The bond shall run to the state and shall be conditioned that it is for the use and benefit of any person requesting a refund pursuant to RCW 68.46.060 if the cemetery authority does not promptly pay to said person the refund due pursuant to RCW 68.46.060. In addition to any other remedy, every person not promptly receiving the refund due pursuant to RCW 68.46.060 may sue the surety for the refund. The (board) department shall immediately notify the cemetery authority affected by the termination or cancellation by certified mail, return receipt requested. (6) Any failure to fund a prearrangement contract as required by this section shall be grounds for revocation of the cemetery authority's prearrangement sales license.

Sec. 1028. Section 9, chapter 68, Laws of 1973 1st ex. sess. as last amended by section 1, chapter 190, Laws of 1983 and RCW 68.46.090 are each amended to read as follows:

All information appearing on such written reports shall be revised at least annually. These reports shall be verified by the president, or the vice president, and one other officer of the cemetery authority, the accountant or auditor who prepared the report, and, if required by the ((board)) department for good cause, a certified public accountant in accordance with generally accepted auditing standards. Verification of these reports by a certified public accountant in accordance with generally accepted auditing standards shall be required on reports from cemetery authorities which manage prearrangement trust funds totaling in excess of five hundred thousand dollars.

(3) Is being used in connection with solicitation by false, misleading or deceptive advertising or sales practices.

Use of a prearrangement contract form which is not on file with the ((board)) department or which the board has ordered the cemetery authority not to use shall be a violation of this chapter.

Sec. 1034. Section 23, chapter 21, Laws of 1979 and RCW 68.46.170 are each amended to read as follows:

No cemetery authority shall enter into prearrangement contracts in this state unless the cemetery authority has obtained a prearrangement sales license issued by the ((board or its authorized representative)) department and such license is then current and valid.

Sec. 1035. Section 29, chapter 21, Laws of 1979 and RCW 68.46.180 are each amended to read as follows:

All prearrangement sales licenses issued under this chapter shall be valid for one year unless extended by the ((board or its authorized representative)) department for a maximum of
thirty days, or such larger extension as the department shall allow for good cause shown.

All fees so collected shall be remitted by the department to the state treasurer and shall be credited to the cemetery account.

Sec. 1036. Section 30, chapter 21, Laws of 1979 and RCW 68.46.190 are each amended to read as follows:

The board may refuse to renew or may revoke or suspend a cemetery authority's prearrangement sales license, if the cemetery authority:

1. Fails to comply with any provision of this chapter or any proper order or regulation of the board;

2. Is found by the board to be in such condition that further execution of prearrangement contracts would be hazardous to purchasers or beneficiaries and the people of this state;

3. Refuses to be examined, or refuses to submit to examination or to produce its accounts, records, and files for examination by the board when required;

4. Is found by the board after investigation or receipt of reliable information to be managed by persons who are incompetent or untrustworthy or so lacking in managerial experience as to make the proposed or continued operation hazardous to purchasers, beneficiaries, or the public; or

5. Is found by the board to use false, misleading, or deceptive advertisements or sales methods.

Sec. 1037. Section 31, chapter 21, Laws of 1979 and RCW 68.46.200 are each amended to read as follows:

The department shall give a cemetery authority notice of its intention to suspend, revoke, or refuse to renew a prearrangement sales license, and the board shall grant the cemetery authority a hearing, in the manner required for contested cases under chapter 34.04 RCW, before the order of suspension, revocation, or refusal may become effective.

No cemetery authority whose prearrangement sales license has been suspended, revoked, or refused shall subsequently be authorized to enter into prearrangement contracts unless the grounds for such suspension, revocation, or refusal in the opinion of the board no longer exist and the cemetery authority is otherwise fully qualified. Any prearrangement sale by an unlicensed cemetery authority shall be voidable by the purchaser who shall be entitled to a full refund.

Sec. 1038. Section 32, chapter 21, Laws of 1979 and RCW 68.46.220 are each amended to read as follows:

1. The department may issue and serve upon a cemetery authority a notice of charges if in the opinion of the department or its authorized representative the cemetery authority:

   a. Is engaging in or has engaged in practices likely to endanger the future delivery of cemetery merchandise or services, unconstructed crypts or niches, or undeveloped graves;

   b. Is violating or has violated any statute of the state of Washington or any rule of the board; or

   c. Is about to do an act prohibited in (1)(a) or (1)(b) of this section when the opinion is based upon reasonable cause.

2. The notice shall contain a statement of the facts constituting the alleged violation or practice and shall fix a time and place at which a hearing will be held by the board to determine whether an order to cease and desist should issue against the cemetery authority. The hearing shall be set not earlier than ten nor later than thirty days after service of the notice unless a later date is set by the board at the request of the cemetery authority.

Unless the cemetery authority appears at the hearing by a duly authorized representative it shall be deemed to have consented to the issuance of a cease and desist order. In the event of this consent or if upon the record made at the hearing the board finds that any violation or practice specified in the notice of charges has been established, the board may issue and serve upon the cemetery authority an order to cease and desist from the violation or practice.

The order may require the cemetery authority and its directors, officers, employees, and agents to cease and desist from the violation or practice and may require the cemetery authority to take affirmative action to correct the conditions resulting from the violation or practice.

A cease and desist order shall become effective at the expiration of ten days after service of the order upon the cemetery authority except that a cease and desist order issued upon consent shall become effective as provided in the order unless it is stayed, modified, terminated, or set aside by action of the board or a reviewing court.

The powers of the board under this section are in addition to the power of the board to refuse to renew or to revoke or suspend a cemetery authority's prearrangement sales license.
Sec. 1039. Section 33. chapter 21. Laws of 1979 and RCW 68.46.230 are each amended to read as follows:

Whenever the board ((or its authorized representative)) determines that a cemetery authority is in violation of this chapter or that the continuation of acts or practices of the cemetery authority is likely to cause insolvency or substantial dissipation of assets or earnings of the cemetery authority or to otherwise seriously prejudice the interests of the purchasers or beneficiaries of prearrangement contracts, the board((or its authorized representative,)) may issue a temporary order requiring the cemetery authority to cease and desist from the violation or practice. The order shall become effective upon service on the cemetery authority and shall remain effective unless set aside, limited, or suspended by a court in proceedings under RCW 68.46.240 or until the board dismisses the charges specified in the notice under RCW 68.46.220 or until the effective date of a cease and desist order issued against the cemetery authority under RCW 68.46.220.

Signed by Senators Thompson and DeJarnatt: Representatives Belcher and Peery.

MOTION

On motion of Senator Vognild, the Report of the Conference Committee on Engrossed Substitute Senate Bill No. 4938 was adopted and the committee was granted the powers of Free Conference.

There being no objection, the Senate resumed consideration of Substitute House No. 1722 and the pending motion by Senator Kreidler that the Senate adopt the Report of the Conference Committee and grant the powers of Free Conference, deferred earlier today.

RULING BY THE PRESIDENT

President Cherberg: "In ruling upon the point of order raised by Senator Vognild, the President finds that Substitute House Bill No. 1722 is a measure entitled 'An Act Relating to the Washington Clean Air Act.'

'The amendment proposed by the Conference Committee relates to woodstove emissions, air pollution source operating permits and smoking restrictions in state owned or leased buildings occupied by state employees and adds these provisions to the Washington Clean Air Act.

'The President, therefore, finds that the proposed amendment does not change the scope and object of the title of the bill and that the point of order is not well taken.'

The amendment by the Conference Committee was ruled in order.

The President declared the question before the Senate to be the motion by Senator Kreidler that the Report of the Conference Committee on Substitute House Bill No. 1722 be adopted and that the committee be granted the powers of Free Conference.

Debate ensued.

MOTION

Senator Rasmussen moved that Substitute House Bill No. 1722 be referred to the Committee on Parks and Ecology.

Debate ensued.

POINT OF ORDER

Senator Talmadge: "Mr. President, a point of order. I believe a motion to grant the powers of Free Conference insofar as it is designed to bring the two houses closer together on an issue would take precedence over a motion to send or refer a bill to committee. The disposition of the rules being to bring the houses
together as much as possible rather than to frustrate that intention, so I believe the motion to adopt the powers of Free Conference takes precedent."

REPLY BY THE PRESIDENT

President Cherberg: "The President has stated that to Senator Rasmussen, but the President believes that he wants to be certain."

Further debate ensued.

RULING BY THE PRESIDENT

President Cherberg: "The President believes that the remarks by Senator Talmadge, to the effect that what action would bring the two houses together, is more important; therefore, the President rules that the motion to grant the powers of Free Conference is in order."

Further debate ensued.

Senator Rasmussen demanded a roll call and the demand was sustained.

The President declared the question before the Senate to be the roll call on the motion by Senator Kreidler to adopt the Report of the Conference Committee and grant the powers of Free Conference on Substitute House Bill No. 1722.

ROLL CALL

The Secretary called the roll and the motion by Senator Kreidler failed and the Senate did not adopt the Report of the Conference Committee or grant the powers of Free Conference on Substitute House Bill No. 1722 by the following vote: Yeas, 21: nays, 27: excused, 1.

Excused: Senator Stratton - 1.

There being no objection, the Senate resumed consideration of House Bill No. 1795 and the pending motion by Senator Talmadge to adopt the Report of the Conference Committee and grant the powers of Free Conference, deferred earlier today.

RULING BY THE PRESIDENT

President Cherberg: "In ruling upon the point of order raised by Senator Hayner, the President finds that House Bill No. 1795 is a measure entitled 'An Act Relating to Information in Child Support Orders.'

"The amendment proposed by the Conference Committee requires additional information in child support orders, provides for parenting plans in dissolution action and repeals the existing custody laws.

"The President, therefore, finds that the proposed amendment does change the scope and object of the title of the bill and that the point of order is well taken."

The amendment by the Conference Committee was ruled out of order.

MOTION

On motion of Senator Talmadge, the Conference Committee was relieved of further consideration of House Bill No. 1795.

MOTION

Senator Talmadge moved that the Senate adhere to its position on House Bill No. 1795 and asks the House to concur therein.

Debate ensued.

POINT OF INFORMATION

Senator Pullen: "Mr. President, just as a matter of clarification, I believe Senator Talmadge made the motion to adhere, which is kind of an unusual motion, but when he made his speech in favor of the motion, he was talking about insisting and I just want a clarification as to whether his motion is to insist or to adhere. I
think it does make a difference under the rules as to what the intent is behind that motion and what the significance is for our determination to stick to our position."

MOTIONS

On motion of Senator Talmadge, and there being no objection, the motion to adhere to its position on House Bill No. 1795 and to ask the House to concur therein was withdrawn.

On motion of Senator Talmadge, the Senate insists on its position regarding House Bill No. 1795 and asks the House to concur therein.

MOTION

REPORT OF CONFERENCE COMMITTEE

March 11, 1986

Mr. President:
Mr. Speaker:

We, of your Conference Committee, to whom was referred ENGROSSED SUBSTITUTE HOUSE BILL NO. 1992, restricting state investments in countries with apartheid policies, have had the same under consideration and we report that we are unable to agree and we respectfully request the powers of Free Conference in order to amend the bill as follows:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The definitions in this section apply throughout sections 1 through 4 and 13 of this act and RCW 28B.20.130, 28B.30.150, 28B.35.120, 28B.40.120, and 28B.50.090.

(1) "Invest" means the direct purchase of any stocks, bonds, securities, or other evidence of indebtedness or ownership.

(2) "Business firm" means any corporation operating as a nonprofit or for profit entity and organized under the laws of a state or of the United States, or other United States-based business entity and its subsidiary or affiliate. "Business firm" does not include banks, bank holding companies, affiliates, or subsidiaries thereof and financial institutions.

(3) "Bank" means a commercial bank licensed by the state or an agency of the United States.

(4) "Financial institution" means a savings and loan association licensed by the state or an agency of the United States, a credit union licensed by the state or an agency of the United States, or any insurance company, brokerage firm, securities firm, investment company, mortgage banking company, finance company, or consumer credit company licensed to do business in this state.

(5) "Doing business" means maintaining retail facilities, plant and equipment, manufacturing facilities, distribution facilities, warehouses, or making loans. In determining whether an activity constitutes doing business under this definition, reference may be made to the most recent listing of companies with operations in countries with an apartheid policy such as compiled by the investor responsibility research center, Inc.

(6) "Apartheid" means an official policy authorizing the denial of equal voting rights or political, educational, or economic rights on the basis of race. This definition includes only the policies of South Africa and Namibia.

(7) "Government" means both the central government of the referenced country and any instrumentality thereof.

