Every driver's license shall expire on the (~~second~~) fourth anniversary of the licensee's birthdate following the issuance of such license. Every such license shall be renewable on or before its expiration upon application prescribed by the department and the payment of a fee of (~~six~~) eight dollars."

Re-number section remaining consecutively.

POINT OF ORDER

Senator Clarke: "Point of order, I raise the question of scope and object on the amendment. The things that Senator Rasmussen say may very well have merit, but I think plainly that it is beyond the scope and object of the bill and I think we should restrict, at this late date, consideration to the things that were intended when the bill was put in."

RULING BY PRESIDENT PRO TEMPORE HENRY

President Henry: "Rather reluctantly to make that ruling after I made my little pitch for the deal; I do not think there is any doubt in anybody's mind on the floor of this house that a bill is designed to set up seven additional drivers' licenses stations around the state of Washington. This amendment of Senator Rasmussen's certainly enlarges the scope and object and your point is well taken."

The amendment was ruled out of order.

Debate ensued.

On motion of Senator Henry, the rules were suspended, Substitute House Bill No. 1778, as amended by the Senate, was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

ROLL CALL

The Secretary called the roll on the final passage of Substitute House Bill No. 1778, as amended by the Senate, and the bill passed the Senate by the following vote: Yeas, 45; excused, 4.

Voting yea: Senators Bausch, Bluechel, Bottiger, Clarke, Conner, Day, Donohue, Fleming, Gallagher, Gaspard, Goltz, Gould, Guess, Haley, Hansen, Hayner, Henry, Hurley, Jones, Lee, Lewis, Lysen, Marsh, McDermott, Moore, Morrison, Peterson, Pullen, Quigg, Rasmussen, Ridder, Scott, Sellar, Shinpoch, Talley, Talmadge, Van Hollebeke, Vognild, von Reichbauer, Wanamaker, Williams, Wilson, Wojahn, Woody—45.

Excused: Senators Benitz, Matson, Odegaard, Walgren—4.

On motion of Senator Marsh, the Senate advanced to the eighth order of business.

On motion of Senator Marsh, the Senate commenced consideration of Senate Resolution 1980-189.

MOTION

On motion of Senator Morrison, the following resolution was adopted:

SENATE RESOLUTION 1980-189

By Senators Morrison, Walgren, Bluechel; Lieutenant Governor John A. Cherberg; Senators Bausch, Benitz, Bottiger, Bradburn, Clarke, Conner, Day, Donohue, Fleming, Gallagher, Gaspard, Goltz, Gould, Guess, Haley, Hansen, Hayner, Henry, Hurley, Jones, Lee, Lewis, Lysen, Marsh, Matson, McDermott, Moore, Odegaard, Peterson, Pullen, Quigg, Rasmussen, Ridder, Scott, Sellar, Shinpoch, Talley, Talmadge, Van Hollebeke, Vognild, von Reichbauer, Wanamaker, Williams, Wilson, Wojahn, Woody, Sid Snyder, Secretary of the Senate; Bill Gleason, Assistant Secretary of the Senate and Charlie Johnson, Sergeant at Arms:

WHEREAS, Two Washingtonians, Phil and Steve Mahre of White Pass and Yakima, have represented this state and nation all over the world in Alpine Skiing competition; and

WHEREAS, The United States Alpine team had not won any medals at the Thirteenth Winter Olympic Games until February 22, 1980; and

WHEREAS, On that day, Phil Mahre won a Silver Medal in the slalom event, missing the Gold Medal by one-half second; and

WHEREAS, Phil Mahre's performance equals the best performance by any American now in Winter Olympic Alpine Skiing history; and

WHEREAS, Phil Mahre's combined performance in the slalom, giant slalom, and downhill events won him the World Championship combined Gold Medal as presented by the International Ski Federation; and

WHEREAS, Phil Mahre's medals are particularly inspiration in that he fought back from a severe injury which seriously challenged whether he might ever walk again, much less ski;

NOW, THEREFORE, BE IT RESOLVED, That the Senate officially congratulates Steve and Phil Mahre on their courage, desires, and many accomplishments, especially in the Winter Olympics; and

BE IT FURTHER RESOLVED, That this resolution be transmitted to Steve and Phil Mahre and their proud family, and posted conspicuously at the White Pass Ski Lodge.

REMARKS BY SENATOR MORRISON

Senator Morrison: "Mr. President, ladies and gentlemen of the Senate. I hope you have had the opportunity to read this particular resolution. It is one that we can pass here with a great deal of pride. The heroes in this year's winter Olympics, I believe, came in different forms. Eric Heiden, who was supposed to win, did, and won more gold medals than any person in the history of those winter Olympics. The hockey team that was not supposed to win anything, did the whole routine, and a bunch of collegians, in effect, from the United States with their spirits high, defeated the Russian army. Perhaps for us here, the most important moment is in fact that Phil Mahre who perhaps should not even been on skis at all, recovered from an accident a year ago, and if you have seen his foot, it is filled with steel holding it together; and with a tremendous amount of courage and the ability that both of the Mahre boys have, brought home a silver medal, missing the gold medal in the slalom race by only half of a second. Some of you perhaps did not notice, but Phil also won, it is not now recognized as an Olympic event, but the combined gold medal which is recognized by the International Federation of Skiing, the combination of the downhill, the slalom, and the giant slalom. I think we can all be very proud as Washingtonians to have these young men representing this state on that winter Olympic team that I think did so well and brought a resurgence of spirit and a feeling to the American public. I know I certainly could sense that it was delightful to me to see those crowds in the streets at Lake Placid waving the American flag with the pride that we haven't seen from young people in this nation for all too many years.

"I hope you will join with me in voting for this resolution that will be sent to the Mahre family. I have suggested it be posted at the White Pass ski lodge because that facility is run by the Mahre family so they can look at it in pride and recognize that this Senate, too, appreciated the magnificent work of our Olympic team, especially the boys from White Pass, Phil and Steve Mahre."

REMARKS BY SENATOR HENRY

Senator Henry: "I am sure some of you will remember about three sessions back when, before the boys really got into the heavy competition, that we presented the twins right here from the rostrum of the Senate. Very nice, clean-cut American boys."

REMARKS BY SENATOR VON REICHBAUER

Senator von Reichbauer: I join with the other members who have saluted Phil Mahre's success at Lake Placid. The selection of the Mahre brothers to represent the United States was honor enough for any American, and Phil Mahre's silver victory added a special shine to that honor he brought to our region and our country. I would point out to the Senate that while the individual is important, so is the equipment he uses, and for those who failed to note it when Phil Mahre won his silver

medal, he did so on K-2 skis. It was satisfying to see a Northwest person win on one of the finest products of the Northwest.

MOTIONS

"OUR FATHER, AS OUR NATION'S FIRST PRIMARY ELECTION RESULTS ARE REPORTED AND INTERPRETED, DISSECTED AND WEIGHED TODAY, WE THANK YOU, ON THE ONE HAND, FOR POPULAR DEMOCRACY EXHIBITED AND EXPRESSED AT THE POLLS. YOU HAVE GIVEN US A NATION BASED ON THE FREE CHOICE OF PUBLIC SENTIMENT, AND WE ARE GRATEFUL FOR OUR FREEDOM.

"YET ON THE OTHER HAND, FATHER, WE ASK YOU TO HELP US ALL NOT TO OVER-REACT TO POPULAR OPINION. SOMETIMES WE RECEIVE TOO MUCH OF IT. OUR ADVISORS KNOW HOW MUCH WE LACK INFORMATION, AND THEY POUR IT IN. OUR FRIENDS KNOW HOW MUCH WE CRAVE APPROVAL, AND THEY SPREAD IT ON. OUR ENEMIES KNOW HOW MUCH WE NEED CRITICISM, AND THEY HEAP IT UP.

"HOWEVER, FOR TODAY, OUR FATHER, WE SEEK YOUR GIFT OF THE CLEAR INSIGHT WE NEED FOR MAKING CRITICAL JUDGMENTS. HELP THESE SENATORS TODAY TO BE ABLE TO SIFT DATA, TO EVALUATE EVIDENCE, AND TO MAKE DECISIONS ON THOSE ISSUES WHICH AWAIT THEIR JUDGMENT. GIVE TO EACH OF THEM THE ABILITY TO SAY NO WITHOUT HOSTILITY, AND TO SAY YES WITHOUT ARROGANCE, THAT THE WORK OF THIS SENATE TODAY MAY BE ORDERLY, IMPARTIAL, AND INSPIRED, FOR THE SAKE OF ALL OUR PEOPLE. WE PRAY THIS IN THE MASTER'S NAME. SO BE IT."

On page 1, after line 9, insert the following:

"Sec. 2. Section 2, chapter 136, Laws of 1977 ex. sess. as amended by section 1, chapter 125, Laws of 1979 and RCW 41.05.025 are each amended to read as follows:

(1) There is hereby created a state employees' insurance board to be composed of the members of the present board holding office on the day prior to July 1, 1977, which such members shall serve until the expiration of the period of time of the term for which they were appointed and until their successors are appointed and qualified. Thereafter the board shall be composed as follows: The governor or the governor's designee; one administrative officer representing all of higher education to be appointed by the governor; two higher education faculty members to be appointed by the governor; the director of the department of personnel who shall act as trustee; one representative of an employee association certified as an exclusive representative of at least one bargaining unit of classified employees and one representative of an employee union certified as exclusive representative of at least one bargaining unit of classified employees, both to be appointed by the governor; one person who is retired and is covered by a program under the jurisdiction of the board, to be appointed by the governor; one member of the senate who shall be appointed by the president of the senate; and one member of the house of representatives who shall be appointed by the speaker of the house. The terms of office of the administrative officer representing higher education, the two higher education faculty members, the representative of an employee association, the retired person, and the representative of an employee union shall be for four years: PROVIDED, That the first term of one faculty member and one employee association or union representative member shall be for three years. Meetings of the board shall be at the call of the director of personnel. The board shall prescribe rules for the conduct of its business and shall elect a chairman and vice chairman annually. Members of the board shall receive no compensation for their services, but shall be paid for their travel expenses while on official business in accordance with RCW 43.03.050 and 43.03.060 as now existing or hereafter amended, and legislative members shall receive allowances provided for in RCW 44.04.120.

(2) The board shall study all matters connected with the providing of adequate health care coverage, life insurance, liability insurance, accidental death and dismemberment insurance, and disability income insurance or any one of, or a combination of, the enumerated types of insurance and health care plans for employees and their dependents on the best basis possible with relation both to the welfare of the employees and to the state: PROVIDED, That liability insurance shall not be made available to dependents. The board shall design benefits, devise specifications, analyze carrier responses to advertisements for bids, determine the terms and conditions of employee participation and coverage, and decide on the award of contracts which shall be signed by the trustee on behalf of the board: PROVIDED, That

nothing in the foregoing provisions of this subsection shall be applied to employees employed under chapter 47.64 RCW: PROVIDED FURTHER, That all contracts for insurance, health care plans, including panel medicine plans, or protection applying to employees covered by RCW 28B.10.660 and chapters 41.04 and 41.05 RCW shall provide that the beneficiaries of such insurance, health care plans, or protection may utilize on an equal participation basis the services of practitioners licensed pursuant to chapters 18.22, 18.25, 18.32, 18.53, 18.57, 18.71, 18.74, 18.83, and 18.88 RCW: PROVIDED FURTHER, That the boards of trustees and boards of regents of the several institutions of higher education shall retain sole authority to provide liability insurance as provided in RCW 28B.10.660. The board shall from time to time review and amend such plans. Contracts for all plans shall be rebid and awarded at least every five years.

(3) The board shall develop and provide as a part of the employee insurance benefit program an employee health care benefit plan which may be provided through a contract or contracts with regularly constituted insurance carriers or health care service contractors as defined in chapter 48.44 RCW, and a plan to be provided by a panel medicine plan in its service area only when approved by the board. The board may but shall not be required to pay more for health benefits under a panel medicine plan than it would otherwise be required to pay for health benefits by a contract with a regularly constituted insurance carrier or health care service contractor in effect at the time the panel medicine plan is included in the employee health care benefit plan. Except for panel medicine plans, no more than one insurance carrier or health care service contractor shall be contracted with to provide the same plan of benefits: PROVIDED, That employees may choose participation in only one of the health care benefit plans sponsored by the board. Active employees, as defined in *RCW 41.05.020(2), eligible for medicare benefits shall have the option of continuing participation in health care programs on the same basis as all other employees or participation in medicare supplemental programs as may be developed by the board. These health care benefit plans shall provide coverage for all officials and employees and their dependents without premium or subscription cost to the individual employees and officials, unless the board approves a panel medicine plan at a subscription rate in excess of the premium of the regularly constituted insurance carrier or health care service contractor, in which circumstances an employee contribution may be authorized at an amount equal to such excess. Rates for self pay segments of state employee groups will be developed from the experience of the entire group. Such self pay rates will be established based on a separate rate for the employee, the spouse, and children."

Renumber the remaining section consecutively.

POINT OF ORDER

Senator Hayner: "Mr. President, I would challenge the scope and object of this amendment. It is very clear that the bill before us is an appropriation bill, strictly. That is, 1620. The amendment deals with the state employees insurance board and provides that 'marine employees shall be exempt therefrom'. I do not see that there is any relationship between those two; this is far afield of the basic concept of 1620 and I would challenge its scope and object."

RULING BY PRESIDENT PRO TEMPORE

President Pro Tempore Henry: "The Senate, in ruling on the Point of Order by Senator Hayner for the exact reasons she mentioned does rule it is beyond the scope and object of the bill."

The amendment was ruled out of order.

PERSONAL PRIVILEGE

Senator Vognild: "Thank you. I hope that this body will address, sometime in this session, this problem—I do not believe it is proper that an agency of government outside of this body should put us all in a position that we very likely will force a strike of employees in an effort to protect something that they have had for thirty years—and I think that is what is going to happen."

MOTIONS

On motion of Senator Jones, Senators Matson and Pullen were excused.

On motion of Senator Conner, the rules were suspended, House Bill No. 1620 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

POINT OF INQUIRY

Senator Lysen: "Senator Conner, I guess I am a little concerned. Why wasn't this fifteen million or twenty-nine million, or how does the figure 'nine million', how was that arrived at since we are arbitrarily throwing around these figures? Exactly how much fuel are we talking about? What is the increase in cost here that the fares don't cover? Would we go beyond the twenty-five percent statutory limit for subsidy? Just how was the nine million arrived at?"

Senator Conner: "The state director of the ferry system was before us as well as the director of highways and they said that the state ferry system operations and management for the remainder of this biennium, the deficit would be about fourteen million dollars which is an increase of about ten million over what we considered when we were in session a year ago; and so their discussion was before both the House committee as well as the Senate committee on transportation. The money is in the Puget Sound ferry operations account and it was felt that in order to not go to a substantial ferry rate increase, that this was the direction to go and the opinion was unanimous in both the committees in the House and the Senate in moving in this direction."

ROLL CALL

The Secretary called the roll on the final passage of House Bill No. 1620, and the bill passed the Senate by the following vote: Yeas, 45; nays, 1; excused, 3.

Voting yea: Senators Bausch, Benitz, Bluechel, Bottiger, Clarke, Conner, Day, Fleming, Gallagher, Gaspard, Goltz, Gould, Guess, Haley, Hansen, Hayner, Henry, Hurley, Jones, Lee, Lewis, Marsh, McDermott, Moore, Morrison, Odegaard, Peterson, Quigg, Rasmussen, Ridder, Scott, Sellar, Shinpoch, Talley, Talmadge, Van Hollebeke, Vognild, von Reichbauer, Walgren, Wanamaker, Williams, Wilson, Wojahn, Woody—45.

Voting nay: Senator Lysen—1.

Excused: Senators Donohue, Matson, Pullen—3.

HOUSE BILL NO. 1620, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

SECOND READING

REENGROSSED HOUSE BILL NO. 542, by Representatives Bauer, Chandler, Erickson, Barnes, Blair, Thompson, Patterson, Galloway, Heck, Whiteside, McGinnis, Taylor and Hurley:

Abolishing existing educational television commission and creating another; setting out its powers and duties, and making appropriations thereto.

REPORT OF STANDING COMMITTEE

February 7, 1980.

REENGROSSED HOUSE BILL NO. 542, abolishing existing educational television commission and creating another; setting out its powers and duties, and making appropriations thereto (reported by Committee on Education):

MAJORITY recommendation: Do pass with the following amendment:

On page 3, line 2, after "senate" and before the period insert ", one of which shall be from the commercial broadcasting sector"

Signed by: Senators McDermott, Chairman; Gaspard, Vice Chairman; Gould, Morrison, Ridder, Talmadge.

The bill was read the second time by sections.

On motion of Senator McDermott, the committee amendment was not adopted.

Senator Morrison moved adoption of the following amendment:

On page 2, line 19, after the word "public", strike the period at the end of the line and insert:

" , provided the Washington state public broadcasting commission shall make no appropriation, disbursement, or grant for acquisition or production of programs defined by the Federal Communications Commission as 'Entertainment (E)' Type programs."

Debate ensued.

POINT OF INQUIRY

Senator Quigg: "Senator Morrison, do you think if your amendment is adopted that it might jeopardize the regular coverage of the Washington State Legislature on public television?"

President Pro Tempore Henry: "That is not entertainment."

Senator Morrison: "Senator Quigg, I think that particularly with our current presiding officer that much of this is entertainment, and very good at that."

The motion by Senator Morrison failed and the amendment was not adopted on a rising vote.

On motion of Senator Gaspard, the following amendment was adopted:

On page 3, line 2, after "senate" insert ": PROVIDED, That one member of the commission shall be from the commercial broadcasting sector"

On motion of Senator McDermott, the rules were suspended, Reengrossed House Bill No. 542, as amended by the Senate, was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

POINT OF INQUIRY

Senator Guess: "Senator McDermott, I understand that this is only the foot-in-the-door process now that we are going into. Can you give us any indication as to the total amount of money that the planning that they are going to do, they are going to come back and ask us for?"

Senator McDermott: "Well, Senator Guess, prophecy is a very dangerous sport and this bill started out at six million dollars, justified by educational situations, loss of money due to basic ed funding. What we will ultimately do in the 1981 session I think remains to be seen. I do not know anybody that could give you a firm figure. You could give any figure from five hundred thousand to five hundred million and you would have no basis on which to prove it. So I think really, it is a matter that will have to be debated here in front of everybody and the decision made."

Senator Guess: "Senator McDermott, if the figures that I have are correct, that twenty-five percent of the funds that are now supporting public television come from the private sector, do you see this as a diminution of the funds that will be asked for from the private sources, and will the state replace those private funds?"

Senator McDermott: "No, I said before that the problem arose as a result of the funding of basic education. Districts paid a fee to educational TV stations and bought programming; and now they do not have that money to buy that kind of programming. So you have two different ways school districts are dealing with this. In some places, since you cannot stop people from turning on the television set even though they are not paying the fee, they are still turning on the television set and getting the programming. Other districts are not allowing their teachers to use educational television because they have been unable to pay the fee. And so we are having a loss of educational opportunities for kids and that is what brought this bill in, was a decision that we ought to make a decision at the state level what we are going to do, what we should put into educational TV—it is one of the many parts of education that has come under question with the full funding of basic education. Some things have been left out."

ROLL CALL

On page 8, line 24, after the period insert "Any person who has been issued a notice of infraction pursuant to RCW 46.63.030 (3) and who wilfully fails to respond as provided in this title shall be guilty of a misdemeanor regardless of the disposition of the notice of infraction."

NEW SECTION. Sec. 11. There is added to chapter 46.63 RCW a new section to read as follows:

(2) The foregoing stated presumption shall apply only when the procedure prescribed in RCW 46.63.030 (3) has been followed.

MOTION

On motion of Senator Wilson, Senators Donohue, Fleming, Jones and McDermott were excused.

POINT OF INQUIRY

Senator Van Hollebeke: "Senator Talmadge, the analysis in our second reading calendar indicates that, removes the trial de novo provisions in appeal to superior court. For what offenses?"

Senator Talmadge: "Senator, I think what the bill does is simply indicate that the appeal process for appeals to superior court is that which we have already adopted in House Bill 1422, assuming that is concurred with over in the House. The idea is to simply conform the appeal process for traffic infractions to that which we have adopted generally for appeals from courts of limited jurisdiction to superior courts. And that is the reason that 'trial de novo' thing is struck. If, in fact, trial de novo remains and we fail to pass 1422, then the usual way of appealing will be by trial de novo. If 1422 is passed then it will be an appeal on the record, that is what 1422 provided for. But this simply is open-ended to conform to whatever changes may, in fact, happen."

Senator Van Hollebeke: "1422 provides for an appeal on the record, an appeal on the record only for all traffic offenses?"

Senator Talmadge: "That is my understanding."

ROLL CALL

The Secretary called the roll on the final passage of Engrossed House Bill No. 1418, as amended by the Senate, and the bill passed the Senate by the following vote: Yeas, 42; excused, 7.

Voting yea: Senators Bausch, Benitz, Bluechel, Bottiger, Clarke, Conner, Day, Gallagher, Gaspard, Goltz, Gould, Guess, Haley, Hansen, Hayner, Henry, Hurley, Lee, Lewis, Lysen, Marsh, Moore, Morrison, Odegaard, Peterson, Pullen, Quigg, Rasmussen, Ridder, Scott, Shipoch, Talley, Talmadge, Van Hollebeke, Vognild, von Reichbauer, Walgren, Williams, Wilson, Wojahn, Woody—42.

Excused: Senators Donohue, Fleming, Jones, Matson, McDermott, Sellar, Wanamaker—7.

ENGROSSED HOUSE BILL NO. 1418, as amended by the Senate, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

"OUR FATHER, WE CONFESS THAT SO EASILY WE TEND TO SLOUGH OFF MATTERS OF THE MOMENT, SAYING WE ARE MORE INTERESTED IN THE LARGER PICTURE. WE SAY CASUALLY THAT THIS TIME DOESN'T COUNT, THIS CONVERSATION DOESN'T MATTER, THIS CONTACT IS NOT IMPORTANT, THIS CONSIDERATION CAN BE PUT OFF. WE EXCUSE OURSELVES BY SAYING THAT THIS LITTLE UNTRUTH WON'T REALLY CHANGE US, OR THAT SMALL INDISCRETION WON'T SET A PATTERN, OR THE OTHER SHIRKING OF RESPONSIBILITY WON'T HURT FOR NOW.

"REMINDE US, FATHER, THAT THIS TIME DOES COUNT, THIS WORD, THIS CONVERSATION, THIS FULFILLING OF DUTY, THIS FAITHFULNESS TO IDEAL, IS WHAT REALLY CONSTITUTES OUR LIFE.

"WE PRAY THAT NEITHER CARELESSNESS NOR CALOUSNESS MAY OVERGROW THE TENDER, SENSITIVE AREAS OF OUR LIVES. KEEP US OPEN TO ONE ANOTHER, BUT MOST OF ALL, KEEP US PAINFULLY SENSITIVE TO THE BEST AND THE RIGHT. DON'T LET US FORGET IN ANY CIRCUMSTANCE TODAY THAT THIS TIME, THIS PERSON, THIS SITUATION DOES COUNT, BECAUSE THE QUALITY AND PURITY OF OUR LIFE DOES COUNT. MAKE THIS A GOOD, A WORTHY, A FRUITFUL DAY FOR EACH OF THESE SENATORS, NOT ONLY BECAUSE OF THE MOUNTAINS OF WORK THEY ACCOMPLISH, BUT BECAUSE OF THEIR METICULOUS CARE ABOUT HONOR AND INTEGRITY, TRUTH AND LOVE. IN THE MASTER'S NAME. SO BE IT."

REPORT OF STANDING COMMITTEE

February 13, 1980.

POINT OF INQUIRY

Senator Pullen: "Senator Hansen, I notice your amendment does some other things. On page 3, subsection 15, your amendment strikes existing language relative to an 'interdicted person'. I was wondering if you could explain why that is stricken in your amendment."

Senator Hansen: "You will have to explain that one a little bit more thorough, Senator Pullen; he was chuckling and I never even understood what you were saying."

Senator Pullen: "I refer you to subsection 15 of your amendment, that is section 3, subsection 15. You are striking out of the law as I read your amendment, the definition of 'interdicted person' and this seems rather discriminatory against interdicted people and I was wondering why you were striking that."

Senator Hansen: "Well, this is alcohol for fuel. This is not alcohol for a beverage. The committee amendment is the amendment under consideration. This is by the request of the liquor control board because it has antiquated its language. It does not need it."

The motion by Senator Hansen carried and the committee amendment to page 2, line 9 was adopted.

POINT OF INQUIRY

Senator Pullen: "Senator Hansen, I still have some interests in the language in which we struck the definition of 'interdicted person' and I was hoping you, Senator Hansen, or perhaps someone else could give me some assurances. What I would like to know is, in the striking of the definition of 'interdicted person' and I realize this is perhaps very old language in the RCWs, are we in any way allowing now the sale of liquor to habitual drunkards?"

Senator Hansen: "It is still antiquated language that the liquor control board wanted out of the law. We are going into fuel alcohol, not beverage alcohol, so I think that is very explicit and the liquor control board asks that this language be deleted from the RCWs."

Senator Pullen: "It is my understanding then that the liquor control board no longer recognizes the definition of an 'interdicted person'?"

Senator Hansen: "I think it is answered in other RCWs."

Strike everything after the enacting clause and insert the following:

"**NEW SECTION.** Section 1. The legislature finds that there is a continuing need for projects to develop hydroelectric energy and to provide water for irrigation and other beneficial uses and that these projects are in the public interest. The legislature further finds that including reasonable features for the protection of the state's fisheries resources in connection with the construction or modification of these water-related projects is in the public interest.

It is the intent of the legislature to set forth the policy of the state regarding fish protection features on hydroelectric and water supply projects and to establish a procedure by which a balancing of these public interests will be achieved taking into consideration the extent to which the fisheries resources would be protected, the cost of such protection, and the impacts on other potential beneficial uses of the water.

Sec. 2. Section 75.20.040, chapter 12, Laws of 1955 and RCW 75.20.040 are each amended to read as follows:

Every ditch, channel, canal or waterpipe used for conducting water from any lake, river or stream, for irrigation, manufacturing, domestic or other purposes, ((~~shaft~~)) may be provided at its entrance or intake with a fish guard so as to prevent the passage of fish into such ditch, channel or waterpipe and subject to the approval of the director, which shall be constantly maintained at all times when water is taken or admitted into such ditch, channel, canal, or waterpipe: **PROVIDED**, That such fish guards and screens shall be installed at such places and times as ((~~shaft~~)) may be prescribed by the director upon thirty days' notice to the owner or owners of any such water conduit. In determining whether fish guards and screens shall be required, the director shall consider the impact, if any, on food fish and other beneficial uses of water as described in section 1 of this 1980 act: PROVIDED HOWEVER, That fish guards and screens shall not be required at any project at a location where anadromous food fish were not present at the time the project was constructed. Every owner, manager, agent or person in charge of such ditch, channel, canal, or waterpipe who shall fail to comply with the provisions of this section is guilty of a gross misdemeanor.

Each day the end of the ditch, channel, canal or waterpipe is not equipped with this covering as provided shall constitute a separate offense. If within thirty days after notice to equip any such ditch, channel, canal, or waterpipe such person shall fail to do so, the director is hereby authorized to take possession of the same in the name of the state of Washington, and to close the same to the entrance of any water until such time as the ditch shall be properly equipped, and the expense incident thereto shall constitute a lien upon the ditch, channel, canal, or waterpipe and upon the real and personal property of the person owning the same. Notice of such lien shall be filed and recorded in the office of the county auditor in the county in which such action is taken.

Sec. 3. Section 75.20.060, chapter 12, Laws of 1955 and RCW 75.20.060 are each amended to read as follows:

Every dam or other obstruction across or in any stream (~~(shall)~~) may be ((provided with)) required to have a durable and efficient fishway, which shall be maintained in a practical and effective condition in such place, form and capacity as the director may approve, for which plans and specification shall be furnished by the director upon application to him, and which shall be kept open, unobstructed and supplied with a sufficient quantity of water to freely admit the passage of fish through the same. If the director determines, after considering the need for other beneficial uses as described in section 1 of this 1980 act, that such fishways are impractical, the director may, in his discretion, require mitigation for any losses to food fish that are caused by a project under RCW 75.20.090 as now or hereafter amended: PROVIDED, That fishways or mitigation shall not be required at any project where anadromous food fish were not present at the time the project was constructed. Every owner, manager, agent or person in charge of such dam or obstruction who shall fail to comply with the provisions of this section is guilty of a gross misdemeanor.

If any person or government agency fails to construct and maintain such fish ladder or fishway or to remove such dam or obstruction in a manner satisfactory to the director, then within thirty days after written notice thereof has been served upon the owner, his agent, or the person in charge thereof, the director may construct a suitable fish ladder or fishway, or remove such dam or obstruction, and the actual cost in case of construction of fishway thereof shall constitute a lien upon the dam and upon all the personal property of the person or government agency owning the same. Notice of such lien shall be filed and recorded in the office of the county auditor of the county in which such dam or obstruction is situated. Such lien may be foreclosed in any action brought in the name of the state.

If any person or government agency fails to make any such fishway or remove such dam or obstruction in a manner satisfactory to the director, then within thirty days after written notice thereof has been served on the owner, his agent, or the person in charge, such dam or obstruction shall thereby become a public nuisance and the director may take possession thereof in his own name or in the name of the state and destroy it and no liability shall attach for such destruction.

Sec. 4. Section 75.20.090, chapter 12, Laws of 1955 and RCW 75.20.090 are each amended to read as follows:

In the event that any person or government agency desires to construct or maintain a dam or other hydraulic work in any of the streams of this state of a type making a fish ladder or fishway thereover impracticable, in the opinion of the director, then such person or government agency, before any construction work shall commence on such dam or other hydraulic work (~~((shall at the option of the director))~~) may, in the discretion of the director after consideration of the impact, if any, on food fish resources and other beneficial uses of water as described in section 1 of this 1980 act: (1) Convey to the state a site or sites of a size and dimensions satisfactory to the director, at such place as may be selected by the director, and erect thereon a fish hatchery or fish hatcheries, rearing ponds and other buildings according to plans and specifications to be furnished by said person or government agency subject to the approval of the director and enter into an agreement with director secured by good and sufficient bond, to furnish all water and lights, without expense, and necessary sums of money to operate and maintain said hatchery or hatcheries and rearing ponds or (2) enter into an agreement with the director secured by good and sufficient bond to pay to the state such initial money and make such annual payments of additional money to the state as the director may determine are necessary to expand, maintain, and operate additional facilities at existing hatcheries within a reasonable distance of such dam or other hydraulic work to compensate for the damages sustained by the erection of any such dam or other hydraulic work.

Any decision of the director hereunder shall be subject to review in the superior court of the state for Thurston county.

Any person or government agency who fails to comply with the provisions of this section is guilty of a gross misdemeanor and each day that such person or government agency carries on construction work on such dam or hydraulic work or operates any such dam or hydraulic work without complying with the provisions of this section constitutes a separate offense.

Sec. 5. Section 77.16.210, chapter 36, Laws of 1955 and RCW 77.16.210 are each amended to read as follows:

Any person or governmental agency managing, controlling, or owning any dam or other obstruction across any river or stream (~~shall~~) may be required to construct and maintain in good condition and repair in connection with such dam or other obstruction durable fishways and fish protective devices in such shape and size that the free passage of all game fish inhabiting such waters will not be obstructed. Such fishways and fish protective devices shall be provided at all times with sufficient water to insure maximum efficiency for the free passage of fish. In determining whether fishways and fish protective devices shall be required, the director shall consider the impact, if any, on game fish and other beneficial uses of water as described in section 1 of this 1980 act. However, fishways and fish protective devices shall not be required at a location where game fish were not present at the time the dam or obstruction was constructed.

Any person violating any of the provisions of this section shall be guilty of a gross misdemeanor and shall be punished by a fine of not less than two hundred fifty dollars and not more than one thousand dollars or by imprisonment in the county jail for not less than ninety days and not more than one year or by both such fine or imprisonment.

In addition to the penalty above provided, if any such person be convicted of violating any of the provisions of this title, the dam or other obstruction managed, controlled or owned by such person is hereby declared a public nuisance and shall be subject to abatement as such.

Sec. 6. Section 77.16.210, chapter 36, Laws of 1955 as amended by section 88, chapter ___ (REHB 1447), Laws of 1980 and RCW 77.16.210 are each amended to read as follows:

Persons or government agencies managing, controlling, or owning a dam or other obstruction across a river or stream (~~shall~~) may be required to construct, maintain, and repair durable fishways and fish protective devices that allow the free passage of game fish around the obstruction. The fishways and fish protective devices shall be provided with sufficient water to insure the free passage of fish. In determining whether fishways and fish protective devices shall be required, the director shall consider the impact, if any, on game fish and other beneficial uses of water as described in section 1 of this 1980 act. However, fishways and fish protective devices shall not be required at a location where game fish were not present at the time the dam or obstruction was constructed.

Sec. 7. Section 77.16.220, chapter 36, Laws of 1955 and RCW 77.16.220 are each amended to read as follows:

It shall be unlawful for any person to divert any water from any lake, river, or stream containing game fish unless the ditch, channel, canal, or water pipe conducting such water is equipped at or near its entrance or intake with a fish guard or screen capable of preventing the passage of game fish into such ditch, channel, or water pipe, and also equipped, if necessary, with a bypass to permit the passage of game fish from immediately in front of the fish guard or screen back to the waters from which said fish are diverted if the director determines fish guards or screens are required. In determining whether fish guards and screens shall be required, the director shall consider the impact, if any, on game fish and other beneficial uses of

water as described in section 1 of this 1980 act. However, fish guards and screens shall not be required at any project where game fish were not present at the time the project was constructed: PROVIDED, That no person who is now otherwise lawfully diverting water from any lake, river, or stream shall be deemed guilty of a violation of this section.

It shall also be unlawful for any person who is not now diverting water from any lake, river, or stream to divert any water therefrom where a fish guard or screen is required until he has first submitted plans for the fish guard, fish screen, or bypass to the director, obtained his approval thereof, installed such fish guard, screen, or bypass, and obtained the director's approval of such installation. It shall be unlawful for any person to construct any such fish guard, fish screen, or bypass without first submitting plans therefor to the director and obtaining his approval thereof as herein provided.

The director may summarily close any ditch, canal, channel, or water pipe owned or operated by any person convicted of any violation of this section and keep the same closed until it is properly equipped with a fish guard, screen, or bypass, in accordance with the provisions herein.

Sec. 8. Section 77.16.220, chapter 36, Laws of 1955 as amended by section 89, chapter ... (REHB 1447), Laws of 1980 and RCW 77.16.220 are each amended to read as follows:

It is unlawful to divert water from a lake, river, or stream containing game fish unless the water diversion device is equipped at or near its intake with a fish guard or screen to prevent the passage of game fish into the device and, if necessary, with a means of returning game fish from immediately in front of the fish guard or screen to the waters of origin if the director determines fish guards or screens are required. In determining whether fish guards and screens shall be required, the director shall consider the impact, if any, on game fish and other beneficial uses of water as described in section 1 of this 1980 act. However, fish guards and screens shall not be required at any project where game fish were not present at the time the project was constructed. A person who is now otherwise lawfully diverting water from a lake, river or stream shall not be deemed guilty of a violation of this section.

Plans for the fish guard, screen, and bypass shall be approved by the director prior to construction. The installation shall be approved by the director prior to the diversion of water where a fish guard or screen is required.

The director may close a water diversion device operated in violation of this section and keep it closed until it is properly equipped with a fish guard, screen, or bypass.

NEW SECTION. Sec. 9. The amendments to section 77.16.210, chapter 36, Laws of 1955 and RCW 77.16.210 made by section 5 of this 1980 act and the amendments to section 77.16.220, chapter 36, Laws of 1955 and RCW 77.16.220 made by section 7 of this 1980 act shall expire June 30, 1981.

(REHB 1477), Laws of 1980 and RCW 77.16.220 made by section 8 of this 1980 act shall take effect July 1, 1981."

Senator Lee moved the following amendments to the amendment by Senators Hansen, Bottiger and Gallagher be considered and adopted simultaneously:

On page 2, line 32, after "constructed" insert: "unless the director determines that a significant number of anadromous food fish may be reestablished"

On page 4, line 14, after "constructed" insert: "unless the director determines that a significant number of anadromous food fish may be reestablished"

On page 7, line 39, after "constructed" insert: "unless the director determines that a significant number of game fish may be reestablished"

On page 9, line 7, after "constructed" insert: "unless the director determines that a significant number of game fish may be reestablished"

On page 9, line 38, after "constructed" insert: "unless the director determines that a significant number of game fish may be reestablished"

On page 11, line 20, after "constructed" insert: "unless the director determines that a significant number of game fish may be reestablished"

Debate ensued.

The motion by Senator Lee failed and the amendments to the amendment by Senators Hansen, Bottiger and Gallagher were not adopted.

The motion by Senator Hansen carried and the amendment was adopted.

On motion of Senator Peterson, the following amendment by Senator Bottiger to the title was adopted:

On page 1, line 1 of the title, after "Relating to hydroelectric and water supply projects;" strike the remainder of the title and insert "amending section 75.20.040, chapter 12, Laws of 1955 and RCW 75.20.040; amending section 75.20.060, chapter 12, Laws of 1955 and RCW 75.20.060; amending section 75.20.090, chapter 12, Laws of 1955 and RCW 75.20.090; amending section 77.16.210, chapter 36, Laws of 1955 and RCW 77.16.210; amending section 77.16.210, chapter 36, Laws of 1955 as amended by section 88, chapter ... (REHB 1447), Laws of 1980 and RCW 77.16.220; creating a new section; providing an expiration date; and providing an effective date."

On motion of Senator Peterson, the rules were suspended, Engrossed Senate Bill No. 3425 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

POINT OF INQUIRY

Senator Wilson: "Senator Bottiger, you have been involved in the development of this amendment and are familiar with its contents. Is that not true?"

Senator Bottiger: "Yes, Senator."

Senator Wilson: "I would like to ask you a couple of questions if I may which are simply designed to clarify two points in the amendment. The first is as follows: with respect to lines 20 to 33 on page 1 of the amendment, is it the intent to establish a legislative policy which says in effect that 'a mandated installation of fish ladders must be justified by good economic sense in relation to overall costs and benefits to the entire project'?"

Senator Bottiger: "That is correct, Senator Wilson."

Senator Wilson: "Second question is, is it the intent of this amendment to provide that fish guards and screens and fish ladders will not be required on renovation projects where a viable fish run was not present at the time the project was originally constructed?"

Senator Bottiger: "That is also correct, Senator Wilson."

Senator Wilson: "Thank you."

POINT OF INQUIRY

Senator Quigg: "Senator Bottiger, I have received quite a number of calls from people along the coast concerned about the impact of this bill on the availability of water for fish runs. Do you see any impeding of the flow or cutting down of the availability of water to the detriment of fish runs? Would this be taken into consideration by the director under this measure?"

Senator Bottiger: "Senator Quigg, I see an enhancement of the availability of water because irrigation districts working with the department of fisheries as well as utilities, are going to keep the level of water in the river at a more constant regulated basis and avoid floods, which sometimes occur in washout spawning grounds. So I have told the fishermen friends of mine that this bill should help the fish run system and not hurt it."

Senator Quigg: "Thank you."

ROLL CALL

The Secretary called the roll on the final passage of Engrossed Senate Bill No. 3425, and the bill passed the Senate by the following vote: Yeas, 44; nays, 2; excused, 3.

Voting yea: Senators Bausch, Benitz, Bluechel, Bottiger, Clarke, Conner, Day, Donohue, Gallagher, Gaspard, Gould, Guess, Hansen, Hayner, Henry, Hurley, Jones, Lewis, Lysen, Marsh, Matson, McDermott, Moore, Morrison, Odegaard, Peterson, Quigg, Rasmussen, Ridder, Scott, Sellar, Shinpoch, Talley, Talmadge, Van Hollebeke, Vognild, von Reichbauer, Walgren, Wanamaker, Williams, Wilson, Wojahn, Woody—44.

Voting nay: Senators Lee, Pullen—2.

Excused: Senators Fleming, Goltz, Haley—3.

ENGROSSED SENATE BILL NO. 3425, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

SECOND READING

ENGROSSED HOUSE BILL NO. 646, by Representatives Valle, Barr, Gruger, Scott, Granlund, Jovanovich and Lux:

Revising the law on waste management.

The bill was read the second time by sections.

The Secretary commenced reading the following amendments:

On page 1, line 11, after "(a)" strike all of the material down to the colon on line 12, and insert: "Establish a permit system for owners or operators of facilities which treat, store, dispose of or recover energy from dangerous wastes"

On page 1, line 17, after "(b)" strike all of the material down to the semicolon on line 19, and insert: "Establish standards for the safe transport, treatment, storage, disposal of, and/or energy resource recovery from, dangerous wastes as may be necessary to protect human health and the environment"

PARLIAMENTARY INQUIRY

Senator Guess: "Mr. President, I would like to ask a question. The bill as it presently is, does not have anything to do with the recovery of energy or energy. The amendment is trying to place the bill in the position of becoming an energy bill. Now, is now the time to raise the scope and object on the amendment?"

REPLY BY THE PRESIDENT

President Cherberg: "Scope and object can be raised at any time while the amendment is being considered."

POINT OF ORDER

Senator Guess: "Mr. President, then I raise the question of scope and object on the amendment that has just been offered."

Debate ensued.

POINT OF INQUIRY

Senator Guess: "Senator McDermott, I have a five-, six-, or seven-page amendment that has your name on it that is going to be amended to 646. Is it your intention to withdraw that amendment?"

Senator McDermott: "That amendment is the nuclear waste bill which was killed by your motion in the ecology committee and I was intending to have it on this bill so that we could have a discussion of this issue; but I have the assurance of the majority leader that this will be brought up on a bill that is coming out of the rules committee and so I intend to withdraw that amendment."

Senator Guess: "Mr. President, with the consent of the body I would withdraw my question of scope and object on the first amendment."

There being no objection, on motion of Senator Guess, the Point of Order was withdrawn.

Senator Bottiger moved the amendments to page 1, lines 11 and 17 be considered and adopted simultaneously.

The motion by Senator Bottiger carried. The amendments were adopted.

REMARKS BY SENATOR McDERMOTT

Senator McDermott: "With the approval of the body, I would like the record to show that this following amendment was introduced and withdrawn by motion. You never called it up even though it was laying on the desk and I did not have the opportunity of formally withdrawing."

President Cherberg: "If there are no objections, the journal will so show."

On page 2, after line 9, insert the following:

"NEW SECTION. Sec. 4. There is added to chapter 70.98 RCW a new section to read as follows:

The legislature finds that:

(1) The very act of transporting, handling, disposing of, or otherwise caring for radioactive wastes poses a hazard to health, safety, and welfare because of the ever-present risk that an accident or incident will occur while the wastes are being cared for; and

(2) The likelihood that an accident or incident will occur in this state involving the release of radioactive wastes into the environment becomes greater as the volume of the wastes transported, handled, disposed of, or otherwise cared for in this state increases.

The legislature acknowledges that the citizens of this state may be asked to accept the burdens and hazards posed by the transportation, handling, storage, and disposal of radioactive wastes generated by activities occurring within this state. Therefore, the legislature finds that the hazards posed by significantly increasing the volume of radioactive wastes transported, handled, disposed of, or otherwise cared for in this state through the importation of such wastes for disposal from areas outside of the state requires the protection of the health, safety, and welfare of its citizens.

NEW SECTION. Sec. 5. There is added to chapter 70.98 RCW a new section to read as follows:

A license issued pursuant to this chapter to dispose of radioactive waste shall continue in effect and the responsibility and authority for possession of buried radioactive waste shall continue until the department finds that the plan established for preparation of the site for transfer to another person has been satisfactorily implemented in a manner to reasonably assure protection of the public health and safety and the department takes action to terminate the licensee's responsibility and

authority under such license. The expiration date on a license to dispose of radioactive waste shall apply only to the above ground activities of the licensee and to the authority to bury radioactive wastes. Material buried under such license may not be transferred by abandonment or otherwise in the absence of specific authorization by the department.

Sec. 6. Section 3, chapter 207, Laws of 1961 as last amended by section 125, chapter 141, Laws of 1979 and RCW 70.98.030 are each amended to read as follows:

(1) "Byproduct material" means any radioactive material (except special nuclear material) yielded in or made radioactive by exposure to the radiation incident to the process of producing or utilizing special nuclear material.

(2) "Ionizing radiation" means gamma rays and x-rays, alpha and beta particles, high-speed electrons, neutrons, protons, and other nuclear particles; but not sound or radio waves, or visible, infrared, or ultraviolet light.

(3) (a) "General license" means a license effective pursuant to regulations promulgated by the state radiation control agency, without the filing of an application, to transfer, acquire, own, possess, or use quantities of, or devices or equipment utilizing, byproduct, source, special nuclear materials, or other radioactive material occurring naturally or produced artificially.

(b) "Specific license" means a license, issued after application to use, manufacture, produce, transfer, receive, acquire, own, or possess quantities of, or devices or equipment utilizing byproduct, source, special nuclear materials, or other radioactive materials occurring naturally or produced artificially.

(4) "Person" means any individual, corporation, partnership, firm, association, trust, estate, public or private institution, group, agency, political subdivision of this state, any other state or political subdivision or agency thereof, and any legal successor, representative, agent, or agency of the foregoing, other than the United States Atomic Energy Commission, or any successor thereto, and other than federal government agencies licensed by the United States Atomic Energy Commission, or any successor thereto.

(5) "Source material" means (a) uranium, thorium, or any other material which the governor declares by order to be source material after the United States Atomic Energy Commission, or any successor thereto, has determined the material to be such; or (b) ores containing one or more of the foregoing materials, in such concentration as the governor declares by order to be source material after the United States Atomic Energy Commission, or any successor thereto, has determined the material in such concentration to be source material.

(6) "Special nuclear material" means (a) plutonium, uranium 233, uranium enriched in the isotope 233 or in the isotope 235, and any other material which the governor declares by order to be special nuclear material after the United States Atomic Energy Commission, or any successor thereto, has determined the material to be such, but does not include source material; or (b) any material artificially enriched by any of the foregoing, but does not include source material.

(7) "Registration" means registration with the state department of social and health services by any person possessing a source of ionizing radiation in accordance with rules, regulations and standards adopted by the department of social and health services.

(8) "Radiation source" means any type of device or substance which is capable of producing or emitting ionizing radiation.

(9) "Medical waste" means radioactive waste from all therapy, diagnosis or research in medical fields and radioactive waste which results from the production and manufacture of radioactive material used for therapy, diagnosis or research in medical fields if such wastes would otherwise be defined as low-level radioactive

waste under the provisions of RCW 70.98.030(12)(a)(i) and (b). "Medical waste" does not include spent fuel or waste from the fuel of an isotope production reactor.

(10) (a) "Low-level radioactive wastes" means (i) radioactive materials having little or no economic value that are in concentrations and/or quantities such that the potential impact, after one hundred fifty years, on the environment or to the casual intruder on the surface will not exceed Title 10 Code of Federal Regulations Part 20 Appendix B table II limits as they exist on the effective date of this 1980 act; or (ii) medical wastes.

(b) "Low-level radioactive wastes" does not include: (i) Wastes containing more than ten nanocuries of transuranic contaminants per gram of material, except whole smoke detectors containing transuranic contaminants; or (ii) wastes whose radioactive contaminants or constituents have concentrations similar to those in "high-level liquid radioactive wastes" as that term is defined in Title 10 Code of Federal Regulations Part 50 Appendix F on the effective date of this 1980 act.

The agency shall designate by rule the radionuclides and concentrations of those radionuclides which fall within this definition of "low-level radioactive wastes." The rules shall be adopted in conformance with chapter 34.04 RCW.

(11) "State licensed disposal site" or "disposal site licensed pursuant to this chapter" means a radioactive waste disposal site whose operation is licensed and otherwise regulated by the agency under the provisions of this chapter.

NEW SECTION. Sec. 7. There is added to chapter 70.98 RCW a new section to read as follows:

The use of any disposal site for radioactive wastes licensed pursuant to this chapter is restricted to the disposal of low-level radioactive wastes.

NEW SECTION. Sec. 8. There is added to chapter 70.98 RCW a new section to read as follows:

After July 1, 1981, no area within the external boundaries of the state of Washington may be utilized by any person or entity as a temporary, interim, or permanent disposal site for radioactive waste generated outside of the state of Washington and no person or entity may transport to a radioactive waste disposal site located in this state any radioactive waste generated outside of the state of Washington: PROVIDED, That this section shall not apply to medical waste received at such site prior to January 1, 1984: PROVIDED FURTHER, That radioactive waste generated outside of the state of Washington does not include low-level radioactive waste generated in a state which is a party to an interstate compact which includes the state of Washington and provides for regional storage of such radioactive waste.

NEW SECTION. Sec. 9. There is added to chapter 70.98 RCW a new section to read as follows:

A violation of sections 4 or 5 of this act is a misdemeanor punishable by a fine not exceeding ten thousand dollars or by confinement in the county jail not exceeding six months, or by both such fine and imprisonment.

NEW SECTION. Sec. 10. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 11. This act shall be liberally construed to effect its purposes and shall not be limited by any rule of strict construction."

Renumber the remaining sections consecutively and correct internal references accordingly.

On motion of Senator Williams, the rules were suspended, Engrossed House Bill No. 646, as amended by Senate, was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

ROLL CALL

The Secretary called the roll on the final passage of Engrossed House Bill No. 646, as amended by Senate, and the bill passed the Senate by the following vote: Yeas, 46; nays, 3.

Voting yea: Senators Bausch, Benitz, Bluechel, Bottiger, Clarke, Conner, Day, Donohue, Gallagher, Gaspard, Gould, Guess, Hansen, Hayner, Henry, Hurley, Jones, Lee, Lewis, Lysen, Marsh, Matson, McDermott, Moore, Morrison, Odegaard, Peterson, Pullen, Quigg, Rasmussen, Ridder, Scott, Sellar, Shinpoch, Talley, Talmadge, Van Hollebeke, Vognild, von Reichbauer, Walgren, Wanamaker, Williams, Wilson, Wojahn, Woody—46.

Excused: Senators Fleming, Goltz, Haley—3.

ENGROSSED HOUSE BILL NO. 646, as amended by Senate, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

SECOND READING

SENATE BILL NO. 3273, by Senators Bottiger and Woody:
 Requiring use of renewable energy sources to heat new swimming pools.

REPORT OF STANDING COMMITTEE

January 30, 1980.

SENATE BILL NO. 3273, requiring use of renewable energy sources to heat new swimming pools (reported by Committee on Energy and Utilities):

MAJORITY recommendation: Do pass with the following amendments:

On page 1, after the enacting clause insert a new section 1 that reads as follows and renumber the remaining sections consecutively:

"NEW SECTION. Section 1. The legislature finds that in order to protect the public health, safety, and welfare there is a need to reduce the rate of growth in demand for electricity. This may be accomplished, in part, by requiring that swimming pools be heated by renewable energy."

On page 1, line 8, strike "Swimming" and insert "Outdoor swimming"

On page 1, line 10, after "from" insert "active and passive"

On page 1, line 11, after "sources" and before the period insert "and waste heat from heating systems or other heat sources"

Signed by: Senators Bottiger, Chairman; Gould, Hayner, Hurley, Lewis, Williams, Wilson.

The bill was read the second time by sections.

On motion of Senator Bottiger, the committee amendment to page 1 inserting a new section 1 was adopted.

Senator Bottiger moved adoption of the committee amendment to page 1, line 8.

POINT OF INQUIRY

Senator Rasmussen: "Senator Bottiger, obviously we are going to exclude indoor swimming pools. Everybody is going to put an indoor swimming pool with a movable roof and heat that pool. Fact of the matter is, I have been looking at two or three houses to see how they are installed, they have been advertised for sale. Why would you exclude indoor pools from the heating requirements?"

Senator Bottiger: "Well Senator, it is one step at a time. An indoor pool generally would run all year long and there was testimony that we may not be able to get from solar, enough heat in the middle of a snow storm in January to be able to heat

that pool. So rather than do it all at once and therefore make some indoor pools not usable, we agreed that we would start with outdoor swimming pools."

Senator Rasmussen: "I do not see a termination date on this legislation."

Senator Bottiger: "I would hope it would have no termination date."

Senator Rasmussen: "Well, I cannot agree, but thank you."

The motion by Senator Bottiger carried and the committee amendment to page 1, line 8 was adopted.

Senator Bottiger moved adoption of the committee amendment to page 1, line 10.

On motion of Senator Bottiger, the following amendment by Senators Walgren and Bottiger to the committee amendment was adopted:

Amend the committee amendment to page 1, line 10, as follows: After "active" strike "and" and insert "or"

The motion by Senator Bottiger carried and the committee amendment, as amended, was adopted.

On motion of Senator Bottiger, the committee amendment to page 1, line 11 was adopted.

On motion of Senator Bottiger, the rules were suspended, Engrossed Senate Bill No. 3273 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

POINT OF INQUIRY

Senator Van Hollebeke: "Senator Bottiger, would you be so kind as to elucidate for us as to how much of the energy used in heating these pools you think will be biomass or photovoltaic?"

Senator Bottiger: "Senator, I do not have any idea but I am surely glad that people are learning those words."

ROLL CALL

The Secretary called the roll on the final passage of Engrossed Senate Bill No. 3273, and the bill passed the Senate by the following vote: Yeas, 44; nays, 3; excused, 2.

Voting yea: Senators Bausch, Benitz, Bluechel, Bottiger, Clarke, Conner, Day, Donohue, Gallagher, Gaspard, Gould, Guess, Haley, Hansen, Hayner, Henry, Hurley, Jones, Lee, Lewis, Lysen, Marsh, Matson, McDermott, Morrison, Odegaard, Peterson, Quigg, Ridder, Scott, Sellar, Shinpoch, Talley, Talmadge, Van Hollebeke, Vognild, von Reichbauer, Walgren, Wanamaker, Williams, Wilson, Wojahn, Woody—44.

Voting nay: Senators Moore, Pullen, Rasmussen—3.

Excused: Senators Fleming, Goltz—2.

ENGROSSED SENATE BILL NO. 3273, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

SECOND READING

SENATE BILL NO. 3376, by Senators Walgren, Van Hollebeke and Rasmussen:

Directing OFM to report to the legislature on permits, licenses, and inspection requirements by state agencies.

MOTIONS

On motion of Senator Rasmussen, Substitute Senate Bill No. 3376 was substituted for Senate Bill No. 3376 and the substitute bill was placed on second reading and read the second time in full.

On motion of Senator Walgren, the following amendments by Senators Walgren, Odegaard, Clarke, Rasmussen and Matson were considered and adopted simultaneously:

On page 2, after line 3, insert the following additional sections:

"NEW SECTION. Sec. 5. There is added to chapter 34.04 RCW a new section to read as follows:

(1) At the time an agency files notice of intent to adopt, amend, or repeal a rule with the code reviser pursuant to RCW 34.04.025(1)(a), it shall file a duplicate of the notice, including the text of the proposed rule, with the attorney general.

SENATE BILL NO. 3526, by Senator von Reichbauer:

Relating to parks and recreation.

On motion of Senator von Reichbauer, Substitute Senate Bill No. 3526 was substituted for Senate Bill No. 3526 and the substitute bill was placed on second reading and read the second time in full.

On motion of Senator von Reichbauer, the rules were suspended, Substitute Senate Bill No. 3526 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

POINT OF INQUIRY

Senator Rasmussen: "Senator von Reichbauer, I was listening with half an ear and the other ear with my other leaders here. You said this was improvement of the pit toilets? Is it restricted that we have to continue to use the pit toilets or can they put more modern facilities in there, would not be called 'pit toilets'?"

Senator von Reichbauer: "Your question is a valid one. It is an improvement over the existing facilities. We found on our tour last summer that rangers who were trained in the job of being rangers that serve our state parks were, in fact, say in ninety percent of their time trying to clean up after the rest of the citizens who utilize them. What the state parks and recreation commission, as well as the state ecology department are trying to do, are develop new systems and this is a pilot program that would be tried in the San Juans, Senator Peterson's districts and Senator Wanamaker's districts, during this year for perhaps application throughout the state. So it will not be just pits."

Senator Rasmussen: "Thank you."

The Secretary called the roll on the final passage of Substitute Senate Bill No. 3526 and the bill passed the Senate by the following vote: Yeas, 44; excused, 5.

The President signed:
SUBSTITUTE SENATE BILL NO. 3169,
SENATE BILL NO. 3244.

INTRODUCTION AND FIRST READING

SUBSTITUTE HOUSE BILL NO. 1715, by Committee on State Government (originally sponsored by Representatives Nisbet, King, Polk, Struthers, Whiteside, Hughes, Van Dyken, Schmitten, Smith (C.), Erickson, Bauer, Taylor, Maxie, Williams, Brown, Salatino, Scott, Bender and Addison):

Authorizes the establishment of the Washington state veterans memorial park and cemetery.

Referred to Committee on State Government.

HOUSE CONCURRENT RESOLUTION NO. 32, by Representative Polk:

Providing for the international trade and business policy for the state of Washington.

Referred to Committee on State Government.

SECOND READING

SENATE BILL NO. 3546, by Senators Guess and Talley:

Providing procedure for judicial enforcement of liens for certain utility service charges.

MOTIONS

On motion of Senator Wilson, Substitute Senate Bill No. 3546 was substituted for Senate Bill No. 3546 and the substitute bill was placed on second reading and read the second time in full.

On motion of Senator Wilson, the rules were suspended, Substitute Senate Bill No. 3546 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

POINT OF INQUIRY

Senator Rasmussen: "Senator Wilson, there have been court decisions that it was improper to cut off services such as water and it could be electricity if that was what was heating the house in the middle of the winter. Would this abrogate all of that?"

Senator Wilson: "No, this does not speak at all to the restrictions the courts have placed on the ability of a municipality to simply cut off the water or the electricity. It does not address that topic. It simply provides the municipality with an alternative means of enforcing the lien and that is through a judicial remedy."

Senator Rasmussen: "Kind of get the impression they are going to make an end run around some of the court decisions; that they have to keep supplying the necessities. There have been several sad cases, Senator Wilson, where people have died because, I do not think primarily with public utilities but with private utilities, they have come in and cut off the services and a few days later they found people dead from cold and exposure and so forth. Have you thoroughly checked this out?"

Senator Wilson: "No, Senator Rasmussen, I have no intention of rushing this bill through the Senate. You will observe that Senator Guess is the prime sponsor and that is because of certain actions that the city of Spokane felt were necessary in this area. Senator Guess right now is attending another meeting and I would have no objection and I so move Mr. President, that further consideration of this bill be held until such time as Senator Guess is available."

MOTION

On motion of Senator Wilson, Substitute Senate Bill No. 3546 was ordered held on the third reading calendar pending arrival of Senator Guess from a meeting.

MOTION

On motion of Senator Marsh, the Senate returned to the fourth order of business.

Voting yea: Senators Bausch, Clarke, Conner, Day, Fleming, Gallagher, Gaspard, Goltz, Gould, Haley, Hansen, Hayner, Henry, Hurley, Jones, Lewis, Lysen, Marsh, McDermott, Moore, Morrison, Odegaard, Peterson, Quigg, Rasmussen, Ridder, Sellar, Shinpoch, Talmadge, Van Hollebeke, Vognild, von Reichbauer, Walgren, Wanamaker, Williams, Wilson, Wojahn, Woody—39.

Excused: Senators Benitz, Bluechel, Bottiger, Donohue, Guess, Lee, Matson, Pullen, Scott, Talley—10.

ENGROSSED SUBSTITUTE SENATE BILL NO. 3629, as amended by the House, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

MOTION

On motion of Senator Marsh, the Senate advanced to the sixth order of business.

SECOND READING

SENATE BILL NO. 3515, by Senator Morrison:
Relating to cloud seeding.

On motion of Senator Hansen, Substitute Senate Bill No. 3515 was substituted for Senate Bill No. 3515 and the substitute bill was placed on second reading and read the second time in full.

On motion of Senator Hansen, the rules were suspended, Substitute Senate Bill No. 3515 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

POINT OF INQUIRY

Senator Goltz: "Senator Hansen, I remember through the National Conference of State Legislatures, that the states which border the state of Washington or are beyond the state of Washington to the east, have expressed concern about the right of the state of Washington to seed clouds and in fact, take, perhaps, moisture from those clouds which is properly by nature, belonging to the state of Montana or other states to the east. Has there been any legal question as to whether or not we have the right to do this cloud seeding?"

Senator Hansen: "I do not believe there has been, Senator Goltz. The last time that we seeded clouds Idaho and Montana received more rainfall than they normally did, so that stopped any argument on who had the right to seed the clouds."

POINT OF INQUIRY

Senator Rasmussen: "Senator Morrison, I see your name on here as a sponsor and that is why I am asking you. That new section 3 kind of bothers me. I do not think we have that kind of protection written into the law, and that is 'notwithstanding any other provisions of the law to the contrary, neither the state nor its agents shall be liable for injuries or damages as a result of the emergency cloud seeding program, pursuant to section 2 through 5 of this act'. Well, that refers back to section 2, of course, 'notwithstanding any other provisions of the law to the contrary, section 2 through 5 of this act shall supersede all existing statutes inconsistent herewith' and that is pretty broad, pretty broad position. I am concerned with that new section 3. 'The state or its agents are not liable for any damages'. Why should we give that exclusion? You cannot even sue if one of the state's agents should inadvertently cause a flood by heavy seeding, or in fact, could inadvertently destroy the cherry crop. Do you have any answers to that?"

Senator Morrison: "Senator Rasmussen, the only answer I have is this language is the same as was included in the cloud seeding measure which this legislative body passed in the 1977 session, as I recall—Senator Benitz may need to help me out on timing. But this did remove the question of liability from the state or its agents, that is, those persons who might have contracts with the state, for this cloud seeding program. I suppose without this sort of language and the wisdom of the committee on agriculture, Senator Hansen and others who put this together, that it would be impossible to proceed with this sort of program. Senator Benitz might help us out since he had similar language in his bill a few years ago."

REMARKS BY SENATOR BENITZ

Senator Benitz: "Mr. President, members, and especially Senator Rasmussen. Yes, in '77 when we had this legislation and it was pure emergency at that time as it well may be again. We were warned about lawsuits from not only other states but of our own. We researched at that time. There have been lawsuits filed previously but there has never been a judgment rendered; no court has ever made an award, on a cloud seeding bill, so we felt pretty confident on that. Secondly, we have agreement, and I am sure we will continue to have that agreement with the agricultural interests, department of ecology, and others that no matter how short we may be, we stop cloud seeding ahead of the cherries picking and of the crop far enough ahead of it so we do not cause any possible damage there. Most records, I think Dr. Peter Hobbs says, if we have the clouds we can increase the precipitation some, but it not a cure—all, it is just simply a bandaid that we are trying to help ourselves what might be a very critical situation."

Debate ensued.

MOTIONS

On motion of Senator Odegaard, the rules were suspended and Substitute Senate Bill No. 3515 was returned to second reading.

Senator Odegaard moved adoption of the following amendment:

On page 1, strike all of Section 3 and renumber remaining sections consecutively.

MOTION

On motion of Senator Morrison, Substitute Senate Bill No. 3515, together with the pending amendment by Senator Odegaard, was ordered held on today's second reading calendar for further consideration.

NOON SESSION

The President called the Senate to order at 12:25 p.m.

MOTION

At 12:25 p.m., on motion of Senator Marsh, the Senate recessed until 1:30 p.m.

SECOND READING

SENATE BILL NO. 3457, by Senator Rasmussen:
Relating to state government.

MOTIONS

On motion of Senator Donohue, Substitute Senate Bill No. 3457 was substituted for Senate Bill No. 3457 and the substitute bill was placed on second reading and read the second time in full.

On motion of Senator Wilson, Senator Fleming was excused.

On motion of Senator Donohue, the rules were suspended, Substitute Senate Bill No. 3457 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

POINT OF INQUIRY

Senator Day: "Senator McDermott, what does this do relative to the victim's own life insurance that he has been paying the premiums on? Is that deducted from the amount that is awarded or what is the . . . ?"

Senator McDermott: "Senator Day, the problem arose when we put victims of crime legislation under the department of labor and industry's industrial insurance division. It was considered that initially that would be the best place since it is essentially injuries that we are dealing with; and one of the provisions there has been that the state is able to use an offset of any other pension on an industrial injury, for instance, social security offset. Now in this situation where we are trying to take care of people who have been injured by crime, crime victim, we are trying to give the same kind of possibilities in terms of the state picking up the difference so that they can be taken care of, but we do not want them to hit the state plus whatever else. We are really looking for a way to make people capable of taking care of themselves and I think this is a good amendment."

