MOTION

Senator Spanel moved that the rules be suspended and Senate Bill No. 6118 be advanced to second reading and placed on today’s second reading calendar.

PARLIAMENTARY INQUIRY

Senator Newhouse: "I rise to a point of legislative inquiry or parliamentary inquiry. Does this mean for the second reading calendar for today--for action for today--in which case I would raise Rule 62?"

RULING BY THE PRESIDENT

President Pritchard: "She moved to suspend the rules and put it on today’s second reading calendar."

Senator Newhouse: "Will you inform the body how much of a vote that will require?"

President Pritchard: "It takes a two-thirds vote."

Senator Newhouse: "Thank you."

Senator Snyder demanded a roll call and the demand was sustained.

PARLIAMENTARY INQUIRY

Senator Snyder: "Do we have an opportunity to debate the motion?"

RULING BY THE PRESIDENT

President Pritchard: "You can if you want to, yes."

Senator Snyder: "Thank you."

Further debate ensued.

POINT OF ORDER

Senator West: "A point of order, Mr. President. With the words just spoken by my esteemed colleague across the aisle, it appears to be her intent to delineate the subject matter of the bill and I don’t believe that is before us. The only thing that is before us is the decision on whether or not to suspend the rules. I think the argument should be left to the suspension of the rules and not on the subject matter of the bill."

Debate ensued.

RULING BY THE PRESIDENT

President Pritchard: "Well, in talking to my lawyer friends here, the decision is that you can describe the bill, but you cannot get into a debate over the bill. The debate is on the motion."

Further debate ensued.

The President declared the question before the Senate to be the motion by Senator Spanel to suspend the rules and to advance Senate Bill No. 6118 to second reading and to place the bill on today’s second reading calendar.

ROLL CALL

The Secretary called the roll and the motion to suspend the rules and advance Senate Bill No. 6118 to second reading failed to receive a two-thirds vote by the following vote: Yeas, 25; Nays, 23; Absent, 1; Excused, 0. Voting yeas: Senators Bauer, Drew, Fairley, Franklin, Fraser, Goings, Hargrove, Haugen, Heavey, Kohl, Loveland, McAuliffe, Owen, Pelz, Prentice, Quigley, Rasmussen, Rinehart, Sheldon, Smith, Snyder, Spanel, Sutherland, Thibaudeau and Wojahn - 25. Absent: Senator Oke - 1.

MOTION
On motion of Senator Spanel, Senate Bill No. 6118 was referred to the Committee on Ways and Means.

**MOTION**

Senator Snyder moved that the Committee on Ways and Means Committee be relieved of further consideration of Senate Bill No. 6118 and that the bill be placed on today's second reading calendar.

**REMARKS BY SENATOR NEWHOUSE**

Senator Newhouse: "Mr. President, the effect of the motion is the same as the previous motion and would still be subject to the two-thirds vote."

**REMARKS BY SENATOR SNYDER**

Senator Snyder: "Mr. President, in the last session, on two different occasions, bills were relieved from committee with twenty-five votes. Our rules say that a committee can be relieved of a bill with twenty-five votes. In reference to those, one of them was the bill that set up the new process for the selection of the Fish and Wildlife Commission and the other one was the so-called Taking's Bill."

**POINT OF ORDER**

Senator West: "Mr. President, there is no dispute that the Legislature can pull a bill from a committee to the floor and dispense with it as they please. The dispute comes into Rule 62 which specifically requires that the Legislature consider every bill on three separate days. Now, this is still the first day of the legislative session. This is not a separate day from the day that we just had fifteen minutes ago. Rule 62 is a rule that says, 'Every bill shall be read on three separate days.' Rule 48, I think, is what Senator Snyder is relying on which says that you can pull a bill from a committee to the floor and deal with it and says that the Legislature, 'may.' One is permission; one is mandatory. "I believe in the 1960's and I can't give you the specific cite, but I believe that Governor Cherberg was presented with a similar question and he ruled that while you could place it on the second reading calendar, you could not deliberate it or deal with it on the same day that you placed it on the second reading calendar--if it is the one and same day. This action would require a suspension of Rule 62 to consider it today and to suspend Rule 62 would require a two-thirds vote under our rules. I would ask you to provide us with a ruling."

At 1:08 p.m., there being no objection, the President declared the Senate to be at ease.

The Senate was called to order at 1:18 p.m. by President Pritchard.

**RULING BY THE PRESIDENT**

President Pritchard: "In ruling on the point of order raised by Senator West, the President finds that Senate Rule 48 allows twenty-five Senators to remove a bill from committee. The rule must be read in conjunction with Rule 62, which requires a bill be read on three separate days. Rule 62 is a rule that says, 'Every bill shall be read on three separate days.' The President, therefore, finds that Senate Bill No. 6118 may be removed from committee and placed on the second reading calendar on the same day it was introduced, but that it would require a suspension of Rule 62 to work the bill on the same day."

The President declared the question before the Senate to be the motion by Senator Snyder to relieve the Committee on Ways and Means of further consideration of Senate Bill No. 6118 and to place the bill on the second reading calendar.

**PARLIAMENTARY INQUIRY**

Senator Snyder: "So, we can do that with twenty-five votes? If that is successful and it is on the calendar, as you say, according to Rule 62, we cannot work the bill unless we have a two-thirds vote?"

**RULING BY THE PRESIDENT**

President Pritchard: "On the same day. That is correct."

The President declared the question before the Senate to be the motion by Senator Snyder to relieve the Committee on Ways and Means of further consideration of Senate Bill No. 6118 and to place the bill on the second reading calendar.

**MOTION**

Senator Spanel moved that the rules be suspended and Senate Bill No. 6117 be advanced to second reading and placed on the second reading calendar.

**POINT OF ORDER**
Senator West: "Mr. President, to clarify that, the motion was to suspend the rules to place it on the second reading calendar, that would take a two-thirds vote? Mr. President, the reason I ask the question is that I don’t want to get in a position where we put it on the second reading calendar and by our actions agree to start working the amendatory process."

RULING BY THE PRESIDENT

President Pritchard: "I think the President believes the intent is the same as the last motion that was made and they would not be working the bill on this same day. Senator Spanel, is that correct?"

MOTION

Senator Snyder: "Well, I would like to move that the rules be suspended and we put it on second reading, so we can work the bill today, because I think this is a little different situation."

Further debate ensued.

Senator Snyder demanded a roll call and the demand was sustained.

MOTION

On motion of Senator Anderson, Senator Oke was excused.

The President declared the question before the Senate to be the motion by Senator Spanel to suspend the rules and to advance Senate Bill No. 6117 to second reading and to place it on today’s second reading calendar.

ROLL CALL

The Secretary called the roll and the motion to suspend the rules and advance Senate Bill No. 6117 to second reading failed to receive a two-thirds vote by the following vote: Yeas, 25; Nays, 23; Absent, 0; Excused, 1.

Voting yea: Senators Bauer, Drew, Fairley, Franklin, Fraser, Goings, Hargrove, Haugen, Heavey, Kohl, Loveland, McAuliffe, Owen, Pelz, Prentice, Quigley, Rasmussen, Rinkehart, Sheldon, Smith, Snyder, Spanel, Sutherland, Thibaudeau and Wojahn - 25.

Excused: Senator Oke - 1.

PARLIAMENTARY INQUIRY

Senator Snyder: "Mr. President, would a motion be in order now to place the bill on the second reading calendar and have it held?"

RULING BY THE PRESIDENT

President Pritchard: "I believe it would."

Senator Snyder: "So that way, we get an opportunity, if we wish, to come back at 12:01 and work it tomorrow?"

President Pritchard: "You can make that motion, sure. This bill isn’t in committee yet."

Senator Snyder: "Why make a motion to put it in committee and then relieve the committee of further consideration. I thought if we had an understanding it would be placed on the second reading calendar and held for a future day--"

President Pritchard: "If that goes without objection or you can carry a two-thirds vote, yes."

MOTION

On motion of Senator Snyder, the rules were suspended and Senate Bill No. 6117 was placed on the second reading calendar and held for a future legislative day.

There being no objection, the President returned the Senate to the third order of business.

Accordingly, pursuant to the provisions of Article II, section 1 of the State Constitution, we are provisionally certifying Initiative to the Legislature Number 173 to you at this time. We expect to complete verification of signatures no later than February 7, 1996, and we will provide the Legislature with a final certification as soon as possible thereafter.

(Seal) RALPH MUNRO
Secretary of State

INITIATIVE 173

1. Ralph Munro, Secretary of State of the State of Washington and custodian of its seal, hereby certify that, according to the records on file in my office, the attached copy of Initiative Measure No. 173 to the Legislature is a true and correct copy as it was received by this office.

AN ACT Relating to education; and adding a new chapter to Title 28A RCW.

BE IT ENACTED BY THE PEOPLE OF THE STATE OF WASHINGTON:

NEW SECTION. Sec. 1. PURPOSE. (1) The people of Washington, desiring to improve the education of children, adopt this chapter to:
(a) Enable parents to determine which schools best meet their children’s needs;
(b) Empower parents to send their children to such schools;
(c) Establish academic accountability based on historical national standards;
(d) Reduce bureaucracy so that more educational dollars reach the classroom;
(e) Provide greater opportunities for teachers;
(f) Mobilize the private sector to help accommodate our burgeoning school-age population; and
(g) Encourage the development of independent and charter schools.
(2) Therefore, eligible persons are hereby empowered to choose any school for their education which meets the requirements of the Washington State Constitution, as provided in this chapter.

NEW SECTION. Sec. 2. SHORT TITLE. Chapter . . . , Laws of 1996 (this act) shall be known as The Choice in Education Act.

NEW SECTION. Sec. 3. DEFINITIONS. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.
(1) "Voucher" or "scholarship voucher" is a payment to a child through his or her parent for pursuing the occupation of full-time student.

(2) "Child" or "Student" means a person eligible to attend kindergarten or grades one through twelve.

(3) "Eligible person" means a full time student otherwise qualified who is attending any school for their education which complies with the requirements of the Washington State Constitution.

(4) "Voucher-redeeming school" means any school located within Washington that meets the requirements of this chapter and is not in violation of the requirements of the Washington State Constitution. No school may be compelled to become a voucher-redeeming school.

(5) "State and local government spending" includes, but is not limited to, spending funded from all revenue sources, including the general fund, federal funds, local property taxes, lottery funds, and local miscellaneous income such as developer fees, but excluding bond proceeds and charitable donations. Notwithstanding the inclusion of federal funds in the calculation of state and local government spending, federal funds shall constitute no part of any scholarship voucher provided under this section.

(6) "Independent school" is a "private" school which is regulated by chapter 28A.195 RCW.

(7) "Charter school" is a voucher-redeeming school. It is governed by the terms and conditions of the contract between the charter school and the school district in which it is located. In addition, charter schools are subject to the laws governing independent schools under chapter 28A.195 RCW, and the laws of this chapter.

(8) "State school" means the public schools or common schools referred to in Article IX of the state Constitution and Title 28A RCW.

NEW SECTION. Sec. 4. SCHOLARSHIP VOUCHERS--EMPOWERMENT OF PARENTS.
(1) The state shall annually pay a scholarship voucher to every eligible person. Vouchers may be redeemed at any voucher-redeeming school.

(2) The scholarship voucher for each eligible person shall be not less than fifty-five percent of the state and local government spending allocated for each annual average full-time equivalent student under RCW 28A.150.260 and applicable state and local rules during the preceding fiscal year, excluding expenditures on scholarship vouchers granted pursuant to this section and excluding any unfunded pension liability associated with the state school system.

(3) Scholarship vouchers shall be of equal value for every child in any given grade. The legislature may award supplemental funds for reasonable transportation needs for low-income children and special needs attributable to disability. Nothing in this section prevents the use in any school of supplemental assistance from any source, public or private.

(4) Scholarship vouchers provided under this chapter are payment through parents that is earned by children for attending school. Vouchers are not for services rendered by the school in the which the student is enrolled. Scholarship vouchers are not taxable income. The student shall be free to choose any voucher-redeeming school, and such selection shall not constitute a decision or act of the school or any of its subdivisions.

(5) A scholarship voucher accepted by a voucher-redeeming school, shall be accepted for one hundred percent of the cost of tuition, registration, or any other fees charged the voucher holder for basic education in grades kindergarten through six. In grades seven through nine the voucher shall be accepted for not less than ninety percent of the total cost of basic education for the voucher holder. In grades ten through twelve the voucher shall be accepted for not less than eighty percent of the total cost of basic education for the voucher holder.

(6) Beginning with the school year immediately following the effective date of this act, scholarships shall be made available to every otherwise eligible child born on or after September 1, 1989.

(7) Each voucher-redeeming school must choose and administer tests reflecting historical national standards for the purpose of measuring individual academic achievement. Such tests shall be designed and scored by independent parties. Each school’s composite results for each grade level shall be released annually to the public the last week of March by legal publication in a county newspaper of record. Individual results shall be released only to the school and the child’s parent.

(8) Each voucher-redeeming school must publish by legal publication in a county newspaper of record the last week of March, its budget and the results of an annual independent audit prepared in accordance with generally accepted auditing standards. The audit shall include, but not be limited to: A statement of school mission, enrollment statistics, expenditures per student, budget report in an easily understandable form, student attendance rate, dropout rate, and condition and needs of the school building.

(9) Each teacher in a voucher-redeeming school must hold a college degree in the subject area taught or in education, or pass a subject area competency examination reflecting national standards. Such examination shall be designed and scored by independent parties. Teachers qualified by examination shall be supervised by a state-certified teacher. This subsection will not prevent the use of classroom teaching assistants.

(10) Governing boards of school districts shall establish a mechanism to survey and publish not later than the March 31 of each year, the location and number of unused classrooms owned by the district. When a classroom has been unused for six consecutive months the district shall make that classroom available for lease to any voucher-redeeming school under the following terms and conditions: (a) the term of the lease shall be for not less than three years, (b) the voucher-redeeming school will make a rental payment equal to the reasonable cost for maintaining, insuring, heating, lighting. Janitorial cost will not be included in the rental calculation. Capital costs including original cost of land, building and equipment or replacement cost shall not be considered in determining reasonable rent. Nothing in this section shall prohibit a district from publishing the availability of unused classroom space at any time. If a rental amount cannot be agreed upon, either party may submit the issue to binding arbitration before an arbitrator appointed by the presiding judge of the superior court of the county in which the school is located. The parties will pay their own fees and costs of arbitration.

(11) Disputes between voucher-redeeming schools and the superintendent of public instruction concerning the issuance or renewal of a license to operate a school shall be submitted to arbitration in accordance with this subsection (10) of this section.

NEW SECTION. Sec. 5. EMPOWERMENT OF SCHOOLS--REDEMPTION OF VOUCHERS. An independent school may become a voucher-redeeming school by filing with the State Board of Education a statement indicating satisfaction of the legal requirements that apply to independent schools and the requirements of this section.

(1) No school that discriminates on the basis of race, ethnicity, color, disability, economic status or national origin may redeem scholarships.

(2) To the extent permitted by the laws of the state of Washington and the laws of the United States, the state shall prevent from redeeming scholarships any school that advocates unlawful behavior, is not in compliance with the state or federal constitution, teaches bigotry toward any person or group on the basis of race, ethnicity, color, national origin, religion, or gender, or deliberately provides false or misleading information respecting the school.

(3) No school with fewer than twenty-five students may redeem scholarship vouchers, unless the legislature provides otherwise.

(4) It is the legislative intent of this chapter that independent schools, regardless of size, be accorded maximum flexibility to educate students and be free of unnecessary, burdensome or onerous regulation. Any regulation of unmitting to health, safety or land use imposed by the state or any county, city, district or other subdivision of the state, shall be established under the criterion that the regulation: (a) is essential to assure the health, safety or education of students, or as to any land use regulation, that the governmental body has a compelling interest in issuing or enacting it; (b) does not unduly burden or impede independent schools or the parents of students therein; and (c) will not harass, injure or suppress independent schools.

(5) Notwithstanding subsection (4) of this section, the legislature may (a) enact civil and criminal penalties for schools and persons who engage in fraudulent conduct in connection with the solicitation of students or the redemption of scholarships, and (b) restrict or prohibit
individuals convicted of (i) any felony, (ii) any offense involving lewd or lascivious conduct, or (iii) any offense involving molestation or other abuse of a child, from owning, contracting with, or being employed by any school, whether state or independent.

(6) Any school, state or independent, may establish a code of conduct and discipline and enforce it with sanctions, including dismissal. A student who is deriving no substantial academic benefit or is responsible for serious or habitual misconduct related to the school may be dismissed.

(7) If the parent designates the enrolling school, the state shall disburse the student’s scholarship funds in equal monthly amounts, directly to the school for credit to the student’s account. Monthly disbursements shall occur within 30 days of receipt of the school’s statement of current enrollment.

(8) Expenditures for vouchers issued under this chapter and savings resulting from the implementation of this chapter shall count toward the performance funding requirements for basic education established by law. Students enrolled in voucher-redeeming schools shall not be counted toward enrollment in state schools and community colleges for purposes of state funding of education.

NEW SECTION. Sec. 6. EMPOWERMENT OF TEACHERS—CONVERSION OF SCHOOLS TO CHARTER SCHOOLS. Within one year after the effective date of this act, the legislature shall establish an expedient process by which state schools may become charter schools.

(1) Except as otherwise provided by law, the Washington State Constitution and the Constitution of the United States, state or independent schools shall operate under laws and regulations no more restrictive than those applicable to independent schools regulated by chapter 28A.195 RCW and this chapter.

(2) Employees of such schools shall be permitted to continue and transfer their pension and health care programs on the same terms and with the same benefits as other similarly situated participants employed by their school district as long as they remain in the employ of any such school.

NEW SECTION. Sec. 7. STATE SCHOOL CHOICE. Governing boards of school districts shall establish a mechanism consistent with federal law to allocate enrollment capacity based primarily on student choice. Any state school that chooses not to redeem school vouchers shall, after district enrollment assignments based primarily on student choice are complete, open its remaining enrollment capacity to children regardless of residence. For fiscal purposes, children shall be deemed residents of the school district in which they are enrolled.

NEW SECTION. Sec. 8. IMPLEMENTATION. No later than May 31, 1997, the legislature shall enact legislation which implements this chapter and bring this title into compliance with the purposes and provisions of this chapter. The legislature shall enact legislation which clearly defines the meaning of “sectarian control or influence” for the purposes of this chapter. The provisions of this act are to be liberally construed to effectuate the policies and purposes of this act. In the event of conflict between this act and any other provision of law, the provisions of this act shall govern.

NEW SECTION. Sec. 9. HOME-BASED EDUCATION. Nothing in this chapter affects the laws and rules in existence on the effective date of this section pertaining to home-based instruction, including chapter 28A.200 RCW.

NEW SECTION. Sec. 10. LIMITATION OF ACTIONS. Any action or proceeding contesting the validity of (1) this chapter, (2) any provision of this chapter, or (3) the adoption of this chapter, shall be commenced within six months from the date of the election at which this chapter is approved; otherwise this chapter and all of its provisions shall be held valid, legal, and incontestable. However, this limitation shall not of itself preclude an action or proceeding to challenge the application of this chapter or any of its provisions to a particular person or circumstance.

NEW SECTION. Sec. 11. CAPTIONS NOT LAW. Captions as used in this chapter do not constitute any part of the law.

NEW SECTION. Sec. 12. Sections 1 through 11 of this act shall constitute a new chapter in Title 28A RCW.

NEW SECTION. Sec. 13. SEVERABILITY. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

Secretary of State

INITIATIVE 177

I, Ralph Munro, Secretary of State of the State of Washington and custodian of its seal, hereby certify that, according to the records on file in my office, the attached copy of Initiative Measure No. 177 to the Legislature is a true and correct copy as it was received by this office.

The Education Excellence Initiative
Initiative IXX (FILED 8/1/95)

An Initiative to the Legislature of the State of Washington
FILED with the Secretary of State on July 17, 1995,
REVIEWED by the Code Reviser between July 17 - 24, 1995, and
REFILED with the Secretary of State on August 1, 1995
for enactment without amendment during the January 1996 legislative session, or if not, to be enacted or rejected by a vote of the People no later than November 5, 1996.
AN ACT Relating to education; adding a new chapter to Title 28A RCW; creating a new section; and prescribing penalties.

BE IT ENACTED BY THE PEOPLE OF THE STATE OF WASHINGTON:

NEW SECTION. Sec. 1. PURPOSE. The People have proposed and enacted this initiative to restore accountability, efficiency, and parental choice to public education. The current public school system has lost its academic focus, become excessively bureaucratic, and abridged the rights of parents and taxpayers. Accordingly, the People have chosen to use the initiative process to restore excellence to public education and put power back into the hands of parents and our communities.

NEW SECTION. Sec. 2. SHORT TITLE. Chapter . . . Laws of 1996 (this act) shall be known as the Education Excellence Act.

NEW SECTION. Sec. 3. DEFINITIONS. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Renewed public school district" means any public school district whose voters have voted to adopt the optional public education reforms authorized by this chapter.

(2) "Public schools" means both government-operated public schools and independent public schools.

(3) "Parent" and "parents" means that person or those persons who have legal custody of a child, including without limitation, a court-appointed guardian.

(4) "Certified teacher" means any person who is certificated by the state board of education, under provisions adopted by the legislature, as qualified to teach at any publicly funded school in Washington, whether or not the person may also be an administrator.

(5) "Low-income students" means those students who qualify as such under a federal subsidized school meal program or who live in families whose most recent calendar year adjusted gross income was less than one hundred fifty percent of the federal poverty line, or who have met either criteria during any of the prior two years.

(6) "Special needs students" means those students who qualify as such under state and/or federal definitions for handicapped or learning assistance programs.

(7) "Independent public school" means a non-profit organization that has obtained a license to operate a public school in a renewed public school district in accordance with section 6(6) of this act.

(8) "Government-operated public school" means any public school that is managed by a public school district or a renewed public school district.

(9) "Reasonable monthly rent" means a monthly rent that does not exceed fair market value, i.e., the rent that would be charged in a free market to rent substantially similar property, without reference to replacement cost.

(10) "Below-market monthly rent" means a monthly rent that is more than 10% below fair market value.

NEW SECTION. Sec. 4. ELIMINATION OF UNNECESSARY BUREAUCRACY IN RENewed PUBLIC SCHOOL DISTRICTS THROUGH REDUCed REGULATIONS, INCREASEd ACCOUNTABILITY AND PARENTAL CHOICE.

(1) CREATION OF INDEPENDENT PUBLIC SCHOOLS. At any time on or before August 1st of each year, non-profit organizations may obtain licenses to open and operate new independent public schools in any renewed public school district, beginning with the first day of the next school year.

(2) REDUCED REGULATIONS. All independent public schools shall be exempt from all laws and rules except those that applied to approved private schools on December 31, 1994 or those that are specifically authorized by this chapter. Except for the payment of a reasonable processing fee, which shall not exceed two percent of the funds redistributed to an independent public school, and the payment of a reasonable monthly rent for any real and personal property owned by a renewed public school district and used by an independent public school, an independent public school shall not be required to pay for any services received from the district unless it specifically agrees to do so in writing. Similarly, except for providing transportation services in appropriate circumstances, a renewed public school district is not required to provide any services to any independent public school unless the school specifically agrees in writing to pay for the services. Each independent public school may contract for services with its renewed public school district or with any other willing provider.

(3) INCREASED ACCOUNTABILITY. All independent public schools shall be schools of choice. Students will usually attend only if their parents choose the school. Each independent public school shall receive public funding based on the number and special needs status of the students attending the school. In general, an independent public school shall receive more public funding as its enrollment increases, and/or as its enrollment of special needs students increases. Similarly, an independent public school shall receive less public funding as its enrollment decreases, and/or as its enrollment of special needs students decreases. An independent public school shall receive public funding only to the extent that parents choose to enroll their children at the school and educational services are actually provided. Any independent public school that does not have sufficient space to enroll all of the children seeking admission to the school may expand its operations immediately, either at its current site or at one or more additional sites.

(4) PARENTAL CHOICE.

(a) PARENTS' RIGHT TO CHOOSE THE BEST SCHOOL FOR THEIR CHILDREN. A parent who wants to send his or her school-age child to a public school in a renewed public school district may choose any public school with an opening in the district, or any other district, whether the school is a government-operated public school or an independent public school. In addition, a parent may withdraw his or her school-age child at any time from any government-operated public school or independent public school as long as he or she has already made alternative arrangements approved under state law.
(b) DISTRICT CHOICES FOR PARENTS WHO DO NOT CHOOSE. If the parents of a school-age child fail to make a school choice before June 15th, the district shall assign the child to the public school that the district determines would provide the best educational environment for the child.

(c) AUTHORIZED LIMITATIONS ON PARENTAL CHOICE. The superintendent of a renewed public school district may, by sending a letter via certified mail, return receipt requested, limit a parent’s choice to one or more of the public schools within the renewed public school district, but only in the following situations:

(i) Truancy and Expulsions. With respect to any student who has been expelled from a public school, or who has been absent from school without a reason for more than five days during the school year, parental choice may be limited with respect to the balance of the school year only.

(ii) Excessive School Changes. With respect to any student who has changed public schools more than twice in any one school year without a change of residence, parental choice may be limited with respect to the balance of the school year only.

(iii) Criminal Misconduct. With respect to any student who has been convicted in any jurisdiction of criminal misconduct constituting a gross misdemeanor or a felony, parental choice may be limited indefinitely.

(iv) Extraordinary Situations. In extraordinary situations, the superintendent of a renewed public school district may petition a court of competent jurisdiction to appoint a guardian solely for the purpose of selecting among the public schools in a renewed public school district. In such a proceeding, the superintendent shall have the burden of proving, with clear and convincing evidence, that the petition is in the best interests of the child involved.

(d) UNAUTHORIZED LIMITATIONS ON PARENTAL CHOICE. No contract may directly or indirectly limit a parent’s right to choose an independent public school within a renewed public school district that the parent believes is the best public school for his or her child. The part of any contract that violates this section, including any no-competition covenant in any employment contract between a teacher and a public school, is unenforceable.

NEW SECTION. Sec. 5. RIGHT OF THE PARENTS AND TEACHERS AT ANY GOVERNMENT-OPERATED PUBLIC SCHOOL TO CONVERT THEIR SCHOOL TO AN INDEPENDENT PUBLIC SCHOOL.

(1) MAJORITY SUPPORT REQUIRED. A government-operated public school located in a renewed public school district shall convert to an independent public school if either:

(a) At least two-thirds of the families whose children attend the school sign a written petition to convert the school; or

(b) A majority of the teachers employed full time at the school sign such a petition.

(2) CONSENT MAY BE REVOKED AT ANY TIME BEFORE A PETITION IS FILED. In two-parent families, either parent may sign on behalf of the family unless the other parent delivers a written and signed notice to the independent public school before the petition is filed with the renewed public school district for public instruction. Similarly, a parent or teacher may, in the same manner, withdraw his or her support for a petition at any time before it is filed with the renewed public school district and the superintendent of public instruction.

(3) ARBITRATION OF DISPUTES. Any challenge to a petition, including a challenge asserting a lack of sufficient support among a school’s parents and/or teachers, shall be resolved by binding arbitration in accordance with section 21 of this act.

(4) CONVERSION PROCESS. The petition shall identify the existing or proposed independent public school that has accepted responsibility for managing the school site after the conversion, as well as the date the conversion shall take place. An independent public school created in this manner may continue to rent, at a reasonable monthly rate, the same school site and/or related facilities previously used by the government-operated public school. The renewed public school district shall not discontinue the rental arrangement as long as the independent public school agrees to and does pay a reasonable rent in a timely manner. Alternatively, the newly created independent public school may rent, lease, or purchase classroom or school facilities elsewhere in the district from any other willing provider.

NEW SECTION. Sec. 6. REQUIREMENTS FOR INDEPENDENT PUBLIC SCHOOLS. Independent public schools shall meet all of the following requirements:

(1) INDEPENDENT PUBLIC SCHOOLS SHALL BE NON-PROFIT ORGANIZATIONS. Every independent public school shall be a non-profit organization, including but not limited to non-profit corporations created in accordance with Title 24 RCW. The names and work addresses of all officers, principals, and board members of independent public schools shall be a matter of public record.

(2) INDEPENDENT PUBLIC SCHOOLS SHALL PREPARE EDUCATION ACHIEVEMENT PLANS FOR EACH STUDENT. An independent public school may receive public funding only for those students enrolled for whom an education achievement plan has been completed. Every request for public funding filed by an independent public school shall include a certification by the independent public school that it has a completed education achievement plan on file for each student listed. For purposes of this section, an education achievement plan shall be deemed completed if it is in writing and signed by the classroom teacher, the principal, and at least one of the student’s parents. Every parent shall receive a fully signed copy of his or her student’s education achievement plan each time it is prepared or formally reviewed, regardless of whether it is revised. In September, January, and June, each student’s education achievement plan shall be prepared or formally reviewed and signed by the classroom teacher, the principal, and at least one of the student’s parents.

(3) INDEPENDENT PUBLIC SCHOOLS SHALL EMPLOY CERTIFICATED TEACHERS. All independent public schools shall comply with the requirements for “approved” private schools that were in force on December 31, 1994, with respect to the number of teachers employed by the school who must be certificated teachers.

(4) INDEPENDENT PUBLIC SCHOOLS SHALL MEET ALL OF THE REQUIREMENTS FOR OPERATING AN APPROVED PRIVATE SCHOOL THAT WERE IN FORCE ON 12/31/94. All independent public schools shall meet all of the requirements for operating an approved private school that were in force on December 31, 1994.

(5) INDEPENDENT PUBLIC SCHOOLS SHALL NOT BE REQUIRED TO IMPLEMENT "PERFORMANCE-BASED" EDUCATION UNDER HB-1209. The timelines and requirements of chapter 336, Laws of 1993, also known as “House Bill No. 1209” shall be optional for independent public schools, just as they are optional for private schools and home-based instruction.

(6) INDEPENDENT PUBLIC SCHOOLS SHALL OBTAIN A LICENSE TO OPERATE EACH YEAR.

(a) GENERAL RULES. All independent public schools shall be licensed. To obtain an independent public school license, a non-profit organization shall file a license application with each renewed public school district in which it intends to operate no later than the August 1st before its first year of operation in the district, and file an application for license renewal during June or July of each subsequent year. All such applications shall include a copy of the applicant’s non-profit certificate, articles of incorporation (if any) and bylaws, and a brochure, pamphlet or handout that includes the following information, if the information is reasonably available:

(i) The names, addresses, and telephone numbers of the applicant, its principal, and each member of its board of directors;

(ii) The scope, sequence, and benchmarks of the applicant’s academic program or proposed program;

(iii) For renewal applications, if test score information is available, the average student test scores from the latest state-wide, objective, norm-referenced test, and the average annual improvement in same-student test scores;

(iv) The names and qualifications of its current teachers and staff;

(v) Any affiliations with other institutions, public or private;

(vi) The applicant’s expectations about student performance and behavior, including a copy of its current or proposed code of conduct;

(vii) Any problems known to the applicant’s principal and board members that could have a substantial negative impact on the health or safety of its students;
(viii) The amount and kinds of coverage provided by the applicant's liability insurance policy, including the name and phone number of the insurance company, the policy number, and its renewal date; and
(ix) A description of each existing or proposed school site.

(b) PROCEDURES FOR DENYING A LICENSE APPLICATION. The renewed public school district shall approve or deny each application within fourteen days of its receipt and promptly forward approved applications to the superintendent of public instruction who shall promptly issue the license. No application may be denied unless the renewed public school district notifies the applicant in writing of specific substantial objections based upon a preponderance of the credible evidence that the applicant does not satisfy one or more of the specific requirements for an independent public school as set forth in this chapter, and unless the applicant is provided with a reasonable opportunity to cure the objections noted. License application denials may be appealed to the superintendent of public instruction or to an arbitrator appointed pursuant to section 21 of this act.

(c) PROCEDURES FOR REVOKING AN APPROVED LICENSE. Once an independent public school's initial application has been approved, its status as an independent public school shall not be revoked except upon proof of a substantial violation of the independent public school requirements after notice and an opportunity to cure or, if necessary, defend.

NEW SECTION. Sec. 7. STABILITY OF PUBLIC SCHOOL DISTRICTS. Every independent public school district shall promptly notify the superintendent of its renewed public school district of the names of its principal and board of directors. The principal is the person at the independent public school with day-to-day responsibility for school management, while the board of directors has ultimate management authority, including the authority to hire and fire the principal.

NEW SECTION. Sec. 8. EMPLOYMENT OF STAFF AT INDEPENDENT PUBLIC SCHOOLS. An independent public school shall be independent of the renewed public school district for purposes of employment of teachers and other staff. Although the employees of an independent public school are free to designate a union as their collective bargaining representative in accordance with federal and state law, any collective bargaining agreement negotiated by a renewed public school district with respect to its government-operated public schools shall not apply to any independent public schools located within the district. Like any other non-profit organization, an independent public school may hire, fire, and compensate its employees, consultants, and other service providers as it deems appropriate, subject to all relevant laws and rules, including those relating to collective bargaining when employees have chosen to be represented by a union.

NEW SECTION. Sec. 9. LOCAL VOTERS SHALL HAVE THE OPTION TO RENEW THEIR PUBLIC SCHOOL DISTRICT THROUGH RENEWED PUBLIC SCHOOL DISTRICTS. SCHOOL BOARDS MAY OFFER VOTERS THE CHOICE TO RENEW THE DISTRICT AT ANY TIME.

(1) STATE-WIDE, DISTRICT-BY-DISTRICT ELECTIONS. Each public school district shall take whatever steps are necessary to place a ballot question before the voters of the district on the earliest possible election day, other than a day in February, following the date this act takes effect, with the ballot question phrased as follows:

"Shall the public school district be reformed, as authorized by the Education Excellence Act?"

(2) EFFECT OF "YES" VOTE IN A PARTICULAR SCHOOL DISTRICT. If a majority of those voting in any public school district vote "yes", to renew the public school district, this chapter shall regulate the renewed public school district until such time, if ever, that a majority of those voting in a subsequent district-wide election vote otherwise. Whether the voters decide to adopt or withdraw from the education reforms authorized by this chapter, the change shall not take place until the beginning of the next school year.

(3) VOTERS' RIGHT TO CHANGE BACK TO A NON-RENEWED SCHOOL DISTRICT. Once the voters in a public school district have voted to adopt the education reforms authorized by this chapter, the district may not revert to its former status except by a vote of its electorate held on the election day that is closest to the sixth, twelfth, eighteenth, etc. anniversary of the original vote to become a renewed public school district. The school board may put the issue to the voters at that time in the same manner that a board may ask its voters to approve a bond or levy.

(4) SCHOOL BOARDS MAY OFFER VOTERS THE CHOICE TO RENEW THE DISTRICT AT ANY TIME. The school board in every public school district that has not adopted the education reforms authorized by this chapter may put the issue to its voters again at any time in the same manner that a board may ask its voters to approve a bond or levy.

(5) SCHOOL BOARDS MAY OFFER VOTERS THE CHOICE TO RENEW THE DISTRICT WHENEVER VOTERS ARE ASKED TO APPROVE A BOND OR LEVY. In every public school district that has never been a renewed public school district, the board shall, whenever it asks its voters to approve a bond or levy, also ask its voters again whether they want to adopt the education reforms authorized by this chapter and thereby convert the district to a renewed public school district.

NEW SECTION. Sec. 10. REQUIREMENTS FOR ALL GOVERNMENT-OPERATED AND INDEPENDENT PUBLIC SCHOOLS WITHIN A RENEWED PUBLIC SCHOOL DISTRICT. All public schools within a renewed public school district, whether government-operated or independent, shall satisfy all of the following requirements, with monthly reports due by the 15th of the following month, and annual reports due by August 15:

(1) DISCRIMINATION PROHIBITED. Public schools shall not discriminate against prospective or current students or parents based on their race, color, national origin, ethnicity, family income, religion, place of residence, or any criteria forbidden by federal or state constitutions or laws. Although public schools shall not deny admission on the basis of gender, they may teach children using single-gender classrooms.