NEW SECTION. Sec. 2. (1) The limitations on the investment authority of the state investment board, the state treasurer, and institutions of higher education relating to countries having an apartheid policy shall not apply to investments in any business firm doing business in a country having an apartheid policy if the firm meets each of the following criteria:

(a) It is a category I signatory of the Sullivan principles and is making good progress in complying with these principles. In determining the degree of compliance, reference shall be made to the Sullivan principles performance ratings as measured by Arthur D. Little Inc.; and
(b) It does not provide strategic goods or services which support the practice of apartheid. A business firm shall not be deemed in compliance with this requirement if it provides strategic products or services for use by the government of any country having an apartheid policy or any of its agencies, the military, or police in any such country, or any company which contracts, either directly or through intermediaries, with these agencies or organizations. Strategic products are defined as articles designated as arms, ammunition, and implements of war in 22 Code of Federal Regulations, part 121, and data processing equipment and computers sold for military or police use or for use in connection with the pass system as practiced in the Republic of South Africa.

(2) The state investment board, state treasurer, and the governing bodies of institutions of higher education may require business firms, banks, and financial institutions to provide them with an affidavit indicating that they have followed the restrictions of activity contained in this section. The state investment board, treasurer, and governing bodies may also refer to information compiled by the investor responsibility research center, United Nations center on transnational corporations, the interfaith center on corporate responsibility, or the international council for equality of opportunity principles, inc.

(3) The legislature finds that effective monitoring of compliance with the Sullivan principles depends on information compiled by certain organizations, including the international council for equality of opportunity principles, the organization which created and monitors the Sullivan principles. Without such information, administration of this section would be impractical. Therefore, the provisions of this section shall expire if the organization named above ceases to exist or terminates its monitoring of compliance with the Sullivan principles.

NEW SECTION. Sec. 3. (1) On or after January 1, 1987, subject to RCW 43.33A.140, the state investment board shall not make additional or new investments or renew existing investments in business firms doing business in any country having an apartheid policy, or with the government of any country.

(2) On or after July 1, 1987, subject to RCW 43.33A.140, the state investment board shall not make additional or new investments or renew existing investments in banks and financial institutions that make loans to any corporation or other business entity headquartered in, and whose operations are principally conducted in, a country having an apartheid policy, or to the government of any country having an apartheid policy.

NEW SECTION. Sec. 4. (1) As long as any trust funds or state funds are invested in any business firm, bank, or financial institution doing business in a country having an apartheid policy, the state investment board shall file a report with the governor and the legislature by January 31 of each year.

(2) The report shall include:
(a) The issuer, by name, of the securities and other evidence of indebtedness or ownership;
(b) The book value of the stock as of the preceding December 31st; and
(c) A description of the securities or other evidence of indebtedness or ownership.

(3) If investments are made in business firms, banks, or financial institutions doing business in a country having an apartheid policy, the state investment board must demonstrate that no other investments of comparable yield, maturity, quality, and liquidity were available in business firms, banks, or financial institutions not doing business in a country having an apartheid policy.

Sec. 5. Section 28B.20.130, chapter 223, Laws of 1969 ex. sess. as last amended by section 92, chapter 370, Laws of 1985 and RCW 28B.20.130 are each amended to read as follows:

(2) To employ the president of the university, his assistants, members of the faculty, and employees of the institution, who except as otherwise provided by law, shall hold their positions during the pleasure of said board of regents.
(3) Establish entrance requirements for students seeking admission to the university which meet or exceed the standards specified under RCW 28B.80.350(2). Completion of examinations satisfactory to the university may be a prerequisite for entrance by any applicant at the university's discretion. (4) Establish such colleges, schools or departments necessary to carry out the purpose of the university and not otherwise prescribed by law.
(5) With the assistance of the faculty of the university, prescribe the course of study in the various colleges, schools and departments of the institution and publish the necessary catalogues thereof.

MESSAGE FROM THE HOUSE

The House has adopted the Conference Committee Report on ENGROSSED SUBSTITUTE HOUSE BILL NO. 1447, and has granted said committee the powers of Free Conference. The Report of the Free Conference Committee is herewith transmitted.

SHARON L. CASE, Assistant Chief Clerk

REPORT OF FREE CONFERENCE COMMITTEE

March 9, 1986

Mr. President:
Mr. Speaker:

We, of your Free Conference Committee, to whom was referred ENGROSSED SUBSTITUTE HOUSE BILL NO. 1447, modifying accounting and reporting requirements for public works contracts, have had the same under consideration and we recommend that the bill do pass as amended by the Conference Committee.
FIFTY-EIGHTH DAY, MARCH 11, 1986

(See Report of Conference Committee on Engrossed Substitute House Bill No. 1447, read in on March 10, 1986)

Signed by Senators Saling, McManus and Goltz; Representatives Haugen and Brough.

POINT OF ORDER

Senator Rasmussen: "Mr. President, a point of order. I wish to raise the question of scope and object on this particular report. It started out as a small works roster and ended up with garbage. They've added another bill to it, so I would hope that the President would take a good look at that and find out if they've added garbage when they shouldn't have."

Further debate ensued.

MOTION

At 5:35 p.m., on motion of Senator Vognild, the Senate recessed until 6:00 p.m.

SECOND AFTERNOON SESSION

The Senate was called to order at 6:00 p.m. by President Cherberg.

There being no objection, the Senate resumed consideration of Engrossed Substitute House Bill No. 1447 and the pending Report of the Free Conference Committee, deferred before the last recess.

RULING BY THE PRESIDENT

President Cherberg: "In ruling upon the point of order raised by Senator Rasmussen, the President finds that Engrossed Substitute House Bill No. 1447 is a measure entitled 'An Act Relating to Public Works Contracts.'

"The amendment proposed by the Free Conference Committee modifies accounting and report requirements for public works contacts and authorizes contracts for municipal resource recovery facilities and solid waste handling systems. All provisions relate to public works contracts.

"The President. therefore, finds that the proposed amendment does not change the scope and object of the title of the bill and that the point of order is not well taken.

"The President would like to take this opportunity to remind the members that 'new proposed items' in the Free Conference Reports need only fit the scope and object of the title of the bill in conference. This is a broader rule than used in proceedings prior to conference."

The amendment by the Free Conference Committee was ruled in order.

The President declared the question before the Senate to be adoption of the Report of the Free Conference Committee on Engrossed Substitute House Bill No. 1447.

Debate ensued.

Senator Vognild demanded a roll call and the demand was sustained.

The President declared the question before the Senate to be the roll call on adoption of the Report of the Free Conference Committee on Engrossed Substitute House Bill No. 1447.

ROLL CALL

The Secretary called the roll and the Report of the Free Conference Committee on Engrossed Substitute House Bill No. 1447 was adopted by the following vote:

Yeas, 35: nays, 5: absent, 8; excused, 1.

Absent: Senators Cantu, Garrett, Hayner, McManus, Owen, Peterson, Pullen, Sellar – 8.

Excused: Senator Stratton – 1.

The President declared the question before the Senate to be the roll call on final passage of Engrossed Substitute House Bill No. 1447, as amended by the Free Conference Committee.

Debate ensued.
POINT OF INQUIRY

Senator Rasmussen: "Senator Thompson, I presume you're aware of what's in the bill here. A peculiar section that I don't understand—maybe you could explain it. I understand that cities and counties can let contracts, but this provides in this bill that, 'There shall be included in the contract specifications allocations of financial responsibility in cases where the amount of solid waste handled during the contract period falls below the minimum level.' This means that you have to pay whether you use it or not. Isn't that rather peculiar that the state should tell counties and cities what they have to include in a contract?"

Senator Thompson: "Senator Rasmussen, what you've described is what we call the put or pay arrangement or what has come to be called that. These substantial investments can only be realized or attracted if there is some assurance of a sufficient flow of solid waste to the facility. No one is going to build a facility if there isn't that assurance, but because the stream may be unpredictable, the assurance will be backed up by a contractual arrangement to pay in effect for the difference if there is a decline in the volume of solid waste to the facility. So, you either put the solid waste in the facility or you pay for what you do not put. It's a reasonable contractual arrangement to attract investments in these facilities."

Senator Rasmussen: "Can you recall any other time that the state has put that provision in that you 'shall contract'?"

Senator Thompson: "We have never before in the history of our state reached the point where we had to deal with the problem of solid waste in these volumes. Senator Rasmussen. It calls for some unique arrangement to solve the problem."

Further debate ensued.

MOTION

On motion of Senator Zimmerman, Senator Pullen was excused.

ROLL CALL

The Secretary called the roll on final passage of Engrossed Substitute House Bill No. 1447, as amended by the Free Conference Committee, and the bill passed the Senate by the following vote: Yeas, 38; nays, 8; absent, 1; excused, 2.

Signed by Senators McDermott, Halsan and Lee: Representatives Grimm and Appelwick.

MOTION

Senator McDermott moved the Report of the Free Conference Committee on House Bill No. 1633 be adopted.

POINT OF ORDER

Senator Lee: "Mr. President, a point of order. I had asked a little earlier about the time requirement and you clearly pointed out to me at that point that we were on a Conference Committee Report. This is a Free Conference Committee Report and I believe it takes a two-thirds suspension of the rules to consider it before 7:50 p.m. today."

MESSAGE FROM THE HOUSE

Mr. President:
The House has adopted the Conference Committee Report on ENGROSSED SUBSTITUTE HOUSE BILL NO. 1754, and has granted said committee the powers of Free Conference. The Report of the Free Conference Committee is herewith transmitted.

DENNIS L. HECK, Chief Clerk

REPORT OF FREE CONFERENCE COMMITTEE

Mr. President: Mr. Speaker:
We, of your Free Conference Committee, to whom was referred ENGROSSED SUBSTITUTE HOUSE BILL NO. 1754, encouraging employers to hire recipients of unemployment insurance benefits and public assistance, have had the same under consideration and we recommend that the bill do pass as amended by the Conference Committee.

(See Report of Conference Committee on Engrossed Substitute House Bill No. 1754 read in on March 10, 1986)

Signed by Senators Bottiger, Warnke and Hayner; Representatives McMullen and Schoon.

MOTION

Senator Warnke moved that the Report of the Free Conference Committee on Engrossed Substitute House Bill No. 1754 be adopted.

POINT OF ORDER

Senator Rasmussen: "Mr. President, a point of order. I would like to raise the scope and object on this particular bill. It deals with economic development which is a separate department and then it jumps over into the revenue department on sales tax. I think this clearly enlarges the scope and object. I hate to put the President to the work all the time, but this paper hanging job is really something. I would agree with Senator Warnke, he probably has good intentions, but it just doesn't fit on this bill. I don't know how you can defer sales tax from the revenue department when it doesn't relate at all to the economic department. I would urge you to take a close look at it, Mr. President."

Debate ensued.

RULING BY THE PRESIDENT

President Cherberg: "In ruling upon the point of order raised by Senator Rasmussen, the President finds that Engrossed Substitute House Bill No. 1754 is a measure entitled 'An Act Relating to Economic Development.'

'The amendments proposed by the Free Conference Committee encourage employers, wishing to expand in our state, to hire recipients of unemployment insurance and public assistance, and authorizes sales and use tax deferrals on new projects from out-of-state or projects in distressed areas. All provisions relate to economic development.

'The President, therefore, finds that the proposed amendments do not change the scope and object of the title of the bill and that the point of order is not well taken.'

The amendments by the Free Conference Committee were ruled in order.

The President declared the question before the Senate to be the motion by Senator Warnke that the Report of the Free Conference Committee on Engrossed Substitute House Bill No. 1754 be adopted.

The motion by Senator Warnke carried and the Report of the Free Conference Committee on Engrossed Substitute House Bill No. 1754 was adopted.

The President declared the question before the Senate to be the roll call on final passage of Engrossed Substitute House Bill No. 1754, as amended by the Free Conference Committee.

Debate ensued.
POINT OF INQUIRY

Senator McCaslin: "Senator Zimmerman, did you mislead me last year with all the statistics and all the money that he said was spent down there? Could you answer that question for me?"

Senator Zimmerman: "Mr. President and Senator McCaslin. I would mislead you not in any way. I would like to correct a few of those things that were said. namely, that RCA/Sharp is going to be paying a very good salary. I don't know what attorneys make, but they are going to be averaging somewhere close to forty thousand and that's not too shabby. They also came here, Senator Guess, really because of the fact that they had looked very carefully at all of the aspects and obviously one of them was the income tax that we do not have and that Oregon does have. They also covered very thoroughly the fact that we have lower property taxes, that we have lower utility rates, that we are close to the airport and that we have exceptional water in Camas, but there was no question that they also had in their computer as to their reasons for coming that amount of money they would save because of the sales tax deferral--and it is a deferral. let's remember that. Let's not go beyond that, but certainly these companies are ones that we all want. There will be more. We have made contact with companies around the world. There are many of them that are looking. We have presented the facts as to why they should come to Washington and obviously the sales tax deferral will give one more exceptional tool. Thank you for that question."

Further debate ensued.

ROLL CALL

The Secretary called the roll on final passage of Engrossed Substitute House Bill No. 1754, as amended by the Free Conference Committee, and the bill passed the Senate by the following vote: Yeas. 39; nays. 7; absent. 1; excused. 2.

MESSAGE FROM THE HOUSE

March 11, 1986

Mr. President:

The House insists on its position regarding the Senate amendment to SUBSTITUTE HOUSE BILL NO. 803 and asks the Senate to recede therefrom, and the same are herewith transmitted.

