The person shall, in addition, be required to complete a course at an alcohol information school approved by the department of social and health services. If, after completing an alcohol evaluation at the alcohol information school, the convicted person is found to have a serious alcohol problem, the alcohol information school may recommend more intensive alcoholism treatment in a program approved by the department of social and health services. In the alternative, the court may bypass alcohol information school if the court determines that more intensive alcoholism treatment in a program approved by the department of social and health services is appropriate. Standards for approval shall be prescribed by rule under the administrative procedure act, chapter 34.04 RCW. The courts shall periodically review the costs of alcohol information schools and treatment programs within their jurisdictions. Twenty-four consecutive hours of the jail sentence shall not be suspended or deferred unless the judge finds that the imposition of the jail sentence will pose a risk to the defendant's physical or mental well-being. Whenever the mandatory jail sentence is suspended or deferred, the judge must state, in writing, the reason for granting the suspension or deferral and the facts upon which the suspension or deferral is based. The court may impose conditions of probation that may include nonrepetition, alcohol or drug treatment, supervised probation, or other conditions that may be appropriate.

(2) On a second or subsequent conviction for driving or being in physical control of a motor vehicle while under the influence of intoxicating liquor or drugs within a five year period a person shall be punished by imprisonment for not less than seven days nor more than one year and by a fine not more than one thousand dollars. The jail sentence shall not be suspended or deferred unless the judge finds that the imposition of the jail sentence will pose a risk to the defendant's physical or mental well-being. Whenever the mandatory jail sentence is suspended or deferred, the judge must state, in writing, the reason for granting the suspension or deferral and the facts upon which the suspension or deferral is based. If such person at the time of a second or subsequent conviction is without a license or permit because of a previous suspension or revocation, the minimum mandatory sentence shall be ninety days in jail and a two hundred dollar fine. The penalty so imposed shall not be suspended or deferred. The person shall, in addition, be required to complete diagnostic evaluation at an alcoholism program approved by the department of social and health services or other diagnostic evaluation as the court designates. If the person is found to have an alcohol or drug problem requiring treatment, the person shall complete treatment at an approved alcoholism treatment facility or approved drug treatment center.
In addition to any nonsuspendable and nondeferrable jail sentence required by this subsection, the court shall sentence a person to a term of imprisonment not exceeding one hundred eighty days and shall suspend but shall not defer the sentence for a period not exceeding two years. The suspension of the sentence may be conditioned upon nonrepetition, alcohol or drug treatment, supervised probation, or other conditions that may be appropriate. The sentence may be imposed in whole or in part upon violation of a condition of suspension during the suspension period.

(3) There shall be levied and paid into the highway safety fund of the state treasury a penalty assessment in the minimum amount of twenty-five percent of, and which shall be in addition to, any fine, bail forfeiture, or costs on all offenses involving a violation of any state statute or city or county ordinance relating to driving a motor vehicle while under the influence of intoxicating liquor or being in actual physical control of a motor vehicle while under the influence of intoxicating liquor: PROVIDED, That all funds derived from such penalty assessment shall be in addition to and exclusive of assessments made under RCW 46.81.030 and shall be for the exclusive use of the department for driver services programs and for a statewide alcohol safety action program, or other similar programs designed primarily for the rehabilitation or control of traffic offenders. Such penalty assessment shall be included in any bail schedule and shall be included by the court in any pronouncement of sentence.

(4) Notwithstanding the provisions contained in chapters 3.16, 3.46, 3.50, 3.62, or 35.20 RCW, or any other section of law, the penalty assessment provided for in subsection (3) of this section shall not be suspended, waived, modified, or deferred in any respect, and all moneys derived from such penalty assessments shall be forwarded to the highway safety fund to be used exclusively for the purposes set forth in subsection (3) of this section.

(5) The license or permit to drive or any nonresident privilege of any person convicted of ((either of the offenses named in RCW 46.61.502 or 46.61.504)) driving or being in physical control of a motor vehicle while under the influence of intoxicating liquor or drugs shall:

(a) On the first conviction under either such offense, be suspended by the department for not less than thirty days: PROVIDED, That the court may recommend that no suspension action be taken. The treatment agency shall forward a copy of the completed diagnostic evaluation and treatment report to the department of licensing before the department may reinstate the person's driver's license. The department of licensing shall determine the person's eligibility for licensing based upon these reports and shall deny reinstatement until enrollment and participation in an approved program has been established and the person is otherwise qualified;

(b) On a second conviction under either such offense within a five year period, be suspended by the department for not less than sixty days. The treatment agency shall forward a copy of the completed diagnostic evaluation and treatment report to the department of licensing before the department may reinstate the person's driver's license. The department of licensing shall determine the person's eligibility for licensing based upon these reports as provided in RCW 46.20.031 and shall deny reinstatement until satisfactory progress in an approved program has been established and the person is otherwise qualified;

(c) On a third or subsequent conviction under either such offense within a five year period, be revoked by the department.

(6) In any case provided for in this section, where a driver's license is to be revoked or suspended, such revocation or suspension shall be stayed and shall not take effect until after the determination of any appeal from the conviction which may lawfully be taken, but in case such conviction is sustained on appeal such revocation or suspension shall take effect as of the date that the conviction becomes effective for other purposes.
The provisions of this section limiting the authority of a court to defer or suspend a sentence shall not take effect until January 1, 1980. The division of criminal justice, no later than December 31, 1980, shall submit a study to the house of representatives and to the senate which details the impact of the sentencing provisions established by this section. The impact study shall include, but shall not be limited to, the following information: The impact of the provisions upon county jail conditions and bed space, the cost impact of the provisions upon local and state governments, and the existence of alternative facilities to which individuals sentenced under this section may be committed.

For the purposes of this section, "ad valorem taxes" means:

(1) Ad valorem taxes subject to the aggregate limitation on tax levies by the state and all taxing districts in section 2 of this Article; and

(2) Ad valorem taxes levied by port districts and public utility districts, except for ad valorem taxes levied specifically for the purpose of making required payments of principal and interest on general indebtedness.

Nothing in this section authorizes the provision of public improvements which counties, cities, and towns may not otherwise provide.

Nothing in this section authorizes a county, city, or town to exercise powers of eminent domain contrary to the provisions of Article I, section 16.

Nothing in this section authorizes a county, city, or town to pledge all or part of its full faith and credit or any other tax revenues without complying with the laws relating to the incurring of general indebtedness, including Article VIII, section 1 and Article VIII, section 6, or to aggregate tax levies in excess of the limitation on levies in section 2 of this Article: PROVIDED, That no bonds that constitute general indebtedness and which use the funding mechanism contained in this section shall be issued to fund all or a portion of such specified public improvements unless a public hearing on the issue of such bonds is held prior to the time boundaries are created pursuant to this section. The notice for such a public hearing shall include: (1) A statement that the county, city, or town must pledge its full faith and credit toward the payment of any general indebtedness which uses the funding mechanism contained in the section; (2) A statement that in the absence of sufficient revenues under this funding mechanism, the debt service must be made from then existing taxes or other revenues, which may result in an increase in taxes or reduction in existing programs; and (3) An estimate of the dollar amount of debt service on such bonds per year, and an estimate of the total principal and interest payments required for the full term of the bonds. The use of the funding mechanism contained in this section to pay principal and interest on general indebtedness, which is not required to be approved by the voters pursuant to Article VIII, section 6, shall be subject to potential referendum approval by simple majority vote of the voters of the county, city, or town.

After the initial adoption of a law by the legislature authorizing the use of ad valorem taxes levied against increases in the true and fair value of real property to finance specified public improvements, no amendment to such act which expands the nature of the areas within which ad valorem taxes levied against increases in the true and fair value of real property may be used to finance specified public improvements, or adds to the purposes and types of public improvements that may be
financed with such revenues, or reduces the requirements which must be met if public obligations are incurred to fund the specified public improvements, shall be valid unless the amendment is enacted by a favorable vote of three-fifths of the members elected to each house of the legislature and is subject to referendum petition.

BE IT FURTHER RESOLVED, That the secretary of state shall cause notice of the foregoing constitutional amendment to be published at least four times during the four weeks next preceding the election in every legal newspaper in the state.

VITO T. CHIECHI, Chief Clerk.

MOTION

Senator Zimmerman moved the Senate concur in the House amendment to Engrossed Substitute Senate Joint Resolution No. 143.

Debate ensued.

The motion by Senator Zimmerman carried and the Senate concurred in the House amendment to Engrossed Substitute Senate Joint Resolution No. 143.

POINT OF INQUIRY

Senator Fleming: "Senator Zimmerman, on page 2 of the House committee amendment, in the definition section, it speaks to the ad valorem taxes levied by port districts and public utility districts, and I am wondering what that is in reference to?"

Senator Zimmerman: "This is one more, while they are redefining and including in the ad valorem taxes that they include the regular property tax levy plus they also are including the regular tax levies of port districts and PUDs, except for their debt service, their debt service on . . . levy on that. Now they wanted to tighten it down just that one more bit there, that was part of . . . the plan was to just tighten it down that bit more.

"I think that as far as ports and PUDs, I have not had any word that they were objecting to this. There has been no objection from . . . ."

Senator Fleming: "This does not indicate that they, ports and public utility districts supposed to participate under this program?"

Senator Zimmerman: "They previously had been included but in this version, counties and cities, we are taking those out; counties and cities . . . ."

Senator Fleming: "The only ones? I was just wondering if they were not included in this, why this was even in there?"

Senator Zimmerman: "That is, I cannot give you an adequate answer to that, but I know that they were, turned it down . . . ."

Senator Fleming: "The purpose of this is not to have them participate under the program?"

Senator Zimmerman: "Apparently that, yes."

MESSAGE FROM THE HOUSE

April 5, 1982.

Mr. President: The House has passed: ENGROSSED SECOND SUBSTITUTE SENATE BILL NO. 4603, with the following amendments:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Section 1. SHORT TITLE. This chapter may be known and cited as the Community Redevelopment Financing Act of 1982.

NEW SECTION. Sec. 2. DECLARATION. It is declared to be the public policy of the state of Washington to promote and facilitate the orderly development and economic stability of its urban areas. The provision of adequate government services and the creation of employment opportunities for the citizens within urban areas depends upon the economic growth and the strength of their tax base. The construction of necessary public improvements in accordance with local community planning will encourage investment in job-producing private development and will expand the public tax base.

It is the purpose of this chapter to allocate a portion of regular property taxes for limited periods of time to assist in the financing of public improvements which are needed to encourage private development of urban areas; to prevent or arrest the decay of urban areas due to the inability of existing financing methods to provide needed public improvements; to encourage local taxing districts to cooperate in the allocation of future tax revenues arising in urban areas in order to facilitate the long-term growth of their common tax base; and to encourage private investment within urban areas.

NEW SECTION. Sec. 3. DEFINITIONS. As used in this chapter the following terms have the following meanings unless a different meaning is clearly indicated by the context:

1) "Apportionment district" means the geographic area, within an urban area, from which regular property taxes are to be apportioned to finance a public improvement contained therein.

2) "Assessed value of real property" means the valuation of real property as placed on the last completed assessment roll of the county.

3) "City" means any city or town.

4) "Ordinance" means any appropriate method of taking a legislative action by a county or city, whether known as a statute, resolution, ordinance, or otherwise.

5) "Public improvement" means an undertaking to provide public facilities in an urban area which the sponsor has authority to provide.

6) "Public improvement costs" means the costs of design, planning, acquisition, site preparation, construction, reconstruction, rehabilitation, improvement, and installation of the public improvement; costs of relocation, maintenance, and operation of property pending construction of the public improvement; costs of utilities relocated as a result of the public improvement; costs of financing, including interest during construction, legal and other professional services, taxes, and insurance; costs
incurred by the assessor to revalue real property for the purpose of determining the
tax allocation base value that are in excess of costs incurred by the assessor in
accordance with his revaluation plan under chapter 84.41 RCW, and the costs of
apportioning the taxes and complying with this chapter and other applicable law;
and administrative costs reasonably necessary and related to these costs. These costs
may include costs incurred prior to the adoption of the public improvement ordi
nance, but subsequent to the effective date of this act.

(7) "Public improvement ordinance" means the ordinance passed under section
5(4) of this act.

(8) "Regular property taxes" means regular property taxes as now or hereafter
defined in RCW 84.04.140, except regular property taxes levied by port districts or
public utility districts specifically for the purpose of making required payments of
principal and interest on general indebtedness.

(9) "Sponsor" means any county or city initiating and undertaking a public
improvement.

(10) "Tax allocation base value of real property" means the true and fair value
of real property within an apportionment district for the year in which the appor
tionment district was established.

(11) "Tax allocation bonds" means any bonds, notes, or other obligations issued
by a sponsor pursuant to section 10 of this act.

(12) "Tax allocation revenues" means those tax revenues allocated to a sponsor
under section 8(1)(b) of this act.

(13) "Taxing districts" means any governmental entity which levies or has lev
ied for it regular property taxes upon real property located within a proposed or
approved apportionment district.

(14) "Value of taxable property" means value of taxable property as defined in
RCW 39.36.015.

(15) "Urban area" means an area in a city or located outside of a city that is
characterized by intensive use of the land for the location of structures and receiving
such urban services as sewers, water, and other public utilities and services normally
associated with urbanized areas. Not more than twenty-five percent of the area
within the urban area proposed apportionment district may be vacant land.

NEW SECTION. Sec. 4. AUTHORITY—LIMITATIONS. (1) Only public
improvements which are determined by the legislative authority of the sponsor to
meet the following criteria are eligible to be financed under this chapter:

(a) The public improvement is located within an urban area;
(b) The public improvement will encourage private development within the
apportionment district;
(c) The public improvement will increase the fair market value of the real
property located within the apportionment district;
(d) The private development which is anticipated to occur within the appor
tionment district as a result of the public improvement is consistent with an existing
comprehensive land use plan and approved growth policies of the jurisdiction within
which it is located;
(e) A public improvement located within a city has been approved by the legis
lative authority of such city; and
(f) A public improvement located within an urban area in an unincorporated
area has been approved by the legislative authority of the county within whose
boundaries the area lies.

(2) Apportionment of regular property tax revenues to finance the public
improvements is subject to the following limitations:

(a) No apportionment of regular property tax revenues may take place within a
previously established apportionment district where regular property taxes are still
apportioned to finance public improvements without the concurrence of the sponsor which established the district;

(b) No apportionment district may be established which includes any geographic area included within a previously established apportionment district which has outstanding bonds payable in whole or in part from tax allocation revenues;

(c) The total amount of outstanding bonds payable in whole or in part from tax allocation revenues arising from property located within a city shall not exceed two percent of the value of taxable property within the city, and the total amount of outstanding bonds payable in whole or in part from tax allocation revenues arising from property located within the unincorporated areas of a county shall not exceed two percent of the value of taxable property within the entire unincorporated area of the county; and

(d) No taxes other than regular property taxes may be apportioned under this chapter.

(3) Public improvements may be undertaken and coordinated with other programs or efforts undertaken by the sponsor or others and may be funded in whole or in part from sources other than those provided by this chapter.

NEW SECTION. Sec. 5. PROCEDURE FOR ADOPTION OF PUBLIC IMPROVEMENT. Public improvements funded by tax allocation revenues may only be located within an urban area. In order to secure an allocation of regular property taxes to finance a public improvement, a sponsor shall:

(1) Propose by ordinance a plan for the public improvement which includes a description of the contemplated public improvement, the estimated cost thereof, the boundaries of the apportionment district, the estimated period during which tax revenue apportionment is contemplated, and the ways in which the sponsor plans to use tax allocation revenues to finance the public improvement, and which sets at least three public hearings thereon before the legislative authority of the sponsor or a committee thereof: PROVIDED, That public hearings for the public improvement that is undertaken in combination or coordination by two or more sponsors may be held jointly; and public hearings, held before the legislative authority or a committee of a majority thereof may be combined with public hearings held for other purposes;

(2) At least fifteen days in advance of the hearing:

(a) Deliver notice of the hearing to all taxing districts, the county treasurer, and the county assessor, which notice includes a map or drawing showing the location of the contemplated public improvement and the boundaries of the proposed apportionment district, a brief description of the public improvement, the estimated cost thereof, the anticipated increase in property values within the apportionment district, the location of the sponsor's principal business office where it will maintain information concerning the public improvement for public inspection, and the date and place of hearing; and

(b) Post notice in at least six public places located in the proposed apportionment district and publish notice in a legal newspaper of general circulation within the sponsor's jurisdiction briefly describing the public improvement, the proposed apportionment, the boundaries of the proposed apportionment district, the location where additional information concerning the public improvement may be inspected, and the date and place of hearing;

(3) At the time and place fixed for the hearing under subsection (1) of this section, and at such times to which the hearing may be adjourned, receive and consider all statements and materials as may be submitted, and objections and letters filed before or within ten days thereafter;

(4) Within one hundred twenty days after completion of the public hearings, pass an ordinance establishing the apportionment district and authorizing the proposed public improvement, including any modifications which in the sponsor's opinion the hearings indicated should be made, which includes the boundaries of the
apportionment district, a description of the public improvement, the estimated cost thereof, the portion of the estimated cost thereof to be reimbursed from tax allocation revenues, the estimated time during which regular property taxes are to be apportioned, the date upon which apportionment of the regular property taxes will commence, and a finding that the public improvement meets the conditions of section 4 of this act.

NEW SECTION. Sec. 6. NOTICE OF PUBLIC IMPROVEMENT. Within fifteen days after enactment of the public improvement ordinance, the sponsor shall publish notice in a legal newspaper circulated within the designated apportionment district summarizing the final public improvement, including a brief description of the public improvement, the boundaries of the apportionment district, and the location where the public improvement ordinance and any other information concerning the public improvement may be inspected.

Within fifteen days after enactment of the public improvement ordinance, the sponsor shall deliver a certified copy thereof to each taxing district, the county treasurer, and the county assessor.

NEW SECTION. Sec. 7. DISAGREEMENTS BETWEEN TAXING DISTRICTS. (1) Any taxing district that objects to the apportionment district, the duration of the apportionment, the manner of apportionment, or the propriety of cost items established by the public improvement ordinance of the sponsor may, within thirty days after receipt of the ordinance, petition for review thereof by the state board of tax appeals. The state board of tax appeals shall meet within a reasonable time, hear all the evidence presented by the parties on matters in dispute, and determine the issues upon the evidence as may be presented to it at the hearing. The board may approve or deny the public improvement ordinance as enacted or may grant approval conditioned upon modification of the ordinance by the sponsor. The decision by the state board of tax appeals shall be final and conclusive but shall not preclude modification or discontinuation of the public improvement.

(2) If the sponsor modifies the public improvement ordinance as directed by the board, the public improvement ordinance shall be effective without further hearings or findings and shall not be subject to any further appeal. If the sponsor modifies the public improvement ordinance in a manner other than as directed by the board, the public improvement ordinance shall be subject to the procedures established pursuant to sections 5 and 6 of this act.

NEW SECTION. Sec. 8. APPORTIONMENT OF TAXES. (1) Upon the date established in the public improvement ordinance, but not sooner than the first day of the calendar year following the passage of the ordinance, the regular property taxes levied upon the assessed value of real property within the apportionment district shall be divided as follows:

(a) That portion of the regular property taxes produced by the rate of tax levied each year by or for each of the taxing districts upon the tax allocation base value of real property, or upon the assessed value of real property in each year, whichever is smaller, shall be allocated to and paid to the respective taxing districts; and

(b) That portion of the regular property taxes levied each year by or for each of the taxing districts upon the assessed value of real property within an apportionment district which is in excess of the tax allocation base value of real property shall be allocated and paid to the sponsor, or the sponsor’s designated agent, until all public improvement costs to be paid from the tax allocation revenues have been paid, except that the sponsor may agree to receive less than the full amount of such portion as long as bond debt service, reserve, and other bond covenant requirements are satisfied, in which case the balance of the taxes shall be allocated to the respective taxing districts as the sponsor and the taxing districts may agree.

(2) The county assessor shall revalue the real property within the apportionment district for the purpose of determining the tax allocation base value for the
apportionment district and shall certify to the sponsor the tax allocation base value as soon as practicable after the assessor receives notice of the public improvement ordinance and shall certify to the sponsor the total assessed value of real property within thirty days after the property values for each succeeding year have been established, except that the assessed value of state-assessed real property within the apportionment district shall be certified as soon as the values are provided to the assessor by the department of revenue. Nothing in this section authorizes revaluations of real property by the assessor for property taxation that are not made in accordance with the assessor's revaluation plan under chapter 84.41 RCW.

(3) The date upon which the apportionment district was established shall be considered the date upon which the public improvement ordinance was enacted by the sponsor.

(4) The apportionment of regular property taxes under this section shall cease when tax allocation revenues are no longer necessary or obligated to pay public improvement costs or to pay principal of and interest on bonds issued to finance public improvement costs and payable in whole or in part from tax allocation revenues. At the time of termination of the apportionment, any excess money and any earnings thereon held by the sponsor shall be returned to the county treasurer and distributed to the taxing districts which were subject to the allocation in proportion to their regular property tax levies due for the year in which the funds are returned.

NEW SECTION. Sec. 9. APPLICATION OF TAX ALLOCATION REVENUES. Tax allocation revenues may be applied as follows:

(1) To pay public improvement costs;
(2) To pay principal of and interest on, and to fund any necessary reserves for, tax allocation bonds;
(3) To pay into bond funds established to pay the principal of and interest on general obligation bonds issued pursuant to law to finance public facilities that are specified in the public improvement ordinance and constructed following the establishment of and within the apportionment district; or
(4) To pay any combination of the foregoing.

NEW SECTION. Sec. 10. GENERAL OBLIGATION BONDS. General obligation bonds which are issued to finance public facilities that are specified in the public improvement ordinance, and for which part or all of the principal or interest is paid by tax allocation revenues, shall be subject to the following requirements:

(1) The intent to issue such bonds and the maximum amount which the sponsor contemplates issuing are specified in the public improvement ordinance; and
(2) A statement of the intent of the sponsor to issue such bonds is included in all notices required by sections 5 and 6 of this act.

In addition, the ordinance or resolution authorizing the issuance of such general obligation bonds shall be subject to potential referendum approval by the voters of the issuing entity when the bonds are part of the non-voter approved indebtedness limitation established pursuant to RCW 39.36.020. If the voters of the county or city issuing such bonds otherwise possess the general power of referendum on county or city matters, the ordinance or resolution shall be subject to that procedure. If the voters of the county or city issuing such bonds do not otherwise possess the general power of referendum on county or city matters, the referendum shall conform to the requirements and procedures for referendum petitions provided for code cities in RCW 35A.11.100.

NEW SECTION. Sec. 11. TAX ALLOCATION BONDS. (1) A sponsor may issue such tax allocation bonds as it may deem appropriate for the financing of public improvement costs and a reasonable bond reserve and for the refunding of any outstanding tax allocation bonds.

(2) The principal and interest of tax allocation bonds may be made payable from:
(a) Tax allocation revenues;
(b) Project revenues which may include (i) nontax income, revenues, fees, and rents from the public improvement financed with the proceeds of the bonds, or portions thereof, and (ii) contributions, grants, and nontax money available to the sponsor for payment of costs of the public improvement or the debt service of the bonds issued therefor;
(c) Any combination of the foregoing.

(3) Tax allocation bonds shall not be the general obligation of or guaranteed by all or any part of the full faith and credit of the sponsor or any other state or local government, or any tax revenues other than tax allocation revenues, and shall not be considered a debt of the sponsor or other state or local government for general indebtedness limitation purposes.

(4) The terms and conditions of tax allocation bonds may include provisions for the following matters, among others:
(a) The date of issuance, maturity date or dates, denominations, form, series, negotiability, registration, rank or priority, place of payment, interest rate or rates which may be fixed or may vary over the life of the tax allocation bonds, bond reserve, coverage, and such other terms related to repayment of the tax allocation bonds;
(b) The application of tax allocation bond proceeds; the use, sale, or disposition of property acquired; consideration or rents and fees to be charged in the sale or lease of property acquired; consideration or rents and fees to be charged in the sale or lease of property within a public improvement; the application of rents, fees, and revenues within a public improvement; the maintenance, insurance, and replacement of property within a public improvement; other encumbrances, if any, upon or part of property within a public improvement, then existing or thereafter acquired; and the type of debts that may be incurred;
(c) The creation of special funds; the money to be so applied; and the use and disposition of the money;
(d) The securing of the tax allocation bonds by a pledge of property and property rights, by assignment of income generated by the public improvement, or by pledging such additional specifically described resources other than tax revenues as are available to the sponsor;
(e) The terms and conditions for redemption;
(f) The replacement of lost and destroyed bond instruments;
(g) Procedures for amendment of the terms and conditions of the tax allocation bonds;
(h) The powers of a trustee to enforce covenants and take other actions in event of default; the rights, liabilities, powers, and duties arising upon the breach of any covenant, condition, or obligation; and
(i) When consistent with the terms of this chapter, such other terms, conditions, and provisions which may make the tax allocation bonds more marketable and further the purposes of this chapter.

(5) Tax allocation bonds may be issued and sold in such manner as the legislative authority of the sponsor shall determine.

(6) The sponsor may also issue or incur obligations in anticipation of the receipt of tax allocation bond proceeds or other money available to pay public improvement costs.

NEW SECTION. Sec. 12. There is added to chapter 84.55 RCW a new section to read as follows:

ADJUSTMENT TO TAX LIMITATION. Pursuant to chapter 39.... RCW (sections 1 through 10 and 12 through 15 of this act), any increase in the assessed value of real property within an apportionment district resulting from new construction, improvements to property, or any increase in the assessed value of state-
assessed property shall not be included in the increase in assessed value resulting from new construction, improvements, or any increase in the assessed value of state-assessed property for purposes of calculating any limitations upon regular property taxes under this chapter until the termination of apportionment as set forth in section 8(4) of this act, as now or hereafter amended, except to the extent a taxing district actually will receive the taxes levied upon this value. Tax allocation revenues, as defined in section 3 of this act, as now or hereafter amended, shall not be deemed to be "regular property taxes" for purposes of this chapter.

NEW SECTION. Sec. 13. LEGAL INVESTMENTS. Tax allocation bonds authorized in this chapter shall be legal investments for any of the funds of the state and of municipal corporations, for trustees, and for other fiduciaries.

NEW SECTION. Sec. 14. NOTICE TO STATE. Whenever notice is required to be given to the state, notice shall be given to the director of revenue.

NEW SECTION. Sec. 15. CONCLUSIVE PRESUMPTION OF VALIDITY. No direct or collateral attack on any public improvement, public improvement ordinance, or apportionment district purported to be authorized or created in conformance with applicable legal requirements, including the requirements of this chapter, may be commenced more than thirty days after publication of notice as required by section 6 of this act.

NEW SECTION. Sec. 16. SUPPLEMENTAL NATURE OF CHAPTER. This chapter supplements and neither restricts nor limits any powers which the state or any municipal corporation might otherwise have under any laws of this state.

NEW SECTION. Sec. 17. CAPTIONS NOT PART OF LAW. As used in this act, captions constitute no part of the law.

NEW SECTION. Sec. 18. SEVERABILITY. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 19. Sections 1 through 10 and 12 through 15 of this act shall constitute a new chapter in Title 39 RCW., and the same is herewith transmitted.

The department is authorized to provide up to 100% of the costs necessary to meet the conditions required to receive federal funds.

(4) The appropriation from the state and local improvements revolving account—waste disposal facilities 1980 (Referendum 39) may be expended by the department to pay up to 75% of the eligible cost of any project as a grant or up to 100% as a loan, or combination thereof, for waste water treatment or disposal, agricultural pollution, lake rehabilitation, or solid waste management facilities. The department is authorized to provide up to 100% of the costs necessary to meet the conditions required to receive federal funds.

(5) $130,000 of the general fund—state appropriation is provided solely to augment current department planned expenditures for the assessment of sources of, and abatement programs for, toxic substances in Commencement Bay and its waterways. Of that amount:

This grant amount shall initially be based upon the best estimate of the total eligible design and construction costs or total eligible construction costs at the time of the grant award. This grant may be amended in accordance with the applicable grant percentage participation after bid award to reflect the actual bid award amount for construction costs, but in no case may the state's participation in the actual bid award amount exceed 10% of the original estimate for that same line item cost. Additionally, the grant shall be amended to allow for a 5% increase over the approved eligible bid amount including sales tax.

(d) The maximum grant to any municipality shall not exceed $150,000,000.

(e) The grant contract must contain provisions limiting grant participation in accordance with state regulations.

(f) The grant contract must contain provisions which stipulate limitations on cash flow to protect the statutory debt ceiling of the state and any other provisions to protect the financial interests of the state.

**PARLIAMENTARY INQUIRY**

Senator Bottiger: "Mr. President, point of parliamentary inquiry and I am looking at rule 58 which says in the second paragraph that 'No amendment to the omnibus appropriations bill, commonly known as the budget or supplemental budget, adding any new item, or items, thereto not incorporated in the bill as reported by the ways and means committee, shall be adopted except by the affirmative vote of two-thirds of the senators elected.'

"My question is, now that we have reported the bill out of the committee of the whole, and were it on second reading, does it take a two-thirds or simple majority to amend the bill? The point I make is that this is the capital budget, it is not the omnibus appropriation bill, nor is it commonly known as 'the budget' or 'supplemental budget.'"

**REMARKS BY SENATOR CLARKE**

Senator Clarke: "It is my recollection that when the Senate elects to resolve itself into a committee of the whole and consider amendments in the committee of the whole, and the committee then reports back, that regardless of what the bill is, it has been considered by the committee of the whole. The President has ruled that the amendment procedure has been accomplished and terminated in the committee of the whole, and when the report of the committee of the whole is adopted and the Senate elects to regard the action in the committee of the whole as a second reading of the bill an the motion is passed to advance to third reading, that, in substance, completes the amendment process."

**REPLY BY THE PRESIDENT**

President Cherberg: "In reply to Senator Bottiger, the President believes that the capital appropriation bill is an omnibus budget bill, therefore would require a two-thirds affirmative vote of the members elected to adopt an amendment."

**MOTION**

At 9:40 p.m., on motion of Senator Clarke, the Senate adjourned until 10:30 a.m., Wednesday, April 7, 1982.

NEW SECTION. Sec. 12. There is added to chapter 143, Laws of 1981 a new section to read as follows:

FOR THE DEPARTMENT OF SOCIAL AND HEALTH SERVICES

General Fund Appropriation—State and Local
Improvements Revolving Account—Water Supply Facilities: Appropriated pursuant to chapter 234, Laws of 1979 ex. sess. (Referendum 38) .................. $ 10,000,000

NEW SECTION. Sec. 13. The department of social and health services is authorized to proceed with Phase III of Referendum 37 under chapter 43.99C RCW according to the department's recommendation, involving nineteen projects and totaling $1,211,731.00. The moneys allocated in this section shall revert for reallocation if the final application for the project has not been submitted by December 31, 1982, and approved by March 31, 1983.

Sec. 14. Section 9, chapter 233, Laws of 1981 and RCW 28B.14G.900 are each amended to read as follows:

No provision of this chapter shall be deemed to repeal, override, or limit any provision of RCW 28B.15.210, 28B.15.310, (28B.15.401) 28B.15.402, 28B.20.700 through 28B.20.745, 28B.30.700 through 28B.30.780, or 28B.35.700 through 28B-35.790, nor any provision or covenant of the proceedings of the board of regents or board of trustees of any state institution of higher education hereafter taken in the issuance of its revenue bonds secured by a pledge of its general tuition fees and/or other revenues mentioned within such statutes. The obligation of the board to make the transfers provided for in RCW 28B.14G.060, chapters 28B.14C and 28B.14D RCW, and RCW ((28B.20.727)) 28B.20.757 shall be subject and subordinate to the lien and charge of any revenue bonds hereafter issued against general tuition fees and/or other revenues pledged to pay and secure such bonds, and on the moneys in the building account, capital project account, the individual institutions of higher education bond retirement funds and the University of Washington hospital local fund.

NEW SECTION. Sec. 15. The legislature recognizes that the local economies of many communities are heavily dependent on the timber and fishing industries of the state. The legislature also recognizes that the current economic recession has
created extraordinarily high rates of unemployment in these communities. Therefore, the intent of section 16 of this act is to provide the director of fisheries with the funds to undertake enhancement projects which will:

(1) Improve the streams and rivers of this state which are important to the success of the state's natural stocks of salmon;

(2) Create employment opportunities for the citizens of those communities in which unemployment rates are high as a result of unemployment in the timber and fishing industries;

(3) Provide maximum utilization of existing salmon stocks; and

(4) Develop and implement mini-modular mobile hatchery complexes on rehabilitated streams.

Sec. 16. Section 15, chapter 143, Laws of 1981 (uncodified) is amended to read as follows:

On motion of Senator Scott, the rules were suspended, Engrossed Substitute House Bill No. 1230, as amended by the Senate, was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

POINT OF INQUIRY

Senator Deccio: "Senator Scott, just to clarify the issue of substitute House bill 808, there is no direct reference to the two new prisons that are authorized under that bill and in our conversations, I just wanted to verify that substitute House bill 808 does carry its own appropriation and does not have to be included in this bill in order to be implemented?"
Senator Scott: "You are absolutely correct, Senator Deccio. The chapter 234 under which those projects are referenced, are carried in the preliminary jingles of this bill."

POINT OF INQUIRY

Senator Goltz: "Senator Scott, some place in this bill there is an appropriation for referendum 37 project and I believe it is done by reference to 19 project, and my question is, are those the projects which are contained in a list which was an addendum to a letter from Secretary Gibbs to you dated February 8, 1982? And these are the 19 projects which are recommended by DSHS in that list, is that correct?"

Senator Scott: "Senator Goltz, that also is correct."

Senator Goltz: "Thank you."

Further debate ensued.

POINT OF INQUIRY

Senator Vognild: "Senator Scott, I have a list in front of me that was put out to show what is in here. Starts out with $6,000,000 for fire service and on down. "Within the statutory limits of bonded indebtedness, how far down this list can we go?"

Senator Scott: "Again, Senator Vognild, it relates to the level interest rates remain at as the process of bonding continues. The last rate was just over 14% for the state; that would carry us down into category, forget whether they are numbered 1, 2, 3 or a through e, but any rate, category c or 3, whichever it is, probably into 4. Should interest rates decline due to the decline in inflation, as some suppose, we would be down into the last category.

"If, at the same time, revenues turn up more than are now, is now predicted, that would also have a favorable effect.

"So the span, I suppose, is a category— and—a—half, beginning with the low end of the third category and reaching down into the fifth one."

Senator Vognild: "One further question, Senator Scott, if I may. Is there an impact on the general fund of the state in this bill? Is there any impact on it?"

Senator Scott: "There is no impact on the general fund of the state in the remaining fourteen months of this biennium that is appreciable. There will be a continuing impact, of course. Normally the twenty-five year life of the bonds after they are let, and that impact will be first seen in the next biennium."

Senator Vognild: "Thank you, Senator Scott."

ROLL CALL

The Secretary called the roll on the final passage of Engrossed Substitute House Bill No. 1230, as amended by the Senate, and the bill failed to pass the Senate by the following vote: Yeas, 21; nays, 27; excused, 1.

Voting yea: Senators Benitz, Bluechel, Charnley, Clarke, Deccio, Fleming, Fuller, Gould, Guess, Hansen, Hayner, Hemstad, Jones, Kiskaddon, Moore, Newhouse, Patterson, Quigg, Ridder, Sellar, Zimmerman—21.

Excused: Senator Talley—1.

ENGROSSED SUBSTITUTE HOUSE BILL NO. 1230, as amended by the Senate having failed to receive the constitutional sixty percent majority, was declared lost.
STATEMENT FOR THE JOURNAL

Pursuant to Rule 34, I would like to protest the Senate's consideration of Engrossed Substitute House Bill 1230, which would greatly expand the bonded indebtedness of our state. The hypothetical news article below is an example of what I fear may happen in the future.

SEATTLE POST-TIMES
April 7, 2002

OLYMPIA, WA — The Taxpayer revolt spread to the state capitol today with 12,000 members of the irate taxpayers association descending on the state legislature to protest oppressively high taxes.

Joanne Craswell, granddaughter of former Kitsap County State Senator Ellen Craswell, and leader of the irate taxpayers, blamed spendthrift legislators who radically raised bonded indebtedness during the early 1980's.

"Legislators have got to realize that we cannot spend ourselves into prosperity," Ms. Craswell said. "The legislators of the 1980's simply did not realize—or did not care—that they were putting a terrible burden on their children and grandchildren."

Signed: SENATOR KENT PULLEN.

NOTICE OF RECONSIDERATION

Having voted on the prevailing side, Senator Scott served notice that he would, during this working day, move for reconsideration of the vote by which Engrossed Substitute House Bill No. 1230, as amended by the Senate, failed to pass the Senate.

MOTIONS

On motion of Senator Clarke, the Senate advanced to the eighth order of business.

On motion of Senator Clarke, the Committee on Ways and Means was relieved from further consideration of Senate Bill No. 4372 and Senate Bill No. 4250.

On motion of Senator Clarke, the rules were suspended, Senate Bill No. 4372 and Senate Bill No. 4250 was placed on the second reading calendar for today.

On motion of Senator Clarke, the Senate commenced consideration of Senate Bill No. 4372.

SECOND READING

SENATE BILL NO. 4372, Senator Scott:
Relating to revenue and taxation.
The bill was read the second time by sections.
Senator Scott moved adoption of the following amendment:
Strike everything after the enacting clause and insert the following:

"Section 1. Section 3, chapter 130, Laws of 1975-'76 2nd ex. sess. as amended by section 1, chapter 324, Laws of 1977 ex. sess. and RCW 82.04.2901 are each amended to read as follows:
From and after the first day of (June, 1976) April, 1982, until and including the thirtieth day of June, (1979) 1983, there is levied and shall be collected from every person for the act or privilege of engaging in business activities, as a part of the tax imposed by the provisions of RCW 82.04.220 through 82.04.290, inclusive, an additional tax in the amount of (six) two percent of the tax payable under the
provisions of RCW 82.04.220 through 82.04.290, inclusive. To facilitate collection of this additional tax, the department of revenue is authorized to adjust the basic rates of persons to which this section applies in such manner as to reflect the amount to the nearest one-thousandth of one percent of the additional tax hereby imposed, adjusting ten-thousandths equal to or greater than five ten-thousandths to the greater thousandth.

Sec. 2. Section 82.08.020, chapter 15, Laws of 1961 as last amended by section 1, chapter 8, Laws of 1981 2nd ex. sess. and RCW 82.08.020 are each amended to read as follows:

(1) There is levied and there shall be collected a tax on each retail sale in this state equal to four and one-half percent of the selling price: PROVIDED, That from and after the first day of December, 1981, until and including the thirtieth day of June, 1983, such tax shall be levied and collected in an amount equal to five and five-tenths percent of the selling price: PROVIDED FURTHER, That from and after the the first day of May, 1982, until and including the thirtieth day of June, 1983, there shall be levied and collected an additional tax in the amount of two percent of the taxes payable under this section. To facilitate collection of this additional tax, the department of revenue may adjust the rate of the additional tax to the next highest one-tenth of one percent if the additional tax is five one-hundredths of one percent or more, or to the next lowest one-tenth of one percent if the additional tax is less than five one-hundredths of one percent.

(2) The tax imposed under this chapter shall apply to successive retail sales of the same property.

(3) The rate, including any additional tax rate, provided in this section applies to taxes imposed under chapter 82.12 RCW as provided in RCW 82.12.020.

The total amount of motor vehicle excise taxes remitted to the department, except those payable under RCW 82.44.020(5), 82.44.030 and 82.44.070, from each county shall be multiplied by a fraction, the numerator of which is the population of the municipality residing in such county, and the denominator of which is the total population of the county in which such municipality or portion thereof is located. The product of this computation shall be the amount of excise taxes from motor vehicle owners residing within such municipality or portion thereof. Where the municipality levying a tax under RCW 35.58.273 is located in more than one county, the above computation shall be made by county, and the combined products shall provide the total amount of motor vehicle excise taxes from motor vehicle owners residing in the municipality as a whole. Population figures required for these computations shall be supplied to the director by the office of financial management, who shall adjust the fraction annually.

(2) On the first day of the months of January, April, July, and October of each year, the state treasurer based upon information provided by the department of licensing shall make the following apportionment and distribution of motor vehicle excise taxes deposited in the general fund except taxes collected under RCW 82.44.020(5). (b) Any remaining amounts in the state school equalization fund from the motor vehicle excise taxes not required for debt service on the above bond issues shall be transferred and credited to the general fund.

(3) The amount payable to cities and towns shall be apportioned among the several cities and towns within the state ratably, on the basis of the population as last determined by the office of financial management.

(4) When so apportioned, the amount payable to each such city and town shall be transmitted to the city treasurer thereof, and shall be utilized by such city or town for the purposes of police and fire protection and the preservation of the public health therein, and not otherwise. In case it be adjudged that revenue derived from the excise tax imposed by this chapter cannot lawfully be apportioned or distributed to cities or towns, all moneys directed by this section to be apportioned and distributed to cities and towns shall be credited and transferred to the state general fund.

(5) On the first day of the months of January, April, July, and October of each year, the state treasurer, based upon information provided by the department of licensing, shall remit motor vehicle excise tax revenues imposed and collected under RCW 35.58.273 as follows:

Any municipality that has not submitted the report by April 1 shall cease to be eligible to receive motor vehicle excise taxes under subsection (5) of this section until the report is received by the director of licensing. If a municipality has received more or less money under subsection (5) of this section for the period covered by the report than it is entitled to receive by reason of its locally-generated collected tax revenues, the director of licensing shall, during the next ensuing quarter that the municipality is eligible to receive motor vehicle excise tax funds, increase or decrease the amount to be remitted in an amount equal to the difference between the locally-generated budgeted tax revenues and the locally-generated collected tax revenues. In no event may the amount remitted for a calendar year exceed the amount collected on behalf of the municipality under RCW 35.58.273 during that same calendar year. At the time of the next fiscal audit of each municipality, the state auditor shall verify the accuracy of the report submitted and notify the director of licensing of any discrepancies.

(7) The motor vehicle excise taxes imposed under RCW 35.58.273 and required to be remitted under this section shall be remitted without legislative appropriation.

(1) Subject to other provisions of this chapter, each authorized insurer except title insurers shall on or before the first day of March of each year pay to the state treasurer through the commissioner's office a tax on premiums. Except as provided in subsection (2) of this section, such tax shall be in the amount of two percent of all premiums, excluding amounts returned to or the amount of reductions in premiums allowed to holders of industrial life policies for payment of premiums directly to an office of the insurer, collected or received by the insurer during the preceding calendar year in the case of foreign and alien insurers, and in the amount of one percent of all such premiums in the case of domestic insurers, for direct insurances, other than ocean marine and foreign trade insurances, after deducting premiums paid to policyholders as returned premiums, upon risks or property resident, situated, or to be performed in this state. For the purposes of this section the consideration received by an insurer for the granting of an annuity shall not be deemed to be a premium.