(2) HATE GROUPS PROHIBITED. No public school may advocate unlawful behavior or teach hatred of any person or group.

(3) EXTRA TUITION PROHIBITED. No public school may require any tuition or fees in excess of the funds provided by federal, state, and local taxes. However, public schools may charge reasonable fees for extracurricular programs, including non-required summer instruction.

(4) PREFERENCE FOR LOW-INCOME STUDENTS REQUIRED. Each public school shall reserve at least fifteen percent of its actual enrollment for low-income students. If timely applications from such students are fewer than the places available, all low-income students who apply shall be admitted; if timely applications from low-income students exceed the places available, the school may use any lawful criteria to select the low-income students who are offered preferred admission. The school board of a renewed public school district may increase the minimum low-income preference percentage from fifteen percent to the district's average percentage enrollment of low-income students, but only if the standard is applied equally to independent public schools and government-operated public schools. Except to the extent necessary to satisfy this requirement, no public school may consider a student's family income when deciding whether to enroll a student.

(5) PUBLIC DISCLOSURE OF OPENINGS REQUIRED. Each public school shall disclose monthly to the renewed public school district, as a matter of public record, the number of low income and other students enrolled, the number of students on any waiting list, and whether any openings are available for new students. Unless more than the required minimum percentage of a public school's students
are already low-income students, low-income students who are already on the school’s waiting list shall be given the first opportunity to fill any available openings for new students.

(6) PUBLIC DISCLOSURE OF FINANCIAL PERFORMANCE REQUIRED. Each public school shall disclose annually to the renewed public school district, as a matter of public record, its financial performance during the previous school year, including all significant categories of revenue and expense, and all significant sources and uses of cash.

(7) PUBLIC DISCLOSURE OF STUDENT TURNOVER REQUIRED. Each public school shall disclose annually to the renewed public school district, as a matter of public record, its student turnover, including the number of students attending at the beginning of the school year, the number who transferred in and out, the number expelled, the number who dropped out, and the number who graduated, including the gender and ethnic background of the students in each category.

(8) CONFIDENTIAL DISCLOSURE OF ATTENDANCE REQUIRED. Each public school shall disclose monthly, in confidence to the renewed public school district, the attendance of each child enrolled, and whether each absence was excused or unexcused. A brief explanation of all excused absences during the current and previous school year shall be kept on file by the public school. For purposes of this section, a child is in attendance if he or she is physically present in the classroom, although the superintendent of the renewed public school district may accept an offer to pay below market rent, but only if the independent public school promises that it will provide certain specified additional services to these students in exchange for a lower rent.

(9) PUBLIC DISCLOSURE OF WRITTEN COMPLAINTS REQUIRED. Each public school shall disclose monthly to the renewed public school district, as a matter of public record, all written complaints received which were authored by identified parents, students, or others. The public school may also disclose its written response to any such complaints. All references in the publicly disclosed documents to particular teachers, students, and parents shall be kept confidential, however, to preserve the privacy of the affected parties, unless a court of competent jurisdiction orders otherwise.

(10) PUBLIC DISCLOSURE OF AVERAGE TEST SCORES REQUIRED. Subject to the limitation of section 6(5) of this act, the students attending each public school shall participate in any objective, normed tests required by the legislature and administered statewide in all school districts to all students in specific grade or ability levels. To the extent it can be done without compromising the confidentiality of an individual student’s personal information, each public school shall disclose promptly, to the renewed public school district as a matter of public record, the following test results: (a) the average score for all students tested by age or grade level; and, if available, (b) the average annual improvement in same-student performance, in total, and also by student age, gender, and ethnicity. Individual results, including percentile performance when available, shall be released only to the student’s parents.

(11) POWER TO CONTRACT FOR SUPPLEMENTAL SERVICES. An individual student shall only enroll in one public school at one time. Any public school may, however, contract with one or more other public schools to provide part of the education services received by its students.

NEW SECTION. Sec. 11. RESPONSIBILITIES OF SCHOOL BOARDS AND SUPERINTENDENTS IN RENEWED PUBLIC SCHOOL DISTRICTS.

(1) AMPLE PROVISION MUST BE MADE FOR THE EDUCATION OF EACH CHILD RESIDING IN A RENEWED PUBLIC SCHOOL DISTRICT. The superintendent and school board of a renewed public school district shall take every reasonable action available to assure that ample provision is made for the education of every child residing in the district, and that all constitutional mandates are met. Although a child’s parents will usually be in the best position to determine which particular public school within the district is best for their child, the superintendent may restrict parental choice in those specific instances set forth in section 4(4)(c) of this act.

(2) RENEWED PUBLIC SCHOOL DISTRICTS SHALL CHOOSE THE BEST SCHOOL FOR EACH CHILD WHOSE PARENTS DON’T CHOOSE. If the parents of a school-age child fail to make a school choice before June 15th, the district shall assign the child to the school that the district determines would provide the best educational environment for the child.

(3) RENEWED PUBLIC SCHOOL DISTRICTS SHALL ADMINISTER ALL GOVERNMENT-OPERATED PUBLIC SCHOOLS IN THE DISTRICT. Renewed public school districts shall continue to administer all of the government-operated public schools within the district.

(4) RENEWED PUBLIC SCHOOL DISTRICTS MAY CONSTRUCT NEW FACILITIES AND SELL EDUCATION-RELATED SERVICES. Renewed public school districts may continue to own, purchase, and construct schools and other education-related facilities for use by government-operated public schools or for purposes of selling or renting these facilities, at reasonable prices, to independent public schools. In addition, renewed public school districts may, in competition with other providers, offer education enhancement, business management, and other consulting or support services to public schools and related entities.

(5) RENEWED PUBLIC SCHOOL DISTRICTS MUST SELL SURPLUS SCHOOL PROPERTY TO INTERESTED INDEPENDENT PUBLIC SCHOOLS AND USE THE NET PROCEEDS TO BENEFIT LOW-INCOME STUDENTS. If a renewed public school district owns school facilities that are vacant or are being used for purposes other than K-12 education, and if an independent public school offers to rent some or all of these facilities under a standard rental agreement at a reasonable monthly rent, the district shall accept the rental offer. If the parties cannot agree on what constitutes a “standard rental agreement” or a “reasonable rent” the issues shall be resolved by arbitration in accordance with section 21 of this act. The district may not thereafter unilaterally discontinue the rental arrangement as long as the independent public school agrees to pay and pays a reasonable monthly rent in a timely manner. A renewed public school district may accept an offer to pay below-market rent, but only if the independent public school promises that at least fifty percent of its students will be low-income or special needs students, or that it will provide certain specified additional services to these students in exchange for a lower rent. The net proceeds from all such rentals (after deducting the district’s costs of maintaining the property rented) shall be deposited in a restricted account controlled by the renewed public school district, but that may be used solely by the district to provide additional incentives for independent public schools to locate or continue operating in neighborhoods populated primarily by low-income students.

(6) RENEWED PUBLIC SCHOOL DISTRICTS MAY SELL SURPLUS SCHOOL PROPERTY FOR USE AS SITES FOR INDEPENDENT PUBLIC SCHOOLS AND USE THE NET PROCEEDS TO BENEFIT LOW-INCOME STUDENTS. Beginning with the initial school year for a period of ten years thereafter, a renewed public school district that owns school facilities that are vacant or are being used for purposes other than K-12 education may sell the property to any interested buyer but only on condition that the new owner and its heirs and assigns forever agree to use the property solely as the location for one or more independent public schools as long as the district remains a renewed public school district. The net proceeds from any such sale shall be deposited into the restricted account described in subsection (5) of this section. A renewed public school district that owns school facilities that are still vacant or used for purposes other than K-12 education for ten years after the initial school year may sell the property to any buyer without any conditions as long as the net proceeds are deposited into the restricted account.

(7) WIND UP OF FAILING SCHOOLS BY DISTRICT. If an independent public school for any reason discontinues operation before the end of a school year, the superintendent of the renewed public school district may assume control of the independent public school, employ certified teachers and staff, and otherwise provide for the operation and management of the school, but only for the balance of the school year. The district shall not, however, be required to assume responsibility for any debts incurred by the independent public school before its wind up by the district.

(8) DISSEMINATION OF PUBLIC INFORMATION TO INTERESTED PERSONS. Each renewed public school district shall provide free reasonable access to every interested person to its public records concerning each public school located within the district. Each renewed public school district shall provide free by telephone, mail, facsimile, and electronic mail to any person requesting the information, the names, addresses, and telephone numbers of each public school located in the district, or in any one or more of the postal zip
code areas within the district. Each renewed public school district shall also mail at no charge to any person living in the district the brochures describing up to ten different public schools, but only to the extent that the public schools involved have supplied sufficient copies of their brochures to the district. The district may mail more than ten brochures to interested persons if it chooses to do so.

(9) STATE'S RESPONSIBILITY FOR UNFUNDED AND UNDERFUNDED MANDATES. If a court of competent jurisdiction holds that the amount allocated by the state to pay for the education of a special needs child who resides in a renewed public school district is not in fact sufficient to comply with the requirements of state and/or federal law, and if the renewed public school district is found to have spent the allocated dollars appropriately, then, to that extent, the state, and not the renewed public school district, shall bear the cost of complying with the court's ruling.

NEW SECTION. Sec. 12. ALLOCATION OF PUBLIC EDUCATION FUNDS IN RENEWED PUBLIC SCHOOL DISTRICTS. If a majority of the voters in any public school district vote to implement the provisions of this chapter in their district, the district shall become a renewed public school district and shall, beginning with the next school year, promptly redistribute all money received from federal, state, and local sources, as follows:

(1) GOVERNMENT-OPERATED PUBLIC SCHOOLS. The district shall redistribute to itself all funds received as a result of the number and special needs status of every student enrolled at its government-operated public schools.

(2) INDEPENDENT PUBLIC SCHOOLS. Except for the payment of a reasonable processing fee, which shall not exceed two percent of the funds redistributed, the district shall redistribute to each independent public school located within the district a fair share of all federal, state and local funds received by the district, other than funds restricted to transportation expenses or capital improvements.

(a) Each renewed public school district shall receive full state funding for every child attending any public school located within the district, regardless of whether these public schools are government-operated or independent.

(b) Each renewed public school district shall redistribute to the independent public schools located within the district, by the 20th of each month during the months of October through September, each independent public school's fair share of all federal, state, and local funds received by the district.

(c) Funds shall be redistributed to each independent public school based on the following formula:

School days in previous month \( x \) The annual public funding for each child attending the school plus the additional school days in the school year \( \times \) funds provided for each special needs child attending the school

Expressed as a sentence, the formula is the ratio of the total number of school days in the previous month to the total number of school days in the current school year, multiplied by the annual public funding due for each child enrolled plus the additional annual public funding for each special needs child enrolled. If exact numbers are not available, the district shall use the best available estimate and then make subsequent adjustments as needed.

(d) To be entitled to payment by the 20th of each month, an independent public school shall supply the district, by the 5th of each month, with the identity of all children who attended the school in the previous month, along with their special needs status, and attendance summary.

(e) Distributions shall be prorated for each child who was not enrolled at an independent public school during the entire previous month.

(f) The district may deduct from all funds redistributed to independent public schools a reasonable processing fee, which shall not exceed two percent of the funds redistributed.

(g) The annual public funding due for each child enrolled shall equal the amount of funds the school district expects to receive for all non-special needs children from federal, state and local sources, divided by the number of non-special needs students enrolled in the district.

(h) The annual public funding due for each special needs child enrolled shall equal the amount of funds the school district expects to receive for each of the separate categories of special needs children from federal, state and local sources, divided by the number of special needs students in each category that are enrolled in the district.

(i) This section does not prohibit any public school from operating on a year-round schedule, or a schedule of more than 180 instructional days, and the legislature may, at its option, provide additional funds for public schools that choose to do so.

(3) PRIVATE SCHOOLS. Private schools that do not voluntarily convert to independent public schools shall not receive any state or local funds pursuant to this chapter.

(4) TRANSPORTATION EXPENSES. Renewed public school districts shall provide free transportation for all students residing within the district and attending public schools within the district that are not located within a safe walking distance, as defined by the district, as follows:

(a) LOW-INCOME AND SPECIAL NEEDS STUDENTS. A renewed public school district shall provide free transportation for every low-income and special needs student, regardless of which government-operated public school or independent public school is chosen.

(b) OTHER STUDENTS. A renewed public school district may provide free transportation to every student, regardless of which government-operated public school or independent public school is chosen, or it may limit free transportation to one or more of the nearest government-operated public schools. However, a renewed public school district that is willing to provide free transportation to a student attending a government-operated public school shall also provide free transportation to any independent public school chosen by the student’s parents that is located within a one-half mile radius of the government-operated public school. In addition, a renewed public school district shall provide free transportation to any student attending any independent public school if the school agrees in writing to reimburse the district monthly for its marginal cost of providing this service. A renewed public school district may also, at its option, provide free transportation to all or any reasonable category of students attending independent public schools located in the district. A renewed public school district shall be reimbursed by the state for its legitimate transportation expenses as if every independent public school were a government-operated public school.

(5) CAPITAL IMPROVEMENT EXPENSES. State funds that are constitutionally restricted to capital improvements must be spent on capital improvements. However, except to the minimum extent required by the state constitution, all other state funds distributed to renewed public school districts shall be distributed without restrictions so as not to discriminate against independent public schools or impair their operational flexibility. Renewed public school districts may, however, subject to voter approval, raise additional funds for capital improvements through local levies and bonds.

(6) OTHER EXPENSES; SPECIAL RULE FOR FEDERAL FUNDS AND PRIVATE GRANTS. All money received by a renewed public school district that is not redistributed as a result of the previous subsections shall be redistributed on an equal per student basis among all of the public schools in the district. However, all federal funds and private grants that are received by the district subject to certain conditions shall not be redistributed to any independent public school which refuses to either comply with the conditions or pay its reasonable share of obtaining and administering the funds.

NEW SECTION. Sec. 13. NO DISCRIMINATION AGAINST RENEWED PUBLIC SCHOOL DISTRICTS OR INDEPENDENT PUBLIC SCHOOLS.

(1) The state shall not discriminate against renewed public school districts in providing funding or in any other manner.
(2) Except for the requirements set forth in this chapter and any rules adopted in accordance with the procedures set forth in this section, there shall be no other requirements or rules imposed on independent public schools, whether by the state or any county, city, or other government or quasi-governmental entity.

(3) Independent public schools shall receive the same tax exemptions and other tax benefits currently enjoyed by public schools in non-renewed public school districts.

(4) Neither the superintendent of public instruction nor the state board of education may issue rules that limit the operational flexibility of independent public schools unless and until the rules are specifically approved by statute or by a majority vote of all independent public schools.

(5) This section does not authorize the legislature to take any action in collaboration with the superintendent of public instruction or state board of education that the legislature would prohibit districts, local boards, or its own.

NEW SECTION. Sec. 14. LOCAL SCHOOL LEVIES. A renewed public school district may continue to place levy and bond proposals before the voters in the district, in accordance with the law, but the proposed uses of the proceeds of all such proposals shall be identified in advance of the election and then spent accordingly.

NEW SECTION. Sec. 15. EQUAL TAX TREATMENT OF NON-GOVERNMENTAL SERVICE PROVIDERS. Individuals and organizations that compete with renewed public school districts in the sale, lease, or rental of schools, education-related equipment, or supplies to independent public schools shall, with respect to such activities, be taxed by the state and its localities in the same manner and receive the same exemptions as public school districts.

NEW SECTION. Sec. 16. HOME-BASED EDUCATION PROTECTION CLAUSE. Nothing in this chapter affects the laws and rules in existence on the effective date, or accounts for home-based instruction, including chapter 28A.200 RCW.

NEW SECTION. Sec. 17. BENEFIT AND SENIORITY PROTECTION FOR EMPLOYEES OF INDEPENDENT PUBLIC SCHOOLS. To the extent that any employee of an independent public school would be eligible for any state-financed employment benefits if employed at a government-operated school, he or she shall receive the same state-financed employment benefits while employed at an independent public school. Any government entity that currently offers a non-state financed pension, health care plan, or other benefit plan to an employee who subsequently becomes an employee of an independent public school shall offer each such individual the option of continuing to participate without penalty in any or all of the applicable benefit plans as long as the independent public school pays one hundred percent of the cost of his or her continued participation. If their employment with an independent public school terminates, or if the voters in a renewed public school district vote to return the district to a non-renewed district, all certificated teachers and classified employees who were employed by the district in the school year immediately before it became a renewed public school district shall have the right to resume their employment with the district beginning with the next school year without any loss of salary, benefits, or seniority. Any years employed at an independent public school shall be considered as additional years employed by the district.

NEW SECTION. Sec. 18. RULE OF CONSTRUCTION. This chapter shall be liberally construed to effectuate its purpose of giving local school district voters the option to improve public education within their district through education reforms based on deregulation, accountability, and parental choice.

NEW SECTION. Sec. 19. SUPPLEMENTAL RULES. This chapter is self-executing. However, the state board of education, the superintendent of public instruction, the educational service districts, local school boards, and local school district superintendents shall use their best efforts to facilitate the successful implementation of the letter and intent of this chapter.

NEW SECTION. Sec. 20. APPLICABILITY OF CONSUMER PROTECTION ACT. The operation of public schools within a renewed public school district is a matter affecting the public interest for the purpose of applying chapter 19.86 RCW. Any person who is injured by an unfair or deceptive act or practice in connection with a public school within a renewed public school district, including but not limited to fraud, misrepresentation, monopolization, or attempted monopolization, is entitled to all of the remedies provided by the consumer protection act, chapter 19.86 RCW, including, without limitation, its treble damages provision. In any such litigation, the prevailing party shall recover from the other all of its reasonable costs, including attorneys' fees and expert witness fees. The legislature may enact additional civil and criminal penalties for those who engage in unfair or deceptive conduct in connection with the operation of public schools within renewed public school districts.

NEW SECTION. Sec. 21. BINDING ARBITRATION OF DISPUTES. (1) If a renewed public school district and an independent public school cannot agree on what constitutes a reasonable rent or any other issue, either party may initiate a binding arbitration before an arbitrator appointed by the presiding judge of the local superior court. Each side shall submit in writing its final offer at least fourteen calendar days before the arbitration hearing. The arbitrator's authority is limited to choosing between the proposed monthly rent or other resolution of the dispute submitted by one side or the other, and the prevailing party shall recover from the other all of its reasonable costs of arbitration, including attorneys' fees and expert witness fees. The decision of the arbitrator shall be final with respect to the issue arbitrated. The superior court shall enter judgment on the award at the request of either party in accordance with RCW 7.04.150.

NEW SECTION. Sec. 22. SEVERABILITY CLAUSE. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 23. CAPTIONS NOT LAW. Captions used in this act do not constitute any part of the law.

NEW SECTION. Sec. 24. Sections 1 through 23 of this act shall constitute a new chapter in Title 28A RCW.

NEW SECTION. Sec. 25. Within one year of the enactment of this chapter, the house of representatives and senate committees on education shall develop and recommend legislation to bring Title 28A RCW into compliance with this act. Any failure to pass any such legislation shall not, however, affect the validity and enforceability of this chapter.

MESSAGE FROM THE HOUSE

January 8, 1996

MR. PRESIDENT:
The House has passed ENGROSSED HOUSE BILL NO. 1023, notwithstanding the Governor’s veto, and the same is herewith transmitted.

TIMOTHY A. MARTIN, Chief Clerk

MOTION
Senator Snyder moved that Engrossed House Bill No. 1023 with the Governor’s veto message be referred to the Committee on Ways and Means.

POINT OF INQUIRY

Senator McDonald: “Senator Snyder, is it your intention by doing this that we will not deal with these gubernatorial overrides?” Senator Snyder: “I am presuming that we are going to pass other bills that deal with the same subjects and if the time comes, my intention is to have a property tax bill and a B & O tax reduction out of here before the session ends. I would like to have them early in the
session so the county officials on the property tax can get it in place, because as Senator Loveland said earlier, January 31 is the drop dead date and we have, in our bill, January 1, 1996, and we would like to expedite these bills and get them passed. We are disappointed we didn’t pass those bills today, so one way or another and I won’t say that we will not work on them, but we may be forced to act on them. I don’t know.”

Further debate ensued.

The President declared the question before the Senate to be the motion by Senator Snyder to refer Engrossed House Bill No. 1023 and the Governor’s veto message to the Committee on Ways and Means.

The motion by Senator Snyder carried and Engrossed House Bill No. 1023 and the Governor’s veto message were referred to the Committee on Ways and Means.

Sec. 1. RCW 82.04.235 and 1993 sp. s c 25 s 202 are each amended to read as follows: Upon every person engaging within the state as a real estate broker; as to such persons, the amount of the tax with respect to such business shall be equal to the gross income of the business, multiplied by the rate of ((2/3)) 1.5 percent.

Sec. 2. RCW 82.04.290 and 1995 c 229 s 3 are each amended to read as follows:

(1) Upon every person engaging within this state in the business of providing selected business services other than or in addition to those enumerated in RCW 82.04.250 or 82.04.270; as to such persons the amount of tax on account of such activities shall be equal to the gross income of the business multiplied by the rate of ((2/3)) 1.5 percent.

(4) Upon every person engaging within this state in any business activity other than or in addition to those enumerated in RCW 82.04.230, 82.04.240, 82.04.250, 82.04.255, 82.04.260, 82.04.270, and 82.04.280, and subsections (1), (2), and (3) of this section; as to such persons the amount of tax on account of such activities shall be equal to the gross income of the business multiplied by the rate of ((2/3)) 1.5 percent.

This section includes, among others, and without limiting the scope hereof (whether or not title to materials used in the performance of such business passes to another by accession, confusion or other than by outright sale), persons engaged in the business of rendering any type of service which does not constitute a "sale at retail" or a "sale at wholesale." The value of advertising, demonstration, and promotional supplies and materials furnished to an agent by his principal or supplier to be used for informational, educational and promotional purposes shall not be considered a part of the agent’s remuneration or commission and shall not be subject to taxation under this section.

Debate ensued.

Senator West demanded a roll call and the demand was sustained. The President declared the question before the Senate to be the roll call on the adoption of the amendment by Senators Deccio, Hale, Swecker, Morton, Strannigan, Roach, Schow, Zarelli, Newhouse, Wood, Anderson, Hochstatter, Moyer, Cantu, Oke, West, McCaslin, McDonald and Johnson on page 1, beginning on line 7, to Senate Bill No. 6117.

ROLL CALL

The Secretary called the roll and the amendment was not adopted by the following vote: Yeas, 23; Nays, 26; Absent, 0; Excused, 0.

Voting nay: Senators Bauer, Drew, Fairley, Franklin, Fraser, Goings, Hargrove, Haugen, Heavey, Kohl, Loveland, McAuliffe, Owen, Pelz, Prentice, Prince, Quigley, Rasmussen, Rinheart, Sheldon, Smith, Snyder, Spanel, Sutherland, Thibaudeau and Wojahn - 26.

MOTION

Senator McDonald moved that the following amendment by Senators McDonald, Finkbeiner, Schow, Johnson, McCaslin, Zarelli, Strannigan, Long, Prince, Roach, Swecker, Newhouse, Deccio, Morton, Hochstatter, Moyer, Hale and Cantu be adopted:

On page 4, after line 18, strike all of section 3 and insert the following:
"NEW SECTION. Sec. 5. This act shall be submitted to the people for their adoption and ratification, or rejection, at the next succeeding general election to be held in this state, in accordance with Article II, section 1 of the state Constitution, as amended, and the laws adopted to facilitate the operation thereof."

POINT OF INQUIRY

Senator McDonald: "Senator Rinehart, if this is not adopted and if what, I think, is inevitable, the Governor vetoes this measure, is it your intention then to bring it up for a vote and have a positive vote on overriding his veto?"

Senator Rinehart: "Senator McDonald, if in fact, that occurs, we will have a reasoned discussion and at that time we will make a decision. One of the first things I ever learned in this career is to never answer hypothetical questions."

POINT OF INQUIRY

Senator McDonald: "Senator Snyder, we have had this discussion on several occasions and you have answered in the affirmative at least in those discussions and I wondered if it is your intention, if the Governor vetoes this, that we will have an override vote and a positive vote on this?"

Senator Snyder: "I agree with Senator Rinehart. It is hard to deal in hypothetical questions, but it is our intent to have a reduction in the B & O tax in place before we leave here in sixty days or fifty-eight days or fifty-nine days, whatever it is—and by whatever means it takes to implement that."

Further debate ensued.

(2) The state levy for collection in 1996 shall be reduced by five percent of the full levy for that year. State levies for collection after 1996 shall not exceed the amount that would be allowed otherwise under this chapter if the state levy for collection in 1996 had been set at ninety-five percent of the full levy for that year.

(3) Levies collected before 1996 shall not be used as a base for calculating limits for state levies for collection after 1996.

(4) Levies collected before any reduction under RCW 43.135.045 shall not be used as a base for calculating limits for state levies for collection in following years.

Sec. 2. RCW 43.135.045 and 1994 c 2 s 3 are each amended to read as follows:

(1) The property tax reduction fund and the emergency reserve fund (\(\text{\textit{emergency reserve}}\)) property tax reduction fund all general fund--state revenues in excess of the state expenditure limit for that fiscal year. Deposits shall be made at the end of each fiscal quarter based on projections of state revenues and the state expenditure limit.
The amount transferred into the property tax reduction fund in any fiscal year may not exceed the amount of tax that would otherwise be levied by the state for the support of the common schools for collection in the second calendar year following the end of the fiscal year, as forecast by the economic and revenue forecast council. All general fund--state revenues for any fiscal year in excess of the amount of tax that would otherwise be levied by the state for the support of the common schools for collection in the second calendar year following the end of the fiscal year, as forecast by the economic and revenue forecast council, shall be deposited into the emergency reserve fund.

The budget document submitted to the legislature by the governor under RCW 43.88.030 shall include a transfer to the general fund, for purposes of reducing the state levy for the support of the common schools, of the amounts deposited in the property tax reduction fund for the previous fiscal year. Any money transferred to the general fund for this purpose shall be credited against the levy under RCW 84.52.065 for collection in the calendar year following the fiscal year in which the transfer is made. Any money deposited into the property tax reduction fund in any fiscal year that are not transferred under subsection (1) of this section on September 1st of the second fiscal year following the year in which the moneys were deposited into the property tax reduction fund.

The legislature may appropriate moneys from the emergency reserve fund only with approval of at least two-thirds of the members of each house of the legislature, and then only if the appropriation does not cause total expenditures to exceed the state expenditure limit for the current fiscal year.

(3) The emergency reserve fund balance shall not exceed five percent of biennial general--state revenues as projected by the official state revenue forecast. Any balance in excess of five percent shall be transferred on a quarterly basis by the state treasurer to the education construction fund hereby created in the treasury.

Funds may be appropriated from the education construction fund exclusively for common school construction or higher education construction.

(b) Funds may be appropriated for any other purpose only if approved by a two-thirds vote of each house of the legislature and if approved by a vote of the people at the next general election. An appropriation approved by the people under this subsection shall result in an adjustment to the state expenditure limit only for the fiscal period for which the appropriation is made and shall not affect any subsequent fiscal period.

Sec. 3. RCW 84.48.080 and 1995 2nd sp.s. c 13 s 3 are each amended to read as follows:

(1) Amended and reenacted as provided in section 1.

(2) The department shall levy the state taxes authorized by law. The amount levied in any one year for general state purposes shall not exceed the lawful dollar rate on the dollar of the assessed value of the property of the entire state, which assessed value shall be one hundred percent of the true and fair value of such property in money. The department shall apportion the amount of tax for state purposes levied by the department, among the several counties, in proportion to the valuation of the taxable property of the county for the year as equalized by the department: PROVIDED, That for purposes of this apportionment, the department shall recompute the previous year’s levy and the apportionment thereof to correct for changes and errors in taxable values reported to the department after October 1 of the preceding year and shall adjust the apportioned amount of the current year’s state levy for each county by the difference between the apportioned amounts established by the original and revised levy computations for the previous year. For purposes of this section, changes in taxable values mean a full adjustment made by a county board of equalization, the state board of tax appeals, or a court of competent jurisdiction and shall include any changes or additions to the assessment or tax rolls; any amendments or corrections to the assessment or tax rolls; any additions or corrections to the assessment or tax rolls made by a county to the department subsequent to December 1st, or a change in the indicated ratio of a county. Errors in taxable values mean errors corrected by a final reviewing body.

In addition to computing a levy under this subsection that is reduced under RCW 43.135.045 or 43.55.012, the department shall compute a hypothetical levy without regard to the reduction under RCW 43.135.045 or 43.55.012. This hypothetical levy shall also be apportioned among the several counties in proportion to the valuation of the taxable property of the county for the year, as equalized by the department, in the same manner as the actual levy and shall be used by the county assessors for the purpose of recomputing and establishing a consolidated levy under RCW 84.52.010.

The department shall have authority to adopt rules and regulations to enforce obedience to its orders in all matters in relation to the returns of county assessments, the equalization of values, and the apportionment of the state levy by the department.

Sec. 4. RCW 84.52.010 and 1995 2nd sp.s. c 13 s 4 are each amended to read as follows:

When a county assessor finds that the aggregate rate of tax levy on any property, that is subject to the limitations set forth in RCW 84.52.043 or 84.52.050, exceeds the limitations provided in either of these sections, the assessor shall recompute and establish a consolidated levy in the following manner:

(1) The full certified rates of tax levy for state, county, county road district, and city or town purposes shall be extended on the tax rolls in amounts not exceeding the limitations established by law; however any state levy shall take precedence over all other levies and shall not be reduced for any purpose other than that required by RCW 84.55.010. If, as a result of the levies imposed under RCW 84.52.069, 84.34.230, the portion of the levy by a metropolitan park district that was protected under RCW 84.52.120, and 84.52.105, the combined rate of regular property tax levies that are subject to the one percent limitation exceeds one percent of the true and fair value of any property, then
these levies shall be reduced as follows: (a) The portion of the levy by a metropolitan park district that is protected under RCW 84.52.120 shall be reduced until the combined rate no longer exceeds one percent of the true and fair value of any property or shall be eliminated; (b) if the combined rate of regular property tax levies that are subject to the one percent limitation still exceeds one percent of the true and fair value of any property, then the levies imposed under RCW 84.34.230, 84.52.105, and any portion of the levy imposed under RCW 84.52.069 that is in excess of thirty cents per thousand dollars of assessed value, shall be reduced on a pro rata basis until the combined rate no longer exceeds one percent of the true and fair value of any property or shall be eliminated; and (c) if the combined rate of regular property tax levies that are subject to the one percent limitation still exceeds one percent of the true and fair value of any property, then the thirty cents per thousand dollars of assessed value of tax levy imposed under RCW 84.52.069 shall be reduced until the combined rate no longer exceeds one percent of the true and fair value of any property or eliminated.

The certified rates of tax levy subject to these limitations by all junior taxing districts imposing taxes on such property shall be reduced or eliminated as follows to bring the consolidated levy of taxes on such property within the provisions of these limitations:

(a) First, the certified property tax levy rates of those junior taxing districts authorized under RCW 36.68.525, 36.69.145, and 67.38.130 shall be reduced on a pro rata basis or eliminated;

(b) The consolidated rate of tax levy on property subject to these limitations shall be reduced on a pro rata basis or eliminated;

(d) If the consolidated tax levy rate still exceeds these limitations, the certified property tax levy rates authorized to fire protection districts under RCW 52.16.140 and 52.16.160 shall be reduced on a pro rata basis or eliminated; and

(e) If the consolidated tax levy rate still exceeds these limitations, the certified property tax levy rates authorized for fire protection districts under RCW 52.16.130, library districts, metropolitan park districts under their first fifty cent per thousand dollars of assessed valuation levy, and public hospital districts under their first fifty cent per thousand dollars of assessed valuation levy, shall be reduced on a pro rata basis or eliminated.

In determining whether the aggregate rate of tax levy on any property, that is subject to the limitations set forth in RCW 84.52.050, exceeds the limitations provided in that section, the assessor shall use the hypothetical state levy, as apportioned to the county under RCW 84.48.080, that was computed under RCW 84.48.080 without regard to the reduction under RCW 43.155.045 or 43.55.012.

Sec. 5. RCW 84.56.010 and 1994 c 301 s 50 are each amended to read as follows:

The rate percent of all taxes for state and county purposes, and purposes of taxing districts coextensive with the county, shall be determined, calculated and fixed by the county assessors of the respective counties, within the limitations provided by law, upon the assessed valuation of the property of the county, as shown by the completed tax rolls of the county, and the rate percent of all taxes levied for purposes of taxing districts within any county shall be determined, calculated and fixed by the county assessors of the respective counties, within the limitations provided by law, upon the assessed valuation of the property of the taxing districts respectively.

A county assessor finds that the aggregate rate of tax levy on any property, that is subject to the limitations set forth in RCW 84.52.043 or 84.52.050, exceeds the limitations provided in either of these sections, the assessor shall recompute and establish a consolidated levy in the following manner:

(1) The full certified rates of tax levy for state, county, county road district, and city or town purposes shall be extended on the tax rolls in amounts not exceeding the limitations established by law; however any state levy shall take precedence over all other levies and shall not be reduced for any purpose other than that required by RCW 84.55.010. If, as a result of the levies imposed under RCW 84.52.069, 84.34.230, the portion of the levy by a metropolitan park district that was protected under RCW 84.52.120, and 84.52.105, the combined rate of regular property tax levies that are subject to the ((one percent)) limitation under RCW 84.52.050 exceeds ((one percent of the true and fair value of any property)) the limitation under RCW 84.52.050, then these levies shall be reduced as follows: (a) The portion of the levy by a metropolitan park district that was protected under RCW 84.52.120 shall be reduced until the combined rate no longer exceeds ((one percent of the true and fair value of any property)) the limitation under RCW 84.52.050 or shall be eliminated; (b) if the combined rate of regular property tax levies that are subject to the ((one percent)) limitation under RCW 84.52.050 still exceeds ((one percent of the true and fair value of any property)) the limitation under RCW 84.52.050, then the levies imposed under RCW 84.34.230, 84.52.105, and any portion of the levy imposed under RCW 84.52.069 that is in excess of thirty cents per thousand dollars of assessed value, shall be reduced on a pro rata basis until the combined rate no longer exceeds one percent of the true and fair value of any property or shall be eliminated; and (c) if the combined rate of regular property tax levies that are subject to the one percent limitation still exceeds one percent of the true and fair value of any property, then the thirty cents per thousand dollars of assessed value of tax levy imposed under RCW 84.52.069 shall be reduced until the combined rate no longer exceeds one percent of the true and fair value of any property or shall be eliminated.

(2) The certified rates of tax levy subject to these limitations by all junior taxing districts imposing taxes on such property shall be reduced or eliminated as follows to bring the consolidated levy of taxes on such property within the provisions of these limitations:

(a) First, the certified property tax levy rates of those junior taxing districts authorized under RCW 36.68.525, 36.69.145, and 67.38.130 shall be reduced on a pro rata basis or eliminated;

(b) Second, if the consolidated tax levy rate still exceeds these limitations, the certified property tax levy rates of food control zone districts shall be reduced on a pro rata basis or eliminated;

(c) Third, if the consolidated tax levy rate still exceeds these limitations, the certified property tax levy rates of all other junior taxing districts, other than fire protection districts, library districts, the first fifty cent per thousand dollars of assessed valuation levies for metropolitan park districts, and the first fifty cent per thousand dollars of assessed valuation levies for public hospital districts, shall be reduced on a pro rata basis or eliminated;

(d) Fourth, if the consolidated tax levy rate still exceeds these limitations, the certified property tax levy rates authorized for fire protection districts under RCW 52.16.140 and 52.16.160 shall be reduced on a pro rata basis or eliminated; and

(e) Fifth, if the consolidated tax levy rate still exceeds these limitations, the certified property tax levy rates authorized for fire protection districts under RCW 52.16.130, library districts, metropolitan park districts under their first fifty cent per thousand dollars of assessed valuation levy, and public hospital districts under their first fifty cent per thousand dollars of assessed valuation levy, shall be reduced on a pro rata basis or eliminated.

