIDENT

President Cherberg: "Senator Pullen, the President believes that the Constitution states three days rather than seventy-two hours. So would you please give me your definition of a day?"

REPLY BY SENATOR PULLEN

Senator Pullen: "Mr. President, it would be my understanding that . . . and it would be tradition in the legislature that the three days extend between now and 11:40 on Monday and any time after 11:40 would be in excess of three days."

POINT OF INQUIRY

Senator Bottiger: "Senator Pullen, would it be your preference that we wait, sit here for twenty minutes or that we come in twenty minutes early Monday?"

Senator Pullen: "Well, Senator Bottiger, it is my intention that we all adhere to our oaths of office. Everyone of us took an oath of office to adhere to the Constitution and that is all I am requesting."

Further debate ensued.

RULING BY THE PRESIDENT

President Cherberg: "The President has researched a definition of a day. Webster's Third New International Dictionary states '(1) the time of light or interval between one night and the next. The time between sunrise and sunset or from dawn to darkness; (2) the period of the earth's rotation on its axis ordinarily divided into twenty-four hours measured by the interval between two successive transits of a celestial body over the same meridian and taking a specific name from that of the body.' Therefore the President will abide by the Constitution of the State of Washington and rule that the motion by Senator Walgren is in order."

The motion by Senator Walgren carried. At 11:50 a.m. the Senate adjourned until 12:00 noon, Monday, January 21, 1980.

POINT OF INQUIRY

Senator Rasmussen: "Senator McDermott, Senate Bill 2055 . . . 'this act shall take effect on September 1, 1981', Is that the starting date of the course in the colleges or is that the starting date when the noncertification of teachers will apply at the time that they apply for this certification?"

Senator McDermott: "Senator Rasmussen, the intention was to start the courses no later than that date. That was to give them a year of planning to put it together so that by 1981 it could be in effect in teachers' colleges."

Senator Rasmussen: "Then the noncertification of teachers would not apply until after (sic) a year when the courses would be in effect?"

Senator McDermott: "At least a year, yes."

Debate ensued.

SECOND READING

SENATE BILL NO. 3164, by Senators von Reichbauer, Fleming, Lewis and Ridder:

Authorizing and establishing priorities for urban state parks.

MOTIONS

On motion of Senator von Reichbauer, Substitute Senate Bill No. 3164 was substituted for Senate Bill No. 3164 and the substitute bill was placed on second reading and read the second time in full.

On motion of Senator von Reichbauer, the rules were suspended, Substitute Senate Bill No. 3164 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

POINT OF INQUIRY

Senator Wilson: "Senator von Reichbauer, I don't suppose anybody can really quarrel with the purposes you have outlined; however, it is perfectly obvious that assuming the resources available for parks operation and development in this state remain the same, that an increased emphasis on parks in urban areas within city boundaries can only result in a lesser emphasis on parks located in rural areas of the state and particularly those in eastern Washington. While there are increasing fuel problems with respect to driving automobiles here and there; nonetheless the automobile by no means has become as dead as a horse and is not likely it will happen for some time. The parks in eastern Washington, at least many of them, already are over-crowded essentially with persons coming from the west side to enjoy their facilities. I guess the essence of my question is, how can we direct the state parks and recreation commission to, in the wording of the summary here, place a high priority on the development, redevelopment and renovation of state parks located in urban areas without, at the same time, detrimentally affecting parks which are not located in urban areas?"

Senator von Reichbauer: "Senator Wilson, your concern was raised at our committee and although the membership of our committee is as diverse as the membership of this body, it passed unanimously because we revised the original definition of urban area to include 5,000 population. Now 5,000 population is a small town and we did this and adopted a definition of urban area of 5,000 to be in conjunction with the existing definition used by the department of transportation which is 5,000. And the proposal, I think, speaks to the problem of the small communities. Again, the thrust of this is to give legislative intent to IAC and to state parks and recreation, but our concern is for the suburban and urban areas and I don't think in any way this will neglect eastern Washington."

POINT OF INQUIRY

Senator Guess: "Senator von Reichbauer, as I read the bill I am wondering if you will tell me whether I am correct or incorrect. It appears now that the state will be doing the funding for the parks in Spokane and will relieve the city taxpayers of the burden of having to pay for the creation of new parks within the city that we would normally, on our long-range plan, our twenty-five year plan, we had anticipated that we were going to have to build these parks and develop them as a city group.

"Now I am very delighted to see you sponsoring a bill that will relieve the citizens of the city of Spokane from having to pay to develop those parks; but the problem that I wonder about is the park department, the state park department, going to use the planning that Spokane has spent so many hours on and, are they going to follow the same plan in parks in Spokane that the local board would have done?"

Senator von Reichbauer: "Senator Guess, the proposal before us gives them the local authority and gives the IAC and the parks and recreation commission the thrust to do this. Specifically, in your individual case, that would be brought about by mutually agreed upon agreement by both parties. The language of this bill clearly states that any agreement that were to be brought to bear either by IAC or parks and recreation must be mutually agreed upon by both parties; so the people in Spokane would definitely have a right in that original agreement to set the standards they want to be met by any agreement."

Senator Guess: "Okay then, after the parks commission and Spokane have agreed to everything they knew that the state commission wanted to do, then the state will pick up all of the cost of doing that, and the local government won't have to fund it. Is that correct?"

Senator von Reichbauer: "No, Senator. This is calling for a joint agreement by both parties into this and the local government as well as the IAC and parks and recreation would then come to a mutually agreed upon decision as to how they are going to approach this. All this is doing is two things primarily in the area of the cities. One, to give a thrust to the urban and suburban areas of our state, and secondly, to clear up ambiguous language which now prohibits parks and recreation and IAC working within city corporate areas; and that is why this bill has the endorsement of the Association of Washington Cities, and the Association of Washington Counties."

Debate ensued.

POINT OF INQUIRY

Senator Guess: Senator Lewis, can you tell me how the state parks department is going to come into Spokane and build a park that even though there is an agreement, why would it be necessary at this late date for the state legislature to mandate that the state park department be put into the local agencies? Why is this necessary?"

Senator Lewis: "Senator Guess, the thrust of this is to recognize the energy crisis, for one thing, to have facilities available at population centers and can have more access to them and it doesn't say they will be inside any given jurisdiction, but by cooperation with the local jurisdiction, county or city, they can work together and come up with an agreeable plan to have a facility there."

Senator Guess: "Are you sure this is not going to duplicate the amount of regulation and red tape for the city to go ahead and build their own parks?"

Senator Lewis: "The city won't have to agree to anything it doesn't care to agree to."

ROLL CALL

The Secretary called the roll on the final passage of Substitute Senate Bill No. 3164, and the bill passed the Senate by the following vote: Yeas, 45; nays, 3; excused, 1.

Voting yea: Senators Bausch, Benitz, Bluechel, Bottiger, Clarke, Conner, Day, Donohue, Fleming, Gallagher, Gaspard, Goltz, Gould, Guess, Haley, Hansen, Hayner, Henry, Hurley, Jones, Lee, Lewis, Lysen, Marsh, McDermott, Moore, Morrison, Odegaard, Peterson, Pullen, Quigg, Rasmussen, Ridder, Scott, Sellar, Talley, Talmadge, Van Hollebeke, von Reichbauer, Walgren, Wanamaker, Williams, Wojahn, Woody—45.

Modifying the solar energy system tax exemption.

REPORT OF STANDING COMMITTEE

January 14, 1980.

SENATE BILL NO. 3181, modifying the solar energy system tax exemption (reported by Committee on Energy and Utilities):

MAJORITY recommendation: Do pass with the following amendments:

On page 2, line 17 of the original bill, being page 2, line 18, of the printed bill, after "taxation" strike all material down through line 26 of the original bill, being line 27 of the printed bill, and insert: "PROVIDED, That where a component of a solar energy system also serves as a structural or architectural component of the real property, only that part of the value of the component which is attributable to its solar energy system function shall be exempt from property taxation."

On page 3, line 13 of the original bill, being page 3, line 14 of the printed bill, after "much" insert "thereof"

Signed by: Senators Bottiger, Chairman; Benitz, Hurley, Lewis, Williams, Woody.

The bill was read the second time by sections.

Senator Bottiger moved adoption of the committee amendment to page 2, line 17.

POINT OF INQUIRY

Senator Guess: "Senator Bottiger, there is a term applied to a particular type of wall in a house. It is called a trombie wall. The trombie wall is not used for any structural detail at all. All you do is to build the trombie wall out of reinforced concrete and it is approximately a foot with-in-side of the house. It might go to the ceiling - it might not go to the ceiling. Normally it does not go to the ceiling. What happens though, is the glazing is placed there only so that the heat does not escape back from the trombie wall after it is heated but will go up into the ducting system that they have. Is it, under this law, under the amendment there, would the trombie wall be exempt because it is an expensive part of the passive system?"

Senator Bottiger: "Senator Guess, it is the intent of the committee that the assessor simply not add any value to that house because the owner or builder had installed that example of a passive system. The same could be true of the, I am trying to think of the name of it, I mentioned the thick wall with the fluid in it to absorb heat. Your example is trapping the air between the outside wall and the trombie wall and using that to invex into the heating system. The same thing would be true of other solar examples that you and I have discovered like the embedded rock where the heat is pushed down to the rock and there allowed to radiate out at night. What we are asking the assessor to do is assess that house for the conventional features only and not the solar features."

Senator Guess: "Senator Bottiger there was a word in the digest that I have not been able to quite identify in the bill itself but it said 'the unshaded portion of the glazing on the south wall.' I would like to describe to you the fact that in order to make a house palatable or livable on June 21, the sun has to be, a shadow has to be cast so that the sun line is one foot outside of the glazed portion on June 21 at two o'clock. Now what the purpose of this is, the overhang does shade the wall, but because of the sun in its zenith on the 21st of December is about 15°, in part of our state as much as 23°, during the winter time the glazing accepts and admits the warmth of the sun; but if you, if it was able, if it didn't have that shading over it on June 21 then it would heat the house beyond acceptable limits. So would the assessor hold that because it had the sun's protection for June 21st, that it was shaded?"

Senator Bottiger: "Senator, that is why this bill also appropriates \$10,000 to the department of revenue to set up the rules and regulations. Getting that back down to the level, sir, at least of my knowledge, what you are talking about is the overhang or the eaves in the house to protect the windows from the summer heat. I believe the assessor, or at least it would be my intent, the assessor should not add to the value of the house for tax purposes because people had built that kind of thing. However, I am concerned that when we get down to those small value figures, I am concerned it makes any difference at all. Your trombie wall is an excellent example — the ten-inch thick wall with the water in it is another example of extra cost; but when we just get down to another foot of eave, it probably does not make any difference in the assessed value of the house."

Senator Guess: "Well, if you look at page 2, line 4 it says 'Solar collectors unshaded glazing which is generally south-facing.' This is one of the component parts that are not limited to the exemption. So I think that what I was trying to do is establish the intent of the legislature to make sure that the department has the guidance when they come to write the rules and regulations."

Senator Bottiger: "I think that as you will undoubtedly notice the report is back to the energy committee, and Senator Guess, your expertise is always welcomed. If the department adopt rules that would penalize somebody for doing that, I would appreciate it if you would call it to our attention. We will be watching,, too, and will raise the necessary objections."

Senator Guess: "Thank you very much, Senator."

POINT OF INQUIRY

Senator Clarke: "Senator Bottiger, one of my concerns with respect to this bill has to do with whether or not it is retroactive or applies only to the improvements that are put on after the effective date of the bill. Can you inform me as to that?"

Senator Bottiger: "Senator Clarke, the bill was written so that when we ask the assessors by the rules adopted by the department not to do it in the future. Secondly, we say that if you feel they have, the assessor has, there is a method in the bill for applying for an exemption so that they go back and exempt that out. As to taxes you have already paid, that falls under the constitutional section that says you can't forgive a tax, so I am not sure we can do anything about that so we will have to pick it up retroactively on future taxes."

Senator Clarke: "But if I had some years previously installed solar heating devices which would be under the bill if I installed them in the future, I can, as to future taxes, come in and ask that I be given that exemption?"

Senator Bottiger: "Senator, that is the intent of the bill, that you be permitted to go back and ask him to review how he arrived at the value, and if there were solar devices used, the bill tells them to remove that from the consideration."

Senator Clarke: "Thank you. Now the bill also purports to grant this tax exemption in perpetuity. I have some concern as to that because I would assume that any future legislature could remove the exemption or change the exemption so I assume that the word 'in perpetuity' means 'subject, however, to any future action by a future legislature'."

Senator Bottiger: "Senator, I don't recall the bill using 'perpetuity'. I think the digest mentions that because the bill we originally passed had a seven-year period and by removing that seven-year period I think the digest uses the word 'perpetuity' but unless that can be corrected, I don't see it in the bill. Obviously, any future legislature can change this act."

Senator Clarke: "So in other words, this merely accomplishes insofar as this legislature is concerned if it is enacted, an exemption, and a future legislature could remove that exemption and the public should be aware of that."

Senator Bottiger: "Senator, the public should always be aware of . . . that I would suggest that if conservation is as popular as I think it is, and the last election proved it to be, it would be a very unwise political thing to go back and try to tax people because they helped out in the energy emergency."

Senator Clarke: "One third question. Have you made any investigation as to the additional cost burden on the assessors, of going out and making this type of additional evaluation?"

Senator Bottiger: "Senator, we have tried to assess that. There was an act in effect passed in 1977 which I felt . . . them not to do this. The department of revenue, in adopting their rules, told us the act was hard to follow so the King county assessor, relying on the the '77 act did not raise values because of heat pumps. The Pierce county assessor, relying on the department of revenue rules, did; so undoubtedly, somebody, there will be an expense and to local government, to go back and correct what I feel is the error they made and not under 62 do I believe we have to pay them to do that."

Senator Clarke: "Thanks, Senator."

The motion by Senator Bottiger carried and the committee amendment to page 2, line 17 was adopted.

On motion of Senator Bottiger, the committee amendment to page 3, line 13 was adopted.

On motion of Senator Bottiger, the following amendment was adopted:

On page 2, line 2 of the original bill, being page 2, line 3 of the printed bill, after "components" insert "when used in solar energy system"

On motion of Senator Jones, Senators Quigg and Sellar were excused.

On motion of Senator Bottiger, the rules were suspended, Engrossed Senate Bill No. 3181 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

MESSAGE FROM THE HOUSE

January 18, 1980.

Mr. President: The House has passed SUBSTITUTE HOUSE BILL NO. 29 notwithstanding the Governor's veto, and the same is herewith transmitted.

DEAN R. FOSTER, Chief Clerk.

VITO T. CHIECHI, Chief clerk.

VETO MESSAGE ON SUBSTITUTE HOUSE BILL NO. 29

Office of the Governor, April 30, 1979.

TO THE HONORABLE, THE HOUSE OF REPRESENTATIVES
OF THE STATE OF WASHINGTON.

LADIES AND GENTLEMEN:

I am returning herewith without my approval Substitute House Bill No. 29 entitled:

"AN ACT Relating to state government".

This bill would establish two new legislative review committees, and provide the necessary procedures to review any rule promulgated by a state agency. The purpose of this review would be: 1) to determine if agency rules and/or amendments to rules are within the intent of the statute which the rule implements; or 2) to determine if agency rules have been adopted in accordance with all applicable provisions of the law. If the review committees determine that there has been a violation, their objections are filed with the Washington State Code Reviser who must publish the committee's notice of objection in the Washington State Register and the Washington Administrative Code.

The authority to promulgate administrative rules comes from the legislature. There is no question that the legislature, as a body, can review administrative rules that have been previously used and thereby determine whether to draft new laws to restrict or more specifically define the overall rule making authority. However, a Separation of Powers problem arises when the legislature reviews each individual rule as the executive agency promulgates it.

Substitute House Bill No. 29 violates the Separation of Powers Doctrine in two ways. It interferes with the ability of the executive branch to perform its constitutional function, and it duplicates the role of the judiciary.

It is the constitutional duty of the executive branch to implement the law, i.e., to apply the legislature's general laws to specific situations as they occur. This is day to day management which the executive branch performs within the authority granted to it. The executive branch needs stable authority to be effective and cannot function if each management decision must be continually defended against the legislature's after the fact determinations.

There is also a real question of the necessity for a formal legislative review of all administrative rules. Indeed, few specific examples have been cited in defense of the proposed legislation. Also, there are a variety of problems that can arise when 147 members of the legislature and two separate houses attempt to ascertain and interpret a concept of what constitutes legislative intent.

In addition, Substitute House Bill No. 29 infringes on the authority granted to the judiciary. Whether the executive branch is acting within its authority is a question that the state's constitution gives to the judiciary department to decide not the legislature. Yet this bill would give that function to a legislative review committee

by allowing them to determine, in retrospect, what their legislative intent was and consequently what the authority granted was.

Since this bill would be interfering with effective executive services to the public and duplicating the job of the judiciary, both of which do not serve the best interest of this state's taxpayers, I cannot support it. Particularly, when there are currently adequate safeguards available to ensure proper administrative rule making that do not violate the constitution's Separation of Powers.

If there is a problem with administrative rule making, the legislature can alleviate it by more clearly setting forth its intent in statute or other formal methods. In this way, the executive department can look to and rely on recorded tangible evidence for guidance. This allows the executive department to function within explicit authority and provides the judiciary adequate evidence to review the executive's authority. This is the relationship set out in the state constitution and it should not be weakened. In addition, the legislature has available to it a variety of informal mechanisms that can operate effectively to mitigate against administrative departures from intent.

For the foregoing reasons, I have determined to veto Substitute House Bill No. 29.

Respectfully submitted,
DIXY LEE RAY
Governor.

POINT OF ORDER

Senator Walgren: "Mr. President, I raise the point as to whether or not this veto message is properly before the Senate at this time—whether it can constitutionally be considered by this body during this session of the legislature."

REMARKS BY SENATOR CLARKE

Senator Clarke: "Thank you, Mr. President. With respect to the Point of Order I would just remind the President that the question of constitutionality is a question that, in the past, the President has stated that it was beyond his scope to make determination."

RULING BY THE PRESIDENT

President Cherberg: "Senator Clarke's remarks are well taken. In reply to your Point of Order, Senator Walgren, the President believes, in his opinion that the matter is not properly before the members of the Senate inasmuch as Substitute House Bill 29 was vetoed April 30, 1979 by Governor Ray. This veto was delivered to the legislature while it was in session; therefore, in order to override the Governor's veto each house would have had to vote to override while the legislature was still in session. The House voted to override, however, the Senate did not. The legislature adjourned Sine Die on June 2, 1979, As a result, in the opinion of the President, the legislature lost the power to consider the bill further at the close of the 1979 extraordinary session."

PARLIAMENTARY INQUIRY

Senator Hayner: "Is this not technically a continuation of the forty-sixth session of the legislature?"

REPLY BY THE PRESIDENT

President Cherberg: "That is a very interesting question. The voters declared this to be a regular session."

REMARKS BY SENATOR HAYNER

Senator Hayner: "I think that is correct but it was determined that this would be the forty-sixth session both 1979 and 1980 and that we would subsequently have two years in each one of the regular sessions, of the session, a first and a second."

REPLY BY THE PRESIDENT

President Cherberg: "The President believes the proper interpretation is that this is the forty-sixth legislature; however, at the dictate of the electorate is the second regular session of the forty-sixth legislature."

REMARKS BY SENATOR CLARKE

Senator Clarke: "Yes, Mr. President. When I arose originally I had made the suggestion that it was my impression that in the past the President had declined to rule upon the question of alleged constitutionality or unconstitutionality, and respectfully suggest the proper procedure here would be to allow the body to act upon the matter which is before it and which I think the body has a right to express its opinion one way or the other, and then leave it to the courts to determine whether or not the purported action of the body is or is not constitutional.

"This is obviously a matter of first impression, this is the first time we have had a constitutional annual session. There certainly is a justifiable legal difference of opinion upon the point which has been raised by Senator Walgren and I respectfully suggest that it is not the proper function of this body to make that judicial determination as to whether or not an action by this body would not be in accordance with the Constitution.

"Now our compatriot body, the House, has already acted on the presumption, apparently, that this was a proper function and a constitutional function and again I respectfully suggest that it is not the proper function of the President to, in substance, prevent this body from taking whatever action the majority may or may not deem proper, and then leave it up to the courts to make a determination as to whether that was or was not constitutional. If the other procedure is followed then I respectfully suggest that the President will be continually placed in the position of ruling upon the purported constitutionality of various actions of this body. Now, I repeat that this question has come up before and if my recollection is correct the President has always respectfully declined to rule on those kinds of questions."

REPLY BY THE PRESIDENT

President Cherberg: "Senator Clarke, the President did state that your remarks were well taken and the President believes that he understood them full well. That is why the President also believes he stated he was answering what might be considered a parliamentary inquiry and does not consider the remarks made as being a decision as to whether the measure is properly before the Senate."

REMARKS BY SENATOR RASMUSSEN

Senator Rasmussen: "Mr. President and members of the Senate, it is my belief the President properly ruled that it was not in order to bring the matter before this body at this time, Senator Clarke. The people directed us to come back into a regular session by their vote in amending the Constitution. Now all of our actions have

been to refer the bill back to the committees then through the committees we either vote for or against and we adopt the law, even those that have passed one house or the other or they are all referred back; so we are making new law. In effect if we take a one-half veto and bring it back before us we are not acting properly in session. Everything that we pass in this session directed by the people to come down here, goes before both houses, signed by the Speaker and signed by the President. There is no carry-over; and if we were to act on this veto message it would be a carry-over and would not be going before both bodies in the way that laws are created. We would be taking a law that the previous session had acted on and I think it is only proper that we act on laws that are created by either body in this session."

PARLIAMENTARY INQUIRY

Senator Clarke: "A matter of parliamentary inquiry. What is presently before the body? As I understand it this message from the House has been read in. There have been expressions of opinion on both sides whether or not under the Constitution the action taken by this body, if any, would not be proper. But my inquiry is as to what presently is before the body? The matter has been read in and regardless of opinion as to constitutionality, or unconstitutional that being brought before the body I respectfully suggest that it is before the body for action and the body should appropriately take action."

REMARKS BY SENATOR WALGREN

Senator Walgren: "Mr. President, although I frame my question through the Chair on the basis of a constitutional question, the question goes beyond that; and that is really whether or not this measure is properly before the Senate for action at all. I don't believe that the President has made any kind of a decision relating to constitutionality or unconstitutionality. He is talking on something that is well within the cognizance of all of us here and that is whether or not the people of this state set up a new, a brand new session of the legislature. Of course they did with the passage of SJR No. 110. We are in the forty-sixth legislature. We are in the second regular session of that legislature. The Constitution of this state requires that any bill to become a law, and there has been innumerable attorney generals' opinions on this, requires the passage of that bill in both houses as has been pointed out by Senator Rasmussen. For that reason, of course, we passed the concurrent resolutions in the past. We required that those measures that had previously passed the Senate be returned to us for further action so that we could, during this session of the legislature, if we so desired, pass those measures by action. Simply now to override a veto by both houses of a bill that was passed during a prior session of the legislature would simply be unconstitutional—not properly before us.

"Now that is not rendering necessarily a constitutional opinion by the Chair, that is simply stating the rules of the Senate that it is something that is within knowledge certainly of this Chair, something that is certainly within the knowledge of the members of this body."

PARLIAMENTARY INQUIRY

Senator Lewis: "Mr. President, as a non-attorney I have a rather perhaps naive question, but hasn't it been ruled that all bills in the last session have been declared alive and still in the same force they had at the time we adjourned at the last session; therefore this would be before us?"

PARLIAMENTARY INQUIRY

Senator Fleming: "Mr. President, a point of parliamentary inquiry. Mr. President, is there a bill before us at this time?"

REMARKS BY SENATOR CLARKE

Senator Clarke: "I merely wanted to join in the remarks of Senator Lewis to the effect that if we follow the logic of Senator Walgren, then all of the bills which were purportedly kept alive would fall exactly within the same category and substantially many of the actions which we have taken would be null and void. And again I suggest that this is a matter that ultimately must rest with the courts."

REMARKS BY SENATOR BOTTIGER

Senator Bottiger: "Mr. President and members of the Senate, if you will get out your constitution and read the section, I think the answer is rather obvious. 'Unlike bills.' Unlike any of the other subject matter we have talked about, there is a specific procedure for overriding a veto and it is set out very clearly in the constitution. It says that 'if the Governor returns the message before we adjourn, then by two-thirds vote of each house we can override the veto.' If, however, the law is returned to us after we have adjourned, then we have the power to call ourselves back into special session, not to exceed five days. But it says, on, about half-way down the line 'in its next session.' Now the bill in this case came back before we adjourned and no place in here does it say a special session, the next regular session, it says 'in its next session.' And that is the procedure the house is trying to use but they have ignored the lines above that talk about when they are still in session when the veto is returned to them. So they cannot get to the next session language because we failed to consider the act before we adjourned."

REMARKS BY SENATOR RASMUSSEN

Senator Rasmussen: "Mr. President, I did want to concur with Senator Clarke and Senator Lewis and when they talk of bills, this is no longer a bill and you are quite right when you say that all bills by the concurrent resolution were referred back to the appropriate committee. This happens to be a law. It was vetoed so it is no longer in the category of a bill and I think it would be improper for us to consider it. We do have, Senator Clarke and Senator Lewis, new legislation that is pending that will probably come before you for action."

REMARKS BY SENATOR FLEMING

Senator Fleming: "Mr. President, speaking to Senator Lewis' comments, he indicated that the bills were passed in the last session and they were reestablished, I guess, as a result of a resolution returning to their highest status. I think that resolution was talking about bills and resolution, and I don't think that resolution indicated that veto messages would be returned to their highest status also."

REMARKS BY SENATOR MARSH

Senator Marsh: "With the consent of the Senate, I would move that further consideration of this matter be deferred until tomorrow, appropriate time, so that the President may have additional time to consider this matter."

REPLY BY THE PRESIDENT

President Cherberg: "Thank you, Senator Marsh. The President has Senator Lewis' remarks, Senator Fleming's remarks, and mine, and would appreciate the additional time. If there are no objections to Senator Marsh's motion, it is so ordered."

MOTION

On motion of Senator Marsh, the Senate will resume consideration of the House Message on Substitute House Bill No. 29 on Thursday, January 24, 1980 at the proper time.

MOTION

On motion of Senator Marsh, the Senate advanced to the sixth order of business.

SECOND READING

SENATE BILL NO. 2236, by Senators Ridder, Lee, Goltz, Walgren, Moore, McDermott, Vognilid, Talmadge and Lysen:

Providing collective bargaining rights for certain personnel of institutions of higher education.

REPORT OF STANDING COMMITTEE

January 16, 1980.

SENATE BILL NO. 2236, providing collective bargaining rights for certain personnel of institutions of higher education (reported by Committee on Labor):

MAJORITY recommendation: Do pass with the following amendments:

On page 1, beginning on line 25 of the title, after "28B.52.200;" strike all the material down through "41.59.050;" on line 29.

On page 14, line 17, after "prior to" strike "October 1, 1979" insert "January 1, 1982"

On page 15, beginning on line 29, strike all material down through line 33.

On page 16, line 1, before the period, strike "October 1, 1979" and insert "January 1, 1982"

Signed by: Senators Lysen, Chairman; Vognilid, Vice Chairman; McDermott, Moore.

The bill was read the second time by sections.

Senator Lysen moved the committee amendments to page 14 and page 16 be considered and adopted simultaneously.

POINT OF INQUIRY

Senator Guess: "Senator Lysen, the bill has no fiscal impact at least no statement here on the floor and the digest that I have seen did not show. Can you tell the body what the fiscal impact is going to be?"

Senator Lysen: "Yes, the fiscal impact for the next, future biennium, according to Mr. Schurke and the PERC Commission is close to one-half million dollars but that would be in the following biennium."

Senator Guess: "Senator Lysen, can you tell me what benefit to the educational system and the benefit to the youngsters that are graduating from our colleges is going to be from the expenditure of one-half million dollars for this bill?"

Senator Lysen: "I would, Senator, but I think that deals with the merits of the bill and really goes beyond this amendment. If it would be appropriate to get into

that now—I really think it would be more appropriate after this committee amendment changing the date was voted on."

The motion by Senator Lysen carried and the committee amendments to pages 14 and 16 were adopted.

On motion of Senator Lysen, the committee amendment to page 15 was adopted.

Senator Scott moved adoption of the following amendment:

On page 2, line 17, after "but" insert:

"shall not include the chief executive and administrative officers of the institution of higher education, including the president, vice presidents, deans, and department chairpersons, or their equivalents and principal assistants and associates, confidential employees, casual employees, supervisors, or employees subject to Chapter 28B.16 RCW."

Debate ensued.

POINT OF INQUIRY

Senator McDermott: "Senator Rasmussen, maybe you could for this body define what 'department chairpersons or their equivalent' means. Could you tell us what an 'equivalent' is?"

Senator Rasmussen: "Senator McDermott, this exactly is what Senator Scott is going to work out if he has a little more time. What I am objecting to is to say here on the floor we do not have time enough to work out what we want to be in the law. I would like to point out, one of the problems, the Washington Administrative Code on the education of the handicapped occupies about fifty more pages. This is Administrative Code provisions adopted by rules than what the law was that we passed. I think we would be well-advised to take a little more time, make the law clear so that we know rather than having another group adopt what they think we meant. That is my only point, Senator McDermott."

Further debate ensued.

POINT OF INQUIRY

Senator Woody: "Senator Scott, I am on neither the higher education committee or the education committee and I would like to know your intent of the language 'or their equivalent', well, 'equivalent' I can understand but 'principal assistants and associates of department chairman,' could you tell me please what that would refer to? What category?"

Senator Scott: "Senator Woody, that refers to people like administrative assistants and those who work out of the departmental office but have, again, a supervisory or an executive position as opposed to a faculty position."

MOTION

On motion of Senator Scott, the amendment proposed by Senator Scott was held for corrective language.

MOTION

At 12:48 p.m., Senator Walgren moved the Senate adjourn until 11:00 a.m., Thursday, January 24, 1980.

POINT OF INQUIRY

Senator Rasmussen: "Senator von Reichbauer, you are the chairman of the parks and recreation . . ."

Senator von Reichbauer: "Yes, Senator."

Senator Rasmussen: "I have in hand here today's calendar, Wednesday, January 23, 2 p.m. you have scheduled a meeting. I am the average tax-paying citizen out here in the hinterlands and I would like to know House bills before the committee, Senate bills before the committee and other business. Now that does not tell me anything if I am outside. It does not tell me anything if I am a Senator that has another very important committee meeting that I must attend but I would like to come before your committee on one of the bills that you may have. Could you maybe, in future calendars, identify the bills that will be up for consideration?"

Senator von Reichbauer: "Senator, with great satisfaction I would point out I would never regard you as an average citizen or an average Senator, and I can assure you they will be on a — there is nothing on horse racing I might add — on today's calendar."

Senator Rasmussen: "Well it is my understanding, Mr. President, that, for the public and for the Senators and House members that might like to attend, that those bills should be identified rather than just in general. Would I be correct in that interpretation?"

President Cherberg: "The President . . ."

Senator Rasmussen: "You do not have to answer, Mr. President. I feel that it is right."

The motion by Senator Walgren carried. At 12:53 p.m. the Senate adjourned until 11:00 a.m., Thursday, January 24, 1980.

JOHN A. CHERBERG, President of the Senate.

SIDNEY R. SNYDER, Secretary of the Senate.

SECOND READING

SENATE BILL NO. 2236, by Senators Ridder, Lee, Goltz, Walgren, Moore, McDermott, Vognild, Talmadge and Lysen:

Providing collective bargaining rights for certain personnel of institutions of higher education.

The Senate resumed consideration of Senate Bill No. 2236. On January 23, 1980, the committee amendments were adopted and an amendment by Senator Scott to page 2, line 17 had been moved for adoption.

There being no objection, the amendment by Senator Scott was withdrawn.

Senator Scott moved adoption of the following amendment:

On page 2, line 19, after "education," insert: "Including the president, vice presidents, deans, and department chairpersons or their equivalents and their respective principal assistants and associates,"

Debate ensued.

POINT OF INQUIRY

Senator Rasmussen: "Senator Goltz, I am picking your brains because I do not know the pecking order in the university. You indicated that the people that were proposed in this amendment were already included in the exclusion in the bill?"

Senator Goltz: "I said that the major officials had said—I understand that the president, vice president, deans are automatically thought of as administration but the chairpersons are the ones that are in doubt as to what status they would have."

Senator Rasmussen: "Well, if you are in doubt, I'm not—couldn't we make a positive statement then in this legislation? Let me explain what my concerns are. And I have been in the middle of Senator Walgren and Senator Odegaard and many of the rest of you, of that bill concerned with administrative review of rules. So in effect what we are doing turning over to PERC to make some more administrative rules that we may not agree with. Wouldn't it be much better to set it out clearly what our intent is in this legislation, and then there is no question about it, this is what the legislature said."

Senator Goltz: "Senator Rasmussen, I would respond to that by saying that we are not asking them to make rules; we are asking them to include in the collective bargaining unit, on each side of the table, those persons that are appropriately belonging on each side and I am trying to suggest that this circumstance is different in different institutions and with good reason, that it would not serve any useful purpose for the state to demand that all department chairman have certain administrative functions which in some institutions those department chairman have not traditionally had; and I would prefer that we not legislate down to the third level or fourth level of a college or university to describe a department chairman as something which he traditionally has not been."

Further debate ensued.

Senators Moore, Goltz and Talmadge demanded the previous question and the demand sustained.

The President declared the question before the Senate to be the amendment by Senator Scott to page 2, line 19.

Senator Walgren demanded a roll call and the demand was sustained.

The President declared the question before the Senate to be the roll call on the amendment by Senator Scott to page 2, line 19.

MOTION

On motion of Senator Jones, Senator Matson was excused.

ROLL CALL

The Secretary called the roll and the amendment was not adopted by the following vote: Yeas, 23; nays, 24; excused, 2;

Voting yea: Senators Benitz, Bluechel, Clarke, Donohue, Gallagher, Gould, Haley, Hansen, Hayner, Jones, Lee, Lewis, Marsh, Morrison, Pullen, Quigg, Rasmussen, Scott, Sellar, Shinpoch, Van Hollebeke, Wanamaker—23.

Voting nay: Senators Bausch, Bottiger, Conner, Day, Fleming, Gaspard, Goltz, Henry, Hurley, Lysen, McDermott, Moore, Odegaard, Peterson, Ridder, Talley,

Talmadge, Vognild, von Reichbauer, Walgren, Williams, Wilson, Wojahn, Woody—24.

Excused: Senators Guess, Matson—2.

Senator Scott moved adoption of the following amendment by Senators Scott and Sellar:

On page 9, add a new section following section 8 as follows:

"**NEW SECTION.** Sec. 9. A student team to consist of the elected student association officers of any institution of higher education, or their designees, not to exceed three in number, shall be notified of and allowed to be present at all collective bargaining sessions and have access to all written documents pertaining to the collective bargaining negotiations exchanged by the employer and exclusive bargaining representative, including copies of any prepared written transcripts of the bargaining sessions. Rules regarding confidentiality shall apply to such students in the same manner as to the employer and the exclusive bargaining representative. If rules regarding confidentiality are violated by any student the commission shall have the authority to exclude any or all students from any or all further bargaining sessions affecting the negotiations in progress when the violation occurred. In no event shall student representatives be allowed to be present during or participate in third party dispute resolution proceedings. Participation, other than observation, by students during bargaining sessions shall be determined by agreement between the employer and exclusive bargaining representative."

Renumber the remaining sections consecutively.

Debate ensued.

Senator Peterson demanded the previous question.

Senator Gaspard moved adoption of the following amendment by Senator Gaspard to the amendment by Senators Scott and Sellar:

On line 1 of the Scott amendment to page 9, before "A" insert "Participation by students during bargaining sessions shall be determined by agreement between the employer and exclusive bargaining representative." and strike the last sentence of the Scott amendment to page 9, adding a new section 9.

POINT OF INQUIRY

Senator Lysen: "I think this is an interesting approach yet your amendment, the two parts of it, if it were to pass, would the effect of it be that if a prior agreement was reached between the negotiator, or the faculty, or the administrative representative bargaining agent and the union bargaining agent to allow the students to observe, but it would have to be agreed by both parties ahead of time they could do that. If either side disagreed then the students would not be allowed to observe. Is that the correct understanding?"

Senator Gaspard: "That is the correct interpretation. Both sides would have to agree."

Debate ensued.

POINT OF INQUIRY

Senator Gould: "Senator Gaspard, I just want to clarify the intent. With this change we would then be saying that students even as observers would have . . . the decision would have to be made by both parties. Is that your intent?"

Senator Gaspard: "Yes, that is my intent."

Senator Gould: "Okay. I just wanted to clarify. Thank you."

POINT OF INQUIRY

Senator Hayner: "Senator Gaspard, I do not see any need for this because certainly if the two parties who are negotiating wanted to let in observers they could do

so, so why do we want to put a bunch of words such as this in the law books? I think that is just an amendment to kill the basic purpose of Senator Scott's amendment."

Senator Gaspard: "Mr. President, I am not sure if that was a question because . . . but I would like to respond. I do not think this is trying to kill the Scott amendment. I think I am trying to put a little different intent into it and maybe make the Scott amendment survive with an amendment to it. The language is taken primarily from the last line of the Scott amendment so I do not think it is going to be superfluous language at all. I think we are arguing some options to the negotiating parties. If it is such a good idea to have the students participate maybe the two negotiating parties would think that also and like to invite them to do so, to observe and to be a part of the negotiations."

Further debate ensued.

POINT OF INQUIRY

Senator Donohue: "Senator Gaspard, let us assume for a moment that you are the bargaining representative and I am the employer and that you decide that you do not want student participation and you and I cannot come to an agreement. I want them; you do not. That is the end of the ballgame. Am I correct?"

Senator Gaspard: "That is correct."

Senator Donohue: "I hope that everybody will vote 'no' on this amendment to the amendment."

Further debate ensued.

Senator Talley demanded the previous question.

Senator Scott demanded a roll call on the amendment by Senator Gaspard to the amendment by Senators Scott and Sellar.

POINT OF INQUIRY

Senator von Reichbauer: "Mr. President, a point of inquiry."

REPLY BY THE PRESIDENT

President Cherberg: "The Senator will please state his point of inquiry."

FURTHER POINT BY SENATOR von REICHBAUER

Senator von Reichbauer: "Before I get to my questions, Mr. President, I would like to speak to circumstances of the last hour and a half. Upon coming on the floor of the Senate, received a phone call from the chairman of the liquor control board and since I assumed he was calling in response to an invitation to appear before the state government committee, I asked him at that time if planned to be at that meeting."

POINT OF ORDER

Senator Walgren: "Mr. President, a point of order."

REPLY BY THE PRESIDENT

President Cherberg: "The Senator will please state his point of order."

FURTHER REMARKS BY SENATOR WALGREN

Senator Walgren: "Senator von Reichbauer, as I understood his request to the Chair, was to raise a point of inquiry and it appears that he wants to discuss something further which he may very well be privileged to do, but it is not, I do not believe, under a point of inquiry."

RULING BY THE PRESIDENT

President Cherberg: "Senator Walgren's remarks are well taken. Senator, would you please. . . ."

POINT OF INFORMATION

Senator von Reichbauer: "A question of the Chair, Mr. President. Would a question of personal privilege be in order at this time?"

REPLY BY THE PRESIDENT

President Cherberg: "A point of personal privilege would be in order, Senator, but it must be confined to remarks personal to you as an individual . . . Senator von Reichbauer."

FURTHER REMARKS BY SENATOR von REICHBAUER

Senator von Reichbauer: "I will stick to the point of inquiry, Mr. President.

"Mr. President, I would like to find, to be advised as to whether or not a committee of this body can subpoena an individual and whether or not that person is subpoenaed or not, whether or not this body has the authority and under what process a committee can ask an individual to testify under oath before a committee.

"As the body is well aware, an individual who falsely testifies before a state . . . any committee . . . is not, cannot be held liable but if one testifies under oath one could be liable for penalties not only ten years in the federal penitentiary and ten thousand dollars but other penalties as well.

"While you are reviewing that matter, I would like to ask if Senator Rasmussen would yield to a question?"

Senator Rasmussen: "Anytime a Senator asks a question I would try to answer it to the best of my ability. What is your question?"

POINT OF INQUIRY

Senator von Reichbauer: "Senator Rasmussen, I was just advised by Mr. L. H. Pedersen, the chairman of the liquor control board that he had not been advised that he had been invited to testify before your committee today. I sent in a letter to you and a copy sent to every member of this body dated January 21, 1980 and preceding that I talked with your staff director for state government committee and advised her that I wanted not only Mr. Pedersen, but I also wanted Lieutenant Colonel Hayden, chairman or . . . director of the organized crime intelligence unit of the Washington State Patrol; Colonel T. F. Bell, the commander of the special services division; Lieutenant W. G. Keller, executive security; Gary L. Jackson, Douglas A. Wilson, Wiley Hurst, Claire Jones of the Governor's office, Frank Colacurcio, Senior; Frank Colacurcio, Junior; Mr. Michael Smith, a second party in joint venture agreements with Mr. Jackson dated August 9, 1972, and other parties appear before your committee.

"Secondly, Senator Rasmussen, I also advised you I wished copies of the court files of Yakima county on a number of alleged cases dealing with Mr. Jackson and

the publishing house which he is president. Moreover, I asked for corporate papers of the Yakima Valley Turf Club and other entities.

"My concern, and my question to you, Senator, is that something smells in the barn and it is an unnatural smell. The cloud over this gentleman's confirmation is now over this body and I do not think stonewalling is the answer.

"Did you or did you not receive my letter and did you or did you not notify these individuals that they were going to be asked to testify and is it or is it not your intention that they testify under oath?"

QUESTION BY THE PRESIDENT

President Cherberg: "Senator Walgren, for what purpose do you rise?"

REMARKS BY SENATOR WALGREN

Senator Walgren: "Mr. President, I think that we have confused the purpose of the hearing that is going to be held in Senator Rasmussen's committee. This is not a prosecutorial process that we are going to be proceeding with this afternoon, this is an inquiry by a duly constituted legislative committee chaired by well-qualified members of this Senate and staffed with well-qualified members for the purpose of determining the criteria of a . . ."

QUESTION BY THE PRESIDENT

President Cherberg: "For what purpose does Senator von Reichbauer rise?"

REMARKS BY SENATOR von REICHBAUER

Senator von Reichbauer: "Mr. President, I believe my question was addressed to Senator Rasmussen. I do not believe that was answered."

REMARKS BY THE PRESIDENT

President Cherberg: "Senator von Reichbauer, to clarify the situation, the President does not believe that your inquiry was of parliamentary nature as nothing of that particular situation which you referred to is before the Senate. You asked rather a complex question. The President had difficulty in hearing your question as did the minute clerk; therefore it will be necessary for the President to get a transcript of your question and the President will make every effort to answer your questions, your inquiry, as well as he possibly can. The President believes the entire proceedings are not in order at this time."

REMARKS BY SENATOR RASMUSSEN

Senator Rasmussen: "I would like to announce that, in answer to Senator von Reichbauer's question that, and he has distributed a newspaper clipping from the News Tribune, an explanation is due.

"All of the charges that Senator von Reichbauer made on the floor previous sessions concerning the appointee to the horse racing commission we have attempted to gather information on . . . that meeting was scheduled at one o'clock. I am going to postpone it to one-thirty and the notice came out in the official notice, the five-day notice, that we were going to hold this hearing, that it was an open meeting, that anybody could appear and testify. I would ask Senator von Reichbauer to please attend that meeting because all of the questions that he raised I am sure will be answered adequately with affidavits and other material.

"I know that the body here is concerned as they rightly should be and sorry that we are going to have to delay that due to the length of this meeting but it will

be held at one-thirty, room 103, which is the ways and means committee room over in the public lands."

This license does not authorize the illegal or improper use of firearms."

POINT OF ORDER

Senator Woody: "Mr. President, the legislation which I sponsored speaks directly to the provision of free fishing licenses to senior citizens. I am sorry but I am afraid that this is far afield from the scope and object of the original bill which subject matter of the original bill which I submitted and I would like to raise that question to you, please."

Debate ensued.

At 11:55 a.m., the President declared the Senate to be at ease.

At 12:03 p.m., the President called the Senate to order.

RULING BY THE PRESIDENT

President Cherberg: "The President in ruling upon the Point of Order presented by Senator Woody finds that Engrossed Senate Bill 2204 is a measure that merely provides for the issuance of free fishing and hunting licenses to certain citizens.

"The amendment proposed by Senator Pullen clearly attempts to regulate use of firearms; therefore, the Point of Order raised by Senator Woody is well taken.

"Senator Pullen, pursuant to your introductory remarks the President believes that perhaps a word of explanation should be given to you. The President defines 'scope' as the ultimate intention of a bill, whereas the President also defines in his mind 'object' as being the purpose or goal of a bill.

"Perhaps that will give you a little better understanding of the method that the President uses in determining these very important Points of Order."

REMARKS BY SENATOR PULLEN

Senator Pullen: "Thank you, Mr. President. I agree one hundred percent with every single thing you said and I think the ruling was a very just one. However, I

want to disagree with one thing — in no way was I attempting to regulate firearms and I surely hope no reporter will report that back to the people in my district."

On motion of Senator Peterson, the rules were suspended, Reengrossed Senate Bill No. 2204 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

Debate ensued.

Voting nay: Senators Benitz, Bluechel, Guess, Jones, Lee, Pullen, Scott, Wanamaker—8.

SECOND READING

SENATE BILL NO. 3280, by Senators Van Hollebeke, Wojahn, Quigg and Hurley (by Department of Licensing request):

Revising laws relating to real estate brokers and salesmen.

The bill was read the second time by sections.

On motion of Senator Van Hollebeke, the rules were suspended, Senate Bill No. 3280 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

POINT OF INQUIRY

Senator Peterson: "Senator Van Hollebeke, under the present rules and regs of the licensing board, if I wanted to get a real estate license and I failed the exam, it is a twenty-five dollar fee, I understand, to retake the exam at a given period of time. What effect is that going to have if we contract these services out? Is the fee going to be fifty dollars then if we contract it out to a private vendor? What is in the bill relative to that?"

Senator Van Hollebeke: "There is nothing in the bill relative to that except that, and since there is nothing in the bill, the fee cannot be increased. Your question raises something that I should have brought up in my explanation of the bill and that is also that it makes it easier for these people to make their application apply the next time they fail the exam, they take it on shorter notice. That is the main thrust of the legislation but no, it does not affect the fee in any way."

POINT OF INQUIRY

Senator Rasmussen: "Senator Van Hollebeke, as I read this bill, this proposed . . . instead of submitting your application to the director of licensing, you will submit your application to whatever private firm that the director contract with. Is this correct?"

Senator Van Hollebeke: "It is not a private firm in the normal sense, but yes, it is a non-profit organization, not a public agency so in that sense it is a private firm

and that is correct, it would allow the department to pass rules and regs to permit this type of thing.

"The money would be, and the application would be transmitted directly to the non-profit organization involved in the administration of the testing."

Senator Rasmussen: "It would be allowing the application to be sent directly to the private business conducting examinations. This is correct?"

Senator Van Hollebeke: "That is correct."

Senator Rasmussen: "No restrictions on where this private business may be?"

Senator Van Hollebeke: "The restrictions will be placed by the department of licenses."

Senator Rasmussen: "Under this law the private business that is going to handle our, our state's residents' applications could be in, could be in Japan, Korea, Taiwan, Puerto Rico, it could be any place — is this correct?"

Senator Van Hollebeke: "No, that is not correct. They will not administer either. They will be receipting the applications and will be forwarding them directly to our department of licenses. Under the present director that would be Roz Woodhouse. It is a very well-run department, too. But no, they cannot just be anywhere and the department will have close control of that, and . . ."

Senator Rasmussen: "Mr. President, a further question of Senator Van Hollebeke: 'pay an examination fee of twenty-five dollars as directed by the director,' so that when they send their application in for the license, and this private business, it may be in Taiwan, North Korea, South Korea, whatever, they would then send their twenty-five dollars there along with their application?"

Senator Van Hollebeke: "The Taiwanese and North Koreans are not engaged in this particular activity; but no, they could not be abroad. Senator Wojahn has some remarks she is going to be adding to this in a moment; but the money can be forwarded to them if the department so elects but it has to be remitted back to the department."

Senator Rasmussen: "Senator Van Hollebeke . . ."

Senator Van Hollebeke: "Senator Wojahn would like to join us in this conversation if you would be willing, Senator."

Senator Rasmussen: "Mr. President, I can only talk to one senator at a time and Senator Van Hollebeke apparently wants to get into a whole group and I do not like that. My questions are presented to Senator Van Hollebeke, chairman of the committee."

Senator Van Hollebeke: "All right."

Senator Rasmussen: "Further question . . ."

Senator Van Hollebeke: "Fair enough."

Senator Rasmussen: ". . . an applicant is required to furnish such other proof as the director may require concerning the honesty, truthfulness and good reputation as well as the identity, including but not limited to fingerprints of any applicant for a license'."

Senator Van Hollebeke: "Where are you reading from, Senator?"

Senator Rasmussen: "I am reading from the law that has not been amended."

Senator Van Hollebeke: "That is right and that would not be changed."

Senator Rasmussen: ". . . 'including but not limited to fingerprints . . .'"

Senator Van Hollebeke: "What line are you on there, Senator?"

Senator Rasmussen: "If you will look at the top of page 2."

Senator Van Hollebeke: "Bottom of page 1 and top of page 2? Yes . . ."

Senator Rasmussen: ". . . 'as well as the indentity including but not limited to fingerprints', so is he required to furnish all of this information including your fingerprints to this private firm? Is that correct?"

Senator Van Hollebeke: "No, that is not correct."

Senator Rasmussen: "It says when you file your application you have to furnish this information."

Senator Van Hollebeke: ". . . 'to the department'."

Senator Rasmussen: "Well, thank you, Senator Van Hollebeke."

Debate ensued.

POINT OF INQUIRY

Senator Hayner: "Senator Van Hollebeke, you have deleted on line 11 and 12 the words 'to the director for . . . such persons shall make application for examination'. Now anyone looking at that statute has no idea where they are supposed to make the application, do they?"

Senator Van Hollebeke: "Looking at this statute as such they would because at the present time they have to make it to the director."

Senator Hayner: "But that language is going to be deleted."

Senator Van Hollebeke: "They could still have to make it to the director after the bill comes into being for that matter."

Senator Hayner: ". . . but it won't say that any longer."

Senator Van Hollebeke: "Your question is a legitimate one. The concern is certainly a legitimate one. The purpose of the statute and the request by the department of licenses, Roz Woodhouse, was made to avoid that and get them out of the initial processing . . . not the processing of the application itself but receipt of the application and the fee. And they, that is one thing they are anxious to do.

"It would be, for instance, I think there is an organization back at Princeton, they would be most likely to be doing this with, and it will not however, Senator Hayner, be putting that organization, this non-profit organization in the business of administering the examination. It will not. The administration will still be handled and can, most of it will be handled by the department. They are trying to facilitate matters. That is why the department requested it. Both facilitate and expedite, both without losing control. I think they will not lose control."

Senator Hayner: "Mr. President, may I pursue this just a little bit further. Is there somewhere else in this that it indicates to the individual that is making the application that they are to apply to the director?"

Senator Van Hollebeke: "That is done by rules and regulations of course."

Senator Hayner: "Well that would not, that would not be available to the individual out there, the real estate broker or associate real estate broker would not see all the rules and regulations; so might he not be confused?"

Senator Van Hollebeke: "Well, there is a mechanism for taking care of that through the department so that they would not be confused and they would be made aware of the fact how the applications are to be made."