REMARKS BY SENATOR MORRISON

Senator Morrison: "Mr. President, I would add to the response to Senator Day that part of the redefinition is in the area of the court decision that eliminated this program. The department of labor and industries was offsetting for social security and the court decision changed that. This does redefine social security so it is considered as a public insurance program; and the procedure then that will be applied to victims of crime is precisely the same as the money-saving process we have applied in the area of industrial insurance, that is, that we look at the social security that will be paid and we reduce the amount of the victims of crime compensation by that amount; that way we get to keep that money in the general fund. The actual person receiving the payment does not lose anything because the choice, the change for us is that we are offsetting it first rather than letting the social security administration offset it later on to the benefit of the federal government. We think this will save quite a bit of money. Senator Donohue is right, it will help us balance the budget we are going to have before us in the next few days."

REMARKS BY SENATOR DONOHUE

Senator Donohue: "One additional thing that I think I did not mention and that was when the bill came over from the House, it had taken the money out of the law and justice fund. We felt that was improper so this particular appropriation comes out of the general fund instead of the law and justice."

ROLL CALL

The Secretary called the roll on the final passage of Substitute Senate Bill No. 3457, and the bill passed the Senate by the following vote: Yeas, 46; absent or not voting, 1; excused, 2.

Voting yea: Senators Bausch, Benitz, Bluechel, Bottiger, Clarke, Conner, Day, Donohue, Gaspard, Goltz, Gould, Guess, Haley, Hansen, Hayner, Henry, Hurley, Jones, Lee, Lewis, Lysen, Marsh, McDermott, Moore, Morrison, Odegaard, Peterson, Pullen, Quigg, Rasmussen, Ridder, Scott, Sellar, Shipoch, Talley, Talmadge, Van Hollebeke, Vognild, von Reichbauer, Walgren, Wanamaker, Williams, Wilson, Wojahn, Woody—46.

Absent or not voting: Senator Gallagher—1.

Excused: Senators Fleming, Matson—2.

SUBSTITUTE SENATE BILL NO. 3457, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

The legislature finds that it is desirable to provide ((certain)) a coordinated and comprehensive program of in-home services for certain citizens in order that such persons may remain in their own homes, obtain employment if possible, and maintain a closer contact with the community. The department shall establish a sliding scale fee schedule for such disabled persons, taking into consideration the person's ability to pay and work expenses.

(2) If a disabled person arranges for chore services through an individual provider arrangement, the recipient's contribution shall be counted as first dollar toward the total amount owed to the provider for chore services rendered.

(3) As used in this section:

(c) "Employment" means any work activity for which a recipient receives monetary compensation;

(d) "Disabled" means:

(i) Permanently and totally disabled as defined by the department and as such definition is approved by the federal security agency for federal matching funds;

(ii) Eighteen years of age or older;

(iii) A resident of the state of Washington; and

(iv) Willing to submit to such examinations as are deemed necessary by the department to establish the extent and nature of the disability.

NEW SECTION. Sec. 4. There is appropriated to the department of social and health services from the general fund for the biennium ending June 30, 1981, the sum of two hundred seventy thousand dollars, or so much thereof as may be necessary, to carry out the purposes of this act; except that, if federal funds become available to carry out the purposes of this act, then state general fund moneys shall be conserved with federal funds."

Signed by: Senators Donohue, Chairman; McDermott, Vice Chairman; Bausch, Bluechel, Gaspard, Goltz, Jones, Odegaard, Rasmussen, Ridder, Walgren, Wojahn.

The bill was read the second time by sections.

On motion of Senator Day, the committee amendment to page 1, line 23 by the Committee on Social and Health Services was not adopted.

Senator Donohue moved adoption of the committee amendment by the Committee on Ways and Means striking everything after the enacting clause and inserting the amendment.

POINT OF INQUIRY

Senator Moore: "Senator Donohue, will the definition 'disabled' which your committee added to this bill, limit, in any way, the kinds of work that the worker can perform for the disabled?"

Senator Donohue: "It is our intent to encourage these people to do as much work as they were able to and to participate in the costs of their services. We wanted to be sure that only, truly handicapped and impaired individuals were involved in this program because it is a new program."

The motion by Senator Donohue carried and the committee amendment by the Committee on Ways and Means was adopted.

On motion of Senator Marsh, Senator Woody was excused.

On motion of Senator Day, the rules were suspended, Engrossed Substitute House Bill No. 1516, as amended by the Senate, was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

SECOND READING

SENATE BILL NO. 2963, by Senator Donohue:
Relating to education and making an appropriation.

MOTIONS

On motion of Senator Donohue, Substitute Senate Bill No. 2963 was substituted for Senate Bill No. 2963 and the substitute bill was placed on second reading and read the second time in full.

On motion of Senator Donohue, the rules were suspended, Substitute Senate Bill No. 2963 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

POINT OF INQUIRY

Senator Odegaard: "Senator McDermott, in transferring the local taxes such as the real estate excise tax and some of the forest taxes, the PUD tax at the state level, is that going to mean at all any lessening of funds to our schools?"

Senator McDermott: "As far as I understand, there will be no change, no loss to the schools. What they get now, they will get next time; and it is merely a matter of figuring and getting it all in one place."

Senator Odegaard: "Would that be the same answer, Senator, for the county governments and the junior taxing districts as well?"

Senator McDermott: "That is my understanding, that it will not make a difference."

POINT OF INQUIRY

Senator Quigg: "Senator McDermott, trying to follow up on Senator Odegaard's question, will all of the funds that would normally have gone from these various revenue sources to the junior taxing districts now go to the state? Will all of those funds go back to those junior taxing districts proportionate to the way they would have in the past, or will we have some kind of an equalization fund set up to redistribute these revenues in another manner?"

Senator McDermott: "There is no equalization formula in this and I would expect everything would go back as it did previously."

Senator Quigg: "Thank you."

POINT OF INQUIRY

Senator Day: "Senator McDermott, in new section, section 7, I notice a number of repealers but I see, at least I have been unable to spot in the digest of the proposed first substitute, anything that tells me what those repealers are. I have seen some pretty good things done with repealers around here; twenty-two years, I would like to know what they are."

Senator McDermott: "You do not think that Senator Donohue and I would do something that would be . . ."

Senator Day: "Earth-shaking?"

Senator McDermott: "The repealers you are referring to are in section 7."

Senator Day: "It says 'Following acts or parts of acts are each repealed'. Section 28A.45.050, chapter 223, Laws of '75, etc. etc. etc., down through subsection 2."

Senator McDermott: "If you are concerned about it we could set the bill down a minute. I am not sure that I can answer your question right off . . ."

Senator Day: "Well, I think that that ought to be clarified before we pass the bill."

Senator McDermott: "Surely."

MOTION

On motion of Senator McDermott, Substitute Senate Bill No. 2963 was ordered held, on third reading, for consideration later today.

SECOND READING

ENGROSSED HOUSE BILL NO. 1483, by Representatives Whiteside, Adams, Stratton, Schmitt, Mitchell, Pruitt, Lux, Smith (C.), Vrooman, Williams, Maxie, Gallagher, Valle and Salatino (by Department of Social and Health Services request):

Appropriating moneys to implement referendum 37 (facilities for the handicapped).

REPORT OF STANDING COMMITTEE

February 28, 1980.

ENGROSSED HOUSE BILL NO. 1483, appropriating moneys to implement Referendum 37 (facilities for the handicapped) (reported by Committee on Ways and Means):

MAJORITY recommendation: Do pass with the following amendments:

Strike everything after the enacting clause and insert the following:

"Section 1. Section 8, chapter 221, Laws of 1979 ex. sess. and RCW 43.99C.-045 (Referendum Bill 37) are each amended to read as follows:

Subject to legislative appropriation, all principal proceeds of the bonds and bond anticipation notes authorized in this chapter shall be administered by the state department of social and health services exclusively for the purposes specified in this chapter and for the payment of expenses incurred in connection with the sale and issuance of the bonds and bond anticipation notes.

In carrying out the purposes of this chapter all counties of the state shall be eligible to participate in the distribution of the bond proceeds. The share coming to each county shall be determined by a division among all counties according to the relation which the population of each county, as shown by the last federal or official state census, whichever is the later, bears to the total combined population of all counties, as shown by such census; except that, each sixth, seventh, or eighth class county shall receive an aggregate amount of up to seventy-five thousand dollars if, through a procedure established in rule, the department has determined there is a demonstrated need and the share determined for such county is less than seventy-five thousand dollars. No single project in a class AA county shall be eligible for more than fifteen percent of such county's total distribution of bond proceeds.

In carrying out the purposes specified in this chapter, the department may use or permit the use of the proceeds by direct expenditures, grants, or loans to any public body, including but not limited to grants to a public body as matching funds in any case where federal, local, or other funds are made available on a matching basis for purposes specified in this chapter.

NEW SECTION. Sec. 2. There is added to chapter 43.99C RCW a new section to read as follows:

(1) No expenditure of funds shall be allowed for facilities for the care, training, and rehabilitation of persons with sensory, physical, or mental handicaps which have not been submitted to the legislature in a budget document or schedule as specified in RCW 43.88.030(3), and have been approved through a capital appropriation; except that, the fiscal committees of the legislature may approve such facilities which have been, not later than December 1, 1980, verified by the department of social and health services as meeting the assessed need of a county and being ready to proceed.

(2) In order to assure compliance with RCW 43.99C.045, such document or schedule shall indicate the population of each county, all requests submitted from each county for participation in the distribution of the bond proceeds, the requests which are proposed to be accepted, and the basis for acceptance.

NEW SECTION. Sec. 3. There is hereby appropriated to the department of social and health services from the 1979 handicapped facilities construction account in the general fund the sum of twenty-five million dollars for the purposes of chapter 43.99C RCW. This appropriation shall be limited by the conditions contained in section 2 of this act.

NEW SECTION. Sec. 4. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 5. This act is necessary for the immediate preservation of the public peace, health, and safety, the support of the state government and its existing public institutions, and shall take effect immediately."

On page 1, line 1 of the title, after "handicapped;" strike the remainder of the title and insert "amending section 8, chapter 221, Laws of 1979 ex. sess. and RCW 43.99C.045 (Referendum Bill 37); adding a new section to chapter 43.99C RCW; making an appropriation; and declaring an emergency."

Signed by: Senators Donohue, Chairman; Bausch, Bluechel, Clarke, Gaspard, Goltz, Jones, Morrison, Ridder, Scott, Sellar.

The bill was read the second time by sections.

Senator Shinpoch moved adoption of the committee amendment.

POINT OF INQUIRY

Senator Walgren: "Senator Shinpoch, there has been some concern expressed by many people who were very actively involved in the passage of referendum 37 with regard to the action taken by the legislature in making the necessary implementing legislation. Their concerns appear to be directed primarily to the question of delay that might occur in this process. I have heard that explained in the Senate ways and means committee but I am concerned about that and I wondered if you might direct yourself and address yourself to that question."

Senator Shinpoch: "Thank you, Senator Walgren. There are two things to the question. Number one, in the last hour of the last day of the last session, we passed the referendum 37. A portion of the agreement that allowed that to be passed was that the legislature would have an opportunity to review the projects prior to the time that we were required to appropriate money. That is in the referendum 37 bill; it says 'subject to legislative appropriation'. That was the agreement. We have modified that agreement and backed off from that to the extent that we are willing to take projects and let the fiscal committees pass on those projects that are ready to go which accelerate the finding that was expected in the last bill. And I know that we have heard testimony that inflation is costing us seventeen hundred dollars a week or a month or a day or something and, but I guess the commend would be to the lobbyist that made that, that very simply inflation is not new—it was here last year and the year before and the year before that, and that anyone that was expecting it not to be here this year was probably not being very realistic.

"The other thing is that we have had before us, we have had a similar project, referendum 29, that went through a similar process. It took about eighteen months for the money from the time that the money was first approved by the people before it got out there. So we have a process that we have evolved in this that reduces that markedly."

The motion by Senator Shinpoch carried and the committee amendment was adopted.

On motion of Senator Shinpoch, the committee amendment to the title was adopted.

On motion of Senator Shinpoch, the rules were suspended, Engrossed House Bill No. 1483, as amended by the Senate, was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

POINT OF INQUIRY

Senator Rasmussen: "Senator Donohue, the funds that will be expended from the twenty-five million dollar bond issue for the construction of facilities for the handicapped; no portion of this money may be used for maintenance and operation, only for capital outlays?"

Senator Donohue: "It is my understanding, Senator, that this is true, that it is, I am not so sure that there isn't a portion of this fund that can be used for such things as equipping a building and that type of thing; but I do not think this money can be used for the continual operation. . . capital construction."

Senator Rasmussen: "Another question. These grants are being made to the counties?"

Senator Donohue: "That is true."

Senator Rasmussen: "This, then, will entail, under initiative 62, that the counties assume the operation cost of these facilities?"

Senator Donohue: "I cannot answer that question, Senator."

Senator Rasmussen: "I wonder if anybody can. Where is Senator Shinpoch?"

POINT OF INQUIRY

Senator Shinpoch: "Senator Rasmussen, I did not hear the question—would you repeat. . ."

Senator Rasmussen: "The first question was, the referendum 37 funds that were voted on the people, the twenty-five million was to be only for capital outlay. Senator Donohue thought it was modified to the extent they could be equipped. That was the first question."

Senator Shinpoch: "In the original, in HJR 37 could be construed not only to equip these facilities but could be construed to equip facilities built with referendum 29 money, in my judgment. It does not provide operating funds."

Senator Rasmussen: "That was part of the question I asked him, there are no maintenance and operation monies coming out of this twenty-five million dollar bond issue? Is that your understanding?"

Senator Shinpoch: "I am certain that there are administrative funds from the department and I guess that I am not certain. I do not recall that any of these, this twenty-five million is appropriated for administration in the department."

Senator Rasmussen: "And the other question was, under these, grants will be made to the counties in providing for facilities for the handicapped?"

Senator Shinpoch: "That is correct."

Senator Rasmussen: "And under initiative 62 it is assumed that the counties will take care of the maintenance and operation costs, and that the state will not be obligated?"

Senator Shinpoch: "Well, I certainly would not think that we are under any obligation because we grant them funds to build facilities if they want. I would not, I could not construe where that would put us under any obligation to maintain nor operate those funds."

Senator Rasmussen: "Well, there was a lot of gray area in there and I just wanted to get a clear understanding of it, Senator. Thank you."

ROLL CALL

The Secretary called the roll on the final passage of Engrossed House Bill No. 1483, as amended by the Senate, and the bill passed the Senate by the following vote: Yeas, 47; excused, 2.

Voting yea: Senators Bausch, Benitz, Bluechel, Bottiger, Clarke, Conner, Day, Donohue, Gallagher, Gaspard, Goltz, Gould, Guess, Haley, Hansen, Hayner, Henry, Hurley, Jones, Lee, Lewis, Lysen, Marsh, McDermott, Moore, Morrison,

Odegaard, Peterson, Pullen, Quigg, Rasmussen, Ridder, Scott, Sellar, Shinpoch, Talley, Talmadge, Van Hollebeke, Vognild, von Reichbauer, Walgren, Wanamaker, Williams, Wilson, Wojahn, Woody—47.

Excused: Senators Fleming, Matson—2.

ENGROSSED HOUSE BILL NO. 1483, as amended by the Senate, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

THIRD READING

SUBSTITUTE SENATE BILL NO. 2963, by Committee on Ways and Means (originally sponsored by Senator Donohue):

Providing funds for the common schools.

The Senate resumed consideration of Substitute Senate Bill No. 2963 on third reading from earlier today.

REMARKS BY SENATOR McDERMOTT

Senator McDermott: "Mr. President, in answer to Senator Day's question, he asked about the 'repealers'. Presently the real estate excise tax is a local tax which is collected locally and then distributed. This bill makes the local excise tax a state tax. We are doing it for two reasons. The repealers which you see before you are repealing it as a local tax then later in the bill we institute it as a state tax. It is partly a matter of paper work. Local districts, local school districts have to keep all kinds of records which they will not be relieved of. And the second reason is that with it being brought in at the state level we will have a clear picture of what the full cost of basic education is. Right now there is this mix of local money and state money and it is not clear, so we are going to have it all collected at the state level."

ROLL CALL

The Secretary called the roll on the final passage of Substitute Senate Bill No. 2963, and the bill passed the Senate by the following vote: Yeas, 46; nays, 2; excused, 1.

Voting yea: Senators Bausch, Benitz, Bluechel, Bottiger, Clarke, Conner, Day, Donohue, Fleming, Gallagher, Gaspard, Goltz, Gould, Guess, Haley, Hansen, Hayner, Henry, Hurley, Jones, Lee, Lewis, Lysen, Marsh, McDermott, Moore, Morrison, Peterson, Pullen, Quigg, Rasmussen, Ridder, Scott, Sellar, Shinpoch, Talley, Talmadge, Van Hollebeke, Vognild, von Reichbauer, Walgren, Wanamaker, Williams, Wojahn, Woody—46.

Voting nay: Senators Odegaard, Wilson—2.

Excused: Senator Matson—1.

SUBSTITUTE SENATE BILL NO. 2963, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

There being no objection, the Senate returned to the sixth order of business.

SECOND READING

HOUSE BILL NO. 1643, by Representatives Thompson, Chandler, Heck and Taylor:

Authorizing bonds for common school construction.

The bill was read the second time by sections.

Senator Pullen moved adoption of the following amendment:

On page 4, beginning on line 21, insert the following new section to read as follows:

"NEW SECTION. Sec. 11. There is appropriated to the parks and recreation commission from the state general fund the sum of \$25,000 to be used for a study of the feasibility of acquiring from the department of natural resources approximately 200 acres of real property containing timber for common school trust purposes in the Mt. Peak area of King County. As much of this appropriation as may be necessary shall be used to study the feasibility of acquiring replacement timber land of comparable acreage and value for the common school trust."

Renumber remaining sections consecutively.

POINT OF ORDER

Senator Donohue: "I raise the question of scope and object on the bill. Mr. President, the bill before us is 1643, is in fact, just an authorization for thirty-million dollar general obligation bonds for school construction. The amendment by Senator Pullen requires a study relating to the possibility of acquiring property. I think it is purely out of the context of the bill before us."

Debate ensued.

RULING BY THE PRESIDENT

President Cherberg: "The President, in ruling upon the Point of Order raised by Senator Donohue pertaining to House Bill Number 1643, finds that House Bill 1643 is a single-purpose bill authorizing the sale of bonds for common school construction, whereas the amendment proposed by Senator Pullen provides for an appropriation of twenty-five thousand dollars to be used for a study of the feasibility for acquiring from the department of natural resources approximately two hundred acres of real property containing timber for common school, trust purposes to the Mount Peak area of King county.

The President believes that the proposed amendment is clearly beyond the scope and object and thus so rules."

The amendment by Senator Pullen was ruled out of order.

On motion of Senator Donohue, the rules were suspended, House Bill No. 1643 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

ROLL CALL

The Secretary called the roll on the final passage of House Bill No. 1643, and the bill passed the Senate by the following vote: Yeas, 48; excused, 1.

Excused: Senator Matson—1.

HOUSE BILL NO. 1643, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

MOTION

Senator Rasmussen moved that Substitute House Bill No. 1610 be rereferred to the Committee on State Government.

Debate ensued.

Senator Rasmussen demanded a roll call and the demand was sustained.

The President declared the question before the Senate to be the motion by Senator Rasmussen that Substitute House Bill No. 1610 be rereferred to the Committee on State Government.

ROLL CALL

The Secretary called the roll and the motion by Senator Rasmussen failed by the following vote: Yeas, 19; nays, 29; excused, 1.

On motion of Senator Vognild, Substitute House Bill No. 1610 was ordered to hold its place on the second reading calendar for March 4, 1980.

SECOND READING

SUBSTITUTE SENATE BILL NO. 3515, by Committee on Agriculture (originally sponsored by Senator Morrison):

Regulating cloud seeding.

The Senate resumed consideration of Substitute Senate Bill No. 3515 from earlier today.

The following amendment by Senator Odegaard was pending at that time:

On page 1, strike all of Section 3, and renumber remaining sections consecutively.

POINT OF INQUIRY

Senator Benitz: "Senator Morrison, do you find any place in the statute other than the proposal we have here which covers this topic?"

Senator Morrison: "Senator Benitz, as I understand, if we strike, and it is not section 5, it is section 3, Senator Odegaard, we strike this section relating to liability that it would leave, in effect, the existing liability section under the weather modification law and that that would be the provision that would apply to this particular program.

"Mr. President, could we make sure that Senator Odegaard is striking section 3 and not section 5?"

Senator Odegaard: "Mr. President, I am sorry, Senator Morrison. Section 3, you are right."

MOTION

On motion of Senator Marsh, Substitute Senate Bill No. 3515, together with the pending amendment by Senator Odegaard, was ordered held following consideration of House Bill No. 1658.

SECOND READING

The bill was read the second time by sections.

On motion of Senator Donohue, the rules were suspended, House Bill No. 1658 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

POINT OF INQUIRY

Senator Van Hollebeke: "Senator Donohue, I did not get a chance to go through the bill quickly. You said it removes a hundred thousand dollar ceiling and I am not arguing with it, I am agreeing with it. It is probably for the best; but it substitutes no other ceiling, is that correct? It substitutes no other ceiling, just removes any ceiling. Is that correct?"

Senator Donohue: "Yes."

ROLL CALL

The Secretary called the roll on the final passage of House Bill No. 1658, and the bill passed the Senate by the following vote: Yeas, 48; excused, 1.

Voting yea: Senators Bausch, Benitz, Bluechel, Bottiger, Clarke, Conner, Day, Donohue, Fleming, Gallagher, Gaspard, Goltz, Gould, Guess, Haley, Hansen, Hayner, Henry, Hurley, Jones, Lee, Lewis, Lysen, Marsh, McDermott, Moore, Morrison, Odegaard, Peterson, Pullen, Quigg, Rasmussen, Ridder, Scott, Sellar, Shinpoch, Talley, Talmadge, Van Hollebeke, Vognild, von Reichbauer, Walgren, Wanamaker, Williams, Wilson, Wojahn, Woody—48.

On page 1, strike all of Section 3, and renumber remaining sections consecutively.

The motion by Senator Odegaard carried and the amendment was adopted.

Senator Williams moved the following amendments by Senators Williams and Morrison be considered and adopted simultaneously:

On page 1, line 18, after "to" insert "individual"

On page 1, line 20, after "act" insert ": PROVIDED, That an environmental impact statement shall be required in relation to regulations adopted pursuant to the

formulation of a general program of emergency cloud seeding promulgated pursuant to section 4 of this 1980 act."

POINT OF INQUIRY

Senator Morrison: "Senator Williams, it is the intent of this amendment that the environmental impact statement apply to the overall program and not be required for any individual licenses that were required under this particular emergency cloud seeding program?"

Senator Williams: "That is my understanding."

POINT OF INQUIRY

Senator Hayner: "Senator Williams, there is a hundred thousand dollars appropriated in this bill. Would that be sufficient to take care of the environmental impact statement as well?"

Senator Williams: "I guess I cannot answer that."

The motion by Senator Williams carried and the amendments were adopted.

On motion of Senator Morrison, the rules were suspended, Engrossed Substitute Senate Bill No. 3515 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

Debate ensued.

WE THINK OF THOSE WHO ARE LESS FORTUNATE. WHILE TODAY IS ANOTHER DAY OF HOPE AND CHALLENGE FOR US, IT BRINGS POVERTY, SORROW, PAIN AND OPPRESSION TO MANY. HELP US TO BE MEN AND WOMEN OF THANKSGIVING.

"TODAY WE WOULD PRAY FOR THOSE IN THE LEADERSHIP OF THIS STATE. WE PRAY FOR OUR GOVERNOR, THE MEMBERS OF THE HOUSE OF REPRESENTATIVES, AND THE MEMBERS OF THE SENATE. THIRD READING

SUBSTITUTE SENATE BILL NO. 3546, by Committee on Local Government (originally sponsored by Senators Guess and Talley):

Providing procedure for judicial enforcement of liens for certain utility service charges.

The Senate resumed consideration of Substitute Senate Bill No. 3546 from March 3, 1980.

MOTIONS

On motion of Senator Guess, the rules were suspended and Substitute Senate Bill No. 3546 was returned to second reading.

On motion of Senator Guess, the following amendments were adopted:

On page 1, line 17, after "owner" insert "and the occupant."

On page 1, beginning on line 20, after "furnished." strike all material through "receive the notice." on line 22.

On page 1, after line 23, strike the remainder of the material through "dollars." on line 28.

On motion of Senator Guess, the rules were suspended, Engrossed Substitute Senate Bill No. 3546 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

Debate ensued.

POINT OF INQUIRY

Senator Bottiger: "Senator Day, the problem I have is that the landlord is currently, has another effective lien applied against him and that is that he cannot get the lights turned back on until the bill has been paid. Now I, too, have a couple of rental units and I have to be very careful because if the tenant is under our agreement charged with paying the utility bill and he does not, currently the light company sends me a notice that he has not paid and if it gets delinquent, they cut off the electricity, the tenant moves out and I cannot get it turned back on until I have paid it up. As I understand this bill, the bill creates another remedy which is a collection of a lien against the landlord, as you have described and provides the cost of attorney fees that might be necessary in doing that for the landlord who simply never turns it back on, just abandons the property. What other solution would you recommend for that situation?"

Senator Day: "Well, I think that what we have to do is devise some kind of a means of collecting the bill from the person who made it. Now in practice, in businesses if you have bad debts you might turn them over to a collector for substantial fees, usually fifty percent of the bill, and you are reluctant to do that maybe, but in the final analysis those bad bills are collected at the rate of about thirty-five to forty cents on the dollars, so you end up with twenty cents on your dollar. Now I think that cities, if they go into the utility business, are going to have to be subjected to the rules of business; and I do not think the application of the law should be different just because they happen to be an entity of government. I think that what we are doing here is we are establishing a new system which says that government has a right to collect what is owed it regardless of who they collect it from, and I am opposed to that."

MOTION

Senator Bottiger moved Engrossed Substitute Senate Bill No. 3546 be held on the third reading calendar for March 5, 1980.

REMARKS BY SENATOR GUESS

Senator Guess: "I would like to clarify the statement made by Senator Bottiger. Senator Bottiger, the supreme court ruling says that the lights cannot be turned off as a method of enforcing collection of a bill. This is the reason the bill is here. If the supreme court had not ruled in the instances that they did, there would be no reason for the bill. They would still have the means of collection by going to the house and shutting the services off. So this is the alternative. The only other way is to go through and permit them to use the judicial process.

"Now some that have raised the question as to whether or not they even needed to pass the bill because they think that they already have the judicial process. So I would like to work with you; but I would also like to tell Senator Day that I was recently at a meeting where Eliot Janeway was talking and he asked the question, rhetorical as it was, in the meeting, did the audience know who were the best credit customers in the United States today? And very few people said 'yes', and they did not know, and he said it was the welfare recipients. The welfare recipient knows he is going to get his check from the state on the first day of every month, there is no question about it. And in order to continue getting his check, he usually pays his bills, and so he is a good credit risk; so let us do not impugn the motive of the welfare recipient."

The motion by Senator Bottiger carried. Engrossed Substitute Senate Bill No. 3546 was ordered held on the third reading calendar for March 5, 1980.

MOTION

On motion of Senator Marsh, the Senate returned to the fifth order of business.

SENATE RESOLUTION 1980-200

By Senators Fleming, Walgren, Bausch, Benitz, Bluechel, Bottiger, Bradburn, Clarke, Conner, Day, Donohue, Gallagher, Gaspard, Goltz, Gould, Guess, Haley, Hansen, Hayner, Henry, Hurley, Jones, Lee, Lewis, Lysen, Marsh, Matson, McDermott, Moore, Morrison, Odegaard, Peterson, Pullen, Quigg, Rasmussen, Ridder, Scott, Sellar, Shinpoch, Talley, Talmadge, Van Hollebeke, Vognild, von Reichbauer, Wanamaker, Williams, Wilson, Wojahn and Woody; Lieutenant Governor John A. Cherberg; Sid Snyder, Secretary of the Senate; Bill Gleason, Assistant Secretary of the Senate; and Charlie Johnson, Sergeant at Arms:

WHEREAS, Gabe McManus was considered a legend in the City of Seattle and throughout the State of Washington for over thirty years, as he worked diligently to bring to our state the best of entertainment as featured by the vast collection of black ethnic and root jazz—both rhythm and blues—which he compiled over a twenty-five year collection period; and

WHEREAS, Gabe, as he was fondly referred to by those who knew him and appreciated his infectious humor and all-round personality, generated a spectrum of fans; and

WHEREAS, Gabe spent his life entertaining people at various taverns he had throughout the Puget Sound region. Featured always was Gabe's personal collection of black music, which Gabe was not afraid to play at a time when this music was considered second rate and was in fact banned from the air waves; and

WHEREAS, Gabe was thus keeping alive some missing chapters of black awareness history, chapters that were written by thousands of obscure and now deceased artists who composed and performed this ethnic and roots music principally during the forties and fifties in our country; and

WHEREAS, Shortly before Gabe's untimely death about a year ago, his son, Mike, together with other key individuals, most notable Robert E. Hardwick, Danny Niles, and Overton Berry, put together an anthology which represented Gabe's lifelong dream. This anthology was compiled in a two-record album entitled "Gabe's Dirty Blues," and with the help of Hardwick this anthology has sold over 10,000 albums principally in our state, is considered a hit record by professionals in the musical field; and

WHEREAS, Though Gabe is now gone, his Archive of Sounds remains alive and intact in well over 15,000 records carefully selected by him through most of his life, and it will be from this vast collection of mostly black roots music that future anthologies will be developed and released; and

WHEREAS, Because of Gabe and his dream, many Washington state residents who savor these kinds of sounds will be able to hear previously unavailable cuts and some missing chapters of black awareness history will be able to be chronicled; and

WHEREAS, Senator George Fleming, sponsor of this resolution honoring Gabe, his music, his entertainment and his philosophy, personally knew Gabe while he was attending the University of Washington and participating on the football team, as Gabe always made it a special occasion to host the Husky football team and the Husky Alumni team on the eve of the annual varsity alumni football game.

in the spring (partially accounting for the alumni winning very few of these contests the next day); and

WHEREAS, Gabe is gone but his music and the memories of his life are ongoing. He will be remembered for the quality with which he entertained his public, his down-to-earth philosophy, and for the utter simplicity with which he reduced problems and dilemmas. Here was a man who was a professor, even though he barely entered college, a man who was acclaimed as one of the most knowledgeable in the field of alcoholism, being a reformed alcoholic and member in good standing of Alcoholics Anonymous for over thirty-two years; a man, who in death learned how to live, and who brought his family together, and who was able to give them the love, affection and commitment which he was unable to do in life;

NOW, THEREFORE, BE IT RESOLVED, That the Washington State Senate hereby declares Tuesday, March 4th, as "GABE'S DAY," in memory of Gabe, the man and his music.

MESSAGE FROM THE HOUSE

February 25, 1980.

Mr. President: The House refuses to concur in the Senate amendments to REENGROSSED SUBSTITUTE HOUSE BILL NO. 1676 and asks the Senate to recede therefrom, and said bill, together with the Senate amendments thereto, is herewith transmitted.

DEAN R. FOSTER, Chief Clerk.
VITO T. CHIECHI, Chief Clerk.

MOTION

Senator McDermott moved the Senate recede from its amendment to page 1, line 26 of Reengrossed Substitute House Bill No. 1676.

Debate ensued.

POINT OF INQUIRY

Senator Day: "Senator McDermott, when you read that document a minute ago, did I understand that to read that if the student were expelled for more than one day that the parent would be notified? Would that indicate that the student could be expelled for a day and the parent would not be notified? Would you read it again, please?"

Senator McDermott: "'The state board rules already assure that parents are notified of any serious disciplinary action resulting in a youngster's exclusion from school for more than one day'".

Senator Day: "In other words he could be excluded from school for a day and the parent would not be notified?"

Senator McDermott: "That is correct. You see there are two words here. I think you have to talk about 'exclusion' and 'expulsion'. 'Expulsion' means kicked out of the school. 'Exclusion' means kicked out of the classroom where the situation, the gym class, whatever situation it is in which he is creating problems; so that we are not throwing him out into the street, that is not what this is talking about; this is talking about if he is taken out of the school for more than one day, something will be done about it and his parents will be notified."

Senator Day: "You know I realize that we do not want to lose this bill if possible; but I think, that language is like the language in the amendment that says 'the same day'. I think it is, the way I interpret what was read to me there, is that the student could be excluded from school for a day, would not be kicked out apparently, but could be excluded for a whole day and the parent would not be notified and that causes me quite a bit of concern."

POINT OF INQUIRY

Senator von Reichbauer: "Senator McDermott, when you say a student is going to be 'excluded' from a classroom, where in your studies is he or she put? Does he or she stay on the campus?"

Senator McDermott: "Senator von Reichbauer, I think you are raising a very pertinent question. There are three hundred and six school districts in this state in which there are about ten thousand different schools in which there are ten thousand different answers to that question; and that is precisely the problem with us trying at the state level, to decide what should be done with a child who is excluded from a class for fifteen minutes. In some places they sit in the hall, in other places they go to the teacher's or to the principal's office, in other places they have a specific room set aside. There are ten thousand different answers to that question."

Senator Pullen demanded a roll call and the demand was sustained.

The President declared the question before the Senate to be the roll call on the motion by Senator McDermott that the Senate recede from its amendment to page 1, line 26 to Reengrossed Substitute House Bill No. 1676.

ROLL CALL

The Secretary called the roll and the motion by Senator McDermott carried by the following vote: Yeas, 29; nays, 19; excused, 1.

Voting yea: Senators Bausch, Bluechel, Clarke, Donohue, Fleming, Gaspard, Goltz, Gould, Haley, Hayner, Henry, Jones, Marsh, Matson, McDermott, Moore, Morrison, Odegaard, Peterson, Quigg, Ridder, Scott, Talmadge, Van Hollebeke, Walgren, Wanamaker, Williams, Wojahn, Woody—29.

Voting nay: Senators Benitz, Bradburn, Conner, Day, Gallagher, Guess, Hansen, Hurley, Lee, Lewis, Lysen, Pullen, Rasmussen, Sellar, Shipoch, Talley, Vognild, von Reichbauer, Wilson—19.

Excused: Senator Bottiger—1.

MOTION

Senator Hayner moved the Senate recede from its amendment to page 2, section 2 of Reengrossed Substitute House Bill No. 1676.

Debate ensued.

The motion by Senator Hayner failed on a rising vote.

The Senate refused to recede in its amendment to page 2, section 2 to Reengrossed Substitute House Bill No. 1676 and once again asks the House to concur therein.

MOTION

On motion of Senator Marsh, the Senate advanced to the sixth order of business.

Senators Marsh, Rasmussen and Odegaard demanded a Call of the Senate. A Call of the Senate was ordered.

CALL OF THE SENATE

The Sergeant at Arms locked the doors of the Senate Chamber. The Secretary called the roll on the Call of the Senate, all members being present except Senator Bottiger who had previously been excused.

MOTION

On motion of Senator Walgren, the Senate proceeded under the Call of the Senate.

MOTION

On motion of Senator Walgren, the Senate returned to the first order of business.

MESSAGE FROM THE GOVERNOR**PARTIAL VETO SENATE BILL 3253**

Office of the Governor, February 28, 1980.

TO THE HONORABLE, THE SENATE OF THE STATE OF WASHINGTON.

LADIES AND GENTLEMEN:

I am returning herewith, without my approval of one section, Senate Bill 3253 entitled:

"AN ACT Relating to electricians";

Section 14 of this bill was originally included in the bill as a vehicle for changing the composition of the board of Electrical Examiners. In subsequent action the amendment was dropped, leaving RCW 19.28.123 unchanged.

If this section becomes law the Code Reviser will have to make a reference to a 1980 legislative action that really didn't accomplish anything. I have, therefore, vetoed this section to avoid confusion on the part of future users of the code.

With the exception of Section 14, which I have vetoed, Senate Bill 3253 is approved.

Respectfully submitted,
DIXY LEE RAY
Governor.

INTRODUCTION AND FIRST READING

ENGROSSED SUBSTITUTE HOUSE BILL NO. 1073, by Committee on Energy and Utilities (originally sponsored by Representative McCormick):
 Establishing an energy commission.
 Referred to Committee on Energy and Utilities.

SECOND READING

ENGROSSED SUBSTITUTE HOUSE BILL NO. 1763, by Committee on State Government (originally sponsored by Representatives O'Brien, Dunlap, North, Bender, Barnes, Nelson (D.) and Wilson):

Establishing a fund to support the addition of works of art for the legislative building.

The bill was read the second time by sections.

On motion of Senator Rasmussen, the following amendments were adopted:

On page 3, line 2, after "committee" insert "and the legislature"

On page 3, line 9, after "committee" and before "appropriate" strike "deems" and insert "and legislature deem"

Senator Rasmussen moved the following amendments be considered and adopted simultaneously:

On page 3, line 15, after "building" insert "subject to the approval of the legislature"

On page 3, line 20, after "contract" insert ", subject to legislative approval,"

POINT OF INQUIRY

Senator Goltz: "Senator Rasmussen, I am just curious as to when you refer to legislative approval, what form would that legislative approval take? Would it be a concurrent resolution by the two houses of the legislature, would it be a committee review, a vote of a bill, or exactly what form would that legislative approval take?"

Senator Rasmussen: "Well, if it entails the spending of money it would have to be a concurrent resolution between the two houses. When the legislature spends money, that is the way we have to handle it."

Senator Goltz: "But I think there is more involved here than the expenditure of money. There seems to be an approval here of the works of arts themselves; and I am curious as to whether or not that the majority vote on a resolution describing the art works to be approved or is it a committee action, or what exactly does legislative approval mean?"

Senator Rasmussen: "Would mean the approval of the committee action. As the bill is drafted it authorizes the creation of a committee, authorizes the committee to hire experts to make a determination what would be appropriate. And then this would be the final review by the legislature; and you are asking how we would review it? Probably be handled with a concurrent resolution, yes, it would have to be."

POINT OF INQUIRY

Senator Shinpoch: "Senator Rasmussen, if I understood you correctly, under your amendments it would be necessary that the legislature be in session, pass a concurrent resolution before the art work could be approved by the committee?"

Senator Rasmussen: "Before the final approval as to what would go on the building walls in the chamber here. Yes. As I read the bill it would authorize the committee to go ahead without the legislature approval. I wanted to make sure we had the final say."

Senator Shinpoch: "Well Senator Rasmussen, the committee, that is the joint legislative committee, is made up of members of the legislature. Are you saying that the full legislature has to take action before the committee that is made up of legislators can approve the art?"

Senator Rasmussen: "Yes, Senator Shinpoch. I do not know whether you have seen the monstrosities that we have stored around here in the building that if it had not been for the legislature disagreeing, we would have upon the walls now."

Senator Shinpoch: "Well, you are correct, however Senator Rasmussen, I have not seen that."

Debate ensued.

Senator Rasmussen: "In answer to the question by Senator Shinpoch, it is my understanding that we will be back here every year and, having been here many years, and survived without those monstrosities some people thought of as art on the wall, I would hate to come back into a session, I have no intention of being called back into any special session whatsoever to decide on art. We have more important things . . . but I do think it is important that we have opportunity, the legislature as a whole rather than a small committee. Our regular practice in the legislature is we refer matters to the committee and then bring them back before the whole body to make the decision. I do not know of any committee that has a right to make its decision purely on its own. That is all I am asking in these amendments, that we have the final word by legislative action; and I think that is the way it should be."

Senator Shinpoch: "Senator Rasmussen, we have a number of committees that the legislature created that does not require it to come back. The legislative budget committee is one of those, the LEAP committee is one of those, the state actuary is one of those; we have a great number that legislate, that has legislators on it that are not required to come back to the full body in order to take action. I would not think that this is any different and certainly they are working in a less area except, you know, one person's art might be another person's monstrosity and it could very well be that if you went over to my office and looked at the walls you might feel that those are monstrosities. But it happens to be that I like the art that is on my wall."

Debate ensued.

POINT OF INQUIRY

Senator Talley: "Senator Rasmussen, Senator Jones and myself are serving on this committee. Are you saying that we are not doing a good job, not capable of doing a good job?"

Senator Rasmussen: "Senator Talley, I think you have been doing a good job and as a result we have a very sedate atmosphere to work in; but I am not so sure that when you appoint a committee and as this says, you get a group 'To contract for the services of a jury of professionals in the arts to be selected by the committee. The jury of professionals shall consist of persons of impeccable stature and qualifications and represent the various appropriate art media. The jury of professionals shall make recommendations to the committee regarding matters' and so forth and so on. There are certain people that say art is a 'Campbell soup can' and it was quite the rage in New York and it had big pictures all over. There are other people that

like nude art. I do not know what this committee likes especially, but I think it is very important that the legislature that will be sitting here during the session needs a calm atmosphere and we could have the type of art in here that would not give us that atmosphere."

Debate ensued.

Senator Talley: "I think I can speak for myself and Senator Jones. We would be glad to have your advice on any selection. We need expert advice and we are willing to receive it."

rental agreement for a term of one year or more. No landlord may offer to (~~a tenant or prospective tenant~~) anyone any rental agreement for a term of one year or more for which the monthly rental is greater, or the terms of payment or other material conditions more burdensome to the tenant, than any month-to-month rental agreement also offered to such tenant or prospective tenant. (~~A prospective tenant~~) Anyone who desires to occupy a mobile home lot for other than a term of one year or more may have the option to be on a month-to-month basis but must waive, in writing, the right to such one year or more term: **PROVIDED, That no waiver shall be valid for a period of more than one year and upon the expiration of any waiver the landlord shall again offer the tenant a term of one year or more.** (~~Except pursuant to such waiver,~~) No landlord shall allow a mobile home to be moved into a mobile home park in this state until a written rental agreement has been signed by (~~the landlord and the tenant and a copy provided for the tenant~~) and is in the possession of the parties: **PROVIDED, That if the landlord allows the tenant to move a mobile home into a mobile home park without obtaining a written rental agreement for a term of one year or more, or a written waiver of the right to a one-year term or more, the term of the tenancy shall be deemed to be for one year from the date of occupancy of the mobile home lot;**

(2) The requirements of subsection (1) of this section shall not apply if:

(a) The mobile home park or part thereof has been acquired or is under imminent threat of condemnation for a public works project, or

(b) An employer-employee relationship exists between a landlord and tenant;

(3) The provisions of this section shall apply to any tenancy (~~in existence prior to September 21, 1977,~~) upon expiration of the term of any oral or written rental agreement governing such tenancy.

(a) (~~(A)~~) Any rental agreement (~~for a fixed term~~) shall be assignable by the tenant to any person to whom he sells or transfers title to the mobile home, subject to the approval of the landlord after fifteen days' written notice of such intended assignment;

(b) The assignee of the rental agreement shall assume all the duties and obligations of his assignor for the remainder of the term of the rental agreement unless, by mutual agreement, a new rental agreement is entered into with the landlord; and

(c) The landlord shall approve or disapprove of the assignment of a rental agreement on the same basis that the landlord approves or disapproves of any new tenant;

(2) Restrict the tenant's freedom of choice in purchasing goods or services but may reserve the right to approve or disapprove any exterior structural improvements on a mobile home lot: **PROVIDED, That door-to-door solicitation in the mobile home park may be restricted in the rental agreement;**

In any action or eviction proceeding where the tenant prevails upon his claim or defense that the landlord has violated this section, the tenant shall be entitled to recover his costs of suit, including a reasonable attorney's fee, and where the landlord prevails upon his claim he shall be entitled to recover his costs of suit, including a reasonable attorney's fee: **PROVIDED FURTHER**, That neither party may recover attorney's fees to the extent that their legal services are provided at no cost to them.

A person shall be exempt from any legal obligation to pay all or a portion of the amount of excess and regular real property taxes due and payable in the year following the year in which a claim is filed in accordance with the following:

(1) The property taxes must have been imposed upon a residence which was occupied by the person claiming the exemption as a principal place of residence as of January 1st of the year for which the claim is filed: PROVIDED, That any person who sells, transfers, or is displaced from his or her residence may transfer his or her exemption status to a replacement residence, but no claimant shall receive an exemption on more than one residence in any year: PROVIDED FURTHER, That confinement of the person to a hospital or nursing home shall not disqualify the claim of exemption if the residence is temporarily unoccupied or if the residence is occupied by a spouse and/or a person financially dependent on the claimant for support;

(2) The person claiming the exemption must have owned, at the time of filing, in fee, as a life estate, or by contract purchase, the residence on which the property taxes have been imposed or if the person claiming the exemption lives in a cooperative housing association, corporation, or partnership, such person must own a share therein representing the unit or portion of the structure in which he or she resides.

For purposes of this subsection, a residence owned by a marital community or owned by cotenants shall be deemed to be owned by each spouse or cotenant, and any lease for life shall be deemed a life estate;

(3) The person claiming the exemption must have been sixty-one years of age or older on January 1st of the year in which the exemption claim is filed, or must have been, at the time of filing, retired from regular gainful employment by reason of physical disability: PROVIDED, That any surviving spouse of a person who was receiving an exemption at the time of the person's death shall qualify if the surviving spouse is fifty-seven years of age or older and otherwise meets the requirements of this section;

(4) The amount that the person shall be exempt from an obligation to pay shall be calculated, on the basis of the combined income, from all sources whatsoever, of the person claiming the exemption, his or her spouse, and any cotenant occupying the residence for the preceding calendar year. If the person claiming the exemption was retired for two months or more of the preceding year, the combined income of such person, his or her spouse, and any cotenant occupying the residence shall be calculated by multiplying the average monthly income of such person, his or her spouse, and any cotenant occupying the residence during the months such person was retired by twelve. Only two-thirds of any social security benefits, federal civil service retirement, or railroad retirement pension shall be considered as income for the purposes of this section. The gain realized by any person from the sale, transfer, or upon being displaced from his or her residence shall not be considered as income for the purposes of this section if reinvested in a replacement residence within eighteen months of its realization.

(5) (a) A person who otherwise qualifies under this section and is within the income range of eleven thousand dollars or less shall be exempt from all excess property taxes(~~(-and in addition))~~ and shall be exempt from regular property taxes on up to ten thousand dollars of valuation of the residence.

(2) If the taxpayer is unable to submit his own claim, the claim shall be submitted by a duly authorized agent or by a guardian or other person charged with the care of the person or property of such taxpayer.

(3) Any person signing a false claim with the intent to defraud or evade the payment of any tax shall be guilty of the offense of perjury.

(4) The tax liability of a cooperative housing association, corporation, or partnership shall be reduced by the amount of tax exemption to which a claimant residing therein is entitled and such cooperative shall reduce any amount owed by the claimant to the cooperative by such exact amount of tax exemption or, if no amount be owed, the cooperative shall make payment to the claimant of such exact amount of exemption.

(5) A remainderman or other person who would have otherwise paid the tax on real property that is the subject of an exemption granted under RCW 84.36.381 for an estate for life shall reduce the amount which would have been payable by the life tenant to the remainderman or other person to the extent of the exemption. NEW SECTION. Sec. 3. There is added to chapter 84.36 RCW a new section to read as follows:

The legislature finds that the property tax exemption authorized by Article VII, section 10 of the state Constitution should be made available on the basis of a retired person's ability to pay property taxes. The legislature further finds that the best measure of a retired person's ability to pay taxes is that person's disposable income as defined in RCW 84.36.383(6).

Sec. 4. Section 1, chapter 182, Laws of 1974 ex. sess. as last amended by section 1, chapter ... (SHB 1901), Laws of 1980 and RCW 84.36.381 are each amended to read as follows:

NEW SECTION. Sec. 8. Sections 3 through 5 of this act shall take effect on January 1, 1981."

POINT OF INQUIRY

Senator Gaspard: "Senator Bausch, the intent of this amendment is to give those who have a lease for life to be deemed as a life estate for senior citizens' property tax exemptions. We have run across a situation where senior citizens have signed a lease for ninety-nine years. Would it be the intent of this amendment and legislation, that that be deemed also as a life estate for property tax exemption for senior citizens?"

Senator Bausch: "It is not the intent of the amendment but surely of the bill. The original intent of the bill is to deem that at least for life, be the same as a life estate and I am sure that your people that you are talking about are the same as the Panorama City situation. It is a lease for life but it has to be deemed as a life estate before they can be eligible for the property tax exemption. And I am sure that as far as I am concerned that is the intent of the legislation and the legislature."

The motion by Senator Odegaard carried and the amendment was adopted.

On motion of Senator Odegaard, the title amendment by Senators Odegaard and Day adopted on February 19, 1980 was not adopted on reconsideration.

SECOND READING

SUBSTITUTE HOUSE BILL NO. 1610, by Committee on State Government (originally sponsored by Representatives McDonald, Sommers, Taller, Nelson (G.), Thompson, Becker, Nisbet, McGinnis, Garrett, Schmitten, Taylor, Williams, Struthers, Addison, Granlund, Hughes, Dunlap, Greengo, Sanders, Nelson (D.) and Hastings):

Creating the state investment board.

The Senate resumed consideration of Substitute House Bill No. 1610. On March 4, 1980 a motion by Senator Rasmussen to rerefer the bill to the Committee on State Government failed and on motion of Senator Vognild the bill was held for consideration to March 5, 1980.

REPORT OF STANDING COMMITTEE

February 11, 1980.

SUBSTITUTE HOUSE BILL NO. 1610, creating the state investment board (reported by Committee on State Government):

Recommendation: Do pass with the following amendments:

On page 4, line 7, after "member" insert "who is a retired member of a state retirement system"

On page 4, beginning on line 8, after "senate" strike ", to represent the public at large"

On page 4, after line 16, strike all material down to and including line 27 and insert the following:

"The legislative members shall serve terms of two years. The initial legislative members appointed to the board shall be appointed no sooner than January 12, 1981. The position of a legislative member on the board shall become vacant at the end of that member's term on the board or whenever the member ceases to be a member of the senate or house of representatives from which the member was appointed.

After the initial term of appointment, all other members of the state investment board, except ex officio members, shall serve terms of three years and shall hold office until successors are appointed. Members' terms, except for ex officio members, shall commence on January 1 of the year in which the appointments are made.

Members may be reappointed for additional terms. Appointments for vacancies shall be made for the unexpired terms in the same manner as the original appointments. Any member may be removed from the board for cause by the member's respective appointing authority."

On page 5, line 6, after "annually" and before the period insert ": PROVIDED, That the legislative members are not eligible to serve as chairperson or vice chairperson"

On page 16, line 8, strike "in the duties of" and insert "for"

Signed by: Senators Rasmussen, Chairman; Shinpoch, Vice Chairman; Day, Gallagher, Gould, McDermott, Wanamaker.

The bill was read the second time by sections.

On motion of Senator Rasmussen, the committee amendments were adopted.

Senator Shinpoch moved adoption of the following amendment by Senators Shinpoch and Scott:

On page 6, line 16 after "41.06 RCW" insert:

"Employment of the executive director by the board shall be for a term of three years, and such employment shall be subject to confirmation of the state finance committee: PROVIDED, That nothing shall prevent the board from dismissing the director for cause before the expiration of the term nor shall anything prohibit the board, with the confirmation of the state finance committee, from employing the same individual as director in succeeding terms."

Debate ensued.

POINT OF INQUIRY

Senator Lysen: "Senator Shinpoch, in your amendment when it says 'with cause' does that mean some kind of a conviction or legal proceeding or is that to be served at the pleasure of the finance committee when the finance committee confirms them and then sometimes later they feel that the job has not been satisfactory or adequate, can they be dismissed, and when you say 'with cause' it is not clear to me just what that means."

Senator Shinpoch: "It was the intent when it was put in here that if he was not performing satisfactorily, once he had been appointed to the three-year term with

the approval of the three elected officials, it was the intent then that if he was not performing satisfactorily for any reason, the state investment board, for whatever cause that they determine. There is no definition in the bill of 'cause' so whatever cause they determine, they could dismiss him before the end of that three years."

Senator Lysen: "So essentially he is serving at the pleasure of the state investment board?"

Senator Shinpoch: "The state investment board."

Senator Lysen: "And what would be the state finance committee's powers in regard to that same matter?"

Senator Shinpoch: "Once they have approved the appointment, they would have no powers other than the power that they normally exert on appointed members. And they obviously exert considerable power upon appointed members."

The motion by Senator Shinpoch carried and the amendment was adopted.

Senator Rasmussen moved adoption of the following amendment:

On page 6, line 12, after "duties" strike all of the material down to and including "41.06 RCW" on line 16 and insert ": PROVIDED, That the executive secretary of the state finance committee shall serve as the director of the state investment board"

Debate ensued.

Senator Rasmussen demanded a roll call and the demand was sustained.

The President declared the question before the Senate to be the roll call on the amendment by Senator Rasmussen.

ROLL CALL

The Secretary called the roll and the amendment was not adopted by the following vote: Yeas, 18; nays, 30; excused, 1.

Voting yea: Senators Bausch, Bottiger, Conner, Day, Donohue, Fleming, Gaspard, Henry, Hurley, McDermott, Odegaard, Peterson, Rasmussen, Talley, von Reichbauer, Walgren, Wilson, Wojahn—18.

Voting nay: Senators Benitz, Bluechel, Bradburn, Clarke, Gallagher, Goltz, Gould, Guess, Haley, Hansen, Hayner, Jones, Lee, Lewis, Lysen, Marsh, Moore, Morrison, Pullen, Quigg, Ridder, Scott, Sellar, Shinpoch, Talmadge, Van Hollebeke, Vognild, Wanamaker, Williams, Woody—30.

Excused: Senator Matson—1.

Senator Vognild moved adoption of the following amendment:

On page 14, beginning on line 13, insert a new subsection as follows:

(17) Mortgages and deeds of trust occupying a first lien position on otherwise unencumbered real and personal property securing loans made subsequent to the effective date of this 1980 act by (a) state or federally chartered commercial banks, state or federally chartered credit unions, state or federally chartered savings and loan associations, and state or federally chartered mutual savings banks authorized to do business in this state; or (b) any lender approved by the secretary of the department of housing and urban development for participation in any mortgage insurance program under the national housing act authorized to do business in this state: PROVIDED, That the named obligor on any loan authorized for investment under this subsection shall be a Washington state resident and that any interest rate, discount, charge or combination thereof on such loan shall not exceed the maximum authorized interest rate under RCW 19.52.020: PROVIDED FURTHER, That investments made under this subsection are deemed to be prudent and reasonable and are deemed to satisfy the requirements of section 14 of this act: PROVIDED FURTHER, That investments made under this subsection shall not exceed fifty percent of state funds available for investment under this section."

POINT OF INQUIRY

Senator Marsh: "Senator Vognild, if the state treasurer were to invest twenty-five percent of state funds available for investment under the section being amended here, what effect would that have on the retirement funds in terms of loss of dollars annually?"

Senator Vognild: "That is the figure, Senator, that we have been trying to come up with and we frankly have not been able to. I have been in touch with representatives of the teachers' retirement system and the LEOFF retirement system. They have both assured me that this will not financially impact their members. The state employees have had a little bit of discussion with; I frankly have no position from them at this time. I might point out one thing—the impact on a pension fund, the worst possible impact you can make is to remove employees from the bottom end of it. And I frankly can see the possibilities in the next year, this might happen if our economy continues to drop."

Senator Marsh: "Well Senator Vognild, how can it fail to have an impact if we receive less money, less interest return on our pension investments when they are invested in state then we would receive if they were invested out of state at rates of fifteen, sixteen percent, which are current in the market today?"

Senator Vognild: "May I yield that question to Senator Moore?"

REMARKS BY SENATOR MOORE

Senator Moore: "When we were here a year ago, were not worried about the then interest rate, you know, which was considerably lower than the one that we are looking at now. We were not worried about whether or not it was going to be able to fund the pension, and this aberration that has taken place in the last year is not forever and I think that what we are seeing here is an opportunity to build up money as a result of these high interest rates in these pension funds. However, if we did not have this, we would be sitting here saying 'Yes, things are going along fine — they are funded properly' and that is my answer to that one, Senator Marsh."

POINT OF INQUIRY

Senator Guess: "Senator Vognild, would you explain the proviso that says that 'the named obligor on any loan authorized for investment under this subsection shall be a Washington state resident and that any interest rate, discount, charge or combination thereof . . . shall not exceed the maximum authorized interest rate under RCW 19.52.020.'"

Senator Vognild: "Yes. The intent here is that the loan from the bank be made to a Washington state resident for the purposes of purchasing material within the state of Washington. As you go further through this, it stresses that the lending institutions must abide by the usury law of the state of Washington."

Senator Guess: "In other words what you are saying is that the funds of the state of Washington are going to be put out to loan at no more than twelve percent, including the cost of doing business, to any and all residents of the state of Washington. On what basis then, will those people be selected?"

Senator Vognild: "On what basis will they be selected? They would be selected by their application to the lending institutions for a loan to purchase real estate, for a loan to purchase an automobile, for loans which would stimulate the economy of the state. I can only make the assumption that a lending institution will use the prudent rules they always have to qualify people for loans."

Senator Guess: "If I may continue, Mr. President. Senator Vognild, then I would ask the next question: how is the treasurer going to determine which state and federally chartered commercial banks or savings and loans institutions he is going to let have the money?"

Senator Vognild: "He presently has a formula which is used for the investment of the roughly one billion dollars state rollover or, I guess in the trade they call it 'hot money', that is, very short term. The same formula can be used to distribute the additional funds made available."

Senator Guess: "Senator Vognild, I see no provisions in here that are going to keep a favored-bank situation from occurring and the right people with the right type of smile on their face will be being the conduit for this money; and don't you think there ought to be an amendment to this amendment so that there will be an orderly procedure for banks applying for and obtaining these funds to loan?"

Senator Vognild: "Well Senator Guess, we are not using that type of language in our law now; and I believe that the state treasurer is doing an equitable job, at least from what I hear from the lending institutions, that his formulas are, in fact, equitable in how the money is presently deposited that is available. All this does is to make more money available through the present procedures. So I fail to see the problem you are raising. I think we will all spot it in a hurry if one lending institution or another starts to be favored here, as we would have in the past."

Senator Guess: "Well Senator, this is an entirely different situation. The money is going there now under a law that was passed by this legislature previously with safeguards for that type of an investment; but I see none of those types of safeguards in this because this money is going to be used in an entirely different way. You are going to put money into real estate transactions, now what is a guarantee that the state retirement funds and the state of Washington is going to be guaranteed that those are not soft loans, especially in the declining market that we are getting into?"

Senator Vognild: "I, again Senator, can only say that I believe that the present lending institutions are very thorough in putting their money out and I have no reason to believe that they would be less thorough under this amendment."

POINT OF ORDER

Senator Hayner: "Mr. President, I raise the question of scope and object of this amendment. It appears that the context of this bill has to do with the duties and obligations of the investment board. The amendment which has been proposed by Senator Vognild deals with the various kinds of investments that the board can make. Now I think that is beyond the scope and object of this bill."

At 2:45 p.m., the President declared the Senate to be at ease.

The President called the Senate to order at 2:59 p.m.

RULING BY THE PRESIDENT

President Cherberg: "In ruling upon the Point of Order raised by Senator Hayner, the President finds that Substitute House Bill No. 1610 is a measure which transfers the responsibility to invest state trust and retirement funds from various retirement system boards and the State Finance Committee to the newly created State Investment Board. That portion of the bill dealing with the actual investment of state funds is unchanged except for technical amendments to reflect this transfer.

"The amendment proposed by Senator Vognild substantively amends the law dealing with the investment of state funds by authorizing investment in first mortgages where the obligor is a Washington State resident and also establishes a limit on the maximum interest rate of twelve percent that can be achieved on up to fifty percent of the total pension and other investment funds.

"The President therefore finds that the proposed amendment does expand the scope and object of the bill and that the Point of Order is well taken."

The amendment by Senator Vognild was ruled out of order.

There being no objection, on motion of Senator Quigg, an amendment to page 14, line 12 on the desk of the Secretary of the Senate, was withdrawn.

There being no objection, on motion of Senator Vognild, an amendment striking everything after the enacting clause and inserting, on the desk of the Secretary of the Senate, was withdrawn.

On motion of Senator Shinpoch, the rules were suspended, Substitute House Bill No. 1610, as amended by the Senate, was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

On page 1, after line 14, add a new section to read as follows:

"NEW SECTION. Sec. 2. There is added to chapter 36.94 RCW a new section to read as follows:

Whenever a county waives or delays collection of tap-in charges, connection fees or hookup fees for low income persons, or class of low income persons, to connect to a system of sewerage or a system of water, the waiver or delay shall be pursuant to a program established by ordinance."

POINT OF INQUIRY

Senator Rasmussen: "Senator Bottiger, I know cities use ordinances, but do not counties use resolutions? Or do they adopt by ordinance?"

Senator Bottiger: "I believe it is an ordinance of the county, Senator. It is their wording so I would presume that it . . ."

Senator Rasmussen: "I was not sure. Okay, thank you."

On motion of Senator Bottiger, the following amendment to the title was adopted:

On page 1, line 2 after "RCW" insert "and chapter 36.94 RCW"

On motion of Senator Bottiger, the rules were suspended, House Bill No. 1444, as amended by the Senate, was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

POINT OF INQUIRY

Senator Guess: "Senator Bottiger, I had a call this morning from one of the small towns in my area. It has its own utility distribution system. Will this, in any way, mandate that the small utility systems charge less for a senior citizen than they charge for anybody else?"

Senator Bottiger: "No."

Senator Guess: "Would it in any way affect the ability of the small cities to operate in the same manner that they have been operating now?"

Senator Bottiger: "Senator Guess, this bill applies to a deferral of hookup charges. Now, if the city wishes to grant to senior citizens a deferral of the hookup charge, this bill permits them . . . gives them the legislative authority to adopt such an ordinance in response to the auditor's challenge that they had no such legislative authority. If they do not wish to do it, there is nothing here that makes them."

Senator Guess: "Thank you very much."

On page 1, line 27, after "(5)" insert "For major and minor structural changes and structural additions to buildings, structures, facilities and sites necessary or proper to carrying out the functions of the school district; or

(6)"

Signed by: Senators Bottiger, Chairman; Benitz, Gould, Hurley, Wilson, Woody.

MOTION

On motion of Senator Jones, Senator Scott was excused.

The bill was read the second time by sections.

On motion of Senator Bottiger, the committee amendment was adopted.

On motion of Senator Bottiger, the rules were suspended, House Bill No. 1597, as amended by the Senate, was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

ROLL CALL

The Secretary called the roll on the final passage of House Bill No. 1597, as amended by the Senate, and the bill passed the Senate by the following vote: Yeas, 45; excused, 4.

Voting yea: Senators Bausch, Bluechel, Bottiger, Bradburn, Clarke, Conner, Day, Fleming, Gallagher, Gaspard, Goltz, Gould, Guess, Haley, Hansen, Hayner, Henry, Hurley, Jones, Lee, Lewis, Lysen, Marsh, McDermott, Moore, Morrison, Odgaard, Peterson, Pullen, Quigg, Rasmussen, Ridder, Sellar, Shinpoch, Talley, Talmadge, Van Hollebeke, Vognild, von Reichbauer, Walgren, Wanamaker, Williams, Wilson, Wojahn, Woody—45.

HOUSE BILL NO. 1597, as amended by the Senate, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

SECOND READING

HOUSE BILL NO. 1843, by Representatives Heck, Chandler and Maxie (by Superintendent of Public Instruction request):

Providing for an inventory and energy efficiency and safety audit of existing school facilities.

The bill was read the second time by sections.

Senator Gaspard moved adoption of the following amendment:

On page 1, line 20, after "needs" insert ": PROVIDED, That for purposes of the energy efficiency and safety audits, the state board of education shall utilize

existing local organizations which are qualified to provide a comprehensive and consistent, statewide, computerized inventory and energy audit system suitable for state acquisition and management to the extent that local organizations are available"

POINT OF INQUIRY

Senator Lewis: "Senator Gaspard, I am just a little confused about whether or not the word 'local' and the word 'statewide' are contradictory. . . . what is a local firm if it works statewide?"

Senator Gaspard: "We are looking for in this audit, that the information system would be on a statewide basis; so that when we do have the computer capabilities, that is the printout and the information that goes into the computer system, the printout would be of like comparisons rather than having a number of separate firms doing the audits and putting in different information into the system. So I guess when we say 'local' firms we are looking at something local, statewide."

