(3) A parent ordered to provide health insurance coverage shall provide proof of such coverage or proof that such coverage is unavailable within twenty days of the entry of the order. (Or within twenty days of the date such coverage becomes available) to:

(a) The physical custodian;
(b) The department of social and health services if the parent has been notified or ordered to make support payments to the Washington state support registry.

(4) Every order requiring a parent to provide health insurance coverage shall be entered in compliance with RCW 26.23.050 and be subject to direct enforcement as provided under chapter 26.18 RCW.

NEW SECTION. Sec. 18. A new section is added to chapter 74.20 RCW to read as follows:

When the department appears or participates in an adjudicative proceeding under chapter 26.23 or 74.20A RCW it shall:

(1) Act in furtherance of the state's financial interest in the matter;
(2) Act in the best interests of the children of the state;
(3) Facilitate the resolution of the controversy;
(4) Make independent recommendations to ensure the integrity and proper application of the law and process.

In the proceedings the department does not act on behalf or as an agent or representative of an individual.

Sec. 19. RCW 74.20A.056 is added and read as follows:

(1) If an alleged father has signed an affidavit acknowledging paternity which has been filed with the state office of vital statistics, the Office of Support Enforcement may serve a notice and finding of parental responsibility on him. Service of the notice shall be in the same manner as a summons in a civil action or by certified mail, return receipt requested. The notice shall have attached to it a copy of the affidavit or certification of birth record information advising of the existence of a filed affidavit, provided by the center for health statistics, and shall state that:

(a) The alleged father may file an application for an adjudicative proceeding at which he will be required to appear and show cause why the amount stated in the finding of financial responsibility as to support is incorrect and should not be ordered;

(b) An alleged father may request that a blood test be administered to determine whether such test would exclude him from being a natural parent and, if not excluded, may subsequently request that the Office of Support Enforcement initiate an action in superior court to determine the existence of the parent-child relationship; and

(c) If the alleged father does not request that a blood test be administered or file an application for an adjudicative proceeding, the amount of support stated in the notice and finding of parental responsibility shall become final, subject only to a subsequent determination under RCW 26.26.060 that the parent-child relationship does not exist.

(2) An alleged father who objects to the amount of support requested in the notice may file an application for an adjudicative proceeding up to twenty days after the date the notice was served. An application for an adjudicative proceeding may be filed within one year of service of the notice and finding of parental responsibility without the necessity for a showing of good cause or upon a showing of good cause thereafter. An adjudicative proceeding under this section shall be pursued pursuant to RCW 74.20A.055. The only issues shall be the amount of the accrued debt, the amount of the current and future support obligation, and the reimbursement of the costs of blood tests if advanced by the department.

(3) If the application for an adjudicative proceeding is filed within twenty days of service of the notice, collection action shall be stayed pending a final decision by the department. If no application is filed within twenty days:

(a) The amounts in the notice shall become final and the debt therein shall be subject to collection action; and

(b) Any amounts so collected shall neither be refunded nor returned if the affidavit or affidavit later found not to be a responsible parent.

(4) An alleged father who denies being a responsible parent may request that a blood test be administered at any time. The request for testing shall be in writing and served on the Office of Support Enforcement personally or by registered or certified mail. If a request for testing is made, the department shall arrange for the test and, pursuant to rules adopted by the department, shall advance the cost of such testing. The department shall mail a copy of the test results by certified mail, return receipt requested, to the alleged father's last known address.

(5) If the test excludes the alleged father from being a natural parent, the Office of Support Enforcement shall file a copy of the results with the state office of vital statistics and shall dismiss any pending administrative collection proceedings based upon the affidavit in issue. The state office of vital statistics shall remove the alleged father's name from the birth certificate.

(6) The alleged father may, within twenty days after the date of receipt of the test results, request the Office of Support Enforcement to initiate an action under RCW 26.26.060 to determine the existence of the parent-child relationship. If the Office of Support Enforcement initiates a superior court action at the request of the alleged father and the decision of the court is that the alleged father is a natural parent, the alleged father shall be liable for court costs incurred.

(7) If the alleged father does not request the Office of Support Enforcement to initiate a superior court action, or if the alleged father fails to appear and cooperate with blood testing, the notice of parental responsibility shall become final for all intents and purposes and may be overturned only by a subsequent superior court order entered under RCW 26.26.060.

Sec. 20. RCW 74.20A.080 and 1989 c 560 § 10 and 1989 c 175 § 154 are each reenacted and amended to read as follows:

(2) The order to withhold and deliver shall:
(a) State the amount of the support debt accrued;
(b) State in summary the terms of RCW 74.20A.090 and 74.20A.100;

(3) Any person, firm, corporation, association, political subdivision, (herein) department of the state, or agency, subdivision, or instrumentality of the United States upon whose service has been made is hereby required to:
(a) Answer said order to withhold and deliver within twenty days, exclusive of the day of service, unless the order is mailed or served by certified mail, return receipt requested. A person, firm, corporation, association, political subdivision, or department of the state, or agency, subdivision, or instrumentality of the United States in possession of any property which may be subject to the claim of the department of social and health services shall:
(i) Immediately withhold such property upon receipt of the order to withhold and deliver; and
(ii) Deliver the property to the secretary as soon as the twenty-day answer period expires;
(iii) Continue to withhold earnings payable to the debtor at each succeeding disbursement interval as provided for in RCW 74.20A.090, and deliver amounts withheld from earnings to the (obligee within ten days (11) secretaries on the date earnings are payable to the debtor;
(iv) Inform the secretary of the amount withheld as requested under this section; or
(b) Furnish to the secretary a good and sufficient bond, satisfactory to the secretary, conditioned upon final determination of liability.
(5) An order to withhold and deliver served under this section shall not expire until:
(a) Released in writing by the office of support enforcement;
(b) Terminated by court order; or
(c) The person or entity receiving the order to withhold and deliver does not possess property of or owe money to the debtor for any period of twelve consecutive months following the date of service of the order to withhold and deliver.
(8) Where money is due and owing under any contract of employment, express or implied, or is held by any person, firm, corporation, or association, political subdivision, or department of the state, or agency, subdivision, or instrumentality of the United States subject to withdrawal by the debtor, such money shall be delivered by remittance payable to the order of the secretary.
(12) The state warrants and represents that:
(a) It shall defend and hold harmless for such actions persons withholding money or property pursuant to this chapter; and
(b) It shall defend and hold harmless for such actions persons withholding money or property pursuant to this chapter.
(10) Exemptions contained in RCW 74.20A.090 apply to orders to withhold and deliver issued under this section.
(11) The secretary shall also, on or before the date of service of the order to withhold and deliver, mail or cause to be mailed a certified copy of the order to withhold and deliver to the debtor at the debtor's last known post office address, or, in the alternative, a copy of the order to withhold and deliver shall be served on the debtor in the same manner as a summons in a civil action or on or before the date of service of the order or within two days thereafter. The copy of the order shall be mailed or served together with a concise explanation of the right to petition for judicial review. This requirement is not jurisdictional, but, if the copy is not mailed or served as in this section provided, or if any irregularity appears with respect to the mailing or service, the superior court, in its discretion on motion of the debtor promptly made and supported by affidavit showing that the debtor has suffered substantial injury due to the failure to mail the copy, may set aside the order to withhold and deliver and award to the debtor an amount equal to the damages resulting from the secretary's failure to serve on or mail to the debtor the copy.
(12) An order to withhold and deliver issued in accordance with this section has priority over any other wage assignment (11), garnishment, attachment, or other legal process, except for another wage assignment, garnishment, attachment, or other legal process for child support.
(13) The office of support enforcement shall notify any person, firm, corporation, association, or political subdivision, (herein) department of the state, or agency, subdivision, or instrumentality of the United States required to withhold and deliver the earnings of a debtor under this chapter, they that may deduct a processing fee from the remainder of the debtor's earnings, even if the remainder would otherwise be exempt under RCW 74.20A.090. The processing fee shall not exceed ten dollars for the first disbursement to the department and one dollar for each subsequent disbursement under the order to withhold and deliver.
Sec. 21. RCW 74.20A.240 and 1985 c 276 s 12 are each amended to read as follows:
Any person, firm, corporation, association, political subdivision (herein) department of the state, or agency, subdivision, or instrumentality of the United States employing a person owing a support debt or obligation, shall honor, according to its terms, a duly executed assignment of earnings presented by the secretary as a plan to satisfy or retire a support debt or obligation. This requirement to honor the assignment of earnings and the assignment of earnings itself shall be applicable whether said earnings are to be paid presently or in the future and shall continue in force and effect until released in writing by the secretary. Payment of moneys pursuant to an assignment of earnings presented by the secretary shall serve as full acquittance under any contract of employment (and the state warrants and represents it shall defend and hold harmless such action taken pursuant to said assignment of earnings). A person, firm, corporation, association, political subdivision, (herein) department of the state, or agency, subdivision, or instrumentality of the United States that complies with the assignment of earnings under this chapter is not civilly liable to the debtor for complying with the assignment of earnings under this chapter. The secretary shall be released from liability for improper receipt of moneys under an assignment of earnings upon return of any moneys so received.
An assignment of earnings presented by the secretary in accordance with this section has priority over any other wage assignment (herein), garnishment, attachment, or other legal process, except for another wage assignment (herein), garnishment, attachment, or other legal process for support moneys.
The employer may deduct a processing fee from the remainder of the debtor's earnings, even if the remainder would be exempt under RCW 74.20A.090. The processing fee shall not exceed ten dollars from the first disbursement to the department and one dollar for each subsequent disbursement under the assignment of earnings.
Sec. 22. RCW 74.20A.300 and 1989 c 416 s 6 are each amended to read as follows:
Whenever a support order is entered or modified under this chapter, the department shall require the responsible parent to maintain or provide health insurance coverage for any dependent child as provided under RCW 26.09.105.

(2) "Health insurance coverage" as used in this section does not include medical assistance provided under chapter 74.09 RCW.

(3) A parent ordered to provide health insurance coverage shall provide proof of such coverage or proof that such coverage is unavailable to the department within twenty days of the entry of the order (or within fifteen days of the date such coverage becomes available).

(4) Every order requiring a parent to provide health insurance coverage shall be entered in compliance with RCW 26.23.050 and be subject to direct enforcement as provided under chapter 26.18 RCW.

Implementing regulatory reform.

The bill was read the second time.

MOTION

Senator Moore moved that the following Committee on Labor and Commerce amendment be adopted:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. A new section is added to chapter 44.04 RCW to read as follows:

(1) The legislature recognizes that clear grants of rule-making authority are necessary for efficient and effective regulatory programs and accountability in governmental decision making, and that the agency granted rule-making authority should be the most competent to exercise jurisdiction over the subject matter. It is therefore the legislature's purpose to establish processes to ensure that existing and future laws provide clear and appropriate rule-making authority.

(2) The standing committees of the legislature shall selectively review legislative grants of rule-making authority to determine: (a) Whether the authority granted is clear and as intended; (b) whether the legislative intent is specific and includes defined objectives; and (c) whether the grant of authority is consistent with and not duplicative of grants to other agencies. In performing such a review, priority shall be given to grants of rule-making authority to the department of revenue, the employment security department, the department of ecology, the department of labor and industries, the department of health, the department of licensing, the department of fish and wildlife, the department of natural resources, and the insurance commissioner.

In those instances where the review identifies statutes that do not meet these criteria, corrective legislation shall be prepared that clarifies, narrows, or repeals the grants of rule-making authority.

(3) The senate and the house of representatives shall ensure that bills introduced that grant rule-making authority to state agencies contain clear and specific direction regarding the authority granted.

(4) Appropriate standing committees of the senate and house of representatives shall prepare a regulatory note as part of the bill report on each bill before the committee that grants rule-making authority to a state agency. The regulatory note shall identify if rule making is required or authorized by the bill, describe the nature of the rule making, identify agencies to which rule making is delegated, and identify any other agencies that have rule-making authority over the same activity or subject matter. However, in the event of a conflict between the note and any section of the revised code of Washington or uncodified session law, the revised code or uncodified session law shall prevail and nothing in the note shall be considered to be part of the revised code or uncodified session law.

Sec. 2. RCW 34.05.370 and 1988 c 288 s 313 are each amended to read as follows:

(1) Each agency shall maintain an official rule-making file for each rule that it (a) proposes by publication in the state register, or (b) adopts. The file and materials incorporated by reference shall be available for public inspection.

(2) The agency rule-making file shall contain all of the following:

(a) Copies of all publications in the state register with respect to the rule or the proceeding upon which the rule is based;

(b) Copies of any portions of the agency's public rule-making docket containing entries relating to the rule or the proceeding on which the rule is based;

(c) All written petitions, requests, submissions, and comments received by the agency and all other written material regarded by the agency as important to adoption of the rule or the proceeding on which the rule is based;"
(d) Any official transcript of oral presentations made in the proceeding on which the rule is based or, if not transcribed, any tape recording or stenographic record of them, and any memorandum prepared by a presiding official summarizing the contents of those presentations;

(e) The concise explanatory statement required by RCW 34.05.355;

(f) All petitions for exceptions to, amendment of, or repeal or suspension of, the rule; (and)

(g) Citations to all data, factual information, studies, or reports on which the agency relies in the adoption of the rule, indicating where such data, factual information, studies, or reports are available for review by the public;

(h) The written summary and response required by RCW 34.05.325(6); and

(i) Any other material placed in the file by the agency.

(3) Internal agency documents are exempt from inclusion in the rule-making file under subsection (2) of this section to the extent they constitute preliminary drafts, notes, recommendations, and intra-agency memoranda in which opinions are expressed or policies formulated or recommended, except that a specific document is not exempt from inclusion when it is publicly cited by an agency in connection with its decision.

(4) Upon judicial review, the file required by this section constitutes the official agency rule-making file with respect to that rule. Unless otherwise required by another provision of law, the official rule-making file need not be the exclusive basis for agency action on that rule.

Sec. 3. RCW 34.05.350 and 1989 c 175 s 10 are each amended to read as follows:

(1) If an agency for good cause finds:

(a) That immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest; or

(b) That state or federal law or federal rule or a federal deadline for state receipt of federal funds requires immediate adoption of a rule, the agency may dispense with those requirements and adopt, amend, or repeal the rule on an emergency basis. The agency’s finding and a concise statement of the reasons for its finding shall be incorporated in the order for adoption of the emergency rule or amendment filed with the office of the code reviser under RCW 34.05.380 and with the rules review committee.

(2) An emergency rule adopted under this section takes effect upon filing with the code reviser, unless a later date is specified in the order of adoption, and may not remain in effect for longer than one hundred twenty days after filing. Identical or substantially similar emergency rules may not be adopted in sequence unless conditions have changed or the agency has filed notice of its intent to adopt the rule as a permanent rule, and is actively working on the appropriate process to adopt the rule as a permanent rule. This section does not relieve any agency from compliance with any law requiring that its permanent rules be approved by designated persons or bodies before they become effective.

(3) Within seven days after the rule is adopted, any person may petition the governor requesting the immediate repeal of a rule adopted on an emergency basis by any agency headed by a nonelected official. Within seven days after submission of the petition, the governor shall either deny the petition, stating its or her reasons for the denial, or order the immediate repeal of the rule. In ruling on the petition, the governor shall consider only whether the conditions in subsection (1) of this section were met such that adoption of the rule on an emergency basis was necessary. If the governor orders the repeal of the emergency rule, any agency action based on that rule is void. This subsection shall not be construed to prohibit adoption of any rule as a permanent rule.

(4) In adopting an emergency rule, the agency shall meet the same criteria as set forth in section 4 of this act or provide written justification for its failure to provide the information.

NEW SECTION. Sec. 4. A new section is added to chapter 34.05 RCW to read as follows:

(1) In addition to other requirements imposed by law, an agency may not adopt a rule the violation of which subjects a person to a penalty or administrative sanction that establishes, alters, or revokes a qualification or standard for the issuance, suspension, or revocation of a license to pursue a commercial activity, trade, or profession; or that establishes, alters, or revokes a mandatory standard for a product or material that must be met before distribution or sale, unless:

(a) The rule is needed;

(b) The likely benefits of the rule justify its likely costs;

(c) There are no alternatives to the rule that would be as effective but less burdensome on those required to comply;

(d) Any fee imposed is reasonable and related to the cost of administration;

(e) The rule is clearly and simply stated, so that it can be understood by persons required to comply;

(f) The rule does not conflict with, or unless necessary to achieve the objectives of the statute upon which the rule is based, overlap, or duplicate any other provision of federal, state, or local law;

(g) The rule does not, unless necessary to achieve the objectives of the statute upon which the rule is based, differ from any provision of federal law regulating the same activity or subject matter; and

(h) The rule does not, unless necessary to achieve the objectives of the statute upon which the rule is based, differ in its application to public and private entities.

(2) Nothing in subsection (1) of this section shall be construed to change the existing standard of judicial review of agency rule making.

NEW SECTION. Sec. 5. A new section is added to chapter 34.05 RCW to read as follows:

(1) Upon adoption of any rule covered by section 4 of this act, an agency shall have a plan to: (a) Inform and educate affected persons about the rule; (b) promote voluntary compliance; (c) evaluate whether the rule achieves the purpose for which it was adopted; and (d) evaluate whether the rule avoids the taking of private property for public use unless no reasonable alternative exists that advances the public interest.

(2) Upon the adoption of a rule covered by section 4 of this act regulating the same activity or subject matter as another provision of federal, state, or local law, an agency shall do all of the following:

(a) Provide to the business assistance center a list citing by reference the other federal, state, and local laws that regulate the same activity or subject matter;

(b) Coordinate implementation and enforcement of the rule with the other federal, state, and local entities regulating the same activity or subject matter by doing one or more of the following: (i) Deferring to the other entity; (ii) designating a lead agency; or (iii) entering into an agreement with the other entities specifying how the agency and entities will coordinate implementation and enforcement. If the agency is unable to meet this requirement, the agency shall report to the legislature pursuant to (c) of this subsection;

(c) Report to the chief clerk of the house of representatives and the secretary of the senate regarding: (i) The existence of any overlap or duplication of other federal, state, or local laws, and any differences from federal law; (ii) legislation that may be necessary to eliminate or mitigate any adverse effects of such overlap, duplication, or difference; and (iii) legislation that may be necessary to facilitate coordination with appropriate governmental entities regulating the same activity or subject matter.

(3) For purposes of this section, “taking” means totally destroying or rendering valueless private property, damaging by a public use in connection with an actual taking by the exercise of eminent domain, or when there is interference with use of property to owner’s prejudice, with resulting diminution in value. Police action to prevent or abate actual damage to another is not considered a taking.

Sec. 6. RCW 34.05.330 and 1988 c 288 s 305 are each amended to read as follows:

(1) Any person may petition an agency requesting the adoption, amendment, or repeal of any rule. Each agency may prescribe by rule the form for such petitions and the procedure for their submission, consideration, and disposition. Within sixty days after submission of a petition, the agency shall (a) either deny the petition in writing, stating its reasons for the denial, or (b) (i) initiate rule-making proceedings in accordance with this chapter.

(2) If an agency headed by a nonelected official denies a petition to repeal or amend a rule submitted under subsection (1) of this section, the petitioner, within thirty days of the denial, may appeal the denial to the governor. The petitioner may file notice of the appeal with the code reviser for publication in the Washington State Register. Within sixty days after receiving the appeal, the governor shall either reject the appeal in writing,
stating his or her reasons for the rejection, or order the agency to initiate rule-making proceedings in accordance with this chapter. In deciding on the appeal, among other factors the governor should consider:
(a) Whether the agency complied with sections 4 and 5 of this act;
(b) Whether the agency has established an adequate internal rules review process, allowing public participation, and has subjected the rule to that review;
(c) The nature of complaints and other comments received from the public concerning the rule;
(d) Whether the rule conflicts with, overlaps, or duplicates any other provision of federal, state, or local law and, if so, whether the agency has taken steps to mitigate any adverse effects of the conflict, overlap, or duplication;
(e) The extent to which technology, social or economic conditions, or other relevant factors have changed since the rule was adopted, and whether, given those changes, the rule continues to be necessary and appropriate;
(f) Whether the statute that the rule implements has been amended or repealed by the legislature, or ruled invalid by a court.

(2) The governor’s office shall provide a copy of the governor’s ruling under subsection (2) of this section to anyone upon request.

Sec. 7. RCW 34.05.325 and 1992 c 57 s 1 are each amended to read as follows:
(1) The agency shall make a good faith effort to insure that the information on the proposed rule published pursuant to RCW 34.05.320 accurately reflects the rule to be presented and considered at the oral hearing on the rule. Written support about a proposed rule, including supporting data, shall be accepted by an agency if received no later than the time and date specified in the notice, or such later time and date established at the rule-making hearing.
(2) The agency shall provide an opportunity for oral comment to be received by the agency in a rule-making hearing.
(3) If the agency possesses equipment capable of receiving telefacsimile transmissions or recorded telephonic communications, the agency may provide in its notice of hearing filed under RCW 34.05.320 that interested parties may comment on proposed rules by these means. If the agency chooses to receive comments by these means, the notice of hearing shall provide instructions for making such comments, including, but not limited to, appropriate telephone numbers to be used; the date and time by which comments must be received; required methods to verify the receipt and authenticity of the comments; and any limitations on the number of pages for telefacsimile transmission comments and on the minutes of tape recorded comments. The agency shall accept comments received by these means for inclusion in the official record if the comments are made in accordance with the agency’s instructions.
(4) The agency head, a member of the agency head, or a presiding officer designated by the agency head shall preside at the rule-making hearing. Rule-making hearings shall be open to the public. The agency shall cause a record to be made of the hearing by stenographic, mechanical, or electronic means. Unless the agency head presides or is present at substantially all the hearings, the presiding official shall prepare a memorandum for consideration by the agency head, summarizing the contents of the presentations made at the rule-making hearing. The summarizing memorandum is a public document and shall be made available within 42.17 RCW.
(5) Rule-making hearings are legislative in character and shall be reasonably conducted by the presiding official to afford interested persons the opportunity to present comment. Rule-making hearings may be continued to a later time and place established on the record without publication of further notice under RCW 34.05.320.

Before the adoption of a final rule, an agency shall prepare a written summary of all comments received regarding the proposed rule, and a substantive response to the comments by category or subject matter, indicating how the final rule reflects agency consideration of the comments, or why it fails to do so. The agency shall provide the written summary and response to any person upon request or from whom the agency received comment.

Sec. 8. RCW 34.05.355 and 1988 c 288 s 310 are each amended to read as follows:

(1) At the time it files an adopted rule with the code reviser or within thirty days thereafter, an agency shall place into the rule-making file maintained under RCW 34.05.370 a concise explanatory statement about the rule, identifying (i) the agency’s reasons for adopting the rule, and (ii) a description of any difference between the text of the proposed rule as published in the register and the text of the rule as adopted, other than editorial changes, stating the reasons for change.
(2) Upon the request of any interested person within thirty days after adoption of a rule, the agency shall issue a concise statement of the principal reasons for overruling the considerations urged against its adoption.

NEW SECTION. Sec. 9. A new section is added to chapter 19.85 RCW to read as follows:
The legislature finds that administrative rules adopted by state agencies can have a disproportionate impact on the state’s small businesses because of the size of those businesses. This disproportionate impact reduces competition, innovation, employment, and new employment opportunities, and threatens the very existence of some small businesses. The legislature therefore enacts the regulatory fairness act, chapter . . . . Laws of 1994 (this act), with the intent of reducing the disproportionate impact of state administrative rules on small business.

Sec. 10. RCW 19.85.020 and 1993 c 280 s 34 are each amended to read as follows:

(1) “Small business” means any business entity, including a sole proprietorship, corporation, partnership, or other legal entity, that is owned and operated independently from all other businesses, that has the purpose of making a profit, and that has fifty or fewer employees.
(2) “Small business economic impact statement” means a statement meeting the requirements of RCW 19.85.040 prepared by a state agency pursuant to RCW 19.85.030.
(3) “Industry” means all of the businesses in this state in any one (three-digit) four-digit standard industrial classification as published by the United States department of commerce.
(4) “Taking” means totally destroying or rendering valueless private property, damaging by a public use in connection with an actual taking by the exercise of eminent domain, or when there is interference with use of property to owner’s prejudicial, with resulting diminution in value. Police action to prevent or abate actual damage to another is not considered a taking.

Sec. 11. RCW 19.85.030 and 1989 c 374 s 2 and 1989 c 175 s 72 are each reenacted and amended to read as follows:

(1) Shall reduce the economic impact of the rule on small business by doing one or more of the following when it is legal and feasible in meeting the stated objective of the statute which are the basis of the proposed rule:
(a) Establish performance standards rather than design standards;
(b) Establish, consolidate, or simplify the compliance and reporting requirements under the rule for small businesses;
(c) Establish performance rather than design standards;
(d) Exempt small businesses from any or all requirements of the rule;
(e) Shall prepare a small business economic impact statement in accordance with RCW 19.85.040 and file such statement with the code reviser along with the notice required under RCW 34.05.320.
(2) In the adoption of a rule under RCW 34.05.320, an agency shall prepare a small business economic impact statement: (a) If the proposed rule will impose more than minor costs on businesses in an industry; or (b) If requested to do so by a majority vote of the joint administrative rules review committee within thirty days after notice of the proposed rule is published in the state register.

An agency shall prepare the small business economic impact statement in accordance with RCW 19.85.040, and file it with the code reviser along with the notice required under RCW 34.05.320. An agency shall file a statement prepared at the request of the joint administrative rules review committee with the code reviser upon its completion before the adoption of the rule. An agency shall provide a copy of the small business economic impact statement to any person requesting it.

An agency may request assistance from the business assistance center in the preparation of the small business economic impact statement.
2. A proposed rule will impose more than minor costs on businesses in an industry when the costs imposed will equal or exceed 0.1 percent of the average yearly profit for businesses in that industry. The business assistance center shall develop guidelines to assist agencies in determining whether a proposed rule will impose such costs. The business assistance center may review an agency determination that a proposed rule will not impose such costs, and shall advise the joint administrative rules review committee on disputes involving agency determinations under this section.

3. Based upon the extent of disproportionate impact on small business identified in the statement prepared under RCW 19.85.040, the agency shall, unless reasonable justification exists to do otherwise, reduce the costs imposed by the rule on small businesses. Methods to reduce the costs on small businesses may include, but are not limited to:

   a. Reducing, modifying, or eliminating substantive regulatory requirements;
   b. Establishing performance rather than design standards;
   c. Simplifying, reducing, or eliminating recordkeeping and reporting requirements;
   d. Reducing the frequency of inspections;
   e. Delaying compliance timeframes; or
   f. Reducing or modifying fine schedules for noncompliance.

**Sec. 12.** RCW 19.85.040 and 1989 c 374 3 s 3 and 1989 c 175 s 73 are each reenacted and amended to read as follows:

1. A small business economic impact statement must include a brief description of the reporting, recordkeeping, and other compliance requirements of the proposed rule, and the kinds of professional services that a small business is likely to need in order to comply with such requirements. (A small business economic impact statement) shall analyze, based on existing data, the costs of compliance for businesses required to comply with the (proposed rule) adopted pursuant to RCW 34.05.320, including costs of equipment, supplies, labor, lost sales or revenue, and increased administrative costs. To determine whether the proposed rule will have a disproportionate impact on small businesses, the impact statement must compare (to the greatest extent possible) the cost of compliance for small businesses with the cost of compliance for the ten percent of (firms which) businesses that are the largest businesses required to comply with the proposed (RCW) rules. (The small business economic impact statement shall use) one or more of the following as a basis for comparing costs:

   a. Cost per employee;
   b. Cost per hour of labor; or
   c. Cost per one hundred dollars of sales;
   d. Any combination of (1), (2), or (3).

2. A small business economic impact statement must also include:

   a. A statement of the steps taken by the agency to reduce the costs of the rule on small businesses as required by RCW 19.85.030(3), or reasonable alternative action for not doing so, addressing, at a minimum, each of the options listed in RCW 19.85.030(3);
   b. A description of how the agency will involve small businesses in the development of the rule; and
   c. A list of industries that will be required to comply with the rule.

3. To obtain information for purposes of this section, an agency may survey a representative sample of affected businesses or trade associations, and, whenever possible, appoint a committee under RCW 34.05.310(2) to assist in the accurate assessment of the costs of a proposed rule, and the means to reduce the costs imposed on small businesses.

NEW SECTION. Sec. 13. A new section is added to chapter 19.85 RCW to read as follows:

Unless so requested by a majority vote of the joint administrative rules review committee under RCW 19.85.030, an agency is not required to comply with RCW 19.85.030 when adopting any rule solely for the purpose of conforming to a federal law or court decision, or both, with federal law. In lieu of the statement required under RCW 19.85.030, the agency shall file a statement citing, with specificity, the federal law with which the rule is being adopted to conform or comply, and describing the consequences to the state if the rule is not adopted.

**Sec. 14.** RCW 34.05.320 and 1992 c 197 s 8 are each amended to read as follows:

1. At least twenty days before the rule-making hearing at which the agency receives public comment regarding adoption of a rule, the agency shall give notice of the hearing to be published in the state register. The publication constitutes the proposal of a rule. The notice shall include all of the following:

   a. A title, a description of the rule's purpose, and any other information which may be of assistance in identifying the rule or its purpose;
   b. A citation of the statutory authority for adopting the rule and the specific statute the rule is intended to implement;
   c. A summary of the rule and a statement of the reasons supporting the proposed action;
   d. The agency personnel, with their office location and telephone number, who are responsible for the drafting, implementation, and enforcement of the rule;
   e. The name of the person or organization, whether private, public, or governmental, proposing the rule;
   f. Agency comments or recommendations, if any, regarding statutory language, implementation, enforcement, and fiscal matters pertaining to the rule;
   g. Whether the rule is necessary as the result of federal law or federal or state court action, and if so, a copy of such law or court decision shall be attached to the purpose statement;
   h. When, where, and how persons may present their views on the proposed rule;
   i. The date on which the agency intends to adopt the rule;
   j. A short explanation of the rule, its purpose, and anticipated effects, including in the case of a proposal that would modify existing rules, a short description of the changes the proposal would make; and
   k. A statement indicating how a person can obtain a copy of the small business economic impact statement, if applicable, and a statement of steps taken to minimize the economic impact in accordance with RCW 19.85.030(i) prepared under chapter 19.85 RCW, or an explanation for why the agency did not prepare the statement.

2. Upon filing notice of the proposed rule with the code reviser, the adopting agency shall have copies of the notice on file and available for public inspection and shall forward three copies of the notice to the rules review committee.

3. No later than three days after its publication in the state register, the agency shall cause a copy of the notice of proposed rule adoption to be mailed to each person who has made a request to the agency for a mailed copy of such notices. An agency may charge for the actual cost of providing individual mailed copies of these notices.

4. In addition to the notice required by subsections (1) and (2) of this section, an institution of higher education shall cause the notice to be published in the campus or standard newspaper of the institution at least seven days before the rule-making hearing.

NEW SECTION. Sec. 15. A new section is added to chapter 43.31 RCW to read as follows:

To assist state agencies in reducing regulatory costs to small business and to promote greater public participation in the rule-making process, the business assistance center shall:

1. Develop agency guidelines for the preparation of a small business economic impact statement and compliance with chapter 19.85 RCW;

2. Review and provide comments to agencies on draft or final small business economic impact statements;

3. Advise the joint administrative rules review committee on whether an agency reasonably assessed the costs of a proposed rule and reduced the costs for small business as required by chapter 19.85 RCW;

4. Organize and chair a state rules coordinating committee, consisting of agency rules coordinators and interested members of the public, to develop an education and training program that includes, among other components, a component that addresses voluntary compliance, for agency personnel responsible for rule development and implementation. The business assistance center shall submit recommendations to the department of personnel for an administrative procedures training program that is based on the sharing of interagency resources.
NEW SECTION. Sec. 16. The following acts or parts of acts are each repealed:
(1) RCW 19.85.010 and 1982 c 6 s 1;
(2) RCW 19.85.060 and 1989 c 374 s 5; and
(3) RCW 19.85.080 and 1992 c 197 s 2.

Sec. 17. RCW 34.05.620 and 1988 c 288 s 602 are each amended to read as follows:
Whenever a majority of the members of the rules review committee determines that a proposed rule is not within the intent of the legislature as expressed in the statute which the rule implements, or that an agency may not be adopting a proposed rule in accordance with all applicable provisions of law, including section 4 of this act and chapter 19.85 RCW, the committee shall give the affected agency written notice of its decision. The notice shall be given at least seven days prior to any hearing scheduled for consideration of or adoption of the proposed rule pursuant to RCW 34.05.320. The notice shall include a statement of the review committee's findings and the reasons therefor. When the agency holds a hearing on the proposed rule, the agency shall consider the rules review committee's decision.

Sec. 18. RCW 34.05.630 and 1993 c 277 s 1 are each amended to read as follows:
(1) All rules required to be filed pursuant to RCW 34.05.380, and emergency rules adopted pursuant to RCW 34.05.350, are subject to selective review by the legislature.
(2) The rules review committee may review an agency's use of policy statements, guidelines, and issuances that are of general applicability, or their equivalents to determine whether or not an agency has failed to adopt a rule or whether they are within the intent of the legislature as expressed by the governing statute.
(3) If the rules review committee finds by a majority vote of its members: (a) That an existing rule is not within the intent of the legislature as expressed by the statute which the rule implements, (b) that the rule has not been adopted in accordance with all applicable provisions of law, including section 4 of this act and chapter 19.85 RCW, (c) that an agency is using a policy statement, guideline, or issuance in place of a rule, or (d) that the policy statement, guideline, or issuance is outside of legislative intent, the agency affected shall be notified of such finding and the reasons therefor. Within thirty days of the receipt of the rules review committee's notice, the agency shall file notice of a hearing on the rules review committee's finding with the code reviser and mail notice to all persons who have made timely request of the agency for advance notice of its rule-making proceedings as provided in RCW 34.05.320. The agency's notice shall include the rules review committee's findings and reasons thereof, and shall be published in the Washington state register in accordance with the provisions of chapter 34.08 RCW.
(4) The agency shall consider fully all written and oral submissions regarding whether the rule in question is within the intent of the legislature as expressed by the statute which the rule implements, (b) whether the rule was adopted in accordance with all applicable provisions of law, including section 4 of this act and chapter 19.85 RCW, (c) whether the agency is using a policy statement, guideline, or issuance in place of a rule, or (d) whether the policy statement, guideline, or issuance is within the legislative intent.

Sec. 19. RCW 1992 c 197 s 601 and 1993 c 277 s 2 are each amended to read as follows:
(1) Within seven days of an agency hearing held after notification of the agency by the rules review committee pursuant to RCW 34.05.620 or 1993 c 277 s 2, the affected agency shall notify the committee of its action on a proposed or existing rule to which the committee objected or on a committee finding of the agency's failure to adopt rules. If the rules review committee determines, by a majority vote of its members, that the agency has failed to provide for the required hearings or notice of its action to the committee, the committee may file notice of its objections, together with a concise statement of the reasons therefor, with the code reviser within thirty days of such determination.
(2) If the rules review committee finds, by a majority vote of its members: (a) That the proposed or existing rule in question has not been modified, amended, withdrawn, or repealed by the agency so as to conform with the intent of the legislature, or (b) that an existing rule was not adopted in accordance with all applicable provisions of law, including section 4 of this act and chapter 19.85 RCW, or (c) that the agency is using a policy statement, guideline, or issuance in place of a rule, or that the policy statement, guideline, or issuance is outside of the legislative intent, the rules review committee may, within thirty days from notification by the agency of its action, file with the code reviser notice of its objections together with a concise statement of the reasons therefor. Such notice and statement shall also be provided to the agency by the rules review committee.
(3) If the rules review committee makes an adverse finding under subsection (2) of this section, the committee may, by a two-thirds vote of its members, recommend suspension of an existing rule. Within seven days of such vote the committee shall transmit to the appropriate standing committees of the legislature, the governor, the code reviser, and the agency written notice of its objection and recommended suspension and the concise reasons thereof. Within thirty days of receipt of the notice, the governor shall transmit to the committee, the code reviser, and the agency written approval or disapproval of the recommended suspension. If the suspension is approved by the governor, it is effective from the date of that approval and continues until ninety days after the expiration of the next regular legislative session.
(4) If the governor disapproves the recommendation of the rules review committee to suspend the rule, the transmittal of such decision, along with the findings of the rules review committee, shall be treated by the agency as a petition by the rules review committee to repeal the rule under RCW 34.05.330.
(5) The code reviser shall publish transmittals from the rules review committee or the governor issued pursuant to subsection (1), (2), or (3) of this section in the Washington state register and shall publish in the next supplement and compilation of the Washington Administrative Code a reference to the committee's objection or recommended suspension and the governor's action on it and to the issue of the Washington state register in which the full text thereof appears.
(6) An election by the rules review committee to recommend suspension of a rule, whether or not the suspension is approved by the governor, establishes a presumption in any subsequent judicial review of the rule that the rule is invalid. The burden of demonstrating the rule's validity is then on the adopting agency.

Sec. 20. RCW 34.05.660 and 1988 c 288 s 606 are each amended to read as follows:
Except as provided in RCW 34.05.640(6), it is the express policy of the legislature that establishment of procedures for review of administrative rules by the legislature and the notice of objection required by RCW 34.05.630(2) and 34.05.640(2) in no way serves to establish a presumption as to the legality or constitutionality of a rule in any subsequent judicial proceedings interpreting such rules.

NEW SECTION. Sec. 21. The following acts or parts of acts are each repealed:
(1) RCW 1992 c 197 s 197 s 3; and
(2) RCW 34.05.660 and 1992 c 4 s 4.

NEW SECTION. Sec. 22. The department of community, trade, and economic development shall develop a standardized format for reporting information that is commonly required from the public by state and local government agencies for permits, licenses, approvals, and services. In the development of the format, the department shall work in conjunction with representatives from state and local government agencies and representatives of the business community.

The department shall submit the standardized format together with recommendations for implementation to the legislature by December 31, 1994.
A statement of deficiency shall specify: (a) The particular rule violated; (b) the steps the entity must take to comply with the rule; (c) agency personnel designated by the agency to provide technical assistance regarding compliance with the rule; and (d) a date by which the entity is required to comply with the rule. The date specified shall provide a reasonable period of time for the entity to comply with the rule, considering the size of the entity, its available resources, and the threat posed by the violation. If the entity fails to comply with the rule by the date specified, it shall be subject to the penalty otherwise provided in law.

Subsection (2) of this section shall not apply to any violation that places a person in danger of death or substantial bodily harm, is causing or is likely to cause significant environmental harm, or has caused or is likely to cause physical damage to the property of others in an amount exceeding one thousand dollars. With regard to a statute or rule requiring the payment of a tax, subsection (1) of this section shall not apply when a business entity has paid less than eighty-five percent of the tax actually owed.

(5) The state, the agency, and officers or employees of the state shall not be liable for damages to any person to the extent that liability is asserted to arise from the technical assistance provided under this section, or if liability is asserted to arise from the failure of the agency to supply technical assistance.

(6) Where a state agency has been delegated authority to enforce federal rules, the agency shall submit a written petition to the appropriate federal agency for authorization to comply with this section for all inspections while retaining the state's federal delegation. In such cases, this section applies only to the extent authorized by the appropriate federal agency.

NEW SECTION. Sec. 24. A new section is added to chapter 4.84 RCW to read as follows:

Unless the context clearly requires otherwise, the definitions in this section apply throughout sections 24 through 26 and 27 of this act.

(1) "Agency" means agency as defined by chapter 34.05 RCW.

(2) "Fees and other expenses" includes the reasonable expenses of expert witnesses, the reasonable cost of a study, analysis, engineering report, test, or project that is found by the court to be necessary for the preparation of the party's case, and reasonable attorneys' fees. Reasonable attorneys' fees shall be based on the prevailing market rates for the kind and quality of services furnished, except that (a) no expert witness may be compensated at a rate in excess of the highest rates of compensation for expert witnesses paid by the state of Washington, and (b) attorneys' fees shall not be awarded in excess of one hundred fifty dollars per hour unless the court determines that an increase in the cost of living or a special factor, such as the limited availability of qualified attorneys for the proceedings involved, justifies a higher fee.

(3) "Judicial review" means a judicial review as defined by chapter 34.05 RCW.

POINT OF ORDER

Senator Fraser: "Mr. President, I raise a point of order. I believe that Section 23 of the proposed striking amendment from the committee exceeds the scope and object of the bill. Please look at the title of the bill and its content, and then, specifically, at Section 23. The title of the bill is an act relating to the implementation of the recommendation of the Governor's Task Force on Regulatory Reform.

"The bill as it comes to us from the House fits that title. It implements numerous specific recommendations in the Task Force Report. Section 23 of the striking amendment has as its predecessor Section 16 of the bill that came to us from the House. This section is consistent with the Task Force recommendations. It implements recommendations in the Report that are under the heading of Technical Assistance Without Penalty. In the Report's discussion of this topic, it says that the nature of the problem is as follows: People fear that if they ask the regulatory agencies for assistance and advice, they may receive a citation, fine or immediate compliance orders. This is because regulatory agencies may have rigid guidelines for enforcement in which both the inspector and the public are caught which discourages communication and helpfulness, so the recommendations, one through four, on page nine of the Report address this identified problem. Recommendation four of this set of recommendations clearly indicates that the scope of technical assistance envisioned by this recommendation relates to matters of a physical nature, such as environmental standards or workers safety standards. The language in recommendation four which is also in the house bill refers to vocabulary such as owner or operator of the facility—vis inspections; to observe violations; to a violation of places a person is in danger or is likely to cause physical damage to the property of others or cause significant environmental harm. The house bill itself refers to on-site consultation at industrial or commercial facilities. That is what Section 23 does.

"Now, the committee striking amendment would add two subjects. First, it adds the new subject of alternative approaches. This is a subject in the Task Force Report in a different section of the Report completely separate from technical assistance. Alternative approaches is found on page thirteen. In the Report, alternative approach refers to compliance with the law,
rather than with technical assistance on how to understand the law. Two different subjects. Specifically, the Report says alternative approaches are defined as alternative to the command and control approach to regulation which is one of directing behavior by setting standards and then having penalties. The Report makes it clear that the Task Force makes no recommendation on this subject of alternative approaches, either to the Governor or the Legislature. It is only recommendations that it create a Task Force to study this further and this is underscored by the transmittal letter to the Governor and the attachment to the Report. This is the reason why the new subject of alternative approaches is not found in the house bill--"

REPLY BY PRESIDENT PRITCHARD

President Pritchard: "Senator Fraser, we are under the three minute rule. Also, when you have--you might be summarizing--"

Senator Fraser: "O.K., my other point is the new subject relates to tax collection. There is nothing in the Task Force Report or the House Bill that gives any indication that they were talking about an entirely new approach to tax collection for fifteen percent of the revenues of major sources in the state. I urge you to consider this point of order."

Further debate ensued.

There being no objection, the President deferred further consideration of Engrossed Second Substitute House Bill No. 2510.

Debate ensued.

POINT OF INQUIRY

Senator McCaslin: "Senator Sutherland, on line 8, if we had an oral amendment that stated, 'if the person occupies one of the units,' would you support it then?"

Senator Sutherland: "Perhaps, if it stated that the person occupies it for a distinct period of time, let's say a year or so. Then there is some value at looking at that, but just to allow someone--when they apply for an electrical permit to say, 'Oh, I intend on living there,'--they could be saying that to a hundred units a year and they maybe, at one time, did sit in their bedroom or in their kitchen and say, 'Yeh, I might live there.' If we, in fact, said that they have to move in and they must occupy it as their principle residence for a duration of a year, then I think there is a lot more value in looking at this kind of thing."

Senator McCaslin: "You say there is value. Would you support it then if Senator Hochstatter offered that oral amendment to kind of put this together? I am kind of trying to be a peace-maker here, Senator. I would love to see this pass."

Senator Sutherland: "Senator McCaslin, you are always noted as a peace-maker. If your motion is to set the bill down for a while, so that we can take a look at an amendment that might have some match-making support, then let's take a look at that."

RULING BY THE PRESIDENT
President Pritchard: "In ruling upon the point of order raised by Senator Fraser, the President finds that Engrossed Second Substitute House Bill No. 2510 is a measure which makes changes in agency rulemaking processes and numerous other changes in regulatory matters, including changes in the compliance procedures for toxic waste and the ability of agencies to assess penalties for violations of rules and statutes.

“The Committee on Labor and Commerce striking amendment would also make numerous changes in regulatory matters, including the conditions under which agencies may assess penalties for violation of law or rule.

“The President, therefore, finds that the proposed amendment does not change the scope and object of the bill and the point of order is not well taken.”

The Committee on Labor and Commerce striking amendment to Engrossed Second Substitute House Bill No. 2510 was ruled in order.

MOTION

Senator Anderson moved that the following amendment by Senator Amondson to the Committee on Labor and Commerce striking amendment be adopted:

**NEW SECTION.** Sec. 2. The legislature finds that it has allowed state agencies to adopt administrative rules without sufficient guidance from the legislature, relying on general grants of authority rather than specific legislative policy direction. This has resulted in agency-initiated policy that has been adopted without the benefit of the public dialogue and accountability inherent to the legislative process. It is therefore the intent of the legislature in this act to lessen reliance on general grants of authority, limit agency rule making to those matters specifically authorized by the legislature, and that grants of rule-making authority be narrowly construed.

SECOND READING

ENGROSSED HOUSE BILL NO. 2347, by Representatives Morris, Horn, Bray and Springer (by request of Department of Community Development)

Changing the energy building code for glazing, doors, and skylights.

The bill was read the second time.

MOTIONS

On motion of Senator Sutherland, the following Committee on Energy and Utilities amendment was adopted:

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 19.27A.020 and 1990 c 2 is amended to read as follows:

(1) No later than January 1, 1991, the state building code council shall promulgate rules to be known as the Washington state energy code as part of the state building code.

(2) The council shall follow the legislature's standards set forth in this section to promulgate rules to be known as the Washington state energy code. The Washington state energy code shall be designed to require new buildings to meet a certain level of energy efficiency, but allow flexibility in building design, construction, and heating equipment efficiencies within that framework. The Washington state energy code shall be designed to allow space heating equipment efficiency to offset or substitute for building envelope thermal performance.

(3) The Washington state energy code shall take into account regional climatic conditions. Climate zone 1 shall include all counties not included in climate zone 2. Climate zone 2 includes: Adams, Chelan, Douglas, Ferry, Grant, Kittitas, Lincoln, Okanogan, Pend Oreille, Spokane, Stevens, and Whitman counties.

(4) The Washington state energy code for residential buildings shall require:

(a) New residential buildings that are space heated with electric resistance heating systems to achieve energy use equivalent to that used in typical buildings constructed with:
(ii) Ceilings insulated to a level of R-38. The code shall contain an exception which permits single rafter or joist vaulted ceilings insulated to a level of R-30 (R value includes insulation only); (iii) In zone 1, walls insulated to a level of R-19 (R value includes insulation only), or constructed with two by four members, R-13 insulation batts, R-3.2 insulated sheathing, and other normal assembly components; in zone 2 walls insulated to a level of R-24 (R value includes insulation only), or constructed with two by six members, R-22 insulation batts, R-3.2 insulated sheathing, and other normal construction assembly components; for the purpose of determining equivalent thermal performance, the wall U-value shall be 0.058 in zone 1 and 0.044 in zone 2; (iii) Below grade walls, insulated on the interior side, to a level of R-19 or, if insulated on the exterior side, to a level of R-10 in zone 1 and R-12 in zone 2 (R value includes insulation only); (iv) Floors over unheated spaces insulated to a level of R-30 (R value includes insulation only); (v) Slab on grade floors insulated to a level of R-10 at the perimeter; (vi) Double glazed windows with values not more than U-0.4; (vii) In zone 1 the glazing area may be up to one percent of floor area and in zone 2 the glazing area may be up to seventeen percent of floor area where consideration of the thermal resistance values for other building components and solar heat gains through the glazing result in thermal performance equivalent to that achieved with thermal resistance values for other components determined in accordance with the equivalent thermal performance criteria of (a) of this subsection and glazing area equal to fifteen percent of the floor area. Throughout the state for the purposes of determining equivalent thermal performance, the maximum glazing area shall be fifteen percent of the floor area; and (b) New residential buildings which are space-heated with all other forms of space heating to achieve energy use equivalent to that used in typical buildings constructed with: (i) Ceilings insulated to a level of R-30 in zone 1 and R-38 in zone 2 the code shall contain an exception which permits single rafter or joist vaulted ceilings insulated to a level of R-30 (R value includes insulation only); (ii) Walls insulated to a level of R-19 (R value includes insulation only), or constructed with two by four members, R-13 insulation batts, R-3.2 insulated sheathing, and other normal assembly components; (iii) Below grade walls, insulated on the interior side, to a level of R-19 or, if insulated on the exterior side, to a level of R-10 in zone 1 and R-12 in zone 2 (R value includes insulation only); (iv) Floors over unheated spaces insulated to a level of R-19 in zone 1 and R-30 in zone 2 (R value includes insulation only); (v) Slab on grade floors insulated to a level of R-10 at the perimeter; (vi) Heat pumps with a minimum heating season performance factor (HSPF) of 6.8 or with all other energy sources with a minimum annual fuel utilization efficiency (AFUE) of seventy-eight percent; (vii) Double glazed windows with values not more than U-0.65 in zone 1 and U-0.60 in zone 2. The state building code council, in consultation with the state energy office, shall review these U-values, and, if economically justified for consumers, shall amend the Washington state energy code to improve the U-values by December 1, 1993. The amendment shall not take effect until July 1, 1994; and (viii) In zone 1, the maximum glazing area shall be twenty-one percent of the floor area... In zone 2 the maximum glazing area shall be seventy percent of the floor area. Throughout the state for the purposes of determining equivalent thermal performance, the maximum glazing area shall be fifteen percent of the floor area. (c) For log built homes with space heat other than electric resistance, the building code council shall establish equivalent thermal performance standards consistent with the standards and maximum glazing areas of (b) of this subsection. (d) The state building code council may approve an energy code for pilot projects of residential construction that use innovative energy efficiency technologies intended to result in savings that are greater than those realized in the levels specified in this section. (e) U-values for glazing shall be determined using the area weighted average of all glazing in the building. (f) Certified energy ratings shall be conducted by a certified, independent agency licensed by the NRC. The state building code council may develop and adopt alternative methods of determining, certifying, and labeling U-values for vertical glazing that may be used by fenestration manufacturers if determined to be appropriate by the council. The state building code council shall consider the adoption of the NFRC standards for determining, certifying, and labeling U-values for doors and skylights when developed and published by the NFRC. The state building code council may develop and adopt appropriate alternative methods for determining, certifying, and labeling U-values for windows and skylights determined, certified, and labeled in accordance with the appropriate NFRC standard shall be acceptable for compliance with the state energy code. Sealed insulation glass, where used, shall conform to or be in the process of being tested for ASTM E-774-B1 (similar class A or better. (the state building code council shall maintain a list of the testedU., values for glazing products available in the state.))

(6) The minimum state energy code for new nonresidential buildings shall be the Washington state energy code, 1986 edition, as amended.

(7) (a) Except as provided in (b) of this subsection, the Washington state energy code for residential structures shall preempt the residential energy code of each city, town, and county in the state of Washington. (b) The state energy code for residential structures does not preempt a city, town, or county's energy code for residential structures which exceeds the requirements of the state energy code and which was adopted by the city, town, or county prior to March 1, 1990. Such cities, towns, or counties may not subsequently amend their energy code for residential structures to exceed the requirements adopted prior to March 1, 1990. (c) The state building code council shall consult with the state energy office as provided in RCW 34.05.310 prior to publication of proposed rules. The state energy office shall review the proposed rules for consistency with the guidelines adopted in subsection (4) of this section. The director of the state energy office shall recommend to the state building code council any changes necessary to conform the proposed rules to the requirements of this section.

(8) The state building code council shall conduct a study of county and city enforcement of energy codes in the state. In conducting the study, the council shall conduct public hearings at designated council meetings to seek input from interested individuals and organizations, and to the extent possible, hold these meetings in conjunction with adopting rules under this section. The study shall include recommendations as to how code enforcement may be improved. The findings of the study shall be submitted in a report to the legislature no later than January 1, 1991. (9) Any electric utility providing service in the state of Washington (10) Any electric utility providing service in the state of Washington (11) Any electric utility providing service in the state of Washington

POINT OF INQUIRY

Senator West: “Senator Vognild, this relates to advertising in directories, the yellow pages and other advertisements. Is that this bill?”

Senator Vognild: “Any periodicals, yes.”

Senator West: “In a similar statute dealing with contractor’s registration and contractor’s registration publishing their numbers—the phone company has said that they have to also publish that number in the white pages, not just the yellow pages, because that is considered another directory where advertisement is placed. Is it your intent that we are going to require a line listing in the white pages to also have the contractor’s number or is it simply limited to advertising?”

Senator Vognild: “It would be my intent that the companies be required to follow the rules the U.T.C. has laid down for legitimate companies operating in the state today.”

Senator West: “Well, I’m trying to get a clarification. Are we going to require people to put this in the white pages or the yellow pages? The yellow pages are fine with me, but the white pages or the yellow pages?”

Senator Vognild: “I do not know. I’m sorry that I cannot answer the question as to what the requirements that are placed on the legitimate companies operating today. If that is the requirement, then, yes, they would be required to meet the same requirements.”

Senator West: “Thank you.”

SECOND READING

Allowing retired teachers to work in educational institutions for ninety days per school year without a reduction in benefits.

The bill was read the second time.

MOTIONS

On motion of Senator Pelz, the following Committee on Education amendment was adopted: Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. The legislature finds that there is a shortage of certificated substitute teachers in many regions of the state, and that this shortage will likely increase in the coming years. The legislature further finds that one method of reducing this shortage of substitute teachers is to encourage retired teachers to serve as substitutes by increasing the number of days they can work without affecting their retirement payments.

Sec. 2. RCW 41.32.570 and 1989 c 273 s 29 are each amended to read as follows:
(1) Any retired teacher who enters service in any public educational institution in Washington state shall cease to receive pension payments while engaged in such service: PROVIDED, That service may be rendered up to seventy-five days per school year without reduction of pension.

(2) In addition to the seventy-five days of service permitted under subsection (1) of this section, a retired teacher may also serve only as a substitute teacher for up to an additional fifteen days per school year without reduction of pension if:

(a) A school district, which is not a member of a multidistrict substitute cooperative, determines that it has exhausted or can reasonably anticipate that it will exhaust its list of qualified and available substitutes and the school board of the district adopts a resolution to make its substitute teachers who are retired teachers eligible for the additional fifteen days of extended service once the list of qualified and available substitutes has been exhausted. The resolution by the school district shall state that the services of retired teachers are necessary to address the shortage of qualified and available substitutes. The resolution shall be valid only for the school year in which it is adopted. The district shall forward a copy of the resolution with a list of retired teachers who have been employed as substitute teachers to the department and may notify the retired teachers included on the list of their right to take advantage of the provisions of this subsection;

(b) A multidistrict substitute cooperative determines that the school districts have exhausted or can reasonably anticipate that they will exhaust their list of qualified and available substitutes and each of the school boards adopts a resolution to make their substitute teachers who are retired teachers eligible for the extended service once the list of qualified and available substitutes has been exhausted. The resolutions by each of the school districts shall state that the services of retired teachers are necessary to address the shortage of qualified and available substitutes. The resolutions shall be valid only for the school year in which they are adopted. The cooperative shall forward a copy of the resolutions with a list of retired teachers who have been employed as substitute teachers to the department and may notify the retired teachers included on the list of their right to take advantage of the provisions of this subsection.

(3) Subsection (1) of this section shall apply to all persons governed by the provisions of plan I, regardless of the date of their retirement, but shall apply only to benefits payable after June 11, 1986.

(4) Subsection (2) of this section shall apply to all persons governed by the provisions of plan I, regardless of the date of their retirement, but shall only apply to benefits payable after September 1, 1994.

On motion of Senator Pelz, the rules were suspended, Engrossed Substitute House Bill No. 1182, as amended by the Senate, was advanced to third reading, the second reading considered the third and the bill was placed on final passage.

POINT OF INQUIRY

Senator Winsley: “Senator Pelz, in subsection 2 of the bill, it authorizes the school board or each school board in a multi-district substitute cooperative to pass a resolution which allows substitute teachers who are retired teachers to exceed the seventy-five days of service. Could the board resolution define the shortage of qualified and available substitutes to be in specific areas? For instance, could the shortage be stated as a lack of qualified and available substitutes in any one or more grade levels or subject areas, such as secondary mathematics, elementary P.E. etc.?”

Senator Pelz: “Yes, the local school board or each school board in a multi-district substitute cooperative may, through this resolution, define the shortage as they know it to exist. The resolution may declare a shortage in all substitute areas or in specific grade levels or subject areas.”

The President declared the question before the Senate to be the roll call on the final passage of Engrossed Substitute House Bill No. 1182, as amended by the Senate.

SECOND READING

SUBSTITUTE HOUSE BILL NO. 1743, by House Committee on Environmental Affairs (originally sponsored by Representatives Flemming, Horn, Rust, Linville, Valle and J. Kohl)

Establishing a pilot multimedia program for pollution prevention.

The bill was read the second time.

MOTIONS

On motion of Senator Fraser, the following Committee on Ecology and Parks amendment was adopted:

On page 1, line 5, after "follows:" strike everything through "department." on page 2, line 16, and insert the following:

“(1) Not later than January 1, 1995, the department shall designate an industry type and up to ten individual facilities within that industry type to be the focus of a pilot multimedia program. The program shall be designed to coordinate department actions related to environmental permits, plans, approvals, certificates, registrations, technical assistance, and inspections. The program shall also investigate the feasibility of issuing facility-wide permits. The director shall determine the industry type and facilities based on:

(a) A review of at least three industry types; and
(b) Criteria which shall include at least the following factors:
   (i) The potential for the industry to serve as a state-wide model for multimedia environmental programs including pollution prevention;
   (ii) Whether the industry type is subject to regulatory requirements relating to at least two of the following subject areas: Air quality, water quality, or hazardous waste management;
   (iii) The existence within the industry type of a range of business sizes; and
   (iv) Voluntary participation in the program.

(2) Not later than January 1, 1997, the department shall submit to the governor and the appropriate standing committees of the legislature:

(a) A report evaluating the pilot multimedia program. The report shall consider the program's effect on the efficiency and effectiveness of program delivery and shall evaluate the feasibility of expanding the program to other industry types; and

(b) A report analyzing the feasibility of a facility-wide permit program.

(3) In developing the program, the department shall consult with and seek the cooperation of the environmental protection agency.

(4) For purposes of this section, "facility-wide permit" means a single multimedia permit issued by the department to the owner or operator of a facility incorporating the permits and any other relevant department approvals previously issued to the owner or operator or currently required by the department.

On motion of Senator Fraser, the following Committee on Ecology and Parks amendment was adopted:

On page 2, after line 16, insert the following:

NEW SECTION. Sec. 2. The purpose of sections 2 through 6 of this act is to establish a pilot program to encourage environmental permit program efficiency and pollution prevention through increased private sector participation in the preparation of wastewater discharge permits and performance of wastewater discharge permit compliance assurance activities currently administered by the department of ecology.

The legislature recognizes that pollution prevention can often be accomplished through cooperative partnerships between government and industry and through voluntary changes in industrial production methods. By utilizing expertise available in the private sector, the pilot program provided for in sections 2 through 6 of this act is intended to reduce the backlog of expired wastewater discharge permits and increase the frequency of compliance assurance activities in order to better protect the water quality of the state.

The legislature intends that the pilot program be implemented without an increase in government expenditures. The legislature also intends that the pilot program be implemented through the use of technical assistance and administrative guidelines. It is not the intent of this act to authorize additional rule making.

The provisions in this act do not affect the authority of the department to bring enforcement actions, nor do they affect provisions in existing law for public participation and rights of appeal of permit decisions.

NEW SECTION. Sec. 3. A new section is added to chapter 90.48 RCW to read as follows:

(1) For the period beginning July 1, 1994, and ending July 1, 1996, the department shall conduct a pilot program to test the feasibility and effectiveness of allowing certain industries which require a permit, renewal, or modification under RCW 90.48.260 to submit a draft permit and fact sheet in lieu of an application form.

(2) In implementing the pilot program, the department shall:

(a) Establish criteria for types of applicants that are eligible to submit draft permits and fact sheets. Such criteria shall include:
   (i) Consideration of the applicant's compliance history; and
   (ii) The potential for the industry to serve as a model for increased private sector participation in permit preparation;

(b) Develop guidelines specifying the elements of a complete draft permit and fact sheet;

(c) Make available a list of approved contractors with whom applicants may contract for draft permit preparation; and

(d) Document cost and time savings resulting from draft permit preparation by applicants and reflect these savings in the next revision of permit fees for such applicants. Any reduction in fees for permitees participating in the pilot program shall not cause an increase in fees for other permitees.