REMARKS BY SENATOR DAY

Senator Day: "Senator Van Hollebeke, I notice that this amends only one section of this licensing act, 18.85.120. Now there must be a lot of preceding sections and it is possible in those preceding sections to term 'department' or 'director' is defined or related to this in such a manner that it takes care of that problem; but I would suggest that you hold this for a few minutes and go get the RCW and I am certain that in the preceding sections of this licensing act that we are amending if the department is asking for an amendment like this that is must clarify what they are referring to here."

Senator Van Hollebeke: "I think you were addressing me, Senator, so I would like to respond and Senator Marsh if you would, Senator Wojahn is anxious to make remarks on this and I would appreciate it if she would have the time to do that now."

REMARKS BY SENATOR WOJAHN

Senator Wojahn: "Mr. President, members of the Senate, in, as you notice in the director's, the language for director is stricken but they still have to make application for a license on a form prescribed by the director; so therefore they would apply to the director, the director if the department of licensing would mail the application to them and they would forward that application to the Educational Testing Services in Princeton, New Jersey and it is as simple as that. The money would flow back to this state for the portion that was not used by the testing service to perform the test and do the mechanics that are necessary. All that happens is the same type of procedure that we use for our scholastic aptitude that every high school in this state uses, SAT test, it is done by Educational Testing Services of Princeton, New Jersey. Several licensing groups do this right now — the law test is also authorized — the LSAT comes out of the same area and that is the way persons are tested in order to be able to enter law school. They are even, their applications are mailed by TSAT to the various law schools that they wish to attend. There is nothing difficult about the deal, and I think it has been totally confused on the floor. This is only permissive legislation — it says 'department of licenses, if you wish to do this, you may pursue it.' We have always used out-of-state testing for the educational system . . . , for the licensing of real estate brokers and salesmen. We use the California test. The California test is not being used any more because they are not producing one any more. Therefore the state may contract if they wish to for professional services. If the testing costs seven dollars to administer and to do the paper work and the fee is twenty-five, then the testing service would keep seven and remit to the state of Washington the remainder of the money. And that is all it is — it is a department request. The real estate people are not involved at all, if that is worrying some of you, although a person could get an application for an examination from a local real estate office, if they wished; and I think that that should answer your questions. Also in answer to Senator Rasmussen talking about the superintendent of public instruction doing this to teachers, we do not license teachers, they are certified by the education department of the state and we do our own certifying; and certification is different than licensing."

REMARKS BY SENATOR DAY

Senator Day: "Well Mr. President, under 18.85.010, definitions, it defines 'director' as meaning the director of licensing so that solves that problem. When it says they have to apply to the director, that is what it means. The director of licensing, yes, but it does in the preceding part of the bill which has defined the term 'director' to mean the director of licensing. Also under 18.85.040, 'director' is further instructed as to his general powers and duties and that is quite completely set forth there so there is no problem with that part of it. As to the out-of-state licensing procedures, Senator, I do not understand that one; but I believe Senator Wojahn addressed herself to that."

REMARKS BY SENATOR RASMUSSEN

Senator Rasmussen: "Mr. President, I would call the body's attention to the fact that Senator Hayner has pointed out that the director is stricken from this legislation 'to such persons shall make an application' striking out 'to the director' for an examination and for, and it goes on to say 'license and concurrently the applicant shall' then it goes right down the line what the applicant shall do, which means at the time he files his application, at the time he pays his examination fee of twenty-five dollars and furnishes the information on his honesty, truthfulness and good reputation, then, as well as his identity, including but not limited, you see, including the fingerprints that you are sending outside to a private firm which is far and away

from what we have done in this state before. I really cannot see the reason for the department of licenses asking for this type of legislation. Turning all of the examination applications and the money over to this outside firm. I would question whether it is even legal that we do it this way. So I would urge the body take a good look at this — I am going to vote 'no' — I do not like that approach."

POINT OF INQUIRY

Senator Guess: "Senator Wojahn, you said, and I do not know whether I heard you correctly or not, but it appears to me that the money would be sent back to New Jersey and then they would send the money back to the state?"

Senator Wojahn: "The twenty-five dollars would be sent to New Jersey; the amount they needed to give the examination and to process the papers and to alert the department of who has taken it and who had passed, and to alert the person taking the exam, that money would be taken out, it would be approximately, I was told, seven dollars; the rest of the money would be remitted to the state of Washington."

Senator Guess: "What kind of control would we have on that fee, though, that they would charge; could they charge one group of them seven dollars and the other one going to pay forty dollars, could they charge them more?"

Senator Wojahn: "We contract for in advance, Senator Guess. The state will know if they contract with the Educational Testing Service, they will know what each application is going to cost them, and then they will be able to select who they wish to do it. They may wish to do it right here in this state, but if they want to do it they will know in advance by contract amount."

Senator Guess: "Wouldn't it be wiser and more prudent if we required that the money be sent to the department of licenses; and then at the end of the year, or quarterly, or monthly, that the department pay Educational Service Testing back in Princeton, rather than sending the whole twenty-five dollars back there?"

Senator Wojahn: "They felt that it would be less paper work for the department and there would be a lot less paper shuffling to do it that way because they cannot charge more than the amount of the contract; and the director apparently felt it would be much simpler, and I am not for sure that most of the professional licensing that is done by testing services is not done this way."

Senator Guess: "I would wonder how we could audit what is really going on back there and how long they keep the money — there is nothing in this law that says they have got to remit daily — they get the twenty-five dollars in, they take the seven dollars out and remit to us that day? By telegram so there is not that loss of interest on the money?"

Senator Wojahn: "Senator Guess, that would have to be in the contract that the department of licensing would sign with the testing service, and the amount that they would be spending, and it is on a contractual bid basis, and, so you do have control."

Senator Guess: "Thank you, Senator."

MOTION

Senator Rasmussen: "Mr. President, I move that the state government committee who is required to report back to the Senate today be granted ten more days in order to report back on the information regarding Senator . . . , or the party to the Horse Racing Commission, Mr. Jackson."

REMARKS BY THE PRESIDENT

President Cherberg: "Senator Rasmussen has moved that the Senate grant ten additional days for the consideration of the gubernatorial appointment. Senator Rasmussen. . . ."

REMARKS BY SENATOR RASMUSSEN

Senator Rasmussen: "Mr. President and members of the Senate, I anticipate that the committee at their meeting tomorrow morning will handle the confirmation of Gary Jackson. The time that we had a hearing, state government committee, we received affidavits and documents which, in effect, cleared up all of the misconceptions that Senator von Reichbauer raised on the floor and at the same time the committee had not time to thoroughly read these documents.

"Today I am advised that Senator von Reichbauer is ill and I did not want to take any action while he was away from the Senate. He has sent a letter to the committee asking, in effect, additional time. In behalf of the committee I have sent him a letter which says the state government committee would hold an executive hearing — 'If you have any concrete evidence that would indicate that Mr. Jackson should not serve on the Washington State Horse Racing Commission we would appreciate your giving the committee the information you keep hinting that you have. Please advise the committee of your source so that we may question them also' and I would like to give Senator von Reichbauer the additional time. I do not think it will take ten more days but this gives a little leeway for the committee."

REMARKS BY THE PRESIDENT

President Cherberg: "If there are no objections, the Senate will grant the committee on state government ten days for additional consideration."

There being no objection, the additional ten days was granted to the committee on state government, at the request of Senator Rasmussen, to report back to the Senate on gubernatorial appointment 157, Gary L. Jackson to the Horse Racing Commission.

POINT OF INQUIRY

Senator Odegaard: "Mr. President, I wish to ask a question of Senator von Reichbauer, but I do not see him on the floor; maybe there is someone else who could answer for me.

"Presently the IAC contains a membership from the, well actually the director of fisheries, not a representative but the director, department of fisheries; Senator von Reichbauer, if I may ask you a question—I am asking Senator von Reichbauer. I have personally spoken to the director of the department of fisheries about this matter. He has stated to me that in the revised bill, this bill here, that he really would rather have not also continued as a member of this body because he is on so many different councils and boards and commissions as you can imagine; and there aren't really very many matters of importance that he feels that were he, that pertains to the department of fisheries; and so I am wondering if this bill is to solve the problems of the IAC why it did not contain language to at least allow a representative of the director of the department of fisheries, rather than the director himself?"

Senator von Reichbauer: "Senator Odegaard, I think the primary concern was to get the directors there because of their direct input on the decision-making process. I know that the members who are directors of state agencies, the director of fisheries, the director of parks and recreation, and natural resources, have busy schedules but the allocation of these funds in our areas throughout the state are of primary concern — I know to us as legislators of those districts and I suspect of those department heads; and in order to insure that we have direct input with these department heads who obviously have a broader prospective of the needs of the state than an individual sent to represent them, it was deemed important by the members to have the department heads be there."

Senator Odegaard: "Senator von Reichbauer, do you know what percentage of the projects or the funds that would actually pertain to the department of fisheries?"

Senator von Reichbauer: "No, Senator."

Senator Odegaard: "It is my understanding, Mr. President, that it is very low and that was his concern, too, that there might be a pier once in a while, fishing pier, but other than that there is very little that has to pertain to that department. And if we are really going to reorganize the IAC I would think we should look at that possibility of allowing a representative of the director."

Senator von Reichbauer: "The answer to your question, unfortunately Senator, I was going to say Senator Sandison, the director of fisheries, did not appear before our committee. We did send a number of letters to all the agency heads who are involved in this and asked for their direct input; and your comments today on the floor is the first I have heard of it."

REMARKS BY SENATOR LEWIS

Senator Lewis: "Yes, Mr. President. Members of the Senate, in direct response, Senator Odegaard, at the select committee hearings in which he had a number of hearings, a number of excellent hearings, the testimony was that the directors who are no longer included in the makeup of the interagency committee, were left out by, with their agreement because of the very fact you state, that their interest in this area was minimal. However, they still have a member on the technical, state technical advisory committee, so if they do have, in those minor instances, something for input, it does still have a pipeline into the interagency committee through the state technical advisory committee."

Debate ensued.

POINT OF INQUIRY

Senator Lee: "Senator Hurley, when you and I were serving on the parks committee in the house, one of the emphasis at that time before a total look at the IAC, was a request and quite extensive lobbying by the parks department, parks commission, to, in fact, have total control of this group, in other words not to have to bother, shall we say, with other agency directors, particularly those who have some regulatory ability such as the department of ecology which has a shorelines act and water quality control; and the department of transportation which has some 'yes' and 'no' procedures as far as entrance roads and turnouts and those kind of things that serve these various recreational facilities. Do you see this bill as a step in that direction?"

Senator Hurley: "Senator Lee, yes I do. If the sunset committee recommends the abolition of this committee, then those powers would go to the governor to be allocated, probably either to the department of natural resources or to the parks committee itself, because federal law requires that there be an agency that is a repository for those funds that come from the federal government. I think that you would find that, to clear a few things up here, that the duplication of those state agencies is increased under this bill. They remain on the IAC and then they are placed on an advisory committee also. I know very many of them have said 'We do not want to spend this much time with this kind of activity' and now under this bill they are going to be required to spend twice as much time. Also in direct answer to your question, I would like to say that our parks committee in the house did a survey of the other states and how they handled the receiving of the federal funds. A number, a great number probably more than any other way had those funds go either directly to the department of natural resources or the parks department, if that state had a parks department; and it is funny, each one of those states also commented that it could be predicted where most of the funds would be used in that very department and very few funds trickled down, then, to the local agencies."

Further debate ensued.

POINT OF INQUIRY

Senator Gaspard: "Yes, Mr. President. Senator, some mention as to the technical advisory committee. It was my understanding that the technical advisory committee is not made up of the department heads but their designees, and is composed of staff members. Is that correct?"

Senator von Reichbauer: "That is correct."

Senator Gaspard: "Thank you."

SECOND READING

SENATE BILL NO. 2174, by Senator Van Hollebeke:

Prohibiting the unlawful possession and sale of drug-related paraphernalia.

MOTION

On motion of Senator Van Hollebeke, the rules were suspended and the following additional sponsors were permitted on Senate Bill No. 2174: Senators Guess, Conner, Wojahn, Lee, Talley, Lewis, Gaspard, Hurley and Bradburn.

The bill was read the second time by sections.

On motion of Senator Van Hollebeke, the following amendments were considered and adopted simultaneously:

On page 1, line 16, after "(1)" strike "Metal, wooden, acrylic, glass, stone, plastic, or ceramic marijuana" and insert "Marijuana"

On page 2, following the last section, add the following:

"If any provision of this 1980 act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected."

Senator Guess moved the following amendments by Senators Guess, Hayner and Van Hollebeke be considered and adopted simultaneously:

On page 1, beginning on line 14, strike: "Sections 3 and 4 of this act" and insert: "this chapter"

On page 2, after line 14, insert:

NEW SECTION. Sec. 5. A person shall not display or sell drug-related paraphernalia in a commercial establishment unless such material is displayed or sold in a separate room into which persons under the age of 18 years are not allowed to enter except when accompanied by a parent or legal guardian. Each entrance to such rooms must be conspicuously posted with a sign to the effect that drug related paraphernalia is displayed or sold therein and that persons under the age of 18 years are excluded unless accompanied by a parent or legal guardian. Violation of this section constitutes a gross misdemeanor.

NEW SECTION. Sec. 6. No owner, manager, employee or other person in charge of or responsible for a room in a commercial establishment in which room drug-related paraphernalia is displayed or sold shall allow any person under the age of 18 years to enter such room unless accompanied by his or her parent or legal guardian. Violation of this section constitutes a gross misdemeanor.

NEW SECTION. Sec. 7. A person under the age of 18 years shall not enter a room in a commercial establishment in which room drug-related paraphernalia is displayed or sold unless such minor person is accompanied by his or her parent or legal guardian. Violation of this section constitutes a gross misdemeanor."

POINT OF INQUIRY

Senator McDermott: "Senator Guess, it says here 'a person shall not display or sell drug-related paraphernalia' and I refer back to the rest of the bill. It says here that 'he can't sell carburetor pipes.' Could you explain to me what 'carburetor pipes,' what that might be? Well it says 'pipes' in the bill so I wondered if this applies to all auto supply places, or, if you could explain to me what that is about I would appreciate it."

Senator Guess: "That is a type of pipe that you find in the use of smoking hashish and it is, actually is named that by those people that really do not know exactly its use but it is the water-filled pipe. It has a number of tubes coming off of it and anybody that is in on the know would know that that type of a pipe is the one we are talking about."

Senator McDermott: "May I ask one further question? In reading this bill are you certain that there is no reference here to zig-zig papers or any kind of cigarette papers? There is no question about that being a drug-related paraphernalia, I hope."

Senator Guess: "No, Senator, we did not put in zig-zag papers and I do not know whether it could be interpreted in there, truthfully, but I do not think that that is one of those things that is considered. Zig-zag papers can be bought at the tobacconist shop and, so, it is not covered by this."

Senator McDermott: "Well that is precisely my point. I think cigarette papers can be used for a lot of things and when you try to write a law like this and you are going to try and put down those things that are drug-related paraphernalia, I think you have to be concerned about how wide-reaching your law actually is. You may have included something here that you are not really intending to include."

Debate ensued.

REMARKS BY SENATOR VAN HOLLEBEKE

Senator Van Hollebeke: "I would like to clarify a point for Senator McDermott. Senator McDermott, looking over here I cannot see I share your type of concern but the bill takes care of that. The bill specifically mentions what are drug-related paraphernalia and only those things, under the bill, are drug-related paraphernalia; and so the Bull Durhams, zig-zag situation is not a concern as long as it is not mentioned in there."

POINT OF INQUIRY

Senator Wanamaker: "Senator Guess, on your amendment here would this require every drug store in the state of Washington to build another room to put their hypodermic needles and such as that in?"

Senator Guess: "No, Senator. I worked for many years in a drug store and we never did display hypodermic needles and so I do not think this would affect . . ."

Senator Wanamaker: ". . . but you have got in your amendment here 'a separate room' which is, of course a hypodermic needle is a drug-related, and so it looks to me like you would be requiring every drug store to have a separate room to put all of that paraphernalia in."

Senator Guess: "Senator, it says that 'if it is displayed' they would have to do that; now I know of no drug store, and I have been in and out of drug stores for a

long time — I don't know where they display hypodermic needles. It is an item that is usually kept in the bottom drawer, pretty close to the cash register."

REMARKS BY SENATOR VAN HOLLEBEKE

Senator Van Hollebeke: "I think I can further clarify that for you, Senator Wanamaker. It has to be, in order to come within the confines of the amendment, the amendment uses the term 'drug-related paraphernalia'; 'drug-related paraphernalia' is delineated in the act in section two, it does not mention hypodermic needles, so they are not covered. That is a legitimate concerns but it is covered in the bill because it just goes into specific types of things without mentioning such things as that. So we would not be hampering the druggist in plying their trade."

The motion by Senator Guess carried and the amendments were adopted.

On motion of Senator Guess, the following amendment by Senators Guess, Hayner and Van Hollebeke was adopted:

On page 2, line 15, strike "4" and insert: "7".

Senator Lee moved the following amendments be considered and adopted simultaneously:

Beginning on page 2, after line 14, insert:

"NEW SECTION. Sec. 5. (1) Every person who displays for a commercial purpose or sells any materials promoting the use of any controlled substance as defined in Chapter 69.50 RCW shall be guilty of display or sale of drug promoting material.

(2) Display or sale of drug promoting material under this section is a gross misdemeanor."

Renumber the remaining sections consecutively.

On page 2, line 15, strike "4" and insert: "8".

POINT OF INQUIRY

Senator Goltz: "Senator Lee, I note that you use in your amendment the phrase 'every person who displays for a commercial purpose or sells any material promoting the use of any controlled substance.' Is drug paraphernalia as defined in section two that kind of material?"

Senator Lee: "The whole gist of the act that we are talking about today, Senator Goltz, seems to be precisely that kind of thing, is the fact that in a record shop, for example, that there is a section where drug-related paraphernalia is indeed displayed. It is often done, according to some of the people I have talked to, as kind of a trade stimulant, shall we say? And the posters, comic books and so on are often on the same shelf, the same counter, also lead toward, actually encouraging the sale of that drug-related paraphernalia."

Senator Goltz: "I believe, Senator Lee, what I am trying to clarify is whether or not you include in your amendment, under the phrase 'materials promoting the use of any controlled substance' any of the items which are contained in section two of the bill, or is this entirely separate from those items?"

Senator Lee: "It would include all of those items but it could also include the material that would be used in those items because in other words, something that is, if you buy a turkish smoking pipe and use it as a display item of course it is not anything other than that. It is the use of the product that makes it, in fact, a drug-related item."

Senator Goltz: "Then I see a problem in the language of the bill for this reason that you refer to the selling of these materials as a misdemeanor; and yet in the amendment which we just adopted, offered by Senator Guess and others, we do allow

allow these things to be sold but they have to be sold under very separate and controlled conditions and at least to that extent it seems to me that there is a contradiction in your amendment with the previously adopted amendment."

Senator Lee: "Senator Goltz, I think that the Guess amendment is in fact in some ways contradictory to the entire bill but the severability clause that has been added to it, and the reason this particular section was added is that if indeed the original bill is found unconstitutional that the section that has been inserted by Senator Guess and others since it is in fact now being investigated by certain city councils, would stand. When we are trying to address something of this kind we may find ourselves in some contradictions but we have to make an attempt to work it out, and in fact the portion that I am talking about on the display of material could also stand by itself even if the rest of the bill should be declared null and void."

On motion of Senator Van Hollebeke, the following amendment to the amendment by Senator Lee was adopted:

In section 5 of the amendment after "the" and before "Use" insert "illegal".

Further debate ensued.

POINT OF INQUIRY

Senator McDermott: "Senator Lee, this statement says 'every person who displays for a commercial purpose or sells any material promoting' — 'promoting' — I would like to know if you would please define for us the word 'promoting' because I have a question about whether or not the display in a book store is 'promoting', and I think it is necessary to have it in the record, otherwise you are going to have every book store in the whole state having to go through their racks and pull out any book on the basis of whatever definition you now put in the record for the word 'promote'."

Senator Lee: "I think that, short of definition on this floor, Webster's dictionary is the one that prevails, and that is where we use this particular word 'promoting.' And when you are talking about the fact that book stores having books that, in fact, promote the 'illegal' use of any controlled substance, because we have added that word, precisely what we are looking at; and in fact it was the PTA people who have been very strongly supporting this bill who looked it over and said 'indeed this is probably one of the most important facets and we are glad that the legislature through its hearing process and the discussion within the caucuses was able to come up with some wording' because they had wanted this as part of their total package."

Further debate ensued.

The motion by Senator Lee failed and the amendment, as amended, was not adopted on a rising vote.

Senator Pullen moved adoption of the following amendment:

On page 2, after line 14, add a section as follows:

"Section. 5. Section 69.50.401, chapter 308, Laws of 1971, 1st ex. sess. as last amended by section 1, chapter 67, Laws of 1979 and RCW 69.50.401 are each amended to read as follows:

This section shall not apply to offenses defined and punishable under the provisions of RCW 69.50.410.

Renumber following section accordingly.

POINT OF ORDER

Senator Van Hollebeke: "Mr. President, I raise the issue of scope and object. I think probably the argument is self-explanatory but it does indeed greatly widen the scope of the legislation and it is not within the object of the original legislation."

The President declared the Senate to be at ease.

The President called the Senate to order.

RULING BY THE PRESIDENT

President Cherberg: "The President in ruling upon the Point of Order presented by Senator Van Hollebeke finds that Senate Bill 2174 is a measure prohibiting the unlawful possession and sale of drug-related paraphernalia.

"The amendment by Senator Pullen proposes a mandatory jail sentence upon conviction for the manufacture, delivery or possession with intent to manufacture or deliver a controlled substance.

"Therefore the President finds the amendment to be beyond the scope and object of the bill and the Point of Order presented by Senator Van Hollebeke is well taken."

The amendment by Senator Pullen was ruled out of order.

MOTIONS

On motion of Senator Wilson, Senator Conner was excused.

On motion of Senator Van Hollebeke, the rules were suspended, Engrossed Senate Bill No. 2174 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

Debate ensued.

POINT OF INQUIRY

Senator McDermott: "Senator Van Hollebeke, in order to clarify this bill so the people will know exactly what they are voting on, I would ask you if you would please define the circumstances which would demonstrate an intent to use, so that everyone will know in advance what they are voting on."

Senator Van Hollebeke: "Senator, if I were able to do that in the time allotted here I would be a greater man than you or I are, or anybody here, I think. I think you understand the thrust of the law and that is something that cannot be done in a few words. I would suggest to you that if you are confused about what the purpose of the journal is in here and what that does, it is only to clarify ambiguous wording. Statutory construction and one of the major premises of statutory construction is that that is needed only when the wording is ambiguous and the journal does not even apply when the wording is not ambiguous. You do not go beyond a statute itself to interpret a statute when it is clear. It is clear enough here I believe."

The Secretary called the roll on the final passage of Engrossed Senate Bill No. 2174 and the bill passed the Senate by the following vote: Yeas, 41; nays, 5; excused, 3.

MOTIONS

On motion of Senator Walgren, the Senate advanced to the sixth order of business.

On motion of Senator Walgren, the Senate commenced consideration of Senate Bill No. 3179.

SECOND READING

SENATE BILL NO. 3179, by Senators Shinpoch, Rasmussen and von Reichbauer:

Expanding the membership of the horse racing commission.

MOTIONS

On motion of Senator Shinpoch, Substitute Senate Bill No. 3179 was substituted for Senate Bill No. 3179 and the substitute bill was placed on second reading and read the second time in full.

On motion of Senator Shinpoch, the rules were suspended, Substitute Senate Bill No. 3179 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

POINT OF INQUIRY

Senator Lewis: "Senator Shinpoch, there might be some concern, you know Spokane, Yakima, Seattle, where the tracks are, is there any limitations about any number from a given area, for example, there might be some concern that three of

the commissioners might come from one track area and be a little bit perhaps subjectively even, subconsciously a little bit inclined to favor that particular track in any of its interests, any of its desires to get dates, et cetera."

Senator Shinpoch: "Senator Lewis, I think that is always a possibility; however I guess that I really think that the commissioners should not be worried about where the tracks are located, they should be worrying about the industry. I come from the Renton-Kent area and I guess it is difficult for you to find where, with one exception for parks, last time, in the ten years I have been here that you can ever find anything I have worked for that area; and I would expect the commissioners to work things in the same type of fashion."

Senator Lewis: "Senator Shinpoch, I would have confidence that you would work in that area; but I am not so sure I have the same confidence that the board, if you will pardon the expression, couldn't be loaded a little bit with a particular area of interest."

Senator Shinpoch: "I do not have the same concern, Senator Lewis."

ROLL CALL

The Secretary called the roll on the final passage of Substitute Senate Bill No. 3179, and the bill passed the Senate by the following vote: Yeas, 44; nays, 4; absent or not voting, 1.

Voting yea: Senators Bausch, Benitz, Bluechel, Bottiger, Clarke, Conner, Day, Donohue, Fleming, Gallagher, Gaspard, Goltz, Gould, Guess, Haley, Hansen, Hayner, Henry, Hurley, Jones, Lysen, Marsh, McDermott, Moore, Odegaard, Peterson, Pullen, Quigg, Rasmussen, Ridder, Sellar, Shinpoch, Talley, Talmadge, Van Hollebeke, Vognild, von Reichbauer, Walgren, Wanamaker, Williams, Wilson, Wojahn, Woody—44.

Voting nay: Senators Lewis, Matson, Morrison, Scott—4.

Absent or not voting: Senator Lee—1.

SUBSTITUTE SENATE BILL NO. 3179, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

MOTIONS

On motion of Senator Jones, Senator Lee was excused.

On motion of Senator Walgren, the Senate commenced consideration of Senate Bill No. 3250.

SECOND READING

SENATE BILL NO. 3250, by Senators Fleming, Jones, Day, Sellar, McDermott, Ridder and Morrison (by Senate Select Committee on Nursing Homes request):

Establishing a nursing home audit and cost reimbursement system.

On page 56, line 1, after "(c)" strike "Adopting" and insert "Adopt".

On motion of Senator Fleming, the rules were suspended, Engrossed Substitute Senate Bill No. 3250 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

POINT OF INQUIRY

Senator Guess: "Senator Fleming, last time I did not vote for the bill. I want to compliment you on the tremendous amount of work you have done on it and I think that it approaches equity better than any piece of legislation I have seen in a long time. There is one concern I still have and that is the thing I would like to get into the record.

"The nursing homes do not know for certainty from time to time what the demands of the auditors will be. First, they get one auditor and that is one set of demands; they get their books up in accordance with that person's demands. The next time they get an entirely different person and the demands are levied on them which they did not meet and therefore they are penalized for not having done the work as the auditor says. Can you tell us how this bill will approach the correction of that situation?"

Senator Fleming: "Well first of all, under the present situation, there has been havoc, there has not been uniform system, and that is one reason why we are putting this measure more in law and statute than by rules and regulations so people will know what the ball game is that they are playing. But under this system there is set up a situation whereas that the department will make sure that certain forms for the audit procedure will be set up and they will be uniform and those people will know what forms they are supposed to fill out, when they are supposed to be due, and in what manner; and I think this measure, being in statute the way it is, I think it will go a long ways in improving the situation which you are talking about. I think the industry itself feels as though this is the way to go because one, I think it will make a better industry if no more than having better records because many of those nursing homes out there, they do not do a very good job on their records and in their accounting procedures; but I think this is going to make many of those smaller nursing homes and so forth a better operation."

Senator Guess: "Senator, one suggestion that was made to me by a constituent, and that is that after the study has been made and an audit procedure established, the individual nursing homes will have to have their own auditors. I wonder if, after those procedures are established, it wouldn't save us money for a provision to be made in there that upon certification that this was a true audit done in accordance with the state regulation, the state could not save money by relying upon that certificate of a CPA firm; and in order to get some, or to achieve a degree of efficiency and not having to duplicate the services. I hope that your committee would look at that."

Senator Fleming: "Senator Guess, I hope, and it is the intent that we will try and eliminate as much duplication as we possibly can. Beginning of the system you are going to have certain amounts of duplication but it is to the degree that you might think that something is duplication, I might not. But I think right now because of the uncertainty of what is out there in the market place in the nursing home industry we have to find out what is out there. And I think that in the future if the process that we have now is overburdensome, then I think we, the legislature, can take a look at that. But at this point in time I think we ought to find out what is out there, find out what services we are getting and find out what we ought to be

paying for, and I think we will cut down a lot of the confusion that is out there now."

Senator Guess: "Thank you Senator Fleming. Your committee is certainly to be commended for the work that you have done."

Debate ensued.

POINT OF INQUIRY

Senator Shinpoch: "Senator Fleming, if I understand correctly in the area of turnover, the area that I want to talk about, if I understand correctly under this bill, between now and July 1, 1981, any turnover that is arm's length is all right before you start the ten-year cycles. Is that correct?"

Senator Fleming: "To answer that it did address one of the major concerns and what the bill says now is that those people that are in the business, right now, because there are some of them that would love to get out, probably, maybe some of those are the ones maybe need to get out, I do not know. But this would allow those people to say 'Hey, there is a new ball game' and if they want to get out they would be willing, they would be able to sell once; now if they tried to sell twice, well, they could sell any number of times before the effective date because that is the system now."

Senator Shinpoch: "Before July 1?"

Senator Fleming: "Yes, before July 1, they could as many times as they want to because that is the current system right now; but once July 1 came they would be allowed to sell once before the ten-year cycle start . . ."

Senator Shinpoch: "Thank you, Senator Fleming."

Further debate ensued.

POINT OF INQUIRY

Senator Rasmussen: "Senator Fleming, on page 9, section 7, you provide for the development of accounting and auditing requirements 'within seventy-five days' they will 'engage a consultant', the department will engage a consultant and then that consultant will present a report; 'the secretary will adopt rules and regulations necessary to implement the consultant's product'. My question is, is this a command, demand of the department that they accept in toto the consultant's report? We have been, you know, consulted to death with consultants' reports and what I am wondering is, you appropriated the money for it, I think one hundred twenty-five, hundred and thirty-five thousand dollars but do we not now have a standardized form and would there be any difference in this consultant's report than what our state auditor would request, in the matter of forms?"

Senator Fleming: "Senator Rasmussen, what takes place there we do not necessarily do things under general accepted accounting practices totally within the department now. We are setting up a certain system here and what we are doing is, and I realize just like Senator Shinpoch, and I will react to some of that, if you have not been following the process all along you would not know why we are doing certain things. And one of the problems we have is we have been having a tough time having the department to meet deadlines of any sort and we have continually gotten in trouble, whether it is in court or whatever, and the thinking here was that if they contracted that work out that contract is going to have that process or that program completed when we needed it. And so that is some of the reasons why contracting this out and demanding that they come forth and then the department will set rules and regulations in accordance with that. But there is give and take in that."

Further debate ensued.

POINT OF INQUIRY

Senator Goltz: "Would someone yield to a question and I am not quite sure to whom the question should be addressed. I would like to ask a question concerning the contractual requirements or the contractual conditions which are built into this law, and the meaning of that in terms of the ability of the legislature to come back and address some of the concerns that we may want to address a year or two down the road. If there is someone here that could tell me whether or not this bill contains contractual language which makes it impossible for the legislature to correct if a nursing home decides to buy a property, decides to come into the business, based upon this law, are they in any way able to claim that this is a contract rather than simply a statute? I think I am addressing that to Senator Jones who is rising slowly from his chair."

Senator Jones: "Senator Goltz, as a layman on the judiciary committee I will try to talk about contractual rights which is a pretty deep, deep subject, but it is my feeling that, in answer to your question, no, there is nothing in this that is going to prevent us from coming along and adjusting any problems that may have arisen as a result coming to our attention. If anything I think we have made it much more clear and less obscure in terms of, legal terms that we can pin situations down. We do have the, if you read the entire bill, we have a certificate of need included in it. We put about everything in here in such a manner that it will meet the legal tests on our part and we can certainly come back and make any changes as we meet as the legislature; and I hope that we will continue as a, if the proper word is a little oversight on this situation, because some of us have become fairly knowledgeable (we are a little dangerous at this point with the amount of knowledge) but we would appreciate trying to continue in this line and make adjustments which I believe is the essence of your suggestion; and I think Senator McDermott has not risen yet and I would hope he would perhaps respond to this, too."

REMARKS BY SENATOR McDERMOTT

Senator McDermott: "Mr. President and members of the Senate: Senator Fleming and I talked briefly about his answer to Senator Shinpoch's question which I think is also a part of Senator Goltz's question. Senator Shinpoch, on page 27, at the bottom, you will see, that you asked a question about 'turnovers' and Senator Fleming talked about how many could occur. The first turnover that occurs after January 1, 1980 begins the clock running and note they cannot sell for ten years after that and expect to recoup any kind of increase; so whatever happens in this next year before the whole bill goes into effect, will begin at that point also. You are not going to get a lot of quick turnovers in the next year because this bill will not recognize those costs and people are not going to be able, there would be no point for it for an income tax purpose.

"Now the second thing that should be pointed out is on page 37; we have some language which I think is directed to the department of social and health services, really. It says 'When a certificate of need for a new facility is requested, the department, in reaching its decision, shall take into consideration per-bed land and building construction costs for the facility which shall not exceed a maximum to be established by the secretary.' Every time there is a sale there has to be a new certificate of need obtained and we are giving the department some discretion, and this is one of the areas where there must be oversight, is the question of whether or not it is a reasonable kind of transaction and whether the state ought to pick up the costs. So there are two controls on this that there can only be a sale once every ten years that we will pick up the costs of, and secondly the certificate of need process will look carefully at the implications of it.

"I would like to say one other thing and I guess sometimes passing bills like this gets a little anti-climatic when you have been working on a bill for two and one-half or three years as the committee has. I personally want to recognize Senator Fleming's efforts. There has been a lot of publicity, a lot of negative things in the press from a variety of sources, from governmental departments, from industry people; we have had mail of all sorts come into our mail box and I want to say that Senator Fleming hung in there in spite of it all. It is very clear to me why the University of Washington won Rose Bowl games, Senator Fleming. I would love to run through holes where you were blocking for me. And I think that this is an issue that we are not through with; we will continue to be bothered by this because we really need a long-range plan for the elderly. The number of people is growing every day and if we continue to use nursing homes as the only source by which we deal with the problem, we are going to have continued problems in this particular area. I think we really need a legislative committee to look at the much broader issue of the aging; and in that committee we can also look at the oversight that is necessary in this bill. But I think Senator Fleming, this body will never know all the things you have dealt with in this bill, and I really appreciate it personally."

POINT OF INQUIRY

Senator Guess: "Senator McDermott, I do not read the English language as you described it on the floor and I would like to ask you if you read page 37, line 5, 'When a certificate of need for a new facility is requested, the department, in reaching its decision, shall take into consideration per-bed land and building costs. . .'. As I got it, and I do not know whether I heard it correctly or not, but you indicated to me that when somebody wanted to make a sale that they were going to take into consideration the per-bed need. Would you clarify that point?"

Senator McDermott: "Senator Guess, for the purposes of this whole area when a facility is put up for sale, it is considered as a new facility by the department. In other words if I want to sell my facility to you, you have to go to the department of social and health services and get a certificate of need which says that we need that facility. It is treated as though it were a new facility as though it had not ever existed before the moment I sell it to you. And it is that process, that use of the word 'new' is really to reflect the fact that it is considered a new facility even though it may have been in operation for forty or fifty years prior to that."

Senator Guess: "Senator, you are putting an interpretation onto the words 'new facility' that I do not believe it should neither be there because it will be misleading to those people who are trying to meet the needs of the citizens; and I do not want the record to stand until this point is clarified. The department should not be under the illusion, for instance, that this is what it means. This says that you will take into consideration the land cost for a new facility, building construction costs—hasn't anything to do at all with a transfer of property, and I think that would be perhaps blocking the transfer of sales if we went with your interpretation."

Senator McDermott: "Mr. President, may I continue my answer to your question. On page 27, we begin a paragraph that talks about the sales, the first arm-lengths transaction after January 1, 1980. It says '. . . for facilities participating in the medicaid (sic) program prior to January 1, 1980. The new depreciation base for such acquisitions shall not exceed the fair market value of the assets as determined by the department of general administration through an appraisal process (sic)'. Staff indicated to me I made a misstatement, if there is a sale, the department of general administration will do an appraisal of it and it will be on that basis decided; so I was incorrect initially. I am sorry I misled you."

POINT OF INQUIRY

Senator Guess: "Thank you very much, Senator. The other thing that I would, as a part of that question, have asked 'What is going to happen to those facilities that are now in existence?' Will the department evaluate those as fair market costs or just what is the position of the department going to be in arriving at the rate? Senator Fleming, I would like to ask the question, what is the department going to do in constructing the base rate now with the older facilities? They are in existence, they have been there, how is the department to handle this?"

Senator Fleming: "Senator Guess, if you are talking about a treatment of fairness, and that is what we are talking about in this; if there are existing facilities, if you are asking whether the department as of the effective date of this measure, is going to reappraise each one of those pieces of property and bring them up to present value, no. There would not be any purposes to do that other than to just increase the depreciation expense for reimbursement that they would be receiving but they will not have incurred any additional cost or what have you. That appraisal factor, in two instances, in the leasing transaction, that is there to establish a case of reasonableness. The other appraisal is for the purpose, if someone wants to sell, that will also be a test of reasonableness, because if you were to sell that place, you might want to sell it for more than what it is worth to the state. But if somebody wants to buy that for more than that, then I think we have a pretty good deal because they have seen something else in our system in terms of the rate of return and the profits they can make as to why they decided to buy that at that cost. So we should not and that is what someone wanted to do, Senator Guess, was to take every nursing home at the effective date of this bill and reevaluate them and bring that appraisal right up to January 1, 1980, and start paying them at that depreciation base. And that is not the case."

Senator Guess: "Senator, I am yet unclear how the rate will be established of those already in existence."

Senator Fleming: "They already have their rates. They are being paid their rate at the present time, Senator Guess. And we pay that based on the cost, the depreciation cost, and they take their interest plus so forth, out of that so forth. Now they entered into a contract and we have been paying them all along. Just because this bill comes into effect, we should not increase that depreciation because they have not been out any additional expense, or cost. The historical cost is the base."

Senator Guess: "Let me give you an illustration of the problem that comes to me from a constituent of another Senator sitting very close to me that I happen to know about. The facility was built twelve years ago. The owner at that time entered into an agreement with the bank to borrow the money on a twenty-year pay-back. Now the department comes along and said 'We are depreciating your value on a thirty-year pay-back.'

"Now this seems to me that I was hopeful this bill would correct that so that the pay-out could continue on the basis, now we are twelve years into this, there are so many dollars a month going to the bank. There are eight years left to pay but the department says 'we are going to pay you on the basis of a thirty-year pay-out from now.' Now that is not going to supply nearly enough money to continue the pay out at the twenty-year rate in the next few years."

Senator Fleming: "Senator Guess, in the first place, when that individual entered into that agreement he or she knew what ball game they were in and they had anticipated some way or another how they were going to finance that operation. So we are not doing anything to that. It is not any different than when they entered into it. Now the one thing that is happening and that person is going to be a heck of a lot better off as a result of this measure. Under the present system that they seem to be doing okay under, they have said the only place we are able to get profits is out of the property. You don't allow any profits at all. And we heard that and we said in

that case and in a case where someone leases an operation, that lessee ought to be able to make, have some incentive to do a better job and receive some profit out of it, other than his salary. So what is happening now is that person will be in a better position to pay on that obligation than they are presently now because we are going to allow them to make a profit on the operation of their business. We have increased their payments on food. We are taking care of their patient care, and workers, and so forth and from what I hear out there in the market place now, not too many of them are squabbling about that type of situation. This is not going to hurt them. This is going to help them because they are going to have more money coming in than they had before."

Senator Guess: "Thank you very much for your assurance, Senator."

POINT OF INQUIRY

Senator Odegaard: "Mr. President, I think, I have a concern it relates so much to Senator Guess' concern, and Senator Fleming and I have discussed this before. I have a concern about the operator of an existing facility who made improvements to that facility and Senator Fleming, if you would yield to a question—will that operator be reimbursed? Will that show up in his rates and if so, how; and what kind of documentation will he have to show?"

Senator Fleming: "Senator Odegaard, under the present system and this system will hopefully encourage more of that, when you reinvest funds into the operation in buildings and so forth, we hope that that is going to make that a better nursing home; and under the present system it doesn't change here and probably will be more enhanced, the operators are reimbursed, are reimbursed for those expenses that they incur when they reinvest money into those nursing homes. That, in itself, at some point in time increases that depreciation base because, it is just like any other equipment and so forth. You have it over a life and when they bring in new equipment that comes on a new depreciation schedule. And so when they would make these repairs and so forth and invest that money into that nursing home, that eventually gets into their depreciation base, and they are increased, the depreciation schedule. Now you say what kind of documents that you have. Well I guess this situation is no different than any other where you have to have proof, where you have to have proof of your expenditures. And so I would assume those normal, how do they prove it now? Whatever they have been doing up to now to prove it I am sure this does not change it any; so I think those normal avenues in which you use, you have to have proof as to what expenditures would be accepted under this situation. It would not change any."

THIRD READING

SENATE BILL NO. 3280, by Senators Van Hollebeke, Wojahn, Quigg and Hurley (by Department of Licensing request):

Revising laws relating to real estate brokers and salesmen.

POINT OF INQUIRY

Senator Rasmussen: "Senator Van Hollebeke, I do not know who agreed to this bill. It seems to me this is the same bill we asked you about the other day and you have not made any changes in it."

Senator Van Hollebeke: "Well, maybe . . ."

Senator Rasmussen: "Will you submit . . . you have to mail your applications out of state, you have to mail the money with it. Let me explain, Senator Van Hollebeke, I had a check come to me and it was lost in the mail. These people sent their applications out-of-state, send their money out-of-state, and will have to go out-of-state in order to trace it instead of dealing with local people. I think our license department is, we may just as well abolish the department if this is the attitude they are going to have, if they are going to have all their work done by out-of-state people."

Senator Van Hollebeke: "Senator, you asked me to yield . . ."

Senator Rasmussen: "Has there been any changes in this bill that would change my mind?"

Senator Van Hollebeke: "I was going to say, you asked me to yield and it's not entirely clear to me what you want me to yield to . . ."

Senator Rasmussen: "Well, what I wanted to ask you you said this was an agreed-on bill. I wanted to know if you had made any changes so we could agree on it."

Senator Van Hollebeke: "Well, I thought that you had had the time to become better educated on it but I would like to explain how the bill works, for all of the members. It was requested by the department of licensing. Currently the department utilizes the national standardized tests for many professional examinations as you of course realize, Senator, health care professionals, veterinarians, chiropractors and many others, CPAs, and so forth. Many of the national testing services such as Educational Testing Services of Princeton, New Jersey, find it easier and more economical to handle registration procedures and fees and test results reporting directly into and communicate directly with the applicant. This is one of the reasons, in order to save the state money—saving the state money was one of the reasons why it was requested by the department. Because of some unique language, Senator, in the real estate code, the department cannot allow this processing by testing services directly—that is the processing of the examination really (sic) a receipt and then they have, this would give the department discretionary authority. It would not put it in the law but it would give them authority to enter an agreement with a testing service to allow applicants for the real estate examination to communicate directly with the testing service and, as to the test application and the fee for the test only, then a pre-determined amount, the way this would be handled, a pre-determined amount, that is, a contracted amount, would be retained by the testing service. If they get five dollars out of every twenty-five, then they just keep that and forward the other twenty back to the state.

"I am quite sure that the state auditor and the department of licensing are not going to lose any of this money and the state is not going to lose any of it. So I have a great deal of confidence in the state auditor and the department of licensing. This

bill merely removes the restrictive language currently in the real estate code and gives the department this discretion. It does not affect any authority, it does not affect any funding, and I do not think it does quite what you had in mind, Senator.

Senator Rasmussen: "Mr. President, the very complete report that Senator Van Hollebeke gave us indicated that the license applicant would send his application and his money back to some outfit some place, out of the state, maybe some foreign country when they decide they would have a better examination. And then whatever money that they did not use they would send back to the state. I think it is rather the wrong approach and I would urge we vote against this bill."

Debate ensued.

The President called the Senate to order at 11:35 a.m.

MOTION

On motion of Senator Walgren, the Senate commenced consideration of Senate Bill No. 2381.

SECOND READING

SENATE BILL NO. 2381, by Senators Talmadge, Bottiger and Gallagher:
Revising superior court clerks' fees.

MOTIONS

On motion of Senator Talmadge, Second Substitute Senate Bill No. 2381 was substitute for Senate Bill No. 2381 and the second substitute bill was placed on second reading and read the second time in full.

On motion of Senator Talmadge, the rules were suspended, Second Substitute Senate Bill No. 2381 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

POINT OF INQUIRY

Senator Rasmussen: "Senator Talmadge, I am curious. Senate Bill 2381 would impose higher rates at the local level."

Senator Talmadge: "Yes it would, Senator."

Senator Rasmussen: "Initiative 62, by an overwhelming vote of the people, in every county of the state, indicated if, at the state level we impose higher rates for fees, services, taxes, on the local level does the same law that imposed that higher rate would have to be accompanied with the money to pay for it from the state level? Is this bill providing any money at the state level to handle those higher rates of taxes or fees, that are being imposed on the local level?"

Senator Talmadge: "Senator, no it does not. What this bill simply allows is that the superior court clerks can charge that fee to the user of the system. It does not do anything more than that. When I go down to superior court in King county to file a lawsuit, I pay to the King county superior court clerk, forty-five dollars. What this bill will do is allow the superior court clerk in King County to charge me sixty dollars for that filing fee; or if I ask the court clerk to search the records because I have a client who is very concerned about his or her roots or his family tree, this allows the clerk to charge me on behalf of the client for that search of the records. It is simply an authorization to the superior court clerks to charge, and it does not mandate anything from the state level, and does not carry any appropriation from the state level for that reason."

Senator Rasmussen: "Senator Talmadge, as I read the bill it sets the fee for searching records and it sets the fee for filing and it sets the fee as mandatory, — maybe I am reading the bill wrong. Does it say 'may' or does it say 'This is the fee.'?"

Senator Talmadge: "This is the fee that the court clerk at the local level can charge. The state's involvement in this is nothing more than authorization, Senator. We are authorizing the court clerk to make that charge."

Senator Rasmussen: "Well Senator Talmadge, again I am trying to clarify initiative 62. We say that this is the fee that they must charge, not that they may. Is that correct?"

Senator Talmadge: "Senator, it goes entirely to local government. The state has no fiscal role in this whatsoever. We do not receive a dime of that money; it goes simply to the local government. We receive some back for certain specified services that the state provides and those include the judicial information system. But short of that, it is all a fee that the county government charges the users of the system."

Senator Rasmussen: "... but it is a state-imposed fee on the local government?"

Senator Talmadge: "It is not imposed on local government, Senator. It simply authorizes local government to charge that fee to the user."

Senator Rasmussen: "I guess probably, Senator Talmadge, I am confusing government with people. The people voted that they did not want any additional fees imposed at the state level unless the state agreed to pay; not the local elected officials, they did not have anything, it was the people's initiative that said that. I am trying to clarify the fact which state-imposed levels rather, we just do not say 'They may do this.' Some counties may do it, some counties may not do it. It is mandatory, is that correct?"

Senator Talmadge: "Senator, if the county does not wish to charge for the service, they do not have to. We are simply authorizing the county to charge that fee if they wish to do that for that service provided. There is no initiative 62 implication, Senator."

REMARKS BY SENATOR BOTTIGER

Senator Bottiger: "Senator Rasmussen, the situation now is that if you were to ask the clerk to do something she would tell you, let us say that I ask them to check and see if a judgment has been satisfied. She does not have the help to do it so this bill authorizes her to charge me for the service so that she can perform it for me in that search record. The rest of the fees are fees we have always set. We have tried to keep the system economically viable and by periodic raises because of inflation we keep the clerk's office and the superior court, a portion of the superior court budget in balance."

REMARKS BY SENATOR WILSON

Senator Wilson: "Mr. President, in further response to Senator Rasmussen, this bill has nothing to do with initiative 62. The purpose of section six of initiative 62 was to protect local governments against obligations that they are unable to finance. This bill works in exactly the same direction as initiative 62 does in that respect, in the sense that it permits local governments to collect enough money to finance services that are solicited of the clerk's office by attorneys and by other people involved in superior court actions. This is a favorable bill from the standpoint of local government."

POINT OF INQUIRY

Senator Donohue: "Senator Wilson, normally the clerk's office receives funds from that budget passed by the county commissioners, is that correct?"

Senator Wilson: "The clerk's office is supported in part by appropriation from the county general fund and in part by fees charged to users."

Senator Donohue: "So it would be possible, then, that this particular bill is generated, the bill is generated for, by the clerk's association because at the local level the county commissioners are, in fact, not budgeting enough for them? I am trying to . . ."

Senator Wilson: "Senator Donohue, I expect that Senator Talmadge could comment more knowledgeably on this topic but it is my understanding that the county commissioners appropriate funds for the general operations and expenses of the county clerk's office. In addition to that and beyond it, attorneys or their clients ask for certain services of the clerk's office in the way of filing papers or searches and so on, and are expected to pay for them; and this bill increases the cost they will pay for these services to a level that is more consistent with the inflationary times of today."

Senator Donohue: "The clerk wants to hire more people, is that the issue?"

REMARKS BY SENATOR TALMADGE

Senator Talmadge: "In response to Senator Donohue's concern, I think the problem is essentially this, Senator, that the legislature has required of the clerks that certain portions of the filing fee be earmarked for certain services such as the county law library, such as a number of other services. What this bill permits is the county clerk's can now attempt to pay more of the service out of a user fee than out of the general fund of the county; and that is what the filing fee attempted to do at one time but with the earmarking of funds that the legislature has required that ability to use have the users pay for a good, a larger portion of the service has diminished. And now this simply allows for that."

REMARKS BY SENATOR BOTTIGER

Senator Bottiger: "Mr. President, we are always concerned on a consent calendar where questions start coming up. But to clarify the point that Senator Donohue made, the county commissioners set the budget for the county clerks. They go down and say 'Look how much we took in — we need so many employees to perform the service that are required'. The county commissioners can overrule them with the exception of the earmarked funds that Senator Talmadge mentioned. Now undoubtedly there will be some county clerks, who in one case may get some employees restored that were cut by the county commissioners, or in other cases may get an additional employee. But they will have to prove their case to the county commissioners."

REMARKS BY SENATOR ODEGAARD

Senator Odegaard: "Mr. President, I think that the point Senator Rasmussen was trying to make that when the people voted initiative 62 they wanted a limitation on taxes and on fees—not that this bill would place an obligation on local government but there was another message in that initiative. I think that is the point he is trying to make; and I see in reading this it increases from thirty-two to sixty dollars the fee that a defendant in a criminal case is liable upon conviction or plea of guilty or upon failure to prosecute an appeal from a lower court as provided by law. That is just about one hundred percent increase, which I would think would be very contrary to the message that the people were trying to get to us in initiative 62."

REMARKS BY SENATOR TALMADGE

Senator Talmadge: "Senator Odegaard, I can appreciate your concern about the increase in the criminal filing fee, but the fact of the matter is, the legislature increased the filing fee for civil cases not long ago from thirty-two to forty-five dollars. All this provides for is that the filing fee essentially for criminal cases is the equivalent of the one in civil cases. And it brings the criminal one up to what we are arriving for for civil cases."

MOTIONS

On motion of Senator Goltz, Second Substitute Senate Bill No. 3136 was substituted for Senate Bill No. 3136 and the second substitute bill was placed on second reading and read the second time in full.