(2) In the case of insurers which require the payment by their policyholders at the inception of their policies of the entire premium thereon in the form of premiums or premium deposits which are the same in amount, based on the character of the risks, regardless of the length of term for which such policies are written, such tax shall be in the amount of two percent of the gross amount of such premiums and premium deposits upon policies on risks resident, located, or to be performed in this state, in force as of the thirty-first day of December next preceding, less the unused or unabsorbed portion of such premiums and premium deposits computed at the average rate thereof actually paid or credited to policyholders or applied in part payment of any renewal premiums or premium deposits on one-year policies expiring during such year.

Such gross underwriting profit shall be ascertained by deducting from the net premiums (i.e., gross premiums less all return premiums and premiums for reinsurance) on such ocean marine and foreign trade insurance contracts the net losses paid (i.e., gross losses paid less salvage and recoveries on reinsurance ceded) during such calendar year under such contracts. In the case of insurers issuing participating contracts, such gross underwriting profit shall not include, for computation of the tax prescribed by this subsection, the amounts refunded, or paid as participation dividends, by such insurers to the holders of such contracts.

((4))) (5) The state does hereby preempt the field of imposing excise or privilege taxes upon insurers or their agents, other than title insurers, and no county, city, town or other municipal subdivision shall have the right to impose any such taxes upon such insurers or their agents.
If an authorized insurer collects or receives any such premiums on account of policies in force in this state which were originally issued by another insurer and which other insurer is not authorized to transact insurance in this state on its own account, such collecting insurer shall be liable for and shall pay the tax on such premiums.

This section shall be effective as to and shall govern the payment of all taxes falling due after the effective date of this code.

(1) Upon every person engaging within this state in business as a harvester of timber; as to such persons the amount of tax imposed with respect to such business shall be equal to ((the stumpage value of timber harvested for sale or for commercial or industrial use multiplied by the appropriate rate as follows)):((a) For timber harvested between October 1, 1974 and June 30, 1983, inclusive, the stumpage value of timber harvested for sale or for commercial or industrial use multiplied by six and one-half percent(1/2); plus

(b) For timber harvested between April 1, 1982, and June 30, 1983, inclusive, two percent of the tax payable under (a) of this subsection. To facilitate collection of this additional tax, the department of revenue is authorized to adjust the total tax rate under this section to the nearest one-tenth of one percent, adjusting one-hundredths equal to or greater than five one-hundredths to the greater tenth.

(2) For purposes of this section:

(a) "Harvester" means every person who from his own privately owned land or from the privately owned land of another under a right or license granted by lease or contract, either directly or by contracting with others for the necessary labor or mechanical services fells, cuts or takes timber for sale or for commercial or industrial use. It does not include persons performing under contract the necessary labor or mechanical services for a harvester.

(b) "Timber" means forest trees, standing or down on privately owned land, and except as provided in RCW 84.33.170 includes Christmas trees.

(c) "Stumpage value of timber" means the appropriate stumpage value shown on tables to be prepared by the department of revenue pursuant to subsection (3) of this section.

(d) Timber shall be considered harvested at the time when in the ordinary course of business the quantity thereof by species is first definitely determined. The amount harvested shall be determined by the Scribner Decimal C Scale or other prevalent measuring practice adjusted to arrive at substantially equivalent measurements, as approved by the department of revenue.

(3) The department of revenue shall designate areas containing timber having similar growing, harvesting and marketing conditions to be used as units for the preparation and application of stumpage values. Each year on or before December 31 for use the following January through June 30, and on or before June 30 for use the following July through December 31, the department shall prepare tables of stumpage values of each species or subclassification of timber within such units, which values shall be the amount that each such species or subclassification would sell for at a voluntary sale made in the ordinary course of business for purposes of immediate harvest. Such stumpage values, expressed in terms of a dollar amount per thousand board feet or other unit measure, shall be determined from (a) gross proceeds from sales on the stump of similar timber of like quality and character at similar locations, and in similar quantities, or from (b) gross proceeds from sales of logs adjusted to reflect only the portion of such proceeds attributable to value on the stump immediately prior to harvest, or from a combination of (a) and (b), and shall be determined in a manner which makes reasonable and adequate allowances for
age, size, quality, costs of removal, accessibility to point of conversion, market conditions and all other relevant factors. Upon application from any person who plans to harvest damaged timber, the stumpage values for which have been materially reduced from the values shown in the applicable tables due to damage resulting from fire, blow down, ice storm, flood or other sudden unforeseen cause, the department shall revise such tables for any area in which such timber is located and shall specify any additional accounting or other requirements to be complied with in reporting and paying such tax. The preliminary area designations and stumpage value tables and any revisions thereof shall be subject to review by the ways and means committees of the house and senate prior to finalization. Tables of stumpage values shall be signed by the director or his designee and authenticated by the official seal of the department. A copy thereof shall be mailed to anyone who has submitted to the department a written request therefor.

(4) On or before the sixtieth day after the date of final adoption of any stumpage value tables, any harvester may appeal to the board of tax appeals for a revision of stumpage values for an area determined pursuant to subsection (3) of this section.

(5) There are hereby created in the state treasury a state timber tax account A and a state timber tax reserve account in the state general fund and any interest earned on the investment of cash balances shall be deposited in these accounts. The revenues from the tax imposed by subsection (1) of this section shall be deposited in state timber tax account A and state timber tax reserve account as follows:

<table>
<thead>
<tr>
<th>YEAR OF COLLECTION</th>
<th>ACCOUNT A</th>
<th>RESERVE ACCOUNT</th>
</tr>
</thead>
<tbody>
<tr>
<td>1973 and thereafter</td>
<td>100%</td>
<td>0%</td>
</tr>
</tbody>
</table>

The revenues from the tax imposed by subsection (1)(b) of this section shall be deposited in the state general fund.

(6) The tax imposed under this section shall be computed with respect to timber harvested each calendar quarter and shall be due and payable in quarterly installments and remittance therefor shall be made on or before the last day of the month next succeeding the end of the quarterly period in which the tax accrued. The taxpayer on or before such date shall make out a return, upon such forms and setting forth such information as the department of revenue may require, showing the amount of the tax for which he is liable for the preceding quarterly period, and shall sign and transmit the same to the department of revenue, together with a remittance for such amount.

(7) The taxes imposed by this section shall be in addition to any taxes imposed upon the same persons pursuant to one or more of sections RCW 82.04.230 to 82.04.290, inclusive, and RCW 82.04.440, and none of such sections shall be construed to modify or interact with this section in any way, except RCW 82.04.450 and 82.04.490 shall not apply to the taxes imposed by this section.

(8) Any harvester incurring less than ten dollars tax liability under this section in any calendar quarter shall be excused from the payment of such tax, but may be required by the department of revenue to file a return even though no tax may be due.

PARLIAMENTARY INQUIRY

Senator Rasmussen: "Mr. President, what is there to strike on a 'title only' bill? And are we proceeding in the proper order?"

REPLY BY THE PRESIDENT

President Cherberg: "The President believes that the striking amendment may be striking the new section 1, Senator Rasmussen."

POINT OF INFORMATION

Senator Rasmussen: "Could you tell me, Mr. President, I am not aware what section 1 is."
President Cherberg: "Section 1. This act may be known and cited as the revenue and taxation act of 1981."

Senator Rasmussen: "Thank you, Mr. President. And what we will do, is then striking the revenue and taxation act of 1981."

President Cherberg: "Possibly, Senator."

Senator Rasmussen: "Thank you. I learn something every day."

On motion of Senator Scott, the following amendment to the amendment was adopted:

On page 31, after line 26, insert the following:

"Sec. 31. Section 82.32.045, chapter 7, Laws of 1981 as amended by section 7, chapter 172, Laws of 1981 and RCW 82.32.045 are each amended to read as follows:

(1) Except as otherwise provided in this chapter, payments of the taxes imposed under chapters 82.04, 82.08, 82.12, 82.14, and 82.16 RCW, along with reports and returns on forms prescribed by the department, are due monthly within the number of days specified in the following table after the end of the month in which the taxable activities occur.

For activities occurring in Days
October, 1981 through March, 1982 25
April, 1982 through March, 1983 20
April, 1983 and thereafter 15

(2) Any taxpayer required to make monthly returns and payments pursuant to this section may elect to remit each month, on such forms as the department of revenue shall in its discretion prescribe, an estimate of the tax to be due for each month on or before the due date of the month next succeeding the end of the monthly period in which the tax accrued, and a separate quarterly return to the department on or before the last day of the month next succeeding the end of each quarter of every year and shall remit therewith the balance of the actual tax due for the period of the report: PROVIDED, That every person who shall elect to remit a monthly "estimate of the tax to be due" as hereinabove described shall remit in the same month in which the estimate is due that amount which is the greater of (i) one-third of the tax due during the corresponding quarter in the previous year or, (ii) ninety percent of the tax actually collected or owing for the month immediately preceding the month for which remittance is made.

(3) The department of revenue may relieve any taxpayer or class of taxpayers from the obligation of remitting monthly and may require the return to cover other longer reporting periods, but in no event may returns be filed for a period greater than one year. For these taxpayers, tax payments are due on or before the last day of the month next succeeding the end of the period covered by the return.

(4) The department of revenue may also require verified annual returns from any taxpayer, setting forth such additional information as it may deem necessary to correctly determine tax liability."

Renumber the sections consecutively and correct all internal references accordingly.

The motion by Senator Scott carried and the amendment to the amendment was adopted.

On motion of Senator Scott, the following amendment to the title was adopted:

On motion of Senator Scott, the following amendment to the title was adopted:

On page 33, on line 28, after "030;" insert the following "amending section 82.32.045, chapter 7, Laws of 1981 as amended by section 7, chapter 172, Laws of 1981, and RCW 82.32.045;"
Senator Talmadge: "Senator Scott, first question is whether or not there is any provision made in the bill for the poor and the elderly to, in some fashion, receive a rebate if they are, in fact, having to pay this sales tax on food?"

Senator Scott: "I am pleased that you asked that question, Senator Talmadge, because there have been several members from both sides of the aisle that have been pursuing the question during the last week."

"We tried a number of mechanisms, beginning with the idea in the Kansas plan, and found that there are several inhibiting factors that make it almost impossible to efficiently administer. The first is, as we know in this state, we are one of the few without an income tax and therefore any claimant would have to find and Xerox a copy of his 1040 or whatever he was using, mail it in with the claim in order to establish his income level. That is a relatively minor problem.

"A more major problem is that there would be a potential for those under $8,000, of 332,000 claimants. Compare this with the 250,000 total payees in a given year to the department of revenue now and you find out how much additional administrative staff would have to be added.

"Thirdly, the amount of the potential rebate we were looking into was $50 per household. Now a 4-person household under the sales tax rate suggested in this bill would pay about $200 a year in sales tax. In short, they would be eligible, should they be below the income level, $8,000 was the level we were using, to claim a rebate. The administrative costs of doing so would be between $7 and $10. In short, there would be between a 14% and a 20% administrative cost of doing it.

"The final reason was that if you expanded the base beyond that, at one time some member suggested to me they might want to include those on UC (Unemployment Compensation), some 200,000 people now. The added cost of providing for those people who may be in an even more difficult situation and those that are below $80,000, would have been an additional $72,000,000 on top of the $17,000,000 that would be necessary for the $50 rebate.

"And lastly, there is a question as to how many claimants there would be. Are you talking about $7,000,000 or $17,000,000? And in our predicament, we felt we needed to know.

"For all the reasons above, it was decided not to incorporate it."

Senator Talmadge: "The second question, Senator, was 'What winter session?'"

Senator Quigg: "Senator Scott, what impact does substitute Senate bill 4372 have on property taxes?"

Senator Scott: "None."

Senator Quigg: "Thank you."

Senator Hansen: "Senator Scott, on page 13, line 15, in answering your question, Senator Quigg, you said it would be 'none,' but as I read from line 15 to line 18, there would be an additional 1% excise tax on property from May of '82 until June of '83."

Senator Scott: "Senator, I stand corrected. I thought that Senator Quigg was referring to the basic property tax. The tax referred to is the 1% excise tax on transfer of property. That would be subject to the 2% increase on a thousand-dollar piece of property would go from $10 to $10.20, relatively minor figure, but it is not on property per se but on the privilege tax, the right of transferring property."
Senator Hansen: "In other words, I am reading this wrong then, because on line 14, 13 and 14, it says 'There is imposed an excise tax upon the sale of real estate property at the rate of 1\(\%\) of the selling price.'

Senator Scott: "That is existing law, Senator."

Senator Hansen: "That is existing law, but then on line 16, it says 'An additional tax shall be imposed in the amount of 2\(\%\). . . . "

Senator Scott: "2\(\%\) of the tax already payable . . . . "

Senator Hansen: "I stand corrected; thank you."

POINT OF INQUIRY

Senator Fuller: "Senator Scott, I always have trouble with this kind of double speaking (sic) statute language. And you tell us that this is to impose a tax on food. Now as I read page 29, section 29, it seems to say the opposite. Can you explain this to me, how we know what the rate is and how it is being applied?"

Senator Scott: "Senator Fuller, could you restate that, I am afraid I was too busy finding page 29."

Senator Fuller: "On page 29, section 29, and your language like you were explaining the bill to us, you said it imposed sales tax on food stuffs. As I read this section, it seems to say the opposite. Perhaps you could help me understand this language where it states the rates and how and where it is applied."

Senator Scott: "Well, the rate is applied on exactly the same food as we have now, plus, excuse me, the same products as we have now, plus it is applied to food and food products include, starting on line 20, 'All fruit juices, vegetable juices, beverages,' and so on. Food products do not include medicines per the earlier initiative by the legislature, take it off of medicine. The exemptions further are 'the food products do not apply to', and then you get down to the last paragraph and then you have all of the standard food products that are to be included under the sales tax. This is an extension to standard food products, less medicines, and the things that were previously taken off, I think it was by initiative, or by our action."

Senator Fuller: "Well, I am sorry to be so slow to catch this, but as I read the language there, it said 'The tax shall not apply to sales of food products for human consumption. Food products included . . . ' this is great variety of food there. I am not trying to be difficult, I am just trying to understand the thing."

REMARKS BY SENATOR McDERMOTT

Senator McDermott: "Mr. President, Senator Fuller, if you look on the bottom of page 28, you will see section 28 that repeals the sales tax exemption on food, 82.08.0284. Then the next sections, 29 and 30, reinstitute the exemptions, and if you look back on page 32, line 10, you will see sections 29 and 30 of this act shall take effect on July 1, '83."

"So section 28 takes the sales tax exemption out of the law, 29 and 30 put it back in the law, and put it into effect on July 1, 1983."

Senator Fuller: "Thank you, Senator McDermott."

POINT OF INQUIRY

Senator Wojahn: "Senator Scott, is there any provision in this bill, I cannot find it, is there any provision to remove the sales tax on food stamps, or will the person that buys food stamps be required to pay a sales tax when they acquire them?"

Senator Scott: "They are not now taxed nor will they be taxed, Senator Wojahn."

Senator Wojahn: "I know they are not taxed now but they were before the tax was removed on food."

Senator Scott: "There will not be a tax on food stamps."
Debate ensued.

Senator Scott moved adoption of the following amendment:
Strike everything after the enacting clause and insert the following:
"Section 1. Section 3, chapter 130, Laws of 1975-'76 2nd ex. sess. as amended by section 1, chapter 324, Laws of 1977 ex. sess. and RCW 82.04.2901 are each amended to read as follows:
From and after the first day of ((June, 1976)) April, 1982, until and including the thirtieth day of June, ((1979)) 1983, there is levied and shall be collected from every person for the act or privilege of engaging in business activities, as a part of the tax imposed by the provisions of RCW 82.04.220 through 82.04.290, inclusive, an additional tax in the amount of ((10%)) ten percent of the tax payable under the provisions of RCW 82.04.220 through 82.04.290, inclusive. To facilitate collection of this additional tax, the department of revenue is authorized to adjust the basic rates of persons to which this section applies in such manner as to reflect the amount to the nearest one-thousandth of one percent of the additional tax hereby imposed, adjusting ten-thousandths equal to or greater than five ten-thousandths to the greater thousandth.

Sec. 2. Section 82.08.020, chapter 15, Laws of 1961 as last amended by section 1, chapter 8, Laws of 1981 2nd ex. sess. and RCW 82.08.020 are each amended to read as follows:

(1) There is levied and there shall be collected a tax on each retail sale in this state equal to four and one-half percent of the selling price: PROVIDED, That from and after the first day of December, 1981, until and including the thirtieth day of June, 1983, such tax shall be levied and collected in an amount equal to five and five-tenths percent of the selling price: PROVIDED FURTHER, That from and after the first day of May, 1982, until and including the thirtieth day of June, 1983, there shall be levied and collected an additional tax in the amount of ten percent of the taxes payable under this section. To facilitate collection of this additional tax, the department of revenue may adjust the rate of the additional tax to the next highest one-tenth of one percent if the additional tax is five one-hundredths of one percent or more, or to the next lowest one-tenth of one percent if the additional tax is less than five one-hundredths of one percent.

(2) The tax imposed under this chapter shall apply to successive retail sales of the same property.

(3) The rate, including any additional tax rate, provided in this section applies to taxes imposed under chapter 82.12 RCW as provided in RCW 82.12.020.

Sec. 3. Section 82.08.150, chapter 15, Laws of 1961 as last amended by section 25, chapter 5, Laws of 1981 1st ex. sess. and RCW 82.08.150 are each amended to read as follows:
(1) There is levied and shall be collected a tax upon each retail sale of spirits, or strong beer in the original package at the rate of fifteen percent of the selling price. (2) There is levied and shall be collected a tax upon each sale of spirits, or strong beer in the original package at the rate of ten percent of the selling price on sales by Washington state liquor stores and agencies to class H licensees.

(3) There is levied and shall be collected an additional tax upon each retail sale of spirits in the original package at the rate of one dollar and seventy-two cents per liter. The additional tax imposed in this subsection shall apply to all such sales including sales by Washington state liquor stores and agencies, and including sales to class H licensees.

(4) From and after the first day of May, 1982, until and including the thirtieth day of June, 1983, there is imposed an additional tax in the amount of ten percent of the taxes payable under subsections (1), (2), and (3) of this section.

(5) The tax imposed in RCW 82.08.020, as now or hereafter amended, shall not apply to sales of spirits or strong beer in the original package.

((ff)) (6) The taxes imposed in this section shall be paid by the buyer to the seller, and each seller shall collect from the buyer the full amount of the tax payable in respect to each taxable sale under this section. The taxes required by this section to be collected by the seller shall be stated separately from the selling price and for purposes of determining the tax due from the buyer to the seller, it shall be conclusively presumed that the selling price quoted in any price list does not include the taxes imposed by this section.

((ff)) (7) As used in this section, the terms, "spirits," "strong beer," and "package" shall have the meaning ascribed to them in chapter 66.04 RCW.

Sec. 4. Section 82.08.160, chapter 15, Laws of 1961 as last amended by section 26, chapter 5, Laws of 1981 1st ex. sess. and RCW 82.08.160 are each amended to read as follows:

Sec. 9: Section 82.26.020, chapter 15, Laws of 1961 as last amended by section 71, chapter 278, Laws of 1975 1st ex. sess. and RCW 82.26.020 are each amended to read as follows:

(1) From and after June 1, 1971, there is levied and there shall be collected a tax upon the sale, use, consumption, handling, or distribution of all tobacco products in this state at the rate of forty-five percent of the wholesale sales price of such tobacco products: PROVIDED, That from and after the first day of May, 1982, until and including the thirtieth day of June, 1983, there shall be levied and collected an additional tax in the amount of ten percent of the tax payable under this subsection. Such tax shall be imposed at the time the distributor (a) brings, or causes to be brought, into this state from without the state tobacco products for sale, (b) makes, manufactures, or fabricates tobacco products in this state for sale in this state, or (c) ships or transports tobacco products to retailers in this state, to be sold by those retailers.
(2) A floor stocks tax is hereby imposed upon every distributor of tobacco products at the rate of twenty-five percent of the wholesale sales price of each tobacco product in his possession or under his control on July 1, 1959.

Each distributor, within twenty days after July 1, 1959 shall file a report with the department, in such form as the department may prescribe, showing the tobacco products on hand on July 1, 1959 and the amount of tax due thereon.

(1) In addition to all other taxes, licenses, or fees provided by law there is established an excise tax on the possession of food fish and shellfish for commercial purposes as provided in this chapter. The tax is levied upon and shall be collected from the owner of the food fish or shellfish whose possession constitutes the taxable event. The taxable event is the first possession by an owner after the food fish or shellfish have been landed. Processing and handling of food fish and shellfish by a person who is not the owner is not a taxable event to the processor or handler.

(2) A person in possession of food fish and shellfish and liable to this tax may deduct from the price paid to the person from which such food fish or shellfish (except oysters) are purchased an amount equal to a tax at one-half the rate levied in this section upon these products.

(3) The measure of the tax is the price paid by the first person in possession of the food fish or shellfish. If the food fish or shellfish are acquired other than by purchase or are purchased under conditions where the purchase price does not represent the value of the food fish or shellfish or these products are transferred outside the state without sale, the measure of the tax shall be determined as nearly as possible according to the selling price of similar products of like quality and character under rules adopted by the department of revenue.

(4) The tax shall be equal to the measure of the tax multiplied by the rates for food fish and shellfish as follows:

(a) Chinook, coho, and chum salmon: Five percent.
(b) Pink and sockeye salmon: Three percent.
(c) Other food fish and shellfish, except oysters: Two percent.
(d) Oysters: Seven one-hundredths of one percent.

Sec. 12. Section 82.44.020, chapter 15, Laws of 1961 as last amended by section 10, chapter 222, Laws of 1981 and RCW 82.44.020 are each amended to read as follows:

(1) An excise tax is imposed for the privilege of using in the state any motor vehicle, except those operated under reciprocal agreements, the provisions of RCW
46.16.160 as now or hereafter amended, or dealer's licenses. The annual amount of such excise tax shall be two percent of the fair market value of such vehicle.

(2) From and after August 1, 1978, and until August 1, 2008, an additional excise tax is imposed, in addition to any other tax imposed by this section, for the privilege of using in the state any such motor vehicle, and the annual amount of such additional excise shall be two-tenths of one percent of the fair market value of such vehicle.

(3) The department of licensing and county auditors shall collect the additional tax imposed by subsection (2) of this section for any registration year for the months of that registration year in which such additional tax is effective, and in the same manner and at the same time as the tax imposed by subsection (1) of this section.

(4) In no case shall the total tax be less than two dollars except for proportionally registered vehicles.

(5) From and after the first day of July, 1982, until and including the thirtieth day of June, 1983, a surtax is imposed, in addition to the taxes imposed by subsections (1) and (2) of this section, for the privilege of using in the state any such motor vehicle. The annual amount of such surtax shall be ten percent of the taxes payable under subsections (1) and (2) of this section.

Sec. 13. Section 82.44.110, chapter 15, Laws of 1961 as last amended by section 235, chapter 158, Laws of 1979 and RCW 82.44.110 are each amended to read as follows:

The county auditor shall regularly, when remitting license fee receipts, pay over and account to the director of licensing for the excise taxes collected under the provisions of this chapter. The director shall forthwith transmit the excise taxes to the state treasurer, ninety-eight percent of which excise tax revenue shall upon receipt thereof be credited by the state treasurer to the general fund, and two percent of which excise tax revenue shall be credited by the state treasurer to the motor vehicle fund to defray administrative and other expenses incurred by the state department of licensing in the collection of the excise tax: PROVIDED, That one hundred percent of the proceeds of the additional two-tenths of one percent excise tax imposed by RCW 82.44.020(1), as now or hereafter amended, shall be credited by the state treasurer to the Puget Sound capital construction account in the motor vehicle fund: PROVIDED FURTHER, That all revenues collected under RCW 82.44.020(5) shall be credited by the state treasurer to the general fund.

Sec. 14. Section 1, chapter 87, Laws of 1972 ex. sess. as last amended by section 4, chapter 175, Laws of 1979 ex. sess. and RCW 82.44.150 are each amended to read as follows:

(1) The director of licensing shall on the twenty-fifth day of February, May, August and November of each year, commencing with November, 1971, advise the state treasurer of the total amount of motor vehicle excise taxes remitted to the department of licensing during the preceding calendar quarter ending on the last day of March, June, September and December, respectively, except for those payable under RCW 82.44.020(5), 82.44.030 and 82.44.070, from motor vehicle owners residing within each municipality which has levied a tax under RCW 35.58.273, which amount of excise taxes shall be determined by the director as follows:

The total amount of motor vehicle excise taxes remitted to the department, except those payable under RCW 82.44.020(5), 82.44.030 and 82.44.070, from each county shall be multiplied by a fraction, the numerator of which is the population of the municipality residing in such county, and the denominator of which is the total population of the county in which such municipality or portion thereof is located. The product of this computation shall be the amount of excise taxes from motor vehicle owners residing within such municipality or portion thereof. Where the municipality levying a tax under RCW 35.58.273 is located in more than one county, the above computation shall be made by county, and the combined products
shall provide the total amount of motor vehicle excise taxes from motor vehicle owners residing in the municipality as a whole. Population figures required for these computations shall be supplied to the director by the office of financial management, who shall adjust the fraction annually.

(2) On the first day of the months of January, April, July, and October of each year, the state treasurer based upon information provided by the department of licensing shall make the following apportionment and distribution of motor vehicle excise taxes deposited in the general fund except taxes collected under RCW 82.44.020(5). A sum equal to seventeen percent thereof shall be paid to cities and towns in the proportions and for the purposes hereinafter set forth; a sum equal to seventy percent of all motor vehicle excise tax receipts, except taxes collected under RCW 82.44.020(5), shall be allocable to the state school equalization fund and credited and transferred each year in the following order of priority:

(a) The amount required and certified by the state finance committee each year as being necessary for payment of principal of and interest on bonds authorized by ((chapter 26, Laws of 1963 extraordinary session)) RCW 28A.47.760 through 28A.47.774 in the ensuing twelve months and any additional amounts required by the covenants of such bonds shall be transferred from the state school equalization fund to the 1963 public school building bond retirement fund.

(b) Any remaining amounts in the state school equalization fund from the motor vehicle excise taxes not required for debt service on the above bond issues shall be transferred and credited to the general fund.

(3) The amount payable to cities and towns shall be apportioned among the several cities and towns within the state ratably, on the basis of the population as last determined by the office of financial management.

(4) When so apportioned, the amount payable to each such city and town shall be transmitted to the city treasurer thereof, and shall be utilized by such city or town for the purposes of police and fire protection and the preservation of the public health therein, and not otherwise. In case it be adjudged that revenue derived from the excise tax imposed by this chapter cannot lawfully be apportioned or distributed to cities or towns, all moneys directed by this section to be apportioned and distributed to cities and towns shall be credited and transferred to the state general fund.

(5) On the first day of the months of January, April, July, and October of each year, the state treasurer, based upon information provided by the department of licensing, shall remit motor vehicle excise tax revenues imposed and collected under RCW 35.58.273 as follows:

(a) The amount required to be remitted by the state treasurer to the treasurer of any municipality levying the tax shall not exceed in any calendar year the amount of locally-generated tax revenues, excluding the excise tax imposed under RCW 35.58.273 for the purposes of this section, which shall have been budgeted by the municipality to be collected in such calendar year for any public transportation purposes including but not limited to operating costs, capital costs, and debt service on general obligation or revenue bonds issued for these purposes; and

(b) In no event may the amount remitted in a single calendar quarter exceed the amount collected on behalf of the municipality under RCW 35.58.273 during the calendar quarter next preceding the immediately preceding quarter.

(6) At the close of each calendar year accounting period, but not later than April 1, each municipality that has received motor vehicle excise taxes under subsection (5) of this section shall transmit to the director of licensing and the state auditor a written report showing by source the previous year’s budgeted tax revenues for public transportation purposes as compared to actual collections. Any municipality that has not submitted the report by April 1 shall cease to be eligible to receive motor vehicle excise taxes under subsection (5) of this section until the report is received by the director of licensing. If a municipality has received more or
less money under subsection (5) of this section for the period covered by the report than it is entitled to receive by reason of its locally-generated collected tax revenues, the director of licensing shall, during the next ensuing quarter that the municipality is eligible to receive motor vehicle excise tax funds, increase or decrease the amount to be remitted in an amount equal to the difference between the locally-generated budgeted tax revenues and the locally-generated collected tax revenues. In no event may the amount remitted for a calendar year exceed the amount collected on behalf of the municipality under RCW 35.58.273 during that same calendar year. At the time of the next fiscal audit of each municipality, the state auditor shall verify the accuracy of the report submitted and notify the director of licensing of any discrepancies.

(7) The motor vehicle excise taxes imposed under RCW 35.58.273 and required to be remitted under this section shall be remitted without legislative appropriation.

(8) Any municipality levying and collecting a tax under RCW 35.58.273 which does not have an operating, public transit system or a contract for public transportation services in effect within one year from the initial effective date of the tax shall return to the state treasurer all motor vehicle excise taxes received under subsection (5) of this section.

Sec. 15. Section 28A.45.060, chapter 223, Laws of 1969 ex. sess. as amended by section 2, chapter 154, Laws of 1980 and RCW 82.45.060 are each amended to read as follows:

There is imposed an excise tax upon each sale of real property at the rate of one percent of the selling price: PROVIDED, That from and after the first day of May, 1982, until and including the thirtieth day of June, 1983, an additional tax shall be imposed in the amount of ten percent of the tax payable under this section.

Sec. 16. Section 14.02, chapter 79, Laws of 1947 as last amended by section 2, chapter 233, Laws of 1979 ex. sess. and RCW 48.14.020 are each amended to read as follows:

(1) Subject to other provisions of this chapter, each authorized insurer except title insurers shall on or before the first day of March of each year pay to the state treasurer through the commissioner's office a tax on premiums. Except as provided in subsection (2) of this section, such tax shall be in the amount of two percent of all premiums, excluding amounts returned to or the amount of reductions in premiums allowed to holders of industrial life policies for payment of premiums directly to an office of the insurer, collected or received by the insurer during the preceding calendar year in the case of foreign and alien insurers, and in the amount of one percent of all such premiums in the case of domestic insurers, for direct insurances, other than ocean marine and foreign trade insurances, after deducting premiums paid to policyholders as returned premiums, upon risks or property resident, situated, or to be performed in this state. For the purposes of this section the consideration received by an insurer for the granting of an annuity shall not be deemed to be a premium.

(2) In the case of insurers which require the payment by their policyholders at the inception of their policies of the entire premium thereon in the form of premiums or premium deposits which are the same in amount, based on the character of the risks, regardless of the length of term for which such policies are written, such tax shall be in the amount of two percent of the gross amount of such premiums and premium deposits upon policies on risks resident, located, or to be performed in this state, in force as of the thirty-first day of December next preceding, less the unused or unabsorbed portion of such premiums and premium deposits computed at the average rate thereof actually paid or credited to policyholders or applied in part payment of any renewal premiums or premium deposits on one-year policies expiring during such year.

The county auditor shall regularly, when remitting license fee receipts, pay over and account to the director of licensing for the excise taxes collected under the provisions of this chapter. The director shall forthwith transmit the excise taxes to the state treasurer, ninety-eight percent of which excise tax revenue shall upon receipt thereof be credited by the state treasurer to the general fund, and two percent of which excise tax revenue shall be credited by the state treasurer to the motor vehicle fund to defray administrative and other expenses incurred by the state department.

(1) The director of licensing shall on the twenty-fifth day of February, May, August and November of each year, commencing with November, 1971, advise the state treasurer of the total amount of motor vehicle excise taxes remitted to the department of licensing during the preceding calendar quarter ending on the last day of March, June, September and December, respectively, except for those payable under RCW 82.44.020(5), 82.44.030 and 82.44.070, from motor vehicle owners residing within each municipality which has levied a tax under RCW 35.58.273, which amount of excise taxes shall be determined by the director as follows:

The total amount of motor vehicle excise taxes remitted to the department, except those payable under RCW 82.44.020(5), 82.44.030 and 82.44.070, from each county shall be multiplied by a fraction, the numerator of which is the population of the municipality residing in such county, and the denominator of which is the total population of the county in which such municipality or portion thereof is located. The product of this computation shall be the amount of excise taxes from motor vehicle owners residing within such municipality or portion thereof. Where the municipality levying a tax under RCW 35.58.273 is located in more than one county, the above computation shall be made by county, and the combined products shall provide the total amount of motor vehicle excise taxes from motor vehicle owners residing in the municipality as a whole. Population figures required for these computations shall be supplied to the director by the office of financial management, who shall adjust the fraction annually.

(2) On the first day of the months of January, April, July, and October of each year, the state treasurer based upon information provided by the department of licensing shall make the following apportionment and distribution of motor vehicle excise taxes deposited in the general fund except taxes collected under RCW 82.44.020(5). A sum equal to seventeen percent thereof shall be paid to cities and towns in the proportions and for the purposes hereinafter set forth; a sum equal to seventy percent of all motor vehicle excise tax receipts, except taxes collected under RCW 82.44.020(5), shall be allocable to the state school equalization fund and credited and transferred each year in the following order of priority:

(a) The amount required and certified by the state finance committee each year as being necessary for payment of principal of and interest on bonds authorized by (chapter 26, Laws of 1963 extraordinary session) RCW 28A.47.760 through 28A-.47.774 in the ensuing twelve months and any additional amounts required by the covenants of such bonds shall be transferred from the state school equalization fund to the 1963 public school building bond retirement fund.

(b) Any remaining amounts in the state school equalization fund from the motor vehicle excise taxes not required for debt service on the above bond issues shall be transferred and credited to the general fund.

(3) The amount payable to cities and towns shall be apportioned among the several cities and towns within the state ratably, on the basis of the population as last determined by the office of financial management.

(4) When so apportioned, the amount payable to each such city and town shall be transmitted to the city treasurer thereof, and shall be utilized by such city or town for the purposes of police and fire protection and the preservation of the public
health therein, and not otherwise. In case it be adjudged that revenue derived from
the excise tax imposed by this chapter cannot lawfully be apportioned or distributed
to cities or towns, all moneys directed by this section to be apportioned and distrib­
uted to cities and towns shall be credited and transferred to the state general fund.

(5) On the first day of the months of January, April, July, and October of each
year, the state treasurer, based upon information provided by the department of
licensing, shall remit motor vehicle excise tax revenues imposed and collected under
RCW 35.58.273 as follows:

(a) The amount required to be remitted by the state treasurer to the treasurer
of any municipality levying the tax shall not exceed in any calendar year the amount
of locally-generated tax revenues, excluding the excise tax imposed under RCW
35.58.273 for the purposes of this section, which shall have been budgeted by the
municipality to be collected in such calendar year for any public transportation pur­
poses including but not limited to operating costs, capital costs, and debt service on
general obligation or revenue bonds issued for these purposes; and

(b) In no event may the amount remitted in a single calendar quarter exceed
the amount collected on behalf of the municipality under RCW 35.58.273 during
the calendar quarter next preceding the immediately preceding quarter.

(6) At the close of each calendar year accounting period, but not later than
April 1, each municipality that has received motor vehicle excise taxes under sub­
section (5) of this section shall transmit to the director of licensing and the state
auditor a written report showing by source the previous year's budgeted tax revenues
for public transportation purposes as compared to actual collections. Any munici­
pality that has not submitted the report by April 1 shall cease to be eligible to
receive motor vehicle excise taxes under subsection (5) of this section until the
report is received by the director of licensing. If a municipality has received more or
less money under subsection (5) of this section for the period covered by the report
than it is entitled to receive by reason of its locally-generated collected tax revenues,
the director of licensing shall, during the next ensuing quarter that the municipality
is eligible to receive motor vehicle excise tax funds, increase or decrease the amount
to be remitted in an amount equal to the difference between the locally-generated
budgeted tax revenues and the locally-generated collected tax revenues. In no event
may the amount remitted for a calendar year exceed the amount collected on behalf
of the municipality under RCW 35.58.273 during that same calendar year. At the
time of the next fiscal audit of each municipality, the state auditor shall verify the
accuracy of the report submitted and notify the director of licensing of any
discrepancies.

(7) The motor vehicle excise taxes imposed under RCW 35.58.273 and required
to be remitted under this section shall be remitted without legislative appropriation.

(8) Any municipality levying and collecting a tax under RCW 35.58.273 which
does not have an operating, public transit system or a contract for public transpor­
tation services in effect within one year from the initial effective date of the tax shall
return to the state treasurer all motor vehicle excise taxes received under subsection
(5) of this section.

Except as provided in subsection (2) of this section, such tax shall be in the amount of two percent of all premiums, excluding amounts returned to or the amount of reductions in premiums allowed to holders of industrial life policies for payment of premiums directly to an office of the insurer, collected or received by the insurer during the preceding calendar year in the case of foreign and alien insurers, and in the amount of one percent of all such premiums in the case of domestic insurers, for direct insurances, other than ocean marine and foreign trade insurances, after deducting premiums paid to policyholders as returned premiums, upon risks or property resident, situated, or to be performed in this state. For the purposes of this section the consideration received by an insurer for the granting of an annuity shall not be deemed to be a premium.

(2) In the case of insurers which require the payment by their policyholders at the inception of their policies of the entire premium thereon in the form of premiums or premium deposits which are the same in amount, based on the character of the risks, regardless of the length of term for which such policies are written, such tax shall be in the amount of two percent of the gross amount of such premiums and premium deposits upon policies on risks resident, located, or to be performed in this state, in force as of the thirty-first day of December next preceding, less the unused or unabsorbed portion of such premiums and premium deposits computed at the average rate thereof actually paid or credited to policyholders or applied in part payment of any renewal premiums or premium deposits on one-year policies expiring during such year.

In the case of insurers issuing participating contracts, such gross underwriting profit shall not include, for computation of the tax prescribed by this subsection, the amounts refunded, or paid as participation dividends, by such insurers to the holders of such contracts.

(2) Any taxpayer required to make monthly returns and payments pursuant to this section may elect to remit each month, on such forms as the department of revenue shall in its discretion prescribe, an estimate of the tax to be due for each month on or before the due date of the month next succeeding the end of the monthly period in which the tax accrued, and a separate quarterly return to the department on or before the last day of the month next succeeding the end of each quarter of every year and shall remit therewith the balance of the actual tax due for the period of the report: PROVIDED, That every person who shall elect to remit a monthly "estimate of the tax to be due" as hereinafore described shall remit in the same month in which the estimate is due that amount which is the greater of (i) one-third of the tax due during the corresponding quarter in the previous year or, (ii) ninety percent of the tax actually collected or owing for the month immediately preceding the month for which remittance is made.

(3) The department of revenue may relieve any taxpayer or class of taxpayers from the obligation of remitting monthly and may require the return to cover other longer reporting periods, but in no event may returns be filed for a period greater than one year. For these taxpayers, tax payments are due on or before the last day of the month next succeeding the end of the period covered by the return.

(4) The department of revenue may also require verified annual returns from any taxpayer, setting forth such additional information as it may deem necessary to correctly determine tax liability."

MOTION

At 1:53 p.m., on motion of Senator Clarke, the Senate was declared to be at ease.

The President called the Senate to order at 2:04 p.m.

At 2:05 p.m., on motion of Senator Clarke, the Senate was declared to be at ease.

The President called the Senate to order at 2:09 p.m.

The Senate resumed consideration of Senate Bill No. 4250.
POINT OF INQUIRY

Senator Bottiger: "Senator Scott, as I read the amendment before us, it is purely permissive. It would allow a company to file an estimated return, taxpayer to file an estimated return ahead of the normal due date? Is there anything in there that I am not seeing?"

Senator Scott: "No."

The motion by Senator Scott carried and the amendment to the amendment was adopted.

The motion by Senator Scott carried and the amendment, as amended, was adopted.

Senator Scott moved adoption of the following amendment to the title:

On motion of Senator Scott, the following amendment by Senator Scott to the title amendment by Senator Scott was adopted:

On page 33, on line 28, after "030;" insert the following "amending section 82.32.045, chapter 7, Laws of 1981 as amended by section 7, chapter 172, Laws of 1981, and RCW 82.32.045;"

The motion by Senator Scott carried and the amendment to the title, as amended, was adopted.

On motion of Senator Scott, the rules were suspended, Engrossed Senate Bill No. 4250 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

Debate ensued.

ROLL CALL

The Secretary called the roll on the final passage of Engrossed Senate Bill No. 4250, and the bill passed the Senate by the following vote: Yeas, 25; nays, 22; excused, 2.

Excused: Senators Rasmussen, Talley—2.

ENGROSSED SENATE BILL NO. 4250, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

MOTION

On motion of Senator Clarke, Engrossed Senate Bill No. 4250 was ordered immediately transmitted to the House.

PERSONAL PRIVILEGE

Senator Shinpoch: "Mr. President, it seemed to me that leadership had a very fragile compromise worked out and it should not be disturbed until after the vote. But a portion of the debate that went on out here would lead you to believe that the committee that I worked on and the criteria that we had at the caucus did not act properly that this bill was somehow wrong.

"The three criteria that we started with out of our caucus, the first one was that a tax must first be fair. The second was that it should expand the base and that is where the problem comes in. And the third one is that it must be certain."

POINT OF ORDER

Senator Clarke: "I don't believe that is a personal privilege situation."

REMARKS BY SENATOR SHINPOCH

Senator Shinpoch: "Mr. President, Senator Patterson mentioned my name, he indicated that I was the one that set this, and I think I have a right to speak to that.

"Mr. President, the problem comes in to where 'expanding base' comes in. Some people obviously think that expanding the base means putting the sales tax on food that will severely disable the poor. Where we think that expanding the base
comes in, is closing some of the tax loopholes, doing away with some of the corporate welfare, doing away with some of the privileges for the wealthy and that is what we think by expanding the tax base."

POINT OF ORDER

Senator Clarke: "We submit that that is not personal privilege. It relates not to this legislator alone, but it relates to broad matters that are before the body and have been before the body."

REPLY BY THE PRESIDENT

President Cherberg: "Senator Clarke, Senator Patterson did mention Senator Shinpoch's name and Senator Shinpoch did explain and preface his remarks by saying that he did not want to jeopardize the vote, therefore the President felt that he was entitled to express himself in a personal manner.

"Senator Shinpoch, if you care to continue, please confine your remarks to a personal nature."

REMARKS BY SENATOR SHINPOCH

Senator Shinpoch: "Mr. President, I am not sure whether this would fit or not, but I will say it anyway, maybe you can take exception.

"I agreed with almost everything that Senator Patterson had to say except his understanding of what 'expanding the tax base' means, relative to some of you people and what I understand it to mean and what it meant to us when we laid those down as a criteria in the committee."

MOTION

On motion of Senator Clarke, the Senate returned to the fourth order of business.

MESSAGES FROM THE HOUSE

April 7, 1982.

