(7) “Reclassification” means changing from city or town operating under Title 35 RCW to a city operating under Title 35A RCW, or vice versa; a change in classification.

(8) “Reorganize” means changing the plan of government under which a city or town operates to a different general plan of government, for which an election of new officers under RCW 35A.02.050 is required. A city or town shall not be deemed to have reorganized simply by increasing or decreasing the number of members of its legislative body.

“Reorganization” means a change in general plan of government where an election of all new officers is required in order to accomplish this change, but an increase or decrease in the number of members of its legislative body shall not be deemed to constitute a reorganization.

Sec. 26. RCW 35A.02.050 and 1979 ex.s. c 18 s 7 are each amended to read as follows:

The first election of officers where required for reorganization under a different general plan of government newly adopted in a manner provided in RCW 35A.02.020, 35A.02.030, 35A.06.030, or 35A.06.060, as now or hereafter amended, shall be at the next general municipal election if one is to be held more than ninety days but not more than one hundred and eighty days after certification of a reorganization ordinance or resolution, or otherwise at a special election to be held for that purpose in accordance with RCW 29.13.020. In the event that the first election of officers ((as hereinafter provided)) is to be held at a general municipal election, such election shall be preceded by a primary election pursuant to RCW 29.21.010 and 29.13.070. In the event that the first election of all officers ((as hereinafter provided)) is to be held at a special election rather than at a general election, and notwithstanding any provisions of any other law to the contrary, such special election shall be preceded by a primary election to be held on a date authorized by RCW 29.13.010, and the persons nominated at that primary election shall be voted upon at the next succeeding special election that is authorized by RCW 29.13.010: PROVIDED, That in the event the ordinances calling for reclassification or reorganization and reorganization ordinance are filed with the secretary of state pursuant to RCW 35A.02.040 in an even-numbered year at least ninety days prior to a state general election then the election of new officers shall be concurrent with the state primary and general election and shall be conducted as set forth in (chapter 35A.29 RCW) general election law.

Upon reorganization, candidates for all offices shall file or be nominated for and successful candidates shall be elected to specific council positions((, and an)). The initial term ((of)) of office for those elected at a first election of all officers ((to positions one and two for a five member council, or positions one through three for a seven member council, shall if the election occurs at a general municipal election be only until the second Monday in January of the year following the election, the duration of these initial terms shall be until the second Monday in January in the first even numbered year that follows the next general municipal election. The duration of the initial term attaching to the remaining councilmanic positions shall be until the second Monday in January two years next thereafter, so that staggered regular four year terms will ultimately result. Any declarations of candidacy for any primary or other election held pursuant to this section shall be filed as provided in RCW 35A.29.110 as now or hereafter amended)) shall be as follows: (1) A simple majority of the persons who are elected as councilmembers receiving the greatest numbers of votes and the mayor in a city with a mayor-council plan of government shall be elected to four-year terms of office, if the election is held in an odd-numbered year, or three-year terms of office, if the election is held in an even-numbered year; and (2) the other persons who are elected as councilmembers shall be elected to two-year terms of office, if the election is held in an odd-numbered year, or one-year terms of office, if the election is held in an even-numbered year. The newly elected officials shall take office immediately when they are elected and qualified, but the length of their terms of office shall be calculated from the first day of January in the year following the election. Thereafter, each person elected as a councilmember in a city with a mayor-council plan of government shall be elected to a four-year term of office. Each councilmember and mayor in a city with a mayor-council plan of government shall serve until a successor is elected and qualified and assumes office as provided in RCW 29.04.170.

The following officials shall, upon the election and qualification of new officers, deliver to the proper officers of the reorganized noncharter code city all books of record, documents and papers in their possession belonging to such municipal corporation before the reorganization thereof. ((Officers elected at the first election of officers held pursuant to this amendatory act shall assume office as soon as the election returns have been certified.))
Sec. 27. RCW 35A.02.130 and 1967 ex.s. c 119 s 35A.02.130 are each amended to read as follows:

Any incorporated city or town governed under a plan of government authorized prior to the time this title takes effect may become a noncharter code city without changing such plan of government by the use of the petition election or resolution-for-election procedures provided in RCW 35A.02.060 and 35A.02.070 to submit to the voters a proposal that such municipality adopt the classification of noncharter code city while retaining its existing plan of government, and upon a favorable vote on the proposal, such municipality shall be classified as a noncharter code city and retain its old plan of government, such reclassification to be effective upon the filing of the record of such election with the office of the secretary of state. Insofar as the provisions of RCW 35A.02.106 and 35A.02.110 are applicable to an election on such a reclassification proposal they shall apply to such election.

Sec. 28. RCW 35A.06.020 and 1967 ex.s. c 119 s 35A.06.020 are each amended to read as follows:

The classifications of municipalities which existed prior to the time this title goes into effect—first class city, second class city, third class ((and fourth class)) city, town, and unincorporated territory—and the restrictions, limitations, duties, and obligations specifically imposed by law upon such classes of cities and towns, shall have no application to noncharter code cities, but every noncharter code city, by adopting such classification, has elected to be governed by the provisions of this title, with the powers granted hereby. However, any code city that retains its old plan of government is subject to the laws applicable to that old plan of government until the city changes its plan of government to the provisions of either chapter 35A.12 or 35A.13 RCW.

Sec. 29. RCW 35A.06.030 and 1979 ex.s. c 16 s 14 are each amended to read as follows:

By use of the resolution for election or petition for election methods described in RCW 35A.06.040, any noncharter code city which has operated for more than six consecutive years under one of the optional plans of government authorized by this title, or for more than a combined total of six consecutive years under a particular plan of government both as a code city and under the same general plan under Title 35 RCW immediately prior to becoming a code city, may abandon such organization and may reorganize and adopt another plan of government authorized for noncharter code cities, but only after having been a noncharter code city for more than one year or a city after operating for more than six consecutive years under a particular plan of government as a noncharter code city ((or may reclassify and adopt a plan of government authorized by the general law for municipalities of the highest class for which the population of such city qualifies it or authorized for the class to which such city belonged immediately prior to becoming a noncharter code city if any))) (PROVIDED, That these limitations shall not apply to a city seeking to adopt a charter. In reorganization under a different general plan of government as a noncharter code city, officers shall all be elected as provided in RCW 35A.02.050. When a noncharter code city adopts a plan of government other than those authorized under Title 35A RCW, such city ceases to be governed under this optional municipal code and shall be classified as a city or town of the class selected in the proceeding for adoption of such new plan, with the powers granted to such class under the general law.

Sec. 30. RCW 35A.06.050 and 1979 ex.s. c 16 s 15 are each amended to read as follows:

The proposal for abandonment of a plan of government as authorized in RCW 35A.06.030 and for adoption of the plan named in the resolution or petition shall be voted upon at the next general municipal election if one is to be held within one hundred and eighty days or otherwise at a special election called for that purpose in accordance with RCW 29.13.020. The ballot title and statement of the proposition shall be prepared by the city attorney as provided in RCW 29.27.060 and 35A.29.120 ((as now or hereafter amended)). If the plan proposed in the petition is not a plan authorized for noncharter code cities by this title, the ballot statement shall clearly set forth that adoption of such plan by the voters would require abandonment of the classification of noncharter code city and that government would be under the general law relating to cities of the class specified in the resolution or petition. If the plan proposed in the petition is a plan authorized for noncharter code cities the ballot statement shall clearly set forth that adoption of such plan by the voters would not affect the eligibility of the noncharter code city to be governed under this optional municipal code).

Sec. 31. RCW 35A.12.010 and 1985 c 106 s 1 are each amended to read as follows:

The government of any noncharter code city or charter code city electing to adopt the mayor-council plan of government authorized by this chapter shall be vested in an elected mayor and an elected council. The council of a noncharter code city having less than twenty-five hundred inhabitants shall consist of five members; when there are twenty-five hundred or more inhabitants, the council shall consist of seven members: PROVIDED, That if the population of a city after having become a code city decreases from twenty-five hundred or more to less than twenty-five hundred, it shall continue to have a seven member council. If, after a city has become a mayor-council code city, its population increases to twenty-five hundred or more inhabitants, the number of councilmanic offices in such city may increase from five to seven members upon the affirmative vote of a majority of the existing council in the council plan of government in the city. When the population of a mayor-council code city having five councilmanic offices increases to five thousand or more inhabitants, the number of councilmanic offices in the city shall increase from five to seven members. In the event of an increase in the number of councilmanic offices, the city council shall, by majority vote, pursuant to RCW 35A.12.050, appoint two persons to serve in these offices until the next municipal general election, at which election one person shall be elected for a two-year term and one person shall be elected for a four-year term. The number of inhabitants shall be determined by the most recent official state or federal census or determination by the state office of financial management. A charter adopted under the provisions of this title, incorporating the mayor-council plan of government set forth in this chapter, may provide for an uneven number of ((councilmen)) councilmembers not exceeding eleven.

A noncharter code city of less than five thousand inhabitants which has elected the mayor-council plan of government and which has seven councilmanic offices may establish a five-member council in accordance with the following procedure. At least six months prior to a municipal general election, the city council shall adopt an ordinance providing for reduction in the number of councilmanic offices to five. The ordinance shall specify which two councilmanic offices, the terms of which expire at the next general election, are to be terminated. The ordinance shall provide for the renumbering of council positions and shall also provide for a two-year extension of the term of office of a retained councilmanic office, if necessary, in order to comply with RCW 35A.12.040.

However, a noncharter code city that has retained its old mayor-council plan of government, as provided in RCW 35A.02.130, is subject to the laws applicable to that old plan of government.

Sec. 32. RCW 35A.02.070 and 1979 ex.s. c 18 s 21 are each amended to read as follows:

Officers shall be elected at biennial municipal elections to be conducted as provided in chapter 35A.29 RCW. The mayor and the ((councilmen)) councilmembers shall be elected for four-year terms of office and until their successors are elected and qualified (except that at any first election three councilmen in cities having seven councilmen, and two councilmen in cities having
five councilmen, shall be elected for two-year terms and the remaining councilmen shall be elected for four-year terms) and assume
office in accordance with RCW 29.04.170. At any first election upon reorganization, councilmembers shall be elected as provided in RCW 35A.02.050. Thereafter the required number of councilmembers shall be increased biennially as the terms of
their predecessors expire and shall serve for terms of four years. The positions to be filled on the city council shall be designated by
consecutive numbers and shall be dealt with as separate offices for all election purposes ((as provided in RCW 35A.29.105. In any
city which holds its first election under this title in the calendar year 1970, candidates elected for two year terms shall hold office until
their successors are elected and qualified at the general municipal election to be held in November, 1973 and candidates elected for
tyre year terms shall hold office until their successors are elected and qualified at the general municipal election to be held in
November, 1975)). Election to positions on the council shall be by majority vote from the city at large, unless provision is made by
charter or ordinance for election by wards. (The city council shall be the judge of the qualifications of its members and determine
contested elections of city officers, subject to review by certiorari as provided by law.) The mayor and (councilmen)
councilmembers shall qualify by taking an oath or affirmation of office and as may be provided by law, charter, or ordinance.

Sec. 33. RCW 35A.12.050 and 1967 ex.s.c 119 s 35A.12.050 are each amended to read as follows:

The office of a mayor or (councilman) councilmember shall become vacant if (i.e.) the person who is elected or
appointed to that position fails to qualify as provided by law ((or)), fails to enter upon ((the)) duties of that office at the time fixed
by law without a justifiable reason, ((upon his death, resignation, removal from office by recall as provided by law, or when his office
is forfeited)) or as provided in RCW 35A.12.060 or 42.12.010. A vacancy in the office of mayor or in the council shall be filled ((for
the remainder of the unexpired term, if any, at the next regular municipal election but the council, or the remaining members thereof,
by majority vote shall appoint a qualified person to fill the vacancy until the person elected to serve the remainder of the unexpired
term takes office). If at any time the membership of the council is reduced below the number required for a quorum, the remaining
members, nevertheless, by majority action may appoint additional members to fill the vacancies until persons are elected to serve
the remainder of the unexpired terms. If, after thirty days have passed since the occurrence of a vacancy, the council are unable to
agree upon a person to be appointed to fill a vacancy in the council, the mayor may make the appointment from among the persons
nominated by the members of the council as provided in chapter 42.12 RCW.

Sec. 34. RCW 35A.12.060 and 1967 ex.s.c 119 s 35A.12.060 are each amended to read as follows:

(A) A mayor or councilman shall forfeit his office, creating a vacancy, if he ceases to have the qualifications prescribed for
such office by law, charter, or ordinance, or if he is convicted of a crime involving moral turpitude or an offense involving a violation
of his oath of office. A councilmember also shall forfeit his office if he) In addition a council position shall become vacant if the
councilmember fails to attend three consecutive regular meetings of the council without being excused by the council.

Sec. 35. RCW 35A.12.180 and 1967 ex.s.c 119 s 35A.12.180 are each amended to read as follows:

Any time not within the three months prior to a municipal general election the council of a non-charter code city
organized under this chapter may divide the city into wards or change the boundaries of existing wards. No change in the boundaries
shall affect the term of any (councilman but he) councilmember, and councilmembers shall serve out (i.e.) their term in the ward of (i.e.)
their residences at the time of (i.e.) their elections: PROVIDED, That if this results in one ward being represented by more (councilmen) councilmembers than the number to which it is entitled those having the shortest unexpired terms shall be assigned by the council to wards where there is a vacancy, and the councilmembers so assigned shall be
deemed to be residents of the wards to which they are assigned for purposes of those positions being vacant. The representation of
each ward in the city council shall be in proportion to the population as nearly as is practicable. (When the city has been divided
into wards no person shall be eligible to serve as a council of councilmen unless he resides in the ward for which he is elected on the date of
his election, and removal of his residence from the ward for which he was elected renders his office vacant.)

Wards shall be redrawn as provided in chapter 29.70 RCW. Wards shall be used as follows: (a) Only a resident of the
ward may be a candidate for, or hold office as, a councilmember of the ward; and (b) only voters of the ward may vote at a primary
to nominate candidates for a councilmember of the ward. Voters of the entire city may vote at the general election to elect a
councilmember of a ward, unless the city had prior to January 1, 1993, limited the voting in the general election for any or all council
positions to only voters residing within the ward associated with the council positions. If a city had so limited the voting in the
general election to only voters residing within the ward, then the city shall be authorized to continue to do so.

(2) If on the effective date of this section or thereafter, a ward represented by more than one councilmember does not
have at least one councilmember elected to each municipal election, then the council may change the terms of or renumber
councilmember positions to be filled at the next general election if necessary, so that at least one councilmember within the ward is
elected to office at each municipal general election, and the city complies with RCW 35A.12.040. The council shall determine by lot
which councilmember positions shall be renumbered or terms changed prior to the date for filing declarations of candidacy for
election to councilmember positions.

Sec. 36. RCW 35A.13.010 and 1987 c 3 s 16 are each amended to read as follows:

The (councilmen) councilmembers shall be the only elective officers of a code city electing to adopt the council-manager
plan of government authorized by this chapter, except where statutes provide for an elective municipal judge. The council shall
appoint an officer whose title shall be "city manager" who shall be the chief executive officer and head of the administrative branch of
the city government. The city manager shall be responsible to the council for the proper administration of all affairs of the code

city. The council of a noncharter code city having less than twenty-five hundred inhabitants shall consist of five members; when
there are twenty-five hundred or more inhabitants the council shall consist of seven members: PROVIDED, That if the population of
a city after having become a code city decreases from twenty-five hundred or more to less than twenty-five hundred, it shall continue
to have a seven member council. If, after a city has become a council-manager code city its population increases to twenty-five
hundred or more members, the number of councilmanic offices in such city may increase from five to seven members upon the
affirmative vote of a majority of the existing council to increase the number of councilmanic offices in the city. When the population of
a council-manager code city having five councilmanic offices increases to five thousand or more inhabitants, the number of
councilmanic offices in the city shall increase from five to seven members. In the event of an increase in the number of
councilmanic offices, the city council shall, by majority vote, pursuant to RCW 35A.13.020, appoint two persons to serve in these
offices until the next municipal general election, at which time the members shall be elected for a two-year term, and one person
shall be elected for a four-year term. The number of inhabitants shall be determined by the most recent official state or federal
census or determination by the state office of financial management. A charter adopted under the provisions of this title,
incorporating the council-manager plan of government set forth in this chapter may provide for an uneven number of (councilmembers) not exceeding eleven.

If a noncharter code city of less than five thousand inhabitants which has elected the council-manager plan of government and which has seven councilmanic offices may establish a five-member council in accordance with the following procedure. At least six months prior to a municipal general election, the city council shall adopt an ordinance providing for reduction in the number of councilmanic offices to five. The ordinance shall specify which two councilmanic offices, the terms of which expire at the next general election, are to be terminated. The ordinance shall provide for the renumbering of council positions and shall also provide for a two-year extension of the term of office of a retained councilmanic office, if necessary, in order to comply with RCW 35A.12.040.

However, a noncharter code city that has retained its old council-manager plan of government, as provided in RCW 35A.02.130, is subject to the laws applicable to that old plan of government.

Sec. 37. RCW 35A.13.020 and 1975 1st ex.s. c 155 s 1 are each amended to read as follows:

In council-manager code cities, eligibility for election to the council, the manner of electing councilmen, the numbering of council positions, the terms of councilmen, the occurrence and the filling of vacancies, the grounds for forfeiture of office, and appointment of a mayor pro tempore or deputy mayor or councilman pro tempore shall be governed by the corresponding provisions of RCW 35A.12.030, 35A.12.040, 35A.12.050, 35A.12.060, and 35A.12.065 relating to the council of a code city organized under the mayor-council plan (provided that), except in council-manager cities where all council positions are at-large, the city council may, pursuant to RCW 35A.13.033, provide that the person elected to council position one (on or after September 8, 1975, shall be the council chairman and shall carry out the duties prescribed by RCW 35A.13.030((as now or hereafter amended)).

Sec. 41. RCW 35A.16.030 and 1967 ex.s. c 119 s 35A.16.030 are each amended to read as follows:

(The election returns shall be canvassed as provided in RCW 35A.26.070 and (if)) if three-fifths of the votes cast on the proposition favor the reduction of the corporate limits, the (legislative body) county auditor shall make and transmit to the office of the secretary of state a certified abstract of the vote.

Such petition shall set forth the object of the district and state that it will be conducive to the public welfare and convenience, and that it will be a benefit to the area therein. Such petition shall be signed by not less than fifteen percent of the registered voters residing in the area so described. The name of a person who has signed the petition may not be withdrawn from the petition after the petition has been filed.

The petition shall be filed with the auditor of the county within which the proposed district is located, accompanied by an obligation signed by two or more petitioners, agreeing to pay the cost of the publication of the notice provided for in RCW 36.69.040. The county auditor shall, within thirty days from the date of filing the petition, examine the signatures and certify to the sufficiency or insufficiency thereof, and for that purpose shall have access to all registration books or records in the possession of the registration officers of the election precincts included, in whole or in part, within the proposed district. Such books and records shall be prima facie evidence of the truth of the certificate).

The powers of the port district shall be exercised through a port commission consisting of three or, when permitted by this title, five members. Every port district that is not coextensive with a county having a population of five hundred thousand or more shall be divided into (three or five) the same number of commissioner districts as there are commissioner positions, each having approximately equal population. Where a port district with three commissioner positions is coextensive with the boundaries of a county that has a population of less than five hundred thousand and the county has three county legislative authority districts, the port (district) commissioner districts shall be the county legislative authority districts. In other instances where a port district is divided into commissioner districts, the (petition proposing the formation of such a) port commission shall divide the port district ((shall describe three)) into commissioner districts (each having approximately the same population and) unless the commissioner districts have been described pursuant to section 53 of this act. The commissioner districts shall be altered as provided in chapter 53.16 RCW.

Commissioner districts shall be used as follows: (1) Only a registered voter who resides in a commissioner district may be a candidate for, or hold office as, a commissioner of the commissioner district; and (2) only the voters of a commissioner district may vote at a primary (election) to nominate candidates for a commissioner of the commissioner district. Voters of the entire port district may vote at a general election to elect a person as a commissioner of the commissioner district.