Senator Lewis: "Then what you are simply saying, a firm that is within the state of Washington?"

Senator Gaspard: "It could be; it also could be, of course this contract would have to go to bid; it could be that they would bid the computer, the software system and then contract out with a number of local firms within the state that would have the basis, the comparison to go off of the . . . in other words the software package would be developed."

POINT OF INQUIRY

Senator Guess: "Senator Gaspard, I notice that this amendment is a little bit different from what I had asked for originally and the word in there is 'qualified'; it did not say it twice as it did before in one of the amendments that we had; and I want to know from you, does this mean 'qualified' engineers?"

Senator Gaspard: "If I remember correctly this is the identical amendment that we adopted on the Senate bill."

Senator Guess: "Well, it was not what I wanted before."

Senator Gaspard: "I do recall that we did have a floor debate on your amendment and the amendment that I am proposing. This is the identical form of it to my knowledge that did pass the Senate."

Senator Guess: "But Senator, how is the SPI going to know that the legislature intends that he use qualified engineering staff or qualified engineering firms to make this type of a survey; because it is an engineering job to do an audit."

Senator Gaspard: "First of all it would be to the state board of education who had let the contract. Of course the superintendent of public instruction is the chairman of that board. I just have faith in that. It will be on a bid procedure and certainly they are not going to hire anybody off the street who is not qualified in performing these types of audits. I would assume they would have some consultation with engineers."

Senator Guess: "Thank you very much."

POINT OF INQUIRY

Senator Gallagher: "Senator Gaspard, do you happen to have a fiscal note on this program?"

Senator Gaspard: "Yes, I do. This program would be in conjunction with the program that we now require from the state board and that is the, I am trying to think of the name of it; the cost stabilization program; and this program would cost an additional, I believe it is seven hundred and thirty thousand dollars."

The motion by Senator Gaspard carried and the amendment was adopted.

On motion of Senator McDermott, the rules were suspended, House Bill No. 1843, as amended by the Senate, was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

Debate ensued.

POINT OF INQUIRY

Senator Rasmussen: "Senator Hayner, are your concerns related to the fact that they raised the prime rate today to 17¼ percent or 17¾ and they figure it is going up to 20; that the inflation rate is now 1½ percent a month? Would this be part of your concerns?"

Senator Hayner: "Certainly."

ROLL CALL

The Secretary called the roll on the final passage of House Bill No. 1843, as amended by the Senate, and the bill passed the Senate by the following vote: Yeas, 29; nays, 15; absent or not voting, 1; excused, 4.

Voting yea: Senators Bausch, Bluechel, Bottiger, Clarke, Conner, Day, Fleming, Gaspard, Goltz, Hansen, Henry, Hurley, Jones, Marsh, McDermott, Morrison, Odegaard, Peterson, Quigg, Ridder, Shipoch, Talley, Talmadge, Vognild, von Reichbauer, Walgren, Williams, Wojahn, Woody—29.

Voting nay: Senators Bradburn, Gallagher, Gould, Guess, Haley, Hayner, Lee, Lewis, Lysen, Moore, Rasmussen, Sellar, Van Hollebeke, Wanamaker, Wilson—15.

Absent or not voting: Senator Pullen—1.

Excused: Senators Benitz, Donohue, Matson, Scott—4.

HOUSE BILL NO. 1843, as amended by the Senate, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

SECOND READING

HOUSE JOINT MEMORIAL NO. 25, by Representatives Zimmerman, Heck, Williams, Galloway, Nisbet, Monohon, Keller, Mitchell and Bauer:

Requesting federal help in promoting development of geothermal resources.

The memorial was read the second time in full.

On motion of Senator Bottiger, the rules were suspended, House Joint Memorial No. 25 was advanced to third reading, the second reading considered the third, and the memorial was placed on final passage.

POINT OF INQUIRY

Senator Rasmussen: "Senator Bottiger, I am in accord with you on the geothermal resources, and I think that we should make use of all of them that we can. My question would have to do with the Secretary of the Interior Andrus who does not appear to be in favor of exploration for energy purposes. He has locked up better than two-thirds of the sites in Alaska under the antiquities act and I presume that he will probably lock up these sites under the antiquities act if they change it so we could explore park lands. What do you think of the chances of him being reasonable on that?"

Senator Bottiger: "Senator, as the energy problem gets more and more severe a lot of formerly held ideas and opinions and policies are going to have to be rereviewed. And this memorial asks Congress, and the President, to rereview them. Mr. Andrus' position is following existing policies and that is what we are asking to change."

Senator Rasmussen: "You are aware that our land commissioner, Bert Cole, has been exploring extensively and has his staff working on these geothermal sites in the state?"

Senator Bottiger: "Not only geothermal but wood waste, low head hydro, we've had a lot of cooperation from Mr. Cole on changing. He is looking at existing policies with the idea of changing them."

POINT OF INQUIRY

Senator Guess: "Senator Bottiger, I wonder if, not only the geothermal but there are large areas of coal lands in the state of Washington that have been locked up. Could we include the coal reserves or the coal areas in this state as well as the geothermal?"

Senator Bottiger: "Senator, this resolution as it came from the House, was restricted to geothermal. We had, in the past, asked for review, not specifying any energy source, but asking to look at all of them. And if you would like to introduce in the next session one specifying coal I would be glad to co-sponsor it with you."

Senator Guess: "Well, I have a resolution in the rules committee now, addressing the state coal, but I would certainly like to include federal coal lands at the same time."

Senator Bottiger: "Would be glad to join you."

ROLL CALL

The Secretary called the roll on the final passage of House Joint Memorial No. 25, and the memorial passed the Senate by the following vote: Yeas, 46; excused, 3.

Voting yea: Senators Bausch, Bluechel, Bottiger, Bradburn, Clarke, Conner, Day, Fleming, Gallagher, Gaspard, Goltz, Gould, Guess, Haley, Hansen, Hayner, Henry, Hurley, Jones, Lee, Lewis, Lysen, Marsh, McDermott, Moore, Morrison, Odegaard, Peterson, Pullen, Quigg, Rasmussen, Ridder, Scott, Sellar, Shipoch, Talley, Talmadge, Van Hollebeke, Vognild, von Reichbauer, Walgren, Wanamaker, Williams, Wilson, Wojahn, Woody—46.

Excused: Senators Benitz, Donohue, Matson—3.

HOUSE JOINT MEMORIAL NO. 25, having received the constitutional majority, was declared passed.

MOTION

On motion of Senator Marsh, the Senate returned to the fourth order of business.

MOTION

Senator Marsh moved adoption of the following resolution:

SENATE RESOLUTION 1980-203

By Senators Marsh, Woody, Bottiger, Talmadge, Van Hollebeke, Hurley, Hayner and Clarke:

WHEREAS, The Committee realizes the importance of the Judicial Information system to the efficient operation of the Washington State courts; and

WHEREAS, The Committee recognizes the requirement for security, privacy, and confidentiality of judicial information; and

WHEREAS, The Committee endorses the promulgation of the Judicial Information System to all counties in accordance with the approved Washington State Data Processing Authority Plan;

NOW, THEREFORE, BE IT RESOLVED, That the Washington State Senate Judiciary Committee supports and encourages the prompt implementation of the Judicial Information System to the Washington State judiciary.

POINT OF INQUIRY

Senator Rasmussen: "Senator Marsh, it is your intention that this service is extended to the counties, would be paid for by the counties?"

Senator Marsh: "Yes."

Senator Rasmussen: "Thank you."

POINT OF INQUIRY

Senator Donohue: "Senator Marsh, the way I read this, Senator, it would indicate that we are, in fact, sanctioning the removal of the data processing portion that is now being done at Washington State University and whether we are, I think inadvertently recognizing that the demands of the courts to have their own system, are we not more or less endorsing that here?"

Senator Marsh: "We are endorsing the courts having their own judicial information system. There are many good reasons for that, Senator . . ."

Senator Donohue: "Well, I understand that; I am thinking about the dollars, Senator, that are involved here. And I am just concerned about a resolution that actually forces, in a sense, the legislature and the ways and means committee to, I imagine this will come up later, is what I am saying as a forceful item and I want the Senate to be aware of that."

POINT OF INQUIRY

Senator Guess: "Senator Donohue, do you mean that this mandates them establishing their own computer system and not using the one down at WSU?"

Senator Donohue: "Well, Senator Guess, where it says 'the committee recognizes the requirement for security, privacy and confidentiality,' those were the drivers that we heard in the ways and means committee as for the necessity of having their own system and moving out of Washington State University. This is on record in testimony before the ways and means committee and I wanted the Senate to just be aware of this."

Debate ensued.

POINT OF INQUIRY

Senator Lewis: "Senator Marsh, is there any estimate of the dollar figure we are looking at in the future on this program?"

Senator Marsh: "I do not have such an estimate."

The motion by Senator Marsh carried and the resolution was adopted on a rising vote.

"HONORED MEMBERS OF THE SENATE, LADIES AND GENTLEMEN, FOLLOWING IS A PRAYER GIVEN IN THE SENATE CHAMBER SEVERAL YEARS AGO BY THE REVEREND CHARLES LOYER, PASTOR OF WESTMINSTER PRESBYTERIAN CHURCH OF OLYMPIA:

"OUR HEAVENLY FATHER, WE ARE GRATEFUL FOR THE EXCELLENT RATING OUR LEGISLATORS HAVE EARNED THROUGH THE YEARS. BLESS THEM AND THEIR WORK TODAY. GIVE THEM A PRIDE OF OFFICE AND A WORKMANSHIP THAT IS SENSITIVE TO POPULAR OPINION BUT REFUSES TO BE ENSLAVED BY IT. LET THEM BE MEN AND WOMEN OF COURAGE, PRESERVING THE BEST OF THE PAST, YET BOLDLY CREATIVE IN THOSE AREAS WHERE PAST SOLUTIONS NO LONGER SERVE PRESENT NEEDS. AND DELIVER THEM FROM THE HARASSMENT OF ALL MONDAY MORNING QUARTERBACKS WHO, HAVING NEVER PLAYED THE GAME, STILL REGARD THEMSELVES AS OF ALL-AMERICAN CALIBER. AMEN."

REMARKS BY THE PRESIDENT

President Cherberg: "Ladies and gentlemen, our very capable and courageous and stalwart Secretary of the Senate, the Honorable Sid Snyder, has called attention to the fact that today, the 57th legislative day, is also the anniversary of the fifty-seventh day of the use of this particular building in 1927. The Senate was called to order at 9:30 a.m. by President Johnson pursuant to adjournment. The legislature met at the old capitol building, and then after a session there, they all walked up to this present chamber. Secretary Snyder expressed the thought that he doubted seriously if the members of today could walk that far. At any rate, they held a joint session, the Reverend Franklin Hart, rector of St. John's Episcopal Church of Olympia offered the prayer. President Johnson announced the purpose of the joint session was to formally open the session of the legislature in the new legislative building, etc., etc., etc. This was 1927. This is the fifty-third anniversary."

SECOND READING

SENATE BILL NO. 3636, by Senator Fleming:
Relating to nursing homes.

MOTIONS

On motion of Senator Fleming, Substitute Senate Bill No. 3636 was substituted for Senate Bill No. 3636 and the substitute bill was placed on second reading and read the second time in full.

Senator Sellar moved adoption of the following amendment:

On page 1, after line 28, insert:

"Section 1. Section 63, chapter 211, Laws of 1979 ex. sess. and RCW 18.51-.091 are each amended to read as follows:

The department shall make or cause to be made at least a yearly inspection of all nursing homes. Every inspection may include an inspection of every part of the premises and an examination of all records, methods of administration, the general and special dietary and the stores and methods of supply: PROVIDED, That private patients or the patient's guardian may execute a written denial of access to their person, their comprehensive plan of care, and their medical records for the purposes of such inspection: PROVIDED FURTHER, That such written denial shall not prohibit access in those instances where the department is investigating an alleged violation of chapter 18.51, 74.09, or 74.42 RCW. Following such inspection or inspections, written notice of any violation of this law or the rules and regulations promulgated hereunder, shall be given the applicant or licensee and the department. The department may prescribe by regulations that any licensee or applicant desiring to make specified types of alterations or additions to its facilities or to construct new facilities shall, before commencing such alteration, addition or new construction, submit its plans and specifications therefor to the department for preliminary inspection and approval or recommendations with respect to compliance with the regulations and standards herein authorized."

Renumber remaining sections accordingly.

Debate ensued.

POINT OF INQUIRY

Senator Goltz: "Senator Fleming, if a nursing home operator wanted to operate a home for private patients only, is that nursing home required to have a state license?"

Senator Fleming: "Yes, they are."

Senator Goltz: "If that kind of nursing home is licensed then by the state of Washington for private patients only and there are no federal dollars involved, does the state go in and inspect those records of those private nursing home patients the same as they would in a nursing home which has both public and private patients?"

Senator Fleming: "I do not know that many homes that we have in that position. I might let one of the doctors . . . Senator McDermott might be able to answer that question for you. But the question is is that they are licensed and once they are licensed and have gone through certain requirements whether they have public or private, public patients or not, they have the ability to serve public or private patients. And I guess the question is, and with this state being the contracting agency, there are certain kinds of standards that should take place in terms of the kinds of care, in terms of the health and safety and welfare of those patients and because you do not have public patients in there does not mean that you should allow a nursing home, if there is such, to give substandard care to a patient. There are certain kinds of standards of care that should be adhered to whether it is a private or public patient."

Further debate ensued.

On motion of Senator Day, the following amendment to the amendment by Senator Sellar was adopted:

On line 11 of the Sellar amendment to page 1, after line 28, after "RCW" on line 11, insert "PROVIDED FURTHER, That no health care facility shall make such objection as a condition for admittance"

Further debate ensued.

POINT OF INQUIRY

Senator McDermott: "Senator Sellar, as I read this amendment that you have written, it says 'the guardian may execute a written denial of access to their person'. Would it be your interpretation of that that nobody could even walk down the hall and look in the room, see if the person was there?"

Senator Sellar: "No, I do not believe so. You know what that is saying as well as I do. That is saying that they cannot come and lift the bed sheets up and take a look at the individual, that is what it is saying."

Senator McDermott: "That is not the words here, though, and I wanted to have it clearly in the record that you are talking about some kind of physical examination or inspection of the room itself, or what exactly are you talking about here?"

Senator Sellar: "I am not talking about a head count, Senator, I am talking about a physical examination."

Senator McDermott: "I see. I think that when you read this amendment carefully, it could be used to prevent a, if there happened to be a private patient down a particular hallway, you could interpret this very narrowly if you did not want the inspector to walk down the hallway, to say you cannot go down there because you might see so-and-so. That, the access to the person, it is not defined in law any place that I know and this looks like practically prohibiting an inspector from going into a part of a nursing home where there are patients who are paying privately."

Further debate ensued.

POINT OF INQUIRY

Senator Rasmussen: "Senator Haley, I am rather curious. I just talked with a party that has their mother as Senator Jones spoke of, in a nursing home and she asked that we not vote for this amendment because she did not have ability to be there daily and to contact her mother and find out what sort of care she was receiving. What do you see, without this amendment, in effect you are saying that nobody may examine the patient's physical surroundings whether they are laying there in

urine or whether they are covered with bed sores, you would not prohibit that, would you?"

Senator Haley: "Well, I personally would not force the patient, whether the patient wanted it or not, to have an inspection of that patient's bed and body; but as I read the amendments here, that patient, according to these amendments would be able to deny that that should happen, otherwise it will happen. Believe that is the interpretation that is correct that Senator Sellar has in mind here. But if a patient wanted to deny privacy and somehow the nursing home, which would be very doubtful if it made all other standards, allowed bedsores to develop and the patient would be lying in a pool of his or her own urine, I think that that patient should not be denied the privacy that patient wants if that is the way the patient wants to have it. But I think it is very unlikely that that would happen."

Senator Rasmussen: "Even though the patient was out of this world and knew not what was going on, yet clung to life, do you still think there should not be this inspection?"

Senator Haley: "Well, first of all, there are going to be very few patients who are going to sign the note that says that their records and their persons are not to be inspected. But those who do, likely will have guardians or relatives who will be visiting them from time to time and will be aware of bedsores developing and for hygienic conditions with that patient. So I do not think there is anything to worry about; and I think whoever spoke to you about this amendment did not have the updated version of Senator Sellar's amendment right now."

Senator Rasmussen: "Well, they did; I was in contact with them myself. Well, thank you Mr. President, thank you Senator Haley."

Further debate ensued.

The motion by Senator Sellar carried and the amendment, as amended, was adopted.

Senator Sellar moved adoption of the following amendment:

On page 2, line 5, after "chapter" insert: "PROVIDED, That private patients or the patient's guardian may execute a written denial of access to their person, their comprehensive plan of care, and their medical records for the purpose of such inspection: PROVIDED, FURTHER, That such written denial shall not prohibit access in those instances where the department is investigating an alleged violation of chapter 18.51, 74.09, or 74.42 RCW."

Senator Fleming demanded a roll call and the demand was sustained.

The President declared the question before the Senate to be the roll call on the amendment by Senator Sellar to page 2, line 5.

ROLL CALL

The Secretary called the roll and the amendment was adopted by the following vote: Yeas, 24; nays, 20; absent or not voting, 1; excused, 4.

Voting yea: Senators Benitz, Bradburn, Clarke, Day, Gallagher, Gould, Guess, Haley, Hansen, Hayner, Henry, Hurley, Lee, Lewis, Morrison, Pullen, Quigg, Scott, Sellar, Van Hollebeke, von Reichbauer, Waigren, Wanamaker, Woody—24.

Excused: Senators Conner, Matson, Moore, Talley—4.

On motion of Senator Fleming, the following amendment was adopted:

On page 3, line 30, strike section 4 and renumber the remaining sections consecutively.

There being no objection, on motion of Senator Day, an amendment to page 4, line 25 on the desk of the Secretary of the Senate was withdrawn.

Senator Haley moved adoption of the following amendment:

On page 5, line 1, after "a physician" insert: "PROVIDED, That a resident of a facility licensed pursuant to Chapter 18.51 RCW shall not be required to receive the continuing supervision of a health care practitioner licensed pursuant to Chapter 18.22, 18.25, 18.32, 18.57, 18.71, and 18.83 RCW, nor shall the state of Washington require such continuing supervision as a condition of licensing"

Debate ensued.

The motion by Senator Haley failed and the amendment was not adopted on a rising vote.

Senator Day moved adoption of the following amendment:

On page 8, line 10 after "74.42.570" strike ". Each day of failure or refusal to comply, after the scheduled date of correction, may constitute a new violation"

Debate ensued.

The motion by Senator Day carried and the amendment was adopted.

MOTION FOR RECONSIDERATION

Having voted on the prevailing side, Senator McDermott moved the Senate immediately reconsider the vote by which the amendment by Senator Day on page 8, line 10 was adopted.

Debate ensued.

The motion for reconsideration by Senator McDermott failed on a rising vote.

On motion of Senator Sellar, the following amendment by Senators Sellar and Haley was adopted:

On page 9, section 17, line 35 after "physicians" insert: "and patients"

Senator Fleming moved adoption of the following amendment:

On page 10, line 2, strike section 18 and renumber the remaining sections accordingly.

POINT OF INQUIRY

Senator Day: "Senator Fleming, a while ago here, we said that the patient could not, the argument was, deny himself medical care but now we say we are going to strike the language that says that the department is prohibited from denying him medical care. Is that correct? I do not quite follow that rationale there."

Senator Fleming: "Well, it is not a question of rationale, Senator Day. The feds have already, as you are well aware of the rules, and the nursing home industry themselves have indicated that that is the basis on which they have in the past had some of their concerns about that (1) we could not determine the care that the people got out there in terms of our budgetary concerns and I guess the attorney general with that in there has indicated that that could also be construed, having that in there that we could not even set reasonable limits in our laws based on setting reasonable limits."

The motion by Senator Fleming carried and the amendment was adopted.

Senator Pullen moved adoption of the following amendment:

On page 10, after line 12, insert the following sections:

"NEW SECTION. Sec. 20. It is the legislature's intent that the state of Washington have the sole authority to set nursing home policy. The setting of this policy is the inherent right of the state pursuant to the Tenth Amendment and Article I, section 8 of the Constitution of the United States. It is not the responsibility of congress or the federal government to set nursing home policy for the state of Washington.

NEW SECTION. Sec. 21. All nursing homes in the state shall be exempt from federal requirements. This does not exempt nursing homes from state licensing rules and regulations.

NEW SECTION. Sec. 22. The attorney general shall represent the state against any attempt to withhold federal social service funds from the state if such attempt to withhold funds is based in part or in whole on any provision of sections 20 or 21 of this act.

NEW SECTION. Sec. 23. Sections 20 through 22 of this act shall be added to chapter 74.42 RCW."

Renumber remaining sections consecutively.

Debate ensued.

The motion by Senator Pullen failed and the amendment was not adopted.

On motion of Senator Sellar, the following amendment to the title was adopted:

On page 1, line 1 of the title after "homes;" insert:

"amending section 63, chapter 211, Laws of 1979, 1st ex. sess. and RCW 18.51.091;"

On motion of Senator Fleming, the rules were suspended, Engrossed Substitute Senate Bill No. 3636 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

The Secretary called the roll on the final passage of Engrossed Substitute Senate Bill No. 3636, and the bill passed the Senate by the following vote: Yeas, 43; nays, 2; absent or not voting, 1; excused, 3.

Debate ensued.

MOTION FOR RECONSIDERATION

Having voted on the prevailing side, Senator Day moved the rules be suspended and the Senate reconsider the vote by which the committee amendment to page 1, line 15, as amended by Senator Pullen, was adopted earlier today.

PARLIAMENTARY INQUIRY

Senator Pullen: "Senator Day moved that the rules be suspended. My point of parliamentary is, does his motion take a suspension of the rules and therefore a two-thirds vote?"

REPLY BY THE PRESIDENT

President Cherberg: "No, Senator, the motion does not necessitate the suspension of the rules."

PARLIAMENTARY INQUIRY

Senator Pullen: "Then his motion is fully debatable, is that not correct?"

REPLY BY THE PRESIDENT

President Cherberg: "Yes, that is true, Senator."

POINT OF ORDER

Senator Pullen: "Senator Day did not vote on the prevailing side."

REPLY BY THE PRESIDENT

President Cherberg: "The President does not recall any negative votes on the adoption of the committee amendment."

Debate ensued.

The President declared the question before the Senate to be the motion for reconsideration by Senator Day.

The motion for reconsideration carried.

MOTION FOR RECONSIDERATION

On motion of Senator Day, the Senate moved to reconsider the vote by which the amendment by Senator Pullen to the committee amendment to page 1, line 15 was adopted.

POINT OF INQUIRY

Senator Goltz: "Senator Pullen, what is the cost of maintaining a person at Walla Walla for one year?"

Senator Pullen: "It is somewhere around ten thousand dollars."

Senator Goltz: "The information I have is that it is substantially more than that but I guess if you multiply that times the number of years that the average inmate is in Walla Walla, I would like to know what is the cost of maintaining the average prisoner at Walla Walla during the total time of his incarceration there."

Senator Pullen: "Well, the average term of incarceration is about two years now, two and one-half years, so you are talking about twenty to twenty-five thousand dollars."

POINT OF INQUIRY

Senator Haley: "Senator Day, we did not, in this bill, as we have in other bills, take monies that are presently appropriated out of DSHS because of the, say fifteen naive criminals presently in the system; but is that, I do not believe we did that and if we did not, why didn't we and does this mean that the total cost would be fifteen thousand per each plus several thousand more of presently appropriated monies?"

Senator Day: "It is my understanding that in Walla Walla, it is closer to twenty thousand dollars a year per prisoner and this appropriation says 'up to that amount and so much thereof as may be necessary' so that is the maximum amount that the department can use and it would be hoped that they won't use half of that if they do not have to. So it is an appropriation that is there if it is needed with the project but it is not just a flat appropriation that they are going to dissipate."

ROLL CALL

The Secretary called the roll on the final passage of Engrossed Senate Bill No. 3290, and the bill passed the Senate by the following vote: Yeas, 41; nays, 2; absent or not voting, 3; excused, 3.

APPOINTMENT OF SPECIAL COMMITTEE

The President appointed Senators Henry, Hayner, Walgren, Morrison, Talmadge, Van Hollebeke, Clarke and Bottiger to escort the Honorable Dan Marsh to the Senate rostrum.

MOTION

Senator Walgren: "Mr. President, I would suspect that all members of the Senate would like to join on this resolution for Senator Marsh and would so move that they be allowed to do so."

President Cherberg: "It has been moved that the names of each of the forty-nine Senators be designated as sponsors of the measure. With the unanimous approval of the members, it is so ordered."

REMARKS BY SENATOR WALGREN

Senator Walgren: "Dan, as you could tell, there were no objections to that. I think that that certainly is evidence of the esteem in which we all hold you as a member of this body and of the fine job that you have done, and I want to say for myself personally, that I am so very pleased to have been able to have you as back-up man here in the Senate as far as handling the measures that come before us here on this floor.

"I had the privilege of serving with Dan Marsh in the House of Representatives and I guess it was at that time I first learned the terminology of a 'bum' bill. I think all of you have heard that and that Dan used to present that very quietly over there on the floor of the House of Representatives; and of course you all know that here in the Senate he was a very quiet but very effective member of this body. He does, indeed, present his views very forcefully and I think very effectively. He has been an outstanding member of this body, certainly as the term 'State Senator' means all of that, that he has indeed represented the people of the state of Washington; and more particularly in his work as chairman of the judiciary committee of this body, because it is that committee that considers a good bit of the very, very important legislation that all of us are going to have to work under and could carry out our daily lives under that legislation. He has been very careful to see that that legislation has been worked very carefully. And more particularly I suppose, you can say that he indeed, is a State Senator in the best of that term as it relates to his own particular district. I know that for years he has carefully nurtured the files up there in his office, sometimes a little secretly; the very good mailing lists that he has; the careful concern that he shows to make sure that his constituents know exactly what is going on in this body and over on the other side. He has done an excellent job; he is a credit to this Senate; he is a credit to the legislature; and he is a credit to the people of the state of Washington. And I am very proud to have worked with him."

REMARKS BY SENATOR MORRISON

Senator Morrison: "Senator Marsh, I have just given this resolution to the chairman of the House judiciary committee who is here in the wings, my good seat-mate Representative Newhouse; and while he said 'Well, Dan did kill a few of my bills, he passed the best ones'. And so from the House of Representatives I bring you congratulations and best wishes, and from myself personally, Dan, an appreciation of an ability to work with you through the years in a variety of interests and areas; and Godspeed you on your journey."

REMARKS BY SENATOR SCOTT

Senator Scott: "Well, Senator Walgren, I am not so sure this isn't a day of quiet mourning down Vancouver way too; all those people in the public institutions in the forty-ninth district that just do not know where those little tidbits are going to be in next year's budget. Dan, your career has been characterized by a high-energy level, some would say a little bit of bombast, but we did not mind that a bit.

I think you have communicated well with all of us; you have certainly had the facility for working with and creating friends on both sides of the aisle; and I am sure that after all of us are gone from this place, the things that we will remember are the friendships we made and those that endure, and speaking for myself in particular and the other members on this side, you do not have to worry about your relationship with us not lasting."

REMARKS BY SENATOR GOLTZ

Senator Goltz: "Mr. President, and members of the Senate. Many of you know I share an office up here at 408 in the legislative building with Dan Marsh, so I can observe him day by day as he goes about his legislative business. And I can say he is a model of decorum as a member of that office suite. He is model of a legislator who treats his constituents and his visitors courteously, and makes them feel very welcome when they come to Olympia. He is a model for informing his district of not only his accomplishments, but the accomplishments of the rest of us as well. And he is a model assistant majority leader. I only hope that the next majority leader has the same skill and dedication and ability that Dan Marsh has shown to our present majority leader. And I am looking around to see where that kind of leadership might come from. So Dan, we are going to miss you and we wish you well."

REMARKS BY SENATOR ODEGAARD

Senator Odegaard: "Mr. President and members of the Senate. Senator Goltz is always hard to follow. When I was first elected to the Senate and started here in 1969, I remember one of the first visitors who came over from the House was Senator Marsh. He said 'I just have a little bill, Senator Odegaard, one of those little bills I could use your help on'. It had to do with, I've forgotten now, it was either the blind school, I believe, or the deaf school. But Dan was right here asking for us to help where he thought it was needed most, concerns of his district and concerns of the state, concerns of the unfortunate throughout the state. It is hard to find anyone, I believe, on this floor, who works harder than Dan Marsh; one of the most conscientious people I have ever had the pleasure to meet. Whenever we need someone to do the tough job, to lead the way, it is always Dan that can be called on and he takes the hard knocks, he has taken those hard knocks for us in the past.

"Dan, we are going to miss your pep talks in our caucus; will have to try to find someone else to replace that, because at times when we need the certain pep talks, it is Dan who has been there to give them to us. And I think those who will miss you the most are your constituents in Clark county. We wish you well in your ventures in the furtherance of your practice in Clark county."

REMARKS BY SENATOR DAY

Senator Day: "Well, I was one of those fortunate few that is still around here that happened to be in the House when Dan Marsh came to the House and he was young and he was energetic then and he also happened to be from a district that had three House members. And we were doing a thing called 'redistricting' and suddenly they decided there should only be two House members from Clark county. And so Senator Marsh came over and discussed it a little bit with me and we had some talks and he went back to Clark county and when he got through there were only two came back from Clark county, but I submit to you that he was not only one of them but he was the leader of the ticket. And he remained that way. He has not only been a man of integrity and a real friend, but in addition, he has been a man that had a lot of backbone and a lot of energy to go with it, and that, as far as I am concerned, makes a darned good legislator and is going to be sorely missed here.

"I think as we come down through the years and we have seen the things that occur here that have occurred in the last twenty years or so, that one of the things that has evolved is that it is more difficult all the time for people of his caliber to decide to serve the state of Washington as a legislator and I think that is sad, and it is sad that we are losing a man today of the caliber of Dan Marsh."

REMARKS BY SENATOR BAUSCH

Senator Bausch: "Just briefly, Senator Marsh, I want to thank you for all the help you have given me here on the floor and it has been considerable through the years that we have been here together.. I do want to make one other point. Last session we had a disagreement over an issue on this floor of which, supposedly, he lost and I won. But I want to tell you, after the abuse that came after that, I wish you had won the argument because as it turned out, you surely did. The subject was 'product liability' and I wish you had gotten it, but you did win the argument."

REMARKS BY SENATOR VAN HOLLEBEKE

Senator Van Hollebeke: "Mr. President and members. Senator Dan, I just want to join in, in wishing you well in whatever path you choose from here, and I have only two other things to say. There is one thing I particularly noted about you and one thing that I admire most in a Senator and that is your ability to take a hard vote. Really like that. The other thing, Dan, I would like to personally thank you for the many times you gave me personal counseling here in political or legislative matters. Very much appreciate it."

REMARKS BY SENATOR RASMUSSEN

Senator Rasmussen: "Mr. President, members of the Senate. I am very sorry to see Dan leave. He is not leaving yet; of course he will be working for his people right up until January 1981; after that it is going to cost him money. Now they can ask him all kinds of questions and as a Senator, he answer them and solves their problems and it is no fee attached; but from after 1981 they had better be careful what kind of questions they ask. He will do a good job in answering them anyway. And I have seen your co-conspirator in crime over there, the House judiciary chairman and I just wondered what we were going to do with that remonstrance that he has filed and I was hoping you would have a good legal answer for that. Nobody has ever heard of that before and I thought maybe that is what he was over here to get an opinion just before you left.

"But we appreciate all of your hard work and you have been here promptly and on time. Many of us were not able to get here in time for the prayer and the flag salute; we tried to make the first roll call and you started whether we were here or not. And that is the type of discipline that we need. So you will have to come up and visit with us some time and see how we are operating without you. We do appreciate all the time we have had the opportunity to serve with you."

REMARKS BY SENATOR GOULD

Senator Gould: "Mr. President, just two brief comments. First of all, Senator Goltz, I am very surprised at you, I always thought you were a man of vision; I think of you as being able to look very far and I do not think you looked far enough for those qualities of leadership . . . you should look over the aisle. My second comment in regard to Senator Marsh, just briefly, he has also been, he can be a great ally I know, because at times we have been allies. He can even be a stronger adversary—I know that because we have been adversaries. To you Dan, may all your dog bites be little ones."

REMARKS BY SENATOR DONOHUE

Senator Donohue: "Mr. President, I have worked with Dan over the years, I guess you would have to say Dan has been a great help many times in holding the line. And I think as we look forward to the future, thank God he was here. I know this, that when I add up all the dollars in the deaf school, we have rebuilt it about three times, Dan, in the last several years. And I think it is probably one of the finest in the nation. But I think that, something that I always remember about Dan when he really is interested in something, that he really wants something, he sort of comes up and towers over you. And then when he gets ready to say something on the floor, sitting here watching him the last session especially, I have noticed that when he is ready to move he starts, his chair begins to work back and forth and he is just ready to leap. And once in a while he does jump up and most of the time, wins the argument. I think that, one thing I remember more than anything else is the fact that over the years, I do not think that Senator Marsh and myself have had any really unfriendly arguments. We do not agree all the time but I do not believe Dan and I have ever been head to head or whatever the proposal might be and really be very unfriendly; and I think that is a great thing that, to admire about somebody with Dan's ability and his stature. He is a man's man; we are going to miss you very much, Dan. And I will think of you every time that we are ready to beat down those taxes."

REMARKS BY SENATOR FLEMING

Senator Fleming: "Mr. President and members of the Senate. I guess, speaking about Dan Marsh, and the relationship he and I have developed over the last two or three years or four years since we have been working together in the leadership, it is probably personification of many of the kinds of things that happen between individual members or groups of members on the floor of the Senate. All too many times we take for granted that one of us respects the other, or the other respects us, or we respect one's opinion or what they stand for. And I am pretty sure that I could probably be right-on in my saying, if I were to say, that the respect I have for Dan Marsh at this present time and the respect Dan Marsh has for me, is not what it was when he and I first were working together in the House or even when he first came over in the Senate. All too many times we take things for granted when we sit across these aisles and we see people at a distance and we all have different constituents and sometimes it is difficult for us to understand and relate to the problems of that other individual's district. I think the thing that has happened more with Dan, and I commend him for that, is that we have had a chance to work a little closer together; we have had a chance to develop and demand the respect of one another; and I think most of all as Senator Donohue has talked about, we have learned to sit down to agree to disagree, and sometimes that is pretty difficult to do. Dan, we are going to miss you."

REMARKS BY SENATOR HENRY

Senator Henry: "Well, you know I used to have an awful time getting through Senator Marsh's district. He is one of the greatest campaigners I have ever seen and every time you stick out your hand to make a left turn, he was on the corner to shake it. So I told him I was going to go through the outskirts of the city. Dan and I represent neighboring districts, along with my other learned friend here, Senator Talley; and I think we have held down that corner of the state pretty well and certainly with the cooperation of men who learned how to disagree without being disagreeable. We will miss you, Dan."

REMARKS BY SENATOR WILSON

Senator Wilson: "Mr. President, I must say I am more hopeful than I was fifteen minutes ago, that is, when the resolution was first distributed. There was quite a question in this area of the chamber as to whether there would be enough votes to pass it and did anyone survey the membership? But I guess in view of the comments we are at least going to get twenty-five, Dan, and we may do better than that.

"I would like to say very briefly that sitting directly behind Senator Marsh, I probably had a more intense opportunity than anyone to observe his performance as the assistant majority leader. And I have been very impressed by him. I found that always he has taken care to keep in close touch with the majority leader, to make sure that the floor was being run in the way the majority leader wished it to; and on the other side of the fence before he called up the various measures, he has made sure that whoever was going to try to handle the matter on the floor, was aware that it was coming up so that the person would not be taken unawares and be unprepared. I would like to say to you Dan, along with the many other thoughts that have been expressed, that I think you have done simply an excellent job as the assistant majority leader in this chamber."

REMARKS BY SENATOR SHINPOCH

Senator Shinpoch: "Thank you, Mr. President. Dan, I suspect that, other than being known for honesty and integrity and certainly effectiveness, probably the thing that I, at least, will remember the longest about you is your dedication to attempting to always get a dollar's worth for the taxpayer's dollar; that you were always there when we were attempting to hold the line when we were taking those hard votes relative to reforming the pension systems, doing some of the fundings that we would all like to do and there are no dollars to do them, you were there. And I suspect that that is probably what I will remember the longest about you is your dedication to the taxpayers and seeing that they get their dollar's worth."

REMARKS BY SENATOR BOTTIGER

Senator Bottiger: "Mr. President, I could not let this opportunity go by without mentioning some old war stories. Dan and I started out together away back in the Y.D.'s. before either one of us had been elected and somehow we just seemed to go together. We came to the Senate at the same time, we were elected to the House at the same time. You know there is an old saying, when you have been down here for sixteen years that it, as my wife describes it, it is called 'the illness'. You get it in your blood and you cannot get it out and somehow I think that rather than the state Senate the people of Clark county have acquired a new leader."

REMARKS BY SENATOR RIDDER

Senator Ridder: "Mr. President, Senator Marsh. All these words might lead folks to think this is a eulogy. I think you will have to agree there is a great deal of life left in Dan Marsh yet and we are looking forward to seeing it. I thank you for all your courtesies, especially this year as assistant majority leader. Peace to you on our differences and I have to say, in examining the resolution, it must have been written about an attorney and I suspect by an attorney if you count the 'whereases'."

REMARKS BY SENATOR CLARKE

Senator Clarke: "Thank you, Mr. President. I am one of the few who had the privilege of serving with Dan over in the House. And over there he was in the minority. And you know what really brings out the ability of a good lawyer is when

he has got an uphill row to hoe. And Dan, over there in the minority, was equally as effective as he has been over here in the majority. So he got his training over there on the tough side when some of the Republicans, I think, gave you a little bit of a tough opposition and I think it sharpened him up, so when he came over here and got in the majority, why he knew all the answers. That is one of the difficult things. So he has been a most effective legislator, and Dan, I certainly enjoyed the long association both in the House and in the Senate."

REMARKS BY SENATOR HAYNER

Senator Hayner: "Mr. President, ladies and gentlemen of the Senate. Dan is a team player. I know that, because he tried to keep me out of the Senate. He worked very hard, came into my district and campaigned for my opponent. But I have had the pleasure of serving with Dan in this body and on the judiciary committee. I have great respect for him. He has, and I think the word that has come up most frequently in this group, is that he is very courteous to everyone. That is such a great quality, Dan. I know that you are going to go back to your own district and find other ways to affect the future of this state and I am looking forward to that because I think that you should do that. And even though Senator Day said you were young and energetic when you came to the House, I think you are still young and energetic, and I wish you the best in your practice of the law in the future. Thank you."

REMARKS BY SENATOR TALMADGE

Senator Talmadge: "Mr. President and members of the Senate. I have had the great pleasure to serve as the vice-chairman of the judiciary committee over the last fourteen months while Dan was chairman and I can tell you, as a freshman in this body, that I learned a great deal from Dan. He extended to me what I consider unusual courtesies in the Senate and he was, I think, a gentleman in the best sense of the word in extending those courtesies to the members of the committee and the people from the bar and the lay public who came before the judiciary committee. Dan will be sorely missed and I wish him the best in his law practice."

REMARKS BY SENATOR GALLAGHAN

Senator Gallagher: "Thank you, Mr. President. I thought the freshmen were always going to get a time to be heard and I want to express my appreciation for Dan, too. And the little dog bite bill that came up last year which we went through and my wife had been injured on a campaign, and he said 'Sign this bill, it is a good one—it will take care of all those people.' Now I would certainly recommend Dan, now that he is going into private practice, to anyone who has a dog bite problem during the campaign can go to Dan and he would take care of it. I thank you Dan, and I have learned a great deal under your leadership."

REMARKS BY SENATOR McDERMOTT

Senator McDermott: "Mr. President, Senator Marsh. I have spent a lot of time sharing book titles with you and discussing books; and as I sit here thinking about some of the books we have talked about, I cannot help but thinking of the story about the Irish politician who died. This is very much like a eulogy today. And they all went out to the graveyard to see the casket into the grave. And somebody asked one of the politicians who was there, 'Why are you here?' He said, 'Well, I just want to be sure he has gone.' Now I am not sure that you are really gone from public life—you are not very straight-forward about what you are going to do next. But I wish you the very best in whatever you do because I do not think you are gone."

REMARKS BY SENATOR JONES

Senator Jones: "Mr. President and Dan. I want to thank you for the tough votes and that two-year session we spent on pension reform. You were, and are, still one tough guy and you should be remembered for that billion dollar gift you have given to the state of Washington."

REMARKS BY SENATOR BRADBURN

Senator Bradburn: "Thank you Mr. President. I have only known Dan for approximately eight, nine weeks now. I have not served as long as some of you have with him. I probably served as often with him since we play racquetball occasionally in the morning. Dan, I am going to miss that, and I am going to miss you."

REMARKS BY SENATOR WOJAHN

Senator Wojahn: "Mr. President and members of the Senate, and especially to Dan. I served with Dan in the House also and I remember him jumping up and really loudly proclaiming 'This is a bum bill' and it became the password over there to those of us who did not like particular pieces of legislation. It was Dan's own statement and it also got us a few votes once in a while because people did remember that. I am pleased to have served with you in the Senate and the thing that I remember the most when I first arrived here, just weeks after I came here in '77, was your gracious approach to me as you slapped a picture of Mother Joseph down in front of me and said 'Don't you think that this is a neat lady?' He knew he could get me with that one. And he said 'She developed the Mothers of Providence; she did all these neat things; she was a carpenter, she was a healer and she could do anything' and this appealed to me, of course; and before I knew what had happened I had agreed to vote for Mother Joseph as the person being, as the statue being placed in Statuary Hall which was rather shattering, because I really kind of like George Bush. . . Yes, he was. He was one of the first persons to cross the Columbia River, he actually had the money. . . was his name George? Yes, it was. He was a black; he was the first black settler in the state of Washington and he was the one who financed the Lewis and Clark expedition as I remember, to cross the Columbia River, otherwise Washington may not even have been a state. But I congratulate you, you got my vote and you have got lots of my other votes although I have not always agreed with you. Thank you."

REMARKS BY SENATOR MATSON

Senator Matson: "Thank you, Mr. President. Dan, I would be worried if I were you, there are so many happy people around here about the fact that you are leaving. As far as I am concerned there are some people in the legislature that the legislature would not particularly miss. You do not fit that category."

REMARKS BY THE PRESIDENT

President Cherberg: "Dan and other honored members of the Senate, ladies and gentlemen. Dan, I am sure that you are aware that everybody that knows you has joined in congratulating and complimenting you upon your splendid, remarkable record in representing your constituents and the people of the state of Washington. I would like to add a personal note that I am deeply grateful to you for the wonderful cooperation that you have always extended to me. You are a man who has looked upon public service as a public trust and we are indeed proud of you. And I am sure that everyone joins in hoping and wishing that the future holds all kind things for you. If Dan were practicing law in Germany, he would be introduced as 'Dr. Dan

Marsh'. I think we sometimes forget the significance of the degree that Dan has earned 'Doctor of Jurisprudence'. He is truly a Doctor of Jurisprudence. Dr. Dan Marsh."

REMARKS BY SENATOR MARSH

Senator Marsh: "Thank you very much, Governor and friends. You know that really was a bum deal that was read here this afternoon. There have been a lot of bum remarks made; they have been so overly generous that the colleagues sitting around me are afraid that I am going to change my mind and run for reelection. You know maybe I will just take a sabbatical. But I have truly enjoyed knowing each one of you and serving with each one of you. It has really been a very, very great experience for me and I never will forget it. I want to thank those who have helped me and I see my loyal secretary of many, many years, Muriel Staley, up in the gallery; and I want to recognize what she has done to make it possible for me to return these many times. I want to recognize my intern this time, is also in the gallery; and all of the staff and all of you who have made the experience so enjoyable. It has truly been the highlight of my life to have been a member of the legislature. I truly will value today. You know I am reminded of Governor Cherberg's remarks on several occasions 'It is nice to smell the roses while you are still alive' and I certainly enjoyed smelling them today. Thank you very much from the bottom of my heart."

REMARKS BY THE PRESIDENT

President Cherberg: "Thank you very much, Dan. Would the committee please escort our distinguished Senator to his place on the Senate floor?"

The committee of honor escorted the Honorable Dan Marsh to his seat on the Senate floor and the committee was discharged.

The motion by Senator Walgren carried and the resolution was unanimously adopted.

There being no objection, the Senate returned to the first order of business.

MESSAGE FROM THE GOVERNOR

REGARDING SIGNING OF ENGROSSED SENATE BILL NO. 3499

Office of the Governor, March 10, 1980.

TO THE HONORABLE, THE SENATE OF THE STATE OF WASHINGTON.

LADIES AND GENTLEMEN:

I have signed ENGROSSED SENATE BILL NO. 3499, because I support the admirable intent of this bill to provide for a new alternative service system for children with multiple handicaps. However, it is unwise to assume that a new service can simply be funded by a like amount of savings in existing programs. Everyone can support the concept of a new program for handicapped children, but we should recognize that the quality of all state programs depend on a realistic assessment of need and available funding.

I believe that this pilot project should have carried its own appropriation because of the unknown costs and savings of this new program. The transfer of

funds from the Medical Assistance budget is very likely to contribute to a shortfall which will need adjustment with a supplemental appropriation in 1981.

Respectfully submitted,
DIXY LEE RAY
Governor.

SIGNED BY THE PRESIDENT

The President signed:
HOUSE BILL NO. 646,
SUBSTITUTE HOUSE BILL NO. 1610,
HOUSE JOINT MEMORIAL NO. 25.

MESSAGE FROM THE HOUSE

March 4, 1980.

Mr. President: The House has passed ENGROSSED SENATE BILL NO. 3181, with the following amendments:

On page 1, strike everything after the enacting clause and insert the following:
"NEW SECTION. Section 1. The legislature finds that certain residences have been subjected to excessive property taxes solely because the residences are utilizing energy saving systems. It is the intent of the legislature to prevent homeowners who

install energy saving heat pumps, heating, cooling, domestic water heating and electrical systems, including active and passive solar energy systems, from being subjected to unfair property tax burdens.

The legislature further finds that the use of solar and other renewable energy resources can make a useful contribution to meeting future energy needs and that encouragement of the use of these energy resources is in the best interests of the people of the state.

Sec. 2. Section 84.40.030, chapter 15, Laws of 1961 as last amended by section 1, chapter 187, Laws of 1973 1st ex. sess. and by section 96, chapter 195, Laws of 1973 1st ex. sess. and RCW 84.40.030 are each amended and reenacted to read as follows:

All property shall be valued at one hundred percent of its true and fair value in money and assessed on the same basis unless specifically provided otherwise by law.

Taxable leasehold estates shall be valued at such price as they would bring at a fair, voluntary sale for cash without any deductions for any indebtedness owed including rentals to be paid. Notwithstanding any other provisions of this section or of any other statute, when the value of any taxable leasehold estate created prior to January 1, 1971 is being determined for assessment years prior to the assessment year 1973, there shall be deducted from what would otherwise be the value thereof the present worth of the rentals and other consideration which may be required of the lessee by the lessor for the unexpired term thereof: PROVIDED, That the foregoing provisions of this sentence shall not apply to any extension or renewal, made after December 31, 1970 of the term of any such estate, or to any such estate after the date, if any, provided for in the agreement for rental renegotiation.

The true and fair value of real property for taxation purposes (including property upon which there is a coal or other mine, or stone or other quarry) shall be based upon the following criteria:

(1) ~~((a))~~ Any sales of the property being appraised or similar property with respect to sales made within the past five years. The appraisal shall take into consideration political restrictions such as zoning as well as physical and environmental influences. The appraisal shall also take into account, ~~((i))~~ (a) in the use of sales by real estate contract as similar sales, the extent, if any, to which the stated selling price has been increased by reason of the down payment, interest rate, or other financing terms; and ~~((ii))~~ (b) the extent to which the sale of a similar property actually represents the general effective market demand for property of such type, in the geographical area in which such property is located. Sales involving deed releases or similar seller-developer financing arrangements shall not be used as sales of similar property.

~~((b))~~ (2) In addition to sales as defined in subsection ~~((i)(a))~~ (1), consideration may be given to cost, cost less depreciation, reconstruction cost less depreciation, or capitalization of income that would be derived from prudent use of the property. In the case of property of a complex nature, or being used under terms of a franchise from a public agency, or operating as a public utility, or property not having a record of sale within five years and not having a significant number of sales of similar property in the general area, the provisions of this subsection ~~((i)(b))~~ (2) shall be the dominant factors in valuation. When provisions of this subsection ~~((i)(b))~~ (2) are relied upon for establishing values the property owner shall be advised upon request of the factors used in arriving at such value.

~~((c))~~ (3) In valuing any tract or parcel of real property, the value of the land, exclusive of structures thereon shall be determined; also the value of structures thereon, but the valuation shall not exceed the value of the total property as it exists. In valuing agricultural land, growing crops shall be excluded.

~~((PROVIDED, That the provisions of this subsection (1) shall be applicable to all values for use in computing property taxes for the assessment year 1972 for taxes payable in 1973 and subsequent years.))~~

(4) In valuing any building with an unconventional heating, cooling, domestic water heating or electrical system before December 31, 1987, the value placed on the building shall not exceed the value which would be placed on the building if it had a conventional system.

NEW SECTION. Sec. 3. There is added to chapter 84.40 RCW a new section to read as follows:

Notice of the assessment rule provided in section 2(4) of this 1980 act shall be included on or with all property tax statements and revaluation notices. This section shall expire December 31, 1987.

Sec. 4. Section 6, chapter 91, Laws of 1947 as last amended by section 43, chapter 195, Laws of 1973 1st ex. sess. and RCW 41.16.060 are each amended to read as follows:

It shall be the duty of the legislative authority of each municipality, each year as a part of its annual tax levy, to levy and place in the fund a tax of twenty-two and one-half cents per thousand dollars of assessed value against all the taxable property of such municipality: PROVIDED, That if a report by a qualified actuary on the condition of the fund establishes that the whole or any part of said dollar rate is not necessary to maintain the actuarial soundness of the fund, the levy of said twenty-two and one-half cents per thousand dollars of assessed value may be omitted, or the whole or any part of said dollar rate may be levied and used for any other municipal purpose.

It shall be the duty of the legislative authority of each municipality, each year as a part of its annual tax levy and in addition to the city levy limit set forth in RCW 84.52.050, as now or hereafter amended, to levy and place in the fund an additional tax of twenty-two and one-half cents per thousand dollars of assessed value against all taxable property of such municipality: PROVIDED, That if a report by a qualified actuary establishes that all or any part of the additional twenty-two and one-half cents per thousand dollars of assessed value levy is unnecessary to meet the estimated demands on the fund under this chapter for the ensuing budget year, the levy of said additional twenty-two and one-half cents per thousand dollars of assessed value may be omitted, or the whole or any part of such dollar rate may be levied and used for any other municipal purpose.

The amount of a levy under this section allocated to the pension fund may be reduced in the same proportion as the regular property tax levy of the municipality is reduced by chapter 84.55 RCW.

Sec. 5. Section 16, chapter 110, Laws of 1967 ex. sess. as last amended by section 8, chapter 71, Laws of 1974 ex. sess. and RCW 71.20.110 are each amended to read as follows:

In order to provide additional funds for the coordination of community mental retardation and other developmental disability services and to provide community mental retardation, other developmental disability, or mental health services, the board of county commissioners of each county in the state shall budget and levy annually a tax in a sum equal to the amount which would be raised by a levy of two and one-half cents per thousand dollars of assessed value against the taxable property in the county to be used for such purposes: PROVIDED, That all or part of the funds collected from the tax levied for the purposes of this section may be transferred to the state of Washington, department of social and health services, for the purpose of obtaining federal matching funds to provide and coordinate community mental retardation, other developmental disability, and mental health services. In the event a county elects to transfer such tax funds to the state for this purpose, the state shall grant these moneys and the additional funds received as matching funds:

to service-providing community agencies or community boards in the county which has made such transfer, pursuant to the plan approved by the county, as provided by chapters 71.16, 71.20, 71.24, and 71.28 RCW, all as now or hereafter amended.

The amount of a levy allocated to the purposes specified in this section may be reduced in the same proportion as the regular property tax levy of the county is reduced by chapter 84.55 RCW.

Sec. 6. Section 7, page 210, Laws of 1888 as last amended by section 5, chapter 4, Laws of 1973 2nd ex. sess. and RCW 73.08.080 are each amended to read as follows:

The boards of county commissioners of the several counties in this state shall levy, in addition to the taxes now levied by law, a tax in a sum equal to the amount which would be raised by not less than one and one-eighth cents per thousand dollars of assessed value, and not greater than twenty-seven cents per thousand dollars of assessed value against the taxable property of their respective counties, to be levied and collected as now prescribed by law for the assessment and collection of taxes, for the purpose of creating the veteran's relief fund for the relief of honorably discharged veterans who served in the armed forces of the United States in the Civil War, in the war of Mexico or in any of the Indian wars, or the Spanish-American war or the Philippine insurrection, in the First World War, or Second World War or Korean conflict, or Viet Nam conflict, and the indigent wives, husbands, widows, widowers and minor children of such indigent or deceased veterans, to be disbursed for such relief by such board of county commissioners: PROVIDED, That if the funds on deposit, less outstanding warrants, residing in the veteran's relief fund on the first Tuesday in September exceed the expected yield of one and one-eighth cents per thousand dollars of assessed value against the taxable property of the county, the county commissioners may levy a lesser amount: PROVIDED FURTHER, That the costs incurred in the administration of said veteran's relief fund shall be computed by the county treasurer not less than annually and such amount may then be transferred from the veteran's relief fund as herein provided for to the county current expense fund.

The amount of a levy allocated to the purposes specified in this section may be reduced in the same proportion as the regular property tax levy of the county is reduced by chapter 84.55 RCW.

NEW SECTION. Sec. 7. Section 1, chapter 364, Laws of 1977 ex. sess. and RCW 84.36.410 are each repealed.

NEW SECTION. Sec. 8. This act is necessary for the immediate preservation of the public peace, health, and safety, the support of the state government and its existing public institutions, and shall take effect immediately and shall be effective for assessments made in 1980 and years thereafter."

MESSAGE FROM THE HOUSE

February 18, 1980.

Mr. President: The House has passed SENATE BILL NO. 3240 with the following amendments:

Strike everything after the enacting clause and insert the following:

"Section 1. Section 1, chapter 234, Laws of 1959 as amended by section 1, chapter 237, Laws of 1967 and RCW 34.04.010 are each amended to read as follows:

~~((For the purpose of this chapter:))~~ The definitions set forth in this section shall apply throughout this chapter, unless the context clearly requires otherwise.

(1) "Agency" means any state board, commission, department, or officer, authorized by law to make rules or to adjudicate contested cases, except those in the legislative or judicial branches.

(2) "Rule" means any agency order, directive, or regulation of general applicability (a) the violation of which subjects a person to a penalty or administrative sanction; (b) which establishes, alters, or revokes any procedure, practice, or requirement relating to agency hearings; (c) which establishes, alters, or revokes any qualification or requirement relating to the enjoyment of benefits or privileges conferred by law; (d) which establishes, alters, or revokes any qualifications or standards for the issuance, suspension, or revocation of licenses to pursue any commercial activity, trade, or profession; or (e) which establishes, alters, or revokes any mandatory standards for any product or material which must be met before distribution or sale. The term includes the amendment or repeal of a prior rule, but does not include (i) statements concerning only the internal management of an agency and not affecting private rights or procedures available to the public, (ii) declaratory rulings issued pursuant to RCW 34.04.080, as now or hereafter amended, or (iii) speed restrictions for motor vehicles established by the state highway commission.

(3) "Contested case" means a proceeding before an agency in which an opportunity for a hearing before such agency is required by law or constitutional right prior or subsequent to the determination by the agency of the legal rights, duties, or privileges of specific parties. Contested cases shall also include all cases of licensing and rate making in which an application for a license or rate change is denied except as limited by RCW 66.08.150, or a license is revoked, suspended, or modified, or in

which the granting of an application is contested by a person having standing to contest under the law or agency rules.

(4) "License" includes the whole or part of any agency permit, certificate, approval, registration, charter, or any form of permission required by law, including agency rule, to engage in any activity, but does not include a license required solely for revenue purposes.

(5) "Licensing" includes the agency process respecting the grant, denial, renewal, revocation, suspension, annulment, withdrawal, or modification of a license.

(6) "Rules review committee" or "committee" means either of the administrative rules review committees created pursuant to section 4 of this 1980 act for the purpose of selectively reviewing existing and proposed rules of state agencies.

Sec. 2. Section 3, chapter 237, Laws of 1967 as last amended by section 7, chapter 240, Laws of 1977 ex. sess. and RCW 34.04.025 are each amended to read as follows:

(1) Prior to the adoption, amendment, or repeal of any rule, each agency shall:

(a) File notice thereof with the code reviser in accordance with RCW 34.08.020(1) for publication in the state register, and with the secretary of the senate, the chief clerk of the house of representatives, and the rules review committees, and mail such notice to all persons who have made timely request of the agency for advance notice of its rule-making proceedings. Such notice shall also include (i) reference to the authority under which the rule is proposed, (ii) a statement of either the terms or substance of the proposed rule or a description of the subjects and issues involved, and (iii) the time when, the place where, and the manner in which interested persons may present their views thereon;

(b) Furnish to the legislature, along with the notice required by subsection (1)(a) of this section, a statement of the reasons supporting the proposed action;

(c) Afford all interested persons reasonable opportunity to submit data, views, or arguments, orally or in writing. In case of substantive rules, opportunity for oral hearing must be granted if requested by twenty-five persons, by a governmental subdivision or agency, by the rules review committees, or by an association having not less than twenty-five members.

(2) The agency shall make every effort to insure that the information on the proposed rule circulated pursuant to subsection (1)(a) of this section accurately reflects the rule to be presented and discussed at any oral hearing on such rule. Where substantial changes in the draft of the proposed rule are made after publication of notice in the register which would render it difficult for interested persons to properly comment on the rule without further notice, new notice of the agency's intended action as provided in subsection (1)(a) of this section shall be required.

(3) The agency shall consider fully all written and oral submissions respecting the proposed rule including those addressing the question of whether the proposed rule is within the intent of the legislature as expressed by the statute which the rule implements, and may amend the proposed rule at the oral hearing or adopt the proposed rule, if there are no substantial changes, without refileing the notice required by this section. Upon adoption of a rule, the agency, if requested to do so by an interested person either prior to adoption or within thirty days thereafter, shall issue a concise statement of the principal reasons for and against its adoption, incorporating therein its reasons for overruling the considerations urged against its adoption.

~~((2))~~ (4) No proceeding ~~((shall))~~ may be held on any rule until twenty days have passed from the distribution date of the register in which notice thereof was contained. The code reviser shall make provisions for informing an agency giving notice under subsection (1) of this section of the distribution date of the register in which such notice will be published.

~~((3))~~ (5) No rule hereafter adopted is valid unless adopted in substantial compliance with this section, ~~((or, if))~~ unless it is an emergency rule designated as

such((;)) and is adopted in substantial compliance with RCW 34.04.030, as now or hereafter amended. In any proceeding a rule cannot be contested on the ground of noncompliance with the procedural requirements of RCW 34.08.020(1), of this section, or of RCW 34.04.030, as now or hereafter amended, after two years have elapsed from the effective date of the rule.

Sec. 3. Section 3, chapter 234, Laws of 1959 as amended by section 8, chapter 240, Laws of 1977 ex. sess. and RCW 34.04.030 are each amended to read as follows:

((+)) If the agency finds that immediate adoption or amendment of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observance of the requirements of notice and opportunity to present views on the proposed action would be contrary to the public interest, the agency may dispense with such requirements and adopt the rule or amendment as an emergency rule or amendment. The agency's finding and a ((brief)) concise statement of the reasons for its finding shall be incorporated in the emergency rule or amendment as filed with the office of the code reviser under RCW 34.04.040 and with the rules review committees. An emergency rule or amendment ((shall)) may not remain in effect for longer than ninety days after filing. This section does not relieve any agency from compliance with any law requiring that its permanent rules be approved by designated persons or bodies before they become effective.

~~((2) The emergency rule published in the register is solely to inform the public of its adoption, and nothing in this section shall be construed to prevent the implementation of the rule upon its filing with the code reviser in accordance with RCW 34.04.040(2).))~~

NEW SECTION. Sec. 4. There is added to chapter 34.04 RCW a new section to read as follows:

(1) In each house of the legislature there shall be a rules review committee. Each committee shall be bipartisan and shall consist of four members. The members of the senate committee shall be appointed by the majority leader of the senate, and the members of the house committee shall be appointed by the speaker of the house. Not more than two members from each house shall be from the same political party. Each appointment to a committee shall be subject to approval by the caucus to which the appointed member belongs.

(2) The initial members of each committee shall be appointed as soon as possible after the effective date of this 1980 act, and shall serve until the next regular session of the legislature convenes. Thereafter members shall be appointed as soon as possible after the legislature convenes in a one hundred five day regular session, and their terms shall extend until the legislature next convenes in a one hundred five day regular session or until such members no longer serve in the legislature, whichever occurs first. Members may be reappointed to a committee.

(3) The president of the senate shall appoint the chairperson of the senate committee from among committee membership. The speaker of the house shall appoint the chairperson of the house committee from among committee membership. Such appointments shall be made in January of each year as soon as possible after a legislative session convenes.

(4) Vacancies on the committee shall be filled as soon as possible from the same political party as original appointments.

(5) Whenever the committees meet jointly pursuant to sections 5 through 7 of this 1980 act, the chairperson of the senate rules review committee shall preside over such joint meetings in odd-numbered years, and the chairperson of the house rules review committee shall preside over such joint meetings in even-numbered years.

(6) The committees shall adopt rules governing the conduct of their business, not in conflict with joint rules of the legislature or rules of the house and senate.

NEW SECTION. Sec. 5. There is added to chapter 34.04 RCW a new section to read as follows:

Whenever a majority of the members of each review committee, meeting jointly, determine that a proposed rule is not within the intent of the legislature as expressed in the statute which the rule implements, the review committees shall give the affected agency written notice of their decision. The notice shall be given at least seven days prior to any hearing scheduled for consideration of or adoption of the proposed rule pursuant to RCW 34.04.025(1)(a)(iii) as now or hereafter amended. The notice shall include a statement of the review committees' joint findings and the reasons therefor.

NEW SECTION. Sec. 6. There is added to chapter 34.04 RCW a new section to read as follows:

(1) All rules required to be filed pursuant to RCW 34.04.040, and emergency rules adopted pursuant to RCW 34.04.030 as now or hereafter amended, are subject to selective review by the legislature.

(2) If each rules review committee finds by a majority vote of its members in a joint meeting: (a) That an existing rule is not within the intent of the legislature as expressed by the statute which the rule implements, or (b) that the rule has not been adopted in accordance with all applicable provisions of law, the agency affected shall be notified of such finding and the reasons therefor. Within thirty days of the receipt of the rules review committees' notice the agency shall file notice of a hearing on the rule in question with the code reviser and mail notice to all persons who have made timely request of the agency for advance notice of its rule-making proceedings as provided in RCW 34.04.025, as now or hereafter amended. The agency's notice shall include the rules review committees' findings and reasons therefor, and shall be published in the Washington state register in accordance with the provisions of chapter 34.08 RCW.

(3) The agency shall consider fully all written and oral submissions respecting whether the rule in question is within the intent of the legislature as expressed by the statute which the rule implements and whether the rule was adopted in accordance with all applicable provisions of law.

NEW SECTION. Sec. 7. There is added to chapter 34.04 RCW a new section to read as follows:

(1) Within seven days of an agency hearing held after notification of the agency by the rules review committees pursuant to section 5 or 6 of this 1980 act, the affected agency shall notify the committees of its action regarding a proposed or existing rule to which the committees objected. If the rules review committees determine, by a majority vote of their members in a joint meeting, that the agency has failed to provide for the required hearings or notice of its action to the committees, the committees may file notice of their objections, together with a concise statement of the reasons therefor, with the code reviser within thirty days of such determination.

(2) If the rules review committees find, by a majority vote of their members in a joint meeting, that the proposed or existing rule in question has not been modified, amended, withdrawn, or repealed by the agency so as to conform with the intent of the legislature, the rules review committees may, within thirty days from notification by the agency of its action, file with the code reviser notice of their objections together with a concise statement of the reasons therefor. Such notice and statement shall also be provided to the agency by the rules review committees.