In determining whether the aggregate rate of tax levy on any property, that is subject to the limitations set forth in RCW 84.52.050, exceeds the limitations provided in that section, the assessor shall use the hypothetical state levy, as apportioned to the county pursuant to RCW 67.38.130, that was computed under RCW 84.48.080 without regard to the reduction under RCW 84.55.012.

Sec. 12. RCW 84.69.020 and 1994 c 301 s 55 are each amended to read as follows:

On the order of the county treasurer, ad valorem taxes paid before or after delinquency shall be refunded if they were:

(1) Paid more than once; or

(2) Paid as a result of manifest error in description; or
(3) Paid as a result of a clerical error in extending the tax rolls; or
(4) Paid as a result of other clerical errors in listing property; or
(5) Paid with respect to improvements which did not exist on assessment date; or
(6) Paid under levies or statutes adjudicated to be illegal or unconstitutional; or
(7) Paid as a result of mistake, inadvertence, or lack of knowledge by any person exempted from paying real property taxes or a portion thereof pursuant to RCW 84.36.381 through 84.36.389, as now or hereafter amended; or
(8) Paid as a result of mistake, inadvertence, or lack of knowledge by either a public official or employee or by any person with respect to real property in which the person paying the same has no legal interest; or
(9) Paid on the basis of an assessed valuation which was appealed to the county board of equalization and ordered reduced by the board; or
(10) Paid on the basis of an assessed valuation which was appealed to the state board of tax appeals and ordered reduced by the board: PROVIDED, That the amount refunded under subsections (9) and (10) of this section shall only be for the difference between the tax paid on the basis of the appealed valuation and the tax payable on the valuation adjusted in accordance with the board's order; or
(11) Paid as a state property tax levied upon property, the assessed value of which has been established by the state board of tax appeals for the year of such levy: PROVIDED, HOWEVER, That the amount refunded shall only be for the difference between the state property tax paid and the amount of state property tax which would, when added to all other property taxes within the (one percent) limitation of Article VII, section 2 of the state Constitution equal the percentage under RCW 84.52.050 of the assessed value established by the board;
(12) Paid on the basis of an assessed valuation which was adjudicated to be unlawful or excessive: PROVIDED, That the amount refunded shall be for the difference between the amount of tax which was paid on the basis of the valuation adjudged unlawful or excessive and the amount of tax payable on the basis of the assessed valuation determined as a result of the proceeding; or
(13) Paid on property acquired under RCW 84.60.050, and canceled under RCW 84.60.050(2).
No refunds under the provisions of this section shall be made because of any error in determining the valuation of property, except as authorized in subsections (9), (10), (11), and (12) of this section nor may any refunds be made if a bona fide purchaser has acquired rights that would preclude the assessment and collection of the refunded tax from the property that should properly have been charged with the tax. Any refunds made on delinquent taxes shall include the proportionate amount of interest and penalties paid. The county treasurer may deduct from moneys collected for the benefit of the state's levy, refunds of the state levy including interest on the levy as provided by this section and chapter 84.58 RCW.

The county treasurer of each county shall make all refunds determined to be authorized by this section, and by the first Monday in January of each year, report to the county legislative authority a list of all refunds made under this section during the previous year. The list is to include the name of the person receiving the refund, the amount of the refund, and the reason for the refund."

Renumber the remaining sections and correct any internal references accordingly.

INTRODUCTION OF GOVERNOR BY SPEAKER BALLARD

Speaker Ballard: "Having completed a year and now heading into a second session as Speaker of the House, one of the things that stands out in my mind is the good working relationship I have had with the Governor of our great state. Our Governor has been open and forthright in his dealings with the Legislature. On virtually every issue, he has been willing to work with the Legislature in an attempt to reach common ground.

"Now, there are a few subjects on which we simply could not come to an agreement, yet I respect the Governor for being consistent in sticking with his philosophy and most especially for being true to his word. Even though, we don’t agree on every issue, and you can rest assured that I will continue to do everything I can to persuade the Governor to support our proposals, but the bottom line is this Governor’s willingness to engage in open discussions with the Legislature and to consider our ideas, contributes to our ability to accomplish good things for the people that we represent.

"Ladies and gentlemen, it is my privilege to introduce the Governor of the state of Washington, the Honorable Mike Lowry."

STATE OF THE STATE ADDRESS
BY GOVERNOR MIKE LOWRY

Governor Lowry: "Thank you, Mr. President, Mr. Speaker, distinguished members of the State Supreme Court, distinguished state elected officials, distinguished members of the Washington State Legislature, members of the Washington Consular Corps, and citizens of our great state. Thank you for the privilege of serving as your Governor.

"As we meet today, our state is in excellent shape and our future looks bright. I want to thank all of you in this chamber and those watching at home and at work for making that happen. Three years ago, we were facing serious economic problems, and the state had a one and a half billion dollar deficit. Today, we have reversed that and we now have a six hundred and seventy-seven million dollar reserve.

"Three years ago, we were in the midst of huge job layoffs. Today, we have reversed that, creating a hundred and twenty thousand net new jobs in the last two years. Three years ago, we all set out together to make state government more efficient. Since then, we have cut the growth of the state general fund in half and we have reduced the annual growth of state employees to less than a quarter of what it had been in the previous decade.

"Our hard-working public employees, who are often under-recognized for their dedicated work, are a major reason for this success. Washington, as a whole, is in good shape. We have increased our reputation as the nation's top international trade state and we are well on our way to achieving our goal of being one of the world's major high-technology centers. Major manufacturers are choosing to locate here, investing billions of dollars and creating thousands of good-paying jobs. Over the past few months, we have welcomed a number of world-class companies to our state—companies like Intel, BHP Steel, Ponderosa Fibres. So, it's no wonder that state economist Dr. Chang
Mook Sohn recently announced: ‘There are no dark clouds on the horizon—this strong growth will continue throughout 1996 and 1997.’ That is good news, and something we can all be proud of.

“I would like to pause for a moment to recognize and thank the hard-working legislators and the statewide elected officials who are a major part of our success. Thank you, Speaker Ballard, Majority Leader Snyder, and Representative Appelwick, Senator McDonald and all of you who have shown time and again just how much we can accomplish if we join together in a spirit of cooperation. No elected official in this state has a longer record of bipartisan cooperation than Lieutenant Governor Joel Fritschard.”

“The strength of our economy is in the strength of the people who live here. People who care about quality of life, about our environment, and about our schools; People with a strong work ethic in a skilled workforce that has employers around the world taking notice; People who are committed to moving into the future without sacrificing the gains of the past. That commitment is part of the reason why some of the best companies in the world are moving to Washington, because the people who live here, and those who make decisions that guide public policy, share that vision. Our state is a great place to live.

“There is another reason why companies are choosing to move here. We have taken significant, deliberate steps over the past three years to make Washington a great place to do business. We have implemented tax incentives that allow companies, that provide family-wage jobs, to spend less on taxes and more on investments. Three years ago, our state was ranked as one of the worst for manufacturing investment. We are now ranked as one of the very best. Our distressed-area incentive programs have encouraged more than one hundred and seventy companies to move to or expand in counties with high unemployment rates. Our workers' compensation premiums are now the lowest in the country, with the highest level of benefits and our state has gained a remarkable reputation for regulatory teamwork.”

“Last October, during the dedication ceremony for the largest economic development project in a decade, in Southeast Washington, Ponderosa Fibres, President Martin Bernstein, said that the application process his company went through for business in our state would have taken three years in other states. In Washington, it took less than six months. Mr. Bernstein said, ‘We’ve not been able to do something like this in the state of Pennsylvania; We’ve not been able to do something like this in the state of New York; We’ve not been able to do something like this in the state of Georgia. We’ve not been able to do something like this in the state of Wisconsin.’ But in Washington, Ponderosa Fibres found not only tax policies that were superior to those of most other states, but a spirit of cooperation among government and local communities that gave new meaning to the phrase ‘Customer Service.’

“There are other keys to our success. Among those is improved government efficiency. Over the past three years, state spending increases have been held under the rate of inflation and population growth. Travel and equipment costs are down and state agencies recently gave back eight hundred and eight million dollars in unspent appropriations.

“In the final analysis, however, all the tax incentives and government efficiency in the world will not, by themselves, convince companies to move to our state. Time after time, business people have told me they are also looking for a skilled workforce with a quality of life that will make their employees want to stay here. In that regard, all roads lead to Washington. We have been under extreme pressure to compromise our commitment to education, to the environment, to the future of our state, to our future if Congress does not do its job. We have not done that, and our economy is much better off because we did not. Our work is not finished, but our momentum is clear.

“Today, we are starting to make progress in education reform, so that a child’s advancement in school will be based not on what he or she is taught, but on what he or she has learned. There is no higher goal for our state than to achieve our paramount duty of providing an excellent education system. At the same time, we must take steps today so that all children come to school ready to learn and that they are not hungry, or sick, or abused—and that our schools are a place to learn. We ask our educators to be miracle workers and they come amazingly close, but we must make sure that they have the support they need to do their very important jobs.

“We have begun to increase access to higher education, opening college doors to more students and helping others who may be long on desire to learn, but short on dollars for tuition. We must continue that commitment.

“We have taken steps to ensure more people have access to health care, including the working poor and their children. We have made health care more affordable for small-business employers and we have reformed our insurance laws so that no one with a pre-existing condition will ever be denied health coverage. We must continue that commitment.

“And, we have maintained our pledge to protect the environment. Good environmental policy is good economic policy and we never, ever want to forget that. By the way, for years, our state has carried more than its fair share of high-level U.S. Government nuclear waste. It is time that others accept their responsibility and stop trying to ship dangerous waste products through our ports.

“When you step back and look at how much we have going for us in this state, it is easy to see why so many of us have chosen to live, and work, and raise families here. The challenge before us today is to preserve and enhance what is working in our state, improve where we can, and plan for the future with vision and courage.

“The supplemental budget and legislative agenda I am submitting to the 1996 Legislature will help do that. That budget includes investments in education, children and the environment, an expansion of job-creating tax policies, and a fiscally prudent reserve, in the bank, to prepare for the future. My request to you is to keep enough money in the bank to help offset unexpected emergencies and expected federal cuts. We were able to do that because of our strong economic base, and because we are paying off our debt. We have maintained our pledge to protect the environment.

“Here in Washington, the deepest cuts will not be felt for a while. Under Congress’ plan, the cuts will escalate each year, and in seven years will make the state budget deficit of thirteen billion dollars a year. The B&O tax I vetoed last session would have saved a sixty thousand dollar barbershop about a hundred and fifty-six dollars a year—thirteen dollars a month. Meanwhile, we would have saved a fifty million dollar law firm twenty-five thousand dollars a year. It’s pretty obvious to me who would have benefitted from those tax cuts and it wasn’t ‘Mom and Pop.’

“There is a clear question before the 1996 Legislature. Do we maintain a healthy financial reserve and sound fiscal policies designed to preserve our legacy for the future and ensure our ability to meet major financial unknowns and keep the future bright or do we gamble that future on election-year tax cuts that have a clear vision for November, 1996, but a much cloudier vision for the rest of the decade and the Twenty-first Century?

“I know there are those, for whom I have very great respect, who did not agree with my tax cut vetoes, and there are others, whom I also greatly respect, who advocate large tax cuts now. As individuals, and as friends, I hold you in high regard, but this debate is not about winners and losers, but about where education will be thirty-three years from now—there will be tax cuts. The question is, will those tax cuts be so large that they damage our state’s future? The real debate, is how much should we save today?

“There are some things that I have asked you not to do this session, and it’s primarily the one I just referred to, there are also some things that we must do. Those include protecting children, helping working families, and safeguarding the environment. We must bring more students into the state’s higher education system, by increasing the number of spaces available, by offering additional financial aid, and by reducing the opportunity costs of attending college.

“We must take steps to protect our watersheds. We must continue the successful Jobs for the Environment program, and we must reauthorize the critically needed Puget Sound Water Quality
Authority. We must strengthen our juvenile system, by increasing sentences on juvenile sex offenders, by improving security at crowded juvenile institutions, and by helping young offenders ‘go straight’ and avoid a life of crime.

“We must keep violent sexual predators locked up. As a father, a husband, and a Governor, I want to find a way that guarantees that our communities are protected from these very dangerous individuals. I know you do, too. I commend you for your leadership, and we will find a way to get that done. We must increase counseling and treatment services for runaway youth and their families. We must put a stop to this increase of domestic violence. Last year, felony charges linked to domestic violence increased forty-six percent. This is absolutely intolerable. We must make sure that working families have access to child-care assistance, and we must provide real property tax relief for people who need it the most—those who stand to lose their homes when property tax bills rise faster than their incomes.

‘Finally, we must do a better job of protecting children who are in the state’s care. To start with, we simply must reduce the impossible workload of thirty-six at-risk children to one state social worker. That ratio keeps children in too great a danger. There are other challenges ahead. I am deeply concerned that in our nation today, discrimination keeps raising its ugly head. I want to be very clear. The state of Washington is committed to equal opportunity, equal rights and respect for diversity. ‘To those who would bring hate and intolerance of any person into our state, I say, ‘hands off.’ We will not tolerate discrimination in any form, for any reason and we will not tolerate the sort of back-door discrimination against families and children that many today call ‘welfare reform.’ The welfare system, which is less than three percent of the state budget—the welfare system is less than three percent of the state budget—may well be broken, but the answer to repairing it is not to break kids.

“Punishing children to get their parents off public assistance is not the answer. It is not fair and it is not welfare reform. True welfare reform promotes self-reliance through education and training, quality child care, affordable health care, and making sure non-custodial parents meet their financial obligations. Anything short of this is discrimination against poor kids. We have in place some of those components of real welfare reform, and this Legislature has done great work for real welfare reform.

“This year, more than sixty-four hundred parents left the welfare system, for a savings to taxpayer of more than thirty-four million dollars. In all, more than ten thousand welfare recipients joined the workforce in 1995—an increase of forty-three percent over the previous year. Real welfare reform that addresses health care, education and training, child care and non-custodial parents make meeting our financial responsibilities work.

“Today, we are facing also a challenge of keeping our communities safe in a world where, despite our important gains in the war against crime, we have seen a terrible increase in violent crime committed by teen-agers. And all too often, kids, are killing kids. That cycle of violence begins during the most impressionable time of life, when a child is abused or sees parents with little or no respect for each other. Until we deal with the root causes of violence, until we deal with child abuse and neglect, with domestic violence, with fetal alcohol syndrome, we will continue to spend millions of dollars on new prisons, and our streets won’t be much safer. Make no mistake, responsibility, accountability, and tough penalties for serious crimes are important, but until we can stop a child from picking up a gun for the wrong purpose, we have failed.

“Earlier, I spoke of the economic growth that has been such good news for Washington. However, in the midst of this very bright future is a dark reality for a lot of working people. More and more, people’s wages are growing at the smallest rate on record. Economists are calling the national economy a ‘wageless recovery,’ with record business profits and stagnant wages. We’re doing a little better here in our state, but I want us to do a whole lot better.

“Many of us today have become part of the new ‘stretch generation,’ struggling to contribute toward our children’s expenses, whether that means college tuition or braces, while also caring for aging parents. I know what that’s like. A lot of families today never imagined that they would have a hard time making ends meet on incomes they once only dreamed of. Most of them never imagined that they might not be able to buy a house or send their kids to college. It is not just two-parent families with college-aged kids that are feeling stressed out these days. People in their twenties and thirties are facing tough choices also about where they can afford to live, and whether they will be able to go on and advance their education—even whether they can afford to start their own families. The ‘stretch generation’ and others for whom slow-growing wages are a major problem are the reason we must maintain our commitment to affordable higher education, affordable child care for working people, affordable health care, and property tax reform that helps middle-income people afford to buy and stay in their homes.

“There are other hard-working people who aren’t getting a fair shake these days either. Tomorrow, tens of thousands of Washington citizens will get out of bed before sunrise, go to work, and put in an eight-hour day and at the end of the day, they will take home about thirty-three dollars in pay—thirty-three dollars. With that, they have to put food on the table, pay part of the rent, and hope no one gets sick before the next payday. People who work forty hours a week ought to be paid enough to survive. That is why I am submitting legislation this session that will take a small step toward wage fairness, by raising the state’s minimum wage to $5.30 an hour. It is the right thing to do. Today, corporate CEOs earn, on an average, one hundred and forty times more than their employees. Surely no one could question that raising the minimum wage is the right thing to do.

“Despite these challenges, our future, as a state, looks bright. We have weathered storms. We have strengthened and diversified our economy and we have created a quality of life that is the envy of people throughout the world. The question today is whether we will have the vision and the courage to make decisions that will carry us forward, not backward—decisions that will continue the course of economic growth that has turned our economy around and positioned our state so well for the years ahead.

“Will we have the vision to look beyond the next election, and say no to short-term political expediency? Will we have the courage to do what is right for our children and for generations to come? In the end, that is more important than anything else. If we take care of our children, they will take care of our future. Our obligations, as elected officials and as citizens, is to create for our children a safe place to live, a chance to grow up healthy, an opportunity to realize their dreams—the chance to learn and to live in a world free of discrimination.

“Years from now, when people look back on the decisions that we make today, my hope is that they will see our past the way I visualize our future. Let them say that we helped hard-working people get a fair deal out of life. Let them say that we created a cleaner environment, a stronger education system, and a better quality of life. Let them say that we spoke for those who had no voice, that we cared for those who most needed help, and that, in the twilight of their lives, we honored those who had given us so much. Most importantly, let them say that we made our decisions with vision and courage.

“Thank you very much.”

On page 7 of the amendment, after line 4, strike all of sections 5 and 6

STATEMENT FOR THE JOURNAL

I am hereby protesting, in accordance with Senate Rule 34, a ruling made on the Senate floor on the evening of January 9, 1996. Senate Bill No. 6118 was moved and amendments were being considered. The amendment on page 11, after line 33 to the striking amendment, sponsored by me, was moved for adoption and debate began. I spoke in favor of the amendment and at least three other members offered their remarks. Senator Haugen then spoke to the merits of the amendment before raising a point of order regarding the scope and object of the amendment. At that point, I questioned whether Reed’s Rules allowed this motion after debate had begun on the merits of the amendment.

Senate Rule 40 states, in part, that, ‘The rules of parliamentary practice as contained in Reed’s Parliamentary Rules shall govern the senate in all cases to which there are applicable…’ Reed’s Rules outlines when a point of order can be raised in rules 111 and 112. Rule 112 states, ’Both these objections to present action must be presented before consideration has been entered upon. After debate has begun or other action has been taken it is too late.’ Clearly, the point of order requested by Senator Haugen was out of order. I protest the ruling made on the floor to recognize Senator Haugen’s point of order.

SENATOR MICHAEL HEAVEY, 34th District

MOTION

Senator Heavey moved that the following amendment to the striking amendment by Senators Rinehart and West be adopted:

On page 11, after line 33 of the amendment, insert the following:

‘Sec. 8. RCW 84.55.120 and 1995 c 251 s 1 are each amended to read as follows:

A taxing district, other than the state, that collects regular levies shall hold a public hearing on revenue sources for the district’s following year’s current expense budget. The hearing must include consideration of possible increases in property tax revenues and shall be held prior to the time the taxing district levies the taxes or makes the request to have the taxes levied. The county legislative authority, or the taxing district’s governing body if the district is a city, town, or other type of district, shall hold the hearing. The levy for a taxing district for collection the following year shall not increase from the current year, other than an additional dollar amount calculated by multiplying the increase in assessed value in that district resulting from new construction, improvements to property, and any increase in the assessed value of state-assessed property for the year, without an affirmative vote of a majority of the members of the county legislative authority, or the taxing district’s governing body if the district is a city, town, or other type of district.

For purposes of this section, “current expense budget” means that budget which is primarily funded by taxes and charges and reflects the provision of ongoing services. It does not mean the capital, enterprise, or special assessment budgets of cities, towns, counties, or special purpose districts.

If the taxing district is otherwise required to hold a public hearing on its proposed regular tax levy, a single public hearing may be held on this matter.’

Renumber the remaining sections consecutively and correct any internal references accordingly.

Debate ensued.

POINT OF ORDER

Senator Haugen: "Mr. President, I would like to raise a point of order. I would ask a ruling on whether this is within the scope and object of the bill, because the underlying bill, I believe, deals with the state and this deals with the local taxing authority."

POINT OF ORDER

Senator Heavey: "I understand that the rules are probably different than in the House, but debate has begun. I believe under Reed’s Rules that once debate has begun on an issue that the matter is to be heard. That is the rule in the House; I don’t know what the rule is here, but I assume Reed’s Rules apply."

Further debate ensued.

RULING BY THE PRESIDENT

President Pritchard: "On your first point, Senator Heavey, the President rules against you on the business of when we can take up a scope and object here in the Senate. It is appropriate anytime until we have a vote."
There being no objection, the President deferred further consideration of the amendment by Senator Heavey on page 11, after line 33 to the striking amendment by Senators Rinehart and West to Senate Bill No. 6118.

President Pro Tempore Wojahn assumed the Chair.

(2) For the purposes of this section, "inflation" means the percentage change in the implicit price deflator for the United States, as published by the federal department of commerce, for the fiscal year ending June 30th of the year preceding the year in which the taxes are due.

Taxes levied by the commission shall be certified to and collected by the proper county officer of the county in which such public hospital district is located in the same manner as is or may be provided by law for the certification and collection of port district taxes. The commission is authorized, prior to the receipt of taxes raised by levy, to borrow money or issue warrants of the district in anticipation of the revenue to be derived by such district from the levy of taxes for the purpose of such district, and such warrants shall be redeemed from the first money available from such taxes when collected, and such warrants shall not exceed the anticipated revenues of one year, and shall bear interest at a rate or rates as authorized by the commission.

Exempt as is permitted under RCW 84.55.050, all taxes shall be levied or voted in specific amounts.

The rate percent of all taxes for state and county purposes, and purposes of taxing districts coextensive with the county, shall be determined, calculated and fixed by the county assessors of the respective counties, within the limitations provided by law, upon the assessed valuation of the property of the county, as shown by the completed tax rolls of the county, and the rate percent of all taxes levied for purposes of taxing districts within any county shall be determined, calculated and fixed by the county assessors of the respective counties, within the limitations provided by law, upon the assessed valuation of the property of the taxing districts respectively.

When a county assessor finds that the aggregate rate of tax levied on any property, that is subject to the limitations set forth in RCW 84.52.043 or 84.52.050, exceeds the limitations provided in either of these sections, the assessor shall recompute and establish a consolidated levy in the following manner:

(1) The full certified rates of tax levies for state, county, county road district, and city or town purposes shall be extended on the tax rolls in amounts not exceeding the limitations established by law; however any state levy shall take precedence over all other levies and shall not be reduced for any purpose other than that required by RCW 84.55.010. If, as a result of the levies imposed under RCW 84.52.069, 84.34.230, the portion of the levy by a metropolitan park district that was protected under RCW 84.52.120, and 84.52.105, the combined rate of regular property tax levies that are subject to the (one percent) limitation under RCW 84.52.050 exceeds (one percent of the true and fair value of any property)) the limitation under RCW 84.52.050, then these levies shall be reduced as follows: (a) The portion of the levy by a metropolitan park district that is protected under RCW 84.52.120 shall be reduced until the combined rate no longer exceeds (one percent of the true and fair value of any property)) the limitation under RCW 84.52.050.

(2) The certified rates of tax levy subject to these limitations by all junior taxing districts imposing taxes on such property shall be reduced or eliminated as follows to bring the consolidated levy of taxes on such property within the provisions of these limitations:

(a) First, the certified property tax levy rates of those junior taxing districts authorized under RCW 36.68.525, 36.69.145, and 67.38.130 shall be reduced on a pro rata basis or eliminated;
b) Second, if the consolidated tax levy rate still exceeds these limitations, the certified property tax levy rates of flood control zone districts shall be reduced on a pro rata basis or eliminated;

c) Third, if the consolidated tax levy rate still exceeds these limitations, the certified property tax levy rates of all other junior taxing districts, other than fire protection districts, library districts, the first fifty cent per thousand dollars of assessed valuation levies for metropolitan park districts, and the first fifty cent per thousand dollars of assessed valuation levies for public hospital districts, shall be reduced on a pro rata basis or eliminated;

d) Fourth, if the consolidated tax levy rate still exceeds these limitations, the certified property tax levy rates authorized to fire protection districts under RCW 52.16.140 and 52.16.160 shall be reduced on a pro rata basis or eliminated; and

Sec. 13. RCW 84.55.010 and 1979 ex.s. c 218 s 2 are each amended to read as follows:

Except as provided in this chapter, the levy for a taxing district in any year shall be set so that the regular property taxes payable in the following year shall not exceed either one hundred six percent or one hundred percent plus inflation calculated as the percentage change in the implicit price deflator for the United States for the fiscal year as published by the federal bureau of labor and statistics, whichever is lower, of the amount of regular property taxes lawfully levied for such district in the highest of the three most recent years in which such taxes were levied for such district plus an additional dollar amount calculated by multiplying the increase in assessed value in that district resulting from new construction, improvements to property, and any increase in the assessed value of state-assessed property by the regular property tax levy rate of that district for the preceding year.

Sec. 14. RCW 84.55.020 and 1971 ex.s. c 288 s 21 are each amended to read as follows:

Notwithstanding the limitation set forth in RCW 84.55.010, the first levy for a taxing district created from consolidation of similar taxing districts shall be set so that the regular property taxes payable in the following year shall not exceed either one hundred six percent or one hundred percent plus inflation calculated as the percentage change in the implicit price deflator for the United States for fiscal year as published by the federal bureau of labor and statistics, whichever is lower, of the sum of the federal amount of the same category of property taxes levied for each component taxing district in the highest of the three most recent years in which such taxes were levied for such district plus the additional dollar amount calculated by multiplying the increase in assessed value in each component district resulting from new construction and improvements to property by the regular property tax rate of each component district for the preceding year.

Sec. 15. RCW 35.61.210 and 1990 c 234 s 3 are each amended to read as follows:

In addition, the board of park commissioners may levy or cause to be levied a general tax on all property located in said park district each year not to exceed twenty-five cents per thousand dollars of assessed value. Although park districts are authorized to impose two separate regular property tax levies, the levies shall be considered to be a single levy for purposes of the one hundred six percent or one hundred percent plus inflation limitation provided for in chapter 84.55 RCW.
The board is hereby authorized to levy a general tax in excess of its regular property tax levy or levies when authorized so to do at a special election conducted in accordance with and subject to all the requirements of the Constitution and laws of the state now in force or hereafter enacted governing the limitation of tax levies. The board is hereby authorized to call a special election for the purpose of submitting to the qualified voters of the park district a proposition to levy a tax in excess of the seventy-five cents per thousand dollars of assessed value herein specifically authorized. The manner of submitting any such proposition, of certifying the same, and of giving or publishing notice thereof, shall be as provided by law for the submission of propositions by cities or towns.

The board shall include in its general tax levy for each year a sufficient sum to pay the interest on all outstanding bonds and may include a sufficient amount to create a sinking fund for the redemption of all outstanding bonds. The levy shall be certified to the proper county officials for collection the same as other general taxes and when collected, the general tax shall be placed in a separate fund in the office of the county treasurer to be known as the "metropolitan park district fund" and paid out on warrants.

General obligation bonds shall be issued and sold in accordance with chapter 39.46 RCW. Revenue bonds, revenue warrants, or other revenue obligations may be issued and sold in accordance with chapter 39.46 RCW.

Notice of the filing of said proposed budget and the date and place of hearing on the same shall be published for at least two consecutive weeks in a newspaper printed and of general circulation in said county. On the first Monday in October the commission shall hold a public hearing on said proposed budget at which any taxpayer may appear and be heard against the whole or any part of the proposed budget. Upon the conclusion of said hearing, the commission shall, by resolution, adopt the budget as finally determined and fix the final amount of expenditures for the ensuing year.

PERSONAL PRIVILEGE

Senator Pelz: "Mr. President, a point of personal privilege. I have to inform you that that high pitched lament that we recently suffered through was, in fact, the maiden speech of one of our newest members, Senator Zarelli. As you know, under Senate Rule Q, I'm the designated hitter in the Senate and I just want to say that I think that the headache that we all are suffering from will probably not subside until we receive a present from the Senator from the Eighteenth District. Senate Rule Q is vague on this subject. Senator West feels it should be edible, but if nothing from your district is edible, you may substitute it with another gift to the members."

SENATE RESOLUTION 1996-8673

By Senators Franklin, Sutherland, Prince, Rinehart, Snyder, West, Swecker, Heavey, Wojahn, Sellar, McCaslin, Wood, Spanel, Pelz and Kohl

WHEREAS, We live in a time when racial, religious, and cultural intolerance is too often a source of mistrust and violence; and

WHEREAS, Although some forms of racism may have changed in subtle ways, racism itself is as prevalent in America in 1996 as it was in 1968; and

WHEREAS, The law in theory assures us all of equality, the reality remains that to be anything other than of European descent too often relegates one to a lower status in America; and

WHEREAS, In America today, we rarely discuss openly and honestly the reasons for our differences and our own biases and prejudices, thus perpetuating the problem; and

WHEREAS, The Reverend Martin Luther King, Jr.'s example of dealing directly with the things that divide us along racial and cultural lines is one that we would do well to emulate today; and

WHEREAS, The increasing separation of citizens into groups of like-color as a way of dealing with racism is racist in and of itself, and is directly at odds with Reverend King's message of unity and equality; and

WHEREAS, We as a nation and a people can only rise united and most surely will fall if we are divided; and

WHEREAS, Dr. King's message of peaceful perseverance in the face of seemingly insurmountable obstacles to equality is still a source of inspiration and hope for many Americans;

NOW, THEREFORE, BE IT RESOLVED, That the members of the Washington State Senate do hereby honor the memory of the Reverend Martin Luther King, Jr., a man of peace who saw injustice and tried to end it for the benefit of all Americans, regardless of race; and that we urge the citizens of Washington to put aside desires to separate along racial and cultural lines and instead heed Dr. King's message of unity and equality, remembering that as long as any one citizen is not truly free, then none of us can be free.

POINT OF INQUIRY
Senator Roach: "Senator Fraser, I am reading in the summary where it talks about giving cities the express authority to include septic system inspection and maintenance programs. I am wondering if we will give the cities the ability to go into, say, the residential areas of a senior citizen and require that they do away with their septic system and have them mandated to hook-up to city sewer lines. Is that a potential for this bill?"

Senator Fraser: "There is nothing in this bill that relates to mandatory hook-ups to sewer systems. This bill is strictly directed to clarify the authority of local governments to have at their option a septic maintenance program and the idea is to avoid expensive sewer systems and having to do what you are concerned about, because it would assure that--have a better assurance--that they are maintained in a way that they won't fail. I think it is in the interest of people such as you are referring to support this bill."

Senator Roach: "When it says, 'Express authority,' does that mean that government will come knock on the door and say, 'We want to inspect,' and may force you to hook-up to a sewer?"

Senator Fraser: "Well, there is nothing in here that requires hooking-up to sewers. The bill clarifies the authority of cities in this case to establish an inspection program, so they could require a periodic inspection, but there is nothing in here that requires hook-up to sewers."

Senator Roach: "And there is nothing prohibitory in this bill that would protect home owners from having the city come in and mandate hook-ups?"

Senator Fraser: "It does not address the hook-up subject at all."

Senator Roach: "Thank you."

Senator Snyder: "It is my understanding they would serve their appointed terms unless some positions are at the pleasure of the Governor. Those wouldn't change at all. They are still that way--like the director of the Department of Revenue. Some of those people are appointed and do go through the confirmation process, but they also serve at the pleasure of the Governor. When a new Governor comes in, he can replace those people."

Renumber the remaining subsection consecutively.

POINT OF INQUIRY

Senator Anderson: "Senator Pelz, I was just trying to link this into the bill that we are discussing. What is the fiscal note on this particular provision?"

Senator Pelz: "Well, that is fairly perspective. Currently, this is covered by the federal medicaid arrangement. What this is saying is that if Medicaid is block granted, if it is the state’s discretion on the block grant and there is no string on the block grant in regards to whether AFDC families would be covered by Medicaid, then hypothetically this would have a fiscal implication in the future and I couldn’t tell you what it is. I guess it is the difference between covering families and not covering them. We could save all that money that we currently spend on providing health care to families on AFDC. That is the amount of money we could save, so I guess that is the fiscal note, Senator Anderson."

Senator Anderson: "Senator Pelz, let me ask it in a different way. How much money does the state currently receive for medical assistance for AFDC recipients?"

Senator Pelz: "I don’t know; somewhere around a lot."

Further debate ensued.

MOTION

At 11:40 a.m., on motion of Senator Loveland, the Senate was declared to be at ease.

The Senate was called to order at 11:59 a.m. by President Pritchard.

There being no objection, the Senate resumed consideration of Third Substitute Senate Bill No. 6062 and the pending amendment by Senator Pelz on page 17, line 4, under consideration before the Senate went at ease.

Senator Newhouse demanded a roll call and the demand was sustained.

Further debate ensued.

POINT OF INQUIRY

Senator Sutherland: "Senator Pelz, as I try to understand this, the amendment, as I understand it, would say that once the state of Washington determines who may receive welfare benefits in this state under a federal block grant program, that concurrent with that decision those persons would also receive health care in the state of Washington?"

Senator Pelz: "The people who are eligible for AFDC would receive health care and my understanding is that if welfare were block granted to the state, the state would have to define eligibility for AFDC at a later date."

Senator Sutherland: "So, the question in part--help me with this--the question in part is, we either make the determination now that people receiving welfare benefits will also receive health care benefits or we wait and make that decision down the road sometime?"

Senator Pelz: "We could make that decision now or we could make that decision later."

Senator Sutherland: "Okay, thank you."

Further debate ensued.
The President declared the question before the Senate to be the roll call on the adoption of the amendment by Senator Pelz on page 17, line 4, to Third Substitute Senate Bill No. 6062.

On page 17, after line 9, insert the following:

"NEW SECTION. Sec. 402. The time limits on public assistance in section 401 of this act and the general requirements to participate in job search and training in section 201 of this act do not apply in situations where there is no parent residing in the child's home and the child is residing with a relative of specified degree."

Senator Hochstatter moved that the following amendment be adopted:

On page 17, after line 9, insert the following:

Recipients receiving assistance under this chapter on the effective date of this section shall, for purposes of this section, be considered to have first applied for assistance on the effective date of this section."

Debate ensued.

Senator Newhouse demanded a roll call and the demand was sustained.

Further debate ensued.

The President declared the question before the Senate to be the roll call on the adoption of the amendment by Senator Hochstatter on page 17, after line 9, to Third Substitute Senate Bill No. 6062.

ROLL CALL

The Secretary called the roll on the adoption of the amendment by Senator Hochstatter on page 17, after line 9, to Third Substitute Senate Bill No. 6062 and the amendment was not adopted by the following vote: Yeas, 23; Nays, 26; Absent, 0; Excused, 0.

The ratable reduction shall result in a nine percent reduction in the monthly payment standards under the aid to families with dependent children program. The increased ratable reduction shall be in addition to any ratable reduction caused by annual adjustments to consolidated standards of need.

POINT OF INQUIRY

Senator Wojahn: “Senator Hargrove, how does a person get their license back? There are no standards in this bill; there are no standards in the amendment. How do they get the license back if they have to go into court?”

Senator Hargrove: “It would be up to the court to decide the circumstances by which it would be taken away and whether visitation was complied with in the future and they would get their driver’s license back. So, it would be up to the judge that supervises the case.”

Senator Wojahn: “So, it could go on forever if the custodial parent doesn’t have the money to go back into court, because it is expensive to go back into court and if she is not getting child support, she can’t go back into court. She has no money. How is she going to get the suspension lifted?”