In port districts having additional commissioners as authorized by RCW 53.12.120, 53.12.130, and 53.12.115, the powers of the port district shall be exercised through a port commission consisting of five members constituted as provided therein.}

NEW SECTION. Sec. 92. A new section is added to chapter 53.12 RCW to read as follows:

Any less than county-wide port district that uses commissioner districts may cease using commissioner districts as provided in this section.

The commissioners of a less than county-wide port district that is divided into commissioner districts may adopt a resolution eliminating the use of commissioner districts in the port district. A copy of the resolution shall be transmitted to the county auditor. Commissioner districts shall not be used in that port district commencing at the next district election occurring one hundred twenty or more days after the county auditor receives a copy of the resolution.

A ballot proposition authorizing the elimination of commissioner districts shall be submitted to the voters of a less than county-wide port district that is divided into commissioner districts if a petition is submitted to the port commission proposing that the port district cease using commissioner districts, that is signed by registered voters of the port district equal in number to at least ten percent of the number of voters who voted at the last district general election. The port commission shall transfer the petition immediately to the county auditor who shall review the signatures and certify its sufficiency. A ballot proposition authorizing the elimination of commissioner districts shall be submitted to the next district general election occurring sixty or more days after a petition with sufficient signatures was submitted. If the ballot proposition authorizing the port district to cease using commissioner districts is approved by a simple majority vote, the port district shall cease using commissioner districts at all subsequent elections. The port commission may adopt a resolution eliminating the use of commissioner districts in lieu of having the ballot proposition submitted to district voters.

NEW SECTION. Sec. 93. A new section is added to chapter 53.04 RCW to read as follows:

Three commissioner districts, each with approximately the same population, shall be described in the petition proposing the creation of a port district under RCW 53.04.020, if the process to create the port district was initiated by voter petition, or shall be described by the county legislative authority, if the process to initiate the creation of the port district was by action of the county legislative authority. However, commissioner districts shall not be described if the commissioner districts of the proposed port district shall be the same as the county legislative authority districts.

Except as provided in this section, such a port district shall be created in accordance with the procedure to create a county-wide port district.

The effort to create such a port district is initiated by the filing of a petition with the county auditor calling for the creation of such a port district, describing the boundaries of the proposed port district, describing the boundary, persons, and any changes in the boundaries of the proposed port district, and providing a name for the proposed port district. The petition must be signed by registered voters residing within the proposed port district equal in number to at least ten percent of such voters who voted at the last county general election.

A public hearing on the proposed port district shall be held by the county legislative authority if the county auditor certifies that the petition contained sufficient valid signatures. Notice of the public hearing must be published in the county’s official newspaper at least ten days prior to the date of the public hearing. After taking testimony, the county legislative authority may make changes in the boundaries of the proposed port district if it finds that such changes are in the public interest and shall determine if the creation of the port district is in the public interest. No area may be added to the boundaries unless a subsequent public hearing is held on the proposed port district.
The county legislative authority shall submit a ballot proposition authorizing the creation of the proposed port district to the voters of the proposed port district, at any special election date provided in RCW 29.13.020, if it finds the creation of the port district to be in the public interest.

The port district shall be created if a majority of the voters voting on the ballot proposition favor the creation of the port district. The initial port commissioners shall be elected at the same election, from districts or at large, as provided in the petition initiating the creation of the port district. The election shall be otherwise conducted as provided in RCW 53.12.172, but the election of commissioners shall be null and void if the port district is not created. (Commissioner districts shall not be used in the initial election of the port commissioners.)

The actual cash value of the operating property assessed to a company, as fixed and determined by the \{\text{(state board)}\} department of \{\text{(equalization)}\} revenue, shall be apportioned by the department of revenue to the respective counties and to the taxing districts thereof within which such property is located in the following manner:

1. Property of steam, suburban, and interurban railroad companies, telegraph companies and pipe line companies—upon the basis of that proportion of the value of the total operating property within the state which the mileage of track, as classified by the department of revenue (in case of railroads), mileage of wire (in the case of telegraph companies), and mileage of pipe line (in the case of pipe line companies) within each county or taxing district bears to the total mileage thereof within the state, at the end of the calendar year last past. For the purpose of such apportionment the department may classify railroad track.

2. Property of street railroad companies, telephone companies, electric light and power companies, gas companies, water companies, heating companies and toll bridge companies—upon the basis of relative value of the operating property within each county and taxing district to the value of the total operating property within the state to be determined by such factors as the department of revenue shall deem proper.

3. Planes or other aircraft of airplane companies and watercraft of steamboat companies—upon the basis of such factor or factors of allocation, to be determined by the department of revenue, as will secure a substantially fair and equitable division between counties and other taxing districts.

All other property of airplane companies and steamboat companies—upon the basis set forth in (\{\text{subdivision}\}) subsection (2) \{\text{(based on)\} this section.\}

The basis of apportionment with reference to all public utility companies above prescribed shall not be deemed exclusive and the department of revenue in apportioning values of such companies may also take into consideration such other information, facts, circumstances, or allocation factors as will enable it to make a substantially just and correct valuation of the operating property of such companies within the state and within each county thereof.

Sec. 110. RCW 84.12.370 and 1975 1st ex.s. c 278 s 171 are each amended to read as follows:

The county assessor shall enter the company's real operating property upon the real property tax rolls and the company's personal operating property upon the personal property tax rolls of \{\text{(bias)}\} the county assessor's county, together with the values so apportioned, and the same shall be and constitute the assessed valuation of the operating property of the company in such county and the taxing districts therein for that year, upon which taxes shall be levied and collected in the same manner as on the general property of such county.

Sec. 111. RCW 84.16.090 and 1975 1st ex.s. c 278 s 181 are each amended to read as follows:

Upon the assessment roll shall be placed after the name of each company a general description of the operating property of the company, which shall be considered sufficient if described in the language of subdivision (3) of RCW 84.16.010 or otherwise, following which shall be entered the actual cash value of the operating property as determined by the department of revenue. No assessment shall be invalid by a mistake in the name of the company assessed, by omission of the name of the owner or by the entry of a name other than that of the true owner. When the department of revenue shall have prepared the assessment roll and entered thereon the actual cash value of the operating property of the company, as herein required, it shall notify the company by mail of the valuation determined by it and entered upon said roll; and thereupon such valuation shall become the actual cash value of the operating property of the company, subject to revision or correction by the \{\text{(state board)}\} department of \{\text{(equalization)}\} revenue as hereinafter provided; and shall be the valuation upon which, after equalization by the \{\text{(state board)}\} department of \{\text{(equalization)}\} revenue as hereinafter provided, the taxes of such company shall be based and computed.

Sec. 112. RCW 84.16.120 and 1961 c 15 s 84.16.120 are each amended to read as follows:

(f) Whether such land is used for grazing;

(g) Whether such land has been subdivided or a plat filed with respect thereto;

(h) Whether such land and the applicant are in compliance with the restocking, forest management, fire protection, insect and disease control and forest debris provisions of Title 76 RCW or any applicable regulations thereunder;

(b) The applicant, with respect to such land, has failed to comply with a final administrative or judicial order with respect to a violation of the restocking, forest management, fire protection, insect and disease control and forest debris provisions of Title 76 RCW or any applicable regulations thereunder;

(c) The land abuts a body of salt water and lies between the line of ordinary high tide and a line paralleling such ordinary high tide line and two hundred feet horizontally landward therefrom, except that if the higher and better use determined by the assessor to exist for such land would not be permitted or economically feasible by virtue of any federal, state or local law or regulation such land shall be assessed and valued pursuant to the procedures set forth in RCW 84.33.110 and 84.33.120 without being designated. The application shall be deemed to have been approved unless, prior to May 1, of the year after such application was mailed or delivered to the assessor, he or she shall notify the applicant in writing of the extent to which the application is denied.

(b)(I) A person who otherwise qualifies under this section and has a combined disposable income of eighteen thousand dollars or less but greater than fifteen thousand dollars shall be exempt from all regular property taxes on the greater of thirty thousand dollars or thirty percent of the valuation of his or her residence, but not to exceed fifty thousand dollars of the valuation of his or her residence; or

The county assessor shall, on or before the fifteenth day of January in each year, make out and transmit to the state auditor, in such form as may be prescribed, a complete abstract of the tax rolls of the county, showing the number of acres of land assessed, the value of such land, including the structures thereon; the value of town and city lots, including structures; the total value of all taxable personal property in the county; the aggregate amount of all taxable property in the county; the total amount as equalized and the total amount of taxes levied in the county for state, county, city and other taxing district purposes, for that year. Should the assessor of any county fail to transmit to the state the assessment of the property in the several counties of the state, and the assessment of the property of railroad and
other companies assessed by the department, and proceed to equalize the same, so that each county in the state shall pay its due and just proportion of the taxes for state purposes for such assessment year, according to the ratio the valuation of the property in each county bears to the total valuation of all property in the state.

First. The department shall classify all property, real and personal, and shall raise and lower the valuation of any class of property in any county to a value that shall be equal, so far as possible, to the true and fair value of such class as of January 1st of the current year for the purpose of ascertaining the just amount of tax due from each county for state purposes. In equalizing personal property as of January 1st of the current year, the department shall use the assessment level of the preceding year. Such classification may be on the basis of types of property, geographical areas, or both. For purposes of this section, for each county that has not provided the department with an assessment return by December 1st, the department shall proceed, using facts and information in a manner it deems appropriate, to estimate the value of each class of property in the county.

Second. The department shall keep a full record of its proceedings and the same shall be published annually by the department.

The department shall levy the state taxes authorized by law: PROVIDED, That the amount levied in any one year for general state purposes shall not exceed the lawful dollar rate on the dollar of the assessed value of the property of the entire state, which assessed value shall be one hundred percent of the true and fair value of such property in money. The department shall apportion the amount of tax for state purposes levied by the department, among the several counties, in proportion to the valuation of the taxable property of the county for the year as equalized by the department: PROVIDED, That for purposes of this apportionment, the department shall recomputed the previous year's levy and the apportionment thereof to correct for changes and errors in taxable values reported to the department after October 1 of the preceding year and shall adjust the apportioned amount of the current year's state levy for each county by the difference between the apportioned amounts established by the original and revised levy computations for the previous year. For purposes of this section, changes in taxable values mean a final adjustment made by a county board of equalization, the state board of tax appeals, or a court of competent jurisdiction and shall include additions of omitted property, other additions or deletions from the assessment or tax rolls, any assessment return provided by a county to the department subsequent to December 1st, or a change in the indicated ratio of a county. Errors in taxable values mean errors corrected by a final reviewing body.

The department shall have authority to adopt rules and regulations to enforce obedience to its orders in all matters in relation to the returns of county assessments, the equalization of values, and the apportionment of the state levy by the department.

After the completion of the duties hereinabove prescribed, the director of the department shall certify the record of the proceedings of the department under this section, the tax levies made for state purposes and the apportionment thereof among the counties, and the certification shall be available for public inspection.

The department shall have authority to adopt rules and regulations to enforce obedience to its orders in all matters in relation to the returns of county assessments, the equalization of values, and the apportionment of the state levy by the department.

The assessor shall, upon the request of any taxpayer who petitions the board of equalization for review of a tax claim or valuation dispute, make available to said taxpayer a compilation of comparable sales utilized by the assessor in establishing such taxpayer's property valuation. If valuation criteria other than comparable sales were used, the assessor shall furnish the taxpayer with such other factors and the addresses of such other property used in making the determination of value.

The assessor shall within (thirty) sixty days of such request but at least (ten) fifteen business days prior to such taxpayer's appearance before the board of equalization make available to the taxpayer the valuation criteria and/or comparable(e)s sales which shall not be subsequently changed (or modified) by the assessor (during review or appeal proceedings) unless the assessor has found new evidence supporting the assessor's valuation, in which situation the assessor shall provide such additional evidence to the taxpayer and the board of equalization at least (ten) fifteen business days prior to the hearing (on appeal or review proceedings) at the board of equalization. A taxpayer who lists comparable sales on (this) a notice of appeal (shall not thereafter use other comparables during the review of appeal proceedings): PROVIDED, That the taxpayer may change the comparable sales he is using in proceedings subsequent to the county board of equalization only if he provides a listing of such different comparables to the assessor at least five business days prior to such subsequent proceedings: PROVIDED FURTHER, That the board of equalization may waive the requirements contained in the preceding proviso or allow the assessor a continuance of reasonable duration to check the comparables furnished by the taxpayer: provided such additional evidence to the assessor and board of equalization at least ten business days prior to the hearing. If either the assessor or taxpayer fail to meet the requirements of this section, the board of equalization may continue the hearing to provide the parties an opportunity to review all evidence or, upon objection, refuse to consider sales not submitted in a timely manner.

NEW SECTION. Sec. 131. A new section is added to chapter 84.48 RCW to read as follows:
The board of equalization may enter an order that has effect up to the end of the assessment cycle used by the assessor, if there has been no intervening change in the assessed value during that time.

(1) Levies of the senior taxing districts shall be as follows: (a) The levy by the state shall not exceed three dollars and sixty cents per thousand dollars of assessed value adjusted to the state equalized value in accordance with the indicated ratio fixed by the state department of revenue to be used exclusively for the support of the common schools; (b) the levy by any county shall not exceed one dollar and eighty cents per thousand dollars of assessed value; (c) the levy by any road district shall not exceed two dollars and twenty-five cents per thousand dollars of assessed value; and (d) the levy by any city or town shall not exceed three dollars and thirty-seven and one-half cents per thousand dollars of assessed value. However any county is hereby authorized to increase its levy from one dollar and eighty cents to a rate not to exceed two dollars and forty-seven and one-half cents per thousand dollars of assessed value for general county purposes if the total levies for both the county and any road district within the county do not exceed four dollars and five cents per thousand dollars of assessed value, and no other taxing district has its levy reduced as a result of the increased county levy.

(2) The aggregate levies of junior taxing districts and senior taxing districts, other than the state, shall not exceed five dollars and ninety cents per thousand dollars of assessed valuation. The term “junior taxing districts” includes all taxing districts other than the state, counties, road districts, cities, towns, port districts, and public utility districts. For purposes of this section, “changes” means increases or decreases in assessed value of property resulting from an error or final adjustments made by a county board of equalization, the state board of tax appeals, or a court of competent jurisdiction, including changes reflecting settlements of proceedings in such board or court. “Changes” does not include changes in assessed value of property resulting from actions brought to recover taxes under RCW 84.68.020.

HIGHER EDUCATION

The appropriations in sections 602 through 610 of this act are subject to the following conditions and limitations:

1. "Institutions of higher education" means the institutions receiving appropriations under sections 602 through 608 of this act.

2. The general fund–state appropriations in sections 602 through 608 of this act represent significant reductions in current funding levels. In order to provide each institution of higher education with the capability of effectively managing within their unique requirements, some flexibility in implementing these reductions is permitted. This will assure the continuation of the highest quality higher education system possible within available resources. In establishing spending plans for the next biennium, each institution shall address the needs of its students in keeping with the following directives: (a) Establishing reductions of a permanent nature by avoiding short term solutions; (b) not reducing enrollments more than two percent below budgeted levels; (c) maintaining the current resident to nonresident student proportions; (d) protecting undergraduate programs and support services; (e) protecting assessment activities; (f) protecting minority recruitment and retention efforts; (g) protecting the state's investment in facilities; (h) improving institutional strategic plans as a guide for reshaping institutional expenditures; and (i) increasing efficiencies through administrative staff reductions, program consolidation, the elimination of duplication, the use of other resources, and productivity improvements. At the four-year institutions of higher education, productivity improvements shall include increased teaching loads for faculty. Each institution of higher education and the state board for community and technical colleges shall submit a report to the legislative fiscal committees by July 1, 1993, on their spending plans for the 1993-95 biennium. The report should address the approach taken with respect to each of the directives in this subsection. A second report responding to the same directives shall be submitted by November 1, 1993, which describes the implementation of the spending plan and its effects. The July 1, 1993, report submitted by each four-year institution shall include information on faculty teaching loads for the 1992-93 academic year, and the institution's plan to increase teaching loads during the 1993-95 biennium. The November 1, 1993, report submitted by each four-year institution shall include information on the implementation of its increased faculty teaching load plan.

3. The appropriations in sections 602 through 608 of this act provide state general fund support for student full time equivalent enrollments at each institution of higher education. The state general fund budget is further premised on a level of specific student tuition revenue collected into and expended from the institutions of higher education--general local accounts. Each institution shall enroll no less than two percent below its budgeted biennial average full time equivalent enrollments. If the estimated 1993-95 average biennial full time equivalent student enrollment of an institution as estimated on April 30, 1995, by the office of financial management using spring enrollment reports submitted by the institutions, is more than two percent below the biennial budgeted amount, then an amount equal to the student quality standard, as defined in the legislative budget notes, multiplied by the number of full time equivalent students below the two percent variance shall revert to the state general fund. Listed below are the annual full time equivalent student enrollments by institution assumed in this act.

(4) At least 85% of the moneys spent by the Washington state arts commission during the 1993-95 biennium for the purposes of RCW 28A.335.210, 28B.10.027, and 43.17.200 shall be spent solely for direct acquisition of works of art.

NEW SECTION. Sec. 1006. The amounts shown under the headings "Prior Biennia," "Future Biennia," and "Total" in this act are for informational purposes only and do not constitute legislative approval of these amounts.
NEW SECTION. Sec. 1007. "Reappropriations" in this act are appropriations and, unless the context clearly provides otherwise, are subject to the relevant conditions and limitations applicable to appropriations. Reappropriations shall be limited to the unexpended balances remaining June 30, 1993, in the 1991-93 biennial appropriations for each project.

NEW SECTION. Sec. 1008. To carry out the provisions of this act, the governor may assign responsibility for predesign, design, construction, and other related activities to any appropriate agency.

NEW SECTION. Sec. 1009. As part of the annual update to the state facilities and capital plan, agencies shall provide information on lease-development and lease-purchase projects to the office of financial management.

NEW SECTION. Sec. 1010. If any federal moneys appropriated by this act for capital projects are not received by the state, the department or agency to which the moneys were appropriated may replace the federal moneys with moneys available from private or local sources. No replacement may occur under this section without the prior approval of the director of financial management in consultation with the senate committee on ways and means and the house of representatives committee on capital budget.

NEW SECTION. Sec. 1011. Unless otherwise stated, for all appropriations under this act that require a match of nonstate money or in-kind contributions, the following requirement, consistent with RCW 43.88.150, shall apply: Expenditures of state money shall be timed so that the state share of project expenditures never exceeds the intended state share of total project costs.

NEW SECTION. Sec. 1012. Notwithstanding any other provisions of law, for the 1993-95 biennium, transfers of reimbursement by the state treasurer to the general fund from the community college capital projects account for debt service payments made under Title 28B RCW shall occur only after such debt service payment has been made and only to the extent that funds are actually available to the account. Any unpaid reimbursements shall be a continuing obligation against the community college capital projects account until paid. The state board for community and technical colleges need not accumulate any specific balance in the community college capital projects account in anticipation of transfers to reimburse the general fund.

NEW SECTION. Sec. 1013. Any capital improvements or capital project involving construction or major expansion of a state office facility, including district headquarters, detachment offices, and off-campus faculty offices, shall be reviewed by the office of financial management and the department of general administration for possible consolidation, collocation, and compliance with state office standards before allotment of funds. The intent of the requirement imposed by this section is to eliminate duplication and reduce total office space requirements where feasible, while ensuring proper service to the public.

NEW SECTION. Sec. 1014. The governor, through the director of financial management, may authorize a transfer of appropriation authority provided for a capital project that is in excess of the amount required for the completion of such project to another capital project for which the appropriation is insufficient. No such transfer may be used to expand the capacity of any facility beyond that intended by the legislature in making the appropriation. Such transfers may be effected only between capital appropriations to a specific department, commission, agency, or institution of higher education and only between capital projects that are funded from the same fund or account.

For purposes of this section, the governor may find that an amount is in excess of the amount required for the completion of a project only if (1) the project as defined in the notes to the budget document is substantially complete and there are funds remaining or (2) bids have been let on a project and it appears to a substantial certainty that the project as defined in the notes to the budget document can be completed within the biennium for less than the amount appropriated in this act.

For the purposes of this section, the legislature intends that each project be defined as proposed to the legislature in the governor's budget document, unless it clearly appears from the legislative history that the legislature intended to define the scope of a project in a different way.

A report of any transfer effected under this section except emergency projects or any transfer under $250,000 shall be filed with the legislative fiscal committees of the senate and house of representatives by the director of financial management at least thirty days before the date the transfer is effected, and shall report all transfers within thirty days from the date of transfer.