Mr. President: The Speaker has signed:
SECOND SUBSTITUTE SENATE BILL NO. 4603,
SUBSTITUTE SENATE JOINT RESOLUTION NO. 143, and the same are herewith transmitted.

PATRICIA M. WILLIAMS, Chief Clerk.

April 7, 1982.

Mr. President: The House insists on its position regarding the Senate amendments to ENGROSSED SUBSTITUTE HOUSE BILL NO. 1217 and once again asks the Senate to recede therefrom, and said bill together with attached amendments thereto is herewith transmitted.

PATRICIA M. WILLIAMS, Chief Clerk.

MOTION

Senator Gould moved the rules be suspended and Engrossed Substitute House Bill No. 1217 be returned to second reading.
Senator Williams demanded a roll call and the demand was sustained.
MOTION

Senator Williams moved the Senate insist on its position on Engrossed Substitute House Bill No. 1217 and once again ask the House concur in the Senate amendments.

POINT OF ORDER

Senator Clarke: "It is my understanding, I raise the point of order on priority of motions. It is my understanding that the motion which is most likely to accomplish an agreement between the houses, is the affirmative motion, the motion that should be placed first. Obviously the motion to insist would not be in favor of endeavoring to get together with the House whereas the motion to return to second reading and place another amendment on the bill for consideration by the House, would be a motion which would be toward a concurrence between the two bodies and should therefore have priority."

REMARKS BY SENATOR FLEMING

Senator Fleming: "Mr. President, is that particular point of order statement that Senator Clarke gave in this a point of order that the Governor needs some time to consider it? I do not know what the amendment is and so I do not know, necessarily, that that amendment will take us closer together or not."

PARLIAMENTARY INQUIRY

Senator Williams: "Mr. President, the motion to insist on our position still leaves open the avenues in the future for either a conference committee or otherwise which is the normal procedure in terms of bringing the two houses together.

"The motion to move back to second reading from amending the bill, is a rather unusual procedure, and certainly has no predetermined decision before us in terms of what the action will be, once it is back to second reading, to indicate that that is a movement toward bringing the two houses together.

"So I would suggest that the motion to insist on our position, has precedence."

Debate ensued.

POINT OF ORDER

Senator Talmadge: "Mr. President, I would like to raise the point of order with respect to the vote that is required to suspend the rules in this instance. Rule 67 requires with respect to the reading of bills, that the rule with respect to three readings can be waived by a majority vote. However, rule 35 relating to the suspension of the rules, I believe, indicates that a two-thirds majority is required before a standing rule of the Senate may be waived.

"My point of order, Mr. President, is, would this requires a two-thirds vote or a majority vote to suspend the rules to take this bill back to second reading for purposes of an amendment?"

REPLY BY THE PRESIDENT

President Cherberg: "Inasmuch as the Senate is within the last ten days of the session, it would require a majority vote."
POINT OF ORDER

Senator Gould: "Another point of order. Would it be appropriate for me at this point to explain the amendment since some of the complaints have been that they do not know what the amendment contains?"

REPLY BY THE PRESIDENT

President Cherberg: "It may clarify the situation, yes, Senator Gould."
Further debate ensued.

MOTION

At 2:50 p.m., on motion of Senator Clarke, the Senate was declared to be at ease.

The President called the Senate to order at 3:56 p.m.

RULING BY THE PRESIDENT

President Cherberg: "In ruling upon the point of order raised concerning Engrossed House Bill 1217, the President believes that the time-honored procedure outlined in the joint rules and Reed's rules should be followed. Therefore the point of order raised by Senator Clarke is not well taken.

"The President would like to remark that the Senate in its wisdom may wish to request once again that the House concur in the Senate amendments. Failing this, the Senate may wish to request a conference thereon as provided in both Senate and joint rules.

"The question before the Senate is a motion by Senator Williams that the Senate refuse to recede from its amendments and request of the House that it concur."

MOTION

Senator Clarke moved the recede from its amendments to Engrossed Substitute House Bill No. 1217.
Debate ensued.

POINT OF INQUIRY

Senator Talmadge: "Senator Bottiger, my recollection in caucus the other day was that you had indicated that bond counsel, at least up until 1977, had been of the opinion that should the Governor appoint members of the executive board of WPPSS or the executive authority of WPPSS, that there might be a question with respect to the full faith and credit of the state.

"Was that your statement in caucus the other day?"

Senator Bottiger: "Senator Talmadge, approximately 99%. I was reciting that in 1977 I had introduced a bill to have a 3-member board, totally replace the existing WPPSS' board and go with the 3-member board appointed by the Governor.

"At that time the committee and many of us, individually, were urged not to do that because we then exposed the state to liability by making clearly a state agency.

"It is a little bit of difference, but yet the advice then was 'You are treading on the possibility of state liability.'"

Further debate ensued.

Senator Williams demanded a roll call and the demand was sustained.

The President declared the question before the Senate to be the roll call on the motion by Senator Clarke, that the Senate recede from its amendments to Engrossed Substitute House Bill No. 1217.
ROLL CALL

The Secretary called the roll and the motion carried by the following vote:
Yeas, 26; nays, 21; excused, 2.
Excused: Senators Rasmussen, Talley—2.

MOTION

Senator Clarke moved the rules be suspended and Engrossed Substitute House Bill No. 1217 be returned to second reading.
Senator Williams demanded a roll call and the demand was sustained.

ROLL CALL

The Secretary called the roll and the motion carried by the following vote:
Yeas, 27; nays, 20; excused, 2.

Excused: Senators Rasmussen, Talley—2.

SECOND READING

ENGROSSED SUBSTITUTE HOUSE BILL NO. 1217, by Select Committee on Deregulation and Productivity (originally sponsored by Representatives Williams, Vander Stoep and Tupper):
Modifying provisions in joint operating agencies.
Senator Gould moved adoption of the following amendment:
Strike everything after the enacting clause and insert the following:
"Section 1. Section 43.52.250, chapter 8, Laws of 1965 as last amended by section 1, chapter 1, Laws of 1981 1st ex. sess. and RCW 43.52.250 are each amended to read as follows:
As used in this chapter and unless the context indicates otherwise, words and phrases shall mean:

"City" means any city or town in the state of Washington authorized to engage in the business of generating and/or distributing electricity.
"Canada" means Canada or any province thereof.
"Operating agency" or "joint operating agency" means a municipal corporation created pursuant to RCW 43.52.360, as now or hereafter amended."
"Board of directors" means the board established under RCW 43.52.370.
"Executive board" means the board established under RCW 43.52.374.
"Board" means the board of directors of the joint operating agency unless the operating agency is constructing, operating, terminating, or decommissioning a nuclear power plant under a site certification agreement under chapter 80.50 RCW, in which case "board" means the executive board.

"Public utility" means any person, firm or corporation, political subdivision or governmental subdivision including cities, towns and public utility districts engaged in or authorized to engage in the business of generating, transmitting or distributing electric energy.

"Revenue bonds or warrants" means bonds, notes, bond anticipation notes, warrants, certificates of indebtedness, commercial paper, refunding or renewal obligations, payable from a special fund or revenues of the utility properties operated by the joint operating agency.

Sec. 2. Section 43.52.370, chapter 8, Laws of 1965 as last amended by section 1, chapter 3, Laws of 1981 1st ex. sess. and RCW 43.52.370 are each amended to read as follows:

(1) Except as provided in subsection (2) of this section, the management and control of an operating agency shall be vested in a board of directors, herein sometimes referred to as the board. The legislative body of each member of an operating agency shall appoint a representative who may, at the discretion of the member and regardless of any charter or other provision to the contrary, be an officer or employee of the member, to serve on the board of the operating agency. Each representative shall have one vote and shall have, in addition thereto, one vote for each block of electric energy equal to ten percent of the total energy generated by the agency during the preceding year purchased by the member represented by such representative. Each member may appoint an alternative representative to serve in the absence or disability of its representative. Each representative shall serve at the pleasure of the member. The board of an operating agency shall elect from its members a president, vice president and secretary, who shall serve at the pleasure of the board. The president and secretary shall perform the same duties with respect to the operating agency as are provided by law for the president and secretary, respectively, of public utility districts, and such other duties as may be provided by motion, rule or resolution of the board. The board of an operating agency shall adopt rules for the conduct of its meetings and the carrying out of its business, and adopt an official seal. All proceedings of an operating agency shall be by motion or resolution and shall be recorded in the minute book which shall be a public record. A majority of the board members shall constitute a quorum for the transaction of business. A majority of the votes which the members present are entitled to cast shall be necessary and sufficient to pass any motion or resolution: PROVIDED, That such board members are entitled to cast a majority of the votes of all members of the board. The members of the board of an operating agency may be compensated by such agency as is provided in RCW 43.52.290: PROVIDED, That the per diem compensation to any member shall not exceed five thousand dollars in any year except for board members who are elected to serve on an executive board established under RCW 43.52.374, in which case per diem compensation to any member shall not exceed ten thousand dollars in any year.

(2) If an operating agency is constructing, operating, terminating, or decommissioning a nuclear power plant under a site certification agreement under chapter 80.50 RCW, the powers and duties of the board of directors shall include and are limited to the following:

(a) Final authority on any decision of the operating agency to purchase, acquire, construct, ((or sell)) terminate, or decommission any power plants, works, and facilities except that once the board of directors has made a final decision
regarding a nuclear power plant, the executive board established under RCW 43.52.374 shall have the authority to make all subsequent decisions regarding the plant and any of its components; and

(b) ((Acceptance of rejection of bids or offers for bonds and the sale and issuance of bonds. PROVIDED, That the board may delegate this authority to the executive board;

(c) Appointment of a treasurer under RCW 43.52.375;

(d)) Election of members to and removal from the executive board under RCW 43.52.374(1)(a);

(e) Approve annual budgets submitted by the executive board, and

(f) Select, appoint, and establish the compensation of the outside directors as provided in RCW 43.52.374)).

All other powers and duties of the operating agency, including without limitation authority for all actions subsequent to final decisions by the board of directors, including but not limited to the authority to sell any power plant, works, and facilities are vested in the executive board established under RCW 43.52.374.

Sec. 3. Section 2, chapter 3, Laws of 1981 1st ex. sess. and RCW 43.52.374 are each amended to read as follows:

(1) With the exception of the powers and duties of the board of directors described in RCW 43.52.370(2), the management and control of an operating agency constructing, operating, terminating, or decommissioning a nuclear power plant under a site certification agreement under chapter 80.50 RCW is vested in an executive board established under this subsection and consisting of eleven members.

(a) Seven members of the executive board shall be elected to four-year terms by the board of directors from among the members of the board of directors. The board of directors may provide by rule for the composition of the seven members of the executive board elected from among the members of the board of directors so as to reflect the member public utility districts' and cities' participation in the joint operating agency's projects. The board of directors may also provide by rule for the removal of a member of the executive board, except for the outside directors. Members of the board of directors may be elected to serve successive terms on the executive board.

(b) Four members of the executive board shall be outside directors and shall be selected and appointed by the governor and confirmed by the senate. The outside directors shall:

(i) Serve four-year terms on the executive board. However, of the initial members of the executive board, the governor shall appoint two outside directors to serve two-year terms and two to serve four-year terms. Thereafter, all outside directors shall be appointed for four-year terms. All outside directors are eligible for reappointment;

(ii) Receive per diem compensation and travel expenses on the same basis as the seven members elected from the board of directors. The outside directors shall also receive a salary from the operating agency as fixed by the governor;

(iii) Not be an officer or employee of, or in any way affiliated with, the Bonneville power administration or any electric utility conducting business in the states of Washington, Oregon, Idaho, or Montana;

(iv) Not be involved in the financial affairs of the operating agency as an underwriter or financial adviser of the operating agency or any of its members or any of the participants in any of the operating agency's plants; and

(v) Be representative of policy makers in business, finance, or science, or be recognized experts in the construction or management of such facilities as the operating agency is constructing or operating, or have expertise in the termination, disposition, or liquidation of corporate assets.
The governor may remove outside directors from the executive board for incompetency, misconduct, or malfeasance in office in the same manner as state appointive officers under chapter 43.06 RCW. For purposes of this subsection, misconduct shall include, but not be limited to, nonfeasance and misfeasance.

(2) Nothing in this chapter shall be construed to mean that an operating agency is in any manner an agency of the state. Nothing in this chapter alters or destroys the status of an operating agency as a separate municipal corporation or makes the state liable in any way or to any extent for any preexisting or future debt of the operating agency or any present or future claim against the agency.

(3) The eleven members of the executive board shall be selected with the objective of establishing an executive board which has the resources to effectively carry out its responsibilities. (To the extent reasonably possible, the membership and operation of the executive board should be patterned after boards of directors of large private corporations.) All members of the executive board shall conduct their business in a manner which in their judgment is in the interest of all ratepayers affected by the joint operating agency and its projects.

(4) The executive board shall elect from its members a chairman, vice chairman, and secretary, who shall serve at the pleasure of the executive board. The executive board shall adopt rules for the conduct of its meetings and the carrying out of its business. All proceedings shall be by motion or resolution and shall be recorded in the minute book, which shall be a public record. A majority of the executive board shall constitute a quorum for the transaction of business.

(5) With respect to any operating agency existing on ((July 28, 1981)) the effective date of this 1982 act, to which the provisions of this section are applicable:

(a) The board of directors shall elect seven members to the executive board no later than sixty days after ((July 28, 1981)) the effective date of this 1982 act; and

(b) The governor shall select and appoint the initial outside directors and the executive board shall hold its organizational meeting no later than ((ninety)) sixty days after ((July 28, 1981)) the effective date of this 1982 act, and the powers and duties prescribed in ((RCW 43.52.375, 43.52.378, and this section)) this chapter shall devolve upon the executive board at that time.

(6) The executive board shall select and employ a managing director of the operating agency and may delegate to the managing director such authority for the management and control of the operating agency as the executive board deems appropriate. The managing director's employment is terminable at the will of the executive board.

(7) ((Any executive board created under this section shall cease to function upon the initiation of regular operations of the nuclear power plant over which it has exercised management powers and duties. If the operating agency is constructing two or more nuclear power plants simultaneously, the executive board shall cease exercising all powers as to each plant as it becomes operational:)) Members of the executive board shall be immune from civil liability for mistakes and errors of judgment in the good faith performance of acts within the scope of their official duties involving the exercise of judgment and discretion. This grant of immunity shall not be construed as modifying the liability of the operating agency.

The operating agency shall undertake the defense of and indemnify each executive board member made a party to any civil proceeding including any threatened, pending, or completed action, suit, or proceeding, whether civil, administrative, or investigative, by reason of the fact he or she is or was a member of the executive board, against judgments, penalties, fines, settlements, and reasonable expenses, actually incurred by him or her in connection with such proceeding if he or she had
conducted himself or herself in good faith and reasonably believed his or her conduct to be in the best interest of the operating agency.

NEW SECTION. Sec. 4. (1) All personnel and employees of a board of directors or executive board or committee displaced by section 3 of this act shall become personnel and employees of the executive board created in section 3 of this act without any loss of rights, subject to any appropriate action thereafter.

(2) All pending business before a board of directors or executive board or committee which is replaced by the executive board created in section 3 of this act shall be continued and acted upon by the new executive board.

(3) This act shall not be construed to alter:
(a) Any existing rights acquired under laws relating to operating agencies;
(b) The status of any actions, activities, or civil or criminal proceedings of any existing operating agencies;
(c) The status of any collective bargaining agreements, indebtedness, contracts, or other obligations;
(d) Any valid resolutions, covenants, or agreements between an operating agency and members, participants in any electric generating facility, privately owned public utilities, or agencies of the federal government; or
(e) Any rules, resolutions, or orders adopted by a board of directors or executive board or committee until canceled or superseded.

Sec. 5. Section 43.52.373, chapter 8, Laws of 1965 and RCW 43.52.373 are each amended to read as follows:
The board of directors of an operating agency by rule may create an executive committee to be composed of not less than three nor more than seven members of the board of directors. The board of directors may provide by rule for the composition of the executive committee so as to afford, in its judgment, fair representation to the member public utility districts and cities. The executive committee shall administer the business of the board of directors during intervals between its meetings in accordance with its rules, motions or resolutions. The executive committee shall have authority to acquire or construct only such properties as may be provided for by motion or resolution of the board of directors. The terms of office of the members of the executive committee and the method of filling vacancies therein shall be fixed by the rules of the board of directors of the operating agency.

Sec. 6. Section 43.52.375, chapter 8, Laws of 1965 as amended by section 3, chapter 3, Laws of 1981 1st ex. sess. and RCW 43.52.375 are each amended to read as follows:
The board of each joint operating agency shall by resolution appoint a treasurer. ((If the joint operating agency is constructing a nuclear power plant under a site certification agreement under chapter 80.50 RCW, the appointment of the treasurer shall be on the recommendation of the executive board established under RCW 43.52.374.)) The treasurer shall be the chief financial officer of the operating agency, who shall report at least annually to the board a detailed statement of the financial condition of the operating agency and of its financial operations for the preceding fiscal year. The treasurer shall advise the board on all matters affecting the financial condition of the operating agency. Before entering upon his duties the treasurer shall give bond to the operating agency, with a surety company authorized to write such bonds in this state as surety, in an amount which the board finds by resolution will protect the operating agency against loss, conditioned that all funds which he receives as such treasurer will be faithfully kept and accounted for and for the faithful discharge of his duties. The amount of such bond may be decreased or increased from time to time as the board may by resolution direct.
The board shall also appoint an auditor and may require him to give a bond with a surety company authorized to do business in the state of Washington in such amount as it shall by resolution prescribe, conditioned for the faithful discharge of
his duties. (If the joint operating agency is constructing a nuclear power plant under a site certification agreement under chapter 80.50 RCW, the auditor shall be appointed by the executive board.) The auditor shall report directly to the board and be responsible to it for discharging his duties.

The premiums on the bonds of the auditor and the treasurer shall be paid by the operating agency. The board may provide for coverage of said officers and other persons on the same bond.

All funds of the joint operating agency shall be paid to the treasurer and shall be disbursed by him only on warrants issued by the auditor upon orders or vouchers approved by the board: PROVIDED, That the board by resolution may authorize the ((executive committee or executive board)) managing director or any other bonded officer or employee as legally permissible to approve or disapprove vouchers presented to defray salaries of employees and other expenses of the operating agency arising in the usual and ordinary course of its business ((and expenses incurred by the executive committee or executive board in the performance of such duties as the operating agency may authorize it to perform)), including expenses incurred by the board of directors, its executive committee, or the executive board in the performance of their duties. All moneys of the operating agency shall be deposited forthwith by the treasurer in such depositaries, and with such securities as are designated by rules of the board. The treasurer shall establish a general fund and such special funds as shall be created by the board, into which he shall place all money of the joint operating agency as the board by resolution or motion may direct.

Sec. 7. Section 1, chapter 220, Laws of 1979 ex. sess. as amended by section 4, chapter 3, Laws of 1981 1st ex. sess. and RCW 43.52.378 are each amended to read as follows:

The executive board of any operating agency constructing, operating, terminating, or decommissioning a nuclear power plant under a site certification agreement issued pursuant to chapter 80.50 RCW shall appoint an administrative auditor. The administrative auditor shall be deemed an officer under chapter 42.23 RCW. The appointment of the administrative auditor shall be in addition to the appointment of the auditor for the issuance of warrants and other purposes as provided in RCW 43.52.375. The executive board shall retain a qualified firm or firms to conduct performance audits((, including such engineering expertise as the executive board deems necessary,)) which is in fact independent and does not have any interest, direct or indirect, in any contract with the operating agency other than its employment hereunder. No member or employee of any such firm shall be connected with the operating agency as an officer, employee, or contractor. The administrative auditor and the firm or firms shall be independently and directly responsible to the executive board of the operating agency. The executive board shall require a firm to conduct continuing audits of the methods, procedures and organization used by the operating agency to control costs, schedules, productivity, contract amendments, project design and any other topics deemed desirable by the executive board. The executive board may also require a firm to analyze particular technical aspects of the operating agency's projects and contract amendments. The firm or firms shall provide advice to the executive board in its management and control of the operating agency. At least once each year, the firm or firms shall prepare and furnish a report of its actions and recommendations to the executive board for the purpose of enabling it to attain the highest degree of efficiency in the management and control of any thermal power project under construction or in operation. The administrative auditor shall assist the firm or firms in the performance of its duties. The administrative auditor and the firm or firms shall consult regularly with the executive board and furnish any information or data to the executive board which the administrative auditor, firm, or executive board deems helpful in accomplishing the purpose above.
stated. The administrative auditor shall perform such other duties as the executive board shall prescribe to accomplish the purposes of this section.

In addition to the powers and duties conferred by chapter 44.28 RCW, the legislative budget committee shall evaluate such management audits as to adequacy and effectiveness of procedure and shall consult with and make reports and recommendations to the executive board. The operating agency shall reimburse the legislative budget committee for all costs of furnishing such services.

The operating agency shall file a copy of each firm's reports, and the legislative budget committee shall file a copy of each of its reports or recommendations in a timely manner, prepared in accordance with this section, with the respective chairmen of the senate and house energy and utilities committees. Upon the concurrent request of the chairmen of the senate or house energy and utilities committees, the operating agency shall report to the committees on a quarterly basis.

NEW SECTION. Sec. 8. There is added to chapter 43.52 RCW a new section to read as follows:

For the purposes of this chapter, including but not limited to RCW 43.52.343, the best interests of all ratepayers affected by the joint operating agency and its projects shall determine the interest of the operating agency and its board.

Sec. 9. Section 2, chapter 250, Laws of 1971 ex. sess. and RCW 42.30.020 are each amended to read as follows:

As used in this chapter unless the context indicates otherwise:

(1) "Public agency" means:
(a) Any state board, commission, committee, department, educational institution, or other state agency which is created by or pursuant to statute, other than courts and the legislature((:));
(b) Any county, city, school district, special purpose district, or other municipal corporation or political subdivision of the state of Washington;
(c) Any subagency of a public agency which is created by or pursuant to statute, ordinance, or other legislative act, including but not limited to planning commissions, library or park boards, commissions, and agencies;
(d) Any policy group whose membership includes representatives of publicly owned utilities formed by or pursuant to the laws of this state when meeting together as or on behalf of participants who have contracted for the output of generating plants being planned or built by an operating agency.

POINT OF INQUIRY

Senator McDermott: "Senator Gould, my question is: was there ever testimony before the energy committee on the effect of this change in the structure of the WPPSS' board on our bond rating?"
"My question is, was there ever any testimony before the energy committee about the effect on our bond rating of this change in the WPPSS' board?"

Senator Gould: "To my recollection there was no testimony, at least anybody within the financial community with expertise to that effect; but correct me if I am wrong or a committee member can correct me if I am wrong."

Debate ensued.

On motion of Senator Gould, the following amendment to the amendment by Senator Gould was adopted:

On page 11, after line 26, insert a new paragraph as follows,

"In addition members of the executive board who are utility employees shall not be fired, forced to resign, or demoted from their utility jobs for decisions they make while carrying out their duties as members of the executive board involving the exercise of judgment and discretion."

Senator Williams moved adoption of the following amendment to the amendment by Senator Gould:

Beginning on page 6, strike all of section 3 and renumber the remaining sections accordingly.

Senator Williams demanded a roll call and the demand was sustained.

Debate ensued.

MOTION

On motion of Senator Clarke, further consideration of Engrossed Substitute House Bill No. 1217, together with the pending amendment by Senators Gould, as amended, and the amendment by Senators Williams to the amendment by Senator Gould, was deferred until a later time.

MOTION

On motion of Senator Clarke, the Senate commenced consideration of Engrossed Substitute House Bill No. 312.

SECOND READING

ENGROSSED SUBSTITUTE HOUSE BILL NO. 312, by Committee on Revenue (originally sponsored by Committee on Revenue and Representative Greengo):

Prohibiting municipal corporations from imposing certain development fees, taxes, and charges.

The bill was read the second time by sections.

On motion of Senator Zimmerman, the following amendments by Senators Zimmerman and Charnley were adopted:

On page 1, line 16, strike "No" and insert "Except where specifically authorized to impose retail sales and use taxes, or business and occupation taxes, no".

On page 3, following line 7, insert a new section to read as follows:

"NEW SECTION. Sec. 2. Nothing in this act precludes the imposition of business and occupation taxes by cities and towns, or of sales and use taxes. However, nothing in this act authorizes the imposition of a business and occupation tax by any county."

MOTION

On motion of Senator Zimmerman, there being no objection, the amendment striking everything after the enacting clause, on the desk of the Secretary of the Senate, was withdrawn.
POINT OF INQUIRY

Senator Pullen: "Senator Zimmerman, before we advance this bill to third reading, I was hoping you might be able to tell us what some of the differences are between House Bill 312 and House Bill 1014."

Senator Zimmerman: "Certainly. The major difference is that 312 simply takes out the section dealing with the development fee issue, puts it into a separate bill much as 1014 did in its original form when it first came to us. So that is really returning to what was originally 1014 with very limited, agreed upon modifications. 1014, on the other hand, is a major separate bill which incorporates utility lids for the utility taxes, utility rates, phasing down to six percent over five years. It includes the section in which there is a B&O study by the Municipal Research Council. It includes the optional up to one-half sales tax for cities and counties. It includes the option of what will be a quarter percent option for real estate excise taxes and as a replacement of development fees, and it includes the half cent option for real estate taxes for border communities. And it includes in all of these, an initiative process available to the public to vote on the measures if they do not approve of the local actions of the local city councils or counties. All that is incorporated into 1014. That is the difference."

Senator Pullen: "That was a very valuable explanation. I was taking a look at the striking amendment, Section 3..." 

Senator Zimmerman: "You are looking at what has been withdrawn. I think the only bill that you are looking at is in the book is in very limited development fee books. I am not including these real estate excise taxes in this."

Senator Pullen: "I think the proceedings are a little mysterious to some members."

Senator Zimmerman: "I hope you will give me a chance to explain that because there is a little bit of explaining."

On motion of Senator Zimmerman, the rules were suspended, Engrossed Substitute House Bill No. 312, as amended by the Senate, was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

MOTION

Senator Bottiger moved Engrossed Substitute House Bill No. 312, as amended by the Senate, be deferred. 

Debate ensued. 

Senator Bottiger demanded a roll call and the demand was sustained. 

The President declared the question before the Senate to be the roll call on the motion by Senator Bottiger that further action on Engrossed Substitute House Bill No. 312, as amended by the Senate, be deferred.

ROLL CALL

The Secretary called the roll and the motion by Senator Bottiger failed by the following vote: Yeas, 20; nays, 27; excused, 2.

Voting nay: Senators Benitz, Bluechel, Clarke, Conner, Craswell, Deccio, Fuller, Gallagher, Gould, Guess, Haley, Hansen, Hayner, Hemstad, Jones, Kiskaddon, Lee, McCaslin, Metcalf, Newhouse, Patterson, Pullen, Quigg, Scott, Sellar, von Reichbauer, Zimmerman—27.

Excused: Senators Rasmussen, Talley—2.
POINT OF INQUIRY

Senator Pullen: "Senator Zimmerman, my first question concerns line 27 through 30 on page 2. It says this section does not limit the existing authority of any county, city, town or other municipal corporation to impose special assessments on property specifically benefited thereby in the manner prescribed by law. Could you tell me what that means?"

Senator Zimmerman: "Senator Pullen, that section means that a PUD or a water district, sewer district, an entity such as mentioned back on page 3 that is listed under title 54, 56, 57 and 87, allowing them to make specific charges because there would be situations where they are specifically benefiting a piece of property and they would need to have that option. That does allow them to make those fee charges."

Senator Pullen: "My second question concerns one of the cities in my district. It is a very small town by the name of Black Diamond. Recently it cost the city one million eight hundred thousand dollars, which is a lot of money for such a small town, to put in sewers, and they are currently charging each resident four hundred dollars in order tohook up to get this sewer service. Would they still be allowed to continue charging such revenues for the privilege of hooking up to the sewer system?"

Senator Zimmerman: "That would still be allowed down here in this last part of page 2, 'Where nothing in this section prohibits cities, towns, from imposing a permit for water, sewer,' in this case sewer, 'charges as long as those charges do not exceed the proportionate share.' In other words, they would have to be fair; they would have to be appropriately put on, but they would still be allowed to do that under this measure. That is correct."

POINT OF INQUIRY

Senator Ridder: Would you respond to the question that Senator Pullen asked please?"

Senator Bottiger: "Mr. President and members of the Senate, Senator Pullen, I share your concern because it is one thing to say that 'all the property will share and pay for the benefit it receives.' That sounds fair and reasonable and logical, but if you live on a narrow unimproved road and somebody puts a large development in down at the end of the road and they are going to improve it by an LID, not only does that developer pay his share but so does everybody else on the road. Not only with roads but sewer districts or all the other ways that we pay for LIDs. Now currently, we are able to charge the development fee and require the developer to pay for the cost of the new improved road which none of the residents ever wanted, together with any of the traffic that is on it. And so now we have the local people paying their proportionate benefit share under an LID proposal. And that is, I think, Senator Pullen, the real answer to your question."

POINT OF INQUIRY

Senator Hemstad: "Senator Zimmerman, as I read this bill, in Section I after it essentially prohibits the imposition of taxes, charges and so on, then it goes on to say that it does not preclude dedications of land pursuant to RCW 58 and so on. And then it goes on to say that the section does not prohibit voluntary agreements with regard to the payment of a fee in lieu of a dedication. And then with further elaboration on that. What, in your development of this piece of legislation, is a voluntary agreement? I would consider that to be an arrangement in which both parties agree. In other words, the developer could decline to enter into such an agreement. Is that correct?"
Senator Zimmerman: "The voluntary agreements that I am aware of, as far as I recall in terms of the explanations on this measure, were for a major developer, for instance in Seattle, who had for many years had special volunteer agreements that he has made with the city to do certain things in terms of his particular projects and he has laid out what he felt was agreeable. The city has also felt it was important that he do these things before he proceed with the project and it was done on that kind of a basis, and I guess Martin Selig is the example that I bring up. There are some other questions that were going to be brought up that we are going to deal with that. I think one of them it refers back to a specific case that we will mention in a moment. I was going to — with one other question. Maybe this is an appropriate time to have that question and an elaboration on it by Marshall Neill."

Senator Hemstad: "Thank you. If after that I could then speak to the bill."

POINT OF INQUIRY

Senator Bluechel: "Senator Zimmerman, under this bill what may voluntary agreements as described in Section 1 include?"

Senator Zimmerman: "Senator Bluechel, Justice Marshall Neill of the Washington State Supreme Court, who was a former member of this Senate, states in Chrobuck vs. Snohomish County, (1971) the following:

'The indicia of validity in such agreements include: (1) The performance called for is directly related to public needs which may be expected to result from the proposed usage of the property to be rezoned. (2) Fulfillment of those needs is an appropriate function of the contracting governmental body. (3) Performance will mitigate the public burden in meeting those resulting needs by placing it more directly on the party whose property use will give rise to them. (4) The agreement involves no purported relinquishment by the governing body of its discretionary zoning power.

'Basically, a valid concomitant agreement operates to neutralize any expected negative impact of the proposed property usage. In this, it is distinguished from an agreement which seeks to extract some collateral benefit from the property owner.'

'That I hope does cover at least part of the voluntary agreement. Does that cover what you have in mind too?"

Further debate ensued.

POINT OF INQUIRY

Senator Charnley: "Senator Zimmerman, I am looking on the bottom of the second page at language that, as I recall, may have been added when we were last discussing the bill in our committee, the paragraph that says 'Nothing in this section prohibits counties, cities or towns from imposing a permit, 'etc.' for proposed water, sewer, drainage system charges provided.' etc. There was some significant concern expressed during our caucus and I had forgotten that that language was put in. I thought we had left that out. And the concern was that does this ineffectively prohibit the municipal corporations from assessing fair and appropriate assessments to pay for the costs of expanding utility systems to all property benefited? Can you reflect on that particular section?"

Senator Zimmerman: "It certainly was my understanding in the earlier discussions that this does not preclude their being able to do that. The provisos plus the latter section, of course, dealt with other specific units of, I guess, sewer and water districts and these that we have already covered. But, no, I do not see that as precluding their being ...

Senator Charnley: "The concern, Senator Zimmerman, was that if the person wanted to develop some property separated from the end of the water main by, say, two miles and that in order to bring the water into that development you had to
cross other property, will the county be able to, or the water system or whatever, be able to assess the developed property for the cost of extending that main or will they only be able to charge them for their actual physical costs, what is out in front of their property. And the property in between will have to pay then for some of the cost of running that main across their property which they don't particularly care to have."

Senator Zimmerman: "It is my understanding that they would definitely, the developer would be charged for that section that is going to extend from the road where the main lateral, main line is going, and he is going to run a lateral off a block or two blocks or a quarter of a mile or whatever that distance, that he is going to pay for that stretch. That is going to be altogether the developer's cost."

Senator Charnley: "And that would be an appropriate fee or charge?"

Senator Zimmerman: "It would be an appropriate development fee charge that he would be paid on the basis that it is going to specifically benefit that particular piece of property and . . . ."

Senator Charnley: "And nothing in this section or in this bill then would prohibit that?"

Senator Zimmerman: "I don't see that as prohibiting that. The idea was to pin down as precisely as possible the development fees that would benefit the property rather than that they would be able to put charges on and other costs on that are periphery to it or are beyond what are reasonable in the sense of the costs involved. I hate to turn it back to the fact that cities and counties seem to feel comfortable with this language: I quite agree that there seems to be some obvious possible oversights, but I am also reflecting on the fact that they said they could very happily, they were willing to accept this and at the same time they do want — I don't want to leave anybody with the idea that they don't want 1014 to pass, because that is obviously the very essential part is that if they are giving up some obvious dollars in terms of development fees, they obviously need some revenue that they hope to gain back through the real estate and through the option sales tax and for that I think that that is the balance and the trade that we are trying to get to and obviously with passage of 1014."

ROLL CALL

The Secretary called the roll on the final passage of Engrossed Substitute House Bill No. 312, as amended by the Senate, and the bill failed to pass the Senate by the following vote: Yeas, 24; nays, 23; excused, 2.

SECOND READING
SUBSTITUTE HOUSE BILL NO. 1014, by House Committee on Select Committee on Deregulation and Productivity (originally sponsored by Representatives Eberle, King (R.), Hastings, Owen, Nelson (G.), Stratton and Sanders):
Delineating restrictions on taxing powers of counties, cities and towns.

REPORT OF STANDING COMMITTEE
March 26, 1982.

SUBSTITUTE HOUSE BILL NO. 1014, delineating restrictions on taxing powers of counties, cities and towns (reported by Committee on Local Government):
MAJORITY recommendation: Do pass with the following amendments:
Strike everything after the enacting clause and insert the following:
NEW SECTION. Section 1. The legislature hereby recognizes the concern of local governmental entities regarding the financing of vital services to residents of this state. The legislature finds that local governments are an efficient and responsive means of providing these vital services to the citizens of this state. It is the intent of the legislature that vital services such as public safety, public health, and fire protection be recognized by all local governmental entities in this state as top priorities of the citizens of Washington.

NEW SECTION. Sec. 2. (1) No city or town may impose a franchise fee or any other fee or charge of whatever nature or description upon the light and power, telephone, or gas distribution businesses, as defined in RCW 82.16.010, except that (a) a tax authorized by section 3 of this act may be imposed and (b) a fee may be charged to such businesses that recovers actual administrative expenses incurred by a city or town that are directly related to receiving and approving a permit, license, and franchise, to inspecting plans and construction, or to the preparation of a detailed statement pursuant to chapter 43.21C RCW.

(2) Subsection (1) of this section does not prohibit franchise fees imposed on an electrical energy, natural gas, or telephone business, by contract existing on the effective date of this section with a city or town, for the duration of the contract, but
the franchise fees shall be considered taxes for the purposes of the limitations established in sections 3 and 4 of this act to the extent the fees exceed the costs allowable under subsection (1) of this section.

NEW SECTION. Sec. 3. No city or town may increase the rate of tax it imposes on the privilege of conducting an electrical energy, natural gas, or telephone business which increase applies to business activities occurring before the effective date of the increase, and no rate change may take effect before the expiration of sixty days following the enactment of the ordinance establishing the change.

NEW SECTION. Sec. 4. (1) Subject to the enactment into law of the 1982 amendment to RCW 82.02.020 by section 5 of this act, no city or town may impose a tax on the privilege of conducting an electrical energy, natural gas, or telephone business at a rate which exceeds six percent unless the rate is approved by a majority of the voters of the city or town voting on the proposition.

(2) Subject to the enactment into law of the 1982 amendment to RCW 82.02.020 by section 5 of this act, if a city or town is imposing a rate of tax under subsection (1) of this section in excess of six percent on the effective date of this section, the city or town shall decrease the rate to a rate of six percent or less by reducing the rate each year before November 1st by an amount equal to the lesser of (a) the weighted average increase in utility rates for the period beginning October 1st of the previous year and ending September 30th of the current year less the increase in the Seattle All Urban Consumer Price Index for the same period, multiplied by the then current tax rate or (b) one-fifth the difference between the tax rate on the effective date of this section and six percent. If the amount determined under (b) of this subsection is less than the amount determined under (a) of this subsection, then one-half of the difference between the amounts determined under (a) and (b) of this subsection shall be added to the amount determined under (a) of this subsection in the following year.

As used in this subsection, "weighted average increase in utility rates" means the percentage increase in utility revenues for each utility expected from application of increases in rates based on the previous year's revenues and service areas within each city or town.

Nothing in this subsection prohibits a city or town from reducing its rates by amounts greater than the amounts required in this subsection.

Voter approved rate increases under subsection (1) of this section shall not be included in the computations under this subsection.

Sec. 5. Section 82.02.020, chapter 15, Laws of 1961 as last amended by section 3, chapter 196, Laws of 1979 ex. sess. and RCW 82.02.020 are each amended to read as follows:

Except only as expressly provided in RCW 67.28.180 and 67.28.190 and the provisions of chapter 82.14 RCW, the state preempts the field of imposing taxes upon retail sales of tangible personal property, the use of tangible personal property, parimutuel wagering authorized pursuant to RCW 67.16.060, conveyances, and cigarettes, and no county, town, or other municipal subdivision shall have the right to impose taxes of that nature. No county, city, town, or other municipal corporation shall impose any tax, fee, or charge, either direct or indirect, on the construction or reconstruction of residential buildings, commercial buildings, industrial buildings, or on any other building or building space or appurtenance thereto, or on the construction or subdivision, classification, or reclassification of land. However, this section does not preclude dedications of land or easements pursuant to RCW 58.17.110 within the proposed development or plat which the county, city, town, or other municipal corporation can demonstrate are reasonably necessary as a direct result of the proposed development or plat to which the dedication of land or easement is to apply.
This section does not prohibit voluntary agreements with counties, cities, towns, or other municipal corporations that allow a payment in lieu of a dedication of land or to mitigate a direct impact that has been identified as a consequence of a proposed development, subdivision, or plat: PROVIDED, That any such voluntary agreement shall be subject to the following provisions:

(1) The payment shall be held in a reserve account and may only be expended to fund a capital improvement agreed upon by the parties to mitigate the identified, direct impact;

(2) The payment shall be expended in all cases within five years of collection; and

(3) Any payment not so expended shall be refunded with interest at the rate applied to judgments to the property owners of record at the time of the refund; however, if the payment is not expended within five years due to delay attributable to the developer, the payment shall be refunded without interest.

No county, city, town, or other municipal corporation shall require any payment as part of such a voluntary agreement which the county, city, town, or other municipal corporation cannot establish is reasonably necessary as a direct result of the proposed development or plat.

Nothing in this section prohibits cities, towns, counties, or other municipal corporations from collecting reasonable fees from an applicant for a permit or other governmental approval to cover the cost to the city, town, county, or other municipal corporation of processing applications, inspecting and reviewing plans, or preparing detailed statements required by chapter 43.21C RCW.

This section does not limit the existing authority of any county, city, town, or other municipal corporation to impose special assessments on property specifically benefitted thereby in the manner prescribed by law.

Nothing in this section prohibits counties, cities, or towns from imposing or permits counties, cities, or towns to impose water, sewer, natural gas, drainage utility, and drainage system charges: PROVIDED, That no such charge shall exceed the proportionate share of such utility or system's capital costs which the county, city, or town can demonstrate are attributable to the property being charged: PROVIDED FURTHER, That these provisions shall not be interpreted to expand or contract any existing authority of counties, cities, or towns to impose such charges.

This section does not apply to special purpose districts formed and acting pursuant to Titles 54, 56, 57, or 87 RCW, nor is the authority conferred by these titles affected.

NEW SECTION. Sec. 6. Nothing in this act precludes the imposition of business and occupation taxes by cities and towns, or of sales and use taxes. However, nothing in this act authorizes the imposition of a business and occupation tax by any county.

NEW SECTION. Sec. 7. Every city and town first imposing a business and occupation tax or increasing the rate of the tax after the effective date of this section shall provide for a special initiative procedure on an ordinance imposing or altering each tax. Such a special initiative procedure shall subject the ordinance imposing or altering the tax to approval or rejection by the voters. If the voters of the city or town otherwise possess the general power of initiative on city or town matters, this special initiative procedure shall conform to the requirements of that procedure. If the voters of a city or town do not otherwise possess the general power of initiative on city or town matters, this special initiative procedure shall conform to the requirements and procedures for initiative petitions provided for code cities in RCW 35A.11.100.

NEW SECTION. Sec. 8. The municipal research council shall conduct a survey to determine the various rates of business and occupation taxes in each city and town in the state of Washington. The survey shall use the rates in effect on March 1,
1982. The research council shall provide the results of the survey to the legislature no later than July 1, 1982.

NEW SECTION. Sec. 9. (1) Subject to the enactment into law of the 1982 amendment to RCW 82.02.020 by section 5 of this act, the governing body of any county or any city may impose an excise tax on each sale of real property in the unincorporated areas of the county for the county tax and in the corporate limits of the city for the city tax at a rate not exceeding one-half of one percent of the selling price.

(2) Subject to the enactment into law of the 1982 amendment to RCW 82.02-0.020 by section 5 of this act, in lieu of imposing the tax authorized in RCW 82.14.030(2), the governing body of any county or any city may impose an additional excise tax on each sale of real property in the unincorporated areas of the county for the county tax and in the corporate limits of the city for the city tax at a rate not exceeding one-half of one percent of the selling price.

(3) Taxes imposed under this section shall be collected from persons who are taxable by the state under chapter 82.45 RCW upon the occurrence of any taxable event within the unincorporated areas of the county or within the corporate limits of the city, as the case may be.

(4) Taxes imposed under this section shall comply with all applicable rules, regulations, laws, and court decisions regarding real estate excise taxes as imposed by the state under chapter 82.45 RCW.

(5) As used in this section, "city" means any city or town.