(3) The code reviser shall publish the rules review committees' notice of objection and statement of the reasons therefor issued pursuant to subsection (1) or (2) of this section in the Washington state register and shall publish in the next supplement and compilation of the Washington Administrative Code a reference to the

committees' objection and to the issue of the Washington state register in which the full text thereof appears.

(4) Such notice shall be removed from a rule published in the Washington Administrative Code if a subsequent adjudicatory proceeding determines that the rule is within the intent of the legislature or was adopted in accordance with all applicable laws, whichever was the objection of the rules review committees.

NEW SECTION. Sec. 8. There is added to chapter 34.04 RCW a new section to read as follows:

(1) The committees may recommend to the legislature that the original enabling legislation serving as authority for the promulgation of any rule reviewed by the committees be amended or repealed in such manner as the committees deem advisable.

(2) The creation of the rules review committees does not preclude any standing committee of the legislature from conducting studies of agency rules, holding hearings on rules, providing staff assistance to the rules review committees, referring questionable rules to the rules review committees, or making recommendations to the legislature that the original enabling legislation for an agency be amended or repealed.

(3) The rules review committees shall report on their activities, including findings and recommendations with respect to rule-making procedures of state agencies and institutions of higher education, thirty days prior to the convening of the regular session of the legislature in 1983.

NEW SECTION. Sec. 9. There is added to chapter 34.04 RCW a new section to read as follows:

It is the express policy of the legislature that establishment of procedures for review of administrative rules by the legislature and the notice of nonconformance required by sections 6(2) and 7(2) of this 1980 act in no way serves to establish a presumption as to the legality or constitutionality of a rule in any subsequent judicial proceedings interpreting such rules.

Sec. 10. Section 1, chapter 84, Laws of 1977 ex. sess. and RCW 34.04.045 are each amended to read as follows:

(1) For the purpose of legislative review of agency rules filed pursuant to this chapter, any new or amendatory rule (~~(promulgated)~~) proposed after (~~(September 21, 1977)~~) the effective date of this 1980 act, shall be accompanied by a statement prepared by the adopting agency which generally describes the rule's purpose and how the rule is to be implemented. Such statement shall be on the agency's stationery or a form bearing the agency's name and shall contain, but is not limited to, the following:

(b) A summary of the rule and a statement of the reasons supporting the proposed action;

(c) The agency personnel, with their office location and telephone number, who are responsible for the drafting, implementation, and enforcement of the rule;

(d) The name(s) of the (~~(proponents and opponents of)~~) person or organization, whether private, public, or governmental, proposing the rule(, if any, and);

(f) Whether the rule is necessary as the result of federal law or federal or state court action, and if so, a copy of such law or court decision shall be attached to the purpose statement.

(2) Upon filing notice of the proposed rule with the code reviser, the adopting agency shall have copies of the statement on file and available for public inspection

and shall forward three copies each of the statement to the secretary of the senate and the chief clerk of the house of representatives, who will in turn forward the statement to the majority and minority caucuses and to the appropriate legislative committees.

NEW SECTION. Sec. 11. There is added to chapter 34.04 RCW a new section to read as follows:

(1) A proposed rule may be withdrawn by the proposing agency at any time before adoption. A withdrawn rule may not be adopted unless it is again proposed in accordance with RCW 34.04.025 as now or hereafter amended.

(2) Rules not adopted within one year after publication of the text as last proposed in the register shall be regarded as withdrawn. An agency may not thereafter adopt the text of the rules without filing the text in accordance with RCW 34.04.025 as now or hereafter amended. The code reviser shall give notice of the withdrawal in the register.

Sec. 12. Section 5, chapter 234, Laws of 1959 as amended by section 9, chapter 240, Laws of 1977 ex. sess. and RCW 34.04.050 are each amended to read as follows:

(2) The code reviser shall publish a (~~(monthly)~~) register in which he shall set forth the text of all rules filed during the (~~(preceding month)~~) appropriate register publication period, excluding rules in effect upon the adoption of this chapter.

(3) The code reviser may, in his discretion, omit from the register or the compilation, rules, the publication of which would be unduly cumbersome, expensive, or otherwise inexpedient, if such rules are made available in printed or processed form on application to the adopting agency, and if such register or compilation contains a notice stating the general subject matter of the rules so omitted and stating how copies thereof may be obtained.

(4) The code reviser may edit and revise rules for publication, codification, and compilation, without changing the meaning of any such rule, in accordance with the provisions of section 13 of this 1980 act.

(5) When a rule, in whole or in part, is declared invalid and unconstitutional by a court of final appeal, the adopting agency shall give notice to that effect in the register. With the consent of the attorney general, the code reviser may remove obsolete rules or parts of rules from the Washington Administrative Code when:

(a) The rules are declared unconstitutional by a court of final appeal; or

(b) The adopting agency ceases to exist and the rules are not transferred by statute to a successor agency.

(6) Registers and compilations shall be made available, in written form to state elected officials whose offices are created by Article II or III of the state Constitution or by RCW 48.02.010, upon request, to county boards of law library trustees, and to the Olympia representatives of the Associated Press and the United Press International without request, free of charge, and to other persons at a price fixed by the code reviser.

Subject to such general policies as may be promulgated by the statute law committee and to the general supervision of the committee, the code reviser shall edit and revise agency rules for consolidation into the Washington Administrative Code, to the extent deemed necessary and desirable by the reviser and without changing the meaning of any such rule, in the following respects only:

(1) Make capitalization uniform with that followed generally in the Washington Administrative Code;

(2) Make chapter or section division and subdivision designations uniform with that followed in the Washington Administrative Code;

(1) Rules promulgated by an agency pursuant to RCW 34.04.025 or 34.04.030, as now or hereafter amended, which amend existing sections of the administrative code shall have the words which are amendatory to such existing sections underlined. Any matter to be deleted from an existing section shall be indicated by setting such matter forth in full, enclosed by double parentheses, and such deleted matter shall be lined out with hyphens. In the case of a new section, such shall be designated "NEW SECTION" in upper case type and such designation shall be underlined, but the complete text of the section shall not be underlined. No rule (~~shall~~) may be forwarded by any agency to the code reviser, nor (~~shall~~) may the code reviser accept for filing any rule unless the format of such rule is in compliance with the provisions of this section.

(2) Once the rule has been formally adopted by the agency the code reviser need not, except with regard to the (~~bulletin~~) register published pursuant to RCW 34.04.050(2), include the items enumerated in subsection (1) of this section in the official code.

(3) Any addition to or deletion from an existing code section not filed by the agency in the style prescribed by subsection (1) of this section shall in all respects be ineffectual, and shall not be shown in subsequent publications or codifications of that section unless the ineffectual portion of the rule is clearly distinguished and an explanatory note is appended thereto by the code reviser in accordance with RCW 34.04.050, as now or hereafter amended, and section 13 of this 1980 act.

Sec. 15. Section 3, chapter 240, Laws of 1977 ex. sess. and RCW 34.08.020 are each amended to read as follows:

Such material shall be considered, when published, to be the official notification of the intended action, and no state agency or official thereof (~~shall~~) may take action on any such rule except on emergency rules adopted in accordance with RCW 34.04.030, until twenty days have passed since the distribution date of the register in which the rule and hearing

notice have been published or a notice regarding the omission of the rule has been published pursuant to RCW 34.04.050(3) as now or hereafter amended;

(2) The full text of any new or amendatory rule adopted, and the citation of any existing rule repealed, on a permanent or emergency basis;

(1) "Institutions of higher education" are the University of Washington, Washington State University, Central Washington University, Eastern Washington University, Western Washington University, The Evergreen State College, the various community colleges, and the governing boards of each of the above, and the various colleges, divisions, departments, or offices authorized by the governing board of the institution involved to act for the institution, all of which are sometimes referred to in this chapter as "institutions." The various state community colleges are sometimes referred to in this chapter as "community colleges."

(2) "Rule" means any order, directive, or regulation of any institution of higher education which affects the relationship of the general public with the institution, or the relationship of particular segments of the particular educational community such as students, faculty, or other employees, with the institution or with each other, (a) the violation of which subjects a person to a penalty or administrative sanction; or (b) which establishes, alters, or revokes any procedures, practice, or requirement relating to institutional hearings; or (c) which establishes, alters, or revokes any qualification or requirement relating to the enjoyment of benefits or privileges conferred by law. The term includes the amendment or repeal of a prior rule but does not include rules, regulations, orders, statements, or policies relating primarily to the following: Standards for admission; academic advancement, academic credits, graduation and the granting of degrees; tuition and fees, scholarships, financial aids, and similar academic matters; employment relationships; fiscal processes; or matters concerning only the internal management of an institution and not affecting private rights or procedures available to the general public; and such matters need not be established by rule adopted under this chapter unless otherwise required by law.

(3) "Contested case" means a formal or informal proceeding before an institution of higher education, division, department, office, or designated official or representative thereof in which an opportunity for hearing is required by law, constitutional rights, or institutional policy, prior or subsequent to the determination by the institution of the legal rights, duties, or privileges of specific parties.

(4) "Rules review committee" or "committee" means either of the administrative rules review committees created pursuant to section 4 of this 1980 act for the purpose of selectively reviewing existing and proposed rules of institutions of higher education.

Sec. 17. Section 3, chapter 57, Laws of 1971 ex. sess. as amended by section 10, chapter 240, Laws of 1977 ex. sess. and RCW 28B.19.030 are each amended to read as follows:

(1) Prior to the adoption, amendment, or repeal of any rule adopted under this chapter, each institution, college, division, department, or official thereof exercising rule-making authority delegated by the governing board or the president, shall:

(a) File notice thereof with the code reviser in accordance with RCW 34.08.020(1) for publication in the state register, and with the secretary of the senate, the chief clerk of the house of representatives, and the rules review committees, and mail the notice to all persons who have made timely request of the institution or related board for advance notice of its rule-making proceedings. Such notice shall also include (i) reference to the authority under which the rule is proposed, (ii) a statement of either the terms or substance of the proposed rule or a description of the subjects and issues involved, and (iii) the time when, the place where, and the manner in which interested persons may present their views thereon;

(b) Furnish to the legislature, along with the notice required by subsection (1)(a) of this section, a statement of the reasons supporting the proposed action;

(c) Provide notice to the campus or standard newspaper of the institution involved and to a newspaper of general circulation in the area at least seven days prior to the date of the rule-making proceeding. The notice shall state the time when, place where, and manner in which interested persons may present their views thereon and the general subject matter to be covered;

~~((c))~~ (d) Afford all interested persons reasonable opportunity to submit data, views, or arguments, orally or in writing. An opportunity for oral hearing must be granted if requested by twenty-five persons or by the rules review committees.

(2) The institution shall make every effort to insure that the information on the proposed rule circulated pursuant to subsection (1)(a) of this section accurately reflects the rule to be presented and discussed at any oral hearing on such rule. Where substantial changes in the draft of the proposed rule are made after publication of notice in the register which would render it difficult for interested persons to properly comment on the rule without further notice, new notice of the institution's intended action as provided in subsection (1)(a) of this section shall be required.

(3) The institution shall consider fully all written and oral statements respecting the proposed rule including those addressing the question of whether the proposed rule is within the intent of the legislature as expressed by the statute which the rule implements and may amend the proposed rule at the oral hearing or adopt the proposed rule, if there are no substantial changes, without refileing the notice required by this section.

~~((2))~~ (4) No proceeding ~~((shall))~~ may be held on any rule until twenty days have passed from the distribution date of the register in which notice thereof was contained. The code reviser shall make provisions for informing an institution of higher education giving notice under subsection (1) of this section of the distribution date of the register in which such notice will be published.

~~((3))~~ (5) No rule adopted under this chapter is valid unless adopted in substantial compliance with this section, ~~((or, if))~~ unless it is an emergency rule designated as such ~~((:))~~ and is adopted in substantial compliance with RCW 28B.19.040, as now or hereafter amended. In any proceeding a rule cannot be contested on the ground of noncompliance with the procedural requirements of RCW 34.08.020(1), of this section, or of RCW 28B.19.040, as now or hereafter amended, after two years have elapsed from the effective date of the rule.

~~((4))~~ (6) When twenty days notice of intended action to adopt, amend, or repeal a rule has not been filed with the code reviser, as required by subsection ~~((2))~~ (4) of this section, the code reviser ~~((shall))~~ may not publish such rule, and such rule ~~((shall))~~ may not be effective for any purpose.

Sec. 18. Section 4, chapter 57, Laws of 1971 ex. sess. as last amended by section 11, chapter 240, Laws of 1977 ex. sess. and RCW 28B.19.040 are each amended to read as follows:

If the institution of higher education finds that immediate adoption or amendment of a rule is necessary for the preservation of the public health, safety, or general welfare, and the observance of the requirements of notice and opportunity to present views on the proposed action would be contrary to the public interest, the institution may dispense with such requirements and adopt the rule or amendment as an emergency rule or amendment. The institution's finding and a ~~((brief))~~ concise statement of the reasons for its finding shall accompany the emergency rule or amendment as filed with the code reviser and with the rules review committees. An emergency rule or amendment ~~((shall))~~ may not remain in effect for longer than ninety days after filing.

Emergency rules ~~((shall))~~ become effective upon filing with the code reviser unless an effective date is specified in the rule. ~~((The emergency rule published in the state register is solely to inform the public of its adoption, and nothing in this section shall be construed to prevent the implementation of the rule upon such filing:))~~

NEW SECTION. Sec. 19. There is added to chapter 28B.19 RCW a new section to read as follows:

Whenever a majority of the members of each review committee, meeting jointly, determine that a proposed rule is not within the intent of the legislature as expressed in the statute which the rule implements, the review committees shall give the affected institution written notice of their decision. Such notice shall be given at least seven days prior to any hearing scheduled for consideration of or adoption of the proposed rule pursuant to RCW 28B.19.030(1)(a)(iii) as now or hereafter amended. The notice shall include a statement of the review committees' findings and the reasons therefor.

NEW SECTION. Sec. 20. There is added to chapter 28B.19 RCW a new section to read as follows:

(1) All rules required to be filed pursuant to RCW 28B.19.050, and emergency rules adopted pursuant to RCW 28B.19.040 as now or hereafter amended, are subject to selective review by the legislature.

(2) If each rules review committee finds by a majority vote of its members in a joint meeting: (a) That an existing rule is not within the intent of the legislature as expressed by the statute which the rule implements, or (b) that the rule has not been adopted in accordance with all applicable provisions of law, the institution affected shall be notified of such finding and the reasons therefor. Within thirty days of the receipt of the rules review committees' notice the institution shall file notice of a hearing on the rule in question with the code reviser and mail notice to all persons who have made timely request of the institution for advance notice of its rule-making proceedings as provided in RCW 28B.19.030 as now or hereafter amended. The institution's notice shall include the rules review committees' findings and reasons therefor, and shall be published in the Washington state register in accordance with the provisions of chapter 34.08 RCW.

(3) The institution shall consider fully all written and oral submissions respecting whether the rule in question is within the intent of the legislature as expressed by the statute which the rule implements and whether the rule was adopted in accordance with all applicable provisions of law.

NEW SECTION. Sec. 21. There is added to chapter 28B.19 RCW a new section to read as follows:

(1) Within seven days of an institution hearing held after notification of the institution by the rules review committees pursuant to section 19 or 20 of this 1980 act, the affected institution shall notify the committees of its action regarding a proposed or existing rule to which the committees objected. If the rules review committees determine, by a majority vote of their members in a joint meeting, that the institution has failed to provide for the required hearings or notice of its action to

the committees, the committees may file notice of their objections, together with a concise statement of the reasons therefor, with the code reviser within thirty days of such determination.

(2) If the rules review committees find, by a majority vote of their members in a joint meeting, that the proposed or existing rule in question has not been modified, amended, withdrawn, or repealed by the institution so as to conform with the intent of the legislature, the rules review committees may, within thirty days from notification by the institution of its action, file with the code reviser notice of their objections together with a concise statement of the reasons therefor. Such notice and statement shall also be provided to the institution by the rules review committees.

(3) The code reviser shall publish the rules review committees' notice of objection and statement of the reasons therefor issued pursuant to subsection (1) or (2) of this section in the Washington state register and shall publish in the next supplement and compilation of the Washington Administrative Code a reference to the committees' objection and to the issue of the Washington state register in which the full text thereof appears.

(4) Such notice shall be removed from a rule published in the Washington Administrative Code if a subsequent adjudicatory proceeding determines that the rule is within the intent of the legislature or was adopted in accordance with all applicable laws, whichever was the objection of the rules review committees.

NEW SECTION. Sec. 22. There is added to chapter 28B.19 RCW a new section to read as follows:

It is the express policy of the legislature that establishment of procedures for review of administrative rules by the legislature and the notice of nonconformance required by sections 20(2) and 21(2) of this 1980 act in no way serves to establish a presumption as to the legality or constitutionality of a rule in any subsequent judicial proceedings interpreting such rules.

NEW SECTION. Sec. 23. There is added to chapter 28B.19 RCW a new section to read as follows:

(1) For the purpose of legislative review of institution rules filed pursuant to this chapter, any new or amendatory rule proposed after the effective date of this 1980 act, shall be accompanied by a statement prepared by the adopting institution which generally describes the rule's purpose and how the rule is to be implemented. Such statement shall be on the institution's stationery or a form bearing the institution's name and shall contain, but is not limited to, the following:

(a) A title, containing a description of the rule's purpose, the statutory authority for the rule, and any other information which may be of assistance in identifying the rule or its purpose;

(b) A summary of the rule and a statement of the reasons supporting the proposed action;

(c) The institution personnel, with their office location and telephone number, who are responsible for the drafting, implementation, and enforcement of the rule;

(d) The name of the person or organization, whether private, public, or governmental, proposing the rule, if any;

(e) Institution comments or recommendations, if any, regarding statutory language, implementation, enforcement, and fiscal matters pertaining to the rule;

(f) Whether the rule is necessary as the result of federal law or federal or state court action, and if so, a copy of such law or court decision shall be attached to the purpose statement.

(2) Upon filing notice of the proposed rule with the code reviser, the adopting institution shall have copies of the statement on file and available for public inspection and shall forward three copies each of the statement to the secretary of the senate and the chief clerk of the house of representatives, who will in turn forward

the statement to the majority and minority caucuses and to the appropriate legislative committees.

NEW SECTION. Sec. 24. There is added to chapter 28B.19 RCW a new section to read as follows:

(1) A proposed rule may be withdrawn by the proposing institution at any time before adoption. A withdrawn rule may not be adopted unless it is again proposed in accordance with RCW 28B.19.030.

(2) Rules not adopted within one year after publication of the text as last proposed in the register shall be regarded as withdrawn. An institution may not thereafter adopt the text of the rules without filing the text in accordance with RCW 28B.19.030 as now or hereafter amended. The code reviser shall give notice of the withdrawal in the register.

Sec. 25. Section 7, chapter 57, Laws of 1971 ex. sess. and RCW 28B.19.070 are each amended to read as follows:

(1) The code reviser shall as soon as practicable compile, index, and publish in the Washington administrative code all rules adopted pursuant to this chapter by each institution of higher education and remaining in effect.

(2) The code reviser shall publish a register in which he shall set forth the text of all rules filed during the appropriate register publication period.

(3) The code reviser, in his discretion, may omit from publication in the Washington administrative code or the state register those rules the publication of which would be unduly cumbersome, expensive, or otherwise inexpedient, if such rules are made available in printed or processed form on application to the adopting institution of higher education and if the Washington administrative code states the general subject matter of the rules so omitted and states how copies thereof may be obtained.

(4) The code reviser may edit and revise rules for publication, codification, and compilation, without changing the meaning of any such rule, in accordance with the provisions of section 26 of this 1980 act.

(5) When a rule, in whole or in part, is declared invalid and unconstitutional by a court of final appeal, the adopting institution shall give notice to that effect in the register. With the consent of the attorney general, the code reviser may remove obsolete rules or parts of rules from the Washington Administrative Code when:

(a) The rules are declared unconstitutional by a court of final appeal; or

(b) The adopting institution ceases to exist and the rules are not transferred by statute to a successor institution.

(6) Judicial notice shall be taken of rules published pursuant to this section.

NEW SECTION. Sec. 26. There is added to chapter 28B.19 RCW a new section to read as follows:

Subject to such general policies as may be promulgated by the statute law committee and to the general supervision of the committee, the code reviser shall edit and revise institution rules for consolidation into the Washington Administrative Code, to the extent deemed necessary and desirable by the reviser and without changing the meaning of any such rule, in the following respects only:

(1) Make capitalization uniform with that followed generally in the Washington Administrative Code;

(6) Strike provisions manifestly obsolete.

NEW SECTION. Sec. 27. There is added to chapter 28B.19 RCW a new section to read as follows:

(1) Rules promulgated by an institution pursuant to RCW 28B.19.030 or 28B.19.040, as now or hereafter amended, which amend existing sections of the administrative code shall have the words which are amendatory to such existing sections underlined. Any matter to be deleted from an existing section shall be indicated by setting such matter forth in full, enclosed by double parentheses, and such deleted matter shall be lined out with hyphens. In the case of a new section, such shall be designated "NEW SECTION" in upper case type and such designation shall be underlined, but the complete text of the section shall not be underlined. No rule may be forwarded by any institution to the code reviser, nor may the code reviser accept for filing any rule unless the format of such rule is in compliance with the provisions of this section.

(2) Once the rule has been formally adopted by the institution the code reviser need not, except with regard to the register published pursuant to RCW 28B.19.070(2), as now or hereafter amended, include the items enumerated in subsection (1) of this section in the official code.

(3) Any addition to or deletion from an existing code section not filed by the institution in the style prescribed by subsection (1) of this section shall in all respects be ineffectual, and shall not be shown in subsequent publications or codifications of that section unless the ineffectual portion of the rule is clearly distinguished and an explanatory note is appended thereto by the code reviser in accordance with RCW 28B.19.070, as now or hereafter amended, and section 26 of this 1980 act.

NEW SECTION. Sec. 28. Section 1, chapter 186, Laws of 1963 and RCW 34.04.160 are each hereby repealed.

NEW SECTION. Sec. 29. If any provision of this 1980 act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected."

In line 1 of the title, after "state government;" strike the remainder of the title, and insert "amending section 1, chapter 234, Laws of 1959 as amended by section 1, chapter 237, Laws of 1967 and RCW 34.04.010; amending section 3, chapter 237, Laws of 1967 as last amended by section 7, chapter 240, Laws of 1977 ex. sess. and RCW 34.04.025; amending section 3, chapter 234, Laws of 1959 as amended by section 8, chapter 240, Laws of 1977 ex. sess. and RCW 34.04.030; amending section 1, chapter 84, Laws of 1977 ex. sess. and RCW 34.04.045; amending section 5, chapter 234, Laws of 1959 as amended by section 9, chapter 240, Laws of 1977 ex. sess. and RCW 34.04.050; amending section 1, chapter 19, Laws of 1977 and RCW 34.04.058; amending section 3, chapter 240, Laws of 1977 ex. sess. and RCW 34.08.020; amending section 2, chapter 57, Laws of 1971 ex. sess. as amended by section 42, chapter 169, Laws of 1977 ex. sess. and RCW 28B.19.020; amending section 3, chapter 57, Laws of 1971 ex. sess. as amended by section 10, chapter 240, Laws of 1977 ex. sess. and RCW 28B.19.030; amending section 4, chapter 57, Laws of 1971 ex. sess. as last amended by section 11, chapter 240, Laws of 1977 ex. sess. and RCW 28B.19.040; amending section 7, chapter 57, Laws of 1971 ex. sess. and RCW 28B.19.070; adding new sections to chapter 28B.19 RCW; adding new sections to chapter 34.04 RCW; creating new sections; and repealing section 1, chapter 186, Laws of 1963 and RCW 34.04.160.", and the same is herewith transmitted.

Specifying disciplinary action that may be taken by the legislative ethics boards.

REPORT OF STANDING COMMITTEE

March 6, 1980.

HOUSE BILL NO. 1465, specifying disciplinary action that may be taken by the legislative ethics boards (reported by Committee on Constitution and Elections):

Recommendation: Do pass with the following amendments:

Strike everything after the enacting clause, and insert the following:

"Section 1. Section 6, chapter 150, Laws of 1967 ex. sess. as amended by section 5, chapter 218, Laws of 1977 ex. sess. and RCW 44.60.070 are each amended to read as follows:

The joint board shall have the following powers, duties, and functions:

(1) Propose joint rules relating to legislative ethics and revisions or amendments thereto, which when adopted shall be referred to as the legislative code of ethics.

The code, and revisions or amendments thereto, shall be prepared in the form of joint rules of the senate and the house of representatives and shall be submitted in the form of a concurrent resolution at the next session of the legislature following its preparation. Such code, or revision or amendment thereof, when adopted, shall

become effective as standards of conduct for the members and employees of the legislature and shall continue in effect except to the extent revised by subsequent joint rules.

The code submitted to the legislature for adoption shall be approved by a majority of the members of the joint board.

(2) To recommend other legislation and other action relating to legislative ethics.

(3) To develop advisory opinions to systematically establish criteria on which subsequent decisions can be based.

(4) Investigate possible unethical conduct of employees of legislative interim committees in the same manner as hereafter specified for employees of one house.

Sec. 2. Section 8, chapter 218, Laws of 1977 ex. sess. and RCW 44.60.110 are each amended to read as follows:

Each board shall have the following powers, duties, and functions:

(1) Issue advisory opinions pursuant to RCW 44.60.100.

(2) To provide a continuing program of education, assistance, and information to legislators with regard to legislative ethics.

(3) To make such rules for its own functioning and exercise such powers as may be appropriate for the discharge of the responsibilities of the board not in conflict with this chapter or the joint rules of the legislature.

(4) Investigate possible unethical conduct by legislators or legislative employees of its own house. Any such investigation shall be conducted in accordance with the following procedures:

(a) A complaint may be filed by a legislator, legislative employee, member of the public, a board, or member of a board. Complaints must be written, signed under oath, and directed to the chairman of the appropriate board. The board shall determine if the complaint is within its jurisdiction and whether there are sufficient facts alleged which if true may support a finding of unethical conduct.

(b) If the board finds that the complaint is not within its jurisdiction, or is frivolous, or is made for the purpose of harassment, or that there are insufficient facts alleged which if true may support a finding of unethical conduct, it shall dismiss the complaint, so notify the complainant, the person charged, and the public with a copy of the complaint and the board's reasons for dismissal.

(c) If the board finds that a complaint is within its jurisdiction and there are sufficient facts alleged which if true may support a finding of unethical conduct, such board shall hold an investigative hearing and send a notice to the complainant and the person charged which shall include a copy of the complaint. The person charged shall receive at least thirty days' written notice of such hearing. The notice shall provide that the person charged shall be entitled to request the board to set an earlier hearing date, present evidence, cross-examine witnesses, be represented by counsel, and file an affidavit of prejudice within ten days of receipt of the notice as provided in subsection (4)(f) of this section.

(d) Investigative hearings shall be closed to the public unless, at least seventy-two hours prior to the hearing, the chairman receives from the person charged a written request that the hearing be open to the public.

(e) A board may designate a subcommittee composed of at least two members of the board, at least half of whom shall be lay members, to conduct investigative hearings. The board, or if designated thereby, any member or subcommittee of the board, may issue subpoenas for the attendance and testimony of witnesses and the production of documentary evidence relating to any matter under examination by the board or involved in any hearing, administer oaths or affirmations, examine witnesses, and receive evidence. In case of disobedience to a subpoena, the board may invoke the aid of any superior court of the state. Such court may, in case of refusal to obey a subpoena issued to such person, issue an order requiring such person to

appear before the board, to produce documentary evidence, and/or to give evidence, and any failure to obey such order may be punished by that court as contempt. Notwithstanding any other provision of law, every public official, state agency, and local governmental unit shall furnish to the board any documents, records, data, statements, or information which the board designates as being necessary for the exercise of its functions, powers or duties.

(f) Members of a board shall be disqualified in any case: (i) involving persons whom such members cannot judge impartially, in which cases they shall disqualify themselves; or (ii) where the person charged files an affidavit of prejudice against a member or members whom he believes is unable to make an impartial judgment, in which case the disqualification shall be automatic: **PROVIDED**, That only one such affidavit may be filed in a single investigation. Whenever a member of the board is disqualified, the appropriate caucus chairman shall appoint pro tem, a replacement legislator or lay member as appropriate. Such appointment shall be subject to the consent of the caucus wherein the appointment is made.

(g) At the conclusion of the investigative hearings, a statement of findings of fact shall be prepared based upon evidence presented at the hearings. A copy of this statement shall be sent to the person charged who shall have at least ten days to offer a written rebuttal to the board. The board, on the basis of the findings of fact, any written rebuttal, and applicable standards of ethical conduct shall make a preliminary report which shall be subject to review and the rendering of a decision at the final hearing. Copies of the findings of fact, preliminary report, and notice of the date for a final hearing shall be sent by registered mail to the person charged. Such person may rebut the report not later than one week prior to the final hearing date, but shall in any event have a period of not less than two weeks in which to respond.

(h) The final hearing shall be open to the public. There shall be available at the hearing copies of the board's findings of fact, preliminary report, and any written rebuttal received by the board from the person charged. The board shall, on the basis of these documents and any final statement made by the person charged, render a final decision as to whether the facts justify a finding of unethical conduct. A final decision must be agreed upon by at least six members of the board. The board shall notify the appropriate law enforcement agency directly if the board makes a finding that it has reasonable grounds to believe that a criminal violation has occurred.

SENATE RESOLUTION 1980-222

By Senators Henry, Bausch, Benitz, Bluechel, Bottiger, Bradburn, Clarke, Conner, Day, Donohue, Fleming, Gallagher, Gaspard, Goltz, Gould, Guess, Haley, Hansen, Hayner, Hurley, Jones, Lee, Lewis, Marsh, Matson, Moore, Morrison, Odegaard, Peterson, Pullen, Quigg, Rasmussen, Ridder, Scott, Sellar, Talley, Talmadge, Van Hollebeke, Vognild, von Reichbauer, Walgren, Wanamaker, Wilson and Wojahn:

WHEREAS, Equality of constitutional right and power is the condition of all the State of the Union, old and new; and

WHEREAS, Every new State admitted into the Union is entitled to exercise all of the powers of government which belong to the original States of the Union; and

WHEREAS, The citizens of each State are entitled to all of the privileges and immunities of citizens in the several States; and

WHEREAS, The power of Congress to admit new States into the Union under article IV, section 3 of the Constitution of the United States was not designed to impair the equal power, dignity and authority of the States; and

WHEREAS, As a condition of admission into the Union, Congress has, on occasion, imposed burdens upon new States that are not shared by the States equally; and

WHEREAS, The original thirteen States, and States formed from the territories thereof, owned all public lands within their borders; and

WHEREAS, Title in the Federal Government to public lands within the borders of the thirteen States, and States formed from the territories thereof, rest only on deeds of cession voluntarily consented to by the legislature of these States; and

WHEREAS, As a condition of admission into the Union, Congress retained in the Federal Government ownership over substantial amounts of territory located within the borders of States west of the one-hundredth meridian, this occurring despite the Treaty of Guadalupe Hidalgo which specified that the lands which eventually became all or part of seven Western States of the union were to be formed into "free, sovereign, and independent" States; and

WHEREAS, In the absence of such conditions of admission the legislative authority of the states would have extended over federally owned lands within these States to the same extent as over similar property held by private owners; and

WHEREAS, During the course of the deliberations that resulted in the drafting of the Constitution of the United States, Founding Fathers, such as James Madison, recognized that the Western States neither would nor ought to submit to a Union which degraded them from an equal rank with the other States; and

WHEREAS, Article I, section 8, clause 17 of the Constitution of the United States authorizes the Federal Government to exercise dominion over public lands only to the extent necessary to create a seat of government, and to administer places, purchased by the consent of the State legislatures, for the erection of forts, magazines, arsenals, dockyards, and other needful buildings, and in the absence of some express or implied legislative authority to perform some further function, Congress is limited by, and the rights of the States are protected by, the tenth amendment to the Constitution of the United States; and

WHEREAS, The enabling Acts admitting the Western States into the Union expressly recognize that the Federal Government may some day choose to extinguish title to public lands held by it within the borders of these States; and

WHEREAS, Article IV, section 3 of the Constitution expressly provides Congress with the power to "dispose of and make all needful Rules and Regulations respecting the Territory or other Property belonging to the United States", and this provision has been interpreted to invest in Congress plenary authority to dispose of lands held in Federal ownership, through sale, grant, or any other means of disposition; and

WHEREAS, There is precedent for large transfers of federally owned public lands designed to place new States on par with the original thirteen States of the Union; and

WHEREAS, The States of the Union and their citizens are at least as well equipped as the central government to make the often difficult policy decisions that are necessary with respect to the use to which lands within their States shall be put;

NOW, THEREFORE, BE IT RESOLVED, By the Senate of the 46th Legislature that the bill S. 1680, heretofore introduced in the Senate of the United States, which provides for the cession and conveyance to the States of federally owned

unreserved, unappropriated lands, and the establishment of policy, methods, procedures, schedules, and criteria for such transfers, is hereby endorsed, and passage into law of S. 1680 is hereby urged; and

BE IT FURTHER RESOLVED, That the state legislative bodies of the States of Hawaii, Montana, New Mexico, Colorado, California, Arizona, Wyoming, Oregon, Idaho, Nevada, and Alaska, which states are affected by the bill S. 1680, are hereby urged likewise to endorse S. 1680 and urge its passage into law; and

BE IT FURTHER RESOLVED, That the Secretary of the Senate forward copies of this resolution to each member of the Congressional delegation from the State of Washington, the Speaker of the United States House of Representatives, President pro tempore of the United States Senate, the Secretary of the Interior, and the President of the United States; and

MESSAGE FROM THE HOUSE

February 19, 1980.

Mr. President: The House has passed SUBSTITUTE SENATE BILL NO. 3321 with the following amendments:

Strike everything after the enacting clause and insert the following:

"Section 1. Section 28A.04.010, chapter 223, Laws of 1969 ex. sess. and RCW 28A.04.010 are each amended to read as follows:

The state board of education shall be comprised of two members from each congressional district of the state, not including any congressional district at large, elected by the members of the boards of directors of school districts thereof, as hereinafter in this chapter provided, and one nonvoting member elected at large, as hereinafter in this chapter provided, by the members of the boards of directors of all private schools in the state meeting the requirements of RCW 28A.02.201, as now or hereafter amended.

NEW SECTION. Sec. 2. There is added to chapter 223, Laws of 1969 ex. sess. and to chapter 28A.04 RCW a new section to read as follows:

The superintendent of public instruction, at the time of calling the election for state board membership under RCW 28A.04.020, if there be a state board member representative of the private schools within the state whose term of membership will end on the second Monday of January next following, shall call an election to be held throughout the state in those private schools referred to in RCW 28A.04.010 and shall give written notice thereof to each member of the board of directors of each such private school. Such notice shall include such instructions, rules and regulations as provided for in RCW 28A.04.020, as now or hereafter amended.

NEW SECTION. Sec. 3. There is added to chapter 223, Laws of 1969 ex. sess. and to chapter 28A.04 RCW a new section to read as follows:

Not later than the twenty-fifth day of August of the year in which this amendatory act becomes effective and, subsequently, not later than the twenty-fifth day of August in any year in which there will be a vacancy in the nonvoting position on the state board on the second Monday of January next following, the superintendent of public instruction shall call an election to be held in those private schools referred to in RCW 28A.04.010, to select the nonvoting member of the state board of education to represent the private schools of the state. Not earlier than the first day of September, nor later than the sixteenth day of September, candidates for this position on the board shall file declarations of candidacy in person or by mail with the superintendent of public instruction on forms prepared by the superintendent. The superintendent of public instruction may not accept any declaration of candidacy that is not on file in his office or is not received by mail before the seventeenth day of September. Not later than the first day of October, the superintendent of public instruction shall send ballots to the chairperson of each private school referred to in RCW 28A.04.010 enclosing therewith biographical data on each candidate for such membership on the board. Each member of the board of directors of each private school in the state qualified under RCW 28A.04.010 shall be eligible to vote for the candidate for the state board of education representative of the private schools as provided in this section. Each member of the private school board shall obtain a ballot and biographical data from the chairperson of the board and shall cast his or her vote for one candidate whose name appears on the ballot. The ballot shall then

be returned to the chairperson of the board who shall compile the votes of the individual board members and declare the candidate who receives a majority of the members' votes to be the candidate of the board. No votes shall be accepted for counting if received by mail after the sixteenth day of October. The superintendent of public instruction, along with three persons appointed by the state board of education, shall count and tally the votes from each private school not later than the twenty-fifth day of October, computing electoral points by multiplying each vote for a candidate by the number of enrolled students in the respective school as determined by enrollment reports forwarded to the superintendent of public instruction for the last previous month of September. Within ten days of such computation the superintendent of public instruction shall immediately notify by certified mail the candidate who received a majority of electoral points in the election, and the private schools so voting, of the results of such election. If no candidate receives a majority of the electoral points cast, then, not later than the first day of November, the superintendent of public instruction shall call a second election to be conducted in the same manner and at which the candidates shall be the two candidates receiving the highest number of electoral points accruing from such votes cast. No vote cast at such second election shall be received for counting if received by mail after the sixteenth day of November and the votes shall be counted as hereinabove provided on the twenty-fifth day of November. The candidate receiving a majority of electoral points accruing from the votes at any such second election shall be declared elected. In the event of a tie in such second election, the candidate elected shall be determined by a chance drawing of a nature established by the superintendent of public instruction. Within ten days following the count of votes in an election at which a member of the state board of education representative of the private schools in the state is elected, the superintendent of public instruction shall certify to the secretary of state the name of the person elected to be a member of the state board of education.

Sec. 4. Section 28A.04.040, chapter 223, Laws of 1969 ex. sess. as last amended by section 49, chapter 275, Laws of 1975 1st ex. sess. and RCW 28A.04.040 are each amended to read as follows:

Candidates for membership on the state board of education shall file declarations of candidacy with the superintendent of public instruction on forms prepared by the superintendent. Declarations of candidacy may be filed by person or by mail not earlier than the first day of September, or later than the sixteenth day of September. The superintendent of public instruction may not accept any declaration of candidacy that is not on file in his office or is not postmarked before the seventeenth day of September, or if not postmarked or the postmark is not legible, if received by mail after the twenty-first day of september. No person employed in any school, college, university, or other educational institution or any educational service district superintendent's office or in the office of superintendent of public instruction shall be eligible for membership on the state board of education and each member elected who is not representative of the private schools in this state and thus not running-at-large must be a resident of the congressional district from which he was elected. No member of a board of directors of a local school district or private school shall continue to serve in that capacity after having been elected to the state board.

Sec. 5. Section 28A.04.060, chapter 223, Laws of 1969 ex. sess. as last amended by section 2, chapter 19, Laws of 1975 and RCW 28A.04.060 are each amended to read as follows:

Each member of the state board of education shall be elected by a majority of the electoral points accruing from all the votes cast at the election for all candidates for the position. All votes shall be cast by mail addressed to the superintendent of public instruction and no votes shall be accepted for counting if postmarked after the sixteenth day of October, or if not postmarked or the postmark is not legible, if

received by mail after the twenty-first day of October following the call of the election. The superintendent of public instruction and an election board comprised of three persons appointed by the state board of education shall count and tally the votes and the electoral points accruing therefrom not later than the twenty-fifth day of October in the following manner: Each vote cast by a school director shall be accorded as many electoral points as there are enrolled students in that director's school district as determined by the enrollment reports forwarded to the state superintendent of public instruction for apportionment purposes for the month of September of the year of election: PROVIDED, That school directors from a school district which has more than five directors shall have their electoral points based upon enrollment recomputed by multiplying such number by a fraction, the denominator of which shall be the number of directors in such district, and the numerator of which shall be five; the electoral points shall then be tallied for each candidate as the votes are counted; and it shall be the majority of electoral points which determines the winning candidate. If no candidate receives a majority of the electoral points cast, then, not later than the first day of November, the superintendent of public instruction shall call a second election to be conducted in the same manner and at which the candidates shall be the two candidates receiving the highest number of electoral points accruing from such votes cast. No vote cast at such second election shall be received for counting if postmarked after the sixteenth day of November, or if not postmarked or the postmark is not legible, if received by mail after the twenty-first day of November and the votes shall be counted as hereinabove provided on the twenty-fifth day of November. The candidate receiving a majority of electoral points accruing from the votes at any such second election shall be declared elected. In the event of a tie in such second election, the candidate elected shall be determined by a chance drawing of a nature established by the superintendent of public instruction. Within ten days following the count of votes in an election at which a member of the state board of education is elected, the superintendent of public instruction shall certify to the secretary of state the name or names of the persons elected to be members of the state board of education.

Sec. 6. Section 1, chapter 19, Laws of 1975 and RCW 28A.04.065 are each amended to read as follows:

Any common school district board member or any private school board member eligible to vote for a candidate for membership on the state board of education or any candidate for the position, within ten days after the state superintendent of public instruction's certification of election, may contest the election of the candidate for any of the following causes:

(1) For malconduct on the part of the state superintendent of public instruction or any member of the election board with respect to such election;

(2) Because the person whose right is being contested was not eligible for membership on the state board of education at the time the person was certified as elected;

(3) Because the person whose right is being contested gave a bribe or reward to a voter or to an inspector, judge or clerk of the election for the purpose of procuring the person's election, or offered to do so;

(4) On account of illegal votes.

An action contesting an election pursuant to this section shall be conducted in compliance with RCW 29.65.020 and 29.65.040 through 29.65.120, as now or hereafter amended.

Sec. 7. Section 17, chapter 283, Laws of 1977 ex. sess. and RCW 28A.21.033 are each amended to read as follows:

Each member of an educational service district board shall be elected by a majority of the votes cast at the election for all candidates for the position. All votes shall be cast by mail addressed to the secretary to the state board of education and

no votes shall be accepted for counting if postmarked after the sixteenth day of October or if not postmarked or the postmark is not legible, if received by mail after the twenty-first day of October following the call of the election. The secretary to the state board of education and an election board comprised of three persons appointed by the state board of education shall count and tally the votes not later than the twenty-fifth day of October in the following manner: Each vote cast by a school director shall be accorded as one vote. If no candidate receives a majority of the votes cast, then, not later than the first day of November, the secretary to the state board of education shall call a second election to be conducted in the same manner and at which the candidates shall be the two candidates receiving the highest number of votes cast. No vote cast at such second election shall be received for counting if postmarked after the sixteenth day of November or if not postmarked or the postmark is not legible, if received by mail after the twenty-first day of November and the votes shall be counted as hereinabove provided on the twenty-fifth day of November. The candidate receiving a majority of votes at any such second election shall be declared elected. In the event of a tie in such second election, the candidate elected shall be determined by a chance drawing of a nature established by the secretary to the state board of education. Within ten days following the count of votes in an election at which a member of an educational service district board is elected, the secretary to the state board of education shall certify to the county auditor of the headquarters county of the educational service district the name or names of the persons elected to be members of the educational service district board.

NEW SECTION. Sec. 8. If any provision of this amendatory act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected."

SUBSTITUTE HOUSE BILL NO. 1419, by Committee on Revenue (originally sponsored by Representatives Scott, Bond, McCormick, Wilson, Nelson (D.), Sprague, Martinis, Mitchell, Charnley, King, Sherman, Grimm, Ehlers, Thompson, Warnke, Burns, Gallagher, Knowles, Rinehart, Brekke, Eng, Erak, Galloway, Granlund, Hughes, Kreidler, Lux, Monohon, Pruitt, Salatino, Smith (R.), Van Dyken and Vrooman):

Encouraging the use of renewable energy resources by gas and electric companies.

REPORT OF STANDING COMMITTEE

March 3, 1980.

SUBSTITUTE HOUSE BILL NO. 1419, encouraging the use of renewable energy resources by gas and electric companies (reported by Committee on Energy and Utilities):

MAJORITY recommendation: Do pass with the following amendment:
Strike everything after the enacting clause and insert the following:

"**NEW SECTION.** Section 1. The legislature finds and declares that the potential for meeting future energy needs through conservation measures, including energy conservation loans, energy audits, and the use of renewable resources, such as solar energy, wind energy, wood, wood waste, municipal waste, agricultural products and wastes, hydroelectric energy, geothermal energy, and end-use waste heat, may not be realized without incentives to public and private energy utilities. The legislature therefore finds and declares that actions and incentives by state government to promote conservation and the use of renewable resources would be of great benefit to the citizens of this state by encouraging efficient energy use and a reliable supply of energy based upon renewable energy resources.

NEW SECTION. Sec. 2. There is added to chapter 80.28 RCW a new section to read as follows:

In establishing rates for each gas and electric company regulated by this chapter, the commission shall adopt policies to encourage meeting or reducing energy demand through cogeneration as defined in RCW 82.35.020, measures which improve the efficiency of energy end use, and new projects which produce or generate energy from renewable resources, such as solar energy, wind energy, hydroelectric energy, geothermal energy, wood, wood waste, municipal wastes, agricultural

products and wastes, and end-use waste heat. These policies shall include but are not limited to allowing a return on investment in measures to improve the efficiency of energy end use, cogeneration, or projects which produce or generate energy from renewable resources which return is established by adding an increment of two percent to the rate of return on common equity permitted on the company's other investment. Measures or projects encouraged under this section are those for which construction or installation is begun after the effective date of this act and before January 1, 1990, and which, at the time they are placed in the rate base, are reasonably expected to save, produce, or generate energy at a total incremental system cost per unit of energy delivered to end use which is less than or equal to the incremental system cost per unit of energy delivered to end use from similarly available conventional energy resources which utilize nuclear energy or fossil fuels and which the gas or electric company could acquire to meet energy demand in the same time period. The rate of return increment shall be allowed for a period not to exceed thirty years after the measure or project is first placed in the rate base.

NEW SECTION. Sec. 3. There is added to chapter 82.16 RCW a new section to read as follows:

(1) In computing tax under this chapter there shall be deducted from the gross income:

(a) An amount equal to the cost of production at the plant for consumption within the state of Washington of:

(i) Electrical energy produced or generated from cogeneration as defined in RCW 82.35.020; and

(ii) Electrical energy or gas produced or generated from renewable energy resources such as solar energy, wind energy, hydroelectric energy, geothermal energy, wood, wood wastes, municipal wastes, agricultural products and wastes, and end-use waste heat; and

(b) Those amounts expended to improve consumers' efficiency of energy end use or to otherwise reduce the use of electrical energy or gas by the consumer.

(2) This section applies only to new facilities for the production or generation of energy from cogeneration or renewable energy resources or measures to improve the efficiency of energy end use on which construction or installation is begun after the effective date of this act and before January 1, 1990.

(3) Deductions under subsection (1)(a) of this section shall be allowed for a period not to exceed thirty years after the project is placed in operation.

(4) Measures or projects encouraged under this section shall at the time they are placed in service be reasonably expected to save, produce, or generate energy at a total incremental system cost per unit of energy delivered to end use which is less than or equal to the incremental system cost per unit of energy delivered to end use from similarly available conventional energy resources which utilize nuclear energy or fossil fuels and which the gas or electric utility could acquire to meet energy demand in the same time period.

(5) The department of revenue, after consultation with the utilities and transportation commission in the case of investor-owned utilities and the governing bodies of locally regulated utilities, shall determine the eligibility of individual projects and measures for deductions under this section."

Signed by: Senators Bottiger, Chairman; Benitz, Gould, Hayner, Lewis, Williams, Wilson.

The bill was read the second time by sections.

Senator Bottiger moved adoption of the committee amendment.

POINT OF INQUIRY

Senator Gould: "Senator Bottiger, there has been a little bit of concern about what is actually meant, as far as finding what conventional resources would cost and

just for the record, would you answer the question, in what instances and to what extent must the utility seek out or be prepared to acquire conventional resources in making cost comparisons to renewable energy resources?"

Senator Bottiger: "Senator Gould, as I understand the utility planning and resource acquisition process, each utility maintains a shopping list of different future generating resources which the utility might acquire to meet the demand in a future time period or which other utilities in the region are planning to acquire in that time period. The alternatives would most certainly include nuclear or fossil fuel generation. The utility will have to perform an engineering assessment of these alternate resources. It is on the basis of this information and the cost derived from this information that the decision to pursue one alternate or another is made. It is the committee's intent that if a conservation or a renewable energy resource can be reasonably expected to be cost competitive with conventional resources on the basis of this kind of assessment, given the lack of operating experience with new energy technologies then it should be eligible for the incentive (sic). We did not feel that it was appropriate to be granting incentives to projects which are clearly going to be more cost effective than alternate available alternatives."

POINT OF INQUIRY

Senator Rasmussen: "Senator Bottiger, the amendment that you have on the bill, provides that they will be allowed two percent additional return on equity."

Senator Bottiger: "That is correct, Senator. On that project."

Senator Rasmussen: "On that particular project that utilities and transportation and the revenue department decides is new generation and not, I guess my question is, not the present techniques but a new technique?"

Senator Bottiger: "Senator, if I might . . ."

Senator Rasmussen: "Let me go a little bit farther. . ."

Senator Bottiger: ". . . I would like to give you an example . . ."

Senator Rasmussen: ". . . especially the turbine generation that they are installing now for peaking would not come under that classification?"

Senator Bottiger: "Definitely not, it is not an alternate energy source."

Senator Rasmussen: "Okay, it would have to be an entirely new technology, something that they have never engaged in?"

Senator Bottiger: "Senator, if I could use an example on Puget Power. The utility and transportation commission currently gives them nine percent return on equity capital. If they went out and spent two million dollars on a wind turbine, then on that two million dollars they would be entitled to the nine plus two, but not on their entire equity investment."

Senator Rasmussen: "So in effect, the people that were in the area that are buying the power, then they will be paying an additional two percent on equity?"

Senator Bottiger: "Senator, the shareholder would be receiving two percent but we then give a credit for that two percent that goes to the shareholder against the generating tax on that particular facility. So that the rate-payer will not pay more; the general fund in a sense out of future revenues coming from that generating facility alone, would be refunding to the company the amount they paid in excess to their shareholders."

Senator Rasmussen: "We would then, be depleting the general fund."

Senator Bottiger: "Senator, I gave the example; I do not believe . . ."

Senator Rasmussen: ". . . the potential general fund, not the general fund that exists . . ."

Senator Bottiger: "All of these materials have been sent through the ways and means committee staff to double check the energy committee staff and because of the greatly increasing cost of electricity, the revenue from the generating tax is going up much faster than the rate of inflation. So we are taking out of that new

money, not present money, and all of this has been run through Senator Donohue so that it does not affect his projections."

Senator Rasmussen: "Thank you."

The motion by Senator Bottiger carried and the committee amendment was adopted.

On motion of Senator Bottiger, the rules were suspended, Substitute House Bill No. 1419, as amended by the Senate, was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

MOTION

On motion of Senator Jones, Senators Gallagher and Lewis were excused.

MAJORITY recommendation: Do pass with the following amendments:

On page 6, after line 36, insert the following:

"Sec. 8. Section 43.19.1911, chapter 8, Laws of 1965 and RCW 43.19.1911 are each amended to read as follows:

When purchases are made through competitive bidding, the contract shall be let to the lowest responsible bidder, subject to any preferences provided by law to Washington products and vendors, taking into consideration the quality of the articles proposed to be supplied, their conformity with specifications, the purposes for which required, and the times of delivery: PROVIDED, That whenever there is reason to believe that the lowest acceptable bid is not the best price obtainable, all bids may be rejected and the division of purchasing may call for new bids or enter into direct negotiations to achieve the best possible price. Each bid with the name of the bidder shall be entered of record and each record, with the successful bid indicated, shall, after letting of the contract, be open to public inspection. In determining "lowest responsible bidder", in addition to price, the following elements shall be given consideration:

(1) The ability, capacity and skill of the bidder to perform the contract or provide the service required;

(2) The character, integrity, reputation, judgment, experience and efficiency of the bidder;

(3) Whether the bidder can perform the contract within the time specified;

(4) The quality of performance of previous contracts or services;

(5) The previous and existing compliance by the bidder with laws relating to the contract or services;

(6) Such other information as may be secured having a bearing on the decision to award the contract: PROVIDED, That in considering bids for purchase, manufacture, or lease, and in determining the "lowest responsible bidder," whenever there is reason to believe that applying the "life cycle costing" technique to bid evaluation would result in lowest total cost to the state, first consideration shall be given by state purchasing activities to the bid with the lowest life cycle cost which complies with specifications. "Life cycle cost" means the total cost of an item to the state over its estimated useful life, including costs of selection, acquisition, operation, maintenance, and where applicable, disposal, as far as these costs can reasonably be determined, minus the salvage value at the end of its estimated useful life. The "estimated useful life" of an item means the estimated time from the date of acquisition to the date of replacement or disposal, determined in any reasonable manner."

REPORT OF STANDING COMMITTEE

March 12, 1980.

HOUSE BILL NO. 1427, increasing the municipal public transit motor vehicle excise tax authorization (reported by Committee on Ways and Means):

MAJORITY recommendation: Do pass with the following amendments:

On page 1, strike everything after the enacting clause and insert the following:

"Section 1. Section 2, chapter 296, Laws of 1971 ex. sess. as amended by section 6, chapter 270, Laws of 1975 1st ex. sess. and RCW 82.14.045 are each amended to read as follows:

chapter: PROVIDED, That no such legislative body shall impose such a sales and use tax without submitting such an authorizing proposition to the voters and obtaining the approval of a majority of persons voting thereon: PROVIDED FURTHER, That where such a proposition is submitted by a county on behalf of an unincorporated transportation benefit area, it shall be voted upon by the voters residing within the boundaries of such unincorporated transportation benefit area and, if approved, the sales and use tax shall be imposed only within such area. Notwithstanding any provisions of this section to the contrary, any county in which a county public transportation plan has been adopted pursuant to RCW 36.57.070 and the voters of such county have authorized the imposition of a sales and use tax pursuant to the provisions of RCW 82.14.047, section 10, chapter 167, Laws of 1974 ex. sess., prior to July 1, 1975, shall be authorized to fix and impose a sales and use tax as provided in this section at not to exceed the rate so authorized without additional approval of the voters of such county as otherwise required by this section.

The tax authorized pursuant to this section shall be in addition to the tax authorized by RCW 82.14.030 and shall be collected from those persons who are taxable by the state pursuant to chapters 82.08 and 82.12 RCW upon the occurrence of any taxable event within such city, public transportation benefit area, county, or metropolitan municipal corporation as the case may be. The rate of such tax shall be one-tenth, two-tenths, or three-tenths of one percent of the selling price (in the case of a sales tax) or value of the article used (in the case of a use tax) (~~and shall not exceed the rate authorized in the proposition approved~~) except that in the case of a metropolitan municipal corporation created pursuant to chapter 35.58 RCW within a class AA county, the rate of such tax shall be one-tenth, two-tenths, three-tenths, four-tenths, five-tenths, or six-tenths of one percent. The rate of such tax shall not exceed the rate authorized by the voters unless such increase shall be similarly approved.

(2) (a) In the event a metropolitan municipal corporation shall impose a sales and use tax pursuant to this chapter no city, county which has created an unincorporated transportation benefit area, public transportation benefit area authority, or county transportation authority wholly within such metropolitan municipal corporation shall be empowered to levy and/or collect taxes pursuant to RCW 35.58.273, 35.95.040 and/or 82.14.045, as now or hereafter amended, but nothing herein shall prevent such city or county from imposing sales and use taxes pursuant to any other authorization.

(b) In the event a county transportation authority shall impose a sales and use tax pursuant to this section, no city, county which has created an unincorporated transportation benefit area, public transportation benefit area, or metropolitan municipal corporation, located within the territory of the authority, shall be empowered to levy or collect taxes pursuant to RCW 35.58.273, 35.95.040, or 82.14.045, as now or hereafter amended.

NEW SECTION. Sec. 2. There is appropriated from the general fund to the office of financial management for the biennium ending June 30, 1981, the sum of three million dollars, or so much thereof as may be necessary, for disbursement for public transportation purposes to any local public transportation system: PROVIDED, That no funds may be disbursed to any local public transportation system until the director of financial management determines that the public transportation system requesting financial assistance is, or may soon be, in an emergent situation where demand for critical transit services exceeds the level of service the public transportation system is able to provide within existing revenues. Disbursement of any funds shall be effected only after determination by the director of financial management that the governing body of the public transportation system requesting the funds has exhausted all reasonable alternatives available to meet the service requirements within existing revenues and to generate additional local moneys for maintenance and operation of the public transportation system.

NEW SECTION. Sec. 3. This act is necessary for the immediate preservation of the public peace, health, and safety, the support of the state government and its existing public institutions, and shall take effect immediately."

On page 1, on line 1 of the title, after "funding;" strike the remainder of the title and insert "amending section 2, chapter 296, Laws of 1971 ex. sess. as amended by section 6, chapter 270, Laws of 1975 1st ex. sess. and RCW 82.14.045; making an appropriation; and declaring an emergency."

On motion of Senator McDermott, the committee amendment to the title was adopted.

On motion of Senator McDermott, the rules were suspended, House Bill No. 1427, as amended by the Senate, was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

POINT OF INQUIRY

Senator Rasmussen: "Senator McDermott, as I read the bill, the amendment provides for an increase of three-tenths of one percent in the sales tax."

Senator McDermott: "Yes, with a vote of the people . . ."

Senator Rasmussen: "How many million would that involve? Two hundred million, that would be state-wide; that would be about two hundred and forty . . ."

Senator McDermott: "You are talking . . ."

Senator Rasmussen: "We are talking about King county only."

Senator McDermott: "Yes, we are talking about double A counties."

Senator Rasmussen: "And that is the only county in the state?"

Senator McDermott: "That is correct."

Senator Rasmussen: "How much will that raise in King county?"

Senator McDermott: "I am not certain of the exact amount, perhaps Senator Shinpoch . . .?"

Senator Rasmussen: "In King county. State-wide it would be about two hundred and forty million."

Senator McDermott: "The figure is somewhere in the area of thirty million. I hear thirty-two and thirty-five million. One of the problems in estimating that is that in this period of inflation, it is a little bit hard to make exact estimates of what the sales tax is going to bring in but it is about thirty million dollars."

Senator Rasmussen: "And that would be thirty-two million dollars that would be taken away from the schools in the event that we have to raise taxes, they would

be able to ride the buses but we would not be able to have the schools adequately funded. Senator McDermott, I am speaking of the short fall in revenues that we are anticipating in 1981 and we may have to raise the sales tax in order to obey the court mandate. We would not be able to raise the sales tax as much in King county then, to support schools if this additional tax is approved."

Senator McDermott: "Senator Rasmussen, in answer to your question, the money we are talking about is additional taxation which is not presently there. If we at the state level and the next session have to raise the taxes, we would raise them uniformly across the state for the support of schools. It would be in addition to this amount of money. This is a decision, locally, that they want to have a transit system and tax themselves for that, and I think it is a good move, gives local control."

Senator Rasmussen: "Thank you, Senator McDermott."

Changing the valuation of unconventional heating and cooling systems for property taxation.

REPORT OF STANDING COMMITTEE

March 11, 1980.

ENGROSSED SECOND SUBSTITUTE HOUSE BILL NO. 1546, changing the valuation of unconventional heating and cooling systems for property taxation (reported by Committee on Energy and Utilities):

MAJORITY recommendation: Do pass with the following amendments:

On page 1, strike everything after the enacting clause and insert the following:

"NEW SECTION. Section 1. There is added to chapter 84.40 RCW a new section to read as follows:

As used in RCW 84.40.030:

(1) "Unconventional heating, cooling, domestic water heating or electrical system" means a heat pump space heating and cooling or water heating system, active or passive solar space or water heating systems, solar photovoltaic or solar-thermal generating systems, and wind-driven electrical generating systems.

(2) "Active solar space or water heating system" means a system of solar collectors, pumps, fans, ducting, piping, controls, and equipment for the storage of thermal energy which are combined so as to provide for the collection, storage, and distribution of solar energy for space or water heating.

(3) "Passive solar space heating or water heating system" means a system of equipment and/or building structural components which are combined so as to provide for the collection, storage, and distribution of solar energy for space or water heating and which rely principally on natural conduction, convection, and radiation for heat transfer. Such equipment or structural components include generally south-facing glazing or attached green houses which are primarily unshaded during the months of November through March; solar collectors; moveable insulation to reduce night heat loss; reflective devices to enhance solar collection; water tanks, rock bins, and walls or floors which also provide thermal storage; and ducting, piping, fans, and controls.

Sec. 2. Section 2, chapter ___ (SB 3181), Laws of 1980 and RCW 84.40.030 are each amended to read as follows:

All property shall be valued at one hundred percent of its true and fair value in money and assessed on the same basis unless specifically provided otherwise by law.

Taxable leasehold estates shall be valued at such price as they would bring at a fair, voluntary sale for cash without any deductions for any indebtedness owed including rentals to be paid. Notwithstanding any other provisions of this section or of any other statute, when the value of any taxable leasehold estate created prior to January 1, 1971 is being determined for assessment years prior to the assessment year 1973, there shall be deducted from what would otherwise be the value thereof the present worth of the rentals and other consideration which may be required of the lessee by the lessor for the unexpired term thereof: PROVIDED, That the foregoing provisions of this sentence shall not apply to any extension or renewal, made after December 31, 1970 of the term of any such estate, or to any such estate after the date, if any, provided for in the agreement for rental renegotiation.

The true and fair value of the real property for taxation purposes (including property upon which there is a coal or other mine, or stone or other quarry) shall be based upon the following criteria:

(1) Any sales of the property being appraised or similar property with respect to sales made within the past five years. The appraisal shall take into consideration political restrictions such as zoning as well as physical and environmental influences. The appraisal shall also take into account, (a) in the use of sales by real estate contract as similar sales, the extent, if any, to which the stated selling price has been increased by reason of the down payment, interest rate, or other financing terms; and (b) the extent to which the sale of a similar property actually represents the general effective market demand for property of such type, in the geographical area in which such property is located. Sales involving deed releases or similar seller-developer financing arrangements shall not be used as sales of similar property.

(2) In addition to sales as defined in subsection (1), consideration may be given to cost, cost less depreciation, reconstruction cost less depreciation, or capitalization of income that would be derived from prudent use of the property. In the case of property of a complex nature, or being used under terms of a franchise from a public agency, or operating as a public utility, or property not having a record of sale within five years and not having a significant number of sales of similar property in the general area, the provisions of this subsection (2) shall be the dominant factors in valuation. When provisions of this subsection (2) are relied upon for establishing values the property owner shall be advised upon request of the factors used in arriving at such value.

(3) In valuing any tract or parcel of real property, the value of the land, exclusive of structures thereon shall be determined; also the value of structures thereon, but the valuation shall not exceed the value of the total property as it exists. In valuing agricultural land, growing crops shall be excluded.

(4) In valuing any building with an unconventional heating, cooling, domestic water heating or electrical system (~~(before December 31, 1987)~~), the value placed on the building shall not exceed the value which would be placed on the building if it had a conventional system.

NEW SECTION. Sec. 3. There is added to chapter 84.40 RCW a new section to read as follows:

The department of revenue shall promulgate such rules, under chapter 34.04 RCW, as are necessary and convenient to properly administer RCW 84.40.030(4) by September 1, 1980, and shall report on these rules to the house and senate energy and utilities committees on or before that date.

Sec. 4. Section 3, chapter ___ (SB 3181), Laws of 1980 and RCW 84.40. ___ are each amended to read as follows:

Notice of the assessment rule provided in RCW 84.40.030(4) shall be included on or with all property tax statements and revaluation notices. (~~This section shall expire December 31, 1987.~~)

NEW SECTION. Sec. 5. Any person who feels the assessed valuation of any building which he or she owns has been increased because it has an unconventional heating, cooling, domestic water heating or electrical system, as defined in section 1 of this act, may appeal the assessment to the county board of equalization under chapter 84.48 RCW as provided by law.

NEW SECTION. Sec. 6. This act is necessary for the immediate preservation of the public peace, health, and safety, the support of the state government and its existing public institutions, and shall take effect immediately and shall be effective for assessments made in 1980 and years thereafter."

On page 1, one line 1 of the title, after "taxation;" strike the remainder of the title and insert "amending section 2, chapter ___ (SB 3181), Laws of 1980 and RCW 84.40.030; amending section 3, chapter ___ (SB 3181), Laws of 1980 and

RCW 84.40.____; adding a new section to chapter 84.40 RCW; creating a new section; and declaring an emergency."

Signed by: Senators Bottiger, Chairman; Hurley, Lysen, Williams, Wilson, Woody.

The bill was read the second time by sections.

Senator Bottiger moved adoption of the committee amendment.