NEW SECTION. Sec. 1015. To ensure that major construction projects are carried out in accordance with legislative and executive intent, appropriations in this act referencing this section shall not be expended until the office of financial management has reviewed the agency's predesign and other documents and approved the project. The predesign document shall include but not be limited to program, site, and cost analysis in accordance with the predesign manual adopted by the office of financial management.

The office of financial management shall provide to the house of representatives capital budget committee and the senate ways and means committee a list of the program documents the office has reviewed and approved, changes made to the documents resulting from the review, and the estimated cost changes resulting from the review.

Allotments for appropriations shall be provided in accordance with the capital project review requirements adopted by the office of financial management.

NEW SECTION. Sec. 1016. (1) Agencies shall expedite the expenditure of reappropriations and appropriations in order to: (a) Rehabilitate infrastructure in a timely manner and prevent further deterioration of public facilities and resources; (b)
accelerate environmental rehabilitation and restoration projects for the improvement of the state's natural environment; (c) reduce additional costs associated with acquisition and construction inflationary pressures; and (d) provide additional employment opportunities associated with capital expenditures.

(2) In order to meet the goals of this section, the following conditions apply to appropriations which reference this section:

(a) To the extent feasible, agencies are directed to manage accelerated expenditure rates at the current level of permanent employees and shall use contracted design and construction services wherever necessary to meet the goals of this section.

(b) Reappropriations which reference this subsection (2)(b) shall lapse on June 30, 1994. In developing the 1995-97 capital budget, the office of financial management shall consider all project requests which have been an element of an appropriation which references this section as a request for a new appropriation.

(3) The office of financial management shall report the following to the appropriate fiscal committees of the legislature by January 30, 1995:

(a) A listing of reappropriations in the governor's 1995-97 capital budget recommendation that have been reappropriated one or more times and have ten percent or more of the original appropriation unexpended; and

(b) An explanation of why the appropriation remains unexpended.

NEW SECTION. Sec. 1017. The higher education coordinating board shall develop and maintain an inventory system to account for all space in the state's higher education system. The institutions of higher education shall provide to the higher education coordinating board a complete inventory of space in the form determined by the higher education coordinating board.

NEW SECTION. Sec. 1018. DEPARTMENT OF FISH AND WILDLIFE. On July 1, 1994, all appropriations and all conditions and limitations in this act for the department of fisheries and the department of wildlife shall be provided for the department of fish and wildlife. If Substitute Senate Bill No. 5940 or substantially similar legislation creating a department of fish and wildlife is not enacted by July 1, 1994, this section shall have no effect.

NEW SECTION. Sec. 1019. $1,200,000 of the state and local improvement revolving account--waste disposal facilities and $6,300,000 of the state and local improvement revolving account--waste disposal facilities 1980 are transferred to the water quality account, and shall be used for extended grant payments for public waste disposal facilities that discharge directly into marine waters. The funds shall be subject to the conditions and limitations set forth in section 408 of this act.

NEW SECTION. Sec. 1020. The department of information services shall act as lead agency in coordinating video telecommunications services for state agencies. As lead agency, the department shall develop standards and common specifications for leased and purchased telecommunications equipment and assist state agencies in developing a video telecommunications expenditure plan. No agency may spend any portion of any appropriation in this act for new video telecommunications equipment, new video telecommunications transmission, or new video telecommunications systems without first complying with chapter 43.105 RCW, including but not limited to RCW 43.105.041(2), and without first submitting a video telecommunications equipment expenditure plan, in accordance with the policies of the department of information services, for review and assessment by the department of information services under RCW 43.105.052. Before any such expenditure by a public school, a video telecommunications expenditure plan shall be approved by the superintendent of public instruction. The office of the superintendent of public instruction shall submit the plans to the department of information services in a form prescribed by the department. The office of the superintendent of public instruction shall coordinate the use of the video telecommunications in public schools by providing educational information to local school districts and shall assist local school districts and educational service districts in telecommunications planning and curriculum development. Before any such expenditure by a public institution of postsecondary education, a telecommunications expenditure plan shall be approved by the higher education coordinating board. The higher education coordinating board shall coordinate the use of video telecommunications for instruction and instructional support in postsecondary education, including the review and approval of instructional telecommunications course offerings.

NEW SECTION. Sec. 1021. As of the effective date of this act, each state agency is prohibited from using any state funds, regardless of the source, for the construction, remodel, repair, maintenance, or equipping of any recreational facilities such as gymnasiums, weight rooms, exercise rooms, swimming pools, spas, saunas, basketball courts, running tracks, or any similar type facilities, unless a specific detailed request is made in a funding request to the legislature and is specifically and expressly granted in a legislative appropriation that clearly describes and limits the authorized use.

NEW SECTION. Sec. 1022. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 1023. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect immediately.

REPORT OF SELECT COMMITTEE

STATE OF WASHINGTON
DEPARTMENT OF SOCIAL AND HEALTH SERVICES
OLYMPIA, WASHINGTON 98504-0095

April 30, 1993

The Honorable Marty Brown
Secretary of Senate
306 Legislative Building
Olympia, Washington 98504

RE: Report of State-wide Expansion of HOMEBUILDERS Family Preservation Services

Dear Secretary Brown:

This report addresses the feasibility of expanding the HOMEBUILDERS model of Family Preservation Services (FPS) statewide, as one strategy to safely provide alternatives to foster care services. It was prepared by the Division of Children and Family Services (DCFS) in compliance with Chapter 214, Laws of 1992.
The proposal to expand this specific service model is an integral part of the Division's resolution to:
* Create a service system which can flexibly respond to the critical needs of children and families so that child protection, family preservation and permanency planning are more effectively achieved, and
* Manage the utilization of foster care and other child welfare services to maximize the cost-effectiveness of interventions, consistent with the Division's mandate to promote child safety and strengthen families.

The needs of families call for a broad range of prevention, early intervention, family support and treatment services. The Division is committed to the creation of a system of care which can offer flexible services based on individual family need. The plan to expand the HOMEBUILDERS model of FPS represents one part of the Division's strategy to improve the overall system of care for children and families.

Our history with the out-of-home placement of children shows that appropriate and truly effective service delivery requires a full capacity system; with a carefully interwoven array of services, from the least restrictive setting (in the home of the child) through institutional services.

The "non-supplantation" clause in Chapter 214 (Section 11) will allow the Division to expand the HOMEBUILDERS model of FPS without additional state revenue. Offering children and families greater access to other critically needed services, in the future, may depend on a similar ability to augment state funds with federal revenue.

If you have questions about the report, or would like additional information about Family Preservation Services, please contact Lee Doran, DCFS Program Manager, at (206) 586-2655.
The Select Committee Report is on file in the Office of the Secretary of the Senate.

Rasmussen, Barr, Prentice, Sutherland, McAuliffe, West, Oke, Amondson, Haugen, Franklin, Sellar, Hochstatter, Fraser, Deccio, A. Smith and Winsley

Improving access to public institutions of higher education.

The bill was read the second time.

MOTIONS

On motion of Senator Jesernig, the following amendment by Senators Jesernig and Bauer was adopted:

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. The legislature finds that the proportion of the state budget dedicated to postsecondary educational programs has decreased for two decades. At the same time, major technological, economic, and demographic changes have exacerbated the need for improved training and education to maintain a high-quality, competitive work force, and a well-educated populace to meet the challenges of the twenty-first century. Therefore, the legislature finds that there is increasing need for postsecondary educational opportunities for citizens of the state of Washington.

The legislature declares that the policy of the state of Washington shall be to improve the access to, and the quality of, this state's postsecondary educational system. The budgetary policy of the state of Washington shall be to provide a level of protection and commitment to the state's postsecondary educational system commensurate with the responsibility of this state to the educational and professional improvement of its citizens and work force.

NEW SECTION. Sec. 2. It is the policy of the state of Washington that the essential requirements level budget calculation for institutions of higher education include enrollment levels necessary to maintain, by educational sector, the participation rate funded in the 1993 fiscal year. The participation rate shall be based on the state's estimated population ages seventeen and above by appropriate age groups.

NEW SECTION. Sec. 3. It is the policy of the state of Washington that, for new enrollments provided under section 2 of this act, the essential requirements level budget calculation for those enrollments shall, each biennium, at a minimum, include a funding level per full-time equivalent student that is equal to the rate assumed in the omnibus appropriations act for the last fiscal year of the previous biennium for the instructional, primary support, and library programs, plus an inflation factor. The inflation factor should be equivalent to the inflation factor used to calculate basic education in the common school system budget request submitted by the governor.

NEW SECTION. Sec. 4. It is the policy of the state of Washington that the essential requirements level budget calculation for state institutions of higher education include a funding level per full-time equivalent student that is, each biennium, at a minimum, equal to the general fund--state and tuition fund rate per student assumed in the omnibus appropriations act for the last fiscal year of the previous biennium for the state-funded programs, minus one-time expenditures and plus an inflation factor. The inflation factor should be equivalent to the inflation factor used to calculate basic education in the common school system budget request submitted by the governor.

NEW SECTION. Sec. 5. It is the policy of the state of Washington that higher education enrollments be increased in increments each biennium in order to achieve, by the year 2010, the goals, by educational sector, adopted by the higher education coordinating board in its enrollment plan entitled 'Design for the 21st Century: Expanding Higher Education Opportunities in Washington,' or subsequent revisions adopted by the board.

Per student costs for additional students to achieve this policy shall be at the same rate per student as enrollments mandated in section 2 of this act.

For each public college and university, and for the community and technical college system, budget documents generated by the governor and the legislature in the development and consideration of the biennial omnibus appropriations act shall display an enrollment target level. The enrollment target level is the biennial state-funded enrollment increase necessary to fulfill the state policy set forth in this section. The budget document shall compare the enrollment target level with the state-funded enrollment increases contained in the biennial budget proposals of the governor and each house of the legislature. The information required by this section shall be set forth in the budget documents so that enrollment and cost information concerning the number of students and additional funds needed to reach the enrollment goals are prominently displayed and easily understood.

For the governor's budget request, the information required by this section shall be made available in the document entitled 'Operating Budget Supporting Data' or its successor document.

NEW SECTION. Sec. 6. The participation rate used to calculate enrollment levels under sections 2 and 5 of this act shall be based on full enrollment reported in the higher education enrollment report as maintained by the office of financial management, fall enrollment as reported in the management information system of the state board for community and technical colleges, and the corresponding fall population forecast by the office of financial management. Formal estimates of the state participation rates and enrollment levels necessary to fulfill the requirements of sections 2 and 5 of this act shall be determined by the office of financial management as part of its responsibility to develop and maintain student enrollment forecasts for colleges and universities under RCW 43.62.050. Formal estimates of the state participation rates and enrollment levels required by this section shall be based on procedures and standards established by a technical work group consisting of staff from the higher education coordinating board, the public four-year institutions of higher education, the state board for community and technical colleges, the fiscal and higher education committees of the house of representatives and the senate, and the office of financial management. Formal estimates of the state participation rates and enrollment levels required by this section shall be submitted to the fiscal committees of the house of representatives and senate on or before November 15th of each even-numbered year. The higher education coordinating board shall periodically review the enrollment goals set forth in sections 2 and 5 of this act and submit recommendations concerning modification of these goals to the governor and to the higher education committees of the house of representatives and the senate.

NEW SECTION. Sec. 7. It is the policy of the state of Washington that financial need not be a barrier to participation in higher education. It is also the policy of the state of Washington that the essential requirements level budget calculation include funding for state student financial aid programs. The calculation should, at a minimum, include a funding level equal to the amount provided in the second year of the previous biennium in the omnibus appropriations act, adjusted for the percentage of needy.
resident students, by educational sector, likely to be included in any enrollment increases necessary to maintain, by educational sector, the participation rate funded in the 1993 fiscal year. The calculation should also be adjusted to reflect, by educational sector, any increases in cost of attendance. The cost of attendance figures should be calculated by the higher education coordinating board and provided to the office of financial management and appropriate legislative committees by June 30th of each even-numbered year.

Sec. 8. RCW 28B.15.515 and 1991 c 353 s 1 are each amended to read as follows:

(1) The boards of trustees of the community college districts may operate summer schools on either a self-supporting or a state-funded basis.

If summer school is operated on a self-supporting basis, the fees charged shall be retained by the colleges, and shall be sufficient to cover the direct costs, which are instructional salaries and related benefits, supplies, publications, and records.

Community colleges that have self-supporting summer schools shall continue to receive general fund state support for vocational programs that require that students enroll in a four quarter sequence of courses that includes summer quarter due to clinical or laboratory requirements and for ungraded courses limited to adult basic education, vocational apprenticeship, aging and retirement, small business management, industrial first aid, and parent education.

(2) The board of trustees of a community college district may permit the district's state-funded, full-time equivalent enrollment level, as provided in the operating budget appropriations act, to vary (by plus or minus two percent each fiscal year unless otherwise authorized in the operating budget appropriations act). If the variance is above the state-funded level, the district may charge those students above the state-funded level a fee equivalent to the amount of tuition and fees that are charged students enrolled in state-funded courses. These fees shall be retained by the colleges.

(3) The state board for community and technical colleges (education) shall ensure compliance with this section.

NEW SECTION. Sec. 9. Sections 2 through 7 of this act are each added to chapter 28B.10 RCW.

NEW SECTION. Sec. 10. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect July 1, 1993.

On motion of Senator Jesernig, the following title amendment was adopted:

On page 1, line 1 of the title, after "education;" strike the remainder of the title and insert "amending RCW 28B.15.515; adding new sections to chapter 28B.10 RCW; creating a new section; providing an effective date; and declaring an emergency."

POINT OF INQUIRY

Senator Fraser: "Senator Spanel, is the language in Section 2 of the bill intended to overturn or modify the ruling of the Supreme Court in the Washington Federation of State Employees versus Spokane Community College case?"

Senator Spanel: "No, the language is not intended to affect that decision or any other civil service employee rights."

POINT OF INQUIRY

Senator Cantu: "Senator Jesernig, I have a question on the summary in our calendar. Things are moving rather quickly and it is hard to look at this. I am looking on page 2, the second paragraph on the right hand side--second from the bottom. It says, 'The department if directed to develop a standard notification form for use by the agencies.' It sounds like the agencies are supposed to notify the Department of General Administration when they buy items and I'm wondering if we are going to get into a real horrendous paper mill where every time they go buy a single item, they have to fill out a form and then process a form to notify the agency.

"One of the things that the Efficiency Commission looked at is the cost of a piece of paper on a request for procurement and we found out that it is very close to fifty dollars. So, if we are not careful, I am afraid that this form--I guess my question, Senator Jesernig, I'm sorry, is whether or not this would have to be done for each and every single item that they buy?"
Senator Jesernig: "Well, thank you, Senator Cantu. As I read it here, it would simply require the notification so that the Department of General Administration would be able to better warehouse what it thinks it needs to have. I don't think the intent, as I understand it, is to require every pencil to have a piece of paper for it, but I think any purchases that are significant, the GA is going to have to know about it, so they are not stocking those items. That was the intent as I understood it of the notification requirement. It was simply to make sure that GA doesn't buy a bunch of paper or pencils, because they think orders are going to come in."

Senator Cantu: "O.K., you can see my concern and that is if an agency—say I want to go buy a half dozen pencils that they then have to fill out a form, send it to GA and say I bought a half dozen pencils. We're going to get into that paper mill and I'm sorry for not giving you the advance notice, but I just now had a chance to look at it."

Senator Jesernig: "Senator Cantu, if that occurs, I will co-sponsor the bill with you to make sure that it doesn't. Thank you."

The President declared the question before the Senate to be the roll call on the final passage of House Bill No. 2129.

ENGROSSED HOUSE BILL NO. 2123, by Representatives Jacobsen, Quall and Brumsickle (by request of Office of Financial Management)

Allowing insurance benefits for graduate service appointments.

MOTIONS

Senator Jesernig moved that the following amendment be adopted:
Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 28B.10.660 and 1979 ex.s. c 88 s 1 are each amended to read as follows:

(1) The ((regents or trustees)) governing boards of any of the state's institutions of higher education may make available
liability, life, health, health care, accident, disability and salary protection or insurance or any one of, or a combination of, the
counted types of insurance, or any other type of insurance or protection, for the regents or trustees and students of the
institution. Except as provided in subsection (2) of this section, the premiums due on such protection or insurance shall be borne by
the assenting regents, trustees, or students. The regents or trustees of any of the state institutions of higher education may make
liability insurance available for employees of the institutions. The premiums due on such liability insurance shall be borne by the

(2) A governing board of a public four-year institution of higher education may make available, and pay the costs of, health
benefits for graduate students holding graduate service appointments, designated as such by the institution. Such health benefits
may provide coverage for spouses and dependents of such graduate student appointees."

Senator Prince moved that the following amendment to the amendment be adopted:
On page 1, line 22, after "education" strike "may" and insert "shall"
Debate ensued.

POINT OF INQUIRY

Senator West: "Senator Jesernig, is there anything in the budget or anything in statute that would prevent a Board of
Regents from taking the money we provide in the budget for this purpose and spending it on some other purpose? Is there anything
restricting them in the expenditure of these funds requiring that it go for this purpose?"

Senator Jesernig: "Thank you, Senator West. I think the Budget Accounting Act will make sure that they spend it for what
It's meant to be spent on and I think that not only the Board of Regents, but the Presidents of the institutions would have a very hard
time in the Legislature if they, in fact, took this money and spent it on something other than what we appropriated it directly for."

Senator West: "I'm glad that is stated in that fashion, so it is on the record to show some legislative intent. The problem
is every year we pass a budget, giving money to agencies, giving them direction in that budget and every year when they need
money for something else, they rob it from this section and put it over there. They come back and they say, 'Now, we don't have
enough to do what you originally gave us the money to do, so we need more money.'

"I think without passing Senator Prince's amendment making this mandatory on the Regents, making this mandatory on
the schools and the administration of schools, you run the real risk of this money not getting to where it is intended and you run the
real risk of putting out there a false promise--a false hope for people that were actually putting these benefits in law, actually giving
them these benefits. This is simply a 'may,' it is not a 'shall.' I think we should go the 'shall' route if that is actually our intention. We
should not leave this to any question, so I would encourage you to vote for Senator Prince's amendment."

Further debate ensued.

The President declared the question before the Senate to be the adoption of the amendment by Senator Prince on page
1, line 22, to the striking amendment by Senator Jesernig to Engrossed House Bill No. 2123.
The motion by Senator Prince failed and the amendment to the striking amendment was not adopted.
The President declared the question before the Senate to be the adoption of the striking amendment by Senator Jesernig
to Engrossed House Bill No. 2123.
The motion by Senator Jesernig carried and the striking amendment was adopted.

MOTIONS

On motion of Senator Jesernig, the following title amendment was adopted:
On page 1, line 1 of the title, after "appointments;" strike the remainder of the title and insert "and amending RCW
28B.10.660."

MOTION

On motion of Senator Jesernig, the rules were suspended, Engrossed House Bill No. 2123, as amended by the Senate,

POINT OF INQUIRY

Senator Prince: "Senator Rinehart, what I would like to know, in the case of military personnel, what do they pay? Do they pay out-of-state or in-state--military personnel--under this, as written, because the waiver part has been stricken and made optional at the school and we can't get the staff to agree on what they end up now expected to pay?"

Senator Rinehart: "Senator Prince, if you would give me just a few minutes, I will get you the most accurate answer, rather than alibing."

There being no objection, the President declared the Senate to be at ease.

The Senate was called to order by President Pritchard.

There being no objection, the Senate resumed consideration of Engrossed Substitute Senate Bill No. 5982 and the pending point of inquiry by Senator Prince to Senator Rinehart.

FURTHER REMARKS BY SENATOR RINEHART
Senator Rinehart: “Thank you, Mr. President. Senator Prince, active duty military will receive a waiver and they will pay resident tuition plus a slight surcharge—the community colleges would apply to them. Military spouses and dependents pay strictly the resident tuition. The rationale is that the military also contributes to the education of the active military duty personnel themselves, but not to the spouses and dependents.”

Senator Prince: “Could I ask for one more clarification? To what extent does this waiver extend? It used to be thirteen point two. How much can the waiver be now?”

Senator Rinehart: “I believe that is the option of the local institution.”