On motion of Senator Goltz, the rules were suspended, Second Substitute Senate Bill No. 3136 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

POINT OF INQUIRY

Senator Wilson: "Senator Goltz, could you give me a more specific example as to the provision in this bill pertaining to the trust funds and why the exemption is needed?"

Senator Goltz: "This was requested by the assistant attorney general for some of the higher educational institutions, Mr. Richard Montecucco and I believe there is a trust fund which, as far as I can remember the name of it was the 'Bremer fund' but that is unimportant. As I understand it, when they have these assets in one of these trust funds and are trying to make a decision as to negotiating or selling a part of this fund, if that public record which would be a part of the record of the trustees is open to public examination, it would reveal what they are planning to do with their trust fund and that would tend, in itself, to drive, might drive down the value of the fund. It is hard to be specific because each one of these instances is a separate business transaction. But the rationale is that if you were in private business instead of a public business, you would want to jealously guard your right to negotiate and to get rid of assets, whereas a public body having the same kinds of business transactions to perform in the name of a trust, under the present law, may be denied that right to operate in secrecy, if you will, but this is done only to protect the value of the trust."

MOTION

Senator Guess moved that Second Substitute Senate Bill No. 3136 be held on third reading following consideration of Substitute Senate Bill No. 3359.

POINT OF INQUIRY

Senator Marsh: "Senator Guess, I would like to ask if you have a substantial amendment because we have an agreement that if we have substantial amendments we are not going to consider them today; we are going to move them to the bottom of the calendar."

Senator Guess: "Senator Marsh, it is a very short four-line amendment to it that would exclude the records or information supplied to the department of transportation by any person, firm or corporation for the purpose of qualifying to submit a bid. It is a pre-qualification deal."

Senator Marsh: "Senator Guess, is there any reason we cannot consider now what is in front of us?"

Senator Guess: "I was trying not to hold up the action, if the secretary would distribute it, I think we could take it down."

The motion by Senator Guess was withdrawn.

POINT OF INQUIRY

Senator Van Hollebeke: "Senator Rasmussen, you did not explain what the change was — you said it 'permits' people to appeal to the board of tax appeals and I notice it says that in the digest, the digest does not tell what present law is and presently, of course, they have the right to appeal to superior court and the digest says they can do that. I presume they could always do that. Is that correct, Senator?"

Senator Rasmussen: "This is correct."

Senator Van Hollebeke: "And what about the board of tax appeals — presently it would not be allowed to appeal to that board?"

Senator Rasmussen: "No, you have the option. You can go at the old law before we have changed it, said the only place you could go for an appeal was to the superior court."

Senator Van Hollebeke: "Before, you mean the present law as of this moment, the law is, you can only go to superior court?"

Senator Rasmussen: "No, no, the inheritance tax code we adopted last session allows the same appeal to the superior court, or you could go to the board of tax appeals which is much less costly. And we are making that change now for gift tax also in cases of dispute over the gift tax."

Senator Van Hollebeke: "Thank you, Senator, I certainly appreciate that."

MESSAGE FROM THE GOVERNOR

Office of the Governor, February 1, 1980.

TO THE HONORABLE, THE SENATE OF THE STATE OF WASHINGTON.

LADIES AND GENTLEMEN:

I have the honor to advise that on February 1, 1980, Governor Ray approved the following Senate Bill entitled:

MOTIONS

On motion of Senator Walgren, the Senate advanced to the eighth order of business.

On motion of Senator Walgren, Senate Bill No. 3191 was rereferred to the Committee on Ways and Means.

REPORT BY SENATOR RASMUSSEN
ON GUBERNATORIAL APPOINTMENT
GARY L. JACKSON

Senator Rasmussen: "I was ordered to take back for review, an appointment to the horse racing commission. I want to report back to the Senate now. The committee did hold hearings and I will furnish to the members of the Senate the information that we received, affidavits where there was no conflict of interest by reason of holding a hearing with only two members of the horse racing commission present. There was also an affidavit from Colonel Bell of the state patrol where he was the one that ordered the car for Mr. Jackson to ride in; Mr. Jackson had nothing to do with that part of it. However, Mr. Jackson does not feel it is, for the amount of compensation, that he should have to take the harassment any longer; and Mr. Jackson, I am informed, has withdrawn his name. He has resigned from the horse racing commission where he has served without question for some two years. So we will be having another appointment sent up from the Governor's office. Can't say that I blame Mr. Jackson for resigning. There has never been any question proven of any of the material that was charged to him. The only thing that could be said was that some of the Mexican-Americans who had appeared before our committee a year previously asking that the illegal aliens be transported out of the state come before the committee and were disturbed because of an editorial that had rather harsh words about illegal aliens. So we no longer have Mr. Jackson's confirmation before the Senate. That concludes my report, Mr. President."

PERSONAL PRIVILEGE

Senator von Reichbauer: "Mr. President, I rise to a point of personal privilege."

President Cherberg: "The Senator will speak upon a point of personal privilege."

Senator von Reichbauer: "Mr. President and members of the Senate; I wish to thank this body for giving me the opportunity to raise certain questions on the floor and in the committee process. I also want to thank the members in this body, and in particular the state government committee for the time to review those . . ."

POINT OF ORDER

Senator Rasmussen: "Point of order. Was Senator von Reichbauer's motives impugned? He has raised the question of personal privilege which is only granted to a senator when his motives have been impugned."

Senator von Reichbauer: "Mr. President, I speak to make a comment. It relates to my involvement."

President Cherberg: "The President cannot hear you, Senator; would you hold the mike a little further away from your mouth, please?"

Senator von Reichbauer: "Mr. President, I rose to thank the Senate because of the questions raised on the floor here, as reflected in the questions I raised. Again I want to thank the body and I thank the body for reasserting its role to the constitutional process of advice and consent. No one individual won. I think the Senate as a whole, won, because of its reassertion of its role in the confirmation process."

RULING BY THE PRESIDENT

President Cherberg: "Senator Rasmussen, the President believes that Senator von Reichbauer's remarks were related to the point of personal privilege."

(a) A home, which is defined as real property owned and used by an applicant or recipient as a place of residence, together with a reasonable amount of property surrounding and contiguous thereto, which is used by and useful to the applicant. Whenever a recipient shall cease to use such property for residential purposes, either for himself or his dependents, the property shall be considered as income which can be made available to meet need, and if the recipient or his dependents absent themselves from the home for a period of ninety consecutive days such absence, unless due to hospitalization or health reasons, shall raise a presumption of abandonment: PROVIDED, That if in the opinion of three physicians the recipient will be unable to return to the home during his lifetime, and the home is not occupied by a spouse

(g) The department shall by rule and regulation fix the ceiling value for the individual or family unit for all property and belongings as defined in items (c), (d) and (e) of this section. In establishing such ceiling, the department shall establish a sliding scale based upon the family size. (12) "Income"—All appreciable gains in real or personal property (cash or kind) or other assets, which are received by or become available for use and enjoyment by an applicant or recipient after applying for or receiving public assistance: PROVIDED, That all necessary expenses that may reasonably be attributed to the earning of income shall be considered in determining net income: PROVIDED FURTHER, That the department may by rule and regulation exempt income received by an applicant for or recipient of public assistance which can be used by him to decrease his need for public assistance or to aid in rehabilitating him or his dependents, but such exemption shall not, unless otherwise provided in this title, exceed the exemptions of resources granted under this chapter to an applicant for public assistance: PROVIDED FURTHER, That in determining the amount of assistance to which a recipient of aid to the blind is entitled or to which any dependent of such recipient may be entitled under any category of public assistance, the department is hereby authorized to disregard as a resource or income the first eighty-five dollars per month of any earned income plus one-half of earned income in excess of eighty-five dollars per month and for a period of not in excess of thirty-six months such additional amounts of other income and resources, in the case of an individual who has a plan for achieving self-support approved by the department, as may be necessary for the fulfillment of such plan of such blind recipient who is otherwise eligible for an aid to the blind grant: PROVIDED FURTHER, That in determining the amount of assistance to which a recipient of aid to families with dependent children is entitled, the department is hereby authorized to disregard as a resource or income (a) with respect to a child who is not a full time employee and who is a full time or part time student attending a school, college, or university, or a

course of vocational or technical training designed to fit him for gainful employment, all of the earned income of such child; and (b) with respect to any other dependent child, adult, or other person in the home whose needs are taken into account in making such determination, the first thirty dollars of the total of their earned income for such month and one-third of the remainder: **PROVIDED FURTHER**, The department may permit the above exemption of earnings of a child to be retained by such child to cover the cost of special future identifiable needs even though the total exceeds the exemptions or resources granted to applicants of public assistance, but consistent with federal requirements: **PROVIDED FURTHER**, That in determining the amount of assistance to which a recipient of old age assistance is entitled, the department is hereby authorized to disregard as a resource or income the first twenty dollars per month of any earned income plus one-half of additional earnings up to eighty dollars of such recipient who is otherwise eligible for an old age assistance grant; but the total amount of earnings or other income if accumulated shall not, when added to the amount of cash or marketable securities exempted under (d) of subsection (11) of this section, exceed the total amounts exempted under that subsection for a family unit: **PROVIDED FURTHER**, That a recipient of aid to the blind may accumulate without penalty from such exempt income, an amount not to exceed the maximum value of personal property as established by the department pursuant to this section less other cash, marketable securities, cash surrender value of insurance and/or car held by such recipient. (13) "Need"—The difference between the applicant's or recipient's cost of requirements for himself and the dependent members of his family, as measured by the standards of the department, and value of all nonexempt resources and nonexempt net income received by or available to the applicant or recipient and the dependent members of his family.

(14) In the construction of words and phrases used in this title, the singular number shall include the plural, the masculine gender shall include both the feminine and neuter genders and the present tense shall include the past and future tenses, unless the context thereof shall clearly indicate to the contrary.

POINT OF INQUIRY

Senator Rasmussen: "Senator Talmadge, you, being a young and eager attorney, and wanting to get your cases settled, can you tell me, does the court operate around the clock . . . not around the clock, around the year, every month; and do the judges allocate their vacations so all judges do not take their vacation in summertime?"

Senator Talmadge: "Senator, I guess you are referring to the fact that in some courts in the state, the judges take a holiday from jury trials during one month during the summer. In King county that is true but most of the judges are there hearing non-jury cases; and the concern that you have about judges scheduling vacations is taken care of in King county. We have a procedure that is slightly different from Pierce county. For example, in that we have judges assigned to particular types of situations, like civil motions, criminal motions, amendatory settlement conference procedure, and a number of others; and unlike, maybe, the situation in Pierce county, those judges are working almost all year 'round."

Senator Rasmussen: "Thank you, Senator Talmadge."

Debate ensued.

Senator Gould: "Senator McDermott, I understand that there are several groups such as Boy Scouts that go out and cut firewood now and sell it for purposes of their own fund-raising. I wonder if your intention is to prevent that?"

Senator McDermott: "I presume, Senator Gould, that that is already possible by getting a permit and what this says is people can go in and get their own firewood. When you are talking about something like that where they are getting a large amount, then they go and get a permit from the department of natural resources or any other agency. I do not think this amendment has any effect on that at all. It is not intended to have any effect on it."

Senator Gould: "May I ask one further question because I do not like to inhibit this as far as the use by, not by large companies, but by people that may want to subsidize their college education by taking a dump truck and going out and cutting a couple pieces of firewood and selling it to somebody down the block. From what you are saying why this would not be permissible."

Senator McDermott: "They would have to get a permit to do that and that is possible now and they could continue to do that. This is for somebody to go in and get their own firewood without a permit, that is essentially what it is."

POINT OF INQUIRY

Senator Hayner: "Senator McDermott, would you be willing to accept an oral amendment that would strike the words 'under any circumstances'? I think that is awfully strong language if, in fact, we do permit the department to give permits to charitable organizations for occasions such as that."

Senator McDermott: "Senator Hayner, I guess my only objection to that is that if it is possible to do it now, presently, nothing in this is going to stop that because they are doing it already. They are getting permits; they are selling it. What I am saying is, under this section that talks about individuals going in and getting their firewood for personal use, then I think that should not be possible for them to go in and get it and sell it; they ought to have to go and get the permit, go through the process, rather than having some end run around this business."

Debate ensued.

The amendment by Senator Goltz to the amendment by Senator McDermott was adopted.

The President declared the question before the Senate to be the amendment by Senator McDermott as amended by Senator Goltz.

POINT OF INQUIRY

Senator Wilson: "Senator McDermott, does your proposed amendment place a restraint on the department or does it place a restraint on the person who has gone into the woods to cut firewood for his personal use?"

Senator McDermott: "It places a restraint on the person going into the woods to cut the wood for his own personal use. If you look in the subsection above, they have already been able to go in there without charge and get personal firewood. There is nothing in this law which says you cannot take a dump truck in there and pick up five cords of wood and go out and sell it in the neighborhood. Now if that is what you want, you have to understand that that is what you are doing. There is no restriction on this. It says 'we are encouraging people to go in and get the slash and cut it, and it is for their personal use'. Now all I am saying is, let us make sure they are not going out and selling it because they would be circumventing the process of going and getting a firewood permit and doing it the appropriate way. That is merely the intent of this particular amendment."

Further debate ensued.

The motion by Senator McDermott failed and the amendment, as amended, was not adopted.

On motion of Senator Peterson, the rules were suspended, Engrossed Senate Bill No. 3175 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

SECOND READING

ENGROSSED SENATE BILL NO. 2433, by Senators Day, Ridder and Shinpoch:

Revising the definition of unemployable persons.

The Senate resumed consideration of Engrossed Senate Bill No. 2433. The committee amendments were not adopted when the bill was under consideration earlier today. Senator Day had moved adoption of an amendment by Senators Shinpoch, Day and Donohue.

The motion by Senator Day carried and the amendment was adopted.

On motion of Senator Day, the following amendments to the title were adopted:

In line 1 of the title, after "persons;" strike "and"

In line 4 of the title, after "74.04.005" and before the period insert "; creating a new section; and declaring an emergency"

On motion of Senator Day, the rules were suspended, Reengrossed Senate Bill No. 2433 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

POINT OF INQUIRY

Senator Haley: "Thank you, Mr. President, ladies and gentlemen of the Senate. I would like to ask a question of Senator Shinpoch for the record. There is a line on page ten, line eighteen. That whole subsection says 'A uniform definition of unemployable persons which definition shall include physical, mental or other personal obstacle or obstacles to any (1) employment or (2) work training program'. I would like to ask if Senator Shinpoch would yield to a question. . . Senator Shinpoch, could you elaborate on that particular line, those words 'other personal obstacle or obstacles', please."

Senator Shinpoch: "Senator Haley, it was our intent to not attempt to define 'obstacles' as much, and it could be a number of things; it could be anything from not having a personal car, or a way to get there, but it was to mean that it was a personal obstacle rather than a geographic, so geographically you are not located where there is a job. It was meant as an exclusionary thing, that it had to be a personal obstacle rather than some other type of thing."

Senator Haley: "Is it possible, Senator Shinpoch, to mention what kind of personal obstacles we are referring to here?"

Senator Shinpoch: "I think, Senator Haley, that I have probably explained it as well as I can. I am not sure that I understand what is bothering you about it. It is

meant that it has to be something personal, it cannot be because you live five miles from the job and there is no bus that runs by there, is the intent of it, past that . . ."

ROLL CALL

The Secretary called the roll on the final passage of Reengrossed Senate Bill No. 2433, and the bill passed the Senate by the following vote: Yeas, 44; nays, 1; absent or not voting, 2; excused, 2.

REENGROSSED SENATE BILL NO. 2433, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

MOTION

On motion of Senator Marsh, the Senate commenced consideration of Senate Bill No. 3201.

SECOND READING

SENATE BILL NO. 3201, by Senators Moore and Day:

Assisting needy families with day care services.

The bill was read the second time by sections.

Senator Moore moved adoption of the following amendment:

On page 1, line 23, after "afford" insert ": PROVIDED, That no families with an income at or below thirty-eight percent of the state median income shall be required to contribute to day care costs on a sliding fee scale."

POINT OF INQUIRY

Senator Marsh: "Senator Moore, what is the median income of the state at the present time?"

Senator Moore: "I think it is somewhere in the neighborhood of eight to nine thousand."

Senator Marsh: "Is it higher than that?"

Senator Moore: "It is my understanding that this would apply to people that are making fewer than four hundred dollars a month. I do not mean four hundred dollars a month net but that would be if they have an income of ten thousand, thirty-eight percent of that would be thirty-eight hundred or somewhere in the neighborhood of three hundred dollars a month; so that if they are in that general bracket they would not be subject to this cost."

POINT OF INQUIRY

Senator Lewis: "Senator Moore, I am sorry, I simply do not understand what I just heard, I guess, so I have to ask if you would explain a little further. You are

saying if they make between four hundred dollars a month and ten thousand and fit into that bracket . . ."

Senator Moore: "No, if I gave that impression that is not what I meant. It is my impression that if someone is now making ten thousand a year, this would provide that, if, let us say that the median is ten thousand a year then there would be thirty-eight hundred, if they make thirty-eight hundred or less they would not be subject to this requirement."

Senator Lewis: "I think the median, frankly, is closer to fifteen thousand, Senator Moore, but be that as it may, do we mean that anybody who has an income of less than thirty-eight percent of the median would be able, whether they are working or not, to put their children in day care for no fee?"

Senator Moore: "That is my understanding."

Senator Lewis: "I think this may be a little broader than a lot of us here, looking at it first glance. . ."

Debate ensued.

The motion by Senator Moore carried and the amendment was adopted.

On motion of Senator Moore, the following amendments were adopted:

On page 2, line 5, strike "and" and on line 8, after "programs," insert "and low income families with incomes at or below thirty-eight percent of the state median income"

On page 2, line 14, after "program" and before the semicolon insert ": PROVIDED, That enrollment in such programs is likely to lead to employment"

Senator Haley moved adoption of the following amendment:

On page 1, beginning on line 16, strike all of the material down to and including "afford" on line 23 and insert the following:

"It is the intent of the legislature that such financial assistance, as the legislature may determine appropriate, shall be provided to pay a portion of the cost of day care for all families with income up to sixty percent of the state median income for families which request such assistance, and that the families shall pay a share of the cost that they can reasonably afford"

Debate ensued.

MOTION

On motion of Senator Marsh, the Senate resumed consideration of Senate Bill No. 3234.

THIRD READING

ENGROSSED SENATE BILL NO. 3234, by Senators Walgren, Odegaard, Wilson, Fleming, Rasmussen and Matson:

Establishing procedures for review of administrative rules by the attorney general.

POINT OF INQUIRY

Senator Hayner: "Senator Rasmussen, I know you are always concerned about the additional employment of lawyers in state government, and I wondered if you have any fiscal note on what this will actually cost?"

Senator Rasmussen: "It actually should cost no more — each and every one of these departments have their assistant attorneys general assigned to them. The thing is to urge them to take a look and review these rules; and Senator Hayner, I am not objecting to the number of lawyers — it was only when they become judges that I want them to work a little bit harder. The lawyers work real hard all the time and cannot get their cases settled but I do not think this will cost any more. You know that each department and agency has sometimes two or three lawyers assigned to it."

Senator Hayner: "Senator Rasmussen, isn't it true that a lot of these rules and regulations in the first place are drafted by these deputy attorneys general?"

Senator Rasmussen: "In some instances it is, yes. And it is our hope, with other bills that we have, that we are going to reduce the amount of rules and regulations that are, in effect, laws made by the agencies. We are very hopeful we can draft our laws clearer and forego the need for all of these other rules and regs that are being adopted."

POINT OF INQUIRY

Senator Guess: "Senator Rasmussen, I think you answered the question to Senator Hayner a minute ago that 'Yes, the attorney generals did participate in the drafting of the rules and regulations'. Then, I would ask, what good would it do for them to review their own rules and regulations?"

Senator Rasmussen: "The question of course is, if you have a good, competent assistant attorney general that is doing the preparing, he will take great care to stay within the constitutional bounds and the intent of the laws of the legislature that passed them but in many instances this is not done by the agency. They have some other staff person doing the work and this would require them to then refer that to the AG that is assigned to them or they may even refer it to the attorney general himself and have them review the proposed rules and regs."

Senator Guess: "All right. I think that a department head who would have the rules and regulations drawn up by a person within the staff without submitting it to the attorney general's staff, would be very short-sighted indeed and in all the years of experience that I have had with trying to work with the rules and regulations that the departments have drawn up, I found that always I was referred to the attorney general. Now it appears to me that this is a duplication or actually it is a nullity as far as this body is concerned. We are meddling with something we have got no business doing — it is not going to be any good."

Senator Rasmussen: "I would hope that it would do some good. How much that it would do, Senator Guess, I do not know. Other states have this; it was a recommendation of the White House conference on regulatory reform. President Carter is

attempting to get a hold of the rules and regs on the national scale and several speakers, including the attorney general, the new governor of Arizona and the attorney general of West Virginia stated a need for this type of review and opinion and we have Michigan, Nebraska, Iowa, Indiana, and Colorado, are taking this step or have taken it already in an attempt to get some clarification, give a little protection to the public against the rules and regulations as adopted by some of the agencies."

Senator Guess: "One more question, Senator Rasmussen. Would this mean that each department would have to employ an attorney general and keep him on the shelf just to review rules and regulations?"

Senator Rasmussen: "Not at all. Not at all. They would be just referred right over to Mr. Slade Gorton who is the attorney general and they would not have to keep anybody on the shelf."

REMARKS BY SENATOR HANSEN

Senator Hansen: "Yes, thank you, Mr. President. Senator Rasmussen, I hope this achieves the goal that you are trying to attain but it kind of looks to me as if you are putting the fox in the hen house now."

POINT OF INQUIRY

Senator Gould: "Senator Rasmussen, as you may recall in committee I asked a question and I still do not feel comfortable with it but perhaps we can clarify it on the floor. When I dealt with state agencies in writing rules and regs, why, usually it is an AG, assistant AG, who writes those rules and regs and yet if those same rules and regs are going to go to the attorney general's office to have an opinion written on, will they not be written by the person who originally wrote them because he is the one that understands the issue and is assigned to that department? I do not see, unless we hire a separate attorney who again will review them, that there will be any use in resubmitting those, the same rules and regs, to the person who wrote them."

Senator Rasmussen: "Senator Gould, I would agree that if the attorney general would write the proposed rules and regs, I have explained that that is not the case all the time. It is not the attorney general or assistant attorney general that does it. However, if it was a complicated rule, and if he had doubts, he could do the same as they do over in the supreme court and the same as the present attorney general does — one attorney will write the opinion and if it is an official opinion, they will circulate it to two or three others to see whether or not that they are following the true concepts of the law. In most cases it would not require that determination."

Senator Gould: "May I ask a further question, then? This does not imply then that every set of rules and regs have to have an attorney general's opinion — only those that are not written by a member of the attorney general's staff?"

Senator Rasmussen: "No, it would require that we should have the approval of either the assistant attorney general or the attorney general himself . . ."

Senator Gould: "Would you be willing to consider a friendly amendment that only requires it for those that have not been written by members of the attorney general's staff now?"

Senator Rasmussen: "No, because that would be implying that all the assistant attorneys general that we have working for the various departments are not doing the job that they are supposed to be doing and I would not want to imply that."

Senator Gould: "I am trying to imply it the other way. I think if they write the rules and regs for their department and they are members of the attorney general's staff then they do not need to be reviewed by another member of the attorney general's staff, and that is what I am trying to avoid."

Senator Rasmussen: "Thank you, Senator Gould."

ROLL CALL

The Secretary called the roll on the final passage of Engrossed Senate Bill No. 3234, and the bill passed the Senate by the following vote: Yeas, 36; nays, 11; excused, 2.

Sec. 5. Section 1, chapter 290, Laws of 1957 as last amended by section 2, chapter 50, Laws of 1973 1st ex. sess. and RCW 79.08.180 are each amended to read as follows:

Senator Goltz: "To your knowledge are any of these Canadian companies?"

Senator Quigg: "Senator Guess, are the penalties prescribed here per violation or per citation?"

Senator Guess: "Violation."

Senator Guess: "So would the increasing, the one hundred dollar, two fifty, and five hundred dollar provision prescribed in the bill apply to a number of violations on a particular citation?"

Senator Guess: "No, it is not that but for the first violation would be everything on the first, it would be all the citations on the first arrest and all of the violations of the second arrest. So it would be for each incident."

Senator Quigg: "Thank you."

On motion of Senator McDermott, the rules were suspended, Substitute Senate Bill No. 3581 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

POINT OF INQUIRY

Senator Rasmussen: "Senator McDermott, suppose I am a school district, a large school district, and I have twenty surplus buildings and I rent those twenty surplus buildings to different corporations and firms; and let us say that I received a hundred thousand dollars a year from each one of the buildings being used for office space. Is this amount of money going to be counted against the basic education amount the state appropriates?"

Senator McDermott: "No, Senator Rasmussen, it is not. This money, if you look in section four, it says 'Each school district's board of directors shall deposit the money from the various sources into the school district's building fund' and it will have to be used in the future for any kind of building that is going to go on in the district—it will not be a deduct from their normal operating funds from the state, nor will it be additional money available for negotiations for whatever other purposes might be decided in the district. It must go into the building fund for future development that is necessary."

Senator Rasmussen: "This would only then go to the capital, not for maintenance and repair?"

Senator McDermott: "Yes, there is one slight exception from that, and that is, they can use some of the money as maintenance money for the building that is being leased out—that is the only building it can be used for, it cannot be used throughout the rest of the district—merely for the single building, or the buildings that are surplus and being leased for whatever purposes."

Senator Rasmussen: "These buildings, then, that would be leased out, are they subject to the leasehold tax?"

Senator McDermott: "It is my understanding that they are, yes."

Senator Rasmussen: "Thank you."

ROLL CALL

SENATE BILL NO. 3593, by Senators Henry, Guess, Van Hollebeke, Gallagher, Quigg, Lee, Matson, von Reichbauer, Goltz, Donohue, Lewis, Talley, Peterson, Moore, Rasmussen, Day, Benitz, Odegaard, Walgren, Wanamaker, Talmadge and Hansen:

Vesting rights of the state in unappropriated public lands.

REPORT OF STANDING COMMITTEE

January 29, 1980.

SENATE BILL NO. 3593, vesting rights of the state in unappropriated public lands (reported by Committee on Natural Resources):

MAJORITY recommendation: Do pass with the following amendment:

On page 4, line 1, strike "1981" and insert "1982".

Signed by: Senators Peterson, Chairman; Conner, Vice Chairman; Gallagher, Haley, Lee, Odegaard, Quigg, Rasmussen, Talley, Vognild.

The bill was read the second time by sections.

On motion of Senator Peterson, the committee amendment was adopted.

On motion of Senator Henry, the following amendment was adopted:

On page 4, beginning on line 16, strike section 11.

On motion of Senator Henry, the rules were suspended, Engrossed Senate Bill No. 3593 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

POINT OF INQUIRY

Senator McDermott: "Senator Peterson, did Commissioner of Lands, Mr. Cole, come before the committee and testify about this bill and indicate whether he was for it or against it?"

Senator Peterson: "I do not recall the Commissioner being there, I do not think he was requested to be there. The bill was directed to that agency because that is the most appropriate agency to make such a survey that would be necessary in the event this legislation passes."

Senator McDermott: "Thank you."

Debate ensued.

POINT OF INQUIRY

Senator Wilson: "Senator Henry, starting on line fifteen on page two of the bill, one of the exceptions to the bill is expressed as follows: 'lands which are subject to treaties between the United States and Indian tribes'. Now some of the Indian reservations in Washington state were created by treaties and are subject to treaties—others were created by Presidential proclamation and there never has been a treaty affecting that category of Indian reservations. My question is, then, is this bill going to pertain only to a portion of the Indian reservations in the state, or to all of them or none of them?"

Senator Henry: "The bill specifically calls for unappropriated land, Senator; does not include Indian reservations, national parks, national forests, national monuments, military installations, and so unappropriated lands, the Indian reservations are exempt."

Senator Wilson: "Those being the exceptions, then, what general categories of land would it apply to?"

Senator Henry: "In the state of Washington, three hundred to five hundred thousand acres of land under the bureau of land management and some forest land is not designated as a national forest such as Gifford Pinchot, Wenatchee National Forest, etc."

POINT OF INQUIRY

Senator Bluechel: "Senator Henry, what happens to the wilderness areas already designated under this bill?"

Senator Henry: "That is appropriated."

Senator Bluechel: "That is appropriated to the state?"

Senator Henry: "Yes, does not come under this."

POINT OF INQUIRY

Senator Lysen: "I would like to ask Senator Henry a question. Gifford Pinchot forest came up in the committee hearing, as you recall. I am not clear — is the Gifford Pinchot different status than the other forests? Is it unappropriated land or what is it — there seems to be some confusion there, at least in my mind."

Senator Henry: "Well, Senator, the only reason I mentioned Gifford Pinchot is because it is the one in my own back yard. All national forests — Wenatchee, the one on the peninsula, Olympic is it? National Forest, some of the names I was not familiar with, are definitely outlined as national forests and they are appropriated lands. That was the only one I happened to think of."

POINT OF INQUIRY

Senator Rasmussen: "Senator Benitz, how often do these people meet?"

Senator Benitz: "There are no regular scheduled meetings as is necessary, when we have an emergency some of the irrigation districts have to meet pretty regularly and when things are going along smoothly, they only meet a few times a year."

Senator Rasmussen: "Well the reason I asked, we have sewer districts, drainage districts, irrigation districts, and all our PUD commissioners, and all of those that receive a little bit to help with expenses of serving and, except for school districts; and I was wondering when we are going to have those out of Senator McDermott's committee."

REMARKS BY SENATOR DAY

Senator Day: "Mr. President, just so there will be no question about it, when the commissioners, the drainage commissioners meet, for example, there is a proviso

on page two that such services and compensation are allowed and approved at a regular meeting of the board; so they have to watch their own money and they have to approve these vouchers,—they are not just holding meetings every day to collect whatever it is, twenty-five dollars, I can assure you."

On motion of Senator McDermott, the rules were suspended, Substitute Senate Bill No. 3108 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

POINT OF INQUIRY

Senator Fleming: "Senator McDermott, the last line on page two, says 'Buses operated by common carriers in urban transportation of school children shall not be included'. Are we in an exact science as to what an 'urban area' would be versus one that might be semi-urban? I guess what I am saying is you have a large city here and quite naturally they use the public buses to transport their kids. Would there be cases where you are in somewhat of a non-urban area that there might be a common bus, common carrier bus that would carry kids, or does that happen in any area?"

Senator McDermott: "Senator Fleming, the language that you are referring to is language to exempt public transit systems from the requirements of school buses. There are specific requirements outlined above as to what a school bus must have and must be; and in those areas where they are using public transit for school buses, we do not want to put them suddenly under the same restrictions."

Senator Fleming: "I guess my question is, is it conceivable that in a non-urban area or semi-urban area that public transportation of common carriers might be used to transport kids; and since you are talking only about urban areas in here, would that possibility exist, and if it would, would we be getting those people under here?"

Senator McDermott: "I am not certain of exactly. . . ."

Senator Fleming: ". . . you have a common carrier, public transportation in a large urban city to transport kids—they contract with the school district to transport those kids back and forth to school."

Senator McDermott: "Are you talking about public schools now?"

Senator Fleming: "Yes."

Senator McDermott: "Okay."

Senator Fleming: "Is it conceivable in a place like Dayton, that a public transportation vehicle might transport these kids to school or to any of these functions; and since 'urban' is only mentioned, would that type of system be excluded? It might not be, it might not even be feasible — they might not do that, but I am just . . ."

Senator McDermott: "Senator Gould tells me that it is being done, already, in rural, in suburban areas, so it is feasible that even in Senator Donohue's district. . . ."

Senator Fleming: "Okay, would that be a catch-all? Are we covering those people under this? Are we letting them, if they chose to, get that exemption?"

MOTION

On motion of Senator McDermott, Substitute Senate Bill No. 3108 will be held on the second reading calendar following consideration of Senate Bill No. 3130.

SECOND READING

SENATE BILL NO. 3190, by Senators Odegaard and Talley:

Authorizing transportation of members of the public to school sports activities by school transportation when such transportation has been authorized for students and school employees supervising same.

REPORT OF STANDING COMMITTEE

January 31, 1980.

SENATE BILL NO. 3190, authorizing transportation of members of the public to school sports activities by school transportation when such transportation has been authorized for students and school employees supervising same (reported by Committee on Education):

Recommendation: Do pass with the following amendment:

On page 1, line 15, after "be" strike "a sports" and insert "an interscholastic"

Signed by: Senators McDermott, Chairman; Gaspard, Vice Chairman; Gould, Hayner, Morrison, Ridder, Talmadge.

The bill was read the second time by sections.

On motion of Senator McDermott, the committee amendment was adopted.

On motion of Senator McDermott, the rules were suspended, Engrossed Senate Bill No. 3190 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

POINT OF INQUIRY

Senator Guess: "Senator McDermott, the bill digest leads me to believe that the current school districts, under this law, could transport people to the stadium on football weekends as long as they were going to get a ticket override, and then they could go in competition to the transportation district that normally furnishes those charter buses. Is that possible the way the bill is written?"

Senator McDermott: "Senator Guess, with all due respect to those people who write our bill digests, I think if you look at the bill itself, this applies to school activities. If you look on line fourteen it says 'if such a school activity be an interscholastic activity, it is authorized'; so we are talking about that sort of thing, there is no attempt, in fact there is specific provision here to keep them out of competition with commercial carriers; so there is no intention of stepping in between what may now be going on. This is in districts like Rochester where they have no other way, and they have the school buses sitting there—they asked for permission to use them and it seemed reasonable to the committee."

Senator Guess: "Thank you, Senator McDermott; I wanted it to be on the record that it was not to be misused."

ROLL CALL

Modifying the motor vehicle emission control law.

MOTIONS

On motion of Senator Williams, Substitute Senate Bill No. 3228 was substituted for Senate Bill No. 3228 and the substitute bill was placed on second reading and read the second time in full.

On motion of Senator Williams, the rules were suspended, Substitute Senate Bill No. 3228 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

POINT OF INQUIRY

Senator Guess: "Senator Williams, after the bill is amended in subsection seven, on page four, line twenty-eight, which states that 'no part of the fee shall be paid to or retained by the state for program administration'. The question that occurs to me, and I think that the body ought to know, is how is the department of ecology going to administer the program since they are going to have to get it from a source other than the fee paid by the motorist?"

Senator Williams: "The administration, the cost of administration, the cost borne by the department of ecology, comes out of ecology's budget."

Senator Guess: "Senator Williams, I understand that the department budget is so short now that they haven't hired anybody yet to implement or to do any of the work—they have used the present staff. Is this going to mean that the bill is on the books, and yet we are not going to be able to administer it properly?"

Senator Williams: "Senator Guess, I do not know if what you said is correct. They did not come to the committee and explain that to us. I am not aware of that being a problem."

Senator Guess: "Thank you, Senator Williams."

Debate ensued.

POINT OF INQUIRY

Senator Rasmussen: "Senator Williams, on page three, starting on line twenty-six, 'when a non-attainment areas is established in Washington which includes contiguous areas in Oregon and Idaho where vehicles registered within Washington contribute significantly to the violation of the motor vehicle standards in the non-attainment area of the adjacent states, the department has the authority to continue the program, even when Washington portion of the non-attainment area is in compliance'. As I read that it says to me that even though the area around Pullman is clear as a bell, but because it is, you have some pollution over there in Moscow, Idaho or some other area in Oregon, that they would continue the program in Washington. Is that correct?"

Senator Williams: "Essentially, I think that is correct. What this is, let me describe what it really applies to. This specifically applies to the Portland-Vancouver area where the greater area of pollution, the entire area which crosses across state borders is the contributing area to pollution. The actual tested area where the non-compliance occurs may some day very easily only be in Portland. However, the federal requirements still insist that the surrounding area, those areas that still contribute to that non-compliance area, must fall, must have a program for attainment. And that is what we are, this allows them, the state of Washington, to continue to have a test program in the Vancouver area. If they were not allowed to, presumably sanctions could be applied by the federal government in the Vancouver area, depriving Vancouver and that particular area of federal funds."

Senator Rasmussen: "Well, that is what I thought. I do not see why we should worry about what happens over in Oregon because we are only concerned with the clean air in Washington. Let them take care of the clean air in their part of the country."

REMARKS BY SENATOR SCOTT

Senator Scott: "I will attempt to answer your question, Senator Rasmussen. It is the usual case that the most polluted areas is not over the area that creates it; there is a wind drift one way or another, so in Seattle, for instance, you have the heaviest contamination over Lake Sammamish."

REMARKS BY SENATOR WILLIAMS

Senator Williams: "Yes, Mr. President. Just briefly. I appreciate very much some of the questions and arguments now about the program that we have instituted in this state; and in fact in the future I may be one of the people who will join with Senator Guess in rescinding this—I am not sure. However, at this particular moment what we have before us is a bill which simply implements or allows the department to proceed in a methodical way to go ahead with the program. The program could still continue even without the passage of this bill. However, it does make it a little bit more equitable and a little bit more suitable; so I urge your support."

ROLL CALL

The Secretary called the roll on the final passage of Substitute Senate Bill No. 3228, and the bill passed the Senate by the following vote: Yeas, 25; nays, 21; absent or not voting, 2; excused, 1.

Voting yea: Senators Bluechel, Bottiger, Clarke, Conner, Day, Fleming, Goltz, Gould, Jones, Lee, Lysen, McDermott, Moore, Morrison, Ridder, Scott, Shinpoch, Talley, Talmadge, Vognild, von Reichbauer, Williams, Wojahn, Woody—25.

SECOND READING

SENATE BILL NO. 3241, by Senators Talmadge, Scott, Conner and Day:

Allowing military recruiters equal access to common schools and institutions of higher education.

REPORT OF STANDING COMMITTEE

January 31, 1980.

SENATE BILL NO. 3241, allowing military recruiters equal access to common schools and institutions of higher education (reported by Committee on Higher Education):

MAJORITY recommendation: Do pass with the following Committee on Education amendments:

On line 10, after "access" insert "to the campus and the student information directory"

On line 19, after "access" insert "to the campus and the student information directory"

Signed by: Senators Goltz, Chairman; Benitz, Odegaard, Scott, von Reichbauer.

The bill was read the second time by sections.

On motion of Senator Talmadge, the committee amendments were adopted.

MOTIONS

On motion of Senator Jones, Senator Matson was excused.

On motion of Senator Talmadge, the rules were suspended, Engrossed Senate Bill No. 3241 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

POINT OF INQUIRY

Senator Lysen: "Senator Talmadge, aren't local school districts now allowed to make this decision, the local boards to make this decision on their own?"

Senator Talmadge: "Yes."

Senator Lysen: "Why do we want to have the state government forcing, on the state level, this kind of decision? Should not this be a decision of the local boards to deal with themselves?"

Senator Talmadge: "Senator Lysen, I think my earlier remarks with respect to the bill answer your question. The difficulty is that if we are to have a volunteer military force, one which is based on volunteer people recruited by military recruiters, that we have to allow access to students. It is the belief of the military recruiters that only about thirty percent of the school districts, school districts in the state, permit access to recruiters to get to these young people to offer them the opportunity to consider the military as an option. I believe it is only fair that we allow young people the option of considering the military as a career. We are not doing that at present and this bill simply indicates that that option should be permitted."

ROLL CALL

The Secretary called the roll on the final passage of Engrossed Senate Bill No. 3241, and the bill passed the Senate by the following vote: Yeas, 46; nays, 1; excused, 2.

Voting yea: Senators Benitz, Bluechel, Bottiger, Clarke, Conner, Day, Donohue, Fleming, Gallagher, Gaspard, Goltz, Gould, Guess, Haley, Hansen, Hayner, Henry, Hurley, Jones, Lee, Lewis, Marsh, McDermott, Moore, Morrison, Odegaard, Peterson, Pullen, Quigg, Rasmussen, Ridder, Scott, Sellar, Shinpoch, Talley, Talmadge, Van Hollebeke, Vognild, von Reichbauer, Walgren, Wanamaker, Williams, Wilson, Wojahn, Woody—46.

Voting nay: Senator Lysen—1

Excused: Senators Bausch, Matson—2.

ENGROSSED SENATE BILL NO. 3241, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

SECOND READING

SENATE BILL NO. 3251, by Senators Goltz and Benitz:

Authorizing students attending college in another state to receive financial aid when reciprocity agreement exists with institution students attend.

The bill was read the second time by sections.

On motion of Senator Goltz, the rules were suspended, Senate Bill No. 3251 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

POINT OF INQUIRY

Senator Rasmussen: "Senator Goltz, students coming from Oregon will qualify for need grants from Washington state?"

Senator Goltz: "No, Senator Rasmussen. It is the other way around. Students who are attending schools in Oregon who are Washington students, that is, a student from Vancouver, Washington who is attending a school in Portland, as a result of the reciprocity agreement and probably lives at home, will be eligible for a Washington state need grant if he qualifies as a needy student as a Washington student. The present law concerning Washington state need grants say they are available only to Washington students and that is, a student coming from outside the state cannot apply, so these are student need grants for Washington students. And this bill simply clarifies that a student who is attending a school in Oregon under the reciprocity agreement will be treated as a Washington student, which he really is."

Senator Rasmussen: "Thank you, Senator Goltz".

ROLL CALL

The Secretary called the roll on the final passage of Senate Bill No. 3251 and the bill passed the Senate by the following vote: Yeas, 47; excused, 2.

Excused: Senators Bausch, Matson—2.

SENATE BILL NO. 3251, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

SECOND READING

SENATE BILL NO. 3257, by Senators Day, Donohue and Haley:
Establishing a program of poison control and drug information service.

MOTIONS

On motion of Senator Day, Substitute Senate Bill No. 3257 was substituted for Senate Bill No. 3257 and the substitute bill was placed on second reading and read the second time in full.

On motion of Senator Day, the rules were suspended, Substitute Senate Bill No. 3257 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

POINT OF INQUIRY

Senator Guess: "Senator Day, I think we are on the threshold of another big appropriations binge from the state treasury. And if I read the tea leaves of the past, it appears to me that, if we would follow the projections of prior years when we have

made a very miniscule appropriation, and this one is certainly modest, it is two hundred and twenty five thousand. Does that mean we are going to put decimal places on here, maybe ten times that much the next appropriation?"

Senator Day: "Not if I sponsor the appropriation, Senator. I think that the total amount that they were requesting was something like four hundred and sixty seven thousand dollars . . ."

Senator Guess: ". . . for this year?"

Senator Day: ". . . for this year but we did cut that back and told them that we felt that if they got assistance that they could still keep the program floating, and that they were not to look, as far as I was concerned, to the state for the total support of this program. Now there is some user participation in the program which will help to pay for it. But obviously, with a program as complex as this is and as necessary as it is for emergency purposes, the state should pick up a small portion or a portion of that obligation; and I think the time has arrived when we have to pick up that small portion. Deaconess Hospital in Spokane will get a portion of this."

Senator Guess: "Senator Day, could you tell the body what the six-year projection was on the fiscal note on this bill?"

Senator Day: "Well, the six-year projection was, of course, three times the six hundred and seventy, or whatever it was, thousand—the four hundred and sixty seven or six hundred, is it? . . . a million five? Two million five; well at any rate, why if we went up to what they asked for, then of course, it is an easy multiplication to figure out what it would have been; but where we have reduced it down like this and of course I think what we will do next time is take a look at it and if they come here asking for additional portion of the amount of money, I will join with you in telling them they cannot have it."

Senator Guess: "Senator Day, it is always so easy to promise on the floor that you will take a good look at the thing next time; but I am reminded of HB 50, HB 90, any number of other programs that we have opened the door to and so I am going to reluctantly vote against the bill, purely and simply because I just think this is opening up an entirely new area that has been taken care of by private enterprise in the past and it is putting the government into another area that we should not be into."

POINT OF INQUIRY

Senator Rasmussen: "Senator Haley, I noticed your name is on this bill. How will this reduce the morbidity and the mortality associated with overdoses? Seems to me that we have a poison control center now, established at Mary Bridge, and we have that for all poisons of any sort. Does this duplicate this program?"

Senator Haley: "No. Children's Orthopedic Hospital in Seattle has a kind of a master program that covers many, many kinds of poisons and Tacoma's Mary Bridge Hospital has a small program that covers the common types of poisons, and in Tacoma they are using part-time help. They use nurses and personnel that are regularly employed elsewhere in the hospital, but part of the time they man this program. At Children's Orthopedic Hospital in Seattle where they are known to take calls from all over the state, at least on the west side of the mountains, they will man a huge program to really cover it. And there are so many thousands of calls coming in every month to these two hospitals that they are both going in the hole very badly on it; and I think that it is quite reasonable to establish the same kind of a set-up on the other side of the mountains in the other telephone zone area. Actually Mary Bridge is slated to get probably no more than twenty thousand dollars in this biennium of those monies but they are desperately in the hole and not as desperate as the Seattle area but they certainly are. Does that answer the question?"

Senator Rasmussen: "Then it is not the intent to set up any new centers, only to help finance . . ."

REPORT OF STANDING COMMITTEE

January 30, 1980.

SENATE BILL NO. 3258, modifying provisions relating to enhanced penalties for crimes with firearms (reported by Judiciary Committee):

MAJORITY recommendation: Do pass with the following amendments:

On page 2, line 34, after "degree," strike "intimidating a witness, intimidating a juror,".

On page 2, line 36, after "disperse," strike "and" and after "conduct" and before the period insert "malicious mischief in the third degree, and communication with a minor for immoral purposes".

Signed by: Senators Marsh, Chairman; Talmadge, Vice Chairman; Bottiger, Hayner, Hurley, Jones, Woody.

The bill was read the second time by sections.

On motion of Senator Talmadge, the committee amendments were considered and adopted simultaneously.

On page 2, line 32, after "assault," and before "coercion," strike "reckless endangerment,".

Debate ensued.

POINT OF INQUIRY

Senator Guess: "Senator Talmadge, the question arises in my mind if the reckless endangerment charge could be brought, if somebody shot the windows out of the school building and there wasn't anybody in the building, would that be 'reckless endangerment'?"

Senator Talmadge: "I think it might be, Senator."

Senator Guess: "Well, I do not think that the draft of the language has specifically delineated the charges yet; and I believe that even the simple assault, would the simple assault get a person a mandatory sentence for five years?"

Senator Talmadge: "If the person used a firearm in the course of that simple assault, yes it would Senator."

Senator Guess: "All right. You use a firearm for simple assault and I suppose that is beating someone over the head with it, is that what it is?"

Senator Talmadge: "I think it could be that or the threatened use of a firearm — that also would be included."

Senator Guess: "Well, how about when a person goes down the highway and shoots a sign. Is this reckless endangerment?"

Senator Talmadge: "That I do not know, Senator, I am not sure."

Senator Guess: "I think the thing that bothers me here is that the language is still not clear and I think that I would have to support Senator Pullen because the crime would not, at least the punishment certainly would not fit the crime when somebody either shot a sign or shot the windows out of an empty house or something like that. And I think it would be overly severe."

Further debate ensued.

MOTION

On motion of Senator Marsh, Senate Bill No. 3258, as amended, together with the pending amendment by Senator Pullen, was ordered held following consideration of Senate Bill No. 3362.

Providing for reporting of fire data.

REPORT OF STANDING COMMITTEE

February 1, 1980.

SENATE BILL NO. 3322, providing for reporting of fire data (reported by Judiciary Committee):

MAJORITY recommendation: Do pass with the following amendments:

On page 1, line 9, after "county" insert "or municipal".

On page 1, line 16, following "official." insert "A sheriff or chief of police may investigate the cause, origin, and extent of loss of all fires within the jurisdiction."

Signed by: Senators Marsh, Chairman; Talmadge, Vice Chairman; Clarke, Hayner, Hurley, Pullen.

On motion of Senator Vognild, the rules were suspended, Engrossed Senate Bill No. 3322 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

POINT OF INQUIRY

Senator Lee: "Senator Vognild, I think that the bill you put together is a very good one and it is a necessary piece of legislation. Let me mention the thing that is of concern to me. In the new section two, we require, we say 'shall report physical information and data to the state fire marshal'. Now this is a new requirement on state government and as such probably falls within the functions of initiative sixty-two. The line that I was quoting is on line twenty-eight of page one. Do you therefore, and I also recognize that at this point you have no idea nor do the local fire departments, how much of an additional financial burden this is going to be upon them whether they have to take additional time or hire additional personnel or print new forms, something of this sort. And so therefore you probably could not have a fiscal note. Would you plan to, or support if such fiscal burden does become evident after this has been in effect, because it goes into effect in 1980, so we will have had six, eight months' experience with it before the next session. Would you support and plan to have some kind of appropriation so that we could stay within the spirit of sixty-two, so to speak, in supporting this act?"

Senator Vognild: "Yes, Senator Lee. Right now in the state of Washington there are forty jurisdictions that are operating under this type of reporting plan on a grant from the federal government. We also have a grant pending from the federal government to implement this bill. The anticipated cost to local government should not exceed the cost of printed forms. Everything else is already in place at the local government area. The state fire marshal's office is now preparing forms and we should have the forms available by the time this bill becomes law."

Senator Lee: "Thank you, Senator Vognild."

PERSONAL PRIVILEGE

Senator Hayner: "Mr. President, a point of personal privilege."

President Cherberg: "Senator Hayner will speak upon a point of personal privilege. Senator Hayner."

Senator Hayner: "I just want to make a comment on what just recently occurred in the rules committee meeting. I think it was a very vindictive, arrogant display of the majority walking over a minority with no consideration for the democratic process. It is inconsistent with the past rules by which this body has operated. No member was given an opportunity to have any preference and if that would have been requested it would have been subdued. I think that we do represent forty percent of the people of this state and we have certain rights to try to represent them as best we can. This is a democracy and I think the steamrolling procedures that we have seen in this body are very regrettable."

REMARKS BY SENATOR WALGREN

Senator Walgren: "Mr. President and members of the Senate, I am not going to waste much time on this debate. As we all know as we get down to the final crunch, we are looking at about an hour before adjournment, many people have bills that they want to have passed, many people have bills that they do not want to have passed. There are far too many bills for us even to consider. Senator Odegaard I know talked with Senator Hayner this noon with regard to a series of bills that most people would consider to be important measures to be before us. About half of those I would guess Senator Hayner discussed them with me in rules committee were bills that the Republicans would not like to have passed. About half of them were bills that the Republicans would like to have passed. I think that that probably is a pretty good effort on the part of us to get measures out here that we can all generally agree on. We do think that there are some bills that should be considered on this floor that perhaps you may want to vote against and of course I hope that it would get down here in this last hour you will have that opportunity - we may not. But we are going to proceed just as best we can here and try to accomplish our work within this cutoff period of one more hour."

She came to the same type of job at the University of Washington which was classified in PERS. In neither case did she have any choice in which pension system she was going to be in and this merely gives her the ability to use her credits from the same type of job in two universities as one pension."

There being no objection, on motion of Senator Haley, the proposed amendment was withdrawn.

On motion of Senator Day, the following amendment was adopted:

On page 1, line 17, after "XX" insert "or IVA".

MOTION

On motion of Senator Walgren, Senate Bill No. 3201, as amended, was ordered held following consideration of Senate Bill No. 3271.

SECOND READING

SENATE BILL NO. 3271, by Senators McDermott, Shinpoch and Jones:

Providing for membership transfers by former PERS members now in the judicial retirement system.

MOTIONS

On motion of Senator McDermott, Substitute Senate Bill No. 3271 was substituted for Senate Bill No. 3271 and the substitute bill was placed on second reading and read the second time in full.