NEW SECTION. Sec. 10. Every county and city imposing a tax under section 9(2) of this act shall provide for a special initiative procedure on an ordinance imposing or altering each tax. Such a special initiative procedure shall subject the ordinance imposing or altering the tax to approval or rejection by the voters. If the voters of the county or city otherwise possess the general power of initiative on county or city matters, this special initiative procedure shall conform to the requirements of that procedure. If the voters of a county or city do not otherwise possess the general power of initiative on county or city matters, this special initiative procedure shall conform to the requirements and procedures for initiative petitions provided for code cities in RCW 35A.11.100.

NEW SECTION. Sec. 11. (1) The county treasurer shall place one percent of the proceeds of the taxes imposed under section 9 of this act in the county current expense fund to defray costs of collection.

(2) The remaining proceeds from the county tax under section 9 of this act shall be deposited in the county current expense fund and may be used for any legally authorized purpose. The remaining proceeds from city or town taxes under section 9 of this act shall be distributed to the respective cities and towns monthly and may be used for any legally authorized purpose.

(3) This section does not limit the existing authority of any city, town, or county to impose special assessments on property specially benefited thereby in the manner prescribed by law.

NEW SECTION. Sec. 12. Any tax imposed under section 9 of this act and any interest or penalties thereon is a specific lien upon each piece of real property sold from the time of sale until the tax is paid, which lien may be enforced in the manner prescribed for the foreclosure of mortgages.

NEW SECTION. Sec. 13. The taxes levied under section 9 of this act are the obligation of the seller and may be enforced through an action of debt against the seller or in the manner prescribed for the foreclosure of mortgages. Resort to one course of enforcement is not an election not to pursue the other.

NEW SECTION. Sec. 14. Any taxes imposed under section 9 of this act shall be paid to and collected by the treasurer of the county within which is located the real property which was sold. The treasurer shall act as agent for any city within the
county imposing the tax. The county treasurer shall cause a stamp evidencing satisfaction of the lien to be affixed to the instrument of sale or conveyance prior to its recording or to the real estate excise tax affidavit in the case of used mobile home sales. A receipt issued by the county treasurer for the payment of the tax imposed under section 9 of this act shall be evidence of the satisfaction of the lien imposed in section 12 of this act and may be recorded in the manner prescribed for recording satisfactions of mortgages. No instrument of sale or conveyance evidencing a sale subject to the tax may be accepted by the county auditor for filing or recording until the tax is paid and the stamp affixed thereto; in case the tax is not due on the transfer, the instrument shall not be accepted until suitable notation of this fact is made on the instrument by the treasurer.

Sec. 15. Section 4, chapter 94, Laws of 1970 ex. sess. and RCW 82.14.030 are each amended to read as follows:

(1) The governing body of any county or city while not required by legislative mandate to do so, may, by resolution or ordinance for the purposes authorized by this chapter, fix and impose a sales and use tax in accordance with the terms of this chapter. Such tax shall be collected from those persons who are taxable by the state pursuant to chapters 82.08 and 82.12 RCW, upon the occurrence of any taxable event within the county or city as the case may be. The rate of such tax imposed by a county shall be five-tenths of one percent of the selling price (in the case of a sales tax) or value of the article used (in the case of a use tax). The rate of such tax imposed by a city shall not exceed five-tenths of one percent of the selling price (in the case of a sales tax) or value of the article used (in the case of a use tax): PROVIDED, HOWEVER, That in the event a county shall impose a sales and use tax under this subsection, the rate of such tax imposed under this subsection by any city therein shall not exceed four hundred and twenty-five one-thousandths of one percent.

(2) Subject to the enactment into law of the 1982 amendment to RCW 82.02-.020 by section 5 of this 1982 act, in addition to the tax authorized in subsection (1) of this section, the governing body of any county or city may by resolution or ordinance impose an additional sales and use tax in accordance with the terms of this chapter. Such additional tax shall be collected upon the same taxable events upon which the tax imposed under subsection (1) of this section is levied. The rate of such additional tax imposed by a county shall be up to five-tenths of one percent of the selling price (in the case of a sales tax) or value of the article used (in the case of a use tax). The rate of such additional tax imposed by a city shall be up to five-tenths of one percent of the selling price (in the case of a sales tax) or value of the article used (in the case of a use tax): PROVIDED HOWEVER, That in the event a county shall impose a sales and use tax under this subsection at a rate equal to or greater than the rate imposed under this subsection by a city within the county, the county shall receive fifteen percent of the city tax: PROVIDED FURTHER, That in the event that the county shall impose a sales and use tax under this subsection at a rate which is less than the rate imposed under this subsection by a city within the county, the county shall receive that amount of revenues from the city tax equal to fifteen percent of the rate of tax imposed by the county under this subsection. The authority to impose a tax under this subsection is intended in part to compensate local government for any losses from the phase-out of the property tax on business inventories.

Sec. 16. Section 5, chapter 94, Laws of 1970 ex. sess. and RCW 82.14.040 are each amended to read as follows:

(1) Any county ordinance adopted ((pursuant to this chapter)) under RCW 82.14.030(1) shall contain, in addition to all other provisions required to conform to this chapter, a provision allowing a credit against the county tax imposed under
RCW 82.14.030(1) for the full amount of any city sales or use tax imposed under RCW 82.14.030(1) upon the same taxable event.

(2) Any county ordinance adopted under RCW 82.14.030(2) shall contain, in addition to all other provisions required to conform to this chapter, a provision allowing a credit against the county tax imposed under RCW 82.14.030(2) for the full amount of any city sales or use tax imposed under RCW 82.14.030(2) upon the same taxable event up to the additional tax imposed by the county under RCW 82.14.030(2).

NEW SECTION. Sec. 17. There is added to chapter 82.14 RCW a new section to read as follows:

Every county and city imposing a tax under section 15(2) of this act shall provide for a special initiative procedure on an ordinance imposing or altering each tax. Such a special initiative procedure shall subject the ordinance imposing or altering the tax to approval or rejection by the voters. If the voters of the county or city otherwise possess the general power of initiative on county or city matters, this special initiative procedure shall conform to the requirements of that procedure. If the voters of a county or city do not otherwise possess the general power of initiative on county or city matters, this special initiative procedure shall conform to the requirements and procedures for initiative petitions provided for code cities in RCW 35A.11.100.

Sec. 18. Section 1, chapter 87, Laws of 1972 ex. sess. as last amended by section 4, chapter 175, Laws of 1979 ex. sess. and RCW 82.44.150 are each amended to read as follows:

(1) The director of licensing shall on the twenty-fifth day of February, May, August and November of each year, commencing with November, 1971, advise the state treasurer of the total amount of motor vehicle excise taxes remitted to the department of licensing during the preceding calendar quarter ending on the last day of March, June, September and December, respectively, except for those payable under RCW 82.44.030 and 82.44.070, from motor vehicle owners residing within each municipality which has levied a tax under RCW 35.58.273, which amount of excise taxes shall be determined by the director as follows:

The total amount of motor vehicle excise taxes remitted to the department, except those payable under RCW 82.44.030 and 82.44.070, from each county shall be multiplied by a fraction, the numerator of which is the population of the municipality residing in such county, and the denominator of which is the total population of the county in which such municipality or portion thereof is located. The product of this computation shall be the amount of excise taxes from motor vehicle owners residing within such municipality or portion thereof. Where the municipality levying a tax under RCW 35.58.273 is located in more than one county, the above computation shall be made by county, and the combined products shall provide the total amount of motor vehicle excise taxes from motor vehicle owners residing in the municipality as a whole. Population figures required for these computations shall be supplied to the director by the office of financial management, who shall adjust the fraction annually.

(2) On the first day of the months of January, April, July, and October of each year, the state treasurer based upon information provided by the department of licensing shall make the following apportionment and distribution of motor vehicle excise taxes deposited in the general fund. A sum equal to seventeen percent thereof shall be paid to cities and towns in the proportions and for the purposes hereinafter set forth; a sum equal to two percent of all motor vehicle excise tax receipts shall be allocable to the county sales and use tax equalization account under section 19 of this 1982 act; and a sum equal to seventy percent of all motor vehicle excise tax receipts shall be allocable to the state school equalization fund and credited and transferred each year in the following order of priority:
(a) The amount required and certified by the state finance committee each year as being necessary for payment of principal of and interest on bonds authorized by ((chapter 26, Laws of 1963 extraordinary session)) RCW 28A.47.760 through 28A.47.774 in the ensuing twelve months and any additional amounts required by the covenants of such bonds shall be transferred from the state school equalization fund to the 1963 public school building bond retirement fund.

(b) Any remaining amounts in the state school equalization fund from the motor vehicle excise taxes not required for debt service on the above bond issues shall be transferred and credited to the general fund.

(3) The amount payable to cities and towns shall be apportioned among the several cities and towns within the state ((ratably, on the basis of the population as last determined by the office of financial management)) according to the following formula:

(a) Sixty-five percent of the sum specified in subsection (2) of this section to be paid to cities and towns shall be apportioned ratably on the basis of population as last determined by the office of financial management.

(b) Thirty-five percent of the sum specified in subsection (2) of this section to be paid to cities and towns shall be apportioned to cities and towns under section 20 of this 1982 act.

(4) When so apportioned, the amount payable to each such city and town shall be transmitted to the city treasurer thereof, and shall be utilized by such city or town for the purposes of police and fire protection and the preservation of the public health therein, and not otherwise. In case it be adjudged that revenue derived from the excise tax imposed by this chapter cannot lawfully be apportioned or distributed to cities or towns, all moneys directed by this section to be apportioned and distributed to cities and towns shall be credited and transferred to the state general fund.

(5) On the first day of the months of January, April, July, and October of each year, the state treasurer, based upon information provided by the department of licensing, shall remit motor vehicle excise tax revenues imposed and collected under RCW 35.58.273 as follows:

(a) The amount required to be remitted by the state treasurer to the treasurer of any municipality levying the tax shall not exceed in any calendar year the amount of locally-generated tax revenues, excluding the excise tax imposed under RCW 35.58.273 for the purposes of this section, which shall have been budgeted by the municipality to be collected in such calendar year for any public transportation purposes including but not limited to operating costs, capital costs, and debt service on general obligation or revenue bonds issued for these purposes; and

(b) In no event may the amount remitted in a single calendar quarter exceed the amount collected on behalf of the municipality under RCW 35.58.273 during the calendar quarter next preceding the immediately preceding quarter.

(6) At the close of each calendar year accounting period, but not later than April 1, each municipality that has received motor vehicle excise taxes under subsection (5) of this section shall transmit to the director of licensing and the state auditor a written report showing by source the previous year's budgeted tax revenues for public transportation purposes as compared to actual collections. Any municipality that has not submitted the report by April 1 shall cease to be eligible to receive motor vehicle excise taxes under subsection (5) of this section until the report is received by the director of licensing. If a municipality has received more or less money under subsection (5) of this section for the period covered by the report than it is entitled to receive by reason of its locally-generated collected tax revenues, the director of licensing shall, during the next ensuing quarter that the municipality is eligible to receive motor vehicle excise tax funds, increase or decrease the amount to be remitted in an amount equal to the difference between the locally-generated budgeted tax revenues and the locally-generated collected tax revenues. In no event
may the amount remitted for a calendar year exceed the amount collected on behalf of the municipality under RCW 35.58.273 during that same calendar year. At the time of the next fiscal audit of each municipality, the state auditor shall verify the accuracy of the report submitted and notify the director of licensing of any discrepancies.

(7) The motor vehicle excise taxes imposed under RCW 35.58.273 and required to be remitted under this section shall be remitted without legislative appropriation.

(8) Any municipality levying and collecting a tax under RCW 35.58.273 which does not have an operating, public transit system or a contract for public transportation services in effect within one year from the initial effective date of the tax shall return to the state treasurer all motor vehicle excise taxes received under subsection (5) of this section.

NEW SECTION. Sec. 19. There is added to chapter 82.14 RCW a new section to read as follows:

There is created in the state general fund a special account to be known as the "county sales and use tax equalization account." Into this account shall be placed a portion of all motor vehicle excise tax receipts as provided in RCW 82.44.150(2). Funds in this account shall be allocated by the state treasurer according to the following procedure:

1. Prior to April 1st of each year the director of revenue shall inform the state treasurer of the total and the per capita levels of revenues for the unincorporated area of each county and the state-wide weighted average per capita level of revenues for the unincorporated areas of all counties imposing the sales and use tax authorized under RCW 82.14.030(1) for the previous calendar year.

2. At such times as distributions are made under RCW 82.44.150, as now or hereafter amended, the state treasurer shall apportion to each county imposing the sales and use tax under RCW 82.14.030(1) at the maximum rate and receiving less than one hundred fifty thousand dollars from the tax for the previous calendar year, an amount from the county sales and use tax equalization account sufficient, when added to the amount of revenues received the previous calendar year by the county, to equal one hundred fifty thousand dollars.

3. Subsequent to the distributions under subsection (2) of this section and at such times as distributions are made under RCW 82.44.150, as now or hereafter amended, the state treasurer shall apportion to each county imposing the sales and use tax under RCW 82.14.030(1) at the maximum rate and receiving less than seventy percent of the state-wide weighted average per capita level of revenues for the unincorporated areas of all counties as determined by the department of revenue under subsection (1) of this section, an amount from the county sales and use tax equalization account sufficient, when added to the per capita level of revenues for the unincorporated area received the previous calendar year by the county, to equal seventy percent of the state-wide weighted average per capita level of revenues for the unincorporated areas of all counties determined under subsection (1) of this section, subject to reduction under subsections (5) and (6) of this section. When computing distributions under this section, any distribution under subsection (2) of this section shall be considered revenues received from the tax imposed under RCW 82.14.030(1) for the previous calendar year.

4. Subsequent to the distributions under subsection (3) of this section and at such times as distributions are made under RCW 82.44.150, as now or hereafter amended, the state treasurer shall apportion to each county imposing the sales and use tax under RCW 82.14.030(2) at the maximum rate and receiving a distribution under subsection (3) of this section, a third distribution from the county sales and use tax equalization account. The distribution to each qualifying county shall be equal to the distribution to the county under subsection (3) of this section, subject to
the reduction under subsections (5) and (6) of this section. To qualify for the distributions under this subsection, the county must impose the tax under RCW 82.14.030(2) for the entire calendar year. Counties imposing the tax for less than the full year shall qualify for prorated allocations under this subsection proportionate to the number of months of the year during which the tax is imposed.

(5) Revenues distributed under this section in any calendar year shall not exceed an amount equal to seventy percent of the state-wide weighted average per capita level of revenues for the unincorporated areas of all counties during the previous calendar year. If distributions under subsection (3) or (4) of this section cannot be made because of this limitation, then distributions under subsection (3) or (4) of this section shall be reduced ratably among the qualifying counties.

(6) If inadequate revenues exist in the county sales and use tax equalization account to make the distributions under subsection (3) or (4) of this section, then the distributions under subsection (3) or (4) of this section shall be reduced ratably among the qualifying counties. At such time during the year as additional funds accrue to the county sales and use tax equalization account, additional distributions shall be made under subsections (3) and (4) of this section to the counties.

(7) If the level of revenues in the county sales and use tax equalization account exceeds the amount necessary to make the distributions under subsections (2) through (4) of this section, then the additional revenues shall be credited and transferred to the state general fund.

NEW SECTION. Sec. 20. There is added to chapter 82.14 RCW a new section to read as follows:

There is created in the state general fund a special account to be known as the "municipal sales and use tax equalization account." Into this account shall be placed such revenues as are provided under RCW 82.44.150(3)(b). Funds in this account shall be allocated by the state treasurer according to the following procedure:

(1) Prior to April 1st of each year the director of revenue shall inform the state treasurer of the total and the per capita levels of revenues for each city and the state-wide weighted average per capita level of revenues for all cities imposing the sales and use tax authorized under RCW 82.14.030(1) for the previous calendar year.

(2) At such times as distributions are made under RCW 82.44.150, as now or hereafter amended, the state treasurer shall apportion to each city not imposing the sales and use tax under RCW 82.14.030(2) an amount from the municipal sales and use tax equalization account equal to the amount distributed to the city under RCW 82.44.150(3)(a) multiplied by thirty-five sixty-fifths.

(3) Subsequent to the distributions under subsection (2) of this section, and at such times as distributions are made under RCW 82.44.150, as now or hereafter amended, the state treasurer shall apportion to each city imposing the sales and use tax under RCW 82.14.030(1) at the maximum rate and receiving less than seventy percent of the state-wide weighted average per capita level of revenues for all cities as determined by the department of revenue under subsection (1) of this section, an amount from the municipal sales and use tax equalization account sufficient, when added to the per capita level of revenues received the previous calendar year by the city, to equal seventy percent of the state-wide weighted average per capita level of revenues for all cities determined under subsection (1) of this section, subject to reduction under subsection (5) of this section.

(4) Subsequent to the distributions under subsection (3) of this section, and at such times as distributions are made under RCW 82.44.150, as now or hereafter amended, the state treasurer shall apportion to each city imposing the sales and use tax under RCW 82.14.030(2) at the maximum rate and receiving a distribution under subsection (3) of this section, a third distribution from the municipal sales and use tax equalization account. The distribution to each qualifying city shall be equal
to the distribution to the city under subsection (3) of this section, subject to the reduction under subsection (5) of this section. To qualify for the distributions under this subsection, the city must impose the tax under RCW 82.14.030(2) for the entire calendar year. Cities imposing the tax for less than the full year shall qualify for prorated allocations under this subsection proportionate to the number of months of the year during which the tax is imposed.

(5) If inadequate revenues exist in the municipal sales and use tax equalization account to make the distributions under subsection (3) or (4) of this section, then the distributions under subsection (3) or (4) of this section shall be reduced ratably among the qualifying cities. At such time during the year as additional funds accrue to the municipal sales and use tax equalization account, additional distributions shall be made under subsections (3) and (4) of this section to the cities.

(6) If the level of revenues in the municipal sales and use tax equalization account exceeds the amount necessary to make the distributions under subsections (2) through (4) of this section, then the additional revenues shall be apportioned among the several cities within the state ratably on the basis of population as last determined by the office of financial management: PROVIDED, That no such distribution shall be made to those cities receiving a distribution under subsection (2) of this section.

NEW SECTION. Sec. 21. Sections 2 through 4 and 7 of this act are each added to chapter 35.21 RCW, and sections 9 through 14 of this act shall constitute a new chapter in Title 82 RCW.

NEW SECTION. Sec. 22. This act is necessary for the immediate preservation of the public peace, health, and safety, the support of the state government and its existing public institutions, and shall take effect immediately, except section 5 of this act shall take effect July 1, 1982."

On page 1, on line 4 of the title, after "82.02.020;" strike the remainder of the title and insert "amending section 4, chapter 94, Laws of 1970 ex. sess. and RCW 82.14.030; amending section 5, chapter 94, Laws of 1970 ex. sess. and RCW 82.14-.040; amending section 1, chapter 87, Laws of 1972 ex. sess. as last amended by section 4, chapter 175, Laws of 1979 ex. sess. and RCW 82.44.150; adding new sections to chapter 35.21 RCW; adding new sections to chapter 82.14 RCW; adding a new chapter to Title 82 RCW; creating new sections; providing an effective date; and declaring an emergency."

Authorizing an increase in the local option sales and use tax.
The bill was read the second time by sections.

POINT OF INQUIRY

Senator Bottiger: "Senator Zimmerman, the committee amendment provides for a prohibition on development fees but does authorize a county to impose an excise tax on real estate transactions and also impose a sales tax?"

Senator Zimmerman: "Yes."

Senator Bottiger: "Optional sales tax. So a county like Pierce which does not want to impose the real estate excise tax would not have to?"

Senator Zimmerman: "That is correct. Optional, completely their choice whether they would use optional sales tax or real estate, nothing, whatever."

Senator Zimmerman moved adoption of the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Section 1. The legislature hereby recognizes the concern of local governmental entities regarding the financing of vital services to residents of this state. The legislature finds that local governments are an efficient and responsive means of providing these vital services to the citizens of this state. It is the intent of the legislature that vital services such as public safety, public health, and fire protection be recognized by all local governmental entities in this state as top priorities of the citizens of Washington.

NEW SECTION. Sec. 2. (1) No city or town may impose a franchise fee or any other fee or charge of whatever nature or description upon the light and power, telephone, or gas distribution businesses, as defined in RCW 82.16.010, except that (a) a tax authorized by section 3 of this act may be imposed and (b) a fee may be charged to such businesses that recovers actual administrative expenses incurred by a city or town that are directly related to receiving and approving a permit, license, and franchise, to inspecting plans and construction, or to the preparation of a detailed statement pursuant to chapter 43.21C RCW.

(2) Subsection (1) of this section does not prohibit franchise fees imposed on an electrical energy, natural gas, or telephone business, by contract existing on the effective date of this section with a city or town, for the duration of the contract, but the franchise fees shall be considered taxes for the purposes of the limitations established in sections 3 and 4 of this act to the extent the fees exceed the costs allowable under subsection (1) of this section."
NEW SECTION. Sec. 3. No city or town may increase the rate of tax it imposes on the privilege of conducting an electrical energy, natural gas, or telephone business which increase applies to business activities occurring before the effective date of the increase, and no rate change may take effect before the expiration of sixty days following the enactment of the ordinance establishing the change.

NEW SECTION. Sec. 4. (1) No city or town may impose a tax on the privilege of conducting an electrical energy, natural gas, or telephone business at a rate which exceeds six percent unless the rate is approved by a majority of the voters of the city or town voting on the proposition.

(2) If a city or town is imposing a rate of tax under subsection (1) of this section in excess of six percent on the effective date of this section, the city or town shall decrease the rate to a rate of six percent or less by reducing the rate each year before November 1st by an amount equal to the lesser of (a) the weighted average increase in utility rates for the period beginning October 1st of the previous year and ending September 30th of the current year less the increase in the Seattle All Urban Consumer Price Index for the same period, multiplied by the then current tax rate or (b) one-fifth the difference between the tax rate on the effective date of this act and six percent. If the amount determined under (b) of this subsection is less than the amount determined under (a) of this subsection, then one-half of the difference between the amounts determined under (a) and (b) of this subsection shall be added to the amount determined under (a) of this subsection in the following year.

As used in this subsection, "weighted average increase in utility rates" means the percentage increase in utility revenues for each utility expected from application of increases in rates based on the previous year's revenues and service areas within each city or town.

Nothing in this subsection prohibits a city or town from reducing its rates by amounts greater than the amounts required in this subsection.

Voter approved rate increases under subsection (1) of this section shall not be included in the computations under this subsection.

Sec. 5. Section 82.02.020, chapter 15, Laws of 1961 as last amended by section 3, chapter 196, Laws of 1979 ex. sess. and RCW 82.02.020 are each amended to read as follows:

Except only as expressly provided in RCW 67.28.180 and 67.28.190 and the provisions of chapter 82.14 RCW, the state preempts the field of imposing taxes upon retail sales of tangible personal property, the use of tangible personal property, pari-mutuel wagering authorized pursuant to RCW 67.16.060, conveyances, and cigarettes, and no county, town, or other municipal subdivision shall have the right to impose taxes of that nature. No county, city, town, or other municipal corporation shall impose any tax, fee, or charge, either direct or indirect, on the construction or reconstruction of residential buildings, commercial buildings, industrial buildings, or on any other building or building space or appurtenance thereto, or on the development, subdivision, classification, or reclassification of land. However, this section does not preclude dedications of land or easements pursuant to RCW 58.17.110 within the proposed development or plat which the county, city, town, or other municipal corporation can demonstrate are reasonably necessary as a direct result of the proposed development or plat to which the dedication of land or easement is to apply.

This section does not prohibit voluntary agreements with counties, cities, towns, or other municipal corporations that allow a payment in lieu of a dedication of land or to mitigate a direct impact that has been identified as a consequence of a proposed development, subdivision, or plat: PROVIDED, That any such voluntary agreement shall be subject to the following provisions:
The payment shall be held in a reserve account and may only be expended to fund a capital improvement agreed upon by the parties to mitigate the identified, direct impact;

(2) The payment shall be expended in all cases within five years of collection; and

(3) Any payment not so expended shall be refunded with interest at the rate applied to judgments to the property owners of record at the time of the refund; however, if the payment is not expended within five years due to delay attributable to the developer, the payment shall be refunded without interest.

No county, city, town, or other municipal corporation shall require any payment as part of such a voluntary agreement which the county, city, town, or other municipal corporation cannot establish is reasonably necessary as a direct result of the proposed development or plat.

Nothing in this section prohibits cities, towns, counties, or other municipal corporations from collecting reasonable fees from an applicant for a permit or other governmental approval to cover the cost to the city, town, county, or other municipal corporation of processing applications, inspecting and reviewing plans, or preparing detailed statements required by chapter 43.21C RCW.

This section does not limit the existing authority of any county, city, town, or other municipal corporation to impose special assessments on property specifically benefitted thereby in the manner prescribed by law.

This section prohibits counties, cities, or towns from imposing or permits counties, cities, or towns to impose water, sewer, natural gas, drainage utility, and drainage system charges: PROVIDED, That no such charge shall exceed the proportionate share of such utility or system’s capital costs which the county, city, or town can demonstrate are attributable to the property being charged: PROVIDED FURTHER, That these provisions shall not be interpreted to expand or contract any existing authority of counties, cities, or towns to impose such charges.

This section does not apply to special purpose districts formed and acting pursuant to Titles 54, 56, 57, or 87 RCW, nor is the authority conferred by these titles affected.

NEW SECTION. Sec. 6. Nothing in this act precludes the imposition of business and occupation taxes by cities and towns, or of sales and use taxes. However, nothing in this act authorizes the imposition of a business and occupation tax by any county.

NEW SECTION. Sec. 7. The municipal research council shall conduct a survey to determine the various rates of business and occupation taxes in each city and town in the state of Washington. The survey shall use the rates in effect on March 1, 1982. The research council shall provide the results of the survey to the legislature no later than July 1, 1982.

NEW SECTION. Sec. 8. (1) The governing body of any county or any city may impose an excise tax on each sale of real property in the unincorporated areas of the county for the county tax and in the corporate limits of the city for the city tax at a rate not exceeding one-half of one percent of the selling price.

(2) In lieu of imposing the tax authorized in RCW 82.14.030(2), the governing body of any county or any city may impose an additional excise tax on each sale of real property in the unincorporated areas of the county for the county tax and in the corporate limits of the city for the city tax at a rate not exceeding one-half of one percent of the selling price.

(3) Taxes imposed under this section shall be collected from persons who are taxable by the state under chapter 82.45 RCW upon the occurrence of any taxable event within the unincorporated areas of the county or within the corporate limits of the city, as the case may be.

(4) As used in this section, "city" means any city or town.
NEW SECTION. Sec. 9. Every county and city imposing a tax under section 8(2) of this act shall provide for a special initiative procedure on an ordinance imposing or altering each tax. Such a special initiative procedure shall subject the ordinance imposing or altering the tax to approval or rejection by the voters. If the voters of the county or city otherwise possess the general power of initiative on county or city matters, this special initiative procedure shall conform to the requirements of that procedure. If the voters of a county or city do not otherwise possess the general power of initiative on county or city matters, this special initiative procedure shall conform to the requirements and procedures for initiative petitions provided for code cities in RCW 35A.11.100.

NEW SECTION. Sec. 10. (1) The county treasurer shall place one percent of the proceeds of the taxes imposed under section 8 of this act in the county current expense fund to defray costs of collection.

(2) The remaining proceeds from the county tax under section 8 of this act shall be deposited in the county current expense fund and may be used for any legally authorized purpose. The remaining proceeds from city or town taxes under section 8 of this act shall be distributed to the respective cities and towns monthly and may be used for any legally authorized purpose.

(3) This section does not limit the existing authority of any city, town, or county to impose special assessments on property specially benefited thereby in the manner prescribed by law.

NEW SECTION. Sec. 11. Any tax imposed under section 8 of this act and any interest or penalties thereon is a specific lien upon each piece of real property sold from the time of sale until the tax is paid, which lien may be enforced in the manner prescribed for the foreclosure of mortgages.

NEW SECTION. Sec. 12. The taxes levied under section 8 of this act are the obligation of the seller and may be enforced through an action of debt against the seller or in the manner prescribed for the foreclosure of mortgages. Resort to one course of enforcement is not an election not to pursue the other.

NEW SECTION. Sec. 13. Any taxes imposed under section 8 of this act shall be paid to and collected by the treasurer of the county within which is located the real property which was sold. The treasurer shall act as agent for any city within the county imposing the tax. The county treasurer shall cause a stamp evidencing satisfaction of the lien to be affixed to the instrument of sale or conveyance prior to its recording or to the real estate excise tax affidavit in the case of used mobile home sales. A receipt issued by the county treasurer for the payment of the tax imposed under section 8 of this act shall be evidence of the satisfaction of the lien imposed in section 11 of this act and may be recorded in the manner prescribed for recording satisfactions of mortgages. No instrument of sale or conveyance evidencing a sale subject to the tax may be accepted by the county auditor for filing or recording until the tax is paid and the stamp affixed thereto; in case the tax is not due on the transfer, the instrument shall not be accepted until suitable notation of this fact is made on the instrument by the treasurer.

Sec. 14. Section 4, chapter 94, Laws of 1970 ex. sess. and RCW 82.14.030 are each amended to read as follows:

(1) The governing body of any county or city while not required by legislative mandate to do so, may, by resolution or ordinance for the purposes authorized by this chapter, fix and impose a sales and use tax in accordance with the terms of this chapter. Such tax shall be collected from those persons who are taxable by the state pursuant to chapters 82.08 and 82.12 RCW, upon the occurrence of any taxable event within the county or city as the case may be. The rate of such tax imposed by a county shall be five-tenths of one percent of the selling price (in the case of a sales tax) or value of the article used (in the case of a use tax). The rate of such tax imposed by a city shall not exceed five-tenths of one percent of the selling price (in
the case of a sales tax) or value of the article used (in the case of a use tax): PRO-
VIDED, HOWEVER, That in the event a county shall impose a sales and use tax
under this subsection, the rate of such tax imposed under this subsection by any city
therein shall not exceed four hundred and twenty-five one-thousandths of one
percent.

(2) In addition to the tax authorized in subsection (1) of this section, the gov-
erning body of any county or city may by resolution or ordinance impose an addi-
tional sales and use tax in accordance with the terms of this chapter. Such
additional tax shall be collected upon the same taxable events upon which the tax
imposed under subsection (1) of this section is levied. The rate of such additional tax
imposed by a county shall be up to five-tenths of one percent of the selling price (in
the case of a sales tax) or value of the article used (in the case of a use tax). The
rate of such additional tax imposed by a city shall be up to five-tenths of one per-
cent of the selling price (in the case of a sales tax) or value of the article used (in
the case of a use tax): PROVIDED, HOWEVER, That in the event a county shall
impose a sales and use tax under this subsection at a rate equal to or greater than
the rate imposed under this subsection by a city within the county, the county shall
receive fifteen percent of the city tax: PROVIDED FURTHER, That in the event
that the county shall impose a sales and use tax under this subsection at a rate
which is less than the rate imposed under this subsection by a city within the county,
the county shall receive that amount of revenues from the city tax equal to fifteen
percent of the rate of tax imposed by the county under this subsection. The author-
ity to impose a tax under this subsection is intended in part to compensate local
government for any losses from the phase-out of the property tax on business
inventories.

Sec. 15. Section 5, chapter 94, Laws of 1970 ex. sess. and RCW 82.14.040 are
each amended to read as follows:

(1) Any county ordinance adopted ((pursuant to this chapter)) under RCW
82.14.030(1) shall contain, in addition to all other provisions required to conform to
this chapter, a provision allowing a credit against the county tax imposed under
RCW 82.14.030(1) for the full amount of any city sales or use tax imposed under
RCW 82.14.030(1) upon the same taxable event.

(2) Any county ordinance adopted under RCW 82.14.030(2) shall contain, in
addition to all other provisions required to conform to this chapter, a provision
allowing a credit against the county tax imposed under RCW 82.14.030(2) for the
full amount of any city sales or use tax imposed under RCW 82.14.030(2) upon the
same taxable event up to the additional tax imposed by the county under RCW
82.14.030(2).

NEW SECTION. Sec. 16. There is added to chapter 82.14 RCW a new sec-
tion to read as follows:

Every county and city imposing a tax under section 14(2) of this act shall pro-
vide for a special initiative procedure on an ordinance imposing or altering each tax.
Such a special initiative procedure shall subject the ordinance imposing or altering
the tax to approval or rejection by the voters. If the voters of the county or city
otherwise possess the general power of initiative on county or city matters, this spe-
cial initiative procedure shall conform to the requirements of that procedure. If the
voters of a county or city do not otherwise possess the general power of initiative on
county or city matters, this special initiative procedure shall conform to the require-
ments and procedures for initiative petitions provided for code cities in RCW
35A.11.100.

Sec. 17. Section 1, chapter 87, Laws of 1972 ex. sess. as last amended by sec-
tion 4, chapter 175, Laws of 1979 ex. sess. and RCW 82.44.150 are each amended
to read as follows:
(1) The director of licensing shall on the twenty-fifth day of February, May, August and November of each year, commencing with November, 1971, advise the state treasurer of the total amount of motor vehicle excise taxes remitted to the department of licensing during the preceding calendar quarter ending on the last day of March, June, September and December, respectively, except for those payable under RCW 82.44.030 and 82.44.070, from motor vehicle owners residing within each municipality which has levied a tax under RCW 35.58.273, which amount of excise taxes shall be determined by the director as follows:

The total amount of motor vehicle excise taxes remitted to the department, except those payable under RCW 82.44.030 and 82.44.070, from each county shall be multiplied by a fraction, the numerator of which is the population of the municipality residing in such county, and the denominator of which is the total population of the county in which such municipality or portion thereof is located. The product of this computation shall be the amount of excise taxes from motor vehicle owners residing within such municipality or portion thereof. Where the municipality levying a tax under RCW 35.58.273 is located in more than one county, the above computation shall be made by county, and the combined products shall provide the total amount of motor vehicle excise taxes from motor vehicle owners residing in the municipality as a whole. Population figures required for these computations shall be supplied to the director by the office of financial management, who shall adjust the fraction annually.

(2) On the first day of the months of January, April, July, and October of each year, the state treasurer based upon information provided by the department of licensing shall make the following apportionment and distribution of motor vehicle excise taxes deposited in the general fund. A sum equal to seventeen percent thereof shall be paid to cities and towns in the proportions and for the purposes hereinafter set forth; a sum equal to eleven percent of all motor vehicle excise tax receipts shall be allocable to the county sales and use tax equalization account under section 18 of this 1982 act; and a sum equal to seventy percent of all motor vehicle excise tax receipts shall be allocable to the state school equalization fund and credited and transferred each year in the following order of priority:

(a) The amount required and certified by the state finance committee each year as being necessary for payment of principal of and interest on bonds authorized by (Chapter 26, Laws of 1963 extraordinary session) RCW 28A.47.760 through 28A-47.774 in the ensuing twelve months and any additional amounts required by the covenants of such bonds shall be transferred from the state school equalization fund to the 1963 public school building bond retirement fund.

(b) Any remaining amounts in the state school equalization fund from the motor vehicle excise taxes not required for debt service on the above bond issues shall be transferred and credited to the general fund.

(3) The amount payable to cities and towns shall be apportioned among the several cities and towns within the state (ratably, on the basis of the population as last determined by the office of financial management) according to the following formula:

(a) Sixty-five percent of the sum specified in subsection (1) of this section to be paid to cities and towns shall be apportioned ratably on the basis of population as last determined by the office of financial management.

(b) Thirty-five percent of the sum specified in subsection (1) of this section to be paid to cities and towns shall be apportioned to cities and towns under section 19 of this 1982 act.

(4) When so apportioned, the amount payable to each such city and town shall be transmitted to the city treasurer thereof, and shall be utilized by such city or town for the purposes of police and fire protection and the preservation of the public health therein, and not otherwise. In case it be adjudged that revenue derived from
the excise tax imposed by this chapter cannot lawfully be apportioned or distributed to cities or towns, all moneys directed by this section to be apportioned and distributed to cities and towns shall be credited and transferred to the state general fund.

(5) On the first day of the months of January, April, July, and October of each year, the state treasurer, based upon information provided by the department of licensing, shall remit motor vehicle excise tax revenues imposed and collected under RCW 35.58.273 as follows:

(a) The amount required to be remitted by the state treasurer to the treasurer of any municipality levying the tax shall not exceed in any calendar year the amount of locally-generated tax revenues, excluding the excise tax imposed under RCW 35.58.273 for the purposes of this section, which shall have been budgeted by the municipality to be collected in such calendar year for any public transportation purposes including but not limited to operating costs, capital costs, and debt service on general obligation or revenue bonds issued for these purposes; and

(b) In no event may the amount remitted in a single calendar quarter exceed the amount collected on behalf of the municipality under RCW 35.58.273 during the calendar quarter next preceding the immediately preceding quarter.

(6) At the close of each calendar year accounting period, but not later than April 1, each municipality that has received motor vehicle excise taxes under subsection (5) of this section shall transmit to the director of licensing and the state auditor a written report showing by source the previous year's budgeted tax revenues for public transportation purposes as compared to actual collections. Any municipality that has not submitted the report by April 1 shall cease to be eligible to receive motor vehicle excise taxes under subsection (5) of this section until the report is received by the director of licensing. If a municipality has received more or less money under subsection (5) of this section for the period covered by the report than it is entitled to receive by reason of its locally-generated collected tax revenues, the director of licensing shall, during the next ensuing quarter that the municipality is eligible to receive motor vehicle excise tax funds, increase or decrease the amount to be remitted in an amount equal to the difference between the locally-generated budgeted tax revenues and the locally-generated collected tax revenues. In no event may the amount remitted for a calendar year exceed the amount collected on behalf of the municipality under RCW 35.58.273 during that same calendar year. At the time of the next fiscal audit of each municipality, the state auditor shall verify the accuracy of the report submitted and notify the director of licensing of any discrepancies.

(7) The motor vehicle excise taxes imposed under RCW 35.58.273 and required to be remitted under this section shall be remitted without legislative appropriation.

(8) Any municipality levying and collecting a tax under RCW 35.58.273 which does not have an operating, public transit system or a contract for public transportation services in effect within one year from the initial effective date of the tax shall return to the state treasurer all motor vehicle excise taxes received under subsection (5) of this section.

NEW SECTION. Sec. 18. There is added to chapter 82.14 RCW a new section to read as follows:

There is created in the state general fund a special account to be known as the "county sales and use tax equalization account." Into this account shall be placed a portion of all motor vehicle excise tax receipts as provided in RCW 82.44.150(2). Funds in this account shall be allocated by the state treasurer according to the following procedure:

(1) Prior to April 1st of each year the director of revenue shall inform the state treasurer of the total and the per capita levels of revenues for the unincorporated
area of each county, the state-wide weighted average per capita level of revenues for the unincorporated areas of all counties, and the state-wide weighted average per county level of revenues for the unincorporated levels of all counties imposing the sales and use tax authorized under RCW 82.14.030(1) for the previous calendar year.

(2) At such times as distributions are made under RCW 82.44.150, as now or hereafter amended, the state treasurer shall apportion to each county imposing the sales and use tax under RCW 82.14.030(1) at the maximum rate and receiving less than one hundred fifty thousand dollars from the tax for the previous calendar year, an amount from the county sales and use tax equalization account sufficient, when added to the amount of revenues received the previous calendar year by the county, to equal one hundred fifty thousand dollars.

(3) Subsequent to the distributions under subsection (2) of this section and at such times as distributions are made under RCW 82.44.150, as now or hereafter amended, the state treasurer shall apportion to each county imposing the sales and use tax under RCW 82.14.030(1) at the maximum rate and receiving less than eighty percent of the state-wide weighted average per capita level of revenues for the unincorporated areas of all counties as determined by the department of revenue under subsection (1) of this section, an amount from the county sales and use tax equalization account sufficient, when added to the per capita level of revenues for the unincorporated area received the previous calendar year by the county, to equal eighty percent of the state-wide weighted average per capita level of revenues for the unincorporated areas of all counties determined under subsection (1) of this section, subject to reduction under subsections (5) and (6) of this section. When computing distributions under this section, any distribution under subsection (2) of this section shall be considered revenues received from the tax imposed under RCW 82.14.030(1) for the previous calendar year.

(4) Subsequent to the distributions under subsection (3) of this section and at such times as distributions are made under RCW 82.44.150, as now or hereafter amended, the state treasurer shall apportion to each county imposing the sales and use tax under RCW 82.14.030(2) at the maximum rate and receiving a distribution under subsection (3) of this section, a third distribution from the county sales and use tax equalization account. The distribution to each qualifying county shall be equal to the distribution to the county under subsection (3) of this section, subject to the reduction under subsections (5) and (6) of this section. To qualify for the distributions under this subsection, the county must impose the tax under RCW 82.14.030(2) for the entire calendar year. Counties imposing the tax for less than the full year shall qualify for prorated allocations under this subsection proportionate to the number of months of the year during which the tax is imposed.

(5) Revenues distributed under this section in any calendar year shall not exceed an amount equal to eighty percent of the state-wide weighted average per county level of revenues for the unincorporated areas of all counties during the previous calendar year. If distributions under subsection (3) or (4) of this section cannot be made because of this limitation, then distributions under subsection (3) or (4) of this section shall be reduced ratably among the qualifying counties.

(6) If inadequate revenues exist in the county sales and use tax equalization account to make the distributions under subsection (3) or (4) of this section, then the distributions under subsection (3) or (4) of this section shall be reduced ratably among the qualifying counties. At such time during the year as additional funds accrue to the county sales and use tax equalization account, additional distributions shall be made under subsections (3) and (4) of this section to the counties.
If the level of revenues in the county sales and use tax equalization account exceeds the amount necessary to make the distributions under subsections (2) through (4) of this section, then the additional revenues shall be credited and transferred to the state general fund.

NEW SECTION. Sec. 19. There is added to chapter 82.14 RCW a new section to read as follows:

There is created in the state general fund a special account to be known as the "municipal sales and use tax equalization account." Into this account shall be placed such revenues as are provided under RCW 82.44.150(3)(b). Funds in this account shall be allocated by the state treasurer according to the following procedure:

(1) Prior to April 1st of each year the director of revenue shall inform the state treasurer of the total and the per capita levels of revenues for each city and the state-wide weighted average per capita level of revenues for all cities imposing the sales and use tax authorized under RCW 82.14.030(1) for the previous calendar year.

(2) At such times as distributions are made under RCW 82.44.150, as now or hereafter amended, the state treasurer shall apportion to each city not imposing the sales and use tax under RCW 82.14.030(2) an amount from the municipal sales and use tax equalization account equal to the amount distributed to the city under RCW 82.44.150(3)(a) multiplied by thirty-five sixty-fifths.

(3) Subsequent to the distributions under subsection (2) of this section, and at such times as distributions are made under RCW 82.44.150, as now or hereafter amended, the state treasurer shall apportion to each city imposing the sales and use tax under RCW 82.14.030(1) at the maximum rate and receiving less than seventy percent of the state-wide weighted average per capita level of revenues for all cities as determined by the department of revenue under subsection (1) of this section, an amount from the municipal sales and use tax equalization account sufficient, when added to the per capita level of revenues received the previous calendar year by the city, to equal seventy percent of the state-wide weighted average per capita level of revenues for all cities determined under subsection (1) of this section, subject to reduction under subsection (5) of this section.

(4) Subsequent to the distributions under subsection (3) of this section, and at such times as distributions are made under RCW 82.44.150, as now or hereafter amended, the state treasurer shall apportion to each city imposing the sales and use tax under RCW 82.14.030(2) at the maximum rate and receiving a distribution under subsection (3) of this section, a third distribution from the municipal sales and use tax equalization account. The distribution to each qualifying city shall be equal to the distribution to the city under subsection (3) of this section, subject to the reduction under subsection (5) of this section. To qualify for the distributions under this subsection, the city must impose the tax under RCW 82.14.030(2) for the entire calendar year. Cities imposing the tax for less than the full year shall qualify for prorated allocations under this subsection proportionate to the number of months of the year during which the tax is imposed.

(5) If inadequate revenues exist in the municipal sales and use tax equalization account to make the distributions under subsection (3) or (4) of this section, then the distributions under subsection (3) or (4) of this section shall be reduced ratably among the qualifying cities. At such time during the year as additional funds accrue to the municipal sales and use tax equalization account, additional distributions shall be made under subsections (3) and (4) of this section to the cities.
(6) If the level of revenues in the municipal sales and use tax equalization account exceeds the amount necessary to make the distributions under subsections (2) through (4) of this section, then the additional revenues shall be apportioned among the several cities within the state ratably on the basis of population as last determined by the office of financial management.

NEW SECTION. Sec. 20. If any part of this act is not enacted into law or if any part of the act is held invalid, the entire act shall be null and void.

NEW SECTION. Sec. 21. Sections 2 through 4 of this act are each added to chapter 35.21 RCW, and sections 8 through 13 of this act shall constitute a new chapter in Title 82 RCW.

NEW SECTION. Sec. 22. This act is necessary for the immediate preservation of the public peace, health, and safety, the support of the state government and its existing public institutions, and shall take effect immediately, except section 5 of this act shall take effect July 1, 1982."

On motion of Senator Zimmerman, the Committee on Local Government was relieved from further consideration of Senate Bill No. 4972.

On motion of Senator Zimmerman, the rules were suspended and Senate Bill No. 4972 was placed on second reading.

SECOND READING

SENATE BILL NO. 4972, by Senator Zimmerman:
Relating to local government finance.
The bill was read the second time by sections.
Senator Zimmerman moved adoption of the following amendment:
Strike everything after the enacting clause and insert the following:

*NEW SECTION. Section 1. The legislature hereby recognizes the concern of local governmental entities regarding the financing of vital services to residents of this state. The legislature finds that local governments are an efficient and responsive means of providing these vital services to the citizens of this state. It is the intent of the legislature that vital services such as public safety, public health, and fire protection be recognized by all local governmental entities in this state as top priorities of the citizens of Washington.

NEW SECTION. Sec. 2. (1) No city or town may impose a franchise fee or any other fee or charge of whatever nature or description upon the light and power, telephone, or gas distribution businesses, as defined in RCW 82.16.010, except that (a) a tax authorized by section 3 of this act may be imposed and (b) a fee may be charged to such businesses that recovers actual administrative expenses incurred by a city or town that are directly related to receiving and approving a permit, license, and franchise, to inspecting plans and construction, or to the preparation of a detailed statement pursuant to chapter 43.21C RCW.

(2) Subsection (1) of this section does not prohibit franchise fees imposed on an electrical energy, natural gas, or telephone business, by contract existing on the effective date of this section with a city or town, for the duration of the contract, but the franchise fees shall be considered taxes for the purposes of the limitations established in sections 3 and 4 of this act to the extent the fees exceed the costs allowable under subsection (1) of this section.

NEW SECTION. Sec. 3. No city or town may increase the rate of tax it imposes on the privilege of conducting an electrical energy, natural gas, or telephone business which increase applies to business activities occurring before the effective date of the increase, and no rate change may take effect before the expiration of sixty days following the enactment of the ordinance establishing the change.

NEW SECTION. Sec. 4. (1) Subject to the enactment into law of the 1982 amendment to RCW 82.02.020 by section 5 of this act, no city or town may impose a tax on the privilege of conducting an electrical energy, natural gas, or telephone business at a rate which exceeds six percent unless the rate is approved by a majority of the voters of the city or town voting on the proposition.

(2) Subject to the enactment into law of the 1982 amendment to RCW 82.02.020 by section 5 of this act, if a city or town is imposing a rate of tax under subsection (1) of this section in excess of six percent on the effective date of this section, the city or town shall decrease the rate to a rate of six percent or less by reducing the rate each year before November 1st by an amount equal to the lesser of (a) the weighted average increase in utility rates for the period beginning October 1st of the previous year and ending September 30th of the current year less the increase in the Seattle All Urban Consumer Price Index for the same period, multiplied by the then current tax rate or (b) one-fifth the difference between the tax rate on the effective date of this section and six percent. If the amount determined under (b) of this subsection is less than the amount determined under (a) of this subsection, then one-half of the difference between the amounts determined under (a) and (b) of this
subsection shall be added to the amount determined under (a) of this subsection in the following year.

As used in this subsection, "weighted average increase in utility rates" means the percentage increase in utility revenues for each utility expected from application of increases in rates based on the previous year's revenues and service areas within each city or town.

Nothing in this subsection prohibits a city or town from reducing its rates by amounts greater than the amounts required in this subsection.

Voter approved rate increases under subsection (1) of this section shall not be included in the computations under this subsection.

Sec. 5. Section 82.02.020, chapter 15, Laws of 1961 as last amended by section 3, chapter 196, Laws of 1979 ex. sess. and RCW 82.02.020 are each amended to read as follows:

Except only as expressly provided in RCW 67.28.180 and 67.28.190 and the provisions of chapter 82.14 RCW, the state preempts the field of imposing taxes upon retail sales of tangible personal property, the use of tangible personal property, parimutuel wagering authorized pursuant to RCW 67.16.060, conveyances, and cigarettes, and no county, town, or other municipal subdivision shall have the right to impose taxes of that nature. No county, city, town, or other municipal corporation shall impose any tax, fee, or charge, either direct or indirect, on the construction or reconstruction of residential buildings, commercial buildings, industrial buildings, or on any other building or building space or appurtenance thereto, or on the development, subdivision, classification, or reclassification of land. However, this section does not preclude dedications of land or easements pursuant to RCW 58.17.110 within the proposed development or plat which the county, city, town, or other municipal corporation can demonstrate are reasonably necessary as a direct result of the proposed development or plat to which the dedication of land or easement is to apply.

This section does not prohibit voluntary agreements with counties, cities, towns, or other municipal corporations that allow a payment in lieu of a dedication of land or to mitigate a direct impact that has been identified as a consequence of a proposed development, subdivision, or plat: PROVIDED, That any such voluntary agreement shall be subject to the following provisions:

1. The payment shall be held in a reserve account and may only be expended to fund a capital improvement agreed upon by the parties to mitigate the identified, direct impact;

2. The payment shall be expended in all cases within five years of collection;

and

3. Any payment not so expended shall be refunded with interest at the rate applied to judgments to the property owners of record at the time of the refund; however, if the payment is not expended within five years due to delay attributable to the developer, the payment shall be refunded without interest.

No county, city, town, or other municipal corporation shall require any payment as part of such a voluntary agreement which the county, city, town, or other municipal corporation cannot establish is reasonably necessary as a direct result of the proposed development or plat.

Nothing in this section prohibits cities, towns, counties, or other municipal corporations from collecting reasonable fees from an applicant for a permit or other governmental approval to cover the cost to the city, town, county, or other municipal corporation of processing applications, inspecting and reviewing plans, or preparing detailed statements required by chapter 43.21C RCW.

This section does not limit the existing authority of any county, city, town, or other municipal corporation to impose special assessments on property specifically benefitted thereby in the manner prescribed by law.
Nothing in this section prohibits counties, cities, or towns from imposing or permits counties, cities, or towns to impose water, sewer, natural gas, drainage utility, and drainage system charges: PROVIDED, That no such charge shall exceed the proportionate share of such utility or system's capital costs which the county, city, or town can demonstrate are attributable to the property being charged: PROVIDED FURTHER, That these provisions shall not be interpreted to expand or contract any existing authority of counties, cities, or towns to impose such charges.

This section does not apply to special purpose districts formed and acting pursuant to Titles 54, 56, 57, or 87 RCW, nor is the authority conferred by these titles affected.

NEW SECTION. Sec. 6. Nothing in this act precludes the imposition of business and occupation taxes by cities and towns, or of sales and use taxes. However, nothing in this act authorizes the imposition of a business and occupation tax by any county.

NEW SECTION. Sec. 7. Every city and town first imposing a business and occupation tax or increasing the rate of the tax after the effective date of this section shall provide for a special initiative procedure on an ordinance imposing or altering each tax. Such a special initiative procedure shall subject the ordinance imposing or altering the tax to approval or rejection by the voters. If the voters of the city or town otherwise possess the general power of initiative on city or town matters, this special initiative procedure shall conform to the requirements of that procedure. If the voters of a city or town do not otherwise possess the general power of initiative on city or town matters, this special initiative procedure shall conform to the requirements and procedures for initiative petitions provided for code cities in RCW 35A.11.100.

NEW SECTION. Sec. 8. The municipal research council shall conduct a survey to determine the various rates of business and occupation taxes in each city and town in the state of Washington. The survey shall use the rates in effect on March 1, 1982. The research council shall provide the results of the survey to the legislature no later than July 1, 1982.

NEW SECTION. Sec. 9. (1) Subject to the enactment into law of the 1982 amendment to RCW 82.02.020 by section 5 of this act, the governing body of any county or any city may impose an excise tax on each sale of real property in the unincorporated areas of the county for the county tax and in the corporate limits of the city for the city tax at a rate not exceeding one-half of one percent of the selling price.

(2) Subject to the enactment into law of the 1982 amendment to RCW 82.02.020 by section 5 of this act, in lieu of imposing the tax authorized in RCW 82.14.030(2), the governing body of any county or any city may impose an additional excise tax on each sale of real property in the unincorporated areas of the county for the county tax and in the corporate limits of the city for the city tax at a rate not exceeding one-half of one percent of the selling price.

(3) Taxes imposed under this section shall be collected from persons who are taxable by the state under chapter 82.45 RCW upon the occurrence of any taxable event within the unincorporated areas of the county or within the corporate limits of the city, as the case may be.

(4) Taxes imposed under this section shall comply with all applicable rules, regulations, laws, and court decisions regarding real estate excise taxes as imposed by the state under chapter 82.45 RCW.

(5) As used in this section, "city" means any city or town.

NEW SECTION. Sec. 10. Every county and city imposing a tax under section 9(2) of this act shall provide for a special initiative procedure on an ordinance imposing or altering each tax. Such a special initiative procedure shall subject the ordinance imposing or altering the tax to approval or rejection by the voters. If the
voters of the county or city otherwise possess the general power of initiative on county or city matters, this special initiative procedure shall conform to the requirements of that procedure. If the voters of a county or city do not otherwise possess the general power of initiative on county or city matters, this special initiative procedure shall conform to the requirements and procedures for initiative petitions provided for code cities in RCW 35A.11.100.

NEW SECTION. Sec. 11. (1) The county treasurer shall place one percent of the proceeds of the taxes imposed under section 9 of this act in the county current expense fund to defray costs of collection.

(2) The remaining proceeds from the county tax under section 9 of this act shall be deposited in the county current expense fund and may be used for any legally authorized purpose. The remaining proceeds from city or town taxes under section 9 of this act shall be distributed to the respective cities and towns monthly and may be used for any legally authorized purpose.

(3) This section does not limit the existing authority of any city, town, or county to impose special assessments on property specially benefited thereby in the manner prescribed by law.

NEW SECTION. Sec. 12. Any tax imposed under section 9 of this act and any interest or penalties thereon is a specific lien upon each piece of real property sold from the time of sale until the tax is paid, which lien may be enforced in the manner prescribed for the foreclosure of mortgages.

NEW SECTION. Sec. 13. The taxes levied under section 9 of this act are the obligation of the seller and may be enforced through an action of debt against the seller or in the manner prescribed for the foreclosure of mortgages. Resort to one course of enforcement is not an election not to pursue the other.

NEW SECTION. Sec. 14. Any taxes imposed under section 9 of this act shall be paid to and collected by the treasurer of the county within which is located the real property which was sold. The treasurer shall act as agent for any city within the county imposing the tax. The county treasurer shall cause a stamp evidencing satisfaction of the lien to be affixed to the instrument of sale or conveyance prior to its recording or to the real estate excise tax affidavit in the case of used mobile home sales. A receipt issued by the county treasurer for the payment of the tax imposed under section 9 of this act shall be evidence of the satisfaction of the lien imposed in section 12 of this act and may be recorded in the manner prescribed for recording satisfactions of mortgages. No instrument of sale or conveyance evidencing a sale subject to the tax may be accepted by the county auditor for filing or recording until the tax is paid and the stamp affixed thereto; in case the tax is not due on the transfer, the instrument shall not be accepted until suitable notation of this fact is made on the instrument by the treasurer.

Sec. 15. Section 4, chapter 94, Laws of 1970 ex. sess. and RCW 82.14.030 are each amended to read as follows:

(1) The governing body of any county or city while not required by legislative mandate to do so, may, by resolution or ordinance for the purposes authorized by this chapter, fix and impose a sales and use tax in accordance with the terms of this chapter. Such tax shall be collected from those persons who are taxable by the state pursuant to chapters 82.08 and 82.12 RCW, upon the occurrence of any taxable event within the county or city as the case may be. The rate of such tax imposed by a county shall be five-tenths of one percent of the selling price (in the case of a sales tax) or value of the article used (in the case of a use tax). The rate of such tax imposed by a city shall not exceed five-tenths of one percent of the selling price (in the case of a sales tax) or value of the article used (in the case of a use tax): PROVIDED, HOWEVER, That in the event a county shall impose a sales and use tax under this subsection, the rate of such tax imposed under this subsection by any city
therein shall not exceed four hundred and twenty-five one-thousandths of one percent.

(2) Subject to the enactment into law of the 1982 amendment to RCW 82.02-020 by section 5 of this 1982 act, in addition to the tax authorized in subsection (1) of this section, the governing body of any county or city may by resolution or ordinance impose an additional sales and use tax in accordance with the terms of this chapter. Such additional tax shall be collected upon the same taxable events upon which the tax imposed under subsection (1) of this section is levied. The rate of such additional tax imposed by a county shall be up to five-tenths of one percent of the selling price (in the case of a sales tax) or value of the article used (in the case of a use tax). The rate of such additional tax imposed by a city shall be up to five-tenths of one percent of the selling price (in the case of a sales tax) or value of the article used (in the case of a use tax); PROVIDED HOWEVER, That in the event a county shall impose a sales and use tax under this subsection at a rate equal to or greater than the rate imposed under this subsection by a city within the county, the county shall receive fifteen percent of the city tax: PROVIDED FURTHER, That in the event that the county shall impose a sales and use tax under this subsection at a rate which is less than the rate imposed under this subsection by a city within the county, the county shall receive that amount of revenues from the city tax equal to fifteen percent of the rate of tax imposed by the county under this subsection. The authority to impose a tax under this subsection is intended in part to compensate local government for any losses from the phase-out of the property tax on business inventories.

Sec. 16. Section 5, chapter 94, Laws of 1970 ex. sess. and RCW 82.14.040 are each amended to read as follows:

(1) Any county ordinance adopted ((pursuant to this chapter)) under RCW 82.14.030(1) shall contain, in addition to all other provisions required to conform to this chapter, a provision allowing a credit against the county tax imposed under RCW 82.14.030(1) for the full amount of any city sales or use tax imposed under RCW 82.14.030(1) upon the same taxable event.

(2) Any county ordinance adopted under RCW 82.14.030(2) shall contain, in addition to all other provisions required to conform to this chapter, a provision allowing a credit against the county tax imposed under RCW 82.14.030(2) for the full amount of any city sales or use tax imposed under RCW 82.14.030(2) upon the same taxable event up to the additional tax imposed by the county under RCW 82.14.030(2).

NEW SECTION. Sec. 17. There is added to chapter 82.14 RCW a new section to read as follows:

Every county and city imposing a tax under section 15(2) of this act shall provide for a special initiative procedure on an ordinance imposing or altering each tax. Such a special initiative procedure shall subject the ordinance imposing or altering the tax to approval or rejection by the voters. If the voters of the county or city otherwise possess the general power of initiative on county or city matters, this special initiative procedure shall conform to the requirements of that procedure. If the voters of a county or city do not otherwise possess the general power of initiative on county or city matters, this special initiative procedure shall conform to the requirements and procedures for initiative petitions provided for code cities in RCW 35A.11.100.

Sec. 18. Section 1, chapter 87, Laws of 1972 ex. sess. as last amended by section 4, chapter 175, Laws of 1979 ex. sess. and RCW 82.44.150 are each amended to read as follows:

(1) The director of licensing shall on the twenty-fifth day of February, May, August and November of each year, commencing with November, 1971, advise the state treasurer of the total amount of motor vehicle excise taxes remitted to the
department of licensing during the preceding calendar quarter ending on the last day of March, June, September and December, respectively, except for those payable under RCW 82.44.030 and 82.44.070, from motor vehicle owners residing within each municipality which has levied a tax under RCW 35.58.273, which amount of excise taxes shall be determined by the director as follows:

The total amount of motor vehicle excise taxes remitted to the department, except those payable under RCW 82.44.030 and 82.44.070, from each county shall be multiplied by a fraction, the numerator of which is the population of the municipality residing in such county, and the denominator of which is the total population of the county in which such municipality or portion thereof is located. The product of this computation shall be the amount of excise taxes from motor vehicle owners residing within such municipality or portion thereof. Where the municipality levying a tax under RCW 35.58.273 is located in more than one county, the above computation shall be made by county, and the combined products shall provide the total amount of motor vehicle excise taxes from motor vehicle owners residing in the municipality as a whole. Population figures required for these computations shall be supplied to the director by the office of financial management, who shall adjust the fraction annually.

(2) On the first day of the months of January, April, July, and October of each year, the state treasurer based upon information provided by the department of licensing shall make the following apportionment and distribution of motor vehicle excise taxes deposited in the general fund. A sum equal to seventeen percent thereof shall be paid to cities and towns in the proportions and for the purposes hereinafter set forth; a sum equal to two percent of all motor vehicle excise tax receipts shall be allocable to the county sales and use tax equalization account under section 19 of this 1982 act; and a sum equal to seventy percent of all motor vehicle excise tax receipts shall be allocable to the state school equalization fund and credited and transferred each year in the following order of priority:

(a) The amount required and certified by the state finance committee each year as being necessary for payment of principal of and interest on bonds authorized by (chapter 26, Laws of 1963 extraordinary session) RCW 28A.47.760 through 28A.47.774 in the ensuing twelve months and any additional amounts required by the covenants of such bonds shall be transferred from the state school equalization fund to the 1963 public school building bond retirement fund.

(b) Any remaining amounts in the state school equalization fund from the motor vehicle excise taxes not required for debt service on the above bond issues shall be transferred and credited to the general fund.

(3) The amount payable to cities and towns shall be apportioned among the several cities and towns within the state (ratably, on the basis of the population as last determined by the office of financial management) according to the following formula:

(a) Sixty-five percent of the sum specified in subsection (2) of this section to be paid to cities and towns shall be apportioned ratably on the basis of population as last determined by the office of financial management.

(b) Thirty-five percent of the sum specified in subsection (2) of this section to be paid to cities and towns shall be apportioned to cities and towns under section 20 of this 1982 act.

(4) When so apportioned, the amount payable to each such city and town shall be transmitted to the city treasurer thereof, and shall be utilized by such city or town for the purposes of police and fire protection and the preservation of the public health therein, and not otherwise. In case it be adjudged that revenue derived from the excise tax imposed by this chapter cannot lawfully be apportioned or distributed to cities or towns, all moneys directed by this section to be apportioned and distributed to cities and towns shall be credited and transferred to the state general fund.
(5) On the first day of the months of January, April, July, and October of each year, the state treasurer, based upon information provided by the department of licensing, shall remit motor vehicle excise tax revenues imposed and collected under RCW 35.58.273 as follows:

(a) The amount required to be remitted by the state treasurer to the treasurer of any municipality levying the tax shall not exceed in any calendar year the amount of locally-generated tax revenues, excluding the excise tax imposed under RCW 35.58.273 for the purposes of this section, which shall have been budgeted by the municipality to be collected in such calendar year for any public transportation purposes including but not limited to operating costs, capital costs, and debt service on general obligation or revenue bonds issued for these purposes; and

(b) In no event may the amount remitted in a single calendar quarter exceed the amount collected on behalf of the municipality under RCW 35.58.273 during the calendar quarter next preceding the immediately preceding quarter.

(6) At the close of each calendar year accounting period, but not later than April 1, each municipality that has received motor vehicle excise taxes under subsection (5) of this section shall transmit to the director of licensing and the state auditor a written report showing by source the previous year's budgeted tax revenues for public transportation purposes as compared to actual collections. Any municipality that has not submitted the report by April 1 shall cease to be eligible to receive motor vehicle excise taxes under subsection (5) of this section until the report is received by the director of licensing. If a municipality has received more or less money under subsection (5) of this section for the period covered by the report than it is entitled to receive by reason of its locally-generated collected tax revenues, the director of licensing shall, during the next ensuing quarter that the municipality is eligible to receive motor vehicle excise tax funds, increase or decrease the amount to be remitted in an amount equal to the difference between the locally-generated budgeted tax revenues and the locally-generated collected tax revenues. In no event may the amount remitted for a calendar year exceed the amount collected on behalf of the municipality under RCW 35.58.273 during that same calendar year. At the time of the next fiscal audit of each municipality, the state auditor shall verify the accuracy of the report submitted and notify the director of licensing of any discrepancies.

(7) The motor vehicle excise taxes imposed under RCW 35.58.273 and required to be remitted under this section shall be remitted without legislative appropriation.

(8) Any municipality levying and collecting a tax under RCW 35.58.273 which does not have an operating, public transit system or a contract for public transportation services in effect within one year from the initial effective date of the tax shall return to the state treasurer all motor vehicle excise taxes received under subsection (5) of this section.

NEW SECTION. Sec. 19. There is added to chapter 82.14 RCW a new section to read as follows:

There is created in the state general fund a special account to be known as the "county sales and use tax equalization account." Into this account shall be placed a portion of all motor vehicle excise tax receipts as provided in RCW 82.44.150(2). Funds in this account shall be allocated by the state treasurer according to the following procedure:

(1) Prior to April 1st of each year the director of revenue shall inform the state treasurer of the total and the per capita levels of revenues for the unincorporated area of each county and the state-wide weighted average per capita level of revenues for the unincorporated areas of all counties imposing the sales and use tax authorized under RCW 82.14.030(1) for the previous calendar year.

(2) At such times as distributions are made under RCW 82.44.150, as now or hereafter amended, the state treasurer shall apportion to each county imposing the
sales and use tax under RCW 82.14.030(1) at the maximum rate and receiving less than one hundred fifty thousand dollars from the tax for the previous calendar year, an amount from the county sales and use tax equalization account sufficient, when added to the amount of revenues received the previous calendar year by the county, to equal one hundred fifty thousand dollars.

(3) Subsequent to the distributions under subsection (2) of this section and at such times as distributions are made under RCW 82.44.150, as now or hereafter amended, the state treasurer shall apportion to each county imposing the sales and use tax under RCW 82.14.030(1) at the maximum rate and receiving less than seventy percent of the state-wide weighted average per capita level of revenues for the unincorporated areas of all counties as determined by the department of revenue under subsection (1) of this section, an amount from the county sales and use tax equalization account sufficient, when added to the per capita level of revenues for the unincorporated area received the previous calendar year by the county, to equal seventy percent of the state-wide weighted average per capita level of revenues for the unincorporated areas of all counties determined under subsection (1) of this section, subject to reduction under subsections (5) and (6) of this section. When computing distributions under this section, any distribution under subsection (2) of this section shall be considered revenues received from the tax imposed under RCW 82.14.030(1) for the previous calendar year.

(4) Subsequent to the distributions under subsection (3) of this section and at such times as distributions are made under RCW 82.44.150, as now or hereafter amended, the state treasurer shall apportion to each county imposing the sales and use tax under RCW 82.14.030(2) at the maximum rate and receiving a distribution under subsection (3) of this section, a third distribution from the county sales and use tax equalization account. The distribution to each qualifying county shall be equal to the distribution to the county under subsection (3) of this section, subject to the reduction under subsections (5) and (6) of this section. To qualify for the distributions under this subsection, the county must impose the tax under RCW 82.14.030(2) for the entire calendar year. Counties imposing the tax for less than the full year shall qualify for prorated allocations under this subsection proportionate to the number of months of the year during which the tax is imposed.

(5) Revenues distributed under this section in any calendar year shall not exceed an amount equal to seventy percent of the state-wide weighted average per capita level of revenues for the unincorporated areas of all counties during the previous calendar year. If distributions under subsection (3) or (4) of this section cannot be made because of this limitation, then distributions under subsection (3) or (4) of this section shall be reduced ratably among the qualifying counties.

(6) If inadequate revenues exist in the county sales and use tax equalization account to make the distributions under subsection (3) or (4) of this section, then the distributions under subsection (3) or (4) of this section shall be reduced ratably among the qualifying counties. At such time during the year as additional funds accrue to the county sales and use tax equalization account, additional distributions shall be made under subsections (3) and (4) of this section to the counties.

(7) If the level of revenues in the county sales and use tax equalization account exceeds the amount necessary to make the distributions under subsections (2) through (4) of this section, then the additional revenues shall be credited and transferred to the state general fund.

NEW SECTION. Sec. 20. There is added to chapter 82.14 RCW a new section to read as follows:

There is created in the state general fund a special account to be known as the "municipal sales and use tax equalization account." Into this account shall be placed such revenues as are provided under RCW 82.44.150(3)(b). Funds in this account shall be allocated by the state treasurer according to the following procedure:
Prior to April 1st of each year the director of revenue shall inform the state treasurer of the total and the per capita levels of revenues for each city and the state-wide weighted average per capita level of revenues for all cities imposing the sales and use tax authorized under RCW 82.14.030(1) for the previous calendar year.

At such times as distributions are made under RCW 82.44.150, as now or hereafter amended, the state treasurer shall apportion to each city not imposing the sales and use tax under RCW 82.14.030(2) an amount from the municipal sales and use tax equalization account equal to the amount distributed to the city under RCW 82.44.150(3)(a) multiplied by thirty-five sixty-fifths.

Subsequent to the distributions under subsection (2) of this section, and at such times as distributions are made under RCW 82.44.150, as now or hereafter amended, the state treasurer shall apportion to each city imposing the sales and use tax under RCW 82.14.030(1) at the maximum rate and receiving less than seventy percent of the state-wide weighted average per capita level of revenues for all cities as determined by the department of revenue under subsection (1) of this section, an amount from the municipal sales and use tax equalization account sufficient, when added to the per capita level of revenues received the previous calendar year by the city, to equal seventy percent of the state-wide weighted average per capita level of revenues for all cities determined under subsection (1) of this section, subject to reduction under subsection (5) of this section.

Subsequent to the distributions under subsection (3) of this section, and at such times as distributions are made under RCW 82.44.150, as now or hereafter amended, the state treasurer shall apportion to each city imposing the sales and use tax under RCW 82.14.030(2) at the maximum rate and receiving a distribution under subsection (3) of this section, a third distribution from the municipal sales and use tax equalization account. The distribution to each qualifying city shall be equal to the distribution to the city under subsection (3) of this section, subject to the reduction under subsection (5) of this section. To qualify for the distributions under this subsection, the city must impose the tax under RCW 82.14.030(2) for the entire calendar year. Cities imposing the tax for less than the full year shall qualify for prorated allocations under this subsection proportionate to the number of months of the year during which the tax is imposed.

If inadequate revenues exist in the municipal sales and use tax equalization account to make the distributions under subsection (3) or (4) of this section, then the distributions under subsection (3) or (4) of this section shall be reduced ratably among the qualifying cities. At such time during the year as additional funds accrue to the municipal sales and use tax equalization account, additional distributions shall be made under subsections (3) and (4) of this section to the cities.

If the level of revenues in the municipal sales and use tax equalization account exceeds the amount necessary to make the distributions under subsections (2) through (4) of this section, then the additional revenues shall be apportioned among the several cities within the state ratably on the basis of population as last determined by the office of financial management: PROVIDED, That no such distribution shall be made to those cities receiving a distribution under subsection (2) of this section.

NEW SECTION. Sec. 21. Sections 2 through 4 and 7 of this act are each added to chapter 35.21 RCW, and sections 9 through 14 of this act shall constitute a new chapter in Title 82 RCW.

NEW SECTION. Sec. 22. This act is necessary for the immediate preservation of the public peace, health, and safety, the support of the state government and its existing public institutions, and shall take effect immediately, except section 5 of this act shall take effect July 1, 1982.
Senator Zimmerman moved adoption of the following amendment to the amendment by Senator Zimmerman:

On page 9, line 3, after "exceeding" strike "one-half" and insert "one-quarter"

POINT OF INQUIRY

Senator Guess: "Senator Zimmerman, the question now is, who pays the quarter of one percent?"
Senator Zimmerman: "The quarter of one percent would usually be paid by the seller as he is making the transaction papers. He has a hundred thousand dollar home and he has it for sale. The two hundred and fifty dollars that would be involved would come out of that end of it."
Senator Guess: "And who gets the two hundred and fifty dollars?"
Senator Zimmerman: "This would be given to local government. That is the idea — the fact that it would be returned to county or city, depending on where it is located."
Senator Guess: "Thank you."

REMARKS BY SENATOR GOULD

Senator Gould: "To elaborate a bit, that money would be put into a dedicated fund if the next amendment is adopted which could only be used for capital purposes. It could not be used for general operating funds."

The motion by Senator Zimmerman carried and the amendment to the amendment was adopted.

MOTIONS

On motion of Senator Bluechel, Senators Pullen and von Reichbauer were excused.

Senator Hurley moved the following amendments by Senators Hurley and Pullen to the amendment by Senator Zimmerman, as amended, be considered and adopted simultaneously:

On page 7, line 36, after "shall" strike all of the material down to and including "35A.11.100" on page 8, line 18 and insert the following:

"submit such tax to the voters of the jurisdiction for their adoption and ratification, or rejection at the next general election or a special election ordered by the legislative authority of the jurisdiction under the general election laws of the state. This tax shall be approved by a favorable vote of three-fifths of forty percent of the total votes cast in the jurisdiction at the last preceding general election"

On page 10, beginning on line 2, strike all of the material down to and including "35A.11.100" on line 21 and insert the following:

"submit such tax to the voters of the jurisdiction for their adoption and ratification, or rejection at the next general election or a special election ordered by the legislative authority of the jurisdiction under the general election laws of the state. This tax shall be approved by a favorable vote of three-fifths of forty percent of the total votes cast in the jurisdiction at the last preceding general election"

On page 15, line 21 after "shall" strike all of the material down to and including "35A.11.100" on page 16, line 3 and insert the following:

"submit such tax to the voters of the jurisdiction for their adoption and ratification, or rejection at the next general election or a special election ordered by the legislative authority of the jurisdiction under the general election laws of the state. This tax shall be approved by a favorable vote of three-fifths of forty percent of the total votes cast in the jurisdiction at the last preceding general election"

Debate ensued.
POINT OF INQUIRY

Senator Metcalf: "Senator Hurley, I believe that three-fifths of forty percent, that is pretty tough. Would you accept an oral amendment to read, 'This tax shall be approved by', and strike out 'favorable vote of three-fifths of forty percent,' approved by a majority, put 'a majority of the total votes cast'?"

Senator Hurley: "Yes, I would."

Senator Metcalf moved adoption of the following amendment to the amendment by Senators Hurley and Pullen:

On the 6th line of the second amendment, strike "vote of three-fifths of forty percent of the total votes cast in the jurisdiction at the last preceding general election" and insert "majority"

Debate ensued.

The motion by Senator Metcalf failed and the amendment to the amendment was not adopted.

The motion by Senator Hurley failed and the amendments were not adopted.

Senator Woody moved adoption of the following amendment to the amendment by Senator Zimmerman as amended:

On page 8, line 30, strike all of subsection (1) and renumber the remaining subsections consecutively.

Debate ensued.

The motion by Senator Woody failed and the amendment to the amendment, as amended, was not adopted.

On motion of Senator Conner, the following amendments to the amendment by Senator Zimmerman, as amended were adopted:

On page 9, line 12, after "purpose" strike the period and insert: ": PROVIDED, That one-twelfth of the proceeds so collected shall be used exclusively for uniform fire code enforcement as required under RCW 19.27.110."

On page 9, line 12, after the language of the first amendment, insert: ": PROVIDED FURTHER, That one twelfth of the proceeds so collected shall be distributed to fire protection districts, organized under RCW 52, proportionately based on assessed valuation."

On page 12, line 35, the same two amendments would be inserted.

POINT OF INQUIRY

Senator Wilson: "Senator Zimmerman, a moment ago this body adopted amendments to page 9 on line 12, two amendments, and providing that a twelfth of the proceeds so collected will be used for uniform fire code enforcement. My question is, how much money does this amount to? That is, what does a twelfth of the total proceeds involved here amount to?"

Senator Zimmerman: "Conversations in general here, it is not very much. No. Senator Wilson, at this point these amendments were never dealt with. We do not know the details in terms of the financial effect of them. We are somewhat less than satisfied they do what was intended. I would hope that the body at this point could decide to take them off, let us have longer time to look at them on the other side of the building. At this point I am less than satisfied that we are proceeding and I would like to see us move on."

Senator Wilson: "Would you have any objection, Senator Zimmerman, to holding up this bill for a few minutes while we find out what we did with these two amendments?"

Senator Zimmerman: "At the time of the night, in the dark of the night, I am in favor of getting this job done, but at the same time if you feel you have adequate resources to fill it out and finish it in a moment or two, but I don't suggest we take a lot of time at it. I guess I am saying..."
Senator Wilson: "I think there is a general feeling in this chamber, Senator Zimmerman, that we are not dealing knowledgeably with this measure that is before the body and that we ought to be a little more careful than we are being."

Senator Zimmerman: "Under the circumstances, gentlemen, we are looking at tomorrow's business and at the same time, when in doubt I vote 'no' and I guess that is the recommended procedure at times, but I will bow to whatever the wishes of the leadership are."

MOTION FOR RECONSIDERATION

On motion of Senator Conner, the Senate moved to reconsider the vote by which the amendment by Senator Conner to the amendment by Senator Zimmerman, as amended, to page 12, line 35 was adopted.

On motion of Senator Conner, the amendment to the amendment, as amended, to page 12, line 35 was withdrawn.

MOTION

On motion of Senator Clarke, Senate Bill No. 4972, as amended, was ordered held for further consideration on April 9, 1982.

MOTION

On motion of Senator Clarke, the Senate returned to the third order of business.

MESSAGE FROM THE GOVERNOR

TO THE HONORABLE, THE SENATE OF THE STATE OF WASHINGTON.

LADIES AND GENTLEMEN:

I am returning herewith without my approval ENGROSSED SENATE BILL NO. 4831 entitled:

"AN ACT Relating to shoreline areas:

Engrossed Senate Bill No. 4831 would establish an approach of an unusual and unwarranted nature for exempting specific industrial projects from procedures established by the Shoreline Management Act. The bill would also severely restrict state level shoreline permit review and approval procedures established by a vote of the people in 1972.

As drafted, ESB 4831 exempts one company from established state law and restricts the Shoreline Management Act's appeal process by eliminating state government from the review and approval process. This is an example of exactly that kind of uncoordinated and piecemeal approach that the act was originally designed to prevent.

Legislation by exemption is poor practice. Consistency, uniformity, and equity in the application of law are essential. To set precedent by doing otherwise serves to undermine public trust and faith in state laws and state law making process.

It is also disruptive and unwarranted to attempt to circumvent state shoreline protection laws in this manner. Many other companies have successfully obtained shoreline development permits by following the guidelines and procedures established by the Shoreline Management Act. To provide a special statutory exemption to a single company is disruptive to the process, establishes a dangerous precedent, is unfair to other entities that have worked within the process, and may be unconstitutional.
The only possible justification for this law is the promise of new jobs at a time they are desperately needed. There is significant doubt that there would be a short-term net increase in jobs were the project to proceed. There is no doubt that the damage to the Shoreline Management Act and the dangers to fishing and the state's role under the Federal Coastal Zone Management Act would be long lasting. The considerable controversy generated by ESB 4831 indicates that there may be problems with the state's shoreline management procedures. It is recognized that the Shoreline Management Act was adopted nearly ten years ago and that times have changed. The act may unreasonably restrict economic growth in times of severe recession. In order to identify problems with the act and to develop realistic solutions, I would welcome a legislative study to determine the need for modification of the law.

For these reasons, I have vetoed Engrossed Senate Bill No. 4831.

Respectfully submitted,
JOHN SPELLMAN
Governor.

MOTION

On motion of Senator Clarke, the Senate advanced to the fourth order of business.

MESSAGE FROM THE HOUSE

April 7, 1982.

Mr. President: The House has adopted the report of the Conference Committee on ENGROSSED SUBSTITUTE SENATE BILL NO. 3783 and has granted said committee the powers of Free Conference, and the report of the Conference Committee is herewith transmitted.

PATRICIA M. WILLIAMS, Chief Clerk.

REPORT OF CONFERENCE COMMITTEE

April 7, 1982.

Mr. President:
Mr. Speaker:

We, of your Conference Committee, to whom was referred ENGROSSED SUBSTITUTE SENATE BILL NO. 3783, authorizing the physical revaluation of property every six years if statistical adjustments are made, have had the same under consideration, and we report that we are unable to agree and request the powers of Free Conference in order to recommend that the House amendment not be adopted and the following substitute amendment be adopted:

Strike everything after the enacting clause and insert the following:

"Section 1. Section 84.41.030, chapter 15, Laws of 1961 as amended by section 6, chapter 288, Laws of 1971 ex. sess. and RCW 84.41.030 are each amended to read as follows:

Each county assessor shall maintain an active and systematic program of revaluation on a continuous basis, and shall establish a revaluation schedule which will result in revaluation of all taxable real property within the county at least once each four years and physical inspection of all taxable real property within the county at least once each six years.

Sec. 2. Section 2, chapter 131, Laws of 1974 ex. sess. as amended by section 9, chapter 214, Laws of 1979 ex. sess. and RCW 84.41.041 are each amended to read as follows:

Each county assessor shall cause taxable real property to be physically inspected and valued at least once every six years in accordance with RCW
84.41.030, and in accordance with a plan filed with and approved by the department of revenue. Such revaluation plan shall provide that a reasonable portion of all taxable real property within a county shall be revalued and these newly-determined values placed on the assessment rolls each year. If the revaluation plan provides for physical inspection at least once each four years, during the intervals between each physical inspection of real property, the valuation of such property may be adjusted to its current true and fair value, such adjustments to be based upon appropriate statistical data. If the revaluation plan provides for physical inspection less frequently than once each four years, during the intervals between each physical inspection of real property, the valuation of such property shall be adjusted to its current true and fair value, such adjustments to be made once each year and to be based upon appropriate statistical data.

The assessor may require property owners to submit pertinent data respecting taxable property in their control including data respecting any sale or purchase of said property within the past five years, the cost and characteristics of any improvement on the property and other facts necessary for appraisal of the property.

Sec. 3. Section 84.41.090, chapter 15, Laws of 1961 as amended by section 200, chapter 278, Laws of 1975 1st ex. sess. and RCW 84.41.090 are each amended to read as follows:

The department of revenue shall by rule establish appropriate statistical methods for use by assessors in adjusting the valuation of property between physical inspections. The department of revenue shall make and publish such additional rules, regulations and guides which it determines are needed to supplement materials presently published by the department of revenue for the general guidance and assistance of county assessors. Each assessor is hereby directed and required to value property in accordance with the standards established by RCW 84.40.030 and in accordance with the applicable rules, regulations and valuation manuals published by the department of revenue.

Sec. 4. Section 36.21.080, chapter 4, Laws of 1963 as last amended by section 3, chapter 274, Laws of 1981 and RCW 36.21.080 are each amended to read as follows:

(1) The county assessor is authorized to place any property under the provisions of RCW 36.21.040 through 36.21.080 on the assessment rolls for the purposes of tax levy up to (May 31st) August 31st of each year. The assessed valuation of property under the provisions of RCW 36.21.040 through 36.21.080 shall be considered as of (the April 30th immediately preceding the date that the property is placed on the assessment rolls) July 31st of that year.

(2) If, on or before December 31 in any calendar year, any real or personal property placed upon the assessment roll of that year is destroyed in whole or in part, or is in an area that has been declared a disaster area by the governor and has been reduced in value by more than twenty percent as a result of a natural disaster, the true cash value of such property shall be reduced for that year by an amount determined as follows, without necessity of taxpayer application under chapter 84.70 RCW:

(a) First take the true cash value of such taxable property before destruction or reduction in value and deduct therefrom the true cash value of the remaining property after destruction or reduction in value.

(b) Then divide any amount remaining by twelve and multiply the quotient by the number of months or major fraction thereof remaining after the date of the destruction or reduction in value of the property.

Sec. 5. Section 84.40.040, chapter 15, Laws of 1961 as last amended by section 97, chapter 195, Laws of 1973 1st ex. sess. and RCW 84.40.040 are each amended to read as follows:
The assessor shall begin the preliminary work for each assessment not later than the first day of December of each year in all counties in the state. He shall also complete the duties of listing and placing valuations on all property by May 31st of each year, except that the listing and valuation of construction under RCW 36.21-.040 through 36.21.080 shall be completed by August 31st of each year, and in the following manner, to wit:

He shall actually determine as nearly as practicable the true and fair value of each tract or lot of land listed for taxation and of each improvement located thereon and shall enter one hundred percent of the value of such land and of the total value of such improvements, together with the total of such one hundred percent valuations, opposite each description of property on his assessment list and tax roll.

He shall make an alphabetical list of the names of all persons in his county liable to assessment of personal property, and require each person to make a correct list and statement of such property according to the standard form prescribed by the department of revenue, which statement and list shall include, if required by the form, the year of acquisition and total original cost of personal property in each category of the prescribed form, and shall be signed and verified under penalty of perjury by the person listing the property. Such list and statement shall be filed on or before the last day of March, but the assessor, upon written request filed on or before such date and for good cause shown therein, shall allow a reasonable extension of time for filing. The assessor shall on or before the 1st day of January of each year mail a notice to all such persons at their last known address that such statement and list is required, such notice to be accompanied by the form on which the statement or list is to be made: PROVIDED, That the notice mailed by the assessor to each taxpayer each year shall, if practicable, include the statement and list of personal property of the taxpayer for the preceding year. Upon receipt of such statement and list the assessor shall thereupon determine the true and fair value of the property included in such statement and enter one hundred percent of the same in the assessment books opposite the name of the party assessed; and in making such entry in his assessment list, he shall give the name and post office address of the party listing the property, and if the party resides in a city the assessor shall give the street and number or other brief description of his residence or place of business. The assessor may, after giving written notice of his action to the person to be assessed, add to the assessment list any taxable property which, in his judgment, should be included in such list.

Sec. 6. Section 42, chapter 26, Laws of 1967 ex. sess. as amended by section 2, chapter 284, Laws of 1977 ex. sess. and RCW 82.03.130 are each amended to read as follows:

(4) Appeals by an assessor or owner of an intercounty public utility or private car company from determinations by the director of revenue of equalized assessed valuation of property and the apportionment thereof to a county made pursuant to chapter 84.12 RCW and 84.16 RCW, the right to such appeal being hereby established.
(5) Appeals by an assessor, landowner, or owner of an intercounty public utility or private car company from a determination of any county indicated ratio for such county compiled by the department of revenue pursuant to RCW 84.48.075: PROVIDED, That
(a) Said appeal be filed after review of the ratio ((by the assessor with the department of revenue and upon or before August 11th)) under RCW 84.48.075(3) and not later than fifteen days after the date of certification as required by RCW 84.48.075; and

(2) To such extent as is reasonable, the department may define use classes of property for the purposes of determination of the indicated ratio. Such use classes may be defined with respect to property use and may include agricultural, open space, timber and forest lands.

(3) The department shall review each county's preliminary ratio with the assessor, a landowner, or an owner of an intercounty public utility or private car company of that county, if requested by the assessor, a landowner, or an owner of an intercounty public utility or private car company of that county, respectively, between the first and third Mondays of August. (4) The department of revenue shall also examine procedures used by the assessor to assess real and personal property in the county, including calculations, use of prescribed value schedules, and efforts to locate all taxable property in the county. If any examination by the department discloses other than market value is being listed on the county assessment rolls of the county by the assessor and, after due notification by the department, is not corrected, the department of revenue shall, in accordance with rules adopted by the department, adjust the ratio of that type of property, which adjustment shall be used for determining the county's indicated ratio.

Sec. 9. Section 47, chapter 26, Laws of 1967 ex. sess. and RCW 82.03.180 are each amended to read as follows:

Judicial review of a decision of the board of tax appeals shall be de novo in accordance with the provisions of RCW 82.32.180 or 84.68.020 as applicable except when the decision has been rendered pursuant to a formal hearing elected under RCW 82.03.140 or 82.03.190, in which event judicial review may be obtained only pursuant to RCW 34.04.130 and 34.04.140: PROVIDED, HOWEVER, That nothing herein shall be construed to modify the rights of a taxpayer conferred by RCW 82.32.180 and 84.68.020 to sue for tax refunds: AND PROVIDED FURTHER, That no review from a decision made pursuant to RCW 82.03.130(1) may be obtained by a taxpayer unless within the petition period provided by RCW 34.04-130 the taxpayer shall have first paid in full the contested tax, together with all penalties and interest thereon, if any. NEW SECTION. Sec. 10. There is added to chapter 84.40 RCW a new section to read as follows:

For the purpose of assessment and valuation of all taxable property in each county, any real or personal property in each county shall be subject to visitation, investigation, examination, discovery, and listing at any reasonable time by the county assessor of the county or by any employee thereof designated for this purpose by the assessor.

In any case of refusal to such access, the assessor shall request assistance from the department of revenue which may invoke the power granted by chapter 84.08 RCW.

Sec. 11. Section 84.08.060, chapter 15, Laws of 1961 as amended by section 150, chapter 278, Laws of 1975 1st ex. sess. and RCW 84.08.060 are each amended to read as follows:

The department of revenue shall have power to direct and to order any county board of equalization to raise or lower the valuation of any taxable property, or to add any property to the assessment list, or to perform or complete any other duty required by statute. The department of revenue may require any such board of equalization to reconvene after its adjournment for the purpose of performing any order or requirement made by the department of revenue and may make such orders as it shall determine to be just and necessary. The department may require any county board of equalization to reconvene at any time for the purpose of performing or completing any duty or taking any action it might lawfully have performed or taken at any of its previous regular July, November or April meetings. If such board of equalization shall fail or refuse forthwith to comply with any such order or requirement of the department of revenue, the department of revenue shall have power to take any other appropriate action, or to make such correction or change in the assessment list, and such corrections and changes shall be a part of the record of the proceedings of the said board of equalization: PROVIDED, That in all cases where the department of revenue shall raise the valuation of any property or add property to the assessment list, it shall give notice either for the same time and in the same manner as is now required in like cases of county boards of equalization, or if it shall deem such method of giving notice impracticable it shall give notice by publication thereof in a newspaper of general circulation within the county in which the property affected is situated once each week for two consecutive weeks, and the department of revenue shall not proceed to raise such valuation or add such property to the assessment list until a period of five days shall have elapsed subsequent to the date of the last publication of such notice: PROVIDED FURTHER, That appeals
to the board of tax appeals by any taxpayer or taxing unit concerning any action of
the county board of equalization shall not raise the valuation of the property to an
amount greater than the larger of either the valuation of the property by the county
assessor or the valuation of the property assigned by the county board of equaliza-
tion. Such notice shall give the legal description of each tract of land involved, or a
general description in case of personal property; the tax record-owner thereof; the
assessed value thereof determined by the county board of equalization in case the
property is on the assessment roll; and the assessed value thereof as determined by
the department of revenue and shall state that the department of revenue proposes
to increase the assessed valuation of such property to the amount stated and to add
such property to the assessment list at the assessed valuation stated. The necessary
expense incurred by the department of revenue in making such reassessment and/or
adding such property to the assessment list shall be borne by the county or township
in which the property as reassessed and/or so added to the assessment list is situated
and shall be paid out of the proper funds of such county upon the order of the
department of revenue.

the immediate preservation of the public peace, health, and safety, the support of the
state government and its existing public institutions, and shall take effect
immediately."

See also the following amendment to page 2, after line 27 (adopted as amended) and including a title amendment.

On page 2, after line 27, insert the following:
"NEW SECTION. Sec. 3. It is the intent of sections 3 through 10 to provide an incentive for state personnel to effect a savings in the operation of state government by curtailing the practice of expending all appropriated funds when such expenditures are unnecessary for the operation of the agency. To end this wasteful practice, the legislature intends to provide for the payment of cash bonus awards to employees whose actions enable the agency to control spending during the last quarter of each biennium and thereby revert part of its appropriation to the general fund.

NEW SECTION. Sec. 4. As used in sections 3 through 10, "agency" means every department, board, commission, and agency of the executive branch of state government to which funds are appropriated by the legislature.

NEW SECTION. Sec. 5. By October 1 of each even-numbered year, each agency shall have adopted a program to prevent disproportionate spending during the last quarter of the biennium. The agency shall provide the director of financial management with a copy of its program. The director of financial management shall compile such programs and make them available for public inspection.

NEW SECTION. Sec. 6. Any executive head of an agency may apply for a bonus award under sections 3 through 10 by submitting an application to the governor during the month of August next following the end of the biennium for which the award is sought. The application shall be on forms prescribed by the governor and shall include the amount of the savings and the employees for which the cash bonus is being requested.

NEW SECTION. Sec. 7. The governor shall pay a bonus, from funds appropriated therefor, to each agency from which funds were reverted to the general fund for the previous biennium if the executive head of the agency can establish, to the governor's satisfaction, that the agency did revert the funds due to its efforts to implement its program adopted under section 5 of this act.

The governor shall prescribe the amount of the bonus and, in consultation with the executive agency head, the distribution to those employees who made the key decisions which resulted in the savings. The total amount of the bonus shall not exceed ten percent of the funds which reverted to the general fund from the agency for the biennium or twenty-five thousand dollars, whichever is less. The funds shall not be distributed to more than fifteen employees or ten percent of the agency's average number of full time equivalent employees during the last fiscal year, whichever is less. No employee may receive more than two thousand five hundred dollars.

NEW SECTION. Sec. 8. Any bonus award received under sections 3 through 10 shall not be considered as salaries or wages for the purpose of computing any pension or retirement allowance.
NEW SECTION. Sec. 9. Sections 3 through 10 shall expire June 30, 1985.

NEW SECTION. Sec. 10. There is added to chapter 43.88 RCW a new section to read as follows:

By October 1 of each even-numbered year, the director of financial management shall have prepared and provided the president of the senate and speaker of the house of representatives with a report showing graphically for each agency the extent to which spending, for purposes other than salary and fringe benefits, varied between the quarters of the fiscal years in the preceding biennium. For those agencies whose spending for such purposes during the last quarter shown was ten percent or more greater than during any other quarter shown, the director shall provide his opinion on whether there exists sufficient justification for the disproportionate spending.

NEW SECTION. Sec. 11. Sections 3 through 9 of this act shall constitute a new chapter in Title 41 RCW.

Renumber the sections consecutively.

On page 1, line 4 of the title, after "43.01.040;" insert "adding a new chapter to Title 41 RCW; adding a new section to chapter 43.88 RCW;" and on line 5, after "section;" insert "providing an expiration date;", and the same is herewith transmitted.

PATRICIA M. WILLIAMS, Chief Clerk.

MOTION

Senator Newhouse moved the Senate concur in the House amendments to Engrossed Substitute Senate Bill No. 5007 with the exception of the House amendments to page 1, line 14, after "leave" insert ": PROVIDED FURTHER, That this section shall not apply to any employee covered by chapter 41.26 RCW" and the amendment on page 2, line 27 inserting NEW SECTIONS 3, 4, 5, 6, 7, 8, 9, 10 and 11 and the title amendment thereto and ask the House to recede therefrom.

Debate ensued.

POINT OF INQUIRY

Senator Bottiger: "Senator Scott, I have tried to ask you these questions before and it has been suggested that I either did not ask them right or that the answer wasn't right, but if a public employee quits his job and has accrued vacation time, does anything in this bill prohibit him collecting that accrued vacation time?"

Senator Scott: "Senator Bottiger, nothing prohibits him from taking vacation time up to 30 days."

Senator Bottiger: "Now if he is fired, is he still entitled to his accrued vacation time?"

Senator Scott: "Up to 30 days."

Senator Bottiger: "And if he is laid off, is he entitled to his accrued vacation time?"

Senator Scott: "Up to 30 days."

Senator Bottiger: "And 30 days has been and is by another statute the maximum accrued vacation time, absent some special permission from the Governor. Is that correct?"

Senator Scott: "Up to 30 days."

The motion by Senator Newhouse carried.

On motion of Senator Zimmerman, the following amendment to the amendment by Senator Zimmerman, as amended, was adopted:

On page 8, beginning on line 29, strike all of the material down through and including line 20 on page 12.

Renumber the remaining sections consecutively.

Debate ensued.

Senator McCaslin demanded a roll call and the demand was sustained.

The President declared the question before the Senate to be the roll call on the amendment by Senators McCaslin and Lysen to the amendment by Senator Zimmerman, as amended.

Senator Newhouse moved adoption of the following amendment to the amendment by Senator Zimmerman as amended:

On page 16, after line 4, strike all material down through line 35 on page 28 and insert the following:

"Sec. 18. Section 7, chapter 94, Laws of 1970 ex. sess. as last amended by section 11, chapter 4, Laws of 1981 2nd ex. sess. and RCW 82.14.060 are each amended to read as follows:

Bimonthly the state treasurer shall make distribution from the local sales and use tax account to the counties and metropolitan municipal corporations and the cities for taxes collected other than under RCW 82.14.030(1), the amount of tax collected on behalf of each county, metropolitan municipal corporation or city, less the deduction provided for in RCW 82.14.050.

The state treasurer shall make the distribution under this section without appropriation.

Renumber the sections consecutively.

Debate ensued.

POINT OF INQUIRY

Senator Gould: "As I understand it, it would take the first half cent which is already being collected and redistribute that rather than the bill form which would take the second — would take the MVET. If a county or if a city within a county decided not to go for the second half cent, do they still have to give up part of the..."
first half cent; and the second question is — well, I will ask the question after I get the answer if I may."

Senator Newhouse: "Yes, if they levy the first half cent and get a bonanza as some of them, such as Tukwila does, obviously they would give up some. And if they did not levy the second half cent which would be in prospect at present formula, then of course that is their choice."

Senator Gould: It seems to me from — if they don't authorize the second half cent, then they still have to give up the first half cent?"

Senator Newhouse: "Certainly."

Senator Gould: "So unless they even ask for a second half cent they are going to lose money, and it seems to me what is happening — I'm sorry, this is not a question now, it is my comments. It seems to me, members of the body, that then what is happening is that you are forcing some cities to go to the second half cent because you are taking away some of their first half cent that they now have and then they have no recourse but perhaps to go to the second half cent, and it appears like they are almost compelled to go to the second half cent when they may not want to do this."

Further debate ensued.

The motion by Senator Newhouse failed and the amendment to the amendment by Senator Zimmerman, as amended, was not adopted.

Senator Newhouse moved adoption of the following amendment by Senators Newhouse and Woody to the amendment by Senator Zimmerman as amended:

On page 7, after line 29, add the following section:

"Sec. 7. Section 6, chapter 134, Laws of 1972 ex. sess. as last amended by section 6, chapter 144, Laws of 1981 and RCW 35.21.710 are each amended to read as follows:

Any city which imposes a license fee or tax upon business activities consisting of the making of retail sales of tangible personal property which are measured by gross receipts or gross income from such sales, shall impose such tax at a single uniform rate upon all such business activities. The taxing authority granted to cities for taxes upon business activities measured by gross receipts or gross income from sales shall not exceed a rate of .0020; EXCEPT that any city with an adopted ordinance at a higher rate, as of January 1, 1982, shall be limited to a maximum increase of ten percent of the January 1982 rate; not to exceed an annual incremental increase of two percent of current rate: PROVIDED, That any adopted ordinance which classifies according to different types of business or services shall be subject to both the ten percent and the two percent annual incremental increase limitation on each tax rate: PROVIDED FURTHER, That all surtaxes on B&O classifications in effect as of January 1, 1982 shall expire no later than December 31, 1982, or by expiration date established by local ordinance. Cities which impose a license fee or tax upon business activities consisting of the making of retail sales of tangible personal property which are measured by gross receipts or gross income from such sales shall be required to submit an annual report to the Department of Revenue identifying the rate established and the revenues received from each fee or tax. This section shall not apply to any business activities subject to the tax imposed by chapter 82.16 RCW. For purposes of this section, the providing to consumers of competitive telephone service, as defined in RCW 82.16.010, shall be deemed to be the retail sale of tangible personal property."

Renumber remaining sections accordingly.

POINT OF ORDER

Senator Shinpoch: "Mr. President, the point that I raise, even the maker of the motion indicated that this bill that is in front of us in no way limited the B&O tax and this amendment puts some severe limitations upon the B&O tax. It takes out
the surtaxes on B&O classifications as of December 31 of this year, and I would submit that it is outside the scope and object of the bill."

At 11:17 a.m., there being no objection, the Senate was declared to be at ease.
President Pro Tempore Guess called the Senate to order at 11:20 a.m.

MOTION

On motion of Senator Clarke, the Senate returned to consideration of the Veto Message from Governor Spellman regarding Engrossed Senate Bill No. 4831 which was read into the Senate on April 8, 1982.

POINT OF ORDER

Senator Talmadge: "Mr. President, I raise the point of order as to the timeliness of the consideration of the message from the Governor. Article 3, Section 2 of the Constitution states, 'Every act which shall have passed the legislature shall be before it becomes a law presented to the Governor. If he approves, he shall sign it but if not he shall return it with his objections to that house in which it shall have originated, which house shall enter the objections at large upon the journal and proceed to reconsider.' The Senate did in fact enter those objections in the journal last night but failed to proceed to reconsider the message from the Governor, and I would suggest that the failure to do that last night made the motion today to attempt to override the Governor's veto not timely."

Senator Clarke: "Mr. President, I would call attention to the fact that just before adjournment I placed a motion that all matters for consideration be held over until today's calendar."

RULING BY THE PRESIDENT PRO TEMPORE

President Pro Tempore Guess: "Senator Clarke's statements are correct. The point of order by Senator Talmadge is not well taken."

MOTION

The President Pro Tempore declared the question before the Senate to be the roll call on final passage of Engrossed Senate Bill No. 4831, notwithstanding the governor's veto.

Debate ensued.

POINT OF ORDER

Senator Newhouse: "The speaker is impugning the motives of those on the other side of the issue by inferring that juice and things like that are involved, and I think that is entirely inappropriate."

RULING BY THE PRESIDENT PRO TEMPORE

President Pro Tempore Guess: "The point of order is well taken. Senator Talmadge, will you please confine your remarks to the issue."

Senator Talmadge: "I will confine my remarks to the issue, Mr. President."

POINT OF ORDER

Senator Rasmussen: "I think that — I don't understand Senator Newhouse. Senator Talmadge is merely repeating exactly the words that were in the newspapers all over the state. There had been high-priced lobbyists hired. Now I am not arguing the merits of the bill, but I rather object to the President saying a person cannot repeat what has been published in every newspaper in the state."

RULING BY THE PRESIDENT PRO TEMPORE

President Pro Tempore Guess: "He was not quoting the newspaper, Senator. He was saying it as a fact for himself, and I asked him to confine himself to the issue and I wish you would too."

REMARKS BY SENATOR RASMUSSEN

Senator Rasmussen: "Mr. President, it is not hearsay. It is a fact."

REMARKS BY SENATOR TALMADGE

Senator Talmadge: "Mr. President, the issue is very simple and that is that it is clear that if you hire high-priced lobbyists . . ."

RULING BY THE PRESIDENT PRO TEMPORE

President Pro Tempore Guess: "Senator Talmadge, address the issue."

REMARKS BY SENATOR TALMADGE

Senator Talmadge: "Mr. President, I am addressing the issue."

RULING BY THE PRESIDENT PRO TEMPORE

President Pro Tempore Guess: "No, sir."

REMARKS BY SENATOR TALMADGE

Senator Talmadge: "Mr. President, the question before the body is the overriding of the Governor's veto."
REMARKS BY SENATOR TALMADGE

Senator Talmadge: "The question we have now before us, members of the Senate, is the question of whether or not we are setting a bad precedent by which we override the Shorelines Management Act which the people adopted. Whether or not we permit the precedent to be created in this body now that if there are people who want to have a special exemption from the Shorelines Management Act they can come down to this body and acquire that by virtue of the hiring of high-priced lobbyists and the pushing of that particular issue in this body. I think that is wrong. I think there are environmental issues, there are legal issues that we have talked about before, the Boldt II decision, the question of whether or not people in this body would override what the people so overwhelmingly indicated was their interest when they adopted the Shorelines Management Act."

"Now the people adopted the Shorelines Management Act in 1971. They adopted it in overwhelming numbers. Most recently in some Lewis Harris polls the indication was that one issue the people looked at, one issue by which they would turn from public office certain elected officials, was the environmental issue. Would people permit the aid to be fouled or the water to be fouled or exemptions to be made from the Shorelines Management Act and similar protections to the environment? And I would suggest to the members of the body that that could well be a key issue here. This is a bad precedent. It creates bad law. It does a bad thing by the people of the state of Washington, and I believe we should not override the veto of the Governor. The Governor's veto was correct."

Further debate ensued.

The President declared the question before the Senate to be the roll call on final passage on Engrossed Senate Bill No. 4831, notwithstanding the governor's veto.

ROLL CALL

The Secretary called the roll on the final passage of Engrossed Senate Bill No. 4831, and the bill passed the Senate, notwithstanding the governor's veto, by the following vote: Yeas, 32; nays, 16; excused, 1.

Excused: Senator Talley—1.

On motion of Senator Clarke, the Senate resumed consideration of Senate Bill No. 4972.
SECOND READING

SENATE BILL NO. 4972, by Senator Zimmerman:
Relating to local government finances.
The Senate resumed consideration of Senate Bill No. 4972, from April 8, 1982 and earlier today also.
At that time, a point of order had been raised by Senator Shinpoch on the following amendment proposed by Senators Newhouse and Woody to the amendment moved for adoption by Senator Zimmerman on April 8, 1982, as amended.
On page 7, after line 29, add the following section:

"Sec. 7. Section 6, chapter 134, Laws of 1972 ex. sess. as last amended by section 6, chapter 144, Laws of 1981 and RCW 35.21.710 are each amended to read as follows:
Any city which imposes a license fee or tax upon business activities consisting of the making of retail sales of tangible personal property which are measured by gross receipts or gross income from such sales, shall impose such tax at a single uniform rate upon all such business activities. The taxing authority granted to cities for taxes upon business activities measured by gross receipts or gross income from sales shall not exceed a rate of .0020; EXCEPT that any city with an adopted ordinance at a higher rate, as of January 1, 1982, shall be limited to a maximum increase of ten percent of the January 1982 rate; not to exceed an annual incremental increase of two percent of current rate: PROVIDED, That any adopted ordinance which classifies according to different types of business or services shall be subject to both the ten percent and the two percent annual incremental increase limitation on each tax rate: PROVIDED FURTHER, That all surtaxes on B&O classifications in effect as of January 1, 1982 shall expire no later than December 31, 1982, or by expiration date established by local ordinance. Cities which impose a license fee or tax upon business activities consisting of the making of retail sales of tangible personal property which are measured by gross receipts or gross income from such sales shall be required to submit an annual report to the Department of Revenue identifying the rate established and the revenues received from each fee or tax. This section shall not apply to any business activities subject to the tax imposed by chapter 82.16 RCW. For purposes of this section, the providing to consumers of competitive telephone service, as defined in RCW 82.16.010, shall be deemed to be the retail sale of tangible personal property."
Renumber remaining sections accordingly.

RULING BY THE PRESIDENT

President Cherberg: "In ruling upon the Point of Order raised by Senator Shinpoch, the President finds that Senate Bill No. 4972 is a broad based measure which both limits as well as expands the power of local governments to impose taxes.
"The amendment proposed by Senators Newhouse and Woody also deals with the taxing power of local governments by primarily restricting their power to impose business and occupation taxes.
"The President therefore finds that the proposed amendment does not expand the scope and object of the bill and that the Point of Order is not well taken."
The amendment by Senators Newhouse and Woody to the amendment by Senator Zimmerman, as amended, was ruled in order.
Debate ensued.
Senator Pullen demanded a roll call and the demand was sustained.

SENATE BILL NO. 4972, by Senator Zimmerman:
Relating to local government finances.

The Senate resumed consideration of Senate Bill No. 4972 from earlier today. An amendment moved for adoption by Senator Zimmerman on April 8, 1982, as amended, is pending.

MOTION FOR RECONSIDERATION

Having voted on the prevailing side, on motion of Senator Fuller, the Senate moved to reconsider the vote by which the amendment by Senators Newhouse and Woody to the amendment by Senator Zimmerman, as amended, was not adopted earlier today.

The President declared the question before the Senate to be the following amendment by Senators Newhouse and Woody to the amendment by Senator Zimmerman, as amended, on reconsideration.

On page 7, after line 29, add the following section:

"Sec. 7. Section 6, chapter 134, Laws of 1972 ex. sess. as last amended by section 6, chapter 144, Laws of 1981 and RCW 35.21.710 are each amended to read as follows:

Any city which imposes a license fee or tax upon business activities consisting of the making of retail sales of tangible personal property which are measured by
gross receipts or gross income from such sales, shall impose such tax at a single uniform rate upon all such business activities. The taxing authority granted to cities for taxes upon business activities measured by gross receipts or gross income from sales shall not exceed a rate of .0020; EXCEPT that any city with an adopted ordinance at a higher rate, as of January 1, 1982, shall be limited to a maximum increase of ten percent of the January 1982 rate; not to exceed an annual incremental increase of two percent of current rate; PROVIDED, That any adopted ordinance which classifies according to different types of business or services shall be subject to both the ten percent and the two percent annual incremental increase limitation on each tax rate: PROVIDED FURTHER, That all surtaxes on B&O classifications in effect as of January 1, 1982 shall expire no later than December 31, 1982, or by expiration date established by local ordinance. Cities which impose a license fee or tax upon business activities consisting of the making of retail sales of tangible personal property which are measured by gross receipts or gross income from such sales shall be required to submit an annual report to the Department of Revenue identifying the rate established and the revenues received from each fee or tax. This section shall not apply to any business activities subject to the tax imposed by chapter 82.16 RCW.

For purposes of this section, the providing to consumers of competitive telephone service, as defined in RCW 82.16.010, shall be deemed to be the retail sale of tangible personal property.

Renumber remaining sections accordingly.

Debate ensued.

POINT OF INQUIRY

Senator Talmadge: "Senator, do you know what the rate for the B&O tax is in the city of Seattle?"

Senator Newhouse: "No."

Further debate ensued.

POINT OF INQUIRY

Senator Ridder: "I understood from your response to Senator Talmadge that you don't know what the rate of B&O is in Seattle, and I admit that I don't know, but within this Legislature we passed a bill — I think it was 1015 — which provided for a convention center of statewide economic significance to be located in Seattle, and the financing for that was predicated on an increase in the hotel-motel tax within Seattle, but that was, according to my understanding, to be enacted after the legislation had gone into effect and has not thus far been implemented. So could you tell me what effect your proposal would have upon that proposal?"

Senator Newhouse: "My understanding is that the existing tax is grandfathered in and I am informed, just the information, that the present B&O tax in Seattle is .0035 as compared to a state B&O tax of .0044. The proposed limitation in my amendment is .002 plus an allowance for growth. My understanding of the tax on hotel and motel is a sales and use tax — I may be wrong — but not a B&O tax. It would be a sales and use tax imposed on what you would pay the motel of more than 60 units in Seattle and not a B&O tax."

POINT OF INQUIRY

Senator Ridder: "Senator Talmadge, are you rising to respond to that? That wasn't my understanding. Senator Zimmerman seems to know that, but my recollection is not that it was a sales and use tax."

Senator Zimmerman: "Mr. President and members of the Senate, the Seattle B&O tax rates are for services .402 percent, for hotel and motel, 2 percent for 60 rooms and less, and .5 for less than 60 rooms. For all others it is .209 percent. They
will lose 3.1 million revenue loss in the year '82 on the special hotel-motel with the cap. And then in '83 the rate would be .209 apparently here on this sheet. Tacoma has five rates. They have a .5 on services, retailing .15, manufacturing .11, wholesaling .1, banks and small businesses .25. Spokane is .175. There are others. I won't go beyond that."

Further debate ensued.

POINT OF INQUIRY

Senator Bottiger: "Senator Newhouse, some cities have put large B&O taxes on X-rated movies. As I read this amendment, you would be lowering the B&O tax on X-rated movie theaters. Is that correct?"

Senator Newhouse: "That is entirely false information and also from the previous speaker. If we grandfather in all existing rates, how in the world can there be a three or four million dollar loss to anybody? How could the rate on an X-rated movie, how could the loss of revenue there occur? I am afraid you people haven't learned to read an amendment or a bill."

Further debate ensued.

POINT OF INQUIRY

Senator Kiskaddon: "I see down here that, 'Provided further, that all surtaxes on B&O classifications shall expire.' How many cities now have a surtax on a B&O in effect that they might end up losing at the end of the year?"

Senator Newhouse: "I know of one only in the state and it only says that it shall expire according to that city ordinance which adopted the surtax, and again I say, if you want some votes to pass this thing, put in the protection that some of us want to see. If it is imperfectly drawn, and I don't see imperfections, and I think that if you would read, that it is grandfathered in at current rates, that means current rates, not growth below that but growth can be above current rates. I don't see what the complaints are that have any validity. And this is quite a step. I don't like to see B&O taxes grow in this state. I think they are unfair taxes. You pay it on gross business. You have already got one that is onerous. If you add more — I don't want to see, Senator Rasmussen, the towns in my district add B&O tax that will drive businesses out into the county unincorporated areas."

Senator Newhouse demanded a roll call and the demand was sustained.

The President declared the question before the Senate to be the roll call on the amendment by Senators Newhouse and Woody, on reconsideration to the amendment by Senator Zimmerman, as amended.

ROLL CALL

The Secretary called the roll and the amendment to the amendment was adopted, on reconsideration, by the following vote: Yeas, 27; nays, 20; absent or not voting, 1; excused, 1.

Voting yea: Senators Benitz, Bluechel, Clarke, Conner, Craswell, Deccio, Fuller, Gallagher, Guess, Hansen, Hayner, Jones, Kiskaddon, Lee, McCaslin, Metcalf, Moore, Newhouse, Patterson, Peterson, Pullen, Quigg, Scott, Sellar, Vognild, von Reichbauer, Woody—27.

Absent or not voting: Senator Wojahn—1.

Excused: Senator Talley—1.

Senator Rasmussen moved adoption of the following amendments to the amendment by Senator Zimmerman, as amended:
On page 7, line 25, after "cities" strike "and towns" and insert "towns and counties."

On page 7, line 26, following "taxes." strike the remainder of the section.

POINT OF INQUIRY

Senator Newhouse: "Would you be suggesting that this B&O tax which the counties levy would be county-wide?"

Senator Rasmussen: "Yes."

Further debate ensued.

The motion by Senator Rasmussen failed and the amendment to the amendment by Senator Zimmerman was not adopted.

Senator McDermott moved adoption of the following amendment to the amendment by Senator Zimmerman as amended:

On page 1, beginning on line 5, strike everything and insert:

"NEW SECTION. Section 1. It is the intent of the legislature to grant excise tax fiscal home rule to all counties, cities, towns, and those service districts authorized to be created in unincorporated areas of counties pursuant to section 3 of this act. The purpose of the legislature in granting such broad excise taxing authority is to place in local governing bodies the responsibility for determining an adequate and fair system or emphasis of tax burden and incidence that is most appropriate to fund mandated and optional functions, programs, and projects. Sections 1 through 4 this act, and all powers granted by these sections, shall be liberally construed in favor of counties, cities, towns, and service districts created pursuant to section 3 of this act.

NEW SECTION. Sec. 2. Within constitutional limitations, the governing body of any county, city, town, or service district created pursuant to section 3 of this act shall have all powers of excise taxation within its territorial limits. This grant of excise tax fiscal home rule authority includes the ability to establish and expand or contract the rate and base of any tax other than ad valorem taxes.

NEW SECTION. Sec. 3. The legislative authority of a county may establish a service district or districts consisting of all or a portion of the unincorporated areas of the county to fund programs, projects, and facilities within the district or districts that the county, or an authority authorized to be created by the county, may provide. Such a service district may not include any area within the corporate limits of a city or town unless the city or town governing body adopts a resolution approving inclusion of the area within the service district. Before establishing a service district, the county legislative authority shall hold a public hearing on the establishment of the proposed service district and special notice of the hearing shall be given as provided in section 4 of this act concerning excise taxes. The receipts of the taxes levied by such a service district may only be used to fund programs, projects, and facilities, or increased levels of funding for programs, projects, or facilities, within the district. The county legislative authority shall be the governing body of such a service district. Such a service district shall be a separate local unit of government and a quasi municipal corporation.

NEW SECTION. Sec. 4. Before the governing body of a county, city, town, or service district created pursuant to section 3 of this act levies a new excise tax, ceases to levy an existing excise tax, alters the rate of an existing excise tax, or alters the base of an existing excise tax, it shall hold a public hearing on this action and provide special notice of the hearing as follows, in addition to the usual required notice:

(1) The governing body shall advertise in a newspaper of general circulation in the county its intent to alter excise tax revenue by taking this action. The advertisement shall be no less than one-quarter page in size and the smallest type used shall be eleven point. The advertisement shall not be placed in that portion of the newspaper where legal notices and classified advertisements appear. The advertisement
shall state that the governing body will meet on a day, at a time, and at a place fixed in the advertisement, which shall be not less than seven days after the day that the advertisement is published, for the purpose of hearing comments regarding the proposed alteration of excise tax revenue and to explain the reasons for the proposed alteration. The meeting on the proposed excise tax revenue alteration may coincide with the hearing on the proposed budget of the county, city, town, or taxing district created pursuant to section 3 of this act:

(2) After the public hearing has been held in accordance with the procedures in this section, the governing body may adopt an ordinance or resolution providing for the imposition, alteration or removal of the imposition of the excise tax. If the measure concerning the excise tax is not approved on the day of the public hearing, the scheduled time and place for consideration and approval of the measure shall be announced at the hearing. If the measure is to be considered at a day and time that is more than two weeks after the public hearing, the governing body shall again advertise in the same manner as provided in subsection (1) of this section.

(3) All hearings shall be open to the public. The governing body shall permit persons desiring to be heard an opportunity to present oral and written testimony within such reasonable time limits as it shall determine.

Sec. 5. Section 11, chapter 218, Laws of 1973 1st ex. sess. as last amended by section 8, chapter 139, Laws of 1981 and RCW 9.46.110 are each amended to read as follows:

((The legislative authority of any county, city—county, city, or town, by local law and ordinance, and in accordance with the provisions of this chapter and rules and regulations promulgated hereunder, may provide for the taxing of any gambling activity authorized in RCW 9.46.030 as now or hereafter amended within its jurisdiction, the tax receipts to go to the county, city—county, city, or town so taxing the same: PROVIDED, That any such tax imposed by a county alone shall not apply to any gambling activity within a city or town located therein but the tax rate established by a county, if any, shall constitute the tax rate throughout such county including both incorporated and unincorporated areas, except for any city located therein with a population of twenty thousand or more persons as of the most recent decennial census taken by the federal government: PROVIDED FURTHER, That (+(+)) Punch boards and pull—tabs, chances on which shall only be sold to adults, ((which)) shall have a twenty-five cent limit on a single chance thereon((+(+)) shall be taxed on a basis which shall reflect only the gross receipts from such punch boards and pull—tabs; and (2)) No punch board or pull—tab may award as a prize upon a winning number or symbol being drawn the opportunity of taking a chance upon any other punch board or pull—tab((+(+))). All prizes for punch boards and pull—tabs must be on display within the immediate area of the premises wherein any such punch board or pull—tab is located and upon a winning number or symbol being drawn, such prize must be immediately removed therefrom, or such omission shall be deemed a fraud for the purposes of this chapter((+(+))). When any person shall win over twenty dollars in money or merchandise from any punch board or pull—tab, every licensee hereunder shall keep a public record thereof for at least ninety days thereafter containing such information as the commission shall deem necessary((+(+)).AND PROVIDED FURTHER, That taxation of bingo and raffles shall never be in an amount greater than ten percent of the gross revenue received therefrom less the amount paid for or as prizes. Taxation of amusement games shall only be in an amount sufficient to pay the actual costs of enforcement of the provisions of this chapter by the county, city or town law enforcement agency and in no event shall such taxation exceed two percent of the gross revenue therefrom less the amount paid for as prizes: PROVIDED FURTHER, That no tax shall be imposed under the authority of this chapter on bingo, raffles or amusement games when such activities or any combination thereof are conducted by any bona fide charitable or
nonprofit organization as defined in RCW 9.46.020(3), which organization has no
paid operating or management personnel and has gross income from bingo, raffles or
amusement games, or any combination thereof, not exceeding five thousand dollars
per year less the amount paid for as prizes. Taxation of punch boards and pull-tabs
shall not exceed five percent of gross receipts, nor shall taxation of social card games
exceed twenty percent of the gross revenue from such games).}

lished pursuant to RCW 36.57.100 and 36.57.110 may impose any of the excise

Except as provided in subsection (2) of this section, such tax shall be in the amount of two percent of all premiums, excluding amounts returned to or the amount of reductions in premiums allowed to holders of industrial life policies for payment of premiums directly to an office of the insurer, collected or received by the insurer during the preceding calendar year in the case of foreign and alien insurers, and in the amount of one percent of all such premiums in the case of domestic insurers, for direct insurances, other than ocean marine and foreign trade insurances, after deducting premiums paid to policyholders as returned premiums, upon risks or property resident, situated, or to be performed in this state. For the purposes of this section the consideration received by an insurer for the granting of an annuity is deemed to be a premium.

(2) In the case of insurers which require the payment by their policyholders at the inception of their policies of the entire premium thereon in the form of premiums or premium deposits which are the same in amount, based on the character of the

In the case of insurers issuing participating contracts, such gross underwriting profit shall not include, for computation of the tax prescribed by this subsection, the amounts refunded, or paid as participation dividends, by such insurers to the holders of such contracts.

(4) The state does hereby preempt the field of imposing excise or privilege taxes upon insurers or their agents, other than title insurers, and no county, city, town or other municipal subdivision shall have the right to impose any such taxes upon such insurers or their agents.

This section shall be effective as to and shall govern the payment of all taxes falling due after the effective date of this code.

to order to ask to reconsider the vote by which the amendment was adopted?"

REPLY BY THE PRESIDENT

President Cherberg: "The amendment was reconsidered once and that is the
sum total, Senator."

MOTION

Senator Bottiger moved the Senate be in recess.

MOTION

On motion of Senator Clarke, the motion by Senator Bottiger was held for
consideration following Engrossed Substitute House Bill No. 1217.

MOTION

On motion of Senator Clarke, the Senate resumed consideration of the House
Message regarding Engrossed Substitute House Bill No. 1217.

On April 8, 1982, the House Message indicated that the House insists on its
position regarding the Senate amendments to Engrossed Substitute House Bill No.
1217 and once again asks the Senate to recede therefrom.

On April 8, 1982, the rules were suspended and Engrossed Substitute House
Bill No. 1217 was returned to second reading.
Senator Gould had moved adoption of an amendment striking everything after the enacting clause and inserting. An amendment by Senator Gould to the amendment by Senator Gould was adopted at that time. Senator Williams had moved adoption of the following amendment to the amendment by Senator Gould:

Beginning on page 6, strike all of section 3 and renumber the remaining sections accordingly.

POINT OF INQUIRY

Senator Rasmussen: "Senator Gould, do we have your assurance that if the Governor only appoints four out of the nine, that we would then only have to pay a little bit less than one-half of the twenty-three billion dollars? With that assurance I could probably vote against this amendment."

Senator Gould: "Mr. President, in response to that concern which is what you are talking about as far as state's liability, even if they were all appointed by the Governor, the AG has written an informal letter; Bill Appel who was a bond counsel in Seattle who testified in front of the Inquiry Committee, the WPPSS attorneys, have said that there is no liability. Even if they were all appointed. And just as an added effort, we might refer to the Power Authority of the State of New York which is an agency that is much closer to the state government in New York, and they are not liable. I don't know what more I can tell you."

Further debate ensued.

The demand for a roll call on the amendment by Senator Williams to the amendment by Senator Zimmerman had been sustained on April 8, 1982.

The President declared the question before the Senate to be the roll call on the amendment by Senator Williams to the amendment by Senator Gould.

ROLL CALL

The Secretary called the roll and the amendment to the amendment was not adopted by the following vote: Yeas, 20; nays, 25; absent or not voting, 3; excused, 1.

Absent or not voting: Senators Bottiger, Patterson, Peterson—3.

Excused: Senator Talley—1.

Senator Lysen moved the following amendments to the amendment by Senator Gould be considered and adopted simultaneously:

On page 8, line 5, after "finance" insert "consumer advocacy."

On page 8, line 13, after "assets" insert a new subsection to read as follows:

"At least one outside director shall be appointed from among organizations incorporated pursuant to RCW 24.03 for the purpose of representing the interests of residential electrical consumers in utility planning and financial issues."

Debate ensued.

POINT OF INQUIRY

Senator Deccio: "Senator Lysen, the purpose of your amendment is to put a member of the public on this board. and I thought that was the original purpose of — am I wrong in that?"
Senator Lysen: "It allows the ratepayer groups who actually are incorporated under that RCW that is the amendment there to select or nominate one person from their number who would be appointed."

Senator Deccio: "It is a member of the public. You are still talking about a member . . . ."

Senator Lysen: "It is a member of the public who is active and trying to get involved. I understand your argument, your point is well taken."

Senator Deccio: "My question is that you are talking about another member of the public. Wasn't the purpose of the public utility districts so the public could control their own power and they elected members of the public which got us in the shape that we are in? If anybody can be responsible, it has got to be the PUD officers. So my question is, what point is there in going out and getting another level of the public to come in and try to straighten out what was supposed to be controlled by the public in the first place?"

Senator Lysen: "Your points are well taken, Senator Deccio, and I do say this, that the general public is responsible and they have been less than active in their interests and we have neglected this institution. You know, the price of liberty is vigilance and they have not been vigilant and they have not used this democratically designed institution that — by the way, Senator Guess, it was the Grange that sponsored that initiative, not the AFL–CIO. It was primarily the Grange. So that is right, so the institution has gradually calcified, I guess, might be the reason it has not been used, from lack of use, uncontested elections. For the democratic process to work, it is a process, you have to have contested elections and the PUDs have not really had contested elections for many years. Sort of the last guy out of the room is stuck with it, or people who have other interests that are not necessarily to be an advocate of the PUD. And that is where we have gone wrong. And our institution is sort of thirty–forty years behind the times, and this is an attempt to try to take that democratic process as it is being expressed out among the people and bring it up to the way it is manifesting itself now, not the way it manifested itself 50 years ago. That is all."

Senator Clarke, Jones and Hayner demanded the previous question and the demand was sustained.

Senator Lysen demanded a roll call and the demand was sustained.

The President declared the question before the Senate to be the roll call on the amendments by Senator Lysen to the amendment by Senator Gould.

Immediately after the award is made, the bid quotations obtained shall be recorded and shall be posted or otherwise made available for public inspection and copying pursuant to chapter 42.17 RCW at the office of the operating agency or any other officially designated location. Waiver of the deposit or bid bond required for sealed bids may be authorized by the operating agency in securing the bid quotations.

NEW SECTION. Sec. 2. When a joint operating agency constructing or operating a nuclear generating project and associated facilities determines in writing that an emergency endangers the public safety or threatens property damage or that serious financial injury would result if materials, supplies, equipment, or work are not obtained by a certain time, and they cannot be contracted for by that time by means of sealed bids, the operating agency may, in lieu of sealed bids, purchase materials, equipment, or supplies or order work by contract in any amount necessary, after having taken precaution to secure a responsive proposal at the lowest price practicable under the circumstances: PROVIDED, That for the purposes of this section the term "serious financial injury" shall mean that the costs attributable to the delay caused by contracting by sealed bids exceed the cost of materials, supplies, equipment or work to be obtained.

When a joint operating agency constructing or operating a nuclear generating project and associated facilities on the project site determines in writing that it is impracticable to secure competition for required materials, equipment, or supplies, it may purchase the materials, equipment, or supplies without competition. The term "impracticable to secure competition" shall include:
(1) When property or services can be obtained from only one person or firm (single source of supply).

(2) When competition is precluded because of the existence of patent rights, copyrights, or secret processes.

(3) When parts or components being procured as replacement parts in support of equipment specially designed by the manufacturer and where data available is not adequate to assure that the part or component will perform the same function in the equipment as the part or component it is to replace.

NEW SECTION. Sec. 4. When a joint operating agency constructing or operating a nuclear generating project determines in writing that it is impracticable to draft an invitation for bids with definitive specifications or any other adequately detailed description of required materials, equipment, or supplies sufficient to determine whether a competitive sealed bid is responsive, execution of a contract shall follow the procedure required in this section.

(1) Proposals shall be solicited through a request for proposals, which shall state the requirements to be met, and responses shall describe professional competence of the offeror, the technical merits of the offer, and the price.

(2) The request for proposals shall be sent to all bidders prequalified under section 5 of this act and shall be given adequate public notice in the same manner as for sealed bids under RCW 54.04.070.

(3) As provided in the request for proposals, the operating agency shall specify at a preproposal conference the contract requirements in the request for proposal, which may include but are not limited to: Schedule, managerial and staffing requirements, productivity and production levels, approved project quality assurance procedures, and time and place for submission of proposals. Any inquiries and responses thereto shall be confirmed in writing and shall be sent to all potential offerors.

(4) Proposals shall be opened so as to avoid disclosure of contents to competing offerors during the process of negotiation. A register of proposals shall be open for public inspection after contract award.

(5) As provided in the request for proposals, invitations shall be sent to all responsible offerors who submit proposals to attend discussions for the purpose of clarification to assure full understanding of, and responsiveness to, the solicitation requirements. Any inquiries and responses thereto shall be confirmed in writing and shall be sent to all offerors. Offerors shall be accorded fair and equal treatment with respect to any opportunity for discussion and revision of proposals, and such revisions may be permitted after submissions and prior to award for the purpose of obtaining best and final offers. In conducting discussions, there shall be no disclosure of any information derived from proposals submitted by competing offerors.

(6) The operating agency shall execute a contract with the responsible offeror whose proposal is determined in writing to be the most advantageous to the operating agency taking into consideration the requirements set forth in the request for proposals. The contract file shall contain the basis on which the successful offeror is selected. The operating agency shall conduct a briefing conference on the selection if requested by an offeror.

(7) The contract may be fixed price or cost-reimbursable, in whole or in part, but not cost–plus–percentage–of–cost: PROVIDED, That if it is cost–reimbursable, it shall meet the requirements of RCW 43.52.505.

NEW SECTION. Sec. 5. A joint operating agency shall require that bids upon any construction or improvement of any nuclear generating project and associated facilities shall be made upon the contract bid form supplied by the operating agency, and in no other manner. The operating agency may, before furnishing any person, firm, or corporation desiring to bid upon any work with a contract bid form, require from the person, firm, or corporation, answers to questions contained in a standard
form of questionnaire and financial statement, including a complete statement of the financial ability and experience of the person, firm, or corporation in performing work. The questionnaire shall be sworn to before a notary public or other person authorized to take acknowledgement of deeds and shall be submitted once a year or at such other times as the operating agency may require. Whenever the operating agency is not satisfied with the sufficiency of the answers contained in the questionnaire and financial statement or whenever the operating agency determines that the person, firm, or corporation does not meet all of the requirements set forth in this section, it may refuse to furnish the person, firm, or corporation with a contract bid form and any bid of the person, firm, or corporation must be disregarded. The operating agency shall require that a person, firm, or corporation have all of the following requirements in order to obtain a contract form:

1. Adequate financial resources, the ability to secure these resources, or the capability to secure a one hundred percent payment and performance bond;
2. The necessary experience, organization, and technical qualifications to perform the proposed contract;
3. The ability to comply with the required performance schedule taking into consideration all of its existing business commitments;
4. A satisfactory record of performance, integrity, judgment, and skills; and
5. Be otherwise qualified and eligible to receive an award under applicable laws and regulations.

The refusal shall be conclusive unless appealed to the superior court of the county where the operating agency is situated or Thurston county within fifteen days, which appeal shall be heard summarily within ten days after the appeal is made and on five days' notice thereof to the operating agency.

The prevailing party in such litigation shall be awarded its attorney fees and costs.

The operating agency shall not be required to make available for public inspection or copying under chapter 42.17 RCW financial information provided under this section.

NEW SECTION, Sec. 6. (1) In lieu of sealed bids in constructing or operating a nuclear generating project and associated facilities, a joint operating agency may solicit quotations and execute a contract for work under this section for a defaulted contract or for a contract terminated in whole or in part, or to consolidate work under several contracts into one contract: PROVIDED, That the operating agency shall determine in writing that execution of a contract under this section is less costly to the project than sealed bids, or will substantially expedite completion of the project.

(2) The operating agency shall specify at a prequotation conference the contract requirements in the solicitation, which may include but are not limited to: Schedule, managerial and staffing requirements, productivity and production levels, approved project quality assurance procedures, and time and place for submission of quotations. The solicitation shall be sent to all bidders prequalified for the work under section 5 of this act. The operating agency may issue such solicitation and shall conduct a prequotation conference prior to default or termination of contract(s) to be replaced, to the extent necessary to accomplish orderly transition of work assignments. Any inquiries and responses thereto shall be confirmed in writing and shall be sent to all offerors.

During the prequotation conference, the operating agency shall define in writing the roles, responsibilities, and obligations of persons under the contract and all persons under defaulted, terminated, or consolidated contracts.

(3) After quotations are received by the operating agency, invitations shall be sent to all responsible offerors who submit quotations to attend discussions for the purpose of clarification to assure full understanding of, and responsiveness to, the
requirements of the operating agency. Any inquiries and responses thereto shall be confirmed in writing and shall be sent to all offerors. Offerors shall be accorded fair and equal treatment with respect to any opportunity for discussion and revision of quotations, and such revisions may be permitted after submissions and prior to award for the purpose of obtaining best and final offers. In conducting discussions there shall be no disclosure of any information derived from quotations submitted by competing offerors.

(4) The operating agency shall execute a contract with the responsible offeror whose quotation is determined in writing to be the most advantageous to the operating agency. The contract file shall contain the basis on which the successful offeror is selected. The operating agency shall conduct a briefing conference on the selection if requested by an offeror.

(5) The contract may be fixed price or cost-reimbursable, in whole or in part, but not cost-plus-percentage-of-cost: PROVIDED, That if it is cost-reimbursable, it shall meet the requirements of RCW 43.52.505.

(6) In accordance with the contract terms, the operating agency shall give any defaulted or terminated contractor notice and pay the contractor for work performed and termination costs.

NEW SECTION. Sec. 7. (l) Except as provided otherwise in this chapter, a joint operating agency shall purchase any item or items of materials, equipment or supplies, the estimated cost of which is in excess of five thousand dollars exclusive of sales tax, or order work for construction of generating projects and associated facilities, the estimated cost of which is in excess of ten thousand dollars exclusive of sales tax, by contract in accordance with RCW 54.04.070 and 54.04.080, which require sealed bids for contracts.

(2) When a joint operating agency chooses to use one or more of the exceptions to sealed bid contracting specified in this chapter, the agency shall certify to the senate and house committees on energy and utilities and the legislative budget committee in writing within thirty days after the contract is signed, that such contract is in the public interest, state the reason or reasons why, and indicate the estimated cost savings or schedule improvement to the project compared to contracting for the same material, supplies, equipment or work through completion of work as contracted, including termination costs, or through sealed bids.

NEW SECTION. Sec. 8. Sections 1 through 7 of this act shall expire on December 31, 1987, or on the date that construction is completed on those nuclear generating projects which are under construction by any joint operating agency on January 1, 1982, whichever is sooner.

NEW SECTION. Sec. 9. Sections 1 through 8 of this act are each added to chapter 43.52 RCW.

NEW SECTION. Sec. 10. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 11. This act is necessary for the immediate preservation of the public peace, health, and safety, the support of the state government and its existing public institutions, and shall take effect immediately."

POINT OF ORDER

Senator Rasmussen: "I would raise a point of order, Mr. President. My point is that this proposed bill, 4995, appeared before us under the number of 1053, that the bill was defeated, was reconsidered, was defeated again, and it is improper for this legislation to be before us. I might say on the point of order that I did not know what bill we were going to consider. They retrieved the title from someplace and attached the bill that has been defeated numerous times here on the floor and it is improper to have it before us at this time."
MOTION

At 3:35 p.m., on motion of Senator Clarke, the Senate was declared to be at ease for the purpose of a Ruling by the President on the amendment by Senator Gould and the Point of Order raised by Senator Rasmussen.

The President called the Senate to order at 4:09 p.m.

RULING BY THE PRESIDENT

President Cherberg: "In ruling upon the point of order raised by Senator Rasmussen, the President finds at the present time that the situation is not covered by either the Senate Rules or Reed's Rules. Lacking this, the President rules that the point of order is not well taken."

The amendment by Senator Gould was ruled in order.

Senator McDermott questioned the presence of a quorum.

The President called upon the Secretary to call the roll.

ROLL CALL

The Secretary called the roll and a quorum was present, by the following vote:

Present, 36; absent, 12; excused, 1.

Voting nay: Senators Charnley, Conner, Fleming, Gaspard, Haley, Hughes, Jones, Lysen, Patterson, Peterson, Sellar, von Reichbauer—12.

Excused: Senator Talley—1.

The motion by Senator Gould carried and the amendment was adopted.

On page 1, line 1 of the title after "agencies" and before the period insert "; adding new sections to chapter 43.52 RCW; providing an expiration date; and declaring an emergency"

On motion of Senator Gould, the rules were suspended, Engrossed Senate Bill No. 4995 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

Debate ensued.

POINT OF INQUIRY

Senator Lysen: "Senator Williams, you are an architect and what Senator Bottiger said has got me puzzled in terms of this hard money versus soft money bid. I have been told by nuclear engineers, Joe Bettinger is one of them that comes to mind, that a nuclear reactor is just a way you boil water. It is the same rules of science, mathematics apply to nuclear reactors as well as anything else so he would argue that this would apply. So what is your response to that?"

Senator Williams: "Senator Lysen, I think the point that Senator Bottiger is making is that because plans, specifications, etc. are not available for whatever reason, we then need to go to a noncompetitive selection process which allows for evaluation, etc. The problem with that and the reason that the basic public bidding process is being violated starts at the beginning. In other words, the plans, specifications and so forth are not adequate. There really is no excuse for those kinds of specifications and plans being prepared properly. That is where everything goes off track. It is because of people not wanting to either meet the responsibility or contractual arrangements not being properly drafted between the contractors, in this case design contractors, architects and engineers, and WPPSS and so forth. In other
words, I fail to see any reason why we should not go back and insist that the plans and specs be available so that the proper process of competitive bidding can then be entered into. But the reason we are into this process, and it is not because we have to be into it, it is because a decision was made back a while ago that we no longer need to have specifications and plans properly done."

POINT OF INQUIRY

Senator McDermott: "My question is this. Is there anything in this bill that prevents the breaking down of a particular piece of equipment or a project into its component parts so that it falls within the five thousand to seventy-five thousand dollar range?"
Senator Gould: "I don't think so, no."
Senator McDermott: "I guess your answer is no."
Senator Gould: Yes, my answer is no."

Further debate ensued.

ROLL CALL

The Secretary called the roll on the final passage of Engrossed Senate Bill No. 4995, and the bill passed the Senate by the following vote: Yeas, 29; nays, 18; absent or not voting, 1; excused, 1.

Voting yea: Senators Benitz, Bluechel, Bottiger, Clarke, Conner, Craswell, Deccio, Fuller, Gellaghan, Goltz, Gould, Guess, Hansen, Hayner, Hemstad, Jones, Kiskaddon, Lee, McCaslin, Metcalf, Moore, Newhouse, Patterson, Peterson, Pullen, Scott, Sellar, Woody, Zimmerman—29.

Absent or not voting: Senator Haley—1.

Excused: Senator Talley—1.

ENGROSSED SENATE BILL NO. 4995, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

MOTION

On motion of Senator Clarke, the Senate resumed consideration of Senate Bill No. 4972.

SECOND READING

SENATE BILL NO. 4972, by Senator Zimmerman:
Relating to local government finances.
The Senate resumed consideration of Senate Bill No. 4972 from earlier today. An amendment by Senator Zimmerman had been moved for adoption on April 8, 1982. That amendment is pending, as amended.

MOTION FOR RECONSIDERATION

Having voted on the prevailing side, Senator Bottiger moved the rules be suspended and the Senate reconsider the vote by which the amendment by Senators Newhouse and Woody to the amendment by Senator Zimmerman was adopted, on reconsideration, earlier today.

PARLIAMENTARY INQUIRY

Senator Newhouse: "Having this amendment reconsidered once and this type of a motion to suspend the rules, is this motion in order and what vote would it take?"
REPLY BY THE PRESIDENT

President Cherberg: "The motion is in order. It would require a two-thirds vote."

Senator Bottiger demanded a roll call and the demand was sustained.

The President declared the question before the Senate to be the roll call on the motion by Senator Bottiger that the rules be suspended and the Senate reconsider the vote by which the amendment by Senators Newhouse and Woody to the amendment by Senator Zimmerman was adopted, on reconsideration earlier today:

ROLL CALL ON MOTION FOR RECONSIDERATION

The Secretary called the roll and the motion failed by the following vote: Yeas, 29; nays, 18; absent or not voting, 1; excused, 1.

Voting nay: Senators Benitz, Bluechel, Clarke, Craswell, Deccio, Fuller, Guess, Hayner, Jones, McCaslin, Metcalf, Newhouse, Patterson, Pullen, Scott, Sellar, von Reichbauer, Woody—18.

Absent or not voting: Senator Haley—1.

Excused: Senator Talley—1.

The President declared the question before the Senate to be adoption of the amendment by Senator Zimmerman, moved for adoption on April 8, 1982, as amended.

Senator Zimmerman demanded a roll call and the demand was sustained.

POINT OF INQUIRY

Senator Wilson: "Senator Zimmerman, I wonder if as Chairman of the Local Government Committee you would explain what the vote means. Now at issue is the scalping amendment which includes the Newhouse amendment and the vote is to whether that amendment goes on the bill. Now what if it doesn't go on it? What bill is it that this is supposed to go on?"

Senator Zimmerman: "Okay, that is right. That is a good question. I really appreciate that because this bill that you are voting on, this bill that is now amended, this striking amendment that is the final bill if we at this point adopt the amendment, is Senate Bill 4972 and that is the outgrowth of 4421 and 1014 and 312 and 749. That is all it happens to follow. That is the end result of those seven, six, five bills. That is what we are voting on. That will be what you are voting on as far as this amendment; that is what will be going over to the Senate (sic). It would hopefully confuse them enough that they probably would not know what they are voting on over there. But I would hope that we would realize that at this point the B&O lid is on there; the amendment is intact and it would be the final bill because all we would have to adopt is the title amendments and . . . ."

Senator Wilson: "Senator Zimmerman, if the amendment fails, what will be in the bill that will still be before us then?"

Senator Zimmerman: "No, there is a title."

Senator Wilson: "Just a title. That is what I wanted to know."

Further debate ensued.

POINT OF INQUIRY

Senator Fuller: "Senator Zimmerman, when Senator Newhouse spoke to his amendment he had me persuaded that he was grandfathering these communities into
what they already had and also allowing then an incremental increase. Senator Talmadge made the statement that Seattle was losing nineteen million dollars in one year. Can you verify or...?"

Senator Zimmerman: "Senator Fuller, I wish I could verify whether Seattle would lose nineteen million dollars under this amendment which lids the B&O. The city of Seattle has never said what they would lose under this amendment. Now the amendment was proposed earlier in the bill that we had before the Committee that never did get acted on, so they might not have had a reason to do it at that point. Seattle has not said how much — I had a figure of 3.1 million was what it showed me as far as the figures I had. As to their losing it, they will be gaining the half cent option sales tax. They would be gaining the quarter cent real estate excise tax, so they are not really losing it just flat out. Particularly, they are not losing it until they are going to raise it because it would be in the raise that they are talking about, because the lidding of it is apparently that.

"I am only suggesting that by killing the bill at this point on this basis is unfair to the House; it is unfair to the people that have been involved in terms of the elements that I have described, and it seems that that would be the better part of judgment to let the bill pass, go over there and then certainly you would have time to work on or improve or at that point if the proof is there that it is unworkable and impossible, as Senator Pullen alludes to without knowing much about it, I would suggest then that the bill die over there, but I guess I hate to see it have such an unpretentious death as an amendment that never quite even got born at that level as a title only and so I would urge that you still pass the amendment, pass the bill and see what happens on the other side. But at this point I don't think we have the figures, that anybody knows precisely what that amendment does do, good or bad, and I think that that would be better served by a little more time on the basis of sending it over."

The President declared the question before the Senate to be the roll call on the amendment by Senator Zimmerman, as amended.

ROLL CALL

The Secretary called the roll and the amendment was adopted by the following vote: Yeas, 24; nays, 23; absent or not voting, 1; excused, 1.

Absent or not voting: Senator Haley—1.

Excused: Senator Talley—1.

MESSAGE FROM THE HOUSE

April 8, 1982.

Mr. President: The House has adopted the report of the Free Conference Committee on ENGROSSED SUBSTITUTE SENATE BILL NO. 3783 and has passed the bill as amended by the Free Conference Committee, and said report together with the bill are herewith transmitted.

PATRICIA M. WILLIAMS, Chief Clerk.

REPORT OF FREE CONFERENCE COMMITTEE

April 9, 1982.

Mr. President:
Mr. Speaker:

We of your Free Conference Committee, to whom was referred ENGROSSED SUBSTITUTE SENATE BILL NO. 3783, authorizing the physical revaluation of property every six years if statistical adjustments are made, have had the same under consideration, and we recommend the following:

Strike everything after the enacting clause and insert the following:
Section 1. Section 84.41.030, chapter 15, Laws of 1961 as amended by section 6, chapter 288, Laws of 1971 ex. sess. and RCW 84.41.030 are each amended to read as follows:

Each county assessor shall maintain an active and systematic program of revaluation on a continuous basis, and shall establish a revaluation schedule which will result in revaluation of all taxable real property within the county at least once each four years and physical inspection of all taxable real property within the county at least once each six years.

Sec. 2. Section 2, chapter 131, Laws of 1974 ex. sess. as amended by section 9, chapter 214, Laws of 1979 ex. sess. and RCW 84.41.041 are each amended to read as follows:

Each county assessor shall cause taxable real property to be physically inspected and valued at least once every (four) six years in accordance with RCW 84.41.030, and in accordance with a plan filed with and approved by the department of revenue. Such revaluation plan shall provide that a reasonable portion of all taxable real property within a county shall be revalued and these newly-determined values placed on the assessment rolls each year. If the revaluation plan provides for physical inspection at least once each four years, during the intervals between each physical inspection of real property, the valuation of such property may be adjusted to its current true and fair value, such adjustments to be based upon appropriate statistical data. If the revaluation plan provides for physical inspection less frequently than once each four years, during the intervals between each physical inspection of real property, the valuation of such property shall be adjusted to its current true and fair value, such adjustments to be made once each year and to be based upon appropriate statistical data.

The assessor may require property owners to submit pertinent data respecting taxable property in their control including data respecting any sale or purchase of said property within the past five years, the cost and characteristics of any improvement on the property and other facts necessary for appraisal of the property.

Sec. 3. Section 84.41.090, chapter 15, Laws of 1961 as amended by section 200, chapter 278, Laws of 1975 1st ex. sess. and RCW 84.41.090 are each amended to read as follows:

The department of revenue shall by rule establish appropriate statistical methods for use by assessors in adjusting the valuation of property between physical inspections. The department of revenue shall make and publish such additional rules, regulations and guides which it determines are needed to supplement materials presently published by the department of revenue for the general guidance and assistance of county assessors. Each assessor is hereby directed and required to value property in accordance with the standards established by RCW 84.40.030 and in accordance with the applicable rules, regulations and valuation manuals published by the department of revenue.

Sec. 4. Section 36.21.080, chapter 4, Laws of 1963 as last amended by section 3, chapter 274, Laws of 1981 and RCW 36.21.080 are each amended to read as follows:

(1) The county assessor is authorized to place any property under the provisions of RCW 36.21.040 through 36.21.080 on the assessment rolls for the purposes of tax levy up to (May 31st) August 31st of each year. The assessed valuation of property under the provisions of RCW 36.21.040 through 36.21.080 shall be considered as of (the April 30th immediately preceding the date that the property is placed on the assessment rolls) July 31st of that year.

(2) If, on or before December 31 in any calendar year, any real or personal property placed upon the assessment roll of that year is destroyed in whole or in part, or is in an area that has been declared a disaster area by the governor and has been reduced in value by more than twenty percent as a result of a natural disaster,
the true cash value of such property shall be reduced for that year by an amount determined as follows, without necessity of taxpayer application under chapter 84.70 RCW:

(a) First take the true cash value of such taxable property before destruction or reduction in value and deduct therefrom the true cash value of the remaining property after destruction or reduction in value.

(b) Then divide any amount remaining by twelve and multiply the quotient by the number of months or major fraction thereof remaining after the date of the destruction or reduction in value of the property.

Sec. 5. Section 84.40.040, chapter 15, Laws of 1961 as last amended by section 97, chapter 195, Laws of 1973 1st ex. sess. and RCW 84.40.040 are each amended to read as follows:

The assessor shall begin the preliminary work for each assessment not later than the first day of December of each year in all counties in the state. He shall also complete the duties of listing and placing valuations on all property by May 31st of each year, except that the listing and valuation of construction under RCW 36.21-.040 through 36.21.080 shall be completed by August 31st of each year, and in the following manner, to wit:

He shall actually determine as nearly as practicable the true and fair value of each tract or lot of land listed for taxation and of each improvement located thereon and shall enter one hundred percent of the value of such land and of the total value of such improvements, together with the total of such one hundred percent valuations, opposite each description of property on his assessment list and tax roll.

He shall make an alphabetical list of the names of all persons in his county liable to assessment of personal property, and require each person to make a correct list and statement of such property according to the standard form prescribed by the department of revenue, which statement and list shall include, if required by the form, the year of acquisition and total original cost of personal property in each category of the prescribed form, and shall be signed and verified under penalty of perjury by the person listing the property. Such list and statement shall be filed on or before the last day of March, but the assessor, upon written request filed on or before such date and for good cause shown therein, shall allow a reasonable extension of time for filing. The assessor shall on or before the 1st day of January of each year mail a notice to all such persons at their last known address that such statement and list is required, such notice to be accompanied by the form on which the statement or list is to be made: PROVIDED, That the notice mailed by the assessor to each taxpayer each year shall, if practicable, include the statement and list of personal property of the taxpayer for the preceding year. Upon receipt of such statement and list the assessor shall thereupon determine the true and fair value of the property included in such statement and enter one hundred percent of the same in the assessment books opposite the name of the party assessed; and in making such entry in his assessment list, he shall give the name and post office address of the party listing the property, and if the party resides in a city the assessor shall give the street and number or other brief description of his residence or place of business. The assessor may, after giving written notice of his action to the person to be assessed, add to the assessment list any taxable property which, in his judgment, should be included in such list.

Sec. 6. Section 42, chapter 26, Laws of 1967 ex. sess. as amended by section 2, chapter 284, Laws of 1977 ex. sess. and RCW 82.03.130 are each amended to read as follows:

The board shall have jurisdiction to decide the following types of appeals:

(1) Appeals taken pursuant to RCW 82.03.190.

(2) Appeals from a county board of equalization pursuant to RCW 84.08.130.
(3) Appeals by an assessor or landowner from an order of the director of revenue made pursuant to RCW 84.08.010 and 84.08.060, the right to such an appeal being hereby established.

(4) Appeals by an assessor or owner of an intercounty public utility or private car company from determinations by the director of revenue of equalized assessed valuation of property and the apportionment thereof to a county made pursuant to chapter 84.12 RCW and 84.16 RCW, the right to such appeal being hereby established.

(5) Appeals by an assessor, landowner, or owner of an intercounty public utility or private car company from a determination of any county indicated ratio for such county compiled by the department of revenue pursuant to RCW 84.48.075: PROVIDED, That

(a) Said appeal be filed after review of the ratio ((by the assessor with the department of revenue and upon or before August 11th)) under RCW 84.48.075(3) and not later than fifteen days after the date of certification as required by RCW 84.48.075; and

(b) The hearing before the board shall be expeditiously held in accordance with rules prescribed by the board and shall take precedence over all matters of the same character.

Sec. 7. Section 3, chapter 284, Laws of 1977 ex. sess. and RCW 84.48.075 are each amended to read as follows:

(1) The department of revenue shall annually, prior to the first Monday in August, determine ((the)) and submit to each assessor a preliminary indicated ratio for each county: PROVIDED, That the department shall establish rules and regulations pertinent to the determination of the indicated ratio, the indicated real property ratio and the indicated personal property ratio: PROVIDED FURTHER, That these rules and regulations may provide that data, as is necessary for said determination, which is available from the county assessor of any county and which has been audited as to its validity by the department, ((may)) shall be utilized by the department in determining the indicated ratio.

(2) To such extent as is reasonable, the department may define use classes of property for the purposes of determination of the indicated ratio. Such use classes may be defined with respect to property use and may include agricultural, open space, timber and forest lands.

(3) The department shall review each county's preliminary ratio with the assessor, a landowner, or an owner of an intercounty public utility or private car company of that county, if requested by the assessor, a landowner, or an owner of an intercounty public utility or private car company of that county, respectively, between the first and third Mondays of August. Prior to equalization of assessments pursuant to RCW 84.48.080((, but no later than August 1st, the department shall submit its findings or preliminary findings to each of the county assessors allowing a reasonable time for review by the assessor)) and after the third Monday of August, the department shall certify to each county assessor the real and personal property ratio for that county.

(4) The department of revenue shall also examine procedures used by the assessor to assess real and personal property in the county, including calculations, use of prescribed value schedules, and efforts to locate all taxable property in the county. If any examination by the department discloses other than market value is being listed on the county assessment rolls of the county by the assessor and, after due notification by the department, is not corrected, the department of revenue shall, in accordance with rules adopted by the department, adjust the ratio of that type of property, which adjustment shall be used for determining the county's indicated ratio.
Sec. 8. Section 43, chapter 26, Laws of 1967 ex. sess. and RCW 82.03.140 are each amended to read as follows:

In all appeals over which the board has jurisdiction under RCW 82.03.130, a party taking an appeal may elect either a formal or an informal hearing, such election to be made according to rules of practice and procedure to be promulgated by the board: PROVIDED, HOWEVER, That nothing herein shall be construed to modify the provisions of RCW 82.03.190; AND PROVIDED FURTHER, That upon an appeal under RCW 82.03.130(5), the director of revenue may, within ten days from the date of its receipt of the notice of appeal, file with the clerk of the board notice of its intention that the hearing be held pursuant to chapter 34.04 RCW. In the event that appeals are taken from the same decision, order, or determination, as the case may be, by different parties and only one of such parties elects a formal hearing, a formal hearing shall be granted.

Sec. 9. Section 47, chapter 26, Laws of 1967 ex. sess. and RCW 82.03.180 are each amended to read as follows:

Judicial review of a decision of the board of tax appeals shall be de novo in accordance with the provisions of RCW 82.32.180 or 84.68.020 as applicable except when the decision has been rendered pursuant to a formal hearing elected under RCW 82.03.140 or 82.03.190, in which event judicial review may be obtained only pursuant to RCW 34.04.130 and 34.04.140: PROVIDED, HOWEVER, That nothing herein shall be construed to modify the rights of a taxpayer conferred by RCW 82.32.180 and 84.68.020 to sue for tax refunds: AND PROVIDED FURTHER, That no review from a decision made pursuant to RCW 82.03.130(1) may be obtained by a taxpayer unless within the petition period provided by RCW 34.04.130 the taxpayer shall have first paid in full the contested tax, together with all penalties and interest thereon, if any. The director of revenue shall have the same right of review from a decision made pursuant to RCW 82.03.130(1) as does a taxpayer; and the director of revenue and all parties to an appeal under RCW 82.03.130(5) shall have the right of review from a decision made pursuant to RCW 82.03.130(5).

NEW SECTION. Sec. 10. There is added to chapter 84.40 RCW a new section to read as follows:

For the purpose of assessment and valuation of all taxable property in each county, any real or personal property in each county shall be subject to visitation, investigation, examination, discovery, and listing at any reasonable time by the county assessor of the county or by any employee thereof designated for this purpose by the assessor.

In any case of refusal to such access, the assessor shall request assistance from the department of revenue which may invoke the power granted by chapter 84.08 RCW.

Sec. 11. Section 84.08.060, chapter 15, Laws of 1961 as amended by section 150, chapter 278, Laws of 1975 1st ex. sess. and RCW 84.08.060 are each amended to read as follows:

The department of revenue shall have power to direct and to order any county board of equalization to raise or lower the valuation of any taxable property, or to add any property to the assessment list, or to perform or complete any other duty required by statute. The department of revenue may require any such board of equalization to reconvene after its adjournment for the purpose of performing any order or requirement made by the department of revenue and may make such orders as it shall determine to be just and necessary. The department may require any county board of equalization to reconvene at any time for the purpose of performing or completing any duty or taking any action it might lawfully have performed or taken at any of its previous regular July, November or April meetings. If such board of equalization shall fail or refuse forthwith to comply with any such order or
requirement of the department of revenue, the department of revenue shall have power to take any other appropriate action, or to make such correction or change in the assessment list, and such corrections and changes shall be a part of the record of the proceedings of the said board of equalization: PROVIDED, That in all cases where the department of revenue shall raise the valuation of any property or add property to the assessment list, it shall give notice either for the same time and in the same manner as is now required in like cases of county boards of equalization, or if it shall deem such method of giving notice impracticable it shall give notice by publication thereof in a newspaper of general circulation within the county in which the property affected is situated once each week for two consecutive weeks, and the department of revenue shall not proceed to raise such valuation or add such property to the assessment list until a period of five days shall have elapsed subsequent to the date of the last publication of such notice: PROVIDED FURTHER, That appeals to the board of tax appeals by any taxpayer or taxing unit concerning any action of the county board of equalization shall not raise the valuation of the property to an amount greater than the larger of either the valuation of the property by the county assessor or the valuation of the property assigned by the county board of equalization. Such notice shall give the legal description of each tract of land involved, or a general description in case of personal property; the tax record-owner thereof; the assessed value thereof determined by the county board of equalization in case the property is on the assessment roll; and the assessed value thereof as determined by the department of revenue and shall state that the department of revenue proposes to increase the assessed valuation of such property to the amount stated and to add such property to the assessment list at the assessed valuation stated. The necessary expense incurred by the department of revenue in making such reassessment and/or adding such property to the assessment list shall be borne by the county or township in which the property as reassessed and/or so added to the assessment list is situated and shall be paid out of the proper funds of such county upon the order of the department of revenue.

NEW SECTION. Sec. 12. Sections 1 through 5 of this act are necessary for the immediate preservation of the public peace, health, and safety, the support of the state government and its existing public institutions, and shall take effect immediately."

MESSAGE FROM THE HOUSE

April 9, 1982.

Mr. President: The House has receded from its amendment to ENGROSSED SUBSTITUTE SENATE BILL NO. 5007 on page 2, after line 27 inserting NEW SECTIONS 3, 4, 5, 6, 7, 8, 9, 10 and 11, and the title amendment thereto and insists upon its amendment to page 1, line 14 after "leave" insert ": PROVIDED FURTHER, That this section shall not apply to any employee covered by chapter 41.26 RCW", and the same is herewith transmitted.

PATRICIA M. WILLIAMS, Chief Clerk.

MOTION

On motion of Senator Newhouse, the Senate concurred in the remaining House amendment to Senate Bill No. 5007.

POINT OF INQUIRY

Senator Vognild: "Senator Newhouse, do I correctly understand this bill that the provisions apply only to terminations, either by death, reduction in force, resignation, dismissal or retirement, but only to terminations?"

Senator Newhouse: "That is my understanding, Senator Vognild."

Senator Vognild: "Thank you, Senator. One further question. If I understand it correctly, the provisions of this bill will not affect local government's management prerogatives in regard to stacking vacations or even pay in lieu of vacations as long as it does not have the effect of increasing a pension."

Senator Newhouse: "That is my intention and that is my belief as to what the bill does."

Senator Vognild: "Thank you, Senator."
ROLL CALL

The Secretary called the roll on the final passage of Engrossed Substitute Senate Bill No. 5007, as amended by the House, and the bill passed the Senate by the following vote: Yeas, 40; nays, 4; absent or not voting, 2; excused, 3.

Absent or not voting: Senators Lysen, Pullen—2.

Excused: Senators Haley, Rasmussen, Talley—3.

ENGROSSED SUBSTITUTE SENATE BILL NO. 5007, as amended by the House, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

MOTION FOR RECONSIDERATION

Senator Scott moved the rules be suspended and the Senate reconsider the vote by which Engrossed House Bill No. 1230 failed to pass the Senate.

POINT OF ORDER

Senator Lee: "Mr. President, I believe that I object to the suspension of the rules."

REPLY BY THE PRESIDENT

President Cherberg: "It would take a two-thirds vote, Senator."

PARLIAMENTARY INQUIRY

Senator Lee: "Mr. President, does it not also have to be taken on the following day? The suspension of the rules on Rule 35 says that a rule or order may be temporarily suspended for a special purpose by a vote of two-thirds when the suspension of the rule is called and after due notice from the President no objection is offered, then the rule may be suspended, but that if otherwise one day's notice of the motion thereof must be provided."

President Cherberg: "What rule were you reading from, Senator?"

Senator Lee: "I was reading from Rule 35, suspension of the rule. Actually it is the first part that mentions the one day notice provision and it is the one thereafter that mentions the way in which that one day notice provision is waived."

REMARKS BY SENATOR CLARKE

Senator Clarke: "Rule 35 as I understand it relates to a proposed change in the rules, not a suspension."

REPLY BY THE PRESIDENT

President Cherberg: "Senator Clarke's remarks are well taken. The President does not understand what point you are trying to make, Senator Lee. Let's ask Senator Lee what she is trying to make and then we will get to you, Senator Talmadge."

Debate ensued.
REMARKS BY SENATOR LEE

Senator Lee: "Mr. President, the title of the entire section is suspension of the rule and the writing of that rule and as we had yesterday when the case of the overriding of the Governor's veto, notice was given on one day and then we the following day took the reading on it. This particular one says, 'No standing rule or order shall be rescinded or changed without a majority vote of the members and one day's notice of the motion thereof.'"

REPLY BY THE PRESIDENT

President Cherberg: "Yes, Senator, that is true."

REMARKS BY SENATOR TALMADGE

Senator Talmadge: "Mr. President, I think the point of order that Senator Lee is trying to raise is that ordinarily on the reading of bills under Rule 67 the rules can be suspended by a majority vote in the last ten days of the session, but Rule 35 relating to the suspension of the rules is fairly explicit that you have to have a two-thirds majority to go back, and I think the point that Senator Lee is attempting to raise is that it is a two-thirds vote in order to suspend the rules."

REPLY BY THE PRESIDENT

President Cherberg: "That is exactly the way the President ruled, Senator Talmadge."

Further debate ensued.

The President declared the question before the Senate to be the motion by Senator Scott that the rules be suspended and the Senate reconsider the vote by which Engrossed House Bill No. 1230 failed to pass the Senate.

Senator Scott demanded a roll call and the demand was sustained.

The President declared the question before the Senate to be the roll call on the motion by Senator Scott that the rules be suspended and the Senate reconsider the vote by which Engrossed House Bill No. 1230 failed to pass the Senate.

Yeas, 30; nays, 14; absent or not voting, 2; excused, 3.

THIRD READING

ENGROSSED HOUSE BILL NO. 1230, by Committee on Ways and Means (originally sponsored by Committee on Ways and Means and Representative Chandler):

Modifying appropriations for capital facilities.

The bill was read the third time and placed on final passage.

The President declared the question before the Senate to be the roll call on the final passage of Engrossed House Bill No. 1230, as amended by the Senate.
THIRTIETH DAY, APRIL 10, 1982

POINT OF INQUIRY

Senator Wilson: "Senator Scott, I am not on Ways and Means and probably have an imperfect understanding of all this, but I do have a couple of questions. One is, supposing a — following the spreadsheet here — a major project gets started such as the new prison or the Metro project, spring '82 and it starts to get these various amounts of money and then we come to spring of fiscal year '83 when the convention center is down for ninety-nine million and shortly thereafter hit the seven percent ceiling. Does that mean then that the convention center gets its entire ceiling. Does that mean then that the convention center gets its entire ninety-nine million since it came in under the ceiling but these other projects which had been started and need further funding for completion beyond spring of fiscal year '83 simply would not get it, that it would dry up and it would be impossible to finish?"

Senator Scott: "Senator Wilson, all of the projects would be in the same predicament. If we were up against the capital budget lid, either certain of the projects would have to be slowed down or, for instance, the jail projects on top and/or projects further down the line would have to be delayed or King County, for instance, would have to come up with the reserve money that is built into the convention center bill in order to keep the project moving. Bonds are let by the State Finance Committee on an as needed basis so that the agency that is doing the construction doesn't get added interest from bonds that have been sold and yet the money hasn't been used."

Senator Wilson: "Thank you. A second question is, in the bill is a list of priorities in various categories. My recollection is that wastewater has one of the lowest priorities. However, wastewater is down for an initial thirty million dollars in the spring of fiscal year '82. My question is, would wastewater get that thirty million even though its priority is lower than some other projects which have higher priorities but are scheduled for later dates?"

Senator Scott: "The answer is, Senator Wilson, it depends on which wastewater project you are talking about. The sequence here basically reflects legislative intent and what we have already passed. For instance, you see priority A is existing contractual obligations. Those would be carried forward, existing projects. The Social and Health Services — the jail improvement construction whether we had authorized it in '79 or '81 would continue to get a B level priority. The priority C, when you begin to move down through sub (5), fisheries facilities, salmon enhancement, general administration, that is where you get into the marginal areas and those bonds may not all be let, on down through the wastewater facilities of '72, '79 and '80. The projects that have been begun and authorized in '72 and '79 and '80 and are already underway will be carried through to completion first. Fisheries yesterday told me, and I would have no way of validating this information, that some of the things that are on their capital construction list are less cost-efficient then the ones that are already there and that they are having to cut back. They don't have the money to operate them now even if they were to build them."

Senator Wilson: "Okay, one final question then. It looks like there is something like six hundred million in bonds that could be authorized under the seven percent based on an interest rate assumption, and my final question is, what is your current estimate as to the total amount of bonds that the Legislature has approved in comparison to, say, six hundred million that can still be authorized and sold?"

Senator Scott: "The total outstanding on the capital budget is one billion nine hundred and eighty-five million, seven hundred and eighty-six thousand and twenty-five."

Senator Wilson: "Thank you."

Further debate ensued.
Senator Goltz: "I am looking at the flow sheet that you have distributed and as I look at the spring 1984 fiscal year bond sale scenario, and looking over at the debt service scenario, it appears to me that if the bonds were sold according to this schedule at those assumed interest rates, the Metro project would not be able to sell any further bonds in the fall of 1985. Is that correct?"

Senator Scott: "That is correct. We would be up against the seven percent."

Senator Goltz: "Under this scenario then, the Metro project would be started but would have to be stopped in the middle of the project?"

Senator Scott: "This is conditioned on the assumption, Senator Goltz, the economy will have either recovered or we will have a lot more to worry about two and one-half years from now."

Further debate ensued.

Senator Vognild: "Senator Scott, I have a letter here dated March 24 addressed to yourself and Representative Rod Chandler from Joe Taller. Reading briefly from one piece of it, it says, 'The Office of Financial Management will not approve further allotment for expenditure of funds on the Fire Service Training Center without additional appropriation authority or explicit direction from the Legislature.' Would you consider this document to satisfy those?"

Senator Scott: "This is explicit direction and the Fire Service Training Center, together with the marine portion thereof, is included in this document."

Senator Vognild: "Then you feel this would be legislative direction for them to..."

Senator Scott: "This is the go-ahead, Senator."

Senator Scott: "Responding further to Senator Goltz's remarks that we are going to have an aborted project in Metro, Metro is supplying sixty-five percent of the money for the project. If it comes to it, they will raise revenues locally to keep the project going. The hundred and fifty million dollars you see here represents only a fraction of less than a third of the cost of that project. As I indicated the other night when we were discussing whether this was a displacement or not, Metro has gotten and King County has gotten just nineteen percent of both federal, state and grant money for like projects over the last decade and are expected to get no more than twenty percent during the coming decade, even though there is thirty percent of the population of the state within King County."

Further debate ensued.

The Secretary called the roll on the final passage of Engrossed House Bill No. 1230, as amended by the Senate and the bill on reconsideration, passed the Senate by the following vote: Yeas, 31; nays, 15; absent or not voting, 1; excused, 2.

Absent or not voting: Senator Pullen—1.

ENGROSSED HOUSE BILL NO. 1230, as amended by the Senate, having received the constitutional majority, on reconsideration, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

The total amount of motor vehicle excise taxes remitted to the department, except those payable under RCW 82.44.020(5), 82.44.030, and 82.44.070, from each county shall be multiplied by a fraction, the numerator of which is the population of the municipality residing in such county, and the denominator of which is the total population of the county in which such municipality or portion thereof is located. The product of this computation shall be the amount of excise taxes from motor vehicle owners residing within such municipality or portion thereof. Where the municipality levying a tax under RCW 35.58.273 is located in more than one county, the above computation shall be made by county, and the combined products shall provide the total amount of motor vehicle excise taxes from motor vehicle owners residing in the municipality as a whole. Population figures required for these computations shall be supplied to the director by the office of financial management, who shall adjust the fraction annually.

(2) On the first day of the months of January, April, July, and October of each year, the state treasurer based upon information provided by the department of licensing shall make the following apportionment and distribution of motor vehicle excise taxes deposited in the general fund except taxes collected under RCW 82.44.020(5). A sum equal to seventeen percent thereof shall be paid to cities and towns in the proportions and for the purposes hereinafter set forth; a sum equal to seventy percent of all motor vehicle excise tax receipts, except taxes collected under RCW 82.44.020(5), shall be allocable to the state school equalization fund and credited and transferred each year in the following order of priority:

(b) Any remaining amounts in the state school equalization fund from the motor vehicle excise taxes not required for debt service on the above bond issues shall be transferred and credited to the general fund.
(3) The amount payable to cities and towns shall be apportioned among the several cities and towns within the state ratably, on the basis of the population as last determined by the office of financial management.

(4) When so apportioned, the amount payable to each such city and town shall be transmitted to the city treasurer thereof, and shall be utilized by such city or town for the purposes of police and fire protection and the preservation of the public health therein, and not otherwise. In case it be adjudged that revenue derived from the excise tax imposed by this chapter cannot lawfully be apportioned or distributed to cities or towns, all moneys directed by this section to be apportioned and distributed to cities and towns shall be credited and transferred to the state general fund.

(5) On the first day of the months of January, April, July, and October of each year, the state treasurer, based upon information provided by the department of licensing, shall remit motor vehicle excise tax revenues imposed and collected under RCW 35.58.273 as follows:

(b) In no event may the amount remitted in a single calendar quarter exceed the amount collected on behalf of the municipality under RCW 35.58.273 during the calendar quarter next preceding the immediately preceding quarter.

(6) At the close of each calendar year accounting period, but not later than April 1, each municipality that has received motor vehicle excise taxes under subsection (5) of this section shall transmit to the director of licensing and the state auditor a written report showing by source the previous year’s budgeted tax revenues for public transportation purposes as compared to actual collections. Any municipality that has not submitted the report by April 1 shall cease to be eligible to receive motor vehicle excise taxes under subsection (5) of this section until the report is received by the director of licensing. If a municipality has received more or less money under subsection (5) of this section for the period covered by the report than it is entitled to receive by reason of its locally-generated collected tax revenues, the director of licensing shall, during the next ensuing quarter that the municipality is eligible to receive motor vehicle excise tax funds, increase or decrease the amount to be remitted in an amount equal to the difference between the locally-generated budgeted tax revenues and the locally-generated collected tax revenues. In no event may the amount remitted for a calendar year exceed the amount collected on behalf of the municipality under RCW 35.58.273 during that same calendar year. At the time of the next fiscal audit of each municipality, the state auditor shall verify the accuracy of the report submitted and notify the director of licensing of any discrepancies.

(7) The motor vehicle excise taxes imposed under RCW 35.58.273 and required to be remitted under this section shall be remitted without legislative appropriation.

(1) Subject to other provisions of this chapter, each authorized insurer except title insurers shall on or before the first day of March of each year pay to the state treasurer through the commissioner's office a tax on premiums. Except as provided in subsection (2) of this section, such tax shall be in the amount of two percent of all premiums, excluding amounts returned to or the amount of reductions in premiums allowed to holders of industrial life policies for payment of premiums directly to an office of the insurer, collected or received by the insurer during the preceding calendar year in the case of foreign and alien insurers, and in the amount of one percent of all such premiums in the case of domestic insurers, for direct insurances, other than ocean marine and foreign trade insurances, after deducting premiums paid to policyholders as returned premiums, upon risks or property resident, situated, or to be performed in this state. For the purposes of this section the consideration received by an insurer for the granting of an annuity shall not be deemed to be a premium.

(2) In the case of insurers which require the payment by their policyholders at the inception of their policies of the entire premium thereon in the form of premiums or premium deposits which are the same in amount, based on the character of the risks, regardless of the length of term for which such policies are written, such tax shall be in the amount of two percent of the gross amount of such premiums and premium deposits upon policies on risks resident, located, or to be performed in this state, in force as of the thirty-first day of December next preceding, less the unused or unabsorbed portion of such premiums and premium deposits computed at the average rate thereof actually paid or credited to policyholders or applied in part payment of any renewal premiums or premium deposits on one-year policies expiring during such year.

Such gross underwriting profit shall be ascertained by deducting from the net premiums (i.e., gross premiums less all return premiums and premiums for reinsurance) on such ocean marine and foreign trade insurance contracts the net losses paid (i.e., gross losses paid less salvage and recoveries on reinsurance ceded) during such calendar year under such contracts. In the case of insurers issuing participating contracts, such gross underwriting profit shall not include, for computation of the tax prescribed by this subsection, the amounts refunded, or paid as participation dividends, by such insurers to the holders of such contracts.

(5) The state does hereby preempt the field of imposing excise or privilege taxes upon insurers or their agents, other than title insurers, and no county, city, town or other municipal subdivision shall have the right to impose any such taxes upon such insurers or their agents.
If an authorized insurer collects or receives any such premiums on account of policies in force in this state which were originally issued by another insurer and which other insurer is not authorized to transact insurance in this state on its own account, such collecting insurer shall be liable for and shall pay the tax on such premiums.

This section shall be effective as to and shall govern the payment of all taxes falling due after the effective date of this code.

NEW SECTION. Sec. 39. The legislature recognizes that tax preferences are enacted by the legislature to meet objectives which are determined to be in the public interest. The legislature finds, however, that some tax preferences may not be efficient or equitable tools for the achievement of current legislative objectives. The legislature finds that unless it can be demonstrated that the public interest is served by the continued existence of tax preferences, they should be terminated or modified. The legislature further finds that periodic evaluations of tax preferences are needed to determine if their continued existence is in the public interest.

It is the intent of the legislature to establish a mechanism for scheduling periodic evaluations of tax preferences together with a system for their termination, continuation, or modification. By this mechanism, the legislature intends to ensure that thorough periodic evaluations are made and that those tax preferences which do not continue to serve the public interest are terminated or modified.

NEW SECTION. Sec. 40. As used in this chapter, "tax preference" means an exemption, exclusion, or deduction from the base of a state tax; a credit against a state tax; a deferral of a state tax; or a preferential state tax rate.

NEW SECTION. Sec. 41. The legislative budget committee shall review each tax preference for termination by the processes provided in this chapter. The review shall be completed and a report prepared on or before June 30th of the year prior to the date established for termination. Upon completion of its report, the legislative budget committee shall transmit copies of the report to the department of revenue. The department of revenue may then conduct its own review of the tax preference scheduled for termination and shall prepare a report on or before September 30th of the year prior to the date established for termination. Upon completion of its report the department of revenue shall transmit copies of its report to the legislative budget committee. The legislative budget committee shall prepare a final report that includes the reports of both the department of revenue and the legislative budget committee. The legislative budget committee and the department of revenue shall, upon request, make available to each other all working papers, studies, and other documents which relate to reports required under this section. The legislative budget committee shall transmit the final report to all members of the legislature, to the governor, and to the state library.

NEW SECTION. Sec. 42. In reviewing a tax preference, the legislative budget committee shall develop information needed by the legislature to determine if the tax preference should be terminated as scheduled, modified, or reestablished without modification. The legislative budget committee shall consider, but not be limited to, the following factors in the review.
(1) The persons or organizations whose state tax liabilities are directly affected
by the tax preference.

(2) Legislative objectives that might provide a justification for the tax
preference.

(3) Evidence that the existence of the tax preference has contributed to the
achievement of any of the objectives identified in subsection (2) of this section.

(4) The extent to which continuation of the tax preference beyond its scheduled
termination date might contribute to any of the objectives identified in subsection
(2) of this section.

(5) Fiscal impacts of the tax preference, including past impacts and expected
future impacts if it is not terminated as scheduled.

(6) The extent to which termination of the tax preference would affect the dis­
tribution of liability for payment of state taxes.

NEW SECTION. Sec. 43. (1) Following receipt of the final report from the
legislative budget committee, the ways and means committees of the house of repre­
sentatives and the senate shall jointly hold a public hearing to consider the final
report and any related data. The committees shall also receive testimony from the
governor, or the governor's designee, and other interested parties, including the gen­
eral public.

(2) Following the joint hearing, the committees may separately hold additional
meetings or hearings to come to a final determination as to whether a continuation,
modification, or termination of a tax preference is in the public interest. If a com­
mittee determines that a tax preference should be continued or modified, it shall
make the determination as a bill. No more than one tax preference shall be reestab­
lished or modified in any one bill.

NEW SECTION. Sec. 44. The select joint committee established under RCW
43.131.120 shall be responsible for the development of legislation which provides a
schedule for the termination of tax preferences in a manner consistent with the
terms of this chapter. The termination of tax preferences shall occur over a period of
four years, beginning on June 30, 1984. In the development of this legislation, the
select joint committee shall identify tax preferences which might appropriately be
scheduled for termination and arrange for automatic termination of tax preferences,
with a reasonable number of tax preferences to be terminated on June 30, 1984,
including appropriate tax exemptions identified as eligible for termination by the
department of revenue in the study conducted pursuant to section 26(3), chapter
340, Laws of 1981 (uncodified), a reasonable number of tax preferences to be ter­
minated on June 30, 1985, a reasonable number of tax preferences to be terminated
on June 30, 1986, and a reasonable number of tax preferences to be terminated on

Proposed legislation, recommendations, and findings shall be submitted to the
legislature as soon as is practicable, but no later than the first day the legislature is
in session after January 1, 1983.

NEW SECTION. Sec. 45. On or before September 30, 1982, the department
of revenue shall provide the select joint committee with a report on existing tax
preferences. The report shall include a list of tax preferences and a description of
each one. Upon request of the select joint committee, the department of revenue
shall provide additional information needed by the select joint committee to meet its
responsibilities under this chapter.

NEW SECTION. Sec. 46. Sections 39 through 45 of this act shall constitute a
new chapter in Title 43 RCW.

NEW SECTION. Sec. 47. If any provision of this act or its application to any
person or circumstance is held invalid, the remainder of the act or the application of
the provision to other persons or circumstances is not affected.
NEW SECTION. Sec. 48. This act is necessary for the immediate preservation of the public peace, health, and safety, the support of the state government and its existing public institutions, and shall take effect immediately, except that sections 28, 29, and 30 of this act shall take effect on May 1, 1982, sections 33 and 34 of this act shall take effect on July 1, 1983, and sections 35 through 38 of this act shall take effect on January 1, 1983.

Sections 28 and 29 of this act shall expire on July 1, 1983. The additional taxes imposed under this act shall take effect on the dates designated in this act notwithstanding the date this act becomes law under Article III, section 12 of the state Constitution.

PATRICIA M. WILLIAMS, Chief Clerk.

MOTION

Senator Scott moved the Senate concur in the House amendments to Engrossed Senate Bill No. 4250.

POINT OF ORDER

Senator Rasmussen: "I want to raise the point of order on scope and object that the bill that has been sent back by the House has completely changed direction. They have put a sales tax on food that it did not contain when it went over. It was a surcharge only, and as Senator Scott has indicated, in addition to that it is going to build up a surplus. I raise that as a point of order on scope and object of the bill, Mr. President."

Debate ensued.

MOTION

At 4:11 p.m., there being no objection, the Senate was declared to be at ease.

The President called the Senate to order at 4:21 p.m.

RULING BY THE PRESIDENT

President Cherberg: "In ruling upon the Point of Order raised by Senator Rasmussen, the President finds that Engrossed Senate Bill No. 4250 is a measure which is the omnibus revenue measure which includes numerous forms of taxation.

Senator Clarke: "It was impossible for the House to agree upon the bill and they felt it should be put into a study. I felt that it was a very wrong thing to do but this is the best we can get out of it."

Senator Bottiger: "Mr. President, I would encourage the Senate to cast the vote that reflects the joke that the resolution is."

POINT OF INQUIRY

Senator Bottiger: "Senator Clarke, or Senator Hayner, if you would yield to a question please on 53? Senator Hayner, I admit to being paranoid. I have a proposal dated February 25 to return and reorganize the Senate and the House back to the days of the legislative council, which would eliminate the interim committee activities, a plan which I oppose in every way I can because I remember those days. Is there any intent in this resolution or any authority that the joint House-Senate rules
committee could do such a thing without the approval of the rest of the Legislature."

Debate ensued.

POINT OF INQUIRY

Senator Williams: "I am wondering if you have ever gotten an explanation from those in the House who would not accept the version that we sent over which had four members appointed by the Governor — is there any reasonable, logical explanation of why they now insist on three members appointed by the Governor and these other three — in other words, this change. What is being done that is different? What is the rationale for that board membership or makeup as opposed to the bill that we did send over?"

Senator Gould: "I believe the House and some of us who agree with it feel very strongly that there should be some outside directors on the board who are not responsible directly to the board of directors who were appointed by the Governor and who are then separated from the full board of directors and can make their decisions based on that kind of a situation. Also, frankly, because times have changed since the last four appointees, because the stability of the system is in question, because of the potential effect of 394, because we have had other board members resign, that now anyone who will be appointed who can really do the job and provide the expertise has to know that it going to be a stable board and really get the Office of the Governor to be one of those that requests their presence on the board."

Senator Williams: "I have heard the answer but I still have not heard quite why their version versus the version which essentially was your version that was sent over, which did have four gubernatorial appointments which were outside of the board and so forth. I have failed to hear still any rationale for their particular makeup of the board as opposed to the version that the Senate sent over which did have four gubernatorial appointments."

POINT OF INQUIRY

Senator Rasmussen: "Senator Gould, just quickly scanning this bill, is there a good strong disclaimer in this legislation drawn by the Attorney General's office saying that the state assumes no fiscal responsibility?"

Senator Gould: "There is good strong legislation to that effect, yes."
Senator Rasmussen: "And the state then, even those four people or five people appointed by the Governor could be the key vote, three, could be the key vote on spending billions of dollars that the state still can relieve itself of liability?"
Senator Gould: "Yes."
Senator Rasmussen: "Thank you. You should put that on the record, Senator."
Senator Gould: "The answer is yes."
Senator Rasmussen: "It doesn't register very well shaking your head."
Senator Williams demanded a roll call and the demand was sustained.
The President declared the question before the Senate to be the roll call on the amendment by Senator Williams to the amendment by Senator Gould.

The Secretary called the roll and the amendment to the amendment was not adopted by the following vote: Yeas, 20; nays, 25; excused, 4.

THIRTIETH DAY, APRIL 10, 1982

Signed by: Senators Hayner and Scott; Representatives Nelson (G.), Chandler
and Sommers.

MOTION

On motion of Senator Scott, the report of the Free Conference Committee on Engrossed Substitute Senate Bill No. 4369 was adopted.
Debate ensued.

ROLL CALL

The Secretary called the roll on the final passage of Engrossed Substitute Senate Bill No. 4369, as amended by the Free Conference Committee, and the bill passed the Senate by the following vote: Yeas, 25; nays, 20; excused, 4.
Voting yea: Senators Benitz, Bluechel, Clarke, Craswell, Deccio, Fuller, Gallagher, Gould, Guess, Haley, Hayner, Hemstad, Jones, Kiskaddon, Lee, McCaslin, Metcalf, Newhouse, Patterson, Pullen, Quigg, Scott, Sellar, von Reichbauer, Zimmerman—25.

ENGROSSED SUBSTITUTE SENATE BILL NO. 4360, as amended by the Free Conference Committee, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

PERSONAL PRIVILEGE

Senator Charnley: "Ladies and gentlemen, the events of the past session have necessitated the return of a Donn, not a bill, to its house of origin. There I will undergo appropriate treatment to eliminate from my visage an unexpected epidermic eruption which was thrust upon me during the past year. I assure you of my every confidence in the success of this pimplectomy and after a two year inspection of the murals in the other chamber, I shall return to this house to renew the ties of friendship that I have been so fortunate to make this past biennium. I cannot individually acknowledge, or I should not, the individuals in here who I hold in such high regard. So many of you have become such good friends and I am indeed very fortunate to have been able to serve here.

"However, I do wish to acknowledge my deepest admiration of Senator George Clarke. His calm good sense, indefatigable courtesy, and above all, his courtliness in the face of both professional and personal difficulties serve as a shining example to us all and especially to me.

"Finally, Mr. President, I wish to attest my good fortune in having been afforded the pleasure of being presided over by an individual of such assiduous clairvoyance, debonair effectiveness, erudite forthrightness, gallant perceptiveness, persuasive statesmanship and unimpeachable wit; to wit, the Honorable John Cherberg, President of the Senate of Washington State. As a well-known American once promised, and he made good and I shall, I shall return. I thank you all."
THIRTIETH DAY, APRIL 10, 1982

PERSONAL PRIVILEGE

Senator Ridder: "As one of those who, with Senator Charnley, will not be returning in January of 1983 and if, as Senator McDermott has indicated, we are all fortunate not to return before that time, I wish to speak to that point of personal privilege, but I think that Senator Charnley has said it very well. I think at this point at the end of a 30 day special session I won't renew old recriminations. I will simply say that I think perhaps neuralgia predominates over nostalgia at this moment. Thank you."

PERSONAL PRIVILEGE

Senator Scott: "Mr. President, I have some private reservations as to whether we are going to be able to stay away from now to January, and I might even have some as to whether I will be here in January, so I need to get something off my chest too. I have been rereading Democracy in America by Alexis de Tocqueville, which is one of the several best books on public affairs of the 19th century, to see whether democracy has indeed progressed in this land of ours and I would like to share one passage out of the two volumes with you. de Tocqueville says, 'Democratic liberty is far from accomplishing all its projects with the skill of an adroit despotism. It frequently abandons them before they have borne their fruits or risks them when their consequences may be dangerous but in the end it produces more than any absolute government. If it does fewer things well, it does a greater number of things. Under its sway the grandeur is not what the public administration does but in what is done without it or outside of it. Democracy does not give the people the most skillful government but it produces what the ablest governments are frequently unable to create, namely, an all-pervading and restless activity, a superabundant force, an energy which is inseparable from it and which may, however unfavorable circumstances may be, produce wonders. These are the true advantages of democracy."

"And I think that, given what we have been through in the last 90 days we would agree that democracy is rarely efficient but it is uncommonly just. It is usually noisy, often contradictory, sometimes acrimonious, but it is a place where all voices can be heard. It is a place where special interests can confirm or can contradict the common good. It is a place where the press can expose the politicians' foibles and its own fetishes in the process."

"So I conclude that the success of our democracy hinges, as it has all along, on the continuing interest of our fellow citizens, lest we fall to confusion, and most of all that those of us who have been privileged enough to represent them, seeing the process as closely as we do, should understand that the value of the product far exceeds the price paid. That is a testimonial to democracy. I would like to make it."

REMARKS BY SENATOR PULLEN

Senator Pullen: "Mr. President and members of the Senate, I just wanted to remind Senator Scott that de Tocqueville also said in the same book that democracy in America will survive only until such time as the people learn they can vote themselves benefits."

ANNOUNCEMENT OF DEATH OF FORMER MEMBER

The Secretary read the announcement of the death of Former Senator Frank Connor. Funeral services for Senator Connor will be held in Seattle on April 14, 1982.
REMARKS BY SENATOR GUESS

Senator Guess: "Mr. President, there are a few of us on the floor who served with Frank, but it was with a sadness that I learned today of his passing, and in memory of a man who sat where Senator Goltz sat for many years, I would like to ask that we stand for a moment of silent prayer."

A moment of silence was observed in memory of Senator Connor.

REMARKS BY SENATOR RASMUSSEN

Senator Rasmussen: "Mr. President, as I was looking at House Concurrent Resolution No. 53 and I was reminded of the old days when we used to Sine Die and all the old bad bills that we had been working all session to kill died with us on Sine Die. Now we are keeping everything alive again and they just keep piling up. Are you going to Sine Die them all? Well I hope so.

"But the other thing I was going to remark on, it doesn't seem that with the annual sessions that we are doing any better job than we did when we had the biennial sessions. And as Senator Pullen so aptly remarked on that ballot title, maybe we ought to submit it back to the people again and go back to biennial sessions. Then it meant something when you went home. Not it seems you only go out one door and come in the other, and the fun, the celebration that we had when we got through with a hard session doesn't seem the same any more. Maybe we should appoint a committee to do away with the formality of it and just come in with a handshake and say, 'How do you do, Gov. Here we are. And there we go.' It might save us some time. But I do think that Senator Pullen in the interim should be working on a ballot title and an issue and we could go back to biennial sessions."

REMARKS BY THE PRESIDENT

President Cherberg: "Honored members of the Senate, ladies and gentlemen, the President should appreciate the privilege of giving his heartiest congratulations to the members of the Senate for surviving the roughest, toughest 90 day marathon at least of the last 25 years, with special compliments and mention to my good friend Sam Guess, President Pro Tem, and also to compliment and congratulate the staff for the marvelous job that they have done through the most trying circumstances, the Honorable Sidney Snyder over here, the Honorable Fred Hildebrand, the Honorable Ole Scarpelli, the Honorable Dorothy Greeley, the Honorable Chief Leather Lungs, the Honorable Marilyn Brachtenbach, the Honorable Gordon Golob and the Honorable Pat Durham, and the pages also — David and Goliath? Okay. Congratulations all. And above all, I should like to express my deepest appreciation to each and every one of you for the many courtesies you have extended to me and for all the accolades."

REMARKS BY THE PRESIDENT

President Cherberg: "The President also would like you indulgence to present another group of very fine people who have done so much for the success of this session. Each and every one of these lovely, charming, gracious, pulchritudinous babes have expressed the desire from one time or another to preside over the Senate, so therefore I am going to ask each one to come up and give her name and her position and telephone number.

"The President also believes that there should be a very friendly and warm reception given to Carrie and Maxine and the other ladies of the Senate dining room. Are they here tonight? After all, they have added a great deal to the Senate."

MESSAGE FROM THE SECRETARY OF STATE

June 24, 1982.

THE HONORABLE JOHN CHERBERG
PRESIDENT OF THE SENATE
THE LEGISLATURE OF THE STATE OF WASHINGTON
OLYMPIA, WA 98504

DEAR MR. PRESIDENT:

I, Ralph Munro, Secretary of State of the State of Washington and custodian of the official seal of the State, do hereby certify that the attached copy of the proclamation of the Governor calling an extraordinary session of the Legislature of the State of Washington to convene on the 26th day of June, 1982, is a true, correct and complete copy of the original of said proclamation now on file in this office.

IN TESTIMONY WHEREOF, I have set my hand and affixed the seal of the State of Washington. Done at the Capitol in Olympia on the 24th day of June, 1982.

RALPH MUNRO
Secretary of State

Seal of the State of Washington

PROCLAMATION BY THE GOVERNOR

The state of Washington is in a fiscal and budgetary crisis. Revenues continue to fall short of previously anticipated levels, and will not meet the needs of the state and its people. It is therefore necessary for me to convene the legislature in extraordinary session for the purpose of modifying laws relating to the revenues and expenditures of the state.
NOW, THEREFORE, I, John Spellman, Governor of the state of Washington, 
by virtue of the authority vested in me by Article II, Section 12 and Article III, 
Section 7 of the State Constitution, do hereby convene the Washington State Legis­
lature in extraordinary session in the Capitol at Olympia at 9:00 a.m. on June 26, 
1982.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the seal 
of the state of Washington to be affixed at Olympia this 24th day of June, A.D., 
nineteen hundred and eighty–two.

JOHN SPELLMAN
Governor of Washington.

POINT OF INQUIRY

Senator Rasmussen: "Mr. President, could I inquire as to the date on that 
proclamation? The reason for my inquiry, Mr. President, is that never, as far as I 
know, has any member of the legislature received the official call and many of us 
had to call up the newspaper and find out if it was official. That is why I am inquir­
ing about the date."

President Cherberg: "The proclamation by the Governor was issued the 24th 
day of June, 1982."

Senator Rasmussen: "24th day of June. We in Tim–buc–tu had a hard time 
getting back with that short call."

MOTION

On motion of Senator Hayner, the following resolution was adopted:

SENATE RESOLUTION
1982—244

By Senators Hayner, Jones, Bottiger and Fleming:
BE IT RESOLVED, That a committee of three be appointed to notify the 
House that the Senate is now organized and ready to transact business.

APPOINTMENT OF SPECIAL COMMITTEE

Under provisions of Senate Resolution 1982–244, the President appointed Sen­
ators Metcalf, Ridder and Charnley to notify the House that the Senate was orga­
nized and ready to transact business.

MOTION

On motion of Senator Clarke, the committee appointments were confirmed.

MESSAGE FROM THE GOVERNOR

TO THE 47TH LEGISLATURE IN ITS 
SECOND EXTRAORDINARY SESSION OF 1982

Only twice before in the history of Washington has its legislature been called 
into a summer session in an election year. And never before in the history of our 
state has a legislature had to deal with an emergency as profound and protracted as
the budget crisis that has brought the 47th Legislature back to Olympia for its fourth special session.

During the past two weeks, your leadership and I have been meeting regularly in order to lay the foundation for a bipartisan, bicameral solution to the crisis we face. These meetings have been characterized by a tremendous spirit of cooperation, and great progress toward consensus has been the fruit of our labor. It is my fervent hope that this spirit will continue and will ensure a successful session.

Each of us may have a pet plan for resolving this emergency—a plan that reflects our personal philosophies or the desires of our political constituencies. But such concerns must now yield to the spirit of cooperation that has emerged. The likelihood that any individual point of view will find a complete victory in this special session is minimal.

This special session presents the opportunity to mitigate the across-the-board chaos of an 8.2 percent reduction in state services. The executive order imposing those cuts defined the "worst case;" it is the fourth such order I have had to issue in compliance with state law.

Some improvement of this situation is better than no improvement. Any solution is better than no solution.

I assure you of my support for any solution that, together, we are able to achieve. And I wish you Godspeed in your crucial deliberations.

Signed:
JOHN SPELLMAN

INTRODUCTION AND FIRST READING

SENATE BILL NO. 5011, by Senator Peterson:
Extending state route 530.
Referred to Committee on Transportation.

SIGNED BY THE PRESIDENT

The President signed: HOUSE CONCURRENT RESOLUTION NO. 55.

INTRODUCTION AND FIRST READING

SENATE CONCURRENT RESOLUTION NO. 151, by Senators Hayner, Jones, Bottiger and Fleming:
Limiting subject matter during 1982 Second Special Session of the 47th Legislature, and setting adjournment date.

MOTIONS

On motion of Senator Clarke, the rules were suspended, Senate Concurrent Resolution No. 151 was advanced to second reading and read the second time in full.

POINT OF INQUIRY

Senator Rasmussen: "Senator Clarke, as I read this resolution and before you advance it to third reading it might need an amendment. It says that 'the subject matter to be considered during this 1982 second special session of the forty-seventh legislature be limited to the following: budget; revenue;' and then it goes on to say 'measures which will aid in reducing expenditures' and it says nothing about
increased taxes. It was my understanding that Governor Spellman was insisting on fifty percent reduction in expenditures and fifty percent increase in taxes. Do you think this needs and amendment to clarify it?"

Senator Clarke: "Senator Rasmussen, I believe that what it says 'revenue measures' that that would cover the items with which you are concerned."

Senator Rasmussen: "It only speaks of reducing expenditures in the second paragraph."

Senator Clarke: "It says it 'shall be limited to budget; revenue;' and then there is a semicolon 'measures which will aid in reducing expenditures.' So that I don't think that 'reducing expenditures' would be construed to modify the word 'revenue'."

Senator Rasmussen: "Thank you. If it is clear to you it wasn't very clear to me."

Senator Clarke: "That, I am sure, is the intent."

**MOTION**

On motion of Senator Clarke, the rules were suspended, Senate Concurrent Resolution No. 151 was advanced to third reading, the second reading considered the third and the resolution was placed on final passage.

**REMARKS BY SENATOR HAYNER**

Senator Hayner: "Mr. President and ladies and gentlemen of the Senate. This is in order to have a very thorough and well-considered manner in which we conduct this session and to very carefully limit consideration in this session to those things which relate to budget and revenue and the statutes which might be necessary to change to make that possible.

"We know that we have a very critical situation in the state and we also know that the time that we have to solve them is very limited so it is our hope that we can conclude this before July 1 so that those things which we must do will take effect and we will have one whole year to take the advantage of them."

SENATE CONCURRENT RESOLUTION NO. 155, having received the constitutional majority, was declared passed.

**MOTION**

At 1:40 p.m., on motion of Senator Clarke, the Senate was declared to be at ease.

The President called the Senate to order at 3:50 p.m.

On motion of Senator Clarke, the rules were suspended, Senate Bill No. 5015 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.
POINT OF INQUIRY

Senator Bottiger: "Senator Scott, as we understand this, this brings the tax on insurance premiums to a point of approximately two-thirds of the national average. Is that information correct?"

Senator Scott: "The national average of course, may have changed as a result of legislative action the last two months. It was one point two six for domestic insurers and a comparable level above our average for foreign insurance. So I guess it would be more accurate to say that our tax would now be nine-tenths of the national average."

On motion of Senator Clarke, the rules were suspended, House Bill No. 1249 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

POINT OF INQUIRY

Senator Rasmussen: "Senator Fleming, in your study of nursing homes and the rates that we...you recommended that certain rates be made after August...were made and this particularly would cut into the food budget. How does this fit in with your study?"

Senator Fleming: "Senator, I have not had an opportunity to talk to the nursing home people but the information I have some question of the cost of living increase is not as much a question as to whether they lose both of them from what I understand. There are two dates in there. "I think the bigger question is that before we had the nursing home measures, the rates were set by the department and not in statute. I think if we were to change that it then would really have an effect on that service. With this you just take out the automatic increase, cost of living increase, and let the department deal with that but the rates are still set in statute as far as I know so I don't think there will be as much of an affect as there would be if we took the rates out of the statutes and allowed the department to set them themselves then we might be back to that old ball game we used to be in and have a lot more problems."

POINT OF INQUIRY

Senator Goltz: "The question, Senator Scott, is this. Today is July 1, the first day of the second year of the biennium. I am assuming that throughout the state agencies and the colleges and universities, community colleges and so on that commitments and contracts have already been let which will have used up the increment funding which the state legislature appropriated in 1981.

"My question is first of all, is that true that these colleges and universities and agencies have committed these funds and if that is true, how do we recapture funds which have already been committed by such a bill?"

Senator Scott: "I asked the staff the same question and the answer is that this act supersedes."

Senator Goltz: "In other words, the commitments which have been made by the agencies to their employees will be, in effect, eaten out of other parts of your budget because these cuts, in fact, cannot be pulled back."

Senator Scott: "No, they have yet to be paid and will not be granted."

Debate ensued.

SIGNED BY THE PRESIDENT

The President signed:
HOUSE BILL NO. 1251,
HOUSE BILL NO. 1253.

INTRODUCTION AND FIRST READING

SENATE BILL NO. 5029, by Senator Benitz:
Authorizing higher education tuition surcharges.

MOTIONS

On motion of Senator Clarke, the rules were suspended, Senate Bill No. 5029 was advanced to second reading and read the second time in full.
On motion of Senator Clarke, the rules were suspended, Senate Bill No. 5029 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

Debate ensued.

**POINT OF INQUIRY**

Senator Goltz: "Senator Benitz, this is a different version than the one which I originally received from you which required the state board for community college education to make the decision. This allows it to be done by each board. Is that correct?"

Senator Benitz: "Yes, Senator. The bill you have before you which has been revised many times in order to have as near a perfect bill as we could come with says that the state board shall approve and have the authority to write the rules and regulations, make the act effective and it is up to the local community college to buy or not buy."

Senator Goltz: "Would it be your opinion that a rule made by the state board of community college education that would require all local boards to have uniform fees to be in violation of the spirit of this bill?"

Senator Benitz: "I would not comment on that. We simply have left it open and the state board for community college has observed the WAC rules without violation as far as I am concerned."

Senator Goltz: "My point is, Senator Benitz, this does not have to go in the record at all. The point I was trying to make is I agree with the version of the bill that allows local boards to make local decisions. But what I am afraid of is that rules made by the state board may prohibit them to do what the legislature intended they should be able to do and that is to have differential fees between community colleges if those local boards decide to make that decision and I would not want the state board for community colleges to overrule local board options by passing a rule which requires uniformity."

Senator Benitz: "I don't think it is proper for me to comment on that. That is simply up to the statutes, it would be up to the state board."

**POINT OF ORDER**

Senator Talmadge: "Mr. President, Senator Benitz indicated that this bill bears no relationship whatsoever to the balancing of the budget in dealing with the fiscal crisis of the state and I would submit therefore that the bill is beyond the scope of the concurrent resolution that was adopted that governs this session."

Debate ensued.

**RULING BY THE PRESIDENT**

President Cherberg: "Senator Talmadge, the remarks by Senator Clarke are correct in that Senate Concurrent Resolution No. 151 states 'Now therefore be it resolved by the Senate, the House of Representatives concurring, that the subject matter to be considered during this 1982 second special session of the forty-seventh legislature be limited to the following: budget; revenue, etc."

"Senate Bill No. 5029 beginning on page 8, 'The Evergreen State College and each community college district may establish an operating fee surcharge subject to the conditions specified in this section.' Surcharge is naturally revenue. Therefore the measure is properly before the Senate."

Senate Bill No. 5029 was ruled to be properly before the Senate.

SENATE BILL NO. 5033, by Senator Lee and Craswell:
Modifying allotment procedures.

MOTIONS

On motion of Senator Clarke, the rules were suspended, Senate Bill No. 5033 was advanced to second reading and read the second time in full.

Senator Goltz moved adoption of the following amendment:

On page 5, section 3, line 3, strike all of subsection (3).

Debate ensued.

POINT OF INQUIRY

Senator Vognild: "Senator Scott, as I am reading this bill on page 5, sub (4), line 12, it appears to me that it requires the governor to use leave without pay, reduced work week, etc. before he can use any other authority of the bill. Am I correct?"

(Senator Scott deferred to Senator Lee).

Senator Lee: "Senator Vognild, your interpretation is correct. He first has to take care of what this twenty million dollars is. In other words, this twenty million dollars happens to be the difference between the two hundred and fifty-three revenue shortfall and what we, here in the legislature, have managed to accomplish through individual specific bills. That has to be taken care of first. That two hundred and fifty-three shortfall has to be stopped. The hole plugged. Then, after that, say that is turns out to be two hundred and seventy-five not two hundred and fifty-three. Then after that, the provisions of the 43.88.110 which is the first part of this bill, go into effect."

Further debate ensued.

Senator Goltz demanded a roll call and the demand was sustained.

The President declared the question before the Senate to be the roll call on the amendment by Senator Goltz.

GOVERNOR’S MESSAGES ON SENATE BILLS VETOED AND PARTIALLY VETOED

—1981—
SECOND SPECIAL SESSION
—1982—
REGULAR SESSION
AND
FIRST AND SECOND SPECIAL SESSIONS
OF THE
FORTY-SEVENTH LEGISLATURE

TO THE HONORABLE, THE SENATE OF THE STATE OF WASHINGTON.

LADIES AND GENTLEMEN:
I am returning herewith without my approval SUBSTITUTE SENATE BILL NO. 3398 entitled:
“An Act relating to revenue and taxation.”

This bill has the laudable purpose of rewarding taxpayers for early full payment of property taxes, which in turn could assist the state with its cash-flow problems. Since the bill’s passage, however, county governments have argued that the administrative costs of the program might be greater than the revenue thus generated. If too few taxpayers paid early, the program might actually lose money. That is a risk the state cannot afford to run. Because the bill was passed without opportunity for full hearings on the most likely balance of costs and benefits that the program would yield, I am returning it to the legislature for its review of that issued.
I have therefore vetoed Substitute Senate Bill No. 3398.

Respectfully submitted,
JOHN SPELLMAN
Governor.

TO THE HONORABLE, THE SENATE OF THE STATE OF WASHINGTON.

LADIES AND GENTLEMEN:
I am returning herewith without my approval as to Section 8 subsection (3) SENATE BILL NO. 3446 entitled:
“An Act relating to incorporation proceedings for cities and towns.”
Subsection (3) of Section 8 would severely limit the authority of a newly incorporated city to establish its property tax rate at a level sufficient to provide basic services. The lower tax rate that would result from implementation of subsection (3)(b) is less than the $3.375 per $1,000 of assessed value authorized for other Washington cities. I have therefore vetoed Subsection (3) of Section 8.

With the exception of Subsection (3) of Section 8, which I have vetoed, the remainder of Senate Bill No. 3446 is approved.

Respectfully submitted,
JOHN SPELLMAN
Governor.

TO THE HONORABLE, THE SENATE OF THE STATE OF WASHINGTON.

LADIES AND GENTLEMEN:
I am returning herewith without my approval SENATE BILL NO. 3944 entitled:
"An Act relating to unemployment compensation."

Senate Bill No. 3944 would represent a departure from established labor management practices in the State of Washington and would present the potential of abuse in terms of denial of unemployment benefits to non-strikers out of work because of an employer lock-out in the absence of labor dispute and work stoppage.

Engrossed House Bill No. 660, which passed the House in 1981, addresses the problems this bill attempts to correct in a more precise manner and would be acceptable to me.

Respectfully submitted,
JOHN SPELLMAN
Governor.

Office of the Governor, April 19, 1982.

TO THE HONORABLE, THE SENATE OF THE STATE OF WASHINGTON.

LADIES AND GENTLEMEN:
I am returning herewith without my approval as to Section 25 of ENGROSSED SENATE BILL NO. 4250 entitled:
"An Act relating to revenue and taxation."

Section 25 stipulates that revenues received under RCW 66.24.210(2) and 66.24.290(2) shall not be deposited into the liquor revolving fund. This is both unnecessary and superfluous since sections 23 and 24 dedicated the surtax proceeds to the General Fund and provide for the transferring of receipts to the General Fund.

With exception of Section 25, which I have vetoed, the remainder of Engrossed Senate Bill No. 4250 is approved.

Respectfully submitted,
JOHN SPELLMAN
Governor.
TO THE HONORABLE, THE SENATE OF THE STATE OF WASHINGTON.

LADIES AND GENTLEMEN:

I am returning herewith without my approval as to the proviso contained in Section 1, Subsection 2(c) SUBSTITUTE SENATE BILL NO. 4285 entitled:

"An Act relating to social and health services."

The intent of this proviso is admirable. It would attempt to establish an equitable distribution of the $500 deductible in the medically indigent program among all providers. In practice, however, the proviso would result in administrative complexity and a slowdown in cash flow to the providers. This would be more detrimental than the marginal benefits which might accrue if the proviso were implemented.

With the exception of the proviso in Section 1, subsection 2(c) which I have vetoed, Substitute Senate Bill No. 4285 is approved.

Respectfully submitted,

JOHN SPELLMAN
Governor.

TO THE HONORABLE, THE SENATE OF THE STATE OF WASHINGTON.

LADIES AND GENTLEMEN:

I am returning herewith without my approval as to several provisions SUBSTITUTE SENATE BILL NO. 4369, entitled:

"An Act relating to appropriations."

I have vetoed Section 15, making an appropriation "FOR THE GOVERNOR—MINORITY AND WOMEN'S AFFAIRS" in its entirety. This section will not be necessary as I have also vetoed Section 16, thus leaving intact the existing minority offices.

I have vetoed Section 16, amending the appropriation "FOR THE COMMISSION ON MEXICAN-AMERICAN AFFAIRS, THE COMMISSION ON ASIAN-AMERICAN AFFAIRS, AND THE GOVERNOR'S OFFICE OF INDIAN AFFAIRS" in its entirety. Important and sensitive programs would be eliminated without the opportunity for public input and considered legislative evaluation. Furthermore, the legislature has not provided any statutory mechanism for the establishment of an alternate organization.

I have vetoed Section 43, subsection (6), which requires that any caseload savings lapse at the end of each calendar quarter. This section conflicts with Section 47(4), which allows the transfer of up to $7.0 million into the Administration program. It is also unnecessarily restrictive because it prevents any use of savings to offset further losses in Federal funds.

I have vetoed Sections 49 and 57. These sections would have repealed the appropriation for the Commission for the Blind and transferred it to the Department of Social and Health Services, authorizing DSHS to provide services to the blind. This would have the effect of nullifying existing law in
RCW 74.16, which requires the Commission for the Blind to distribute funds and provide services to the blind. In effect, the legislature would have placed the dollars with DSHS, while leaving the statutory responsibility for the provision of services with the Commission for the Blind.

With the exceptions noted above, Substitute Senate Bill No. 4369 is approved.

Respectfully submitted,

JOHN SPELLMAN
Governor.

TO THE HONORABLE, THE SENATE OF THE STATE OF WASHINGTON.

LADIES AND GENTLEMEN:

I am returning herewith without my approval as to one section SENATE BILL NO. 4558 entitled:

"An Act relating to industrial insurance coverage."

Section 2 of this bill contains current statutory language with no amendments. This presents a conflict with Engrossed House Bill 454, which also contains this section of existing law but with amendatory language. I have vetoed Section 2 in order to avoid difficulties in codification and future interpretation of this section of the Code.

With the exception of Section 2 which I have vetoed, Senate Bill No. 4558 is approved.

Respectfully submitted,

JOHN SPELLMAN
Governor.

TO THE HONORABLE, THE SENATE OF THE STATE OF WASHINGTON.

LADIES AND GENTLEMEN:

I am returning herewith without my approval as to Section 4 SUBSTITUTE SENATE BILL NO. 4566 entitled:

"An Act relating to agriculture and marketing."

Section 4 exempts agricultural commodity commissions from paying for audits performed by the State Auditor. Exempting commodity commissions from the requirements to reimburse the State Auditor for services received is inequitable and an unwarranted exception to the established policy of agencies paying for services received. It is particularly inappropriate in that this bill provides for a reduction in the frequency of required audits by the State Auditor from annual audits to at least one audit every five years.

By exempting agricultural commodity commissions from the definition of a "state department" Section 4 could also exempt these commissions from the jurisdiction of the State Auditor for purposes of departmental audits.

I have therefore vetoed Section 4. The remainder of Substitute Senate Bill No. 4566 is approved.

Respectfully submitted,

JOHN SPELLMAN
Governor.
Office of the Governor, April 6, 1982.

TO THE HONORABLE, THE SENATE OF THE STATE OF WASHINGTON.

LADIES AND GENTLEMEN:

I am returning herewith without my approval as to one section of ENGROSSED SENATE BILL NO. 4748 entitled:

"An Act relating to beer and wine."

Section 3 of ESB 4748 contains an undesirable provision regarding out-of-state liquor importers and wholesalers. In direct violation of the intent of RCW 66.28.010, out-of-state liquor importers and wholesalers would be permitted to have financial interests in Class A retail liquor licensed establishments in the state of Washington.

RCW 66.28.010, together with liquor licensing regulations, absolutely and specifically precludes any manufacturer or distributor of liquor from having any kind of a financial interest in a licensed retail outlet. The language of RCW 66.28.010 regarding the financial relationships within the state's liquor industry has not changed since the original Washington State Liquor Control Act was adopted by the legislature in 1933. It was the intent of the legislature to absolutely prohibit the "tied-house" arrangements of the pre-prohibition days.

If enacted, Section 3 of ESB 4748 would violate the original tied-house provisions of the states liquor control laws and establish a dangerous precedent for future piecemeal amendments to RCW 66.28.010. This statute is an integral part of the state's liquor control laws. Piecemeal modifications, such as, Section 3 of ESB 4748, will weaken liquor control statutes and threaten the integrity of the entire liquor control system.

With the exception of Section 3, which I have vetoed, the remainder of Engrossed Senate Bill No. 4748 is approved.

Respectfully submitted,

JOHN SPELLMAN
Governor.

TO THE HONORABLE, THE SENATE OF THE STATE OF WASHINGTON.

LADIES AND GENTLEMEN:

I am returning herewith without my approval as to Sections 17, 18, 19, 20, 21, 22, 23, and 24 SENATE BILL NO. 4786 entitled:

"An Act relating to community mental health services."

I am vetoing these sections because they conflict with similar sections in House Bill 410 which contain amendatory language. I have done this to avoid difficulties in codification and future interpretation of these sections of the Code.

With the exception of Sections 17, 18, 19, 20, 21, 22, 23, and 24, which I have vetoed, the remainder of Senate Bill No. 4786 is approved.

Respectfully submitted,

JOHN SPELLMAN
Governor.