Senator Prince: “So, they can have like fifty percent or eighty percent?”

Senator Rinehart: “Of what?”

Senator Prince: “Of the base tuition. That's the way the original waiver worked.”

Senator Rinehart: “Active duty military personnel receive a waiver and pay resident tuition plus a slight surcharge, so that would be the resident tuition plus whatever percentage—”

Senator Prince: “O.K., but what is the maximum surcharge?”

Senator Rinehart: “That is an institutional decision.”

Senator Prince: “So, it could be as much as the waiver?”

Senator Rinehart: “One would assume not or there would have been no cause to give a waiver.”

Senator Prince: “Well, that is my question, but being we've stricken that part of the law, I am concerned, so I just wanted to kind of clarify what our intent is.”

Senator Rinehart: “Well, it is not clear to me that the conversation we've just had is going to clarify anything.”

Senator Prince: “Well, it isn't to me there, except on the dependents and I do appreciate that.”

The President declared the question before the Senate to be the adoption of the striking amendment by Senator Rinehart to Engrossed Substitute Senate Bill No. 5982.

The motion by Senator Rinehart carried and the striking amendment was adopted.

THIRD READING
SUBSTITUTE SENATE BILL NO. 5966, by Committee on Ways and Means (originally sponsored by Senators Rinehart, Haugen and M. Rasmussen) (by request of Department of Veterans Affairs)

Concerning the state veterans’ homes.

MOTIONS

On motion of Senator Rinehart, the rules were suspended and Substitute Senate Bill No. 5966 was returned to second reading and read the second time.

On motion of Senator Rinehart, the following amendment was adopted:

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. The legislature finds that continued operation of state veterans’ homes is necessary to meet the needs of eligible veterans for shelter, personal and nursing care, and related services; that certain residents of veterans’ homes or services provided to them may be eligible for participation in the state’s medicaid reimbursement system; and that authorizing medicaid participation is appropriate to address the homes’ long-term funding needs. The legislature also finds that it is important to maintain the dignity and self-respect of residents of veterans’ homes, by providing for continued resident involvement in the homes’ operation, and through retention of current law guaranteeing a minimum amount of allowable personal income necessary to meet the greater costs for these residents of transportation, communication, and participation in family and community activities that are vitally important to their maintenance and rehabilitation.

NEW SECTION. Sec. 2. A new section is added to chapter 72.36 RCW to read as follows:

Qualifying operations at state veterans’ homes operated by the department of veterans affairs, may be provided under the state's medicaid reimbursement system as administered by the department of social and health services.

The department of veterans affairs may contract with the department of social and health services under the authority of RCW 74.09.120 but shall be exempt from RCW 74.46.660(6), and the provisions of RCW 74.46.420 through 74.46.590 shall not apply to the medicaid rate-setting and reimbursement systems. The nursing care operations at the state veterans’ homes shall be subject to inspection by the department of social and health services. This includes every part of the state veterans’ home’s premises, an examination of all records, including financial records, methods of administration, general and special dietary programs, the disbursement of drugs, methods of supply, and any other records the department of social and health services deems relevant.

NEW SECTION. Sec. 3. A new section is added to chapter 72.36 RCW to read as follows:

The department of veterans affairs shall provide by rule for the annual election of a resident council for each state veterans’ home. The council shall annually elect a chair from among its members, who shall call and preside at council meetings. The resident council shall serve in an advisory capacity to the director of the department of veterans affairs and to the superintendent in all matters related to policy and operational decisions affecting resident care and life in the home.

By October 31, 1993, the department shall adopt rules that provide for specific duties and procedures of the resident council which create an appropriate and effective relationship between residents and the administration. These rules shall be adopted after consultation with the resident councils and the state long-term care ombuds, and shall include, but not be limited to the following:

1. Provision of staff technical assistance to the councils;
2. Provision of an active role for residents in developing choices regarding activities, foods, living arrangements, personal care, and other aspects of resident life;
3. A procedure for resolving resident grievances; and
4. The role of the councils in assuring that resident rights are observed.

The development of these rules should include consultation with all residents through the use of both questionnaires and group discussions.

The resident council for each state veterans’ home shall annually review the proposed expenditures from the benefit fund that shall contain all private donations to the home, all bequeaths, and gifts. Disbursements from each benefit fund shall be for the benefit and welfare of the residents of the state veterans’ homes. Disbursements from the benefits funds shall be on the authorization of the superintendent or his or her authorized representative after approval has been received from the home’s resident council.

The superintendent or his or her designated representative shall meet with the resident council at least monthly. The director of the department of veterans affairs shall meet with each resident council at least three times each year.

Every motor truck, truck tractor, and tractor exceeding 6,000 pounds empty scale weight registered under chapter 46.16, 46.87, or 46.88 RCW shall be licensed for not less than one hundred fifty percent of its empty weight unless the amount would be in excess of the legal limits prescribed for such a vehicle in RCW 46.44.041 or 46.44.042, in which event the vehicle shall be licensed for the maximum weight authorized for such a vehicle.
The following provisions apply when increasing gross or combined gross weight for a vehicle licensed under this section:

(a) The new license fee will be one-twelfth of the fee listed above for the new gross weight, multiplied by the number of months remaining in the period for which licensing fees have been paid, including the month in which the new gross weight is effective.

(b) Upon surrender of the current certificate of registration or cab card, the new licensing fees due shall be reduced by the amount of the licensing fees previously paid for the same period for which new fees are being charged.

(2) The proceeds from the fees collected under subsection (1) of this section shall be distributed in accordance with RCW 46.68.035.

Sec. 61. RCW 82.44.020 and 1993 c ... (Substitute Senate Bill No. 5535) s 2 are each amended to read as follows:

(1) An excise tax is imposed for the privilege of using in the state any motor vehicle, except those operated under reciprocal agreements, the provisions of RCW 46.16.160 as now or hereafter amended, or dealer's licenses. The annual amount of such excise tax shall be two percent of the value of such vehicle.

(2) An additional excise tax is imposed, in addition to any other tax imposed by this section, for the privilege of using in the state any such motor vehicle, and the annual amount of such additional excise shall be two-tenths of one percent of the value of such vehicle.

(3) Effective with October 1992 motor vehicle registration expirations, a clean air excise tax is imposed in addition to any other tax imposed by this section for the privilege of using in the state any motor vehicle as defined in RCW 82.44.010, except that farm vehicles as defined in RCW 46.04.181 shall not be subject to the tax imposed by this subsection. The annual amount of the additional excise tax shall be two dollars and twenty-five cents. Effective with July 1994 motor vehicle registration expirations, the annual amount of additional excise tax shall be two dollars.

(4) An additional excise tax is imposed on truck-type power units that are used in combination with a trailer to transport loads in excess of forty thousand pounds combined gross weight. The annual amount of such additional excise tax shall be fifty-eight one-hundredths of one percent of the value of the vehicle.

The department shall distribute the additional tax collected under this subsection as follows:

(a) For each trailing unit subject to subsection (5) of this section, an amount equal to the clean air excise tax prescribed in subsection (3) of this section shall be distributed in the manner prescribed in RCW 82.44.110(3);

(b) Of the remainder of the additional excise tax collected under this subsection, ten percent shall be distributed in the manner prescribed in RCW 82.44.110(2), and ninety percent shall be distributed in the manner prescribed in RCW 82.44.110(1). This tax shall not apply to power units used exclusively for hauling logs.

(5) The excise taxes imposed by subsections (1) through (3) of this section shall not apply to trailing units which are used in combination with a power unit subject to the additional excise tax imposed by subsection (4) of this section. This subsection shall not apply to trailing units used for hauling logs.

(6) In no case shall the total tax be less than two dollars except for proportionally registered vehicles.

(7) Washington residents, as defined in RCW 46.16.028, who license motor vehicles in another state or foreign country and avoid Washington motor vehicle excise taxes are liable for such unpaid excise taxes. The department of revenue may assess and collect the unpaid excise taxes under chapter 82.32 RCW, including the penalties and interest provided therein.

Sec. 62. RCW 81.112.030 and 1992 c 101 s 3 are each amended to read as follows:

Two or more contiguous counties each having a population of four hundred thousand persons or more may establish a regional transit authority to develop and operate a high capacity transportation system as defined in chapter 81.104 RCW.

The authority shall be formed in the following manner:

(1) The joint regional policy committee created pursuant to RCW 81.104.040 shall adopt a system and financing plan, including the definition of the service area. This action shall be completed by September 1, 1992, contingent upon satisfactory completion of the planning process defined in RCW 81.104.100. The final system plan shall be adopted no later than June 30, 1993. In addition to the requirements of RCW 81.104.100, the plan for the proposed system shall provide explicitly for a minimum portion of new tax revenues to be allocated to local transit agencies for interim express services. Upon adoption the joint regional policy committee shall immediately transmit the plan to the county legislative authorities within the adopted service area.

(2) The legislative authorities of the counties within the service area shall decide by resolution whether to participate in the authority. This action shall be completed within forty-five days following receipt of the adopted plan or by August 13, 1993, whichever comes first.

(3) (If any of the counties does not opt to participate in the authority, the joint regional policy committee shall, within forty-five days, redefine the system and financing plan and resubmit the adopted redefined plan to the remaining county legislative...
(4) Each county that chooses to participate in the authority shall appoint its board members as set forth in RCW 81.112.040 and shall submit its list of members to the secretary of the Washington state department of transportation. These actions must be completed within thirty days following each county's decision to participate in the authority.

(5) The secretary shall call the first meeting of the authority, to be held within thirty days following receipt of the appointments. At its first meeting, the authority shall elect officers and provide for the adoption of rules and other operating procedures.

(6) The authority is formally constituted at its first meeting and the board shall begin taking steps toward implementation of the system and financing plan adopted by the joint regional policy committee. If the joint regional policy committee fails to adopt a plan by June 30, 1993, the authority shall proceed to do so based on the work completed by that date by the joint regional policy committee. Upon formation of the authority, the joint regional policy committee shall cease to exist. The authority may make minor modifications to the plan as deemed necessary and shall at a minimum review local transit agencies' plans to ensure feeder service/high capacity transit service integration, ensure fare integration, and ensure avoidance of parallel competitive services. The authority shall also conduct a minimum thirty-day public comment period.

(7) If the authority determines that major modifications to the plan are necessary before being submitted to the voters, the authority may make those modifications with a favorable vote of two-thirds of the entire membership. Any such modification shall be subject to the review process set forth in RCW 81.104.110. The modified plan shall be transmitted to the legislative authorities of the participating counties. The legislative authorities shall have forty-five days following receipt to confirm or rescind their continued participation in the authority.

(8) If any county opts not to participate in the authority, but two or more contiguous counties do choose to continue to participate, the authority's board shall be revised accordingly. The authority shall, within forty-five days, redefine the system and financing plan to reflect elimination of one or more counties, and submit the redefined plan to the legislative authorities of the remaining counties for their decision as to whether to continue to participate. This action shall be completed within forty-five days following receipt of the redefined plan.

(9) The authority shall place on the ballot within two years of the authority's formation, a single ballot proposition to ((redefine the authority)) approve the system and finance plan(4) and authorize the imposition of the taxes to support the plan within its service area. In addition to the system plan requirements contained in RCW 81.104.100(2)(d), the system plan submitted to voters shall contain an equity element which:

(a) Identifies revenues anticipated to be generated by corridor and by county within the authority's boundaries;
(b) Identifies the phasing of construction and operation of high capacity system facilities, services, and benefits in each corridor. Phasing decisions should give priority to jurisdictions which have adopted transit-supportive land use plans; and
(c) Identifies the degree to which revenues generated within each county will benefit the residents of that county, and identifies when such benefits will accrue.

A simple majority of those voting within the boundaries of the authority is required for approval. If the vote is affirmative, the authority shall begin implementation of the plan. However, the authority may not submit any authorizing proposition for voter-approved taxes prior to July 1, 1993; nor may the authority issue bonds or form any local improvement district prior to July 1, 1993.

(10) If the vote fails, the board may redefine the system and financing plan, make changes to the authority boundaries, and make corresponding changes to the composition of the board. If the composition of the board is changed, the participating counties shall revise the membership of the board accordingly. The board may then submit the revised plan to voters. No single system and financing plan may be submitted to the voters more than twice.

If the authority is unable to achieve a positive vote within two years from the date of the first election on a system plan, the board may, by resolution, reconstitute the authority as a single-county body. With a two-thirds vote of the entire membership of the voting members, the board may also dissolve the authority.

(2) The director may by rule determine the species of food fish that may be taken with the commercial fishery licenses established in this section, the gear that may be used with the licenses, and the areas or waters in which the licenses may be used. Where a fishery license has been established for a particular species, gear, geographical area, or combination thereof, a more general fishery license may not be used to take food fish in that fishery.
Sec. 39. RCW 75.28.125 and 1989 c 316 s 7 are each amended to read as follows:

(1) Except as provided in subsection (2) of this section, it is unlawful to deliver with a commercial fishing vessel food fish or shellfish taken in offshore waters to a port in the state without a nonsalmon delivery license. As used in this section, "food fish" does not include salmon. The annual license fee for a nonsalmon delivery license is ((fifty)) one hundred ten dollars for residents and ((one)) two hundred dollars for nonresidents. (1) This section establishes commercial fishery licenses required for shellfish fisheries and the annual fees for those licenses. The director may issue a limited-entry commercial fishery license only to a person who meets the qualifications established in applicable governing sections of this title.
(2) The director may by rule determine the species of shellfish that may be taken with the commercial fishery licenses established in this section, the gear that may be used with the licenses, and the areas or waters in which the licenses may be used. Where a fishery license has been established for a particular species, gear, geographical area, or combination thereof, a more general fishery license may not be used to take shellfish in that fishery.

(2) Except as provided in subsection (5) of this section, it is unlawful to operate a vessel as a charter boat from which salmon or salmon and other food fish are taken without a salmon charter license designating the vessel. The director may issue a salmon charter license only to a person who meets the qualifications of RCW 75.30.065.
Except as provided in subsections (2) and (5) of this section, it is unlawful to operate a vessel as a charter boat from which food fish or shellfish are taken without a nonsalmon charter license. As used in this subsection, “food fish” does not include salmon.

“Charter boat” means a vessel from which persons may, for a fee, fish for food fish or shellfish for personal use, and that brings food fish or shellfish into state ports or brings food fish or shellfish taken from state waters into United States ports. The director may specify by rule when a vessel is a “charter boat” within this definition. “Charter boat” does not mean:

(a) Vessels not generally engaged in charter boat fishing which are under private lease or charter and operated by the lessee for the lessee’s personal recreational enjoyment; or

(b) Vessels used by a guide for clients fishing for food fish for personal use in freshwater rivers, streams, and lakes, other than Lake Washington or that part of the Columbia River below the bridge at Longview.

A charter boat licensed in Oregon may fish without a Washington charter boat license under the same rules as Washington charter boat operators in ocean waters within the jurisdiction of Washington state from the southern border of the state of Washington to Leadbetter Point, as long as the Oregon vessel does not land at any Washington port with the purpose of taking on or discharging passengers. The provisions of this subsection shall be in effect as long as the state of Oregon has reciprocal laws and regulations.

A vessel shall not engage in both charter or sports fishing and commercial fishing on the same day.

NEW SECTION, Sec. 42. A new section is added to chapter 75.28 RCW to read as follows:
The director shall issue the personal licenses listed in this section according to the requirements of this title. The licenses and their annual fees are:

A wholesale fish dealer's license is required for:
1. A business in the state to engage in the commercial processing of food fish or shellfish, including custom canning or processing of personal use food fish or shellfish.
2. A business in the state to engage in the wholesale selling, buying, or brokering of food fish or shellfish. A wholesale fish dealer's license is not required of those businesses which buy exclusively from Washington licensed wholesale dealers and sell solely at retail.
3. Fishermen who land and sell their catch or harvest in the state to anyone other than a licensed wholesale dealer within or outside the state.
4. A business to engage in the commercial manufacture or preparation of fertilizer, oil, meal, caviar, fish bait, or other byproducts from food fish or shellfish.
5. A business employing a fish buyer as defined under RCW 75.28.340. (Unless adjusted by the director pursuant to the director's authority granted in RCW 75.28.065, the annual license fee is one hundred dollars.) The annual license fee for a wholesale dealer is two hundred fifty dollars. A wholesale fish dealer's license is not required for persons engaged in the processing, wholesale selling, buying, or brokering of private sector cultured aquatic
products as defined in RCW 15.85.020. However, if a means of identifying such products is required by rules adopted under RCW 15.85.060, the exemption from licensing requirements established by this subsection applies only if the aquatic products are identified in conformance with those rules.

Sec. 44. RCW 75.28.030 and 1983 1st ex.s. c 46 s 105 are each amended to read as follows:

(1) Except as otherwise provided in this title, the director shall issue commercial licenses and permits to a qualified person(,) upon (the receipt of an) receiving a completed application accompanied by the required fee. (Applications shall be submitted on forms provided by the department. Applicants for commercial licenses and permits shall indicate at the time of application the species of food fish or shellfish they intend to take and the type of gear they intend to use.)

(2) An application submitted to the department under this chapter shall contain the name and address of the applicant and any other information required by the department or this title. An applicant for a commercial fishery license, delivery license, or charter license may designate a vessel to be used with the license and up to two alternate operators.

(3) An application submitted to the department under this chapter shall contain the applicant's declaration under penalty of perjury that the information on the application is true and correct.

(4) Upon issuing a commercial license under this chapter, the director shall assign the license a unique number that the license shall retain upon renewal. The department shall use the number to record any commercial catch under the license. This does not preclude the department from using other, additional, catch record methods.

(5) The fee to replace a license that has been lost or destroyed is twenty dollars.

NEW SECTION. Sec. 45. A new section is added to chapter 75.28 RCW to read as follows:

This section applies to all commercial fishery licenses, delivery licenses, and charter licenses, except for emergency salmon delivery licenses.

(1) The holder of a license subject to this section may substitute the vessel designated on the license or designate a vessel if none has previously been designated if the license holder:

(a) Surrenders the previously issued license to the department;

(b) Submits to the department an application that identifies the currently designated vessel, the vessel proposed to be designated, and any other information required by the department; and

(c) Pays to the department a fee of thirty-five dollars.

(2) Unless the license holder owns all vessels identified on the application described in subsection (1)(b) of this section, the following restrictions apply to changes in vessel designation:

(a) The department shall change the vessel designation on the license no more than four times per calendar year.

(b) The department shall change the vessel designation on the license no more than once in any seven-day period.

Sec. 46. RCW 75.28.340 and 1989 c 316 s 17 are each amended to read as follows:

(1) A fish buyer's license is required of and shall be carried by each individual engaged by a wholesale fish dealer to purchase food fish or shellfish from a licensed commercial fisherman. A fish buyer may represent only one wholesale fish dealer.

(2) Unless adjusted by the director pursuant to the director's authority granted in RCW 75.28.065, the annual fee for a fish buyer's license is (twenty) ninety-five dollars.

(11) 1993 c --- s 23 (section 23 of Senate Bill No. 5124).

NEW SECTION. Sec. 48. Sections 34 through 47 of this act shall take effect only if Senate Bill No. 5124 becomes law by August 1, 1993.

NEW SECTION. Sec. 49. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected."

On page 6, beginning on line 26, strike all of section 12 and insert the following:

"Sec. 12. RCW 82.27.020 and 1985 c 413 § 2 are each amended to read as follows:

(1) In addition to all other taxes, licenses, or fees provided by law there is established an excise tax on the commercial possession of enhanced food fish as provided in this chapter. The tax is levied upon and shall be collected from the owner of the
enhanced food fish whose possession constitutes the taxable event. The taxable event is the first possession in Washington by an owner. Processing and handling of enhanced food fish by a person who is not the owner is not a taxable event to the processor or handler.

(2) A person in possession of enhanced food fish and liable to this tax may deduct from the price paid to the person from which the enhanced food fish (except oysters) are purchased an amount equal to a tax at one-half the rate levied in this section upon these products.

(3) The measure of the tax is the value of the enhanced food fish at the point of landing.

(4) The tax shall be equal to the measure of the tax multiplied by the rates for enhanced food fish as follows:

(a) Chinook, coho, and chum salmon and anadromous game fish, except chinook, coho, and anadromous game fish raised in saltwater net pens: Five and twenty-five one-hundredths percent.