Nothing in this section affects the requirements for public participation and right of appeal under RCW 90.48.260 and chapter 43.21B RCW. The department shall retain full authority under this chapter to approve, modify, or disapprove any draft permit or fact sheet submitted under this section.

NEW SECTION. Sec. 4. A new section is added to chapter 90.48 RCW to read as follows:
(1) Beginning July 1, 1994, and ending July 1, 1996, the department shall conduct a pilot program to test the feasibility and effectiveness of allowing industrial permittees to contract with private consultants for the performance of annual compliance inspections required of major dischargers under federal law. As part of the program, the department shall allow at least ten major dischargers to contract directly with a consultant identified pursuant to subsection (2) of this section for the performance of annual compliance inspections.

(2) The department shall:
(a) Upon request of a permittee, approve individual permittees who are eligible to hire contractors for compliance inspections. In making this determination, the department shall consider the permittee’s compliance history and the potential for the facility to serve as a model for private sector cooperation in pollution prevention;
(b) Make available a list of approved contractors with whom permittees may contract for compliance inspections. Before receiving approval from the department, such firms shall sign an agreement with the department stating that: (i) They will be available to participate in any legal proceedings that may arise as a result of conducting such inspections for four years after the inspection; and (ii) they will not accept employment for purposes other than conducting inspections with any firm they or their business have inspected for four years after the final report of the inspection; and
(c) Document the time and cost savings resulting from privately contracted inspections and reflect these savings in the next revision of permit fees for such permittees. Any reduction in fees for permittees participating in the pilot program shall not cause an increase in fees for other permittees.

(3) To be eligible under this section, the discharger shall agree that the information obtained as part of compliance inspections contracted pursuant to this section shall not be subject to attorney-client privilege. The report of such inspections shall be submitted concurrently to both the permittee and the department.

(4) Nothing in this section affects the authority of the department to bring enforcement actions under this chapter.

NEW SECTION. Sec. 5. By July 1, 1995, the department shall provide an interim report to the legislature evaluating the effectiveness of the pilot program authorized in sections 3 and 4 of this act. A final report shall be submitted by December 1, 1996.

NEW SECTION. Sec. 6. If any part of this act if found to be in conflict with federal requirements, the conflicting part of this act is inoperative solely to the extent of the conflict and with respect to the agencies directly affected, and this finding does not affect the operation of the remainder of this act in its application to the agencies concerned."

MOTION

Senator Franklin moved that the following amendment by Senators Franklin, Talmadge, Fraser, Prentice and Pelz be adopted:

On page 2, line 16, after “department” insert the following:

“NEW SECTION. Sec. 2. Unless the context clearly requires otherwise, the definitions in this section apply throughout sections 3 through 4 of this act.

(1) “Environmental facility” means a facility that has:
(a) Reported under the toxic release inventory (section 313) of the federal emergency planning and community right-to-know act (P.L. 99-499, Title III); or
(b) Been placed on the hazardous sites list, as maintained by the department of ecology, pursuant to RCW 70.105D.030; or
(c) Interim status or a final permit from either the department of ecology or the environmental protection agency as a treatment, storage, or disposal facility.

(2) “Low-income community” means any census tract or subdivision thereof in which thirty percent or more of the population lives below the federal poverty level.

(3) “Minority community” means any census tract or subdivision thereof that includes twenty-five percent or more of any racial or ethnic group.

(4) “Toxic chemicals” means any substance reported under the toxic release inventory (section 313) of the federal emergency planning and community right-to-know act (P.L. 99-499, Title III) on the effective date of this section.

(5) “Tract” means any census tract or block numbering area identified and designated in the state by the United States census bureau in the latest census available.

NEW SECTION. Sec. 3. By June 30, 1995, the department of ecology and the department of health shall jointly prepare a report to the legislature providing information on the distribution of reported toxic chemical releases and environmental facilities in relation to minority and low-income census tracts. The report shall include the following elements:

(1) A breakdown of the population by race and ethnicity, and the percentage of persons below the federal poverty level for each census tract;

(2) A survey indicating the location and types of permitted environmental facilities located within each census tract in the state;

(3) A list of tracts ranked in order of the amount of toxic chemicals released during the most recent five years based on information reported in the toxic release inventory required under the federal emergency planning and community right-to-know act. For the purposes of this study, the fifty tracts with the highest total toxic releases shall be referred to as “environmental high impact areas”;

(4) Recommendations on further studies and/or actions that could be taken by the legislature or the departments of ecology and health to address environmental equity concerns.

NEW SECTION. Sec. 4. The study authorized under section 3 of this act shall not apply to toxic substances releases or environmental facilities associated with agricultural operations, including those that use, store, or dispose of pesticides or herbicides."

POINT OF ORDER

Senator Amondson: “I would like to raise the scope and object on this amendment. On New Section 3, as I understand the bill, the bill is to establish a multimedia program for pollution prevention and Section 3 expands the scope with respect to a survey indicating the location and types of permitted environmental facilities located within each census tract in the state. New Section 4 says that it does not apply to agricultural operations, but it would apply to ports and other facilities, so I think it does expand the scope and object of the bill.”
Further debate ensued. There being no objection, the President deferred further consideration of Substitute House Bill No. 1743.

The provisions of this chapter shall be liberally construed to the end that traffic, wrecked vehicles and the bill deals with junk vehicles. The parts, how can you repair them, how can you title them. The amendment by Senator Erwin deals with what you do with significant damaged vehicles. It talks about how you use the parts, how can you repair them, how can you title them. In other words, the amendment is an amendment that deals with wrecked vehicles and the bill deals with junk vehicles. There is a major difference between those two factors. Junk vehicles are just that. They are a nuisance, they are an eyesore and they are something that people can't get rid of. Wrecked vehicles have value and one of the pieces in the bill is that the junk vehicle must not have a value.

(2) On the first day of the months of January, April, July, and October of each year, the state treasurer based upon information provided by the department shall, from motor vehicle excise taxes deposited in the general fund, under RCW 82.44.110(1)(g), make the following deposits:

(a) To the high capacity transportation account created in RCW 47.78.010, a sum equal to four and five hundred thousand of the special excise tax levied under RCW 35.58.273 by those municipalities authorized to levy a special excise tax within (i) each county with a population of two hundred ten thousand or more and (ii) each county with a population of from one hundred twenty-five thousand to less than two hundred ten thousand except for those counties that do not border a county with a population as described in subsection (i) of this subsection.

(b) To the central Puget Sound public transportation account created in RCW 82.44.180, for revenues distributed after December 31, 1992, within a county with a population of one million or more and a county with a population of from two hundred thousand to less than one million bordering a county with a population of one million or more, a sum equal to the difference between (i) the special excise tax levied and collected under RCW 35.58.273 by those municipalities authorized to levy and collect a special excise tax subject to the requirements of subsections (3) and (4) of this section and (ii) the special excise tax that the municipality would otherwise have been eligible to levy and collect at a tax rate of .815 percent and been able to match with locally generated tax revenues, other than the excise tax imposed under RCW 35.58.273, budgeted for any public transportation purpose. Before this deposit, the sum shall be reduced by an amount equal to the amount distributed under (a) of this subsection for each of the municipalities within the counties to which this subsection (2)(b) applies; however, any transfer under this subsection (2)(b) must be greater than zero;

(c) To the public transportation systems account created in RCW 82.44.180, for revenues distributed after December 31, 1992, within counties not described in (b) of this subsection, a sum equal to the difference between (i) the special excise tax levied and collected under RCW 35.58.273 by those municipalities authorized to levy and collect a special excise tax subject to the requirements of subsections (3) and (4) of this section and (ii) the special excise tax that the municipality would otherwise have been eligible to levy and collect at a tax rate of .815 percent and been able to match with locally generated tax revenues, other than the excise tax imposed under RCW 35.58.273, budgeted for any public transportation purpose. Before this deposit, the sum shall be reduced by an amount equal to the amount distributed under (a) of this subsection for each of the municipalities within the counties to which this subsection (2)(c) applies; however, any transfer under this subsection (2)(c) must be greater than zero; and

(d) To the general fund, for revenues distributed after June 30, 1993, and to the transportation fund, for revenues distributed after June 30, 1995, a sum equal to the difference between (i) the special excise tax levied and collected under RCW 35.58.273 by those municipalities authorized to levy and collect a special excise tax subject to the requirements of subsections (3) and (4) of this section and (ii) the special excise tax that the municipality would otherwise have been eligible to levy and collect at a tax rate of .815 percent notwithstanding the requirements set forth in subsections (3) through (6) of this section, reduced by an amount equal to distributions made under (a), (b), and (c) of this subsection and section 2 of this act.

(3) On the first day of the months of January, April, July, and October of each year, the state treasurer, based upon information provided by the department, shall remit motor vehicle excise tax revenues imposed and collected under RCW 35.58.273 as follows:

(a) The amount required to be remitted by the state treasurer to the treasurer of any municipality levying the tax shall not exceed in any calendar year the amount of locally-generated collected tax revenues, excluding (i) the excise tax imposed under RCW 35.58.273 for the purposes of this section, which have been budgeted by the municipality to be collected in such calendar year for any public transportation purposes including but not limited to operating costs, capital costs, and debt service on general obligation or revenue bonds issued for these purposes; and (ii) the sales and use tax equalization distributions provided under section 2 of this act; and

(b) In no event may the amount remitted in a single calendar quarter exceed the amount collected on behalf of the municipality under RCW 35.58.273 during the calendar quarter next preceding the immediately preceding quarter, excluding the sales and use tax equalization distributions provided under section 2 of this act.

(4) At the close of each calendar year accounting period, but not later than April 1, each municipality that has received motor vehicle excise taxes under subsection (3) of this section shall transmit to the director of licensing and the state auditor a written report showing by source the previous year's budgeted tax revenues for transportation purposes as compared to actual collections. Any municipality that has not submitted the report by April 1 shall cease to be eligible to receive motor vehicle excise taxes under subsection (3) of this section until the report is received by the director of licensing. If a municipality has received more or less money under subsection (3) of this section for the period covered by the report than it is entitled to receive by reason of its locally-generated collected tax revenues, the director of licensing shall, during the next ensuing quarter that the municipality is eligible to receive motor vehicle excise tax funds, increase or decrease the amount to be remitted in an amount equal to the difference between the locally-generated budgeted tax revenues and the locally-generated collected tax revenues. In no event may the amount remitted for a calendar year exceed the amount collected on behalf of the municipality under RCW 35.58.273 during that same calendar year excluding the sales and use tax equalization distributions provided under section 2 of this act.

(5) The motor vehicle excise taxes imposed under RCW 35.58.273 and required to be remitted under this section and section 2 of this act shall be remitted without legislative appropriation.

(6) Any municipality levying a tax and collecting a tax under RCW 35.58.273 which does not have an operating, public transit system or a contract for public transportation services in effect within one year from the initial effective date of the tax shall return to the state treasurer all motor vehicle excise taxes received under subsection (3) of this section.

NEW SECTION. Sec. 2. A new section is added to chapter 82.14 RCW to read as follows:

The bill was read the second time.
under RCW 35.95.040, and excise taxes under RCW 35.95.040, shall be eligible for sales and use tax equalization payments from motor vehicle excise taxes distributed under RCW 82.44.150 as follows:

(1) Prior to January 1st of each year the department of revenue shall determine the total and the per capita levels of revenues for each municipality imposing local transit taxes and the state-wide weighted average per capita level of sales and use tax revenues imposed under chapters 82.08 and 82.12 RCW, for the previous calendar year calculated for a tax rate of one-tenth percent. The actual tax rate for local transit taxes collected under RCW 82.14.045 shall be the sales and use tax rate. The actual tax rate for local transit taxes collected under RCW 35.95.040 shall be the sales and use tax rate that would generate an amount of revenue equivalent to the amount collected under RCW 35.95.040, or six-tenths percent, whichever is less.

(2) For each tenth of one percent of local transit taxes the state treasurer shall apportion to each municipality receiving less than eighty percent of the state-wide weighted average per capita level of sales and use tax revenues imposed under chapters 82.08 and 82.12 RCW as determined by the department of revenue under subsection (1) of this section, an amount when added to the per capita level of revenues received the previous calendar year by the municipality, to equal eighty percent of the state-wide weighted average per capita level of revenues determined under subsection (1) of this section. In no event may the sales and use tax equalization distribution to a municipality in a single calendar year exceed fifty percent of the amount of local transit taxes collected during the prior calendar year.

(3) For a municipality established after January 1, 1995, sales and use tax equalization distributions shall be made according to the procedures in this subsection. Sales and use tax equalization distributions to eligible new municipalities shall be made at the same time as distributions are made under subsection (2) of this section. The department of revenue shall follow the estimating procedures outlined in this subsection until the new municipality has received a full year's worth of revenues as of the January sales and use tax equalization distribution.

(a) Whether a newly established municipality determined to receive funds under this subsection receives its first equalization payment at the January, April, July, or October sales and use tax equalization distribution shall depend on the date the system first imposes local transit taxes. (b) A newly established municipality imposing local transit taxes taking effect during the first calendar quarter shall be eligible to receive funds under this subsection beginning with the July sales and use tax equalization distribution of that year. (iii) Prorate the amount determined under (b)(ii) of this subsection by the number of months the local transit taxes are imposed.

(iv) A newly established municipality imposing local transit taxes taking effect during the fourth calendar quarter shall be eligible to receive funds under this subsection beginning with the April sales and use tax equalization distribution of the next year.

(b) For purposes of calculating the amount of funds the new municipality should receive under this subsection, the department of revenue shall:

(i) Estimate the per capita amount of revenues from local transit taxes that the new municipality would have received had the municipality received revenues from the tax the entire calendar year;

(ii) Calculate the amount provided under subsection (2) of this section based on the per capita revenues determined under (b)(i) of this subsection;

(iii) Prorate the amount determined under (b)(ii) of this subsection by the number of months the local transit taxes are imposed.

(c) The department of revenue shall advise the state treasurer of the amounts calculated under (b) of this subsection and the state treasurer shall distribute these amounts to the new municipality from the motor vehicle excise tax distributed under RCW 82.44.150(2)(d).

(d) Revenues estimated under this subsection shall not affect the calculation of the state-wide weighted average per capita level of revenues for all municipalities made under subsection (1) of this section.

(4) For an existing municipality imposing local transit taxes to take effect after January 1, 1995, sales and use tax equalization payments shall be made according to the procedures for newly established municipalities in subsection (3) of this section.

(5) A municipality that reduces the rate of local transit taxes after January 1, 1994, may not receive distributions under this section."

(2) The audit must include:

(a) An evaluation of the efficiency with which state agencies operate the programs under their jurisdictions and fulfill the duties assigned to them by law;

(b) A determination of methods to maximize the amount of federal funds received by the state in order to better ensure that the people of Washington receive a greater share of the taxes levied on them by the federal government;

(c) Identification of potential cost savings and of any state agency or any program or service now offered by an agency that can be eliminated or transferred to the private sector without injury to the public good and well-being;

Sec. 3. RCW 43.88.160 and 1993 c 500 s 7, 1993 c 406 s 4, and 1993 c 194 s 6 are each reenacted and amended to read as follows:

This section sets forth the major fiscal duties and responsibilities of officers and agencies of the executive branch. The regulations issued by the governor pursuant to this chapter shall provide for a comprehensive, orderly basis for fiscal management and control, including efficient accounting and reporting therefor, for the executive branch of the state government and may include, in addition, such requirements as will generally promote more efficient public management in the state.

(1) Governor; director of financial management. The governor, through the director of financial management, shall devise and supervise a modern and complete accounting system for each agency, reflecting all revenues, expenditures, resources, and obligations of the state shall be properly and systematically accounted for. The accounting system shall include the development of accurate, timely records and reports of all financial affairs of the state. The system shall also provide for central accounts in the office of financial management at the level of detail deemed necessary by the director to perform central financial management. The director of financial management shall adopt and periodically update an accounting procedures manual. Any agency maintaining its own accounting and reporting system shall comply with the updated accounting procedures manual and the rules of the director adopted under this chapter. An agency may receive a waiver from complying with this requirement if the waiver is approved by the director. Waivers expire at the end of the fiscal biennium for which they are granted. The director shall forward notice of waivers granted to the appropriate legislative fiscal committees. The director of financial management may require such financial, statistical, and other reports as the director deems necessary from all agencies covering any period.

(2) The director of financial management is responsible for quarterly reporting of primary operating budget drivers such as applicable workloads, caseload estimates, and appropriate unit cost data. These reports shall be transmitted to the legislative fiscal committees or by electronic means to the legislative evaluation and accountability program committee. Quarterly reports shall include actual monthly data and the variance between actual and estimated data to date. The reports shall also include estimates of these items for the remainder of the budget period.

(3) The director of financial management shall report at least annually to the appropriate legislative committees regarding the status of all appropriated capital projects, including transportation projects, showing significant cost overruns or underruns. If funds are shifted from one project to another, the office of financial management shall also reflect this in the annual variance report. Once a project is complete, the report shall provide a final summary showing estimated start and completion dates of each project phase compared to actual dates, estimated costs of each project phase compared to actual costs, and whether or not there are any outstanding liabilities or unsettled claims at the time of completion.

(4) In addition, the director of financial management, as agent of the governor, shall:

(a) Develop and maintain a system of internal controls and internal audits comprising methods and procedures to be adopted by each agency that will safeguard its assets, check the accuracy and reliability of its accounting data, promote operational efficiency, and encourage adherence to prescribed managerial policies for accounting and financial controls. The system developed by the director shall include criteria for determining the scope and comprehensiveness of internal controls required by classes of agencies, depending on the level of resources at risk.

(b) Make surveys and analyses of agencies with the object of determining better methods and increased effectiveness in the use of manpower and materials; and the director shall authorize expenditures for employee training to the end that the state may benefit from training facilities made available to state employees;

(c) Establish policies for allowing the contracting of child care services;

(d) Report to the governor with regard to duplication of effort or lack of coordination among agencies;
(e) Review any pay and classification plans, and changes thereunder, developed by any agency for their fiscal impact; PROVIDED, That none of the provisions of this subsection shall affect merit systems of personnel management now existing or hereafter established by statute relating to the fixing of qualifications requirements for recruitment, appointment, or promotion of employees of any agency. The director shall advise and confer with agencies including appropriate standing committees of the legislature as may be designated by the speaker of the house and the president of the senate regarding the fiscal impact of such plans and may amend or alter said plans, except that for the following agencies no amendment or alteration of said plan may be made without the approval of the agency concerned: Agencies headed by elective officials.

(f) Fix the number and classes of positions or authorized man years of employment for each agency and during the fiscal period amend the determinations previously fixed by the director except that the director shall not be empowered to fix said number or said classes for the following agencies headed by elective officials:

(g) Provide for transfers and repayments between the budget stabilization account and the general fund as directed by appropriation and RCW 43.88.525 through 43.88.540.

(h) Adopt rules to effectuate provisions contained in (a) through (g) of this subsection.

(i) The treasurer shall:

(a) Receive, keep, and disburse all public funds of the state not expressly required by law to be received, kept, and disbursed by some other persons: PROVIDED, That this subsection shall not apply to those public funds of the institutions of higher learning which are not subject to appropriation;

(b) Receive, disburse, or transfer public funds under the treasurer's supervision or custody;

(c) Keep a correct and current account of all moneys received and disbursed by the treasurer, classified by fund or account;

(d) Coordinate agencies' acceptance and use of credit cards and other payment methods, if the agencies have received authorization under RCW 43.41.180;

(e) Perform such other duties as may be required by law or by regulations issued pursuant to this law.

It shall be unlawful for the treasurer to disburse public funds in the treasury except upon forms or by alternative means duly prescribed by the director of financial management. These forms or alternative means shall provide for authentication and certification by the agency head or the agency head's designee that the services have been rendered; or, in the case of loans or grants, that the loans or grants are authorized by law; or, in the case of payments for periodic maintenance services to be performed on state owned equipment, that a written contract for said periodic maintenance services is currently in effect and copies thereof are on file with the office of financial management; and the treasurer shall not be liable under the treasurer's surety bond for erroneous or improper payments so made. When services are lawfully paid for in advance of full performance by any private individual or business entity other than Walgreens 42.24.035, such individual or entity other than central stores rendering such services shall make a cash deposit or furnish surety bond coverage to the state as shall be fixed in an amount by law, or if no law, by the director of the department of general administration but in no case shall such required cash deposit or surety bond be less than an amount which will fully indemnify the state against any and all losses on account of breach of promise to fully perform such services. No payments shall be made in advance for any equipment maintenance services to be performed more than three months after such payment. Any such bond so furnished shall be conditioned that the person, firm or corporation receiving the advance payment will apply it toward performance of the contract. The responsibility for recovery of erroneous or improper payments made under this section shall lie with the agency head or the agency head's designee in accordance with regulations issued pursuant to this chapter. Nothing in this section shall be construed to permit a public body to advance funds to a private service provider pursuant to a grant or loan before services have been rendered or material furnished.

(j) The state auditor shall:

(a) Report to the legislature the results of current post audits that have been made of the financial transactions of each agency; to this end the auditor may, in the auditor's discretion, examine the books and accounts of any agency, official or employee charged with the receipt, custody or safekeeping of public funds. Where feasible in conducting examinations, the auditor shall utilize data and findings from the internal control system prescribed by the office of financial management. The current post audit of each agency may include a section on recommendations to the legislature as provided in (c) of this subsection.

(b) Give information to the legislature, whenever required, upon any subject relating to the financial affairs of the state.

(c) Make the auditor's official report on or before the thirty-first of December which precedes the meeting of the legislature. The report shall be for the last complete fiscal period and shall include determinations as to whether agencies, in making expenditures, complied with the laws of this state. The state auditor is authorized to perform or participate in performance audits (only as expressly authorized by the legislature in the omnibus biennial appropriations acts)). A performance audit for the purpose of this section is (the evaluation of the effectiveness of the administration, its efficiency, and its adequacy in terms of the programs of departments or agencies as previously approved by the legislature) an audit that determines the following: Whether a government entity is acquiring, protecting, and using its resources economically and efficiently; the causes of inefficiencies or uneconomical practices; whether the entity has complied with laws and rules applicable to the program; the extent to which the desired results or benefits established by the legislature are being achieved; and the effectiveness of organizations, programs, activities, or functions. The state auditor, upon completing an audit for legal and financial compliance under chapter 43.09 RCW, may report to the legislative budget committee or other appropriate standing committees of the legislature and to the legislative budget committee, on facts relating to the management or performance of governmental programs (where such facts are discovered incidental to the legal and financial audit). The auditor may make such a report to a legislative committee only if the auditor has determined that the agency has been given an opportunity and has failed to resolve the management or performance issues raised by the auditor. If the auditor makes a report to a legislative committee, the agency may submit to the committee a response to the report. This subsection (d) shall not be construed to authorize the auditor to allocate other than de minimis resources to performance audits except as expressly authorized in the appropriations acts).

(d) Be empowered to take exception to specific expenditures that have been incurred by any agency or to take exception to other practices related in any way to the agency's financial transactions and to cause such exceptions to be made a matter of public record, including disclosure to the agency concerned and to the director of financial management. It shall be the duty of the director of financial management to cause corrective action to be taken promptly, such action to include, as appropriate, the withholding of funds as provided in RCW 43.88.110.

(e) Promptly report any irregularities to the attorney general.

(f) Investigate improper governmental activity under chapter 42.40 RCW.

(7) The legislative budget committee may:

(a) Make post audits of the financial transactions of any agency and management surveys and program reviews as provided for in RCW 44.28.085 as well as performance audits and program evaluations. To this end the committee may in its discretion examine the books, accounts, and other records of any agency, official, or employee.

(b) Give information to the legislature or any legislative committee whenever required upon any subject relating to the performance and management of state agencies.

(c) Make a report to the legislature which shall include at least the following:

(i) Determinations as to the extent to which agencies in making expenditures have complied with the will of the legislature and in connection, may take exception to specific expenditures or financial practices of any agencies; and

(ii) Plans as it deems expedient for the support of the state's credit, for lessening expenditures, for promoting frugality and economy in the public affairs and generally for an improved level of fiscal management.

Sec. 4. RCW 43.88.090 and 1993 c 406 s 3 are each amended to read as follows:

(a) For purposes of developing budget proposals to the legislature, the governor shall have the power, and it shall be the governor's duty, to require from state and legislative agencies officials such detailed estimates and other information in such form and at such times as the governor shall direct. The estimates for the legislature and the judiciary shall be transmitted to the governor and shall be included in the budget without revision. The estimates
for state pension contributions shall be based on the rates provided in chapter 41.45 RCW. Copies of all such estimates shall be transmitted to the standing committees on ways and means of the house and senate at the same time as they are filed with the governor and the office of financial management.

The estimates shall include statements or tables which indicate, by agency, the state funds which are required for the receipt of federal matching revenues. The estimates shall be revised as necessary to reflect legislative enactments and adopted appropriations and shall be included with the initial biennial allotment submitted under RCW 43.88.110. The estimates shall include consideration of recommendations made by the state auditor pursuant to a performance audit of the agency.

(2) It is the policy of the state that each state agency define its mission and establish measurable goals for achieving desirable results for those who receive its services. This section shall not be construed to require an agency to develop a new mission or goals in place of identifiable missions or goals that meet the intent of this section. State agencies should involve affected groups and individuals in developing their missions and goals.

(3) For the purpose of assessing program performance, each state agency shall establish program objectives for each major program in its budget. The objectives shall be consistent with the missions and goals developed under this section. The objectives shall be expressed to the extent practicable in outcome-based, objective, and measurable form unless permitted by the office of financial management to adopt a different standard.

(4) In concert with legislative and executive agencies, the office of financial management shall develop a plan for using these outcome-based objectives in the evaluation of agency performance for improved accountability of state government. Any elements of the plan requiring legislation shall be submitted to the legislature no later than November 30, 1994.

In the year of the gubernatorial election, the governor shall invite the governor-elect or the governor-elect's designee to attend all hearings provided in RCW 43.88.100; and the governor shall furnish the governor-elect or the governor-elect's designee with such information as will enable the governor-elect or the governor-elect's designee to gain an understanding of the state's budget requirements. The governor-elect or the governor-elect's designee may ask such questions during the hearings and require such information as the governor-elect or the governor-elect's designee deems necessary and may make recommendations in connection with any item of the budget which, with the governor-elect's reasons therefor, shall be presented to the legislature in writing with the budget document. Copies of all such estimates and other required information shall also be submitted to the standing committees on ways and means of the house and senate.

The President declared the question before the Senate to be the adoption of the amendment by Senator Cantu on page 2, after line 13, to Senate Bill No. 6601.

The motion by Senator Cantu failed and the amendment was not adopted.

MOTION

Senator McDonald moved that the following amendment be adopted:

On page 2, after line 13, insert the following:

(3) Primary deliberation regarding the purchase or delivery of services by state agencies, departments, and institutions focus upon strategies that foster cost controls and increased quality or service levels through the use of free market enterprise competition.

(Nothing contained in this chapter shall prohibit any department!) An agency, as defined in RCW 41.06.020, (from purchasing services by contract with individuals or business entities if such services were regularly purchased by valid contract by such department prior to April 23, 1979, PROVIDER, That no such contract may be executed or renewed if it would have the effect of terminating classified employees or classified employee positions existing at the time of the execution or renewal of the contract) may purchase services or the delivery of services through contracts with individuals or business entities. POINT OF ORDER

Senator Gaspard: "Mr. President, I rise to a point of order to question the scope and object of the amendment as presented by Senator McDonald. Further debate ensued.

There being no objection, the President deferred further consideration of Senate Bill No. 6601.

MOTION

On motion of Senator Anderson, Senator Cantu was excused.

(e) The minority leader of the house of representatives; and
(f) Two state-wide elected officials to be appointed by the governor.

(2) To the extent necessary to accomplish the purposes of this chapter, the council shall meet monthly. The council shall invite the chairs and ranking minority members of the senate committee on ways and means and the house of representatives committee on appropriations to attend and participate in the meetings of the council as necessary and appropriate. The council may also invite the chairs of other legislative committees to participate in meetings of the council.

(3) The governor, majority leader of the senate, and speaker of the house of representatives shall serve as cochairs of the council.

The council may also invite the chairs of other legislative committees to participate in meetings of the council.

(4) The council shall work in partnership to assure that the purposes and intent of this chapter are being met. The council shall establish clear expectations and measures of performance regarding implementation of the purpose and intent of this chapter. The council has decision-making
authority to authorize programs to accomplish the purposes of this chapter. The council will review recommendations from the operating committee established under section 4 of this act and make appropriate recommendations regarding statutory changes to the legislature.

(5) The council shall have the authority and responsibility to provide adequate resources to accomplish the objectives of this chapter, including the hiring of staff or the reallocation of existing staff. Decisions to reallocate existing staff from any agency shall be made only with the approval of the director of the agency.

(6) Within forty-five days of the effective date of this act, the council will appoint a full-time person to coordinate and facilitate the effort.

NEW SECTION. Sec. 4. PERFORMANCE PARTNERSHIP OPERATING COMMITTEE—ESTABLISHED—POWERS AND DUTIES. (1) Within thirty days of the effective date of this act, the performance partnership council shall appoint the performance partnership operating committee, with no more than twelve members, comprised of:

(a) The director of financial management;
(b) Directors of state agencies, including independent agencies and agencies that report directly to the governor;
(c) State employees and representatives of state employees;
(d) Representatives of the legislature; and
(e) Representatives of the private sector with expertise in organizational improvement strategies.

(2) Representatives of the private sector shall be appointed in equal number to representatives of the public sector. The director of financial management and a representative of the private sector, to be selected by the council, shall serve as co-chairs of the operating committee.

(3) The operating committee shall focus on the day-to-day operations of the improvement process and the allocation of necessary staff resources. The committee shall assure the planning, initiation, and implementation of the functions necessary to accomplish the purposes of this chapter, monitor assigned tasks, and consider and recommend short- and long-term improvement strategies to the performance partnership council.

(4) The operating committee shall ensure that the strategies and recommendations to accomplish the purposes of this chapter are developed primarily by front-line state employees and the customers of state government services. These assurances will be provided, in part, by facilitating work teams and design teams comprised of state employees, state employee organizations, customers, managers, legislators, or legislative employees, and experts from outside government to develop the strategies and accomplish the tasks required under sections 5, 6, and 7 of this act.

(5) Within sixty days of the effective date of this act, the operating committee shall recommend to the council a work plan and budget to accomplish the purposes of this chapter, with particular detail regarding the first twelve months. The operating committee shall also develop a thorough plan for internal and external communication to inform and activate the participants in the work. At the conclusion of the work, the council shall submit a report to the legislature.

NEW SECTION. Sec. 5. STATEMENT OF STRATEGIC INTENT. Working through the operating committee, the performance partnership council shall initiate a two-tracked process toward the long-term improvement of state government.

The first area of effort shall focus on clarifying and stating the strategic intent for Washington state government: What Washington state government should be doing at this current period in time. Included in the strategic intent for state government shall be a clear statement of the basic services that Washington state citizens desire, and the priorities and values which are centered on the customers of state government. The statement of intent, priorities, and values shall be developed within the context of revenue and expenditure limitations.

The council shall establish a process which effectively involves the customers and suppliers of state government services. The supplies are primarily state employees, but might include local government, private vendors of goods and services, and others as appropriate. The process shall be ongoing. The council shall prepare its initial statement of strategic intent for Washington state government by September 1, 1994, for recommendation to the 1995 legislature. The legislature shall either accept or reject, but cannot amend, the statement of strategic intent. The legislature shall take action on the initial recommendation by March 15, 1995. If the statement of strategic intent is not approved by the legislature, it shall be amended by the council and resubmitted.

The council shall recommend to the legislature an updated statement of strategic intent by September 1 of each even-numbered year for action by the legislature by March 15 in the following legislative session.

NEW SECTION. Sec. 6. IMPROVEMENT OF GOVERNMENT SERVICES—DESIGN TEAMS—INITIAL PROJECTS. (1) The second area of effort by the performance partnership council shall focus on continuous improvement of state government services by developing successful strategies to:

(a) Clearly identify the intended result of each state government service or program, and measure and communicate performance toward the intended result;
(b) Assess each activity and function of government to identify the value added toward the general strategic intent of state government and the specific result intended from the program or service, eliminate or redesign activities so that each function or activity makes a cost-effective contribution toward intended results, and design organizations that match the functions and processes of state government;
(c) Redesign the organizational systems that support state government to be more consistent with a priority-driven, results-oriented, performance-based system of government, with highest priority to redesign of the budget system and the accounting system; and
(d) Identify and remove barriers to performance and create incentives for better performance and cost-effectiveness.

(2) The operating committee shall formulate design teams consisting of front-line employees, employee representatives, managers, customers, outside experts where appropriate, legislators or legislative staff, representatives of local government, vendors and other suppliers of state services, and any other persons deemed necessary or appropriate by the operating committee, to develop successful prototypes with application throughout the executive and legislative branches of government for implementation of the improvement principles described in subsection (1) of this section. The composition of the design teams shall be flexible and shall reflect the expertise required for the initial projects.

(3) Initial projects shall be undertaken to design strategies for successful implementation of each of the principles described in subsection (1) of this section and any others identified by the council as being essential to accomplish the purposes of this chapter. In developing successful strategies, the design teams shall also examine the best practices used in the public and private sectors to accomplish the objectives of subsection (1) of this section. The initial projects shall be designed to demonstrate definitive results, including effective methods for employee participation and empowerment techniques to facilitate and implement creative problem solving from all employees, effective means of customer involvement, consistent definitions and instructions, effective training plans and identification of resources required, successful project management strategies, and effective communication plans.

(4) The work plan described in section 4 of this act shall identify the initial projects to be undertaken. The initial projects shall be designed to develop effective performance improvement strategies that can be replicated in other areas of state government. Initial projects should be identified in an effort to demonstrate early success and immediate improvement in state government performance. It is not necessary at the outset to identify projects for each of the principal government improvement strategies described in subsection (1) of this section. Rather, the work plan should describe an order of integration that will allow for integration of each of the initial projects in a way that will result in coordinated strategies for continuous improvement. The initial projects for improvement should be consistent with efforts to define the strategic intent for Washington state government.

(5) The council shall determine when an initiative has resulted in successful strategies that should be expanded to a broader portion, or the whole, of state government. The council shall recommend statutory changes to the legislature when such changes are required to accomplish the purposes of this chapter. The council shall also develop legislation to alter statutes, rules, and regulations necessary for initial agencies and programs to accomplish the purposes of this chapter, and to expand projects to a broader portion of state government at the appropriate time. The legislation shall be based on the work of project teams designed to identify and address barriers to performance and create incentives.

The performance partnership council and operating committee that ensures the work of the design teams is supported by committed leadership that provides clear vision and motivation and facilitates effective communication. State employees shall be recognized and supported as the single resource most effective in identifying and solving problems and delivering effective state government services. Employees shall be well supported by the provision of necessary resources, particularly an investment in employee training, and shall be provided with the flexibility and incentives necessary to successfully accomplish their assigned tasks. The ultimate goal of the design teams shall be to develop strategies to improve state government in regard to the customers' expectations for quality services delivered in the most cost-effective manner possible.
NEW SECTION. Sec. 7. BUDGET PROCESS--PERFORMANCE MEASUREMENT. The current operating budget process for state government has been generally based on the presumption of continuing current service levels and giving careful consideration only to marginal changes. It is not well understood or supported by the public or state government policymakers. Consequently, work on initial projects for performance measurement and budget redesign must progress sufficiently to result in expansion to additional programs for the 1995-1997 biennium. Beginning no later than the 1997-1999 biennium, the state operating budget and the process used to develop that budget shall, to the fullest extent possible and based on the recommendations of the council, be designed to reflect an effective state-wide system of performance measurement, shall be based on a clear statement of state-wide priorities (strategic intent) as well as clear priorities within each agency, and shall incorporate incentives for performance and cost-effectiveness.

NEW SECTION. Sec. 8. COLLECTIVE BARGAINING AGREEMENTS. Nothing in this chapter shall supersede or modify in any manner the provisions of any public employee collective bargaining agreement under Title 41 RCW, or any rights established thereunder.

(1) For purposes of developing budget proposals to the legislature, the governor shall have the power, and it shall be the governor's duty, to require from proper agency officials such detailed estimates and other information in such form and at such times as the governor shall direct. The estimates for the legislature and the judiciary shall be transmitted to the governor and shall be included in the budget without revision. The estimates for state pension contributions shall be based on the rates provided in chapter 41.45 RCW. Copies of all such estimates shall be transmitted to the standing committees on ways and means of the house and senate at the same time as they are filed with the governor and the office of financial management.

The estimates shall include statements or tables which indicate, by agency, the state funds which are required for the receipt of federal matching revenues. (2) It is the policy of the state that each state agency define its mission and establish measurable goals for achieving desirable results for those who receive its services. State agencies should involve affected groups and individuals in developing their missions and goals.

(3) For the purpose of assessing program performance, each state agency shall establish program objectives for each major program in its budget. The objectives shall be consistent with the missions and goals developed under this section. The objectives shall be expressed to the extent practicable in outcome-based, objective, and measurable form unless permitted by the office of financial management to adopt a different standard.

Copies of all such estimates and other required information shall also be submitted to the standing committees on ways and means in the house and senate.

Sec. 11. RCW 43.88.160 and 1993 c 500 s 7, 1993 c 406 s 4, and 1993 c 194 s 6 are each reenacted and amended to read as follows:

This section sets forth the major fiscal duties and responsibilities of officers and agencies of the executive branch. The regulations issued by the governor pursuant to this chapter shall provide for a comprehensive, orderly basis for fiscal management and control, including efficient accounting systems and procedures for reporting therefor, for the executive branch of the state government and may include, in addition, such requirements as will generally promote more efficient public management in the state.

(1) Governor; director of financial management. The governor, through the director of financial management, shall devise and supervise a modern and complete accounting system for each agency to the end that all revenues, expenditures, receipts, disbursements, resources, and obligations of the state be properly and systematically accounted for. The accounting system shall include the development of accurate, timely records and reports of all financial affairs of the state. The system shall also provide for central accounts in the office of financial management at the level of detail deemed necessary by the director to perform central financial management. The director of financial management shall adopt and periodically update an accounting procedures manual. Any agency maintaining its own accounting and reporting system shall comply with the updated accounting procedures manual and the rules of the director adopted under this chapter. An agency may receive a waiver from complying with this requirement if the waiver is approved by the director. Waivers expire at the end of the fiscal biennium for which they are granted. The director shall forward notice of waivers granted to the appropriate legislative fiscal committees. The director of financial management may require such financial, statistical, and other reports as the director deems necessary from all agencies covering any period.

(2) The director of financial management is responsible for quarterly reporting of primary operating budget drivers such as applicable workloads, caseload estimates, and appropriate unit cost data. These reports shall be transmitted to the legislative fiscal committees or by electronic means to the legislative evaluation and accountability program committee. Quarterly reports shall include actual monthly data and the variance between actual and estimated data to date. The reports shall also include estimates of these items for the remainder of the budget period.

(3) The director of financial management shall report at least annually to the appropriate legislative committees regarding the status of all appropriated capital projects, including transportation projects, showing significant cost overruns or underruns. If funds are shifted from one project to another, the office of financial management shall also reflect this in the annual variance report. Once a project is complete, the report shall provide a final summary showing estimated start and completion dates of each project phase compared to actual dates, estimated costs of each project phase compared to actual costs, and whether or not there are any outstanding liabilities or unsettled claims at the time of completion.

(4) In addition, the director of financial management, as agent of the governor, shall:
(a) Develop and maintain a system of internal controls and internal audits comprising methods and procedures to be adopted by each agency that will safeguard its assets, check the accuracy and reliability of its accounting data, promote operational efficiency, and encourage adherence to prescribed managerial policies for accounting and financial control. The system developed by the director shall include criteria for determining the scope and comprehensiveness of internal controls required by classes of agencies, depending on the level of resources at risk.
(b) Each agency head or authorized designee shall be assigned the responsibility and authority for establishing and maintaining internal audits following the standards of internal auditing of the institute of internal auditors;
(c) Make surveys and analyses of agencies with the object of determining better methods and increased effectiveness in the use of manpower and material resources, and the director shall authorize expenditures for employee training to the end that the state may benefit from training facilities made available to state employees;
(d) Establish policies for allowing the contracting of child care services;
(e) Review any new and classification plans, and changes thereunder, developed by any agency for their fiscal impact: PROVIDED, That none of the provisions of this subsection shall affect merit systems of personnel management now existing or hereafter established by statute relating to the fixing of qualifications requirements for recruitment, appointment, or promotion of employees of any agency. The director shall advise and confer with agencies including appropriate standing committees of the legislature as may be designated by the speaker of the house and the president of the senate regarding the fiscal impact of such plans and may amend or alter said plans, except that for the following agencies no amendment or alteration of said plans may be made without the approval of the agency concerned: Agencies headed by elective officials;
(f) Fix the number and classes of positions or authorized man years of employment for each agency and during the fiscal period amend the determinations previously fixed by the director except that the director shall not be empowered to fix said number or said classes for the following: Agencies headed by elective officials;
(g) Provide for transfers and repayments between the budget stabilization account and the general fund as directed by appropriation and RCW 43.88.525 through 43.88.540;
(h) Adopt rules to effectuate provisions contained in (a) through (g) of this subsection.
(i) The treasurer shall:
(a) Receive, keep, and disburse all public funds of the state not expressly required by law to be received, kept, and disbursed by some other persons: PROVIDED, That this subsection shall not apply to those public funds of the institutions of higher learning which are not subject to appropriation;
(b) Receive, disburse, or transfer public funds under the treasurer's supervision or custody;
(c) Keep a correct and current account of all moneys received and disbursed by the treasurer, classified by fund or account;
(d) Coordinate agencies’ acceptance and use of credit cards and other payment methods, if the agencies have received authorization under RCW 43.41.180;
(e) Perform such other duties as may be required by law or by regulations issued pursuant to this law. It shall be unlawful for the treasurer to disburse public funds in the treasury except upon forms or by alternative means duly prescribed by the director of financial management. These forms or alternative means shall provide for authentication and certification by the agency head or the agency head’s designee that the services have been rendered or the materials have been furnished; or, in the case of loans or grants, that the loans or grants are authorized by law; or, in the case of payments for periodic maintenance services to be performed on state owned equipment, that a written contract for such periodic maintenance services is currently in effect and copies thereof are on file with the office of financial management; and the treasurer shall not be liable under the treasurer’s surety bond for erroneous or improper payments so made. When services are lawfully paid for in advance of full performance by any private individual or business entity other than as provided for by RCW 42.24.035, such individual or entity other than central stores rendering such services shall make a cash deposit or furnish surety bond coverage to the state as shall be fixed in an amount by law, or if not fixed by law, then in such amounts as shall be fixed by the director of the department of general administration but in no case shall such required cash deposit or surety bond be less than an amount which will fully indemnify the state against any and all losses on account of breach of promise to fully perform such services. No payments shall be made in advance for any equipment maintenance services to be performed more than three months after such payment. Any such bond so furnished shall be conditioned that the person, firm or corporation receiving the advance payment will apply it toward performance of the contract. The responsibility for recovery of erroneous or improper payments made under this section shall lie with the agency head or the agency head’s designee in accordance with regulations issued pursuant to this chapter. Nothing in this section shall be construed to permit a public body to advance funds to a private service provider pursuant to a grant or loan before services have been rendered or material furnished.

(6) The state auditor shall:
(a) Report to the legislature the results of current post audits that have been made of the financial transactions of each agency; to this end the auditor may, in the auditor's discretion, examine the books and accounts of any agency, official or employee charged with the receipt, custody or safekeeping of public funds. Where feasible in conducting examinations, the auditor shall utilize data and findings from the internal control system prescribed by the office of financial management. The current post audit of each agency may include a section on recommendations to the legislature as provided in (c) of this subsection.
(b) Give information to the legislature, whenever required, upon any subject relating to the financial affairs of the state.
(c) Make the auditor’s official report on or before the thirty-first of December which precedes the meeting of the legislature. The report shall be for the last complete fiscal period and shall include determinations as to whether agencies, in making expenditures, complied with the laws of this state. The state auditor is authorized to perform or participate in performance (audits) verifications only as expressly authorized by the legislature in the omnibus or capital appropriations acts. (A performance audit for the purpose of this section is the examination of the effectiveness of the administration, its efficiency, and its adequacy in terms of the programs of departments or agencies as previously approved by the legislature.) The state auditor, upon completing an audit for legal and financial compliance under chapter 43.09 RCW or a performance verification, may report to the legislative budget committee or other appropriate committees of the legislature, in a manner prescribed by the legislative budget committee, on facts relating to the management or performance of governmental programs where such facts are discovered incidental to the legal and financial audit or performance verification. The auditor may make such a report to a legislative committee only if the auditor has determined that the agency has been given an opportunity and has failed to resolve the management or performance issues raised by the auditor. If the auditor makes a report to a legislative committee, the agency may submit to the committee a response to the report. This subsection (6) shall not be construed to authorize the auditor to allocate other than de minimis resources to performance audits except as expressly authorized in the appropriations acts.
(d) Be empowered to take exception to specific expenditures that have been incurred by any agency or to take exception to other practices related in any way to the agency's financial transactions and to cause such exceptions to be made a matter of public record, including disclosure to the agency concerned and to the director of financial management. It shall be the duty of the director of financial management to cause corrective action to be taken promptly, such action to include, as appropriate, the withholding of funds as provided in RCW 43.88.110.
(e) Promptly report any irregularities to the attorney general.
(f) Investigate improper governmental activity under chapter 42.40 RCW.
(7) The legislative budget committee may:
(a) Make post audits of the financial transactions of any agency and management surveys and program reviews as provided for in RCW 43.88.085 as well as performance audits and program evaluations. To this end the committee may in its discretion examine the books, accounts, and other records of any agency, official, or employee.
(b) Give information to the legislature or any legislative committee whenever required upon any subject relating to the performance and management of state agencies.
(c) Make a report to the legislature which shall include at least the following:
(i) Determinations as to the extent to which agencies in making expenditures have complied with the will of the legislature and in this connection, may take exception to specific expenditures or financial practices of any agencies; and
(ii) Such plans as it deems expedient for the support of the state’s credit, for lessening expenditures, for promoting frugality and economy in agency affairs and generally for an improved level of fiscal management.

NEW SECTION.  Sec. 13. Captions as used in this act do not constitute any part of the law.

REGULATING THE NON-PUGET SOUND COASTAL COMMERCIAL CRAB FISHERY

The bill was read the second time.

MOTIONS

On motion of Senator Owen, the following Committee on Natural Resources amendment was adopted:

*NEW SECTION, Sec. 1. The legislature finds that the commercial crab fishery in coastal and offshore waters is overcapitalized. The legislature further finds that this overcapitalization has lead to the economic destabilization of the coastal crab industry, and that excessive harvesting pressures on the coastal crab resources of Washington state. In order to provide for the economic well-being of the Washington crab industry and to protect the livelihood of Washington crab fishers who have historically and continuously participated in the coastal crab fishery, the legislature finds that it is in the best interests of the economic well-being of the coastal crab industry to reduce the number of fishers taking crab in coastal waters, to reduce the number of vessels landing crab taken in offshore waters, to limit the number of future licenses, and to limit fleet capacity by limiting vessel size.

NEW SECTION, Sec. 2. (1) Effective January 1, 1995, it is unlawful to fish for coastal crab in Washington state waters without a Dungeness crab--coastal or a Dungeness crab--coastal class B fishery license.

(2) A Dungeness crab--coastal fishery license is transferable. Such a license shall only be issued to a person who proved active historical participation in the commercial crab fishery by having designated, after December 31, 1995, a vessel on the qualifying license that meets the following criteria:

(a) Made a minimum of eight coastal crab landings totaling a minimum of five thousand pounds per season in at least two of the four qualifying seasons identified in subsection (4) of this section, as documented by valid Washington state shellfish receiving tickets; and showed historical and continuous participation in the coastal crab fishery by having held one of the following licenses or their equivalents each calendar year beginning 1990 through 1993, and was designated on the qualifying license of the person who held one of the following licenses in 1994:

(i) Crab pot—Non-Puget Sound license, issued under RCW 75.28.130(1)(b);

(ii) Non-salmon delivery license, issued under RCW 75.28.125;

(iii) Salmon troll license, issued under RCW 75.28.110;

(iv) Salmon delivery license, issued under RCW 75.28.113;
(v) Food fish trawl license, issued under RCW 75.28.120; or
(vi) Shrimp trawl license, issued under RCW 75.28.130; or
(b) Made a minimum of four landings of coastal crab totaling two thousand pounds during the period from December 1, 1991, to March 20, 1992, and made a minimum of eight crab landings totaling a minimum of five thousand pounds of coastal crab during each of the following periods: December 1, 1991, to September 15, 1992; December 1, 1992, to September 15, 1993; and December 1, 1993, to September 15, 1994. For landings made after December 31, 1993, the vessel shall have been designated on the qualifying license of the person making the landings.
(3) A Dungeness crab--coastal class B fishery license is not transferable. Such a license shall be issued to persons who do not meet the qualification criteria for a Dungeness crab--coastal fishery license, if the person has designated a qualifying license after December 31, 1993, a vessel that made a minimum of four landings totaling a minimum of two thousand pounds of coastal crab, documented by valid Washington state shellfish receiving tickets, during at least one of the four qualifying seasons, and if the person has participated continuously in the coastal crab fishery by having held or by having owned a vessel that held one or more of the licenses listed in subsection (2) of this section in each calendar year subsequent to the qualifying season in which the landings were made through 1994. Dungeness crab--coastal class B fishery licenses cease to exist after December 31, 2000, and the continuing license provisions of RCW 34.05.422(3) are not applicable.
(4) The four qualifying seasons for purposes of this section are:
(a) December 1, 1988, through September 15, 1989;
(b) December 1, 1989, through September 15, 1990;
(c) December 1, 1990, through September 15, 1991; and
(5) For purposes of this section and section 6 of this act, "coastal crab" means Dungeness crab (cancer magister) taken in all Washington territorial waters south of the United States-Canada boundary and west of the Bonilla-Tatoosh line (a line from the western end of Cape Flattery to Tatoosh Island lighthouse, then to the buoy adjacent to Duntz Rock, then in a straight line to Bonilla Point of Vancouver Island, Grays Harbor, Willapa Bay, and the Columbia river).

NEW SECTION. Sec. 3. The legislature finds that some persons may have seriously planned to enter the commercial crab fishery, but were unable to fulfill the licensing requirements because the vessel under construction was not completed in sufficient time to make the qualifying landings.
(1) A person who cannot demonstrate participation in the coastal crab fishery under section 2 of this act shall be awarded a Dungeness crab--coastal fishery license if:
(a) The person, after December 31, 1993, has designated a vessel on the qualifying license that was in the process of being constructed for the purpose of being employed in the Washington coastal crab fishery on September 15, 1992. For purposes of this section, "construction" means having the keel laid, and "for the purpose of being employed in the Washington coastal crab fishery" means the vessel is designed to retrieve crab pots mechanically and has a laid and anchor well; and
(b) The vessel landed both five thousand pounds of coastal crab into a Washington port before September 15, 1993, and five thousand pounds of coastal crab in eight landings between December 1, 1993, and September 15, 1994; or
(c) The vessel under construction is a replacement vessel for a lost vessel that, had it not been lost, would have met eligibility requirements for the applicant for a Dungeness crab--coastal fishery license.
(2) All applications for Dungeness crab--coastal fishery licenses under this section shall be subject to review by the advisory review board in accordance with RCW 75.30.060. The board shall recommend to the director whether such applications should be accepted.

NEW SECTION. Sec. 4. For the purpose of purchasing Dungeness crab--coastal fishery licenses, a temporary surcharge of two hundred dollars shall be collected with each Dungeness crab--coastal fishery license, and each Dungeness crab--coastal class B fishery license issued under RCW 75.28.130. The surcharge shall be in effect from December 1, 1994, until sufficient funds are collected to buy back the number of crab licenses to reduce the number to two hundred licenses, or until September 15, 1999. The moneys shall be deposited in the coastal crab account which is hereby created in the custody of the state treasurer. The account is subject to allotment procedures under chapter 43.88 RCW but no appropriation is required for expenditures. Funds may be used only for license purchase as defined in section 5 of this act. The fiscal committees of the legislature shall review the status and expenditures from the coastal crab account yearly to determine if repeal of the fee is appropriate given the purpose of license reduction under the license moratorium. Funds remaining in the coastal crab account after November 30, 1999, shall revert to the general fund.

NEW SECTION. Sec. 5. Expenditures from the coastal crab account may be made by the department of fish and wildlife to purchase Dungeness crab--coastal class B fishery licenses during the following time periods:
(1) June 1, 1995, to November 30, 1995, at a price not to exceed five thousand dollars per license;
(2) December 1, 1995, to November 30, 1996, at a price not to exceed three thousand five hundred dollars per license;
(3) December 1, 1996, to November 30, 1997, at a price not to exceed two thousand five hundred dollars per license;
(4) December 1, 1997, to November 30, 1998, at a price not to exceed one thousand dollars per license;
(5) December 1, 1998, to November 30, 1999, at a price not to exceed five hundred dollars per license.
The department shall establish rules governing the purchase of class B licenses. Dungeness crab--coastal class B fishery licensees may apply to the department for the purposes of selling their license on a willing-seller basis. Licenses will be purchased in the order applications are received, or as funds allow.

NEW SECTION. Sec. 6. (1) An Oregon resident who can show historical and continuous participation in the Washington state coastal crab fishery by having held a nonresident Non-Puget Sound crab pot license issued under RCW 75.28.130 each year from 1990 through 1994, and who has delivered a minimum of eight crab landings totaling a minimum of five thousand pounds of crab into Oregon during any two of the four qualifying seasons as provided in section 2(4) of this act as evidenced by valid Oregon fish receiving tickets, shall be issued a nonresident Dungeness crab--coastal fishery license valid for fishing in Washington state waters north from the Oregon-Washington boundary to United States latitude forty-six degrees thirty minutes north. Such license shall be issued upon application and submission of proof of delivery.
(2) This section shall become effective contingent upon reciprocal statutory authority in the state of Oregon providing for equal access for Washington state coastal crab fishers to Oregon territorial coastal waters north of United States latitude forty-five degrees fifty-eight minutes north, and Oregon waters of the Columbia river.

NEW SECTION. Sec. 7. (1) The following restrictions apply to vessel designations and substitutions on Dungeness crab--coastal fishery licenses and Dungeness crab--coastal class B fishery licenses:
(a) The holder of the license may not designate on the license a vessel the hull length of which exceeds ninety-nine feet, nor may the holder change vessel designation if the hull length of the vessel proposed to be designated exceeds the hull length of the currently designated vessel by more than ten feet;
(b) If the hull length of the vessel proposed to be designated is comparable to or exceeds by up to one foot the hull length of the currently designated vessel, the department may change the vessel designation no more than once in any two consecutive Washington state coastal crab seasons unless the currently designated vessel is lost or in disrepair such that it does not safely operate, in which case the department may allow a change in vessel designation;
(c) If the hull length of the vessel proposed to be designated exceeds by between one and ten feet the hull length of the currently designated vessel, the department may change the vessel designation no more than once in any five consecutive Washington state coastal crab seasons, unless a request is made by the license holder during a Washington state coastal crab season for an emergency change in vessel designation. If such an emergency request is made, the department may allow a temporary change in designation to another vessel, if the hull length of the other vessel does not exceed by more than ten feet the hull length of the currently designated vessel.
(2) For the purposes of this section, "hull length" means the length of a vessel's hull as shown by United States coast guard documentation or marine survey, or for vessels that do not require United States coast guard documentation, by manufacturer's specifications or marine survey.

Sec. 8. RCW 75.28.044 and 1993 sp.s. c 17 s 45 are each amended to read as follows:

This section applies to all commercial fishery licenses, delivery licenses, and charter licenses, except for emergency salmon delivery licenses.

(1) The holder of a license subject to this section may substitute the vessel designated on the license or designate a vessel if none has previously been designated if the license holder:

(a) Surrenders the previously issued license to the department;

(b) Submits to the department an application that identifies the currently designated vessel, the vessel proposed to be designated, and any other information required by the department; and

(c) Pays to the department a fee of thirty-five dollars.

(2) Unless the license holder owns all vessels identified on the application described in subsection (1)(b) of this section or unless the vessel is designated on a Dungeness crab--coastal or a Dungeness crab--coastal class B fishery license, the following restrictions apply to changes in vessel designation:

(a) The department shall change the vessel designation on the license no more than four times per calendar year.

(b) The department shall change the vessel designation on the license no more than once in any seven-day period.

Sec. 9. RCW 75.28.046 and 1993 c 340 s 9 are each amended to read as follows:

1. Whenever employer or member contributions are not made at the time service is rendered, the state retirement system trust funds lose investment income which is a major source of pension funding.

2. The inherent authority of the department to recover all overpayments and unauthorized payments from the retirement trust funds, for the benefit of members and taxpayers, should be established clearly in statute.

NEW SECTION. Sec. 2. A new section is added to chapter 41.50 RCW to read as follows:
The department may charge interest, as determined by the director, on member or employer contributions owing to any of the retirement systems listed in RCW 41.50.030. The department's authority to charge such interest shall extend to all optional and mandatory billings for contributions where member or employer contributions are paid other than immediately after service is rendered. Except as explicitly limited by statute, the director may delay the imposition of interest charges on late contributions under this section if the delay is necessary to implement required changes in the department's accounting and information systems.

Sec. 3. RCW 41.50.130 and 1987 c 490 s 1 are each amended to read as follows:

(1) The director may at any time correct errors appearing in the records of the retirement systems listed in RCW 41.50.030. Should any error in such records result in any member, beneficiary, or other person or entity receiving more or less than he or she would have been entitled to had the records been correct, the director, subject to the conditions set forth in this section, shall adjust the payment in such a manner that the benefit to which such member (i.e., beneficiary, or other person or entity was correctly entitled shall be paid in accordance with the following:

(a) in the case of underpayments to a member or beneficiary, the retirement system shall correct all future payments from the point of error detection, and shall compute the additional payment due for the allowable prior period which shall be paid in a lump sum by the appropriate retirement system.

(b) in the case of overpayments to a member or beneficiary, the retirement system shall adjust the payment in such a manner that the benefit to which such member or beneficiary was correctly entitled shall be reduced by an amount equal to the actuarial equivalent of the amount of overpayment. Alternatively the member shall have the option of repaying the overpayment in a lump sum within ninety days of notification and receive the proper benefit in the future. In the case of overpayments to a member (i.e., beneficiary, or other person or entity resulting from actual fraud on the part of the member (i.e., beneficiary, or other person or entity, the benefits shall be adjusted to reflect the full amount of such overpayment, plus interest at the (maximum rate allowed under RCW 19.52.020) (as it was in effect the first month the overpayment occurred) rate of one percent per month on the outstanding balance.

(c) in the case of overpayments to a person or entity other than a member or beneficiary, the overpayment shall constitute a debt from the person or entity to the retirement system; recovery of which shall not be barred by laches or statute of limitations.

(2) Except in the case of actual fraud, in the case of overpayments to a member or beneficiary, the benefits shall be adjusted to reflect only the amount of overpayments made within three years of discovery of the error, notwithstanding any provision to the contrary in chapter 4.16 RCW. The provisions of this subsection regarding the reduction of retirees' benefits shall apply to recovery actions commenced on or after January 1, 1986, even though the overpayments resulting from the department's prior errors were discovered by the department prior to that date. The provisions of this subsection regarding the billing of employers for overpayments shall apply to overpayments made after January 1, 1986.

(3) (a) The employer shall elicit on a written form from all new employees as to whether they have been retired from a retirement system listed in RCW 41.50.030.

(b) in the case of overpayments which result from the failure of an employer to report properly to the department the employment of a retiree from information received in subparagraph (a), the employer shall, upon receipt of a billing from the department, pay into the appropriate retirement system the amount of the overpayment plus interest as determined by the director. However, except in the case of actual employer fraud, the overpayment charged to the employer under this subsection shall not exceed five thousand dollars for each year of overpayments received by retiree. The retiree's benefits upon retirement shall not be reduced because of such overpayment except as necessary to recapture contributions required for periods of employment.

(c) the provisions of this subsection regarding the reduction of retirees' benefits shall apply to recovery actions commenced on or after January 1, 1986, even though the overpayments resulting from the retirement system for five consecutive years; however, a member may retain membership in the retirement system for five consecutive years; however, a member may retain membership in the retirement system by adding the accumulated contributions in the retirement system for five consecutive years to the retirement system for five consecutive years.

(4) Except in the case of actual fraud, no monthly benefit shall be reduced by more than fifty percent of the member's or beneficiary's corrected benefit. Any overpayment not recovered due to the inability to actuarially reduce a member's benefit due to: (a) the provisions of this subsection; or (b) the fact that the retirement system's monthly retirement allowance required to effectuate an actuarial reduction shall constitute a claim against the estate of a member, beneficiary, or other person or entity in receipt of an overpayment.

