INTRODUCTION AND FIRST READING OF HOUSE BILLS

HCR 32  by Representatives Heck and G. Nelson

Establishing cutoff dates for the introduction and consideration of legislation during the 1984 regular session of the 48th legislature.

MOTIONS

On motion of Senator Shinpoch, the rules were suspended and House Concurrent Resolution No. 32 was advanced to second reading and read the second time
Senator Guess moved the following amendments be considered and adopted simultaneously:

- On page 1, line 16 after "revenue" insert: ", timber taxation."
- On page 1, line 19 after "revenue" insert: ", timber taxation."
- On page 1, line 23 after "revenue" insert: ", timber taxation."
- On page 2, line 1 after "revenue" insert: ", timber taxation."
- On page 2, line 4 after "revenue" insert: ", timber taxation."
- On page 2, line 9 after "revenue" insert: ", timber taxation."

Senator Bottiger: "Mr. President and members of the Senate. I am a little sorry that these amendments weren't offered earlier so that we could have reached some compromise. Now, this has already passed the House and the first amendment out of the bag is obviously already not subject to the cut-off. It is a large hole in our revenue package. Senator McDermott, perhaps, could speak to the exact dollar amount, but there is no way that we are going to leave here without some kind of timber tax bill. It is clearly a part of the revenue package since it expires on July 1 and the amendment simply isn't needed. It's already exempt."

There being no objection, the amendments were withdrawn by Senator Guess.

Senator Quigg moved the following amendments by Senators Quigg, Newhouse and Deccio be considered and adopted simultaneously:

- On page 1, line 16 after "revenue" insert: ", industrial insurance."
- On page 1, line 19 after "revenue" insert: ", industrial insurance."
- On page 1, line 23 after "revenue" insert: ", industrial insurance."
- On page 2, line 1 after "revenue" insert: ", industrial insurance."
- On page 2, line 4 after "revenue" insert: ", industrial insurance."
- On page 2, line 9 after "revenue" insert: ", industrial insurance."

Debate ensued.

Senator Clarke demanded a roll call and the demand was sustained.

The President declared the question before the Senate to be the roll call on adoption of the amendments by Senators Quigg, Newhouse and Deccio.

The Secretary called the roll and the motion by Senator Quigg failed and the amendments were not adopted by the following vote: Yeas, 23; nays, 25; absent, 01; excused, 00.

- Voting yea: Senators Barr, Benitz, Bluechel, Clarke, Craswell, Deccio, Fuller, Guess, Hale, Hayner, Hemstad, Kiskadden, Lee, McCaslin, McDonald, Metcalf, Newhouse, Patterson, Pullen, Quigg, Sellar, von Reichbauer, Zimmerman - 23.

- On page 2, line 10 after "laws" insert: "and gubernatorial appointments"

Debate ensued.
REMARKS BY SENATOR BOTTIGER

Senator Bottiger: "Mr. President and members of the Senate, before I spoke, I went up to check with Sid Snyder, Secretary of the Senate, and it has never been the custom of the Senate to use the cut-off resolution to eliminate consideration of gubernatorial appointments and it will not be so interpreted during this session, therefore, the amendment is just unnecessary. You have my word, Senator Sellar, that they are alive until the Sine Die resolution."

There being no objection, the amendments were withdrawn by Senator Sellar.

MOTION

Senator Lee moved the following amendments by Senators Lee, Metcalf, Hayner and Bluechel be considered and adopted simultaneously:

On page 2, line 9 after "revenue" insert "child abuse,"

Debate ensued.

Senator Bluechel demanded a roll call and the demand was sustained.

PERSONAL PRIVILEGE

Senator Wojahn: "A point of personal privilege. Mr. President. I think that when we went to the Governor's Office this morning, he was very somber, and I thought we brought that out when we came back to report to you what happened in the Governor's Office. Just the fact that we all agreed that we were ready and the Governor said, 'then we are together—let us get this session over with.' Now, we came back and we could not report what the Governor had said because we were in a hot debate at that point. We sat here for one half-hour while a point was argued. Fine. Now, we are going to argue individual points to impose additional items on a cut-off. We are never going to get out of here if we are going to do this. The togetherness that we talked about isn't going to happen and it is going to create all kinds of problems.

"Senator Bottiger has already said that we wished to get out of here if we can. We don't want to leave any bit of unfinished business unfinished and we will try to cooperate, but I think this is just lengthening the session—all this talk and I am even lengthening it by standing here talking to you about it. I am going to sit down and beg you to stop it and let's start and try to get this session going on an even keel. Thank you."

Further debate ensued.

The President declared the question before the Senate to be the roll call on adoption of the amendments by Senators Lee, Metcalf, Hayner and Deccio.

STATE OF THE STATE ADDRESS

TOWARD A GENERATION OF PROSPERITY

Governor Spellman: "Lieutenant Governor Cherberg, Speaker Ehlers, Honorable Justices of the Supreme Court, Honorable members of the 48th Legislature, other honorable statewide elected officials, ladies and gentlemen:

In these past three years, our most fundamental governmental priorities have been tested. We have had to redefine who we are and what we demand of our government. We have to count every dollar, and we have had to make every dollar count. Let the record of these past three years show that we have met the great challenges of our time, that we kept the faith. We maintained our education system. We cut the growth of state government in half and we restored its fiscal integrity. With the help and guidance of our citizens, we made enlightened, although difficult, reductions in social services while still preserving those that are vital. We have launched the most aggressive and broadly based jobs-and-economic-development initiatives in a generation. We have dramatically reduced carnage on our highways and we have protected our environment. In short, we have kept Washington State the best place to live in America.

Our great challenges were borne on mounting flood tides of global and national recession -- factors beyond our borders and outside our control. Washington found itself in a depression. Two separate legislatures, under two different majorities, were called upon to raise taxes, in order that tens of thousands of their fellow Washingtonians would not be deprived of all resources. We did not abandon government's most basic pledge -- to protect the commonwealth and serve the helpless. Those difficult political decisions kept our school system intact and brought health care to poor children, food to hungry families, chore services to our senior citizens, and unemployment checks to jobless breadwinners.

We have seen the worst of times in a generation, and now we must set our sights on creating the best of times in our generation and for generations to follow. We must now move toward a generation of prosperity for Washington. We must proceed on a steady, responsible course of progress.

Having now turned the corner of economic recovery, we must not soon forget the lessons we learned in the second darkest economic times of this century. Never again should we tiptoe on the edge of delicately balanced budget books -- without reserves, with pension liabilities mounting and with operating surpluses too slender to respond to inevitable, unexpected needs.

Today the condition of the affairs of the state of Washington is good and getting better, but we should remember that state government is a patient that has just come through the post-operative period. Its prospects for the future could not be
rosier, but let's be realistic: This is not the time to take on more than we are sure we can handle. We cannot spend a lot of money because we don't have a lot of money to spend. There is a great deal we can do that will not cost a great deal of money. We can, in this session, set the course for Washington's amazing tomorrows.

"As you know, the Governor has the last vote in the legislative process, and I have established three criteria by which I will judge the work of this session. My criteria are: Vision, responsibility and excellence. This session must do the best it can with what we have available now in order to build a better tomorrow for us all, but we cannot so soon forget the repeated fiscal traumas through which we have so recently come. Our vision must be tempered with pragmatism based on experience. We cannot invent mirages of the future simply to satisfy the desires of today.

"Our available revenue remains limited, even in light of our optimistic projections for economic growth throughout 1984, but 1985 remains in doubt. I, for one, will not willingly return to the nightmare syndrome of cuts and taxes brought on by unfulfilled revenue expectations. We must not condemn ourselves to repeat the mistakes of the past, and the past three years have taught us to be fiscally conservative, and so we must remain. That is the responsible course.

"The pension money from the preceding biennium's surplus is untouchable. It is a commitment to retired school teachers, state employees, and police and firefighters. That is the law passed by this Legislature, and it shall be executed in order to ensure the fiscal integrity and stability of this government. That is the responsible course.

"There is much to be done and only sixty days in which to do it. I do not intend today to review with you in detail the elements of my proposed supplemental operating and capital budgets nor my executive request bills; they have they delivered to each of you for your review and approval. In general, what I want from this Legislature is:

To work for our children;
To set the course for a generation of prosperity;
To live within our means, without tax hikes;
To establish excellence in education;
To redouble our economic-development efforts; and
To stop the pollution of our air.

"My theme for this session is children. They are our future. They must be given excellent education. They must be given equal access to mental health care. They must be protected from neglect and abuse. They must be sheltered from the pollution of drugs and alcohol, and they must learn responsible citizenship or lose their driving privileges. I have submitted to you bills that address each item on this children's agenda.

"Even during the past hard times, we consistently applied ourselves to making the Washington our children will inherit a better place to live and work. The need for new jobs in this state remains acute. The welfare of our citizens is best addressed by strong, permanent jobs in a burgeoning economy. We have had the vision to lay foundations for our children's and our own future economic prosperity. We opened a state trade office in Tokyo. We established formal ties with Sichuan Province in the People's Republic of China. We have embarked on aggressive global marketing of our agricultural products, and we have developed the best international relations this state has ever known. World trade is our future. It is the wellspring from which our future jobs will flow. The responsible course for this Legislature is to restore full funding to the development of international trade and to provide new incentives for increased export sales. This is not a one-year budget issue I am talking about; this is the future of our children and our children's children.

"We created a tourism promotion program to create jobs and economic development where they were most needed. Tourism is our nation's fastest producer of jobs and will be a growth industry for decades. The responsible course for this Legislature is to restore full funding to tourism promotion.

"We, together with the people, established local industrial revenue bonding authority that is today bringing hundreds of millions of dollars of private investment
and thousands of jobs into our communities. The responsible course for this Legislature is to expand revenue bonding authority to allow smaller businesses and smaller communities to achieve the program's full benefits.

"Even in our darkest hours, most of the private sector did not lose faith in our future and many enterprises undertook major capital development plans. At the same time, the public sector worked successfully to lure new employers from out of state and from around the world. The responsible course for this Legislature is to restore full funding to the state's industrial development program.

"Requiring a new employer to pay sales tax on the barrelhead for constructing a new commercial or industrial facility before a single job or product is produced there puts us at a competitive disadvantage with other states. The responsible course for this Legislature is to allow the temporary deferral of those taxes until the new business is up and running.

"As we look to the future of Washington, to our children's Washington, we can see limitless opportunities to create the greatest prosperity we have ever known. A clear vision of our future, the right tools and hard work are all we need. One of those tools is community redevelopment financing, an innovative technique used in many other states to finance public improvements necessary for local governments to encourage the private redevelopment of blighted areas. The responsible course for this Legislature is to send this issue to the people next November.

"Throughout all of our jobs and economic development initiatives, the state has worked closely with local governments, and we should never forget that while we have some of the world's greatest urban areas, we are really a state of small communities. The State of Washington today enjoys better relationships with its local governments than ever before, but the innovative agency that created local industrial revenue bonding, Urban Development Action Grants for smaller communities, a $200 million Housing Finance Commission program, and other major initiatives is now faced with extinction. The responsible course for this Legislature is to reauthorize this agency as the Department of Community Development.

"During our darkest hours, we resisted the temptation to tamper with our unique natural environment, even as we streamlined our environmental laws to accelerate desirable economic development. We took the responsible course. We protected, defended and preserved Puget Sound's clean water from very real threats. Our people love our unique environment. It is the responsible course for this Legislature now to protect, defend and preserve our clean air by taking on the issue of acid rain and by authorizing a two thousand percent increase in the maximum penalty for air pollution. Our environment is our future and our legacy to generations unborn.

"But Washington's most precious environment is not its scenic wonders or its bountiful ecology. Washington's most precious environment is the mind and spirit of our children. The past few years have seen a growing public concern that we, as a society, are failing to achieve the potential of our most precious resource -- our only unlimited resource -- the human mind. It is the indisputable reality that the successful future of this state and its people depends on education more than on any other factor. Our state and its concerned people anticipated the national trend toward educational reform and have worked hard to develop programs that will carry us into the 21st century. This emerging vision of the future for the nearly one million young Washingtonians in in public education today -- and for those that follow them -- must become reality now. Failure to pursue vigorously the educational reforms that the Temporary Committee and I, among others, have proposed is to tamper with the bedrock upon which our future rests and to lose faith with the clear and present will of the people.

"Education is the number-one business of this state government, and it is the critical business of this session. We must finish the work of meeting our mandate to provide fully for basic education, but meeting our minimum responsibilities falls short of developing our maximum potential. We should attempt to realize in concrete terms the aspirations of our people for better results in our common schools, as expressed to the Temporary Committee on Educational Policies.

"The Excellence for Education Act of 1984 seeks to turn widely-shared goals into reality. It is a balanced, action-oriented proposal that says that we are not satisfied with pass/fail sufficiency but that we demand A-plus proficiency. It is not
enough for the people of Washington to have an O.K. educational system. We want
the best system we can have, and it is the responsible course for this Legislature to
take the first steps toward making that happen.

"I have asked for tougher standards and better training for students and new
teachers. I have asked that you mandate programs for the gifted as part of our
basic education responsibility, while maintaining our commitment to each student
based upon his or her unique potential. That the State Board of Education be
allowed to ensure that a high school diploma represents a measure of functional
literacy and that special provisions be made for our disabled students. I have
asked that teachers be recognized and rewarded for excellence, and be given
effective, focused training to broaden their skills. That the effort to help dropouts
and to reduce the drop-out rate be intensified. As part of that effort, I have also
proposed passage of the Juvenile Responsibility Act of 1984. The minds of too many
of our young people are being polluted with drugs and alcohol. They cannot learn
when they sit in the classroom stoned. I propose that if they are caught being irre­
résponsible with drugs and alcohol, then they must be forced to learn responsibility
by losing their driving privileges. I have proposed in my supplemental budget an
aggressive program of drug and alcohol education throughout our school system.
It is the responsible course for this Legislature to help preserve, protect and defend
young minds from the pollution of drugs and alcohol.

"As Governor, I have traveled extensively throughout the Pacific Rim of Asia.
What I have seen—whether in China or Japan or Korea—are societies that place a
tremendous emphasis on education as their means of achieving the ends of pros­
perity and happiness for their people. Some of these nations are resource-poor, but
their economic growth in recent decades has been nothing short of awesome. The
reason for their success is that they have aggressively developed their most pre­
cious resources of the mind. They have succeeded in their factories because they
first succeeded in their classrooms.

"The economic condition and the quality of life in the Washington and United
States of the 21st century will depend profoundly upon how well-educated our
people are. It is vital that our educational system provide means of retraining
workers displaced by an increasingly complex and changing world. The strength
of our college and university program is critical to our children's social and eco­
nomic success. Let us be mindful that today's kindergarteners are the college
graduating class of the year 2000. The time for us to act in order to ensure their
future place in the world is now.

"They do indeed have a central role to play in the Century of the Pacific. In my
foreign travels to promote the friendship and trade interests of this state, I have
seen the future and it is us. The Washington of the 21st century is the crossroads of a
new global economic order. Washingtonians will communicate in all the lan­
guages of the world, especially those of Asia. Our cities will be international serv­
ice centers catering to the professional needs of the world. Our people will be the
best-educated in America. Our agricultural products will be staples on the dinner
tables of six continents and our wines will be the envy of France. Our ports will be
crowded with global traffic -- we will be one of the great hubs of global com­
merce. We will be America's new front door and its turnstile to Asia.

"Our partnership in prosperity with Alaska will be bearing its richest fruits. Our
environment's clean air and water, its breathtaking beauty, will be legend
throughout the globe, and the whole world will come to visit and share with us this
great place in which it is our blessing to live. Our communities will be alive with
arts and culture. We will be a prosperous people who will represent the culmina­
tion of the great American experiment in tolerance and cooperation. There will be
good jobs, good living and an unencumbered pursuit of happiness in the
Washington of the 21st century. Our senior citizens, who have shared and contrib­
uted to this vision will enjoy security and respect. We will be what Washingtonians
have always wanted to be -- the best at everything.

"It is the responsible course for this Legislature to step confidently toward the
21st century.

"As ever, I wish you well and I offer you my cooperation, an open door and an
open mind. It would be nice if we could all get through the next sixty days as
friends, but if we can't do that, we should be able to get through it as ladies and gentlemen.

"Thank you for your attention and God bless you."

ENGROSSED SENATE BILL NO. 3437, by Senators Talmadge and Patterson

Modifying provisions relating to malicious prosecution.

The bill was read the third time and placed on final passage.

POINT OF INQUIRY

Senator Pullen: "Senator Talmadge, I'm very sympathetic to the intent of this bill, but I wanted to get a better example in my mind of what an unfounded lawsuit is. Could you give me an example of some of the kinds of unfounded lawsuits that precipitated this bill?"

Senator Talmadge: "There was a lawsuit that I recall, Senator, in the Advance Sheet where an individual brought an action against the judge who handled a particular case sentencing him to prison, against the prosecuting attorney, against the Governor of the state of Washington, against the judge that sentenced him, and so on and so forth. The problem now is with respect to malicious prosecution counterclaims that there has to be an arrest, an attack or seizure of property, and a number of other requirements under the common law—none of which necessarily fits the situation of all of those individuals that I just enumerated. This simply makes clear that these individuals, where this kind of essentially frivolous lawsuit is brought against them after they processed someone through the criminal justice system, can be brought and is something that would be analyzed and treated by the jury in the course of deciding a lawsuit."

Senator Pullen: "Just one other question. Would it be a frivolous lawsuit in itself if a person sued a judge, or prosecuting attorney for what that person contends is a violation of the Constitution?"

Senator Talmadge: "It is my understanding, Senator, that under the Civil Rights Act at the federal level that state officers are subject to suit—they can be sued. The assessment of whether or not the suit had any merit or not would be made by the jury."

The President Pro Tempore declared the question before the Senate to be the roll call on final passage of Engrossed Senate Bill No. 3437.

SUBSTITUTE HOUSE BILL NO. 915, and the same are herewith transmitted.

DEAN R. FOSTER, Chief Clerk

**MOTION**

On motion of Senator Shinpoch, the Senate advanced to the seventh order of business.
On motion of Senator Shinpoch, the Senate resumed consideration of Substitute Senate Bill No. 3178 and the pending motion by Senator Rasmussen that the rules be suspended and the bill be returned to second reading. Debate ensued.

The President declared the question before the Senate to be the motion by Senator Rasmussen that the rules be suspended and Substitute Senate Bill No. 3178 be returned to second reading.

The motion by Senator Rasmussen failed on a rising vote.

The bill was read the third time and placed on final passage. Debate ensued.

POINT OF INQUIRY

Senator Pullen: "Senator Bauer, I'm looking on page 1, lines 25 and 26, and it says that if you are one day late—as I understand it—if you pay your taxes on May 1st instead of April 30th, then you have to pay the applicable interest and penalty on the full amount of such tax. Can you tell me what the applicable interest and penalty on the full amount of such tax is?"

Senator Bauer: "Yes, Senator Pullen, as the sponsor of the bill, it is my understanding that if you are one day late, you would pay 1/365th of a year's interest in penalty for being one date late."

Senator Pullen: "How does the taxpayer know that? In other words, suppose he drops his payment in the mail on April 29th and the post office is slow in getting the letter there and it was delivered one or two days late. How would the penalty be assessed on him? How would the taxpayer know that he has a penalty that he has to pay?"

Senator Bauer: "He would be notified by the treasurer. If he had it in the mail then, he would probably be O.K. anyway, if it was postdated before that date. Our effort here is to only penalize him for the days that he should have a penalty—for the days that he has been delinquent—and only charge the interest rate at twelve percent for those days that he's penalized. In order that he be allowed to pay the half of it, because he doesn't have all of it, would not only help the treasury but would help the individual."

Senator Pullen: "The penalty is pro rata on the amount due and the interest is calculated at twelve percent?"

Senator Bauer: "Yes."

Further debate ensued.

The President declared the question before the Senate to be the roll call on final passage of Substitute Senate Bill No. 3178.

The Secretary called the roll on the final passage of Substitute Senate Bill No. 3178, and the bill passed the Senate by the following vote: Yeas, 45; nays, 0; absent, 2; excused, 2.

PERSONAL PRIVILEGE

Senator Fleming: "Mr. President and members of the body, speaking to the point that Senator Shinpoch has made in terms of the short titles and referrals, I must apologize to the members on that side and some on this side. I was not able to get the bill around to them, but I have a bill on there, Senate Bill No. 4459, and that deals with establishing requirements for the protection of boxers. As you are well aware---many of you, and maybe you're not---we have a boxer or ex-boxer within our midst named Sugar Ray Seales, and many of you might have heard of his plight. He is totally blind in one eye and I guess about eighty percent sight left in the other eye. He's going to start going to the school for the blind. There might be other operations he might be able to have to clear up some of the problem. They are not sure of that, but he is left with some 80 to 100,000 dollars in medical bills as a result of his fighting career. It's a tough situation. This bill, whether you would support the bill or not---that's another question---but this bill would hopefully prevent having future Sugar Ray Seales by establishing a mandatory insurance out of gate receipts, a percentage of the gate receipts, of these fights to protect our fighters after their regular insurance is gone.

"The reason I am mentioning this is that there is---and whether you believe in banning boxing or not, it has not been banned and so we would rather have safe boxing. But be that as it may, that's not why I want to talk to you. I want to tell you that there is a fund raiser that's being given in the Tacoma Dome next Friday, and the cost of it is $25. Hopefully, in the plan now, Sammy Davis, Jr. and other entertainers---Larry Holmes, possibly Muhammad Ali, Ray Boom Boom Mancini, Sugar Ray Leonard and others---I think are supposed to try and be there. It's supposed to be a big gala.

"They have not had the success of selling tickets that they would like to have had and that is why I am asking at this time to just inform you of that. It's next Friday, the 20th, at 8 o'clock. Hopefully, if you are a fight fan, fine—if you are not a fight fan, that's fine, too, but we all have some humanitarian feelings within ourselves, and I think that Washington state itself, in my opinion, has shown that better than most states. We've also shown that we are outstanding sports fans and my feeling is that if we can, in this state, show what we did for the Seahawks last week-end when they almost brought the gold home, then we sure ought to be able to show some kind of outpour to this young person who did bring the gold home from the Olympics in 1972. It just happened to be a year that there was a little scar on the Olympics because of the killings of the Israelis, and this person probably did not get the accord that maybe he should have. Be that as it may, I think it's a worthwhile function that is being put on in his behalf and that is really needed. I hope the members of this body can find within themselves to participate next Friday night and if not, maybe make some kind of contribution, because I think we ought to show some outpouring of our feelings for this person who fought so well in the Olympics for this country.

"Those members who are interested in helping sponsor the bill are welcome to sign on the measure. Thank you."

There being no objection, the President advanced the Senate to the sixth order of business.

SECOND READING

SENATE BILL NO. 4359, by Senator Thompson

Simplifying the timber tax distribution system at existing rates.

The bill was read the second time.
On motion of Senator McDermott, further consideration of Senate Bill No. 4359 was deferred and the bill was placed at the top of the second reading calendar for Monday.

There being no objection, the President advanced the Senate to the seventh order of business.

**THIRD READING**

SUBSTITUTE SENATE BILL NO. 3152, by Committee on Energy and Utilities (originally sponsored by Senator Hurley)

Requiring the preparation of a long-range plan for the state leased land on the Hanford reservation.

**MOTIONS**

On motion of Senator Williams, the rules were suspended and Substitute Senate Bill No. 3152 was returned to second reading.

On motion of Senator Hurley, the following amendment was adopted:

Strike everything after the enacting clause and insert the following:

"Sec. 1. Section 8, chapter 19, Laws of 1983 1st ex. sess. and RCW 43.200.080 are each amended to read as follows:

The director of ecology shall, in addition to the powers and duties otherwise imposed by law, have the following special powers and duties:

(1) To fulfill the responsibilities of the state under the lease between the state of Washington and the federal government executed September 10, 1964, covering one thousand acres of land lying within the Hanford reservation near Richland, Washington. The department of ecology may sublease to private or public entities all or a portion of the land for specific purposes or activities which are determined, after public hearing, to be in consonance with the terms of the lease and in the best interests of the citizens of the state consistent with any criteria that may be developed as a requirement by the legislature.

(2) To develop criteria, in consultation with other state agencies, including but not limited to the state radiation control agency, to govern subleasing decisions on the site. The criteria developed shall be consistent with:

(a) Terms of the state/federal lease;
(b) Provisions of the northwest interstate compact on low-level radioactive waste management and any amendments thereto; and
(c) Any state or federal law, rule, or regulation affecting use of the site.

The criteria shall be established by rule adopted under chapter 34.04 RCW, the administrative procedure act.

(3) To assume the responsibilities of the state under the perpetual care agreement between the state of Washington and the federal government executed July 29, 1965. In order to finance perpetual surveillance and maintenance under the agreement, the department of ecology shall impose and collect fees from parties holding radioactive materials for waste management purposes. The fees shall be established by rule adopted under chapter 34.04 RCW and shall be an amount determined by the state radiation control agency to be necessary to defray the estimated liability of the state. Such fees shall reflect equity between the disposal facilities of this and other states. All such fees, when received by the department of ecology, shall be transmitted to the state treasurer, who shall act as custodian. The treasurer shall place the money in a special account which may be designated the "perpetual maintenance account." Appropriations are required to permit expenditures and payment of obligations from this account, and the condition of the account and its administration shall be reported biennially to the legislature by the director. Moneys in the perpetual maintenance account shall be invested by the state investment board in the same manner as other state moneys. Any interest accruing as a result of investment shall accrue to the perpetual maintenance account. Additional monies specifically appropriated by the legislature or received from any public or private source may be placed in the perpetual maintenance account. The perpetual maintenance account shall be used exclusively for surveillance and maintenance obligations; and

((23)) (4) To assure maintenance of such insurance coverage by state licensees, lessees, or sublessees as will adequately, in the opinion of the director, protect the citizens of the state against nuclear accidents or incidents that may occur on privately or state-controlled nuclear facilities.

NEW SECTION. Sec. 2. There is appropriated from the general fund to the department of ecology for the biennium ending June 30, 1985, the sum of twenty-seven thousand dollars, or so much thereof as may be necessary, to develop the criteria proposed by RCW 43.200.080.

On motion of Senator Hurley, the following title amendment was adopted:
On page I, on line I of the title, strike everything after "office," and insert "transferring certain functions to the department of ecology: amending section 8, chapter 19, Laws of 1983 1st ex. sess. and RCW 43.200.080; and making an appropriation."

The bill was read the second time.

MOTION

On motion of Senator Williams, the rules were suspended, Engrossed Substitute Senate Bill No. 3152 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

Debate ensued.

POINT OF INQUIRY

Senator Hurley: "I just wondered, Senator Benitz, if you have seen any testimony of written criteria that would provide guidelines for the Department of Ecology in developing this area? In view of the fact that there are many requests, it could be a pretty motley type of development and this is what we want to avoid. We want some continuity in the development down there and I would like to know if you have seen any written guidelines?"

Senator Benitz: "No. I have not seen any written guidelines, but when you recognize that this thousand acres is in the middle of the desert and the middle of the Hanford Reservation, you can be very sure that the federal government—the Hanford works—is going to be very careful of what is attempting to be established. It will have to conform and the Department of Ecology and the other agencies are following that now, and I just think we do not need to scare off the other potential customers we might have."

Further debate ensued.

The President declared the question before the Senate to be the roll call on final passage of Engrossed Substitute Senate Bill No. 3152.

ROLL CALL

The Secretary called the roll on the final passage of Engrossed Substitute Senate Bill No. 3152, and the bill passed the Senate by the following vote: Yeas, 28; nays, 18; absent, 01; excused, 02.

Voting nay: Senators Barr, Benitz, Bluechel, Clarke, Craswell, Deccio, Fuller, Guess, Haley, Hansen, Hayner, Lee, McCaslin, McDonald, Newhouse, Quigg, Sellar, von Reichbauer – 18.

Absent: Senator Kiskaddon – 1.

Excused: Senators Hughes, Moore – 2.

ENGROSSED SUBSTITUTE SENATE BILL NO. 3152, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

MOTION

On motion of Senator Bluechel, Senator Kiskaddon was excused.

THIRD READING

SECOND SUBSTITUTE SENATE BILL NO. 3187, by Committee on Ways and Means (originally sponsored by Senators Bottiger, McDermott and Vognild)

Imposing an excise tax on the severance of minerals.

The bill was read the third time and placed on final passage.

Debate ensued.

POINT OF INQUIRY

Senator Goltz: "Senator Quigg, I understood you to say that if you raised taxes on gasoline you lower the price. Is that correct? Did I hear you correctly? I might be interested in tacking on an amendment here to raise the gas tax again if we drive the price down by doing that."

Senator Quigg: "The price to the producer could continue to drop, because as increased taxes have decreased people's interest in buying the product and that's
what happened as we have seen, even with the increased gas taxes. The price, even though with the tax, will pop it back up again—consumption drops off. supply continues to be greater than consumption and so the refiner, the producer and the marketer realizes a smaller portion of the price people pay, including the tax. So, I think it's important to remember that the higher the total price, including taxes, the less likely people are to consume it and in this case if we raise the tax on—particularly commodities that we aren't even producing yet, the likelihood of producing it becomes less and less. The likelihood of employing people here becomes less, but the likelihood of having the sheiks all make it to next year's Super Bowl increases. Frankly, I would rather have the Seahawks go instead of the sheiks.

Senator Goltz: “I don't know what economic curve you are talking about. but it sounds like a 'laugher' to me.”

Further debate ensued.

POINT OF INQUIRY

Senator Clarke: “Senator Shinpoch, following your remarks, it has occurred to me, however, that if a rate is set prior to a development and then there is a very substantial development, my question is, when that substantial development comes in—even if a lower rate has previously been set, is there anything to prevent a future legislature from raising that rate?”

Senator Shinpoch: “Of course there isn’t anything to keep the future legislature from raising it and I suspect they would have just about as much success as they would have of raising the timber tax—as long as you leave it to the legislative body. I don’t think you would have any problems, for example, of raising the timber tax if you put it to the vote of the people, but as long as it is going to be the legislature that votes on it, well, then I suspect the timber tax would never be raised. Neither would I expect this severance tax on minerals to be raised.”

The President declared the question before the Senate to be the roll call on final passage of Second Substitute Senate Bill No. 3187.

ROLL CALL

The Secretary called the roll on the final passage of Second Substitute Senate Bill No. 3187, and the bill passed the Senate by the following vote: Yeas, 37; nays, 08; absent, 01; excused, 03.

Voting nay: Senators Barr, Craswell, Decchio, Fuller, Haley, McCaslin, Pullen, Sellar - 8.

Absent: Senator Quigg - 1.

Excused: Senators Hughes, Kiskaddon, Moore - 3.

SECOND SUBSTITUTE SENATE BILL NO. 3187, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

THIRD READING

SUBSTITUTE SENATE BILL NO. 3259, by Committee on Energy and Utilities (originally sponsored by Senators Williams, Shinpoch, Woody, Rinehart, Hurley and Moore)

Requiring executive boards of operating agencies to file reports with the public disclosure commission.

MOTION

Senator Williams moved that the rules be suspended and Substitute Senate Bill No. 3259 be returned to second reading.

POINT OF INQUIRY

Senator Clarke: “With the consent of the Senate, I would like to ask Senator Bottiger a question with respect to procedures on this type of motion. Thank you, Senator. As to this particular motion and amendment, we have checked it and find that it is easy to understand. As we both know, however, we caucus for the
purpose of going over these bills and I would suggest that if there are substantial amendments, the committee chairman, at least, advise our minority chairman as to those amendments, so that we will have an opportunity of considering them in caucus to know what they are about without having to, in effect, consider objecting to returning them."

Senator Bottiger: "Senator Clarke, I think that is the procedure. It was the procedure on this one and I'd also suggest that probably a way to alert everyone that it is an agreed amendment is if the minority ranking member's name appears on the amendment, then that pretty well alerts us. In this particular case, I think, it was printed before I had asked the chairman to do that."

Senator Clarke: "I had understood from our person, we had not received that and that's why I raised the point."

**REMARKS BY SENATOR WILLIAMS**

POINT OF INQUIRY

Senator Pullen: "Senator Vognild, I think our digest for this particular bill is in error. The digest says that possession of up to a pound of fireworks, excluding external packaging, is a misdemeanor, yet when I read the bill in section 4 it says 'the unlawful possession of any class or kind of fireworks in violation of the provisions of this chapter is a misdemeanor if involving up to one pound of fireworks exclusive of external packaging.' As I read that, the 'up to one pound of fireworks' applies to fireworks that are in violation of the provisions of this chapter. Is that correct?"

Senator Vognild: "Yes, Senator, that is correct."

Senator Pullen: "I assume that would be fireworks like M1000 and the very dangerous kinds of fireworks."

Senator Vognild: "That would be any type of fireworks that are sold or distributed within the state or out of the state that are in violation of the state law."

Senator Pullen: "Could you give me an example of some kinds of fireworks that would fit into that category?"

Senator Vognild: "Well, I think you gave a pretty good example. Additionally, you would also have the bottle rocket; you would have some of the larger rocket areas."

SPECIAL ORDER OF BUSINESS

The time having arrived, the Senate resumed consideration of Substitute Senate Bill No. 4359.

MOTION

Senator McDermott moved adoption of the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The intent of the legislature in adopting this chapter is to provide a comprehensive timber tax system covering all timber harvests in the state and a simpler and more equitable timber tax distribution system. In achieving this intent, it was considered advisable to reenact the definition, imposition, distribution, and administration provisions in separate, shorter sections. It is not the intent of the legislature to make significant changes in the substance of the timber tax statutes, other than those relating to distribution of tax proceeds.

NEW SECTION. Sec. 2. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Composite property tax rate" for a county means the total amount of property taxes levied upon forest lands by all taxing districts in the county other than the state, divided by the total assessed value of all forest land in the county.

(2) "Forest land" means forest land which is classified or designated forest land under chapter 84.33 RCW.

(3) "Harvested" means the time when in the ordinary course of business the quantity of timber by species is first definitely determined. The amount harvested shall be determined by the Scribner Decimal C Scale or other prevalent measuring practice adjusted to arrive at substantially equivalent measurements, as approved by the department of revenue.

(4) "Harvester" means every person who from the person's own land or from the land of another under a right or license granted by lease or contract, either directly or by contracting with others for the necessary labor or mechanical services, fells, cuts, or takes timber for sale or for commercial or industrial use. The term does not include persons performing under contract the necessary labor or mechanical services for a harvester.

(5) "Timber assessed value" for a county means a value, calculated by the department of revenue before October 1 of each year, equal to the total stumpage value of timber harvested from privately owned land in the county during the most recent four calendar quarters for which the information is available, multiplied by a ratio. The numerator of the ratio is the rate of tax imposed by the county under section 4 of this act for the year of the calculation, expressed as a percentage of assessed value.

(6) "Timber assessed value" for a taxing district means the timber assessed value for the county multiplied by a ratio. The numerator of the ratio is the total assessed value of forest land in the taxing district. The denominator is the total assessed value of forest land in the county. As used in this section, "assessed value of forest land" means the assessed value of forest land for taxes due in the year the timber assessed value for the county is calculated.
NEW SECTION. Sec. 3. (1) An excise tax is imposed on every person engaging in this state in business as a harvester of timber on privately or publicly owned land. The tax shall be equal to six and one-half percent of the stumpage value of timber harvested through June 30, 1984.

(2) A credit is allowed against the tax imposed under this section for any tax paid under section 4 of this act.

(3) Moneys received as payment for the tax imposed under this section and section 4 of this act shall be deposited in the timber tax distribution account hereby established in the state general fund.

NEW SECTION. Sec. 4. (1) The legislative body of any county may impose a tax upon every person engaging in the county in business as a harvester effective October 1, 1984. The tax shall be equal to the stumpage value of timber harvested from privately owned land multiplied by sixty percent of the rate of the state excise tax imposed under section 3 of this act.

(2) Before the effective date of any ordinance imposing a tax under this section, the county shall contract with the department of revenue for administration and collection of the tax. The tax collected by the department of revenue under this section shall be deposited by the department in the timber tax distribution account. Moneys in the account may be spent only for distributions to counties under section 5 of this act and, after appropriation by the legislature, for the activities undertaken by the department of revenue relating to the collection and administration of the taxes imposed under this section. Appropriations are not required for distributions to counties under section 5 of this act.

NEW SECTION. Sec. 5. (1) On the last business day of the second month of each calendar quarter, the state treasurer shall distribute from the timber tax distribution account to each county the amount of tax collected on behalf of each county under section 4 of this act, less each county's proportionate share of appropriations for collection and administration activities under section 4 of this act, and shall transfer to the state general fund the amount of tax collected on behalf of the state under section 3 of this act. The state's proportionate share of appropriations for collection and administration activities under section 3 of this act shall be equal to the stumpage value of timber harvested through June 30, 1984. Distribution under this subsection (2) shall be used only for debt service and capital projects payments.

(3) From the moneys remaining after the distributions under subsection (2) of this section, the county treasurer shall distribute to each school district an amount equal to one-half of the county's proportionate share of the stumpage value of timber harvested from privately owned land multiplied by the tax rate levied for payment of the debt service and capital projects: PROVIDED. That in respect to levies for a debt service or capital project fund authorized pursuant to RCW 84.52.053, the amount allocated shall not be less than an amount equal to the same percentage of such debt service or capital project fund represented by timber tax allocations to such payments in calendar year 1984. Distribution under this subsection (2) shall be used only for debt service and capital projects payments.

(4) After the distributions directed under subsections (2) and (3) of this section, if any, each taxing district shall receive an amount equal to the timber assessed value of the district multiplied by the tax rate, if any, levied by the district under RCW 84.52.052 or 84.52.053 for purposes other than debt service payments and capital projects supported under subsection (2) of this section.

(5) If there are insufficient moneys in the county timber tax account to make full distribution under subsection (4) of this section, the county treasurer shall multiply the amount to be distributed to each taxing district under that subsection by a fraction. The numerator of the fraction is the county timber tax account balance before making distribution under this subsection. The denominator of the fraction is the account balance which would be required to make full distribution under this subsection.

(6) After making the distributions under subsections (2) through (4) of this section in the full amount indicated for the calendar year, the county treasurer shall place any excess revenue up to twenty percent of the total distributions made for the year under subsections (2) through (4) of this section in a reserve status until the beginning of the next calendar year. Any moneys remaining in the county timber tax account after this amount is placed in reserve shall be distributed to each taxing district in the county in the same proportions as the distributions made under subsection (4) of this section.

NEW SECTION. Sec. 6. (1) The taxes imposed under this chapter shall be computed with respect to timber harvested each calendar quarter and shall be due and payable in quarterly installments. Remittance shall be made on or before the last day of the month next succeeding
the end of the quarterly period in which the tax accrues. The taxpayer on or before such date shall make out a return, upon such forms and setting forth such information as the department of revenue may require, showing the amount of tax for which the taxpayer is liable for the preceding quarterly period and shall sign and transmit the same to the department of revenue, together with a remittance for the amount of tax.

(2) The taxes imposed by this chapter are in addition to any taxes imposed upon the same persons under chapter 82.04 RCW.

(3) Any harvester incurring less than ten dollars tax liability under this section in any calendar quarter is excused from the payment of such tax, but may be required by the department of revenue to file a return even though no tax may be due.

NEW SECTION. Sec. 7. (1) The department of revenue shall designate areas containing timber having similar growing, harvesting, and marketing conditions to be used as units for the preparation and application of stumpage values. Each year on or before December 31 for use the following January through June 30, and on or before June 30 for use the following July through December 31, the department shall prepare tables of stumpage values of each species or subclassification of timber within these units. The stumpage value shall be the amount that each such species or subclassification would sell for at a voluntary sale made in the ordinary course of business for purposes of immediate harvest. These stumpage values, expressed in terms of a dollar amount per thousand board feet or other unit measure, shall be determined in a manner which makes reasonable and adequate allowances for age, size, quality, costs of removal, accessibility to point of conversion, market conditions, and all other relevant factors from:

(a) Gross proceeds from sales on the stump of similar timber of like quality and character at similar locations, and in similar quantities;
(b) Gross proceeds from sales of logs adjusted to reflect only the portion of such proceeds attributable to value on the stump immediately prior to harvest; or
(c) A combination of (a) and (b) of this subsection.

(2) Upon application from any person who plans to harvest damaged timber, the stumpage values for which have been materially reduced from the values shown in the applicable tables due to damage resulting from fire, blow down, ice storm, flood, or other sudden unforeseen cause, the department shall revise the stumpage value tables for any area in which such timber is located and shall specify any additional accounting or other requirements to be complied with in reporting and paying the tax.

(3) The preliminary area designations and stumpage value tables and any revisions thereof are subject to review by the ways and means committees of the house of representatives and senate prior to finalization. Tables of stumpage values shall be signed by the director or the director's designee and authenticated by the official seal of the department. A copy thereof shall be mailed to anyone who has submitted to the department a written request for a copy.

(4) On or before the sixtieth day after the date of final adoption of any stumpage value tables, any harvester may appeal to the board of tax appeals for a revision of stumpage values for an area determined pursuant to subsection (3) of this section.

NEW SECTION. Sec. 8. The state timber tax account A and state timber tax reserve account established in RCW 84.33.071 and the timber tax distribution guarantee account established in RCW 84.33.085 shall continue within the state general fund and state treasury, respectively, until all funds remaining therein after complying with subsections (4) and (5) of this section are distributed as follows:

(1) Any remaining timber tax moneys in the state timber tax account A and state timber tax reserve account shall be distributed in the following manner:
(a) Thirty-seven percent to the state general fund for use in support of the common schools. 
(b) Subject to appropriation by the legislature, sixty-three percent to the counties of the state in the proportion the receipts of harvester excise tax from each county are to the total receipts of harvester excise tax from all counties in the state in calendar years 1982 and 1983.

(2) Any remaining timber tax moneys in the timber tax distribution guarantee account shall be distributed to the counties in the same proportions and percentages as provided for the state timber tax account A and the state timber tax reserve account on May 1, 1985.

(3) Distributions to the counties under authority of this section shall be deposited in the timber tax account of the counties and disbursed to taxing districts of each county in the same priority and as part of the distributions authorized by section 5 of this act.

(4) The taxes due and payable under RCW 84.33.071 with respect to timber harvested during the second and third quarters of calendar year 1984 shall be collected and deposited in the state treasury as though this act had not been enacted.

(5) The payments required to be made through November 20, 1984, by the state treasurer to the treasurer of each timber county under RCW 84.33.080 shall be made as though this act had not been enacted.

This section shall expire on January 1, 1986.

NEW SECTION. Sec. 9. All sections of chapter 82.32 RCW, except RCW 82.32.045 and 82.32-.270, apply to the taxes imposed under this chapter.

Sec. 10. Section 84.52.080, chapter 15, Laws of 1961 as amended by section 1, chapter 7.
Laws of 1965 ex. sess. and RCW 84.52.080 are each amended to read as follows:

(1) The county assessor shall extend the taxes upon the tax rolls in the form herein pre-
scribed. The rate percent necessary to raise the amounts of taxes levied for state and county
purposes, and for purposes of taxing districts coextensive with the county, shall be computed
upon the assessed value of the property of the county; the rate percent necessary to raise the
amount of taxes levied for any taxing district within the county shall be computed upon the
assessed value of the property of the district; all taxes assessed against any property shall be
added together and extended on the rolls in a column headed consolidated or total tax. In
extending any tax, whenever it amounts to a fractional part of a cent greater than five mills it
shall be made one cent, and whenever it amounts to five mills or less than five mills it shall be
dropped. The amount of all taxes shall be entered in the proper columns, as shown by entering
the rate percent necessary to raise the consolidated or total tax and the total tax assessed
against the property.

(2) For the purpose of computing the rate necessary to raise the amount of any excess levy
in a taxing district which has classified or designated forest land under chapter 84.33 RCW,
other than the state, the county assessor shall add the district's timber assessed value, as
defined in section 2 of this 1984 act, to the assessed value of the property: PROVIDED, That for
school districts maintenance and operations levies only one-half of the district's timber
assessed value shall be added.

(3) Upon the completion of such tax extension, it shall be the duty of the county assessor to
make in each assessment book, tax roll or list a certificate in the following form:

I, .......... , assessor of ........ county, state of Washington, do hereby certify that the
foregoing is a correct list of taxes levied on the real and personal property in the county of
............. for the year one thousand nine hundred and ............

Witness my hand this .... day of .......... 19 ....

County Assessor

(4) The county assessor shall deliver said tax rolls to the county treasurer on or before the
fifteenth day of December, taking his receipt therefor, and at the same time the county assessor
shall provide the county auditor with an abstract of the tax rolls showing the total amount of
taxes collectible in each of the taxing districts.

Sec. 11. Section 1, chapter 42, Laws of 1970 ex. sess. and RCW 39.36.015 are each amended
to read as follows:

Whenever used in this 1970 amendatory act, the term "value of the taxable property" shall
mean the actual value of the taxable property in a taxing district incurring indebtedness, as
the term "taxing district" is defined in R.C.W. 39.36.010, to be ascertained by the last assessment
for state and county purposes previous to the incurring of such indebtedness except that in
incorporated cities the assessment shall be taken from the last assessment for city purposes,
plus the timber assessed value for the district as defined in section 2 of this 1984 act.

Sec. 12. Section 1, chapter 294, Laws of 1971 ex. sess. and RCW 84.33.010 are each amended
to read as follows:

As a result of the study and analysis of systems of taxation of standing timber and forest
lands by the forest tax committee pursuant to Senate Concurrent Resolution No. 30 of the 41st
session of the legislature, and the recommendations of the committee based thereon, the legis-
lature hereby finds that:

(1) The public welfare requires that this state's system for taxation of timber and forest
lands be modernized to assure the citizens of this state and its future generations the advan-
tages to be derived from the continuous production of timber and forest products from the sig-
nificant area of privately owned forests in this state. It is this state's policy to encourage forestry
and restocking and reforestation of such forests so that present and future generations will enjoy
the benefits which forest areas provide in enhancing water supply, in minimizing soil erosion,
storm and flood damage to persons or property, in providing a habitat for wild game, in pro-
viding scenic and recreational spaces, in maintaining land areas whose forests contribute to
the natural ecological equilibrium, and in providing employment and profits to its citizens and
raw materials for products needed by everyone.