Senator Hargrove: “I think the same circumstance exists for people that pay child support. We have the same court barriers there and I would assume that they could even pro se—all these latin terms confuse me—they could represent their own case and if clearly visitation had been given, the driver’s license would be returned. That’s the best I know.”

Further debate ensued.
The President declared the question before the Senate to be the adoption of the amendments by Senator Quigley on page 17, line 21; page 18, lines 23 (2), 24, and 33; page 20, lines 16, 17, 27 and 31; page 21, lines 5, 11, 16, 30, 31, 36 and 37; and page 22, lines 3, 5, 21 and 25; to Third Substitute Senate Bill No. 6062.

(c) An order designed to ensure compliance with a prior order of the court.

(d) Any other remedial sanction other than the sanctions specified in (a) through (c) of this subsection if the court expressly finds that those sanctions would be ineffectual to terminate a continuing contempt of court.

(e) An order suspending a driver's license for willful noncompliance with a child support order.

(3) The court may, in addition to the remedial sanctions set forth in subsection (2) of this section, order a person found in contempt of court to pay a party for any losses suffered by the party as a result of the contempt and any costs incurred in connection with the contempt proceeding, including reasonable attorney's fees."

The expenses of the family and the education of the children, including stepchildren and any child of whom their minor child is a biological parent, are chargeable upon the property of both husband and wife, or either of them, and they may be sued jointly or separately. When a petition for dissolution of marriage or a petition for legal separation is filed, the court may, upon motion of the stepparent, terminate the obligation to support the stepchildren or children of the stepchildren. The obligation to support stepchildren and children of stepchildren shall cease upon the entry of a decree of dissolution, decree of legal separation, or death. The obligation of a husband and wife to support a
child of their minor child terminates when their minor child reaches eighteen years of age, however, a stepparent’s support obligation may be terminated earlier as provided for in this section.

The unmarried minor and the minor’s child shall be considered to be part of the household of the minor’s parents or parent for purposes of determining eligibility for aid to families with dependent children; and as such, the income and resources of the entire household are considered to be available to support the unmarried minor and his or her child.

MOTION

Senator Hochstatter moved that the following amendment be adopted:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. It is the intent of the legislature to establish as a state goal the delivery of transitional public assistance. The goal should commit the state to supporting eligible families seeking state financial assistance in times of financial need on a temporary time-limited basis. Furthermore, the state should help eligible families solve their problems through relationships rather than through increased use of taxpayers money.

In addition, it is the intent of this act to encourage the development of positive relationships among people on public assistance, to stabilize family life, improve the health and well-being of women, men, and children, and increase the likelihood of marriage.

It is the intent of the state of Washington to provide temporary transition public assistance to families with children who are experiencing financial hardship. This financial aid is time-limited and intended to provide financial support while a family finds stable work. The legislature finds that a time limitation on public assistance coupled with an immediate but gradual reduction in grant amounts is more beneficial to establishing self-sufficiency than are other public assistance programs.

Single parents raising children are more likely to be living in poverty than two-parent families. Common sense tells us that when single women and children live communally with other women their ability to reduce their dependency on public assistance and improve the health and safety of their children is increased. Requiring recipients to live with other recipients of the same gender on public assistance will reduce the state’s expenditures for child care by enabling them to share child care responsibilities and to share living expenses. Single parents raising children alone on public assistance is expensive and difficult. Child care costs are high and parents are isolated from the support of other adults. In hard financial times common sense tells us that people make sacrifices for their children and the state has a responsibility to establish a system of transitional services that places the greatest responsibility for self-sufficiency on the parents of children in need.

To further this goal, when an individual seeks temporary financial aid from the state it is in the individual’s best interest and the best interest of the individual’s children to make choices regarding their living situation. The state must provide the opportunity for parents to
make the best use of the taxpayers’ money that is provided to them by the working citizens of this state. Furthermore, it is in the best interest of children living on public assistance to be cared for by people who are selected by their parents.

A family that shares living expenses such as rent, heating, electricity, phone, and water will have greater discretion in the use of its combined benefits, yielding more money for other needs of children. In addition, it is more economical to live as a group than to live as an individual, which is known to all married couples. Therefore, as a requirement to receive a larger financial grant from the state, a recipient must make a choice to either live communally with other recipients of the same gender in housing of his or her choice or to receive a reduced financial grant.

It is the intent of the legislature that the aid to families with dependent children program encourage marriage. The legislature finds that ninety-five and two-tenths of one percent of Washington parents expressed the belief that divorce is harmful to children.

NEW SECTION. Sec. 2. A family or assistance unit is not eligible to participate in the shared housing arrangement provided for in section 3 of this act if the recipient is a minor. When a recipient who is a minor reaches the age of eighteen, the recipient must comply with section 4 of this act.

NEW SECTION. Sec. 3. A recipient under eighteen years of age, unmarried, and either pregnant or having a dependent child or children in the recipient’s care is eligible for a grant equal to fifty percent of the payment standard based on family size.

NEW SECTION. Sec. 4. SHARED HOUSING ARRANGEMENT. (1) A family or assistance unit is not eligible for a full welfare grant in any month if for that month the family or assistance unit cannot prove to the department that it is complying with the shared housing arrangement requirements under this section.

(2) Within the first ninety days after eligibility is determined, an unmarried recipient of aid to families with dependent children must show proof as determined by department rule that he or she is living with another public assistance recipient of the same gender. If the recipient proves that he or she is participating in the shared housing arrangement the recipient is eligible for the full public assistance grant for up to an additional six months. Each quarter thereafter, the financial grant for the assistance unit shall be reduced by twenty-five percent until a total of twenty-seven months has passed, at which time the recipient is no longer eligible for public assistance for two hundred thirteen months. This reduction may be replaced with income earned in gainful employment. Recipients may retain seventy-five cents of every dollar they earn while working in gainful employment while receiving reduced public assistance under this chapter up to the latest officially published federal poverty level for a family of identical size.

(3) The department shall provide individuals choosing to participate in the shared housing arrangement with a preprinted post card on which to list their name, address, phone number, and ages of children of the recipient. The department shall also provide a one-sheet public information guide as a public service to help recipients in interviewing other recipients for a shared housing arrangement. The public information guide shall provide questions that will help recipients in developing successful, long-term, mutually beneficial relationships in a shared housing arrangement, but shall not place the state in the position of any responsibility for approving or disapproving any shared housing arrangement relationship.

(4) If after ninety days a recipient has not declared that he or she wishes to participate in a shared housing arrangement, the recipient is eligible for fifty percent of the financial benefits for which he or she is eligible beginning on the following month and for up to an additional twelve months of eligibility. In the event that the recipient proves that he or she is participating in the shared housing arrangement the recipient is eligible for the full public assistance grant for up to an additional six months. Each quarter thereafter, the financial grant for the assistance unit shall be reduced by twenty-five percent for the remaining twelve months of eligibility, at which time the recipient is ineligible for public assistance for two hundred thirteen months. This reduction may be replaced with income earned in gainful employment. Recipients may retain seventy-five cents of every dollar they earn while working in gainful employment while receiving reduced public assistance under this chapter up to the latest officially published federal poverty level for a family of identical size. In any month that the recipient can show proof that he or she is living in an approved shared living arrangement, the recipient is eligible for the full grant that he or she will receive on the first day of the following month.

(5) If a recipient moves out of a shared housing arrangement and makes the remaining members of the shared housing arrangement ineligible for the full grant, the remaining recipient has sixty days to locate another recipient of the same gender to create a shared housing arrangement to continue in order to participate in the benefits of the shared housing arrangement.

(6) Unless the context clearly requires otherwise, as used in sections 2 through 9 of this act, “shared housing arrangement” means the living situation where an eligible unmarried recipient, as part of the requirements of eligibility for aid to families with dependent children grants, lives with other recipients of public assistance of the same gender in order to receive a full public assistance grant.

NEW SECTION. Sec. 5. ADDITIONAL ELIGIBILITY REQUIREMENTS--SHARED HOUSING ARRANGEMENT--PARTIAL GRANT. (1) Proof that a recipient of public assistance under chapter 74.08 RCW is living in a shared housing arrangement with another recipient of public assistance eligible to receive assistance under chapter 74.08 RCW may be established as provided by the rules of the department.

(2) A recipient who willfully makes a false statement as to his or her living situation is guilty of an unlawful practice under RCW 74.08.331.

NEW SECTION. Sec. 6. DURATION OF ELIGIBILITY. Recipients of public assistance are eligible for a total of twenty-seven months of public assistance in a lifetime, except that an individual may receive an additional twenty-seven months of public assistance after
two hundred forty months have elapsed from the first day of the initial period of eligibility. The additional twenty-seven months public assistance benefit authorized in this section is subject to the identical grant reductions and shared housing requirements in section 4 of this act.

NEW SECTION. Sec. 7. RESUMPTION OF ELIGIBILITY. If a public assistance recipient terminates eligibility for public assistance for any reason other than welfare fraud before the recipient’s twenty-seven months are completed, the recipient may reapply and if found eligible may receive a financial grant for an amount equal to the amount of the grant received in the last month in which the recipient was previously eligible, subject to statutory reductions until a total of twenty-seven monthly payments have been received.

If the recipient has received a lump sum payment under section 8 of this act, four months shall be added to the actual number of months the recipient has received public assistance, and this number shall be used in determining eligibility under this section for a financial grant from the transitional public assistance program.

NEW SECTION. Sec. 8. EFFECT OF MARRIAGE. If a recipient of public assistance marries, ends eligibility for public assistance, and lives with and remains married to his or her spouse as a legally married couple for twelve months, the recipient shall receive a lump sum check at that time from the state for the sum of the monthly financial benefits for the subsequent four months he or she would have received immediately following the marriage had he or she remained on public assistance.

If the recipient receives a lump sum payment under this section, four months shall be added to determine the number of months for which the recipient received public assistance, as provided in section 7 of this act.

NEW SECTION. Sec. 9. NONCITIZENS. (1) It is the intent of the legislature that new immigrants to Washington state provide for themselves and their families. It is the intent of the legislature to limit access to certain public assistance benefits by noncitizens.

(2) Noncitizens are not eligible for financial grants; medical assistance; food stamps; or nutrition services including school lunches, breakfasts, child care nutrition programs, and women, infant, and children’s nutrition programs.

Sec. 10. RCW 74.12.340 and 1973 1st ex.s. c 154 s 111 are each amended to read as follows:

The department (is authorized to promulgate) may adopt rules (and regulations) governing the provision of day care as a part of child welfare services when the secretary determines that a need exists for such day care and that it is in the best interests of the child, the parents, or the custodial parent and in determining the need for such day care priority shall be given to geographical areas having the greatest need for such care and to members of low income groups in the population: PROVIDED, That where the family is financially able to pay part or all of the costs of such care, fees shall be imposed and paid according to the financial ability of the family. Recipients participating in a shared housing arrangement under section 5 of this act are not eligible for state or federally funded child care.

Sec. 11. RCW 74.15.020 and 1995 c 311 s 18 and 1995 c 302 s 3 are each reenacted and amended to read as follows:

POINT OF INQUIRY

Senator Quigley: “Senator Hochstatter, do I have this right that this strikes the entire welfare reform proposal currently before the Senate—and replaces it?”

Senator Hochstatter: “Senator Quigley, I would hope so.”

Senator Quigley: “Okay. Does it require work or is it silent on the subject?”

Senator Hochstatter: “I don’t want to require work for anybody. I think that your tummy will do that, as yours and mine is probably doing right now. It says, ‘No, you just move together, you just move together, but know this, there is a ramp on the benefits,’ so
this will end. So, if you can live that way without requiring work, go for it. I am just saying that the rest of us have to work and knowing that the benefits will end, just like unemployment insurance, they will have to take that incentive."

Senator Quigley: "I see, and how does it treat teens?"
Senator Hochstatter: "Pardon me?"
Senator Quigley: "How does it treat teens?"
Senator Hochstatter: "Teens, there is no grant for under eighteen. You can get the half of grant--you can get the half grant--but you cannot enter into the shared living arrangement. You get half of your grant, you stay with your family, where you have been in the past and you get half the grant for the child."
Senator Quigley: "Does it have any mandates to provide child care or health care?"
Senator Hochstatter: "No, the idea here is--and child care is always a stumbling block--isn’t it? What are you going to do with the baby, as though it was your and my baby? This says, 'Hey, the two parents or the two people that have moved together will take care of one and another’s kids.'"
Senator Quigley: "And if one of those parents abuses the other parent’s child, the state assumes that responsibility, having forced them to move in together?"
Senator Hochstatter: "Senator Quigley, there are all kinds of abuses and this is not world peace. This is saying, 'Here is the opportunity to do something, you pick--you pick--the person that you are going to move in with, but there are no guarantees.'"
Senator Quigley: "Is there a fiscal note on this bill?"
Senator Hochstatter: "No fiscal note."
Senator Quigley: "Hearings? Were there hearings on this bill?"
Senator Hochstatter: "No, this is an amendment hearing."
Senator Quigley: "Is there any other state in the union that has adopted a bill like this, as their welfare reform proposal?"
Senator Hochstatter: "Senator Quigley, I rose saying this is something revolutionary and as old as history. No, there hasn’t been."
Senator Quigley: "Okay, thank you very much, Senator."
Further debate ensued.
The President declared the question before the Senate to be the adoption of the striking amendment by Senator Hochstatter to Third Substitute Senate Bill No. 6062.
The motion by Senator Hochstatter failed and the amendment was not adopted.

MESSAGE FROM THE GOVERNOR

VETO MESSAGE ON SENATE BILL NO. 6117

January 22, 1996

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Senate Bill No. 6117 entitled: "AN ACT Relating to reducing business and occupation taxes by reducing the 1993 service rate increases by fifty percent and increasing tax credits in distressed areas;" at the request of Senator Laursen and the Committee on Revenue.

At a time of strong demands on our state’s financial resources and expectations of significant reductions in federal support for state programs in future years, Senate Bill No. 6117 would reduce state revenues more than any other tax measure currently under consideration by the state legislature — by $132.4 million in the 1995-97 Biennium and $216.6 million in the 1997-99 Biennium. Moreover, as apportioned by this bill, these reductions are not targeted to create family-wage jobs, correct inequities in the state’s tax code, or improve our state’s overall economy.

It is important to remember that although the state currently anticipates a reserve of $677 million under the biennial budget approved last June, only $118 million of this amount is from surplus revenues projected in the 1995-97 Biennium. The remainder is a one-time surplus carried forward from the previous biennium and does not represent an ongoing flow of excess revenues. We must maintain a prudent reserve for the future.

Sections 1 and 2 of Senate Bill No. 6117 reduce the Business & Occupation (B&O) tax rate for the three classifications of service firms in the state. The B&O tax rate for “selected business services” is reduced from 2.5 percent to 2.0 percent. The B&O tax rate for “financial services” is reduced from 1.7 percent to 1.6 percent, and the rate for “other services” and real estate brokers is reduced from 2.0 percent to 1.75 percent. The reductions represent a 50 percent roll-back of the increase for these categories enacted in 1993. The estimated revenue loss on a cash basis associated with sections 1 and 2 of this bill is $129.2 million in the 1995-97 Biennium and $211.2 million in the next biennium.

While I support extending additional tax incentives to business this year, I believe these measures must be carefully targeted to produce the greatest possible economic return for our state. Targeted tax initiatives, such as tax exemptions on the purchase or repair of machinery and equipment, will do much more to spur further investment in our state’s important manufacturing sector and draw new employers to our state than will a simple tax cut for certain service industries. Historically, each new job created in manufacturing generates two additional jobs elsewhere in our economy. Service industries, by contrast, generate less than one additional job for every new job added to that sector — and Senate Bill No. 6117 provides no inducement for those businesses to create the additional family-wage jobs essential to our state’s economic development.

I also believe that any tax initiatives that reduce state revenues should be targeted to help those businesses and individuals who need it most. If this bill was meant to help new or small businesses such as barber shops or janitorial services, it misses the mark. More than three-quarters of the tax cut proposed by this measure would go to large companies involved in banking, law, medicine, and engineering.

Sections 3 and 4 of Senate Bill No. 6117 increases the distressed area B&O tax credit in chapter 82.62 RCW from $1,000 to $2,000 for each qualified employment position created in an eligible business project approved after January 1, 1996. Eligible businesses are those engaged in manufacturing, research and development activities, or computer services. Current law caps the program for all participants at $15 million in tax credits per biennium, and any single employer is limited to a total of $300,000 dollars of credit during the life of the program.

The legislature’s goal through increasing the tax credit allowed for each new employment position created under chapter 82.62 RCW appears to be to expand participation in the program. However, the state’s experience has shown that the primary constraint on business participation is not the size of the tax credit for each new position created, but rather the requirement that an employer increase its existing workforce by 15 percent or create a new work force to qualify for the tax credit.

The Department of Revenue estimates that increasing the tax credit from $1,000 to $2,000 for each new position created would result in an additional $900,000 in credits claimed during the current biennium. However, the department also believes that most of those additional credits would be claimed by companies already participating in the program. As a result, those firms would reach the $300,000 cap more quickly, after which there would be no incentive to hire additional employees. Rather than inducing more businesses to participate in the program, the primary effect of section 3 of Senate Bill No. 6117 would be to curtail the incentive for participating businesses to hire additional employees — in direct opposition to the goal of this measure.
Section 4 of Senate Bill No. 6117 establishes a new B&O tax credit for job training provided or sponsored by employers to enhance the performance of their employees. This tax credit would be limited to businesses engaged in manufacturing, research and development activities, or computer services in distressed areas of the state. To qualify for the tax credit, training must be offered to employees without charge and must be approved by the state Employment Security Department. The credit, effective after January 1, 1996, would be limited to 20 percent of the value of the training services, and total credits for a business could not exceed $5,000 per calendar year. Although this section stipulates that job-training activities must be approved by the Employment Security Department to qualify for the proposed tax credit, it offers no assurance that the training will produce a long-term enhancement of the employee’s skills or abilities. The language is sufficiently broad as to allow on-the-job training which employees currently receive to qualify for the credit. While I strongly support the idea of providing job-training incentives for businesses, I also believe that the state must endeavor to gain the greatest benefit possible out of each dollar of credit.

For these reasons, I have vetoed Senate Bill No. 6117 in its entirety.

Respectfully submitted,
MIKE LOWRY, Governor

SENATE RESOLUTION 1996-8679

By Senators West, Snyder, Cantu, Sellar, McCaslin, Oke, Zarelli, Owen, Anderson, Wojahn, Hochstatter, Hale, Franklin, Spanell, Haugen, Sheldon, Long, Wood, Kohl and Rasmussen

WHEREAS, Over nine thousand men and women of the Washington State National Guard continue to serve the country as a key part of our national defense; and
WHEREAS, These citizen soldiers reside in every legislative district throughout Washington and through the gift of their time and personal energies serve the needs of the people of Washington State; and
WHEREAS, The Guard is active in promoting positive activities for the youth of our state through active involvement in the D.A.R.E. program, drug demand reduction presentations at local schools, and Camp Minuteman, a motivational summer youth experience at Camp Murray; and
WHEREAS, The Guard makes a major contribution to our state’s war on drugs by dedicating soldiers, airmen, and equipment to support forty-three different local law enforcement agencies. These counterdrug support efforts by our men and women last year contributed to 5,548 drug related arrests, and the seizure and destruction of nearly four hundred ten million dollars of illegal drugs; and
WHEREAS, In local communities, the Guard continues to be an essential source of social support for local communities by making armories available for public use for classes, food banks, and community and youth activities. The Guard also answered numerous calls for assistance from local communities for missions varying from traditional color guards to hauling food in support of anti-hunger initiatives; and
WHEREAS, The Guard continues to demonstrate its essential state role as an integral part of the state’s ability to protect and sustain the lives and property of its citizens. The Guard was ready when winds and floods threatened Western Washington citizens last November. In August and September 1994, when a great conflagration sped through Central Washington and its communities, more than 3,500 Guard soldiers and airmen with mass amounts of vital equipment swelled the ranks of fire fighters and rescuers. From the response to Mt. St Helen’s eruption, the Spokane wildfire, Skagit River Valley floods, to the Inauguration Day windstorm, the Guard has accomplished its mission in the face of frequent danger and constant adversity without the loss of life or significant injury; and
WHEREAS, These soldiers and airmen sacrifice their time, comfort and their energies to protect and preserve the lives and property of their fellow citizens, and demonstrate the vitality of the great tradition of sacrifice and service to state and nation that characterizes the Washington National Guard; and
WHEREAS, The men and women of the Washington National Guard, who follow the long tradition of guardians of our democracy, began with the citizen soldiers of the Massachusetts Bay Colony in 1636, a tradition that is encoded in the United States Constitution as a bulwark to preserve the independence of the people and the sovereignty of the states, and is continued in our own State Constitution Act;
NOW, THEREFORE, BE IT RESOLVED, That the Washington State Senate express its appreciation to the families and employers of our Guard soldiers and airmen for their support without which the Guard’s mission could not be successful; and
BE IT FURTHER RESOLVED, That the Senate specifically and particularly recognize the value of a strong Washington State National Guard to the economy and well-being of this state, both through the occasional performance of its state disaster relief mission, and through the ongoing benefit to local communities by the presence of productively employed, drug free, and efficiently trained Guard members and the armories that house them; and
BE IT FURTHER RESOLVED, That a copy of this resolution be immediately transmitted to the Adjutant General of the Washington State National Guard, the Governor of the state of Washington, the Secretary of the Army, the Secretary of the Air Force, and to the President of the United States, the Honorable Bill Clinton.

PERSONAL PRIVILEGE

Senator Pelz: "A point of personal privilege. Thank you, Mr. President, and members of the Senate. I rise to point out that the excruciating pain that we have just endured was, in fact, the braying of the maiden speech of the recent Senator from the Twenty-fifth District. He does not realize in his newness to this Chamber that his long-winded cacophony will force a delay in a cherished process by which this body considers the vital legislation before us during this session. Senator Goings probably does not realize that in a couple of weeks we will be feeling the pressure as we attempt to pass all the fantastic legislation coming out of our committees on a daily basis—that somewhere, because of his endless speech, the opportunity to create a new lien will be lost. The possibility to pass a new government regulation will elude us and at least six bills from the Gov Ops Committee will not move forward in the process. For that, you owe each of us a gift."

REPLY BY THE PRESIDENT

President Pritchard: "Thank you, Senator. I think it is quite appropriate that you should warn the Senator about endless speeches."

PERSONAL PRIVILEGE

Senator McCaslin: "A point of personal privilege. Not having the oratorical skills of my fellow Senator, Senator Pelz, I would like to ask Senator Goings that if you are going to provide us with something to eat, it will take as long to eat it as your speech was."

PERSONAL PRIVILEGE

Senator Roach: "A point of personal privilege. I just wanted to bring up something to the members. It was discovered a little earlier this year, by someone working on the Corrections Committee, the Department of Corrections has paid for penial implants for some of those that are incarcerated. So that while we are talking right now about this subject, certainly we need to be looking into what else is being done that probably the taxpayers would say would be incredibly out of line."

REPLY BY THE PRESIDENT

President Pritchard: "Thank you, Senator. I’m not sure we have to discuss penial implants."

PERSONAL PRIVILEGE

Senator Goings: "A point of personal privilege. Senator Roach, we will have to come back next session in order to discuss that. I just want to thank the majority leader for sticking with me through that. Senator Snyder, thank you very much. Senator Pelz, my conservative colleague, I am not sure about Seattle, but in the Twenty-fifth, we are a very organized lot and so it is my pleasure to present to you my gift at this time. Senator Pelz, to help sweeten you up a little more, I have three extra Almond Roca’s for you. Thank you, Mr. President."

POINT OF INQUIRY

Senator Deccio: "Senator Goings, does it take you that long to turn down a loan or grant a loan as it did for you to make the speech on your bill?"

Senator Goings: "As you know, as a banker, I take my trade very seriously and we do put in as much time as possible. As you know, with the weather change and the golf courses being green again, that all determines how long it takes."

SECOND READING

ENGROSSED SUBSTITUTE SENATE BILL NO. 5139, by Senate Committee on Law and Justice (originally sponsored by Senators Kohl, Smith, Long, Prentice, Winsley, Heavey, Prince, Franklin, Schow, West, Oke and Rasmussen)

Authorizing law enforcement officers to impound the vehicles of persons who are patronizing prostitutes.

The bill was read the second time.

MOTION

Senator Morton moved that the following amendments be considered simultaneously and be adopted:

On page 1, line 7, after "vehicles" insert "and beds"

On page 1, line 14, after "vehicles" insert "and using beds"
On page 2, line 4, after "vehicle" insert "and/or bed"
On page 2, line 5, after "vehicle" insert "and/or bed"
On page 2, line 6, after "vehicle" insert "and/or bed"

POINT OF INQUIRY

Senator Pelz: "Senator Morton, I know the part of the state you are from. Are you referring to the bed of a truck here?"
Senator Morton: "Well, in all seriousness, Senator, I refer to the beds that may be in the motorized vehicles—the RVs, the campers—whereby we would be impounding both, but we certainly should impound the vehicle and the bed. I appreciate your humorous comment." Senator Pelz: "I’m still confused. Are we talking about beds that are out in the street, but would these be beds inside someone’s home and we would be going, therefore, into the bedroom on this amendment?"
Senator Morton: "We enter into an area here of the payment for these services and if the payment is in the area of an overnight stay in the motel or a very scenic excursion in a motorized vehicle such as an RV or a camper, then yes, these would be in lieu of services rendered and payment thereof. It would fit very clearly in this. I am not aware, in the area in which I serve, of any beds on the street or beds in the park, but I understand that there may be such in the form of air mattresses and foam mattresses in other parts of the state of which I am not very well acquainted with."

Further debate ensued.

POINT OF INQUIRY

Senator Kohl: "Senator Morton, I am wondering how this might work. Would this mean that we would be authorizing police to enter individual’s homes—into their bedrooms—on some suspicion that they may have a prostitute present?"
Senator Morton: "It is my understanding that in order to complete the arrest, there must be evidence that an act of prostitution has taken place. In order to identify that act, there may well be that the only place of the act taking place is in the bedroom or on the bed and in that case, it would seem it would fit very clearly in line with the remainder of the bill, which involves the vehicle."
Senator Kohl: "But, does that mean then, Senator Morton, that we would be authorizing police to enter anybody’s home to find out if there might be an act taking place?"
Senator Morton: "I understand that the law now is such that, in many instances, an RV can also be considered a home and if that is the incidence, I believe that a warrant has to be issued there, and so in that case, if a warrant were issued, ‘yes.’"

Further debate ensued.

The President declared the question before the Senate to be the motion by Senator Morton to adopt the amendments on page 1, lines 7 and 14, and page 2, lines 4, 5 and 6, to Engrossed Substitute Senate Bill No. 5139.

“NEW SECTION. Sec. 1. Public officials, public employees, legislators, and citizens recognize the need to review the value and relative priority of many programs throughout state government in the context of constantly changing conditions, limitations, and requirements for state government. They also share the objective of improving the performance of state agencies and programs, thereby increasing effectiveness and efficiency.

The legislature must become more effective in its role of directing public policy and ensuring the public accountability of state programs, managers, and employees. With the support of the legislature, the executive branch must implement practices and processes that will improve performance, accountability, and public confidence in state government. The governor and the legislature shall use results from the performance assessment processes established by this chapter in establishing state budget policy and priorities. The budget process must become an effective means of ensuring compliance with performance improvement requirements.

The purpose of this chapter is to ensure that all state agencies and programs have a valid and necessary mission and that the agencies have clearly defined performance objectives, quality objectives, and cost objectives that are appropriately balanced. Each agency and program should operate within a strategic plan that includes the mission of the agency or program, measurable goals, strategies, and performance measurement systems that are vital tools used for agency management, legislative budget and policy deliberations, and public accountability. State agencies should engage customers, taxpayers, employees, and the legislature in the development and redevelopment of these plans. The strategic plans should be the framework within which agencies continuously assess the value and relative priority of their various functions. In order to streamline state government and redirect resources more effectively, the legislature intends to begin a systematic, fundamental review of the functions of state programs.

In developing future legislation to create new programs and activities in state government, or redirect existing programs and activities, the legislature shall include in such legislation the specific purpose and measurable goals of the program or activity.

NEW SECTION. Sec. 2. The legislative committee on performance review is established.

(1) The thirteen-member committee consists of:
(a) The majority leader of the senate;
(b) The majority leader of the house of representatives;
(c) The minority leader of the senate;
(d) The minority leader of the house of representatives;
(e) The chair and ranking minority member of the senate ways and means committee;
(f) The chair and ranking minority member of the house of representatives appropriations committee;
(g) Four additional members, one each from the majority and minority caucuses of the senate and the house of representatives; and
(h) The lieutenant governor, who shall serve as a nonvoting member and chair of the committee.
(2) Members of the committee shall serve without additional compensation but shall be reimbursed for travel expenses in accordance with RCW 44.04.120 while attending meetings of the committee or any subcommittee or on other business authorized by the committee.

(3) An executive committee is established, consisting of the majority leader and minority leader of the senate and the majority leader and minority leader of the house of representatives. The function of the executive committee is to appoint the director of the legislative office of performance review. Approval by an affirmative vote of at least three members of the committee is required for decisions regarding employment of the director. Employment of the director terminates after each term of three years. At the end of the first year of each three-year term, the committee shall consider extension of the term by one year. However, at any time during the term of office, the employment of the director may be terminated by a unanimous vote of the executive committee. The executive committee shall set the salary of the director.

NEW SECTION. Sec. 3. (1) The director shall establish and manage a legislative office of performance review to carry out the functions described in this chapter.

(2) In preparation for a performance review, the state agency shall identify each of its discrete functions or activities, along with associated costs and full-time equivalent staff, as requested by the director. In reviewing the agency or program, the director shall identify those activities and programs that should be strengthened, and those that need to be redirected or other alternatives explored. The review should consider: (a) Whether or not the purpose for which the agency or program was created is still valid based on the circumstances under which the program was created versus those that exist at the time of the review; (b) the extent to which the particular activity or function is specifically authorized in statute or is consistent with statutory direction and intent; (c) whether or not the agency or program is achieving the results for which it was established; (d) alternatives for delivering the program or service, either in the public or private sector; (e) duplication of services with other government programs or private enterprises or gaps in services; (f) the relative priority of the program among the agency’s functions; (g) costs or implications of not performing the function; (h) citizen’s individual responsibilities and freedoms; (i) whether or not the mission of the agency or program is attainable considering the effect of factors and circumstances beyond the control of the agency; (j) the frequency with which other state agencies perform similar functions, as well as their relative funding levels and performance; and (k) in the event of inadequate performance by the program, the potential for a workable, affordable plan to improve performance.

(3) Performance reviews must also determine the existence and utility of an agency or program strategic plan that includes a concise statement of the agency’s or program’s mission, a vision for future direction, measurable goals and objectives, and clear strategies and specific timelines to achieve them. The director shall determine the extent to which the plan: (a) Forms the basis of agency management practices and continuous process reevaluation and improvement; and (b) can be used to clearly identify and prioritize agency functions; (c) provides a valuable basis for legislative policy and budget deliberations; (d) is used to ensure accountability of employees, particularly managers, for meeting program goals, and is a primary consideration in retention and promotion decisions; (e) is used to measure the quality and effectiveness of the agency’s programs and activities; (f) appropriately balances cost objectives, quality objectives, and performance objectives; and (g) is useful in demonstrating public accountability. The agency strategic plan shall provide for periodic self-assessment by the agency to determine whether the agency is achieving the goals and objectives of its programs. Where self-assessments have been completed by an agency, the assessments must be incorporated into a performance review conducted under this chapter.

(4) In reviewing an agency or program, the director shall identify, to the extent possible, the causes of any failure to achieve desired results and identify alternatives for reducing costs or improving service delivery, including transferring functions to other public or private sector organizations.

(5) If the state agency or program being reviewed has not identified acceptable organizations or programs in the public or private sector to be used as benchmarks against which to measure its performance, the director shall conduct a review sufficient to recommend such benchmarks to the agency, the governor, and the legislature.

(6) As a part of each performance review and in consultation with the director of the agency being reviewed and the director of financial management, the director of the legislative office of performance review shall develop recommendations regarding statutes that inhibit or do not contribute to the agency’s ability to perform its functions effectively and efficiently.

(7) Based on the information and conclusions compiled from the work required in subsections (1) through (6) of this section, the director shall develop an advisory recommendation for the governor and the legislature regarding whether an agency, programs of an agency, or activities within an agency should be continued, abandoned, or restructured.

NEW SECTION. Sec. 4. (1) Performance reviews under this chapter shall include a rethinking of the programs and functions of state agencies to assess whether or not they have a vital purpose or valid mission, and to assess the results being attained. The director shall work to involve frontline employees, agency and program managers, customers of the program or service, other taxpayers, legislators, legislative staff, office of financial management staff, and other external public and private sector experts as deemed appropriate in conducting performance reviews. The director shall, as necessary, contract with experts from either the private or public sector to assist in performance reviews.

(2) Members of the committee shall serve without additional compensation but shall be reimbursed for travel expenses in accordance with RCW 44.04.120 while attending meetings of the committee or any subcommittee or on other business authorized by the committee.

(3) An executive committee is established, consisting of the majority leader and minority leader of the senate and the majority leader and minority leader of the house of representatives. The function of the executive committee is to appoint the director of the legislative office of performance review. Approval by an affirmative vote of at least three members of the committee is required for decisions regarding employment of the director. The review should consider: (a) Whether or not the purpose for which the agency or program was created is still valid based on the circumstances under which the program was created versus those that exist at the time of the review; (b) the extent to which the particular activity or function is specifically authorized in statute or is consistent with statutory direction and intent; (c) whether or not the agency or program is achieving the results for which it was established; (d) alternatives for delivering the program or service, either in the public or private sector; (e) duplication of services with other government programs or private enterprises or gaps in services; (f) the relative priority of the program among the agency’s functions; (g) costs or implications of not performing the function; (h) citizen’s individual responsibilities and freedoms; (i) whether or not the mission of the agency or program is attainable considering the effect of factors and circumstances beyond the control of the agency; (j) the frequency with which other state agencies perform similar functions, as well as their relative funding levels and performance; and (k) in the event of inadequate performance by the program, the potential for a workable, affordable plan to improve performance.

However, the estimated revenues for use in the governor's budget document may be adjusted to reflect budgetary revenue transfers and reductions of revenues that are dependent upon budgetary assumptions of enrollments, workloads, and caseloads. All adjustments to the approved estimated revenues must be set forth in the budget document. The governor may additionally submit, as an appendix to each supplemental, biennial, or six-year agency budget or to the budget document or documents, a proposal for expenditures in the ensuing fiscal period from revenue sources derived from proposed changes in existing statutes.

Supplemental and biennial financial plans shall reflect a six-year expenditure plan consistent with estimated revenues from existing sources and at existing rates for those agencies required to submit six-year program and financial plans under R.C.W. 44.40.070. The estimates for the legislature and the judiciary shall be transmitted to the governor and shall be included in the budget without revision. The estimates for state pension contributions shall be based on the rates provided in chapter 41.45 RCW. (2) Each state agency shall define its mission and establish measurable goals for achieving desirable results for those who receive its services and the taxpayers who pay for those services. Each agency shall also develop clear strategies and timelines to achieve its goals. This section does not require an agency to develop a new mission or goals in place of identifiable missions or goals that meet the intent of this section. The objectives must be consistent with the missions and goals developed under this section. The office of financial management shall provide necessary professional and technical assistance to state agencies in the development of strategic plans that include the mission of the agency and its programs, measurable goals, strategies, and performance measurement systems.

(3) The plan must include a schedule to integrate assessment of each program and activity, using the mission, goals, objectives, and measurements required under subsections (2) and (3) of this section.