(5) Except as provided in subsection (2) of this section, obligations of employers or members until paid to the department shall constitute a debt from the employer to the department, recovery of which shall not be barred by laches or statute of limitations.

NEW SECTION. Sec. 4. A new section is added to chapter 41.50 RCW to read as follows:

(1) If a person receives a withdrawal of accumulated contributions from any of the retirement systems listed in RCW 41.50.030 in contravention of the restrictions on withdrawal for the particular system, the person shall no longer be entitled to credit for the period of service represented by the withdrawn contributions. The erroneous withdrawal shall be treated as an authorized withdrawal, subject to all conditions imposed by the member's system for restoration of withdrawn contributions. Failure to restore the contributions within the time permitted by the system shall constitute a waiver by the member of any right to receive a retirement allowance based upon the period of service represented by the withdrawn contributions.

(2) All erroneous withdrawals occurring prior to the effective date of this section shall be subject to the provisions of this section. The deadline for restoring the prior erroneous withdrawals shall be five years from the effective date of this section for members who are currently active members of a system.

The legislature further finds that a uniform method for handling sharps waste generated at residences will reduce confusion and injuries, and enhance public and waste worker confidence.

It is the purpose and intent of this act that residential generated sharps waste be contained in easily identified containers and separated from the regular solid waste stream to ensure worker safety and promote proper disposal of these wastes in a manner that is environmentally safe and economically sound.

Sec. 2. RCW 70.95K.010 and 1992 c 14 s 2 are each amended to read as follows:

At least thirty percent of these moneys used in any given funding cycle shall be for the benefit of projects located in rural areas of the state as defined by the department ("of community development"). If the department determines that it has not received an adequate number of suitable applications for rural projects during any given funding cycle, the department may allocate unused moneys for projects in nonrural areas of the state.

(1) When, in the opinion of the board of directors of any school district, the cost of any furniture, supplies, equipment, building, improvements, or repairs, or other work or purchases, except books, will equal or exceed the sum of ((twenty-five thousand dollars, complete plans and specifications for such work or purchases shall be prepared and notice by publication in at least one newspaper of general circulation within the district, once each week for two consecutive weeks, of the intention to receive bids therefor and that specifications and other information may be examined at the office of the board or any other officially designated location: PROVIDED, That the board without giving such notice may make improvements or repairs to the property of the district through the shop and repair department of such district when the total of such improvements or repairs does not exceed the sum of ((fifteen thousand dollars)).

(2) Every purchase of furniture, equipment or supplies, except books, the cost of which is estimated to be in excess of ((fifteen thousand dollars), shall be on a competitive basis. The board of directors shall establish a procedure for securing telephone and/or written quotations for such purchases. Whenever the estimated cost is from ((fifteen thousand dollars) fifteen thousand dollars up to ((twenty-five thousand dollars), the procedure shall require quotations from at least three different sources to be obtained in writing or by telephone, and recorded for public perusal. Whenever the estimated cost is in excess of ((twenty-five thousand dollars)), the public bidding process provided in subsection (1) of this section shall be followed.

(3) Every building, improvement, repair or other public works project, the cost of which is estimated to be in excess of ((fifteen thousand dollars)), shall be on a competitive bid process. All such projects estimated to be less than ((fifteen thousand dollars)), may be awarded to a contractor on the small works roster. The small works roster shall be comprised of all responsible contractors who have requested to be on the list. The board of directors shall establish a procedure for securing telephone and/or written quotations from the contractors on the small works roster to assure establishment of a competitive price and for awarding contracts to the lowest responsible bidder. Such procedure shall require that a good faith effort be made to request quotations from all contractors on the small works roster who have indicated the capability of performing the kind of public works being contracted. Immediately after an award is made, the bid quotations obtained shall be recorded, open to public inspection, and available by telephone inquiry. The small works roster shall be revised at least once each year by publishing notice of such opportunity in at least one newspaper of general circulation in the district. Responsible contractors shall be added to the list at any time they submit a written request. Whenever the estimated cost of a public works project is ((fifteen thousand dollars)), the public bidding process provided in subsection (1) of this section shall be followed.
(4) The contract for the work or purchase shall be awarded to the lowest responsible bidder as defined in RCW 43.19.1911 but the board may by resolution reject any and all bids and make further calls for bids in the same manner as the original call. On any work or purchase the board shall provide bidding information to any qualified bidder or the bidder's agent, requesting it in person.

(5) In the event of any emergency when the public interest or property of the district would suffer material injury or damage by delay, upon resolution of the board declaring the existence of such an emergency and reciting the facts constituting the same, the board may waive the requirements of this section with reference to any purchase or contract: PROVIDED, That an "emergency", for the purposes of this section, means a condition likely to result in immediate physical injury to persons or to property of the school district in the absence of prompt remedial action."

MOTIONS

On motion of Senator Adam Smith, the following Committee on Law and Justice amendment was adopted: Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 11.02.005 and 1993 c 73 s 1 are each amended to read as follows:
When used in this title, unless otherwise required from the context:
(1) "Personal representative" includes executor, administrator, special administrator, and guardian or limited guardian and special representative.
(2) "Net estate" refers to the real and personal property of a decedent exclusive of homestead rights, exempt property, the family allowance and enforceable claims against, and debts of, the deceased or the estate.
(3) "Representation" refers to a method of determining distribution in which the takers are in unequal degrees of kinship with respect to the intestate, and is accomplished as follows: After first determining who, of those entitled to share in the estate, are in the nearest degree of kinship, the estate is divided into equal shares, the number of shares being the sum of the number of persons who survive the intestate who are in the nearest degree of kinship and the number of persons in the same degree of kinship who died before the intestate but who left issue surviving the intestate, each share of a deceased person in the nearest degree shall be divided among those of the (intestate’s) deceased person’s issue who survive the intestate and have no ancestor then living who is in the line of relationship between them and the intestate, those more remote in degree taking together the share which their ancestor would have taken had he or she survived the intestate. Posthumous children are considered as living at the death of their parent.
(4) "Issue" includes all the lawful lineal descendants of the ancestor and all lawfully adopted children.
(5) "Degree of kinship" means the degree of kinship as computed according to the rules of the civil law; that is, by counting upward from the intestate to the nearest common ancestor and then downward to the relative, the degree of kinship being the sum of these two counts.
(6) "Heirs" denotes those persons, including the surviving spouse, who are entitled under the statutes of intestate succession to the real and personal property of a decedent on the decedent’s death intestate.
(7) "Real estate" includes, except as otherwise specified provided herein, all lands, tenements, and hereditaments, and all rights thereto, and all interest therein possessed and claimed in fee simple, or for the life of a third person.
(8) "Will" means an instrument validly executed as required by RCW 11.12.020 (an instrument that is validly executed in the manner provided by this title for a will and that refers to an existing will for the purpose of altering or changing the same, and which need not be attached thereto); a will that modifies or partially revokes an existing earlier will.
A codicil need not refer to or be attached to the earlier will.
(9) "Codicil" means (an instrument validly executed in the manner provided by this title for a will that modifies or partially revokes an existing earlier will).
(10) "Guardian" or "limited guardian" means a personal representative of the person or estate of an incompetent or disabled person as defined in RCW 11.98.010 and the term may be used in lieu of "personal representative" wherever required by context.
(11) "Administrator" means a personal representative of the estate of a decedent and the term may be used in lieu of "personal representative" wherever required by context.
(12) "Executor" means a personal representative of the estate of a decedent appointed by will and the term may be used in lieu of "personal representative" wherever required by context.
(13) "Special administrator" means a personal representative of the estate of a decedent appointed for limited purposes and the term may be used in lieu of "personal representative" wherever required by context.
(14) "Trustee" means an original, added, or successor trustee and includes the state, or any agency thereof, when it is acting as the trustee of a trust to which chapter 11.98 RCW applies.
(15) "Nonprobate asset" means those rights and interests of a person having beneficial ownership of an asset that pass on the person’s death under a written instrument or arrangement other than the person’s will. "Nonprobate asset" includes, but is not limited to, a right or interest under a joint tenancy with right of survivorship, joint bank account with right of survivorship, payable on death or trust bank account or security, deed or conveyance if possession has been postponed until the death of the person, trust of which the person is grantor and that becomes effective or irrevocable only upon the person’s death, community property agreement, individual retirement account or bond, or note or other contract the payment or performance of which is affected by the death of the person. "Nonprobate asset" does not include: A payable-on-death provision of a life insurance policy, annuity, or other similar contract, or of an employee benefit plan; a right or interest passing by descent and distribution under chapter 11.04 RCW; a right or interest if, before death, the person has irrevocably transferred the right or interest, the person has waived the power to transfer it or, in the case of contractual arrangement, the person has waived the unilateral right to rescind or modify the arrangement; or a right or interest held by the person solely in a fiduciary capacity.

Sec. 2. RCW 11.07.010 and 1993 c 236 s 1 are each amended to read as follows:
(1) This section applies to all nonprobate assets, wherever situated, held at the time of entry by a superior court of this state of a decree of dissolution of marriage or a declaration of invalidity.

(2)(a) If a marriage is dissolved or invalidated, a provision made prior to that event that relates to the payment or transfer at death of the decedent's interest in a nonprobate asset in favor of or granting an interest or power to the decedent's former spouse is revoked. A provision affected by this section must be interpreted, and the nonprobate asset affected passes, as if the former spouse failed to survive the decedent, having died at the time of entry of the decree of dissolution or declaration of invalidity.

(b) This subsection does not apply if and to the extent that:

(i) The instrument governing disposition of the nonprobate asset expressly provides otherwise;

(ii) The decree of dissolution or declaration of invalidity requires that the decedent maintain a nonprobate asset for the benefit of a former spouse or children of the marriage, payable on the decedent's death either outright or in trust, and other nonprobate assets of the decedent fulfilling such a requirement for the benefit of the former spouse or children of the marriage do not exist at the decedent's death; or

(iii) If not for this subsection, the decedent could not have effected the revocation by unilateral action because of the terms of the decree or declaration, or for any other reason, immediately after the entry of the decree of dissolution or declaration of invalidity.

(3)(a) A payor or other third party in possession or control of a nonprobate asset at the time of the decedent's death is not liable for making a payment or transferring an interest in a nonprobate asset to a decedent's former spouse whose interest in the nonprobate asset is revoked under this section, or for taking another action in reliance on the validity of the instrument governing disposition of the nonprobate asset, before the payor or other third party has actual knowledge of the dissolution or other invalidation of marriage. A payor or other third party is liable for a payment or transfer made or other action taken after the payor or other third party has actual knowledge of a revocation under this section.

(b) This section does not require a payor or other third party to pay or transfer a nonprobate asset to a beneficiary designated in a governing instrument affected by the dissolution or other invalidation of marriage, to or another person claiming an interest in the nonprobate asset, if the payor or third party has actual knowledge of the existence of a dispute between the former spouse and the beneficiaries or other persons concerning rights of ownership of the nonprobate asset as a result of the application of this section among the former spouse and the beneficiaries or among other persons, or if the payor or third party is otherwise uncertain as to who is entitled to the nonprobate asset under this section. In such a case, the payor or third party may, without liability, notify in writing all beneficiaries or other persons claiming an interest in the nonprobate asset or to the payor or other third party of a dispute concerning rights to a nonprobate asset in such a circumstance to a beneficiary or other person claiming an interest until the time that either:

(i) All beneficiaries and other interested persons claiming an interest have consented in writing to the payment or transfer; or

(ii) The payment or transfer is authorized or directed by a court of proper jurisdiction.

Notwithstanding subsection (a) and (b) of this section, the payor or other third party having actual knowledge of the existence of a dispute between beneficiaries or other persons concerning rights to a nonprobate asset as a result of the application of this section may condition the payment or transfer of the nonprobate asset on execution, in a form and with security acceptable to the payor or other third party, of a bond in an amount that is double the fair market value of the nonprobate asset at the time of the decedent's death or the amount of an adverse claim, whichever is the lesser, or of a similar instrument to provide security to the payor or other third party, indemnifying the payor or other third party for any liability, loss, damage, costs, and expenses for and on account of payment or transfer of the nonprobate asset.

(d) As used in this subsection, "actual knowledge" means, for a payor or other third party in possession or control of the nonprobate asset at or following the decedent's death, written notice to the payor or other third party, or to an officer of a payor or third party in the course of his or her employment by the payor or other third party, requiring the payor or other third party to act upon the knowledge. The notice must identify the nonprobate asset with reasonable specificity. The notice also must be sufficient to inform the payor or other third party of the revocation of the provisions in favor of the decedent's spouse by reason of the dissolution or invalidation of marriage, or to inform the payor or third party of a dispute concerning rights to a nonprobate asset as a result of the application of this section. Receipt of the notice for a period of more than thirty days is presumed to be received within a time that is sufficient to afford the payor or third party a reasonable opportunity to act upon the knowledge, but receipt of the notice for a period of less than five business days is presumed not to be a sufficient time for these purposes. These presumptions may be rebutted only by clear and convincing evidence to the contrary.

(4)(a) A person who purchases a nonprobate asset from a former spouse or other person, for value and without actual knowledge, or who receives from a former spouse or other person payment or transfer of a nonprobate asset without actual knowledge and in partial or full satisfaction of a legally enforceable obligation, is neither obligated under this section to return the payment, property, or benefit nor is liable under this section for the amount of the payment or the value of the nonprobate asset. However, a former spouse or other person who, with actual knowledge, not for value, or not in satisfaction of a legally enforceable obligation, receives payment or transfer of a nonprobate asset to which that person is not entitled under this section is obligated to return the payment or nonprobate asset, or is personally liable for the amount of the payment or value of the nonprobate asset, to the person who is entitled to it under this section.

(b) As used in this subsection, "actual knowledge" means, for a person described in (a) of this subsection who purchases or receives a nonprobate asset from a former spouse or other person, personal knowledge or possession of documents relating to the revocation upon dissolution or invalidation of marriage of provisions relating to the payment or transfer at death of the decedent of the nonprobate asset, received within a time after the decedent's death and before the purchase or receipt that is sufficient to afford the person purchasing or receiving the nonprobate asset reasonable opportunity to act upon the knowledge. Receipt of the personal knowledge or possession of the documents for a period of more than thirty days is presumed to be received within a time that is sufficient to afford the payor or third party a reasonable opportunity to act upon the knowledge, but receipt of the notice for a period of less than five business days is presumed not to be a sufficient time for these purposes. These presumptions may be rebutted only by clear and convincing evidence to the contrary.

(5) As used in this section, "nonprobate asset" means those rights and interests of a person having beneficial ownership of an asset that pass on the person's death under only the following written instruments or arrangements other than the decedent's will:

(a) A payable-on-death provision of a life insurance policy, employee benefit plan, annuity or similar contract, or individual retirement account;

(b) A payable-on-death, trust, or joint with right of survivorship bank account;

(c) A trust of which the person is a grantor and that becomes effective or irrevocable only upon the person's death; or

(d) Transfer on death beneficiary designations of a transfer on death or pay on death security, if such designations are authorized by Washington law.

(6) This section is remedial in nature and applies as of July 25, 1993, to decrees of dissolution and declarations of invalidity entered after July 24, 1993, and this section applies as of the effective date of this act to decrees of dissolution and declarations of invalidity entered before July 25, 1993.
This chapter applies in all instances in which no other abatement scheme is expressly provided.

(1) Except as provided in subsection (2) of this section, property of a decedent abates, without preference as between real and personal property, in the following order:

(a) Intestate property;
(b) Residuary gifts;
(c) General gifts;
(d) Specific gifts.

For purposes of abatement a demonstrative gift, defined as a general gift charged on any specific property or fund, is deemed a specific gift to the extent of the value of the property or fund on which it is charged, and a general gift to the extent of a failure or insufficiency of that property or fund. Abatement within each classification is in proportion to the amounts of property each of the beneficiaries would have received if full distribution of the property had been made in accordance with the terms of the will.

(2) If the will expresses an order of abatement, or if the testamentary plan or the express or implied purpose of the devisee would be defeated by the order of abatement stated in subsection (1) of this section, a gift abates as may be found necessary to give effect to the intention of the testator.

(3) If the subject of a preferred gift is sold, diminished, or exhausted incident to administration, not including satisfaction of debts or liabilities according to their community or separate status under section 7 of this act, abatement must be achieved by appropriate adjustments in, or contribution from, other interests in the remaining assets.

(4) To the extent that the whole of the community property is subject to abatement, the shares of the decedent and of the surviving spouse in the community property abate equally.

(5) If required under section 8 of this act, nonprobate assets must abate with those disposed of under the will and passing by intestacy.

To the extent that a gift is to be satisfied out of a source that consists of both separate and community property, unless otherwise indicated in the will it is presumed to be a gift from separate and community property in proportion to their relative value in the property or fund from which the gift is to be satisfied.

(1) A community debt or liability is charged against the entire community property, with the surviving spouse's half and the decedent spouse's half charged equally.
(2) A separate debt or liability is charged first against separate property, and if that is insufficient against the balance of decedent's half of community property remaining after community debts and liabilities are satisfied.
(3) A community debt or liability that is also the separate debt or liability of the decedent is charged first against the whole of the community property and then against the decedent's separate property.

(4) An expense of administration of the separate property and the decedent's half of the community property in proportion to the relative value of the property, unless a different charging of expenses is shown to be appropriate under the circumstances including against the surviving spouse's share of the community property.

(5) Property of a similar type, community or separate, is appropriated in accordance with the abatement priorities of section 5 of this act.

(6) Property that is primarily chargeable for a debt or liability is exhausted, in accordance with the abatement priorities of section 5 of this act, before resort is had, also in accordance with section 5 of this act, to property that is secondarily chargeable.

(1) If a will fails to name or provide for a child of the decedent who is born or adopted by the decedent after the will's execution and who survives the decedent, referred to in this section as an "omitted child", the child must receive a portion of the decedent's estate as provided in subsection (3) of this section, unless the court determines on the basis of clear and convincing evidence that a smaller share, including no share at all, is more in keeping with the decedent's intent. In making the determination, the court may consider, among other things, the various elements of the decedent's dispositive scheme, provisions for the omitted child outside the decedent's will, provisions for the decedent's other children under the will and otherwise, and provisions for the omitted child's other parent under the will and otherwise.

(2) If the will expresses an order of abatement, or if the testamentary plan or the express or implied purpose of the devisee would be defeated by the order of abatement stated in subsection (1) through (3) of this section, the nonprobate assets abate as may be found necessary to give effect to the intention of the decedent.

(3) A reference to another class such as the decedent's heirs or family does not constitute such a naming.

(4) If satisfying a share provided by this section, the bequests made by the will abate as provided in chapter 11. -- RCW (sections 4 through 8 of this act).

(1) If the will fails to name or provide for a child of the decedent who is born or adopted by the decedent after the will's execution under this section as an "omitted child", the child must receive a portion of the decedent's estate as provided in subsection (3) of this section, unless it appears either from the will or from other clear and convincing evidence that the failure was intentional.

(2) In determining whether an omitted child has been named or provided for, the following rules apply:
(a) A child identified in a will by name is considered named whether identified as a child or in any other manner.
(b) A reference in a will to a class described as the children, descendants, or issue of the decedent who are born after the execution of the will, or words of similar import, constitutes a naming of a person who falls within the class. A reference to another class, such as a decedent's heirs or family, does not constitute such a naming.
(c) A nominal interest in an estate does not constitute a provision for a child receiving the interest.

(3) The omitted child must receive an amount equal in value to that which the child would have received under RCW 11.04.015 if the decedent had died intestate, unless the court determines on the basis of clear and convincing evidence that a smaller share, including no share at all, is more in keeping with the decedent's intent. In making the determination the court may consider, among other things, the spouse's property interests under applicable community property or quasi-community property laws, the various elements of the decedent's dispositive scheme, and a marriage settlement or other provision and provisions for the omitted spouse outside the decedent's will.
NEW SECTION. Sec. 11. A new section is added to chapter 11.12 RCW to read as follows:

(1) If, after making a will, the testator's marriage is dissolved or invalidated, all provisions in the will in favor of or granting any interest or power to the testator's former spouse are revoked, unless the will expressly provides otherwise. Provisions affected by this section must be interpreted, and property affected passes, as if the former spouse failed to survive the testator, having died at the time of entry of the decree of dissolution or declaration of invalidity. Provisions revoked by this section are revived by the testator's remarriage to the former spouse. Revocation of certain nonprobate transfers is provided under RCW 11.07.010.

(2) This section is remedial in nature and applies to decrees of dissolution and declarations of invalidity entered before, on, or after the effective date of this act.

Sec. 12. RCW 11.12.040 and 1965 c 145 s 11.12.040 are each amended to read as follows:

(1) A will, or any part thereof, can be revoked;

(i) (a) By a (willing) subsequent will that revokes, or partially revokes, the prior will expressly or by inconsistency; or

(b) By being burnt, torn, canceled, obliterated, or destroyed, with the intent and for the purpose of revoking the same, by the testator (s) (himself) or by another person in (his) the presence and by (his) the direction of the testator. If such act is done by any person other than the testator, the direction of the testator and the facts of such injury or destruction must be proved by two witnesses.

(2) Revocation of a will in its entirety revokes its codicils, unless revocation of a codicil would be contrary to the testator's intent.

Sec. 13. RCW 11.12.080 and 1965 c 145 s 11.12.080 are each amended to read as follows:

(1) If, after making any will, the testator shall (do) make and execute a (second) later will that wholly revokes the former will, the destruction, cancellation, or revocation of (such second) the later will shall not revive the (former) formal will, unless it was the testator's intention to revive it.

(2) Revocation of a codicil shall revive a prior will or part of a prior will that the codicil would have revoked had it remained in effect at the death of the testator, unless it was the testator's intention not to revive the prior will or part.

(3) Evidence that revocation was or was not intended includes, in addition to a writing by which the later will or codicil is revoked, the circumstances of the revocation or contemporary or subsequent declarations of the testator.

Sec. 14. RCW 11.12.110 and 1965 c 145 s 11.12.110 are each amended to read as follows:

Unless otherwise provided, when any (estate) shall be devised or bequeathed to any child, grandchild, or other relative of the testator, and such devisee or legatee shall die before the testator, having lineal descendants who survive the testator, such descendants shall take the estate, real and personal, as such devisee or legatee would have done in the case he had survived the testator; if such descendants are all in the same degree of kinship to the testator, the estate shall be divided among them.

Sec. 15. RCW 11.12.120 and 1974 ex.s c 117 s 1 are each amended to read as follows:

(1) If, after making a will, the testator's marriage is dissolved or invalidated, all provisions in the will in favor of or granting any interest or power to the testator's former spouse are revoked, unless the will expressly provides otherwise. Provisions affected by this section must be interpreted, and property affected passes, as if the former spouse failed to survive the testator, having died at the time of entry of the decree of dissolution or declaration of invalidity. Provisions revoked by this section are revived by the testator's remarriage to the former spouse. Revocation of certain nonprobate transfers is provided under RCW 11.07.010.

Sec. 16. RCW 11.12.160 and 1965 c 145 s 11.12.160 are each amended to read as follows:

(1) All beneficial devises, legacies, and gifts whatever, made or given in any will to a subscribing witness thereto, shall be void unless there are two other competent witnesses to the will at the same time of the signing of the will, and a mere charge of the testator that said person is a relative of the testator or that he was not present when the said will was signed shall not prevent his creditors from being competent witnesses to the will. If such witness, to whom any beneficial devise, legacy, or gift may have been made or given, would have been entitled to any share in the testator's estate in case the will is not revoked, or if the devisee or legatee shall die before the testator, having lineal descendants who survive the testator, such descendants shall take the estate, real and personal, as such devisee or legatee would have done in the case he had survived the testator; if such descendants are all in the same degree of kinship to the testator, the estate shall be divided among them.

(2) The Doctrine of Worthier Title is abolished as a rule of law and as a rule of construction.

NEW SECTION. Sec. 18. A new section is added to chapter 11.12 RCW to read as follows:

The Doctrine of Worthier Title is abolished as a rule of law and as a rule of construction. However, the Doctrine of Worthier Title is preserved as a rule of construction if:

(1) A grantor has established in inter vivos trust of real property;

(2) The grantor has expressly reserved to himself or herself; and
(3) The words "heirs" or "heirs at law" are used by the grantor to describe the quality of the grantor's title in the reversions as an estate in fee simple in the event that the property reverts to the grantor.

In all other cases, language in a governing instrument describing the beneficiaries of a donative disposition as the transferor's "heirs," "heirs at law," "next of kin," "distributees," "relatives," or "family," or language of similar import, does not create or presumptively create a reversionary interest in the transferee.

**NEW SECTION. Sec. 19.** (1) Unless expressly excepted by statute, a beneficiary of a nonprobate asset that was subject to satisfaction of the decedent's general liabilities immediately before the decedent's death takes the asset subject to liabilities, claims, estate taxes, and the fair share of expenses of administration reasonably incurred by the personal representative in the transfer of or administration upon the asset. The beneficiary of such an asset is liable to account to the personal representative to the extent necessary to satisfy liabilities, claims, the asset's fair share of expenses of administration, and the asset's share of estate taxes under chapter 83.110 RCW. Before making demand that a beneficiary of a nonprobate asset account to the personal representative, the personal representative shall give notice to the beneficiary, in the manner provided in chapter 11.96 RCW, that the beneficiary is liable to account under this section.

(2) The following rules govern in applying subsection (1) of this section:

(a) A beneficiary of property passing at death under a community property agreement takes the property subject to the decedent's liabilities, claims, estate taxes, and administration expenses as described in subsection (1) of this section. However, assets existing as community or separate property immediately before the decedent's death under the community property agreement are subject to the decedent's liabilities and claims to the same extent that they would have been had they been assets of the probate estate.

(b) A beneficiary of property held in joint tenancy form with right of survivorship, including without limitation United States savings bonds or similar obligations, takes the property subject to the decedent's liabilities, claims, estate taxes, and administration expenses as described in subsection (1) of this section to the extent of the decedent's beneficial ownership interest in the property immediately before death.

(c) A beneficiary of payable-on-death or trust bank accounts, bonds, securities, or similar obligations, including without limitation United States bonds or similar obligations, takes the property subject to the decedent's liabilities, claims, estate taxes, and administration expenses as described in subsection (1) of this section, to the extent of the decedent's beneficial ownership interest in the property immediately before death.

(d) A beneficiary of deeds or conveyances made by the decedent if possession has been postponed until the death of the decedent takes the property subject to the decedent's liabilities, claims, estate taxes, and administration expenses as described in subsection (1) of this section, to the extent of the decedent's beneficial ownership interest in the property immediately before death.

(e) A trust for the decedent's use of which the grantor is the decedent's grantor and that becomes effective or irrevocable only upon the decedent's death is subject to the decedent's claims, liabilities, estate taxes, and expenses of administration as described in subsection (1) of this section.

(f) A trust not for the use of the grantor but of which the decedent is the grantor and that becomes effective or irrevocable only upon the decedent's death is subject to the decedent's claims, liabilities, estate taxes, and expenses of administration as described in subsection (1) of this section.

(g) Anything in this section to the contrary notwithstanding, nonprobate assets that existed as community property immediately before the decedent's death are subject to the decedent's liabilities and claims to the same extent that they would have been had they been assets of the probate estate.

(h) The liability of a beneficiary of life insurance is governed by chapter 48.18 RCW.

(i) The liability of a beneficiary of pension or retirement employee benefits is governed by chapter 6.15 RCW.

(j) An inference may not be drawn from (a) through (i) of this subsection that a beneficiary of nonprobate assets other than those assets specifically described in (a) through (i) of this subsection does or does not take the assets subject to claims, liabilities, estate taxes, and administration expenses as described in subsection (1) of this section.

(2) The following rules govern in applying subsection (1) of this section:

(a) A beneficiary of property passing at death under a community property agreement takes the property subject to the decedent's liabilities, claims, estate taxes, and administration expenses as described in subsection (1) of this section.

(b) A beneficiary of property held in joint tenancy form with right of survivorship, including without limitation United States savings bonds or similar obligations, takes the property subject to the decedent's liabilities, claims, estate taxes, and administration expenses as described in subsection (1) of this section to the extent of the decedent's beneficial ownership interest in the property immediately before death.

(c) A beneficiary of payable-on-death or trust bank accounts, bonds, securities, or similar obligations, including without limitation United States bonds or similar obligations, takes the property subject to the decedent's liabilities, claims, estate taxes, and administration expenses as described in subsection (1) of this section, to the extent of the decedent's beneficial ownership interest in the property immediately before death.

(d) A beneficiary of deeds or conveyances made by the decedent if possession has been postponed until the death of the decedent takes the property subject to the decedent's liabilities, claims, estate taxes, and administration expenses as described in subsection (1) of this section, to the extent of the decedent's beneficial ownership interest in the property immediately before death.

(e) A trust for the decedent's use of which the grantor is the decedent's grantor and that becomes effective or irrevocable only upon the decedent's death is subject to the decedent's claims, liabilities, estate taxes, and expenses of administration as described in subsection (1) of this section.

(f) A trust not for the use of the grantor but of which the decedent is the grantor and that becomes effective or irrevocable only upon the decedent's death is subject to the decedent's claims, liabilities, estate taxes, and expenses of administration as described in subsection (1) of this section.

(3) Nothing in this section derogates from the rights of a person interested in the estate to recover tax under chapter 83.110 RCW or from the liability of any beneficiary for estate tax under chapter 83.110 RCW.

Sec. 20. RCW 11.20.070 and 1965 c 145 s 11.20.070 are each amended to read as follows:

Whenever any will is lost or destroyed, the court may take proof of the execution and validity of such will, and establish it, notice to all persons interested having been first given. Such proof shall be reduced to writing and signed by the witnesses and filed with the clerk of the court. No will shall be allowed to be proved as a lost or destroyed will unless it is proved to have been in existence at the time of the death of the testator, or is shown to have been destroyed, canceled or mutilated in whole or in part as a result of actual or constructive fraud or in the course of an attempt to change the will in whole or in part, which attempt has failed, or as the result of a mistake of fact, nor unless its provisions are clearly and distinctly proved by at least two witnesses, and when any such will is so established, the provisions thereof shall be distinctly proved by at least two witnesses, and when any such will is so established, such judgment shall be recorded as wills are required to be recorded. Executors of such will or administrators with the will annexed (1) if a will has been lost or destroyed under circumstances such that the loss or destruction does not have the effect of revoking the will, the court may take proof of the execution and validity of the will and establish it, notice to all persons interested having been first given. The proof must be reduced to writing and signed by any witnesses who have testified as to the execution and validity, and must be filed with the clerk of the court.

(2) The provisions of a lost or destroyed will must be proved by clear, cogent, and convincing evidence, consisting at least in part of a witness to the execution or authenticity of a copy of the will.

(3) When a lost or destroyed will is established under subsections (1) and (2) of this section, its provisions must be distinctly stated in the judgment establishing it, and the judgment must be recorded as wills are required to be recorded. A personal representative may be appointed by the court in the same manner as is herein provided with reference to original wills presented to the court for probate.

Sec. 21. RCW 11.24.010 and 1971 c 7 s 1 are each amended to read as follows:

If any person interested in any will shall appear within four months immediately following the probate or rejection thereof, or if the personal representative or representatives (of the deceased make a new will and testament or respecting the execution by a deceased of such last will and testament under restraint or undue influence or fraudulent representations, or for any other cause affecting the validity of such will,) Issues respecting the competency of the deceased to make a last will and testament, or respecting the execution by a deceased of the last will and testament under restraint or undue influence or fraudulent representations, or for any other cause affecting the validity of the will or a part of it, shall be tried and determined by the court.

If no person shall appear within the time [(annexed)] under this section, the probate or rejection of such will shall be binding and final.

Sec. 22. RCW 11.24.040 and 1965 c 145 s 11.24.040 are each amended to read as follows:

If, upon the trial of said issue, it shall be decided that the will or a part of it is for any reason invalid, or that it is not sufficiently proved to have been the last will of the testator, the will or part and probate thereof shall be annulled and revoked (and thereupon and thereafter the powers of the executor or administrator of the will annexed shall cease, but such executor or administrator) and to that extent the powers of the personal representative shall cease, but the personal representative shall not be liable for any act done in good faith previous to such annulling or revoking.

Sec. 23. RCW 11.24.120 and 1965 c 135 s 1 are each amended to read as follows:

If the (personal representative) deceased died intestate or if the personal representative or representatives named in the will declined or were unable to serve shall be granted to some one or more of the persons hereinafter mentioned, and they shall be respectively entitled in the following order:

(1) The surviving (husband or wife) spouse, or such person as he or she may request to have appointed.

(2) The next of kin in the following order: (a) Child or children; (b) father or mother; (c) brothers or sisters; (d) grandchildren; (e) nephews or nieces.
(3) The trustee named by the decedent in an inter vivos trust instrument, testamentary trustee named in the will, guardian of the person or estate of the decedent, or attorney in fact appointed by the decedent, if any such a fiduciary controlled or potentially controlled substantially all of the decedent's probate and nonprobate assets.

(4) One or more of the beneficiaries or transferees of the decedent's probate or nonprobate assets.

(5) The director of revenue, or the director's designee, for those estates having property subject to the provisions of chapter 11.08 RCW; however, the director may waive this right.

(6) One or more of the principal creditors.

(7) If the persons so entitled shall fail for more than forty days after the death of the (intestate) decedent to present a petition for letters of administration, or if it appears to the satisfaction of the court that there (intestate) is no (relative or next of kin, as above specified eligible to appointment, or they waive their right, and there are no principal creditor or creditors, or such creditor or creditors waive their right, then the court may appoint any suitable person to administer such estate.

Sec. 24. RCW 11.28.237 and 1977 ex.s. c 234 s 6 are each amended to read as follows:

Within twenty days after appointment, the personal representative of the estate of a decedent shall cause written notice of his or her appointment and the pendency of said probate proceedings, to be served personally or by mail to each heir, legatee and devisee of the estate and each beneficiary or transferee of a nonprobate asset of the decedent whose names and addresses are known to him or her, and proof of such mailing or service shall be made by affidavit and filed in the cause.

Sec. 25. RCW 11.40.010 and 1991 c 5 s 1 are each amended to read as follows:

Every personal representative shall, after appointment and qualification, give a notice to the creditors of the deceased, stating such appointment and qualification as personal representative and requiring all persons having claims against the deceased to serve the same on the personal representative or the estate's attorney of record, and file an executed copy thereof with the clerk of the court, within four months after the date of the first publication of such notice described in this section or within four months after the date of the filing of the copy of such notice with the clerk of the court, whichever is the later, or within the time otherwise provided in RCW 11.40.013. The four-month time period after the later of the date of the first publication of the notice to creditors or the date of the filing of such notice with the clerk of the court is referred to in this chapter as the "four-month time limitation." Such notice shall be given as follows:

(1) The personal representative shall give actual notice, as provided in RCW 11.40.013, to such creditors who become known to the personal representative within such four-month time limitation.

(2) The personal representative shall cause such notice to be published once in each week for three successive weeks in the county in which the estate is being administered; and

(3) The personal representative shall file a copy of such notice with the clerk of the court.

Except as otherwise provided in RCW 11.40.011 or 11.40.013, any claim not filed within the four-month time limitation shall be forever barred, if not already barred by any otherwise applicable statute of limitations. This bar is effective as to claims against both the decedent's probate assets and nonprobate assets as described in section 19 of this act.

Proof of affidavit of the giving and publication of such notice shall be filed with the court by the personal representative.

Acts of a notice agent in complying with chapter ..., Laws of 1994 (this act) may be adopted and ratified by the personal representative as if done by the personal representative in complying with this chapter, except that if at the time of the appointment and qualification of the personal representative a notice agent had commenced nonprobate notice to creditors under chapter 11. Sec. 26. RCW (sections 31 through 48 of this act), the personal representative shall give published notice as provided in section 48 of this act.

Sec. 26. RCW 11.40.013 and 1989 c 333 s 4 are each amended to read as follows:

The actual notice described in RCW 11.40.010(1), as to creditors becoming known to the personal representative within the four-month time limitation, shall be given the creditors by personal service or regular first class mail, addressed to the creditor's last known address, postage provided expeditiously.

Sec. 27. RCW 11.40.015 and 1989 c 333 s 6 are each amended to read as follows:

Notice under RCW 11.40.010 shall be in substantially the following form:

```

The personal representative named below has been appointed and has qualified as personal representative of this estate. Persons having claims against the (deceased) decedent must, prior to the time such claims would be barred by any otherwise applicable statute of limitations, serve their claims on the personal representative or the attorneys of record at the address stated below and file an executed copy of the claim with the Clerk of this Court within four months after the date of first publication of this notice or within four months after the date of the filing of the copy of this Notice with the Clerk of the Court, whichever is later or, except under those provisions included in RCW 11.40.011 or 11.40.013, the claim will be forever barred. This bar is effective as to claims against both the probate assets and nonprobate assets of the decedent.

Sec. 28. RCW 11.40.040 and 1974 ex.s. c 117 s 36 are each amended to read as follows:

Every claim which has been allowed by the personal representative shall be ranked among the acknowledged debts of the estate to be paid expeditiously in the course of administration.

Sec. 29. RCW 11.40.080 and 1988 c 64 s 22 are each amended to read as follows:

No holder of any claim against a decedent shall maintain an action thereon, unless the claim shall have been first presented as (intestate) provided in this chapter. Nothing in this chapter affects (intestate) RCW 82.32.240.
Sec. 30. RCW 11.48.010 and 1965 c 145 s 11.48.010 are each amended to read as follows:
It shall be the duty of every personal representative to settle the estate, including the administration of any nonprobate assets within control of the personal representative under section 19 of this act, in his or her hands as rapidly and as quickly as possible, without sacrifice to the probate or nonprobate estate. The personal representative shall collect all debts due the deceased and pay all debts as hereinafter provided. The personal representative shall be authorized in his or her own name to maintain and prosecute such actions as pertain to the management and settlement of the estate, and may institute suit to collect any debts due the estate or to recover any property, real or personal, or for trespass of any kind or character.

NEW SECTION. Sec. 31. (1) Subject to the conditions stated in this section and if no personal representative has been appointed and qualified in the decedent's estate in Washington, the following members of a group, defined as the "qualified group," are qualified to give "nonprobate notice to creditors" of the decedent:
(a) Decedent's surviving spouse;
(b) The person appointed in an agreement made under chapter 11.96 RCW to give nonprobate notice to creditors of the decedent;
(c) The trustee, except a testamentary trustee under the will of the decedent not probated in another state, having authority over any of the property of the decedent;
(d) A person who has received any property of the decedent by reason of the decedent's death.
(2) The "includable property" means the property of the decedent that was subject to satisfaction of the decedent's general liabilities immediately before the decedent's death and that either:
(a) Constitutes a nonprobate asset; or
(b) Has been received, or is entitled to be received, either under chapter 11.62 RCW or by the personal representative of the decedent's probate estate administered outside the state of Washington, or both.
(3) The qualified person shall give the nonprobate notice to creditors. The "qualified person" must be:
(a) The person in the qualified group who has received, or is entitled to receive, by reason of the decedent's death, all, or substantially all, of the included property; or
(b) If there is no person in (a) of this subsection, then the person who has been appointed by those persons, including any successors of those persons, in the qualified group who have received, or are entitled to receive, by reason of the decedent's death, all, or substantially all, of the included property.
(4) The requirement in subsection (3) of this section of the receipt of all, or substantially all, of the included property is satisfied if:
(a) The person described in subsection (3)(a) of this section at the time of the filing of the declaration and oath referred to in subsection (5) of this section in reasonable good faith believed that the person had received, or was entitled to receive, by reason of the decedent's death, all, or substantially all, of the included property; or
(b) The persons described in subsection (3)(b) of this section at the time of their entry into the agreement under chapter 11.96 RCW in which they appoint the person to give the nonprobate notice to creditors in reasonable good faith believed that they had received, or were entitled to receive, by reason of the decedent's death, all, or substantially all, of the included property.
(5) The "notice agent" means the qualified person who:
(a) Files a declaration and oath with the clerk of the superior court in a county in which probate may be commenced regarding the decedent as provided in RCW 11.96.050(2);
(b) Pays a filing fee to the clerk equal in amount to the filing fee charged by the clerk for the probate of estates; and
(c) Receives from the clerk a cause number.
(6) The county in which the notice agent files the declaration is the "notice county." The declaration and oath must be made in affidavit form or under penalty of perjury under the laws of the state in the form provided in RCW 9A.72.085 and must state that the person making the declaration believes in reasonable good faith that the person is qualified under this chapter to act as the notice agent and that the person faithfully will execute the duties of the notice agent as provided in this chapter.
(7) The qualified person shall give the nonprobate notice to creditors.
(8) A nonresident may act as notice agent if the nonresident appoints an agent who is a resident of the notice county or who is attorney of record for the notice agent upon whose service of all papers may be made. The appointment must be made in writing and filed by the clerk of the notice county with the other papers relating to the notice given under this chapter.
(9) The powers and authority of a notice agent cease, and the office of notice agent becomes vacant, upon the appointment and qualification of a personal representative for the estate of the decedent. Except as provided in section 48 of this act, the cessation of the powers and authority does not affect a published notice under this chapter if the publication commenced before the cessation and does not affect actual notice to creditors given by the notice agent before the cessation.

NEW SECTION. Sec. 32. (1) The notice agent may give nonprobate notice to the creditors of the decedent if:
(a) As of the date of the filing of a copy of the notice with the clerk of the superior court for the notice county, the notice agent has no knowledge of the appointment and qualification of a personal representative in the decedent's estate in the state of Washington or of another person becoming a notice agent; and
(b) According to the records of the clerk of the superior court for the notice county as of 8:00 a.m. on the date of the filing, no personal representative of the decedent's estate had been appointed and qualified and no cause number regarding the decedent had been issued to any other notice agent by the clerk under section 31 of this act.
(2) The notice must state that all persons having claims against the decedent shall: (a) Serve the same on the notice agent if the notice agent is a resident of the state of Washington upon whom service of all papers may be made, or on the nonprobate resident agent for the notice agent, if any, or on the attorneys of record of the notice agent at their respective address in the state of Washington; and (b) File an executed copy of the notice with the clerk of the superior court for the notice county, within: (i) [A] Four months after the date of the first publication of the notice described in this section; or (B) Four months after the date of the filing of the copy of the notice with the clerk of the superior court for the notice county, whichever is later; or (ii) The time otherwise provided in section 35 of this act. The four-month time period after the later of the date of the first publication of the notice to creditors or the date of the filing of the notice with the clerk of the court is referred to in this chapter as the "four-month time limitation."
(3) The notice agent may act as notice agent in the notice in affidavit form or under penalty of perjury under the laws of the state of Washington as provided in RCW 9A.72.085 that: (a) The notice agent is entitled to give the nonprobate notice under subsection (1) of this section; and (b) The notice is being given by the notice agent as permitted by this section.
(4) The notice agent shall sign the notice and file it with the clerk of the superior court for the notice county. The notice must be given as follows:
NEW SECTION. Sec. 32. A claim may be served and filed as provided in this section, notwithstanding that there is no duly acting notice agent and that no personal representative previously has been appointed. However, the amount of recovery under the claim may not exceed the amount of applicable insurance coverages and proceeds, and the claim so served and filed may not constitute a cloud or lien upon the title to the assets of the decedent or delay or prevent the transfer or distribution of assets of the decedent. This section does not serve to extend the applicable statute of limitations regardless of whether a declaration and oath has been filed by a notice agent as provided in section 31 of this act.

NEW SECTION. Sec. 33. The notice agent shall exercise reasonable diligence to discover, within the four-month time limitation, reasonably ascertainable creditors of the decedent. The notice agent is deemed to have exercised reasonable diligence to ascertain the creditors upon:

(1) Conducting, within the four-month time limitation, a reasonable review of the decedent's correspondence including correspondence received after the date of death and financial records including checkbooks, bank statements, income tax returns, and similar materials, that are in the possession of, or reasonably available to, the notice agent; and
(2) Having made, with regard to claimants, inquiry of the nonprobate takers of the decedent's property and of the presumptive heirs, devisees, and legatees of the decedent, all of whose names and addresses are known, or in the exercise of reasonable diligence should have been known, to the notice agent.

If the notice agent conducts the review and makes an inquiry, the notice agent is presumed to have exercised reasonable diligence to ascertain creditors of the decedent, and creditors not ascertained in the review or in an inquiry are presumed not reasonably ascertainable. These presumptions may be rebutted only by clear, cogent, and convincing evidence. The notice agent may evidence the review and inquiry by filing an affidavit or declaration under penalty of perjury form as provided in RCW 9A.72.085 to the effect in the nonprobate proceeding in the notice county. The notice agent also may petition the superior court of the notice county for an order declaring that the notice agent has made a reasonable review and inquiry and that only creditors known to the notice agent after the review and inquiry are reasonably ascertainable. The petition and hearing must be under the procedures provided in chapter 11.96 RCW, and the notice specified under RCW 11.96.100 must also be given by publication.

NEW SECTION. Sec. 35. The actual notice described in section 32(4)(a) of this act, as to a creditor becoming known to the notice agent within the four-month time limitation, must be given the creditor by personal service or regular first class mail, addressed to the creditor's last known address, postage prepaid. The actual notice must be given before the expiration of the four-month time limitation or thirty days after a creditor became known to the notice agent within the four-month time limitation. A known creditor is barred unless the creditor has filed a claim, as provided in this chapter, within the four-month time limitation or within thirty days following the date of actual notice to that creditor, whichever is later. If notice is given by mail, the date of mailing is the date of notice. This bar is effective as to claims against the included property as defined in section 31 of this act.

NEW SECTION. Sec. 36. (1) Whether or not notice under section 32 of this act has been given or should have been given, if no personal representative has been appointed and qualified, a person having a claim against the decedent who has not filed the claim within eighteen months from the date of the decedent's death is forever barred from making a claim against the decedent, or commencing an action against the decedent, if the claim or action is not already barred by any other applicable statute of limitations. However, this eighteen-month limitation does not apply to:

(a) Claims described in section 33 of this act;
(b) A claim if, during the eighteen-month period following the date of death, partial performance has been made on the obligation underlying the claim, and the notice agent has not given the actual notice described in section 32(4)(a) of this act; or
(c) Claims if, within twelve months after the date of death:

(i) No notice agent has given the published notice described in section 32(4)(b) of this act; and
(ii) No personal representative has given the published notice described in RCW 11.40.010(2).

Any other applicable statute of limitations applies without regard to the tolling provisions of RCW 4.16.190.

(2) Claims referred to in this section must be filed if there is no duly appointed, qualified, and acting personal representative and there is a duly declared and acting notice agent or resident agent for the notice agent. The claims, subject to applicable statutes of limitation, may at any time be served on the duly declared and acting notice agent or resident agent for the notice agent, or on the attorney for either of them.

(3) A claim to be filed under this section if there is no duly appointed, qualified, and acting personal representative but there is a duly declared and acting notice agent or resident agent for the notice agent and which claim is not otherwise barred under this chapter must be made in the form and manner provided under section 32 of this act, as if the notice under that section had been given.

NEW SECTION. Sec. 37. Notice under section 32 of this act must be in substantially the following form:

In the Matter of

Deceased,

NONPROBATE NOTICE TO CREDITORS

The undersigned Notice Agent, having been appointed, qualified, and acting personal representative in the decedent's estate in the state of Washington or of any other person becoming a Notice Agent, has elected to give notice to creditors of the decedent above named under section 32 of this act. As of the date of the filing of a copy of this notice with the Clerk of this Court, the Notice Agent has knowledge of the appointment and qualification of a personal representative in the decedent's estate in the state of Washington or of any other person becoming a Notice Agent. According to the records of the Clerk of this Court as of 8:00 a.m. on the date of the filing of this notice with the Clerk, no personal representative of the decedent's estate has been appointed and qualified and no cause number regarding the decedent had been issued to any other Notice Agent by the Clerk of this Court under section 31 of this act.

Persons having claims against the decedent named above must, before the time the claims would be barred by any other applicable statute of limitations, serve their claims on: The notice agent if the Notice Agent is a resident of the state of Washington upon whom service of all
papers may be made; the Nonprobate Resident Agent for the Notice Agent, if any; or the attorneys of record for the Notice Agent at the respective address in the state of Washington listed below, and file an executed copy of the claim with the Clerk of this Court within four months after the date of first publication of this notice, or within four months after the date of the filing of the copy of this notice with the Clerk of the Court, whichever is later, or, except under those provisions included in sections 33 or 35 of this act, the claim will be forever barred. This bar is effective as to all assets of the decedent that were subject to satisfaction of the decedent’s general liabilities immediately before the decedent’s death regardless of whether those assets are or would be assets of the decedent’s probate estate or nonprobate assets of the decedent.

Date of filing of this notice with the Clerk of the Court: ____________________________

Date of first publication of this notice: ____________________________

The Notice Agent declares under penalty of perjury under the laws of the State of Washington on __________________, 19___ at [City] __________ [State] ______ that the foregoing is true and correct.

NEW SECTION. Sec. 38. RCW 11.40.020 applies to claims subject to this chapter.

NEW SECTION. Sec. 39. (1) Property of the decedent that was subject to the satisfaction of the decedent’s general liabilities immediately before the decedent’s death is liable for claims. The property includes, but is not limited to, property of the decedent that is includable in the decedent’s probate estate, whether or not there is a probate administration of the decedent’s estate.

(2) A claim approved by the notice agent, and a judgment on a claim first prosecuted against a notice agent, may be paid only out of assets received as a result of the death of the decedent by the notice agent or by those appointing the notice agent under chapter 11.96 RCW, except as may be provided by agreement under RCW 11.96.170 or by court order under RCW 11.96.070.

NEW SECTION. Sec. 40. (1) The notice agent shall approve or reject claims no later than by the end of a period that is two months after the end of the four-month time limitation defined as the “review period.”

(2) The notice agent may approve a claim, in whole or in part.

(3) If the notice agent rejects a claim, in whole or in part, the notice agent shall notify the claimant of the rejection and file in the office of the clerk of the court in the notice county an affidavit or declaration under penalty of perjury under RCW 9A.72.085 showing the notification and the date of the notification.

The notice must be by personal service or certified mail addressed to the claimant at the claimant’s address as stated in the claim. If a person other than the claimant signed the claim for or on behalf of the claimant, and the person’s business address as stated in the claim is different from that of the claimant, notification of the rejection also must be made by personal service or certified mail upon that person. The date of the postmark is the date of the notification. The notification of the rejection must advise the claimant, and the person making claim on his, her, or its behalf, if any, that the claimant must bring suit in the proper court in the notice county against the notice agent; (a) Within thirty days after notification of rejection if the notification is made during or after the review period; or (b) before expiration of thirty days after the end of the four-month time limitation, if the notification is made during the four-month time limitation, and that otherwise the claim is forever barred.

(4) A claimant whose claim either has been rejected by the notice agent or has not been acted upon within twenty days of written demand for the action having been given to the notice agent by the claimant during or after the review period must commence an action against the notice agent in the proper court in the notice county to enforce the claim of the claimant within the earlier of:

(a) If the notice of the rejection of the claim has been sent as provided in subsection (3) of this section: The time for filing an action on a rejected claim is as provided in subsection (3) of this section; or

(b) If written demand for approval or rejection is made on the notice agent before the claim is rejected: Within 30 days following the end of the twenty-day written demand period where the demand period ends during or after the review period; otherwise the claim is forever barred.

(5) The notice agent may, either before or after rejection of a claim, compromise the claim, whether due or not, absolute or contingent, liquidated or unliquidated.

(6) A personal representative of the decedent’s estate may revoke either or both of: (a) The rejection of a claim that has been rejected by the notice agent; or (b) the approval of a claim that has been either approved or compromised by the notice agent, or both.

(7) If a notice agent pays a claim that subsequently is revoked by a personal representative of the decedent, the notice agent may file a claim in the decedent’s estate for the notice agent’s payment, and the claim may be allowed or rejected as other claims, at the election of the personal representative.

If the notice agent has not received substantially all assets of the decedent that are liable for claims, then although an action may be commenced on a rejected claim by a creditor against the notice agent, the notice agent, notwithstanding any provision in this chapter, may only make an appearance in the litigation. The Notice Agent may not answer the action, but must, instead, cause a petition to be filed for the appointment of a personal representative of the decedent within thirty days of the service of the creditor’s summons and complaint on the notice agent. A judgment may not be entered in an action brought by a creditor against the notice agent earlier than twenty days after the duly appointed, qualified, and acting personal representative of the decedent has been substituted in that action for the notice agent.

NEW SECTION. Sec. 41. If a claim has been filed and presented to a notice agent, and a part of the claim is allowed, the amount of the allowance must be stated in the indorsement. If the creditor refuses to accept the amount so allowed in satisfaction of the claim, the creditor may not recover costs in an action the creditor may bring against the notice agent and against any substituted personal representative unless the creditor recovers a greater amount than that offered to be allowed, exclusive of interest and costs.

NEW SECTION. Sec. 42. A debt of a decedent for whose estate no personal representative has been appointed must be paid in the following order by the notice agent from the assets of the decedent that are subject to the payment of claims as provided in section 39 of this act:

(1) Costs of administering the assets subject to the payment of claims, including a reasonable fee to the notice agent, the resident agent for the notice agent, if any, reasonable attorneys’ fees for the attorney for each of them, filing fees, publication costs, mailing costs, and similar costs and fees.

(2) Funeral expenses in a reasonable amount.

(3) Expenses of the last sickness in a reasonable amount.

(4) Wages due for labor performed within sixty days immediately preceding the death of the decedent.

(5) Debts having preference by the laws of the United States.
(6) Taxes or any debts or dues owing to the state.
(7) Judgment rendered against the decedent in the decedent's lifetime that are liens upon real estate on which executions might have been issued at the time of the death of the decedent and debts secured by mortgages in the order of their priority. However, the real estate is subject to the payment of claims as provided in section 40 of this act.
(8) All other demands against the assets subject to the payment of claims as provided in section 40 of this act.

A claim of the notice agent or any other person who has received property by reason of the decedent's death may not be paid by the notice agent unless all other claims that have been filed under this chapter, and all debts having priority to the claim, are paid in full or otherwise settled by agreement, regardless of whether the other claims are allowed or rejected, or partly allowed or partly rejected. In the event of the probate of the decedent's estate, the personal representative's payment from estate assets of the claim of the notice agent or other person who has received property by reason of the decedent's death is not affected by the priority provisions of this section.

NEW SECTION. Sec. 43. The notice agent may not allow a claim that is barred by the statute of limitations.

NEW SECTION. Sec. 44. A holder of a claim against a decedent may not maintain an action on the claim against a notice agent, unless the claim has been first presented as provided in this chapter. This chapter does not affect RCW 82.32.240.

NEW SECTION. Sec. 45. The time during which there is a vacancy in the office of notice agent is not included in a limitation prescribed in this chapter.

NEW SECTION. Sec. 46. If a judgment has been rendered against a decedent in the decedent's lifetime, an execution may not issue on the judgment after the death of the decedent, but the judgment must be presented in the form of a claim to the notice agent, if any, as any other claim. The claim need not be supported by the affidavit of the claimant. If the claim is justly due and unsatisfied, it must be paid in due course in accordance with this chapter for the payment of claims. However, if the judgment is a lien on property classified within the definition of the included property in section 31 of this act, the property may be sold for the satisfaction of the judgment, and the officer making the sale shall account to the notice agent for any surplus.

NEW SECTION. Sec. 47. The personal claim of a Notice Agent, as a creditor of the decedent, must be authenticated by affidavit, and must be filed and presented for allowance to the superior court in the notice county. The allowance of the claim by the court is sufficient evidence of the correctness of the claim.

NEW SECTION. Sec. 48. In case the office of notice agent becomes vacant for any reason, including resignation, death, removal, or replacement, after notice by publication has been commenced as provided in section 32 of this act, the personal representative of the decedent or the successor notice agent shall publish notice of the vacancy and succession for two successive weeks in a legal newspaper published in the notice county. The time between the commencement of the vacancy and the publication by the successor notice agent or personal representative must be added to the time within which claims must be filed: (1) By the first published nonprobate notice to creditors; and (2) as extended in the case of actual notice under section 35 of this act, unless the time expired before the vacancy. Notice is not required if the period for filing claims has expired during the time that the former notice agent was qualified.

Sec. 49. RCW 11.56.050 and 1965 c 145 s 11.56.050 are each amended to read as follows:
If the court should determine that it is necessary to sell any or all of the real estate for the purposes mentioned in this title, then it may make and cause to be entered an order directing the personal representative to sell so much of the real estate as the court may determine necessary for the purposes aforesaid. Such order shall give a particular description of the property to be sold and the terms of such sale and shall provide whether such property shall be sold at public or private sale, or by negotiation. ([The court shall order sold that part of the real estate which is generally devised, rather than any part which may have been specifically devised, but the court may, if it appears necessary, sell any or all of the real estate so devised.])

After the giving of such order it shall be the duty of the personal representative to sell such real estate in accordance with the order of the court and as in this title provided with reference to the public or private sales of real estate.

Sec. 50. RCW 11.68.010 and 1977 ex.s.c 234 s 18 are each amended to read as follows:
Subject to the provisions of this chapter, if the estate of a decedent, who died either testate or intestate, is solvent taking into account both probate and nonprobate assets of the decedent, and if the personal representative or any other creditor of the decedent not designated as personal representative in the decedent's will, such estate shall be managed and settled without the intervention of the court; the fact of solvency shall be established by the entry of an order of solvency. An order of solvency may be entered at the time of the appointment of the personal representative or at any time thereafter where it appears to the court by the petition of the personal representative, or the inventory filed, and/or other proof submitted, that the estate of the decedent is solvent, and that notice of the application for an order of solvency has been given to those persons entitled thereto when required by RCW 11.68.040 as now or hereafter amended.

Sec. 52. RCW 11.96.020 and 1985 c 31 s 3 are each amended to read as follows:

as now or hereafter amended.
(2) Within the limitations of subsection (1) of this section, whenever the trust instrument directs, requires, authorizes, or permits investment
in obligations of the United States government, the trustee may invest in and hold such obligations either directly or in the form of securities of, or other
interests in, an open-end or closed-end management type investment company or investment trust registered under the federal investment company
act of 1940, as now or hereafter amended, if both of the following conditions are met:

The fiduciary shall furnish a copy of the prospectus relating to the securities to each person to whom a regular periodic accounting would ordinarily be rendered under the trust instrument or under RCW 11.106.020, upon the request of that person. In all cases of probate, insolvency, assignment for the benefit of creditors, or bankruptcy, involving any taxpayer who is, or decedent who was, engaging in business, the claim of the state for said taxes and all increases and penalties thereon shall be a lien upon all real and personal property of the taxpayer, and the mere existence of such cases or conditions shall be sufficient to create such lien without any prior or subsequent action by the state, and in all such cases it shall be the duty of all administrators, executors, guardians, receivers, trustees in bankruptcy or assignees for the benefit of creditors, to notify the department of revenue of such administration, receivership or assignment within sixty days from the date of their appointment and qualification.

The lien provided for by this section shall attach as of the date of the assignment for the benefit of creditors or of the initiation of the probate, insolvency, or bankruptcy proceedings. PROVIDED, That this sentence shall not be construed as affecting the validity or priority of any earlier lien that may have attached previously in favor of the state under any other section of this title. Any administrator, executor, guardian, receiver or assignee for the benefit of creditors not giving the notification as provided for above shall become personally liable for payment of the taxes and all increases and penalties thereon to the extent of the value of the property subject to administration that otherwise would have been available for the payment of such taxes, increases, and penalties by the administrator, executor, guardian, receiver, or assignee.

As used in this section, "probate" includes the nonprobate claim settlement procedure under chapter 11.-- RCW (sections 31 through 48 of this act), and "executor" and "administrator" includes any notice agent acting under chapter 11.

A petition for annexation of an area contiguous to a city or town may be made in writing addressed to and filed with the legislative body of the municipality to which annexation is desired. Except where all the property sought to be annexed is property of a school district, and the school directors thereof file the petition for annexation as in RCW 28A.335.110 authorized, the petition must be signed by the owners of not less than seventy-five percent in value according to the assessed valuation for general taxation of the property for which annexation is petitioned. PROVIDED, That in cities and towns with populations greater than one hundred sixty thousand located east of the Cascade mountains, the owner of tax exempt property may sign an annexation petition and have the tax exempt property annexed into the city or town, but the value of the tax exempt property shall not be used in calculating the sufficiency of the required property owner signatures unless only tax exempt property is proposed to be annexed into the city or town. The petition shall set forth a description of the property according to government legal subdivisions or legal plats which is in compliance with RCW 35.02.170, and shall be accompanied by a plat which outlines the boundaries of the property sought to be annexed. If the legislative body has required the assumption of all or any portion of city or town indebtedness by the area annexed, and/or the adoption of a comprehensive plan for the area to be annexed, these facts, together with a quotation of the minute entry of such requirement or requirements shall be set forth in the petition. The signing of an outside utility agreement that includes a waiver of a property owner's right not to sign an annexation petition may not be counted as a signature on an annexation petition."

The legislative body shall set a date, not later than sixty days after the filing of the request, for a meeting with the initiating parties to determine whether the code city will accept, reject, or geographically modify the proposed annexation, whether it shall require the simultaneous adoption of a proposed zoning regulation, if such a proposal has been prepared and filed for the area to be annexed as provided for in RCW 35A.14.330 and 35A.14.340, and whether it shall require the assumption of all or any portion of existing city indebtedness by the area to be annexed. If the legislative body requires the assumption of all or any portion of indebtedness and/or the adoption of a proposed zoning regulation, it shall record this action in its minutes and the petition for annexation shall be so drawn as to clearly indicate these facts. Approval by the legislative body shall be a condition precedent to circulation of the petition. There shall be no appeal from the decision of the legislative body. A petition for annexation of an area contiguous to a code city may be filed with the legislative body of the municipality to which annexation is desired. It must be signed by the owners, as defined by RCW 35A.01.040(9) (a) through (d), of not less than sixty percent in value, according to the assessed valuation for general taxation of the property for which annexation is petitioned. PROVIDED, That a petition for annexation of an area having at least eighty percent of the boundaries of such area contiguous with a portion of the boundaries of the code city, not including that portion of the boundary of the area proposed to be annexed that is coterminous with a portion of the boundary between two counties in this state, need be signed by only the owners of not less than fifty percent in value according to the assessed valuation for general taxation of the property for which the annexation is petitioned. Such petition shall set forth a description of the property according to government legal subdivisions or legal plats and shall be accompanied by a map which outlines the boundaries of the property sought to be annexed. If the legislative body has required the assumption of all or any portion of city indebtedness by the area annexed or the adoption of a proposed zoning regulation, these facts, together with a quotation of the minute entry of such requirement, or requirements, shall also be set forth in the petition. The signing of an outside utility agreement that includes a waiver of a property owner's right not to sign an annexation petition may not be counted as a signature on an annexation petition."

On appeal the superior court shall not take any evidence other than that contained in the record of the hearing before the board.

(6) The superior court may affirm the decision of the board or remand the case for further proceedings; or it may reverse the decision if any substantial rights may have been prejudiced because the administrative findings, inferences, conclusions, or decisions are:

(a) In violation of constitutional provisions, or
(b) In excess of the statutory authority or jurisdiction of the board, or
(c) Made upon unlawful procedure, or
(d) Affected by other error of law, or

(1) To the extent funds are appropriated, the office of the superintendent of public instruction shall provide student learning improvement grants for the 1994-95 through 1996-97 school years. The purpose of the grants is to provide funds for additional time and resources for staff development and planning intended to improve student learning for all students, including students with diverse needs, consistent with the student learning goals in RCW 28A.150.210."
(2) To be eligible for student learning improvement grants, school district boards of directors shall:
   (a) Adopt a policy regarding the sharing of instructional decisions with school staff, parents, and community members;
   (b) Submit school-based applications that have been developed by school building personnel, parents, and community members. Each application shall:
      (i) Enumerate specific activities to be carried out as part of the grant;
      (ii) Identify the technical resources desired and availability of those resources;
      (iii) Include a proposed budget; and
      (iv) Indicate that the application was approved by the school principal and representatives of teachers, parents, and the community.
(3) The school board shall conduct at least one public hearing on schools’ plans for using the grants before the board approves the plans. Boards may hear and approve more than one school’s plan at a hearing. The board shall only submit applications for grants to the superintendent of public instruction if the board has approved the plans.
(4) If the requirements of subsections (2) and (3) of this section are met, the superintendent of public instruction shall approve the grant application.
(5) To the extent funds are appropriated, and for allocation purposes only, the amount of grants for the 1994-95, 1995-96, and 1996-97 school year shall be based on time equivalent to (no fewer than three days and not more than five days) up to four days, depending upon the number of grant applications received and on the number of full-time equivalent certificated staff, classified instructional aides, and classified secretaries who work in the school at the time of application. For the 1995-96 and 1996-97 school years, the equivalent of five days annually shall be provided. The allocation per full-time equivalent staff shall be determined in the biennial operating appropriations act. Funds from the grant may be used to pay for planning and staff development for certificated and classified staff and for other activities consistent with the purpose of the grant program. Activities conducted pursuant to this section also may be conducted during the months of July and August preceding each school year for which the school has received a grant. Expenses occurring as a result of these summer activities may be paid from the school year grant. School districts shall use all funds received under this section solely for grants to schools and shall not use any portion of the funds for indirect costs.
(6) The state schools for the deaf and blind may apply for grants under this section.
(7) The superintendent of public instruction shall adopt rules as necessary under chapter 34.05 RCW to administer the program. The superintendent may modify application requirements for schools that have schools for the twenty-first century projects under RCW 28A.630.950. The select committee shall report to the legislature by January 15, 1994. The laws pertaining to home schooling and private schools shall not be reviewed in this study.

(1) The life-threatening dangers of acquired immunodeficiency syndrome (AIDS) and its prevention shall be taught in the public schools of this state. AIDS prevention education shall be limited to the discussion of the life-threatening dangers of the disease, its spread, and prevention. Students shall receive such education at least once each school year beginning no later than the fifth grade.
(2) Each district board of directors shall adopt an AIDS prevention education program which is developed in consultation with teachers, administrators, parents, and other community members including, but not limited to, persons from medical, public health, and mental health organizations and agencies so long as the curricula and materials developed for use in the AIDS education program either (a) are the model curricula and resources under subsection (3) of this section, or (b) are developed by the school district and approved for medical accuracy by the office on AIDS established in RCW 70.24.250. If a district elects to use curricula developed by the school district, the district shall submit to the office on AIDS a copy
of its curricula and an affidavit of medical accuracy stating that the material in the district-developed curricula has been compared to the model curricula and medical accuracy and that in the opinion of the district the district-developed materials are medically accurate. Upon submission of the affidavit and curricula, the district may use these materials until the approval procedure to be conducted by the office of AIDS has been completed.

(3) Model curricula and other resources available from the superintendent of public instruction (through the state clearinghouse for educational information) may be reviewed by the school district board of directors, in addition to materials designed locally, in developing the district’s AIDS education program. The parents and guardians shall be notified by the school district of the presentation and that the curricula and materials are available for inspection. No student may be required to participate in AIDS prevention education if the student’s parent or guardian, having attended one of the district presentations, objects in writing to the participation.

(5) The office of the superintendent of public instruction with the assistance of the office on AIDS shall update AIDS education curriculum material as newly discovered medical facts make it necessary.

(6) The curriculum for AIDS prevention education shall be designed to teach students which behaviors place a person dangerously at risk of infection with the human immunodeficiency virus (HIV) and methods to avoid such risk including, at least:

- The dangers of drug abuse, especially that involving the use of hypodermic needles; and
- The dangers of sexual intercourse, with or without condoms.

(7) The program of AIDS prevention education shall stress the life-threatening dangers of contracting AIDS and shall stress that abstinence from sexual activity is the only certain means for the prevention of the spread or contraction of the AIDS virus through sexual contact. It shall also teach that condoms and other artificial means of birth control are not a certain means of preventing the spread of the AIDS virus and reliance on condoms puts a person at risk for exposure to the disease.

Sec. 8. RCW 28A.300.150 and 1987 c 489 s 2 are each amended to read as follows: The superintendent of public instruction shall collect and disseminate to school districts information on child abuse and neglect prevention curriculum (through the state clearinghouse for education information). In accordance with the provisions of Title 28A RCW, as now or hereafter amended, each common school district board of directors shall be vested with the final responsibility for the setting of policies ensuring quality in the content and extent of its educational program and that such program provide students with the opportunity to achieve those skills which are generally recognized as requisite to learning.

- Evaluate final curriculum standards consistent with law and rules and regulations of the state board of education, relevant to the particular needs of district students or the unusual characteristics of the district, and ensuring a quality education for each student in the district; and
- Evaluate teaching materials, including text books, teaching aids, handouts, or other printed material, in public hearing upon complaint by parents, guardians or custodians of students who consider dissemination of such material to students objectionable.

In keeping with the accountability purpose expressed in this section and to insure that the local community and electorate have access to information on the educational programs in the school districts, each school district’s board of directors shall annually publish a descriptive guide to the district’s common schools. This guide shall be made available at each school in the district for examination by the public. The guide shall include, but not be limited to, the following:

  - Special levy budget request presented by program and expenditure for purposes over and above those requirements identified in RCW 28A.150.220.

The legislature also recognizes that certain basal values and character traits are essential to individual liberty, fulfillment, and happiness. However, these values and traits are not intended to be assessed or be standards for graduation. These values and traits include the importance of:

- Honesty, integrity, and trust;

NEW SECTION. Sec. 15. Section 10 of this act shall take effect September 1, 1994.

Senator Anderson moved that the following amendments by Senators Anderson and Hargrove to the Committee on Education striking amendment be considered simultaneously and be adopted:

On page 6, line 12, after having "insert "either"

On page 6, line 13, after "presentations" insert "or reviewed the curricula and materials available for inspection"

POINT OF ORDER

Senator Pelz: "Mr. President, I request that you rule the amendment by Senator Anderson outside the scope and object of Engrossed Substitute House Bill No. 2850. The amendment would change the requirement for excusing a child from participating in an AIDS education program. Certain sections of this bill such as the section dealing with AIDS education are only in the bill to delete references to an obsolete term, 'The State Clearing House for Education Information,' which ceased to exist after House Bill 1209 went into effect. The bill does not make changes in the AIDS education program or other programs. Any attempt to change the AIDS program is beyond the scope of the bill and I ask that we not turn this bill--to approve the procedure established last session under House Bill No. 1209 for improving our schools--into a Christmas Tree to hang any item or any ones wishes to change the education code. I realize that the title is very broad, but the bill is narrow in scope."

Further debate ensued.

There being no 222objection, the President deferred further consideration of the amendments by Senators Anderson and Hargrove on page 6, lines 12 and 13, to the Committee on Education striking amendment.

MOTION

Senator Talmadge moved that the following amendment by Senators Talmadge, Prentice and McDonald to the Committee on Education amendment be adopted:

On page 9, after line 11, insert the following:

(1) For the purposes of this section:

(a) "Free or reduced-price lunches" means lunches served by a school district that qualify for federal reimbursement as free or reduced-price lunches under the national school lunch program.

(b) "School breakfast program" means a program meeting federal requirements defined in 42 U.S.C. Sec. 1773.

(c) "Severe-need school" means a school that qualifies for a severe-need school reimbursement rate from federal funds for school breakfasts served to children from low-income families.

(2) School districts shall be required to develop and implement plans for a school breakfast program in severe-need schools, pursuant to the schedule in this section. For the second year prior to the implementation of the district's school breakfast program, and for each subsequent school year, each school district shall submit data enabling the superintendent of public instruction to determine which schools within the district will qualify as severe-need schools. In developing its plan, each school district shall consult with an advisory committee including school staff and community members appointed by the board of directors of the district. School districts shall provide a breakfast program in any school as long as the school qualifies as a severe-need school or there is data available to confirm and substantiate the severe-needs status of the school.

(3) Using district wide data on school lunch participation during the 1988-89 school year, the superintendent of public instruction shall adopt a schedule for implementation of school breakfast programs in severe-need schools as follows:

(a) School districts where at least forty percent of lunches served to students are free or reduced-price lunches shall submit a plan for implementation of a school breakfast program in severe-need schools to the superintendent of public instruction no later than July 1, 1990. Each such district shall implement a school breakfast program in all severe-need schools no later than the second day of school in the 1990-91 school year and in each subsequent school year thereafter.

(b) School districts where at least twenty-five but less than forty percent of lunches served to students are free or reduced-price lunches shall submit a plan for implementation of a school breakfast program in severe-need schools to the superintendent of public instruction no later than July 1, 1991. Each such district shall implement a school breakfast program in all severe-need schools no later than the second day of school in the 1991-92 school year and in each school year thereafter.

(c) School districts where less than twenty-five percent of lunches served to students are free or reduced-price lunches shall submit a plan for implementation of a school breakfast program in severe-need schools to the superintendent of public instruction no later than July 1, 1992. Each such district shall implement a school breakfast program in all severe-need schools no later than the second day of school in the 1992-93 school year and in each school year thereafter.
School districts that do not offer a school lunch program in the 1988-89 school year are encouraged to implement such a program and to provide a school breakfast program in all serve-need schools when eligible.

The requirements in this section shall lapse if the federal reimbursement rate for breakfasts served in serve-need schools is eliminated.

Students who do not meet family-income criteria for free breakfasts shall be eligible to participate in the school breakfast programs established under this section, and school districts may charge for the breakfasts served to these students except as provided in section 13 of this act.

Requirements that school districts have school breakfast programs under this section shall not create or imply any state funding obligation for these costs. The legislature does not intend to include these programs within the state's obligation for basic education funding under Article IX of the Constitution.

School districts that do not have a school lunch program shall develop a plan for a school lunch program and establish a feasible timeline for instituting the program.

The legislature does not intend to include these programs within the state's obligation for basic education funding under Article IX of the Constitution.

School districts shall demonstrate that they have applied for applicable federal funds before applying for funds under this subsection. Funds appropriated under this subsection are intended to increase participation by eligible students in school food programs, and shall be used solely to enhance school breakfast and lunch programs.

2. To the extent funds are appropriated, the superintendent of public instruction shall increase the state support for school breakfasts and lunches.

3. The superintendent of public instruction shall identify six serve-need schools under RCW 28A.235.140 and award to these schools grants to be used directly to feed more students. The following criteria shall be included in selecting the schools:
   a. Severe-needs schools, as established by data.
   b. A high percentage of students eligible for low-income meals, as determined by dividing the number of free and reduced price meal applications or letters of direct certification by the total school enrollment; and
   c. The small size of the school district does not enable the school to benefit from economies of scale in food services.

4. The superintendent of public instruction may apply for all available federal funds for school lunch and breakfast program outreach.

Sec. 12. RCW 28A.235.150 and 1993 c 333 s 4 are each amended to read as follows:

1. The superintendent of public instruction shall administer funds for the federal summer food service program.

3. The instructions shall apply for all available federal funds for summer food service program outreach.

NEW SECTION. Sec. 13. A new section is added to chapter 28A.235 RCW to read as follows:

School districts are encouraged to take advantage of the opportunity to serve all enrolled students in designated high-needs schools under special assistance known as Provision 2, 7 C.F.R. 245(b). The superintendent of public instruction shall ensure that information on Provision 2 is provided to all districts with schools where more than seventy-five percent of students qualify for free or reduced-price school meals by the end of 1994.

NEW SECTION. Sec. 14. A new section is added to chapter 28A.235 RCW to read as follows:

Within six months of the effective date of this act, and every two years thereafter, school districts with breakfast or lunch programs shall assess whether the programs allow adequate realistic time to be served and to eat. If the assessment shows that there is insufficient time for personal hygiene, serving, and consumption of school meals, the school shall allow more time by any feasible means, including the use of adult volunteer help, additional cafeteria shifts, or more staffing. Failure to properly assess such programs and correct problems identified by assessment, or to promptly investigate and take appropriate action on complaints regarding compliance with this section shall be remedied by the superintendent of public instruction.

NEW SECTION. Sec. 15. A new section is added to chapter 28A.235 RCW to read as follows:

School districts shall ensure that food sold on school grounds is consistent with the dietary guidelines for Americans as provided in the edition of "Nutrition & Your Health: Dietary Guidelines for Americans," by the United States departments of agriculture and health and human services in print on the effective date of this act, or a later edition as adopted by reference by the superintendent by rule.

Senator Pelz: “Mr. President, I also ask that you rule that the amendment by Senator Talmadge exceeds the scope and object of Engrossed Substitute House Bill No 2850. This amendment is beyond the scope and object of Engrossed Substitute House Bill No. 2850 since it seeks to make improvements to another school program, the school food program. The school food program is not mentioned in Engrossed Substitute House Bill No. 2850. Engrossed Substitute House Bill No. 2850, while containing a number of statutes in the education code, is a very narrow bill designed to make substantive and technical changes to a specific piece of legislation. House Bill No 1209. It does not create any new programs or attempt to make additional reforms to education."

Further debate ensued.

There being no objection, the President deferred further consideration of the amendment by Senators Talmadge, Prentice and McDonald on page 9, after line 11, to the Committee on Education striking amendment.

MOTION

Senator West moved that the following amendments to the Committee on Education amendment be considered simultaneously and be adopted:

On page 14, after line 17, insert the following:

*Sec. 14. RCW 28A.160.210 and 1989 c 178 s 20 are each amended to read as follows:

in addition to other powers and duties, the state board of education shall adopt rules (and regulations) governing the training and qualifications of school bus drivers. For the purposes of this section, "school bus driver" means a person who operates a school bus as defined in RCW 46.04.521, as well as other motor vehicles for the routine transportation of students between home and school on scheduled routes. Such rules (and regulations) for school bus drivers shall be designed to ensure that persons who will not be employed to operate school buses unless they possess such physical health and driving skills as are necessary to safely operate school buses: PROVIDED, That such rules (and regulations) shall ensure that school bus drivers are provided a due process hearing before any certification required by such rules (and regulations) is (canceled) canceled: PROVIDED FURTHER, That such rules (and regulations) shall not conflict with the authority of the department of licensing to license school bus drivers in accordance with chapter 46.25 RCW. The state board of education may obtain a copy of the driving record, as maintained by the department of licensing, for consideration when evaluating a school bus driver's driving skills."

NEW SECTION. Sec. 15. A new section is added to chapter 28A.320 RCW to read as follows:

POINT OF ORDER
School district boards of directors are encouraged to adopt policies on qualifications for school district employees and volunteers transporting students other than their own children to or from school sponsored activities.

On page 15, line 1, after "(uncodified);" insert "28A.160.210;"
On page 15, line 2, after "28A.150 RCW;" insert "adding a new section to chapter 28A.320 RCW;"

POINT OF ORDER

Senator Pelz: "Mr. President, I am reminded of the time that Senator Moore was on the losing end of an unanimous vote. Senator West is attempting to amend this bill with an old bill of mine, which I wish were going to pass, but I am going to have to ask that you rule that Senator West's amendment exceeds the scope and object of Engrossed Substitute House Bill No. 2850--suffice to say for reasons that I previously stated."

Further debate ensued.
There being no objection, the President deferred further consideration of the amendments by Senator West on page 14, after line 17, and page 15, lines 1 and 2, to the Committee on Education striking amendment.
There being no objection, the President deferred further consideration of Engrossed Substitute House Bill No. 2850.

The Senate was called to order at 7:37 p.m. by President Pritchard.
There being no objection, the President returned the Senate to the fourth order of business.

MOTION

On motion of Senator Spanel, the Senate advanced to the sixth order of business. 

There being no objection, the Senate resumed consideration of Engrossed Substitute House Bill No. 2850 and the pending amendments by Senators Anderson and Hargrove on page 6, lines 12 and 13; the pending amendment by Senators Talmadge, Prentice and McDonald on page 9, after line 11; and the pending amendments by Senator West on page 14, after line 17, and page 15, lines 1 and 2, all to the Committee on Education striking amendment, deferred earlier today.

RULING BY THE PRESIDENT

President Pritchard: "In ruling upon the point of order raised by Senator Pelz on the amendments by Senators Anderson and Hargrove on page 6, lines 12 and 13; the amendment by Senators Talmadge, Prentice and McDonald on page 9, after line 11; and the amendments by Senator West on page 14, after line 17, and page 15, lines 1 and 2, to the Committee on Education amendment, the President finds that Engrossed Substitute House Bill No. 2850 is a measure which deletes obsolete language, changes reporting dates, changes terms of existing grants and adds certain values and traits to the goals of the Basic Education Act.

"The amendments proposed by Senators Anderson and Hargrove on page 6, lines 12 and 13 would provide parents or guardians with the option of reviewing materials on AIDS curricula, rather than attending a presentation, in deciding whether to object to a child's participation in AIDS prevention education. "The amendment proposed by Senators Talmadge, Prentice and McDonald on page 9, after line 11, would make numerous changes in school food programs including the awarding of grants for food programs in qualifying schools, requiring assessments of school district food programs, and requiring that food sold on school grounds is consistent with certain dietary guidelines.

"The amendments proposed by Senator West on page 14, after line 17 and page 15, lines 1 and 2, would define 'school bus driver' and limit the State Board of Education's authority over certain school bus drivers. "The President, therefore, finds that all the proposed amendments do change the scope and object of the bill and the point of order is well taken."

The amendments by Senators Anderson and Hargrove on page 6, lines 12 and 13; the amendment by Senators Talmadge, Prentice and McDonald on page 9, after line 11; and the amendments by Senator West on page 14, after line 17, and page 15, lines 1 and 2, to the Committee on Education striking amendment to Engrossed Substitute House Bill No. 2850 were ruled out of order.

The President declared the question before the Senate to be the adoption of the Committee on Education striking amendment to Engrossed Substitute House Bill No. 2850.

Providing tax credits and deferrals for high-technology businesses.

The bill was read the second time.

MOTIONS

On motion of Senator Rinehart, the following Committee on Ways and Means amendment was adopted:

*NEW SECTION. Sec. 1. The legislature finds that high-wage, high-skilled jobs are vital to the economic health of the state's citizens, and that targeted tax incentives will encourage the formation of high-wage, high-skilled jobs. The legislature also finds that tax incentives should be subject to the same rigorous requirements for efficiency and accountability as are other expenditure programs, and that tax incentives should therefore be focused to provide the greatest possible return on the state's investment.

The legislature also finds that high-technology businesses are a vital and growing source of high-wage, high-skilled jobs in this state, and that the high-technology sector is a key component of the state's effort to encourage economic diversification. However, the legislature finds that many high-technology businesses incur significant costs associated with research and development and pilot scale manufacturing many years before a marketable product can be produced, and that current state tax policy discourages the growth of these companies by taxing them long before they become profitable.

The legislature further finds that stimulating growth of high-technology businesses early in their development cycle, when they are turning ideas into marketable products, will build upon the state's established high-technology base, creating additional research and development jobs and subsequent manufacturing facilities.

For these reasons, the legislature hereby establishes a program of business and occupation tax credits for qualified research and development expenditures.

The legislature hereby establishes a tax deferral program for high-technology research and development and pilot scale manufacturing facilities. The legislature declares that these limited programs serve the vital public purpose of creating employment opportunities in this state.

The legislature further declares its intent to create a contract within the meaning of Article I, section 23 of the state Constitution as to those businesses that make capital investments in consideration of the tax deferral program established in this chapter.

*NEW SECTION. Sec. 2. A new section is added to chapter 82.04 RCW to read as follows:

1. In computing the tax imposed under this chapter, a credit is allowed for each person whose research and development spending during the year in which the credit is claimed exceeds 0.92 percent of the person's taxable amount during the same calendar year.

2. The credit is equal to the greater of the amount of qualified research and development expenditures of a person or eighty percent of amounts received by a person other than a public educational or research institution in compensation for the conduct of qualified research and development expenditures multiplied by the rate of 0.515 percent in the case of a nonprofit corporation or nonprofit association engaging within this state in research and development, and 2.5 percent for every other person.

3. Any person entitled to the credit provided in subsection (2) of this section as a result of qualified research and development conducted under contract may assign all or any portion of the credit to the person contracting for the performance of the qualified research and development.

4. The credit, including any credit assigned to a person under subsection (3) of this section, shall be taken against taxes due for the same calendar year in which the qualified research and development expenditures are incurred. The credit, including any credit assigned to a person under subsection (3) of this section, for calendar year 1994 shall not exceed the lesser of one million dollars or the taxes otherwise due under this chapter for the period July 1, 1994 through December 31, 1994.

5. Any person taking the credit, including any credit assigned to a person under subsection (3) of this section, whose research and development spending during the calendar year in which the credit is claimed fails to exceed 0.92 percent of the person's taxable amount during the same calendar year shall be liable for payment of the additional taxes represented by the amount of credit taken together with interest, but not penalties. Interest shall be due at the rate provided for delinquent excise taxes retroactively to the date the credit was taken until the taxes are paid.

6. Any person claiming the credit, and any person assigning a credit as provided in subsection (3) of this section, shall file an affidavit form prescribed by the department which shall include the amount of the credit claimed, an estimate of the anticipated qualified research and development expenditures during the calendar year for which the credit is claimed, an estimate of the taxable amount during the calendar year for which the credit is claimed, and such additional information as the department may prescribe.

7. A person claiming the credit shall agree to supply the department with information necessary to measure the results of the tax credit program for qualified research and development expenditures.

8. For the purpose of this section:

(a) "Qualified research and development expenditures" means operating expenses, including wages, compensation of a proprietor or a partner in a partnership as determined under rules adopted by the department, benefits, supplies, and computer expenses, directly incurred in qualified research and development by a person claiming the credit provided in this section. The term does not include amounts paid to a person other than a public educational or research institution to conduct qualified research and development. Nor does the term include capital costs and overhead, such as expenses for land, structures, or depreciable property.

(b) "Qualified research and development" shall have the same meaning as in section 3 of this act.

(c) "Research and development spending" means qualified research and development expenditures plus eighty percent of amounts paid to a person other than a public educational or research institution to conduct qualified research and development.
(d) “Taxable amount” means the taxable amount subject to the tax imposed in this chapter required to be reported on the person’s combined excise tax returns during the year in which the credit is claimed, less any taxable amount for which a credit is allowed under RCW 82.04.440.

(9) This section shall expire July 1, 1997.

NEW SECTION. Sec. 3. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) “Advanced computing” means technologies used in the designing and developing of computing hardware and software, including innovations in designing the full spectrum of hardware from hand-held calculators to super computers, and peripheral equipment.

(2) “Advanced materials” means materials with engineered properties created through the development of specialized processing and synthesis technology, including ceramics, high value-added metals, electronic materials, composites, polymers, and biomaterials.

(3) “Applicant” means a person applying for a tax deferral under this chapter.

(4) “Biotechnology” means the application of technologies, such as recombinant DNA techniques, biochemistry, molecular and cellular biology, genetics and genetic engineering, cell fusion techniques, and new bioprocesses, using living organisms, or parts of organisms, to produce or modify products, to improve plants or animals, to develop microorganisms for specific uses, to identify targets for small molecule pharmaceutical development, or to transform biological systems into useful processes and products or to develop microorganisms for specific uses.

(5) "Department" means the department of revenue.

(6) “Electronic device technology” means technologies involving microelectronics; semiconductors; electronic equipment and instrumentation; radio frequency, microwave, and millimeter electronics; and optical and optoelectrical devices; and data and digital communications and imaging devices.

(7) “Eligible investment project” means that portion of an investment project which either initiates a new operation, or expands or diversifies a current operation by expanding, renovating, or equipping an existing facility with costs in excess of twenty-five percent of the true and fair value of the facility prior to improvement. The lessor or owner of the qualified building is not eligible for a deferral unless the underlying ownership of the buildings, machinery, and equipment vests exclusively in the same person, or unless the lessor by written contract agrees to pass the economic benefit of the deferral to the lessee in the form of reduced rent payments.

(8) “Environmental technology” means assessment and prevention of threats or damage to human health or the environment, environmental cleanup, and the development of alternative energy sources.

(9) “Investment project” means an investment in qualified buildings or qualified machinery and equipment, including labor and services rendered in the planning, installation, and construction or improvement of the project.

(10) “Person” has the meaning given in RCW 82.04.030.

(11) “Pilot scale manufacturing” means design, construction, and testing of preproduction prototypes and models in the fields of biotechnology, advanced computing, electronic device technology, advanced materials, and environmental technology other than for commercial sale. As used in this subsection, “commercial sale” excludes sales of prototypes or sales for market testing if the total gross receipts from such sales of the product, service, or process do not exceed one million dollars.

(12) “Qualified buildings” means structures used for pilot scale manufacturing or qualified research and development, including plant offices and other facilities that are an essential or an integral part of a qualified building used for pilot scale manufacturing or qualifying research and development. If a building is used partly for pilot scale manufacturing or qualifying research and development, and partly for other purposes, the applicable tax deferral shall be determined by apportionment of the costs of construction under rules adopted by the department.

(13) “Qualified machinery and equipment” means fixtures, equipment, and support facilities that are an integral and necessary part of a pilot scale manufacturing or qualified research and development project. “Qualified machinery and equipment” includes: Computers; software; data processing equipment; laboratory equipment, instrumentation, and other devices used in a process of experimentation to develop a new or improved pilot model, plant process, product, formula, invention, or similar property; manufacturing components such as belts, pulleys, shafts, and moving parts; molds, tools, and dies; vats, tanks, and fermenters; operating structures; and all other equipment used to control, monitor, or operate the machinery. For purposes of this chapter, qualified machinery and equipment must be either new to the taxing jurisdiction of the state or new to the certificate holder, except that used machinery and equipment may be treated as qualified machinery and equipment if the certificate holder either brings the machinery and equipment into Washington or makes a retail purchase of the machinery and equipment in Washington or elsewhere.

(14) “Qualified research and development” means research and development performed within this state in the fields of advanced computing, advanced materials, biotechnology, electronic device technology, and environmental technology.

(15) “Recipient” means a person receiving a tax deferral under this chapter.

(16) “Research and development” means activities performed to discover technological information, and technical and nonroutine activities concerned with translating technological information into new or improved products, processes, techniques, formulas, inventions, or software. The term includes exploration of a new use for an existing drug, device, or biological product if the new use requires separate licensing by the federal food and drug administration under chapter 21, C.F.R., as amended. The term does not include duplication of existing products where the products are not substantially improved by application of the technology, nor does the term include surveys and studies, social science and humanities research, market research or testing, quality control, sale promotion and service, computer software developed for internal use, and research in areas such as improved style, taste, and seasonal design.

NEW SECTION. Sec. 4. Application for deferral of taxes under this chapter must be made before July 1, 1997, and before initiation of construction of, or acquisition of equipment or machinery for the investment project. The application shall be made to the department in a form and manner prescribed by the department. The application shall contain information regarding the location of the investment project, the applicant's average employment in the state for the prior year, estimated or actual new employment related to the project, estimated or actual wages of employees related to the project, estimated or actual costs, time schedules for completion and operation, and other information required by the department. The department shall rule on the application within sixty days.

Applicants for deferral of taxes under this chapter shall agree to supply the department with nonproprietary information necessary to measure the results of the tax deferral program for high-technology research and development and pilot scale manufacturing facilities.

NEW SECTION. Sec. 5. (1) Except as provided in subsection (2) of this section, the department shall issue a sales and use tax deferral certificate for state and local sales and use taxes due under chapters 82.08, 82.12, and 82.14 RCW on each eligible investment project.

(2) No certificate may be issued for an investment project that has already received a deferral under chapters 82.60 or 82.61 RCW or this chapter, except that an investment project for qualified research and development that has already received a deferral may also receive an additional deferral certificate for adapting the investment project for use in pilot scale manufacturing.

(3) This section shall expire July 1, 1997.

NEW SECTION. Sec. 6. (1) Except as provided in subsections (2) and (3) of this section, a recipient shall begin paying taxes deferred under this chapter on December 31st of the third calendar year after the date certified by the department as the date on which the investment project has been operationally completed, or on December 31st of the fifth calendar year after the certificate was certified, whichever is sooner. Subsequent annual payments shall be due on December 31st of the following four years with amounts of payment scheduled as follows:

In estimating revenues to support financial plans under RCW 44.40.070, the office of financial management shall rely on information and advice from the interagency revenue task force. Revenues shall be estimated for such fiscal period from the source and at the rates existing by law at the time of submission of the budget document, including the supplemental budgets submitted in the even-numbered years of a biennium. However, the estimated revenues for use in the governor's budget document may be adjusted to reflect budgetary revenue transfers and revenue estimates dependent upon budgetary assumptions of enrollments, workloads, and caseloads. All adjustments to the approved estimated revenues must be set forth in the budget document. The governor may additionally submit, as an appendix to each supplemental, biennial, or six-year agency budget or to the budget document or documents, a proposal for expenditures in the ensuing fiscal period from revenue sources derived from proposed changes in existing statutes.

Supplemental and biennial documents shall reflect a six-year expenditure plan consistent with estimated revenues from existing sources and at existing rates for those agencies required to submit six-year program and financial plans under RCW 44.40.070. Any additional revenue resulting from proposed changes to existing statutes shall be separately identified within the document as well as related expenditures for the six-year period.

The budget document or documents shall also contain:

(b) The undesignated fund balance or deficit, by fund;
(c) Such additional information dealing with expenditures, revenues, workload, performance, and personnel as the legislature may direct by law or concurrent resolution;

(g) Identification of all proposed direct expenditures to implement the Puget Sound water quality plan under chapter 90.70 RCW, shown by agency and in total.

(2) The budget document or documents shall include detailed estimates of all anticipated revenues applicable to proposed operating or capital expenditures and shall also include all proposed operating or capital expenditures. The total of beginning undesignated fund balance and estimated revenues less working capital and other reserves shall equal or exceed the total of proposed applicable expenditures. The budget document or documents shall further include:

(b) Payments of all reliefs, judgments and claims;
(c) Other statutory expenditures;
(d) Expenditures incident to the operation for each agency;
(e) Revenues derived from agency operations;

(g) A showing and explanation of amounts of general fund and other funds obligations for debt service and any transfers of moneys that otherwise would have been available for appropriation;
(h) Common school expenditures on a fiscal-year basis;
(i) A showing, by agency, of the value and purpose of financing contracts for the lease/purchase or acquisition of personal or real property for the current and ensuing fiscal periods;

Prior legislative concurrence shall consist of (a) a favorable majority vote on the proposal by the standing committees on ways and means of both houses if the legislature is in session or (b) a favorable majority vote on the proposal by members of the legislative evaluation and accountability program committee if the legislature is not in session.

Sec. 3. RCW 43.88A.020 and 1979 c 151 s 146 are each amended to read as follows:

Estimates of fiscal impacts shall be calculated using the procedures contained in the fiscal note instructions issued by the office of financial management.

In establishing the fiscal impact called for pursuant to this chapter, the office of financial management shall coordinate the development of fiscal notes with all state agencies affected.

Sec. 4. RCW 43.88.032 and 1989 c 311 s 1 are each amended to read as follows:

(2) All debt-financed pass-through money to local governments shall be programmed and separately identified in the (capital) budget document.

Sec. 5. RCW 43.88.110 and 1991 sp.s. c 32 s 27 and 1991 c 358 s 2 are each reenacted and amended to read as follows:
This section sets forth the expenditure programs and the allotment and reserve procedures to be followed by the executive branch for public funds:
(1) Allotments of an appropriation for any fiscal period shall conform to the terms, limits, or conditions of the appropriation.
(2) The director of financial management shall provide all agencies with a complete set of operating and capital instructions for preparing a statement of proposed expenditures at least thirty days before the beginning of a fiscal period. The set of instructions need not include specific appropriation amounts for the agency.

(3) Within forty-five days after the beginning of the fiscal period or within forty-five days after the governor signs the omnibus biennial appropriations act, whichever is later, all agencies shall submit to the governor a statement of proposed expenditures at such times and in such form as may be required by the governor.

(4) The office of financial management shall develop a method for monitoring capital appropriations and expenditures that will capture at least the following elements:

This data may be incorporated into the existing accounting system or into a separate project management system, as deemed appropriate by the office of financial management.

(5) The office of financial management, prior to approving allotments for major capital construction projects valued over five million dollars, shall institute procedures for reviewing such projects at the predesign stage that will reduce long-term costs and increase facility efficiency. The procedures shall include, but not be limited to, the following elements:

(a) Evaluation of facility program requirements and consistency with long-range plans;
(b) Utilization of a system of cost, quality, and performance standards to compare major capital construction projects; and
(c) A requirement to incorporate value-engineering analysis and constructability review into the project schedule.

(6) No expenditure may be incurred or obligation entered into for such major capital construction projects including, without exception, land acquisition, site development, predesign, design, construction, and equipment acquisition and installation, until the allotment of the funds to be expended has been approved by the office of financial management. This limitation does not prohibit the continuation of expenditures and obligations into the succeeding biennium for projects for which allotments have been approved in the immediate prior biennium.

(7) The governor may remove these amounts from reserve status if it is not practical or necessary to allot the funds.

(8) Utilization of a system of cost, quality, and performance standards to compare major capital construction projects; and
(c) A requirement to incorporate value-engineering analysis and constructability review into the project schedule.

(9) No transfer may occur that would increase an appropriation to a minor works or other omnibus repair, maintenance, or improvement project for which allotments have been approved in the immediate prior biennium.

(10) The director of financial management, prior to approving allotments for major capital construction projects valued over five million dollars, shall institute procedures for reviewing such projects at the predesign stage that will reduce long-term costs and increase facility efficiency. The procedures shall include, but not be limited to, the following elements:

(a) Evaluation of facility program requirements and consistency with long-range plans;
(b) Utilization of a system of cost, quality, and performance standards to compare major capital construction projects; and
(c) A requirement to incorporate value-engineering analysis and constructability review into the project schedule.

(11) The director of financial management may exempt certain public funds from the allotment controls established under this chapter if it is not practical or necessary to allot the funds. Allotment control exemptions expire at the end of the fiscal biennium for which they are granted.

The director of financial management shall report any exemptions granted under this subsection to the legislative fiscal committees.

NEW SECTION. Sec. 6. A new section is added to chapter 43.88 RCW to read as follows:

(1) The capital appropriations act may authorize the governor, through the director of financial management, to transfer the appropriation authority for a capital project that is in excess of the amount required for the completion of the project to another capital project for which the appropriation is insufficient.

(a) No such transfer may be used to expand the capacity or change the intended use of the project beyond that intended by the legislature in making the appropriation.

(b) The transfer may be effected only between capital projects within a specific department, commission, agency, or institution of higher education.

(c) The transfer may be effected only if the project from which the transfer of funds is made is substantially complete and there are funds remaining, or bids have been let on the project from which the transfer of funds is made and it appears to a substantial certainty that the project can be completed within the biennium for less than the amount appropriated.

(2) For the purposes of this section, the legislature intends that each project be defined as proposed to the legislature or in the budget document, unless the legislative history demonstrates that the legislature intended to define the scope of a project in a different way.

(3) The office of financial management shall notify the legislative fiscal committees of the senate and the house of representatives at least thirty days before any transfer is effected under this section except emergency projects or any transfer under two hundred fifty thousand dollars and shall prepare a report to such committees listing all completed transfers at the close of each fiscal year.

(4) No transfer may occur that would increase an appropriation to a minor works or other omnibus repair, maintenance, or improvement project. In the case of transfers between projects within a minor works appropriation, funds may be transferred without legislative approval only in the case of projects identified in the project list that have been provided to the legislature with the governor's budget document, as revised by the legislature.

Sec. 7. RCW 43.82.010 and 1990 c 47 s 1 are each amended to read as follows:

(1) The director of (the department of) (general administration, on behalf of the agency involved, shall purchase, lease, lease purchase, rent, or otherwise acquire all real estate, improved or unimproved, as may be required by elected state officials, institutions, departments, boards, and other state agencies, or federal agencies where joint state and federal activities are undertaken and may grant easements and transfer, exchange, sell, lease, or sublease all or part of any surplus real estate for those state agencies which do not otherwise have the specific authority to dispose of real estate. This section does not transfer financial liability for the acquired property to the department of general administration.

(2) Except for real estate occupied by federal agencies, the director shall determine the location, size, and design of any real estate or improvements thereon acquired or held pursuant to this chapter, and any improvements thereon, shall conform to standards adopted by the director and approved by the office of financial management governing facility
(3) The director of general administration may fix the terms and conditions of each lease entered into under this chapter, except that no lease shall extend greater than twenty years in duration. The director of general administration may enter into a long-term lease greater than five years in duration upon a determination by the director of the office of financial management that the long-term lease provides a more favorable rate than would otherwise be available, it appears to a substantial certainty that the facility is necessary for use by the state for the full length of the lease term, and the facility meets the standards adopted pursuant to subsection (2) of this section. The director of general administration may enter into a long-term lease greater than ten years in duration if an analysis shows that the life-cycle cost of leasing the facility is less than the life-cycle cost of purchasing or constructing a facility in lieu of leasing the facility.

(4) It is the policy of the state to encourage the collocation and consolidation of state services into single or adjacent facilities, whenever appropriate, to improve public service delivery, minimize duplication of facilities, increase efficiency of operations, and promote sound growth management planning.

(5) The director of general administration shall provide coordinated long-range planning services to identify and evaluate opportunities for collocating and consolidating state facilities. Upon the renewal of any lease, the inception of a new lease, or the purchase of a facility, the director of general administration shall determine whether an opportunity exists for collocating the agency or agencies in a single facility with other agencies located in the same geographic area. If a collocation opportunity exists, the director of general administration shall consult with the affected state agencies and the office of financial management to evaluate the impact collocation would have on the cost and delivery of agency programs, including whether program delivery would be enhanced due to the centralization of services. The director of general administration, in consultation with the office of financial management, shall develop procedures for implementing collocation and consolidation of state facilities.