SHARON L. CASE, Assistant Chief Clerk

MOTION

On motion of Senator Talmadge, the Senate receded from the amendment to Substitute House Bill No. 803.

Debate ensued.

POINT OF INQUIRY

Senator Metcalf: "Senator Talmadge, the Senate amendment which the House won't accept would have provided a religious defense for parents under certain circumstances. What will be the effect of leaving out that language from this bill?"
Senator Talmadge: "I don't believe it will have any substantial impact. Senator Metcalf, because that exemption or defense is already in the law, as a matter of constitutional law. The language of Section 5 of the Senate amendments to Substitute House Bill No. 803 provided that it was a defense if the parent relied on treatment by spiritual means alone through prayer for healing in accordance with bonafide religious beliefs, which were genuinely held by such parents unless the parent had reasonable cause to believe that the life of the child was substantially and seriously threatened or permanent physical damage could result to the child if the failure to provide medical treatment occurred.

"I believe that the present constitutional law requires that a similar kind of religious or spiritual defense would be present to any prosecution under this proposed statute."

Having voted on the prevailing side, Senator Metcalf moved to reconsider the vote by which the Report of the Conference Committee was not adopted and the powers of Free Conference were not granted on House Bill No. 1722, earlier today.

President Cherberg: (No response)

Signed by Senators Owen, Metcalf and Halsan: Representatives Basich, Haugen and Thomas.

MOTION

Debate ensued.

POINT OF INQUIRY

Senator Rasmussen: "Senator Owen, this Whiting, is that the fish that is commonly known as Hake?"

Senator Owen: "Yes, it is, Senator Rasmussen."

Senator Rasmussen: "And Hake has an unlimited supply out in the ocean?"

Senator Owen: "Evidently."

Senator Rasmussen: "This is what the Russian ships and the Chinese and Japanese are catching?"

Senator Owen: "You are speaking out in the ocean. The license limitation is on the Puget Sound. I don't know what the condition is in the ocean."

Senator Rasmussen: "Would the results of this bill lock in those people who have licenses and close the door to anyone else who wanted to get a license?"

Senator Owen: "In the Puget Sound, that's correct."

Senator Rasmussen: "And they have to catch fifty thousand pounds in order to get their license each year?"

Senator Owen: "They will have to have caught that amount and have been licensed prior to this time in order to have a Whiting license."

Senator Rasmussen: "This is another 'I'm in--lock you out' bill then?"

Senator Owen: "This is an issue very similar to the Crab moratorium that we have in the Puget Sound."

Further debate ensued.

RULING BY THE PRESIDENT

President Cherberg: "In ruling upon the point of order raised by Senator Craswell, the President finds that Engrossed Senate Bill No. 4814 is a measure establishing an education and training program in the common schools to prevent child abuse and neglect.

"The amendment proposed by the Conference Committee provides for the education and training program, makes unlawful any use of force on a child unless the force is reasonable and moderate, and defines unreasonable force.

"The President, therefore, finds that the proposed amendment does change the scope and object of the bill and that the point of order is well taken.

"The President once again would like to remind the members that 'new proposed items' in Free Conference Reports need only fit the scope and object of the title of the bill in conference. In all other circumstances, amendments must fit the scope and object of the original bill."

The amendment proposed by the Conference Committee on Engrossed Senate Bill No. 4814 was ruled out of order.

REPORT OF CONFERENCE COMMITTEE

March 12, 1986

Mr. President:
Mr. Speaker:

We, of your Conference Committee, to whom was referred ENGROSSED SUBSTITUTE HOUSE BILL NO. 2021, creating Washington health care project commission, have had the same under consideration and report that we are unable to agree and respectfully request the powers of Free Conference in order to amend the bill as follows:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) The legislature finds that:
(a) Good health care for indigent persons is of importance to the state;
(b) To ensure the availability of a good level of health care, efforts must be made to encourage cost consciousness on the part of providers and consumers, while maintaining medical assistance recipients within the mainstream of health care delivery:"
(c) Managed health care systems have been found to be effective in controlling costs while providing good health care services;

(d) By enrolling medical assistance recipients within managed health care systems, the state's goal is to ensure that medical assistance recipients receive at least the same quality of care they currently receive.

(2) It is the intent of the legislature to develop and implement new strategies that promote the use of managed health care systems for medical assistance recipients by establishing pre-paid capitated programs for both in-patient and out-patient services.

NEW SECTION. Sec. 2. A new section is added to chapter 74.09 RCW to read as follows:

(1) For the purposes of this section, "managed health care system" means any health care organization, including health care providers, insurers, health care service contractors, health maintenance organizations, health insuring organizations, or any combination thereof, that provides directly or by contract health care services covered under RCW 74.09.520 and rendered by licensed providers, on a prepaid capitated case management basis.

(2) No later than July 1, 1991, the department of social and health services shall enter into agreements with managed health care systems to provide health care services to recipients of aid to families with dependent children under the following conditions:

(a) Agreements shall be made within one class A county in the eastern part of the state for at least ten thousand recipients: and one class AA county for at least fifteen thousand recipients in the western part of the state: and one first class county of at least five thousand recipients in the western part of the state;

(b) At least one of the agreements shall include enrollment of all recipients of aid to families with dependent children residing in a defined geographical area;

(c) The department shall, to the extent possible, ensure that recipients have a choice of systems in which to enroll and, if necessary and medically appropriate treatment for a recipient is not available from or through a participating managed health care system, the department shall exempt the recipient from any requirement to receive some or all of their medical services from such a system;

(d) To the extent possible, the department shall ensure that participating managed health care systems do not enroll a disproportionate number of medical assistance recipients within the total numbers of persons served by the managed health care systems;

(e) Prior to negotiating with any managed health care system, the department shall estimate, on an actuarially sound basis, the expected cost of providing the health care services expressed in terms of upper and lower limits; and recognizing variations in the cost of providing the services through the various systems and in different project areas. In negotiating with managed health care systems the department shall adopt a uniform procedure that includes at least request for proposals, including standards regarding the quality of services to be provided; and financial integrity of the responding system. The department may negotiate with respondents to the extent necessary to refine any proposals;

(f) The department shall seek waivers from federal requirements as necessary to implement this chapter;

(g) The department shall, wherever possible, enter into prepaid capitation contracts that include inpatient care. However, if this is not possible or feasible, the department may enter into prepaid capitation contracts that do not include inpatient care;

(h) The department shall define those circumstances under which a managed health care system is responsible for out-of-system services and assure that recipients shall not be charged for such services; and

(i) Nothing in this section prevents the department from entering into similar agreements in additional counties or for other groups of people eligible to receive services under chapter 74.09 RCW.

The department shall seek to obtain a large number of contracts with providers of health services to Medicaid recipients. The department shall ensure that publicly supported community health centers and providers in rural areas, who show serious intent and apparent capability to participate in the project as managed health care systems are seriously considered as providers in the project.

(3) The department shall work jointly with the state of Oregon and other states in this geographical region in order to develop recommendations to be presented to the appropriate federal agencies and the United States congress for improving health care of the poor, while controlling related costs.

NEW SECTION. Sec. 3. The department shall report to the legislature not later than January 1, 1987, on progress toward implementation of the requirements of this chapter, but shall not delay implementation on account of this reporting requirement.

The report shall also include an analysis of the possible expansion of the use of managed health care within other medical assistance programs, including making it available to certain recipients of general assistance and supplemental security income.

NEW SECTION. Sec. 4. There is created the Washington health care project commission composed of fifteen members; four members shall be state representatives, two from each
political party appointed by the speaker of the house of representatives; four members shall be state senators, two from each political party appointed by the president of the senate.

The legislative members of the commission shall select seven public members, to serve on the commission, that are representative of health care professionals, health care providers, those directly involved in the purchase, provision, or delivery of health care services, industry, consumers, and those knowledgeable of the ethical issues involved with health care public policy.

The legislative members shall select from among the public members one to serve as chairman and from among the legislative members four to serve, together with the chairman, as an executive committee of the commission.

(1) The commission may hire staff or contract for professional assistance with funds made available for their activities. To the extent possible, the department of social and health services, the house of representatives, and the senate shall provide staff support. The commission may apply for and receive and accept grants, gifts, and other payments, including property and services, from any governmental or other public or private entity or person, and may make arrangements as to the use of these receipts, including the undertaking of special studies and other projects relating to health care costs or access to health care.

The public members of the commission shall receive no compensation for their service as members, but shall be reimbursed for their expenses while attending any meetings of the commission in the same manner as legislators engaged in interim committee business as specified in RCW 44.04.120.

The commission may establish ad hoc technical advisory committees to assist it with any particular matters deemed necessary and any person serving in such capacity may be reimbursed for their expenses while attending any meetings of such committee or the commission in the same manner as public members of the commission.

(2) The commission shall have the following responsibilities:

(a) To review and estimate the following information about persons in the state of Washington who do not have health care coverage:

(i) The numbers of such persons;

(ii) Their age and geographic distribution;

(iii) Their employment status;

(ii) The schedule of services shall include all services necessary for prenatal, postnatal, and well-child care;

(iii) The schedule of services shall include a separate schedule of basic health care services for children eighteen years of age and younger, for those who might choose to secure basic coverage only for their dependent children;

(iv) In designing the schedule of services, the commission shall consider the guidelines for assessing health services under the mandated benefits act of 1984, RCW 48.42.080; and

(v) The schedule of services shall be based upon an estimated cost not exceeding fifty dollars per month per person enrolled. The commission may develop alternative schedules of services based on higher or lower monthly costs as it deems appropriate.

(c) After establishing at least a tentative schedule of basic health care services, obtain the following information about persons identified in (a) of this subsection:

(i) An estimate of demand for basic health coverage expressed in terms of numbers of potential enrollees if such a program were made available to them, including the basis upon which such an offering should be made; and

(ii) The characteristics of likely enrollees including demographic and economic data, likely utilization and such other actuarial information as needed to estimate the likely cost of the benefit schedule defined by the commission.

(3) The commission shall then use the information obtained pursuant to this section to develop plans that includes:

(a) Methods of delivery for the schedule of basic health care services by managed health care systems;

(b) Methods of soliciting and accepting application for participation in the program to deliver such basic health care services on a demonstration basis from managed health care systems, including payment methods, rates, and any risk sharing provisions;

(c) Methods whereby the delivery of such services could be integrated with the managed health care systems that may be participating in the medical assistance program of the department of social and health services; and

(d) A structure of periodic payments, based upon gross family income, that would be the responsibility of any person or subscriber within the identified groups, or that might be made the responsibility of another private party.
(e) Establishing necessary eligibility standards and guidelines for person seeking such health care coverage, and whatever administrative structure may be needed to enroll such persons;

(f) Methods of monitoring the provision of services to enrollees and the quality of care provided; and

(g) Methods of funding the reasonably anticipated costs of such plans, collectively or individually.

(4) For the purposes of this section, "managed health care systems" means any health care organization, including health care providers, insurers, health care service contractors, health maintenance organizations, or any combination thereof, that provides directly or by contract the schedule of services by duly licensed providers, on a prepaid capitated basis.

(5) The commission shall submit a final report to the legislature no later than December 1, 1986. The report shall include plans that address the needs for such a basic health care program for any identified groups of persons and an analysis of any alternatives considered, but not adopted.

(6) The commission shall terminate upon the submission of their final report.

NEW SECTION. Sec. 5. The sum of one hundred fifty thousand dollars, of which ninety thousand is from the general fund——state and sixty thousand is from the general fund——federal, or so much thereof as may be necessary, is appropriated to the department of social and health services for the biennium ending June 30, 1987, for the purposes identified in sections 2 and 3 of this act.

The sum of one hundred twenty-five thousand dollars, or as much thereof as may be necessary, is appropriated for the biennium ending June 30, 1987, from the general fund to the Washington health care project commission for the purposes identified in this act: PROVIDED, that the house executive rules committee and senate facilities and operations committee may jointly authorize expenditures for necessary expenses directly related to commission activities or studies on health care issues conducted by any legislative committee during 1986 or 1987.

NEW SECTION. Sec. 6. The following state agencies are directed to cooperate with the office of financial management in order to establish appropriate health care data information systems in their programs: The department of social and health services, the department of labor and industries, the state employees' insurance board, the department of veterans affairs, and the department of corrections.

The office of financial management, in conjunction with such agencies, shall determine:

1. Definitions of health care services;
2. Health care data elements common to all agencies;
3. Health care data elements unique to each agency;
4. A mechanism for program and budget review of health care data; and
5. Executive review of health care data.

NEW SECTION. Sec. 7. Each of the agencies listed in section 6 of this act, with the exception of the department of labor and industries, which expends more than five hundred thousand dollars annually of state funds for purchase of health care shall identify the availability and costs of nonfee for service providers of health care, including preferred provider organizations, health maintenance organizations, managed health care or case management systems, or other nonfee for service alternatives. In each case where feasible in which an alternative health care provider arrangement, of similar scope and quality, is available at lower cost than fee for service providers, such state agencies shall make the services of the alternative provider available to clients, consumers, or employees for whom state dollars are spent to purchase health care. As consistent with other state and federal law, requirements for copayments, deductibles, the scope of available services, or other incentives shall be used to encourage clients, consumers, or employees to use the lowest cost providers, except that copayments or deductibles shall not be required where they might have the impact of denying access to necessary health care in a timely manner.