(4) It is the policy of the legislature that each agency's budget proposals must be directly linked to the agency's stated mission and program goals and objectives. Consistent with this policy, agency budget proposals must include integration of performance measures that allow objective determination of a program's success in achieving its goals. The office of financial management shall develop a plan to merge the budget development process with agency performance assessment procedures. The plan must include a schedule to integrate agency strategic plans and performance measures into agency budget requests and the governor's budget proposal over three fiscal biennia. The plan must identify those agencies that will implement the revised budget process in the 1997-1999 biennium, the 1999-2001 biennium, and the 2001-2003 biennium. In consultation with the legislative fiscal committees, the office of financial management shall recommend statutory and procedural modifications to the state's budget, accounting, and reporting systems to facilitate the performance assessment procedures and the merger of those procedures with the state budget process. The plan and recommended statutory and procedural modifications must be submitted to the legislative fiscal committees by September 30, 1996.

In the year of the gubernatorial election, the governor shall invite the governor-elect or the governor-elect's designee to attend all hearings provided in RCW 43.88.100; and the governor shall furnish the governor-elect or the governor-elect's designee with such information as will enable the governor-elect or the governor-elect's designee to gain an understanding of the state's budget requirements.

The governor-elect or the governor-elect's designee may ask such questions during the hearings and require such information as the governor-elect or the governor-elect's designee deems necessary and may make recommendations in connection with any item of the budget which, with the governor-elect's reasons therefor, shall be presented to the legislature in writing with the budget document. Copies of all such estimates and other required information shall also be submitted to the standing committees on ways and means of the house and senate.

SENATE RESOLUTION 1996-8684

By Senators Roach, Owen, Anderson, Kohl and Wood

WHEREAS, It is the sense of the Washington State Senate that the disappointment and uncertainty surrounding the future of the Seattle Seahawks is symbolic of the turmoil present throughout the National Football League; and

WHEREAS, The state of Washington and Seahawk fans everywhere would most certainly benefit by the offer of the State Attorney General to involve her office in assisting the effort to resolve the legal differences in this dispute, and give "effective" injunctive relief, perhaps in federal court, ordering the return of vital team records, financial information, and equipment to Washington; and

WHEREAS, Our state congressional delegation should be encouraged to take a leadership role in Congress and introduce legislation which will enhance the stability and predictability of the legal relationship between communities of interest and their professional athletic teams; and

WHEREAS, The Senate further believes that National Football League President, Paul Tagliabue, should be invited to convene a conference in Seattle, involving all necessary players in the "franchise shuffle syndrome" to discuss not only the future of the Seattle Seahawks, but the vision of the National Football League for the future of professional football;

NOW, THEREFORE, BE IT RESOLVED, That the Washington State Senate believes that all the contestants in this struggle owe the taxpayers a return on their investment of loyalty and appreciation and that this debt not be forgotten as this dispute is debated and litigated.

POINT OF INQUIRY

Senator Schow: "Senator Pelz, if this bill is passed, both the employee and the employer can appeal. Is that correct?"
Senator Pelz: "This bill would not affect the ability of either party to appeal; they would still be allowed to appeal."
Senator Schow: "So, it would then become very advantageous for the employee to immediately appeal, because they would start getting payment immediately until their appeal was heard, so this would probably, then, increase the number of appeals? Is that..."
Senator Pelz: "No sir, this only deals with when the employee won the ruling and the employer chooses to appeal. Currently, the employee wins the ruling and the employer decides to appeal and the employee does not receive benefits. This just says that if you win, you win, and when you win the benefits begin and then if the employer appeals and wins, the benefits cease."

The legislative body of the city shall act as the officers of the district for the purpose of certifying the amount of any property tax to be levied and collected therein, and causing service and other charges and assessments to be collected from such property or owners or occupants thereof, enforcing such collection, and performing all other acts necessary to ensure performance of the district's contractual obligations.

    When a city assumes the obligation of paying the outstanding indebtedness, and if property taxes or assessments have been levied and other charges have accrued for such purpose but have not been collected by the district prior to such assumption, the property taxes or assessments when collected shall belong and be paid to the city and be used by such city so far as necessary for payment of the indebtedness of the district existing and unpaid on the date such city elects to assume the indebtedness. Any funds received by the district that have been collected for the purpose of paying any bonded or outstanding indebtedness of the district, shall be used for the purpose for which they were collected, and for no other purpose. Any outstanding indebtedness shall be paid as provided in the bond covenants. All funds of the district on deposit with the county treasurer at the time of title transfer shall be used by the city solely for the benefit of the utility and shall not be transferred to or used for the benefit of the city's general fund.

    Notwithstanding any provision of this chapter to the contrary, one or more cities and one or more water districts or sewer districts may, through their legislative authorities, authorize a contract with respect to the rights, powers, duties, and obligation of such cities, or districts with city and the district, to exercise a power of eminent domain, to issue assessment bonds, and to issue general obligation bonds or revenue bonds in the manner provided by law. The contract may provide for the transfer to a city of district properties, real property, rights, and powers as provided in RCW 35.13A.030 ((and)), 35.13A.050, and section 5 of this act, whether or not sixty percent or any of the area or assessed valuation of real estate lying within the district or districts is included within such city. The contract may provide that any party thereto may authorize, issue, and sell revenue bonds to provide for new or existing water or sewer improvements or extensions, or to refund or retire outstanding bonds of any city((s)) or district (uisci) that is a party to such contract if such refunding is deemed necessary, providing such refunding will not increase interest costs. The contract may provide that any party thereto may authorize and issue, in the manner provided by law, general obligation or revenue bonds of like amounts, terms, conditions, and covenants as the outstanding bonds of any other party to the contract, and such new bonds may be substituted or exchanged for such outstanding bonds: PROVIDED, That no such exchange or substitution shall be effected in such a manner as to impair the obligation or security of any such outstanding bonds.

    Sec. 7. RCW 35.13A.080 and 1971 ex.s.c. 95 s 8 are each amended to read as follows:

    In any of the cases provided for in RCW 35.13A.020, 35.13A.030, ((and)), 35.13A.050, and section 5 of this act, and notwithstanding any other method of dissolution provided by law, dissolution proceedings may be initiated by either the city or the district, or both, when the legislative body of the city and the governing body of the district agree to, and petition for, dissolution of the district.

    If the petition is thus authorized by both the city and district, and title to the property, facilities, and equipment of the district has passed to the city pursuant to action taken under this chapter, all indebtedness and local improvement district or utility local improvement district assessments of the district have been discharged or assumed by and transferred to the city, and the petition contains a statement of the distribution of assets and liabilities mutually agreed upon by the city and the district and a copy of the agreement between such city and the district is attached thereto, a hearing shall not be required and the court shall, if the interests of all interested parties have been protected, enter an order dissolving the district.

    In any of the cases provided for in RCW 35.13A.020 ((and)), 35.13A.030, and section 5 of this act, if the petition for an order of dissolution is signed on behalf of the city alone or the district alone, or there is no mutual agreement on the distribution of assets and liabilities, the superior court shall enter an order fixing a hearing date not less than sixty days from the day the petition is filed, and the clerk of the court shall give notice of such hearing by publication in a newspaper of general circulation in the district once a week for three successive weeks and by posting in three public places in the district at least twenty-one days before the hearing. To this end, the department or self-insurers shall utilize the services of individuals and organizations, public or private, whose experience, training, and interests in vocational rehabilitation and retraining qualify them to lend expert assistance to the supervisor of industrial insurance in such programs of vocational rehabilitation as may be reasonable to make the worker employable consistent with his or her physical and mental status.

Where, after evaluation and recommendation by such individuals or organizations and prior to final evaluation of the worker’s permanent disability and in the sole opinion of the supervisor or supervisor’s designee, whether or not medical treatment has been concluded, vocational rehabilitation is both necessary and likely to enable the injured worker to become employable at gainful employment, the supervisor or supervisor’s designee may, in his or her sole discretion, pay or, if the employer is a self-insurer, direct the self-insurer to pay the cost as provided in subsection (3) of this section.

(2) When in the sole discretion of the supervisor or the supervisor’s designee vocational rehabilitation is both necessary and likely to make the worker employable at gainful employment, then the following order of priorities shall be used:

(a) Return to the previous job with the same employer;
(b) Modification of the previous job with the same employer including transitional return to work;
(c) A new job with the same employer in keeping with any limitations or restrictions;
(d) Modification of a new job with the same employer including transitional return to work;
(e) Modification of the previous job with a new employer;

In cases where the worker is required to reside away from his or her customary residence, the reasonable cost of board and lodging shall also be paid. Said costs shall be chargeable to the employer’s cost experience or shall be paid by the self-insurer as the case may be.

(4) The department shall establish criteria to monitor the quality and effectiveness of rehabilitation services provided by the individuals and organizations used under subsection (1) of this section. The state fund shall make referrals for vocational rehabilitation services based on these performance criteria.

(5) The department shall engage in, where feasible and cost-effective, a cooperative program with the state employment security department to provide job placement services under this section.

(6) The benefits in this section shall be provided for the injured workers of self-insured employers. Self-insurers shall report both benefits provided and benefits denied under this section in the manner prescribed by the department by rule adopted under chapter 34.05 RCW. The director may, in his or her sole discretion and upon his or her own initiative or at any time that a dispute arises under this section, promptly make such inquiries as circumstances require and take such other action as he or she considers will properly determine the matter and protect the rights of the parties.

(7) The benefits provided for in this section are available to any otherwise eligible worker regardless of the date of industrial injury. However, claims shall not be reopened solely for vocational rehabilitation purposes.

NEW SECTION. Sec. 2. A new section is added to chapter 51.32 RCW to read as follows:

PERSONAL PRIVILEGE

Senator Thibaudeau: "A point of personal privilege, Mr. President. I have been trying to do this since last fall and I tried to do it a couple days ago, but you are too quick for me, Mr. President. I would hope that the Pages are distributing something to you. It is kind of strange, but I need to explain my reasoning about this. This is my so-called maiden floor speech--if you will--and my memento to you. Last fall, I thought of saying to you all when I voted for the baseball bill, Mariner Stadium, that I hoped, come January, that you all cared as much about kids as we all cared about baseball. I feel strongly about that.

"The second message, and I will be brief, I assure you, is that I hope that we restore some sense of enjoyment to this place. It used to be a whole lot more fun than it is right now, and I think a sense of humor is important and to paraphrase the Senator from the First District, it is important to play; it is important to enjoy each other; and enjoy the process. So, I thank you very much for the opportunity. Thanks, Mr. President."

First class and business class commercial air carrier accommodations may not be used by any state or local government officer, whether elected or appointed, and any state or local government employee who travels by commercial airlines in the discharge of the duties of his or her position or employment at public expense unless otherwise required as a reasonable accommodation for persons with disabilities or where an emergency would warrant such travel. An officer or employee of a local government may be authorized to travel by business or equivalent class in cases of international travel if (1) any single leg of the trip involves a commercial airline flight of at least ten hours duration, (2) the traveler engages in official business within twelve hours of arrival at the destination, and (3) business or equivalent class travel on the particular trip is expressly authorized at a public meeting by the governing body of the local government for which the traveler is an officer or employee."

POINT OF INQUIRY

Senator Morton: "Senator Heavey, I apologize. I just got this on the desk and I am concerned about the phraseology in the middle of point No. 1 and I see it on line eighteen of your amendment here. It says, 'any single leg of the trip involves a commercial airline flight of at least ten hours duration.' Although, it says, 'any single leg.' I was on a flight one time that took me two days and I only went from here to Eastern Washington. I ended up in Montana and everywhere else and the flight number remained the same throughout the flight, however. That could be construed to be one leg, even though I ended up in Montana over night, then back in Idaho and finally back in our wonderful Evergreen State. How is that addressed here?"

Senator Heavey: "Well, I would agree with you, that would be one single leg and you could have traveled first class, if you had approval from your appropriate legislative authority."
Further debate ensued.

POINT OF INQUIRY

Senator Anderson: "Senator Spanel, there was some confusion on the discussion of bringing part-time people in under benefits. Would the benefits be prorated to the portion of work or, as you have now, any part-time person would have full-time benefits?"

Senator Spanel: "It is my understanding that if you are half-time or more, you get the full benefits. I think that is the way it is in law right now. This does not change that at all."

Senator Anderson: "So, people that are less than half-time would have the same full benefits that people are more than half-time now?"

Senator Spanel: "If you are less than half-time, you do not get the benefits unless you are working at two different places. Existing law says that if you are working at two community colleges and you go over that half-time, then you do get the benefits."

Senator Anderson: "Okay, so this deals with the combination. This does not deal with a person that is less than half-time now--?"

Senator Spanel: "The discrepancy has been in defining half-time or defining part-time. By law, some community colleges have been defining it a certain way. There has been a tendency to define it a different way in order to save some money."

Senator Anderson: "And this standardizes that?"

Senator Spanel: "This standardizes it and makes sure that everybody gets treated the same way."

It seems to me that we allow them to participate in a political party as an elected member of the party and yet, if they hold a position of part-time, it has to be non-partisan.”

Senator Spanel: “Well, that is actually—”

Senator Cantu: “I was wondering the rationale for that. I am not trying—”

Senator Spanel: “Existing law allows them to be a precinct committee person. That is the only elected position they can hold right now. That’s the way it was written in the ethics bill when we passed it last year or the year before. So, it doesn’t change that. So, that is a partisan position, I agree.”

Senator Cantu: “But, if they hold a part-time position, it has to be non partisan and I was just wondering the rationale. If you can be an elected party officer, if you will, because you have to run for that office of precinct committee person and the part-time job has to be non-partisan. I was just wondering of the rationale; it seems inconsistent, but—”

Debate ensued.

POINT OF INQUIRY
Senator Wood: "Senator Smith, in your statement just a minute ago, you were talking about only a driver’s license can be suspended.”

Senator Smith: "In the amendment, I believe that is what it says.”

Senator Wood: “I’m looking at the summary of the second substitute bill and in the first paragraph it talks about license suspension; it doesn’t name what kind of license. Then in the second paragraph, it says, ‘a noncustodial parent may seek judicial suspension of a custodial parent’s driver’s license or occupational or professional license.’ Then, in the rest of the substitute, it doesn’t describe what kind of license can be withheld. Could you clear it up for me, please?”

Senator Smith: "Certainly. In the underlying bill, it is the same bill—and I guess I got a little presumptuous here since we had passed this now three or four times—and I assumed we had a better understanding of that. The underlying bill says a wide variety of business licenses, including bar associations—licensed attorneys—which has troubled some. A wide variety of business licenses are included in this bill as was included in the bill that was attached to the welfare bill. The reason that I mention the driver’s licenses is that in the amendment it strips all of that away and says, ‘just the driver’s license can be taken away’—taking out all the other business licenses. The other states that have had success on this have had success in going after all the other licenses, not just the driver’s license. That’s the difference.”

Senator Wood: “Thank you. I just find this to be a very confusing bill that does not seem to state things in the way that I would like to see them clarified and if somebody else has more clarifications, it would certainly help.”

Senator Schow demanded a roll call and the demand was sustained.

POINT OF INQUIRY

Senator Oke: "Senator Pelz, knowing that you are a sport’s enthusiast and knowing that you watch sports very carefully, do you feel that binding arbitration has been good for sports in this country, when one price goes up, the next one goes up and up? I can just imagine, if I might continue before you respond, one area in this state having binding arbitration work out and some very nice things and then everywhere else that wants that--is that going to happen in the state of Washington?"

Senator Pelz: "Well, I think that maybe you are speaking about salary arbitration, which, in sports has been somewhat of a disaster, but also, I think in sports, the economic picture has been changing and there has been more and more revenue available to the teams. I think that we know that K-12 is not an arena in which there is going to be more and more revenue available for the teams that an arbitrator might pick from. We have greater fiscal sense in Washington right now. We have 601, we have tough budgets to come out of the state--voters are rejecting levies. I think there are limited finances that school districts, such as I know the one that you represent, and which
has had some difficult times, there are very limited financial resources in some of those districts and in binding arbitration, the arbitrator will take that into consideration.

Further debate ensued.

POINT OF INQUIRY

Senator Deccio: "Senator Pelz, the original bill had a provision that if there was no other recourse, a school district could not come back to the Legislature in regards to the level we have set for salaries. That has been removed, so in the event they can't raise the money in a special levy, they can come back to the Legislature to request those additional dollars. What happens if the spirit of 601 is violated and the Legislature turns down the increase, then what will happen? There is no penalty for a strike. Is it possible a school district could strike in that event?"

Senator Pelz: "Well, the bill lays out a time table for bargaining and I believe the time table kicks in about May when the two sides begin to bargain. What happens is, they will bargain as they do today, and binding arbitration only kicks in at the point when an impasse--a serious impasse--is reached and this is after mediation. The bill has a procedure for mediation, so the system isn't that much different than it is today where they sit down around May and they begin to do collective bargaining.

"Unfortunately, our school districts are currently suffering under a great problem, which in May, they often don't know the kind of resources the Legislature is going to give them that year. So, currently across the state, districts begin bargaining before they know how much the Legislature will give them. Basically, as the bargaining progresses through the summer, hopefully, we have the good sense to get out of Olympia every year and by May and June, the school districts do know how much money is on the table to bargain. In many ways, this bill does not change that element of the process."

Senator Deccio: "I don't know that you have answered my question. We removed the prohibition against coming back to the Legislature. My question again is, if the Legislature refuses to grant those additional funds, binding arbitration says, 'You will pay whether you can afford to pay or not.' That's what the cities and the counties say at least and if these are the same binding arbitration rules, the same rules hold effect. Once, the binding arbitration is made, they would have to pay regardless. If they can't get the money from the Legislature, because it violates 601, where does the school district go for the money?"

Senator Pelz: "Again, Senator Deccio, the fiscal condition of the school district is clearly an issue that the arbitrator has to consider. If the district is broke, I would contend that the arbitrator is not going to force the district to pay fantastic amounts of money that they don't have. I think this is going to be clearly a limitation placed on the arbitration. You are right, the school district will not be able to come back to the Legislature, but I think what binding arbitration is all about is making sure that school districts aren't stuck with high settlements that they can't afford. Maybe there will be a case out there where that is not true, but it is just hard for me to project, sir, and I am trying my best to answer your question."

Senator Deccio: "I think I have made my case, Mr. President. Thank you."

Further debate ensued.

POINT OF INQUIRY

Senator Cantu: "Senator Kohl, I’ve been reading the bill and it is not clear—there are literally probably tens of thousands of cribs out there that we’ve used, that we have passed on to our children and then they get passed on to our grandchildren. What is the impact of things like that? As you indicated, if you have a garage sale, are we, in any way, impacting the tens of thousands of families out there that have cribs today and are being used and may want to pass them on to their families?"

Senator Kohl: "There are two provisions in the bill that address this. One is garage sales are not covered, period. The second provision is that with the Department of Health making available notice to individuals about the safety risks of older cribs that do have difficulties, such as the corners of the crib not being rounded. The main thing here to consider though is we are talking about cribs that are placed in the stream of commerce—not ones that are used in families."

Senator Cantu: "Okay, so it would not—the intent of the bill is that it would not be illegal—families would not be fined—if they passed on a crib to their children or their grandchildren or whomever?"

Senator Kohl: "That’s right."

Senator Cantu: "And if you sell one at a garage sale, it is okay. So, we are only impacting new manufacturers after January 1 of next year—those manufacturing commercial cribs and placing them in service. Over time, we would have these types of services. Am I correct?"

Senator Kohl: "Right, the new cribs are already covered by the federal safety standards that have been in place since 1988. The industry has voluntary safety standards that have been in place since 1991. What we want to do is insure that families receive educational materials, so that they are aware of the safety factors about their cribs and perhaps can modify the older cribs as well. The commerce part of it is for older cribs that are sold used, but not in garage sales."

Senator Cantu: "Thank you, I appreciate your patience. I think it is very important. Again, there are literally thousands of families that could potentially be impacted. I believe you said that on the commercial users that there are already federal regulations that regulate this. Are these laws—state laws—any different than the federal laws? In other words, is it going to be difficult for some manufacturer of a crib that sells in another state, but they are going to have to be unique for our state?"

Senator Kohl: "No, we are talking about a federal safety standard in place since 1988."

Senator Cantu: "And this is consistent with that?"

Senator Kohl: "That’s right."

Senator Cantu: "Thank you very kindly."

The department shall establish a procedure to invalidate the surrendered photograph license and return it to the person. The invalidated license, along with the valid temporary Washington driver's license provided for in RCW 46.20.055(3), shall be accepted as proper identification. The department shall notify the issuing department that the licensee is now licensed in a new jurisdiction. No person shall be permitted to have more than one valid driver's license at any time.

MOTIONS

On motion of Senator Smith, the following title amendment was adopted:
On line 1 of the title, after "Relating to" strike the remainder of the title, and insert "penalties for driving without a driver’s license and negligent driving; amending RCW 46.61.525; reenacting and amending RCW 46.20.021 and 46.63.020; and prescribing penalties."

On motion of Senator Smith, the rules were suspended, Engrossed Substitute Senate Bill No. 6204 was advanced to third reading, the second reading considered the third and the bill was placed on final passage.

POINT OF INQUIRY

Senator Johnson: "Senator Smith, Senator Long and I were looking at the amendment. On page 3, line 18, by Senator Haugen, there are two statutory references. That would seem to take it out of the infraction category and put it into a misdemeanor--342(1) and 420."

Senator Smith: "I guess I don’t understand the question. Could you take another shot at it?"

Senator Johnson: "The language in that section seems to say that if it is not in violation of those two sections of the code--"

Senator Smith: "I’m with you now. What this does is, it is a misdemeanor, okay, but--and this is the problem that we had in committee--basically, everyone kind of agreed that with no valid driver’s license, it would be helpful if we could move it down to an infraction, but the police officers were concerned, because oftentimes they do the investigation. This was worked out with the police officers, so that now it is a misdemeanor, but the court will reduce it if the driver has an expired driver’s license or some form of valid identification. What the police officers were concerned about is that if they stop someone and they don’t have any identification whatsoever, they could not cite and further investigate. If the person has identification, it is not a problem, so that we took care of. If they don’t have identification, it is still a misdemeanor and the police officers could still do what they wanted to do."

Senator Johnson: "Unless they are in violation of one of those two sections in line 18?"

Senator Smith: "Right."

Senator Johnson: "Which are--maybe you don’t have those at your fingertips--it looks like that would put it back into the misdemeanor category."

Senator Smith: "Right, I don’t know what those two are, but I can imagine they are something that would warrant it being put back into the misdemeanor category."

Senator Johnson: "Thank you."

**SECOND READING**

**SENATE BILL NO. 5615**, by Senators Pelz, Franklin, Hargrove, Snyder, Bauer, Fraser, McAuliffe, Smith, Prentice, Heavey and Rinehart

Revising provisions relating to compensation during reconsideration of department of labor and industries industrial insurance orders.

The bill was read the second time.

**MOTION**

On motion of Senator Pelz, the rules were suspended, Senate Bill No. 5615 was advanced to third reading, the second reading considered the third and the bill was placed on final passage.

Debate ensued.

**POINT OF INQUIRY**

Senator Morton: "Senator Pelz, looking at the bill, I need a little explanation here, which maybe I just don’t know the normal interpretation thereof. On the second page, line 14, Senator Heavey has brought up the matter of total disability, but it preempts that by saying, 'temporary total disability.' Therefore, I interpret that to mean that it might be total disability today, but next week, it might not be total disability and that one could return to work. Would you like to comment, please?"
Senator Pelz: "Would you direct the question to Senator Heavey?"
Senator Morton: "Thank you, Senator Pelz. Senator Heavey, I'm on the second page of the bill and on line 14."
Senator Heavey: "Senator, from the seventh district, yes that is correct. It is temporary total disability determination. The person is temporary totally disabled, which may go on for ever. It may go on for a week; it may go on for six months. It certainly may go on during the appeal period, which is two hundred to four hundred days."
Senator Morton: "Thank you, Senator Heavey."
The President declared the question before the Senate to be the roll call on the final passage of Senate Bill No. 5615.

SUBSTITUTE SENATE BILL NO. 6540, having received the constitutional majority, was declared passed. There being no objection, the title of the bill will stand as the title of the act.

SECOND READING

SENATE BILL NO. 6132, by Senator Fairley

Limiting the exemption from campaign financing disclosure requirements to political subdivisions under one thousand population.

MOTION

Senator Fairley moved that Substitute Senate Bill No. 6132 be substituted for Senate Bill No. 6132 and the substitute bill be placed on second reading and read the second time.

POINT OF ORDER

Senator West: "Mr. President, I rise to challenge the scope and object of Substitute Senate Bill No. 6132. The substitution of Senate Bill No. 6132 greatly expands the original bill, Senate Bill No. 6132, and therefore expands the scope and object. The original bill, Senate Bill No. 6132, simply applied to small political subdivisions, the difference between five thousand voters and one thousand voters. The addition of the substitute in committee expands that by changing where political campaigns can be applied in a campaign. The original bill didn’t talk about political contributions. It talked about reporting in small towns.

This substitute requires a candidate to designate which office they are running for before they take any money; the original bill didn’t have any indication of that type of thing. The substitute requires that when a candidate running for one office switches to another office, that they then have to give the money to the State Treasury or charity. The original bill, again, only talked about whether the reporting requirements of the Public Disclosure Commission applied to a candidate running in a town of five thousand or a town of one thousand. This is clearly beyond embodying the scope of Senate Bill No. 6132."

Further debate ensued.

There being no objection, the President deferred further consideration of Senate Bill No. 6132.

President Pro Tempore Wojahn assumed the Chair.
SECOND READING

MOTIONS

On motion of Senator Loveland, Substitute Senate Bill No. 6551 was substituted for Senate Bill No. 6551 and the substitute bill was placed on second reading and read the second time. On motion of Senator Loveland, the rules were suspended, Substitute Senate Bill No. 6551 was advanced to third reading, the second reading considered the third and the bill was placed on final passage.

The President Pro Tempore declared the question before the Senate to be the roll call on the final passage of Substitute Senate Bill No. 6551.

ROLL CALL

The Secretary called the roll on the final passage of Substitute Senate Bill No. 6551 and the bill passed the Senate by the following vote: Yeas, 49; Nays, 0; Absent, 0; Excused, 0.

SUBSTITUTE SENATE BILL NO. 6551, having received the constitutional majority, was declared passed. There being no objection, the title of the bill will stand as the title of the act.

SECOND READING

 SENATE BILL NO. 6735, by Senators Pelz, Sutherland, Hargrove, Schow, Smith and Fairley

Requiring disclosure of campaign contributions from gambling interests.

MOTIONS

On motion of Senator Pelz, Substitute Senate Bill No. 6735 was substituted for Senate Bill No. 6735 and the substitute bill was placed on second reading and read the second time.

On motion of Senator Pelz, the rules were suspended, Substitute Senate Bill No. 6735 was advanced to third reading, the second reading considered the third and the bill was placed on final passage.

POINT OF INQUIRY

Senator Newhouse: "Senator Pelz, I am unclear with this language. What would be reported that isn't presently reported now?"

Senator Pelz: "The difference is that if an organization is involved in gambling and by that has an axis with the Lottery Commission, the Gambling Commission or the Horse Racing Commission, those entities would have to disclose to the candidate the amount of their business that is involved in gambling. The candidate would have a specific spot on their C-3 Form to indicate that they knew that was where this money came from. It is a disclosure bill; it does not ban contributions. It just requires disclosure."

Senator Newhouse: "But every contribution of one hundred or more must be reported anyway, mustn't it?"

Senator Pelz: "It does not currently have to be reported as a gambling contribution, which is what this bill would do."

Senator Newhouse: "This is inferring then that it is tainted money."

Senator Pelz: "Well, you know what Senator Snyder says about tainted money, but anyway---"

Senator Newhouse: "Tainted money--"

Senator Pelz: "No, it does not infer that, it just says that the entity just has to disclose what percent of their business activity is involved in gambling and the voters can make the inference."

Further debate ensued.

POINT OF INQUIRY

Senator McCaslin: "Senator Pelz, I just opened the book on the bill itself and I looked for a definition of gambling interest. Would that be defined elsewhere in another statute?"

Senator Pelz: "No sir, if you are registered with the Gambling Commission, that is where the kicker is. If you are registered with the Gambling Commission, if you are registered with the Horse Racing Commission, if you are registered with the Lottery Commission, that is when you know you are involved in gambling."

Senator McCaslin: "If I receive a contribution from a person that makes his living by gambling, I would not report it? I would report the contribution, but not that it was a gambling interest?"

Senator Pelz: "That is correct, sir, and I am not going to deny that that this net catch is all fish, but partly because of the issues that Senator Anderson raised. If it did catch all fish, it would be unduly cumbersome."

The President Pro Tempore declared the question before the Senate to be the roll call on the final passage of Substitute Senate Bill No. 6735.

ROLL CALL
The Secretary called the roll on the final passage of Substitute Senate Bill No. 6735 and the bill passed the Senate by the following vote: Yeas, 49; Nays, 0; Absent, 0; Excused, 0.

Excused: Senators Cantu, Johnson, Owen and Wood - 4.

There being no objection, the Senate resumed consideration of Senate Bill No. 6132 and the pending motion by Senator Fairley to substitute the bill, deferred February 10, 1996.

RULING BY THE PRESIDENT

President Pritchard: "In ruling upon the point of order raised by Senator West, the President finds that Senate Bill No. 6132 is a measure which reduces the threshold for application of the campaign finance laws to political subdivisions which have fewer than one thousand registered voters.

"Substitute Senate Bill No. 6132 would require candidates to return unspent contributions if switching from one campaign to another.

"The President, therefore, finds that the proposed substitute does change the scope and object of the bill and the point of order is well taken."

The motion by Senator Fairley to substitute Senate Bill No. 6132 was ruled out of order.

MOTION

On motion of Senator Fairley, the rules were suspended, Senate Bill No. 6132 was advanced to third reading, the second reading considered the third and the bill was placed on final passage. Debate ensued.

POINT OF INQUIRY

Senator Spanel: "Senator Fairley, is it correct that people who file and run for these offices, still have to file their F-1--their financial disclosure?"

Senator Fairley: "Oh yes, everybody does now. Everybody will still have to. This bill doesn’t change that at all."

Further debate ensued.

POINT OF INQUIRY

Senator McCaslin: "Senator Fairley, you don’t have to file a C-3? That is where they report the money. Don’t you want to know if there are any crooks down there? How about a C-4?"

Senator Fairley: "Senator McCaslin, in the bill, if you have more than one thousand registered voters in your town, you will have to file a C-3. You already have to file an F-1, that tells about your personal finances. As a council member who earned zero for each meeting, I objected, but I soon learned. We all have to file an F-1. This will simply say that when you run a campaign, you have to tell where the money comes from. If you have more than one thousand voters--maybe in your town--they don’t have more than one thousand registered voters, sir."

Senator McCaslin: "Thank you, Senator Fairley. She is one of the few Senators that gives me more answers than I’ve asked questions."

Further debate ensued.

POINT OF INQUIRY

Senator Zarelli: "Senator Fairley, just a bit of clarification. I think we are talking here about the filing of personal disclosure documents about an individual’s welfare--where they derive their income from."

Senator Fairley: "When you file for any office, you must file an F-1. That tells your personal disclosure, so this changes nothing on that, absolutely nothing. It only changes your filing in towns, which wouldn’t count Woodway, because they don’t have a thousand registered voters--registered voters--not population. If you do a campaign that takes in more than, I believe, it is two thousand dollars, you must file where you get the money from and where the money goes."

Senator Zarelli: "So, we are not talking about an individual’s property or their job or their income, we are talking about where they derive their campaign contributions and where--"

Senator Fairley: "Only the campaign finances. It has nothing to do with your personal disclosure."

Senator Zarelli: "Thank you very much."
Further debate ensued.

POINT OF INQUIRY

Senator Anderson: "Senator Fairley, I didn’t have this until your closing speech. You talked about if you were not going to run a fancy campaign, this is for people who are receiving quite a bit of money. Isn’t the threshold two hundred dollars that you have to disclose?"

Senator Fairley: "Two thousand dollars."

Senator Anderson: "Two thousand dollars is the threshold?"

Senator Fairley: "Two thousand dollars is the threshold for full disclosure. Now, if it is under that, you are filling out--"

Senator Anderson: "An amended form."

Senator Fairley: "Right, an amended form."

Senator Anderson: "And what is the threshold for the amended form?"

Senator Fairley: "I believe it is a thousand dollars. If you are running a campaign for under that, you don’t fill out anything. You just fill out a piece of paper that says, ‘I’m not going to do that.’"

POINT OF INQUIRY

Senator Morton: "Senator Fairley, this reduces from five thousand registered voters to one thousand registered voters?"

Senator Fairley: "Right."

Senator Morton: "I’m wondering about the true need of this. Have there been considerable felonies or convictions of some problems below the five thousand mark?"

Senator Fairley: "The problem is that there couldn’t be, because we don’t know where they get their money or what they spend it on. In my town, when there was forty-one hundred registered voters, we had a concern coming up. We still don’t know if any of the candidates for office received money from the adult entertainment folks or from anybody else."

Senator Morton: "Thank you, Senator."

Further debate ensued.

Senator Roach: "And what happens if there is a section, where nobody wants to willingly sell? What will happen? What will the state do?"

The issuer of a lender credit card agreement shall not be principally engaged in the business of selling goods or be a financial institution;

(5) "Service" means all labor, skill, care, or attention rendered, or otherwise perfecting, and releasing or satisfying, a retained title, lien, or other security interest created by a bailment or a lease if the bailee or lessee contracts to pay as compensation for their use a sum substantially equivalent to or in excess of the value of the goods sold and if it is agreed that the bailee or lessee is bound to become, or for no other or a merely nominal consideration, has the option of becoming the owner of the goods upon full compliance with the provisions of the bailment or lease. The term "retail installment contract" does not include: (a) A "consumer lease," heretofore or hereafter entered into, as defined in RCW 63.10.020; (b) a lease which would constitute such "consumer lease" but for the fact that: (i) It was entered into before April 29, 1983; (ii) the lessee was not a natural person; (iii) the lease was not primarily for personal, family, or household purposes; or (iv) the total contractual obligations exceeded twenty-five thousand dollars; or (c) a lease-purchase agreement under chapter 63.19 RCW;

The term "retail installment contract" may include a chattel mortgage, a conditional sale contract, and a contract in the form of a bailment or a lease if the bailee or lessee contracts to pay as compensation for their use a sum substantially equivalent to or in excess of the value of the goods sold and if it is agreed that the bailee or lessee is bound to become, or for no other or a merely nominal consideration, has the option of becoming the owner of the goods upon full compliance with the provisions of the bailment or lease. The term "retail installment contract" does not include: (a) A "consumer lease," heretofore or hereafter entered into, as defined in RCW 63.10.020; (b) a lease which would constitute such "consumer lease" but for the fact that: (i) It was entered into before April 29, 1983; (ii) the lessee was not a natural person; (iii) the lease was not primarily for personal, family, or household purposes; or (iv) the total contractual obligations exceeded twenty-five thousand dollars; or (c) a lease-purchase agreement under chapter 63.19 RCW;
(10) "Retail charge agreement," "revolving charge agreement," or "charge agreement" means an agreement between a retail buyer and a retail seller that is entered into or performed in this state that prescribes the terms of retail installment transactions with one or more sellers which may be made thereunder from time to time and under the terms of which a service charge, as defined in this section, is to be computed in relation to the buyer’s unpaid balance from time to time;

(15) "Principal balance" means the sale price of the goods or services which are the subject matter of a retail installment contract less the amount of the buyer’s down payment in money or goods or both, plus the amounts, if any, included therein, if a separate identified charge is made for labor or stated in the contract, for insurance, any vehicle dealer documentary service fee, and official fees;
(16) "Person" means an individual, partnership, joint venture, corporation, association, or any other group, however organized;
(17) "Rate" means the percentage which, when multiplied times the outstanding balance for each month or other installment period, yields the amount of the service charge for such month or period.
Sec. 8. RCW 63.14.130 and 1992 c 193 s 1 are each amended to read as follows:
"the service charge shall be inclusive of all charges incident to investigating and making the retail installment contract or charge agreement and for the privilege of making the installment payments thereunder and no other fee, expense or charge whatsoever shall be taken, received, reserved or contracted therefor from the buyer except for any vehicle dealer documentary service fee as provided for in section 5 of this act.