(b) The director of general administration is authorized to purchase, lease, rent, or otherwise acquire improved or unimproved real estate as owner or lessee and to lease or sublet all or a part of such real estate to state or federal agencies. The director of general administration shall charge each using agency its proportionate rental which shall include an amount sufficient to pay all costs, including, but not limited to, those for utilities, janitorial and accounting services, and sufficient to provide for contingencies; which shall not exceed five percent of the average annual rental.

(1) The legislature finds that current facility planning, budgeting, and management responsibilities are spread among a number of state agencies, and that there may be a need to consolidate these functions within a single entity with independent powers and fiduciary responsibility for state facilities as a whole to increase the consistency, efficiency, and quality of facility decisions.

(2) The office of financial management shall evaluate the need for and potential responsibilities of a central state facilities authority to coordinate and manage the design, acquisition, construction, and utilization of state facilities, including leased facilities. The evaluation shall include an examination of the current roles and responsibilities of state agencies and the office of financial management. The evaluation shall also consider the potential benefits of a central facilities authority and the current roles and responsibilities of state agencies and the office of financial management.

(3) The office of financial management shall consider the potential responsibilities of a central facilities authority in its evaluation:

(e) Administration and management of agency capital construction projects;

(g) Development of facility operation and maintenance standards or guidelines;

(h) Administration and allocation of centrally pooled appropriations for projects affecting more than one agency or for which efficiency can be enhanced by central administration; and

(i) Other responsibilities as determined by the office of financial management.

(4) The evaluation shall consider the potential benefits of a central facilities authority and the current roles and responsibilities of state agencies and the office of financial management. The evaluation shall also consider the potential benefits of a central facilities authority and the current roles and responsibilities of state agencies and the office of financial management.

(5) The director of general administration may construct new buildings on, or improve existing facilities, and furnish and equip, all real estate under his or her management. Prior to the construction of new buildings or major improvements to existing facilities or acquisition of facilities using a lease purchase contract, the director of general administration shall conduct an examination of the facility design and budget using life-cycle cost analysis, value-engineering, and other techniques to maximize the long-term effectiveness and efficiency of the facility or improvement.

(6) All conveyances of title to real estate related to a lease, transfer, exchange, or sale real estate and to grant and accept easements shall be approved as to form by the attorney general, signed by the director of general administration or the director’s designee, and recorded with the county auditor of the county in which the property is located.

The director of general administration may delegate any or all of the functions specified in this section to any agency upon such terms and conditions as the director deems advisable.

(a) The state college and universities for research or experimental purposes;

NEW SECTION. Sec. 8. (1) The legislature finds that current facility planning, budgeting, and management responsibilities are spread among a number of state agencies, and that there may be a need to consolidate these functions within a single entity with independent powers and fiduciary responsibility for state facilities as a whole to increase the consistency, quality, and efficiency of facility decision-making.

(2) The office of financial management shall evaluate the need for and potential responsibilities of a central state facilities authority to coordinate and manage the design, acquisition, construction, and utilization of state facilities, including leased facilities. The evaluation shall include an examination of the current roles and responsibilities of state agencies and the department of general administration, the higher education coordinating board, the state board for community and technical colleges, and the office of financial management to identify critical areas for improvement and any overlapping areas of responsibility.

(3) The office of financial management shall consider the following potential responsibilities of a central facilities authority in its evaluation:

(a) Involvement in agency master planning and facility design activities to assist agencies in developing creative alternatives for meeting program needs;

(c) Critical evaluation of facility designs and budget requests through life-cycle cost analysis, value-engineering, and other tools to maximize the long-term effectiveness and efficiency of state facilities;

(h) Administration and allocation of centrally pooled appropriations for projects affecting more than one agency or for which efficiency can be enhanced by central administration; and

(i) Other responsibilities as determined by the office of financial management.

(4) The evaluation shall consider the potential benefits of a central facilities authority and the current roles and responsibilities of state agencies and the office of financial management. On page 20, after line 2, insert the following:

NEW SECTION. Sec. 17. A new section is added to chapter 39.80 RCW to read as follows:

(1) A school district is exempt from the requirements of this chapter if:
   (a) The district selects a design plan on file with the superintendent of public instruction;
   (b) The district contacts the design professional who designed the selected design plan and provided the basic architectural and engineering services for the selected design plan; and
   (c) The design professional who designed the selected design plan and provided the basic architectural and engineering services agrees to verify and adapt the plan and to provide all other basic architectural and engineering services for the requesting school district for at least fifteen percent less than the cost of the original basic architectural and engineering services contract: PROVIDED, That the costs of the original basic architectural and engineering services did not exceed the maximum amount recognized for providing state matching funds by the state board of education.

(2) For the purposes of subsection (1)(c) of this section, the costs of the original basic architectural and engineering contract may be increased by the implicit price deflator shown in the quarterly economic and revenue forecast prepared by the economic and revenue forecast council under RCW 82.33.010 for the applicable period between the execution of the original basic architectural and engineering services contract and the execution of a basic architectural and engineering services contract with the requesting school district.

POINT OF ORDER

Senator Williams: "I would like to ask for a scope and object reading on this amendment. It is far outside the scope of the legislation we are considering and introduces a whole new chapter and modifies the architect's selection and design process for schools. I think it is definitely outside the scope and object of the bill."

Further debate ensued. The President deferred further consideration of the amendment by Senator Quigley on page 20, after line 2, to the Committee on Ways and Means striking amendment.

MOTION

Senator Talmadge moved that the following amendments to the Committee on Ways and Means striking amendment be considered simultaneously and be adopted:

On page 5, line 1 of the amendment, after "(o)" insert "For any capital appropriation requested for a state agency for the acquisition of land or the capital improvement of land in which the primary purpose of the acquisition or improvement is recreation or wildlife habitat conservation, the capital budget document, or an omnibus list of recreation and habitat acquisitions provided with the governor's budget document, shall identify the projected costs of operation and maintenance for at least the two biennia succeeding the next biennium. Omnibus lists of habitat and recreation land acquisitions shall include individual project cost estimates for operation and maintenance as well as a total for all state projects included in the list. The document shall identify the source of funds from which the operation and maintenance costs are proposed to be funded;"

(0)

On page 5, line 3 of the amendment, after "((皇宫)))" strike "(p)" and insert "(q)"

On page 5, line 5 of the amendment, after "((皇宫)))" strike "(q)" and insert "(r)"

POINT OF ORDER

Senator McDonald: "Senator Talmadge, it says, 'The document shall identify the source of funds for which the operation and maintenance costs are proposed to be funded.' Would the general fund be appropriate?"

Senator Talmadge: "Yes. There might be some circumstances I can envision. Senator McDonald, where private funds might be used, general funds might be used or whatever. The thing that I am asking for here is just that we consider what funds we are going to use to maintain the open-space and recreational lands that we buy. As you know, we do go out and use the capital budget to buy a number of lands and we don't consider what the maintenance and upkeep costs on that land is and should be and that is what this amendment is designed to try and do."

Further debate ensued.

POINT OF INQUIRY
Senator Bluechel: "Senator Talmadge, the issue that I find in this is that a good portion of this land, say the school trust land which is purchased for conservation purposes and things like that, has no operating costs whatsoever for quite a few bienniums in the future--it is just kept there as open-space. How would you treat that in something like this?"

Senator Talmadge: "Well, as long as the budget document dealing with the capital acquisition speaks to that, Senator Bluechel, I think that would satisfy my concern. If there is some maintenance money--some operational money--associated with it, it would be nice to know it that is the case. If it is the intent of the state simply to buy the land and then not make any provisions for its maintenance and upkeep, that should be part of our consideration about whether or not to buy the land as part of our capital budget process. What I am getting at is, I think we just need to have consideration of the maintenance and upkeep of the land when we decide, as part of the capital budget process, to buy the land or to set it aside."

The President declared the question before the Senate to be the adoption of the amendments by Senator Talmadge on page 5, lines 1, 3 and 5, to the Committee on Ways and Means striking amendment to Engrossed Substitute House Bill No. 2237. The motion by Senator Talmadge carried and the amendments to the Committee on Ways and Means striking amendment were adopted.

There being no objection, the President deferred further consideration of Engrossed Substitute House Bill No. 2237.

A person may kill a bear or cougar that is reasonably perceived to be an unavoidable and immediate threat to human life.

Sec. 20. RCW 77.12.265 and 1987 c 506 s 35 are each amended to read as follows:

The owner or tenant of real property may trap or kill on that property wild animals or wild birds, other than an endangered species, that is threatening human life or damaging crops, domestic animals, fowl, or other property. Except in emergency situations, deer, elk, and protected wildlife shall not be killed without a permit issued and conditioned by the director. The director may delegate this authority.

For the purposes of this section, "emergency" means an unforseen circumstance beyond the control of the landowner or tenant that presents a real and immediate threat to human life, crops, domestic animals, fowl, or other property.

Alternatively, when sufficient time for the issuance of a permit by the director is not available, verbal permission may be given by the appropriate department regional administrator to owners or tenants of real property to trap or kill on that property any cougar, bear, deer, elk, or protected wildlife which is threatening human life or damaging crops, domestic animals, fowl, or other property. The regional administrator may delegate, in writing, a member of the regional staff to give the required permission in these emergency situations. Nothing in this section authorizes in any situation the trapping, hunting, or killing of an endangered species.

Wildlife trapped or killed under this section remains the property of the state, and the person trapping or killing the wildlife shall notify the department immediately. The director shall dispose of wildlife so taken within three working days of receiving such a notification.

If the department receives recurring complaints regarding property being damaged as described in this section from the owner or tenant of real property, or receives such complaints from several such owners or tenants in a locale, the commission shall consider conducting a special hunt or special hunts to reduce the potential for such damage.

For purposes of this section, "crop" means an agricultural or horticultural product growing or harvested and includes wild shrubs and range land vegetation on privately owned cattle ranching lands. On such lands, the land owner or lessee may declare an emergency when the department has not responded within forty-eight hours after having been contacted by the land owner or lessee regarding crop damage by wild animals or wild birds. However, the department shall not allow claims for damage to wild shrubs or range land vegetation on such lands.

Deer and elk shall not be killed under the authority of this section on privately owned cattle ranching lands that were closed to public hunting during the previous hunting season, except for land closures which are coordinated with the department to protect property and livestock.

The department shall work closely with landowners and tenants suffering game damage problems to control damage without killing the animals when practical, to increase the harvest of damage-causing animals in hunting seasons, or to kill the animals when no other practical means of damage control is feasible."

Renumber the sections consecutively and correct internal references accordingly.

(a) Enforce through the local health officer or the administrative officer appointed under RCW 70.05.040, if any, the public health statutes of the state and rules promulgated by the state board of health and the secretary of health;
(b) Supervise the maintenance of all health and sanitary measures for the protection of the public health within its jurisdiction;
(c) Enact such local rules and regulations as are necessary in order to preserve, promote and improve the public health and provide for the enforcement thereof;
(d) Provide for the control and prevention of any dangerous, contagious or infectious disease within the jurisdiction of the local health department;
(e) Provide for the prevention, control and abatement of nuisances detrimental to the public health;
(f) Make such reports to the state board of health through the local health officer or the administrative officer as the state board of health may require;
(g) Establish fee schedules for issuing or renewing licenses or permits or for such other services as are authorized by the law and the rules of the state board of health: PROVIDED, That such fees for services shall not exceed the actual cost of providing any such services; and
(h) Adopt rules regulating the design, construction, installation, and maintenance of "systems of sewerage" as defined in RCW 36.94.010.
Such rules shall be submitted to the appropriate state agencies for approval pursuant to RCW 36.94.100 and shall conform to standards established by the department of health except that:
(1) The local rules may vary from the state standards when the local board has determined that the variance will not pose any hazard to the public health; and
(2) The department of health may require the local board to adopt a repair and maintenance standard to ensure on-site sanitary systems meet the requirements for a safe, functioning system.

(2) The department of health, upon giving its approval to the local board of health on-site sanitary systems, shall grant the county authority to, by adoption of its rules, system of sewerage plan or amendments, approve and issue a permit for the installation of an on-site sanitary system that varies from the state standards for on-site sanitary systems without obtaining a waiver from the department of health."

POINT OF ORDER

Senator Fraser: "A point of order, Mr. President. I believe this amendment exceeds the scope and object of the bill. This bill relates to existing authority of the Department of Ecology only. It does not add or subtract from regulations, regulatory responsibilities or change any standards whatsoever. It merely allows the department to delegate some of its existing authority to local governments if they qualify and they want to do it--dealing with review of engineering reports for construction expansion of sewer systems.

In contrast, what this amendment does is, it adds a new department, the Department of Health. It makes major substantive changes to the role of the State Health Department regarding all septic tanks in the state of Washington and the relationship of state and local government regarding septic tank standards and regulations. The amendment has the effect of eliminating minimum state standards for design, construction and installation of septic tanks. It would allow each county, in effect, to have its own standards, so I feel this does exceed the scope and object of the bill."

Further debate ensued.
There being no objection, the President deferred further consideration of House Bill No. 2320.

MOTIONS

On motion of Senator Loveland, Senator Moore was excused.
On motion of Senator West, Senator McCaslin was excused.

Strike everything after the enacting clause and insert the following:

*NEW SECTION. Sec. 1. The legislature intends with this act to clarify the state's public policy on gambling regarding the frequency of state lottery drawings, the means of addressing problem and compulsive gambling, and the enforcement of the state's gambling laws. This act is intended to clarify the specific types of games prohibited in chapter 9.46 RCW and is not intended to add to existing law regarding prohibited activities. The legislature recognizes that slot machines, video pull-tabs, video poker, and other electronic games of chance have been considered to be gambling devices before the effective date of this act.

Sec. 2. RCW 9.46.010 and 1975 1st ex.s. c 259 s 1 are each amended to read as follows:

The public policy of the state of Washington on gambling is to keep the criminal element out of gambling and to promote the social welfare of the people by limiting the nature and scope of gambling activities and by strict regulation and control. It is hereby declared to be the policy of the legislature, recognizing the close relationship between professional gambling and organized crime, to restrain all persons from seeking profit from professional gambling activities in this state; to restrain all persons from patronizing such professional gambling activities; to safeguard the public against the evils induced by common gamblers and common gambling houses engaged in professional gambling; and at the same time, both to preserve the freedom of the press and to avoid restricting participation by individuals in activities
and social pastimes, which activities and social pastimes are more for amusement rather than for profit, do not maliciously affect the public, and do not breach the peace.

The legislature further declares that the raising of funds for the promotion of bona fide charitable or nonprofit organizations is in the public interest as is participation in such activities and social pastimes as are hereinafter in this chapter authorized.

The legislature further declares that the conducting of bingo, raffles, and amusement games and the operation of punch boards, pull-tabs, card games, and other social pastimes, when conducted pursuant to the provisions of this chapter and any rules and regulations adopted pursuant thereto, are hereby authorized, as are only such lotteries for which no valuable consideration has been paid or agreed to be paid as hereinafter in this chapter provided.

The legislature further declares that fishing derbies shall not constitute any form of gambling and shall not be considered as a lottery, a raffle, or an amusement game and shall not be subject to the provisions of this chapter or any rules and regulations adopted hereunder.

All factors incident to the activities authorized in this chapter shall be closely controlled, and the provisions of this chapter shall be liberally construed to achieve such end.

SUBSTITUTE HOUSE BILL NO. 2351, by House Committee on Natural Resources and Parks (originally sponsored by Representatives Shin, Patterson, Campbell, Finkbeiner, Forner, Appelwick, J. Kohl and Johanson)

Modifying provisions relating to recovery of stray logs.

The bill was read the second time.

MOTION

Senator Owen moved that the following Committee on Natural Resources amendment not be adopted:

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. The legislature finds that:

(1) Reduced levels of log raft storage and transportation on the waters of this state have resulted in a reduction of commercial log recovery activity and have eliminated the need for a separate licensing program for recovery of stray logs; and

(2) While stray logs are a much less common problem today than when log raft transportation was more common, stray logs that are adrift on waters of this state may still pose a threat to navigation, life, and property; and

(3) Recovery of submerged or stranded stray logs can result in damage to the environment.

Therefore, the legislature finds that an alternative method for encouraging the recovery of adrift stray logs must be established.

NEW SECTION. Sec. 2. A new section is added to chapter 76.40 RCW to read as follows:

For the purposes of this chapter, the following terms shall have the following meanings:

(1) "Adrift" means floating without control; neither aground, beached, stranded, fully submerged, anchored in place, or secured in any way;

(2) "Department" means the Washington state department of natural resources;

(3) "Having a merchantable value" means capable of commanding value alone or in combination with other recovered logs;

(4) "Person" means an individual, partnership, private corporation, or association of individuals of whatever nature, including public agencies;

(5) "Stray logs" means logs, piling, poles, and boom sticks having a merchantable value that have escaped from their owner or the owner's agent during storage or while being transported. The term includes stray logs that are adrift, those that have been adrift and are stranded on beaches, marshes, tidelands, shorelands, or state-owned aquatic lands, and those that are partially or wholly submerged in the waters of the state; and

(6) "Waters of the state" means bodies of fresh or salt water including all rivers and lakes and their tributaries, harbors, bays, bayous, and marshes within the state capable of being used for the transportation or storage of forest products.

NEW SECTION. Sec. 3. A new section is added to chapter 76.40 RCW to read as follows:

Any person may recover and secure adrift stray logs on waters of this state. Landowners may recover and secure stray logs that have become submerged or stranded on their property as the result of being adrift on waters of this state. A person who chooses to recover and secure stray logs must do so in a manner that does not damage beaches, marshes, tidelands, shorelands, aquatic lands, or other property and that does not diminish the merchantable value of the timber. Within thirty days of recovering stray logs, the person who recovered the logs must notify the owner of the logs that the logs have been recovered. Ownership of logs shall be determined under chapter 76.36 RCW.

NEW SECTION. Sec. 4. A new section is added to chapter 76.40 RCW to read as follows:

Within thirty days of receipt of notification that an owner's stray log or logs have been recovered, a log owner, the owner's agent, or the transportation agency of the log may retrieve the stray log or logs from the person who recovered them. The person that recovered the stray log or logs shall be entitled to a reasonable compensation, for the recovery effort and return of stray log or logs to the owner, the owner's agent, or the transportation agency provided compensation shall not exceed two hundred dollars or thirty percent of the value of the log or logs, whichever is less. A person shall not take into possession any stray logs including unbranded logs during the time that the owner, the owner's agent, or the transportation agency is attempting immediate recovery of the stray logs. If the owner, the owner's agent or the transportation agency chooses not to retrieve the stray logs, the person who recovered the logs may sell them or dispose of them as the person sees fit after ninety days, provided the person has made three attempts in writing to notify the owner. Of the written notice to the owner, one of the three must be a certified return receipt mail at the owner's last known address.

NEW SECTION. Sec. 5. A new section is added to chapter 76.40 RCW to read as follows:

Branded and marked logs, boom sticks, and boom chains shall be presumed to be the property of the person in whose name the brand or catch brand thereon is imprinted and is registered with the department of natural resources.
NEW SECTION. Sec. 6. A new section is added to chapter 76.40 RCW to read as follows:

Any person having possession of stray logs, boom sticks, or boom chains, except as provided in this chapter shall be presumed to have and to hold possession of same with intent to deprive and defraud the owner thereof and such possession shall be prima facie evidence to deprive and defraud.

NEW SECTION. Sec. 7. A new section is added to chapter 76.40 RCW to read as follows:

It shall be unlawful to purchase or otherwise acquire stray logs other than from the owner, or from a person who has recovered stray logs according to this chapter or to process or manufacture products from logs acquired in contravention of the provisions of this chapter or to possess such logs for such purpose.

NEW SECTION. Sec. 8. A new section is added to chapter 76.40 RCW to read as follows:

Any violation of this chapter shall be a gross misdemeanor. In addition, the owner who has been deprived of the use, benefit, or possession of any stray logs, booms sticks, or boom chains, in violation of this chapter, shall have a right of civil action to recover damages from any person causing such deprivation, including the purchaser of such stray logs, boom sticks, and boom chains.

NEW SECTION. Sec. 9. A new section is added to chapter 76.40 RCW to read as follows:

The department may close areas under its jurisdiction to log recovery activities if the department determines that log recovery in those areas would pose a threat to public safety or the environment.

NEW SECTION. Sec. 10. A new section is added to chapter 76.40 RCW to read as follows:

The department may enter into agreements with the state of Oregon and its applicable agencies to coordinate log recovery activities where possible.

Sec. 11. RCW 76.36.110 and 1984 c 60 s 6 are each amended to read as follows:

Every person:

(1) Except boom companies (log patrol companies) organized as corporations for the purpose of catching or reclaiming and holding or disposing of forest products for the benefit of the owners, and authorized to do business under the laws of this state, who has or takes in tow or into custody or possession or under control, without the authorization of the owner of a registered mark or brand thereupon, any forest products or booming equipment having thereupon a mark or brand registered as required by the terms of this chapter, or, with or without such authorization, any forest products or booming equipment which may be branded under the terms of this chapter with a registered mark or brand and having no registered mark or brand impressed thereupon or cut therein; or,

(2) Who impresses upon or cut in any forest products or booming equipment a mark or brand that is false, forged or counterfeit; or,

POINT OF INQUIRY
Senator Oke: “Senator Owen, maybe we are trying to slow this process down a little bit. This was a ‘trust me’ amendment and I really want to do that, but I’m being asked by others, ‘Exactly what does this do?’ Are we actually now deleting the two hundred dollar or thirty percent value and going back to somewhere else?”

Senator Owen: “Yes, the original bill did not have that in. It was put on as an amendment—well there was an amendment similar put on in the House and we offered a different amendment that made it a little more acceptable. We’ve removed that by not accepting the committee amendment. We now are just proposing that the Department of Natural Resources bring the parties together that deal with this and come up with a recommendation for us in the future, so that provision that you asked for is now gone.”

Senator Oke: “So, we are back to a study then?”

Senator Owen: “Well, we are back to repealing the log patrol statute for the Department of Natural Resources as they originally requested and a study to determine how we are going to deal with this next session.”

Senator Oke: “Thank you.”

Senator Owen: “I should add that Representative Shin who was vitally concerned about this and offered the original language has agreed to this.”

The President declared the question before the Senate to be the adoption of the striking amendment by Senators Owen and Oke to Substitute House Bill No. 2351.

The motion by Senator Owen carried and the striking amendment to House Bill No. 2351 was adopted.

MOTIONS

On motion of Senator Owen, the following title amendment was adopted:

On page 1, line 1 of the title, after “logs;” strike the remainder of the title and insert “amending RCW 76.36.110, 76.42.020, 76.42.030, and 82.16.010; creating a new section; and repealing RCW 76.40.010, 76.40.012, 76.40.013, 76.40.020, 76.40.030, 76.40.040, 76.40.050, 76.40.060, 76.40.070, 76.40.080, 76.40.090, 76.40.100, 76.40.110, 76.40.120, 76.40.130, 76.40.135, 76.40.140, 76.40.145, 76.40.900, and 76.40.910.”

On motion of Senator Owen, the rules were suspended, Substitute House Bill No. 2351, as amended by the Senate, was advanced to third reading, the second reading considered the third and the bill was placed on final passage.

POINT OF INQUIRY

Senator Anderson: “Senator Owen, in the repealing of these statutes, is there anticipated any savings to the state by this or does this only affect the private sector?”

Senator Owen: “I think any savings would be minimal, because the Department of Natural Resources does very little in that area—if anything right now—and that is why they just want to clean up the statutes and take it off.”

Modifying the early childhood education and assistance program.

The bill was read the second time.
On motion of Senator Pelz, the following Committee on Education amendment was adopted:

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 28A.215.100 and 1985 c 418 s 1 are each amended to read as follows:

It is the intent of the legislature to establish an early childhood state education and assistance program. This special assistance program is a voluntary enrichment program to help prepare some children to enter the common school system and shall be offered only as funds are available. This program is not a part of the basic program of education which must be fully funded by the legislature under Article IX, section 1 of the state Constitution.

Sec. 2. RCW 28A.215.110 and 1990 c 33 s 213 are each amended to read as follows:

Unless the context clearly requires otherwise, the definitions in this section apply throughout RCW 28A.215.100 through 28A.215.200 and 28A.215.900 through 28A.215.908.

(1) "Advisory committee" means the advisory committee under RCW 28A.215.140.

(2) "At risk" means a child not eligible for kindergarten whose family circumstances would qualify that child for eligibility under the federal head start program.

(3) "Department" means the department of community, trade, and economic development.

(4) "Eligible child" means a child not eligible for kindergarten whose family income is at or below one hundred percent of the federal poverty level, as published annually by the federal department of health and human services, and includes a child whose family is eligible for public assistance, and who is not a participant in a federal or state program providing (like educational) comprehensive services and may include children who are eligible under rules adopted by the department if the number of such children equals not more than ten percent of the total enrollment in the early childhood program. Priority for enrollment shall be given to children from families with the lowest income or to eligible children from families with multiple needs.

(5) "Comprehensive" means an assistance program that focuses on the needs of the child and includes education, health, and family support services.

(6) "Family support services" means providing opportunities for parents to:

(b) Increase their knowledge of child development and parenting skills;
(c) Further their education and training;
(d) Increase their ability to use needed services in the community;
(e) Increase their self-reliance.

Sec. 3. 1988 c 174 s 1 (uncodified) is amended to read as follows:

The legislature finds that the early childhood education and assistance program provides for the educational, social, health, nutritional, and cultural development of children at risk of failure when they reach school age. The long-term benefits to society in the form of greater educational attainment, employment, and projected lifetime earnings as well as the savings to be realized, from lower crime rates, welfare support, and reduced teenage pregnancy, have been demonstrated through lifelong research of at-risk children and early childhood programs.

(The legislature further finds that existing federal head start programs and state-supported early childhood education programs provide services for less than one-third of the eligible children in Washington.)

The legislature intends to encourage development of community partnerships for children at risk by authorizing a program of voluntary grants and contributions from business and community organizations to increase opportunities for children to participate in early childhood education.

Sec. 4. RCW 28A.215.120 and 1988 c 174 s 3 are each amended to read as follows:

The department of community, trade, and economic development shall administer a state-supported early childhood education and assistance program to assist eligible children with educational, social, health, nutritional, and cultural development to enhance their opportunity for success in the common school system. Eligible children shall be admitted to approved early childhood programs to the extent that the legislature provides funds, and additional eligible children may be admitted to the extent that grants and contributions from community sources provide sufficient funds for a program equivalent to that supported by state funds.

Sec. 5. RCW 28A.215.130 and 1988 c 174 s 4 are each amended to read as follows:

Approved early childhood programs shall receive state-funded support through the department. School districts, existing head start grantees in cooperation with school districts, public or private nonsectarian organizations, including, but not limited to school districts, educational service districts, community and technical colleges, local governments, or nonprofit organizations, are eligible to participate as providers of the state early childhood program. School districts may contract with other governmental or nongovernmental nonsectarian organizations.
organizations to conduct a portion of the state programs.)) Funds appropriated for the state program shall be used to continue to operate existing programs or to establish new or expanded ((preschool)) early childhood programs, and shall not be used to supplant federally supported head start programs. Funds obtained by providers through voluntary grants or contributions from individuals, agencies, corporations, or organizations may be used to expand or enhance preschool programs so long as program standards established by the department are maintained, but shall not be used to supplant federally supported head start programs or state-supported ((preschool)) early childhood programs. Persons applying to conduct the ((preschool)) early childhood program shall identify targeted groups and the number of children to be served, program components, the qualifications of instructional and special staff, the source and amount of grants or contributions from sources other than state funds, facilities and equipment support, and transportation and personal care arrangements.

**Sec. 6.** RCW 28A.215.150 and 1988 c 174 s 6 are each amended to read as follows:

The department shall conduct rules under chapter 34.05 RCW for the administration of the ((preschool)) early childhood program. ((Federal head start program criteria, including set-aside provisions for the)) Approved early childhood programs shall conduct needs assessments of their service area, identify any targeted groups of children, to include but not be limited to children of seasonal and migrant farmworkers and native American populations living either on or off reservation, ((to the extent practicable, shall be considered as guidelines for the state preschool early childhood assistance program)) and provide to the department a service delivery plan, to the extent practicable, that addresses these targeted populations.

The department in developing rules for the ((preschool)) early childhood program shall consult with the advisory committee, and shall consider such factors as coordination with existing head start and other ((preschool)) early childhood programs, the preparation necessary for instructors, qualifications of instructors, adequate space and equipment, and special transportation needs. The rules shall specifically require the ((preschool)) early childhood programs to provide for parental involvement (at a level not less than that provided under the federal head start program criteria) in participation with their child's program, in local program policy decisions, in development and revision of service delivery systems, and in parent education and training.

**Sec. 7.** 1987 c 518 s 1 (uncodified) is amended to read as follows:

The long-term social, community welfare, and economic interests of the state will be served by an investment in our children. Conclusive studies and experiences show that providing children with ((certain)) developmental experiences and providing parents with effective parental ((guidance)) partnership, empowerment, opportunities for involvement with their child's developmental learning, and expanding parenting skills, learning, and training can greatly improve ((their)) children's performance in school as well as increase the likelihood of ((their)) children's success as adults. National studies have also confirmed that special attention to, and educational assistance for, children ((said)), their school environment ((is)), and their families are the most effective ways in which to meet the state's social and economic goals.

The legislature intends to enhance the readiness to learn of certain children and students by: Providing for an expansion of the state early childhood education and assistance program for children from low-income families and establishing an adult literacy program for certain parents; assisting school districts to establish elementary counseling programs; instituting a program to address learning problems due to drug and alcohol use and abuse; and establishing a program directed at students who leave school before graduation.

The legislature intends further to establish programs that will allow for parental, business, and community involvement in assisting the school systems throughout the state to enhance the ability of children to learn.

**Sec. 8.** RCW 28A.215.160 and 1988 c 174 s 7 are each amended to read as follows:

The department shall review applications from public or private nonsectarian organizations for state funding of early childhood education and assistance programs and award funds ((on a competitive basis)) as determined by department rules and based on local community needs and demonstrated capacity to provide services.

**Sec. 9.** RCW 28A.215.170 and 1988 c 174 s 8 are each amended to read as follows:

The governor shall report to the legislature before each regular session of the legislature convening in an odd-numbered year, on the (merits of continuing and expanding the preschool program or instituting other means of providing early childhood development assistance. The) current status of the program, the state-wide need for early childhood program services, and the plans to address these needs. The department shall consult with the office of the superintendent of public instruction ((shall assist the governor)) in the preparation of the biennial report and ((said)) the report.  

The governor's report shall include specific recommendations on at least the following issues:

1. The desired relationships of a state-funded ((preschool)) early childhood education and assistance program with the common school system;
2. The types of children and their needs that the program should serve;
3. The appropriate level of state support for implementing a comprehensive ((preschool)) early childhood education and assistance program for all eligible children, including related programs to prepare instructors and provide facilities, equipment, and transportation;
4. The state administrative structure necessary to implement the program; and
5. The establishment of a system to examine and monitor the effectiveness of ((preschool)) early childhood educational and assistance services for ((disadvantaged)) eligible children to measure, among other elements, if possible, how the average level of performance of children...
completing this program compare to the average level of performance of all state students in their grade level, and to the average level of performance of those eligible students who did not have access to this program. The evaluation system shall examine how the percentage of these children needing access to special education or remedial programs compares to the overall percentage of children needing such services and compares to the percentage of eligible students who did not have access to this program needing such services.

Sec. 10. RCW 28A.215.180 and 1990 c 33 s 214 are each amended to read as follows:

For the purposes of RCW 28A.215.100 through 28A.215.200 and 28A.215.900 through 28A.215.908, the department may award state support under RCW 28A.215.100 through 28A.215.160 to increase the numbers of eligible children assisted by the federal or state-supported early childhood programs in this state (by up to five thousand additional children). Priority shall be given to those geographical areas which include a high percentage of families qualifying under the "at-risk" criteria. The overall program funding level shall be based on an average grant per child consistent with state appropriations made for program costs: PROVIDED, That programs addressing special needs of selected groups or communities shall be recognized in the department's rules.

Sec. 11. RCW 28A.215.200 and 1990 c 33 s 215 are each amended to read as follows:

MOTIONS

Senator Rinehart moved that the following Committee on Ways and Means amendment be adopted:

Strike everything after the enacting clause and insert the following:

“NEW SECTION. Sec. 1. A new section is added to chapter 43.08 RCW to read as follows:

INTENT. The legislature finds that increasing citizens’ access to information about both the processes of state government, and the issues dealt with by state government, will strengthen the democratic process. Recent technological developments in the area of telecommunications offer efficient and effective ways to expand this access to information about state government.

It is the intent of the legislature, in a partnership with the private sector, to establish a mechanism to produce unedited televised coverage of state government deliberations and other public policy events of state-wide significance. Funding provided by the state is intended to cover the annual operating cost of the core services, which include gavel-to-gavel coverage of state government deliberations and other public policy events of state-wide significance. This service is intended to increase citizen access to government, and is a public purpose for which public funds may be expended. It is assumed that private contributions will be raised to purchase equipment, and to cover the cost of programming activities such as curriculum development for use in school classrooms.

NEW SECTION. Sec. 2. A new section is added to chapter 43.08 RCW to read as follows:

ESCRROW ACCOUNT. (1) The state treasurer shall contract with a qualified public deposit protection commission bank for the establishment of an escrow account. The account shall hold moneys appropriated by the legislature to the state treasurer specifically for the purposes of televising unedited, gavel-to-gavel coverage of state government deliberations and other public policy events of state-wide significance.

The account may also be used to pay for the direct costs of producing interactive hearings over the Washington interactive teleconferencing system. These hearings shall be linked to the public television system provided for in this section to broadcast the hearings to the general public.

The contracted bank shall disburse funds to the nonprofit organization, determined to be qualified by the office of financial management, on a quarterly basis to cover the annual operating expenses of the nonprofit organization. No more than one million seven hundred fifty thousand dollars may be disbursed for this purpose in the first year. Disbursements for this purpose may be increased by three percent per year thereafter.

Expenditures for the production of interactive hearings must be approved by the administrative committees of both the house of representatives and the senate and may not exceed a total of fifty thousand dollars in any single year.

(2) A qualified nonprofit organization is a nonprofit corporation formed solely for the purpose of providing unedited televised coverage of state government deliberations and other events of state-wide significance, and which has received a determination of a tax exempt status under section 501(c)(3) of the federal internal revenue code.

(3) Interested qualified nonprofit organizations shall submit a four-year financial plan, a feasibility plan, and an engineering plan that includes a schedule of equipment needs and distribution plan to the office of financial management. The office of financial management may set criteria for these plans. The office of financial management shall review the submitted plans and, by May 2, 1994, select a qualified nonprofit organization to carry out sections 1 through 3 of this act from those nonprofit organizations whose plans indicate the ability to carry out sections 1 through 3 of this act.

(4) Beginning January 1995, the qualified nonprofit organization shall prepare an annual independent audit, an annual financial statement, an annual report, and operational benchmarks that measure the nonprofit organization’s impact on success of this program in meeting the intent of sections 1 through 3 of this act.

(5) The initial selection award under this section shall be for a period of four years. The office of financial management shall by December 31, 1998, reopen the application process and select a qualified nonprofit organization.

NEW SECTION. Sec. 3. A new section is added to chapter 43.08 RCW to read as follows:

TERMS AND CONDITIONS. Placement and operation of equipment within legislative facilities are subject to terms and conditions between the qualified nonprofit organization and the respective houses of the legislature. Such terms and conditions may include but are not limited to: Programming standards requiring a fair and balanced presentation without regard to partisanship or ideology and a balance of possible subject matter and deliberating bodies.

The initial terms and conditions and any amendment to those terms and conditions shall be ratified by a two-thirds vote of each house of the legislature. Such ratification shall be made in the form of a concurrent resolution.

NEW SECTION. Sec. 4. CAPTIONS. Section captions as used in this act do not constitute any part of the law.

NEW SECTION. Sec. 5. APPROPRIATION. The sum of six million six hundred thousand dollars, or as much thereof as may be necessary, is appropriated for the biennium ending June 30, 1995, from the general fund to the state treasurer for the purposes of this act.

NEW SECTION. Sec. 6. EMERGENCY CLAUSE. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect immediately.”
On motion of Senator Williams, the following amendment by Senators Williams, Sutherland, Gaspard, Rinehart and McDonald to the Committee on Ways and Means striking amendment was adopted:
On page 3, after line 16, strike all of section 5.
Renumber the sections consecutively

A vacancy on an elected nonpartisan governing body of a special purpose district where property ownership is not a qualification to vote, a town, or a city other than a first class city or a charter code city, shall be filled as follows unless the provisions of law relating to the special district, town, or city provide otherwise:

(2) Where two or more positions are vacant and two or more members of the governing body remain in office, the remaining members of the governing body shall appoint a qualified person to fill one of the vacant positions, the remaining members of the governing body and the newly appointed person shall appoint another qualified person to fill another vacant position, and so on until each of the vacant positions is filled with each of the new appointees participating in each appointment that is made after his or her appointment.

(3) If less than two members of a governing body remain in office, the county legislative authority of the county in which all or the largest geographic portion of the city, town, or special district is located shall appoint a qualified person or persons to the governing body until the governing body has two members.

(4) If a governing body fails to appoint a qualified person to fill a vacancy within ninety days of the occurrence of the vacancy, the authority of the governing body to fill the vacancy shall cease and the county legislative authority of the county in which all or the largest geographic portion of the city, town, or special district is located shall appoint a qualified person to fill the vacancy.

(1) The number of ((councilmen)) councilmembers in a city or town operating with a council-manager plan of government shall be ((in proportion to the population of the city or town indicated in its petition for incorporation and thereafter shall be in proportion to its population as last)) based upon the latest population of the city or town that is determined by the office of financial management as follows:

(a) One councilman shall be nominated and elected from each ward or such other existing district of said city as may have been established for the election of members of the legislative body of the city, and the remaining councilmen shall be elected at large; but if there are no such wards or districts in the city, or at an initial election for the incorporation of a community, the councilmen shall be elected at large.

(b) In cities electing five councilmen, the candidates having the three highest number of votes shall be elected for a four-year term and the other two for a two-year term commencing immediately when qualified in accordance with RCW 29.01.135 and continuing until their successors are elected and qualified and have assumed office in accordance with RCW 29.04.170.

(c) In cities electing seven councilmen, the candidates having the four highest number of votes shall be elected for a four-year term and the other three for a two-year term commencing immediately when qualified in accordance with RCW 29.01.135 and continuing until their successors are elected and qualified and have assumed office in accordance with RCW 29.04.170.

If a city or town had so limited the voting in the general election to only voters residing within the ward or district, then the city or town shall be authorized to continue to do so.

(3) When a (city or town has qualified for an increase in the number of councilmembers from five to seven by virtue of the next succeeding population determination made by the office of financial management (after the majority of the voters thereof have approved operation under the council-manager plan), two additional council positions shall be filled at the (first) next municipal general election (when two additional councilmen are to be elected, one of the two additional councilmen receiving) with the person elected to one of the new council positions receiving the (highest) greatest number of votes (shall be) being elected for a four-year term of office and the person elected to the other additional (councilman shall be) council position being elected for a two-year term of office. PROVIDED, That the new position is filled by election.

(5) When a city or town has qualified for a decrease in the number of councilmembers from seven to five by virtue of the next succeeding population determination made by the office of financial management, two council positions shall be eliminated at the next municipal general election if four council positions normally would be filled at that election, or one council position shall be eliminated at each of the next two succeeding municipal general elections if three council positions normally would be filled at the first municipal general election after the population determination. The council shall by ordinance indicate which, if any, of the remaining positions shall be elected at-large or from wards or districts.

The duration of the initial term attaching to the remaining councilmunic positions shall be until the second Monday in January two years next thereafter, so that staggered regular four-year terms will ultimately result. Any declarations of candidacy for any primary or other election held pursuant to this section shall be filed as provided in RCW 35A.29.110 as now or hereafter amended) shall be as follows: (1) A simple majority of the persons who are elected as councilmembers receiving the greatest numbers of votes and the mayor in a city with a mayor-council plan of government shall be elected to four-year terms of office, if the election is held in an odd-numbered year, or three-year terms of office, if the election is held in an even-numbered year; and (2) the other persons who are elected as councilmembers shall be elected to two-year terms of office, if the election is held in an odd-numbered year, or one-year terms of office, if the election is held in an even-numbered year. Any incorporated city or town governed under a plan of government authorized prior to the time this title takes effect may become a noncharter code city without changing such plan of government by the use of the petition-for-election or resolution-for-election procedures provided in RCW 35A.02.060 and 35A.02.070 to submit to the voters a proposal that such municipality adopt the classification of noncharter code city while retaining its existing plan of government, and upon a favorable vote on the proposal, such municipality shall be classified as a noncharter code city and retain its old plan of government, such reclassification to be effective upon the filing of the record of such election with the office of the secretary of state. Insofar as the provisions of RCW 35A.02.100 and 35A.02.110 are applicable to an election on such a reclassification proposal they shall apply to such election.

Sec. 27. RCW 35A.06.020 and 1967 ex.s. c 119 s 35A.06.020 are each amended to read as follows:

The classifications of municipalities which existed prior to the time this title goes into effect—first class city, second class city, third class (and fourth class) city, town, and unclassified city—and the restrictions, limitations, duties, and obligations specifically imposed by law upon such classes of cities and towns, shall have no application to noncharter code cities, but every noncharter code city, by adopting such classification, has elected to be governed by the provisions of this title, with the powers granted hereby. However, any code city that retains its old plan of government is subject to the laws applicable to that old plan of government until the city changes its plan of government to the provisions of either chapter 35A.12 or 35A.13 RCW.

Sec. 28. RCW 35A.06.030 and 1979 ex.s. c 18 s 14 are each amended to read as follows:

By use of the resolution for election or petition for election methods described in RCW 35A.06.040, any noncharter code city which has operated for more than six consecutive years under one of the optional plans of government authorized by this title, or for more than a combined total of six consecutive years under a particular plan of government both as a code city and under the same general plan under Title 35 RCW immediately prior to becoming a code city, may abandon such organization and may reorganize and adopt another plan of government authorized for noncharter code cities, but only after having been a noncharter code city for more than one year or a city after operating for more than six consecutive years under a particular plan of government as a noncharter code city (or may reclassify and adopt a plan of government authorized by the general law for municipalities of the highest class for which the population of such city qualifies it, or authorized for the class to which such city belonged immediately prior to becoming a noncharter code city, if any)): PROVIDED, That these limitations shall not apply to a city seeking to adopt a charter.

In reorganization under a different general plan of government as a noncharter code city, officers shall all be elected as provided in RCW 35A.02.050. When a noncharter code city adopts a plan of government other than those authorized under Title 35 RCW, such city ceases to be governed under this optional municipal code and shall be classified as a city or town of the class selected in the proceeding for adoption of such new plan, with the powers granted to such class under the general law.

Sec. 29. RCW 35A.06.050 and 1979 ex.s. c 18 s 15 are each amended to read as follows:

The proposal for abandonment of a plan of government as authorized in RCW 35A.06.030 and for adoption of the plan named in the resolution or petition shall be voted upon at the next general municipal election if one is to be held within one hundred and eighty days or otherwise at a special election called for that purpose in accordance with RCW 29.13.020. The ballot title and statement of the proposition shall be prepared by the city attorney as provided in RCW 29.27.060 and 35A.29.120( as now or hereafter amended. If the plan proposed in the petition is not a plan authorized for noncharter code cities by this title, the ballot statement shall clearly set forth that adoption of such plan by the voters would require abandonment of the classification of noncharter code city and that government would be under the general law relating to cities of the class specified in the resolution or petition. If the plan proposed in the petition is a plan authorized for noncharter code cities, the ballot statement shall clearly set forth that adoption of such plan by the voters would not affect the eligibility of the noncharter code city to be governed under this optional municipal code).
Sec. 30. RCW 35A.12.010 and 1985 c 106 s 1 are each amended to read as follows:

The government of any noncharter code city or charter code city electing to adopt the mayor-council plan of government authorized by this chapter shall be vested in an elected mayor and an elected city council. The council of a noncharter code city having less than twenty-five hundred inhabitants shall consist of five members; when there are twenty-five hundred or more inhabitants, the council shall consist of seven members:

Provided, That if the population of a city after having become a code city decreases from twenty-five hundred or more to less than twenty-five hundred, it shall continue to have a seven member council. If, after a city has become a mayor-council code city, its population increases to twenty-five hundred or more inhabitants, the number of councilmanic offices in such city may increase from five to seven members upon the affirmative vote of a majority of the existing council to increase the number of councilmanic offices in the city. When the population of a mayor-council code city having five councilmanic offices increases to five thousand or more inhabitants, the number of councilmanic offices in the city shall increase from five to seven members. In the event of an increase in the number of councilmanic offices, the city council shall, by majority vote, pursuant to RCW 35A.12.050, appoint two persons to serve in these offices until the next municipal general election, at which election one person shall be elected for a two-year term and one person shall be elected for a four-year term. The number of inhabitants shall be determined by the most recent official state or federal census or determination by the state office of financial management. A charter adopted under the provisions of this title, incorporating the mayor-council plan of government set forth in this chapter, may provide for an uneven number of councilmembers not exceeding eleven.

A noncharter code city of less than five thousand inhabitants which has elected the mayor-council plan of government and which has seven councilmanic offices may establish a five-member council in accordance with the following procedure. At least six months prior to a municipal general election, the city council shall adopt an ordinance providing for reduction in the number of councilmanic offices to five. The ordinance shall specify which two councilmanic offices, the terms of which expire at the next general election, are to be terminated. The ordinance shall provide for the renumbering of council positions and shall also provide for a two-year extension of the term of office of a retained councilmanic office, if necessary, in order to comply with RCW 35A.12.040. However, a noncharter code city that has retained its old mayor-council plan of government, as provided in RCW 35A.02.130, is subject to the laws applicable to that old plan of government.

Sec. 31. RCW 35A.12.040 and 1979 ex.s. c 18 s 21 are each amended to read as follows:

Officers shall be elected at biennial municipal elections to be conducted as provided in chapter 35A.29 RCW. The mayor and the councilmembers shall be elected for four-year terms of office and until their successors are elected and qualified except that at any first election three councilmen in cities having seven councilmen, and two councilmen in cities having five councilmen, shall be elected for two year terms and the remaining councilmen shall be elected for four year terms) and assume office in accordance with RCW 29.04.170. At any first election after reorganization, councilmembers shall be elected as provided in RCW 35A.02.050. Thereafter the requisite number of councilmembers shall be elected biennially as the terms of their predecessors expire and shall serve for terms of four years. The positions to be filled on the city council shall be designated by consecutive numbers and shall be dealt with as separate offices for all election purposes. In any city which holds its first election under this title in the calendar year 1970, candidates elected for two year terms shall hold office until their successors are elected and qualified at the general municipal election to be held in November, 1973 and candidates elected for four year terms shall hold office until their successors are elected and qualified at the general municipal election to be held in November, 1975). Election to positions on the council shall be by majority vote from the city at large, unless provision is made by charter or ordinance for election by wards. The city council shall be the judge of the qualifications of its members and determine contested elections of city officers, subject to review by certiorari as provided by law. The mayor and councilmembers shall qualify by taking an oath or affirmation of office and as may be provided by law, charter, or ordinance.

Sec. 32. RCW 35A.12.050 and 1967 ex.s. c 119 s 35A.12.050 are each amended to read as follows:

(A mayor or councilman shall forfeit his office, creating a vacancy, if he ceases to have the qualifications prescribed for such office by law, charter, or ordinance, or if he is convicted of a crime involving moral turpitude or an offense involving a violation of his oath of office. A councilman also shall forfeit his office if he)) In addition a council position shall become vacant if the councilmember fails to attend three consecutive regular meetings of the council without being excused by the council.

Sec. 34. RCW 35A.12.180 and 1967 ex.s. c 119 s 35A.12.180 are each amended to read as follows:
At any time not within three months previous to a municipal general election the council of a noncharter code city organized under this chapter may divide the city into wards or change the boundaries of existing wards. No change in the boundaries of wards shall affect the term of any council member, but the council member, and council members shall serve out their terms in the wards of which their residences at the time of their elections. PROVIDED, That if this results in one ward being represented by more councilmembers than the number to which it is entitled those having the shortest unexpired terms shall be assigned by the council to wards where there is a vacancy, and the council members so assigned shall be deemed to be residents of the wards to which they are assigned for purposes of those positions being vacant. The representation of each ward in the city council shall be in proportion to the population as nearly as is practicable. (When the city has been divided into wards no person shall be eligible to the office of councilman unless he resides in the ward for which he is elected on the date of his election, and removal of his residence from the ward for which he was elected renders his office vacant.)

Wards shall be redrawn as provided in chapter 29.70 RCW. Wards shall be used as follows: (1) Only a resident of the ward may be a candidate for, or hold office as, a councilmember of the ward; and (2) only voters of the ward may vote at a primary to nominate candidates for a councilmember of the ward. Voters of the entire city may vote at the general election to elect a councilmember of a ward, unless the city had prior to January 1, 1994, limited the voting in the general election for any or all council positions to only voters residing within the ward associated with the council positions. If a city had so limited the voting in the general election to only voters residing within the ward, then the city shall be authorized to continue to do so.

**Sec. 35.** RCW 35A.13.010 and 1987 c 3 s 16 are each amended to read as follows:

The councilmembers shall be the only elective officers of a code city electing to adopt the council-manager plan of government authorized by this chapter, except where statutes provide for an elective municipal judge. The council shall appoint an officer whose title shall be "city manager" who shall be the chief executive officer and head of the administrative branch of the city government. The city manager shall be responsible to the council for the proper administration of all affairs of the code city. The council of a noncharter code city having less than twenty-five hundred inhabitants shall consist of five members; when there are twenty-five hundred or more inhabitants the council shall consist of seven members: PROVIDED, That if the population of a city after having become a code city decreases from twenty-five hundred or more to less than twenty-five hundred, it shall continue to have a seven member council. If, after a city has become a council-manager code city its population increases to twenty-five hundred or more inhabitants, the number of councilmanic offices in such city may increase from five to seven members upon the affirmative vote of a majority of the existing council to increase the number of councilmanic offices in the city. When the population of a council-manager code city having five councilmanic offices increases to five thousand or more inhabitants, the number of councilmanic offices in the city shall increase from five to seven members. In the event of an increase in the number of councilmanic offices, the city council shall, by majority vote, pursuant to RCW 35A.13.020, appoint two persons to serve in these offices until the next municipal general election, at which election one person shall be elected for a two-year term and one person shall be elected for a four-year term. The number of inhabitants shall be determined by the most recent official state or federal census or determination by the state office of financial management. A charter adopted under the provisions of this title, incorporating the council-manager plan of government set forth in this chapter may provide for an uneven number of councilmembers not exceeding eleven.

A noncharter code city of less than five thousand inhabitants which has elected the council-manager plan of government and which has seven councilmanic offices may establish a five-member council in accordance with the following procedure. At least six months prior to a municipal general election, the city council shall adopt an ordinance providing for reduction in the number of councilmanic offices to five. The ordinance shall specify which two councilmanic offices, the terms of which expire at the next general election, are to be terminated. The ordinance shall provide for the renumbering of council positions and shall also provide for a two-year extension of the term of office of a retained councilmanic office, if necessary, in order to comply with RCW 35A.12.040.

However, a noncharter code city that has retained its old council-manager plan of government, as provided in RCW 35A.02.130, is subject to the laws applicable to that old plan of government.

**Sec. 36.** RCW 35A.13.020 and 1975 1st ex.s. c 155 s 1 are each amended to read as follows:

((The ballot shall be so arranged that voters may vote for the five nominated candidates or may vote in the names of other candidates.))

The initial park and recreation commissioners shall be elected at the same election, but this election shall be null and void if the district is not authorized to be formed. (2) At the public hearing the legislative authority (for each county) shall fix the boundaries for that portion of the proposed park and recreation district that lies within the county as provided in RCW 36.69.050. Each county shall notify the other county or counties of the determination of the boundaries within ten days.

(3) If the territories created by the county legislative authorities are not contiguous, a joint park and recreation district shall not be formed. If the territories are contiguous, the county containing the portion of the proposed joint district having the larger population shall determine the name of the proposed joint district.

(4) If the proposed district encompasses portions of two counties, the county containing the portion of the district having the larger population shall divide the territory into three subdivisions and shall name three resident electors as prescribed by RCW 36.69.060. (b) The proposition for the formation of the proposed joint park and recreation district shall be submitted to the voters of the district at the next general election, which election shall be conducted as required by RCW 36.69.070 and 36.69.080.

Sec. 48. RCW 52.14.010 and 1985 c 330 s 2 are each amended to read as follows:

The affairs of the district shall be managed by a board of fire commissioners composed of three (resident electors of) registered voters residing in the district except as provided in RCW 52.14.015 and 52.14.020. Each member shall each receive fifty dollars per day or portion thereof, not to exceed four thousand eight hundred dollars per year, for attendance at board meetings and for performance of other services in behalf of the district.

In addition, they shall receive necessary expenses incurred in attending meetings of the board or when otherwise engaged in district business, and shall be entitled to receive the same insurance available to all fire fighters of the district: PROVIDED, That the premiums for such insurance, except liability insurance, shall be paid by the individual commissioners who elect to receive it.

Any commissioner may waive all or any portion of his or her compensation payable under this section as to any month or months during his or her term of office, by a written waiver filed with the secretary as provided in this section. The waiver, to be effective, must be filed any time after the commissioner's election and prior to the date on which the compensation would otherwise be paid. The waiver shall specify the month or period of months for which it is made.

The board shall fix the compensation to be paid the secretary and all other agents and employees of the district. The board of fire commissioners of a fire protection district may adopt a resolution by unanimous vote causing a ballot proposition to be submitted to voters of the district authorizing the creation of commissioner districts. The board of fire commissioners shall create commissioner districts if the ballot proposition authorizing the creation of commissioner districts is approved by a simple majority vote of the voters of the fire protection district voting on the proposition. Three commissioner districts shall be created for a fire protection district with three commissioners, and five commissioner districts shall be created for a fire protection district with five commissioners. No two commissioners may reside in the same commissioner district.

No change in the boundaries of any commissioner district shall be made within one hundred twenty days next before the date of a general district election, nor within twenty months after the commissioner districts have been established or altered. However, if a boundary change results in one commissioner district being represented by two or more commissioners, those commissioners having the shortest unexpired terms shall be assigned by the commission to commissioner districts where there is a vacancy, and the commissioners so assigned shall be deemed to be residents of the commissioner districts to which they are assigned for purposes of determining whether those positions are vacant.

The population of each commissioner district shall include approximately equal population. Commissioner districts shall be redrawn as provided in chapter 29.70 RCW. Commissioner districts shall be used as follows: (1) Only a registered voter who resides in a commissioner district may be a candidate for, or serve as, a commissioner of the commissioner district; and (2) only voters of a commissioner district may vote at a primary to nominate candidates for a commissioner of the commissioner district. When a board of fire commissioners that has commissioner districts has been increased to five members under RCW 52.14.015, the board of fire commissioners shall divide the fire protection district into five commissioner districts before it appoints the two additional fire commissioners. The two additional fire commissioners who are appointed shall reside in separate commissioner districts in which no other fire commissioner resides.

Sec. 50. RCW 52.14.015 and 1990 c 259 s 14 are each amended to read as follows:

In the event a three member board of commissioners of any fire protection district determines by resolution (and approves by unanimous vote of the board) that it would be in the best interest of the district to increase the number of commissioners from three to five, or in the event the board is presented with a petition signed by ten percent of the registered voters resident within the district who voted in the last general municipal election calling for such an increase in the number of commissioners of the district, the board shall submit a resolution to the county legislative authority or authorities of the county or counties in which the district is located requesting that an election be held. Upon receipt of the resolution, the legislative authority or authorities of the county or counties shall call a special election to be held within the fire protection district at which election the following proposition shall be submitted to the voters substantially as follows:

Shall the board of commissioners of . . . . county fire protection district no. . . . . be increased from three members to five members?

Yes . . . .

No . . . .

If the fire protection district is located in more than a single county, this proposition shall indicate the name of the district.

(In the event of a vacancy occurring in the office of fire commissioner, the vacancy shall, within sixty days, be filled by appointment of a resident elector of the district by a vote of the remaining fire commissioners. If the board of commissioners fails to fill the vacancy within the sixty-day period, the county legislative authority of the county in which all, or the largest portion, of the district is located shall make the appointment. If the number of vacancies is such that there is not a majority of the full number of commissioners in office as fixed by law, the county legislative authority of the county in which all, or the largest portion, of the district is located shall appoint someone to fill each vacancy within thirty days of each vacancy, that is sufficient to create a majority as prescribed by law.

An appointee shall serve ad interim until a successor has been elected and qualified at the next general election as provided in chapter 29.21 RCW. A person who is so elected shall take office immediately after he or she is qualified and shall serve for the remainder of the unexpired term.))

In the event a three member board of commissioners of any fire protection district determines by resolution (and approves by unanimous vote of the board) that it would be in the best interest of the district to increase the number of commissioners from three to five, or in the event the board is presented with a petition signed by ten percent of the registered voters resident within the district who voted in the last general municipal election calling for such an increase in the number of commissioners of the district, the board shall submit a resolution to the county legislative authority or authorities of the county or counties in which the district is located requesting that an election be held. Upon receipt of the resolution, the legislative authority or authorities of the county or counties shall call a special election to be held within the fire protection district at which election the following proposition shall be submitted to the voters substantially as follows:

Yes . . . .

No . . . .

If the fire protection district is located in more than a single county, this proposition shall indicate the name of the district.

If the proposition receives a majority approval at the election, the board of commissioners of the fire protection district shall be increased to five members. The two additional members shall be appointed in the same manner as provided in RCW 52.14.020.

Sec. 51. RCW 52.14.030 and 1984 c 230 s 31 are each amended to read as follows:

(The polling places for district elections shall be those of the county voting precincts which include any of the territory within the fire protection districts. (District elections)) The polling places for a fire protection district election may be located inside or outside the boundaries of the district (and), as determined by the auditor of the county in which the fire protection district is located, and the elections of the fire protection district shall not be held to be irregular or void on that account.

Sec. 52. RCW 52.14.050 and 1989 c 63 s 21 are each amended to read as follows:

(In the event of a vacancy occurring in the office of fire commissioner, the vacancy shall, within sixty days, be filled by appointment of a resident elector of the district by a vote of the remaining fire commissioners. If the board of commissioners fails to fill the vacancy within the sixty-day period, the county legislative authority of the county in which all, or the largest portion, of the district is located shall make the appointment. If the number of vacancies is such that there is not a majority of the full number of commissioners in office as fixed by law, the county legislative authority of the county in which all, or the largest portion, of the district is located shall appoint someone to fill each vacancy within thirty days of each vacancy, that is sufficient to create a majority as prescribed by law.

An appointee shall serve ad interim until a successor has been elected and qualified at the next general election as provided in chapter 29.21 RCW. A person who is so elected shall take office immediately after he or she is qualified and shall serve for the remainder of the unexpired term.))
Vacancies on a board of fire commissioners shall occur as provided in chapter 42.12 RCW. In addition, if a fire commissioner is absent from the district for three consecutive regularly scheduled meetings unless by permission of the board, the office shall be declared vacant by the board of commissioners (and the vacancy shall be filled as provided for in this section). However, such an action shall not be taken unless the commissioner is notified by mail after two consecutive unexcused absences that the position will be declared vacant if the commissioner is absent without being excused from the next regularly scheduled meeting. Vacancies (additional shall occur) on a board of fire commissioners shall be filled as provided in chapter 42.12 RCW.

Sec. 53. RCW 52.14.060 and 1989 C 63 s 22 are each amended to read as follows:
The initial three members of the board of fire commissioners shall be elected at the same election as when the ballot proposition is submitted to the voters authorizing the creation of the fire protection district. If the district is not authorized to be created, the initial fire commissioners shall take office immediately when qualified. Candidates shall file for each of the three separate fire commissioner positions. Elections shall be held as provided in chapter 29.21 RCW, with the county auditor opening up a special filing period as provided in RCW (29.21.360 and 29.21.370) 29.15.170 and 29.15.180, as if there were a vacancy. The (candidate for each position) person who receives the greatest number of votes for each position shall be elected to that position. (If the election is held in an odd-numbered year, the winning candidate receiving the highest number of votes shall hold office for a term of six years, the winning candidate receiving the next highest number of votes shall hold office for a term of four years, and the candidate receiving the next highest number of votes shall serve for a term of two years. If the election were held in an even-numbered year, the winning candidate receiving the greatest number of votes shall hold office for a term of five years, the winning candidate receiving the next highest number of votes shall hold office for a term of three years, and the winning candidate receiving the next highest number of votes shall hold office for a term of one year.) *Sec. 82.**  RCW 53.12.010 and 1992 c 146 s 1 are each amended to read as follows:

1. The powers of the port district shall be exercised through a port commission consisting of three or, when permitted by this title, five members. Every port district that is not coextensive with a county having a population of five hundred thousand or more shall be divided into (three) the same number of commissioner districts as there are commissioner positions, each having approximately equal population, unless provided otherwise under subsection (2) of this section. Where a port district with three commissioner positions is coextensive with the boundaries of a county that has a population of less than five hundred thousand and the county has three county legislative authority districts, the port district commissioner districts shall be the county legislative authority districts. In other instances where a port district is divided into commissioner districts, the petition proposing the formation of such districts shall divide the port district into commissioner districts (each having approximately the same population) unless the commissioner districts have been described pursuant to section 84 of this act. The commissioner districts shall be altered as provided in chapter 53.16 RCW.

Commissioner districts shall be used as follows: (1) Only a registered voter who resides in a commissioner district may be a candidate for, or hold office as, a commissioner of the commissioner district; and (2) only the voters of a commissioner district may vote at a primary (election) to nominate candidates for a commissioner of the commissioner district. Voters of the entire port district may vote at a general election to elect a person as a commissioner of the commissioner district.

(2) In port districts having additional commissioners as authorized by RCW 53.12.130, 53.12.130, and 53.12.115, the powers of the port district shall be exercised through a port commission consisting of five members constituted as provided therein.)

2. In port districts with five commissioners, two of the commissioner districts may include the entire port district if approved by the voters of the district either at the time of formation or at a subsequent port district election at which the issue is proposed pursuant to a resolution adopted by the board of commissioners and delivered to the county auditor.

**NEW SECTION.**  Sec. 83.  A new section is added to chapter 53.12 RCW to read as follows:

Any less than county-wide port district that uses commissioner districts may cease using commissioner districts as provided in this section.

A ballot proposition authorizing the elimination of commissioner districts shall be submitted to the voters of a less than county-wide port district that is divided into commissioner districts if (1) a petition is submitted to the port commission proposing that the port district cease using commissioner districts, that is signed by registered voters of the port district equal in number to at least ten percent of the number of voters who voted at the last district general election; or (2) the port commissioners adopt a resolution proposing that the port district cease using commissioner districts.

The port commission shall transfer the petition or resolution immediately to the county auditor who shall, when a petition is submitted, review the signatures and certify its sufficiency. A ballot proposition authorizing the elimination of commissioner districts shall be submitted at the next district general election occurring sixty or more days after a petition with sufficient signatures was submitted. If the ballot proposition authorizing the port
district to cease using commissioner districts is approved by a simple majority vote, the port district shall cease using commissioner districts at all subsequent elections.

NEW SECTION. Sec. 84. A new section is added to chapter 53.04 RCW to read as follows:

Three commissioner districts, each with approximately the same population, shall be described in the petition proposing the creation of a port district under RCW 53.04.020, if the process to create the port district was initiated by voter petition, or shall be described by the county legislative authority, if the process to initiate the creation of the port district was by action of the county legislative authority. However, commissioner districts shall not be described if the commissioner districts of the proposed port district shall be the same as the county legislative authority districts.

The initial port commissioners shall be elected as provided in RCW 53.12.172.

Sec. 85. RCW 53.04.023 and 1993 c 70 s 1 are each amended to read as follows:

A less than county-wide port district with an assessed valuation of at least seventy-five million dollars may be created in a county that already has a less than county-wide port district located within its boundaries. Except as provided in this section, such a port district shall be created in accordance with the procedure to create a county-wide port district.

The effort to create such a port district is initiated by the filing of a petition with the county auditor calling for the creation of such a port district, describing the boundaries of the proposed port district, designating either three or five commissioner positions, describing commissioner districts if the petitioners propose that the commissioners represent districts, and providing a name for the proposed port district. The petition must be signed by voters residing within the proposed port district equal in number to at least ten percent of such voters who voted at the last county general election.

A public hearing on creation of the proposed port district shall be held by the county legislative authority if the county auditor certifies that the petition contained sufficient valid signatures. Notice of the public hearing must be published in the county's official newspaper at least ten days prior to the date of the public hearing. After taking testimony, the county legislative authority may make changes in the boundaries of the proposed port district if it finds that such changes are in the public interest and shall determine if the creation of the port district is in the public interest. No area may be added to the boundaries unless a subsequent public hearing is held on the proposed port district.