(2) The combination of variations in quantities, qualities and locations of timber and forest
lands, the fact that market areas for timber products are nation-wide and world-wide and the
unique long term nature of investment costs and risks associated with growing timber, all make
exceedingly difficult the function of valuing and assessing timber and forest lands.

(3) The existing ad valorem property tax system is unsatisfactory for taxation of standing
timber and forest land and will significantly frustrate, to an ever increasing degree with the
passage of time, the perpetual enjoyment of the benefits enumerated above.

(4) For these reasons it is desirable, in exercise of the powers to promote the general wel-
fare and to impose taxes; that

(a) the ad valorem system for taxing timber be modified and discontinued in stages over a
three year period during which such system will be replaced by one under which timber will
be taxed on the basis of stumpage value at the time of harvest, and
paid may be used as a credit against any tax imposed with respect to business of harvesting limber from publicly owned land under ((RCW 64.33.071)) section 3 of this 1984 act.

Sec. 14. Section 4, chapter 294, Laws of 1971 ex. sess. as amended by section 7, chapter 62. Laws of 1983 1st ex. sess. and RCW 84.33.040 are each amended to read as follows:

(Except as provided in RCW 64.33.050)) Timber on privately owned land or federally owned land shall be exempt from ad valorem taxation.

Sec. 15. Section 2, chapter 146, Laws of 1981 and RCW 84.33.074 are each amended to read as follows:

(1) A small harvester may elect to calculate the tax imposed by ((RCW 64.33.071)) sections 3 and 4 of this 1984 act in the manner provided in this section.

(2) Timber shall be considered harvested at the time when in the ordinary course of business the quantity thereof by species is first definitely determined. The amount harvested shall be determined by the Scribner Decimal C Scale or other prevalent measuring practice adjusted to arrive at substantially equivalent measurements, as approved by the department of revenue.

(3) Timber values shall be determined by either of the following methods, whichever is most appropriate to the circumstances of the harvest:

(a) When standing timber is sold on the stump, the taxable value is the actual gross receipts received by the landowner from the sale of the standing timber.

(b) When timber is sold after it has been harvested, the taxable value is the actual gross receipts from sale of the harvested timber minus the costs of harvesting and marketing the timber. When the taxpayer is unable to provide documented proof of harvesting and marketing costs, this deduction for harvesting and marketing costs shall be a percentage of the gross receipts from sale of the harvested timber as determined by the department of revenue but in no case less than twenty-five percent.

(4) The department of revenue shall prescribe a short filing form which shall be as simple as possible.

Sec. 16. Section 6, chapter 134. Laws of 1980 and RCW 84.33.075 are each amended to read as follows:

The excise tax imposed by ((RCW 64.33.071)) this chapter shall not apply to any timber harvested by a nonprofit organization, association, or corporation from forest lands owned by it, where such lands are exempt from property taxes under RCW 84.36.030, and where all of the income and receipts of the nonprofit organization, association, or corporation derived from such timber sales are used solely for the expense of promoting, operating, and maintaining youth programs which are equally available to all, regardless of race, color, national origin, ancestry, or religious belief.

In order to determine whether the harvesting of timber by a nonprofit organization, association, or corporation is exempt, the director of the department of revenue shall have access to its books.

For the purposes of this section, a "nonprofit" organization, association, or corporation is one: (1) Which pays no part of its income directly or indirectly to its members, stockholders, officers, directors, or trustees except in the form of services rendered by the organization, association, or corporation in accordance with its purposes and bylaws; and (2) which pays salary or compensation to its officers only for actual services rendered, and at levels comparable to the salary or compensation of like positions within the public services of the state.

Sec. 17. Section 8, chapter 62. Laws of 1983 1st ex. sess. and RCW 84.33.077 are each amended to read as follows:

The amount of any property taxes paid on timber standing on public land shall be allowed as a credit against any tax imposed with respect to the business of harvesting timber from publicly owned land under ((RCW 64.33.071)) section 3 of this 1984 act. However, the amount of credit allowed shall not exceed the amount of excise tax due in respect to the business of harvesting timber from publicly owned land.

Sec. 18. Section 9, chapter 62. Laws of 1983 1st ex. sess. and RCW 84.33.078 are each amended to read as follows:

When any timber standing on public land, other than federally owned land, is sold separately from the land, to the department of natural resources or other governmental unit, as appropriate, shall provide each bidder with a written notice clearly stating that timber sold separate from the land is subject to property tax in 1984 and thereafter and that the amount of the tax paid may be used as a credit against any tax imposed with respect to business of harvesting timber from publicly owned land under ((RCW 64.33.071)) section 3 of this 1984 act.

Sec. 19. Section 12, chapter 294, Laws of 1971 ex. sess. as last amended by section 7, chapter 148. Laws of 1981 and RCW 84.33.120 are each amended to read as follows:
(1) In preparing the assessment rolls as of January 1, 1982, for taxes payable in 1983 and each January 1st thereafter, the assessor shall list each parcel of forest land at a value with respect to the grade and class provided in this subsection and adjusted as provided in subsection (2) of this section and shall compute the assessed value of the land by using the same assessment ratio he applies generally in computing the assessed value of other property in his county. Values for the several grades of bare forest land shall be as follows.

(2) On or before December 31, 1981, the department shall adjust, by rule under chapter 34.04 RCW, the forest land values contained in subsection (1) of this section in accordance with this subsection, and shall certify these adjusted values to the county assessor for his use in preparing the assessment rolls as of January 1, 1982. For the adjustment to be made on or before December 31, 1981, for use in the 1982 assessment year, the department shall:

(a) Divide the aggregate value of all timber harvested within the state between July 1, 1976, and June 30, 1981, by the aggregate harvest volume for the same period, as determined from the harvester excise tax returns filed with the department under RCW 82.04.291 and 84.33-0.71; and

(b) Divide the aggregate value of all timber harvested within the state between July 1, 1975, and June 30, 1980, by the aggregate harvest volume for the same period, as determined from the harvester excise tax returns filed with the department under RCW 82.04.291 and 84.33-0.71; and

(c) Adjust the forest land values contained in subsection (1) of this section by a percentage equal to one-half of the percentage change in the average values of harvested timber reflected by comparing the resultant values calculated under (a) and (b) of this subsection.

For the adjustments to be made on or before December 31, 1982, and each succeeding year thereafter, the same procedure shall be followed as described in this subsection utilizing harvester excise tax returns filed under RCW 82.04.291 and 84.33-0.71 of this chapter except that this adjustment shall be made to the prior year’s adjusted value, and the five-year periods for calculating average harvested timber values shall be successively one year more recent.
In preparing the assessment roll for 1972 and each year thereafter, the assessor shall enter as the true and fair value of each parcel of forest land the appropriate grade value certified to him by the department of revenue, and he shall compute the assessed value of such land by using the same assessment ratio he applies generally in computing the assessed value of other property in his county. In preparing the assessment roll for 1975 and each year thereafter, the assessor shall assess and value as classified forest land all forest land that is not then designated pursuant to RCW 84.33.120(4) or 84.33.130 and shall make a notation of such classification upon the assessment and tax rolls. On or before January 15 of the first year in which such notation is made, the assessor shall mail notice by certified mail to the owner that such land has been classified as forest land and is subject to the compensating tax imposed by this section. If the owner desires not to have such land assessed and valued as classified forest land, he shall give the assessor written notice thereof on or before March 31 of such year and the assessor shall remove from the assessment and tax rolls the classification notation entered pursuant to this subsection, and shall thereafter assess and value such land in the manner provided by law other than this chapter 84.33 RCW.

In any year commencing with 1972, an owner of land which is assessed and valued by the assessor other than pursuant to the procedures set forth in RCW 84.33.110 and this section, and which has, in the immediately preceding year, been assessed and valued by the assessor as forest land, may appeal to the county board of equalization by filing an application with the board in the manner prescribed in subsection (2) of RCW 84.33.130. The county board shall afford the applicant an opportunity to be heard if the application so requests and shall act upon the application in the manner prescribed in subsection (3) of RCW 84.33.130.

Land that has been assessed and valued as classified forest land as of any year commencing with 1975 assessment year or earlier shall continue to be so assessed and valued until removal of classification by the assessor only upon the occurrence of one of the following events:

(a) Receipt of notice from the owner to remove such land from classification as forest land;
(b) Sale or transfer to an ownership making such land exempt from ad valorem taxation;
(c) Determination by the assessor, after giving the owner written notice and an opportunity to be heard, that, because of actions taken by the owner, such land is no longer primarily devoted to and used for growing and harvesting timber;
(d) Determination that a higher and better use exists for such land than growing and harvesting timber after giving the owner written notice and an opportunity to be heard;
(e) Sale or transfer of all or a portion of such land to a new owner, unless the new owner has signed a notice of forest land classification continuance. The signed notice of continuance shall be attached to the real estate excise tax affidavit provided for in RCW 82.45.120, as now or hereafter amended. The notice of continuance shall be on a form prepared by the department of revenue. If the notice of continuance is not signed by the new owner and attached to the real estate excise tax affidavit, all compensating taxes calculated pursuant to subsection (7) of this section shall become due and payable by the seller or transferor at time of sale. The county auditor shall not accept an instrument of conveyance of classified forest land for filing or recording unless the new owner has signed the notice of continuance or the compensating tax has been paid. The seller, transferor, or new owner may appeal the new assessed valuation calculated under subsection (7) of this section to the county board of equalization. Jurisdiction is hereby conferred on the county board of equalization to hear these appeals. The assessor shall remove classification pursuant to subsections (c) or (d) above prior to September 30 of the year prior to the assessment year for which termination of classification is to be effective. Removal of classification as forest land upon occurrence of subsection (a), (b), (d), or (e) above shall apply only to the land affected, and upon occurrence of subsection (c) shall apply only to the actual area of land no longer primarily devoted to and used for growing and harvesting timber: PROVIDED. That any remaining classified forest land meets necessary definitions of forest land pursuant to RCW 84.33.100 as now or hereafter amended.

Within thirty days after such removal of classification as forest land, the assessor shall notify the owner in writing setting forth the reasons for such removal. The owner of such land shall thereupon have the right to apply for designation of such land as forest land pursuant to subsection (4) of this section or RCW 84.33.130. The seller, transferor, or owner may appeal such removal to the county board of equalization.

Unless the owner successfully applies for designation of such land or unless the removal is reversed on appeal, notation of removal from classification shall immediately be made upon the assessment and tax rolls, and commencing on January 1 of the year following in which the assessor made such notation, such land shall be assessed on the same basis as real property is assessed generally in that county. Except as provided in [(subsection(s))] subsections (5)(e) and (9) of this section and unless the assessor shall not have mailed notice of classification pursuant to subsection (3) of this section, a compensating tax shall be imposed which shall be due and payable to the county treasurer thirty days after the owner is notified of the amount of the compensating tax. As soon as possible, the assessor shall compute the amount of such compensating tax and mail notice to the owner of the amount thereof and the date on which payment is due. The amount of such compensating tax shall be equal to:
(a) The difference, if any, between the amount of tax last levied on such land as forest land and an amount equal to the new assessed valuation of such land multiplied by the dollar rate of the last levy extended against such land, multiplied by

(b) A number, in no event greater than ten, equal to the number of years, commencing with assessment year 1975, for which such land was assessed and valued as forest land.

(8) Compensating tax, together with applicable interest thereon, shall become a lien on such land which shall attach at the time such land is removed from classification as forest land and shall have priority to and shall be fully paid and satisfied before any recognizance, mortgage, judgment, debt, obligation or responsibility to or with which such land may become charged or liable. Such lien may be foreclosed upon expiration of the same period after delinquency and in the same manner provided by law for foreclosure of liens for delinquent real property taxes as provided in RCW 84.64.050. Any compensating tax unpaid on its due date shall thereupon become delinquent. From the date of delinquency until paid, interest shall be charged at the same rate applied by law to delinquent ad valorem property taxes.

(9) The compensating tax specified in subsection (7) of this section shall not be imposed if the removal of classification as forest land pursuant to subsection (5) of this section resulted solely from:

(a) Transfer to a government entity in exchange for other forest land located within the state of Washington;

(b) A taking through the exercise of the power of eminent domain, or sale or transfer to an entity having the power of eminent domain in anticipation of the exercise of such power;

(c) Sale or transfer of land within two years after the death of the owner of at least a fifty percent interest in such land.

(10) With respect to any land that has been designated prior to May 6, 1974, pursuant to RCW 84.33.120(4) or 84.33.130, the assessor may, prior to January 1, 1975, on his own motion or pursuant to petition by the owner, change, without imposition of the compensating tax provided under RCW 84.33.140, the status of such designated land to classified forest land.

Sec. 20. Section 17, chapter 294, Laws of 1971 ex. sess. as amended by section 226, chapter 3, Laws of 1983 and RCW 84.33.170 are each amended to read as follows:

Notwithstanding any provision of this chapter to the contrary, this chapter shall not exempt from the ad valorem tax nor subject to the excise tax imposed by (RCW 84.33.071)) this chapter. Christmas trees which are grown on land which has been prepared by intensive cultivation and tilling, such as by plowing or turning over the soil, and on which all unwanted plant growth is controlled continuously for the exclusive purpose of raising such Christmas trees, and such land on which such Christmas trees stand shall not be taxed as provided in RCW 84.33.100 through 84.33.140.

Sec. 21. Section 9, chapter 187, Laws of 1974 ex. sess. as amended by section 4, chapter 6, Laws of 1979 and RCW 84.33.200 are each amended to read as follows:

(1) The legislature shall review the system of distribution and allocation of all timber excise tax revenues in January, 1975 and each year thereafter to provide a uniform and equitable distribution and allocation of such revenues to the state and local taxing districts.

(2) In order to allow legislative review of the rules and regulations to be adopted by the department of revenue establishing the stumpage (value index) values provided for in (RCW 84.33.071(3))) section 7 of this 1984 act, such rules and regulations shall be effective not less than sixty days after transmitting to the staffs of the senate and house ways and means committees (or their successor committees) the same proposed rules and regulations as shall have been previously filed with the office of the code reviser pursuant to RCW 34.04.025(1)(a).

(3) In the event that a permanent timber tax rate is not set in 1979, a joint timber tax advisory committee shall be established. The joint advisory committee shall be composed of members of the house of representatives and the senate and co-chaired by a member of the house revenue committee and a member of the senate ways and means committee. The joint advisory committee shall recommend a rate level and distribution system on or before the convening of the forty-seventh legislature.

(4) The department of revenue and the department of natural resources shall make available to the revenue committees of the senate and house of representatives of the state legislature information and data, as it may be available, pertaining to the status of forest land grading throughout the state, the collection of timber excise tax revenues, the distribution and allocation of timber excise tax revenues to the state and local taxing districts, and any other information as may be necessary for the proper legislative review and implementation of the timber excise tax system, and in addition, the departments shall provide an annual report of such matters in January of each year to such committees.

THIRD READING

SUBSTITUTE SENATE BILL NO. 3276, by Committee on Local Government (originally sponsored by Senators Fleming, Bauer, McManus, Moore and Conner)

Declaring economic development programs with nonprofit corporations to be a public purpose

The bill was read the third time and placed on final passage.

POINT OF INQUIRY

Senator Rasmussen: "Senator Fleming, this would allow cities and counties to assist—the new convention center in Seattle, that's a nonprofit corporation?"

Senator Fleming: "That's a nonprofit corporation."

Senator Rasmussen: "Is the purpose of this to enable cities and counties to give grants or—they want seven hundred thousand more for promotion over there, would this help in the promotion of that new center?"

Senator Fleming: "Well, for that specific purpose, I am not aware of that. Senator Rasmussen. As you are aware, right now, we have these local economic development councils and we are trying to create and further the public/private corporations, and we have county executives or what have you sitting on these councils. What happens now, to be able to participate in that activity, they usually have to do certain things to contract and so forth and not be able to deal directly in economic development, and so I could not answer that question. I would assume that convention center—that is a nonprofit organization—and I'm not sure whether the specific purpose of this is not to do that. Whether they would be able to do this under this bill, I'm not sure, but that is not the purpose of it."

Senator Rasmussen: "Further question, Senator Fleming. The attorney general ruled that elected officials sitting on these economic development boards could only sit ex officio and not vote. Would this disturb that opinion?"

Senator Fleming: "I don't know if it would or not. It might very well ask somebody to go back and ask for another opinion, Senator. By the way, for your information, I'm not going to mention the individual, because you voted for this measure last time and if I tell you the individual, you might vote against this bill, but it was someone from Pierce County that was most interested in this measure, and I know that doesn't necessarily set well with you."

Senator Rasmussen: "Mr. President, for Senator Fleming's information, in the interim we have had a chance to study and read the bills, which is very important. That is why, maybe, people change their minds on how they voted previously. Sometimes we're swayed by certain Senators that can talk us into anything."
The President declared the question before the Senate to be the roll call on final passage of Substitute Senate Bill No. 3276.

ROLL CALL

The Secretary called the roll on final passage of Substitute Senate Bill No. 3276, and the bill passed the Senate by the following vote: Yeas, 39; nays, 07; absent, 02; excused, 01.

Absent: Senators Hughes, Warnke - 2.

THIRD READING

ENGROSSED SENATE BILL NO. 3099, by Senators Bauer, Bluechel, Hughes and Zimmerman

Modifying interest rate for back taxes on re-classified open space land.

The bill was read the third time and placed on final passage.

Debate ensued.

POINT OF INQUIRY

Senator Rasmussen: "Senator Bluechel, you are in favor of living up to the letter of a contract?"

Senator Bluechel: "This bill would live up to the letter of the contract as it was originally written. If it is not passed, then the contract can be broken by one side or the interest raised, which I think is unfair. I agree with this bill."

The President declared the question before the Senate to be the roll call on final passage of Engrossed Senate Bill No. 3099.

ROLL CALL

The Secretary called the roll on final passage of Engrossed Senate Bill No. 3099, and the bill passed the Senate by the following vote: Yeas, 48; nays, 00; absent, 00; excused, 01.

THIRD READING

SENATE CONCURRENT RESOLUTION NO. 129, by Senators McManus, Rinehart and Jones

Establishing a joint legislative committee on the arts.

The resolution was read the third time and placed on final passage.

Debate ensued.

POINT OF INQUIRY

Senator Metcalf: "Senator Rasmussen, you made a statement which you may not have really intended, but I feel very offended by it and I would like to ask you to apologize to the Senate for your statement. You referred to the material here as
art in the Senate and I think that that's a gross overstatement and in no sense can it be considered art in any sense, in my view, and I would like you to apologize to the Senate for calling this art."

Senator Rasmussen: "We did have a joint committee and they, by their action, declared that this was art, as they declared the House exhibit, which you can no longer see. I would not want to, at this time, impugn their motives by apologizing to the Senate for the art they declared was acceptable. So, as much as I would like to apologize to somebody for something, I would say that I probably ought to apologize if we pass this concurrent resolution."

POINT OF INQUIRY

Senator Quigg: "Senator Rasmussen, I suppose you were surprised as I was when we found out the fabulous economic impact the arts have here in the State of Washington and the kind of lifestyle they can provide for us in the future hi-tech employees that are going to flock to our state. Along with that economic impact, do you think we ought to refer this bill to the Committee on Commerce and Labor so we can really develop the full flavor of that possibility?"

Senator Rasmussen: "I would think that that would have merit. I know the economic impact of the art that we have here in the House and the Senate. It had quite an impact and there were a lot of people unhappy with it. It might be a good idea. If you wish to do it, I'd support you."

Further debate ensued.

POINT OF INFORMATION

Senator Rasmussen: "I wish to correct Senator Goltz. I didn't declare that this was pornographic. It's all in the eyes of the beholder and if you look at it long enough you can find some pornographic expressions, but I don't look at it that long. It's pure art."

The President declared the question before the Senate to be the roll call on final passage of Senate Concurrent Resolution No. 129.

ROLL CALL

MOTIONS

On motion of Senator Bottiger, the Senate resumed consideration of Reen-grossed Senate Bill No. 3309.
On motion of Senator Bottiger, the rules were suspended and Reengrossed Senate Bill No. 3309 was returned to second reading.

Senator Bottiger moved adoption of the following amendment by Senator McManus:

Strike everything after the enacting clause and insert the following:

"Sec. 1. Section 2, chapter 59, Laws of 1979 ex. sess. and RCW 82.24.025 are each amended to read as follows:

There is hereby levied and there shall be collected by the department of revenue from the persons mentioned in and in the manner provided by this chapter, as now or hereafter amended, an excise tax upon the sale, use, consumption, handling, possession, or distribution of cigarettes in an amount equal to the rate of one mill per cigarette, but the provisions of RCW 82.24.070 allowing dealers compensation for affixing stamps shall not apply to this additional tax. Instead, wholesalers and retailers subject to the provisions of this chapter shall be allowed as compensation for their services in affixing the stamps for the additional tax required by this section a sum equal to one percent of the value of the stamps for such additional tax purchased or affixed by them.

All money derived from such tax shall be paid to the state treasurer and credited to the state general fund. Following legislative appropriation, one hundred fifty one-thousandths mill per cigarette shall be allocated by the department of social and health services on a competitive bid basis to public and private nonprofit nationally recognized academic or research organizations engaged in cancer research or research concerning the effects of smoking on the cardiovascular and respiratory systems.

NEW SECTION. Sec. 2. This act shall take effect July 1, 1985."

POINT OF INQUIRY

Senator Lee: "Mr. President, ladies and gentlemen. The amendment as it is now before us is an improvement over the one we had before, because it was a considerable amount of money—about three times the amount that we have ever by direct appropriation given to cancer research. In fact, the agency to whom we had given that direct appropriation in the past years is probably one of the best financed organizations for research because of fund drives and endowments and so on, of any institution in the country. I think that we really do have to look at this kind of thing very carefully. The thing that concerns me—possibly Senator Boltiger, or if not, you may refer it to someone else—could answer a question.

"That question is that if the Legislature does not appropriate the money and this one hundred fifty one-thousandths mill is not in the general fund money, could it possibly be used for any other source? We, in fact, kind of set it aside in a non-accessible kitty."

Senator Boltiger: "Senator Lee, the staff advises me that the answer is 'no.' This money would be subject to appropriation for another purpose without an amendment—we would not have to amend this statute. This is not a dedicated fund and it is nothing more than a resolution by this Legislature to the next that this amount of money should go for cancer research."

Senator Lee: "Thank you, Senator Boltiger. With that kind of assurance, I think that possibly we have removed a very deep concern that we may have had about this process."

Debate ensued.

POINT OF INQUIRY

Senator Zimmerman: "Senator Bottiger, I may have missed it but how much money is predicted to be raised under this amendment?"

Senator Bottiger: "Senator, there is no money raised. The bill, as it is now written, does not raise the cigarette tax. It takes a portion of it and asked the next session of the Legislature to consider appropriating that portion to cancer research."

Senator Zimmerman: "How much money are we talking about?"

Senator Bottiger: "You will have to refer that to Senator McManus."

Senator Zimmerman: "As far as the amount that would be allocated under this formula, how much?"

Senator McManus: "We're looking at a fiscal impact—I have the fiscal note in front of me that was prepared last session and I don't think there will be much change this session. We're talking about a little over a million dollars a year in the collection of this money. That will include the cigarette tax, the sales tax and the B & O tax."
Senator Zimmerman: "The way it is worded, it means any organization would be able to compete on a bid basis. Can we be specific who we're talking about? What groups would be able to be a recipient?"

Senator McManus: "Yes, Senator Zimmerman, there is a part of the amendment that if you read it real carefully, we've also included language which I will quote: 'The Department of Social and Health Services on a competitive bid basis to public and private nonprofit nationally recognized academic or research organizations.' This kind of delineates that an organization to receive this grant on a competitive bid basis really has to have a strong track record in cancer research or cardiovascular research."

Senator Zimmerman: "And could be located anywhere in the country?"

Senator McManus: "Well, we could put in a corollary that it applies just to Washington state research institutions. I'm not so sure that it is well advised to do that. I think that it's a practical matter and the money will be bid out to Washington state based organizations, as it has in the past."

The President declared the question before the Senate to be adoption of the amendment by Senator McManus.

The motion by Senator Bottiger carried and the amendment was adopted.

The bill was read the second time.

**MOTION**

On motion of Senator McManus, the rules were suspended. Second Reengrossed Senate Bill No. 3309 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

Debate ensued.

**POINT OF INQUIRY**

Senator Patterson: "Senator McManus, could you describe to me how this competitive bid would work? I'm concerned that I don't think there is a mechanism in place under the laws of the state of Washington. Could you tell me how it would work and how could I compete, for example, for some of this money if I represented some kind of a research organization?"

Senator McManus: "Thank you, Senator Patterson. Being a long-time governmental contractor, I can speak with a little authority on the competitive bid system. There is, indeed, in place in the state of Washington a competitive bid system. What happens is the department will receive these funds providing, of course, the Legislature appropriates them. The department will then make up a request for a proposal 'specing' out the criteria for receiving this money. As indicated in the amendment, part of the criteria now is that an organization in order to bid or even be considered for bidding must, in fact, have a long demonstrated track record in this field and not just some johnny-come-lately, fly-by-night organization that thinks that they know how to do cancer or cardiovascular research.

"Once these bids then come in, they are evaluated with points by committees in a very clean manner and this has been a very good way of handling the private sector. I hope I have answered your question."

Senator Patterson: "Well, partly you have. I'm also concerned as someone else mentioned---I would be extremely reluctant to collect taxes in the state of Washington on the sale of cigarettes and then turn around and have somebody put in a competitive bid from Virginia and then we ship tax dollars from the state of Washington to some qualified agency in Virginia that does research in cancer. That bothers me. I mean I do think that if we are going to do this that we make it available to the institutions that are established in the state of Washington."

Senator McManus: "I have no problem with that, Senator Patterson, and I said before I think it's a practical matter that's going to happen and I think our dialogue as a part of the Senate record will indicate that it is our legislative intent that the Department of Social and Health Services emphasize and possibly give priority to in-state bidders for this money."

The President declared the question before the Senate to be the roll call on final passage of Second Reengrossed Senate Bill No. 3309.
ROLL CALL

The Secretary called the roll on final passage of Second Reengrossed Senate Bill No. 3309, and the bill passed the Senate by the following vote: Yeas, 35; nays, 14; absent, 00; excused, 00.

Voting nay: Senators Barr, Benitz, Craswell, Deccio, Fuller, Haley, Hansen, Hayner, Hemstad, McCaslin, McDonald, Metcall, Patterson, Zimmerman - 14.

SECOND REENGROSSED SENATE BILL NO. 3309, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

STATEMENT FOR THE JOURNAL

January 17, 1984

TO: Secretary of the Senate
RE: Journal of the Senate entry on 2nd Re ESB 3309

The following is a statement to be entered into the Journal of the Senate regarding this bill whose short title is "cigarette tax modified", which was passed by the Senate, Tuesday, January 17, 1984.

The undersigned are opposed to passage of this bill because of its policy aspects. We are not opposed to medical research involving cigarettes per se, but to the fact this bill provides that the Department of Social and Health Services shall determine and select the type and producer of this research. This process of medical research puts the Department of Social and Health Services in a position where politics can enter in. Research of a medical or technological type is best determined by such organizations as the National Science Foundation or by universities. The Department of Social and Health Services does not have the expertise necessary for proper decisions of this kind.

Also, to identify a single area of research such as cancer and heart disease from cigarette smoking puts advocates of research for many other diseases into a position of competition for favor by the Executive Branch of State Government.

THEREFORE, we, the undersigned believe passage of this bill to be bad policy by the Legislative Branch of State Government.

Hal Zimmerman

MOTION

Senator Bluechel moved that the Committee on Agriculture be relieved of further consideration of Senate Bill No. 4779 and that Senate Bill No. 4779 be referred to the Committee on Parks and Ecology.

Debate ensued.

POINT OF INQUIRY

Senator Zimmerman: Senator Shinpoch, apparently this brings up a policy matter that you have charge of. Are you at all contacting minority ranking members in terms of placing of bills or are you moving or in charge of moving them or sponsors—is that all part of the system?

Senator Shinpoch: Senator Zimmerman, with one exception and that was a member on our side of the aisle, I don’t recall anyone asking to have a bill either change committee or re-referred that hasn’t been honored. I admit Senator Bluechel’s motion surprised me. I’ve been working with Senator Newhouse—there was one bill while I was making the motion that Senator Newhouse didn’t know about that came up, but other than that I thought our coordination had been very good.

“Frankly, Senator Bluechel, I wish you had asked. You’ve got us in a spot. I’m probably on your side on this issue and you’ve got us in a procedural motion. As you found out when you were in the majority, sometimes you don’t vote your convictions when you’re voting on procedures. It’s possible that we could have worked something out, had I known what it was that you were trying to do.”

Further debate ensued.

Senator Clarke demanded a roll call and the demand was sustained.

The President declared the question before the Senate to be the roll call on the motion by Senator Bluechel to refer Senate Bill No. 4779 to the Committee on Parks and Ecology from the Committee on Agriculture.

ENGROSSED SENATE BILL NO. 3449, by Senators Woody, Hayner, Bottiger, Gaspard and Hemstad

Restricting statements in the candidate's pamphlet to those about the candidate.

The bill was read the third time and placed on final passage. Debate ensued.

POINT OF INQUIRY

Senator Rasmussen: "Senator Bottiger, as I read this proposal, at the present time the Secretary of State shall reject any statements for filing which in his opinion contains any obscene, profane, libelous or profanity matters and so forth. He already has that power under the law. Now, as I read this—'statements for the candidate's pamphlet shall be limited to those about the candidate himself or herself.' That would mean to me to legalize exactly what you just were talking about—that here is a candidate that doesn't smoke coke, beat his wife or kick his horse. It says that that's exactly what you can do, so I think that it's an addition that's superfluous. In fact, the Secretary of State already has all the power to reject statements that the Congress prohibits so I fail to understand your argument."

Senator Bottiger: "Senator, I was trying to illustrate how far—how the abuses have occurred to date. I would hope that people would not continue the abuses even under the language. What the attempt here to do is to restrict it to statements about the candidate and not statements about his opposition. I would hope that the Secretary of State would send that example I used back and say that the inference here is that your opponent does and would you please write it so it's about you, your principles and what you would do if you were elected."

The President declared the question before the Senate to be the roll call on final passage of Engrossed Senate Bill No. 3449.

ROLL CALL

The Secretary called the roll on final passage of Engrossed Senate Bill No. 3449, and the bill passed the Senate by the following vote: Yeas, 39; nays, 08; absent, 00; excused, 02.

PARLIAMENTARY INQUIRY

Senator Bluechel: I have an amendment that comes before these in the bill. Will it be permissible to take it after that?

REPLY BY THE PRESIDENT

President Cherberg: These are technical amendments, Senator, and your amendment would be in order.

The President declared the question before the Senate to be adoption of the amendments by Senators Talmadge and Hemstad.

The motion by Senator Talmadge carried and the amendments were adopted.

MOTION

Senator Bluechel moved adoption of the following amendment:

On page 1, line 12, after "or," delete "sixteen" and insert "eighteen".

Debate ensued.

POINT OF INQUIRY

Senator Deccio: Senator Talmadge, do you know the number of persons age seventeen or eighteen that are involved in sexual exploitation? Do you have any idea of those sixteen to seventeen—those seventeen to eighteen?

Senator Talmadge: Senator, we didn’t get specific figures on that issue in the committee. Simply, we heard that there was a problem, there is no question about that. I would point out to the members of the Senate that the way we have defined the exploitation of children already in the law, contrary to Senator Lee’s statement, the law that we have now on the books relating to child pornography, the age is sixteen. The age of sixteen for consent in the rape context and the age of sixteen in the marital consent context. If, in fact, the people want to see the age go from sixteen to eighteen, what I am saying, and what I have said and what the people from the King County Prosecutor’s Office, the police departments, whom we worked with on the bill said, is you’re going to have to change the age of consent for marriage, the age at which one can consent in the sense of sexual conduct in context of the rape statute, and so on and so forth.

“What this amendment does is that it deals with the problem—and I believe it is well intentioned—but you have all these other areas in the RCW’s that you’re going to have to amend also, so they are consistent.”

Further debate ensued.

POINT OF INQUIRY

Senator Bolliger: Senator Hemstad, we have tried for some time to do something about pornography in general—to try to limit what can be sold—I think I joined with Senator Guess. I can recall, some years ago. We’ve consistently had the act declared unconstitutional, as an infringement of the press and the first amendment. Recently, the United States Supreme Court has come down with a more liberal or maybe more conservative interpretation of what states can do in the area of kiddie porn and they said that if it’s young children, then we’re going to allow the states to pass more stringent laws. I’m concerned that if we moved this from
sixteen to eighteen, then somebody else will offer an amendment to twenty-one and we'll be back to an unconstitutional act. Do you share any of that, in view of that recent Supreme Court case?"

Senator Hemstad: "Senator Bottiger, I probably would surely share your concern if there was an amendment that would put the level at an age level above eighteen, because that in this state and nationally is now the age of majority and I think, almost surely, would be in that context unconstitutional to set up a classification like that. Below the age of majority, it seems to me, that this body has the authority to deal with this in a way that it advances public policy interests. I would be surprised, frankly, to see the Supreme Court carve out a further classification of persons, say between the age of sixteen and eighteen, on an issue like this where the legislative body can create a standard, particularly that once the court has said that with regard to minors and a person under eighteen years who would be classified as a minor, the standards of pornography does not apply. Beyond that, I cannot comment I guess with any further specificity."

Further debate ensued.

POINT OF INQUIRY

Senator Hurley: "Senator Talmadge, one of the things that bothers me about the discussion that has been going on is the number of changes in the statutes that you mention. I don't know what the capabilities are now. I don't know whether the increased opportunities in using computers would solve that problem or not, but I am concerned with the seventeen-year old and I wonder how much of a problem that would be?"

Senator Talmadge: "You mean problem in the sense of being able to prepare amendments for consideration or--?"

Senator Hurley: "No. it's changing the age--the age in the statutes that was mentioned in your discussion."

Senator Talmadge: "I guess, Senator, my response is this. I don't purport to offer a constitutional opinion about Senator Bluechel's amendment out here. We consulted with people in the law enforcement area, in the prosecuting area, people from the various women's groups who had an interest in this issue in strengthening the law substantially. We have sixteen now in the law in this area. Those people considered the age of eighteen in this area. I think they want to strengthen the law substantially, also. They had a concern about constitutional questions, enforceability, prosecutability, based on that kind of an amendment, and I trust the judgment of these people who happen to be experts in the area. Now, again, I say that I think the amendments offered are well-intentioned. I certainly hope that they don't become a political football because that's not what was intended, but the question is whether or not you have to amend other portions of the code that relate to such issues as statutory rape, the age of consent in a marital context and a number of other issues where we have the age of eighteen present--the age of sixteen present. I should say, and that's the concern that was raised to me by those people."

"They're the people who know more about this area than do I, and I simply raised the concern out here on the floor. I don't want to see us engaged in the process of offering amendments here on the floor that will result in the ability of some people to conjure up some interesting defenses to the application of this law. We know what we've got here will work, based on the recommendations given to us by the people who are professionals in this area. If we offer a bunch of amendments out here on the floor that have not been heard, that have not been discussed by those professional people, they will become the peg upon which some very classy defense attorneys will hang their hat in challenging this law, and I don't want to see that happen."

Further debate ensued.

Senator Newhouse demanded a roll call and the demand was sustained.

The President declared the question before the Senate to be the roll call on adoption of the amendment by Senator Bluechel.
ROLL CALL

The Secretary called the roll and the motion by Senator Bluechel carried and the amendment was adopted by the following vote: Yeas, 25; nays, 22; absent, 00; excused, 02.

Voting yea: Senators Barr, Bender, Benitz, Bluechel, Clarke, Craswell, Deccio, Fuller, Guess, Haley, Hayner, Hemstad, Kiskaddon, Lee, McDonald, Metcalf, Newhouse, Owen, Patterson, Quigg, Sellar, Thompson, Warnke, Woody, Zimmerman - 25.

MOTION

Senator Bluechel moved adoption of the following amendment:

Starting on page 3, line 10, after "guilty" strike everything down to and including "guilty" on page 3, line 14. Debate ensued.

POINT OF INQUIRY

Senator Deccio: "Senator Talmadge, what is the penalty for statutory rape?"

Senator Talmadge: "I don't have it in front of me, Senator, but I believe it is a felony."

Senator Deccio: "Well, it is much more than a five-hundred dollar fine and ninety days in jail, isn't it?"

Senator Talmadge: "Senator, the point I would like to make to you in response—"

Senator Deccio: "Senator, would you please answer my question?"

Senator Talmadge: "It is a substantially different penalty, yes, but the purpose for the different penalty here, Senator, again is the effective criminal law provision, effective prosecution by prosecuting attorneys and law enforcement officers. They're the ones that brought this section to us for purposes of consideration, and I think it does create a problem."

Further debate ensued.

The President declared the question before the Senate to be adoption of the amendment by Senator Bluechel.

The motion by Senator Bluechel failed and the amendment was not adopted.

MOTION

On motion of Senator Bluechel, the following amendment by Senators Bluechel and Lee was adopted:

On page 2, line 22, after "exchanges," delete "or sells" and insert "finances, attempts to finance, or sells"

Senator Bluechel moved adoption of the following amendment by Senators Bluechel and Lee:

On page 2, line 25, delete "or sell", and insert "sell, or otherwise use". Debate ensued.

POINT OF INQUIRY

Senator Bottiger: "Senator Bluechel, I should have warned you, but I do want it in the record that we are not making a Class C felony of any policeman, prosecutor or anybody else that has this material in their possession by nature of trying to prosecute somebody. Literally reading, he would be guilty of a Class C felony with your amendment. I am sure you don't intend that."

Senator Bluechel: "That is correct. We looked at that, too, and we considered putting in an amendment but we thought it was so obvious that—that is the case—you are correct, Senator Bottiger."

The President declared the question before the Senate to be adoption of the amendment by Senators Bluechel and Lee.

The motion by Senator Bluechel carried and the amendment was adopted.
MOTION

On motion of Senator Talmadge, the rules were suspended, Engrossed Senate Bill No. 4309 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

Debate ensued.

POINT OF INQUIRY

Senator Rasmussen: "Senator Bluechel, I heard in your remarks that the Republican Caucus had been studying pornography for quite some time, and you are going to correct that. I wonder, Senator Bluechel, if you would share that information that the Republican Caucus has with the Republican members of the Judiciary Committee so that information can be brought up in the committee and discussed as Senator Talmadge has suggested—that when we are on this important legislation all that material should be presented to the committee so that the appropriate people can consider it. I understand you do have some Republican members on the Judiciary Committee, and evidently you have been withholding information from them because when you present all the amendments out here on the floor that have never been presented in the committee you waste the time of the Senate and I think it's important in this short session that we proceed rapidly."

Senator Bluechel: "As I stated, Senator, the report was just finished. We intend to share it with not only the Republican Caucus, we intend to share it with the Democratic Caucus and the public at large. The only reason this came about is because two years ago I received a hotline from one of my constituents to consider her straight forward phrase. It said, 'My two small children, ages two and three—my two small boys—were raped by their sixteen-year old babysitter, and I went to the prosecutor and I went to the police and they said no laws covered.' They could not do anything. As a result, we passed the hearsay-evidence rule unanimously through this body—through the entire Legislature.

'At that time, one of our staff members requested that she be given permission to follow up on some of these child assault conferences in this state and follow up nationally on what was happening. The report was prepared, the recommendations were made and because of the shortness of the introductions in this session, we were not able to get it literally typed up and disseminated. It is meant to be for all people. It is meant for everybody to take a look at it and see whether it merits passage. I believe it does."

Further debate ensued.

POINT OF INQUIRY

Senator Barr: "Senator Talmadge, my question relates to how this bill might correspond with the enforcement of the child-abuse laws that we have put on the books recently, and how it may open the door to unnecessarily interrupt family life by overzealous teachers reporting stories by kids that may or may not be true to social workers and then these social workers are over-quick to act. There are specific examples in Spokane that were brought to my attention that are sad, where the overzealous social worker just jerked the kids right out of a home because he paddled their rear ends for painting on the neighbor's garage, and so I am concerned. There is some pretty broad language in here. Now, does this bill work in that same manner as how it might relate to family life which is number one in our nation to our concern?"

Senator Talmadge: "Senator, in response to your question. This bill does not purport to deal with the process by which sexual abuse or child abuse is reported. The bill makes one major change with respect to parents of each of these kids in the sexual exploitation of children area, and that is, it says that if a parent is the one that exploits the children for sexual purposes—takes the photographs, distributes or sells the photographs of his or her own children, that they are just as guilty of that crime as if it had been somebody other than a parent. So basically, this bill simply sets out the criminal law standards and the penalties for behavior. It doesn't deal with the process of reporting the child abuse or sexual abuse to which you refer."
The President declared the question before the Senate to be the roll call on final passage of Engrossed Senate Bill No. 4309.

ROLL CALL

The Secretary called the roll on final passage of Engrossed Senate Bill No. 4309, and the bill passed the Senate by the following vote: Yeas, 48; nays, 0; absent, 0; excused, 0.

Excused: Senator McCaslin - 1.

ENGROSSED SENATE BILL NO. 4309, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

POINT OF INQUIRY

Senator Deccio: "Senator Hurley, this is to prevent some firework's enthusiast from stockpiling and buying ahead of time to have a whole bunch of fireworks in their home and shooting them past the deadline even if we do have a law that says they can't shoot them?"

Senator Hurley: "I don't know whether we want to worry, in a bill like this, whether people stockpile or not. I guess that you are always going to have those people that see something coming up where they can't have certain foods, they can't have sugar, they can't have meat—there's going to be a scarcity—but it just doesn't seem as though we should use that for consideration."

Debate ensued.

The motion by Senator Hurley carried and the amendment was adopted on a rising vote.

MOTION

MOTION

On page 1, after line 20 insert:

"NEW SECTION. Sec. 4. It shall be unlawful to transport any class or kind of fireworks in violation of this chapter. The attorney general is authorized to bring suit to enforce this section." Renumber accordingly.

Debate ensued.

POINT OF INQUIRY

Senator Lee: "Senator Talmadge, I don't have the statute right in front of me at the moment or I might have been able to answer it otherwise. Would this also affect—in other words prohibit the transportation into the state of fireworks that are used for display purposes by community organizations? For example, a fire department, a club or something of this sort—many of them have displayed for a number of years and they often buy them from—if they've got an airline pilot in their association—bring them direct from Hong Kong—have them flown in directly. I just wonder if we're having a problem with transportation that way?"
Senator Talmadge: "Senator, my response would be 'no.' If the fireworks are here legally, pursuant to authorization from the state to be here for legitimate public purpose, so be it. This amendment is designed to deal with those people who illegally transport fireworks into the state in violation of state law and the permitting process that is laid out in the fireworks statute."

Senator Lee: "I understand that, but you were talking about it being unlawful to transport any class or kind of fireworks in violation of this chapter and I presume that chapter outlines those things that are illegal for the ordinary person to shoot off. It looks to me like that might--someone might interpret that as being a blanket part."

Senator Talmadge: "No, I don't think they would, Senator, because if they have a pyrotechnic license for the community purpose that you are talking about, they would not be transporting illegally."

POINT OF INQUIRY

Senator Metcalf: "Senator Talmadge, maybe I missed this, but for my own edification--this is transport for sale? We are not talking about the person who buys illegal fireworks and has them in the trunk of their car going home? We are not talking about that kind of transport—for his own use? Is this transporting for sale only or are we talking about nailing an individual for transporting fireworks that he bought illegally?"

Senator Talmadge: "My reaction, Senator Metcalf, is that it would cover both situations. If the transportation of these materials from an outside source were to be illegal, this transportation would be illegal—period. The Attorney General would be authorized to do that, if necessary. The proposal here is to change the law to outlaw possession or transportation of illegal fireworks and that was the intention contained in the principal bill. This simply authorizes the Attorney General to bring enforcement action against those people who violate it."

Further debate ensued.

POINT OF INQUIRY

Senator Hemstad: "Senator Talmadge, your amendment says the Attorney General is authorized to bring suit to enforce this section. What authority under this will local prosecutors have?"

Senator Talmadge: "I think, Senator, the local prosecutors always have the authority to prosecute under violation of state law."

Further debate ensued.

POINT OF INQUIRY

Senator Clarke: "I have some doubt in my mind as to the exact meaning of this phrase, Senator Talmadge, which says, 'the Attorney General is authorized to bring suit to enforce this section.' What type of suit is contemplated by that wording?"

Senator Talmadge: "Senator, I believe there are both criminal and civil penalties prescribed in the statute for violation of the law relating to the transportation of these materials. You are authorized to bring suit either criminally or civilly to deal with that problem."

The President declared the question before the Senate to be adoption of the amendment by Senator Talmadge.

The motion by Senator Talmadge carried and the amendment was adopted.

MOTION

On motion of Senator Shinpoch further consideration of Reengrossed Senate Bill No. 3636, as amended, was deferred.

On motion of Senator Shinpoch, the Senate returned to the first order of business.

PERSONAL PRIVILEGE

Senator Fleming: "Mr. President, I talked to the chairman of the State Government Committee and he says a hearing is being held today at noon evolved around sports—both for amateur athletics and professional athletics. There is a possibility that Senate Hearing Room I will become too small as a result of attendance. I wanted to ask the permission of the body to be able to use the Senate Chambers if there is an overflow and we have to come over here for the hearing.

"In doing so, also, Mr. President, I welcome the members to come over to the State Government Committee meeting, because we know for a fact that on one of the measures, Mr. Curt Warner and Mr. Michael Jackson and the trainer of the Seahawks are supposed to be down. We did have Dave Kreig coming, too, but he wasn't able to come at the last minute. I was hoping on the other bill dealing with boxing—originally we were supposed to have Larry Holmes. "Boom Boom"
Mancini, possibly Muhammad Ali and Marvin Hagler. Unfortunately, Mr. Holmes, I don't think will be here. We don't know about Muhammad Ali; there is a possibility of "Boom Boom" Mancini. Marvin Hagler will not be here until 5 o'clock this afternoon, so we don't know who we'll have on the boxing side other than Sugar Ray Seales, himself. You're welcome to come. I think they are very important bills and we would like to have you there."

MOTION

Senator Moore moved for adoption of the following amendment:

On page 2, line 6, after "is a· striking "gross misdemeanor· and insert "Class C felony and
punishable under chapter 9A.20 RCW"

POINT OF INQUIRY

Senator Goltz: "Senator Moore, there seems to be some confusion on the floor as
who would be affected by this penalty. This does not apply to a boy or girl who is
firing off fireworks outside limits of the law. It applies only to the retailers and the
wholesalers who sell knowingly to people who are not entitled to have them under
law? Is that correct?"

Senator Moore: "Correct. It is my understanding at least."

POINT OF INQUIRY

Senator Quigg: "Senator Moore, would you understand then that in the case of
the seller being subject to a potential Class B felony charge, would that just be the
Lions Club members in the booth at the time, or the whole club or the international
organization—how would you draw the line there?"

Senator Moore: "I think that anybody representing an organization is really
representing that organization and it makes the club itself subject to such a fine—
such an imprisonment."

Debate ensued.

The President declared the question before the Senate to be adoption of the
amendment by Senator Moore.

The motion by Senator Moore failed and the amendment was not adopted.

MOTION

(1) "He shall" To appoint such deputies and employees as may be necessary and required to carry out the provisions of this chapter:
(2) "He may" To prescribe such rules and regulations relating to fireworks as may be necessary for the protection of life and property, and shall adopt reasonable rules and regulations not inconsistent with the provisions of this chapter, for the granting of licenses for, and the presentation of, public displays of fireworks:

On page 2, after line 26, add a new section as follows:

"NEW SECTION. Sec. 10. In an action based on fault seeking to recover damages for injury or death to person or harm to property resulting from the sale of fireworks in violation of this chapter, no contributory fault is chargeable to the claimant to diminish an award of compensatory damages for any such injury, death or harm."

Debate ensued.

POINT OF INQUIRY

Senator Quigg: "Senator Bolliger, what would be the impact of this on illegal fireworks sold on the reservations? Would that claim be followed through to the tribe or to the people who sold them on the reservation?"

Senator Bolliger: "Senator Quigg, I hope so, but I have to tell you that I'm not sure because the Indian tribes have raised the issue of sovereign immunity and, in some cases, have gotten away with it. At least one of those cases is on appeal. I talked briefly with Senator Hemstad about this problem. I cannot tell you in all cognizance that you can get at the seller on the Indian reservation with this amendment, but I think if the injury was big enough somebody will take it up through the courts and try."

Further debate ensued.

POINT OF INQUIRY

Senator Goltz: "Under this new language, Senator Bolliger, would a person be able to bring suit against a seller on a reservation of illegal fireworks which were used off the reservation?"

Senator Bolliger: "Senator Goltz, the answer obviously is 'yes.' Anybody can bring a suit. The question is, can they win? The issue that was raised on a prior question about Indian reservations—perhaps I didn't explain. We are not sure now what the liability that an Indian tribe or seller under an Indian authorization can be exposed to in the courts of this state or in the federal courts. We're not sure exactly the extent of the exposure to liability, because the Indian tribes have claimed sovereign immunity and that issue is in the courts—and it occurs on—I think there is one case going up on an Indian policeman—negligently drove his car on a reservation and injured somebody—can you sue the tribe? Now you could, if it was the city of Tacoma, but can you if it is the tribe? We're not sure yet how that's going to come out and so I cannot give you a firm answer that this will work on Indian tribes. I think the changing law, in view of the taxation of cigarettes and a few of the other issues, the courts are moving to hold the Indians libelous as they would any other unit of government."

Further debate ensued.

The President declared the question before the Senate to be the adoption of the amendment by Senator Bolliger.

The motion by Senator Bolliger carried and the amendment was adopted.

Senator Moore moved adoption of the following amendment by Senators Moore and Hemstad:

NEW SECTION. Sec. 10. Sections 4, 5, and 8 of this act are each added to chapter 70.77 RCW.

NEW SECTION. Sec. 11. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 12. This act is necessary for the immediate preservation of the public peace, health, and safety, the support of the state government and its existing public institutions, and shall take effect immediately.

Senator Moore demanded a roll call and the demand was sustained.
The President declared the question before the Senate to be the roll call on adoption of the amendment by Senators Moore and Hemstad.

MOTION

On motion of Senator Vognild, the rules were suspended. Second Reengrossed Senate Bill No. 3636 was advanced to third reading, the second reading considered the third and the bill was placed on final passage.
Debate ensued.

POINT OF INQUIRY

Senator Hurley: "Mr. President, I would like to ask Senator Vognild to respond to a question. Senator Vognild, it disturbs me that there is such a large amount of explosives that’s permitted for one person to possess—one pound—I always relate to a pound of butter. I think that it creates a very dangerous situation, but I’d like to ask you to explain it a little, and then, Mr. President, I would like to make just a few comments on my own tactics."

Senator Vognild: "Thank you Senator. I believe you’re referring to the packaging and external packaging in terms of powder. On page 2, line 3 of the bill, it defines external packaging meaning ‘any materials that are not an integral part of the operating unit of the fireworks.’ That was, in my belief, intended to be merely the cardboard, paper packing—whatever it was packed in for shipping, but any part of it that is actually attached during use would be considered part of the total weight of one pound."

Further debate ensued.

The President declared the question before the Senate to be the roll call on final passage of Second Reengrossed Senate Bill No. 3636.

ROLL CALL

The Secretary called the roll on final passage of Second Reengrossed Senate Bill No. 3636, and the bill passed the Senate by the following vote: Yeas, 42; nays, 05; absent, 00; excused, 02.

STATEMENT FOR THE JOURNAL

Statement for Senate Journal and Institutions Committee Minority Report

SSB 4543 was not in proper form to pass out of committee. Three changes were added:

1) The earned time credits and good behavior credit was made retroactive. No retroactivity date was established.

2) The date of expiration of the legislation was not in the present bill and is to be added. Said date of expiration is June 30, 1984.

3) An emergency clause was added to put the early releases in immediately.

According to the Department of Corrections' spokesman, the bill as it now stands will affect 1,800 prisoners. 60% of whom are offenders convicted of violent crimes. Their potential releases under this bill would allow up to 1,080 violent criminals to have early releases.

The bill as passed was not the bill as sponsored nor were other alternatives to solving the problem of overcrowding considered.

SENATE RESOLUTION 1984–138

By Senators Williams, Guest, Peterson, Woody, Bauer, Gaspard, Rinehart, Hurley, Lee, Hemstad, McDermott, Granlund, Thompson, Hansen, Rasmussen, Conner, Bender, Patterson, McManus, Benitz, Vognild, Talmadge, Wojahn, Goltz, Kiskaddon, Fuller and Warnke

WHEREAS, The Federal Communications Commission has delayed imposition of customer access line charges; and

WHEREAS, The Washington Utilities and Transportation Commission has imposed customer access line charges which are costing Washington ratepayers over three million dollars per month; and

WHEREAS, The promised benefits of the access charge plan in the form of lower long distance rates have not materialized; and

WHEREAS, Washington ratepayers are paying higher telephone rates, with no increase in service, as a result of the Washington Utilities and Transportation Commission's imposition of the access charge; and

WHEREAS, Washington ratepayers deserve consistency and fairness in telephone rates;

NOW, THEREFORE, BE IT RESOLVED, By the Senate of the State of Washington, That the Washington Utilities and Transportation Commission is requested to take immediate action to reverse its customer access line charge and order refunds to ratepayers of all money collected under the access charge tariffs; and

BE IT FURTHER RESOLVED, That the Secretary of the Senate immediately transmit copies of this resolution to the Washington Utilities and Transportation Commission.

MOTION

On motion of Senator Williams, the following amendment to the resolution was adopted:

On page 1, line 15, beginning with "immediately" strike all the language down to and including "tariffs" on line 17 and insert "take immediate action to reverse its customer access line charge and to provide redress for ratepayers who have paid access charges"

Debate ensued.

POINT OF INQUIRY

Senator Zimmerman: "Senator Williams, the way it is written, it says, 'are costing taxpayers three million dollars and that they're paying higher telephone rates.' The implication is that they already have been doing this. You are saying some
have received bills, but at this point has there been three million dollars paid in? I mean—it seems as if you're implying something that hadn't yet taken place.

Senator Williams: "The imposition of this access charge is in place now—as of the first of this year. All telephone companies are charging various access charge amounts and the amount of money referred to is not the amount that's there right now, but that is the cost to Washington ratepayers, if this access charge continues."

Senator Zimmerman: "It would be the cost if they were to pay it and if this were not to take place, but the way it's written, I think, it sounds as if it is already in place. I doubt if anybody could obtain any figures."

Senator Williams: "Well, actually it is in the billings that are out now. In other words, if you have received your telephone bill and, in fact, I have talked with some people who have received telephone bills that now have the access charge on them, so by the end of this month there will be a bill outstanding to the rate­payers of this state of that amount of money for this first month."

Senator Zimmerman: "I was concerned about the survey's pre-implication there, but I appreciate your explaining it."

The President declared the question before the Senate to be adoption of Senate Resolution 1984-138, as amended.

The motion by Senator Williams carried and the resolution, as amended, was adopted.

There being no objection, the President reverted the Senate to the sixth order of business.

SECOND READING

On motion of Senator Thompson, the following amendment by Senators Thompson, Zimmerman, McCaslin and Rasmussen was adopted:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that:
(1) While there is a great need for low-cost housing for senior citizens and others on fixed incomes, local zoning regulations prohibit families from converting their homes to provide independent accommodations for their relatives;
(2) Prohibitions against such "accessory apartments" result in the separation of families and a greater demand for government housing services;
(3) Separate living quarters within family homes will provide senior citizens with the security, assistance, and companionship of their families without sacrificing independence;
(4) Permitting the conversion of single family residences to include separate, code­approved units within existing space will promote energy efficiency, reduce resource waste, and provide a reasonable housing alternative for those who can least afford rising housing costs.

NEW SECTION. Sec. 2. There is added to chapter 35.63 RCW a new section to read as follows:

Each city and town that has a comprehensive plan, zoning ordinances, building codes, or other land use controls establishing areas within the city or town where only detached single family dwellings are allowed for residential purposes, shall permit the inclusion of separate
living quarters in all detached single family residential dwellings located in such areas to be used by persons who are related by blood, adoption, or marriage to an owner and occupant of the single family dwelling. These separate living quarters shall be authorized by conditional use permits, subject to reasonable conditions relating to health, safety, and welfare that may be established by ordinance. The conditional use permit may run to the property, or to the owner and occupant of the single family dwelling.

NEW SECTION. Sec. 3. There is added to chapter 35A.63 RCW a new section to read as follows:

Each code city that has a comprehensive plan, zoning ordinances, building codes, or other land use controls establishing areas within the city where only detached single family dwellings are allowed for residential purposes, shall permit the inclusion of separate living quarters in all detached single family residential dwellings located in such areas to be used by persons who are related by blood, adoption, or marriage to an owner and occupant of the single family dwelling. These separate living quarters shall be authorized by conditional use permits, subject to reasonable conditions relating to health, safety, and welfare that may be established by ordinance. The conditional use permit may run to the property, or to the owner and occupant of the single family dwelling.

NEW SECTION. Sec. 4. There is added to chapter 36.70 RCW a new section to read as follows:

Each county that has a comprehensive plan, zoning ordinances, building codes, or other land use controls establishing areas within the county where only detached single family dwellings are allowed for residential purposes, shall permit the inclusion of separate living quarters in all detached single family residential dwellings located in such areas to be used by persons who are related by blood, adoption, or marriage to an owner and occupant of the single family dwelling. These separate living quarters shall be authorized by conditional use permits, subject to reasonable conditions relating to health, safety, and welfare that may be established by ordinance. The conditional use permit may run to the property, or to the owner and occupant of the single family dwelling.

On motion of Senator Thompson, the following title amendment was adopted:

On page 1, line 1 of the title, after "government;" strike the remainder of the title and insert "adding a new section to chapter 35A.63 RCW; adding a new section to chapter 36.70 RCW; and creating a new section:"

The bill was read the second time.

POINT OF INQUIRY

Senator Newhouse: "Senator Williams, this seems to be somewhat reminiscent of public versus private power. Here we have public power asking for authority
and this would be a municipal type enterprise. Will we ever have state obligations because of this? Is the court likely to overturn some of this because the people of Seattle haven't voted to give this authority? How is this treaty ratified within city government?"

Senator Williams: "The treaty is between the United States and Canada. The agreement is ratified by the city of Seattle's City Council and the B.C.'s appropriate legislative body."

Senator Newhouse: "The mayor and the city council have executed this without any specific authority from the voters of the city?"

Senator Williams: "I can't answer that. I assume that they're exercising their normal powers related to their election."

The President declared the question before the Senate to be the roll call on final passage of Substitute House Bill No. 1778.

Gotlieb, the Canadian Ambassador to the United States.

"Just as the history and the lives of our two great nations have been intertwined, so too has the life of Ambassador Gotlieb been linked closely to the United States. He is a graduate of the University of California. After receiving advanced degrees as a Rhodes Scholar at Oxford University in England, he returned to the United States and received his law degree from Harvard University and was honored with the Addison-Browne Prize from its law school.

"He then began a distinguished career as an educator. He served as a lecturer in law at Oxford and as a professor at Queen’s University in Ontario and at Ottawa University. His excellence in education has been widely acknowledged. He has received honorary doctoral degrees from the University of Windsor and from New York University. He is a winner of the Deak Prize of the American Society of International Law. He became an Officer of the Order of Canada in 1982.

"Ambassador Gotlieb joined the Department of External Affairs in 1957 and began a distinguished diplomatic career, highlighted by his work in disarmament and international development. He rose to the position of Assistant Under-Secretary of State and became Canada’s alternate delegate to the United Nations. He interrupted his service with the Department of External Affairs in 1968 to become Deputy Minister of the then-new Department of Communications. He went on to become Deputy Minister of Manpower and Immigrations and later Chairman-designate of the Canada Employment and Immigration Commission.

"Mr. Gotlieb has additionally distinguished himself as a leader in international trade promotion, serving as Director of the Export Development Corporation and Governor of the International Development Research Centre of Carleton University. He has obviously worked on many things in which we have great interest. In 1977, Ambassador Gotlieb was appointed Under-Secretary of State for External Affairs. In 1981, he served as the personal representative of the Canadian Prime Minister for the Ottawa Summit Economic Conference. In December 1981, he presented his credentials to President Reagan as Canadian Ambassador to the United States.

"Ambassador Gotlieb was born in Winnipeg, Manitoba. He is married to the former Sondra Kaufman, an award-winning novelist, and is the father of three children. He is charming and eloquent; an extraordinary representative of Canada, and he has a clear and firm grasp of the intimate relationship between our two countries."
“It is now my pleasure to present to you a fellow American, the Canadian Ambassador to the United States: The Honorable Allan E. Gotlieb.”

ADDRESS BY ALLAN E. GOTLIEB, AMBASSADOR OF CANADA

Ambassador Gotlieb: “Governor Spellman, Lieutenant Governor Cherberg, Speaker Ehlers, Honorable Members of the Legislature, ladies and gentlemen: It is an honor and a privilege for me to be here with you today and, in particular, to address this distinguished assemblage of representatives of such a beautiful part of America.

“I now readily appreciate why someone once observed that if the Pilgrims had first landed on the Pacific Coast, everything east of the Rockies would probably still be unsettled. It’s a view I understand. I come from a part of Canada just north of North Dakota, and I can assure you that up there we often reflect on our forefathers’ choice of geography or their desperation—at least in January.

“There are many important similarities between Canada and the State of Washington. Both economies have been hurt by the recession but are recovering. Agriculture, fishing and natural resource industries such as forestry and mining, remain fundamental to us despite the enormous growth in new high tech and service sector industry. Tourism is a major revenue earner for us both. Our populations tend to be concentrated in relatively small areas—yours around Puget Sound, ours in a fairly narrow strip along the border. Your state government, like our federal government, has played an innovative role in social policy. We also share a mutual interest in the health of our natural environment, be it clean air or the preservation of our forests, lakes, rivers and oceans. This is not only because of economic self-interest. Our populations insist that we be able to pass on our magnificent natural heritage to our children and their children.

“I have been Canada’s Ambassador to the United States for a little more than two years now. I’ve found out that the relationship between our two countries is not usually a glamorous subject, but neither are a lot of other important topics. It has so far proven to be a fascinating experience; and I want to share it with you, particularly the part of my experience most relevant to your own activities. Basically, I would like to speak to you about your own political process. I hope you don’t think I’m taking liberties with my status as a foreigner in doing so. It is fundamental and vital to my work as a Canadian Diplomat to understand that although Canadians are foreigners, we are tremendously affected by your political process. This is why my own experience in the United States has been so fascinating.

“There are other reasons, of course. In our world of today surprise has become normal. There are few simple answers to complex and unpredictable world problems. Because you are the world’s greatest power, the way in which you do it affects the rest of us. This alone makes for very few dull days in Washington, D.C. No less a factor in the fascination of my assignment, is that there is no other country in the world which is as important to Canada as the U.S.A., and I dare say, vice-versa. We have a relationship with the United States which is quite simply unique. We are each other’s largest trading partners, who by now, exchange about one hundred billion dollars worth of goods per year. That’s far bigger than U.S. trade with Japan or leading European states and as big as your trade with them put together. Trade between Washington and Canada was in the neighborhood of 5.5 billion Canadian dollars in 1982 including gas. That puts Washington close to Japan—our second biggest trading partner. And our two-way trade is growing. Your fruits and vegetables are found throughout Canada; our national and regional airlines fly your aircraft. We have invested tens of billions of dollars in each other’s economies and huge capital flows create jobs. Every year some thirty-five million people cross our border, not to mention every form of cultural and human experience which they can carry with them, or which the airwaves do instead. We share a continent—it’s defense is a shared military responsibility as well, we hope, as an environmental one.

“We are in sum unlike any other two countries in the world in terms of exchanges between us and the often easy familiarity with each other’s presence. Our political processes are different institutionally, but they are both rooted in our common and complete commitment to democratic values and concepts of human
rights which are vastly more than mere platitudes. Obviously all this sharing necessarily means we are likely to have a lot of problems. They go with the territory, so to speak, but the point is that we almost always find ways to work them out. Take the Skagit Valley controversy. There, it's taken us almost fifty years to work out a treaty which in a simple form provides Seattle with electricity and British Columbia with an unflooded valley, but the important story is that we did work it out, and to our mutual satisfaction.

"It is the factor of your political process which makes my assignment here so especially interesting. In terms of working out the problems we are inevitably going to have, the important point to make is that it is becoming harder and harder to do in the traditional ways because of the dynamics of the American political process and the way in which we as a foreign country inevitably get caught up in it. Your system is quite unique. Of course, ours is as well, but ours is probably a lot simpler for a foreign government to cope with, even if we manage to give the impression that everything in Canada is a matter for Federal-Provincial adjudication, foreign relations are at least exclusively in the federal government's jurisdiction. Many foreign representatives to your country are surprised to learn (although they shouldn't be) that the distribution of power in the United States is very dispersed—institutionally and regionally. I have no doubt that in many respects that is exactly what the drafters of your Constitution had in mind when they set out to translate their political principles into a framework for governing this nation, in separating powers between the executive and the legislative branches, and in placing so much emphasis on the rights of states.

"However, most foreign governments find this separation of political power in your system quite different from their own and quite unusual in the world today. Relations between foreign states are generally conducted via interchanges between their respective governments, but maintaining good relations with the United States is not simply a matter of keeping the administration on side. As your history has shown, the White House and State Department are not always the final or only arbiters of American foreign policy. With respect to Canadian interest, they may not even be the dominant ones. It is this which makes life for us complex and sometimes difficult. I note this is not as a complaint but simply as an observation of fact. It is a fact with enormous implications for us and for you. It is unaffected by whatever particular administration is in power at the time. It is a function of the process. As I say, our own process has its own distinguishing features that can complicate the lives of Americans with interests in Canada. But this problem of access to your process is even greater for a country such as Canada which has such a complex and closely interwoven array of interests here. In fact, our own relationship with the United States is defined on your side not so much as foreign policy, but as an aggregate of a variety of domestic policy decisions and action which may be put into effect by a host of different institutions here at all levels of the governmental system. Congress, for example, has traditionally been vested with considerable powers in the realm of foreign policy formulation, such as the Senate's power to advise and consent to foreign agreements, but the authority of Congress goes into almost all other areas of government policy. What Congress does by way of legislative action has often had a major impact on our interests. Often times there is not specifically anti-Canadian sentiment behind these actions.

"Despite the economic recovery under way here, there remain areas in this country which continue to suffer from the effects of the recession and the process of economic restructuring which is underway, not only here but in Canada as well. The uncertainty and dislocation they entail are debilitating, leading in turn to demands for assistance, intervention or protection. The effect, not unnaturally, is one of regional competition for industries and jobs or the adoption of domestic content or buy-local policies and regulations. The impact is felt in Congress, in state legislatures and in municipal councils. The impact is then felt by your neighbors and then the retaliation starts and there's no way of knowing where it could end.

"In a number of cases, we have had the misfortune of being caught up by legislation which is actually implemented in response to the practices of other countries. In the area of international trade, for example, some of our biggest problems stemmed from American reactions to the practices of Japan or Europe.
We were included in a sort of 'side-swipe' effect. Take domestic content legislation—it is Canada with which you trade the most automobiles. It is a balanced trade, I hasten to emphasize. But we will be included if auto content legislation now before Congress were to pass.

"In other instances, legislation which is inherently domestic in nature, such as the Clean Air Act, can have an appreciable effect on our interests. The air moves! And some of it rains acid! So how Congress or the administration chooses to redefine that legislation will determine what kind of action can be mounted against the devastating effects of acid rain, one of the most profound environmental problems we both face today, a dreadful phenomenon that afflicts not only our rivers and lakes, but our forest industries on both sides of the border. We welcome your recognition here of the seriousness of this problem.

"The kind of road tax system you put into place will affect the nature of truck transportation between our two countries, a key factor in the trade between us. Changes in your maritime shipping law and the deregulation of your air routes affect our established transportation systems as well as the prosperity and efficiency of your airlines and seaports. These may be, ostensibly, domestic policy issues for you, but their impact on us can be potentially enormous.

"Of course, there is a third kind of legislation affecting our interests, that which is aimed at Canada. There are circumstances in which local and regional protectionist impulses can identify Canadian programs or practices as an adversary and lead to action aimed more directly at us. Economic Recovery is proceeding apace in the U.S., but not every state and industry benefits equally. There are tremendous challenges in the U.S. and in Canada to existing industrial structures and it is only human that when local jobs seem threatened, local political pressures emerge to pressure them in any way possible, even at the expense of legislative trading relationships. Those local pressures are very powerful in your political system because they trade off against support of other issues from other sectors and other regions. A little bit of protection for an industry suffering from the effects of the recession or temporary relief from foreign competition can be and is being sought by interests in many countries and this includes my own. But foreign observers sometimes have the impression that it can be obtained in Congress with relative ease, often obliging an administration veto if one is politically available. A bill may be promoted by just a handful, maybe even one or two, members of Congress whose constituencies are directly concerned, but support from others in Congress can often swiftly be won if the interests of their constituencies are not affected. Unlike the administration, Congress is not required to balance the different overall foreign policy interests in the U.S. A number of disputes we have recently had with the U.S. arose in this manner. Trucking is one such area of dispute, uranium was another.

"A foreign country up against such dynamics has a problem on its hands, even a country no doubt as beloved as my own. Any fond sentiments in Congress and state legislatures about your friendly neighbors to the north doesn't seem to stack up in the face of domestic pressure to take action which may be inimical to the interest of that very neighbor. We cannot, of course, vote in Congress or in American elections or provide financial support to contenders for political office in the U.S., and when the political chips are down, we, as foreigners are simply not players. So your legislative system as an institution is not an easy one with which to deal. It is a complex process in which power and influence are widely dispersed. How often do I hear in Washington that it is unpredictable even to its own membership! There is an increasing awareness on the part of foreign governments that the changes in the Congressional system that have taken hold in the last decade or so have far-reaching implications for their interests. Members tell me that one of the most far-reaching reforms of the 1970's resulted in the demise of the old seniority system with its relatively disciplined management—the rise of many committees and subcommittees which now play so central a role in the Congressional legislative process. These changes have been accompanied, as is well known, by a tremendous growth in the ranks of the Congressional bureaucracy of the attendant political lobbies. Again, it is often explained to me in Washington that all of these changes within Congress have served structurally to decentralize the institution's power, making it less easily responsive to more broadly national issues which are
secondary, that are beyond those fundamental responsibilities at the top of the agenda. As a foreigner, I couldn't say—but this conclusion does support my theory.

"Canada learned the hard way about the pivotal role which Congress is capable of playing. You may recall that a few years ago the President and Prime Minister appointed special negotiators to prepare a treaty concerning all fisheries and boundary issues on both coasts. The resulting Gulf of Maine Treaty was the product of long and arduous negotiations between the two governments. Each of us gave a little here and there in order to arrive at a balanced and fair agreement. It was a good treaty, an important one. It called, for the first time in our joint history, for the joint management of a common resource. In keeping with the American constitutional doctrine calling for the Senate to advise and consent to international agreements, the treaty was submitted to the Senate for ratification. It never emerged. Two Senators, representing very specific and basically local interest, killed it. More recently, we seem to have run into a similar type of situation (although I hope not) with the Pacific Salmon Treaty, important to the entire west coast for reasons you well understand. Signature and ratification of the Treaty did not take place during 1983 because Canada and the United States were unable to resolve difficulties raised by the State of Alaska prior to the commencement of the 1983 salmon season. However, both sides renewed their commitment to the Pacific Salmon Treaty when your Secretary of State, the Honorable George Schultz, met with our Deputy Prime Minister, Allen MacEachen, in Halifax last fall. Full negotiating sessions to develop the 1984 salmon management plans were held in Vancouver, B.C., last November 1983, and both sides are still negotiating in Seattle today. I can assure you Canada will continue to strive to arrive at a reasonable and equitable arrangement that will enable both countries to protect and develop the valuable Pacific salmon stocks.

"It is not only federal legislative institutions which have an impact on our relations. State and municipal government policies and programs also have to be factored into the equation. The application by state government of unitary tax systems on the operations of multinational corporations, whether domestic or foreign, is one such policy which has attracted the highly-focused attention of a number of foreign governments in the industrialized world, including my own. Local content regulation governing the procurement policies of state or municipally funded projects is yet another example of the kind of initiative which can adversely affect our bilateral trade in a number of ways.

"Basically, you are often making foreign policy for your country. It is a fascinating fact for foreigners with so much engaged in the matter as we have. Ominous, in a way, not because we don't trust or respect you—we do, enormously—but because we're not sure of the extent to which you factor that foreign consideration into your calculations and because we don't always have a lot of access to you to try to convince you otherwise. I hope you will keep us in mind. We each have a capacity to do each other harm as countries, acting in what seems to me in determined self-interest. But self-interest is usually broader than it is narrow. I am impressed by how keenly this point is recognized in the Evergreen State. Your commitment to a more liberal world trading environment is well-known and appreciated in my country. One of the best kinds of contact I know is that which can take place between the elected representatives of our two countries at the federal and state level. Elected officials have a vast amount in common because you represent people who have a vast amount in common. What we don't have in common are duplicate political processes. We never will since we have different needs, different systems and different constitutions. So it is vital to talk about how one system affects the other's interests.

"It is in this sense I have taken the liberty of talking to you about your own system. I do hope you will accept that I am certainly not criticizing it. It is obviously an intensely democratic and responsive system which has evolved over time to suit the times as you all in this country see them. But its effects can be calibrated some of the time to spare its most disrupting effects on at least one of your friends. In addition, I urge you to know our own system up there. I've spoken to you about the effects of your system on Canadians, but there's a speech to be made, as well, about the effect of our system on Americans. We are your biggest economic partner and I know that your interests can be hurt by what we do. The essential thing
for both of us is to think a little more about our interrelationship and what we mean to each other, to mix together a little more and to provide opportunities to talk to each other a little more, as you have so graciously enabled me to do today, and for which I thank you most sincerely. I now understand that there is, indeed, another Washington. Thank you."

The bill was read the second time.

MOTION

Senator Pullen moved adoption of the following amendment:

On page 1, line 13, after “person” and before the semicolon insert “: PROVIDED, HOWEVER, that it shall not constitute malicious harassment for a person to speak or act in a critical, insulting, or deprecatory way so long as his or her words or actions do not constitute a threat of harm to the body or property of another person”

REMARKS BY SENATOR PULLEN

Senator Pullen: “Thank you, Mr. President and members of the Senate. This amendment clarifies a dialogue that Senator Fleming and I had on the floor last time when this very good and really important bill was before us. This amendment simply clarifies the fact that it shouldn’t be illegal to criticize or insult someone. The key is you cannot threaten or intimidate them and that’s simply all this amendment says. The reason I am offering it is because after we passed the last bill, it did appear that there was some confusion in the minds of the news media and some law enforcement officials. I’ve discussed this amendment with Senator Fleming and with Senator Talmadge and as I understand, neither one has any objection to it.”

REMARKS BY SENATOR TALMADGE

Senator Talmadge: “Thank you, Mr. President and members of the Senate. I do concur in the remarks of Senator Pullen. There was a question and answer on the floor last session with respect to this bill, that essentially dealt with this issue area—
the clear implication of a malicious harassment lawsuit is the implication of viol­ence or the threat of doing violence to someone—not mere insulting words which are a part of our lives—I guess, unfortunately. The key issue here is the implication of threat or indication of willingness to do damage either bodily or physically to someone and this amendment properly deals with the problem and I urge your support.*

The President declared the question before the Senate to be adoption of the amendment by Senator Pullen.

The motion by Senator Pullen carried and the amendment was adopted.

MOTION

Senator Quigg moved adoption of the following amendment:

On page 1, line 9, after “handicap” insert: “or because that person is involved with or affected by a labor dispute”

POINT OF ORDER

Senator Fleming: “Mr. President, I raise the question of scope and object on this amendment and would like to speak thereto. Mr. President, and members of the body, Senator Quigg and Senator Talmadge and others have already explained the nature of this measure. The nature of what we had done in the past on the measure—that putting you off remedies criminal sanctions from malicious acts and those that relate to race, color, illegitimate ancestry and—basically we felt as though we had nothing in the law that dealt with sensory handicapped that constituted these grounds, but basically what we were doing was adding that to this law.

“What Senator Quigg is doing here, as a matter of fact, if this is not ruled out of the scope and object, I would advocate to those who support the legislation as it was drawn up that this amendment is a joke—and it’s a joke messing with something that is very important. I would hope that the people that would support this law—this amendment that we have to the law—would indicate to those who would play games like this, because what you’re doing here, you’re saying that if you have an assembly, if there is a ride, if there is a gathering, if there is a picnic—”

POINT OF ORDER

President Cherberg: “For what purpose does Senator Quigg rise?”

Senator Quigg: “Mr. President, a point of order.”

President Cherberg: “The Senator will please state his point of order.”

Senator Quigg: “Mr. President, I believe that Senator Fleming was going to be challenging the scope and object of this amendment. Instead he is arguing on the merits of the amendment. I think he ought to keep his points germane to the question of the expansion.”

REMARKS BY SENATOR FLEMING

Senator Fleming: “Mr. President, I am not arguing to the merits. I’m explaining the difference and what this amendment does.”

REPLY BY THE PRESIDENT

President Cherberg: “Please confine your remarks.”

FURTHER REMARKS BY SENATOR FLEMING

Senator Fleming: “Mr. President, in closing, this amendment is saying that any group of people that gather together that might not have anything in common other than belonging to a group—belonging to a union—that if they gathered together and there is a mishap or there is a misunderstanding and there might be some violence or whatever it is, that they would come under this law. I would suggest that that is not the intent and purpose of this law as it is on the books, or the amendment that we are trying to amend that law. So, I hope that the Lieutenant Governor would rule in favor.”

Further debate ensued.
President Cherberg: "In ruling upon the point of order raised by Senator Fleming, the President finds that Senate Bill No. 4228 is a measure which prohibits malicious harassment on the basis of a person's physical, mental or sensory handicap—conditions over which an individual has little or no control.

"The amendment proposed by Senator Quigg prohibits malicious harassment because a person is involved with or affected by a labor dispute.

"The President, therefore, finds that the proposed amendment does expand the scope and object of the bill and that the point of order is well taken."

The amendment was ruled out of order.

MOTION
On motion of Senator Talmadge, the rules were suspended, Engrossed Senate Bill No. 4228 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

On motion of Senator Moore, the rules were suspended, Substitute Senate Bill No. 3064 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

Debate ensued.

POINT OF INQUIRY
Senator Barr: "Senator Moore, we always talk about Seattle, but there are lots of small towns throughout the state who have one or two taxicabs. Does this apply to them?"

Senator Moore: "The UTC will have jurisdiction, if this legislation passes, over all taxicab companies in the state. However, if you notice in the legislation, it provides that population areas will be taken into consideration in moves made by the UTC to regulate. So, I would surmise from that that rural areas will not be treated in the identical way that large metropolitan areas are."

Senator Barr: "I notice that everyone says 'taxicab companies,' and I believe the bill says that and you used those words 'taxicab companies.' I might assume from that that an individual person in a taxicab business might not be covered."

Senator Moore: "I am not any great attorney, as you well know, but I would think that people operating a public conveyance would be subject whether they
are a company or not—to the law—to the UTC requirements, whatever they might be. It would have to be licensed."

Further debate ensued.

The President declared the question before the Senate to be the roll call on final passage of Substitute Senate Bill No. 3064.

POINT OF INQUIRY

Senator Rasmussen: "Senator Hansen, I'm all for encouraging the Future Farmers of America and certainly you and your cohorts have done a wonderful job. I'm wondering if the Future Farmers of America can look forward to producing far more milk than they can sell, cheese and butter that they have to give away, wheat that they give back to the farmers after they've raised it, and then faced with a specter of all the other nations and all the scientists saying that we are going to run out of food—and yet we have millions and millions of people starving. What is the future of the Future Farmers of America? Are they going to have more government regulation or are they going to be free to pursue what they do best, which is raising food and putting it out on the open market so everybody may share in the bounties of this great country?"

Senator Hansen: "Thank you, Senator Rasmussen. I've been wanting to tell you this story for quite a while. You know, the population of this earth is doubling and tripling, and so population-wise, we have to save our resources. We have to expand our programs to reach that and when the federal government quits using food as a leverage on our foreign countries—and transportation of this food that we can process here to get to those other countries—high proteins and things like that, I think we will be meeting that demand and the stakes of Future Farmers of American in order to achieve those goals that are going to be very dear to us down the line."
"As far as a surplus goes, we wouldn't have a surplus if it wasn't for the distribution system that we have, and the ability to refrigerate and get it down to the people that can use it."

Further debate ensued.

The President declared the question before the Senate to be adoption of Senate Concurrent Resolution No. 143 and the resolution, having received the constitutional majority was declared adopted.

Equalizing the authority of municipalities to impose local sales taxes.

POINT OF INQUIRY

Senator Hurley: “Senator Rasmussen, I enjoyed the remarks that you made about the extra sales tax. Of course, I am going to vote against it, too, but you seem to indicate that you know who asked for this extra sales tax. Who was responsible for that, please?”

Senator Rasmussen: “Thank you, Senator Hurley. Yes, I’m very glad to answer that question. It was indicated here on the floor that the people had asked for the additional sales tax. It was the Pierce County Transit—that already are too expensive for our school system. They asked for the sales tax and it was their ten thousand dollar lobbyist that came into my office and asked me to vote for it and I said ‘no.’ I voted against it last time and I’m going to vote against it this time. This was not a demand by the people. This was a demand by the Pierce County Transit that wanted more of the people’s money to throw around.”

Further debate ensued.

POINT OF INQUIRY

Senator Haley: “Senator Rasmussen, where can you find a ten thousand dollar lobbyist? The Medical Association would like to know.”

Senator Rasmussen: “Senator Haley, you have to look for them. Ten thousand is high. Jim Salantino, a former representative, is working for twelve hundred for the Port Commission. I agree with you, some of them are asking for sixteen thousand to twenty thousand just for a sixty-day session. They are expensive, but it’s the product that they produce that pays for it anyway.”

One of those House amendments stipulates that any confirmation not required in the Constitution to be made by the Senate shall be the duty of the House to make. Now, are these provisions folded into the bill now?"

Senator Hurley: "These are not. Those amendments that were adopted by the House last year are not a part of the bill this year. The bill that we have before us is the way it was amended by the Senate and went back to the Rules Committee."

SECOND READING

SUBSTITUTE SENATE BILL NO. 3617, by Committee on Social and Health Services
(originally sponsored by Senators McManus, Metcalf, Rinehart, Bender, Owen and Goltz)

Providing for an alcohol awareness program.

MOTION

On motion of Senator McManus, Second Substitute Senate Bill No. 3617 was substituted for Substitute Senate Bill No. 3617 and the second substitute bill was placed on the second reading calendar and read the second time.

On motion of Senator McManus, the rules were suspended. Second Substitute Senate Bill No. 3617 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

POINT OF INQUIRY

Senator Bluechel: "Senator McManus, you're mandating a program here for VTI's and for community colleges and for four year colleges. When a student goes to many of these colleges, he takes the courses that he chooses or she chooses and pays for them accordingly. How can you mandate a course at this level?"

Senator McManus: "Thank you, Senator Bluechel. I can try to respond to that. We are not requiring community colleges and voc-tech institutes or four year universities to offer these courses. What we're trying to do here is to set up curriculum that can tie into these organizations' course work, either in the interims or after hours or over lunch periods or as an elective thing that is not paid for by the student, nor paid for by the community college or voc-tech institute. It is paid out of these funds that are contracted out throughout all the treatment programs.

"The advantage here is that the program is being delivered by, in most cases, a recovered alcoholic and it has been my experience that when you have a recovered alcoholic implementing education to a potential alcoholic, you're going to have a lot more cost effectiveness and rapport established."

Senator Bluechel: "Senator McManus, it would be my considered opinion that very few students would avail themselves of this opportunity. In going to school and making the choices by themselves as to what they're going to take, to add another course that neither gives them credit or is in the general line of instruction they're looking to develop, doesn't make sense. I'm not sure whether this is a well-advised program and I have serious doubts as to whether it will work."

Senator McManus: "I would like to respond to that. When we say 'course,' we're not talking, Senator Bluechel, about a ten-week course or a fifteen-week course or a semester. We're talking about curriculum. This might be a seminar; it might be a one-day or one-night situation. It will be varied depending upon the scheduling needs of these institutions. What we're trying to do is just simply promote awareness in education to these young drivers before they get in trouble. The mechanics will have to be worked out, Senator Bluechel, there's no question about it. The program is not now in inception. We're going to be creating it and I am sure there will be these things to have to be worked out."

Debate ensued.

POINT OF INQUIRY

Senator Lee: "Senator McManus, in your remarks on the bill you mentioned that these would have to be performance-based contracts. I think that troubles me a bit. Do the students have to sign a pledge that they will be non-drinkers? Are they only paid for the number of students they can attract on an open enrollment basis? What are you talking about when you're talking about performance-based?"

Senator McManus: "No, I'm not talking, Senator Lee, about the students taking the pledge, although that would be very nice if they did. What I'm talking about—performance—is in the dealings with the private nonprofit organizations and with the Department of Social and Health Services. DSHS will 'spec' out what kind of outcome they would like to achieve from the expenditure of this money. If these outcomes are not met, there will be penalties and/or there will revocation of the contract. This is what I mean by performance contract."
Senator Lee: "I'm asking for an example of what some of those outcomes might be. I can see an outcome of a math program—if you learn a certain amount of knowledge and the tests prove, in fact, that you have achieved that knowledge—or in some other program that you can actually apply what you have learned. All we're doing here in this here is to say you've got to pass a test to be sure you were there every day. I don't know if that is really performance based."

Senator McManus: "Well, let me give you an example, Senator Lee. An example of performance base would be for the department to set a number of desired people that this program should reach. It will be the obligation of the contractor to make sure that enough publicity is done and outreach and coordination with the schools to make sure that these young people are reached, and that will have to be documented. That's the kind of burden we want to put onto the private organizations, to make them reach out! and in that sense we're talking about performance—that's an example."

Senator Lee: "In other words, they'd be paid by the number of students that actually enrolled?"

Senator McManus: "It could very well happen that way, that's right."

The President Pro Tempore declared the question before the Senate to be the roll call on final passage of Second Substitute Senate Bill No. 3617.

ROLL CALL

The Secretary called the roll on final passage of Second Substitute Senate Bill No. 3617, and the bill passed the Senate by the following vote: Yeas, 28; nays, 20; absent, 00; excused, 01.

Debate ensued.

POINT OF INQUIRY

Senator Barr: "Senator Vognild, if this is supposed to be a pawn brokers' related bill, I wonder why the necessity to exempt motor vehicle dealers out of it, if it's a pawn brokers' bill. The reason I'm asking this question is if it is necessary to exempt motor vehicles, what other field does that open up—you know, equipment dealers—what's the difference?"

Senator Vognild: "The reason for that particular exemption was that in the investigation of the bill, we determined that secondhand dealers were an easy way to move stolen goods, so we have put secondhand dealers into the bill with pawn brokers. Then we felt that the automobiles and the used equipment were not a problem, because they are title goods. That is, there is a title on record. It was brought to our attention that certain junk vehicles and hulks are not titled and therefore had to be exempt so that they wouldn't inadvertently tie them up."

PERSONAL PRIVILEGE

Senator Fleming: "I think it's a point of personal privilege and I think it's a point of information. I don't want to say I resent, because that's too strong a word, but I would like for the members' information—if they would check my voting record over the years in the Legislature, they'll find out that I voted more for agriculture in eastern Washington bills than I voted against and that they would also find out that I voted for more of theirs than they voted for mine. So, it's not a new found interest."

Debate ensued.

POINT OF INQUIRY

Senator Patterson: "Senator Talmadge, I'm reading the effects of the proposed substitute and the statement that 'the discussions of the special legislative team are to remain confidential.' Now the question that I have is how would this particular group of legislators differ from discussions that we would be having in a committee meeting, where the public is there and all of our discussions are not confidential and open to the public's purview?"

Senator Talmadge: "Senator, as I understand it, the confidentiality provision in there would exempt the committee from the open-meeting requirements of the rules of the House and the rules of the Senate. The consequence—the committee would meet behind closed doors, would consider the information presented to them by the Attorney General’s Office and they would be doing this in confidence. It would not be something that was subject to the open-meeting requirement of the law. The committee, also, would not be one that would impact the ability of the Attorney General to proceed with the appeal.

"I think Senator Deccio said that this would preclude the Attorney General from proceeding with the appeal. There is nothing in here that says that. It’s simply designed to provide some legislative oversight and that legislative oversight is to be done in a confidential way without public involvement so as to not prejudice the state’s position in the lawsuit."

Further debate ensued.

NEW SECTION. Sec. 1. There is added to chapter 82.04 RCW a new section to read as follows:

Upon every person engaging within the state as a securities broker-dealer: as to such persons, the amount of the tax with respect to such business shall be equal to the gross income of the business, multiplied by the rate of one and one-half percent.

The measure of the tax on securities commissions earned by the securities broker-dealer shall be the gross commission earned by the particular securities broker-dealer including that portion of the commission paid to salespersons on a particular transaction. If a securities commission is divided between an originating broker-dealer and a cooperating broker-dealer on a particular transaction, each broker-dealer shall pay the tax only upon their respective shares of the commission. If the broker-dealer has paid the tax as provided in this section, salespersons or cooperating brokers within the same broker-dealer office shall not be required to pay a similar tax upon the same transaction.

Sec. 2. Section 82.04.290, chapter 15, Laws of 1961 as last amended by section 2, chapter 3, Laws of 1983 2nd ex. sess. and RCW 82.04.290 are each amended to read as follows:

This section includes, among others, and without limiting the scope hereof (whether or not title to materials used in the performance of such business passes to another by accession, confusion or other than by outright sale), persons engaged in the business of rendering any type of service which does not constitute a "sale at retail" or a "sale at wholesale." NEW SECTION. Sec. 5. This act shall take effect July 1, 1984."

POINT OF INQUIRY

Senator Lee: "Senator McDermott, you had an amendment out here before on this measure yesterday. I understand that this is one that has been revised, that staff has looked at it and found a change in section 3. Is that correct?"

Senator McDermott: "Yes, if you'll notice on the top of this amendment, it's the second draft and we were trying to make sure that it's exactly with the present tax code."

The President declared the question before the Senate to be adoption of the amendment by Senator McDermott.

The motion by Senator McDermott carried and the amendment was adopted.

MOTIONS

On motion of Senator McDermott, the following title amendment was adopted:

On page 1, line 1 of the title, after "broker dealers," strike the remainder of the title and insert "amending section 82.04.290, chapter 15, Laws of 1961 as last amended by section 2, chapter 3, Laws of 1983 and RCW 82.04.300; amending section 82.04.250, chapter 15, Laws of 1961 as last amended by section 213, chapter 3, Laws of 1983 and RCW 82.04.300; amending section 82.04.440, chapter 15, Laws of 1961 as last amended by section 5, chapter 172, Laws of 1981 and RCW 82.04.440; adding a new section to chapter 82.04 RCW; and providing an effective date."

On motion of Senator McDermott, the rules were suspended. Engrossed Substitute Senate Bill No. 4069 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

Debate ensued.

POINT OF INQUIRY

Senator Bluechel: "Senator Moore, I notice that under new section 1, the B & O tax is set at one and half percent. Is this the rate that is in effect now?"

Senator Moore: "I believe that it has been at one percent."

Senator Bluechel: "So, by this bill, we are raising the B & O tax a half of a percent?"

Senator Moore: "That is my understanding. The original bill read one percent and we've raised it to one and a half percent."

Senator Bluechel: "Yes, what was the reason for this raise?"

Senator Moore: "I think probably to compensate for the potential loss in revenue. You see in most situations the broker-dealer obviously shares with the broker part of the commission and the broker-dealer, because he has all the overhead and owns the business may keep forty percent—fifty percent—sixty percent—and the broker will get the rest, so there would be some loss of revenue if we didn't have this at one and half percent."

REMARKS BY SENATOR MOORE

Senator Moore: "Mr. President, I made an error on the last bill in answering Senator Bluechel's question about whether the tax on brokers was one or one and a half percent. It has been one percent for as long as I can remember. I guess, and I assumed from reading last year's bill, from which we were working, that it was still one percent--forgetting that we raised it last year to one and a half percent, and I apologize to the group. You do realize that's the first error I've made in five years."

POINT OF INQUIRY

Senator Goltz: "Senator Moore, am I correct in my understanding that this bill is essentially neutral in its treatment of all of the different sorts of agencies, firms and organizations who are authorized to provide this sort of care? In other words, anyone who meets the certification standards and who is otherwise properly licensed to deliver these kinds of care will have an equal opportunity to qualify and, thus, participate under the provisions of this act?"

Senator Moore: "Senator Goltz, that is right. This bill merely provides a few technical or cosmetic changes in the language which the legislature passed into law last session. There is no intent here to raise any barriers that do not already exist or to exclude anyone who would otherwise be allowed to render these services at a lower cost in a more humane type of care."

Debate ensued.

POINT OF INQUIRY

Senator Vognild: "Senator McManus, there was some concern within the last couple of months that fire department medical activities, particularly in the paramedic area, may in fact be in violation of law. Will the passage of this bill correct that gray area and be sure that those people can perform those services that they are trained for?"

Senator McManus: "That is absolutely correct, Senator Vognild. That was the purpose of this bill to make sure that these people are covered and that the professional liability insurance is in fact."

POINT OF INQUIRY

Senator Wojahn: "Senator McManus, is it true that this has been going on for some time, that medical doctors have been violating this and permitting this to happen without legislation?"

Senator McManus: "Yes, Senator Wojahn. What's happened here is that we have a group of unlicensed health care professionals which includes medical assistants, medical lab technicians, respiratory therapists, phlebotomists and others that have been suggested by Senator Vognild—for many years, these professionals or para-professionals, as the case may be, have been puncturing the skin which is called veni puncture and drawing the blood. This includes people doing blood bank activity work as well.

"Last session, we had a real go-around on whether or not this was legal or illegal, so as the Chairman of the Social and Health Services Committee, I did the only logical thing to do. I put a request into the Attorney General's Office and asked for a ruling on both activities. Well, the ruling that came back indicated in both cases that unless these functions were performed by a licensed health care professional in Washington state, in fact, they were illegal. This meant that we had to convene meetings during the interim, which we did, worked almost every week with all the groups involved, under the direction of the Nurses Association, the Medical Association and the Hospital Association and many other groups to make sure we came up with a bill that permitted these other professionals to puncture the skin and draw blood under proper supervision and with proper certification by the
institution involved, i.e. hospitals, nursing homes, etc. This bill and these amendments are the result of a year's worth of work. I hope I have answered your question."

Senator Wojahn: "I want to know—you said a year's work to get the legislation, but how long is a person that is going to puncture our skin and go into our veins going to be trained? What is the training period and who is going to train them?"

Senator McManus: "Well, these people all have had education and training and they actually have all been under supervision in the past, but what this bill does is tighten up the supervision and permit hospitals and nursing homes to certify these people as eligible to perform these functions. That means they have examined their training and education so that professional liability insurance will cover this act. We're not expanding practice here. This is not an expansion of practice act. All it does is target to make these functions legal to satisfy the Attorney General's concern by tightening up the supervisory restrictions and establishing the certification requirements."

Further debate ensued.

MOTION

On motion of Senator Shinpoch, further consideration of Substitute Senate Bill No. 4448 was deferred.

SECOND READING

SENATE BILL NO. 4339, by Senators Peterson, Patterson, Goltz, Rinehart, Gaspard and Woody

On page 6, after line 10, insert the following:

"(6) All moneys charged and collected as operating fees by each institution of higher education under this section shall be retained by the institution in accordance with RCW 28B-15.031 (section 4 of this 1984 act)."

On page 7, after line 26, insert the following:

"(5) All moneys charged and collected as operating fees by each institution of higher education under this section shall be retained by the institution in accordance with RCW 28B-15.031 (section 4 of this 1984 act)."

"Sec. 4. Section 2, chapter 279, Laws of 1971 ex. sess. as last amended by section 12, chapter 37. Laws of 1982 1st ex. sess. and RCW 28B.15.031 are each amended to read as follows:

The term "operating fees" as used in this chapter shall include the fees, other than general tuition fees, charged all students registering at the state's colleges and universities but shall not include fees for short courses, self-supporting degree credit programs and courses, marine station work, experimental station work, correspondence or extension courses, and individual instruction and student deposits or rentals, disciplinary and library fines, which colleges and universities shall have the right to impose, laboratory, gymnasium, health, and student activity fees, or fees, charges, rentals, and other income derived from any or all revenue producing lands, buildings and facilities of the colleges or universities heretofore or hereafter acquired, constructed or installed, including but not limited to income from rooms, dormitories, dining rooms, hospitals, infirmaries, housing or student activity buildings, vehicular parking facilities, land, or the appurtenances thereon, or such other special fees as may be established by any college or university board of trustees or regents from time to time. Pursuant to the terms of sections 1 through 3 of this 1984 act, all moneys received as operating fees at any institution of higher education shall be (transmitted to the state treasurer within thirty-five days of receipt to be deposited in the state general fund: PROVIDED: That two and one-half percent of moneys received as operating fees be exempt from such deposit and be retained by the institutions for the purposes of RCW 28B.15.820) retained by the institution."

On page 7, line 27, after "1985" and before the period insert "provided that the appropriations act for the 1985-87 biennium includes sufficient higher education funding so that all
qualified applicants, as estimated in the enrollment projections developed by the council on postsecondary education, can be enrolled.

POINT OF ORDER

Senator Rinehart: "I rise to a point of order to challenge all of the amendments on the basis of scope and object. The proposed amendments are outside the object of the bill. The object of the bill is to freeze tuition rates and the proposed amendments deal with the subject of the placement of fees. Further, the amendments are substantially similar to a bill introduced into this legislature last session."

Debate ensued.

At 3:27 p.m., there being no objection, the President declared the Senate to be at ease.

The President called the Senate to order at 3:30 p.m.

RULING BY THE PRESIDENT

President Cherberg: "In ruling upon the point of order raised by Senator Rinehart, the President finds that Senate Bill No. 4339 is a measure which deals with the amount of tuition and fees charged to resident students at institutions of higher education by freezing the amount at the 1983-85 level until certain conditions are met.

"The amendments proposed by Senator McDonald deal with the disposition of a portion of the tuition and fees charged to students by providing for the retention of operating fees by the institution.

"The President, therefore, finds that the proposed amendments do expand the scope and object of the bill and that the point of order is well taken."

The amendments were ruled out of order.

MOTION

Senator McDonald moved adoption of the following amendment:

Strike everything after the enacting clause and insert the following:

"Sec. 1. Section 2, chapter 279, Laws of 1971 ex. sess. as last amended by section 12, chapter 37, Laws of 1982 1st ex. sess. and RCW 28B.15.031 are each amended to read as follows:

The term "operating fees" as used in this chapter shall include the fees, other than general tuition fees, charged all students registering at the state's colleges and universities but shall not include fees for short courses, self-supporting degree credit programs and courses, marine station work, experimental station work, correspondence or extension courses, and individual instruction and student deposits or rentals, disciplinary and library fines, which colleges and universities shall have the right to impose, laboratory, gymnasium, health, and student activity fees, or fees, charges, rentals, and other income derived from any or all revenue producing lands, buildings and facilities of the colleges or universities heretofore or hereafter acquired, constructed or installed, including but not limited to income from rooms, dormitories, dining rooms, hospitals, infirmaries, housing or student activity buildings, vehicular parking facilities, land, or the appurtenances thereon, or such other special fees as may be established by any college or university board of trustees or regents from time to time. All moneys received as operating fees at any institution of higher education shall be ((transmitted to the state treasurer within thirty-five days of receipt to be deposited in the state general fund. PROVIDED, That two and one-half percent of moneys received as operating fees be exempt from such deposit and be retained by the institutions for the purposes of RCW 28B.15.031)) retained by the institution. However, thirteen and two-tenths of one percent of the operating fees shall be transmitted to the state educational grant account in the state general fund to be used exclusively by the council for postsecondary education for student financial aid purposes."

POINT OF ORDER

Senator Rinehart: Mr. President, I rise to the point of order to challenge the amendment on the basis of scope and object of the bill. Once again, an examination of the amendment suggests that it is in the same vein of those that we just ruled out of the scope and object of the bill, because it does deal with the placement of the fees and not with the level of tuition."

Debate ensued.

RULING BY THE PRESIDENT

President Cherberg: "In ruling upon the point of order raised by Senator Rinehart, the President finds that Senate Bill No. 4339 is a measure which deals with the amount of tuition and fees charged to resident students at institutions of higher
education by freezing the amount at the 1983-85 level until certain conditions are met.

"The amendment proposed by Senator McDonald deals, essentially the same as the other amendments, and therefore the disposition of a portion of the tuition and fees charged to students by providing for the retention of operating fees by the institution.

"The President, therefore, finds that the proposed amendment does expand the scope and object of the bill and that the point of order is well taken."

The amendment was ruled out of order.

MOTION

Senator Lee moved adoption of the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that access to higher education for qualified students must be a state priority. The increasing costs of higher education may restrict access to higher education. The legislature finds that a freeze or lowering of tuition and fees is a less desirable answer to the problem than providing sufficient financial aid to students in need.

NEW SECTION. Sec. 2. The council for postsecondary education shall conduct a study of tuition and fee levels as financial barriers affecting access to higher education for qualified students in order to develop an equity in education plan. The study shall include, but not be limited to:

(1) A review of the current levels of tuition and fees charged to resident students;
(2) The relationship between tuition and fee levels and access to higher education for students in need;
(3) The gap between the amount of money offered for student financial aid and the actual needs of otherwise qualified students;
(4) The needs standards used to grant financial aid; and
(5) Alternative sources of funds that could be made available to needy students in the form of direct grants, waivers, loans, or work/study programs.

The council shall report to the legislature by December 1, 1984, with a recommended plan the objective of which is the generation of sufficient funds to assure that no qualified applicants are denied admission on the basis of financial resources. If such a plan to increase student aid amounts and availability is not adopted by the 1985 legislature, then sections 3 through 5 of this act shall take effect.

Sec. 3. Section 6, chapter 257, Laws of 1981 as amended by section 18, chapter 37, Laws of 1982 1st ex. sess. and RCW 28B.15.202 are each amended to read as follows:

The services and activities fee committee provided for in RCW 28B.15.045 may initiate a request to the governing board for a fee increase.

Sec. 4. Section 7, chapter 257, Laws of 1981, as amended by section 19, chapter 37, Laws of 1982 1st ex. sess. and RCW 28B.15.402 are each amended to read as follows:

 Debate ensued.

POINT OF INQUIRY

Senator Goltz: "Senator Lee, are you referring to this chart that you were making reference to?"
Senator Lee: "Yes, I was referring to the chart that has Senator McDonald's scribbling on it at the top."

Senator Goltz: "I would like for you to examine that chart and see if I'm correct. This shows that Senate Bill No. 4339 would, in fact, bring the tuition level down in this state to the 1982 level and extend that forward. It seems to me, if I read this correctly—and I'd like to be corrected if I'm wrong—that the chart gives a false impression because I thought 4339 extended the tuition from the 1984 level onward."

Senator Lee: "It actually brings it down to the 1981 level if I'm not mistaken. In other words, the level that we had prior to the time that we made the increase, so it's even more of a discrepancy than this chart indicates."

Further debate ensued.

MOTION

On motion of Senator Clarke, Senator Hayner was excused.

POINT OF INQUIRY

Senator Guess: "Senator Gaspard, you're looking at only one side of the equation. It seems to me. What about those parents who have children that can afford to send them and yet we're going to limit the access to the schools? Are they going to be severely impacted if one of those youngsters has to lay out—cannot get entrance into the colleges and then take the other one when the other one graduates—then the one that didn't get to go to school can get in? In other words, what's going to happen—where are we going to get the money to provide the colleges with the make-up of the forty-seven million dollars?"

Senator Gaspard: "Senator Guess, I don't disagree with you at all that we should have more financial aid. I think the side of the equation that you're not looking at is, we ought to think that the basic tuition ought to be lower than what it can be in the future, but freeze it at the current level now. I'll be happy to join you in looking for more financial aid for students once we are able to decide the issue of what is the proper level of tuition, and that's what we are deciding here—the proper level of tuition."

"I may also point out that we still have the escalator clause in here. Once we get down to the percentage level that we had in the 1970's, the escalator clause will continue to work, so we're not freezing the amount for a time uncertain, we're doing it just until we get down to the percentage level."

Senator Clarke demanded a roll call and the demand was sustained.

The President declared the question before the Senate to be the roll call on adoption of the amendment by Senator Lee.

ROLL CALL

The Secretary called the roll and the motion by Senator Lee failed and the amendment was not adopted by the following vote: Yeas, 18; nays, 28; absent, 0; excused, 03.

On motion of Senator Bluechel, Senator Pullen was excused.

On motion of Senator McDermott, the rules were suspended. Senate Bill No. 4339 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

Debate ensued.

Senators Bottiger, Conner and Peterson demanded the previous question and the demand was sustained.

The President declared the question before the Senate to be the roll call on final passage of Senate Bill No. 4339.
ROLL CALL

The Secretary called the roll on final passage of Senate Bill No. 4339, and the bill passed the Senate by the following vote: Yeas. 27; nays. 17; absent, 01; excused, 04.

SENATE BILL NO. 4339, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

PERSONAL PRIVILEGE

Senator McDonald: "As a point of personal privilege, I did pass out to 48 of my colleagues here on the floor the candy that was found on your desks. Only Senator Rinehart was excluded. She had the audacity to raise a point of scope and object and rained all over my parade, but thank you."

MOTION

Senator Craswell moved adoption of the following amendment by Senators Craswell and Hemstad:

On page 2, line 1, after “establish”, insert: “public”

POINT OF INQUIRY

Senator Gaspard: “Senator Craswell, I need to understand your intention. Are you intending to set up two different types of graduation requirements, one for the public schools and a different one for the approved private schools?”

Senator Craswell: “What I’m attempting to do is to say that the statutory high school graduation requirements that will now be in law are intended for the public high schools. In the past, the state board has allowed flexibility in the required courses for the approved private schools and I think that the state board would still have the flexibility of establishing graduation requirements for the approved private schools.”

Senator Gaspard: “Isn’t my understanding that the state board now requires the sufficient units to meet the state board of education’s graduation requirement. You don’t think that would be changed with your amendment?”

Senator Craswell: “I don’t know. It would still leave that up to the state board. That is not my intent to say that the state board can’t insist on it.”

POINT OF INQUIRY

Senator Bauer: “Mr. President, pursuing that questioning, Senator Craswell, you would have the state board set the graduation requirements for the public schools and the board of education set them for the private schools?”

Senator Craswell: “No, not exactly, we’ve already turned down the amendment that would allow the state board to set graduation requirements in public schools so that’s already been established, if this bill passes—that the graduation requirements in public schools will be in the statutes, but what I’m trying to clarify is that for approved private schools, that will still be controlled by the state board of education, as it is now.”

Debate ensued.

Senator Hemstad demanded a roll call and the demand was sustained.

The President declared the question before the Senate to be the roll call on adoption of the amendment by Senator Craswell and Hemstad.
ROLL CALL

Absent: Senator Quigg - 1.
Excused: Senators Clarke, Rasmussen - 2.

MOTION

Senator Craswell moved adoption of the following amendment:

On page 3, line 30 after "establish" strike all material down to and including "procedure."
on page 4, line 17 and insert "and publish minimum admissions requirement."

Debate ensued.

POINT OF INQUIRY

Senator Patterson: "Senator Bauer, in your discussions with the universities on the requirement of two years of foreign language, did they say that they now require that or that it would be preferable to have that for admissions in the law? The question that I have is that I can't recall whether all of the four-year institutions do now have a required two years of foreign language, which is in a sense, is in conflict with the requirements for graduation out of high school, because there you have an elective situation requiring only one year of foreign language. I just don't want us to get our students in a position in high school of not taking the courses that would prepare them for admission into the four-year university."

Senator Bauer: "Thank you, Senator Patterson. Mr. President and members of the Senate, this recommendation is just exactly designed to do what you have indicated. We've got to give to our students a clear indication of what's expected of them at the various institutions—at whatever course of their life as they progress through high school and make it a change decision from one institution to the other. Now, just up until recently the University of Washington was the only one that required two years of foreign language. Within this last year, Eastern and Western both have put on a two-year requirement—just like that.

"Now, I'm not too sure that the Legislature should not be involved in setting some standards or some floors. If we don't, students progressing through the high school system could decide to go to the university and there's one requirement there and in their last year of high school, change their mind for whatever reason—counseling or whatever or finances and then decide to go to another institution that has altogether different requirements. They cannot get into that institution as a full-fledged freshman and they have to take bonehead remediation courses which are costly to everybody and to that student.

"All we're doing again is putting a floor as a legislative policy, a state policy, on admittance requirements and in every incidence here where we have floor entrance requirements that are consistent, at least, with the graduation requirements for a student pursuing a course leading to entrance in the college. Now, if you take a minimum of requirements in the high school for graduation, you don't have to take the two years of foreign language, but when I was counseling my eighth and ninth graders into high school programs, I brought the book out and I said, 'when you go to the University you've got to have two years of foreign language—when you go to Central, you don't.' The kids said, 'Well, I don't know where I want to go yet, what do you think I ought to do?' Well, I don't know what you ought to do. I don't understand why that if two years years of foreign language is an acceptable practice for expectation of a college graduate, why there can't be a floor to that and I don't know why we should have some universities in this state without those requirements. I do not want every university in this state to be alike and I want them to vary—and I also trust them. I really trust them, but I want the legislature to define some minimums—some floors, as legislative policy."
Senator Patterson: "I'm not disagreeing with what you are saying. I wanted to make sure that the young adult graduating from high school that in his elective process, it does give him an opportunity to elect. The final part of my question is have all of the four-year institutions agreed that they would want to have a minimum for admission of two years of foreign language? That is what it says."

Senator Bauer: "We are going to mandate that they have a basic two-year requirement for admission."

Senator Patterson: "And they agreed to that?"

Senator Bauer: "Well, at least the ones that have adopted have."

Further debate ensued.

Senator Craswell demanded a roll call and the demand was sustained.

The President declared the question before the Senate to be the roll call on adoption of the amendment by Senator Craswell.

POINT OF INQUIRY

Senator Patterson: "Thank you, Mr. President. I guess I should ask Marc or one of the people on Ways and Means. The only question I have about the bill, and I believe I'm going to vote for it, is 'the implementation of section 2 through 9 of this act are each subject to funds being appropriated or available for such purpose or purposes' and I'm wondering what the fiscal note is on the bill—when will we face the realities of what we do from the standpoint of the dollars that will be made available?"

Senator Gaspard: "Senator Patterson, I worked very closely with the chairman of the Ways and Means Committee and we have identified what the fiscal impact will be and for the total package of what we have on the education excellence quality package—if you wish to call it that—would be about 2.4 million dollars, excluding the gifted education, which is right in the range of what the Governor had also recommended—within the range of what the House brought over and we certainly don't intend to bring bills out here and not fund them and when we have the supplemental budget we will be funding the packages that we have recommended.

"I would just also like to say 'thank you to the 3609 committee, thank you for the special commission that the WEA sponsored and their recommendation, thank you to the Governor, thank you to the SPI'—all these people made these suggestions to us and if you want to call all of those studies all a bunch of fluff, then call them fluff, because they're implemented in these packages."

POINT OF INQUIRY

Senator Talmadge: "Senator Craswell, recognizing your strong concern often expressed so far this session about local control in education, would it be your opinion and would you support a measure to repeal House Bill No. 166 that precludes local school districts from collective bargaining at the local level relating to salaries and fringe benefits for local employees? I know you have been expressing that concern about local control and clearly salaries and fringe benefits being a very important aspect of something that should be controlled at the local level, also, should be something that would be of concern to you."

Senator Craswell: "Senator Talmadge, you maybe didn't hear when I was talking yesterday about local control and in reference to—I believe was Senator Bottiger's remarks about Reagan—and my response to him at that time had been that it is the function of the state to provide the funding, but not the direction for the curriculum, for the testing, or the ins and outs of teaching that we are attempting to do. Yes, we do have to provide the funding and I think that House Bill No. 166 was very important to insuring that that funding went to the teaching program and not to be totally eaten up in teachers' salaries. No, I still support 166."

Senator Talmadge: "But we should be a super school board with respect to collective bargaining with all the school employees all across the state, but not these other issues?"

I thought that was their purpose in life. We're spending a lot of money on them."

On page 2 of the committee amendment, line 19 starting with "(2)" strike all material down to and including "graduation."

On page 2 of the committee amendment, line 1 after "transcripts" strike all material down to and including "employment" on line 5.

Debate ensued.

POINT OF INQUIRY

Senator Clarke: "Senator Gaspard, perhaps you can clarify for me the intent of the amendment without the adoption of the proposed amendment to the amendment. Who has the option—say a student is seeking employment and the employer wants to see his scholastic record, who has the option of determining whether the employer shall or shall not see that record?"

Senator Gaspard: "You're not speaking to Senator Metcalf's amendment, because the amendment that he's offering now does not deal with the employer having a right to see it. That is the next amendment that we will be taking."

Senator Clarke: "I'm asking for clarification, so that I may understand the amendment prior to the amendment."

Senator Gaspard: "You want to know what we are doing about confidentiality of the transcript?"

Senator Clarke: "Yes."

Senator Gaspard: "The transcript cannot be released under current law unless the student allows it to be released."

Senator Clarke: "In other words, from a practical standpoint the student has the right to request it, so an employer may tell a student 'before I decide upon whether I want to employ you or not, I'd like to see that record.' The student, then, can either say 'Yes, I'll get it for you' or 'No, I won't'—and that's the way the matter would stand without further amendment?"

Senator Gaspard: "That's true. That's current law."

The President declared the question before the Senate to be adoption of the Metcalf amendments to the Committee on Education amendment.

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. The legislature finds that there is an urgent need for a comprehensive system for establishing and enforcing child support obligations, and that stronger and more efficient statutory remedies need to be established to supplement and complement the remedies provided in chapters 26.09, 26.21, 26.26, 74.20, and 74.20A RCW.

NEW SECTION. Sec. 2. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

1. "Dependent child" means any child for whom a support order has been established or for whom a duty of support is owed.

2. "Duty of support" means the duty to provide for the needs of a dependent child, which may include necessary food, clothing, shelter, education, and health care. The duty includes any obligation to make monetary payments, to pay expenses, or to reimburse another person or an agency for the cost of necessary support furnished a dependent child. The duty may be imposed by court order, by operation of law, or otherwise.

3. "Obligee" means the custodian of a dependent child, or person or agency, to whom a duty of support is owed, or the person or agency to whom the right to receive or collect support has been assigned.

4. "Obliger" means the person owing a duty of support.

5. "Support order" means any judgment, decree, or order of support issued by the superior court or authorized agency of the state of Washington; or a judgment, decree, or other order of support issued by a court or agency of competent jurisdiction in another state or country, which has been registered or otherwise made enforceable in this state.

6. "Employer" includes the United States government, a state or local unit of government, and any person or entity who pays or owes earnings to the obligor.

7. "Earnings" means compensation paid or payable for personal services, whether denominated as wages, salary, commission, bonus, or otherwise, and, notwithstanding any other provision of law making the payments exempt from garnishment, attachment, or other process to satisfy support obligations, specifically includes periodic payments pursuant to pension or retirement programs, or insurance policies of any type, but does not include payments made under Title 50 RCW, except as provided in RCW 50.40.020 and 50.40.050, or Title 74 RCW.

8. "Disposable earnings" means that part of the earnings of an individual remaining after the deduction from those earnings of any amount required by law to be withheld.

NEW SECTION. Sec. 3. (1) The remedies provided in this chapter are in addition to, and not in substitution for, any other remedies provided by law.

2. This chapter applies to any dependent child, whether born before or after the effective date of this act, and regardless of the past or current marital status of the parents.

3. This chapter shall be liberally construed to assure that all dependent children are adequately supported.

NEW SECTION. Sec. 4. (1) A proceeding to enforce a duty of support is commenced:

(a) By filing a petition for an original action; or
(b) By motion in an existing action or under an existing cause number.

2. Venue for the action is in the superior court of the county where the dependent child resides or is present, where the obligor resides, or where the prior support order was entered. The petition or motion may be filed by the obligee, the state, or any agency providing care or support to the dependent child. A filing fee shall not be assessed in cases brought on behalf of the state of Washington.

3. The court retains continuing jurisdiction under this chapter until all duties of support of the obligor, including arrearages, with respect to the dependent child have been satisfied.

NEW SECTION. Sec. 5. (1) A petition or motion may be filed without notice under section 4 of this act to initiate a contempt action if an obligor fails to comply with a support order. If the court finds there is reasonable cause to believe the obligor has failed to comply with a support
order, the court may issue an order to show cause requiring the obligor to appear at a certain
time and place for a hearing, at which time the obligor may appear to show cause why the
relief requested should not be granted. A copy of the petition or motion shall be served on the
obligor along with the order to show cause.

(2) Service of the order to show cause shall be by personal service, or in the manner pro-
vided in the civil rules of superior court or applicable statute.

(3) If the order to show cause served upon the obligor included a warning that an arrest
warrant could be issued for failure to appear, the court may issue a bench warrant for the
arrest of the obligor if the obligor fails to appear on the return date provided in the order.

(4) If the court finds, after hearing, that the obligor failed to comply with the support order
previously entered and that the obligor has not established that he or she was unable to com-
ply with the order, the court shall find the obligor in contempt of court. Contempt under this
section is punishable by imprisonment in the county jail for a term of up to one hundred eighty
days. The court may suspend all or a part of the sentence upon terms that are reasonably
likely to result in compliance with the support order.

(5) If the obligor contends at the hearing that he or she lacked the means to comply with
the support order, the obligor shall establish that he or she exercised due diligence in seeking
employment, in conserving assets, or otherwise in rendering himself or herself able to comply
with the court's order.

NEW SECTION. Sec. 6. (1) Every court order or decree establishing a child support obliga-
tion or duty of support shall state that, if a support payment is more than fifteen days past due
in an amount equal to or greater than the support payable for one month, the obligee may
seek a mandatory wage assignment without prior notice to the obligor. Failure to include this
 provision does not affect the validity of the support order.

(2) If the support order under which the obligor owes the duty of support is not in compli-
ance with subsection (1) of this section or if the obligee cannot show that the obligor has
approved or received a copy of the court order or decree that complies with subsection (1) of
this section, then notice shall be provided to the obligor at least fifteen days prior to the obligee
seeking a mandatory wage assignment. The notice shall state that, if a child support payment
is more than fifteen days past due in an amount equal to or greater than the support payable
for one month, the obligee may seek a mandatory wage assignment without further notice to
the obligor. Service of the notice shall be by personal service, or by any form of mail requiring
a return receipt. The notice requirement under this subsection is not jurisdictional.

NEW SECTION. Sec. 7. (1) A petition or motion seeking a mandatory wage assignment in
an action under section 4 of this act may be filed by an obligee if the obligor is more than fif-
teen days past due in child support payments in an amount equal to or greater than the sup-
port payable for one month. The petition or motion shall include a sworn statement by the
obligee, stating the facts authorizing the issuance of the wage assignment order, including:

(a) That the obligor, stating his or her name and residence, is more than fifteen days past
due in child support payments in an amount equal to or greater than the support payable for
one month;

(b) A description of the terms of the support order requiring payment of support, and the
amount past due;

(c) The name and address of the obligor's employer;

(d) That notice has been provided to the obligor as required by section 6 of this act; and

(e) In cases not filed by the state, whether the obligee has received public assistance from
any source and, if the obligee has received public assistance, that the department of social
and health services has been notified in writing of the pending action.

(2) If the court in which a mandatory wage assignment is sought does not already have a
copy of the support order in the court file, then the obligee shall attach a copy of the support
order to the petition or motion seeking the wage assignment.

NEW SECTION. Sec. 8. Upon receipt of a petition or motion seeking a mandatory wage
assignment that complies with section 7 of this act, the court shall issue a wage assignment
order, as provided in section 10 of this act and including the information required in section
9(1) of this act, directed to the employer, and commanding the employer to answer the order
on the forms served with the order that comply with section 12 of this act within twenty days
after service of the order upon the employer.

NEW SECTION. Sec. 9. (1) The wage assignment order in section 8 of this act shall include:

(a) The maximum amount of current support, if any, to be withheld from the obligor's
earnings each month, or from each earnings disbursement; and

(b) The total amount of the arrearage or reimbursement judgment previously entered by
the court, if any, together with interest, if any.

(2) The total amount to be withheld from the obligor's earnings each month, or from each
earnings disbursement, shall not exceed fifty percent of the disposable earnings of the obligor.
If the amounts to be paid toward the arrearage are specified in the support order, then the
maximum amount to be withheld is the sum of the current support ordered and the amount
ordered to be paid toward the arrearage, or fifty percent of the disposable earnings of the
obligor, whichever is less.
(3) The provisions of RCW 7.33.280 do not apply to wage assignments for child support authorized under this chapter, but fifty percent of the disposable earnings of the obligor are exempt, and may be disbursed to the obligor.

(4) If an obligor is subject to two or more attachments for child support on account of different obligees, the employer shall, if the nonexempt portion of the obligor's earnings is not sufficient to respond fully to all the attachments, apportion the obligor's nonexempt disposable earnings between or among the various obligees equally. Any obligee may seek a court order reapportioning the obligor's nonexempt disposable earnings upon notice to all interested obligees. Notice shall be by personal service, or in the manner provided by the civil rules of superior court or applicable statute.

NEW SECTION. Sec. 10. The wage assignment order shall be substantially in the following form:

The processing fee may not exceed (a) ten dollars for the first disbursement made by the employer to the superior court clerk; and (b) one dollar for each subsequent disbursement to the clerk.

(5) An order for wage assignment for support entered under this chapter shall have priority over any other wage assignment or garnishment, except for another wage assignment or garnishment for child support, or order to withhold and deliver under chapter 74.20A RCW.

NEW SECTION. Sec. 13. (1) Service of the wage assignment order on the employer is invalid unless it is served with four answer forms in substantial conformance with section 12 of this act.
together with stamped envelopes addressed to, respectively, the clerk of the court where the
order was issued, the obligee's attorney or the obligee, and the obligor. The obligee shall also
include an extra copy of the wage assignment order for the employer to deliver to the obligor.
Service on the employer shall be in person or by any form of mail requiring a return receipt.
(2) On or before the date of service of the wage assignment order on the employer, the
obligee shall mail or cause to be mailed by certified mail a copy of the wage assignment
order to the obligor at the obligor's last known post office address; or, in the alternative, a copy
of the wage assignment order shall be served on the obligor in the same manner as a sum­
mons in a civil action on, before, or within two days after the date of service of the order on the
employer. This requirement is not jurisdictional, but if the copy is not mailed or served as this
subsection provides, or if any irregularity appears with respect to the mailing or service, the
superior court, in its discretion, may quash the wage assignment order, upon motion of the
obligor promptly made and supported by an affidavit showing that the obligor has suffered
substantial injury due to the failure to mail or serve the copy.

NEW SECTION. Sec. 14. In a hearing to quash, modify, or terminate the wage assignment
order, the court may grant relief only upon a showing that the wage assignment order causes
extreme hardship or substantial injustice. Satisfaction by the obligor of all past due payments
subsequent to the issuance of the wage assignment order is not grounds to quash, modify, or
terminate the wage assignment order. If a wage assignment order has been in operation for
twelve consecutive months and the obligor's support obligation is current, the court may termi­
nate the order upon motion of the obligor unless the obligee can show good cause as to why
the wage assignment order should remain in effect.

court may, in its discretion, order a parent obligated to pay support for a minor child to post a
bond or other security with the court. The bond or other security shall be in the amount of sup­
dort due for a two-year period. The bond or other security is subject to approval by the court.
The bond shall include the name and address of the issuer. If the bond is canceled, any person
issuing a bond under this section shall notify the court and the person entitled to receive pay­
ment under the order.

(2) If the parent obligated to pay support fails to make payments as required under the
court order, the person entitled to receive payment may recover on the bond or other security
in the existing proceeding. The court may, after notice and hearing, increase the amount of the
bond or other security. Failure to comply with the court's order to obtain and maintain a bond
or other security may be treated as contempt of court.

Sec. 16. Section 1, chapter 10, Laws of 1982 and RCW 6.12.100 are each amended to read as
follows:

The homestead is subject to execution or forced sale in satisfaction of judgments obtained:
(1) On debts secured by mechanic's, laborer's, materialmen's or vendor's liens upon the
premises;

If it is made to appear to the satisfaction of the court that no homestead has been claimed
in the manner provided by law, either prior or subsequent to the death of the person whose

surviving spouse; provided that the court shall have no jurisdiction to make such award unless
the petition therefor is filed with the clerk within six years from the date of the death of the
person whose estate is being administered.

NEW SECTION. Sec. 18. There is added to chapter 26.09 RCW a new section to read as
follows:
Every court order or decree establishing a child support obligation shall state that, if a support payment is more than fifteen days past due in an amount equal to or greater than the support payable for one month, the obligee of the support payments may seek a mandatory wage assignment under chapter 26. RCW (sections 1 through 15, 21, and 22 of this act) without prior notice to the obligor. Failure to include this provision does not affect the validity of the support order. If the social security number of the person obligated to make child support payments under the support order or decree is available, the court shall require that the social security number of the obligor be included in the order or decree.

NEW SECTION. Sec. 19. There is added to chapter 26.21 RCW a new section to read as follows:
Every court order or decree establishing a child support obligation shall state that, if a support payment is more than fifteen days past due in an amount equal to or greater than the support payable for one month, the obligee of the support payments may seek a mandatory wage assignment under chapter 26. RCW (sections 1 through 15, 21, and 22 of this act) without prior notice to the obligor. Failure to include this provision does not affect the validity of the support order. If the social security number of the person obligated to make child support payments under the support order or decree is available, the court shall require that the social security number of the obligor be included in the order or decree.

NEW SECTION. Sec. 20. There is added to chapter 26.26 RCW a new section to read as follows:

RCW (sections 1 through 15, 21, and 22 of this act) without prior notice to the obligor. Failure to include this provision does not affect the validity of the support order. If the social security number of the person obligated to make child support payments under the support order or decree is available, the court shall require that the social security number of the obligor be included in the order or decree.

NEW SECTION. Sec. 21. Nothing in this chapter limits the authority of the attorney general or prosecuting attorney to use any and all civil and criminal remedies to enforce child support obligations regardless of whether or not the custodial parent receives public assistance payments.

NEW SECTION. Sec. 22. In any action to enforce a support order under this chapter, the prevailing party is entitled to a recovery of costs, including an award for reasonable attorney fees. An obligor may not be considered a prevailing party under this section unless the obligee has acted in bad faith in connection with the proceeding in question.

Sec. 23. Section 1, chapter 28, Laws of 1913 as last amended by section 34, chapter 154, Laws of 1973 1st ex. sess. and RCW 26.20.030 are each amended to read as follows:

(1) (((Every))) Every person who:

(a) has a child dependent upon him or her for care, education or support and deserts such child in any manner whatever with intent to abandon it; or

(b) Willfully omits, without lawful excuse, to furnish necessary food, clothing, shelter, or medical attendance for his or her child or stepchild or children or steppchildren or ward or wards: PROVIDED, That with regard to steppchildren the obligation shall cease upon termination of the relationship of husband and wife; or

(c) Has sufficient ability to provide for support of such person's spouse or is able to earn the means for such person's spouse support and willfully abandons and leaves such person's spouse in a destitute condition; or who refuses or neglects to provide such person's spouse with necessary food, clothing, shelter, or medical attendance, unless the abandonment is justified by misconduct of the abandoned spouse, shall be guilty of the crime of family abandonment.

(2) When children are involved under the age of sixteen years, such act shall be a felony and punished by imprisonment in the state penitentiary for not more than twenty years or by imprisonment in the county jail for not more than one year or by fine of not more than one thousand dollars or by both fine and imprisonment:

(3) When there is no child under sixteen years, such act shall be a gross misdemeanor and shall be punished by imprisonment in the county jail for not more than one year or by fine of not more than one thousand dollars or by both fine and imprisonment:

(2) The crime of family abandonment is a class C felony under chapter 9A. 20 RCW.

NEW SECTION. Sec. 24. There is added to chapter 26.20 RCW a new section to read as follows:

(1) Any person who is able to provide support, or has the ability to earn the means to provide support, and who:

(a) Willfully omits to provide necessary food, clothing, shelter, or medical attendance to a child dependent upon him or her; or
Section 25. Section 3, chapter 28, Laws of 1913 as amended by section 36, chapter 154, Laws of 1973 1st ex. sess. and RCW 26.20.080 are each amended to read as follows:

Proof of the (abandonment or) non-support of a spouse((c) or (the desertion)) of a child or children, ((ward or wards)) or the omission to furnish necessary food, clothing, shelter, or medical attendance for a spouse, or for a child or children, ((ward or wards)) is prima facie evidence that (abandonment or) the non-support((c)) or omission to furnish food, clothing, shelter, or medical attendance is wilful. The provisions of RCW 26.20.030 ((as now or hereafter amended)) and section 24 of this 1984 act are applicable ((whether the parents of such child or children are married or divorced and regardless of any decree made in said divorce action relative to alimony or to the support of the spouse or child or children)) regardless of the marital status of the person who has a child dependent upon him or her, and regardless of the nonexistence of any decree requiring payment of support or maintenance.

Sec. 26. Section 5, chapter 42. Laws of 1975-'76 2nd ex. sess. and RCW 26.26.040 are each amended to read as follows:

A man is presumed to be the natural father of a child if:

(1) He and the child’s natural mother are or have been married to each other and the child is born during the marriage, or within three hundred days after the marriage is terminated by death, annulment, declaration of invalidity, divorce, or dissolution, or after a decree of separation is entered by a court;

(2) Before the child’s birth, he and the child’s natural mother have attempted to marry each other by a marriage solemnized in apparent compliance with law, although the attempted marriage is or could be declared invalid, and the child is born within three hundred days after the termination of cohabitation;

(3) (After the child’s birth, he and the child’s natural mother have married, or attempted to marry, each other by a marriage solemnized in apparent compliance with law, although the attempted marriage is or could be declared invalid, and

(a)) He has acknowledged his paternity of the child in writing filed with the registrar of vital statistics((c));

(b)) (4) With his consent, he is named as the child’s father on the child’s birth certificate((c));

(c)) He is obligated to support the child under a written voluntary promise or by court order;

(d)) (5) While the child is under the age of majority, he receives the child into his home and openly holds out the child as his child;

(e)) (7) He acknowledges his paternity of the child in a writing filed with the registrar of vital statistics, who shall promptly inform the mother of the filing of the acknowledgment, and the she does not dispute the acknowledgment within a reasonable time after being informed thereof, in a writing filed with the registrar of vital statistics. If another man is presumed under any of subsections (1)((=(2), (3), (4) or (5)) through (6)) of this section to be the child’s father, ((such)) this acknowledgment shall give rise to the presumption of paternity only with the written consent of the otherwise presumed father or after such other presumption has been rebutted.

In an action to declare the nonexistence of a father and child relationship, a presumption under this section may be rebutted ((in an appropriate action)) only by clear, cogent, and convincing evidence. ((If two or more presumptions arise which conflict with each other, the presumption which on the facts is founded on the weightier considerations of policy and logic controls)) In an action to establish that another man is the natural father of a child, a presumption under this section may be rebutted by a preponderance of the evidence, whether or not the presumed father is a party to the action. The presumption is rebutted by a court decree establishing paternity of the child by another man.

Sec. 27. Section 10, chapter 42. Laws of 1975-'76 2nd ex. sess. as amended by section 6, chapter 41. Laws of 1983 1st ex. sess. and RCW 26.26.090 are each amended to read as follows:

(1) The child shall be made a party to the action. If the child is a minor, the child shall be represented by the child’s general guardian or a guardian ad litem appointed by the court subject to RCW 74.20.310. The child’s mother or father may not represent the child as guardian or otherwise. The natural mother((each man presumed to be the father under RCW 26.26.040)) and ((each)) a man or men alleged to be the natural father((c)) shall be made parties ((or, if not subject to the jurisdiction of the court)) if a man presumed to be the father under RCW 26.26.040 is not joined as a party, he shall be given actual notice of the action ((in a manner prescribed by the court)) if possible and an opportunity to be heard. ((The court may align the parties));

(2) Any party may cause to be joined as additional parties other men alleged to be the father of the child or any other person necessary for a full adjudication of the issues.
(3) The failure or inability to join as a party an alleged or presumed father does not deprive the court of jurisdiction to adjudicate some or all of the issues based on the evidence and parties available to it.

(4) If more than one party is alleged to be the father of the child, the default of a party shall not preclude the court from finding any other party to be the father of the child.

Sec. 28. Section 11, chapter 42, Laws of 1975-'76 2nd ex. sess. as amended by section 7, chapter 41, Laws of 1983 1st ex. sess. and RCW 26.26.100 are each amended to read as follows:

(1) The court may, and upon request of a party shall, require the child, mother, and ((or presumed or)) any alleged father who has been made a party to submit to blood tests. If an alleged father objects to a proposed order requiring him to submit to paternity blood tests, the court may order the party making the allegation of possible paternity to provide sworn testimony, by affidavit or otherwise, stating the facts upon which the allegation is based. The court shall order blood tests if it appears that a reasonable possibility exists that the requisite sexual contact occurred.

(2) The tests shall be performed by an expert in paternity blood testing appointed by the court. The expert's verified report identifying the blood characteristics observed is admissible in evidence in any hearing or trial in the parentage action, if the report is accompanied by an affidavit from the expert which describes the expert's qualifications as an expert and analyzes and interprets the results. Verified documentation of the chain of custody of the blood samples tested is admissible to establish the chain of custody. The court may consider published sources as aids to interpretation of the test results.

(3) The failure or inability to join as a party an alleged or presumed father does not deprive the court of jurisdiction to adjudicate some or all of the issues based on the evidence and parties available to it.

(4) If more than one party is alleged to be the father of the child, the default of a party shall not preclude the court from finding any other party to be the father of the child.

Sec. 29. Section 12, chapter 42, Laws of 1975-'76 2nd ex. sess. and RCW 26.26.110 are each amended to read as follows:

Evidence relating to paternity may include:

(1) Evidence of sexual intercourse between the mother and alleged father at any possible time of conception;

(2) An expert's opinion concerning the statistical probability of the alleged father's paternity based upon the duration of the mother's pregnancy;

(3) An expert's opinion concerning the impossibility or the statistical probability of the alleged father's paternity based upon blood test results (weighted in accordance with evidence, if available, of the statistical probability of the alleged father's paternity);

(4) Medical or anthropological evidence relating to the alleged father's paternity of the child based on tests performed by experts. If a man has been identified as a possible father of the child, the court may, and upon request of a party shall, require the child, the mother, and the man to submit to appropriate tests; and

(5) All other evidence relevant to the issue of paternity of the child.

Sec. 30. Section 13, chapter 42, Laws of 1975-'76 2nd ex. sess. and RCW 26.26.120 are each amended to read as follows:

(1) An action under this chapter is a civil action governed by the rules of civil procedure((a)). The mother of the child and the alleged father are competent to testify and may be compelled to testify.

(2) Upon refusal of any witness, including a party, to testify under oath or produce evidence of any other kind on the ground that ((he)) the witness may be incriminated thereby, and if a prosecuting attorney requests the court to order that person to testify or provide the evidence, the court shall then hold a hearing and shall so order, unless it finds that to do so would be clearly contrary to the public interest, and that person shall comply with the order.

If, but for this section, ((he)) the witness would have been privileged to withhold the answer given or the evidence produced ((by him)), the witness may not refuse to comply with the order on the basis of ((he)) the privilege against self-incrimination; but ((he)) the witness shall not be prosecuted or subjected to criminal penalty or forfeiture for or on account of any transaction, matter, or fact concerning which ((he)) the witness has been ordered to testify pursuant to this section. ((He)) The witness may nevertheless be prosecuted for failing to comply with the order to answer, or for perjury or for offering false evidence to the court.

(3) Testimony of a physician concerning the medical circumstances of the pregnancy and the condition and characteristics of the child upon birth is not privileged.
(4) In an action against an alleged father, evidence offered by (him) the alleged father with respect to a man who ((is not subject to the jurisdiction of the court)) has not been joined as a party concerning ((this)) the nonparty's sexual intercourse with the mother at or about the probable time of conception of the child is admissible in evidence only if ((the)) the nonparty has undergone and made available to the court blood tests, including the human leukocyte antigen (HLA) test or other tests of comparable exclusionary power, the results of which do not exclude the possibility of ((this)) the nonparty's paternity of the child. ((A man who is identified is subject to the jurisdiction of the court shall be made a defendant in the action.))

(5) The trial shall be by the court without a jury.
Sec. 31. Section 15, chapter 42. Laws of 1975-76 2nd ex. sess. and RCW 26.26.140 are each amended to read as follows:
The court may order reasonable fees of ((courtset)) experts(()) and the child's guardian ad litem, and other costs of the action, including blood test((s)) costs, to be paid by the parties in proportions and at times determined by the court. The court may order that all or a portion of a party's attorney's fees be paid by another party, except that no attorney's fees may be assessed against the state or any of its agencies or representatives.

Sec. 32. Section 5, chapter 322, Laws of 1959 as last amended by section 20, chapter 201, Laws of 1982 and RCW 74.20.040 are each amended to read as follows:
(1) Whenever the department of social and health services receives an application for public assistance on behalf of a child, the department shall take appropriate action under the provisions of this chapter, chapter 74.20A RCW, or other appropriate statutes of this state to establish or enforce support obligations against the parent or other persons owing a duty to pay support moneys.
((The department shall collect data from cases of support under RCW 74.20.270 where there is no court-ordered support obligation. Such data shall include: Income characteristics of those obligated to pay support, obligation established, and resulting payments. The department shall report its findings to the appropriate legislative committees by January 1, 1983. The department shall reconsider its administrative standards under RCW 74.20.270 in light of relevant data and shall, to the extent feasible without substantial impact on aid to families with dependent children, bring those standards into conformity with payment standards based on actual experience.))

(2) The secretary may accept applications for support enforcement services on behalf of persons who are not recipients of public assistance and may take action as he deems appropriate to establish or enforce support obligations against the parent or other persons owing a duty to pay moneys. Applications accepted under this section may be conditioned upon the payment of a fee as required through regulation issued by the secretary. Action may be taken under the provisions of chapter 74.20 RCW, the abandonment or nonsupport statutes, or other appropriate statutes of this state, including but not limited to remedies established in chapter 74.20A RCW, to establish and enforce said support obligations. The secretary may establish by regulation such reasonable standards as he deems necessary to limit applications for support enforcement services. Said standards shall take into account the income, property, or other resources already available to support said person for whom a support obligation exists.

(3) The secretary may ((charge)) collect a fee from the person obligated to pay support to compensate the department for services rendered in establishment of or enforcement of support obligations. This fee shall be ((agreed upon in writing with the custodian or guardian of the person for whom a support obligation is owed, or that person if no custodian or guardian exists and shall be)) limited to not more than ten percent of any support money collected as a result of action taken by the secretary. The secretary shall by regulation establish reasonable fees for support enforcement services and said schedule of fees shall be made available to ((all applicants for support enforcement services)) any person obligated to pay support. The secretary may, on showing of necessity, waive or defer any such fee.

(4) ((The secretary may impose a fee on the individual who owes a child support or spousal support obligation with respect to all such child and spousal support obligations for which collection is made on behalf of persons who are not recipients of public assistance.))
Fees, due and owing, may be collected as delinquent support moneys utilizing any of the remedies in chapter 74.20 RCW, chapter 74.20A RCW, chapter 26.21 RCW, or any other remedy at law or equity available to the department or any agencies with whom it has a cooperative or contractual arrangement to establish, enforce, or collect support moneys or support obligations.

(5) The secretary may waive the fee, or any portion thereof, as a part of a compromise of disputed claims or may grant partial or total charge off of said fee if the secretary finds there are no available, practical, or lawful means by which said fee may be collected or to facilitate payment of the amount of delinquent support moneys owed.

NEW SECTION. Sec. 33. A joint legislative committee on child support is hereby created. The committee shall be composed of eleven legislative members, five to be appointed by the speaker of the house of representatives and five to be appointed by the president of the senate. Three of the members from each house shall be from the majority party and two from the minority party. The eleventh member shall be a member of the public and shall be appointed...

The joint committee shall give particular attention to the recommendations which were made at the October 1983 legislative conference on child support and paternity.

**NEW SECTION. Sec. 38.** If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

**MOTION**

Senator Owen moved the following amendment to the Wojahn amendment:

On page 13, alter line 28, insert the following:

"Sec. 22. Section 16, chapter 157, Laws of 1973 1st ex. sess. and RCW 26.09.160 are each amended to read as follows:

(1) If a party fails to comply with a provision of a decree or temporary order of injunction, the obligation of the other party to make payments for support or maintenance or to permit visitation is not suspended (but he may move the court to grant an appropriate order) except, upon motion and after hearing, the court may order the suspension of the payment of child support to a custodial parent required by a court order if visitation is not allowed by the custodial parent in compliance with the court order under the following conditions:

(a) The custodial parent is served with a motion and order to show cause why an order suspending support payments should not be entered in accordance with this section;

(b) The obligor parent is current in the child support obligation;

(c) The obligor parent continues to make full child support payments to the clerk of the court, to be held in trust; and

(d) The child support obligation is not assigned to the state under RCW 74.20.330;

(2) It is a defense to a suspension of child support sought under this section that visitation by the obligor parent would endanger a child's physical, mental, or emotional health.

(3) At any time after the entry of an order suspending support payments under this section, the custodial parent may petition the court for relief from the suspension order. The court shall grant relief from the suspension order, release the support payments held in trust to the custodial parent, and reinstate the original child support order. If the custodial parent demonstrates compliance with the visitation order and gives adequate assurances of continuing compliance, or proves existence of a violation of one of the conditions set forth above,

(4) If relief is not granted from the suspension order within one year of entry, the court may, upon motion of a party, enter an appropriate order disposing of the support moneys held in trust, which may include the release of the moneys to the obligor and relief of the future obligation to pay support."

MOTION

On motion of Senator Hughes, the rules were suspended, Engrossed Substitute Senate Bill No. 4775 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

POINT OF INQUIRY

Senator Bottiger: "Senator Hughes, I understand the reversionary interest if the city is not going to use it, then it comes back to the state. Is that the reversionary interest you are talking about?"

Senator Hughes: "Yes, traditionally what has happened, Senator Bottiger and responding to that, The Parks Commission has relinquished or waived the reversionary clause and in effect the state has received no benefit—the local entity received monetary value and the state received nothing."

Senator Bottiger: "O.K. now, under this bill you're going to appraise the reversionary interest and I'm having trouble understanding why the appraisal won't come back at the full value of the property. It's yours if you use it one way, but if you don't it's mine—and if you want to sell it, I'm going to get all the money."

Senator Hughes: "Well, in conversation with the attorneys on our staff and the conversation with the Parks Commission, they say there was no problem with the fact that that clause—that that value would not be the total value of the property and that was something that was negotiable and that was something that had to be agreeable."

Senator Bottiger: "You only negotiate then with the City of Spokane? The property is worth a hundred dollars and you're going to split it somehow between Spokane and the state parks' account?"

Senator Hughes: "That's right."

POINT OF INQUIRY

Senator Hemstad: "Senator Hughes, I read this language which is general in its terms and then the explanation you give, it focuses on reversionary interests. How is one to know from this language that that's what this bill is about?"

Senator Hughes: "If you would specifically reference where your concern is, Senator Hemstad, I will be glad to reply."

Senator Hemstad: "I'm sorry, I'm looking at section 2."

Senator Hughes: "That deals with the fee and land exchange—that section. The reversionary clause is addressed in section 1, subsection (2)."

Senator Hemstad: "Well then, Senator, let me ask you about section 2. What is the purpose of the new language in section 2?"

Senator Hughes: "Right now, there is no requirement that when—the example that Senator Kiskaddon raised—there is no requirement that when there's a land exchange between a private property owner and the Parks Commission for consolidation for whatever reason that there will be any administrative fees. This simply states that there shall be a fee, but it gives discretionary authority. This is the debate that Senator Kiskaddon and I had with the Commission as to what that fee schedule would be."

"There are many times when it's for the benefit of the state to make the land exchange, there's no question about it. I would suggest that the Commission have
the discretionary authority to make that a minimal fee. There are other times when it's to the benefit of the contacting party, even to a greater degree, than the state and they are in a position where that fee could be of a higher level and again the Commission has felt that they need the authority to make that judgment."

The President declared the question before the Senate to be the roll call on final passage of Engrossed Substitute Senate Bill No. 4775.

MOTION

On motion of Senator Owen, the rules were suspended, Senate Bill No. 4640 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

POINT OF INQUIRY

Senator Rasmussen: "Senator Hansen, this proposed legislation would say that, in effect, if you saw some hunters coming across your farm and you had deer there mixed in with your cattle and you chased the deer away and put a sign on your cattle, that you would be interfering with the hunters, duly licensed. Is that what you farmers want in eastern Washington? You have to protect your cows, I understand that, with signs around their neck, but if you chased the deer out of the herd so your cows don't get shot, you would be interfering with the hunters."

Senator Hansen: "Well, I imagine you are right, but I don't think we will have much trouble with the deer running in with our cows and if I didn't want the hunters in there, I would have 'no trespassing' signs, and then I would be afraid the hunters would be thrown out. If I hadn't posted the signs, the hunters would be free to hunt."
"Let me tell you a little story that happened down by Collax. It was during bow season and there was a deer in the back yard of my nephew's place. They had a little girl about yea high and she looked out the window and saw a guy slam on his brakes, grab his bow and arrow and the girl ran out through there and chased the deer away and said 'the guy is going to shoot you'—and the guy tired and spent two hours hunting for his arrow. I suppose she should have been cited for violating—chasing—the deer away, but I thought it was kinda cute the way she did it."

President Cherberg assumed the chair.

There being no objection, the Senate resumed consideration of Substitute Senate Bill No. 4653 and the pending amendment by Senator Bluechel on page 3, following line 17 to the proposed amendment by Senators McManus and McDermott, all deferred earlier today.

RULING BY THE PRESIDENT

President Cherberg: "In ruling upon the point of order raised by Senator McDermott, the President finds that Senate Bill No. 4653 is a measure which deals with child protective services intake and assessment procedures, guardian ad litem qualifications, service worker reports, DSHS's central registry reports, and the Council on Child Abuse.

"The amendment proposed by Senator Bluechel would simply add another exception to the requirement that central registry reports may only be available upon court order.

"The President, therefore, finds that the proposed amendment does not expand the scope and object of the bill and that the point of order is not well taken." The amendment to the amendment was ruled to be in order.

Debate ensued.

MOTION

On motion of Senator Bottiger, further consideration of Substitute Senate Bill No. 4653 was deferred.
SECOND READING

SENATE BILL NO. 4475, by Senators Peterson, Guess and Conner

Requiring a vehicle owner to notify the department of licensing of transfer of ownership.

The bill was read the second time.

MOTION

On motion of Senator Peterson, the rules were suspended. Senate Bill No. 4475 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

POINT OF INQUIRY

Senator Rasmussen: “Senator Peterson, let’s take the widow down the street—sells the automobile—she knows enough to sign off the title, but she doesn’t know anything about this requiring her to give notice to the Department that she sold the vehicle. How is she going to become acquainted with the law? This is a casual sale, you understand, after her husband died and she just wants to get rid of the car.”

Senator Peterson: “The Department of Licensing on transfer of the title will have a box prescribed with seller—they already have the seller’s report on it—and when she turns that in—the buyer is forced to turn that in—then the Department has immediate notification.”

Senator Rasmussen: “Well, this indicates that the seller has to do it within five days.”

Senator Peterson: “Well, the seller—in all cases within five days—yes, but the license transfer will be made out in such a way that all the seller has to do is mail it in. The onus is principally on the buyer to make that transfer.”

Senator Rasmussen: “I guess my understanding is just not clear, yet. The title that this widow has in her strong box—her husband told her ‘if I ever die, you can sign this off and sell it.’ That title isn’t changed. There is no box on it other than she signs off as the legal owner. She will have no knowledge of this law, yet she will be in violation if she does not personally write a letter down here to the License Department, saying ‘I am the seller.’”

Senator Peterson: “Well, the violation isn’t—the onus in this case isn’t on the seller, it is on the buyer—the penalty.”

Senator Rasmussen: “It doesn’t say so. On page 1, it says ‘within five days, the owner shall notify the Department of the sale or transfer’ and that would be the original owner.”

Senator Peterson: “That is true, but there is no penalty clause on that. The penalty rests upon the buyer for failure to transfer.”

Senator Rasmussen: “Any violation of the law is a misdemeanor, and she would be liable for that.”

Senator Peterson: “Well, I don’t think that this is an item of concern, because it will be right on your transfer of title, so the information will surely be there.”

The President declared the question before the Senate to be the roll call on final passage of Senate Bill No. 4475.

On motion of Senator Talmadge, the rules were suspended. Substitute Senate Bill No. 3654 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

POINT OF INQUIRY

Senator Rasmussen: "Senator Talmadge, on the bottom of page 47—'before accepting the defendant's plea of not guilty on grounds of insanity, the court must determine that the plea is being made voluntarily and with the understanding of the charge and consequence of the plea.' My question is this: Senator Talmadge, my lawyer tells me to plead insanity—that is the only way I am going to get off. Would that be called voluntary? He has advised me that is my best way of escaping getting hung by the neck. Is that called voluntary, when your lawyer tells you to do it?"

Senator Talmadge: "Senator, right now under the law, the individual making the plea must understand the nature of the plea and at least be acquainted in some fashion with the consequences of taking the plea. That is not any change in the law from the way it is now. The requirement would be that this plea be made with the assistance of counsel so that the individual has some understanding by virtue of the explanation given to him or her by counsel—of the significance of the plea that he or she is about to make."

Senator Rasmussen: "Well, if he gets hung by the neck, he will sue his lawyer."

Senator Talmadge: "It would be kind of difficult at that point, Slim."

The President declared the question before the Senate to be the roll call on final passage of Substitute Senate Bill No. 3654.

On motion of Senator Talmadge, the rules were suspended. Substitute Senate Bill No. 4362 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

POINT OF INQUIRY

Senator Bolliger: "Senator Hemstad, I understand that the second half of that amendment is to take care of the guy that can afford to have a chauffeur drive the car so he can keep the bar and the television set in the back and keep the party going. Have we adequately taken care of him in this bill?"

Senator Hemstad: "Well, Senator Bolliger, I would answer that by saying the standard like the open container laws will take some additional tinkering and there may be some other circumstances, too. We exempted the situation where you have the bus arrangement with a professional driver where persons are going--say to a football game--that kind of a situation is exempted because the professional driver obviously cannot be drinking and driving."

Senator Bolliger: "But if you and I, Senator, if you drove my pickup and I was in the party in the back of the camper with my friends, but you weren't drinking, I could still be arrested--and you arrested for the activities in the back of the camper?"

Senator Hemstad: "Yes, and the difference is of course--the distinction is when you have a professional who is hired strictly and exclusively as a driver and the other you have a social and typical driver-passenger situation and it is quite different."

SENATE BILL NO. 4394, by Senators Gaspard, Rinehart, Wojahn, Haley, von Reichbauer, Granlund, Rasmussen, Bottiger and Hemstad

Waiving community college fees for certain unemployed persons.

The bill was read the second time.

MOTION

Senator Gaspard moved adoption of the following Committee on Education amendment:

```
NEW SECTION. Sec. 1. The legislature finds that providing educational opportunities to the long-term unemployed and underemployed is a valuable incentive to these individuals to reestablish themselves as contributing members of society. To this end, the legislature finds that creating the opportunity for these people to attend the state's community colleges on a space available basis, without charge, will provide the impetus for self-improvement without drawing upon the limited resources of the state or its institutions.

NEW SECTION. Sec. 2. There is added to chapter 223, Laws of 1969 ex. sess. and to chapter 28B.15 RCW a new section to read as follows:

(I) The boards of trustees of the community college districts may waive the tuition, operation, and services and activities fees for persons under subsection (2) of this section pursuant to the following conditions:

(a) Such persons shall register for and be enrolled in courses on a space available basis and new course sections shall not be created as a result of the registration;

(b) Enrollment information on persons registered pursuant to this section shall be maintained separately from other enrollment information and shall not be included in official enrollment reports, nor shall such persons be considered in any enrollment statistics which would affect budgetary determinations; and

(c) Persons who enroll under this section shall have the same access to support services as do all other students and shall be subject to all course prerequisite requirements.

(2) A person is eligible for the waiver under subsection (1) of this section if the person:

(a) Meets the requirements for a resident student under RCW 28B.15.011 through 28B.15.015;

(b) Is twenty-one years of age or older;

(c) At the time of initial enrollment under subsection (1) of this section, has not attended an institution of higher education for the previous six months;

(d) Is not receiving or is not entitled to receive unemployment compensation of any nature under Title 50 RCW; and
```
(e) Has an income at or below the need standard established under chapter 74.04 RCW by the department of social and health services.

(3) The state board for community college education shall adopt rules to carry out this section.

NEW SECTION. Sec. 3. This act shall expire July 1, 1986.

NEW SECTION. Sec. 4. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

POINT OF INQUIRY

Senator McDonald: "Senator Gaspard, what is the fiscal note on this? Is none available? Is there a significant loss of tuition revenue?"

Senator Gaspard: "No, we did request a fiscal note. There is no fiscal note. They cannot count these students as part of their FTE's—from a space available basis only. They will not be able to create any additional classes because of the individuals. I think we have taken care of all the fiscal matters and I don't think we should have—we should have a concern, but the concern is that we are taking care of them. There will not be a fiscal impact from this measure. It is only permissive. These local trustees would have the opportunity to have this program, only if they wish to have it."

Senator McDonald: "This doesn't count then as part of their four percent waiver, it doesn't count as their FTE's, it doesn't count on the books at all?"

Senator Gaspard: "Those statements are correct."

The President declared the question before the Senate to be adoption of the Committee on Education amendment.

The motion by Senator Gaspard carried and the Committee on Education amendment was adopted.

PERSONAL PRIVILEGE

Senator Rasmussen: "Mr. President, a personal privilege. I distributed to all the members of the Senate and I think the press has a few copies, an article out of the USA Today, November 30, 1983, in which one of the large bond house presidents was saying he would have had a better record if he could have dumped an extra 10 million dollars of WPPSS bonds on the public. This is one of the biggest bond houses and they sold 3.2 million to individuals, but he has the last 10 million and the bankruptcy of WPPSS caught him and he had to keep that in his own fund, instead of liquidating it to the public."
"I have sent this material to the Securities Exchange Commission who are investigating the bond houses—Merrill Lynch, Nuveen, Dean Witter and all those who had the bonds. He could not sell these bonds to any other bond house, so he was liquidating these bonds to the public. Now, that is an example of misinformation—if you will notice the date—11/30/83. It was quite common knowledge that there was going to be bankruptcy in 4 and 5, yet they were still unloading bonds on the public and I think that that’s criminal and I am urging in my letter to the Securities Exchange Commission that they investigate thoroughly and they have this material to back them up. This was a statement by the president of the company and I imagine it was pretty accurate."

SECOND READING

SENATE BILL NO. 4401, by Senators Thompson, Lee, Moore and Sellar

Permitting port commissions to negotiate the sale of property owned by the port district.

The bill was read the second time.

MOTION

On motion of Senator Thompson, the rules were suspended. Senate Bill No. 4401 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

POINT OF INQUIRY

Senator Rasmussen: "Senator Thompson, as I understand this means they may negotiate as long as they get the price equivalent of the fair market value price to appraise it. Take this scenario where you've got twenty acres down in the port district and it's worth a couple million dollars and they negotiate and they get the fair market value as determined by appraisers. The problem is, as I see, with this legislation is that nobody else knows if they are negotiating and there may be better than the market price available if more people knew about it and this can happen very easily. I know this is sponsored with good intent. I know from property dealings that sometimes you can get, maybe, a third more than the fair market price as determined by appraisers. Now, that would permit the port to negotiate very quietly and nobody would ever know about it—yes or no?"

Senator Thompson: "I'm not going to give you a yes or no, Senator Rasmussen, I think that we have to have more confidence in the business judgment and the integrity of our port commissioners in their desire to make the best possible deal they can on any transaction. These kinds of actions are contemplated and considered in open meetings—".

Senator Rasmussen: "Now, wait a minute, you said open meetings. This is negotiations—not in open meetings."

Senator Thompson: "I said that they were contemplated and considered in open meetings. The negotiations wouldn't be conducted in an open meeting, because it might affect the price but I think, Senator Rasmussen, that your suspicions are unfounded."

POINT OF INQUIRY

Senator Quigg: "Senator Rasmussen, I'm not all that experienced in local government matters and I know you've had quite a little experience there, besides your long legislative career. What do you see in this that would prevent negotiations, in essence, from taking place, as you say, in the dark of night and certain folks having an advantage over other people that might be able to participate if this was an open public sale. Do you see any problems there at all?"

Senator Rasmussen: "I very definitely do. As a person that has been in a position where we have the selling of property, I always felt much better when it was public notice. Everybody became aware that it was available when you went through the bidding process. I'm in the process right now of selling a piece of property where the first offer, the second offer, and the third offer—and they're getting better each time. But, if you only go into negotiations with one and nobody else knows about it—the deal is concluded, public property is gone and maybe they got a good price, but maybe they could have got a better price if more of the companies around the country had known about it. That's why I don't like this type of legislation."
The President declared the question before the Senate to be the roll call on final passage of Senate Bill No. 4401.

ROLL CALL

The Secretary called the roll on final passage of Senate Bill No. 4401, and the bill passed the Senate by the following vote: Yeas, 38; nays, 08; absent, 00; excused, 03.

MOTION

Senator Peterson moved adoption of the following amendment:

*NEW SECTION. Sec. 1. There is added to chapter 46.16 RCW a new section to read as follows:

(1) To renew a vehicle license, an applicant shall satisfy all listed standing, stopping, and parking violations for the vehicle incurred while the vehicle was registered in the applicant's name and forwarded to the department pursuant to RCW 46.20.270(3). For the purposes of this section, "listed" standing, stopping, and parking violations include only those violations for which notice has been received from local agencies by the department one hundred fifty days
or more before the date the vehicle license expires and that are placed on the records of the department. Notice of such violations received by the department later than one hundred fifty days before that date that are not satisfied shall be considered by the department in connection with any applications for license renewal in any subsequent license year. The renewal application may be processed by the director or his agents only if the applicant:

(a) Presents a preprinted renewal application showing no listed standing, stopping, and parking violations, or in the absence of such presentation, the agent verifies the information that would be contained on the preprinted renewal application; or

(b) If listed standing, stopping, and parking violations exist, presents proof of payment and pays a ten dollar surcharge.

(2) The ten dollar surcharge shall be allocated as follows:

(a) Five dollars shall be deposited in the motor vehicle fund to be used exclusively for the administrative costs of the department of licensing; and

(b) Five dollars shall be retained by the agent handling the renewal application to be used by the agent for the administration of this section.

(3) If there is a change in the registered owner of the vehicle, the department shall forward the information regarding the change to the local charging jurisdiction and release any hold on the renewal of the vehicle license resulting from parking violations incurred while the certificate of license registration was in a previous registered owner’s name.

(4) The department shall send to all registered owners of vehicles who have been reported to have outstanding listed parking violations, at the time of renewal, a statement setting out the dates and jurisdictions in which the violations occurred as well as the amounts of unpaid fines and penalties relating to them and the surcharge to be collected.

NEW SECTION. Sec. 2. Section 1, chapter 14, Laws of 1982 1st ex. sess. and RCW 46.16.215 are each repealed.

NEW SECTION. Sec. 3. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 4. This act shall take effect on July 1, 1984.”

POINT OF INQUIRY

Senator Patterson: “Senator Peterson, could you describe the difference in the process as far as the Department of Licensing is concerned on this issue, as to the nonpayment of parking fees in a city? What powers now would remain with the DOL as to the licensing of the vehicle?”

Senator Peterson: “They still have the same powers, but before they can issue the transfer, proof of payment of these parking tickets will have to be shown—either to the auditor’s office or DOL—before that license will be issued. Instead of the computer set-up that we passed in 1982, where every agent and sub-agent and county auditor’s office would have to have the computers linked up to the DOL, this way they are going to have a toll free hot line and clear it just as fast, and with much less expense. Senator Patterson.”

POINT OF INQUIRY

Senator Hurley: “Senator Peterson, for my own information. I remember last year when we were discussing a bill that gave collection agencies the right to collect fees such as this. Did that bill pass and is that in effect and if they do have that recourse, then I feel that we can give them this.”

Senator Peterson: “Senator Hurley, I can’t respond to another piece of legislation. I’m not aware of what you’re speaking to. This is a specific directive that the legislature passed in 1982 and it was to be implemented this year. The Department, at least in testimony that was before the committee, indicated that they weren’t geared up for it. It wasn’t funded and it would be practically impossible to administer, so this is the reason for this compromise and why this bill is before us today.”

Further debate ensued.

MOTION

On motion of Senator Shinpoch, further consideration of Senate Bill No. 4338 was deferred.

- On page 13, line 13, after "exceed" strike "((five)) ten" and insert "five"
- On page 14, line 3, after "exceed" strike "((five)) ten" and insert "five"
- On page 18, line 33, after "exceeding" strike "((five)) ten" and insert "five"

POINT OF INQUIRY

Senator Metcalf: "Senator Vognild. I’m not sure exactly the kinds of groups that you are talking about that are licensed and unlicensed. Could you just give us a few examples of those? It would help me on this amendment."

Senator Vognild: "Basically. Senator. a licensed group would be what you would find as a well-organized group—the Eagles. the Elks. the Boys Club—this type of a group. An unlicensed group would be an impromptu group that got together for the purpose. we will say. of promoting a particular single boat race. In other words, a one-time thing. They probably would only be in operation to
accomplish one purpose and they stop. That would be unlicensed. Any ongoing group would be licensed."

POINT OF INQUIRY

Senator Kiskaddon: "Senator Vognild, as I look into this yellow book, it looks like an organization would be able to get five thousand dollars a year from casino nights and another five thousand dollars from unlicensed bingo, raffles and amusement games and another five thousand from member-only raffles. Would that mean that the organizations then could get up to fifteen thousand dollars a year?"

Senator Vognild: "Senator, my understanding is that the Gambling Commission considers that to be one unit and the total would be ten thousand dollars."

The President declared the question before the Senate to be the adoption of the three Committee on Commerce and Labor amendments. The motion by Senator Vognild carried and the committee amendments were adopted.

REPLY BY THE PRESIDENT

President Cherberg: "Yes, Senator Gaspard—the Vognild amendment to the Bender amendment."
Senator Gaspard: "Which is to change from ten percent to five percent. That's what I thought. It seems that most of the arguments have been on the Bender amendment, if we could purge channels to the Vognild amendment, then I think all the comments would be appropriate."

Further debate ensued.

The President declared the question before the Senate to be adoption of the Vognild amendment to the Bender amendment.

The motion by Senator Vognild carried and the amendment to the amendment was adopted.

The President declared the question before the Senate to be adoption of the Bender amendment, as amended.

**MOTION**

Senator Gaspard moved that the following amendment by Senators Gaspard and Moore be adopted:

On page 2, line 4, after restrict insert , except as provided in this section.

**POINT OF INQUIRY**

Senator Rasmussen: "Senator Gaspard, I note that in that same section, below line 4—it's on line 7, and I don't know—you say after restrict, insert except as provided in this section and then line 7 says 'and shall not place limitations on the time or place that the employees make that selection.' To me, there's no restriction there at all. It's any insurance agent or annuity could come in at any time in the building with that provision in there. Are you sure you don't want to amend that out?"

Senator Gaspard: "Senator, if you would continue reading on the next paragraph, lines 9 through 18, it allows the directors of the local school board to set up rules and regulations regarding the time and the hours that agents could be contacting the teachers—access to the building, also."

Senator Rasmussen: "But the line up above negates that. It says 'shall not place any limitation on the time or place that the employees make the selection.' The two are contrary to each other."

Senator Gaspard: "I guess the only comment I would have is that we'd have to talk to the Code Reviser on that. I think it has already been taken care of. We do have the provisions here that the local school boards can set the restrictions—the time and location that agents can contact the teachers during school hours."

The President declared the question before the Senate to be adoption of the amendment by Senator Gaspard.

The motion by Senator Gaspard carried and the amendment was adopted.

**MOTION**

Senator Rasmussen moved the following amendment be adopted:

On page 2, line 7, after purchased strike all the matter down through 'selection' on line 8.

**POINT OF INQUIRY**

Senator Gaspard: "Senator Rasmussen, the language that you are contending to delete deals with the employees' selection. The regulation that each school board could adopt deals with the sale of the tax deferred annuity. I think these are two separate items. Can you really make a restriction as to when an employee makes this selection of which annuity they wish?"

Senator Rasmussen: "Well, Senator Gaspard, it doesn't say that. It says 'shall not place limitations on the time or the place that the employee makes the selection.' He can make any selection he wants, but it merely takes that ambiguity out of there that the next section says that they can control the access during school hours."

Senator Gaspard: "Senator Rasmussen, would it be your intent then if a school district placed a limitation of the first two months in a school district to make a selection, that they would be able to do so now, if you eliminate this language?"
Senator Rasmussen: "No, they would still be able to make the selection any time they agreed with their insurance agent or whatever broker that was handling it—at any time."

The President declared the question before the Senate to be adoption of the amendment by Senator Rasmussen.

The motion by Senator Rasmussen failed and the amendment was not adopted.

**MOTION**

On motion of Senator Gaspard, the rules were suspended. Engrossed Senate Bill No. 4500 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

The legislature encourages them to achieve this goal by:

(a) Assuring the wholesale distributor's freedom to manage the business enterprise, including the wholesale distributor's right to independently establish its selling prices; and

(b) Assuring the supplier and the public of service from wholesale distributors who will devote their best competitive efforts and resources to sales and distribution of the supplier's products which the wholesale distributor has been granted the right to sell and distribute.

(2) This chapter governs the relationship between suppliers of malt beverages and wine and their wholesale distributors to the fullest extent consistent with the Constitution and laws of this state and of the United States.

(1) "Agreement of distributorship" means any contract, agreement, commercial relationship, license, association, or any other arrangement, for a definite or indefinite period, between a supplier and wholesale distributor.
NEW SECTION. Sec. 3. Suppliers are entitled to the following protections which shall be incorporated in the agreement of distributorship:

2. A wholesale distributor shall maintain the financial and competitive capability necessary to achieve efficient and effective distribution of the supplier's products;
3. A wholesale distributor shall maintain the quality and integrity of the supplier's product in the manner set forth by the supplier;

6. A wholesale distributor shall give the supplier prior written notice, of not less than ninety days, of any material change in its ownership or management and the supplier has the right to reasonable prior approval of any such change; and

The notice shall state all the reasons for the intended termination, cancellation, or nonrenewal. Upon receipt of notice, the wholesale distributor shall have sixty days in which to rectify any claimed deficiency. If the deficiency is rectified within this sixty-day period, the proposed termination, cancellation, or nonrenewal is null and void and without legal effect;
3. The wholesale distributor is entitled to compensation for the laid-in cost of inventory and liquidated damages measured on the fair market price of the business as provided for in the agreement for any termination of the agreement by the supplier other than termination for cause, for failure to live up to the terms and conditions of the agreement, or any reason set forth in section 3(5) of this act; and
4. The wholesale distributor may sell or transfer its business, or any portion thereof, including the agreement, to successors in interest upon prior approval of the transfer by the supplier. No supplier may unreasonably withhold or delay its approval of any transfer, including wholesaler's rights and obligations under the terms of the agreement, if the person or persons to be substituted meet reasonable standards imposed by the supplier.

NEW SECTION. Sec. 5. No supplier may:
(1) Coerce or induce, or attempt to induce or coerce, any wholesale distributor to engage in any illegal act or course of conduct;

(2) Require a wholesale distributor to assent to any unreasonable requirement, condition, understanding, or term of an agreement which prohibits a wholesaler from selling the product of any other supplier or suppliers; or

(3) Require a wholesale distributor to accept delivery of any product or any other item or commodity which was not ordered by the wholesale distributor.

NEW SECTION. Sec. 6. In any action brought by a wholesale distributor or a supplier pursuant to this chapter, the prevailing party shall be awarded its reasonable attorney's fees and costs.

NEW SECTION. Sec. 7. This chapter may be known and cited as the wholesale distributor/supplier equity agreement act.

Debate ensued.

Senator Clarke demanded a roll call and the demand was sustained.

The President declared the question before the Senate to be the roll call on adoption of the amendment by Senator Bluechel to the McManus and McDermott amendment.

ROLL CALL

The Secretary called the roll and the motion by Senator Bluechel failed and the amendment to the amendment was not adopted by the following vote: Yeas, 22; nays, 25; absent, 01; excused, 01.

On page 3, following line 17, add a subsection as follows:

"(S) A central file on persons arrested for or convicted of the sexual assault or molestation of a child under the age of eighteen shall be kept by the crime information center of the records division of the Washington State Patrol, and periodic reports concerning the list shall be sent to the department. Information contained in the file on any person arrested three or more times for the sexual assault or molestation of a child or children or any person convicted of the sexual assault or molestation of a child shall be available to any business or organization that deals primarily with the care of education of children. Within forty-eight hours after the information is requested, the patrol shall advise the requesting organization of the arrests or convictions."

POINT OF ORDER

Senator McDermott: "Mr. President, I raise the question of scope and object on this amendment. I think the amendment—bringing in the State Patrol—the whole issue of what we are doing here in terms in cost to the State Patrol, is an issue that apparently is being done, although it is unclear as to the nature of why we have to be changing the law. It is not mentioned in the rest of the bill and I would suggest that this particular issue is beyond the scope and object of the bill."

Debate ensued.

RULING BY THE PRESIDENT

President Cherberg: "In ruling upon the point of order raised by Senator McDermott, the President finds that Senate Bill No. 4653 is a measure which deals with child protective services intake and assessment procedures, guardian ad litem qualifications, service worker reports, DSHS's central registry reports and the Council on Child Abuse.

"The amendment proposed by Senator Bluechel would require the establishment of a new and additional central file on persons arrested or convicted of sexual assault or molestation of a child under the age of 18 to be kept by the Washington State Patrol's Crime Information Center.

"The President, therefore, finds that the proposed amendment does expand the scope and object of the bill and that the point of order is well taken."

The amendment to the amendment was ruled out of order.

MOTION

Senator Bluechel moved adoption of the following amendment to the McManus and McDermott amendment:

On page 8, following line 12, insert new sections as follows:

NEW SECTION. Sec. 8. There is added to chapter 43.43 RCW a new section to read as follows:

(1) The missing child information center is established within the Washington state patrol and shall function under the direction of the chief of the Washington state patrol. The center shall serve as a central repository of and clearing-house for information about Washington children under the age of eighteen believed to be missing and missing children from other states believed to be in Washington.

(2) The center shall utilize either existing or other data processing to enable the immediate retrieval of the following information about the missing child: Name, date of birth, social security number, fingerprint classification, relevant physical descriptions, and known associates and locations. Access to information about the child should be retrievable if any one of these factors is known.

(3) Access to information from the data banks of the center shall be limited to law enforcement agencies. However a parent or legal guardian may request information regarding the parent's or legal guardian's child.

(4) The Washington state patrol, through the center, shall regularly issue emergency flyers containing physical and situational descriptions of missing children when requested by a law enforcement agency and as the state patrol deems necessary. A list of missing children
believed to be within the state shall be kept, updated regularly, and transmitted to the superintendent of public instruction at regular intervals.

(5) The Washington state patrol shall report to the legislature by January 15 of each year on the number of missing children and make recommendations on methods of improving the operations of the center.

(6) The chief of the Washington state patrol may adopt rules under chapter 34.04 RCW as necessary to carry out this section.

NEW SECTION. Sec. 9. There is added to chapter 43.43 RCW a new section to read as follows:

The sheriff or director of public safety of every county, the chief of police of every city or town, and every chief officer of other law enforcement agencies operating within the state shall cause reports of missing children to be investigated, transmit information to the missing children information center and cooperate with the center, and enter information on missing children in the national crime information center computer.

NEW SECTION. Sec. 10. There is added to chapter 223, Laws of 1969 ex. sess. and to chapter 28A.03 RCW a new section to read as follows:

The superintendent of public instruction shall distribute copies of the lists of missing children received from the Washington state patrol under section 1 of this act to every public and private school in the state of Washington.

Renumber the remaining sections consecutively.

POINT OF ORDER

Senator McDermott: "Mr. President, I would raise the question of scope and object on this amendment. As Senator Bluechel has said, this does set up a new function for the State Patrol. It may be a very worthy thing to do. We are, at this point, considering a major information service increase in the budget of the State Patrol—trying to interlock the State Patrol with the Corrections Department, and certainly this may be something that is worthy to do, but I think it deserves a hearing and, also, an adequate fiscal note. For somebody to tell me that it merely can be taken—eaten in their budget, so to speak—I've heard lots of people come forward and say that, but it's clear that this expands their duty and I would suggest that it is beyond the scope of the bill."

Debate ensued.

RULING BY THE PRESIDENT

President Cherberg: "In ruling upon the point of order raised by Senator McDermott, the President finds that Senate Bill No. 4653 is a measure which deals with child protective services intake and assessment procedures, guardian ad litem qualifications, service worker reports, DSHS's central registry reports and the Council on Child Abuse.

"The amendment proposed by Senator Bluechel would establish The Missing Child Information Center within the Washington State Patrol.

"The President, therefore, finds that the proposed amendment does expand the scope and object of the bill and that the point of order is well taken."

"The amendment to the amendment was ruled out of order.

"The President declared the question before the Senate to be adoption of the amendment by Senators McManus and McDermott.

"The motion by Senator McManus carried and the amendment was adopted.

MOTIONS

On motion of Senator McManus, the following title amendment was adopted:

On page 1, line 1 of the title, after "children;" strike the remainder of the title and insert "amending section 3, chapter 13, Laws of 1965 as last amended by section 7, chapter 129, Laws of 1982 and RCW 26.44.030; amending section 2, chapter 4, Laws of 1982 and RCW 43.121.020; amending section 9, chapter 4, Laws of 1982 and RCW 43.121.090; amending section 10, chapter 4, Laws of 1982 and RCW 43.121.100; amending section 36.18.010, chapter 4, Laws of 1963 as last amended by section 7, chapter 15, Laws of 1982 1st ex. sess. and RCW 36.18.010; amending section 11, chapter 4, Laws of 1982 and RCW 43.121.900; and adding a new section to chapter 26.44 RCW."

The motion by Senator Zimmerman failed and the amendment was not adopted.

MOTION

Senator Zimmerman moved adoption of the following amendment:
On page 3, line 11, strike "either" and on line 12, strike "or without an investigation"

Debate ensued.

POINT OF INQUIRY

Senator Quigg: "Senator Fleming, as a friend of the bill, I know some coaches that would love to have the ability to question whether or not somebody's ankles are properly taped or not and having a brilliant running back like you end up going off to the local taping and inspection commission during the second half and could turn that game around. Is there a possibility of that there or do we have to have first teams exempted from this kind of a---"
Senator Fleming: "Senator, let's not love it to death. You've been a friend of the bill before. O.K."

The President declared the question before the Senate to be adoption of the amendment by Senator Zimmerman.

The motion by Senator Zimmerman carried and the amendment was adopted.

MOTION

On motion of Senator Warnke, the rules were suspended. Engrossed Substitute Senate Bill No. 4484 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

SECOND READING

SENATE BILL NO. 4532, by Senators Goltz and Peterson

Creating a state highway from Kendall to Sumas.

The bill was read the second time.

On motion of Senator Goltz, the following amendment was adopted:

On page 1, after line 10, insert the following:

"NEW SECTION. Sec. 2. The state highway known as state route number 540, beginning at a junction with a Whatcom county road known as Haxton Way in the vicinity of the easterly boundary of Range I, E.W.M., thence easterly to a junction with state route number 5 northwest of Bellingham, is transferred to Whatcom county as a county road.

NEW SECTION. Sec. 3. Section 159, chapter 51, Laws of 1970 ex. sess., section 21, chapter 73, Laws of 1971 ex. sess. and RCW 47.17.790 are each repealed."

Senator Deccio moved the following amendment by Senators Deccio and von Reichbauer be adopted:

On page 1, after line 10, insert the following:

"NEW SECTION. Sec. 2. There is added to chapter 47.17 RCW a new section to read as follows:

A state highway to be known as state route number 823 is established as follows:

Beginning at the junction of state route number 82 at the Selah interchange, thence northerly to a junction with Fasset Avenue in Selah."

POINT OF ORDER

Senator Goltz: "Mr. President, rising somewhat reluctantly to raise the point of order of scope and object on the amendment. I say reluctantly because I do not know the conditions under which this was offered, but no one has talked to me at all about the amendment. The purpose of the bill that we introduced was very narrowly drawn to affect one piece of highway. I think that if this becomes a Christmas tree, it endangers it. I do not know what agreement they have with the Department of Transportation. It really seems to me that it expands the scope and object of the bill."
Debate ensued.

RULING BY THE PRESIDENT

President Cherberg: "In ruling upon the point of order raised by Senator Goltz, the President finds that Senate Bill No. 4532 is a measure which establishes a new state route on the state highway system, known as state route 547, by transferring jurisdiction over the Kendall-Sumas road from Whatcom County and the City of Sumas to the State Department of Transportation.

"The amendment proposed by Senators Deccio and von Reichbauer would establish an entirely different state route on the state highway system, to be known as state route 823.

"The President, therefore, finds that the proposed amendment does expand the scope and object of the bill and that the point of order is well taken."

The amendment was ruled to be out of order.

Voting yea: Senators Barr, Bauer, Bender, Bluechel, Bottiger, Clarke, Conner, Fleming, Fuller, Gaspard, Goltz, Granlund, Hansen, Hayner, Hughes, Hurley, Lee, McCaslin, McDermott, McDonald, Manus, Moore, Owen, Patterson, Peterson, Rasmussen, Rinehart, Sellar, Shinpoch, Talmadge, Thompson, Vognild, Warnke, Williams, Wojahn, Woody - 36.

Absent: Senators Benitz, Croswell, Guess - 3.

SENATE BILL NO. 4506, by Senators Thompson and Hayner

Modifying membership in the judicial retirement system.

The bill was read the second time.

MOTION

Senator Quigg moved the following amendments be considered and adopted simultaneously:

On page 1, line 10 after "1971" insert "but in no case later than December 31, 1984"

On page 1, line 11 after "system" insert ". All judges appointed or elected to the courts covered by these chapters after December 31, 1984, may have deducted from such judges monthly salary an amount equal to seven and one-half percent of said salary, or any lesser amount, which shall be contributed to an annuity, an individual retirement account, or other retirement account which allows for the deferral of taxes under the provisions of the Federal Income Tax laws. The state as employer shall contribute an amount equal to the lesser of seven and one-half percent of said judges monthly salary, or the amount actually contributed by the judge, to such retirement account."

On page 1, line 16. after "twi") strike all material down to and including "judge" on line 23

POINT OF ORDER

Senator Bottiger: "Mr. President, a point of order. I rise to challenge the amendment as exceeding the scope and object of the bill. This bill was introduced because of a problem we had with the deputy prosecutors or prosecuting attorneys being appointed or elected to the bench. They would earn credit in the PERS system and they could not transfer or take credit of the PERS system in the judicial system. The bill gives them an election to stay in PERS or become a member of the judicial retirement system—a very narrowly drawn purpose bill. Senator Quigg, on the other hand, goes in and rearranges the payment and provides another alternative to the judicial retirement system."

There being no objection, the amendments were withdrawn by Senator Quigg.

MOTION

Senator Talmadge moved adoption of the following amendment by Senators Talmadge and Newhouse:

On page 1, after line 23, insert the following:

"Sec. 2. Section 14, chapter 267, Laws of 1971 ex. sess. and RCW 2.10.140 are each amended to read as follows:

A surviving spouse of any judge holding such office, or if he dies after having retired and who, at the time of his death, has served ten or more years in the aggregate, shall receive a monthly allowance equal to fifty percent of the retirement allowance the retired judge was receiving, or fifty percent of the retirement allowance the active judge would have received had he been retired on the date of his death, but in no event less than twenty-five percent of the final average salary that the deceased judge was receiving: PROVIDED. That said surviving spouse had been married to the judge for a minimum of ((three)) two years at time of death: AND PROVIDED FURTHER. That if the surviving spouse remarries all benefits under this chapter shall cease."

Debate ensued.

POINT OF INQUIRY

Senator Metcalf: "Senator Newhouse, if three is wrong, why is two right? You know, if you're going to take it away—take it away. I ask this everytime, when we pass special legislation—to help special people. I ask the question if anybody wants to answer it. I would like to know who the judge is that we're trying to help and what are the circumstances. Maybe I'm not supposed to talk about these things, but I'm sort of an up-front guy and I’d like to know."

Senator Newhouse: "Mr. President, ladies and gentlemen. I would be delighted to answer Senator Metcalf. There is a situation and I don't think I want to name names. You asked a very valid question. Why not no years rather than two? I would point out that we will have, very shortly, a concurrent resolution suggesting the study of pensions systems. This is certainly one study we should make, but we don't want to make too drastic a change in the system until we study the whole
thing and until that time, which will be very shortly, we will be studying exactly what you suggested."
Debate ensued.

MOTION
On motion of Senator BluecheL Senator von Reichbauer was excused.
The President declared the question before the Senate to be adoption of the amendment by Senators Talmadge and Newhouse.
The motion by Senator Talmadge carried and the amendment was adopted.

MOTION
Senator Zimmerman moved the following amendment by Senators Zimmerman and McDonald be adopted:

Strike everything after the enacting clause and insert the following:

All judges first appointed or elected to the courts covered by these chapters on or after August 9, 1971, and before the effective date of this 1984 act shall be members of this system: (Any person serving as a judge on August 9, 1971 and who is covered under the provisions of chapter 2.12 RCW shall have the option of transferring to this system. Said transfer shall be in writing and received by the Washington judicial retirement board not later than one calendar year after August 9, 1971). Judges appointed or elected on and after the effective date of this 1984 act shall be members of the public employees' retirement system under chapter 41.40 RCW as provided in RCW 41.40.120.

Provided, however, in any case where the retirement system has in existence an agreement with another retirement system in connection with exchange of service credit or an agreement whereby members can retain service credit in more than one system, such an employee shall be allowed membership rights should the agreement so provide: AND PROVIDED FURTHER, That an employee shall be allowed membership if otherwise eligible while receiving survivor's benefits;
(4) Employees holding membership in, or receiving pension benefits under, any retirement plan operated wholly or in part by an agency of the state or political subdivision thereof, or who are by reason of their current employment contributing to or otherwise establishing the right to receive benefits from any such retirement plan: PROVIDED, HOWEVER, In any case where the retirement system has in existence an agreement with another retirement system in connection with exchange of service credit or an agreement whereby members can retain service credit in more than one system, such an employee shall be allowed membership rights should the agreement so provide: AND PROVIDED FURTHER, That an employee shall be allowed membership if otherwise eligible while receiving survivor's benefits;

(10) Persons appointed after April 1, 1963, by the liquor control board as agency vendors;

(11) Employees of a labor guild, association, or organization: PROVIDED. That elective officials and employees of a labor guild, association, or organization which qualifies as an employer within this chapter shall have the option of applying for membership;

(12) Persons hired in eligible positions on a temporary basis for a period not to exceed six months: PROVIDED. That if such employees are employed for more than six months in an eligible position they shall become members of the system;

(13) Persons employed by or appointed or elected as an official of a first class city that has its own retirement system: PROVIDED. That any member elected or appointed to an elective office on or after April 1, 1971, shall have the option of continuing as a member of this system in lieu of becoming a member of the city system. A member who elects to continue as a member of this system shall pay the appropriate member contributions and the city shall pay the employer contributions at the rates prescribed by this chapter. The city shall also transfer to this system all of such member's accumulated contributions together with such further amounts as necessary to equal all employee and employer contributions which would have been paid into this system on account of such service with the city and thereupon the member shall be credited for all such service. Any city that becomes an employer as defined in RCW 41.40.010(4) as the result of an individual's election under the first proviso of this subsection shall not be required to have all employees covered for retirement under the provisions of this chapter. Nothing in this subsection shall prohibit a city of the first class with its own retirement system from transferring all of its current employees to the retirement system established under this chapter. (16) Employees who are citizens of the United States and who reside and perform duties for an employer outside of the United States: PROVIDED. That unless otherwise excluded under this chapter or chapter 41.04 RCW, the employee may apply for membership (a) within thirty days after employment in an eligible position and membership service credit shall be granted from the first day of membership service, and (b) after this thirty-day period, but membership service credit shall be granted only from the date of application.

POINT OF ORDER

Senator Bottiger: "Mr. President, I raise the point of order that the amendment expands the scope and object of the bill. I've already explained what the bill did. There was an amendment added dealing with the two-year period of the vesting for the purpose of the widows' rights. However, this amendment now would put future judges into an entirely different pension system and clearly expands the scope and object of the bill."

MOTION

On motion of Senator Shinpoch, further consideration of Senate Bill No. 4506 was deferred.

President Pro Tempore Goltz assumed the chair.

"For the purposes of sections 1 through 4 of this act, alcohol or liquor shall include but not be limited to rum, bourbon, whiskey, scotch, gin, brandy, rye, vodka, tequilla and an infinite variety of wines."

Debate ensued.

POINT OF INQUIRY

Senator Rasmussen: "Senator Woody, this doesn't include all the varieties, of course, that are available. Do you think the amendment should be rejected, so we can put a larger variety into the chocolate? That was not really my question. My question relates to the Liquor Board. Does the Liquor Board now have the authority to authorize the use of these liquors?"

Senator Woody: "No, they do not."

Senator Rasmussen: "I thought they controlled all alcohol in the state other than on Indian reservations and they're controlling that, too."

Senator Woody: "Presently, state law prohibits the including of alcohol coming from alcoholic flavoring—coming from an alcoholic product—in candies. It does provide it in one section of the statute for delicatessens and bakeries, and we are cleaning up the confusion in the Liquor Control Board statutes in that regard. This will simply allow alcohol to be put in candies up to one percent of the content of the bulk weight content of the candy, so that it can be easily analyzed.

"The Liquor Control Board does approve and endorse this proposal. In fact, they have used this bill as a vehicle to clean up some portions of their statutes."

Senator Rasmussen: "All cooks used to become alcoholics from drinking the lemon extract. Was that alcoholic?"

Senator Woody: "I don't know. I have never known a cook who got drunk from lemon extract."

Further debate ensued.

The President Pro Tempore declared the question before the Senate to be adoption of the amendment by Senator Metcalf.

The motion by Senator Metcalf failed and the amendment was not adopted.

MOTION

On motion of Senator Woody, the rules were suspended. Substitute Senate Bill No. 4758 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

The President Pro Tempore declared the question before the Senate to be the roll call on final passage of Substitute Senate Bill No. 4758.
ROLL CALL

The Secretary called the roll on final passage of Substitute Senate Bill No. 4758, and the bill passed the Senate by the following vote: Yeas, 38; nays, 07; absent, 00; excused, 04.

Voting yea: Senators Bauer, Bender, Benitz, Bluechel, Bottiger, Clarke, Conner, Deccio, Fleming, Fuller, Gaspard, Goltz, Granlund, Guess, Hansen, Hayner, Hemstad, Hughes, Hurley, McCaslin, McDermott, McDonald, McManus, Moore, Newhouse, Owen, Patterson, Peterson, Quigg, Sellar, Shinpoch, Talmadge, Thompson, Vognild, Warnke, Williams, Wojahn, Woody - 38.

SUBSTITUTE SENATE BILL NO. 4758, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

President Cherberg assumed the chair.

There being no objection, the Senate resumed consideration of Senate Bill No. 4506 and the pending striking amendment proposed by Senators Zimmerman and McDonald earlier today.

RULING BY THE PRESIDENT

President Cherberg: "In ruling upon the point of order raised by Senator Bottiger, the President finds that Senate Bill No. 4506 is a measure which simply allows a person who is elected or appointed to a judicial position and who is also a member of the Public Employees Retirement System to choose within 30 days after election or appointment whether to remain a member of PERS or to transfer to the Judicial Retirement System.

"The amendment proposed by Senators Zimmerman and McDonald would require that future judges be members of the Public Employees Retirement System.

"The President, therefore, finds that the proposed amendment does expand the scope and object of the bill and that the point of order is well taken."

The amendment was ruled to be out of order.

MOTIONS

On motion of Senator Talmadge, the following title amendments were considered and adopted simultaneously:

On page 1, line 2 of the title, before "amending" strike "and"
On page 1, line 3 of the title, after "2.10.040" and before the period "; and amending section 14, chapter 267, Laws of 1971 ex. sess. and RCW 2.10.140"

On motion of Senator Talmadge, the rules were suspended. Engrossed Senate Bill No. 4506 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

POINT OF INQUIRY

Senator Rasmussen: "Senator Talmadge, my understanding of this is that if a person coming from outside the judicial system that's a member of the PERS system can now transfer over into the judicial system and bring ten years of credit with them."

Senator Talmadge: "Senator, that's if they're a prosecuting attorney, in effect - if they are one who is qualified to seek judicial office. They would have a time period of thirty days in which to make an irrevocable election between those two pension systems and they would have the opportunity to bring the credit, as I understand it, from PERS to the judicial retirement system."

The President declared the question before the Senate to be the roll call on final passage of Engrossed Senate Bill No. 4506.

ROLL CALL

The Secretary called the roll on final passage of Engrossed Senate Bill No. 4506, and the bill passed the Senate by the following vote: Yeas, 44; nays, 01; absent, 00; excused, 04.

On motion of Senator Hughes, the rules were suspended, Substitute Senate Bill No. 4666 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

POINT OF INQUIRY

Senator Peterson: "Senator Hughes, it says that trees can be removed only by commission personnel. I can envision particularly hazardous terrain where, perhaps, the commission personnel wouldn't have either the equipment or the trained personnel. Would that preclude the removal of trees in that instance?"

Senator Hughes: "Senator, in responding it is my understanding that supervision is required and they have the authority to bring others in there, but Senator Rinehart is the prime sponsor so she would like to address that."

Senator Rinehart: "Thank you, Mr. President. Senator Peterson, if you will look at the bill, it says very clearly 'tree removal under this subsection to be done by commission personnel' and then it puts in 'unless the people lack the necessary expertise,' so that would cover your concern."

The President declared the question before the Senate to be the roll call on final passage of Substitute Senate Bill No. 4666.

POINT OF INQUIRY

Senator Goltz: "Senator Hughes, what is the status or what differentiates those servicemen who are in Central America from those that are mentioned in this bill and how could those be included?"

Senator Hughes: "Right now, Senator Goltz, they would not be included. It's the decision of the military when the expeditionary medal is awarded and that is based on a decision made with the hierarchy of the military. I asked if this thing had a prospective potential, but the way it is drafted now, the answer is 'no.' It doesn't address that, but there's no question about the fact that if the United States' involvement were to continue in Central America and if the expeditionary medal were awarded there, there probably would be some movement towards that.

"The other aspect, if I can respond, is this in no way goes back either. There would be no other action. It would say the expeditionary medal had been awarded for the only people covered under this bill and that would be those who served in Lebanon and Grenada."

POINT OF INQUIRY

Senator Barr: "Senator Hemstad, my question deals with the brief of the bill on the last paragraph where it deals with authorizing summary judgment. That worries me so much that I would vote 'no' on this bill for no other reason, but for the benefit of the group and for me, too, maybe you could clarify that a little bit."

Senator Hemstad: "Well, Senator Barr, in reading the description in the bill summary, it should normally be appropriate for a court to proceed with the matter on a summary judgment on the basis if there is, in fact, no disputed issue of the fact involved in the case. It's only a matter of law at that point. the summary judgment proceeding normally is going to be appropriate and it simply facilitates dealing with the matter in court. You don't have to go through a trial if there was no fact issue in dispute and I don't believe there is anything here that is intended to change that routine and typical historical method of dealing with issues of law rather than the fact."

POINT OF INQUIRY

Senator Hayner: "Senator Williams, I'm under the impression that the majority party could always request that the legislature poll the members of the legislature to see if they wish to be called into special session for a purpose."

Senator Williams: "I believe they could."

Senator Hayner: "So, what are we doing here?"

Senator Williams: "This simply insures that we can, in fact. I have no idea who the majority party might be or, if in fact, there are two different parties controlling—one in the House and one in the Senate. This simply insures that we do not lose the opportunity of the Legislature to comment on our selection of the site."

Senator Quigg: "Senator Deccio, would it be your intention that a committee like this would study the energy needs of such a water facility project and possibly consider the resurrection of some of the WPPSS plants to provide the power for such an undertaking?"

Senator Deccio: "Senator Quigg, I would suggest that the committee, because of its composition, would certainly be alert enough to examine that and any other issue in connection with this bill. The bill pretty specifically lays out the intent and I would assume that the committee would go from there."

Further debate ensued.

Senators Bottiger, Peterson and Shinpoch demanded the previous question and the demand was sustained.

PARLIAMENTARY INQUIRY

FURTHER REMARKS BY THE PRESIDENT

President Cherberg: "Senator Deccio, the Senate rules provide that you may raise the question that you just brought up. REPLY BY THE PRESIDENT

President Cherberg: "You are correct, Senator Bottiger."

Debate ensued.

POINT OF INQUIRY

Senator Rasmussen: "Senator McDonald, the figures you have on this piece of paper, that indicates only that limitation without a vote of the people and does not include the total of all bonds out."

Senator McDonald: "Senator, you are correct."

Senator Rasmussen: "What is the total—is it two and a half billion or close to that?"

Senator McDonald: "Well, we have 1.3 billion out, but I don't know the answer to that question."

PERSONAL PRIVILEGE

Senator Hansen: "I want to thank the Democratic Caucus, especially Senator Fleming for joining with me in this effort to get this hundred million dollar bond issue and I'm not very happy that it went down. Debate ensued.

POINT OF INQUIRY

Senator Guess: "Senator Hughes, sometimes I don't get--the acoustics are not too good in here. Did I understand you to say that the people would be appointed by the Governor and approved by the President of the Senate?"

Senator Hughes: "That's correct."

Senator Guess: "Not the whole Senate?"

Senator Hughes: "No."

Senator Guess: "Why are you going to discriminate against us?"

Senator Hughes: "Well, I know how busy you are with your other duties. Senator. I felt that--particularly with the Governor as Chief Executive of this state and the Lieutenant Governor whose interest in this area is well established and that burden should be left in those very capable hands. If you want to offer an amendment that would include the entire Senate, perhaps we could work on that, Senator Guess."

Senator Guess: "Well, you know we have covered a lot of new ground today, but I didn't know we were going to plow new ground to have the President of the Senate approve the actions of the Governor. I've been here awhile, but this is the first really most innovative thing. I don't know if I have a chance to put an amendment on it or not."

POINT OF INQUIRY

Senator Quigg: "Senator Hughes, I've been looking at the summary here on page 82. It says 'attaches are directed to avoid conducting private business while acting as a state's representative.' How are we or they going to know when they are doing one or the other and if they do conduct private business while acting as the state's representative, how do we stop that sort of thing?"

Senator Hughes: "I think the standard, Senator, would be the same thing we have when we act as members of the legislature. Obviously, they can deal with the class action, but they're not supposedly, in this case, to be involved in the personal promotion of particular interests. That can be done when they are not carrying the credentials of a commercial attache, but this is a program for the state and
TWENTY-NINTH DAY, FEBRUARY 6, 1984

not intended for the individual. Now, I would suggest that it is the same standard that we have in the conduct of office as members of the Senate."

Providing for the management of the Milwaukee Road corridor.

MOTIONS

On motion of Senator Hansen, Substitute Senate Bill No. 4329 was substituted for Senate Bill No. 4329 and the substitute bill was placed on second reading and read the second time.

Senator Rinehart moved the following amendments be considered and adopted simultaneously:
On page 3, line 3, after "to" insert "individuals or"
On page 3, line 7, after "use" strike "by organized groups"
On page 4, line 15, after "permits" strike "authorizing organized groups"

Debate ensued.

POINT OF INQUIRY

Senator Barr: "Maybe I'm not reading this amendment right and I might ask Senator Rinehart how she interprets that. I'm afraid, Senator Hansen, that this really changes the whole intent of the bill. I think we need to slow down here a little bit until we understand this. Would Senator Rinehart yield to a question? Would you explain to me just a little more what you are trying to do here?"

Senator Rinehart: "Yes, Senator Barr, if you look at the amendments together—the one that is page 3, line 3, where it inserts the words 'individuals or.' That amendment is simply saying that an individual or an organized group may get a permit.

The other two amendments have to do with establishing the procedure for the permit and it didn't make much sense to say that they should establish the procedure for giving permits to organized groups and leave out individuals. So, instead of adding individuals, we simply struck organized groups. so that now they have a permanent process that would work for either one."

Senator Barr: "Thank you very much. When you say that an individual can get a permit, then this would open it up during the accepted specified time for an individual, as well as an organized group to get a permit? Then, that would be the same as not having any control over it at all except that the Department could say whether an individual could go or not? That's the way I interpret it. It would say that an individual could get a permit to traverse the full length of it. I might ask you again, am I right or wrong, Senator Rinehart?"

Senator Rinehart: "Once again, Senator Barr, there's no change in the time when a person can use the trail. There's no change in the prohibition against using it during fire season. It simply says that in addition to organized groups being able to apply for a permit, individuals may also apply for a permit. All the other rules and regulations would apply. There would be no different treatment of individuals or of organized groups."

Further debate ensued.

POINT OF INQUIRY

Senator Deccio: "Senator Hansen, I'm looking at your summary in the first sentence which says 'the provision that allows the full length of the corridor to be open to recreational use by organized groups on a permit basis.' Would Senator Rinehart's amendment inserting the word 'individuals'—would that apply to that part of your summary? I don't have the bill in front of me."

Senator Hansen: "What I really think our intent was—so the people—the Department—knew who was using the trail. It goes further into the business here. Any portion of it that is used strong enough—shows enough use on certain sections—that at a later date that could be designated as part of the trail. I have no objection to an individual family—to me is an organization—if they want to traverse part of the trail and they get a permit and the land owners, and the DNR—if there is any damage that happens and the local land owner has reason to get payment for, they know who was there. That is the reason I have no opposition to her amendments. I think the intent was to find out how much use there would be in some of these areas. As long as we keep track of who they are, we can make them responsible for the vandalism, I see nothing wrong with that."

Further debate ensued.

The President declared the question before the Senate to adoption of the amendments by Senator Rinehart.

The motion by Senator Rinehart carried and the amendments were adopted on a rising vote.
MOTION

Senator Shinpoch moved the following amendment be adopted:
On page 4, line 4, strike all of subsection (a) and renumber the remaining subsections accordingly.

Debate ensued.
Senator McCaslin demanded a roll call and the demand was not sustained.
The President declared the question before the Senate to be adoption of the amendment by Senator Shinpoch.
The motion by Senator Shinpoch carried and the amendment was adopted on a rising vote.

MOTION

Senator Shinpoch moved the following amendment be adopted:
On page 4, line 6, alter "access" insert "pursuant to section 7 and section 9(3) of this 1984 act"

Debate ensued.
The President declared the question before the Senate to be adoption of the amendment by Senator Shinpoch.
The motion by Senator Shinpoch carried and the amendment was adopted.

MOTION

Senator Shinpoch moved the following amendments be considered and adopted simultaneously:
On page 4, line 27, alter "state" insert "through the department of natural resources."
On page 4, line 29, alter "corridor" strike "upon action by the legislature"

Debate ensued.

POINT OF INQUIRY

Senator Woody: "Senator Hemstad, can I ask you a question about this section? It seems to me that unless we pass the amendment on page 4, line 27—even if someone violated the lease terms pursuant to section 9, the lease could not be terminated unless the Legislature were sitting and the Legislature did it."

Senator Hemstad: "Well, Senator Woody, section 10 states 'the state shall reserve the right to terminate the lease' and therefore it seems to me that the Department of Natural Resources in entering into such a lease, which does not include such a term, would be acting beyond its actual and apparent authority entering into that kind of an arrangement and the lease, by that time, would be void. At least that's my quick interpretation of it and so I think there is probably no question (a) that the person leasing the property will be put on notice (b) the Department must include such a provision in the lease. Therefore, it seems to me it would be quite appropriate not to have that last clause 'upon action by the Legislature' in the statutes."

Senator Woody: "I'm talking about the third amendment. Without that language in, the DNR—if somebody violated the provisions of section 9 of the terms of their lease, they would not be able to terminate the lease, unless they came back to the Legislature and asked for that authority. You see, with that amendment the language would read, 'the state through the Department of Natural Resources shall reserve the right to terminate a lease entered into and pursuant to section 9 of this act.' I think we must have that third amendment."

Senator Hemstad: "I don't think it makes any difference whether the third amendment is in there or not."

The President declared the question before the Senate to be adoption of the two amendments by Senator Shinpoch.
The motion by Senator Shinpoch carried and the amendments were adopted.

MOTION

Senator Bluechel moved adoption of the following amendment by Senators Bluechel, Bender and Guess:

Debate ensued.

POINT OF ORDER

Senator Barr: "Mr. President, I respectfully request that the President make a decision whether this is within the scope and object of the bill. I challenge it on scope and object. Speaking further to that, Mr. President, this obviously goes far beyond the intent of the bill that is before us. It has so many different new sections. It has an appropriation of what—a lot of money. But the other bill didn't go that far as to make Senator Goltz's point that I think that alone would put it beyond the scope and object where it does not fit within the intent of the legislature when we bought the right of way, because of that multiple-use conflict. I clearly think that this is beyond the scope and object of the bill."

Further debate ensued.

MOTION

On motion of Senator Shinpoch, further consideration of Substitute Senate Bill No. 4329, as amended, was deferred.

President Pro Tempore Goltz assumed the chair.

MOTIONS

SECOND READING

SENATE BILL NO. 4170, by Senators Moore and Sellar

Regulating insurance rates.

The bill was read the second time.

MOTION

Senator Bender moved the following amendments be considered and adopted simultaneously:

On page 3, on line 17, after "if" strike "a reasonable degree of" and insert "substantial".

On page 3, on line 19, after "applies," strike everything through "rendered." on line 27.

On page 3, on line 31, beginning with "(4)" strike everything through "policy." on page 4, line 1.

On page 4, on line 3, after "that" strike everything through "of" on line 4 and insert "substantial".

On page 4, on line 6, after "by the commissioner." strike everything through "act." on line 8.

On page 4, on line 8, after "that" insert "substantial".
Debate ensued.

POINT OF INQUIRY

Senator Hernstad: "Senator Bender, would you explain the difference between the substance—the difference between a reasonable degree of competition and substantial competition?"

Senator Bender: "Senator Hernstad, I don't have that definition. All I know is that I talked to the Insurance Commissioner's office and he is very much concerned about that. His concern is that you could have a very slight difference with two insurance companies both charging excessive rates and you have tied his hands. He can do nothing about that because there is that differential. His concern is that by putting this language in you give him more flexibility and leeway in making that interpretation. I think that because he represents that consumer out there, we should give him that leeway."

Senator Hernstad: "Well, I'm trying to decide how I'm going to vote on this amendment because, at least with regard to the first amendment, I'm not sure if we are not arguing about a distinction on top of difference. I'm not sure that's the difference between reasonable degree competition and the substantial competition."

REMARKS BY SENATOR WOODY

Senator Woody: "Senator Hernstad, on line 19, after 'applies.' A reasonable degree of competition is defined as existing if you have more than one insurer placing any risk, so the problem with reasonable degree is if you have two rates that are different in any line of risk, then you have competition. With that definition of competition, no two cents difference would qualify and the Insurance Commissioner's problem is that that is really not a reasonable definition of competition. I would assume that substantial degree of competition would be something more than a few cents difference between two offerings."

Further debate ensued.

Senator Bender demanded a roll call and the demand was sustained.

The President Pro Tempore declared the question before the Senate to be the roll call on adoption of the amendments by Senator Bender.

There being no objection, the Senate resumed consideration of Substitute Senate Bill No. 4329 and the pending amendment by Senators Bluechel, Bender and Guess, proposed earlier today.

RULING BY THE PRESIDENT

President Cherberg: "In ruling upon the point of order raised by Senator Barr, the President finds that Substitute Senate Bill No. 4329 is a measure which gives jurisdiction over the Milwaukee Road corridor to the State Parks and Recreation Commission and the Department of Natural Resources, with 17 miles to be used as a recreational trail.

"The amendment proposed by Senator Bluechel would give jurisdiction over all the Milwaukee Road corridor to the State Parks and Recreation Commission, with the entire corridor to be used as a recreational trail.

"The President, therefore, finds that the proposed amendment does expand the scope and object of the bill and that the point of order is well taken."

The amendment was ruled to be out of order.

On page 1, line 17, after "to" strike "thirty" and insert "ten"

On motion of Senator Bluechel, Senators Hayner and Pullen were excused.

Senator Kiskaddon moved adoption of the following amendment:

On page 1, line 18, after RCW 84.52.0531" insert "; reduced by that amount allowable under RCW 84.52.0531(6) above the maximum dollar amount which may be levied by or for any school district for maintenance and operation support;".

Debate ensued.

The President declared the question before the Senate to be adoption of the amendment by Senator Kiskaddon.

On page 3, line 8, after "(a)" strike everything down through "developments" and insert:
"Teacher excellence awards, which shall provide for paid release time for course develop-
ment or special professional projects:
(b) Inservice training;
(c) Curriculum development;
(d) Instruction in or teaching of the latest technological developments; and
(e) Training other school employees."

MOTION

Senator Kiskaddon moved the following amendments be considered and
adopted simultaneously:
On page 1, line 16, beginning with the word "However", delete the remainder of subsec-
tion (1) and insert the following:
"However, the board of directors may use monies from the Washington State Teacher
Excellence Compensation Fund to grant additional compensation or other benefits as provided
under a teacher excellence plan. Any compensation increases or other benefits provided from
the Washington State Teacher Excellence Compensation Fund in accordance with a teacher
excellence plan shall not be calculated by the state when determining average employee
compensation levels for purposes of the basic education allocation under RCW 28A.41.130 and
28A.41.140."

On page 2, beginning on line 20, delete all of subsection (5) and insert the following:
"(5) "Teacher excellence plan" means a written plan developed in cooperation with stu-
dents, parents, teachers and members of the general public. The object of the plan shall be to
provide additional compensation or other benefits for certificated staff who are judged to be
excellent in their field, who require retraining, or who need additional teaching skills. A
teacher excellence plan shall be restricted to one or more of the following:
(a) additional compensation for the additional responsibility of assisting in the training of
other certificated staff or student teachers, or
(b) additional compensation pursuant to a supplemental contract for service performed
outside of the regularly contracted work day or year in the areas of curriculum development,
special professional projects or in-service training."

On page 3, add a new section 3 as follows:
"NEW SECTION. Sec. 3. There is hereby created the Washington State Teacher Excellence
Compensation Fund. Grants may be authorized from such fund by the Washington State Board
of Education upon application from school districts. The grant applications shall be based upon
teacher excellence plans developed by the districts in cooperation with students, parents,
teachers and members of the general public. The grants shall be awarded on the basis of the
likelihood that the grants will result in such improved professional skills that student learning
will be enhanced. Grants shall be renewed only upon a showing of improved performance by
students and teachers. The State Board of Education shall develop such criteria and standards
as it deems necessary to judge the applications for grants and grant renewals. No grant shall
exceed one-tenth of the state's average annual classroom teacher salary times the number of
teachers to be involved in the plan. The State Board of Education shall award grants to districts
that submit the most promising teacher excellence plans. The board shall also endeavor to
award grants to the maximum number of districts permitted by available funds."

Implementation of NEW SECTION 3 is subject to funds being appropriated or available for
such purpose or purposes.

POINT OF ORDER

Senator McDermott: "Mr. President, a point of order. I would raise the question
of scope and object on these amendments. These establish a new agency, a new
fund, a teacher excellence compensation fund and it then gives language as to
how that should be administered and expended and, essentially, it is taking a
whole new direction from the original thrust of the bill, which was to use levy
money."

Debate ensued.

MOTIONS

On motion of Senator Bottiger, further consideration of Substitute Senate Bill No.
4402 was deferred.
At 4:05 p.m., on motion of Senator Bottiger, the Senate recessed until 4:30 p.m.
SECOND AFTERNOON SESSION

The President called the Senate to order at 4:43 p.m.

MOTION

At 4:43 p.m., on motion of Senator Bottiger, the Senate was declared to be at ease.

The President called the Senate to order at 4:47 p.m.

There being no objection, the Senate resumed consideration of Substitute Senate Bill No. 4402 and the pending amendments, proposed by Senator Kiskaddon earlier today.

RULING BY THE PRESIDENT

President Cherberg: "In ruling upon the point of order raised by Senator McDermott, the President finds that Substitute Senate Bill No. 4402 is a measure which authorizes school boards to establish a teacher excellence plan, to be agreed upon by the teachers and the school district, and funded by school district cash reserves and a portion of excess levy capacity.

The amendments proposed by Senator Kiskaddon, while dealing with the general subject of a teacher excellence plan, provides for an entirely different method of funding the plan and adds students, parents and members of the general public to those who must agree on the plan.

The President, therefore, finds that that proposed amendment does expand the scope and object of the bill and that the point of order is well taken."

The amendments were ruled out of order.

MOTION

On motion of Senator McDermott, Engrossed Substitute Senate Bill No. 4402 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

Debate ensued.

POINT OF INQUIRY

Senator Wojahn: "Senator McDermott, this bill is generally assumed to apply to improvement of classroom teachers by returning them to school for advanced or graduate work. My question is, will instructors in voc-tech institutes and occupational skill centers be able to return to industry to learn developments in the trades and industries which have been developed since they started teaching?"

Senator McDermott: "Yes, some of the voc-tech institutes and occupational skill centers have separate bargaining agreements. These agreements could provide, for example, that a skilled machinist instructor can return to industry on a sabbatical leave to learn about electronic programming of machine tools which have been developed since the machinist left the trade. The agreement could also provide for special payment for an instructor to come into the voc-tech institute to teach such new developments."

The President declared the question before the Senate to be the roll call on final passage of Engrossed Substitute Senate Bill No. 4402.

ROLL CALL

The Secretary called the roll on final passage of Engrossed Substitute Senate Bill No. 4402, and the bill passed the Senate by the following vote: Yeas, 25; nays, 20; absent, 0; excused, 0.

Mr. Sid Snyder, Secretary of the Senate  
306 Legislative Building  
Olympia, Washington 98504  

Dear Sid:  

I wish to insert in the Journal of the Senate that it was my intention to vote "no" on Engrossed Substitute Senate Bill No. 4402 which passed the Senate on February 6, 1984. With the plethora of bills passing on the last two days before the cutoff and with my responsibility as committee chairman to get my committee bills on the calendar passed, my attention was diverted and I inadvertently voted "aye" when it was my intention to vote "no."  

Thank you for your consideration of this request.  

Sincerely,  
Barbara Granlund

SENATE RESOLUTION

1984-142

BE IT RESOLVED. That the Senate Rules of the 48th Legislature be amended to read as follows:

Amend Senate Rule 61 as follows:

"Reading of Bills

Rule 61. Every bill shall be read on three separate days unless the senate deems it expedient to suspend this rule. On and after the tenth day preceding adjournment sine die of any session or three days prior to any cut-off date for consideration of bills, as determined pursuant to Article 2, Section 12 of the Constitution or concurrent resolution, this rule may be suspended by a majority vote.

(See also Rule 58)

POINT OF ORDER

Senator Newhouse: "Mr. President, a point of order. The last time we were on the eighth order of business, there was a motion before the body that the bill be drawn from the Commerce and Labor Committee and I believe that bill is before us. It was unfinished business under the eighth order the last time we were on the eighth order. The bill number was Senate Bill No. 3995 from the Commerce and Labor Committee."

PARLIAMENTARY INQUIRY

Senator Clarke: "A matter of parliamentary inquiry. Would the record not show at the time Senator Newhouse's motion was before the body that there was a motion to adjourn, which took precedence and that this is the first time that we have reached the eighth order since that motion to adjourn and that, therefore, this is unfinished business under the eighth order?"

REPLY BY THE PRESIDENT

President Cherberg: "Your statement is correct, at least partially, Senator Clarke. There's no question, the President believes that the records would show that Senator Newhouse had made such a motion. However, the Senate advanced to the eighth order of business this morning in considering the Boy Scout Resolution. Do you have the record, Senator?

"The records show that approximately at 8:09 a.m., this morning, that the Senate was on the eighth order—Resolution 1984-140, the Boy Scout Resolution."
REMARKS BY SENATOR NEWHOUSE

Senator Newhouse: "Does the record show, Mr. President, that a motion was made and who made the motion?"

REPLY BY THE PRESIDENT

President Cherberg: "It would be necessary to listen to the tape, but the record indicates that at approximately 8:09 a.m., this morning, the Senate was on the eighth order of business. The President is sure that he announced that the Senate was on the eighth order of business to consider the Boy Scout Resolution. The President doesn't know of any such occurrence before, but does believe that once intervening business has taken place, you lose whatever prerogative you may have had."

(Editor's Note: The journal tape for the day indicated that at approximately 8:09 a.m., there being no objection, the President advanced the Senate to the eighth order of business).

REMARKS BY SENATOR NEWHOUSE

Senator Newhouse: "There was no intervening business on the eighth order of business to my recollection and I've watched very closely for the two days intervening."

REPLY BY THE PRESIDENT

President Cherberg: "The President regards the consideration of the Boy Scout Resolution as being intervening business."

Debate followed on consideration of Senate Resolution 1984-142. Senators Bottiger, Peterson and Conner demanded the previous question and the demand was not sustained.

Senator Bottiger demanded a division of the vote.

POINT OF ORDER

Senator Metcalf: "A point of order, Mr. President. I thought that you rapped the gavel and announced the vote."

REPLY BY THE PRESIDENT

President Cherberg: "You're correct, Senator Metcalf."

Senators Bottiger, Peterson and Conner demanded the previous question.

POINT OF ORDER

Senator Clarke: "A point of order, Mr. President. I think it's against the rules to make the identical motion immediately after without any intervening business when it's a point--"

REPLY BY THE PRESIDENT

President Cherberg: "Your point is well taken."

MOTION

At 6:13 p.m., Senator Bottiger moved that the Senate adjourn.

REPLY BY THE PRESIDENT

President Cherberg: "Senator Bottiger has moved that the Senate adjourn."

Debate ensued.

REMARKS BY SENATOR BOTTIGER

Senator Bottiger: "No, No, we wouldn't want to do that. I'm not sure that anybody would want to take technical advantage. I move that we adjourn until 9:00 a.m. tomorrow morning."

REMARKS BY SENATOR CLARKE

Senator Clarke: "I just want the record to show that the Senator has suggested that no one would want to take any technical advantage. I would just like to review the record a little bit to see what kind of technical advantages have
recently been taken. However, as far as we're concerned, we do not wish to take that particular technical advantage and we will permit the motion to be made.”

REPLY BY THE PRESIDENT

President Cherberg: "If there is no objection, the Senate is now adjourned until 9:00 a.m., Tuesday, February 7, 1984."

JOHN A. CHERBERG, President of the Senate.
SIDNEY R. SNYDER, Secretary of the Senate.

He said, 'Well you had better do it right now, because I'm feeling better and better all the time and I'll take you all on pretty quickly—you won't have a chance.' The President declared the question before the Senate to be adoption of the amendments by Senators McManus, Deccio and Moore.

The motion by Senator McManus carried and the amendments were adopted.

MOTION

Senator Bottiger moved adoption of the following amendment:

On page 2, line 34, after "her" strike "office" and insert "immediate presence"

POINT OF INQUIRY

Senator Newhouse: "Senator Bottiger, often times the doctors operate as a group. Perhaps that particular doctor isn’t there, but in the office complex there is at least one capable doctor, would this comply? I’m afraid your amendment isn’t properly drafted to that."

Senator Bottiger: "I think that it would comply. It’s in his or her office. If there were four doctors sharing the office, there would be a doctor in the office."

Further debate ensued.

POINT OF INQUIRY

Senator Haley: "Senator Bottiger, if in a hospital when the doctor, presumably the pathologist, has sent the lab tech around to draw blood from the various patients in the various rooms—as they commonly do—and section 1 says, ‘invasive procedures to withdraw blood.’ Would that mean that the pathologist would have to walk with the lab tech as he goes from room to room? How would you explain that particular provision?"
Senator Bottiger: "Senator, I didn't amend the hospital section. I'm not talking about the hospital. I'm not talking about the clinic. I'm not talking about the paramedic vehicle. I'm not talking about anything. I'm just saying when you're doing this in the doctor's office—you don't want to use an RN. you don't want to use an LPN. you want to use a receptionist, then the doctor ought to be there."

Further debate ensued.

POINT OF INQUIRY

Senator Patterson: "Senator Deccio, I'm noting the effect of the proposed substitute. It says that the Department of Licensing is to provide a report to the Legislature, January 3, 1985, on rules and standards established to implement the act. Now, in the event that we're not satisfied with the standards and rules, what recourse do we have?"

Senator Deccio: "Senator Patterson, then the Legislature—I assume the appropriate committee would—then, take a look at those and find out what they do. That was the purpose of having them report back and if we don't like what they've done, I'd expect we would probably give them some direction."

Senator Patterson: "This bill does not give them direction at this time?"

Senator Deccio: "This bill directs the Department of Licensing to set up standards for these people to follow and the training—whether it be institutional or whether it's informal—they will set up those procedures and those standards, so that the bill would bring about what we want it to do."

Senator Patterson: "Could the Department of Licensing establish, as part of the procedure, the amendment that we're discussing right now with Senator Bottiger? Could they say that even after these standards are established, that there must be a doctor available in the office where the blood is going to be taken?"

Senator Deccio: "I think if they did that, Senator Patterson, they wouldn't be following the intent of the legislation."

Senator Patterson: "The intent of the legislation then is not for the Department to use this as a standard in implementing the bill?"

Senator Deccio: "Right, it's to set up standards for those people whom I guess you refer to as medical assistants. That's what it started out as—to, in effect, legalize what the doctors are doing already and what these people are doing already. This is to set up a course of standard. In effect, we would have another level of health care practitioners known as medical assistants or whatever it ends up being."

POINT OF INQUIRY

Senator Rinehart: "Senator Bottiger, I'm trying to fit your amendment into the definition section, particularly on page 1 where a definition of supervision is given. Could you explain to me how your amendment departs from that definition of supervision?"

Senator Bottiger: "That definition applies to everybody. When we talk about where the person can perform these services, I'm just talking about one small section that it would not be permitted to do unless the doctor says. Supervision is very broad. It would include a nurse practitioner in the town of Orting, who was under the supervision of a doctor at Tacoma General Hospital."

The President declared the question before the Senate to be adoption of the amendment by Senator Bottiger.

The motion by Senator Bottiger failed and the amendment was not adopted.

Senator Pullen: "Mr. President, a point of order. The amendment to the amendment does not make any sense the way it's stated here. There is apparently some kind of error in the citation."

REMARKS BY SENATOR BOTTIGER

Senator Bottiger: "Mr. President, replying to the point of order, the amendment is to the Quigg amendment, strike "or (y)" and insert to the Quigg amendment. Now, I don't see anything unclear about that."
Senator Pullen: "Well, it says here, 'inserting after damage.' That doesn't make any sense at all."

Debate ensued.

POINT OF INQUIRY

be for the account of the Department of Transportation or would it be for the account of the convention center, itself?

Senator Talmadge: "Senator, we're presuming that there would, in fact, be additional cost for compliance at that particular section of the highway. We've had much discussion about the Mercer Island section of I-90 and I frankly don't know about that. With respect to this particular portion of I-5, it's already constructed, it's already in place and presumably it's already met the state building code for fire purposes. I'm simply saying you can't have anything less than what apparently has already been applied to that particular location. As to who would pay for it, the state Department of Transportation or the convention and trade center, I simply don't know. I would presume, however, that it's probably already been paid for by the state Department of Transportation."

Further debate ensued.

"NEW SECTION. Sec. 2. This act is necessary for the immediate preservation of the public peace, health and safety, the support of the state government and its existing public institutions, and shall take effect immediately."

On motion of Senator McDermott, the following title amendment was adopted:

On page 1, line 2 of the title, after "administrators;" strike "and" and on line 3, after "28A-58.095" Insert ; and declaring an emergency

On motion of Senator McDermott, the rules were suspended, Engrossed Senate Bill No. 4407 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

Debate ensued.

POINT OF INQUIRY

Senator Shinpoch: "Senator Hurley, I thought you said that this would prevent any individual administrator from getting a raise above the average provided for the certificated personnel."

Senator Hurley: "I guess that's the way I interpreted the words 'no administrator.' If you have some other interpretations, maybe it could be explained."

Senator Shinpoch: "No, that's the part, I guess, that bothers me. In effect, we're saying that no administrator---WEA, if you will, generally negotiates for all the teachers as a block and they all accept some percentage raise and the salary schedule changes, and those kinds of things. That seems to be the way that they want to handle theirs. I guess it bothers me that we're going into administration and say that all administrators are worth exactly the same amount of increase---
that some of them are not worth ten percent increase and some of them three per­
cent increase, as an example—and I have a problem with that.

POINT OF INQUIRY

Senator Goltz: "Senator Hurley, I call your attention to line 16 where the
'and/or' provision is stated. As I read the 'and' and 'or', it sounds like an adminis­
trator could receive the amount in the bill and the percentage in the bill, or is the
'and/or' amended out?"

Senator Hurley: "No, the 'and/or' is still in there and I think this wording was
put in by the Ways and Means Committee. Maybe Senator McDermott will explain
the 'and/or' provision."

Senator Goltz: "It would seem to me that if you wanted to be sure that the
administrator was controlled by the amount or the percentage, then it would be
clear, but I think the 'and/or' is at least confusing."

The President declared the question before the Senate to be the roll call on
final passage of Engrossed Senate Bill No. 4407.

ROLL CALL

On motion of Senator McManus, the rules were suspended. Substitute Senate
Bill No. 4379 was advanced to third reading, the second reading considered the
third, and the bill was placed on final passage.

POINT OF INQUIRY

Senator Clarke: "Senator McManus, in reading this bill, I see on page 2, section
4, 'no person may practice dietetics without a license', then the definition on the top
under (c) and (d) as to what may constitute practicing dietitians says 'providing
nutrition counseling and education as conforms with preventative, curative and
restorative health care and developing, implementing, managing and evaluating
nutrition care assistance.' Now, does this mean that you can't prescribe chicken
soup as an overall health care or can my wife collaborate with various other
women in preparing cookbooks and sending them out for donations for small
charges in a charitable way?

'I can conceive that if you restricted this definition to those who were practic­ing
for compensation that perhaps there would be some sense to it, but as I read
the broadness of this language, it would seem to me that technically you are pro­
hibiting a whole lot of things that you don't intend to prohibit.'

Senator McManus: "Well, Senator Clarke, the bill is not intended to do this at all
and I would be in real trouble with my mother if she couldn't prescribe chicken
soup for me. I'll tell you that right now. There's all kinds of people that are
excluded from this without being penalized. As I said, this bill does not restrict licensed or certified persons, dietitians employed by the federal government, cooperative extensions, home economists, anybody studying for a degree in dietetics, and it goes on and on to make darn sure that we don't exclude these people who are interested and practicing in this field."

POINT OF INQUIRY

Senator Patterson: "Senator Thompson, I noted that there was no fiscal note requested. Now, with the educational requirements in this bill, I would hope and is your understanding that all the costs of the annual training of the sheriff and additional training that might be required, will be borne by the sheriff's office or was it the intent that the state legislature would appropriate money for this purpose?"

Senator Thompson: "Senator Patterson, this legislation would not require any state expenditure. Some of the educational requirements will have been obtained and the monies probably expended before a candidacy ever occurs, if in the course of the professional development of the candidate that those that are required following incumbency will be borne by the local unit of government."

Extending prison overcrowding reform act.

The bill was read the second time.

MOTIONS

Senator Granlund moved adoption of the following amendment by Senators Granlund and Hemstad:

On page 1, after line 7, insert the following:

"NEW SECTION. Sec. 2. The legislature finds and declares that:

(1) The sentencing reform act of 1981 which established the sentencing guidelines commission and directed the commission to devise a system of recommended standard sentence ranges for all felony offenses, required the commission, in setting the standards, to emphasize confinement for the violent offender and alternatives to total confinement for the nonviolent offender.

(2) There is a need to plan and develop a system through which alternatives to total confinement can be used to serve nonviolent offenders who have been convicted of crimes but who, in the judgment of the courts and appropriate corrections personnel, can best serve their sentences without substantial danger to the community in local community programs rather than in state prisons or local jails.

(3) The department of corrections, which, under RCW 72.09.060 and 72.09.100(5), is charged with developing, establishing, and administering community service programs state-wide, has the expertise, and personnel to enable the development of a comprehensive system of alternative programs for nonviolent offenders.

NEW SECTION. Sec. 3. Unless the context clearly requires otherwise, the definitions in this section apply throughout sections 2 through 7 of this act.

(1) "Department" means the department of corrections.

(2) "Secretary" means the secretary of corrections.

(3) "Alternatives to total confinement" means residential and nonresidential programs that meet the definitional requirements of the five categories of sanctions established under chapter 9.94A RCW and that are operated by the department or local government entities to serve nonviolent offenders who have been convicted of crimes, in lieu of incarceration in state prisons or local jails.

(4) "Nonviolent offender" means any person convicted of a felony not classified as a violent offender under chapter 9.94A RCW.

NEW SECTION. Sec. 4. The department shall formulate a comprehensive plan for the development, implementation, and operation of alternatives to total confinement for nonviolent offenders, that meet the definitional requirements of the five categories of sanctions established under chapter 9.94A RCW."
The plan shall be submitted to the appropriate standing committee of the house of representatives and the senate for review by December 1, 1984. The plan shall include, but is not limited to:

1. The establishment of goals and objectives for the development, implementation, and expansion of alternatives to total confinement;
2. An identification and evaluation of current state and local alternatives to total confinement, including, but not limited to, probation-type services and court-ordered community service programs authorized under RCW 72.09.100(5);
3. An evaluation of the existing organizational structure and of the services provided by the department's division of community services and its role in providing or administering programs that are alternatives to total confinement after July 1, 1984;
4. The establishment of policies and procedures to improve and expand existing alternatives to total confinement including, but not limited to, probation-type services and court-ordered community service, and to develop new alternatives to total confinement. Policies and procedures on program site selection, offender intake assessment, program and offender monitoring, and evaluating and reporting the effectiveness of alternatives to total confinement should be included;
5. The identification of the projected numbers of nonviolent offenders who may be eligible for alternatives to total confinement;
6. A delineation of the role and functions of affected state and local government entities and state and local service providers with respect to the administration and operation of programs that are alternatives to total confinement;
7. The identification of funding sources, funding responsibility, and costs associated with alternatives to total confinement and how funding for such programs can occur within state and local budget limitations;
8. An analysis of the legal liability of state and local government entities and private sector service providers, and a determination of what types of insurance or other mechanisms are available to provide legal and financial safeguards; and
9. An identification of the statutory changes which may be necessary to permit full implementation of the plan.

NEW SECTION. Sec. 5. The department, in developing the plan, shall consult with and receive input from representatives of affected state and local government entities, correctional organizations and associations, prosecuting attorneys, the defense bar, the legislature, private nonprofit agencies, and private citizens.

NEW SECTION. Sec. 6. The department's plan for the development, implementation, operation, and expansion of alternatives to total confinement shall reflect regional differences. The department shall consult with and receive input from affected agencies, organizations, service providers, and individuals working at the regional level.

NEW SECTION. Sec. 7. The department, in developing the plan, may request from the office of financial management, the board of prison terms and paroles, the administrator for the courts, the sentencing guidelines commission, the corrections standards board, and the department of social and health services such data, information, and data processing assistance as it may need to accomplish its task, and such services shall be provided without cost to the department.

NEW SECTION. Sec. 8. There is appropriated from the general fund to the department of corrections for the period ending December 30, 1984, the sum of twenty-six thousand five hundred dollars, or so much thereof as may be necessary, to carry out the purposes of sections 2 through 7 of this act.

NEW SECTION. Sec. 9. This act is necessary for the immediate preservation of the public peace, health, and safety, the support of the state government and its existing public institutions, and shall take effect immediately.

NEW SECTION. Sec. 10. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 11. Sections 2 through 7 of this act shall expire December 30, 1984.*

On motion of Senator Thompson, the rules were suspended. Substitute Senate Bill No. 4626 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

POINT OF INQUIRY

Senator Rinehart: "Senator Goltz, would the record simply be recording the fact that a conversation occurred or would the content of the conversation be also reported?"

Senator Goltz: "On line 10 of the bill, the answer appears. It is that the person would place on the record the substance of any written or oral communications concerning the decision of the action. So, it is the substance of the conversation as well. Then, at any time, when a hearing is held the content—the substance of that communication—would also be brought to the hearing and the public would have the opportunity to rebut that conversation if they wish to."

Senator Rinehart: "Mr. President, if I might ask one further question. I understand the intent and agree with the intent of the bill. My concern is that perhaps this occurred too soon in the process. In other words, it seems to me that someone coming into any one of our jurisdictions is not prohibited from immediately contacting local officials when there’s no proceeding in effect. It seems to me that at the time the doctrine should come into play is when some proceeding is in the offing."

Senator Goltz: "You are correct. That is when the doctrine goes into effect. However, there are many public officials who aren’t really sure that that apparently goes into effect, but you’re technically correct that the doctrine goes into effect once there is an application or a proceeding in progress in the process."

Senator Rinehart: "So, that as a matter of fact were it not for the question in the mind of a local official, this kind of communication could already occur."

Senator Goltz: "It could occur prior to the time of the proceeding being in effect, but not after that. This allows it also to appear after that."

POINT OF INQUIRY

Senator Rasmussen: "Senator Goltz, I’ve been in a position, both in the city and county, where matters would be scheduled to come up and people who have had contact with you would like to take you to lunch to explain their views. This would permit you to go to lunch with them and they could explain their views at that time?"

Senator Goltz: "Yes, this would permit contact between elected officials and investors or developers who have an application pending, as long as they had the responsibility of recording the substance of that conversation."

Senator Rasmussen: "That brings my next question, Senator Goltz. At what stage and when do you make that declaration that you have had this conversation over lunch with the individual, whomever it may be? My concern is this—the average citizen out in the hinterlands that has an elected official doesn’t hear of anything unless it be handled in a regular council meeting—city council or county council, whatever—does he make a declaration then and it goes into the minutes? I have had lots of conversations with this individual."

Senator Goltz: "I believe I would have to, perhaps, defer to the exact way in which that is done to someone who is on the Local Government Committee, but I suppose that the place on the record—the fact that it occurred—would be to place it in the minutes of the organization or the council where that would occur."

Further debate ensued.

POINT OF ORDER

Senator Hemstad: "A point of order, Mr. President. I thought there were a series of amendments on the desk on Senate Bill No. 4490."

REMARKS BY SENATOR BOTTIGER

Senator Bottiger: "Mr. President, I move that Senate Bill No. 4490 be made a special order of business immediately following Senate Bill No. 4403. In making that motion, the amendments were prepared and it did not look like we were getting to the bill, so they were not xeroxed. It's not fair to the offerors of the amendments to deny them that opportunity because of the time schedule. So, unless there is some rabid objection, I move to defer Senate Bill No. 4490."

POINT OF ORDER

Senator Woody: "Mr. President, it is seriously the intent of this body to address Senate Bill No. 4490, and barring the amendments being ready, we would have been able to have done that by now. My concern is that if we are not able to get through with 4403—that we've made a special order of business—by 5 o'clock, will we have an opportunity to complete our work on Senate Bill No. 4490? In other words, if 4403 runs us past five, will we still be able to deal with 4490?"

REPLY BY THE PRESIDENT

President Cherberg: "Senator Woody, inasmuch as the Senate has begun consideration on Substitute Senate Bill No. 4490 and the amendments are not ready, even if deliberation on 4403 goes past five o'clock, the Senate will still be entitled to consider Substitute Senate Bill No. 4490."

The motion by Senator Bottiger carried and Substitute Senate Bill No. 4490 was made a special order of business after consideration of Senate Bill No. 4403.

**MOTIONS**

On motion of Senator Talmadge, the following amendment was adopted:

On page 12, line 22, after "are" insert "The commission's report for 1985, to be submitted in January 1986, shall include an analysis of the impacts of sections 14 and 15 of this 1984 act on (1) the use by indigent persons of health care settings other than hospitals and (2) the case-loads and costs associated with the limited casualty program for medical indigents under RCW 74.09.700. NEW SECTION. Sec. 21. There is added to chapter 70.39 RCW a new section to read as follows:

Every commercial health insurer registered and doing business in the state under title 48 RCW, every health care service contractor as defined in RCW 48.44.010, and the department of social and health services shall, upon request by the commission but not more frequently than annually, furnish to the commission such information as is readily available which may assist the commission in developing cost containment proposals with respect to the fees of licensed health care practitioners. The commission may request such information from the entities identified in this section, and from the federal department of health and human services, if and when the commission deems appropriate. Renumber the remaining sections accordingly.

POINT OF INQUIRY

Senator Haley: "Senator Lee, are you saying that this amendment applies to positions to work within the hospital only?"

Senator Lee: "This would be only those services that are provided while a patient is really within the hospital itself. It does not require any additional reporting by physicians. It is only anticipated to be the kind of information that would already be available—that persons in the medical insurance, for example, have this as a part of the information they have submitted—in any case that the hospital commission could simply gather that and report it to us. It does not require any additional reporting beyond what is already required of physicians or any other health care practitioners."
Senator Haley: "Now, are you referring to a private physician—say during a piece of surgery on a patient in the hospital—and rendering a fee through his private office? Is that covered by your amendment?"

Senator Lee: "It would only be if that particular kind of fee were already reported as part of the Medicare/Medicaid bill or through the insurance provider."

Senator Haley: "In other words, if he reports that or the patient reports it, depending on which option they take, is what you're stating?"

Senator Lee: "That's correct."

The President declared the question before the Senate to be adoption of the amendment by Senator Lee.

The motion by Senator Lee carried and the amendment was adopted.

MOTION

Senator McManus moved adoption of the following amendment:

Strike everything after the enacting clause and insert the following:

"Sec. 1. Section 2, chapter 5, Laws of 1973 1st ex. sess. and RCW 70.39.010 are each amended to read as follows:

The primary purpose of this chapter is to promote the economic delivery of high quality, necessary, and effective hospital health care services to the people by establishing a hospital commission with authority over financial disclosure, budget, prospective rate review, and other related matters, including authority to develop a hospital reimbursement control system, which will assure all purchasers of health care services that total hospital costs are reasonably related to total services, that costs do not exceed those that are necessary for prudently and reasonably managed hospitals, that hospital rates are reasonably related to aggregate costs, and that such rates are set equitably among all purchasers of these services without undue discrimination.

The legislature finds and declares that rising hospital costs are a vital concern to the people of this state because of the danger which is posed that hospital and health care services are fast becoming out of the economic reach of the majority of our population. It is further declared that health care is a right of the people and one of the primary purposes for which governments are established, and it is, therefore, essential that an effective cost control program be established (which will both enable and motivate hospitals to control their spiraling costs). It is the legislative intent, in pursuance of this declared public policy, to provide for uniform measures on a state-wide basis to control hospital costs without the sacrifice of quality of service or reasonable access to necessary health care.

Sec. 2. Section 3, chapter 5, Laws of 1973 1st ex. sess. and RCW 70.39.020 are each amended to read as follows:

As used in this chapter:

(1) "Commission" means the hospital commission of the state of Washington as created by this chapter;

(2) "Consumer" means any person whose occupation is other than the administration of health activities or the providing of health services, who has no fiduciary obligation to a health facility or other health agency, and who has no material financial interest in the rendering of health services;

(3) "Hospital" means any health care institution which is required to qualify for a license under RCW 70.41.020(2); or as a psychiatric hospital under chapter 71.12 RCW, but shall not include any health care institution conducted for those who rely primarily upon treatment by prayer or spiritual means in accordance with the creed or tenets of any church or denomination.

(4) "Diagnosis-related groups" is a classification system that groups hospital patients according to principal and secondary diagnosis, presence or absence of a surgical procedure, age, presence or absence of significant comorbidities or complications, and other relevant criteria, an example of which has been adopted as the basis for prospective payment under the federal medicare program by the social security amendments of 1983. Public Law 98-21.

(5) "Medical technology" means the drugs, devices, and medical or surgical procedures used in the delivery of health care, and the organizational or supportive systems within which such care is provided.

(6) "Technology assessment" means a comprehensive form of policy research that examines the technical, economic, and social consequences of technological applications, including the indirect, unintended, or delayed social or economic impacts. In health care, such analysis must evaluate efficacy and safety as well as efficiency.

(7) "Charity care" means necessary hospital health care rendered to indigent persons, to the extent that the persons are unable to pay for the care or to pay deductibles or co-insurance amounts required by a third-party payer, as determined by the commission.

(8) "Rate" means the maximum revenue which a hospital may receive for each unit of service, as determined by the commission.
Sec. 3. Section 4, chapter 5, Laws of 1973 1st ex. sess. and RCW 70.39.030 are each amended to read as follows:

(1) There is hereby created a hospital commission, which shall be a separate and independent commission of the state. To further the purposes of this chapter, the commission may create committees from its membership, and may create such ad hoc advisory committees in specialized fields, related to the functions of hospitals, the delivery of hospital care services, economic issues concerning hospital care, technology assessment, and such other subjects as it deems necessary, to supplement the resources provided by the technical advisory committee.

Sec. 9, Section 11, chapter 5, Laws of 1973 1st ex. sess. and RCW 70.39.100 are each amended to read as follows:

(1) The commission, after study and in consultation with advisory committees, if any, shall establish by the promulgation of rules and regulations pursuant to the Administrative Procedure Act, chapter 34.04 RCW, a uniform system of accounting and financial reporting, including such cost allocation methods as it may prescribe, by which hospitals shall record and report to the commission their revenues, expenses, other income, other outlays, assets and liabilities, and units of service. All hospitals shall adopt the system for their fiscal year period to be effective at such time and date as the commission shall direct. In determining the effective date for reporting requirements, the commission shall be mindful of the immediate need for uniform hospital reporting information to effectuate the purposes of this chapter and the administrative and economic difficulties which hospitals may encounter in conversion, but in no event shall such effective date be later than two and one-half years from the date of the formation of the commission.

(2) In establishing such accounting systems and uniform reporting procedures, the commission shall take into consideration:

(a) Existing systems of accounting and reporting presently utilized by hospitals;

(b) Differences among hospitals according to size: financial structure; methods of payment for services; and scope, type, and method of providing services; and

(c) Other pertinent distinguishing factors.
(3) The commission shall, where appropriate, provide for modification, consistent with the purposes of this chapter, of reporting requirements to correctly reflect these differences among hospitals, and to avoid otherwise unduly burdensome costs in meeting the requirements of the uniform system of accounting and financial reporting.

(4) The accounting system, where appropriate, shall be structured so as to establish and differentiate costs incurred for patient-related services rendered by hospitals, as distinguished from those incurred with reference to educational research and other nonpatient-related activities including but not limited to charitable activities of such hospitals.

(5) The commission shall collect and maintain patient discharge data, including data necessary for identification of discharges by diagnosis-related groups. So far as possible, the data collection procedures shall be coordinated with any similar procedures or requirements of the federal department of health and human services for the medicare program and the needs of the department of social and health services in gathering public health statistics, in order to minimize any unduly burdensome reporting requirements imposed on hospitals.

Sec. 10. Section 12, chapter 5. Laws of 1973 1st ex. sess. and RCW 70.39.110 are each amended to read as follows:

(I) Each hospital shall file annually, at such time as the commission may prescribe, its proposed budget for the next fiscal year, showing projected revenues and expenses and including such further information as the commission may require to implement the purposes of this chapter.

(2) Each hospital shall file annually with the commission after the close of the fiscal year:
   (a) A balance sheet detailing the assets, liabilities, and net worth of the hospital;
   (b) A statement of income and expenses; and
   (c) Such other reports of the costs incurred in rendering services as the commission may prescribe.

Sec. 11. Section 13, chapter 5. Laws of 1973 1st ex. sess. and RCW 70.39.120 are each amended to read as follows:

(1) Each hospital shall file annually, at such time as the commission may prescribe, its proposed budget for the next fiscal year, showing projected revenues and expenses and including such further information as the commission may require to implement the purposes of this chapter.

(2) Each hospital shall file annually, at such time as the commission may prescribe, its proposed budget for the next fiscal year, showing projected revenues and expenses and including such further information as the commission may require to implement the purposes of this chapter.

Sec. 12. Section 14, chapter 5. Laws of 1973 1st ex. sess. as amended by section 82, chapter 75, Laws of 1977 and RCW 70.39.130 are each amended to read as follows:

Sec. 13. Section 15, chapter 5. Laws of 1973 1st ex. sess. as amended by section 1, chapter 163, Laws of 1974 ex. sess. and RCW 70.39.140 are each amended to read as follows:
From and after a date not less than twelve months but not more than twenty-four months after the adoption of the uniform system of accounting and financial reporting required by RCW 70.39.100, as the commission may direct, the commission shall have the power to initiate such reviews or investigations as may be necessary to assure all purchasers of hospital health care services that the total costs of a hospital are reasonably related to the total services offered by that hospital, that costs do not exceed those that are necessary for prudently and reasonably managed hospitals, that the hospital's \((\text{aggregate revenues as expressed by})\) rates are reasonably related to the hospital's aggregate costs; and that rates are set equitably among all purchasers or classes of purchasers of services without undue discrimination or preference.

In order to properly discharge these obligations, the commission shall have full power to review projected annual revenues and approve the reasonableness of rates proposed to generate that revenue established or requested by any hospital subject to the provisions of this chapter. No hospital shall charge for services at rates \((\text{other than})\) exceeding those established in accordance with the procedures established hereunder. After June 30, 1985, rates for inpatient care shall be expressed using an appropriate measure of hospital efficiency, such as that based on diagnosis-related groups, and, if necessary for federal medicare participation in a hospital reimbursement control system, hospitals shall charge for such care at rates prospectively established and expressed in terms of a comparable unit of total payment, such as diagnosis-related groups.

In the interest of promoting the most efficient and effective use of hospital health care service, and providing greater promise of hospital cost containment, the commission may \((\text{promote and approve alternative methods of rate determination and payment of an experimental nature that may be in the public interest and consistent with the purposes of this chapter})\) develop a hospital reimbursement control system in which all payers or purchasers participate, that includes procedures for establishing prospective rates, that deals equitably with the costs of providing charity care, and that includes the participation of the federal medicare program under the social security amendments of 1983, Public Law 98-21. The commission may seek approval, concurrence, or participation in such a system from any federal agency, such as the department of health and human services, prior to securing legislative approval of any statutory modification that might be necessary to implement such a system.

The commission shall serve as the state agency responsible for coordinating state actions and otherwise responding and relating to the efforts of the \((\text{cost of living council; or its successor})\) federal department of health and human services in planning and implementing federal cost containment programs with respect to hospitals and related health care institutions as authorized by the \((\text{Federal Economic Stabilization Act of 1910})\) social security amendments of 1983, as now or hereafter amended, or other federal law; and any rules or regulations promulgated there under. In carrying out this responsibility, the commission may \((\text{serve as the state agency responsible for recommending increases in rates for hospitals and related health care institutions to the cost of living council or its successor; may apply to the cost of living council for authorization to administer a control program in Washington state in lieu of the federal controls established and otherwise administered by the cost of living council; may})\) assume \((\text{another})\) any function or role authorized by appropriate federal regulations implementing the \((\text{Federal Economic Stabilization Act of 1910})\) social security amendments of 1983; or assume any combination of such roles or functions as it may determine will most effectively contain the rising costs of the varying kinds of hospitals and related health care institutions in Washington state. In determining its functions or roles in relation to \((\text{the})\) federal efforts \((\text{the cost of living council; or its successor})\), the commission shall seek to ensure coordination, and the reduction of duplicatory cost containment efforts; by the state and federal governments, as well as the diligent fulfillment of the purposes of this chapter and declared public policy and legislative intent herein;\((\text{PROVIDED, HOWEVER, THAT in cases where the rates of nursing homes or similar health institutions are subject to review pursuant to the provisions of the Federal Economic Stabilization Act of 1910 or any rules or regulations promulgated there under, the members of the commission representing hospitals shall not sit in the proceedings nor vote, and the governor shall appoint an ad hoc member representing nursing homes or similar health institutions in lieu thereof, who shall have the same powers as the other members with respect to such review only})\).

Nothing in this chapter limits the ability of the department of social and health services to establish hospital payment rates pursuant to RCW 74.09.120 or in accord with a federally approvable state plan under Title XIX of the federal social security act.

NEW SECTION. Sec. 14. By January 1, 1986, a select committee of the legislature shall develop legislative recommendations for programs that will promote the state-wide development of comprehensive cost-effective health care systems and shall recommend programs that will promote use of such managed health care systems. The select committee shall be composed of ten members of the legislature, five appointed by the speaker of the house of representatives and five appointed by the president of the senate, upon recommendation of the majority and minority caucuses of their respective bodies.
Sec. 15. Section 16, chapter 5, Laws of 1973 1st ex. sess. as amended by section 1, chapter 154, Laws of 1977 ex. sess. and RCW 70.39.150 are each amended to read as follows:

To properly carry out its authority the commission shall:

(1) Compile and maintain all relevant financial (and), accounting, and patient discharge data in order to have available the statistical information necessary to properly conduct rate review and approval. Such data shall include necessary operating expenses, appropriate expenses incurred for charity care and for rendering services to patients who (cannot or) do not pay, all properly incurred interest charges, and reasonable depreciation expenses based on the expected useful life of the property and equipment involved. The commission shall define and prescribe by rule and regulation the types and classes of charges which cannot be changed except as provided by the procedure contained in RCW 70.39.160 and it shall also obtain from each such hospital a current rate schedule as well as any subsequent amendments or modifications of that schedule as it may require. So far as possible, the commission shall compile and maintain the same patient discharge data with respect to all patients as that required under the federal medicare program and the uniform billing procedures applicable to third-party payers.

(2) Permit any (nonprofit) hospital subject to the provisions of this chapter to charge reasonable rates which will permit the hospital to render necessary, effective, and efficient service in the public interest (and on a solvent basis).

(3) (Permit any proprietary profit-making hospital subject to the provisions of this chapter to change reasonable rates which will permit the hospital to render effective and efficient service in the public interest and which includes an allowance for a fair return to stockholders based upon actual investment or, if the hospital elects, upon the fair value of the investment on the effective date of this section: PROVIDED, That once the election is made it may not be changed without the approval of the commission.

(4)) Take into account, in the determination of reasonable rates under this section, that it is its obligation to assure necessary, effective, economically viable, and efficient hospital health care capability throughout the state, rather than the solvency or profitability of any individual hospital subject to this chapter.

(4) Take into account, in the determination of reasonable rates under this section for each hospital, the recommendations of appropriate area-wide and state comprehensive health planning agencies to ensure compliance with Washington comprehensive health planning law, chapter 70.38 RCW.

((5) Permit, in considering a request for change in or initiating a review of rate schedules or other charges, any hospital subject to the provisions of this chapter to change rates which will in the aggregate produce sufficient total revenue for the hospital to meet all of the reasonable obligations specified in this chapter:))

(5) Permit any hospital, whether proprietary, district, public, or not-for-profit, to retain the excess of its revenues, if any, that exceed the actual cost of providing services, generated as a result of cost-effective practices, if the hospital charges do not exceed rates permitted by the commission.

Sec. 16. Section 17, chapter 5, Laws of 1973 1st ex. sess. and RCW 70.39.160 are each amended to read as follows:

From and after the date determined by the commission pursuant to RCW 70.39.140, no hospital subject to the provisions of this chapter shall change or amend that schedule of rates and charges of the type and class which cannot be changed without prior approval of the commission, except in accordance with the following procedure:

(1) Any request for a change in rate schedules or other charges must be filed in writing in the form and content prescribed by the commission and with such supporting data as the hospital seeking the change deems appropriate. Unless the commission orders otherwise as provided for in subsection (4) of this section, no hospital shall establish such changes except after publication and notice to the commission of at least thirty days from the time the rate is intended to go into effect. All proposed changes shall be plainly indicated on the schedule effective at that time and shall be open to public inspection. Upon receipt of notice, the commission may suspend the effective date of any proposed change. In any such case a formal written statement of the reasons for the suspension will be promptly submitted to the hospital. Unless suspended, any proposed change shall go into effect upon the date specified in the application.

(2) In any case where such action is deemed necessary, the commission shall promptly, but in any event within thirty days, institute proceedings as to the reasonableness of the proposed changes. The suspension may extend for a period of not more than thirty days beyond the date the change would otherwise go into effect: PROVIDED, That should it be necessary, the commission may extend the suspension for an additional thirty days. After the expiration of ninety days from the date the rate is intended to go into effect the new rate will go into effect, if the commission does not approve, disapprove, or modify the request by that time.

(3) Such proposed changes shall be considered at a public hearing, the time and place of which shall be determined by the commission. The hearing shall be conducted by the commission. Evidence for and against the requested change may be introduced at the time of the
hearing by any interested party and witnesses may be heard. The hearing may be conducted without compliance with formal rules of evidence.

(4) The commission may, in its discretion, permit any hospital to make a temporary change in rates which shall be effective immediately upon filing and in advance of any review procedure when it deems it in the public interest to do so. Notwithstanding such temporary change in rates, the review procedures set out in this section shall be conducted by the commission as soon thereafter as is practicable.

(5) Every decision and order of the commission in any contested proceeding shall be in writing and shall state the grounds for the commission's conclusions. The effects of such orders shall be prospective in nature.

Sec. 17. Section 11, chapter 161, Laws of 1979 ex. sess. as last amended by section 8, chapter 235, Laws of 1983 and RCW 70.38.115 are each amended to read as follows:

(1) Certificates of need shall be issued, denied, suspended, or revoked by the designee of the secretary of the department in accord with the provisions of this chapter and rules of the department which establish review procedures and criteria for the certificate of need program.

(2) Criteria for the review of certificate of need applications, except as provided in subsection (3) of this section for health maintenance organizations, shall include but not be limited to consideration of the following:

(a) The relationship of the health services being reviewed to the applicable health plans;
(b) The need that the population served or to be served by such services has for such services;
(c) The availability of less costly or more effective alternative methods of providing such services;
(d) The financial feasibility and the probable impact of the proposal on the cost of and charges for providing health services in the community to be served, including findings and recommendations of the Washington state hospital commission in the case of applications submitted by hospitals. An application by a hospital shall be denied if the state hospital commission does not recommend approval, unless the secretary provides the commission with a written statement setting forth the reason or reasons, and citing the applicable subsection or subsections of this section, for approving an application that the commission has determined to be not feasible;
(e) In the case of health services to be provided, (i) the availability of alternative uses of project resources for the provision of other health services, (ii) the extent to which such proposed services will be accessible to all residents of the area to be served, and (iii) the need for and the availability in the community of services and facilities for osteopathic and allopathic physicians and their patients. The department shall consider the application in terms of its impact on existing and proposed institutional training programs for doctors of osteopathy and medicine at the student, internship, and residency training levels;
(f) In the case of a construction project, the costs and methods of the proposed construction, including the cost and methods of energy provision, and the probable impact of the construction project reviewed (i) on the cost of providing health services by the person proposing such construction project and (ii) on the cost and charges to the public of providing health services by other persons;
(g) The special needs and circumstances of osteopathic hospitals and nonallopathic services;
(h) Improvements or innovations in the financing and delivery of health services which foster cost containment and serve to promote quality assurance and cost-effectiveness;
(i) In the case of health services proposed to be provided, the efficiency and appropriate ness of the use of existing services and facilities similar to those proposed; (and)
(j) In the case of existing services or facilities, the quality of care provided by such services or facilities in the past; and
(k) In the case of hospital certificate of need applications subject to concurrent review, preference may be given to hospitals which meet or exceed the state-wide average for the provision of charity care as determined by the state hospital commission.

(3) A certificate of need application of a health maintenance organization or a health care facility which is controlled, directly or indirectly, by a health maintenance organization, shall be approved by the department if the department finds:

(a) Approval of such application is required to meet the needs of the members of the health maintenance organization and of the new members which such organization can reasonably be expected to enroll; and
(b) The health maintenance organization is unable to provide, through services or facilities which can reasonably be expected to be available to the organization, its institutional health services in a reasonable and cost-effective manner which is consistent with the basic method of operation of the organization and which makes such services available on a long-term basis through physicians and other health professionals associated with it.
A health care facility (or any part thereof) or medical equipment with respect to which a certificate of need was issued under this subsection may not be sold or leased and a controlling interest in such facility or equipment or in a lease of such facility or equipment may not be acquired unless the department issues a certificate of need approving the sale, acquisition, or lease.

(4) The decision of the department on a certificate of need application shall be consistent with the state health plan in effect, except in emergency circumstances which pose a threat to the public health. The department in making its final decision may issue a conditional certificate of need if it finds that the project is justified only under specific circumstances. The conditions shall directly relate to the project being reviewed. The conditions may be released if it can be substantiated that the conditions are no longer valid and the release of such conditions would be consistent with the purposes of this chapter.

(5) Criteria adopted for review in accordance with subsection (2) of this section may vary according to the purpose for which the particular review is being conducted or the type of health service reviewed.

(6) The department shall specify information to be required for certificate of need applications. Within fifteen days of receipt of the application, the department shall request additional information considered necessary to the application or start the review process. Applicants may decline to submit requested information through written notice to the department, in which case review starts on the date of receipt of the notice. Applications may be denied or limited because of failure to submit required and necessary information.

(7) Concurrent review is for the purpose of comparative analysis and evaluation of competing or similar projects in order to determine which of the projects may best meet identified needs. Categories of projects subject to concurrent review include at least new health care facilities, new services, and expansion of existing health care facilities. The department shall specify time periods for the submission of applications for certificates of need subject to concurrent review, which shall not exceed ninety days. Review of concurrent applications shall start fifteen days after the conclusion of the time period for submission of applications subject to concurrent review. Concurrent review periods shall be limited to one hundred fifty days, except as provided for in rules adopted by the department authorizing and limiting amendments during the course of the review, or for an unresolved pivotal issue declared by the department.

(8) Review periods for certificate of need applications other than those subject to concurrent review shall be limited to ninety days. Review periods may be extended up to thirty days if needed by a review agency, and for unresolved pivotal issues the department may extend up to an additional thirty days. A review may be extended in any case if the applicant agrees to the extension.

(9) The department or a designated regional health council shall conduct a public hearing on a certificate of need application if requested unless the review is expedited or subject to emergency review. The department by rule shall specify the period of time within which a public hearing must be requested and requirements related to public notice of the hearing, procedures, recordkeeping and related matters.

(10) Any applicant denied a certificate of need or whose certificate of need has been suspended or revoked shall be afforded an opportunity for administrative review in accordance with chapter 34.04 RCW and a hearing shall be held within one hundred twenty days of a request therefor. An administrative law judge shall review the decision of the secretary's designee and render a proposed decision for consideration by the secretary in accordance with chapter 34.12 RCW or remand the matter to the secretary's designee for further consideration. The secretary's final decision is subject to review by the superior court as provided in chapter 34.04 RCW.

(11) The department may establish procedures and criteria for reconsideration of decisions.

(12) An amended certificate of need shall be required for the following modifications of an approved project:

(a) A new service;
(b) An expansion of a service beyond that originally approved;
(c) An increase in bed capacity;
(d) A significant reduction in the scope of a project without a commensurate reduction in the cost of the project, or a cost increase (as represented in bids on a construction project or final cost estimates acceptable to the person to whom the certificate of need was issued) if the total of such increases exceeds twelve percent or fifty thousand dollars, whichever is greater, over the maximum capital expenditure approved. The review of reductions or cost increases shall be restricted to the continued conformance of the project with the review criteria pertaining to financial feasibility and cost containment.

(13) An application for a certificate of need for a capital expenditure which is determined by the department to be required to eliminate or prevent imminent safety hazards or correct violations of applicable licensure and accreditation standards shall be approved.

"(1) If a customer is unable to meet the conditions of a payment plan to which a customer has agreed, the customer may apply to the department of social and health services for assistance to prevent termination of residential space heating service. If the department approves such request, the amount of such assistance shall be the amount necessary to bring current the customer's account with the company plus an amount reasonably estimated by the department to be sufficient to pay for service until the end of the November 15–March 15 period. The department shall certify the total amount to the company and the company shall credit that amount to the customer's account. The company shall not thereafter terminate service for failure to make payments until the balance of the account becomes delinquent. The company shall deduct the total amount certified by the department from the amount of tax owing by the company under chapter 82.16 RCW.

NEW SECTION. Sec. 1. There is added to chapter 82.16 RCW a new section to read as follows:

There shall be deducted from the tax computed under this chapter the total amount certified by the department of social and health services pursuant to RCW 82.28.010.*

Renumber the remaining sections accordingly.

POINT OF INQUIRY

Senator Shinpoch: "Senator Sellar, as I understand it, it really doesn't come into play until such time as you can't pay your utility bill. It is my understanding, the matter in which the income maintenance—whether it's general assistance or whatever works—that we cannot pay back something that's owed before. When you come on the system, you become eligible then, but we don't go back and pick up anything. If my understanding is correct, then how would this work?"

Senator Sellar: "Well, this is a new section. At the time that you determined that you could not pay this utility bill, you would make application at that time. I suppose you could certainly go into the firm and say I'm expecting this utility bill and I can't pay it and be eligible under this section."

Further debate ensued.

POINT OF INQUIRY

Senator Goltz: "I assume, Senator Hemstad, that there are losses now of people who do not pay their bills and which the utility company absorbs and then bills it into their rate base and it gets paid for in that way now. Is that not correct? And what you're doing, you're really changing what is the practice now to another way for the utility company to recover."
Senator Hernstad: "In answer to your question, Senator, there is no question that the utility is going to have a certain amount of losses from customers who haven’t paid. Ultimately, that as a loss gets translated, presumably, into the rate base. But what this is going to do—say if those losses are now one percent of the customer’s charges now—maybe it’ll go to three or four percent and so, of course, that has to get translated into significant increases in the rates that other well-meaning, responsible, responsive customers are going to have to pay."

Further debate ensued.

The President declared the question before the Senate to be adoption of the amendment by Senator Sellar.

The motion by Senator Sellar failed and the amendment was not adopted.

MOTIONS

On motion of Senator Bottiger, the following amendment was adopted:
On page 5, line 31, strike all of new section 5.

On motion of Senator Bottiger, the following amendment was adopted:
On page 6, after line 35, insert:

"NEW SECTION. Sec. 1. Until 1986, the Washington utilities and transportation commission shall report annually to the legislature for utilities subject to its jurisdiction (1) the extent to which this chapter benefits low income persons and (2) the costs and benefits to other customers.

Utilities not subject to the commission’s jurisdiction shall provide information to the legislature annually and shall include in the report (1) the extent to which this chapter benefits low income persons and (2) the costs and benefits to other customers."

PARLIAMENTARY INQUIRY

Senator Metcalfe: "Thank you, Mr. President. I have a point of parliamentary inquiry, I guess—just so we know what the ground rules are and what are the rules of the bills that survived the cut-off. If we could have a statement on that, it would help at this time to determine—I would just like to know for the record."

REPLY BY THE PRESIDENT

President Cherberg: "Senator Metcalf, this is a court measure involving fees. Fees are revenue-related and, therefore, the bill is properly before the Senate."

FURTHER REMARKS BY SENATOR METCALF

Senator Metcalf: "Mr. President, then if it involves revenue, it can be taken up as surviving the cut-off?"

President Cherberg: "Yes."

Senator Metcalf: "But, not if it is just an appropriation—that wouldn't be good enough to make it survive the cut-off? Is that correct?"

President Cherberg: "Be it further resolved, that commencing at 5:00 p.m. on Tuesday, February 7, 1984, the thirtieth day, except for the supplemental budget and matters relating to revenue."

Senator Metcalf: "Thank you very much. That is the point that I wanted to know in my own mind."

Further debate ensued.

POINT OF INQUIRY

Senator Deccio: "Senator Hansen, the bill on line 28, page 2, indicates that the facilities would go to any associated fishery, recreational or other beneficial use. Senator Hansen: "I believe so, but if you are referring that the number one list should be Yakima, I think that is up to the Bureau. In the Odessa sub area, there is a great need there and I think that this should work throughout the state, whether it is the Basin, the Yakima or in Klickitat or up in the Sequim area. If there is a need, I think this money should be available on a priority basis for any one of these projects."

POINT OF INQUIRY

Senator Vognild: Senator Moore, we have a problem in insuring at least in houses and buildings, if you're not insured at eighty percent of value or more, sometimes you will not get a replacement. Will this bill, in any way, interfere with the ability to insure up to a hundred percent and thus assure replacement in the event of loss?

Senator Moore: You would be able to insure for the full replacement value of the property. Now, whether a hundred percent is critical or not, I do not know, but as far as this legislation is concerned it does assure that the person can insure for the replacement value.

Debate ensued.

POINT OF INQUIRY

Senator Rasmussen: "Senator Bottiger, this letter, that is on our desk, would indicate that somebody issued a warrant for three million three hundred and twenty-five thousand with just a simple request from an attorney that they issue the warrant and they already had the warrant and then they say 'well, give us our money now.' Is this the usual procedure of handling things over in the Department?"

Senator Bottiger: "Senator Rasmussen, first of all to clarify for everybody, our caucus had Secretary of Transportation Berentson in to explain the emergent nature of this measure. He was requested to supply the caucus members with a letter. Unfortunately, it wasn't distributed to the "R" side. It was a direct request from our caucus. I have given a copy to Senator Newhouse.

"Back to Senator Rasmussen's question—Secretary Berentson explained to me that there was a misunderstanding between the audit division or the people in the Department that issue the warrants and his office as to whether a supplemental appropriation was necessary. Apparently there was confusion or misunderstanding. They have now determined that it is necessary to transfer the funds from one unit to another so they can pick up the federal money. Actually, the federal government will end up paying this, but I think Duane, if I may say so, was embarrassed by the error that was made and asked us to take this action, so that we can get the federal government to replace the money to make up that warrant."

Further debate ensued.
The President Pro Tempore declared the question before the Senate to be the roll call on final passage of Substitute House Bill No. 1200.

Debate ensued.

POINT OF INQUIRY

Senator Quigg: “Senator Barr, is it your understanding then that a farmer with one employee, if your amendment is not adopted, the fellow with one employee would have to comply with the conditions of this law?”

Senator Barr: “Yes, that’s my understanding and these employees—one, two or three—they know more about the operation out there than the farmer himself.
They’re full time. We’re talking about full-time, year-round employees that would come under this. The answer is ‘yes’ it would be for one employee.

POINT OF INQUIRY

Senator Deccio: “Senator Talmadge, do you have any count as to the number of reports that would be required, not only to be prepared and submitted by the employee or the workplace, and how many would have to be examined and filed or responded to by the Department?”

Senator Talmadge: “Senator, do you mean how many the individual employer must do? One workplace survey per year.”

Senator Deccio: “As I say, how many reports are you talking about?”

Senator Talmadge: “Statewide?”

Senator Deccio: “Yes.”

Senator Talmadge: “Several hundred thousand.”

Senator Deccio: “Can you translate it in terms of impact on the employer or the workplace that you put it and the impact, also, upon the Department of Agriculture?”

Senator Talmadge: “Department of Labor and Industries, Senator. That’s why the fee is in the bill to provide the money to enforce this bill. That was the fee that they suggested they needed in order to do the enforcement that we’re talking about. They’re not talking about reviewing, obviously, each one of those several hundred thousand workplace surveys every year. They’ll have to do with what they do in normal enforcement practices which is to selectively audit certain employers to see if compliance is present.”

Senator Deccio: “So that selectivity, then, does not mean that they are going to examine everyone, but yet in not going along with the amendment changing ‘shall’ to ‘may’ does not give the same relief, so to speak, to the business person or the farmer that you’re giving to the Department because you’re only going to selectively review these reports when they come in?”

Senator Talmadge: “They’re going to selectively audit, but the key feature of the workplace survey is not only for the Department of Labor and Industries and the individual employer, but also I remind you, the fire departments, the police departments and health departments who are going to rely on that kind of information to assist them. Part of the reason we have this bill here is the community right-to-know aspect of the bill and the workplace survey needs to be updated
annually so that firefighters when they go into a burning warehouse, or they have a difficulty at a particular location--have some reasonable expectations about what they’re going to encounter in that burning building or in that difficult area."

Further debate ensued.

Senator Zimmerman demanded a roll call and the demand was sustained.

The President Pro Tempore declared the question before the Senate to be the roll call on adoption of the amendment by Senator Zimmerman.

POINT OF INQUIRY

Senator Bolliger: "Mr. President, I'm going to ask Senator Talmadge a question, and I'm going to voice my concern and ask him how he would respond. I have several examples that come to mind where people package or box things that the label clearly says what is in it, but to have to add to that label that it's nonhazardous, strikes me as being a little ridiculous.

'One individual in the area that I represent comes to mind who takes kegs of nails and breaks them down into boxes and they describe the content of the box as nails. Another one takes peat moss and puts it into little packages that are sold at the store for plantings. You know it's obvious to look at it, to know what it is and I presume that the peat moss is nonhazardous. I'm not sure, but are we allowing the Department to set up some regulations to add to the labeling of such obvious products that say they are nonhazardous?"

Senator Talmadge: "Senator, the answer is 'no.' I guess I'm a little bit chagrined at the lack of detailed reading of the bill out here on the floor, particularly by members of the Parks and Ecology Committee, who had an opportunity to hear this issue again and again—to argue that somehow a substance includes a 2 x 4, or a substance includes gravel, or a substance would include nails—it defies logic, it defies good grammar, it defies a clear reading of the English language.
"The fact of the matter is that this amendment is designed to deal with the manufacture of hazardous substances—substances as we’ve dealt with them in the bill. The provision in here is discretionary. It says 'if it’s needed' and basically I suspect when it’s subject to the administrative procedure process it would be something that would provide for a public hearing on the issue. It’s designed to deal, explicitly, with the manufacture of hazardous substances in a hazardous substance manufacturers work place. It’s a specific problem that was raised by the manufacturers. The argument and the description that we’ve had out here on the floor about this issue is simply not accurate and the fact of the matter as for things like peat moss and nails and things like that, this kind of provision would not apply if the provision ever came into existence in 1986 or later."

**POINT OF INQUIRY**

Senator Haley: "Senator Talmadge, in the candy factory, there are many substances and mostly nonhazardous, for instance chocolate. All of these things, most of them are imported from out of state and they wouldn’t be labeled if they were hazardous—the sugar, chocolate, corn syrup and so forth, but there are a few hazardous things, such as solvents and maybe the fumigation supplies that manufacturers use to fumigate once a year to make sure all rodents and insects and so forth are destroyed. Do you think that in the wisdom of the Department that they would require everything labeled in the candy factory that was nonhazardous or will they have the opportunity to be discriminating as to what they insist be labeled as hazardous when ninety-nine percent—this is another example of something that was mentioned here on the floor."

Senator Talmadge: "I think they would be discriminating as to the application of this series of regulations by industry. I suspect in the candy industry, you’re not dealing with the manufacture of hazardous substances. I don’t know if you have a particular candy factory in mind or not, Senator Haley, but the concern, specifically, is that you have manufacturers of hazardous products, like the Arco Refinery, for example, at Cherry Point. The by-products of this manufacturer could be some very serious items, and they use some very hazardous toxic materials to manufacture a very necessary day-to-day products for our society. There they have found the labeling of nonhazardous materials has proven to be of great benefit.

"They may find in the process of the Department of Labor and Industries that that makes sense. In the chemical industry, it may make some sense and in some other industries where hazardous materials are developed, but I think for the candy industry and a number of others you’re going to find that there will not be any such series of regulations developed and that’s, in fact, why the language ‘if needed’ is here. I would point out, also, that because the effective date of this bill is 1986, we will have two legislative sessions in which to review the proposed regulations of the Department of Labor and Industries and if they get into requiring the labeling of nonhazardous materials in certain candy factories, I suspect that’s an issue that would be raised here in the body."

Further debate ensued.

**POINT OF INQUIRY**

Senator Wojahn: "Senator Talmadge, it seems to me in this sentence that is included to be removed that the key words are ‘if needed.’ Isn’t that true that the Department would make the decision—if it were needed they would label it and if not, they would not?"

Senator Talmadge: "The answer is ‘yes’ and again I point out that we would have two legislative sessions between now and the effective date of this act in which to review their proposals."

Further debate ensued.

**POINT OF INQUIRY**

Senator Bender: "Senator Talmadge, would you please explain to the body regarding these regulations, presently, under OSHA and WISHA?"

Senator Talmadge: "With respect to the definitional concern here, hazardous substance is defined in the act. There’s a definition of what is or is not a hazardous substance. The converse of that is what is a nonhazardous substance. A substance
is specifically defined. It doesn't include the nails, the peat moss and all the rest of the stuff we've been talking about. Additionally, with respect to labeling, manufacturers coming across state lines, in 1986, will be required to label those products under the OSHA regulation. These are the people that we're attempting to deal specifically with. They're going to be required to do this anyway under federal law.

Senator Clarke demanded a roll call and the demand was sustained.

MOTION

Senator McDermott moved that the Senate do concur in the House amend-
ments to Substitute Senate Concurrent Resolution No. 140.

Debate ensued.

POINT OF INQUIRY

Senator Rasmussen: "The question I had, Senator McDermott, I note that in the
explanation 'the team shall meet with the Attorney General on an attorney/client
basis'—it's a rather strange provision for a legislative team to meet with the Atto-
ney General on an attorney/client basis. What would be the logical explanation of
that—confidentiality that the Attorney General may not reveal what his clients, the
legislators, are talking about?"

Senator McDermott: "Senator Rasmussen, it was our hope that in a negotiation
like this that there would be a possibility to have some closed discussions where
everything was not done out in the public arena. Ultimately, everything that hap-
pens would have to come into the public arena, but there has to be a period
between the attorney and the client where you discuss precisely what the reason-
able offer would be and we wanted to do that issue in private under the confiden-
tiality provision, so that we could then come out with a public proposal."

Further debate ensued.

MOTION

On motion of Senator Bluechel, Senator Kiskaddon was excused.

The President declared the question before the Senate to be concurrence in
the House amendments to Substitute Senate Concurrent Resolution No. 140.

The motion by Senator McDermott carried and the Senate concurred in the
House amendments to Substitute Senate Concurrent Resolution No. 140.

The President declared the question before the Senate to be the roll call on
final passage of Substitute Senate Concurrent Resolution No. 140, as amended by
the House.

PARLIAMENTARY INQUIRY

Senator Metcalf: "Thank you, Mr. President. A point of parliamentary inquiry, is this measure an expansion of gambling to the extent that it would require a sixty percent vote or does it just require a majority vote?"

REPLY BY THE PRESIDENT

President Cherberg: "This bill requires a sixty percent favorable vote of the members elected to the Senate."

POINT OF INQUIRY

Senator Metcalf: "Then, I would like to ask Senator Vognild to go over it again, because perhaps some did not pick up the significance. What is the specific extension that would make this require the sixty percent vote? What are we doing here that is substantially beyond what we are doing presently?"

Senator Vognild: "Senator Metcalf, you put me in a very awkward position with that question. I certainly don't like to challenge the chair's ruling, nor would I challenge it formally. However, in my opinion, there is nothing expanding in this bill. There is no new gambling activity allowed. There is nothing allowed through this bill that has not been previously allowed by law in terms of gambling. What we have done is increase the amount of money they can make—that they can actually take—and use for their nonprofit operation from five thousand to ten thousand. We have allowed interrelated clubs, to the next highest level, to assist each other. This is something that previously, I guess, could be done through a very complicated licensing situation, but it is not a practical thing. This will now make it practical."

MOTION

On page 22, after line 10, insert:

"NEW SECTION. Sec. 30. The legislature finds and declares that the costs and burdens placed on the employer by sections 1 through 29 of this act are excessive and need to be relieved. As a large portion of costs imposed upon the employer by the state relates to industrial insurance, the legislature finds that relief from the costs imposed by industrial insurance requirements is needed by employers affected by sections 1 through 29 of this act.

Sec. 31. Section 26, chapter 289, Laws of 1971 ex. sess. and RCW 51.14.010 are each amended to read as follows:

Every employer under this title shall secure the payment of compensation under this title by:

(1) Insuring and keeping insured the payment of such (benefits) compensation with the state fund; (or)

(2) Qualifying as a self-insurer under this title; or

(3) After December 31, 1984, insuring and keeping insured the payment of such compensation with any private insurer authorized by the insurance commissioner to transact workers' compensation insurance in this state.

NEW SECTION. Sec. 32. The insurance commissioner shall, prior to December 31, 1984, adopt rules to implement RCW 51.14.010 which provides for the qualification of insurers, the classification of risks, the making of rates, and any other matters necessary in the commissioner's judgment to ensure the operation in the state of a system of fair compensation in the workers' compensation market. The state fund, as defined in RCW 51.08.175, is subject to the rules adopted under this section.

NEW SECTION. Sec. 33. Section 32 of this act shall constitute a new chapter in Title 48 RCW.

NEW SECTION. Sec. 34. There is appropriated from the general fund to the insurance commissioner for the biennium ending June 30, 1985, the sum of fifty thousand dollars, or so much thereof as may be necessary, to implement section 32 of this act.

Renumber the remaining section accordingly.

POINT OF ORDER

Senator Talmadge: "Mr. President, a point of order. I would submit that the amendment on page 22, line 10, by Senator Quigg clearly expands the scope and object of the bill and I would like to speak to that point of order.

"Mr. President, if you're thinking about it, you might also take a look at the amendment on page 22, line 14, because it is essentially the same thing. Senator Quigg has used a lot of pejorative terms in describing the bill—of sneaking by you and all the other things that are contained in speech B7 that Senator Quigg has given again and again and again out here on the floor. This is an act relating to community and worker right-to-know. It's contained in Title 49 of RCW. The proposal by Senator Quigg relates to Title 51 of RCW. It relates to neither the scope nor the object of the bill and I submit that it is outside of the scope and object."
MOTION
On motion of Senator Bottiger, further consideration of Second Substitute Senate Bill No. 4831 and the pending amendment by Senator Quigg was deferred. President Pro Tempore Goltz assumed the chair.

SECOND READING

There being no objection, the Senate resumed consideration of Second Substitute Senate Bill No. 4831 and the pending amendment by Senator Quigg.

RULING BY THE PRESIDENT

President Cherberg: "In ruling upon the point of order raised by Senator Talmadge, the President finds that Second Substitute Senate Bill No. 4831 is a measure which deals with the subject of a worker's right to know what hazardous substances are present in the workplace environment.

"The amendment proposed by Senator Quigg, among other things, deals with the totally different subject of allowing private insurance companies to offer worker compensation insurance.

"The President, therefore, finds that the proposed amendment does expand the scope and object of the bill and that the point of order is well taken."

The amendment was ruled out of order.

MOTION
At 1:51 p.m., on motion of Senator Bottiger, the Senate recessed until 2:05 p.m.

SECOND AFTERNOON SESSION

The President called the Senate to order at 2:12 p.m.

There being no objection, the Senate resumed consideration of Second Substitute Senate Bill No. 4831.

MOTION

Senator Quigg moved that the following amendment be adopted:

On page 22, after line 14, insert:
NEW SECTION. Sec. 31. This act shall take effect only if the legislature provides for payment of compensation under Title 51 RCW by all of the following methods: (1) Insuring and keeping insured the payment of compensation with the state fund; (2) Qualifying as a self insurer under Title 51 RCW; and (3) Insuring and keeping insured the payment of such compensation with any private insurer authorized by the insurance commissioner to transact workers' compensation insurance in this state.

POINT OF ORDER

Senator Bottiger: "Mr. President, I raise the question of scope and object on the amendment. The bill before us has a very narrow title dealing with the knowledge of the workmen within the workplace, as to the kinds of chemicals that they are dealing with—the hazardous nature of those chemicals. Senator Quigg, by his proposed new section 13, would delay the effective date until some future action occurs by the Legislature. He specifically indicates the kinds of future action that must occur and that's the introduction of the concept of private insurance companies insuring people in the workplace."

"Now, I will agree with Senator Quigg that within the phrase of scope and object of the act, this probably falls within the scope. What I've understood of the prior rulings of the President to be that there are two subject matters in the ruling. Scope refers to the title, and under a pure scope ruling, this amendment might hang; but the object or intent of the legislation—are we expanding the intent of the legislation by adopting the amendment? As I understand, that portion of the prior rulings of this body, it has gone to the question of whether the average person seeing a bill introduced, reading the bill, would know that a subject matter might be introduced into that bill that should cause him to attend hearings and should cause committee chairmen to conduct hearings on the fiscal impact—all the rest of the nature that might be occasioned by the adoption of a new subject matter into the bill.

"In that respect, this proposed amendment clearly is outside the intent of the bill. It's outside the object for which the bill was introduced and becomes an entirely new subject matter on which no hearings were held, no knowledge of the committee or this Legislature has before it. For that reason, Mr. President, I believe that the proposed amendment does expand the object of the bill—the intent for which the legislation was introduced."

Debate ensued.

RULING BY THE PRESIDENT

President Cherberg: "In ruling upon the point of order raised by Senator Bottiger, the President finds that Second Substitute Senate Bill No. 4831 is a measure which deals with the subject of a worker's right to know what hazardous substances are present in the workplace environment.

"The amendment proposed by Senator Quigg deals with the totally different subject of allowing private insurance companies to offer worker compensation insurance.

"The President, therefore, finds that the proposed amendment does expand the scope and object of the bill and that the point of order is well taken."

The amendment was ruled out of order.

APPEAL OF THE PRESIDENT'S RULING

Senator Quigg: "Mr. President, I rise to appeal the decision of the chair and ask for a roll call on whether the decision of the chair shall stand as the judgment of the Senate."

Debate ensued.

The demand for a roll call by Senator Quigg was sustained.

The President declared the question before the Senate to be the roll call on the question of shall the decision of the chair stand as the judgment of the Senate. The President advised those who agreed with the decision of the chair to vote 'aye' and those opposed to the decision of the chair to vote 'nay.'
ROLL CALL

The Secretary called the roll and the motion by Senator Quigg failed and the appeal of the decision of the chair lost by the following vote: Yeas, 26; nays, 21; absent, 00; excused, 02.

(2) The department shall develop by rule, in accordance with chapter 34.04 RCW, criteria by which hazardous substances may be placed or deleted from the list established under this section.

Debate ensued.
Senator Barr demanded a roll call and the demand was sustained.
The President declared the question before the Senate to be the roll call on adoption of the amendment by Senator Barr.

ROLL CALL

The Secretary called the roll and the motion by Senator Barr failed and the amendment was not adopted by the following vote: Yeas, 23; nays, 24; absent, 00; excused, 02.
Voting yea: Senators Barr, Bluechel, Clarke, Craswell, Deccio, Fuller, Guess, Haley, Hayner, Hemstad, Kiskaddon, Lee, McCaslin, McDonald, Metcalf, Newhouse, Owen, Patterson, Pullen, Quigg, Sellar, von Reichbauer, Zimmerman - 23.

MOTION

Senator Barr moved that the following amendment be adopted:
On page 1, strike everything after the enacting clause and insert:

"NEW SECTION. Sec. 1. The legislature finds that hazardous substances in the environment pose a threat to the public health, safety, and welfare. The increasing number and variety of hazardous substances has made it difficult and expensive to adequately monitor and detect the adverse health effects of these substances. There is also a growing interest among individuals to know the full range of the risks they face so they can make reasoned decisions and take informed action concerning their employment and their living conditions.

The legislature also finds that local health, fire, police, safety, and other government officials require detailed information about the identity, characteristics, and quantities of hazardous substances used and stored in their communities. The extent of toxic contamination of the air, water, and land in this state has caused great concern among its residents. Much of this concern is based on the unfamiliarity of these hazardous substances to residents.

The legislature further finds that there is uncertainty concerning the effective application of the federal right to know act adopted by the Occupational Safety and Health Administration and its effect on our state's employers and industries. Additional information is required to determine if these federal standards should be expanded to further protect employees. The issues of chemicals to be restricted, employees covered, industries affected, reporting procedures, impact on employers and industries, community information accessibility, appropriate training and education programs, employer responsibility and liability, labeling and identification procedures, cost of implementation, availability of information, and increased expertise to comply remain unresolved. It is the purpose of this chapter to carefully access the existing federal requirements and develop state procedures that are effective, equitable and comprehensive in evaluating and communicating chemical hazards to employees.

NEW SECTION. Sec. 2. There is hereby created a Joint Temporary Committee on Worker Right to Know. The committee shall be composed of twenty-five members who shall appoint a chair. There shall be twelve legislative members of the committee as follows: the chair and ranking minority member of the Senate Commerce and Labor committee, the chair and ranking minority member of the House of Representatives Commerce and Economic Development committee, the chair and ranking minority member of the Senate Agriculture committee, the chair and ranking minority member of the House of Representatives Agriculture committee, the chair and ranking minority member of the Senate Parks and Ecology committee, the chair and ranking minority member of the House of Representatives Environmental Affairs committee. In addition to the legislative members, the Department of Ecology, Department of Commerce and Economic Development, and Department of Agriculture shall each appoint one representative. Members of this committee shall be reimbursed for travel expenses pursuant to RCW 43.04.050 and 43.04.060. Legislative members shall be reimbursed pursuant to RCW 44.04.120.

NEW SECTION. Sec. 3. The Joint Temporary Committee on Worker Right to Know shall study the need for the state of Washington to develop requirements more restrictive than the federal OSHA laws. The committee shall review community information on hazardous substances, the extent of contamination of air, water, and land, and possible methods for effective monitoring and detecting adverse health dangers presented by hazardous substances. The committee shall further study chemicals to be restricted, employees to be affected, industries to be affected, reporting procedures to be adopted, community information accessibility, appropriate alternate training and educational programs, employer responsibility and liability, labeling and identification procedures, costs of implementing procedures, availability of information, and the expertise to comply with increased regulations in order to develop state requirements that are effective, equitable and comprehensive in evaluating and communicating chemical hazards to employees. The committee shall report its findings to the legislature by December 15, 1984. The committee shall cease to exist as of January 1, 1985."

Debate ensued.

MOTION TO LIMIT DEBATE

Senator Bolliger: "Mr. President, pursuant to Rule 29, I move that each member be limited to one three-minute speech on each subject or motion that comes before the Senate until February 27, 1984, except that the mover of the motion or the sponsor of a bill or amendment may have the privilege of closing debate. I further move that members be prohibited from yielding time to another member."

POINT OF ORDER

REPLY BY THE PRESIDENT

President Chemberg: "Your point of order is well taken, Senator."

Further debate on the Barr amendment ensued.

Senator Haley: "Mr. President, a point of personal privilege. I think we are remiss in not going to the eighth order of business today. Yesterday marked a very exciting and thrilling event for the citizens of this state, and for this body not to acknowledge what happened yesterday at the Winter Games of the 1984 Olympics, I think, is remiss and I think we should feel very remiss and be criticized or subject to criticism for not having dealt with or taken up the fact that our athletes have done so well. NEW SECTION. Sec. 9. It is the intent and desire of the legislature to promote the international trade of precious metal bullion or monetized bullion. It is the intent of the legislature, however, to discourage trade in South African krugerrand gold coins because the South African apartheid is contrary to public policy.

NEW SECTION. Sec. 10. There is added to chapter 82.08 RCW a new section to read as follows:

The tax levied by RCW 82.08.020 does not apply to the sale of precious metal bullion or monetized bullion. For purposes of this section, "precious metal bullion" means any elementary precious metal which has been put through a process of smelting or refining, including but not limited to, gold, silver, platinum, rhodium, and palladium, and which is in such state or condition that its value depends upon its contents and not upon its form. For purposes of this section, "monetized bullion" means coins or other forms of money manufactured from gold, silver, or other metals and heretofore, now, or hereafter used as a medium of exchange under the laws of this state, the United States, or any foreign nation, but does not include coins or money sold to be manufactured into jewelry or works of art.

NEW SECTION. Sec. 11. There is added to chapter 82.12 RCW a new section to read as follows:

The tax levied by RCW 82.12.020 does not apply to the sale of precious metal bullion or monetized bullion. Section 10 of this act shall not apply to the sale of South African krugerrand gold coins.

Section 11 of this act shall not apply to the sale of South African krugerrand gold coins.

with creating a provisional international market program for agricultural commodities and trade at Washington State University. The amendment deals with removing a tax on gold or bullion, the precious metal in bullion, and I don't find anything in 1207 that deals with removing the tax on precious metals or bullion."

PERSONAL PRIVILEGE

Senator Thompson: "Mr. President and members of the Senate, I rise to a point of personal privilege. Because of the haste to change from one order of business to another here, I was precluded from offering, for your consideration, a floor resolution relating to the Ridgefield High School volleyball team, which is in the south gallery as visitors of the Senate this afternoon.

"The Ridgefield High School volleyball team is the 1983 state class A championship team. That school has been representing the class A tournament in each of the last nine years and the school has won, in league play, a hundred and nineteen straight victories. A very remarkable accomplishment.

"My resolution, when you see it at a later time, will speak to the importance and value of interscholastic athletics in school programs and pays tribute to these remarkable accomplishments of this team. I hope, Mr. President, that you will see fit to recognize the team in the gallery. Thank you very much."

INTRODUCTION OF SPECIAL GUESTS

President Pro Tempore Goltz: "Thank you, Senator Thompson. The President would like to have the members of the Ridgefield High School volleyball championship team please stand and be recognized along with your coaches, managers and camp followers."

POINT OF INQUIRY

Senator Deccio: "A point of personal inquiry, Mr. President. Does the Thompson resolution set somewhat of a precedent for the introduction of another? I think it is very important that--"

REPLY BY THE PRESIDENT PRO TEMPORE

President Pro Tempore Goltz: "The resolution was not introduced, but there probably will be another time for resolutions honoring champions."

Senator Deccio: "Well, Mr. President, I don't think that is going to happen and, I think, it is rather timely that the Mahre brothers be recognized by the Senate, because like everything else it will pass into history very shortly and I think is something that I don't think would upset the schedule of this body if we took that under consideration."

REMARKS BY SENATOR BOTTIGER

Senator Bottiger: "Mr. President, it wouldn't, it is what else might that causes me the concern."

FURTHER REMARKS BY SENATOR DECCIO

Senator Deccio: "Mr. President, my question was, why can't we follow the same format that Senator Thompson just followed in order to take care of the situation that I presented."

REPLY BY THE PRESIDENT PRO TEMPORE

ROLL CALL

The Secretary called the roll and the motion by Senator Deccio failed by the following vote: Yeas, 21; nays, 26; absent, 0; excused, 0.
Voting yea: Senators Barr, Bluechel, Clarke, Craswell, Deccio, Fuller, Guess, Haley, Hayner, Hemstad, Kiskaddon, Lee, McCaslin, McDonald, Newhouse, Patterson, Pullen, Quigg, Sellar, von Reichbauer, Zimmerman - 21.

Absent: Senator Metcalfe - 1.

Excused: Senator Benitz - 1.

Further debate ensued.

POINT OF INQUIRY

Senator Bolliger: "Senator Talmadge, I am concerned about the impact of this legislation on contractors. Often a contractor needs to move his or her people to a series of work sites during the course of their employment. It is my reading of the bill that a contractor is required to hold an annual education and training program to inform employees of their rights under the bill. This program would include informing employees about the hazardous substances they normally encounter in the workplace. Contractors would not be required to provide an education and training program whenever employees change job sites. Is this your understanding and intent of the legislation?"

Senator Talmadge: "Yes."

Further debate ensued.

POINT OF INQUIRY

Senator Peterson: "Senator Talmadge, as chairman of the Senate Transportation Committee, I am concerned as to the application of this law to transporters of hazardous substances. There are two distinct types of employees in the transportation industry. One group would be people in the shop who might be dealing with spray painting of vehicles or using cleaning solvents in working with engine parts or in various other ways working as the user or consumer of the commodities involved.

The other group is comprised of those engaged exclusively in the transporting of these materials and who are not exposed to the materials as users or consumers. Those people employed in transporting as drivers, engineers and pilots are already regulated and protected by the Federal Department of Transportation, Washington Utilities and Transportation Commission or the International Maritime Organization of the United States.

"Senator Talmadge, I have two questions. First, I believe you have indicated previously, the definition of 'workplace' contained in the law excludes moving vehicles. Through its wording, 'workplace' means an establishment at one geographical location containing one or more work areas. Is that correct?"

Senator Talmadge: "It is. Senator Peterson."

Senator Peterson: "Second, is it the intent of this bill that the 'extensive education and training program' to be provided to these individuals directly involved in the transportation of hazardous substances be directed to their response procedures to accidents, resulting in spillage of these commodities in transport, rather than attempting to require a knowledge of the many thousands of items which they could conceivably be required to transport during the normal course of their work?"

Senator Talmadge: "That is correct, Senator Peterson."

POINT OF INQUIRY

Senator Owen: "Senator Talmadge, new section 13 states 'every employer or groups of employers shall establish or use an existing education and training program for that employer's employees, etc...'. Is it the intent of section 13 to require all employers to establish and hold education and training programs when, in fact, they do not deal with hazardous materials as defined in the act?"

Senator Talmadge: "No, it is not intended that education and training programs occur if no hazardous substances are present in the workplace."

POINT OF INQUIRY

Senator Deccio: "Senator Talmadge, regarding the five thousand dollar fine that exists in the bill, is this a standard that will apply to a company like Boeing, as well as the little XYZ farm over in Yakima? Would that be the same five thousand dollar fine?"
Senator Talmadge: "Senator, as I recall, it's up to five thousand dollars and the answer is 'yes'—within the discretion of the Department."

Senator Deccio: "So that it really doesn't make any difference as to the size of the employer or the place of employment? That fine can be levied several times? If someone did not have the expertise as the Boeing Company has in order to hire the people and to do all the things necessary under the law, they could, in fact, be fined up to five thousand dollars several times and maybe in one week?"

Senator Talmadge: "Senator, the fine is set on a per diem basis—on a daily basis. It's in the discretion of the Department whether or not to assess the fine or levy—the civil penalty. I would, of course, remind you that the bill provides that the Department of Labor and Industries is to provide assistance to any employer in the state who requests that assistance, with respect to the filling out of the workplace survey—if that employer has thirty-five employees or less, so they would have assistance from the Department of Labor and Industries in avoiding any problems with compliance under the act."

Senator Deccio: "So that means that—let's say that twenty-five percent of the one hundred and twenty-five thousand employers in the state requested assistance, then that means that the Department of Labor and Industries would have to have a sizeable force of people in order to comply with the law. Is that right?"

Senator Talmadge: "Senator, the fiscal note that you were talking about dealt with that issue, specifically, and indicated that with the seventy-five cents per employee per year, they would be able to do, in fact, what you suggest—provide assistance to those employers who so requested."

Further debate ensued.

Senators Bottiger, Shinpoch and Peterson demanded the previous question and the demand was sustained on a rising vote.

The President declared the question before the Senate to be the roll call on final passage of Engrossed Second Substitute Senate Bill No. 4831.

ROLL CALL

The Secretary called the roll on final passage of Engrossed Second Substitute Senate Bill No. 4831, and the bill passed the Senate by the following vote: Yeas, 30; nays, 17; absent, 01; excused, 01.

Voting nay: Senators Barr, Bluechel, Clarke, Craswell, Deccio, Guess, Haley, Hansen, Hayner, Lee, McCaslin, McDonald, Newhouse, Patterson, Quigg, Sellar, Zimmerman – 17.

Absent: Senator Metcalf – 1.

Excused: Senator Benitz – 1.

MESSAGES FROM THE GOVERNOR

TO THE HONORABLE, THE SENATE OF THE STATE OF WASHINGTON
Ladies and Gentlemen:
FORTY-FIFTH DAY, FEBRUARY 22, 1984

I have today signed Substitute Senate Bill No. 4274, dealing with the regulation of pawnbrokers and second-hand dealers. I have done so because the bill contains provisions badly needed by local law enforcement authorities to assist them in the recovery of stolen property.

However, I am concerned that the definitions contained in this measure are written so broadly as to include business activities that were not intended to be regulated such as junkyards and used book dealers. I am confident that law enforcement personnel will apply reasonable discretion in implementing this bill and that the statute will be corrected next session.

Respectfully submitted,
JOHN SPELLMAN, Governor
February 21, 1984

SHARON L. CASE, Assistant Chief Clerk

There being no objection, the President advanced the Senate to the sixth order of business.

There being no objection, the Senate resumed consideration of Substitute House Bill No. 1207 and the pending amendment by Senators Moore, Pullen, Vognild, Gaspard and von Reichbauer, deferred on February 21, 1984.

RULING BY THE PRESIDENT

President Cherberg: "In ruling upon the point of order raised by Senator Shinpoch, the President finds that Substitute House Bill No. 1207 is a measure which establishes a provisional center for an international marketing program for agricultural commodities and trade at Washington State University.

"The amendment proposed by Senator Moore and others would exempt from the retail sales and use sales of precious metal bullion or monetized bullion, except South African krugerrand gold coins.

"The President, therefore, finds that the proposed amendment does expand the scope and object of the bill and that the point of order is well taken.

The amendment was ruled out of order.

MOTION

On motion of Senator Vognild, the rules were suspended. Substitute House Bill No. 1207 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

Debate ensued.

The President declared the question before the Senate to be the roll call on final passage of Substitute House Bill No. 1207.

ROLL CALL

The Secretary called the roll on final passage of Substitute House Bill No. 1207, and the bill passed the Senate by the following vote: Yeas, 43; nays, 03; absent, 00; excused, 03.

Excused: Senators Benitz, Craswell, Haley - 3.

(2) If the consolidated employer later joins the public employees' retirement system, all existing employees still employed on that date shall, effective from that date, have the same retirement system rights and options, subject to the same conditions as employees governed by section 24 of this act, notwithstanding any previous election under subsection (1) of this section.

(4) Nothing in sections 22 through 27 of this act is intended to constitute an amendment or waiver of any law or rule of any Washington public retirement system, including but not limited to those governing eligibility for service credit, benefits, or membership, except to broaden the class of legal entities that are deemed to be participating employers in the retirement systems in the specific circumstances stated in sections 24, 25, and 26 of this act.

NEW SECTION. Sec. 28. (1) Consolidated employers that employ persons governed by section 24, 25, or 26 of this act shall comply with all laws and rules governing the retirement system in which the persons participate as members, including but not limited to the obligations to make employer contributions, to deduct and transmit employee contributions, and to submit required reports.

(2) Sections 24, 25, 26, and 27 of this act govern any consolidation occurring on or after December 31, 1981.

POINT OF INQUIRY

Senator Rasmussen: "Senator Thompson, why have they prohibited review by the boundary review board? The boundary review board, now, has the authority to meet and hear protests and make a decision whether or not it's in the best interests of the annexing districts or the districts being annexed--is it the best interests of the people in the district. Now, this would prohibit the boundary review board from having that opportunity of holding hearings."

Senator Thompson: "Senator Rasmussen, that process is provided otherwise through the transfer system which provides for notice of a public hearing and holding of a public hearing so that all ratepayers would be advised and have an opportunity for direct input."

Senator Rasmussen: "Who was the hearing held before?"
Senator Thompson: "Before the county."
Senator Rasmussen: "By the legislative authority?"
Senator Thompson: "Yes."
Senator Rasmussen: "By the hearing officer?"
Senator Thompson: "Yes."

NEW SECTION. Sec. 1. It is the intent of the legislature in enacting this chapter to assign responsibilities for locating and keeping accurate records of utility locations, protecting and repairing damage to existing underground facilities, and protecting the public health and safety from interruption in utility services caused by damage to existing underground utility facilities.

NEW SECTION. Sec. 2. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter:

1. "Business day" means any day other than Saturday, Sunday, or a legal local, state, or federal holiday.

2. "Damage" includes the substantial weakening of structural or lateral support of an underground facility, penetration, impairment, or destruction of any underground protective coating, housing, or other protective device, or the severance, partial or complete, of any underground facility to the extent that the project owner or the affected utility owner determines that repairs are required.

3. "Emergency" means any condition constituting a clear and present danger to life or property, or a customer service outage.

4. "Excavation" means any operation in which earth, rock, or other material on or below the ground is moved or otherwise displaced by any means, except the tilling of soil less than twelve inches in depth for agricultural purposes, or road and ditch maintenance that does not change the original road grade or ditch flowline.

5. "Excavator" means any person who engages directly in excavation.

6. "Identified facility" means any underground facility which is indicated in the project plans as being located within the area of proposed excavation.

7. "Identified but unlocatable underground facility" means an underground facility which has been identified but cannot be located with reasonable accuracy.

8. "Locatable underground facility" means an underground facility which can be field-marked with reasonable accuracy.

9. "Marking" means the use of stakes, paint, or other clearly identifiable materials to show the field location of underground facilities, in accordance with the current color code standard of the American public works association. Markings shall include identification letters indicating the specific type of the underground facility.

10. "Person" means an individual, partnership, franchise holder, association, corporation, a state, a city, a county, or any subdivision or instrumentality of a state, and its employees, agents, or legal representatives.

11. "Reasonable accuracy" means location within twenty-four inches of the outside dimensions of both sides of an underground facility.

12. "Underground facility" means any item buried or placed below ground for use in connection with the storage or conveyance of water, sewage, electronic, telegraphic communications, cablevision, electric energy, petroleum products, gas, gaseous vapors, hazardous liquids, or other substances and including but not limited to pipes, sewers, conduits, cables, valves, lines, wires, manholes, attachments, and those parts of poles or anchors below ground.

13. "One-number locator service" means a service through which a person can notify utilities and request field-marking of underground facilities.

NEW SECTION. Sec. 3. Before commencing any excavation, the excavator shall provide notice of the scheduled commencement of excavation to all owners of underground facilities through a one-number locator service. If no one-number locator service is available, notice shall be provided individually to those owners of underground facilities known to or suspected of having underground facilities within the area of proposed excavation. The notice shall be communicated to the owners of underground facilities not less than two business days or more than ten business days before the scheduled date for commencement of excavation, unless otherwise agreed by the parties.

Upon receipt of the notice provided for in this section, the owner of the underground facility shall provide the excavator with reasonably accurate information as to its locatable underground facilities by surface-marking the location of the facilities. If there are identified but
unlocatable underground facilities, the owner of such facilities shall provide the excavator with the best available information as to their locations. The owner of the underground facility providing the information shall respond no later than two business days after the receipt of the notice or before the excavation time, at the option of the owner, unless otherwise agreed by the parties. Excavators shall not excavate until all known facilities have been marked. Once marked by the owner of the underground facility, the excavator is responsible for maintaining the markings. Excavators shall have the right to receive compensation from the owner of the underground facility for costs incurred if the owner of the underground facility does not locate its facilities in accordance with this section.

The owner of the underground facility shall have the right to receive compensation for costs incurred in responding to excavation notices given less than two business days prior to the excavation from the excavator.

An owner of underground facilities is not required to indicate the presence of existing service laterals or appurtenances if the presence of existing service laterals or appurtenances on the site of the construction project can be determined from the presence of other visible facilities, such as buildings, manholes, or meter and junction boxes on or adjacent to the construction site.

Emergency excavations are exempt from the time requirements for notification provided in this section.

If the excavator, while performing the contract, discovers underground facilities which are not identified, the excavator shall cease excavating in the vicinity of the facility and immediately notify the owner or operator of such facilities, or the one-number locator service.

NEW SECTION, Sec. 4. (1) Project owners shall indicate in bid or contract documents the existence of underground facilities known by the project owner to be located within the proposed area of excavation. The following shall be deemed changed or differing site conditions:

(a) An underground facility not identified as required by this chapter or other provision of law; and

(b) An underground facility not located, as required by this chapter or other provision of law, by the project owner or excavator if the project owner or excavator is also a utility.

(2) An excavator shall use reasonable care to avoid damaging underground facilities. An excavator shall:

(a) Determine the precise location of underground facilities which have been marked;

(b) Plan the excavation to avoid damage to or minimize interference with underground facilities in and near the excavation area; and

(c) Provide such support for underground facilities in and near the construction area, including during backfill operations, as may be reasonably necessary for the protection of such facilities.

(3) If an underground facility is damaged and such damage is the consequence of the failure to fulfill an obligation under this chapter, the party failing to perform that obligation shall be liable for any damages. Any clause in an excavation contract which attempts to allocate liability, or requires indemnification to shift the economic consequences of liability, different from the provisions of this chapter is against public policy and unenforceable. Nothing in this chapter prevents the parties to an excavation contract from contracting with respect to the allocation of risk for changed or differing site conditions.

(4) In any action brought under this section, the prevailing party is entitled to reasonable attorneys' fees.

NEW SECTION, Sec. 5. (1) An excavator who, in the course of excavation, contacts or damages an underground facility shall notify the utility owning or operating such facility and the one-number locator service. If the damage causes an emergency condition, the excavator causing the damage shall also alert the appropriate local public safety agencies and take all appropriate steps to ensure the public safety. No damaged underground facility may be buried until it is repaired or relocated.

(2) The owner of the underground facilities damaged shall arrange for repairs or relocation as soon as is practical or may permit the excavator to do necessary repairs or relocation at a mutually acceptable price.

NEW SECTION, Sec. 6. An excavation of less than twelve inches in vertical depth on private noncommercial property shall be exempt from the requirements of section 3 of this act. If the excavation is being performed by the person or an employee of the person who owns or occupies the property on which the excavation is being performed.

NEW SECTION, Sec. 7. (1) Any person who violates any provision of this chapter, and which violation results in damage to underground facilities, is subject to a civil penalty of not more than one thousand dollars for each violation. All penalties recovered in such actions shall be deposited in the general fund.

(2) Any excavator who willfully or maliciously damages a field-marked underground facility shall be liable for treble the costs incurred in repairing or relocating the facility. In those cases in which an excavator fails to notify known underground facility owners or the one-number locator service, any damage to the underground facility shall be deemed willful and
malicious and shall be subject to treble damages for costs incurred in repairing or relocating the facility.

(3) This chapter does not affect any civil remedies for personal injury or for property damage, including that to underground facilities, nor does this chapter create any new civil remedies for such damage.

NEW SECTION. Sec. 8. The notification and marking provisions of this chapter may be waived for one or more designated persons by an underground facility owner with respect to all or part of that underground facility owner's own underground facilities.

NEW SECTION. Sec. 9. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 10. Sections 1 through 8 of this act shall constitute a new chapter in Title 19 RCW.*

ENGROSSED SUBSTITUTE SENATE BILL NO. 4423, and the same are herewith

February 22, 1984

Mr. President:
The House has passed:
SENATE BILL NO. 4351,
SENATE BILL NO. 4428, and the same are herewith transmitted.

DEAN R. FOSTER, Chief Clerk

PERSONAL PRIVILEGE

Senator Benitz: "Mr. President, a point of personal privilege. Thank you very
much. I truly appreciate that. To some of you in the galleries, I missed a few days
around here and I guess, at one time in the early part of it, I wasn’t sure I would
be back on the Senate floor, but I’m back and I feel quite well. Obviously, I will
have some diet change and a few other things.

"I guess you should know that when I went down to the Legislative Clinic not
feeling well—the doctor told me my pulse was 36. That’s not very good and I kind
of worried about that, but after I got out to the hospital and got to looking around
in some reading material, I found that I’m not the only animal with a pulse of 36—
that’s about what the elephant has. So, I figured I’d make it—most of the elephants
make it quite well.

“They gave me reading material when I got out and that’s a different world, as
some of you know. In one of the first parts of the reading material, it simply said I
should avoid unneeded friends and yapping dogs. I don’t know what the connec­
tion there is, but nevertheless we went along with it. I cannot attempt to thank all of
you—organizations, lobbyists, Senators, Representatives—for the many cards, flow­
ers and letters. I guess there’s one very outstanding one that I wanted to particu­
larly thank and that is when the Senate Democratic Caucus sent me, obviously, a
very beautiful floral arrangement. The doctor came in to see me shortly after that
and said ‘I don’t think I’ve ever seen a more beautiful one—what about it and
where did it come from?’ I told him that the opposition sent that to me. The doctor
said, ‘doesn’t that worry you?’ I said, ‘no, not really—not only are they beautiful,
but I’ll send a note back telling them that I can still smell them too.’

"Just a couple of other things, it’s a different world and I guess I could sum that
up when I got out and went home. My six-year old grandson brought his friend
home from school. They came over to see ‘grandpa’ and very quickly after that
my grandson announced to this friend, ‘you see that’s my grandpa there—he had
a legislative heart attack, but he’s o.k.—just don’t pay any attention to him and
he’ll be all right.’

“It’s good to be back with you and I appreciate the many things you did.
Thank you very much."

There being no objection, the President returned the Senate to the first order of
business.

REPORT OF STANDING COMMITTEE

orders. Reported by Committee on Judiciary

MAJORITY recommendation: Do pass as amended. Signed by Senators
Talmadge, Chairman; Hughes, Vice Chairman; Fleming, Hayner, Hemstad,

There being no objection, the President advanced the Senate to the sixth order
of business.

Placement testing means the administration of such tests by a school district for the purpose of diagnosing the basic skills achievement levels and remediation needs of individual students in conformance with instructions established by each school district.

(****)) (6) Vessels owned and held for sale by a dealer, not rented on a regular commercial basis.

Sec. 2. Section 16, chapter 7, Laws of 1983 as amended by section 44, chapter 3, Laws of 1983 2nd ex. sess. and RCW 88.02.030 are each amended to read as follows:

Vessel registration is required under this chapter except for the following:

(1) Military or public vessels of the United States, except recreational-type public vessels:

(2) Vessels owned by a state or subdivision thereof, used principally for governmental purposes and clearly identifiable as such:

(3) Vessels owned by a resident of a country other than the United States ((or Canada)) if the vessel is not physically located upon the waters of this state for a period of more than sixty days:

(4) Vessels owned by a resident of another state ((or a Canadian province)) if the vessel is registered in accordance with the laws of the state ((or province)) in which the owner resides, but only to the extent that a similar exemption or privilege is granted under the laws of that state ((or province)) for vessels registered in this state: PROVIDED. That any vessel which is validly registered in another state ((or a Canadian province)) and which is physically located in this state for a period of more than sixty days is subject to registration under this chapter:

(5) Vessels used as a ship's lifeboat:

(6) Vessels equipped with propulsion machinery of less than ten horse power that:

(a) Are owned by the owner of a vessel for which a valid vessel number has been issued:

(****)) (7) Vessels under sixteen feet in overall length ((or whose primary propulsion is human power)) which have no propulsion machinery of any type:

(8) Vessels with no propulsion machinery of any type for which the primary mode of propulsion is human power:

(9) Vessels which are temporarily in this state undergoing repair or alteration:

(10) Vessels primarily engaged in commerce which have or are required to have a valid marine document as a vessel of the United States; and

(11) Vessels primarily engaged in commerce which are owned by a resident of a country other than the United States.

NEW SECTION. Sec. 3. (1) A vessel numbered in this state under the federal boat safety act need not register under chapter 88.02 RCW until the earlier of: (a) One year from the date this state's vessel numbering system is approved under the federal boat safety act: or (b) the expiration date of the certificate of number issued for the vessel under the federal boat safety act.

At the time of registration under chapter 88.02 RCW, the amount of excise tax due under chapter 82.49 RCW shall include amounts which would have been due under that chapter if the vessel had been registered at the time otherwise required under chapter 88.02 RCW.

(2) As used in this section, "federal boat safety act" means the federal boat safety act of 1971 (85 Stat. 213; 46 U.S.C. 1451 et seq.).

Sec. 4. Section 49, chapter 3, Laws of 1983 2nd ex. sess. and RCW 82.49.070 are each amended to read as follows:

(1) Any county may impose a tax, by ordinance or resolution, upon the privilege of using a vessel taxable under RCW 82.49.010 which is moored or stored in the county. If the population of the unincorporated area of the county together with the population of the cities which are parties to an interlocal agreement under chapter 39.34 RCW equal or exceed two-thirds of the total population of the county: PROVIDED. That such agreement shall take into consideration any marine patrols provided as of June 30, 1983, and shall provide compensation for those municipal corporations in the county which provide boating safety, fire suppression, and rescue services. The annual amount of the tax shall be up to fifty cents per foot of the vessel per calendar year, or part thereof.

(2) The excise tax upon a vessel registered for the first time in this state shall be imposed for a twelve-month period, including the month in which the vessel is registered, unless the director of licensing extends or diminishes vessel registration periods for the purpose of staggered renewal periods under RCW 88.02.050. A vessel is registered for the first time in this state when the vessel was not registered in this state for the immediately preceding registration year, or when the vessel was registered in another jurisdiction for the immediately preceding year.

(4) The moneys collected under this section shall be distributed by the county monthly to the parties to the Interlocal agreement, and other municipal corporations entitled to compensation, according to the terms of the agreement. Moneys collected under this section shall be
used only for administration and enforcement of boating safety, search and rescue operations concerning boating, and boating patrols.

NEW SECTION, Sec. 5. There is added to chapter 84.08 RCW a new section to read as follows:

Every individual, corporation, association, partnership, trust, and estate shall list with the department of revenue all ships and vessels which are subject to their ownership, possession, or control which are subject to ad valorem taxation under RCW 84.36.080, and such listing shall be subject to the same requirements, penalties, and liens provided in chapters 84.40 and 84.60 RCW for all other personal property in the same manner as provided therein.

The department shall assess all ships and vessels and shall certify to the respective county assessors the equalized values thereof, subject to the same rules as other state-assessed properties in accordance with RCW 84.12.370 and 84.16.130 and chapter 84.48 RCW.

Any ship or vessel owner disputing the assessment under this section shall have the same rights of review as any other vessel owner subject to the excise tax contained in chapter 82.49 RCW in accordance with RCW 82.49.060.

NEW SECTION, Sec. 6. Section 53, chapter 3, Laws of 1983 2nd ex. sess. (uncodified) This act is necessary for the immediate preservation of the public peace, health, and safety, the support of the state government and its existing public institutions, and shall take effect immediately.

MOTIONS

On motion of Senator Bolliger, the following amendment to the Committee on Ways and Means amendment was adopted:

On page 3, line 21, following "type", insert "or which are not used on waters subject to the jurisdiction of the United States or on the high seas beyond the territorial seas for vessels owned in the United States"

Senator Barr moved the following amendment by Senators Barr and Rinehart to the Committee on Ways and Means amendment be adopted:

On page 3 of the amendment, line 21, after "type" insert ": PROVIDED, That vessels under sixteen feet in overall length which are owned by a recreational resort located on nonnavigable waters of the United States and which are rented to persons by the resort for use on nonnavigable waters of the United States with no propulsion machinery of any type are not subject to registration if the vessel is clearly identified as belonging to the resort and the operator possesses a receipt clearly indicating that the vessel was rented without any propulsion machinery of any type"

POINT OF INQUIRY

Senator Barr: "Senator Bottiger, in looking at the amendment that we just adopted, and I think you have had a chance to look at Senator Rinehart's and my amendment, which was intended to help these small resorts where they have a whole row of little rowboats on them and they may or may not—somebody might come along and may or may not put a motor on and use it for an hour or so—now, do you think that your amendment would take care of what I'm trying to address?"

Senator Bottiger: "Senator Barr, I think my amendment is broader than yours. I am afraid that if we adopted your amendment, we would create a problem on a non-navigable lake—if the boat has a motor on it. Your amendment would require it to be registered where my amendment, standing alone, would say it doesn't have to be registered. I am also concerned that this amendment has not been checked with the Coast Guard, because if we pass a bill that does not comply with the Coast Guard regulations, then the whole thing is for naught and you're going to have to double register your boat again."

Senator Barr: "My understanding was, where I have the same language as you, that it is for non-navigable waters."

Senator Bottiger: "I understand that, but your amendment says that it can have no propulsion device. What happens when a resort owner on a non-navigable lake that does not have to be registered, under my amendment, also rents a nine horse-power motor with it? Under your amendment, he would have to be registered and under mine he would not have to be, so I think your amendment fowls it up."

Senator Barr: "I appreciate that very much and Mr. President, with that clarification I would withdraw the amendment."

There being no objection, the amendment by Senators Barr and Rinehart to the Committee on Ways and Means amendment was withdrawn.
POINT OF INQUIRY

Senator Clarke: "Senator Talmadge, just to further tie down, as to legislative intent, the way you read the Bottiger amendment, is it your opinion and would it appear to be the legislative intent that it would accomplish for those owners that are expressed in the Barr amendment an exemption, also?"

Senator Talmadge: "Yes."

MOTION

Senator McDermott moved the following amendment to the Committee on Ways and Means amendment be adopted:

On page 4, beginning on line 23, strike all of section 4 and renumber the remaining sections consecutively.

Debate ensued.

MOTION

On motion of Senator Shinpoch, further consideration of Engrossed Substitute House Bill No. 255, and the pending McDermott amendment to the Committee Ways and Means amendment was deferred.

SECOND READING

Modifying provisions on property tax exemptions and deferrals.

MOTIONS

On motion of Senator McDermott, Second Substitute Senate Bill No. 3267 was substituted for Substitute Senate Bill No. 3267 and the second substitute bill was placed on second reading and read the second time.

Senator Metcalf moved the following amendment be adopted:

On page 5, line 16, strike all of section 5

Debate ensued.

POINT OF INQUIRY

Senator Metcalf: "Senator Bluechel, you're saying that RCW 80--it says 'the cultural art education program as defined in 82.04.43.28.' Are you saying that that RCW is so restrictive that it would only apply to this one school?"

Senator Bluechel: "This is what the Revenue Department told us. There are no other schools I know of in this state that could qualify. The Revenue Department told us in the testimony in the committee that they wish to grant the exemption, but the RCW was too narrow. The amendment was worked out with the Department of Revenue to specifically cover this one school and to my knowledge, that's all it covers."

The President declared the question before the Senate to be adoption of the amendment by Senator Metcalf.

The motion by Senator Metcalf failed and the amendment was not adopted on a rising vote.

MOTION

On motion of Senator McDermott, the rules were suspended. Second Substitute Senate Bill No. 3267 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

The President declared the question before the Senate to be the roll call on final passage of Second Substitute Senate Bill No. 3267.

ROLL CALL

The Secretary called the roll on final passage of Second Substitute Senate Bill No. 3267, the bill passed the Senate by the following vote: Yeas, 48; nays, 0; absent, 0; excused, 0.

SECOND READING

SUBSTITUTE HOUSE BILL NO. 1247, by Committee on Judiciary (originally sponsored by Representatives Armstrong, Padden, Appelwick, Struthers, Barrett, Brough and Crane)

Revising criminal sentencing.

The bill was read the second time.
Senator Talmadge moved that the following Committee on Judiciary amendment be adopted:

Strike everything after the enacting clause, and insert the following:

"Sec. 1. Section 1, chapter 99, Laws of 1937 as amended by section 1, chapter 276. Laws of 1983 and RCW 9.92.150 are each amended to read as follows:

The sentencing judge of the superior court and the sentencing judge of courts of limited jurisdictions shall have authority and jurisdiction whereby the sentence of a prisoner, sentenced to imprisonment in their respective county jail, may be reduced by up to ((ten days for each month of confinement therein)) one-third for good behavior.

Sec. 2. Section 31, chapter 137, Laws of 1981 and RCW 9.92.900 are each amended to read as follows:

The following sections of law do not apply to any felony offense committed on or after July 1, 1984: RCW 9.92.050, 9.92.060, 9.92.062, 9.92.064, 9.92.066, 9.92.070, 9.92.080, and 9.92.090((and 9.92.150)).

Sec. 3. Section 3, chapter 137, Laws of 1981 as last amended by section 9, chapter 164, Laws of 1983 and RCW 9.94A.030 are each amended to read as follows:

Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Commission" means the sentencing guidelines commission.

(2) "Community corrections officer" means an employee of the department who is responsible for carrying out specific duties in supervision of sentenced offenders and monitoring of sentence conditions.

(3) "Community service" means compulsory service, without compensation, performed for the benefit of the community by the offender.

(4) "Community supervision" means a period of time during which a convicted offender is subject to crime-related prohibitions and other sentence conditions imposed pursuant to this chapter by a court. For first-time offenders, the supervision may include crime-related prohibitions and other conditions imposed pursuant to RCW 9.94A.120(5).

(5) "Confine"ment means total or partial confinement as defined in this section.

(6) "Conviction" means an adjudication of guilt pursuant to Titles 10 or 13 RCW.

(7) "Crime-related prohibition" means an order of a court prohibiting conduct (which) directly relates to the circumstances of the crime for which the offender has been convicted, and shall not be construed to mean orders directing an offender affirmatively to participate in rehabilitative programs or to otherwise perform affirmative conduct.

(8) "Criminal history" means the list of a defendant's prior convictions, whether in this state, in federal court, or elsewhere. The history shall include, where known, for each conviction (i) whether the defendant has been placed on probation and the length and terms thereof; and (ii) whether the defendant has been incarcerated and the length of incarceration.

(b) "Criminal history" includes a defendant's convictions or pleas of guilty in juvenile court if: (i) The guilty plea or conviction was for an offense which is a felony and is criminal history as defined in RCW 13.40.020(6)(a); and (ii) the defendant was fifteen years of age or older at the time the offense was committed; and (iii) the defendant (was twenty-three years of age or less) had not reached his or her twenty-third birthday at the time the offense for which he or she is being sentenced was committed.

(9) "Department" means the department of corrections.

(10) "Determinate sentence" means a sentence (which) states with exactitude the number of actual years, months, or days of total confinement, of partial confinement, of community supervision, the number of actual hours or days of community service work, or dollars or terms of a fine or restitution. The fact that an offender through "earned early release" can reduce the actual period of confinement shall not affect the classification of the sentence as a determinate sentence.

(11) "Fines" means the requirement that the offender pay a specific sum of money over a specific period of time to the court.

(12) "First-time offender" means any person convicted of a felony not classified as a violent offense under this chapter, who previously has never been convicted of a felony in this state, federal court, or another state, and who has never participated in a program of deferred prosecution for a felony offense.

(13) "Offender" means a person who has committed a felony established by state law and is eighteen years of age or older or is less than eighteen years of age but whose case has been transferred by the appropriate juvenile court to a criminal court pursuant to RCW 13.40.110. Throughout this chapter, the terms "offender" and "defendant" are used interchangeably.

(14) "Partial confinement" means confinement for no more than one year in a facility or institution operated or utilized under contract by the state or any other unit of government, for a substantial portion of each day with the balance of the day spent in the community.