On motion of Senator Wilson, the following amendment to the committee amendment was adopted:

Delete everything from and including "Notice" on page 5, line 23 through "RCW 84.40.030(4)" on line 24 and insert:

The department of revenue shall prepare a brief explanation of the assessment rule provided in RCW 84.40.030(4) in non-technical terms and provide sufficient copies of that explanation to the assessors of each county for distribution to the property owners of the counties. This explanation ((Notice of the assessment rule provided in RCW 84.40.030(4)))

The motion of Senator Bottiger carried and the committee amendment, as amended, was adopted.

On motion of Senator Bottiger, the committee amendment to the title was adopted.

On motion of Senator Bottiger, the rules were suspended, Engrossed Second Substitute House Bill No. 1546, as amended by the Senate, was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

POINT OF INQUIRY

Senator Rasmussen: "Senator Bottiger, would you please explain for the record what would be classed as 'unconventional' so we have it clear what we are talking about."

Senator Bottiger: "Senator Rasmussen, the bill sets forth a definition and there is no service in just rereading it. What we are after are those kinds of construction programs, devices that are not standard, that do not exist as a state of the art within that particular class of housing. Heat pumps would clearly be an example, the passive solar wall, the shade system that Senator Guess discussed would be clearly classified as non-conventional construction systems. If it is what everybody else is doing, then it is standard, and it should be all taxed alike; but if somebody is spending the extra money to save energy, we are asking the assessor not to increase his taxes for that reason."

Senator Rasmussen: "Thank you. At what stage does it become conventional, Senator Bottiger? I am wondering if fifty percent of the people would suddenly install heat pumps, would it then become conventional?"

Senator Bottiger: "Senator, I think the way the bill is drafted and the definition, would say that when it is a state of the art, it becomes conventional and I am not sure I could put any percentage on it as to when it became conventional. Again, the department of revenue would write the rules and regulations, they are to report to us the rules and regulations that they adopt and if we find that everybody is doing it and there is now no longer any reason to grant a special exemption, then we can repeal the section."

Senator Rasmussen: "Thank you, I was hoping you would have a little bit clearer legislative intent."

REMARKS BY PRESIDENT PRO TEMPORE HENRY

Senator Henry: "Fifty-one percent, Senator Rasmussen."

REMARKS BY SENATOR GUESS

Senator Guess: "If I might answer the question that Senator Rasmussen raises, I designed a heat pump and installed it in a house that I built in Walla Walla in 1949. I actually designed that in my head in a tent in Germany, dreaming about what I was going to do when I built that house when I came home. It is not yet the state of the art. A heat pump was very successful as far the financing of the thing and the cost, Senator Rasmussen.. I can remember the very cold month that we had just after we moved into the house and the bill for all the lighting and cooking and the heat pump was twelve dollars and fifty cents; but I had problems. I had designed it, using some equipment that came off of a liberty ship down at Swan Island Naval Shipyard and we had trouble with that, and I lost four hundred pounds of freon down the creek. And so I have never had a house with a heat pump in it since then. But heat pumps are efficient; they will return to you in the order of about three kilowatts of heat for every kilowatt of electricity that you put into it. I think in a period of time, maybe ten years, that the heat pump will be the normal thing that we will put in. But until then people are going to have to, should be given an incentive because of the efficiency and hopefully the manufacturers now have a better system than I dreamed up."

INTRODUCTION OF GUESTS

President Pro Tempore Henry announced the presence on the Senate rostrum of Yoshio Uchida, director general of Japan External Trade Organization of San Francisco and Shimataro Ohishi also of JETRO who are guests of the Lieutenant Governor.

With permission of the Senate, business was suspended to permit Mr. Uchida to address the Senate.

SECOND READING

SUBSTITUTE HOUSE BILL NO. 1413, by Committee on Energy and Utilities (originally sponsored by Representatives Isaacson, Oliver, Nisbet, Hastings and Williams):

Providing for a state energy fair in 1983.

The bill was read the second time by sections.

On motion of Senator Bottiger, the rules were suspended, Substitute House Bill No. 1413 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

POINT OF INQUIRY

Senator Goltz: "Senator Morrison, I have it said, but I would like to see it in the record, that the state will not be required to put up any money to support this particular activity. Is that correct?"

Senator Morrison: "Senator Goltz, the bill contains absolutely no appropriation. It is the intent to utilize existing or facilities that will be built within the tri-cities prior to the 1983 time of the fair. So it certainly is not the intent of this measure to require the appropriation of any state funds for this particular state fair."

POINT OF INQUIRY

Senator Wojahn: "Senator Morrison, I notice that the bill does not contain the appropriation. You say that it does not anticipate, does it anticipate an appropriation from the state in the future?"

Senator Morrison: "The prime sponsor from the House, Representative Isaacson, is right here shaking his head 'no'. This is strictly, we want to give to this celebration the status of being a state fair for the sake of attracting that many more industries from all across the nation to come to the tri-cities area to talk to the citizens of the state and the great northwest about the tremendous advantage, developments that have come along in these last few years. So, no, there is no intent to appropriate state funds at all for this particular state fair."

Senator Wojahn: "In the future?"

Senator Morrison: "As far as I am concerned, no intent for future, I suppose that commerce and economic development came in and requested an appropriation for a state exhibit, that would be something for future sessions to consider. It certainly is not intended by the sponsor of the measure in front of us."

Senator Wojahn: "May I ask a further question? The bill simply lays out the fact that the tri-cities is considering an energy fair. They want to set up a nonprofit organization, as I understand it. Why do you have to have a bill to set up a nonprofit organization? We have them all over the state and I cannot see what the need for the bill is?"

Senator Morrison: "Senator Wojahn, the need for the bill is. . . I do not think we could establish this as a state energy fair without having legislation, without having the state board of directors, if you will, declare that it is of sufficient interest to be a state fair. That is essentially the only real impact of the bill is that it is declared to be a state energy fair. I think that justifies the legislation. If it is not declared a state fair, then I think we lose the opportunity to attract tremendous attention to this as a celebration, if you will, a description of the state of the art in energy conservation. So I think the bill is justified on that basis, it makes it a state fair, that is the only intent and I think it will attract international as well as national recognition on the basis the state of Washington is saying 'Look, we've got an energy park, an energy center, come look at it and we will show you what we are doing here'."

REMARKS BY PRESIDENT PRO TEMPORE HENRY

President Pro Tempore Henry: "Senator Wojahn, if I may add just a word or two. I think from what I have read of this and from some of the articles I have read in the local news from that area, this will be operated a great deal like the industry that I was with for so many years. The suppliers, the various people who have exhibits they want to show to the people, they are the ones who really foot the final tab."

POINT OF INQUIRY

Senator Goltz: "Senator Morrison, I am not in opposition to the concept at all, but I see that it does establish a new chapter in the RCW without a sunset clause. To remove that chapter after this fair is over in 1983 or '84, would require the introduction of another bill which is quite an expense to the state of Washington. I wonder if it would not be advisable at this time to put a sunset provision in the bill so that the bill automatically self-destructs so we do not have to add another bill in 1983 or '84."

REMARKS BY PRESIDENT PRO TEMPORE HENRY

President Pro Tempore Henry: "I think you will recall, Senator Goltz, we self-destructed the Seattle World's Fair and a few others without too much problem. I think that adding an amendment at this stage of the game on the final day, would be a little risky."

MOTION

Senator Walgren moved the rules be suspended and the following bill be advanced to second reading and read the second time in full.

SECOND READING

SUBSTITUTE HOUSE BILL NO. 1758, by Committee on Labor (originally sponsored by Representatives King, Clayton, Scott, Mitchell, Lux and Martinis):
 Establishing a model reemployment and assistance project for injured workers.

PARLIAMENTARY INQUIRY

Senator Clarke: "Under rule 56, does this take a two-thirds vote or merely a majority vote? As I read 56, it relates only to, in effect the suspension of the two-

thirds rule in respect to advancement of bills. This is catching a bill on the fly and the question is whether that requires a two-thirds vote or a majority vote under rule 56."

REPLY BY THE PRESIDENT

President Cherberg: "Senator Clarke, in response to your point, rule 56 states that 'every bill shall be read on three separate days unless the Senate deems it expedient to suspend the rule, provided however, that after the forty-ninth day of every regular session, this rule may be suspended by a majority vote'. The President believes the purpose of the rule is to permit the advancement on a majority vote."

PARLIAMENTARY INQUIRY

Senator Clarke: "In other words, the three separate day situation would also apply to catching a bill on the fly as it comes over?"

REPLY BY THE PRESIDENT

President Cherberg: "The President believes so, Senator Clarke."

The motion by Senator Walgren carried.

There being no objection, the Senate returned to the fourth order of business.

MOTION

MESSAGE FROM THE HOUSE

March 11, 1980.

Mr. President: The House refuses to concur in the Senate amendment to ENGROSSED SUBSTITUTE HOUSE BILL NO. 1570, and asks the Senate to recede therefrom, and the same is herewith transmitted.

DEAN R. FOSTER, Chief Clerk.

VITO T. CHIECHI, Chief Clerk.

MOTION

Senator Clarke moved the Senate recede from its amendment to Engrossed Substitute House Bill No. 1570.

MOTION

On motion of Senator Walgren, further consideration of the House Message on Engrossed Substitute House Bill No. 1570 was deferred.

MOTION

On motion of Senator Walgren, the Senate advanced to the sixth order of business.

SECOND READING

ENGROSSED SUBSTITUTE HOUSE BILL NO. 1408, by Committee on Local Government (originally sponsored by Representative Thompson):

Authorizing the creation of solid waste disposal districts.

The Senate resumed consideration of Engrossed Substitute House Bill No. 1408, as amended on February 19, 1980. At that time an amendment by Senator Bradburn had been moved for adoption.

There being no objection, on motion of Senator Bradburn, the amendment to page 3, line 20 was withdrawn.

On motion of Senator Gould, the following amendment by Senators Gould and Hansen was adopted:

On page 1, line 28, after "statute" insert ": PROVIDED, That a solid waste disposal district shall not have the power of eminent domain"

Senator Odegaard moved the following amendments by Senators Henry, Odegaard and Morrison be considered and adopted simultaneously:

On page 3, line 17, after "all" insert "natural"

On page 3, line 18, strike "or operating a business in"

On page 3, line 21, after "of" insert "natural"

POINT OF INQUIRY

Senator Bottiger: "Senator Odegaard, on page 3, line 21, the inserting of the word 'natural' would mean, and if I can use an example, a doctor who is practicing as an individual would have to pay the excise tax but a doctor who incorporated and therefore his business was a corporation, would not have to pay it?"

Senator Odegaard: "Senator Bottiger, I would think that if the doctor were not necessarily a corporation but were in a business not necessarily incorporated but as long as it is considered a business, that he would then not come under this. But he would have to pay if he were, for his own residence. Now somebody who understands corporation language better than I, might be able to answer that better."

The motion by Senator Odegaard carried and the amendments were adopted.

On motion of Senator Odegaard, the following amendments by Senators Odegaard and Donohue were adopted.

On page 3, line 16, after "may" insert ", upon vote of the people,"

On page 3, line 23, after "classes." insert "The excise tax shall be used only for solid waste disposal district purposes."

There being no objection, on motion of Senator Henry, the amendment by Senators Henry and Morrison to page 3, line 14, on the desk of the Secretary of the Senate, was withdrawn.

On motion of Senator Odegaard, the rules were suspended, Engrossed Substitute House Bill No. 1408, as amended by the Senate, was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

ROLL CALL

The Secretary called the roll on the final passage of Engrossed Substitute House Bill No. 1408, as amended by the Senate, and the bill failed to pass the Senate by the following vote: Yeas, 18; nays, 30; excused. 1.

Voting yea: Senators Bausch, Bottiger, Donohue, Gaspard, Goltz, Guess, Hansen, Henry, Marsh, McDermott, Morrison, Peterson, Quigg, Ridder, Talley, Talmadge, Walgren, Woody—18.

Voting nay: Senators Benitz, Bluechel, Bradburn, Clarke, Conner, Day, Fleming, Gallagher, Gould, Haley, Hayner, Hurley, Jones, Lee, Lewis, Lysen, Matson, Moore, Odegaard, Pullen, Rasmussen, Scott, Sellar, Shinpoch, Van Hollebeke, Vognild, Wanamaker, Williams, Wilson, Wojahn—30.

Excused: Senator von Reichbauer—1.

ENGROSSED SUBSTITUTE HOUSE BILL NO. 1408, as amended by the Senate, having failed to receive the constitutional majority, was declared lost.

MOTION FOR RECONSIDERATION

Having voted on the prevailing side, Senator Odegaard moved the Senate immediately reconsider the vote by which Engrossed Substitute House Bill No. 1408 failed to pass the Senate.

MOTION

Senator Walgren moved the motion for reconsideration be held for March 13, 1980.

PARLIAMENTARY INQUIRY

Senator Shinpoch: "Mr. President, as I read rule 31, after the fiftieth day it can only be on the day that it is supposed to be considered."

REPLY BY THE PRESIDENT

President Cherberg: "What portion of rule 31 are you referring to?"

Senator Shinpoch: "I was reading the last two sentences, and the last sentence says 'Motion to reconsider a vote upon amendments to any pending question may be made and decided at once' after the fiftieth day."

President Cherberg: "It said 'may be decided'. The motion to reconsider has been made, then Senator Walgren has moved that consideration of the motion be deferred until tomorrow. It is entirely up to the members of the Senate to determine whether they wish to defer consideration until tomorrow or not. Those in favor of the motion will say 'aye'. Those opposed will say 'no'. The ayes appear to have it; motion is carried."

The motion by Senator Walgren carried.

The motion for reconsideration by Senator Odegaard was held for March 13, 1980.

MOTION

At 5:00 p.m., on motion of Senator Walgren, the Senate recessed until 6:15 p.m.

EVENING SESSION

The President called the Senate to order at 6:15 p.m.

There being no objection, the Senate returned to the sixth order of business.

Signed by: Senators Williams, Chairman, Bradburn, Donohue, Goltz, Guess, Hansen, Scott.

The bill was read the second time by sections.

On motion of Senator Williams, the committee amendments to page 1, lines 10, 14 and 29; page 2, lines 3, 12, 14, 18, 22, 23, 24; page 4, beginning on line 4 were adopted.

Senator Williams moved the committee amendment to page 4, line 17 not be adopted.

Senator Guess moved the committee amendment to page 4, line 17 be adopted. Debate ensued.

POINT OF INQUIRY

Senator McDermott: "Senator Williams, after the waste is buried, who is responsible for it if there is a leak?"

Senator Williams: "As I understand it, it would be the state."

Senator McDermott: "The state. So if we adopt this amendment, once they put it in the ground, they no longer have any more responsibility for it?"

Senator Williams: "No, I think you may be dealing with a different amendment."

Senator McDermott: "Okay. What I am concerned about is this amendment. Does that put NECO or whoever owns the site out of the position of being responsible for it once it is buried?"

Senator Williams: "No, I do not think so; we have passed the amendments that dealt with that particular section already. We are in the definition section now and dealing with the definition of 'broker'."

The President declared the question before the Senate to be the positive motion by Senator Guess that the Senate do adopt the committee amendment to page 4, line 17.

The motion by Senator Guess failed.

The motion by Senator Williams carried. The committee amendment to page 4, line 17 was not adopted.

On motion of Senator Williams, the committee amendment to page 5, line 9 was adopted.

Senator Williams moved adoption of the committee amendment to page 5, beginning on line 14.

Senator Williams moved adoption of the following amendment to the committee amendment:

On the second line of the Senate Ecology Committee amendment beginning on page 5, line 14 strike "direct"

Debate ensued.

POINT OF INQUIRY

Senator Guess: "Senator Williams, the University of Indiana expresses concern to me about this. They are a generator and they are a packager; but they do not ship direct to the site. Now, have they got to have a license as a generator/packager?"

Senator Williams: "I do not believe I can answer that question, Senator. At this point I am going to have to rely fairly heavily on the department of social and health services in terms of their explanation of why these two particular amendments should be adopted."

Senator Guess: "It seems to me that once a generator/packager packages, and this is medical waste we are talking about, the University of . . . hospital, they make the package in accordance with the instructions that they get from the site disposer. The instructions are fairly well standard and they know exactly what they

have got to do. But they then turn that over to a broker and it appears to be that the language of taking the direct shipment out, means that they then, the University, would have to have a license and it is a long way back to reach for that type of person, and you ought to depend upon the broker to guarantee this. It certainly would make it far easier for the department, rather than having to have licenses in all the university hospitals that send shipments out here, if the language was written as it was in the committee amendment."

Further debate ensued.

POINT OF INQUIRY

Senator Goltz: "Senator Guess, are you concerned about the word 'direct' in . . ."

Senator Guess: "Yes, I am."

Senator Goltz: "I guess then I would like to ask Senator Williams a question. Maybe I am acting as a broker here between Senator Guess and Senator Williams."

POINT OF INQUIRY

Senator Goltz: "Senator Williams, it is my understanding that the definition section does not have any definition now for a 'generator/packager' and because we use that term, in other parts of the bill, the department would want to have a definition of a generator/packager. And if the word 'direct' could be removed to satisfy Senator Guess's concern, it seems to me that then the shipments would be either direct or indirect and it would not substantially hurt the definition; therefore, I would ask you the question, do you see anything wrong with removing the word 'direct' from the definition as long as it would allow for the generator/packager to ship either direct or indirect?"

Senator Williams: "I think that is what we are trying to do. The amendment that we are considering right now is to remove the word 'direct'. We are dealing with a floor amendment, my floor amendment which strikes the word 'direct' from the committee amendment. And that is exactly what we are trying to do. We are trying to strike the word "direct" because then, as you say, the generator/packager definition deals with, it provides a definition for generator/packager which is a term that is used throughout the bill. And does not, and strikes the word "direct' because that is a rather narrow definition of generator/packager."

POINT OF INQUIRY

Senator Donohue: "Senator Williams, maybe, I will try to remember the discussion we had in committee regarding the word 'direct' and if I remember correctly there are times when some of the radioactive waste that the generator/packager begins to ship, ends up, perhaps, in a warehouse for a period of time and then sits there until there is additional waste collected and then at that time the truck, fully loaded, can go to the disposal site. Now, was that the area that we talked about relative to the word 'direct'?"

Senator Williams: "Sorry I missed the question."

Senator Donohue: "I do not think I could ever ask that question again."

Senator Williams: "My counsel says answer 'yes'."

Senator Donohue: "The answer is 'yes'?"

REMARKS BY SENATOR GUESS

Senator Guess: "Senator Donohue, if you will read that fourth paragraph. Amendment fourteen defines 'generator/packager' stating that a generator or packager of radioactive waste is a person who makes direct shipments to a disposal site.

The generator/packager who does not ship directly to the site, that is, one who uses a broker, would not be required to have a site-use permit. That is the difference. Now what I was trying to do was to simplify the thing so that all universities that generate waste and use a broker, do not then also have to have a generator/packager license. And I think that this is, actually it will be, facilitate the department's administration of the bill."

The motion by Senator Williams carried and the amendment to the amendment to page 4, line 14 was adopted on a rising vote.

The motion by Senator Williams carried and the committee amendment, as amended was adopted.

Senator Williams moved adoption of the committee amendment to page 5, line 22.

Senator Williams moved adoption of the following amendment to the committee amendment:

On page 5, line 22, strike "December 31, 1984" and insert "December 31, 1982"

Senator Bottiger moved adoption of the following amendment to the committee amendment to page 5, line 35 and that it be considered together with the committee amendment to page 5, line 22 and the amendment by Senator Williams to that amendment.

On the second line of the Senate Ecology amendment beginning on page 5, line 35, after "December 31" strike "1984", date for a period of up to, but not exceeding one year," and insert "1982, date on a year-by-year basis, for a maximum of three years,"

Debate ensued.

MOTIONS

On motion of Senator Marsh, the Senate advanced to the sixth order of business.

On motion of Senator Marsh, the Senate resumed consideration of Engrossed Substitute House Bill No. 1412.

SECOND READING

ENGROSSED SUBSTITUTE HOUSE BILL NO. 1412, by Committee on Ecology (originally sponsored by Representatives Isaacson, Barr, Oliver, Williams and Wilson):

Regulating the transportation and disposal of radioactive wastes.

The Senate resumed consideration of Engrossed Substitute House Bill No. 1412. On March 12, 1980, the committee amendments to page 1, lines 20, 24, 29 and page 2, line 3 were considered and adopted simultaneously. The committee amendments to page 2, lines 12, 13, 18, 22, 23, 24 and page 4, line 4 were adopted. On motion of Senator Williams, the committee amendment to page 4, line 17 was not adopted. The committee amendment to page 5, line 9 was adopted. The committee amendment to page 5, line 14, as amended by Senator Williams, was adopted. Senator Williams had moved adoption of the committee amendment to page 5, line 22 and had moved adoption of an amendment by Senator Williams to page 5, lines 22 and 35. Senator Bottiger had moved that an amendment by Senator Williams to the committee amendment to page 5, line 35 be considered together.

Debate ensued.

The motion by Senator Williams carried and the amendments to the committee amendment to page 5, line 22 were adopted on a rising vote.

The committee amendment to page 5, line 22 and 35 as amended, were adopted.

On motion of Senator Williams, the committee amendments to page 5, lines 25, 28, also beginning on lines 28, 30, 31 and 32 were adopted.

On motion of Senator Williams, the remaining committee amendments were adopted.

Senator Morrison moved adoption of the following amendment:

On page 5, beginning on line 22, strike all material through "waste." on line 35 and insert:

"Notwithstanding any law, order, or regulation to the contrary, areas within the state of Washington which were being utilized for any of the following purposes as of March 13, 1980 may continue to be utilized by any person or entity as a temporary, interim, or permanent disposal site for radioactive waste or medical waste, or both generated inside of the state or outside of the state of Washington except as provided below. After December 31, 1984 no person or entity may transport to a

radioactive waste disposal site located in this state any radioactive waste generated outside of the state of Washington other than medical waste: PROVIDED, That radioactive waste generated outside of the state of Washington does not include low-level radioactive waste generated in a state which is a party to an interstate compact which includes the state of Washington and provides for regional storage of such radioactive waste: PROVIDED FURTHER, That the Governor may extend the December 31, 1984 date for a period of up to, but not exceeding one year, on finding that extreme hardship or emergency exists and that the interests of the citizens of the state of Washington are not adversely affected."

POINT OF ORDER

Senator Williams: "I think I would like to raise a Point of Order. First, I am wondering if it is appropriate to consider an amendment now which changes the date back after the body has already affirmatively changed the date that this amendment now is proposing to return us to."

RULING BY THE PRESIDENT

President Cherberg: "The point raised by Senator Williams on the original amendment was well taken; however, the new amendment has been changed to reflect 1982 instead of 1984."

There being no objection, on motion of Senator Morrison, the amendment was withdrawn.

Senator Morrison moved adoption of the following amendment:

On page 5, beginning on line 22, strike all material through "waste." on line 35 and insert:

"Notwithstanding any law, order, or regulation to the contrary, areas within the state of Washington which were being utilized for any of the following purposes as of March 13, 1980 may continue to be utilized by any person or entity as a temporary, interim, or permanent disposal site for radioactive waste or medical waste, or both generated inside of the state or outside of the state of Washington except as provided below. After December 31, 1982 no person or entity may transport to a radioactive waste disposal site located in this state any radioactive waste generated outside of the state of Washington other than medical waste: PROVIDED, That radioactive waste generated outside of the state of Washington does not include low-level radioactive waste generated in a state which is a party to an interstate compact which includes the state of Washington and provides for regional storage of such radioactive waste: PROVIDED FURTHER, That the Governor may extend the December 31, 1982 date for a period of up to, but not exceeding three years, on finding that extreme hardship or emergency exists and that the interests of the citizens of the state of Washington are not adversely affected."

POINT OF INQUIRY

Senator Bottiger: "Senator Morrison, I have this concern. If, with this language in, presume this goes on the ballot as passed by the people and then before 1982, for whatever reason the Governor orders another halt because of poor packaging or something, as this is worded, would a Governor still have that authority? It sounds to me like it is almost a positive statement that they can do it."

Senator Morrison: "I would presume although I may be incorrect, that the Governor continues to have the same authority that she would have now, Senator Bottiger. Was not the intent of being so positive in this authority that in fact, we cut off the emergency procedures which the executive branch has in handling these particular matters. So it was not my intent to terminate any control that the executive might have at this point."

The motion by Senator Morrison carried and the amendment was adopted on a rising vote.

Senator Morrison moved adoption of the following amendment by Senators Morrison, Bottiger and Benitz:

On page 12, line 33, after "Sec. 21." strike all material through "immediately" on line 36 and insert:

"This act shall be submitted to the people for their adoption and ratification, or rejection, at the next succeeding general election to be held in this state, in accordance with the provisions of Article II, section 1 of the state Constitution, as amended, and the laws adopted to facilitate the operation thereof"

Debate ensued.

POINT OF INQUIRY

Senator Goltz: "Senator Morrison, now that I have the new language before me and asking a question concerning the intent of the previous motion with respect to the current amendment to add a referendum, is it the intent of the language in the previous amendment, the language at the beginning of the amendment, that says 'Notwithstanding any law, order or regulation to the contrary', that if we pass an amendment or the referendum amendment and if the referendum passes, and if there is an initiative on the ballot which also passes, is it the intent of this language that the referendum would supersede the initiative?"

Senator Morrison: "I would have to answer that it is not specifically the intent that the referendum supersede. It is the intent of the amendatory language that we have now adopted to create a conflict that would then take this issue to the courts. We find that the courts have had almost nothing to say about conflicts between two different proposals that have passed the vote of the people. In the case of initiative 276, the initiative clearly said that it took precedence over other ballot issues and so that was clear. We are here intentionally creating a conflict, if by chance, both an initiative and this referendum should pass. It is not specifically our intent that this law would take precedent over the initiative if both passed."

Senator Goltz: "If this bill passes without the referendum and if an initiative passes, would the same conflict be established or would the initiative then supersede our law without the referendum?"

Senator Morrison: "I would presume that then the initiative would be an amendatory procedure changing the existing law which is already in effect and the effectives dates would govern. And then the initiative would take precedent over the language that is here before us."

POINT OF INQUIRY

Senator Wilson: "Senator Morrison, it is my understanding that the bill in its previous form, established a 1982 date and then said that the Governor could extend that date a year at a time for up to three years; and I understood that one of the arguments for that provision was to give the Governor some negotiating authority in trying to encourage other states to agree to compacts and that the Governor could say periodically, 'Well, now I am willing to extend this one more year but that is all', in order to hasten the achievement of a compact. Now as I read the language in your amendment, the last four lines, it would appear to me fairly clear, or at least a debatable matter, that under this amendment the Governor would be limited to a single extension of not more than three years; and I do not see anything in here that would indicate the Governor would retain the flexibility that the previous language had supplied her with. What do you think?"

Senator Morrison: "I certainly did not intend to, in fact, the reason the amendment was written as it was because we were anticipating one year as being the only

extension to be offered. It was my intent that by changing the three years that the Governor has the flexibility to extend for a period of time not to exclude, or not to go beyond three years. I would personally not be inclined to limit that to just one extension."

MOTION FOR RECONSIDERATION

Having voted on the prevailing side, on motion of Senator Morrison, the Senate moved to reconsider the vote by which the amendment by Senator Morrison to page 5, beginning on line 22 was adopted earlier today.

Senator Morrison moved adoption of the following amendment, on reconsideration:

On page 5, beginning on line 22, strike all material through "waste." on line 35 and insert:

"Notwithstanding any law, order, or regulation to the contrary, areas within the state of Washington which were being utilized for any of the following purposes as of March 13, 1980 may continue to be utilized by any person or entity as a temporary, interim, or permanent disposal site for radioactive waste or medical waste, or both generated inside of the state or outside of the state of Washington except as provided below. After December 31, 1982 no person or entity may transport to a radioactive waste disposal site located in this state any radioactive waste generated outside of the state of Washington other than medical waste: PROVIDED, That radioactive waste generated outside of the state of Washington does not include low-level radioactive waste generated in a state which is a party to an interstate compact which includes the state of Washington and provides for regional storage of such radioactive waste: PROVIDED FURTHER, That the Governor may extend the December 31, 1982 date for a period of up to, but not exceeding three years, on finding that extreme hardship or emergency exists and that the interests of the citizens of the state of Washington are not adversely affected."

On motion of Senator Morrison, the following amendment by Senator Ridder to the amendment by Senator Morrison was adopted:

Amend the Morrison amendment on the fourth line from the bottom as follows:
After "period of" insert "one year at a time"

POINT OF INQUIRY

Senator Goltz: "Senator Morrison, now that we have this back before us on second reading, I would like to ask a question as to what the reference 'except as provided below on line 6 of the amendment' refers to."

Senator Morrison: "I believe that the language that is impacted is the statement that these areas may continue to be utilized for radioactive waste generated outside or inside of the state of Washington except as provided below. The provisions below specify that, first of all that if it is subject, or it if has been negotiated as part of an interstate company, which I think was the intent of the original 1412 and the intent of Senator Williams' committee, that it not be closed as of that particular date. A further proviso is that the Governor then has the option of extending the 1982 date one year at a time for a period not to exceed three years."

Senator Goltz: "So 'the exceptions provided below' are contained within the amendment itself?"

Senator Morrison: "True."

POINT OF INQUIRY

Senator Williams: "Senator Morrison, my question is again, the same area. The first sentence of your amendment says 'notwithstanding, etc., the areas were being utilized for any of the following purposes, except provided below' and there are no

purposes provided below in a separate section, a separate part of your amendment. The word 'purposes' then, as I understand it, would be intended to mean, be those purposes that are listed in the same sentence—'temporary, interim, or permanent disposal site for radioactive waste'. I presume that is the intention, however, grammatically it is inaccurate because you talk of the following purposes except provided below and the following purposes are not listed separately then below."

Senator Morrison: "Senator Wilson, I believe it still stands grammatically that they may continue to utilize with interceding language except as provided below."

Senator Wilson: "I guess my question then, whether we agree or not on this grammar, is the purposes that you refer to are those purposes the temporary, interim or permanent disposal sites for radioactive waste?"

Senator Morrison: "Yes, the purposes are that we are creating the positive authority to continue to operate those facilities for those specific purposes, except as modified by the proviso."

Senator Wilson: "Except as modified."

Senator Morrison: "Right."

The motion by Senator Morrison carried and the amendment by Senator Morrison to page 5, line 22, as amended by Senator Ridder, was adopted on reconsideration.

The Senate resumed consideration of the following amendment by Senators Morrison, Bottiger and Benitz that had been moved for adoption by Senator Morrison earlier today:

On page 12, line 33, after "Sec. 21." strike all material through "immediately" on line 36 and insert:

"This act shall be submitted to the people for their adoption and ratification, or rejection, at the next succeeding general election to be held in this state, in accordance with the provisions of Article II, section 1 of the state Constitution, as amended, and the laws adopted to facilitate the operation thereof"

Debate ensued.

POINT OF INQUIRY

Senator Benitz: "Senator Williams, if this measure is passed without the referendum clause, can you give me some assurance or do you have assurance that the signatures will not be collected on the initiative?"

Senator Williams: "No, Senator Benitz, I cannot give you that assurance. I, my reason for stating so is that I think all of us have a certain common sense approach to what the politics are of running initiatives and so forth and if the previous bill that we had with a 1984 date was passed by the legislature and had a referendum on it, I am sure the people who are interested in the initiative would have then worked for one. With the language we have here, I do not think they will."

Further debate ensued.

The motion by Senator Morrison carried and the amendment was adopted on a rising vote.

MOTION FOR RECONSIDERATION

Having voted on the prevailing side, Senator McDermott moved the Senate reconsider the vote on adoption of the following committee amendment:

On page 2, beginning on line 12, delete "and the responsibility and authority for possession of buried radioactive waste shall continue"

Debate ensued.

The motion by Senator McDermott failed.

On motion of Senator Morrison, the following amendment by Senators Morrison, Bottiger and Benitz to the title was adopted:

On page 1, line 10 of the title, after "penalties;" strike "and declaring an emergency" and insert "and providing for submission of this act to a vote of the people"

On motion of Senator Williams, the rules were suspended, Engrossed Substitute House Bill No. 1412, as amended by the Senate, was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

MOTION

At 10:25 a.m., on motion of Senator Marsh, the Senate recessed until 12:15 p.m.

NOON SESSION

The President called the Senate to order at 12:15 p.m.

MOTION

On motion of Senator Marsh, the Senate resumed consideration of Engrossed Substitute House Bill No. 1412, as amended by the Senate.

THIRD READING

ENGROSSED SUBSTITUTE HOUSE BILL NO. 1412, by Committee on Ecology (originally sponsored by Representatives Isaacson, Barr, Oliver, Williams and Wilson):

Regulating the transportation and disposal of radioactive wastes.

MOTION

On motion of Senator Marsh, the rules were suspended and Engrossed Substitute House Bill No. 1412, as amended by the Senate, was returned to second reading.

MOTION FOR RECONSIDERATION

Having voted on the prevailing side, Senator Hansen moved the Senate reconsider the vote by which the amendment by Senator Morrison to page 5, line 22, as amended by Senator Ridder, was adopted earlier today.

Debate ensued.

REMARKS BY SENATOR BOTTIGER

Senator Bottiger: "Mr. President and members of the Senate. What Senator Morrison did with his amendment was go and take the exact language out of the initiative and then change it to conform with the action of the Senate on the 1982 and the three-year delay dates. There is a valid argument for doing that because then a court, having before it, two measures, conceivably two measures that both passed the people, would be able to see the exact differences, the exact distinctions.

"Now my concern was the language 'no order nor any regulation would prohibit any person from utilizing the nuclear waste site' and that I believe, would effectively prevent a Governor from doing what Governor Ray did last summer when she discovered bad packaging and bad transmission, or transportation activities. Senator Morrison responds to that with the new amendment being offered creating a new section 7, which directly speaks to that question, that the executive retains the authority to take actions like that.

"Now, we are a little bit in a quandry because in the caucus discussion of how to solve this, the solution was to peel off the Morrison amendment and go with the

existing language as it came out of the committee. That does not meet the argument that can be made then, that if both the initiative and referendum pass, there are not identical sections. However, I do not believe that is a compelling argument that a court would buy because in fact, the sections do do the same thing in the sense of providing identical time delays and I think a court would understand that.

"So I want it very clear in the law that the action of the Governor, either through regulations through the department of social and health services or by executive order, would have the authority to put a stop to improper practices and the clear way to do that is to take off Senator Morrison's amendment. I would like to compliment him on his efforts for trying to find a solution and am, as I say, at a loss to make a recommendation to adopt the new section seven, being sure that it would do what we want it to do because back in the original language is other more specific language saying 'no order nor any regulation may prohibit a person from utilizing the dump until 1982'."

POINT OF INQUIRY

Senator Morrison: "Senator Bottiger, you have indicated that you feel the court would consider both the referendum or initiative if they pass on an equal footing if in fact we do go back to original language of the committee. We seem to have almost as many opinions on that as attorneys, I guess, which is normal. But I guess if you could clarify that any more, as far as question and answer session, I would at least like to have that as part of the record, if, in fact, we do peel off the amendments that we adopted here on the floor."

Senator Bottiger: "Well, I hope that a court, looking at the initiative and the referendum and the journal of this Senate, would realize that the effect of the committee proposal is identical as to the initiative with the exception of the dates, and with the exception of this language about no law, order or regulation to the contrary; that those are the distinctions that the initiative wording in a sense has this hole in it about stopping shipment of material that does not meet the standards established by this state. So the court, looking at that, I am sure, would realize that what we are trying to do was change the date periods and would at least give credence to the thoroughly worked legislative standards established in the bill as opposed to the initiative."

POINT OF INQUIRY

Senator Morrison: "Senator Bottiger, in the amendment that we would be striking, taking the direction now that our caucus is intending to take, one of the differences in the amendment that we did adopt was that it excludes medical waste. I think there is some concern in that areas, presuming if we go back to the committee language that medical waste would now still be subject to the cutoff as proposed for 1982. Is that accurate?"

Senator Bottiger: "I need some help from Senator Williams on that."

REMARKS BY SENATOR WILLIAMS

Senator Williams: "Yes, that is correct, that is one of the differences in Senator Morrison's amendment over present language, is that it does exclude nuclear waste, I mean medical waste. My only response to that is, I guess, I recognize the concern of people that perhaps hospitals and other research in the area of medical, the medical field, might be affected in some way by this, but however from the point of view of a concern on the part of the public as to radioactive waste, regardless of where it comes from, it is still radioactive waste and so I suppose we could make all kinds of judgments as to which is better radioactive waste, depending on where it came from; but the fact is once it is radioactive there is certainly no difference between that that

comes from a hospital and that that may come from some industrial use. So for that purpose I do not really find enough reason for continuing to justify the Morrison amendment."

PARLIAMENTARY INQUIRY

Senator Morrison: "Is it possible, in some way, to consider the proposed amendment that we have before us, new section, section seven, before we would vote on the move to reconsider the other amendment and the motion made by Senator Hansen?"

REPLY BY THE PRESIDENT

President Cherberg: "The motion to reconsider is a privileged motion, Senator. It would be necessary, the President believes, for Senator Hansen to withdraw his point for the time being on his motion."

MOTION

At 12:25 p.m., on motion of Senator Marsh, the Senate recessed until 1:30 p.m.

AFTERNOON SESSION

The President called the Senate to order at 1:30 p.m.

There being no objection, the Senate returned to the fourth order of business.

On motion of Senator Williams, the following amendment by Senators Williams and Morrison to the amendment by Senator Morrison was adopted:

MOTION

Senator Pullen moved adoption of the following amendment by Senator Haley: Strike everything after the enacting clause and insert:

"NEW SECTION. Section 1. There is added to chapter 70.98 RCW a new section to read as follows:

In addition to all other fees imposed for the disposal of nuclear waste materials in the state of Washington, there is hereby imposed and shall be collected from each operator of low level nuclear waste disposal sites an annual fee equal to twice the amount authorized by RCW 43.31.300 for deposit in the perpetual maintenance fund, and an additional fee equal to twice the cost to the operator of operating and maintaining the site. All fees collected pursuant to this section shall be deposited in the general fund."

POINT OF INQUIRY

Senator Williams: "Senator Pullen, just a question of clarification. There seems to be some question on our side of the aisle at least, or by some members, as to the exact intent of this amendment. As we understand it, this amendment in essence, strikes the entire bill and substitutes this section alone. Is that correct?"

Senator Pullen: "That is correct, that is the intent of the amendment."

On motion of Senator Day, the amendment by Senator Haley was laid upon the table.

On motion of Senator Williams, the rules were suspended, Engrossed Substitute House Bill No. 1412, as amended by the Senate, was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

MESSAGE FROM THE HOUSE

March 11, 1980.

Mr. President: The House has concurred in the Senate amendment to ENGROSSED SECOND SUBSTITUTE HOUSE BILL NO. 1420 on page 2, line 30, and refuses to concur in the Senate amendment on page 1, line 19, and asks the Senate to recede therefrom, and the same is herewith transmitted.

DEAN R. FOSTER, Chief Clerk.

VITO T. CHIECHI, Chief Clerk.

MOTION

On motion of Senator Bottiger, the Senate refuses to recede from its amendment to Engrossed Second Substitute House Bill No. 1420 on page 1, line 19 and once again asks the House to concur therewith.

MOTION

On motion of Senator Marsh, all Senate Messages on measures considered by the Senate today were ordered immediately transmitted to the House.

MESSAGE FROM THE HOUSE

March 11, 1980.

Mr. President: The House refuses to concur in the Senate amendment to ENGROSSED SUBSTITUTE HOUSE BILL NO 1570, and asks the Senate to recede therefrom, and the same is herewith transmitted.

DEAN R. FOSTER, Chief Clerk.

VITO T. CHIECHI, Chief Clerk.

The Senate resumed consideration of the House Message on Engrossed Substitute House Bill No. 1570 which was read in the Senate on March 12, 1980. At that time, Senator Clarke has moved the Senate recede from its amendment. On motion of Senator Walgren, further action was deferred.

MOTION

Senator Walgren moved the Senate refuse to recede from its amendment to Engrossed Substitute House Bill No. 1570 and once again ask the House to concur therein.

PARLIAMENTARY INQUIRY

Senator Clarke: "It was my impression that I had already made a motion that we did recede which is a motion of higher order and that that motion was presently pending before the body at the time that we recessed."

REPLY BY THE PRESIDENT

President Cherberg: "Senator Clarke's remarks are well taken."

PARLIAMENTARY INQUIRY

Senator Walgren: "It seems to me that the positive motion, that is, the motion to insist upon our position, is the motion to be presented, they being of equal rank."

REMARKS BY SENATOR CLARKE

Senator Clarke: "Mr. President, it reads and I do not have the volume before me, but the respective ranks of the motions are set forth, and the motion to recede is one higher than the motion to either insist or adhere. And the logic for it is that there would remain, if the motion to recede fails, then other motions may be made, whereas it would be improper to reverse the order. I am sure that the proper chapter of Reed's will illustrate that priority."

RULING BY THE PRESIDENT

President Cherberg: "In ruling upon the Point of Order, the President is positive that Reed's rules will state that the motion that, the one that brings the two houses closer together, is the one that is in order. According to Reed's 247, 'Motions Relating to Agreement or Disagreement Between the Two Houses, these motions are five in number, and have priority in the following order: To concur, To nonconcur, To recede, To insist, To adhere'."

The President declared the question before the Senate to be the positive motion by Senator Clarke that the Senate recede from its amendment to Engrossed Substitute House Bill No. 1570.

Debate ensued.

Senator Clarke demanded a roll call and the demand was sustained.

Debate ensued.

Senators Walgren, Marsh and Rasmussen demanded the previous question and the demand was sustained.

The President declared the question before the Senate to be the roll call on the motion by Senator Clarke that the Senate recede from its amendment to Engrossed Substitute House Bill No. 1570.

ROLL CALL

The Secretary called the roll and the motion by Senator Clarke carried by the following vote: Yeas, 25; nays, 23; excused, 1.

Voting yea: Senators Benitz, Bluechel, Clarke, Conner, Gallagher, Gaspard, Gould, Guess, Hansen, Hayner, Henry, Hurley, Jones, Lee, Lewis, Matson, Morrison, Pullen, Scott, Sellar, Talley, Vognild, von Reichbauer, Wanamaker, Woody—25.

Voting nay: Senators Bausch, Bottiger, Bradburn, Day, Donohue, Fleming, Goltz, Lysen, Marsh, McDermott, Moore, Odegaard, Peterson, Quigg, Rasmussen, Ridder, Shipoch, Talmadge, Van Hollebeke, Walgren, Williams, Wilson, Wojahn—23.

Excused: Senator Haley—1.

The President declared the question before the Senate to be the roll call on final passage of Engrossed Substitute House Bill No. 1570 without the Senate amendment.

POINT OF INQUIRY

Senator Lee: "Senator Morrison, what is the intended effect of adding 'agricultural' to the section of law which exempts certain transactions from the defense of usury and prohibits the bringing of an action for usury thereon?"

Senator Morrison: "The intent of adding the word 'agricultural' to RCW 19.52.080 is to make it absolutely clear that the legislature does now and always has considered agricultural loans to be included within the commercial loan exception."

Senator Lee: "Are you aware there are presently agricultural loans outstanding which bear interest at greater than twelve percent?"

Senator Morrison: "Yes, I am."

Senator Lee: "Is it the intent of ESHB 1570 to allow the defense of usury to be raised or to allow an action for usury to be maintained upon any agricultural loans outstanding prior to the effective date of this act?"

Senator Morrison: "No. It is our understanding and our intent that agricultural loans have always been included within the commercial loan exception of RCW 19.52.080 and ESHB 1570 is intended to make that point perfectly clear, and in addition, to conform state law with recently enacted federal legislation concerning

the exemption of business and agricultural loans in excess of \$25,000 from state usury laws."

Senator Lee: "Section 3 of this bill provides that this act applies prospectively only and not retrospectively. Is section 3 intended to have any effect on agricultural loans outstanding prior to the effective date of this act?"

Senator Morrison: "No. The provisions of section 3 are not intended to apply to agricultural loans, to the contrary, those provisions are intended to apply to section 2 of this bill only, and are for the purpose of ensuring that the provisions of section 2 do not impair or affect the *O'Brien* decision recently decided by the Washington State Supreme Court."

POINT OF INQUIRY

Senator Jones: "Senator Bluechel, are you aware of the existence of federal laws which currently preempt certain transactions from our state's usury law?"

Senator Bluechel: "Yes, I am."

Senator Jones: "Is SHB 1570 intended in any way to override these existing federal preemptions of our state's usury law?"

Senator Bluechel: "No. The federal law allows the state to override the federal preemption by adopting a law which limits the rate or amount of interest. SHB 1570 does not limit the rate or amount of interest allowed to be charged, in fact, the effect of SHB 1570 is to remove such a limitation. Moreover, SHB 1570 does not effect Washington's usury law, it simply expands the categories of loans which are not subject to the usury defense."

Senator Jones: "Are you also aware that there is presently before Congress a conference committee report, the contents of which if enacted into law, will extend and expand the federal preemption of our state's usury law?"

Senator Bluechel: "Yes, I am aware of the report."

Senator Jones: "Is SHB 1570 intended in any way to override the provisions of the conference committee report?"

Senator Bluechel: "No. SHB 1570 is in no way intended to override the existing federal preemptions or the pending federal preemptions of our state's usury law, including but not limited to those provisions concerning mortgage and housing loans."

MOTION FOR RECONSIDERATION

Having voted on the prevailing side, Senator Conner moved the Senate immediately reconsider the vote by which the Senate receded from its amendment, on motion of Senator Clarke, to Engrossed Substitute House Bill No. 1570.

Senator Clarke demanded a roll call and the demand was sustained.

The President declared the question before the Senate to be the motion by Senator Conner that the Senate immediately reconsider the vote by which the Senate receded from its amendment to Engrossed Substitute House Bill No. 1570.

ROLL CALL ON MOTION FOR RECONSIDERATION

The Secretary called the roll and the motion carried by the following vote: Yeas, 25; nays 23; excused, 1.

MOTION FOR RECONSIDERATION

On March 12, 1980, having voted on the prevailing side, Senator Odegaard moved the Senate immediately reconsider the vote by which the following bill, as amended by the Senate, failed to pass the Senate on that day:

ENGROSSED SUBSTITUTE HOUSE BILL NO. 1408, by Committee on Local Government (originally sponsored by Representative Thompson):
Authorizing the creation of solid waste disposal districts.

POINT OF INQUIRY

Senator Guess: "Senator Odegaard, if you will make reference to page 3, beginning at line 20, the amendments were fairly heavy yesterday and my book has not been corrected; and I would like to ask you about that question. It says that 'the district may establish classes or persons upon whom such excise taxes are levied and may establish different rates of taxation on different classes' and I would assume that is on different classes of citizens. Is this . . .?"

Senator Odegaard: "Yes, Senator Guess, it was amended yesterday to make it clear what kind of persons we are talking about. There was some fear that 'persons' could include business so we included language to say 'natural persons' so we actually mean on households."

Senator Guess: "But Senator, that is only one word. The thing that bothers me is that the county is going to do something it has never in the history of the entire constitution that I know of, has a taxing district been able to say that a white man is going to pay one rate and a red man is going to pay another one."

Senator Odegaard: "Senator Guess, the reason for this language for different classes is so the county commissioners could set up a different excise tax, let us say for senior citizens. It could impose a lower rate for senior citizens, possibly. Or for maybe, people who are trying to do something with their garbage in the way of energy with compost or whatever; and that is the reason for the different classes."

Senator Guess: "But Senator, that is not what the English language can be manipulated in a way that is far more lucid than what we see here on this page, and I would urge that before the body reconsider this, that there be some understanding as to what that language really means."

Senator Odegaard: "Well, Senator Guess, that is the intent of the sponsor of the bill that this be, as I have stated for possibly a lower rate for senior citizens or disabled or something of that nature; and not to do really anything more than that."

The motion for reconsideration by Senator Odegaard on the failure of Engrossed Substitute House Bill No. 1408, as amended by the Senate, to pass the Senate carried on a rising vote.

POINT OF INQUIRY

Senator Morrison: "Senator Odegaard, I understand that some of the groups that previously had questions about this bill, have now, following the amendments, changed their position or understanding what was accomplished with the amendments including the State Grange. Is this true?"

Senator Odegaard: "The State Grange was in last night and again this morning and indicated they said before that they are not in support of the bill but they are not opposed to it now, either, with the amendments that were adopted. They are, I guess you would say, in a neutral position."

The President declared the question before the Senate to be the roll call on final passage of Engrossed Substitute House Bill No. 1408, as amended by the Senate, on reconsideration.

The Secretary called the roll on the final passage of Engrossed Substitute House Bill No. 1408, as amended by the Senate, and the bill passed the Senate, on reconsideration, by the following vote: Yeas, 26; nays, 21; absent or not voting, 1; excused, 1.

REPORT OF STANDING COMMITTEE

March 11, 1980.

ENGROSSED SUBSTITUTE HOUSE BILL NO. 1147, providing for a state-wide special inquiry judge proceeding (reported by Judiciary Committee):

MAJORITY recommendation: Do pass with the following amendments:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Section 1. This chapter shall be known and may be cited as the State-wide Special Inquiry Judge Act.

NEW SECTION. Sec. 2. It is the intent of the legislature in enacting this chapter to strengthen and enhance the ability of the state to detect and eliminate organized criminal activity.

NEW SECTION. Sec. 3. (1) The organized crime advisory board shall have the authority, by a three-fourths vote at a regularly constituted meeting, to petition the Washington state supreme court for an order appointing a special inquiry judge as prescribed by this section. Such vote may be on its own motion or pursuant to a request from the prosecuting attorney of any county. In the event of such request from a prosecuting attorney the board shall vote on the question promptly. A petition filed under this section shall state the general crimes or wrongs to be inquired into and shall state the reasons why said crimes or wrongs are such that a state-wide special inquiry judge should be authorized to investigate. The supreme court may order the appointment of a state-wide special inquiry judge, in accordance with the petition, for a term of six calendar months. Upon petition by the special prosecutor, and with the approval of the majority of the members of the organized crime advisory board, the supreme court, by order, may extend the term of the state-wide special inquiry judge for three months. The term of the state-wide special inquiry judge may subsequently be extended in the same manner for additional three-month periods.

(2) If the petition is granted, the supreme court shall designate a judge of a superior court to act as a special inquiry judge. The supreme court shall ensure that sufficient visiting judges are made available to the superior court from which the appointment is made in order to compensate for any loss of judicial time.

(3) All of the information and data collected and processed by the organized crime advisory board and the petition filed with the supreme court shall be confidential and not subject to examination or publication pursuant to chapter 42.17 RCW (Initiative Measure No. 276), as now existing or hereafter amended, except as provided by rules of the supreme court of Washington in the case of the petition.

NEW SECTION. Sec. 4. The scope of the investigation and of the special inquiry judge proceeding shall be limited to the general crimes and wrongs specified in the petition filed under section 3 of this act. The special prosecutor or special inquiry judge, however, may request authority to investigate other crimes by submitting a list of such crimes to the organized crime advisory board which may grant authorization to proceed by a three-fourths vote of the membership.

NEW SECTION. Sec. 5. A state-wide special inquiry judge shall have the following powers and duties:

(1) To hear and receive evidence of crime and corruption.

(2) To appoint a reporter to record the proceedings; and to swear the reporter not to disclose any testimony or the name of any witness except as provided in RCW 10.27.090.

(3) Whenever necessary, to appoint an interpreter, and to swear him not to disclose any testimony or the name of any witness except as provided in RCW 10.27.090.

(4) When a person held in official custody is a witness before a state-wide special inquiry judge, a public servant, assigned to guard him during his appearance may accompany him. The state-wide special inquiry judge shall swear such public servant not to disclose any testimony or the name of any witness except as provided in RCW 10.27.090.

(5) To cause to be called as a witness any person believed by him to possess relevant information or knowledge. If the state-wide special inquiry judge desires to hear any such witness who was not called by the special prosecutor, it may direct the special prosecutor to issue and serve a subpoena upon such witness and the special prosecutor must comply with such direction. At any time after service of such subpoena and before the return date thereof, however, the special prosecutor may apply to the state-wide special inquiry judge for an order vacating or modifying the subpoena on the grounds that such is in the public interest. Upon such application, the state-wide special inquiry judge may in its discretion vacate the subpoena, extend its return date, attach reasonable conditions to directions, or make such other qualification thereof as is appropriate.

(6) Upon a showing of good cause may make available any or all evidence obtained to any other public attorney, prosecuting attorney, city attorney, or corporation counsel upon proper application and with the concurrence of the special prosecutor. Any witness' testimony, given before a state-wide special inquiry judge and relevant to any subsequent proceeding against the witness, shall be made available to the witness upon proper application to the state-wide special inquiry judge. The state-wide special inquiry judge may also, upon proper application and upon a showing of good cause, make available to a defendant in a subsequent criminal proceeding other testimony or evidence when given or presented before a special inquiry judge, if doing so is in the furtherance of justice.

(7) Have authority to perform such other duties as may be required to effectively implement this chapter, in accord with rules adopted by the supreme court relating to these proceedings.

(8) Have authority to hold in contempt of court any person who shall disclose the name or testimony of a witness examined before a state-wide special inquiry judge except when required by a court to disclose the testimony given before such state-wide special inquiry judge in a subsequent criminal proceeding.

NEW SECTION. Sec. 6. Any witness who shall disclose the fact that he or she has been called as a witness before a state-wide special inquiry judge or who shall disclose the nature of the testimony given shall be guilty of a misdemeanor.

NEW SECTION. Sec. 7. The supreme court shall develop and adopt rules to govern the procedures of a state-wide special inquiry judge proceeding including rules assuring the confidentiality of all proceedings, testimony, and the identity of persons called as witnesses. The adoption of such rules shall be subject to the approval of such rules by the senate and house judiciary committees.

NEW SECTION. Sec. 8. If the supreme court appoints a state-wide special inquiry judge under section 3 of this act, the organized crime advisory board shall submit to the governor the name of an individual who, with the consent of the governor, shall serve as special prosecutor for the state-wide special inquiry judge proceeding. Any individual whose name is submitted under this section to the governor shall be licensed to practice law in the state of Washington and shall have at least five years' professional experience as one or more of the following: (1) Prosecuting attorney; (2) deputy prosecuting attorney; (3) United States attorney; or (4) assistant United States attorney. No such person shall have resided during the five years immediately preceding the appointment in a county in which the state-wide special inquiry judge will likely be required to investigate crimes. A special prosecutor appointed under this section shall be removed only upon a majority recommendation of the organized crime advisory board and the consent of the governor.

NEW SECTION. Sec. 9. Within ten days of his or her appointment, a special prosecutor selected under this chapter shall submit to the organized crime advisory board an operating budget to fund the activities of his or her office. The budget may include, but shall not be limited to, funds for the hiring of assistant special prosecutors, investigators, and clerical staff. Upon the approval of the budget by a majority of the members of the board, the costs and expenses of the prosecutor's operating budget shall be paid for by the state out of the organized crime prosecution revolving fund. Further operating budgets shall be proposed, approved, and funded pursuant to this section if the term of a state-wide special inquiry judge is extended pursuant to section 3 of this act.

Vouchers and other budget and accounting records of a special inquiry judge proceeding including such records of the special prosecutor shall be subject to audit by the state auditor but shall not be public records within the meaning of chapter 42.17 RCW.

NEW SECTION. Sec. 10. Whenever a state-wide special inquiry judge or special prosecutor appointed under this chapter dies or in any other way is rendered incapable of continuing the duties of his or her office, a successor shall be appointed to serve for the remainder of the judge's or prosecutor's term in the manner provided for by sections 3 and 8 of this act for the appointment of state-wide special inquiry judges and special prosecutors.

NEW SECTION. Sec. 11. The special prosecutor or his designee shall:

- (1) Attend all proceedings of the state-wide special inquiry judge;
- (2) Have the authority to issue subpoenas for witnesses state-wide;
- (3) Examine witnesses, present evidence, draft reports as directed by the state-wide special inquiry judge, and draft and file informations under section 12 of this act.

NEW SECTION. Sec. 12. (1) The special prosecutor shall advise the county prosecuting attorney in any affected county of the nature of the state-wide special inquiry judge investigation and of any informations arising from such proceedings unless such disclosures will create a substantial likelihood of a conflict of interest for the county prosecuting attorney.

(2) The special prosecutor may file and prosecute an information in the county where proper venue lies, after having advised the county prosecuting attorney as

provided in this section and determined that such prosecuting attorney does not intend to do so, or pursuant to an agreement between them that the special prosecutor shall do so.

(3) Informations filed and prosecuted pursuant to this chapter shall meet the requirements of chapter 10.37 RCW.

(4) The expenses of prosecutions initiated and maintained by the special prosecutor shall be paid as part of the state-wide special inquiry judge program as provided in section 9 of this act.

NEW SECTION. Sec. 13. The judge serving as a special inquiry judge shall be disqualified from acting as a magistrate or judge in any subsequent court proceeding arising from such inquiry except alleged contempt for neglect or refusal to appear, testify, or provide evidence at such inquiry in response to an order, summons, or subpoena.

Sec. 14. Section 5, chapter 202, Laws of 1973 1st ex. sess. as amended by section 115, chapter 34, Laws of 1975-76 2nd ex. sess. and RCW 43.43.858 are each amended to read as follows:

POINT OF INQUIRY

Senator Rasmussen: "Senator Clarke, I have a question before we adopt the amendment. Do you have a new section 6 'Any witness who shall disclose the fact that he or she has been called as a witness before the state-wide special inquiry judge or who shall disclose the nature of the testimony given, shall be guilty of a misdemeanor'. Let us assume that, for some reason or another I am subpoenaed. So I tell my neighbor, 'Well, I am subpoenaed, I have got to go over to Spokane, they are holding a hearing over there, or down at Vancouver' or wherever that Bob Perry's testimony would indicate they should hold a hearing. I am already guilty then of a crime or misdemeanor, by the fact that I revealed it to my neighbor that I am going over to a hearing. Or if I should tell my wife, 'Eleanor, excuse me for a week, I have got to go and appear before this; and the neighbors say 'Where's Slim?' and they say "Well, he's over there appearing before the judge on a hearing'. So she is guilty of a misdemeanor. Now I really do not think that you need that section in there and I do not see why it is in there."

Senator Clarke: "I will yield to Senator Day because this particular section was put in at his request."

Senator Day: "I can tell you of an experience that I had myself relative to this where there was an inquiry judge set up in Spokane county and I was subpoenaed to come down and tell what I knew about organized gambling in the county. And what happened was, after I appeared, or after I was subpoenaed by this secret indictment, why, it was leaked to the press. There were twenty-three people subpoenaed and one man's name was leaked, and guess who it was . . . the only public official who had been subpoenaed. And subsequent to the inquiry, the judge issued a letter—and I would be happy to have you have a copy of it—"

Senator Rasmussen: "I had a copy of it, it was . . ."

Senator Day: "All right, which said that I knew absolutely nothing about organized gambling nor should I have been subpoenaed. And what this will do is prohibit the witnesses and prohibit the people, the police, anyone else who is involved in such an inquiry, from using this type of tactic.

"And so it is very important that that be in the bill. In fact, what this bill does, as long as I am answering the question, is to take this thing totally out of politics, it takes it out of a local prosecutor's hands who may be partisan, it takes it out of the local judges' hands, it puts it in a special judge appointed by the supreme court; it puts it in a position where it can be an objective inquiry and benefit the thwarting of this kind of crime; and enhance this type of investigation; and assure that it is being done objectively and not with a little political overtone on the side, as was the instance in this particular case."

Senator Rasmussen: "Well, Senator Day, I guess it should probably be a gross misdemeanor but I am thinking of the innocent people that do not know about this and that they would inadvertently say, 'I am going to go over there' and then immediately they are subject to prosecution."

Senator Day: "When the subpoenas are served, Senator Rasmussen, you are told it is secret, you are to talk to no one, and that is the way it is done. It is supposed to be done on a secret basis; and so you are warned at the time that the subpoena is served, just exactly what the situation is, that it is a secret indictment and they proceed in that manner. And of course, I think that it is a good thing, I think it is a good tool for the courts to have this and the prosecutors to have it available to them, if it is guaranteed as this bill does. It is a great improvement in the present system which guarantees that it will have no political overtones but rather will be done on an objective basis and on that basis, I support the bill. And of course I think this amendment should have been in the original language."

Senator Rasmussen: "Thank you, Senator Day."

Further debate ensued.

Senator Rasmussen moved adoption of the following amendment to the committee amendment:

On page 9, line 38, strike "Judiciary Committee"

Further debate ensued.

The motion by Senator Rasmussen failed and the amendment to the committee amendment was not adopted.

The motion by Senator Talmadge carried and the committee amendment was adopted.

On motion of Senator Talmadge, the committee amendment to the title was adopted.

On motion of Senator Talmadge, the rules were suspended, Engrossed Substitute House Bill No. 1147, as amended by the Senate, was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

POINT OF INQUIRY

Senator Wilson: "Senator Talmadge, have the superior court judges of the state and the county prosecutors of the state taken any particular position on this bill?"

Senator Talmadge: "Yes, Senator Wilson, the prosecutors, in explicit, appeared before the committee and testified in favor of the bill. As to the superior court judges, I am not aware of them testifying before the committee this last time, but this bill has been before us for the last two sessions, I believe, and I am not certain as to whether or not they testified in 1979 but we did not hear from them in opposition to the bill."

ROLL CALL

The Secretary called the roll on the final passage of Engrossed Substitute House Bill No. 1147, as amended by the Senate, and the bill passed the Senate by the following vote: Yeas, 42; absent or not voting, 4; excused, 3.

Voting yea: Senators Bausch, Benitz, Bluechel, Bottiger, Bradburn, Clarke, Conner, Day, Donohue, Gallagher, Gaspard, Goltz, Guess, Haley, Hansen, Hayner, Henry, Hurley, Jones, Lee, Lewis, Lysen, Marsh, McDermott, Moore, Morrison, Odegaard, Peterson, Pullen, Quigg, Rasmussen, Ridder, Scott, Talmadge, Van Hollebeke, Vognild, von Reichbauer, Walgren, Williams, Wilson, Wojahn, Woody—42.

MESSAGE FROM THE HOUSE

March 12, 1980.

Mr. President: The House has passed **SUBSTITUTE SENATE BILL NO. 3207** with the following amendment:

On page 1, strike everything after the enacting clause and insert the following:

"Section 1. Section 3, chapter 125, Laws of 1951 as last amended by section 1, chapter 202, Laws of 1979 ex. sess. and RCW 2.08.061 are each amended to read as follows:

There shall be in the county of King (~~((thirty-four))~~) thirty-nine judges of the superior court; in the county of Spokane ten judges of the superior court; in the county of Pierce thirteen judges of the superior court: **PROVIDED**, That the additional offices herein created for the county of Pierce shall be effective January 1, 1981: **PROVIDED FURTHER**, That the additional judicial positions created by the 1980 amendment of this section for the county of King shall become effective only if prior to July 1, 1980, the county through its duly constituted legislative authority has documented its approval thereof and has agreed to pay out of county funds without reimbursement from the state, the same portion of all expenses of such additional positions as it provides for the positions presently existing, in which case such positions shall become effective on January 1, 1981, and shall be filled by persons elected and qualified at the general election immediately preceding January 1, 1981, and in which case the secretary of state and appropriate county election officials shall accept declarations of candidacy for such positions during the filing period specified by RCW 29.18.030.", and the same is herewith transmitted.

DEAN R. FOSTER, Chief Clerk.

VITO T. CHIECHI, Chief Clerk.

MOTION

Senator Talmadge moved the Senate do concur in the House amendment to Substitute Senate Bill No. 3207.

POINT OF INQUIRY

Senator Wojahn: "Senator Talmadge, I notice that the last paragraph in this will cause the new judges to file for election even though there will be no slots available until January 1, 1981. Now, when you stumbled over this particular proposal before the legislature and it finally went to court after an advisory opinion of the attorney general saying that it could be done this way, the court said 'No, it could not'.

"Now I want it to be perfectly clear in your mind and also the intent of the legislature that this last portion, beginning on line 1 of the last section, going down to line 12 which starts 'within which case each such position shall become effective on January 1, 1981 and shall be filled by persons elected and qualified at the general election immediately preceding January 1, 1981, etc.' and ending with '29.18.030' that that is only applicable in the case of this bill and for King county only. Now is that correct?"

Senator Talmadge: "That is correct, Senator Wojahn. . ."

Senator Wojahn: "Would you please state it?"

Senator Talmadge: "As I said, this was an emergency measure that applies only to King county, only to the new judges, the five new judges, up to five new judges, provided for King county. It applies to no other county in the state of Washington but King."