The county legislative authority shall submit a ballot proposition authorizing the creation of the proposed port district to the voters of the proposed port district, at any special election date provided in RCW 29.13.020, if it finds the creation of the port district to be in the public interest.

The port district shall be created if a majority of the voters voting on the ballot proposition favor the creation of the port district. The initial port commissioners shall be elected at the same election, from districts or at large, as provided in the petition initiating the creation of the port district. The election shall be otherwise conducted as provided in RCW 53.12.172, but the election of commissioners shall be null and void if the port district is not created.  

This section shall expire July 1, 1997.

Sec. 86. RCW 53.12.172 and 1992 c 146 s 2 are each reenacted and amended to read as follows:

(1) In every port district the term of office of each port commissioner shall be four years in each port district that is county-wide with a population of one hundred thousand or more, or either six or four years in all other port districts as provided in RCW 53.12.175, and until a successor is elected and qualified and assumes office in accordance with RCW 29.04.170.

(2) The initial port commissioners shall be elected at the same election as when the ballot proposition is submitted to voters authorizing the creation of the port district. If the port district is created the persons elected at this election shall serve as the initial port commission. No primary shall be held. The person receiving the greatest number of votes for commissioner from each commissioner district shall be elected as the commissioner of that district.

(3) The terms of office of the initial port commissioners shall be staggered as follows in a port district that is county-wide with a population of one hundred thousand or more:  

| (a) The two persons who are elected receiving the two greatest numbers of votes shall be elected to four-year terms of office if the election is held in an odd-numbered year, or three-year terms of office if the election is held in an even-numbered year, and shall hold office until successors are elected and qualified and assume office in accordance with RCW 29.04.170; and  
| (b) the other person who is elected shall be elected to a two-year term of office if the election is held in an odd-numbered year, or a one-year term of office if the election is held in an even-numbered year, and shall hold office until a successor is elected and qualified and assumes office in accordance with RCW 29.04.170.  

(4) The terms of office of the initial port commissioners in all other port districts shall be staggered as follows:  

| (a) The person who is elected receiving the greatest number of votes shall be elected to a six-year term of office if the election is held in an odd-numbered year or to a five-year term of office if the election is held in an even-numbered year, and shall hold office until a successor is elected and qualified and assumes office in accordance with RCW 29.04.170; and  
| (b) the person who is elected receiving the next greatest number of votes shall be elected to a four-year term of office if the election is held in an odd-numbered year or to a three-year term of office if the election is held in an even-numbered year, and shall hold office until a successor is elected and qualified and assumes office in accordance with RCW 29.04.170; and  
| (c) the other person who is elected shall be elected to a two-year term of office if the election is held in an odd-numbered year or a one-year term of office if the election is held in an even-numbered year, and shall hold office until a successor is elected and qualified and assumes office in accordance with RCW 29.04.170.  

(5) The initial port commissioners shall take office immediately after being elected and qualified, but the length of their terms shall be calculated from the first day in January in the year following their elections.

Sec. 87. RCW 53.12.115 and 1992 c 146 s 7 are each amended to read as follows:
A ballot proposition shall be submitted to the voters of any port district authorizing an increase in the number of port commissioners to five whenever the port commission adopts a resolution proposing the increase in the number of port commissioners or a petition (requesting) proposing such an increase has been submitted to the county auditor of the county in which the port district is located that has been signed by voters of the port district at least equal in number to ten percent of the number of voters in the port district who voted at the last general election. The ballot proposition shall be submitted at the next general or special election occurring sixty or more days after the petition was submitted or resolution was adopted.

At the next general or special election following the election in which an increase in the number of port commissioners was authorized, candidates for the two additional port commissioner positions shall be elected as provided in RCW 53.12.130, and the voters may be asked to approve the nomination of commissioners from district-wide commissioner districts as permitted in RCW 53.12.010(2).

Sec. 88. RCW 53.12.120 and 1992 c 146 s 8 are each amended to read as follows:

When the population of a port district that has three commissioners reaches five hundred thousand, in accordance with the latest United States regular or special census or with the official state population estimate, there shall be submitted to the voters of the district, at the next district general election or at a special port election called for that purpose, the proposition of increasing the number of commissioners to five. (At any general election thereafter, the same proposition may be submitted by resolution of the port commissioners, by filing a certified copy of the resolution with the county auditor at least four months prior to the general election. If the proposition is approved by the voters, the commission in that port district shall consist of five commissioners.)

At the next district general election following the election in which an increase in the number of port commissioners was authorized, candidates for the two additional port commissioner positions shall be elected as provided in RCW 53.12.130.

Sec. 89. RCW 53.12.130 and 1992 c 146 s 9 are each amended to read as follows:

Two additional port commissioners shall be elected at the next district general election following the election at which voters authorized the increase in port commissioners to five members. (The two additional positions shall be numbered positions four and five.)

The port commissioners shall divide the port district into five commissioner districts prior to the first day of June in the year in which the two additional commissioners shall be elected, unless the voters approved the nomination of the two additional commissioners from district-wide commissioner districts as permitted in RCW 53.12.010(2). The new commissioner districts shall be numbered one through five and the three incumbent commissioners shall represent commissioner districts one through three. If, as a result of redrawing the district boundaries two or three of the incumbent commissioners reside in one of the new commissioner districts, the commissioners who reside in the same commissioner district shall determine by lot which of the first three numbered commissioner districts they shall represent for the remainder of their respective terms. A primary shall be held to nominate candidates from districts four and five where necessary and commissioners shall be elected from commissioner districts four and five at the general election. The persons receiving the highest number of votes for each position shall be elected to that position and elected as commissioners from commissioner districts four and five shall take office immediately after qualification as defined under RCW 29.01.135.

In a port district where commissioners are elected to four-year terms of office, the additional commissioner thus elected receiving the highest number of votes shall be elected to a four-year term of office and the other additional commissioner thus elected shall be elected to a term of office of two years, if the election is held in an odd-numbered year, or the additional commissioner thus elected receiving the highest number of votes shall be elected to a term of office of three years and the other shall be elected to a term of office of one year, if the election is held in an even-numbered year. In a port district where the commissioners are elected to six-year terms of office, the additional commissioner thus elected receiving the highest number of votes shall be elected to a six-year term of office and the other additional commissioner shall be elected to a four-year term of office, if the election is held in an odd-numbered year, or the additional commissioner receiving the highest number of votes shall be elected to a term of office of five-years and the other shall be elected to a three-year term of office, if the election is held in an even-numbered year. The length of terms of office shall be computed from the first day of January in the year following this election.

(A successor to a commissioner holding position four or five whose term is about to expire, shall be elected at the general election next preceding such expiration, for a) Successor commissioners from districts four and five shall be elected to terms of either six or four years, depending on the length of terms of office to which commissioners of that port district are elected. (Positions four and five shall not be associated with a commissioner district and the elections to both nominate candidates for those positions and elect commissioners for these positions shall be held on a port district-wide basis.)

Sec. 90. RCW 53.12.175 and 1992 c 146 s 3 are each amended to read as follows:

A ballot proposition to reduce the terms of office of port commissioners from six years to four years shall be submitted to the voters of any port district that otherwise would have commissioners with six-year terms of office upon either resolution of the port commissioners or petition of voters of the port district proposing the reduction in terms of office, which petition has been signed by voters of the port district equal in number to at least ten percent of the number of voters in the port district voting at the last (district) general election. The petition shall be submitted to the county auditor. If the petition was signed by sufficient valid signatures, the ballot proposition shall be submitted at the next (district) general or special election that occurs sixty or more days after the adoption of the resolution or submission of the petition.

If the ballot proposition reducing the terms of office of port commissioners is approved by a simple majority vote of the voters voting on the proposition, the commissioner or commissioners who are elected at that election shall be elected to four-year terms of office. The terms of office of the other commissioners shall not be reduced, but each successor shall be elected to a four-year term of office.

Sec. 91. RCW 53.16.015 and 1992 c 146 s 10 are each amended to read as follows:
The port commission of a port district that uses commissioner districts may redraw the commissioner district boundaries as provided in chapter 29.70 RCW at any time and submit the redrawn boundaries to the county auditor if the port district is not coterminal with a county that has the same number of county legislative authority districts as the port has port commissioners. The new commissioner districts shall be used at the next election at which a port commissioner is regularly elected that occurs at least one hundred eighty days after the redrawn boundaries have been submitted. Each commissioner district shall encompass as nearly as possible ((one third of the population of the port district)) the same population.

There being no objection, the Senate resumed consideration of Substitute House Bill No. 2479 and the pending amendment by Senator Prince on page 6, after line 4, deferred earlier today.

RULING BY THE PRESIDENT

President Pritchard: “In ruling upon the point of order raised by Senator Spanel, the President finds that Substitute House Bill No. 2479 is a measure which clarifies language and corrects references in various tax statutes.

“The amendment proposed by Senator Prince would require development of a resale certificate for landlord-tenant relationships within the agricultural industry.

“The President, therefore, finds that the proposed amendment does change the scope and object of the bill and the point of order is well taken.”

The amendment by Senator Prince on page 6, after line 4, to Substitute House Bill No. 2479 was ruled out of order.

There being no objection, the Senate resumed consideration of House Bill No. 2320 and the pending amendment by Senators Owen, Oke and Sheldon on page 2, after line 8, deferred earlier today.

RULING BY THE PRESIDENT

President Pritchard: “In ruling upon the point of order raised by Senator Fraser, the President finds that House Bill No. 2320 is a measure which permits the Department of Ecology to delegate to local units of government review and approval authority relative to sewerage systems or disposal plants, under certain conditions.

“The amendment proposed by Senators Owen, Oke and Sheldon would, among other things, permit local health boards to vary from Department of Health standards on design and installation of some sewerage systems and allow counties, under certain circumstances, to issue permits for on site sanitary systems which vary from state standards without obtaining a waiver from the Department of Health.

“The President, therefore, finds that the proposed amendment does change the scope and object of the bill and the point of order is well taken.”
The amendment by Senators Owen, Oke and Sheldon on page 2, after line 8, to House Bill No. 2320 was ruled out of order.

MOTION

Senator Erwin moved that the following amendment be adopted:

On page 2, after line 8, insert the following:

"NEW SECTION. Sec. 2. The state board of health shall conduct a comparative study of the effectiveness and cost of on-site sewage systems, including standard septic systems and all alternative systems including aerobic systems and aerobic systems with biomembranes. A report of the findings of the study and any related recommended statutory changes shall be made to the legislature by December 31, 1994. All existing administrative rules and guidelines relating to on-site sewage systems should be modified to accurately reflect the findings of the study, especially with regard to alternative systems.

The study shall consider at least the following: (1) The effectiveness of the treatment systems as measured by the five-day biochemical oxygen demand, the total suspended solids, and the coliform level found in effluent; (2) the historical performance record for each system; (3) the relative cost of each system; and (4) the maintenance needs and overall useful life span of the system.

NEW SECTION. Sec. 3. A new section is added to chapter 70.118 RCW to read as follows:

(1) New installations of on-site sewage systems within two hundred feet of any body of water, whether marine or fresh, shall be capable of delivering effluent with a thirty-day average that does not exceed: A five-day biochemical oxygen demand of fifteen milligrams per liter; total suspended solids of eleven milligrams per liter; and a coliform level of two hundred parts per one hundred milliliters.

(2) New installations of on-site sewage systems within fifty feet of any body of water, whether marine or fresh, shall be capable of delivering effluent with a thirty-day average that does not exceed: A five-day biochemical oxygen demand of five milligrams per liter; total suspended solids of five milligrams per liter; and a coliform level of one hundred parts per one hundred milliliters."

MOTION

On motion of Senator Erwin, and there being no objection, Section 2 and Section 3 will be considered as separate amendments.

MOTION

Senator Erwin moved that Section 2 be adopted.

POINT OF ORDER

Senator Fraser: "A point of order, Mr. President. I believe that both Section 2 and Section 3 exceed the scope and object of the bill."

REPLY BY THE PRESIDENT

President Pritchard: "Well, we haven't gotten to Section 3, but on Section 2, you raise scope and object? Do you want to discuss it?"

Senator Fraser: "Very briefly, Mr. President, Section 2 exceeds the scope and object. Again, because it addresses a department not currently addressed in the bill. The bill deals with the Department of Ecology; this deals with the State Board of Health. The amendment deals with a study; the bill deals with delegation of existing state authority."

Further debate ensued.

PARLIAMENTARY INQUIRY

Senator Talmadge: "A point of parliamentary inquiry, Mr. President. The President has ruled, in times past, where someone is going to raise scope and object on a series of amendments that the President will rule simultaneously in all the points of order. In response to the inquiry by Senator Fraser, the President raised some question in my mind, at least, about that policy,
insofar as she intended to raise scope and object on both of the amendments, as divided by Senator Erwin. If possible, Mr. President, would it be possible to rule on both of the matters, in order that we move expeditiously?"

REPLY BY THE PRESIDENT

President Pritchard: "Well, by allowing him to divide it, I believe the Chair--we have it so that we don't have Section 3 before us and, obviously, we will be looking at it within the total point. I don't think we can rule on it before it comes before us and technically, it is not before us. If you want, Senator Talmadge, if you would like permission of the body, we can set Section 2 down and take up Section 3 and then have a chance to rule on both of them."

Senator Talmadge: "It would be most appropriate."

President Pritchard: "All right, we can do that."

There being no objection, the President deferred further consideration of the amendment, Section 2, by Senator Erwin.

MOTION

Senator Erwin moved that Section 3 be adopted.

POINT OF ORDER

Senator Fraser: "A point of order, Mr. President. I feel this amendment exceeds the scope and object of the bill. Again, the bill deals with the Department of Ecology. This amendment deals with the Department of Health. The bill deals with delegation of authority; this bill deals with new regulatory standards for septic tanks. It also broadens the bill by dealing with all septic tanks in the state, plus alternatives to them. I believe it exceeds the scope and object."

Further debate ensued.

RULING BY THE PRESIDENT

President Pritchard: "In ruling upon the point of order raised by Senator Fraser, the President finds that House Bill No. 2320 is a measure which permits the Department of Ecology to delegate to local units of government review and approval authority relative to sewerage systems or disposal plants, under certain conditions. "The amendment, Section 2, proposed by Senator Erwin orders the State Board of Health to conduct a comparative study of on site sewage systems and the amendment, Section 3, establishes new standards for new installations of on site sewage systems. "The President, therefore, finds that the proposed amendments do change the scope and object of the bill and the point of order is well taken."

The amendments by Senator Erwin on page 2, after line 8--Sections 2 and 3--to House Bill No. 2320 were ruled out of order.

MOTION

On motion of Senator Fraser, the rules were suspended, House Bill No. 2320 was advanced to third reading, the second reading considered the third and the bill was placed on final passage. Debate ensued.

MOTION

Senator Linda Smith moved that the following amendments to the Committee on Ways and Means striking amendment be considered simultaneously and be adopted:

"It is the intent of the legislature to encourage members of the private sector to establish a mechanism to produce unedited televised coverage of state government deliberations and other public policy events of state-wide significance. It is assumed that private contributions will be raised to cover all costs associated with such coverage, including annual operating costs, equipment costs, and the cost of programming activities such as curriculum development for use in classrooms. Funding provided by the state is intended to cover "start-up costs" to encourage private sector interest and involvement in the production of televised coverage of state government. The provision of such funding by the state is intended to increase citizen access to government, and is a public purpose for which public funds may be expended."

On page 1, beginning on line 33, strike all materials after "purposes of" through and including "a single year." on page 2, line 15, and insert the following:

"encouraging private sector interest and involvement in the production of televised coverage of state government. On page 3, line 16, after "sum of" strike "six million six" and insert "two"

Debate ensued.

NEW SECTION. Sec. 101. A new section is added to chapter 18.25 RCW to read as follows:

This chapter is enacted:

(1) In the exercise of the police power of the state and to provide an adequate public agency to act as a disciplinary body for the members of the chiropractic profession licensed to practice chiropractic in this state;

(2) Because the health and well-being of the people of this state are of paramount importance;

(3) Because the conduct of members of the chiropractic profession licensed to practice chiropractic in this state plays a vital role in preserving the health and well-being of the people of the state; and

(4) Because practicing other healing arts while licensed to practice chiropractic and while holding one's self out to the public as a chiropractor affects the health and welfare of the people of the state.

It is the purpose of the commission established under section 104 of this act to regulate the competency and quality of professional health care providers under its jurisdiction by establishing, monitoring, and enforcing qualifications for licensing, consistent standards of practice, continuing competency mechanisms, and discipline. Rules, policies, and procedures developed by the commission must promote the delivery of quality health care to the residents of the state.

Sec. 102. RCW 18.25.005 and 1992 c 241 s 2 are each amended to read as follows:

(1) Chiropractic is the practice of health care that deals with the diagnosis or analysis and care or treatment of the vertebral subluxation complex and its effects, articular dysfunction, and musculoskeletal disorders, all for the restoration and maintenance of health and recognizing the recuperative powers of the body.

(2) Chiropractic treatment or care includes the use of procedures involving spinal adjustments, and extremity manipulation insofar as any such procedure is complementary or preparatory to a chiropractic spinal adjustment. Chiropractic treatment also includes the use of heat, cold, water, exercise, massage, trigger point therapy, dietary advice and recommendation of nutritional supplementation except for medicines of herbal, animal, or botanical origin, the normal regimen and rehabilitation of the patient, first aid, and counseling on hygiene, sanitation, and preventive measures. Chiropractic care also includes such physiological therapeutic procedures as traction and light, but does not include procedures involving the application of sound, diathermy, or electricity.

(3) As part of a chiropractic differential diagnosis, a chiropractor shall perform a physical examination, which may include diagnostic x-rays, to determine the appropriateness of chiropractic care or the need for referral to other health care providers. The chiropractic ((disciplinary board)) quality assurance commission shall provide by rule for the type and use of diagnostic and analytical devices and procedures consistent with this chapter.
(4) Chiropractic care shall not include the prescription or dispensing of any medicine or drug, the practice of obstetrics or surgery, the use of x-rays or any other form of radiation for therapeutic purposes, colonic irrigation, or any form of venipuncture.

(5) Nothing in this chapter prohibits or restricts any other practitioner of a "health profession" defined in RCW 18.120.020(4) from performing any functions or procedures the practitioner is licensed or permitted to perform, and the term "chiropractic" as defined in this chapter shall not prohibit a practitioner licensed under chapter 18.71 RCW from performing medical procedures, except such procedures shall not include the adjustment by hand of any articulation of the spine.

Sec. 103. RCW 18.25.006 and 1992 c 241 s 3 are each amended to read as follows:

Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(5) "Vertebral subluxation complex" means a functional defect or alteration of the biomechanical and physiological dynamics in a joint that may cause neuronal disturbances, with or without displacement detectable by x-ray. The effects of the vertebral subluxation complex may include, but are not limited to, any of the following: Fixation, hypomobility, hypermobility, periarticular muscle spasm, edema, or inflammation.

(6) "Articular dysfunction" means an alteration of the biomechanical and physiological dynamics of a joint of the axial or appendicular skeleton.

(7) "Musculoskeletal disorders" means abnormalities of the muscles, bones, and connective tissue.

(8) "Chiropractic differential diagnosis" means a diagnosis to determine the existence of a vertebral subluxation complex, articular dysfunction, or musculoskeletal disorder, and the appropriateness of chiropractic care or the need for referral to other health care providers.

(9) "Chiropractic adjustment" means chiropractic care of a vertebral subluxation complex, articular dysfunction, or musculoskeletal disorder. Such care includes manual or mechanical adjustment of any vertebral articulation and contiguous articulations beyond the normal passive physiological range of motion.

(10) "Extremity manipulation" means a corrective thrust or maneuver applied to a joint of the appendicular skeleton. The use of extremity manipulation shall be complementary and preparatory to a chiropractic spinal adjustment to support correction of a vertebral subluxation complex and is considered a part of a spinal adjustment and shall not be billed separately from or in addition to a spinal adjustment.

COMMISSION ESTABLISHED--MEMBERS APPOINTED BY THE GOVERNOR. The Washington state chiropractic quality assurance commission is established, consisting of fourteen members appointed by the governor to four-year terms, and including eleven practicing chiropractors and three public members. No member may serve more than two consecutive full terms. In appointing the initial members of the commission, it is the intent of the legislature that, to the extent possible, the governor appoint members of the previous boards and committees regulating this profession to the commission. Members of the commission hold office until their successors are appointed. The governor may appoint the members of the initial commissions to staggered terms of from one to four years. Thereafter, all members shall be appointed to full four-year terms. The governor may consider persons who are recommended for appointment by chiropractic associations of this state.

COMMISSION--REMOVAL OF MEMBERS--VACANCIES. The governor may remove a member of the commission for neglect of duty, misconduct, or malfeasance or misfeasance in office. Whenever the governor is satisfied that a member of the commission has been guilty of neglect of duty, misconduct, or malfeasance or misfeasance in office, the governor shall file with the secretary of state a statement of the causes for and the order of removal from office, and the secretary shall forthwith send a certified copy of the order of removal and statement of causes by certified mail to the last known post office address of the member. If a vacancy occurs on the commission, the governor shall appoint a replacement to fill the remainder of the unexpired term.

NEW SECTION. Sec. 106. A new section is added to chapter 18.25 RCW to read as follows:

COMMISSION--QUALIFICATIONS OF MEMBERS. Members must be citizens of the United States and residents of this state. Members must be licensed chiropractors for a period of five years before appointment. Public members of the commission may not be a member of any other health care licensing board or commission, or have a fiduciary obligation to a facility rendering health services regulated by the commission, or have a material or financial interest in the rendering of health services regulated by the commission.

NEW SECTION. Sec. 107. A new section is added to chapter 18.25 RCW to read as follows:

NEW SECTION. Sec. 201. A new section is added to chapter 18.32 RCW to read as follows:

The legislature finds that the health and well-being of the people of this state are of paramount importance.

The legislature further finds that the conduct of members of the dental profession licensed to practice dentistry in this state plays a vital role in preserving the health and well-being of the people of the state.
The legislature further finds that there is no effective means of handling disciplinary proceedings against members of the dental profession licensed in this state when such proceedings are necessary for the protection of the public health.

Therefore, the legislature declares its intention to exercise the police power of the state to protect the public health, to promote the welfare of the state, and to provide a commission to act as a disciplinary and regulatory body for the members of the dental profession licensed to practice dentistry in this state.

It is the purpose of the commission established in section 204 of this act to regulate the competency and quality of professional health care providers under its jurisdiction by establishing, monitoring, and enforcing qualifications for licensure, consistent standards of practice, continuing competency mechanisms, and discipline. Rules, policies, and procedures developed by the commission must promote the delivery of quality health care to the residents of the state.

(c) The inefficient above-ground storage of oil, and the locating, spacing, drilling, equipping, operating, or producing of any oil or gas well in a manner causing or tending to cause unnecessary or excessive surface loss or destruction of oil or gas;

(d) The production of oil or gas in such manner as to cause unnecessary water channeling, or coning;

(e) The operation of an oil well with an inefficient gas-oil ratio;
(f) The drowning with water of any pool or part thereof capable of producing oil or gas, except insofar as and to the extent authorized by the department; 
(g) Underground waste; 
(h) The creation of unnecessary fire hazards; 
(i) The escape into the open air, from a well producing oil or gas, of gas in excess of the amount which is reasonably necessary in the efficient development or production of the well; 
(j) The use of gas for the manufacture of carbon black, except as provided in RCW 78.52.140; 
(k) Production of oil and gas in excess of the reasonable market demand; 
(l) The flaring of gas from gas wells except that which is necessary for the drilling, completing, or testing of the well; and 
(m) The unreasonable damage to natural resources including but not limited to the destruction of the surface, soils, wildlife, fish, or aquatic life from or by oil and gas operations.

Sec. 910. RCW 78.52.025 and 1983 c 253 s 3 are each amended to read as follows:

The department shall hold hearings or meetings at such times and places as may be found by the department to be necessary to carry out its duties. The department may establish its own rules for the conduct of public hearings or meetings consistent with other applicable law.

Sec. 911. RCW 78.52.030 and 1951 c 146 s 6 are each amended to read as follows:

The department shall have the authority and it shall be its duty to employ all personnel necessary to carry out the provisions of this chapter.

Sec. 912. RCW 78.52.031 and 1983 c 253 s 5 are each amended to read as follows:

The department may subpoena witnesses, administer oaths, and require the production of records, books, and documents for examination at any hearing or investigation conducted by it. No person shall be excused from attending and testifying, or from producing books, papers, and records before the department or a court, or from obedience to the subpoena of the department or a court, on the ground or for the reason that the testimony or evidence, documentary or otherwise, required of the person may tend to incriminate the person or subject the person to a penalty or forfeiture: PROVIDED, That nothing herein contained shall be construed as requiring any person to produce any books, papers, or records, or to testify in response to any inquiry not pertinent to some question lawfully before the department or court for determination. No person shall be subjected to criminal prosecution or to any penalty or forfeiture for or on account of any transaction, matter, or thing concerning which, in spite of his or her objection, he or she may be required to testify or produce evidence, documentary or otherwise before the department or court, or in obedience to its subpoena: PROVIDED, HOWEVER, That no person testifying shall be exempt from prosecution and punishment for perjury committed in so testifying.

Sec. 913. RCW 78.52.032 and 1983 c 253 s 10 are each amended to read as follows:

In addition to the powers and authority, either express or implied, granted to the department by virtue of the laws of this state, the department may, in prescribing its rules of order or procedure in connection with hearings or other proceedings before the department, provide for the appointment of one or more examiners to conduct a hearing or hearings with respect to any matter properly coming before the department and to make reports and recommendations to the department with respect thereto. Any employee of the commissioner of public lands, or the supervisor when this power is so delegated, may serve as an examiner. The department shall adopt rules governing hearings to be conducted before examiners.

Sec. 914. RCW 78.52.033 and 1951 c 146 s 8 are each amended to read as follows:

In case of failure or refusal on the part of any person to comply with a subpoena issued by the department or in case of the refusal of any witness to testify as to any matter regarding which the witness may be interrogated, any superior court in the state, upon the application of the department, may compel the person to comply with such subpoena, and to attend before the department and produce such records, books, and documents for examination, and to give his or her testimony and shall have the power to punish for contempt as in the case of disobedience to a like subpoena issued by the court, or for refusal to testify therein.

Sec. 915. RCW 78.52.035 and 1951 c 146 s 9 are each amended to read as follows:

The attorney general shall be the attorney for the department but in cases of emergency, the department may call upon the prosecuting attorney of the county where the action is to be brought, or defended, to represent the department until such time as the attorney general may take charge of the litigation.

Sec. 916. RCW 78.52.037 and 1983 c 253 s 4 are each amended to read as follows:

The department of natural resources is the designated agent of the committee for the purpose of carrying out this chapter. It shall administer and enforce this chapter consistent with the policies adopted by the committee, together with all rules and orders which the committee may adopt and delegate, including but not limited to issuing permits, orders, enforcement actions, and other actions or decisions authorized to be made under this chapter. The department shall designate a state oil and gas supervisor who shall be charged with duties as may be delegated by the department. The department may designate one or more deputy supervisors and employ all personnel necessary including the appointment of examiners as provided in RCW 78.52.032 to carry out this chapter and the rules and orders of the department.
Sec. 917. RCW 78.52.040 and 1983 c 253 s 6 are each amended to read as follows:

(It shall be the duty of the committee) The department shall administer and enforce the provisions of this chapter by the adoption of policies, and all rules, regulations, and orders promulgated hereunder, and the (committee is hereby vested with) department has jurisdiction, power, and authority, over all persons and property, public and private, necessary to enforce effectively such duty.

Sec. 918. RCW 78.52.050 and 1983 c 253 s 7 are each amended to read as follows:

The (committee shall have authority to) department may make such reasonable rules, regulations, and orders as may be necessary from time to time for the proper administration and enforcement of this chapter. Unless otherwise required by law or by this chapter or by rules of procedure made under this chapter, the (committee) department may make such rules, regulations, and orders, after notice, as the basis thereof. The notice may be given by publication in some newspaper of general circulation in the state in a manner and form which may be prescribed by the (committee) department by general rule. The public hearing shall be at the time and in the manner and at the place prescribed by the (committee) department, and any person having any interest in the subject matter of the hearing shall be entitled to be heard. In addition, written notice shall be mailed to all interested persons who have requested, in writing, notice of (committee) department hearings, rulings, policies, and orders. The (committee) department shall establish and maintain a mailing list for this purpose. Substantial compliance with these mailing requirements is deemed compliance with (the provisions herewith) this section.

Sec. 919. RCW 78.52.070 and 1951 c 146 s 12 are each amended to read as follows:

Any interested person shall have the right to have the (committee) department call a hearing for the purpose of taking action with respect to any matter within the jurisdiction of the (committee) department by filing a verified written petition therefor, which shall state in substance the matter and reasons for and nature of the action requested. Upon receipt of any such request the (committee) department, if in its judgment a hearing is warranted and justifiable, shall promptly call a hearing thereon, and after such hearing, and with all convenient speed, and in any event within twenty days after the conclusion of such hearing, shall take such action with regard to the subject matter thereof as it may deem appropriate.

Sec. 920. RCW 78.52.100 and 1983 c 253 s 8 are each amended to read as follows:

All rules, regulations, policies, and orders of the (committee) department, all petitions, copies of all notices and actions with affidavits of posting, mailing, or publications pertaining thereto, all findings of fact, and transcripts of all hearings shall be in writing and shall be entered in full by the (committee) department in the permanent official records of the office of the commissioner of public lands and shall be open for inspection at all times during reasonable office hours. A copy of any rule, regulation, policy, order, or other official records of the (committee) department, certified by the (executive secretary of the committee) commissioner of public lands, shall be received in evidence in all courts of this state with the same effect as the original. The (committee) department is hereby required to furnish to any person upon request, copies of all rules, regulations, policies, orders, and amendments thereof.

Sec. 921. RCW 78.52.120 and 1983 c 253 s 11 are each amended to read as follows:

Any person desiring or proposing to drill any well in search of oil or gas, before commencing the drilling of any such well, shall apply to the (committee) department upon such form as the (committee) department may prescribe, and shall pay to the state treasurer a fee of the following amounts for each application:

(1) For each well the estimated depth of which is three thousand five hundred feet or less, two hundred fifty dollars;
(2) From three thousand five hundred one feet to seven thousand feet, five hundred dollars;
(3) From seven thousand one feet to twelve thousand feet, seven hundred fifty dollars; and
(4) From twelve thousand one feet and deeper, one thousand dollars.

In addition, as pertains to the tract upon which the well is proposed to be located, the applicant must notify the surface landowner, the landowner's tenant, and other surface users in the manner provided by regulations of the (committee) department that a drilling permit has been applied for by furnishing each such surface landowner, tenant, and other users with a copy of the application concurrent with the filing of the application. Within fifteen days of receipt of the application, each such surface landowner, the landowner's tenant, and other surface users have the right to inform the (committee) department of objections or comments as to the proposed use of the surface by the applicant, and the (committee) department shall consider the objections or comments.

The drilling of any well is prohibited until a permit is granted and such fee has been paid as (herein) provided in this section. The (committee shall have the authority to) department may prescribe that the said form indicate the exact location of such well, the name and address of the owner, operator, contractor, driller, and any other person responsible for the conduct of drilling operations, the proposed depth of the well, the elevation of the well above sea level, and such other relevant and reasonable information as the (committee) department may deem necessary or convenient to effectuate the purposes of this chapter.

The (committee) department shall issue a permit if it finds that the proposed drilling will be consistent with this chapter, the rules, and orders adopted under it, and is not detrimental to the public interest. The (committee) department shall impose conditions and restrictions as necessary to protect the public interest and to ensure compliance with this chapter, and the rules and orders adopted by the (committee) department. A person shall not apply to drill a well in search of oil or gas unless that person holds an ownership or contractual right to locate and operate the drilling operations upon the proposed drilling site. A person shall not be issued a permit unless that person prima facie holds an ownership or contractual right to drill to the proposed depth, or proposed horizon. Proof of prima facie ownership shall be presented to the (committee) department.

Sec. 922. RCW 78.52.125 and 1971 e.x.s. c 180 s 8 are each amended to read as follows:
Any person desiring or proposing to drill any well in search of oil or gas, when such drilling would be conducted through or under any surface waters of the state, shall prepare and submit an environmental impact statement upon such form as the department of ecology shall prescribe at least one hundred and twenty days prior to commencing the drilling of any such well. Within ninety days after receipt of such environmental statement the department of ecology shall prepare and submit to the department of natural resources a report examining the potential environmental impact of the proposed well and recommendations for action thereon. If after consideration of the report the department determines that the proposed well is likely to have a substantial environmental impact the drilling permit for such well may be denied.

The department shall require sufficient safeguards to minimize the hazards of pollution of all surface and ground waters of the state. If safeguards acceptable to the department cannot be provided the drilling permit shall be denied.

Sec. 923. RCW 78.52.140 and 1951 c 146 s 16 are each amended to read as follows:

The use of gas from a well producing gas only, or from a well which is primarily a gas well, for the manufacture of carbon black or similar products predominantly carbon, is declared to constitute waste prima facie, and such gas well shall not be used for any such purpose unless it is shown, at a public hearing to be held by the department, on application of the person desiring to use such gas, that waste would not take place by the use of such gas for the purpose or purposes applied for, and that gas which would otherwise be lost is not available for such purpose or purposes, and that the gas to be used cannot be used for a more beneficial purpose, such as for light or fuel purposes, except at prohibitive cost, and that it would be in the public interest to grant such permit. If the department finds that the applicant has clearly shown a right to use such gas for the purpose or purposes applied for, it shall issue a permit upon such terms and conditions as may be found necessary in order to permit the use of the gas, and at the same time require compliance with the intent of this section.

Sec. 924. RCW 78.52.150 and 1951 c 146 s 17 are each amended to read as follows:

The department shall make such investigations as it may deem proper to determine whether waste exists or is imminent or whether other facts exist which justify action by the department.

Sec. 925. RCW 78.52.155 and 1983 c 253 s 9 are each amended to read as follows:

(1) The department shall make investigations as necessary to carry out this chapter.

(2) The department shall require:

(a) Identification of ownership of oil or gas wells, producing leases, tanks, plants, structures, and facilities for the transportation or refining of oil or gas;

(b) The making and filing of well logs, core samples, directional surveys, and reports on well locations, drilling, and production;

(c) The testing of oil and gas wells;

(d) The drilling, casing, operating, and plugging of wells in such a manner as to prevent the escape of oil or gas out of the casings, or out of one pool into another, the intrusion of water into an oil or gas pool, and the pollution of freshwater supplies by oil, gas, or saltwater and to prevent blowouts, cavings, seepages, and fires;

(e) The furnishing of adequate security acceptable to the department, conditioned on the performance of the duty to plug each dry or abandoned well, the duty to reclaim and clean-up well drilling sites, the duty to repair wells causing waste, the duty to comply with all applicable laws and rules adopted by the department, orders of the department, all permit conditions, and this chapter;

(f) The operation of wells with efficient gas-oil and water-oil ratios and may fix these ratios and limit production from wells with inefficient gas-oil or water-oil ratios;

(g) The production of oil and gas from wells be accurately measured by means and upon standards prescribed by the department, and that every person who produces, sells, purchases, acquires, stores, transports, treats, or processes oil or gas in this state keeps and maintains for a period of five years within this state complete and accurate records thereof, which records shall be available for examination by the department or its agents at any reasonable times, and that every person file with the department such reports as it may prescribe with respect to the oil or gas; and

(h) Compliance with all applicable laws and rules of this state.

(3) The department shall regulate:

(a) The drilling, producing, locating, spacing, and plugging of wells and all other operations for the production of oil or gas;

(b) The physical, mechanical, and chemical treatment of wells, and the perforation of wells;

(c) Operations to increase ultimate recovery such as cycling of gas, the maintenance of pressure, and the introduction of gas, water, or other substances into producing formations;

(d) Disposal of saltwater and oil field brines;

(e) The storage, processing, and treatment of natural gas and oil produced within this state; and

(f) Reclamation and clean-up of all well sites and any areas directly affected by the drilling, production, operation, and plugging of oil and gas wells.

(4) The department may limit and prorate oil and gas produced in this state and may restrict future production of oil and gas from any pool in such amounts as will offset and compensate for any production determined by the department to be in excess of or in violation of "oil allowable" or "gas allowable."
(5) The ((committee)) department shall classify wells as oil or gas wells for purposes material to the interpretation or enforcement of this chapter.

(6) The ((committee and the department; consistent with the committee's policies)) department shall regulate oil and gas exploration and drilling activities so as to prevent or remedy unreasonable or excessive waste or surface destruction.

Sec. 926. RCW 78.52.200 and 1983 c 253 s 12 are each amended to read as follows:

When necessary to prevent waste, to avoid the drilling of unnecessary wells, or to protect correlative rights including those of royalty owners, the ((committee)) department, upon its own motion or upon application of interested persons, shall establish development units covering any known pool. Development units shall be of uniform size and shape for the entire pool unless the ((committee)) department finds that it must make an exception due to geologic, geographic, or other factors. When necessary, the ((committee)) department may divide any pool into zones and establish development units for each zone, which units may differ in size and shape from those established in any other zone.

Sec. 927. RCW 78.52.205 and 1983 c 253 s 13 are each amended to read as follows:

Within sixty days after the discovery of oil or gas in a pool not then covered by an order of the ((committee)) department, a hearing shall be held and the ((committee)) department shall issue an order prescribing development units for the pool. If sufficient geological or other scientific data from drilling operations or other evidence is not available to determine the maximum area that can be efficiently and economically drained by one well, the ((committee)) department may establish temporary development units to ensure the orderly development of the pool pending availability of the necessary data. A temporary order shall continue in force for a period of not more than twenty-four months at the expiration of which time, or upon the petition of an affected person, the ((committee)) department shall require the presentation of such geological, scientific, drilling, or other evidence as will enable it to determine the proper development units in the pool. During the interim period between the discovery and the issuance of the temporary order, permits shall not be issued for the drilling of direct offsets to a discovery well.

Sec. 928. RCW 78.52.210 and 1983 c 253 s 14 are each amended to read as follows:

(1) The size and the shape of any development units shall be such as will result in the efficient and economical development of the pool as a whole, and the size shall not be smaller than the maximum area that can be efficiently and economically drained by one well as determined by competent geological, geophysical, engineering, drilling, or other scientific testimony, data, and evidence. The ((committee)) department shall fix a development unit of not more than one hundred sixty acres for any pool deemed by the ((committee)) department to be an oil reservoir, or of six hundred forty acres for any pool deemed by the ((committee)) department to be a gas reservoir, plus a ten percent tolerance in either case to allow for irregular sections. The ((committee)) department may, at its discretion, after notice and hearing, establish development units for oil and gas in variance of these limitations when competent geological, geophysical, engineering, drilling, or other scientific testimony, data, and evidence is presented and upon a finding that one well can efficiently and economically drain a larger or smaller area and is justified because of technical, economic, environmental, or safety considerations.

(2) The ((committee)) department may establish development units of different sizes or shapes for different parts of a pool or may grant exceptions to the size or shapes of any development unit or units. Where development units of different sizes or shapes exist in a pool, the ((committee)) department shall, if necessary, make such adjustments to the allowable production from the well or wells drilled thereon so that each operator in each development unit will have a reasonable opportunity to produce or receive his or her just and equitable share of the production.

Sec. 929. RCW 78.52.220 and 1983 c 253 s 15 are each amended to read as follows:

An order establishing development units for a pool shall specify the size and shape of each area and the location of the permitted well thereon in accordance with a reasonable uniform spacing plan. Upon application and after notice and a hearing, if the ((committee)) department finds that a well drilled at the prescribed location would not produce in paying quantities, or that surface conditions would substantially add to the burden or hazard of drilling such well, the ((committee is authorized to)) department may enter an order permitting the well to be drilled pursuant to permit at a location other than that prescribed by such development order; however, the ((committee)) department shall include in the order suitable provisions to prevent the production from the development unit of more than its just and equitable share of the oil and gas in the pool.

Sec. 930. RCW 78.52.230 and 1983 c 253 s 16 are each amended to read as follows:

An order establishing development units for a pool shall cover all lands determined or believed to be underlaid by such pool, and may be modified by the ((committee)) department from time to time to include additional areas determined to be underlaid by such pool. When the ((committee)) department determines that it is necessary for the prevention of waste, or to avoid the drilling of unnecessary wells, or to protect correlative rights, an order establishing development units in a pool may be modified by the ((committee)) department to increase or decrease the size of development units in the pool or to permit the drilling of additional wells on a reasonably uniform plan in the pool.

Sec. 931. RCW 78.52.240 and 1983 c 253 s 17 are each amended to read as follows:

When two or more separately-owned tracts are embraced within a development unit, or when there are separately owned interests in all or a part of the development unit, then the owners and lessees thereof may pool their interests for the development and operation of the development unit. In the absence of this voluntary pooling, the ((committee)) department, upon the application of any interested person, shall enter an order pooling all interests, including royalty interests, in the development unit for the development and operation thereof. Each such pooling order shall be made after notice and hearing. The applicant or applicants shall have the burden of proving that all reasonable efforts have been made to obtain the consent of, or to reach agreement with, other owners.

Sec. 932. RCW 78.52.245 and 1983 c 253 s 18 are each amended to read as follows:
A pooling order shall be upon terms and conditions that are fair and reasonable and that afford to each owner and royalty owner his or her fair and reasonable share of production. Production shall be allocated as follows:

(1) For the purpose of determining the portions of production owned by the persons owning interests in the pooled unit, the production shall be allocated to the respective tracts within the unit in the proportion that the surface acres in each tract bear to the number of surface acres included in the entire unit.

(2) Notwithstanding subsection (1) of this section, if the department finds that allocation on a surface acreage basis does not allocate to each tract its fair share, the department shall allocate the production so that each tract will receive its fair share.

Sec. 933. RCW 78.52.250 and 1983 c 253 s 19 are each amended to read as follows:

(1) Each such pooling order shall make provision for the drilling and operation of a well on the development unit, and for the payment of the reasonable actual cost thereof by the owners of interests required to pay such costs in the development unit, plus a reasonable charge for supervision and storage facilities. Costs associated with production from the pooled unit shall be allocated in the same manner as is production in RCW 78.52.245. In the event of any dispute as to such costs the department shall determine the proper costs.

(2) As to each owner who fails or refuses to agree to bear his or her proportionate share of the costs of the drilling and operation of the well, the order shall provide for reimbursement of those persons paying for the drilling and operation of the well of the nonconsenting owner's share of the costs from, and only from, production from the unit representing that person's interest, excluding royalty or other interests not obligated to pay any part of the cost thereof. The department may provide that the consenting owners shall own and be entitled to receive all production from the well after payment of the royalty as provided in the lease, if any, applicable to each tract or interest, and obligations payable from production, until the consenting owners have been paid the amount due under the terms of the pooling order or order settling any dispute.

The order shall determine the interest of each owner in the unit and shall provide that each consenting owner is entitled to receive, subject to royalty or similar obligations, the share of the production of the well applicable to the owner's interest in the unit, and, unless the owner has agreed otherwise, his or her proportionate part of the nonconsenting owner's share of the production until costs are recovered as provided in this subsection. Each nonconsenting owner is entitled to receive, subject to royalty or similar obligations, the share of production from the well applicable to the owner's interest in the unit after the consenting owners have recovered from the nonconsenting owner's share of the production the following:

(a) In respect to every such well, one hundred percent of the nonconsenting owner's share of the cost of surface equipment beyond the wellhead connections, including but not limited to, stock tanks, separators, treaters, pumping equipment, and piping, plus one hundred percent of the nonconsenting owner's share of the cost of operation of the well, commencing with first production and continuing until the consenting owners have recovered these costs, with the intent that the nonconsenting owner's share of these costs and equipment will be that interest which would have been chargeable to the nonconsenting owner had he or she initially agreed to pay his or her share of the costs of the well from the beginning of the operation;

(b) One hundred fifty percent of that portion of the costs and expenses of staking the location, well site preparation, rights of way, rigging-up, drilling, reworking, deepening or plugging back, testing, and completing, after deducting any cash contributions received by the consenting owners, and also one hundred fifty percent of that portion of the cost of equipment in the well, up to and including the wellhead connections; and

(c) If there is a dispute regarding the costs, the department shall determine the proper costs and their allocation among working interest owners after due notice to interested parties and a hearing on the costs.

(3) The operator of a well under a pooling order in which there are nonconsenting owners shall furnish the nonconsenting owners with monthly statements of all costs incurred, together with the quantity of oil or gas produced, and the amount of proceeds realized from the sale of this production during the preceding month. If and when the consenting owners recover from a nonconsenting owner's relinquished interest the amounts provided for in subsection (2) of this section, the relinquished interest of the nonconsenting owner shall automatically revert to him or her, and the nonconsenting owner shall own the same interest in the well and the production from it and be liable for the further costs of the operation as if he or she had participated in the initial drilling and operation.

(4) A nonconsenting owner of a tract in a development unit which is not subject to any lease or other contract for the development thereof for oil and gas shall elect within fifteen days of the issuance of the pooling order or such further time as the department, in the order, allow:

(a) To be treated as a nonconsenting owner as provided in subsections (2) and (3) of this section and is deemed to have a basic landowners' royalty of one-eighth, or twelve and one-half percent, of the production allocated to the tract, unless a higher basic royalty has been established in the development unit. If a higher royalty has been established, then the nonconsenting owner of a nonleased tract shall receive the higher basic royalty. This presumed royalty shall exist only during the time that costs and expenses are being recovered under subsection (2) of this section, and is intended to assure that the owner of a nonleased tract receive a basic royalty free of all costs at all times. Notwithstanding anything herein to the contrary, the owner shall at all times retain his or her entire ownership of the property, including the right to execute an oil and gas lease on any terms negotiated, and be entitled to all production subject to subsection (2) of this section; or

(b) To grant a lease to the operator at the current fair market value for that interest for comparable leases or interests at the time of the commencement of drilling; or

(c) To pay his or her pro rata share of the costs of the well or wells in the development unit and receive his or her pro rata share of production, if any.
A nonconsenting owner who does not make an election as provided in this subsection is deemed to have elected to be treated under (a) of this subsection.

**Sec. 934.** RCW 78.52.257 and 1983 c 253 s 22 are each amended to read as follows:

1. An order pooling a development unit shall automatically dissolve:
   a. One year after its effective date if there has been no production of commercial quantities or drilling operations on lands within the unit;
   b. Six months after completion of a dry hole on the unit; or
   c. Six months after cessation of production of commercial quantities from the unit, unless, prior to the expiration of such six-month period, the operator shall, in good faith, commence drilling or reworking operations in an effort to restore production.

2. Upon the termination of a lease pooled by order of the department under authority granted in this chapter, interests covered by the lease are considered pooled as unleased mineral interests.

3. Any party to a pooling order is entitled, after due notice to all parties, to a hearing to modify or terminate a previously entered pooling order upon presenting new evidence showing that the previous determination of reservoir conclusions are substantially incorrect.

4. The department, after notice and hearing, may grant additional time, for good cause shown, before a pooling order is automatically dissolved as provided in subsection (1) of this section. In no case may such an extension be longer than six months.

**Sec. 935.** RCW 78.52.260 and 1951 c 146 s 28 are each amended to read as follows:

Whenever the department requires the making and filing of well logs, directional surveys, or reports on the drilling of, subsurface conditions found in, or reports with respect to the substance produced, or capable of being produced from, a "wildcat" or "exploratory" well, as those terms are used in the petroleum industry, such logs, surveys, reports, or information shall be kept confidential by the department for a period of one year, if at the time of filing such logs, surveys, reports, or other information, the owner, lessee, or operator of such well requests that such information be kept confidential: PROVIDED, HOWEVER, That the department may divulge or use such information in a public hearing or suit when it is necessary for the enforcement of the provisions of this chapter or any rule, regulation, or order made hereunder.

**Sec. 936.** RCW 78.52.270 and 1951 c 146 s 29 are each amended to read as follows:

Whenever the total amount of oil which all of the pools in this state can currently produce in accordance with good operating practices, exceeds the amount reasonably required to meet the "allowable" demand market, the department shall limit the oil which may be currently produced in this state to an amount, designated the "oil allowable." The department shall then prorate this oil allowable among the pools on a reasonable basis, avoiding undue discrimination among the pools, and so that waste will be prevented. In determining the "oil allowable," the department shall take into account the producing conditions and other relevant facts with respect to such pools, including the separate needs for oil and gas, and separate needs for oil of particular kinds or qualities, and shall formulate rules setting forth standards or a program for the determination of the "oil allowable," and shall prorate the "oil allowable" in accordance with such standards or program, and where conditions in one pool or area are substantially similar to those in another pool or area, then the same standards or program shall be applied to such pools or areas so that as far as practicable a uniform program will be followed: PROVIDED, HOWEVER, That if the amount prorated to a pool as its share of the "oil allowable" is in excess of the amount which the pool can efficiently produce currently, then the department shall prorate to such pool the maximum amount which can be efficiently produced currently without waste.

**Sec. 937.** RCW 78.52.280 and 1951 c 146 s 30 are each amended to read as follows:

The department shall not be required to determine the reasonable market demand applicable to any single pool of oil except in relation to all pools producing oil of similar kind and quality and in relation to the reasonable market demand. The department shall prorate the "allowable" in such manner as will prevent undue discrimination against any pool or area in favor of another or others resulting from selective buying or nomination by purchasers.

**Sec. 938.** RCW 78.52.290 and 1951 c 146 s 31 are each amended to read as follows:

Whenever the total amount of gas which all of the pools in this state can currently produce in accordance with good operating practices exceeds the amount reasonably required to meet the reasonable market demand, the department shall limit the gas which may be currently produced to an amount, designated the "gas allowable," which shall not exceed the reasonable market demand for gas. The department shall then prorate the "gas allowable" among the pools on a reasonable basis, avoiding undue discrimination among the pools, and so that waste will be prevented, giving due consideration to location of pipe lines, cost of interconnecting such pipe lines, and other pertinent factors, and insofar as applicable, the provisions of RCW 78.52.270 shall be followed in determining the "gas allowable" and in prorating such "gas allowable" among the pools therein: PROVIDED, HOWEVER, That in determining the reasonable market demand for gas as between pools, the department shall give due regard to the fact that gas produced from oil pools is to be regulated in a manner which will protect the reasonable use of gas energy for oil production and promote the most or maximum efficient recovery of oil from such pools.

**Sec. 939.** RCW 78.52.300 and 1951 c 146 s 32 are each amended to read as follows:

Whenever the total amount of gas which may be currently produced from all of the pools in this state has not been limited as hereinabove provided, and the available production from any one pool containing gas only is in excess of the reasonable market demand or available transportation.
facilities for gas from such pool, the (committee) department shall limit the production of gas from such pool to that amount which does not exceed the reasonable market demand or transportation facilities for gas from such pool.

Sec. 940. RCW 78.52.310 and 1951 c 146 s 33 are each amended to read as follows:

Whenever the (committee) department limits the total amount of oil or gas which may be produced from any pool to an amount less than that which the pool could produce if no restrictions were imposed (whether incidental to, or without, a limitation of the total amount of oil which may be produced in the state) the (committee) department shall prorate the allowable production for the pool among the producers in the pool on a reasonable basis, so that each producer will have opportunity to produce or receive his or her just and equitable share, subject to the reasonable necessities for the prevention of waste, giving where reasonable, under the circumstances, to each pool with small wells of settled production, allowable production which prevents the premature abandonment of wells in the pool.

All orders establishing the "oil allowable" and "gas allowable" for this state, and all orders prorating such allowances as herein provided, and any changes thereof, for any month or period shall be issued by the (committee) department on or before the fifteenth day of the month preceding the month for which such orders are to be effective, and such orders shall be immediately published in some newspaper of general circulation printed in Olympia, Washington. No orders establishing such allowances, or prorating such allowances, or any changes thereof, shall be issued without first having a hearing, after notice, as provided in this chapter: PROVIDED, HOWEVER, When in the judgment of the (committee) department an emergency requiring immediate action is found to exist, the (committee) department may issue an emergency order under this section which shall have the same effect and validity as if a hearing with respect to the same had been held after due notice. The emergency order permitted by this (subsection) section shall remain in force no longer than thirty days, and in any event it shall expire when the order made after due notice and hearing with respect to the subject matter of the emergency order becomes effective.

Sec. 941. RCW 78.52.320 and 1951 c 146 s 34 are each amended to read as follows:

Whenever the production of oil or gas in this state or any pool therein is limited and the "oil allowable" or "gas allowable" is established and prorated by the (committee) department as provided in RCW 78.52.310, no person shall thereafter produce from any well, pool, lease, or property more than the production which is prorated thereto.

Sec. 942. RCW 78.52.330 and 1951 c 146 s 35 are each amended to read as follows:

To assist in the development of oil and gas in this state and to further the purposes of this chapter, the persons owning interests in separate tracts of land, may validly agree to integrate their interests and manage, operate, and develop their land as a unit, subject to the approval of the (committee) department.

Sec. 943. RCW 78.52.335 and 1983 c 253 s 23 are each amended to read as follows:

1. The (committee) department shall upon the application of any interested person, or upon its own motion, hold a hearing to consider the need for the operation as a unit of one or more pools or parts of them in a field.

2. The (committee) department may enter an order providing for the unit operations if (the committee) finds that:

(a) The unit operations are necessary for secondary recovery or enhanced recovery purposes. For purposes of this chapter secondary or enhanced recovery means that oil or gas or both are recovered by any method, artificial flowing or pumping, that may be employed to produce oil or gas, or both, through the joint use of two or more wells with an application of energy extrinsic to the pool or pools. This includes pressuring, cycling, pressure maintenance, or injections into the pool or pools of a substance or form of energy: PROVIDED, That this does not include the injection in a well of a substance or form of energy for the sole purpose of (i) aiding in the lifting of fluids in the well, or (ii) stimulation of the reservoir at or near the well by mechanical, chemical, thermal, or explosive means;

(b) The unit operations will protect correlative rights;

(c) The operations will increase the ultimate recovery of oil or gas, or will prevent waste, or will prevent the drilling of unnecessary wells; and

(d) The value of the estimated additional recovery of oil and/or gas exceeds the estimated additional cost incident to conducting these operations.

3. The (committee) department shall also enter an order providing for unit operations, after notice and hearing, only if the (committee) department finds that there is clear and convincing evidence that all of the following conditions are met:

(a) In the absence of unitization, the ultimate recovery of oil or gas, or both, will be substantially decreased because normal production techniques and methods are not feasible and will not result in the maximum efficient and economic recovery of oil or gas, or both;

(b) The unit operations will protect correlative rights;

(c) The unit operations will prevent waste, or will prevent the drilling of unnecessary wells;

(d) There has been a discovery of a commercial oil or gas field; and

(e) There has been sufficient exploration, drilling activity, and development to properly define the one or more pools or parts of them in a field proposed to be unitized.

4. Notwithstanding any of the above, nothing in this chapter may be construed to prevent the voluntary agreement of all interested persons to any plan of unit operations. The (committee) department shall approve operations upon making a finding consistent with subsection((a)) (2) (b) and (c) of this section.
(5) The order shall be upon terms and conditions that are fair and reasonable and shall prescribe a plan for unit operations that includes:
(a) A description of the pool or pools or parts thereof to be so operated, termed the unitized area;
(b) A statement of the nature of the operations contemplated;
(c) An allocation of production and costs to the separately-owned tracts in the unitized area. The allocation shall be in accord with the agreement, if any, of the interested parties. If there is no agreement, production shall be allocated in a manner calculated to ensure that each owner's correlative rights are protected, and each separately-owned tract or combination of tracts receives its fair and reasonable share of production. Costs shall be allocated on a fair and reasonable basis;
(d) A provision, if necessary, prescribing fair, reasonable, and equitable terms and conditions as to time and rate of interest for carrying or otherwise financing any person who is unable to promptly meet his or her financial obligations in connection with the unit, such carrying and interest charges to be paid as provided by the ((committee)) department from the person's prorated share of production;
(e) A provision for the supervision and conduct of the unit operations, in respect to which each owner shall have a vote with a value corresponding to the percentage of the costs of unit operations chargeable against the owner's interest;
(f) The time when the unit operations shall commence, the timetable for development, and the manner and circumstances under which the unit operations shall terminate; and
(g) Additional provisions which are found to be appropriate for carrying out the unit operations and for the protection of correlative rights.
(6) No order of the ((committee)) department providing for unit operations may become effective until:
(a) The plan for unit operations approved by the ((committee)) department has been approved in writing by those persons who, under the ((committee)) department's order, will be required to pay at least seventy-five percent of the costs of unit operations;
(b) The plan has been approved in writing by those persons such as royalty owners, overriding royalty owners, and production payment owners, who own at least seventy-five percent of the production or proceeds thereof that will be credited to interests that are free of costs; and
(c) The ((committee)) department has made a finding, either in the order providing for unit operations or in a supplemental order, that the plan for unit operations has been so approved. If the plan for unit operations has not been so approved at the time the order providing for unit operations is made, the ((committee)) department shall upon application and notice hold such supplemental hearings as may be required to determine if and when the plan for unit operations has been so approved. If the persons owning required percentages of interest in the unitized area do not approve the plan for unit operations within a period of six months from the date on which the order providing for unit operations is made, or within such additional period or periods of time as the ((committee)) department prescribes, the order will become unenforceable and shall be vacated by the ((committee)) department.
(7) An order providing for unit operations may be amended by an order made by the ((committee)) department in the same manner and subject to the same conditions as an original order, except as provided in subsection (8) of this section, providing for unit operations, but (a) if such an amendment affects only the rights and interests of the owners, the approval of the amendment by those persons who own interests that are free of costs is not required, and (b) no such amending order may change the percentage for the allocation of oil and gas as established for any separately-owned tract or combination of tracts by the original order, except with the consent of all persons owning oil and gas rights in the tract, and no such order may change the percentage for the allocation of cost as established for any separately-owned tract or combination of tracts by the original order, except with the consent of all persons owning an interest in the tract or combination of tracts. An amendment that provides for the expansion of the unit area shall comply with subsection (8) of this section.
(8) The ((committee)) department, by order, may provide for the unit operation of a reservoir or reservoirs or parts thereof that include a unitized area established by a previous order of the ((committee)) department. The order, in providing for the allocation of unit production, shall first treat the unitized area previously established as a single tract and the portion of the new unit production allocated thereto shall then be allocated among the separately-owned tracts included in the previously established unit area in the same proportions as those specified in the previous order.
(9) After the date designated by the ((committee)) department the unit plan shall be effective, oil and gas leases within the unit area, or other contracts pertaining to the development thereof, shall be changed only to the extent necessary to meet the requirements of the unit plan, and otherwise shall remain in full force. Operations carried on under and in accordance with the unit plan shall be regarded and considered as fulfillment of and compliance with all of the provisions, covenants, and conditions, expressed or implied, of the several oil and gas leases upon lands within the unit area, or other contracts pertaining to the development thereof, insofar as the leases or other contracts may relate to the pool or field subject to the unit plan. The amount of production apportioned and allocated under the unit plan to each separately-owned tract within the unit area, and only that amount, regardless of the location of the well within the unit area from which it may be produced, and regardless of whether it is more or less than the amount of production from the well, if any; on each separately-owned tract, shall for all purposes be regarded as production from the separately-owned tract. Lessees shall not be obligated to pay royalties or make other payments, required by the oil and gas leases or other contracts affecting each such separately-owned tract, on production in excess of that amount apportioned and allocated to the separately-owned tract under the unit plan.
(10) The portion of the unit production allocated to any tract and the proceeds from its sale are the property and income of the several persons to whom, or to whose credit, the portion and proceeds are allocated or payable under the order providing for unit operations.
(11) No division order or other contract relating to the sale, purchase, or production from a separately-owned tract or combination of tracts may be terminated by the order providing for unit operations but shall remain in force and shall apply to oil and gas allocated to the tract until terminated by an amended division order or contract in accordance with the order.
(12) Except to the extent that parties affected so agree, an order providing for unit operations shall not be construed to result in a transfer of all or any part of the title of any person to the oil and gas rights in any tract in the unit area. All property, whether real or personal, that may be acquired in the conduct of unit operations hereunder shall be acquired for the account of the owners within the unit area, and shall be the property of those owners in the proportion that the expenses of unit operations are charged.

(13) After the date designated by the order of the department that a unit plan shall become effective, the designation of one or more unit operators shall be by vote of the lessees of land in the unit area, in a manner to be provided in the unit plan, and any operations in conflict with such unit plan shall be unlawful and are prohibited.

(14) A certified copy of any order of the department entered under this section is entitled to be recorded in the auditor's office in the county or counties wherein all or any portion of the unit area is located and, if recorded, constitute notice thereof to all persons. A copy of this order shall be mailed by certified mail to all interested persons.

(15) No order for unitization may be construed to allow the drilling of a well on a tract within the unit which is not leased or under contract for oil and gas exploration or production.

Sec. 944. RCW 78.52.365 and 1983 c 253 s 26 are each amended to read as follows:

The department may administer and enforce RCW 78.52.345 and 78.52.355 in accordance with the procedures in this chapter for its enforcement and with the rules and orders of the department.

Sec. 945. RCW 78.52.460 and 1951 c 146 s 49 are each amended to read as follows:

No plan for the operation of a field or pool of oil or gas as a unit, either whole or in part, created or approved by the department under this chapter may be held to violate any of the statutes of this state prohibiting monopolies or acts, arrangements, agreements, contracts, combinations, or conspiracies in restraint of trade or commerce.

Sec. 946. RCW 78.52.463 and 1989 c 175 s 167 are each amended to read as follows:

(1) Any operation or activity that is in violation of applicable laws, rules, orders, or permit conditions is subject to suspension by order of the department. The order may suspend the operations authorized in the permit in whole or in part. The order may be issued only after the department has first notified the operator or owner of the violations and the operator or owner has failed to comply with the directions contained in the notification within ten days of service of the notice: PROVIDED, That the department may issue the suspension order immediately without notice if the violations are or may cause substantial harm to adjacent property, persons, or public resources, or have or may result in the pollution of waters in violation of any state or federal law or rule. A suspension shall remain in effect until the violations are corrected or other directives are complied with unless declared invalid by the department after hearing or an appeal. The suspension order and notification, where applicable, shall specify the violations and the actions required to be undertaken to be in compliance with such laws, rules, orders, or permit conditions. The order and notification may also require remedial actions to be undertaken to restore, prevent, or correct activities or conditions which have resulted from the violations. The order and notification may be directed to the operator or owner or both.

(2) The suspension order constitutes a final and binding order unless the owner or operator to whom the order is directed requests a hearing before the department within fifteen days after service of the order. Such a request shall not in itself stay or suspend the order and the operator or owner shall comply with the order immediately upon service. The department may stay or suspend in whole or in part the suspension order pending a hearing if so requested. The hearing shall constitute an adjudicative proceeding under chapter 34.05 RCW, the Administrative Procedure Act.

Sec. 947. RCW 78.52.467 and 1983 c 253 s 30 are each amended to read as follows:

The sale, purchase, acquisition, transportation, refining, processing, or handling of illegal oil, gas, or product is prohibited. However, no penalty by way of fine may be imposed upon a person who sells, purchases, acquires, transports, refines, processes, or handles illegal oil, gas, or product unless (a) the person knows, or is put on notice of, facts indicating that illegal oil, illegal gas, or illegal product is involved, or (b) the person fails to obtain a certificate of clearance with respect to the oil, gas, or product if prescribed by rule or order of the department. No bond or similar undertaking may be required of the person or entity involved.

(2) Illegal oil, illegal gas, and illegal product are declared to be contraband and are subject to seizure and sale as provided in this section. Seizure and sale shall be in addition to all other remedies and penalties provided in this chapter for violations relating to illegal oil, illegal gas, or illegal product. If the department believes that any oil, gas, or product is illegal, the department acting through the attorney general, shall bring a civil action in rem in the superior court of the county in which the oil, gas, or product is found, to seize and sell the same, or the department may include such an action in rem in any suit brought for an injunction or penalty involving illegal oil, illegal gas, or illegal product. A person claiming an interest in oil, gas, or product affected by an action in rem has the right to intervene as an interested party.

(3) Actions for the seizure and sale of illegal oil, illegal gas, or illegal product shall be strictly in rem and shall proceed in the name of the state as plaintiff against the oil, gas, or product as defendant. No bond or similar undertaking may be required of the plaintiff. Upon the filing of the petition for seizure and sale, the clerk of the court shall issue a summons, with a copy of the petition attached thereto, directed to the sheriff of the county or to another officer or person whom the court may designate, for service upon all persons having or claiming any interest in the oil, gas, or product described in the petition. The summons shall command these persons to appear and answer within twenty days after the issuance and service of the summons. These persons need not be named or otherwise identified in the summons, and the summons shall be served by posting a copy of the summons, with a copy of the petition attached, on any public bulletin board or at the courthouse of a county where the oil, gas, or product involved.
is located, and by posting another copy at or near the place where the oil, gas, or product is located. The posting constitutes notice of the action to all persons having or claiming any interest in the oil, gas, or product described in the petition. In addition, if the court, on a properly verified petition, or affidavit or affidavits, or oral testimony, finds that grounds for seizure and for sale exist, the court shall issue an immediate order of seizure, describing the oil, gas, or product to be seized, and directing the sheriff of the county to take the oil, gas, or product into the sheriff's actual or constructive custody and to hold the same subject to further orders of the court. The court, in the order of seizure, may direct the sheriff to deliver the oil, gas, or product seized by him or her under the order to a court-appointed agent. The agent shall give bond in an amount and with such surety as the court may direct, conditioned upon compliance with the orders of the court concerning the custody and disposition of the oil, gas, or product.

(4) Any person having an interest in oil, gas, or product described in order of seizure and contesting the right of the state to seize and sell the oil, gas, or product may obtain its release prior to sale upon furnishing to the sheriff a bond approved by the court. The bond shall be in an amount equal to one hundred fifty percent of the market value of the oil, gas, or product to be released and shall be conditioned upon either redelivery to the sheriff of the released commodity or payment to the sheriff of its market value, if and when ordered by the court, and upon full compliance with further orders of the court.

(5) If the court, after a hearing upon a petition for the seizure and sale of oil, gas, or product, finds that the oil, gas, or product is contraband, the court shall order its sale by the sheriff in the same manner and upon the same notice of sale as provided by law for the sale of personal property on execution of judgment entered in a civil action, except that the court may order that the oil, gas, or product be sold in specified lots or portions and at specified intervals. Upon sale, title to the oil, gas, or product sold shall vest in the purchaser free of all claims, and it shall be legal oil, legal gas, or legal product in the hands of the purchaser.

(6) All proceeds, less costs of suit and expenses of sale, which are derived from the sale of illegal oil, illegal gas, or illegal product, and all amounts paid as penalties provided for by this chapter, shall be paid into the state treasury for the use of the department hereunder.

Sec. 948. RCW 78.52.470 and 1989 c 175 s 168 are each amended to read as follows:

Any person adversely affected by any order of the department may, within thirty days from the effective date of such order, apply for a hearing with respect to any matter determined therein. No cause for action arising out of any order of the department accruing in any court to any person unless the person makes application for a hearing as provided in this section. Such application shall set forth specifically the grounds on which the applicant considers the order to be unlawful or unreasonable. No party shall, in any court, urge or rely upon any ground not set forth in said application. An order made in conformity to a decision resulting from a hearing which abrogates, changes, or modifies the original order shall have the same force and effect as an original. Such hearing shall constitute an adjudicatory proceeding under chapter 34.05 RCW, the Administrative Procedure Act, and shall be conducted in accordance with its provisions.

Sec. 949. RCW 78.52.480 and 1983 c 253 s 28 are each amended to read as follows:

In proceedings for review of an order or decision of the department, the department shall be a party to the proceedings and shall have all rights and privileges granted by this chapter to every party to such proceedings.

Sec. 950. RCW 78.52.490 and 1983 c 253 s 32 are each amended to read as follows:

Within thirty days after the application for a hearing is denied, or if the application is granted, then within thirty days after the rendition of the decision on the hearing, the applicant may appeal to the superior court, at the petitioner's option, for a Thurston county, (b) the county of petitioner's residence or place of business, or (c) in any county where the property or property rights owned by the petitioner is located for a review of such rule, regulation, order, or decision. The application for review shall be filed in the office of the clerk of the superior court of Thurston county and shall specifically state the grounds for review upon which the applicant relies and shall designate the rule, regulation, order, or decision sought to be reviewed. The application shall immediately serve a certified copy of such application upon the commissioner of public lands who shall immediately notify all parties who appeared in the proceedings before the department that such application for review has been filed. In the event the court determines the review is solely for the purpose of determining the validity of a rule or regulation of general applicability the court shall transfer venue to Thurston county for a review of such rule or regulation in the manner provided for in RCW (34.05.538) 34.05.570.

Sec. 951. RCW 78.52.530 and 1951 c 146 s 56 and 1951 c 146 s 56 are each amended to read as follows:

Whenever it shall appear that any person is violating any provisions of this chapter, or any rule, regulation, or order made by the department under this chapter, and if the department cannot, without litigation, effectively prevent further violation, the department may bring suit in the name of the state against such person in the superior court in the county of the residence of the defendant, or in the county of the residence of any defendant if there be more than one defendant, or in the county where the violation is alleged to have occurred, to restrain such person from continuing such violation. In such suit the department may without bond obtain injunctions prohibitory and mandatory, including temporary restraining orders and preliminary injunctions, as the facts may warrant.

Sec. 952. RCW 78.52.540 and 1951 c 146 s 57 are each amended to read as follows:

If the department fails to bring suit within thirty days to enjoin any apparent violation of this chapter, or of any rule, regulation, or order made by the department under this chapter, any person or party in interest adversely affected by such violation, who has requested the department in writing to sue, may, to prevent any or further violation, bring suit for that purpose in the superior court of any county where the department could have instituted such suit. If, in such suit, the court should hold
that injunctive relief should be granted, then the state shall be made a party and shall be substituted for the person who brought the suit, and the injunction shall be issued as if the state had at all times been the complainant.

OIL SPILL CONTINGENCY PLAN CORPORATION

NEW SECTION. Sec. 953. A new section is added to chapter 88.46 RCW to read as follows:

A nonprofit corporation established for the sole purpose of providing contingency plan coverage for any vessel in compliance with RCW 88.46.060 is entitled to liability protection as provided in this section. Obligations incurred by the corporation and any other liabilities or claims against the corporation may be enforced only against the assets of the corporation, and no liability for the debts or actions of the corporation exists against a director, officer, member, employee, incident commander, agent, contractor, or subcontractor of the corporation in his or her individual or representative capacity. Except as otherwise provided in this chapter, neither the directors, officers, members, employees, incident commander, or agents of the corporation, nor the business entities by whom they are regularly employed may be held individually responsible for discretionary decisions, errors in judgment, mistakes, or other acts, either of commission or omission, that are directly related to the operation or implementation of contingency plans, other than for acts of gross negligence or willful or wanton misconduct. The corporation may insure and defend and indemnify the directors, officers, members, employees, incident commanders, and agents to the extent permitted by chapters 23B.08 and 24.03 RCW. This section does not alter or limit the responsibility or liability of any person for the operation of a motor vehicle.

MARINE SAFETY COMMITTEES

NEW SECTION. Sec. 954. A new section is added to chapter 88.46 RCW to read as follows:

The administrator may appoint ad hoc, advisory marine safety committees to solicit recommendations and technical advice concerning vessel traffic safety. The office may implement recommendations made in regional marine safety plans that are approved by the office and over which the office has authority. If federal authority or action is required to implement the recommendations, the office may petition the appropriate agency or the Congress.

SCIENTIFIC ADVISORY BOARD FOR THE OIL SPILL COMPENSATION SCHEDULE

Sec. 955. RCW 90.48.366 and 1992 c 73 s 28 are each amended to read as follows:

By July 1, 1991, the department, in consultation with the departments of fisheries, wildlife, and natural resources, and the parks and recreation commission, shall adopt rules establishing a compensation schedule for the discharge of oil in violation of this chapter and chapter 90.56 RCW. The department shall establish a scientific advisory board to assist in establishing the compensation schedule. The amount of compensation assessed under this schedule shall be no less than one dollar per gallon of oil spilled and no greater than fifty dollars per gallon of oil spilled. The compensation schedule shall reflect adequate compensation for unquantifiable damages or for damages not quantifiable at reasonable cost for any adverse environmental, recreational, aesthetic, or other effects caused by the spill and shall take into account:

1. Characteristics of any oil spilled, such as toxicity, dispersibility, solubility, and persistence, that may affect the severity of the effects on the receiving environment, living organisms, and recreational and aesthetic resources;
2. The sensitivity of the affected area as determined by such factors as: (a) The location of the spill; (b) habitat and living resource sensitivity; (c) seasonal distribution or sensitivity of living resources; (d) areas of recreational use or aesthetic importance; (e) the proximity of the spill to important habitats for birds, aquatic mammals, fish, or to species listed as threatened or endangered under state or federal law; (f) significant archaeological resources as determined by the office of archaeology and historic preservation; and (g) other areas of special ecological or recreational importance, as determined by the department. If the department has adopted rules for a compensation table prior to July 1, 1992, the sensitivity of significant archaeological resources shall only be included among factors to be used in the compensation table when the department revises the rules for the compensation table after July 1, 1992; and
3. Actions taken by the party who spilled oil or any party liable for the spill that: (a) Demonstrate a recognition and affirmative acceptance of responsibility for the spill, such as the immediate removal of oil and the amount of oil removed from the environment; or (b) enhance or impede the detection of the spill, the determination of the quantity of oil spilled, or the extent of damage, including the unauthorized removal of evidence such as injured fish or wildlife.

TASK FORCE ON STATE-WIDE EVALUATION OF IRRIGATED AREAS

Sec. 956. RCW 90.54.190 and 1989 c 348 s 11 are each amended to read as follows:

1. The department of ecology may establish a task force to assist in a state-wide evaluation of irrigated areas, not to exceed six months in duration, to determine the associated impacts of efficiency measures, efficiency opportunities, and local interest.) The department (and the task force) shall establish a list of basin and stream efficiency initiatives and select an irrigation area for a voluntary demonstration project.
(2) Prior to conducting conservation assessments and developing conservation plans, the department of ecology shall secure technical and financial assistance from the bureau of reclamation to reduce the costs to the state to the extent possible.

(3) A "conservation assessment" as described in this section shall be conducted before a demonstration project to increase the efficiency of irrigated agriculture is undertaken for an irrigated area, a basin, subbasin, or stream. The conservation assessment should:

(a) Evaluate existing patterns, including current reuse of return flows, and priorities of water use;
(b) Assess conflicting needs for future water allocations and claims to reserved rights;
(c) Evaluate hydrologic characteristics of surface and ground water including return flow characteristics;
(d) Assess alternative efficiency measures;
(e) Determine the likely net water savings of efficiency improvements including the amount and timing of water that would be saved and potential benefits and impacts to other water uses and resources including effects on artificial recharge of ground water and wetland impacts;
(f) Evaluate the full range of costs and benefits that would accrue from various measures; and
(g) Evaluate the potential for integrating conservation efforts with operation of existing or potential storage facilities.

(4) The conservation assessment shall be used as the basis for development of a demonstration conservation plan to rank conservation elements based on relative costs, benefits, and impacts. It shall also estimate the costs of implementing the plan and propose a specific basis for cost share distributions.

The demonstration conservation plan shall be developed jointly by the department and a conservation plan formulation committee consisting of representatives of a cross-section of affected local water users, members of the public, and tribal governments. Other public agencies with expertise in water resource management may participate as nonvoting committee members. A proposed demonstration conservation plan may be approved by the department and the committee only after public comment has been received.

(5) The department shall reimburse any members ((of the task force in subsection (2) [(1)] of this section or)) of the committee in subsection (4) of this section who are not representing governmental agencies or entities for their travel expenses in accordance with RCW 43.03.050 and 43.03.060.

NEW SECTION. Sec. 957. Broker's Trust Account Board. RCW 18.85.500 and 1987 c 513 s 8 are each repealed.

NEW SECTION. Sec. 958. Washington State Heritage Council. The following acts or parts of acts are each repealed:

POINT OF ORDER

Senator Talmadge: "A point of order, Mr. President. I believe the committee amendment by the Committee on Government Operations expands the scope and object of Engrossed Substitute House Bill No. 2676. This is a bill who's title is an act relating to the restructuring of boards, commissions, committees and councils. I know the President is not bound by the title of the act, but I think it is an indication of precisely what was intended by the House of Representatives. The bill is meant to look at restructuring and dealing with the existing boards and commissions of the state and eliminating some and consolidating some of them and so forth.

"However, in the bill as it came out of the Committee on Government Operations, two provisions were added to the bill, one that relates to the licensure of acupuncture which is found in Section 502 and thereafter in the bill. This is not a matter of restructuring boards and councils, but rather a matter of scope of practice of that particular profession. That section of the bill relates to the scope of practice of acupuncture which changes it from, I believe, from the certification of licensure. Subsequently in the bill, there is a whole new section of licensure-related activities relating to athletic trainers. This is not a restructuring of a board, but it is licensing for the first time a whole new profession under Washington law.

"I believe for that reason, the addition of these two sections relating to additions to scope of practice and licensure of a whole new profession change the scope and object of a bill that was designed to restructure and consolidate certain boards and commissions of the state. The President will note in the committee amendment, there are some sections which speak to the scope of practice of some of the professions. Those changes were made only insofar as it was necessary to carry out the collapsing of
various existing professional organizations into new structures under the original House Bill and did not alter in any fashion or form the scope of practice of the professions that were involved.

"I believe, therefore, Mr. President, the amendment does expand the scope and object of the bill and I would note that there are a number of other amendments to follow that all relate to scope of practice. A bill that was meant to be something that dealt with consolidating boards and commissions becomes an omnibus scope of practice bill for the health care professions and others."

There being no objection, the President deferred further consideration of Engrossed Substitute House Bill No. 2676.

NEW SECTION. Sec. 1. A new section is added to chapter 41.32 RCW under the subchapter hearing "Plan I" to read as follows:
The dollar amount of the temporary postretirement allowance adjustment granted by section 1, chapter 519, Laws of 1993 shall be provided as a permanent retirement allowance adjustment as of July 1, 1995.

Sec. 2. RCW 41.32.010 and 1993 c 95 s 7 are each amended to read as follows:

As used in this chapter, unless a different meaning is plainly required by the context:

(A) Retroactive payments to an individual by an employer on reinstatement of the employee in a position, or payments by an employer to an individual in lieu of reinstatement in a position which are awarded or granted as the equivalent of the salary or wages which the individual would have earned during a payroll period shall be considered earnable compensation and the individual shall receive the equivalent service credit.

(B) If a leave of absence, without pay, is taken by a member for the purpose of serving as a member of the state legislature, and such member has served in the legislature five or more years, the salary which would have been received for the position from which the leave of absence was taken shall be considered as compensation earnable if the employee's contribution thereon is paid by the employee. In addition, where a member has been a member of the state legislature for five or more years, earnable compensation for the member's two highest compensated consecutive years of service shall include a sum not to exceed thirty-six hundred dollars for each of such two consecutive years, regardless of whether or not legislative service was rendered during those two years.

(A) The earnable compensation the member would have received had such member not served in the legislature; or

"Sec. 1. RCW 28B.15.725 and 1993 sp.s. c 18 s 26 are each amended to read as follows:

Subject to the limitations of RCW 28B.15.910, the governing boards of the state universities, the regional universities, and The Evergreen State College may enter into undergraduate (upper division) student exchange agreements with (comparable public four-year) institutions of higher education of other states and agree to exempt participating undergraduate (upper division) students from payment of all or a portion of the nonresident tuition fees differential subject to the following restrictions:

(1) In any given academic year, the number of students receiving a waiver at a state institution shall not exceed the number of that institution's students receiving nonresident tuition waivers at participating out-of-state institutions. Waiver imbalances that may occur in one year shall be off-set in the year immediately following.

(2) Undergraduate (upper division) student participation in an exchange program authorized by this section is limited to one academic year.

Sec. 2. 1989 c 290 s 1 (uncodified) is amended to read as follows:

The legislature recognizes that a unique educational experience can result from an undergraduate (upper division) student attending an out-of-state institution. It also recognizes that some Washington residents may be unable to pursue such out-of-state enrollment owing to their limited
financial resources and the higher cost of nonresident tuition. The legislature intends to facilitate expanded nonresident undergraduate (upper division) enrollment opportunities for residents of the state by authorizing the governing boards of the four-year institutions of higher education to enter into exchange programs with other states’ (comparable public four-year) institutions with comparable programs wherein the participating institutions agree that visiting undergraduate (upper division) students will pay resident tuition rates of the host institutions.

NEW SECTION. Sec. 3. A new section is added to chapter 28B.15 RCW to read as follows:

First, the students must have been domiciled for a minimum of one year in the state of Oregon, Idaho, or Montana at the time that they enroll at an institution of higher education as defined in RCW 28B.10.016. POINT OF INQUIRY

Senator McDonald: "Senator Bauer, I was just trying to get--this is a very lengthy bill. It says 'tuitions and fees at four year institutions.' It looks to me as if you are allowing them to set it at the institution and maybe you can clarify that."

Senator Bauer: "Senator McDonald, that was the original bill, college-promised tuition setting at each institution. That all is stricken; the only two things left then in the striker, other than what we added here on the floor, was to allow for reciprocity for students that were in their under-graduate programs and the native American piece. That is the only thing that's left in the striker other than what we put on the floor in amendments."

Strike everything after the enacting clause and insert the following:
Insofar as practicable, all purchases and sales shall be based on competitive bids, and a formal sealed bid procedure shall be used as standard procedure for all purchases and contracts for purchases and sales executed by the state purchasing and material control director and under the powers granted by RCW 43.19.190 through 43.19.1939. This requirement also applies to purchases and contracts for purchases and sales executed by agencies, including educational institutions, under delegated authority granted in accordance with provisions of RCW 43.19.190 or under RCW 28B.10.029. However, formal sealed bidding is not necessary for:

1. Emergency purchases made pursuant to RCW 43.19.200 if the sealed bidding procedure would prevent or hinder the emergency from being met appropriately;

2. Purchases not exceeding (\((\text{amount})\)) one hundred thousand dollars, or subsequent limits as calculated by the office of financial management: PROVIDED, That the state director of general administration shall establish procedures to assure that purchases made by or on behalf of the various state agencies shall not be made so as to avoid the (\((\text{amount})\)) one hundred thousand dollar bid limitation, or subsequent bid limitations as calculated by the office of financial management: PROVIDED FURTHER, That the state purchasing and material control director is authorized to reduce the formal sealed bid limits of (\((\text{amount})\)) one hundred thousand dollars, or subsequent limits as calculated by the office of financial management, to a lower dollar amount for purchases by individual state agencies if considered necessary to maintain full disclosure of competitive procurement or otherwise to achieve overall state efficiency and economy in purchasing and material control. Quotations from four hundred dollars to (\((\text{amount})\)) one hundred thousand dollars, or subsequent limits as calculated by the office of financial management, shall be secured from (\((\text{amount})\)) at least three vendors to assure establishment of a competitive price and may be obtained by telephone or written quotations, or both. The agency shall invite at least one quotation each from a certified minority and a certified women-owned vendor who shall otherwise qualify to perform such work. Immediately after the award is made, the bid quotations obtained shall be recorded and open to public inspection and shall be available by telephone inquiry. A record of competition for all such purchases from four hundred dollars to (\((\text{amount})\)) one hundred thousand dollars, or subsequent limits as calculated by the office of financial management, shall be documented for audit purposes (on a standard state form approved by the forms management center under the provisions of RCW 43.19.510)). Purchases up to four hundred dollars may be made without competitive bids based on buyer experience and knowledge of the market in achieving maximum quality at minimum cost: PROVIDED, That this four hundred dollar direct buy limit without competitive bids may be increased incrementally as required to a maximum of eight hundred dollars with the approval of at least ten of the members of the state supply management advisory board, if warranted by increases in purchasing costs due to inflationary trends;

3. Purchases which are clearly and legitimately limited to a single source of supply and purchases involving special facilities, services, or market conditions, in which instances the purchase price may be best established by direct negotiation;

4. Purchases of insurance and bonds by the risk management office under RCW 43.19.1935;

5. Purchases and contracts for vocational rehabilitation clients of the department of social and health services: PROVIDED, That this exemption is effective only when the state purchasing and material control director, after consultation with the director of the division of vocational rehabilitation and appropriate department of social and health services procurement personnel, declares that such purchases may be best executed through direct negotiation with one or more suppliers in order to expediently meet the special needs of the state's vocational rehabilitation clients;

6. Purchases by universities for hospital operation or biomedical teaching or research purposes and by the state purchasing and material control director, as the agent for state hospitals as defined in RCW 72.23.010, and for health care programs provided in state correctional institutions as defined in RCW 72.65.010(3) and veterans’ institutions as defined in RCW 72.36.070, made by participating in contracts for materials, supplies, and equipment entered into by nonprofit cooperative hospital group purchasing organizations;

For purchases between two thousand five hundred dollars and one hundred thousand dollars, each institution of higher education shall invite at least one quotation each from a certified minority and a certified women-owned contractor who shall otherwise qualify to perform such work. A record of competition for all such purchases made from two thousand five hundred to (\((\text{amount})\)) one hundred thousand dollars shall be documented for audit purposes; and

Beginning on July 1, 1995, and on July 1 of each succeeding odd-numbered year, the dollar limits specified in this section shall be adjusted as follows: The office of financial management shall calculate such limits by adjusting the previous biennium’s limits by the appropriate federal inflationary index reflecting the rate of inflation for the previous biennium. The bill was read the second time.

MOTIONS

On motion of Senator Talmadge, the following Committee on Health and Human Services amendment was adopted:

Strike everything after the enacting clause and insert the following:
NEW SECTION. Sec. 1. INTENT. The legislature recognizes that long-term care facilities are a critical part of the state's long-term care services system. It is the intent of the legislature that individuals who reside in long-term care facilities receive appropriate services, be treated with courtesy, and continue to enjoy their basic civil and legal rights.

It is also the intent of the legislature that long-term care facility residents have the opportunity to exercise reasonable control over life decisions. The legislature finds that choice, participation, privacy, and the opportunity to engage in religious, political, civic, recreational, and other social activities foster a sense of self-worth and enhance the quality of life for long-term care residents.

The legislature finds that the public interest would be best served by providing the same basic resident rights in all long-term care settings.

Residents in nursing facilities are guaranteed certain rights by federal law and regulation, 42 U.S.C. 1396r and 42 C.F.R. part 483. It is the intent of the legislature to extend those basic rights to residents in veterans' homes, boarding homes, and adult family homes.

The legislature intends that a facility should care for its residents in a manner and in an environment that promotes maintenance or restoration of health and the ability to function in the community. A resident should have a safe, clean, comfortable, and homelike environment, allowing the resident to use his or her personal belongings to the extent possible.

NEW SECTION. Sec. 2. DEFINITIONS. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Department" means the department of state government responsible for licensing the provider in question.

(6) "Chemical restraint" means a psychopharmacologic drug that is used for discipline or convenience and not required to treat the resident's medical symptoms.

(7) "Representative" means a person appointed under RCW 7.70.065.

NEW SECTION. Sec. 3. EXERCISE OF RIGHTS. If a resident, during the first thirty days of residence, dies or is hospitalized and does not return to the facility, the facility shall refund any deposit already paid less the facility's per diem rate for the days the resident actually resided or reserved a bed in the facility notwithstanding any minimum stay policy. All long-term care facilities or nursing facilities covered under this section are required to refund any and all refunds due the resident or their representative within thirty days from the resident's date of discharge from the facility. Nothing in this section applies to provisions in contracts negotiated between a nursing facility or long-term care facility and a certified health plan, health or disability insurer, health maintenance organization, managed care organization, or similar entities.

The long-term care ombudsman shall consult with the departments of health and social and health services, long-term care facility organizations, resident groups, and senior and disable citizen organizations and report to the house of representatives committee on health care and the senate committee on health and human services concerning the implementation of this chapter with any applicable recommendations by July 1, 1995.

NEW SECTION. Sec. 19. NONJUDICIAL REMEDIES THROUGH REGULATORY AUTHORITIES ENCOURAGED—REMEDIES CUMULATIVE. The legislature intends that long-term care facility or nursing home residents, their family members or guardians, the long-term care ombudsman, protection and advocacy personnel identified in section 12(4) (e) and (f), and others who may seek to assist long-term care facility or nursing home residents, use the least formal means available to satisfactorily resolve disputes that may arise regarding the rights conferred by the provisions of sections 1 through 24 of this act. Wherever feasible, direct discussion with facility personnel or administrators should be employed.
Failing that, and where feasible, recourse may be sought through state or federal long-term care or nursing home licensing or other regulatory authorities. However, the procedures suggested in this section are cumulative and shall not restrict an agency or person from seeking a remedy provided by law or from obtaining additional relief based on the same facts, including any remedy available to an individual at common law. This act is not intended to, and shall not be construed to, create any right of action on the part of any individual beyond those in existence under any common law or statutory doctrine. This act is not intended to, and shall not be construed to, operate in derogation of any right of action on the part of any individual in existence on the effective date of this act.

NEW SECTION. Sec. 20. RIGHTS ARE MINIMAL. The rights set forth in this chapter are the minimal rights guaranteed to all residents of long-term care facilities, and are not intended to diminish rights set forth in other state or federal laws that may contain additional rights.

NEW SECTION. Sec. 21. A new section is added to chapter 18.20 RCW to read as follows:

BOARDING HOMES. Sections 1 through 4, 5(1), and 6 through 20 of this act apply to this chapter and persons regulated under this chapter.

ADULT HOMES. Sections 1 through 4, 5(1), and 6 through 20 of this act apply to this chapter and persons regulated under this chapter.

Sec. 25. RCW 18.20.120 and 1957 c 253 s 12 are each amended to read as follows:

Nothing in this act shall affect the classifying of an adult family home for the purposes of zoning.

The rules under this act shall meet federal requirements that are a necessary condition to the receipt of federal funds by the state.

NEW SECTION. Sec. 28. CAPTIONS. Captions as used in this act constitute no part of the law.

NEW SECTION. Sec. 29. CODIFICATION. Sections 1 through 20 of this act shall constitute a new chapter in Title 70 RCW.

NEW SECTION. Sec. 30. Nothing in this act shall affect the classifying of an adult family home for the purposes of zoning.

On motion of Senator Talmadge, the following title amendment was adopted:

On page 1, line 1 of the title, after "facilities;" strike the remainder of the title and insert "amending RCW 18.20.120; adding a new section to chapter 18.20 RCW; adding a new section to chapter 18.51 RCW; adding a new section to chapter 72.36 RCW; adding a new section to chapter 70.128 RCW; adding a new chapter to Title 70 RCW; and creating new sections."

MOTION

On motion of Senator Talmadge, the rules were suspended, Engrossed Second Substitute House Bill No. 2154, as amended by the Senate, was advanced to third reading, the second reading considered the third and the bill was placed on final passage.

POINT OF INQUIRY

Senator Roach: "Senator Talmadge, you mentioned that you were concerned about a bill of rights for those that were in our institutions or in our homes and so the question comes up as stated in our summary, 'The prohibition against hiring persons who are barred from employment because of prior convictions for certain offenses is removed.' I am curious as to what that actually means."

Senator Talmadge: What it means, Senator, is that it is already dealt with in another provision of Washington Code. There is no need to have it restated here."

Senator Roach: "Well, possibly if we are removing some of these prohibitions that we might want to put the prohibitions back in. If we are talking about the rights that patients have, those that are least capable of caring for themselves—that need to be protected. I am wondering why we don't put those prohibitions back in this bill."

Senator Talmadge: "Well, Senator, let me give you a specific example. I appreciate your interest at this point. I don't think the members of the Senate intended that for every action in terms of changing rooms in a facility—if a person was moved from
one room to another in a nursing-care facility, under the bill as it came over to us from the House of Representatives, that individual’s lawyer would have to be notified. I don’t think anybody intended that their legal representative be notified if somebody was changed from one bed to another in a facility—or one room to another. There should certainly be a notification to the family, but the idea of involving the legal profession in notification of every activity with respect to a patient seemed to be to us rather an extreme concept that the House had in the original bill.”

Senator Roach: “Senator Talmadge, what kinds of prior convictions are we now going to—those individuals—going to allow—serve—this particular clientele?”

Senator Talmadge: “Senator, as I mentioned before that provision is already in Washington Code. Individuals that have prior convictions cannot serve people in long-term care. It didn’t need to be restated here, where it was restated in very general terms as compared to the Code, which makes it very explicit as to the circumstances under which people can be employed to provide services to people in long-term care.”

Senator Roach: “Was this discussed in committee?”

Senator Talmadge: “Indeed it was.”

Senator Roach: “Thank you.”

Further debate ensued.

The President declared the question before the Senate to be the roll call on the final passage of Engrossed Second Substitute House Bill No. 2154, as amended by the Senate.

ROLL CALL

The Secretary called the roll on the final passage of Engrossed Second Substitute House Bill No. 2154, as amended by the Senate, and the bill passed the Senate by the following vote: Yeas, 49; Nays, 0; Absent, 0; Excused, 0.

ENGROSSED SECOND SUBSTITUTE HOUSE BILL NO. 2154, as amended by the Senate, having received the constitutional majority, was declared passed. There being no objection, the title of the bill will stand as the title of the act.

President Pro Tempore Wojahn assumed the Chair.

SECOND READING

ENGROSSED SUBSTITUTE HOUSE BILL NO. 2521, by House Committee on Natural Resources and Parks (originally sponsored by Representatives Dunshee, Pruitt, J. Kohl, Valle, Wolfe, L. Johnson, Ogden, Romero, Rust, Linville and Patterson)

Regulating metals mining and milling operations.

The bill was read the second time.

MOTIONS

Senator Owen moved that the following Committee on Ways and Means amendment be adopted:

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. It is in the best interests of the citizens of the state of Washington to insure the highest degree of environmental protection while allowing the proper development and use of its natural resources, including its mineral resources. Metals mining can have significant positive and adverse impacts on the state and on local communities. The purpose of this chapter is to assure that metals mineral mining or milling operations are designed, constructed, and operated in a manner that promotes both economic opportunities and environmental and public health safeguards for the citizens of the state. It is the intent of the legislature to create a regulatory framework which yields, to the greatest extent possible, a metals mining industry that is compatible with these policies.

NEW SECTION. Sec. 2. The definitions set forth in this section apply throughout this chapter.

(1) “Metals mining and milling operation” means a mining operation extracting from the earth precious or base metal ore and processing the ore by treatment or concentration in a milling facility. It also refers to an expansion of an existing operation or any new metals mining operation if the expansion or new mining operation is likely to result in a significant, adverse environmental impact pursuant to the provisions of chapter 43.21C RCW.
The extraction of dolomite, sand, gravel, aggregate, limestone, magnesite, silica rock, and zeolite or other nonmetallic minerals; and placer mining; and the smelting of aluminum are not metals mining and milling operations regulated under this chapter.

(2) "Milling" means the process of grinding or crushing ore and extracting the base or precious metal by chemical solution, electro-winning, or flotation processes.

(3) "Heap leach extraction process" means the process of extracting base or precious metal ore by percolating solutions through ore in an open system and includes reprocessing of previously milled ore. The heap leach extraction process does not include leaching in a vat or tank.

(4) "In situ extraction" means the process of dissolving base or precious metals from their natural place in the geological setting and retrieving the solutions from which metals can be recovered.

(5) "Regulated substances" means any materials regulated under a waste discharge permit pursuant to the requirements of chapter 90.48 RCW and/or a permit issued pursuant to chapter 70.94 RCW.

(6) "To mitigate" means: (a) To avoid the adverse impact altogether by not taking a certain action or parts of an action; (b) to minimize adverse impacts by limiting the degree or magnitude of the action and its implementation, by using appropriate technology or by taking affirmative steps to avoid or reduce impacts; (c) to rectify adverse impacts by repairing, rehabilitating, or restoring the affected environment; (d) to reduce or eliminate adverse impacts over time by preservation and maintenance operations during the life of the action; (e) to compensate for the impact by replacing, enhancing, or providing substitute resources or environments; or (f) to monitor the adverse impact and take appropriate corrective measures.

NEW SECTION, Sec. 3. Metals mining and milling operations are subject to the requirements of this chapter in addition to the requirements established in other statutes and rules.

NEW SECTION, Sec. 4. The department of ecology shall require each applicant submitting a checklist pursuant to chapter 43.21C RCW for a metals mining and milling operation to disclose the ownership and each controlling interest in the proposed operation. The applicant shall also disclose all other mining operations within the United States which the applicant operates or in which the applicant has an ownership or controlling interest. In addition, the applicant shall disclose and may enumerate and describe the circumstances of: (1) Any past or present bankruptcies involving the ownerships and their subsidiaries, (2) any abandonment of sites regulated by the model toxics control act, chapter 70.105D RCW, or other similar state remedial cleanup programs, or the federal comprehensive environmental response, compensation, and liability act, 42 U.S.C. Sec. 9601 et seq., as amended, (3) any penalties in excess of ten thousand dollars assessed for violations of the provisions of 33 U.S.C. Sec. 1251 et seq. or 42 U.S.C. Sec. 7401 et seq., and (4) any previous forfeitures of financial assurance due to noncompliance with reclamation or remediation requirements. This information shall be available for public inspection and copying at the department of ecology. Ownership or control of less than ten percent of the stock of a corporation shall not by itself constitute ownership or a controlling interest under this section.

NEW SECTION, Sec. 5. (1) An environmental impact statement must be prepared for any proposed metals mining and milling operation. The department of ecology shall be the lead agency in coordinating the environmental review process under chapter 43.21C RCW and in preparing the environmental impact statement, except for uranium and thorium operations regulated under Title 70 RCW.

(2) As part of the environmental review of metals mining and milling operations regulated under this chapter, the applicant shall provide baseline data adequate to document the pre-existing conditions at the proposed site of the metals mining and milling operation. The baseline data shall contain information on the elements of the natural environment identified in rules adopted pursuant to chapter 43.21C RCW.

(3) The department of ecology, after consultation with the department of fish and wildlife, shall incorporate measures to mitigate significant probable adverse impacts to fish and wildlife as part of the department of ecology’s permit requirements for the proposed operation.

(4) In conducting the environmental review and preparing the environmental impact statement, the department of ecology shall cooperate with all affected local governments to the fullest extent practicable.

NEW SECTION, Sec. 6. The department of ecology will appoint a metals mining coordinator. The coordinator will maintain current information on the status of any metals mining and milling operation regulated under this chapter from the preparation of the environmental impact statement through the permitting, construction, operation, and reclamation phases of the project or until the proposal is no longer active. The coordinator shall also maintain current information on postclosure activities. The coordinator will act as a contact person for the applicant, the operator, and interested members of the public. The coordinator may also assist agencies with coordination of their inspection and monitoring responsibilities.

NEW SECTION, Sec. 7. (1) State agencies with the responsibility for inspecting metals mining and milling operations regulated under this chapter shall conduct such inspections at least quarterly: PROVIDED, That the inspections are not prevented by inclement weather conditions.

(2) The legislature encourages state agencies with inspection responsibilities for metals mining and milling operations regulated under this chapter to explore opportunities for cross-training of inspectors among state agencies and programs. This cross-training would be for the purpose of meeting the inspection responsibilities of these agencies in a more efficient and cost-effective manner. If doing so would be more efficient and cost-effective, state agency inspectors are also encouraged to coordinate inspections with federal and local government inspectors as well as with one another.

NEW SECTION, Sec. 8. (1) The metals mining account is created in the state treasury. Expenditures from this account are subject to appropriation. Expenditures from this account may only be used for: (a) The additional inspections of metals mining and milling operations required by section 7 of this act and (b) the metals mining coordinator established in section 6 of this act.

(2) (a) As part of its normal budget development process and in consultation with the metals mining industry, the department of ecology shall estimate the costs required for the department to meet its obligations for the additional inspections of metals mining and milling operations...
required by chapter . . ., Laws of 1994 (this act). The department shall also estimate the cost of employing the metals mining coordinator established in section 6 of this act.

(b) As part of its normal budget development process and in consultation with the metals mining industry, the department of natural resources shall estimate the costs required for the department to meet its obligations for the additional inspections of metals mining and milling operations required by chapter . . ., Laws of 1994 (this act).

(3) Based on the cost estimates generated by the department of ecology and the department of natural resources, the department of revenue shall establish the amount of a fee to be paid by each active metals mining and milling operation regulated under this chapter. The fee shall be established at a level to fully recover the direct and indirect costs of the agency responsibilities identified in subsection (2) of this section. The amount of the fee for each operation shall be proportional to the number of visits required per site. Each applicant for a metals mining and milling operation shall also be assessed the fee based on the same criterion. The department of revenue may adjust the fees established in this subsection if unanticipated activity in the industry increases or decreases the amount of funding necessary to meet agencies' inspection responsibilities.

(4) The department of revenue shall collect the fees established in subsection (3) of this section. Chapter 82.32 RCW, insofar as applicable, applies to the fees imposed under this section. All moneys paid to the department of revenue from these fees shall be deposited into the metals mining account.

(5) This section shall take effect July 1, 1995, unless the legislature adopts an alternative approach based on the recommendations of the metals mining advisory group established in section 26 of this act.

NEW SECTION. Sec. 9. (1) In the processing of an application for an initial waste discharge permit for a tailings facility pursuant to the requirements of chapter 90.48 RCW, the department of ecology shall consider site-specific criteria in determining a preferred location of tailings facilities of metals mining and milling operations and incorporate the requirements of all known available and reasonable methods in order to maintain the highest possible standards to insure the purity of all waters of the state in accordance with the public policy identified by RCW 90.48.010.

In implementing the siting criteria, the department shall take into account the objectives of the proponent's application relating to mining and milling operations. These objectives shall consist of, but not be limited to (a) operational feasibility, (b) compatibility with optimum tailings placement methods, (c) adequate volume capacity, (d) availability of construction materials, and (e) an optimized embankment volume.

(2) To meet the mandate of subsection (1) of this section, siting of tailings facilities shall be accomplished through a two-stage process that consists of a primary alternatives screening phase, and a secondary technical site investigation phase.

(3) The primary screening phase will consist of, but not be limited to, siting criteria based on considerations as to location as follows:

(a) Proximity to the one hundred year flood plain, as indicated in the most recent federal emergency management agency maps;

(b) Proximity to surface and ground water;

(c) Topographic setting;

(d) Identifiable adverse geologic conditions, such as landslides and active faults; and

(e) Visibility impacts of the public generally and residents more particularly.

(4) The department of ecology, through the primary screening process, shall reduce the available tailings facility sites to one or more feasible locations whereupon a technical site investigation phase shall be conducted by the department for the purpose of verifying the adequacy of the remaining potential sites. The technical site investigations phase shall consist of, but not be limited to, the following:

(a) Soil characteristics;

(b) Hydrologic characteristics;

(c) A local and structural geology evaluation, including seismic conditions and related geotechnical investigations;

(d) A surface water control analysis; and

(e) A slope stability analysis.

(5) Upon completion of the two phase evaluation process set forth in this section, the department of ecology shall issue a site selection report on the preferred location. This report shall address the above criteria as well as analyze the feasibility of reclamation and stabilization of the tailings facility. The siting report may recommend mitigation or engineering factors to address siting concerns. The report shall be developed in conjunction with the preparation of and contained in an environmental impact statement prepared pursuant to chapter 43.21C RCW. The report may be utilized by the department of ecology for the purpose of providing information related to the suitability of the site and for ruling on an application for a waste discharge permit.

(6) The department of ecology may, at its discretion, require the applicant to provide the information required in either phase one or phase two as described in subsections (3) and (4) of this section.

NEW SECTION. Sec. 10. (1) In order to receive a waste discharge permit from the department of ecology pursuant to the requirements of chapter 90.48 RCW or in order to operate a metals mining and milling tailing facility, an applicant proposing a metals mining and milling operation regulated under this chapter must meet the following additional requirements:

(a) Any tailings facility shall be designed and operated to prevent the release of pollution and must meet the following standards:

(i) Operators shall apply all known available and reasonable technology to limit the concentration of potentially toxic materials in the tailings facility to assure the protection of wildlife and human health;
The tailings facility shall have a containment system that includes an engineered liner system, leak detection and leak collection elements, and a seepage collection impoundment to assure that a leak of any regulated substance under chapter 90.48 RCW will be detected before escaping from the containment system. The design and management of the facility must ensure that any leaks from the tailings facility are detected in a manner which allows for remediation pursuant to chapter 90.48 RCW. The applicant shall prepare a detailed engineering report setting forth the facility design and construction. The applicant shall submit the report to the department of ecology for its review and approval of a design as determined by the department. Natural conditions, such as depth to ground water or net rainfall, shall be taken into account in the facility design, but not in lieu of the protection required by the engineered liner system;

(iii) The toxicity of mine or mill tailings and the potential for long-term release of regulated substances from mine or mill tailings shall be reduced to the greatest extent practicable through stabilization, removal, or reuse of the substances; and

(iv) The closure of the tailings facility shall provide for isolation or containment of potentially toxic materials and shall be designed to prevent future release of regulated substances contained in the impoundment;

(b) The applicant must develop a waste rock management plan approved by the department of ecology and the department of natural resources which emphasizes pollution prevention. At a minimum, the plan must contain the following elements:

(i) An accurate identification of the acid generating properties of the waste rock;

(ii) A strategy for encapsulating potentially toxic material from the environment, when appropriate, in order to prevent the release of heavy metals and acidic drainage; and

(iii) A plan for reclaiming and closing waste rock sites which minimizes infiltration of precipitation and runoff into the waste rock and which is designed to prevent future releases of regulated substances contained within the waste rock;

(c) If an interested citizen or citizen group so requests of the department of ecology, the metals mining and milling operator or applicant shall work with the department of ecology and the interested party to make arrangements for citizen observation and verification in the taking of required water samples. While it is the intent of this subsection to provide for citizen observation and verification of water sampling activities, it is not the intent of this subsection to require additional water sampling and analysis on the part of the mining and milling operator or the department. The citizen observation and verification program shall be incorporated into the applicant's, operator's, or department's normal sampling regimen and shall occur at least once every six months. There is no duty of care on the part of the state or its employees to any person who participates in the citizen observation and verification of water sampling under chapter . . . , Laws of 1994 (this act) and the state and its employees shall be immune from any civil lawsuit based on any injuries to or claims made by any person as a result of that person's participation in such observation and verification of water sampling activities. The metals mining and milling operator or applicant shall not be liable for any injuries to or claims made by any person which result from that person coming onto the property of the metals mining and milling operator or applicant as an observer pursuant to chapter . . . , Laws of 1994 (this act). The results from these and all other relevant water sampling activities shall be kept on file with the relevant county and shall be available for public inspection during normal working hours; and

(d) An operator or applicant for a metals mining and milling operation must complete a voluntary reduction plan in accordance with RCW 70.95C.200.

(2) Only those tailings facilities constructed after the effective date of this section must meet the requirement established in subsection (1)(a) of this section. Only those waste rock holdings constructed after the effective date of this section must meet the requirement established in subsection (1)(b) of this section.

NEW SECTION. Sec. 11. (1) The department of ecology and the department of natural resources shall not issue necessary permits to an applicant for a metals mining and milling operation until the applicant has deposited with the department of ecology a performance security which is acceptable to both agencies based on the requirements of subsection (2) of this section. This performance security may be:

(a) Bank letters of credit acceptable to both agencies;

(b) A cash deposit;

(c) Negotiable securities acceptable to both agencies;

(d) An assignment of a savings account;

(e) A savings certificate in a Washington bank; or

(f) A corporate surety bond executed in favor of the department of ecology by a corporation authorized to do business in the state of Washington under Title 48 RCW and acceptable to both agencies.

The agencies may, for any reason, refuse any performance security not deemed adequate.

(2) The performance security shall be conditioned on the faithful performance of the applicant or operator in meeting the following obligations:

(a) Compliance with the laws of the state of Washington pertaining to metals mining and milling operations and with the related rules and permit conditions established by state and local government with respect to those operations as defined in RCW 78.44.031(17) and the construction, operation, reclamation, and closure of a metals mining and milling operation;

(b) Postclosure environmental monitoring as determined by the department of ecology and the department of natural resources; and

(c) Provision of sufficient funding for cleanup of potential problems revealed during or after closure.
(3) The department of ecology and the department of natural resources shall jointly adopt rules for determining the amount of the performance security, requirements for the performance security, requirements for the issuer of the performance security, and any other requirements necessary for the implementation of this section.

(4) The department of ecology and the department of natural resources, acting jointly, may increase or decrease the amount of the performance security at any time to compensate for any alteration in the operation that affects meeting the obligations in subsection (2) of this section. At a minimum, the agencies shall jointly review the adequacy of the performance security every two years.

(5) Liability under the performance security shall be maintained until the obligations in subsection (2) of this section are met to the satisfaction of the department of ecology and the department of natural resources. Liability under the performance security may be released only upon written notification by the department of ecology, with the concurrence of the department of natural resources.

(6) Any interest or appreciation on the performance security shall be held by the department of ecology until the obligations in subsection (2) of this section have been met to the satisfaction of the department of ecology and the department of natural resources. At such time, the interest shall be remitted to the operator. However, if the applicant or operator fails to comply with the obligations of subsection (2) of this section, the interest or appreciation may be used by either agency to comply with the obligations.

NEW SECTION. Sec. 12. The department of ecology may, with staff, equipment, and material under its control, or by contract with others, remediate or mitigate any impact of a metals mining and milling operation when it finds that the operator or permit holder has failed to comply with relevant statutes, rules, or permits, and the operator or permit holder has failed to take adequate or timely action to rectify these impacts.

If the department intends to remediate or mitigate such impacts, the department shall issue an order to submit performance security requiring the permit holder or surety to submit to the department the amount of moneys posted pursuant to chapter . . . , Laws of 1994 (this act). If the amount specified in the order to submit performance security is not paid within twenty days after issuance of the notice, the attorney general upon request of the department shall bring an action on behalf of the state in a superior court to recover the amount specified and associated legal fees.

The department may proceed at any time after issuing the order to submit performance security to remediate or mitigate adverse impacts.

The department shall keep a record of all expenses incurred in carrying out any remediation or mitigation activities authorized under this section, including:

(1) Remediation or mitigation;

(2) A reasonable charge for the services performed by the state's personnel and the state's equipment and materials utilized; and

(3) Administrative and legal expenses related to remediation or mitigation.

The department shall refund to the surety or permit holder all amounts received in excess of the amount of expenses incurred. If the amount received is less than the expenses incurred, the attorney general, upon request of the department of ecology, may bring an action against the permit holder on behalf of the state in the superior court to recover the remaining costs listed in this section.

If the department of natural resources finds that reclamation has not occurred according to the standards required under chapter RCW in a metals mining and milling operation, then the department of natural resources may cause reclamation to occur pursuant to RCW 78.44.240. Upon approval of the department of ecology, the department of natural resources may reclaim part or all of the metals mining and milling operation using that portion of the surety posted pursuant to chapter . . . , Laws of 1994 (this act) that has been identified for reclamation.

NEW SECTION. Sec. 13. (1) The legislature finds that the construction and operation of large-scale metals mining and milling facilities may create new job opportunities and enhance local tax revenues. However, the legislature also finds that such operations may also result in new demands on public facilities owned and operated by local government entities, such as public streets and roads; publicly owned parks, open space, and recreation facilities; school facilities; and fire protection facilities in jurisdictions that are not part of a fire district. It is important for these economic impacts to be identified as part of any proposal for a large-scale metals mining and milling operation. It is then appropriate for the county legislative authority to balance expected revenues, including revenues derived from taxes paid by the owner of such an operation, and costs associated with the operation to determine to what degree any new costs require mitigation by the metals mining applicant.

(2) An applicant for a large-scale metals mining and milling operation regulated under this chapter must submit to the relevant county legislative authority an impact analysis describing the economic impact of the proposed mining operation on local governmental units. For the purposes of this section, a metals mining operation is large-scale if, in the construction or operation of the mine and the associated milling facility, the applicant and contractors at the site employ more than thirty-five persons during any consecutive six-month period. In determining the number of persons employed, only the following shall be included: Operators and nonadministration personnel; temporary personnel, personnel used for compliance with federal and state laws, and personnel required to meet regulatory requirements will not be included. The relevant county is the county in which the mine and mill are to be sited, unless the economic impacts to local governmental units are projected to substantially affect more than one county. In that case, the impact plan must be submitted to the legislative authority of all affected counties. Local governmental units include counties, cities, towns, school districts, and special purpose districts.

(3) The economic impact analysis shall include at least the following information:

(a) A timetable for development of the mining operation, including the opening date of the operation and the estimated closing date;

(b) The estimated number of persons coming into the impacted area as a result of the development of the mining operation; and

(c) An estimate of the increased capital and operating costs to local governmental units for providing services necessary as a result of the development of the mining operation; and
(d) An estimate of the increased tax or other revenues accruing to local governmental units as a result of development of the mining and milling operation.

(4) The county legislative authority of a county planning under chapter 36.70A RCW may assess impact fees under chapter 82.02 RCW to address economic impacts associated with development of the mining operation. The county legislative authority shall hold at least one public hearing on the economic impact analysis and any proposed mitigation measures.

(5) The county legislative authority of a county which is not planning under chapter 36.70A RCW may negotiate with the applicant on a strategy to address economic impacts associated with development of the mining operation. The county legislative authority shall hold at least one public hearing on the economic impact analysis and any proposed mitigation measures.

(6) The county legislative authority must approve or disapprove the impact analysis and any associated proposals from the applicant to address economic impacts to local governmental units resulting from development of the mining operation. If the applicant does not submit an adequate impact analysis to the relevant county legislative authority or if the county legislative authority does not find the applicant's proposals to be acceptable because of their failure to adequately mitigate adverse economic impacts, the county legislative authority shall refuse to issue any permits under its jurisdiction necessary for the construction or operation of the mine and associated mill.

(7) The requirements established in this section apply to metals mining operations under construction or constructed after the effective date of this section.

(8) The provisions of chapter 82.02 RCW shall apply to new mining and milling operations.

NEW SECTION. Sec. 14. (1) Except as provided in subsections (2) and (5) of this section, any aggrieved person may commence a civil action on his or her own behalf:

(a) Against any person, including any state agency or local government agency, who is alleged to be in violation of a law, rule, order, or permit pertaining to metals mining and milling operations regulated under chapter 70.94, 70.105, 90.03, and 90.48 RCW and all other applicable laws;

(b) Against a state agency if there is alleged a failure of the agency to perform any nondiscretionary act or duty under state law or statute or common law to which the agency is subject; or

(c) Against any person who constructs a metals mining and milling operation without the permits and authorizations required by state law.

The superior courts shall have jurisdiction to enforce metals mining laws, rules, orders, and permit conditions, or to order the state to perform such act or duty, as the case may be. In addition to injunctive relief, a superior court may award a civil penalty when deemed appropriate in an amount not to exceed ten thousand dollars per violation per day, payable to the state of Washington.

(2) No action may be commenced:

(a) Under subsection (1)(a) of this section:

(i) Prior to sixty days after the plaintiff has given notice of the alleged violation to the state, and to any alleged violator of a metals mining and milling law, rule, order, or permit condition; or

(ii) If the state has commenced and is diligently prosecuting a civil action in a court of the state or of the United States or is diligently pursuing authorized administrative enforcement action to require compliance with the law, rule, order, or permit. To preclude a civil action, the enforcement action must contain specific, aggressive, and enforceable timelines for compliance and must provide for public notice of and reasonable opportunity for public comment on the enforcement action. In any such court action, any aggrieved person may intervene as a matter of right; or

(b) Under subsection (1)(b) of this section prior to sixty days after the plaintiff has given notice of such action to the state.

(3)(a) Any action respecting a violation of a law, rule, order, or permit condition pertaining to metals mining and milling operations may be brought in the judicial district in which such operation is located or proposed.

(b) In such action under this section, the state, if not a party, may intervene as a matter of right.

(4) The court, in issuing any final order in any action brought pursuant to subsection (1) of this section, may award costs of litigation, including reasonable attorney and expert witness fees, to any prevailing party, wherever the court determines such award is appropriate. The court may, if a temporary restraining order or preliminary injunction is sought, require the filing of a bond or equivalent security in accordance with the rules of civil procedure.

(5) A civil action to enforce compliance with a law, rule, order, or permit may not be brought under this section if any other statute, or the common law, provides authority for the plaintiff to bring a civil action and, in such action, obtain the same relief, as authorized under this section, for enforcement of such law, rule, order, or permit. Nothing in this section restricts any right which any person, or class of persons, may have under any statute or common law to seek any relief, including relief against the state or a state agency.

NEW SECTION. Sec. 15. A milling facility which is not adjacent to or in the vicinity of the metals mining operation producing the ore to be milled and which processes precious or base metal ore by treatment or concentration is subject to the provisions of sections 1 through 9, 10(1), (c) and (d), 11 through 14, 18, and 19 of this act and chapters 70.94, 70.105, 90.03, and 90.48 RCW and all other applicable laws. The smelting of aluminum does not constitute a metals milling operation under this section.

NEW SECTION. Sec. 16. (1) Until June 30, 1996, there shall be a moratorium on metals mining and milling operations using the heap leach extraction process. The department of natural resources and the department of ecology shall jointly review the existing laws and regulations pertaining to the heap leach extraction process for their adequacy in safeguarding the environment and shall report their findings to the legislature by December 30, 1994.
NEW SECTION. Sec. 17. The department of ecology will work with the metals mining industry and relevant federal, state, and local governmental agencies to identify areas of regulatory overlap among regulators of mining and milling operations. The department will also identify possible solutions for eliminating or reducing regulatory overlap. The department will report back to the legislature on its findings and possible solutions by January 1, 1995.

NEW SECTION. Sec. 18. A new section is added to chapter 70.94 RCW to read as follows:

If a metals mining and milling operation is issued a permit pursuant to this chapter, then it will be subject to special inspection requirements. The department of ecology shall inspect these mining operations at least quarterly in order to ensure that the operation is in compliance with the conditions of any permit issued to it pursuant to this chapter. The department shall conduct additional inspections during the construction phase of the mining and milling operation in order to ensure compliance with this chapter.

NEW SECTION. Sec. 19. A new section is added to chapter 70.105 RCW to read as follows:

If a metals mining and milling operation is issued a permit pursuant to this chapter, then it will be subject to special inspection requirements. The department of ecology shall inspect these mining operations at least quarterly in order to ensure that the operation is in compliance with the conditions of any permit issued to it pursuant to this chapter. The department shall conduct additional inspections during the construction phase of the mining operation in order to ensure compliance with this chapter.

Sec. 20. RCW 90.03.350 and 1987 c 109 s 91 are each amended to read as follows:

Any person, corporation or association intending to construct or modify any dam or controlling works for the storage of ten acre feet or more of water, shall before beginning said construction or modification, submit plans and specifications of the same to the department for examination and approval as to its safety. Such plans and specifications shall be submitted in duplicate, one copy of which shall be retained as a public record, by the department, and the other returned with its approval or rejection endorsed thereon. No such dam or controlling works shall be constructed or modified until the same or any modification thereof shall have been approved as to its safety by the department. Any such dam or controlling works constructed or modified in any manner other than in accordance with plans and specifications approved by the department or which shall not be maintained in accordance with the order of the department shall be presumed to be a public nuisance and may be abated in the manner provided by law, and it shall be the duty of the attorney general or prosecuting attorney of the county wherein such dam or controlling works, or the major portion thereof, is situated to institute abatement proceedings against the owner or owners of such dam or controlling works, whenever he or she is requested to do so by the department.

A metals mining and milling operation regulated under chapter , , Laws of 1994 (this act) is subject to additional dam safety inspection requirements due to the special hazards associated with failure of a tailings pond impoundment. The department shall inspect these impoundments at least quarterly during the project's operation and at least annually thereafter for the postclosure monitoring period in order to ensure the safety of the dam or controlling works. The department shall conduct additional inspections as needed during the construction phase of the mining operation in order to ensure the safe construction of the tailings impoundment.

Sec. 21. RCW 90.48.090 and 1987 c 109 s 127 are each amended to read as follows:

The department or its duly appointed agent shall have the right to enter at all reasonable times in or upon any property, public or private, for the purpose of inspecting and investigating conditions relating to the pollution of or the possible pollution of any of the waters of this state.

The department shall have special inspection requirements for metals mining and milling operations regulated under chapter , , Laws of 1994 (this act). The department shall inspect these mining and milling operations at least quarterly in order to ensure compliance with the intent and any permit issued pursuant to this chapter. The department shall conduct additional inspections as needed during the construction phase of these mining operations in order to ensure compliance with this chapter.

Sec. 22. RCW 78.44.161 and 1993 c 518 s 25 are each amended to read as follows:

The department may order at any time an inspection of the disturbed area to determine if the miner or permit holder has complied with the reclamation permit, rules, and this chapter.

The department shall have special inspection requirements for metals mining and milling operations regulated under chapter , , Laws of 1994 (this act). The department shall inspect these mining operations at least quarterly, unless prevented by inclement weather conditions, in order to ensure that the permit holder is in compliance with the reclamation permit, rules, and this chapter. The department shall conduct additional inspections as needed during the construction phase of these mining operations in order to ensure compliance with the reclamation permit, rules, and this chapter.

Sec. 23. RCW 78.44.087 and 1993 c 518 s 15 are each amended to read as follows:

The department shall not issue a reclamation permit until the applicant has deposited with the department an acceptable performance security on forms prescribed and furnished by the department. A public or governmental agency shall not be required to post performance security nor shall a permit holder be required to post surface mining performance security with more than one state or local agency.

This performance security may be:

(1) Bank letters of credit acceptable to the department;
(2) A cash deposit;
(3) Negotiable securities acceptable to the department;
(4) An assignment of a savings account;
The department shall have the authority to determine the amount of the performance security using a standardized performance security formula developed by the department. The amount of the security shall be determined by the department and based on the estimated costs of completing reclamation according to the approved reclamation plan or minimum standards and related administrative overhead for the area to be surface mined during (a) the next twelve-month period, (b) the following twenty-four months, and (c) any previously disturbed areas on which the reclamation has not been satisfactorily completed and approved.

The department may increase or decrease the amount of the performance security at any time to compensate for a change in the disturbed area, the depth of excavation, a modification of the reclamation plan, or any other alteration in the conditions of the mine that affects the cost of reclamation. The department may, for any reason, refuse any performance security not deemed adequate.

Liability under the performance security shall be maintained until reclamation is completed according to the approved reclamation plan to the satisfaction of the department unless released as hereinafter provided. Liability under the performance security may be released only upon written notification by the department. Notification shall be given upon completion of compliance or acceptance by the department of a substitute performance security. The liability of the surety shall not exceed the amount of security required by this section and the department’s reasonable legal fees to recover the security.

Any interest or appreciation on the performance security shall be held by the department until reclamation is completed to its satisfaction. At such time, the interest shall be remitted to the permit holder; except that such interest or appreciation may be used by the department to effect reclamation in the event that the permit holder fails to comply with the provisions of this chapter and the costs of reclamation exceed the face value of the performance security.

Except as provided in this section, no other state agency or local government shall require performance security for the purposes of surface mine reclamation and only one agency of government shall require and hold the performance security. The department may enter into written agreements with federal agencies in order to avoid redundant bonding of surface mines straddling boundaries between federally controlled and other lands within Washington state.

Notwithstanding any other provision of this section, nothing shall preclude the department of ecology from requiring a separate performance security for metallic minerals or uranium surface mines under any authority if any that may be presently vested in the department of ecology relating to such mines.) The department and the department of ecology shall jointly require performance security for metals mining and milling operations regulated under chapter . . . , Laws of 1994 (this act).

Sec. 24. RCW 78.44.131 and 1993 c 518 s 20 are each amended to read as follows:

The need for, and the practicability of, reclamation shall control the type and degree of reclamation in any specific instance. However, the basic objective of reclamation is to reestablish on a continuing basis the vegetative cover, slope stability, water conditions, and safety conditions suitable to the proposed subsequent use consistent with local land use plans for the surface mine site.

Each permit holder shall comply with the minimum reclamation standards in effect on the date the permit was issued and any additional reclamation standards set forth in the approved reclamation plan. The department may modify, on a site specific basis, the minimum reclamation standards for metals mining and milling operations regulated under chapter . . . , Laws of 1994 (this act) in order to achieve the reclamation and closure objectives of that chapter. The basic objective of reclamation for these operations is the reestablishment on a continuing basis of vegetative cover, slope stability, water conditions, and safety conditions.

Reclamation activities, particularly those relating to control of erosion and mitigation of impacts of mining to adjacent areas, shall, to the extent feasible, be conducted simultaneously with surface mining, and in any case shall be initiated at the earliest possible time after completion of surface mining on any segment of the permit area.

All reclamation activities shall be completed not more than two years after completion or abandonment of surface mining on each segment of the area for which a reclamation permit is in force.

The department may by contract delegate enforcement of provisions of reclamation plans to counties, cities, and towns. A county, city, or town performing enforcement functions may not impose any additional fees on permit holders.

NEW SECTION. Sec. 25. Sections 1 through 16 of this act shall constitute a new chapter in Title 78 RCW.

NEW SECTION. Sec. 26. (1) The department of ecology shall establish a metals mining advisory group, to be comprised of members representing the metals mining industry, county commissioners of affected counties, the environmental community, the department of ecology, the department of fish and wildlife, and the department of natural resources.

(2) The metals mining advisory group will focus on the following tasks:
(a) A review of the adequacy of the cost-accounting methods of the departments of ecology and natural resources in accurately identifying the costs associated with the requirements established in this act;
(b) Establishing a set of success measures to be used to evaluate the implementation of the new coordinator role established in this act;
(c) Examination of possible new inspection requirements for the department of fish and wildlife and a means to fund any new requirements; and
(d) Identification and evaluation of the alternative bases for allocating the costs that may be necessitated by this act.

(3) The advisory group shall report its findings and its preferred alternative among the options identified in subsection (2)(d) of this section to the legislature by January 1, 1995.

NEW SECTION. Sec. 27. If specific funding for the purposes of this act, referencing this act by bill number, is not provided by June 30, 1994, in the omnibus appropriations act, this act shall be null and void.

NEW SECTION. Sec. 28. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 29. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and, with the exception of sections 6 through 8 and 18 through 22 of this act, shall take effect immediately.

NEW SECTION. Sec. 30. Sections 6 through 8 and 18 through 22 of this act shall take effect July 1, 1995.”

Notwithstanding any provision in RCW 43.21C.030 and 43.21C.031 to the contrary, an environmental impact statement shall be prepared for any proposed metals mining and milling operation as required by section 5 of this act.”
Renumber the remaining sections consecutively and correct internal references accordingly.

The President Pro Tempore declared the question before the Senate to be the adoption of the amendment by Senator Amondson on page 12, line 14, to the Committee on Ways and Means striking amendment to Engrossed Substitute House Bill No. 2521.

The motion by Senator Amondson carried and the Committee on Ways and Means striking amendment was adopted.

MOTIONS

On motion of Senator Owen, the following title amendments were considered simultaneously and were adopted:
On page 1, line 1 of the title, after “operations;” strike the remainder of the title and insert “amending RCW 90.03.350, 90.48.090, 78.44.161, 78.44.087, and 78.44.131; adding a new section to chapter 70.94 RCW; adding a new section to chapter 70.105 RCW; adding a new chapter to Title 78 RCW; creating new sections; prescribing penalties; providing an effective date; and declaring an emergency.”

On motion of Senator Owen, the rules were suspended, Engrossed Substitute House Bill No. 2521, as amended by the Senate, was advanced to third reading, the second reading considered the third and the bill was placed on final passage.

Debate ensued.
POINT OF INQUIRY

Senator Oke: “Senator Owen, are you aware that there are currently EIS documents and permit applications being prepared on different mining proposals? Is it the intent of this legislation to have the Department of Ecology delay action on any proposal until the provisions of the bill are implemented?”

Senator Owen: “First, yes, I am aware and no, this bill was drafted after a thorough review of the state’s mining regulations by a legislative advisory group. Our deliberations identified no flaws in the existing environmental review process that should require the Department of Ecology to postpone action on proposals until the provisions of the bill are implemented.”

POINT OF INQUIRY

Senator Sellar: “Senator Owen, is it your understanding that the provisions of this bill are intended to affect the shut down of the Cannon Mine in Wenatchee?”

Senator Owen: “No, Senator Sellar, the Cannon Mine is an existing mine and its shut down has been under way for a year. This bill affects new mines and expansions of existing mines only.”

Further debate ensued.

POINT OF INQUIRY

Senator Anderson: “Senator Owen, would the type of mining that Olivine does in my district, would that be subject to the provisions of this bill? They are not a new mine, but if they wanted to expand the mine would that be part of the provisions of this bill?”

Senator Owen: “I'm not familiar with this mine. Is it a metals' mine? What kind of mine is it?”

Senator Anderson: “They mine olivine; that's the product.”

Senator Owen: “Olivine? No, it is exempted in the bill. It would not be affected by it. I don't recognize the name that you are saying, but my experts around here are informing me that is not one of the metals that are included in this mining act.”

The President Pro Tempore declared the question before the Senate to be the roll call on the final passage of Engrossed Substitute House Bill No. 2521, as amended by the Senate.

ROLL CALL

The Secretary called the roll on the final passage of Engrossed Substitute House Bill No. 2521, as amended by the Senate, and the bill passed the Senate by the following vote: Yeas, 39; Nays, 10; Absent, 0; Excused, 0.

ENGROSSED SUBSTITUTE HOUSE BILL NO. 2521, as amended by the Senate, having received the constitutional majority, was declared passed. There being no objection, the title of the bill will stand as the title of the act.

(1) The registration number must be conspicuously posted in the place of business and must be included in all advertisements. The director shall promptly notify the applicant in writing by certified mail of its intent to refuse to renew the registration. The registrant may, within twenty-one days after receipt of that notice or intent, request a hearing on the refusal. The director may permit the registrant to honor commitments already made to its customers, but no new commitments may be incurred, unless the director is satisfied that all new commitments are completely bonded or secured to insure that the general public is protected from loss of money paid to the registrant. It is the responsibility of the registrant to contest the decision regarding conditions imposed or registration denied through the process established by the administrative procedure act, chapter 34.05 RCW.

NEW SECTION. Sec. 6. (1) The director may deny, suspend, or revoke the registration of a seller of travel if the director finds that the applicant:

That solicitation signifies the nonresident's agreement that process against the nonresident that is served as provided in this chapter is of the same legal force and validity as if served personally on the nonresident seller of travel.

(2) Service of process upon a nonresident seller of travel shall be made by leaving a copy of the process with the director. The fee for the service of process shall be determined by the director by rule. That service is sufficient service upon the nonresident if the plaintiff or plaintiff's attorney of record sends notice of the service and a copy of the process by certified mail before service or immediately after service to the defendant at the address given by the nonresident in a solicitation furnished by the nonresident, and the sender's post office receipt of sending and the plaintiff's or plaintiff's attorney's affidavit of compliance with this section are returned with the process in accordance with Washington superior court civil rules. Notwithstanding the foregoing requirements, however, once service has been made on the director as provided in this section, in the event of failure to comply with the requirement of notice to the nonresident, the court may order that notice be given that will be sufficient to apprise the nonresident.

**NEW SECTION.** Sec. 14. The director, in the director's discretion, may:

(2) Publish information concerning a violation of this chapter or a rule adopted or order issued under this chapter; and

NEW SECTION. Sec. 16. If it appears to the director that a person has engaged in an act or practice constituting a violation of this chapter or a rule adopted or order issued under this chapter, the director may, in the director’s discretion, issue an order directing the person to cease and desist from continuing the act or practice. Reasonable notice of an opportunity for a hearing shall be given. The director may issue a temporary order pending the hearing, which shall remain in effect until ten days after the hearing is held and which shall become final if the person to whom the notice is addressed does not request a hearing within fifteen days after the receipt of the notice.

NEW SECTION. Sec. 17. The attorney general, a county prosecuting attorney, the director, or any person may, in accordance with the law of this state governing injunctions, maintain an action in the name of this state to enjoin a person or entity selling travel services for which registration is required by this chapter without registration from engaging in the practice until the required registration is secured. However, the injunction shall not relieve the person or entity selling travel services without registration from criminal prosecution therefor, but the remedy by injunction shall be in addition to any criminal liability.

NEW SECTION. Sec. 18. A person or business that violates an injunction issued under this chapter shall pay a civil penalty, as determined by the court, of not more than twenty-five thousand dollars, that shall be paid to the department. For the purpose of this section, the superior court issuing an injunction shall retain jurisdiction and the cause shall be continued, and in such cases the attorney general acting in the name of the state may petition for the recovery of civil penalties.

NEW SECTION. Sec. 19. The director or individuals acting on the director’s behalf are immune from suit in any action, civil or criminal, based on disciplinary proceedings or other official acts performed in the course of their duties in the administration and enforcement of this chapter.

NEW SECTION. Sec. 20. (1) The director may assess against a person or organization that violates this chapter, or a rule adopted under this chapter, a civil penalty of not more than one thousand dollars for each violation.
(2) The person or organization shall be afforded the opportunity for a hearing, upon request made to the director within thirty days after the date of issuance of the notice of assessment. The hearing shall be conducted in accordance with chapter 34.05 RCW.
(3) A civil penalty shall be imposed by the court for each violation of this chapter in an amount not less than five hundred dollars nor more than two thousand dollars per violation.
(4) If a person fails to pay an assessment after it has become a final and unappealable order, or after the court has entered final judgment in favor of the state, the director may recover the amount assessed by action in the appropriate superior court. In the action, the validity and appropriateness of the final order imposing the penalty shall not be subject to review.

NEW SECTION. Sec. 21. The director may assess against a person or organization that violates this chapter, or a rule adopted under this chapter, the full amount of restitution as may be necessary to restore to a person an interest in money or property, real or personal, that may have been acquired by means of an act prohibited by or in violation of this chapter.