(1) The service charge, in a retail installment contract, shall not exceed the dollar amount or rate agreed to by contract and disclosed under RCW 63.14.040(1)(7)(g).
(2) The service charge in a retail charge agreement, revolving charge agreement, lender credit card agreement, or charge agreement, shall not exceed the schedule or rate agreed to by contract and disclosed under RCW 63.14.120(1). If the service charge so computed is less than one dollar for any month, then one dollar may be charged.

NEW SECTION. Sec. 9. A new section is added to chapter 88.02 RCW to read as follows:
At the time of licensing, registration, title verification, transfer of title, perfecting title, or releasing or satisfying a lien or other security for any vessel, the dealer shall collect a documentary service fee of at least ten dollars and may collect up to thirty dollars. Ten dollars of the fee shall be transmitted to the department for deposit in the emergency medical services and trauma care system trust account.

NEW SECTION. Sec. 10. A new section is added to chapter 46.10 RCW to read as follows:
At the time of sale or resale of any snowmobile, the dealer shall collect a ten-dollar fee from the purchaser. The fee shall be transmitted to the department for deposit in the emergency medical services and trauma care system trust account.

NEW SECTION. Sec. 11. A new section is added to chapter 88.12 RCW to read as follows:
At the time of sale or resale of any personal watercraft, the dealer shall collect a ten-dollar fee from the purchaser. The fee shall be transmitted to the department of licensing for deposit in the emergency medical services and trauma care system trust account.”

Renumber the sections consecutively and correct any internal references accordingly.

Debate ensued.

POINT OF INQUIRY

Senator Schow: “Senator Wojahn, how much money will this raise for trauma care?”

Senator Wojahn: “On automobiles, it will raise between eight and ten million dollars, but we also include water--boats--and snowmobiles and that will raise probably five hundred thousand, additional. So, we can expect to raise between eighty-five hundred and twelve million. We haven’t gotten the figures on the other things. We know that the automobiles will raise from ten to twelve million. Because thirty-eight to fifty percent of all accidents are caused by automobiles, it seemed an appropriate area to attempt to raise money from.”

Senator Schow: “Thank you.”

Further debate ensued.

POINT OF INQUIRY

Senator McCaslin: “Senator Wojahn, it says, ‘anytime you release an interest.’ If you finance it at the dealer and later finance it at the bank, then you pay another thirty dollars? Is that--every time you release an interest?”

Senator Wojahn: “No, it is just a transfer, the original transfer of the ownership of a vehicle.”

Senator McCaslin: “It says, ‘any documentary service.’ ‘Any--charged by a dealer for licensing, etc.’ So, if you refinance it, there is no problem on refinancing?”

Senator Wojahn: “I don’t believe so. According to what I’ve been told, the auto dealers are very supportive of this—to collect a documentary fee. I can’t answer that, but I presume it is one documentation. When a vehicle is sold, the transaction would take several steps before it was completed. I would assume that the one fee would be the fee that handled the problem.”

Further debate ensued.

PARLIAMENTARY INQUIRY

Senator West: “Rising on a point of parliamentary inquiry. Mr. President, this could be significant enough that you may want to take some time on it.”

REPLY BY THE PRESIDENT

President Pritchard: “I’ll make that judgment.”

Senator West: “This is labeled a fee. We are under the restrictions of 601. There are distinctions between fees and taxes, but calling a tax a fee or calling a fee a tax doesn’t necessarily make one the other. There are restrictions on how many votes are required to pass a tax. I’m not familiar with the restrictions on how many votes are required to pass a fee and would like the President to rule as to the implication of 601 on this amendment.

There being no objection, the President deferred further consideration of Substitute Senate Bill No. 6173.

MOTION

At 10:28 a.m., on motion of Senator Spanel, the Senate was declared to be at ease.

The Senate was called to order at 12:14 p.m. by President Pritchard.

There being no objection, the President declared the Senate to be at recess until 1:00 p.m.

The Senate was called to order at 1:16 p.m. by President Pritchard.

MOTION

On motion of Senator Spanel, the Senate reverted to the third order of business.

Including physical therapy, occupational therapy, chiropractic, and midwifery as optional basic health plan services.

MOTIONS

On motion of Senator Quigley, Second Substitute Senate Bill No. 6124 was substituted for Senate Bill No. 6124 and the second substitute bill was placed on second reading and read the second time.

Senator Moyer moved that the following amendment by Senators Moyer and Owen be adopted:

On page 1, after line 3, insert the following:

"Sec. 1. RCW 48.43.045 and 1995 c 265 s 8 are each amended to read as follows:
(1) Effective January 1, 1996, every health plan delivered, issued for delivery, or renewed by a health carrier ((on and after January 1, 1996)) in compliance with the model basic health plan benefits package, as required by RCW 70.47.060(2)(d), shall:

((iii)(4)) Permit every category of health care provider to provide health services or care for conditions included in the model basic health plan ((services)) benefits package, as required by RCW 70.47.060(2)(d), to the extent that:

((iii)(4)(a)) The provision of such health services or care is within the health care providers' permitted scope of practice; and

((iii)(4)(b)) The providers agree to abide by standards related to:

((iii)(4)(b)(A)) Provision, utilization review, and cost containment of health services;

((iii)(4)(b)(B)) Management and administrative procedures; and

((iii)(4)(b)(C)) Provision of cost-effective and clinically efficacious health services.

(2) Effective January 1, 1996, every health carrier shall annually report the names and addresses of all officers, directors, or trustees of the health carrier during the preceding year, and the amount of wages, expense reimbursements, or other payments to such individuals."

Renumber the remaining sections; correct all references and the title.

POINT OF INQUIRY

Senator Quigley: "Senator Moyer, are you aware that actually the language that you read and referred to with respect to choice is existing law--and in fact, what your amendment does is delays these provisions for another year from taking effect?"

Senator Moyer: "I'm sorry, I didn't hear that.

Senator Quigley: "The provisions that you read, with respect to choice and disclosure of salaries and so forth are existing law scheduled to become in effect this year. What your amendment does is delay this until next year. Are you aware of that?"

Senator Moyer: "It says, 'Effective January 1, 1996.'"

Senator Quigley: "Right, it delays it a year. Under existing law, it would have to happen some time this year."

Senator Moyer: "That is not my belief. I'm sorry."

Senator Quigley: "Okay, thank you."

POINT OF ORDER

Senator Quigley: "I rise to a point of order. I rise to raise the scope and object of this amendment. The bill before the body is a bill to add benefits to the Basic Health Plan, under Title 48. That is the state subsidized Basic Health Plan. This amendment here simply changes provisions that don't even apply to the Basic Health Plan, but apply to private insurance in a different title entirely. What this amendment does is entitle a roll back of an interpretation of the Insurance Commissioner without public hearing or public debate when the underlying bill has nothing to do with that. The underlying bill adds services to the Basic Health Plan. So, Mr. President, I believe that this is well outside the scope and object of this bill."

Further debate ensued.

There being no objection, the President deferred further consideration of Second Substitute Senate Bill No. 6124.

On motion of Senator Thibaudeau, Senator Bauer was excused.
On motion of Senator Anderson, Senator Hochstatter was excused.

The changing health care market challenges the ability of providers to ensure a system of such care. The health care policy board has the authority to research, investigate, and develop options on issues on the scope, financing, and delivery of health care and has agreed to take on this task if requested by the legislature.

The board shall have the following powers and duties:
(1) Periodically make recommendations to the appropriate committees of the legislature and the governor on issues including, but not limited to the following:
   (a) The scope, financing, and delivery of health care benefit plans including access for both the insured and uninsured population;

(2) With the written approval of the contributor, a candidate for public office or the candidate’s political committee may use or permit the use of contributions, whether or not surplus, solicited for or received by the candidate for public office or the candidate’s political committee from that contributor to further the candidacy of the individual for an office other than the office designated on the statement of organization. If the contributor does not approve the use of his or her contribution to further the candidacy of the individual for an office other than the office designated on the statement of organization at the time of the contribution, the contribution must be considered surplus funds and disposed of in accordance with RCW 42.17.085.

There being no objection, the Senate resumed consideration of Substitute Senate Bill No. 6173 and the parliamentary inquiry by Senator West regarding the number of votes necessary to adopt the amendments by Senators Wojahn and Moyer on page 10, after line 15; page 11, line 16; and page 15, after line 32; deferred earlier today.

RULING BY THE PRESIDENT

President Pritchard: "In ruling upon the parliamentary inquiry by Senator West, the President notes that RCW 43.135.035 (Section 4 of Initiative 601) requires a two-thirds majority vote for 'any action or combination of actions by the Legislature that raises state
revenue or requires revenue-neutral tax shifts.' Looking at the full context of the statute, it appears that 'revenue' in this section means revenue in the form of new taxes or tax increases. “To adopt this interpretation requires that proposed revenue increases be analyzed to determine whether they are properly characterized as fees or taxes. Taxes are intended to raise revenue for governmental purposes. Fees also raise revenue, but are limited to specific types: License fees and User fees. License Fees cover the cost of administering a regulatory program; User Fees impose a charge for the use of publicly-owned or publicly-provided facilities or services. The amendments by Senators Wojahn and Moyer impose a ‘fee’ which partially relates to the cost of processing vehicle sales. The remainder of the ‘fee’ is transferred to a fund for the provision of trauma care services. Since, the latter portion of the fee cannot properly be characterized as either a license fee or a user fee because it is unrelated to the vehicle sale transaction, therefore, it its properly characterized as a tax. “The amendments by Senators Wojahn and Moyer may be adopted by a majority vote, but if it they are adopted, final passage of Substitute Senate Bill No. 6173 will require a two-thirds vote.”

The President declared the question before the Senate to be the adoption of the amendments by Senators Wojahn and Moyer on page 10, after line 15; page 11, line 16; and page 15, after line 32; to Substitute Senate Bill No. 6173.

POINT OF ORDER

Senator McCaslin: “A point of order. I would raise the point of order that the amendments expand the scope and object of the bill. Substitute Senate Bill No. 6173 amends and creates a new section in RCW 46.70. It amends one title of the RCW. The amendments create a new fee that is collective—collected upon the sale or resale of vehicles, vessels, water-craft and snowmobiles. They also allow for collection of the various different motor vehicle titles and actions and changes. I could go on Mr. President, but I will stop there and submit it to you and your counsel.”

Further debate ensued. There being no objection, the President deferred further consideration of Substitute Senate Bill No. 6173.

"NEW SECTION. Sec. 1. A new section is added to chapter 9.95 RCW to read as follows:

(1) When a superior court places a defendant convicted of a misdemeanor or gross misdemeanor on probation and orders supervision under RCW 9.92.060 or 9.95.210, the department of corrections has initial responsibility for supervision of that defendant.

(2) A county legislative authority may assume responsibility for the supervision of all defendants within its jurisdiction who have been convicted of a misdemeanor or gross misdemeanor and sentenced to probation by a superior court. The assumption of responsibility shall be made by contract with the department of corrections on a biennial basis.

(3) If a county assumes supervision responsibility, the county shall supervise all superior court misdemeanor probationers within that county for the duration of the biennium, as set forth in the contract with the department of corrections.

(4) A contract between a county legislative authority and the department of corrections for the transfer of supervision responsibility must include, at a minimum, the following provisions:

(a) The county's agreement to supervise all misdemeanor probationers who are sentenced by a superior court within that county and who reside within that county;

(b) A reciprocal agreement regarding the supervision of superior court misdemeanor probationers sentenced in one county but who reside in another county;

(c) The county's agreement to comply with the minimum standards for classification and supervision of offenders as required under section 2 of this act;

(d) The amount of funds available from the department of corrections to the county for supervision of superior court misdemeanor probationers, calculated according to a formula established by the department of corrections;

(e) A method for the payment of funds by the department of corrections to the county;

(f) The county's agreement that any funds received by the county under the contract will be expended only to cover costs of supervision of superior court misdemeanor probationers;

(g) The county's agreement to account to the department of corrections for the expenditure of all funds received under the contract and to submit to audits for compliance with the supervision standards and financial requirements of this section;

(h) Provisions regarding rights and remedies in the event of a possible breach of contract or default by either party; and

(i) Provisions allowing for voluntary termination of the contract by either party, with good cause, after sixty days' written notice.

(5) If the contract between the county and the department of corrections is terminated for any reason, the department of corrections shall reassume responsibility for supervision of superior court misdemeanor probationers within that county. In such an event, the department of corrections retains any and all rights and remedies available by law and under the contract.

(6) The department of corrections is immune from civil liability for any harm caused by the actions of a superior court misdemeanor probationer who is under the supervision of a county. A county is immune from civil liability for any harm caused by the actions of a superior court misdemeanor probationer who is under the supervision of the department of corrections. The immunity granted under this section applies regardless of whether the supervising agency is in compliance with the standards of supervision at the time of the misdemeanor probationer's actions.

(7) The department and its officials and employees, or in cases where a county assumes supervision responsibility, the county and its officials and employees, are immune from civil liability for any harm arising out of the good faith performance of their duties and for any harm caused by the actions of superior court misdemeanor probationers under their supervision."
(8) If sufficient resources are not available for the department of corrections, or the county assuming supervision responsibility, to comply with the minimum standards of supervision required by section 2 of this act, the department of corrections, or the county, is immune from civil liability for any harm caused by an inability to comply with the standards of supervision.

NEW SECTION. Sec. 2. A new section is added to chapter 9.95 RCW to read as follows:

(1) Probation supervision of misdemeanor offenders sentenced in a superior court must be based upon an offender classification system and supervision standards that:

(a) Provides for a standardized assessment of offender risk;
(b) Differentiates between higher and lower risk offenders based on criminal history and current offense;
(c) Assigns cases to a level of supervision based on assessed risk;
(d) Provides, at a minimum, three levels of supervision;
(e) Provides for periodic review of an offender’s classification level during the term of supervision; and
(f) Structures the discretion and decision making of supervising officers.

(5) The minimum supervision standards established and maintained by the department of corrections shall provide for no less than one contact with an offender at higher risk and one contact with each lower-risk offender each quarter under the department’s jurisdiction. The contact shall be a personal interaction accomplished either face-to-face or by telephone, unless the department finds that the individual circumstances of the offender do not require personal interaction to meet the objectives of the supervision. The circumstances under which the department may find that an offender does not require personal interaction are limited to the following:

(a) The offender has no special conditions or crime-related prohibitions imposed by the court other than legal financial obligations; and
(b) The offender poses minimal risk to public safety.

(6) The classification system and supervision standards must be established and maintained within the resources available as provided for by the legislature and the cost of supervision assessments collected, and may be enhanced by funds otherwise generated by the supervising entity.

Upon receipt of a petition from the department of labor and industries, the superior court shall hold a restitution hearing and shall enter a restitution order.

(4) In granting probation, the superior court may order the probationer to report to the secretary of corrections or such officer as the secretary may designate and as a condition of the probation to follow the instructions of the secretary. If the superior court has ordered supervision and restitution has not been made as ordered, the officer shall inform the prosecutor of that violation of the terms of probation not less than three months prior to the termination of the probation period. The secretary of corrections will promulgate rules and regulations for the conduct of the person during the term of probation. For defendants found guilty in district court, like functions as the secretary performs in regard to probation may be performed by probation officers employed for that purpose by the county legislative authority of the county wherein the court is located.

Whenever a defendant convicted of a misdemeanor or gross misdemeanor is placed on probation under RCW 9.92.060 or 9.95.210, and the defendant is supervised by the department of corrections or a county probation department, the department or county probation department may assess and collect from the defendant for the duration of the term of supervision a monthly assessment not to exceed one hundred dollars per month. This assessment shall be paid to the ((department)) agency supervising the defendant and shall be applied, along with funds appropriated by the legislature, toward the payment or part payment of the cost of supervising the defendant.
Sec. 5. RCW 9.92.060 and 1995 1st sp. s. c 19 s 30 are each amended to read as follows:

(1) Whenever any person is convicted of any crime except murder, burglary in the first degree, arson in the first degree, robbery, rape of a child, or rape, the superior court may, in its discretion, at the time of imposing sentence upon such person, direct that such sentence be stayed and suspended until otherwise ordered by the superior court, and that the sentenced person be placed under the charge of a community corrections officer employed by the department of corrections, or if the county elects to assume responsibility for the supervision of all superior court misdemeanant probationers, a probation officer employed or contracted for by the county, upon such terms as the superior court may determine.

(2) As a condition to suspension of sentence, the superior court shall require the payment of the penalty assessment required by RCW 7.68.035. In addition, the superior court may require the convicted person to make such monetary payments, on such terms as the superior court deems appropriate under the circumstances, as are necessary: (a) To comply with any order of the court for the payment of family support; (b) to make restitution to any person or persons who may have suffered loss or damage by reason of the commission of the crime in question or when the offender pleads guilty to a lesser offense or fewer offenses and agrees with the prosecutor’s recommendation that the offender be required to pay restitution to a victim of an offense or offenses which are not prosecuted pursuant to a plea agreement; (c) to pay any fine imposed and/or suspended and the court or other costs incurred in the prosecution of the case, including reimbursement of the state for costs of extradition if return to this state by extradition was required; and (d) to contribute to a county or interlocal drug fund.

(3) As a condition of the suspended sentence, the superior court may order the probationer to report to the secretary of corrections or such officer as the secretary may designate and as a condition of the probation to follow the instructions of the secretary. If the county legislative authority has elected to assume responsibility for the supervision of superior court misdemeanant probationers within its jurisdiction, the superior court misdemeanant probationer shall report to a probation officer employed or contracted for by the county. In cases where a superior court misdemeanant probationer is sentenced in one county, but resides within another county, there must be provisions for the probationer to report to the agency having supervision responsibility for the probationer’s county of residence.

(4) If restitution to the victim has been ordered under subsection (2)(b) of this section and the superior court has ordered supervision, the officer supervising the probationer shall make a reasonable effort to ascertain whether restitution has been made as ordered. If the superior court has ordered supervision and restitution has not been made, the officer shall inform the prosecutor of that violation of the terms of the suspended sentence not less than three months prior to the termination of the suspended sentence.

Sec. 6. RCW 10.64.120 and 1991 c 247 s 3 are each amended to read as follows:

(1) Every judge of a court of limited jurisdiction shall have the authority to levy upon a person a monthly assessment not to exceed five hundred dollars for services provided whenever the person is referred by the court to the misdemeanant probation department for evaluation or supervision services. The assessment may also be made by the sentencing judge in superior court when such misdemeanor or gross misdemeanor cases are heard in the superior court.

For the purposes of this section the office of the administrator for the courts shall define a probation department and adopt rules for the qualifications of probation officers based on educational and training requirements developed by an oversight committee. This oversight committee shall include a representative from the district and municipal court judges association, the misdemeanor corrections association, the ofﬁce of the administrator for the courts, and associations of cities and counties. The oversight committee shall consider qualifications that provide the training and education necessary to (a) conduct presentencing and postsentencing background investigations, including sentencing recommendations to the court regarding jail terms, alternatives to incarceration, and conditions of release; and (b) provide ongoing supervision and assessment of offenders’ needs and the risk they pose to the community.

(4) It shall be the responsibility of the probation services office to implement local procedures approved by the court of limited jurisdiction to maintain an ongoing assessment and payment of such fees into the general fund of the city or county treasury.

Notwithstanding the provisions of chapter 72.01 RCW or any other provision of law, counties may engage in probation and parole services and employ personnel therefor under such terms and conditions as any such county shall determine. If a county elects to assume responsibility for the supervision of superior court misdemeanant offenders placed on probation under RCW 9.92.060 or 9.95.210, the county may contract with other counties to receive or provide such probation services. They have actually presented those petitions to the House of Representatives and now the Secretary of State. So, their petition gathering is done. How would this affect those people who have already gone through a process on-- currently that they understood was their process? This changes it by outlining a new process and where does that leave them?"

Senator Haugen: "Well, it is my understanding, it really doesn't affect them. It might be a benefit to them, because it calls that they could go back and gather some more signatures if they weren't adequate. But that isn't necessarily effective with this particular bill."

The senate members of the committee shall be appointed by the president of the senate, and the house members of the committee shall be appointed by the speaker of the house. Not more than two members from each house may be from the same political party. The appointing authorities shall also appoint one alternate member from each caucus of each house. All appointments to the committee are subject to approval by the caucuses to which the appointed members belong.

(2) Members and alternates shall be appointed as soon as possible after the legislature convenes in regular session in an odd-numbered year, and their terms shall extend until their successors are appointed and qualified at the next regular session of the legislature in an odd-numbered year or until such ((members)) persons no longer serve in the legislature, whichever occurs first. Members and alternates may be reappointed to ((a)) the committee.

(3) The president of the senate shall appoint the chairperson in even-numbered years and the vice chairperson in odd-numbered years from among committee membership. The speaker of the house shall appoint the chairperson in odd-numbered years and the vice chairperson in even-numbered years from among committee membership. Such appointments shall be made in January of each year as soon as possible after a legislative session convenes."
The chairperson of the committee shall cause all meeting notices and committee documents to be sent to the members and alternates. A vacancy on the committee shall be filled by appointment of a legislator from the same political party as the original appointment. The appropriate appointing authority shall make the appointment within thirty days of the vacancy occurring.”

Senator Hale moved that the following amendment be adopted:

On page 7, after line 19, insert the following:

“NEW SECTION. Sec. 7. A new section is added to chapter 34.05 RCW to read as follows:

(1) A person may petition an agency requesting that an existing rule be subject to readoption. The office of financial management shall prescribe by rule the format for such petitions and the procedure for their submission, consideration, and disposition and provide a standard form that may be used to petition any agency. Within sixty days after submission of a petition, the agency shall either (a) deny the petition in writing, stating (i) its reasons for the denial, specifically addressing each item listed in subsection (3) of this section, and (ii) where appropriate, the alternative means by which it will address the concerns raised by the petitioner, or (b) initiate the readoption procedure in accordance with this section.

(2) If an agency denies a petition submitted under subsection (1) of this section, the petitioner, within thirty days of the denial, may appeal the denial to the joint administrative rules review committee. Within sixty days after receiving the appeal, the committee shall, by a majority vote of its members, either (a) deny the appeal in writing, stating its reasons for the denial, or (b) direct the agency to initiate the readoption procedure in accordance with this section. The agency shall initiate the readoption procedure by the date specified by the committee.

(3) An agency’s written denial under subsection (1) of this section must address each of the following:

(a) Whether the rule is authorized;
(b) Whether the rule is needed;
(c) Whether the rule conflicts with or duplicates other federal, state, or local laws;
(d) Whether alternatives to the rule exist that will serve the same purpose at less cost;
(e) Whether the rule applies differently to public and private entities;
(f) Whether the rule serves the purposes for which it was adopted;
(g) Whether the benefits of the rule are greater than its costs;
(h) Whether the rule is clearly and simply stated; and
(i) Whether there is adequate justification if the rule is different from a federal law applicable to the same activity or subject matter.

Persons are encouraged to address each of these issues in their petition to the agency.

(4) For purposes of this section, “readoption” means that the text of the existing rule is submitted under RCW 34.05.320 as a proposed rule and is then subject to the rule-making process set forth in this chapter. However, an agency need not submit a statement of inquiry under RCW 34.05.310 for an existing rule subject to readoption.

(5) A decision by an agency under subsection (1) of this section to deny a petition for readoption is not subject to judicial review.

(6) The office of financial management shall initiate the rule-making process required by subsection (1) of this section by July 1, 1996.”

POINT OF ORDER

Senator Fraser: “A point of order, Mr. President. I believe that the amendment by Senator Hale on page 7, after line 19, expands the scope and object of the bill. The bill very strictly follows the title of the bill, which is an Act relating to clarifying and streamlining procedures of the Joint Administrative Rules Review Committee. It does not create a new roll for that committee; it does not create new duties for state agencies. It doesn’t create any new relationships between the Legislature and the Judiciary. The amendment before you creates a new process for the committee—a rule readoption process, a new duty for state agencies, a new rule-making requirement for the office of Financial Management, creates a new roll for JARRC in terms of directing agencies to take certain actions and it creates new statutory language regarding judicial review, in that it creates an exemption. So, I do feel that it exceeds the scope and object.”

Further debate ensued.

There being no objection, the President deferred further consideration of the amendment by Senator Hale on page 7, after line 19, to Senate Bill No. 6702.

MOTION

Senator Anderson moved that the following amendment by Senators Anderson and Hale be adopted:

On page 7, after line 19, insert the following:

“Sec. 7. RCW 34.05.660 and 1988 c 288 s 606 are each amended to read as follows:

(1) Except as provided in subsection (2) of this section, it is the express policy of the legislature that establishment of procedures for review of administrative rules by the legislature and the notice of objection required by RCW 34.05.630(2) and 34.05.640(2) in no way serves to establish a presumption as to the legality or constitutionality of a rule in any subsequent judicial proceedings interpreting such rules.

(2) If the joint administrative rules review committee recommends to the governor that an existing rule be suspended because

POINT OF ORDER

Senator Fraser: “A point of order, Mr. President. I believe that the amendment by Senators Anderson and Hale on page 7, after line 19, expands the scope and object of the bill. Once again, the underlying bill is an act that clarifies and streamlines procedures of JARRC and it doesn’t create any new relationships between the Legislature and the Judiciary. What this amendment does is establish a new relationship in state government between the Legislature acting through JARRC and the Judiciary, in that it creates a rebuttal presumption in court. The magnitude of this is such that many would say to do this might require a constitutional amendment. So, I do feel that this does expands the scope and object of the bill.”

Further debate ensued.

There being no objection, the President deferred further consideration of Senate Bill No. 6702.

RULING BY THE PRESIDENT

President Pritchard: "In ruling upon the point of order raised by Senator McCaslin, the President finds that Substitute Senate Bill No. 6173 is a measure which makes various changes and clarifications to the requirements for motor vehicle dealers and their subagencies to receive and maintain a license.

The amendments by Senators Wojahn and Moyer would authorize dealers in motor vehicles, snowmobiles, vessels, and personal watercraft to charge a fee for processing any title change. A portion of the fee is to be transferred to the Emergency Medical Services and Trauma Care System Trust Account. The amendments also change the definitions of service charges and sale prices for purposes of retail sales contracts.

The President, therefore, finds that the proposed amendments do change the scope and object of the bill and the point of order is well taken."

POINT OF ORDER

Senator McCaslin: "A point of order, Mr. President. I hate to do this, but I just don't think this is the proper vehicle and in lieu of your previous ruling, I would raise a point of order that these exceed the scope and object of the bill."

There being no objection, the Senate resumed consideration of the pending amendment by Senators Anderson and Hale on page 7, after line 19, deferred earlier today.

RULING BY THE PRESIDENT

President Pritchard: "In ruling upon the point of order raised by Senator Fraser, the President finds that Senate Bill No. 6702 is a measure which makes various changes to the jurisdiction and procedures of the Joint Administrative Rules Review Committee.

The amendment by Senators Anderson and Hale provides that one of the procedures of the committee (recommending suspension of an existing rule) includes the effect of a rebuttable presumption that the rule is invalid.

The President, therefore, finds that the proposed amendment does not change the scope and object of the bill and the point of order is not well taken."

The amendment by Senators Anderson and Hale on page 7, after line 19, to Senate Bill No. 6702 was ruled in order.

There being no objection, the Senate declared the question before the Senate to be the adoption of the amendment by Senators Anderson and Hale on page 7, after line 19, to Senate Bill No. 6702.

Debate ensued.

POINT OF INQUIRY

Senator Heavey: "Senator Hargrove, just at the beginning on line 8, the third word and the following words say, 'unreasonably restricts the reasonable use of a parcel of land.' Can you give me a better feel for what that is supposed to mean?"

Senator Hargrove: "The language in the bill that it is replacing says, 'unreasonably restricts all economic use of a parcel of land,' which would suggest to me that even if you are asking for a reasonable use, all economic value has to be removed. So, if you look at the language of the original bill, it has the same concept in it which is just as confusing to me."

Senator Heavey: "Well, a second question. Are you saying, then, that the reasonable use of the land means there is no economic use of the land? That definition still stays in the underlying bill?"

Senator Hargrove: "I guess what I was trying to remove was the requirement that all economic use be removed before a reasonable use could be granted. That was the intent."

Further debate ensued.

Senator Hargrove demanded a roll call and the demand was sustained.

The President declared the question before the Senate to be the roll call on the adoption of the amendments by Senators Hargrove, McCaslin and Owen on page 2, beginning on line 14; page 3, beginning on line 18; page 4, beginning on line 15; page 5, beginning on line 13; page 6, beginning on line 11; and page 7, beginning on line 9; to Substitute Senate Bill No. 6597.

SENATE BILL NO. 6628, by Senators Haugen, Winsley, McCaslin, Heavey, Sheldon, Wood, Hale, Drew, Rasmussen, Loveland and Oke

Providing for property rights dispute resolution.

The bill was read the second time.

MOTIONS

On motion of Senator Haugen, the following amendment by Senators Haugen and Winsley was adopted:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature recognizes that the resolution of disputes between private property owners and government has a unique character. These disputes are between citizens with limited resources and the government that serves them, which has relatively unlimited resources.

The legislature further recognizes that the availability of a variety of alternative means of dispute resolution is of benefit to the citizens of this state.

The legislature intends to establish and fund a pilot project designed to bridge the transitional period required to develop a long range, public-private partnership for mediated settlement of property rights disputes in the state of Washington."
Sec. 2. RCW 90.61.040 and 1995 c 347 s 804 are each amended to read as follows:

The commission shall:

(1) Consider the effectiveness of state and local government efforts to consolidate and integrate the growth management act, the state environmental policy act, the shoreline management act, and other land use, planning, environmental, and permitting laws.

(2) Identify the revisions and modifications needed in state land use, planning, and environmental law and practice to adequately plan for growth and achieve economically and environmentally sustainable development, to adequately assess environmental impacts of comprehensive plans, development regulations, and growth, and to reduce the time and cost of obtaining project permits.

(3) Draft a consolidated land use procedure, following these guidelines:

(a) Conduct land use planning through the comprehensive planning process under chapter 36.70A RCW rather than through review of individual projects.

(b) Involve diverse sectors of the public in the planning process. Early and informal environmental analysis should be incorporated into planning and decision making.

(c) Recognize that different questions need to be answered and different levels of detail applied at each planning phase, from the initial development of plan concepts or plan elements to implementation programs.

(d) Integrate and combine to the fullest extent possible the processes, analysis, and documents currently required under chapters 36.70A and 43.21C RCW, so that subsequent plan decisions and subsequent implementation will incorporate measures to promote the environmental, economic, and other goals and to mitigate undesirable or unintended adverse impacts on a community’s quality of life.

(e) Focus environmental review and the level of detail needed for different stages of plan and project decisions on the environmental considerations most relevant to that stage of the process.

(f) Avoid duplicating review that has occurred for plan decisions when specific projects are proposed.

(g) Use environmental review on projects to:

(i) Review and document consistency with comprehensive plans and development regulations;

(ii) provide prompt and coordinated review by agencies, tribes, and the public on compliance with applicable environmental laws and plans, including mitigation for site specific project impacts that have not been considered and addressed at the plan or development regulation level; and

(iii) ensure accountability by local government to applicants and the public for requiring and implementing mitigation measures;

(h) Maintain or improve the quality of environmental analysis both for plan and for project decisions, while integrating these analyses with improved state and local planning and permitting processes;

(i) Examine existing land use and environmental permits for necessity and utility. To the extent possible, existing permits should be combined into fewer permits, assuring that the values and principles intended to be protected by those permits remain protected; and

(j) Consolidate local government appeal processes to allow a single appeal of permits at local government levels, a single state level administrative appeal, and a final judicial appeal.

(4) Monitor instances state-wide of the vesting of project permit applications during the period that an appeal is pending before a growth management hearings board, as authorized under RCW 36.70A.300. The commission shall also review the extent to which such vesting results in the approval of projects that are inconsistent with a comprehensive plan or development regulation provision ultimately found to be in compliance with a board’s order or remand. The commission shall analyze the impact of such approvals on ensuring the attainment of the goals and policies of chapter 36.70A RCW, and make recommendations to the governor and the legislature on statutory changes to address any adverse impacts from the provisions of RCW 36.70A.300. The commission shall provide an initial report on its findings and recommendations by November 1, 1995, and submit its further findings and recommendations subsequently in the reports required under RCW 90.61.030.

(5) Monitor local government consolidated permit procedures and the effectiveness of the timelines established by RCW 36.70B.090. The commission shall include in its report submitted to the governor and the legislature on November 1, 1997, its recommendation about what timelines, if any, should be imposed on the local government consolidated permit process required by chapter 36.70B RCW.

(6) Evaluate funding mechanisms that will enable local governments to pay for and recover the costs of conducting integrated planning and environmental analysis. The commission shall include its conclusions in its first report to the legislature on November 1, 1995, and include any recommended statutory changes.

(7) Study, in cooperation with the state board for registration of professional engineers and the state building code council, ways in which state agencies and local governments could authorize professionals with appropriate qualifications to certify a project’s compliance with certain state and local land use and environmental requirements. The commission shall report to the legislature on measures necessary to implement such a system of professional certification.

(8) Consider ways for reducing conflicts over specific development projects, the siting of essential public facilities, and the establishment and revision of local plans and official controls and, for those disputes that do arise, examine how to encourage their settlement through alternative dispute resolution.

These guidelines are intended to guide the work of the commission, without limiting its charge to integrate and consolidate Washington’s land use and environmental laws into a single, manageable statutory framework.

Sec. 3. The land use study commission shall report to the government operations committee of the house of representatives and the senate by July 1, 1997, on RCW 90.61.040(8).

NEW SECTION. Sec. 4. Section 2 of this act expires June 30, 1998.”

MOTION

On motion of Senator Spanel, the Senate commenced consideration of Senate Bill No. 6479.

STATEMENT FOR THE JOURNAL

In error, I voted in favor of Engrossed Substitute Senate Bill No. 6479. I do not support the bill, because it requires businesses that receive state economic development funds to refund money received in the event that they do not create jobs. I believe this bill negatively impacts the business climate in Washington.

SENATOR JEANNETTE WOOD, Twenty-first District

SECOND READING

SENATE BILL NO. 6479, by Senators Pelz, Heavey, Franklin, Smith, Quigley, Fraser, Thibaudeau, McAuliffe, Kohl and Goings

Requiring that private business entities receiving public assistance create new jobs.

MOTIONS

On motion of Senator Pelz, Substitute Senate Bill No. 6479 was substituted for Senate Bill No. 6479 and the substitute bill was placed on second reading and read the second time.

On motion of Senator Pelz, the following amendment by Senators Pelz, Rinehart, Loveland and Snyder was adopted:

Strike everything after the enacting clause and insert the following:

The legislature finds that when public funds are used to support private enterprise, the public may gain through the creation of new jobs, the diversification of the economy, or higher quality jobs for existing workers. The legislature further finds that such returns on public investments are not automatic and that tax-based incentives, in particular, may result in a greater tax burden on businesses and individuals that are not eligible for the public support. It is the purpose of this chapter to ensure that public investment creates a net increase in jobs in the state and to collect information sufficient to allow the legislature and the executive branch to make informed decisions about the merits of (existing) tax-based incentives and loan programs intended to encourage economic development and job creation in the state.

NEW SECTION. Sec. 2. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) “Assistance” means a grant, loan, bond, tax deferral, or tax abatement program administered by the state in which the business receives assistance of more than twenty-five thousand dollars.

(2) “Department” means the department of community, trade, and economic development.

NEW SECTION. Sec. 3. (1) A private business that receives state assistance for economic development or job growth purposes must create a net increase in jobs in this state within two years of receiving the assistance unless the advisory committee established in section 4(3) of this act finds that this requirement is inconsistent with other economic development goals established for the program providing the assistance. The government agency providing the assistance shall establish goals for wage and benefit levels and job creation or retention that are to be met by the business receiving the assistance. The department shall provide advice and consultation for establishing these goals, with the assistance of the committee created in section 4(3) of this act.

(2) A business that fails to meet the goals established pursuant to subsection (1) of this section must repay the assistance to the government agency.

(3) Each government agency providing assistance to a private business shall report the goals for wage and benefit levels and job creation or retention and the results for each project in achieving those goals to the department. The department shall compile and publish the results of the reports for the previous calendar year by July 1st each year. The reports of the agencies to the department and the compilation report of the department must be made available to the appropriate committees of the legislature.

NEW SECTION. Sec. 4. (1) Beginning with the 1997-1999 biennium and each biennium thereafter, the director shall analyze the effect of all state assistance to private business on the aggregate number of jobs created or retained and wages and benefits paid in those new jobs. Following consultation with the business assistance advisory committee, the director shall report the results of the analysis to the appropriate committees of the legislature.

(2) After the enactment of business-related tax expenditure legislation, the department must establish measurable goals for wage and benefit levels and job creation or retention. The director shall biennially review the merits of continuing the new legislation based on the meeting of the goals set. Following consultation with the business assistance advisory committee, the director shall report the results of the review to the appropriate committees of the legislature.

(3)(a) The business assistance advisory committee is established in the department. Its members shall be appointed by September 1, 1996. The role of the committee shall be to advise the department in establishing goals for wage and benefit levels and job creation or retention, to analyze the effect of state assistance to private business on the established goals, to monitor state economic policy impacts on the economy, and to review drafts of the reports required under this section.

(b) The committee shall consist of eleven members appointed by the governor. Three members of the committee must represent labor, three members must represent business, and five members must represent agencies with one member from each of the following: The department of community, trade, and economic development; the department of revenue; the work force training and education coordinating board; the office of financial management; and the labor market and economic analysis section of the employment security department. The members representing labor must be appointed from a list of names submitted to the governor by an organization, state-wide in scope, that through its affiliates embraces a cross section and a majority of the organized labor of the state. The members representing business must be appointed from a list of names submitted to the governor by a recognized state-wide organization of employers representing a majority of employers. The labor and business members of the committee shall serve for terms of four years, except that for initial appointments, one labor representative and one business representative must be appointed to a two-year term and one labor representative and one business representative appointed to a three-year term.
NEW SECTION. Sec. 5. The director shall adopt rules necessary to implement this chapter. The rules shall include a definition of “receipt of assistance” which begins the time frame for the two-year requirement of section 3 of this act after all necessary permits have been obtained.

NEW SECTION. Sec. 6. Sections 2 through 5 of this act shall constitute a new chapter in Title 43 RCW.

MOTION

Senator Spanel: "Mr. President, I move that the Senate now adjourn until 8:00 a.m.--"

RESPONSE BY PRESIDENT PRITCHARD

President Pritchard: "8:00 a.m.?
Senator Spanel: "Tuesday, February 13."
President Pritchard: "One minute. Senator Wood."

NOTICE FOR RECONSIDERATION

Senator Wood: "Mr. President, having voted on the prevailing side on Engrossed Substitute Senate Bill No. 6479, I give notice that I intend to move for reconsideration on the next working day."

RESPONSE BY PRESIDENT PRITCHARD

President Pritchard: "All right. Message received. All right. Senator Snyder."

PARLIAMENTARY INQUIRY

Senator Snyder: "Just a couple points of inquiry here. Doesn’t a motion to adjourn take precedence over any other motion?"

REPLY BY PRESIDENT PRITCHARD

President Pritchard: "She didn’t make a motion to adjourn; wait a minute. You are probably correct."
Senator Snyder: "I would think a motion to adjourn precludes any other motion or notice."

REMARKS BY SENATOR WEST

Senator West: "Mr. President, Senator Wood did not make a motion, there is no interceding motion. Often times after a motion to adjourn is made, announcements are made as to when we may come in before we actually take the vote on adjournment. There are other kinds of things. She did not make a motion. She simply gave notice to the body that she intends to make a motion tomorrow, just like any other announcement might be."

REPLY BY PRESIDENT PRITCHARD

President Pritchard: "Well, she was standing at the same time that Senator Spanel was standing. They were both standing at that time and the question, of course, is whether the motion by Senator Spanel cuts off her attempt and if you want me to, I will check with the lawyers. Senator Snyder."

REMARKS BY SENATOR SNYDER

Senator Snyder: "Well, I was just going to point out that I think Senator West is right, that often times there is intervening notices or motions given, but also nobody, in those cases, raised the point. I think there is a little difference here; I raised the point that there can be no more business or no more notices or no more motions made after a motion to adjourn is made."

REMARKS BY SENATOR MORTON

Senator Morton: "Mr. President, I would raise the question about the gavel which had not been sounded for adjournment yet and, therefore, all was still pending."

REPLY BY PRESIDENT PRITCHARD

President Pritchard: "Let me discuss this with my legal eagles here."

RULING BY THE PRESIDENT

President Pritchard: "All right, the Chair is prepared to rule on this. While it is true, I did not accept the motion to adjourn--I did not say, ‘Therefore, we are adjourned,’ and turned to Senator Wood, but we have to--if we don’t--it is a nondebatable motion, so if we are trying to do business after this, then you have to move to dispute the vote and on that basis--and since I did not close the--I have not said, ‘Yes, we are adjourned.’ I did not recognize it, but it is the motion before us, so it is still before us, because, in turning to you, I didn’t know whether you were making an announcement or what, so we still have the motion to adjourn before us, so the question is whether we will, at this time, adjourn. All in favor will say--. Senator West."
Senator West: "Roll call."
President Pritchard: "A roll call has been demanded on whether we are going to adjourn. All right, the clerk will call the roll on the adjournment."
ROLL CALL

The Secretary call the roll and the motion to adjourn until 8:00 a.m., Tuesday, February 13, 1996, carried by the following vote:
Yeas, 25; Nays, 23; Absent, 1; Excused, 0.
Voting yea: Senators Bauer, Drew, Fairley, Franklin, Fraser, Goings, Hargrove, Haugen, Heavey, Kohl, Loveland, McAuliffe, Owen, Pelz, Prentice, Quigley, Rasmussen, Rinehart, Sheldon, Smith, Snyder, Spanel, Sutherland, Thibaudeau and Wojahn - 25.
Absent: Senator Hochstatter - 1.

At 11:20 p.m., the Senate adjourned until 8:00 a.m., Tuesday, January 13, 1996.

JOEL PRITCHARD, President of the Senate

MARTY BROWN, Secretary of the Senate
The Senate was called to order at 8:00 a.m. by President Pritchard. (10) TO MAKE DECISIONS REGARDING SOCIAL ASPECTS OF YOUR LIFE.

UNDER THE LAW, YOU HAVE CERTAIN RIGHTS.
YOU HAVE THE RIGHT TO BE REPRESENTED BY A LAWYER OF YOUR OWN CHOOSING. THE COURT WILL APPOINT A LAWYER TO REPRESENT YOU IF YOU ARE UNABLE TO PAY OR PAYMENT WOULD RESULT IN A SUBSTANTIAL HARDSHIP TO YOU.

YOU HAVE THE RIGHT TO ASK FOR A JURY TO DECIDE WHETHER OR NOT YOU NEED A GUARDIAN TO HELP YOU. YOU HAVE THE RIGHT TO BE PRESENT IN COURT AND TESTIFY WHEN THE HEARING IS HELD TO DECIDE WHETHER OR NOT YOU NEED A GUARDIAN.

(5) All petitions filed under the provisions of this section shall be heard within sixty days unless an extension of time is requested by a party or the guardian ad litem within such sixty day period and granted for good cause shown. If an extension is granted, the court shall set a new hearing date.

Sec. 9. RCW 11.88.045 and 1995 c 297 s 3 are each amended to read as follows:

(1)(a) Alleged incapacitated individuals shall have the right to be represented by counsel of their choosing at any stage in guardianship proceedings. The court shall provide counsel to represent any alleged incapacitated person at public expense when either: (i) The individual is unable to afford counsel, or (ii) the expense of counsel would result in substantial hardship to the individual, or (iii) the individual does not have practical access to funds with which to pay counsel. If the individual can afford counsel but lacks practical access to funds, the court shall provide counsel and may impose a reimbursement requirement as part of a final order. When, in the opinion of the court, the rights and interests of an alleged or adjudicated incapacitated person cannot otherwise be adequately protected and represented, the court on its own motion shall appoint an attorney at any time to represent such person. Counsel shall be provided as soon as practicable after a petition is filed and long enough before any final hearing to allow adequate time for consultation and preparation. Absent a convincing showing in the record contrary, a period of less than three weeks shall be presumed by a reviewing court to be inadequate time for consultation and preparation.

(b) Counsel for an incapacitated individual shall act as an advocate for the client and shall not substitute counsel’s own judgment for that of the client on the subject of what may be in the client’s best interests. Counsel’s role shall be distinct from that of the guardian ad litem, who is expected to promote the best interest of the alleged incapacitated individual, rather than the alleged incapacitated individual’s expressed preferences.

(c) If an alleged incapacitated person is represented by counsel and does not communicate with counsel, counsel may ask the court for leave to withdraw for that reason. If satisfied, after affording the alleged incapacitated person an opportunity for a hearing, that the request is justified, the court may allow the request to proceed with the alleged incapacitated person unrepresented.

(2) During the pendency of any guardianship, any attorney purporting to represent a person alleged or adjudicated to be incapacitated shall petition to be appointed to represent the incapacitated or alleged incapacitated person. Fees for representation described in this section shall be subject to approval by the court pursuant to the provisions of RCW 11.92.180.

(3) If the alleged incapacitated person opposes the health care professional selected by the guardian ad litem to prepare the medical report, then the guardian ad litem must either use the health care professional selected by the alleged incapacitated person or obtain court approval, following a hearing, for the guardian ad litem’s selection. The physician or psychologist shall have personally examined and interviewed the alleged incapacitated person within thirty days of preparation of the report to the court and shall have expertise in the type of disorder or incapacity the alleged incapacitated person is believed to have. The report shall contain the following information and shall be set forth in substantially the following format:

(a) The name and address of the examining physician or psychologist;
(b) The education and experience of the physician or psychologist pertinent to the case;
(c) The dates of examinations of the alleged incapacitated person;
(d) A summary of the relevant medical, functional, neurological, psychological, or psychiatric history of the alleged incapacitated person as known to the examining physician or psychologist;
(e) The findings of the examining physician or psychologist as to the condition of the alleged incapacitated person;
(f) Current medications;
(g) The effect of current medications on the alleged incapacitated person’s ability to understand or participate in guardianship proceedings;
(h) Opinions on the specific assistance the alleged incapacitated person needs;
(i) Identification of persons with whom the physician or psychologist has met or spoken regarding the alleged incapacitated person.

The court shall not enter an order appointing a guardian or limited guardian until a medical or psychological report meeting the above requirements is filed.

The requirement of filing a medical report is waived if the basis of the guardianship is minority.

Sec. 10. RCW 11.88.040 and 1995 c 297 s 4 are each amended to read as follows:

(1)(a) Nothing contained in RCW 11.88.080 through 11.88.120, 11.92.010 through 11.92.040, 11.92.060 through 11.92.120, 11.92.170, and 11.92.180((, as now or hereafter amended,)) shall affect or impair the power of any court to appoint a guardian ad litem to represent the incapacitated or alleged incapacitated person to defend the interests of any incapacitated person interested in any suit or matter pending therein, or to commence and prosecute any suit in his or her behalf.

(2) Upon receipt of a petition for appointment of a guardian or limited guardian, except as provided herein, the court shall appoint a guardian ad litem to represent the best interests of the alleged incapacitated person, who shall be a person found or known by the court to;

(b) Have the requisite knowledge, training, or expertise to perform the duties required by this section.

The guardian ad litem shall within five days of receipt of notice of appointment file with the court and serve each party with a statement including: His or her background and qualifications; his or her hourly rate, if compensated; and whether or not he or she is or has been a guardian or attorney in another action under Title 11, 13, or 26 RCW in which any of the attorneys for the parties were involved. Upon receipt of such statement, any party or the court may, within three days, move for substitution of the guardian ad litem upon a showing of lack of expertise necessary for the proceeding, an hourly rate higher than what is reasonable for the particular proceeding, or a conflict of interest.

No guardian ad litem need be appointed when a parent is petitioning for a guardian or a limited guardian to be appointed for his or her minor child and the minority of the child, as defined by RCW 11.92.010, is the sole basis of the petition. The order appointing the guardian ad litem shall recite the duties set forth in subsection ((5)(a)) (4) of this section. The appointment of a guardian ad litem shall have no effect on the legal competency of the alleged incapacitated person and shall not overcome the presumption of competency or full legal and civil rights of the alleged incapacitated person.

(3)(a) The superior court of each county shall develop (by September 1, 1994,) and maintain a registry of persons who are willing and qualified to serve as guardians ad litem in guardianship matters. The court shall develop procedures for periodic review of the persons on the registry and for probation, suspension, or
removal of persons on the registry for failure to perform properly their duties as guardian ad litem. In the event the court does not select the person next on the list, it shall include in the order of appointment a written reason for its decision.

(b) To be eligible for the registry a person shall:

   (ii) Complete (v) a training program adopted by the court, or, in the absence of a locally adopted program, a candidate for inclusion upon the registry shall have completed a training program as described in (d) of this subsection.

(c) To serve as guardian ad litem pursuant to this section and to be included on the registry, the person must:
   (i) Train otherwise qualified human service professionals in those aspects of legal procedure and the requirements of chapters 11.88 and 11.92 RCW with which a guardian ad litem should be familiar;
   (ii) Train otherwise qualified legal professionals in those aspects of medicine, social welfare, and social service delivery systems with which a guardian ad litem should be familiar. (v) The background and qualification information shall be updated annually.

(d) The superior court of each county may approve a guardian ad litem training program or programs designed to:
   (i) The proposed guardian’s knowledge of the duties, requirements, and limitations of a guardian; and

   (iii) An evaluation of the appropriateness of the guardian or limited guardian whose appointment is sought and a description of the person’s mental ability to rationally exercise the right to vote and the basis upon which these findings were made;
   (iv) An expression of approval or disapproval made by the alleged incapacitated person concerning the proposed guardian or limited guardian; and

      (D) An evaluation of the person’s mental ability to rationally exercise the right to vote and the basis upon which these findings were made;
      (E) An evaluation of the person’s mental ability to rationally exercise the right to vote and the basis upon which these findings were made;
      (F) Unless independent counsel has appeared for the alleged incapacitated person, an explanation of how the alleged incapacitated person responded to the advice of the right to jury trial, to independent counsel and to be present at the hearing on the petition.

Within forty-five days after notice of commencement of the guardianship proceeding has been served upon the guardian ad litem, and at least fifteen days before the hearing on the petition, the guardian ad litem shall file a copy to the alleged incapacitated person and his or her counsel, spouse, all children not residing with a notified person, those persons described in (iv) of this subsection, and persons who have filed a request for special notice pursuant to RCW 11.92.150. If the guardian ad litem needs additional time to finalize his or her report, then the guardian ad litem shall petition the court for a postponement of the hearing or, with the consent of all other parties, an extension or reduction of time for filing the report. If the hearing does not occur within sixty days of filing the petition, then upon the two-month anniversary of filing the petition and on or before the same day of each following month until the hearing, the guardian ad litem shall file interim reports summarizing his or her activities on the proceeding during that time period as well as fees and costs incurred:
Section 11. RCW 11.92.190 and 1977 ex.s. c 309 s 14 are each amended to read as follows:

No residential treatment facility which provides nursing or other care may detain a person within such facility against their will. Any court other than an order issued pursuant to facility is authorized to consent to such involuntary detention on behalf of an incapitated or disabled incapacitated person shall be void and of no force or effect. This section does not apply to the detention of a minor as provided in chapter 70.96A RCW.

Nothing in this section shall be construed to require a court order authorizing placement of an incapacitated person in a residential treatment facility if such order is not otherwise required by law: PROVIDED, That notice of any residential placement of an incapacitated person shall be served, either before or after placement, by the guardian or limited guardian on such person, the guardian ad litem, and any attorney of record.

Sec. 12. A new section is added to chapter 2.08 RCW to read as follows:

Sec. 13. RCW 13.34.100 and 1994 c 110 s 2 are each amended to read as follows:

(8) When a court-appointed special advocate is requested on a case, the program shall give the court and the parties the name of the person it recommends. The court shall appoint the person recommended by the program. If a party in a case reasonably believes the court-appointed special advocate is not competent, the party may request a review of the appointment by the program. The program shall complete the review within five judicial days. If the party seeking the review is not satisfied with the outcome of the review, the party may file a motion with the court for the removal of the court-appointed special advocate.

Sec. 14. RCW 13.34.030(2) and 1994 c 288 s 2 are each amended to read as follows:

(1) To aid the court in its decision on disposition, a social study, consisting of a written evaluation of matters relevant to the disposition of the case, shall be made by the person or agency filing the petition. The study shall include all social records and may also include facts relating to the child’s cultural heritage, and shall be made available to the court. The court shall consider the social file, social study, guardian ad litem report, the court’s report, if any, and any reports filed by a party at the disposition hearing in addition to evidence produced at the fact-finding hearing. At least ten working days before the disposition hearing, the department shall mail to the parent and his or her attorney a copy of the agency’s social study and proposed service plan, which shall be in writing or in a form understandable to the parents or custodians. In addition, the department shall provide an opportunity for parents to review and comment on the plan at the community service office. This section shall not interfere with the right of the parents or custodians to submit oral arguments regarding the disposition plan at the hearing.

(b) A description of the specific programs, for both the parents and child, that are needed in order to prevent serious harm to the child; the reasons why such programs are likely to be useful; the availability of any proposed services; and the agency’s overall plan for ensuring that services will be delivered;

(c) If removal is recommended, a full description of the reasons why the child cannot be protected adequately in the home, including a description of any previous efforts to work with the parents and the child in the home; the in-home treatment programs which have been considered and rejected; the preventive services that have been offered or provided and have failed to prevent the need for out-of-home placement, unless the health, safety, and welfare of the child cannot be protected adequately in the home; and the parents’ attitude toward placement of the child;

(d) A statement of the likely harms the child will suffer as a result of removal. This section should include an exploration of the nature of the parent-child attachment and the meaning of separation and loss to both the parents and the child;

(e) A description of the steps that will be taken to minimize harm to the child that may result if separation occurs; and

(f) Behavior that will be expected before determination of supervision of the family or placement is no longer necessary.

Sec. 15. RCW 26.12.175 and 1993 c 289 s 4 are each amended to read as follows:

(1) The court may appoint a guardian ad litem to represent the interests of a minor or dependent child when the court believes the appointment of a guardian ad litem is necessary to protect the interests of the child in any proceeding under this chapter. The appointment of a guardian ad litem shall not affect the parties’ rights to represent or be represented in the proceeding.

(a) If the appointed guardian ad litem is necessary to protect the interests of the child, the program shall give the court and the parties the name of the guardian ad litem assigned to the case. The court-appointed special advocate program, if that program exists in the county, shall give the court and the parties the name of the special advocate appointed in the case.

(b) The court may order the parent to pay for the costs of the guardian ad litem, according to their ability to pay. If both parents are indigent, the county shall bear the cost of the guardian, subject to appropriation for guardians ad litem services by the county legislative authority.

(c) Guardians ad litem who are not volunteers shall provide the parties with an itemized accounting of their time and billing for services each month.

(2) If the guardian ad litem appointed is from the county court-appointed special advocate program, the program shall supervise any guardian ad litem assigned to the case. The court-appointed special advocate program shall be entitled to notice of all proceedings in the case.

(b) The legislative authority of each county may authorize creation of a court-appointed special advocate program. The county legislative authority may adopt rules of eligibility for court-appointed special advocate program services.

(3) Each guardian ad litem program shall maintain a background information record for each guardian ad litem in the program. The background information record shall be updated annually. As a condition of appointment, the guardian ad litem’s background information record shall be made available to the court, and immediately provided to the parties or their attorneys. If the appointed guardian ad litem is not a member of a guardian ad litem program the person shall provide the background information to the court and to the parties.

(4) If a court-appointed special advocate is requested on a case, the program shall give the court and the parties the name of the person it recommends. The court shall appoint the person recommended by the program. If a party in a case reasonably believes the court-appointed special advocate is not competent, the party may request a review of the appointment by the program. The program shall complete the review within five judicial days. If the party seeking the review is not satisfied with the outcome of the review, the party may file a motion with the court for the removal of the court-appointed special advocate.

(1) In any judicial proceeding under this chapter or chapter 13.34 RCW in which it is alleged that a child has been subjected to child abuse or neglect, the court shall appoint a guardian ad litem for the child as provided in chapter 13.34 RCW. The requirement of a guardian ad litem may be deemed satisfied if the child is represented by counsel in the proceedings.

(2) At any time prior to or during a hearing in such case, the court may, on its own motion, or the motion of the guardian ad litem, or other parties, order the examination by a physician, psychologist, or psychiatrist, of any parent or child or other person having custody of the child at the time of the alleged child abuse or neglect, if the court finds such an examination is necessary to the proper determination of the case. The hearing may be continued pending the completion of such examination. The physician, psychologist, or psychiatrist conducting such an examination may be required to testify concerning the results of such examination and may be asked to give his or her opinion as to whether the protection of the child requires that he or she not be returned to the custody of his or her parents or other persons having custody of him or her at the time of the alleged child abuse or neglect. Persons so testifying shall be subject to cross-
examination as are other witnesses. No information given at any such examination of the parent or any other person having custody of the child may be used against such person in any subsequent criminal proceedings against such person or custodian concerning the abuse or neglect of the child.

(3) A parent or other person having legal custody of a child alleged to be abused or neglected shall be a party to any proceeding that may impair or impede such person’s interest in and custody or control of the child.

If a judicial district does not have a program the court shall establish the rotational registry system. Guardians ad litem shall be selected from the registry except in exceptional circumstances as determined and documented by the court. The parties may make a joint recommendation for the appointment of a guardian ad litem from the registry.

(b) In judicial districts with a population over one hundred thousand, a list of three names shall be selected from the registry and given to the parties along with the background information as specified in RCW 13.34.100(3), including their hourly rate for services. Each party may, within three judicial days, strike one name from the list. If more than one name remains on the list, the court shall make the appointment from the names on the list.

(c) If a party reasonably believes that the appointed guardian ad litem lacks the necessary expertise for the proceeding, charges an hourly rate higher than what is reasonable for the particular proceeding, or has a conflict of interest, the party may, within three judicial days from the appointment, move for substitution of the appointed guardian ad litem by filing a motion with the court.

(3) The rotational registry system shall not apply to court-appointed special advocate programs.

The legislature finds, however, that the system of universal precautions required under federal and state law in all settings where risk of occupational exposure to communicable diseases exists remains the most effective way to reduce the risk of communicable disease transmission. The legislature does not intend to discourage the use of universal precautions but to provide supplemental information for corrections and jail staff to utilize as part of their universal precautions with all offenders and detained people."

SECOND READING

SENATE BILL NO. 6230, by Senators Kohl, Fairley and Thibaudeau

Requiring reporting of actions taken against out-of-home care providers.

MOTION

Senator Hargrove moved that Second Substitute Senate Bill No. 6230 be substituted for Senate Bill No. 6230 and the second substitute bill be placed on second reading and read the second time.

POINT OF ORDER

Senator West: "A point of order. I challenge the scope and object of the second substitute bill. The original bill, Senate Bill No. 6230, addressed action that the Department of Social and Health Services must take when denying, revoking or nonrenewing the licenses of out-of-home providers. It added two new sections to RCW 74.15, the statute that it addresses--licensure of out-of-home providers. The first new section requires the Secretary of DSHS to report to a targeting group of individuals and organizations of the denial of the license or a suspension, revocation or nonrenewal of license.

"If later, the facts permit otherwise, the Secretary is required to then notify the public of the exoneration of the provider. The second new section requires that the department compile quarterly reports, summarizing complaints filed against family day-care providers and day-care centers and specifies what the report should contain and who may receive a copy. The underlying bill also amended RCW 74.13.090, the statute creating the child care coordinating committee to add a new responsibility.

"The second substitute changes the bill substantially. It delves into new areas that were not addressed in the underlying bill. It makes sufficient amendments to RCW 43.43, which was not in the original bill. That’s the RCW dealing with the State Patrol. It also required the committee to amend the title in order to bring this new section of law in. It permits the State Patrol to release criminal background information to specific groups, permits discretionary background checks of employees, licensees and volunteers. It expands the scope of the bill to encompass all organizations who interact with children. It also addresses whether or not people who have access to this or people who are subject to these background checks are paid or volunteers. The added portions do not address licensing as in the original bill and therefore, Mr. President, the second substitute greatly broadens the scope of the original bill."

PARLIAMENTARY INQUIRY

Senator Hargrove: "I have a point of parliamentary inquiry, I guess, right now. Can more than one make a rebuttal to this or is--?"

REPLY BY THE PRESIDENT

President Pritchard: "Well, anybody that has a--"

Senator Hargrove: "A comment, okay."

President Pritchard: "If it gets clear out of line, I will--"

Senator Hargrove: "I just wanted to make sure that my comments did not preclude Senator Kohl’s comments on this."

President Pritchard: "You want to include, Senator who?"

Senator Hargrove: "I said that I did not want my comments to preclude Senator Kohl’s comments on the scope ruling, if I spoke. I want to make sure that is clear."

President Pritchard: "Well, this chairman is going to be a little different than some you have had around here. If somebody wants to comment on it, I’ll let it--if it doesn’t get out of line."

Senator Hargrove: "It’s very brief."

Further debate ensued.

There being no objection, the President deferred further consideration of Senate Bill No. 6230.

(5) The department may collect, in addition to all fees and taxes required to be paid upon application, registration, and renewal registration of a motor vehicle, an additional fee from the holder of a special license plate. The additional fee will be set by the party requesting issuance of the special license plate series. If the requesting party chooses not to set an additional fee, the fee authorized in subsection (1) of this section applies. The state treasurer, upon request of the department, may create accounts for deposit of the additional fees. The state treasurer shall credit the funds to the appropriate account and remit the proceeds to the requesting party on a quarterly basis. "Second Substitute Senate Bill No. 6230 would, in addition, authorize the State Patrol to release criminal background information on a broad group of defined employees and volunteers to specified businesses and organizations.

SENATE BILL NO. 6516, by Senators McAuliffe, Rinehart, Drew and Winsley (by request of Joint Select Committee on Education Restructuring, Board of Education and Commission on Student Learning)

Changing the timelines for development and implementation of the student assessment system.

MOTION

Senator McAuliffe moved that Substitute Senate Bill No. 6516 be substituted for Senate Bill No. 6516 and the substitute bill be placed on second reading and read the second time.

POINT OF ORDER

Senator Johnson: "A point of order, Mr. President. I would like to challenge the scope and object of the substitute bill--6516. The original bill, brought to the committee, dealt only with modifying the timelines of assessments for reading, writing, communications and math. The original bill did not speak to the development of the essential academic learning requirements or whether the assessment system should be voluntary, but rather only extending those deadlines and providing the Commission on Student Learning with certain responsibilities.

"The substitute bill, on the other hand, covers not only those subjects, but also provides that the assessments be voluntary, which is an entirely new issue and subject and provides that the Commission may modify the essential academic learning requirements, which, again, is entirely new to the bill. And furthermore, it directs that the academic learning requirements be modified and the timelines in other areas extended."

Further debate ensued.

There being no objection, the President deferred further consideration of Senate Bill No. 6516.

Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

1) "Department" means the department of licensing.

2) "Director" means the director of licensing.

3) "Collateral or security" means property of any kind given as security to obtain a bail bond.

4) "Bail bond agency" means a business that sells and issues corporate surety bail bonds or that provides security in the form of personal or real property to insure the appearance of a criminal defendant before the courts of this state or the United States."
"Qualified agent" means an owner, sole proprietor, partner, manager, officer, or chief operating officer of a corporation who meets the requirements set forth in this chapter for obtaining a bail bond agency license.

"Bail bond agent" means a person who is employed by a bail bond agency and engages in the sale or issuance of bail bonds, but does not mean a clerical, secretarial, or other support person who does not participate in the sale or issuance of bail bonds.

"Licensee" means a bail bond agency or a bail bond agent or both.

"Branch office" means any location physically separated from the principal place of business of the licensee from which the licensee or an employee or agents conduct any activity meeting the criteria of bail bond agency.

NEW SECTION. Sec. 2. A new section is added to chapter 18.185 RCW to read as follows:

A branch office may not operate under a business name other than the name of the principal bail bond agency and must have a qualified bail bond agent as manager of the office. The qualified agent shall comply with the provisions of RCW 18.185.100.

A qualified agent shall not in any way encumber the corpus of the trust account or commingle any other moneys with moneys properly maintained in the trust account. Each qualified agent required to maintain a trust account shall report annually under oath to the director the account number and balance of the trust account, and the name and address of the institution that holds the trust account, and shall report to the director within ten business days whenever the trust account is changed or relocated.

(3) Whenever a bail bond is exonerated by the court, the (bail bond agency) qualified agent shall, within five business days after written notification of exoneration and upon written demand, return all collateral or security to the person entitled thereto.

The director shall issue a duplicate license for each branch office showing the location of each branch which shall be prominently displayed in the office for which it is issued. A corporation, partnership, or sole proprietorship shall not establish more than one principal office within this state.

POINT OF INQUIRY

Senator Morton: "Senator Pelz, as I look at this, I shudder a little bit. I don't know of any of these being in many of our remote counties. Do you know how this would affect, for example, the counties that do not have any bonding people within them?"

Senator Pelz: "I have had this explained to me a couple of times, but I am not sure I can give you a quick answer. The proponents have encountered the problem that it does not affect the availability of the bail bonds that are referred by the county officers. This is dealing more with the bail bonds that are in the Yellow Pages. It does not affect the availability of the bail bonds that are referred by the county."

Senator Morton: "Thank you, Senator."

Further debate ensued.

The President declared the question before the Senate to be the adoption of the striking amendment by Senator Pelz to Senate Bill No. 6544.

The motion by Senator Pelz carried and the striking amendment was adopted.

MOTIONS

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. The legislature declares it to be of significant benefit to citizens of the state to improve public transportation connections among the major activity centers in the central Puget Sound area. The activity centers include major transportation centers, major work and commercial sites, cultural and sports facilities, and political centers, including the state capital.

The legislature finds that there are many public transportation services being provided in the region that, if better coordinated and if more information were readily attainable, mobility would be enhanced for persons traveling in the region. This would occur not only for those using public transportation systems but for those who would benefit in terms of reduced congestion on highways and other modes. It is the intent of the legislature, through this act and other supporting activities to enhance the coordination of existing public transportation services in the region as well as to provide for new initiatives to enhance service levels, improve cross-jurisdictional services, facilitate the travel on public conveyances throughout the region and reduce impediments to travel among areas in the region. It is the legislature’s intent to provide better information to the traveling public, to include the private sector in the enhanced mobility approaches, and to facilitate the use of new technologies for fare collection and information to the extent practical.

NEW SECTION. Sec. 2. A new section is added to chapter 47.26 RCW to read as follows:

(1) The transportation improvement board, in consultation with the department of transportation, shall develop a grant process for projects and programs by public and private agencies to enhance mobility on public conveyance in the four most populous contiguous counties connected by an interstate highway.

(2) The purpose of the grants is to enhance the information available regarding public transportation services in the region along corridors where there is a significant state interest.

(3) The transportation improvement board shall develop requirements for matching grants issued under this section with the intent of encouraging participation of other agencies or parties. However, for public agencies applying for such grants, those agencies must have a local minimum matching requirement of twenty percent.

NEW SECTION. Sec. 3. A new section is added to chapter 47.08 RCW to read as follows:

The intercity passenger account is created in the transportation fund. Moneys in the account may be spent only after appropriation. Expenditures from the account may be used only to enhance the connectivity of passenger services in the four most populous contiguous counties connected by an interstate highway in the state, between and among transportation providers serving corridors where there is significant state interest.

Sec. 4. RCW 35.58.250 and 1965 c 7 s 35.58.250 are each amended to read as follows:

(1) Except in accordance with an agreement made as provided herein, upon the effective date on which the metropolitan municipal corporation commences to perform the metropolitan transportation function, no person or private corporation shall operate a local public passenger transportation service within the metropolitan area with the exception of:

(a) Taxis;

(b) Buses owned or operated by a school district or private school;

(c) Buses owned or operated by another municipality, as defined in RCW 35.58.272, operating along regional bus routes that cross one or more jurisdictional boundaries between municipalities located in the four most populous contiguous counties connected by an interstate highway, that may include stops in the routes to embark and disembark passengers, if those routes emanate or terminate within that municipality’s boundaries.

(2) An agreement may be entered into between the metropolitan municipal corporation and any person or corporation legally operating a local public passenger transportation service wholly within or partly within and partly without the metropolitan area and on said effective date under which such person or corporation may continue to operate such service or any part thereof for such time and upon such terms and conditions as provided in such agreement. Where any such local public passenger transportation service will be required to cease to operate within the metropolitan area, the commission may agree with the owner of such service to purchase the assets used in providing such service, or if no agreement can be reached, the commission shall condemn such assets in the manner provided herein for the condemnation of other properties.

(3) Wherever a privately owned public carrier operates wholly or partly within a metropolitan municipal corporation, the Washington utilities and transportation commission shall continue to exercise jurisdiction over such operation as provided by law.

Sec. 5. RCW 35.92.060 and 1995 c 42 s 1 are each amended to read as follows:

Sec. 6. RCW 36.57A.100 and 1977 ex. s c 44 s 4 are each amended to read as follows:

(1) Except in accordance with an agreement made as provided in this section or in accordance with the provisions of RCW 36.57A.090(3) ([as now or hereafter amended]), upon the effective date on which the public transportation benefit area commences to perform the public transportation service, no person or private corporation shall operate a local public passenger transportation service within the public transportation benefit area with the exception of:

(a) Taxis;

(b) Buses owned or operated by a school district or private school;

(c) Buses owned or operated by any corporation or organization solely for the purposes of the corporation or organization and for the use of which no fare is charged; and

(d) Buses owned or operated by another municipality, as defined in RCW 35.58.272, operating along regional bus routes that cross one or more jurisdictional boundaries between municipalities located in the four most populous contiguous counties connected by an interstate highway, that may include stops in the routes to embark and disembark passengers, if those routes emanate or terminate within that municipality’s boundaries.

On motion of Senator Owen, Substitute Senate Bill No. 6701 was substituted for Senate Bill No. 6701 and the substitute bill was placed on second reading and read the second time:
(2) An agreement may be entered into between the public transportation benefit area authority and any person or corporation legally operating a local public passenger transportation service wholly within or partly within the public transportation benefit area and on said effective date under which such person or corporation may continue to operate such service or any part thereof for such time and under such terms and conditions as provided in such agreement. Such agreement shall provide for a periodic review of the terms and conditions contained therein. Where any such local public passenger transportation service will be required to cease to operate within the public transportation benefit area, the public transportation benefit area authority may agree with the owner of such service to purchase the assets used in providing such service, or if no agreement can be reached, the public transportation benefit area authority shall condemn such assets in the manner and by the same procedure as is or may be provided by law for the condemnation of other properties for the first class, except insofar as such laws may be inconsistent with the provisions of this chapter.

(3) Wherever a privately owned public carrier operates wholly or partly within a public transportation benefit area, the Washington utilities and transportation commission shall continue to exercise jurisdiction over such operation as provided by law.

NEW SECTION. Sec. 7. RCW 81.112.090 and 1992 c 101 s 9 are each amended to read as follows:

"Except in accordance with an agreement made as provided in this section, upon the date an authority begins high capacity transportation service, no person or private corporation may operate a high capacity transportation service within the authority boundary with the exception of: (1) Services owned or operated by any corporation or organization solely for the purposes of the corporation or organization and for the use of which no fee or fare is charged; and (2) buses owned or operated by a municipality, as defined in RCW 35.58.272, operating along regional bus routes that cross one or more jurisdictional boundaries between municipalities located in the four most populous contiguous counties connected by an interstate highway, that may include stops in the routes to embark and disembark passengers, if those routes emanate or terminate within that municipality's boundaries, and if any part of the service area of the municipality is not included in the boundaries of the authority.

The authority and any person or corporation legally operating a high capacity transportation service wholly or partly within and partly without the authority boundary on the date an authority begins high capacity transportation service may enter into an agreement under which such person or corporation may continue to operate such service or any part thereof for such time and under such terms and conditions as provided in such agreement. Such agreement shall provide for a periodic review of the terms and conditions contained therein. Where any such high capacity transportation service will be required to cease to operate within the authority boundary, the authority may agree with the owner of such service to purchase the assets used in providing such service, or if no agreement can be reached, the authority shall condemn such assets in the manner and by the same procedure as is or may be provided by law for the condemnation of other properties for cities of the first class, except insofar as such laws may be inconsistent with this chapter.

Wherever a privately owned public carrier operates wholly or partly within an authority boundary, the Washington utilities and transportation commission shall continue to exercise jurisdiction over such operation as provided by law.

NEW SECTION. Sec. 8. Municipalities in the state, as defined in RCW 35.58.272, that are located in the four most populous contiguous counties connected by an interstate highway, shall prepare and distribute by July 1, 1997, a brochure providing scheduling information that shall address methods to travel among the counties on public conveyances. This document shall address, at minimum, interconnecting bus schedules operated by those municipalities, intercity bus operations, intermodal services, passenger trains, and ferry system connections. This document shall be made available to the public in order to facilitate the use of those persons throughout the region.

NEW SECTION. Sec. 9. The department of transportation in cooperation with the department of general administration and other appropriate jurisdictions shall evaluate the feasibility of establishment of a pilot project to provide shuttle services connecting the state capital with major state government, economic development, and other appropriate facilities in the central Puget Sound region. The department of transportation shall report back to the legislature its findings by December 1, 1996.

NEW SECTION. Sec. 10. It is the intent of the legislature that municipalities, as defined in RCW 35.58.272 and located within the four most populous contiguous counties connected by an interstate highway, work together to develop policies and joint operating agreements to facilitate transportation between and among those jurisdictions and to facilitate opportunity for travel by public transportation within the region. These policies and agreements shall address, but not be limited to: (1) Improved transit connections among those municipalities; (2) improved transit connections with other transportation providers including the state ferry system; (3) reduction in the use of nonproductive resources such as empty backhauls and closed door service necessitated by another jurisdiction; (4) adoption of fare collection policies designed to facilitate interjurisdictional regional travel; and (5) improved information for riders connecting between systems.

Should those municipalities described in this section develop policies consistent with the intent of this section, it is further the intent of the legislature to delay the effective date of sections 4 through 7 of this act.

NEW SECTION. Sec. 11. Sections 4 through 7 of this act take effect July 1, 1997.

NEW SECTION. Sec. 12. If specific funding for the purposes of this act, referring to this act by bill or chapter number, is not provided for in a transportation appropriations act in 1996 that is enacted, this act is null and void."

POINT OF INQUIRY

Senator Morton: "Senator Smith, I am not at all familiar with these devices. Is there a way to accurately determine the driver of the vehicle, rather than just the vehicle itself? I can see where the driver is the one responsible and I am wondering if that is clear as to the identity of the driver?"

Senator Smith: "The way we handle that in this bill is, essentially, if you say you were not the person driving it, then you don't get the ticket. You sign an affidavit and send it back in saying, 'It wasn't me.' That is the end of the story.

'Now, the way the pictures are taken, you can't be guaranteed in every incident, that you are going to be able to get the identity. Most of the time you are. The police enforcing this will randomly check to see if, in fact, they do have the picture of the person who says it wasn't them and enforce it that way. But, if you sign an affidavit saying it wasn't you--that protection was put in by Senator Hargrove in committee--to try and protect those people under that circumstance. That is what we tried to do in that situation."

Further debate ensued.

Senator Smith moved that the following amendment by Senators Smith and Hargrove be adopted:

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 9.73.070 and 1994 c 49 s 1 are each amended to read as follows:

(1) The provisions of this chapter shall not apply to any activity in connection with services provided by a common carrier pursuant to its tariffs on file with the Washington utilities and transportation commission or the Federal Communication Commission and any activity of any officer, agent or employee of a common carrier who performs any act otherwise prohibited by this law in the construction, maintenance, repair and operations of the common carrier’s communications services, facilities, or equipment or incident to the use of such services, facilities or equipment, and shall not apply to the use of a pen register or a trap and trace device by such common carrier: (a) Relating to the operation, maintenance, and testing of a wire or electronic communication service or to the protection of the rights or property of such common carrier, or to the protection of users of the common carrier’s service from abuse of service or unlawful use of service;"
(b) To record the fact that a wire or electronic communication was initiated or completed in order to protect such common carrier, another common carrier furnishing service toward the completion of the wire communication, or a user of that service, from fraudulent, unlawful, or abusive use of service; or

(c) Where the consent of the user of that service has been obtained.

(2) "Common carrier" as used in this section means any person engaged as a common carrier or public service company for hire in intrastate, interstate or foreign communication by wire or radio or in intrastate, interstate or foreign radio transmission of energy.

(2a)(3) The provisions of this chapter shall not apply to:

(a) Any common carrier automatic number, caller, or location identification service that has been approved by the Washington utilities and transportation commission; or

(b) A 911 or enhanced 911 emergency service as defined in RCW 82.14B.020, for purposes of aiding public health or public safety agencies to respond to calls placed for emergency assistance.

NEW SECTION  Sec. 2. A new section is added to chapter 9.73 RCW to read as follows:

(1) As used in this section:

(a) "Wire communication" means any aural transfer made in whole or in part through the use of facilities for the transmission of communications by the aid of wire, cable, or other like connection between the point of origin and the point of reception, including the use of such connection in a switching station, furnished or operated by any person engaged in providing or operating such facilities for the transmission of intrastate, interstate, or foreign communications, and such term includes any electronic storage of such communication.

(b) "Electronic communication" means any transfer of signs, signals, writing, images, sounds, data, or intelligence of any nature transmitted in whole or in part by a wire, radio, electromagnetic, photoelectric, or photo-optical system, but does not include:

(i) Any wire or oral communication;

(ii) Any communication made through a tone-only paging device; or

(iii) Any communication from a tracking device.

(c) "Electronic communication service" means any service that provides to users thereof the ability to send or receive wire or electronic communications.

(d) "Pen register" means a device that records or decodes electronic or other impulses that identify the numbers dialed or otherwise transmitted on the telephone line to which such device is attached, but such term does not include any device used by a provider or customer of a wire or electronic communication service for billing, for customer service, or as an incident to the provision of communications services provided by such provider or any device used by a provider or customer of a wire communication service for cost accounting or other like purposes in the ordinary course of its business.

(e) "Trap and trace device" means a device that captures the incoming electronic or other impulses that identify the originating number of an instrument or device from which a wire or electronic communication was transmitted.

(2) No person may install or use a pen register or trap and trace device without a prior court order issued under this section except as provided under subsection (6) of this section or section 1 of this act.

(3) A law enforcement officer may apply for and the superior court may issue orders and extensions of orders authorizing the installation and use of pen registers and trap and trace devices as provided in this section. The application for the installation and use of a pen register or trap and trace device shall include the identity of the officer making the application and the identity of the law enforcement agency conducting the investigation. The applicant must certify that the information likely to be obtained is relevant to an ongoing criminal investigation being conducted by that agency.

(4) If the court finds that the information likely to be obtained by such installation and use is relevant to an ongoing criminal investigation and finds reason to believe that the pen register or trap and trace device will lead to obtaining evidence of a crime, contraband, fruits of crime, things criminally possessed, weapons, or other things by means of which a crime has been committed or reasonably appears about to be committed, or will lead to learning the location of a person who is unlawfully restrained or reasonably believed to be a witness in a criminal investigation or for whose arrest there is probable cause, the court shall enter an ex parte order authorizing the installation and use of a pen register or a trap and trace device. The order shall specify:

(a) The identity, if known, of the person to whom is leased or in whose name is listed the telephone line to which the pen register or trap and trace device is to be attached;

(b) The identity, if known, of the person who is the subject of the criminal investigation;

(c) The number and, if known, physical location of the telephone line to which the pen register or trap and trace device is to be attached and, in the case of a trap and trace device, the geographic limits of the trap and trace order; and

(d) A statement of the offense to which the information likely to be obtained by the pen register or trap and trace device relates.

The order shall direct, if the applicant has requested, the furnishing of information, facilities, and technical assistance necessary to accomplish the installation of the pen register or trap and trace device. An order issued under this section authorizes the installation and use of a pen register or a trap and trace device for a period not to exceed sixty days. Extensions of such an order may be granted, but only upon a new application for an order under subsection (3) of this section and upon the judicial findings required by this subsection. The period of extension shall be for a period not to exceed sixty days.

An order authorizing or approving the installation and use of a pen register or a trap and trace device shall direct that the order be sealed until otherwise ordered by the court and that the person owning or leasing the line to which the pen register or trap and trace device is attached, or who has been ordered by the court to provide assistance to the applicant, not disclose the existence of the pen register or trap and trace device or the existence of the investigation to the listed subscriber or to any other person, unless or until otherwise ordered by the court.

(5) Upon the request of an officer of a law enforcement agency authorized to install and use a pen register under this chapter, a provider of wire or electronic communication service, landlord, custodian, or other person shall furnish such law enforcement officer forthwith all information, facilities, and technical assistance necessary to accomplish the installation of the pen register unobtrusively and with a minimum of interference with the services that the person so ordered by the court accords the party with respect to whom the installation and use is to take place, if such assistance is directed by a court order as provided in subsection (4) of this section.

Upon the request of an officer of a law enforcement agency authorized to receive the results of a trap and trace device under this chapter, a provider of a wire or electronic communication service, landlord, custodian, or other person shall install such device forthwith on the appropriate line and shall furnish such law enforcement officer all additional information, facilities, and technical assistance including installation and operation of the device unobtrusively and with a minimum of interference with the services that the person so ordered by the court accords the party with respect to whom the installation and use is to take place, if such installation and assistance is directed by a court order as provided in subsection (4) of this section. Unless otherwise ordered by the court, the results of the trap and trace device shall be furnished to the officer of a law enforcement agency, designated in the court order, at reasonable intervals during regular business hours for the duration of the order.

A provider of a wire or electronic communication service, landlord, custodian, or other person who furnishes facilities or technical assistance pursuant to this subsection shall be reasonably compensated by the law enforcement agency that requests the facilities or assistance for such reasonable expenses incurred in providing such facilities and assistance.

No cause of action shall lie in any court against any provider of a wire or electronic communication service, its officers, agents, or other specified persons for providing information, facilities, or assistance in accordance with the terms of a court order under this section. A good faith reliance on a court order under this section, a request pursuant to this section, a legislative authorization, or a statutory authorization is a complete defense against any civil or criminal action brought under this chapter or any other law.
(6) Notwithstanding any other provision of this chapter, a law enforcement officer and a prosecuting attorney or deputy prosecuting attorney who jointly and reasonably determine that an emergency situation exists that involves immediate danger of death or serious bodily injury to any person that requires the installation and use of a pen register or a trap and trace device before an order authorizing such installation and use can, with due diligence, be obtained, and there are grounds upon which an order could be entered under this chapter to authorize such installation and use, may have installed and use a pen register or trap and trace device if, within forty-eight hours after the installation has occurred, or begins to occur, an order approving the installation or use is issued in accordance with subsection (4) of this section. In the absence of an authorizing order, such use shall immediately terminate when the information sought is obtained, when the application for the order is denied or when forty-eight hours have lapsed since the installation of the pen register or trap and trace device, whichever is earlier. If an order approving the installation or use is not obtained within forty-eight hours, any information obtained is not admissible as evidence in any legal proceeding. The knowing installation or use by any law enforcement officer of a pen register or trap and trace device pursuant to this subsection without application for the authorizing order within forty-eight hours of the installation shall constitute a violation of this chapter and be punishable as a gross misdemeanor. A provider of a wire or electronic service, landlord, custodian, or other person who furnished facilities or technical assistance pursuant to this subsection shall be reasonably compensated by the law enforcement agency that requests the facilities or assistance for such reasonable expenses incurred in providing such facilities and assistance.

POINT OF INQUIRY

Senator Heavey: "Senator Smith, the bill requires the police or prosecutorial authorities to proceed to court to get a duly authorized warrant prior to these devices being put in place. Is that what you are saying?"

Senator Smith: "Not in all cases, Senator. The President declared the question before the Senate to be the adoption of the striking amendment by Senators Smith and Hargrove to Substitute Senate Bill No. 6390.

The motion by Senator Smith carried and the striking amendment was adopted.

MOTIONS

On motion of Senator Smith, the following title amendment was adopted:

On page 1, line 2 of the title, after "communications;" strike the remainder of the title and insert "amending RCW 9.73.070; adding a new section to chapter 9.73 RCW, and prescribing penalties." On motion of Senator Smith, the rules were suspended, Engrossed Substitute Senate Bill No. 6390 was advanced to third reading, the second reading considered the third and the bill was placed on final passage.

POINT OF INQUIRY

Senator Prince: "Senator Smith, one of the complaints that I was given about this piece of legislation is that it only takes a phone number that calls. Is this correct?"

Senator Smith: "Well, there are two parts to it. There is what is called a pen register and a trap and trace. One of them, what it will tell, is it can tell what numbers are being dialed out on the phone. I forget which is which. I think the trap and trace is coming in. The other one they can tell just a number. It doesn't record the substance of the conversation."

Senator Prince: "Okay, this is where their concern was. If you put a tap on somebody's phone and you listen to what is being said, you know if somebody is involved, but if you only know who called, by their phone number, a lot of people get drug into the net and then have to be investigated. This, I think, places sufficient limits and forces them to go to court to do that sort of searching, but that is part of an investigation."

Senator Prince: "Thank you."

Further debate ensued.

POINT OF INQUIRY

Senator Franklin: "Just for reassurance again from Senator Smith, and wanting to really support this bill, that the innocent will not be entrapped. Having a daughter who is a police officer, I would not vote against her. I need to be reassured."

Senator Smith: "I assume that is a question. You want me to reassure you that the innocent will never be entrapped? I suppose we should--well--that is a difficult reassurance to give. I will tell you that within this piece of legislation, it does not expand the ability for the innocent to be entrapped. That, I feel very comfortable of; I think this strikes a proper balance and helps give the police officers the tools they need to convict and find the guilty without unduly burdening the innocent. I do feel strongly that it strikes that balance and will not further cause problems in that area."

"Sec. 2. RCW 36.70A.300 and 1995 c 347 s 110 are each amended to read as follows:

(1) The board shall issue a final order within one hundred eighty days of receipt of the petition for review, or, when multiple petitions are filed, within one hundred eighty days of receipt of the last petition that is consolidated. Such a final order shall be based exclusively on whether or not a state agency, county, or city is in compliance with the requirements of this chapter, chapter 90.58 RCW as it relates to adoption or amendment of shoreline master programs, or chapter 43.21C RCW as it relates to plans, development regulations, and amendments thereto, adopted under RCW 36.70A.040 or chapter 90.58 RCW. In the final order, the board shall either: (a) Find that the state agency, county, or city is in compliance with the requirements of this chapter or chapter 90.58 RCW as it relates to the adoption or amendment of shoreline master programs; or (b) find that the state agency, county, or city is not in compliance with the requirements of this chapter or chapter 90.58 RCW as it relates to the adoption or amendment of shoreline master programs, in which case the board shall remand the matter to the affected state agency, county, or city and specify a reasonable time not in excess of one hundred eighty days within which the state agency, county, or city shall comply with the requirements of this chapter.

(2) A finding of noncompliance and an order of remand shall not affect the validity of comprehensive plans and development regulations during the period of remand(( unless the board's final order also:

(a) Includes a determination, supported by findings of fact and conclusions of law, that the continued validity of the plan or regulation would substantially interfere with the fulfillment of the goals of this chapter; and

(b) Specifies the particular part or parts of the plan or regulation that are determined to be invalid, and the reasons for their invalidity.

(3) A determination of invalidity shall:

(a) Be prospective in effect and shall not extinguish rights that vested under state or local law before the date of the board's order; and

(b) Include a determination of the particular part or parts of the plan or regulation that are determined to be invalid, and the reasons for their invalidity."

"(3) A determination of invalidity shall:

(a) Be prospective in effect and shall not extinguish rights that vested under state or local law before the date of the board’s order;"
The underlying bill addresses the standard of review to be used by a growth management hearing’s board in determining whether a local government plan or other action under the Growth Management Act is in compliance with the act and it has an emphasis on looking at balancing of goals and relationship between goals. Each of the provisions deal with clarification.

“The amendment that is before us goes much further than this and adds provisions addressing what is the legal effect of a finding of noncompliance by the board. It addresses the continuing validity of plans or development regulations following a finding of noncompliance and it even goes beyond the remand provisions.

“Finally, it includes a legislative statement of the effect to be given previous findings of validity. So, I think the amendment clearly changes the scope and object of the bill.”

Further debate ensued.

(b) Relocation or installation of utilities in existing utility corridors or improved public or private rights of way.

For the purposes of this section, ‘best management practices’ means physical, structural, or managerial practices that when used singly or in combination minimize adverse environmental impacts and comply with all construction safety standards otherwise required by law. However, this definition of ‘best management practices’ shall not have the effect of superseding any definition of ‘best management practices’ that was adopted by a local government before the effective date of this act.”

Protecting victims from sexually aggressive youth.

MOTIONS

On motion of Senator Kohl, Second Substitute Senate Bill No. 6231 was substituted for Senate Bill No. 6231 and the second substitute bill was placed on second reading and read the second time.

On motion of Senator Kohl, the following amendment by Senators Kohl, Long and Hargrove was adopted:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Section 1. The legislature finds that the placement of children and youth in state-operated or state-funded residential facilities must be done in such a manner as to protect children who are vulnerable to sexual victimization from youth who are sexually aggressive. To achieve this purpose, the legislature intends that the department of social and health services develop a policy for assessing sexual aggressiveness and vulnerability to sexual victimization of children and youth who are placed in state-operated or state-funded residential facilities.

NEW SECTION. Section 2. A new section is added to chapter 13.40 RCW to read as follows:

(1) The department shall implement a policy for protecting children placed in state-operated or state-funded residential facilities who are vulnerable to sexual victimization by other youth placed in those facilities who are sexually aggressive. The policy shall include, at a minimum, the following elements:
(a) Development and use of an assessment process for determining when a youth is sexually aggressive for the purposes of this section. The assessment process need not require that every youth who is adjudicated or convicted of a sex offense as defined in RCW 9.94A.030 be determined to be sexually aggressive, nor shall a sex offense adjudication or conviction be required in order to determine a youth is sexually aggressive. Instead, the assessment process shall consider the individual circumstances of the youth, including his or her age, physical size, mental and emotional condition, and other factors relevant to sexual aggressiveness. The definition of "sexually aggressive youth" in RCW 74.13.075 does not apply to this section to the extent that it conflicts with this section.

(b) Development and use of an assessment process for determining when a child may be vulnerable to victimization by a sexually aggressive youth for the purposes of this section. The assessment process shall consider the individual circumstances of the child, including his or her age, physical size, mental and emotional condition, and other factors relevant to vulnerability.

(c) Development and use of placement criteria to avoid assigning youth who are assessed as sexually aggressive to the same sleeping quarters as children assessed as vulnerable to sexual victimization, except that they may be assigned to the same multiple-person dormitory if the dormitory is regularly monitored by visual surveillance equipment or staff checks.

(d) Development and use of procedures for minimizing, within available funds, unsupervised contact in state-operated or state-funded residential facilities between youth assessed as sexually aggressive and children assessed as vulnerable to sexual victimization. The procedures shall include prohibiting any youth committed under this chapter who is assessed as sexually aggressive from entering any sleeping quarters other than the one to which he or she is assigned, unless accompanied by an authorized supervisor.

(2) For the purposes of this section, the following terms have the following meanings:

(a) "Sleeping quarters" means the bedrooms or other rooms within a larger home or residential facility where youth are assigned to sleep.

(b) "Unsupervised contact" means contact occurring outside the sight or hearing of a responsible adult for more than a reasonable period of time under the circumstances.

NEW SECTION. Sec. 3. The department of social and health services shall report to the legislature by December 1, 1996, on the following: (1) Development of the assessment process for determining when a youth is sexually aggressive for the purposes of this act; (2) development of the assessment process for determining when a child may be vulnerable to victimization by a sexually aggressive youth for the purposes of this act; (3) development of the placement criteria and procedures required under section 2(1)(c) and (d) of this act; and (4) the operational and fiscal impacts of extending the requirements of section 2 of this act to all state-funded or state-operated residential facilities where children are placed by the department pursuant to chapters 13.32A, 13.34, 70.96A, and 71.34 RCW.

NEW SECTION. Sec. 4. The policy developed under section 2 of this act shall be implemented within the juvenile rehabilitation administration by January 1, 1997."
"The department will be using an advisory committee of affected and interested parties to develop these categories, activities and equipment, including, where appropriate, size and emission thresholds. These will be adopted by the department in rules and will complete the implementation of de minimis new source exemptions. The entire process will allow the Department of Ecology to focus resources on regulating air emissions of consequence."

"The proposed substitute includes not only these subjects, but also provides that the assessments will be voluntary, in part; provides that the Commission may modify the essential learning requirements; and directs that the Commission and the State Board accomplish certain tasks concerning the development of the essential academic learning requirements and the requirements for the certificate of mastery.

"NEW SECTION. Sec. 1. The legislature finds that consumers of child care services have a legitimate interest in receiving timely information about complaints against child care service providers in order to make meaningful choices regarding the facilities and people who provide care for their children. The legislature further finds that as a result of improvements in information management systems, the state’s ability to provide relevant information to child care service consumers has also improved.

The legislature intends to utilize the state’s improved ability to collect and manage information about complaints against child care service providers by requiring the department of social and health services to report all relevant licensing actions and complaints alleging serious issues affecting the health and safety of children to appropriate individuals and organizations in a timely manner. The legislature further intends to authorize the department to report such information to the general public when necessary and appropriate for the health and safety of children.

NEW SECTION. Sec. 2. A new section is added to chapter 74.15 RCW to read as follows:"
(1) The department shall report any adverse licensing actions against a child day-care center or family day-care provider taken under this chapter as a result of serious issues affecting the health and safety of children as follows: (a) Within two business days of taking the action, by posting for at least two weeks a prominent notice of the licensing action at the facility; and (b) within two business days of taking the action, by notifying the referent and appropriate public or private child care resource and referral agencies. Upon request, a center or provider subject to an adverse licensing action under this chapter shall provide the department, within two business days, a complete list of the names, addresses, and telephone numbers of its current clients. The report shall include a description of the grounds for the adverse licensing action.

(2) The department shall report any complaints against a child day-care center or family day-care provider alleging serious issues affecting the health and safety of children that are determined to be well-founded or valid as follows: (a) Within two business days of making the determination, by posting for at least two weeks a prominent notice of the determination at the facility; and (b) within two business days of making the determination, by notifying the referent and appropriate public or private child care resource and referral agencies. Upon request, a center or provider subject to a complaint that must be reported under this subsection shall provide the department, within two business days, a complete list of the names, addresses, and telephone numbers of its current clients. The report shall include a description of the well-founded or valid allegations and a summary of the resolution of the complaint or the follow-up actions taken by the department and the center or provider in response to the complaint.

(3) The department is authorized to report to the general public and counterpart licensing departments in other states, as may be necessary and appropriate to protect the health or safety of children, any information that is required to be reported under subsection (1) or (2) of this section.

(4) If the child day-care center or family day-care provider is later found to have not committed the acts or conduct justifying the adverse licensing action or alleged in a complaint reported under subsection (1), (2), or (3) of this section, the department shall forthwith prepare a notice of public exoneration. The department shall report the public exoneration to the same people and entities, and in the same manner, who received a report under subsections (2) and (3) of this section. Such notice shall also be maintained as part of the department’s permanent record of the licensing action or complaint.

(5) The department shall disclose, upon request, the receipt, general nature, and resolution or current status of all complaints on record with the department after the effective date of this act against a child day-care center or family day-care provider alleging serious issues affecting the health and safety of children, regardless of whether an investigation is pending or the complaint has been determined to be invalid, inconclusive, or unfounded.

(6) This section shall not be construed to require the reporting of any information that is exempt from public disclosure under chapter 42.17 RCW.

NEW SECTION. Sec. 3. A new section is added to chapter 74.15 RCW to read as follows:

At any time during a pending adverse licensing action, a pending investigation of a complaint alleging serious issues affecting the health and safety of children, or an ongoing corrective action plan, the department may, as necessary and appropriate to protect the health or safety of children, (1) place a child day-care center or family day-care provider on nonreferral status, and (2) notify appropriate public and private child care resource and referral agencies of the department’s investigation and decision to place the center or provider on nonreferral status. If the department determines, at the conclusion of the investigation of a proceeding under this section, that no adverse licensure action is appropriate, a complaint is not well founded or valid, or a corrective action plan has been successfully concluded, the department shall remove the provider from nonreferral status and provide appropriate notice to the public and private child care resource and referral agencies.

NEW SECTION. Sec. 4. A new section is added to chapter 74.15 RCW to read as follows:

The department shall prepare an annual report summarizing all investigations for the previous fiscal year relating to serious issues affecting the health or safety of children in the care of child day-care centers and family day-care providers. POINT OF INQUIRY

Senator Anderson: "Senator Kohl, I have been trying to read through this and you have two different trains of thought. One, the procedures for adverse licensing actions—against—against—and that has a set of procedures and then you have a set of procedures that are complaints against the family, day-care center or provider, alleging serious issues affecting the health and safety of the children that are determined to be well-founded or valid."

Senator Kohl: "Yes."

Senator Anderson: "Are those two procedures the same? Are they the same procedures for license violation and then allegations?"

Senator Kohl: "They are very similar. The procedure for licensing violations requires that the department report to the general public and to parents by posting a prominent notice of the licensing action at the facility, for at least two weeks, within two business days of taking the action. In the case of those actions involving serious issues brought forward in the form of complaints, there would have to be a determination made that the complaints were well-founded and valid, involving potential eminent serious harm to the child’s health and well-being.""  

Senator Anderson: "So, that is the piece that would be different?"

Senator Kohl: "Even, that would be different."

Senator Anderson: "The deliberation would have to be made. In terms of the licensing action, that is cut and dried."

Senator Kohl: "Yes, the department."

Senator Anderson: "Okay, and is there a current procedure that they already follow on how to make those determinations?"

Senator Kohl: "No, there is not. This is why we have introduced the bill, so that parents and the public can be informed when there are serious complaints."

Senator Anderson: "So, then, does the department have rule-writing authority under this bill?"

Senator Kohl: "Yes, it does."

Senator Anderson: "To make those determinations?"

Senator Kohl: "Within certain parameters. You will find on page seven, line twenty-one, a description of what constitutes serious issues."

Senator Anderson: "Okay, and then the last thing that I want to know is—I was trying to—the part where they make allegations determined to be well-founded, I didn’t see a definition of well-founded. I understand, going through this, if the allegations are found to be valid, but what is well-founded?"

Senator Kohl: "As I understand, well-founded and valid together constitute a term that is used in cases of child abuse and neglect."

Senator Anderson: "So, it is a legal phrase and there is already precedent for that?"

Senator Kohl: "What I understand is that it refers to the preponderance of evidence."

Senator Anderson: "Okay, thank you."

The President declared the question before the Senate to be the adoption of the striking amendment by Senators Kohl, Hargrove, Long and Johnson to Senate Bill No. 6230. The motion by Senator Kohl carried and the striking amendment was adopted.

On page 2, line 19, after "week" insert "or portion thereof"
On page 2, line 21, after "weeks" insert "or portion thereof"
Debate ensued.

MOTION

Senator West moved that the following amendment by Senators McDonald, McCaslin and West be adopted:
On page 2, after "continues." on line 22, insert "Provided that the striking employees or their representatives are engaged in good faith bargaining to resolve the labor dispute."

POINT OF INQUIRY

Senator Heavey: "Senator West, would good faith bargaining be if the labor union was willing to come to the table, but the employer refused? Would that be considered good faith bargaining even though they weren't at the table?"
Senator West: "I believe so. This simply extends or maintains the clean hands doctrine that no party acting in bad faith would benefit by that bad faith. I believe that if they came and presented themselves at the table, ready and willing to bargain and were not met at the table that wouldn't be a prohibition here."
Further debate ensued.

MOTION

On motion of Senator Smith, the following amendment by Senators Pelz and Smith was adopted:
On page 3, beginning on line 19, after "dispute" strike all material through "practice" on line 20

PARLIAMENTARY INQUIRY

Senator Snyder: "A point of parliamentary inquiry, please. If at 4:55 p.m., we haven't finished consideration of this bill, we could take up Senate Bill No. 6353 and then come back and finish consideration of this bill after 5:00 p.m.?

REPLY BY THE PRESIDENT

President Pritchard: "I'll check with the attorneys. The answer is 'yes.'"

PARLIAMENTARY INQUIRY

Senator West: "For clarification, Senator Snyder's inquiry presumes that there is no intervening business between this and the bill that we take up at 4:55 p.m. Am I to understand, that is the case? Because, otherwise, you would be saying that if--let's say that we defeat this bill in the next two minutes and we bring up another bill or we somehow delay this and go to another bill. That is what I am saying--we are somehow delayed and we go to another bill, then would this bill still be in line?"

REPLY BY THE PRESIDENT

President Pritchard: "We go back to the bill that we were on at the time that it is interrupted at 4:55 p.m."
Senator West: "Thank you, Mr. President."
Senator Anderson moved that the following amendment be adopted:

On page 6, after line 2, insert the following:

"Sec. 3. RCW 50.20.065 and 1993 c 483 s 11 are each amended to read as follows:

(1) Notwithstanding any prior determination made under this chapter, an individual who has been discharged from his or her work because of a felony or gross misdemeanor of which he or she has been convicted, or has admitted committing to a competent authority, and that is connected with his or her work shall (hence) be disqualified from benefits beginning with the first day of the calendar week in which he or she has been discharged or suspended for misconduct and thereafter for five calendar weeks and until he or she has obtained work and earned wages equal to five times his or her benefit amount. In addition, all hourly wage credits based on that employment shall be canceled.

(2) The employer shall notify the department of such an admission or conviction, not later than six months following the admission or conviction.

(3) The claimant shall disclose any conviction of the claimant of a work-connected felony or gross misdemeanor occurring in the previous two years to the department at the time of application for benefits.

(4) All benefits (that are) paid (in excess) based on wage/hour credits that (should have been) are removed from the claimant's base year are recoverable, notwithstanding RCW 50.20.190 or 50.24.020 or any other provisions of this title.

Sec. 4. RCW 50.20.160 and 1990 c 245 s 4 are each amended to read as follows:

(1) A determination of amount of benefits potentially payable issued pursuant to the provisions of RCW 50.20.120 and 50.20.140 shall not serve as a basis for appeal and shall be subject to request by the claimant for reconsideration and/or for redetermination by the commissioner at any time within one year from the date of delivery or mailing of such determination, or any redetermination thereof: PROVIDED, That in the absence of fraud or misrepresentation on the part of the claimant, any benefits paid prior to the date of any redetermination which reduces the amount of benefits payable shall not be subject to recovery under the provisions of RCW 50.20.190. A denial of a request to reconsider or a redetermination shall be furnished the claimant in writing and provide the basis for appeal under the provisions of RCW 50.32.020.

(2) A determination of denial of benefits issued under the provisions of RCW 50.20.180 shall become final, in absence of timely appeal therefrom: PROVIDED, That the commissioner may reconsider and redetermine such determinations at any time within one year from delivery or mailing to correct an error in identity, omission of fact, or misapplication of law with respect to the facts.

(3) A determination of allowance of benefits shall become final, in absence of a timely appeal therefrom: PROVIDED, That the commissioner may redetermine such allowance at any time within two years following the benefit year in which such allowance was made in order to recover any benefits improperly paid and for which recovery is provided under the provisions of RCW 50.20.190: AND PROVIDED FURTHER, That in the absence of fraud, misrepresentation, (false) nondisclosure, or a determination of disqualification under RCW 50.20.065, this provision or the provisions of RCW 50.20.190 shall not be construed so as to permit redetermination or recovery of an allowance of benefits which having been made after consideration of the provisions of RCW 50.20.010(5), or the provisions of RCW 50.20.050, 50.20.060, 50.20.080, or 50.20.090 has become final.

(4) A redetermination may be made at any time: (a) To conform to a final court decision applicable to either an initial determination or a determination of denial or allowance of benefits; (b) in the event of a back pay award or settlement affecting the allowance of benefits; (c) in the case of fraud, misrepresentation, or willful nondisclosure; or (d) in the event of a determination of disqualification under RCW 50.20.065. Written notice of any such redetermination shall be promptly given by mail or delivered to such interested parties as were notified of the initial determination or determination of denial or allowance of benefits and any new interested party or parties who, pursuant to such regulation as the commissioner may prescribe, would be an interested party.

NEW SECTION. Sec. 5. Sections 3 and 4 of this act shall take effect July 2, 1996, and are effective as to job separations occurring on or after July 2, 1996."

POINT OF ORDER

Senator Pelz: "A point of order. I rise to object to this amendment as being outside the scope and object of this bill. This is a bill dealing with unemployment compensation for unemployment resulting from an unfair labor practice. The amendment is clearly dealing with the issue of denying eligibility for unemployment compensation due to misconduct. It takes up a separate issue, an issue that is actually the subject of a bill coming over from the House and I would argue that it is outside the scope and object of the underlying bill."

Further debate ensued.

RULING BY THE PRESIDENT

President Pritchard: "Senator Anderson, the President has decided that Senator Pelz's position is right and that the amendment is beyond the scope and object of the bill."

The amendment by Senator Anderson on page 6, after line 2, to Senate Bill No. 6578 was ruled out of order.

MOTION

On motion of Senator Pelz, the rules were suspended, Engrossed Senate Bill No. 6578 was advanced to third reading, the second reading considered the third and the bill was placed on final passage.

Debate ensued.

PARLIAMENTARY INQUIRY

Senator Strannigan: "Mr. President, a point of parliamentary inquiry. Senate Rule 22 provides that a Senator may not vote upon any question upon which he or she is in anyway personally or directly interested. Mr. President, as an employee and a union member at a company that bargains collectively--and I submit to you as evidence, my Union Card here--my vote on Senate Bill No. 6578 could be perceived as a conflict of interest."

RULING BY THE PRESIDENT
President Pritchard: "Senator under the circumstances that you have described, the President does not consider that you are disqualified from voting. Also, having answered your inquiry, the President would like to refer the Senator to further language in Senate Rule 22, which states that every member who is within the bar of the Senate shall vote, unless unanimously excused from doing so."

POINT OF ORDER
SPECIAL ORDER OF BUSINESS

Senator Spanel: "Mr. President, I rise to a point of order. We have now reached the time for the Special Order of Business on Senate Bill No. 6535."

On page 11, beginning on line 9, strike all of subsection (5) and insert the following:

"(5) A pool reinsurance policy shall be developed by the pool in accordance with this chapter using the system the pool finds most conducive to promoting access to affordable health insurance, containing health care costs, and stabilizing individual insurance premiums at rates no higher than those of comparable insurance sold to groups. The pool may apply deductibles, copayments, and thresholds for such reinsurance at any levels or in any forms it believes will best accomplish these purposes. The pool shall apply any managed care and claims handling techniques it may determine the need for, so long as they are applied consistently with respect to all reinsured members."

If no such plans exist, the insurance commissioner may establish rules to create a hypothetical equivalent based on an actuarial model. The health care authority shall ensure that its model basic health plan is designed to permit both managed care and indemnity type benefit plans."