NEW SECTION. Sec. 8. Plans for establishing or improving utilization review procedures for purchased health care services shall be developed by each agency listed in section 6 of this act. The plans shall specifically address such utilization review procedures as prior authorization of services, hospital inpatient length of stay review, requirements for use of outpatient surgeries and the obtaining of second opinions for surgeries, review of invoices or claims submitted by service providers, and performance audit of providers.

NEW SECTION. Sec. 9. The state agencies listed in section 6 of this act shall review the feasibility of establishing prospective payment approaches within their health care programs. Work plans or timetables shall be prepared for the development of prospective rates. The agencies shall identify legislative actions that may be necessary to facilitate the adoption of prospective rate setting methods.

NEW SECTION. Sec. 10. (1) Each agency listed in section 6 of this act shall individually or in cooperation with other agencies take any necessary actions to control costs without reducing the quality of care when reimbursing for or purchasing drugs. To accomplish this purpose, each agency shall investigate the feasibility of and may establish a drug formulary designating which drugs may be paid for through their health care programs. For purposes of this
section. A drug formulary means a list of drugs, either inclusive or exclusive, that defines which drugs are eligible for reimbursement by the agency.

(2) In developing the drug formulary authorized by this section, agencies:

(a) Shall prohibit reimbursement for drugs that are determined to be ineffective by the United States food and drug administration;

(b) Shall adopt rules in order to ensure that less expensive generic drugs will be substituted for brand name drugs in those instances where the quality of care is not diminished;

(c) Where possible, may authorize reimbursement for drugs only in economical quantities;

(d) May limit the prices paid for drugs by such means as central purchasing, volume contracting, or setting maximum prices to be paid;

(e) Shall consider the approval of drugs with lower abuse potential in substitution for drugs with significant abuse potential; and

(f) May take other necessary measures to control costs of drugs without reducing the quality of care.

(3) Agencies may provide for reasonable exceptions to the drug formulary required by this section.

(4) Agencies may establish medical advisory committees, or utilize committees already established, to assist in the development of the drug formulary required by this section.

NEW SECTION. Sec. 11. A new section is added to chapter 43.41 RCW to read as follows:

(1) It is the purpose of this section to ensure implementation and coordination of chapter 70.9—RCW (sections 6 through 10 of this act) as well as other legislative and executive policies designed to contain the cost of health care that is purchased or provided by the state. In order to achieve that purpose, the director may:

(b) Implement lawful health care cost containment policies that have been adopted by the legislature or the governor, including appropriation provisos;

(c) Coordinate the activities of all state agencies with respect to health care cost containment policies;

(e) Monitor and report on the implementation of health care cost containment policies;

(f) Appoint a health care cost containment technical advisory committee that represents state agencies that are involved in the direct purchase, funding, or provision of health care; and

(g) Engage in other activities necessary to achieve the purposes of this section.

(2) All state agencies shall cooperate with the director in carrying out the purpose of this section.

(3) By December 15 of each even-numbered year, the office of financial management shall submit to the ways and means committees of the senate and house of representatives a report covering total expenditures over the past two years for the purchase or provision of health care services, together with an estimate of such future expenditures during the ensuing four years. The reports, together with any suitable recommendations, shall be consistent with the provisions of section 17, chapter 288, Laws of 1984 (uncodified).

NEW SECTION. Sec. 12. Not later than January 1, 1988, the superintendent of public instruction shall report to the legislature on proposed methods of controlling school employee health care costs consistent with the policies and goals of this act.

NEW SECTION. Sec. 13. Sections 6 through 10 of this act shall constitute a new chapter in Title 70 RCW.

NEW SECTION. Sec. 14. This act is necessary for the immediate preservation of the public peace, health, and safety, the support of the state government and its existing public institutions, and shall take effect immediately.

SECOND REPORT OF CONFERENCE COMMITTEE

March 12, 1986

Mr. President:

Mr. Speaker:

We, of your Conference Committee, to whom was referred SUBSTITUTE SENATE BILL NO. 4814 for the second time, relating to child abuse prevention, have had the same under consideration and report that we are unable to agree and respectfully request the powers of Free Conference in order to amend the bill as follows:
FIFTY-NINTH DAY, MARCH 12, 1986 1709

That the House Ways and Means Committee amendment, as amended, and adopted on March 7, 1986, be adopted and that the bill, as amended, do pass.

Signed by Senators Talmadge, Gaspard and Bailey: Representatives Hargrove, Locke and West.

MOTION

Senator Talmadge moved that the Second Report of the Conference Committee on Substitute Senate Bill No. 4814 be adopted.
Debate ensued.

PARLIAMENTARY INQUIRY

Senator Pullen: "Mr. President, a parliamentary inquiry. Will the twenty-four hour rule start being clocked from this time?"

REPLY BY THE PRESIDENT

President Cherberg: "The report has been on the floor since about 3:00."
Senator Pullen: "O.K. So the twenty-four hour time starts being clocked from 3:00?"

President Cherberg: "Yes, Senator."
Senator Pullen: "O.K. It's a little confusing. There are two reports out here. One says 'revised' and has 3:30; 3/11--I guess that's yesterday and then we have a second revised report and it says, 'The Conference/Free Conference Committee' and there's no time on it at all."

President Cherberg: "The bill went out about fifteen minutes ago."
Senator Pullen: "So would this motion not be in order until 3:00 tomorrow?"

MOTION

Senator Vognild moved that the twenty-four hour rule be suspended for the consideration of Substitute Senate Bill No. 4814.
Debate ensued.

PARLIAMENTARY INQUIRY

Senator Pullen: "A point of parliamentary inquiry, Mr. President. It appears to me that this is a debatable motion, because it's really not a suspension of the rules since the rules specifically allow this to be done with a two-thirds vote. Therefore, I would contend that pursuant to Rule 11 of the Joint Rules this is a debatable motion since the rules specifically say that by a two-thirds vote we can consider this in less than twenty-four hours. It's technically not a suspension of the rules as it is a special motion to allow consideration in less than twenty-four hours by a two-thirds vote."

POINT OF ORDER

Senator Rasmussen: "My point of order, Mr. President, I have in my hand here Substitute Senate Bill No. 4814 Conference and then Free Conference Second Revised. Now, I presume that that's what we're working on, but I don't know. It doesn't have a date on it. It has no time and so it's twenty-four hours from what? It's March 12th he says—yes, but there's no time on it. You know technically we should have it in perfect form."

REPLY BY THE PRESIDENT

President Cherberg: "Two reports have been sent out that are on the desks and this is about 3:00 p.m. today, Senator."

REMARKS BY SENATOR PULLEN

Senator Pullen: "Again I can make a brief rebuttal as to the fact that we should be considering this. Mr. President and members of the Senate, suspending the twenty-four hour rule is virtually unprecedented. Also, I would draw your attention to the fact that the Conference Committee has not really been made up of those who have concerns pro and con on this particular bill. Basically, the conferees were reflecting a viewpoint that represents not the pro and con on the controversial matters within the bill.

"As evidence of that, I would suggest that we take a look at the roll call I just passed out from when Senate Bill No. 4704 was before us. Senator Talmadge, at
that time, who was one of the conferees moved that we delete the word 'substantial' before 'bodily harm.' His motion was soundly defeated on the floor of the Senate and you can look at the roll call to see if your name was one of those who helped defeat his motion. And yet in Conference Committee and Free Conference Committee, one of the first things they did was to delete the word 'substantial' so we really aren't having a Free Conference Committee Report that reflects the will of this body."

**REMARKS BY SENATOR BOTTIGER**

Senator Bottiger: "Mr. President, Senator Pullen started debating whether this required a suspension of the rules and was even debatable and now he's off into the roll call votes on prior occasions. The issue is, is it debatable at all?"

**RULING BY THE PRESIDENT**

President Cherberg: "The President will read the portion of Rule 11 of the Joint Rules: 'The foregoing provisions relating to twenty-four hour intervals may be suspended by the Senate or the House of Representatives by a two-thirds vote of the members present, and such suspension shall apply only to the house voting to suspend these provisions.'

"The President rules that Senator Vognild's motion is properly before the Senate."

Senator Bottiger demanded a roll call on the the motion to suspend the twenty-four hour rule for consideration of Substitute Senate Bill No. 4814 and the demand was sustained.

The President declared the question before the Senate to be the roll call on the motion by Senator Vognild that the twenty-four hour rule be suspended for consideration of Substitute Senate Bill No. 4814.

**ROLL CALL**

- Voting yea: Senators Bailey, Barr, Bauer, Bender, Bluechel, Bottiger, Deccio, DeJamatt, Fleming, Garrett, Gaspard, Goltz, Granlund, Halsan, Hansen, Hayner, Johnson, Kiskaddon, Kreidler, McDermott, McDonald, McManus, Moore, Newhouse, Owen, Patterson, Peterson, Rasmussen, Rinehart, Saling, Sellier, Talmadge, Thompson, Vognild, von Reichbauer, Warnke, Williams, Wojahn - 38.

POINT OF INQUIRY

Senator Kiskaddon: "Senator McDermott, would you mind telling me what we gave into and what the bill is?"

Senator McDermott: "Substitute House Bill No. 1765 comes out of a court case that says if a person is on SSI and his or her spouse is on GAU, they can't double dip and get a one-person grant each. The Senate had an amendment which said that at least they got medical care and now the House has refused to give them medical care."

MOTION

Senator Talmadge moved that the Report of the Free Conference Committee on Substitute Senate Bill No. 4814 be adopted.

Debate ensued.

POINT OF INQUIRY

Senator Metcalf: "Senator Talmadge, the bill is exactly as it came out of the House, originally?"

Senator Talmadge: "Yes."

Senator Metcalf: "Is the phrase 'minor temporary mark' intended to include minor temporary bruises, redness and welts?"

Senator Talmadge: "Senator Metcalf, yes it is, however, I would emphasize the word 'minor.'"

Senator Metcalf: "O.K. Another question. We've all been deeply concerned about the CPS going in and taking children out of homes and the Child Protective Services removing children from homes without due process or insufficient provocation. There's great concern that this language will allow CPS even wider latitude in removing children. How do you answer this concern?"

Senator Talmadge: "Senator, this deals with the standard for criminal prosecutions and the defense thereof. This is more of guidance to prosecuting attorneys. I believe, than will be the case with Child Protective Services."

Senator Metcalf: "So it would not allow them wider latitude in removing children?"

Senator Talmadge: "I don't believe so. No."

Senator Metcalf: "Thank you, very much, Senator Talmadge."
Further debate ensued.

The President declared the question before the Senate to be the motion by Senator Talmadge that the Report of the Free Conference Committee on Substitute Senate Bill No. 4814 be adopted.

(3) If after having been so served with a notice of hearing, the accused fails to appear at the hearing, the board may proceed to hear evidence against him and may enter such order as may be justified by the evidence, which shall be final unless the accused petitions for a review thereof. Within thirty days from the date of any such order upon a showing of good cause for failing to appear, the board may reopen the proceedings and may permit the accused to submit evidence in his or her behalf:

The court will hear the matter de novo, and may sustain, modify, or set aside the board's order in whole or in part, or may remand the matter to the board for further action, and may, in its discretion, stay the effect of the board's order pending its determination of the case. The court's decision has the force and effect of a decree in equity; and

If the board determines that the accused holds a certificate, or a registration in any other state, the board shall notify the board of accountancy of the other state of its decision by mail within thirty days of rendering the decision)) under the provisions of this chapter, such proceedings and any appeal therefrom shall be taken in accordance with the administrative procedure act, chapter 34.04 RCW.

(7) Nothing contained in this chapter prohibits any person who is the holder of a valid certified public accountant certificate from assuming or using the designation 'certified public accountant' or 'CPA' or any other title, designation, words, letters, sign, card, or device tending to indicate that the person is a certified public accountant.

basis for work done by ants, or any of their employees shall not disclose any confidential information obtained in the process of work done. The licensee may make and retain copies of such documents of the client when they form the basis for work done. In any such action, evidence of the commission of a single act prohibited by this chapter is sufficient to justify an injunction or a conviction without evidence of a general course of conduct.

(2) This section shall not be construed as limiting the authority of this state or of the United States or an agency of this state or of the United States to subpoena and use such information in connection with any investigation, public hearing, or other proceeding, nor shall this section be construed as prohibiting a certified public accountant whose professional competence has been challenged in a court of law or before an administrative agency from disclosing confidential information as a part of a defense to the court action or administrative proceeding.

MOTION

Senator Warnke moved that the Senate do concur in the House amendments to Engrossed Senate Bill No. 4725.

Debate ensued.

POINT OF INQUIRY

Senator Rasmussen: "Senator Warnke, in reading through this bill—'Each office shall be under the direct supervision of a resident manager'—and then they've inserted 'licensee.'"