NEW SECTION. Sec. 22. In order to maintain or defend a lawsuit, a seller of travel must be registered with the department as required by this chapter and rules adopted under this chapter.

NEW SECTION. Sec. 23. (1) Each person who knowingly violates this chapter or who knowingly gives false or incorrect information to the director, attorney general, or county prosecuting attorney in filing statements required by this chapter, whether or not the statement or report is verified, is guilty of a gross misdemeanor punishable under chapter 9A.20 RCW.
(2) A person who violates this chapter or who gives false or incorrect information to the director, attorney general, or county prosecuting attorney in filing statements required by this chapter, whether or not the statement or report is verified, is guilty of a misdemeanor punishable under chapter 9A.20 RCW.

NEW SECTION. Sec. 24. The administrative procedure act, chapter 34.05 RCW, shall, wherever applicable, govern the rights, remedies, and procedures respecting the administration of this chapter.

NEW SECTION. Sec. 25. All information, documents, and reports filed with the director under this chapter are matters of public record and shall be open to public inspection, subject to reasonable regulation. The director may make public, on a periodic or other basis, the information as may be necessary or appropriate in the public interest concerning the registration, reports, and information filed with the director or any other matters to the administration and enforcement of this chapter.

NEW SECTION. Sec. 26. The legislature finds that the practices governed by this chapter are matters vitally affecting the public interest for the purpose of applying the consumer protection act, chapter 19.86 RCW. Any violation of this chapter is not reasonable in relation to the development and preservation of business and is an unfair and deceptive act or practice and unfair method of competition in the conduct of trade or commerce in violation of RCW 19.86.020. Remedies provided by chapter 19.86 RCW are cumulative and not exclusive.
NEW SECTION. Sec. 27. In addition to any other penalties or remedies under chapter 19.86 RCW, a person who is injured by a violation of this chapter may bring an action for recovery of actual damages, including court costs and attorneys' fees. No provision in this chapter shall be construed to limit any right or remedy provided under chapter 19.86 RCW.

(3) To suspend or revoke a registration for a violation of this chapter;

(4) To establish fees;

(5) Upon receipt of a complaint, to inspect and audit the books and records of a seller of travel. For that purpose, the director shall have full and free access to the office and places of business of the seller of travel during regular business hours; and

(6) To do all things necessary to carry out the functions, powers, and duties set forth in this chapter.

NEW SECTION. Sec. 14. That solicitation signifies the nonresident's agreement that process against the nonresident that is served as provided in this chapter is of the same legal force and validity as if served personally on the nonresident seller of travel.

(2) Service of process upon a nonresident seller of travel shall be made by leaving a copy of the process with the director. The fee for the service of process shall be determined by the director by rule. That service is sufficient service upon the nonresident if the plaintiff or plaintiff's attorney of record sends notice of the service and a copy of the process by certified mail before service or immediately after service to the defendant at the address given by the nonresident in a solicitation furnished by the nonresident, and the sender's post office receipt of sending and the plaintiff's or plaintiff's attorney's affidavit of compliance with this section are returned with the process in accordance with Washington superior court civil rules. Notwithstanding the foregoing requirements, however, once service has been made on the director as provided in this section, in the event of failure to comply with the requirement of notice to the nonresident, the court may order that notice be given that will be sufficient to apprise the nonresident.

NEW SECTION. Sec. 15. The director, in the director's discretion, may:
(1) Annually, or more frequently, make public or private investigations within or without this state as the director deems necessary to determine whether a registration should be granted, denied, revoked, or suspended, or whether a person has violated or is about to violate this chapter or a rule adopted or order issued under this chapter, or to aid in the enforcement of this chapter or in the prescribing of rules and forms of this chapter;

(2) Publish information concerning a violation of this chapter or a rule adopted or order issued under this chapter; and

(3) Investigate complaints concerning practices by sellers of travel for which registration is required by this chapter.

Reasonable notice of an opportunity for a hearing shall be given. The director may issue a temporary order pending the hearing, which shall remain in effect until ten days after the hearing is held and which shall become final if the person to whom the notice is addressed does not request a hearing within fifteen days after the receipt of the notice.

NEW SECTION. Sec. 18. The attorney general, a county prosecuting attorney, the director, or any person may, in accordance with the law of this state governing injunctions, maintain an action in the name of the state to enjoin a person or entity selling travel services for which registration is required by this chapter without registration from engaging in the practice until the required registration is secured. However, the injunction shall not relieve the person or entity selling travel services without registration from criminal prosecution therefor, but the remedy by injunction shall be in addition to any criminal liability.

NEW SECTION. Sec. 19. A person or business that violates an injunction issued under this chapter shall pay a civil penalty, as determined by the court, of not more than twenty-five thousand dollars, that shall be paid to the department. For the purpose of this section, the superior court issuing an injunction shall retain jurisdiction and the cause shall be continued, and in such cases the attorney general acting in the name of the state may petition for the recovery of civil penalties.

NEW SECTION. Sec. 20. The director or individuals acting on the director's behalf are immune from suit in any action, civil or criminal, based on disciplinary proceedings or other official acts performed in the course of their duties in the administration and enforcement of this chapter.

NEW SECTION. Sec. 21. (1) The director may assess against a person or organization that violates this chapter, or a rule adopted under this chapter, a civil penalty of not more than one thousand dollars for each violation.

(2) The person or organization shall be afforded the opportunity for a hearing, upon request made to the director within thirty days after the date of issuance of the notice of assessment. The hearing shall be conducted in accordance with chapter 34.05 RCW.

(3) A civil penalty shall be imposed by the court for each violation of this chapter in an amount not less than five hundred dollars nor more than two thousand dollars per violation.

(4) If a person fails to pay an assessment after it has become a final and unappealable order, or after the court has entered final judgment in favor of the state, the director may recover the amount assessed by action in the appropriate superior court. In the action, the validity and appropriateness of the final order imposing the penalty shall not be subject to review.

NEW SECTION. Sec. 22. The director may assess against a person or organization that violates this chapter, or a rule adopted under this chapter, the full amount of restitution as may be necessary to restore to a person an interest in money or property, real or personal, that may have been acquired by means of an act prohibited by or in violation of this chapter.

NEW SECTION. Sec. 23. In order to maintain or defend a lawsuit, a seller of travel must be registered with the department as required by this chapter and rules adopted under this chapter.

NEW SECTION. Sec. 24. (1) Each person who knowingly violates this chapter or who knowingly gives false or incorrect information to the director, attorney general, or county prosecuting attorney in filing statements required by this chapter, whether or not the statement or report is verified, is guilty of a gross misdemeanor punishable under chapter 9A.20 RCW.

(2) A person who violates this chapter or who gives false or incorrect information to the director, attorney general, or county prosecuting attorney in filing statements required by this chapter, whether or not the statement or report is verified, is guilty of a misdemeanor punishable under chapter 9A.20 RCW.

NEW SECTION. Sec. 25. The administrative procedure act, chapter 34.05 RCW, shall, wherever applicable, govern the rights, remedies, and procedures respecting the administration of this chapter.

NEW SECTION. Sec. 26. All information, documents, and reports filed with the director under this chapter are matters of public record and shall be open to public inspection, subject to reasonable regulation. The director may make public, on a periodic or other basis, the information as may be necessary or appropriate in the public interest concerning the registration, reports, and information filed with the director or any other matters to the administration and enforcement of this chapter.

NEW SECTION. Sec. 27. The legislature finds that the practices governed by this chapter are matters vitally affecting the public interest for the purpose of applying the consumer protection act, chapter 19.86 RCW. Any violation of this chapter is not reasonable in relation to the development and preservation of business and is an unfair and deceptive act or practice and unfair method of competition in the conduct of trade or commerce in violation of RCW 19.86.020. Remedies provided by chapter 19.86 RCW are cumulative and not exclusive.
NEW SECTION. Sec. 28. In addition to any other penalties or remedies under chapter 19.86 RCW, a person who is injured by a violation of this chapter may bring an action for recovery of actual damages, including court costs and attorneys' fees. No provision in this chapter shall be construed to limit any right or remedy provided under chapter 19.86 RCW.

NEW SECTION. Sec. 29. The following acts or parts of acts are each repealed:

Any state funds appropriated to the department of licensing for implementation of chapter . . . , Laws of 1994 (this act) for the biennium ending June 30, 1995, shall be reimbursed by June 30, 1997, by an assessment of fees sufficient to cover all costs of implementing chapter . . . , Laws of 1994 (this act).

NEW SECTION. Sec. 32. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 33. Sections 1 through 29 of this act shall take effect January 1, 1996.

NEW SECTION. Sec. 34. Sections 2 through 6, 8, 9, 13 through 28, 30, and 31 of this act are each added to chapter 19.138 RCW.

The motion by Senator Prentice carried and the striking amendment was adopted.

MOTIONS

On motion of Senator Moore, the following title amendment was adopted:

On motion of Senator Moore, the rules were suspended, Engrossed Substitute House Bill No. 2688, as amended by the Senate, was advanced to third reading, the second reading considered the third and the bill was placed on final passage. Debate ensued.

MOTION

On motion of Senator Drew, Senator Vognild was excused.

POINT OF INQUIRY

Senator West: "I need help from one of the legal minds on the floor, maybe Senator Talmadge, maybe Senator Smith. In Section 18, there is a phrase that says, 'or any person may in accordance with law bring an action in the name of the state.' Is that unusual--allowing a person to bring an action in the name of the state? I object to that. I don't know if that is a term of art or not. What it says is, 'the attorney general can or the prosecuting attorney or the director can bring an injunction.' I don't have a problem with that, bringing it in the name of the state, but I don't want to give just any Joe Smuck out there the authority to come in and in the name of the state of Washington file an injunction. Not being a lawyer, I don't know if that is a term of art or not. Obviously, no one over there is paying any attention, so I guess I will vote against the bill. Thank you."

Senator Amondson: "Senator West, I don't intend or claim to be a legal mind, nor would I want to be, but the bill itself, I think, speaks to the issue of what we have been doing and trying to do in this session. That is with respect to the issue of regulatory reform. I think it is unfortunate that many consumers are being taken advantage of by unscrupulous people such as travel agents--that are taking advantage of consumers and have a problem with absconding their dollars and going away with them.
“Unfortunately, I wish we could, but we can't always legislate common sense or moral fibre in the people that represent and do business. We can't do that; I think this bill tries to help in some manner to protect those consumers, but unfortunately as anything can happen, will happen. Those that break the law will continue to break the law and they will attempt to do so by whatever means possible. The legislation does go to a point of trying to protect them, but I don't think it will take care of the eventual problem and the underlying problem that people, if they want to break the law, they will.”

The President declared the question before the Senate to be the roll call on the final passage of Engrossed Substitute House Bill No. 2688, as amended by the Senate.

ROLL CALL

The Secretary called the roll on the final passage of Engrossed Substitute House Bill No. 2688, as amended by the Senate, and the bill passed the Senate by the following vote: Yeas, 28; Nays, 20; Absent, 0; Excused, 1.

Coordinating watershed-based natural resource planning.

The bill was read the second time.

MOTIONS

Senator Owen moved that the following Committee on Natural Resources amendment be adopted:

Strike everything after the enacting clause and insert the following:

*NEW SECTION. Sec. 1.* The legislature finds that:

(1) In times of decreasing revenues and increasing demands, it is critically important to ensure the efficient use of scarce financial resources by avoiding overlap and duplication of effort among watershed-based planning efforts;

(2) Comprehensive planning for the management of natural resources on a watershed basis is desirable because it has the potential to address multiple concerns in an integrated and efficient manner;

(3) Implementation of watershed-based planning may be complicated by multiple land ownerships, different management missions and objectives, different ways of collecting information, and legal constraints such as federal and state antitrust statutes;

(4) Many different entities, including federal, state, and local governments, tribes, and landowners are already conducting watershed-based planning, research, and monitoring programs;

(5) There exists a compelling need for a consistent process for collecting and sharing information and data among all interested parties; and

(6) There also exists a compelling need to ensure that the goals and objectives of watershed planning efforts are coordinated and consistent with each other.

*NEW SECTION. Sec. 2.* (1) State agencies involved in watershed-based natural resource planning efforts shall coordinate their planning and implementation processes. These cooperating state agencies shall include, but not be limited to, the departments of natural resources,
agriculture, ecology, fish and wildlife, health, and community, trade, and economic development; the Puget Sound water quality authority; and the office of the governor. These agencies will meet as a group and include at those meetings representatives of federal agencies, local governments, tribes, private landowners, environmental groups, the public water supply entities utilizing water from the watershed, resource user groups, and other interested parties.

(2) The commissioner of public lands shall coordinate discussions of watershed-based natural resource planning among these various parties. The department of natural resources will provide a reasonable level of staff support for the work of the group.

(3) On or before December 15, 1994, the department of natural resources shall prepare a report for the legislature based on the group's discussions and findings. At a minimum this report shall include:

(a) Identification of barriers to coordination and cooperation in watershed-based planning and management of natural resources;
(b) Recommendations on the collection, storage, and maintenance of information in watershed analysis, planning, monitoring, and research programs. These recommendations could lead to the establishment of protocols governing data collection and information exchange;
(c) Identification of actual and potential overlap and duplication of effort in watershed-based natural resource planning efforts;
(d) Identification of gaps of coverage in existing and proposed watershed planning projects;
(e) Examination of the possible establishment of a central depository and of a process for periodically updating and distributing information on watershed-based natural resource planning efforts;
(f) Identification of strategies for developing cooperative watershed-based planning efforts which provide an opportunity for participants to:
   (i) Establish coordinated and consistent goals and objectives which emphasize the natural and economic values of the watershed; and
   (ii) Identify approaches for coordinating and financing the implementation of watershed-based plans; and
(g) A process providing for ongoing review, revision, and update of watershed-based plans and management activities."

On motion of Senator Owen, the following amendments by Senators Owen and Rinehart to the Committee on Natural Resources striking amendment were considered simultaneously and were adopted:

On page 2, line 33 of the amendment, after "other" insert "and"

On page 1, line 27 of the amendment, after "other" insert "; and

(7) Coordination of state, federal, and local resources is needed to maximize the value of the state's forty million dollar biennial investment in anadromous fish protection to improve stocks in critical and depressed condition"

On page 2, after line 33 of the amendment, insert the following:

"(4) The commissioner of public lands shall cochair with the director of the department of fish and wildlife, a committee named the watershed council. The council shall consist of, but not be limited to, the director of the department of ecology, the secretary of transportation, the chair of the conservation commission, a representative of forest landowners, and a representative of agricultural landowners for the purpose of coordinating the state's efforts in addressing threatened anadromous fish resources and to preclude endangered species listings. The council shall coordinate the allocation of state resources in conjunction with federal, tribal, private, and local resources for watershed restoration and protection in order to maximize the state's effort to improve fish stocks in critical and depressed condition. The coordination is intended to maximize the expenditure of public funds, not to change statutory mandates for specific programs.

On motion of Senator Owen, the following amendments by Senators Sutherland and Owen to the Committee on Natural Resources striking amendment were adopted:

On page 2, line 24 of the amendment, strike "and"

On page 1, line 22 of the amendment, after "other" insert "; and

Particular emphasis shall be placed on projects that assist in fish passage barrier removal, erosion control, road closure, obliteration, revegetation, and drainage improvements. If the watershed recovery council is not established by July 1, 1994, then the department shall consult with the commissioner of public lands and the director of fish and wildlife to identify and implement watershed restoration projects. Nothing in this section shall interfere with the duties and functions of the military department as prescribed under Title 38 RCW."

Prohibiting disciplining public employees because of labor disputes.

The bill was read the second time.

MOTION
Senator Snyder moved that the following Committee on Labor and Commerce amendment not be adopted:
Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 41.56.160 and 1983 c 58 s 1 are each amended to read as follows:
The commission is empowered and directed to prevent any unfair labor practice and to issue appropriate remedial orders((Provided, That)). However, a complaint shall not be processed for any unfair labor practice occurring more than six months before the filing of the complaint with the commission. (This) The commission shall establish an expedited review and hearing process for an unfair labor practice involving a disciplinary action against a public employee for participating in a strike or honoring a picket line. Such disciplinary action shall be prohibited unless the employee's participation in a strike or honoring of a picket line is in violation of a court order. The power granted in this section shall not be affected or impaired by any means of adjustment, mediation or conciliation in labor disputes that have been or may hereafter be established by law."

The President declared the question before the Senate to be the motion by Senator Snyder that the Committee on Labor and Commerce striking amendment to Engrossed House Bill No 2161 not be adopted.

The motion by Senator Snyder carried and the Committee on Labor and Commerce striking amendment to Engrossed House Bill No. 2161 was not adopted.

MOTION

Senator Snyder moved that the following amendment be adopted:
Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 41.56.160 and 1983 c 58 s 1 are each amended to read as follows:
The commission is empowered and directed to prevent any unfair labor practice and to issue appropriate remedial orders((Provided, That)). However, a complaint shall not be processed for any unfair labor practice occurring more than six months before the filing of the complaint with the commission. (This) The commission shall establish an expedited review and hearing process for an unfair labor practice involving a disciplinary action against a public employee for participating in a strike or honoring a picket line. Notwithstanding RCW 41.56.120, in the event that a public employee participates in a strike or honors a picket line against his or her public employer, and as a result of the strike or honoring of a picket line an amnesty agreement with the bargaining representative is approved by the legislative authority or governing body of the public entity that prohibits disciplinary action for such participation, any disciplinary action taken against an employee in violation of the amnesty agreement shall be subject to expedited review and remedial action by the commission. The power granted in this section shall not be affected or impaired by any means of adjustment, mediation or conciliation in labor disputes that have been or may hereafter be established by law."

POINT OF INQUIRY

Senator Anderson: "Senator Snyder, on the amendment, is the language still in here that is in our book that says it is clarifying that a disciplinary action against a public employee for participating in a strike or for honoring a picket line is prohibited? Is that language that was in the Senate amendment found in this amendment we are now adopting?"

Senator Snyder: "I can't answer that for sure, but the purpose of this is to get this in to conference and work out the problem. It is to take care of the action that was perpetuated in Spokane and also to clarify--some people think that the amendment that I have would keep the strike provision the same as it is in the law today. Other people think that it is going to change that."

The President declared the question before the Senate be the adoption of the striking amendment by Senator Snyder to Engrossed House Bill No. 2161.

The motion by Senator Snyder carried and the striking amendment was adopted.

MOTIONS

On motion of Senator Snyder, the following title amendment was adopted:
On page 1, line 2 of the title, after "bargaining:" strike the remainder of the title and insert "and amending RCW 41.56.160."

Senator Snyder moved that the rules be suspended and Engrossed House Bill No. 2161, as amended by the Senate, be advanced to third reading, the second reading considered the third and the bill be placed on final passage.

REMARKS BY SENATOR WEST
Senator West: "Mr. President, I would suggest that we not suspend the rules on this bill, under Rule 64. The bill should be sent to the Rules Committee. I think it needs further review. None of us has had the opportunity to see the Snyder amendment and I don't think that we should waive Rule 64 or suspend Rule 64.

"I believe that you will find that by looking at Rule 64 that Rule 64 does not apply to within the three days or within the ten days, that is Rule 62. Rule 62 is the rule that says that each bill shall be read on a separate day. It says, 'three separate days unless the Senate deems it expedient to suspend this rule. On and after the tenth day preceding adjournment sine die of any session, or three days prior to any cut-off date for consideration of bills, as determined pursuant to Article 2, Section 19 of the constitution or concurrent resolution.' Then that rule, Rule 62, can be suspended by a majority vote.

"The rule I'm speaking of, Mr. President, is Rule 64. Rule 64 states, 'Upon second reading, the bill shall be read section by section, in full, and be subject to amendment. Any member may, if sustained by three members, remove a bill from the consent calendar, etc, etc.--No amendment shall be considered by the Senate until it shall have been sent to the secretary's desk in writing and read by the secretary--all amendments adopted.'--I'll get to the pertinent section here--'When no further amendments shall be offered, the president shall declare the bill has passed its second reading, and shall be referred to the committee on rules for third reading.' That, Mr. President, would come under Rule No. 35, I believe, talking about suspension of the rules, which does require a two-thirds vote."

Senators Gaspard, Snyder and Spanel demanded the previous question and the demand was sustained.

MOTIONS

Senator Gaspard moved that the Senate commence consideration of Engrossed Second Substitute House Bill No. 2798. Senator Erwin objected to the motion by Senator Gaspard to commence consideration of Engrossed Second Substitute House Bill No. 2798 and moved to consider Engrossed Substitute House Bill No. 2462. The President declared the question before the Senate to be the first motion, the motion by Senator Gaspard, to commence consideration of Engrossed Second Substitute House Bill No. 2798. The motion by Senator Gaspard carried and the Senate commenced consideration of Engrossed Second Substitute House Bill No. 2798.

SECOND READING

Making major changes to the welfare system.

The bill was read the second time.

MOTION

Senator Talmadge moved that the following Committee on Ways and Means amendment be adopted:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that lengthy stays on welfare, lack of access to vocational education and training, the inadequate emphasis on employment by the social welfare system, and teen pregnancy are obstacles to achieving economic independence. Therefore, the legislature intends that:

(1) Income and employment assistance programs emphasize the temporary nature of welfare and set goals of responsibility, work, and independence;
(2) State institutions take an active role in preventing pregnancy in young teens;
(3) Family planning assistance be readily available to welfare recipients;
(4) Support enforcement be more effective and the level of responsibility of noncustodial parents be significantly increased; and
(5) Employment assistance resources focus on recipients so as to reduce the likelihood of long-term stays on welfare and target most likely to benefit from such resources."
NEW SECTION. Sec. 2. A new section is added to chapter 74.12 RCW to read as follows:

The department shall train financial services and social work staff who provide direct service to recipients of aid to families with dependent children to:

1. Effectively communicate the transitional nature of aid to families with dependent children and the expectation that recipients will enter employment;
2. Actively refer clients to the job opportunities and basic skills program;
3. Provide social services needed to overcome obstacles to employability; and
4. Provide family planning information and assistance, including alternatives to abortion, which shall be conducted in consultation with the department of health.

NEW SECTION. Sec. 3. A new section is added to chapter 74.12 RCW to read as follows:

At time of application or reassessment under this chapter the department shall offer or contract for family planning information and assistance, including alternatives to abortion, and any other available locally based teen pregnancy prevention programs, to prospective and current recipients of aid to families with dependent children.

PART II. TEEN PREGNANCY PREVENTION

NEW SECTION. Sec. 4. For the 1994-95 school year, the office of the superintendent of public instruction shall administer a program that provides grants to school districts for media campaigns promoting sexual abstinence and addressing the importance of delaying sexual activity, pregnancy, and childbirth until individuals are ready to nurture and support their children. The messages shall be distributed in the school and community where produced. Grants to the school districts shall be for projects that are substantially designed and produced by students. The grants shall require a local private sector match equal to the state grant, which may include in-kind contribution of technical or other assistance from consultants or firms involved in public relations, advertising, broadcasting, and graphics or video production or other related fields. For purposes of evaluating the impact of the campaigns, applicants shall estimate student pregnancy and birth rates over the prior three to five years.

PART III. REFocusing JOBS

Sec. 5. RCW 74.25.010 and 1991 c 126 s 5 are each amended to read as follows:

The legislature establishes as state policy the goal of economic self-sufficiency for employable recipients of public assistance, through employment, training, and education. In furtherance of this policy, the legislature intends to comply with the requirements of the federal social security act, as amended, by creating a job opportunities and basic skills training program for applicants and recipients of aid to families with dependent children. The purpose of this program is to provide recipients of aid to families with dependent children the opportunity to obtain (a full range of necessary) appropriate education, training, skills, and supportive services, including child care, consistent with their needs, that will help them enter or reenter gainful employment, thereby avoiding long-term welfare dependence and achieving economic self-sufficiency. The program shall be operated by the department of social and health services in conformance with federal law and consistent with the following legislative findings:

1. The legislature finds that the well-being of children depends not only on meeting their material needs, but also on the ability of parents to become economically self-sufficient. The job opportunities and basic skills training program is specifically directed at increasing the labor force participation and household earnings of aid to families with dependent children recipients, through the removal of barriers preventing them from achieving self-sufficiency. These barriers include, but are not limited to, the lack of recent work experience, supportive services such as affordable and reliable child care, adequate transportation, appropriate counseling, and necessary job-related tools, equipment, books, clothing, and supplies, the absence of basic literacy skills, the lack of educational attainment sufficient to meet labor market demands for career employees, and the nonavailability of useful labor market assessments.
2. The legislature also recognizes that aid to families with dependent children recipients must be acknowledged as active participants in self-sufficiency planning under the program. The legislature finds that the department of social and health services should communicate concepts of the importance of work and how performance and effort directly affect future career and educational opportunities and economic well-being, as well as personal empowerment, self-motivation, and self-esteem to program participants. The legislature further recognizes that informed choice is consistent with individual responsibility, and that parents should be given a range of options for available child care while participating in the program.
3. The legislature finds that current work experience is one of the most important factors influencing an individual’s ability to work toward financial stability and an adequate standard of living in the long term, and that work experience should be the most important component of the program.
4. The legislature finds that education, including, but not limited to, literacy, high school equivalency, vocational, secondary, and postsecondary, is one of the most important tools an individual needs to achieve full independence, and that this should be an important component of the program.
The legislature further finds that the objectives of this program are to assure that aid to families with dependent children recipients gain experience in the labor force and thereby enhance their long-term ability to achieve financial stability and an adequate standard of living at wages that will meet family needs.

Sec. 6. RCW 74.25.020 and 1993 c 312 s 7 are each amended to read as follows:

(1) The department of social and health services is authorized to contract with public and private employment and training agencies and other public service entities to provide services prescribed or allowed under the federal social security act, as amended, to carry out the purposes of the jobs training program. In contracting for job placement, job search, and other job opportunities and basic skills services, the department is encouraged to structure payments to the contractor on a performance basis. The department of social and health services has sole authority and responsibility to carry out the job opportunities and basic skills training program. No contracting entity shall have the authority to review, change, or disapprove any administrative decision, or otherwise substitute its judgment for that of the department of social and health services as to the application of policies and rules adopted by the department of social and health services. The department shall maximize the federal matching funds available for the job opportunities and basic skills program by aggressively seeking private and public funds as match for federal funds.

(2) The department shall collect information from all adult recipients of aid to families with dependent children on years of education and recent work experience. This information, along with age and number of months of assistance receipt, shall be used to target and prioritize job opportunities and basic skills services.

(3) To the extent feasible under federal law, the department of social and health services and all entities contracting with it shall (give first priority of service to individuals volunteering for program participation) place nonexempt adult recipients of aid to families with dependent children (AFDC) into the following four target categories:
(a) Recipients with high education and low-work experience;
(b) Recipients with high education and high-work experience;
(c) Recipients with low education and high-work experience; and
(d) Recipients with low education and low-work experience.

(4) As used in subsection (3) of this section, "low education" means having only a general equivalency diploma or lacking a high school diploma. "Low-work experience" means working five hundred or fewer hours annually.

(5) Aid to families with dependent children recipients under age twenty who have not completed high school will be required to do so and are excluded from the target categories defined in subsection (3) of this section.

(6) To the maximum extent permitted under state and federal law, the department and all entities contracting with the department shall prioritize existing job search, job training, and education resources in the manner provided in this subsection. All recipients in the target categories in subsection (3)(a), (b), and (c) of this section shall receive immediate mandatory job search assistance prior to any individualized assessment. To the extent that such assistance does not result in employment for a period of at least six months, additional job search assistance and training shall be provided as necessary for the recipient to become self-sufficient and as indicated by an individualized assessment and employability plan. The assessments and employability plan shall identify and primarily respond to a participant's job readiness. The job opportunities and basic skills training program components specified by the employability plan shall place a high priority on participants gaining work experience and participants under subsection (2) of this section will normally be expected to take any job offered unless there is good cause to refuse to accept a job. Good cause shall be found if any of the conditions described in subsection (3) of this section are met, or if accepting a job would result in a participant having to discontinue an education or job training program that is part of the participant's employability plan prior to completion of such education or job training program.

The department of social and health services shall track the experience of those recipients who accept any job offered as part of their job opportunities and basic skills program participation. In tracking such recipients, the department shall determine the wages and hours of the job taken, whether earnings resulted in eligiblity for aid to families with dependent children, whether the recipient returns to the aid to families with dependent children program, and, for recipients who do return to the aid to families with dependent children program, the wages and hours of subsequent jobs taken.

Hours of unsubsidized employment shall count towards participation requirements independent of date of hire or concurrent participation in other components of the job opportunities and basic skills program. The additional services identified through assessments and identified in the employability plan shall be provided within existing state and federal resources and in the following priority order: First, to recipients in the category in subsection (3)(a) of this section, second to recipients in the category in subsection (3)(b) of this section, and third to recipients in the category in subsection (3)(c) of this section. Recipients who have received aid to families with dependent children for thirty-six of the last sixty months shall have the highest priority for services within the categories in subsection (3) (a), (b), and (c) of this section. Recipients in the target category in subsection (3)(d) of this section shall receive job search assistance and other services to the extent that resources are available, with recipients who have received assistance grants for thirty-six of the last sixty months having the highest priority for services within this group.

(7) All job search, skills training, and postsecondary education shall be oriented towards local labor force needs as determined by the department in consultation with the local private industry council and the employment security department. Education and skills training shall emphasize basic, secondary, and vocational education. Aid to families with dependent children grants shall be provided to individuals attending a four-
year college or university only if it can be demonstrated that it provides the fastest and most efficient path to employment for a particular recipient. Aid to families with dependent children recipients are prohibited from undertaking a postsecondary course of study oriented primarily towards liberal arts.

(8) Job search assistance, whether provided by the department or an entity contracting with the department, shall include job development services. The services shall be provided by persons responsible for identifying existing and potential job openings and for developing relationships with existing and potential area employers.

(4) The department of social and health services shall adopt rules under chapter 34.05 RCW establishing criteria constituting circumstances of good cause for an individual failing or refusing to participate in an assigned program component, or failing or refusing to accept or retain employment. These criteria shall include, but not be limited to, the following circumstances: (a) if the individual is a parent or other relative personally providing care for a child under age [(six years, and the employment would require the individual to work more than twenty hours per week)] three; (b) if child care, or day care for an incapacitated individual living in the same home as a dependent child, is necessary for an individual to participate or continue participation in the program or accept employment, and such care is not available, and the department of social and health services fails to provide such care; (c) the employment would result in the family of the participant experiencing a net loss of cash income; or (d) circumstances that are beyond the control of the individual's household, either on a short-term or on an ongoing basis.

NEW SECTION. Sec. 7. A new section is added to chapter 74.25 RCW to read as follows:

Recipients of aid to families with dependent children who are not participating in an education or work training program may volunteer to work in a licensed child care facility, or other willing volunteer work site. Licensed child care facilities participating in this effort shall provide care for the recipient's children and provide for the development of positive child care skills.

PART IV. ELIGIBILITY AND BENEFIT PAYMENT REVISIONS

NEW SECTION. Sec. 8. A new section is added to chapter 74.12 RCW to read as follows:

The department shall pay to all recipients of food stamps a cash grant equal to the monthly food stamp benefit.

NEW SECTION. Sec. 9. A new section is added to chapter 74.12 RCW to read as follows:

The department shall amend the state plan to eliminate the one hundred hour work rule for recipients of aid to families with dependent children-employable.

NEW SECTION. Sec. 10. A new section is added to chapter 74.12 RCW to read as follows:

The revisions to the aid to families with dependent children program and job opportunities and basic skills training program shall be implemented by the department of social and health services on a state-wide basis.

PART V. CHILD SUPPORT

NEW SECTION. Sec. 11. The department of social and health services shall make a substantial effort to determine the identity of the noncustodial parent through consistent implementation of RCW 70.58.080. By December 1, 1994, the department of social and health services shall report to the fiscal committees of the legislature on the method for validating claims of good cause for refusing to establish paternity, the methods used in other states, and the national average rate of claims of good cause for refusing to establish paternity compared to the Washington state rate of claims of good cause for refusing to establish paternity, the reasons for differences in the rates, and steps that may be taken to reduce these differences.

NEW SECTION. Sec. 12. A new section is added to chapter 74.20A RCW to read as follows:

(1) In each case within the jurisdiction of the office of support enforcement in which a child support obligation has been established, the secretary shall issue a letter, by mail, to the parent responsible for payment of the support obligation. The letter shall notify the parent that the fact and amount of the child support obligation will be reported to consumer reporting agencies, as defined in RCW 19.182.010, operating in the state of Washington.

(2) Within thirty days following the date that a notice described in subsection (1) of this section is mailed, the secretary shall report the fact and amount of the child support obligation to consumer reporting agencies, as defined in RCW 19.182.010, operating in the state of Washington. Any modification in the amount of a child support obligation for which a report has been made under this section, shall be reported to consumer reporting agencies, as defined in RCW 19.182.010, operating in the state of Washington.

NEW SECTION. Sec. 13. A new section is added to chapter 74.20 RCW to read as follows:

(1) The office of support enforcement shall contract with private collection agencies to pursue collection of arrearages that might otherwise consume a disproportionate share of the office's collection efforts. In determining appropriate contract provisions, the department shall consult with other state support enforcement agencies which have successfully contracted with private collection agencies to the extent allowed by federal regulations.
The legislature finds that the restructuring in the Washington economy has created rising public assistance caseloads and declining real wages for Washington workers. There is a profound need to develop partnership programs between the private and public sectors to create new jobs with adequate salaries and promotional opportunities for chronically unemployed and underemployed citizens of the state. Most public assistance recipients want to become financially independent through paid employment. A voluntary program which utilizes public wage subsidies and employer matching salaries has provided a beneficial financial incentive allowing public assistance recipients transition to permanent full-time employment.

The legislature finds that the employment partnership program is created to develop a series of geographically distributed model projects to provide permanent full-time employment for low-income and unemployed persons. The program shall be administered by the department of social and health services. The department shall contract for the program through local public or private nonprofit organizations. The goals of the program are as follows:

1. To reduce inefficiencies in administration and provide model coordination of agencies with responsibilities for employment and human service delivery to unemployed persons;
2. To create voluntary financial incentives to simultaneously reduce unemployment and welfare caseloads;
3. To provide other state and federal support services to the client population to enable economic independence;
4. To improve partnerships between the public and private sectors designed to move recipients of public assistance into productive employment; and
5. To provide employers with information on federal targeted jobs tax credit and other state and federal tax incentives for participation in the program.

The secretary of the department of social and health services shall establish pilot projects that enable grants to be used as a wage subsidy. The department of social and health services (designated as the lead agency for the purpose of complying) shall comply with applicable federal statutes and regulations (The department), and shall seek any waivers from the federal government necessary to operate the employment partnership program. The projects shall be available on an individual case-by-case basis or subject to the limitations outlined in RCW 50.63.050 (as recodified by this act) for the start-up or reopening of a plant under worker ownership. The projects shall be subject to the following criteria:

1. It shall be a voluntary program and no person may have any sanction applied for failure to participate.
2. Employment positions established by this chapter shall not be created as the result of, nor result in, any of the following:
   a. Displacement of current employees, including overtime currently worked by these employees;
   b. The filling of positions that would otherwise be promotional opportunities for current employees;
   c. The filling of a position, before compliance with applicable personnel procedures or provisions of collective bargaining agreements;
   d. The filling of a position created by termination, layoff, or reduction in workforce;
   e. The filling of a work assignment customarily performed by a worker in a job classification within a recognized collective bargaining unit in that specific work site, or the filling of a work assignment in any bargaining unit in which funded positions are vacant or in which regular employees are on layoff;
   f. A strike, lockout, or other bona fide labor dispute, or violation of any existing collective bargaining agreement between employees and employers;
   g. Decertification of any collective bargaining unit.

3. Wages shall be paid at the usual and customary rate of comparable jobs and may include a training wage if permitted by applicable federal statutes and regulations.

NEW SECTION. Sec. 14. A new section is added to chapter 74.20 RCW to read as follows:

The office of support enforcement shall, as a matter of policy, use all available remedies for the enforcement of support obligations where the obligor is a self-employed individual. The office of support enforcement shall not discriminate in favor of certain obligors based upon employment status.

Each council shall be composed of nine members who shall be appointed by the county legislative authority of the county in which the pilot project operates. Councilmembers shall be residents of or employers in the pilot project area in which they are appointed and shall serve three-year terms. The council shall have two members who are current or former recipients of the aid to families with dependent children program or food stamp program, two members who represent labor, and five members who represent the local business community. In addition, one person representing the local community service office of the department of social and health services, one person representing a community action agency or other nonprofit service provider, and one person from a local city or county government shall serve as nonvoting members.

Enacting programs to reduce violence.

The bill was read the second time.

MOTION

Senator Talmadge moved that the following Committee on Health and Human Services amendment not be adopted:

Strike everything after the enacting clause and insert the following:

"PART I. INTENT"

NEW SECTION, Sec. 101. The legislature finds that the increasing violence in our society causes great concern for the immediate health and safety of our citizens and our social institutions. Youth violence is increasing at an alarming rate and young people between the ages of fifteen and twenty-four are at the highest risk of being perpetrators and victims of violence. Additionally, random violence, including homicide and the use of firearms, has dramatically increased over the last decade.

The legislature finds that violence is abhorrent to the aims of a free society and that it cannot be tolerated. State efforts at reducing violence must include changes in criminal penalties, reducing the unlawful use of and access to firearms, increasing educational efforts to encourage nonviolent means for resolving conflicts, and allowing communities to design their prevention efforts.

The legislature finds that the problem of violence can be addressed with many of the same approaches that public health programs have used to control other problems such as infectious disease, tobacco use, and traffic fatalities.
Addressing the problem of violence requires the concerted effort of all communities and all parts of state and local governments. It is the immediate purpose of chapter 74.14A.020. Laws of 1994 (this act) to: (1) Prevent acts of violence by encouraging change in social norms and individual behaviors that have been shown to increase the risk of violence; (2) reduce the number of at-risk children and youth, as defined in RCW 70.190.010; (3) increase the severity and certainty of punishment for youth and adults who commit violent acts; (4) reduce the severity of harm to individuals when violence occurs; (5) empower communities to focus their concerns and allow them to control the funds dedicated to empirically supported preventive efforts in their region; and (6) reduce the fiscal and social impact of violence on our society.

Sec. 102. RCW 74.14A.020 and 1983 c 192 s 2 are each amended to read as follows:

(1) The department of social and health services shall address the needs of children and their families, including emotionally disturbed and mentally ill children, potentially dependent children, and families-in-conflict by:

(a) Serve children and families as a unit in the least restrictive setting available and in close proximity to the family home, consistent with the best interests and special needs of the child;
(b) Ensuring that appropriate social and health services are provided to the family unit both prior to and during the removal of a child from the home and after family reunification;
(c) Ensuring that the safety and best interests of the child are the paramount considerations when making placement and service delivery decisions;
(d) Recognizing the interdependent and changing nature of families and communities, building upon their inherent strengths, maintaining their dignity and respect, and tailoring programs to their specific circumstances;
(e) Developing and implementing comprehensive, preventive, and early intervention social and health services which have demonstrated the ability to delay or reduce the need for out-of-home placements and ameliorate problems before they become chronic or severe;
(f) Being sensitive to the family and community culture, norms, values, and expectations, ensuring that all services are provided in a culturally appropriate and relevant manner, and ensuring participation of racial and ethnic minorities at all levels of planning, delivery, and evaluation efforts.

(b) Developing coordinated social and health services which:
(i) Identify problems experienced by children and their families early and provide services which are adequate in availability, appropriate to the situation, and effective;
(ii) Seek to bring about meaningful change before family situations become irreversibly destructive and before disturbed psychological behavioral patterns and health problems become severe or permanent;
(iii) Serve children and families in their own homes thus preventing unnecessary out-of-home placement or institutionalization;
(iv) Focus resources on social and health problems as they begin to manifest themselves rather than waiting for chronic and severe patterns of illness, criminality, and dependency to develop which require long-term treatment, maintenance, or custody;
(v) Reduce duplication of and gaps in service delivery;
(vi) Improve planning, budgeting, and communication among all units of the department and among all agencies that serve children and families; and
(vii) Utilize outcome standards for measuring the effectiveness of social and health services for children and families.

In developing services under this subsection, local communities must be involved in planning and developing community networks that are tailored to their unique needs.

PART II. PUBLIC HEALTH

A new section is added to chapter 43.70 RCW to read as follows:

(1) The department of health shall develop, in consultation with affected groups or agencies, comprehensive rules for the collection and reporting of data relating to acts of violence and associated risk and protective factors. The data collection and reporting rules shall be used by any public or private entity that is required to report data relating to acts of violence or other intentional injuries. The department may require any agency or program that is state-funded or that accepts state funds and any licensed or regulated person or professional to report acts of violence and unintentional injuries. To the extent possible the department shall require the reports to be filed through existing data systems. The department may
also require reporting of attempted acts of violence and of nonphysical injuries. For the purposes of this section "acts of violence" means self-directed and interpersonal behaviors that can result in suicide, homicide, and nonfatal intentional injuries.

(2) The department is designated as the state-wide agency for the coordination of all information relating to violence and other intentional injuries.

(3) The department shall provide any necessary data to the local health departments for use in the planning or evaluation by any community network authorized under section 303 of this act.

(4) The department shall publish annual reports on intentional injuries, unintentional injuries, numbers of at-risk youth, and the associated risk and protective factors related to violence. The reports shall be submitted to the legislative budget committee.

(5) The department may, consistent with its general authority and directives under sections 201 through 205 of this act, contract with a college or university that has experience in social service data collection relating to children to provide assistance to:

(a) State and local health departments in developing new sources of data to track acts of violence and associated risk and protective factors; and

(b) Local health departments to compile and effectively communicate data in their communities.

NEW SECTION. Sec. 203. A new section is added to chapter 43.70 RCW to read as follows:

The public health services improvement plan developed under RCW 43.70.520 shall include:

(1) Compatible minimum standards for state and local public health assessment, performance measurement, policy development, and assurances regarding social development to reduce at-risk factors and behaviors associated with violence and other public health threats.

(2)(a) Measurable risk factors that are empirically linked to violent criminal acts by juveniles, substance abuse, teen pregnancy and male parentage, suicide attempts, and dropping out of school; and

(b) An evaluation of other factors to determine whether they are empirically related risk factors, such as: Child abuse and neglect, out-of-home placements, poverty, single-parent households, inadequate nutrition, hunger, unemployment, lack of job skills, gang affiliation, lack of recreational or cultural opportunities, domestic violence, school absenteeism, court-ordered parenting plans, physical, emotional, or behavioral problems requiring special needs assistance in K-12 schools, learning disabilities, and any other possible factors.

(3) Data collection and analysis standards on risk and protective factors for use by the local public health departments and the state council and the local community networks to ensure consistent and interchangeable data.

(4) Recommendations regarding any state or federal statutory barriers affecting data collection or reporting.

The department shall provide an annual report to the legislative budget committee on the implementation of this section.

NEW SECTION. Sec. 204. A new section is added to chapter 43.70 RCW to read as follows:

The department shall establish, by rule, standards for local health departments to use in assessment, performance measurement, policy development, and assurances regarding social development to prevent health problems caused by risk factors empirically linked to: Violent criminal acts by juveniles, substance abuse, teen pregnancy and male parentage, suicide attempts, and dropping out of school. The standards shall be based on the standards set forth in the public health improvement plan as required by section 203 of this act.

The department shall review the definitions of at-risk children and youth, protective factors, and risk factors contained in RCW 70.190.010 and make any suggested recommendations for change to the legislature by January 1, 1995.

NEW SECTION. Sec. 205. A new section is added to chapter 43.70 RCW to read as follows:

The legislature encourages the use of a state-wide voluntary, socially responsible policy to reduce the emphasis, amount, and type of violence in all public media. The department shall develop a suggested reporting format for use by the print, television, and radio media in reporting their voluntary violence reduction efforts. Each area of the public media may carry out the policy in whatever manner that area deems appropriate.

PART III. COMMUNITY NETWORKS

Sec. 301. RCW 70.190.005 and 1992 c 198 s 1 are each amended to read as follows:

The legislature finds that a primary goal of public involvement in the lives of children has been to strengthen the family unit. However, the legislature recognizes that traditional two-parent families with one parent routinely at home are now in the minority. In addition, extended family and natural community supports have eroded drastically. The legislature recognizes that public policy assumptions must be altered to account for this new social reality. Public effort must be redirected to expand, support, strengthen, and help ((reconstruct) reconstruct family and community (associational) networks to (care for)) assist in meeting the needs of children.

The legislature finds that a broad variety of services for children and families has been independently designed over the years and that the coordination and cost-effectiveness of these services will be enhanced through the adoption of (a common) an approach ((to their delivery)) that allows communities to prioritize and coordinate services to meet their local needs. The legislature further finds that the most successful programs for reaching and working with at-risk families and children treat individuals’ problems in the context of the family, offer a broad spectrum of services, are flexible in the use of program resources, and use staff who are trained in crossing traditional program categories in order to broker services necessary to fully meet a family’s needs.
The legislature further finds that eligibility criteria, expenditure restrictions, and reporting requirements of state and federal categorical programs often create barriers toward the effective use of resources for addressing the multiple problems of at-risk families and children.

The purposes of this chapter are (1) to modify public policy and programs to empower communities to support and respond to the needs of individual families and children and (2) to improve the responsiveness of services for children and families at risk by facilitating greater coordination and flexibility in the use of funds by state and local service agencies.

Sec. 302. RCW 70.190.010 and 1992 c 198 s 3 are each amended to read as follows:

Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) “At-risk” children and youth are those who risk the significant loss of social, educational, or economic opportunities. At-risk behaviors include delinquent acts, substance abuse, teen pregnancy and male parentage, suicide attempts, and dropping out of school. At-risk children and youth also include those who are victims of violence, abuse, neglect, and those who have been removed from the custody of their parents.

(2) “Comprehensive plan” means a two-year plan that examines available resources and unmet needs for a county or multicounty area, barriers that limit the effective use of resources, and a plan to address these issues that is broadly supported.

(3) “Participating state agencies” means the office of the superintendent of public instruction, the department of social and health services, the department of health, the employment security department, the department of community trade, and economic development, and such other departments as may be specifically designated by the governor.

(4) “Community public health and safety council” or “council” means: The superintendent of public instruction, the secretary of social and health services, the secretary of health, the commissioner of the employment security department, and the director of the department of community trade, and economic development or their designees; one legislator from each caucus of the senate and house of representatives; one representative of the governor; one representative each appointed by the governor for cities, towns, counties, federally recognized Indian tribes, school districts, the children’s commission, law enforcement agencies, superior courts, public parks and recreation programs, and private agency service providers; and citizen representatives of community organizations not associated with delivery of services affected by chapter 70.190 RCW.

(5) “Matching funds” means an amount no less than twenty-five percent of the amount budgeted for a community network’s plan. Up to half of the community network’s matching funds may be in-kind goods and services. Funding sources allowable for match include appropriate federal or local levy funds, private charitable funding, and other charitable giving. Basic education funds shall not be used as a match.

(6) “Consortium” means a diverse group of individuals that includes at least representatives of local service providers, service recipients, local government administering or funding children or family service programs, participating state agencies, school districts, existing children’s commissions, ethnic and racial minority populations, and other interested persons organized for the purpose of designing and providing collaborative and coordinated services under this chapter. Consortia shall represent a county, multicounty, or municipal service area. In addition, consortia may represent Indian tribes applying either individually or collectively.

(7) “Community public health and safety networks” or “community networks” means authorities authorized under section 303 of this act.

(8) “Protective factors” means those factors determined by the department of health to be empirically associated with behaviors that contribute to socially acceptable and healthy nonviolent behaviors. Protective factors include promulgation, identification, and acceptance of community norms regarding appropriate behaviors in the area of delinquency, early sexual activity, and alcohol and substance abuse, educational opportunities, employment opportunities, and absence of crime.

(9) “Risk factors” means those factors determined by the department of health to be empirically associated with at-risk behaviors that contribute to violence. Risk factors include availability of drugs or alcohol, economic, educational, and social deprivation, rejection of identification with the community, academic failure, a family history of high substance abuse, crime, a lack of acceptance of societal norms, and substance, child, and sexual abuse.

NEW SECTION. Sec. 303. A new section is added to chapter 70.190 RCW to read as follows:

(1) The legislature intends to create community public health and safety networks to reconnect parents and other citizens with children, youth, families, and community institutions which support health and safety. The networks should empower parents and other citizens by being a means of expressing their attitudes, spirit, and perspectives regarding safe and healthy community and family life. The legislature intends that parents and other citizen perspectives exercise a controlling influence over policy and program operations of professional organizations concerned with children and family issues within networks in a manner consistent with the Constitution and state law. It is not the intent of the legislature that health, social service, or educational professionals dominate community public health and safety network processes or programs, but rather that these professionals use their skills to lend support to parents and other citizens in expressing their values as parents and other citizens identify community needs and establish community priorities. To this end, the legislature intends full participation of parents and other citizens in community public health and safety networks. The intent is that local community values are reflected in the operations of the network.
(2) A group of persons described in subsection (3) of this section may apply by December 1, 1994, to be a community public health and safety network.

(3) Each community public health and safety network shall be composed of twenty-three people, thirteen of whom shall be citizens with no direct fiduciary interest in health, education, social service, or justice system organizations operating within the network area. In selecting these members, consideration shall be given to citizen members of community mobilization advisory boards, city or county children's service commissions, human services advisory boards, or other such organizations which may exist within the network. These thirteen persons shall be selected as follows: Three by the chambers of commerce located in the network, three by school board members of the school districts within the network boundary, three by the county legislative authorities of the counties within the network boundary, three by the city legislative authorities of the cities within the network boundary, and one high school student, selected by student organizations within the network boundary. The remaining ten members shall include local representation from the following groups and entities: Cities, counties, federally recognized Indian tribes, parks and recreation programs, law enforcement agencies, superior court judges, state children's service workers from within the network area, employment assistance workers from within the network area, private social, educational, or health service providers from within the network area, and broad-based nonsecular organizations.

(4) A list of the network members shall be submitted to the governor on December 1, 1994, by the network chair who shall be selected by network members at their first meeting. The list shall become final unless the governor chooses other members by December 20, 1994. The governor shall accept the list unless he or she believes the proposed list does not adequately represent all parties identified in subsection (3) of this section or a member has a conflict of interest between his or her membership and his or her livelihood. Members of the community network shall serve terms of three years.

The terms of the initial members of each network shall be as follows: (a) One-third shall serve for one year; (b) one-third shall serve for two years; and (c) one-third shall serve for three years. Initial members may agree which shall serve fewer than three years or the decision may be made by lot. The same process shall be used in the selection of the chair and members for subsequent terms. Any vacancy occurring during the term may be filled by the chair for the balance of the unexpired term.

(5) The network shall select a public entity as the lead administrative and fiscal agency for the network. In making the selection, the network shall consider: (a) Experience in administering prevention and intervention programs; (b) the relative geographical size of the network and its members; (c) budgeting and fiscal capacity; and (d) how diverse a population each entity represents.

NEW SECTION. Sec. 304. A new section is added to chapter 70.190 RCW to read as follows:

The community public health and safety networks shall:

(1) Review local public health data relating to risk factors, protective factors, and at-risk children and youth;

(2) Prioritize the risk factors and protective factors to reduce the likelihood of their children and youth being at risk. The priorities shall be based upon the local public health data and shall utilize the data standards established by the department of health under section 204 of this act;

(3) Develop long-term community plans to reduce the number of at-risk children and youth; set definitive, measurable goals, based upon the department of health standards; and project their desired outcomes;

(4) Distribute funds to local programs that reflect the locally established priorities;

(5) Comply with outcome-based standards for determining success;

(6) Cooperate with the department of health and local boards of health to provide data and determine outcomes; and

(7) Coordinate its efforts with anti-drug use efforts and organizations and maintain a high priority for combatting drug use by at-risk youth.

NEW SECTION. Sec. 305. A new section is added to chapter 70.190 RCW to read as follows:

(1) The community network's plan may include a program to provide postsecondary scholarships to at-risk students who: (a) Are community role models under criteria established by the community network; (b) successfully complete high school; and (c) maintain at least a 2.5 grade point average throughout high school. Funding for the scholarships may include public and private sources.

(2) The community network's plan may also include funding of community-based home visitor programs which are designed to reduce the incidence of child abuse and neglect with the network. The program may provide parents with education and support either in parents' homes or in other locations comfortable for parents, beginning with the birth of their first baby. The program may make the following services available to the families:

(a) Visits for all expectant or new parents, either at the parent's home or another location with which the parent is comfortable;

(b) Screening before or soon after the birth of a child to assess the family's strengths and goals and define areas of concern in consultation with the family;

(c) Parenting education and skills development;

(d) Parenting and family support information and referral;

(e) Parent support groups; and

(f) Service coordination for individual families, and assistance with accessing services, provided in a manner that ensures that individual families have only one individual or agency to which they look for service coordination. Where appropriate for a family, service coordination may be conducted through interdisciplinary or interagency teams.

(3) The community network may include funding of:
(a) At-risk youth job placement and training programs. The programs shall:
   (i) Identify and recruit at-risk youth for local job opportunities;
   (ii) Provide skills and needs assessments for each youth recruited;
   (iii) Provide career and occupational counseling to each youth recruited;
   (iv) Identify businesses willing to provide employment and training opportunities for at-risk youth;
   (v) Match each youth recruited with a business that meets his or her skills and training needs;
   (vi) Provide employment and training opportunities that prepare the individual for demand occupations; and
   (vii) Include, to the extent possible, collaboration of business, labor, education and training, community organizations, and local
government;
   (b) Employment assistance, including job development, school-to-work placement, employment readiness training, basic skills,
aprenticeships, job mentoring, and private sector and community service employment;
   (c) Education assistance, including tutoring, mentoring, interactions with role models, entrepreneurial education and projects, and
employment reentry assistance services;
   (d) Peer-to-peer, group, and individual counseling, including crisis intervention, for at-risk youth and their parents;
   (e) Youth coalitions that provide opportunities to develop leadership skills and gain appropriate respect, recognition, and rewards for their
positive contribution to their community;
   (f) Technical assistance to applicants to increase their organizational capacity and to improve the likelihood of a successful application; and
   (g) Technical assistance and training resources to successful applicants.

NEW SECTION. Sec. 306. A new section is added to chapter 70.190 RCW to read as follows:
(1) All community networks shall be eligible to receive planning grants and technical assistance from the council on January 1, 1995.
Planning grants may be funded through available federal funds for family preservation services. After receiving the planning grant the region will be
given up to one year to submit the long-term community plan. Effective July 1, 1995, up to one-half of the community networks will be eligible to
receive grant funds for prevention and early intervention programs.

   (2) The community networks that did not receive the initial grants shall be eligible, upon approval of their plans by the council, to receive
such funds on January 1, 1997.

   (3) The participating state agencies shall enter into biennial contracts with community networks as part of the grant process. The contracts
shall be consistent with available resources, and shall be distributed in accordance with the distribution formula developed pursuant to section 325 of
this act.

   (4) No later than February 1 of each odd-numbered year following the initial contract between the council and a network, the council shall
request from the network its plan for the upcoming biennial contract period.

   (5) The council shall notify the community networks of their allocation of available resources at least sixty days prior to the start of a new
biennial contract period.

NEW SECTION. Sec. 307. A new section is added to chapter 70.190 RCW to read as follows:
The community public health and safety council shall:

   (1) Establish network boundaries by July 1, 1994. There is a presumption that no county may be divided between two or more community
networks and no network shall have fewer than forty thousand population. When approving multicounty networks, considering dividing a county
between networks, or creating a network with a population of less than forty thousand, the council must consider: (a) Common economic, geographic,
and social interests; (b) historical and existing shared governance; and (c) the size and location of population centers. Individuals and groups within
any area shall be given ample opportunity to propose network boundaries in a manner designed to assure full consideration of their expressed wishes;

   (2) Develop a technical assistance and training program to assist communities in creating and developing community networks;

   (3) Approve the structure, purpose, goals, plan, and performance measurements of each community network;

   (4) Identify all prevention and early intervention programs and funds, other than program funds designed for treatment as defined in section
308 of this act, including all programs funded under RCW 69.50.520, in addition to those set forth in sections 311 through 315 of this act, which could
be transferred, in all or part, to the community networks, and report their findings and recommendations to the governor and the legislature regarding
any appropriate program transfers by January 1 of each year;

   (5) Reward community networks that show exceptional success as provided in section 325 of this act;

   (6) Seek every opportunity to maximize federal and other funding that is consistent with the plans approved by the council for the purpose
and goals of this chapter;

   (7) Review the state-funded out-of-home placement rate before the end of each contract to determine whether the region has sufficiently
reduced the rate. If the council determines that there has not been a sufficient reduction in the rate, it may reduce the immediately succeeding grant to
the network; and

   (8) Review the implementation of chapter . . . , Laws of 1994 (this act) and report its recommendations to the legislature annually. The
report shall use measurable performance standards to evaluate the implementation.

NEW SECTION. Sec. 308. A new section is added to chapter 70.190 RCW to read as follows:
(1) The council may, by a vote of its membership, remove from a program, subject to the grant process under this chapter, any funds that are used solely for treatment.

(2) For the purposes of this section, "treatment" means remediation of personal functioning that has been lost or impaired as the immediate result of an act of violence, as defined in section 202 of this act.

NEW SECTION. Sec. 309. A new section is added to chapter 70.190 RCW to read as follows:

(1) The participating state agencies shall execute an interagency agreement to ensure the coordination of their local program efforts regarding children. This agreement shall recognize and give specific planning, coordination, and program administration responsibilities to community networks after the approval under section 310 of this act of their comprehensive community plans. The community networks shall encourage the development of integrated, regionally based children, youth, and family activities and services with adequate local flexibility to accomplish the purposes stated in section 101 of this act and RCW 74.14A.020.

(2) The community networks shall exercise the planning, coordinating, and program administration functions specified by the state interagency agreement in addition to other activities required by law, and shall participate in the planning process required by chapter 71.36 RCW.

(3) Any state or federal funds identified for contracts with community networks shall be transferred with no reductions. Until federal waivers are obtained, federal funds shall be used only for federally allowable purposes.

NEW SECTION. Sec. 310. A new section is added to chapter 70.190 RCW to read as follows:

(1) The council shall only disburse funds to a community network after a comprehensive community plan has been prepared and approved by the network. In approving the plan the council shall consider whether the network:

(a) Promoted input from the widest practical range of agencies and affected parties;

(b) Reviewed the indicators of violence data compiled by the local public health departments and incorporated a response to those indicators in the plan;

(c) Obtained a declaration by the largest health department in the region, ensuring that the plan met the department of health's minimum standards for assessment and policy development relating to social development under section 204 of this act;

(d) Included a specific mechanism of data collection and transmission based on the rules established by the department of health under section 204 of this act;

(e) Considered all relevant causes of violence in its community and did not isolate only one or a few of the elements to the exclusion of others and demonstrated evidence of building community capacity through effective neighborhood and community development; and

(f) Committed to make measurable reductions in the number of at-risk children and youth by reducing state-funded out-of-home placements and make reductions in at least three of the following areas: Violent criminal acts by juveniles, substance abuse, teen pregnancy and male parentage, teen suicide attempts, or the youth rate of dropping out of school.

(2) Upon approval of a community network’s plan, the council shall grant all of the funds for the programs identified in sections 311 through 315 of this act, unless the community network has demonstrated that a specific program, or a part of a program, should not be granted to the network. To preclude a grant, the community network shall demonstrate, in a detailed plan, that the existing program, or part of a program:

(a) Is incorporated into the community plan;

(b) Is adequately integrated and coordinated with other prevention and intervention programs in the community;

(c) Possesses such a unique character that the community network would be unable to independently contract for those services;

(d) Is adequately supported and reinforced by the community;

(e) Presently ensures that follow-up efforts are utilized so that the program has long-lasting benefits;

(f) Is designed such that decategorization of the services would be detrimental to the consumer; and

(g) Is contributing to the reduction in the number of at-risk children and youth in the community through reducing risk factors or increasing protective factors.

NEW SECTION. Sec. 311. A new section is added to chapter 74.14A RCW to read as follows:

The secretary shall, subject to the provisions of sections 308 and 310(2) of this act, contract with the community networks approved under section 310 of this act, on a grant basis, for the administration of an integrated program reducing the number of at-risk children and youth beginning July 1, 1995. The contract shall include state and federal funds currently appropriated for at least:

(1) The victim’s assistance program, except sexual assault services;

(2) Consolidated juvenile services; and

The contracts shall include state and federal funds currently appropriated for at least:

1. The community mobilization program; and
2. The violence prevention program.

NEW SECTION. Sec. 314. A new section is added to chapter 70.190 RCW to read as follows:

All funds transferred to community networks for programs under RCW 28A.170.075 through 28A.170.100 and chapter 43.270 RCW shall, until July 1, 1997, be used only for the purposes of RCW 28A.170.075 through 28A.170.100 and chapter 43.270 RCW.

NEW SECTION. Sec. 315. A new section is added to chapter 43.101 RCW to read as follows:

The contract shall include all state and federal funds currently appropriated for the community-police partnership program under RCW 43.101.240.

Sec. 316. RCW 43.101.240 and 1989 c 271 s 423 are each amended to read as follows:

1. The criminal justice training commission in cooperation with the United States department of justice department of community relations (region X) shall conduct an assessment of successful community-police partnerships throughout the United States. The commission shall develop training for local law enforcement agencies targeted toward those communities where there has been a substantial increase in drug crimes. The purpose of the training is to facilitate cooperative community-police efforts and enhanced community protection to reduce drug abuse and related crimes. The training shall include but not be limited to conflict management, ethnic sensitivity, cultural awareness, and effective community policing. ((The commission shall report its findings and progress to the legislature by January 1990.))

2. Local law enforcement agencies are encouraged to form community-police partnerships in ((areas of substantial drug crimes)) all neighborhoods and particularly areas with high rates of criminal activity. These partnerships are encouraged to organize citizen-police task forces which meet on a regular basis to promote greater citizen involvement in combating drug abuse and to reduce tension between police and citizens. Partnerships that are formed are encouraged to report to the criminal justice training commission of their formation and progress.

3. The sum of one hundred fifty thousand dollars, or as much thereof as may be necessary, is appropriated for the biennium ending June 30, 1991, from the drug enforcement and education account to the criminal justice training commission for the purposes of subsection (1) of this section.

NEW SECTION. Sec. 317. A new section is added to chapter 70.190 RCW to read as follows:

If there exist any federal restrictions against the transfer of funds, for the programs enumerated in sections 309 through 315 of this act, to the community networks, the council shall assist the governor in immediately applying to the federal government for waivers of the federal restrictions. The council shall also assist the governor in coordinating efforts to make any changes in federal law necessary to meet the purpose and intent of chapter . . . , Laws of 1994 (this act).

NEW SECTION. Sec. 318. A new section is added to chapter 70.190 RCW to read as follows:

For grant funds awarded under sections 307 and 311 through 315 of this act, no state agency may require any other program requirements, except those necessary to meet federal funding standards or requirements. None of the grant funds awarded to the community networks shall be considered as new entitlements.

NEW SECTION. Sec. 319. A new section is added to chapter 70.190 RCW to read as follows:

The implementation of community networks shall be included in all federal and state plans affecting the state's children, youth, and families. The plans shall be consistent with the intent and requirements of this chapter.

Sec. 320. RCW 70.190.020 and 1992 c 198 s 4 are each amended to read as follows:

To the extent that any power or duty of the council ((created according to chapter 198, Laws of 1992)) may duplicate efforts of existing councils, commissions, advisory committees, or other entities, the governor is authorized to take necessary actions to eliminate such duplication. This shall include authority to consolidate similar councils or activities in a manner consistent with the goals of this chapter ((198, Laws of 1992)).

3. The local jurisdiction for purposes of the sale shall confirm the existence of outstanding warrants within seventy-two hours after notification of the application to purchase a pistol is received. The local jurisdiction shall also immediately confirm the satisfaction of the warrant on request of the (seller) dealer so that the hold may be released if the warrant was for a crime other than a crime of violence.

(3) In any case where the chief or sheriff of the local jurisdiction has reasonable grounds based on the following circumstances: (a) Open criminal charges, (b) pending criminal proceedings, (c) pending commitment proceedings, (d) an outstanding warrant for a crime of violence, or (e) an arrest for a crime of violence if the records of disposition have not yet been reported or entered sufficiently to determine eligibility to purchase a pistol, the local jurisdiction may hold the sale and delivery of the pistol beyond five days up to thirty days in order to confirm existing records in this state or elsewhere. The (seller) dealer shall, by the end of the business day, sign and attach his or her address and deliver the original of the application and such other documentation as required under subsection (1) of this section to the chief of police of the municipality or the sheriff of the county of which the (seller) dealer is a resident. The dealer shall send the duplicate to the director of licensing within seven days, and retain the triplicate for six years.