(b) Pink and sockeye salmon: Three and fifteen one-hundredths percent.

Sec. 13. RCW 82.27.030 and 1985 c 413 s 3 are each amended to read as follows:

The tax imposed by RCW 82.27.020 shall not apply to: (1) Enhanced food fish originating outside the state which enters the state as (a) frozen enhanced food fish or (b) enhanced food fish packaged for retail sales; (2) the growing, processing, or dealing with food fish which are raised from eggs or fry and which are under the physical control of the grower at all times until being sold or harvested, except fish raised in saltwater net pens; and (3) food fish, shellfish, anadromous game fish, and byproducts or parts of food fish shipped from outside the state which enter the state, except as provided in RCW 82.27.010, provided the taxpayer must have documentation showing shipping origination of fish exempt under this subsection to qualify for exemption. Such documentation includes, but is not limited to fish tickets, bills of lading, invoices, or other documentation required to be kept by governmental agencies."

Debate ensued.
The President declared the question before the Senate to be the adoption of the amendment by Senators Spanel and Hargrove on page 6, beginning on line 26, to the striking amendment to Substitute Senate Bill No. 5980.
The motion by Senator Spanel failed and the amendment to the amendment was not adopted on a rising vote.

MOTION

Senator Owen moved that the following amendment by Senators Owen and Barr to the striking amendment be adopted: On page 29, after line 24 of the amendment, insert the following:

"NEW SECTION. Sec. 49. The sum of eighty-five thousand dollars of the revenues derived from increases in personal use and commercial license fees pursuant to sections 2, 34, 42, and 45 of this act and RCW 75.28.030, 75.28.035, 75.28.095, 75.28.110, 75.28.113, 75.28.116, 75.28.120, 75.28.125, 75.28.130, 75.28.134, 75.28.140, 75.28.255, 75.28.280, 75.28.290, 75.28.300, 75.28.340, 75.28.690, 75.28.710, and 75.30.160, is appropriated for the biennium ending June 30, 1995, from the general fund to Washington State University for the purposes of implementation of the provision of chapter ... (House Bill No. 1309), Laws of 1993."

Renumber remaining sections consecutively and correct internal references accordingly.

POINT OF ORDER

Senator Spanel: "Mr. President, I would rise to a point of order on scope and object. This expands the original bill. The bill relates to fishing licenses and collecting different fees and this expands it to make an appropriation to some place else."

Debate ensued.

MOTION
At 6:25 p.m., on motion of Senator Jesernig, the Senate was declared to be at ease.

The Senate was called to order at 6:53 p.m. by President Pritchard.

There being no objection, the Senate resumed consideration of Substitute Senate Bill No. 5980 and the pending amendment by Senators Owen and Barr on page 29, after line 24, to the striking amendment, under consideration before going at ease.

RULING BY THE PRESIDENT

President Pritchard: “In ruling upon the point of order raised by Senator Spanel, the President finds that Substitute Senate Bill No. 5980 is a measure which, among other things, changes various fees related to fishing.

“The amendment by Senators Owen and Barr to the striking amendment would appropriate a portion of the revenues derived from the fee changes for specified purposes related to fisheries.

“The President, therefore, finds that the proposed amendment to the striking amendment does not change the scope and object of the bill and the point of order is not well taken.”

The amendment by Senators Owen and Barr on page 29, after line 24, to the striking amendment was ruled in order.

Debate ensued.

POINT OF INQUIRY

Senator Hargrove: “Senator Owen, I am looking at the budget for Washington State University and there is language under Sub 6 that says, ‘Eighty-five thousand dollars of the general fund appropriation is provided solely for the implementation of Section 7 of Second Engrossed Substitute House Bill No. 1309.’ It appears to me that that budget already provided eighty-five thousand dollars to do the work required by this bill. Does this amendment add another eighty-five thousand dollars, because the project is going to cost more or is it intended to replace the eighty-five thousand that is in the budget here?”

Senator Owen: “The budget, as it is, requires Washington State University to take the eighty-five thousand out of their budget and put it into this program. It is not an increased appropriation. To answer your question, this would not double the appropriation. This would take the place of that appropriation. It is intended to take the place of that appropriation.”

Further debate ensued.

The President declared the question before the Senate to be the adoption of the amendment by Senators Owen and Barr on page 29, after line 24, to the striking amendment to Substitute Senate Bill No. 5980.

The motion by Senator Owen carried and the amendment to the striking amendment was adopted on a rising vote.

The President declared the question before the Senate to be the adoption of the striking amendment, as amended, by Senator Owen to Substitute Senate Bill No. 5980.

Debate ensued.

The motion by Senator Owen carried and the striking amendment, as amended, was adopted.

(1) The state shall make payment of any underpayments within thirty days after the date the preliminary or final settlement report is submitted to the contractor.

(2) A contractor found to have received either overpayments or erroneous payments under a preliminary or final settlement shall refund such payments to the state within thirty days after the date the preliminary or final settlement report is submitted to the contractor, subject to the provisions of subsections (3), (4), and (7) of this section.

(3) Within the cost centers of nursing services and food, all savings resulting from the respective allowable costs being lower than the respective reimbursement rate paid to the contractor during the report period shall be refunded to the department. However, in computing a preliminary or final settlement, savings in a cost center may be shifted to cover a deficit in another cost center up to the amount of any savings. Not more than twenty percent of the rate in a cost center may be shifted into that cost center and no shifting may be made into the property cost center. There shall be no shifting out of nursing services, and savings in food shall be shifted only to cover deficits in the nursing services cost center. There shall be no shifting from the operational to the administrative cost center.

(4) Within the administrative and property cost centers, the contractor shall retain at least fifty percent, but not more than seventy-five percent, of any savings resulting from the respective audited allowable costs being lower than the respective reimbursement rates paid to the contractor during the report period multiplied by the number of authorized medical care client days in which said rates were in effect, except that no savings may be retained if reported costs in the administrative and property cost centers exceed audited allowable costs in these cost areas by a total of ten cents or more per patient day. The secretary, by rule, shall establish the basis for the specific percentages of savings to the contractors. Such rules may provide for differences in the percentages allowed for each cost center to individual facilities based on performance measures related to administrative efficiency.

(5) All return on investment rate payments provided by RCW 74.46.530 shall be retained by the contractor to the extent net invested funds are substantiated by department field audit. Any industrial insurance dividend or premium discount under RCW 51.16.035 shall be retained by the contractor to the extent that such dividend or premium discount is attributable to the contractor's private patients.

(6) In the event the contractor fails to make repayment in the time provided in subsection (2) of this section, the department shall either:

(a) Deduct the amount of refund due, plus any interest accrued under RCW 43.20B.695, from payment amounts due the contractor; or

(b) In the instance the contract has been terminated, (i) deduct the amount of refund due, plus interest assessed at the rate and in the manner provided in RCW 43.20B.695, from any payments due; or (ii) recover the amount due, plus any interest assessed under RCW 43.20B.695, from security posted with the department or by any other lawful means.

(7) Where the facility is pursuing timely-filed judicial or administrative remedies in good faith regarding settlement issues, the contractor need not refund nor shall the department withhold from the facility current payment amounts the department claims to be due from the facility but which are specifically disputed by the contractor. If the judicial or administrative remedy sought by the facility is not granted after all appeals are exhausted or mutually terminated, the facility shall make payment of such amounts due plus interest accrued from the date of filing of the appeal, as payable on judgments, within sixty days of the date such decision is made.

Sec. 3. RCW 74.46.230 and 1980 c 177 s 23 are each amended to read as follows:

(1) The necessary and ordinary one-time expenses directly incident to the preparation of a newly constructed or purchased building by a contractor for operation as a licensed facility shall be allowable costs. These expenses shall be limited to start-up and organizational costs incurred prior to the admission of the first patient.

(2) Start-up costs shall include, but not be limited to, administrative and nursing salaries, utility costs, taxes, insurance, repairs and maintenance, and training; except, that they shall exclude expenditures for capital assets. These costs will be allowable in the administrative cost center if they are amortized over a period of not less than sixty months beginning with the month in which the first patient is admitted for care.
(3) Organizational costs are those necessary, ordinary, and directly incident to the creation of a corporation or other form of business of the contractor including, but not limited to, legal fees incurred in establishing the corporation or other organization and fees paid to states for incorporation; except, that they do not include costs relating to the issuance and sale of shares of capital stock or other securities. Such organizational costs will be allowable in the administration and operations administrative cost center if they are amortized over a period of not less than sixty months beginning with the month in which the first patient is admitted for care.

Sec. 4. RCW 74.46.280 and 1980 c 177 s 28 are each amended to read as follows:

(1) Management fees will be allowed only if:
   (a) A written management agreement both creates a principal/agent relationship between the contractor and the manager, and sets forth the items, services, and activities to be provided by the manager; and
   (b) Documentation demonstrates that the services contracted for were actually delivered.

(2) To be allowable, fees must be for necessary, nonduplicative services. (Allowable fees for general management services, including the portion of a management fee which is not allocated to specific services such as accounting, are limited to:
   (a) the maximum allowable compensation under RCW 74.46.260 of the licensed administrator and, if the facility has at least eighty beds, of an assistant administrator less
   (b) actual compensation received by the licensed administrator and by the assistant administrator and administrator in training, if any.

In computing maximum allowable compensation under RCW 74.46.260 for a facility with at least eighty beds, include the maximum compensation of an assistant administrator even if an assistant administrator is not employed.)

(3) A management fee paid to or for the benefit of a related organization will be allowable to the extent it does not exceed the lower of:
   (a) The limits set out in subsection (2) of this section; or
   (b) The lower of the actual cost to the related organization of providing necessary services related to patient care under the agreement((3)) or the cost of comparable services purchased elsewhere. Where costs to the related organization represent joint facility costs, the measurement of such costs shall comply with RCW 74.46.270.

(4) A copy of the agreement must be received by the department at least sixty days before it is to become effective. A copy of any amendment to a management agreement must also be received by the department at least thirty days in advance of the date it is to become effective.

(5) Central office costs for general management services, including the portion of a management expense which is not allocated to specific services, such as accounting, shall be subject to the management fee limits determined in subsections (2) and (3) of this section.)

Sec. 5. RCW 74.46.380 and 1991 sp.s. c 8 s 12 are each amended to read as follows:

(1) Where depreciable assets are disposed of through sale, trade-in, scrapping, exchange, theft, wrecking, or fire or other casualty, depreciation shall no longer be taken on the assets. No further depreciation shall be taken on permanently abandoned assets.

(2) Where an asset has been retired from active use but is being held for stand-by or emergency service, and the department has determined that it is needed and can be effectively used in the future, depreciation may be taken.

(3) If there is a sale of a nursing facility on or after July 1, 1991, that results in a gain on sale, the actual reimbursement for depreciation paid to the selling contractor through the medicaid reimbursement program shall be recovered by the department to the extent of any gain on sale. The purchaser is obligated to reimburse the department, whether or not the purchaser is a medicaid contractor. If the department is unable to collect from the purchaser, then the seller is responsible for reimbursing the department. The department may establish an appropriate repayment schedule to recover depreciation. If the purchaser is a medicaid contractor and the contractor does not comply with the repayment schedule established by the department, the department may deduct the recovery from the contractor's monthly medicaid payments. The department may adopt rules, as appropriate, to insure that the principles of this section are implemented with respect to leased assets, or with respect to sales of intangibles or specific assets only.)

Sec. 6. RCW 74.46.410 and 1991 sp.s. c 8 s 15 are each amended to read as follows:

(2) Unallowable costs include, but are not limited to, the following:

(zzzz) (kk) For all partial or whole rate periods after July 17, 1984, costs of land and depreciable assets that cannot be
reimbursed under the Deficit Reduction Act of 1984 and implementing state statutory and regulatory provisions.

Sec. 7. RCW 74.46.420 and 1985 c 361 s 18 are each amended to read as follows:
The following principles are inherent in RCW 74.46.430 through 74.46.590:
(1) Reimbursement rates will be set prospectively on a per patient day basis on a two-year cycle corresponding to each
state biennium; and
(2) The rates ((as established will), in the nursing services, food, administrative, and operational cost centers, shall be
adjusted downward or upward when set effective July 1 of the first fiscal year of the two-year rate-setting cycle and adjusted again
downward or upward effective July 1 of the second fiscal year of the rate-setting cycle for economic ((conditions and)) trends ((in
accordance with appropriations made by the legislature consistent with federal requirements for the period to be covered by such
rates)) and conditions.
(3) The July 1 rates for the first year of each biennium shall be adjusted by the change in the implicit price deflator for
personal consumption expenditures index published by the bureau of labor statistics of the United States department of labor. The
period used to measure the increase or decrease to be applied to these first year biennial rates shall be the calendar year preceding
the July 1 commencement of the state biennium.
(4) The July 1 rates for the second year of each biennium shall be adjusted by the change in the nursing home input price
index without capital costs published by the health care financing administration of the department of health and human services.
HCFA index, however, any increase shall be multiplied by one and one-half. The period used to measure the HCFA index increase
to be multiplied by one and one-half and applied or decrease to be applied to these second-year biennial rates shall also be the
calendar year preceding the July 1 commencement of the state biennium: PROVIDED. However, that in the event the change in
the HCFA index measured over the following calendar year, the one terminating six months after the start of the state biennium, is
twenty-five percent greater or less than the change in the HCFA index measured over the calendar year preceding commencement
of the state biennium, the department shall use the HCFA index increase multiplied by one and one-half or decrease in such
following calendar year to inflate or decrease nursing facilities’ nursing services, food, administrative, and operational rates for July 1
of the second biennial year.
(5) If either the implicit price deflator index or the health care financing administration index ceases to be published in the
future, the department shall select by rule and use in their place one or more measures of change from an alternate source or
sources for the same or comparable time periods.

Sec. 8. RCW 74.46.430 and 1987 2nd ex.s. c 1 s 2 are each amended to read as follows:
(1) The department, as provided by this chapter, will determine prospective cost-related reimbursement rates for services
provided to medical care recipients. Each rate so determined shall represent the contractor’s maximum compensation within each
cost center for each patient day for such medical care recipient.
(2) As required, the department may modify such maximum per patient day rates pursuant to the administrative review
provisions of RCW 74.46.780.
(3) ((Until the effective date of RCW 74.46.510 and 74.46.530, the maximum prospective reimbursement rates for the
administration and operations and the property cost centers shall be established based upon a minimum facility occupancy level of
eighty-five percent.
(4) On and after the effective date of RCW 74.46.510 and 74.46.530,)) The maximum prospective reimbursement rates for the
((administration and operations)) administrative, operational, and ((the)) property cost centers, and the return on investment
((allowance)) rate shall be established based upon a minimum facility occupancy level of eighty-five percent.
(4) All contractors shall be required to adjust and maintain wages for all employees to a minimum hourly wage
((established by the legislature in the biennial appropriations act, if the legislature appropriates moneys to fund prospectively the
portion of the minimum wage attributable to services to medicaid patients.)) Prospective rate revisions to fund any minimum wage
increases shall be made only on the dates authorized in the appropriation act. The department shall by regulation limit
reimbursement to the amount appropriated for legislatively authorized enhancement for nonadministrative wages and benefits
above the moneys necessary to fund minimum wages specified in this section. The department in considering reimbursement for
legislatively authorized wage enhancements will take into consideration facility wage history over the past three cost report periods) of four dollars and seventy-six cents per hour beginning January 1, 1988, and five dollars and fifteen cents per hour beginning January 1, 1989.

Sec. 9. RCW 74.46.450 and 1983 1st ex.s. c 67 s 20 are each amended to read as follows:

1. Prospective reimbursement rates for a new contractor will be established within sixty days following receipt by the department of the properly completed projected budget required by RCW 74.46.670. Such reimbursement rates will become effective as of the effective date of the contract and shall remain in effect until (rates can be established under RCW 74.46.460 based on a contractor's cost report including at least six months of cost data) adjusted or reset as provided in this chapter.

2. Such reimbursement rates will be based on the contractor's projected cost of operations and on costs and payment rates of the prior contractor, if any, or of other contractors in comparable circumstances.

3. If a properly completed budget is not received at least sixty days prior to the effective date of the contract, the department will establish preliminary rates based on the other factors specified in subsection (2) of this section. These preliminary rates will remain in effect until (a determination is made pursuant to RCW 74.46.460) adjusted or reset as provided in this chapter.

4. The department is authorized to develop policies and procedures in rule to address the computation of rates for the first and second fiscal years of each biennium, including steps necessary to prorate rate adjustments for economic trends and conditions as authorized in RCW 74.46.420, for contractors having less than twelve months of cost report data for the prior calendar year.

Sec. 10. RCW 74.46.460 and 1987 c 476 s 3 are each amended to read as follows:

1. Each contractor's reimbursement rates will be determined or adjusted prospectively at least once each calendar year, as provided in this chapter, to be effective July 1st. Provided, that a contractor's rate for the first fiscal year of each biennium must be established upon its own prior calendar period report of at least six months of cost data.

2. Rates may be adjusted as determined by the department to take into account variations in the distribution of patient classifications or changes in patient characteristics from the prior reporting year, program changes required by the department, or changes in staffing levels at a facility required by the department. (Rates shall be adjusted by the amount of legislatively authorized enhancements in accordance with RCW 74.46.430(5) and 74.46.470(2).) Rates may also be adjusted to cover costs associated with placing a nursing home in receivership which costs are not covered by the rate of the former contractor, including: Compensation of the receiver, reasonable expenses of receivership and transition of control, and costs incurred by the receiver in carrying out court instructions or rectifying deficiencies found. Rates shall be adjusted for any capitalized additions or replacements made as a condition for licensure or certification. Rates shall be adjusted for capitalized improvements done under RCW 74.46.465.

3. Where the contractor participated in the provisions of prospective cost-related reimbursement in effect prior to July 1, 1983, such contractor's prospective rate effective July 1, 1983, will be determined utilizing the contractor's desk-reviewed allowable costs for calendar year 1982.

4. All prospective reimbursement rates for 1984 and thereafter shall be determined utilizing the prior year's desk-reviewed cost reports.

Sec. 11. RCW 74.46.470 and 1987 c 476 s 4 are each amended to read as follows:

1. A contractor's reimbursement rates for medical care recipients will be determined utilizing net invested funds and desk-reviewed cost report data within the following cost centers:
   (a) Nursing services;
   (b) Food;
   (c) ((Administration and operations)) Administrative: ((and)) Operational; and
   (e) Property.

2. There shall be for the time period January 1988 through June 1990 only an enhancement cost center established to reimburse contractors for specific legislatively authorized enhancements for nonadministrative wages and benefits to ensure that such enhancements are used exclusively for the legislatively authorized purposes. For purposes of settlement, funds appropriated to this cost center shall only be used for expenditures for which the legislative authorization is granted. Such funds may be used only in the following circumstances:
   (a) The contractor has increased expenditures for which legislative authorization is granted to at least the highest level paid in any of the last three cost years, plus, beginning July 1, 1987, any percentage inflation adjustment as was granted each year under RCW 74.46.495; and
   (b) All funds shifted from the enhancement cost center are shown to have been expended for legislatively authorized enhancements.

3. If the contractor does not spend the amount appropriated to this cost center in the legislatively authorized manner, then the amounts not appropriately spent shall be recouped at preliminary or final settlement pursuant to RCW 74.46.160.
(4) For purposes of this section, “nonadministrative wages and benefits” means wages and payroll taxes paid with respect to, and the employer share of the cost of benefits provided to, employees in job classes specified in an appropriation, which may not include administrators, assistant administrators, or administrators in training.

(5) Amounts expended in the enhancement cost center in excess of the minimum wage established under RCW 74.46.430 are subject to all provisions contained in this chapter.

Sec. 12. RCW 74.46.481 and 1991 sp.s. c 8 s 16 are each amended to read as follows:

(1) The nursing services cost center shall include for reporting and audit purposes all costs related to the direct provision of nursing and related care, including fringe benefits and payroll taxes for the nursing and related care personnel, and the cost of nursing supplies. (For rates effective for state fiscal year 1984.) The department shall adopt by administrative rule a definition of "related care" (which shall incorporate, but not exceed services reimbursable as of June 30, 1983. For rates effective for state fiscal year 1985, the definition of related care shall include ancillary care)). For rates effective after June 30, 1991, nursing services costs, as reimbursed within this chapter (and as tested for reasonableness within this section), shall not include costs of any purchased nursing care services, including registered nurse, licensed practical nurse, and nurse assistant services, obtained through service contract arrangement in excess of the amount of compensation paid for such hours of nursing care service had they been paid at the average hourly wage, including related taxes and benefits, for in-house nursing staff of like classification at the same nursing facility, as reported in the most recent cost report period.