The motion by Senator Talmadge carried and the Senate concurred in the House amendment to Substitute Senate Bill No. 3207.

MOTION

On motion of Senator Wilson, Senator Woody was excused.

ROLL CALL

The Secretary called the roll on the final passage of Substitute Senate Bill No. 3207, as amended by the House, and the bill passed the Senate by the following vote: Yeas, 42; nays, 1; absent or not voting, 3; excused, 3.

It can be proven that vehicles registered in the area to be declared the emission contributing area contribute significantly to violations of the ozone air quality standard in the noncompliance area.

(d) An emission contributing area may be established in this state for violations of federal air quality standards for ozone in an adjacent state if:

(ii) It can be proven that vehicles registered in this state contribute significantly to the violation of the federal air quality standards for ozone in the adjacent state's portion of the nonattainment area."

DEAN R. FOSTER, Chief Clerk.

VITO T. CHIECHI, Chief Clerk.

MOTION

Senator Williams moved the Senate do concur in the House amendments to Substitute Senate Bill No. 3228.

POINT OF INQUIRY

Senator Guess: "Senator Williams, I notice that the amendment, on page 5, creating 'new section 5', requires that 'three ambient air monitoring devices for ozone and not less than three ambient air monitoring devices for hydrocarbons, and not less than two ambient air monitoring devices for oxides of nitrogen' be established in the Vancouver area. The question is, on the original bill, did we call specifically for the department to set those specified number of stations up?"

Senator Williams: "Not that I recall."

Senator Guess: "I thought that we had given the department the leeway in order to establish the necessary air ambient monitoring stations. Isn't this a departure from the direction in which we had gone before to give the department the flexibility of doing the job that is necessary?"

Senator Williams: "I am trying to recall just exactly what we have done. If, as you say, we have done so, yes, this is a departure. I am not really in a position necessarily to defend exactly why this is done or justify it. My reason at this moment for suggesting that we support these amendments, including this one, is that it is late in the session plus the House worked hard and long on this legislation and the general consensus that we have gotten in asking them about concurrences is, 'please do not send it back to them again'. So with that I still would urge that we support the House amendments."

Senator Guess: "I appreciate the difficulty of sending a bill over at 4:30 on the last day, but it appears we have got some seven hours and twenty-three minutes, or twenty-eight minutes, that we are going to be here. This is a serious departure from the rules and regulations that we have adopted so far and the original basic concept of the law, and that is not to lock something into statutory language where the department cannot function properly and I would certainly urge that we not adopt on this amendment but concur with the rest of the amendment."

Senator Williams: "Senator Guess, I recognize what you have said. I certainly would not object if you wanted to separate the motion and consider this separately. However, I would still urge the body to adopt all of them."

MOTION

On motion of Senator Guess, the question was divided.

MOTION

On motion of Senator Guess, the Senate concurred in the House amendments to Substitute Senate Bill No. 3228 with the exception of the House amendment to page 5, line 20 adding a new section 5.

MOTION

Senator Guess moved the Senate refuse to concur in the House amendment to Substitute Senate Bill No. 3228 to page 5, line 20 adding a new section 5 and ask the House to recede therefrom.

Debate ensued.

The President declared the question before the Senate to be the positive motion by Senator Williams that the Senate concur in all House amendments to Substitute Senate Bill No. 3228.

The motion by Senator Williams carried. The Senate concurred in the House amendments to Substitute Senate Bill No. 3228.

ROLL CALL

The Secretary called the roll on the final passage of Substitute Senate Bill No. 3228, as amended by the House, and the bill passed the Senate by the following vote: Yeas, 30; nays, 16; absent or not voting, 2; excused, 1.

Voting yea: Senators Bausch, Benitz, Bluechel, Bottiger, Bradburn, Clarke, Conner, Fleming, Gallagher, Goltz, Gould, Hurley, Jones, Lee, Lewis, Lysen, Marsh, McDermott, Moore, Morrison, Peterson, Ridder, Shinpoch, Talley, Talmadge, von Reichbauer, Walgren, Williams, Wojahn, Woody—30.

Voting nay: Senators Donohue, Gaspard, Guess, Haley, Hansen, Hayner, Odegaard, Pullen, Quigg, Rasmussen, Scott, Sellar, Van Hollebeke, Vognild, Wanamaker, Wilson—16.

Absent or not voting: Senators Day, Henry—2.

Excused: Senator Matson—1.

SUBSTITUTE SENATE BILL NO. 3228, as amended by the House, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

APPOINTMENT OF SPECIAL COMMITTEE

The President appointed Senators Walgren, Clarke, Talmadge, Hayner and Bottiger to escort the Honorable Senator Dan Marsh to the Senate rostrum.

REMARKS BY THE PRESIDENT

President Cherberg: "Illustrious and renowned members of the Senate, ladies and gentlemen. The President has suddenly found on the rostrum, a beautifully packaged gift of some sort addressed to 'Dan' and a card to 'Dan'. The President immediately thought of the question 'Dan who?' It must be 'Senator Dan' and inasmuch as the President needs a mouthpiece up here, would all of the mouthpieces in the Senate please escort Senator Dan Marsh to the rostrum.

"Dan, after considerable detective work, the President finally determined that this package is addressed to you. And was sent to you by the loyal and royal members of the Third House. Senator Dan, a package for you and with the request that you please open it, and it is guaranteed not to explode."

REMARKS BY SENATOR MARSH

Senator Marsh: "It says 'From your friends of the Third House, March 13, 1980'. The card reads 'The whole bunch hates to say good-bye; wish you would still hang around with us'. I want to thank my friends in the Third House very much. It is really, it was totally unexpected. The other day I certainly did not plan on impeding sine die tonight, but it has been fun. Thank you."

The committee escorted Senator Marsh to his seat on the Senate floor and the committee was discharged.

DEAN R. FOSTER, Chief Clerk.
VITO T. CHIECHI, Chief Clerk.

MOTION

Senator Bottiger moved the Senate concur in the House amendments to Substitute Senate Bill No. 3603.

POINT OF INQUIRY

Senator Rasmussen: "Senator Bottiger, is that House committee amendment still on the bill? On page 1, after line 15?"

Senator Bottiger: "Senator, apparently it is and I was asked to handle it because of the energy bond section. Senator Donohue just pointed this out to me, candidly I do not know what that means."

Senator Rasmussen: "Mr. President and members of the Senate. I would ask you to take a look at page 1, after line 15, where they insert the following 'The purpose of this chapter is to assist the state and local government in providing protection but it is not the purpose of this chapter to provide funding for facilities which encourage development'. In effect, you could destroy the whole use of this bond issue with that amendment and I question the advisability of having it on there"

Senator Bottiger: "Mr. President, may I withdraw my motion and move to accept all of the House amendments except that amendment on page 1, line 15 and ask the House to recede therefrom."

There being no objection, on motion of Senator Bottiger, the motion to concur in the House amendments to Substitute Senate Bill No. 3603 was withdrawn.

On motion of Senator Bottiger, the Senate concurred in all House amendments with the exception of the amendment to page 1, line 15.

On motion of Senator Bottiger, the question was divided.

Senator Shinpoch moved the Senate concur in the House amendment to page 1, line 15.

Debate ensued.

POINT OF INQUIRY

Senator Bottiger: "Senator Shinpoch, here in Thurston county which is a rapidly expanding county the solid waste disposal site is almost full. If they apply and get assistance under this grant to build a new landfill or energy-collection system and incineration, how can we say that does not provide for expansion? How do we say that does-not encourage development because the very fact that they provide the service in a sense aids development?"

Senator Shinpoch: "That could be right but I suppose that it would be necessary to prove that it is encouraging development before you could not use these funds. Senator Rasmussen indicated that you could not sell any bonds during this. Well, these amendments have been on here for ten days and we have some pretty good bond people that watch these pretty carefully and no one has approached us and said that they could not sell these bonds."

Senator Bottiger: "Mr. President and members of the Senate, my problem is I just do not know how you could enforce it. It is just impossible to tell which gallon of sewage came from the new residential development and which came from the old, which ton of garbage came from a new condominium, I do not know how you could enforce it. It seems it is impossible to enforce and it could do damage to the bill."

Further debate ensued.

Senator Guess moved the Senate do not concur in the House amendment to page 1, line 15 to Substitute Senate Bill No. 3603.

The President declared the question before the Senate to be the positive motion by Senator Shipoch that the Senate do concur in the House amendment to page 1, line 15 to Substitute Senate Bill No. 3603.

MOTION

On motion of Senator Rasmussen, the House Message on Substitute Senate Bill No. 3603, the concurring in all House amendments with the exception of the amendment to page 1, line 15 and the motion by Senator Shipoch that the Senate do concur in that amendment, were ordered held until called again to the floor by the leadership.

The Senate resumed consideration of the House Message on Substitute House Bill No. 1534. The committee report had been read in earlier today and on motion of Senator Marsh the rules were suspended and Substitute House Bill No. 1534 was advanced to second reading and placed on the second reading calendar for today.

NEW SECTION. Sec. 4. **REPORT DUE DATE.** (1) Not later than March 31, 1982, and each year thereafter, each contractor shall submit to the department an annual cost report, and such financial statements as are required by this chapter, for the period from January 1st through December 31st of the preceding year.

(2) Two extensions of not more than thirty days each after March 31st may be granted by the department upon receipt of a written request setting forth the circumstances which prohibit the contractor from compliance with such due date; except, that the secretary shall establish the grounds for extension in rule and regulation. Such request must be received by the department at least ten days prior to the due date.

(3) Not later than one hundred and twenty days following the termination of a contract, the contractor shall submit to the department a cost report, and such financial statements as are required by this chapter, for the period from January 1st through the date the contract terminated.

If either the cost report or the financial statements are not properly completed or if they are not received by the due date, all or part of any payments due under the contract may be withheld by the department until such time as the required cost report and financial statements are properly completed and received.

NEW SECTION. Sec. 6. COMPLETING REPORTS AND MAINTAINING RECORDS. (1) Cost reports shall be prepared in a standard manner and form, as determined pursuant to section 7 of this act, which shall provide for financial statements, an itemized list of allowable costs, and a preliminary settlement report. NEW SECTION. Sec. 17. DATE SETTLEMENT BECOMES FINAL. (1) The settlement will become final thirty days after the date the proposed final settlement report is submitted to the contractor, unless the contractor contests the determination. (4) Within the cost centers of administration and operations and property, the contractor shall retain at least fifty percent, but not more than seventy-five percent, of any savings resulting from the respective, audited, allowable costs being lower than the respective reimbursement rates paid to the contractor during the report period multiplied by the number of authorized medical care client days in which said rates were in effect. The secretary, by rule and regulation, shall establish the basis for the specific percentages of savings to the contractors. Such rules and regulations may provide for differences in the percentages allowed for each cost center to individual facilities based on performance measures related to administrative efficiency.

(5) All allowances provided by section 53 of this act shall be retained by the contractor.

(3) Costs applicable to services, facilities, and supplies furnished to the provider by related organizations are allowable but at the cost to the related organization, provided they do not exceed the price of comparable services, facilities, or supplies that could be purchased elsewhere.

(4) The payment for property usage is to be independent of ownership structure and financing arrangements.

NEW SECTION. Sec. 20. OFFSET OF MISCELLANEOUS REVENUES. (2) Where goods or services are sold, the amount of the reduction shall be the actual cost relating to the item, service, or activity. (2) To be allowable, fees must be for necessary, nonduplicative services. Allowable fees for general management services, including the portion of a management fee which is not allocated to specific services such as accounting, are limited to

(a) The limits set out in subsection (2) of this section; or

(b) The lower of the actual cost to the related organization of providing necessary services related to patient care under the agreement, or the cost of comparable services purchased elsewhere. Where costs to the related organization represent joint facility costs, the measurement of such costs shall comply with section 27 of this act.

(4) A copy of the agreement must be received by the department at least sixty days before it is to become effective. A copy of any amendment to a management agreement must also be received by the department at least thirty days in advance of the date it is to become effective.

Contractors who have elected to take either the sum-of-the-years' digits method or the declining balance method of depreciation on major-minor equipment may change to the straight-line method without permission of the department.

(2) The annual provision for depreciation shall be reduced by the portion allocable to use of the asset for purposes which are neither necessary nor related to patient care.

(3) No further depreciation shall be claimed after an asset has been fully depreciated unless a new depreciation base is established pursuant to section 36 of this act.

NEW SECTION. Sec. 36. DEPRECIATION BASE. (1) The depreciation base shall be the historical cost of the contractor or lessor, when the assets are leased by the contractor, in acquiring the asset in an arm's length transaction and preparing it for use, less goodwill, and less accumulated depreciation which has been incurred during periods that the assets have been used in or as a facility by the contractor, such accumulated depreciation to be measured in accordance with subsections (2), (3), and (4) of this section and sections 35 and 37 of this act. If the department challenges the historical cost of an asset, or if the contractor cannot or will not provide the historical costs, the department will have the department of general administration, through an appraisal procedure, determine the fair market value of the assets at the time of purchase. The depreciation base of the assets will not exceed such fair market value.

(2) The historical cost of donated assets, or of assets received through testate or intestate distribution, shall be the lesser of:

(a) Fair market value at the date of donation or death; or

(b) The historical cost base of the owner last contracting with the department, if any.

(3) Estimated salvage value of acquired, donated, or inherited assets shall be deducted from historical cost where the straight-line or sum-of-the-years' digits method of depreciation is used.

(4) (a) Where depreciable assets are acquired that were used in the medical care program subsequent to January 1, 1980, the depreciation base of the assets will not exceed the net book value which did exist or would have existed had the assets continued in use under the previous contract with the department; except that depreciation shall not be assumed to accumulate during periods when the assets were not in use in or as a facility.

(b) Subparagraph (4)(a) of this section shall not apply to the most recent arm's-length acquisition if it occurs at least ten years after the ownership of the assets has been previously transferred in an arm's-length transaction nor to the first arm's-length acquisition that occurs after January 1, 1980, for facilities participating in the medical care program prior to January 1, 1980. The new depreciation

base for such acquisitions shall not exceed the fair market value of the assets as determined by the department of general administration through an appraisal procedure. A determination by the department of general administration of fair market value shall be final unless the procedure used to make such determination is shown to be arbitrary and capricious.

(c) Where depreciable assets are acquired from a related organization, the contractor's depreciation base shall not exceed the base the related organization had or would have had under a contract with the department.

(d) Where the depreciable asset is a donation or distribution between related organizations, the base shall be the lesser of (i) fair market value, less salvage value, or (ii) the depreciation base the related organization had or would have had for the asset under a contract with the department.

NEW SECTION. Sec. 37. LIVES. (1) Except for new buildings, the contractor shall use lives which reflect the estimated actual useful life of the asset and which shall be no shorter than guideline lives as established by the department. The shortest life which may be used for new buildings is thirty years. Lives shall be measured from the date on which the assets were first used in the medical care program or from the date of the most recent arm's-length acquisition of the asset, whichever is more recent. In cases where section 36(4)(a) of this act does apply, the shortest life that may be used for buildings is the remaining useful life under the prior contract. In all cases, lives shall be extended to reflect periods, if any, when assets were not used in or as a facility.

(2) Building improvements shall be depreciated over the remaining useful life of the building, as modified by the improvement.

(3) Improvements to leased property which are the responsibility of the contractor under the terms of the lease shall be depreciated over the useful life of the improvement.

(4) A contractor may change the estimate of an asset's useful life to a longer life for purposes of depreciation.

NEW SECTION. Sec. 38. RETIREMENT OF DEPRECIABLE ASSETS.

(1) Where depreciable assets are disposed of through sale, trade-in, scrapping, exchange, theft, wrecking, or fire or other casualty, depreciation shall no longer be taken on the assets. No further depreciation shall be taken on permanently abandoned assets.

(2) Where an asset has been retired from active use but is being held for stand-by or emergency service, and the department has determined that it is needed and can be effectively used in the future, depreciation may be taken.

NEW SECTION. Sec. 39. HANDLING OF GAINS AND LOSSES UPON RETIREMENT OF DEPRECIABLE ASSETS. If the retired asset is replaced, the gain or loss shall be applied against or added to the cost of the replacement asset, provided that a loss will only be so applied if the contractor has made a reasonable effort to recover at least the outstanding book value of the asset.

NEW SECTION. Sec. 40. TEMPORARY CONTRACT LABOR. Costs for the purchased services of temporary contract labor shall be allowable only to the extent they do not exceed the average of the usual and customary rate for the wages and benefits of the facility's comparable permanent staff, as reimbursed pursuant to sections 48 and 50 of this act.

NEW SECTION. Sec. 41. UNALLOWABLE COSTS. (1) Costs will be unallowable if they are not documented, necessary, ordinary, and related to the provision of care services to authorized patients.

(2) Unallowable costs include, but are not limited to, the following:

(a) Costs of items or services not covered by the medical care program. Costs of such items or services will be unallowable even if they are indirectly reimbursed by the department as the result of an authorized reduction in patient contribution;

(b) Costs of services and items provided to recipients which are covered by the department's medical care program but not included in care services established by the department under this act;

(c) Costs associated with a capital expenditure subject to section 1122 approval (part 100, Title 42 C.F.R.) if the department found it was not consistent with applicable standards, criteria, or plans. If the department was not given timely notice of a proposed capital expenditure, all associated costs will be unallowable up to the date they are determined to be reimbursable under applicable federal regulations;

(d) Costs associated with a construction or acquisition project requiring certificate of need approval pursuant to chapter 70.38 RCW if such approval was not obtained;

(e) Interest costs other than those provided by section 29 of this act;

(f) Salaries or other compensation of officers, directors, stockholders, and others associated with the contractor or home office, except compensation paid for service related to patient care;

(g) Costs in excess of limits or violating principles set forth in this chapter;

(h) Costs resulting from transactions or the application of accounting methods which circumvent the principles of the cost-related reimbursement system set forth in this chapter;

(i) Costs applicable to services, facilities, and supplies furnished by a related organization in excess of the lower of the cost to the related organization or the price of comparable services, facilities, or supplies purchased elsewhere;

(j) Bad debts of non-Title XIX recipients;

(k) Charity and courtesy allowances;

(l) Cash, assessments, or other contributions, excluding dues, to charitable organizations, professional organizations, trade associations, or political parties, and costs incurred to improve community or public relations;

(m) Vending machine expenses;

(n) Expenses for barber or beautician services not included in routine care;

(o) Funeral and burial expenses;

(p) Costs of gift shop operations and inventory;

(q) Personal items such as cosmetics, smoking materials, newspapers and magazines, and clothing, except those used in patient activity programs;

(r) Fund-raising expenses, except those directly related to the patient activity program;

(s) Penalties and fines;

(t) Expenses related to telephones, televisions, radios, and similar appliances in patients' private accommodations;

(u) Federal, state, and other income taxes;

(v) Costs of special care services except where authorized by the department;

(w) Expenses of key-man insurance and other insurance or retirement plans not made available to all employees;

(x) Expenses of profit-sharing plans;

(y) Expenses related to the purchase and/or use of private or commercial airplanes which are in excess of what a prudent contractor would expend for the ordinary and economic provision of such a transportation need related to patient care;

(z) Personal expenses and allowances of owners or relatives;

(aa) All expenses of maintaining professional licenses or membership in professional organizations;

(bb) Costs related to agreements not to compete;

(cc) Amortization of goodwill;

(dd) Expenses related to vehicles which are in excess of what a prudent contractor would expend for the ordinary and economic provision of transportation needs related to patient care;

(ee) Legal and consultant fees in connection with a fair hearing against the department where a decision is rendered in favor of the department or where otherwise the determination of the department stands;

(ff) Legal and consultant fees of a contractor or contractors in connection with a lawsuit against the department;

(gg) Lease acquisition costs and other intangibles not related to patient care;

(hh) All rental or lease costs other than those provided in section 30 of this act; and

(ii) All audit costs incurred pursuant to section 12(1) of this act.

PART E

RATE SETTING

NEW SECTION. Sec. 42. PRINCIPLES OF RATE-SETTING. The following principles are inherent in sections 43 through 58 of this act:

(1) Reimbursement rates will be set prospectively on a per patient day basis;

(2) Rates will be established not lower than the level which is reasonably expected to be adequate to reimburse in full the actual, allowable costs of a facility which is economically and efficiently operated and to provide care which meets the needs of a medical care recipient in compliance with applicable standards; and

(3) The rates so established will take into account economic conditions and trends during the period to be covered by such rates.

NEW SECTION. Sec. 43. PROSPECTIVE REIMBURSEMENT RATES.

(1) The department, as provided by this chapter, will determine prospective cost-related reimbursement rates for services provided to medical care recipients. Each rate so determined shall represent the contractor's maximum compensation within each cost center for each patient day for such medical care recipient.

(2) As required, the department may modify such maximum per patient day rates pursuant to the administrative review provisions of section 77 of this act.

(3) The maximum prospective reimbursement rates for the administration and operations and the property cost centers and the return on investment allowance shall be established based upon a minimum facility occupancy level of eighty-five percent.

NEW SECTION. Sec. 44. LIMITATION OF SERVICES SUBJECT TO COST REIMBURSEMENT. Only those services which are authorized for a facility pursuant to the medical care program shall be reimbursed under this chapter.

NEW SECTION. Sec. 45. REIMBURSEMENT RATE FOR NEW CONTRACTOR. (1) Prospective reimbursement rates for a new contractor will be established within sixty days following receipt by the department of the properly completed projected budget required by section 66 of this act. Such reimbursement rates will become effective as of the effective date of the contract.

(2) Such reimbursement rates will be based on the contractor's projected cost of operations through December 31st of the year the contract becomes effective, and on costs and payment rates of the prior contractor, if any, and/or of other contractors in comparable circumstances.

(3) If a properly completed budget is not received at least sixty days prior to the effective date of the contract, the department will establish preliminary rates based on the other factors specified in subsection (2) of this section. These preliminary rates will remain in effect until a determination is made pursuant to section 46 of this act.

NEW SECTION. Sec. 46. RATE DETERMINATION—WHEN DETERMINED OR ADJUSTED. (1) Each contractor's reimbursement rates will be determined prospectively at least once each calendar year, to be effective July 1st.

(2) Rates may be adjusted as determined by the department to take into account variations of more than ten percent in the distribution of patient classifications from the prior reporting year, program changes, economic trends and conditions, and/or administrative review provided by section 77 of this act and shall be adjusted for any capitalized additions or replacements made as a condition for licensure or certification.

(3) Where the contractor participated in the provisions of prospective cost-related reimbursement in effect prior to the effective date of this act, such contractor's prospective rate effective July 1, 1982, will be determined utilizing his reported allowable costs for calendar year 1981.

(4) All prospective reimbursement rates for 1983 and thereafter shall be determined utilizing the prior year's audited cost reports.

NEW SECTION. Sec. 47. COST CENTERS. A contractor's reimbursement rates for medical care recipients will be determined utilizing audited cost report data within the following cost centers:

- (1) Nursing services;
- (2) Food;
- (3) Administration and operations; and
- (4) Property.

NEW SECTION. Sec. 48. NURSING SERVICES COST CENTER REIMBURSEMENT RATE. (1) The nursing services cost center shall include all costs related to the direct provision of nursing care and ancillary care including fringe benefits and payroll taxes for the nursing care and ancillary service personnel, and direct care supplies.

(2) For rate-setting purposes, the department shall determine standard hours for each classification established by the department pursuant to section 85 of this act. Such standard hours shall be the sum of the hours for nursing assistants, licensed practical nurses, and registered nurses.

(3) The standard base rate per classification shall be the sum of the products of at least ninety percent of the prevailing wages for the categories of nursing assistant, licensed practical nurse, and registered nurse, expressed as an hourly rate, based upon the state-wide salary survey conducted pursuant to RCW 41.06.160, multiplied by the respective components of the standard hours as determined in subsection (2) of this section.

(4) The nursing services cost center rate, excluding the special care rate provided by subsection (5) of this section, for each facility, less special care patient days, shall be:

(a) The sum of the standard base rate per classification determined in subsection (3) of this section multiplied by the total patient days for the facility within each classification for the prior year, divided by the total patient days for the prior year for the facility, less special care patient days,

(b) Plus a factor to be determined annually by the department for the facility for fringe benefits, payroll taxes, ancillary care and direct care supplies; except that, the factor shall reflect the level of employee benefits, provided or agreed to, payroll taxes assessed, and/or ancillary services provided within each facility.

(5) Where the standard hours for rate setting purposes in subsection (2) of this section do not reflect the exceptional custodial or nursing care required for a patient, the department, upon verification of such exceptional custodial or nursing care, will negotiate a special rate for exceptional care for such patient. Such special rate will:

(a) Include the factors described in subparagraph (2)(b) of this section; and

(b) Be reimbursed to the facility independently of the nursing services cost center rate provided by subsection (4) of this section.

NEW SECTION. Sec. 49. **FOOD COST REIMBURSEMENT RATE.** (1) The food cost center shall include all costs for bulk and raw food and beverages purchased for the dietary needs of medical care recipients.

(2) The food cost reimbursement rate for each facility shall be computed as follows:

$$FR = (TFC/TPD) 1.15, \text{ where}$$

FR = the facility food cost center reimbursement rate;

TFC = the total of all reporting facilities' food cost center costs; and

TPD = the total patient days for the prior year of all reporting facilities.

(3) Unless extended by law for an additional period of time, on and after July 1, 1984, the food cost reimbursement rate for each facility shall be computed as follows:

$$FR = (TFC/TPD), \text{ where}$$

FR = the facility food cost center reimbursement rate;

TFC = the total of all reporting facilities' food cost center costs; and

TPD = the total patient days for the prior year of all reporting facilities.

NEW SECTION. Sec. 50. **ADMINISTRATION AND OPERATIONS, COST CENTER REIMBURSEMENT RATE.** (1) The administration and operations cost center shall include all items not included in the cost centers of nursing services, food, and property.

(2) The administration and operations cost center reimbursement rate for each facility shall be based on the computation in this subsection and shall not exceed the eighty-fifth percentile of (a) the rates of all reporting facilities derived from the computation below, or (b) reporting facilities grouped in accordance with subsection (3) of this section:

$$AR = TAC/TPD, \text{ where}$$

AR = the administration and operations cost center reimbursement rate for a facility;

TAC = the total costs of the administration and operations cost center plus the retained savings from such cost center as provided in section 18 of this act of a facility; and

TPD = the total patient days for a facility for the prior year.

(3) The secretary may group facilities based on factors which could reasonably influence cost requirements of this cost center, other than ownership or legal organization characteristics.

NEW SECTION. Sec. 51. **PROPERTY COST CENTER.** The property cost center rate for each facility shall be determined by dividing the sum of the reported allowable prior period actual depreciation costs, subject to sections 31 through 38 of this act, adjusted for any capitalized additions or replacements approved by the department, and the retained savings from such cost center, as provided in section 19 of this act, by the total patient days for the facility in the prior period. If a capitalized addition or retirement of an asset will result in a different licensed bed capacity during the ensuing period, the prior period total patient days used in computing the property cost center rate shall be adjusted to anticipated patient day level.

When a certificate of need for a new facility is requested, the department, in reaching its decision, shall take into consideration per-bed land and building construction costs for the facility which shall not exceed a maximum to be established by the secretary.

NEW SECTION. Sec. 52. **ADJUSTMENT OF COST CENTER RATES.** The rates determined in sections 48 through 51 of this act shall be adjusted by the department utilizing appropriate indices or other measures of economic trends and conditions projected for the ensuing year.

NEW SECTION. Sec. 53. RETURN ON INVESTMENT ALLOWANCE.

(1) The department shall first establish a total state-wide return on investment pool for use in determining individual facility return on investment allowances.

(a) In establishing the total state-wide return on investment pool the department shall determine the sum of net invested funds as of the end of the most recent reporting period of all facilities participating in the medical care program.

(b) In computing the portion of net invested funds representing the net book value of tangible fixed assets, the same assets, depreciation bases, lives, and methods referred to in sections 33, 35, 36, and 37 of this act, including owned and leased assets, shall be utilized, except that the capitalized cost of land upon which the facility is located and such other contiguous land which is reasonable and necessary used in the regular course of providing patient care shall also be included. In the case of leased facilities where the net invested funds are unknown or the contractor is unable to provide necessary information to determine net invested funds, the secretary shall have the authority to determine an amount for net invested funds based on an appraisal conducted according to section 36(1) of this act.

(c) The sum of net invested funds shall then be multiplied by 1.5 times the average of the rates of interest on special issues of public debt obligations issued to the federal hospital insurance trust fund for the last completed calendar quarter prior to rate-setting to establish the total state-wide return on investment pool.

(2) The department shall establish for individual facilities return on investment allowances composed of two parts: A financing allowance and a variable return allowance.

(a) The financing allowance shall be determined by multiplying the net invested funds of each facility by 1.15 times the average of the rates of interest on special issues of public debt obligations issued to the federal hospital insurance trust fund for the last completed quarter prior to rate-setting, and dividing by the contractor's total patient days. If a capitalized addition or retirement of an asset will result in a different licensed bed capacity during the ensuing period, the prior period total patient days used in computing the financing and variable return allowances shall be adjusted to the anticipated patient day level.

(b) In determining the variable return allowance:

(i) The department will first rank all facilities in numerical order from highest to lowest according to their average per diem allowable costs for the sum of the administration and operations and property cost centers for the previous reimbursement period.

(ii) The department shall then compute the variable return allowance by multiplying the appropriate percentage amounts, which shall not be less than one percent and not greater than five percent, by the total prospective rate for each facility, as determined in sections 45 through 51 of this act. The percentage amounts will be based on groupings of facilities according to the rankings as established in subparagraph (2)(b)(i) of this section. Those groups of facilities with lower per diem costs shall receive higher percentage amounts than those with higher per diem costs.

(iii) Such percentage amounts shall be calculated so that the variable return allowance plus the financing allowance times the total patient days for each facility, when summed for all facilities, shall be as close in amount to the total state-wide return on investment pool as is practical; except that, such percentage amounts for equivalent groups of facilities as determined in subparagraph (2)(b)(ii) of this section shall be no less than the percentage amounts as calculated pursuant to this subsection on July 1, 1982.

(c) The sum of the financing allowance and the variable return allowance shall be the return on investment for each facility, and shall be added to the prospective rates of each contractor as determined in sections 45 through 51 of this act.

(d) In the case of a facility which was leased by the contractor as of January 1, 1980, in an arm's-length agreement, which continues to be leased under the same lease agreement, and for which the annualized lease payment, plus any interest and depreciation expenses associated with contractor-owned assets, for the period covered by the prospective rates, divided by the contractor's total patient days, minus the property cost center determined according to section 51 of this act, is more than the return on investment allowance determined according to section 53(2)(c) of this act, the following shall apply:

(i) The financing allowance shall be recomputed substituting the fair market value of the assets as of January 1, 1980, as determined by the department of general administration, for the net book value of the assets in determining net invested funds for the facility. A determination by the department of general administration of fair market value shall be final unless the procedure used to make such determination is shown to be arbitrary and capricious.

(ii) The sum of the financing allowance computed under subparagraph (2)(d)(i) of this section and the variable allowance shall be compared to the annualized lease payment, plus any interest and depreciation expenses associated with contractor-owned assets, for the period covered by the prospective rates, divided by the contractor's total patient days, minus the property cost center rate determined according to section 51 of this act. The lesser of the two amounts shall be called the alternate return on investment allowance.

(iii) The return on investment allowance determined according to section 53(2)(c) of this act or the alternate return on investment allowance, whichever is greater, shall be the return on investment allowance for the facility and shall be added to the prospective rates of the contractor as determined in sections 45 through 51 of this act.

(3) In the event that the department of health, education and welfare disallows the application of the return on investment allowances to nonprofit facilities, the department shall modify the measurements of net invested funds used for computing both total state-wide return on investment pool and individual facility return on investment allowances as follows: Net invested funds for each nonprofit facility shall be multiplied by one minus the ratio of equity funds to the net invested funds of all nonprofit facilities.

(4) Each biennium, beginning in 1983, the secretary shall review the adequacy of return on investment allowances in relation to anticipated requirements for maintaining, reducing, or expanding nursing care capacity. The secretary shall report the results of such review to the legislature and make recommendations for adjustments in the return on investment rates utilized in this section, if appropriate.

NEW SECTION. Sec. 54. UPPER LIMITS TO REIMBURSEMENT RATES. (1) The reimbursement rates shall not exceed the contractor's customary charges to the general public for comparable services.

(2) Rates shall not exceed the limits set forth in 42 CFR 450.30(b)(6).

NEW SECTION. Sec. 55. NOTIFICATION OF RATES. The department will notify each contractor in writing of its prospective reimbursement rates at least thirty days in advance of the effective date. Unless otherwise specified at the time it is issued, the rate will be effective from the first day of the month in which it is issued until a new rate becomes effective. If a rate is changed as the result of an appeal in accordance with section 77 of this act, it will be effective as of the date the appealed rate became effective.

NEW SECTION. Sec. 56. ADJUSTMENTS REQUIRED DUE TO ERRORS OR OMISSIONS. (1) Prospective rates are subject to adjustment by the department as a result of errors or omissions by the department or by the contractor. The department will notify the contractor in writing of each adjustment and of its

effective date, and of any amount due to the department or to the contractor as a result of the rate adjustment.

(2) The contractor shall pay an amount it owes the department resulting from an error or omission, or commence repayment in accordance with a schedule determined by the department, within sixty days after receipt of notification of the rate adjustment, unless the contractor contests the department's determination in accordance with the procedures set forth in section 77 of this act. If the determination is contested, the contractor shall pay or commence repayment within sixty days after completion of these proceedings. If a refund is not paid when due, the amount thereof may be deducted from current payments by the department.

(3) The department shall pay any amount it owes the contractor as a result of a rate adjustment within thirty days after it notifies the contractor of the rate adjustment.

(4) No adjustments will be made to a rate after final settlement, except as provided in section 17(2) of this act.

NEW SECTION. Sec. 57. PUBLIC REVIEW OF RATE-SETTING. The department shall provide all interested members of the public with an opportunity to review and comment on the proposed rate-setting factors, indices, measures, and guidelines not later than May 15th of each year prior to their being used to set rates.

NEW SECTION. Sec. 58. PUBLIC DISCLOSURE OF RATE-SETTING METHODOLOGY. In accordance with the provisions of section 81 of this act, the department will make available to the public full information regarding its factors, indices, measures, and guidelines.

PART F

BILLING/PAYMENT

NEW SECTION. Sec. 59. BILLING PERIOD. A contractor shall bill the department for care provided to medical care recipients from the first through the last day of each calendar month.

NEW SECTION. Sec. 60. BILLING PROCEDURE. (1) A contractor shall bill the department each month by completing and returning a facility billing statement as provided by the department which shall include, but not be limited to:

- (a) Billing by cost center;
- (b) Total patient days; and
- (c) Patient days for medical care recipients.

The statement shall be completed and filed in accordance with rules and regulations established by the secretary.

(2) A contractor shall not bill the department for service provided to a recipient until an award letter of eligibility of such recipient pursuant to rules and regulations established according to the provisions of chapter 74.09 RCW has been received by the contractor except that, a contractor may bill and shall be reimbursed for all medical care recipients referred to the contractor's facility by the department prior to the receipt of the award letter of eligibility or the denial of such eligibility. At that time it may bill for service provided back through the date the recipient was admitted or became eligible.

- (3) Billing shall cover the patient days of care.

NEW SECTION. Sec. 61. PAYMENT. (1) The department will reimburse a contractor for service rendered under the facility contract and billed in accordance with section 60 of this act.

(2) The amount paid will be computed using the appropriate rates assigned to the contractor.

(3) For each recipient, the department will pay an amount equal to the appropriate rates, multiplied by the number of patient days each rate was in effect, less

the amount the recipient is required to pay for his or her care as set forth by section 62 of this act.

NEW SECTION. Sec. 62. CHARGES TO PATIENTS. (1) The department will notify a contractor of the amount each medical care recipient is required to pay for care provided under the contract and the effective date of such required contribution. It is the contractor's responsibility to collect that portion of the cost of care from the patient, and to account for any authorized reduction from his or her contribution in accordance with rules and regulations established by the secretary.

(2) If a contractor receives documentation showing a change in the income or resources of a recipient which will mean a change in his or her contribution toward the cost of care, this shall be reported in writing to the department within seventy-two hours and in a manner specified by rules and regulations established by the secretary. If necessary, appropriate corrections will be made in the next facility statement, and a copy of documentation supporting the change will be attached. If increased funds for a recipient are received by a contractor, an amount determined by the department shall be allowed for clothing and personal and incidental expense, and the balance applied to the cost of care.

(3) The contractor shall accept the reimbursement rates established by the department as full compensation for all services provided under the contract, certification as specified by Title XIX, and licensure under chapter 18.51 RCW. The contractor shall not seek or accept additional compensation from or on behalf of a recipient for any or all such services.

NEW SECTION. Sec. 63. SUSPENSION OF PAYMENT. (1) Payments to a contractor may be withheld by the department in each of the following circumstances:

(a) A required report is not properly completed and filed by the contractor within the appropriate time period, including any approved extension. Payments will be released as soon as a properly completed report is received;

(b) State auditors or authorized personnel in the course of their duties are refused access to a nursing home or are not provided with existing appropriate records. Payments will be released as soon as such access or records are provided;

(c) A refund in connection with an annual settlement or rate adjustment is not paid by the contractor when due. The amount withheld will be limited to the unpaid amount of the refund; and

(d) Payment for the final thirty days of service under a contract will be held pending final settlement when the contract is terminated.

(2) No payment will be withheld until written notification of the suspension is provided to the contractor, stating the reason therefor.

NEW SECTION. Sec. 64. TERMINATION OF PAYMENTS. All payments to a contractor will end no later than sixty days after any of the following occurs:

(1) A contract expires, is terminated or is not renewed;

(2) A facility license is revoked; or

(3) A facility is decertified as a Title XIX facility; except that, in situations where the secretary determines that residents must remain in such facility for a longer period because of the resident's health or safety, payments for such residents shall continue.

PART G ADMINISTRATION

NEW SECTION. Sec. 65. CONDITIONS OF PARTICIPATION. In order to participate in the prospective cost-related reimbursement system established by this chapter, the person or legal organization responsible for operation of a facility shall:

(1) Obtain a state certificate of need and/or federal capital expenditure review (section 1122) approval pursuant to chapter 70.38 RCW and Part 100, Title 42 CFR where required;

(2) Hold the appropriate current license;

(3) Hold current Title XIX certification;

(4) Hold a current contract to provide services under this chapter; and

(5) Comply with all provisions of the contract and all application regulations, including but not limited to the provisions of this chapter.

NEW SECTION. Sec. 66. PROJECTED BUDGET FOR NEW CONTRACTORS. (1) Each new contractor shall submit a projected budget to the department at least sixty days before its contract will become effective.

(2) The projected budget shall cover the period to December 31st from the date the contractor will enter the program. It shall be prepared on forms and in accordance with rules and regulations established by the secretary.

NEW SECTION. Sec. 67. CHANGE OF OWNERSHIP. (1) On the effective date of a change of ownership the department's contract with the old owner shall be terminated. The old owner shall give the department thirty days' written notice of such termination. When certificate of need and/or section 1122 approval is required pursuant to chapter 70.38 RCW and Part 100, Title 42 CFR, for the new owner to acquire the facility, and the new owner wishes to continue to provide service to recipients without interruption, certificate of need and/or section 1122 approval shall be obtained before the old owner submits a notice of termination.

(2) If the new owner desires to participate in the cost-related reimbursement system, it shall meet the conditions specified in section 65 of this act and shall submit a projected budget in accordance with section 66 of this act no later than sixty days before the date of the change of ownership. The facility contract with the new owner shall be effective as of the date of the change of ownership.

NEW SECTION. Sec. 68. TERMINATION OF CONTRACT. (1) When a facility contract is terminated for any reason, the old contractor shall submit final reports as required by section 4 of this act. Payment for care provided during the final thirty days of service under a contract will be held until the contractor has filed a properly completed final audited cost report, and final settlement has been determined, such settlement not to exceed sixty days following submittal of the final audited cost report.

(2) Following final settlement, a payment withheld pursuant to subsection (1) of this section will be sent to the contractor after any overpayment determined in connection with final settlement has been deducted. If the contractor contests the settlement determination in accordance with section 17 of this act, the department will hold the amount in dispute pending completion of the appeal process, but will release the balance of such payment to the contractor.

(3) The department will release a payment which would be withheld pursuant to subsection (1) of this section, provided a bond issued by a bonding company acceptable to the department is filed by the contractor. The bond shall:

(a) Be in an amount equal to the released payment;

(b) Be for a term sufficient to ensure effectiveness after final settlement and the exhaustion of administrative and judicial remedies;

NEW SECTION. Sec. 3. PRINCIPLES OF REPORTING REQUIREMENTS. The principle inherent within sections 4 through 9 of this act is that the

department shall receive complete, annual reporting of costs and financial condition of the contractor prepared and presented in a standardized manner.

NEW SECTION. Sec. 4. REPORT DUE DATE. (1) Not later than March 31, 1982, and each year thereafter, each contractor shall submit to the department an annual cost report, and such financial statements as are required by this chapter, for the period from January 1st through December 31st of the preceding year.

(2) Two extensions of not more than thirty days each after March 31st may be granted by the department upon receipt of a written request setting forth the circumstances which prohibit the contractor from compliance with such due date; except, that the secretary shall establish the grounds for extension in rule and regulation. Such request must be received by the department at least ten days prior to the due date.

(3) Not later than one hundred and twenty days following the termination of a contract, the contractor shall submit to the department a cost report, and such financial statements as are required by this chapter, for the period from January 1st through the date the contract terminated.

NEW SECTION. Sec. 5. IMPROPERLY COMPLETED OR LATE REPORTS. If either the cost report or the financial statements are not properly completed or if they are not received by the due date, all or part of any payments due under the contract may be withheld by the department until such time as the required cost report and financial statements are properly completed and received.

NEW SECTION. Sec. 6. COMPLETING REPORTS AND MAINTAINING RECORDS. (1) Cost reports shall be prepared in a standard manner and form, as determined pursuant to section 7 of this act, which shall provide for financial statements, an itemized list of allowable costs, and a preliminary settlement report. Costs reported shall be determined in accordance with generally accepted accounting principles and such additional rules and regulations as are established by the secretary.

(2) All financial statements of a contractor must be prepared in accordance with generally accepted accounting principles, such additional regulatory requirements developed pursuant to section 7 of this act, and such additional rules and regulations as are established by the secretary.

(3) The records shall be maintained on the accrual method of accounting and agree with or be reconcilable to the cost report and the financial statements.

NEW SECTION. Sec. 7. DEVELOPMENT OF ACCOUNTING AND AUDITING REQUIREMENTS. (1) The office of financial management shall, within seventy-five days after the effective date of this section, engage a consultant through competitive bids who will develop the following:

(a) A uniform chart of accounts;

(b) A standard cost report form, including financial statements which shall be in conformity with generally accepted accounting principles and such regulatory requirements established by this section as well as any relevant federal regulatory requirements;

(c) Regulatory reporting and accounting provisions which may be required; and

(d) Regulatory auditing provisions which may be required.

(2) Such consultant will develop the items specified in subsection (1) of this section:

(a) In cooperation with an advisory committee to be composed of representatives of the office of financial management, the legislature, the department, the office of the state auditor, the Washington society of certified public accountants, and the providers of nursing home services; and

(b) In a manner which will achieve the principles stated in sections 3 and 10 of this act.

(3) Such consultant shall provide ongoing financial consulting assistance to the patient task force created in section 86 of this act. The patient classification system and standard hours for each classification established by the task force must tie to the uniform chart of accounts, standard cost reports, and financial statements to allow the independent certified public accountant to express an opinion on the statement of expenditures presented in the annual cost report.

(4) Such consultant will complete the development of the items specified in subsection (1) of this section not later than October 1, 1980. The secretary will adopt rules and regulations necessary to implement the consultant's product not later than December 31, 1980, for use in the 1980 reporting year.

NEW SECTION. Sec. 8. REQUIREMENTS FOR RETENTION OF RECORDS BY THE CONTRACTOR. (1) All records supporting the required cost reports and financial statements, as well as trust funds established by section 70 of this act, shall be retained by the contractor for a period of four years following the filing of such reports at a location in the state of Washington specified by the contractor. The department may direct such records to be retained for a longer period if there remain unresolved questions on the cost reports and financial statements. All such records shall be made available upon demand to authorized representatives of the department, the office of the state auditor, and the United States department of health, education and welfare.

(2) When a contract is terminated, all payments due will be withheld until accessibility and preservation of the records within the state of Washington are assured.

NEW SECTION. Sec. 9. RETENTION OF REPORTS BY THE DEPARTMENT. The department will retain the required cost reports and financial statements for a period of one year after final settlement, or the period required under the provisions of chapter 40.14 RCW, whichever is greater.

PART B AUDIT

NEW SECTION. Sec. 10. PRINCIPLES OF AUDIT REQUIREMENTS. The principles inherent within sections 11 through 14 of this act are:

(1) To ascertain, through certified audit, that the costs for each year are accurately reported, thereby providing a valid basis for future rate determination;

(2) To ascertain, through certified audits of the cost reports, that cost reports properly reflect the financial statements of the contractor, particularly as they pertain to related organizations and beneficial ownership, thereby providing a valid basis for the determination of return as specified by this chapter;

(3) To ascertain, through the certified audit and the oversight of the office of the state auditor, that compliance with the accounting and auditing provisions of this chapter and the rules and regulations of the department as they pertain to these accounting and auditing provisions is proper and consistent; and

(4) To ascertain, through certified audits, that the responsibility of the contractor has been met in the maintenance of patient trust funds.

NEW SECTION. Sec. 11. DESK REVIEW. (1) The department shall analyze the submitted cost report and financial statements of each contractor to determine if the information is correct and complete. If the analysis finds that either the cost report or financial statements are incorrect or incomplete, the department shall take whatever steps are deemed necessary to obtain information from the contractor.

(2) The department shall accumulate data from the properly completed cost reports and financial statements for use in:

- (a) Exception profiling; and
- (b) Establishing rates.

(3) The department may further utilize such accumulated data for analytical, statistical, or informational purposes as it may deem necessary.

NEW SECTION. Sec. 12. TYPES OF EXAMINATIONS. Certified audits of the cost reports and patient trust accounts shall be conducted in accordance with the provisions of this chapter, as follows:

(1) The annual cost report of each contractor and the patient trust accounts under his control will be audited prior to submission to the department by an independent certified public accountant, licensed according to the provisions of chapter 18.04 RCW, who shall be engaged by the office of financial management through competitive bids. The office of financial management shall cause to be published a request for qualifications from independent certified public accountants. The office of financial management shall then select those independent certified public accountant firms which have qualified to participate in the competitive bid process through a request for proposals: PROVIDED, That during fiscal year 1982, for one hundred percent of the contractors, cost reports and patient trust accounts shall be audited: PROVIDED FURTHER, That during fiscal year 1983, for up to one hundred percent of the contractors, cost reports and patient trust accounts shall be audited. The requirements contained in this subsection shall not be required after June 30, 1983;

(2) Upon request of the secretary; and

(3) Upon termination of a contract.

NEW SECTION. Sec. 13. PREPARATION FOR AUDIT BY THE CONTRACTOR. (1) For the requirements of section 12(1) of this act, the contractor shall be notified by the accountant at least ten working days in advance of the engagement. Upon such notification, the contractor shall:

(a) Provide access to the facility, all records, and all working papers which are in support of the cost report, financial statements, and patient trust funds; and

(b) Prepare reconciliation of the cost report and financial statements with (i) applicable federal income and federal and state payroll tax returns and (ii) the records for the period covered by the cost report and financial statements.

(2) For the requirements of section 12(2) of this act, the contractor shall provide access to the facility and supply all records as required in subsection (1) of this section.

NEW SECTION. Sec. 14. SCOPE OF AUDIT. (1) The annual cost reports of contractors are required to be audited by an independent certified public accountant in accordance with generally accepted auditing standards established for audit of financial statements by the American institute of certified public accountants.

(2) Accompanying the annual cost report and accountant's report thereon shall be:

(a) A schedule of questioned costs, including dollar amounts being questioned and an explanation of the accountant's reason for questioning the allowability of such costs; except that, an amount, not less than five hundred dollars, shall be established by the secretary below which questioned costs need not be listed;

(b) A schedule summarizing the adjustments to the contractor's financial records as a result of the audit, including dollar amounts, the general ledger account or account group, and an explanation of the reason for adjustment; and

(c) A schedule summarizing the adjustments to the contractor's preliminary settlement report as a result of the audit.

(3)(a) The independent auditor shall perform separate audits on the trust funds established by section 70 of this act. Such audit shall be prepared in conformity with generally accepted auditing standards and additional rules and regulations established by the department.

(b) Accompanying the audit report on such trust funds shall be any letters of comments or recommendations relating to discrepancies or improvements in accounting procedures.

(4) The independent certified public accountant shall retain all working papers resulting from audits conducted pursuant to this section for a period of five years

from the date the report was submitted to the department. The secretary shall have access to such retained working papers upon ten days' written notice to the independent certified public accountant.

PART C SETTLEMENT

NEW SECTION. Sec. 15. SETTLEMENT PROCESS. (1) The settlement process shall consist of:

- (a) The evaluation of the preliminary settlement report by cost center contained within the cost report;
- (b) The evaluation of the audit results, including disallowed costs; and
- (c) The process of scheduling payment as to such underpayments or overpayments.

(2) In:

- (a) Rulings on questioned costs; or
- (b) Interpretations resulting in payment of the whole or a portion of a disallowed cost,

the department shall prepare and maintain such rulings and interpretations with full justification and explanation for the respective contractor and the appropriate standing committees of the legislature.

NEW SECTION. Sec. 16. SETTLEMENT. (1) Upon receipt of the preliminary settlement report, the department shall verify the accuracy of such report.

(2) Within thirty days after receipt of the audited reports by the secretary, the department will submit a proposed final settlement report by cost center to the contractor which rules on questioned costs, and fully substantiates disallowed costs, refunds, underpayments, and/or adjustments to the preliminary settlement report.

NEW SECTION. Sec. 17. DATE SETTLEMENT BECOMES FINAL. (1) The settlement will become final thirty days after the date the proposed final settlement report is submitted to the contractor, unless the contractor contests the determination. In the event of such action, the contractor has thirty days after the date the proposed final settlement report has been submitted to notify the department of such contesting pursuant to the provisions of section 78 of this act.

(2) A settlement will be reopened if necessary to make adjustments for findings resulting from an audit performed pursuant to this chapter.

NEW SECTION. Sec. 18. PAYMENT OF UNDERPAYMENTS—REFUND OF OVERPAYMENTS/ERRONEOUS PAYMENTS. (1) The state shall make payment of any underpayments within fifteen days of the date the settlement becomes final.

(2) The contractor found to have received either overpayments and/or erroneous payments shall refund such payments to the state within thirty days of the date the settlement becomes final, subject to the provisions of subsections (3), (4), and (5) of this section.

(3) Within the cost centers of nursing services and food, all savings resulting from the respective audited allowable costs being lower than the respective reimbursement rate paid to the contractor during the report period shall be refunded.

(4) Within the cost centers of administration and operations and property, the contractor shall retain at least fifty percent, but not more than seventy-five percent, of any savings resulting from the respective, audited, allowable costs being lower than the respective reimbursement rates paid to the contractor during the report period multiplied by the number of authorized medical care client days in which said rates were in effect. The secretary, by rule and regulation, shall establish the basis for the specific percentages of savings to the contractors. Such rules and regulations may provide for differences in the percentages allowed for each cost center to individual facilities based on performance measures related to administrative efficiency.

(5) All allowances provided by section 53 of this act shall be retained by the contractor.

(6) In the event the contractor fails to make repayment in the time provided in subsection (2) of this section, the department shall either:

(a) Deduct the amount of refund due plus assessment of interest, as determined by the secretary, from payment amounts due the contractor; or

(b) In the instance the contract has been terminated, (i) deduct the amount of refund due plus an assessment of interest, determined by the secretary, from any payments due; or (ii) assess the amount due plus interest, as determined by the secretary, on the amount due.

(7) Where the facility is pursuing judicial or administrative remedies in good faith regarding settlement issues, the department shall not withhold from the facility current payment amounts the department claims to be due from the facility. If the judicial or administrative remedy sought by the facility is not granted after all appeals are exhausted or mutually terminated, the facility shall make payment of such amounts due plus interest, as payable on judgments, within sixty days of the date such decision is made.

PART D ALLOWABLE COSTS

NEW SECTION. Sec. 19. PRINCIPLES OF ALLOWABLE COSTS. (1) The substance of a transaction will prevail over its form.

(2) All documented costs which are ordinary, necessary, related to care of medical care recipients, and not expressly nonallowable, are to be allowable.

(3) Costs applicable to services, facilities, and supplies furnished to the provider by related organizations are allowable but at the cost to the related organization, provided they do not exceed the price of comparable services, facilities, or supplies that could be purchased elsewhere.

(4) The payment for property usage is to be independent of ownership structure and financing arrangements.

NEW SECTION. Sec. 20. OFFSET OF MISCELLANEOUS REVENUES.

(1) Allowable costs shall be reduced by the contractor whenever the item, service, or activity covered by such costs generates revenue or financial benefits other than through the contractor's normal billing for care services; except that, unrestricted grants, gifts, and endowments, and interest therefrom, will not be deducted from the allowable costs of a nonprofit facility.

(2) Where goods or services are sold, the amount of the reduction shall be the actual cost relating to the item, service, or activity. In the absence of adequate documentation of cost, it shall be the full amount of the revenue received. Where financial benefits such as purchase discounts or rebates are received, the amount of the reduction shall be the amount of the discount or rebate.

NEW SECTION. Sec. 21. COSTS OF MEETING STANDARDS. All necessary and ordinary expenses a contractor incurs in providing care services will be allowable costs. These expenses include:

(1) Meeting licensing and certification standards;

(2) Meeting standards of providing regular room, nursing, ancillary, and dietary services, as established by department rule and regulation pursuant to chapter 211, Laws of 1979 ex. sess.; and

(3) Fulfilling accounting and reporting requirements imposed by this chapter.

NEW SECTION. Sec. 22. LIMIT ON COSTS TO RELATED ORGANIZATIONS. (1) Costs applicable to services, facilities, and supplies furnished by a related organization to the contractor shall be allowable only to the extent they do not exceed the lower of the cost to the related organization or the price of comparable services, facilities, or supplies purchased elsewhere.

(2) Documentation of costs to the related organization shall be made available to the auditor at the time and place the records relating to the entity are audited. Payments to or for the benefit of the related organization will be disallowed where the cost to the related organization cannot be documented.

NEW SECTION. Sec. 23. INITIAL COST OF OPERATION. (1) The necessary and ordinary one-time expenses directly incident to the preparation of a newly constructed or purchased building by a contractor for operation as a licensed facility shall be allowable costs. These expenses shall be limited to start-up and organizational costs incurred prior to the admission of the first patient.

(2) Start-up costs shall include, but not be limited to, administrative and nursing salaries, utility costs, taxes, insurance, repairs and maintenance, and training; except, that they shall exclude expenditures for capital assets. These costs will be allowable in the administration and operations cost center if they are amortized over a period of not less than sixty months beginning with the month in which the first patient is admitted for care.

(3) Organizational costs are those necessary, ordinary, and directly incident to the creation of a corporation or other form of business of the contractor including, but not limited to, legal fees incurred in establishing the corporation or other organization and fees paid to states for incorporation; except, that they do not include costs relating to the issuance and sale of shares of capital stock or other securities. Such organizational costs will be allowable in the administration and operations cost center if they are amortized over a period of not less than sixty months beginning with the month in which the first patient is admitted for care.

NEW SECTION. Sec. 24. EDUCATION AND TRAINING. (1) Necessary and ordinary expenses of on-the-job training and in-service training required for employee orientation and certification training directly related to the performance of duties assigned will be allowable costs.

(2) Necessary and ordinary expenses of recreational and social activity training conducted by the contractor for volunteers will be allowable costs.

NEW SECTION. Sec. 25. OWNER OR RELATIVE—COMPENSATION. (1) Total compensation of an owner or relative of an owner shall be limited to ordinary compensation for necessary services actually performed.

(a) Compensation is ordinary if it is the amount usually paid for comparable services in a comparable facility to an unrelated employee, and does not exceed limits set out in this chapter.

(b) A service is necessary if it is related to patient care and would have had to be performed by another person if the owner or relative had not done it.

(2) The contractor, in maintaining customary time records adequate for audit, shall include such records for owners and relatives who receive compensation.

NEW SECTION. Sec. 26. COMPENSATION FOR ADMINISTRATIVE PERSONNEL. (1) Compensation for full-time administrative personnel, as defined in the contract between the contractor and such personnel, shall be an allowable cost, limited as follows:

(a) For calendar year 1981, the compensation of a licensed administrator of a facility having one hundred sixty or more beds shall not exceed thirty-two thousand dollars. The compensation of licensed administrators having beds not exceeding:

- (i) Seventy-nine; and
- (ii) One hundred fifty-nine;

shall be established by the department on a calendar year basis. The maximum compensation of these three categories of facilities may be adjusted in subsequent calendar years by the department through rule and regulation.

(b) The compensation of a licensed assistant administrator for a facility having eighty or more beds shall not exceed seventy-five percent of the compensation received by the licensed administrator of the facility.

(c) The compensation of a registered administrator-in-training shall not exceed sixty percent of the compensation received by the licensed administrator of the facility.

(2) If the licensed administrator, licensed assistant administrator, or registered administrator-in-training regularly work fewer than forty hours per week, the allowable compensation will be the product of the full-time compensation multiplied by the percentage derived from the division of the actual hours worked by forty hours.

(3) The contractor shall maintain customary time records for the licensed administrator, assistant administrator, and/or administrator-in-training.

NEW SECTION. Sec. 27. DISCLOSURE AND APPROVAL OF COST ALLOCATION. (1) The contractor shall disclose to the department:

(a) The nature and purpose of all costs which represent allocations of joint facility costs; and

(b) The methodology of the allocation utilized.

(2) Such disclosure shall be made not later than September 30, 1980, for the following year and not later than September 30th for each year thereafter; except that a new contractor shall submit the first year's disclosure together with the submissions required by section 67 of this act.

(3) The department shall approve such methodology not later than December 31, 1980, and not later than December 31st for each year thereafter. Such approval shall include, but not be limited to, the assurance that:

(a) The services involved are necessary and nonduplicative; and

(b) Costs are allocated in accordance with benefits received from the resources represented by those costs.

(4) An approved methodology may be revised or amended subject to approval as provided in subsection (3) of this section and rules and regulations adopted by the department.

NEW SECTION. Sec. 28. MANAGEMENT AGREEMENTS. (1) Management fees will be allowed only if:

(a) A written management agreement both creates a principal/agent relationship between the contractor and the manager, and sets forth the items, services, and activities to be provided by the manager; and

(b) Documentation demonstrates that the services contracted for were actually delivered.

(2) To be allowable, fees must be for necessary, nonduplicative services. Allowable fees for general management services, including the portion of a management fee which is not allocated to specific services such as accounting, are limited to

(a) the maximum allowable compensation under section 26 of this act of the licensed administrator and, if the facility has at least eighty beds, of an assistant administrator, less

(b) actual compensation received by the licensed administrator and by the assistant administrator and administrator-in-training, if any.

In computing maximum allowable compensation under section 26 of this act for a facility with at least eighty beds, include the maximum compensation of an assistant administrator even if an assistant administrator is not employed.

(3) A management fee paid to or for the benefit of a related organization will be allowable to the extent it does not exceed the lower of:

(a) The limits set out in subsection (2) of this section; or

(b) The lower of the actual cost to the related organization of providing necessary services related to patient care under the agreement, or the cost of comparable services purchased elsewhere. Where costs to the related organization represent joint facility costs, the measurement of such costs shall comply with section 27 of this act.

(4) A copy of the agreement must be received by the department at least sixty days before it is to become effective. A copy of any amendment to a management agreement must also be received by the department at least thirty days in advance of the date it is to become effective.

(5) Central office costs for general management services, including the portion of a management expense which is not allocated to specific services, such as accounting, shall be subject to the management fee limits determined in subsections (2) and (3) of this section.

NEW SECTION. Sec. 29. EXPENSE FOR CONSTRUCTION INTEREST.

(1) Interest expense and loan origination fees relating to construction of a facility incurred during the period of construction shall be capitalized and amortized over the life of the facility pursuant to section 36 of this act. The period of construction shall extend from the date of the construction loan to the date the facility is put into service for patient care.

(2) For the purposes of this chapter, the period provided for in subsection (1) of this section shall not exceed the project certificate of need time period pursuant to RCW 70.38.125.

NEW SECTION. Sec. 30. OPERATING LEASES OF EQUIPMENT.

Rental or lease costs under arm's-length operating leases of office equipment shall be allowable to the extent the cost is necessary and ordinary.

NEW SECTION. Sec. 31. CAPITALIZATION. The following costs shall be capitalized:

(1) Expenses for facilities or equipment with historical cost in excess of five hundred dollars per unit and a useful life of more than one year from the date of purchase; and

(2) Expenses for equipment with historical cost of five hundred dollars or less per unit if either:

(a) The item was acquired in a group purchase where the total cost exceeded five hundred dollars; or

(b) The item was part of the initial stock of the facility.

(3) Dollar limits in this section may be adjusted for economic trends and conditions by the department as established by rule and regulation.

NEW SECTION. Sec. 32. DEPRECIATION EXPENSE. Depreciation expense on depreciable assets which are required in the regular course of providing patient care will be an allowable cost. It shall be computed using the depreciation base, lives, and methods specified in this chapter.

NEW SECTION. Sec. 33. DEPRECIABLE ASSETS. Tangible assets of the following types in which a contractor has an interest through ownership or leasing are subject to depreciation:

(1) Building – the basic structure or shell and additions thereto;

(2) Building fixed equipment – attachments to buildings, including, but not limited to, wiring, electrical fixtures, plumbing, elevators, heating system, and air conditioning system. The general characteristics of this equipment are:

(a) Affixed to the building and not subject to transfer; and

(b) A fairly long life, but shorter than the life of the building to which affixed;

(3) Major movable equipment including, but not limited to, beds, wheelchairs, desks, and x-ray machines. The general characteristics of this equipment are:

(a) A relatively fixed location in the building;

(b) Capable of being moved as distinguished from building equipment;

(c) A unit cost sufficient to justify ledger control;

(d) Sufficient size and identity to make control feasible by means of identification tags; and

(e) A minimum life greater than one year;

(4) Minor equipment including, but not limited to, waste baskets, bed pans, syringes, catheters, silverware, mops, and buckets which are properly capitalized. No depreciation shall be taken on items which are not properly capitalized as directed in section 31 of this act. The general characteristics of minor equipment are:

- (a) In general, no fixed location and subject to use by various departments;
- (b) Small in size and unit cost;
- (c) Subject to inventory control;
- (d) Large number in use; and
- (e) Generally, a useful life of one to three years;

(5) Land improvements including, but not limited to, paving, tunnels, underpasses, on-site sewer and water lines, parking lots, shrubbery, fences, and walls where replacement is the responsibility of the contractor; and

(6) Leasehold improvements – betterments and additions made by the lessee to the leased property, which become the property of the lessor after the expiration of the lease.

NEW SECTION. Sec. 34. LAND—DEPRECIATION—COST—IMPROVEMENTS. Land is not depreciable. The cost of land includes but is not limited to, off-site sewer and water lines, public utility charges necessary to service the land, governmental assessments for street paving and sewers, the cost of permanent roadways and grading of a nondepreciable nature, and the cost of curbs and sidewalks, replacement of which is not the responsibility of the contractor.

NEW SECTION. Sec. 35. METHODS OF DEPRECIATION. (1) Buildings, land improvements, and fixed equipment shall be depreciated using the straight-line method of depreciation. Major-minor equipment shall be depreciated using either the straight-line method, the sum-of-the-years' digits method, or declining balance method not to exceed one hundred fifty percent of the straight line rate. Contractors who have elected to take either the sum-of-the-years' digits method or the declining balance method of depreciation on major-minor equipment may change to the straight-line method without permission of the department.

(2) The annual provision for depreciation shall be reduced by the portion allowable to use of the asset for purposes which are neither necessary nor related to patient care.

(3) No further depreciation shall be claimed after an asset has been fully depreciated unless a new depreciation base is established pursuant to section 36 of this act.