Senator Warnke: "What page are you on?"

Senator Rasmussen: "It's all through the bill. This happens to be on page 19, both for certified and for licensed. My question is, I'm wondering why the change? Evidently the provisions in the bill all the way through would say that you have to be a licensed certified public accountant or a licensed public accountant, but the office that has to be in charge of one of those—you can't have a business manager running it that's not a certified accountant?"

Senator Warnke: "That's right, but what I think we deal with in here also is certified accountants that work for private firms—companies, corporations which are not in competition with public accountants and that is dealt with in this bill also, but they do require a certified public accountant in charge."

Senator Rasmussen: "Where it is outside of an accounting practice and doing accounting work for a company they are excluded?"

Senator Warnke: "That's true."

Senator Rasmussen: "Thank you. I haven't gone through this bill that far yet."

POINT OF INQUIRY

Senator Moore: "Senator Warnke, I've read this bill twice now and for the life of me I can't find the Pharmacy Board in it. Would you tell me what page it's on?"
Senator Warnke: "Thankfully, it is not included in this bill."

The President declared the question before the Senate to be the motion by Senator Warnke that the Senate do concur in the House amendments to Engrossed Senate Bill No. 4725.

The motion by Senator Warnke carried and the Senate concurred in the House amendments to Engrossed Senate Bill No. 4725.

The President declared the question before the Senate to be the roll call on final passage of Engrossed Senate Bill No. 4725, as amended by the House.

Debate ensued.

**POINT OF INQUIRY**

Senator Rasmussen: "Senator Warnke, this beautiful blue bill, will this assure the public that they are getting an accurate accounting? There has been quite a bit of trouble with accountants giving soft reports instead of hard reports where they've been hired and some of the biggest firms have been involved. Will this correct that problem?"

Senator Warnke: "I can't speak for the accuracy of the audits performed by CPAs or licensed accountants of any kind. I can only tell you that they have to meet certain qualifications to be licensed and I am assuming that if they are going to follow the ethics of the practice of accounting, they will get good audits."

Senator Rasmussen: "And if the SEC or any other government agency finds that they did not then can they lift the license, or would the board do that terrible thing?"

Senator Warnke: "That would have to be up to the board."

Senator Rasmussen: "Thank you. I can see you're wondering too."

**ROLL CALL**

The Secretary called the roll on final passage of Engrossed Senate Bill No. 4725, as amended by the House, and the bill passed the Senate by the following vote:

*Yeas. 42; nays. 3; absent. 2; excused. 2.*

Absent: Senators Benitz, McDermott – 2.

**ENGROSSED SENATE BILL NO. 4725.** as amended by the House, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

**MESSAGE FROM THE HOUSE**

**REPORT OF FREE CONFERENCE COMMITTEE**

March 12, 1986

Mr. President:

Mr. Speaker:

We, of your Free Conference Committee, to whom was referred ENGROSSED SUBSTITUTE HOUSE BILL NO. 2021, creating Washington health care project commission, have had the same under consideration and we recommend that the bill do pass as amended by the Conference Committee.

Signed by Senators McDermott and Talmadge: Representatives J. King and Ballard.
MOTION

Senator Talmadge moved that the Report of the Free Conference Committee on Engrossed Substitute House Bill No. 2021 be adopted.

Debate ensued.

The President declared the question before the Senate to be the motion by Senator Talmadge that the Report of the Free Conference Committee on Engrossed Substitute House Bill No. 2021 be adopted.

The motion by Senator Talmadge carried and the Report of the Free Conference Committee on Engrossed Substitute House Bill No. 2021 was adopted.

POINT OF INQUIRY

Senator Rasmussen: "Senator Talmadge, this indicates that the enrollment—the scheduled services shall be based upon estimated costs not exceeding fifty dollars per month per person enrolled. That would be a hundred dollars for a man and a wife?"

Senator Talmadge: "Senator, to what page are you referring?"

Senator Rasmussen: "I don't really know."

Senator Talmadge: "I think you're referring to the older version of the Conference Committee Report, if I recall."

Senator Rasmussen: "Well, the one that I have is revised, dated 12:10 p.m.; 3/12. Is there a later one?"

Senator Talmadge: "No, I believe that's the one."

Senator Rasmussen: "Well, I don't know, the pages aren't apparently numbered. It says 'cp' at the top."

Senator Talmadge: "Yes."

Senator Rasmussen: "Well, that's my question. If you are only merely studying the problem, why are you arriving at a figure of dollar amounts?"

Senator Talmadge: "Well, Senator, I think the project board is supposed to design a program looking to that dollar amount. It's not something that is absolutely written in concrete, however, it is something that is designed to give some guidance to the project board as to what the general intention of the Legislature is in trying to develop this managed health care approach for people on medicaid."

Senator Rasmussen: "It's only a study then? It's not starting a program?"

Senator Talmadge: "Three pilot programs is my understanding, Senator."

Senator Rasmussen: "How are they financing it?"

Senator Talmadge: "These are people who are already receiving state medicaid assistance, so there will be no additional cost to the state of Washington for those people. It is simply designed to look at whether or not the issue of a managed health care approach for people on medicaid assistance would be something that is workable and worthwhile."

The President declared the question before the Senate to be the roll call on final passage of Engrossed Substitute House Bill No. 2021, as amended by the Free Conference Committee.

SECOND READING
CONFIRMATION OF GUBERNATORIAL APPOINTMENTS

MOTION

Senator Gaspard moved that the appointment of Patricia Stell as a member of the Higher Education Personnel Board be confirmed.

Debate ensued.

POINT OF INQUIRY

Senator Talmadge: "Senator Saling, are you familiar with the date on that material that was submitted by Ms. Stell to the committee?"

Senator Saling: "The letter from the Governor to her is May 31, 1985."

Senator Talmadge: "Are you aware of the date upon which she was arrested for criminal trespass of the South African conflict?"

Senator Saling: "No. I am not, Senator Talmadge, and I think that's irrelevant as far as the date is concerned. I think it is absolutely essential that if a person has been arrested for criminal trespass that it is our duty and responsibility to thoroughly check into that person to make sure that they will be an adequate, responsible employee or appointee of the Governor so that they will not embarrass the Governor, or the Senate, or the state of Washington in any endeavor that they take place to participate in."
Senator Talmadge: "Certainly, Senator, but I hope you are not trying to leave the impression that this individual did not supply accurate information at the time she came before the committee, because I believe the time that she supplied the information to the committee was far in advance of the time she was arrested for criminal trespass.

"One further question if I could, Senator Saling. The question I have, I guess, is the standard by which you judge an individual for advise and consent. What you’re advocating here in talking about these gubernatorial nominations, is it your sense that anybody that has been arrested for violating a law of the state of Washington is not one that the Senate should confirm for public office or one the people should support for public office in this state?"

Senator Saling: "Of course not, Senator Talmadge. Perhaps you were not on the floor when I made my comments."

Senator Talmadge: "Yes I was."

Senator Saling: "Then perhaps you did not hear what I was saying. I am not saying that these people should not be confirmed. They may be the very best people for the position and I said that before. I am saying let’s not do it right now. Why rush into these particular people when we have six or seven pages of other confirmations to make. Why shouldn’t there be assurance on the part of all of us here that these are the best possible people? I think we have that responsibility as a body that confirms these appointments to make sure that we are doing the correct job and that the Governor or the Senate will not be embarrassed in the future and have to have the Governor ask for someone’s resignation from a position."

Senator Talmadge: "Well certainly, Senator, then you think the very same standard that you set out about giving careful scrutiny to the individual and taking appropriate time to deal with someone who has been arrested for exercising their sense of conscience. I trust the people of the legislative districts that are represented by Representative Van Dyke and Representative Fuhrman, who were both arrested for protesting on an issue in Spokane—in your area, I believe—will take the same kind of time and the same kind of detailed analysis to the fact that they were arrested for a crime as you’ve done for these individuals in making their judgment about whether to elect those individuals to public office."

Further debate ensued.

POINT OF INQUIRY

Senator Rinehart: "Senator Gaspard, what is the date on the information submitted by Patricia Stell?"

Senator Gaspard: "Senator Rinehart, the information given us and supplied to us by the Governor's Office, on the questionnaire and under the public notary has the date of June 14, 1985. I’m glad that you’ve asked the question because I think it needs to clarify some of the statements made by Senator Saling—that it was Patricia Stell that made the update—the correction—to the version that was before the committee on a voluntary situation. She wanted the committee to be fully informed that she had been arrested in protesting apartheid and in the further investigation of that matter, we found out that the matter had been dismissed."

Further debate ensued.

MESSAGE FROM THE SECRETARY OF STATE

The Honorable
President of the Senate
The Legislature of the State of Washington
Olympia, Washington
Mr. President:

I, Ralph Munro, do hereby certify that the attached is a full, true, and correct copy of the Proclamation of the Governor calling a special session of the State Legislature, which Proclamation was signed and attested to on the twenty-fifth day of July, 1986.

IN TESTIMONY WHEREOF, I have hereunto set my hand, and affixed the Seal of the state of Washington at Olympia, this first day of August, A.D., 1986.

Ralph Munro, Secretary of State

No. 86-05

PROCLAMATION BY THE GOVERNOR

Under the terms of the Nuclear Waste Policy Act, Public Law 97-425, Congress and the United States Department of Energy are required to follow certain processes in making the selection of a site for a high level nuclear waste repository. On May 28, 1986, the U.S. Department of Energy announced the selection of three sites, including one on the Hanford Reservation, for further study. It is my belief that the people of this state should have the opportunity to express their opinion about the process used to select sites. In order to accomplish this, it is necessary for the Legislature to meet solely for the purpose of taking action to place a referendum before the people.
NOW, THEREFORE, I, Booth Gardner, Governor of the state of Washington, by virtue of the authority vested in me by Article II, Section 12 (Amendment 68), and Article III, Section 7 of the state Constitution, do hereby convene the Legislature of the state of Washington on Friday, August 1, 1986, at 10:00 a.m. in special session in the Capitol at Olympia for a period of no more than twenty-four hours for the sole purpose of considering legislation to place a referendum before the people pertaining to the process for selecting the state of Washington as a potential high level nuclear waste repository site.

IN WITNESS WHEREOF, I have hereunto set my hand, and caused the Seal of the state of Washington to be affixed at Olympia at 2:00 p.m., this twenty-fifth day of July, A.D., nineteen hundred and eighty-six.

BOOTH GARDNER,
Governor of Washington

(Seal)

BY THE GOVERNOR:
Ralph Munro, Secretary of State

There being no objection, the President advanced the Senate to the fifth order of business.

INTRODUCTION AND FIRST READING

SB 5069 by Senators Williams, Bender, Hansen, Rinehart, Moore, Warnke, Wojahn, Haisan, Bauer, Bottiger, Conner, DeJarnatt, Fleming, Garrett, Gaspard, Goltz, Granlund, Kreidler, McDermott, McManus, Owen, Peterson, Rasmussen, Stratton, Talmadge, Thompson and Vognild (by request of Governor Gardner)

SCR 137 by Senators Bottiger and Fleming

Limiting subject matter and time of Special Session.

MOTIONS

On motion of Senator Bottiger, the rules were suspended, Senate Concurrent Resolution No. 137 was advanced to second reading and read the second time.

On motion of Senator Bottiger, the rules were suspended, Senate Concurrent Resolution No. 137 was advanced to third reading, the second reading considered the third and the resolution was adopted.

MOTION

On motion of Senator Bottiger, Senate Concurrent Resolution No. 137 was ordered immediately transmitted to the House of Representatives.

POINT OF INQUIRY

Senator McDonald: "Senator Bottiger, in the Governor’s call for a special session, he put limitations on the length and the subject matter. It is my understanding and I think it is the tradition of the Legislature and in the Constitution that, indeed, he cannot do that. Is that your understanding, Senator Bottiger?"

Senator Bottiger: "Senator McDonald, that is my understanding. It is the tradition and a division of the powers of government that the Legislature has never said that a Governor can do that and I say that a Governor cannot do that. We have, by our action, however concurred with his request, that we limit it to a single subject and one day, which I take was without objection and was with the consent of the body. It is our action to limit it, not the Governor’s."

Senator McDonald: "I was just concurring Senator Bottiger’s remarks and yes, indeed, we have concurred with the Governor’s request, but it is only that—a request—and does not have the authority for future reference."

MOTION

At 10:19 a.m., on motion of Senator Bottiger, the Senate was declared to be at ease.

MOTION

On motion of Senator Bottiger, the rules were suspended. House Bill No. 2130 was advanced to third reading, the second reading considered the third and the bill was placed on final passage.

Debate ensued.
POINT OF INQUIRY

Senator Guess: "Senator Benitz, in the Nuclear Waste Policy Act of 1982, and you are on the nuclear waste board and you are very thoroughly familiar with it. Section 116 covers the participation of states in the process of selecting a repository. Under Point 2, in Section 116, there is a reference to the 'notice of disapproval' which is being used as justification for this referendum. The line states that the 'notice of disapproval' shall be accompanied by a 'statement of reasons' explaining why the site was disapproved.

"If the voters issue 'the notice of disapproval,' as is called for in this bill, in your view, will the voters also have to approve the 'statement of reasons'? Also, in your view, what will the 'statement of reasons' entail?"

Senator Benitz: "Thank you for that question, Senator Guess. To me, it is absolutely clear that the voters will need to approve the 'statement of reasons' called for in Section 116. Additionally, if the 'statement of reasons' is to have any credibility, it must be technical in nature and probably several hundred pages in length. That's part of the problem with putting this document on the ballot and that should be very obvious.

"Further, the 'statement of reasons' is being substituted by the referendum and the referendum is being substituted to the people in place of the Governor and the Legislature, so it is very plain that the 'statement of reasons' would have to be there and be there in the technical form."

POINT OF INQUIRY

Senator Bolliger: "Senator Williams, in the question and answer between Senator Guess and Senator Benitz, which as we all know will appear in the record, is there another method by which the state could comply with the 'statement of reasons' that Senator Guess has referred to?"

Senator Williams: "Again, we are voicing opinions and it is true that the act that Senator Guess refers to says that there must be a reason. However, the implication that reason, as Senator Benitz indicated, would have to be somehow only a technical scientific reason would be justifiable, I think, is incorrect. We are here today questioning the whole process of site selection, not on the basis of technicalities or scientific evaluation. We are questioning the whole process, whether the federal government is following the requirements of the act. In other words, what I am saying is, there may be any number of reasons given for the state to voice its objection to the state of Washington being selected. I think it is inappropriate to expect that there would be only one kind of narrow channel in which the reason for disapproval would have to follow.

"I believe if you really wanted to get down to it, the proposition posed to the voters could simply say that the preponderance of the voters of this state based on the process that has been followed, disapprove of it. I disagree with the narrowness of the answer that Senator Benitz has given."

Further debate ensued.

POINT OF INQUIRY

Senator Talmadge: "Senator Bolliger, it is my understanding that under the case law as developed in this state by the Washington Supreme Court, with respect to the interpretation of legislative intent, that the court has said repeatedly in those cases that it will not look to the views of individual legislators in interpreting legislation. However, it will look to the view of the committee chairman through which that bill passed as being determinative. Is that your understanding of the case law in this area also?"

Senator Bolliger: "Senator Talmadge, the two most recent cases where I got into researching, that is the interpretation that I get from the court decisions. It's not so much the question and answer that is designed to await the record for a lawsuit, but rather the normal ordinary process of the committee chairman responding to questions."

Senator Talmadge: "Senator, one further follow-up question. The people in the power of referendum have reserved to themselves the full and complete legislative power, would it not be your opinion that if the people reserved to themselves the opportunity to act on a referendum of this sort, that they would have expressed
themselves fully and completely, exercising their legislative power in disapproving a site?"

Senator Bottiger: "Senator Talmadge, I am going to beg off on that one. The ultimate power lies in the people and the question of the compliance of the federal law is answered in this bill. That is the "second election." There is a little impetuous to the Legislature and the Governor to file the appropriate disapproval process and if they don't, the people's ultimate right to referendum is preserved in this bill."

Further debate ensued.

The President declared the question before the Senate to be the roll call on final passage of House Bill No. 2130.

ROLL CALL

The Secretary called the roll on final passage of House Bill No. 2130 and the bill passed the Senate by the following vote: Yeas, 44; nays, 3; excused, 2.

Voting yea: Senators Bailey, Barr, Bauer, Bender, Bluechel, Bottiger, Cantu, Conner, Craswell, Deccio, DeJamatt, Fleming, Gaspar, Goltz, Granlund, Halsan, Hansen, Hayner, Johnson, Kiskaddon, Krendler, Lee, McCaslin, McDermott, McDonald, McManus, McCall, Moore, Newhouse, Owen, Patterson, Peterson, Pullen, Rasmussen, Rinehart, Salin, Stratton, Talmadge, Thompson, von Reichbauer, Warmke, Williams, Wojahn, Zimmerman - 44.

GOVERNOR'S MESSAGES ON SENATE BILLS VETOED AND PARTIALLY VETOED
1986 REGULAR AND FIRST SPECIAL SESSION

April 4, 1986

To the Honorable, the Senate
of the State of Washington
Ladies and Gentlemen:

I am returning herewith, without my approval, Second Substitute Senate Bill No. 3110, entitled:

"AN ACT Relating to business and occupation taxation."

This legislation would allow the owners of amusement devices to deduct the amounts paid to persons providing store space from the owners' gross receipts. Proponents argue that this part of the income being generated by the devices is being taxed twice under current law, once as income to the owner, and again as income to the store.

The arguments supporting this exemption are not unique to the amusement device industry; they are typical of the problems with any system of gross receipts taxation and do not justify special tax treatment. Costs of doing business are generally not deducted from gross income. There are anti-pyramiding deductions for certain activities which are jointly provided or are provided through an agent/principal arrangement. However, businesses are not allowed to deduct rental payments for the rental of real property. The legislation obscures what are two separate and taxable activities: first, the generation of income to the owner from the devices, and second, the compensation to the premise owner for the license to use real property.

In vetoing this legislation, I want to emphasize the fact that the B&O tax is inherently an unfair tax, and to address its specific shortcomings on a piecemeal basis does little to offset its basic inequities. A comprehensive evaluation and restructuring of our business tax structure is a far more desirable means of addressing this issue.

Second Substitute Senate Bill No. 3110 is vetoed in its entirety.

Respectfully submitted,
Booth Gardner, Governor

April 4, 1986

To the Honorable, the Senate
of the State of Washington
Ladies and Gentlemen:

I am returning herewith, without my approval as to section 9(b), Reengrossed Substitute Senate Bill No. 3182, entitled:

"AN ACT Relating to retirement from public service."

Section 9(b) appropriates $2,800,000 for contribution to the pension trust fund for this biennium. The fiscal impact for the remaining provisions of this measure is $1,200,000 and therefore the appropriated amount is excessive.

The Department of Retirement Systems, in consultation with the Office of the State Actuary, will revise the employer contribution rate for the Public Employees and Teachers Systems so as to assure the appropriate cost of this legislation is collected by the system during this biennium.

With the exception of section 9(b), Reengrossed Substitute Senate Bill No. 3182 is approved.

Respectfully submitted,
Booth Gardner, Governor

April 4, 1986

To the Honorable, the Senate
of the State of Washington
Ladies and Gentlemen:

I am returning herewith, without my approval as to section 1(6), Senate Bill No. 3397, entitled:

"AN ACT Relating to game and game fish."
Section 1(6) of this bill would direct to the Game Fund, rather than to the Public Safety and Education fund, reimbursements to the state for the value of game animals taken illegally.

These reimbursements were directed to the Public Safety and Education Fund by the 1984 Court Reform Act, which did away with a very cumbersome system of separate accounting for numerous small special purpose court collections. The unified and simplified system now in place is vastly superior to its predecessor. The change contemplated by this subsection would be a step backward toward the old system. Moreover, the change is unnecessary because the Game Department receives appropriations from the Public Safety and Education Fund.

For this reason, I have vetoed section 1(6) of Senate Bill No. 3397.

Respectfully submitted,
Booth Gardner, Governor
April 4, 1986

To the Honorable, the Senate
of the State of Washington
Ladies and Gentlemen:

I am returning herewith, without my approval as to section 2(3) and section 3(1), (2) and (4), Second Substitute Senate Bill No. 3487, entitled:

"AN ACT Relating to energy consumption in state agencies."

I have vetoed the amendatory language "and the total cost to accomplish those measures which are not included" from the last sentence in section 2(3). This language would require explanatory information regarding items not included in the biennial budget request. Such a provision would be contrary to traditional budgetary practice.

I have also vetoed 3(1), (2) and (4) which would require the Office of Financial Management to develop guidelines for budgeting and implementation of state agency energy conservation initiatives. It would be inappropriate for the Office of Financial Management to be involved in such detailed operational matters. Agency management must be allowed to prioritize among competing state goals if they are to be held accountable for achieving the desired results. Notwithstanding these vetoed provisions, I will direct the Office of Financial Management to develop budget guidelines for energy related items.

With the exception of section 2(3) and section 3(1), (2) and (4), Second Substitute Senate Bill No. 3487 is approved.

Respectfully submitted,
Booth Gardner, Governor
April 4, 1986

To the Honorable, the Senate
of the State of Washington
Ladies and Gentlemen:

I am returning herewith, without my approval as to section 6, Engrossed Senate Bill No. 3636, entitled:

"AN ACT Relating to insurance."

This legislation accomplishes two things: it equalizes the premium tax rates between domestic and foreign insurers, and it provides a mechanism so that the Office of the Insurance Commissioner is funded by fees collected from the entities regulated by the Commissioner.

Section 6 states the purpose for imposing the fees is to "increase and improve the staff of the insurance commissioner." While it is certainly a top priority to ensure that the Commissioner has increased staff to properly regulate insurance companies in this time of increasing rates, the move to self-fund the office was not solely for the purposes stated in section 6. The funds provided by the fees imposed on commercial insurers, health care service contractors and health maintenance organizations will be the sole basis of funding the existing staff as well as any new staff authorized by the Legislature. For this reason, I have vetoed section 6 of Engrossed Senate Bill No. 3636.
With the exception of section 6, Engrossed Senate Bill No. 3636 is approved.

Respectfully submitted,
Booth Gardner, Governor

April 4, 1986

To the Honorable, the Senate
of the State of Washington
Ladies and Gentlemen:

I am returning herewith, without my approval as to sections 1 and 2 in part of Reengrossed Substitute Senate Bill No. 4305, entitled:

"AN ACT Relating to bail bonds."

This bill makes a number of changes relating to the legal processes for providing bail and appearance bonds.

Section 1 of this bill would relieve sureties of the responsibility of insuring the appearance of bonded defendants through the entire court hearing process by releasing the sureties' liability at conviction. Sureties would no longer remain liable until the sentencing hearing. This section reverses an effective long-standing policy. This section would also require that the defendant obtain a new bond for the period of time between conviction and sentencing with a resultant additional costs. If the defendant did not or could not get a new bond, the county would have to house the defendant in jail. These changes are undesirable from the standpoint of both the defendant and the county. Currently, the sureties can protect their interests by advising the court that a defendant will flee if found guilty and the bond should not be extended.

In section 2, I am vetoing the change proposed in the first sentence. The portion of section 2 that I am vetoing is the statement "or an amount less than that stated in the bond if recommended by the prosecuting attorney and approved by the court or approved by the court of its own motion." This change would allow a court to reduce the size of the forfeiture that must be made when the defendant fails to appear at court. Reducing the face value of the bond when the defendant fails to appear could undermine the incentive to bring defendants to justice, thereby weakening the criminal justice process.

For these reasons I have vetoed sections 1 and 2 in part of Reengrossed Substitute Senate Bill No. 4305.

With the exception of the vetoed sections, Reengrossed Substitute Senate Bill No. 4305 is approved.

Respectfully submitted,
Booth Gardner, Governor

April 4, 1986

To the Honorable, the Senate
of the State of Washington
Ladies and Gentlemen:

I am returning herewith, without my approval as to section 2(2), Substitute Senate Bill No. 4418, entitled:

"AN ACT Relating to irrigation."

Substitute Senate Bill No. 4418 is an important piece of legislation that maintains the state's strong commitment to the timely completion of the Yakima irrigation enhancement project. The work on the Yakima project should proceed as called for in the bill.

The legislation also restates the Department of Agriculture's legitimate role as an advocate of water resources projects needed to help meet future agricultural water needs, and seeks to preserve the state's option to participate in the second half of a feasible Columbia Basin irrigation project.

Section 2 requires the Department of Agriculture to establish a committee to study water supply availability in the Columbia Basin area and make a preliminary report to the Governor and Legislature by January 1, 1987, with the final report by January 1, 1988.

The primary objective of the study is to develop a formal process to enable the state to maintain its option to participate in a feasible Columbia Basin project.

The Federal Bureau of Reclamation is in the initial stages of preparing its required Environmental Impact Statement (EIS) on the second half of the Columbia
Basin project. The draft EIS is scheduled to be available for review and comment in December 1986, and will require a state response. The study timetable called for in section 2(2) could place the state in the untenable position of having to respond to the EIS and indicate a preferred project alternative as much as one full year in advance of completion of its own study.

Therefore, I am vetoing section 2(2) and asking the Director of the Department of Agriculture to develop a time schedule for activities, including dates for preliminary and final reports, and to inform the Legislature of the timetable. The timetable for the Columbia Basin water availability study should be consistent with the schedule for the Bureau of Reclamation's Environmental Impact Statement. That schedule calls for the draft EIS to be available for review in December 1986.