(2) The department shall adopt (by) through administrative rules a method for establishing a nursing services cost center rate consistent with the principles stated in this section.

(3) Utilizing regression or other statistical technique, the department shall determine a reasonable limit on facility nursing staff taking into account facility patient characteristics. For purposes of this section, facility nursing staff refers to registered nurses, licensed practical nurses and nursing assistants employed by the facility or obtained through temporary labor contract arrangements. Effective January 1, 1988, the hours associated with the training of nursing assistants and the supervision of that training for nursing assistants shall not be included in the calculation of facility nursing staff. In selecting a measure of patient characteristics, the department shall take into account:

(a) The correlation between alternative measures and facility nursing staff; and

(b) The cost of collecting information for and computation of a measure.

If regression is used, the limit shall be set at predicted nursing staff plus 1.75 regression standard errors. If another statistical method is utilized, the limit shall be set at a level corresponding to 1.75 standard errors above predicted staffing computed according to a regression procedure. A regression calculated shall be effective for the entire biennium.

(4) No facility shall receive reimbursement for nursing staff levels in excess of the limit (except that, if a facility was reimbursed for a nursing staff level in excess of the limit as of June 30, 1983, the facility may choose to continue to receive its June, 1983 nursing services rate plus changes in rates, such as adjustments for economic trends, made available to all facilities)). However, nursing staff levels established under subsection (3) of this section shall not apply to the nursing services cost center reimbursement rate only for the pilot facility especially designed to meet the needs of persons living with AIDS as defined by RCW 70.24.017 and specifically authorized for this purpose under the 1989 amendment to the Washington state health plan.

(5) The department shall select an index of cost increase relevant to the nursing and related services cost area. In the absence of a more representative index, the department shall use the medical care component index as maintained by the United States Bureau of Labor Statistics. Every two years when rates are set at the beginning of each new biennium, the department shall divide into two peer groups nursing facilities located in the state of Washington providing services to Medicaid residents: (a) Those facilities located within a metropolitan statistical area as defined and determined by the United States office of management and budget or other applicable federal office and (b) those not located in such an area. The facilities in each peer group shall then be arrayed from lowest to highest by magnitude of per patient day adjusted nursing services cost from the prior report year, regardless of whether any such adjustments are contested by the nursing facility, and the median or fiftieth percentile cost for each peer group shall be determined. Nursing services rates for facilities within each peer group for the first year of the biennium shall be set at the lower of the facility’s adjusted per patient day nursing services cost from the prior report period or the median cost for the facility's peer group plus twenty-five percent. This rate shall be reduced or inflated as authorized by RCW 74.46.420. However, the per patient day peer group median cost plus twenty-five percent limit shall not apply to the nursing services cost center reimbursement rate only for the pilot facility especially designed to meet the needs of persons living with AIDS as defined by RCW 70.24.017 and specifically authorized for this purpose under the 1989 amendment to the Washington state health plan.

(6) If a facility’s nursing staff level is below the limit specified in subsection (3) of this section, the department shall determine the percentage increase for all items included in the nursing services cost center between the facility’s most recent cost reporting period and the next prior cost reporting period.
(a) If the percentage cost increase for a facility is below the increase in the selected index for the same time period, the facility's reimbursement rate in the nursing services cost center shall equal the facility's cost from the most recent cost reporting period plus any allowance for inflation provided by legislative appropriation.

(b) If the percentage cost increase for a facility exceeds the increase in the selected index, the department shall limit the cost used for setting the facility's rate in the nursing services cost center to a level reflecting the increase in the selected index.

(7) If the facility's nursing staff level exceeds the reasonableness limit established in subsection (3) of this section, the department shall determine the increase for all items included in the nursing services cost center between the facility's most recent cost reporting period and the next prior cost reporting period.

(a) If the percentage cost increase for a facility is below the increase in the index selected pursuant to subsection (5) of this section, the facility's reimbursement rate in the nursing cost center shall equal the facility's cost from the most recent cost reporting period adjusted downward to reflect the limit on nursing staff, plus any allowance for inflation provided by legislative appropriation.

(8) Prospective rates for the nursing services cost center, for state fiscal year 1992 only, shall not be subject to the cost growth index lid in subsections (6), (6), and (7) of this section. The lid shall apply for state fiscal year 1991 rate setting and all state fiscal years subsequent to fiscal year 1992.

(9) If a nursing facility is impacted by the limit authorized in subsection (5) of this section, it shall not receive a prospective rate in nursing services for July 1, 1993, less than the same facility's prospective rate in nursing services as of June 30, 1993, adjusted by any increase in the implicit price deflator for personal consumption expenditures, IPD index, as measured over the period authorized by RCW 74.46.420(3).

(7) A nursing facility's rate in nursing services for the second year of each biennium shall be that facility's rate as of July 1 of the first year of that biennium reduced or inflated as authorized by RCW 74.46.420. The alternating procedures prescribed in this section for a facility's two July 1 nursing services rates occurring within each biennium shall be followed in the same order for each succeeding biennium.

(8) Median costs for peer groups shall be calculated initially as provided in this chapter on the basis of the most recent adjusted cost information available to the department prior to the calculation of the new rate for July 1 of the first fiscal year of each biennium, regardless of whether the adjustments are contested or subject to pending administrative or judicial review. Median costs for peer groups shall be recalculated as provided in this chapter on the basis of the most recent adjusted cost information available to the department on October 31 of the first fiscal year of each biennium, and shall apply retroactively to the prior July 1 rate, regardless of whether the adjustments are contested or subject to pending administrative or judicial review. Median costs shall not be adjusted to reflect subsequent administrative or judicial rulings, whether final or not.

(9) The department is authorized to determine on a systematic basis facilities with unmet patient care service needs. The department may increase the nursing services cost center prospective rate for a facility beyond the level determined in accordance with subsection (6) of this section if the facility's actual and reported nursing staffing is one standard error or more below the selected index.

(10) The department shall establish a method for identifying patients with exceptional care requirements and a method for establishing or negotiating on a consistent basis rates for such patients.

(11) The department, in consultation with interested parties, shall adopt rules to establish the criteria the department will use in reviewing any requests by a contractor for a prospective rate adjustment to be used to increase the number of nursing staff. These rules shall also specify the time period for submission and review of staffing requests:

(a) Increases in the acuity levels of contractors' residents determined in accordance with the department's assessment and reporting procedures and requirements utilizing the minimum data set;

(b) Staffing patterns for similar facilities in the same peer group;

(c) Physical plant of contractor; and

(d) Survey, inspection of care, and department consultation results.

Sec. 13. RCW 74.46.490 and 1983 1st ex.s. c 67 s 25 are each amended to read as follows:
(1) The food cost center shall include for reporting purposes all costs for bulk and raw food and beverages purchased for the dietary needs of medical care recipients.

(2) [(Reimbursement for the food cost center shall be at the January 1, 1983, reimbursement rate, adjusted annually for inflation.)] Every two years when rates are set at the beginning of each new biennium, the department shall divide into two peer groups nursing facilities located in the state of Washington providing services to medicaid residents: (a) Those facilities located within a metropolitan statistical area as defined and determined by the United States office of management and budget or other applicable federal office and (b) those not located in such an area. The facilities in each peer group shall then be arrayed from lowest to highest by magnitude of per patient day adjusted food cost from the prior report year, regardless of whether any such adjustments are contested by the nursing facility, and the median or fiftieth percentile cost for each peer group shall be determined. Food rates for facilities within each peer group for the first year of the biennium shall be set at the lower of the facility's adjusted per patient day food cost from the prior report period or the median cost for the facility's peer group plus twenty-five percent. This rate shall be reduced or inflated as authorized by RCW 74.46.420.

(3) A nursing facility's food rate for the second year of each biennium shall be that facility's rate as of July 1 of the first year of that biennium reduced or inflated as authorized by RCW 74.46.420. The alternating procedures prescribed in this section for a facility's two July 1 food rates occurring within each biennium shall be followed in the same order for each succeeding biennium.

(4) Median costs for peer groups shall be calculated initially as provided in this chapter on the basis of the most recent adjusted cost information available to the department prior to the calculation of the new rate for July 1 of the first fiscal year of each biennium, regardless of whether the adjustments are contested or subject to pending administrative or judicial review. Median costs for peer groups shall be recalculated as provided in this chapter on the basis of the most recent adjusted cost information available to the department on October 31 of the first fiscal year of each biennium, and shall apply retroactively to the prior July 1 rate, regardless of whether the adjustments are contested or subject to pending administrative or judicial review. Median costs shall not be adjusted to reflect subsequent administrative or judicial rulings, whether final or not.

Sec. 14. RCW 74.46.500 and 1992 c 182 s 1 are each amended to read as follows:

(1) The (administration and operations) administrative cost center shall include (all items not included in the cost centers of nursing services, food, and property.

(2) Subject to subsection (4) of this section, the administration and operations cost center reimbursement rate for each facility shall be based on the computation in this subsection and shall not exceed the eighty-fifth percentile of (a) the rates of all reporting facilities derived from the computation below, or (b) reporting facilities grouped in accordance with subsection (3) of this section:

\[
AR = \frac{TAC}{TPD},
\]

Where

- \( AR \) = the administration and operations cost center reimbursement rate for a facility;
- \( TAC \) = the total costs of the administration and operations cost center plus the retained savings from such cost center as provided in RCW 74.46.180 of a facility; and
- \( TPD \) = the total patient days for a facility for the prior year.

(3) The secretary may group facilities based on factors which could reasonably influence cost requirements of this cost center, other than ownership or legal organization characteristics.

(4) In applying the eighty-fifth percentile reimbursement limit authorized by subsection (2) of this section to the pilot facility specially designed to meet the needs of persons living with AIDS as defined by RCW 70.24.017, and specifically authorized for this purpose under the 1989 amendment to the Washington state health plan, the department shall exempt the cost of nursing supplies reported by the pilot facility in excess of the average of nursing supplies cost for medicaid nursing facilities state-wide) for cost reporting purposes all administrative, oversight, and management costs whether facility on-site or allocated in accordance with a department-approved joint-cost allocation methodology. Such costs shall be identical to the cost report line item costs categorized under "general and administrative" in the "administration and operations" combined cost center existing prior to January 1, 1993, except for nursing supplies and purchased medical records.

(2) Every two years when rates are set at the beginning of each new biennium, the department shall divide into two peer groups nursing facilities located in the state of Washington providing services to medicaid residents: (a) Those facilities located within a metropolitan statistical area as defined and determined by the United States office of management and budget or other applicable federal office and (b) those not located in such an area. The facilities in each peer group shall then be arrayed from lowest to highest by magnitude of per patient day adjusted administrative cost from the prior report year, regardless of whether any such adjustments are contested by the nursing facility, and the median or fiftieth percentile cost for each peer group shall be determined. Administrative rates for facilities within each peer group for the first year of the biennium shall be set at the lower of the facility's adjusted per patient day administrative cost from the prior report period or the median cost for the facility's peer group plus ten percent. This rate shall be reduced or inflated as authorized by RCW 74.46.420.
(3) A nursing facility's administrative rate for the second year of each biennium shall be that facility's rate as of July 1 of the first year of that biennium reduced or inflated as authorized by RCW 74.46.420. The alternating procedures prescribed in this section for a facility's two July 1 administrative rates occurring within each biennium shall be followed in the same order for each succeeding biennium.

(4) Median costs for peer groups shall be calculated initially as provided in this chapter on the basis of the most recent adjusted cost information available to the department prior to the calculation of the new rate for July 1 of the first fiscal year of each biennium, regardless of whether the adjustments are contested or subject to pending administrative or judicial review. Median costs for peer groups shall be recalculated as provided in this chapter on the basis of the most recent adjusted cost information available to the department on October 31 of the first fiscal year of each biennium, and shall apply retroactively to the prior July 1 rate, regardless of whether the adjustments are contested or subject to pending administrative or judicial review. Median costs shall not be adjusted to reflect subsequent administrative or judicial rulings, whether final or not.

NEW SECTION. Sec. 15. A new section is added to chapter 74.46 RCW to read as follows:

(1) The operational cost center shall include for cost reporting purposes all allowable costs of the daily operation of the facility not included in nursing services and related care, food, administrative, or property costs, whether such costs are facility onsite or allocated in accordance with a department-approved joint-cost allocation methodology.

(2) Every two years when rates are set at the beginning of each new biennium, the department shall divide into two peer groups nursing facilities located in the state of Washington providing services to medicaid residents: (a) Those facilities located within a metropolitan statistical area as defined and determined by the United States office of management and budget or other applicable federal office and (b) those not located in such an area. The facilities in each peer group shall then be arrayed from lowest to highest by magnitude of per patient day adjusted operational cost from the prior report year, regardless of whether any such adjustments are contested by the nursing facility, and the median or fiftieth percentile cost for each peer group shall be determined. Operational rates for facilities within each peer group for the first year of the biennium shall be set at the lower of the facility's adjusted per patient day operational cost from the prior report period or the median cost for the facility's peer group plus twenty-five percent. This rate shall be reduced or inflated as authorized by RCW 74.46.420.

(3) A nursing facility's operational rate for the second year of each biennium shall be that facility's rate as of July 1 of the first year of that biennium reduced or inflated as authorized by RCW 74.46.420. The alternating procedures prescribed in this section for a facility's two July 1 operational rates occurring within each biennium shall be followed in the same order for each succeeding biennium.

(4) Median costs for peer groups shall be calculated initially as provided in this chapter on the basis of the most recent adjusted cost information available to the department prior to the calculation of the new rate for July 1 of the first fiscal year of each biennium, regardless of whether the adjustments are contested or subject to pending administrative or judicial review. Median costs for peer groups shall be recalculated as provided in this chapter on the basis of the most recent adjusted cost information available to the department on October 31 of the first fiscal year of each biennium, and shall apply retroactively to the prior July 1 rate, regardless of whether the adjustments are contested or subject to pending administrative or judicial review. Median costs shall not be adjusted to reflect subsequent administrative or judicial rulings, whether final or not.

Sec. 16. RCW 74.46.510 and 1980 c 177 s 51 are each amended to read as follows:

(1) The property cost center rate for each facility shall be determined by dividing the sum of the reported allowable prior period actual depreciation ((costs)), subject to RCW 74.46.310 through 74.46.380, adjusted for any capitalized additions or replacements approved by the department, and the retained savings from such cost center, as provided in RCW 74.46.180, by the total patient days for the facility in the prior period. If a capitalized addition or retirement of an asset will result in a different licensed bed capacity during the ensuing period, the prior period total patient days used in computing the property cost center rate shall be adjusted to anticipated patient day level.

(2) A nursing facility's property rate shall be rebased annually, effective July 1, in accordance with this section regardless of whether the rate is for the first or second year of the biennium.

(3) When a certificate of need for a new facility is requested, the department, in reaching its decision, shall take into consideration per-bed land and building construction costs for the facility which shall not exceed a maximum to be established by the secretary.

Sec. 17. RCW 74.46.530 and 1991 sp.s. c 8 s 17 are each amended to read as follows:

(1) The department shall establish for (individual facilities) each medicaid nursing facility a return on investment (allowances) rate composed of two parts: A financing allowance and a variable return allowance. A facility's return on investment rate shall be rebased annually, effective July 1, in accordance with this section, regardless of whether the rate is for the first or second year of the biennium.

(a) The financing allowance shall be determined by multiplying the net invested funds of each facility by .10, and dividing by the contractor's total patient days from the most recent cost report period. If a capitalized addition or retirement of an asset will
result in a different licensed bed capacity during the ensuing period, the prior period total patient days used in computing the financing and variable return allowances shall be adjusted to the anticipated patient day level.

(b) In computing the portion of net invested funds representing the net book value of tangible fixed assets, the same assets, depreciation bases, lives, and methods referred to in RCW 74.46.330, 74.46.350, 74.46.360, 74.46.370, and 74.46.380, including owned and leased assets, shall be utilized, except that the capitalized cost of land upon which the facility is located and such other contiguous land which is reasonable and necessary for use in the regular course of providing patient care shall also be included. Subject to provisions and limitations contained in this chapter, for land purchased by owners or lessors before July 18, 1984, capitalized cost of land shall be the buyer's capitalized cost. For all partial or whole rate periods after July 17, 1984, if the land is purchased after July 17, 1984, capitalized cost shall be that of the owner of record on July 17, 1984, or buyer's capitalized cost, whichever is lower. In the case of leased facilities where the net invested funds are unknown or the contractor is unable to provide necessary information to determine net invested funds, the secretary shall have the authority to determine an amount for net invested funds based on an appraisal conducted according to RCW 74.46.360(1).

(c) In determining the variable return allowance:

(i) Every two years at the start of each new biennium, the department, without utilizing peer groups, will first rank all facilities in numerical order from highest to lowest according to their (average per diem) per patient day adjusted allowable costs for (the sum of the administration and operations and property cost centers) nursing services, food, administrative, and operational costs combined for the previous cost report period.

(ii) The department shall then compute the variable return allowance by multiplying the appropriate percentage amounts, which shall not be less than one percent and not greater than four percent, by the (total prospective rate for each facility, as determined in RCW 74.46.450 through 74.46.510) sum of the facility's nursing services, food, administrative, and operational rate components. The percentage amounts will be based on groupings of facilities according to the rankings (as established) prescribed in (i) of this subsection (1)(c). The percentages calculated and assigned will remain the same for the next variable return allowance paid in the second year of the biennium. Those groups of facilities with lower per diem costs shall receive higher percentage amounts than those with higher per diem costs.

(d) The sum of the financing allowance and the variable return allowance shall be the return on investment rate for each facility, and shall be added to the prospective rates of each contractor as determined in RCW 74.46.450 through 74.46.510.

(e) In the case of a facility which was leased by the contractor as of January 1, 1980, in an arm's-length agreement, which continues to be leased under the same lease agreement, and for which the annualized lease payment, plus any interest and depreciation expenses associated with contractor-owned assets, for the period covered by the prospective rates, divided by the contractor's total patient days, minus the property cost center determined according to RCW 74.46.510, is more than the return on investment (allowance) rate determined according to subsection (1)(d) of this section, the following shall apply:

(i) The financing allowance shall be recomputed substituting the fair market value of the assets as of January 1, 1982, as determined by the department of general administration through an appraisal procedure, less accumulated depreciation on the lessor's assets since January 1, 1982, for the net book value of the assets in determining net invested funds for the facility. A determination by the department of general administration of fair market value shall be final unless the procedure used to make such determination is shown to be arbitrary and capricious.

(ii) The sum of the financing allowance computed under subsection (1)(e)(ii) of this section and the variable allowance shall be compared to the annualized lease payment, plus any interest and depreciation (expenses) associated with contractor-owned assets, for the period covered by the prospective rates, divided by the contractor's total patient days, minus the property cost center rate determined according to RCW 74.46.510. The lesser of the two amounts shall be called the alternate return on investment (allowance) rate.

(iii) The return on investment (allowance) rate determined according to subsection (1)(d) of this section or the alternate return on investment (allowance) rate, whichever is greater, shall be the return on investment (allowance) rate for the facility and shall be added to the prospective rates of the contractor as determined in RCW 74.46.450 through 74.46.510.

(f) In the case of a facility which was leased by the contractor as of January 1, 1980, in an arm's-length agreement, if the lease is renewed or extended pursuant to a provision of the lease, the treatment provided in subsection (1)(e) of this section shall be applied except that in the case of renewals or extensions made subsequent to April 1, 1985, reimbursement for the annualized lease payment shall be no greater than the reimbursement for the annualized lease payment for the last year prior to the renewal or extension of the lease.

(2) (i) In the event that the department of health and human services disallows the application of the return on investment allowances to nonprofit facilities, the department shall modify the measurements of net invested funds used for computing individual facility return on investment allowances as follows: Net invested funds for each nonprofit facility shall be multiplied by one minus the ratio of equity funds to the net invested funds of all nonprofit facilities.
(3) Each biennium, beginning in 1985, the secretary shall review the adequacy of return on investment (allowances) in relation to anticipated requirements for maintaining, reducing, or expanding nursing care capacity. The secretary shall report the results of such review to the legislature and make recommendations for adjustments in the return on investment rates utilized in this section, if appropriate.