NEW SECTION. Sec. 36. DEPRECIATION BASE. (1) The depreciation base shall be the historical cost of the contractor or lessor, when the assets are leased by the contractor, in acquiring the asset in an arm's length transaction and preparing it for use, less goodwill, and less accumulated depreciation which has been incurred during periods that the assets have been used in or as a facility by the contractor, such accumulated depreciation to be measured in accordance with subsections (2), (3), and (4) of this section and sections 35 and 37 of this act. If the department challenges the historical cost of an asset, or if the contractor cannot or will not provide the historical costs, the department will have the department of general administration, through an appraisal procedure, determine the fair market value of the assets at the time of purchase. The depreciation base of the assets will not exceed such fair market value.

(2) The historical cost of donated assets, or of assets received through testate or intestate distribution, shall be the lesser of:

- (a) Fair market value at the date of donation or death; or

(b) The historical cost base of the owner last contracting with the department, if any.

(3) Estimated salvage value of acquired, donated, or inherited assets shall be deducted from historical cost where the straight-line or sum-of-the-years' digits method of depreciation is used.

(4) (a) Where depreciable assets are acquired that were used in the medical care program subsequent to January 1, 1980, the depreciation base of the assets will not exceed the net book value which did exist or would have existed had the assets continued in use under the previous contract with the department; except that depreciation shall not be assumed to accumulate during periods when the assets were not in use in or as a facility.

(b) Subparagraph (4)(a) of this section shall not apply to the most recent arm's-length acquisition if it occurs at least ten years after the ownership of the assets has been previously transferred in an arm's-length transaction nor to the first arm's-length acquisition that occurs after January 1, 1980, for facilities participating in the medical care program prior to January 1, 1980. The new depreciation base for such acquisitions shall not exceed the fair market value of the assets as determined by the department of general administration through an appraisal procedure. A determination by the department of general administration of fair market value shall be final unless the procedure used to make such determination is shown to be arbitrary and capricious.

(c) Where depreciable assets are acquired from a related organization, the contractor's depreciation base shall not exceed the base the related organization had or would have had under a contract with the department.

(d) Where the depreciable asset is a donation or distribution between related organizations, the base shall be the lesser of (i) fair market value, less salvage value, or (ii) the depreciation base the related organization had or would have had for the asset under a contract with the department.

NEW SECTION. Sec. 37. LIVES. (1) Except for new buildings, the contractor shall use lives which reflect the estimated actual useful life of the asset and which shall be no shorter than guideline lives as established by the department. The shortest life which may be used for new buildings is thirty years. Lives shall be measured from the date on which the assets were first used in the medical care program or from the date of the most recent arm's-length acquisition of the asset, whichever is more recent. In cases where section 36(4)(a) of this act does apply, the shortest life that may be used for buildings is the remaining useful life under the prior contract. In all cases, lives shall be extended to reflect periods, if any, when assets were not used in or as a facility.

(2) Building improvements shall be depreciated over the remaining useful life of the building, as modified by the improvement.

(3) Improvements to leased property which are the responsibility of the contractor under the terms of the lease shall be depreciated over the useful life of the improvement.

(4) A contractor may change the estimate of an asset's useful life to a longer life for purposes of depreciation.

NEW SECTION. Sec. 38. RETIREMENT OF DEPRECIABLE ASSETS.

(1) Where depreciable assets are disposed of through sale, trade-in, scrapping, exchange, theft, wrecking, or fire or other casualty, depreciation shall no longer be taken on the assets. No further depreciation shall be taken on permanently abandoned assets.

(2) Where an asset has been retired from active use but is being held for stand-by or emergency service, and the department has determined that it is needed and can be effectively used in the future, depreciation may be taken.

NEW SECTION. Sec. 39. HANDLING OF GAINS AND LOSSES UPON RETIREMENT OF DEPRECIABLE ASSETS. If the retired asset is replaced, the gain or loss shall be applied against or added to the cost of the replacement asset,

provided that a loss will only be so applied if the contractor has made a reasonable effort to recover at least the outstanding book value of the asset.

NEW SECTION. Sec. 40. TEMPORARY CONTRACT LABOR. Costs for the purchased services of temporary contract labor shall be allowable only to the extent they do not exceed the average of the usual and customary rate for the wages and benefits of the facility's comparable permanent staff, as reimbursed pursuant to sections 48 and 50 of this act.

NEW SECTION. Sec. 41. UNALLOWABLE COSTS. (1) Costs will be unallowable if they are not documented, necessary, ordinary, and related to the provision of care services to authorized patients.

(2) Unallowable costs include, but are not limited to, the following:

(a) Costs of items or services not covered by the medical care program. Costs of such items or services will be unallowable even if they are indirectly reimbursed by the department as the result of an authorized reduction in patient contribution;

(b) Costs of services and items provided to recipients which are covered by the department's medical care program but not included in care services established by the department under this act;

(c) Costs associated with a capital expenditure subject to section 1122 approval (part 100, Title 42 C.F.R.) if the department found it was not consistent with applicable standards, criteria, or plans. If the department was not given timely notice of a proposed capital expenditure, all associated costs will be unallowable up to the date they are determined to be reimbursable under applicable federal regulations;

(d) Costs associated with a construction or acquisition project requiring certificate of need approval pursuant to chapter 70.38 RCW if such approval was not obtained;

(e) Interest costs other than those provided by section 29 of this act;

(f) Salaries or other compensation of officers, directors, stockholders, and others associated with the contractor or home office, except compensation paid for service related to patient care;

(g) Costs in excess of limits or violating principles set forth in this chapter;

(h) Costs resulting from transactions or the application of accounting methods which circumvent the principles of the cost-related reimbursement system set forth in this chapter;

PART E

RATE SETTING

NEW SECTION. Sec. 42. PRINCIPLES OF RATE-SETTING. The following principles are inherent in sections 43 through 59 of this act:

- (1) Reimbursement rates will be set prospectively on a per patient day basis;
- (2) Rates will be established not lower than the level which is reasonably expected to be adequate to reimburse in full the actual, allowable costs of a facility which is economically and efficiently operated and to provide care which meets the needs of a medical care recipient in compliance with applicable standards; and
- (3) The rates so established will take into account economic conditions and trends during the period to be covered by such rates.

NEW SECTION. Sec. 43. PROSPECTIVE REIMBURSEMENT RATES. (1) The department, as provided by this chapter, will determine prospective cost-related reimbursement rates for services provided to medical care recipients. Each rate so determined shall represent the contractor's maximum compensation within each cost center for each patient day for such medical care recipient.

(2) As required, the department may modify such maximum per patient day rates pursuant to the administrative review provisions of section 78 of this act.

(3) The maximum prospective reimbursement rates for the administration and operations and the property cost centers and the return on investment allowance shall be established based upon a minimum facility occupancy level of eighty-five percent.

NEW SECTION. Sec. 44. LIMITATION OF SERVICES SUBJECT TO COST REIMBURSEMENT. Only those services which are authorized for a facility pursuant to the medical care program shall be reimbursed under this chapter.

NEW SECTION. Sec. 45. REIMBURSEMENT RATE FOR NEW CONTRACTOR. (1) Prospective reimbursement rates for a new contractor will be established within sixty days following receipt by the department of the properly completed projected budget required by section 67 of this act. Such reimbursement rates will become effective as of the effective date of the contract.

(2) Such reimbursement rates will be based on the contractor's projected cost of operations through December 31st of the year the contract becomes effective, and on costs and payment rates of the prior contractor, if any, and/or of other contractors in comparable circumstances.

(3) If a properly completed budget is not received at least sixty days prior to the effective date of the contract, the department will establish preliminary rates based on the other factors specified in subsection (2) of this section. These preliminary rates will remain in effect until a determination is made pursuant to section 46 of this act.

NEW SECTION. Sec. 46. RATE DETERMINATION—WHEN DETERMINED OR ADJUSTED. (1) Each contractor's reimbursement rates will be determined prospectively at least once each calendar year, to be effective July 1st.

(2) Rates may be adjusted as determined by the department to take into account variations of more than ten percent in the distribution of patient classifications from the prior reporting year, program changes, economic trends and conditions, and/or administrative review provided by section 78 of this act and shall be adjusted for any capitalized additions or replacements made as a condition for licensure or certification.

(3) Where the contractor participated in the provisions of prospective cost-related reimbursement in effect prior to the effective date of this act, such contractor's prospective rate effective July 1, 1981, will be determined utilizing his reported allowable costs for calendar year 1980.

(4) All prospective reimbursement rates for 1982 and thereafter shall be determined utilizing the prior year's audited cost reports.

NEW SECTION. Sec. 47. COST CENTERS. A contractor's reimbursement rates for medical care recipients will be determined utilizing audited cost report data within the following cost centers:

- (1) Nursing services;
- (2) Food;
- (3) Administration and operations; and
- (4) Property.

NEW SECTION. Sec. 48. NURSING SERVICES COST CENTER REIMBURSEMENT RATE. (1) The nursing services cost center shall include all costs related to the direct provision of nursing care and ancillary care including fringe benefits and payroll taxes for the nursing care and ancillary service personnel, and direct care supplies.

(2) For rate-setting purposes, the department shall determine standard hours for each classification established by the department pursuant to section 86 of this act. Such standard hours shall be the sum of the hours for nursing assistants, licensed practical nurses, and registered nurses.

(3) The standard base rate per classification shall be the sum of the products of at least ninety percent of the prevailing wages for the categories of nursing assistant, licensed practical nurse, and registered nurse, expressed as an hourly rate, based upon the state-wide salary survey conducted pursuant to RCW 41.06.160, multiplied by the respective components of the standard hours as determined in subsection (2) of this section.

(4) The nursing services cost center rate, excluding the special care rate provided by subsection (5) of this section, for each facility, shall be:

(a) The sum of the standard base rate per classification determined in subsection (3) of this section multiplied by the total patient days for the facility within each classification for the prior year, divided by the total patient days for the prior year for the facility, less special care patient days,

(b) Plus a factor to be determined annually by the department for the facility for fringe benefits, payroll taxes, ancillary care and direct care supplies; except that,

the factor shall reflect the level of employee benefits, provided or agreed to, payroll taxes assessed, and/or ancillary services provided within each facility.

(5) Where the standard hours for rate setting purposes in subsection (2) of this section do not reflect the exceptional custodial or nursing care required for a patient, the department, upon verification of such exceptional custodial or nursing care, will negotiate a special rate for exceptional care for such patient. Such special rate will:

(a) Include the factors described in subparagraph (2)(b) of this section; and

(b) Be reimbursed to the facility independently of the nursing services cost center rate provided by subsection (4) of this section.

NEW SECTION. Sec. 49. FOOD COST REIMBURSEMENT RATE. (1) The food cost center shall include all costs for bulk and raw food and beverages purchased for the dietary needs of medical care recipients.

(2) The food cost reimbursement rate for each facility shall be computed as follows:

$FR = (TFC/TPD) 1.15$, where

FR = the facility food cost center reimbursement rate;

TFC = the total of all reporting facilities' food cost center costs; and

TPD = the total patient days for the prior year of all reporting facilities.

(3) Unless extended by law for an additional period of time, on and after July 1, 1984, the food cost reimbursement rate for each facility shall be computed as follows:

$FR = (TFC/TPD)$, where

FR = the facility food cost center reimbursement rate;

TFC = the total of all reporting facilities' food cost center costs; and

TPD = the total patient days for the prior year of all reporting facilities.

NEW SECTION. Sec. 50. ADMINISTRATION AND OPERATIONS COST CENTER REIMBURSEMENT RATE. (1) The administration and operations cost center shall include all items not included in the cost centers of nursing services, food, and property.

(2) The administration and operations cost center reimbursement rate for each facility shall be based on the computation in this subsection and shall not exceed the eighty-fifth percentile of (a) the rates of all reporting facilities derived from the computation below, or (b) reporting facilities grouped in accordance with subsection (3) of this section:

$AR = TAC/TPD$, where

AR = the administration and operations cost center reimbursement rate for a facility;

TAC = the total costs of the administration and operations cost center plus the retained savings from such cost center as provided in section 18 of this act of a facility; and

TPD = the total patient days for a facility for the prior year.

(3) The secretary may group facilities based on factors which could reasonably influence cost requirements of this cost center, other than ownership or legal organization characteristics.

NEW SECTION. Sec. 51. PROPERTY COST CENTER. The property cost center rate for each facility shall be determined by dividing the sum of the reported allowable prior period actual depreciation costs, subject to sections 31 through 38 of this act, adjusted for any capitalized additions or replacements approved by the department, and the retained savings from such cost center, as provided in section 18 of this act, by the total patient days for the facility in the prior period. If a capitalized addition or retirement of an asset will result in a different licensed bed capacity during the ensuing period, the prior period total patient days used in computing the property cost center rate shall be adjusted to anticipated patient day level.

When a certificate of need for a new facility is requested, the department, in reaching its decision, shall take into consideration per-bed land and building construction costs for the facility which shall not exceed a maximum to be established by the secretary.

NEW SECTION. Sec. 52. ADJUSTMENT OF COST CENTER RATES. The rates determined in sections 48 through 51 of this act shall be adjusted by the department utilizing appropriate indices or other measures of economic trends and conditions projected for the ensuing year.

NEW SECTION. Sec. 53. RETURN ON INVESTMENT ALLOWANCE. (1) The department shall first establish a total state-wide return on investment pool for use in determining individual facility return on investment allowances.

(a) In establishing the total state-wide return on investment pool the department shall determine the sum of net invested funds as of the end of the most recent reporting period of all facilities participating in the medical care program.

(b) In computing the portion of net invested funds representing the net book value of tangible fixed assets, the same assets, depreciation bases, lives, and methods referred to in sections 33, 35, 36, and 37 of this act, including owned and leased assets, shall be utilized, except that the capitalized cost of land upon which the facility is located and such other contiguous land which is reasonable and necessary for use in the regular course of providing patient care shall also be included. In the case of leased facilities where the net invested funds are unknown or the contractor is unable to provide necessary information to determine net invested funds, the secretary shall have the authority to determine an amount for net invested funds based on an appraisal conducted according to section 36(1) of this act.

(c) The sum of net invested funds shall then be multiplied by 1.4 times the average of the rates of interest on special issues of public debt obligations issued to the federal hospital insurance trust fund for the last completed calendar quarter prior to rate-setting to establish the total state-wide return on investment pool.

(2) The department shall establish for individual facilities return on investment allowances composed of two parts: A financing allowance and a variable return allowance.

(a) The financing allowance shall be determined by multiplying the net invested funds of each facility by 1.07 times the average of the rates of interest on special issues of public debt obligations issued to the federal hospital insurance trust fund for the last completed quarter prior to rate-setting, and dividing by the contractor's total patient days. If a capitalized addition or retirement of an asset will result in a different licensed bed capacity during the ensuing period, the prior period total patient days used in computing the financing and variable return allowances shall be adjusted to the anticipated patient day level.

(b) In determining the variable return allowance:

(i) The department will first rank all facilities in numerical order from highest to lowest according to their average per diem allowable costs for the sum of the administration and operations and property cost centers for the previous reimbursement period.

(ii) The department shall then compute the variable return allowance by multiplying the appropriate percentage amounts, which shall not be less than one percent and not greater than five percent, by the total prospective rate for each facility, as determined in sections 45 through 51 of this act. The percentage amounts will be based on groupings of facilities according to the rankings as established in subparagraph (2)(b)(i) of this section. Those groups of facilities with lower per diem costs shall receive higher percentage amounts than those with higher per diem costs.

(iii) Such percentage amounts shall be calculated so that the variable return allowance plus the financing allowance times the total patient days for each facility, when summed for all facilities, shall be as close in amount to the total state-wide

return on investment pool as is practical; except that, such percentage amounts for equivalent groups of facilities as determined in subparagraph (2)(b)(ii) of this section shall be no less than the percentage amounts as calculated pursuant to this subsection on July 1, 1981.

(c) The sum of the financing allowance and the variable return allowance shall be the return on investment for each facility, and shall be added to the prospective rates of each contractor as determined in sections 45 through 51 of this act.

(d) In the case of a facility which was leased by the contractor as of January 1, 1980, in an arm's-length agreement, which continues to be leased under the same lease agreement, and for which the annualized lease payment, plus any interest and depreciation expenses associated with contractor-owned assets, for the period covered by the prospective rates, divided by the contractor's total patient days, minus the property cost center determined according to section 51 of this act, is more than the return on investment allowance determined according to section 53(2)(c) of this act, the following shall apply:

(i) The financing allowance shall be recomputed substituting the fair market value of the assets as of January 1, 1980, as determined by the department of general administration through an appraisal procedure, for the net book value of the assets in determining net invested funds for the facility. A determination by the department of general administration of fair market value shall be final unless the procedure used to make such determination is shown to be arbitrary and capricious.

(ii) The sum of the financing allowance computed under subparagraph (2)(d)(i) of this section and the variable allowance shall be compared to the annualized lease payment, plus any interest and depreciation expenses associated with contractor-owned assets, for the period covered by the prospective rates, divided by the contractor's total patient days, minus the property cost center rate determined according to section 51 of this act. The lesser of the two amounts shall be called the alternate return on investment allowance.

(iii) The return on investment allowance determined according to section 53(2)(c) of this act or the alternate return on investment allowance, whichever is greater, shall be the return on investment allowance for the facility and shall be added to the prospective rates of the contractor as determined in sections 45 through 51 of this act.

(3) In the event that the department of health, education and welfare disallows the application of the return on investment allowances to nonprofit facilities, the department shall modify the measurements of net invested funds used for computing both total state-wide return on investment pool and individual facility return on investment allowances as follows: Net invested funds for each nonprofit facility shall be multiplied by one minus the ratio of equity funds to the net invested funds of all nonprofit facilities.

(4) Each biennium, beginning in 1983, the secretary shall review the adequacy of return on investment allowances in relation to anticipated requirements for maintaining, reducing, or expanding nursing care capacity. The secretary shall report the results of such review to the legislature and make recommendations for adjustments in the return on investment rates utilized in this section, if appropriate.

NEW SECTION. Sec. 54. If the legislature changes the methodology of property reimbursement established in this 1980 act, no affected contractor shall be entitled thereafter to receive such benefits as a matter of contractual right.

NEW SECTION. Sec. 55. UPPER LIMITS TO REIMBURSEMENT RATES. (1) The reimbursement rates shall not exceed the contractor's customary charges to the general public for comparable services.

(2) Rates shall not exceed the limits set forth in 42 CFR 450.30(b)(6).

NEW SECTION. Sec. 56. NOTIFICATION OF RATES. The department will notify each contractor in writing of its prospective reimbursement rates at least

thirty days in advance of the effective date. Unless otherwise specified at the time it is issued, the rate will be effective from the first day of the month in which it is issued until a new rate becomes effective. If a rate is changed as the result of an appeal in accordance with section 78 of this act, it will be effective as of the date the appealed rate became effective.

NEW SECTION. Sec. 57. **ADJUSTMENTS REQUIRED DUE TO ERRORS OR OMISSIONS.** (1) Prospective rates are subject to adjustment by the department as a result of errors or omissions by the department or by the contractor. The department will notify the contractor in writing of each adjustment and of its effective date, and of any amount due to the department or to the contractor as a result of the rate adjustment.

(2) The contractor shall pay an amount it owes the department resulting from an error or omission, or commence repayment in accordance with a schedule determined by the department, within sixty days after receipt of notification of the rate adjustment, unless the contractor contests the department's determination in accordance with the procedures set forth in section 78 of this act. If the determination is contested, the contractor shall pay or commence repayment within sixty days after completion of these proceedings. If a refund is not paid when due, the amount thereof may be deducted from current payments by the department.

(3) The department shall pay any amount it owes the contractor as a result of a rate adjustment within thirty days after it notifies the contractor of the rate adjustment.

(4) No adjustments will be made to a rate after final settlement, except as provided in section 17(2) of this act.

NEW SECTION. Sec. 58. **PUBLIC REVIEW OF RATE-SETTING.** The department shall provide all interested members of the public with an opportunity to review and comment on the proposed rate-setting factors, indices, measures, and guidelines not later than May 15th of each year prior to their being used to set rates.

NEW SECTION. Sec. 59. **PUBLIC DISCLOSURE OF RATE-SETTING METHODOLOGY.** In accordance with the provisions of section 82 of this act, the department will make available to the public full information regarding its factors, indices, measures, and guidelines.

PART F BILLING/PAYMENT

NEW SECTION. Sec. 60. **BILLING PERIOD.** A contractor shall bill the department for care provided to medical care recipients from the first through the last day of each calendar month.

NEW SECTION. Sec. 61. **BILLING PROCEDURE.** (1) A contractor shall bill the department each month by completing and returning a facility billing statement as provided by the department which shall include, but not be limited to:

- (a) Billing by cost center;
- (b) Total patient days; and
- (c) Patient days for medical care recipients.

The statement shall be completed and filed in accordance with rules and regulations established by the secretary.

(2) A contractor shall not bill the department for service provided to a recipient until an award letter of eligibility of such recipient pursuant to rules and regulations established according to the provisions of chapter 74.09 RCW has been received by the contractor except that, a contractor may bill and shall be reimbursed for all medical care recipients referred to the contractor's facility by the department prior to the receipt of the award letter of eligibility or the denial of such eligibility. At that time it may bill for service provided back through the date the recipient was admitted or became eligible.

(3) Billing shall cover the patient days of care.

NEW SECTION. Sec. 62. PAYMENT. (1) The department will reimburse a contractor for service rendered under the facility contract and billed in accordance with section 61 of this act.

(2) The amount paid will be computed using the appropriate rates assigned to the contractor.

(3) For each recipient, the department will pay an amount equal to the appropriate rates, multiplied by the number of patient days each rate was in effect, less the amount the recipient is required to pay for his or her care as set forth by section 63 of this act.

NEW SECTION. Sec. 63. CHARGES TO PATIENTS. (1) The department will notify a contractor of the amount each medical care recipient is required to pay for care provided under the contract and the effective date of such required contribution. It is the contractor's responsibility to collect that portion of the cost of care from the patient, and to account for any authorized reduction from his or her contribution in accordance with rules and regulations established by the secretary.

(2) If a contractor receives documentation showing a change in the income or resources of a recipient which will mean a change in his or her contribution toward the cost of care, this shall be reported in writing to the department within seventy-two hours and in a manner specified by rules and regulations established by the secretary. If necessary, appropriate corrections will be made in the next facility statement, and a copy of documentation supporting the change will be attached. If increased funds for a recipient are received by a contractor, an amount determined by the department shall be allowed for clothing and personal and incidental expense, and the balance applied to the cost of care.

(3) The contractor shall accept the reimbursement rates established by the department as full compensation for all services provided under the contract, certification as specified by Title XIX, and licensure under chapter 18.51 RCW. The contractor shall not seek or accept additional compensation from or on behalf of a recipient for any or all such services.

NEW SECTION. Sec. 64. SUSPENSION OF PAYMENT. (1) Payments to a contractor may be withheld by the department in each of the following circumstances:

(a) A required report is not properly completed and filed by the contractor within the appropriate time period, including any approved extension. Payments will be released as soon as a properly completed report is received;

(b) State auditors or authorized personnel in the course of their duties are refused access to a nursing home or are not provided with existing appropriate records. Payments will be released as soon as such access or records are provided;

(c) A refund in connection with an annual settlement or rate adjustment is not paid by the contractor when due. The amount withheld will be limited to the unpaid amount of the refund; and

(d) Payment for the final thirty days of service under a contract will be held pending final settlement when the contract is terminated.

(2) No payment will be withheld until written notification of the suspension is provided to the contractor, stating the reason therefor.

NEW SECTION. Sec. 65. TERMINATION OF PAYMENTS. All payments to a contractor will end no later than sixty days after any of the following occurs:

(1) A contract expires, is terminated or is not renewed;

(2) A facility license is revoked; or

(3) A facility is decertified as a Title XIX facility; except that, in situations where the secretary determines that residents must remain in such facility for a longer period because of the resident's health or safety, payments for such residents shall continue.

PART G
ADMINISTRATION

NEW SECTION. Sec. 66. **CONDITIONS OF PARTICIPATION.** In order to participate in the prospective cost-related reimbursement system established by this chapter, the person or legal organization responsible for operation of a facility shall:

- (1) Obtain a state certificate of need and/or federal capital expenditure review (section 1122) approval pursuant to chapter 70.38 RCW and Part 100, Title 42 CFR where required;
- (2) Hold the appropriate current license;
- (3) Hold current Title XIX certification;
- (4) Hold a current contract to provide services under this chapter; and
- (5) Comply with all provisions of the contract and all application regulations, including but not limited to the provisions of this chapter.

NEW SECTION. Sec. 67. **PROJECTED BUDGET FOR NEW CONTRACTORS.** (1) Each new contractor shall submit a projected budget to the department at least sixty days before its contract will become effective.

(2) The projected budget shall cover the period to December 31st from the date the contractor will enter the program. It shall be prepared on forms and in accordance with rules and regulations established by the secretary.

NEW SECTION. Sec. 68. **CHANGE OF OWNERSHIP.** (1) On the effective date of a change of ownership the department's contract with the old owner shall be terminated. The old owner shall give the department thirty days' written notice of such termination. When certificate of need and/or section 1122 approval is required pursuant to chapter 70.38 RCW and Part 100, Title 42 CFR, for the new owner to acquire the facility, and the new owner wishes to continue to provide service to recipients without interruption, certificate of need and/or section 1122 approval shall be obtained before the old owner submits a notice of termination.

(2) If the new owner desires to participate in the cost-related reimbursement system, it shall meet the conditions specified in section 66 of this act and shall submit a projected budget in accordance with section 67 of this act no later than sixty days before the date of the change of ownership. The facility contract with the new owner shall be effective as of the date of the change of ownership.

NEW SECTION. Sec. 69. **TERMINATION OF CONTRACT.** (1) When a facility contract is terminated for any reason, the old contractor shall submit final reports as required by section 4 of this act. Payment for care provided during the final thirty days of service under a contract will be held until the contractor has filed a properly completed final audited cost report, and final settlement has been determined, such settlement not to exceed sixty days following submittal of the final audited cost report.

(2) Following final settlement, a payment withheld pursuant to subsection (1) of this section will be sent to the contractor after any overpayment determined in connection with final settlement has been deducted. If the contractor contests the settlement determination in accordance with section 17 of this act, the department will hold the amount in dispute pending completion of the appeal process, but will release the balance of such payment to the contractor.

(3) The department will release a payment which would be withheld pursuant to subsection (1) of this section, provided a bond issued by a bonding company acceptable to the department is filed by the contractor. The bond shall:

- (a) Be in an amount equal to the released payment;
- (b) Be for a term sufficient to ensure effectiveness after final settlement and the exhaustion of administrative and judicial remedies;
- (c) Provide that the full amount of the bond shall be paid to the department if a properly completed final audited cost report is not filed in accordance with this

chapter, or if financial records supporting this record are not preserved and made available to the auditor; and

(d) Provide that an amount equal to any recovery the department determines is due from the contractor at settlement, but not exceeding the amount of the bond, shall be paid to the department in the event the contractor does not pay the refund within sixty days following receipt of written demand or the conclusion of administrative or judicial proceedings to contest settlement issues.

(4) If a contract is terminated solely in order for the same owner to contract with the department to deliver services to another classification of medical care recipients at the same facility, the contractor is not required to submit final cost reports, and payment for the final thirty days will not be withheld.

PART H

PATIENT TRUST FUNDS

NEW SECTION. Sec. 70. TRUST FUND ESTABLISHMENT. (1) Each contractor shall establish and maintain, as a service to the medical care recipient, a bookkeeping system incorporated into the business records for all recipient moneys entrusted to the contractor and received by the facility for the recipient.

(2) Such system will apply to a recipient who is:

(a) Incapable of handling his or her own money and the department or the recipient's guardian, relative, or physician makes written request of the facility to accept this responsibility; or

(b) Capable of handling his or her own money, but requests the facility in writing to accept this responsibility.

(3) The written requests provided in subsection (2) of this section shall be maintained by the contractor in the recipient's file.

(4) The recipient must be given at least a quarterly reporting of all financial transactions in his or her trust account. The representative payee, the guardian, and/or other designated agents of the recipient must be sent a copy of said reporting on the same basis as the recipient.

NEW SECTION. Sec. 71. TRUST FUND ACCOUNTS. (1) The contractor shall maintain a subsidiary ledger with an account for each recipient for whom the contractor has money in trust.

(2) Each account and related supporting records shall:

(a) Be kept current;

(b) Be balanced each month; and

(c) Show in detail, with supporting verification, all moneys received on behalf of the recipient and the disposition of all moneys so received.

(3) Records of each account shall be available for audit pursuant to section 14 of this act and shall be retained for a minimum of four years. When an account has attained the maximum limit established by rules and regulations promulgated by the secretary, the contractor will notify the department within five days.

(4) Any charge for medical services otherwise properly made to a recipient's trust account must be supported by a written denial of such services from the department.

NEW SECTION. Sec. 72. PETTY CASH FUND. (1) The contractor may maintain a petty cash fund originating from trust moneys of an amount determined by the department which shall be reasonable and necessary for the size of a facility and the needs of the recipients.

(2) Such petty cash fund shall be maintained as an imprest fund. All moneys over and above the trust fund petty cash amount shall be deposited intact, within twenty-four hours, in a trust fund checking account, separate and apart from any other bank account or accounts of the facility or other facilities.

(3) Cash deposits of recipient allowances from any source must be made intact to the trust account within one week from the time that payment of such allowances are received.

(4) Any related bankbooks, bank statements, checkbook, check register, and all voided and canceled checks, shall be made available for audit pursuant to section 14 of this act and shall be retained by the facility for not less than four years.

(5) No service charges for such checking account shall be paid from recipient trust moneys.

(6) The trust account per bank shall be reconciled monthly to the trust account per patient ledgers.

NEW SECTION. Sec. 73. TRUST MONEYS CONTROL/DISBURSEMENT. (1) Trust moneys shall be held in trust and are not to be turned over to anyone other than the recipient or the recipient's guardian without the written consent of the recipient, his designated agent as appointed by power of attorney, or an appropriate employee of the department designated by the secretary. Such trust moneys shall not be subject to attachment, execution, or other creditor remedies.

(2) When moneys are received, a receipt shall be filled out in duplicate; one copy shall be given to the person making payment of deposit, and the second copy shall be retained by the facility.

(3) Checks received by recipients shall be endorsed by the recipient. If the recipient is incapable of signing his or her name, the contractor shall secure the recipient's mark "X" followed by the printed name of the recipient and the signature of two witnesses.

(4) The recipient's trust account ledger sheet must be credited with any allowance received; referenced with the receipt number and supported by a copy of the deposit slip.

NEW SECTION. Sec. 74. TRUST MONEYS AVAILABILITY. Moneys held in trust for any recipient shall be available for his or her personal and incidental needs when requested by the recipient or one of the persons designated in section 73(1) of this act.

NEW SECTION. Sec. 75. PROCEDURE FOR REFUNDING TRUST MONEY. When a recipient is discharged and/or transferred, the balance of the recipient's trust account shall be returned either directly to the person within five days, or by mail. In either instance a receipt shall be obtained.

NEW SECTION. Sec. 76. LIQUIDATION OF TRUST FUND. (1) When a recipient has died, the contractor shall obtain a receipt from the next of kin, guardian, or duly qualified agent when releasing the balance of money held in trust. If there is no identified next of kin, guardian, or duly qualified agent, the department shall be contacted in writing within seven days for assistance in the release of the money held in trust.

(2) A check or other document showing payment to such next of kin, guardian, or duly qualified agent will serve as a receipt.

(3) Where the recipient leaves the facility without authorization and his or her whereabouts are not known:

(a) The facility will make a reasonable attempt to locate the missing recipient using the agencies of state or local government;

(b) If the recipient cannot be located after ninety days, the facility shall notify the department of revenue of the existence of abandoned property, pursuant to chapter 63.28 RCW. The facility will be required to deliver to the department of revenue the balance of the recipient's trust fund account within twenty days following such notification.

NEW SECTION. Sec. 77. DISPUTES. If a contractor wishes to contest the way in which a rule or contract provision relating to the prospective cost-related reimbursement system was applied to the contractor by the department, it shall first pursue the administrative review process set forth in section 78 of this act.

(2) The administrative review process in section 78 of this act need not be exhausted if a contractor wishes to challenge the legal validity of a statute, rule, or contract provision.

It amends RCW 41.04 and makes an appropriation. Under rule 57 of the Senate, no amendment to any bill shall be allowed which shall change the scope and the object, and because of the amendment I raise the point of the scope and object on the bill.

Debate ensued.

At 5:20 p.m., the President declared the Senate to be at ease.

At 5:22 p.m., the President called the Senate to order.

RULING BY THE PRESIDENT

President Cherberg: "In ruling upon the Point of Order raised by Senator Guess, the President finds that Substitute Senate Bill No. 3537 is a measure which deals with a sick leave incentive program for community college employees.

"The amendment proposed by the House of Representatives also deals with the sick leave incentive program for community college employees as well as establishes a similar program for common school employees.

"The President therefore finds that the proposed amendment does not expand the scope and object of the bill and that the Point of Order is not well taken."

The motion by Senator McDermott carried.

The Senate concurred in the House amendments to Substitute Senate Bill No. 3537.

MOTION

Senator von Reichbauer moved adoption of the following resolution:

SENATE RESOLUTION 1980-237

By Senators von Reichbauer, Hurley, Walgren, Odegaard, Bottiger, Talley, Clarke, Bausch, Benitz, Bluechel, Bradburn, Conner, Day, Donohue, Fleming, Gallagher, Gaspard, Goltz, Gould, Guess, Haley, Hansen, Hayner, Henry, Jones, Lee, Lewis, Lysen, Marsh, Matson, McDermott, Moore, Morrison, Peterson, Pullen, Quigg, Rasmussen, Ridder, Scott, Sellar, Shinpoch, Talmadge, Van Hollebeke, Vognild, Wanamaker, Williams, Wilson, Wojahn, and Woody; Lieutenant Governor John A. Cherberg; Sid Snyder, Secretary of the Senate; Bill Gleason, Assistant Secretary of the Senate; and Charlie Johnson, Sergeant at Arms.

WHEREAS, Armand "Armie" Marion was a native of Seattle and the descendant of Washington State pioneers; and

WHEREAS, He was not only a talented musician and scratch golfer, but in his youth was a nationally ranked tennis player; and

WHEREAS, For more than twenty-five years he attended upon the Washington State legislature as a respected, knowledgeable lobbyist and was a charter member of the Washington State THIRD HOUSE; and

WHEREAS, His long service to the hotel industry included seven years as assistant manager of the Olympic in Seattle, thirteen as manager of the Winthrop in Tacoma, and a term as president of the Washington State Hotel Association; and

WHEREAS, During World War II he gained national acclaim by assisting McChord Air Force Base personnel in returning to hotels to which they belonged, over 1,000 towels left by men who were shipped overseas; and

WHEREAS, Over the years he helped to obtain approximately one million dollars in funds for the Fred Hutchinson Cancer Research Center to equip new laboratories at the Research Center; and

WHEREAS, As a talented musician he spent many hours at the piano leading his friends and colleagues in song;

NOW, THEREFORE, BE IT RESOLVED, That the Senate of the State of Washington expresses its appreciation for the many years of service which Armand Marion devoted to the success of the legislative process; and

BE IT FURTHER RESOLVED, That members of the Senate of the State of Washington offer their deepest sympathy and condolences to his wife, Jean McCroskey Marion, and other members of his family by dedicating a moment of silence to the memory of their friend, Armand Marion; and

BE IT FURTHER RESOLVED, That the Secretary of the Senate send copies of this resolution to Jean McCroskey Marion and other members of the family of the late Armand Marion.

REMARKS BY SENATOR von REICHBAUER

Senator von Reichbauer: "Mr. President, I will make my remarks quite brief because I knew Armie Marion less time than many members on the floor who perhaps would like to address themselves to Armie. I had the opportunity to meet Armie Marion through his sister-in-law, Mary Lee Carman of Tacoma before I joined the legislature and I had the opportunity to observe him in his service to this state of Washington in the drafting of money, in fact over one million dollars in funds for the Fred Hutchinson cancer research center. Earlier today we saw the Third House salute one of our members and oftentimes we forget how important the three houses are to the process of government. Armie Marion was a credit to the legislative process."

REMARKS BY SENATOR CLARKE

Senator Clarke: "Thank you, Mr. President. I would like to have my name put on as a joint sponsor. I have known Armie Marion since he was a high school tennis

player and long before he married Jane McCroskey, he used to play the piano in the Delta Gamma house there on many occasions out at the University. He was a very lovable and talented person; and it was a great loss when he passed."

REMARKS BY SENATOR HURLEY

Senator Hurley: "Mr. President and members of the Senate. I have known Armie Marion for all the years since I have been in the legislature. And I would say he contributed more to the enjoyment of social functions around this legislature for the last twenty-five years, more than anybody else could possibly have. He was such a wonderful, social, happy person; and he would play the piano at a moment's notice and he would remain at that piano as long as there was a song to sing or a singer to sing one. Although he was a lobbyist, too, he never haunted the halls or the wings, because he found that he could do his lobbying in a better way. He certainly endeared himself to everybody that knew him, and I for one miss him sadly because when so much joy is gone from these legislative halls, you certainly miss it."

The motion by Senator von Reichbauer carried and the resolution was unanimously adopted.

A moment of silence was observed by the Senate in memory of Armand "Armie" Marion.

POINT OF ORDER

Senator Rasmussen: "I raise a Point of Order. How does this bill appear before us under the resolution we had; it is not related to energy, not related to appropriations, I really do not know how come we got this bill out here. The concurrent resolution, it is my understanding, cut off consideration."

REMARKS BY THE PRESIDENT

President Cherberg: "Senator Rasmussen, did you raise the Point of Order that this bill does not come within the provisions of the cutoff resolution? Then you are correct, Senator."

RULING BY THE PRESIDENT

President Cherberg: "Senate Concurrent Resolution No. 118 states 'Be it further resolved that after 4 p.m., Tuesday February 19, the thirty-seventh day of this session, neither the Senate nor the House shall consider any measures except measures originally containing a direct appropriation, a direct appropriation, matters relating to energy, messages pertaining to amendments, matters of difference between the Senate and House, conference and free conference reports, and matters pertaining to the business of the legislature'. The President believes the remarks by Senator Rasmussen are well taken and that SHB 1090 does not come within the provisions of the cutoff resolution, and therefore is not properly before the Senate."

MOTION

On motion of Senator Marsh, the Senate commenced consideration of the House Message on Substitute Senate Bill No. 3509.

MESSAGE FROM THE HOUSE

March 13, 1980.

Mr. President: The House refuses to recede from its amendments to SUBSTITUTE SENATE BILL NO. 3509 on page 1, beginning on line 8; on page 1, after the enacting clause, and the title amendment, and once again asks the Senate to concur with said House amendments, and the same is herewith transmitted.

INTRODUCTION AND FIRST READING

SENATE CONCURRENT RESOLUTION NO. 120, by Senators Odegaard and Walgren:

Insuring proper accounting and cost control procedures for office space used by the legislature.

MOTIONS

On motion of Senator Odegaard, the rules were suspended, Senate Concurrent Resolution No. 120 was advanced to second reading and read the second time in full.

On motion of Senator Odegaard, the rules were suspended, Senate Concurrent Resolution No. 120 was advanced to third reading, the second reading considered the third, and the resolution was placed on final passage.

POINT OF INQUIRY

Senator Hayner: "Senator Odegaard, did you change, in this draft, the composition of this legislative committee?"

Senator Odegaard: "Yes, Senator Hayner, I guess we did not let you know about that change, and I am sorry; that came up in caucus, the concern about the make-up of the Senate committee. We had the committee on facilities and operations, I believe, in the original version. It was felt by many members in our caucus, they prefer to have two members of the Senate committee on facilities and operations and such other members that would be necessary to make an equal number with the House membership."

Senator Hayner: "As I read this, we could, the Republicans could be excluded completely from this committee."

Senator Odegaard: "Well, that is not the intent at all, Senator Hayner. . ."

Senator Hayner: "Well, I wonder if we could set that down just to make it clear?"

Senator Odegaard: "That is fine."

MOTIONS

On motion of Senator Marsh, Senate Concurrent Resolution No. 120 was held down one measure on third reading today.

On motion of Senator Marsh, the Senate returned to the fourth order of business.

MESSAGE FROM THE HOUSE

March 13, 1980.

Mr. President: The House has adopted: HOUSE CONCURRENT RESOLUTION NO. 35, and the same is herewith transmitted.

DEAN R. FOSTER, Chief Clerk.

VITO T. CHIECHI, Chief Clerk.

INTRODUCTION AND FIRST READING

HOUSE CONCURRENT RESOLUTION NO. 35, by Representatives King and Polk:

Adopting procedures for convening of special legislative session.

MOTIONS

On motion of Senator Morrison, the rules were suspended and House Concurrent Resolution No. 35 was advanced to second reading and read the second time in full.

Senator Morrison moved adoption of the following amendment by Senators Morrison and Marsh:

On page 1, line 16, after "session" insert ", the duration of the session which shall not exceed 30 days,"

POINT OF INQUIRY

Senator Lysen: "Senator Morrison, the thing that concerns me about this amendment is the debate that would take place in the process of calling ourselves into session, might be that I will agree to vote for calling for the session if we limit it to ten days and somebody else says 'five days' and somebody else says 'seven days' . . . 'fifteen days,' so how do you resolve the situation? We are already requiring two-thirds which appears to me to be something that is extremely remote anyway, and then you are adding another complicating factor of trying to debate the number of days and the negotiations of trying to get the two-thirds vote, it seems to me that you are really going to make it a very difficult problem here."

Senator Morrison: "Senator Lysen, I think if you will refer to sub (2) and sub (3) and (4) of the resolution, you will find that the authority to referee this dispute which you see occurring is placed specifically in the hands of the rules committee of the House and of the Senate. So I am presuming that the limitations would be suggested by them, if they do not get two-thirds of the members to go along with it, they will have to go back to the drawing board. I think it would be much easier, certainly would be to get my vote, to come back here, if there was a specified limit on the length of the session if, in fact, it was obvious from the subject matter that we did not need thirty days. So I think this is a very practical approach to the problem."

Senator Lysen: "So you would see that the rules committee would say they would recommend a special session for ten days and we would vote, based on that limit that they would set?"

Senator Morrison: "Yes, the resolution gives them that authority."

The motion by Senator Morrison carried and the amendment was adopted.

On motion of Senator Morrison, the rules were suspended, House Concurrent Resolution No. 35, as amended by the Senate, was advanced to third reading, the second reading considered the third, and the resolution was placed on final passage.

POINT OF INQUIRY

Senator Lysen: "Senator Morrison, so you would, under the terms of the resolution as amended, once we were in session, would the body as a whole have the ability to amend the original limitation, either shorten or lengthen?"

Senator Morrison: "Senator Lysen, I think the body always has the privilege of amending the resolution; and I suppose the question I cannot answer is whether it could be amended by a majority or whether in fact, it would take the same two-thirds that agreed to call the session in the first place. I think the important goal is that we establish some ground rules whereby we could set up for a shorter session than the full thirty days. I am sure that it could be, in fact the resolution, the constitutional amendment specifies in it that if the session is to extend the purpose of the special session that it must do it by a two-thirds proposal. I would presume, in the same light then, that if we were to extend the number of days it would also require two-thirds of both the House and the Senate."

POINT OF INQUIRY

Senator Van Hollebeke: "Senator Morrison, was there more than one amendment acted on, the only one I find is the one that says on page 1, line 16, after 'session', add 'the duration of the session which shall not exceed thirty days' — that was the only one?"

Senator Morrison: "That is the only amendment."

Senator Van Hollebeke: "Okay. I do not know if I missed something you said but I got the impression from something you said, that you thought that the legislature could set the duration and be held to that, or did I misunderstand that?"

Senator Morrison: "That was the purpose of the amendment that in the resolution establishing the procedure for the session, that the legislature could specify the number of days as well as the purpose of the session and as well as the date when it would convene."

Senator Van Hollebeke: "And then be held to that unless there was a change made?"

Senator Morrison: "That is true."

Senator Van Hollebeke: "I am not reading the amendment as doing that and I do not know if others would agree with me on that or not. It would then read 'set forth the date and time for convening the legislature, the duration of which session shall not exceed thirty days'. I do not think it specifies there that they will set a duration or gives them the authority to set one of less than thirty days, and be held to that. I am not reading the total resolution as amended that way."

Senator Morrison: "I would read this resolution calling for convening a special session of the legislature 'shall set forth the date, the purposes, and the duration of the session not to exceed thirty days'."

Senator Van Hollebeke: "That is what it says. With the inclusion of the amendment that is before you."

Senator Morrison: "Attorneys from both the caucuses, democrat and republican, helped write it so I think we have it right."

Senator Van Hollebeke: "The second reading, I think you are right, I think it does, it is clear enough. Thank you."

MOTION

On motion of Senator Walgren, the Senate advanced to the sixth order of business.

SECOND READING

SUBSTITUTE HOUSE BILL NO. 1090, by Committee on Local Government (originally sponsored by Representatives Zimmerman and Charnley):

Modifying the law on warrants.

The Senate resumed consideration of Substitute House Bill No. 1090 from earlier today. A Point of Order had been raised by Senator Rasmussen and the Ruling by the President ruled the bill out of order. The adoption of Senate Concurrent Resolution No. 121 just preceding this action on Substitute House Bill No. 1090, the bill is again before the Senate.

POINT OF ORDER

Senator Rasmussen: "I raise the Point of Order. We have not passed the concurrent resolution as yet. The Senate has passed the concurrent resolution but the House has not."

RULING BY THE PRESIDENT

President Cherberg: "Senator Rasmussen, your Point of Order is well taken. The President thought that in the interest of expediency and time, that the Senate could act on the measure, dependent upon future action by the House of Representatives."

Senator Rasmussen: "Mr. President, in light of the enlightenment that the President has given me, I shall withdraw my point of order."

President Cherberg: "Thank you, Senator Rasmussen."

There being no objection, on motion of Senator Rasmussen, the Point of Order was withdrawn.

The following amendment by Senators Wilson and Walgren had been moved for adoption earlier today:

Strike everything after the enacting clause down through line 28 on page 5 and insert a section as follows:

"Section 1. Section 36.67.040, chapter 4, Laws of 1963 as last amended by section 5, chapter 142, Laws of 1969 and RCW 36.67.040 are each amended to read as follows:

The bonds shall bear the date of issue, shall be made payable to the bearer and bear interest (~~((at a rate of not exceeding eight percent per year))~~), payable semiannually, with coupons attached for each interest payment. Except as otherwise provided in RCW 39.44.100, the bonds and each coupon shall be signed by the chairman of the board of county commissioners, or in counties having an elected executive, the elected executive officer, and shall be attested by the clerk of the board, and the seal of such board shall be affixed to each bond, but not to the coupon. Each bond shall be printed, engraved, or lithographed on good bond paper."

Renumber remaining section consecutively.

The following amendment by Senator Odegaard to the amendment by Senators Wilson and Walgren was adopted:

Beginning on line 14, strike "~~((at a rate of not exceeding eight percent per year))~~" and insert "at a rate of not exceeding ~~((eight))~~ twelve percent per year"

The motion by Senator Wilson carried and the amendment, as amended, was adopted.

On motion of Senator Wilson, the following amendment by Senators Wilson and Walgren to the title was adopted:

In the title, page 1, line 1, after "government;" strike everything down through ".330;" on line 10 and insert "amending section 36.67.040, chapter 4, Laws of 1963 as last amended by section 5, chapter 142, Laws of 1969 and RCW 36.67.040;"

On motion of Senator Wilson, the rules were suspended, Substitute House Bill No. 1090, as amended by the Senate, was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

Debate ensued.

MOTION

On motion of Senator Wilson, Senator Ridder was excused.

POINT OF INQUIRY

Senator Quigg: "Senator Wilson, by increasing the limit on the amounts the counties can pay on these bonds, I wonder, I suppose I guess, that we are going to see the counties paying quite a bit more in interest on these bonds, and I wonder if there has been any consideration of the magnitude of that increased interest and whether or not we have any Initiative 62 implications here as we give the counties a gift of a bigger interest bill to pay through this measure?"

Senator Wilson: "Senator, in the first place, 62 of course is not involved at all since selling bonds is an optional decision by the counties and it is not mandated by the state. Secondly, I would not be supporting this bill at all if I did not feel that it was probably going to save some millions of dollars for the taxpayers of the state, because if the ceiling is not raised at this session, it will be at least a year before it can. Meanwhile the numerous capital construction projects various counties are planning will, if they cannot sell the bonds at the present rate which appears to be the case, will simply sit idle; and when they are built a year later or a longer period later, it will cost the taxpayers just that much more to pay for them."

ROLL CALL

The Secretary called the roll on the final passage of Substitute House Bill No. 1090, as amended by the Senate, and the bill passed the Senate by the following vote: Yeas, 30; nays, 12; absent or not voting, 1; excused, 6.

WHEREAS, The Attorney General of the State of Washington issued a ruling on January 14, 1980 which reverses two prior Attorney General opinions, and places insurmountable difficulties in the way of current ferry system labor negotiations by including the system's contract employees under the jurisdiction of the State Employees Insurance Board; and

WHEREAS, Alcohol fuels represent sources that can substitute for petroleum products now and increasingly through the 1980's; and

WHEREAS, The Washington Department of Commerce and Economic Development has recently completed a study of the technical and economic feasibility of

the production of ethanol for fuel in the state of Washington, verifying that a large-scale production of ethanol of around 50 million gallons produced annually located in the Columbia Basin area is both technically and economically very attractive; and

POINT OF INQUIRY

Senator Lysen: "Senator Morrison, don't you think with the massive deficit that WPPSS is mounting, that increases by billions every month, that we might need this waste heat to try to keep that deficit from increasing any more, if they can get any value out of it at all, we could try to use it to minimize that deficit which is growing by billions every month?"

Senator Morrison: "I think that is the thrust of the resolution, Senator Lysen, that they can sell some of that heat to some of these folks who otherwise are going to have to burn coal or natural gas to produce alcohol. Good idea."

The motion by Senator Morrison carried and the resolution was adopted.

MOTIONS

On motion of Senator Walgren, the Senate commenced consideration of Senate Resolution 1980-255.

Senator Conner moved adoption of the following resolution:

SENATE RESOLUTION 1980-255

By Senators Conner and Walgren:

WHEREAS, Jefferson and Clallam Counties were declared disaster areas on January 23, 1980 due to the economic hardship suffered as a result of the failure of the Hood Canal Bridge; and

WHEREAS, The two Washington State ferries now plying the water of Hood Canal provide a maximum of 210 vehicle spaces per hour to the Olympic Peninsula; and

WHEREAS, In 1978 the traffic across the Hood Canal Bridge on an average was 6,000 vehicles per day and up to 1,000 vehicles per hour in a peak hour; and

WHEREAS, With travel at a minimum on the Olympic Peninsula, the business communities of both Clallam and Jefferson Counties are facing another year of financial hardship; and

WHEREAS, The new Hood Canal Bridge is not scheduled to be open for traffic until mid 1982 at the earliest;

NOW, THEREFORE, BE IT RESOLVED, That the Governor of Washington State and the Washington State Transportation Commission continue to make every effort possible to minimize the extreme hardship imposed upon the people of the Olympic Peninsula until the replacement bridge is completed.

POINT OF INQUIRY

Senator Lysen: "Senator Conner, would, you say 'Now therefore be it resolved that the commission continue to make every effort possible to minimize the extreme hardship imposed upon the people of the Olympic peninsula'. Would this include the purchase of mini-ferries which now are available and would be in service now if they had gone ahead a year ago for fifteen million dollars which would have a greater capacity than the present service? Would this include those that you and I sponsored that amendment a year ago? The company was down here last week to the transportation committee and they still would like to build the ferries. They need the work; we need the ferries. Do you think that would be a possibility that would be included in the intent of this resolution?"

Senator Conner: "Well, I was the co-sponsor of the resolution that dealt with that particular measure and I am sure that we have attempted to impress upon the director of the department as well as the governor, the importance of that particular program."

Senator Lysen: "As I recall, Secretary Bulley said 'hindsight', he thought it was probably a pretty good idea if he knew a year ago that his bid would have been thrown out because it was written in violation of the state bidding law, and where only one company was eligible to bid, so the local contractors threw it out in a court suit, and whereas the federal government said they would not provide the money for the temporary bridge because the permanent bridge blew away, a temporary one might not last too long, and it was not, it could not get it built in time, so possibly this would still be a good idea. And the secretary did admit that a year ago he kind of wished he had gone ahead with it at that time."

The motion by Senator Conner carried and the resolution was adopted.

Senator Guess: "Senator Day, the committee amendment included 'that the head,' let's see. . ."

Senator Day: "This is all existing language except where we added that 'entry into a dwelling shall only be accomplished with a search warrant or other order of court'."

Senator Guess: "All right now, the amendment that was laid on our desk, then struck the entire section 6, is that right?"

Senator Day: "Well, the purpose of this renumbering, we will strike, then, new section 6 which is the appropriation. This will take its place, Senator Guess."

The motion by Senator Day carried and the committee amendment to page 8, line 16 was adopted.

On motion of Senator Day, the committee amendment to page 8, line 22 was adopted.

On motion of Senator Day, the following amendment by Senators Day and Donohue was adopted:

On page 8, beginning on line 17, strike all of section 6.

On motion of Senator Day, the committee amendment to the title was adopted:

On motion of Senator Day, the rules were suspended, Engrossed Substitute House Bill No. 894, as amended by the Senate, was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

POINT OF INQUIRY

Senator Guess: "Senator Day, what did the department describe when they said, and what kind of a pilot program are they going to have? Will you please outline that to us?"

Senator Day: "Well, when the department came before us, they pointed out that there were a lot of additional devices now that create nonionizing radiation, late use of laser beams and some industry use of ultra sound in not only medical uses but in other uses and that they felt that it was a thing out there that they really did not know what was happening and they were going in to industry and do some spot checking and that is what this is, an investigation for the potential dangers of this type of nonionizing radiation. They seemed to think it was quite important because it has expanded in use to some degree."

Senator Guess: "Senator Day, I read subsection 2 in section 2, that radiation means 'ionizing radiation including gamma rays, X rays, alpha beta particles and high speed electrons, neutrons, protons and other nuclear particles'."

Senator Day: "Well, you see that is all existing language, Senator Guess. Before it read 'ionizing radiation means' and we struck the 'ionizing' there and we just reworded that part of the existing law. And the addition is 'and nonionizing radiation'. You see it goes on from down there so . . ."

Senator Guess: "So that is what bothers me is that you are now changing radiation will then mean ionizing radiation and nonionizing radiation. Aren't we getting into a construction problem here by saying that radiation is both of them?"

Senator Day: "No, I think that we regulated ionizing radiation such as X rays before; the department has had an ongoing program, they have had a federal ongoing program; in fact we have about six agencies checking that. And that is why we refused twice before to extend that particular study, we felt there was enough being done. But this is to add nonionizing radiation specifically limited to ultra sound, etc. because of the expanded uses of those particular radiating devices. And so that is the purpose of this and no other purpose; and we tied it down with the amendment so we even inserted after 'radiation' on line 18, 'which for the purposes of this chapter is specifically limited to ultra sound, light amplification by simulated emission of radiation laser' struck 'micro waves' and left 'ultra violet light' in there, because we felt that micro waves are being manufactured and are subject to a number of tests already and we did not want to get into duplication there."

Senator Guess: "The last question, Senator Day. The department will now do a three hundred and sixty-eight thousand dollar job for nothing?"

Senator Day: "That comes as a surprise to me too, Senator Guess; it is three hundred and ninety-six thousand dollar job for nothing."

Senator Guess: "Well, nothing gets nothing is the way I have always figured it out. Is there any use to pass the bill without giving it a little money?"

Senator Day: "I think that there is because as I pointed out, they already have a department that has been checking ionizing radiation, and it is my understanding that a portion of this money in the fiscal note was to purchase the necessary devices which were not too expensive and apparently they feel they can do it without, and I am for that."

Senator Guess: "Thank you, Senator Day."

POINT OF ORDER

Senator Bradburn: "Mr. President, even though this bill originally did contain an appropriation, the body, in its judgment, has seen fit to strike that appropriation and since we are now past the cutoff, I would just like to know would it be appropriate for us to continue consideration of this bill?"

RULING BY THE PRESIDENT

President Cherberg: "Senator Bradburn, in reply to your Point of Order, the President rules that the Engrossed Substitute House Bill 894 would qualify on two counts, namely, it is a measure relating to energy, and it is a measure that originally contained a direct appropriation."

POINT OF INQUIRY

Senator Gould: "Senator Day, on page 3, subsection (7), it talks about registration. Does that in any way imply that an X-ray technician has to be utilized, it has to be an X-ray technician who utilizes an X-ray machine?"

Senator Day: "I believe that the purpose of that is to make certain that the department's testing program, which has been in effect for some time, gets to every device; so it is nothing but a matter of registering the device so they know that they can come and test it. Now they come to our office for example, and they test for stray radiation, they test for proper tube filtration, this type of thing to make certain that no soft rays or no stray rays; and of course, we even wear badges in the office to make certain that those stray rays are not in this type of thing. And all this registration program is designed to do is make certain the department knows where all those devices are."

POINT OF INQUIRY

Senator Quigg: "Senator Day, . . . just to follow up on that a little bit. I have had some calls from people in the nineteenth district that used X-ray equipment that say they have had problems with the department on the licensing or registration or whatever these devices. They are told to send in the money, put up a certificate, but do not worry about it and nobody is going to be out to check it any way; but you had better have your certificate up in case somebody comes by. I just wonder if we are setting up another nonprogram program."

Senator Day: "Well, that is all news to me, Senator. In our area they have been by to check. They do not come by every week, I will guarantee you that, but what they principally do is come by on a schedule that would just about take in the replacement time on equipment so every three or four years they check to see if you have had any changes in the device and if you have, why then they run some tests again."

Senator Quigg: "Do the vendors of this kind of equipment support it at all, is any maintenance or service agreements or those kinds of things, or are you pretty much left on your own?"

Senator Day: "Well, no, I think if you would have a serious problem then you get the maintenance crew out there and tell them what the problem is and they are the ones that are technically equipped to solve it; but basically it is a matter of filtration and of grounding and of stray radiation and the department can do a fairly decent job of checking those out, and then you call the serviceman if you have a problem and tell him what the problem is and you want to correct it and he checks after he has done whatever he is going to do to see that it is corrected."

Senator Quigg: "Thank you."

MESSAGE FROM THE HOUSE

March 13, 1980.

Mr. President: The House has receded from its amendments to SUBSTITUTE SENATE BILL NO. 3509 by the Revenue Committee to page 1, after the enacting clause, and page 1, line 1 of the title, and has passed the bill without said amendments, and the same is herewith transmitted.

DEAN R. FOSTER, Chief Clerk.
VITO T. CHIECHI, Chief Clerk.

Debate ensued.

POINT OF INQUIRY

Senator Wilson: "Senator Odegaard, you indicated that dropping the one-third exclusion represented kind of a loss as compared to increasing the two levels. Are there some senior citizens, however, who will be taking a step backwards by virtue of this bill, and will find themselves with less of an exemption than they presently have?"

Senator Odegaard: "Senator Wilson, this is the first question I asked Representatives Sommers and Craswell when they brought this approach over and we met in my office because I had that same concern. And their response was that their staff and Norm Schut of the senior citizen lobby could find no cases where anyone would end up being taken out of the program because of this change. I have no guarantee that that would not happen. We did work out different possible cases and tried to think of all different possible cases, the maximum amount of social security received and other types of incomes or interest earnings or whatever, and in every case we worked up they actually came out a little bit better. But as I say, there is no guarantee, there might be somebody out there that might end up actually being cut out of the program. I at least sincerely hope that that is not the case, however, I believe there was the original approach by some of the members in the House revenue committee to not have increased the level by three thousand but only by two thousand; but they had that fear that maybe then they would be cutting some people out of the program, so they went for the three thousand to hope, at least to be sure of that. So that is the best I can, that I know, say on it."

REMARKS BY SENATOR RASMUSSEN

Senator Rasmussen: "Senator Wilson, there may be and well can be because of the escalation valuation that is going on. At the present time, of course, all valuations have been going up from forty to sixty percent, some places a hundred and two hundred percent. There may be some people affected; but if we can, we get back here in January of 1981 we still will not be able to handle that problem because this will only affect 1981 taxes and exemptions at that time. So for this year the people are all right and for '81 we will have to take a look then and we can make it retroactive then to the first of the year, so that we can cover those people in that instance."

MOTION

At 10:45 p.m., on motion of Senator Walgren, the Senate was declared to be at ease subject to the Call of the President.

The President called the Senate to order at 11:30 p.m.

MOTION

On motion of Senator Walgren, the Senate returned to the fifth order of business.

INTRODUCTION AND FIRST READING

REENGROSSED HOUSE CONCURRENT RESOLUTION NO. 3, by Representatives Pruitt, Fuller and May (by Joint Board of Legislative Ethics request):

Adopting joint rules for forty-sixth legislature.

MOTIONS

On motion of Senator Walgren, the rules were suspended and Reengrossed House Concurrent Resolution No. 3 was advanced to second reading and read the second time in full.

On motion of Senator Woody, the following amendment was adopted:

On page 9, line 27, after "RULE 28." strike all material down to and including "Constitution." on line 31 and insert "The sessions of the legislature shall be held ~~((biennially))~~ annually, convening at 12 o'clock noon on the second Monday of January each ~~((odd))~~ year, as provided by ~~((chapter XX of the Laws of 1891 (44.04-010, RCW)))~~ RCW 44.04.010 in accordance with art. 2, section 12 of the state Constitution."

Senator Goltz moved adoption of the following amendment by Senators Woody and Goltz:

On page 10, line 49, after "(3)" strike all material down to and including "year;" on line 53 and insert "In any year in which a legislator is a candidate for public office, no poll may be conducted by or on behalf of such legislator during the period between June 1st and the general election day of that year: PROVIDED, That such polling is not prohibited during any special legislative session or during the thirty days preceding such session. A legislative committee may authorize or conduct a poll at any time if the poll conforms to subsections (1), (2) and (4) of this rule;"

POINT OF INQUIRY

Senator Day: "Senator Goltz, I note the way this is written this would prohibit a legislator from conducting a poll even if he paid for said poll. Is that your intent? What if he were campaigning and as part of his campaign he intended to pay for a poll of some type?"

Senator Goltz: "It is obviously the intent that the legislator should not be able to use public facilities to do this kind of polling. . . ."

Senator Day: ". . . or public funds?"

Senator Goltz: "That is correct. And so any poll which a candidate would make on his own behalf from his own campaign funds or personal funds, would not be covered by this rule."

POINT OF INQUIRY

Senator Scott: "Senator Goltz, what do subsections (1), (2) and (4) apply to?"

Senator Goltz: "(1), (2) and (4), I can read them, they are very short. Number (1) says 'Polling must be authorized by a legislator and confined to soliciting opinions or facts relative to legislative issues or studies'. (2) 'The identity of the legislator, legislative committee or party caucus conducting the poll must be disclosed to the person being polled'. And (4) 'That the polling complies with all other pertinent laws and rules'."

POINT OF INQUIRY

Senator von Reichbauer: "Senator Goltz, as I listen to you and I read this, I wonder why, why are we passing this?"

Senator Goltz: "Why are we passing a rule on polling? It is to prevent, and to assure the public that the employees and legislators are not using public facilities to conduct polls which would be to their advantage in a political campaign."

The motion by Senator Goltz carried and the amendment was adopted.

On motion of Senator Walgren, the rules were suspended, Reengrossed House Concurrent Resolution No. 3, as amended by the Senate, was advanced to third reading, the second reading considered the third, and the resolution was placed on final passage.

PARLIAMENTARY INQUIRY

Senator von Reichbauer: "Earlier this session, Mr. President, in addressing a question about time, you quoted from Webster about the twenty-four-hour day. Is it the Chair's opinion that when the body came into session at twelve noon on the first day of the session, that the sixtieth day would end at twelve noon, tomorrow?"

REPLY BY THE PRESIDENT

President Cherberg: "That has nothing to do with parliament."

SIGNED BY THE PRESIDENT

The President signed:

SUBSTITUTE SENATE BILL NO. 3509.

SENATE CONCURRENT RESOLUTION NO. 120.

MESSAGE FROM THE HOUSE

March 12, 1980.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Section 1. This chapter may be known and cited as the "Nursing Homes Auditing and Cost Reimbursement Act of 1980."

NEW SECTION. Sec. 2. DEFINITIONS. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(2) Two extensions of not more than thirty days each after March 31st may be granted by the department upon receipt of a written request setting forth the circumstances which prohibit the contractor from compliance with such due date; except, that the secretary shall establish the grounds for extension in rule and regulation. Such request must be received by the department at least ten days prior to the due date.

(3) Not later than one hundred and twenty days following the termination of a contract, the contractor shall submit to the department a cost report, and such financial statements as are required by this chapter, for the period from January 1st through the date the contract terminated.

NEW SECTION. Sec. 5. IMPROPERLY COMPLETED OR LATE REPORTS. If either the cost report or the financial statements are not properly completed or if they are not received by the due date, all or part of any payments due under the contract may be withheld by the department until such time as the required cost report and financial statements are properly completed and received.

NEW SECTION. Sec. 6. COMPLETING REPORTS AND MAINTAINING RECORDS. (1) Cost reports shall be prepared in a standard manner and form, as determined pursuant to section 7 of this act, which shall provide for financial statements, an itemized list of allowable costs, and a preliminary settlement report. Costs reported shall be determined in accordance with generally accepted accounting principles and such additional rules and regulations as are established by the secretary.

(2) All financial statements of a contractor must be prepared in accordance with generally accepted accounting principles, such additional regulatory requirements developed pursuant to section 7 of this act, and such additional rules and regulations as are established by the secretary.

(3) The records shall be maintained on the accrual method of accounting and agree with or be reconcilable to the cost report and the financial statements.

NEW SECTION. Sec. 7. DEVELOPMENT OF ACCOUNTING AND AUDITING REQUIREMENTS. (1) The office of financial management shall, within seventy-five days after the effective date of this section, engage a consultant through competitive bids who will develop the following:

(a) A uniform chart of accounts;

(b) A standard cost report form, including financial statements which shall be in conformity with generally accepted accounting principles and such regulatory requirements established by this section as well as any relevant federal regulatory requirements;

(c) Regulatory reporting and accounting provisions which may be required; and

(d) Regulatory auditing provisions which may be required.

(2) Such consultant will develop the items specified in subsection (1) of this section:

(a) In cooperation with an advisory committee to be composed of representatives of the office of financial management, the legislature, the department, the office of the state auditor, the Washington society of certified public accountants, and the providers of nursing home services; and

(b) In a manner which will achieve the principles stated in sections 3 and 10 of this act.

(3) Such consultant shall provide ongoing financial consulting assistance to the patient task force created in section 86 of this act. The patient classification system and standard hours for each classification established by the task force must tie to the uniform chart of accounts, standard cost reports, and financial statements to allow the independent certified public accountant to express an opinion on the statement of expenditures presented in the annual cost report.

(4) Such consultant will complete the development of the items specified in subsection (1) of this section not later than October 1, 1980. The secretary will adopt rules and regulations necessary to implement the consultant's product not later than December 31, 1980, for use in the 1981 reporting year.

NEW SECTION. Sec. 8. REQUIREMENTS FOR RETENTION OF RECORDS BY THE CONTRACTOR. (1) All records supporting the required cost reports and financial statements, as well as trust funds established by section 70 of this act, shall be retained by the contractor for a period of four years following the filing of such reports at a location in the state of Washington specified by the contractor. The department may direct such records to be retained for a longer period if there remain unresolved questions on the cost reports and financial statements. All such records shall be made available upon demand to authorized representatives of the department, the office of the state auditor, and the United States department of health, education and welfare.

(2) When a contract is terminated, all payments due will be withheld until accessibility and preservation of the records within the state of Washington are assured.

NEW SECTION. Sec. 9. RETENTION OF REPORTS BY THE DEPARTMENT. The department will retain the required cost reports and financial statements for a period of one year after final settlement, or the period required under the provisions of chapter 40.14 RCW, whichever is greater.

PART B AUDIT

NEW SECTION. Sec. 10. PRINCIPLES OF AUDIT REQUIREMENTS. The principles inherent within sections 11 through 14 of this act are:

(1) To ascertain, through certified audit, that the costs for each year are accurately reported, thereby providing a valid basis for future rate determination;

(2) To ascertain, through certified audits of the cost reports, that cost reports properly reflect the financial statements of the contractor, particularly as they pertain to related organizations and beneficial ownership, thereby providing a valid basis for the determination of return as specified by this chapter;

(3) To ascertain, through the certified audit and the oversight of the office of the state auditor, that compliance with the accounting and auditing provisions of this chapter and the rules and regulations of the department as they pertain to these accounting and auditing provisions is proper and consistent; and

(4) To ascertain, through certified audits, that the responsibility of the contractor has been met in the maintenance of patient trust funds.

NEW SECTION. Sec. 11. DESK REVIEW. (1) The department shall analyze the submitted cost report and financial statements of each contractor to determine if the information is correct and complete. If the analysis finds that either the cost report or financial statements are incorrect or incomplete, the department shall take whatever steps are deemed necessary to obtain information from the contractor.

(2) The department shall accumulate data from the properly completed cost reports and financial statements for use in:

- (a) Exception profiling; and
- (b) Establishing rates.

(3) The department may further utilize such accumulated data for analytical, statistical, or informational purposes as it may deem necessary.

NEW SECTION. Sec. 12. TYPES OF EXAMINATIONS. Certified audits of the cost reports and patient trust accounts shall be conducted in accordance with the provisions of this chapter, as follows:

(1) The annual cost report of each contractor and the patient trust accounts under his control will be audited prior to submission to the department by an independent certified public accountant, licensed according to the provisions of chapter 18.04 RCW, who shall be engaged by the office of financial management through competitive bids. The office of financial management shall cause to be published a request for qualifications from independent certified public accountants. The office of financial management shall then select those independent certified public accountant firms which have qualified to participate in the competitive bid process through a request for proposals: **PROVIDED**, That during fiscal year 1982, for one hundred percent of the contractors, cost reports and patient trust accounts shall be audited: **PROVIDED FURTHER**, That during fiscal year 1983, for up to one hundred percent of the contractors, cost reports and patient trust accounts shall be audited. The requirements contained in this subsection shall not be required after June 30, 1983;

(2) Upon request of the secretary; and

(3) Upon termination of a contract.

NEW SECTION. Sec. 13. PREPARATION FOR AUDIT BY THE CONTRACTOR. (1) For the requirements of section 12(1) of this act, the contractor shall be notified by the accountant at least ten working days in advance of the engagement. Upon such notification, the contractor shall:

(a) Provide access to the facility, all records, and all working papers which are in support of the cost report, financial statements, and patient trust funds; and

(b) Prepare reconciliation of the cost report and financial statements with (i) applicable federal income and federal and state payroll tax returns and (ii) the records for the period covered by the cost report and financial statements.

(2) For the requirements of section 12(2) of this act, the contractor shall provide access to the facility and supply all records as required in subsection (1) of this section.

NEW SECTION. Sec. 14. SCOPE OF AUDIT. (1) The annual cost reports of contractors are required to be audited by an independent certified public accountant in accordance with generally accepted auditing standards established for audit of financial statements by the American institute of certified public accountants.

(2) Accompanying the annual cost report and accountant's report thereon shall be:

(a) A schedule of questioned costs, including dollar amounts being questioned and an explanation of the accountant's reason for questioning the allowability of such costs; except that, an amount, not less than five hundred dollars, shall be established by the secretary below which questioned costs need not be listed;

(b) A schedule summarizing the adjustments to the contractor's financial records as a result of the audit, including dollar amounts, the general ledger account or account group, and an explanation of the reason for adjustment; and

(c) A schedule summarizing the adjustments to the contractor's preliminary settlement report as a result of the audit.

(3)(a) The independent auditor shall perform separate audits on the trust funds established by section 70 of this act. Such audit shall be prepared in conformity with generally accepted auditing standards and additional rules and regulations established by the department.

(b) Accompanying the audit report on such trust funds shall be any letters of comments or recommendations relating to discrepancies or improvements in accounting procedures.

(4) The independent certified public accountant shall retain all working papers resulting from audits conducted pursuant to this section for a period of five years from the date the report was submitted to the department. The secretary shall have access to such retained working papers upon ten days' written notice to the independent certified public accountant.

PART C SETTLEMENT

NEW SECTION. Sec. 15. SETTLEMENT PROCESS. (1) The settlement process shall consist of:

(a) The evaluation of the preliminary settlement report by cost center contained within the cost report;

(b) The evaluation of the audit results, including disallowed costs; and

(c) The process of scheduling payment as to such underpayments or overpayments.

(2) In:

(a) Rulings on questioned costs; or

(b) Interpretations resulting in payment of the whole or a portion of a disallowed cost,

the department shall prepare and maintain such rulings and interpretations with full justification and explanation for the respective contractor and the appropriate standing committees of the legislature.

NEW SECTION. Sec. 16. SETTLEMENT. (1) Upon receipt of the preliminary settlement report, the department shall verify the accuracy of such report.

(2) Within thirty days after receipt of the audited reports by the secretary, the department will submit a proposed final settlement report by cost center to the contractor which rules on questioned costs, and fully substantiates disallowed costs, refunds, underpayments, and/or adjustments to the preliminary settlement report.

NEW SECTION. Sec. 17. DATE SETTLEMENT BECOMES FINAL. (1) The settlement will become final thirty days after the date the proposed final settlement report is submitted to the contractor, unless the contractor contests the determination. In the event of such action, the contractor has thirty days after the date the proposed final settlement report has been submitted to notify the department of such contesting pursuant to the provisions of section 78 of this act.

(2) A settlement will be reopened if necessary to make adjustments for findings resulting from an audit performed pursuant to this chapter.

NEW SECTION. Sec. 18. PAYMENT OF UNDERPAYMENTS—REFUND OF OVERPAYMENTS/ERRONEOUS PAYMENTS. (1) The state shall make payment of any underpayments within fifteen days of the date the settlement becomes final.

(2) The contractor found to have received either overpayments and/or erroneous payments shall refund such payments to the state within thirty days of the date the settlement becomes final, subject to the provisions of subsections (3), (4), and (5) of this section.

(3) Within the cost centers of nursing services and food, all savings resulting from the respective audited allowable costs being lower than the respective reimbursement rate paid to the contractor during the report period shall be refunded.

(4) Within the cost centers of administration and operations and property, the contractor shall retain at least fifty percent, but not more than seventy-five percent, of any savings resulting from the respective, audited, allowable costs being lower than the respective reimbursement rates paid to the contractor during the report period multiplied by the number of authorized medical care client days in which said rates were in effect. The secretary, by rule and regulation, shall establish the basis for the specific percentages of savings to the contractors. Such rules and regulations may provide for differences in the percentages allowed for each cost center to

individual facilities based on performance measures related to administrative efficiency.

(5) All allowances provided by section 53 of this act shall be retained by the contractor.

(6) In the event the contractor fails to make repayment in the time provided in subsection (2) of this section, the department shall either:

(a) Deduct the amount of refund due plus assessment of interest, as determined by the secretary, from payment amounts due the contractor; or

(b) In the instance the contract has been terminated, (i) deduct the amount of refund due plus an assessment of interest, determined by the secretary, from any payments due; or (ii) assess the amount due plus interest, as determined by the secretary, on the amount due.

(7) Where the facility is pursuing judicial or administrative remedies in good faith regarding settlement issues, the department shall not withhold from the facility current payment amounts the department claims to be due from the facility. If the judicial or administrative remedy sought by the facility is not granted after all appeals are exhausted or mutually terminated, the facility shall make payment of such amounts due plus interest, as payable on judgments, within sixty days of the date such decision is made.

PART D ALLOWABLE COSTS

NEW SECTION. Sec. 19. PRINCIPLES OF ALLOWABLE COSTS. (1) The substance of a transaction will prevail over its form.

(2) All documented costs which are ordinary, necessary, related to care of medical care recipients, and not expressly nonallowable, are to be allowable.

(3) Costs applicable to services, facilities, and supplies furnished to the provider by related organizations are allowable but at the cost to the related organization, provided they do not exceed the price of comparable services, facilities, or supplies that could be purchased elsewhere.

(4) The payment for property usage is to be independent of ownership structure and financing arrangements.

NEW SECTION. Sec. 20. OFFSET OF MISCELLANEOUS REVENUES.

(1) Allowable costs shall be reduced by the contractor whenever the item, service, or activity covered by such costs generates revenue or financial benefits other than through the contractor's normal billing for care services; except that, unrestricted grants, gifts, and endowments, and interest therefrom, will not be deducted from the allowable costs of a nonprofit facility.

(2) Where goods or services are sold, the amount of the reduction shall be the actual cost relating to the item, service, or activity. In the absence of adequate documentation of cost, it shall be the full amount of the revenue received. Where financial benefits such as purchase discounts or rebates are received, the amount of the reduction shall be the amount of the discount or rebate.

NEW SECTION. Sec. 21. COSTS OF MEETING STANDARDS. All necessary and ordinary expenses a contractor incurs in providing care services will be allowable costs. These expenses include:

(1) Meeting licensing and certification standards;

(2) Meeting standards of providing regular room, nursing, ancillary, and dietary services, as established by department rule and regulation pursuant to chapter 211, Laws of 1979 ex. sess.; and

(3) Fulfilling accounting and reporting requirements imposed by this chapter.

NEW SECTION. Sec. 22. LIMIT ON COSTS TO RELATED ORGANIZATIONS. (1) Costs applicable to services, facilities, and supplies furnished by a related organization to the contractor shall be allowable only to the extent they do

not exceed the lower of the cost to the related organization or the price of comparable services, facilities, or supplies purchased elsewhere.

(2) Documentation of costs to the related organization shall be made available to the auditor at the time and place the records relating to the entity are audited. Payments to or for the benefit of the related organization will be disallowed where the cost to the related organization cannot be documented.

NEW SECTION. Sec. 23. INITIAL COST OF OPERATION. (1) The necessary and ordinary one-time expenses directly incident to the preparation of a newly constructed or purchased building by a contractor for operation as a licensed facility shall be allowable costs. These expenses shall be limited to start-up and organizational costs incurred prior to the admission of the first patient.

(2) Start-up costs shall include, but not be limited to, administrative and nursing salaries, utility costs, taxes, insurance, repairs and maintenance, and training; except, that they shall exclude expenditures for capital assets. These costs will be allowable in the administration and operations cost center if they are amortized over a period of not less than sixty months beginning with the month in which the first patient is admitted for care.

(3) Organizational costs are those necessary, ordinary, and directly incident to the creation of a corporation or other form of business of the contractor including, but not limited to, legal fees incurred in establishing the corporation or other organization and fees paid to states for incorporation; except, that they do not include costs relating to the issuance and sale of shares of capital stock or other securities. Such organizational costs will be allowable in the administration and operations cost center if they are amortized over a period of not less than sixty months beginning with the month in which the first patient is admitted for care.

NEW SECTION. Sec. 24. EDUCATION AND TRAINING. (1) Necessary and ordinary expenses of on-the-job training and in-service training required for employee orientation and certification training directly related to the performance of duties assigned will be allowable costs.

(2) Necessary and ordinary expenses of recreational and social activity training conducted by the contractor for volunteers will be allowable costs.

NEW SECTION. Sec. 25. OWNER OR RELATIVE—COMPENSATION. (1) Total compensation of an owner or relative of an owner shall be limited to ordinary compensation for necessary services actually performed.

(a) Compensation is ordinary if it is the amount usually paid for comparable services in a comparable facility to an unrelated employee, and does not exceed limits set out in this chapter.

(b) A service is necessary if it is related to patient care and would have had to be performed by another person if the owner or relative had not done it.

(2) The contractor, in maintaining customary time records adequate for audit, shall include such records for owners and relatives who receive compensation.

NEW SECTION. Sec. 26. COMPENSATION FOR ADMINISTRATIVE PERSONNEL. (1) Compensation for full-time administrative personnel, as defined in the contract between the contractor and such personnel, shall be an allowable cost, limited as follows:

(a) For calendar year 1981, the compensation of a licensed administrator of a facility having one hundred sixty or more beds shall not exceed thirty-two thousand dollars. The compensation of licensed administrators having beds not exceeding:

- (i) Seventy-nine; and
- (ii) One hundred fifty-nine;

shall be established by the department on a calendar year basis. The maximum compensation of these three categories of facilities may be adjusted in subsequent calendar years by the department through rule and regulation.

(b) The compensation of a licensed assistant administrator for a facility having eighty or more beds shall not exceed seventy-five percent of the compensation received by the licensed administrator of the facility.

(c) The compensation of a registered administrator-in-training shall not exceed sixty percent of the compensation received by the licensed administrator of the facility.

(2) If the licensed administrator, licensed assistant administrator, or registered administrator-in-training regularly work fewer than forty hours per week, the allowable compensation will be the product of the full-time compensation multiplied by the percentage derived from the division of the actual hours worked by forty hours.

(3) The contractor shall maintain customary time records for the licensed administrator, assistant administrator, and/or administrator-in-training.

NEW SECTION. Sec. 27. DISCLOSURE AND APPROVAL OF COST ALLOCATION. (1) The contractor shall disclose to the department:

(a) The nature and purpose of all costs which represent allocations of joint facility costs; and

(b) The methodology of the allocation utilized.

(2) Such disclosure shall be made not later than September 30, 1980, for the following year and not later than September 30th for each year thereafter; except that a new contractor shall submit the first year's disclosure together with the submissions required by section 67 of this act.

(3) The department shall approve such methodology not later than December 31, 1980, and not later than December 31st for each year thereafter. Such approval shall include, but not be limited to, the assurance that:

(a) The services involved are necessary and nonduplicative; and

(b) Costs are allocated in accordance with benefits received from the resources represented by those costs.

(4) An approved methodology may be revised or amended subject to approval as provided in subsection (3) of this section and rules and regulations adopted by the department.

NEW SECTION. Sec. 28. MANAGEMENT AGREEMENTS. (1) Management fees will be allowed only if:

(a) A written management agreement both creates a principal/agent relationship between the contractor and the manager, and sets forth the items, services, and activities to be provided by the manager; and

(b) Documentation demonstrates that the services contracted for were actually delivered.

(2) To be allowable, fees must be for necessary, nonduplicative services. Allowable fees for general management services, including the portion of a management fee which is not allocated to specific services such as accounting, are limited to

(a) the maximum allowable compensation under section 26 of this act of the licensed administrator and, if the facility has at least eighty beds, of an assistant administrator, less

(b) actual compensation received by the licensed administrator and by the assistant administrator and administrator-in-training, if any.

In computing maximum allowable compensation under section 26 of this act for a facility with at least eighty beds, include the maximum compensation of an assistant administrator even if an assistant administrator is not employed.

(3) A management fee paid to or for the benefit of a related organization will be allowable to the extent it does not exceed the lower of:

(a) The limits set out in subsection (2) of this section; or

(b) The lower of the actual cost to the related organization of providing necessary services related to patient care under the agreement, or the cost of comparable

services purchased elsewhere. Where costs to the related organization represent joint facility costs, the measurement of such costs shall comply with section 27 of this act.

(4) A copy of the agreement must be received by the department at least sixty days before it is to become effective. A copy of any amendment to a management agreement must also be received by the department at least thirty days in advance of the date it is to become effective.

(5) Central office costs for general management services, including the portion of a management expense which is not allocated to specific services, such as accounting, shall be subject to the management fee limits determined in subsections (2) and (3) of this section.

NEW SECTION. Sec. 29. EXPENSE FOR CONSTRUCTION INTEREST.

(1) Interest expense and loan origination fees relating to construction of a facility incurred during the period of construction shall be capitalized and amortized over the life of the facility pursuant to section 36 of this act. The period of construction shall extend from the date of the construction loan to the date the facility is put into service for patient care.

(2) For the purposes of this chapter, the period provided for in subsection (1) of this section shall not exceed the project certificate of need time period pursuant to RCW 70.38.125.

NEW SECTION. Sec. 30. OPERATING LEASES OF EQUIPMENT.

Rental or lease costs under arm's-length operating leases of office equipment shall be allowable to the extent the cost is necessary and ordinary.

NEW SECTION. Sec. 31. CAPITALIZATION. The following costs shall be capitalized:

(1) Expenses for facilities or equipment with historical cost in excess of five hundred dollars per unit and a useful life of more than one year from the date of purchase; and

(2) Expenses for equipment with historical cost of five hundred dollars or less per unit if either:

(a) The item was acquired in a group purchase where the total cost exceeded five hundred dollars; or

(b) The item was part of the initial stock of the facility.

(3) Dollar limits in this section may be adjusted for economic trends and conditions by the department as established by rule and regulation.

NEW SECTION. Sec. 32. DEPRECIATION EXPENSE. Depreciation expense on depreciable assets which are required in the regular course of providing patient care will be an allowable cost. It shall be computed using the depreciation base, lives, and methods specified in this chapter.

NEW SECTION. Sec. 33. DEPRECIABLE ASSETS. Tangible assets of the following types in which a contractor has an interest through ownership or leasing are subject to depreciation:

(1) Building – the basic structure or shell and additions thereto;

(2) Building fixed equipment – attachments to buildings, including, but not limited to, wiring, electrical fixtures, plumbing, elevators, heating system, and air conditioning system. The general characteristics of this equipment are:

(a) Affixed to the building and not subject to transfer; and

(b) A fairly long life, but shorter than the life of the building to which affixed;

(3) Major movable equipment including, but not limited to, beds, wheelchairs, desks, and x-ray machines. The general characteristics of this equipment are:

(a) A relatively fixed location in the building;

(b) Capable of being moved as distinguished from building equipment;

(c) A unit cost sufficient to justify ledger control;

(d) Sufficient size and identity to make control feasible by means of identification tags; and

(c) A minimum life greater than one year;

(4) Minor equipment including, but not limited to, waste baskets, bed pans, syringes, catheters, silverware, mops, and buckets which are properly capitalized. No depreciation shall be taken on items which are not properly capitalized as directed in section 31 of this act. The general characteristics of minor equipment are:

(a) In general, no fixed location and subject to use by various departments;

(b) Small in size and unit cost;

(c) Subject to inventory control;

(d) Large number in use; and

(e) Generally, a useful life of one to three years;

(5) Land improvements including, but not limited to, paving, tunnels, underpasses, on-site sewer and water lines, parking lots, shrubbery, fences, and walls where replacement is the responsibility of the contractor; and

(6) Leasehold improvements – betterments and additions made by the lessee to the leased property, which become the property of the lessor after the expiration of the lease.

NEW SECTION. Sec. 34. LAND—DEPRECIATION—COST—IMPROVEMENTS. Land is not depreciable. The cost of land includes but is not limited to, off-site sewer and water lines, public utility charges necessary to service the land, governmental assessments for street paving and sewers, the cost of permanent roadways and grading of a nondepreciable nature, and the cost of curbs and sidewalks, replacement of which is not the responsibility of the contractor.

NEW SECTION. Sec. 35. METHODS OF DEPRECIATION. (1) Buildings, land improvements, and fixed equipment shall be depreciated using the straight-line method of depreciation. Major-minor equipment shall be depreciated using either the straight-line method, the sum-of-the-years' digits method, or declining balance method not to exceed one hundred fifty percent of the straight line rate. Contractors who have elected to take either the sum-of-the-years' digits method or the declining balance method of depreciation on major-minor equipment may change to the straight-line method without permission of the department.

(2) The annual provision for depreciation shall be reduced by the portion allocable to use of the asset for purposes which are neither necessary nor related to patient care.

(3) No further depreciation shall be claimed after an asset has been fully depreciated unless a new depreciation base is established pursuant to section 36 of this act.

NEW SECTION. Sec. 36. DEPRECIATION BASE. (1) The depreciation base shall be the historical cost of the contractor or lessor, when the assets are leased by the contractor, in acquiring the asset in an arm's length transaction and preparing it for use, less goodwill, and less accumulated depreciation which has been incurred during periods that the assets have been used in or as a facility by the contractor, such accumulated depreciation to be measured in accordance with subsections (2), (3), and (4) of this section and sections 35 and 37 of this act. If the department challenges the historical cost of an asset, or if the contractor cannot or will not provide the historical costs, the department will have the department of general administration, through an appraisal procedure, determine the fair market value of the assets at the time of purchase. The depreciation base of the assets will not exceed such fair market value.

(2) The historical cost of donated assets, or of assets received through testate or intestate distribution, shall be the lesser of:

(a) Fair market value at the date of donation or death; or

(b) The historical cost base of the owner last contracting with the department, if any.

(3) Estimated salvage value of acquired, donated, or inherited assets shall be deducted from historical cost where the straight-line or sum-of-the-years' digits method of depreciation is used.

(4) (a) Where depreciable assets are acquired that were used in the medical care program subsequent to January 1, 1980, the depreciation base of the assets will not exceed the net book value which did exist or would have existed had the assets continued in use under the previous contract with the department; except that depreciation shall not be assumed to accumulate during periods when the assets were not in use in or as a facility.

(b) Subparagraph (4)(a) of this section shall not apply to the most recent arm's-length acquisition if it occurs at least ten years after the ownership of the assets has been previously transferred in an arm's-length transaction nor to the first arm's-length acquisition that occurs after January 1, 1980, for facilities participating in the medical care program prior to January 1, 1980. The new depreciation base for such acquisitions shall not exceed the fair market value of the assets as determined by the department of general administration through an appraisal procedure. A determination by the department of general administration of fair market value shall be final unless the procedure used to make such determination is shown to be arbitrary and capricious.

(c) Where depreciable assets are acquired from a related organization, the contractor's depreciation base shall not exceed the base the related organization had or would have had under a contract with the department.

(d) Where the depreciable asset is a donation or distribution between related organizations, the base shall be the lesser of (i) fair market value, less salvage value, or (ii) the depreciation base the related organization had or would have had for the asset under a contract with the department.

NEW SECTION. Sec. 37. LIVES. (1) Except for new buildings, the contractor shall use lives which reflect the estimated actual useful life of the asset and which shall be no shorter than guideline lives as established by the department. The shortest life which may be used for new buildings is thirty years. Lives shall be measured from the date on which the assets were first used in the medical care program or from the date of the most recent arm's-length acquisition of the asset, whichever is more recent. In cases where section 36(4)(a) of this act does apply, the shortest life that may be used for buildings is the remaining useful life under the prior contract. In all cases, lives shall be extended to reflect periods, if any, when assets were not used in or as a facility.

(2) Building improvements shall be depreciated over the remaining useful life of the building, as modified by the improvement.

(3) Improvements to leased property which are the responsibility of the contractor under the terms of the lease shall be depreciated over the useful life of the improvement.

(4) A contractor may change the estimate of an asset's useful life to a longer life for purposes of depreciation.

NEW SECTION. Sec. 38. RETIREMENT OF DEPRECIABLE ASSETS.

(1) Where depreciable assets are disposed of through sale, trade-in, scrapping, exchange, theft, wrecking, or fire or other casualty, depreciation shall no longer be taken on the assets. No further depreciation shall be taken on permanently abandoned assets.

(2) Where an asset has been retired from active use but is being held for stand-by or emergency service, and the department has determined that it is needed and can be effectively used in the future, depreciation may be taken.

NEW SECTION. Sec. 39. HANDLING OF GAINS AND LOSSES UPON RETIREMENT OF DEPRECIABLE ASSETS. If the retired asset is replaced, the gain or loss shall be applied against or added to the cost of the replacement asset,

provided that a loss will only be so applied if the contractor has made a reasonable effort to recover at least the outstanding book value of the asset.

NEW SECTION. Sec. 40. TEMPORARY CONTRACT LABOR. Costs for the purchased services of temporary contract labor shall be allowable only to the extent they do not exceed the average of the usual and customary rate for the wages and benefits of the facility's comparable permanent staff, as reimbursed pursuant to sections 48 and 50 of this act.

NEW SECTION. Sec. 41. UNALLOWABLE COSTS. (1) Costs will be unallowable if they are not documented, necessary, ordinary, and related to the provision of care services to authorized patients.

(2) Unallowable costs include, but are not limited to, the following:

(a) Costs of items or services not covered by the medical care program. Costs of such items or services will be unallowable even if they are indirectly reimbursed by the department as the result of an authorized reduction in patient contribution;

(b) Costs of services and items provided to recipients which are covered by the department's medical care program but not included in care services established by the department under this act;

(c) Costs associated with a capital expenditure subject to section 1122 approval (part 100, Title 42 C.F.R.) if the department found it was not consistent with applicable standards, criteria, or plans. If the department was not given timely notice of a proposed capital expenditure, all associated costs will be unallowable up to the date they are determined to be reimbursable under applicable federal regulations;

(d) Costs associated with a construction or acquisition project requiring certificate of need approval pursuant to chapter 70.38 RCW if such approval was not obtained;

(e) Interest costs other than those provided by section 29 of this act;

(f) Salaries or other compensation of officers, directors, stockholders, and others associated with the contractor or home office, except compensation paid for service related to patient care;

(g) Costs in excess of limits or violating principles set forth in this chapter;

(h) Costs resulting from transactions or the application of accounting methods which circumvent the principles of the cost-related reimbursement system set forth in this chapter;

(i) Costs applicable to services, facilities, and supplies furnished by a related organization in excess of the lower of the cost to the related organization or the price of comparable services, facilities, or supplies purchased elsewhere;

(j) Bad debts of non-Title XIX recipients;

(k) Charity and courtesy allowances;

(l) Cash, assessments, or other contributions, excluding dues, to charitable organizations, professional organizations, trade associations, or political parties, and costs incurred to improve community or public relations;

(m) Vending machine expenses;

(n) Expenses for barber or beautician services not included in routine care;

(o) Funeral and burial expenses;

NEW SECTION. Sec. 42. **PRINCIPLES OF RATE-SETTING.** The following principles are inherent in sections 43 through 59 of this act:

- (1) Reimbursement rates will be set prospectively on a per patient day basis;
- (2) Rates will be established not lower than the level which is reasonably expected to be adequate to reimburse in full the actual, allowable costs of a facility which is economically and efficiently operated and to provide care which meets the needs of a medical care recipient in compliance with applicable standards; and
- (3) The rates so established will take into account economic conditions and trends during the period to be covered by such rates.

NEW SECTION. Sec. 43. **PROSPECTIVE REIMBURSEMENT RATES.** (1) The department, as provided by this chapter, will determine prospective cost-related reimbursement rates for services provided to medical care recipients. Each rate so determined shall represent the contractor's maximum compensation within each cost center for each patient day for such medical care recipient.

(2) As required, the department may modify such maximum per patient day rates pursuant to the administrative review provisions of section 78 of this act.

(3) The maximum prospective reimbursement rates for the administration and operations and the property cost centers and the return on investment allowance shall be established based upon a minimum facility occupancy level of eighty-five percent.

NEW SECTION. Sec. 44. **LIMITATION OF SERVICES SUBJECT TO COST REIMBURSEMENT.** Only those services which are authorized for a facility pursuant to the medical care program shall be reimbursed under this chapter.

NEW SECTION. Sec. 45. **REIMBURSEMENT RATE FOR NEW CONTRACTOR.** (1) Prospective reimbursement rates for a new contractor will be established within sixty days following receipt by the department of the properly completed projected budget required by section 67 of this act. Such reimbursement rates will become effective as of the effective date of the contract.

(2) Such reimbursement rates will be based on the contractor's projected cost of operations through December 31st of the year the contract becomes effective, and

on costs and payment rates of the prior contractor, if any, and/or of other contractors in comparable circumstances.

(3) If a properly completed budget is not received at least sixty days prior to the effective date of the contract, the department will establish preliminary rates based on the other factors specified in subsection (2) of this section. These preliminary rates will remain in effect until a determination is made pursuant to section 46 of this act.

NEW SECTION. Sec. 46. RATE DETERMINATION—WHEN DETERMINED OR ADJUSTED. (1) Each contractor's reimbursement rates will be determined prospectively at least once each calendar year, to be effective July 1st.

(2) Rates may be adjusted as determined by the department to take into account variations of more than ten percent in the distribution of patient classifications from the prior reporting year, program changes, economic trends and conditions, and/or administrative review provided by section 78 of this act and shall be adjusted for any capitalized additions or replacements made as a condition for licensure or certification.

(3) Where the contractor participated in the provisions of prospective cost-related reimbursement in effect prior to the effective date of this act, such contractor's prospective rate effective July 1, 1982, will be determined utilizing his reported allowable costs for calendar year 1981.

(4) All prospective reimbursement rates for 1983 and thereafter shall be determined utilizing the prior year's audited cost reports.

NEW SECTION. Sec. 47. COST CENTERS. A contractor's reimbursement rates for medical care recipients will be determined utilizing audited cost report data within the following cost centers:

- (1) Nursing services;
- (2) Food;
- (3) Administration and operations; and
- (4) Property.

NEW SECTION. Sec. 48. NURSING SERVICES COST CENTER REIMBURSEMENT RATE. (1) The nursing services cost center shall include all costs related to the direct provision of nursing care and ancillary care including fringe benefits and payroll taxes for the nursing care and ancillary service personnel, and direct care supplies.

(2) For rate-setting purposes, the department shall determine standard hours for each classification established by the department pursuant to section 86 of this act. Such standard hours shall be the sum of the hours for nursing assistants, licensed practical nurses, and registered nurses.

(3) The standard base rate per classification shall be the sum of the products of at least ninety percent of the prevailing wages for the categories of nursing assistant, licensed practical nurse, and registered nurse, expressed as an hourly rate, based upon the state-wide salary survey conducted pursuant to RCW 41.06.160, multiplied by the respective components of the standard hours as determined in subsection (2) of this section.

(4) The nursing services cost center rate, excluding the special care rate provided by subsection (5) of this section, for each facility, shall be:

(a) The sum of the standard base rate per classification determined in subsection (3) of this section multiplied by the total patient days for the facility within each classification for the prior year, divided by the total patient days for the prior year for the facility, less special care patient days,

(b) Plus a factor to be determined annually by the department for the facility for fringe benefits, payroll taxes, ancillary care and direct care supplies; except that, the factor shall reflect the level of employee benefits, provided or agreed to, payroll taxes assessed, and/or ancillary services provided within each facility.

(5) Where the standard hours for rate setting purposes in subsection (2) of this section do not reflect the exceptional custodial or nursing care required for a patient, the department, upon verification of such exceptional custodial or nursing care, will negotiate a special rate for exceptional care for such patient. Such special rate will:

(a) Include the factors described in subparagraph (2)(b) of this section; and

(b) Be reimbursed to the facility independently of the nursing services cost center rate provided by subsection (4) of this section.

NEW SECTION. Sec. 49. FOOD COST REIMBURSEMENT RATE. (1) The food cost center shall include all costs for bulk and raw food and beverages purchased for the dietary needs of medical care recipients.

(2) The food cost reimbursement rate for each facility shall be computed as follows:

$FR = (TFC/TPD) 1.15$, where

FR = the facility food cost center reimbursement rate;

TFC = the total of all reporting facilities' food cost center costs; and

TPD = the total patient days for the prior year of all reporting facilities.

(3) Unless extended by law for an additional period of time, on and after July 1, 1984, the food cost reimbursement rate for each facility shall be computed as follows:

$FR = (TFC/TPD)$, where

FR = the facility food cost center reimbursement rate;

TFC = the total of all reporting facilities' food cost center costs; and

TPD = the total patient days for the prior year of all reporting facilities.

NEW SECTION. Sec. 50. ADMINISTRATION AND OPERATIONS COST CENTER REIMBURSEMENT RATE. (1) The administration and operations cost center shall include all items not included in the cost centers of nursing services, food, and property.

(2) The administration and operations cost center reimbursement rate for each facility shall be based on the computation in this subsection and shall not exceed the eighty-fifth percentile of (a) the rates of all reporting facilities derived from the computation below, or (b) reporting facilities grouped in accordance with subsection (3) of this section:

$AR = TAC/TPD$, where

AR = the administration and operations cost center reimbursement rate for a facility;

TAC = the total costs of the administration and operations cost center plus the retained savings from such cost center as provided in section 18 of this act of a facility; and

TPD = the total patient days for a facility for the prior year.

(3) The secretary may group facilities based on factors which could reasonably influence cost requirements of this cost center, other than ownership or legal organization characteristics.

NEW SECTION. Sec. 51. PROPERTY COST CENTER. The property cost center rate for each facility shall be determined by dividing the sum of the reported allowable prior period actual depreciation costs, subject to sections 31 through 38 of this act, adjusted for any capitalized additions or replacements approved by the department, and the retained savings from such cost center, as provided in section 18 of this act, by the total patient days for the facility in the prior period. If a capitalized addition or retirement of an asset will result in a different licensed bed capacity during the ensuing period, the prior period total patient days used in computing the property cost center rate shall be adjusted to anticipated patient day level.

When a certificate of need for a new facility is requested, the department, in reaching its decision, shall take into consideration per-bed land and building construction costs for the facility which shall not exceed a maximum to be established by the secretary.

NEW SECTION. Sec. 52. ADJUSTMENT OF COST CENTER RATES. The rates determined in sections 48 through 51 of this act shall be adjusted by the department utilizing appropriate indices or other measures of economic trends and conditions projected for the ensuing year.

NEW SECTION. Sec. 53. RETURN ON INVESTMENT ALLOWANCE. (1) The department shall first establish a total state-wide return on investment pool for use in determining individual facility return on investment allowances.

(a) In establishing the total state-wide return on investment pool the department shall determine the sum of net invested funds as of the end of the most recent reporting period of all facilities participating in the medical care program.

(b) In computing the portion of net invested funds representing the net book value of tangible fixed assets, the same assets, depreciation bases, lives, and methods referred to in sections 33, 35, 36, and 37 of this act, including owned and leased assets, shall be utilized, except that the capitalized cost of land upon which the facility is located and such other contiguous land which is reasonable and necessary for use in the regular course of providing patient care shall also be included. In the case of leased facilities where the net invested funds are unknown or the contractor is unable to provide necessary information to determine net invested funds, the secretary shall have the authority to determine an amount for net invested funds based on an appraisal conducted according to section 36(1) of this act.

(c) The sum of net invested funds shall then be multiplied by 1.4 times the average of the rates of interest on special issues of public debt obligations issued to the federal hospital insurance trust fund for the last completed calendar quarter prior to rate-setting to establish the total state-wide return on investment pool.

(2) The department shall establish for individual facilities return on investment allowances composed of two parts: A financing allowance and a variable return allowance.

(a) The financing allowance shall be determined by multiplying the net invested funds of each facility by 1.07 times the average of the rates of interest on special issues of public debt obligations issued to the federal hospital insurance trust fund for the last completed quarter prior to rate-setting, and dividing by the contractor's total patient days. If a capitalized addition or retirement of an asset will result in a different licensed bed capacity during the ensuing period, the prior period total patient days used in computing the financing and variable return allowances shall be adjusted to the anticipated patient day level.

(b) In determining the variable return allowance:

(i) The department will first rank all facilities in numerical order from highest to lowest according to their average per diem allowable costs for the sum of the administration and operations and property cost centers for the previous reimbursement period.

(ii) The department shall then compute the variable return allowance by multiplying the appropriate percentage amounts, which shall not be less than one percent and not greater than five percent, by the total prospective rate for each facility, as determined in sections 45 through 51 of this act. The percentage amounts will be based on groupings of facilities according to the rankings as established in subparagraph (2)(b)(i) of this section. Those groups of facilities with lower per diem costs shall receive higher percentage amounts than those with higher per diem costs.

(iii) Such percentage amounts shall be calculated so that the variable return allowance plus the financing allowance times the total patient days for each facility, when summed for all facilities, shall be as close in amount to the total state-wide

return on investment pool as is practical; except that, such percentage amounts for equivalent groups of facilities as determined in subparagraph (2)(b)(ii) of this section shall be no less than the percentage amounts as calculated pursuant to this subsection on July 1, 1982.

(c) The sum of the financing allowance and the variable return allowance shall be the return on investment for each facility, and shall be added to the prospective rates of each contractor as determined in sections 45 through 51 of this act.

(d) In the case of a facility which was leased by the contractor as of January 1, 1980, in an arm's-length agreement, which continues to be leased under the same lease agreement, and for which the annualized lease payment, plus any interest and depreciation expenses associated with contractor-owned assets, for the period covered by the prospective rates, divided by the contractor's total patient days, minus the property cost center determined according to section 51 of this act, is more than the return on investment allowance determined according to section 53(2)(c) of this act, the following shall apply:

(i) The financing allowance shall be recomputed substituting the fair market value of the assets as of January 1, 1980, as determined by the department of general administration through an appraisal procedure, for the net book value of the assets in determining net invested funds for the facility. A determination by the department of general administration of fair market value shall be final unless the procedure used to make such determination is shown to be arbitrary and capricious.

(ii) The sum of the financing allowance computed under subparagraph (2)(d)(i) of this section and the variable allowance shall be compared to the annualized lease payment, plus any interest and depreciation expenses associated with contractor-owned assets, for the period covered by the prospective rates, divided by the contractor's total patient days, minus the property cost center rate determined according to section 51 of this act. The lesser of the two amounts shall be called the alternate return on investment allowance.

(iii) The return on investment allowance determined according to section 53(2)(c) of this act or the alternate return on investment allowance, whichever is greater, shall be the return on investment allowance for the facility and shall be added to the prospective rates of the contractor as determined in sections 45 through 51 of this act.

(3) In the event that the department of health, education and welfare disallows the application of the return on investment allowances to nonprofit facilities, the department shall modify the measurements of net invested funds used for computing both total state-wide return on investment pool and individual facility return on investment allowances as follows: Net invested funds for each nonprofit facility shall be multiplied by one minus the ratio of equity funds to the net invested funds of all nonprofit facilities.

(4) Each biennium, beginning in 1983, the secretary shall review the adequacy of return on investment allowances in relation to anticipated requirements for maintaining, reducing, or expanding nursing care capacity. The secretary shall report the results of such review to the legislature and make recommendations for adjustments in the return on investment rates utilized in this section, if appropriate.

NEW SECTION. Sec. 54. If the legislature changes the methodology of property reimbursement established in this 1980 act, no affected contractor shall be entitled thereafter to receive such benefits as a matter of contractual right.

NEW SECTION. Sec. 55. **UPPER LIMITS TO REIMBURSEMENT RATES.** (1) The reimbursement rates shall not exceed the contractor's customary charges to the general public for comparable services.

(2) Rates shall not exceed the limits set forth in 42 CFR 450.30(b)(6).

NEW SECTION. Sec. 56. **NOTIFICATION OF RATES.** The department will notify each contractor in writing of its prospective reimbursement rates at least

thirty days in advance of the effective date. Unless otherwise specified at the time it is issued, the rate will be effective from the first day of the month in which it is issued until a new rate becomes effective. If a rate is changed as the result of an appeal in accordance with section 78 of this act, it will be effective as of the date the appealed rate became effective.

NEW SECTION. Sec. 57. ADJUSTMENTS REQUIRED DUE TO ERRORS OR OMISSIONS. (1) Prospective rates are subject to adjustment by the department as a result of errors or omissions by the department or by the contractor. The department will notify the contractor in writing of each adjustment and of its effective date, and of any amount due to the department or to the contractor as a result of the rate adjustment.

(2) The contractor shall pay an amount it owes the department resulting from an error or omission, or commence repayment in accordance with a schedule determined by the department, within sixty days after receipt of notification of the rate adjustment, unless the contractor contests the department's determination in accordance with the procedures set forth in section 78 of this act. If the determination is contested, the contractor shall pay or commence repayment within sixty days after completion of these proceedings. If a refund is not paid when due, the amount thereof may be deducted from current payments by the department.

(3) The department shall pay any amount it owes the contractor as a result of a rate adjustment within thirty days after it notifies the contractor of the rate adjustment.

(4) No adjustments will be made to a rate after final settlement, except as provided in section 17(2) of this act.

NEW SECTION. Sec. 58. PUBLIC REVIEW OF RATE-SETTING. The department shall provide all interested members of the public with an opportunity to review and comment on the proposed rate-setting factors, indices, measures, and guidelines not later than May 15th of each year prior to their being used to set rates.

NEW SECTION. Sec. 59. PUBLIC DISCLOSURE OF RATE-SETTING METHODOLOGY. In accordance with the provisions of section 82 of this act, the department will make available to the public full information regarding its factors, indices, measures, and guidelines.

PART F BILLING/PAYMENT

NEW SECTION. Sec. 60. BILLING PERIOD. A contractor shall bill the department for care provided to medical care recipients from the first through the last day of each calendar month.

NEW SECTION. Sec. 61. BILLING PROCEDURE. (1) A contractor shall bill the department each month by completing and returning a facility billing statement as provided by the department which shall include, but not be limited to:

- (a) Billing by cost center;
- (b) Total patient days; and
- (c) Patient days for medical care recipients.

The statement shall be completed and filed in accordance with rules and regulations established by the secretary.

(2) A contractor shall not bill the department for service provided to a recipient until an award letter of eligibility of such recipient pursuant to rules and regulations established according to the provisions of chapter 74.09 RCW has been received by the contractor except that, a contractor may bill and shall be reimbursed for all medical care recipients referred to the contractor's facility by the department prior to the receipt of the award letter of eligibility or the denial of such eligibility. At that time it may bill for service provided back through the date the recipient was admitted or became eligible.

(3) Billing shall cover the patient days of care.

NEW SECTION. Sec. 62. PAYMENT. (1) The department will reimburse a contractor for service rendered under the facility contract and billed in accordance with section 61 of this act.

(2) The amount paid will be computed using the appropriate rates assigned to the contractor.

(3) For each recipient, the department will pay an amount equal to the appropriate rates, multiplied by the number of patient days each rate was in effect, less the amount the recipient is required to pay for his or her care as set forth by section 63 of this act.

NEW SECTION. Sec. 63. CHARGES TO PATIENTS. (1) The department will notify a contractor of the amount each medical care recipient is required to pay for care provided under the contract and the effective date of such required contribution. It is the contractor's responsibility to collect that portion of the cost of care from the patient, and to account for any authorized reduction from his or her contribution in accordance with rules and regulations established by the secretary.

(2) If a contractor receives documentation showing a change in the income or resources of a recipient which will mean a change in his or her contribution toward the cost of care, this shall be reported in writing to the department within seventy-two hours and in a manner specified by rules and regulations established by the secretary. If necessary, appropriate corrections will be made in the next facility statement, and a copy of documentation supporting the change will be attached. If increased funds for a recipient are received by a contractor, an amount determined by the department shall be allowed for clothing and personal and incidental expense, and the balance applied to the cost of care.

(3) The contractor shall accept the reimbursement rates established by the department as full compensation for all services provided under the contract, certification as specified by Title XIX, and licensure under chapter 18.51 RCW. The contractor shall not seek or accept additional compensation from or on behalf of a recipient for any or all such services.

NEW SECTION. Sec. 64. SUSPENSION OF PAYMENT. (1) Payments to a contractor may be withheld by the department in each of the following circumstances:

(a) A required report is not properly completed and filed by the contractor within the appropriate time period, including any approved extension. Payments will be released as soon as a properly completed report is received;

(b) State auditors or authorized personnel in the course of their duties are refused access to a nursing home or are not provided with existing appropriate records. Payments will be released as soon as such access or records are provided;

(c) A refund in connection with an annual settlement or rate adjustment is not paid by the contractor when due. The amount withheld will be limited to the unpaid amount of the refund; and

(d) Payment for the final thirty days of service under a contract will be held pending final settlement when the contract is terminated.

(2) No payment will be withheld until written notification of the suspension is provided to the contractor, stating the reason therefor.

NEW SECTION. Sec. 65. TERMINATION OF PAYMENTS. All payments to a contractor will end no later than sixty days after any of the following occurs:

(1) A contract expires, is terminated or is not renewed;

(2) A facility license is revoked; or

(3) A facility is decertified as a Title XIX facility; except that, in situations where the secretary determines that residents must remain in such facility for a longer period because of the resident's health or safety, payments for such residents shall continue.

PART G
ADMINISTRATION

NEW SECTION. Sec. 66. CONDITIONS OF PARTICIPATION. In order to participate in the prospective cost-related reimbursement system established by this chapter, the person or legal organization responsible for operation of a facility shall:

(1) Obtain a state certificate of need and/or federal capital expenditure review (section 1122) approval pursuant to chapter 70.38 RCW and Part 100, Title 42 CFR where required;

(2) Hold the appropriate current license;

(3) Hold current Title XIX certification;

(4) Hold a current contract to provide services under this chapter; and

(5) Comply with all provisions of the contract and all application regulations, including but not limited to the provisions of this chapter.

NEW SECTION. Sec. 67. PROJECTED BUDGET FOR NEW CONTRACTORS. (1) Each new contractor shall submit a projected budget to the department at least sixty days before its contract will become effective.

(2) The projected budget shall cover the period to December 31st from the date the contractor will enter the program. It shall be prepared on forms and in accordance with rules and regulations established by the secretary.

NEW SECTION. Sec. 68. CHANGE OF OWNERSHIP. (1) On the effective date of a change of ownership the department's contract with the old owner shall be terminated. The old owner shall give the department thirty days' written notice of such termination. When certificate of need and/or section 1122 approval is required pursuant to chapter 70.38 RCW and Part 100, Title 42 CFR, for the new owner to acquire the facility, and the new owner wishes to continue to provide service to recipients without interruption, certificate of need and/or section 1122 approval shall be obtained before the old owner submits a notice of termination.

(2) If the new owner desires to participate in the cost-related reimbursement system, it shall meet the conditions specified in section 66 of this act and shall submit a projected budget in accordance with section 67 of this act no later than sixty days before the date of the change of ownership. The facility contract with the new owner shall be effective as of the date of the change of ownership.

NEW SECTION. Sec. 69. TERMINATION OF CONTRACT. (1) When a facility contract is terminated for any reason, the old contractor shall submit final reports as required by section 4 of this act. Payment for care provided during the final thirty days of service under a contract will be held until the contractor has filed a properly completed final audited cost report, and final settlement has been determined, such settlement not to exceed sixty days following submittal of the final audited cost report.

(2) Following final settlement, a payment withheld pursuant to subsection (1) of this section will be sent to the contractor after any overpayment determined in connection with final settlement has been deducted. If the contractor contests the settlement determination in accordance with section 17 of this act, the department will hold the amount in dispute pending completion of the appeal process, but will release the balance of such payment to the contractor.

(3) The department will release a payment which would be withheld pursuant to subsection (1) of this section, provided a bond issued by a bonding company acceptable to the department is filed by the contractor. The bond shall:

(a) Be in an amount equal to the released payment;

(b) Be for a term sufficient to ensure effectiveness after final settlement and the exhaustion of administrative and judicial remedies;

(c) Provide that the full amount of the bond shall be paid to the department if a properly completed final audited cost report is not filed in accordance with this

chapter, or if financial records supporting this record are not preserved and made available to the auditor; and

(d) Provide that an amount equal to any recovery the department determines is due from the contractor at settlement, but not exceeding the amount of the bond, shall be paid to the department in the event the contractor does not pay the refund within sixty days following receipt of written demand or the conclusion of administrative or judicial proceedings to contest settlement issues.

(4) If a contract is terminated solely in order for the same owner to contract with the department to deliver services to another classification of medical care recipients at the same facility, the contractor is not required to submit final cost reports, and payment for the final thirty days will not be withheld.

PART H

PATIENT TRUST FUNDS

NEW SECTION. Sec. 70. TRUST FUND ESTABLISHMENT. (1) Each contractor shall establish and maintain, as a service to the medical care recipient, a bookkeeping system incorporated into the business records for all recipient moneys entrusted to the contractor and received by the facility for the recipient.

(2) Such system will apply to a recipient who is:

(a) Incapable of handling his or her own money and the department or the recipient's guardian, relative, or physician makes written request of the facility to accept this responsibility; or

(b) Capable of handling his or her own money, but requests the facility in writing to accept this responsibility.

(3) The written requests provided in subsection (2) of this section shall be maintained by the contractor in the recipient's file.

(4) The recipient must be given at least a quarterly reporting of all financial transactions in his or her trust account. The representative payee, the guardian, and/or other designated agents of the recipient must be sent a copy of said reporting on the same basis as the recipient.

NEW SECTION. Sec. 71. TRUST FUND ACCOUNTS. (1) The contractor shall maintain a subsidiary ledger with an account for each recipient for whom the contractor has money in trust.

(2) Each account and related supporting records shall:

(a) Be kept current;

(b) Be balanced each month; and

(c) Show in detail, with supporting verification, all moneys received on behalf of the recipient and the disposition of all moneys so received.

(3) Records of each account shall be available for audit pursuant to section 14 of this act and shall be retained for a minimum of four years. When an account has attained the maximum limit established by rules and regulations promulgated by the secretary, the contractor will notify the department within five days.

(4) Any charge for medical services otherwise properly made to a recipient's trust account must be supported by a written denial of such services from the department.

NEW SECTION. Sec. 72. PETTY CASH FUND. (1) The contractor may maintain a petty cash fund originating from trust moneys of an amount determined by the department which shall be reasonable and necessary for the size of a facility and the needs of the recipients.

(2) Such petty cash fund shall be maintained as an imprest fund. All moneys over and above the trust fund petty cash amount shall be deposited intact, within twenty-four hours, in a trust fund checking account, separate and apart from any other bank account or accounts of the facility or other facilities.

(3) Cash deposits of recipient allowances from any source must be made intact to the trust account within one week from the time that payment of such allowances are received.

(4) Any related bankbooks, bank statements, checkbook, check register, and all voided and canceled checks, shall be made available for audit pursuant to section 14 of this act and shall be retained by the facility for not less than four years.

(5) No service charges for such checking account shall be paid from recipient trust moneys.

(6) The trust account per bank shall be reconciled monthly to the trust account per patient ledgers.

NEW SECTION. Sec. 73. TRUST MONEYS CONTROL/DISBURSEMENT. (1) Trust moneys shall be held in trust and are not to be turned over to anyone other than the recipient or the recipient's guardian without the written consent of the recipient, his designated agent as appointed by power of attorney, or an appropriate employee of the department designated by the secretary. Such trust moneys shall not be subject to attachment, execution, or other creditor remedies.

(2) When moneys are received, a receipt shall be filled out in duplicate; one copy shall be given to the person making payment of deposit, and the second copy shall be retained by the facility.

(3) Checks received by recipients shall be endorsed by the recipient. If the recipient is incapable of signing his or her name, the contractor shall secure the recipient's mark "X" followed by the printed name of the recipient and the signature of two witnesses.

(4) The recipient's trust account ledger sheet must be credited with any allowance received; referenced with the receipt number and supported by a copy of the deposit slip.

NEW SECTION. Sec. 74. TRUST MONEYS AVAILABILITY. Moneys held in trust for any recipient shall be available for his or her personal and incidental needs when requested by the recipient or one of the persons designated in section 73(1) of this act.

NEW SECTION. Sec. 75. PROCEDURE FOR REFUNDING TRUST MONEY. When a recipient is discharged and/or transferred, the balance of the recipient's trust account shall be returned either directly to the person within five days, or by mail. In either instance a receipt shall be obtained.

NEW SECTION. Sec. 76. LIQUIDATION OF TRUST FUND. (1) When a recipient has died, the contractor shall obtain a receipt from the next of kin, guardian, or duly qualified agent when releasing the balance of money held in trust. If there is no identified next of kin, guardian, or duly qualified agent, the department shall be contacted in writing within seven days for assistance in the release of the money held in trust.

(2) A check or other document showing payment to such next of kin, guardian, or duly qualified agent will serve as a receipt.

(3) Where the recipient leaves the facility without authorization and his or her whereabouts are not known:

(a) The facility will make a reasonable attempt to locate the missing recipient using the agencies of state or local government;

(b) If the recipient cannot be located after ninety days, the facility shall notify the department of revenue of the existence of abandoned property, pursuant to chapter 63.28 RCW. The facility will be required to deliver to the department of revenue the balance of the recipient's trust fund account within twenty days following such notification.

NEW SECTION. Sec. 77. DISPUTES. If a contractor wishes to contest the way in which a rule or contract provision relating to the prospective cost-related reimbursement system was applied to the contractor by the department, it shall first pursue the administrative review process set forth in section 78 of this act.

(2) The administrative review process in section 78 of this act need not be exhausted if a contractor wishes to challenge the legal validity of a statute, rule, or contract provision.

NEW SECTION. Sec. 78. ADMINISTRATIVE REVIEW PROCESS. (1) Within thirty days after a contractor is notified of an action or determination it wishes to challenge, the contractor shall request in writing that the secretary review such determination. The request shall be signed by the contractor or the licensed administrator of the facility, shall identify the challenged determination and the date thereof, and shall state as specifically as practicable the grounds for its contention that the determination was erroneous. Copies of any documentation on which the contractor intends to rely to support its position shall be included with the request.

(2) After receiving a request meeting the above criteria, the secretary or his designee will contact the contractor to schedule a conference for the earliest mutually convenient time. The conference shall be scheduled for no later than thirty days after a properly completed request is received unless both parties agree in writing to a specified later date.

MESSAGE FROM THE GOVERNOR
PARTIAL VETO SUBSTITUTE SENATE BILL NO. 3164

Office of the Governor, March 10, 1980.

TO THE HONORABLE, THE SENATE OF THE STATE OF WASHINGTON:
LADIES AND GENTLEMEN:

I am returning herewith without my approval as to one section of SUBSTITUTE SENATE BILL 3164 entitled:

"AN ACT Relating to urban area state parks".

Section 5 of this bill provides for the transfer of the Auburn Game Farm from the Game Commission to the State Parks and Recreation Commission for the purpose of preserving this property as an urban area state park. An appropriation of \$1,500,000 is made from General Fund—State revenues to compensate the Game Commission for the property.

While I strongly support the concept of urban area state parks, there is a necessity to be consistent with the priorities of the Statewide Comprehensive Outdoor Reaction Plan and the Interagency Committee for Outdoor Recreation Plan (IAC) if utilization of our scarce resources is to be most effective.

In addition, land acquisition projects submitted through the IAC are eligible for federal matching funds and should be maximized to the extent possible.

The effective date of this transfer is to be accomplished by July 31, 1981, the next biennium. This has the effect of obligating future legislatures.

Consequently, I have vetoed Section 5 and will ask the IAC to evaluate this proposal in their capital budget development plan for the 1981-83 biennium.

With the exception of Section 5, which I have vetoed, the remainder of Substitute Senate Bill 3164 is approved.

SINCERELY,
DIXY LEE RAY
Governor.

Referred to Rules.

**GOVERNOR'S MESSAGES ON SENATE BILLS
VETOED AND PARTIALLY VETOED**

—1980—

FORTY-SIXTH LEGISLATURE

REGULAR SESSION

Office of the Governor, April 4, 1980.

**TO THE HONORABLE, THE SENATE OF THE STATE OF
WASHINGTON.**

LADIES AND GENTLEMEN:

I am returning herewith without my approval **SUBSTITUTE SENATE BILL NO. 2977** entitled:

“An Act relating to energy conservation.”

I am vetoing Substitute Senate Bill No. 2977 for technical reasons. The intent of section 6 was to prohibit retroactive application of the amended law by exempting any building, to be renovated or constructed, for which an agency had completed a life cycle cost analysis by December 31, 1980. However, as worded, section 6 exempts the agency rather than the building. Thus, any agency that has ever done a life cycle cost analysis would not have to comply with the new law; this is not acceptable. Also unacceptable is signing the bill without it containing a clause that clearly makes its application prospective only.

As the bill undoubtedly will be reintroduced next session, all public agencies that would be affected should study the bill's provisions and be prepared to implement them. Life cycle cost analysis is an important element in our response to the demands of our energy situation and it is unfortunate that this bill is technically faulty.

For these reasons, I have determined to veto Substitute Senate Bill No. 2977.

Respectfully submitted,
DIXY LEE RAY
Governor.

Office of the Governor, April 4, 1980.

**TO THE HONORABLE, THE SENATE OF THE STATE OF
WASHINGTON.**

LADIES AND GENTLEMEN:

I am returning herewith without my approval as to part of **SUBSTITUTE SENATE BILL NO. 3207** entitled:

“An Act relating to superior court judges.”

Substitute Senate Bill No. 3207 creates five additional superior court judgeships in King County which have been made dependent upon county approval. I have no problem with the creation of the judgeships or the county approval conditions. However, the last five lines of the bill, added as a House amendment to the original Senate bill, provide an elective procedure for the

selection of judges to the newly created positions. I cannot support this provision for the reason that such procedure destroys the Governor's historic right to appoint judges to the newly created positions.

The State Supreme Court in *Fain v. Chapman* 89 Wn 2d 48, 569 P. 2d 1135 (1977) said the following about new judgeships:

"The provisions of Article 4, Section 5 of the constitution provide the framework within which newly created judgeships must be filled. The applicable provisions provides:

If a vacancy occurs in the office of judge of the superior court, the governor shall appoint a person to hold the office until the election and qualification of the judge to fill the vacancy, which election shall be at the next succeeding general election."

Since the governor has had this power in the past I am bound by the commands of my office to protect this historic authority so that it may remain a viable power for this and subsequent administrations.

I have given due consideration to the technical issue involved with this veto and am satisfied that the veto is within my authority. The issue that I mention is of course veto of less than a physical section. During the 1979 legislative session, a similar bill creating new judgeships was passed. It also provided for election procedures but the procedures were set out in a separate section. There was no question, at that time that I could separately veto the election procedures without invalidating the whole bill. There is no substantive change in the circumstances this time. Although the election procedures and judgeships creation have been placed together within one physical section, the subject matters remain separable. The State Supreme Court in *Apartment Ass'ns v. Evans* 88 Wn 2d 563, 564 P. 2d 788(1977) indicates that as long as the subject matter is separable, a veto may affect one part without the other.

For these reasons, I have determined to veto the last five lines of Substitute Senate Bill No. 3207.

Respectfully submitted,
DIXY LEE RAY
Governor.

Office of the Governor, April 4, 1980.
TO THE HONORABLE, THE SENATE OF THE STATE OF WASHINGTON.

LADIES AND GENTLEMEN:

I am returning herewith without my approval as to several sections SENATE BILL NO. 3240 entitled:

"An Act relating to state government."

The sections of this bill that establish legislative rules review committees and the procedures for that review are not necessary. All aspects of sections one through nine and 16 through 22, with the exception of publishing the notice of legislative dissent, can be accomplished within existing statutory authority and present administrative procedures.

With the exception of sections one through nine and 16 through 22 which I have vetoed, the remainder of Senate Bill No. 3240 is approved.

Respectfully submitted,
DIXY LEE RAY
Governor.

Office of the Governor, April 4, 1980.

TO THE HONORABLE, THE SENATE OF THE STATE OF WASHINGTON.

LADIES AND GENTLEMEN:

I am returning herewith without my approval as to two sections of SUBSTITUTE SENATE BILL NO. 3509 entitled:

“An Act relating to property tax relief.”

As a result of combining several legislative measures into one bill, RCW 84.36.381 has been amended by both sections 1 and 4 of this act and RCW 84.36.387 has been amended by both sections 2 and 6 of this act. Since the amendments by sections 1 and 2 of the act are duplicative of the amendments by section 4 and 6 and since leaving them all in this act will cloud the status of RCW 84.36.381 and 84.36.387, I have vetoed sections 1 and 2.

With the exception of sections 1 and 2, which I have vetoed, the remainder of Substitute Senate Bill No. 3509 is approved.

Respectfully submitted,
DIXY LEE RAY
Governor.

Office of the Governor, April 4, 1980.

TO THE HONORABLE, THE SENATE OF THE STATE OF WASHINGTON.

LADIES AND GENTLEMEN:

I am returning herewith without my approval as to three sections of SUBSTITUTE SENATE BILL NO. 3636 entitled:

“An Act relating to nursing homes.”

This bill makes some necessary revisions in the nursing care standards which were passed during the 1979 legislative session. Several of these items were found to be in conflict with federal regulations or proved to be difficult to administer. However, several amendments to the bill made during the waning hours of the session will, I believe, produce certain unintended effects.

Section 1 was considered earlier in committee but withdrawn for the very reasons I have vetoed it. Although it may have been intended as a positive incentive to permit the retention of savings from management efficiencies, the inadvertent effect would be to allow operators to retain overpayments or to unconscionably retain funds intended as wage increases for support personnel. This would undoubtedly create legal disputes between the Department of Social and Health Services and the federal government as well as nursing home operators.

Sections 2 and 3 permit private patients or their guardians to deny access of state inspectors . . . “to their person, their comprehensive plans of care

and their medical records . . .” Although this may have been intended to preserve the privacy of private patients, it would undermine the ability of the Department of Social and Health Services to assure quality of care for all nursing home residents — both those who are publicly and privately supported. Denying access to the state inspectors would only serve to increase the vulnerability of frail elderly and disabled nursing home residents. It also might jeopardize the ability of the department to certify compliance of facilities with federal regulations necessary for participation in the Medicare and Medicaid programs.

For the foregoing reasons, I have vetoed Sections 1, 2, and 3. The remainder of the bill is approved.

Respectfully submitted,
DIXY LEE RAY
Governor.