The committee specifically called for in section 2(1) would contain a number of key interest groups vital to the Columbia Basin project decision-making process. Other equally important interests--local government, recognized environmental organizations and Indian tribes--are absent. I am asking the Director of the Department of Agriculture to review the composition of the committee and to make certain that the entire range of interests and organizations necessary to make timely, objective decisions on appropriate participation in the Columbia Basin Project serve on the committee. The committee shall establish and maintain communications with the Governor and the Legislature.

A number of the issues identified for study in section 2(1) have already been at least partially addressed in past studies or ongoing assessments conducted by the state, the Bureau of Reclamation, the Bonneville Power Administration or the Northwest Power Planning Council. Section 2(1)(i) instructs the committee not to duplicate data being developed by the Bureau of Reclamation in its Environmental Impact Statement process. I am further directing the Department to ensure that the committee extends the mandate to avoid duplication, including duplication of previous or ongoing studies, to all elements of the study, not just those items enumerated in section 2(1)(i).

With the exception of section 2(2), Substitute Senate Bill No. 4418 is approved.

Respectfully submitted,
Booth Gardner, Governor

To the Honorable, the Senate
of the State of Washington
Ladies and Gentlemen:

I am returning herewith, without my approval as to section 46(43), Substitute Senate Bill No. 4486, entitled:

"AN ACT Relating to local government."

I am vetoing section 46(43) because it would repeal a section of an existing law (RCW 85.20.120) that is also amended by section 36 of this bill.

With the exception of section 46(43), the remainder of Substitute Senate Bill No. 4486 is approved.

Respectfully submitted,
Booth Gardner, Governor
April 3, 1986

To the Honorable, the Senate
of the State of Washington
Ladies and Gentlemen:

I am returning herewith, without my approval as to section 1, Senate Bill No. 4506, entitled:

"AN ACT Relating to the state board of health."

Section 1 of this bill would require the Office of Financial Management to conduct a study of the feasibility of consolidating public health and environmental health functions into a single state agency. An extensive study of this issue has already been completed, conducted by a joint committee of the Legislature. Another study of this same topic is unnecessary and would be duplicative. I have, however, directed my Executive Cabinet to review these programs and to develop a plan for a more efficient and effective alignment of public health and environmental health services.
For this reason, I have vetoed this section. With the exception of section 1, Senate Bill No. 4506 is approved:

Respectfully submitted,
Booth Gardner, Governor
April 4, 1986

To the Honorable, the Senate
of the State of Washington
Ladies and Gentlemen:

I am returning herewith, without my approval as to part of section 1, Substitute Senate Bill No. 4525, entitled:

"AN ACT Relating to legal representation of the legislature."

The Attorney General presently represents all the branches of government in Washington State -- the Legislature, the Executive and the Judiciary. This bill would allow the Legislature, the House, the Senate, or any committee or entity which hires its own staff to retain counsel of their own choosing to represent them in judicial and administrative proceedings. This is a substantial policy change.

The portion of section 1 which I am vetoing results in limiting the authority to retain counsel to the House of Representatives and the Senate together. This allows the Legislature as an institution to retain counsel. Without this limitation, I believe this authority to hire counsel would be too broad.

With the exception of the language in section 1 granting the House, the Senate and the committees or entities of the Legislature which hire their own staff the authority to retain separately legal counsel, I am signing Substitute Senate Bill No. 4525.

Respectfully submitted,
Booth Gardner, Governor
April 4, 1986

I am returning herewith, without my approval as to one portion, Substitute Senate Bill No. 4572, entitled:

"AN ACT Relating to shoreline management."

Section 1(3)(e)(vii) of this bill, on page 5, lines 22 through 26, would increase from $2,500 to $6,500 the value of shoreline docks exempted from the permit requirement of the Shoreline Management Act.

One of the purposes of the Shoreline Management Act is to provide public review of proposed substantial developments on the state's shorelines. By requiring a permit for any proposed substantial development, as defined in the Act, the public is afforded an opportunity to be notified of any substantial development and to comment on its consistency with the goals, policies and regulations of the local master program and of the Shoreline Management Act.

The change proposed to the definition in section 1(3)(e)(vii) would provide a blanket exemption from the permit and public review process for any dock with a value of up to $6,500. Since docks of this value can have a substantial impact on the environment, create neighborhood conflicts and interfere with navigation, I do not believe such an exemption from the process is appropriate. I am therefore vetoing this portion of Substitute Senate Bill No. 4572.

With the exception of section 1(3)(e)(vii), Substitute Senate Bill No. 4572 is approved.

Respectfully submitted,
Booth Gardner, Governor
April 4, 1986

To the Honorable, the Senate
of the State of Washington
Ladies and Gentlemen:

I am returning herewith, without my approval as to section 10 and a portion of section 6, Substitute Senate Bill No. 4590, entitled:

"AN ACT Relating to local government."
I fully support the intent of this legislation. It will provide local governments an additional opportunity to maximize the yield on their investments as well as provide the increased protection for public funds. However, language contained in section 10 would unduly restrict local governments' investment options. The repurchase agreement is a valuable cash management tool, the use of which should not be restricted without a corresponding benefit to local governments. The intent of section 10 would appear to be to require the delivery of securities to control of the local entity. However, failure to define the term "agent" renders this section meaningless and extraneous to the legislation. Therefore, I am vetoing section 10.

The last portion of section 6 after the word "Provided" is vetoed. This language conflicts with provisions of section 14 and would create confusion in the administration of the Act.

With the exception of a portion of section 6 and all of section 10, Substitute Senate Bill No. 4590 is approved.

Respectfully submitted,
Booth Gardner, Governor
April 3, 1986

To the Honorable, the Senate
of the State of Washington
Ladies and Gentlemen:

I am returning herewith, without my approval as to section 8, Substitute Senate Bill No. 4596, entitled:

"AN ACT Relating to community health services."

Section 8 of this bill requires that the Department of Social and Health Services undertake a study of possible reorganization of the department. The Secretary of Social and Health Services has been actively evaluating agency reorganization for some time, and a great deal has already been accomplished in this effort. Also, the Secretary is available to the Legislature at any time to review the reorganization plans and receive feedback. Therefore, this study requirement is unnecessary and would be duplicative of the work already in progress. For this reason, I have vetoed section 8.

With the exception of section 8, Substitute Senate Bill No. 4596 is approved.

Respectfully submitted,
Booth Gardner, Governor
April 4, 1986

To the Honorable, the Senate
of the State of Washington
Ladies and Gentlemen:

I am returning herewith, without my approval as to sections 1(4), 1(7) in part, 2 and 16, Engrossed Senate Bill No. 4620, entitled:

"AN ACT Relating to retail trading practices in the sale of motor vehicle fuels."

This legislation creates a separate franchise law that regulates the business relationship between motor fuel refiner-suppliers and motor fuel retailers.

The Legislature has devoted substantial time and effort to examining allegations that the major oil companies are employing predatory pricing and other unfair practices against the independent lessee-dealers to whom they supply gasoline and other products. These allegations are occurring during a period when the nature of retail gasoline marketing is undergoing significant changes. Preserving a market niche for independent lessee-dealers in this changing environment has been a major concern of the Legislature. Accordingly, Senate Resolution 1985-92 created a Select Committee to investigate these allegations and to submit its findings and recommendations to the Legislature. This legislation is largely a product of the Select Committee's work.

The Select Committee's findings are reflected in the major components of Engrossed Senate Bill No. 4620: (1) recognition and protection of lessee-dealers' franchise rights, (2) prohibitions against certain unfair trade practices and provision of legal remedies to address violations, (3) authorization for a study by the Attorney General to determine whether motor fuel refiner-suppliers are employing unfair price discrimination between their owner-operated retail outlets and their
lessee-dealers in the wholesale price charged for fuel, and (4) prohibitions against
motor fuel refiner-suppliers unfairly discriminating in the wholesale price of fuel
charged to their motor-fuel retailers in the same five-mile marketing area.

I have carefully considered all of these elements, and I support essentially all
but those provisions relating to refiner-supplier price discrimination against lessee-
dealers in the same marketing area, as contained in section 2 of the legislation.
While I can appreciate this as a thoughtful attempt to establish a way to address
alleged unfair pricing practices, I am not convinced that section 2 is a workable
means for ensuring a competitive gasoline market that protects the lessee-dealers
or benefits the consumers.

Therefore, I am vetoing section 2, as well as section 1(4) which defines the
“marketing area” applicable to section 2, and a portion of section 1(7) that exempts
certain “motor fuel refiner-suppliers” from the jurisdiction of this legislation.

In addition, since no administrative remedies are provided in this legislation, I
am also vetoing section 16 which is an unneeded reference to the Administrative
Procedure Act.

I will be awaiting the results of the Attorney General’s investigation of alleged
unfair wholesale price discrimination employed by refiner-suppliers between their
owner-operated stations and their independent lessee-dealers. This effort is to be
completed by December 1, 1986. The civil investigative demand powers of the
Attorney General should be effective in evaluating these alleged practices, which
were the genesis of the Legislature’s concern but which they were unable to docu-
ment. Until these results are available, the legislation as approved should provide
substantial protection for the investments and franchise rights of lessee-dealers.

With the exception of sections 1(4), 1(7) in part 2 and 16, Engrossed Senate Bill
No. 4620 is approved.

Respectfully submitted,
Booth Gardner, Governor
April 4, 1986

To the Honorable, the Senate
of the State of Washington
Ladies and Gentlemen:

I am returning herewith, without my approval as to sections 4 and 12,
Engrossed Second Substitute Senate Bill No. 4626, entitled:
“AN ACT Relating to the housing trust fund; and adding a new chap-
ter to Title 43 RCW.”

Section 4 of the bill allocates funds from the Housing Trust Fund to the Depart-
ment of Community Development to administer the act. Until a financing source is
established, the act is merely a statement of intent without fiscal impact. I am veto-
ing this section because the allocation of funds is premature.

The advisory committee established in section 12 is no longer appropriate to
the legislation as passed. The composition of the advisory committee should be
based on the selection of the source of funding for the trust fund and the affected
parties. Once the sources of funding are determined, an advisory committee rep-
resenting those sources should be established.

While I am vetoing section 12, I will request the Director of the Department of
Community Development to work with the appropriate committees of the Legisla-
ture in their efforts to evaluate emerging low-income housing needs and potential
sources of revenue for the Housing Trust Fund.

With the exception of sections 4 and 12, Engrossed Second Substitute Senate Bill
No. 4626 is approved.

Respectfully submitted,
Booth Gardner, Governor

To the Honorable, the Senate
of the State of Washington
Ladies and Gentlemen:

I am returning herewith, without my approval as to section 2(8), Substitute Sen-
ate Bill No. 4627, entitled:
“AN ACT Relating to cigarette wholesalers and retailers.”
I strongly agree with the intent of Substitute Senate Bill No. 4627 to "increase competition by reducing government's role in price setting" of cigarettes. I believe that increased market competition benefits the consumer.

I also agree that the Unfair Cigarette Below Cost Act, the current law which is amended by this bill, should not be terminated in June 1986. Rather, I favor a phase-out of state cigarette price regulation as proposed in Substitute Senate Bill No. 4627, allowing the market to adjust to free market practices over a five-year period. State regulation would then terminate completely in 1991. This approach is consistent with the Legislative Budget Committee's conclusion in its mandated study of the Unfair Cigarette Below Cost Act, "that Chapter 19.91 RCW be extended in its current form and then be automatically phased out over a five-year period."

However, I'm concerned over a potential problem created by the bill's inconsistent treatment of cigarette manufacturers' discounts. Section 2(8) of the bill deletes the provision in current law which specifically authorizes wholesalers to pass cigarette manufacturers' cash discounts through to the retailer. Deleting this express authority granted to wholesalers in section 2(8) of the current law appears to create an ambiguity with regard to section 2(10) which is retained in current law by this bill. Section 2(10) specifies how the retailer shall account to the Department of Revenue for discounts received from cigarette wholesalers. The Department of Revenue would probably be required to rule on this ambiguity with the potential for litigation to resolve the issue.

As a policy matter, if wholesalers are not allowed to pass manufacturers' discounts to retailers, contrary to current law, the effect would be to increase the mandatory wholesale price of cigarettes. This situation would be entirely inconsistent with the intent of Substitute Senate Bill No. 4627, and the Legislative Budget Committee's recommendation, to deregulate state price controls.

In considering a veto of section 2(8), I recognize that the current law pertaining to the treatment of manufacturers' discounts does not have the same effect on all segments of the cigarette wholesaling industry. Nonetheless, the current law has been in effect since 1984, which has already provided a period for the industry to adjust to the discount provision. I believe that the interests of the consumer are best served by retaining the discount provisions of current law, and continuing the move towards market pricing for cigarettes. Therefore, I am vetoing section 2(8) of Substitute Senate Bill No. 4627, which restores the provisions of current law regarding manufacturers' discounts.

With the exception of section 2(8), Substitute Senate Bill No. 4627 has been approved.

To the Honorable, the Senate
of the State of Washington
Ladies and Gentlemen:
I am returning herewith, without my approval as to the second sentence of section 2, Senate Bill No. 4675, entitled:
"AN ACT Relating to motor vehicle license plates."

Senate Bill No. 4675 would authorize the Director of the Department of Licensing to develop and issue a new centennial motor vehicle plate.

Section 2 permits a fleet of motor vehicles to apply for consecutive centennial license plates if they are available. The second sentence of this section defines a fleet of motor vehicles as a group of five or more vehicles registered in the same name and whose owner has been assigned a fleet identifier code by the Department. Currently, a fleet is defined as fifteen or more vehicles by administrative rule. Decreasing the number of vehicles in a fleet will create a significantly increased workload for the Department and the County Auditors, particularly because all fleet vehicles must be registered in December of each year and no funds were provided for the increased workload.
With the exception of the second sentence of section 2, Senate Bill No. 4675 is approved.

Respectfully submitted,
Booth Gardner, Governor

To the Honorable, the Senate
of the State of Washington
Ladies and Gentlemen:

I am returning herewith, without my approval as to section 2, Senate Bill No. 4691, entitled:

"AN ACT Relating to the definition of child for industrial insurance purposes."

Section 2 of this bill would create a Chiropractic Advisory Committee to assist the Director of Labor and Industries. Boards, commissions, committees, task forces and similar entities have proliferated in this state, now numbering over 400 such bodies.

State agencies, moreover, generally have the authority to create ad hoc advisory groups as the need arises. This authority makes it unnecessary to create advisory boards in statute.

A Chiropractic Advisory Board to advise the Department of Labor and Industries already exists, created by the department by rule. The committee proposed in this legislation would expire on June 30, 1987; the existing committee can -- and probably should -- continue past that date. Furthermore, the existing committee can undertake the tasks specified in section 2 of this bill.

For these reasons, I have vetoed section 2.

With the exception of section 2, Senate Bill No. 4691 is approved.

Respectfully submitted,
Booth Gardner, Governor

To the Honorable, the Senate
of the State of Washington
Ladies and Gentlemen:

I am returning herewith, without my approval as to section 1, Engrossed Senate Bill No. 4705, entitled:

"AN ACT Relating to communications with minors for immoral purposes."

Minors should be protected from exposure to sexually explicit material. Unfortunately, the language used in section 1 of this measure is both broad and unclear, and poses serious problems for libraries. Library staff would have to begin policing minors who use their facilities, and this is not an appropriate role. Unfortunately, provisions which would have exempted libraries and their staff from having to enforce this provision were deleted from the bill.

Selection of books for public libraries has historically been the responsibility of local library boards; I am satisfied this system continues to provide adequate safeguards for communities. Additionally, there are materials used by professional counselors and caseworkers in working with sexually abused children which may be suspect under this section.

Also, the definition of "minor" in section 1 is changed to age eighteen, which puts it in conflict with RCW 9.68A.110 -- the defense section to RCW 9.68A.050 -- which still refers to the age of a minor as sixteen. This will create serious problems and make the law unenforceable.

With the exception of section 1, Engrossed Senate Bill No. 4705 is approved.

Booth Gardner, Governor

To the Honorable, the Senate
of the State of Washington
Ladies and Gentlemen:

I am returning herewith, without my approval as to section 2, Senate Bill No. 4712, entitled:
SENATE BILLS - GOVERNOR'S VETO MESSAGES

"AN ACT Relating to public records; amending RCW 40.14.020; adding a new section to Chapter 40.14 RCW; and making an appropriation."

This bill would establish a new program to record and document the experience of former state officials. In addition, a new statutory advisory committee would be created.

I have vetoed section 2 which creates a new statutory advisory committee. After reviewing this matter, I find that the purposes and functions of this bill can be fulfilled without creating, in statute, an additional advisory body.

With the exception of section 2, Senate Bill No. 4712 is approved.

Respectfully submitted,
Booth Gardner, Governor

To the Honorable, the Senate
of the State of Washington
Ladies and Gentlemen:

I am returning herewith, without my approval as to section 5, Engrossed Senate Bill No. 4725, entitled:

"AN ACT Relating to accountancy."

The intent of the new language in section 5 is to create a new fund in the state treasury for receipt of all fees collected by the Board of Accountancy. Unfortunately, the new account is not properly created. Additionally, there is no appropriation from the new account. If this language is not vetoed, all the fees which currently go into the Certified Public Accountant Examination Account would be diverted to the new account. Because the account is improperly created and there is no appropriation, failure to veto this section would leave the Board without operating funds. For these reasons, I am vetoing section 5.

With the exception of section 5, Engrossed Senate Bill No. 4725 is approved.

Respectfully submitted,
Booth Gardner, Governor

To the Honorable, the Senate
of the State of Washington
Ladies and Gentlemen:

I am returning herewith, without my approval as to sections 103(6), 201(2)(f), 206(5), 207(1), 209(2), 211(9) and 701(2), Engrossed Substitute Senate Bill No. 4762 entitled:

"AN ACT Relating to fiscal matters."

The provisions I have vetoed and the reasons therefore are as follows:

Sections 103(6), 206(5) and 209(2) place significant and specific unfunded study requirements on various agencies. While each of the study topics warrant investigation, it is unreasonable to mandate such significant efforts without consideration of costs.

Section 201(2)(f) provides funds to reopen Firlands Correction Center. Firlands was closed as a result of programmatic and fiscal considerations which have not changed. The funds provided are insufficient to cover the cost of operating the facility in accordance with state standards.

Section 207(1) would prohibit responsible action by the Department of Social and Health Services to prevent the spread of AIDS.

Section 211(9) provides state General Fund monies to reimburse local fire districts for fire fighting services rendered on Department of Game lands. While I support reimbursement of local fire districts for services provided to state agencies, this cost is properly an obligation of the Department of Game and its dedicated funds. Financial segregation of Game Department activities should be continued until the Department is brought under executive control and a thorough review of its finances and programs indicates General Fund supplementation is appropriate.

Section 701(2) provides that monies from an existing appropriation to the Emergency Fund may be spent for law enforcement and social service problems arising from Expo '86. If the problems addressed by section 701(2) constitute an emergency, I will consider an allocation from the Emergency Fund. Otherwise, the
Legislature should provide for these needs with a direct appropriation rather than limiting my ability to meet critical needs in state government.

In addition to the explanation of these vetoes, a comment is necessary regarding section 812. This section of the supplemental budget provides $210,000 from the General Fund and $210,000 in federal Game Funds for the purposes of rehabilitation work on the Barnaby Slough steelhead rearing pond. State funding for this project was terminated in 1981. The people of Skagit County have undertaken tremendous volunteer efforts to keep this project going and to preserve the steelhead resources of the area. Countless hours of labor and approximately $10,000 has been donated toward the operation of Barnaby Slough. It is only because of this impressive community effort that I am approving this provision. My decision to allow use of General Fund monies for this project should not be considered a precedent for any future General Fund support of the Game Department. The Department and the Commission should understand that access to these taxpayer funds will require the highest level of public accountability. The Department cannot have it both ways. If it wants to remain free of executive oversight, it should not have access to general taxpayer funds. The public has a proper right to far greater oversight of an agency to which its general tax dollars are allocated.

With the exception of sections 103(6), 201(2)(f), 206(5), 207(1), 209(2), 211(9) and 701(2), Engrossed Senate Substitute Bill No. 4762 is approved.

To the Honorable, the Senate
of the State of Washington
Ladies and Gentlemen:
I am returning herewith, without my approval of sections 18 and 24, Substitute Senate Bill No. 4779, entitled:
"AN ACT Relating to auctions."

The intent of this legislation is to retain the current licensing and bonding and trust accounts systems for auctioneers and add consumer protection by establishing standards for certain business practices and declaring that deviations from these practices constitute violations of the Consumers Protection Act.

Auctioneering is a growing industry in this state. The rapid growth of such service industries in which the service provider has substantial responsibilities for handling the merchandise and cash flow of clients frequently creates the potential for abuse. This legislation is intended to put in place appropriate protections for consumers before such abuses become a serious problem.

Section 18 of this legislation would establish a new Disciplinary Review Committee. This disciplinary committee is premature and would have no enforcement powers.

Section 24 of this legislation would forbid any regulation of auctioneers by cities and counties. This may interfere with the power of local governments to require business licenses and the payment of business taxes.

For the above reasons, sections 18 and 24 are vetoed.

With the exception of sections 18 and 24, Substitute Senate Bill No. 4779 is approved.

Respectfully submitted,
Booth Gardner, Governor

To the Honorable, the Senate
of the State of Washington
Ladies and Gentlemen:
I am returning herewith, without my approval as to one portion, Engrossed Substitute Senate Bill No. 4790, entitled:
"AN ACT Relating to sludge."

The last sentence of this bill requires the Department of Ecology to submit a report to the Legislature by January 1, 1987, regarding its implementation of "this chapter."
Although it appears that the intent of this language is to require a report on the implementation of this bill, the language legally requires a report on the entire Solid Waste Management chapter of the State Code.

To avoid any confusion, I have vetoed this sentence and have directed the Department to report to the Legislature by next January 1, regarding implementation of the bill.

With the exception of this sentence, Engrossed Substitute Senate Bill No. 4790 is approved.

Respectfully submitted,
Booth Gardner, Governor

To the Honorable, the Senate
of the State of Washington
Ladies and Gentlemen:

I am returning herewith, without my approval as to a portion of section 1, Substitute Senate Bill No. 4815, entitled:

"AN ACT Relating to appropriations for projects recommended by the Public Works Board."

Substitute Senate Bill No. 4815 appropriated $17,052,093 to the Public Works Board from the Public Works Assistance Account for specific public works projects.

A proviso was attached to section 1 (page 1, lines 9 through 15) that prohibits public works loans from being made by the Public Works Board for projects in jurisdictions where the public utility tax, imposed by RCW 82.16.020, on refuse haulers cannot be passed through to the individuals who receive the service.

I have vetoed this proviso for two reasons. First, if the proviso is enacted, those jurisdictions that prohibit the pass-through could not receive the needed project loans as they have anticipated. The funds are available and should be distributed as planned so that the affected jurisdictions can initiate their construction projects in a timely manner. Further, the public utility tax imposed on refuse haulers has been replaced with a business and occupation tax and a retail sales tax with my approval of Substitute House Bill No. 1447, making this proviso ineffective and unnecessary. For this reason, I have vetoed the proviso in section 1 (page 1, lines 9 through 15).

With the exception of the section 1 proviso located on page 1, lines 9 through 15, Substitute Senate Bill No. 4815 is approved.

Respectfully submitted,

To the Honorable, the Senate
of the State of Washington
Ladies and Gentlemen:

I am returning herewith, without my approval as to sections 55, 56 and 57, Engrossed Substitute Senate Bill No. 4917, entitled:

"AN ACT Relating to banks and trust companies."

Engrossed Substitute Senate Bill No. 4917 makes certain necessary modernization and housekeeping amendments to Title 30, RCW, dealing with commercial banks. It enables the state's banking code to keep pace with a rapidly changing banking environment.

While I support the intent and main substance of Engrossed Substitute Senate Bill 4917, I must take exception to sections 55, 56 and 57. These sections would require the Department of General Administration's Division of Banking to provide the Legislature with a listing of financial institutions that are designated on a "watch list" by either the Federal Reserve System or the U.S. Comptroller of the Currency.

These provisions are imprudent and their enactment would have a substantially adverse effect on the Division of Banking's ability to supervise the banks that are subject to its jurisdiction and could cause significant harm to individual institutions.

First of all, according to the state Division of Banking, neither the Federal Reserve System nor the Comptroller of the Currency maintains anything call a
"watch list" as referenced in section 56. The various regulatory agencies differentiate the degree of supervisory concern among the banks they supervise based on a number of factors. Thus, the federal information referenced as a "watch list" is ambiguous.

Moreover, proposed sections 55, 56 and 57 would undercut the essential cooperation needed between federal and state bank regulatory agencies with the onset of interstate banking and a rapidly-changing banking industry. The state's Division of Banking relies on the information it receives from the federal regulatory agencies on the basis of strict confidentiality. Without this confidentiality, which would be the effect of proposed sections 55, 56 and 57, the federal agencies would undoubtedly stop sharing bank regulatory information with the state.

Finally, one of the goals of our bank regulatory system is to closely supervise those institutions that are experiencing difficulty in order to restore their soundness and avert their closure. To make public any listing of financial institutions which may be experiencing difficulties would greatly, and perhaps needlessly, undermine public confidence in those institutions. Such an erosion of public confidence would undoubtedly cause some depositors to withdraw their funds, thereby exacerbating the bank's difficulties. This would be an unintended effect of sections 55, 56 and 57.

Therefore, with the exception of sections 55, 56 and 57, Engrossed Substitute Senate Bill No. 4917 is approved.

Ladies and Gentlemen:

I am returning herewith, without my approval as to section 23, Substitute Senate Bill No. 5044, entitled:

"AN ACT Relating to the Department of Agriculture."

I am vetoing section 23 because of duplicate language contained in section 1 of Substitute House Bill No. 1355.

With the exception of section 23, the remainder of Substitute Senate Bill No. 5044 is approved.