NEW SECTION. Sec. 18. By November 15, 1994, the legislative budget committee shall complete a study of the nursing home reimbursement system. The study shall include an assessment of the financial stability of the nursing home industry, to the extent sufficient information is available from the industry and other sources to make such an assessment; an evaluation of the adequacy of the nursing home reimbursement system for promoting cost-effective, quality care; and, if appropriate, recommendations for improving the reimbursement system's capacity to promote sufficient availability of efficient and quality care. In conducting the study, the legislative budget committee shall consult with the nursing home industry, consumer groups, health care professionals, and the department of social and health services.

NEW SECTION. Sec. 19. The following acts or parts of acts are each repealed:
(1) RCW 74.46.260 and 1980 c 177 s 26; and
(2) RCW 74.46.495 and 1983 1st ex.s. c 67 s 26.

NEW SECTION. Sec. 20. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect July 1, 1993."

(5) Insurance benefit allocations shall be calculated at the rates specified in section 504 of this act, based on:

(a) The number of certificated staff units determined in subsection (2) of this section; and

(b) The number of classified staff units determined in subsection (3) of this section multiplied by 1.152. This factor is intended to adjust allocations so that, for the purposes of distributing insurance benefits, full time equivalent classified employees may be calculated on the basis of 1440 hours of work per year, with no individual employee counted as more than one full time equivalent.
(6)(a) For nonemployee-related costs associated with each certificated staff unit allocated under subsection (2) (a), (b),
and (d) through (h) of this section, there shall be provided a maximum of $7,251 per certificated staff unit in the 1993-94 school year
and a maximum of $7,468 per certificated staff unit in the 1994-95 school year.

(7) Allocations for substitute costs for classroom teachers shall be distributed at a maximum rate of $341 for the 1993-94
school year and $341 per year for the 1994-95 school year for allocated classroom teachers. Solely for the purposes of this
subsection, allocated classroom teachers shall be equal to the number of certificated instructional staff units allocated under
subsection (2) of this section, multiplied by the ratio between the number of actual basic education certificated teachers and the
number of actual basic education certificated instructional staff reported state-wide for the 1992-93 school year.

(8) Any school district board of directors may petition the superintendent of public instruction by submission of a resolution
adopted in a public meeting to reduce or delay any portion of its basic education allocation for any school year. The superintendent
of public instruction shall approve such reduction or delay if it does not impair the district's financial condition. Any delay shall not be
for more than two school years. Any reduction or delay shall have no impact on levy authority pursuant to RCW 84.52.0531 and
local effort assistance pursuant to chapter 28A.500 RCW.

(9) The superintendent may distribute a maximum of $4,945,000 outside the basic education formula during fiscal years

chapter 52.04 RCW, a maximum of $409,000 may be expended in fiscal year 1994 and a maximum of $410,000 may be expended
in fiscal year 1995.

(b) For summer vocational programs at skills centers, a maximum of $1,905,000 may be expended in fiscal year 1994 and
a maximum of $1,924,000 may be expended in fiscal year 1995.

(c) A maximum of $297,000 may be expended for school district emergencies.

(10) For the purposes of RCW 84.52.0531, the increase per full time equivalent student in state basic education
appropriations provided under this act, including appropriations for salary and benefits increases, is 1.0 percent from the 1992-93
school year to the 1993-94 school year, and 1.0 percent from the 1993-94 school year to the 1994-95 school year.

(11) If two or more school districts consolidate and each district was receiving additional basic education formula staff
units pursuant to subsection (2) (b) through (h) of this section, the following shall apply:

(a) For three school years following consolidation, the number of basic education formula staff units shall not be less than
the number of basic education formula staff units received by the districts in the school year prior to the consolidation; and

(b) For the fourth through eighth school years following consolidation, the difference between the basic education formula
staff units received by the districts for the school year prior to consolidation and the basic education formula staff units after
consolidation pursuant to subsection (2) (a) through (h) of this section shall be reduced in increments of twenty percent per year.

education certificated instructional staff in that school year, computed using LEAP Document 1A.

(b) Salary allocations for certificated administrative staff units and classified staff units for each district shall be based on
the district's certificated administrative and classified salary allocation amounts shown on LEAP Document 12B.

(2) For the purposes of this section:

instructional staff according to education and years of experience, as developed by the legislative evaluation and accountability
program committee on April 8, 1991, at 13:35 hours.

(c) "LEAP Document 12B" means the computerized tabulation of 1992-93, 1993-94, and 1994-95 school year salary
allocations for basic education certificated administrative staff and basic education classified staff and derived base salaries for
basic education certificated instructional staff as developed by the legislative evaluation and accountability program committee on
April 5, 1993, at 04:19 hours.

(3)(a) Pursuant to RCW 28A.150.410, the following state-wide salary allocation schedules for certificated instructional staff

Temporary services and fees may be negotiated by the small business export finance assistance center's president subject to approval of the board of directors. The president of the small business export finance assistance center may enter into negotiations with neighboring states to contract for delivery of the project's services. Final contracts for providing the project's counseling and services outside of the state of Washington on a permanent basis shall be subject to approval of the governor, appropriate legislative oversight committees, and the small business export finance assistance center's board of directors.

POINT OF ORDER

Senator West: "A point of order, Mr. President. I would ask you to rule as to whether or not this issue is properly before us. The twenty-four hours has not passed since it has been placed upon our desks."

REPLY BY THE PRESIDENT

President Pritchard: "Senator West is correct that it is not twenty-four hours."

Senator West: "So, therefore, Mr. President, if this is not properly before us, we cannot consider it at this time."

President Pritchard: "That is not true, Senator West. I stand corrected. You are correct, sir. At this time, it is not within our rules. At this point, we will have to suspend work on this measure."

MOTION

At 12:45 a.m., on motion of Senator Jesernig, the Senate was declared to be at ease.

The Senate was called to order at 12:55 a.m. by President Pritchard.

MESSAGE FROM THE HOUSE

May 6, 1993

MR. PRESIDENT:

The House has adopted HOUSE CONCURRENT RESOLUTION NO. 4422, and the same is herewith transmitted.

ALAN THOMPSON, Chief Clerk

MOTION

On motion of Senator Jesernig, the Senate advanced to the fifth order of business.

INTRODUCTION AND FIRST READING OF HOUSE BILL

HCR 4422 by Representative Peery

Amending the joint rules.

MOTION

Senator Jesernig moved that House Concurrent Resolution No. 4422 be adopted.

PARLIAMENTARY INQUIRY

Senator Nelson: "A parliamentary inquiry, Mr. President. Are we on introduction of resolutions? Have we advanced the bill for consideration by the body?"

REPLY BY THE PRESIDENT

President Pritchard: "We're on the fifth order of business--short titles and referrals."
 Senator Nelson: “As a parliamentary inquiry, how many votes does it require to advance the bill for consideration by the entire body?”

President Pritchard: “Concurrent resolutions pass by a majority vote.”

Senator Nelson: “It follows the course of a bill?”

President Pritchard: “What’s that?”

Senator Nelson: “Does it not follow the course of a bill?”

President Pritchard: “Concurrent resolutions authorizing investigations and authorizing the expenditure or allocation of any money must be adopted by roll call and the yeas and nays recorded in the Journal. Concurrent resolutions are subject to final passage on the day of the first reading without regard to Senate Rule 62. Senator Jesernig, did you move to advance the bill? To adopt it? I’m not sure that you can do that.”

PARLIAMENTARY INQUIRY

Senator Nelson: “Mr. President, this is a parliamentary inquiry again. I believe that the President was going to read Rule 59 regarding that Concurrent Resolutions shall be subject to the rules governing the course of bills and may be adopted without a roll call.”

REPLY BY THE PRESIDENT

President Pritchard: “And are not subject to Rule 62.”

Senator Nelson: “Mr. President, I believe that you will find in the rules that every concurrent resolution is subject to the same tracking as a bill and are subject to amendments on second reading and not to be bi-passed for a final roll call until such a procedure is permitted.”

MOTION

On motion of Senator Jesernig, the rules were suspended and House Concurrent Resolution No. 4422 was advanced to second reading and read the second time.

MOTION

Senator West moved that the following amendment be adopted:
On page 2, line 2 after "May 6, 1993," insert "conference reports that have been signed by five or more members may be considered before twenty-four hours have elapsed if approved"

MOTION

Senator Jesernig moved that the amendment by Senator West on page 2, line 2, to House Concurrent Resolution No. 4422 be laid on the table.

Senator Nelson demanded a roll call and the demand was sustained.

The President declared the question before the Senate to be the roll call on the motion by Senator Jesernig to table the amendment by Senator West on page 2, line 2, to House Concurrent Resolution No. 4422.

ROLL CALL

The Secretary called the roll and the amendment was tabled by the following vote: Yeas, 28; Nays, 20; Absent, 0; Excused, 1.

Excused: Senator Newhouse - 1.
PERSONAL PRIVILEGE

Senator West: “A point of personal privilege, Mr. President. This body is a body built on trust and a body built on respect. We’re sent here with the trust of the people; we’re here to respect the opinions of others; we’re here to debate; we’re here to lay on the table issues—not to lay on the table—but, I mean, discuss the issues—debate issues. The broad range of debate should be open; it should be available to all. The action that this body just took violates—”

POINT OF ORDER

Senator Snyder: “A point of order, Mr. President. I don’t believe that Senator West is discussing a point of personal privilege. He is debating the issue that has just been laid on the table. Therefore, I think his remarks are out of order.”

FURTHER REMARKS BY SENATOR WEST

Senator West: “Mr. President, I think my offense at the action of the Senate is personal privilege. I think that I have been offended by the actions of this body and I think I have a right to express that offense.”

REPLY BY PRESIDENT PRITCHARD

President Pritchard: “Do you feel you have expressed it?”

FURTHER REMARKS BY SENATOR WEST

Senator West: “I think that this Senate should be ashamed of itself for denying this body the opportunity to debate any amendment placed before it. We have never, in the past, with the exception of one other time this year while the control of this Legislature has been in the hands of the Democrats, have we ever laid upon the table, issues such as this. I am offended and I think the people of the state of Washington should be offended and you should be ashamed of yourself for doing it.”

PERSONAL PRIVILEGE

Senator Snyder: “I think I should raise or rise or something here to a point of personal privilege. I am not ashamed, a damned bit ashamed, of what is going on here tonight. You people should be ashamed. Our majority leader went over and talked to your leader. He was told that the only thing that you would enforce the twenty-four hour rule on, was the tax package. That is all I am going to say.”

MOTION

On motion of Senator Jesernig, the rules were suspended, House Concurrent Resolution No. 4422 was advanced to third reading, the second reading considered the third and the bill was placed on final passage.

(2)(a) Any person claiming exemption from retail sales tax under the provisions of this section must display proof of his or her current nonresident status as herein provided.
(b) Acceptable proof of a nonresident person's status shall include two pieces of identification: (i) A valid driver's license from the jurisdiction in which the out-of-state residency is claimed or a valid identification card which has a photograph of the holder and is issued by the out-of-state jurisdiction and (ii) a credit card, checks, or other reliable identification. Identification under (i) of this subsection (2)(b) must show the holder's residential address and have as one of its legal purposes the establishment of residency in that out-of-state jurisdiction.

(3) Nothing in this section requires the vendor to make tax exempt retail sales to nonresidents. A vendor may choose to make sales to nonresidents, collect the sales tax, and remit the amount of sales tax collected to the state as otherwise provided by law. If the vendor chooses to make a sale to a nonresident without collecting the sales tax, the vendor shall, in good faith, examine the proof of nonresidence, determine whether the proof is acceptable under subsection (2)(b) of this section, and maintain records for each nontaxable sale which shall show the type of proof accepted, including any identification numbers where appropriate, and the expiration date, if any.

In addition, both the purchaser and the vendor shall be liable for any penalties and interest assessable under chapter 82.32 RCW.

NEW SECTION. Sec. 307. FINDING—PRESCRIPTION DRUGS. The legislature finds that prevention is a significant element in the reduction of health care costs. The legislature further finds that taxing some physician prescriptions and not others is unfair to patients. It is, therefore, the intent of the legislature to remove the taxes from prescriptions issued for family planning purposes.

Sec. 308. RCW 82.08.0281 and 1980 c 37 s 46 are each amended to read as follows:

(a) Contain information sufficient for the director to determine if the criteria established in section 402 of this act have been met.

(b) Be submitted on behalf of the local government by its chief elected official, or, if none, by the governing body of the local government.

(c) Contain a five-year neighborhood reinvestment plan that describes the proposed designated neighborhood reinvestment area's community development needs and present a strategy for meeting those needs. The plan shall address the following categories: Housing needs; public infrastructure needs, such as transportation, water, sanitation, energy, and drainage/flood control; other public facilities needs, such as neighborhood facilities or facilities for provision of health, education, recreation, public safety, or other services; community economic development needs, such as commercial/industrial revitalization, job creation and retention considering the unemployment and underemployment of area residents, accessibility to financial resources by area residents and businesses, investment within the area, or other related components of community economic development; and social service needs.

The local government is required to provide a description of its strategy for meeting the needs identified in this subsection (1)(c). As part of the strategy, the local government is required to identify the needs for which specific plans are currently in place and the source of funds expected to be used. For the balance of the area's needs, the local government must identify the source of funds expected to become available during the next two-year period and actions the local government will take to acquire those funds.

(d) Certify that neighborhood residents were given the opportunity to participate in the development of the five-year neighborhood reinvestment strategy required under (c) of this subsection.

**NEW SECTION, Sec. 402.** A new section is added to chapter 43.63A RCW to read as follows:

**NEIGHBORHOOD REINVESTMENT AREA—REQUIREMENTS.** (1) The director may not designate an area as a designated neighborhood reinvestment area unless that area meets the following requirements:

(b) The area must have at least fifty-one percent of the households in the area with incomes at or below eighty percent of the county’s median income, adjusted for household size;

(d) A five-year neighborhood reinvestment plan for the area that meets the requirements of section 401(1)(c) of this act and as further defined by the director must be adopted.

(2) The director may establish, by rule, such other requirements as the director may reasonably determine necessary and appropriate to assure that the purposes of this section are satisfied.

(3) In determining if an area meets the requirements of this section, the director may consider data provided by the United States bureau of the census from the most recent census or any other reliable data that the director determines to be acceptable for the purposes for which the data is used.

The department of revenue shall adopt standards by rule to determine when persons are acting in concert. In adopting a rule for this purpose, the department shall consider the following:

(a) Persons shall be treated as acting in concert when they have a relationship with each other such that one person influences or controls the actions of another through common ownership; and

(b) When persons are not commonly owned or controlled, they shall be treated as acting in concert only when the unity with which the purchasers have negotiated and will consummate the transfer of ownership interests supports a finding that they are acting as a single entity. If the acquisitions are completely independent, with each purchaser buying without regard to the identity of the other purchasers, then the acquisitions shall be considered separate acquisitions.

(3) The term "sale" shall not include:

(a) A transfer by gift, devise, or inheritance;

(b) A transfer of any leasehold interest other than of the type mentioned above;

(c) A cancellation or forfeiture of a vendee's interest in a contract for the sale of real property, whether or not such contract contains a forfeiture clause, or deed in lieu of foreclosure of a mortgage or the assumption by a grantee of the balance owing on
an obligation which is secured by a mortgage or deed in lieu of forfeiture of the vendee's interest in a contract of sale where no consideration passes otherwise or)

(d) The partition of property by tenants in common by agreement or as the result of a court decree((any transfer, conveyance, or)

(g) Transfers by appropriation or decree in condemnation proceedings brought by the United States, the state or any political subdivision thereof, or a municipal corporation((j));

(h) A mortgage or other transfer of an interest in real property merely to secure a debt, or the assignment thereof((k));

(j) A conveyance to the federal housing administration or veterans administration by an authorized mortgagee made pursuant to a contract of insurance or guaranty with the federal housing administration or veterans administration((m));

(l) The sale of any grave or lot in an established cemetery((o));

(m) A sale by ((or-to)) the United States, this state or any political subdivision thereof, or a municipal corporation of this state.

(The term sale shall further not include) (n) A transfer of real property, however effected, if it consists of a mere change in identity or form of ownership of an entity where there is no change in the beneficial ownership. These include transfers to a corporation or partnership which is wholly owned by the transferor and/or the transferor's spouse or children: PROVIDED, That if thereafter such transferee corporation or partnership voluntarily transfers such real property, or such transferee, spouse, or children voluntarily transfer stock in the transferee corporation or interest in the transferee partnership capital, as the case may be, to other than (1) the transferor and/or the transferor's spouse or children, (2) a trust having the transferor and/or the transferor's spouse or children as the only beneficiaries at the time of the transfer to the trust, or (3) a corporation or partnership wholly owned by the original transferor and/or the transferor's spouse or children, within ((three)) three years of the original transfer to which this exemption applies, and the tax on the subsequent transfer has not been paid within sixty days of becoming due, excise taxes shall become due and payable on the original transfer as otherwise provided by law.

SELLING PRICE—DEFINED. (1) As used in this chapter, the term "selling price" means the ((consideration, including)) true and fair value of the property conveyed. If property has been conveyed in an arm's length transaction between unrelated persons for a valuable consideration, a rebuttable presumption exists that the selling price is equal to the total consideration paid or contracted to be paid to the transferor, or to another for the transferor's benefit.

(2) If the sale is a transfer of a controlling interest in an entity with an interest in real property located in this state, the selling price shall be the true and fair value of the real property owned by the entity and located in this state. If the true and fair value of the real property located in this state cannot reasonably be determined, the selling price shall be determined according to subsection (4) of this section.

(3) As used in this section, "total consideration paid or contracted to be paid" includes money or anything of value, paid or delivered or contracted to be paid or delivered in return for the ((transfer of the real property or estate or interest in real property)) sale, and shall include the amount of any lien, mortgage, contract indebtedness, or other incumbrance, either given to secure the purchase price, or any part thereof, or remaining unpaid on such property at the time of sale.

(Total consideration shall not include the amount of any outstanding lien or incumbrance in favor of the United States, the state, or a municipal corporation for ((taxes)) taxes, special benefits, or improvements.

(4) If the total consideration for the sale cannot be ascertained or the true and fair value of the property to be valued at the time of the sale cannot reasonably be determined, the market value assessment for the property maintained on the county property tax rolls at the time of the sale shall be used as the selling price.

Sec. 504. RCW 82.45.032 and 1986 c 211 s 1 are each amended to read as follows:
REAL ESTATE--REAL PROPERTY--DEFINED. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Real estate" or "real property" means ((real property but includes)) any interest, estate, or beneficial interest in land or anything affixed to land, including the ownership interest or beneficial interest in any entity which itself owns land or anything affixed to land. The term includes used mobile homes ((and)), used floating homes, and improvements constructed upon leased land.

(2) "Used mobile home" means a mobile home which has been previously sold at retail and has been subjected to tax under chapter 82.08 RCW, or which has been previously used and has been subjected to tax under chapter 82.12 RCW, and which has substantially lost its identity as a mobile unit at the time of sale by virtue of its being fixed in location upon land owned or leased by the owner of the mobile home and placed on a foundation (posts or blocks) with fixed pipe connections with sewer, water, and other utilities.

(3) "Mobile home" means a mobile home as defined by RCW 46.04.302, as now or hereafter amended.

(4) "Used floating home" means a floating home in respect to which tax has been paid under chapter 82.08 or 82.12 RCW.

(5) "Floating home" means a building on a float used in whole or in part for human habitation as a single-family dwelling, which is not designed for self propulsion by mechanical means or for propulsion by means of wind, and which is on the property tax rolls of the county in which it is located.

CONTROLLING INTEREST--DEFINED. As used in this chapter, the term "controlling interest" has the following meaning:

(2) In the case of a partnership, association, trust, or other entity, fifty percent or more of the capital, profits, or beneficial interest in such partnership, association, trust, or other entity.