On motion of Senator McDermott, the rules were suspended, Substitute Senate Bill No. 3271 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

POINT OF INQUIRY

Senator Rasmussen: "Senator McDermott, you are now allowing somebody from the PERS system to transfer into the judicial retirement system?"

Senator McDermott: "The case in point, Senator Rasmussen, is somebody who served for six years in the PERS system, withdrew his money, and then became a judge after the period of the allowable time to put his money back in the PERS system. He has now served seven years in the judicial system. He needs ten years to vest so he served a full thirteen years and has absolutely no pension system."

Senator Rasmussen: "Well, Mr. President and members of the Senate, I heard something about this bill and . . . I know the individual involved. I have a very high regard for him and it is my understanding that he is sick but I would also like to point out to the body that the individual, former legislator, drew his money out of the PERS system. He know what he was doing at this time, he is a judge; went into the judicial system, the judicial system is a very good system . . . you can retire after ten years on disability. Your wife can draw half of your retirement pay. It is

funded out of the general fund. He is covered by social security the same as all the other individuals in the state employ. We have, in the past, through special claims, taken special care of certain judges' wives. I do not approve of this single shottng, moving in and allowing one individual, no matter how much extenuating circumstances there are, Senator McDermott, I am not mentioning the name of the superior court judge. There is no reason at all for the taxpayers picking up this load when they have made their own decision. It was a little bit different in the case Senator Lysen had where they did not have the opportunity to continue into the same pension system and they moved over and it was unilaterally excluded. This is a case where the individual withdrew his money, never put it back, now you are allowing him to transfer his PERS credits over into the judges' retirement system. It is the wrong way to do it and I think if you review the two systems that you will agree just because it happens to be one individual and he has a little political clout but I would like to say this on the floor of the Senate, that this gentleman would not ask for that."

Debate ensued.

POINT OF INQUIRY

Senator Guess: "Senator McDermott, is there a fiscal note on this bill?"

Senator McDermott: "The fiscal note which was presented to the ways and means committee said that it is about six thousand dollars a year."

Senator Guess: "Six thousand dollars a year that we are going to have to be contributing?"

Senator McDermott: "Yes. That is what the cost is from the system to this family."

POINT OF INQUIRY

Senator Guess: "Senator Donohue, do you think that the budget can stand this kind of a raid?"

Senator Donohue: "Senator Guess, we have raided it much higher before."

POINT OF INQUIRY

Senator Lee: "Senator Donohue, the question I have to ask you is why it determined not to be used as part of the state debt limit, in other words which would not make it necessary for a referendum."

Senator Donohue: "Our debt limit according to the conversation we had in ways and means, means that we have approximately, I think it was, near seven hundred and fifty million dollars available, so we are okay that way. This . . ."

Senator Lee: "But a referendum clause allows it to go beyond that limit, is that not correct?"

Senator Donohue: "No, that is, well yes, it naturally would if it went over that, but it does not."

Senator Lee: "In other words it would be technically possible to just pass this without the referendum as far as our available. . ."

Senator Donohue: "We could, we could, yes, but this goes to the people."

POINT OF INQUIRY

Senator Guess: "Senator Odegaard, can you tell us what the fiscal note on this bill is?"

Senator Odegaard: "Mr. President, Senator Guess, the state board for community college education director informed us that he estimated, he said it was very hard to estimate because we do not know the cost saving involved; but the cost, he thought, would probably be about a hundred and sixty-seven thousand dollars."

Senator Guess: "Per year."

Senator Odegaard: "Per year."

Senator Guess: "Well, I was laboring under the impression it was going to be something in the order of about seven million a year."

Senator Odegaard: "I think you are speaking, Senator Guess, to the other bill, the K-12 bill where the SPI had a fiscal note of six or seven million; however, I understand there is disagreement on that. But you are speaking to the other bill."

Senator Guess: "Thank you very much."

REMARKS BY SENATOR HAYNER

Senator Hayner: "May I draw your attention to the time. I understand that we may consider and finish a bill that has been begun before the bewitching hour but we have now passed it and I assume we have passed the deadline for the consideration of any further bills."

REPLY BY THE PRESIDENT

President Cherberg: "I believe the Senate acted upon 3210. 3210 was before the Senate and then Senator Walgren moved to defer action and the Senate did not object."

REMARKS BY SENATOR HAYNER

Senator Hayner: "Well, Mr. President, in the past when a bill has been set down for any reason or other that cuts off the discussion if we get to the hour of cut-off."

REMARKS BY SENATOR VAN HOLLEBEKE

Senator Van Hollebeke: "Mr. President, and Senator Hayner, my recollection is that that has not been the case in the eight years I have been here. Every time a bill was set down, it was heard after the time. This bill is being advocated, the passage of it has been advocated by the Washington State Nurses' Association, Senator Hayner, thought you might be interested in that bit of information, too."

REMARKS BY SENATOR HAYNER

Senator Hayner: "Mr. President, if you follow Senator Van Hollebeke's reasoning then we could put one bill after another and we could go until midnight on the bills before us."

REPLY BY PRESIDENT

President Cherberg: "Except Senator, the President has always permitted one bill."

SECOND READING

SENATE BILL NO. 3210, by Senators Day, Jones, Talmadge and Van Hollebeke:

Extending privileged communications to nurse-patient dialogue.

The bill was read the second time by sections.

Senator Walgren moved adoption of the following amendment:

On page 1, line 6 strike section 1 in its entirety and insert the following new section:

"NEW SECTION. Section 1. There is added to chapter 18.88 RCW a new section to read as follows:

A registered nurse shall not, without the consent of his/her patient, be examined in a civil action as to any information acquired in attending such patient, which was necessary to enable him/her to prescribe or act for the patient, but this exception shall not apply in any judicial proceeding regarding a child's injuries, neglect or sexual abuse, or the cause thereof, nor in any other criminal proceeding."

POINT OF INQUIRY

Senator Bottiger: "Senator Walgren, in the rural areas we have nurse practitioners and not doctors. And if a patient were to go to a nurse practitioner and advise her that say, he had received a stab wound, could then in a criminal action against him, could that nurse be forced to testify that she had treated him and that he had told her that the wound was from a knife wound?"

Senator Walgren: "I would expect that the question would be raised on the attempt to introduce the evidence as to whether or not the privilege came within the provisions of the doctor-patient relationship or whether it would be truly the privilege that we are talking about here. I do not know how a court would come out on that particular situation. It seems to me that there would be some good reason to argue that we had a doctor-patient privilege at that particular point, although I recognize that the nurse is not a duly licensed physician and that would certainly weigh heavily with the court."

Senator Bottiger moved adoption of the following amendment to the amendment by Senator Walgren:

In the Walgren amendment on the last line after "thereof," strike ", nor in any other criminal proceeding".

Debate ensued.

The motion by Senator Bottiger failed and the amendment to the amendment was not adopted.

Further debate ensued.

The motion by Senator Walgren failed and the amendment was not adopted on a rising vote.

On motion of Senator Day, the following amendment was adopted:

On page 2, after line 13, insert:

"Sec. 2. Section 51.04.050, chapter 23, Laws of 1961 and RCW 51.04.050 are each amended to read as follows:

In all hearings, actions or proceedings before the department or the board of industrial insurance appeals, or before any court on appeal from the board, any physician or nurse having theretofore examined or treated the claimant may be required to testify fully regarding such examination or treatment, and shall not be exempt from so testifying by reason of the relation of physician or nurse to patient."

On motion of Senator Day, the following amendment to the title was adopted:

On page 1, line 4 of the title, after "5.60.060" insert "; amending section 51.04.050, chapter 23, Laws of 1961 and RCW 51.04.050".

On motion of Senator Day, the rules were suspended, Engrossed Senate Bill No. 3210 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

ROLL CALL

The Secretary called the roll on the final passage of Engrossed Senate Bill No. 3210 and the bill passed the Senate by the following vote: Yeas, 47; nays, 1; absent or not voting, 1.

Voting yea: Senators Bausch, Benitz, Bluechel, Bottiger, Clarke, Conner, Day, Donohue, Fleming, Gallagher, Gaspard, Goltz, Gould, Guess, Haley, Hayner, Henry, Hurley, Jones, Lee, Lewis, Lysen, Marsh, Matson, McDermott, Moore, Morrison, Odegaard, Peterson, Quigg, Rasmussen, Ridder, Scott, Sellar, Shinpoch, Talley, Talmadge, Van Hollebeke, Vognild, von Reichbauer, Walgren, Wanamaker, Williams, Wilson, Wojahn, Woody—47.

Voting nay: Senator Hansen—1.

Absent or not voting: Senator Pullen—1.

ENGROSSED SENATE BILL NO. 3210, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

SECOND READING

SENATE BILL NO. 3422, by Senators Henry, Benitz, Hansen and Talley:

Increasing port districts' authority to operate facilities for the movement of freight and passengers.

The Senate resumed consideration of Senate Bill No. 3422 and the following amendment by Senator Lysen that had been moved for adoption earlier today:

On page 1, beginning with "(1)" on line 7, strike all the material down through "(2)" on line 11.

Senator Lysen moved the following amendment be considered with the amendment moved for adoption earlier today:

On page 1, beginning on line 14, strike all the material down through "facilities" on line 23.

Remember the remaining section accordingly.

Debate ensued.

POINT OF INQUIRY

Senator Quigg: "Senator Bottiger, as it dawned on me all the parts of the state that are served by the Milwaukee road and all the port districts that are affected by it, do you see a potential for another joint operating agency coming up out of the Phoenix or the Milwaukee road tracks across the state?"

Senator Bottiger: "No, the port districts are a little bit different from the PUD districts that the joint operating agency only applies to PUD districts but there is nothing wrong with two port districts contracting. Yakima and Kittitas county could contract with Pierce county to each run some rail line to ship that wheat."

Senator Quigg: "So they could cooperate at least in the organization . . ."

Senator Bottiger: "Yes, I do not see any reason why they could not."

Further debate ensued.

The motion by Senator Lysen failed and the amendments were not adopted.

Senator Benitz moved adoption of the following amendment:

On page 1, line 23, after "facilities" insert ": PROVIDED, That no port district shall engage in the manufacture of rail cars nor purchase of any railroad tracks located on property not owned by the port district".

On motion of Senator Talley, the following amendment to the amendment by Senator Benitz was adopted:

After "cars" add "for use off port property".

On motion of Senator Wilson, the following amendment to the amendment by Senator Benitz was adopted:

After "district" on the last line of the amendment, add ": PROVIDED FURTHER, That the aforesaid prohibition related to purchasing railroad tracks shall not pertain to the Port of Pend Oreille".

Further debate ensued.

POINT OF INQUIRY

Senator Rasmussen: "Senator Goltz, maybe I have the wrong impression but I thought the Burlington Northern Railroad ran right through Whatcom county heading up for Canada."

Senator Goltz: "Senator Rasmussen, you are correct that Burlington Northern Railroad runs through Whatcom county on the western edge but the Milwaukee road serves the agricultural areas and connects to the Burlington railroad line at Bellingham and at Blaine. So the Burlington Northern Railroad serves western Whatcom county, the Milwaukee road serves the interior, did serve the interior parts of Whatcom county."

Senator Rasmussen: "Thank you. I will support this Benitz amendment because I think it gives protection, Senator Henry, to our port, our city public utility belt line that are operating there now and do not want to be taken over by the port. I think the Benitz amendment is a good one."

Further debate ensued.

Senator Morrison moved adoption of the following amendment to the amendment by Senator Benitz:

Strike everything after "property" in the language added in the Talley amendment.

POINT OF INQUIRY

Senator Wilson: "Senator Morrison, long, bloody subject here which I do not want to lose at the last minute. If your amendment is adopted the port of Pend Oreille, among other port districts, would have the authority to purchase railroad tracks. Is that correct?"

Senator Morrison: "Yes, that is correct."

The motion by Senator Morrison carried and the amendment to the amendment was adopted.

The motion by Senator Benitz carried and the amendment, as amended, was adopted on a rising vote.

Senator Lysen moved adoption of the following amendment:

On page 2, line 3, insert the following:

"NEW SECTION. Sec. 4. This act shall be submitted to the people for their adoption and ratification, or rejection, at the next succeeding general election to be held in this state, in accordance with the provisions of Article II, section 1 of the state Constitution, as amended, and the laws adopted to facilitate the operation thereof."

The motion by Senator Lysen failed and the amendment was not adopted.

On motion of Senator Henry, the rules were suspended, Engrossed Senate Bill No. 3422 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

ROLL CALL

The Secretary called the roll on the final passage of Engrossed Senate Bill No. 3422 and the bill passed the Senate by the following vote: Yeas, 43; nays, 3; absent or not voting, 3.

Voting yea: Senators Bausch, Benitz, Bluechel, Bottiger, Clarke, Conner, Day, Fleming, Gallagher, Gaspard, Goltz, Gould, Guess, Haley, Hansen, Hayner, Henry,

Hurley, Jones, Lee, Lewis, Marsh, McDermott, Moore, Morrison, Odegaard, Peterson, Quigg, Rasmussen, Ridder, Sellar, Shinpoch, Talley, Talmadge, Van Hollebeke, Vognild, von Reichbauer, Walgren, Wanamaker, Wilson, Wojahn, Woody—43.

Voting nay: Senators Lysen, Scott, Williams—3.

Absent or not voting: Senators Donohue, Matson, Pullen—3.

ENGROSSED SENATE BILL NO. 3422, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

MOTIONS

On motion of Senator Marsh, all bills listed on the Introduction Calendar were referred as indicated.

RULING BY THE PRESIDENT

President Cherberg: "In ruling upon the Point of Order raised by Senator Clarke, the President finds that Substitute Senate Bill 3187 is a measure which enables the department of natural resources, and cities and towns, to exchange lands more freely.

"The amendment proposed by Senator Gaspard does not deal in any way with the free exchange of lands. On the contrary, it specifically conditions the exchange of land for the site of a correctional facility upon legislative approval.

"The President therefore finds that the proposed amendment does expand the scope and object of the bill and the Point of Order is well taken."

MOTION

At 4:52 p.m., on motion of Senator Marsh, the Senate adjourned until 10:00 a.m., Wednesday, February 6, 1980.

JOHN A. CHERBERG, President of the Senate.

SIDNEY R. SNYDER, Secretary of the Senate.

"HEAVENLY FATHER, IT IS FITTING AND PROPER THAT THESE SHOULD BE QUIET MOMENTS OF GRATITUDE TO YOU FOR THE PRECIOUS GIFT OF ANOTHER DAY, BUT THEY ALSO NEED TO BECOME MOMENTS WHEN WE CAN OPEN OURSELF TO YOUR DIVINE PRESENCE. TOO MANY TIMES WE COME TO THIS GREAT CHAMBER ARMED WITH OUR OWN CRAFTINESS AND WISDOM WHEN THOSE WHO SURROUND US SIMPLY NEED A SMILE, A PAT ON THE BACK, A FIRM HANDSHAKE, OR SOME OTHER DEMONSTRATION THAT WE REALLY CARE ABOUT THEM AS PERSONS. TOO MANY TIMES YOU HAVE WALKED AMONG US UNNOTICED BECAUSE WE WERE PREOCCUPIED WITH OTHER MATTERS. OUR PRAYER IS THAT SOMEHOW TODAY MIGHT BE DIFFERENT, THAT WE MIGHT RECOGNIZE YOUR GENTLE TOUCH AND WELCOME YOU AS OUR GUEST. AMEN."

Establishing temporary tax incentives for alcohol fuels.

MOTIONS

On motion of Senator Hansen, Substitute Senate Bill No. 3551 was substituted for Senate Bill No. 3551 and the substitute bill was placed on second reading and read the second time in full.

On motion of Senator Hansen, the following amendments were considered and adopted simultaneously:

On page 2, line 29, strike "assessor" and insert "department of revenue"

On page 2, line 30, strike "assessor" and insert "department of revenue"

Senator Gaspard moved adoption of the following amendment:

On page 2, after line 35, insert the following:

"NEW SECTION. Sec. 3. Alcohol fuel manufacturing facilities and associated personal property and lands that are exempt from taxation under sections 1 and 2 of this 1980 act are required to contract for services provided by local governments,

including but not limited to fire and police protection and road construction and maintenance, in order to receive such services for the duration of the exemption."

Debate ensued.

POINT OF INQUIRY

Senator Lysen: "Senator Hansen, on page 2 of the bill, section 2, they deal with the leasehold tax question. I will try to read it, 'if these facilities are built on port property,' as I assume some of them will be, 'they will be tax-exempt from the leasehold tax as well', if they are on port . . ."

Senator Hansen: ". . . for a period of six years."

Senator Lysen: "Six years, just the same as if it were private property?"

Senator Hansen: "Yes. As I understand it yes. We have Georgia-Pacific that is now in operation that this will not affect Georgia-Pacific's operation at all."

Senator Lysen: "They will not benefit from the tax . . ."

Senator Hansen: "Yes."

Senator Lysen: "The port district would be required to supply, in the case of say, Seattle, the fire services and so forth, then?"

Senator Hansen: "It would be on sale for their purposes. In this bill there is no mandatory that states or local government use this type of fuel; but we make it available, when we make it available I will guarantee it will be used."

Further debate ensued.

The motion by Senator Gaspard failed and the amendment was not adopted on a rising vote.

POINT OF INQUIRY

Senator Rasmussen: "Senator Hansen, if you would take a look at page 1, line 15, speaks of 'land upon which the manufacturing facility is located,' and then on line 16 'and land that is reasonably necessary in the manufacture of alcohol fuel is exempt from property taxation'. In your opinion, could this extend to the farm that is producing materials that are necessary for the alcohol manufacturing?"

Senator Hansen: "Absolutely not. This pertains only to the property that the still and the operation takes. It does not include the land that it takes to grow the crops."

Senator Rasmussen: "Well, that is my question. Why is it repeated there. It is reiterated that is not just the land for manufacturing but it says 'in land that is reasonably necessary'. I do not know why . . ."

Senator Hansen: "The land that it takes to set the still on. It is not only the property of the still itself. It would be the building and the land that that one little portion sets on. It has nothing to do with the growing portion of the crops."

Senator Rasmussen: "Thank you."

Debate ensued.

On motion of Senator Hansen, the following amendment was adopted:

On page 2, following line 35 add the following section:

"Sec. 3. Section 13, chapter 196, Laws of 1979 ex. sess. and RCW 82.04.325 are each amended to read as follows:

The tax imposed by RCW 82.04.270(1) does not apply to any person who manufactures alcohol with respect to sales of said alcohol to be used in the production of gasohol for use as motor vehicle fuel, nor with respect to sales of gasohol for use as motor vehicle fuel. As used in this section, "motor vehicle fuel" has the meaning given in RCW 82.36.010(2), and "gasohol" means motor vehicle fuel which contains more than nine and one-half percent alcohol by volume. This section shall expire December 31, 1986."

Further debate ensued.

SECOND READING

SENATE BILL NO. 3629, by Senators Hansen, Benitz, Day, Wanamaker, Gaspard and Morrison (by Agriculture Committee request):

Providing tax incentives for alcohol fuels.

MOTIONS

On motion of Senator Hansen, Substitute Senate Bill No. 3629 was substituted for Senate Bill No. 3629 and the substitute bill was placed on second reading and read the second time in full.

On motion of Senator Hansen, the following amendments were considered and adopted simultaneously:

On page 1, after line 11, insert the following:

"**NEW SECTION.** Sec. 2. There is added to chapter 82.12 RCW a new section to read as follows:

The tax imposed by RCW 82.12.020 shall not apply to alcohol that is sold in this state for use solely as fuel in motor vehicles, farm implements and machines, or implements of husbandry."

Renumber the remaining sections accordingly.

On page 1, line 23, strike "3" and insert "5".

Senator Morrison moved adoption of the following amendment by Senators Morrison, Hansen and Benitz:

On page 1, after line 22, insert:

"**NEW SECTION.** Sec. 5. For purposes of this chapter, any combination of ethanol and gasoline which contains 9½% or more by volume of ethanol shall be included within the definition of "special fuel" and the gasoline component of any such combination of ethanol and gasoline shall be subject to the special fuel tax."

Renumber subsequent section accordingly.

POINT OF INQUIRY

Senator Rasmussen: "Senator Morrison, are you sure that all of these farmers who have a still in the barn are going to be filing their forms for every gallon that they put in their tractors of this alcohol that they are producing?"

Senator Morrison: "Senator Rasmussen, the bill would allow that the alcohol portion is already tax free as far as burning it as a fuel is concerned. Senator Hansen's amendments and the major thrust of the bill guarantee that, so there are no forms involved there. If they want to burn gasohol on that same farm, and have it not be taxed they have to go through the same procedure as they would for diesel under this particular amendment. The procedures are all set up. The department of licensing has a procedure now that has been working during this last year. So we do not have to worry about the alcohol portion. This amendment would just allow that gasohol, the combination of gasoline and alcohol, would be in the same tax-exempt category if you want to go through the record-keeping processes of guaranteeing that it is being burned off the road."

Senator Rasmussen: "Thank you."

The motion by Senator Morrison carried and the amendment was adopted.

Senator Lysen moved the following amendments be considered and adopted simultaneously:

On page 1, after line 22, insert:

"NEW SECTION. Sec. 4. There is added to chapter 82.02 RCW a new section to read as follows:

Motor vehicle fuel using alcohol as a major ingredient shall be exempt from one-half of the taxes imposed by chapters 82.08, 82.36, 82.38 RCW."

Renumber the remaining section consecutively.

On page 1, line 23, strike "3" and insert "4"

Debate ensued.

The motion by Senator Lysen failed and the amendments were not adopted.

On motion of Senator Hansen, the following amendment by Senators Morrison, Hansen and Benitz to the title was adopted:

On page 1, line 3 of the title, strike "a new section" and insert: "new sections".

On motion of Senator Hansen, the rules were suspended, Engrossed Substitute Senate Bill No. 3629 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

Debate ensued.

POINT OF INQUIRY

Senator Rasmussen: "Senator Guess, as the chief engineering officer on the floor, how far down can we go in the production of alcohol? I am curious. We are talking now presumably of large plants being moved in, such as Georgia-Pacific has. We have recently, in the city of Tacoma, about three years ago, built a new garbage disposal facility with federal money which has been sitting there, rusting, ever since and it was supposed to solve the solution of garbage disposal. Nobody found out how to use it yet and so the plant will probably be dismantled and . . . Could that be used for alcohol . . .?"

Senator Guess: "Senator Rasmussen, I would be foolish indeed if I gave you a horseback opinion without having first the opportunity to view the animal I was going to tell you about. Well, it would be normal that you might use the land and the building rough enclosure, take the existing equipment out because the two are not particularly compatible; incineration is one thing and distillation is another. I would say you would have some salvage in that building; but I would like to point out . . ."

Senator Rasmussen: ". . . I was particularly referring to normal city garbage disposal. Would it produce alcohol?"

Senator Guess: "There was a process called pyrolyses that should have produced an oil out of garbage. Several years ago we tried to get that plant into Spokane; it was to be a twelve million dollar plant. It went down to San Diego and I believe the memorandum that Senator Bottiger's staff put out, the project went down to San Diego county at El Cajon. They spent something in the neighborhood of twenty-eight million dollars and they still have not produced any oil or any product out of it, and it is very much in the same vein as the Tacoma plant. So as far as making alcohol, I would say that the technology is available but the transfer of technology to the process is the gap that is there."

Senator Rasmussen: "Then of course you are aware that when prohibition came in and they created a tremendous shortage in goods that people wanted, all the small business people and entrepreneurs went into the business. Can we do the same thing with alcohol in our back yards?"

Senator Guess: "There is a gentleman lives just out of Tenino that came out of the deep south and he called yesterday and volunteered to come up and teach any senator that so desired, how to make one of those back yard devices."

Senator Rasmussen: ". . . and we have arranged a meeting date for him I presume, I hope."

Senator Guess: "Well, I did not, frankly I did not get a chance to talk to him, my intern talked to him and he was going to talk to him again this morning; and I

told him I would like very much to see him. I will ask you to be at the meeting and we will do a little sketching on the blackboard."

Senator Rasmussen: "Thank you, Senator Guess."

Senators Talley, Peterson and Donohue demanded the previous question and the demand was sustained.

The President declared the question before the Senate to be the roll call on final passage of Engrossed Substitute Senate Bill No. 3629.

ROLL CALL

The Secretary called the roll on the final passage of Engrossed Substitute Senate Bill No. 3629, and the bill passed the Senate by the following vote: Yeas, 47; excused, 2.

Voting yea: Senators Bausch, Benitz, Bluechel, Bottiger, Clarke, Conner, Day, Donohue, Fleming, Gallagher, Gaspard, Goltz, Gould, Guess, Haley, Hansen, Hayner, Henry, Hurley, Jones, Lee, Lewis, Lysen, Marsh, Matson, Moore, Morrison, Odegaard, Peterson, Pullen, Quigg, Rasmussen, Ridder, Scott, Sellar, Shinpoch, Talley, Talmadge, Van Hollebeke, Vognild, von Reichbauer, Walgren, Wanamaker, Williams, Wilson, Woody—47.

Excused: Senators McDermott, Wojahn—2.

ENGROSSED SUBSTITUTE SENATE BILL NO. 3629, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

SECOND READING

SENATE BILL NO. 2922, Senators Rasmussen, Scott and Shinpoch (by Department of Retirement Systems request):

Providing for a building for the public employees retirement system.

MOTIONS

On motion of Senator Rasmussen, Second Substitute Senate Bill No. 2922 was substituted for Senate Bill No. 2922 and the second substitute bill was placed on second reading and read the second time in full.

On motion of Senator Rasmussen, the rules were suspended, Second Substitute Senate Bill No. 2922 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

Debate ensued.

PARLIAMENTARY INQUIRY

Senator Hayner: "I raise the question of whether or not this bill, 2922, is that the one we are on?:"

President Cherberg: "Right. Yes, Senator."

Senator Hayner: ". . . whether that survives the cutoff. I do not see any direct appropriation on that, nor is it energy-related."

Senator Rasmussen: "Mr. President, if Senator Hayner would look an appropriation of twenty thousand dollars made to the department of retirement systems for the feasibility study. The bill did go through ways and means."

Senator Hayner: "Was that originally on the bill?"

Senator Rasmussen: "Yes."

POINT OF INQUIRY

Senator Lewis: "Senator Rasmussen, in the original bill there was provision for eminent domain; I think that has been removed from the substitute bill. Am I correct?"

Senator Rasmussen: "No, they may either purchase by condemnation or otherwise, is my understanding."

Senator Lewis: "The director still has the power of eminent domain in the substitute bill?"

Senator Rasmussen: "Well, let me check the bill, Senator."

Senator Lewis: "I am given two different answers. Senator Jones tells me it is not in the substitute bill, Senator Rasmussen. I would like to be assured of that."

Senator Rasmussen: "Well, Senator Jones is sure; I am not sure."

Senator Lewis: "May I ask one other question, Senator. Would the director of the department have the authority under this bill to construct or purchase a building and then go into competition with private enterprise for rental space of non-state-related activities?"

Senator Rasmussen: "Yes."

Senator Lewis: "So we could see a shopping center or shops or anything else that is in the commercial world could be in this building?"

Senator Rasmussen: "No, ordinarily you would not build it that big but when you do construct a building you make the feasibility study they have to report back to us. You ordinarily build the building large enough for your future needs. Now I do not think we would want to build a small building that would handle our needs at the present time and not handle it ten years from now. But you also would not want that space to stand vacant if there was a chance to get a return on the money invested. This will be retirement funds that would be invested in the building."

POINT OF INQUIRY

Senator Guess: "Senator Rasmussen, in the language of the bill it said that they may build sufficient buildings on the outside as support to this building. The question I have is, would they build a building and put a commercial restaurant in there, and call that 'support of the building'? Would they be unable to do that?"

Senator Rasmussen: "I would doubt that that would be investment of retirement funds that would be approved by the board. The retirement board would have to approve the construction plans."

Senator Guess: "Senator, I would like to have dialogue on the floor to make it, as the gentleman who used to occupy that chair over there, crystal clear, to the board that they are not to go build a restaurant building as a support facility for the building. Now in talking to Dr. Hollister he said that he thought that would be limited to a parking lot. But I just do not like the idea of them going in and building that type of building that I have described."

Senator Rasmussen: "I would agree with you and I think that would not be a prudent-man investment. We have lots of restaurants in the Olympia area at the present time."

Senator Guess: "Thank you, Senator."

POINT OF INQUIRY

Senator Shinpoch: "Senator Guess, I just wanted to, I wanted to clarify the difference between a restaurant for public use and a cafeteria for the use of the employees in a building, or lunchroom. I wanted to be sure that you did not mean that we could not, we could not build a building that provided a lunchroom for the employees."

Senator Guess: "No, Senator, that would be an internal operation and using the enclosed space of the building; but the way the language was it indicated that they could build a separate building to support the building and this is what I did not want to happen."

Senator Shinpoch: "Thank you."

Further debate ensued.

Increasing local government participation in energy site certification procedures.

MOTIONS

On motion of Senator Odegaard, Substitute Senate Bill No. 3193 was substituted for Senate Bill No. 3193 and the substitute bill was placed on second reading and read the second time in full.

On motion of Senator Morrison, the following amendments by Senators Morrison, Bottiger, Benitz, Odegaard and Quigg were considered and adopted simultaneously:

On page 1, after line 3, insert:

"Section 1. Section 1, chapter 45, Laws of 1970 ex. sess. as last amended by section 29, chapter 108, Laws of 1975-76 2nd ex. sess. and RCW 80.50.010 are each amended to read as follows:

The legislature finds that the present and predicted growth in energy demands in the state of Washington requires the development of a procedure for the selection and utilization of sites for energy facilities and the identification of a state position with respect to each proposed site. The legislature recognizes that the selection of sites will have a significant impact upon the welfare of the population, the location and growth of industry and the use of the natural resources of the state.

It is the policy of the state of Washington to recognize the pressing need for increased energy facilities, and to ensure through available and reasonable methods, that the location and operation of such facilities will produce minimal adverse effects on the environment, ecology of the land and its wildlife, and the ecology of state waters and their aquatic life.

It is the intent to seek courses of action that will balance the increasing demands for energy facility location and operation in conjunction with the broad interests of the public. Such action will be based on these premises:

(1) To assure Washington state citizens that, where applicable, operational safeguards are at least as stringent as the criteria established by the federal government and are technically sufficient for their welfare and protection.

(2) To preserve and protect the quality of the environment; to enhance the public's opportunity to enjoy the esthetic and recreational benefits of the air, water and land resources; to promote air cleanliness; and to pursue beneficial changes in the environment.

(3) To provide abundant energy at reasonable cost.

(4) To practice energy conservation and to encourage the beneficial utilization of recoverable energy sources.

On page 1, after line 3, insert:

"Sec. 2. Section 4, chapter 45, Laws of 1970 ex. sess. as last amended by section 1, chapter 254, Laws of 1979 1st ex. sess. and RCW 80.50.040 are each amended to read as follows:

The council shall have the following powers:

(1) To adopt, promulgate, amend, or rescind suitable rules and regulations, pursuant to chapter 34.04 RCW, to carry out the provisions of this chapter, and the policies and practices of the council in connection therewith;

(2) To appoint an executive secretary to serve at the pleasure of the council;

(3) To appoint and prescribe the duties of such clerks, employees, and agents as may be necessary to carry out the provisions of this chapter: *Provided*, That such persons shall be employed pursuant to the provisions of chapter 41.06 RCW;

(4) To develop and apply environmental ~~((and))~~, ecological and energy conservation guidelines in relation to the type, design, location, construction and operational conditions of certification of energy facilities subject to this chapter.

(5) To establish rules of practice for the conduct of public hearings pursuant to the provisions of the Administrative Procedure Act, as found in chapter 34.04 RCW;

- (6) To prescribe the form, content, and necessary supporting documentation for site certification;
- (7) To receive applications for energy facility locations and to investigate the sufficiency thereof;
- (8) To make and contract, when applicable, for independent studies of sites proposed by the applicant;
- (9) To conduct hearings on the proposed location of the energy facilities;
- (10) To prepare written reports to the governor which shall include: (a) A statement indicating whether the application is in compliance with the council's guidelines, (b) criteria specific to the site and transmission line routing, (c) a council recommendation as to the disposition of the application, and (d) a draft certification agreement when the council recommends approval of the application;
- (11) To prescribe the means for monitoring of the effects arising from the construction and the operation of energy facilities to assure continued compliance with terms of certification and/or permits issued by the council pursuant to chapter 90.48 RCW or RCW 80.50.040(14): *Provided*, That any on-site inspection required by the council shall be performed by other state agencies pursuant to interagency agreement: *Provided further*, That the council shall retain authority for determining compliance relative to monitoring;
- (12) To integrate its site evaluation activity with activities of federal agencies having jurisdiction in such matters to avoid unnecessary duplication;
- (13) To present state concerns and interests to other states, regional organizations, and the federal government on the location, construction, and operation of any energy facility which may affect the environment, health, or safety of the citizens of the state of Washington;
- (14) To issue permits in compliance with applicable provisions of the federally approved state implementation plan adopted in accordance with the Federal Clean Air Act, as now existing or hereafter amended, for the new construction, reconstruction, or enlargement or operation of energy facilities: *Provided*, That such permits shall become effective only if the governor approves an application for certification and executes a certification agreement pursuant to this chapter: *And provided further*, That all such permits be conditioned upon compliance with all provisions of the federally approved state implementation plan which apply to energy facilities covered within the provisions of this chapter.

Renumber subsequent sections accordingly.

On motion of Senator Morrison, the following amendment by Senators Morrison and Benitz was adopted:

On page 1, after line 17, insert:

"In all instances, prior to recommending a nuclear-fueled thermal power plant site, the energy facilities site evaluation council shall provide the appropriate authorities of affected local jurisdictions with the opportunity to be heard with the objective of minimizing adverse local impacts to the extent reasonably possible. Such hearings shall be held in compliance with chapter 34.04 RCW."

Senator Guess moved the following amendments be considered and adopted simultaneously:

On page 1, section 1, line 10, strike "unless" and insert: "if".

On page 1, section 1, line 13, strike "majority" and insert: "by at least a sixty percent negative".

On page 1, section 1, line 13, strike "approved" and insert: "rejected".

POINT OF INQUIRY

Senator Odegaard: "Senator Guess, then are you suggesting that when one of us runs for office and if we do not acquire sixty percent of the vote, the people really do not know what they are doing and we ought not be here?"

Senator Guess: "You put me on the spot. Senator Odegaard, I think that the people know very well what they are doing and I think that the electorate is very perceptive but to get a majority vote in certain instances on this type of a thing it becomes very emotional. I think that we would be putting the location of facilities at a great disadvantage and it was from that standpoint that I suggested the amendment."

Debate ensued.

The motion by Senator Guess failed and the amendments were not adopted.

Senator McDermott moved adoption of the following amendment:

On page 1, after line 5, strike everything down to and including "act." on line 19 and insert "The energy facility site evaluation council shall not recommend and the governor shall not approve a site certification agreement for a nuclear-fueled thermal power plant which is located outside the boundaries of the United States department of energy's Hanford reservation unless, pursuant to chapter 29.13 RCW, the voters residing in the county or counties in which the site is located or has its greatest impact, have within two years of the filing of the original application, by majority vote, approved the siting of the facility in the county by amending the applicable county zoning ordinances, resolutions, or land use plans. The voters' approval of the siting as shown by the voters' approval of the amendment to the applicable county zoning ordinances, resolutions, or land use plans shall not be construed as a waiver of any applicable statutes or regulations governing the siting, construction, financing, or operation of the facility.

This section applies only to nuclear facilities not certified as of the effective date of this act.

Sec. 2. Section 11, chapter 45, Laws of 1970 ex. sess. as amended by section 37, chapter 108, Laws of 1975-'76 2nd ex. sess. and RCW 80.50.110 are each amended to read as follows:

(1) If any provision of this chapter is in conflict with any other provision, limitation, or restriction which is now in effect under any other law of this state, or any rule or regulation promulgated thereunder, this chapter shall govern and control and such other law or rule or regulation promulgated thereunder shall be deemed superseded for the purposes of this chapter.

(2) Except for nuclear-fueled thermal power plants located within the boundaries of the United States department of energy's Hanford reservation, the state does not preempt county land use plans or zoning ordinances. The state hereby preempts the regulation and certification of the ((location)) type, design, construction, and operational conditions of certification of the energy facilities included under RCW 80.50.060 as now or hereafter amended."

Renumber the remaining sections consecutively.

Debate ensued.

POINT OF INQUIRY

Senator Quigg: "Senator McDermott, on line 18 on the first page of your amendment, you talk about, or 17 and 18, 'the voters residing in the county or counties in which the site is located or has its greatest impact'. And I am kind of wondering just how we go about determining or who would determine which county. Is it a matter of who is downwind of the site, or where the people live from the site, or where exactly the site itself, how would, and who would make that determination? Could Thurston county decide that after Grays Harbor county had sited a plant like this that they did not like it and wanted to have a plebiscite to have that not sited in Grays Harbor?"

Senator McDermott: "One of the problems with these energy sites is that they do not just affect where the concrete is sitting, and I think that this would give the local voters the opportunity, the local commissioners, to put before their people a

vote on that issue if they are impacted by it and it is a real question. You see, we are acting as though you put a nuclear power plant or a coal burning plant or a plant to a siting facility to bring in oil as though that was the kind of thing that affected only the square acre it is sitting on and in fact, that is not true and this is designed to give a broader application to the principle of letting people vote about whether they want to have something within their confines affecting them."

Senator Quigg: "Well then, Senator, would this be up to EFSEC or the governor to decide that enough counties had considered the siting of a facility before they decided whether or not to go ahead and site it or how would that determination be made?"

Senator McDermott: "I think, Senator Quigg, what you are really bringing up is the fundamental question here and that is, how should sites be set? Should we have a group of bureaucrats get together somewhere and agree to buy whatever is proposed to them? I think that this body, the legislative body, ought to be the body that decides where they are going to be sited; and if there comes a big conflict, it is obviously going to come to the legislature and have to be decided here rather than allowing appointed bureaucrats to sit somewhere in meetings and decide this and then we have to go home and live with it. I think those of you who represent districts who have had the issue before you might want to have a public discussion and a public vote by elected people to make the decision rather than eight or nine bureaucrats, most of which none of us could name, and certainly nobody in your district knows who it was that put Satsop down there. All they know is that you are up here representing them and you apparently went along with that deal. And I think that none of us would want to be in the position that some of you are already in and would want to have it debated out here on the floor. That is what that is about."

Senator Quigg: "So you are saying then that this language would put this decision really to the legislature and not so much to the people in that county that had the plant sited or people in other counties that feel that the siting of that plant was going to effect them, i.e., a county that had a heavy urban population that felt that the water, let us say, and the other resources out in the rural county might be despoiled by such a plant and felt that since those were state waters of state-wide significance and game reserves and so forth, that they enjoyed using, that they did not want to have that plant sited one hundred and twenty miles from their urban county."

"That is the kind of thing that concerns me. I see all of a sudden an opportunity for a plebiscite popping up all across the state for people that would be concerned about an energy facility that may effect them only in a very most remote way."

Senator McDermott: "All of what you suggest is possible but what we have today is a group of bureaucrats deciding for us enormously costly and potentially hazardous situations without us being involved in it. We will always be the final arbiter. No matter what we put in law today, if tomorrow there is a situation that develops and they want to put a nuclear power plant in eastern King county, for instance, there would quickly be a reaction and we would be involved in it. We are always going to be drawn into these situations if it is not resolved at the local level."

Debate ensued.

POINT OF INQUIRY

Senator Lysen: "Senator Bottiger, when I was chairman of the energy committee in the House it seems to me that we passed a bill, you sent over Senate Bill 2910, and it had no provisions for local control, and we put them in which these amendments are taken from and then we passed it through the House and the Senate, so this measure, in substance, has been passed with this kind of control at the local level through both the House and the Senate. Is that correct?"

Senator Bottiger: "Senator Lysen, after long negotiations and an attempt to do some worthwhile things in cleaning up the siting act and cutting down the length of time, there was a group that insisted on some language being put in, and after making sure it would get vetoed out, we agreed to it."

Senator Lysen: "I do not know how, it did not occur to me at the time that those types of things would go on. I was taking your counsel in good faith; but the House nevertheless and the Senate concurred with this very language because of our concerns that the actual local control should prevail. So this reminds me this very language comes out of Senate Bill 2910 which passed both bodies and unfortunately the Governor vetoed it, took out the local control at that time. But I think there still is sentiment in the legislature for the local concern. I think Senator Odegaard's bill addresses that and Senator McDermott just wants to kind of nail it down a little tighter."

MOTIONS

On motion of Senator Talley, the amendment by Senator McDermott was laid upon the table.

On motion of Senator Marsh, Senator Shinpoch was excused.

On motion of Senator Bottiger, the following amendment by Senators Morrison, Bottiger and Odegaard to the title was adopted:

On page 1, line 1 of the title after "facilities;" insert:

"amending section 1, chapter 45, Laws of 1970 ex. sess. as last amended by section 29, chapter 108, Laws of 1975-76 2nd ex. sess. and RCW 80.50.010; amending section 4, chapter 45, Laws of 1970 ex. sess. as last amended by section 1, chapter 254, Laws of 1979 1st ex. sess. and RCW 80.50.040;"

MOTION

On motion of Senator Bottiger, the rules were suspended, Engrossed Substitute Senate Bill No. 3193 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

Debate ensued.

POINT OF INQUIRY

Senator Morrison: "Senator Bottiger, does this bill have any effect at all on the location of transmission facilities or corridors?"

Senator Bottiger: "None whatsoever."

POINT OF INQUIRY

Senator Bottiger: "Senator Odegaard, this bill grants the voters a say on whether a nuclear plant will be located in their county. Is it also the intent to allow voters to rescind that approval after the plant is well along the construction or permitting process?"

Senator Odegaard: "No, Senator Bottiger, this bill authorizes voters to approve the location of a nuclear power plant at a site where it would otherwise be prohibited. The bill recognizes the need to include both the wishes of the local citizens and the requirement of an applicant for a stable planning situation. The intent of the bill is to grant voters this right of approval until an application is accepted by the energy facility site evaluation council. At that time the existing one-stop siting procedures prevail and the way for citizens to affect decisions reverts to the existing method of intervening in the case before EFSEC."

POINT OF INQUIRY

Senator Bluechel: "Senator Odegaard, if all of these facilities are built in Hanford and the major lines run to the major metropolitan areas, has any study been done that would calculate the increased cost in power from the line loss from this particular situation?"

Senator Odegaard: "Senator Bluechel, I know there have been some studies — I do not have the exact figures here. There is some loss, it is less than ten percent, as I understand; but I think the important point is that, it is kind of like a prison, we know, in the future, nuclear power plants or for that matter, prisons, are not going to be located in an area where people do not want them. And we are going to have to face the fact because of that there is going to be some additional cost."

Senator Bluechel: "Senator Odegaard, what you are saying is that it is going to cost all of the electrical rate payers in the state an extra ten percent of their bill because we locate the facility at Hanford?"

Senator Odegaard: "Whatever the figure is, Senator Bluechel. Senator Bottiger might know better than I do, the exact figure. I understand it is less than ten percent."

Senator Bluechel: "Well Senator Odegaard, I think for that reason I think this bill, among many reasons, is a very bad bill. It is increasing the cost to everybody. It is delaying the availability of more energy and all of us have heard on this floor that by 1983 we will have rolling brown-outs or black-outs, electrical rationing, and here we are delaying the availability of more energy by passing this bill."

Senator Odegaard: "Mr. President, members of the Senate. In response to that, Senator Bluechel, it is interesting to note that we very seldom do ever hear of a possible siting of a nuclear facility around urban areas. Now to follow your logic, that is where they should be sited. There would be very little loss, then, to transmission lines if they are located in Kirkland, it would be very close to Seattle metropolitan areas, if we were to follow your logic. But I understand the federal government does not allow them to be located close to metropolitan areas because the possible danger. It is all right to put them in the rural areas but it is not okay in the urban areas; but a person living in Toledo is just as important as one living in Kirkland."

Senators Matson, Quigg and Talley demanded the previous questions and the demand was sustained.

The President declared the question before the Senate to be the roll call on final passage of Engrossed Substitute Senate Bill No. 3193.

ROLL CALL

The Secretary called the roll on the final passage of Engrossed Substitute Senate Bill No. 3193 and the bill passed the Senate by the following vote: Yeas, 32; nays, 14; absent or not voting, 1; excused, 2.

ENGROSSED SUBSTITUTE SENATE BILL NO. 3193, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

PERSONAL PRIVILEGE

Senator Ridder: "I received in my office yesterday a reprint from Senator Williams of an article called 'Soft Energy Paths' which was presented as a speech in September. I am not a member of the energy committee but I think that all of us are going to be vitally concerned in these next several weeks and I would urge that each of us read it because I think it is valuable for our consideration."

MOTION

At 12:12 p.m., on motion of Senator Walgren, the Senate adjourned until 11:00 a.m., Tuesday, February 12, 1980.

THIRTIETH DAY

MORNING SESSION

Senate Chamber, Olympia, Tuesday, February 12, 1980.

The Senate was called to order at 11:00 a.m. by President Cherberg. The Secretary called the roll and announced to the President that all Senators were present except Senators Quigg and von Reichbauer. On motion of Senator Jones, Senator Quigg was excused. On motion of Senator Wilson, Senator von Reichbauer was excused.

The Color Guard, consisting of Pages Lavee, Barlow and Cheryle Hansen, presented the Colors. Reverend George M. Mitchell, pastor of the First Christian Church of Olympia, offered the following prayer:

"DEAR GOD AND FATHER OF US ALL, IN THIS MOMENT OF PRAYER AND QUIETNESS, WE BECOME AWARE OF THE NOISE AND CONFUSION IN OUR LIVES, AND REALIZE ANEW THAT WE ARE TORN AND DIVIDED WITHIN OURSELVES BY A VARIED MIXTURE OF FEELINGS, CONVICTIONS AND MOTIVATIONS. WE FIND IT TO BE DIFFICULT TO MAINTAIN OUR STEADFAST PURSUIT OF WORTHY GOALS AND TO MAINTAIN OUR INTEGRITY IN THOUGHT AND DEED.

"WE ASK THEREFORE THAT YOU WOULD HELP US TO FOCUS AND DIRECT OUR LIVES TOWARD THE TASKS THAT ARE SET BEFORE US. MAY WE NOT BE TURNED ASIDE BY DIFFICULTIES NOR ANNOYANCES. AND MAY WE RESIST THE ALL-TOO-EASY TEMPTATION TO BLAME SOMEONE ELSE FOR THE PROBLEMS, AND THEREBY ATTEMPT TO EXCUSE OURSELVES FROM THE RESPONSIBILITY OF TRYING TO SOLVE THEM. HELP EACH SENATOR THIS DAY TO MAKE THOSE DIFFICULT DECISIONS WHICH LEAD TO CREATIVE SOLUTIONS. AMEN."

MOTION

On motion of Senator Walgren, the reading of the journal of the previous day was dispensed with and it was approved.

REPORT OF STANDING COMMITTEE

MAJORITY recommendation: Do pass with the following amendments:

On page 1, line 29 of the original bill, being page 2, line 1 of the printed bill, after "responsibilities" insert "only"

On page 2, line 6 of the original bill, being page 2, line 8 of the printed bill, after "members;" strike "and"

"(4) To work closely with the department of social and health services in meeting mental health concerns."

On page 2, line 23 of the original bill, being page 2, line 25 of the printed bill, after "sum of" strike "two" and insert "one"

Debate ensued.

MOTION

On motion of Senator Marsh, Senate Bill No. 3200, as amended, was ordered held for further consideration following Senate Bill No. 3473.

SECOND READING

SENATE BILL NO. 3473, by Senators Gaspard, Matson, McDermott and Morrison (by Superintendent of Public Instruction request):

Providing for inventory and energy efficiency and safety audit of existing school facilities.

The bill was read the second time by sections.

On motion of Senator Guess and with the consent of Senator Gaspard the Senate commenced consideration of the following amendment by Senator Guess:

On page 1, line 20, add the following proviso:

": PROVIDED, That for purposes of the energy efficiency and safety audits, the board shall utilize existing local organizations which are qualified to perform such audits to the extent qualified local organizations are available"

Debate ensued.

POINT OF INQUIRY

Senator Rasmussen: "Senator Gaspard, on your amendment you indicate it first has to be computerized and state-wide which would kind of limit the firms that were considered for this job. What I am wondering, is it not possible for a local firm, not necessarily putting it down on software, I am thinking of, I know city light engineers do do this, go out and survey buildings and make recommendations as to efficiency for electric installations on heat. Wouldn't it be possible for local firms to put this down and then have it transferred to tape, computer tape, and then could be stored down here or with the school system, I think it could use the Everett school system computer. Then it is not necessary to go state-wide on it if you can get the information locally; and then transfer it to tape and you would then have your computerized information. That is my question."

Senator Gaspard: "Senator Rasmussen, the information is going to be locally, that is where we will collect the information; but there is a difference in the collection of the information and how the information is going to be used when available on a state-wide basis. I might also point out that we are going to have to go back, most likely, and validate some of that information. Past experience in other states has indicated that thirty percent of the information collected was wrong and needed to be revised. We need to have some type of a state-wide system that will allow us to compare apples and apples, not apples and oranges. The information, one thing I noticed about the superintendent of public instruction's office, it has three hundred and some-odd local school districts. And many times the request from the SPI office or the state board should give us averages or particular figures about all the school districts out there. In many cases each school district has their own information. There hasn't been a collection that has looked at that information and put it on a state-wide basis. I think that any information that we are requiring from the SPI office now involving energy and energy savings, we have to have something available to us on a state-wide basis that we know that when we compare a school in Vancouver to a school in Tacoma, we are talking about the same type of energy savings."

POINT OF INQUIRY

Senator Rasmussen: "Senator Donohue, has this bill been in the ways and means committee?"

Senator Donohue: "No, Senator, it has not."

Senator Rasmussen: "We have spoken of eight hundred thousand dollars and probably from what I just heard from Senator Gaspard, it probably will run over a million dollars. Why hasn't this been referred to your committee?"

Senator Donohue: "I would assume that the question should probably go to the chairman of the committee that it came out of, Senator, and let him respond."

POINT OF ORDER

Senator Gaspard: "Mr. President, a Point of Order. We are on an amendment that is pending on the bill and I think the discussion that just took place between Senator Rasmussen and Senator Donohue is not to the order of business at hand."

MOTION

Senator Rasmussen moved that Senate Bill No. 3473 be rereferred to the Committee on Ways and Means.

Debate ensued.

MOTION

Senator Marsh moved that further consideration of Senate Bill No. 3473 and the pending amendment by Senator Guess be deferred.

There being no objection, on motion of Senator Rasmussen, the motion to refer Senate Bill No. 3473 to the committee on ways and means was withdrawn.

The motion by Senator Marsh carried. Further consideration of Senate Bill No. 3473 and the pending amendment by Senator Guess was deferred.

SIGNED BY THE PRESIDENT

The President signed:

SUBSTITUTE SENATE BILL NO. 3195,
SENATE BILL NO. 3219,
SENATE BILL NO. 3406.

SECOND READING

SENATE BILL NO. 3200, by Senators Talmadge, Quigg, Moore, Wojahn, Shinpoch and von Reichbauer:

Establishing the office of mental health ombudsman.

The Senate resumed consideration of Senate Bill No. 3200, as amended by the committee amendments earlier today and the following amendment by Senator Haley which had been moved for adoption:

On page 1, line 20 strike "office of" and after "ombudsman" insert: "program"

The motion by Senator Haley carried and the amendment was adopted.

On motion of Senator Haley, the following amendments were considered and adopted simultaneously:

On page 1, line 27 strike "office of" and on line 28 after "ombudsman" insert: "program"

On page 2, line 13 strike "office of" and on line 14 after "ombudsman" insert: "program"

On page 2, line 15 strike "office of" and after "ombudsman" insert: "program"

On page 2, line 19 after "developed" insert: "as part of the program" and strike the remainder of the section down to the period on line 21.

Senator Haley moved adoption of the following amendment:

On page 1, line 21 after "(2)" strike the remainder of the section through line 26 and insert:

"The Office of Financial Management shall implement this program through a "request-for-proposal" method and a subsequent contract for services with a private agency demonstrating an ability to meet the program's goals. The proposal must

demonstrate the private agency's ability to provide all services set forth in section 3 of this act."

Debate ensued.

The motion by Senator Haley failed and the amendment was not adopted.

Senator Talmadge moved adoption of the following amendment:

On page 1, line 21, after "(2)" strike the remainder of the section through line 26 and insert:

"A joint committee of the legislature consisting of four members of the senate appointed by the president of the senate and four members of the house of representatives appointed by the speakers of the house of representatives shall select a mental health ombudsman and shall monitor the implementation of this act."

Senator Day moved adoption of the following amendment to the amendment by Senator Talmadge:

On the last line of the Talmadge amendment, after "act" insert ": PROVIDED, That no more than two members of each house are of the same party."

Debate ensued.

POINT OF INQUIRY

Senator Day: "Senator Talmadge, I note that it does not delineate on here that this is to be in any way a bipartisan committee. Was it your intent that this have language in here that would assure that?"

Senator Talmadge: "I think, Senator Day, from the numbers involved and the character of the committee it is clearly a bipartisan committee. I think the President of the Senate and the Speakers of the House would constitute the committee in such a fashion as to give it a bipartisan character."

Senator Day: "Senator Talmadge, would you object to an amendment following 'act' which in effect said that 'no more than two members of each house shall be from one party' which would accomplish the objective? And then I think it will go right on in."

Senator Talmadge: "Senator Day, what was that. . ."

Senator Day: ". . . just to add the proviso at the end saying 'provided that no more than two of the members appointed from the house or senate shall be from one party' and that will accomplish the objective, so, or two members, however you want to write it so that, I think when it gets to the House it will go a lot better and I think it will go easier here, too."

Senator Talmadge: "Senator, I would have no concern with that proviso."

POINT OF INQUIRY

Senator Hayner: "Senator Talmadge, is it your intention then, that this committee should decide on the salaries of those individuals?"

Senator Talmadge: "Yes."

POINT OF INQUIRY

Senator Guess: "Mr. President, I think that I would like to suggest to Senator Talmadge, if this amendment is adopted, then we are going to have to go down and do further amendments in the bill or to, in some way, provide that the provisions of 41.06 are carried out. This does not read complete to me—is it your intention to offer further amendments on that?"

Senator Talmadge: "Senator Guess, it was not my intention to offer further amendments at this time."

Further debate ensued.

The motion by Senator Day carried and the amendment to the amendment was adopted on a rising vote.

The motion by Senator Talmadge carried and the amendment, as amended, was adopted.

MOTIONS

On motion of Senator Wilson, Senator Donohue was excused.

On motion of Senator Talmadge, the rules were suspended, Engrossed Senate Bill No. 3200 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

Debate ensued.

ROLL CALL

The Secretary called the roll on the final passage of Engrossed Senate Bill No. 3200, and the bill passed the Senate by the following vote: Yeas, 34; nays, 10; absent or not voting, 1; excused, 4.

Voting yea: Senators Bausch, Bluechel, Bottiger, Conner, Day, Fleming, Gallagher, Gaspard, Gould, Haley, Hansen, Hurley, Lee, Lysen, Marsh, McDermott, Moore, Morrison, Odegaard, Peterson, Quigg, Ridder, Shinpoch, Talley, Talmadge, Van Hollebeke, Vognild, von Reichbauer, Walgren, Williams, Wilson, Wojahn, Woody—34.

SENATE RESOLUTION 1980-174

By Senators Conner and Talley:

WHEREAS, There is considerable interest among the public concerning the size and vitality of the Pacific salmon stocks in Washington; and

WHEREAS, Of particular importance are the numbers of spawning salmon returning to state hatcheries or to natural streams and rivers;

NOW, THEREFORE, BE IT RESOLVED, That the Senate requests that the department of fisheries publish an annual report outlining the requirements for and the success or failure of each salmon hatchery and natural salmon escapement. The reports should also outline any necessary corrective measures such as replanting, desiltation, stream clearing, etc. The Senate requests that the department solicit bids and award contracts to qualified bidders to carry out the corrective measures.

MOTIONS

On motion of Senator Vognild, the following resolution was adopted:

SENATE RESOLUTION 1980-175

By Senator Vognild:

WHEREAS, The courage, fortitude and determination of one man can bring about a much needed change in our system; and

WHEREAS, Howard Dalton, a forty-two year old Everett, Washington businessman died from lung cancer February 7, 1980; and

WHEREAS, Howard Dalton, after learning that he had terminal lung cancer in November, 1978, and had six to eight months to live, applied for social security disability benefits and became outraged by an injustice in our social security system when he found that he would be eligible for benefits only after a five-month period; and

WHEREAS, Howard Dalton spent the remainder of his life engaged in two gallant battles; one battle against the cancer which finally struck him down, and the other battle for a much needed reform in the social security laws; and

WHEREAS, This brave man devoted his life to right a wrong and improve the lives of terminally ill people in this nation by seeking a change in the social security laws where the normal waiting period for social security disability benefits would be waived if the recipient were terminally ill; and

WHEREAS, People who are terminally ill should be able to benefit from the money that they have paid into the social security system before the desperately needed help is too late; and

WHEREAS, The United States Senate passed this amendment to the Social Security Omnibus Reform bill during Howard Dalton's lifetime, and the United States House of Representatives by passing this much needed amendment to make our social security laws more just would be paying a tribute to the memory of Howard Dalton and proving to the sometimes disenchanted citizens of this nation that one concerned citizen can make a difference in this complex age;

NOW, THEREFORE, BE IT RESOLVED, By the Senate of the State of Washington, That the United States House of Representatives be urged to pass the "Dalton amendment" to the Social Security Omnibus Reform Bill; and

BE IT FURTHER RESOLVED, That the deepest sympathy of each member of the Senate of the State of Washington be conveyed to Howard Dalton's widow, Joy Dalton, and his family; and

BE IT FURTHER RESOLVED, That copies of this resolution be immediately transmitted to the President of the United States Senate, the Speaker of the House of Representatives, each member of Congress from the State of Washington, and to Howard Dalton's widow, Joy Dalton, and his family.

REMARKS BY SENATOR VOGNILD

Senator Vognild: "Mr. President, Howard Dalton learned he had lung cancer in November, 1978, and was told he had six to eight months to live. He devoted that time to attempting to correct a wrong in the Social Security system. The courage and fortitude and determination of one man can sometimes bring about change in our system. This man nearly succeeded. The United States Senate has passed an amendment to the Social Security bill which would have corrected the injustice. He did not see the end of this—he passed away on February 7, 1980. The United States House of Representatives is now considering this amendment. I feel this resolution recognized this man's efforts. I feel it was a worthy cause and I urge your support of this resolution. Thank you".

REMARKS BY SENATOR MORRISON

Senator Morrison: "Mr. President, ladies and gentlemen of the Senate. I guess I do not have to call your attention the gifts that were on our desks this morning as we came in, in celebration of this Valentine's day, with love from a very special group, special to many of us who represent the various agricultural areas of this state. Perhaps it can be best expressed in the poem that is inside of the red heart on the cover of these boxes — let me just read it to you. It says

Wheat, corn, peas and beans
Apples, pears and evergreens;
Hops, mint, milk and bees
Either for home or overseas.
Washington farmers grow the best —
It's up to you to do the rest.

"So from the Washington Women for the Survival of Agriculture this special gift to those of us here in the legislature, saying that, together with the farm community and the partnership with government at state level, we can continue to provide not only food for the tables of the world but I think a profitable business which is the very key to the success of our economy here in the state of Washington. Governor, in your own appropriate way I would ask that you ask the members of the Washington Women for the Survival of Agriculture in the north gallery to receive our thanks."

POINT OF INQUIRY

Senator Talley: "Senator Morrison, it is all right if we don't serve lunch today — we'll save money — just eat the box."

Senator Morrison: "Well, the farm community is interested in economy, Senator Talley, and whatever we can do for the facilities committee, I am sure we will glad. . . ."

Senator Talley: "No lunch served today."

REMARKS BY THE PRESIDENT

President Cherberg: "Thank you very much, Senator Morrison, for the privilege and the great pleasure of presenting to the members of the Senate, a very charming and dedicated group of people. Will the members of the Washington Women for the Survival of Agriculture please stand, along with Senator Morrison, in order that the members of the Senate may properly recognize and give you the welcome you so richly deserve?"

POINT OF INQUIRY

President Cherberg: "Senator Morrison, would it be permissible for the President to offer an amendment to the Washington Women for the Survival of Agriculture, and add the two words 'and Senators'?"

Senator Morrison: "Governor, if it is within the scope and object, it certainly is okay with me."

President Cherberg: "If there are no objections, it is so ordered."

On page 2 following section 1 add new sections to read as follows:

"NEW SECTION. Sec. 2. Each year, high schools throughout this state graduate a significant number of students who have distinguished themselves through numerous academic accomplishments; unlike many other states, the state of Washington has no consistent or uniform program to recognize and honor the very significant academic achievements of these young students. It is the purpose of section 3 of this amendatory act to create such a state-wide uniform program, allowing educational and legislative leaders, as well as the governor, to reaffirm the importance of educational excellence to the future of this state.

NEW SECTION. Sec. 3. There is added to chapter 223, Laws of 1969 ex. sess. and to chapter 28B.15 RCW a new section to read as follows:

Each year the Washington Association of Secondary School Principals shall submit to the council for postsecondary education the names of the three high school seniors residing in each legislative district who attain the three highest scores for that district on the Washington precollege (WPC) test. In the event of tie scores, the association shall determine the three recipients.

Upon receipt of these names, the council shall notify the governor and the legislators of the respective districts and the students so designated that they have been selected as Washington State Scholars for that year.

The council, in conjunction with the governor's office, shall prepare the necessary certificates and inform the association, the recipients, and the legislators of each district of the time and place for the award thereof, so that the governor or the governor's designee as well as the respective legislators and a representative of the association may participate in the awards ceremony.

Each Washington State Scholar is entitled to a full waiver of all tuition, operating, and services and activities fees, without regard to financial need, for a single academic year at any one of the public institutions of higher education in the state, subject only to the institution's admission requirements.

The recipient must make use of the waiver within the two-year period following the recipient's high school graduation, not counting any period spent in active military service. The council may, by rule, establish provisions for exceptions to the time limitation for reasons of health or family hardship.

The council shall adopt any rules and maintain all records necessary to administer and monitor this program and shall coordinate its implementation with the institutions involved.

The tuition and fees waived by the public institutions of higher education as mandated by this section shall be included under the percentage limitations set forth in RCW 28B.15.740 as now or hereafter amended.

NEW SECTION. Sec. 4. Washington State Scholars shall be designated under section 3 of this act for the years 1980 through 1984, inclusive. Prior to January 1, 1982, the council for postsecondary education shall report to the governor and the senate and house higher education committees its evaluation of the effectiveness of the program, with recommendations as to its continuation, discontinuation, or modification beyond fiscal year 1985-86.

SECOND READING

REENGROSSED SUBSTITUTE HOUSE BILL NO. 1676, by Committee on Education (originally sponsored by Representatives Bauer, Sanders, Salatino, Tupper, Eng, Winsley, Grimm, Bond, Ehlers, Erickson, McGinnis, Burns, Gallagher, Sherman, Valle, King, Hughes, Brown, Owen and Bender):

Implementing law relating to student discipline in common schools.

The Senate resumed consideration of Reengrossed Substitute House Bill No. 1676 from earlier today. The committee amendment was adopted at that time and an amendment by Senator Pullen as amended by Senator Gould and an amendment by Senator Pullen to the amendment by Senator Pullen is pending.

There being no objection, on motion of Senator Pullen, the amendment, as amended was withdrawn.

Senator Pullen moved adoption of the following amendment:

On page 1, line 26, after "period" insert "PROVIDED FURTHER, That upon excluding a student from the classroom, the teacher shall immediately notify the principal or the principal's designee, who shall, on that same day, contact by phone or mail written notification of such exclusion to the student's parents or guardian".

POINT OF INQUIRY

Senator Gaspard: "Senator Pullen, I believe that on about the second line, starting 'The teacher shall immediately notify the principal'. I am a bit concerned of that language and maybe for some intent questions, I would ask you if that would mean that the teacher would then have to leave the classroom to notify the principal; or would it be appropriate for the teacher to send a written notice along with the student and"

Senator Pullen: "Yes, yes it certainly would be appropriate to send a written notice along with the student."

Senator Gaspard: "Thank you."

POINT OF INQUIRY

Senator Morrison: "Senator Pullen, one of the things the education committee has learned about school discipline is that many schools are instituting what is called 'in-school suspension', that is, where a teacher actually might exclude a pupil from the classroom but they continue their educational experience in sort of solitary confinement, if you will. Is it your intent in this amendment, that notification would be sent to the parents under those circumstances?"

Senator Pullen: "If in-school suspension was part of the exclusion that was considered in this bill originally by the sponsors, then yes, that would be my intention."

POINT OF INQUIRY

Senator Odegaard: "Senator Pullen, if the principal is out of the building, how would the teacher know who the designee is?"

Senator Pullen: "The people in the principal's office would know that and there would not be any difficulty, I am sure, in deciding who the designee was; and in fact, if you cannot notify the parent by telephone, you have the whole day in which to drop a post card in the mail so there won't really be any constraints on the notification process."

Debate ensued.

The motion by Senator Pullen carried and the amendment was adopted.

On motion of Senator McDermott, the committee amendment was adopted.

On motion of Senator McDermott, the rules were suspended, Reengrossed Second Substitute House Bill No. 1676, as amended by the Senate, was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

SECOND READING

ENGROSSED HOUSE BILL NO. 322, by Representatives Isaacson, Pruitt, Oliver, Brekke, Hastings, Hurley, Sanders, North, Addison, Greengo and Struthers: Exempting from the fire code hand-held candles in religious ceremonies.

REPORT OF STANDING COMMITTEE

February 6, 1980.

ENGROSSED HOUSE BILL NO. 322, exempting from the fire code hand-held candles in religious ceremonies (reported by Committee on Local Government): MAJORITY recommendation: Do pass with the following amendment:

On page 1, line 24, after "candles" and before ";" insert "unless a local fire official determines such action to be contrary to public safety".

Signed by: Senators Wilson, Chairman; Bluechel, Bradburn, Fleming, Lee.

The bill was read the second time by sections.

Senator Wilson moved the committee amendment not be adopted.

Debate ensued.

POINT OF INQUIRY

Senator von Reichbauer: "Senator Vognild, in speaking to your amendment am I to understand then that when I, in the rural part of King county, want to burn rubbish all I have to do is get a permit once a year; but you are now going to ask every church to get a permit or make contact every time there is going to be a procession with candles?"

Senator Vognild: "That was one of the questions that arose and I will be proposing an oral amendment to make this permit on an annual basis."

Senator von Reichbauer: "Are you suggesting that you are going to add an oral amendment to make it on an annual basis?"

Senator Vognild: "That is correct."

Further debate ensued.

The motion by Senator Wilson carried and the committee amendment was not adopted.

Senator Vognild moved adoption of the following amendment:

On page 1, line 23, after "shall" strike all the material down through "candles on line 24 and insert "be permitted to carry hand-held candles if approved by the appropriate fire authority".

On motion of Senator Vognild, the following amendment to the amendment was adopted:

Following the last word of the amendment, add "annually".

POINT OF INQUIRY

Senator Hayner: "Senator Vognild, I am assuming that because you are only having this authority granted from the fire department or whoever, once a year, that that group, the church is going to have to tell you at that time what all the events are going to be during the whole year. Is that correct?"

Senator Vognild: "I do not know if that is totally correct. I think what they need to do is to describe the types of ceremonies they are going to have so that the fire marshal may instruct them, give them information as necessary, in how to protect particularly the young participants of those ceremonies."

Senator Hayner: "Mr. President, may I continue? Well, I think this is perfectly ridiculous. In the first place you do not know very often what the programs are that you are going to have or what the kind of costumes are and we are acting here as though nobody has any good sense — that they are not willing to take any risk themselves and take the responsibility. They are their children — they are going to take care of them. I think this is ridiculous and I would vote 'no'."

Debate ensued.

POINT OF INQUIRY

Senator Clarke: "Senator Vognild, I am assuming that the intent of your amendment, since a permit is required annually from the fire authority, that the power to grant or deny also would include the power to impose reasonable conditions; and that the idea is that the fire authority would, if effect, make reasonable requirement that certain type of inflammable material not be used in connection with the type of ceremony; and that condition, then, would be applicable on an annual basis, so that it would not be necessary to in any way specify the number of occasions or the type, but it would simply be, in effect, an understanding with the fire officials that where these candles are used, reasonable safety precautions would be in effect and that the condition would be granted annually simply on that kind of an understanding."

Senator Vognild: "Yes, Senator, I believe you are correct. Quite frankly, if I had my way, I would have made this every ceremony. I realize that that would have been very difficult for this body. But perhaps some of you need to understand the fire service also conducts tests. I personally have conducted tests of graduate gowns. I spoke to this last year. Ten seconds from ground to face. Think about it for a minute — ten seconds from ground to face on a graduation gown. That equals death. If the fire service is not notified and does not know what is happening in that church, there is no way they can step in on a preventative way to prevent a tragedy. In the event you think this is a smoke screen from the fire service, I can tell you that we have had deaths in church. A Lutheran church in the mid-west lost two young girls in a ceremony some four years ago. I want to do what I can to prevent that tragedy in the state of Washington and I want to do what I can to do it in such a way that I interfere as little as possible with religious freedom. That is what I am trying to do."

Further debate ensued.

The motion by Senator Vognild failed and the amendment as amended was not adopted on a rising vote.

There being no objection, on motion of Senator Vognild, the amendment by Senators Vognild and Hurley on the desk of the Secretary of the Senate was withdrawn.

On motion of Senator Wilson, the rules were suspended, Engrossed House Bill No. 322 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

Debate ensued.

PERSONAL PRIVILEGE

Senator Benitz: "Mr. President, members of the Senate. This morning it slid by me quite rapidly, the wine and grape research bill went back to rules — I am not arguing about that . . . went back to ways and means; it had not been there and there was no financial impact in this biennium; but I wanted to take just a minute to

tell this body that we in the state of Washington, have a wonderful opportunity to develop a very exotic and very good wine grape industry. We have been hit very, very hard with the freeze of a year ago and we do need some help. No state that has a successful wine industry has accomplished this without some help from the legislature.

"Now I have two examples that I want to use, which incidentally, I talked to Senator Donohue and he assured me he is not against the wine, wine grape industry but he wants a little time, and he indicates he will give us some help. There is a grape known as Muscat Blanc that is grown throughout the world and makes just an average wine, but when it was grown here in the northwest, it is a superior wine, that is known as a Muscat Canelli, a superior wine; we had over four hundred acres of them in the state, and we lost every single plant a year ago in the freeze. We have to have winter hardiness; we have to develop that, and we have to have a bit of help. We also have a new product known as Ice Wine. It comes in small bottles because it is not cheap. It is a very delicate kind of wine and cannot be grown in California, only northern France, Germany and those places. It is available for about twenty-two dollars a bottle - a tenth only. Those are the kind of problems we have. I appreciate your attention, look forward to working with you developing that wine industry for the state of Washington."

The Senate resumed consideration of Substitute House Bill No. 1481 from earlier today. Two committee amendments were adopted and an amendment by Senators Goltz and Conner is pending a Ruling by the President on a Point of Order presented by Senator Benitz.

RULING BY THE PRESIDENT

The President: "In ruling upon the Point of Order raised by Senator Benitz, the President finds that Substitute House Bill No. 1481 is a measure which increases the ability of community colleges to offer tuition and fee waivers to adult students who have failed to graduate from high school in order that they may have the opportunity to achieve a high school diploma.

"The amendment proposed by Senators Goltz and Conner also authorizes tuition waivers but for the totally different purpose of funding one year of college at any of Washington's four-year public colleges or universities for top high school graduates.

"**NEW SECTION.** Sec. 3. There is added to chapter 223, Laws of 1969 ex. sess. and to chapter 28A.24 RCW a new section to read as follows:

In addition to the authority otherwise provided in this chapter to school districts for the transportation of persons, whether school children, school personnel, or otherwise, any school district authorized to use school buses and drivers hired by the district for the transportation of school children to and from a school activity, along with such school employees as necessary for their supervision, shall, if such school activity be an interscholastic activity, be authorized to transport members of the general public to such event and utilize the school district's buses, transportation equipment and facilities, and employees therefor: PROVIDED, That provision shall be made for the reimbursement and payment to the school district by such members of the general public of not less than the district's actual costs and the reasonable value of the use of the district's buses and facilities provided in connection with such transportation."

On line 4 of the title after "and adding" strike "a new section" and insert "new sections"

Signed by: Senators McDermott, Chairman; Gaspard, Vice Chairman; Gould, Hayner, Morrison, Ridder, Talmadge.

The bill was read the second time by sections.

On motion of Senator McDermott, the committee amendment was adopted.

On page 1, on line 27, after "schoolhouse" insert "except pupils who are living in a group home which has five or more pupils and which is near a bus route, existing on the effective date of this act, from the school bus garage to the schoolhouse"

POINT OF INQUIRY

Senator Bottiger: "Senator McDermott, I understand that the current law prohibits any child from riding the school bus if he lives within two miles of the school; and if we open it up, how many more school buses, and what is the fiscal impact going to be?"

Senator McDermott: "You are correct, Senator Bottiger. The state rules and regs provide that we should provide buses for two miles and beyond; now many districts do less than that but it is an issue of local control. The reason this is a bad amendment is that you are now putting into state law a particular problem in a particular district. If you want to have three hundred and six amendments from various districts with various problems, you want to run the whole bus system, start adopting these kinds of amendments. What you are saying to local school districts is 'we do not like what you are doing down there — your local control is rotten — we will solve the problem'. And this, our committee has never seen this, there has been no testimony from the Spokane school district or whatever school district we happen to be talking about. I think it is bad precedent for us to begin trying to run every school transportation system at the state level, and I would urge that you defeat this."

REMARKS BY SENATOR GOULD

Senator Gould: "Mr. President, I wanted to clarify an issue that was brought up, I think by Senator Bottiger. School districts are not prohibited from transporting students less than two miles from school, but they are mandated to transport students over two miles from school. And currently, as Senator McDermott has indicated, local school boards have the flexibility and the option to provide the kinds of service for those students within the two-mile limit that is necessary depending upon health and safety factors and the other problems that occur at the local area. I believe, Senator Hurley, that this particular problem could be resolved within the Spokane school district under the current law; and I guess I would concur that that is the way it should be done."

The motion by Senator Hurley failed and the amendment was not adopted on a rising vote.

On motion of Senator McDermott, the committee amendment to the title was adopted.

On motion of Senator McDermott, the rules were suspended, Substitute House Bill No. 440, as amended by the Senate, was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

POINT OF INQUIRY

Senator Scott: "Senator Talmadge, is the title of this bill broad enough to encompass the subject of child prostitution?"

Senator Talmadge: "Senator, I believe it is an act relating to pornography involving children. It would be my belief that it probably would cover that situation."

Senator Scott: "Child prostitution. Why wasn't that subject covered since it is the worst evil of all?"

Senator Talmadge: "The bill came over from the House, Senator Scott, in this fashion. We attempted to deal with it in the judiciary committee as it came to us. The bill deals essentially with the problems of pornography and that is the problem we have before us and that is the problem that we dealt with. You will notice that the definitional sections contained in the bill, may in fact, not give us an opportunity to deal with child prostitution, and it might make the bill somewhat more expansive than what the House intended to consider in sending the bill over to us. That is the reason the bill deals only with pornography, to my understanding."

ROLL CALL

The Secretary called the roll on the final passage of Substitute House Bill No. 551, as amended by the Senate, and the bill passed the Senate by the following vote: Yeas, 40; excused, 9.

Establishing a judicial performance and disciplinary commission.

The resolution was read the second time in full.

On motion of Senator Marsh, the rules were suspended, Substitute House Joint Resolution No. 37, was advanced to third reading, the second reading considered the third, and the resolution was placed on final passage.

POINT OF INQUIRY

Senator Talmadge: "Senator Marsh, this constitutional amendment provides for the retirement of a judge or justice for a permanent disability which seriously interferes with the performance of judicial duties. I see the desirability of forcing a permanently disabled judge from the bench when his or her disability seriously interferes with the performance of judicial duties. But is there any intent in the term 'retire' to imply that the payment of some type of benefit be made that is not implied by the statute?"

Senator Marsh: "No. The word 'retire' is used in the same sense as 'removal'. If a judge were retired for disability he would receive no retirement benefit unless he was otherwise qualified by the applicable statutory scheme for judicial retirement for disability."

The Secretary called the roll on the final passage of Substitute House Joint Resolution No. 37, and the resolution passed the Senate by the following vote: Yeas, 40; excused, 9.

This shall be the only notice required for a state, county, district or municipal general or special election and shall supersede the provisions of any and all other statutes, whether general or special in nature, having different requirements for the giving of notice of any general or special elections.

(b) All school district elections held on February 5, 1980, at which the number and proportion of persons required by law voted to authorize bonds or tax levies, are hereby validated regardless of any failure to publish notice of such election. No action challenging the validity of any such election may be brought later than April 15, 1980, or thirty days from the effective date of this act, whichever is later. Notice of provisions of this subsection shall be published within five days after the effective date of this section of this 1980 act in a newspaper of general circulation within each county where a school district election was held on February 5, 1980, and where notice of such election was not published as provided in subsection (a).

NEW SECTION. Sec. 9. Section 8 of this 1980 act is necessary for the immediate preservation of the public peace, health, and safety, the support of the state government and its public institutions, and shall take effect immediately."

In the first place, I would like a description of what 64.04 is."

MESSAGES FROM THE GOVERNOR

Office of the Governor, February 14, 1980.

TO THE HONORABLE, THE SENATE OF THE STATE OF WASHINGTON.
LADIES AND GENTLEMEN:

I have the honor to advise that on February 14, 1980, Governor Ray approved the following Senate Bills entitled:

SUBSTITUTE SENATE BILL 3195, relating to Heart Lake purchase.

SENATE BILL 3406, certain state funds—school funds abolished.

SENATE BILL 3219, Lewis and Clark commemorated.

Sincerely,
H.B. HANNA
Legal Counsel.

CONDITIONAL PARDON OF LEVY ARNETT

Office of the Governor, February 11, 1980.

TO THE HONORABLE, THE SENATE AND THE HOUSE OF
REPRESENTATIVES OF THE STATE OF WASHINGTON.

LADIES AND GENTLEMEN:

In compliance with the provisions of Section 11 of Article III of the Constitution of the state of Washington, I have the honor to submit herewith my report of each case of reprieve, commutation, or pardon which has been granted since the adjournment of the First Extraordinary Session of the Forty-Sixth Regular Session of the Legislature.

Levy Arnett was convicted of Murder in the First Degree by the Superior Court for the state of Washington, in and for the County of King, under Cause No. 42518 on August 10, 1965, and was sentenced on that date to a mandatory life term, requiring that he serve twenty consecutive years less good time before he may be considered for parole by the Board of Prison Terms and Paroles.

Levy Arnett has been in continuous custody since his conviction for Murder in the First Degree except for the period from October 30, 1974 to March 25, 1977, which time he was released on his personal recognizance by King County Court order during his appeal process.

Letters of support and recommendation have been presented on behalf of Levy Arnett, advising that during the period he was released on personal recognizance he was continuously employed, lived with his wife and a nephew in the Seattle area, and in all matters conducted himself properly.

Correctional officers have provided letters advising that Levy Arnett has been a stabilizing influence on programs within the prisons and that other residents respect Levy Arnett because of his integrity and willingness to work and his leadership during the critical period of the development of the Resident Government Council at the Washington State Penitentiary; further Levy Arnett has been said to continue to enhance his reputation through ethical and law-abiding behavior, not only with his peers but with all persons who come into contact with him.

The Board of Prison Terms and Paroles collectively reviewed the file of Levy Arnett and agreed to recommend a conditional gubernatorial pardon to give credit for that portion of time that Levy Arnett was released from continuous custody under personal recognizance, thereby giving the Board of Prison Terms and Paroles the jurisdiction to consider him for parole.

For these reasons, on June 14, 1979, Levy Arnett was granted a conditional pardon and authorized the Board of Prison Terms and Paroles to parole Levy Arnett, subject to the complete control, supervision and authority of said Board, which authority shall include any and all action deemed appropriate by the Board, including the authority to revoke the parole and return Levy Arnett to imprisonment.

Respectfully submitted,
DIXY LEE RAY
Governor.

REPORT OF STANDING COMMITTEE

On page 1, line 29, after "followed." strike "Evidence obtained pursuant to a warrant issued in violation of this subsection is inadmissible in all subsequent judicial proceedings."

POINT OF INQUIRY

Senator Guess: "Senator Marsh, will you explain for those of us that are lay, the words on twenty-four, line twenty-four, following the word 'subpoena'."

Senator Marsh: "Duces tecum. A subpoena duces tecum is one that requires you to produce documents. A subpoena by distinction applies to producing the person; and subpoena decus tecum is to produce documents that are in your possession; or evidence that is in your possession."

Senator Guess: "Well then, instead of the person seeking the information going down to the court and asking for a search warrant and the search warrant be handed to him, it means that you are going to make the newspaper bring the information down to the court house?"

Senator Marsh: "That is correct."

Senator Guess: "Thank you very much."

POINT OF INQUIRY

Senator Talmadge: "Senator Clarke, the committee amendment that was adopted was your amendment in the judiciary committee; and is it your understanding that the exclusionary rule would apply in all circumstances at the present time unless the exclusionary rule were changed by the state, or United States Supreme Court?"

Senator Clarke: "Yes, Senator, that is correct. This exclusionary rule is a rule which primarily has been adopted by the courts and there is some indication that there may be some relaxing of that rule. Unfortunately the so-called 'tainted evidence rule' has resulted in many people who would otherwise convicted, going free. The evidence is there and they know it would convict them but because of some mistake in connection with the obtaining of the evidence, it could not be used and the person goes free. Now there is an indication that the courts may be relaxing this rule and the purpose of this amendment is simply to remove the statutory statement that the evidence could not be used under such circumstances, and leave it entirely up to the courts who presumably would follow the rules that presently exist unless and until they decide to change it."

MOTION

On motion of Senator Sellar, Senator Wanamaker was excused.

Requiring smoke detectors in certain dwelling units.

The Senate resumed consideration of Engrossed Substitute House Bill No. 382 and the following pending amendment by Senator Van Hollebeke that had been moved for adoption of February 15, 1980:

On page 1, line 13, after "RCW" insert "after December 31, 1980".

POINT OF INQUIRY

Senator Guess: "Senator Van Hollebeke, yesterday afternoon I took the occasion to go out to a hardware store and read labels on the boxes of two nationally distributed smoke detectors. I find that they are warranted for one year. This is my first problem. The second, they are, the warranty limits the liability of the company to twenty-five thousand dollars for the malfunction of the smoke detector. Now, if the owner installs a smoke detector that is warranted for only twenty-five thousand dollars of liability, how much liability is the owner going to be subject to in case of malfunction of the instrument?"

Senator Van Hollebeke: "All right. I am hoping that perhaps Senator Marsh and Senator Clarke and the other lawyer legislators are listening to that question. Senator Guess has noted that on a detection device he saw in a store, it said there was a one-year warranty, wasn't it, Senator? And a twenty-five thousand dollar maximum liability. I question whether that would be, whether that liability being printed on there, that limitation is voidable or enforceable. I am sure that there is couple of others, at least a couple of others know more than that than I do here. The other thing is while you are on that portion of the bill, Senator, our staff was asked to check with the insurance commissioner. Now this allows the state fire marshal of the insurance commissioner's office to adopt rules. They have, incidentally and this is just for further information and not in point directly in point to your question, they said the requirement would be that there be one placed on every floor where there is a bedroom. They say that the insurance, and the commissioner's office has assured the staff that insurance companies will not be liable, and this is another area I think you and I might have discussed privately before I did with one of the other Senators, will not be able to deny liability because of failure of smoke detectors and we might want to get into that because I would like some questions answered a little better in my own mind. Anyway, I would like to defer to one of the other Senators, the lawyer Senators, on that warranty. I doubt if it means what it says even if, . . . Senator Marsh?"

POINT OF INQUIRY

Senator Guess: "Senator Clarke, could you shed any light on the statement that was on the box that said that the company would accept twenty-five thousand dollars of liability?"

Senator Clarke: "Senator, I do not think that would have anything to do with the possible liability of the home owner. That relates only to the manufacturer distributor of the smoke detector. Now it is a principle of law that a violation of an ordinance or regulation is negligence per se. So without having researched the matter off the top of my head I would say that in the event the failure of a smoke detector or the failure to install or have a smoke detector as is required in this bill, was shown to be the proximate cause of either extensive damage to property, the dwelling itself or personal injury, certainly it could be anticipated that a suit would be brought against the person who is required to install it under this section, seeking recovery of all of those damages. Now your distributor under the warranty, might also be responsible and probably also would be subject to the suit. But I would certainly expect the owner of the house, or the person who had the obligation of installing it under this section, also to be sued."

Senator Guess: "Further, Senator Clarke, if you would. Then are we, by the passage of this bill, requiring that the owner install a smoke detector, placing a greater liability that does not now exist, upon the owner of a piece of property when he transfers that property?"

Senator Clarke: "That certainly is true because at the present time there is no obligation to install. If this bill were passed, it would create an obligation, and as I say, the violation of a requirement such as this, is held to be negligence per se, and if that is then shown to be the proximate cause of an injury, suit could be expected to recover that."

Senator Guess: "Thank you very much."

Debate ensued.

The motion by Senator Van Hollebeke carried and the amendment was adopted.

Senator Bradburn moved adoption of the following amendment:

On page 1, strike all of lines 12 and 13, including the Van Hollebeke amendment.

Debate ensued.

POINT OF INQUIRY

Senator Quigg: "Senator Van Hollebeke, I know we are talking about rental units and I am pretty sure that we all intend that these be apartments and homes and things like that; but in reading the definition of 'dwelling unit' it does not specifically exclude some of the recreational vehicles and things we see out now that are probably about as thoroughly outfitted with living, sleeping, eating, cooking, and sanitation facilities as any permanent residence, apartment or home. Is it the intention of the bill to include boats and recreational vehicles and those sorts of things?"

Senator Van Hollebeke: "Yes, you mentioned that to me just about five minutes ago and I do not think anybody caught that, and I do not know the answer to your question. It is not my intention. It is my intention that it be just for homes permanently attached, or at least including mobile homes which are attached; but certainly not including recreational vehicles which become homes to some people nor boats. That is my intention."

POINT OF INQUIRY

Senator Rasmussen: "Senator Peterson, I am concerned with the new section, section two, where it says 'you may dig for another person with a disability and is in the nearby vicinity with his digger'. Now my neighbor who is in a wheelchair and I take him down to the ocean with me and, how close do I have to have him, that wheelchair goes awful slow in the sand? What would you call 'in the nearby vicinity'?"

Senator Peterson: "Senator Rasmussen, that was the intent of the amendment in striking that 'nearby vicinity'. Certainly the department of fisheries has not nor will not require the wheelchair on the beach, but it should be in the area. Now 'nearby vicinity' could be construed by some judge that it might be in the next town, and he may be staying in a trailer court thirty miles away and still be construed as in the immediate vicinity or nearby vicinity, so this just throws it back into rules and regulations and permits the department to do what they are doing now. It is not going to keep anybody from digging clams for a disabled person."

Senator Rasmussen: "Thank you."

SUBSTITUTE HOUSE BILL NO. 1510, by Committee on Commerce (originally sponsored by Representatives Warnke and Greengo):

Extending grounds for termination of a franchise.

REPORT OF STANDING COMMITTEE

February 11, 1980.

SUBSTITUTE HOUSE BILL NO. 1510, extending grounds for termination of a franchise (reported by Committee on Commerce):

Recommendation: Do pass with the following amendment:

On page 3, line 28, after "That" strike all the material down to and including "subsection" on page 3, line 33 and insert "after three willful and material breaches of the same term of the franchise agreement occurring within a twelve month period, for which the franchisee has been given notice and an opportunity to cure as provided in this subsection, the franchisor may terminate the agreement upon any subsequent willful and material breach of the same term within the twelve month period without providing notice or opportunity to cure".

Signed by: Senators Van Hollebeke, Chairman; Wojahn, Vice Chairman; Hurley, Morrison, Quigg, Williams.

The bill was read the second time by sections.

On motion of Senator Van Hollebeke, the committee amendment was adopted.

On motion of Senator Van Hollebeke, the rules were suspended, Substitute House Bill No. 1510, as amended by the Senate, was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

POINT OF INQUIRY

Senator Rasmussen: "Senator Van Hollebeke, if I was a franchisee and I cut my prices, and I did this after being warned, below what they thought I should charge, would this constitute a violation of my franchise?"

Senator Van Hollebeke: "I believe not, Senator. I think that to hold otherwise would be in violation of state and federal anti-trust laws."

Senator Rasmussen: "Then could you explain what would cause them to cancel my franchise."

Senator Van Hollebeke: "The most common problem, for instance, that I am aware of and that is in the convenience food area, is that the franchisee seek contracts to keep certain inventory, keeping inventory within certain levels. And this is frequently, this part of the contract, is very frequently breached. The franchisee may have contracted to have an inventory of wholesale value of say fifty thousand dollars. He decides that he is going to have to make a payment on that thirty-foot cruiser — he is going to let his inventory run down to, in the twenty-five thousand dollar area, we will say. He has breached his contract and under the existing law he would have thirty days in which to cure. And he could keep doing that with various portions on a daily basis under present law. He could breach a different portion of the contract under the peculiar franchise law we have in this state every single day of the three hundred and sixty-five day year if he were to cure each time within thirty days. They run their inventory down, this is as I say, the most common problem, Senator Rasmussen, they run the inventory down and then when given a notice to cure that breach of the contract, they get it back up within the prescribed period and they go right back down again, if they want to put some money somewhere else. Naturally, not everyone is doing this because if they are going to run that business right, they are going to keep that inventory up there."

Senator Rasmussen: "Mr. President, the reason I raised that question, my concern is that some years ago, of course, we passed a law to protect the franchise holder and automobile dealers and other franchise holders, so that they could not come in and cancel you outwilly-nilly without giving due concern to the fact that you had a big investment in your business. And I am just wondering if this is not opening the door to that. I have a few reservations about it yet, Senator Van Hollebeke, even though you did explain it."

Senator Van Hollebeke: "Senator, please accept my assurance it does not do that. What it would do, is if a person breached a contract four times within a calendar year, they could cure the first three times and the fourth time they breached, the franchisor would be allowed to begin an action to terminate the contract, to terminate the franchise agreement; it has already been breached; that is all it would do. And I have been on both sides of all of these kinds of things and I can guarantee you that is not something I would want to have some businessman out there with a little convenience grocery store operator or an automobile agency that has two or three million dollars invested; that is the last thing I would want and the last thing the state needs."

POINT OF INQUIRY

Senator Guess: "Senator Rasmussen, I think I share the same problems that you have, for instance the mom and pop store that was closed down in a particular neighborhood finally ended up with a 7-11 franchise. Now if things get a little bit slow in that area and he is not able to hold that inventory up to the level that the contract required, even though he would like very much to, is he going to be canceled out of his franchise on that 7-11? And I am sorry to be using a trade name but I, Circle K, or anything else like that. This is the question that comes to my mind."

Senator Rasmussen: "Were you asking me or Senator Van Hollebeke?"

Senator Guess: "I was asking you."

Senator Rasmussen: "Well, that is my concern — it leaves it wide open. I would think Senator Guess, that under the contract law they could proceed on a civil action rather than having this law passed — it gives them an open door."

Senator Guess: "Thank you."

REMARKS BY SENATOR MORRISON

Senator Morrison: "Mr. President and ladies and gentlemen of the Senate. I would like to partially answer Senator Guess' question. This requires a willful and intentional breach of the contract four times in any given year. In the case of the 7-11 store since you brought up that particular group, Senator Guess, they start the store with the company furnishing, say, a certain amount of inventory and there is an obligation that they maintain that inventory at approximately the same level. If they run the inventory down and pocket the money themselves, that is, if proven in the courts, a willful violation or breach of the contract."

POINT OF INQUIRY

Senator Henry: "Mr. President and members of the Senate. If this does, and I just got the amendment, what Senator Vognild says, I really do not have too much objection to it except that as everybody knows because we adopted a certain group of regulations by reference, that a lot of the smaller counties and some of the larger, ones, too, especially Clark county, has gotten into a lot of trouble and I see no reason for having an all-weather road built to state highway specifications just in case you might have a fire out there some time. If this only, and I want this for the record Senator, that this only gives them permission to do it, but does not mandate them, then I have no objection."

Senator Vognild: "Senator Henry, it is my intention that this would leave the authority with the local governing body."

The motion by Senator Vognild carried and the amendments were adopted.

Now their may be an answer to that, please."

Senator Woody: "In response to the concern expressed by Senator Lewis, it is true that this is common practice in many counties across the state, but Senator Lewis, not all counties. Some auditors do not do this and this will have the effect of increasing voter registration, especially among the youngsters in school."

REMARKS BY SENATOR BOTTIGER

Senator Bottiger: "Mr. President and members of the Senate. Speaking to Senator Lewis' position, I had a chance to meet with the League of Women Voters, the Common Cause representatives in establishing a uniform state-wide system of voter registration where you can register, when you can register, is one of their goals; and they are capable of identifying for you, Senator Lewis, those counties that simply will not do it."

POINT OF INQUIRY

Senator Clarke: "Senator Woody, in reading the bill I am somewhat uncertain as to the intent as to whether it mandates a registrar in every school, every common school. You go on and read about the fire stations and it says 'where it finds it convenient'. Now is that to go back to schools also or do you have one in every school and then only in the fire stations where it is determined convenient, or does that qualification of convenience relate both to schools and fire stations?"

Senator Woody: "No, no I believe that qualification of convenience relates to fire stations not to schools."

POINT OF INQUIRY

Senator Pullen: "Senator Woody, I assume I am correct in thinking that this would not mandate a registrar in every private school?"

Senator Woody: "That is right; in every common school."

On motion of Senator Goltz, the rules were suspended, Substitute House Concurrent Resolution No. 29 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

POINT OF INQUIRY

Senator Wilson: "Senator Goltz, this measure creates a new joint select committee. My question is, is there any reason why the existing Senate and House higher education committees could not conduct these negotiations or as an alternative, each appoint subcommittees to engage in the discussion?"

Senator Goltz: "Senator Wilson, I would say that that would be entirely possible for it to be given to the higher education committees, however it does not produce the bi-partisan balanced committees which the resolution does because this committee on this side is not an even committee. I would also suggest that the leadership, in appointing these committees, will certainly take cognizance of the persons who might, for one reason or another, not come from the higher education committee who might have a very strong interest in such legislation, people for example, who have districts which are on the borders in these respective areas."

POINT OF INQUIRY

Senator Rasmussen: "Senator Goltz, it is my understanding we have a committee, WICHE, Western Institute for Higher Education which Senator Sandison was a long-time member, we now have Representative Phyllis Erickson on that committee. Do they not explore these problems?"

Senator Goltz: "Senator Rasmussen, specifically these problems are not addressed. What we have with WICHE is the Western Interstate Compact for Higher Education which deals with specific programs where persons from one state will contract, where the legislatures of one state will contract with another state to have students from that state come to where the program is. This works very well for veterinary medicine, medical school and several others but it is not the same as is being proposed in this resolution."

ROLL CALL

The Secretary called the roll on the final passage of Substitute House Concurrent Resolution No. 29 and the bill passed the Senate by the following vote: Yeas, 45; nays, 4.

Voting yea: Senators Bausch, Benitz, Bluechel, Bottiger, Clarke, Conner, Day, Donohue, Fleming, Gallagher, Gaspard, Goltz, Gould, Guess, Haley, Hansen, Hayner, Henry, Hurley, Jones, Lee, Lewis, Lysen, Marsh, Matson, McDermott, Moore, Morrison, Odegaard, Peterson, Pullen, Ridder, Scott, Sellar, Shinpoch, Talley, Talmadge, Van Hollebeke, Vognild, Walgren, Wanamaker, Williams, Wojahn, Woody—45.

Voting nay: Senators Quigg, Rasmussen, von Reichbauer, Wilson—4.

NEW SECTION. Sec. 11. Sections 8 through 10 of this act shall take effect on January 1, 1981."

POINT OF ORDER

Senator Clarke: "Thank you, Mr. Chairman. I would like to raise the Point of Order that the proposed amendment expands the scope and object of the bill. The bill as introduced and as discussed at length in committee, related to underinsurance

motorists' coverage and to the financial responsibility law. The proposed amendment, which incidentally was tried in committee and also relates to a subject that has been introduced separately on many, many occasions both in the House and Senate, and is a very important and controversial subject, but I submit that it is completely beyond the scope and object of the original bill."

Debate ensued.

The bill was read the second time by sections.

Senator Talmadge moved all committee amendments with the exception of the amendment to page 5, line 26 be considered and adopted simultaneously.

POINT OF INQUIRY

Senator Henry: "Senator Talmadge, am I to understand that this makes no changes in existing law that, in smaller counties where they do not have enough attorneys that the lay people are acting as district court judges?"

Senator Talmadge: "Mr. President, it does not affect that particular situation. The problem that we are attempting to address was one involving the commissioners of the courts, and not the justices themselves. What this does is allow commissioners

to be attorneys or to be people who are qualified under that test for lay judges; and I think that would satisfy the concern in some of the smaller counties that you have mentioned. I do not think it affects anything substantially."

The motion by Senator Talmadge carried. The committee amendments were adopted with the exception of the amendment to page 5, line 26.

Senator Talmadge moved the committee amendment to page 5, line 26 be adopted.

POINT OF INQUIRY

Senator Wilson: "Senator Talmadge, while I am very sympathetic to the intent of all of this, my question is whether we are facing an additional financial obligation on the counties without sending along the money to pay for it, and if we are whether that might not be in violation of section six of Initiative 62."

Senator Talmadge: "Senator, I have an opinion from Richard F. Wrenn, the presiding judge of the Spokane county district court and it is Judge Wrenn's belief that Initiative 62 is not applicable to this particular situation. I see that Senator Marsh is handing you a copy of that letter. You might take a look at it. I would defer to Senator Marsh to describe some of the particular provisions of the salary increase."

REMARKS BY SENATOR MARSH

Senator Marsh: "Mr. President and Senator Wilson, referring to the third paragraph, or fourth paragraph, of the letter from Judge Wrenn of the Spokane county district court, he points out that section six, subparagraph (1), the operative section of Initiative 62 on this question provides 'The Legislature shall not impose responsibility for new programs or increased levels of service under existing programs on any taxing district unless the districts are reimbursed for the costs thereof by the State.' You will note that the key words are 'new programs or increased levels of service'. We are going to continue the same programs that we have in district court and we are going to continue the levels of service. We are not mandating anything new in that area. We are simply saying that the judges need a cost-of-living increase. We need to have them brought up commensurate with what other people are earning considering the inflation that has occurred since their last increase. You recall that earlier today I distributed to all of the desks, a series of letters supporting this particular salary increase to ninety percent. I distributed a letter signed by Hugh Rosellini, Robert Brachtenbach, and Robert Utter of the Supreme Court supporting this increase. I distributed a letter from the Court of Appeals signed by Dale M. Green, J. Ben McInturff, and Ray E. Munson; also I submitted to you a letter from Jane Shafer, president of the League of Women Voters of the state of Washington. There is wide-spread support for this. I would point out that this is really the first opportunity most of us have had to come in contact with the judicial system. The case loads are tremendous; they have to work very hard and long hours. I certainly think this increase is warranted and I urge you support."

REMARKS BY SENATOR WOODY

Senator Woody: "Mr. President, also in response to Senator Wilson's questions on page six of the bill, you will notice Senator Wilson, that the filing fees have increased from six dollars to twelve dollars and the claim fees have been increased from one dollar to five dollars."

POINT OF INQUIRY

Senator Morrison: "Senator Marsh, I guess, looking at this you say we are not increasing the level of service or adding any new service at all and I guess I need more justification from you as to why the change to ninety percent. The way I figure this out eighty-five percent of the new superior court salary will yield thirty-seven thousand four hundred, almost a five-thousand-dollar increase at the eighty-five percent figure allowed in the bill, and you are proposing that we go to ninety percent. We are not asking for additional services yet that is rather a significant increase at this time that I am not sure is justified."

Senator Marsh: "Senator, eighty-five percent of the present superior court judges' salary is thirty-five thousand four hundred forty-five dollars. Ninety percent of the percent of the present judges' salary, superior court judges' salary, is thirty-seven thousand five hundred thirty dollars. So based on that I think it is a reasonable increase of two thousand dollars; and then there is a salary increase that just became effective and I guess you are correct on that. As of February 1, 1980, eight-five percent of the superior court judges' salary is thirty-seven thousand nine hundred and ninety-five dollars; and ninety percent is forty thousand two hundred and thirty dollars. I would just say this. If you want really experienced members of the bar stepping up to take a district court judge's salary rather than someone right out of law school, someone who has not had the experience of being out in the practice, who does not have 'street smarts', if you will, stepping up to those positions, then you will vote against this amendment. But if you want experienced, mature judges, judges of your vintage and mine, you know, people in their forties and fifties to be sitting on the bench, then you are going to provide a salary level of forty thousand two hundred thirty dollars."

"Some of us earlier on the floor were discussing what superintendents of school districts are paid. Many superintendents of school districts are paid this kind of money. Many college presidents are paid this kind of money. Many athletes are paid this kind of money. Certainly if you want to have mature people who understand people, people who have been around a while, sitting on the bench rather than someone right out of law school taking this as their first job, you are going to support this amendment. I urge your support."

POINT OF INQUIRY

Senator Scott: "Senator Marsh, what is the impact of this bill on the judicial retirement system in dollars?"

Senator Marsh: "I do not have this figure, Senator."

POINT OF INQUIRY

Senator Matson: "Senator Marsh, if we buy the Senate committee amendment we will be paying district court judges what?"

Senator Marsh: "We will pay forty thousand two hundred thirty dollars, starting February 1, 1980."

Senator Matson: "And if we remain, stick with the House position and not adopt the Senate committee amendments. . ."

Senator Marsh: "If we go with House position of eighty-five percent the salary would be thirty-seven thousand nine hundred and ninety-five dollars."

Senator Matson: "Thank you."

Debate ensued.

POINT OF INQUIRY

Senator Wilson: "Senator Marsh, I think we are all a little bothered by a lack of fiscal data on this bill. For example, we have a bill that increases salaries to ninety percent, or eighty-five? We have an amendment that increases them to ninety percent. We have some increases in filing fees and other fees; I think we have a legitimate question from the stand point of local government, at least, of asking how the anticipated increases in fees relate to the proposed increases in judges' salaries, and as to whether the increases will be accommodating the cost of the salary increases, or whether counties will be asked to provide substantial additional amounts from their general fund. I have no objection at all. I recognize the validity of the argument that district court judges have to get some kind of pay that is the equivalent of what good attorneys can make; but we are operating totally in the dark, it seems to me, with respect to a lack of fiscal information on this bill, and I would ask, if you do not have it with you, if it would not be fair to hold the bill until tomorrow morning so that that information can be provided?"

Senator Marsh: "Senator Wilson, I am not aware of a fiscal note being available. None was requested by anybody representing local government when it was before the Senate judiciary committee nor when it was before the House judiciary committee. They have had ample opportunity if they are really concerned about the fiscal note, to come forward. I think it is generally recognized as a need for salary increase and what we are really talking about here is, whether it is going to be thirty seven thousand nine hundred ninety-five dollars, or forty thousand two hundred thirty dollars. There is general agreement, I guess, for eighty-five percent and it is a question whether it ought to be ninety percent. I furnished you with three letters, from the Supreme Court, the Court of Appeals and League of Women Voters, indicating it ought to be at the ninety percent. Also there is going to be some savings with this bill and I would point to section one, which calls for elimination of the appeal from district court to the superior court. We are going to eliminate the de novo review in superior court. That is going to cut down, I think, on some appeals. I will bet there is going to be saving there. So you might consider that factor.

"Finally, I would just say in closing that it has been very interesting to me, you have a very excellent attorney son, Senator Rasmussen also has a very excellent attorney son, Senator Hurley has an excellent attorney son. I do not see any of those individuals stepping up and applying for district court jobs. The point is that only the younger attorneys by and large, want to step up to these district court jobs at the present salaries. We are hoping that we can have older attorneys become interested in this position, and those who are on the bench now stay with it rather than drop out and have to go into private practice to support their families. There is a very real problem of getting mature attorneys to stay on the bench if they are there, or to have mature attorneys even be interested in an appointment. It usually is the younger attorneys who apply for these positions."

Further debate ensued.

POINT OF INQUIRY

Senator Guess: "Senator Marsh, I thought it was automatic that any bill that had any cost to it, had to have a fiscal impact before it came out of the committee. Is this right?"

Senator Marsh: "No, it is not true, and we have had a number of bills that have come out of committee without a fiscal note and there are several on the calendar today that we do not have fiscal notes for."

Senator Guess: "Is this going to increase the cost to the counties, the local government, is it going to violate 62?"

Senator Marsh: "No Senator, it is not going to violate 62. I have referred earlier to a letter from Richard F. Wrenn, presiding judge of the Spokane county district court, that I could make a part of the record and I will turn in to the secretary of the Senate, and I can bring to you right now; but I will quote you the key paragraph out of that letter which reads 'Section 6 (1), the operative section of Initiative 62 on the questions at hand, provides: "The Legislature shall not improve responsibility for new programs or increased levels of service under existing programs on any taxing district unless the districts are reimbursed for the costs thereof by the State."' Now, as you listen to that, Senator you heard the key words were 'new programs or increased levels of service'. We are continuing the same programs and the same level of service, we are just providing a salary increase. If it were not this way, every time we provided any salary increase for any one that is now on the job, we would be up against 62. That is not a violation of Initiative 62 to provide salary increases."

Senator Guess: "Thank you very much."

Department No. 2

The Honorable Thomas E. Kelly

RE: Initiative 62 and the Judicial Pay Bill

Dear Tom:

Some members have asked if the passage of Initiative Measure 62 requires the State Legislature to reimburse local governments for any salary modifications passed for District and Municipal Court Judges.

It appears quite clear that the answer is no. Initiative 62 would not so apply to a bill which merely adjusted judicial pay without altering judicial duties and responsibilities.

The analysis leading to this conclusion comes from wording of the measure itself and the application of well-established rules of statutory construction.

Section 6(1), the operative section of Initiative 62 on the questions at hand, provides:

"The Legislature shall not impose responsibility for new programs or increased levels of service under existing programs on any taxing district unless the districts are reimbursed for the costs thereof by the State."
(Emphasis supplied.)

A full copy of Initiative Measure 62 as printed in the voters' pamphlet is attached for convenience.

The fundamental rule of construction is to ascertain and give effect to the intention of the lawmakers as expressed in the statute; the act must be construed as a whole and effect given to all language used and all provisions of the act considered together, Burlington Northern, Inc. v. Johnston, 89 Wn.2d 321.

Words used in a statute must be given their usual and ordinary meaning absent a statutory definition, Pope and Talbot, Inc. v. State Department of Revenue, 90 Wn.2d 549.

Each word of a statute must be accorded meaning, for the legislature is presumed not to have used superfluous words, State v. Fenter, 89 Wn.2d 57.

When words used in a statute are clear and unambiguous, there is no room for construction Hatfield v. Greco, 87 Wn.2d 780.

Statutory rules of construction apply as equally to direct legislation by the People as to legislation enactments, Washington State Department of Revenue v. Hoppe, 82 Wn.2d 549.

The thrust of the entire Initiative appears to be to limit the growth of new or (additional) governmental services which will thereby limit tax increases and prevent dilution of essential services provided by local governments by the prevention of the imposition of additional duties on the existing limited revenues of local governments. Section 6(1) is but a part of the implementation of that goal.

Nowhere in the text of Initiative 62 is there the slightest hint of an intent to freeze the costs of existing services.

Passage of a bill raising judicial salaries would not involve "new" programs, e.g. adding to the types of cases that can be heard, nor would it "increase the level of service" under existing programs, e.g. increasing the dollar amount of civil jurisdictions or increasing the number of judges to handle the existing caseload.

The word "new" and the term "increased levels of service" are not defined in the measure and have a usual and ordinary meaning. These terms cannot be ignored and since they are clear and unambiguous, cannot be construed to mean something out of the ordinary.

In any event, though the question of impact of Initiative Measure 62 on the courts is certainly legitimate, the above analysis is really academic since the legislature has some time ago, provided for the funding of these courts from allocations from fines and forfeitures, R.C.W. 3.62.050.

I hope this will be of assistance.

Very truly yours,

RICHARD F. WRENN, PRESIDING JUDGE
Spokane County District Court.

POINT OF INQUIRY

Senator Vognild: "Thank you Mr. President. I am of the opinion that these particular judges we are talking about were short-changed in the last budget; and they received, I believe, about a two percent wage increase. I am wondering if somebody on the floor could tell me if that is correct or not? Apparently not. Thank you."

The motion by Senator Talmadge carried and the committee amendment to page 5, line 26 was adopted on a rising vote.

On motion of Senator Talmadge, the rules were suspended, Substitute House Bill No. 1422, as amended by the Senate, was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

ROLL CALL

The Secretary called the roll on the final passage of Substitute House Bill No. 1422, as amended by the Senate, and the bill passed the Senate by the following vote: Yeas, 45; nays, 4.

Voting yea: Senators Bausch, Benitz, Bluechel, Bottiger, Clarke, Conner, Day, Donohue, Fleming, Gallagher, Gaspard, Goltz, Gould, Guess, Haley, Hansen, Hayner, Henry, Hurley, Jones, Lee, Lewis, Lysen, Marsh, McDermott, Moore, Morrison, Odegaard, Peterson, Quigg, Ridder, Sellar, Shinpoch, Talley, Talmadge, Van Hollebeke, Vognild, von Reichbauer, Walgren, Wanamaker, Williams, Wilson, Wojahn, Woody—45.

SECOND READING

ENGROSSED SUBSTITUTE HOUSE BILL NO. 1570, by Committee on Financial Institutions (originally sponsored by Representatives Winsley, Eng and Sanders):

Modifying restrictions on commercial lending.

The Senate resumed consideration of Engrossed Substitute House Bill No. 1570. On February 15, 1980, the committee amendment was adopted.

On motion of Senator Bausch, the rules were suspended, Engrossed Substituted House Bill No. 1570, as amended by the Senate, was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

POINT OF INQUIRY

Senator Rasmussen: "Senator Bausch, I was looking through here for a real people bill. What does this bill do? Is this one that helps the people? And in what way does it help the people, if you could tell me, I have not been able to find the spot."

Senator Bausch: "The amendment took out the majority of the intent of the bill as it relates to commercial and to business loans which, in some people's testimony, it would help the people. I am not sure that I got up and said it would help the people. I only urge the adoption of the bill. Right at the moment basically what is left in the bill is margin accounts with brokers. But I am not sure it hurts the people, either, Senator."

Senator Rasmussen: "Thank you, Senator Bausch. I thought that was our intent on the floor of the House and the Senate, pass legislation to help the people and you did not indicate that."

Debate ensued.

ROLL CALL

The Secretary called the roll on the final passage of Engrossed Substitute House Bill No. 1570, as amended by the Senate, and the bill passed the Senate by the following vote: Yeas, 25; nays, 23; absent or not voting, 1.

Absent or not voting: Senator Henry—1.

ENGROSSED SUBSTITUTE HOUSE BILL NO. 1570, as amended by the Senate, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

SECOND READING

ENGROSSED SUBSTITUTE HOUSE BILL NO. 1983, by Committee on Insurance (originally sponsored by Representatives Rohrbach, Houchen, McGinnis, Ellis and Zimmerman):

Revising laws relating to motor vehicle insurance.

The Senate resumed consideration of Engrossed Substitute House Bill No. 1983 from earlier today. At that time, the committee amendments were adopted. Senator Shinpoch had moved adoption of an amendment by Senators Shinpoch, Morrison, Talmadge and Odegaard and Senator Clarke had raised a Point of Order.

RULING BY THE PRESIDENT

President Cherberg: "In ruling upon the Point of Order raised by Senator Clarke, the President finds that Engrossed Substitute House Bill 1983 is a measure which requires insurance companies to offer policy holders under insured motor vehicle coverage. The bill also raises the minimum limits of coverage which must be provided in a motor vehicle policy.

"The amendment proposed by Senators Shinpoch, Morrison, Talmadge and Odegaard would establish an entirely new system of mandatory auto insurance.

"The President therefore finds that the proposed amendment does expand the scope and object of the bill and that the Point of Order is well taken."

The amendment by Senators Shinpoch, Morrison, Talmadge and Odegaard was ruled out of order.

On motion of Senator Talmadge, the committee amendment was adopted.

On motion of Senator Bausch, the rules were suspended, Engrossed Substitute House Bill No. 1983, as amended by the Senate, was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

POINT OF INQUIRY

Senator Odegaard: "Senator Clarke, would you be willing to look seriously at that question of mandatory auto insurance and help us investigate that further in the interim and possibly come up with a proposal we might have before us in 1981?"

Senator Clarke: "Senator, not only would I be willing to do that, but that is something that has been studied not only in this state, but many other states; and various forms of so-called compulsory insurance have been tried out. Unfortunately none of them have worked. In almost every instance the ultimate cost to the consumer was very substantially more. So while I say that I would be glad to endeavor to find a solution, I must also be aware of some of the problems."

REMARKS BY SENATOR BAUSCH

Senator Bausch: "Thank you, Mr. President. In answer, quickly, to some of your questions, Senator Odegaard, I think they are valid; but some of the things that we have found out is that in Nevada and some other states that have had compulsory as well as no-fault insurance, have found out the cost is so high that it does not really get at what you are intended to do. We certainly would be glad to take that on and look at those types of things. But a caution again, because the cost is tremendous."

Debate ensued.

POINT OF INQUIRY

Senator Rasmussen: "Senator Clarke, under the uninsured motorist as it is now handled, what do I get as far as protection on my policy?"

Senator Clarke: "Well, you get the opportunity of purchasing under-insured motorist coverage for the same limits that you carry to protect yourself against somebody who might sue you. So that if you or any member of your car are injured by someone who either has no insurance or hit-and-run driver or someone who does not carry enough insurance, your own insurance company picks up that difference

between their deficiency in financing and that of the amount that you should recover for your injuries; and I might say also that the premium is surprisingly small for that type of cover."

Senator Rasmussen: ". . . and that is only for personal injury, it does not include property damage?"

Senator Clarke: "That is true for the reason that if you included property damage, then the premium would become completely exorbitant because every time that anybody had a fender-bender in a parking lot or something like that, they would come in and make a collection. In other words, you would have, in substance, full coverage collision insurance which you can now buy but costs a very substantial amount; and if you had property damage included in your under-insurance situation, you of course, would have to pay for that additional cost which I think you would find exorbitant."

Senator Rasmussen: "Senator Clarke, one further question. At the present time I am carrying one hundred thousand, three hundred thousand; and in order to get that protection what would it cost me on my policy . . . against the uninsured motorist now that we are talking about."

Senator Clarke: "I do not have those figures before me. It was offered in committee and perhaps Senator Bausch has those figures. It depends, of course, as does other insurance, upon the type of person covered and the members of the family, and so forth."

REMARKS BY SENATOR BAUSCH

Senator Bausch: "And it also applies to the difference between the ages of one group and another, but it is figured, or calculated now to be between ten and thirty dollars per six months. That was a calculation."

Senator Rasmussen: "Thank you, Senator Bausch; thank you, Senator Clarke."

((Any person who has served as presiding officer of either the house of representatives or the senate of the state of Washington as speaker of the house or president of the senate for six consecutive regular sessions of the legislature may be admitted to the practice of law in the state of Washington and to membership in the Washington State Bar Association without examination, upon motion made before the supreme court of the state of Washington.))

Debate ensued.

POINT OF ORDER

Senator Pullen: "A Point of Order, Mr. President. I would like to challenge the committee amendment under scope and object; and if I might speak to that.

"Mr. President, as you know, it has long been your ruling in this body that you look at what the scope of the bill is, what its intent is, and this is clearly a house-keeping bill in which all we are doing if you look throughout the bill, we have taken many, many sections of the law where we have enumerated the number of regular sessions that must be served in order for something to happen. That is all this bill is doing, that is all this section is doing; and to move to repeal a section of the law is outside the scope and object of the bill which is simply to double the number of sessions that must be served. Throughout the entire bill the only new language we are adding is doubling the number of regular sessions because we now meet every year in regular session. And the committee amendment would be a policy decision and is clearly outside the scope and object of the bill."

MOTION

On motion of Senator Marsh, House Bill No. 1475, together with the pending committee amendments and the Point of Order raised by Senator Pullen on the committee amendment to page 4, was ordered held for a Ruling by the President on February 19, 1980.

"WE DO ADMIT AND CONFESS OUR NUMEROUS FAULTS AND WEAKNESSES; OUR DESIRE TO REMAKE YOU IN OUR IMAGE INSTEAD OF LETTING YOU REMAKE US IN YOUR IMAGE. WE DO ADMIT AND CONFESS OUR SOME TIMES LACK OF SENSITIVITY TO THE REAL NEEDS OF PEOPLE; OUR WEAKNESS TO YIELD TO THE TEMPTATION OF USING PEOPLE INSTEAD OF SERVING THEM; OUR DESIRE FOR SUCCESS AND APPROBATION, OFTEN STRONGER THAN THE DESIRE TO DO YOUR WILL AND BE SERVANTS TO YOUR PEOPLE.

"WE THANK YOU FOR A GOOD NIGHT'S REST AND ANOTHER DAY; FOR MENTAL ALACRITY AND PERCEPTIVE PERSPICUITY; FOR POLITICAL POISE RIGHTLY MOTIVATED AND PROPERLY DIRECTED. AND WE THANK YOU FOR THESE MEN AND WOMEN, WILLING TO SERVE, ABLE TO SERVE; WILLING TO LISTEN; WILLING TO CHANGE AND SEE CHANGE WHEN CHANGE IS NEEDED AND READY TO STAND FIRM WHEN CHANGE WOULD BE HURTFUL.

"TODAY GIVE US, TOGETHER WITH LIFE AND HEALTH AND DAILY FOOD, A PROPER UNDERSTANDING OF ISSUES; CLEAR MINDS TO WEIGH THE CONSEQUENCES OF OUR DECISIONS AND A VISION OF JUSTICE AND EQUITY TO HELP US PLOT OUR COURSE AND SHAPE OUR DESTINY—FOR WE ARE YOUR SERVANTS, LORD AND ARE COMMITTED TO THE WELFARE OF YOUR PEOPLE, THROUGH JESUS CHRIST OUR LORD. AMEN."

MESSAGE FROM SENATOR von REICHBAUER REGARDING SHB 1743

Lieutenant Governor John A. Cherberg, Chairman

Olympia, Washington 98504

DEAR LIEUTENANT GOVERNOR CHERBERG & MEMBERS OF THE SENATE:

The Senate Committee on Parks and Recreation recommended that Substitute House Bill 1743 DO NOT PASS and be referred to Rules. MOTION

On motion of Senator Marsh, the Senate commenced consideration of House Joint Memorial No. 24.

SECOND READING

HOUSE JOINT MEMORIAL NO. 24, by Representatives Scott, Wilson, Monohon, Tupper, Grimm, Sprague, Charnley, McCormick, Sherman, King, Nelson D., Brekke, Williams, Sanders, Granlund, Vrooman, Pruitt, Warnke, Rinehart, Bauer, Fuller, Erak, North, Stratton and Brown:

Requesting federal help in promoting use of wood to relieve energy shortage.

The memorial was read the second time in full.

On motion of Senator Bottiger, the rules were suspended, House Joint Memorial No. 24 was advanced to third reading, the second reading considered the third, and the memorial was placed on final passage.

POINT OF INQUIRY

Senator Guess: "Senator Bottiger, I wonder if we ought not to also include in this resolution to the Congress that they open up the federal forest lands that are available that have coal on them in order that we promote the use of energy that is not nuclear."

Senator Bottiger: "Senator Guess, within our committee which will be coming up for hearing, is another memorial sponsored by Representative Zimmerman that asks not only for coal but to look at geothermal in the national forests, and to recognize that possibility for energy. We will be reporting that memorial out, I am sure. This one is just wood."

Senator Guess: "One other question, Senator. Why does the state of Washington not encourage the use of coal by opening up our own state lands to the recovery of coal and the use by its citizens?"

Senator Bottiger: "Well Senator Guess, as I understand it we do, and we have, I believe, in ways and means a bill appropriating some additional money for the geological survey of the state coal resources. Now our problem is, the mineable, the commercially mineable coal lies in two places. One is near the Centralia steam plant; the other is over in Adams and Lincoln county—mineable in the conventional sense. The rest of the coal is in vertical seams that runs up and down and there is a process of in situ burning that would permit conversion to a gas of coal in the ground to be used by a generating plant at a mine site. That process is ongoing and we would like to get the geological survey finished so that we know exactly where those seams are and can encourage utilities to use that source."

Senator Guess: "Thank you, Senator."

NEW SECTION. Sec. 4. If any provision of this amendatory act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected."

Signed by: Senators McDermott, Chairman; Gaspard, Vice Chairman; Gould, Morrison, Ridder, Talmadge.

The bill was read the second time by sections.

Senator McDermott moved adoption of the committee amendment.

Senator Gould moved adoption of the following amendment to the committee amendment:

On page 4, line 15 of the committee amendment, strike "Every" and before "school" insert:

"Beginning in September 1981 every"

Debate ensued.

The motion by Senator Gould failed and the amendment to the committee amendment was not adopted on a rising vote.

There being no objection, on motion of Senator Gould, an amendment to page 4, line 20 of the committee amendment on the desk of the Secretary of the Senate was withdrawn.

Senator Gould moved adoption of the following amendment to the committee amendment:

On page 5, line 3 of the committee amendment, after "month" and before "." insert:

": PROVIDED FURTHER, That for purposes of RCW 84.52.0531 any such attendance incentive program shall be considered a fringe benefit"

Debate ensued.

The motion by Senator Gould failed and the amendment to the committee amendment was not adopted on a rising vote.

(The President voted no)

There being no objection on motion of Senator Gould, the amendments to page 4, lines 8, 13 and 16 to the committee amendment on the desk of the Secretary of the Senate were withdrawn.

Senator Jones moved adoption of the following amendment by Senators Jones and Hansen to the committee amendment:

On page 1, line 20, after "compensation" strike ";" and insert:

": PROVIDED, That such wages or other compensation shall not be more than that amount of moneys provided therefor for the particular school district in the biennial state operating budget as set forth in the state general operations appropriation bill printed in the session laws and as allocated by the superintendent of public instruction;"

POINT OF ORDER

Senator McDermott: "Mr. President, I raise the point of scope and object on this amendment."

Debate ensued.

POINT OF ORDER

Senator Marsh: "I have a motion as soon as Senator McDermott has made a few remarks."

Senator Jones: ". . . continue to make my point if I cannot speak to the amendment I do not know why anyone else should be allowed to speak against the amendment. Does that seem appropriate? Certainly recognizing that I have made, at least a part of my point, I would allow you to rule on it."

President Cherberg: "Senator, you may continue to speak upon the amendment."

POINT OF ORDER

Senator Marsh: "Two points of order, Mr. President. I think we have a three-minute rule, and number two, I think when a point of order is raised, does not that prevail over discussion on an amendment?"

POINT OF INFORMATION

Senator Fleming: "Mr. President, point of information for clarification. Three minute rule is not on the yellow calendar is it, it is only on the consent calendar?"

REPLY BY THE PRESIDENT

President Cherberg: "The President believes it applies to all bills."

"Senator Jones, once a Point of Order is raised, that should be the point of discussion. The President simply felt that he would give you a minute or so to talk upon the amendment. Inasmuch as the point has been raised, why, we must confine the remarks to the Point of Order raised by Senator McDermott."

POINT OF ORDER

Senator McDermott: "Mr. President, speaking on a Point of Order, the bill we have before us is a bill designed to set up a sick leave incentive program. The amendment Senator Jones has offered has to do with wages and compensation of the biennial state operating budget. In my opinion that broadens the scope of the bill immensely and I think for that reason, is out of order."

There being no objection, the Senate returned to the fourth order of business.

MOTION

At 12:22 p.m., on motion of Senator Marsh, the Senate recessed until 1:30 p.m.

AFTERNOON SESSION

The President called the Senate to order at 1:30 p.m.

SECOND READING

HOUSE BILL NO. 1813, by Representatives Van Dyken, Heck, Nelson (G), Barnes, Ellis, Galloway, Whiteside, Eberle, Taller, Addison, Nisbet, Flint, Rohrbach, Williams, Zimmerman, Mitchell, Chandler, Sprague, Struthers, Dawson, Smith (C.), Becker, Pruitt, Rinehart and Taylor:

Establishing attendance incentive programs for school districts and educational service district employees.

The Senate resumed consideration of House Bill No. 1813. Earlier today the committee amendment had been moved for adoption. Two amendments by Senator Gould to the committee amendment had failed. Senator Jones moved adoption of an amendment by Senators Jones and Hansen to the committee amendment. Senator McDermott raised a Point of Order on the amendment by Senators Jones and Hansen to the committee amendment.

RULING BY THE PRESIDENT

President Cherberg: "In ruling upon the Point of Order raised by Senator McDermott, the President finds that House Bill 1813 is a measure which allows school districts to bargain with their employees on the subject of unused sick leave within the guidelines of the bill.

"The amendment proposed by Senators Jones and Hansen limits the salaries of school district employees to the amount provided for the particular school district in the biennial state operating budget, and goes well beyond the purpose of House Bill 1813.

"The President therefore finds that the proposed amendment does expand the scope and object of the bill and that the Point of Order is well taken."

The amendment by Senators Jones and Hansen to the committee amendment was ruled out of order.

The motion by Senator McDermott carried and the committee amendment was adopted.

On motion of Senator McDermott, the rules were suspended, House Bill No. 1813, as amended by the Senate, was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

Debate ensued.

Senators Odegaard, Day and Woody demanded a Call of the Senate. A Call of the Senate was ordered.

CALL OF THE SENATE

The Sergeant at Arms locked the doors of the Senate Chamber. The Secretary commenced calling the roll.

POINT OF INQUIRY

Senator Hayner: "Senator McDermott, there have been statements made that not all the public employees receive this kind of benefit incentive from sick leave, that some do and some do not. It is given to certain groups and not to others. And that it is on a different basis with some groups, some get one hundred and eighty days and others get less than that; and it starts with sixty and so on. Can you shed some light on that, please?"

Senator McDermott: "Do you want me to explain all three programs? You are absolutely correct, there is a difference in the various programs. I do not know what it is specifically you want to know. It is basically a bill to correct an inequity among public employees. We had it for public employees, we have it now for higher ed, now we are adding it to K-12 employees. It is basically to make all public employees have the same benefit; and in fact, this is more likely to be a saving than it is for any of the other parts because in a state employee, if a secretary or somebody does not show up, they do not necessarily go out and find somebody to fill the spot; but a school teacher they must replace. So the money is going to be spent and the money spent for a substitute is more than it would be for per day activity for a teacher."

Senator Hayner: "I understand that. This bill now has no limitation on the number of days for which the teacher can ultimately receive pay. Is that true in the other systems?"

Senator McDermott: "This bill limits the number of days for which there can be pay, to twelve in one year, that is correct. Takes the top limit off for accumulation of sick pay, or sick days, yes; but not for the amount of money, only twelve days a year."

Senator Hayner: "You still have not told me how this compares with the public employees."

REMARKS BY SENATOR ODEGAARD

Senator Odegaard: "Mr. President, maybe I can help a little bit here. As I understand it, in the public employee bill that passed last year, allows one day per month for sick leave cash-out. It took the one hundred and eighty day lid off for accumulation purposes. This bill, in effect, would be about the same. It would allow the one day per month per sick leave cash-out program and it lifts the one hundred and eighty day limit, also. In the case, the community college bill that passed the Senate and is now in the House rules committee, allows the one day per month also, and it take the one hundred and eighty day lid off but only for remuneration purposes; it does not take the lid off for the amount of sick leave that is accumulated; that would still be lidded at one hundred and eighty days. The reason for that was community colleges allow five days per quarter for sick leave purposes and so they thought that was somewhat of a tradeoff since they get three more days, you might say, for three quarters of teaching than K-12 or state employees, then they should have a lid of one hundred and eighty days for sick leave. I hope that helps a little bit."

REMARKS BY SENATOR GOLTZ

Senator Goltz: "Mr. President, one slight correction, I think, to what Senator McDermott said when he answered with regard to higher education. The higher education faculties at the colleges and universities do not have such a program and have considered it and have rejected it because the program which they have for extended sick leave, they felt was better than a cash-out system; so there are differences."

REMARKS BY SENATOR RASMUSSEN

Senator Rasmussen: "Mr. President, members of the Senate. Senator Hayner, what we found when we started looking at the program, we found a great diversity of days off that they were granted for sick leave. Some, higher education, Washington state I think was limited to twelve days a year; some of the other four-year institutions started off with a six-month the first day you went to work, you had a six-months drawing, and the community colleges, I think had fifteen days, set up in the statutes how many days. But I thought, and many of the other members of the committee thought, that it was imperative that we set a uniform standard that they could draw on which would be twelve days a year; and also that it could not count on their pension. And the third thing was that we would not bound by a contract, that any time that the legislature found this program too expensive, it could terminate it and there could be no backing-out decision such as we had on the pensions. So that it is entirely within the control of the legislature if it does become too expensive and proves not to be a money saving legislation, I am sure that the legislature will repeal it and we will have no lasting effect."

POINT OF INQUIRY

Senator Gould: "Senator Rasmussen, does that mean if we provide the ability for district and employee groups to negotiate it, that we cannot then retract that because we would be breaking an employment contract?"

Senator Rasmussen: "I would think for the particular year that until such a time as the legislature by writing this into the law that they may repeal it at any time without any lasting effect would say that it would not be a binding contract."

Senator Gould: "Oftentimes in a negotiation of a contract, they are negotiating policy which goes into the policy handled for the district and becomes a permanent policy until it is renegotiated, and in that sense I think the policy is in a form of a

contract. And I guess my question is, would we have the ability, really, to negate or break that contract afterwards, after the fact?"

Senator Rasmussen: "I would not, not being a lawyer, but I would think we have written it in to specific legislation that we have that right of abrogation, that that would be binding as far as the contract is concerned. We say 'this is what we are reserving for ourselves' . . ."

Senator Gould: "Is that in this bill?"

Senator Rasmussen: "Yes, it is in this bill and the other bills that we have passed."

MOTION

On motion of Senator Marsh, there being no objection, the Senate dispensed with the Call of the Senate.

The Secretary called the roll on the final passage of House Bill No. 1813, as amended by the Senate, and the bill passed the Senate by the following vote: Yeas, 41; nays, 8.

"Each hunting license shall contain the following language: 'The holder of this license is responsible for all actions relating to the hunting permitted by this license. This license does not authorize the illegal or improper use of firearms.'"

Debate ensued.

POINT OF INQUIRY

Senator Pullen: "Senator Van Hollebeke, would you tell me where this exists in law?"

Senator Van Hollebeke: "Well, it is in the common laws, in the case law. It is very clear in all of it."

Senator Pullen: "I am asking what RCW it is in."

Senator Van Hollebeke: "It does not have to be in the code to be law . . ."

Senator Pullen: "Then it is not in the RCWs right now?"

Senator Van Hollebeke: "Because it does not need to be. And the criminal code of course would be in that part of the code."

Further debate ensued.

The motion by Senator Pullen failed and the amendment was not adopted.

Senator Pullen moved adoption of the following amendment:

On page 23, line 22, after "wildlife or" insert "with warrant"

Debate ensued.

On motion of Senator Peterson, the rules were suspended, Engrossed House Bill No. 1447, as amended by the Senate, was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

POINT OF INQUIRY

Senator Hurley: "Senator Peterson, there has been some concern about the power of condemnation in our Spokane area; and if you would respond to a couple of questions I think the people over there would feel a little bit more secure in the game department's use of it. Section one of this bill declares that 'the revisions made to the game code by this act are not to be construed as substantive unless the context clearly requires otherwise'. Do the wording changes in section thirty-five of this bill increase the authority of the game commission to acquire or condemn real property?"

Senator Peterson: "Senator Hurley, the wording changes in section thirty-five should really be characterized as technical, not meant to modernize the language of this section. It is not the intent of the legislature to make a substantive change in the authority granted by the game commission, or to them."

Senator Hurley: "Now question number two, please. Does the legislature have any control over the game commission's use of the power of condemnation?"

Senator Peterson: "Yes. In 1953 the legislature restricted the condemnation authority to the commission to three circumstances, that (1) is where the legislature has made an appropriation to acquire a specific piece of property; number (2) where the department is attempting to acquire right-of-way to get to property that they

already own or control; and number (3) is to clear title. To date the commission has not exercised this authority in any event so I do not anticipate anything in the future."

Senator Hurley: "Thank you, Senator Peterson."

Further debate ensued.

Senators Talley, Walgren and Van Hollebeke demanded the previous question and the demand was sustained.

The President declared the question before the Senate to be the roll call on final passage of Engrossed House Bill No. 1447, as amended by the Senate.

ROLL CALL

The Secretary called the roll on the final passage of Engrossed House Bill No. 1447, as amended by the Senate, and the bill passed the Senate by the following vote: Yeas, 33; nays, 15; excused, 1.

(d) The maximum assessed valuations that are subject to the property tax exemption provided by this section shall be adjusted annually, by the department, commencing with assessment year 1980 for taxes payable in 1981, by the percentage change in the national average purchase price of previously occupied homes for the twelve-month period ending September 30th of the previous year, as that data is published by the federal home loan bank board.

(6) For the purposes of this section, cotenants mean two or more individuals who reside together, who jointly own the residence, and who otherwise meet the requirements of this section.

Sec. 2. Section 2, chapter 182, Laws of 1974 ex. sess. as last amended by section 2, chapter 214, Laws of 1979 ex. sess. and RCW 84.36.383 are each amended to read as follows:

As used in RCW 84.36.381 through 84.36.389, except where the context clearly indicates a different meaning:

(1) The term "residence" shall mean a single family dwelling unit whether such unit be separate or part of a multiunit dwelling, including the land on which such dwelling stands not to exceed one acre. The term shall also include a share ownership in a cooperative housing association, corporation, or partnership if the person claiming exemption can establish that his or her share represents the specific unit or portion of such structure in which he or she resides. The term shall also include a single family dwelling situated upon lands the fee of which is vested in the United States or any instrumentality thereof including an Indian tribe or in the state of Washington, and notwithstanding the provisions of RCW 84.04.080, 84.04.090 or 84.40.250, such a residence shall be deemed real property.

(2) The term "real property" except for the purposes of chapters 84.56 and 84.60 RCW, shall also include a mobile home which has substantially lost its identity as a mobile unit by virtue of its being fixed in location upon land owned or leased by the owner of the mobile home and placed on a foundation (posts or blocks) with fixed-pipe, connections with sewer, water, or other utilities.

(3) The term "preceding calendar year" shall mean the calendar year preceding the year in which the claim for exemption is to be made.

(4) "Department" shall mean the state department of revenue.

(5) "Consumer price index" shall mean the consumer price index for urban wage earners and clerical workers as compiled by the bureau of labor statistics of the United States department of labor."

Renumber the remaining section consecutively.

POINT OF ORDER

Senator Clarke: "With some reluctance that I challenge the scope and object with respect to this particular bill as the bill as introduced is a very, very narrow situation simply to, in effect, redefine what constitutes life estate and take care of such things as Panorama City; and Senator Odegaard has very plainly stated the proposed amendment goes far, far beyond that and while it may be meritorious I just think that we should maintain our position of not cluttering up narrow bills with other advantageous bills in connection with our expiring with the house."

Debate ensued.

MOTION

On motion of Senator Marsh, Substitute House Bill No. 1901, together with the pending amendment by Senators Odegaard and Day and the Point of Order as raised by Senator Clarke, was ordered held pending a Ruling by the President.

REPORT OF STANDING COMMITTEE

February 12, 1980.

SUBSTITUTE HOUSE BILL NO. 1492, providing for approval of property, casualty and accident insurance for public employees (reported by Committee on Financial Institutions and Insurance):

MAJORITY recommendation: Do pass with the following amendments:

On page 1, line 11, after "state" insert: "or its political subdivisions"

On page 2, line 16, after "dues" insert "and voluntary payments made to a labor or employee organization for political purposes"

The bill was read the second time by sections.

Senator Bausch moved the committee amendments to page 1, line 11 and page 2, line 16 be considered and adopted simultaneously.

Debate ensued.

POINT OF ORDER

Senator Clarke: "I raise the question of scope and object on that particular amendment. The purpose of the bill relates exclusively as originally introduced to public employees' insurance, and it provides a situation where the insurance, the public employees' insurance commission can, in substance, adopt a group type of policy offered for the public employees; and it does offer a checkoff that is a reduction of the payroll for that particular purpose. But it relates, in the title of the bill in itself, relates exclusively to insurance. The proposed amendment would relate to authorized deductions for political purposes which is entirely foreign to the original purpose of the bill."

MOTION

On motion of Senator Walgren, Substitute House Bill No. 1492, together with the committee amendments moved for adoption by Senator Bausch and the Point of Order raised by Senator Clarke, was ordered held for a Ruling by the President after 4:00 p.m. today.

MOTION

Senator Walgren moved the Senate commence consideration of Substitute House Bill No. 1609.

PARLIAMENTARY INQUIRY

Senator Lewis: "With the cutoff resolution specifying four o'clock as the cutoff time, is the motion that Senator Walgren made to consider this bill after four p.m. in order?"

REPLY BY THE PRESIDENT

President Cherberg: "I believe that it would be in order. The President believes it to be in order, Senator, because the President looks upon it as a courtesy to the President to give him time to fully deliberate on the question; and therefore the President should not rule it out just because the Senate wishes to consider that to four p.m."

The motion by Senator Walgren carried and the Senate commenced consideration of Substitute House Bill No. 1609.

Modifying the law on forest lands and open space, agricultural, and timber lands.

REPORT OF STANDING COMMITTEE

February 14, 1980.

SUBSTITUTE HOUSE BILL NO. 810, modifying the law on forest lands and open space, agricultural, and timber lands (reported by Committee on Ways and Means):

MAJORITY recommendation: Do pass with the following amendments:

On page 1, strike everything after the enacting clause and insert the following:

"Section 1. Section 1, chapter 347, Laws of 1977 ex. sess. as amended by section 1, chapter 6, Laws of 1979 and RCW 84.33.071 are each amended to read as follows:

(1) Upon every person engaging within this state in business as a harvester of timber; as to such persons the amount of tax imposed with respect to such business shall be equal to the stumpage value of timber harvested for sale or for commercial or industrial use multiplied by the appropriate rate as follows:

(a) ~~((For timber harvested between October 1, 1972 and September 30, 1973 inclusive, the rate shall be one and three-tenths percent;~~

~~(b) For timber harvested between October 1, 1973 and September 30, 1974 inclusive, the rate shall be two and nine-tenths percent and between October 1, 1974 and June 30, 1981, inclusive, six and one-half percent))~~ For timber harvested between January 1, 1979, and June 30, 1980, inclusive, the rate shall be six and one-half percent.

(b) For timber harvested on or between July 1, 1980, and June 30, 1981, inclusive, the rate shall be six percent.

(c) For timber harvested on or after July 1, 1981, the rate shall be five and one-half percent.

(2) For purposes of this section:

(a) "Harvester" means every person who from his own privately owned land or from the privately owned land of another under a right or license granted by lease or contract, either directly or by contracting with others for the necessary labor or mechanical services fells, cuts or takes timber for sale or for commercial or industrial use. It does not include persons performing under contract the necessary labor or mechanical services for a harvester.

(b) "Timber" means forest trees, standing or down on privately owned land, and except as provided in RCW 84.33.170 includes Christmas trees.

(c) "Stumpage value of timber" means the appropriate stumpage value shown on tables to be prepared by the department of revenue pursuant to subsection (3) of this section.

(d) Timber shall be considered harvested at the time when in the ordinary course of business the quantity thereof by species is first definitely determined. The amount harvested shall be determined by the Scribner Decimal C Scale or other prevalent measuring practice adjusted to arrive at substantially equivalent measurements, as approved by the department of revenue.

(3) The department of revenue shall designate areas containing timber having similar growing, harvesting and marketing conditions to be used as units for the preparation and application of stumpage values. Each year on or before December 31 for use the following January through June 30, and on or before June 30 for use the following July through December 31, the department shall prepare tables of stumpage values of each species or subclassification of timber within such units, which values shall be the amount that each such species or subclassification would sell for at a voluntary sale made in the ordinary course of business for purposes of immediate harvest. Such stumpage values, expressed in terms of a dollar amount per thousand board feet or other unit measure, shall be determined from (a) gross proceeds from sales on the stump of similar timber of like quality and character at similar locations, and in similar quantities, or from (b) gross proceeds from sales of logs adjusted to reflect only the portion of such proceeds attributable to value on the stump immediately prior to harvest, or from a combination of (a) and (b), and shall be determined in a manner which makes reasonable and adequate allowances for age, size, quality, costs of removal, accessibility to point of conversion, market conditions and all other relevant factors. Upon application from any person who plans to harvest damaged timber, the stumpage values for which have been materially reduced from the values shown in the applicable tables due to damage resulting from fire, blow down, ice storm, flood or other sudden unforeseen cause, the department shall revise such tables for any area in which such timber is located and shall specify any additional accounting or other requirements to be complied with in reporting and paying such tax. The preliminary area designations and stumpage value tables and any revisions thereof shall be subject to review by the ways and means committees of the house and senate prior to finalization. Tables of stumpage values shall be signed by the director or his designee and authenticated by the official seal of the department. A copy thereof shall be mailed to anyone who has submitted to the department a written request therefor.

(4) On or before the sixtieth day after the date of final adoption of any stumpage value tables, any harvester may appeal to the board of tax appeals for a revision of stumpage values for an area determined pursuant to subsection (3) of this section.

(5) There are hereby created in the state treasury a state timber tax account A and a state timber tax reserve account in the state general fund and any interest earned on the investment of cash balances shall be deposited in these accounts. The revenues from the tax imposed by subsection (1) of this section shall be deposited in state timber tax account A and state timber tax reserve account as follows:

YEAR OF COLLECTION	ACCOUNT A	RESERVE ACCOUNT
1973 ((through 1982)) and thereafter	100%	0%
((1983 and thereafter	0%	100%))

(6) In addition to the rates specified in subsection (1) of this section, there shall be imposed upon such persons a surtax at a rate of .5% of the stumpage value of timber as specified in such subsection (1) upon timber harvested between October 1, 1972 and September 30, 1974 inclusive. The revenues from such surtax shall be deposited in the state timber tax reserve account. Such surtax shall be reimposed for

one year upon timber harvested in any calendar year following any fourth quarter during which transfers from such reserve account pursuant to subsection (3) of RCW 84.33.080 reduce the balance in such account to less than five hundred thousand dollars, but in no event shall such surtax be imposed in any year after 1980.

(7) The tax imposed under this section shall be computed with respect to timber harvested each calendar quarter and shall be due and payable in quarterly installments and remittance therefor shall be made on or before the last day of the month next succeeding the end of the quarterly period in which the tax accrued. The taxpayer on or before such date shall make out a return, upon such forms and setting forth such information as the department of revenue may require, showing the amount of the tax for which he is liable for the preceding quarterly period, and shall sign and transmit the same to the department of revenue, together with a remittance for such amount.

(8) The taxes imposed by this section shall be in addition to any taxes imposed upon the same persons pursuant to one or more of sections RCW 82.04.230 to 82.04.290, inclusive, and RCW 82.04.440, and none of such sections shall be construed to modify or interact with this section in any way, except RCW 82.04.450 and 82.04.490 shall not apply to the taxes imposed by this section.

(9) Any harvester incurring less than ten dollars tax liability under this section in any calendar quarter shall be excused from the payment of such tax, but may be required by the department of revenue to file a return even though no tax may be due.

Sec. 2. Section 5, chapter 294, Laws of 1971 ex. sess. as last amended by section 3, chapter 187, Laws of 1974 ex. sess. and RCW 84.33.050 are each amended to read as follows:

(1) In preparing the assessment roll as of January 1, 1971 for taxes payable in 1972, the assessor of each timber county shall list all timber within such county on January 1, 1971 at the 1970 timber value. For each year commencing with 1972, the assessor of each timber county shall prepare a timber roll, which shall be separate and apart from the assessment roll, listing all timber within such county on January 1 (~~(-1972)~~) of each year at values determined as follows:

~~((a) For the five years commencing with 1972, the value shall be the 1970 timber value;~~

~~((b)) For each succeeding ((five)) year ((period)), the first of which commences on January 1, ((1977)) 1980, the value shall be such 1970 timber value increased or decreased in proportion to the percentage change, if any, which has occurred between the ((last)) preceding year ((of the preceding five year period)) and 1973 in the average stumpage value per unit of measure of all timber harvested in such county. Such percentage change shall be determined by the department of revenue on the basis of information contained in the excise tax returns filed pursuant to RCW 84.33.071.~~

(2) As used in subsection (1) of this section, "1970 timber value" means the value for timber calculated in the same manner and using the same values and valuation factors actually used by such assessor in determining the value of timber for the January 1, 1970 assessment roll, except that if a revised schedule of such values and valuation factors was applied to some but not all timber in a county for the January 1, 1970 assessment roll, such revised schedule shall be used by the assessor for any timber revalued for the 1971 or 1972 assessment rolls, and except that if the value of timber in any county on January 1, 1970 was not separately determined and shown on such assessment roll, 1970 timber value shall mean the value reconstructed from available records and information in accordance with rules to be prescribed by the department of revenue.

(3) The assessor of each timber county shall add to the assessment roll showing values of property as of January 1 of the years listed below, an "assessed valuation"

of the portion, indicated below opposite each such year, of the value of timber as shown on the timber roll for such year. Such assessed valuation shall be calculated by multiplying such portion of the timber roll by the assessment ratio applied generally by such assessor in computing the assessed valuation of other property in his county. The dollar rates, calculated pursuant to RCW 84.33.060 for each taxing district within which there was timber on January 1 of such year, shall be extended against such "assessed valuation" of timber within such district as well as against the assessed value of all other property within such district as shown on such assessment roll.

YEAR	PORTION OF TIMBER ROLL
1972	75%
1973	45%
1974 and thereafter	None

(4) Timber may be added to the timber roll, at the value specified in subsection (1) of this section, commencing as of January 1 following the designation of the land upon which such timber stands pursuant to subsection (3) of RCW 84.33.120 or 84.33.130, but only if the value of such timber was not separately determined and shown on the assessment roll as of either January 1, 1970 or January 1, 1972.

(5) Timber may be added to the timber roll, at the value specified in subsection (1) of this section, commencing as of January 1st following the sale or transfer of the land upon which such timber stands from an ownership in which such land was exempt from ad valorem taxation to an ownership in which such land is no longer exempt.

(6) The value of timber shall be deleted from the timber roll upon the sale or transfer of the land upon which such timber stands to an ownership in which such land is exempt from ad valorem taxation.

Sec. 3. Section 6, chapter 294, Laws of 1971 ex. sess. as last amended by section 2, chapter 6, Laws of 1979 and RCW 84.33.060 are each amended to read as follows:

In each year commencing with (~~(1972)~~) 1980, solely for the purpose of determining, calculating and fixing, pursuant to chapter 84.52 RCW, the dollar rates for all regular and excess levies for the state and each timber county and taxing district lying wholly or partially in such county within which there was timber on January 1 of such year, the assessor of such timber county shall, for each such district, add to the amount of the "assessed valuation of the property" of all property other than timber the product of:

(a) The portion indicated below for each year of the value of timber therein as shown on the timber roll prepared in accordance with RCW 84.33.050 for such year; and

(b) The assessment ratio applied generally by such assessor in computing the assessed value of other property in his county:

YEAR	PORTION OF TIMBER ROLL
1972 through 1977	100%
1978 and thereafter	80%

Sec. 4. Section 8, chapter 294, Laws of 1971 ex. sess. as last amended by section 3, chapter 6, Laws of 1979 and RCW 84.33.080 are each amended to read as follows:

(1) On or before December 15 of each year commencing with 1972, the assessor of each timber county shall deliver to the treasurer of such county and to the department of revenue a schedule setting forth for each taxing district or portion thereof lying within such county:

(a) The value of timber as shown on the timber roll for such year;

(b) The aggregate dollar rate calculated pursuant to RCW 84.33.060 and actually utilized the immediately preceding October in extending real property taxes upon the tax rolls for collection in the following year;

(c) A "timber factor" which is the product of such aggregate dollar rate, the assessment ratio applied generally by such assessor in computing the assessed value of other property in his county and the appropriate portion listed below of the timber roll for such year ((a) above):

YEAR	PORTION OF TIMBER ROLL
1972	25%
1973	55%
1974 through 1977	100%
1978 and thereafter	80%

On or before December 31 of each year commencing with 1972, the department of revenue shall determine the proportion that each taxing district's timber factor bears to the sum of the timber factors for all taxing districts in the state, and shall deliver a list to the assessor and the treasurer of each timber county and to the state treasurer showing the factor and proportion for each taxing district.

(2) On the twentieth day of the second month of each calendar quarter, commencing February 20, 1974, the state treasurer shall pay to the treasurer of each timber county for the account of each taxing district such district's proportion and pay into the state general fund for the support of the common schools the state's proportion (determined in December of the preceding year pursuant to subsection (1) of this section) of the amount in state timber tax account A collected upon timber harvested in the preceding calendar quarter, but in no event shall any such quarterly payment to a taxing district, when added to such payments made to such district the previous quarters of the same year, exceed, respectively one-fourth, one-half, three-fourths, or the full amount of the timber factor for such district determined in December of the preceding year.

The balance in state timber tax account A, if any, on the twentieth day of the second month of each calendar quarter commencing February 20, 1975 (~~and ending November 20, 1982~~) shall be transferred to the state timber tax reserve account.

(3) If the balance in state timber tax account A immediately prior to such twentieth day of the second month of each calendar quarter is not sufficient to permit a payment of one-fourth, one-half, three-fourths, or the full amount, as the case may be, which, when added to the payments made to any taxing district the previous quarters of the same year, will equal the timber factor for such district determined in December of the preceding year, the necessary additional amount shall be transferred from the state timber tax reserve account to state timber tax account A.

(4) If, after the transfer, if any, from the state timber tax account A (pursuant to subsection (2) of this section) in August of any year commencing with 1974, the balance in the state timber reserve account exceeds two million dollars, the amount of the excess shall be applied first, subject to legislative appropriation of funds allocated from the state timber reserve account, for activities undertaken by the department of revenue forest tax division and for the activities undertaken by the department of natural resources relating to classification of lands as required by this chapter. If following the transfer, if any, from the state timber tax account A (pursuant to subsection (2) of this section) in November of 1977 and each year thereafter, the balance in the state timber tax reserve account exceeds two million dollars, the department of revenue shall determine on or before December 31 of such year, an amount to be distributed to the taxing districts the following calendar year, which distribution shall be determined in the following manner: PROVIDED, That

the amount of such excess reserve account distribution shall be limited to that amount which, when added to the total account A distribution for the same calendar year, will allow a percentage increase or decrease in total calendar year distributions equal to the percentage increase or decrease in excise tax collections between the preceding calendar year and the current calendar year:

(a) The department of revenue shall calculate a harvest factor and a harvest factor proportion for each taxing district, in the manner provided in subsection (5) of this section except that for years before 1978 there shall be used the aggregate value of timber harvested for as many quarters for which information is available;

(b) By multiplying the amount of such excess by the harvest factor proportion for each taxing district respectively, the department of revenue shall calculate the amount to be distributed to each local taxing district and to the state and shall certify such amounts to the respective county assessors and state;

(c) In addition to the distributions calculated above, the department of revenue shall also calculate a distribution to each county government which experienced a loss in federal revenue sharing payments during calendar year 1979 due to the decision of the United States department of commerce bureau of the census that county government forest tax receipts are not directly a result of locally levied taxes. Such distribution in 1980 and each subsequent year to each eligible county government shall be a percentage multiplied by the total of federal revenue sharing funds to be distributed pursuant to Public Law 95-512 to all county governments in Washington in 1980 and subsequent years respectively.

The percentage for each county government shall be, the county government loss of the 1979 federal revenue sharing moneys, as a result of the United States bureau of the census decision, divided by the total of the federal revenue sharing funds distributed in 1979 to all county governments in Washington. The total distribution to all eligible county governments in 1980 and each subsequent year shall not exceed one million dollars annually. Such yearly distribution shall be in effect for six years or until the census bureau ruling is reversed and forest tax receipts are treated as a locally levied tax or until federal revenue sharing ceases, whichever occurs first;

(d) Along with each quarterly payment pursuant to subsection (2) of this section, the state treasurer shall pay, out of the state timber reserve account, to the treasurer of each timber county for the account of each local taxing district one-fourth of such district's portion (determined pursuant to (b) and (c) above) of such excess and the state treasurer shall pay into the state's general fund for the support of the common schools out of the state timber tax reserve account such additional one-fourth amount due the state.

(5) On or before December 31 of each year commencing with 1978, the department of revenue shall deliver to the treasurer of each timber county a schedule setting forth for each taxing district or portion thereof lying within such county:

(a) The average of the aggregate value of all timber harvested within such district in each of the immediately preceding five years as determined from the excise tax returns filed with the department of revenue;

(b) The aggregate dollar rate calculated pursuant to RCW 84.33.060 and chapter 84.52 RCW and actually utilized the immediately preceding October in extending real property taxes upon the tax rolls for collection the following year;

(c) A "harvest factor" which is the product of such five year average and such aggregate dollar rate;

(d) The proportion that each taxing district's harvest factor bears to the sum of the harvest factors for all taxing districts in the state.

Sec. 5. Section 9, chapter 294, Laws of 1971 ex. sess. as amended by section 3, chapter 148, Laws of 1972 ex. sess. and RCW 84.33.090 are each amended to read as follows:

(1) For the purpose of calculating the limit of indebtedness which may be incurred by any taxing district, the value of the taxable property of any taxing district, as that term is used in chapter 39.36 RCW and any other statutes governing limitation of indebtedness of taxing districts, shall include the value of timber as shown from time to time on the timber roll prepared in accordance with RCW 84.33.050.

(2) For the purposes of calculating the amount to be distributed to a school district pursuant to RCW 28A.48.110, there shall be added to the "assessed valuation of all taxable property" within such district an amount equal to the product of the assessment ratio applied generally by the assessor in computing the assessed value of other property in his county and the appropriate portion listed below of the timber roll prepared in accordance with RCW 84.33.050 for such year.

YEAR	PORTION OF TIMBER ROLL
1972	25%
1973	55%
1974 and thereafter	100%

(3) Any taxing district which has classified or designated forest land and which issues general obligation bonds payable from excess property tax levies for bonds is authorized, after the effective date of this 1980 act, to pledge that proceeds from the forest tax distribution system related to the excess bond levy will be used for the purposes for which the excess bond levy was made. For as long as general obligation bonds with respect to which such a pledge has been made remain outstanding, if the legislature alters the timber tax distributions below the amount to which the taxing districts with such pledged bond levies would have been entitled under chapter 84.33 RCW as it existed prior to such future legislative alteration, forest tax revenues as are then available shall be appropriated and distributed pursuant to chapter 84.33 RCW in a dollar amount substantially equivalent to those distributions which would have been provided to taxing districts with such pledged bond levies by chapter 84.33 RCW as it existed prior to such future legislative alteration.

Sec. 6. Section 10, chapter 294, Laws of 1971 ex. sess. and RCW 84.33.100 are each amended to read as follows:

As used in ((RCW 84.33.110 through 84.33.150)) this chapter:

(1) "Forest land" is synonymous with timberland and means all land in any contiguous ownership of ((twenty)) five or more acres which is primarily devoted to and used for growing and harvesting timber and means the land only.

(2) "Owner" means the party or parties having the fee interest in land, except where land is subject to a real estate contract "owner" means the contract vendee.

Sec. 7. Section 11, chapter 294, Laws of 1971 ex. sess. as amended by section 4, chapter 187, Laws of 1974 ex. sess. and RCW 84.33.110 are each amended to read as follows:

(1) ((On or before September 1, 1971, the department of revenue shall promulgate rules in accordance with chapter 34.04 RCW setting forth criteria and procedures for grading forest land on the basis of its quality, accessibility and topography. Three general quality classes shall be established which shall be "good", "average" and "poor". Within each of the three general quality classes, four classes of accessibility and topography shall be established which shall be "favorable", "average", "difficult" and "inoperable". On or before March 1, 1972 each assessor shall grade all forest land within his county, in accordance with such rules. Land not initially so graded but later designated as forest land pursuant to subsection (3) of RCW 84.33.120 or 84.33.130, or otherwise determined to be forest land, shall be graded in accordance with such rules)) Each assessor shall grade all forest land within the county with respect to general land quality classes of "good", "average",

and "poor" and, within each quality class, with respect to accessibility and topography as "favorable", "average", "difficult", and "inoperable", in accordance with the rules promulgated by the department of revenue under chapter 34.04 RCW setting forth criteria and procedures for grading forest land. This subsection and rules promulgated thereunder shall not have any force or effect after ((grading of all forest land in the state has been completed by the department of natural resources or)) December 31, ((1980, whichever first occurs)) 1982.

(2) The department of natural resources, in consultation with the department of revenue and other appropriate representatives of government agencies and landowners, shall design and implement a program to determine which privately owned land is forest land as defined by RCW 84.33.100 and as classified under chapter 84.28 RCW and to have such forest land graded by the department of natural resources in conformance with factors that may affect the nurture and continued production of forests at each site, such as but not limited to species variability, characteristics of forest soils, climate variability, topography and access. The program shall include field work to obtain data which are necessary or useful in determining such grades and identifying which land is devoted to or suitable for growing and harvesting timber. The program shall be completed by December 31, 1980.

Sec. 8. Section 12, chapter 187, Laws of 1974 ex. sess. and RCW 84.33.113 are each amended to read as follows:

Within sixty days following the hearing held pursuant to RCW 84.33.112, any owner of forest land may request a review by the department for the purpose of modifying the grades established for his land. The department shall conduct such review in the county where the land is located. The forest land owner shall have the right to reasonably present testimony and data in support of his contentions. Following such review, except as provided below in RCW 84.33.116 (~~and 84.33.118~~), the decision of the department shall be final.

Sec. 9. Section 14, chapter 187, Laws of 1974 ex. sess. and RCW 84.33.115 are each amended to read as follows:

(1) The department of revenue shall certify to each county assessor the ((grades)) categories established for forest land within each respective county with instructions for application of the land categories to the parcels of forest land within each county. The certification of land categories by the department of revenue shall occur within twelve months after receiving the certificate from the department of natural resources ((pursuant to section 12 of this 1974 amendatory act)) under RCW 84.33.114 or by March 31, 1981, whichever is earlier. Land grades certified to the department of revenue under RCW 84.33.114 for land which is not initially determined to be forest land but is determined to be forest land after 1980 shall be promptly certified to the appropriate county assessors.

(2) Upon receipt of the land categories certified to him by the department of revenue the assessor shall take such actions as are necessary to cause all acres of forest land within the county to be placed within the applicable land categories.

Sec. 10. Section 15, chapter 187, Laws of 1974 ex. sess. and RCW 84.33.116 are each amended to read as follows:

(1) ((Within sixty days after)) Between May 15, 1982, and May 31, 1982, and between May 15 and May 31 next succeeding the certification of forest land categories with respect to land determined to be forest land after 1980, the assessor ((has received certification pursuant to RCW 84.33.115 of forest land grades within his county he)) shall mail a notice to each owner of forest land stating the number of acres of each ((grade) category of forest land included in any tax parcel to which the notice applies. Any such notice mailed prior to ((1981)) 1983 shall plainly advise the forest land owner that the ((grades) categories established for his forest land will not be used as a basis for assessment of such forest land until ((in)) the assessment year ((1981)) 1983 for taxes payable in ((1982)) 1984.

(2) In addition to any other remedies provided by law, on or before the thirtieth day after the date of receipt of the notice under subsection (1) of this section, any owner who feels aggrieved by the forest land ((grade)) category determined for any forest land owned by him may petition the county board of equalization for correction of such ((grade)) category. The board shall have jurisdiction to review such petition and may grant or deny the relief requested. ((Such petition must be filed with the board on or before July 1 next succeeding the date of mailing any notice given pursuant to subsection (1) of this section. The filing of such petition shall not jeopardize the owner's right to petition the board pursuant to RCW 84.33.118:))

Sec. 11. Section 17, chapter 187, Laws of 1974 ex. sess. and RCW 84.33.118 are each amended to read as follows:

~~((1) On or before May 31, 1981 each county assessor shall mail notice to each owner of forest land within his county stating the number of acres of each grade of forest land included in any tax parcel to which the notice applies and the value established for each forest land grade and the total value of such tax parcel on which the assessment of such parcel is based:~~

~~(2) In addition to any other remedies provided by law, any owner who feels aggrieved by the valuation of any tax parcel owned by him may petition the county board of equalization for correction of such value. The board shall have jurisdiction to review such petitions and may grant or deny the requested relief:)) On or before January 1, 1983, the department of revenue shall determine, by rule under chapter 34.04 RCW, the value of each category of forest land and shall certify these values to the county assessors. The values shall be determined as follows:~~

~~(1) The department of revenue shall first determine the adjusted value of each grade of bare forest land as of January 1, 1983, calculated under RCW 84.33.120(3).~~

~~(2) The value, calculated in accordance with subsection (1) of this section, of that grade of forest land which would have been classified as being of quality class "average" and of accessibility and topography class "average" under RCW 84.33.110(1) for eastern and western Washington shall be used for the value of the equivalent land categories established upon the basis of the certification made to the department of revenue under RCW 84.33.114. This equivalency shall be determined by comparison of mean increment of wood growth expressed in terms of cubic feet per acre per year.~~

~~(3) The value of all other land categories established under the basis of the certification made to the department of revenue under RCW 84.33.114 shall be determined on the basis of the productivity of the soil of each land category for growing timber, measured in terms of the mean increment of wood growth expressed in cubic feet per acre per year, and the costs of harvesting and removing timber for each land category relative to the productivity of the soil and costs of harvesting and removing of timber for the land category determined, under subsection (2) of this section, to be equivalent of that land which would have been classified as being of quality class "average" and of accessibility and topography class "average" under RCW 84.33.110(1) for eastern and western Washington.~~

Sec. 12. Section 12, chapter 294, Laws of 1971 ex. sess. as last amended by section 5, chapter 187, Laws of 1974 ex. sess. and RCW 84.33.120 are each amended to read as follows:

(1) ~~((On or before March 1, 1972 and January 1 of each year commencing with 1973, subject to review by the ways and means committees of the house and senate and after compliance with the procedures set forth in chapter 34.04 RCW for adoption of rules, the department of revenue shall determine the true and fair value of each grade of bare forest land and shall certify such values to the county assessors. Such values shall be determined on the basis that the only use of the land is for~~

~~growing and harvesting timber, and other potential uses shall not be considered in fixing such values.~~

~~(2) In preparing the assessment rolls as of January 1, 1971 for taxes payable in 1972, the assessor shall list each parcel of forest land at a value not to exceed the value used on the 1970 assessment roll for such land.)) In preparing the assessment rolls as of January 1, 1980, for taxes payable in 1981 and each January 1st thereafter, the assessor shall list each parcel of forest land at a value with respect to the grade and class provided in this subsection and shall compute the assessed value of the land by using the same assessment ratio he applies generally in computing the assessed value of other property in his county.~~

~~(2) The land grades indicated in subsection (1) of this section are defined in RCW 84.33.110 for the purpose of ad valorem property tax levies for assessment years 1980 through 1982 for collection in the year after the assessment year. For purposes of 1983 ad valorem tax levies for 1984 collection and thereafter the land categories established upon the basis of the certification made by the department of natural resources to the department of revenue under RCW 84.33.114 shall be used. The values corresponding to these land grades and categories shall be determined as follows:~~

~~(a) For the assessment years 1980 through 1982 for collection in the year after the assessment year, the values shall be as initially specified in subsection (1) of this section and as thereafter adjusted under subsection (3) of this section.~~

~~(b) For assessment year 1983 for collection in 1984 the values shall be determined under RCW 84.33.118.~~

~~(c) For assessment year 1984 for collection in 1985, and thereafter, the values shall be the values annually determined under RCW 84.33.118 as adjusted under subsection (3) of this section.~~

~~(3) On or before December 31 of each year commencing with 1980, the department shall adjust, by rule under chapter 34.04 RCW, the forest land values contained in subsection (1) of this section in accordance with this subsection, and shall certify these adjusted values to the county assessor for his use in preparing the assessment rolls as of January 1 of the next calendar year. For the adjustment to be made on or before December 31, 1980, for use in the 1981 assessment year, the department shall:~~

~~(a) Divide the aggregate value of all timber harvested within the state between July 1, 1975, and June 30, 1980, by the aggregate harvest volume for the same period, as determined from the harvester excise tax returns filed with the department under RCW 82.04.291 and 84.33.071; and~~

~~(b) Divide the aggregate value of all timber harvested within the state between July 1, 1974, and June 30, 1979, by the aggregate harvest volume for the same~~

period, as determined from the harvester excise tax returns filed with the department under RCW 82.04.291 and 84.33.071; and

(c) Adjust the forest land values contained in subsection (1) of this section by a percentage equal to three-quarters of the percentage change in the average values of harvested timber reflected by comparing the resultant values calculated under (a) and (b) of this subsection.

For the adjustments to be made on or before December 31, 1981, and each succeeding year thereafter, the same procedure shall be followed as described in this subsection utilizing harvester excise tax returns filed under RCW 82.04.291 and 84.33.071, except that this adjustment shall be made to the prior year's adjusted value, and the five-year periods for calculating average harvested timber values shall be successively one year more recent.

(4) In preparing the assessment roll for 1972 and each year thereafter, the assessor shall enter as the true and fair value of each parcel of forest land the appropriate grade value certified to him by the department of revenue, and he shall compute the assessed value of such land by using the same assessment ratio he applies generally in computing the assessed value of other property in his county. In preparing the assessment roll for 1975 and each year thereafter, the assessor shall assess and value as classified forest land all forest land that is not then designated pursuant to subsection ~~((3))~~ (5) of RCW 84.33.120 or 84.33.130 and shall make a notation of such classification upon the assessment and tax rolls. On or before January 15 of the first year in which such notation is made, the assessor shall mail notice by certified mail to the owner that such land has been classified as forest land and is subject to the compensating tax imposed by this section. If the owner desires not to have such land assessed and valued as classified forest land, he shall give the assessor written notice thereof on or before March 31 of such year and the assessor shall remove from the assessment and tax rolls the classification notation entered pursuant to this subsection, and shall thereafter assess and value such land in the manner provided by law other than this chapter 84.33 RCW.

~~((3))~~ (5) In any year commencing with 1972, an owner of land which is assessed and valued by the assessor other than pursuant to the procedures set forth in RCW 84.33.110 and ~~((subsections (1) and (2) of))~~ this section, and which has, in the immediately preceding year, been assessed and valued by the assessor as forest land, may appeal to the county board of equalization by filing an application with the board in the manner prescribed in subsection (2) of RCW 84.33.130. The county board shall afford the applicant an opportunity to be heard if the application so requests and shall act upon the application in the manner prescribed in subsection (3) of RCW 84.33.130.

~~((4))~~ (6) Land that has been assessed and valued as classified forest land as of any year commencing with 1975 assessment year or earlier shall continue to be so assessed and valued until removal of classification by the assessor only upon the occurrence of one of the following events:

(a) Receipt of notice from the owner to remove such land from classification as forest land;

(b) Sale or transfer to an ownership making such land exempt from ad valorem taxation;

(c) Determination by the assessor, after giving the owner written notice and an opportunity to be heard, that, because of actions taken by the owner, such land is no longer primarily devoted to and used for growing and harvesting timber;

(d) Determination that a higher and better use exists for such land than growing and harvesting timber after giving the owner written notice and an opportunity to be heard;

(e) Sale or transfer of all or a portion of the land to a new owner without a signed notice of forest land classification continuance by the new owner, which

notice shall be attached as a part thereof to the real estate excise tax affidavit provided for in RCW 28A.45.120, as now or hereafter amended. The notice of continuance form shall be prepared by the department of revenue. If the notice of continuance is not so signed and attached, all compensating taxes, calculated under subsection (8) of this section, shall become due and payable by the seller or transferor at time of sale. The county auditor shall not accept an instrument of conveyance of classified forest land for filing or recording unless the new owner has signed the notice of continuance or the compensating tax has been paid. The seller or transferor or the new owner if the new owner has agreed by contract or deed to pay the compensating tax shall have the right to appeal the compensating taxes assessed or the valuation to the county board of equalization.

The assessor shall remove classification pursuant to subsections (c) or (d) above prior to September 30 of the year prior to the assessment year for which termination of classification is to be effective. Removal of classification as forest land upon occurrence of subsection (a), (b) ~~((or))~~, (d), or (e) above shall apply only to the land affected, and upon occurrence of subsection (c) shall apply only to the actual area of land no longer primarily devoted to and used for growing and harvesting timber: PROVIDED, That any remaining classified forest land meets the requirements of forest land under chapter 84.33 RCW.

~~((5))~~ (7) Within thirty days after such removal of classification as forest land, the assessor shall notify the owner in writing setting forth the reasons for such removal. The owner of such land shall thereupon have the right to apply for designation of such land as forest land pursuant to subsection ~~((3))~~ (5) of this section or RCW 84.33.130 or to appeal such removal to the county board of equalization.

~~((6))~~ (8) Unless the owner successfully applies for designation of such land or unless the removal is reversed on appeal, notation of removal from classification shall immediately be made upon the assessment and tax rolls, and commencing on January 1 of the year following the year in which the assessor made such notation, such land shall be assessed on the same basis as real property is assessed generally in that county. Except as provided in ~~((subsection (8)))~~ subsections (6)(e) and (10) of this section and unless the assessor shall not have mailed notice of classification pursuant to subsection ~~((2))~~ (4) of this section, a compensating tax shall be imposed which shall be due and payable to the county treasurer on or before April 30 of the following year. On or before May 31 following such assessment date, the assessor shall compute the amount of such compensating tax and mail notice to the owner of the amount thereof and the date on which payment is due. The amount of such compensating tax shall be equal to:

(a) The difference, if any, between the amount of tax last levied on such land as forest land and an amount equal to the new assessed valuation of such land multiplied by the dollar rate of the last levy extended against such land, multiplied by

(b) A number, in no event greater than ten, equal to the number of years, commencing with assessment year 1975, for which such land was assessed and valued as ~~((classified))~~ forest land under this chapter or chapter 84.34 RCW.

A penalty equal to ten percent of the compensating tax due as calculated in (a) and (b) of this subsection shall in addition become due if the lands have been assessed as forest land under this chapter for less than five years.

~~((7))~~ (9) Any compensating tax unpaid on its due date shall thereupon become delinquent and, together with applicable interest thereon, shall as of said date become a lien on such land which shall have priority to and shall be fully paid and satisfied before any recognizance, mortgage, judgment, debt, obligation or responsibility to or with which such land may become charged or liable. Such lien may be foreclosed upon expiration of the same period after delinquency and in the same manner provided by law for foreclosure of liens for delinquent real property taxes as provided in RCW 84.64.050. From the date of delinquency until paid,

interest shall be charged at the same rate applied by law to delinquent ad valorem property taxes.

~~((8))~~ (10) The compensating tax specified in subsection ~~((6))~~ (8) of this section shall not be imposed if the removal of classification as forest land pursuant to subsection ~~((4))~~ (6) of this section resulted solely from:

(a) Transfer to a government entity in exchange for other forest land located within the state of Washington;

(b) A taking through the exercise of the power of eminent domain, or sale or transfer to an entity having the power of eminent domain in anticipation of the exercise of such power;

(c) Sale or transfer of land within two years after the death of the owner of at least a fifty percent interest in such land.

~~((9) With respect to any land that has been designated prior to May 6, 1974, pursuant to subsection (3) of RCW 84.33.120 or 84.33.130, the assessor may, prior to January 1, 1975, on his own motion or pursuant to petition by the owner, change, without imposition of the compensating tax provided under RCW 84.33.140, the status of such designated land to classified forest land.))~~

NEW SECTION. Sec. 4. There is added to chapter 84.33 RCW a new section which shall be codified as RCW 84.33.125 to read as follows:

On or before the sixtieth day following the effective date of the rules prescribing values which are adopted under RCW 84.33.120 by the department of revenue for each category of forest land, an owner of forest land may appeal to the board of tax appeals for correction of such values as pertain to his forest land ownership.

Sec. 5. Section 13, chapter 294, Laws of 1971 ex. sess. as amended by section 6, chapter 187, Laws of 1974 ex. sess. and RCW 84.33.130 are each amended to read as follows:

(1) An owner of land desiring that it be designated as forest land and valued pursuant to RCW 84.33.120 as of January 1 of any year commencing with 1972 shall make application to the county assessor before such January 1.

(2) The application shall be made upon forms prepared by the department of revenue and supplied by the county assessor, and shall include the following:

(a) A legal description of or assessor's tax lot numbers for all land the applicant desires to be designated as forest land;

(b) The date or dates of acquisition of such land;

(c) A brief description of the timber on such land, or if the timber has been harvested, the owner's plan for restocking;

(d) Whether there is a forest management plan for such land;

(e) If so, the nature and extent of implementation of such plan;

(f) Whether such land is used for grazing;

(g) Whether such land has been subdivided or a plat filed with respect thereto;

(h) Whether such land and the applicant are in compliance with the restocking, forest management, fire protection, insect and disease control, and forest debris provisions of Title 76 RCW or any applicable regulations thereunder;

(i) Whether such land is subject to fire patrol assessments pursuant to RCW 76.04.360;

(j) Whether such land is subject to a lease, option, or other right which permits it to be used for any purpose other than growing and harvesting timber;

(k) A summary of the past experience and activity of the applicant in growing and harvesting timber;

(l) A summary of current and continuing activity of the applicant in growing and harvesting timber;

(m) A statement that the applicant is aware of the potential tax liability involved when such land ceases to be designated as forest land;

(n) An affirmation that the statements contained in the application are true and that the land described in the application is, by itself or with other forest land not included in the application, in contiguous ownership of ((twenty)) five or more acres which is primarily devoted to and used for growing and harvesting timber. The assessor shall afford the applicant an opportunity to be heard if the application so requests.

(3) The assessor shall act upon the application with due regard to all relevant evidence and without any one or more items of evidence necessarily being determinative, except that the application may be denied for one of the following reasons, without regard to other items:

(a) The land does not contain either a "merchantable stand of timber" or an "adequate stocking" as defined in RCW 76.08.010, or any laws or regulations adopted to replace such minimum standards, except this reason (a) shall not alone be sufficient for denial of the application (i) if such land has been recently harvested or supports a growth of brush or noncommercial type timber, and the application includes a plan for restocking within three years or such longer period necessitated by unavailability of seed or seedlings, or (ii) if only isolated areas within such land do not meet such minimum standards due to rock outcroppings, swamps, unproductive soil, or other natural conditions;

(b) The applicant, with respect to such land, has failed to comply with a final administrative or judicial order with respect to a violation of the restocking, forest management, fire protection, insect and disease control, and forest debris provisions of Title 76 RCW or any applicable regulations thereunder;

(c) The land abuts a body of salt water and lies between the line of ordinary high tide and a line paralleling such ordinary high tide line and two hundred feet horizontally landward therefrom, except that if the higher and better use determined by the assessor to exist for such land would not be permitted or economically feasible by virtue of any federal, state or local law or regulation such land shall be assessed and valued pursuant to the procedures set forth in RCW 84.33.110 and ((subsections (1) and (2) of)) RCW 84.33.120 (1) through (3) without being designated. The application shall be deemed to have been approved unless, prior to May 1, of the year after such application was mailed or delivered to the assessor, he shall notify the applicant in writing of the extent to which the application is denied.

(4) An owner who receives notice pursuant to subsection (3) of this section that his application has been denied may appeal such denial to the county board of equalization.

Sec. 15. Section 14, chapter 294, Laws of 1971 ex. sess. as last amended by section 7, chapter 187, Laws of 1974 ex. sess. and RCW 84.33.140 are each amended to read as follows:

(1) When land has been designated as forest land pursuant to subsection ((3)) (5) of RCW 84.33.120 or 84.33.130, a notation of such designation shall be made each year upon the assessment and tax rolls, a copy of the notice of approval together with the legal description or assessor's tax lot numbers for such land shall, at the expense of the applicant, be filed by the assessor in the same manner as deeds are recorded, and such land shall be graded and valued pursuant to RCW 84.33.110 and 84.33.120 until removal of such designation by the assessor upon occurrence of any of the following:

(a) Receipt of notice from the owner to remove such designation((;)).

(b) ~~((Passage of sixty days following the sale or transfer of such land to a new owner without receipt of an application pursuant to RCW 84.33.130 from the new owner;))~~ Sale or transfer of all or a portion of the land to a new owner without a signed notice of forest land designation continuance by the new owner, which notice shall be attached as a part thereof to the real estate excise tax affidavit provided for in RCW 28A.45.120, as now or hereafter amended. The notice of continuance form

shall be prepared by the department of revenue. If the notice of continuance is not so signed and attached, all compensating taxes, calculated under subsection (3) of this section, shall become due and payable by the seller or transferor at time of sale or transfer. The county auditor shall not accept an instrument of conveyance of designated forest land for filing or recording unless the new owner has signed the notice of continuance or the compensating tax has been paid. The seller or transferor or new owner if the new owner has agreed by contract or deed to pay the compensating tax shall have the right to appeal the compensating taxes assessed or the valuation to the county board of equalization.

(c) Sale or transfer to an ownership making such land exempt from ad valorem taxation(;;).

(d) Determination by the assessor, after giving the owner written notice and an opportunity to be heard, that (i) such land is no longer primarily devoted to and used for growing and harvesting timber, (ii) such owner has failed to comply with a final administrative or judicial order with respect to a violation of the restocking, forest management, fire protection, insect and disease control and forest debris provisions of Title 76 RCW or any applicable regulations thereunder, or (iii) restocking has not occurred to the extent or within the time specified in the application for designation of such land.

Removal of designation upon occurrence of any of subsections (a) through (c) above shall apply only to the land affected, and upon occurrence of subsection (d) shall apply only to the actual area of land no longer primarily devoted to and used for growing and harvesting timber, without regard to other land that may have been included in the same application and approval for designation: PROVIDED, That any remaining designated forest land meets the requirements of forest land under chapter 84.33 RCW.

(2) Within thirty days after such removal of designation of forest land, the assessor shall notify the owner in writing, setting forth the reasons for such removal. The owner may appeal such removal to the county board of equalization.

(3) Unless the removal is reversed on appeal a copy of the notice of removal with notation of the action, if any, upon appeal, together with the legal description or assessor's tax lot numbers for the land removed from designation shall, at the expense of the applicant, be filed by the assessor in the same manner as deeds are recorded, and commencing on January 1 of the year following the year in which the assessor mailed such notice, such land shall be assessed on the same basis as real property is assessed generally in that county. Except as provided in subsections (1)(b) and (5) of this section, a compensating tax shall be imposed which shall be due and payable to the county treasurer on or before April 30 of the following year. On or before May 31 following such assessment date, the assessor shall compute the amount of such compensating tax and mail notice to the owner of the amount thereof and the date on which payment is due. The amount of such compensating tax shall be equal to:

(a) The difference between the amount of tax last levied on such land as forest land and an amount equal to the new assessed valuation of such land multiplied by the dollar rate of the last levy extended against such land, multiplied by

(b) A number, in no event greater than ten, equal to the number of years for which such land was (~~designated~~) assessed and valued as forest land under this chapter or chapter 84.34 RCW.

A penalty equal to ten percent of the compensating tax due as calculated in (a) and (b) of this subsection shall in addition become due if the lands have been assessed as forest land under this chapter for less than five years.

(4) Any compensating tax unpaid on its due date shall thereupon become delinquent and together with applicable interest thereon, shall as of said date become a lien on such land which shall have priority to and shall be fully paid and

satisfied before any recognizance, mortgage, judgment, debt, obligation or responsibility to or with which such land may become charged or liable. Such lien may be foreclosed upon expiration of the same period after delinquency and in the same manner provided by law for foreclosure of liens for delinquent real property taxes as provided in RCW 84.64.050. From the date of delinquency until paid, interest shall be charged at the same rate applied by law to delinquent ad valorem property taxes.

(5) The compensating tax specified in subsection (3) of this section shall not be imposed if the removal of designation pursuant to subsection (1) of this section resulted solely from:

(a) Transfer to a government entity in exchange for other forest land located within the state of Washington;

(b) A taking through the exercise of the power of eminent domain, or sale or transfer to an entity having the power of eminent domain in anticipation of the exercise of such power;

(c) Sale or transfer of land within two years after the death of the owner of at least a fifty percent interest in such land.

Sec. 16. Section 17, chapter 294, Laws of 1971 ex. sess. and RCW 84.33.170 are each amended to read as follows:

Notwithstanding any provision of this chapter or RCW 84.33.071 to the contrary, this chapter shall not exempt from the ad valorem tax nor subject to the excise tax imposed by RCW 84.33.071, Christmas trees which are grown on land which has been prepared by intensive cultivation and tilling, such as by plowing or turning over the soil, and on which all unwanted plant growth is controlled continuously for the exclusive purpose of raising such Christmas trees, and such land on which such Christmas trees stand shall not be taxed as provided in (~~RCW 84.33-100 through 84.33.150~~) chapter 84.33 RCW.

Sec. 17. Section 9, chapter 187, Laws of 1974 ex. sess. as amended by section 4, chapter 6, Laws of 1979 and RCW 84.33.200 are each amended to read as follows:

(1) The legislature shall review the system of distribution and allocation of all timber excise tax revenues in January, 1975 and each year thereafter to provide a uniform and equitable distribution and allocation of such revenues to the state and local taxing districts.

(2) In order to allow legislative review of the rules and regulations to be adopted by the department of revenue establishing forest land values pursuant to RCW 84.33.120 and the stumpage value index provided for in RCW 84.33.071(3), such rules and regulations shall be effective not less than sixty days after transmitting to the staffs of the senate and house ways and means committees (or their successor committees) the same proposed rules and regulations as shall have been previously filed with the office of the code reviser pursuant to RCW 34.04.025(1)(a).

(3) In the event that a permanent timber tax rate is not set in 1979, a joint timber tax advisory committee shall be established. The joint advisory committee shall be composed of members of the house of representatives and the senate and co-chaired by a member of the house revenue committee and a member of the senate ways and means committee. The joint advisory committee shall recommend a rate level and distribution system on or before the convening of the forty-seventh legislature.

(4) The department of revenue and the department of natural resources shall make available to the revenue committees of the senate and house of representatives of the state legislature information and data, as it may be available, pertaining to the status of forest land grading throughout the state, the collection of timber excise tax revenues, the distribution and allocation of timber excise tax revenues to the state and local taxing districts, and any other information as may be necessary for the proper legislative review and implementation of the timber excise tax system,

and in addition, the departments shall provide an annual report of such matters in January of each year to such committees.

Sec. 6. Section 6, chapter 87, Laws of 1970 ex. sess. as amended by section 7, chapter 212, Laws of 1973 1st ex. sess. and RCW 84.34.060 are each amended to read as follows:

In determining the true and fair value of open space land and timber land, which has been classified as such under the provisions of this chapter, the assessor shall consider only the use to which such property and improvements is currently applied and shall not consider potential uses of such property. The assessor shall compute the assessed value of such property by using the same assessment ratio which he applies generally in computing the assessed value of other property: PROVIDED, That the assessed valuation of open space land with no current use shall not be less than that which would result if it were to be assessed for agricultural uses; PROVIDED FURTHER, That timber land shall be valued according to chapter 84.33 RCW.

Sec. 7. Section 12, chapter 212, Laws of 1973 1st ex. sess. and RCW 84.34.108 are each amended to read as follows:

(1) When land has once been classified under this (~~(+1973 amendatory act)~~) chapter, a notation of such designation shall be made each year upon the assessment and tax rolls and such land shall be valued pursuant to RCW 84.34.060 or 84.34.065 until removal of all or a portion of such designation by the assessor upon occurrence of any of the following:

(a) Receipt of notice from the owner to remove all or a portion of such designation(~~(:)~~).

(b) (~~(Passage of sixty days following the sale or transfer of all or a portion of such land to a new owner without receipt of a notice of compliance from the new owner. Notice of compliance forms shall be prepared by the state department of revenue and supplied by the county assessor. Said notice shall contain a statement that the new owner is aware of the use classification of the land and of the potential tax liability involved when such land ceases to be designated as open space, farm and agricultural or timber land;)~~) Sale or transfer of all or a portion of the land to a new owner without a signed notice of open space land, farm and agricultural land, or timber land classification continuance by the new owner, which notice shall be attached as a part thereof to the real estate excise tax affidavit provided for in RCW 28A.45.120, as now or hereafter amended. The notice of continuance form shall be prepared by the department of revenue. If the notice of continuance is not so signed and attached, all compensating taxes calculated under subsection (3) of this section shall become due and payable by the seller or transferor at time of sale or transfer. The county auditor shall not accept an instrument of conveyance of classified land for filing or recording unless the new owner has signed the notice of continuance or the additional tax has been paid. The seller or transferor or the new owner if the new owner has agreed by contract or deed to pay the compensating tax shall have the right to appeal the compensating taxes assessed or the valuation to the county board of equalization.

(c) Sale or transfer to an ownership making all or a portion of such land exempt from ad valorem taxation(~~(:)~~).

(d) Determination by the assessor, after giving the owner written notice and an opportunity to be heard, that all or a portion of such land is no longer primarily devoted to and used for the purposes under which it was granted classification.

(2) Within thirty days after such removal of all or a portion of such land from current use classification, the assessor shall notify the owner in writing, setting forth the reasons for such removal. The owner may appeal such removal to the county board of equalization.

(3) Unless the removal is reversed on appeal, the assessor shall revalue the affected land with reference to full market value on the date of removal from classification. Both the assessed valuation before and after the removal of classification shall be listed and taxes shall be allocated according to that part of the year to which each assessed valuation applies. Except as provided in subsections (1)(b) and (5) of this section, an additional tax shall be imposed which shall be due and payable to the county treasurer on or before April 30 of the following year. The assessor shall compute the amount of such an additional tax and the treasurer shall mail notice to the owner of the amount thereof and the date on which payment is due. The amount of such additional tax shall be equal to:

(a) The difference between the property tax paid as "open space land", "farm and agricultural land", or "timber land" and the amount of property tax otherwise due and payable for the seven years last past had the land not been so classified; plus

(b) Interest upon the amounts of such additional tax paid at the same statutory rate charged on delinquent property taxes from the dates on which such additional tax could have been paid without penalty if the land had been assessed at a value without regard to this chapter.

(4) Any additional tax unpaid on its due date shall thereupon become delinquent and together with applicable interest thereon, shall as of said date become a lien on such land which shall have priority to and shall be fully paid and satisfied before any recognizance, mortgage, judgment, debt, obligation or responsibility to or with which such land may become charged or liable. Such lien may be foreclosed upon expiration of the same period after delinquency and in the same manner provided by law for foreclosure of liens for delinquent real property taxes as provided in RCW 84.64.050 now or as hereafter amended. From the date of delinquency until paid, interest shall be charged at the same rate applied by law to delinquent ad valorem property taxes.

(5) The additional tax specified in subsection (3) of this section shall not be imposed if the removal of designation pursuant to subsection (1) of this section resulted solely from:

(a) Transfer to a government entity in exchange for other land located within the state of Washington;

(b) A taking through the exercise of the power of eminent domain, or sale or transfer to an entity having the power of eminent domain in anticipation of the exercise of such power;

(c) Sale or transfer of land within two years after the death of the owner of at least a fifty percent interest in such land.

(d) A natural disaster such as a flood, windstorm, earthquake, or other such calamity rather than by virtue of the act of the landowner changing the use of such property.

(e) Official action by an agency of the state of Washington or by the county or city within which the land is located which disallows the present use of such land.

(f) Transfer to a church and such land would qualify for property tax exemption pursuant to RCW 84.36.020.

Sec. 20. Section 19, chapter 212, Laws of 1973 1st ex. sess. and RCW 84.34-.155 are each amended to read as follows:

Land classified under the provisions of chapter 84.34 RCW as timber land which meets the definition of forest land under the provisions of chapter 84.33 RCW, upon request for such change made by the owner to the county assessor, shall be reclassified by the county assessor under the provisions of chapter 84.33 RCW. This change in classification shall be made without additional tax, penalty, or other requirements set forth in chapter 84.34 RCW: PROVIDED, That subsequent to such reclassification, the land shall be fully subject to the provisions of chapter 84.33 RCW, as now or hereafter amended: PROVIDED FURTHER, That upon the

imposition of any compensating tax such tax shall be calculated back to the time the land was first classified under RCW 84.34.155, but the tax shall not be calculated back for more than ten years.

NEW SECTION. Sec. 8. (1) One of the purposes of this act is to establish the values for ad valorem tax purposes as of January 1, 1980, of bare forest land which is primarily devoted to and used for growing and harvesting timber without consideration of other potential uses of the land, to provide a procedure for adjusting the values in future years to reflect economic changes which may affect the value established by chapter 84.33 RCW, and to relate the values to the new land grades being established under chapter 187, Laws of 1974 ex. sess.

(2) Chapter 294, Laws of 1971 ex. sess., as originally enacted, required the department of revenue annually to analyze forest land transactions to ascertain the market value of bare forest land purchased and used exclusively for growing and harvesting timber. Most transactions involving forest land include mature and immature timber with no segregation by the parties between the amounts paid for timber and bare land. The examination of these transactions by the department to ascertain the prices being paid for only the bare land has proven to be very difficult, time consuming, and subject to recurring legal challenge. Samples are small in relation to the total acreage of forest land involved and the administrative time and costs required for the annual analyses are excessive in relation to the changes from year to year which have been observed in the value of bare forest land. This act eliminates most of these administrative costs by establishing the current bare forest land values as a base value as of January 1, 1980, and by providing a procedure for periodic adjustment of the values which does not require continuing and costly analysis of the numerous forest land transactions throughout the state.

Sec. 9. Section 28A.45.120, chapter 223, Laws of 1969 ex. sess. and RCW 28A.45.120 are each amended to read as follows:

The department of revenue (~~is authorized and directed to~~) shall prescribe minimum standards for uniformity in reporting, application, and collection of the real estate excise tax imposed by this chapter.

The department of revenue shall also prescribe a real estate excise tax affidavit form which shall contain, at least, the following:

- (1) Identification of the seller and purchaser;
- (2) Description of the property involved including the tax parcel or account number(s);
- (3) Date of sale, type of instrument of sale, and nature of transfer;
- (4) Gross sales price;
- (5) Whether or not the land is classified or designated as forest land under chapter 84.33 RCW; or classified as open space land, farm and agricultural land, or timber land under chapter 84.34 RCW; and
- (6) Signatures of both the buyer and seller.

Each county shall use the affidavit form prescribed by the department of revenue.

Sec. 10. Section 82.32.010, chapter 15, Laws of 1961 and RCW 82.32.010 are each amended to read as follows:

The provisions of this chapter shall apply with respect to the taxes imposed under chapters 82.04 through 82.28 RCW of this title and under RCW 84.33.071 in such manner and to such extent as indicated in each such chapter.

NEW SECTION. Sec. 11. The following acts or parts of acts are each repealed:

- (1) Section 10, chapter 187, Laws of 1974 ex. sess. and RCW 84.33.111;
- (2) Section 16, chapter 187, Laws of 1974 ex. sess. and RCW 84.33.117; and
- (3) Section 15, chapter 294, Laws of 1971 ex. sess. and RCW 84.33.150.

NEW SECTION. Sec. 25. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 26. This act is necessary for the immediate preservation of the public peace, health, and safety, and support of the state government and its existing public institutions, and shall take effect immediately."

On page 1, on line 1 of the title, after "taxation;" strike the remainder of the title and insert "amending section 1, chapter 347, Laws of 1977 ex. sess. as amended by section 1, chapter 6, Laws of 1979 and RCW 84.33.071; amending section 5, chapter 294, Laws of 1971 ex. sess. as last amended by section 3, chapter 187, Laws of 1974 ex. sess. and RCW 84.33.050; amending section 6, chapter 294, Laws of 1971 ex. sess. as last amended by section 2, chapter 6, Laws of 1979 and RCW 84.33.060; amending section 8, chapter 294, Laws of 1971 ex. sess. as last amended by section 3, chapter 6, Laws of 1979 and RCW 84.33.080; amending section 9, chapter 294, Laws of 1971 ex. sess. as amended by section 3, chapter 148, Laws of 1972 ex. sess. and RCW 84.33.090; amending section 10, chapter 294, Laws of 1971 ex. sess. and RCW 84.33.100; amending section 11, chapter 294, Laws of 1971 ex. sess. as amended by section 4, chapter 187, Laws of 1974 ex. sess. and RCW 84.33.110; amending section 12, chapter 187, Laws of 1974 ex. sess. and RCW 84.33.113; amending section 14, chapter 187, Laws of 1974 ex. sess. and RCW 84.33.115; amending section 15, chapter 187, Laws of 1974 ex. sess. and RCW 84.33.116; amending section 17, chapter 187, Laws of 1974 ex. sess. and RCW 84.33.118; amending section 12, chapter 294, Laws of 1971 ex. sess. as last amended by section 5, chapter 187, Laws of 1974 ex. sess. and RCW 84.33.120; amending section 13, chapter 294, Laws of 1971 ex. sess. as amended by section 6, chapter 187, Laws of 1974 ex. sess. and RCW 84.33.130; amending section 14, chapter 294, Laws of 1971 ex. sess. as last amended by section 7, chapter 187, Laws of 1974 ex. sess. and RCW 84.33.140; amending section 17, chapter 294, Laws of 1971 ex. sess. and RCW 84.33.170; amending section 9, chapter 187, Laws of 1974 ex. sess. as amended by section 4, chapter 6, Laws of 1979 and RCW 84.33.200; amending section 6, chapter 87, Laws of 1970 ex. sess. as amended by section 7, chapter 212, Laws of 1973 1st ex. sess. and RCW 84.34.060; amending section 12, chapter 212, Laws of 1973 1st ex. sess. and RCW 84.34.108; amending section 19, chapter 212, Laws of 1973 1st ex. sess. and RCW 84.34.155; amending section 28A.45.120, chapter 223, Laws of 1969 ex. sess. and RCW 28A.45.120; amending section 82.32.010, chapter 15, Laws of 1961 and RCW 82.32.010; adding a new section to chapter 84.33 RCW; creating a new section; repealing section 10, chapter 187, Laws of 1974 ex. sess. and RCW 84.33.111; repealing section 16, chapter 187, Laws of 1974 ex. sess. and RCW 84.33.117; repealing section 15, chapter 294, Laws of 1971 ex. sess. and RCW 84.33.150; and declaring an emergency."

Signed by: Senators Donohue, Chairman; Bausch, Bluechel, Clarke, Jones, Marsh, Matson, Morrison, Odegaard, Scott, Sellar, Wojahn.

The bill was read the second time by sections.

Senator Odegaard moved adoption of the committee amendment.

POINT OF ORDER

Senator Talmadge: "Mr. President, I believe the committee amendment is outside the scope and object of the bill and I would like to speak to my Point of Order.

"Mr. President, members of the Senate. I think the committee amendment is outside the scope and object of the bill because the original bill related essentially to problems with the open space law and helped to prevent forest land buyers from incurring a liability when they are unaware of the situation. The committee amendment to House Bill 810 provides for some substantial changes in the timber tax, including changes with respect to the rate schedule, changes with respect to land

valuation, and some changes with the definition of what constitutes forest lands. And for that reason, Mr. President, I believe it would be outside the scope and object. Furthermore, I would raise the question of Senate Rule 54 which requires that each bill relate to only one subject. To my way of thinking, there are at least five subjects in the bill, four or five of which I have already enumerated; and for that reason I raise the Point of Order."

Debate ensued.

MOTION

Senator Marsh moved that Substitute House Bill No. 810, together with the pending committee amendment and the Point of Order raised by Senator Talmadge be held for a Ruling by The President following 4:00 p.m. today.

Debate ensued.

RULING BY THE PRESIDENT

President Cherberg: "The President in ruling upon the Point of Order raised by Senator Talmadge finds that Substitute House Bill 810 is a measure which deals with the compensating tax due when forests or open space lands, lands taxed on a current-use basis, are used for other purposes.

"The amendment proposed by the Senate Committee on Ways and Means provides for a reduction of the forest excise tax and thus goes well beyond the purpose of Substitute House Bill 810.

"The President therefore finds that the proposed amendment does expand the scope and object of the bill and that the Point of Order is well taken."

The committee amendment was ruled out of order.

On motion of Senator Odegaard, the rules were suspended, Substitute House Bill No. 810 was advanced to third reading, the second reading considered the third, the the bill was placed on final passage.

There being no objection, the rules were suspended and Substitute House Bill No. 810 was returned to second reading.

On motion of Senator Conner, the following amendment was adopted:

On page 13, following line 7, insert the following:

"**NEW SECTION.** Sec. 24. There is added to chapter 84.33 RCW a new section to read as follows:

The excise tax imposed by RCW 84.33.071 shall not apply to any timber harvested by a nonprofit organization, association, or corporation from forest lands owned by it, where such lands are exempt from property taxes under RCW 84.36-.030, and where all of the income and receipts of the nonprofit organization, association, or corporation derived from such timber sales are used solely for the expense of promoting, operating, and maintaining youth programs which are equally available to all, regardless of race, color, national origin, ancestry, or religious belief.

In order to determine whether the harvesting of timber by a nonprofit organization, association, or corporation is exempt, the director of the department of revenue shall have access to its books.

For the purposes of this section, a "nonprofit" organization, association, or corporation is one:

(1) Which pays no part of its income directly or indirectly to its members, stockholders, officers, directors, or trustees except in the form of services rendered by the organization, association, or corporation in accordance with its purposes and bylaws; and (2) which pays salary or compensation to its officers only for actual services rendered, and at levels comparable to the salary or compensation of like positions within the public services of the state."

Renumber the remaining sections consecutively.

On motion of Senator Conner, the following amendments to the title were adopted:

On page 1, line 9 after "RCW 84.34.100;" strike and "and"

On page 1, line 11 after "84.34.108" insert the following:

"(:); and adding a new section to chapter 84.33 RCW"

On motion of Senator Odegaard, the rules were suspended, Substitute House Bill No. 810, as amended by the Senate, was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

POINT OF INQUIRY

Senator Day: "Senator Ridder, I notice here you have authorized an exemption from taxation for certain items prescribed by people licensed under 18.25. Does this in any way expand the scope of what is authorized in their practice under the statutes?"

Senator Ridder: "No, Senator Day, it is not the intent of the amendment to authorize any practice under 18.25, 18.57, or 18.71 not now authorized by statute."

Senator Day: "Thank you, Senator."

POINT OF INQUIRY

Senator Hayner: "On line nineteen it says that this tax will not be assessed for 'food products furnished as meals under a state-administered nutrition program'. Why does it have to be a state-administered program?"

Senator Ridder: "This comes under the federal provisions, Senator Hayner, in which case, according to our digest, it says that this form of solicitation is provided for in the federal law and it is our intent to comply with the federal provisions where the state monies are a part of that."

Senator Hayner: "Would you have any objections to also relieving the tax from organizations that provide these kinds of services that are not state supported?"

Senator Ridder: "I would have no objection, Senator, but I am frankly at this late date in our timing, I am not sure of the proper phraseology to insure that that was included and I would be glad to join you in a bill such as that for the next session."

The motion by Senator Ridder carried and the amendment was adopted.

On motion of Senator Ridder, the following amendment to the title was adopted:

On page 1, on line 1 of the title, after "taxation;" strike the remainder of the title and insert "amending section 48, chapter ___ (SHB 1016), Laws of 1980 and

RCW 82.08.____; amending section 75, chapter ____ (SHB 1016), Laws of 1980 and RCW 82.12.____; amending section 49, chapter ____ (SHB 1016), Laws of 1980 and RCW 82.08.____; and amending section 76, chapter ____ (SHB 1016), Laws of 1980 and RCW 82.12.____."

On motion of Senator Ridder, the rules were suspended, House Bill No. 1841, as amended by the Senate, was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

ROLL CALL

The Secretary called the roll on the final passage of House Bill No. 1841, as amended by the Senate, and the bill passed the Senate by the following vote: Yeas, 47; absent or not voting, 1; excused, 1.

MESSAGE FROM THE HOUSE

February 19, 1980.

Mr. President: The House has passed ENGROSSED SENATE BILL NO. 3478 with the following amendment:

On page 1, after line 27, insert the following additional sections:

"NEW SECTION. Sec. 2. As used in this section, sections 4 through 9 of this 1980 act, and RCW 70.58.210, as now or hereafter amended, the following terms have the meanings indicated unless the context clearly requires otherwise.

(1) "Adult adopted person" means a person who was adopted under the laws of this state and is at least twenty-one years of age.

(2) "Adoptive parents" means persons who received custody of the adopted person under the laws of this state.

(3) "Adoption registry" means a record kept by the department of social and health services under RCW 70.58.210, as now or hereafter amended, for purposes of recording the natural parent's consent to disclosure of identity to an adult adopted person.

(4) "Agency" means a public or private social agency expressly empowered by law to receive and place children for adoption or foster care, including the department of social and health services.

(5) "Confidential intermediary" means a suitable and qualified person appointed by the court who agrees, under oath of confidentiality, to mediate between and make contact with the natural parents and the adult adopted person to the extent allowed by the court.

(6) "Department" means the department of social and health services.

(7) "Natural parents" means the biological parents of the adopted person.

Sec. 3. Section 1, chapter 133, Laws of 1939 as last amended by section 2, chapter 101, Laws of 1979 ex. sess. and RCW 70.58.210 are each amended to read as follows:

(1) Whenever a decree of adoption has been entered declaring a child, born in the state of Washington, adopted in any court of competent jurisdiction in the state of Washington or any other state or any territory of the United States or foreign country, a certified copy of the decree of adoption shall be recorded with the proper department of registration of births in the state of Washington and a certificate of birth shall issue upon request, bearing the new name of the child as shown in the decree of adoption, the names of the adoptive parents of the child and the age, sex, and date of birth of the child, but no (~~reference in any~~) birth certificate (~~shall have reference~~) may refer to the adoption of the child. However, original registration of births shall remain a part of the record of the board of health.

(2) Whenever a decree of adoption has been entered declaring a child, born outside of the United States and its territories, adopted in any court of competent

jurisdiction in the state of Washington, a certified copy of the decree of adoption together with evidence as to the child's birth date and birth place provided by the original birth certificate, or by a certified copy, extract, or translation thereof or by a certified copy of some other document essentially equivalent thereto, shall be recorded with the proper department of registration of births in the state of Washington. The records of the United States immigration and naturalization service or the United States department of state are essentially equivalent to the birth certificate. A certificate of birth shall issue upon request, bearing the new name of the child as shown in the decree of adoption, the names of the adoptive parents of the child and the age, sex, and date of birth of the child, but no reference in any birth certificate shall have reference to the adoption of the child. Unless the court orders otherwise, the certificate of birth shall have the same overall appearance as the certificate which would have been issued if the adopted child had been born in the state of Washington.

A person born outside of the United States and its territories for whom a decree of adoption has been entered in a court of this state before September 1, 1979, may apply for a certificate of birth under this subsection by furnishing the proper department of registration of births with a certified copy of the decree of adoption together with the other evidence required by this subsection as to the date and place of birth. Upon receipt of the decree and evidence, a certificate of birth shall be issued in accordance with this subsection.

(3) In conjunction with the original birth registration, there shall be established an adoption registry. At the time of adoption or at any time thereafter, either or both natural parents may file consent to disclosure of their identity, to become effective at the time the adopted person reaches twenty-one years of age, in the adoption registry.

NEW SECTION. Sec. 4. Upon the request of an adult adopted person, the department shall examine the adoption registry to ascertain whether either or both natural parents have placed a consent to disclosure of their identity on file.

If the consent is found in the adoption registry, the names of either or both natural parents, depending on whether either or both natural parents have filed a consent, the name and location of the court issuing the decree of adoption together with the cause number, and other information contained in the file relating to the identity and location of the natural parents shall be disclosed to the adult adopted person.

The department shall also provide the adult adopted person with an affidavit, executed by the custodian of these records, which affirms that a consent to disclosure has been filed in the adoption registry.

The information on file shall not be disclosed in any other case, except as otherwise provided by sections 5 through 9 of this act.

NEW SECTION. Sec. 5. An adult adopted person may petition the court for disclosure of the identity of his or her natural parents. The petition to open the sealed adoption file shall contain the following information, if known:

- (1) Name of the petitioner;
 - (2) Date of birth;
 - (3) Address of current residence;
 - (4) Whether the adult adopted person still resides with or is a dependent of the adoptive parents;
 - (5) County and state of adoption and date of adoption;
 - (6) Any information known to the adult adopted person concerning the natural parents; and
 - (7) That no consent to disclosure has been filed in the adoption registry.
- The petition may be filed under the original cause number.

NEW SECTION. Sec. 6. In response to a petition by an adult adopted person for disclosure of the identity of the natural parents, the court shall appoint a confidential intermediary if:

(1) The adult adopted person no longer lives with or is not a dependent of the adoptive parents; or

(2) The adoptive parents of the adult adopted person file written consent to the search with the court.

NEW SECTION. Sec. 7. (1) The duties and responsibilities of the confidential intermediary are as follows:

(a) To refrain from disclosing directly or indirectly any information to the petitioner until so ordered by the court;

(b) To conduct a search for the natural parents; and

(c) To make a written report of the results of the search to the court no later than six months after appointment.

If the confidential intermediary fails to locate the natural parents within six months, the report shall include a recommendation as to whether or not further search is warranted and the reasons for this recommendation. If the confidential intermediary locates the natural parents, a discreet and confidential inquiry shall be made as to whether they will consent to having their present identity disclosed to the petitioner. The identity of the petitioner shall not be disclosed to the natural parents. If the natural parents consent to the disclosure of their identity, the confidential intermediary shall obtain the consent in writing and shall include the original of the consent report to be made to the court.

(2) Information found in records of the court proceeding of the adoption or in the files of the agency shall be released to the confidential intermediary for use in the search, but only that information relating to the identities and location of the natural parents. The confidential intermediary shall not divulge the contents of these files or the results of any search except as authorized by the court.

(3) The court may request the confidential intermediary to help arrange contact between the petitioner and the natural parents if the consent is obtained.

(4) The confidential intermediary shall receive as compensation from the petitioner for services a reasonable fee as set by the court, including reimbursement for actual expenses as listed in the report made to the court.

NEW SECTION. Sec. 8. The confidential intermediary shall sign an oath of confidentiality substantially as follows:

I,, being first dully sworn on oath depose and say: As a condition of appointment as a confidential intermediary, I affirm that, when adoption files are opened for me:

I will not disclose to the petitioner, directly or indirectly, any information therein without further order of the court.

I will conduct a diligent search for the natural parents and make a discreet and confidential inquiry as to whether the natural parents will consent to being put in contact with the petitioner, and will report back to the court the results of my search and inquiry.

If the person sought consents to be put in contact with the petitioner, I will attempt to obtain a dated, written, and notarized consent of the person and attach the original thereof to my report to the court.

I will not make any charge or accept any compensation for my services except as approved by the court or as reimbursement from the petitioner of actual out-of-pocket expenses such as postage, advertising, telephone calls, or travel expenses, and that all of the expenses will be listed in my report to the court.

I recognize that unauthorized release of confidential information may subject me to civil liability under state law.

NEW SECTION. Sec. 9. (1) If the confidential intermediary obtains written consent from the natural parents for disclosure of their identity to the petitioner, the court shall order that their names and other identifying information be released to the petitioner.

(2) If the natural parents are deceased, the court shall order disclosure of the available files to the petitioner.

(3) If the confidential intermediary is unable to make contact with the natural parents within six months, the court may order the search be continued for a specified time.

Sec. 10. Section 12, chapter 291, Laws of 1955 as last amended by section 1, chapter 101, Laws of 1979 ex. sess. and by section 19, chapter 165, Laws of 1979 ex. sess. and RCW 26.32.120 are each reenacted and amended to read as follows:

DEAN R. FOSTER, Chief Clerk.

VITO T. CHIECHI, Chief Clerk.

POINT OF ORDER

Senator Marsh: "Mr. President, I challenge the amendment as being beyond the scope and object of the bill. Engrossed Senate Bill 3478 is an act relating to children and adds a new section to the revised criminal code, making it a class C felony to buy or sell a minor child. The House amendment to Engrossed Substitute Senate Bill 3478 incorporates provisions of Substitute House Bill 318, an act relating to adoption and adds new sections and amends existing sections all of which are outside the revised criminal code. The amendment establishes a mechanism by which persons over twenty-one, who have been adopted may attempt to discover the identity of their natural parents. Under this mechanism a court, on petition of an adult adoptee is required to appoint a confidential intermediary to contact the natural parents. From the foregoing it is apparent that the House amendment expands the scope and object of Engrossed Senate Bill 3478, and I invoke the provisions of Senate rule 57."

RULING BY THE PRESIDENT

President Cherberg: "In ruling upon the Point of Order raised by Senator Marsh, the President finds that Engrossed Senate Bill No. 3478 is a measure which revises the criminal code by making it a class C felony to buy or sell a minor child.

"The amendment proposed by the House deals with the totally different subject of adoption and the method by which adopted persons over the age of twenty-one may attempt to discover the identity of their natural parents.

"The President therefore finds that the proposed amendment does expand the scope and object of the bill and the the Point of Order is well taken.

"Pursuant to Senate Rule 57, Engrossed Senate Bill No. 3478 is referred to the Senate Judiciary Committee."

Engrossed Senate Bill No. 3478 was referred to the Senate Judiciary Committee.

Sec. 4. Section 1, chapter 182, Laws of 1974 ex. sess. as last amended by section 1, chapter 214, Laws of 1979 ex. sess. and RCW 84.36.381 are each amended to read as follows:

(2) The term "real property" except for the purposes of chapters 84.56 and 84.60 RCW, shall also include a mobile home which has substantially lost its identity as a mobile unit by virtue of its being fixed in location upon land owned or leased by the owner of the mobile home and placed on a foundation (posts or blocks) with fixed pipe, connections with sewer, water, or other utilities.

Mr. President: The House has passed SUBSTITUTE SENATE BILL NO. 3224 with the following amendments:

On page 1, line 12, beginning with ":", strike all material down to and including "board" on line 16.

VITO T. CHIECHI, Chief Clerk.

MOTIONS

On motion of Senator Wilson, Senator Ridder was excused.

Senator Hansen moved the Senate concur in the House amendments to Substitute Senate Bill No. 3224.

POINT OF INQUIRY

Senator Odegaard: "Senator Hansen, on the bill when it originally passed here, I had expressed some concern as you might recall. What is your intention of how long a time could the terms be shortened or extended, how long do you envision that to be, possibly?"

Senator Hansen: "In this case, it would be changed from August to January, January or February when they are holding their farm meetings; so it could not be over six months one way or the other. So a director could not be in, shorten his term over six months or could not lengthen it over six months."

Senator Odegaard: "Okay now, Senator Hansen. In the bill that passed we allowed election of a board member to be in another part of the county, as I recall, rather than in the particular district of the board member. If you get a very long county like the county I live in and then you allow the election to be in the wintertime where we might have bad weather, could not that present some problem of actually causing less people to turn out to vote than what the original bill was trying, the purpose was trying to accomplish?"

Senator Hansen: "This is not mandatory. They can hold their elections in their different areas, but in this case where they are having farm meetings at this time of the year, it was felt that allowing them to vote outside of the jurisdiction instead of somebody's home in each particular district where the member lives, they felt it was better if they could hold it at this central place such as the grange hall at a meeting and vote independently for their districts. I think any place that they do not choose to do this, can continue exactly the way it is. This is just permissive legislation."

The motion by Senator Hansen carried.

The Senate concurred in the House amendments to Substitute Senate Bill No. 3224.

ROLL CALL

The Secretary called the roll on the final passage of Substitute Senate Bill No. 3224, as amended by the House, and the bill passed the Senate by the following vote: Yeas, 44; excused, 5.

(c) A corporation, in addition, shall have the power to indemnify an officer who is not a director, as well as employees and agents of the corporation who are not

directors, to such further extent, consistent with law, as may be provided by its articles of incorporation, bylaws, general or specific action of its board of directors, or contract.

MOTION

Senator Day moved the Senate do concur in the House amendment to page 2, line 7 to Reengrossed Senate Bill No. 2433.

POINT OF INQUIRY

Senator Hayner: "May I ask a question? I understand that Congress is in the process of rewriting these laws with respect to the SSI so that this situation will not occur in the future. Is it possible that we might want to add an amendment to that, that in the event that the federal government passes the law with respect to this, that that will govern so that we can get the federal money and not be excluded from it? . . . Well, 'temporarily' does not mean . . ."

Senator Day: "Yes, I believe the language of the amendment which says 'shall be granted 'temporarily' to any person' because even under the present circumstances, if they wait six months they are then eligible. So the maximum that could occur here, as I see it, would be a loss of six months period of time. Secondly, the balance of the bill allows the departments to get together and that is the thrust of the bill, to adopt rules relative to this. So I believe that the adoption of the rules will take care of the entire situation."

Senator Hayner: "I think that will take of the situation if the federal government does pass the rules. It is your intention that that shall be done?"

Senator Day: "Yes, that is the intent of the bill."

The motion by Senator Day carried.

The Senate concurred in the House amendment to page 2, line 7 of Reengrossed Senate Bill No. 2433.

On motion of Senator Day, the Senate refused to concur in the House amendment to page 6 striking section 2 of Reengrossed Senate Bill No. 2433 and asks the House to recede therefrom.

Any person deemed by the commissioner to be competent and trustworthy and while maintaining an office at a designated location in this state may be licensed as a surplus line broker, as follows:

(2) The license fee shall be one hundred dollars for each license year during any part of which the license is in force. The annual renewal date shall be determined by the commissioner. (5) Any bond issued pursuant to subsection (3) or (4) of this section shall remain in force until the surety is released from liability by the commissioner, or until the bond is canceled by the surety. In event the policy or binder has been lost or destroyed and cannot be so surrendered, the insurer may in lieu of such surrender accept and in good faith rely upon the insured's written statement setting forth the fact of such loss or destruction.

(2) As soon as possible, (~~(but)~~) and no later than thirty days after the receipt of the notice of cancellation from the policyholder for homeowners', dwelling fire, and private passenger auto insurance, the insurer shall pay to the insured or to the person entitled thereto as shown by the insurer's records, any unearned portion of any premium paid on the policy as computed on the customary short rate or as otherwise specified in the policy: PROVIDED, That the refund of any unearned portion of any premium paid on a contract of dwelling fire insurance, homeowners' insurance, or insurance predicated upon the use of a private passenger automobile (as defined in RCW 48.18.297 and excluding contracts of insurance and policies enumerated in RCW 48.18.296) shall be computed on a pro rata basis and the insurer shall refund not less than ninety percent of any unearned portion not exceeding one hundred dollars, plus ninety-five percent of any unearned portion over one hundred dollars but not exceeding five hundred dollars, and not less than ninety-seven percent of the amount of any unearned portion in excess of five hundred dollars. If the amount of any refund is less than two dollars, no refund need be made. (9) Without being limited to the powers hereinbefore enumerated, the commission shall have such other powers as in the judgment of a majority of its members are deemed necessary to effectuate the purposes of this chapter: PROVIDED, That the commission shall not have power to supervise directly any local park or recreation district, and no funds shall be made available for such purpose.

NEW SECTION. Sec. 3. There is added to chapter 43.51 RCW a new section to read as follows:

Recognizing the fact that the demand for park services is greatest in our urban areas, that parks should be accessible to all Washington citizens, that the urban poor cannot afford to travel to remotely located parks, that few state parks are located in or near urban areas, that a need exists to conserve energy, and that local governments having jurisdiction in urban areas cannot afford the costs of maintaining and operating the extensive park systems needed to service their large populations, the legislature hereby directs the interagency committee for outdoor recreation to place a high priority on the acquisition, development, redevelopment, and renovation of parks to be located in or near urban areas and to be particularly accessible to and used by the populations of those areas. For purposes of sections 3 and 4 of this 1980 act, "urban areas" mean any incorporated city with a population of five thousand persons or greater or any county with a population density of two hundred fifty persons per square mile or greater. This section shall be implemented by January 1, 1981.

NEW SECTION. Sec. 4. There is added to chapter 43.51 RCW a new section to read as follows:

For the reasons specified in section 3 of this act, the state parks and recreation commission shall place a high priority on the establishment of urban area state parks and shall revise its plan for future state parks to achieve this priority. This section shall be implemented by January 1, 1981.

NEW SECTION. Sec. 5. (1) In keeping with the purposes of this 1980 act, the powers, functions, and duties heretofore exercised by the game commission, department of game, or its director, respecting the management, control, and operation of the approximately 165-acre tract of land bordering the White/Stuck Rivers in or near the city of Auburn and currently used as a game preserve are, except as provided under this section, terminated as of the effective date of this section, and the powers, functions, and duties with respect to such land are vested in the parks and recreation commission to be exercised in accordance with chapter 43.51 RCW as now existing or hereafter amended for the purposes specified therein.

(2) Nothing in this section shall impair any contract, debt, or obligation owed by the game commission or department of game in respect to such land. However, the director of the office of financial management may, if the director finds it appropriate, transfer the duty to satisfy any such contract, debt, or obligation to the parks and recreation commission.

(3) The director of the office of financial management is authorized to make whatever orders are convenient or necessary for the implementation of this section. In addition, the director is authorized to make decisions resolving questions regarding the impact of this section on preexisting contracts, debts, or obligations with respect to such land. Any orders or decisions made by the director under this section shall be binding on the game commission, the department of game, and the parks and recreation commission.

(4) On the effective date of this section, the state treasurer shall transfer from the general fund to the game fund the sum of one million five hundred thousand dollars to compensate the game fund for the transfer of the Auburn game farm to the parks and recreation commission.

(5) Section 5 of this act shall become effective on July 31, 1981, at which time the transfer of powers, functions and duties provided for in subsection (1) and the transfer of funds provided for in subsection (4) shall occur: PROVIDED, HOWEVER, That the parks and recreation commission is hereby authorized to begin planning for the public use of this property as an urban park on the effective date of this 1980 act.", and the same is herewith transmitted.

MOTION

Senator von Reichbauer moved the Senate do concur in the House amendments to Substitute Senate Bill No. 3164.

POINT OF INQUIRY

Senator Peterson: "Senator von Reichbauer, it is my impression that the intent of this is the valuation of this property that is being transferred from the game department to parks has it been approximately appraised in the neighborhood of one and one-half million dollars?"

Senator von Reichbauer: "That is correct."

Senator Peterson: "And this money is dedicated to the game department, or is to be transferred to the game department funds. Is that correct?"

Senator von Reichbauer: "That is correct."

Senator Peterson: "And further does this money have to be appropriated from the general fund to the game department and is it assured that the game department will, in effect, receive that one and one-half million dollars?"

Senator von Reichbauer: "This is an expression of the intent to appropriate the one and one-half million dollars from the general fund to the game department for the game department's determined use."

Senator Peterson: "It will still have to take an appropriation in the next session of the legislature?"

The motion by Senator Walgren carried. The measures were rereferred to the Committee on Rules.

MOTIONS

On motion of Senator Walgren, the rules were suspended and any member so indicating may be added as a sponsor to Senate Resolution 1980-183.

Senator Walgren moved that Senate Resolution 1980-183 regarding state ferries be referred to the Committee on Rules.

REMARKS BY SENATOR WALGREN

Senator Walgren: "Mr. President and members of the Senate. This is a resolution that has been prepared by Senator Lysen and myself and Senator Conner, and may wish to be joined on by other members of the Senate relating to the matter of transportation across Hood Canal. It is a study resolution and calls for the creation of a select committee and traditionally, we have forwarded those particular resolutions to the committee on rules for a consideration by that body and reference to the Senate facilities and operations committee; and that is why I am making the motion at this time to do exactly the same thing. The resolution, of course, contains matters that certainly require the examination by this legislature, both the Senate and the House of Representatives, because of the methods of interim transportation that

have been instituted by the department since the unfortunate loss of the Hood Canal bridge. It would be my intention to request the rules committee to give serious consideration to this resolution at the appropriate time when the other measures are considered."

REMARKS BY SENATOR LYSEN

Senator Lysen: "Yes, Mr. President, ladies and gentlemen of the Senate. I think this resolution is very important and Senator Walgren has assured me the rules committee will consider it shortly after the end of this session to the creation of a select committee to look into the contract and the circumstances surrounding the contract which was given to Marine Power subsidiary, Marine Power and Equipment company. This contract, in the paper, indicates it is two hundred and fifty thousand dollars approximately, per month on this tug and barge across Hood Canal bridge system. It was indicated in the press that the tug and barge system was certificated and licensed and inspected by the Coast Guard. The fact is that that is not the case. The tug is a navy war, a navy surplus scrapped-out tug where the accident occurred. This tug has had fifteen reported accidents since it went into service approximately two months ago; it lost a propellor twice, when you lose a propellor on a boat you lose your steering, you lose everything. And the question of why the propellor fell off was the fatigue, shaft fatigue or what were the circumstances surrounding this whole situation where we have lost the first fatality in our state's ferry board's system service. To ask the department to investigate its own contract is like putting the fox in the hen house. I think that this contract should be investigated or reviewed by this legislature as an independent part of the non-executive part of our function. So I very much look forward to serious consideration on this matter, and this is where we have this. . . Thank you."

The motion by Senator Walgren carried.

Senate Resolution 1980-183 was referred to the Committee on Rules.

Senator Day moved adoption of the following resolution:

SENATE RESOLUTION 1980-187

By Senators Day, Walgren, Donohue, Hurley, Gaspard, Moore, Quigg, Vognild, Wanamaker, Jones, Bradburn, Scott, Shinpoch, Bausch, Wilson, Ridder, Williams, Wojahn, Goltz, Van Hollebeke, Fleming, Hayner, Guess, Odegaard, Woody, Bluechel, Lee, Hanson, Conner, Haley, Lewis, Morrison, Pullen, McDermott and Rasmussen:

WHEREAS, McNeil Island is currently the property of the Bureau of Prisons, United States Department of Justice; and

WHEREAS, The federal government has publicly stated that the Bureau of Prisons has no further use for McNeil Island and the Bureau will formally declare the facility excess to its needs in October, 1980, and close the prison; and

WHEREAS, In anticipation of the closure the Bureau is relocating and will relocate all serviceable equipment and personal property to other institutions within the Bureau of Prisons; and

WHEREAS, After thirty days of the Bureau's formal declaration of excess, if no executive agency of the federal government has expressed a desire for this excess real property, the federal General Services Administration will declare such excess real property as surplus real property; and

WHEREAS, In the subsequent procedure for the disposal of surplus real property, the state of Washington has primacy among nonfederal governmental agencies in the acquisition of this real property; and

WHEREAS, The state of Washington has numerous potential uses for McNeil Island; and

WHEREAS, The people of the state of Washington would be well served if McNeil Island were to be acquired as state property; and

WHEREAS, The Governor has been in contact with the federal government for almost two years trying to obtain the Island for use by our state;

NOW, THEREFORE, BE IT RESOLVED, By the Senate of the state of Washington, That the state continue in its attempts to acquire McNeil Island through the federal surplus property procedure; and

BE IT FURTHER RESOLVED, That the Honorable Governor Dixy Lee Ray be urged to continue her extensive efforts to acquire McNeil Island and to again notify the federal General Services Administration of the state's desire to acquire McNeil Island; and

BE IT FURTHER RESOLVED, That copies of this resolution be transmitted to the Congressional delegation of the state of Washington to reiterate the state Senate's recommendation for the acquisition of McNeil Island for state purposes.

Debate ensued.

POINT OF INQUIRY

Senator Morrison: "Senator Day, would it be helpful on this resolution if we indicated what we had in mind for McNeil Island?"

Senator Day: "I do not think so because, according to the latest word that we have gotten from the federal government, that it is not available either for interim use as a prison or as, continuing as a prison site. And that does not negate the other positive aspects of it at all; but one of the reasons, of course, for the resolution is the obvious entanglement over House Bill 1817 which of course goes far beyond the acquiring of McNeil—it actually stops the development of the present corrections system, and of course that is the problem, the basic problem of the bill."

Senator Morrison: "Senator Day, do we presume that the passage of this resolution and the efforts to acquire McNeil Island do not foreclose the opportunity of a later decision to utilize this as part of the prison system?"

Senator Day: "They do not, and I think that is the point. We have to continue with the development of the correction system—we are behind scheduled as everyone knows, and that bill did deter that. This will allow us to pursue the acquiring of the property, it is obvious we are not going to be able to acquire it immediately when it becomes available in October of 1980, then when the final conclusion comes and we do, in fact, have the property, then those judgments can be made and they can possibly be made relative to a corrections application as well. But I do not think until we do that that we should deter the development of the present system."

Further debate ensued.

The motion by Senator Day carried and the resolution was adopted.

MOTIONS

On motion of Senator Donohue, Engrossed Substitute House Bill No. 1516, establishing requirements for in-home services, was referred to the Committee on Ways and Means from the second reading calendar.

"OUR FATHER, WE HAVE ALL BEEN MOVED BY THE HEROIC PERSISTENCE OF YOUNG ATHLETES WHO BELIEVED THAT THEY WERE MEANT TO COMPETE, AND THAT THEIR TIME FOR COURAGEOUS TEAMWORK HAD COME.

"HOW OFTEN YOU HAVE CALLED US TO LIVE AGAINST THE ODDS; TO SET OUR GOALS BEYOND THE POSSIBLE; TO PLAY OVER OUR HEADS; TO SEEK THAT WHICH SEEMINGLY CANNOT BE DONE; TO BE MORE THAN WE ARE.

"WE ACKNOWLEDGE AT THE BEGINNING OF THIS DAY AND WEEK THAT WE ARE NOT OUR OWN. WE ARE THINE. THE WORK OF THIS SENATE IS THINE. THE TASKS TO BE ACCOMPLISHED ARE THINE. THE PEOPLE OF WASHINGTON FOR WHOM WE LABOR ARE THINE. THIS MOMENT, THIS HOUR, THIS DAY ARE THINE, AND YOU HAVE CALLED US TO COMPETE HERE AND NOW.

"AS THESE SENATORS CONSIDER THE BUDGET THAT SEEMS INSURMOUNTABLE, AND NUCLEAR WASTE DISPOSAL WHICH SEEMS UNSTORABLE, AND ENERGY WHICH SEEM UNSUPPLYABLE, AND LONG-RANGE REDISTRICTING WHICH SEEMS UNSOLVABLE, AND SHORT-RANGE COOPERATION WITH THE HOUSE AND WITH THE EXECUTIVE WHICH SEEMS UNMANAGEABLE, REMIND THEM THAT THEIR RESOURCES FOR THIS DAY LIE NOT ALONE IN THEIR SENSE, BUT IN THEIR SOULS; NOT ALONE IN THEIR HANDS, BUT IN THEIR HEARTS; NOT ALONE IN THEIR MINDS, BUT IN THEIR REALIZATION OF THEIR MISSION AND THEIR DESTINY. THESE SENATORS ARE MEANT TO BE HERE. GRANT TO THEM THE PESKY PERSISTENCE AND THE UNCONQUERABLE COURAGE WHICH ALONE WILL MAKE TODAY A WINNING DAY FOR THE WHOLE LEGISLATURE, ON THE ROAD TO A SUCCESSFUL 1980 SESSION. IN THE MASTER'S NAME. SO BE IT."

WE COME IN GRATITUDE FOR BUSINESS COLLEAGUES, LAW PARTNERS, OTHERS IN COVERING THE CLASSROOM OR DEPARTMENT OR OFFICE. WE THANK YOU FOR FAITHFUL AND SKILLED BUSINESS ASSOCIATES WHO CAN HANDLE THINGS AT HOME, RELEASING THESE SENATORS FOR THEIR DUTIES. WE THANK YOU ALSO FOR LOVED ONES WHO ARE WILLING TO GET BY ON THEIR OWN, SPOUSES WHO MANAGE THE FAMILY, AND CHILDREN WHO CAN MANAGE THEMSELVES, SUPPORTING AND LOVING THESE SENATORS ACROSS THE MILES, AND GETTING BY WHILE LOVE CAN BE EXPRESSED ONLY IN ABSENTIA.

"WE ASK YOU TO BLESS THOSE THEY LOVE BACK HOME, AND MAKE THIS A GOOD DAY FOR COLLEAGUES AND FAMILIES, A DAY OF HEALING, AND WHOLENESS AND COMPETENCY. IN THAT TRUST, WE ASK FOR THESE SENATORS YOUR TWIN GIFTS, THAT TODAY MAY BE FRUITFUL AND GRATIFYING IN ALL ITS ACCOMPLISHMENTS. IN THE MASTER'S NAME. SO BE IT."

MOTION

On motion of Senator Walgren, the reading of the journal of the previous day was dispensed with and it was approved.

APPOINTMENT OF SPECIAL COMMITTEE

President Pro Tempore Henry: "Ladies and gentlemen of the Senate. We have in the Senate Chambers this morning, some very distinguished guests with international recognition. At this time I would like to appoint Senators Hansen, Walgren, Rasmussen, Senator Morrison, Senator Vognild, Senator Gould. I would like to ask those Senators to go to the Lieutenant Governor's office and bring our distinguished guests to the rostrum . . . Senators Hansen, Walgren, Morrison, Vognild; I was looking for Senator Matson; Senator Gould; Senator Bottiger, are you a trifle Scandinavian?"

Senator Bottiger: "The words I can remember are not suited for here; but my mother does speak Norwegian."

President Pro Tempore Henry: "Senator Odegaard is ill today. I think that is a sufficient delegation."

President Pro Tempore Henry: "Would the Governor from Yugoslavia also join us on the rostrum?"

Lieutenant Governor Cherberg came to the rostrum.

REMARKS BY PRESIDENT PRO TEMPORE HENRY

President Pro Tempore Henry: "Fellow Senators, it is my pleasure to introduce to you today a man, who I said earlier, is internationally renowned, Mr. John Heistein, who is the vice president and general manager of SAS North America. He is stationed in New York City. He has two sons living in the Seattle area. He was born in Kristiansand, Norway. His hobby is sailing; he is a member of the Wings Club and Mt. Kenya Safari Club; and he has been very active in a wide range of Scandinavian/American organizations such as the American/Scandinavian Foundation; a member of the executive committee of the Norwegian/American Chamber of Commerce; a member of the board of Swedish/American Chamber of Commerce. He has been decorated by the three Scandinavian countries, Norway, Sweden and Denmark. May I present to you Mr. John Heistein and his lovely wife, Barbara. John. I am sure the members of the Senate would like to hear from you."

REMARKS BY JOHN HEISTEIN

Mr. Heistein: "Thank you, Mr. President. I just happened to have a few words prepared.

"Mr. President, Senators. Thank you for this wonderful welcome to the capital of Washington. We picked a very nice day to see the capital. We got out of Seattle and it was raining cats and dogs and down here the sky is clear. I don't know how you do that, I would like to follow whatever secret it is, because we have a few problems with rain in western Norway as well.

"We have two sons here. I could never understand why they could barely finish the university in Minnesota before they lit out for the state of Washington, but I have since found out. We have spent the last four days here eating and a little drinking and seeing a lot of fantastic scenery, especially up at Stevens Pass. We are now heading south to that other state to catch up on some sleep which I understand is what they do best there.

"We started this route over the pole from Seattle many years ago and it was a little unheard of at that time; people from the west were supposed to go to New York if they wanted to go overseas. We disagreed with that for many reasons, the first one was that it made good commercial sense, the other one was that we could not see why you should have to sit longer in an airplane than you have to; and the third one was that we wanted to see a lot of our colleagues live in this beautiful part of the country. Funny thing has happened over these years. We used to fly eighty, ninety percent of the business that we got from Washington. We are now flying over sixty percent of it from Europe, which is a good sign - that is what you want, two-way trade. We promise that we are going to spend a lot of time and effort to bring more Europeans here; we are going to make sure that they spend a lot of money, and we are going to make doubly sure that they get out of here fast. And that is the kind of trade you would like, I hope.

"I want to thank you very much for this warm and very cordial welcome. I am awed by this chamber where you are working hard to keep the state moving forward and at the same time, as beautiful as it is. I wish you much luck in your hard work here. Thank you."

REMARKS BY PRESIDENT PRO TEMPORE HENRY

President Pro Tempore Henry: "Thank you, Mr. Heistein. I found out on my visit to your beautiful little town of Kristiansand why you do, you said 'little drinking'. I tried that akvait, it almost knocked my head off; and if we could incorporate that with gasoline we would have this situation whipped, we would not need it ten-ninety percent. I want to tell you also that I think you have the right person for the job in the northwest. I do not know of anybody in the whole country that has met him that doesn't like Leif Eie. And we appreciate your visit here and I have made several trips on your planes and I feel very safe riding them. They seem to be very well taken care of and you have a very fine airline. Would anybody like to ask Mr. Heistein any questions? I think all the members whose names ended with 'on' that I could find, found out some of them were sort of parading under false colors, you know like an Irishman with an 'on' on the end of his name or something like that. Nobody has any questions? Fine. Or Senator Rasmussen. . ."

REMARKS BY SENATOR RASMUSSEN

Senator Rasmussen: "Mr. President, there are no questions. The service is just tremendous on SAS and I have no objection taking my wife on a plane like that with me because I know we are going to get back together—not that we have ever been apart, but I would just like to compliment them on their very fine service and their very fine man that they have here in Seattle. We call him 'High Life' but his name is Leif Eie, who does an excellent job for SAS also. Thank you."

REMARKS BY PRESIDENT PRO TEMPORE HENRY

President Pro Tempore Henry: "I thought maybe, Senator, that when you said they were going to get you back together, that they had gone into counseling business along with the airline business. Evidently not. Would the committee please escort our warm and welcome guests to the Lieutenant Governor's chambers?"

MOTION

The motion by Senator Shinpoch carried.

The Senate refused to concur in the House amendments to Senate Bill No. 3244 and asks the House to recede therefrom.

MOTION

On motion of Senator Marsh, the Senate commenced consideration of the House Message on Engrossed Senate Bill No. 3190.

MESSAGE FROM THE HOUSE

February 19, 1980.

Mr. President: The House has passed ENGROSSED SENATE BILL NO. 3190 with the following amendment:

On line 23, following "transportation" insert ": PROVIDED FURTHER, That wherever private transportation certified or licensed by the utilities and transportation commission or public transportation is reasonably available as determined by rule and regulation of the state board of education, this section shall not apply", and the same is herewith transmitted.

VITO T. CHIECHI, Chief Clerk.

MOTION

On motion of Senator McDermott, the Senate concurred in the House amendment to Engrossed Senate Bill No. 3190.

POINT OF INQUIRY

Senator Rasmussen: "Senator McDermott, this bus transportation of students, of course, is very costly and it is one that the schools have been saying that they are not receiving the ninety percent payment from the state on. In your opinion, would adding this transportation cost increase the deficit we have in our present transportation financing for schools? Let me ask a further question so you can answer it all at once. This is intended to provide that the boosters of the school team go along with them on trips. Would this only be on the bus that the team is transported on or would they run three or four additional buses for the boosters?"

Senator McDermott: "Senator Rasmussen, this bill was written so that it would not incur an additional cost to the state. These buses, owned by school districts, and they want to use them to take boosters along in addition to the actual team bus, will have to be subscribed fully and paid for. They cannot run at a deficit and run it out of the operational budget of the district. So they already own the bus—it will be the operation cost that will have to be borne by those people who use it. And they will, say if you want to go from Chehalis to a game in Walla Walla, it is going to cost you five dollars or six dollars a person. That will have to cover the cost."

Senator Rasmussen: "And that will also include capital outlay? I assume that this will be set by the superintendent of public instruction to include all costs, is that correct?"

Senator McDermott: "Yes."

Senator Rasmussen: "Thank you."

ROLL CALL

The Secretary called the roll on the final passage of Engrossed Senate Bill No. 3190, as amended by the House, and the bill passed the Senate by the following vote: Yeas, 45; excused, 4.

Voting yea: Senators Bausch, Bluechel, Bottiger, Clarke, Conner, Day, Donohue, Fleming, Gallagher, Gaspard, Goltz, Gould, Haley, Hansen, Hayner, Henry, Hurley, Jones, Lee, Lewis, Lysen, Marsh, McDermott, Moore, Morrison, Peterson, Pullen, Quigg, Rasmussen, Ridder, Scott, Sellar, Shinpoch, Talley, Talmadge, Van Hollebeke, Vognild, von Reichbauer, Walgren, Wanamaker, Williams, Wilson, Wojahn, Woody—45.

Excused: Senators Benitz, Guess, Matson, Odegaard—4.

ENGROSSED SENATE BILL NO. 3190, as amended by the House, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

In lieu ((thereof)) of any signatures required in this section, the bonds and coupons may bear the printed or engraved facsimile signatures of said officials.

Such bonds shall refer to the improvement for which they are issued and to the resolution creating the road improvement district therefor.

Sec. 6. Section 36.88.330, chapter 4, Laws of 1963 and RCW 36.88.330 are each amended to read as follows:

The board may provide by resolution for the issuance of warrants in payment of the costs and expenses of any project, payable out of the county road improvement fund. The warrants (~~shall bear interest at the rate of not to exceed six percent per annum and~~) shall be redeemed either in cash or by bonds for the same project authorized by the resolution.

All warrants issued against any such improvement fund shall be claims and liens against said fund prior and superior to any right, lien or claim of any surety upon the bond given to the county by or for the contract to secure the performance of his contract or to secure the payment of persons who have performed work thereon, furnished materials therefor, or furnished provisions and supplies for the carrying on of the work.

The county treasurer may accept warrants against any county road improvement fund upon such conditions as the board may prescribe in payment of: (1) Assessments levied to supply that fund in due order of priority; (2) judgments rendered against property owners who have become delinquent in the payment of assessments to that fund; and (3) certificates of purchase in cases where property of delinquents has been sold under execution or at tax sale for failure to pay assessments levied to supply that fund.

MOTION

On motion of Senator Day, the Senate concurred in the House amendments to Senate Bill No. 3415.

ROLL CALL

The Secretary called the roll on the final passage of Senate Bill No. 3415, as amended by the House, and the bill passed the Senate by the following vote: Yeas, 45; excused, 4.

Voting yea: Senators Bausch, Bluechel, Bottiger, Clarke, Conner, Day, Donohue, Fleming, Gallagher, Gaspard, Goltz, Gould, Haley, Hansen, Hayner, Henry, Hurley, Jones, Lee, Lewis, Lysen, Marsh, McDermott, Moore, Morrison, Peterson, Pullen, Quigg, Rasmussen, Ridder, Scott, Sellar, Shinpoche, Talley, Talmadge, Van Hollebeke, Vognild, von Reichbauer, Walgren, Wanamaker, Williams, Wilson, Wojahn, Woody—45.

Excused: Senators Benitz, Guess, Matson, Odegaard—4.

SENATE BILL NO. 3415, as amended by the House, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

MOTION

On motion of Senator Marsh, the Senate advanced to the sixth order of business.

SECOND READING

SENATE BILL NO. 2977, by Senator Bottiger:
Relating to energy conservation.

MOTIONS

On motion of Senator Bottiger, Substitute Senate Bill No. 2977 was substituted for Senate Bill No. 2977 and the substitute bill was placed on second reading and read the second time in full.

On motion of Senator Bottiger, the following amendment by Senators Bottiger and Gould was adopted:

On page 2, line 31, delete all the material after "economic life," down to and including "standards" on line 36 and insert "where the costs of electricity and petroleum fuels, natural gas, or other fossil energy forms are the applicable retail costs of those energy forms as forecast by the office for the time period of operation of the facility"

On motion of Senator Bottiger, the rules were suspended, Engrossed Substitute Senate Bill No. 2977 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

POINT OF INQUIRY

Senator Rasmussen: "Senator Bottiger, we are, of course, full of good intentions. Are these various public buildings, schools, universities, city light and city halls and things like that, are they going to be required to hire consultants and put out reports on analysis of the three or four systems of coal, oil, or gas, or solar?"

Senator Bottiger: "Senator Rasmussen, they have been since 1975. We passed an act requiring them to do that in 1975."

Senator Rasmussen: "Have any idea any improvements that have been made by a result of these surveys?"

Senator Bottiger: "Yes, Senator, the Clallam County court house is now heated with solar energy. Different school buildings, Bush School in Seattle, like, I do not have a list with me but many of them have utilized the life-cycle cost analysis and made very wise decisions. There have been some very poor decisions made. The Thurston county library decided to use oil and we all know that is not a wise decision. The city of Tacoma decided to put in an electric boiler in the county-city building. I do not think that was a good decision."

Senator Rasmussen: "Well, I guess my question is, are we going to save money or waste money by hiring all of these consultants and piling these reports up when poor decisions are made as you have just indicated?"

Senator Bottiger: "Senator, this bill requires they use the least expensive life-cycle cost analysis and requires that they look at a renewable, that is the change made from the '75 act. It should mean that we save money."

ROLL CALL

The Secretary called the roll on the final passage of Engrossed Substitute Senate Bill No. 2977 and the bill passed the Senate by the following vote: Yeas, 45; excused, 4.

Voting yea: Senators Bausch, Bluechel, Bottiger, Clarke, Conner, Day, Donohue, Fleming, Gallagher, Gaspard, Goltz, Gould, Haley, Hansen, Hayner, Henry, Hurley, Jones, Lee, Lewis, Lysen, Marsh, McDermott, Moore, Morrison, Peterson, Pullen, Quigg, Rasmussen, Ridder, Scott, Sellar, Shinpoch, Talley, Talmadge, Van Hollebeke, Vognild, von Reichbauer, Walgren, Wanamaker, Williams, Wilson, Wojahn, Woody—45.

Signed by: Senators Bottiger, Chairman; Gould, Hurley, Wilson, Woody.

The bill was read the second time by sections.

On motion of Senator Bottiger, the committee amendments were adopted.

On motion of Senator Bottiger, the rules were suspended, Engrossed House Bill No. 1453, as amended by the Senate, was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

ROLL CALL

Voting yea: Senators Bausch, Bluechel, Bottiger, Clarke, Conner, Day, Donohue, Fleming, Gallagher, Gaspard, Goltz, Gould, Haley, Hansen, Hayner, Henry, Hurley, Jones, Lee, Lewis, Lysen, Marsh, McDermott, Moore, Morrison, Peterson, Pullen, Quigg, Rasmussen, Ridder, Scott, Sellar, Shinpoch, Talley, Talmadge, Van Hollebeke, Vognild, von Reichbauer, Walgren, Wanamaker, Williams, Wilson, Wojahn, Woody—45.

SECOND READING

ENGROSSED HOUSE BILL NO. 1568, by Representatives McCormick, Bond, Scott, Grimm, Oliver, Monohon, Kreidler, Sanders, Maxie, McGinnis, Burns, Taylor, Gallagher, Smith (C.), Mitchell, Granlund, Pruitt, Rinehart, Lux, Stratton, Valle, Bauer and Erak:

Requiring the use of gasohol in state vehicles.

REPORT OF STANDING COMMITTEE

February 14, 1980.

ENGROSSED HOUSE BILL NO. 1568, requiring the use of gasohol in state vehicles (reported by Committee on Energy and Utilities):

MAJORITY recommendation: Do pass with the following amendment:

On page 1, line 25, strike the word "other".

Signed by: Senators Bottiger, Chairman; Benitz, Gould, Hayner, Hurley, Williams, Wilson.

The bill was read the second time by sections.

On motion of Senator Bottiger, the committee amendment was adopted.

On motion of Senator Gould, the following amendment by Senators Gould and Bottiger was adopted:

On page 1, line 26, before "motor vehicles" strike "passenger".

On motion of Senator Bottiger, the rules were suspended, Engrossed House Bill No. 1568, as amended by the Senate, was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

POINT OF INQUIRY

Senator Goltz: "Senator Bottiger, there does not seem to be any criteria established in this bill as to what would determine when this should be used in terms of cost effectiveness. Does this imply that, at whatever price, gasohol should be used even if it is substantially higher than gasoline without alcohol?"

Senator Bottiger: "That would have to be a decision made by the state. If it was substantially higher, no; but if it is, you might say, competitive, then cost effective then they are to use it. There is one question as to whether gasohol in fact, gets better mileage. There are people that advocate it does, so if it is a penny a gallon more, it still may be cost effective. That is why we did not say the lowest cost."

ROLL CALL

The Secretary called the roll on the final passage of Engrossed House Bill No. 1568, as amended by the Senate, and the bill passed the Senate by the following vote: Yeas, 45; excused, 4.

Voting yea: Senators Bausch, Bluechel, Bottiger, Clarke, Conner, Day, Donohue, Fleming, Gallagher, Gaspard, Goltz, Gould, Haley, Hansen, Hayner, Henry, Hurley, Jones, Lee, Lewis, Lysen, Marsh, McDermott, Moore, Morrison, Peterson, Pullen, Quigg, Rasmussen, Ridder, Scott, Sellar, Shinpoch, Talley, Talmadge, Van Hollebeke, Vognild, von Reichbauer, Walgren, Wanamaker, Williams, Wilson, Wojahn, Woody—45.

Excused: Senators Benitz, Guess, Matson, Odegaard—4.

ENGROSSED HOUSE BILL NO. 1568, as amended by the Senate, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

SECOND READING

ENGROSSED SUBSTITUTE SENATE BILL NO. 2494 by Committee on Energy and Utilities (originally sponsored by Senator Bottiger):

Granting the power of eminent domain to certain energy facilities.

MOTIONS

On motion of Senator Bottiger, Second Substitute Senate Bill No. 2494 was substituted for Engrossed Substitute Senate Bill No. 2494 and the second substitute bill was placed on second reading and read the second time in full.

Senator Talmadge moved adoption of the following amendment:

On page 1, line 26, after "companies." insert "Any corporation which acquires any property or interest under the provisions of this section shall be strictly liable for damages sustained to adjacent property during construction or operation of pipelines and appurtenances for the conveyance and transportation as common carriers of oils, gas, gasoline, and other petroleum products."

Debate ensued.

POINT OF INQUIRY

Senator Talley: "Senator Talmadge, in my district when they brought the gas line through years ago, they did some dynamiting and they destroyed five wells. We were a long time getting them to admit it and to repair these wells. Would this cover this situation?"

Senator Talmadge: "Yes, it would, Senator."

Further debate ensued.

POINT OF INQUIRY

Senator Rasmussen: "Senator Clarke, I am having difficulty seeing any need for the amendment to the common carrier law. In looking at the bill 'proposed (sic) the construction, maintenance, and operation of pipelines and appurtenances for the conveyance and transportation as common carriers of oils, gas, gasoline, and other petroleum products'; why would it be necessary to grant additional powers? The only thing I can see in this is having for one of their principal purposes, and this would allow some company to come in and condemn, use the power of eminent domain, on lands that were not primarily used for the transmission of petroleum products. Is that the real reason why we need this amendment to the common carrier law?"

Senator Clarke: "Senator, I believe Senator Bottiger could answer this more accurately than I can but it is my understanding that the pipeline is not subject to supervision or regulation by the public utilities commission, and that the power of eminent domain which other public utilities have, comes to them because of the fact that the statute granting it relates to all utilities that are under the supervision and jurisdiction of the public utility commission. And since the pipeline is not, the specific need for this enactment is to give them the same rights that other utilities which are under the jurisdiction of the public utility commission have. Now, that is my impression but I am not an expert in the field and perhaps Senator Bottiger could confirm."

Senator Rasmussen: "Thank you, Senator Clarke."

Senator Pullen moved adoption of the following amendment to the amendment by Senator Talmadge:

In the amendment by Senator Talmadge, before "liable" strike "strictly".

Debate ensued.

The motion by Senator Pullen failed and the amendment to the amendment was not adopted.

The motion by Senator Talmadge carried and the amendment was adopted on a rising vote.

Senator McDermott moved adoption of the following amendment by Senators McDermott and Conner:

On page 2, line 18 after ".", insert "Upon restoration of the city, town or county road or street, any corporation constructing such a facility shall be liable for a period of five years for maintaining such road or street with respect to any damages reasonably attributable to the common carrier pipeline right-of-way. For purposes of insuring such restoration and maintenance, each city, town or county may require a bond of an amount equal to anticipated costs."

On motion of Senator Bottiger, the following amendment to the amendment by Senators McDermott and Conner was adopted:

On the last line of the amendment, after "costs" insert "": PROVIDED, That if the parties cannot agree to the amount of the bond the matter shall be submitted to the superior court of the county"

President Pro Tempore Henry declared the question before the Senate is adoption of an amendment by Senators McDermott and Conner as amended by Senator Bottiger.

POINT OF INQUIRY

Senator Van Hollebeke: "Senator McDermott, I am left wondering what the real effect of this amendment would be. It would require a bond in an amount equal to anticipated costs, not only as to whom would be, who would decide what anticipated costs are or what the magnitude could be. If you are going through a bunch of highways and other roads a right-of-way could, you know, conceivably cause a lot of damage. How would that be determined? What would the anticipated cost be?"

Senator McDermott: "I think the amendment which you just adopted to the amendment by Senator Bottiger, gives you the final authority and would begin by a negotiation between the Northern Tier company and a particular county, let us say King county. They were going to go under a road in King county, they would have to negotiate what they thought the anticipated cost would be. If they could not come to some kind of decision, they would then go to superior court and a judge would make a decision as to what was a reasonable amount to require a bond for over the next five years."

Senator Van Hollebeke: "Well, all right; that helps some. But this is one of the things that concerns me is, are we going to . . . I think that this is not definitive enough and that is what I am really asking. Maybe Senator Bottiger has another idea, but, how that would be determined, you are just setting up an arbitration system but it is not very definitive in the statute itself if this were to pass."

REMARKS BY SENATOR BOTTIGER

Senator Bottiger: "Mr. President, I am supporting this amendment because I think I have had my front end knocked out of align enough times where the road has sunk as a result of somebody digging it up to put a pipe under it and then it not being patched right; and I do not see anything wrong with somebody that busts the road apart ought to be responsible to see that that patchwork stays there for a while."

The motion by Senator McDermott carried and the amendment by Senators McDermott and Conner as amended by Senator Bottiger was adopted.

Senator McDermott moved adoption of the following amendment:

On page 2, line 18, after "feasible" insert "": PROVIDED, That the power of eminent domain granted in this section shall not preclude the ability of a county to require a franchise fee for the use of county right-of-way as authorized in RCW 36.55.010"

Debate ensued.

POINT OF INQUIRY

Senator Bottiger: "Senator McDermott, would the county be required in their setting of the amount of the franchise fee, would they be required to use the same schedule that they use for natural gas or anybody else that wants to go underground?"

Senator McDermott: "It would certainly be the intention of my amendment. I do not think we are trying to hold them up but we really want to use the same fee schedule we use for everybody else."

The motion by Senator McDermott carried and the amendment was adopted.

Senator McDermott moved adoption of the following amendment:

On page 2, line 4, strike section (2).

Debate ensued.

POINT OF INQUIRY

Senator Conner: "Mr. President and ladies and gentlemen of the Senate. I think that this particular amendment that we are talking about, if it stays in, is going to take away local condition as far as what we are talking about relative to this particular program and I would like to ask Senator Bottiger a question; and that is, if the assurance that the application is going to be made by the site committee relative to this agreement, does this contain all the necessary and available conditions to mitigate any economic or any environmental impacts that might prevail as far as our respective areas are concerned?"

Senator Bottiger: "This bill does not contain that, but within the site certification statute itself, is the opportunity for the local community to come forth and ask for mitigation. Unfortunately that has not yet occurred in Clallam county and Port Angeles and I think somebody up there ought to take some judgment and start going in and getting, for the local community, what they should get just as Skagit or Hanford does when somebody is going to build a plant over there, and which Grays Harbor did on the nuclear power plants; but there is a vehicle within the site evaluation council to get that mitigation. This bill has nothing to do with that."

Debate ensued.

POINT OF INQUIRY

Senator Wilson: "Senator Bottiger, does the right of eminent domain as contained in this act refer to the taking of property or to the taking of right-of-way or easement?"

Senator Bottiger: "Well, it is a right-of-way for a pipeline which is an easement and to the best of my knowledge has always been used that way by the gas company, so I would know of no reason, and it is not our intent that they have any more than the same kind of easement a gas company has."

Further debate ensued.

REMARKS BY SENATOR McDERMOTT

Senator McDermott: "Mr. President, I would like to answer a couple of things that have been said here. This bill is not limited to Northern Tier. It says 'all corporations having for one of its principle purposes the construction, maintenance and operation'—that leaves it wide open. This is not written 'Northern Tier pipeline company'. This is for everybody who does this. In answer to Senator Wilson's question, it does not talk about easements, it talks about rights-of-way. The question is, do they then own the land that they have condemned under eminent domain. There is a real question here about whether segments of public land will now be under the control of a private corporation. I think if you read this section, it is far-reaching, it

is wide in its application. I think it is way too broad for us to be giving to one private company."

Senators Talley, Peterson and Hansen demanded the previous question. The demand was not sustained on a rising vote.

POINT OF INQUIRY

Senator Rasmussen: "Senator Bottiger, in the event that this portion is struck from the bill as Senator McDermott's amendment would do, how would the pipeline company proceed? They would have to purchase or negotiate with local . . ."

Senator Bottiger: "Senator Rasmussen, they obviously would do that first anyhow. The problem has been that Clallam county and the city of Port Angeles have announced that they will not grant a right-of-way under one of their streets. And I understand the political climate in Port Angeles and Clallam county. So they have already said 'don't come and talk to us—we will not negotiate'."

Senator Rasmussen: "Thank you, Senator Bottiger."

Further debate ensued.

The motion by Senator McDermott failed and the amendment was not adopted.

MOTION

At 12:20 p.m., on motion of Senator Marsh, the Senate recessed until 1:30 p.m.

AFTERNOON SESSION

President Pro Tempore Henry called the Senate to order at 1:30 p.m.

The Senate resumed consideration of Second Substitute Senate Bill No. 2494 as amended earlier today.

Senator McDermott moved adoption of the following amendment:

On page 2, line 19, insert: "NEW SECTION. Sec. 2

The 1980 amendments contained in section 1 of this act shall expire and become null and void at midnight December 31, 1981."

Debate ensued.

The motion by Senator McDermott failed and the amendment was not adopted.

On motion of Senator McDermott, the rules were suspended, Engrossed Second Substitute Senate Bill No. 2494 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

Debate ensued.

ROLL CALL

The Secretary called the roll on the final passage of Engrossed Second Substitute Senate Bill No. 2494 and the bill passed the Senate by the following vote: Yeas, 32; nays, 14; excused, 3.

Voting yea: Senators Bausch, Bottiger, Clarke, Day, Donohue, Gallagher, Gaspard, Goltz, Gould, Guess, Haley, Hansen, Hayner, Henry, Jones, Lee, Lewis, Marsh, Morrison, Peterson, Pullen, Quigg, Scott, Sellar, Talley, Van Hollebeke, Vognild, von Reichbauer, Walgren, Wilson, Wojahn, Woody—32.

MOTIONS

On motion of Senator Wilson, Senator Walgren was excused.

On motion of Senator Bottiger, Substitute Senate Bill No. 3420 was substituted for Senate Bill No. 3420 and the substitute bill was placed on second reading and read the second time in full.

On motion of Senator Bottiger, the rules were suspended, Substitute Senate Bill No. 3420 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

POINT OF INQUIRY

Senator Rasmussen: "Senator Bottiger, did your committee investigate any of the studies that have already been done and are piled up in some dusty closet, or do you have any knowledge that there are studies . . .?"

Senator Bottiger: "Yes, Senator Rasmussen, that was one of the conclusions we reached that the thing has been studied to death and now it is time to start using those studies and go site specific. This money is not for any study. It is to where to put it and to be site-selective in the application of the process."

Senator Rasmussen: "Then you are going to burn all these studies in this present site where they are proposing on the capitol campus . . . I have them stacked up in my office, you know, about ten feet high and that is only a few of them, I have the rest in my basement."

Senator Bottiger: "One of the things general administration has done is to put in recycling process for all the paper that comes out of here; but we had one witness that said that the hot air around here alone ought to take care of the problem."

Senator Rasmussen: "Well, thank you, Senator Bottiger."

Debate ensued.

POINT OF INQUIRY

Senator Hurley: "Senator Bottiger, is not this the same bill we considered in committee that proposed garbage to heat here on the capitol campus and also garbage to heat at the penitentiary?"

Senator Bottiger: "That is right."

Senator Hurley: "Well, I guess this is one of the things, if I may continue, that really excited me to support, that is, in energy committee. I think that it is one of those things that we all can be excited about, something like science fiction, only it is not really fiction at all when you can take garbage that has been used as a landfill or garbage that has attracted rats and all kinds of bad things in the community, and use it for heat purposes; and they do say, the preliminary reports are that the garbage of Thurston county could be used to heat the whole capitol campus; and the garbage from Walla Walla could be used to heat the whole penitentiary at Walla Walla. I think that we should not pooh-pooh these things. I think that it is interesting and it is terribly necessary that we go ahead and study this for just such types of projects."

Further debate ensued.