Sec. 506. RCW 82.45.090 and 1991 c 327 s 6 are each amended to read as follows:

SALE OF BENEFICIAL INTEREST IN REAL PROPERTY--NO RECORDED INSTRUMENT. (1) Except for a sale of a beneficial interest in real property where no instrument evidencing the sale is recorded in the official real property records of the county in which the property is located, the tax imposed by this chapter shall be paid to and collected by the treasurer of the county within which is located the real property which was sold((said)). In collecting the tax the treasurer ((acting)) shall act as agent for the state. The county treasurer shall cause a stamp evidencing satisfaction of the lien to be affixed to the instrument of sale or conveyance prior to its recording or to the real estate excise tax affidavit in the case of used mobile home sales and used floating home sales. A receipt issued by the county treasurer for the payment of the tax imposed under this chapter shall be evidence of the satisfaction of the lien imposed hereunder and may be recorded in the manner prescribed for recording satisfactions of mortgages. No instrument of sale or conveyance evidencing a sale subject to the tax shall be accepted by the county auditor for filing or recording until the tax shall have been paid and the stamp affixed thereto; in case the tax is not due on the transfer, the instrument shall not be so accepted until suitable notation of such fact has been made on the instrument by the treasurer.

(2) For a sale of a beneficial interest in real property where a tax is due under this chapter and where no instrument is recorded in the official real property records of the county in which the property is located, the sale shall be reported to the department of revenue within five days from the date of the sale on such returns or forms and according to such procedures as the department may prescribe. Such forms or returns shall be signed by both the transferor and the transferee and shall be accompanied by payment of the tax due. Any person who intentionally makes a false statement on any return or form required to be filed with the department under this chapter shall be guilty of perjury.

Sec. 507. RCW 82.45.100 and 1988 c 286 s 5 are each amended to read as follows:

LIABILITY FOR TAX NOT RECEIVED--EXCEPTIONS. (1) The tax imposed under this chapter is due and payable immediately at the time of sale, and if not paid within thirty days thereafter shall bear interest at the rate of one percent per month from the time of sale until the date of payment.

(2) In addition to the interest described in subsection (1) of this section, if the payment of any tax is not received by the county treasurer or the department of revenue, as the case may be, within thirty days of the date due, there shall be assessed a penalty of five percent of the amount of the tax; if the tax is not received within sixty days of the date due, there shall be assessed a total penalty of ten percent of the amount of the tax; and if the tax is not received within ninety days of the date due, there shall be assessed a total penalty of twenty percent of the amount of the tax. The payment of the penalty described in this subsection shall be collectible from the seller only, and RCW 82.45.070 does not apply to the penalties described in this subsection.

(3) If the tax imposed under this chapter is not received by the due date, the transferee shall be personally liable for the tax, along with any interest as provided in subsection (1) of this section, unless:

(a) An instrument evidencing the sale is recorded in the official real property records of the county in which the property conveyed is located; or
(b) Either the transferor or transferee notifies the department of revenue in writing of the occurrence of the sale within thirty days following the date of the sale.

(4) If upon examination of any affidavits or from other information obtained by the department or its agents it appears that all or a portion of the tax is unpaid, the department shall assess against the taxpayer the additional amount found to be due plus interest and penalties as provided in subsections (1) and (2) of this section. If the department finds that all or any part of the deficiency resulted from an intent to evade the tax payable under this chapter, an additional penalty of fifty percent of the additional tax found to be due shall be added.

((45)) (5) No assessment or refund may be made by the department more than four years after the date of sale except upon a showing of:

(a) Fraud or ((44)) misrepresentation of a material fact by the taxpayer ((44));

(b) A failure by the taxpayer to record documentation of a sale or otherwise report the sale to the county treasurer; or

(c) A failure of the transferee to report the sale under RCW 82.45.090(2).

(5) Penalties collected pursuant to subsection (2) of this section shall be deposited in the housing trust fund as described in chapter 43.185 RCW.

(2) If a seller does not receive a resale certificate at the time of the sale, have a resale certificate on file at the time of the sale, or obtain a resale certificate from the buyer within a reasonable time after the sale, the seller shall remain liable for the tax as provided in RCW 82.08.050, unless the seller can demonstrate facts and circumstances according to rules adopted by the department of revenue that show the sale was properly made without payment of sales tax.

(3) Resale certificates shall be valid for a period of four years from the date the certificate is provided to the seller.
(4) The department may provide by rule for suggested forms for resale certificates or equivalent documents containing the information that will be accepted as resale certificates. The department shall provide by rule the categories of items or services that must be specified on resale certificates and the business classifications that may use a blanket resale certificate.

(h) The name of the individual authorized to sign the certificate, printed in a legible fashion;
(i) The signature of the authorized individual; and
(j) The name of the seller.

NEW SECTION, Sec. 702. A new section is added to chapter 82.08 RCW to read as follows:

RE SALE CERTIFICATE--PURCHASE AND RESALE. If a buyer normally is engaged in both consuming and reselling certain types of articles of tangible personal property and is not able to determine at the time of purchase whether the particular property acquired will be consumed or resold, the buyer may use a resale certificate for the entire purchase if the buyer principally resells the articles according to the general nature of the buyer's business. The buyer shall account for the value of any articles purchased with a resale certificate that are used by the buyer and remit the sales tax on the articles to the department.

A buyer who pays a tax on all purchases and subsequently resells an article at retail, without intervening use by the buyer, shall collect the tax from the purchaser as otherwise provided by law and is entitled to a deduction on the buyer's tax return equal to the cost to the buyer of the property resold upon which retail sales tax has been paid. The deduction is allowed only if the taxpayer keeps and preserves records that show the names of the persons from whom the articles were purchased, the date of the purchase, the type of articles, the amount of the purchase, and the tax that was paid. The department shall provide by rule for the refund or credit of retail sales tax paid by a buyer for purchases that are later sold at wholesale without intervening use by the buyer.

NEW SECTION, Sec. 703. A new section is added to chapter 82.32 RCW to read as follows:

PENALTY. Any person who uses a resale certificate to purchase items or services without payment of sales tax and who is not entitled to use the certificate for the purchase shall be assessed a penalty of fifty percent of the tax due, in addition to all other taxes, penalties, and interest due, on the improperly purchased item or service. The department may waive the penalty imposed under this section if it finds that the use of the certificate was due to circumstances beyond the taxpayer's control or if the certificate was properly used for purchases of dual purposes. The department shall define by rule what circumstances are considered to be beyond the taxpayer's control.

Sec. 704. RCW 82.08.050 and 1992 c 206 s 2 are each amended to read as follows:

SELLER TO COLLECT TAX. The tax hereby imposed shall be paid by the buyer to the seller, and each seller shall collect from the buyer the full amount of the tax payable in respect to each taxable sale in accordance with the schedule of collections adopted by the department pursuant to the provisions of RCW 82.08.060. The tax required by this chapter, to be collected by the seller, shall be deemed to be held in trust by the seller until paid to the department, and any seller who appropriates or converts the tax collected to his or her own use or to any use other than the payment of the tax to the extent that the money required to be collected is not available for payment on the due date as prescribed in this chapter shall be guilty of a gross misdemeanor.

In case any seller fails to collect the tax herein imposed or having collected the tax, fails to pay it to the department in the manner prescribed by this chapter, whether such failure is the result of his or her own acts or the result of acts or conditions beyond his or her control, he or she shall, nevertheless, be personally liable to the state for the amount of the tax, unless the seller has taken from the buyer in good faith a properly executed resale certificate under RCW 82.04.470.
The amount of tax, until paid by the buyer to the seller or to the department, shall constitute a debt from the buyer to the seller and any seller who fails or refuses to collect the tax as required with intent to violate the provisions of this chapter or to gain some advantage or benefit, either direct or indirect, and any buyer who refuses to pay any tax due under this chapter shall be guilty of a misdemeanor. The tax required by this chapter to be collected by the seller shall be stated separately from the selling price in any sales invoice or other instrument of sale. On all retail sales through vending machines, the tax need not be stated separately from the selling price or collected separately from the buyer. For purposes of determining the tax due from the buyer to the seller and from the seller to the department it shall be conclusively presumed that the selling price quoted in any price list, sales document, contract or other agreement between the parties does not include the tax imposed by this chapter, but if the seller advertises the price as including the tax or that the seller is paying the tax, the advertised price shall not be considered the selling price.

Where a buyer has failed to pay to the seller the tax imposed by this chapter and the seller has not paid the amount of the tax to the department, the department may, in its discretion, proceed directly against the buyer for collection of the tax, in which case a penalty of ten percent may be added to the amount of the tax for failure of the buyer to pay the same to the seller, regardless of when the tax may be collected by the department; and all of the provisions of chapter 82.32 RCW, including those relative to interest and penalties, shall apply in addition; and, for the sole purpose of applying the various provisions of chapter 82.32 RCW, the twenty-fifth day of the month following the tax period in which the purchase was made shall be considered as the due date of the tax.

**REPEAL OF INSURANCE PREMIUMS TAX CREDIT FOR PAYMENTS TO GUARANTY ASSOCIATIONS**

Sec. 901. RCW 48.32.145 and 1977 ex.s. c 183 s 1 are each amended to read as follows:

CREDIT AGAINST PREMIUM TAX. Every member insurer ((which during any calendar year)) that prior to April 1, 1993, shall have paid one or more assessments levied pursuant to RCW 48.32.060(1)(c) ((as now or hereafter amended)) shall be entitled to take, as a credit against any premium tax falling due under RCW 48.14.020, one-fifth of the aggregate amount of such aggregate assessments during such calendar year for each of the five consecutive calendar years beginning with the calendar year following the calendar year in which such assessments are paid((PROVIDED_That)). Whenever an assessment or uncredited portion ((thereof)) of an assessment is or becomes less than one thousand dollars, the entire amount may be credited against the premium tax at the next time the premium tax is paid.

This section shall expire January 1, 1999.

Sec. 902. RCW 48.32A.090 and 1990 c 51 s 6 are each amended to read as follows:

CERTIFICATES OF CONTRIBUTION. (1) The association shall issue to each insurer paying an assessment under this chapter certificates of contribution, in appropriate form and terms as prescribed or approved by the commissioner, for the amounts so paid into the respective funds. All outstanding certificates against a particular fund shall be of equal dignity and priority without reference to amounts or dates of issue.

(2) An outstanding certificate of contribution issued prior to April 1, 1993, shall be shown by the insurer in its financial statements as an admitted asset for such amount and period of time as the commissioner may approve((PROVIDED_That)). Unless a longer period has been allowed by the commissioner the insurer shall in any event at its option have the right to so show a certificate of contribution as an admitted asset at percentages of original face amount for calendar years as follows:

- 100% for the calendar year of issuance;
- 80% for the first calendar year after the year of issuance;
- 60% for the second calendar year after the year of issuance;
- 40% for the third calendar year after the year of issuance;
- 20% for the fourth calendar year after the year of issuance; and
- 0% for the fifth and subsequent calendar years after the year of issuance.
Notwithstanding the foregoing, if the value of a certificate of contribution is or becomes less than one thousand dollars, the entire amount may be written off by the insurer in that year.

(3) The insurer shall offset the amount written off by it in a calendar year under subsection (2) of this section against its premium tax liability to this state accrued with respect to business transacted in such year.

(4) Any sums recovered by the association representing sums which have theretofore been written off by contributing insurers and offset against premium taxes as provided in subsection (3) of this section, shall be paid by the association to the commissioner and then deposited with the state treasurer for credit to the general fund of the state of Washington.

(5) No distribution to stockholders, if any, of a liquidating insurer shall be made unless and until the total amount of assessments levied by the association with respect to such insurer have been fully recovered by the association.

NEW SECTION. Sec. 1006. The amounts shown under the headings “Prior Biennia,” “Future Biennia,” and “Total” in this act are for informational purposes only and do not constitute legislative approval of these amounts.

NEW SECTION. Sec. 1007. “Reappropriations” in this act are appropriations and, unless the context clearly provides otherwise, are subject to the relevant conditions and limitations applicable to appropriations. Reappropriations shall be limited to the unexpended balances remaining June 30, 1993, in the 1991-93 biennial appropriations for each project.

NEW SECTION. Sec. 1008. To carry out the provisions of this act, the governor may assign responsibility for predesign, design, construction, and other related activities to any appropriate agency.

NEW SECTION. Sec. 1009. As part of the annual update to the state facilities and capital plan, agencies shall provide information on lease-development and lease-purchase projects to the office of financial management.

NEW SECTION. Sec. 1010. If any federal moneys appropriated by this act for capital projects are not received by the state, the department or agency to which the moneys were appropriated may replace the federal moneys with moneys available from private or local sources. No replacement may occur under this section without the prior approval of the director of financial management in consultation with the senate committee on ways and means and the house of representatives committee on capital budget.

NEW SECTION. Sec. 1011. Unless otherwise stated, for all appropriations under this act that require a match of nonstate money or in-kind contributions, the following requirement, consistent with RCW 43.88.150, shall apply: Expenditures of state money shall be timed so that the state share of project expenditures never exceeds the intended state share of total project costs.

NEW SECTION. Sec. 1012. Notwithstanding any other provisions of law, for the 1993-95 biennium, transfers of reimbursement by the state treasurer to the general fund from the community college capital projects account for debt service payments made under Title 28B RCW shall occur only after such debt service payment has been made and only to the extent that funds are actually available to the account. Any unpaid reimbursements shall be a continuing obligation against the community college capital projects account until paid. The state board for community and technical colleges need not accumulate any specific balance in the community college capital projects account in anticipation of transfers to reimburse the general fund.

NEW SECTION. Sec. 1013. Any capital improvements or capital project involving construction or major expansion of a state office facility, including, but not limited to, district headquarters, detachment offices, and off-campus faculty offices, shall be reviewed by the office of financial management and the department of general administration for possible consolidation, collocation, and compliance with state office standards before allotment of funds. NEW SECTION. Sec. 1014. The governor, through the director of financial management, may authorize a transfer of appropriation authority provided for a capital project that is in excess of the amount required for the completion of such project to another capital project for which the appropriation is insufficient. Such transfers may be effected only between capital appropriations to a specific department, commission, agency, or institution of higher education and only between capital projects that are funded from the same fund or account.

For purposes of this section, the governor may find that an amount is in excess of the amount required for the completion of a project only if (1) the project as defined in the notes to the budget document is substantially complete and there are funds remaining or (2) bids have been let on a project and it appears to a substantial certainty that the project as defined in the notes to the budget document can be completed within the biennium for less than the amount appropriated in this act.

For the purposes of this section, the legislature intends that each project be defined as proposed to the legislature in the governor's budget document, unless it clearly appears from the legislative history that the legislature intended to define the scope of a project in a different way.

A report of any transfer effected under this section except emergency projects or any transfer under $250,000 shall be filed with the legislative fiscal committees of the senate and house of representatives by the director of financial management at least thirty days before the date the transfer is effected, and shall report all transfers within thirty days from the date of transfer.

NEW SECTION. Sec. 1015. To ensure that major construction projects are carried out in accordance with legislative and executive intent, appropriations in this act referencing this section shall not be expended until the office of financial management has

The office of financial management shall provide to the house of representatives capital budget committee and the senate ways and means committee a list of the program documents the office has reviewed and approved, changes made to the documents resulting from the review, and the estimated cost changes resulting from the review.

(2) In order to meet the goals of this section, the following conditions apply to appropriations which reference this section:

(a) To the extent feasible, agencies are directed to manage accelerated expenditure rates at the current level of permanent employees and shall use contracted design and construction services wherever necessary to meet the goals of this section.

(b) Reappropriations which reference this subsection (2)(b) shall lapse on June 30, 1994. In developing the 1995-97 capital budget, the office of financial management shall consider all project requests which have been an element of an appropriation which references this section as a request for a new appropriation.

(3) The office of financial management shall report the following to the appropriate fiscal committees of the legislature by January 30, 1995:

(a) A listing of reappropriations in the governor's 1995-97 capital budget recommendation that have been reappropriated one or more times and have ten percent or more of the original appropriation unexpended; and

(b) An explanation of why the appropriation remains unexpended.

NEW SECTION. Sec. 1018. The higher education coordinating board shall develop and maintain an inventory system to account for all space in the state's higher education system. On July 1, 1994, all appropriations and all conditions and limitations in this act for the department of fisheries and the department of wildlife shall be provided for the department of fish and wildlife. If Substitute House Bill No. 2055 or substantially similar legislation creating a department of fish and wildlife is not enacted by July 1, 1994, this section shall have no effect.

NEW SECTION. Sec. 1020. $1,200,000 of the state and local improvement revolving account--waste disposal facilities and $6,300,000 of the state and local improvement revolving account--waste disposal facilities 1980 are transferred to the water quality account, and shall be used for extended grant payments for public waste disposal facilities that discharge directly into marine waters. The funds shall be subject to the conditions and limitations set forth in section 406 of this act. These funds shall qualify as tax receipts in any calculation under RCW 70.146.080.

NEW SECTION. Sec. 1021. The department of information services shall act as lead agency in coordinating video telecommunications services for state agencies. As lead agency, the department shall develop standards and common specifications for leased and purchased telecommunications equipment and assist state agencies in developing a video telecommunications expenditure plan. No agency may spend any portion of any appropriation in this act for new video telecommunications equipment, new video telecommunications transmission, or new video telecommunications systems without first complying with chapter 43.105 RCW, including but not limited to RCW 43.105.041(2), and without first submitting a video telecommunications equipment expenditure plan, in accordance with the policies of the department of information services, for review and assessment by the department of information services under RCW 43.105.052. Before any such expenditure by a public school, a video telecommunications expenditure plan shall be approved by the superintendent of public instruction. The office of the superintendent of public instruction shall submit the plans to the department of information services in a form prescribed by the department. The office of the superintendent of public instruction shall coordinate the use of the video telecommunications in public schools by providing educational information to local school districts and shall assist local school districts and educational service districts in telecommunications planning and curriculum development. Before any such expenditure by a public institution of
postsecondary education, a telecommunications expenditure plan shall be approved by the higher education coordinating board. The higher education coordinating board shall coordinate the use of video telecommunications for instruction and instructional support in postsecondary education, including the review and approval of instructional telecommunications course offerings.

NEW SECTION, Sec. 1022. The state investment board shall evaluate the feasibility of investing in office buildings expressly built for use by state agencies. The evaluation shall be performed in cooperation with the office of financial management, the department of general administration, and other appropriate state agencies and shall consider financing and construction alternatives to ensure cost-effective facilities for the state and an acceptable return on the investment for the state investment board. The evaluation shall also consider opportunities for collocating and consolidating state agencies under section 1013 of this act. Upon completion of the evaluation, the state investment board shall report its findings to the senate ways and means and house capital budget committees.

Signed by Senators Snyder, Quigley; Representatives Wang, Ogden

MOTION

On motion of Senator Snyder, the twenty-four hour rule was suspended to consider the Report of the Conference Committee on Substitute Senate Bill No. 5717.

MOTION

Senator Snyder moved that the Report of the Conference Committee on Substitute Senate Bill No. 5717 be adopted. Debate ensued.
POINT OF INQUIRY

Senator West: "Senator Quigley, just to have this appear on the record, I would like to inquire as to Section 745, which is the money in the Capital Budget for the Bothell campus--the branch campus in Bothell--and Section 716 which is the direction for the HEC Board to study the higher education needs in the King/Snohomish County area. I want it to be clear to the HEC Board that it is not your intent as the author of the Capital Budget that they should delay the Bothell campus in any way for this study--that it is not the intent of this study to restrict the development or delay the development of the Bothell campus. Is that your understanding?"

Senator Quigley: "Senator West, in fact, that is my understanding and if one would note that the money that is allocated to fund the Bothell branch campus and the provisos related thereto are identical to the money that is allocated to fund the Vancouver and other branch campuses. The study is, in fact, merely there to address the concern that was raised by previous studies that two community colleges are needed for the region and that we ought to make sound policy about how and where to locate them. It is not intended, in any way, to slow down the development of the Bothell branch campus."

Senator West: "So, your direction to the HEC Board would be not to interfere with the development of the Bothell campus for purposes of this study?"

Senator Quigley: "My statement would be that was not the intent of the Legislature, to the best of my knowledge, when they adopted that provision."

Senator West: "Thank you."

The President declared the question before the Senate to be the motion by Senator Snyder that the Report of the Conference Committee on Substitute Senate Bill No. 5717 be adopted.

The motion by Senator Snyder carried and the Report of the Conference Committee on Substitute Senate Bill No. 5717 was adopted.

NEW SECTION. Sec. 6. The fruit commission facility account is created in the state treasury. Moneys in the account may be spent only after appropriation.

The total amount of borrowing outstanding at any time shall never exceed the lesser of:
