State agencies and local governments with regulatory jurisdiction over activities that impact aquatic lands and other wetlands shall not approve a plan for the mitigation of impairment or destruction of aquatic lands or other wetlands which support or otherwise sustain the values of the aquatic habitat of a species listed or proposed for listing under the federal endangered species act (16 U.S.C. Sec. 1351 et seq.), unless the plan provides for replacement or enhancement of aquatic lands or other wetlands providing habitat for such species within five miles of the impacted area, in the case of aquatic lands, or within the same drainage basin, in the case of other wetlands.

NEW SECTION. Sec. 6. A new section is added to chapter 90.48 RCW to read as follows:

A certification by the department under the authority of section 401 of the federal water pollution control amendments of 1972, 22 U.S.C. 1341 et seq., shall not be issued for any project which will impair or destroy aquatic lands or other wetlands which support or otherwise sustain the values of aquatic habitat of a species listed or proposed for listing under the federal endangered species act (16 U.S.C. Sec. 1351 et seq.), unless the project is conditioned to require replacement or enhancement of wetlands providing habitat for such species five miles of the impacted area, in the case of aquatic lands, or within the same drainage basin, in the case of other wetlands."

Renumber the sections consecutively, correct any internal references accordingly, and amend the title accordingly.

Debate ensued.

POINT OF ORDER

Senator West: "Mr. President, I rise to a point of order. I believe the amendments by Senator Patterson on page 3, lines 22 and 26 to the striking amendment by Senator Spanel and Gardner changes the scope and object of the underlying bill, Substitute House Bill No. 1448. The underlying bill, in the intent section, states that the Legislature declares its intent to centralize and streamline the state’s decision making processes for the comprehensive clean-up of urban harbors. It speaks also—it speaks repeatedly of urban harbors and aquatic lands. These amendments are dealing with wetlands not related to urban harbors and is, therefore, outside the scope and object of the underlying bill. Even the striking amendment offered by Senators Spanel and Gardner does not speak to wetlands. It speaks to aquatic lands repeatedly, so there is quite a difference and I would suggest that this is out of scope and object."

Further debate ensued.

MOTION

On motion of Senator Betti Sheldon, further consideration of Substitute House Bill No. 1448 was deferred.

SECOND READING

SUBSTITUTE HOUSE BILL NO. 2152, by House Committee on Health Care (originally sponsored by Representatives Cody, Parlette, Van Luven, Conway and Edmonds)

Concerning long-term care payment rates.

The bill was read the second time.
On motion of Senator Thibaudeau, the rules were suspended, Substitute House Bill No. 2152 was advanced to third reading, the second reading considered the third and the bill was placed on final passage. The President declared the question before the Senate to be the roll call on the final passage of Substitute House Bill No. 2152.

ROLL CALL

The Secretary called the roll on the final passage of Substitute House Bill No. 2152 and the bill passed the Senate by the following vote: Yeas, 48; Nays, 0; Absent, 0; Excused, 1.

Excused: Senator McCaslin - 1.

SUBSTITUTE HOUSE BILL NO. 2152, having received the constitutional majority, was declared passed. There being no objection, the title of the bill will stand as the title of the act.

SECOND READING

ENGROSSED SUBSTITUTE HOUSE BILL NO. 2254, by House Committee on Appropriations (originally sponsored by Representatives DeBolt, Ruderman, Poulsen, Crouse, Morris, Mielke, Bush, Thomas, Cooper, Reardon, Stensen, Keiser, Lantz, Fisher, McDonald, O'Brien, Lovick, Sullivan, Hurst, Santos, Hankins, Kenney, Wolfe, Ogden, Anderson, Kagi, Constantine, Dickerson, Conway, Linville, Rockefeller, Romero, Veloria, Wood, Ericksen, Edmonds, McIntire, Alexander, Mitchell, K. Schmidt and Esser)

Preventing unauthorized changes to, and unauthorized billing for, telecommunication services.

MOTION

Senator Brown moved that the following Committee on Energy, Technology and Telecommunications striking amendment be adopted:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that changes in the rapidly changing telecommunications market are resulting in new consumer problems. The legislature further finds that unauthorized changes in telecommunications service, known commonly as slamming, and unauthorized billing for service on telecommunications bills, known commonly as cramming, are unfair and deceptive consumer practices. The legislature further finds that consumers should have options available to protect themselves against unauthorized service changes and billings. In addition, current penalties and remedies need to be increased to provide a more effective deterrent to these practices.

NEW SECTION. Sec. 2. (1) Every local exchange telecommunications company must offer to its customers, as a part of basic local service and at no additional cost, the following optional services:

(a) Preferred carrier freeze. Preferred carrier freeze procedures, including any solicitation thereof, must clearly distinguish among telecommunications services subject to a preferred carrier freeze. The carrier offering the freeze must obtain separate authorization for each service for which a preferred carrier freeze is requested. If a customer has subscribed to preferred carrier freeze, the local exchange company may not make changes to the customer's telecommunications services including without limitation local exchange service, intraLATA, interLATA, intrastate toll, interstate toll, or international toll service except on direct oral or written direction of the customer and shall reject any orders for change in service that are submitted on behalf of the customer; and

(b) Bill block services must be offered by December 31, 1999. Customers may block the billing of nontelecommunication products or services or telecommunication services provided by a company other than the customer's local exchange carrier or authorized long distance carrier. On request of bill block services by the customer, service providers that are not affiliated with the local exchange carrier shall not submit charges to the local exchange carrier for nontelecommunications products, services or nonpresubscribed intrastate or interstate toll services. For purposes of this subsection, nonpresubscribed intrastate or interstate toll services shall not include operator-assisted long distance, dial-around long distance, collect calls, or calling card services."
(2) Each local exchange telecommunications company must notify its customers of the services described in this section at the time service is established and at least once per year thereafter. The commission may prescribe the form of notice by rule.

NEW SECTION. Sec. 3. All lists of charges for services that appear on a customer's bill shall be clear, separate, and distinct. At a minimum, all bills must clearly identify on the bill the company making the charge, the specific product, service, or package of services being billed for, and a toll-free contact number for disputing a charge. The commission may prescribe the form of bill disclosure by rule.

NEW SECTION. Sec. 4. (1)(a) No person shall: (i) Cause a change in a customer's selection of telecommunications company without the customer's authorization as prescribed by the commission; and (ii) place or cause to be placed an unauthorized charge on a customer's telecommunications account.

(b) Any customer who is the victim of acts prohibited by this section is absolved of liability for (i) all charges imposed by the unauthorized carrier for products or services provided during the first thirty days after the unauthorized change, or for a longer period of time as permitted by the commission; (ii) all charges required to return the customer to his or her properly authorized carrier; and (iii) all other charges imposed in connection with the unauthorized change.

(2) The carrier that a customer contacts to report an unauthorized change, whether that entity is the customer's local exchange company, unauthorized carrier, or the customer's authorized carrier shall immediately take appropriate action to return the customer to his or her authorized carrier. The carrier that a customer calls to report an unauthorized change, whether that entity is the customer's local exchange company, unauthorized carrier, or the customer's authorized carrier is required to inform the customer that he or she is not required to pay for any unauthorized charges incurred after the unauthorized change. The unauthorized carrier shall remove charges, if any, from the customer's bill for charges incurred within the first thirty days of the unauthorized change and any charges required to return the customer to his or her properly authorized carrier. The local exchange carrier, when serving as the billing agent, may independently carry out the provisions of this subsection.

(3) If a customer disputes a charge for nontelecommunications service, or telecommunications services provided by a company other than the customer's local exchange carrier or authorized long-distance carrier, the local exchange company shall remove the charge from the bill. This subsection does not affect the ability of the charging company to independently collect legitimate charges.

(4) The commission may adopt rules necessary to enforce this section.

NEW SECTION. Sec. 5. In addition to any penalties provided by law, the commission may take one or more of the following actions:

(1) Order payment by an unauthorized service provider to the service provider previously selected by the customer in an amount not to exceed all charges billed to the customer by the unauthorized service provider for services provided during the unauthorized service period; and

(2) Order the unauthorized service provider to refund all payments made by the customer for services provided during the unauthorized service period.

NEW SECTION. Sec. 6. The legislature finds that the practices covered by section 4(1)(a) of this act are matters vitally affecting the public interest for purposes of applying the consumer protection act. A violation of section 4(1)(a) of this act is not reasonable in relation to the development and preservation of business and is an unfair or deceptive act in trade or commerce for the purpose of applying the consumer protection act, chapter 19.86 RCW. In any action under chapter 19.86 RCW, a person who proves any of the causes of action identified in this section is entitled to a presumption of injury and in addition to recovering costs and reasonable attorneys' fees, damages may be ordered in the amount of two thousand five hundred dollars.

NEW SECTION. Sec. 7. The Washington utilities and transportation commission and the attorney general shall assess and report to the legislature by June 2000 whether the practices of unauthorized service changes and billing have been deterred by this act and may make recommendations to the legislature with regard to enforcement.

NEW SECTION. Sec. 8. Sections 2 through 6 of this act are each added to chapter 80.36 RCW.

NEW SECTION. Sec. 9. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

MOTION

Senator Brown moved that the following amendments to the Committee on Energy, Technology and Telecommunications striking amendment be considered simultaneously and be adopted:

On page 1, line 9 of the amendment, after "problems." insert "The legislature finds that universal telephone service, which is the wide availability of basic telephone service at reasonably affordable rates, has long been the policy of the state of Washington and is essential to the economic well-being of the state. The legislature finds that affordable telecommunications
service is jeopardized by the transition to a competitive telecommunications market and that a program for the preservation and advancement of universal telecommunications service is necessary to protect affordable basic telecommunications service throughout the state."

On page 1, after line 16 of the amendment, insert the following:

"NEW SECTION. Sec. 2. A new section is added to chapter 80.36 RCW to read as follows:

(1) The legislature approves the plan that the utilities and transportation commission has prepared under RCW 80.36.600. The legislature directs the commission to implement a program for the preservation and advancement of universal telecommunications service consistent with RCW 80.36.600 and the requirements of the federal telecommunications act of 1996 (47 U.S.C. Sec. 254) to:
   (a) Benefit all telecommunications carriers in the state by ensuring that there exists a modern telecommunications network to which all carriers and their customers have reasonable access;
   (b) Provide support for all telecommunications lines used to provide basic telecommunications services, as defined in RCW 80.36.600, for customers of telecommunications companies in high-cost locations; and
   (c) Replace the existing system of universal service provisioning, that relies on implicit subsidies for companies serving customers in high-cost locations, with a program that relies on explicit contributions to a fund.

(2) The universal service fund is created. The fund shall be outside the state treasury and an appropriation is not required for expenditures from the fund.

(3) Every telecommunications carrier shall contribute to the fund on an equitable and nondiscriminatory basis. The commission shall establish each carrier's fee annually by order. A carrier's fee may not exceed three percent of its gross end-user telecommunications revenue."

Renumber the remaining sections consecutively and correct any internal references accordingly.

POINT OF ORDER

Senator Hochstatter: "A point of order, Mr. President. I challenge the amendments by Senator Brown on page 1, lines 9 and 16, to the Committee on Energy, Technology and Telecommunications striking amendment in that the subject matter setting up a new telecommunications universal service fund lies outside the scope and object of this bill. The underlying bill is slamming and cramming and that is to say that it is illegal charges and illegal switching of your long distance carrier. The two subjects are both telecommunications, but are far different in scope and I would ask for your judgement on this issue. Thank you."

Further debate ensued.

MOTION

On motion of Senator Betti Sheldon, further consideration of Engrossed Substitute House Bill No. 2254 was deferred.

SECOND READING

HOUSE BILL NO. 2259, by Representatives Murray, Hankins, Ogden, K. Schmidt, Fisher, Radcliff, Hatfield and Hurst

Extending the term of drivers' licenses.

The bill was read the second time.

MOTION

Senator Haugen moved that the following Committee on Transportation striking amendment be adopted:

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 46.20.161 and 1999 c 6 s 22 are each amended to read as follows:

The department, upon receipt of a fee of ((fourteen)) twenty dollars, which includes the fee for the required photograph, shall issue to every qualifying applicant a driver's license. The license must include a distinguishing number assigned to the licensee, the name of record, date of birth, Washington residence address, photograph, a brief description of the licensee, and
either a facsimile of the signature of the licensee or a space upon which the licensee shall write his or her usual signature with pen and ink immediately upon receipt of the license. No license is valid until it has been so signed by the licensee.

Sec. 2. RCW 46.20.181 and 1999 c 6 s 23 are each amended to read as follows:
(1) Every driver's license expires on the fourth anniversary of the licensee's birthdate following the issuance of the license.
(2) A person may renew his or her license on or before the expiration date by submitting an application as prescribed by the department and paying a fee of \((\text{fourteen})\) twenty dollars. This fee includes the fee for the required photograph.
(3) A person renewing his or her driver's license more than sixty days after the license has expired shall pay a penalty fee of ten dollars in addition to the renewal fee, unless his or her license expired when:
(a) The person was outside the state and he or she renews the license within sixty days after returning to this state; or
(b) The person was incapacitated and he or she renews the license within sixty days after the termination of the incapacity.

Sec. 3. RCW 46.20.470 and 1989 c 178 s 21 are each amended to read as follows:
There shall be an additional fee for issuing any class of commercial driver's license in addition to the prescribed fee required for the issuance of the original driver's license. The additional fee for each class shall not exceed \((\text{sixteen})\) sixteen dollars for the original commercial driver's license or subsequent renewals. The fee shall be deposited in the highway safety fund.

Sec. 4. RCW 46.20.505 and 1993 c 115 s 1 are each amended to read as follows:
Every person applying for a special endorsement or a new category of endorsement of a driver's license authorizing such person to drive a motorcycle or a motor-driven cycle shall pay an examination fee of two dollars which is not refundable. In addition, the endorsement fee for the initial or new category motorcycle endorsement shall be \((\text{eight})\) eight dollars, and the subsequent renewal endorsement fee shall be \((\text{fourteen})\) twenty dollars. The initial or new category and renewal endorsement fees shall be deposited in the motorcycle safety education account of the highway safety fund."

POINT OF INQUIRY

Senator Finkbeiner: "Senator Haugen, do I understand this correctly that the amendment that we are just about to vote on would raise the fee for driver's licenses?"
Senator Haugen: "Both ways, it does."
Senator Finkbeiner: "And does this amendment that we are voting on raise it higher?"
Senator Haugen: "No, it is the same. It would end up the same. It is a dollar and a half a year. If it goes to six years, it is thirty dollars. If it stays at four years, it is twenty dollars."
Senator Finkbeiner: "Okay. Thanks for that clarification. I'll save my remarks for the underlying bill."
The President declared the question before the Senate to be the adoption of the Committee on Transportation striking amendment to House Bill No. 2259.
The motion by Senator Haugen carried and the committee striking amendment was adopted.

MOTIONS

On motion of Senator Haugen, the following title amendment was adopted:
On page 1, line 1 of the title, after "licenses;" strike the remainder of the title and insert "and amending RCW 46.20.161, 46.20.181, 46.20.470, and 46.20.505."

On motion of Senator Haugen, the rules were suspended, House Bill No. 2259, as amended by the Senate, was advanced to third reading, the second reading considered the third and the bill was placed on final passage.

Debate ensued.
The President declared the question before the Senate to be the roll call on the final passage of House Bill No. 2259, as amended by the Senate.

ROLL CALL

The Secretary called the roll on the final passage of House Bill No. 2259, as amended by the Senate, and the bill passed the Senate by the following vote: Yeas, 35; Nays, 12; Absent, 1; Excused, 1.

Voting nay: Senators Benton, Finkbeiner, Goings, Hochstatter, McDonald, Roach, Rossi, Sheahan, Stevens, Swecker, West and Zarelli - 12.

Absent: Senator Morton - 1.

Excused: Senator McCaslin - 1.

HOUSE BILL NO. 2259, as amended by the Senate, having received the constitutional majority, was declared passed. There being no objection, the title of the bill will stand as the title of the act.

There being no objection, the Senate resumed consideration of Substitute House Bill No. 1448 and the pending amendments by Senator Patterson on page 3, lines 22 and after line 26, to the striking amendment by Senators Spanel and Gardner, deferred earlier today.

RULING BY THE PRESIDENT

President Owen: "In ruling upon the point of order raised by Senator West to the scope and object of the amendments by Senator Patterson on page 3, lines 22 and 26, to the striking amendment by Senators Spanel and Gardner, the President finds that Substitute House Bill No. 1448 is a measure which provides that the Department of Ecology shall have primary responsibility for clean up of state-owned aquatic lands, and permits the Department of Ecology to evaluate remedial actions concerning state-owned aquatic lands.

“The amendments by Senator Patterson to the striking amendment would establish mitigation requirements for aquatic lands, but also for wetlands.

“For this reason, the President finds that the amendments does change the scope and object of the bill and the point of order is well taken."

The amendments on page 3, lines 22 and 26 by Senator Patterson to the striking amendment by Senators Spanel and Gardner to Substitute House Bill No. 1448 were ruled out of order.

The President declared the question before the Senate to be the adoption of the striking amendment by Senators Spanel and Gardner to Substitute House Bill No. 1448.

Debate ensued.

The motion by Senator Spanel failed and the striking amendment was not adopted on a rising vote.

MOTION

Senator Jacobsen moved that the following Committee on Natural Resources, Parks and Recreation striking amendment be adopted;

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. In order to encourage the cleanup of contaminated areas of aquatic lands, the legislature declares its intent to centralize and streamline the state's decision-making processes. The department of ecology shall assume primary responsibility, on behalf of the state, for working cooperatively with local communities to seek expeditious and innovative cleanup solutions for state-owned aquatic lands. The department of ecology's decisions for remediation of state-owned aquatic lands shall be binding on all other state agencies.

The legislature recognizes that local governments, through the shoreline management act, chapter 90.58 RCW, and the growth management act, chapter 36.70A RCW, have planned comprehensively in conjunction with the state and with port districts for the land uses that will occur on and around aquatic lands.

In all land management matters involving state-owned aquatic land other than the cleanup of state-owned aquatic land, the department of natural resources shall retain all of its powers and responsibilities for implementing chapters 79.90 through 79.96 RCW and shall continue to exercise all of these existing land management powers and responsibilities.

NEW SECTION. Sec. 2. A new section is added to chapter 79.90 RCW to read as follows:

(1) The state finds that it may be appropriate to use state-owned aquatic lands as part of a remedial action for contaminated sediments from state or federally required cleanups of aquatic areas, or as mitigation for the habitat impacts of cleanup or disposal actions. In examining a proposal to use state-owned aquatic lands for disposal or habitat mitigation, the department of ecology, as required under chapters 70.105D, 90.48, and 43.21C RCW, shall evaluate a range of alternatives that consider habitat impacts, impacts to navigation and water-borne commerce, cost, and the benefits of expeditiously reducing the availability of hazardous substances to the environment.
(2) The department of ecology may require the disposal or containment of contaminated sediments on state-owned aquatic lands only in an approved multi-user confined aquatic disposal site, or when the following conditions are met:
   (a) The department finds that such use presents the most environmentally protective option among a reasonable range of upland, nearshore, and in-water disposal options;
   (b) The department of ecology finds that there are no unacceptable adverse environmental impacts from the loss of nearshore vegetated aquatic habitat; and
   (c) The normal use for commerce and navigation is not impaired.

(3) In examining alternatives for remedial action, the department shall consult with affected state agencies, federal agencies, tribes, port districts, and local governments. In selecting disposal sites under this section, the department shall strive to limit the number of separate disposal locations.

(4) If the department of ecology, in exercising its regulatory authority to require cleanup of contaminated sediments, chooses a remedial action or concurs with an action required under the comprehensive environmental response, compensation, and liability act of 1980 that requires the use of state-owned aquatic lands for containment or disposal of sediments, or for mitigation of habitat, the department of natural resources shall issue a use authorization within sixty days of the date the department of ecology issues or concurs in a final remedial action. This use authorization must contain the provisions needed to expeditiously allow the use of state-owned aquatic lands for the implementation of those activities required, or concurred with, by the department of ecology. The use authorization may not contain terms or conditions which, in the judgment of the department of ecology, delay or alter the purpose of the remedial action. Any such use authorization may contain measures to indemnify or otherwise hold the state harmless from any additional liability arising out of the use of state-owned aquatic lands. Nothing in this section shall be construed to impose liability on the state as a result of the department of ecology's exercise of its regulatory authority to require cleanup.

(5) This section only applies to the cleanup and mitigation of the impacts of cleanup of state-owned aquatic land. It does not affect the powers and responsibilities of the department of natural resources for implementing chapters 79.90 through 79.96 RCW in any other land management matters.

Sec. 3. RCW 79.90.465 and 1984 c 221 s 4 are each amended to read as follows:

The definitions in this section apply throughout chapters 79.90 through 79.96 RCW.

(1) "Water-dependent use" means a use which cannot logically exist in any location but on the water. Examples include, but are not limited to, water-borne commerce; terminal and transfer facilities; ferry terminals; watercraft sales in conjunction with other water-dependent uses; watercraft construction, repair, and maintenance; moorage and launching facilities; aquaculture; log booming; aquatic habitat mitigation; and public fishing piers and parks.

(2) "Water-oriented use" means a use which historically has been dependent on a waterfront location, but with existing technology could be located away from the waterfront. Examples include, but are not limited to, wood products manufacturing, watercraft sales, fish processing, petroleum refining, sand and gravel processing, log storage, and house boats. For purposes of determining rent under this chapter, water-oriented uses shall be classified as water-dependent uses if the activity either is conducted on state-owned aquatic lands leased on October 1, 1984, or was actually conducted on the state-owned aquatic lands for at least three years before October 1, 1984. If, after October 1, 1984, the activity is changed to a use other than a water-dependent use, the activity shall be classified as a nonwater-dependent use. If continuation of the existing use requires leasing additional state-owned aquatic lands and is permitted under the shoreline management act of 1971, chapter 90.58 RCW, the department may allow reasonable expansion of the water-oriented use.

(3) "Nonwater-dependent use" means a use which can operate in a location other than on the waterfront. Examples include, but are not limited to, hotels, condominiums, apartments, restaurants, retail stores, and warehouses not part of a marine terminal or transfer facility.

(4) "Log storage" means the water storage of logs in rafts or otherwise prepared for shipment in water-borne commerce, but does not include the temporary holding of logs to be taken directly into a vessel or processing facility.

(5) "Log booming" means placing logs into and taking them out of the water, assembling and disassembling log rafts before or after their movement in water-borne commerce, related handling and sorting activities taking place in the water, and the temporary holding of logs to be taken directly into a processing facility. "Log booming" does not include the temporary holding of logs to be taken directly into a vessel.

(6) "Department" means the department of natural resources.

(7) "Port district" means a port district created under Title 53 RCW.

(8) The "real rate of return" means the average for the most recent ten calendar years of the average rate of return on conventional real property mortgages as reported by the federal home loan bank board or any successor agency, minus the average inflation rate for the most recent ten calendar years.
The "inflation rate" for a given year is the percentage rate of change in the previous calendar year's all commodity producer price index of the bureau of labor statistics of the United States department of commerce. If the index ceases to be published, the department shall designate by rule a comparable substitute index.

"Public utility lines" means pipes, conduits, and similar facilities for distribution of water, electricity, natural gas, telephone, other electronic communication, and sewers, including sewer outfall lines.

"Terminal" means a point of interchange between land and water carriers, such as a pier, wharf, or group of such, equipped with facilities for care and handling of cargo and/or passengers.

"State-owned aquatic lands" means those aquatic lands and waterways administered by the department of natural resources or managed under RCW 79.90.475 by a port district. "State-owned aquatic lands" does not include aquatic lands owned in fee by, or withdrawn for the use of, state agencies other than the department of natural resources.

Debate ensued.
The President declared the question before the Senate to be the adoption of the Committee on Natural Resources, Parks and Recreation striking amendment to Substitute House Bill No. 1448.
The motion by Senator Jacobsen carried and the committee striking amendment was adopted.

MOTIONS

On motion of Senator Jacobsen, the following title amendment was adopted:
On page 1, line 2 of the title, after "sediments;" strike the remainder of the title and insert "amending RCW 79.90.465; adding a new section to chapter 79.90 RCW; and creating a new section."

On motion of Senator Jacobsen, the rules were suspended, Substitute House Bill No. 1448, as amended by the Senate, was advanced to third reading, the second reading considered the third and the bill was placed on final passage.
The President declared the question before the Senate to be the roll call on the final passage of Substitute House Bill No. 1448, as amended by the Senate.

ROLL CALL

The Secretary called the roll on the final passage of Substitute House Bill No. 1448, as amended by the Senate, and the bill passed the Senate by the following vote: Yeas, 33; Nays, 14; Absent, 1; Excused, 1.

Voting nay: Senators Brown, Costa, Eide, Fairley, Franklin, Fraser, Gardner, Kline, Kohl-Welles, McAuliffe, Patterson, Rasmussen, Spanel and Thibaudeau - 14.

Absent: Senator Morton - 1.

Excused: Senator McCaslin - 1.

SUBSTITUTE HOUSE BILL NO. 1448, as amended by the Senate, having received the constitutional majority, was declared passed. There being no objection, the title of the bill will stand as the title of the act.

There being no objection, the Senate resumed consideration of Engrossed Substitute House Bill No. 2254 and the pending amendments by Senator Brown on page 1, lines 9 and 16, to the Committee on Energy, Technology and Telecommunications striking amendment, deferred earlier today.

RULING BY THE PRESIDENT

President Owen: "In ruling upon the point of order raised by Senator Hochstatter to the scope and object of amendments by Senator Brown on page 1, lines 9 and 16, to the Committee on Energy, Technology and Telecommunications striking amendment, the President finds that Engrossed Substitute House Bill No. 2254 is a measure which only prohibits certain telecommunications practices; namely (1) making unauthorized long distance charges and (2) causing the unauthorized change of long distance carriers.

"The amendments by Senator Brown to the committee striking amendment would create a universal services fund, and direct the U.T.C. to implement a universal services program.

"The President, therefore, finds that the amendments do change the scope and object of the bill and the point of order is well taken."
The amendments by Senator Brown on page 1, lines 9 and 16, to the Committee on Energy, Technology and Telecommunications striking amendment to Engrossed Substitute House Bill No. 2254 were ruled out of order.

MESSAGE FROM THE HOUSE

April 6, 1999

MR. PRESIDENT:

The House has passed ENGROSSED SUBSTITUTE SENATE BILL NO. 5175 with the following amendment(s)

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. A new section is added to chapter 39.33 RCW to read as follows:

(1) An agency as defined in RCW 42.52.010 may donate to any school district or educational service district surplus computers and computer-related equipment.

(2) By September 1, 1999, the office of superintendent of public instruction and the department of general administration shall jointly develop guidelines and distribution standards for the purpose of implementing subsection (1) of this section. The guidelines and distribution standards shall include considerations for quality, school-district needs, and accountability, and shall give priority to meeting the computer-related needs of children with disabilities, including those disabilities that require the portability of laptop computers.

Sec. 2. RCW 43.19.1919 and 1997 c 264 s 2 are each amended to read as follows:

Except as provided in RCW 28A.335.180 (and), 43.19.1920, and section 1 of this act, the division of purchasing shall sell or exchange personal property belonging to the state for which the agency, office, department, or educational institution having custody thereof has no further use, at public or private sale, and cause the moneys realized from the sale of any such property to be paid into the fund from which such property was purchased or, if such fund no longer exists, into the state general fund: PROVIDED, Sales of capital assets may be made by the division of purchasing and a credit established in central stores for future purchases of capital items as provided for in RCW 43.19.190 through 43.19.1939, as now or hereafter amended: PROVIDED FURTHER, That personal property, excess to a state agency, including educational institutions, shall not be sold or disposed of prior to reasonable efforts by the division of purchasing to determine if other state agencies have a requirement for such personal property. Such determination shall follow sufficient notice to all state agencies to allow adequate time for them to make their needs known. Surplus items may be disposed of without prior notification to state agencies if it is determined by the director of general administration to be in the best interest of the state. The division of purchasing shall maintain a record of disposed surplus property, including date and method of disposal, identity of any recipient, and approximate value of the property:

PROVIDED, FURTHER, That this section shall not apply to personal property acquired by a state organization under federal grants and contracts if in conflict with special title provisions contained in such grants or contracts.

If the court determines that a person has insufficient funds to pay the monetary penalty, the court may order performance of a number of hours of community (service) restitution in lieu of a monetary penalty, at the rate of the then state minimum wage per hour.

(5) "Community placement" means that period during which the offender is subject to the conditions of community custody and/or postrelease supervision, which begins either upon completion of the term of confinement (postrelease supervision) or at such time as the offender is transferred to community custody in lieu of earned early release. In addition, all offenders subject to the provisions of this subsection shall not be eligible for community custody, earned early release time, furlough, home detention, partial confinement, work crew, work release, or any other form of early release as defined under RCW 9.94A.150 (1), (2), (3), (5), (7), or (8), or any other form of authorized leave of absence from the correctional facility while not in the direct custody of a corrections officer or officers during such minimum terms of total confinement except in the case of an offender in need of emergency medical treatment or for the purpose of commitment to an inpatient treatment facility in the case of an offender convicted of the crime of rape in the first degree.

(5) In sentencing a first-time offender the court may waive the imposition of a sentence within the sentence range and impose a sentence which may include up to ninety days of confinement in a facility operated or utilized under contract by the county and a requirement that the offender refrain from committing new offenses. The sentence may also include up to two years of community supervision, which, in addition to crime-related prohibitions, may include requirements that the offender perform any one or more of the following:
   (a) Devote time to a specific employment or occupation;
   (b) Undergo available outpatient treatment for up to two years, or inpatient treatment not to exceed the standard range of confinement for that offense;
   (c) Pursue a prescribed, secular course of study or vocational training;
(d) Remain within prescribed geographical boundaries and notify the court or the community corrections officer prior to any change in the offender's address or employment;

(e) Report as directed to the court and a community corrections officer; or

(f) Pay all court-ordered legal financial obligations as provided in RCW 9.94A.030 and/or perform community service. 

(6) (a) An offender is eligible for the special drug offender sentencing alternative if:

(i) The offender is convicted of the manufacture, delivery, or possession with intent to manufacture or deliver a controlled substance classified in Schedule I or II that is a narcotic drug or a felony that is, under chapter 9A.28 RCW or RCW 69.50.407, a criminal attempt, criminal solicitation, or criminal conspiracy to commit such crimes, and the violation does not involve a sentence enhancement under RCW 9.94A.310 (3) or (4);

(ii) The offender has no prior convictions for a felony in this state, another state, or the United States; and

(iii) The offense involved only a small quantity of the particular controlled substance as determined by the judge upon consideration of such factors as the weight, purity, packaging, sale price, and street value of the controlled substance.

(b) If the midpoint of the standard range is greater than one year and the sentencing judge determines that the offender is eligible for this option and that the offender and the community will benefit from the use of the special drug offender sentencing alternative, the judge may waive imposition of a sentence within the standard range and impose a sentence that must include a period of total confinement in a state facility for one-half of the midpoint of the standard range. During incarceration in the state facility, offenders sentenced under this subsection shall undergo a comprehensive substance abuse assessment and receive, within available resources, treatment services appropriate for the offender. The treatment services shall be designed by the division of alcohol and substance abuse of the department of social and health services, in cooperation with the department of corrections. If the midpoint of the standard range is twenty-four months or less, no more than three months of the sentence may be served in a work release status. The court shall also impose one year of concurrent community custody and community supervision that must include appropriate outpatient substance abuse treatment, crime-related prohibitions including a condition not to use illegal controlled substances, and a requirement to submit to urinalysis or other testing to monitor that status. The court may require that the monitoring for controlled substances be conducted by the department or by a treatment alternative to street crime program or a comparable court or agency-referred program. The offender may be required to pay thirty dollars per month while on community custody to offset the cost of monitoring. In addition, the court shall impose three or more of the following conditions:

(i) Devote time to a specific employment or training;

(ii) Remain within prescribed geographical boundaries and notify the court or the community corrections officer before any change in the offender's address or employment;

(iii) Report as directed to a community corrections officer;

(iv) Pay all court-ordered legal financial obligations;

(v) Perform community restitution work;

(vi) Stay out of areas designated by the sentencing judge.

(c) If the offender violates any of the sentence conditions in (b) of this subsection, the department shall impose sanctions administratively, with notice to the prosecuting attorney and the sentencing court. Upon motion of the court or the prosecuting attorney, a violation hearing shall be held by the court. If the court finds that conditions have been willfully violated, the court may impose confinement consisting of up to the remaining one-half of the midpoint of the standard range. All total confinement served during the period of community custody shall be credited to the offender, regardless of whether the total confinement is served as a result of the original sentence, as a result of a sanction imposed by the department, or as a result of a violation found by the court. The term of community supervision shall be tolled by any period of time served in total confinement as a result of a violation found by the court.

(d) The department shall determine the rules for calculating the value of a day fine based on the offender’s income and reasonable obligations which the offender has for the support of the offender and any dependents. These rules shall be developed in consultation with the administrator for the courts, the office of financial management, and the commission.

(7) If a sentence range has not been established for the defendant’s crime, the court shall impose a determinate sentence which may include not more than one year of confinement, community restitution work, a term of community supervision not to exceed one year, and/or other legal financial obligations. The court may impose a sentence which provides more than one year of confinement if the court finds, considering the purpose of this chapter, that there are substantial and compelling reasons justifying an exceptional sentence.

(8)(a) (i) When an offender is convicted of a sex offense other than a violation of RCW 9A.44.050 or a sex offense that is also a serious violent offense and has no prior convictions for a sex offense or any other felony sex offenses in this or any other
state, the sentencing court, on its own motion or the motion of the state or the defendant, may order an examination to determine whether the defendant is amenable to treatment.

The report of the examination shall include at a minimum the following: The defendant's version of the facts and the official version of the facts, the defendant's offense history, an assessment of problems in addition to alleged deviant behaviors, the offender's social and employment situation, and other evaluation measures used. The report shall set forth the sources of the evaluator's information.

The examiner shall assess and report regarding the defendant's amenability to treatment and relative risk to the community. A proposed treatment plan shall be provided and shall include, at a minimum:

(A) Frequency and type of contact between offender and therapist;
(B) Specific issues to be addressed in the treatment and description of planned treatment modalities;
(C) Monitoring plans, including any requirements regarding living conditions, lifestyle requirements, and monitoring by family members and others;
(D) Anticipated length of treatment; and
(E) Recommended crime-related prohibitions.

The court on its own motion may order, or on a motion by the state shall order, a second examination regarding the offender's amenability to treatment. The evaluator shall be selected by the party making the motion. The defendant shall pay the cost of any second examination ordered unless the court finds the defendant to be indigent in which case the state shall pay the cost.

(ii) After receipt of the reports, the court shall consider whether the offender and the community will benefit from use of this special sex offender sentencing alternative and consider the victim's opinion whether the offender should receive a treatment disposition under this subsection. If the court determines that this special sex offender sentencing alternative is appropriate, the court shall then impose a sentence within the sentence range. If this sentence is less than eleven years of confinement, the court may suspend the execution of the sentence and impose the following conditions of suspension:

(A) The court shall place the defendant on community custody for the length of the suspended sentence or three years, whichever is greater, and require the offender to comply with any conditions imposed by the department of corrections under subsection (14) of this section;
(B) The court shall order treatment for any period up to three years in duration. The court in its discretion shall order outpatient sex offender treatment or inpatient sex offender treatment, if available. A community mental health center may not be used for such treatment unless it has an appropriate program designed for sex offender treatment. The offender shall not change sex offender treatment providers or treatment conditions without first notifying the prosecutor, the community corrections officer, and the court, and shall not change providers without court approval after a hearing if the prosecutor or community corrections officer object to the change. In addition, as conditions of the suspended sentence, the court may impose other sentence conditions including up to six months of confinement, not to exceed the sentence range of confinement for that offense, crime-related prohibitions, and requirements that the offender perform any one or more of the following:

(I) Devote time to a specific employment or occupation;
(II) Remain within prescribed geographical boundaries and notify the court or the community corrections officer prior to any change in the offender's address or employment;
(III) Report as directed to the court and a community corrections officer;
(IV) Pay all court-ordered legal financial obligations as provided in RCW 9.94A.030, perform community service, work, or any combination thereof; or
(V) Make recoupment to the victim for the cost of any counseling required as a result of the offender's crime; and
(C) Sex offenders sentenced under this special sex offender sentencing alternative are not eligible to accrue any earned early release time while serving a suspended sentence.
(iii) The sex offender therapist shall submit quarterly reports on the defendant's progress in treatment to the court and the parties. The report shall reference the treatment plan and include at a minimum the following: Dates of attendance, defendant's compliance with requirements, treatment activities, the defendant's relative progress in treatment, and any other material as specified by the court at sentencing.
(iv) At the time of sentencing, the court shall set a treatment termination hearing for three months prior to the anticipated date for completion of treatment. Prior to the treatment termination hearing, the treatment professional and community corrections officer shall submit written reports to the court and parties regarding the defendant's compliance with treatment and monitoring requirements, and recommendations regarding termination from treatment, including proposed community supervision conditions. Either party may request and the court may order another evaluation regarding the advisability of termination from treatment. The defendant shall pay the cost of any additional evaluation ordered unless the court finds the defendant to be indigent in which case
the state shall pay the cost. At the treatment termination hearing the court may: (A) Modify conditions of community custody, and either (B) terminate treatment, or (C) extend treatment for up to the remaining period of community custody.

(v) If a violation of conditions occurs during community custody, the department shall either impose sanctions as provided for in RCW 9.94A.205(2)(a) or refer the violation to the court and recommend revocation of the suspended sentence as provided for in (a)(vi) of this subsection.

(vi) The court may revoke the suspended sentence at any time during the period of community custody and order execution of the sentence if: (A) The defendant violates the conditions of the suspended sentence, or (B) the court finds that the defendant is failing to make satisfactory progress in treatment. All confinement time served during the period of community custody shall be credited to the offender if the suspended sentence is revoked.

(vii) Except as provided in (a)(viii) of this subsection, after July 1, 1991, examinations and treatment ordered pursuant to this subsection shall only be conducted by sex offender treatment providers certified by the department of health pursuant to chapter 18.155 RCW.

(viii) A sex offender therapist who examines or treats a sex offender pursuant to this subsection (8) does not have to be certified by the department of health pursuant to chapter 18.155 RCW if the court finds that: (A) The offender has already moved to another state or plans to move to another state for reasons other than circumventing the certification requirements; (B) no certified providers are available for treatment within a reasonable geographical distance of the offender's home; and (C) the evaluation and treatment plan comply with this subsection (8) and the rules adopted by the department of health.

(ix) For purposes of this subsection (8), "victim" means any person who has sustained emotional, psychological, physical, or financial injury to person or property as a result of the crime charged. "Victim" also means a parent or guardian of a victim who is a minor child unless the parent or guardian is the perpetrator of the offense.

(x) If the defendant was less than eighteen years of age when the charge was filed, the state shall pay for the cost of initial evaluation and treatment.

(b) When an offender commits any felony sex offense on or after July 1, 1987, and is sentenced to a term of confinement of more than one year but less than six years, the sentencing court may, on its own motion or on the motion of the offender or the state, request the department of corrections to evaluate whether the offender is amenable to treatment and the department may place the offender in a treatment program within a correctional facility operated by the department.

Except for an offender who has been convicted of a violation of RCW 9A.44.040 or 9A.44.050, if the offender completes the treatment program before the expiration of his or her term of confinement, the department of corrections may request the court to convert the balance of confinement to community supervision and to place conditions on the offender including crime-related prohibitions and requirements that the offender perform any one or more of the following:

(i) Devote time to a specific employment or occupation;

(ii) Remain within prescribed geographical boundaries and notify the court or the community corrections officer prior to any change in the offender's address or employment;

(iii) Report as directed to the court and a community corrections officer;

(iv) Undergo available outpatient treatment.

If the offender violates any of the terms of his or her community supervision, the court may order the offender to serve out the balance of his or her community supervision term in confinement in the custody of the department of corrections.

Nothing in this subsection (8)(b) shall confer eligibility for such programs for offenders convicted and sentenced for a sex offense committed prior to July 1, 1987. This subsection (8)(b) does not apply to any crime committed after July 1, 1990.

(c) Offenders convicted and sentenced for a sex offense committed prior to July 1, 1987, may, subject to available funds, request an evaluation by the department of corrections to determine whether they are amenable to treatment. If the offender is determined to be amenable to treatment, the offender may request placement in a treatment program within a correctional facility operated by the department. Placement in such treatment program is subject to available funds.

(9)(a) When a court sentences a person to a term of total confinement to the custody of the department of corrections for an offense categorized as a sex offense or a serious violent offense committed after July 1, 1988, but before July 1, 1990, assault in the second degree, assault of a child in the second degree, any crime against a person where it is determined in accordance with RCW 9.94A.125 that the defendant or an accomplice was armed with a deadly weapon at the time of commission, or any felony offense under chapter 69.50 or 69.52 RCW not sentenced under subsection (6) of this section, committed on or after July 1, 1988, the court shall in addition to the other terms of the sentence, sentence the offender to a one-year term of community placement beginning either upon completion of the term of confinement or at such time as the offender is transferred to community custody in lieu of earned early release in accordance with RCW 9.94A.150 (1) and (2). When the court sentences an offender under this subsection to the statutory maximum period of confinement then the community placement portion of the sentence shall consist entirely of such community custody to which the offender may become eligible, in accordance...
with RCW 9.94A.150 (1) and (2). Any period of community custody actually served shall be credited against the community placement portion of the sentence.

(b) When a court sentences a person to a term of total confinement to the custody of the department of corrections for an offense categorized as a sex offense committed on or after July 1, 1990, but before June 6, 1996, a serious violent offense, vehicular homicide, or vehicular assault, committed on or after July 1, 1990, the court shall in addition to other terms of the sentence, sentence the offender to community placement for two years or up to the period of earned early release awarded pursuant to RCW 9.94A.150 (1) and (2), whichever is longer. The community placement shall begin either upon completion of the term of confinement or at such time as the offender is transferred to community custody in lieu of earned early release in accordance with RCW 9.94A.150 (1) and (2). When the court sentences an offender under this subsection to the statutory maximum period of confinement then the community placement portion of the sentence shall consist entirely of the community custody to which the offender may become eligible, in accordance with RCW 9.94A.150 (1) and (2). Any period of community custody actually served shall be credited against the community placement portion of the sentence. Unless a condition is waived by the court, the terms of community placement for offenders sentenced pursuant to this section shall include the following conditions:

(i) The offender shall report to and be available for contact with the assigned community corrections officer as directed;
(ii) The offender shall work at department of corrections-approved education, employment, and/or community (service);

restitution:
(iii) The offender shall not possess or consume controlled substances except pursuant to lawfully issued prescriptions;
(iv) The offender shall pay supervision fees as determined by the department of corrections;
(v) The residence location and living arrangements are subject to the prior approval of the department of corrections during the period of community placement; and
(vi) The offender shall submit to affirmative acts necessary to monitor compliance with the orders of the court as required by the department.

(c) As a part of any sentence imposed under (a) or (b) of this subsection, the court may also order any of the following special conditions:

(i) The offender shall remain within, or outside of, a specified geographical boundary;
(ii) The offender shall not have direct or indirect contact with the victim of the crime or a specified class of individuals;
(iii) The offender shall participate in crime-related treatment or counseling services;
(iv) The offender shall not consume alcohol;
(v) The offender shall comply with any crime-related prohibitions; or
(vi) For an offender convicted of a felony sex offense against a minor victim after June 6, 1996, the offender shall comply with any terms and conditions of community placement imposed by the department of corrections relating to contact between the sex offender and a minor victim or a child of similar age or circumstance as a previous victim.

(d) Prior to transfer to, or during, community placement, any conditions of community placement may be removed or modified so as not to be more restrictive by the sentencing court, upon recommendation of the department of corrections.

(10)(a) When a court sentences a person to the custody of the department of corrections for an offense categorized as a sex offense committed on or after June 6, 1996, the court shall, in addition to other terms of the sentence, sentence the offender to community custody for three years or up to the period of earned early release awarded pursuant to RCW 9.94A.150 (1) and (2), whichever is longer. The community custody shall begin either upon completion of the term of confinement or at such time as the offender is transferred to community custody in lieu of earned early release in accordance with RCW 9.94A.150 (1) and (2).

(b) Unless a condition is waived by the court, the terms of community custody shall be the same as those provided for in subsection (9)(b) of this section and may include those provided for in subsection (9)(c) of this section. As part of any sentence that includes a term of community custody imposed under this subsection, the court shall also require the offender to comply with any conditions imposed by the department of corrections under subsection (14) of this section.

(c) At any time prior to the completion of a sex offender’s term of community custody, if the court finds that public safety would be enhanced, the court may impose and enforce an order extending any or all of the conditions imposed pursuant to this section for a period up to the maximum allowable sentence for the crime as it is classified in chapter 9A.20 RCW, regardless of the expiration of the offender’s term of community custody. If a violation of a condition extended under this subsection occurs after the expiration of the offender’s term of community custody, it shall be deemed a violation of the sentence for the purposes of RCW 9.94A.195 and may be punishable as contempt of court as provided for in RCW 7.21.040.

(11) If the court imposes a sentence requiring confinement of thirty days or less, the court may, in its discretion, specify that the sentence be served on consecutive or intermittent days. A sentence requiring more than thirty days of confinement shall be served on consecutive days. Local jail administrators may schedule court-ordered intermittent sentences as space permits.
(12) If a sentence imposed includes payment of a legal financial obligation, the sentence shall specify the total amount of the legal financial obligation owed, and shall require the offender to pay a specified monthly sum toward that legal financial obligation. Restitution to victims shall be paid prior to any other payments of monetary obligations. Any legal financial obligation that is imposed by the court may be collected by the department, which shall deliver the amount paid to the county clerk for credit. The offender's compliance with payment of legal financial obligations shall be supervised by the department for ten years following the entry of the judgment and sentence or ten years following the offender's release from total confinement. All monetary payments ordered shall be paid no later than ten years after the last date of release from confinement pursuant to a felony conviction or the date the sentence was entered unless the superior court extends the criminal judgment an additional ten years. If the legal financial obligations including crime victims’ assessments are not paid during the initial ten-year period, the superior court may extend jurisdiction under the criminal judgment an additional ten years as provided in RCW 9.94A.140, 9.94A.142, and 9.94A.145. If jurisdiction under the criminal judgment is extended, the department is not responsible for supervision of the offender during the subsequent period. Independent of the department, the party or entity to whom the legal financial obligation is owed shall have the authority to utilize any other remedies available to the party or entity to collect the legal financial obligation. Nothing in this section makes the department, the state, or any of its employees, agents, or other persons acting on their behalf liable under any circumstances for the payment of these legal financial obligations. If an order includes restitution as one of the monetary assessments, the county clerk shall make disbursements to victims named in the order.

(13) Except as provided under RCW 9.94A.140(1) and 9.94A.142(1), a court may not impose a sentence providing for a term of confinement or community supervision or community placement which exceeds the statutory maximum for the crime as provided in chapter 9A.20 RCW.

(14) All offenders sentenced to terms involving community supervision, community (service) restitution, community placement, or legal financial obligation shall be under the supervision of the department of corrections and shall follow explicitly the instructions and conditions of the department of corrections. The department may require an offender to perform affirmative acts it deems appropriate to monitor compliance with the conditions of the sentence imposed.

(a) The instructions shall include, at a minimum, reporting as directed to a community corrections officer, remaining within prescribed geographical boundaries, notifying the community corrections officer of any change in the offender's address or employment, and paying the supervision fee assessment.

(b) For offenders sentenced to terms involving community custody for crimes committed on or after June 6, 1996, the department may include, in addition to the instructions in (a) of this subsection, any appropriate conditions of supervision, including but not limited to, prohibiting the offender from having contact with any other specified individuals or specific class of individuals. The conditions authorized under this subsection (14)(b) may be imposed by the department prior to or during an offender's community custody term. If a violation of conditions imposed by the court or the department pursuant to subsection (10) of this section occurs during community custody, it shall be deemed a violation of community placement for the purposes of RCW 9.94A.207 and shall authorize the department to transfer an offender to a more restrictive confinement status as provided in RCW 9.94A.205. At any time prior to the completion of a sex offender's term of community custody, the department may recommend to the court that any or all of the conditions imposed by the court or the department pursuant to subsection (10) of this section be continued beyond the expiration of the offender's term of community custody as authorized in subsection (10)(c) of this section.

The department may require offenders to pay for special services rendered on or after July 25, 1993, including electronic monitoring, day reporting, and telephone reporting, dependent upon the offender’s ability to pay. The department may pay for these services for offenders who are not able to pay.

(15) All offenders sentenced to terms involving community supervision, community (service) restitution, or community placement under the supervision of the department of corrections shall not own, use, or possess firearms or ammunition. Offenders who own, use, or are found to be in actual or constructive possession of firearms or ammunition shall be subject to the appropriate violation process and sanctions. "Constructive possession" as used in this subsection means the power and intent to control the firearm or ammunition. "Firearm" as used in this subsection means a weapon or device from which a projectile may be fired by an explosive such as gunpowder.

(16) The sentencing court shall give the offender credit for all confinement time served before the sentencing if that confinement was solely in regard to the offense for which the offender is being sentenced.

(17) A departure from the standards in RCW 9.94A.400 (1) and (2) governing whether sentences are to be served consecutively or concurrently is an exceptional sentence subject to the limitations in subsections (2) and (3) of this section, and may be appealed by the defendant or the state as set forth in RCW 9.94A.210 (2) through (6).

(18) The court shall order restitution whenever the offender is convicted of a felony that results in injury to any person or damage to or loss of property, whether the offender is sentenced to confinement or placed under community supervision, unless
extraordinary circumstances exist that make restitution inappropriate in the court's judgment. The court shall set forth the extraordinary circumstances in the record if it does not order restitution.

(19) As a part of any sentence, the court may impose and enforce an order that relates directly to the circumstances of the crime for which the offender has been convicted, prohibiting the offender from having any contact with other specified individuals or a specific class of individuals for a period not to exceed the maximum allowable sentence for the crime, regardless of the expiration of the offender's term of community supervision or community placement.

(20) The court may order an offender whose sentence includes community placement or community supervision to undergo a mental status evaluation and to participate in available outpatient mental health treatment, if the court finds that reasonable grounds exist to believe that the offender is a mentally ill person as defined in RCW 71.24.025, and that this condition is likely to have influenced the offense. An order requiring mental status evaluation or treatment must be based on a presentence report and, if applicable, mental status evaluations that have been filed with the court to determine the offender's competency or eligibility for a defense of insanity. The court may order additional evaluations at a later date if deemed appropriate.

(21) In any sentence of partial confinement, the court may require the defendant to serve the partial confinement in work release, in a program of home detention, on work crew, or in a combined program of work crew and home detention.

(22) All court-ordered legal financial obligations collected by the department and remitted to the county clerk shall be credited and paid where restitution is ordered. Restitution shall be paid prior to any other payments of monetary obligations.

Sec. 8. RCW 9.94A.200 and 1998 c 260 s 4 are each amended to read as follows:

(1) If an offender violates any condition or requirement of a sentence, the court may modify its order of judgment and sentence and impose further punishment in accordance with this section.

(2) In cases where conditions from a second or later sentence of community supervision begin prior to the term of the second or later sentence, the court shall treat a violation of such conditions as a violation of the sentence of community supervision currently being served.

(3) If an offender fails to comply with any of the requirements or conditions of a sentence the following provisions apply:

(a)(i) Following the violation, if the offender and the department make a stipulated agreement, the department may impose sanctions such as work release, home detention with electronic monitoring, work crew, community ((service)) restitution, inpatient treatment, daily reporting, curfew, educational or counseling sessions, supervision enhanced through electronic monitoring, jail time, or other sanctions available in the community.

(ii) Within seventy-two hours of signing the stipulated agreement, the department shall submit a report to the court and the prosecuting attorney outlining the violation or violations, and sanctions imposed. Within fifteen days of receipt of the report, if the court is not satisfied with the sanctions, the court may schedule a hearing and may modify the department's sanctions. If this occurs, the offender may withdraw from the stipulated agreement.

(iii) If the offender fails to comply with the sanction administratively imposed by the department, the court may take action regarding the original noncompliance. Offender failure to comply with the sanction administratively imposed by the department may be considered an additional violation.

(b) In the absence of a stipulated agreement, or where the court is not satisfied with the department's sanctions as provided in (a) of this subsection, the court, upon the motion of the state, or upon its own motion, shall require the offender to show cause why the offender should not be punished for the noncompliance. The court may issue a summons or a warrant of arrest for the offender's appearance;

(c) The state has the burden of showing noncompliance by a preponderance of the evidence. If the court finds that the violation has occurred, it may order the offender to be confined for a period not to exceed sixty days for each violation, and may (i) convert a term of partial confinement to total confinement, (ii) convert community ((service)) restitution obligation to total or partial confinement, (iii) convert monetary obligations, except restitution and the crime victim penalty assessment, to community ((service)) restitution, inpatient treatment, daily reporting, curfew, educational or counseling sessions, supervision enhanced through electronic monitoring, jail time, or other sanctions available in the community.

(d) If the court finds that the violation was willful, the court may modify its previous order regarding payment of legal financial obligations and regarding community ((service)) restitution obligations; and

(e) If the violation involves a failure to undergo or comply with mental status evaluation and/or outpatient mental health treatment, the community corrections officer shall consult with the treatment provider or proposed treatment provider. Enforcement of orders concerning outpatient mental health treatment must reflect the availability of treatment and must pursue the least restrictive means of promoting participation in treatment. If the offender's failure to receive care essential for health and safety presents a risk of serious physical harm or probable harmful consequences, the civil detention and commitment procedures of chapter 71.05 RCW shall be considered in preference to incarceration in a local or state correctional facility.
(4) The community corrections officer may obtain information from the offender's mental health treatment provider on the offender's status with respect to evaluation, application for services, registration for services, and compliance with the supervision plan, without the offender's consent, as described under RCW 71.05.630.

(5) An offender under community placement or community supervision who is civilly detained under chapter 71.05 RCW, and subsequently discharged or conditionally released to the community, shall be under the supervision of the department of corrections for the duration of his or her period of community placement or community supervision. During any period of inpatient mental health treatment that falls within the period of community placement or community supervision, the inpatient treatment provider and the supervising community corrections officer shall notify each other about the offender's discharge, release, and legal status, and shall share other relevant information.

(6) Nothing in this section prohibits the filing of escape charges if appropriate.

Sec. 9. RCW 9.94A.380 and 1988 c 157 s 4 and 1988 c 155 s 3 are each reenacted and amended to read as follows:

Alternatives to total confinement are available for offenders with sentences of one year or less. These alternatives include the following sentence conditions that the court may order as substitutes for total confinement: (1) One day of partial confinement may be substituted for one day of total confinement; (2) in addition, for offenders convicted of nonviolent offenses only, eight hours of community service may be substituted for one day of total confinement, with a maximum conversion limit of two hundred forty hours or thirty days. Community service hours must be completed within the period of community supervision or a time period specified by the court, which shall not exceed twenty-four months, pursuant to a schedule determined by the department.

For sentences of nonviolent offenders for one year or less, the court shall consider and give priority to available alternatives to total confinement and shall state its reasons in writing on the judgment and sentence form if the alternatives are not used.

Sec. 10. RCW 9.94A.400 and 1998 c 235 s 2 are each amended to read as follows:

(1) Except as provided in (b) or (c) of this subsection, whenever a person is to be sentenced for two or more current offenses, the sentence range for each current offense shall be determined by using all other current and prior convictions as if they were prior convictions for the purpose of the offender score: PROVIDED, That if the court enters a finding that some or all of the current offenses encompass the same criminal conduct then those current offenses shall be counted as one crime. Sentences imposed under this subsection shall be served concurrently. Consecutive sentences may only be imposed under the exceptional sentence provisions of RCW 9.94A.120 and 9.94A.390(2)(g) or any other provision of RCW 9.94A.390. "Same criminal conduct," as used in this subsection, means two or more crimes that require the same criminal intent, are committed at the same time and place, and involve the same victim. This definition applies in cases involving vehicular assault or vehicular homicide even if the victims occupied the same vehicle.

PRIOR ADJUDICATIONS

NOTE: References in the grid to days or weeks mean periods of confinement.

(1) The vertical axis of the grid is the current offense category. The current offense category is determined by the offense of adjudication.

(2) The horizontal axis of the grid is the number of prior adjudications included in the juvenile's criminal history. Each prior felony adjudication shall count as one point. Each prior violation, misdemeanor, and gross misdemeanor adjudication shall count as 1/4 point. Fractional points shall be rounded down.

(3) The standard range disposition for each offense is determined by the intersection of the column defined by the prior adjudications and the row defined by the current offense category.

(4) RCW 13.40.180 applies if the offender is being sentenced for more than one offense.

(5) A current offense that is a violation is equivalent to an offense category of E. However, a disposition for a violation shall not include confinement.
OR
OPTION B
CHEMICAL DEPENDENCY DISPOSITION ALTERNATIVE

If the juvenile offender is subject to a standard range disposition of local sanctions or 15 to 36 weeks of confinement and has not committed an A- or B+ offense, the court may impose a disposition under RCW 13.40.160(5) and 13.40.165.

OR
OPTION C
MANIFEST INJUSTICE

If the court determines that a disposition under option A or B would effectuate a manifest injustice, the court shall impose a disposition outside the standard range under RCW 13.40.160(2).

Sec. 1. RCW 13.40.080 and 1997 c 338 s 70 are each amended to read as follows:

(1) A diversion agreement shall be a contract between a juvenile accused of an offense and a diversionary unit whereby the juvenile agrees to fulfill certain conditions in lieu of prosecution. Such agreements may be entered into only after the prosecutor, or probation counselor pursuant to this chapter, has determined that probable cause exists to believe that a crime has been committed and that the juvenile committed it. Such agreements shall be entered into as expeditiously as possible.

(2) A diversion agreement shall be limited to one or more of the following:

(a) Community (service) restitution not to exceed one hundred fifty hours, not to be performed during school hours if the juvenile is attending school;

(b) Restitution limited to the amount of actual loss incurred by the victim;

(c) Attendance at up to ten hours of counseling and/or up to twenty hours of educational or informational sessions at a community agency. The educational or informational sessions may include sessions relating to respect for self, others, and authority; victim awareness; accountability; self-worth; responsibility; work ethics; good citizenship; literacy; and life skills. For purposes of this section, "community agency" may also mean a community-based nonprofit organization, if approved by the diversion unit. The state shall not be liable for costs resulting from the diversionary unit exercising the option to permit diversion agreements to mandate attendance at up to ten hours of counseling and/or up to twenty hours of educational or informational sessions;

(d) A fine, not to exceed one hundred dollars. In determining the amount of the fine, the diversion unit shall consider only the juvenile’s financial resources and whether the juvenile has the means to pay the fine. The diversion unit shall not consider the financial resources of the juvenile’s parents, guardian, or custodian in determining the fine to be imposed; and

(e) Requirements to remain during specified hours at home, school, or work, and restrictions on leaving or entering specified geographical areas.

(3) In assessing periods of community (service) restitution to be performed and restitution to be paid by a juvenile who has entered into a diversion agreement, the court officer to whom this task is assigned shall consult with the juvenile’s custodial parent or parents or guardian and victims who have contacted the diversionary unit and, to the extent possible, involve members of the community. Such members of the community shall meet with the juvenile and advise the court officer as to the terms of the diversion agreement and shall supervise the juvenile in carrying out its terms.

(4)(a) A diversion agreement may not exceed a period of six months and may include a period extending beyond the eighteenth birthday of the divertee.

(b) If additional time is necessary for the juvenile to complete restitution to the victim, the time period limitations of this subsection may be extended by an additional six months.

(c) If the juvenile has not paid the full amount of restitution by the end of the additional six-month period, then the juvenile shall be referred to the juvenile court for entry of an order establishing the amount of restitution still owed to the victim. In this order, the court shall also determine the terms and conditions of the restitution, including a payment plan extending up to ten years if the court determines that the juvenile does not have the means to make full restitution over a shorter period. For the purposes of this subsection (4)(c), the juvenile shall remain under the court’s jurisdiction for a maximum term of ten years after the juvenile’s eighteenth birthday. Prior to the expiration of the initial ten-year period, the juvenile court may extend the judgment for restitution an additional ten years. The court may not require the juvenile to pay full or partial restitution if the juvenile reasonably satisfies the court that he or she does not have the means to make full or partial restitution and could not reasonably acquire the means to pay the restitution over a ten-year period. The county clerk shall make disbursements to victims named in the order. The restitution to victims named in the order shall be paid prior to any payment for other penalties or monetary assessments. A juvenile under obligation to pay restitution may petition the court for modification of the restitution order.
The juvenile shall retain the right to be referred to the court at any time prior to the signing of the diversion agreement.

Divertees and potential divertees shall be afforded due process in all contacts with a diversionary unit regardless of whether the juveniles are accepted for diversion or whether the diversion program is successfully completed. Such due process shall include, but not be limited to, the following:

- A written diversion agreement shall be executed stating all conditions in clearly understandable language;
- Violation of the terms of the agreement shall be the only grounds for termination;
- No divertee may be terminated from a diversion program without being given a court hearing, which hearing shall be preceded by:
  - Written notice of alleged violations of the conditions of the diversion program; and
  - Disclosure of all evidence to be offered against the divertee;
  - Opportunity to be heard in person and to present evidence;
  - The right to confront and cross-examine all adverse witnesses;
  - A written statement by the court as to the evidence relied on and the reasons for termination, should that be the decision; and
  - Demonstration by evidence that the divertee has substantially violated the terms of his or her diversion agreement.
- The prosecutor may file an information on the offense for which the divertee was diverted:
  - In juvenile court if the divertee is under eighteen years of age; or
  - In superior court or the appropriate court of limited jurisdiction if the divertee is eighteen years of age or older.
- The diversion unit shall, subject to available funds, be responsible for providing interpreters when juveniles need interpreters to effectively communicate during diversion unit hearings or negotiations.
- The diversion unit shall be responsible for advising a divertee of his or her rights as provided in this chapter.
- The diversion unit may refer a juvenile to community-based counseling or treatment programs.
- The right to counsel shall inure prior to the initial interview for purposes of advising the juvenile as to whether he or she desires to participate in the diversion process or to appear in the juvenile court. The juvenile may be represented by counsel at any critical stage of the diversion process, including intake interviews and termination hearings. The juvenile shall be fully advised at the intake of his or her right to an attorney and of the relevant services an attorney can provide. For the purpose of this section, intake interviews mean all interviews regarding the diversion agreement process.

The juvenile shall be advised that a diversion agreement shall constitute a part of the juvenile's criminal history as defined by RCW 13.40.020((9)). A signed acknowledgment of such advisement shall be obtained from the juvenile, and the document shall be maintained by the diversionary unit together with the diversion agreement, and a copy of both documents shall be delivered to the prosecutor if requested by the prosecutor. The supreme court shall promulgate rules setting forth the content of such advisement in simple language.

When a juvenile enters into a diversion agreement, the juvenile court may receive only the following information for dispositional purposes:

- The fact that a charge or charges were made;
- The fact that a diversion agreement was entered into;
- The juvenile’s obligations under such agreement;
- Whether the alleged offender performed his or her obligations under such agreement; and
- The facts of the alleged offense.

A diversionary unit may refuse to enter into a diversion agreement with a juvenile. When a diversionary unit refuses to enter into a diversion agreement with a juvenile, it shall immediately refer such juvenile to the court for action and shall forward to the court the criminal complaint and a detailed statement of its reasons for refusing to enter into a diversion agreement. The diversionary unit shall also immediately refer the case to the prosecuting attorney for action if such juvenile violates the terms of the diversion agreement.

A diversionary unit may, in instances where it determines that the act or omission of an act for which a juvenile has been referred to it involved no victim, or where it determines that the juvenile referred to it has no prior criminal history and is alleged to have committed an illegal act involving no threat of or instance of actual physical harm and involving not more than fifty dollars in property loss or damage and that there is no loss outstanding to the person or firm suffering such damage or loss, counsel and release or release such a juvenile without entering into a diversion agreement. A diversion unit's authority to counsel and release a juvenile under this subsection shall include the authority to refer the juvenile to community-based counseling or treatment programs. Any juvenile released under this subsection shall be advised that the act or omission of any act for which he or she had been referred shall constitute a part of the juvenile’s criminal history as defined by RCW 13.40.020((9)). A signed
acknowledgment of such advisement shall be obtained from the juvenile, and the document shall be maintained by the unit, and a copy of the document shall be delivered to the prosecutor if requested by the prosecutor. The supreme court shall promulgate rules setting forth the content of such advisement in simple language. A juvenile determined to be eligible by a diversionary unit for release as provided in this subsection shall retain the same right to counsel and right to have his or her case referred to the court for formal action as any other juvenile referred to the unit.

(14) A diversion unit may supervise the fulfillment of a diversion agreement entered into before the juvenile's eighteenth birthday and which includes a period extending beyond the divertee's eighteenth birthday.

(15) If a fine required by a diversion agreement cannot reasonably be paid due to a change of circumstance, the diversion agreement may be modified at the request of the divertee and with the concurrence of the diversion unit to convert an unpaid fine into community (see note) restitution. The modification of the diversion agreement shall be in writing and signed by the divertee and the diversion unit. The number of hours of community (see note) restitution in lieu of a monetary penalty shall be converted at the rate of the prevailing state minimum wage per hour.

(16) Fines imposed under this section shall be collected and paid into the county general fund in accordance with procedures established by the juvenile court administrator under RCW 13.04.040 and may be used only for juvenile services. In the expenditure of funds for juvenile services, there shall be a maintenance of effort whereby counties exhaust existing resources before using amounts collected under this section.

Sec. 2. RCW 13.40.160 and 1997 c 338 s 25 and 1997 c 265 s 1 are each reenacted and amended to read as follows:

(1) The standard range disposition for a juvenile adjudicated of an offense is determined according to RCW 13.40.0357.

(a) When the court sentences an offender to a local sanction as provided in RCW 13.40.0357 option A, the court shall impose a determinate disposition within the standard ranges, except as provided in subsections (2), (4), and (5) of this section. The disposition may be comprised of one or more local sanctions.

(b) When the court sentences an offender to a standard range as provided in RCW 13.40.0357 option A that includes a term of confinement exceeding thirty days, commitment shall be to the department for the standard range of confinement, except as provided in subsections (2), (4), and (5) of this section.

(2) If the court finds a manifest injustice the court shall impose a disposition outside the standard range, as indicated in option C of RCW 13.40.0357. The court's finding of manifest injustice shall be supported by clear and convincing evidence.

A disposition outside the standard range shall be determinate and shall be comprised of confinement or community supervision, or a combination thereof. When a judge finds a manifest injustice and imposes a sentence of confinement exceeding thirty days, the court shall sentence the juvenile to a maximum term, and the provisions of RCW 13.40.030(2) shall be used to determine the range. A disposition outside the standard range is appealable under RCW 13.40.230 by the state or the respondent.

(3) Where a respondent is found to have committed an offense for which the respondent declined to enter into a diversion agreement, the court shall impose a term of community supervision limited to the conditions allowed in a diversion agreement as provided in RCW 13.40.080(2).

(4) When a juvenile offender is found to have committed a sex offense, other than a sex offense that is also a serious violent offense as defined by RCW 9.94A.030, and has no history of a prior sex offense, the court, on its own motion or the motion of the state or the respondent, may order an examination to determine whether the respondent is amenable to treatment.

The report of the examination shall include at a minimum the following: The respondent's version of the facts and the official version of the facts, the respondent's offense history, an assessment of problems in addition to alleged deviant behaviors, the respondent's social, educational, and employment situation, and other evaluation measures used. The report shall set forth the sources of the evaluator's information.

The examiner shall assess and report regarding the respondent's amenability to treatment and relative risk to the community. A proposed treatment plan shall be provided and shall include, at a minimum:

(a) (i) Frequency and type of contact between the offender and therapist;

(ii) Specific issues to be addressed in the treatment and description of planned treatment modalities;

(iii) Monitoring plans, including any requirements regarding living conditions, lifestyle requirements, and monitoring by family members, legal guardians, or others;

(iv) Anticipated length of treatment; and

(v) Recommended crime-related prohibitions.

The court on its own motion may order, or on a motion by the state shall order, a second examination regarding the offender's amenability to treatment. The evaluator shall be selected by the party making the motion. The defendant shall pay the cost of any second examination ordered unless the court finds the defendant to be indigent in which case the state shall pay the cost.
After receipt of reports of the examination, the court shall then consider whether the offender and the community will benefit from use of this special sex offender disposition alternative and consider the victim's opinion whether the offender should receive a treatment disposition under this section. If the court determines that this special sex offender disposition alternative is appropriate, then the court shall impose a determinate disposition within the standard range for the offense, or if the court concludes, and enters reasons for its conclusions, that such disposition would cause a manifest injustice, the court shall impose a disposition under option C, and the court may suspend the execution of the disposition and place the offender on community supervision for at least two years. As a condition of the suspended disposition, the court may impose the conditions of community supervision and other conditions, including up to thirty days of confinement and requirements that the offender do any one or more of the following:

(b)(i) Devote time to a specific education, employment, or occupation;
(ii) Undergo available outpatient sex offender treatment for up to two years, or inpatient sex offender treatment not to exceed the standard range of confinement for that offense. A community mental health center may not be used for such treatment unless it has an appropriate program designed for sex offender treatment. The respondent shall not change sex offender treatment providers or treatment conditions without first notifying the prosecutor, the probation counselor, and the court, and shall not change providers without court approval after a hearing if the prosecutor or probation counselor object to the change;
(iii) Remain within prescribed geographical boundaries and notify the court or the probation counselor prior to any change in the offender's address, educational program, or employment;
(iv) Report to the prosecutor and the probation counselor prior to any change in a sex offender treatment provider. This change shall have prior approval by the court;
(v) Report as directed to the court and a probation counselor;
(vi) Pay all court-ordered legal financial obligations, perform community (community service) restitution, or any combination thereof;
(vii) Make restitution to the victim for the cost of any counseling reasonably related to the offense;
(viii) Comply with the conditions of any court-ordered probation bond; or
(ix) The court shall order that the offender may not attend the public or approved private elementary, middle, or high school attended by the victim or the victim's siblings. The parents or legal guardians of the offender are responsible for transportation or other costs associated with the offender's change of school that would otherwise be paid by the school district. The court shall send notice of the disposition and restriction on attending the same school as the victim or victim's siblings to the public or approved private school the juvenile will attend, if known, or if unknown, to the approved private schools and the public school district board of directors of the district in which the juvenile resides or intends to reside. This notice must be sent at the earliest possible date but not later than ten calendar days after entry of the disposition.

The sex offender treatment provider shall submit quarterly reports on the respondent's progress in treatment to the court and the parties. The reports shall reference the treatment plan and include at a minimum the following: Dates of attendance, respondent's compliance with requirements, treatment activities, the respondent's relative progress in treatment, and any other material specified by the court at the time of the disposition.

At the time of the disposition, the court may set treatment review hearings as the court considers appropriate.

Except as provided in this subsection (4), after July 1, 1991, examinations and treatment ordered pursuant to this subsection shall only be conducted by sex offender treatment providers certified by the department of health pursuant to chapter 18.155 RCW. A sex offender therapist who examines or treats a juvenile sex offender pursuant to this subsection does not have to be certified by the department of health pursuant to chapter 18.155 RCW if the court finds that: (A) The offender has already moved to another state or plans to move to another state for reasons other than circumventing the certification requirements; (B) no certified providers are available for treatment within a reasonable geographical distance of the offender's home; and (C) the evaluation and treatment plan comply with this subsection (4) and the rules adopted by the department of health.

If the offender violates any condition of the disposition or the court finds that the respondent is failing to make satisfactory progress in treatment, the court may revoke the suspension and order execution of the disposition or the court may impose a penalty of up to thirty days' confinement for violating conditions of the disposition. The court may order both execution of the disposition and up to thirty days' confinement for the violation of the conditions of the disposition. The court shall give credit for any confinement time previously served if that confinement was for the offense for which the suspension is being revoked.

For purposes of this section, "victim" means any person who has sustained emotional, psychological, physical, or financial injury to person or property as a direct result of the crime charged. "Victim" may also include a known parent or guardian of a victim who is a minor child unless the parent or guardian is the perpetrator of the offense.

A disposition entered under this subsection (4) is not appealable under RCW 13.40.230.
(5) If the juvenile offender is subject to a standard range disposition of local sanctions or 15 to 36 weeks of confinement and has not committed an A- or B+ offense, the court may impose the disposition alternative under RCW 13.40.165.

(6) RCW 13.40.193 shall govern the disposition of any juvenile adjudicated of possessing a firearm in violation of RCW 9.41.040(1)(b)(iii) or any crime in which a special finding is entered that the juvenile was armed with a firearm.

(7) Whenever a juvenile offender is entitled to credit for time spent in detention prior to a dispositional order, the dispositional order shall specifically state the number of days of credit for time served.

(8) Except as provided under subsection (4) or (5) of this section or RCW 13.40.127, the court shall not suspend or defer the imposition or the execution of the disposition.

(9) In no case shall the term of confinement imposed by the court at disposition exceed that to which an adult could be subjected for the same offense.

Sec. 3. RCW 13.40.165 and 1997 c 338 s 26 are each amended to read as follows:

(1) When a juvenile offender is subject to a standard range disposition of local sanctions or 15 to 36 weeks of confinement and has not committed an A- or B+ offense, the court, on its own motion or the motion of the state or the respondent if the evidence shows that the offender may be chemically dependent, may order an examination by a chemical dependency counselor from a chemical dependency treatment facility approved under chapter 70.96A RCW to determine if the youth is chemically dependent and amenable to treatment.

(2) The report of the examination shall include at a minimum the following: The respondent's version of the facts and the official version of the facts, the respondent's offense history, an assessment of drug-alcohol problems and previous treatment attempts, the respondent's social, educational, and employment situation, and other evaluation measures used. The report shall set forth the sources of the examiner's information.

(3) The examiner shall assess and report regarding the respondent's amenability to treatment and relative risk to the community. A proposed treatment plan shall be provided and shall include, at a minimum:

(a) Whether inpatient and/or outpatient treatment is recommended;

(b) Availability of appropriate treatment;

(c) Monitoring plans, including any requirements regarding living conditions, lifestyle requirements, and monitoring by family members, legal guardians, or others;

(d) Anticipated length of treatment;

(e) Recommended crime-related prohibitions; and

(f) Whether the respondent is amenable to treatment.

(4) The court on its own motion may order, or on a motion by the state shall order, a second examination regarding the offender's amenability to treatment. The evaluator shall be selected by the party making the motion. The defendant shall pay the cost of any examination ordered under this subsection (4) or subsection (1) of this section unless the court finds that the offender is indigent and no third party insurance coverage is available, in which case the state shall pay the cost.

(5) (a) After receipt of reports of the examination, the court shall then consider whether the offender and the community will benefit from use of this chemical dependency disposition alternative and consider the victim's opinion whether the offender should receive a treatment disposition under this section.

(b) If the court determines that this chemical dependency disposition alternative is appropriate, then the court shall impose the standard range for the offense, suspend execution of the disposition, and place the offender on community supervision for up to one year. As a condition of the suspended disposition, the court shall require the offender to undergo available outpatient drug/alcohol treatment and/or inpatient drug/alcohol treatment. For purposes of this section, the sum of confinement time and inpatient treatment may not exceed ninety days. As a condition of the suspended disposition, the court may impose conditions of community supervision and other sanctions, including up to thirty days of confinement, one hundred fifty hours of community service, restitution, and payment of legal financial obligations and restitution.

(6) The drug/alcohol treatment provider shall submit monthly reports on the respondent's progress in treatment to the court and the parties. The reports shall reference the treatment plan and include at a minimum the following: Dates of attendance, respondent's compliance with requirements, treatment activities, the respondent's relative progress in treatment, and any other material specified by the court at the time of the disposition.

At the time of the disposition, the court may set treatment review hearings as the court considers appropriate.

If the offender violates any condition of the disposition or the court finds that the respondent is failing to make satisfactory progress in treatment, the court may revoke the suspension and order execution of the disposition. The court shall give credit for any confinement time previously served if that confinement was for the offense for which the suspension is being revoked.

(7) For purposes of this section, "victim" means any person who has sustained emotional, psychological, physical, or financial injury to person or property as a direct result of the offense charged.
(8) Whenever a juvenile offender is entitled to credit for time spent in detention prior to a dispositional order, the dispositional order shall specifically state the number of days of credit for time served.

(9) In no case shall the term of confinement imposed by the court at disposition exceed that to which an adult could be subjected for the same offense.

(10) A disposition under this section is not appealable under RCW 13.40.230.

Sec. 4. RCW 13.40.180 and 1981 c 299 s 14 are each amended to read as follows:
Where a disposition is imposed on a youth for two or more offenses, the terms shall run consecutively, subject to the following limitations:

(1) Where the offenses were committed through a single act or omission, omission, or through an act or omission which in itself constituted one of the offenses and also was an element of the other, the aggregate of all the terms shall not exceed one hundred fifty percent of the term imposed for the most serious offense;

(2) The aggregate of all consecutive terms shall not exceed three hundred percent of the term imposed for the most serious offense; and

(3) The aggregate of all consecutive terms of community supervision shall not exceed two years in length, or require payment of more than two hundred dollars in fines or the performance of more than two hundred hours of community (service) restitution.

Sec. 5. RCW 13.40.200 and 1997 c 338 s 31 are each amended to read as follows:

(1) When a respondent fails to comply with an order of restitution, community supervision, penalty assessments, or confinement of less than thirty days, the court upon motion of the prosecutor or its own motion, may modify the order after a hearing on the violation.

(2) The hearing shall afford the respondent the same due process of law as would be afforded an adult probationer. The court may issue a summons or a warrant to compel the respondent’s appearance. The state shall have the burden of proving by a preponderance of the evidence the fact of the violation. The respondent shall have the burden of showing that the violation was not a willful refusal to comply with the terms of the order. If a respondent has failed to pay a fine, penalty assessments, or restitution or to perform community (service) restitution hours, as required by the court, it shall be the respondent’s burden to show that he or she did not have the means and could not reasonably have acquired the means to pay the fine, penalty assessments, or restitution or perform community (service) restitution.

(3) If the court finds that a respondent has willfully violated the terms of an order pursuant to subsections (1) and (2) of this section, it may impose a penalty of up to thirty days’ confinement. Penalties for multiple violations occurring prior to the hearing shall not be aggregated to exceed thirty days’ confinement. Regardless of the number of times a respondent is brought to court for violations of the terms of a single disposition order, the combined total number of days spent by the respondent in detention shall never exceed the maximum term to which an adult could be sentenced for the underlying offense.

(4) If a respondent has been ordered to pay a fine or monetary penalty and due to a change of circumstance cannot reasonably comply with the order, the court, upon motion of the respondent, may order that the unpaid fine or monetary penalty be converted to community (service) restitution. The number of hours of community (service) restitution in lieu of a monetary penalty or fine shall be converted at the rate of the prevailing state minimum wage per hour. The monetary penalties or fines collected shall be deposited in the county general fund. A failure to comply with an order under this subsection shall be deemed a failure to comply with an order of community supervision and may be proceeded against as provided in this section.

(5) When a respondent has willfully violated the terms of a probation bond, the court may modify, revoke, or retain the probation bond as provided in RCW 13.40.054.

Sec. 6. RCW 13.40.205 and 1990 c 3 s 103 are each amended to read as follows:

(1) A juvenile sentenced to a term of confinement to be served under the supervision of the department shall not be released from the physical custody of the department prior to the release date established under RCW 13.40.210 except as otherwise provided in this section.

(2) A juvenile serving a term of confinement under the supervision of the department may be released on authorized leave from the physical custody of the department only if consistent with public safety and if:

(a) Sixty percent of the minimum term of confinement has been served; and

(b) The purpose of the leave is to enable the juvenile:

(i) To visit the juvenile’s family for the purpose of strengthening or preserving family relationships;

(ii) To make plans for parole or release which require the juvenile’s personal appearance in the community and which will facilitate the juvenile’s reintegration into the community; or

(iii) To make plans for a residential placement out of the juvenile’s home which requires the juvenile’s personal appearance in the community.
(3) No authorized leave may exceed seven consecutive days. The total of all pre-minimum term authorized leaves granted to a juvenile prior to final discharge from confinement shall not exceed thirty days.

(4) Prior to authorizing a leave, the secretary shall require a written leave plan, which shall detail the purpose of the leave and how it is to be achieved, the address at which the juvenile shall reside, the identity of the person responsible for supervising the juvenile during the leave, and a statement by such person acknowledging familiarity with the leave plan and agreeing to supervise the juvenile and to notify the secretary immediately if the juvenile violates any terms or conditions of the leave. The leave plan shall include such terms and conditions as the secretary deems appropriate and shall be signed by the juvenile.

(5) Upon authorizing a leave, the secretary shall issue to the juvenile an authorized leave order which shall contain the name of the juvenile, the fact that the juvenile is on leave from a designated facility, the time period of the leave, and the identity of an appropriate official of the department to contact when necessary. The authorized leave order shall be carried by the juvenile at all times while on leave.

(6) Prior to the commencement of any authorized leave, the secretary shall give notice of the leave to the appropriate law enforcement agency in the jurisdiction in which the juvenile will reside during the leave period. The notice shall include the identity of the juvenile, the time period of the leave, the residence of the juvenile during the leave, and the identity of the person responsible for supervising the juvenile during the leave.

(7) The secretary may authorize a leave, which shall not exceed forty-eight hours plus travel time, to meet an emergency situation such as a death or critical illness of a member of the juvenile’s family. The secretary may authorize a leave, which shall not exceed the period of time medically necessary, to obtain medical care not available in a juvenile facility maintained by the department. In cases of emergency or medical leave the secretary may waive all or any portions of subsections (2)(a), (3), (4), (5), and (6) of this section.

(8) If requested by the juvenile’s victim or the victim’s immediate family, the secretary shall give notice of any leave to the victim or the victim’s immediate family.

(9) A juvenile who violates any condition of an authorized leave plan may be taken into custody and returned to the department in the same manner as an adult in identical circumstances.

(10) Notwithstanding the provisions of this section, a juvenile placed in minimum security status may participate in work, educational, community (vocational) restitution, or treatment programs in the community up to twelve hours a day if approved by the secretary. Such a release shall not be deemed a leave of absence.

(11) Subsections (6), (7), and (8) of this section do not apply to juveniles covered by RCW 13.40.215.

Sec. 7. RCW 13.40.210 and 1997 c 338 s 32 are each amended to read as follows:

(1) The secretary shall, except in the case of a juvenile committed by a court to a term of confinement in a state institution outside the appropriate standard range for the offense(s) for which the juvenile was found to be guilty established pursuant to RCW 13.40.030, set a release or discharge date for each juvenile committed to its custody. The release or discharge date shall be within the prescribed range to which a juvenile has been committed except as provided in RCW 13.40.320 concerning offenders the department determines are eligible for the juvenile offender basic training camp program. Such dates shall be determined prior to the expiration of sixty percent of a juvenile’s minimum term of confinement included within the prescribed range to which the juvenile has been committed. The secretary shall release any juvenile committed to the custody of the department within four calendar days prior to the juvenile's release date or on the release date set under this chapter. Days spent in the custody of the department shall be tolled by any period of time during which a juvenile has absented himself or herself from the department's supervision without the prior approval of the secretary or the secretary's designee.

(2) The secretary shall monitor the average daily population of the state's juvenile residential facilities. When the secretary concludes that in-residence population of residential facilities exceeds one hundred five percent of the rated bed capacity specified in statute, or in absence of such specification, as specified by the department in rule, the secretary may recommend reductions to the governor. On certification by the governor that the recommended reductions are necessary, the secretary has authority to administratively release a sufficient number of offenders to reduce in-residence population to one hundred percent of rated bed capacity. The secretary shall release those offenders who have served the greatest proportion of their sentence. However, the secretary may deny release in a particular case at the request of an offender, or if the secretary finds that there is no responsible custodian, as determined by the department, to whom to release the offender, or if the release of the offender would pose a clear danger to society. The department shall notify the committing court of the release at the time of release if any such early releases have occurred as a result of excessive in-residence population. In no event shall an offender adjudicated of a violent offense be granted release under the provisions of this subsection.

(3)(a) Following the juvenile’s release under subsection (1) of this section, the secretary may require the juvenile to comply with a program of parole to be administered by the department in his or her community which shall last no longer than eighteen months, except that in the case of a juvenile sentenced for rape in the first or second degree, rape of a child in the first or
second degree, child molestation in the first degree, or indecent liberties with forcible compulsion, the period of parole shall be twenty-four months and, in the discretion of the secretary, may be up to thirty-six months when the secretary finds that an additional period of parole is necessary and appropriate in the interests of public safety or to meet the ongoing needs of the juvenile. A parole program is mandatory for offenders released under subsection (2) of this section. The decision to place an offender on parole shall be based on an assessment by the department of the offender's risk for reoffending upon release. The department shall prioritize available parole resources to provide supervision and services to offenders at moderate to high risk for reoffending.

(b) The secretary shall, for the period of parole, facilitate the juvenile's reintegration into his or her community and to further this goal shall require the juvenile to refrain from possessing a firearm or using a deadly weapon and refrain from committing new offenses and may require the juvenile to: (i) Undergo available medical, psychiatric, drug and alcohol, sex offender, mental health, and other offense-related treatment services; (ii) report as directed to a parole officer and/or designee; (iii) pursue a course of study, vocational training, or employment; (iv) notify the parole officer of the current address where he or she resides; (v) be present at a particular address during specified hours; (vi) remain within prescribed geographical boundaries; (vii) submit to electronic monitoring; (viii) refrain from using illegal drugs and alcohol, and submit to random urinalysis when requested by the assigned parole officer; (ix) refrain from contact with specific individuals or a specified class of individuals; (x) meet other conditions determined by the parole officer to further enhance the juvenile's reintegration into the community; (xi) pay any court-ordered fines or restitution; and (xii) perform community service for the purpose of this section means compulsory service, without compensation, performed for the benefit of the community by the offender. Community service may be performed through public or private organizations or through work crews.

(c) The secretary may further require up to twenty-five percent of the highest risk juvenile offenders who are placed on parole to participate in an intensive supervision program. Offenders participating in an intensive supervision program shall be required to comply with all terms and conditions listed in (b) of this subsection and shall also be required to comply with the following additional terms and conditions: (i) Obey all laws and refrain from any conduct that threatens public safety; (ii) report at least once a week to an assigned community case manager; an additional period of parole is necessary and appropriate in the interests of public safety or to meet the ongoing needs of the juvenile.

(d) After termination of the parole period, the juvenile shall be discharged from the department's supervision.

(4) (a) The department may also modify parole for violation thereof. If, after affording a juvenile all of the due process rights to which he or she would be entitled if the juvenile were an adult, the secretary finds that a juvenile has violated a condition of his or her parole, the secretary shall order one of the following which is reasonably likely to effectuate the purpose of the parole and to protect the public: (i) Continued supervision under the same conditions previously imposed; (ii) intensified supervision with increased reporting requirements; (iii) additional conditions of supervision authorized by this chapter; (iv) except as provided in (a)(v) of this subsection, imposition of a period of confinement not to exceed thirty days in a facility operated by or pursuant to a contract with the state of Washington or any city or county for a portion of each day or for a certain number of days each week with the balance of the days or weeks spent under supervision; and (v) the secretary may order any of the conditions or may return the offender to confinement for the remainder of the sentence range if the offense for which the offender was sentenced is rape in the first or second degree, rape of a child in the first or second degree, child molestation in the first degree, indecent liberties with forcible compulsion, or a sex offense that is also a serious violent offense as defined by RCW 9.94A.030.

Confinement shall be in a facility operated by or pursuant to a contract with the state or any county.

(5) A parole officer of the department of social and health services shall have the power to arrest a juvenile under his or her supervision on the same grounds as a law enforcement officer.

(6) If so requested and approved under chapter 13.06 RCW, the secretary shall permit a county or group of counties to perform functions under subsections (3) through (5) of this section.

(2) A monetary penalty imposed upon a juvenile under the age of sixteen who is found to have committed a traffic or civil infraction may not exceed one hundred dollars. At the juvenile's request, the court may order performance of a number of hours of community service in lieu of a monetary penalty, at the rate of the prevailing state minimum wage per hour.

(3) Persons who qualify for special parking privileges are entitled to receive from the department of licensing a removable windshield placard bearing the international symbol of access and an individual serial number, along with a special identification card bearing the photograph, name, and date of birth of the person to whom the placard is issued, and the placard's serial number. The department shall design the placard to be displayed when the vehicle is parked by suspending it from the rearview mirror, or in the absence of a rearview mirror the card may be displayed on the dashboard of any vehicle used to transport the disabled person. Instead of regular motor vehicle license plates, disabled persons are entitled to receive special license plates bearing the international symbol of access for one vehicle registered in the disabled person's name. Disabled persons who are not issued the special license plates are entitled to receive a second special placard upon submitting a written request to the department. Persons who have been issued the parking privileges and who are using a vehicle or are riding in a vehicle displaying the special license plates or placard may park in places reserved for mobility disabled persons. The director shall adopt rules providing for the issuance of special placards and license plates to public transportation authorities, nursing homes licensed under chapter 18.51 RCW, boarding homes licensed under chapter 18.20 RCW, senior citizen centers, private nonprofit agencies as defined in chapter 24.03 RCW, and vehicles registered with the department as cabulances that regularly transport disabled persons who have been determined eligible for special parking privileges provided under this section. Public transportation authorities, nursing homes, boarding homes, senior citizen centers, private nonprofit agencies, and cabulance services are responsible for insuring that the special placards and license plates are not used improperly and are responsible for all fines and penalties for improper use.

(4) Whenever the disabled person transfers or assigns his or her interest in the vehicle, the special license plates shall be removed from the motor vehicle. If another vehicle is acquired by the disabled person and the vehicle owner qualifies for a special plate, the plate shall be attached to the vehicle, and the director shall be immediately notified of the transfer of the plate. If another vehicle is not acquired by the disabled person, the removed plate shall be immediately surrendered to the director.

(5) The special license plate shall be renewed in the same manner and at the time required for the renewal of regular motor vehicle license plates under this chapter. No special license plate may be issued to a person who is temporarily disabled. A person who has a condition expected to improve within six months may be issued a temporary placard for a period not to
exceed six months. If the condition exists after six months a new temporary placard shall be issued upon receipt of a new certification from the disabled person’s physician. The permanent parking placard and photo identification card of a disabled person shall be renewed at least every five years, as required by the director, by satisfactory proof of the right to continued use of the privileges. In the event of the permit holder’s death, the parking placard and photo identification card must be immediately surrendered to the department. The department shall match and purge its disabled permit data base with available death record information at least every twelve months.

(6) Each person who has been issued a permanent disabled parking permit on or before July 1, 1998, must renew the permit no later than July 1, 2003, subject to a schedule to be set by the department, or the permit will expire.

No additional fee may be charged for the issuance of the special license plates except the regular motor vehicle registration fee and any other fees and taxes required to be paid upon registration of a motor vehicle.

(8) Any unauthorized use of the special placard, special license plate, or photo identification card is a traffic infraction with a monetary penalty of two hundred fifty dollars.

(9) It is a parking infraction, with a monetary penalty of two hundred fifty dollars for a person to make inaccessible the access aisle located next to a space reserved for physically disabled persons. The clerk of the court shall report all violations related to this subsection to the department.

(10) It is a parking infraction, with a monetary penalty of two hundred fifty dollars for any person to park a vehicle in a parking place provided on private property without charge or on public property reserved for physically disabled persons without a special license plate or placard. If a person is charged with a violation, the person shall not be determined to have committed an infraction if the person produces in court or before the court appearance the special license plate or placard required under this section. A local jurisdiction providing nonmetered, on-street parking spaces reserved for physically disabled persons may impose by ordinance time restrictions of no less than four hours on the use of these parking places. A local jurisdiction may impose by ordinance time restrictions of no less than four hours on the use of nonreserved, on-street parking spaces by vehicles displaying the special parking placards. All time restrictions must be clearly posted.

(11) The penalties imposed under subsections (9) and (10) of this section shall be used by that local jurisdiction exclusively for law enforcement. The court may also impose an additional penalty sufficient to reimburse the local jurisdiction for any costs it may have incurred in removal and storage of the improperly parked vehicle.

(12) Except as provided by subsection (2) of this section, it is a traffic infraction with a monetary penalty of two hundred fifty dollars for any person willfully to obtain a special license plate, placard, or photo identification card in a manner other than that established under this section.

(13) (a) A law enforcement agency authorized to enforce parking laws may appoint volunteers, with a limited commission, to issue notices of infractions for violations of this section or RCW 46.61.581. Volunteers must be at least twenty-one years of age. The law enforcement agency appointing volunteers may establish any other qualifications the agency deems desirable.

(b) An agency appointing volunteers under this section must provide training to the volunteers before authorizing them to issue notices of infractions.

(c) A notice of infraction issued by a volunteer appointed under this subsection has the same force and effect as a notice of infraction issued by a police officer for the same offense.

(d) A police officer or a volunteer may request a person to show the person’s photo identification card or special parking placard when investigating the possibility of a violation of this section. If the request is refused, the person in charge of the vehicle may be issued a notice of infraction for a violation of this section.

(14) For second or subsequent violations of this section, in addition to a monetary fine, the violator must complete a minimum of forty hours of:

(a) Community ((service)) restitution for a nonprofit organization that serves the disabled community or persons having disabling diseases; or

(b) Any other community ((service)) restitution that may sensitize the violator to the needs and obstacles faced by persons who have disabilities.

(15) The court may not suspend more than one-half of any fine imposed under subsection (8), (9), (10), or (12) of this section.

Sec. 15. RCW 46.20.031 and 1995 c 219 s 1 are each amended to read as follows:

(4) To any person who has previously been adjudged to be mentally ill or insane, or to be incompetent due to any mental disability or disease, and who has not at the time of application been restored to competency by the methods provided by law: PROVIDED, HOWEVER, That no person so adjudged shall be denied a license for such cause if the superior court should find him able to operate a motor vehicle with safety upon the highways during such incompetency;

(5) To any person who is required by this chapter to take an examination, unless such person shall have successfully passed such examination;

(6) To any person who is required under the laws of this state to deposit proof of financial responsibility and who has not deposited such proof;

(7) To any person when the department has good and substantial evidence to reasonably conclude that such person by reason of physical or mental disability would not be able to operate a motor vehicle with safety upon the highways; subject to review by a court of competent jurisdiction;

(8) To a person when the department has been notified by a court that the person has violated his or her written promise to appear, respond, or comply regarding a notice of infraction issued for a violation of RCW 46.55.105, unless the department has received notice from the court showing that the person has been found not to have committed the violation of RCW 46.55.105, or that the person has paid all monetary penalties owing, including completion of community service and restitution, and that the court is satisfied that the person has made restitution as provided by RCW 46.55.105(2).

(c) When asked to do so by a law enforcement officer, failure to display an insurance identification card as specified under RCW 46.30.030 creates a presumption that the person does not have motor vehicle insurance.

(d) Failure to provide proof of motor vehicle insurance is a traffic infraction and is subject to penalties as set by the supreme court under RCW 46.63.110 or community service and restitution.

(2) If a person cited for a violation of subsection (1) of this section appears in person before the court and provides written evidence that at the time the person was cited, he or she was in compliance with the financial responsibility requirements of subsection (1) of this section, the citation shall be dismissed. In lieu of personal appearance, a person cited for a violation of subsection (1) of this section may, before the date scheduled for the person's appearance before the court, submit by mail to the court written evidence that at the time the person was cited, he or she was in compliance with the financial responsibility requirements of subsection (1) of this section, in which case the citation shall be dismissed without cost, except that the court may assess court administrative costs of twenty-five dollars at the time of dismissal.

Unless the court finds that the imposition of the minimum imprisonment will pose a substantial risk to the defendant's physical or mental well-being or that local jail facilities are in an overcrowded condition, the minimum term of imprisonment shall not be suspended or deferred. If the court finds such risk or overcrowding exists, it shall sentence the defendant to a minimum of forty hours of community (services) restitution. If a minimum term of imprisonment is suspended or deferred, the court shall state in writing the reason for granting the suspension or deferral and the facts upon which the suspension or deferral is based. Sec. 23. RCW 70.93.060 and 1997 c 159 s 1 are each amended to read as follows:
(1) No person shall throw, drop, deposit, discard, or otherwise dispose of litter upon any public property in the state or upon private property in this state not owned by him or her or in the waters of this state whether from a vehicle or otherwise including but not limited to any public highway, public park, beach, campground, forest land, recreational area, trailer park, highway, road, street, or alley except:
The organization shall develop a program which encourages the use of volunteers, for citizen advisory groups, and for similar public involvement programs in the corrections area.

It is the intent of the legislature to vest in the department the power to provide for a comprehensive inmate work program and to remove statutory and other restrictions which have limited work programs in the past. For purposes of establishing such a comprehensive program, the legislature recommends that the department consider adopting any or all, or any variation of, the following classes of work programs:

1. CLASS I: FREE VENTURE INDUSTRIES. The employer model industries in this class shall be operated and managed in total or in part by any profit or nonprofit organization pursuant to an agreement between the organization and the department. The organization shall produce goods or services for sale to both the public and private sector.
The customer model industries in this class shall be operated and managed by the department to provide Washington state manufacturers or businesses with products or services currently produced or provided by out-of-state or foreign suppliers. The correctional industries board of directors shall review these proposed industries before the department contracts to provide such products or services. The review shall include an analysis of the potential impact of the proposed products and services on the Washington state business community and labor market.

The department of corrections shall supply appropriate security and custody services without charge to the participating firms.

Inmates who work in free venture industries shall do so at their own choice. They shall be paid a wage comparable to the wage paid for work of a similar nature in the locality in which the industry is located, as determined by the director of correctional industries. If the director cannot reasonably determine the comparable wage, then the pay shall not be less than the federal minimum wage.

An inmate who is employed in the class I program of correctional industries shall not be eligible for unemployment compensation benefits pursuant to any of the provisions of Title 50 RCW until released on parole or discharged.

(2) CLASS II: TAX REDUCTION INDUSTRIES. Industries in this class shall be state-owned and operated enterprises designed to reduce the costs for goods and services for tax-supported agencies and for nonprofit organizations. The industries selected for development within this class shall, as much as possible, match the available pool of inmate work skills and aptitudes with the work opportunities in the free community. The industries shall be closely patterned after private sector industries but with the objective of reducing public support costs rather than making a profit. The products and services of this industry, including purchased products and services necessary for a complete product line, may be sold to public agencies, to nonprofit organizations, and to private contractors when the goods purchased will be ultimately used by a public agency or a nonprofit organization. Clothing manufactured by an industry in this class may be donated to nonprofit organizations that provide clothing free of charge to low-income persons. Correctional industries products and services shall be reviewed by the correctional industries board of directors before offering such products and services for sale to private contractors. The board of directors shall conduct a yearly marketing review of the products and services offered under this subsection. Such review shall include an analysis of the potential impact of the proposed products and services on the Washington state business community. To avoid waste or spoilage and consequent loss to the state, when there is no public sector market for such goods, byproducts and surpluses of timber, agricultural, and animal husbandry enterprises may be sold to private persons, at private sale. Surplus byproducts and surpluses of timber, agricultural and animal husbandry enterprises that cannot be sold to public agencies or to private persons may be donated to nonprofit organizations. All sales of surplus products shall be carried out in accordance with rules prescribed by the secretary.

Security and custody services shall be provided without charge by the department of corrections.

Inmates working in this class of industries shall do so at their own choice and shall be paid for their work on a gratuity scale which shall not exceed the wage paid for work of a similar nature in the locality in which the industry is located and which is approved by the director of correctional industries.

Subject to approval of the correctional industries board, provisions of RCW 41.06.380 prohibiting contracting out work performed by classified employees shall not apply to contracts with Washington state businesses entered into by the department of corrections through class II industries.

(3) CLASS III: INSTITUTIONAL SUPPORT INDUSTRIES. Industries in this class shall be operated by the department of corrections. They shall be designed and managed to accomplish the following objectives:

(a) Whenever possible, to provide basic work training and experience so that the inmate will be able to qualify for better work both within correctional industries and the free community. It is not intended that an inmate's work within this class of industries should be his or her final and total work experience as an inmate.

(b) Whenever possible, to provide forty hours of work or work training per week.

(c) Whenever possible, to offset tax and other public support costs.

Supervising, management, and custody staff shall be employees of the department.

All able and eligible inmates who are assigned work and who are not working in other classes of industries shall work in this class.

Except for inmates who work in work training programs, inmates in this class shall be paid for their work in accordance with an inmate gratuity scale. The scale shall be adopted by the secretary of corrections.

(4) CLASS IV: COMMUNITY WORK INDUSTRIES. Industries in this class shall be operated by the department of corrections. They shall be designed and managed to provide services in the inmate's resident community at a reduced cost. The services shall be provided to public agencies, to persons who are poor or infirm, or to nonprofit organizations.

Inmates in this program shall reside in facilities owned by, contracted for, or licensed by the department of corrections. A unit of local government shall provide work supervision services without charge to the state and shall pay the inmate's wage.
The department of corrections shall reimburse participating units of local government for liability and workers compensation insurance costs.

Inmates who work in this class of industries shall do so at their own choice and shall receive a gratuity which shall not exceed the wage paid for work of a similar nature in the locality in which the industry is located.

(5) CLASS V: COMMUNITY ((SERVICE)) RESTITUTION PROGRAMS. Programs in this class shall be subject to supervision by the department of corrections. The purpose of this class of industries is to enable an inmate, placed on community supervision, to work off all or part of a community ((SERVICE)) restitution order as ordered by the sentencing court.

NEW SECTION. Sec. 525. A new section is added to 1997 c 457 (uncodified) to read as follows:

INFORMATION SYSTEMS PROJECTS. Agencies shall comply with the following requirements regarding information systems projects when specifically directed to do so by this act.
(1) Agency planning and decisions concerning information technology shall be made in the context of its information technology portfolio. "Information technology portfolio" means a strategic management approach in which the relationships between agency missions and information technology investments can be seen and understood, such that: Technology efforts are linked to agency objectives and business plans; the impact of new investments on existing infrastructure and business functions are assessed and understood before implementation; and agency activities are consistent with the development of an integrated, nonduplicative state-wide infrastructure.

(2) Agencies shall use their information technology portfolios in making decisions on matters related to the following:
   (a) System refurbishment, acquisitions, and development efforts;
   (b) Setting goals and objectives for using information technology in meeting legislatively-mandated missions and business needs;
   (c) Assessment of overall information processing performance, resources, and capabilities;
   (d) Ensuring appropriate transfer of technological expertise for the operation of any new systems developed using external resources; and
   (e) Progress toward enabling electronic access to public information.

(3) The agency shall produce a feasibility study for information technology projects at the direction of the information services board and in accordance with published department of information services policies and guidelines. At a minimum, such studies shall include a statement of: (a) The purpose or impetus for change; (b) the business value to the agency, including an examination and evaluation of benefits, advantages, and cost; (c) a comprehensive risk assessment based on the proposed project's impact on both citizens and state operations, its visibility, and the consequences of doing nothing; (d) the impact on agency and state-wide information infrastructure; and (e) the impact of the proposed enhancements to an agency's information technology capabilities on meeting service delivery demands.

(4) The agency shall produce a comprehensive management plan for each project. The plan or plans shall address all factors critical to successful completion of each project. The plan(s) shall include, but is not limited to, the following elements: A description of the problem or opportunity that the information technology project is intended to address; a statement of project objectives and assumptions; a definition and schedule of phases, tasks, and activities to be accomplished; and the estimated cost of each phase. The planning for the phased approach shall be such that the business case justification for a project needs to demonstrate how the project recovers cost or adds measurable value or positive cost benefit to the agency's business functions within each development cycle.

(5) The agency shall produce quality assurance plans for information technology projects. Consistent with the direction of the information services board and the published policies and guidelines of the department of information services, the quality assurance plan shall address all factors critical to successful completion of the project and successful integration with the agency and state information technology infrastructure. At a minimum, quality assurance plans shall provide time and budget benchmarks against which project progress can be measured, a specification of quality assurance responsibilities, and a statement of reporting requirements. The quality assurance plans shall set out the functionality requirements for each phase of a project.

(6) A copy of each feasibility study, project management plan, and quality assurance plan shall be provided to the department of information services, the office of financial management, and legislative fiscal committees. The plans and studies shall demonstrate a sound business case that justifies the investment of taxpayer funds on any new project, an assessment of the impact of the proposed system on the existing information technology infrastructure, the disciplined use of preventative measures to mitigate risk, and the leveraging of private-sector expertise as needed. Authority to expend any funds for individual information systems projects is conditioned on the approval of the relevant feasibility study, project management plan, and quality assurance plan by the department of information services and the office of financial management.

(7) Quality assurance status reports shall be submitted to the department of information services, the office of financial management, and legislative fiscal committees at intervals specified in the project's quality assurance plan.

Each review will have a plan with timelines, deliverables, and milestones to ensure it is completed on time with anticipated deliverables. Each review will have a review accountability report presented to the senate transportation committee and the house of representatives transportation committee with recommendations and implementation schedule agreed to by the reviewers and the agency program being reviewed.

   (2) A concentration on:
      (a) Appropriateness of service objectives used to determine service levels;

NEW SECTION. Sec. 605. (1) Twenty-two percent of the funds available for flexible purposes provided under Sections 105(c)(2) and 133(d)(3)(A)(ii) of Title 23, United States Code are for transportation improvements necessary for rural economic development in counties
with a population density of less than 100 persons per square mile, and in urban community empowerment zones. The community economic revitalization board will select eligible projects, with staff support, as appropriate, from the department of transportation to facilitate distribution of the funds. In the event that eligible economic development projects do not materialize by the time the funds must be obligated each year, the remaining funds will revert to eligible rural counties for other regional transportation needs. Project selection for reverted funds will be by the appropriate body in each county for selecting projects funded with regional surface transportation funds, typically the metropolitan planning organization or regional transportation planning organization.

(2) Twenty-two percent of the funds available for flexible purposes provided under Sections 105(c)(2) and 133(d)(3)(A)(ii) of Title 23, United States Code are for the state-wide competitive program. The transportation improvement board will select projects under this program.

(3) Twenty-two percent of the funds available for flexible purposes provided under Sections 105(c)(2) and 133(d)(3)(A)(ii) of Title 23, United States Code are for distribution by the appropriate body in each county that is responsible for selecting projects funded with regional surface transportation funds, typically the metropolitan planning organization or regional transportation planning organization.

(4) Thirty-four percent of the funds available for flexible purposes provided under Sections 105(c)(2) and 133(d)(3)(A)(ii) of Title 23, United States Code are for the Washington state department of transportation.

**Sec. 606.** RCW 43.19.1906 and 1995 c 269 s 1404 are each amended to read as follows:

Insofar as practicable, all purchases and sales shall be based on competitive bids, and a formal sealed bid procedure shall be used as standard procedure for all purchases and contracts for purchases and sales executed by the state purchasing and material control director and under the powers granted by RCW 43.19.190 through 43.19.1939. This requirement also applies to purchases and contracts for purchases and sales executed by agencies, including educational institutions, under delegated authority granted in accordance with provisions of RCW 43.19.190 or under RCW 28B.10.029. However, formal sealed bidding is not necessary for:

(1) Emergency purchases made pursuant to RCW 43.19.200 if the sealed bidding procedure would prevent or hinder the emergency from being met appropriately;

(2) Purchases not exceeding thirty-five thousand dollars, or subsequent limits as calculated by the office of financial management: PROVIDED, That the state director of general administration shall establish procedures to assure that purchases made by or on behalf of the various state agencies shall not be made so as to avoid the thirty-five thousand dollar bid limitation, or subsequent bid limitations as calculated by the office of financial management: PROVIDED FURTHER, That the state purchasing and material control director is authorized to reduce the formal sealed bid limits of thirty-five thousand dollars, or subsequent limits as calculated by the office of financial management, to a lower dollar amount for purchases by individual state agencies if considered necessary to maintain full disclosure of competitive procurement or otherwise to achieve overall state efficiency and economy in purchasing and material control. Quotations from four hundred dollars to thirty-five thousand dollars, or subsequent limits as calculated by the office of financial management, shall be secured from at least three vendors to assure establishment of a competitive price and may be obtained by telephone or written quotations, or both. The agency shall invite at least one quotation each from a certified minority and a certified women-owned vendor who shall otherwise qualify to perform such work. Immediately after the award is made, the bid quotations obtained shall be recorded and open to public inspection and shall be available by telephone inquiry. A record of competition for all such purchases from four hundred dollars to thirty-five thousand dollars, or subsequent limits as calculated by the office of financial management, shall be documented for audit purposes. Purchases up to four hundred dollars may be made without competitive bids based on buyer experience and knowledge of the market in achieving maximum quality at minimum cost: PROVIDED, That this four hundred dollar direct buy limit without competitive bids may be increased incrementally as required to a maximum of eight hundred dollars, if warranted by increases in purchasing costs due to inflationary trends;

(3) Purchases which are clearly and legitimately limited to a single source of supply and purchases involving special facilities, services, or market conditions, in which instances the purchase price may be best established by direct negotiation;

(4) Purchases of insurance and bonds by the risk management office under RCW 43.19.1935;

(5) Purchases and contracts for vocational rehabilitation clients of the department of social and health services: PROVIDED, That this exemption is effective only when the state purchasing and material control director, after consultation with the director of the division of vocational rehabilitation and appropriate department of social and health services procurement personnel, declares that such purchases may be best executed through direct negotiation with one or more suppliers in order to expeditiously meet the special needs of the state's vocational rehabilitation clients;

(6) Purchases by universities for hospital operation or biomedical teaching or research purposes and by the state purchasing and material control director, as the agent for state hospitals as defined in RCW 72.23.010, and for health care programs provided in state correctional institutions as defined in RCW 72.65.010(3) and veterans' institutions as defined in RCW 72.36.010 and 72.36.070, made by participating in contracts for materials, supplies, and equipment entered into by nonprofit cooperative hospital group purchasing organizations;

(7) Purchases by institutions of higher education not exceeding thirty-five thousand dollars: PROVIDED, That for purchases between two thousand five hundred dollars and thirty-five thousand dollars quotations shall be secured from at least three vendors to assure establishment of a competitive price and may be obtained by telephone or written quotations, or both. For purchases between two thousand five hundred dollars and thirty-five thousand dollars, each institution of higher education shall invite at least one quotation each from a certified minority and a
certified women-owned vendor who shall otherwise qualify to perform such work. A record of competition for all such purchases made from two thousand five hundred to thirty-five thousand dollars shall be documented for audit purposes; and

(8) Negotiation of a contract by the department of transportation, valid until June 30, 2001, with registered tow truck operators to provide roving service patrols in one or more Washington state patrol tow zones whereby those registered tow truck operators wishing to participate would cooperatively, with the department of transportation, develop a demonstration project upon terms and conditions negotiated by the parties.

Beginning on July 1, 1995, and on July 1 of each succeeding odd-numbered year, the dollar limits specified in this section shall be adjusted as follows: The office of financial management shall calculate such limits by adjusting the previous biennium's limits by the appropriate federal inflationary index reflecting the rate of inflation for the previous biennium. Such amounts shall be rounded to the nearest one hundred dollars.

Sec. 607. RCW 88.16.090 and 1995 c 175 s 1 are each amended to read as follows:

(1) A person may pilot any vessel subject to the provisions of this chapter on waters covered by this chapter only if appointed and licensed to pilot such vessels on said waters under and pursuant to the provisions of this chapter.

(2) A person is eligible to be appointed a pilot if the person is a citizen of the United States, over the age of twenty-five years and under the age of seventy years, a resident of the state of Washington at the time of appointment and only if the pilot applicant holds as a minimum, a United States government license as a master of ocean or near coastal steam or motor vessels of not more than one thousand six hundred gross tons or as a master of inland steam or motor vessels of not more than one thousand six hundred gross tons, such license to have been held by the applicant for a period of at least two years prior to taking the Washington state pilotage examination and a first class United States endorsement without restrictions on that license to pilot in the pilotage districts for which the pilot applicant desires to be licensed, and if the pilot applicant meets such other qualifications as may be required by the board. A person applying for a license under this section shall not have been convicted of an offense involving drugs or the personal consumption of alcohol in the twelve months prior to the date of application. This restriction does not apply to license renewals under this section.

(3) Pilots shall be licensed hereunder for a term of five years from and after the date of the issuance of their respective state licenses. Such licenses shall thereafter be renewed as of course, unless the board shall withhold same for good cause. Each pilot shall pay to the state treasurer an annual license fee as follows: For the period beginning July 1, 1995, through June 30, ((1999)) 2001, the fee shall be two thousand five hundred dollars; and for the period beginning July 1, ((1999)) 2001, the fee shall be three thousand dollars. The fees shall be deposited in the state treasury to the credit of the pilotage account. The board may assess partially active or inactive pilots a reduced fee.

(4) Pilot applicants shall be required to pass a written and oral examination administered and graded by the board which shall test such applicants on this chapter, the rules of the board, local harbor ordinances, and such other matters as may be required to compliment the United States examinations and qualifications. The board shall hold examinations at such times as will, in the judgment of the board, ensure the maintenance of an efficient and competent pilotage service. An examination shall be scheduled for the Puget Sound pilotage district if there are three or fewer successful candidates from the previous examination who are waiting to become pilots in that district.

(5) The board shall develop an examination and grading sheet for each pilotage district, for the testing and grading of pilot applicants. The examinations shall be administered to pilot applicants and shall be updated as required to reflect changes in law, rules, policies, or procedures. The board may appoint a special independent examination committee or may contract with a firm knowledgeable and experienced in the development of professional tests for development of said examinations. Active licensed state pilots may be consulted for the general development of examinations but shall have no knowledge of the specific questions. The pilot members of the board may participate in the grading of examinations. If the board does appoint a special examination development committee it is authorized to pay the members of said committee the same compensation and travel expenses as received by members of the board. When grading examinations the board shall carefully follow the grading sheet prepared for that examination. The board shall develop a "sample examination" which would tend to indicate to an applicant the general types of questions on pilot examinations, but such sample questions shall not appear on any actual examinations. Any person who willfully gives advance knowledge of information contained on a pilot examination is guilty of a gross misdemeanor.

(6) All pilots and applicants are subject to an annual physical examination by a physician chosen by the board. The physician shall examine the applicant's heart, blood pressure, circulatory system, lungs and respiratory system, eyesight, hearing, and such other items as may be prescribed by the board. After consultation with a physician and the United States coast guard, the board shall establish minimum health standards to ensure that pilots licensed by the state are able to perform their duties. Within ninety days of the date of each annual physical examination, and after review of the physician's report, the board shall make a determination of whether the pilot or candidate is fully able to carry out the duties of a pilot under this chapter. The board may in its discretion check with the appropriate authority for any convictions of offenses involving drugs or the personal consumption of alcohol in the prior twelve months.

(7) The board shall prescribe, pursuant to chapter 34.05 RCW, a number of familiarization trips, between a minimum number of twenty-five and a maximum of one hundred, which pilot applicants must make in the pilotage district for which they desire to be licensed. Familiarization trips any particular applicant must make are to be based upon the applicant's vessel handling experience.
(8) The board may require vessel simulator training for a pilot applicant and shall require vessel simulator training for a pilot subject to RCW 88.16.105. The board shall also require vessel simulator training in the first year of active duty for a new pilot and at least once every five years for all active pilots.

(9) The board shall prescribe, pursuant to chapter 34.05 RCW, such reporting requirements and review procedures as may be necessary to assure the accuracy and validity of license and service claims, and records of familiarization trips of pilot candidates. Willful misrepresentation of such required information by a pilot candidate shall result in disqualification of the candidate.

(10) The board shall adopt rules to establish time periods and procedures for additional training trips and retesting as necessary for pilots who at the time of their licensing are unable to become active pilots.

Sec. 608. RCW 36.78.070 and 1993 c 65 s 3 are each amended to read as follows:

Sec. 613. RCW 47.26.425 and 1994 c 179 s 22 are each amended to read as follows:

47.26.4252, are insufficient to meet the requirements for bond retirement or interest on any series III bonds, the amount required to make such payments on series III bonds or interest thereon shall next be taken from that portion of the motor vehicle fund that results from the imposition of excise taxes on motor vehicle and special fuels and that is distributed to the state, counties, cities, and towns pursuant to RCW ((46.68.100)) 46.68.090, subject, however, to subsection (2) of this section.

(2) To the extent that moneys so distributed to the urban arterial trust account ((and the small city account)) are insufficient to meet the requirements for bond retirement or interest on any series III bonds, sixty percent of the amount required to make such payments when due shall first be taken from that portion of the motor vehicle fund that results from the imposition of excise taxes on motor vehicle and special fuels and that is distributed to the state, counties, cities, and towns. The remaining forty percent shall first be taken from that portion of the motor vehicle fund that results from the imposition of excise taxes on motor vehicle and special fuels and that is distributed to the cities and towns pursuant to RCW ((46.68.100)(1)(i)) and to the counties pursuant to RCW ((46.68.100)(3)). Of the counties’, cities’, and towns’ share of any additional amounts required in the fiscal year ending June 30, 1984, fifteen percent shall be taken from the counties’ distributive share and eighty-five percent from the cities’ and towns’ distributive share ((46.68.090(1)(i))). Of the counties’, cities’, and towns’ share of any additional amounts required in each fiscal year ((thereafter)), the percentage thereof to be taken from the counties’ distributive share and from the cities’ and towns’ distributive share shall correspond to the percentage of funds authorized for specific county projects and for specific city and town projects, respectively, from the proceeds of series III bonds, for the period through the first eleven months of the prior fiscal year as determined by the chairman of the transportation improvement board and reported to the state finance committee and the state treasurer not later than the first working day of June.

(3) Any payments on such bonds or interest thereon taken from motor vehicle or special fuel tax revenues that are distributable to the state, counties, cities, and towns shall be repaid from the first moneys distributed to the urban arterial trust account ((and the small city account)) not required for redemption of the first authorization bonds, series II bonds, or series III bonds or interest on these bonds.

Sec. 616. RCW 47.26.505 and 1994 c 179 s 29 are each amended to read as follows:

Any funds required to repay such bonds, or the interest thereon when due, shall be taken from that portion of the motor vehicle fund which results from the imposition of excise taxes on motor vehicle and special fuels and which is distributed to the transportation improvement account in the motor vehicle fund ((and the sums received by the small city account in the motor vehicle fund)) under RCW ((46.68.095)) 46.68.090, and shall never constitute a charge against any of other such funds in the motor vehicle fund to the state, counties, cities, and towns unless and until the amount of the motor vehicle fund arising from the excise tax on motor vehicle and special fuels and distributed to the transportation improvement account proves insufficient to meet the requirements for bond retirement or interest on any such bonds.

Sec. 617. RCW 47.30.030 and 1979 ex.s c 121 s 1 are each amended to read as follows:

Where an existing highway severs, or where the right of way of an existing highway accommodates a trail for pedestrians, equestrians, or bicyclists or where the separation of motor vehicle traffic from pedestrians, equestrians, or bicyclists will materially increase the motor vehicle safety, the provision of facilities for pedestrians, equestrians, or bicyclists which are a part of a comprehensive trail plan adopted by federal, state, or local governmental authority having jurisdiction over the trail is hereby authorized. The department of transportation, or the county or city having jurisdiction over the highway, road, or street, or facility is further authorized to expend reasonable amounts out of the funds made available to them, according to the provisions of RCW ((46.68.100)) 46.68.090, as necessary for the planning, accommodation, establishment, and maintenance of such facilities.

Sec. 618. RCW 47.30.050 and 1979 ex.s c 121 s 2 are each amended to read as follows:

(1) The amount expended by a city, town, or county as authorized by RCW 47.30.030(, as now or hereafter amended,) shall never in any one fiscal year be less than ((one half of one)) 0.42 percent of the total amount of funds received from the motor vehicle fund according to ((the provisions of)) RCW ((46.68.100; PROVIDED, That)) 46.68.090. However, this section does not apply to a city or town in any year in which the ((one half of one)) 0.42 percent equals five hundred dollars or less, or to a county in any year in which the ((one half of one)) 0.42 percent equals three thousand dollars or less((; PROVIDED FURTHER; That)). Also, a city, town, or county in lieu of expending the funds each year may credit the funds to a financial reserve or special fund, to be held for not more than ten years, and to be expended for the purposes required or permitted by RCW 47.30.030.

(2) In each fiscal year the department of transportation shall expend, as a minimum, for the purposes mentioned in RCW 47.30.030((, as now or hereafter amended,)) a sum equal to three-tenths of one percent of all funds, both state and federal, expended for the construction of state highways in such year, or in order to more efficiently program trail improvements the department may defer any part of such minimum trail or path expenditures for a fiscal year for a period not to exceed four years after the end of such fiscal year. Any fiscal year in which the department expends for trail or path purposes more than the minimum sum required by this subsection, the amount of such excess expenditure shall constitute a credit which may be carried forward and applied to the minimum trail and path expenditure requirements for any of the ensuing four fiscal years.

(3) The department of transportation, a city, or a county in computing the amount expended for trails or paths under their respective jurisdictions may include the cost of improvements consistent with a comprehensive plan or master plan for bicycle trails or paths adopted by a state or local governmental authority either prior to such construction or prior to January 1, 1980.

Sec. 619. RCW 47.56.725 and 1991 c 310 s 1 are each amended to read as follows:
(1) The department is hereby authorized to enter into a continuing agreement with Pierce, Skagit, and Whatcom counties pursuant to which the department shall, from time to time, direct the distribution to each of the counties the amounts authorized in subsection (2) of this section in accordance with RCW (46.68.100) 46.68.090.

(2) The department is authorized to include in each agreement a provision for the distribution of funds to each county to reimburse the county for fifty percent of the deficit incurred during each previous fiscal year in the operation and maintenance of the ferry system owned and operated by the county. The total amount to be reimbursed to Pierce, Skagit, and Whatcom counties collectively shall not exceed one million dollars in any biennium. Each county agreement shall contain a requirement that the county shall maintain tolls on its ferries at least equal to tolls in place on January 1, 1990.

(3) The annual fiscal year operating and maintenance deficit, if any, shall be determined by Pierce, Skagit, and Whatcom counties subject to review and approval of the department. The annual fiscal year operating and maintenance deficit is defined as the total of operations and maintenance expenditures less the sum of ferry toll revenues and that portion of fuel tax revenue distributions which are attributable to the county ferry as determined by the department. Distribution of the amounts authorized by subsection (2) of this section by the state treasurer shall be directed by the department upon the receipt of properly executed vouchers from each county.

(4) The county road administration board may evaluate requests by Pierce, Skagit, Wahkiakum, and Whatcom counties for county ferry capital improvement funds. The board shall evaluate the requests and, if approved by a majority of the board, submit the requests to the legislature for funding out of the amounts available under RCW (46.68.100(3)) 46.68.090(1)(j). Any county making a request under this subsection shall first seek funding through the public works trust fund, or any other available revenue source, where appropriate.

Sec. 620. RCW 47.56.750 and 1995 c 274 s 16 are each amended to read as follows:

There is hereby created in the highway bond retirement fund in the state treasury a special account to be known as the Columbia river toll bridge account into which shall be deposited any capitalized interest from the proceeds of the bonds, and at least monthly all of the tolls and other revenues received from the operation of the toll bridge and from any interest which may be earned from the deposit or investment of these revenues after the payment of costs of operation, maintenance, management, and necessary repairs of the facility. The principal of and interest on the bonds shall be paid first from money deposited in the Columbia river toll bridge account in the highway bond retirement fund, and then, to the extent that money deposited in that account is insufficient to make any such payment when due, from the state excise taxes on motor vehicle and special fuels deposited in the highway bond retirement fund. There is hereby pledged the proceeds of state excise taxes on motor vehicle and special fuels imposed under chapters 82.36 and 82.38 RCW to pay the bonds and interest thereon, and the legislature hereby agrees to continue to impose the same excise taxes on motor vehicle and special fuels in amounts sufficient to pay, when due, the principal and interest on the bonds if the money deposited in the Columbia river toll bridge account of the highway bond retirement fund is insufficient to make such payments. Not less than fifteen days prior to the date any interest or principal and interest payments are due, the state finance committee shall certify to the state treasurer such amount of additional moneys as may be required for debt service, and the treasurer shall thereupon transfer from the motor vehicle fund such amount from the proceeds of such excise taxes into the highway bond retirement fund. Any proceeds of such excise taxes required for these purposes shall first be taken from that portion of the motor vehicle fund which results from the imposition of the excise taxes on motor vehicle and special fuels and which is distributed to the state. If the proceeds from the excise taxes distributed to the state are ever insufficient to meet the required payments on principal or interest on the bonds when due, the amount required to make the payments on the principal or interest shall next be taken from that portion of the motor vehicle fund which results from the imposition of excise taxes on motor vehicle and special fuels and which is distributed to the state, counties, cities, and towns pursuant to RCW (46.68.100 as now existing or hereafter amended) 46.68.090. Any payments of the principal or interest taken from the motor vehicle or special fuel tax revenues which are distributable to the counties, cities, and towns shall be repaid from the first moneys distributed to the state not required for redemption of the bonds or interest thereon. The legislature covenants and pledges that it shall at all times provide sufficient revenues from the imposition of such excise taxes to pay the principal and interest due on the bonds.

Sec. 621. RCW 47.56.771 and 1995 c 274 s 17 are each amended to read as follows:

(1) The refunding bonds authorized under RCW 47.56.770 shall be general obligation bonds of the state of Washington and shall be issued in a total principal amount not to exceed fifteen million dollars. The exact amount of refunding bonds to be issued shall be determined by the state finance committee after calculating the amount of money deposited with the trustee for the bonds to be refunded which can be used to redeem or defease outstanding toll bridge authority, ferry, and Hood Canal bridge revenue bonds after the setting aside of sufficient money from that fund to pay the first installment on the refunding bonds. The refunding bonds shall be serial in form maturing at such time, in such amounts, having such denomination or denominations, redemption privileges, and having such terms and conditions as determined by the state finance committee. The last maturity date of the refunding bonds shall not be later than January 1, 2002.

(2) The refunding bonds shall be signed by the governor and the state treasurer under the seal of the state, which signatures shall be made manually or in printed facsimile. The bonds shall be registered in the name of the owner in accordance with chapter 39.46 RCW. The refunding bonds shall distinctly state that they are a general obligation of the state of Washington, shall pledge the full faith and credit of the state, and shall contain an unconditional promise to pay the principal thereof and the interest thereon when due. The refunding bonds shall be fully negotiable instruments.
(3) The principal and interest on the refunding bonds shall be first payable in the manner provided in this section from the proceeds of state excise taxes on motor vehicle and special fuels imposed by chapters 82.36 and 82.38 RCW.

(4) The principal of and interest on the refunding bonds shall be paid first from the state excise taxes on motor vehicle and special fuels deposited in the ferry bond retirement fund. There is hereby pledged the proceeds of state excise taxes on motor vehicle and special fuels imposed under chapters 82.36 and 82.38 RCW to pay the refunding bonds and interest thereon, and the legislature hereby agrees to continue to impose the same excise taxes on motor vehicle and special fuels in amounts sufficient to pay, when due, the principal and interest on the refunding bonds. Not less than fifteen days prior to the date any interest or principal and interest payments are due, the state finance committee shall certify to the state treasurer such amount of additional money as may be required for debt service, and the treasurer shall thereupon transfer from the motor vehicle fund such amount from the proceeds of such excise taxes into the ferry bond retirement fund. Any proceeds of such excise taxes required for these purposes shall first be taken from that portion of the motor vehicle fund which results from the imposition of the excise taxes on motor vehicle and special fuels and which is distributed to the Puget Sound capital construction account. If the proceeds from excise taxes distributed to the state are ever insufficient to meet the required payments on principal or interest on the refunding bonds when due, the amount required to make the payments on the principal or interest shall next be taken from that portion of the motor vehicle fund which results from the imposition of such excise taxes to pay the principal and interest due on the refunding bonds.

To the extent that the revenues from the Washington state ferry system available therefor are insufficient to meet required payments of principal and interest on bonds, sinking fund requirements, and payments into reserves, the department shall use moneys in the Puget Sound capital construction account for such purpose.

MR. PRESIDENT:

The House has passed ENGROSSED SECOND SUBSTITUTE SENATE BILL NO. 5594 with the following amendment(s):

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that while Washington's economy is currently prospering, economic growth continues to be uneven, particularly as between metropolitan and rural areas. This has created in effect two Washingtons. One afflicted by inadequate infrastructure to support and attract investment, another suffering from congestion and soaring housing prices. In order to address these problems, the legislature intends to use resources strategically to build on our state's strengths while addressing threats to our prosperity.

PART I

RURAL ECONOMIC DEVELOPMENT
Enhanced Flexibility for Use of Community Economic Revitalization Board Funds

Sec. 101. RCW 43.160.010 and 1996 c 51 s 1 are each amended to read as follows:

(1) The legislature finds that it is the public policy of the state of Washington to direct financial resources toward the fostering of economic development through the stimulation of investment and job opportunities and the retention of sustainable existing employment for the general welfare of the inhabitants of the state. Reducing unemployment and reducing the time citizens remain jobless is important for the economic welfare of the state. A valuable means of fostering economic development is the construction of public facilities which contribute to the stability and growth of the state's economic base. Strengthening the economic base through issuance of industrial development bonds, whether single or umbrella, further serves to reduce unemployment. Consolidating issues of industrial development bonds when feasible to reduce costs additionally advances the state's purpose to improve economic vitality. Expenditures made for these purposes as authorized in this chapter are declared to be in the public interest, and constitute a proper use of public funds. A community economic revitalization board is needed which shall aid the development of economic opportunities. The general objectives of the board should include:

(a) Strengthening the economies of areas of the state which have experienced or are expected to experience chronically high unemployment rates or below average growth in their economies;
(b) Encouraging the diversification of the economies of the state and regions within the state in order to provide greater seasonal and cyclical stability of income and employment;
(c) Encouraging wider access to financial resources for both large and small industrial development projects;
(d) Encouraging new economic development or expansions to maximize employment;
(e) Encouraging the retention of viable existing firms and employment; and
(f) Providing incentives for expansion of employment opportunities for groups of state residents that have been less successful relative to other groups in efforts to gain permanent employment.

(2) The legislature also finds that the state's economic development efforts can be enhanced by, in certain instances, providing funds to improve state highways (in the vicinity of new or expanding industries considering locating or expanding in this state (or existing industries that are considering significant expansion)).

(a) The legislature finds it desirable to provide a process whereby the need for diverse public works improvements necessitated by planned economic development can be addressed in a timely fashion and with coordination among all responsible governmental entities.

(b) (It is the intent of the legislature to create an economic development account within the motor vehicle fund from which expenditures can be made by the department of transportation for state highway improvements necessitated by planned economic development.) All (such) transportation improvements on state highways must first be approved by the state transportation commission and the community economic revitalization board in accordance with the procedures established by RCW 43.160.074 and 47.01.280. (It is further the intent of the legislature that such improvements not jeopardize any other planned highway construction projects. The improvements are intended to be of limited size and cost, and to include such items as additional turn lanes, signalization, illumination, and safety improvements.)

(3) The legislature also finds that the state's economic development efforts can be enhanced by, in certain instances, providing funds to assist development of telecommunications infrastructure that supports business development, retention, and expansion in rural natural resources impact areas and rural counties of the state.

(4) The legislature also finds that the state's economic development efforts can be enhanced by providing funds to improve markets for those recyclable materials representing a large fraction of the waste stream. The legislature finds that public facilities which result in private construction of processing or remanufacturing facilities for recyclable materials are eligible for consideration from the board.

Sec. 103. RCW 43.160.060 and 1996 c 51 s 5 are each amended to read as follows:

The board is authorized to make direct loans to political subdivisions of the state for the purposes of assisting the political subdivisions in financing the cost of public facilities, including development of land and improvements for public facilities, project-specific environmental, capital facilities, land use, permitting, feasibility and marketing studies and plans; project design, site planning, and analysis; project debt and revenue impact analysis; as well as the construction, rehabilitation, alteration, expansion, or improvement of the facilities. A grant may also be authorized for purposes designated in this chapter, but only when, and to the extent that, a loan is not reasonably possible, given the limited resources of the political subdivision and the finding by the board that ((unique) financial circumstances (exist. The board shall not obligate more than twenty percent of its biennial appropriation as grants)) require grant assistance to enable the project to move forward.

Application for funds shall be made in the form and manner as the board may prescribe. In making grants or loans the board shall conform to the following requirements:

(1) The board shall not provide financial assistance:

(a) For a project the primary purpose of which is to facilitate or promote a retail shopping development or expansion.

(b) For any project that evidence exists would result in a development or expansion that would displace existing jobs in any other community in the state, except a project that would relocate a business from a nondistressed urban area to a rural county or rural natural resources impact area.

(c) For the acquisition of real property, including buildings and other fixtures which are a part of real property.

(d) For a construction project to any local government applicant that is not, at the time of application for financial assistance, in compliance with the provisions of chapter 36.70A RCW.

(2) The board shall only provide financial assistance:

(a) For those projects which would result in specific private developments or expansions (i) in manufacturing, production, food processing, assembly, warehousing, advanced technology, research and development, and industrial distribution; (ii) for processing recyclable materials or for facilities that support recycling, including processes not currently provided in the state, including but not limited to, de-inking facilities, mixed waste paper, plastics, yard waste, and problem-waste processing; (iii) for manufacturing facilities that rely significantly on recyclable materials, including but not limited to waste tires and mixed waste paper; (iv) which support the relocation of businesses from nondistressed urban areas to ((distressed) rural counties or rural natural resources impact areas; or (v) which substantially support the trading of goods or services outside of the state's borders.

(b) For projects which it finds will improve the opportunities for the successful maintenance, establishment, or expansion of industrial or commercial plants or will otherwise assist in the creation or retention of long-term economic opportunities.

(c) When the application includes convincing evidence that a specific private development or expansion is ready to occur and will occur only if the public facility improvement is made.

(3) The board shall prioritize each proposed project according to:

(a) The relative benefits provided to the community by the jobs the project would create, not just the total number of jobs it would create after the project is completed and according to the unemployment rate in the area in which the jobs would be located((. As long as there is more demand for financial assistance than there are funds available, the board is instructed to fund projects in order of their priority)); and

(b) The rate of return of the state's investment, that includes the expected increase in state and local tax revenues associated with the project.

(4) A responsible official of the political subdivision shall be present during board deliberations and provide information that the board requests.

Before any financial assistance application is approved, the political subdivision seeking the assistance must demonstrate to the community economic revitalization board that no other timely source of funding is available to it at costs reasonably similar to financing available from the community economic revitalization board.

Sec. 104. RCW 43.160.070 and 1998 c 321 s 27 (Referendum Bill No. 49) are each amended to read as follows:

Public facilities financial assistance, when authorized by the board, is subject to the following conditions:

(1) The moneys in the public facilities construction loan revolving account and the distressed county public facilities construction loan account shall be used solely to fulfill commitments arising from financial assistance authorized in this chapter or, during the 1989-91 fiscal biennium, for economic development purposes as appropriated by the legislature. The total outstanding amount which the board shall dispense at any time pursuant to this section shall not exceed the moneys available from the accounts. The total amount of outstanding financial assistance in Pierce, King, and Snohomish counties shall never exceed sixty percent of the total amount of outstanding financial assistance disbursed by the board under this chapter without reference to financial assistance provided under RCW 43.160.220.

(2) On contracts made for public facilities loans the board shall determine the interest rate which loans shall bear. The interest rate shall not exceed ten percent per annum. The board may provide reasonable terms and conditions for repayment for loans, including partial
forgiveness of loan principal and interest payments on projects located in rural counties or rural natural resources impact areas, as the board determines. The loans shall not exceed twenty years in duration.

(3) Repayments of loans made from the public facilities construction loan revolving account under the contracts for public facilities construction loans shall be paid into the public facilities construction loan revolving account. Repayments of loans made from the distressed county public facilities construction loan account under the contracts for public facilities construction loans shall be paid into the distressed county public facilities construction loan account. Repayments of loans from moneys from the new appropriation from the public works assistance account for the fiscal biennium ending June 30, 1999, shall be paid into the public works assistance account.

(4) When every feasible effort has been made to provide loans and loans are not possible, the board may provide grants upon finding that unique circumstances exist.

Sec. 105. RCW 43.160.076 and 1998 c 321 s 28 (Referendum Bill No. 49) and 1998 c 55 s 4 are each reenacted and amended to read as follows:

(1) Except as authorized to the contrary under subsection (2) of this section, from all funds available to the board for financial assistance in a biennium under this chapter without reference to financial assistance provided under RCW 43.160.220, the board shall spend at least seventy-five percent for financial assistance for projects in (distressed) rural counties or rural natural resources impact areas. (For purposes of this section, the term “distressed counties” includes any county, in which the average level of unemployment for the three years before the year in which an application for financial assistance is filed, exceeds the average state unemployment for those years by twenty percent.)

(2) If at any time during the last six months of a biennium the board finds that the actual and anticipated applications for qualified projects in (distressed) rural counties or rural natural resources impact areas are clearly insufficient to use up the seventy-five percent allocation under subsection (1) of this section, then the board shall estimate the amount of the insufficiency and during the remainder of the biennium may use that amount of the allocation for financial assistance to projects not located in (distressed) rural counties or rural natural resources impact areas.

(3) This section expires June 30, 2000.

Sec. 106. RCW 43.160.900 and 1993 c 320 s 8 are each amended to read as follows:

The report may also include additional performance measures and recommendations for programmatic changes. The first report shall be submitted by December 1, 1994.

(2) The joint legislative audit and review committee shall conduct performance reviews on the effectiveness of the program administered by the board under this chapter. The committee may contract for services to conduct the performance reviews. The costs for the performance reviews shall be paid from repayments of principal and interest on loans made under this chapter. The performance reviews shall be submitted to the appropriate committees of the legislature by December 1, 2000, December 1, 2004, and December 1, 2008.

Sec. 107. RCW 43.160.200 and 1996 c 51 s 9 are each amended to read as follows:

(1) The economic development account is created within the public facilities construction loan revolving fund under RCW 43.160.080. Moneys in the account may be spent only after appropriation. Expenditures from the account may be used only for the purposes of RCW 43.160.010(5) and this section. The account is subject to allotment procedures under chapter 43.88 RCW.

(2) Applications under this section for assistance from the economic development account are subject to all of the applicable criteria set forth under this chapter, as well as procedures and criteria established by the board, except as otherwise provided.

(3) Eligible applicants under this section are limited to political subdivisions of the state in rural natural resources impact areas (that demonstrate to the satisfaction of the board, the local economy’s dependence on the forest products and salmon fishing industries) and rural counties.

(7) Board financing for project-specific environmental, capital facilities, land use, permitting, feasibility and marketing studies and plans; project engineering, design, and site planning and analysis; and project debt and revenue impact analysis shall not exceed (twenty-five) fifty thousand dollars per study. Board funds for (feasibility studies) these purposes may be provided as a grant and require a (dollar for dollar) match (with up to one-half in-kind match allowed).
(8) Board financing for tourism projects shall not exceed two hundred fifty thousand dollars. Other public facility construction projects under this section shall not exceed five hundred thousand dollars. Loans with flexible terms and conditions to meet the needs of the applicants shall be provided. Grants may also be authorized, but only when, and to the extent that, a loan is not reasonably possible, given the limited resources of the political subdivision.

(9) The board shall develop guidelines for allowable local match and planning and predevelopment activities.

(10) The board may allow de minimis general system improvements to be funded if they are critically linked to the viability of the economic development project assisted under this section.

(11) Applications under this section need not demonstrate evidence that specific private development or expansion is ready to occur or will occur if funds are provided.

(12) The board shall establish guidelines for providing financial assistance under this section to ensure that the requirements of this chapter are complied with. The guidelines shall include:

(a) A process to equitably compare and evaluate applications from competing communities.

(b) Criteria to ensure that approved projects will have a high probability of success and are likely to provide long-term economic benefits to the community. The criteria shall include: (i) A minimum amount of local participation, determined by the board per application, to verify community support for the project; (ii) an analysis that establishes the project is feasible using standard economic principles; and (iii) an explanation from the applicant regarding how the project is consistent with the communities' economic strategy and goals.

The report shall contain information, as required by the department, from which the department may determine whether the recipient is meeting the requirements of this chapter. If the recipient fails to submit a report or submits an inadequate report, the department may declare the amount of deferred taxes outstanding to be immediately assessed and payable.

(2) If, on the basis of a report under this section or other information, the department finds that an investment project is not eligible for tax deferral under this chapter (for reasons other than failure to create the required number of qualified employment positions), the amount of deferred taxes outstanding for the project shall be immediately due.

(3) (If, on the basis of a report under this section or other information, the department finds that an investment project for which a deferral has been granted under this chapter prior to July 1, 1994, has been operationally complete for three years and has failed to create the required number of qualified employment positions, the department shall assess interest, but not penalties, on the deferred taxes for the project. The interest shall be assessed at the rate provided for delinquent excise taxes, shall be assessed retroactively to the date of deferral, and shall accrue until the deferred taxes are repaid.

(4) If, on the basis of a report under this section or other information, the department finds that an investment project for which a deferral has been granted under this chapter after June 30, 1994, has been operationally complete for three years and has failed to create the required number of qualified employment positions, the amount of taxes not eligible for deferral shall be immediately due.

(5) If, on the basis of a report under this section or other information, the department finds that an investment project qualifying for deferral under RCW 82.60.040(1)(b) or (c) has failed to comply with any requirement of RCW 82.60.045 for any calendar year for which reports are required under subsection (1) of this section, twelve and one-half percent of the amount of deferred taxes shall be immediately due. The department shall assess interest at the rate provided for delinquent excise taxes, but not penalties, retroactively to the date of deferral.

(6) Notwithstanding any other subsection of this section, deferred taxes need not be repaid on machinery and equipment for lumber and wood products industries, and sales of or charges made for labor and services, of the type which qualifies for exemption under RCW 82.08.02565 or 82.12.02565 to the extent the taxes have not been repaid before July 1, 1995.

(b) The positions will be filled by persons who at the time of hire are residents of the community empowerment zone in which the project is located. As used in this subsection, "resident" means the person makes his or her home in the community empowerment zone. NEW SECTION. Sec. 401. (1) The legislature shall establish an ad hoc economic development group to analyze potential economic development projects of state-wide significance and recommend appropriate administrative or legislative actions.

(2) The group shall include one representative each from the department of community, trade, and economic development, the department of agriculture, and the department of revenue as well as two representatives from rural economic development councils appointed by the legislature.

(3) The group shall promote economic development and business diversification throughout the state with special attention given to the economic difficulties of rural counties.

(4) In order to expedite coordinated responses, the governor may direct the group to meet on an emergency basis when projects of state-wide significance arise.

(5) The department of community, trade, and economic development shall establish criteria to determine whether a project meets the standards of a "project of state-wide significance." These criteria may include such economic indicators as local unemployment and personal income levels and project scope indicators such as the assessed value of the project in relation to the assessed value of the county.

PART V
RURAL WASHINGTON LOAN FUND

NEW SECTION. Sec. 501. (1) The legislature finds that:

(a) The economic health and well-being of the state is of substantial public concern, particularly in geographic areas of high unemployment, economic stagnation, and poverty;

(b) The consequences of minimal economic activity and persistent unemployment and underemployment are serious threats to the safety, health, and welfare of residents of these geographic areas, decreasing the value of private investments and jeopardizing the sources of public revenue;

(c) The economic and social interdependence of communities and the vitality of industrial and economic activity necessitates and partially depends upon preventing substantial dislocation of residents and rebuilding the diversification of the areas' economy;

(d) The ability to remedy problems in stagnant areas of the state is beyond the power and control of the regulatory process and influence of the state, and the ordinary operations of private enterprise, without additional governmental assistance, are insufficient to adequately remedy the problems of poverty and unemployment; and

(e) Revitalization of depressed communities requires stimulation of private investment, development of new business ventures, provision of capital to ventures sponsored by local organizations and capable of growth in the business markets, and assistance to viable, but underfinanced, small businesses in order to create and preserve jobs that are sustainable in the local economy.

(2) Therefore, the legislature declares there to be a substantial public purpose in providing capital to promote economic development and job creation in areas of economic stagnation, unemployment, and poverty. To accomplish this purpose, the legislature hereby creates the rural Washington loan fund and vests in the department of community, trade, and economic development the authority to spend federal funds to stimulate the economy of distressed areas.

NEW SECTION. Sec. 502. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Department" means the department of community, trade, and economic development.

(2) "Director" means the director of community, trade, and economic development.

(3) "Disabled person" means a person with a physical or mental impairment that substantially limits a major life activity. The impairment must be material and medically cognizable or diagnosable. The impairment must also be permanent in that it is seldom significantly corrected by medical replacement, therapy, or surgical means. Impairment does not include drug or alcohol addiction or any negative effects brought on by the use of drugs or alcohol.
"Distressed area" means: (a) A rural county; (b) a metropolitan statistical area, as defined by the office of federal statistical policy and standards, United States department of commerce, in which the average level of unemployment for the calendar year immediately preceding the year in which an application is filed under this chapter exceeds the average state unemployment for such calendar year by twenty percent; (c) an area within a county, which area: (i) Is composed of contiguous census tracts; (ii) has a minimum population of five thousand persons; (iii) has at least seventy percent of its families and unrelated individuals with incomes below eighty percent of the county's median income for families and unrelated individuals; and (iv) has an unemployment rate which is at least forty percent higher than the county's unemployment rate; or (d) a county designated as a rural natural resources impact area under RCW 43.31.601. For purposes of this subsection, "families and unrelated individuals" has the same meaning that is ascribed to that term by the federal department of housing and urban development in its regulations authorizing action grants for economic development and neighborhood revitalization projects.

(5) "Fund" means the rural Washington loan fund.

(6) "Local development organization" means a nonprofit organization which is organized to operate within an area, demonstrates a commitment to a long-standing effort for an economic development program, and makes a demonstrable effort to assist in the employment of unemployed or underemployed residents in an area.

(7) "Project" means the establishment of a new or expanded business in an area, which business, when completed, will provide employment opportunities. "Project" also means the retention of an existing business in an area, which business, when completed, will provide employment opportunities.

(8) "Rural county" means a county with a population density of fewer than one hundred persons per square mile, as determined by the office of financial management.

NEW SECTION. Sec. 503. Subject to the restrictions contained in this chapter, the department is authorized to approve applications of local governments for federal community development block grant funds or other federal funds that the local governments would use to make loans to finance business projects within their jurisdictions. Applications approved by the department under this chapter must conform to applicable federal requirements.

NEW SECTION. Sec. 504. (1) The department may approve an application providing a loan for a project only if the department finds that the project:

(a) Will result in creation of employment opportunities, maintenance of threatened employment, or development or expansion of business ownership by disabled persons, minorities, and women;

(b) Has been approved by the director as conforming to federal rules and regulations governing the spending of federal community development block grant funds or other applicable federal funds;

(c) Will be of public benefit and for a public purpose, and that the benefits, including increased or maintained employment, improved standard of living, employment of disadvantaged workers, and development or expansion of business ownership by disabled persons, minorities, and women, will primarily accrue to residents of the area;

(d) Will probably be successful; and

(e) Would probably not be completed without the loan because other capital or financing at feasible terms is unavailable, or because the return on investment is inadequate.

(2)(a) The department shall, subject to applicable federal funding criteria, give priority to applications that capitalize or recapitalize an existing or new local revolving loan fund based on criteria established by the department.

(b) The department shall, subject to applicable federal funding criteria, give higher priority to economic development projects that contain provisions for child care.

(3) The department may not approve an application that fails to provide for adequate reporting or disclosure of financial data to the department. The department may require an annual or other periodic audit of the project books.

(4) The department may require that the project be managed in whole or in part by a local development organization and may prescribe a management fee to be paid to that organization by the recipient of the loan or grant.

(5) The department shall fix the terms and rates pertaining to its loans.

(6) If there is more demand for loans than funds available for lending, the department shall provide loans for those projects which will lead to the greatest amount of employment or benefit to a community. In determining the "greatest amount of employment or benefit," the department shall also consider the employment which would be saved by its loan and the benefit relative to the community, not just the total number of new jobs or jobs saved.

(7) To the extent permitted under federal law, the department shall require applicants to provide for the transfer of all payments of principal and interest on loans to the rural Washington loan fund created under this chapter. Under circumstances where federal law does not permit the department to require the transfer, the department shall give priority to applicants who are committed to a long-standing effort for an economic development program, and who have at least a twenty percent commitment to a long-standing effort for an economic development program, and which business, when completed, will provide employment opportunities.

(8) The department may not approve any application to finance or help finance a shopping mall.
(9) For loans not made to minority and women-owned businesses and businesses owned by disabled persons, the department shall make at least eighty percent of the appropriated funds available to projects located in distressed areas, and may make up to twenty percent available to projects located in areas not designated as distressed.

(10) If an objection is raised to a project on the basis of unfair business competition, the department shall evaluate the potential impact of a project on similar businesses located in the local market area. The department may deny a grant if the department determines the proposed project is not likely to result in a net increase in employment within a local market area.

(11) For loans to minority and women-owned businesses and businesses owned by disabled persons that do not meet the credit criteria, the department may consider nontraditional credit standards to offset past discrimination that has precluded full participation of minority or women-owned businesses or businesses owned by disabled persons in the economy. For applicants with high potential who do not meet the credit criteria, the department shall consider developing alternative borrowing methods. For applicants denied loans due to credit problems, the department shall provide financial counseling within available resources and provide referrals to credit rehabilitation services. In circumstances of competing applications, the department shall give priority to members of eligible groups which previously have been least served by this fund.

NEW SECTION. Sec. 505. The department is encouraged to work with local development organizations to promote applications for loans by the fund. The department shall also provide assistance to local development organizations and local governments to identify viable projects for consideration by the department. The department shall provide technical assistance to organizations that administer local revolving loan funds regarding practices to establish sustainable operations. The department shall adopt such rules and regulations as are appropriate to carry out its authority under this chapter.

NEW SECTION. Sec. 506. The department may receive and approve applications on a monthly basis but shall receive and approve applications on at least a quarterly basis for each fiscal year. The department shall make every effort to simplify the loan process for applicants. Department staff shall process and assist in the preparation of applications. Each application shall show in detail the nature of the project, the types and numbers of jobs to be created, wages to be paid to new employees, and methods of hiring unemployed persons from the local market area. Each application must contain a credit analysis of the business to receive the loan.

NEW SECTION. Sec. 507. The department shall make available an amount of federal community development block grant funds equal to the amount of state funds transferred or appropriated to the department for purposes of supplementing the department’s block grant funds.

NEW SECTION. Sec. 508. The department may make grants of state funds to local governments that qualify as entitlement communities under the federal law authorizing community development block grants. These grants may be made only on condition that the entitlement community provide the department with assurances that the entitlement community will: (1) Spend the grant moneys for purposes and in a manner satisfying state constitutional requirements; (2) spend the grant moneys for purposes and in a manner satisfying federal requirements; and (3) spend at least the same amount of the grant for loans to businesses from the federal funds received by the entitlement community.

NEW SECTION. Sec. 509. There is established the rural Washington loan fund, which shall be an account in the state treasury. The rural Washington loan fund shall include revenue from the sources established by this chapter, appropriations by the legislature, federal funds, private contributions, all loan payments of principal and interest that are transferred under section 504 of this act, and all other sources. Moneys in the account may be spent only after legislative appropriation for loans or grants under this chapter. Any expenditures of federal moneys must conform to applicable federal law.

NEW SECTION. Sec. 510. (1) The department shall develop guidelines for rural Washington loan funds to be used to fund local economic development revolving loan funds. The department shall consider the selection process for grantees, loan quality criteria, legal and regulatory issues, and ways to minimize duplication between development loan funds and local economic development revolving loan funds.

(2) The department may make loans or grants from the rural Washington loan fund to local governments to capitalize new, or to recapitalize existing, economic development revolving loan funds in distressed areas.

NEW SECTION. Sec. 511. The department shall develop performance standards for judging the effectiveness of the program including, to the extent possible, examining the effectiveness of loans or grants with regard to:

(1) Creation of jobs for individuals of low and moderate income;
(2) Retention of existing employment;
(3) Creation of new employment opportunities;
(4) Diversification of the economic base of local communities;
(5) Establishment of employee cooperatives;
(6) Providing assistance in cases of employee buyouts of firms to prevent the loss of existing employment; and
(7) The degree of risk assumed by the rural Washington loan fund, with emphasis on loans that did not receive financing from commercial lenders, but that are considered financially sound.

NEW SECTION. Sec. 512. Any funds appropriated by the legislature to the rural Washington loan fund for purposes of the timber recovery act shall be used for development loans in rural natural resources impact areas as defined in RCW 43.31.601.

NEW SECTION. Sec. 513. Subject to the restrictions contained in this chapter, the department is authorized to approve applications of minority and women-owned businesses for loans or loan guarantees from the fund. Applications approved by the department under this
chapter must conform to applicable federal requirements. The department shall prioritize available funds for loan guarantees rather than loans when possible. The department may enter into agreements with other public or private lending institutions to develop a joint loan guarantee program for minority and women-owned businesses. If such a program is developed, the department may spend gift funds available under this section. In conjunction with the other organizations, to operate the program. This section does not preclude the department from making individual loan guarantees.

To the maximum extent practicable, the department shall make available to minority and women-owned businesses, on an equal basis, funds available under this section. The department shall submit to the appropriate committees of the senate and house of representatives quarterly reports that detail the number of loans approved and the characteristics of the recipients by ethnic and gender groups.

**NEW SECTION, Sec. 514.** The department may receive gifts, grants, or endowments from public or private sources that are made from time to time, in trust or otherwise, for the use and benefit of the purposes of this chapter, and the department may spend gifts, grants, or endowments or income from the public or private sources according to their terms, unless the receipt of the gifts, grants, or endowments violates RCW 42.17.710.

MESSAGE FROM THE HOUSE

April 8, 1999

MR. PRESIDENT:

The House has passed SUBSTITUTE SENATE BILL NO. 5153 with the following amendment(s):

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 47.06A.020 and 1998 c 175 s 3 are each amended to read as follows:

(1) The board shall:

(a) Adopt rules and procedures necessary to implement the freight mobility strategic investment program;"
(b) Solicit from public entities proposed projects that meet eligibility criteria established in accordance with subsection (4) of this section; and

(c) Review and evaluate project applications based on criteria established under this section, and prioritize and select projects comprising a portfolio to be funded in part with grants from state funds appropriated for the freight mobility strategic investment program. In determining the appropriate level of state funding for a project, the board shall ensure that state funds are allocated to leverage the greatest amount of partnership funding possible. After selecting projects comprising the portfolio, the board shall submit them as part of its budget request to the office of financial management and the legislature. The board shall ensure that projects submitted as part of the portfolio are not more appropriately funded with other federal, state, or local government funding mechanisms or programs. The board shall reject those projects that appear to improve overall general mobility with limited enhancement for freight mobility.

The board shall provide periodic progress reports on its activities to the (government) office of financial management and the legislative transportation committee.

(2) The board may:

(a) Accept from any state or federal agency, loans or grants for the financing of any transportation project and enter into agreements with any such agency concerning the loans or grants;

(b) Provide technical assistance to project applicants;

(c) Accept any gifts, grants, or loans of funds, property, or financial, or other aid in any form from any other source on any terms and conditions which are not in conflict with this chapter;

(d) Adopt rules under chapter 34.05 RCW as necessary to carry out the purposes of this chapter; and

(e) Do all things necessary or convenient to carry out the powers expressly granted or implied under this chapter.

(3) The board shall designate strategic freight corridors within the state. The board shall update the list of designated strategic corridors not less than every two years, and shall establish a method of collecting and verifying data, including information on city and county-owned roadways.

(4) From June 11, 1998, through the biennium ending June 30, 2001, the board shall utilize threshold project eligibility criteria that, at a minimum, includes the following:

(a) The project must be on a strategic freight corridor;

(b) The project must meet one of the following conditions:

(i) It is primarily aimed at reducing identified barriers to freight movement with only incidental benefits to general or personal mobility; or

(ii) It is primarily aimed at increasing capacity for the movement of freight with only incidental benefits to general or personal mobility; or

(iii) It is primarily aimed at mitigating the impact on communities of increasing freight movement, including roadway/railway conflicts; and

(c) The project must have a total public benefit/total public cost ratio of equal to or greater than one.

(5) From June 11, 1998, through the biennium ending June 30, 2001, the board shall use the multicriteria analysis and scoring framework for evaluating and ranking eligible freight mobility and freight mitigation projects developed by the freight mobility project prioritization committee and contained in the January 16, 1998, report entitled “Project Eligibility, Priority and Selection Process for a Strategic Freight Investment Program.” The prioritization process shall measure the degree to which projects address important program objectives and shall generate a project score that reflects a project's priority compared to other projects. The board shall assign scoring points to each criterion that indicate the relative importance of the criterion in the overall determination of project priority. After June 30, 2001, the board may supplement and refine the initial prioritization criteria and scoring framework developed by the freight mobility project prioritization committee as expertise and experience is gained in administering the freight mobility program.

(6) It is the intent of the legislature that each freight mobility project contained in the project portfolio submitted by the board utilize the greatest amount of nonstate funding possible. The board shall adopt rules that give preference to projects that contain the greatest levels of financial participation from nonprogram fund sources. The board shall consider twenty percent as the minimum partnership contribution, but shall also ensure that there are provisions allowing exceptions for projects that are located in areas where minimal local funding capacity exists or where the magnitude of the project makes the adopted partnership contribution financially unfeasible.

(7) The board shall develop and recommend policies that address operational improvements that primarily benefit and enhance freight movement, including, but not limited to, policies that reduce congestion in truck lanes at border crossings and weigh stations and provide for access to ports during nonpeak hours.

Sec. 2. RCW 47.06A.030 and 1998 c 175 s 4 are each amended to read as follows:

(1) The freight mobility strategic investment board is created. The board shall convene by July 1, 1998.
(2) The board is composed of twelve members. The following members are appointed by the governor for terms of four years, except that five members initially are appointed for terms of two years: (a) Two members, one of whom is from a city located within or along a strategic freight corridor, appointed from a list of at least four persons nominated by the association of Washington cities or its successor; (b) two members, one of whom is from a county having a strategic freight corridor within its boundaries, appointed from a list of at least four persons nominated by the Washington state association of counties or its successor; (c) two members, one of whom is from a port district located within or along a strategic freight corridor, appointed from a list of at least four persons nominated by the Washington public ports association or its successor; (d) one member representing the office of financial management; (e) one member appointed as a representative of the trucking industry; (f) one member appointed as a representative of the railroads; (g) the secretary of the department of transportation; (h) one member representing the steamship industry; and (i) one member of the general public. In appointing the general public member, the governor shall endeavor to appoint a member with special expertise in relevant fields such as public finance, freight transportation, or public works construction. The governor shall appoint the general public member as chair of the board. In making appointments to the board, the governor shall ensure that each geographic region of the state is represented.

(3) Members of the board (may not receive compensation. Reimbursement for) shall be reimbursed for reasonable and customary travel (and other) expenses (shall be provided by each respective organization that a member represents on the board) as provided in RCW 43.03.050 and 43.03.060.

(4) If a vacancy on the board occurs by death, resignation, or otherwise, the governor shall fill the vacant position for the unexpired term. Each vacancy in a position appointed from lists provided by the associations and departments under subsection (2) of this section must be filled from a list of at least four persons nominated by the relevant association or associations.

(5) The appointments made in subsection (2) of this section are not subject to confirmation.

Sec. 3. RCW 47.06A.040 and 1998 c 175 s 5 are each amended to read as follows:

The board (shall), at its option, may either appoint an executive director, who shall serve at its pleasure and whose salary shall be set by the board(Staff support to the board shall initially be provided by the department of transportation, the transportation improvement board, and the county road administration board or their successor agencies. (6) "Miner" means any person or persons, any partnership, limited partnership, or corporation, or any association of persons, including every public or governmental agency engaged in surface mining ([from the surface]).

(7) "Minerals" means clay, coal, gravel, industrial minerals, metallic substances, peat, sand, stone, topsoil, and any other similar solid material or substance to be excavated from natural deposits on or in the earth for commercial, industrial, or construction use.

(8) "Operations" means all mine-related activities, exclusive of reclamation, that affect noise generation, air quality, surface and ground water quality, quantity, and flow, glare, pollution, traffic safety, ground vibrations, and/or significant or substantial impacts commonly regulated under provisions of land use or other permits of local government and local ordinances, or other state laws.

Operations specifically include:

(a) The mining or extraction of rock, stone, gravel, sand, earth, and other minerals;
(b) Blasting, equipment maintenance, sorting, crushing, and loading;
(c) On-site mineral processing including asphalt or concrete batching, concrete recycling, and other aggregate recycling;

(9) "Overburden" means the earth, rock, soil, and topsoil that lie above mineral deposits.

(10) "Permit holder" means any person or persons, any partnership, limited partnership, or corporation, or any association of persons, either natural or artificial, including every public or governmental agency engaged in surface mining and/or the operation of surface mines, whether individually, jointly, or through subsidiaries, agents, employees, operators, or contractors who holds a state reclamation permit.

(11) "Reclamation" means rehabilitation for the appropriate future use of disturbed areas resulting from surface mining including areas under associated mineral processing equipment (and), areas under stockpiled materials, and aboveground waste rock and tailing facilities, and all other surface disturbances associated with underground mines. Although both the need for and the practicability of reclamation will control the type and degree of reclamation in any specific surface mine, the basic objective shall be to reestablish on a perpetual basis the vegetative cover, soil stability, and water conditions appropriate to the approved subsequent use of the surface mine and to prevent or mitigate future environmental degradation.

(12) "Reclamation setbacks" include those lands along the margins of surface mines wherein minerals and overburden shall be preserved in sufficient volumes to accomplish reclamation according to the approved plan and the minimum reclamation standards. Maintenance of reclamation setbacks may not preclude other mine-related activities within the reclamation setback.

(13) "Recycling" means the reuse of minerals or rock products.

(14) "Screening" consists of vegetation, berms or other topography, fencing, and/or other screens that may be required to mitigate impacts of surface mining on adjacent properties and/or the environment.

(15) "Segment" means any portion of the surface mine that, in the opinion of the department:

(a) Has characteristics of topography, drainage, slope stability, ownership, mining development, or mineral distribution, that make reclamation necessary;
(b) Is not in use as part of surface mining and/or related activities; and
(c) Is larger than seven acres and has more than five hundred linear feet of working face except as provided in a segmental reclamation agreement approved by the department.

(16) "SEPA" means the state environmental policy act, chapter 43.21C RCW and rules adopted thereunder.

(17)(a) "Surface mine" means any area or areas in close proximity to each other, as determined by the department, where extraction of minerals (from the surface) results in:

(i) More than three acres of disturbed area;
(ii) Surface mined slopes greater than thirty feet high and steeper than 1.0 foot horizontal to 1.0 foot vertical; or
(iii) More than one acre of disturbed area within an eight acre area, when the disturbed area results from mineral prospecting or exploration activities.

(b) Surface mines include areas where mineral extraction from the surface or subsurface occurs by the auger method or by reworking mine refuse or tailings, when (these activities) the disturbed area exceeds the size or height thresholds listed in (a) of this subsection.

(c) Surface mining occurs when operations have created or are intended to create a surface mine as defined by this subsection.

(d) Surface mining shall exclude excavations or grading used:

(i) Primarily for on-site construction, on-site road maintenance, or on-site landfill construction;
(ii) For the purpose of public safety or restoring the land following a natural disaster;
(iii) For the purpose of removing stockpiles;
(iv) For forest or farm road construction or maintenance on site or on contiguous lands;
(v) Primarily for public works projects if the mines are owned or primarily operated by counties with 1993 populations of less than twenty thousand persons, and if each mine has less than seven acres of disturbed area; and
(vi) For sand authorized by RCW 43.51.685((and
(vii) For underground mines)).

(18) "Topsoil" means the naturally occurring upper part of a soil profile, including the soil horizon that is rich in humus and capable of supporting vegetation together with other sediments within four vertical feet of the ground surface.

NEW SECTION. Sec. 2. A new section is added to chapter 78.44 RCW to read as follows:

Surface disturbances caused by an underground metals mining and milling operation are subject to the requirements of this chapter if the operation is proposed after June 30, 1999. An operation is proposed when an agency is presented with an application for an operation or expansion of an existing operation having a probable significant adverse environmental impact
under chapter 43.21C RCW. The department of ecology shall retain authority for reclamation of surface disturbances caused by
an underground operation operating at any time prior to June 30, 1999, unless the operator requests that authority for reclamation
of surface disturbances caused by such operation be transferred to the department under the requirements of this chapter.

NEW SECTION. Sec. 3. If any provision of this act or its application to any person or circumstance is held invalid, the
remainder of the act or the application of the provision to other persons or circumstances is not affected."

This subsection shall not apply to hospice agency applicants that provide hospice care without receiving compensation for delivery of services;

(f) Provide such proof as the department may require concerning organizational structure, and the identity of the applicant, officers, directors, partners, managing employees, or owners of ten percent or more of the applicant's assets;

(g) File with the department for approval a (list of the counties) description of the service area in which the applicant will operate and a description of how the applicant intends to provide management and supervision of services throughout the service area. The department shall adopt rules necessary to establish criteria for approval that are related to appropriate management and supervision of services throughout the service area. In developing the rules, the department may not establish criteria that:

(h) File with the department a list of the services offered;

(j) Provide any other information that the department may reasonably require.

Sec. 3. RCW 70.127.090 and 1993 c 42 s 5 are each amended to read as follows:

An application for a license or any renewal shall be accompanied by a fee as established by the department under RCW 43.70.250. The department shall adopt by rule licensure fees (shall be) based on a sliding scale using such factors as the number of agency full-time equivalents, (with agencies with the highest number of full-time equivalents paying the highest fee. Full-time equivalent is a measurement based on a forty-hour work week and is applicable to paid agency employees or contractors) geographic area served, number of locations, or type and volume of services provided. For agencies receiving a licensure survey that requires more than (one) two on-site reviews by the department per licensure period, an additional fee (of fifty percent of the base licensure fee) as determined by the department by rule shall be charged for each additional on-site review. The department shall charge a reasonable fee for processing changes in ownership. The department may set different licensure fees for each licensure category.
Sec. 4. RCW 70.127.110 and 1988 c 245 s 12 are each amended to read as follows:
The department shall adopt rules providing for the combination of applications and licenses, and the reduction of
individual license fees if an applicant applies for more than one category of license under this chapter. The department shall
provide for combined licensure inspections and audits for licensees holding more than one license under this chapter. The
department may prorate licensure fees to facilitate combined licensure inspections and audits.

NEW SECTION. Sec. 5. The department of health shall submit a report to the health care committees of the legislature
with recommendations for any changes needed to the home health, hospice, and home care licensure law, chapter 70.127 RCW,
in order to allow the department to regulate this fast-growing and evolving industry. The report, at a minimum, shall specifically
address the following questions:
(1) Does the scope of the licensure law need to be revised in order to enhance protection for persons receiving home
health, hospice, and home care services?
(2) Does the department of health need additional compliance strategies in order to provide protection for persons
receiving home health, hospice, and home care services?
(3) Does chapter 70.126 RCW need to be retained in statute, or is it simply duplicative and confusing?
A report shall be submitted by November 1, 1999, together with any recommendations for legislation necessary to
implement the findings and recommendations of the department of health. The department of health shall prepare the report with
existing funds."
Correct the title, and the same are herewith transmitted.

MOTION

On motion of Senator Gardner, the Senate concurred in the House amendment to Substitute Senate Bill No. 5064. The President declared the question before the Senate to be the roll call on the final passage of Substitute Senate Bill No. 5064, as amended by the House.

ROLL CALL

The Secretary called the roll on the final passage of Substitute Senate Bill No. 5064, as amended by the House, and the bill passed the Senate by the following vote: Yeas, 44; Nays, 0; Absent, 1; Excused, 4.

received the constitutional majority was declared passed. There being no objection, the title of the bill will stand as the title of the act.

HAPPY BIRTHDAY TO SENATOR McCASLIN

The President extended Happy Birthday wishes to Senator McCaslin.

PERSONAL PRIVILEGE

Senator McCaslin: “A point of personal privilege, Mr. President. I was just talking to the Senator from the nineteenth district--the Senator from the sixth district will be happy that I used the district instead of the name--but the Senator and I are always talking about our birthdays, because his birthday is in May. You told me it was in May--okay, his birthday is in July. I was trying to compare things between the good Senator and myself, because he was here when I arrived. He was the Secretary of the Senate then. We always talked about our birthdays--his is now in July--he moved it again. That’s the way things are. You know how the Democrats are, don’t you folks? Anyway, today I have something on him, because I am one year older than he is.

“He may be the head of the strongest party in the state, and he has the most powerful position in the state, but you are younger. You are just a kid. I want you to remember that. I mean--he has a beautiful wife; I have a beautiful wife. She writes poetry; mine makes laws, including the ones at our house. Mine is an attorney, but he does have a lovely wife and she writes beautiful poetry. It has been an absolute pleasure knowing you younger people.

“Goings is laughing--I have fillings older that Goings. I won’t go in to my dentures. Anyway, we have a kid over here--he is twenty-nine and he will be thirty pretty soon. They are on a downhill pull, Sid. I have enjoyed every year up here. I get to celebrate my birthday just on the long one hundred and five day session, although next year, we may have a session longer and I will celebrate it then. I’m sorry I am not here in July, Sid, to really help you on your way--as you catch up to me. I won’t give up. God bless all of you and thanks, Mr. President, for recognizing the fact that I lived longer than a lot of people wished I had.”

Debate ensued.

PERSONAL PRIVILEGE

Senator Snyder: "A point of personal privilege, Mr. President. I want to join in wishing my elder a Happy Birthday here today. I think the Senator--and I am going to mention a name here--Senator Deccio and Senator McCaslin and myself are the only three left that served in World War II and the Legislature. At one time, that was almost a criteria. You had to be a World War II Vet to get elected. Also, it is another well-known figure’s birthday today that will go down in history. It is Adolph Hitler’s birthday today.”

PERSONAL PRIVILEGE

Senator McCaslin: “A point of personal privilege, Mr. President. I have to respond to that. You brought up the nice members of my family. Queen Mary was also born on April 20, so there were some real nice people, too. I have to tell you, my staff--my former secretary whose is now, I am told, is a session aide, and my administrative aide, brought me a cake and they put ‘seventy-three’ on it and I reversed it and it is now ‘thirty-seven.’ Senator Rossi came in and said, ‘Boy, you sure aged during your time in the Senate.’ You are absolutely right, you do age up here, but I still love you all. Senator Deccio, some day we may know when you were born if, in fact, you were really born.”

REMARKS BY SENATOR DECCIO

Senator Deccio: "Okay, I was born in October of 1921, which makes me seventy-seven. Now, is everybody happy? I feel like I am thirty-six.”

MOTIONS
On motion of Senator Eide, Senator Patterson was excused.

On motion of Senator Honeyford, Senator Deccio was excused.

MESSAGE FROM THE HOUSE

April 14, 1999

MR. PRESIDENT:

The House has passed SUBSTITUTE SENATE BILL NO. 5154 with the following amendment(s):

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. A new section is added to chapter 64.12 RCW to read as follows:

1) An electric utility is immune from liability under RCW 64.12.030, 64.12.040, and 4.24.630 and any claims for general or special damages, including claims of emotional distress, for cutting or removing vegetation located on or originating from land or property adjacent to electric facilities that:

   a) Has come in contact with or caused damage to electric facilities;

   b) Poses an imminent hazard to the general public health, safety, or welfare and the electric utility provides notice and makes a reasonable effort to obtain an agreement from the resident or property owner present on the property to trim or remove such hazard. For purposes of this subsection (1)(b), notice may be provided by posting a notice or flier in a conspicuous location on the affected property that gives a good faith estimate of the time frame in which the electric utility's trimming or removal work must occur, specifies how the electric utility may be contacted, and explains the responsibility of the resident or property owner to respond pursuant to the requirements of the notice. An electric utility may act without agreement if the resident or property owner fails to respond pursuant to the requirements of the notice. No notice or agreement is necessary if the electric utility's action is necessary to protect life, property, or restore electric service; or

   c) Poses a potential threat to damage electric facilities and the electric utility attempts written notice by mail to the last known address of record indicating the intent to act or remove vegetation and secures agreement from the affected property owner of record for the cutting, removing, and disposition of the vegetation. Such notice shall include a brief statement of the need and nature of the work intended that will impact the owner's property or vegetation, a good faith estimate of the time frame in which such work will occur, and how the utility can be contacted regarding the cutting or removal of vegetation. If the affected property owner fails to respond to a notice from the electric utility within two weeks of the date the electric utility provided notice, the electric utility may secure agreement from a resident of the affected property for the cutting, removing, and disposition of vegetation.

2) A hazard to the general public health, safety, or welfare is deemed to exist when:

   a) Vegetation has encroached upon electric facilities by overhanging or growing in such close proximity to overhead electric facilities that it constitutes an electrical hazard under applicable electrical construction codes or state and federal health and safety regulations governing persons who are employed or retained by, or on behalf of, an electric utility to construct, maintain, inspect, and repair electric facilities or to trim or remove vegetation; or

   b) Vegetation is visibly diseased, dead, or dying and has been determined by a qualified forester or certified arborist employed or retained by, or on behalf of, an electric utility to be of such proximity to electric facilities that trimming or removal of the vegetation is necessary to avoid contact between the vegetation and electric facilities.

   c) The factors to be considered in determining the extent of trimming required to remove a hazard to the general public health, safety, or welfare may include normal tree growth, the combined movement of trees and conductors under adverse weather conditions, voltage, and sagging of conductors at elevated temperatures.

3) A potential threat to damage electric facilities exists when vegetation is of such size, condition, and proximity to electric facilities that it can be reasonably expected to cause damage to electric facilities and, based upon this standard, the vegetation has been determined to pose a potential threat by a qualified forester or certified arborist employed or retained by or on behalf of an electric utility.

4) For the purposes of this section:

   a) "Electric facilities" means lines, conduits, ducts, poles, wires, pipes, conductors, cables, cross-arms, receivers, transmitters, transformers, instruments, machines, appliances, instrumentalities, and all devices and apparatus used, operated, owned, or controlled by an electric utility, for the purposes of manufacturing, transforming, transmitting, distributing, selling, or furnishing electricity.

   b) "Electric utility" means an electrical company, as defined under RCW 80.04.010, a municipal electric utility formed under Title 35 RCW, a public utility district formed under Title 54 RCW, an irrigation district formed under chapter 87.03 RCW, a
cooperative formed under chapter 23.86 RCW, and a mutual corporation or association formed under chapter 24.06 RCW, that is engaged in the business of distributing electricity in the state.

(c) "Vegetation" means trees, timber, or shrubs.

Sec. 2. RCW 4.24.630 and 1994 c 280 s 1 are each amended to read as follows:

(1) Every person who goes onto the land of another and who removes timber, crops, minerals, or other similar valuable property from the land, or wrongfully causes waste or injury to the land, or wrongfully injures personal property or improvements to real estate on the land, is liable to the injured party for treble the amount of the damages caused by the removal, waste, or injury. For purposes of this section, a person acts "wrongfully" if the person intentionally and unreasonably commits the act or acts while knowing, or having reason to know, that he or she lacks authorization to so act. Damages recoverable under this section include, but are not limited to, damages for the market value of the property removed or injured, and for injury to the land, including the costs of restoration. In addition, the person is liable for reimbursing the injured party for the party's reasonable costs, including but not limited to investigative costs and reasonable attorneys' fees and other litigation-related costs.

(2) This section does not apply in any case where liability for damages is provided under RCW 64.12.030, 79.01.756, 79.01.760, (or) 79.40.070, or where there is immunity from liability under section 1 of this act.

NEW SECTION. Sec. 3. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

Correct the title, and the same are herewith transmitted.

(3) Each senior citizen's pass granted pursuant to this section is valid so long as the senior citizen meets the requirements of subsection (2)(b) of this section. Notwithstanding, any senior citizen meeting the eligibility requirements of this section may make a voluntary donation for the upkeep and maintenance of state parks.

The pass shall (a) entitle such person, and members of his or her camping unit, to free use of any campsite within any state park; (b) entitle such person to free admission to any state park; and (c) entitle such person to an exemption from any reservation fees.
All passes issued pursuant to this section shall be valid at all parks any time during the year: PROVIDED, That the pass shall not be valid for admission to concessionaire operated facilities.

If such lands are school or other grant lands, control thereof shall be relinquished by resolution of the commission to the proper state officials. All other such lands may be either sold by the commission to the highest bidder or exchanged for other lands of equal value by the commission, and all conveyance documents shall be executed by the governor. All such exchanges shall be accompanied by a transfer fee, to be set by the commission and paid by the other party to the transfer; such fee shall be paid into the parkland acquisition account established under RCW 43.51.200 (as recodified by this act). Sealed bids on all sales shall be solicited at least twenty days in advance of the sale date by an advertisement appearing at least ((in three)) once a week for two consecutive ((issues of)) weeks in a newspaper of general circulation in the county in which the land to be sold is located. If the commission feels that no bid received adequately reflects the fair value of the land to be sold, it may reject all bids, and may call for new bids. All proceeds derived from the sale of such park property shall be paid into the parkland acquisition account. All land considered for exchange shall be evaluated by the commission to determine its adaptability to park usage. The equal value of all lands exchanged shall first be determined by the appraisals to the satisfaction of the commission. No sale or exchange of state park lands shall be made without the unanimous consent of the commission.

The definitions set forth in this section apply throughout this chapter unless the context clearly requires otherwise.

(2) "Committee of participating agencies" or "committee" means a committee composed of the executive head, or the executive's designee, of each of the state departments of ecology, fish and wildlife, natural resources, and transportation, the state parks and recreation commission, the interagency committee for outdoor recreation, the Washington state association of counties, and the association of Washington cities. In addition, the governor shall appoint two public members of the committee. Public members of the committee shall be compensated in accordance with RCW 43.03.220 and shall receive reimbursement for their travel expenses as provided in RCW 43.03.050 and 43.03.060.
When a specific river or river segment of the state's scenic river system is being considered by the committee, a representative of each participating local government associated with that river or river segment shall serve as a member of the committee.
(3) "Participating local government" means the legislative authority of any city or county, a portion of whose territorial jurisdiction is bounded by or includes a river or river segment of the state's scenic river system.
(4) "River" means a flowing body of water or a section, segment, or portion thereof.

(7) "Streamway" means that stream-dependent corridor of single or multiple, wet or dry, channel or channels within which the usual seasonal or stormwater run-off peaks are contained, and which within environment the flora, fauna, soil, and topography is dependent on or influenced by the height and velocity of the fluctuating river currents.
(8) "System" means all the rivers and river areas in the state designated by the legislature for inclusion as scenic rivers but does not include tributaries of a designated river unless specifically included by the legislature. (9) "Visual corridor" means that area which can be seen in a normal summer month by a person of normal vision walking either bank of a river included in the system. The visual corridor shall not exceed the river area.

(1) The commission shall develop and adopt management policies for publicly owned or leased land on the rivers designated by the legislature as being a part of the state's scenic river system and within the associated river areas. The commission may adopt rules identifying river classifications which reflect the characteristics common to various segments of scenic rivers and may adopt management policies consistent with local government's shoreline management master plans appropriate for each such river classification. All such policies shall be subject to review by the
committee of participating agencies. Once such a policy has been approved by a majority vote of the committee members, it shall be adopted by the ((department)) commission in accordance with the provisions of chapter 34.05 RCW, as now or hereafter amended. Any variance with such a policy by any public agency shall be authorized only by the approval of the committee of participating agencies by majority vote, and shall be made only to alleviate unusual hardships unique to a given segment of the system.

(2) Any policies developed pursuant to subsection (1) of this section shall include management plans for protecting ecological, economic, recreational, aesthetic, botanical, scenic, geological, hydrological, fish and wildlife, historical, cultural, archaeological, and scientific features of the rivers designated as being in the system. Such policies shall also include management plans to encourage any nonprofit group, organization, association, person, or corporation to develop and adopt programs for the purpose of increasing fish propagation.

(3) The committee of participating agencies shall, by two-thirds majority vote, identify on a river by river basis any publicly owned or leased lands which could be included in a river area of the system but which are developed in a manner unsuitable for land to be managed as part of the system. The ((department)) commission shall exclude lands so identified from the provisions of any management policies implementing the provisions of this chapter.

(4) The committee of participating agencies, by majority vote, shall determine the boundaries which shall define the river area associated with any included river. With respect to the rivers named in RCW 79.72.080 (as recodified by this act), the committee shall make such determination, and those determinations authorized by subsection (3) of this section, within one year of September 21, 1977.

(5) Before making a decision regarding the river area to be included in the system, a variance in policy, or the excluding of land from the provisions of the management policies, the committee shall hold hearings in accord with chapter 34.05 RCW, with at least one public hearing to be held in the general locale of the river under consideration. The ((department)) commission shall cause to be published in a newspaper of general circulation in the area which includes the river or rivers to be considered, a description, including a map showing such river or rivers, of the material to be considered at the public hearing. Such notice shall appear at least twice in the time period between two and four weeks prior to the public hearing.

(6) Meetings of the committee shall be called by the ((department)) commission or by written petition signed by five or more of the committee members. The ((chairman)) chair of the ((parks and recreation)) commission or the ((chairman)) chair’s designee shall serve as the ((chairman)) chair of any meetings of the committee held to implement the provisions of this chapter. The committee shall seek and receive comments from the public regarding potential additions to the system, shall initiate studies, and may, through the ((department)) commission, submit to any session of the legislature proposals for additions to the state scenic river system. These proposals shall be accompanied by a detailed report on the factors which, in the committee’s judgment, make an area a worthy addition to the system.

Sec. 803. RCW 79.72.040 and 1989 c 175 s 169 are each amended to read as follows:

(1) The management program for the system shall be administered by the ((department)) commission. The ((department)) commission shall have the responsibility for coordinating the development of the program between affected state agencies and participating local governments, and shall develop and adopt rules, in accord with chapter 34.05 RCW, the Administrative Procedure Act, for each portion of the system, which shall implement the management policies. In developing rules for a specific river in the system, the ((department)) commission shall hold at least one public hearing in the general locale of the river under consideration. The hearing may constitute the hearing required by chapter 34.05 RCW. The ((department)) commission shall cause a brief summary of the proposed rules to be published twice in a newspaper of general circulation in the area that includes the river to be considered in the period of time between two and four weeks prior to the public hearing. In addition to the foregoing required publication, the ((department)) commission shall also provide notice of the hearings, rules, and decisions of the ((department)) commission to radio and television stations and major local newspapers in the areas that include the river to be considered.

(2) In addition to any other powers granted to carry out the intent of this chapter, the ((department)) commission is authorized, subject to approval by majority vote of the members of the committee, to: (a) Purchase, within the river area, real property in fee or any lesser right or interest in real property including, but not limited to scenic easements and future development rights, visual corridors, wildlife habitats, unique ecological areas, historical sites, camping and picnic areas, boat launching sites, and/or easements abutting the river for the purpose of preserving or enhancing the river or facilitating the use of the river by the public for fishing, boating and other water related activities; and (b) purchase, outside of a river area, public access to the river area.

The right of eminent domain shall not be utilized in any purchase made pursuant to this section.

(3) The ((department)) commission is further authorized to: (a) Acquire by gift, devise, grant, or dedication the fee, an option to purchase, a right of first refusal or any other lesser right or interest in real property and upon acquisition such real
property shall be held and managed within the scenic river system; and (b) accept grants, contributions, or funds from any agency, public or private, or individual for the purposes of this chapter.

(1) All state government agencies and local governments are hereby directed to pursue policies with regard to their respective activities, functions, powers, and duties which are designed to conserve and enhance the conditions of rivers which have been included in the system, in accordance with the management policies and the rules [(and regulations)] adopted by the [(department)] commission for such rivers. Local agencies are directed to pursue such policies with respect to all lands in the river area owned or leased by such local agencies. Nothing in this chapter shall authorize the modification of a shoreline management plan adopted by a local government and approved by the state pursuant to chapter 90.58 RCW without the approval of the department of ecology and local government. The policies adopted pursuant to this chapter shall be integrated, as fully as possible, with those of the shoreline management act of 1971.

(2) Nothing in this chapter shall grant to the committee of participating agencies or the [(department)] commission the power to restrict the use of private land without either the specific written consent of the owner thereof or the acquisition of rights in real property authorized by RCW 79.72.040 [(as recodified by this act)].

Sec. 1401. RCW 43.51.290 and 1990 c 136 s 2 and 1990 c 49 s 2 are each reenacted and amended to read as follows:

In addition to its other powers, duties, and functions the (state parks and recreation) commission may:

(1) Plan, construct, and maintain suitable facilities for winter recreational activities on lands administered or acquired by the commission or as authorized on lands administered by other public agencies or private landowners by agreement;

(2) Provide and issue upon payment of the proper fee, under RCW 43.51.300 (as recodified by this act), 43.51.320 (as recodified by this act), and 46.61.585, with the assistance of such authorized agents as may be necessary for the convenience of the public, special permits to park in designated winter recreational area parking spaces;

(3) Administer the snow removal operations for all designated winter recreational area parking spaces; and

(4) Compile, publish, and distribute maps indicating such parking spaces, adjacent trails, and areas and facilities suitable for winter recreational activities.

The commission may contract with any public or private agency for the actual conduct of such duties, but shall remain responsible for the proper administration thereof. The commission is not liable for unintentional injuries to users of lands administered for winter recreation purposes under this section or under RCW 46.10.210, whether the lands are administered by the commission, by other public agencies, or by private landowners through agreement with the commission. Nothing in this section prevents the liability of the commission for injuries sustained by a user by reason of a known dangerous artificial latent condition for which warning signs have not been conspicuously posted. A road covered with snow and groomed for the purposes of winter recreation consistent with this chapter and chapter 46.10 RCW shall not be presumed to be a known dangerous artificial latent condition for the purposes of this chapter.

PART XV
It is a misdemeanor, punishable under RCW 9.92.030, for any person to commit...
In all cases, the person who took up the vessel shall at the time when, and place where, he or she posts up such notice, also mail a copy of such notice, directed to the postmaster of each post office on waters of the state, and within fifty miles of the place where such vessel is taken up.

Sec. 1506. RCW 88.12.295 and 1989 c 393 s 1 are each amended to read as follows:

The legislature finds that the waters of Washington state provide a unique and valuable recreational resource to large and growing numbers of boaters. Proper stewardship of, and respect for, these waters requires that, while enjoying them for their scenic and recreational benefits, boaters must exercise care to assure that such activities do not contribute to the despoliation of these waters, and that watercraft be operated in a safe and responsible manner. The legislature has specifically addressed the topic of access to clean and safe waterways by requiring the 1987 boating safety study and by establishing the Puget Sound action team.

The legislature finds that there is a need to educate Washington's boating community about safe and responsible actions on our waters and to increase the level and visibility of the enforcement of boating laws. To address the incidence of fatalities and injuries due to recreational boating on our state's waters, local and state efforts directed towards safe boating must be stimulated. To provide for safe waterways and public enjoyment, portions of the watercraft excise tax and boat registration fees should be made available for boating safety and other boating recreation purposes.

In recognition of the need for clean waterways, and in keeping with the Puget Sound action team's water quality work plan, the legislature finds that adequate opportunities for responsible disposal of boat sewage must be made available. There is hereby established a five-year initiative to install sewage pumpout or sewage dump stations at appropriate marinas.

To assure the use of these sewage facilities, a boater environmental education program must accompany the five-year initiative and continue to educate boaters about boat wastes and aquatic resources.

The legislature also finds that, in light of the increasing numbers of boaters utilizing state waterways, a program to acquire and develop sufficient waterway access facilities for boaters must be undertaken.

To support boating safety, environmental protection and education, and public access to our waterways, the legislature declares that a portion of the income from boating-related activities, as specified in RCW 82.49.030 and 88.02.040, should support these efforts.

Sec. 1507. RCW 88.12.305 and 1994 c 264 s 81 are each amended to read as follows:

The commission, in consultation with the departments of ecology, fish and wildlife, natural resources, social and health services, and the Puget Sound action team shall conduct a literature search and analyze pertinent studies to identify areas which are polluted or environmentally sensitive within the state's waters. Based on this review the commission shall designate appropriate areas as polluted or environmentally sensitive, for the purposes of chapter 393, Laws of 1989 only.

Sec. 1508. RCW 88.12.365 and 1993 c 244 s 36 are each amended to read as follows:

The commission shall, in consultation with interested parties, review progress on installation of sewage pumpout and dump units, the boater environmental education program, and the boating safety program. The commission shall report its findings to the legislature by December 1994.

Sec. 1509. RCW 88.12.385 and 1989 c 393 s 14 are each amended to read as follows:

The commission shall adopt rules as are necessary to carry out all sections of chapter 393, Laws of 1989 except for RCW 88.12.410, 88.12.335 (as recodified by this act) and 82.49.030(14). The commission shall comply with all applicable provisions of chapter 34.05 RCW in adopting the rules.

NEW SECTION. Sec. 2. A port district that is less than county-wide, and that is located in a county with a population of less than ninety thousand and located in the Interstate 5 corridor, may petition for annexation of an area that is contiguous to its boundaries, is not located within the boundaries of any other port district, and contains no registered voters. The commission may require proof of a petition's authenticity before complying with notice requirements imposed by this section and may require the signers of a petition to bear the costs of publishing and posting notice.

NEW SECTION. Sec. 4. At the hearing, the commission may determine to annex all or any portion of the proposed area described in the petition. Following the hearing, the commission shall by resolution approve or disapprove annexation. MESSAGE FROM THE HOUSE

April 6, 1999

MR. PRESIDENT:

The House has passed SUBSTITUTE SENATE BILL NO. 5279 with the following amendment(s):

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. It is the intent of the legislature that minor children in the care and custody of the department of social and health services under chapter 13.34 RCW be provided the most appropriate possible mental health care consistent with the child's best interests, family reconciliation, the child's medical need for mental health treatment, available state and community resources, and professional standards of medical care. The legislature intends that admission of such minors for mental health hospitalization be made pursuant to the criteria and standards for mental health services for minors established in chapter 71.34 RCW, and that minor children in the care and custody of the department in need of mental health hospitalization shall retain all rights set forth therein. The legislature specifically intends that this act may not be construed to affect the standards or procedures established for the involuntary commitment of minors under chapter 71.34 RCW.

NEW SECTION. Sec. 2. A new section is added to chapter 13.34 RCW to read as follows:

The department shall obtain the prior consent of a child's parent, legal guardian, or legal custodian before a dependent child is admitted into an inpatient mental health treatment facility. If the child's parent, legal guardian, or legal custodian is unavailable or does not agree with the proposed admission, the department shall request a hearing and provide notice to all interested parties to seek prior approval of the juvenile court before such admission. In the event that an emergent situation creating a risk of substantial harm to the health and welfare of a child in the custody of the department does not allow time for the department to obtain prior approval or to request a court hearing before consenting to the admission of the child into an inpatient
mental health hospital, the department shall seek court approval by requesting that a hearing be set on the first available court date.

NEW SECTION. Sec. 3. A new section is added to chapter 13.34 RCW to read as follows:

A dependent child who is admitted to an inpatient mental health facility shall be placed in a facility, with available treatment space, that is closest to the family home, unless the department, in consultation with the admitting authority finds that admission in the facility closest to the child's home would jeopardize the health or safety of the child.

NEW SECTION. Sec. 4. A new section is added to chapter 13.34 RCW to read as follows:

For minors who cannot consent to the release of their records with the department because they are not old enough to consent to treatment, or, if old enough, lack the capacity to consent, or if the minor is receiving treatment involuntarily with a provider the department has authorized to provide mental health treatment under section 2 of this act, the department shall disclose, upon the treating physician's request, all relevant records, including the minor's passport, in the department's possession that the treating physician determines contain information required for treatment of the minor. The treating physician shall maintain all records received from the department in a manner that distinguishes the records from any other records in the minor's file with the treating physician and the department records may not be disclosed by the treating physician to any other person or entity absent a court order.”

Correct the title, and the same are herewith transmitted.

MESSAGE FROM THE HOUSE

April 15, 1999

MR. PRESIDENT:
The House has passed SENATE BILL NO. 5127 with the following amendment(s):
Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The state of Washington affirms the importance of ensuring that crimes involving child sexual abuse are investigated thoroughly and objectively. Children who have been victims of crime deserve to have those who committed the crimes against them brought to justice. Those who may have been accused should expect that investigative agencies will make every effort to conduct thorough and impartial investigations.

The best approach to investigations of child sexual abuse crimes involves a coordinated effort by investigative agencies that minimizes repetitive investigative interviews and improves the quality of the investigations. The legislature intends to improve the training and resources available to individuals who conduct these interviews and to increase the accuracy of risk assessments and determinations of fact associated with interviews.

NEW SECTION. Sec. 2. A new section is added to chapter 43.101 RCW to read as follows:
(1) On-going specialized training shall be provided for persons responsible for investigating child sexual abuse. Training participants shall have the opportunity to practice interview skills and receive feedback from instructors.
(2) The commission, the department of social and health services, the Washington association of sheriffs and police chiefs, and the Washington association of prosecuting attorneys shall design and implement state-wide training that contains consistent elements for persons engaged in the interviewing of children for child sexual abuse cases, including law enforcement, prosecution, and child protective services.
(3) The training shall: (a) Be based on research-based practices and standards; (b) minimize the trauma of all persons who are interviewed during abuse investigations; (c) provide methods of reducing the number of investigative interviews necessary whenever possible; (d) assure, to the extent possible, that investigative interviews are thorough, objective, and complete; (e) recognize needs of special populations, such as persons with developmental disabilities; (f) recognize the nature and consequences of victimization; (g) require investigative interviews to be conducted in a manner most likely to permit the interviewed persons the maximum emotional comfort under the circumstances; (h) address record retention and retrieval; and (i) documentation of investigative interviews.

NEW SECTION. Sec. 3. The Washington state institute for public policy shall convene a work group to develop state guidelines for the development of child sexual abuse investigations protocols. The work group shall consist of representatives from the department of social and health services, the Washington association of sheriffs and police chiefs, and the Washington association of prosecuting attorneys.

The work group shall solicit input from a mental health professional certified under chapter 18.19 RCW, a physician licensed under chapter 18.71 RCW with substantial experience in child sexual abuse examinations, a member of the Washington state bar whose practice is primarily defense-oriented, the attorney general, a superior court judge, a child development specialist, a representative from an agency serving the developmentally disabled, an advanced registered nurse practitioner licensed under chapter 18.79 RCW, a representative from a child serving agency, and a victim's advocate.

The work group guidelines shall include issues to be addressed within local protocols adopted pursuant to this act. Those issues shall include multivictim cases, cases involving multiple suspects, information sharing between the department and law enforcement, methods to reduce the number of investigative interviews, and documentation of investigations.

The work group guidelines shall be provided as a resource to local agencies in developing local protocols mandated under this act.

The guidelines developed by the work group shall be presented to the legislature not later than December 1, 1999.

NEW SECTION. Sec. 4. A new section is added to chapter 26.44 RCW to read as follows:
(1) Each agency involved in investigating child sexual abuse shall document its role in handling cases and how it will coordinate with other local agencies or systems and shall adopt a local protocol based on the state guidelines. The department and local law enforcement agencies may include other agencies and systems that are involved with child sexual abuse victims in the multidisciplinary coordination.
(2) Each county shall develop a written protocol for handling criminal child sexual abuse investigations. The protocol shall address the coordination of child sexual abuse investigations between the prosecutor's office, law enforcement, the department, local advocacy groups, and any other local agency involved in the criminal investigation of child sexual abuse, including those investigations involving multiple victims and multiple offenders. The protocol shall be developed by the prosecuting attorney with the assistance of the agencies referenced in this subsection.

(3) Local protocols under this section shall be adopted and in place by July 1, 2000, and shall be submitted to the legislature prior to that date.

Sec. 5. RCW 74.14B.010 and 1987 c 503 s 8 are each amended to read as follows:

(1) Caseworkers employed in children services shall meet minimum standards established by the department of social and health services. Comprehensive training for caseworkers shall be completed before such caseworkers are assigned to case-carrying responsibilities without direct supervision. Intermittent, part-time, and standby workers shall be subject to the same minimum standards and training.

(2) On-going specialized training shall be provided for persons responsible for investigating child sexual abuse. Training participants shall have the opportunity to practice interview skills and receive feedback from instructors.

(3) The department, the criminal justice training commission, the Washington association of sheriffs and police chiefs, and the Washington association of prosecuting attorneys shall design and implement state-wide training that contains consistent elements for persons engaged in the interviewing of children, including law enforcement, prosecution, and child protective services.

(4) The training shall: (a) Be based on research-based practices and standards; (b) minimize the trauma of all persons who are interviewed during abuse investigations; (c) provide methods of reducing the number of investigative interviews necessary whenever possible; (d) assure, to the extent possible, that investigative interviews are thorough, objective, and complete; (e) recognize needs of special populations, such as persons with developmental disabilities; (f) recognize the nature and consequences of victimization; (g) require investigative interviews to be conducted in a manner most likely to permit the interviewed persons the maximum emotional comfort under the circumstances; (h) address record retention and retrieval; and (i) documentation of investigative interviews.

NEW SECTION. Sec. 6. A new section is added to chapter 43.20A RCW to read as follows:

The department shall establish three pilot projects involving child sexual abuse investigations. The projects shall follow written protocols and use different methods and techniques to conduct and preserve interviews with alleged child victims of sexual abuse. The department shall provide the appropriate committees of the senate and house of representatives an interim report by December 15, 1999, and a final report by December 15, 2000. The Washington state institute for public policy shall evaluate the pilot projects and report to the legislature by December 1, 2000.

Sec. 7. RCW 26.44.035 and 1997 c 386 s 26 are each amended to read as follows:

(1) If the department or a law enforcement agency responds to a complaint of alleged child abuse or neglect and discovers that another agency has also responded to the complaint, the agency shall notify the other agency of their presence, and the agencies shall coordinate the investigation and keep each other apprised of progress.

(2) The department, each law enforcement agency, each county prosecuting attorney, each city attorney, and each court shall make as soon as practicable a written record and shall maintain records of all incidents of suspected child abuse reported to that person or agency.

(3) Every employee of the department who conducts an interview of any person involved in an allegation of abuse or neglect shall retain his or her original written records or notes setting forth the content of the interview, unless the notes were entered into the electronic system operated by the department which is designed for storage, retrieval, and preservation of such records.

(4) Written records involving child sexual abuse shall, at a minimum, be a near verbatim record for the disclosure interview. The near verbatim record shall be produced within fifteen calendar days of the disclosure interview, unless waived by management on a case-by-case basis.

(5) Records kept under this section shall be identifiable by means of an agency code for child abuse.

NEW SECTION. Sec. 8. The legislature finds that the parent, guardian, or foster parent of a child who may be the victim of abuse or neglect may become involved in the investigation of the abuse or neglect. The parent, guardian, or foster parent may also be made a party to later court proceedings and be subject to a court-ordered examination by a physician, psychologist, or psychiatrist. It is the intent of the legislature by enacting section 9 of this act to avoid actual or perceived conflicts of interest that may occur when the parent, guardian, or foster parent is also a law enforcement officer and is assigned to conduct the investigation of alleged abuse or neglect concerning the child.

NEW SECTION. Sec. 9. A new section is added to chapter 26.44 RCW to read as follows:
A law enforcement agency shall not allow a law enforcement officer to participate as an investigator in the investigation of alleged abuse or neglect concerning a child for whom the law enforcement officer is, or has been, a parent, guardian, or foster parent. This section is not intended to limit the authority or duty of a law enforcement officer to report, testify, or be examined as authorized or required by this chapter, or to perform other official duties as a law enforcement officer.

NEW SECTION. Sec. 10. If specific funding for the purposes of sections 1 through 7 this act, referencing sections 1 through 7 of this act by bill or chapter number, is not provided by June 30, 1999, in the omnibus appropriations act, sections 1 through 7 this act are null and void."

Correct the title, and the same are herewith transmitted.

MOTION

Senator Heavey moved that the Senate concur in the House amendment to Senate Bill No. 5127.

POINT OF INQUIRY

Senator Zarelli: "Senator Heavey, just one inquiry. I haven't had a chance to go through the changes made by the House. Do you know if they made a change that required that these suggestions for state-wide protocol will actually come back to the Judiciary Committee for review before implementation or what they come up with is what we are stuck with? Do you follow my question?"

Senator Heavey: "Adopted protocol--local jurisdictions under the bill are required to adopt local protocols and then after adoption, they would advance them to the Legislature for review."

Further debate ensued.

POINT OF INQUIRY

Senator Franklin: "Senator Heavey, in regards to this amendment and as we had heard the bill and dealt with the issue of Wenatchee and also in regards to questioning and to protocol, my understanding was that in multiple jurisdictions that there will be a standard with flexibility for the locals. Is that in this amendment?"

Senator Heavey: "Thank you, Senator Franklin. What is in the amendment is not a mandated multiple jurisdiction approach, but what is mandated is that when each locality deals with developing their protocols, they must consider how to address the multiple jurisdictional issue."

Senator Franklin: "Then, Senator, you said that for the multiple jurisdictional, there is not an overall standard with the flexibility built in for the locals? That is what I am trying to understand as we have discussed this issue over and over."

Senator Heavey: "The group that will be developing protocols in the three pilot projects will, as I understand the bill, make recommendations on protocols and the ways to approach multiple jurisdictional issues. The locals have to consider how to approach multiple jurisdictional issues when they adopt their protocols. There is no mandated statewide--how we deal with multiple jurisdictional issues."

Further debate ensued.

POINT OF INQUIRY

Senator Kohl-Welles: "Senator Heavey, it appears the current version of the bill requires that the state group identify key issues that local protocols should address, but it doesn't require that they be addressed in local protocols. Do you think this might be somewhat problematic since it doesn't provide assurance that certain core issues will be addressed statewide?"

Senator Heavey: "Actually, the current version of the bill does require, or mandate, that the local protocols address issues raised by the state team. The bill specifically requires the issues to include multivictim cases, multiple suspect cases, information sharing between the department and law enforcement, methods to reduce the number of investigative interviews, and documentation of investigations. This can be found on page 2, starting on
line 31, and continuing to page 3, line 2. In addition, the state work group is precluded from identifying other issues that must be addressed within local protocols."

Senator Kohl-Welles: "Is it true that the bill does not make clear that the near-verbatim requirement for DSHS documentation cannot be superseded by local protocol?"

Senator Heavey: "The 'near-verbatim' standard for disclosure interviews established on page 5, section 7 of the bill is included into RCW 26.44.035 and cannot be modified or stricken by the local protocols, which cannot supersede state statute."

Senator Kohl-Welles: "Thank you."

Further debate ensued.

CALL FOR THE PREVIOUS QUESTION

Senators Betti Sheldon, Snyder and Goings called for the previous question and the demand was sustained.

The President declared the question before the Senate to be shall the main question be now put. The motion carried and the call for the previous question carried.

The President declared the question before the Senate to be the motion by Senator Heavey that the Senate concur in the House amendment to Senate Bill No. 5127.

(2) Any such person violating subsection (1) of this section is guilty of a gross misdemeanor. If any person is convicted of a violation of subsection (1)(a) of this section, the person shall have his or her concealed pistol license, if any revoked for a
period of three years. Anyone convicted under this subsection is prohibited from applying for a concealed pistol license for a period of three years. The court shall send notice of the revocation to the department of licensing, and the city, town, or county which issued the license.

Within twenty-four hours of the arrest, the arresting law enforcement agency shall refer the person to the county-designated mental health professional for examination and evaluation under chapter 71.05 or 71.34 RCW and inform a parent or guardian of the person of the arrest, detention, and examination. (5) Except as provided in subsection (3)(b), (c), (f), and (h) of this section, firearms are not permitted in a public or private school building.

(6) "GUN-FREE ZONE" signs shall be posted around school facilities giving warning of the prohibition of the possession of firearms on school grounds.

Sec. 2. RCW 13.40.040 and 1997 c 338 s 13 are each amended to read as follows:
A juvenile may be taken into custody:
(a) Pursuant to a court order if a complaint is filed with the court alleging, and the court finds probable cause to believe, that the juvenile has committed an offense or has violated terms of a disposition order or release order; or
(b) Without a court order, by a law enforcement officer if grounds exist for the arrest of an adult in identical circumstances. Admission to, and continued custody in, a court detention facility shall be governed by subsection (2) of this section; or

(4) Except as provided in RCW 9.41.280, a juvenile detained under this section may be released upon posting a probation bond set by the court. The juvenile's parent or guardian may sign for the probation bond. The court authorizing such a release shall issue an order containing a statement of conditions imposed upon the juvenile and shall set the date of his or her next court appearance. The court shall advise the juvenile of any conditions specified in the order and may at any time amend such an order in order to impose additional or different conditions of release upon the juvenile or to return the juvenile to custody for failing to conform to the conditions imposed. In addition to requiring the juvenile to appear at the next court date, the court may condition the probation bond on the juvenile's compliance with conditions of release. If the juvenile's parent or guardian notifies the court that the juvenile has failed to comply with the conditions of release or the provisions in the probation bond, the court shall notify the surety. As provided in the terms of the bond, the surety shall provide notice to the court of the offender's noncompliance. A juvenile may be released only to a responsible adult or the department of social and health services. Failure to appear on the date scheduled by the court pursuant to this section shall constitute the crime of bail jumping.

Sec. 3. RCW 28A.600.230 and 1989 c 271 s 246 are each amended to read as follows:

(1) A school principal, vice principal, or principal's designee may search a student, the student's possessions, and the student's locker, if the principal, vice principal, or principal's designee has reasonable grounds to suspect that the search will yield evidence of the student's violation of the law or school rules. A search is mandatory if there are reasonable grounds to suspect a student has illegally possessed a firearm in violation of RCW 9.41.280.

(2) Except as provided in subsection (3) of this section, the scope of the search is proper if the search is conducted as follows:

The provisions of this section do not apply to reports required to be delivered under RCW 42.17.105 and 42.17.175.

(2) When a report is filed electronically with the commission, it is deemed to have been received on the file transfer date. Failure by a continuing political committee to comply with this section is a violation of this chapter.

**Sec. 12.** RCW 42.17.080 and 1995 c 397 s 2 are each amended to read as follows:

(1) On the day the treasurer is designated, each candidate or political committee shall file with the commission and the county auditor or elections officer of the county in which the candidate resides, or in the case of a political committee, the county in which the treasurer resides, in addition to any statement of organization required under RCW 42.17.040 or 42.17.050, a report of all contributions received and expenditures made prior to that date, if any.

(2) At the following intervals each treasurer shall file with the commission and the county auditor or elections officer of the county in which the candidate resides, or in the case of a political committee, the county in which the committee maintains its office or headquarters, and if there is no office or headquarters then in the county in which the treasurer resides, a report containing the information required by RCW 42.17.090:

(c) On the tenth day of each month in which no other reports are required to be filed under this section: PROVIDED, That such report shall only be filed if the committee has received a contribution or made an expenditure in the preceding calendar month and either the total contributions received or total expenditures made since the last such report exceed two hundred dollars.

When there is no outstanding debt or obligation, and the campaign fund is closed, and the campaign is concluded in all respects, and in the case of a political committee, the committee has ceased to function and has dissolved, the treasurer shall file a final report. Upon submitting a final report, the duties of the treasurer shall cease and there shall be no obligation to make any further reports.

The report filed twenty-one days before the election shall report all contributions received and expenditures made as of the end of the fifth business day before the date of the report. The report filed seven days before the election shall report all contributions received and expenditures made as of the end of the one business day before the date of the report. Reports filed on the tenth day of the month shall report all contributions received and expenditures made from the closing date of the last report filed through the last day of the month preceding the date of the current report.

(3) For the period beginning the first day of the fourth month preceding the date on which the special or general election is held and ending on the date of that election, each Friday the treasurer shall file with the commission and the appropriate county elections officer a report of each bank deposit made during the previous seven calendar days. The report shall contain the name of each person contributing the funds so deposited and the amount contributed by each person. However, contributions of no more than twenty-five dollars in the aggregate from any one person may be deposited without identifying the contributor. A copy of the report shall be retained by the treasurer for his or her records. In the event of deposits made by a deputy treasurer, the copy shall be forwarded to the treasurer for his or her records. Each report shall be certified as correct by the treasurer or deputy treasurer making the deposit.

During the eight days immediately preceding the date of the election the books of account shall be kept current within one business day. As specified in the committee's statement of organization filed under RCW 42.17.040, the books of account must be open for public inspection as follows:

(a) For at least two consecutive hours on the eighth day immediately before the election, between 8:00 a.m. and 8:00 p.m., as specified in the committee's statement of organization filed pursuant to RCW 42.17.040, at the principal headquarters or, if there is no headquarters, at the address of the treasurer or other place as may be authorized by the commission; and

(b) By appointment for inspections to be conducted at the designated place for inspections between 8:00 a.m. and 8:00 p.m. on any other day from the seventh day through the day immediately before the election, other than Saturday, Sunday, or a legal holiday. It is a violation of this chapter for a candidate or political committee to refuse to allow and keep an appointment for an inspection to be conducted during these authorized times and days in the week prior to the election. The appointment must be allowed at an authorized time and day for such inspections that is within twenty-four hours of the time and day that is requested for the inspection.

(5) The treasurer or candidate shall preserve books of account, bills, receipts, and all other financial records of the campaign or political committee for not less than five calendar years following the year during which the transaction occurred.

(7) Copies of all reports filed pursuant to this section shall be readily available for public inspection for at least two consecutive hours Monday through Friday, excluding legal holidays, between 8:00 a.m. and 8:00 p.m., as specified in the committee's statement of organization filed pursuant to RCW 42.17.040, at the principal headquarters or, if there is no headquarters, at the address of the treasurer or such other place as may be authorized by the commission.

(8) The commission shall adopt administrative rules establishing requirements for filer participation in any system designed and implemented by the commission for the electronic filing of reports.

NEW SECTION. Sec. 13. By September 1, 2000, the joint legislative audit and review committee shall have completed a performance audit of the duties and staffing of the public disclosure commission.

NEW SECTION. Sec. 14. If specific funding for the purposes of this act, referencing this act by bill or chapter number, is not provided by June 30, 1999, in the omnibus appropriations act, this act is null and void.*

MOTION

On motion of Senator Gardner, the Senate refuses to concur in the House amendment to Engrossed Second Substitute Senate Bill No. 5931 and asks the House to recede therefrom.

MESSAGE FROM THE HOUSE

April 12, 1999

MR. PRESIDENT:

The House has passed ENGROSSED SUBSTITUTE SENATE BILL NO. 5988 with the following amendment(s):

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 28A.225.010 and 1998 c 244 s 14 are each amended to read as follows:

(1) All parents in this state of any child eight years of age and under eighteen years of age shall cause such child to attend the public school of the district in which the child resides and such child shall have the responsibility to and therefore shall attend for the full time when such school may be in session unless:

(a) The child is attending an approved private school for the same time or is enrolled in an extension program as provided in RCW 28A.195.010(4);

(b) The child is receiving home-based instruction as provided in subsection (((4))) ([5]) of this section;

(c) The child is attending an education center as provided in chapter 28A.205 RCW;

(d) The school district superintendent of the district in which the child resides shall have excused such child from attendance because the child is physically or mentally unable to attend school, is attending a residential school operated by the department of social and health services, is incarcerated in an adult correctional facility, or has been temporarily excused upon the request of his or her parents for purposes agreed upon by the school authorities and the parent: PROVIDED, That such excused absences shall not be permitted if deemed to cause a serious adverse effect upon the student's educational progress: PROVIDED FURTHER, That students excused for such temporary absences may be claimed as full time equivalent students to the extent they would otherwise have been so claimed for the purposes of RCW 28A.150.250 and 28A.150.260 and shall not affect school district compliance with the provisions of RCW 28A.150.220; or

(e) The child is sixteen years of age or older and:

(i) The child is regularly and lawfully employed and either the parent agrees that the child should not be required to attend school or the child is emancipated in accordance with chapter 13.64 RCW;

(ii) The child has already met graduation requirements in accordance with state board of education rules and regulations;

or

(iii) The child has received a certificate of educational competence under rules and regulations established by the state board of education under RCW 28A.305.190.

(2) If a parent enrolls a child six years of age and under eight years of age in the public school of the district in which the child resides, that parent has the responsibility to ensure the child attends, and the child has the responsibility to attend, for the full time when that school is in session, except for a child who is or will be home schooled under chapter 28A.200 RCW or unless one of the other exceptions in subsection (1) of this section is met. This subsection does not apply to a child enrolled in a public school part-time for the purpose of receiving ancillary services. An exception shall be made to this requirement for children whose parents formally remove them from enrollment in kindergarten if the child is less than eight years old.

(3) A parent for the purpose of this chapter means a parent, guardian, or person having legal custody of a child.

((4)) [4] An approved private school for the purposes of this chapter and chapter 28A.200 RCW shall be one approved under regulations established by the state board of education pursuant to RCW 28A.305.130.

((4)) [5] For the purposes of this chapter and chapter 28A.200 RCW, instruction shall be home-based if it consists of planned and supervised instructional and related educational activities, including a curriculum and instruction in the basic skills of occupational education, science, mathematics, language, social studies, history, health, reading, writing, spelling, and the development of an appreciation of art and music, provided for a number of hours equivalent to the total annual program hours per grade level established for approved private schools under RCW 28A.195.010 and 28A.195.040 and if such activities are:
(a) Provided by a parent who is instructing his or her child only and are supervised by a certificated person. A certificated person for purposes of this chapter and chapter 28A.200 RCW shall be a person certified under chapter 28A.410 RCW. For purposes of this section, “supervised by a certificated person” means: The planning by the certificated person and the parent of objectives consistent with this subsection; a minimum each month of an average of one contact hour per week with the child being supervised by the certificated person; and evaluation of such child's progress by the certificated person. The number of children supervised by the certificated person shall not exceed thirty for purposes of this subsection; or
(b) Provided by a parent who is instructing his or her child only and who has either earned forty-five college level quarter credit hours or its equivalent in semester hours or has completed a course in home-based instruction at a postsecondary institution or a vocational-technical institute; or
(c) Provided by a parent who is deemed sufficiently qualified to provide home-based instruction by the superintendent of the local school district in which the child resides.

(5) The legislature recognizes that home-based instruction is less structured and more experiential than the instruction normally provided in a classroom setting. Therefore, the provisions of subsection ((4))) (5) of this section relating to the nature and quantity of instructional and related educational activities shall be liberally construed.

Sec. 2. RCW 28A.225.020 and 1996 c 134 s 2 are each amended to read as follows:

(1) If a child required to attend school under RCW 28A.225.010 fails to attend school without valid justification, the public school in which the child is enrolled shall:
   (a) Inform the child's custodial parent, parents, or guardian by a notice in writing or by telephone whenever the child has failed to attend school after one unexcused absence within any month during the current school year. School officials shall inform the parent of the potential consequences of additional unexcused absences;
   (b) Schedule a conference or conferences with the custodial parent, parents, or guardian and child at a time reasonably convenient for all persons included for the purpose of analyzing the causes of the child's absences after two unexcused absences within any month during the current school year. If a regularly scheduled parent-teacher conference day is to take place within thirty days of the second unexcused absence, then the school district may schedule this conference on that day; and
   (c) Take steps to eliminate or reduce the child's absences. These steps shall include, where appropriate, adjusting the child's school program or school or course assignment, providing more individualized or remedial instruction, providing appropriate vocational courses or work experience, referring the child to a community truancy board, requiring the child to attend an alternative school or program, or assisting the parent or child to obtain supplementary services that might eliminate or ameliorate the cause or causes for the absence from school. If the child's parent does not attend the scheduled conference, the conference may be conducted with the student and school official. However, the parent shall be notified of the steps to be taken to eliminate or reduce the child's absence.

(2) For purposes of this chapter, an "unexcused absence" means that a child:
   (a) Has failed to attend the majority of hours or periods in an average school day or has failed to comply with a more restrictive school district policy; and
   (b) Has failed to meet the school district's policy for excused absences.

(3) If a child transfers from one school district to another, the receiving school or school district shall honor the attendance record including the unexcused absences accumulated at the previous school or from the previous school district.

Sec. 3. RCW 28A.225.030 and 1996 c 134 s 3 are each amended to read as follows:

(1) If a child is required to attend school under RCW 28A.225.010 and if the actions taken by a school district under RCW 28A.225.020 are not successful in substantially reducing an enrolled student's absences from public school, not later than the seventh unexcused absence by a child within any month during the current school year or not later than the tenth unexcused absence during the current school year the school district shall file a petition and supporting affidavit for a civil action with the juvenile court alleging a violation of RCW 28A.225.010: (a) By the parent; (b) by the child; or (c) by the parent and the child. However, if the petition alleges a violation of RCW 28A.225.010(2), the petition shall only allege a violation by the parent. Except as provided in this subsection, no additional documents need be filed with the petition.

(2) The district shall not later than the fifth unexcused absence in a month:
   (a) Enter into an agreement with a student and parent that establishes school attendance requirements;
   (b) Refer a student to a community truancy board as defined in RCW 28A.225.025. The community truancy board shall enter into an agreement with the student and parent that establishes school attendance requirements and take other appropriate actions to reduce the child's absences; or
   (c) File a petition under subsection (1) of this section.

(3) The petition may be filed by a school district employee who is not an attorney.
(4) If the school district fails to file a petition under this section, the parent of a child with five or more unexcused absences in any month during the current school year or upon the tenth unexcused absence during the current school year may file a petition with the juvenile court alleging a violation of RCW 28A.225.010.

(5) Petitions filed under this section may be served by certified mail, return receipt requested. If such service is unsuccessful or the return receipt is not signed by the addressee, personal service is required.

Sec. 4. RCW 28A.225.035 and 1997 c 68 s 1 are each amended to read as follows:

(1) A petition for a civil action under RCW 28A.225.030 shall consist of a written notification to the court alleging that:
(a) The child has unexcused absences during the current school year;
(b) Actions taken by the school district have not been successful in substantially reducing the child's absences from school; and
(c) Court intervention and supervision are necessary to assist the school district or parent to reduce the child's absences from school.

(2) The petition shall set forth the name, age, school, and residence of the child and the names and residence of the child's parents.

(3) The petition shall set forth facts that support the allegations in this section and shall generally request relief available under this chapter and provide information about what the court might order under RCW 28A.225.090.

(4) (When a petition is filed under RCW 28A.225.030) Upon receipt of a petition and supporting affidavit from a school district alleging a violation of RCW 28A.225.010 by a child subject to this chapter, the juvenile court shall require that the child, if age eight or older, a parent, and a school representative appear before a truancy board as defined in RCW 28A.225.025, unless the respondent requests a hearing before the court.

(5) Within thirty days of receipt of the truancy referral, the truancy board shall meet with the child, a parent, and the school representative, and enter into an agreement regarding expectations and any actions necessary to address the truancy. The agreement shall be presented to the court for its approval. The court may approve the agreement without a separate hearing. The court shall approve the agreement by order or shall schedule a hearing. The court may, if the school district and community truancy board agree, permit the truancy board to provide continued supervision over the student and report on compliance with the agreement.

(6) Notwithstanding the provisions in subsection (4) of this section, if the juvenile court finds that a truancy board would not be the most effective means of addressing the underlying truancy due to extenuating circumstances, the juvenile court shall schedule a hearing at which the court shall consider the petition. However, a hearing shall not be required if other actions by the court would substantially reduce the child's unexcused absences. When a hearing is held, the court shall:
(a) Separately notify the child, the parent of the child, and the school district of the hearing;
(b) Notify the parent and the child of their rights to present evidence at the hearing; and
(c) Notify the parent and the child of the options and rights available under chapter 13.32A RCW.

(7) Except as provided in RCW 28A.225.030(1) the court may require the attendance of both the child and the parents at any hearing on a petition filed under RCW 28A.225.030.

(8) A school district is responsible for determining who shall represent the school district at hearings on a petition filed under RCW 28A.225.030.

The court shall permit the first hearing to be held without requiring that either party be represented by legal counsel, and to be held without a guardian ad litem for the child under RCW 4.08.050. At the request of the school district, the court (may) shall permit a school district representative who is not an attorney to represent the school district at any future hearings.

(10) If the allegations in the petition are established by a preponderance of the evidence, the court shall grant the petition and enter an order assuming jurisdiction to intervene for the period of time determined by the court, after considering the facts alleged in the petition and the circumstances of the juvenile, to most likely cause the juvenile to return to and remain in school while the juvenile is subject to this chapter. In no case may the order expire before the end of the school year in which it is entered.

(11) If the court assumes jurisdiction, the school district shall regularly report to the court any additional unexcused absences by the child.

(12) Community truancy boards and the courts shall coordinate, to the extent possible, proceedings and actions pertaining to children who are subject to truancy petitions and at-risk youth petitions in RCW 13.32A.191 or child in need of services petitions in RCW 13.32A.140.
(13) If after a juvenile court assumes jurisdiction in one county the child relocates to another county, the juvenile court in the receiving county shall, upon the request of a school district or parent, assume jurisdiction of the petition filed in the previous county.

Sec. 5. RCW 28A.225.090 and 1998 c 296 s 39 are each amended to read as follows:

(1) A court may order a child subject to a petition under RCW 28A.225.035 to:

(a) Attend the child’s current school;

(b) If there is space available and the program can provide educational services appropriate for the child, order the child to attend another public school, an alternative education program, center, a skill center, dropout prevention program, or another public educational program;

(c) Attend a private nonsectarian school or program including an education center. Before ordering a child to attend an approved or certified private nonsectarian school or program, the court shall: (i) Consider the public and private programs available; (ii) find that placement is in the best interest of the child; and (iii) find that the private school or program is willing to accept the child and will not charge any fees in addition to those established by contract with the student’s school district. If the court orders the child to enroll in a private school or program, the child’s school district shall contract with the school or program to provide educational services for the child. The school district shall not be required to contract for a weekly rate that exceeds the state general apportionment dollars calculated on a weekly basis generated by the child and received by the district. A school district shall not be required to enter into a contract that is longer than the remainder of the school year. A school district shall not be required to enter into or continue a contract if the child is no longer enrolled in the district;

(d) Be referred to a community truancy board, if available; or

(e) Submit to testing for the use of controlled substances or alcohol based on a determination that such testing is appropriate to the circumstances and behavior of the child and will facilitate the child's compliance with the mandatory attendance law.

(2) If the child fails to comply with the court order, the court may order the child to be punished by detention, as provided in RCW 7.21.030(2)(e), or may impose alternatives to detention such as community service. Failure by a child to comply with an order issued under this subsection shall not be punishable by detention for a period greater than that permitted pursuant to a civil contempt proceeding against a child under chapter 13.32A RCW.

(3) If the child continues to be truant after entering into a court-approved agreement with the truancy board under RCW 28A.225.035, or if the child fails to enter into an agreement with the truancy board, the truancy board shall return the matter to the juvenile court for a hearing. If upon entering an order the child continues to be truant, the juvenile court shall find the child in contempt and impose a remedial sanction in accordance with chapter 7.21 RCW designed to immediately return the child to school, including the actual imposition of detention. The court shall consider the fact that the child was provided ample opportunity to attend school with assistance from the truancy board.

(4) Any parent violating any of the provisions of either RCW 28A.225.010 or 28A.225.080 shall be fined not more than twenty-five dollars for each day of unexcused absence from school. It shall be a defense for a parent charged with violating RCW 28A.225.010 to show that he or she exercised reasonable diligence in attempting to cause a child in his or her custody to attend school or that the child's school did not perform its duties as required in RCW 28A.225.020. The court may order the parent to provide community service instead of imposing a fine. Any fine imposed pursuant to this section may be suspended upon the condition that a parent charged with violating RCW 28A.225.010 shall participate with the school and the child in a supervised plan for the child's attendance at school or upon condition that the parent attend a conference or conferences scheduled by a school for the purpose of analyzing the causes of a child's absence.

Sec. 6. RCW 28A.225.025 and 1996 c 134 s 9 are each amended to read as follows:

For purposes of this chapter, “community truancy board” means a board composed of members of the local community in which the child attends school. Juvenile courts shall establish and operate community truancy boards. However, establishment and operation of community truancy boards may be delegated to school districts with the agreement of both the court and the school district. Juvenile courts may use other entities that exist or are created, such as diversion units. However, a diversion unit or other existing entity must agree before it is used as a truancy board. (Members of the board shall be selected from representatives of the community.) Duties of a community truancy board shall include, but not be limited to, recommending methods for improving school attendance such as assisting the parent or the child to obtain supplementary services that might eliminate or ameliorate the causes for the absences or suggesting to the school district that the child enroll in another school, an alternative education program, an education center, a skill center, a dropout prevention program, or another public or private educational program.

NEW SECTION. Sec. 7. A new section is added to chapter 28A.300 RCW to read as follows:

The superintendent of public instruction shall provide, to the extent funds are appropriated, start-up grants for alternative programs and services that provide instruction and learning for truant, at-risk, and expelled students. Each grant application shall
contain proposed performance indicators and an evaluation plan to measure the success of the program and its impact on improved student learning. Applications shall contain the applicant’s plan for maintaining the program and services after the grant period.

NEW SECTION. Sec. 8. If funds are appropriated by the legislature for this specific purpose the superintendent of public instruction shall contract with the institute for public policy or a similar agency to: Evaluate the effectiveness of the petition process and community truancy boards in chapter 28A.225 RCW in reducing truancy; determine whether students who do return to school after being subject to court action have disciplinary actions such as suspensions or expulsions, establish patterns of improved attendance, are successful in their classes, and successfully complete their education program; and determine the costs imposed on school districts by the petition process and other truancy-related procedural requirements required by the legislature in 1992 and thereafter.

The cost determination shall be submitted to the appropriate committees of the legislature by December 15, 1999. The evaluation shall be submitted to the appropriate committees of the legislature by December 15, 2000. This section expires December 31, 2000.

NEW SECTION. Sec. 9. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected. Correct the title, and the same are herewith transmitted.

On page 104, after line 22, insert the following:

**CALL FOR THE PREVIOUS QUESTION**

Senators Snyder, Spanel and Bauer called for the previous question. The President declared the question before the Senate to be the adoption of the amendment by Senator Tim Sheldon on page 104, after line 22, to Substitute Senate Bill No. 5180. The motion by Senator Tim Sheldon failed and the amendment was not adopted on a rising vote.

**PARLIAMENTARY INQUIRY**

Senator West: "A parliamentary inquiry. Mr. President, I can understand if there were more than half the people present voting by standing and that being declared as passing, but to have less than half the people--it is not uncommon for the people to be absent from the floor or missing from the floor. So, to not ask for the number of ‘nay’s,’ I think --and to declare the vote as being failed--an amendment requires a simple majority, not a constitutional majority and so I would ask the President to consider that as far as the last vote was concerned."

**REPLY BY THE PRESIDENT**

President Owen: "Senator West, you are correct, but the President has pretty good eyes and every member on the floor is required to vote. This side over here was not standing and it was pretty clear that when I took the vote that there would not be enough votes to get the sixty percent required to pass an amendment. Based on your request, I will see to it that every time we take a division, we have both sides standing and the count be taken. Every member has that right."

**EDITOR’S NOTE:** See further reply to Senator West’s parliamentary inquiry after Senator West moved amendments to Substitute Senate Bill No. 5180.

**POINT OF ORDER**

Senator Heavey: "A point of order, Mr. President. If I may I would like to read from Rules. It would support the decision of the President. It says, ‘In that event the presiding officer should disregard such previous proceedings, after he has become entirely satisfied of their nature, and put only such motions that would expedite the declaration of the will of the assembly.’ I think your motion clearly expedited the will of the assembly and I support your decision."

**MOTION**

Senator West moved that the following amendments by Senators West and Sheahan be considered simultaneously and be adopted:

- On page 130, line 8, increase the general fund--state appropriation for fiscal year 2000 by $240,000 and adjust the total accordingly.
- On page 130, line 9, increase the general fund--state appropriation for fiscal year 2001 by $120,000 and adjust the total accordingly.
- On page 131, line 27, after “program.” insert the following:

  "(13) $240,000 of the general fund--state appropriation for fiscal year 2000 and $120,000 of the general fund--state appropriation for fiscal year 2001 are provided solely for a feasibility study for the development of a multi-disciplinary prostate cancer research and treatment center at the University of Washington Academic Medical Center. The feasibility study shall be submitted to the legislature by December 1, 2000, and shall include an analysis of the availability of funding that could support such a center."

Debate ensued.

The President declared the question before the Senate to be the adoption of the amendments by Senators West and Sheahan on page 130, lines 8 and 9, and page 131, line 27, to Substitute Senate Bill No. 5180. The motion by Senator West failed and the amendments were not adopted.
FURTHER REMARKS BY PRESIDENT OWEN IN ANSWER TO SENATOR WEST’S PARLIAMENTARY INQUIRY

President Owen: "Senator West, the President would like your indulgence for one moment. You are accurate when it comes to amendments and the President did not realize this either, but the staff has pointed it out to us. In most cases, it is fifty percent of those on the floor who are voting on an amendment. In the case of the budget, it takes sixty percent of the members elected, so the President believes that when he does take the vote on the budget, if there are not thirty members standing, he will not go on and take the 'nay' votes. I did not realize that either, Senator."

Senator West: "Thank you for that clarification. I agree with you and find that information helpful."

PARLIAMENTARY INQUIRY

Senator McCaslin: "A parliamentary inquiry, Mr. President. Even if you had ruled Senator West correct, what would then be the procedure?"

REPLY BY THE PRESIDENT

President Owen: "Excuse me?"

Senator McCaslin: "Well, how would you undo the gavel? I know that President Pritchard used to undo it several times and I always asked him, 'what does the gavel mean' when he ungaveled things. I hope you would not ungavel things."

President Owen: "Well, Senator McCaslin, I like to take issues as they actually come up and so since I was right in that last one, I don't feel that it is necessary for me to respond to that. If it comes up, I'll figure it out"

Senator McCaslin: "And I want to make it clear to you and the body, I am not saying that you are wrong."

MOTION

Senator Rossi moved that the following amendments by Senators Rossi and Zarelli be considered simultaneously and be adopted:
- On page 113, line 31, strike "35,144,000" and insert "36,644,000"

Senator Johnson demanded a roll call and the demand was sustained.

ROLL CALL

PARLIAMENTARY INQUIRY

Senator Benton: "I rise to a point of parliamentary inquiry, please. If we are going to close down debate on the budget, as apparently is the case, without giving the minority an opportunity to speak on these issues--we had one speech to my knowledge--are we operating under the three minute rule or the one speech per amendment rule at the present time?"

REPLY BY THE PRESIDENT

President Owen: "No, we are not, Senator Benton, but any member can demand the previous question."

Senator Benton: "I understand that, Mr. President, so my further inquiry is this: When members of this body stand and repeatedly stand to speak on an amendment, it is obvious that we have several members that have a passion on a particular amendment--particularly this last one for me. Why is it then, when a member of the other side, particularly the majority leader stands and has not been standing, why is it that the President picks him to call for the question? I guess my question to you is what priority order is there in recognizing members who stand to speak--from the President and is there such an order?"

President Owen: "It is the President's discretion."

Senator Benton: "Well, thank you, Mr. President."

PERSONAL PRIVILEGE

Senator Snyder: "Maybe just a point of personal privilege on clarifying things, I think we have been very, very liberal in letting members speak. I demanded the previous question only rarely. We have not invoked the three minute rule like was invoked in the previous two years. I said at the beginning of this session that we were going to be cooperative, but we weren't going to have that cooperation say that we were going to capitulate. We have had a lot of these amendments that we defeated yesterday in Ways and Means and the beginning of the session here today. We allowed several speakers to speak on each side of the issues, and I think when we are down to the point of getting to the last two or three amendments here, after one or two speakers on each side, I am going to continue to demand the previous question because we need to expedite things and get the budget over to the House of Representatives and in a position to try and get out of here in our constitutional limit of one hundred and five days on Sunday."

PERSONAL PRIVILEGE

Senator Johnson: "I think that we understand, on this side of the aisle, that the majority has the hammer on these things. We are just asking for some fairness. I think in the last couple of votes--maybe we were at fault--for not addressing the President out loud, but we aren't asking for any extra consideration--just fairness. Thank you."

MOTION

Senator Winsley moved that the following amendment by Senators Winsley and Loveland be adopted: On page 150, after line 5, insert the following:

"NEW SECTION. Sec. 718. For the period from July 1, 1999, through June 30, 2001, a one hundred fifty thousand dollar death benefit shall be paid as a sundry claim to a teacher's estate if the teacher is killed in the course of employment. The determination of eligibility for the benefit shall be made consistent with Title 51 RCW by the department of labor and industries. The department of labor and industries
shall notify the director of the department of general administration if a teacher's estate is determined to be eligible for payment under this section."

NEW SECTION. Sec. 9. (1) A public facilities district may issue revenue bonds to fund revenue-generating facilities, or portions of facilities, which it is authorized to provide or operate. The board may obligate the district to set aside and pay into the special fund or funds a fixed proportion or a fixed amount of the revenues from the public improvements, projects, or facilities, and all related additions, that are funded by the revenue bonds. This amount or proportion shall be a lien and charge against these revenues, subject only to operating and maintenance expenses. The board shall have due regard for the cost of operation and maintenance of the public improvements, projects, or facilities, or additions, that are funded by the revenue bonds, and shall not set aside into the special fund or funds a greater amount or proportion of the revenues that in its judgment will be available over and above the cost of maintenance and operation and the amount or proportion, if any, of the revenue so previously pledged. The board may also provide that revenue bonds payable out of the same source or sources of revenue may later be issued on a parity with any revenue bonds being issued and sold.

(2) Revenue bonds issued under this section shall not be an indebtedness of the district issuing the bonds, and the interest and principal on the bonds shall only be payable from the revenues lawfully pledged to meet the principal and interest requirements and any reserves created under RCW 39.44.140. The owner or bearer of a revenue bond or any interest coupon issued under this section shall not have any claim against the district arising from the bond or coupon except for payment from the revenues lawfully pledged to meet the principal and interest requirements and any reserves created under RCW 39.44.140. The substance of the limitations included in this subsection shall be plainly printed, written, or engraved on each bond issued under this section.

(3) Revenue bonds with a maturity in excess of thirty years shall not be issued. Sec. 2. RCW 74.46.360 and 1997 c 277 s 1 are each amended to read as follows:

(1) For all partial or whole rate periods after December 31, 1984, the cost basis of land and depreciation base of depreciable assets shall be the historical cost of the contractor or lessor, when the assets are leased by the contractor, in acquiring the asset in an arm's-length transaction and preparing it for use, less goodwill, and less accumulated depreciation, if applicable, which has been incurred during periods that the assets have been used in or as a facility by any contractor, such accumulated depreciation to be measured in accordance with subsections (4), (5), and (6) of this section and RCW 74.46.350 and 74.46.370. If the department challenges the historical cost of an asset, or if the contractor cannot or will not provide the historical costs, the department will have the department of general administration, through an appraisal procedure, determine the fair market value of the assets at the time of purchase. The cost basis of land and depreciation base of depreciable assets will not exceed such fair market value.

(2) For new or replacement building construction or for substantial building additions requiring the acquisition of land and which commenced to operate on or after July 1, 1997, the department shall determine allowable land costs of the additional land acquired for the replacement construction or building additions to be the lesser of:

(a) The contractor's or lessor's actual cost per square foot; or

(b) The square foot land value as established by an appraisal that meets the latest publication of the Uniform Standards of Professional Appraisal Practice (USPAP) and the financial institutions reform, recovery, and enhancement act (FIRREA).

(3) Subject to the provisions of subsection (2) of this section, if, in the course of financing a project, an arm's-length lender has ordered a Uniform Standards of Professional Appraisal Practice appraisal on the land that meets financial institutions reform, recovery, and enhancement act standards and the arm's-length lender has accepted the ordered appraisal, the department shall accept the appraisal value as allowable land costs for calculation of payment.

If the contractor or lessor is unable or unwilling to provide or cause to be provided to the department, or the department is unable to obtain from the arm's-length lender, a lender-approved appraisal that meets the standards of the Uniform Standards of Professional Appraisal Practice and financial institutions reform, recovery, and enhancement act, the department shall order such an appraisal and accept the appraisal as the allowable land costs. If the department orders the Uniform Standards of Professional Appraisal Practice and financial institutions reform, recovery, and enhancement act appraisal, the contractor shall immediately reimburse the department for the costs incurred.

(4) The historical cost of depreciable and nondepreciable donated assets, or of depreciable and nondepreciable assets received through testate or intestate distribution, shall be the lesser of:

(a) Fair market value at the date of donation or death; or

(b) The historical cost base of the owner last contracting with the department, if any.

(5) Estimated salvage value of acquired, donated, or inherited assets shall be deducted from historical cost where the owner last contracting with the department, if any.

(6)(a) For facilities, other than those described under subsection (2) of this section, operating prior to July 1, 1997, where land or depreciable assets are acquired that were used in the medical care program subsequent to January 1, 1980, the cost basis or depreciation base of the assets will not exceed the net book value which did exist or would have existed had the assets continued in use under the previous contract with the department; except that depreciation shall not be assumed to accumulate during periods when the assets were not in use in or as a facility.
(b) The provisions of (a) of this subsection shall not apply to the most recent arm's-length acquisition if it occurs at least ten years after the ownership of the assets has been previously transferred in an arm's-length transaction nor to the first arm's-length acquisition that occurs after January 1, 1980, for facilities participating in the medical care program prior to January 1, 1980.

The new cost basis or depreciation base for such acquisitions shall not exceed the fair market value of the assets as determined by the department of general administration through an appraisal procedure. A determination by the department of general administration of fair market value shall be final unless the procedure used to make such determination is shown to be arbitrary and capricious. For all partial or whole rate periods after July 17, 1984, this subsection is inoperative for any transfer of ownership of any asset, depreciable or nondepreciable, occurring on or after July 18, 1984, leaving (a) of this subsection to apply alone to such transfers:

PROVIDED, HOWEVER, That this subsection shall apply to transfers of ownership of assets occurring prior to January 1, 1985, if the costs of such assets have never been reimbursed under medicaid cost reimbursement on an owner-operated basis or as a related-party lease:

PROVIDED FURTHER, That for any contractor that can document in writing an enforceable agreement for the purchase of a nursing home dated prior to July 18, 1984, and submitted to the department prior to January 1, 1988, the cost basis of allowable land and the depreciation base of the nursing home, for rates established after July 18, 1984, shall not exceed the fair market value of the assets at the date of purchase as determined by the department of general administration through an appraisal procedure. For medicaid cost reimbursement purposes, an agreement to purchase a nursing home dated prior to July 18, 1984, is enforceable, even though such agreement contains no legal description of the real property involved, notwithstanding the statute of frauds or any other provision of law.

(c) In the case of land or depreciable assets leased by the same contractor since January 1, 1980, in an arm's-length lease, and purchased by the lessee/contractor, the lessee/contractor shall have the option:

(i) To have the provisions of subsection (b) of this section apply to the purchase; or

(ii) To have the reimbursement for property and (return on investment continue to be) financing allowance calculated pursuant to ((the provisions contained in RCW 74.46.530(1) (e) and (f))) this chapter based upon the provisions of the lease in existence on the date of the purchase, but only if the purchase date meets one of the following criteria:

(A) The purchase date is after the lessor has declared bankruptcy or has defaulted in any loan or mortgage held against the leased property;

(B) The purchase date is within one year of the lease expiration or renewal date contained in the lease;

(C) The purchase date is after a rate setting for the facility in which the reimbursement rate set pursuant to this chapter no longer is equal to or greater than the actual cost of the lease; or

(D) The purchase date is within one year of any purchase option in existence on January 1, 1988.

(d) For all rate periods past or future where land or depreciable assets are acquired from a related organization, the contractor's cost basis and depreciation base shall not exceed the base the related organization had or would have had under a contract with the department.

(e) Where the land or depreciable asset is a donation or distribution between related organizations, the cost basis or depreciation base shall be the lesser of (i) fair market value, less salvage value, or (ii) the cost basis or depreciation base the related organization had or would have had under a contract with the department.

Sec. 3. RCW 74.46.421 and 1998 c 322 s 18 are each amended to read as follows:

(1) The purpose of part E of this chapter is to determine nursing facility medicaid payment rates that, in the aggregate for all participating nursing facilities, are in accordance with the biennial appropriations act.

(2)(a) The department shall use the nursing facility medicaid payment rate methodologies described in this chapter to determine initial component rate allocations for each medicaid nursing facility.

(b) The initial component rate allocations shall be subject to adjustment as provided in this section in order to assure that the state-wide average payment rate to nursing facilities is less than or equal to the state-wide average payment rate specified in the biennial appropriations act.

(3) Nothing in this chapter shall be construed as creating a legal right or entitlement to any payment that (a) has not been adjusted under this section or (b) would cause the state-wide average payment rate to exceed the state-wide average payment rate specified in the biennial appropriations act.

(4)(a) The state-wide average payment rate for the capital portion of the rate for any state fiscal year under the nursing facility medicaid payment system, weighted by patient days, shall not exceed the annual state-wide weighted average nursing facility payment rate for the capital portion of the rate identified for that fiscal year in the biennial appropriations act.

(b) If the department determines that the weighted average nursing facility payment rate for the capital portion of the rate calculated in accordance with this chapter is likely to exceed the weighted average nursing facility payment rate for the capital portion of the rate identified in the biennial appropriations act, then the department shall adjust all nursing facility property and financing allowance payment rates proportional to the amount by which the weighted average rate allocations would otherwise
exceed the budgeted capital portion of the rate amount. Any such adjustments shall only be made prospectively, not retrospectively, and shall be applied proportionately to each component rate allocation for each facility.

5)(a) The state-wide average payment rate for the noncapital portion of the rate for any state fiscal year under the nursing facility payment system, weighted by patient days, shall not exceed the annual state-wide weighted average nursing facility payment rate for the noncapital portion of the rate identified for that fiscal year in the biennial appropriations act.

(b) If the department determines that the weighted average nursing facility payment rate for the noncapital portion of the rate calculated in accordance with this chapter is likely to exceed the weighted average nursing facility payment rate for the noncapital portion of the rate identified in the biennial appropriations act, then the department shall adjust all nursing facility direct care, therapy care, support services, operations, and variable return payment rates proportional to the amount by which the weighted average rate allocations would otherwise exceed the budgeted noncapital portion of the rate amount. Any such adjustments shall only be made prospectively, not retrospectively, and shall be applied proportionately to each direct care, therapy care, support services, operations, and variable return rate allocation for each facility.

Sec. 4. RCW 74.46.431 and 1998 c 322 s 19 are each amended to read as follows:

(1) Effective (October 1, 1998) July 1, 1999, nursing facility medicaid payment rate allocations shall be facility-specific and shall have (six) seven components: Direct care, therapy care, support services, operations, property, financing allowance, and variable return (on investment). The department shall establish and adjust each of these components, as provided in this section and elsewhere in this chapter, for each medicaid nursing facility in this state.

(2) All component rate allocations shall be based upon a minimum facility occupancy of eighty-five percent of licensed beds, regardless of how many beds are set up or in use.

A different economic trends and conditions adjustment factor or factors may be defined in the biennial appropriations act for facilities whose direct care component rate is set equal to their adjusted June 30, 1998, rate, as provided in RCW 74.46.506(5)(k).

(c) Direct care component rate allocations based on 1999 cost report data shall be adjusted annually for economic trends and conditions by a factor or factors defined in the biennial appropriations act. A different economic trends and conditions adjustment factor or factors may be defined in the biennial appropriations act for facilities whose direct care component rate is set equal to their adjusted June 30, 1998, rate, as provided in RCW 74.46.506(5)(k).

(5)(a) The state shall establish and adjust each of these components, as provided in this section and elsewhere in this chapter, for each medicaid nursing facility in this state.

(b) Direct care component rate allocations based on 1996 cost report data shall be adjusted annually for economic trends and conditions by a factor or factors defined in the biennial appropriations act. A different economic trends and conditions adjustment factor or factors may be defined in the biennial appropriations act for facilities whose direct care component rate is set equal to their adjusted June 30, 1998, rate, as provided in RCW 74.46.506(5)(k).

(11) The department shall establish in rule procedures, principles, and conditions for determining component rate allocations for facilities in circumstances not directly addressed by this chapter, including but not limited to: The need to prorate inflation for partial-period cost report data, newly constructed facilities, existing facilities entering the medicaid program for the first time or after a period of absence from the program, existing facilities with expanded new bed capacity, existing medicaid facilities following a change of ownership of the nursing facility business, facilities banking beds or converting beds back into service, facilities having less than six months of either resident assessment, cost report data, or both, under the current contractor prior to rate setting, and other circumstances.

(12) The department shall establish in rule procedures, principles, and conditions, including necessary threshold costs, for adjusting rates to reflect capital improvements or new requirements imposed by the department or the federal government. Any such rate adjustments are subject to the provisions of RCW 74.46.421.

Sec. 5. RCW 74.46.506 and 1998 c 322 s 25 are each amended to read as follows:

(1) The direct care component rate allocation corresponds to the provision of nursing care for one resident of a nursing facility for one day, including direct care supplies. Therapy services and supplies, which correspond to the therapy care component rate, shall be excluded. The direct care component rate includes elements of case mix determined consistent with the principles of this section and other applicable provisions of this chapter.

(2) Beginning October 1, 1998, the department shall determine and update quarterly for each nursing facility serving medicaid residents a facility-specific per-resident day direct care component rate allocation, to be effective on the first day of each calendar quarter. In determining direct care component rates the department shall utilize, as specified in this section, minimum data set resident assessment data for each resident of the facility, as transmitted to, and if necessary corrected by, the department in the resident assessment instrument format approved by federal authorities for use in this state.

(3) The department may question the accuracy of assessment data for any resident and utilize corrected or substitute information, however derived, in determining direct care component rates. The department is authorized to impose civil fines and to take adverse rate actions against a contractor, as specified by the department in rule, in order to obtain compliance with resident assessment and data transmission requirements and to ensure accuracy.

(4) Cost report data used in setting direct care component rate allocations shall be 1996 and 1999, for rate periods as specified in RCW 74.46.431.

(5) Beginning October 1, 1998, the department shall rebase each nursing facility's direct care component rate allocation as described in RCW 74.46.431, adjust its direct care component rate allocation for economic trends and conditions as described in RCW 74.46.431, and update its medicaid average case mix index, consistent with the following:

(a) Reduce total direct care costs reported by each nursing facility for the applicable cost report period specified in RCW 74.46.431(4)(a) to reflect any department adjustments, and to eliminate reported resident therapy costs and adjustments, in order to derive the facility's total allowable direct care cost;

(b) Divide each facility's total allowable direct care cost by its adjusted resident days for the same report period, increased if necessary to a minimum occupancy of eighty-five percent; that is, the greater of actual or imputed occupancy at eighty-five percent of licensed beds, to derive the facility's allowable direct care cost per resident day;

(c) Adjust the facility's per resident day direct care cost by the applicable factor specified in RCW 74.46.431(4)(b) and (c) to derive its adjusted allowable direct care cost per resident day;

(d) Divide each facility's adjusted allowable direct care cost per resident day by the facility average case mix index for the applicable quarters specified by RCW 74.46.501(7)(b) to derive the facility's allowable direct care cost per case mix unit;

(e) Divide nursing facilities into two peer groups: Those located in metropolitan statistical areas as determined and defined by the United States office of management and budget or other appropriate agency or office of the federal government, and those not located in a metropolitan statistical area;

(f) Array separately the allowable direct care cost per case mix unit for all metropolitan statistical areas and for all nonmetropolitan statistical area, and determine the median allowable direct care cost per case mix unit for each peer group;

(g) Except as provided in (k) of this subsection, from October 1, 1998, through June 30, 2000, determine each facility's quarterly direct care component rate as follows:

(i) Any facility whose allowable cost per case mix unit is less than eighty-five percent of the facility's peer group median established under (f) of this subsection shall be assigned a cost per case mix unit equal to eighty-five percent of the facility's peer area;
group median, and shall have a direct care component rate allocation equal to the facility's assigned cost per case mix unit multiplied by that facility's medicaid average case mix index from the applicable quarter specified in RCW 74.46.501(7)(c):

(i) Any facility whose allowable cost per case mix unit is less than ninety percent of the facility's peer group median established under (f) of this subsection shall be assigned a cost per case mix unit equal to ninety percent of the facility's peer group median, and shall have a direct care component rate allocation equal to the facility's assigned cost per case mix unit multiplied by that facility's medicaid average case mix index from the applicable quarter specified in RCW 74.46.501(7)(c);

(ii) Any facility whose allowable cost per case mix unit is greater than one hundred ten percent of the peer group median established under (f) of this subsection shall be assigned a cost per case mix unit equal to one hundred ten percent of the peer group median, and shall have a direct care component rate allocation equal to the facility's assigned cost per case mix unit multiplied by that facility's medicaid average case mix index from the applicable quarter specified in RCW 74.46.501(7)(c);

(iii) Any facility whose allowable cost per case mix unit is between eighty-five and one hundred fifteen percent of the peer group median established under (f) of this subsection shall have a direct care component rate allocation equal to the facility's allowable cost per case mix unit multiplied by that facility's medicaid average case mix index from the applicable quarter specified in RCW 74.46.501(7)(c);

(h) Except as provided in (k) of this subsection, from July 1, 2000, through June 30, 2002, determine each facility's quarterly direct care component rate as follows:

(i) Any facility whose allowable cost per case mix unit is less than ninety percent of the facility's peer group median established under (f) of this subsection shall be assigned a cost per case mix unit equal to ninety percent of the facility's peer group median, and shall have a direct care component rate allocation equal to the facility's assigned cost per case mix unit multiplied by that facility's medicaid average case mix index from the applicable quarter specified in RCW 74.46.501(7)(c);

(ii) Any facility whose allowable cost per case mix unit is greater than one hundred ten percent of the peer group median established under (f) of this subsection shall be assigned a cost per case mix unit equal to one hundred ten percent of the peer group median, and shall have a direct care component rate allocation equal to the facility's assigned cost per case mix unit multiplied by that facility's medicaid average case mix index from the applicable quarter specified in RCW 74.46.501(7)(c);

(iii) Any facility whose allowable cost per case mix unit is between ninety and one hundred ten percent of the peer group median established under (f) of this subsection shall have a direct care component rate allocation equal to the facility's allowable cost per case mix unit multiplied by that facility's medicaid average case mix index from the applicable quarter specified in RCW 74.46.501(7)(c);

(i) From July 1, 2002, through June 30, 2004, determine each facility's quarterly direct care component rate as follows:

(i) Any facility whose allowable cost per case mix unit is less than ninety-five percent of the facility's peer group median established under (f) of this subsection shall be assigned a cost per case mix unit equal to ninety-five percent of the facility's peer group median, and shall have a direct care component rate allocation equal to the facility's assigned cost per case mix unit multiplied by that facility's medicaid average case mix index from the applicable quarter specified in RCW 74.46.501(7)(c);

(ii) Any facility whose allowable cost per case mix unit is greater than one hundred five percent of the peer group median established under (f) of this subsection shall be assigned a cost per case mix unit equal to one hundred five percent of the peer group median, and shall have a direct care component rate allocation equal to the facility's assigned cost per case mix unit multiplied by that facility's medicaid average case mix index from the applicable quarter specified in RCW 74.46.501(7)(c);

(iii) Any facility whose allowable cost per case mix unit is between ninety-five and one hundred five percent of the peer group median established under (f) of this subsection shall have a direct care component rate allocation equal to the facility's allowable cost per case mix unit multiplied by that facility's medicaid average case mix index from the applicable quarter specified in RCW 74.46.501(7)(c);

(j) Beginning July 1, 2004, determine each facility's quarterly direct care component rate by multiplying the facility's peer group median allowable direct care cost per case mix unit by that facility's medicaid average case mix index from the applicable quarter as specified in RCW 74.46.501(7)(c).

(k) Between October 1, 1998, and June 30, 2000, the department shall compare each facility's direct care component rate allocation calculated under (g) of this subsection with the facility's nursing services component rate in effect on June 30, 1998, less therapy costs, plus any exceptional care offsets as reported on the cost report, adjusted for economic trends and conditions as provided in RCW 74.46.431. A facility shall receive the higher of the two rates;

(ii) Between July 1, 2000, and June 30, 2002, the department shall compare each facility's direct care component rate allocation calculated under (h) of this subsection with the facility's direct care component rate in effect on June 30, 2000. A facility shall receive the higher of the two rates.

(6) The direct care component rate allocations calculated in accordance with this section shall be adjusted to the extent necessary to comply with RCW 74.46.421. (If the department determines that the weighted average rate allocations for all rate components for all facilities is likely to exceed the weighted average total rate specified in the state biennial appropriations act, the department shall adjust the rate allocations calculated in this section proportional to the amount by which the total weighted average rate allocations would otherwise exceed the budgeted level. Such adjustments shall only be made prospectively, not retrospectively.)

Sec. 6. RCW 74.46.511 and 1998 c 322 s 26 are each amended to read as follows:
(1) The therapy care component rate allocation corresponds to the provision of medicaid one-on-one therapy provided by a qualified therapist as defined in this chapter, including therapy supplies and therapy consultation, for one day for one medicaid resident of a nursing facility. The therapy care component rate allocation for October 1, 1998, through June 30, 2001, shall be based on adjusted therapy costs and days from calendar year 1996. The therapy component rate allocation for July 1, 2001, through June 30, 2004, shall be based on adjusted therapy costs and days from calendar year 1999. The therapy care component rate shall be adjusted for economic trends and conditions as specified in RCW 74.46.431(5)(b), and shall be determined in accordance with this section.

(2) In rebasing, as provided in RCW 74.46.431(5)(a), the department shall take from the cost reports of facilities the following reported information:

(a) Direct one-on-one therapy charges for all residents by payer including charges for supplies;

(b) The total units or modules of therapy care for all residents by type of therapy provided, for example, speech or physical. A unit or module of therapy care is considered to be fifteen minutes of one-on-one therapy provided by a qualified therapist or support personnel; and

(c) Therapy consulting expenses for all residents.

(3) The department shall determine for all residents the total cost per unit of therapy for each type of therapy by dividing the total adjusted one-on-one therapy expense for each type by the total units provided for that therapy type.

(4) The department shall divide medicaid nursing facilities in this state into two peer groups:

(a) Those facilities located within a metropolitan statistical area; and

(b) Those not located in a metropolitan statistical area.

Metropolitan statistical areas and nonmetropolitan statistical areas shall be as determined by the United States office of management and budget or other applicable federal office. The department shall array the facilities in each peer group from highest to lowest based on their total cost per unit of therapy for each therapy type. The department shall determine the median total cost per unit of therapy for each therapy type and add ten percent of median total cost per unit of therapy. The cost per unit of therapy for each therapy type at a nursing facility shall be the lesser of its cost per unit of therapy for each therapy type or the median total cost per unit plus ten percent for each therapy type for its peer group.

(5) The department shall calculate each nursing facility's therapy care component rate allocation as follows:

(a) To determine the allowable total therapy cost for each therapy type, the allowable cost per unit of therapy for each type of therapy shall be multiplied by the total therapy units for each type of therapy;

(b) The medicaid allowable one-on-one therapy expense shall be calculated taking the allowable total therapy cost for each therapy type times the medicaid percent of total therapy charges for each therapy type;

(c) The medicaid allowable one-on-one therapy expense for each therapy type shall be divided by total adjusted medicaid days to arrive at the medicaid one-on-one therapy cost per patient day for each therapy type;

(d) The medicaid one-on-one therapy cost per patient day for each therapy type shall be multiplied by total adjusted patient days for all residents to calculate the total allowable one-on-one therapy expense. The lesser of the total allowable therapy consultant expense for the therapy type or a reasonable percentage of allowable therapy consultant expense for each therapy type, as established in rule by the department, shall be added to the total allowable one-on-one therapy expense to determine the allowable therapy cost for each therapy type;

(e) The allowable therapy cost for each therapy type shall be added together, the sum of which shall be the total allowable therapy expense for the nursing facility;

(f) The total allowable therapy expense will be divided by the greater of adjusted total patient days from the cost report on which the therapy expenses were reported, or patient days at eighty-five percent occupancy of licensed beds. The outcome shall be the nursing facility's therapy care component rate allocation.

(6) The therapy care component rate allocations calculated in accordance with this section shall be adjusted to the extent necessary to comply with RCW 74.46.421. If the department determines that the weighted average rate allocations for all rate components for all facilities is likely to exceed the weighted average total rate specified in the state biennial appropriations act, the department shall adjust the rate allocations calculated in this section proportional to the amount by which the total weighted average rate allocations would otherwise exceed the budgeted level. Such adjustments shall only be made prospectively, not retrospectively.)

Sec. 7. RCW 74.46.515 and 1998 c 322 s 27 are each amended to read as follows:

(1) The support services component rate allocation corresponds to the provision of food, food preparation, dietary, housekeeping, and laundry services for one resident for one day.

(2) Beginning October 1, 1998, the department shall determine each medicaid nursing facility's support services component rate allocation using cost report data specified by RCW 74.46.431(6).

(3) To determine each facility's support services component rate allocation, the department shall:
(a) Array facilities' adjusted support services costs per adjusted resident day for each facility from facilities' cost reports from the applicable report year, for facilities located within a metropolitan statistical area, and for those not located in any metropolitan statistical area and determine the median adjusted cost for each peer group;
(b) Set each facility's support services component rate at the lower of the facility's per resident day adjusted support services costs from the applicable cost report period or the adjusted median per resident day support services cost for that facility's peer group, either metropolitan statistical area or nonmetropolitan statistical area, plus ten percent; and
(c) Adjust each facility's support services component rate for economic trends and conditions as provided in RCW 74.46.431(6).

(4) The support services component rate allocations calculated in accordance with this section shall be adjusted to the extent necessary to comply with RCW 74.46.421. (If the department determines that the weighted average rate allocations for all rate components for all facilities is likely to exceed the weighted average total rate specified in the state biennial appropriations act, the department shall adjust the rate allocations calculated in this section proportional to the amount by which the total weighted average rate allocations would otherwise exceed the budgeted level. Such adjustments shall only be made prospectively, not retrospectively.)

Sec. 8. RCW 74.46.521 and 1998 c 322 s 28 are each amended to read as follows:
(1) The operations component rate allocation corresponds to the general operation of a nursing facility for one resident for one day, including but not limited to management, administration, utilities, office supplies, accounting and bookkeeping, minor building maintenance, minor equipment repairs and replacements, and other supplies and services, exclusive of direct care, therapy care, support services, property, financing allowance, and variable return (on investment).
(2) Beginning October 1, 1998, the department shall determine each medicaid nursing facility's operations component rate allocation using cost report data specified by RCW 74.46.431(7)(a).
(3) To determine each facility's operations component rate the department shall:
(a) Array facilities' adjusted general operations costs per adjusted resident day for each facility from facilities' cost reports from the applicable report year, for facilities located within a metropolitan statistical area and for those not located in a metropolitan statistical area and determine the median adjusted cost for each peer group;
(b) Set each facility's operations component rate at the lower of the facility's per resident day adjusted operations costs from the applicable cost report period or the adjusted median per resident day general operations cost for that facility's peer group, metropolitan statistical area or nonmetropolitan statistical area; and
(c) Adjust each facility's operations component rate for economic trends and conditions as provided in RCW 74.46.431(7)(b).
(4) The operations component rate allocations calculated in accordance with this section shall be adjusted to the extent necessary to comply with RCW 74.46.421. (If the department determines that the weighted average rate allocations for all rate components for all facilities is likely to exceed the weighted average total rate specified in the state biennial appropriations act, the department shall adjust the rate allocations calculated in this section proportional to the amount by which the total weighted average rate allocations would otherwise exceed the budgeted level. Such adjustments shall only be made prospectively, not retrospectively.)

NEW SECTION. Sec. 9. (1) The department shall establish for each medicaid nursing facility a variable return component rate allocation. In determining the variable return allowance:
(a) The variable return array and percentage assigned at the October 1, 1998, rate setting shall remain in effect until June 30, 2001.
(b) The department shall then compute the variable return allowance by multiplying the appropriate percentage amounts, which shall not be less than one percent and not greater than four percent, by the sum of the facility's direct care, therapy care, support services, and operations rate components. The percentage amounts will be based on groupings of facilities according to the rankings prescribed in (a) of this subsection, as applicable. Those groups of facilities with lower per diem costs shall receive higher percentage amounts than those with higher per diem costs.
(2) The variable return rate allocation calculated in accordance with this section shall be adjusted to the extent necessary to comply with RCW 74.46.421.

Sec. 10. 1998 c 322 s 29 (uncodified) is amended to read as follows:
(1) The property component rate allocation for each facility shall be determined by dividing the sum of the reported allowable prior period actual depreciation, subject to RCW 74.46.310 through 74.46.380, adjusted for any capitalized additions or replacements approved by the department, and the retained savings from such cost center, by the greater of a facility's total resident days for the facility in the prior period or resident days as calculated on eighty-five percent facility occupancy. If a capitalized addition or retirement of an asset will result in a different licensed bed capacity during the ensuing period, the prior period total resident days used in computing the property component rate shall be adjusted to anticipated resident day level.
(2) A nursing facility's property component rate allocation shall be rebased annually, effective July 1st or October 1st as applicable, in accordance with this section and this chapter.

(3) When a certificate of need for a new facility is requested, the department, in reaching its decision, shall take into consideration per-bed land and building construction costs for the facility which shall not exceed a maximum to be established by the secretary.

(4) For the purpose of calculating a nursing facility's property component rate, if a contractor elects to bank licensed beds or to convert banked beds to active service, under chapter 70.38 RCW, the department shall use the facility's anticipated resident occupancy level subsequent to the decrease or increase in licensed bed capacity. However, in no case shall the department use less than eighty-five percent occupancy of the facility's licensed bed capacity after banking or conversion.

(5) The property component rate allocations calculated in accordance with this section shall be adjusted to the extent necessary to comply with [(section 18 of this act) RCW 74.46.421. [(If the department determines that the weighted average rate allocations for all rate components for all facilities is likely to exceed the weighted average total rate specified in the state biennial appropriations act, the department shall adjust the rate allocations calculated in this section proportional to the amount by which the total weighted average rate allocations would otherwise exceed the budgeted level. Such adjustments shall only be made prospectively, not retrospectively.])]

NEW SECTION. Sec. 11. (1) Beginning July 1, 1999, the department shall establish for each medicaid nursing facility a financing component rate allocation. The financing component rate allocation shall be rebased annually, effective July 1st, in accordance with the provisions of this section and this chapter.

(2) The financing allowance shall be determined by multiplying the net invested funds of each facility by .10, and dividing by the greater of a nursing facility's total resident days from the most recent cost report period or resident days calculated on eighty-five percent facility occupancy. However, assets acquired on or after the effective date of this section shall be grouped in a separate financing allowance calculation that shall be multiplied by .085. The financing allowance factor of .085 shall not be applied to the net invested funds pertaining to new construction or major renovations receiving certificate of need approval or an exemption from certificate of need requirements under chapter 70.38 RCW, or to working drawings that have been submitted to the department of health for construction review approval, prior to the effective date of this section. If a capitalized addition or retirement of an asset will result in a different licensed bed capacity during the ensuing period, the prior period total resident days used in computing the financing allowance shall be adjusted to the greater of the anticipated resident day level or eighty-five percent of the new licensed bed capacity.

(3) In computing the portion of net invested funds representing the net book value of tangible fixed assets, the same assets, depreciation bases, lives, and methods referred to in RCW 74.46.330, 74.46.350, 74.46.360, 74.46.370, and 74.46.380, including owned and leased assets, shall be utilized, except that the capitalized cost of land upon which the facility is located and such other contiguous land which is reasonable and necessary for use in the regular course of providing resident care shall also be included. Subject to provisions and limitations contained in this chapter, for land purchased by owners or lessors before July 18, 1984, capitalized cost of land shall be the owner's capitalized cost. For partial or whole rate periods after July 17, 1984, if the land is purchased after July 17, 1984, capitalized cost shall be that of the owner of record on July 17, 1984, or buyer's capitalized cost, whichever is lower. In the case of leased facilities where the net invested funds are unknown or the contractor is unable to provide necessary information to determine net invested funds, the secretary shall have the authority to determine an amount for net invested funds based on an appraisal conducted according to RCW 74.46.360(1).

(4) For the purpose of calculating a nursing facility's financing allowance component rate, if a contractor elects to bank licensed beds or to convert banked beds to active service, under chapter 70.38 RCW, the department shall use the facility's anticipated resident occupancy level subsequent to the decrease or increase in licensed bed capacity. However, in no case shall the department use less than eighty-five percent occupancy of the facility's licensed bed capacity after banking or conversion.

(5) The financing allowance rate allocation calculated in accordance with this section shall be adjusted to the extent necessary to comply with RCW 74.46.421.

NEW SECTION. Sec. 12. (1) In the case of a facility that was leased by the contractor as of January 1, 1980, in an arm's-length agreement, which continues to be leased under the same lease agreement, and for which the annualized lease payment, plus any interest and depreciation expenses associated with contractor-owned assets, for the period covered by the prospective rates, divided by the contractor's total resident days, minus the property component rate allocation, is more than the sum of the financing allowance and the variable return rate determined according to this chapter, the following shall apply:

(a) The financing allowance shall be recomputed substituting the fair market value of the assets as of January 1, 1982, as determined by the department of general administration through an appraisal procedure, less accumulated depreciation on the lessor's assets since January 1, 1982, for the net book value of the assets in determining net invested funds for the facility. A determination by the department of general administration of fair market value shall be final unless the procedure used to make such a determination is shown to be arbitrary and capricious.
(b) The sum of the financing allowance computed under (a) of this subsection and the variable return rate shall be compared to the annualized lease payment, plus any interest and depreciation associated with contractor-owned assets, for the period covered by the prospective rates, divided by the contractor's total resident days, minus the property component rate. The lesser of the two amounts shall be called the alternate return on investment rate.

(c) The sum of the financing allowance and variable return rate determined according to this chapter or the alternate return on investment rate, whichever is greater, shall be added to the prospective rates of the contractor.

(2) In the case of a facility that was leased by the contractor as of January 1, 1980, in an arm's-length agreement, if the lease is renewed or extended under a provision of the lease, the treatment provided in subsection (1) of this section shall be applied, except that in the case of renewals or extensions made subsequent to April 1, 1985, reimbursement for the annualized lease payment shall be no greater than the reimbursement for the annualized lease payment for the last year prior to the renewal or extension of the lease.

(3) The alternate return on investment component rate allocations calculated in accordance with this section shall be adjusted to the extent necessary to comply with RCW 74.46.421.

**Sec. 13.** RCW 74.46.350 and 1980 c 177 s 35 are each amended to read as follows:

(1) Buildings, land improvements, and fixed equipment shall be depreciated using the straight-line method of depreciation. For new or replacement building construction or for major renovations, either of which receives certificate of need approval or certificate of need exemption under chapter 70.38 RCW on or after the effective date of this section, the number of years used to depreciate fixed equipment shall be the same number of years as the life of the building to which it is affixed. Major-minor equipment shall be depreciated using either the straight-line method, the sum-of-the-years' digits method, or declining balance method not to exceed one hundred fifty percent of the straight line rate. Contractors who have elected to take either the sum-of-the-years' digits method or the declining balance method of depreciation on major-minor equipment may change to the straight-line method without permission of the department.

(2) The annual provision for depreciation shall be reduced by the portion allocable to use of the asset for purposes which are neither necessary nor related to patient care.

(3) No further depreciation shall be claimed after an asset has been fully depreciated unless a new depreciation base is established pursuant to RCW 74.46.360.

**Sec. 14.** RCW 74.46.370 and 1997 c 277 s 2 are each amended to read as follows:

(1) Except for new buildings, major remodels, and major repair projects, as defined in subsection (2) of this section, the contractor shall use lives which reflect the estimated actual useful life of the asset and which shall be no shorter than guideline lives as established by the department. Lives shall be measured from the date on which the assets were first used in the medical care program or from the date of the most recent arm's-length acquisition of the asset, whichever is more recent. In cases where RCW 74.46.360(6)(a) does apply, the shortest life that may be used for buildings is the remaining useful life under the prior contract. In all cases, lives shall be extended to reflect periods, if any, when assets were not used in or as a facility.

(2) Effective July 1, 1997, for asset acquisitions and new facilities, major remodels, and major repair projects that begin operations on or after July 1, 1997, the department shall use the most current edition of Estimated Useful Lives of Depreciable Hospital Assets, or as it may be renamed, published by the American Hospital Publishing, Inc., an American hospital association company, for determining the useful life of new buildings, major remodels, and major repair projects, however, the shortest life that may be used for new buildings receiving certificate of need approval or certificate of need exemptions under chapter 70.38 RCW on or after the effective date of this section, is (forty) forty years. New buildings, major remodels, and major repair projects include those projects that meet or exceed the expenditure minimum established by the department of health pursuant to chapter 70.38 RCW.

(3) Building improvements, other than major remodels and major repairs, shall be depreciated over the remaining useful life of the building, as modified by the improvement.

(4) Improvements to leased property which are the responsibility of the contractor under the terms of the lease shall be depreciated over the useful life of the improvement.

(5) A contractor may change the estimate of an asset's useful life to a longer life for purposes of depreciation.

(6) For new or replacement building construction or for major renovations, either of which receives certificate of need approval or certificate of need exemption under chapter 70.38 RCW on or after the effective date of this section, the number of years used to depreciate fixed equipment shall be the same number of years as the life of the building to which it is affixed.

**NEW SECTION. Sec. 15.** If a contractor experiences an increase in state or county property taxes as a result of new building construction, replacement building construction, or substantial building additions that require the acquisition of land, then the department shall adjust the contractor's prospective rates to cover the medicaid share of the tax increase. The rate adjustments shall only apply to construction and additions completed on or after July 1, 1997. The rate adjustments authorized by this section
are effective on the first day after July 1, 1999, on which the increased tax payment is due. Rate adjustments made under this section are subject to all applicable cost limitations contained in this chapter.

NEW SECTION. Sec. 16. Sections 9 through 12 and 15 of this act are each added to part E of chapter 74.46 RCW.

SECOND READING

SUBSTITUTE HOUSE BILL NO. 1663 by House Committee on Judiciary (originally sponsored by Representatives Lambert, Constantine, McDonald, Kagi, Carrell, Edwards, Kastama, and Santos)

Creating a unified family court.
The bill was read the second time.

MOTION

On motion of Senator Heavey, the following Committee on Judiciary striking amendment was adopted:

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. The legislature recognizes the increasing incidence of concurrent involvement of family members in multiple areas of the justice system. Analysis shows significant case overlap in the case types of juvenile offender, juvenile dependency, at-risk youth, child in need of services, truancy, domestic violence, and domestic relations. Also recognized is the increased complexity of the problems facing family members and the increased complexity of the laws affecting families. It is believed that in such situations, an efficient and effective response is through the creation of a unified court system centered around the family that: Provides a dedicated, trained, and informed judiciary; incorporates case management practices based on a family's judicial system needs; enables multiple case type resolution by one judicial officer or judicial team; provides coordinated legal and social services; and considers and evaluates the needs of the family as a whole.

NEW SECTION. Sec. 2. The administrator for the courts shall conduct a unified family court pilot program.

(1) Pilot program sites shall be selected through a request for proposal process, and shall be established in no more than three superior court judicial districts.

(2) To be eligible for consideration as a pilot project site, judicial districts must have a statutorily authorized judicial complement of at least five judges.

(3) The administrator for the courts shall develop criteria for the unified family court pilot program. The pilot program shall include:

(a) All case types under Title 13 RCW, chapters 26.09, 26.10, 26.12, 26.18, 26.19, 26.20, 26.26, 26.50, 26.27, and 28A.225 RCW;

(b) Unified family court judicial officers, who volunteer for the program, and meet training requirements established by local court rule;

(c) Case management practices that provide a flexible response to the diverse court-related needs of families involved in multiple areas of the justice system. Case management practices should result in a reduction in process redundancies and an efficient use of time and resources, and create a system enabling multiple case type resolution by one judicial officer or judicial team;

(d) A court facilitator to provide assistance to parties with matters before the unified family court; and

(e) An emphasis on providing nonadversarial methods of dispute resolution such as a settlement conference, evaluative mediation by attorney mediators, and facilitative mediation by nonattorney mediators.

(4) The office of the administrator for the courts shall publish and disseminate a state-approved listing of definitions of nonadversarial methods of dispute resolution so that court officials, practitioners, and users can choose the most appropriate process for the matter at hand.

(5) The office of the administrator for the courts shall provide to the judicial districts selected for the pilot program the computer resources needed by each judicial district to implement the unified family court pilot program.

(6) The office of the administrator for the courts shall conduct a study of the pilot program measuring improvements in the judicial system's response to family involvement in the judicial system. The administrator for the courts shall report preliminary findings and final results of the study to the governor, the chief justice of the supreme court, and the legislature on a biennial basis. The initial report is due by July 1, 2000, and the final report is due by December 1, 2004.

NEW SECTION. Sec. 3. The judges of the superior court judicial districts with unified family court pilot programs shall adopt local court rules directing the program. The local court rules shall comply with the criteria established by the administrator for the courts and shall include:

(1) A requirement that all judicial officers hearing cases in unified family court:

(a) Complete an initial training program including the topic areas of childhood development, domestic violence, cultural awareness, child abuse and neglect, chemical dependency, and mental illness; and

(b) Subsequent to the training in (a) of this subsection, annually attend a minimum of eight hours of continuing education of pertinence to the unified family court;

(2) Case management that is based on the practice of one judge or judicial team handling all matters relating to a family;

(3) An emphasis on coordinating or consolidating, to the extent possible, all cases before the unified family court relating to a family; and

(4) Programs that provide for record confidentiality to protect the confidentiality of court records in accordance with the law. However law enforcement agencies shall have access to the records to the extent permissible under the law.

Sec. 4. RCW 10.14.200 and 1995 c 246 s 35 are each amended to read as follows:
Any order available under this chapter may be issued in actions under chapter 13.32A. 26.09, 26.10, or 26.26 RCW. An order available under this chapter that is issued under those chapters shall be fully enforceable and shall be enforced pursuant to the provisions of this chapter.

Sec. 5. RCW 13.04.021 and 1994 sp.s. c 7 s 538 are each amended to read as follows:

In any judicial district having a family law commissioner appointed pursuant to chapter 26.12 RCW, the family law commissioner shall have the power, authority, and jurisdiction, concurrent with a juvenile court judge, to hear cases (under chapter 13.34 RCW or any other case) under Title 13 RCW and chapter 28A.225 RCW as provided in RCW 26.12.010, and to enter judgment and make orders with the same power, force, and effect as any judge of the juvenile court, subject to motion or demand by any party within ten days from the entry of the order or judgment by the court commissioner as provided in RCW 2.24.050.

(2) Cases in the juvenile court shall be tried without a jury.

Sec. 6. RCW 26.12.010 and 1994 sp.s. c 7 s 537 are each amended to read as follows:

((4)) Each superior court shall exercise the jurisdiction conferred by this chapter and while sitting in the exercise of such jurisdiction shall be known and referred to as the "family court." A family (law) court proceeding under this chapter is: (1) Any proceeding under this title or any proceeding in which the family court is requested to adjudicate or enforce the rights of the parties or their children regarding the determination or modification of parenting plans, child custody, visitation, or support, or the distribution of property or obligations, or (2) concurrent with the juvenile court, any proceeding under Title 13 or chapter 28A.225 RCW.

MESSAGE FROM THE HOUSE

April 9, 1999

MR. PRESIDENT:

The House has passed SUBSTITUTE SENATE BILL NO. 5619 with the following amendment(s):

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 76.04.610 and 1993 c 36 s 1 are each amended to read as follows:

(1) If any owner of forest land within a forest protection zone neglects or fails to provide adequate fire protection as required by RCW 76.04.600, the department shall provide such protection and shall annually impose the following assessments on each parcel of such land: (a) A flat fee assessment of fourteen dollars and fifty cents; and (b) twenty-two cents on each acre exceeding fifty acres. Assessors may, at their option, collect the assessment on tax exempt lands. If the assessor elects not to collect the assessment, the department may bill the landowner directly.

(2) An owner who has paid assessments on two or more parcels, each containing fewer than fifty acres and each within the same county, may obtain the following refund:

---
(a) If all the parcels together contain less than fifty acres, then the refund is equal to the flat fee assessments paid, reduced by the total of (i) fourteen dollars and (ii) the total of the amounts retained by the county from such assessments under subsection (((4))) of this section.

(b) If all the parcels together contain fifty or more acres, then the refund is equal to the flat fee assessments paid, reduced by the total of (i) fourteen dollars, (ii) twenty-two cents for each acre exceeding fifty acres, and (iii) the total of the amounts retained by the county from such assessments under subsection (((4))) of this section.

Applications for refunds shall be submitted to the department on a form prescribed by the department and in the same year in which the assessments were paid. The department may not provide refunds to applicants who do not provide verification that all assessments and property taxes on the property have been paid. Applications may be made by mail.

(3) In addition to the procedures under subsection (2) of this section, property owners with parcels in a county subject to a forest fire protection assessment may apply to the department on an application listing the parcels owned. Property owners with the following number of parcels may apply to the department in the year indicated:

<table>
<thead>
<tr>
<th>Year</th>
<th>Number of Parcels</th>
</tr>
</thead>
<tbody>
<tr>
<td>2000</td>
<td>10 or more parcels</td>
</tr>
<tr>
<td>2001</td>
<td>8 or more parcels</td>
</tr>
<tr>
<td>2002</td>
<td>6 or more parcels</td>
</tr>
<tr>
<td>2003</td>
<td>4 or more parcels</td>
</tr>
<tr>
<td>2004 and thereafter</td>
<td>2 or more parcels</td>
</tr>
</tbody>
</table>

There shall be one application per county. The department shall compute the correct assessment and allocate one parcel to use to collect the assessment. The county shall then only bill the forest fire protection assessment on the one identified parcel. The landowner is responsible for notifying the department of any changes in parcel ownership.

(4) Beginning January 1, 1991, under the administration and at the discretion of the department up to two hundred thousand dollars per year of this assessment shall be used in support of those rural fire districts assisting the department in fire protection services on forest lands.

(5) For the purpose of this chapter, the department may divide the forest lands of the state, or any part thereof, into districts, for fire protection and assessment purposes, may classify lands according to the character of timber prevailing, and the fire hazard existing, and place unprotected lands under the administration of the proper district. Amounts paid or contracted to be paid by the department for protection of forest lands from funds at its disposal shall be a lien upon the property protected, unless reimbursed by the owner within ten days after October 1st of the year in which they were incurred. The department shall be prepared to make statement thereof, upon request, to a forest owner whose own protection has not been previously approved as to its adequacy, the department shall report the same to the assessor of the county in which the property is situated. The assessor shall extend the amounts upon the tax rolls covering the property, and upon authorization from the department shall levy the forest protection assessment against the amounts of unimproved land as shown in each ownership on the county assessor's records. The assessor may then segregate on the records to provide that the improved land and improvements thereon carry the millage levy designed to support the rural fire protection districts as provided for in RCW 52.16.170.

(6) The amounts assessed shall be collected at the time, in the same manner, by the same procedure, and with the same penalties attached that general state and county taxes on the same property are collected, except that errors in assessments may be corrected at any time by the department certifying them to the treasurer of the county in which the land involved is situated. Assessments shall be known and designated as assessments of the year in which the amounts became reimbursable. Upon the collection of assessments the county treasurer shall place fifty cents of the total assessments paid on a parcel for fire protection into the county current expense fund to defray the costs of listing, billing, and collecting these assessments. The treasurer shall then transmit the balance to the department. Collections shall be applied against expenses incurred in carrying out the provisions of this section, including necessary and reasonable administrative costs incurred by the department in the enforcement of these provisions. The department may also expend sums collected from owners of forest lands or received from any other source for necessary administrative costs in connection with the enforcement of RCW 76.04.660.

(7) When land against which forest protection assessments are outstanding is acquired for delinquent taxes and sold at public auction, the state shall have a prior lien on the proceeds of sale over and above the amount necessary to satisfy the county's delinquent tax judgment. The county treasurer, in case the proceeds of sale exceed the amount of the delinquent tax judgment, shall immediately remit to the department the amount of the outstanding forest protection assessments.

(8) All nonfederal public bodies owning or administering forest land included in a forest protection zone shall pay the forest protection assessments provided in this section and the special forest fire suppression account assessments under RCW 76.04.630. The forest protection assessments and special forest fire suppression account assessments shall be payable by nonfederal public bodies from available funds within thirty days following receipt of the written notice from the department which is given after October 1st of the year in which the protection was provided. Unpaid assessments shall not be a lien against the nonfederal publicly owned land but shall constitute a debt by the nonfederal public body to the department and shall be subject to interest charges at the legal rate.
A public body, having failed to previously pay the forest protection assessments required of it by this section, which fails to suppress a fire on or originating from forest lands owned or administered by it, shall be liable for the costs of suppression incurred by the department or its agent and shall not be entitled to reimbursement of costs incurred by the public body in the suppression activities.

The department may adopt rules to implement this section, including, but not limited to, rules on levying and collecting forest protection assessments.

MESSAGE FROM THE HOUSE

April 7, 1999

MR. PRESIDENT:

The House has passed SENATE BILL NO. 5643 with the following amendment(s):

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The secretary of state shall, whenever at least one state-wide measure or office is scheduled to appear on the general election ballot, print and distribute a voters' pamphlet.

The secretary of state shall distribute the voters' pamphlet to each household in the state, to public libraries, and to any other locations he or she deems appropriate. The secretary of state shall also produce taped or Braille transcripts of the voters' pamphlet, publicize their availability, and mail without charge a copy to any person who requests one.

The secretary of state may make the material required to be distributed by this chapter available to the public in electronic form. The secretary of state may provide the material in electronic form to computer bulletin boards, print and broadcast news media, community computer networks, and similar services at the cost of reproduction or transmission of the data.

NEW SECTION. Sec. 2. The voters' pamphlet must contain:

1. Information about each ballot measure initiated by or referred to the voters for their approval or rejection as required by section 5 of this act;
2. In even-numbered years, statements, if submitted, advocating the candidacies of nominees for the office of president and vice-president of the United States, United States senator, United States representative, governor, lieutenant governor, secretary of state, state treasurer, state auditor, attorney general, commissioner of public lands, superintendent of public instruction, insurance commissioner, state senator, state representative, justice of the supreme court, judge of the court of appeals, or judge of the superior court. Candidates may also submit a campaign mailing address and telephone number and a photograph not more than five years old and of a size and quality that the secretary of state determines to be suitable for reproduction in the voters' pamphlet;
3. In odd-numbered years, if any office voted upon state-wide appears on the ballot due to a vacancy, then statements and photographs for candidates for any vacant office listed in subsection (2) of this section must appear;
4. In even-numbered years, a section explaining how voters may participate in the election campaign process; the address and telephone number of the public disclosure commission established under RCW 42.17.350; and a summary of the disclosure requirements that apply when contributions are made to candidates and political committees;
5. In even-numbered years the name, address, and telephone number of each political party with nominees listed in the pamphlet, if filed with the secretary of state by the state committee of a major political party or the presiding officer of the convention of a minor political party;
6. In each odd-numbered year immediately before a year in which a president of the United States is to be nominated and elected, information explaining the precinct caucus and convention process used by each major political party to elect delegates to its national presidential candidate nominating convention. The pamphlet must also provide a description of the statutory procedures by which minor political parties are formed and the statutory methods used by the parties to nominate candidates for president;
7. In even-numbered years, a description of the office of precinct committee officer and its duties;
8. An application form for an absentee ballot;
9. A brief statement explaining the deletion and addition of language for proposed measures under section 6 of this act;
10. Any additional information pertaining to elections as may be required by law or in the judgment of the secretary of state is deemed informative to the voters.

NEW SECTION. Sec. 3. (1) Explanatory statements prepared by the attorney general under section 5 (3) and (4) of this act must be written in clear and concise language, avoiding legal and technical terms when possible, and filed with the secretary of state.

(2) When the explanatory statement for a measure initiated by petition is filed with the secretary of state, the secretary of state shall immediately provide the text of the explanatory statement to the person proposing the measure and any others who have made written request for notification of the exact language of the explanatory statement. When the explanatory statement for a measure referred to the ballot by the legislature is filed with the secretary of state, the secretary of state shall immediately provide the text of the explanatory statement to the presiding officer of the senate and the presiding officer of the house of representatives and any others who have made written request for notification of the exact language of the explanatory statement.

(3) A person dissatisfied with the explanatory statement may appeal to the superior court of Thurston County within five days of the filing date. A copy of the petition and a notice of the appeal must be served on the secretary of state and the attorney general. The court shall examine the measure, the explanatory statement, and objections, and may hear arguments. The court shall render its decision and certify to and file with the secretary of state an explanatory statement it determines will meet the requirements of this chapter.
The decision of the superior court is final, and its explanatory statement is the established explanatory statement. The appeal must be heard without costs to either party.

NEW SECTION. Sec. 4. Committees shall write and submit arguments advocating the approval or rejection of each state-wide ballot issue and rebuttals of those arguments. The secretary of state, the presiding officer of the senate, and the presiding officer of the house of representatives shall appoint the initial two members of each committee. In making these committee appointments the secretary of state and presiding officers of the senate and house of representatives shall consider legislators, sponsors of initiatives and referendums, and other interested groups known to advocate or oppose the ballot measure.

The initial two members may select up to four additional members, and the committee shall elect a chairperson. The remaining committee member or members may fill vacancies through appointment.

After the committee submits its initial argument statements to the secretary of state, the secretary of state shall transmit the statements to the opposite committee. The opposite committee may then prepare rebuttal arguments. Rebuttals may not interject new points.

The voters' pamphlet may contain only argument statements prepared according to this section. Arguments may contain graphs and charts supported by factual statistical data and pictures or other illustrations. Cartoons or caricatures are not permitted.

NEW SECTION. Sec. 5. The secretary of state shall determine the format and layout of the voters' pamphlet. The secretary of state shall print the pamphlet in clear, readable type on a size, quality, and weight of paper that in the judgment of the secretariat of state best serves the voters. The pamphlet must contain a table of contents. Federal and state offices must appear in the pamphlet in the same sequence as they appear on the ballot. Measures and arguments must be printed in the order specified by RCW 29.79.300.

The voters' pamphlet must provide the following information for each state-wide issue on the ballot:

1. The legal identification of the measure by serial designation or number;
2. The official ballot title of the measure;
3. A statement prepared by the attorney general explaining the law as it presently exists;
4. A statement prepared by the attorney general explaining the effect of the proposed measure if it becomes law;
5. The total number of votes cast for and against the measure in the senate and house of representatives, if the measure has been passed by the legislature;
6. An argument advocating the voters' approval of the measure together with any statement in rebuttal of the opposing argument;
7. An argument advocating the voters' rejection of the measure together with any statement in rebuttal of the opposing argument;
8. Each argument or rebuttal statement must be followed by the names of the committee members who submitted them, and may be followed by a telephone number that citizens may call to obtain information on the ballot measure;
9. The full text of each measure.

NEW SECTION. Sec. 6. State-wide ballot measures that amend existing law must be printed in the voters' pamphlet so that language proposed for deletion is enclosed by double parentheses and has a line through it. Proposed new language must be underlined. A statement explaining the deletion and addition of language must appear as follows: "Any language in double parentheses with a line through it is existing state law and will be taken out of the law if this measure is approved by voters. Any underlined language does not appear in current state law but will be added to the law if this measure is approved by voters."

NEW SECTION. Sec. 7. The secretary of state shall adopt rules setting deadlines for submitting candidate statements, candidate photographs, arguments, rebuttals, and explanatory statements. The secretary of state shall also adopt rules setting deadlines for filing ballot titles for referendum bills or constitutional amendments if none have been provided by the legislature.

NEW SECTION. Sec. 8. (1) In the opinion of the secretary of state any argument or statement offered for inclusion in the voters' pamphlet in support of or opposition to a measure or candidate contains obscene matter or matter that is otherwise prohibited by law from distribution through the mail, the secretary may petition the superior court of Thurston County for a judicial determination that the argument or statement may be rejected for publication or edited to delete the matter. The court shall not enter such an order unless it concludes that the matter is obscene or otherwise prohibited for distribution through the mail.

2(a) A person who believes that he or she may be defamed by an argument or statement offered for inclusion in the voters' pamphlet in support of or opposition to a measure or candidate may petition the superior court of Thurston County for a judicial determination that the argument or statement may be rejected for publication or edited to delete the defamatory statement.

(b) The court shall not enter such an order unless it concludes that the statement is untrue and that the petitioner has a very substantial likelihood of prevailing in a defamation action.

(c) An action under this subsection (2) must be filed and served no later than the tenth day after the deadline for the submission of the argument or statement to the secretary of state.

(d) If the secretary of state notifies a person named or identified in an argument or statement of the contents of the argument or statement within three days after the deadline for submission to the secretary, then neither the state nor the secretary is liable for damages resulting from publication of the argument or statement unless the secretary publishes the argument or statement in violation of an order entered under this section. Nothing in this section creates a duty on the part of the secretary of state to identify, locate, or notify the person.
(3) Parties to a dispute under this section may agree to resolve the dispute by rephrasing the argument or statement, even if the
deadline for submission to the secretary has elapsed, unless the secretary determines that the process of publication is too far advanced to permit
the change. The secretary shall promptly provide any such revision to any committee entitled to submit a rebuttal argument. If that committee
has not yet submitted its rebuttal, its deadline to submit a rebuttal is extended by five days. If it has submitted a rebuttal, it may revise it to
address the change within five days of the filing of the revised argument with the secretary.

(4) In an action under this section the committee or candidate must be named as a defendant, and may be served with process by
certified mail directed to the address contained in the secretary's records for that party. The secretary of state shall be a nominal party to an action
brought under subsection (2) of this section, solely for the purpose of determining the content of the voters' pamphlet. The superior court shall
give such an action priority on its calendar.

NEW SECTION. Sec. 9. (1) An argument or statement submitted to the secretary of state for publication in the voters' pamphlet is
not available for public inspection or copying until:

(a) In the case of candidate statements, (i) all statements by all candidates who have filed for a particular office have been received,
except those who informed the secretary that they will not submit statements, or (ii) the deadline for submission of statements has elapsed;
(b) In the case of arguments supporting or opposing a measure, (i) the arguments on both sides have been received, unless a committee
was not appointed for one side, or (ii) the deadline for submission of arguments has elapsed; and
(c) In the case of rebuttal arguments, (i) the rebuttals on both sides have been received, unless a committee was not appointed for one
side, or (ii) the deadline for submission of arguments has elapsed.

(2) Nothing in this section prohibits the secretary from releasing information under section 8(2)(d) of this act.

NEW SECTION. Sec. 10. All photographs of candidates submitted for publication must conform to standards established by the
secretary of state by rule. No photograph may reveal clothing or insignia suggesting the holding of a public office.

NEW SECTION. Sec. 11. (1) The maximum number of words for statements submitted by candidates is as follows: State
representative, one hundred words; state senator, judge of the superior court, judge of the court of appeals, justice of the supreme court, and all
state offices voted upon throughout the state, except that of governor, two hundred words; president and vice-president, United States senator,
United States representative, and governor, three hundred words.

(2) Arguments written by committees under section 3 of this act may not exceed two hundred fifty words in length.

(3) Rebuttal arguments written by committees may not exceed seventy-five words in length.

(4) The secretary of state shall allocate space in the pamphlet based on the number of candidates or nominees for each office.

NEW SECTION. Sec. 12. The secretary of state, as chief election officer, shall adopt rules consistent with this chapter to facilitate
and clarify procedures related to the voters' pamphlet.

NEW SECTION. Sec. 13. The following acts or parts of acts are each repealed:

(1) RCW 29.80.010 and 1987 c 295 s 17, 1984 c 54 s 1, 1977 ex.s. c 361 s 106, 1975-76 2nd ex.s. c 4 s 2, 1973 c 4 s 8, & 1965 c 9 s

(3) In the case of an abandoned vehicle, or other item of personal property registered or titled with the department, within twenty-four hours after receiving information on the owners from the department through the abandoned vehicle report, the tow truck operator shall send by certified mail, with return receipt requested, a notice of custody and sale to the legal and registered owners.

(4) If the date on which a notice required by subsection (((2))) (3) of this section is to be mailed falls upon a Saturday, Sunday, or a postal holiday, the notice may be mailed on the next day that is neither a Saturday, Sunday, nor a postal holiday.

(5) No notices need be sent to the legal or registered owners of an impounded vehicle or other item of personal property registered or titled with the department, if the vehicle or personal property has been redeemed.

Sec. 7. RCW 46.55.120 and 1998 c 203 s 5 are each amended to read as follows:

(1) Vehicles or other items of personal property registered or titled with the department that are impounded by registered tow truck operators pursuant to RCW 46.55.080, 46.55.085, or 46.55.113 may be redeemed only under the following circumstances:

(a) Only the legal owner, the registered owner, a person authorized in writing by the registered owner or the vehicle's insurer, a person who is determined and verified by the operator to have the permission of the registered owner of the vehicle or other item of personal property registered or titled with the department, or one who has purchased a vehicle or item of personal property registered or titled with the department from the registered owner who produces proof of ownership or written authorization and signs a receipt therefor, may redeem an impounded vehicle or items of personal property registered or titled with the department. In addition, a vehicle impounded because the operator is in violation of RCW 46.20.342 shall not be released until a person eligible to redeem it under this subsection (1)(a) satisfies the requirements of (((4))) (e) of this subsection, including paying all towing, removal, and storage fees, notwithstanding the fact that the hold was ordered by a government agency. If the department's records show that the operator has been convicted of a violation of RCW 46.20.342 or a similar local
ordinance within the past five years, the vehicle may be held for up to thirty days at the written direction of the agency ordering the vehicle impounded. A vehicle impounded because the operator is arrested for a violation of RCW 46.20.342 may be released only pursuant to a written order from the agency that ordered the vehicle impounded or from the court having jurisdiction. An agency may issue a written order to release pursuant to a provision of an applicable state agency rule or local ordinance authorizing release on the basis of economic or personal hardship to the spouse of the operator, taking into consideration public safety factors, including the operator's criminal history and driving record.

If a vehicle is impounded because the operator is in violation of RCW 46.20.342(1) (a) or (b), the vehicle may be held for up to thirty days at the written direction of the agency ordering the vehicle impounded. However, if the department's records show that the operator has been convicted of a violation of RCW 46.20.342(1) (a) or (b) or a similar local ordinance within the past five years, the vehicle may be held at the written direction of the agency ordering the vehicle impounded for up to sixty days, and for up to ninety days if the operator has two or more such prior offenses. If a vehicle is impounded because the operator is arrested for a violation of RCW 46.20.342, the vehicle may not be released until a person eligible to redeem it under this subsection (1)(a) satisfies the requirements of (((b))) (e) of this subsection, including paying all towing, removal, and storage fees, notwithstanding the fact that the hold was ordered by a government agency.

(b) If the vehicle is directed to be held for a suspended license impound, a person who desires to redeem the vehicle at the end of the period of impound shall within five days of the impound at the request of the tow truck operator pay a security deposit to the tow truck operator of not more than one-half of the applicable impound storage rate for each day of the proposed suspended license impound. The tow truck operator shall credit this amount against the final bill for removal, towing, and storage upon redemption. The tow truck operator may accept other sufficient security in lieu of the security deposit. If the person desiring to redeem the vehicle does not pay the security deposit or provide other security acceptable to the tow truck operator, the tow truck operator may process and sell at auction the vehicle as an abandoned vehicle within the normal time limits set out in RCW 46.55.130(1). The security deposit required by this section may be paid and must be accepted at any time up to twenty-four hours before the beginning of the auction to sell the vehicle as abandoned. The registered owner is not eligible to purchase the vehicle at the auction, and the tow truck operator shall sell the vehicle to the highest bidder who is not the registered owner.

(c) Notwithstanding (b) of this subsection, a rental car business may immediately redeem a vehicle it owns by payment of the costs of removal, towing, and storage, whereupon the vehicle will not be held for a suspended license impound.

(d) Notwithstanding (b) of this subsection, a motor vehicle dealer or lender with a perfected security interest in the vehicle may redeem or lawfully repossess a vehicle immediately by payment of the costs of removal, towing, and storage, whereupon the vehicle will not be held for a suspended license impound. A motor vehicle dealer or lender with a perfected security interest in the vehicle may not knowingly and intentionally engage in collusion with a registered owner to repossess and then return or resell a vehicle to the registered owner in an attempt to avoid a suspended license impound. However, this provision does not preclude a vehicle dealer or a lender with a perfected security interest in the vehicle from repossessing the vehicle and then selling, leasing, or otherwise disposing of it in accordance with chapter 62A.9 RCW, including providing redemption rights to the debtor under RCW 62A.9-506. If the debtor is the registered owner of the vehicle, the debtor's right to redeem the vehicle under chapter 62A.9 RCW is conditioned upon the debtor obtaining and providing proof from the impounding authority or court having jurisdiction that any fines, penalties, and forfeitures owed by the registered owner, as a result of the suspended license impound, have been paid, and proof of the payment must be tendered to the vehicle dealer or lender at the time the debtor tenders all other obligations required to redeem the vehicle. Vehicle dealers or lenders are not liable for damages if they rely in good faith on an order from the impounding agency or a court in releasing a vehicle held under a suspended license impound.

(e) The vehicle or other item of personal property registered or titled with the department shall be released upon the presentation to any person having custody of the vehicle of commercially reasonable tender sufficient to cover the costs of towing, storage, or other services rendered during the course of towing, removing, impounding, or storing any such vehicle, with credit being given for the amount of any security deposit paid under (b) of this subsection. In addition, if a vehicle is impounded because the operator was arrested for a violation of RCW 46.20.342 or 46.20.420 and was being operated by the registered owner when it was impounded under local ordinance or agency rule, it must not be released to any person until the registered owner establishes with the agency that ordered the vehicle impounded or the court having jurisdiction that any penalties, fines, or forfeitures owed by him or her have been satisfied. Registered tow truck operators are not liable for damages if they rely in good faith on an order from the impounding agency or a court in releasing a vehicle held under a suspended license impound. Commercially reasonable tender shall include, without limitation, cash, major bank credit cards, or personal checks drawn on in-state banks if accompanied by two pieces of valid identification, one of which may be required by the operator to have a photograph. If the towing firm can determine through the customer's bank or a check verification service that the presented check would not be paid by the bank or guaranteed by the service, the towing firm may refuse to accept the check. Any person who stops payment on a personal check or credit card, or does not make restitution within ten days from the date a check becomes
of negligence on the records of the department in ascertaining that the operator of the vehicle had a suspended or revoked driver's license. The district court has jurisdiction to determine the issues involving all impoundments including those authorized by the state or its agents. The municipal court has jurisdiction to determine the issues involving impoundments authorized by agents of the municipality. Any request for a hearing shall be made in writing on the form provided for that purpose and must be received by the appropriate court within ten days of the date the opportunity was provided for in subsection (2)(a) of this section and more than five days before the date of the auction. At the time of the filing of the hearing request, the petitioner shall pay to the court clerk a filing fee in the same amount required for the filing of a suit in district court. If the hearing request is not received by the court within the ten-day period, the right to a hearing is waived and the registered owner is liable for any towing, storage, or other impoundment charges permitted under this chapter. Upon receipt of a timely hearing request, the court shall proceed to hear and determine the validity of the impoundment.

(3)(a) The court, within five days after the request for a hearing, shall notify the registered tow truck operator, the person requesting the hearing if not the owner, the registered and legal owners of the vehicle or other item of personal property registered or titled with the department, and the person or agency authorizing the impound in writing of the hearing date and time. (b) At the hearing, the person or persons requesting the hearing may produce any relevant evidence to show that the impoundment, towing, or storage fees charged were not proper. The court may consider a written report made under oath by the officer who authorized the impoundment in lieu of the officer's personal appearance at the hearing. (c) At the conclusion of the hearing, the court shall determine whether the impoundment was proper, whether the towing or storage fees charged were in compliance with the posted rates, and who is responsible for payment of the fees. The court may not adjust fees or charges that are in compliance with the posted or contracted rates. (d) If the impoundment is found proper, the impoundment, towing, and storage fees as permitted under this chapter together with court costs shall be assessed against the person or persons requesting the hearing, unless the operator did not have a signed and valid impoundment authorization from a private property owner or an authorized agent. (e) If the impoundment is determined to be in violation of this chapter, then the registered and legal owners of the vehicle or other item of personal property registered or titled with the department shall bear no impoundment, towing, or storage fees, and any security shall be returned or discharged as appropriate, and the person or agency who authorized the impoundment shall be liable for any towing, storage, or other impoundment fees permitted under this chapter. The court shall enter judgment in favor of the registered tow truck operator against the person or agency authorizing the impound for the impoundment, towing, and storage fees paid. In addition, the court shall enter judgment in favor of the registered and legal owners of the vehicle, or other item of personal property registered or titled with the department, for the amount of the filing fee required by law for the impound hearing petition as well as reasonable damages for loss of the use of the vehicle during the time the same was impounded, for not less than fifty dollars per day, against the person or agency authorizing the impound. However, if an impoundment arising from an alleged violation of RCW 46.20.342 or 46.20.420 is determined to be in violation of this chapter, then the law enforcement officer directing the impoundment and the government employing the officer are not liable for damages if the officer relied in good faith and without gross negligence on the records of the department in ascertaining that the operator of the vehicle had a suspended or revoked driver's license. If any judgment entered is not paid within fifteen days of notice in writing of its entry, the court shall award reasonable attorneys' fees and costs against the defendant in any action to enforce the judgment. Notice of entry of judgment may be made by registered or certified mail, and proof of mailing may be made by affidavit of the party mailing the notice. Notice of the entry of the judgment shall read essentially as follows:

Any impounded abandoned vehicle or item of personal property registered or titled with the department that is not redeemed within fifteen days of mailing of the notice of custody and sale as required by RCW 46.55.120((2))) (3) shall be sold at public auction in accordance with all the provisions and subject to all the conditions of RCW 46.55.130. A vehicle or item of personal property registered or titled with the department may be redeemed at any time before the start of the auction upon payment of the applicable towing and storage fees.

Sec. 8. RCW 46.55.130 and 1998 c 203 s 6 are each amended to read as follows:

(1) If, after the expiration of fifteen days from the date of mailing of notice of custody and sale required in RCW 46.55.110((2))) (3) to the registered and legal owners, the vehicle remains unclaimed and has not been listed as a stolen vehicle, or for which a suspended license impound has been directed but no security paid under RCW 46.55.120, then the registered tow truck operator having custody of the vehicle shall conduct a sale of the vehicle at public auction after having first published a notice of the date, place, and time of the auction in a newspaper of general circulation in the county in which the vehicle is located not less than three days and no more than ten days before the date of the auction. The notice shall contain a description of the vehicle including the make, model, year, and license number and a notification that a three-hour public viewing period will be available before the auction. The auction shall be held during daylight hours of a normal business day or a Saturday.

(2) The following procedures are required in any public auction of such abandoned vehicles:

(a) The auction shall be held in such a manner that all persons present are given an equal time and opportunity to bid;

(b) All bidders must be present at the time of auction unless they have submitted to the registered tow truck operator, who may or may not choose to use the preauction bid method, a written bid on a specific vehicle. Written bids may be submitted up to five days before the auction and shall clearly state which vehicle is being bid upon, the amount of the bid, and who is submitting the bid;

(c) The open bid process, including all written bids, shall be used so that everyone knows the dollar value that must be exceeded;

(d) The highest two bids received shall be recorded in written form and shall include the name, address, and telephone number of each such bidder;

(e) In case the high bidder defaults, the next bidder has the right to purchase the vehicle for the amount of his or her bid;

(f) The successful bidder shall apply for title within fifteen days;

(g) The registered tow truck operator shall post a copy of the auction procedure at the bidding site. If the bidding site is different from the licensed office location, the operator shall post a clearly visible sign at the office location that describes in detail where the auction will be held. At the bidding site a copy of the newspaper advertisement that lists the vehicles for sale shall be posted:

(h) All surplus moneys derived from the auction after satisfaction of the registered tow truck operator’s lien shall be remitted within thirty days to the ((department for deposit in the state motor vehicle fund. A report identifying the vehicles resulting in any surplus shall accompany the remitted funds. If the director subsequently receives a valid claim from the)) registered vehicle owner of record as determined by the department ((within one year from the date of the auction, the surplus moneys shall be remitted to such owner));

(i) If an operator receives no bid, or if the operator is the successful bidder at auction, the operator shall, within forty-five days sell the vehicle to a licensed vehicle wrecker, hulk hauler, or scrap processor by use of the abandoned vehicle report-affidavit of sale, or the operator shall apply for title to the vehicle.

(3) In no case may an operator hold a vehicle for longer than ninety days without holding an auction on the vehicle, except for vehicles that are under a police or judicial hold.

(4)(a) In no case may the accumulation of storage charges exceed fifteen days from the date of receipt of the information by the operator from the department as provided by RCW 46.55.110((2))) (3).

(b) The failure of the registered tow truck operator to comply with the time limits provided in this chapter limits the accumulation of storage charges to five days except where delay is unavoidable. Providing incorrect or incomplete identifying information to the department in the abandoned vehicle report shall be considered a failure to comply with these time limits if correct information is available. However, storage charges begin to accrue again on the date the correct and complete information is provided to the department by the registered tow truck operator.

Sec. 9. RCW 46.61.625 and 1995 c 360 s 10 are each amended to read as follows:

(1) No person or persons shall occupy any trailer while it is being moved upon a public highway, except a person occupying a proper position for steering a trailer designed to be steered from a rear-end position.
(2) No person or persons may occupy a vehicle while it is being towed by a tow truck as defined in RCW 46.55.010(((3))).

Sec. 10. RCW 46.70.180 and 1997 c 153 s 1 are each amended to read as follows:

Each of the following acts or practices is unlawful:

(1) To cause or permit to be advertised, printed, displayed, published, distributed, broadcasted, televised, or disseminated in any manner whatsoever, any statement or representation with regard to the sale or financing of a vehicle which is false, deceptive, or misleading, including but not limited to the following:

(a) That no down payment is required in connection with the sale of a vehicle when a down payment is in fact required, or that a vehicle may be purchased for a smaller down payment than is actually required;

(b) That a certain percentage of the sale price of a vehicle may be financed when such financing is not offered in a single document evidencing the entire security transaction;

(c) That a certain percentage is the amount of the service charge to be charged for financing, without stating whether this percentage charge is a monthly amount or an amount to be charged per year;

(d) That a new vehicle will be sold for a certain amount above or below cost without computing cost as the exact amount of the factory invoice on the specific vehicle to be sold;

(e) That a vehicle will be sold upon a monthly payment of a certain amount, without including in the statement the number of payments of that same amount which are required to liquidate the unpaid purchase price.

(2) To incorporate within the terms of any purchase and sale agreement any statement or representation with regard to the sale or financing of a vehicle which is false, deceptive, or misleading, including but not limited to terms that include as an added cost to the selling price of a vehicle an amount for licensing or transfer of title of that vehicle which is not actually due to the state, unless such amount has in fact been paid by the dealer prior to such sale.

(3) To set up, promote, or aid, in the promotion of a plan by which vehicles are to be sold to a person for a consideration and upon further consideration that the purchaser agrees to secure one or more persons to participate in the plan by respectively making a similar purchase and in turn agreeing to secure one or more persons likewise to join in said plan, each purchaser being given the right to secure money, credits, goods, or something of value, depending upon the number of persons joining the plan.

(4) To commit, allow, or ratify any act of “bushing” which is defined as follows: Taking from a prospective buyer of a vehicle a written order or offer to purchase, or a contract document signed by the buyer, which:

(a) Is subject to the dealer's, or his or her authorized representative's future acceptance, and the dealer fails or refuses within three calendar days, exclusive of Saturday, Sunday, or legal holiday, and prior to any further negotiations with said buyer, either (i) to deliver to the buyer the dealer's signed acceptance, or (ii) to void the order, offer, or contract document and tender the return of any initial payment or security made or given by the buyer, including but not limited to money, check, promissory note, vehicle keys, a trade-in, or certificate of title to a trade-in; or

(b) Permits the dealer to renegotiate a dollar amount specified as trade-in allowance on a vehicle delivered or to be delivered by the buyer as part of the purchase price, for any reason except:

(i) Failure to disclose that the vehicle's certificate of ownership has been branded for any reason, including, but not limited to, status as a rebuilt vehicle as provided in RCW 46.12.050 and 46.12.075; or

(ii) Substantial physical damage or latent mechanical defect occurring before the dealer took possession of the vehicle and which could not have been reasonably discoverable at the time of the taking of the order, offer, or contract; or

(iii) Excessive additional miles or a discrepancy in the mileage. "Excessive additional miles" means the addition of five hundred miles or more, as reflected on the vehicle's odometer, between the time the vehicle was first valued by the dealer for purposes of determining its trade-in value and the time of actual delivery of the vehicle to the dealer. "A discrepancy in the mileage" means (A) a discrepancy between the mileage reflected on the vehicle's odometer and the stated mileage on the signed odometer statement; or (B) a discrepancy between the mileage stated on the signed odometer statement and the actual mileage on the vehicle; or

(c) Fails to comply with the obligation of any written warranty or guarantee given by the dealer requiring the furnishing of services or repairs within a reasonable time.

(5) To commit any offense relating to odometers, as such offenses are defined in RCW 46.37.540, 46.37.550, 46.37.560, and 46.37.570. A violation of this subsection is a class C felony punishable under chapter 9A.20 RCW.

(6) For any vehicle dealer or vehicle salesperson to refuse to furnish, upon request of a prospective purchaser, for vehicles previously registered to a business or governmental entity, the name and address of the business or governmental entity.

(7) To commit any other offense under RCW 46.37.423, 46.37.424, or 46.37.425.

(8) To commit any offense relating to a dealer's temporary license permit, including but not limited to failure to properly complete each such permit, or the issuance of more than one such permit on any one vehicle. However, a dealer may issue a second temporary permit on a vehicle if the following conditions are met:
(a) The lienholder fails to deliver the vehicle title to the dealer within the required time period;
(b) The dealer has satisfied the lien; and
(c) The dealer has proof that payment of the lien was made within two calendar days, exclusive of Saturday, Sunday, or a legal holiday, after the sales contract has been executed by all parties and all conditions and contingencies in the sales contract have been met or otherwise satisfied.

(9) For a dealer, salesman, or mobile home manufacturer, having taken an instrument or cash "on deposit" from a purchaser prior to the delivery of the bargained-for vehicle, to commingle the "on deposit" funds with assets of the dealer, salesman, or mobile home manufacturer instead of holding the "on deposit" funds as trustee in a separate trust account until the purchaser has taken delivery of the bargained-for vehicle. Delivery of a manufactured home shall be deemed to occur in accordance with RCW 46.70.135(5). Failure, immediately upon receipt, to endorse "on deposit" instruments to such a trust account, or to set aside "on deposit" cash for deposit in such trust account, and failure to deposit such instruments or cash in such trust account by the close of banking hours on the day following receipt thereof, shall be evidence of intent to commit this unlawful practice: PROVIDED, HOWEVER, That a motor vehicle dealer may keep a separate trust account which equals his or her customary total customer deposits for vehicles for future delivery. For purposes of this section, "on deposit" funds received from a purchaser of a manufactured home means those funds that a seller requires a purchaser to advance before ordering the manufactured home, but does not include any loan proceeds or moneys that might have been paid on an installment contract.

(10) For a dealer or manufacturer to fail to comply with the obligations of any written warranty or guarantee given by the dealer or manufacturer requiring the furnishing of goods and services or repairs within a reasonable period of time, or to fail to furnish to a purchaser, all parts which attach to the manufactured unit including but not limited to the undercarriage, and all items supplied to a purchaser, all parts which attach to the manufactured unit including but not limited to the undercarriage, and all items specified in the terms of a sales agreement signed by the seller and buyer.

(11) For a vehicle dealer to pay to or receive from any person, firm, partnership, association, or corporation acting, either directly or through a subsidiary, as a buyer's agent for consumers, any compensation, fee, purchase moneys or funds that have been deposited into or withdrawn out of any account controlled or used by any buyer's agent, gratuitly, or reward in connection with the purchase or sale of a new motor vehicle.

(12) For a buyer's agent, acting directly or through a subsidiary, to pay to or to receive from any motor vehicle dealer any compensation, fee, gratuitly, or reward in connection with the purchase or sale of a new motor vehicle. In addition, it is unlawful for any buyer's agent to engage in any of the following acts on behalf of or in the name of the consumer:
(a) Receiving or paying any purchase moneys or funds into or out of any account controlled or used by any buyer's agent;
(b) Signing any vehicle purchase orders, sales contract, odometer statements, or title documents, or having the name of the buyer's agent appear on the vehicle purchase order, sales contract, or title; or
(c) Signing any other documentation relating to the purchase, sale, or transfer of any new motor vehicle.

It is unlawful for a buyer's agent to use a power of attorney obtained from the consumer to accomplish or effect the purchase, sale, or transfer of ownership documents of any new motor vehicle by any means which would otherwise be prohibited under (a) through (c) of this subsection. However, the buyer's agent may use a power of attorney for physical delivery of motor vehicle license plates to the consumer.

Further, it is unlawful for a buyer's agent to engage in any false, deceptive, or misleading advertising, disseminated in any manner whatsoever, including but not limited to making any claim or statement that the buyer's agent offers, obtains, or guarantees the lowest price on any motor vehicle or words to similar effect.

(13) For a buyer's agent to arrange for or to negotiate the purchase, or both, of a new motor vehicle through an out-of-state dealer without disclosing in writing to the customer that the new vehicle would not be subject to chapter 19.118 RCW. In addition, it is unlawful for any buyer's agent to fail to have a written agreement with the customer that: (a) Sets forth the terms of the parties' agreement; (b) discloses to the customer the total amount of any fees or other compensation being paid by the customer to the buyer's agent for the agent's services; and (c) further discloses whether the fee or any portion of the fee is refundable. The department of licensing shall by December 31, 1996, in rule, adopt standard disclosure language for buyer's agent agreements under RCW 46.70.011, 46.70.070, and this section.

(14) Being a manufacturer, other than a motorcycle manufacturer governed by chapter 46.94 RCW, to:
(a) Coerce or attempt to coerce any vehicle dealer to order or accept delivery of any vehicle or vehicles, parts or accessories, or any other commodities which have not been voluntarily ordered by the vehicle dealer: PROVIDED, That recommendation, endorsement, exposition, persuasion, urging, or argument are not deemed to constitute coercion;
(b) Cancel or fail to renew the franchise or selling agreement of any vehicle dealer doing business in this state without fairly compensating the dealer at a fair going business value for his or her capital investment which shall include but not be limited to tools, equipment, and parts inventory possessed by the dealer on the day he or she is notified of such cancellation or termination and which are still within the dealer's possession on the day the cancellation or termination is effective, if: (i) The
capital investment has been entered into with reasonable and prudent business judgment for the purpose of fulfilling the franchise; and (ii) the cancellation or nonrenewal was not done in good faith. Good faith is defined as the duty of each party to any franchise to act in a fair and equitable manner towards each other, so as to guarantee one party freedom from coercion, intimidation, or threats of coercion or intimidation from the other party: PROVIDED, That recommendation, endorsement, exposition, persuasion, urging, or argument are not deemed to constitute a lack of good faith.

(c) Encourage, aid, abet, or teach a vehicle dealer to sell vehicles through any false, deceptive, or misleading sales or financing practices including but not limited to those practices declared unlawful in this section;

(d) Coerce or attempt to coerce a vehicle dealer to engage in any practice forbidden in this section by either threats of actual cancellation or failure to renew the dealer's franchise agreement;

(e) Refuse to deliver any vehicle publicly advertised for immediate delivery to any duly licensed vehicle dealer having a franchise or contractual agreement for the retail sale of new and unused vehicles sold or distributed by such manufacturer within sixty days after such dealer's order has been received in writing unless caused by inability to deliver because of shortage or curtailment of material, labor, transportation, or utility services, or by any labor or production difficulty, or by any cause beyond the reasonable control of the manufacturer;

(f) To provide under the terms of any warranty that a purchaser of any new or unused vehicle that has been sold, distributed for sale, or transferred into this state for resale by the vehicle manufacturer may only make any warranty claim on any item included as an integral part of the vehicle against the manufacturer of that item.

Nothing in this section may be construed to impair the obligations of a contract or to prevent a manufacturer, distributor, representative, or any other person, whether or not licensed under this chapter, from requiring performance of a written contract entered into with any licensee hereunder, nor does the requirement of such performance constitute a violation of any of the provisions of this section if any such contract or the terms thereof requiring performance, have been freely entered into and executed between the contracting parties. This paragraph and subsection (14)(b) of this section do not apply to new motor vehicle manufacturers governed by chapter 46.96 RCW.

(15) Unlawful transfer of an ownership interest in a motor vehicle as defined in RCW 19.116.050.

(16) To knowingly and intentionally engage in collusion with a registered owner of a vehicle to repossess and return or resell the vehicle to the registered owner in an attempt to avoid a suspended license impound under chapter 46.55 RCW. However, compliance with chapter 62A.9 RCW in repossessing, selling, leasing, or otherwise disposing of the vehicle, including providing redemption rights to the debtor, is not a violation of this section. and the same are herewith transmitted.

MOTION
MR. PRESIDENT:
The House has passed ENGROSSED SUBSTITUTE SENATE BILL NO. 5661 with the following amendment(s)

Strike everything after the enacting clause and insert the following:

Sec. 1. RCW 82.29A.010 and 1975-76 2nd ex.s. c 61 s 1 are each amended to read as follows:

(a) The legislature hereby recognizes that properties of the state of Washington, counties, school districts, and other municipal corporations are exempted by Article 7, section 1 of the state Constitution from property tax obligations, but that private lessees of such public properties receive substantial benefits from governmental services provided by units of government.

(b) The legislature further recognizes that a uniform method of taxation should apply to such leasehold interests in publicly owned property.

(c) The legislature finds that lessees of publicly owned property are entitled to those same governmental services and does hereby provide for a leasehold excise tax to fairly compensate governmental units for services rendered to such lessees of publicly owned property.

Sec. 2. RCW 82.29A.020 and 1991 c 272 s 23 are each amended to read as follows:

As used in this chapter the following terms shall be defined as follows, unless the context otherwise requires:

(1) "Leasehold interest" shall mean an interest in publicly owned real or personal property which exists by virtue of any lease, permit, license, or any other agreement, written or verbal, between the public owner of the property and a person who would not be exempt from property taxes if that person owned the property in fee, granting possession and use, to a degree less than fee simple ownership: PROVIDED, That no interest in personal property (excluding land or buildings) which is owned by the United States, whether or not as trustee, or by any foreign government shall constitute a leasehold interest hereunder when the right to use such property is granted pursuant to a contract solely for the manufacture or production of articles for sale to the United States or any foreign government. The term "leasehold interest" shall include the rights of use or occupancy by others of property which is owned in fee or held in trust by a public corporation, commission, or authority created under RCW 35.21.730 or 35.21.660 if the property is listed on or is within a district listed on any federal or state register of historical sites. The term "leasehold interest" shall not include road or utility easements ((omega)), rights of access, occupancy, or use granted solely for the purpose of removing materials or products purchased from a public owner or the lessee of a public owner, or rights of access, occupancy, or use granted solely for the purpose of natural energy resource exploration.

(2) "Taxable rent" shall mean contract rent as defined in subsection (a) of this subsection in all cases where the lease or agreement has been established or renegotiated through competitive bidding, or negotiated or renegotiated in accordance with statutory requirements regarding the rent payable, or negotiated or renegotiated under circumstances, established by public record, clearly showing that the contract rent was the maximum attainable by the lessor: PROVIDED, That after January 1, 1986, with respect to any lease which has been in effect for ten years or more without renegotiation, taxable rent may be established by procedures set forth in subsection (b) of this subsection. All other leasehold interests shall be subject to the determination of taxable rent under the terms of subsection (b) of this subsection.

For purposes of determining leasehold excise tax on any lands on the Hanford reservation subleased to a private or public entity by the department of ecology, taxable rent shall include only the annual cash rental payment made by such entity to the department of ecology as specifically referred to as rent in the sublease agreement between the parties and shall not include any other fees, assessments, or charges imposed on or collected by such entity irrespective of whether the private or public entity pays or collects such other fees, assessments, or charges as specified in the sublease agreement.

(a) "Contract rent" shall mean the amount of consideration due as payment for a leasehold interest, including: The total of cash payments made to the lessor or to another party for the benefit of the lessor according to the requirements of the lease or agreement, including any rents paid by a sublessee; expenditures for the protection of the lessor's interest when required by the terms of the lease or agreement; and expenditures for improvements to the property to the extent that such improvements become the property of the lessor. Where the consideration conveyed for the leasehold interest is made in combination with payment for concession or other rights granted by the lessor, only that portion of such payment which represents consideration for the leasehold interest shall be part of contract rent.

On motion of Senator Franklin, Senator Snyder was excused.

MESSAGE FROM THE HOUSE

April 9, 1999
"Contract rent" shall not include: (i) Expenditures made by the lessee, which under the terms of the lease or agreement, are to be reimbursed by the lessor to the lessee or expenditures for improvements and protection made pursuant to a lease or an agreement which requires that the use of the improved property be open to the general public and that no profit will inure to the lessee from the lease; (ii) expenditures made by the lessee for the replacement or repair of facilities due to fire or other casualty including payments for insurance to provide reimbursement for losses or payments to a public or private entity for protection of such property from damage or loss or for alterations or additions made necessary by an action of government taken after the date of the execution of the lease or agreement; (iii) improvements added to publicly owned property by a sublessee under an agreement executed prior to January 1, 1976, which have been taxed as personal property of the sublessee prior to January 1, 1976, or improvements made by a sublessee of the same lessee under a similar agreement executed prior to January 1, 1976, and such improvements shall be taxable to the sublessee as personal property; (iv) improvements added to publicly owned property if such improvements are being taxed as personal property to any person.

Any prepaid contract rent shall be considered to have been paid in the year due and not in the year actually paid with respect to prepayment for a period of more than one year. Expenditures for improvements with a useful life of more than one year which are included as part of contract rent shall be treated as prepaid contract rent and prorated over the useful life of the improvement or the remaining term of the lease or agreement if the useful life is in excess of the remaining term of the lease or agreement. Rent prepaid prior to January 1, 1976, shall be prorated from the date of prepayment.

With respect to a "product lease", the value (of agricultural products received as rent shall be the value at the place of delivery as of the fifteenth day of the month of delivery; with respect to all other products received as contract rent, the value) shall be that value determined at the time of sale under terms of the lease.

(b) If it shall be determined by the department of revenue, upon examination of a lessee's accounts or those of a lessor of publicly owned property, that a lessee is occupying or using publicly owned property in such a manner as to create a leasehold interest and that such leasehold interest has not been established through competitive bidding, or negotiated in accordance with statutory requirements regarding the rent payable, or negotiated under circumstances, established by public record, clearly showing that the contract rent was the maximum attainable by the lessor, the department may establish a taxable rent computation for use in determining the tax payable under authority granted in this chapter based upon the following criteria: (i) Consideration shall be given to rental being paid to other lessors by lessees of similar property for similar purposes over similar periods of time; (ii) consideration shall be given to what would be considered a fair rate of return on the market value of the property leased less reasonable deductions for any restrictions on use, special operating requirements or provisions for concurrent use by the lessor, another person or the general public.

(3) "Product lease" as used in this chapter shall mean a lease of property for use in the production of agricultural or marine products to the extent that such lease provides for the contract rent to be paid by the delivery of a stated percentage of the production of such agricultural or marine products to the credit of the lessor or the payment to the lessor of a stated percentage of the proceeds from the sale of such products.

(4) "Renegotiated" means a change in the lease agreement which changes the agreed time of possession, restrictions on use, the rate of the cash rental or of any other consideration payable by the lessee to or for the benefit of the lessor, other than any such change required by the terms of the lease or agreement. In addition "renegotiated" shall mean a continuation of possession by the lessee beyond the date when, under the terms of the lease agreement, the lessee had the right to vacate the premises without any further liability to the lessor.

(5) "City" means any city or town.
(6) "Products" includes natural resource products such as cut or picked evergreen foliage, Cascara bark, wild edible mushrooms, native ornamental trees and shrubs, ore and minerals, natural gas, geothermal water and steam, and forage removed through the grazing of livestock, and the same are herewith transmitted.

MESSAGE FROM THE HOUSE

April 6, 1999

MR. PRESIDENT:

The House has passed SUBSTITUTE SENATE BILL NO. 5706 with the following amendment(s)

Strike everything after the enacting clause and insert the following:

*NEW SECTION. Sec. 1. The legislature recognizes that there are residents of this state who intentionally register motor vehicles in other states to evade payment of taxes and fees required by the laws of this state. This results in a substantial loss of revenue to the state. It is the intent of the legislature to decriminalize license fraud and impose stronger civil penalties upon residents who defraud the state, thereby enhancing compliance with state registration laws and increasing state revenues. To further enhance enforcement and collection efforts, the legislature intends to create a license fraud task force within the Washington state patrol.

NEW SECTION. Sec. 2. The task force consists of staff from the Washington state patrol, the department of revenue, and the attorney general's office. The task force personnel are:

(1) One Washington state patrol sergeant, who has overall responsibility to coordinate the task force;
(2) Three Washington state patrol detectives, to investigate license fraud;
(3) One department of revenue tax discovery agent, to assess and recover delinquent tax, penalties, and interest;
(4) One assistant attorney general, to provide legal services to the task force; and
(5) One clerical support person, for administrative support for the task force as a whole.

NEW SECTION. Sec. 3. A penalty assessed pursuant to RCW 46.16.010 (1)(a) and (2), 47.68.255, or 82.48.020 is due and payable when the person incurring it receives a notice in writing from the state patrol stating the violation and advising the person that the penalty is due. The state patrol may, upon written application for review received within fifteen days from the date of the penalty assessment, remit or mitigate a penalty. Procedures for these actions are governed by chapter 34.05 RCW. The penalty notice has the effect of an agency order.

Sec. 4. RCW 46.16.010 and 1997 c 328 s 2 and 1997 c 241 s 13 are each reenacted and amended to read as follows:

(1) It is ((unlawful)) a violation for a person to operate any vehicle over and along a public highway of this state without first having obtained and having in full force and effect a current and proper vehicle license and display vehicle license number plates therefor as by this chapter provided. ((Failure to make initial registration before operation on the highways of this state is a misdemeanor, and any person convicted thereof shall be punished by a fine of no less than three hundred thirty dollars, no part of which may be suspended or deferred.))

(a) Failure to make initial registration of a vehicle before operating it on the highways of this state is a violation of this section. Anyone who violates this section is liable for a penalty of three hundred fifty dollars for each violation in addition to all other penalties provided by law. Persons violating this subsection shall make payment as prescribed in subsection (2)(b) of this section.

(b) Failure to renew an expired registration before operation on the highways of this state is a traffic infraction, which shall not be resolved through the civil process instituted under this act.

(2)(a) The licensing of a vehicle in another state by a resident of this state, as defined in RCW 46.16.028, ((evading)) to avoid the payment of any tax or license fee imposed in connection with registration, is a ((gross misdemeanor punishable as follows:)) violation of this section, and violators are liable for a monetary penalty not less than one thousand dollars but not more than ten thousand dollars for each violation.
(a) For a first offense, up to one year in the county jail and a fine equal to twice the amount of delinquent taxes and fees, no part of which may be suspended or deferred;

(b) For a second or subsequent offense, up to one year in the county jail and a fine equal to four times the amount of delinquent taxes and fees, no part of which may be suspended or deferred) The penalty provided in subsection (1)(a) of this section and this subsection is due and payable when the person incurring it receives a notice in writing from the state patrol describing the violation and advising the person that the penalty is due. The state patrol may, upon written application for review, received within fifteen days, remit or mitigate a penalty provided for in this section or discontinue an action to recover the penalty upon such terms it deems proper and may ascertain the facts in a manner and under rules it deems proper. If the amount of the penalty is not paid to the state patrol within fifteen days after receipt of the notice imposing the penalty, or application for remission or mitigation has not been made within fifteen days after the violator has received notice of the disposition of the application, the attorney general shall bring an action in the name of the state of Washington in the superior court of Thurston county or of any other county in which the violator resides or does business, to recover the penalty, administrative fees, and attorneys’ fees and costs incurred in recovering the penalties. All penalties recovered under this section shall be paid into the state treasury and credited to the state patrol highway account of the motor vehicle fund for the license fraud task force.

(c) (For fines levied under (b) of this subsection, an amount equal to the avoided taxes and fees owed shall be deposited in the vehicle licensing fraud account created in the state treasury;

(d) The avoided taxes and fees shall be deposited and distributed in the same manner as if the taxes and fees were properly paid in a timely fashion.

(3) These provisions shall not apply to the following vehicles:

(a) Electric-assisted bicycles;

(b) Farm vehicles if operated within a radius of fifteen miles of the farm where principally used or garaged, farm tractors and farm implements including trailers designed as cook or bunk houses used exclusively for animal herding temporarily operating or drawn upon the public highways, and trailers used exclusively to transport farm implements from one farm to another during the daylight hours or at night when such equipment has lights that comply with the law;

(c) Spray or fertilizer applicator rigs designed and used exclusively for spraying or fertilization in the conduct of agricultural operations and not primarily for the purpose of transportation, and nurse rigs or equipment auxiliary to the use of and designed or modified for the fueling, repairing, or loading of spray and fertilizer applicator rigs and not used, designed, or modified primarily for the purpose of transportation;

(d) Fork lifts operated during daylight hours on public highways adjacent to and within five hundred feet of the warehouses which they serve: PROVIDED FURTHER, That these provisions shall not apply to vehicles used by the state parks and recreation commission exclusively for park maintenance and operations upon public highways within state parks;

(e) “Special highway construction equipment” defined as follows: Any vehicle which is designed and used primarily for grading of highways, paving of highways, earth moving, and other construction work on highways and which is not designed or used primarily for the transportation of persons or property on a public highway and which is only incidentally operated or moved over the highway. It includes, but is not limited to, road construction and maintenance machinery so designed and used such as portable air compressors, air drills, asphalt spreaders, bituminous mixers, bucket loaders, track laying tractors, ditchers, leveling graders, finishing machines, motor graders, paving mixers, road rollers, scarifiers, earth moving scrapers and carryalls, lighting plants, welders, pumps, power shovels and draglines, self-propelled and tractor-drawn earth moving equipment and machinery, including dump trucks and tractor-dump trailer combinations which either (i) are in excess of the legal width, or (ii) which, because of their length, height, or unladen weight, may not be moved on a public highway without the permit specified in RCW 46.44.090 and which are not operated laden except within the boundaries of the project limits as defined by the contract, and other similar types of construction equipment, or (iii) which are driven or moved upon a public highway only for the purpose of crossing such highway from one property to another, provided such movement does not exceed five hundred feet and the vehicle is equipped with wheels or pads which will not damage the roadway surface.

Exclusions:

“Special highway construction equipment” does not include any of the following:

Dump trucks originally designed to comply with the legal size and weight provisions of this code notwithstanding any subsequent modification which would require a permit, as specified in RCW 46.44.090, to operate such vehicles on a public highway, including trailers, truck-mounted transit mixers, cranes and shovels, or other vehicles designed for the transportation of persons or property to which machinery has been attached.

(4) The following vehicles, whether operated solo or in combination, are exempt from license registration and displaying license plates as required by this chapter:
(a) A converter gear used to convert a semitrailer into a trailer or a two-axle truck or tractor into a three or more axle truck or tractor or used in any other manner to increase the number of axles of a vehicle. Converter gear includes an auxiliary axle, booster axle, dolly, and jeep axle.

(b) A tow dolly that is used for towing a motor vehicle behind another motor vehicle. The front or rear wheels of the towed vehicle are secured to and rest on the tow dolly that is attached to the towing vehicle by a tow bar.

Sec. 5. RCW 47.68.240 and 1993 c 238 s 3 are each amended to read as follows:

Any person violating any of the provisions of this chapter, or any of the rules, regulations, or orders issued pursuant thereto, shall be guilty of a misdemeanor and shall be punished as provided under chapter 9A.20 RCW, except that any person violating any of the provisions of RCW 47.68.220(1), or 47.68.230(1), or 47.68.255 shall be guilty of a gross misdemeanor which shall be punished as provided under chapter 9A.20 RCW. In addition to, or in lieu of, the penalties provided in this section, or as a condition to the suspension of a sentence which may be imposed pursuant thereto, for violations of RCW 47.68.220 and 47.68.230, the court in its discretion may prohibit the violator from operating an aircraft within the state for such period as it may determine but not to exceed one year. Violation of the duly imposed prohibition of the court may be treated as a separate offense under this section or as a contempt of court.

Sec. 6. RCW 47.68.255 and 1996 c 184 s 3 are each amended to read as follows:

(1) A person who is required to register an aircraft under this chapter and who registers an aircraft in another state or foreign country (referred to as “avoiding the Washington aircraft”) taxes, commits a violation of this section and is liable for those unpaid taxes and for a monetary penalty not less than one thousand dollars but not more than ten thousand dollars for each violation. For a second or subsequent offense, the person convicted is also subject to a fine equal to four times the amount of unpaid taxes and fees, no part of which may be suspended or deferred. Excise taxes owed and fines assessed shall be deposited in the manner provided under RCW 46.16.010(2).

(2) The penalty provided in this section is due and payable when the person incurring it receives the notice of violation and advising the person that the penalty is due. The state patrol may, upon written application for review, received within fifteen days, remit or mitigate a penalty provided for in this section or discontinue an action to recover the penalty upon such terms it deems proper and may ascertain the facts in a manner and under rules it deems proper. If the amount of the penalty is not paid to the state patrol within fifteen days after receipt of the notice imposing the penalty, or application for remission or mitigation has not been made within fifteen days after the violation, the attorney general shall bring an action in the name of the state of Washington in the superior court of Thurston county or of any other county in which the violator resides or does business, to recover the penalty, administrative fees, and attorneys’ fees. All penalties recovered under this section shall be paid into the state treasury and credited to the state patrol highway account for the license fraud task force. The department of revenue may assess and collect the unpaid excise tax under chapter 82.32 RCW, including the penalties and interest provided in chapter 82.32 RCW.

Sec. 7. RCW 82.48.020 and 1993 c 238 s 5 are each amended to read as follows:

(1) An annual excise tax is hereby imposed for the privilege of using any aircraft in the state. A current certificate of airworthiness with a current inspection date from the appropriate federal agency and/or the purchase of aviation fuel shall constitute the necessary evidence of aircraft use or intended use. The tax shall be collected annually or under a staggered collection schedule as required by the secretary by rule. No additional tax shall be imposed under this chapter upon any aircraft upon the transfer of ownership thereof, if the tax imposed by this chapter with respect to such aircraft has already been paid for the year in which transfer of ownership occurs. A violation of this subsection is a misdemeanor punishable as provided under chapter 9A.20 RCW.

(2)(a) Persons who are required to register aircraft under chapter 47.68 RCW and who register aircraft in another state or foreign country and avoid the Washington aircraft taxes, violate this section and are liable for a monetary penalty of not less than one thousand dollars but not more than ten thousand dollars for each violation. (A violation of this subsection is a gross misdemeanor.)

(b) The penalty provided in this section is due and payable when the person incurring it receives a notice in writing from the state patrol. The penalty may be treated as a separate offense under this section or as a contempt of court.

In all such actions, the procedure and rules of evidence are the same as an ordinary civil

(1)(a) It is a ((gross misdemeanor punishable as provided under chapter 9A.20 RCW)) violation for any person owning a vessel subject to taxation under chapter 82.49 RCW to register a vessel in another state to avoid the Washington state vessel ((excise tax)) taxes required under chapter 82.49 RCW or to obtain a vessel dealer's registration for the purpose of ((avoiding excise tax)) avoiding taxes on vessels under chapter 82.49 RCW. ((For a second or subsequent offense, the person convicted is guilty of a gross misdemeanor and is liable for those taxes and a monetary penalty not less than one thousand dollars but not more than ten thousand dollars for each violation.))
Section 11. RCW 82.32.090 and 1996 c 149 s 15 are each amended to read as follows:

(1) If payment of any tax due on a return to be filed by a taxpayer is not received by the department of revenue by the due date, there shall be assessed a penalty of five percent of the amount of the tax; and if the tax is not received on or before the last day of the month following the due date, there shall be assessed a total penalty of ten percent of the amount of the tax; and if the tax is not received on or before the last day of the second month following the due date, there shall be assessed a total penalty of twenty percent of the amount of the tax. No penalty so added shall be less than five dollars.

(2) If payment of any tax assessed by the department of revenue is not received by the department by the due date specified in the notice, or any extension thereof, the department shall add a penalty of ten percent of the amount of the additional tax found due. No penalty so added shall be less than five dollars.

(3) If a warrant is issued by the department of revenue for the collection of taxes, increases, and penalties, there shall be added thereto a penalty of five percent of the amount of the tax, but not less than ten dollars.

(4) If the department finds that all or any part of a deficiency resulted from the disregard of specific written instructions as to reporting or tax liabilities, the department shall add a penalty of ten percent of the amount of the additional tax found due because of the failure to follow the instructions. A taxpayer disregards specific written instructions when the department of revenue has informed the taxpayer in writing of the taxpayer's tax obligations and the taxpayer fails to act in accordance with those instructions unless the department has not issued final instructions because the matter is under appeal pursuant to this chapter or departmental regulations. The department shall not assess the penalty under this section upon any taxpayer who has made a good faith effort to comply with the specific written instructions provided by the department to that taxpayer. Specific written instructions may be given as a part of a tax assessment, audit, determination, or closing agreement, provided that such specific written instructions shall apply only to the taxpayer addressed or referenced on such documents. Any specific written instructions by the department of revenue shall be clearly identified as such and shall inform the taxpayer that failure to follow the instructions may subject the taxpayer to the penalties imposed by this subsection.

(5)(a) If the department finds that all or any part of the deficiency resulted from an intent to evade the tax payable hereunder, a further penalty of fifty percent of the additional tax found to be due shall be added.

(b) There is a rebuttable presumption of a tax deficiency and intent to evade the tax under the motor vehicle excise tax under chapter 82.44 RCW, the aircraft excise tax under chapter 82.48 RCW, the watercraft excise tax under chapter 82.49 RCW, the trailers and campers excise tax under chapter 82.50 RCW, or use tax under chapter 82.12 RCW, if there is a finding resulting from a proceeding brought under RCW 46.16.010, 47.68.255, 82.48.020, 82.49.010, or 88.02.118, that the person failed to properly register or license a motor vehicle, an aircraft, a watercraft, a trailer, or a camper.

(6) The aggregate of penalties imposed under subsections (1), (2), and (3) of this section shall not exceed thirty-five percent of the tax due, or twenty dollars, whichever is greater. This subsection does not prohibit or restrict the application of other penalties authorized by law.

(7) The department of revenue may not impose both the evasion penalty and the penalty for disregarding specific written instructions on the same tax found to be due.

(8) For the purposes of this section, "return" means any document a person is required by the state of Washington to file to satisfy or establish a tax or fee obligation that is administered or collected by the department of revenue, and that has a statutorily defined due date."

Correct the title, and the same are herewith transmitted.

MR. PRESIDENT:

The House refuses to concur in the Senate amendment(s) to SECOND SUBSTITUTE HOUSE BILL NO. 1140 and asks the Senate to recede therefrom, and the same are herewith transmitted.

MOTION

On motion of Senator Kohl-Welles, the Senate receded from the Committee on Higher Education striking amendment, which was adopted, as amended, April 8, 1999.

MOTIONS

On motion of Senator Kohl-Welles, the rules were suspended, Second Substitute House Bill No. 1140 was returned to second reading and read the second time.

Senator Kohl-Welles moved that the following striking amendment by Senators Kohl-Welles and Sheahan be adopted:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. A new section is added to chapter 28B.10 RCW to read as follows:

(1) The legislature finds that the higher education coordinating board, in consultation with the higher education community, has completed a review of the state need grant program. It is the intent of the legislature to endorse the board's proposed changes to the state need grant program, including:

(a) Reaffirmation that the primary purpose of the state need grant program is to assist low-income, needy, and disadvantaged Washington residents attending institutions of higher education;

(b) A goal that the base state need grant amount over time be increased to be equivalent to the rate of tuition charged to resident undergraduate students attending Washington state public colleges and universities;

(c) State need grant recipients be required to contribute a portion of the total cost of their education through self-help;

(d) State need grant recipients be required to document their need for dependent care assistance after taking into account other public funds provided for like purposes; and

(e) Institutional aid administrators be allowed to determine whether a student eligible for a state need grant in a given academic year may remain eligible for the ensuing year if the student's family income increases by no more than a marginal amount.

(2) The legislature further finds that the higher education coordinating board, under its authority to implement the proposed changes in subsection (1) of this section, should do so in a timely manner.

(3) The legislature also finds that:

(a) In most circumstances, need grant eligibility should not extend beyond five years or one hundred twenty-five percent of the published length of the program in which the student is enrolled or the credit or clock-hour equivalent; and

(b) State financial aid programs should continue to adhere to the principle that funding follows resident students to their choice of institution of higher education.

Sec. 2. RCW 28B.10.800 and 1993 sp.s.c 18 s 2 are each amended to read as follows:

The (isolated) purposes of RCW 28B.10.800 through 28B.10.824 ((is)) are to establish ((a)) the principles upon which the state financial aid programs will be based and to establish the state of Washington ((student financial aid)) state need grant program, thus assisting financially needy or disadvantaged students domiciled in Washington to obtain the opportunity of attending an accredited institution of higher education, as defined in RCW 28B.10.802(1). ((Financial aid)) State need grants
under RCW 28B.10.800 through 28B.10.824 are available only to students who are resident students as defined in RCW 28B.15.012(2) (a) through (d).

Sec. 3. RCW 28B.10.804 and 1995 c 269 s 801 are each amended to read as follows:

The ((commission)) board shall be cognizant of the following guidelines in the performance of its duties:

(1) The ((commission)) board shall be research oriented, not only at its inception but continually through its existence.

(2) The ((commission)) board shall coordinate all existing programs of financial aid except those specifically dedicated to a particular institution by the donor.

(3) The ((commission)) board shall take the initiative and responsibility for coordinating all federal student financial aid programs to ((insure)) ensure that the state recognizes the maximum potential effect of these programs, and shall design ((the)) state programs (which) that complement((s)) existing federal, state, and institutional programs. The board shall ensure that state programs continue to follow the principle that state financial aid funding follows the student to the student's choice of institution of higher education.

(4) Counseling is a paramount function of the state need grant and other state student financial aid programs, and in most cases could only be properly implemented at the institutional levels; therefore, state student financial aid programs shall be concerned with the attainment of those goals which, in the judgment of the ((commission)) board, are the reasons for the existence of a student financial aid program, and not solely with administration of the program on an individual basis.

(5) The “package” approach of combining loans, grants and employment for student financial aid shall be the ((conceptual)) conceptual element of the state's involvement.

Sec. 4. RCW 28B.10.806 and 1989 c 254 s 3 are each amended to read as follows:

The ((commission)) board shall have the following powers and duties:

(1) Conduct a full analysis of student financial aid as a means of:

(a) Fulfilling educational aspirations of students of the state of Washington, and

(b) Improving the general, social, cultural, and economic character of the state.

Such an analysis will be a continuous one and will yield current information relevant to needed improvements in the state program of student financial aid. The ((commission)) board will disseminate the information yielded by their analyses to all appropriate individuals and agents.

((6)) This study should include information on the following:

(i) all programs and sources of available student financial aid,

(ii) distribution of Washington citizens by socio-economic class,

(iii) data from federal and state studies useful in identifying:

(A) demands of students for specific educational goals in colleges, and

(B) the discrepancy between high school students' preferences and the colleges they actually selected.

(2) Design a state program of student financial aid based on the data of the study referred to in this section. The state programs will supplement available federal and local aid programs. The state programs of student financial aid will not exceed the difference between the budgetary costs of attending an institution of higher education and the student's total resources, including family support, personal savings, employment, and federal, state, and local aid programs.

(3) Determine and establish criteria for financial need of the individual applicant based upon the consideration of that particular applicant. In making this determination the ((commission)) board shall consider the following:

(a) Assets and income of the student.

(b) Assets and income of the parents, or the individuals legally responsible for the care and maintenance of the student.

(c) The cost of attending the institution the student is attending or planning to attend.

(d) Any other criteria deemed relevant to the ((commission)) board.

(4) Set the amount of financial aid to be awarded to any individual needy or disadvantaged student in any school year.

(5) Award financial aid to needy or disadvantaged students for a school year based upon only that amount necessary to fill the financial gap between the budgetary cost of attending an institution of higher education and the family and student contribution.

(6) Review the need and eligibility of all applications on an annual basis and adjust financial aid to reflect changes in the financial need of the recipients and the cost of attending the institution of higher education.

Sec. 5. RCW 28B.10.808 and 1991 c 164 s 4 are each amended to read as follows:

In awarding need grants, the ((commission)) board shall proceed substantially as follows: PROVIDED, That nothing contained herein shall be construed to prevent the ((commission)) board, in the exercise of its sound discretion, from following another procedure when the best interest of the program so dictates:
The commission board shall annually select the financial aid award winners recipients from among Washington residents applying for student financial aid who have been ranked according to financial need as determined by the amount of the family contribution and other considerations brought to the commission's board's attention.

The financial need of the highest ranked students shall be met by grants depending upon the evaluation of financial need until the total allocation has been disbursed. Funds from grants which are declined, forfeited or otherwise unused shall be reawarded until dispersed.

A grant may be renewed until the course of study is completed, but not for more than an additional four academic years beyond the first year of the award. These shall not be required to be consecutive years. A student shall be eligible to receive a state need grant for up to five years, or the credit or clock hour equivalent of five years, or up to one hundred twenty-five percent of the published length of time of the student's program. A student may not start a new associate degree program as a state need grant recipient until at least five years have elapsed since earning an associate degree as a need grant recipient, except that a student may earn two associate degrees concurrently. Qualifications for renewal will include maintaining satisfactory academic progress toward completion of an eligible program as determined by the commission board. Should the recipient terminate his or her enrollment for any reason during the academic year, the unused portion of the grant shall be returned to the state educational grant fund by the institution according to the institution's own policy for issuing refunds, except as provided in RCW 28B.10.8081.

In computing financial need, the commission board shall determine a maximum student expense budget allowance, not to exceed an amount equal to the total maximum student expense budget at the public institutions plus the current average state appropriation per student for operating expense in the public institutions.

Sec. 6. RCW 28B.10.810 and 1989 c 254 s 5 are each amended to read as follows:

For a student to be eligible for a state need grant a student must:

1. Be a "needy student" or "disadvantaged student" as determined by the commission board in accordance with RCW 28B.10.802 (3) and (4).
2. Have been domiciled within the state of Washington for at least one year.
3. Be enrolled or accepted for enrollment on at least a half-time basis at an institution of higher education in Washington as defined in RCW 28B.10.802(1).
4. Have complied with all the rules and regulations adopted by the commission board for the administration of RCW 28B.10.800 through 28B.10.824.

Sec. 7. RCW 28B.10.822 and 1973 c 62 s 4 are each amended to read as follows:

The commission board shall adopt rules and regulations as may be necessary or appropriate for effecting the provisions of RCW 28B.10.800 through 28B.10.824 and section 1 of this act, and not in conflict with RCW 28B.10.800 through 28B.10.824, in accordance with the provisions of chapter 34.05 RCW, the state higher education administrative procedure act. MESSAGE FROM THE HOUSE

April 16, 1999

MR. PRESIDENT:

The House passed SUBSTITUTE SENATE BILL NO. 5399 with the following amendment(s):

On page 5, after line 2, insert the following:

"Sec. 2 RCW 46.20.308 and 1998 c 213 s 1, 1998 c 209 s 1, 1998 c 207 s 7, and 1998 c 41 s 4 are each reenacted and amended to read as follows:

(1) Any person who operates a motor vehicle within this state is deemed to have given consent, subject to the provisions of RCW 46.61.506, to a test or tests of his or her breath or blood for the purpose of determining the alcohol concentration or presence of any drug in his or her breath or blood if arrested for any offense where, at the time of the arrest, the arresting officer has reasonable grounds to believe the person had been driving or was in actual physical control of a motor vehicle while under the influence of intoxicating liquor or any drug or was in violation of RCW 46.61.503.

(2) The test or tests of breath shall be administered at the direction of a law enforcement officer having reasonable grounds to believe the person to have been driving or in actual physical control of a motor vehicle within this state while under the influence of intoxicating liquor or any drug or the person to have been driving or in actual physical control of a motor vehicle while having alcohol in a concentration in violation of RCW 46.61.503 in his or her system and being under the age of twenty-one. However, in those instances where the person is incapable due to physical injury, physical incapacity, or other physical limitation, of providing a breath sample or where the person is being treated in a hospital, clinic, doctor's office, emergency medical vehicle, ambulance, or other similar facility in which a breath testing instrument is not present or where the officer has reasonable grounds to believe that the person is under the influence of a drug, a blood test shall be administered by a qualified person as provided in RCW 46.61.506(4). The officer shall inform the person of his or her right to refuse the breath or blood test, and of his or her right to have additional tests administered by any qualified person of his or her choosing as provided in RCW 46.61.506. The officer shall warn the driver that:

(a) His or her license, permit, or privilege to drive will be revoked or denied if he or she refuses to submit to the test;

(b) His or her license, permit, or privilege to drive will be suspended, revoked, or denied if the test is administered and the test indicates the alcohol concentration of the person's breath or blood is 0.08 or more, in the case of a person age twenty-one or over, or in violation of RCW 46.61.502, 46.61.503, or 46.61.504 in the case of a person under age twenty-one; and
(c) His or her refusal to take the test may be used in a criminal trial.

(3) Except as provided in this section, the test administered shall be of the breath only. If an individual is unconscious or is under arrest for the crime of vehicular homicide as provided in RCW 46.61.520 or vehicular assault as provided in RCW 46.61.522, or if an individual is under arrest for the crime of driving while under the influence of intoxicating liquor or drugs as provided in RCW 46.61.502, which arrest results from an accident in which there has been serious bodily injury to another person, a breath or blood test may be administered without the consent of the individual so arrested.

(4) Any person who is dead, unconscious, or who is otherwise in a condition rendering him or her incapable of refusal, shall be deemed not to have withdrawn the consent provided by subsection (1) of this section and the test or tests may be administered, subject to the provisions of RCW 46.61.506, and the person shall be deemed to have received the warnings required under subsection (2) of this section.

(5) If, following his or her arrest and receipt of warnings under subsection (2) of this section, the person arrested refuses upon the request of a law enforcement officer to submit to a test or tests of his or her breath or blood, no test shall be given except as authorized under subsection (3) or (4) of this section.

(6) If, after arrest and after the other applicable conditions and requirements of this section have been satisfied, a test or tests of the person's blood or breath is administered and the test results indicate that the alcohol concentration of the person's breath or blood is 0.08 or more if the person is age twenty-one or over, or is in violation of RCW 46.61.502, 46.61.503, or 46.61.504 if the person is under the age of twenty-one, or the person refuses to submit to a test, the arresting officer or other law enforcement officer at whose direction any test has been given, or the department, where applicable, if the arrest results in a test of the person's blood, shall:

(a) Serve notice in writing on the person on behalf of the department of its intention to suspend, revoke, or deny the person's license, permit, or privilege to drive as required by subsection (7) of this section;

(b) Serve notice in writing on the person on behalf of the department of his or her right to a hearing, specifying the steps he or she must take to obtain a hearing as provided by subsection (8) of this section;

(c) Mark the person's Washington state driver's license or permit to drive, if any, in a manner authorized by the department;

(d) Serve notice in writing that the marked license or permit, if any, is a temporary license that is valid for sixty days from the date of arrest or from the date notice has been given in the event notice is given by the department following a blood test, or until the suspension, revocation, or denial of the person's license, permit, or privilege to drive is sustained at a hearing pursuant to subsection (8) of this section, whichever occurs first. No temporary license is valid to any greater degree than the license or permit that it replaces; and

(e) Immediately notify the department of the arrest and transmit to the department within seventy-two hours, except as delayed as the result of a blood test, a sworn report or report under a declaration authorized by RCW 9A.72.085 that states:

(i) That the officer had reasonable grounds to believe the arrested person had been driving or was in actual physical control of a motor vehicle within this state while under the influence of intoxicating liquor or drugs, or both, or was under the age of twenty-one years and had been driving or was in actual physical control of a motor vehicle while having an alcohol concentration in violation of RCW 46.61.503;

(ii) That after receipt of the warnings required by subsection (2) of this section the person refused to submit to a test of his or her blood or breath, or a test was administered and the results indicated that the alcohol concentration of the person's breath or blood was 0.08 or more if the person is age twenty-one or over, or was in violation of RCW 46.61.502, 46.61.503, or 46.61.504 if the person is under the age of twenty-one; and

(iii) Any other information that the director may require by rule.

(7) The department of licensing, upon the receipt of a sworn report or report under a declaration authorized by RCW 9A.72.085 under subsection (6)(e) of this section, shall suspend, revoke, or deny the person's license, permit, or privilege to drive or any nonresident operating privilege, as provided in RCW 46.20.3101, such suspension, revocation, or denial to be effective beginning sixty days from the date of arrest or from the date notice has been given in the event notice is given by the department following a blood test, or when sustained at a hearing pursuant to subsection (8) of this section, whichever occurs first.

(8) A person receiving notification under subsection (6)(b) of this section may, within thirty days after the notice has been given, request in writing a formal hearing before the department. The person shall pay a fee of one hundred dollars as part of the request. If the request is mailed, it must be postmarked within thirty days after receipt of the notification. Upon timely receipt of such a request for a formal hearing, including receipt of the required one hundred dollar fee, the department shall afford the person an opportunity for a hearing. The department may waive the required one hundred dollar fee if the person is an indigent as defined in RCW 10.101.010. Except as otherwise provided in this section, the hearing is subject to and shall be scheduled and conducted in accordance with RCW 46.20.329 and 46.20.332. The hearing shall be conducted in the county of the arrest, except that all or part of the hearing may, at the discretion of the department, be conducted by telephone or other electronic
means. The hearing shall be held within sixty days following the arrest or following the date notice has been given in the event notice is given by the department following a blood test, unless otherwise agreed to by the department and the person, in which case the action by the department shall be stayed, and any valid temporary license marked under subsection (6)(c) of this section extended, if the person is otherwise eligible for licensing. For the purposes of this section, the scope of the hearing shall cover the issues of whether a law enforcement officer had reasonable grounds to believe the person had been driving or was in actual physical control of a motor vehicle within this state while under the influence of intoxicating liquor or any drug or had been driving or was in actual physical control of a motor vehicle within this state while having alcohol in his or her system in a concentration in violation of RCW 46.61.503 and was under the age of twenty-one, whether the person was placed under arrest, and (a) whether the person refused to submit to the test or tests upon request of the officer after having been informed that such refusal would result in the revocation of the person's license, permit, or privilege to drive, or (b) if a test or tests were administered, whether the applicable requirements of this section were satisfied before the administration of the test or tests, whether the person submitted to the test or tests, or whether a test was administered without express consent as permitted under this section, and whether the test or tests indicated that the alcohol concentration of the person's breath or blood was 0.08 or more if the person was age twenty-one or over at the time of the arrest, or was in violation of RCW 46.61.502, 46.61.503, or 46.61.504 if the person was under the age of twenty-one at the time of the arrest. The sworn report or report under a declaration authorized by RCW 9A.72.085 submitted by a law enforcement officer is prima facie evidence that the officer had reasonable grounds to believe the person had been driving or was in actual physical control of a motor vehicle within this state while under the influence of intoxicating liquor or drugs, or both, or the person had been driving or was in actual physical control of a motor vehicle within this state while having alcohol in his or her system in a concentration in violation of RCW 46.61.503 and was under the age of twenty-one and that the officer complied with the requirements of this section.

A hearing officer shall conduct the hearing, may issue subpoenas for the attendance of witnesses and the production of documents, and shall administer oaths to witnesses. The hearing officer shall not issue a subpoena for the attendance of a witness at the request of the person unless the request is accompanied by the fee required by RCW 5.56.010 for a witness in district court. The sworn report or report under a declaration authorized by RCW 9A.72.085 of the law enforcement officer and any other evidence accompanying the report shall be admissible without further evidentiary foundation and the certifications authorized by the criminal rules for courts of limited jurisdiction shall be admissible without further evidentiary foundation. The person may be represented by counsel, may question witnesses, may present evidence, and may testify. The department shall order that the suspension, revocation, or denial either be rescinded or sustained.

(9) If the suspension, revocation, or denial is sustained after such a hearing, the person whose license, privilege, or permit is suspended, revoked, or denied has the right to file a petition in the superior court of the county of arrest to review the final order of revocation by the department in the same manner as an appeal from a decision of a court of limited jurisdiction. Notice of appeal must be filed within thirty days after the date the final order is served or the right to appeal is waived. Notwithstanding RCW 46.20.334, RALJ 1.1, or other statutes or rules referencing de novo review, the appeal shall be limited to a review of the record of the administrative hearing. The appellant must pay the costs associated with obtaining the record of the hearing before the hearing officer. The filing of the appeal does not stay the effective date of the suspension, revocation, or denial. A petition filed under this subsection must include the petitioner's grounds for requesting review. Upon granting petitioner's request for review, the court shall review the department's final order of suspension, revocation, or denial as expeditiously as possible. The review must be limited to a determination of whether the department has committed any errors of law. The superior court shall accept those factual determinations supported by substantial evidence in the record: (a) That were expressly made by the department; or (b) that may reasonably be inferred from the final order of the department. The superior court may reverse, affirm, or modify the decision of the department or remand the case back to the department for further proceedings. The decision of the superior court must be in writing and filed in the clerk's office with the other papers in the case. The court shall state the reasons for the decision. If judicial relief is sought for a stay or other temporary remedy from the department's action, the court shall not grant such relief unless the court finds that the appellant is likely to prevail in the appeal and that without a stay the appellant will suffer irreparable injury. If the court stays the suspension, revocation, or denial it may impose conditions on such stay.

(10) If a person whose driver's license, permit, or privilege to drive has been or will be suspended, revoked, or denied under subsection (7) of this section, other than as a result of a breath or blood test refusal, and who has not committed an offense within the last five years for which he or she was granted a deferred prosecution under chapter 10.05 RCW, petitions a court for a deferred prosecution on criminal charges arising out of the arrest for which action has been or will be taken under subsection (7) of this section, the court may direct the department to stay any actual or proposed suspension, revocation, or denial for at least forty-five days but not more than ninety days. If the court stays the suspension, revocation, or denial, it may impose conditions on such stay. If the person is otherwise eligible for licensing, the department shall issue a temporary license, or extend any valid temporary license marked under subsection (6) of this section, for the period of the stay. If a deferred prosecution treatment plan
is not recommended in the report made under RCW 10.05.050, or if treatment is rejected by the court, or if the person declines to accept an offered treatment plan, or if the person violates any condition imposed by the court, then the court shall immediately direct the department to cancel the stay and any temporary marked license or extension of a temporary license issued under this subsection.

A suspension, revocation, or denial imposed under this section, other than as a result of a breath or blood test refusal, shall be stayed if the person is accepted for deferred prosecution as provided in chapter 10.05 RCW for the incident upon which the suspension, revocation, or denial is based. If the deferred prosecution is terminated, the stay shall be lifted and the suspension, revocation, or denial reinstated. If the deferred prosecution is completed, the stay shall be lifted and the suspension, revocation, or denial canceled.

(11) When it has been finally determined under the procedures of this section that a nonresident's privilege to operate a motor vehicle in this state has been suspended, revoked, or denied, the department shall give information in writing of the action taken to the motor vehicle administrator of the state of the person's residence and of any state in which he or she has a license.

Renumber the sections consecutively and correct the title and any internal references accordingly., and the same are herewith transmitted.

MESSAGE FROM THE HOUSE

April 16, 1999

MR. PRESIDENT:

The House passed ENGROSSED SUBSTITUTE SENATE BILL NO. 5424 with the following amendment(s):

Strike everything after the enacting clause and insert the following:

*NEW SECTION. Sec. 1. The legislature finds that the environmental, recreational, and aesthetic values of many of the state's lakes are threatened by the invasion of nuisance and noxious aquatic weeds. Once established, these nuisance and noxious aquatic weeds can colonize the shallow shorelines and other areas of lakes with dense surface vegetation mats that degrade water quality, pose a threat to swimmers, and restrict use of lakes. Algae can generate health and safety conditions dangerous to fish, wildlife, and humans. The current environmental impact statement is causing difficulty in responding to
environmentally damaging weed and algae problems. Many commercially available herbicides have been demonstrated to be effective in controlling nuisance and noxious aquatic weeds and algae and do not pose a risk to the environment or public health. The purpose of this act is to allow the use of commercially available herbicides that have been approved by the environmental protection agency and the department of agriculture and subject to rigorous evaluation by the department of ecology through an environmental impact statement for the aquatic plant management program.

NEW SECTION. Sec. 2. A new section is added to chapter 90.48 RCW to read as follows:

(1) The department of ecology shall update the final supplemental environmental impact statement completed in 1992 for the aquatic plant management program to reflect new information on herbicides evaluated in 1992 and new, commercially available herbicides. The department shall maintain the currency of the information on herbicides and evaluate new herbicides as they become commercially available.

(2) For the 1999 treatment season, the department shall permit by May 15, 1999, municipal experimental application of herbicides such as hydrothol 191 for algae control in lakes managed under chapter 90.24 RCW. If experimental use is determined to be ineffective, then the department shall within fourteen days consult with other state, federal, and local agencies and interested parties, and may permit the use of copper sulfate. The Washington institute for public policy shall contract for a study on the lake-wide effectiveness of any herbicide used under this subsection. Prior to issuing the contract for the study, the institute for public policy shall determine the parameters of the study in consultation with licensed applicators who have recent experience treating the lake and with the nonprofit corporation that participated in centennial clean water fund phase one lake management studies for the lake. The parameters must include measurement of the lake-wide effectiveness of the application of the herbicide in maintaining beneficial uses of the lake, including any uses designated under state or federal water quality standards. The effectiveness of the application shall be determined by objective criteria such as turbidity of the water, the effectiveness in killing algae, any harm to fish or wildlife, any risk to human health, or other criteria developed by the institute. The results of the study shall be reported to the appropriate legislative committees by December 1, 1999. A general fund appropriation in the amount of $35,000 is provided to the Washington institute for public policy for fiscal year 1999 for the study required under this subsection.

NEW SECTION. Sec. 3. A new section is added to chapter 90.48 RCW to read as follows:

(1) Subject to restrictions in this section, a government entity seeking to control a limited infestation of Eurasian water milfoil may use the pesticide 2,4-D to treat the milfoil infestation, without obtaining a permit under RCW 90.48.445, if the milfoil infestation is either recently documented or remaining after the application of other control measures, and is limited to twenty percent or less of the littoral zone of the lake. Any pesticide application made under this section must be made according to all label requirements for the product and must meet the public notice requirements of subsection (2) of this section.

(2) Before applying 2,4-D, the government entity shall: (a) Provide at least twenty-one days' notice to the department of ecology, the department of fish and wildlife, the department of agriculture, the department of health, and all lake residents; (b) post notices of the intent to apply 2,4-D at all public access points; and (c) place informational buoys around the treatment area.

(3) The department of fish and wildlife may impose timing restrictions on the use of 2,4-D to protect salmon and other fish and wildlife.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. A new section is added to chapter 70.114A RCW to read as follows:
The department and the department of labor and industries shall adopt joint rules for the licensing, operation, and inspection of temporary worker housing, and the enforcement thereof. These rules shall establish standards that are as effective as the standards developed under the Washington industrial safety and health act, chapter 49.17 RCW.

NEW SECTION. Sec. 2. A new section is added to chapter 49.17 RCW to read as follows:
The department and the department of health shall adopt joint rules for the licensing, operation, and inspection of temporary worker housing, and the enforcement thereof. For the purposes of this section "temporary worker housing" has the same meaning as given in RCW 70.114A.020.

NEW SECTION. Sec. 3. A new section is added to chapter 70.114A RCW to read as follows:
By December 1, 1999, the department and the department of labor and industries shall jointly establish a formal agreement that identifies the roles of each of the two agencies with respect to the enforcement of temporary worker housing operation standards."

NEW SECTION, Sec. 4. A new section is added to chapter 49.17 RCW to read as follows:
By December 1, 1999, the department and the department of health shall jointly establish a formal agreement that identifies the roles of each of the two agencies with respect to the enforcement of temporary worker housing operation standards. The agreement shall, to the extent feasible, provide for inspection and enforcement actions by a single agency, and shall include measures to avoid multiple citations for the same violation.

For the purposes of this section, "temporary worker housing" has the same meaning as provided in RCW 70.114A.020.

NEW SECTION, Sec. 5. A new section is added to chapter 70.114A RCW to read as follows:
(1) The department and the department of labor and industries are directed to engage in joint rule making to establish standards for cherry harvest temporary labor camps. These standards may include some variation from standards that are necessary for longer occupancies, provided they are as effective as the standards adopted under the Washington industrial safety and health act, chapter 49.17 RCW. As used in this section "cherry harvest temporary labor camp" means a place where housing and related facilities are provided to agricultural employees by agricultural employers for no more than twenty-one days in any one calendar year. Temporary labor camps licensed under this section may be occupied for more than twenty-one days if the following conditions are met: (a) The secretary or an authorized representative and the local health jurisdiction determine that the health and safety interests of the worker occupants would be better served by extending the occupancy than closing the camp at the end of the initial twenty-one day period; and (b) the operator requests an extension at least three days prior to the expiration of the initial twenty-one day period. The extended occupancy shall not exceed seven days.

(2) Facilities licensed under rules adopted under this section may not be used to provide housing for agricultural employees who are nonimmigrant aliens admitted to the United States for agricultural labor or services of a temporary or seasonal nature under section 1101(a)(15)(H)(ii)(a) of the immigration and nationality act (8 U.S.C. Sec. 1101(a)(15)(H)(ii)(a)).

The definitions in this section apply throughout this chapter.
(1) "Agricultural employee" means any person who renders personal services to, or under the direction of, an agricultural employer in connection with the employer's agricultural activity.

(2) "Agricultural employer" means any person engaged in agricultural activity, including the growing, producing, or harvesting of farm or nursery products, or engaged in the forestation or reforestation of lands, which includes but is not limited to the planting, transplanting, tubing, precommercial thinning, and thinning of trees and seedlings, the clearing, piling, and disposal of brush and slash, the harvest of Christmas trees, and other related activities.

(3) "Department" means the department of health.

(4) "Dwelling unit" means a shelter, building, or portion of a building, that may include cooking and eating facilities, that is:

(b) Physically separated from other sleeping and common-use areas.

(5) "Enforcement" and "enforcement actions" include the authority to levy and collect fines.

(6) "Facility" means a sleeping place, drinking water, toilet, sewage disposal, food handling installation, or other installations required for compliance with this chapter.

(7) "Occupant" means a temporary worker or a person who resides with a temporary worker at the housing site.

(8) "Operator" means a person holding legal title to the land on which temporary worker housing is located. However, if the legal title and the right to possession are in different persons, "operator" means a person having the lawful control or supervision over the temporary worker housing under a lease or other arrangement.

(9) "Temporary worker" means (a person) an agricultural employee employed intermittently and not residing year-round at the same site.

(10) "Temporary worker housing" means a place, area, or piece of land where sleeping places or housing sites are provided by an agricultural employer for his or her agricultural employees or by another person, including a temporary worker housing operator, who is providing such accommodations for employees, for temporary, seasonal occupancy (and includes "labor camps" under RCW 70.54.110).

Sec. 7. RCW 70.114A.060 and 1995 c 220 s 6 are each amended to read as follows:
The secretary of the department or authorized representative may inspect housing covered by chapter 220, Laws of 1995, to enforce temporary worker housing rules adopted by the state board of health prior to the effective date of this act or the department, or when the secretary or representative has reasonable cause to believe that a violation of temporary worker housing
rules adopted by the state board of health prior to the effective date of this act or the department is occurring or is being maintained. If the buildings or premises are occupied as a residence, a reasonable effort shall be made to obtain permission from the resident. If the premises or building is unoccupied, a reasonable effort shall be made to locate the owner or other person having charge or control of the building or premises and request entry. If consent for entry is not obtained, for whatever reason, the secretary or representative shall have recourse to every remedy provided by law to secure entry.

**Sec. 8.** RCW 70.114A.081 and 1998 c 37 s 2 are each amended to read as follows:

   a. The temporary worker building code shall provide construction standards for shelter and associated facilities that are safe, secure, and capable of withstanding the stresses and loads associated with their designated use, and to which they are likely to be subjected by the elements;
   b. The temporary worker building code shall permit and facilitate designs and formats that allow for maximum affordability, consistent with the provision of decent, safe, and sanitary housing;
   c. In developing the temporary worker building code the department of health shall consider:
      i. The need for dormitory type housing for groups of unrelated individuals; and
      ii. The need for housing to accommodate families;
   d. The temporary worker building code shall incorporate the opportunity for the use of construction alternatives and the use of new technologies that meet the performance standards required by law;
   e. The temporary worker building code shall include standards for heating and insulation appropriate to the type of structure and length and season of occupancy;
   f. The temporary worker building code shall include standards for temporary worker housing that are to be used only during periods when no auxiliary heat is required; and
   g. The temporary worker building code shall provide that persons operating temporary worker housing consisting of four or fewer dwelling units or combinations of dwelling units, dormitories, or spaces that house nine or fewer occupants may elect to comply with the provisions of the temporary worker building code, and that unless the election is made, such housing is subject to the codes adopted under RCW 19.27.031.

2. In adopting the temporary worker building code, the department shall make exceptions to the codes listed in RCW 19.27.031 and chapter 19.27A RCW, in keeping with the guidelines set forth in this section. The initial temporary worker building code adopted by the department shall be substantially equivalent with the temporary worker building code developed by the state building code council as directed by section 8, chapter 220, Laws of 1995.

3. The temporary worker building code authorized and required by this section shall be enforced by the department. The department shall have the authority to allow minor variations from the temporary worker building code that do not compromise the health or safety of workers. Procedures for requesting variations and guidelines for granting such requests shall be included in the rules adopted under this section.

**NEW SECTION.** Sec. 9. A new section is added to chapter 43.70 RCW to read as follows:

The license shall be conspicuously displayed on site.

2. Licenses issued under this chapter may be suspended or revoked upon the failure or refusal of the person providing temporary worker housing to comply with the provisions of chapter 34.05 RCW. The department may refund all or part of the civil fine collected once the operator obtains a valid operating license.

3. The department may assess a civil fine in accordance with RCW 43.70.095 for failure or refusal to obtain a license prior to occupancy of temporary worker housing. The department may refund any or all of the civil fine collected once the operator obtains a valid operating license.

4. Civil fines under this section shall not exceed twice the cost of the license plus the cost of the initial on-site inspection for the first violation of this section, and shall not exceed ten times the cost of the license plus the cost of the initial on-site inspection for second and subsequent violations within any five-year period. The department may adopt rules as necessary to assure compliance with this section.

MOTION

On motion of Senator Prentice, the Senate concurred in the House amendment to Engrossed Substitute Senate Bill No. 5599.

POINT OF INQUIRY

Senator Deccio: "Senator Prentice, Section 5 of the bill authorizes the establishment of special standards for cherry harvest labor camps, due to the shortness of that harvest. There have been successful challenges to this approach in the past. What is different in this bill that will help it survive and succeed?"

Senator Prentice: "Thank you, Senator Deccio. This will be the first time that the authority for this program has been provided in statute. That was a problem in an earlier lawsuit. In addition, we have a commitment from the Governor's Office and the Departments of Health and Labor and Industries to defend this program in court, if necessary, and to vigorously defend this program in negotiations with federal agencies. I have been advised by the agencies we have every reason to believe those negotiations will be successful."

MESSAGE FROM THE HOUSE

April 14, 1999

MR. PRESIDENT:

The House passed ENGROSSED SECOND SUBSTITUTE SENATE BILL NO. 5345 with the following amendment(s):

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that implementation of the credit enhancement program provided for in
this chapter can provide substantial savings to the taxpayers of the state of Washington with minimal cost or risk to the state
government. The guaranty provided by pledging the credit of the state to the payment of voter-approved school district general
obligation bonds will encourage lower interest rates, and therefore lower taxes, for such bonds than school districts alone can
command, despite the excellent credit history of such obligations. Any such guarantee does not remove the debt obligation of the
school district and is not state debt.

NEW SECTION. Sec. 2. The definitions in this section apply throughout this chapter unless the context clearly requires
otherwise.

(1) "Bond" means any voted general obligation bond issued by a school district, holding a certificate issued pursuant to
this chapter for such a bond.
(2) "Credit enhancement program" means the school district bond guaranty established by this chapter.

(3) "General obligation bond" means any bond, note, warrant, certificate of indebtedness, or other obligation of a district that constitutes an indebtedness within the meaning of any applicable constitutional or statutory debt limitations.

(4) "Paying agent" means the paying agent selected, from time to time, for a bond issue pursuant to state law.

(5) "Refunding bond" means any general obligation bond issued by a district for the purpose of refunding its outstanding general obligation bonds.

(6) "School district" or "district" means any school district existing now or later under the laws of the state.

NEW SECTION. Sec. 3. (1)(a) The full faith, credit, and taxing power of the state is pledged to guarantee full and timely payment of the principal of and interest on bonds as such payments become due. However, in the event of any acceleration of the due date of the principal by reason of mandatory redemption or acceleration resulting from default, the payments guaranteed shall be made in the amounts and at the times as payments of principal would have been due had there not been any acceleration.

(b) This guaranty does not extend to the payment of any redemption premium.

(c) Reference to this chapter by its title on the face of any bond conclusively establishes the guaranty provided to that bond under the provisions of this chapter.

(2)(a) The state pledges to and agrees with the owners of any bonds that the state will not alter, impair, or limit the rights vested by the credit enhancement program with respect to the bonds until the bonds, together with applicable interest, are fully paid and discharged. However, this chapter does not preclude an alteration, impairment, or limitation if full provision is made by law for the payment of the bonds.

(b) Each district may refer to this pledge and undertaking by the state in its bonds.

(3) Only validly issued bonds issued after the effective date of this section may be guaranteed under this chapter.

NEW SECTION. Sec. 4. (1)(a) Any district, by resolution of its board of directors, may request that the state treasurer issue a certificate evidencing the state's guaranty, under this chapter, of its bonds.

(b) After reviewing the request, if the state treasurer determines that the district is eligible under rules adopted by the state finance committee, the state treasurer shall promptly issue the certificate as to specific bonds of the district and provide it to the requesting district.

(c)(i) The district receiving the certificate and all other persons may rely on the certificate as evidencing the guaranty for bonds issued within one year from and after the date of the certificate, without making further inquiry during that year.

(ii) The certificate of eligibility is valid for one year even if the state treasurer later determines that the school district is ineligible.

(2) Any district that chooses to forego the benefits of the guaranty provided by this chapter for a particular issue of bonds may do so by not referring to this chapter on the face of its bonds.

(3) Any district that has bonds, the principal of or interest on which has been paid, in whole or in part, by the state under this chapter, may not issue any additional bonds guaranteed by this chapter until:

(a) All payment obligations of the district to the state under the credit enhancement program are satisfied; and

(b) The state treasurer and the state superintendent of public instruction each certify in writing, to be kept on file by the state treasurer and the state superintendent of public instruction, that the district is fiscally solvent.

(4) The state finance committee may establish by rule fees sufficient to cover the costs of administering this chapter.

NEW SECTION. Sec. 5. (1)(a) The county treasurer for each district with outstanding, unpaid bonds shall transfer money sufficient for each scheduled debt service payment to its paying agent on or before any principal or interest payment date for the bonds.

(b) A county treasurer who is unable to transfer a scheduled debt service payment to the paying agent on the transfer date shall immediately notify the paying agent and the state treasurer by:

(i) Telephone;

(ii) A writing sent by facsimile or electronic transmission; and

(iii) A writing sent by first class United States mail.

(2) If sufficient funds are not transferred to the paying agent as required by subsection (1) of this section, the paying agent shall immediately notify the state treasurer of that failure by:

(a) Telephone;

(b) A writing sent by facsimile or electronic transmission; and

(c) A writing sent by first class United States mail.

(3)(a) If sufficient money to pay the scheduled debt service payment have not been so transferred to the paying agent, the state treasurer shall, forthwith, transfer sufficient money to the paying agent to make the scheduled debt service payment.

(b) The payment by the state treasurer:
(i) Discharges the obligation of the issuing district to its bond owners for the payment, but does not retire any bond that has matured. The terms of that bond remain in effect until the state is repaid; and
(ii) Transfers the rights represented by the general obligation of the district from the bond owners to the state.
(c) The district shall repay to the state the money so transferred as provided in this chapter.

NEW SECTION. Sec. 6. (1) Any district that has issued bonds for which the state has made all or part of a debt service payment shall:
(a) Reimburse all money drawn by the state treasurer on its behalf;
(b) Pay interest to the state on all money paid by the state from the date that money was drawn to the date the state is repaid at a rate to be prescribed by rule by the state finance committee; and
(c) Pay all penalties required by this chapter.
(2)(a) The state treasurer shall establish the reimbursement interest rate after considering the circumstances of any prior draws by the district on the state, market interest and penalty rates, and the cost of funds or opportunity cost of investments, if any, that were required to be borrowed or liquidated by the state to make payment on the bonds.
(b) The state treasurer may, after considering the circumstances giving rise to the failure of the district to make payment on its bonds in a timely manner, impose on the district a penalty of not more than five percent of the amount paid by the state pursuant to its guaranty for each instance in which a payment by the state is made.
(3)(a)(i) If the state treasurer determines that amounts obtained under this chapter will not reimburse the state in full within one year from the state's payment of a district's scheduled debt service payment, the state treasurer may pursue any legal action, including mandamus, against the district to compel it to meet its repayment obligations to the state.
(ii) In pursuing its rights under (a)(i) of this subsection, the state shall have the same substantive and procedural rights as would a holder of the bonds of a district. If and to the extent that the state has made payments to the holders of bonds of a district under section 5 of this act and has not been reimbursed by the district, the state shall be subrogated to the rights of those bond holders.
(iii) The state treasurer may also direct the district and the appropriate county officials to restructure and revise the collection of taxes for the payment of bonds on which the state treasurer has made payments under this chapter and, to the extent permitted by law, may require that the proceeds of such taxes be applied to the district's obligations to the state if all outstanding obligations of the school district payable from such taxes are fully paid or their payment is fully provided for.
(b) The district shall pay the fees, expenses, and costs incurred by the state in recovering amounts paid under the guaranty authorized by this chapter.

NEW SECTION. Sec. 7. In order to effect the provisions of Article VIII, section 1(e) of the state Constitution, Senate Joint Resolution No. 8206, the legislature shall make provision for such amounts as may be required to make timely payments under the state school district credit enhancement program under this chapter in each and every biennial appropriations act.

NEW SECTION. Sec. 8. The state finance committee may adopt, under chapter 34.05 RCW, all rules necessary and appropriate for the implementation and administration of this chapter.

Sec. 9. RCW 39.42.060 and 1997 c 220 s 220 (Referendum Bill No. 48) are each amended to read as follows:

No bonds, notes, or other evidences of indebtedness for borrowed money shall be issued by the state which will cause the aggregate debt contracted by the state to exceed that amount for which payments of principal and interest in any fiscal year would require the state to expend more than seven percent of the arithmetic mean of its general state revenues, as defined in section 1(c) of Article VIII of the Washington state Constitution for the three immediately preceding fiscal years as certified by the treasurer in accordance with RCW 39.42.070. It shall be the duty of the state finance committee to compute annually the amount required to pay principal of and interest on outstanding debt. In making such computation, the state finance committee shall include all borrowed money represented by bonds, notes, or other evidences of indebtedness which are secured by the full faith and credit of the state or are required to be paid, directly or indirectly, from general state revenues and which are incurred by the state, any department, authority, public corporation or quasi public corporation of the state, any state university or college, or any other public agency created by the state but not by counties, cities, towns, school districts, or other municipal corporations, and shall include debt incurred pursuant to section 3 of Article VIII of the Washington state Constitution, but shall exclude the following:

1. Obligations for the payment of current expenses of state government;
2. Indebtedness incurred pursuant to RCW 39.42.080 or 39.42.090;
3. Principal of and interest on bond anticipation notes;
4. Any indebtedness which has been refunded;
5. Financing contracts entered into under chapter 39.94 RCW;
6. Indebtedness authorized or incurred before July 1, 1993, pursuant to statute which requires that the state treasury be reimbursed, in the amount of the principal of and the interest on such indebtedness, from money other than general state revenues or from the special excise tax imposed pursuant to chapter 67.40 RCW;
(7) Indebtedness authorized and incurred after July 1, 1993, pursuant to statute that requires that the state treasury be reimbursed, in the amount of the principal of and the interest on such indebtedness, from (a) moneys outside the state treasury, except higher education operating fees, (b) higher education building fees, (c) indirect costs recovered from federal grants and contracts, and (d) fees and charges associated with hospitals operated or managed by institutions of higher education;

(8) Any agreement, promissory note, or other instrument entered into by the state finance committee under RCW 39.42.030 in connection with its acquisition of bond insurance, letters of credit, or other credit support instruments for the purpose of guaranteeing the payment or enhancing the marketability, or both, of any state bonds, notes, or other evidence of indebtedness; 

(9) Indebtedness incurred for the purposes identified in RCW 43.99N.020; and

(10) Indebtedness incurred for the purposes of the school district bond guaranty established by chapter 39.-- RCW (sections 1 through 8 of this act).

To the extent necessary because of the constitutional or statutory debt limitation, priorities with respect to the issuance or guaranteeing of bonds, notes, or other evidences of indebtedness by the state shall be determined by the state finance committee.

NEW SECTION. Sec. 10. This act takes effect January 1, 2000, if the proposed amendment to Article VIII, section 1 of the state Constitution, guaranteeing the general obligation debt of school districts, is validly submitted to and is approved and ratified by the voters at the next general election. If the proposed amendment is not approved and ratified, this act is void in its entirety.

NEW SECTION. Sec. 11. Sections 1 through 8 of this act constitute a new chapter in Title 39 RCW."

Correct the title., and the same are herewith transmitted.

MOTION

Senator Bauer moved that the Senate concur in the House amendment to Engrossed Second Substitute Senate Bill No. 5345.

POINT OF INQUIRY

Senator Hochstatter: "Senator Bauer, on the House amendment, it says that the debt guaranteed would not be state debt. My understanding is that the state is acting as a cosigner to school districts. How can we, then, by saying such a thing actually make it happen? Can you help me there?"

Senator Bauer: "The state's full faith and credit is pledged against it, acting as, you might say, a cosigner. It is still the debt of the school district. The only reason that we are cosigning, so to speak, or pledging the full faith and credit of the state is to get the lower bond ratings and thereby not having to buy--the district buying insurance--and save a lot of money for the school districts. It is just that the debt is still the school district debt, but for the purpose of getting the low bond rates, we are pledging the full faith credit of the state."

Senator Hochstatter: "Thank you, Senator Bauer."

Further debate ensued.

The President declared the question before the Senate to be the motion by Senator Bauer that the Senate concur in the House amendment to Engrossed Second Substitute Senate Bill No. 5345.

The motion by Senator Bauer carried and the Senate concurred in the House amendment to Engrossed Second Substitute Senate Bill No. 5345.

The President declared the question before the Senate to be the roll call on the final passage of Engrossed Second Substitute Senate Bill No. 5345, as amended by the House.

ROLL CALL

MESSAGE FROM THE HOUSE

MR. PRESIDENT:
The House passed SENATE JOINT RESOLUTION NO. 8206 with the following amendment(s):
On page 1, after line 2, strike all material through page 4, line 17, and insert the following:

"THAT, At the next general election to be held in this state the secretary of state shall submit to the qualified voters of the state for their approval and ratification, or rejection, an amendment to Article VIII, section 1 of the Constitution of the state of Washington to read as follows:

Article VIII, section 1. (a) The state may contract debt, the principal of which shall be paid and discharged within thirty years from the time of contracting thereof, in the manner set forth herein.
(b) The aggregate debt contracted by the state shall not exceed that amount for which payments of principal and interest in any fiscal year would require the state to expend more than nine percent of the arithmetic mean of its general state revenues for the three immediately preceding fiscal years as certified by the treasurer. The term "fiscal year" means that period of time commencing July 1 of any year and ending on June 30 of the following year.
(c) The term "general state revenues" when used in this section, shall include all state money received in the treasury from each and every source whatsoever except: (1) Fees and revenues derived from the ownership or operation of any undertaking, facility, or project; (2) Moneys received as gifts, grants, donations, aid, or assistance or otherwise from the United States or any department, bureau, or corporation thereof, or any person, firm, or corporation, public or private, when the terms and conditions of such gift, grant, donation, aid, or assistance require the application and disbursement of such moneys otherwise than for the general purposes of the state of Washington; (3) Moneys to be paid into and received from retirement system funds, and performance bonds and deposits; (4) Moneys to be paid into and received from trust funds including but not limited to moneys received from taxes levied for specific purposes and the several permanent and irreducible funds of the state and the moneys derived therefrom but excluding bond redemption funds; (5) Proceeds received from the sale of bonds or other evidences of indebtedness.
(d) In computing the amount required for payment of principal and interest on outstanding debt under this section, debt shall be construed to mean borrowed money represented by bonds, notes, or other evidences of indebtedness which are secured by the full faith and credit of the state or are required to be repaid, directly or indirectly, from general state revenues and which are incurred by the state, any department, authority, public corporation, or quasi public corporation of the state, any state university or college, or any other public agency created by the state but not by counties, cities, towns, school districts, or other municipal corporations, but shall not include obligations for the payment of current expenses of state government, nor shall it include debt hereafter incurred pursuant to section 3 of this article, obligations guaranteed as provided for in subsection (e) of this section, principal of bond anticipation notes or obligations issued to fund or refund the indebtedness of the school district and is not state debt.
(e) The state may pledge the full faith, credit, and taxing power of the state to guarantee the voter approved general obligation debt of school districts in the manner authorized by the legislature. Any such guarantee does not remove the debt obligation of the school district and is not state debt.
(f) The state may, without limitation, fund or refund, at or prior to maturity, the whole or any part of any existing debt or of any debt hereafter contracted pursuant to section 1, section 2, or section 3 of this article, including any premium payable with respect thereto and interest thereon, or fund or refund, at or prior to maturity, the whole or any part of any indebtedness incurred or authorized prior to the effective date of this amendment by any entity of the type described in subsection (e) of this
section, including any premium payable with respect thereto and any interest thereon. Such funding or refunding shall not be deemed to be contracting debt by the state.

Sec. 6. RCW 9.94A.440 and 1996 c 93 s 2 are each amended to read as follows:

(1) Decision not to prosecute.

STANDARD: A prosecuting attorney may decline to prosecute, even though technically sufficient evidence to prosecute
exists, in situations where prosecution would serve no public purpose, would defeat the underlying purpose of the law in question or
would result in decreased respect for the law.

GUIDELINE/COMMENTARY:
Examples
The following are examples of reasons not to prosecute which could satisfy the standard.
(a) Contrary to Legislative Intent - It may be proper to decline to charge where the application of criminal sanctions would
be clearly contrary to the intent of the legislature in enacting the particular statute.
(b) Antiquated Statute - It may be proper to decline to charge where the statute in question is antiquated in that:
(i) It has not been enforced for many years; and
(ii) Most members of society act as if it were no longer in existence; and
(iii) It serves no deterrent or protective purpose in today's society; and
(iv) The statute has not been recently reconsidered by the legislature.
This reason is not to be construed as the basis for declining cases because the law in question is unpopular or because it
is difficult to enforce.
(c) De Minimus Violation - It may be proper to decline to charge where the violation of law is only technical or insubstantial
and where no public interest or deterrent purpose would be served by prosecution.
(d) Confinement on Other Charges - It may be proper to decline to charge because the accused has been sentenced on
another charge to a lengthy period of confinement; and
(i) Conviction of the new offense would not merit any additional direct or collateral punishment;
(ii) The new offense is either a misdemeanor or a felony which is not particularly aggravated; and
(iii) Conviction of the new offense would not serve any significant deterrent purpose.
(e) Pending Conviction on Another Charge - It may be proper to decline to charge because the accused is facing a
pending prosecution in the same or another county; and
(i) Conviction of the new offense would not merit any additional direct or collateral punishment;
(ii) Conviction in the pending prosecution is imminent;
The new offense is either a misdemeanor or a felony which is not particularly aggravated; and
Conviction of the new offense would not serve any significant deterrent purpose.

(f) High Disproportionate Cost of Prosecution - It may be proper to decline to charge where the cost of locating or
transporting, or the burden on, prosecution witnesses is highly disproportionate to the importance of prosecuting the offense in
question. This reason should be limited to minor cases and should not be relied upon in serious cases.

(g) Improper Motives of Complainant - It may be proper to decline charges because the motives of the complainant are
improper and prosecution would serve no public purpose, would defeat the underlying purpose of the law in question or would result
in decreased respect for the law.

(h) Immunity - It may be proper to decline to charge where immunity is to be given to an accused in order to prosecute
another where the accused's information or testimony will reasonably lead to the conviction of others who are responsible for more
serious criminal conduct or who represent a greater danger to the public interest.

(i) Victim Request - It may be proper to decline to charge because the victim requests that no criminal charges be filed
and the case involves the following crimes or situations:

(i) Assault cases where the victim has suffered little or no injury;
(ii) Crimes against property, not involving violence, where no major loss was suffered;
(iii) Where doing so would not jeopardize the safety of society.

Care should be taken to insure that the victim's request is freely made and is not the product of threats or pressure by the
accused.

The presence of these factors may also justify the decision to dismiss a prosecution which has been commenced.

Notification
The prosecutor is encouraged to notify the victim, when practical, and the law enforcement personnel, of the decision not
to prosecute.

(2) Decision to prosecute.
STANDARD:
Crimes against persons will be filed if sufficient admissible evidence exists, which, when considered with the most
plausible, reasonably foreseeable defense that could be raised under the evidence, would justify conviction by a reasonable and
objective fact-finder. With regard to offenses prohibited by RCW 9A.44.040, 9A.44.050, 9A.44.073, 9A.44.076, 9A.44.079,
9A.44.083, 9A.44.086, 9A.44.089, and 9A.64.020 the prosecutor should avoid prefiling agreements or diversions intended to place
the accused in a program of treatment or counseling, so that treatment, if determined to be beneficial, can be provided pursuant to
RCW 9.94A.120(8).

Crimes against property/other crimes will be filed if the admissible evidence is of such convincing force as to make it
probable that a reasonable and objective fact-finder would convict after hearing all the admissible evidence and the most plausible
defense that could be raised.

See table below for the crimes within these categories.

ALL OTHER UNCLASSIFIED FELONIES
Selection of Charges/Degree of Charge
(1) The prosecutor should file charges which adequately describe the nature of defendant’s conduct. Other offenses may be charged only if they are necessary to ensure that the charges:
   (a) Will significantly enhance the strength of the state’s case at trial; or
   (b) Will result in restitution to all victims.
(2) The prosecutor should not overcharge to obtain a guilty plea. Overcharging includes:
   (a) Charging a higher degree;
   (b) Charging additional counts.
   This standard is intended to direct prosecutors to charge those crimes which demonstrate the nature and seriousness of a defendant’s criminal conduct, but to decline to charge crimes which are not necessary to such an indication. Crimes which do not merge as a matter of law, but which arise from the same course of conduct, do not all have to be charged.

GUIDELINES/COMMENTARY:
Police Investigation
A prosecuting attorney is dependent upon law enforcement agencies to conduct the necessary factual investigation which must precede the decision to prosecute. The prosecuting attorney shall ensure that a thorough factual investigation has been conducted before a decision to prosecute is made. In ordinary circumstances the investigation should include the following:
   (1) The interviewing of all material witnesses, together with the obtaining of written statements whenever possible;
   (2) The completion of necessary laboratory tests; and
   (3) The obtaining, in accordance with constitutional requirements, of the suspect’s version of the events.
If the initial investigation is incomplete, a prosecuting attorney should insist upon further investigation before a decision to prosecute is made, and specify what the investigation needs to include.

Exceptions
In certain situations, a prosecuting attorney may authorize filing of a criminal complaint before the investigation is complete if:
   (1) Probable cause exists to believe the suspect is guilty; and
   (2) The suspect presents a danger to the community or is likely to flee if not apprehended; or
   (3) The arrest of the suspect is necessary to complete the investigation of the crime.
In the event that the exception to the standard is applied, the prosecuting attorney shall obtain a commitment from the law enforcement agency involved to complete the investigation in a timely manner. If the subsequent investigation does not produce sufficient evidence to meet the normal charging standard, the complaint should be dismissed.

Investigation Techniques
The prosecutor should be fully advised of the investigatory techniques that were used in the case investigation including:
   (1) Polygraph testing;
   (2) Hypnosis;
   (3) Electronic surveillance;
   (4) Use of informants.

Pre-Filing Discussions with Defendant
Discussions with the defendant or his/her representative regarding the selection or disposition of charges may occur prior to the filing of charges, and potential agreements can be reached.

Pre-Filing Discussions with Victims
Discussions with the victim(s) or victims’ representatives regarding the selection or disposition of charges may occur before the filing of charges. The discussions may be considered by the prosecutor in charging and disposition decisions, and should be considered before reaching any agreement with the defendant regarding these decisions.

MOTIONS

On motion of Senator Jacobsen, the Senate receded from its amendment(s) to Second Substitute House Bill No. 1681.

On motion of Senator Jacobsen, the rules were suspended, Second Substitute House Bill No. 1681, was returned to second reading and read the second time.

MOTION

On motion of Senator Jacobsen, the following striking amendment by Senator Swecker was adopted:

Strike everything after the enacting clause and insert the following:

“NEW SECTION, Sec. 1. The legislature finds that it is beneficial to improve opportunities for trout fishing in order to satisfy the public's demand for recreational fishing during a time of declining opportunities to catch anadromous salmon and steelhead trout.

Fish farmers can produce trout in a triploid genetic configuration for the purpose of certifying that the fish are sterile and that they cannot interbreed with wild trout. These fish are ideally suited to planting into public lakes and ponds to provide immediate recreational fishing at a reasonable cost. The fish continue to grow throughout their life cycle and have the potential to grow to trophy size.

Planting of these catchable trout can provide increased angler participation, increased fishing license sales, increased tourism activities, and a boost to local economies.

The department of fish and wildlife is authorized to purchase these privately produced fish to supplement existing department trout hatchery production. The planting of these catchable trout in water bodies with water quality sufficient to support fish life must not have an adverse impact on the wild trout population.

NEW SECTION, Sec. 2. The fish and wildlife commission in consultation with the department is authorized to determine which waters of the state are appropriate for this use during the 1999 and 2000 calendar years. In making this determination, the commission shall seek geographic distribution to assure opportunity to fishers state-wide.

The commission in consultation with the department will determine the maximum number of fish that may be planted into state waters so as not to compete with the wild populations of fish species in the water body.

NEW SECTION, Sec. 3. The fish and wildlife commission may authorize purchase of privately produced fish for the purposes of sections 1 and 2 of this act only if the cost of the program will be recovered by the estimated increase in revenue from license sales and federal funds directly attributable to the planting of these privately purchased fish.

NEW SECTION, Sec. 4. The department of fish and wildlife shall report to the appropriate legislative committees by February 1, 2001, regarding the implementation of this act. The report shall include information regarding the location and number
of fish planted, the size of the fish planted, and information relating to the cost-effectiveness of the catchable trout program, including an estimate of new license revenues generated by the programs.

NEW SECTION. Sec. 5. Sections 1 through 3 of this act are each added to Title 77 RCW.
NEW SECTION. Sec. 6. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately.”

MESSAGE FROM THE HOUSE

April 16, 1999

MR. PRESIDENT:

The House has passed ENGROSSED SECOND SUBSTITUTE SENATE BILL NO. 5421 with the following amendment(s):

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 9.94A.010 and 1981 c 137 s 1 are each amended to read as follows:

The purpose of this chapter is to make the criminal justice system accountable to the public by developing a system for the sentencing of felony offenders which structures, but does not eliminate, discretionary decisions affecting sentences, and to (add a new chapter to Title 9 RCW designed to):

(1) Ensure that the punishment for a criminal offense is proportionate to the seriousness of the offense and the offender's criminal history;
(2) Promote respect for the law by providing punishment which is just;
(3) Be commensurate with the punishment imposed on others committing similar offenses;
(4) Protect the public;
(5) Offer the offender an opportunity to improve him or herself; (add)
(6) Make frugal use of the state's and local governments' resources; and
(7) Reduce the risk of reoffending by offenders in the community.

Sec. 2. RCW 9.94A.030 and 1998 c 290 s 3 are each amended to read as follows:

Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Collect," or any derivative thereof, "collect and remit," or "collect and deliver," when used with reference to the department of corrections, means that the department, either directly or through a collection agreement authorized by RCW 9.94A.145, is responsible for monitoring and enforcing the offender's sentence with regard to the legal financial obligation, receiving payment thereof from the offender, and, consistent with current law, delivering daily the entire payment to the superior court clerk without depositing it in a departmental account.

(2) "Commission" means the sentencing guidelines commission.

(3) "Community corrections officer" means an employee of the department who is responsible for carrying out specific duties in supervision of sentenced offenders and monitoring of sentence conditions.

(4) "Community custody" means that portion of an (inmate's) offender's sentence of confinement in lieu of earned (early) release time or imposed pursuant to RCW 9.94A.120 (5), (6), (7), (8), (10), or (11), or RCW 9.94A.383, served in the community subject to controls placed on the (inmate's) offender's movement and activities by the department of corrections. For
offenders placed on community custody for crimes committed on or after July 1, 2000, the department shall assess the offender's risk of reoffense and may establish and modify conditions of community custody, in addition to those imposed by the court, based upon the risk to community safety.

(5) "Community custody range" means the minimum and maximum period of community custody included as part of a sentence under RCW 9.94A.120(11), as established by the sentencing guidelines commission or the legislature under RCW 9.94A.040, for crimes committed on or after July 1, 2000.

(6) "Community placement" means that period during which the offender is subject to the conditions of community custody and/or postrelease supervision, which begins either upon completion of the term of confinement (postrelease supervision) or at such time as the offender is transferred to community custody in lieu of earned (early) release. Community placement may consist of entirely community custody, entirely postrelease supervision, or a combination of the two.

(6)(i) (7) "Community service" means compulsory service, without compensation, performed for the benefit of the community by the offender.

(6)(ii) (8) "Community supervision" means a period of time during which a convicted offender is subject to crime-related prohibitions and other sentence conditions imposed by a court pursuant to this chapter or RCW 16.52.200(6) or 46.61.524. For first-time offenders, the supervision may include crime-related prohibitions and other conditions imposed pursuant to RCW 9.94A.120(5). For purposes of the interstate compact for out-of-state supervision of parolees and probationers, RCW 9.95.270, community supervision is the functional equivalent of probation and should be considered the same as probation by other states.

(6)(iii) (9) "Confinement" means total or partial confinement as defined in this section.

(6)(iv) (10) "Conviction" means an adjudication of guilt pursuant to Titles 10 or 13 RCW and includes a verdict of guilty, a finding of guilty, and acceptance of a plea of guilty.

(6)(v) (11) "Court-ordered legal financial obligation" means a sum of money that is ordered by a superior court of the state of Washington for legal financial obligations which may include restitution to the victim, statutorily imposed crime victims' compensation fees as assessed pursuant to RCW 7.68.035, court costs, county or interlocal drug funds, court-appointed attorneys' fees, and costs of defense, fines, and any other financial obligation that is assessed to the offender as a result of a felony conviction. Upon conviction for vehicular assault while under the influence of intoxicating liquor or any drug, RCW 46.61.522(1)(b), or vehicular homicide while under the influence of intoxicating liquor or any drug, RCW 46.61.520(1)(a), legal financial obligations may also include payment to a public agency of the expense of an emergency response to the incident resulting in the conviction, subject to the provisions in RCW 38.52.430.

(6)(vi) (12) "Crime-related prohibition" means an order of a court prohibiting conduct that directly relates to the circumstances of the crime for which the offender has been convicted, and shall not be construed to mean orders directing an offender affirmatively to participate in rehabilitative programs or to otherwise perform affirmative conduct. However, affirmative acts necessary to monitor compliance with the order of a court may be required by the department.

(6)(vii) (13) "Criminal history" means the list of a defendant's prior convictions and juvenile adjudications, whether in this state, in federal court, or elsewhere. The history shall include, where known, for each conviction (a) whether the defendant has been placed on probation and the length and terms thereof; and (b) whether the defendant has been incarcerated and the length of incarceration.

(6)(viii) (14) "Day fine" means a fine imposed by the sentencing judge that equals the difference between the offender's net daily income and the reasonable obligations that the offender has for the support of the offender and any dependents.

(6)(ix) (15) "Day reporting" means a program of enhanced supervision designed to monitor the defendant's daily activities and compliance with sentence conditions, and in which the defendant is required to report daily to a specific location designated by the department or the sentencing judge.

(6)(x) (16) "Department" means the department of corrections.

(6)(xi) (17) "Determinate sentence" means a sentence that states with exactitude the number of actual years, months, or days of total confinement, of partial confinement, of community supervision, the number of actual hours or days of community service work, or dollars or terms of a legal financial obligation. The fact that an offender through "earned (early) release" can reduce the actual period of confinement shall not affect the classification of the sentence as a determinate sentence.

(6)(xii) (18) "Disposable earnings" means that part of the earnings of an individual remaining after the deduction from those earnings of any amount required by law to be withheld. For the purposes of this definition, "earnings" means compensation paid or payable for personal services, whether denominated as wages, salary, commission, bonuses, or otherwise, and, notwithstanding any other provision of law making the payments exempt from garnishment, attachment, or other process to satisfy a court-ordered legal financial obligation, specifically includes periodic payments pursuant to pension or retirement programs, or insurance policies of any type, but does not include payments made under Title 50 RCW, except as provided in RCW 50.40.020 and 50.40.050, or Title 74 RCW.

(6)(xiii) (19) "Drug offense" means:

governor and the legislature on:

(i) Racial disproportionality in juvenile and adult sentencing;

(ii) The capacity of state and local juvenile and adult facilities and resources; and

(iii) Recidivism information on adult and juvenile offenders.

(3) Each of the commission's recommended standard sentence ranges shall include one or more of the following: Total
confinement, partial confinement, community supervision, community service, and a fine.

(4) The standard sentence ranges of total and partial confinement under this chapter are subject to the following
limitations:

(a) If the maximum term in the range is one year or less, the minimum term in the range shall be no less than one-third of
the maximum term in the range, except that if the maximum term in the range is ninety days or less, the minimum term may be less
than one-third of the maximum;

(b) If the maximum term in the range is greater than one year, the minimum term in the range shall be no less than
seventy-five percent of the maximum term in the range, except that for murder in the second degree in seriousness category XIII
under RCW 9.94A.310, the minimum term in the range shall be no less than fifty percent of the maximum term in the range; and

(c) The maximum term of confinement in a range may not exceed the statutory maximum for the crime as provided in
RCW 9A.20.021.

(5)(a) Not later than December 31, 1999, the commission shall propose to the legislature the initial community custody
ranges to be included in sentences under RCW 9.94A.120(11) for crimes committed on or after July 1, 2000. Not later than
December 31 of each year, the commission may propose modifications to the ranges. The ranges shall be based on the principles
in RCW 9.94A.010, and shall take into account the funds available to the department for community custody. The minimum term in
each range shall not be less than one-half of the maximum term.
(b) The legislature may, by enactment of a legislative bill, adopt or modify the community custody ranges proposed by the commission. If the legislature fails to adopt or modify the initial ranges in its next regular session after they are proposed, the proposed ranges shall take effect without legislative approval for crimes committed on or after July 1, 2000.

(c) When the commission proposes modifications to ranges pursuant to this subsection, the legislature may, by enactment of a bill, adopt or modify the ranges proposed by the commission for crimes committed on or after July 1 of the year after they were proposed. Unless the legislature adopts or modifies the commission’s proposal in its next regular session, the proposed ranges shall not take effect.

(6) The commission shall exercise its duties under this section in conformity with chapter 34.05 RCW.

Sec. 4. RCW 9.94A.110 and 1998 c 260 s 2 are each amended to read as follows:

Before imposing a sentence upon a defendant, the court shall conduct a sentencing hearing. The sentencing hearing shall be held within forty court days following conviction. Upon the motion of either party for good cause shown, or on its own motion, the court may extend the time period for conducting the sentencing hearing.

Except in cases where the defendant shall be sentenced to a term of total confinement for life without the possibility of release or, when authorized by RCW 10.95.030 for the crime of aggravated murder in the first degree, sentenced to death, the court may order the department to complete a risk assessment report. If available before sentencing, the report shall be provided to the court.

The court shall, at the time of plea or conviction, order the department to complete a presentence report before imposing a sentence upon a defendant who has been convicted of a felony sexual offense. The department of corrections shall give priority to presentence investigations for sexual offenders. If the court determines that the defendant may be a mentally ill person as defined in RCW 71.24.025, although the defendant has not established that at the time of the crime he or she lacked the capacity to commit the crime, was incompetent to commit the crime, or was insane at the time of the crime, the court shall order the department to complete a presentence report before imposing a sentence.

The court shall consider the risk assessment report and presentence reports, if any, including any victim impact statement and criminal history, and allow arguments from the prosecutor, the defense counsel, the offender, the victim, the survivor of the victim, or a representative of the victim or survivor, and an investigative law enforcement officer as to the sentence to be imposed.

If the court is satisfied by a preponderance of the evidence that the defendant has a criminal history, the court shall specify the convictions it has found to exist. All of this information shall be part of the record. Copies of all risk assessment reports and presentence reports presented to the sentencing court and all written findings of facts and conclusions of law as to sentencing entered by the court shall be sent to the department by the clerk of the court at the conclusion of the sentencing and shall accompany the offender if the offender is committed to the custody of the department. Court clerks shall provide, without charge, certified copies of documents relating to criminal convictions requested by prosecuting attorneys.

Sec. 5. RCW 9.94A.120 and 1998 c 260 s 3 are each amended to read as follows:

When a person is convicted of a felony, the court shall impose punishment as provided in this section.

(1) Except as authorized in subsections (2), (4), (5), (6), and (8) of this section, the court shall impose a sentence within the sentence range for the offense.

(2) The court may impose a sentence outside the standard sentence range for that offense if it finds, considering the purpose of this chapter, that there are substantial and compelling reasons justifying an exceptional sentence.

(3) Whenever a sentence outside the standard range is imposed, the court shall set forth the reasons for its decision in written findings of fact and conclusions of law. A sentence outside the standard range shall be a determinate sentence.

(4) A persistent offender shall be sentenced to a term of total confinement for life without the possibility of parole or, when authorized by RCW 10.95.030 for the crime of aggravated murder in the first degree, sentenced to death, notwithstanding the maximum sentence under any other law. An offender convicted of the crime of murder in the first degree shall be sentenced to a term of total confinement not less than twenty years. An offender convicted of the crime of assault in the first degree or assault of a child in the first degree where the offender used force or means likely to result in death or intended to kill the victim shall be sentenced to a term of total confinement not less than five years. An offender convicted of the crime of rape in the first degree shall be sentenced to a term of total confinement not less than five years. The foregoing minimum terms of total confinement are mandatory and shall not be varied or modified as provided in subsection (2) of this section. In addition, all offenders subject to the provisions of this subsection shall not be eligible for community custody, earned (leaves) release time, furlough, home detention, partial confinement, work crew, work release, or any other form of early release as defined under RCW 9.94A.150 (1), (2), (3), (5), (7), or (8), or any other form of authorized leave of absence from the correctional facility while not in the direct custody of a corrections officer or officers during such minimum terms of total confinement except in the case of an offender in need of emergency medical treatment or for the purpose of commitment to an inpatient treatment facility in the case of an offender convicted of the crime of rape in the first degree.
(5)(a) In sentencing a first-time offender the court may waive the imposition of a sentence within the sentence range and impose a sentence which may include up to ninety days of confinement in a facility operated or utilized under contract by the county and a requirement that the offender refrain from committing new offenses. The sentence may also include ((up to two years of community supervision)) a term of community supervision or community custody as specified in (b) of this subsection, which, in addition to crime-related prohibitions, may include requirements that the offender perform any one or more of the following:

((i)) (i) Devote time to a specific employment or occupation;
((ii)) (ii) Undergo available outpatient treatment for up to ((two years)) the period specified in (b) of this subsection, or inpatient treatment not to exceed the standard range of confinement for that offense;
((iii)) (iii) Pursue a prescribed, secular course of study or vocational training;
((iv)) (iv) Remain within prescribed geographical boundaries and notify ((the court or)) the community corrections officer prior to any change in the offender's address or employment;
((v)) (v) Report as directed to ((the court and)) a community corrections officer; or
((vi)) (vi) Pay all court-ordered legal financial obligations as provided in RCW 9.94A.030 and/or perform community service work.

(b) The terms and statuses applicable to sentences under (a) of this subsection are:

((i)) (i) For sentences imposed on or after the effective date of this section, for crimes committed before July 1, 2000, up to one year of community supervision. If treatment is ordered, the period of community supervision may include up to the period of treatment, but shall not exceed two years; and
((ii)) (ii) For crimes committed on or after July 1, 2000, up to one year of community custody unless treatment is ordered, in which case the period of community custody may include up to the period of treatment, but shall not exceed two years. Any term of community custody imposed under this subsection (5) is subject to conditions and sanctions as authorized in this subsection (5) and in subsection (11)(b) and (c) of this section.

(c) The department shall discharge from community supervision any offender sentenced under this subsection (5) before the effective date of this section who has served at least one year of community supervision and has completed any treatment ordered by the court.

(6)(a) An offender is eligible for the special drug offender sentencing alternative if:

((i)) (i) The offender is convicted of the manufacture, delivery, or possession with intent to manufacture or deliver a controlled substance classified in Schedule I or II that is a narcotic drug or a felony that is, under chapter 9A.28 RCW or RCW 69.50.407, a criminal attempt, criminal solicitation, or criminal conspiracy to commit such crimes, and the violation does not involve a sentence enhancement under RCW 9.94A.310 (3) or (4);
((ii)) (ii) The offender has no prior convictions for a felony in this state, another state, or the United States; and
((iii)) (iii) The offense involved only a small quantity of the particular controlled substance as determined by the judge upon consideration of such factors as the weight, purity, packaging, sale price, and street value of the controlled substance.

(b) If the midpoint of the standard range is greater than one year and the sentencing judge determines that the offender is eligible for this option and that the offender and the community will benefit from the use of the special drug offender sentencing alternative, the judge may waive imposition of a sentence within the standard range and impose a sentence that must include a period of total confinement in a state facility for one-half of the midpoint of the standard range. During incarceration in the state facility, offenders sentenced under this subsection shall undergo a comprehensive substance abuse assessment and receive, within available resources, treatment services appropriate for the offender. The treatment services shall be designed by the division of alcohol and substance abuse of the department of social and health services, in cooperation with the department of corrections. If the midpoint of the standard range is twenty-four months or less, no more than three months of the sentence may be served in a work release status. The court shall also impose one year of concurrent community custody and community supervision that must include appropriate outpatient substance abuse treatment, crime-related prohibitions including a condition not to use illegal controlled substances, and a requirement to submit to urinalysis or other testing to monitor that status. The court may require that the monitoring for controlled substances be conducted by the department or by a treatment alternatives to street crime program or a comparable court or agency-referred program. The offender may be required to pay thirty dollars per month while on community custody to offset the cost of monitoring. In addition, the court shall impose three or more of the following conditions:

((i)) (i) Devote time to a specific employment or training;
((ii)) (ii) Remain within prescribed geographical boundaries and notify the court or the community corrections officer before any change in the offender's address or employment;
((iii)) (iii) Report as directed to a community corrections officer;
((iv)) (iv) Pay all court-ordered legal financial obligations;
((v)) (v) Perform community service work;
((vi)) (vi) Stay out of areas designated by the sentencing judge.
(c) If the offender violates any of the sentence conditions in (b) of this subsection, the department shall impose sanctions administratively, with notice to the prosecuting attorney and the sentencing court. Upon motion of the court or the prosecuting attorney, a violation hearing shall be held by the court. If the court finds that conditions have been willfully violated, the court may impose confinement consisting of up to the remaining one-half of the midpoint of the standard range. All total confinement served during the period of community custody shall be credited to the offender, regardless of whether the total confinement is served as a result of the original sentence, as a result of a sanction imposed by the department, or as a result of a violation found by the court. The term of community supervision shall be tolled by any period of time served in total confinement as a result of a violation found by the court.

(d) The department shall determine the rules for calculating the value of a day fine based on the offender's income and reasonable obligations which the offender has for the support of the offender and any dependents. These rules shall be developed in consultation with the administrator for the courts, the office of financial management, and the commission.

(7) If a sentence range has not been established for the defendant's crime, the court shall impose a determinate sentence which may include not more than one year of confinement; community service work; until July 1, 2000, a term of community supervision not to exceed one year; and on and after July 1, 2000, a term of community custody not to exceed one year, subject to conditions and sanctions as authorized in subsection (11)(b) and (c) of this section; and/or other legal financial obligations. The court may impose a sentence which provides more than one year of confinement if the court finds, considering the purpose of this chapter, that there are substantial and compelling reasons justifying an exceptional sentence.

(B)(a)(i) When an offender is convicted of a sex offense other than a violation of RCW 9A.44.050 or a sex offense that is also a serious violent offense and has no prior convictions for a sex offense or any other felony sex offenses in this or any other state, the sentencing court, on its own motion or the motion of the state or the defendant, may order an examination to determine whether the defendant is amenable to treatment.

The report of the examination shall include at a minimum the following: The defendant's version of the facts and the official version of the facts, the defendant's offense history, an assessment of problems in addition to alleged deviant behaviors, the offender's social and employment situation, and other evaluation measures used. The report shall set forth the sources of the evaluator's information.

The examiner shall assess and report regarding the defendant's amenability to treatment and relative risk to the community. A proposed treatment plan shall be provided and shall include, at a minimum:

(A) Frequency and type of contact between offender and therapist;
(B) Specific issues to be addressed in the treatment and description of planned treatment modalities;
(C) Monitoring plans, including any requirements regarding living conditions, lifestyle requirements, and monitoring by family members and others;
(D) Anticipated length of treatment; and
(E) Recommended crime-related prohibitions.

The court on its own motion may order, or on a motion by the state shall order, a second examination regarding the offender's amenability to treatment. The evaluator shall be selected by the party making the motion. The defendant shall pay the cost of any second examination ordered unless the court finds the defendant to be indigent in which case the state shall pay the cost.

(ii) After receipt of the reports, the court shall consider whether the offender and the community will benefit from use of this special sex offender sentencing alternative and consider the victim's opinion whether the offender should receive a treatment disposition under this subsection. If the court determines that this special sex offender sentencing alternative is appropriate, the court shall then impose a sentence within the sentence range. If this sentence is less than eleven years of confinement, the court may suspend the execution of the sentence and impose the following conditions of suspension:

(A) The court shall place the defendant on community custody for the length of the suspended sentence or three years, whichever is greater, and require the offender to comply with any conditions imposed by the department of corrections under subsection ((44)(i) (15) of this section;
(B) The court shall order treatment for any period up to three years in duration. The court in its discretion shall order outpatient sex offender treatment or inpatient sex offender treatment, if available. A community mental health center may not be used for such treatment unless it has an appropriate program designed for sex offender treatment. The offender shall not change sex offender treatment providers or treatment conditions without first notifying the prosecutor, the community corrections officer, and the court, and shall not change providers without court approval after a hearing if the prosecutor or community corrections officer object to the change. In addition, as conditions of the suspended sentence, the court may impose other sentence conditions including up to six months of confinement, not to exceed the sentence range of confinement for that offense, crime-related prohibitions, and requirements that the offender perform any one or more of the following:

(I) Devote time to a specific employment or occupation;
(II) Remain within prescribed geographical boundaries and notify the court or the community corrections officer prior to any change in the offender’s address or employment;

(III) Report as directed to the court and a community corrections officer;

(IV) Pay all court-ordered legal financial obligations as provided in RCW 9.94A.030, perform community service work, or any combination thereof; or

(V) Make recoupment to the victim for the cost of any counseling required as a result of the offender's crime; and

(C) Sex offenders sentenced under this special sex offender sentencing alternative are not eligible to accrue any earned (early) release time while serving a suspended sentence.

(iii) The sex offender therapist shall submit quarterly reports on the defendant’s progress in treatment to the court and the parties. The report shall reference the treatment plan and include at a minimum the following: Dates of attendance, defendant's compliance with requirements, treatment activities, the defendant's relative progress in treatment, and any other material as specified by the court at sentencing.

(iv) At the time of sentencing, the court shall set a treatment termination hearing for three months prior to the anticipated date for completion of treatment. Prior to the treatment termination hearing, the treatment professional and community corrections officer shall submit written reports to the court and parties regarding the defendant's compliance with treatment and monitoring requirements, and recommendations regarding termination from treatment, including proposed community supervision conditions. Either party may request and the court may order another evaluation regarding the advisability of termination from treatment. The defendant shall pay the cost of any additional evaluation ordered unless the court finds the defendant to be indigent in which case the state shall pay the cost. At the treatment termination hearing the court may: (A) Modify conditions of community custody, and either (B) terminate treatment, or (C) extend treatment for up to the remaining period of community custody.

(v) If a violation of conditions occurs during community custody, the department shall either impose sanctions as provided for in RCW 9.94A.205(2)(a) or refer the violation to the court and recommend revocation of the suspended sentence as provided for in (a)(vi) of this subsection.

(vi) The court may revoke the suspended sentence at any time during the period of community custody and order execution of the sentence if: (A) The defendant violates the conditions of the suspended sentence, or (B) the court finds that the defendant is failing to make satisfactory progress in treatment. All confinement time served during the period of community custody shall be credited to the offender if the suspended sentence is revoked.

(vii) Except as provided in (a)(viii) of this subsection, after July 1, 1991, examinations and treatment ordered pursuant to this subsection shall only be conducted by sex offender treatment providers certified by the department of health pursuant to chapter 18.155 RCW.

(viii) A sex offender therapist who examines or treats a sex offender pursuant to this subsection (8) does not have to be certified by the department of health pursuant to chapter 18.155 RCW if the court finds that: (A) The offender has already moved to another state or plans to move to another state for reasons other than circumventing the certification requirements; (B) no certified providers are available for treatment within a reasonable geographical distance of the offender's home; and (C) the evaluation and treatment plan comply with this subsection (8) and the rules adopted by the department of health.

(ix) For purposes of this subsection (8), “victim” means any person who has sustained emotional, psychological, physical, or financial injury to person or property as a result of the crime charged. “Victim” also means a parent or guardian of a victim who is a minor child unless the parent or guardian is the perpetrator of the offense.

(x) If the defendant was less than eighteen years of age when the charge was filed, the state shall pay for the cost of initial evaluation and treatment.

(b) When an offender commits any felony sex offense on or after July 1, 1987, and is sentenced to a term of confinement of more than one year but less than six years, the sentencing court may, on its own motion or on the motion of the offender or the state, request the department of corrections to evaluate whether the offender is amenable to treatment and the department may place the offender in a treatment program within a correctional facility operated by the department.

Except for an offender who has been convicted of a violation of RCW 9A.44.040 or 9A.44.050, if the offender completes the treatment program before the expiration of his or her term of confinement, the department of corrections may request the court to convert the balance of confinement to community supervision and to place conditions on the offender including crime-related prohibitions and requirements that the offender perform any one or more of the following:

(i) Devote time to a specific employment or occupation;

(ii) Remain within prescribed geographical boundaries and notify the court or the community corrections officer prior to any change in the offender’s address or employment;

(iii) Report as directed to the court and a community corrections officer;

(iv) Undergo available outpatient treatment.
If the offender violates any of the terms of his or her community supervision, the court may order the offender to serve out the balance of his or her community supervision term in confinement in the custody of the department of corrections.

Nothing in this subsection (8)(b) shall confer eligibility for such programs for offenders convicted and sentenced for a sex offense committed prior to July 1, 1987. This subsection (8)(b) does not apply to any crime committed after July 1, 1990.

(c) Offenders convicted and sentenced for a sex offense committed prior to July 1, 1987, may, subject to available funds, request an evaluation by the department of corrections to determine whether they are amenable to treatment. If the offender is determined to be amenable to treatment, the offender may request placement in a treatment program within a correctional facility operated by the department. Placement in such treatment program is subject to available funds.

(d) Within the funds available for this purpose, the department shall develop and monitor transition and relapse prevention strategies, including risk assessment and release plans, to reduce risk to the community after sex offenders' terms of confinement in the custody of the department.

(9)(a)(i) When a court sentences a person to a term of total confinement to the custody of the department of corrections for an offense categorized as a sex offense or a serious violent offense committed after July 1, 1988, but before July 1, 1990, assault in the second degree, assault of a child in the second degree, any crime against a person where it is determined in accordance with RCW 9.94A.125 that the defendant or an accomplice was armed with a deadly weapon at the time of commission, or any felony offense under chapter 69.50 or 69.52 RCW not sentenced under subsection (6) of this section, committed on or after July 1, 1988, but before the effective date of this section, the court shall in addition to the other terms of the sentence, sentence the offender to a one-year term of total confinement to the custody of the department of corrections for an offense categorized as a sex offense or a serious violent offense committed after July 1, 1988, but before July 1, 1990, assault in the second degree, assault of a child in the second degree, any crime against a person where it is determined in accordance with RCW 9.94A.125 that the defendant or an accomplice was armed with a deadly weapon at the time of commission, or any felony offense under chapter 69.50 or 69.52 RCW not sentenced under subsection (6) of this section, committed on or after July 1, 1988, but before the effective date of this section, the court shall in addition to the other terms of the sentence, sentence the offender to a one-year term of community placement beginning either upon completion of the term of confinement or at such time as the offender is transferred to community custody in lieu of earned release in accordance with RCW 9.94A.150 (1) and (2). When the court sentences an offender under this subsection to the statutory maximum period of confinement then the community placement portion of the sentence shall consist entirely of such community custody to which the offender may become eligible, in accordance with RCW 9.94A.150 (1) and (2). Any period of community custody actually served shall be credited against the community placement portion of the sentence.

(ii) Except for persons sentenced under (b) of this subsection or subsection (10)(a) of this section, when a court sentences a person to a term of total confinement to the custody of the department of corrections for a violent offense, any crime against a person under RCW 9.94A.440(2), or any felony offense under chapter 69.50 or 69.52 RCW not sentenced under subsection (6) of this section, committed on or after the effective date of this section but before July 1, 2000, the court shall in addition to the other terms of the sentence, sentence the offender to a one-year term of community placement beginning either upon completion of the term of confinement or at such time as the offender is transferred to community custody in lieu of earned release in accordance with RCW 9.94A.150 (1) and (2). When the court sentences the offender under this subsection (9)(a)(ii) to the statutory maximum period of confinement, then the community placement portion of the sentence shall consist entirely of such community custody to which the offender may become eligible, in accordance with RCW 9.94A.150 (1) and (2). Any period of community custody actually served shall be credited against the community placement portion of the sentence.

(b) When a court sentences a person to a term of total confinement to the custody of the department of corrections for an offense categorized as a sex offense committed on or after July 1, 1990, but before June 6, 1996, or a serious violent offense, vehicular homicide, or vehicular assault, committed on or after July 1, 1990, but before July 1, 2000, the court shall in addition to other terms of the sentence, sentence the offender to community placement for two years or up to the period of earned (earn) release awarded pursuant to RCW 9.94A.150 (1) and (2), whichever is longer. The community placement shall begin either upon completion of the term of confinement or at such time as the offender is transferred to community custody in lieu of earned (earn) release in accordance with RCW 9.94A.150 (1) and (2). When the court sentences an offender under this subsection to the statutory maximum period of confinement then the community placement portion of the sentence shall consist entirely of the community custody to which the offender may become eligible, in accordance with RCW 9.94A.150 (1) and (2). Any period of community custody actually served shall be credited against the community placement portion of the sentence. Unless a condition is waived by the court, the terms of community placement for offenders sentenced pursuant to this section shall include the following conditions:

(i) The offender shall report to and be available for contact with the assigned community corrections officer as directed;
(ii) The offender shall work at department of corrections-approved education, employment, and/or community service;
(iii) The offender shall not possess or consume controlled substances except pursuant to lawfully issued prescriptions;
(iv) The offender shall pay supervision fees as determined by the department of corrections;
(v) The residence location and living arrangements are subject to the prior approval of the department of corrections during the period of community placement; and
(vi) The offender shall submit to affirmative acts necessary to monitor compliance with the orders of the court as required by the department.
(c) As a part of any sentence imposed under (a) or (b) of this subsection, the court may also order any of the following special conditions:

(i) The offender shall remain within, or outside of, a specified geographical boundary;
(ii) The offender shall not have direct or indirect contact with the victim of the crime or a specified class of individuals;
(iii) The offender shall participate in crime-related treatment or counseling services;
(iv) The offender shall not consume alcohol;
(v) The offender shall comply with any crime-related prohibitions; or
(vi) For an offender convicted of a felony sex offense against a minor victim after June 6, 1996, the offender shall comply with any conditions of community placement imposed by the department of corrections relating to contact between the sex offender and a minor victim or a child of similar age or circumstance as a previous victim.

(d) Prior to transfer to, or during, community placement, any conditions of community placement may be removed or modified so as not to be more restrictive by the sentencing court, upon recommendation of the department of corrections.

(10)(a) When a court sentences a person to the custody of the department of corrections for an offense categorized as a sex offense committed on or after June 6, 1996, but before July 1, 2000, the court shall, in addition to other terms of the sentence, sentence the offender to community custody for three years or up to the period of earned release pursuant to RCW 9.94A.150 (1) and (2), whichever is longer. The community custody shall begin either upon completion of the term of confinement or at such time as the offender is transferred to community custody in lieu of earned release in accordance with RCW 9.94A.150 (1) and (2).

(b) Unless a condition is waived by the court, the terms of community custody shall be the same as those provided for in subsection (9)(b) of this section and may include those provided for in subsection (9)(c) of this section. As part of any sentence that includes a term of community custody imposed under this subsection, the court shall also require the offender to comply with any conditions imposed by the department of corrections under subsection (((14))) (15) of this section.

(c) At any time prior to the completion of a sex offender's term of community custody, if the court finds that public safety would be enhanced, the court may impose and enforce an order extending any or all of the conditions imposed pursuant to this section for a period up to the maximum allowable sentence for the crime as it is classified in chapter 9A.20 RCW, regardless of the expiration of the offender's term of community custody. If a violation of a condition extended under this subsection occurs after the expiration of the offender's term of community custody, it shall be deemed a violation of the sentence for the purposes of RCW 9.94A.195 and may be punishable as contempt of court as provided for in RCW 7.21.040.

(11)(a) When a court sentences a person to the custody of the department of corrections for a sex offense, a violent offense, any crime against a person under RCW 9.94A.440(2), or a felony offense under chapter 69.50 or 69.52 RCW not sentenced under subsection (6) of this section, committed on or after July 1, 2000, the court shall in addition to the other terms of the sentence, sentence the offender to community custody for the community custody range or up to the period of earned release awarded pursuant to RCW 9.94A.150 (1) and (2), whichever is longer. The community custody shall begin either upon completion of the term of confinement or at such time as the offender is transferred to community custody in lieu of earned release in accordance with RCW 9.94A.150 (1) and (2).

(b) Unless a condition is waived by the court, the conditions of community custody shall include those provided for in subsection (9)(b)(i) through (vi) of this section. The conditions may also include those provided for in subsection (9)(c)(i) through (vi) of this section. The court may also order the offender to participate in rehabilitative programs or otherwise perform affirmative conduct reasonably related to the circumstances of the offense, the offender's risk of reoffending, or the safety of the community, and the department shall enforce such conditions pursuant to (f) of this subsection. As part of any sentence that includes a term of community custody imposed under this subsection, the court shall also require the offender to comply with any conditions imposed by the department of corrections under subsection (15) of this section. The department shall assess the offender's risk of reoffense and may establish and modify additional conditions of the offender's community custody based upon the risk to community safety. The department may not impose conditions that are contrary to those ordered by the court and may not contravene or decrease court imposed conditions. The department shall notify the offender in writing of any such conditions or modifications. In setting, modifying, and enforcing conditions of community custody, the department shall be deemed to be performing a quasi-judicial function.

(c) If an offender violates conditions imposed by the court or the department pursuant to this subsection during community custody, the department may transfer the offender to a more restrictive confinement status and impose other available sanctions as provided in RCW 9.94A.205 and 9.94A.207.

(d) Except for terms of community custody under subsection (8) of this section, the department shall discharge the offender from community custody on a date determined by the department, which the department may modify, based on risk and performance of the offender, within the range or at the end of the period of earned release, whichever is later.
(e) At any time prior to the completion or termination of a sex offender's term of community custody, if the court finds that public safety would be enhanced, the court may impose and enforce an order extending any or all of the conditions imposed pursuant to this section for a period up to the maximum allowable sentence for the crime as it is classified in chapter 9A.20 RCW, regardless of the expiration of the offender's term of community custody. If a violation of a condition extended under this subsection occurs after the expiration of the offender's term of community custody, it shall be deemed a violation of the sentence for the purposes of RCW 9.94A.195 and may be punishable as contempt of court as provided for in RCW 7.21.040. If the court extends a condition beyond the expiration of the term of community custody, the department is not responsible for supervision of the offender's compliance with the condition.

(f) Within the funds available for community custody, the department shall determine conditions and duration of community custody on the basis of risk to community safety, and shall supervise offenders during community custody on the basis of risk to community safety and conditions imposed by the court. The secretary shall adopt rules to implement the provisions of this subsection (11)(f).

(g) By the close of the next business day after receiving notice of a condition imposed or modified by the department, an offender may request an administrative review under rules adopted by the department. The condition shall remain in effect unless the reviewing officer finds that it is not reasonably related to any of the following: (i) The crime of conviction; (ii) the offender's risk of reoffending; or (iii) the safety of the community.

(12) If the court imposes a sentence requiring confinement of thirty days or less, the court may, in its discretion, specify that the sentence be served on consecutive or intermittent days. A sentence requiring more than thirty days of confinement shall be served on consecutive days. Local jail administrators may schedule court-ordered intermittent sentences as space permits.

(13) If a sentence imposed includes payment of a legal financial obligation, the sentence shall specify the total amount of the legal financial obligation owed, and shall require the offender to pay a specified monthly sum toward that legal financial obligation. Restitution to victims shall be paid prior to any other payments of monetary obligations. Any legal financial obligation that is imposed by the court may be collected by the department, which shall deliver the amount paid to the county clerk for credit. The offender's compliance with payment of legal financial obligations shall be supervised by the department for ten years following the entry of the judgment and sentence or ten years following the offender's release from total confinement. All monetary payments ordered shall be paid no later than ten years after the last date of release from confinement pursuant to a felony conviction or the date the sentence was entered unless the superior court extends the criminal judgment an additional ten years. If the legal financial obligations including crime victims' assessments are not paid during the initial ten-year period, the superior court may extend jurisdiction under the criminal judgment an additional ten years as provided in RCW 9.94A.140, 9.94A.142, and 9.94A.145. If jurisdiction under the criminal judgment is extended, the department is not responsible for supervision of the offender during the subsequent period. Independent of the department, the party or entity to whom the legal financial obligation is owed shall have the authority to utilize any other remedies available to the party or entity to collect the legal financial obligation. Nothing in this section makes the department, the state, or any of its employees, agents, or other persons acting on their behalf liable under any circumstances for the payment of these legal financial obligations. If an order includes restitution as one of the monetary assessments, the county clerk shall make disbursements to victims named in the order.

(14) Except as provided under RCW 9.94A.140(1) and 9.94A.142(1), a court may not impose a sentence providing for a term of confinement or community supervision (community placement, or community custody which exceeds the statutory maximum for the crime as provided in chapter 9A.20 RCW.

(15) All offenders sentenced to terms involving community supervision, community service, community placement, community custody, or legal financial obligation shall be under the supervision of the department of corrections and shall follow explicitly the instructions and conditions of the department of corrections. The department may require an offender to perform affirmative acts it deems appropriate to monitor compliance with the conditions of the sentence imposed.

(a) The instructions shall include, at a minimum, reporting as directed to a community corrections officer, remaining within prescribed geographical boundaries, notifying the community corrections officer of any change in the offender's address or employment, and paying the supervision fee assessment.

(b) For offenders sentenced to terms involving community custody for crimes committed on or after June 6, 1996, the department may include, in addition to the instructions in (a) of this subsection, any appropriate conditions of supervision, including but not limited to, prohibiting the offender from having contact with any other specified individuals or specific class of individuals. For offenders sentenced to terms of community custody for crimes committed on or after July 1, 2000, the department may additionally require the offender to participate in rehabilitative programs or otherwise perform affirmative conduct, and to obey all laws.

The conditions authorized under this subsection (15)(b) may be imposed by the department prior to or during an offender's community custody term. If a violation of conditions imposed by the court or the department pursuant to subsection (10) of this section occurs during community custody, it shall be deemed a violation of community placement for the purposes of RCW
9.94A.207 and shall authorize the department to transfer an offender to a more restrictive confinement status as provided in RCW 9.94A.205. At any time prior to the completion of (a sex) an offender's term of community custody, the department may recommend to the court that any or all of the conditions imposed by the court or the department pursuant to subsection (10) or (11) of this section be continued beyond the expiration of the offender's term of community custody as authorized in subsection (10)(c) or (11)(e) of this section.

The department may require offenders to pay for special services rendered on or after July 25, 1993, including electronic monitoring, day reporting, and telephone reporting, dependent upon the offender's ability to pay. The department may pay for these services for offenders who are not able to pay.

((455)) (16) All offenders sentenced to terms involving community supervision, community service, community custody, or community placement under the supervision of the department of corrections shall not own, use, or possess firearms or ammunition. Offenders who own, use, or are found to be in actual or constructive possession of firearms or ammunition shall be subject to the appropriate violation process and sanctions. "Constructive possession" as used in this subsection means the power and intent to control the firearm or ammunition. "Firearm" as used in this subsection means a weapon or device from which a projectile may be fired by an explosive such as gunpowder.

((46)) (17) The sentencing court shall give the offender credit for all confinement time served before the sentencing if that confinement was solely in regard to the offense for which the offender is being sentenced.

((47)) (18) A departure from the standards in RCW 9.94A.400 (1) and (2) governing whether sentences are to be served consecutively or concurrently is an exceptional sentence subject to the limitations in subsections (2) and (3) of this section, and may be appealed by the defendant or the state as set forth in RCW 9.94A.210 (2) through (6).

((48)) (19) The court shall order restitution whenever the offender is convicted of a felony that results in injury to any person or damage to or loss of property, whether the offender is sentenced to confinement or placed under community supervision, unless extraordinary circumstances exist that make restitution inappropriate in the court's judgment. The court shall set forth the extraordinary circumstances in the record if it does not order restitution.

((49)) (20) As a part of any sentence, the court may impose and enforce an order that relates directly to the circumstances of the crime for which the offender has been convicted, prohibiting the offender from having any contact with other specified individuals or a specific class of individuals for a period not to exceed the maximum allowable sentence for the crime, regardless of the expiration of the offender's term of community supervision or community placement.

((50)) (21) The court may order an offender whose sentence includes community placement or community supervision to undergo a mental status evaluation and to participate in available outpatient mental health treatment, if the court finds that reasonable grounds exist to believe that the offender is a mentally ill person as defined in RCW 71.24.025, and that this condition is likely to have influenced the offense. An order requiring mental status evaluation or treatment must be based on a presentence report and, if applicable, mental status evaluations that have been filed with the court to determine the offender's competency or eligibility for a defense of insanity. The court may order additional evaluations at a later date if deemed appropriate.

((22)) (22) In any sentence of partial confinement, the court may require the defendant to serve the partial confinement in work release, in a program of home detention, on work crew, or in a combined program of work crew and home detention.

((23)) (23) All court-ordered legal financial obligations collected by the department and remitted to the county clerk shall be credited and paid where restitution is ordered. Restitution shall be paid prior to any other payments of monetary obligations.

(24)(a) Sex offender examinations and treatment ordered as a special condition of community placement or community custody under this section shall be conducted only by sex offender treatment providers certified by the department of health under chapter 18.155 RCW unless the court finds that: (i) The offender has already moved to another state or plans to move to another state for reasons other than circumventing the certification requirements; (ii) no certified providers are available for treatment within a reasonable geographic distance of the offender's home, as determined in rules adopted by the secretary; (iii) the evaluation and treatment plan comply with the rules adopted by the department of health; or (iv) the treatment provider is employed by the department. A treatment provider selected by an offender who is not certified by the department of health shall consult with a certified provider during the offender's period of treatment to ensure compliance with the rules adopted by the department of health.

The frequency and content of the consultation shall be based on the recommendation of the certified provider.

(b) A sex offender's failure to participate in treatment required as a condition of community placement or community custody is a violation that will not be excused on the basis that no treatment provider was located within a reasonable geographic distance of the offender's home.

Sec. 6. RCW 9.94A.145 and 1997 c 121 s 5 and 1997 c 52 s 3 are each reenacted and amended to read as follows:

(1) Whenever a person is convicted of a felony, the court may order the payment of a legal financial obligation as part of the sentence. The court must on either the judgment and sentence or on a subsequent order to pay, designate the total amount of a legal financial obligation and segregate this amount among the separate assessments made for restitution, costs, fines, and other assessments required by law. On the same order, the court is also to set a sum that the offender is required to pay on a monthly...
basis towards satisfying the legal financial obligation. If the court fails to set the offender monthly payment amount, the department shall set the amount. Upon receipt of an offender's monthly payment, after restitution is satisfied, the county clerk shall distribute the payment proportionally among all other fines, costs, and assessments imposed, unless otherwise ordered by the court.

(2) If the court determines that the offender, at the time of sentencing, has the means to pay for the cost of incarceration, the court may require the offender to pay for the cost of incarceration at a rate of fifty dollars per day of incarceration. Payment of other court-ordered financial obligations, including all legal financial obligations and costs of supervision shall take precedence over the payment of the cost of incarceration ordered by the court. All funds recovered from offenders for the cost of incarceration in the county jail shall be remitted to the county and the costs of incarceration in a prison shall be remitted to the department of corrections.

(3) The court may add to the judgment and sentence or subsequent order to pay a statement that a notice of payroll deduction is to be immediately issued. If the court chooses not to order the immediate issuance of a notice of payroll deduction at sentencing, the court shall add to the judgment and sentence or subsequent order to pay a statement that a notice of payroll deduction may be issued or other income-withholding action may be taken, without further notice to the offender if a monthly court-ordered legal financial obligation payment is not paid when due, and an amount equal to or greater than the amount payable for one month is owed.

If a judgment and sentence or subsequent order to pay does not include the statement that a notice of payroll deduction may be issued or other income-withholding action may be taken if a monthly legal financial obligation payment is past due, the department may serve a notice on the offender stating such requirements and authorizations. Service shall be by personal service or any form of mail requiring a return receipt.

(4) All legal financial obligations that are ordered as a result of a conviction for a felony, may also be enforced in the same manner as a judgment in a civil action by the party or entity to whom the legal financial obligation is owed. Restitution collected through civil enforcement must be paid through the registry of the court and must be distributed proportionately according to each victim's loss when there is more than one victim. The judgment and sentence shall identify the party or entity to whom restitution is owed so that the state, party, or entity may enforce the judgment. If restitution is ordered pursuant to RCW 9.94A.140(3) or 9.94A.142(3) to a victim of rape of a child and the victim's child born from the rape, the Washington state child support registry shall be identified as the party to whom payments must be made. Restitution obligations arising from the rape of a child in the first, second, or third degree that result in the pregnancy of the victim may be enforced for the time periods provided under RCW 9.94A.140(3) and 9.94A.142(3). All other legal financial obligations may be enforced at any time during the ten-year period following the offender's release from total confinement or within ten years of entry of the judgment and sentence, whichever period is longer. Prior to the expiration of the initial ten-year period, the superior court may extend the criminal judgment an additional ten years for payment of legal financial obligations including crime victims' assessments. If jurisdiction under the criminal judgment is extended, the department is not responsible for supervision of the offender during the subsequent period. Independent of the department, the party or entity to whom the legal financial obligation is owed shall have the authority to utilize any other remedies available to the party or entity to collect the legal financial obligation.

(5) In order to assist the court in setting a monthly sum that the offender must pay during the period of supervision, the offender is required to report to the department for purposes of preparing a recommendation to the court. When reporting, the offender is required, under oath, to truthfully and honestly respond to all questions concerning present, past, and future earning capabilities and the location and nature of all property or financial assets. The offender is further required to bring any and all documents as requested by the department.

(6) After completing the investigation, the department shall make a report to the court on the amount of the monthly payment that the offender should be required to make towards a satisfied legal financial obligation.

(7) During the period of supervision, the department may make a recommendation to the court that the offender's monthly payment schedule be modified so as to reflect a change in financial circumstances. If the department sets the monthly payment amount, the department may modify the monthly payment amount without the matter being returned to the court. Also, during the period of supervision, the offender may be required at the request of the department to report to the department for the purposes of reviewing the appropriateness of the collection schedule for the legal financial obligation. During this reporting, the offender is required under oath to truthfully and honestly respond to all questions concerning earning capabilities and the location and nature of all property or financial assets. Also, the offender is required to bring any and all documents as requested by the department in order to prepare the collection schedule.

(8) After the judgment and sentence or payment order is entered, the department shall for any period of supervision be authorized to collect the legal financial obligation from the offender. Any amount collected by the department shall be remitted daily to the county clerk for the purposes of disbursements. The department is authorized to accept credit cards as payment for a legal financial obligation, and any costs incurred related to accepting credit card payments shall be the responsibility of the offender.
(9) The department or any obligee of the legal financial obligation may seek a mandatory wage assignment for the purposes of obtaining satisfaction for the legal financial obligation pursuant to RCW 9.94A.2001.

(10) The requirement that the offender pay a monthly sum towards a legal financial obligation constitutes a condition or requirement of a sentence and the offender is subject to the penalties as provided in RCW 9.94A.200 for noncompliance.

(11) The county clerk shall provide the department with individualized monthly billings for each offender with an unsatisfied legal financial obligation and shall provide the department with notice of payments by such offenders no less frequently than weekly.

(12) The department may arrange for the collection of unpaid legal financial obligations through the county clerk, or through another entity if the clerk does not assume responsibility for collection. The costs for collection services shall be paid by the offender.

Sec. 7. RCW 9.94A.170 and 1993 c 31 s 2 are each amended to read as follows:

(1) A term of confinement((including community custody,)) ordered in a sentence pursuant to this chapter shall be tolled by any period of time during which the offender has absented (himself) or herself from confinement without the prior approval of the entity in whose custody the offender has been placed. A term of partial confinement shall be tolled during any period of time spent in total confinement pursuant to a new conviction or pursuant to sanctions for violation of sentence conditions on a separate felony conviction.

(2) A term of ((supervision, including postrelease supervision)) community custody ordered in a sentence pursuant to this chapter shall be tolled by any period of time during which the offender has absented himself or herself from supervision without prior approval of the entity under whose ((supervision)) community custody the offender has been placed.

(3) Any period of ((supervision)) community custody shall be tolled during any period of time the offender is in confinement for any reason. However, if an offender is detained pursuant to RCW 9.94A.207 or 9.94A.195 and is later found not to have violated a condition or requirement of ((supervision)) community custody, time spent in confinement due to such detention shall not toll ((to)) the period of ((supervision)) community custody.

(4) For confinement or ((supervision)) community custody sentences, the date for the tolling of the sentence shall be established by the entity responsible for the confinement or ((supervision)) community custody.

Sec. 8. RCW 9.94A.205 and 1996 c 275 s 3 are each amended to read as follows:

(1) If an ((inmate)) offender violates any condition or requirement of community custody, the department may transfer the ((inmate)) offender to a more restrictive confinement status to serve up to the remaining portion of the sentence, less credit for any period actually spent in community custody or in detention awaiting disposition of an alleged violation and subject to the limitations of subsection (2) of this section.

(2)(a) For a sex offender sentenced to a term of community custody under RCW 9.94A.120(8) who violates any condition of community custody, the department may impose a sanction of up to sixty days confinement in a local correctional facility for each violation. If the department imposes a sanction, the department shall submit within seventy-two hours a report to the court and the prosecuting attorney outlining the violation or violations and the sanctions imposed.

(b) For a sex offender sentenced to a term of community custody under RCW 9.94A.120(10) who violates any condition of community custody after having completed his or her maximum term of total confinement, including time served on community custody in lieu of earned ((early)) release, the department may impose a sanction of up to sixty days in a local correctional facility for each violation.

(c) For an offender sentenced to a term of community custody under RCW 9.94A.120 (5), (7), or (11), or under RCW 9.94A.383, for a crime committed on or after July 1, 2000, who violates any condition of community custody after having completed his or her maximum term of total confinement, including time served on community custody in lieu of earned release, the department may impose a sanction of up to sixty days in total confinement for each violation. The department may impose sanctions such as work release, home detention with electronic monitoring, work crew, community service, inpatient treatment, daily reporting, curfew, educational or counseling sessions, supervision enhanced through electronic monitoring, or any other sanctions available in the community.

(d) For an offender sentenced to a term of community placement under RCW 9.94A.120(9)(a)(iii) who violates any condition of community placement after having completed his or her maximum term of total confinement, including time served on community custody in lieu of earned release, the department may impose a sanction of up to sixty days in total confinement for each violation. The department may impose sanctions such as work release, home detention with electronic monitoring, work crew, community service, inpatient treatment, daily reporting, curfew, educational or counseling sessions, supervision enhanced through electronic monitoring, or any other sanctions available in the community.

(3) If an ((inmate)) offender is accused of violating any condition or requirement of community custody, he or she is entitled to a hearing before the department prior to the imposition of sanctions. The hearing shall be considered as ((inmate))
offender disciplinary proceedings and shall not be subject to chapter 34.05 RCW. The department shall develop hearing procedures and a structure of graduated sanctions.

(4) The hearing procedures required under subsection (3) of this section shall be developed by rule and include the following:

(a) Hearing officers shall report through a chain of command separate from that of community corrections officers;
(b) The department shall provide the offender with written notice of the violation, the evidence relied upon, and the reasons the particular sanction was imposed. The notice shall include a statement of the rights specified in this subsection, and the offender's right to file a personal restraint petition under court rules after the final decision of the department;
(c) The hearing shall be held unless waived by the offender, and shall be electronically recorded. For offenders not in total confinement, the hearing shall be held within fifteen working days, but not less than twenty-four hours, after notice of the violation. For offenders in total confinement, the hearing shall be held within five working days, but not less than twenty-four hours, after notice of the violation;
(d) The offender shall have the right to: (i) Be present at the hearing; (ii) have the assistance of a person qualified to assist the offender in the hearing, appointed by the hearing officer if the offender has a language or communications barrier; (iii) testify or remain silent; (iv) call witnesses and present documentary evidence; and (v) question witnesses who appear and testify; and
(e) The sanction shall take effect if affirmed by the hearing officer. Within seven days after the hearing officer's decision, the offender may appeal the decision to a panel of three reviewing officers designated by the secretary or by the secretary's designee. The sanction shall be reversed or modified if a majority of the panel finds that the sanction was not reasonably related to any of the following: (i) The crime of conviction; (ii) the violation committed; (iii) the offender's risk of reoffending; or (iv) the safety of the community.

(5) For purposes of this section, no finding of a violation of conditions may be based on unconfirmed or unconfirmable allegations.

Sec. 9. RCW 9.94A.207 and 1996 c 275 s 4 are each amended to read as follows:

(1) The secretary may issue warrants for the arrest of any offender who violates a condition of community placement or community custody. The arrest warrants shall authorize any law enforcement or peace officer or community corrections officer of this state or any other state where such offender may be located, to arrest the offender and place him or her in total confinement pending disposition of the alleged violation. The department shall compensate the local jurisdiction at the office of financial management's adjudicated rate, in accordance with RCW 70.48.440. A community corrections officer, if he or she has reasonable cause to believe an offender in community placement or community custody has violated a condition of community placement or community custody, may suspend the person's community placement or community custody status and arrest or cause the arrest and detention in total confinement of the offender, pending the determination of the secretary as to whether the violation has occurred. The community corrections officer shall report to the secretary all facts and circumstances and the reasons for the action of suspending community placement or community custody status. A violation of a condition of community placement or community custody shall be deemed a violation of the sentence for purposes of RCW 9.94A.195. The authority granted to community corrections officers under this section shall be in addition to that set forth in RCW 9.94A.195.

(2) Inmates, as defined in RCW 72.09.015, who have been transferred to community custody and who are detained in a local correctional facility are the financial responsibility of the department of corrections, except as provided in subsection (3) of this section. The community custody inmate shall be removed from the local correctional facility, except as provided in subsection (3) of this section, not later than eight days, excluding weekends and holidays, following admittance to the local correctional facility and notification that the inmate is available for movement to a state correctional institution.

(3) The department may negotiate with local correctional authorities for an additional period of detention; however, sex offenders sanctioned for community custody violations under RCW 9.94A.205(2) to a term of confinement shall remain in the local correctional facility for the complete term of the sanction. For confinement sanctions imposed under RCW 9.94A.205(2)(a), the local correctional facility shall be financially responsible. For confinement sanctions imposed under RCW 9.94A.205(2)(b), the department of corrections shall be financially responsible for that portion of the sanction served during the time in which the sex offender is on community custody in lieu of earned (early) release, and the local correctional facility shall be financially responsible for that portion of the sanction served by the sex offender after the time in which the sex offender is on community custody in lieu of earned (early) release. The department, in consultation with the Washington association of sheriffs and police chiefs and those counties in which the sheriff does not operate a correctional facility, shall establish a methodology for determining the department's local correctional facilities bed utilization rate, for each county in calendar year 1998, for offenders being held for violations of conditions of community custody, community placement, or community supervision. For confinement sanctions imposed under RCW 9.94A.205(2) (c) or (d), the local correctional facility shall continue to be financially responsible to the extent of the calendar year 1998 bed utilization rate. If the department's use of bed space in local correctional facilities of any county for confinement
sanctions imposed on offenders sentenced to a term of community custody under RCW 9.94A.205(2) (c) or (d) exceeds the 1998 bed utilization rate for the county, the department shall compensate the county for the excess use at the per diem rate equal to the lowest rate charged by the county under its contract with a municipal government during the year in which the use occurs.

Sec. 10. RCW 9.94A.383 and 1988 c 143 s 23 are each amended to read as follows:
On all sentences of confinement for one year or less, the court may impose up to one year of community ((supervision)) custody, subject to conditions and sanctions as authorized in RCW 9.94A.120(11) (b) and (c). An offender shall be on community ((supervision)) custody as of the date of sentencing. However, during the time for which the offender is in total or partial confinement pursuant to the sentence or a violation of the sentence, the period of community (supervision) custody shall toll.

Sec. 11. RCW 9.94A.440 and 1996 c 93 s 2 are each amended to read as follows:
(1) Decision not to prosecute.
STANDARD: A prosecuting attorney may decline to prosecute, even though technically sufficient evidence to prosecute exists, in situations where prosecution would serve no public purpose, would defeat the underlying purpose of the law in question or would result in decreased respect for the law.

GUIDELINE/COMMENTARY:
Examples
The following are examples of reasons not to prosecute which could satisfy the standard.
(a) Contrary to Legislative Intent - It may be proper to decline to charge where the application of criminal sanctions would be clearly contrary to the intent of the legislature in enacting the particular statute.
(b) Antiquated Statute - It may be proper to decline to charge where the statute in question is antiquated in that:
(i) It has not been enforced for many years; and
(ii) Most members of society act as if it were no longer in existence; and
(iii) It serves no deterrent or protective purpose in today's society; and
(iv) The statute has not been recently reconsidered by the legislature.
This reason is not to be construed as the basis for declining cases because the law in question is unpopular or because it is difficult to enforce.
(c) De Minimus Violation - It may be proper to decline to charge where the violation of law is only technical or insubstantial and where no public interest or deterrent purpose would be served by prosecution.
(d) Confinement on Other Charges - It may be proper to decline to charge because the accused has been sentenced on another charge to a lengthy period of confinement; and
(i) Conviction of the new offense would not merit any additional direct or collateral punishment;
(ii) The new offense is either a misdemeanor or a felony which is not particularly aggravated; and
(iii) Conviction of the new offense would not serve any significant deterrent purpose.
(e) Pending Conviction on Another Charge - It may be proper to decline to charge because the accused is facing a pending prosecution in the same or another county; and
(i) Conviction of the new offense would not merit any additional direct or collateral punishment;
(ii) Conviction in the pending prosecution is imminent;
(iii) The new offense is either a misdemeanor or a felony which is not particularly aggravated; and
(iv) Conviction of the new offense would not serve any significant deterrent purpose.
(f) High Disproportionate Cost of Prosecution - It may be proper to decline to charge where the cost of locating or transporting, or the burden on, prosecution witnesses is highly disproportionate to the importance of prosecuting the offense in question. This reason should be limited to minor cases and should not be relied upon in serious cases.
(g) Improper Motives of Complainant - It may be proper to decline charges because the motives of the complainant are improper and prosecution would serve no public purpose, would defeat the underlying purpose of the law in question or would result in decreased respect for the law.
(h) Immunity - It may be proper to decline to charge where immunity is to be given to an accused in order to prosecute another where the accused's information or testimony will reasonably lead to the conviction of others who are responsible for more serious criminal conduct or who represent a greater danger to the public interest.
(i) Victim Request - It may be proper to decline to charge because the victim requests that no criminal charges be filed and the case involves the following crimes or situations:
(ii) Assault cases where the victim has suffered little or no injury;
(iii) Crimes against property, not involving violence, where no major loss was suffered;
(iii) Where doing so would not jeopardize the safety of society.
Care should be taken to insure that the victim's request is freely made and is not the product of threats or pressure by the accused.
The presence of these factors may also justify the decision to dismiss a prosecution which has been commenced.

Notification

The prosecutor is encouraged to notify the victim, when practical, and the law enforcement personnel, of the decision not to prosecute.

(2) Decision to prosecute.

(a) STANDARD:

Crimes against persons will be filed if sufficient admissible evidence exists, which, when considered with the most plausible, reasonably foreseeable defense that could be raised under the evidence, would justify conviction by a reasonable and objective fact-finder. With regard to offenses prohibited by RCW 9A.44.040, 9A.44.050, 9A.44.073, 9A.44.076, 9A.44.079, 9A.44.083, 9A.44.086, 9A.44.089, and 9A.64.020 the prosecutor should avoid prefiling agreements or diversions intended to place the accused in a program of treatment or counseling, so that treatment, if determined to be beneficial, can be provided pursuant to RCW 9.94A.120(8).

Crimes against property/other crimes will be filed if the admissible evidence is of such convincing force as to make it probable that a reasonable and objective fact-finder would convict after hearing all the admissible evidence and the most plausible defense that could be raised.

ALL OTHER UNCLASSIFIED FELONIES
Selection of Charges/Degree of Charge
((1)) (i) The prosecutor should file charges which adequately describe the nature of defendant's conduct. Other offenses may be charged only if they are necessary to ensure that the charges:
((1)) (A) Will significantly enhance the strength of the state's case at trial; or
((1)) (B) Will result in restitution to all victims.
((2)) (ii) The prosecutor should not overcharge to obtain a guilty plea. Overcharging includes:
Charging a higher degree;
Charging additional counts.

This standard is intended to direct prosecutors to charge those crimes which demonstrate the nature and seriousness of a defendant's criminal conduct, but to decline to charge crimes which are not necessary to such an indication. Crimes which do not merge as a matter of law, but which arise from the same course of conduct, do not all have to be charged.

### GUIDELINES/COMMENTARY:

#### (i) Police Investigation

A prosecuting attorney is dependent upon law enforcement agencies to conduct the necessary factual investigation which must precede the decision to prosecute. The prosecuting attorney shall ensure that a thorough factual investigation has been conducted before a decision to prosecute is made. In ordinary circumstances the investigation should include the following:

- The interviewing of all material witnesses, together with the obtaining of written statements whenever possible;
- The completion of necessary laboratory tests; and
- The obtaining, in accordance with constitutional requirements, of the suspect's version of the events.

If the initial investigation is incomplete, a prosecuting attorney should insist upon further investigation before a decision to prosecute is made, and specify what the investigation needs to include.

#### (ii) Exceptions

In certain situations, a prosecuting attorney may authorize filing of a criminal complaint before the investigation is complete if:

- Probable cause exists to believe the suspect is guilty; and
- The suspect presents a danger to the community or is likely to flee if not apprehended; or
- The arrest of the suspect is necessary to complete the investigation of the crime.

In the event that the exception to the standard is applied, the prosecuting attorney shall obtain a commitment from the law enforcement agency involved to complete the investigation in a timely manner. If the subsequent investigation does not produce sufficient evidence to meet the normal charging standard, the complaint should be dismissed.

#### (iii) Investigation Techniques

The prosecutor should be fully advised of the investigatory techniques that were used in the case investigation including:

- Polygraph testing;
- Hypnosis;
- Electronic surveillance;
- Use of informants.

#### (iv) Pre-Filing Discussions with Defendant

Discussions with the defendant or his/her representative regarding the selection or disposition of charges may occur prior to the filing of charges, and potential agreements can be reached.

#### (v) Pre-Filing Discussions with Victim(s)

Discussions with the victim(s) or victims' representatives regarding the selection or disposition of charges may occur before the filing of charges. The discussions may be considered by the prosecutor in charging and disposition decisions, and should be considered before reaching any agreement with the defendant regarding these decisions.

### NEW SECTION, Sec. 12

A new section is added to chapter 72.09 RCW to read as follows:

Except as specifically prohibited by other law, and for purposes of determining, modifying, or monitoring compliance with conditions of community custody, community placement, or community supervision as authorized under RCW 9.94A.120 and 9.94A.383, the department:

1. Shall have access to all relevant records and information in the possession of public agencies relating to offenders, including police reports, prosecutors' statements of probable cause, complete criminal history information, psychological evaluations and psychiatric hospital reports, sex offender treatment program reports, and juvenile records; and
2. May require periodic reports from providers of treatment or other services required by the court or the department, including progress reports, evaluations and assessments, and reports of violations of conditions imposed by the court or the department.

### NEW SECTION, Sec. 13

A new section is added to chapter 72.09 RCW to read as follows:

If the offender registers to live in an unincorporated area of the county, the sheriff shall make reasonable attempts to verify that the offender is residing at the registered address. If the offender registers to live in an incorporated city or town, the police chief or town marshal shall make reasonable attempts to verify that the offender is residing at the registered address. Reasonable attempts at verifying an address shall include at a minimum:

(h) Effects on the number of offenders who are employed or participate in vocational rehabilitation;

(j) Impact on the receipt of public assistance.

(2) By January 1, 2000, the institute shall report to the legislature on the design for the study. By January 1st of each year thereafter, the institute shall report to the legislature on the progress and findings of the study and make recommendations based on its findings. By January 1, 2010, the institute shall provide to the legislature a final report on the findings of the study.

(3) Subsections (1) and (2) of this section expire December 31, 2010.

NEW SECTION. Sec. 17. Nothing in this act shall be construed to create an immunity or defense from liability for personal injury or wrongful death based solely on availability of funds.

NEW SECTION. Sec. 18. This act may be known and cited as the offender accountability act.

NEW SECTION. Sec. 19. Section 10 of this act takes effect July 1, 2000, and applies only to offenses committed on or after July 1, 2000.

MESSAGE FROM THE HOUSE
MR. PRESIDENT:

The House has passed SENATE BILL NO. 5837 with the following amendment(s):

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. It is the intent of the legislature that retirement benefits represent a valuable element of the total compensation and benefits employees receive for their service. The value of these benefits is contained in the retirement income and cost-of-living adjustments provided to employees who remain in public service until retirement. For the majority of public employees, this requires membership in the public employees' retirement system.

The legislature recognizes, however, that certain occupations display a pattern of interstate mobility which requires retirement benefits which are highly portable. Incumbents in these occupations gain little value from membership in the public employees' retirement system. In order to remove any barrier to employing qualified personnel in positions with high mobility, membership in the retirement system should be optional in those occupations.

Sec. 2. RCW 41.40.023 and 1997 c 254 s 11 are each amended to read as follows:

Membership in the retirement system shall consist of all regularly compensated employees and appointive and elective officials of employers, as defined in this chapter, with the following exceptions:

1. Persons in ineligible positions;
2. Employees of the legislature except the officers thereof elected by the members of the senate and the house and legislative committees, unless membership of such employees be authorized by the said committee;
3. (a) Persons holding elective offices or persons appointed directly by the governor: PROVIDED, That such persons shall have the option of applying for membership during such periods of employment: AND PROVIDED FURTHER, That any persons holding or who have held elective offices or persons appointed by the governor who are members in the retirement system and who have, prior to becoming such members, previously held an elective office, and did not at the start of such initial or successive terms of office exercise their option to become members, may apply for membership to be effective during such term or terms of office, and shall be allowed to establish the service credit applicable to such term or terms of office upon payment of the employee contributions therefor by the employee with interest as determined by the director and employer contributions therefor by the employer or employee with interest as determined by the director: AND PROVIDED FURTHER, That all contributions with interest submitted by the employee under this subsection shall be placed in the employee's individual account in the employee's savings fund and be treated as any other contribution made by the employee, with the exception that any contributions submitted by the employee in payment of the employer's obligation, together with the interest the director may apply to the employer's contribution, shall not be considered part of the member's annuity for any purpose except withdrawal of contributions;
(b) A member holding elective office who has elected to apply for membership pursuant to (a) of this subsection and who later wishes to be eligible for a retirement allowance shall have the option of ending his or her membership in the retirement system. A member wishing to end his or her membership under this subsection must file, on a form supplied by the department, a statement indicating that the member agrees to irrevocably abandon any claim for service for future periods served as an elected official. A member who receives more than fifteen thousand dollars per year in compensation for his or her elective service, adjusted annually for inflation by the director, is not eligible for the option provided by this subsection (3)(b);
4. Employees holding membership in, or receiving pension benefits under, any retirement plan operated wholly or in part by an agency of the state or political subdivision thereof, or who are by reason of their current employment contributing to or otherwise establishing the right to receive benefits from any such retirement plan: PROVIDED, HOWEVER, In any case where the retirement system has in existence an agreement with another retirement system in connection with exchange of service credit or an agreement whereby members can retain service credit in more than one system, such an employee shall be allowed membership rights should the agreement so provide: AND PROVIDED FURTHER, That an employee shall be allowed membership if otherwise eligible while receiving survivor's benefits: AND PROVIDED FURTHER, That an employee shall not either before or after June 7, 1984, be excluded from membership or denied service credit pursuant to this subsection solely on account of: (a) Membership in the plan created under chapter 2.14 RCW; or (b) enrollment under the relief and compensation provisions or the pension provisions of the volunteer fire fighters' relief and pension fund under chapter 41.24 RCW;
5. Patient and inmate help in state charitable, penal, and correctional institutions;
6. "Members" of a state veterans' home or state soldiers' home;
7. Persons employed by an institution of higher learning or community college, primarily as an incident to and in furtherance of their education or training, or the education or training of a spouse;
8. Employees of an institution of higher learning or community college during the period of service necessary to establish eligibility for membership in the retirement plans operated by such institutions;
9. Persons rendering professional services to an employer on a fee, retainer, or contract basis or when the income from these services is less than fifty percent of the gross income received from the person's practice of a profession;
Persons appointed after April 1, 1963, by the liquor control board as agency vendors;

Employees of a labor guild, association, or organization: PROVIDED, That elective officials and employees of a labor guild, association, or organization which qualifies as an employer within this chapter shall have the option of applying for membership;

Retirement system retirees: PROVIDED, That following reemployment in an eligible position, a retiree may elect to prospectively become a member of the retirement system if otherwise eligible;

Persons employed by or appointed or elected as an official of a first class city that has its own retirement system: PROVIDED, That any member elected or appointed to an elective office on or after April 1, 1971, shall have the option of continuing as a member of this system in lieu of becoming a member of the city system. A member who elects to continue as a member of this system shall pay the appropriate member contributions and the city shall pay the employer contributions at the rates prescribed by this chapter. The city shall also transfer to this system all of such member's accumulated contributions together with such further amounts as necessary to equal all employee and employer contributions which would have been paid into this system on account of such service with the city and thereupon the member shall be granted credit for all such service. Any city that becomes an employer as defined in RCW 41.40.010(4) as the result of an individual's election under this subsection shall not be required to have all employees covered for retirement under the provisions of this chapter. Nothing in this subsection shall prohibit a city of the first class with its own retirement system from: (a) Transferring all of its current employees to the retirement system established under this chapter, or (b) allowing newly hired employees the option of continuing coverage under the retirement system established by this chapter.

Notwithstanding any other provision of this chapter, persons transferring from employment with a first class city of over four hundred thousand population that has its own retirement system to employment with the state department of agriculture may elect to remain within the retirement system of such city and the state shall pay the employer contributions for such persons at like rates as prescribed for employers of other members of such system;

Employees who (a) are not citizens of the United States, (b) do not reside in the United States, and (c) perform duties outside of the United States;

Employees who (a) are not citizens of the United States, (b) are not covered by chapter 41.48 RCW, (c) are not excluded from membership under this chapter or chapter 41.04 RCW, (d) are residents of this state, and (e) make an irrevocable election to be excluded from membership, in writing, which is submitted to the director within thirty days after employment in an eligible position;

Employees who are citizens of the United States and who reside and perform duties for an employer outside of the United States: PROVIDED, That unless otherwise excluded under this chapter or chapter 41.04 RCW, the employee may apply for membership (a) within thirty days after employment in an eligible position and membership service credit shall be granted from the first day of membership service, and (b) after this thirty-day period, but membership service credit shall be granted only if payment is made for the noncredited membership service under RCW 41.50.165(2), otherwise service shall be from the date of application;

The city manager or chief administrative officer of a city or town, other than a retiree, who serves at the pleasure of an appointing authority: PROVIDED, That such persons shall have the option of applying for membership within thirty days from date of their appointment to such positions. Persons serving in such positions as of April 4, 1986, shall continue to be members in the retirement system unless they notify the director in writing prior to December 31, 1986, of their desire to withdraw from membership in the retirement system. A member who withdraws from membership in the system under this section shall receive a refund of the member's accumulated contributions.

Persons serving in such positions who have not opted for membership within the specified thirty days, may do so by paying the amount required under RCW 41.50.165(2) for the period from the date of their appointment to the date of acceptance into membership;

Persons serving as: (a) The chief administrative officer of a public utility district as defined in RCW 54.16.100; (b) the chief administrative officer of a port district formed under chapter 53.04 RCW; or (c) the chief administrative officer of a county who serves at the pleasure of an appointing authority: PROVIDED, That such persons shall have the option of applying for membership within thirty days from the date of their appointment to such positions. Persons serving in such positions as of the effective date of this act shall continue to be members in the retirement system unless they notify the director in writing prior to December 31, 1999, of their desire to withdraw from membership in the retirement system. A member who withdraws from membership in the system under this section shall receive a refund of the member's accumulated contributions upon termination of employment or as otherwise consistent with the plan's tax qualification status as defined in internal revenue code section 401:
Persons enrolled in state-approved apprenticeship programs, authorized under chapter 49.04 RCW, and who are employed by local governments to earn hours to complete such apprenticeship programs, if the employee is a member of a union-sponsored retirement plan and is making contributions to such a retirement plan or if the employee is a member of a Taft-Hartley retirement plan."

Correct the title, and the same are herewith transmitted.

"Sec. 1. RCW 15.54.325 and 1998 c 36 s 4 are each amended to read as follows:

(1) No person may distribute in this state a commercial fertilizer until it has been registered with the department by the producer, importer, or packager of that product. A bulk fertilizer does not require registration if all commercial fertilizer products contained in the final product are registered.

(2) An application for registration shall be made on a form furnished by the department and shall be accompanied by a fee of twenty-five dollars for each product. Labels for each product shall accompany the application. All companies planning to mix customer-formula fertilizers shall include the statement "customer-formula grade mixes" under the column headed "product name" on the product registration application form. (3) An application for registration shall include the following:

(c) The guaranteed analysis;
(d) Name, address, and phone number of the registrant;
(e) Labels for each product being registered;

The provisions of (g)(i) of this subsection do not apply if the anhydrous ammonia is derived in whole or in part from waste such that the fertilizer is a "waste-derived fertilizer" as defined in RCW 15.54.270. Verification of a registration relied on by an applicant under (g)(iii) of this subsection must be submitted with the application;

(i) Any other information required by the department by rule.

(4) If an application for renewal of the product registration provided for in this section is not filed prior to July 1st of any one year, a penalty of ten dollars per product shall be assessed and added to the original fee and shall be paid by the applicant before the renewal registration shall be issued. The assessment of this late collection fee shall not prevent the department from taking any other action as provided for in this chapter. The penalty shall not apply if the applicant furnishes an affidavit that he or she has not distributed this commercial fertilizer subsequent to the expiration of his or her prior registration."
NEW SECTION. Sec. 2. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect July 1, 1999., and the same are herewith transmitted.

The department of ecology may sublease to private or public entities all or a portion of the land for specific purposes or activities which are determined, after public hearing, to be in agreement with the terms of the lease and in the best interests of the citizens of the state consistent with any criteria that may be developed as a requirement by the legislature;

2. To assume the responsibilities of the state under the perpetual care agreement between the state of Washington and the federal government executed July 29, 1965 and the sublease between the state of Washington and the site operator of the Hanford low-level radioactive waste disposal facility. MESSAGE FROM THE HOUSE
MR. PRESIDENT:

The House has passed SUBSTITUTE SENATE BILL NO. 5312 with the following amendment(s):

Strike everything after the enacting clause and insert the following:

**NEW SECTION.** Sec. 1. The legislature finds that:

1. Violence is an escalating problem in many health care settings in this state and across the nation;
2. Based on an analysis of workers' compensation claims, the department of labor and industries reports that health care employees face the highest rate of workplace violence in Washington state;
3. The actual incidence of workplace violence in health care settings is likely to be greater than documented because of failure to report or failure to maintain records of incidents that are reported;
4. Patients, visitors, and health care employees should be assured a reasonably safe and secure environment in health care settings; and
5. Many health care settings have undertaken efforts to assure that patients, visitors, and employees are safe from violence, but additional personnel training and appropriate safeguards may be needed to prevent workplace violence and minimize the risk and dangers affecting people in health care settings.

**NEW SECTION.** Sec. 2. For purposes of this chapter:

1. "Health care setting" means:
   a. Hospitals as defined in RCW 70.41.020;
   b. Home health, hospice, and home care agencies under chapter 70.127 RCW, subject to section 8 of this act;
   c. Evaluation and treatment facilities as defined in RCW 71.05.020(8); and
   d. Community mental health programs as defined in RCW 71.24.025(8).
2. "Department" means the department of labor and industries.
3. "Employee" means an employee as defined in RCW 49.17.020.
4. "Violence" or "violent act" means any physical assault or verbal threat of physical assault against an employee of a health care setting.

**NEW SECTION.** Sec. 3. (1) By July 1, 2000, each health care setting shall develop and implement a plan to reasonably prevent and protect employees from violence at the setting. The plan shall address security considerations related to the following items, as appropriate to the particular setting, based upon the hazards identified in the assessment required under subsection (2) of this section:

   a. The physical attributes of the health care setting;
   b. Staffing, including security staffing;
   c. Personnel policies;
   d. First aid and emergency procedures;
   e. The reporting of violent acts; and
   f. Employee education and training.

(2) Before the development of the plan required under subsection (1) of this section, each health care setting shall conduct a security and safety assessment to identify existing or potential hazards for violence and determine the appropriate preventive action to be taken. The assessment shall include, but is not limited to, a measure of the frequency of, and an identification of the causes for and consequences of, violent acts at the setting during at least the preceding five years or for the years records are available for assessments involving home health, hospice, and home care agencies.

(3) In developing the plan required by subsection (1) of this section, the health care setting may consider any guidelines on violence in the workplace or in health care settings issued by the department of health, the department of social and health services, the department of labor and industries, the federal occupational safety and health administration, medicare, and health care setting accrediting organizations.

**NEW SECTION.** Sec. 4. By July 1, 2001, and on a regular basis thereafter, as set forth in the plan developed under section 3 of this act, each health care setting shall provide violence prevention training to all its affected employees as determined by the plan. The training shall occur within ninety days of the employee's initial hiring date unless he or she is a temporary employee. For temporary employees, training would take into account unique circumstances. The training may vary by the plan and may include, but is not limited to, classes, videotapes, brochures, verbal training, or other verbal or written training that is determined to be appropriate under the plan. The training shall address the following topics, as appropriate to the particular setting and to the duties and responsibilities of the particular employee being trained, based upon the hazards identified in the assessment required under section 3 of this act:

1. General safety procedures;
2. Personal safety procedures;
(3) The violence escalation cycle;
(4) Violence-predicting factors;
(5) Obtaining patient history from a patient with violent behavior;
(6) Verbal and physical techniques to de-escalate and minimize violent behavior;
(7) Strategies to avoid physical harm;
(8) Restraining techniques;
(9) Appropriate use of medications as chemical restraints;
(10) Documenting and reporting incidents;
(11) The process whereby employees affected by a violent act may debrief;
(12) Any resources available to employees for coping with violence; and
(13) The health care setting's workplace violence prevention plan.

NEW SECTION  Sec. 5. Beginning no later than July 1, 2000, each health care setting shall keep a record of any violent act against an employee, a patient, or a visitor occurring at the setting. At a minimum, the record shall include:

(1) The health care setting's name and address;
(2) The date, time, and specific location at the health care setting where the act occurred;
(3) The name, job title, department or ward assignment, and staff identification or social security number of the victim if an employee;
(4) A description of the person against whom the act was committed as:
   (a) A patient;
   (b) A visitor;
   (c) An employee; or
   (d) Other;
(5) A description of the person committing the act as:
   (a) A patient;
   (b) A visitor;
   (c) An employee; or
   (d) Other;
(6) A description of the type of violent act as a:
   (a) Threat of assault with no physical contact;
   (b) Physical assault with contact but no physical injury;
   (c) Physical assault with mild soreness, surface abrasions, scratches, or small bruises;
   (d) Physical assault with major soreness, cuts, or large bruises;
   (e) Physical assault with severe lacerations, a bone fracture, or a head injury; or
   (f) Physical assault with loss of limb or death;
(7) An identification of any body part injured;
(8) A description of any weapon used;
(9) The number of employees in the vicinity of the act when it occurred; and
(10) A description of actions taken by employees and the health care setting in response to the act. Each record shall be kept for at least five years following the act reported, during which time it shall be available for inspection by the department upon request.

NEW SECTION  Sec. 6. Failure of a health care setting to comply with this chapter shall subject the setting to citation under chapter 49.17 RCW.

NEW SECTION  Sec. 7. A health care setting needing assistance to comply with this chapter may contact the federal department of labor or the state department of labor and industries for assistance. The state departments of labor and industries, social and health services, and health shall collaborate with representatives of health care settings to develop technical assistance and training seminars on plan development and implementation, and shall coordinate their assistance to health care settings.

NEW SECTION  Sec. 8. It is the intent of the legislature that any violence protection and prevention plan developed under this chapter be appropriate to the setting in which it is to be implemented. To that end, the legislature recognizes that not all professional health care is provided in a facility or other formal setting, such as a hospital. Many services are provided by home health, hospice, and home care agencies. The legislature finds that it is inappropriate and impractical for these agencies to address workplace violence in the same manner as other, facility-based, health care settings. When enforcing this chapter as to home health, hospice, and home care agencies, the department shall allow agencies sufficient flexibility in recognition of the unique circumstances in which these agencies deliver services.
NEW SECTION. Sec. 9. (1) State hospitals, as defined in RCW 72.23.010, shall comply with all the requirements of sections 1 through 3 and 5 through 8 of this act.

(2) By July 1, 2001, and on a regular basis thereafter, as set forth in the plan developed under section 3 of this act, each state hospital shall provide violence prevention training to all its affected employees as determined by the plan. Each employee shall receive violence prevention training prior to providing patient care, in addition to his or her ongoing training as determined by the plan. The training may vary by the plan and may include, but is not limited to, classes, videotapes, brochures, verbal training, or other verbal or written training that is determined to be appropriate under the plan. The training shall address the topics provided in section 4 of this act, as appropriate to the particular setting and to the duties and responsibilities of the particular employee being trained, based upon the hazards identified in the assessment required under section 3 of this act.

NEW SECTION. Sec. 10. If specific funding for purposes of section 9 of this act, referencing this act by bill and section number or chapter and section number, is not provided by June 30, 1999, in the omnibus appropriations act, section 9 of this act is null and void.

NEW SECTION. Sec. 11. Sections 2 through 8 of this act constitute a new chapter in Title 49 RCW."

Correct the title., and the same are herewith transmitted.

MOTIONS

On motion of Senator Gardner, the rules were suspended, Substitute House Bill No. 2005 was returned to second reading and read the second time.

On motion of Senator Gardner, the following striking amendment was adopted:

On motion of Senator Gardner, the following striking amendment was adopted:

"Sec. 1. RCW 42.40.020 and 1995 c 403 s 509 are each amended to read as follows:

As used in this chapter, the terms defined in this section shall have the meanings indicated unless the context clearly requires otherwise.

(1) "Auditor" means the office of the state auditor.
(2) "Employee" means any individual employed or holding office in any department or agency of state government.
(3) "Good faith" means a reasonable basis in fact for the communication. "Good faith" is lacking when the employee knows or reasonably ought to know that the report is malicious, false, or frivolous."
(4) "Gross waste of funds" means to spend or use funds or to allow funds to be used without valuable result in a manner grossly deviating from the standard of care or competence that a reasonable person would observe in the same situation.

(5)(a) "Improper governmental action" means any action by an employee:
(i) Which is undertaken in the performance of the employee's official duties;
(ii) Which is in violation of any state law or rule, if the violation is not merely technical or of a minimum nature; or
(iii) Which is of substantial and specific danger to the public health or safety.
(b) "Improper governmental action" does not include personnel actions, for which other remedies exist, including but not limited to employee grievances, complaints, appointments, promotions, transfers, assignments, reassignments, reinstatements, reemployments, performance evaluations, reductions in pay, dismissals, suspensions, demotions, violations of the state civil service law, alleged labor agreement violations, reprimands, claims of discriminatory treatment, or any action which may be taken under chapter 41.06 RCW, or other disciplinary action except as provided in RCW 42.40.030.

(6) "Whistleblower" means an employee who in good faith reports alleged improper governmental action to the auditor, initiating an investigation under RCW 42.40.040. For purposes of the provisions of this chapter and chapter 49.60 RCW relating to reprisals and retaliatory action, the term "whistleblower" also means: (a) An employee who in good faith provides information to the auditor in connection with an investigation under RCW 42.40.040 and an employee who is believed to have reported (alleged) improper governmental action to the auditor or to have provided information to the auditor in connection with an investigation under RCW 42.40.040 but who, in fact, has not reported such action or provided such information; or (b) an employee who in good faith identifies rules warranting review or provides information to the rules review committee, and an employee who is believed to have identified rules warranting review or provided information to the rules review committee but who, in fact, has not done so.

NEW SECTION. Sec. 2. An employee must make a reasonable attempt to ascertain the correctness of the information furnished and may be subject to disciplinary actions, including, but not limited to, suspension or termination, for knowingly furnishing false information as determined by the employee's appointing authority.

Sec. 3. RCW 42.40.040 and 1992 c 118 s 2 are each amended to read as follows:

(1)(a) In order to be investigated, an assertion of improper governmental action must be provided to the auditor within one year after the occurrence of the asserted improper governmental action.

(b) The auditor has the authority to determine whether to investigate any assertions received. In determining whether to conduct either a preliminary or further investigation, the auditor shall consider factors including, but not limited to: The nature and quality of evidence and the existence of relevant laws and rules; whether the action was isolated or systematic; the history of previous assertions regarding the same subject or subjects or subject matter; whether other avenues are available for addressing the matter; whether the matter has already been investigated or is in litigation; the seriousness or significance of the asserted improper governmental action; and the cost and benefit of the investigation. The auditor has the sole discretion to determine the priority and weight given to these and other relevant factors and to decide whether a matter is to be investigated. The auditor shall document the factors considered and the analysis applied.

(c) The auditor also has the authority to investigate assertions of improper governmental actions as part of an audit conducted under chapter 43.09 RCW. The auditor shall document the reasons for handling the matter as part of such an audit.

(2) Subject to subsection (5)(c) of this section, the identity of a whistleblower is confidential at all times unless the whistleblower consents to disclosure by written waiver or by acknowledging his or her identity in a claim against the state for retaliation.

(3) Upon receiving specific information that an employee has engaged in improper governmental action, the auditor shall, within five working days of receipt of the information, mail written acknowledgement to the whistleblower at the address provided stating whether a preliminary investigation will be conducted. For a period not to exceed thirty working days from receipt of the assertion, the auditor shall conduct such preliminary investigation of the matter as the auditor deems appropriate. (In conducting the investigation, the identity of the whistleblower shall be kept confidential.)
In addition to the authority under subsection (((a))) (3) of this section, the auditor may, on its own initiative, investigate incidents of improper state governmental action.

If it appears to the auditor, upon completion of the preliminary investigation, that the matter is so unsubstantiated that no further investigation, prosecution, or administrative action is warranted, the auditor shall so notify the whistleblower.

The written notification shall contain a summary of the information received and of the results of the preliminary investigation with regard to each allegation of improper governmental action and any determination made by the auditor under (c) of this subsection.

In any case to which this section applies, the identity of the whistleblower shall be kept confidential unless the auditor determines that the information has been provided other than in good faith.

After completion of the preliminary investigation, the auditor shall provide written notification of the nature of the assertions to the subject or subjects of the investigation and the agency head. The notification shall include the relevant facts and laws known at the time and the procedure for the subject or subjects of the investigation and the agency head to respond to the assertions and information obtained during the investigation. This notification does not limit the auditor from considering additional facts or laws which become known during further investigation.

If it appears to the auditor after completion of the preliminary investigation that further investigation, prosecution, or administrative action is warranted, the auditor shall so notify the whistleblower, the subject or subjects of the investigation, and the agency head and either conduct a further investigation or issue a report under subsection (((a))) (10) of this section.

If the preliminary investigation resulted from an anonymous allegation, a decision to conduct further investigation shall be subject to review by a three-person panel convened as necessary by the auditor prior to the commencement of any additional investigation. The panel shall include a state auditor representative knowledgeable of the subject agency operations, a citizen volunteer, and a representative of the attorney general's office. This group shall be briefed on the preliminary investigation and shall recommend whether the auditor should proceed with further investigation.

If further investigation is to occur, the auditor shall provide written notification of the nature of the assertions to the subject or subjects of the investigation and the agency head. The notification shall include the relevant facts known at the time and the procedure to be used by the subject or subjects of the investigation and the agency head to respond to the assertions and information obtained during the investigation.

Within sixty working days after the preliminary investigation period in subsection (((a))) (3) of this section, the auditor shall complete the investigation and report its findings to the whistleblower unless written justification for the delay is furnished to the whistleblower, agency head, and subject or subjects of the investigation. In all such cases, the report of the auditor's investigation and findings shall be sent to the whistleblower within one year after the information was filed under subsection (((a))) (3) of this section.

(9) At any stage of an investigation under this section the auditor may require by subpoena the attendance and testimony of witnesses and the production of documentary or other evidence relating to the investigation at any designated place in the state. The auditor may issue subpoenas, administer oaths, examine witnesses, and receive evidence. In the case of contumacy or failure to obey a subpoena, the superior court for the county in which the person to whom the subpoena is addressed resides or is served may issue an order requiring the person to appear at any designated place to testify or to produce documentary or other evidence. Any failure to obey the order of the court may be punished by the court as a contempt thereof.

(b) The auditor may order the taking of depositions at any stage of a proceeding or investigation under this chapter. Depositions shall be taken before an individual designated by the auditor and having the power to administer oaths. Testimony shall be reduced to writing by or under the direction of the individual taking the deposition and shall be subscribed by the deponent.

(c) Agencies shall cooperate fully in the investigation and shall take appropriate action to preclude the destruction of any evidence during the course of the investigation.
(d) During the investigation the auditor shall interview each subject of the investigation. If it is determined there is reasonable cause to believe improper governmental action has occurred, the subject or subjects and the agency head shall be given fifteen working days to respond to the assertions prior to the issuance of the final report.

(10)(a) If the auditor determines (that) there is reasonable cause to believe (that) an employee has engaged in (any) improper (activity) governmental action, the auditor shall report the nature and details of the activity to:
(i) The (employee) subject or subjects of the investigation and the head of the employing agency; and
(ii) If appropriate, the attorney general or such other authority as the auditor determines appropriate.

(b) The auditor has no enforcement power except that in any case in which the auditor submits (an investigative report (of alleged improper activity)) containing reasonable cause determinations to the (head of an) agency, the (attorney general, or any other individual to which a report has been made under this section, the individual shall report to the auditor with respect to any action taken by the individual regarding the activity, the first report being transmitted no later than thirty days after the date of the auditor's report and monthly thereafter until final action is taken)) agency shall send its plan for resolution to the auditor within fifteen working days of having received the report. The agency is encouraged to consult with the subject or subjects of the investigation in establishing the resolution plan. The auditor may require periodic reports of agency action until all resolution has occurred. If the auditor determines that appropriate action ((has)) has not (within a reasonable time), the auditor shall report the determination to the governor and to the legislature and may include this determination in the agency audit under chapter 43.09 RCW.

(11) Once the auditor concludes that appropriate action has been taken to resolve the matter, the auditor shall so notify the whistleblower, the agency head, and the subject or subjects of the investigation. If the resolution takes more than one year, the auditor shall provide annual notification of its status to the whistleblower, agency head, and subject or subjects of the investigation.

(12) This section does not limit any authority conferred upon the attorney general or any other agency of government to investigate any matter.

NEW SECTION. Sec. 4. The auditor has the authority to contract for any assistance necessary to carry out the provisions of this chapter.

NEW SECTION. Sec. 5. The cost of administering this chapter is funded through the auditing services revolving account created in RCW 43.09.410.

NEW SECTION. Sec. 6. A whistleblower wishing to provide information under this chapter regarding asserted improper governmental action against the state auditor or an employee of that office shall provide the information to the attorney general who shall act in place of the auditor in investigating and reporting the matter.

NEW SECTION. Sec. 7. Chapter . . . . Laws of 1999 (this act) does not affect the jurisdiction of the legislative ethics board, the executive ethics board, or the commission on judicial conduct, as set forth in chapter 42.52 RCW. The senate, the house of representatives, and the supreme court shall adopt policies regarding the applicability of chapter 42.40 RCW to the senate, house of representatives, and judicial branch.

NEW SECTION. Sec. 8. The office of financial management shall contract for a performance audit of the state employee whistleblower program on a cycle to be determined by the office of financial management. The audit shall be done in accordance with generally accepted government auditing standards beginning with the fiscal year ending June 30, 2001. The audit shall determine at a minimum: Whether the program is acquiring, protecting, and using its resources such as personnel, property, and space economically and efficiently; the causes of inefficiencies or uneconomical practices; and whether the program has complied with laws and rules on matters of economy and efficiency. The audit shall also at a minimum determine the extent to which the desired results or benefits established by the legislature are being achieved, the effectiveness of the program, and whether the auditor has complied with significant laws and rules applicable to the program.

The cost of the audit is a cost of operating the program and shall be funded by the auditing services revolving account created by RCW 43.09.410.

Sec. 9. RCW 43.09.410 and 1995 c 301 s 25 are each amended to read as follows:

An auditing services revolving account is hereby created in the state treasury for the purpose of a centralized funding, accounting, and distribution of the actual costs of the audits provided to state agencies by the state auditor and audits of the state employee whistleblower program under section 8 of this act.

MESSAGE FROM THE HOUSE

April 17, 1999

MR. PRESIDENT:
The House insists on its position and asks the Senate to recede from its amendment(s) to ENGROSSED SECOND SUBSTITUTE HOUSE BILL NO. 1893, and the same are herewith transmitted.
MOTION

On motion of Senator Fraser, the Senate receded from it amendment(s) to Engrossed Second Substitute House Bill No. 1893.

MOTIONS

On motion of Senator Fraser, the rules were suspended, Engrossed Second Substitute House Bill No. 1893 was returned to second reading and read the second time.

Senator Fraser moved that the following striking amendment by Senators Fraser, Swecker, Betti Sheldon and Spanel be adopted:

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. The legislature finds that facilitating the environmental permit process will increase citizen satisfaction and compliance with state and local permit requirements. Lack of coordination in the processing of permit applications causes costly delays and frustration to the applicant. The public deserves a clear, predictable system for land-use decisions. The legislature also finds that permit issuance can be expedited by requiring state agencies and local jurisdictions to coordinate their permit processes.

Sec. 2. RCW 58.17.095 and 1986 c 233 s 1 are each amended to read as follows:

(1) A county, city, or town may adopt an ordinance providing for the administrative review of a preliminary plat without a public hearing (by adopting an ordinance providing for such administrative review). The ordinance may specify a threshold number of lots in a subdivision above which a public hearing must be held, and may specify other factors which necessitate the holding of a public hearing. (The administrative review process shall include the)

(2) If the county, city, or town has not adopted consolidated permitting procedures and time frames as provided in chapter 36.70B RCW, it shall conduct administrative review of preliminary plats consistent with the following minimum conditions:

(a) The notice requirements of RCW 58.17.090 shall be followed, except that the publication shall be made within ten days of the filing of the application. Additionally, at least ten days after the filing of the application notice both shall be: (by adopting an ordinance providing for such administrative review). The ordinance may specify a threshold number of lots in a subdivision above which a public hearing must be held, and may specify other factors which necessitate the holding of a public hearing. (The administrative review process shall include the)

(b) Any person shall have a period of twenty days from the date of the notice to comment upon the proposed preliminary plat. All comments received shall be provided to the applicant. The applicant has seven days from receipt of the comments to respond thereto.

(c) A public hearing on the proposed subdivision shall be held if any person files a request for a hearing with the county, city, or town within twenty-one days of the acceptable of such notice. If such a hearing is requested, notice requirements for the public hearing shall be in conformance with RCW 58.17.090, and the ninety-day period for approval or disapproval of the proposed subdivision provided for in RCW 58.17.140 shall commence with the date of the filing of the request for a public hearing. Any hearing ordered under this subsection shall be conducted by the planning commission or hearings officer as required by county or city ordinance.

(d) On its own initiative within twenty-one days of the filing of the request for approval of the subdivision, the governing body, or a designated employee or official, of the county, city, or town, shall be authorized to cause a public hearing to be held on the proposed subdivision within ninety days of the filing of the request for the subdivision.

(e) If the public hearing is waived as provided in this section, the planning commission or planning agency shall complete the review of the proposed preliminary plat and transmit its recommendation to the legislative body as provided in RCW 58.17.100.

(3) If the county, city, or town has adopted consolidated permitting procedures and time frames as provided in chapter 36.70B RCW, it may conduct administrative review of preliminary plats consistent with its procedures and time frames. At a minimum, local permitting procedures and time frames related to administrative review of preliminary plats shall provide for:
(a) Notice of application by publication, posting, and mailing. All forms of notice shall include a prominent statement that no public hearing will be held on the application, except as provided by this section. All forms of notice shall clearly state procedures and time frames for persons to make comments on the proposal and request a public hearing.

(b) Written comments on the application by any person. Comments received shall be provided to the applicant, and the applicant shall be provided seven days from receipt of the comments to respond thereto.

(c) A public hearing on the application if any person files a request for a hearing within the time frame specified. If a hearing is requested, notice requirements for the public hearing and the time frame for approval or disapproval of the application shall be consistent with other local permitting procedures. Any hearing conducted under this subsection shall be conducted by the planning commission or hearing officer as required by local ordinance.

(d) A public hearing on the application if the legislative or executive branch of the county, city, or town so requests within the time frame specified.

(e) Expedited agency review and transmittal of its recommendation on the application to the legislative body of the county, city, or town, if there is no request for public hearing.

Sec. 3. RCW 90.60.010 and 1995 c 347 s 601 are each amended to read as follows:

The legislature hereby finds and declares:

(1) Washington's environmental protection programs have established strict standards to reduce pollution and protect the public health and safety and the environment. The single-purpose programs instituted to achieve these standards have been successful in many respects, and have produced significant gains in protecting Washington's environment in the face of substantial population growth.

(2) Continued progress to achieve the environmental standards in the face of continued population growth will require greater coordination between the single-purpose environmental programs and more efficient operation of these programs overall. Pollution must be prevented and controlled and not simply transferred to another media or another place. This goal can only be achieved by maintaining the current environmental protection standards and by greater integration of the existing programs.

(3) As the number of environmental laws and regulations have grown in Washington, so have the number of permits required of business and government. This regulatory burden has significantly added to the cost and time needed to obtain essential permits in Washington. The increasing number of individual permits and permit authorities has generated the continuing potential for conflict, overlap, and duplication between the various state, local, and federal permits.

(4) The purpose of this chapter is to institute new, efficient procedures that will assist businesses and public agencies in complying with the environmental quality laws in an expedited fashion, without reducing protection of public health and safety and the environment.

(5) Those procedures need to provide a permit process that promotes effective dialogue and ensures ease in the transfer and clarification of technical information, while preventing duplication. It is necessary that the procedures establish a process for preliminary and ongoing meetings between the applicant, the coordinating permit agency, and the participating permit agencies, but do not preclude the applicant or participating permit agencies from individually coordinating with each other.

(6) It is necessary, to the maximum extent practicable, that the procedures established in this chapter ensure that the coordinated permit agency process and applicable permit requirements and criteria are integrated and run concurrently, rather than consecutively.

(7) It is necessary to provide a reliable and consolidated source of information concerning federal, state, and local environmental and land use laws and procedures that apply to any given proposal.

(8) It is the intent of this chapter to provide an optional process by which a project proponent may obtain active coordination of all applicable regulatory and land-use permitting procedures. This process is not to replace individual laws, or diminish the substantive decision-making role of individual jurisdictions. Rather it is to provide predictability, administrative consolidation, and, where possible, consolidation of appeal processes.

(9) It is also the intent of this chapter to provide, by providing an optional coordinated permit process, measures are taken by the parties that promote the public's trust and confidence in the underlying permit process, including providing consolidated, effective, and easier opportunities for members of the public to receive information and present their views about proposed projects.

Sec. 4. RCW 90.60.020 and 1995 c 347 s 602 are each amended to read as follows:

Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Center" means the permit assistance center established in the department by RCW 90.60.030.

(2) "Coordinating permit agency" means the permit agency that has the greatest overall jurisdiction over a project.

(3) "Department" means the department of ecology.

(4) "Local government" means counties, cities, and towns.
"Participating permit agency" means a permit agency, or a state agency or local government other than the coordinating permit agency, that is responsible for the issuance of a permit or use authorization for a project.

**MOTION**

Senator Tim Sheldon moved that the following amendments by Senators Tim Sheldon, Rasmussen, Benton and Morton to the striking amendment by Senators Fraser, Swecker, Betti Sheldon and Spanel be considered simultaneously and be adopted:

On page 9, after line 28 of the amendment, insert the following:

**Sec. 10.** RCW 75.20.100 and 1998 c 190 s 87 are each amended to read as follows:

1. In the event that any person or government agency desires to construct any form of hydraulic project or perform other work that will use, divert, obstruct, or change the natural flow or bed of any of the salt or fresh waters of the state, such person or government agency shall, before commencing construction or work thereon and to ensure the proper protection of fish life, secure the approval of the department as to the adequacy of the means proposed for the protection of fish life. This approval shall not be unreasonably withheld.

2. (a) Except as provided in RCW 75.20.1001, the department shall grant or deny approval of a standard permit within forty-five calendar days of the receipt of a complete application and notice of compliance with any applicable requirements of the state environmental policy act, made in the manner prescribed in this section.

(b) The applicant may document receipt of application by filing in person or by registered mail. A complete application for approval shall contain general plans for the overall project, complete plans and specifications of the proposed construction or work within the mean higher high water line in salt water or within the ordinary high water line in fresh water, and complete plans and specifications for the proper protection of fish life.

(c) The forty-five day requirement shall be suspended if:

(i) After ten working days of receipt of the application, the applicant remains unavailable or unable to arrange for a timely field evaluation of the proposed project;

(ii) The site is physically inaccessible for inspection; or

(iii) The applicant requests delay. Immediately upon determination that the forty-five day period is suspended, the department shall notify the applicant in writing of the reasons for the delay.

(d) For purposes of this section, "standard permit" means a written permit issued by the department when the conditions under subsections (3) and (5)(b) of this section are not met.

(3)(a) The department may issue an expedited written permit in those instances where normal permit processing would result in significant hardship for the applicant or unacceptable damage to the environment. In cases of imminent danger, the department shall issue an expedited written permit, upon request, for work to repair existing structures, move obstructions, restore banks, protect property, or protect fish resources. Expedited permit requests require a complete written application as provided in subsection (2)(b) of this section and shall be issued within fifteen calendar days of the receipt of a complete written application. Approval of an expedited permit is valid for up to sixty days from the date of issuance.
(b) For the purposes of this subsection, "imminent danger" means a threat by weather, water flow, or other natural conditions that is likely to occur within sixty days of a request for a permit application.

(c) The department may not require the provisions of the state environmental policy act, chapter 43.21C RCW, to be met as a condition of issuing a permit under this subsection.

(d) The department or the county legislative authority may determine if an imminent danger exists. The county legislative authority shall notify the department, in writing, if it determines that an imminent danger exists.

(4) Approval of a standard permit is valid for a period of up to five years from the date of issuance. The permittee must demonstrate substantial progress on construction of that portion of the project relating to the approval within two years of the date of issuance. If the department denies approval, the department shall provide the applicant, in writing, a statement of the specific reasons why and how the proposed project would adversely affect fish life. Based on sound science and applicable documentation. Protection of fish life shall be the only ground upon which approval may be denied or conditioned. Chapter 34.05 RCW applies to any denial of project approval, conditional approval, or requirements for project modification upon which approval may be contingent.

(5)(a) In case of an emergency arising from weather or stream flow conditions or other natural conditions, the department, through its authorized representatives, shall issue immediately, upon request, oral approval for removing any obstructions, repairing existing structures, restoring stream banks, or to protect property threatened by the stream or a change in the stream flow without the necessity of obtaining a written approval prior to commencing work. Conditions of an oral approval to protect fish life shall be established by the department and reduced to writing within thirty days and complied with as provided for in this section. Oral approval shall be granted immediately, upon request, for a stream crossing during an emergency situation.

(b) For purposes of this section and RCW 75.20.103, "emergency" means an immediate threat to life, the public, property, or of environmental degradation.

(c) The department or the county legislative authority may declare and continue an emergency when one or more of the criteria under (b) of this subsection are met. The county legislative authority shall immediately notify the department if it declares an emergency under this subsection.

(6) The department shall, at the request of a county, develop five-year maintenance approval agreements, consistent with comprehensive flood control management plans adopted under the authority of RCW 86.12.200, or other watershed plan approved by a county legislative authority, to allow for work on public and private property for bank stabilization, bridge repair, removal of sand bars and debris, channel maintenance, and other flood damage repair and reduction activity under agreed-upon conditions and times without obtaining permits for specific projects.

(7) This section shall not apply to the construction of any form of hydraulic project or other work which diverts water for agricultural irrigation or stock watering purposes authorized under or recognized as being valid by the state’s water codes, or when such hydraulic project or other work is associated with streambank stabilization to protect farm and agricultural land as defined in RCW 84.34.020. These irrigation or stock watering diversion and streambank stabilization projects shall be governed by RCW 75.20.103.

A landscape management plan approved by the department and the department of natural resources under RCW 76.09.350(2), shall serve as a hydraulic project approval for the life of the plan if fish are selected as one of the public resources for coverage under such a plan.

(8) For the purposes of this section and RCW 75.20.103, "bed" means the land below the ordinary high water lines of state waters. This definition does not include irrigation ditches, canals, storm water run-off devices, or other artificial watercourses except where they exist in a natural watercourse that has been altered by man.

(9) The phrase "to construct any form of hydraulic project or perform other work" does not include the act of driving across an established ford. Driving across streams or on wetted stream beds at areas other than established fords requires approval. Work within the ordinary high water line of state waters to construct or repair a ford or crossing requires approval.

This section does not apply to small scale prospecting and mining activities, which are governed by section 11 of this act.

NEW SECTION. Sec. 11. A new section is added to chapter 75.20 RCW to read as follows:

(1) Small scale prospecting and mining is exempt from the provisions of this chapter, provided that fish eggs or fry are not affected at any time.

(2) For the purposes of this chapter, "small scale prospecting and mining" means the use of methods such as pans, nonmotorized sluice boxes no larger than five feet long in the greatest dimension, nonmotorized concentrators no longer than five feet long in the greatest dimension, and nonmotorized minirotcher boxes no longer than five feet long in the greatest dimension for the discovery and recovery of minerals at or below the ordinary high water mark.

Renumber the remaining sections consecutively and correct any internal references accordingly.
On page 10, beginning on line 32 of the amendment, after "(2)" strike all material through "immediately" on line 35 and insert "Sections 7, 10, and 11 of this act are necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions and take effect immediately"

NEW SECTION. Sec. 609. SEVERABILITY CLAUSE. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.
NEW SECTION. Sec. 1. A task force to study and make recommendations regarding the date for primary elections as provided in this act is established.

NEW SECTION. Sec. 2. The legislature finds that:

(1) The current statute relating to the timing of the primary election may not allow adequate time for absentee voters, especially military personnel living overseas, to review the candidates and issues appearing on the general election ballot before casting their votes;

(2) The proliferation of permanent absentee voters presents increasing difficulties for county auditors to canvass ballots in a timely way, which in turn may adversely affect the general election campaign of a candidate involved in a close primary race; and

(3) A delay in counting votes and processing ballots negatively impacts the public's right to timely election results and thus harms our electoral process.

Therefore, the mission of the task force includes, but is not limited to, a review of issues relating to the timing of the primary election, the canvassing of ballots, and the certification of election results. The task force shall consider alternatives to the current statutes that relate to these issues, and shall provide recommendations accordingly.

NEW SECTION. Sec. 3. The task force membership consists of the following thirteen members:

(1) Three citizen members from across the state, appointed jointly by the secretary of state, the president of the senate, and the co-speakers of the house of representatives;

(2) Two members of the senate, one from each of the largest two caucuses, appointed by the president of the senate, and two members of the house of representatives, one from each of the largest two caucuses, appointed by the co-speakers of the house of representatives;

(3) The secretary of state or the secretary's designee;

(4) Three county elections officials designated by the Association of County Officials; and

(5) A representative of each major political party in the state, appointed by the chair of the state central committee for the party.

NEW SECTION. Sec. 4. The task force shall report its recommendations to the governor, the secretary of state, and the appropriate standing committees of the senate and house of representatives no later than December 1, 1999. The task force terminates on December 31, 1999.

Sec. 5. RCW 29.62.020 and 1995 c 139 s 2 are each amended to read as follows:

(1) No later than the tenth day after a special election or primary and no later than the fifteenth day after a general election, the county auditor shall convene the county canvassing board to process the absentee ballots and canvass the votes cast at that primary or election. At least every third day after a special election, primary, or general election and before certification of the election results, excepting Sundays and legal holidays, the county auditor shall convene the county canvassing board to process absentee ballots and canvass the votes cast at that special election, primary, or general election. Each time the canvassing board is convened before its final canvass of ballots, the canvassing board shall process all but fifty absentee ballots in the possession of the county auditor that have not been processed and were either received by the auditor on or before the day before the close of the polls on the day of the election or primary for which they were issued or that bear a date of mailing on or before the date for which they are issued. The tabulation of votes that results from that day's canvass must be made available to the general public immediately upon completion of the canvass.

(2) On the tenth day after a special election or a primary and on the fifteenth day after a general election, the canvassing board shall complete the canvass and certify the results. Each absentee ballot that was returned before the closing of the polls on the date of the primary or election for which it was issued, and each absentee ballot with a date of mailing on or before the date of the primary or election for which it was issued and received on or before the date on which the primary or election is certified, shall be included in the canvass report.

At the request of any caucus of the state legislature, the county auditor shall transmit copies of all unofficial returns of state and legislative primaries or elections prepared by or for the county canvassing board to either the secretary of the senate or the chief clerk of the house.

PART I
ABSENTEE VOTING

Sec. 6. RCW 29.36.010 and 1991 c 81 s 29 are each amended to read as follows:

ABSENTEE BALLOT VOTING. Any registered voter of the state or any out-of-state voter, overseas voter, or service voter may vote by absentee ballot in any general election, special election, or primary in the manner provided in this chapter. Out-of-state...
voters, overseas voters, and service voters are authorized to cast the same ballots, including those for special elections, as a registered voter of the state would receive under this chapter.

(41) Except as provided in subsections (2) and (3) of this section, in RCW 29.36.013, and in RCW 29.36.170, a registered voter or elector desiring to cast an absentee ballot must request the absentee ballot from his or her county auditor no earlier than forty-five days nor later than the day before any election or primary. Except as provided in subsection (3) of this section and in RCW 29.36.170, the request may be made orally in person, by telephone, or in writing. An application or request for an absentee ballot made under the authority of any federal statute or regulation shall be considered and given the same effect as a request for an absentee ballot under this chapter.

(2) For any registered voter, a request for an absentee ballot for a primary shall be honored as a request for an absentee ballot for the following general election if the voter so indicates in his or her request. For any out-of-state voter, overseas voter, or service voter, a request for an absentee ballot for a primary election shall also be honored as a request for an absentee ballot for the following general election.

(3) A voter admitted to a hospital no earlier than five days before a primary or election and confined to the hospital on election day may apply by messenger for an absentee ballot on the day of the primary or election if a signed statement from the hospital administrator, or designee, verifying the voter's date of admission and status as a patient in the hospital on the day of the primary or election is attached to the voter's written application for an absentee ballot.

(4) In a voter's request for an absentee ballot, the voter shall state the address to which the absentee ballot should be sent. A request for an absentee ballot from an out-of-state voter, overseas voter, or service voter shall state the address of that elector's last residence for voting purposes in the state of Washington and either a written application or the oath on the return envelope shall include a declaration of the other qualifications of the applicant as an elector of this state. A request for an absentee ballot from any other voter shall state the address at which that voter is currently registered to vote in the state of Washington or the county in which the voter is registered.

(5) A request for an absentee ballot from a registered voter who is within this state shall be made directly to the auditor of the county in which the voter is registered. An absentee ballot request from a registered voter who is temporarily outside this state or from an out-of-state voter, overseas voter, or service voter may be made either to the appropriate county auditor or to the secretary of state, who shall promptly forward the request to the appropriate county auditor. No person, organization, or association may distribute absentee ballot applications within this state that contain any return address other than that of the appropriate county auditor.

(6) A person may request an absentee ballot for use by the person as a registered voter and may request an absentee ballot on behalf of any member of that person's immediate family who is a registered voter for use by the family member. As a means of ensuring that a person who requests an absentee ballot is requesting the ballot for only that person or a member of the person's immediate family, the secretary of state shall adopt rules prescribing the circumstances under which an auditor may require a person who requests an absentee ballot to identify the date of birth of the voter for whom the ballot is requested; and may deny a request which is not accompanied by this information.)

NEW SECTION. Sec. 7. A new section is added to chapter 29.36 RCW to read as follows:

REQUEST FOR SINGLE ABSENTEE BALLOT. (1) Except as otherwise provided by law, a registered voter or out-of-state voter, overseas voter, or service voter desiring to cast an absentee ballot at a single election or primary must request the absentee ballot from his or her county auditor no earlier than ninety days nor later than the day of the election or primary at which the person seeks to vote. Except as otherwise provided by law, the request may be made orally in person, by telephone, electronically, or in writing. An application or request for an absentee ballot made under the authority of a federal statute or regulation will be considered and given the same effect as a request for an absentee ballot under this chapter.

(2) A voter requesting an absentee ballot for a primary may also request an absentee ballot for the following general election. A request by an out-of-state voter, overseas voter, or service voter for an absentee ballot for a primary election will be considered as a request for an absentee ballot for the following general election.

(3) In requesting an absentee ballot, the voter shall state the address to which the absentee ballot should be sent. A request for an absentee ballot from an out-of-state voter, overseas voter, or service voter must include the address of the last residence for voting purposes in the state of Washington and either a written application or the oath on the return envelope must include a declaration of the other qualifications of the applicant as an elector of this state. A request for an absentee ballot from any other voter must state the address at which that voter is currently registered to vote in the state of Washington or the county auditor shall verify that information from the voter registration records of the county.

(4) A request for an absentee ballot from a registered voter who is within this state must be made directly to the auditor of the county in which the voter is registered. An absentee ballot request from a registered voter who is temporarily outside this state or from an out-of-state voter, overseas voter, or service voter may be made either to the appropriate county auditor or to the secretary of state, who shall promptly forward the request to the appropriate county auditor. No person, organization, or association
may distribute absentee ballot applications within this state that contain a return address other than that of the appropriate county auditor.

**NEW SECTION, Sec. 8.** A new section is added to chapter 29.36 RCW to read as follows:

REQUESTING ABSENTEE BALLOT FOR FAMILY MEMBER. A registered voter may request an absentee ballot on behalf of and for use by a member of his or her immediate family who is also a registered voter. As a means of ensuring that a person who requests an absentee ballot is requesting the ballot for only that person or a member of the person’s immediate family, the secretary of state shall adopt rules prescribing the circumstances under which an auditor may require a person who requests an absentee ballot to identify the date of birth of the voter for whom the ballot is requested and under what circumstances the auditor may deny a request that is not accompanied by this information.

**Sec. 9.** RCW 29.36.013 and 1993 c 418 s 1 are each amended to read as follows:

REQUEST FOR ONGOING ABSENTEE VOTER STATUS. Any registered voter may apply, in writing, for status as an ongoing absentee voter. Each qualified applicant shall automatically receive an absentee ballot for each ensuing election or primary for which (he or she) the voter is entitled to vote and need not submit a separate request for each election. Ballots received from ongoing absentee voters shall be validated, processed, and tabulated in the same manner as other absentee ballots.

Status as an ongoing absentee voter shall be terminated upon any of the following events:

1. The written request of the voter;
2. The death or disqualification of the voter;
3. The cancellation of the voter’s registration record; ((ee))
4. The return of an ongoing absentee ballot as undeliverable; or
5. A voter being placed on inactive status.

**Sec. 10.** RCW 29.36.170 and 1991 c 81 s 35 are each amended to read as follows:

SPECIAL ABSENTEE BALLOT. (1) As provided in this section, county auditors shall provide special absentee ballots to be used for state primary or state general elections. An auditor shall provide a special absentee ballot ((shall) only ((be provided)) to a registered voter who completes an application stating that:

(a) The voter believes that she or he will be residing or stationed or working outside the continental United States; and
(b) The voter believes that she or he will be unable to vote and return a regular absentee ballot by normal mail delivery within the period provided for regular absentee ballots.

The application for a special absentee ballot may not be filed earlier than ninety days before the applicable state primary or general election. The special absentee ballot ((shall) will list the offices and measures, if known, scheduled to appear on the state primary or general election ballot. The voter may use the special absentee ballot to write in the name of any eligible candidate for each office and vote on any measure.

(2) With any special absentee ballot issued under this section, the county auditor shall include a listing of any candidates who have filed before the time of the application for offices that will appear on the ballot at that primary or election and a list of any issues that have been referred to the ballot before the time of the application.

(3) Write-in votes on special absentee ballots ((shall) must be counted in the same manner provided by law for the counting of other write-in votes. The county auditor shall process and canvass the special absentee ballots provided under this section in the same manner as other absentee ballots under chapters 29.36 and 29.62 RCW.

(4) A voter who requests a special absentee ballot under this section may also request an absentee ballot under ((RCW 29.36.010)) section 7(4) of this act. If the regular absentee ballot is properly voted and returned, the special absentee ballot ((shall be deemed)) is void, and the county auditor shall reject it in whole when special absentee ballots are canvassed.

**Sec. 11.** RCW 29.36.030 and 1991 c 81 s 31 are each amended to read as follows:

ISSUANCE OF ABSENTEE BALLOT. (1) The county auditor shall issue an absentee ballot for the primary or election for which it was requested, or for the next occurring primary or election when ongoing absentee status has been requested if the information contained in a request for an absentee ballot or ongoing absentee status received by the county auditor is complete and correct and the applicant is qualified to vote under federal or state law. (In the county auditor shall issue an absentee ballot for the primary or election for which the absentee ballot was requested). Otherwise, the county auditor shall notify the applicant of the reason or reasons why the request cannot be accepted. Whenever two or more candidates have filed for the position of precinct committee officer for the same party in the same precinct at a general election held in an even-numbered year, the contest for that position must be presented to absentee voters from that precinct by either including the contest on the regular absentee ballot or a separate absentee ballot.

(At each general election in an even-numbered year, each absentee voter shall also be given a separate ballot containing the names of the candidates that have filed for the office of precinct committee officer unless fewer than two candidates have filed for the same political party in the absentee voter’s precinct. The ballot shall provide space for writing in the name of additional candidates.
When mailing an absentee ballot to a registered voter temporarily outside the state or to an out-of-state voter, overseas voter, or service voter, the county auditor shall send: (1) A registered voter may obtain a replacement ballot if the ballot is destroyed, spoiled, lost, or not received by the voter. The voter may obtain the ballot by telephone request, by mail, electronically, or in person. The county auditor shall keep a record of each replacement ballot provided under this subsection.

(3) A copy of the state voters' and candidates' pamphlet must be sent to registered voters temporarily outside the state, out-of-state voters, overseas voters, and service voters along with the absentee ballot if such a pamphlet has been prepared for the primary or election. The county auditor shall mail all absentee ballots and related material to voters outside the territorial limits of the United States and the District of Columbia under 39 U.S.C. 3406.

Sec. 12. RCW 29.36.035 and 1984 c 27 s 2 are each amended to read as follows:

DELIVERY OF ABSENTEE BALLOT. The delivery of an absentee ballot for any primary or election shall be subject to the following qualifications:

(1) Only the registered voter personally, or a member of his immediate family may pick up an absentee ballot for the voter at the office of the issuing officer unless the voter is a resident of a health care facility, as defined by RCW 70.37.020(3), on election day and applies by messenger (in accordance with RCW 29.36.040) for an absentee ballot (on the day of the primary or election). In this latter case, the messenger may pick up the voter's absentee ballot.

(2) Except as noted in subsection (1) of this section, the issuing officer shall mail or deliver the absentee ballot directly to each applicant.

Sec. 13. RCW 29.36.045 and 1987 c 346 s 12 are each amended to read as follows:

ENVELOPES AND INSTRUCTIONS. The county auditor shall send each absentee voter a ballot, a security envelope in which to seal the ballot after voting, a larger envelope in which to return the security envelope; removal of security envelopes from the return envelopes; removal of ballots from the security envelopes; manual inspection for damage, for write-in votes, and for incorrect or incomplete marks; duplication of damaged and write-in ballots; and other preparation of ballots for final processing.

NEW SECTION. Sec. 14. A new section is added to chapter 29.36 RCW to read as follows:

DEFINITIONS. For purposes of canvassing and counting absentee ballots:

(1) “Initial processing” means all steps taken to prepare absentee ballots for tabulation, except for the reading of ballots by an electronic vote tallying system. Initial processing includes, but is not limited to, verification of signatures on return envelopes; removal of security envelopes from the return envelopes; removal of ballots from the security envelopes; manual inspection for damage, for write-in votes, and for incorrect or incomplete marks; duplication of damaged and write-in ballots; and other preparation of ballots for final processing.

(2) “Final processing” means the reading of ballots by an electronic vote tallying system, but does not include tabulation.

(3) “Tabulation” means the production of returns of votes cast regarding candidates or measures in a form that can be read by a person, whether as precinct totals, partial cumulative totals, or final cumulative totals.

NEW SECTION. Sec. 15. A new section is added to chapter 29.36 RCW to read as follows:

OBSERVERS. (1) Before initial processing of absentee ballots, the county auditor shall notify the county chair of each major political party of the time and date on which absentee processing will begin, and shall request that each major political party appoint official observers to observe the processing and tabulation of absentee ballots. If a major political party has appointed observers, the observers may be present for initial processing, final processing, or tabulation, if they so choose, but failure to appoint or attend does not preclude the processing or tabulation of absentee ballots.

(2) The auditor shall adopt administrative procedures for the initial and final processing of absentee ballots. Copies of these administrative procedures must be made available to the political party observers, and to the public upon request.

Sec. 16. RCW 29.36.060 and 1991 c 81 s 32 are each amended to read as follows:
PROCESSING ABSENTEE BALLOTS. (The opening and subsequent processing of return envelopes for any primary or election may begin on or after the tenth day prior to such primary or election. The opening of the security envelopes and tabulation of absentee ballots shall not commence until after 8:00 o’clock p.m. on the day of the primary or election.

After opening the return envelopes, the county canvassing board shall place all of the ballot envelopes in containers that can be secured with numbered seals. These sealed containers shall be stored in a secure location until after 8:00 o’clock p.m. of the day of the primary or election. Absentee ballots that are to be tabulated on an electronic vote tallying system may be taken from the inner envelopes and all the normal procedural steps may be performed to prepare these ballots for tabulation before sealing the containers.

(1) Before opening a returned absentee ballot, the canvassing board, or its designated representatives, shall examine the postmark, statement, and signature on (each) the return envelope (containing) that contains the security envelope and absentee ballot. They shall verify that the voter’s signature on the return envelope is the same as the signature of that voter in the registration files (for that voter) of the county. For (absentee) registered voters (other than out-of-state voters, overseas voters, and service voters, if the postmark is illegible) casting absentee ballots, the date on the return envelope to which the voter (attests shall) has attested determining the validity, as to the time of voting (for) for that absentee ballot (under this chapter) if the postmark is missing or is illegible. For out-of-state voters, overseas voters, and service voters, the date on the return envelope to which the voter has attested determines the validity as to the time of voting for that absentee ballot. For any absentee (voter) ballot, a variation between the signature of the voter on the return envelope and the signature of that voter in the registration files due to the substitution of initials or the use of common nicknames is permitted so long as the surname and handwriting are clearly the same.

(2) Absentee ballot return envelopes for a primary or election may be opened for initial processing on or after the tenth day before that primary or election.

(3) After opening the return envelopes, the county canvassing board shall either:
   (a) Place all of the security envelopes containing the absentee ballots in containers, and secure the containers with numbered seals; or
   (b) In the case of absentee ballots that will be tabulated on an electronic vote tallying system, open the security envelopes, perform the initial processing, place the absentee ballots in containers, and keep the containers in secure storage until the ballots are ready for final processing.

(4) The canvassing board, or its designated representatives, shall establish audit procedures that insure that the absentee ballots are kept in secure storage during the initial processing period.

(5) The absentee ballots must not be removed from secure storage until final processing begins. Final processing may not begin before 7:00 a.m. on the day of the primary or election. In counties using electronic vote tallying systems, the absentee ballots must be tabulated under continuous observation of representatives of the major political parties, and all other security provisions required by the secretary of state under RCW 29.04.210 and 29.36.150. No results from tabulation of absentee ballots may be produced or distributed until after 8:00 p.m. on the day of the primary or election.

Sec. 17. RCW 29.36.070 and 1990 c 262 s 2 are each amended to read as follows:
COUNTING ABSENTEE BALLOTS. The absentee ballots (shall be grouped and counted by) must be reported at a minimum on a congressional and legislative district (without regard to) basis. Absentee ballots may be counted by congressional or legislative basis or by individual precinct, except as required under RCW 29.62.090(2).

These returns (shall) must be added to the total of the votes cast at the polling places.

Sec. 18. RCW 29.36.075 and 1988 c 181 s 3 are each amended to read as follows:
PROCESSING DETAILS. (In counties that do not tabulate absentee ballots on electronic vote tallying systems, canvassing boards may not tabulate or record votes cast by absentee ballots on any uncontested office except write-in votes for candidates for the office of precinct committeeperson who have filed valid declarations of candidacy under RCW 29.04.180. “Uncontested office” means an office where only one candidate has filed a valid declaration of candidacy either during the regular filing period or as a write-in candidate under RCW 29.04.180.)

Each registered voter casting an absentee ballot (shall) will be credited with voting on his or her voter registration record. Absentee ballots (shall) must be retained for the same length of time and in the same manner as ballots cast at the precinct polling places.

Sec. 19. RCW 29.36.097 and 1991 c 81 s 33 are each amended to read as follows:
ABSENTEE BALLOT RECORDS. Each county auditor shall maintain in his or her office, open for public inspection and copying, a record of the requests he or she has received for absentee ballots (under this chapter), a listing of all ongoing absentee voters, and a daily cumulative listing of the names of voters whose absentee ballots have been returned before each primary and election.
The information from the requests (shall) must be recorded and lists of this information (shall) must be available no later than (twenty-four hours) the next business day after their receipt. Lists of ongoing absentee voters must be available at all times.

This information about absentee voters (shall) requesting ballots will be available according to the date of the requests and by legislative district. It (shall) must include the name of each applicant, the address and precinct in which the voter maintains a voting residence, the date on which an absentee ballot was issued to this voter, if applicable, the type of absentee ballot, and the address to which the ballot was or is to be mailed, if applicable, and the names of the voters whose absentee ballots have been returned.

The auditor shall make copies of these records available to the public in either paper or electronic format for the actual cost of production or copying.

**Sec. 20.** RCW 29.36.100 and 1987 c 346 s 18 are each amended to read as follows:

**CHALLENGED ABSENTEE BALLOTS.** The qualifications of any absentee voter may be challenged at the time the signature on the return envelope is verified and the ballot is processed by the canvassing board. The board has the authority to determine the legality of any absentee ballot challenged under this section. Challenged ballots must be handled in accordance with chapter 29.10 RCW.

**Sec. 21.** RCW 29.36.150 and 1993 c 417 s 7 are each amended to read as follows:

The secretary of state shall adopt rules implementing this chapter, including rules to:

1. Establish standards and procedures to prevent fraud and to facilitate the accurate processing and canvassing of absentee ballots ((and mail ballots));
2. Establish standards and procedures to guarantee the secrecy of absentee ballots ((and mail ballots));
3. Provide uniformity among the counties of the state in the conduct of absentee voting ((and mail ballot elections));
4. Facilitate the operation of the provisions of this chapter regarding out-of-state voters, overseas voters, and service voters;
5. Provide flexible requirements for persons confined in health care facilities to apply for and receive absentee ballots; and

The secretary of state shall produce and furnish envelopes and instructions for out-of-state voters, overseas voters, and service voters to the county auditors.

**Sec. 22.** RCW 29.36.160 and 1994 c 269 s 2 are each amended to read as follows:

A person who willfully violates any provision of this chapter regarding the assertion or declaration of qualifications to receive or cast an absentee ballot((i)) or unlawfully casts a vote by absentee ballot((or willfully violates any provision regarding the conduct of mail ballot primaries or elections under RCW 29.36.120 through 29.36.139)) is guilty of a class C felony punishable under RCW 9A.20.021. Except as provided in chapter 29.85 RCW a person who willfully violates any other provision of this chapter is guilty of a misdemeanor.

**NEW SECTION.** Sec. 23. A new section is added to chapter 29.54 RCW to read as follows:

The secretary of state shall adopt rules providing for posters summarizing election crimes and maximum penalties to be displayed prominently in all locations where absentee ballots and ballots picked up from precincts are processed and tabulated.

**PART II**

**MAIL BALLOTS**

**Sec. 24.** RCW 29.36.120 and 1994 c 269 s 1 and 1994 c 57 s 48 are each reenacted and amended to read as follows:

MAIL BALLOT PRECINCTS. ((At any primary or election, general or special)) The county auditor may((in)) designate any precinct having fewer than two hundred active registered voters at the time of closing of voter registration as provided in RCW 29.07.160 ((conduct the voting in that precinct by)) as a mail ballot precinct. ((For any precinct having fewer than two hundred active registered voters where voting at a primary or a general election is conducted by mail ballot, the county auditor shall, not less than fifteen days prior to the date of that primary or general election, mail or deliver to each active and inactive registered voter within that precinct a notice that the voting in that precinct will be by mail ballot, an application form for a mail ballot, and a postage prepaid envelope, preaddressed to the issuing officer. A mail ballot shall be issued to each voter who returns a properly executed application to the county auditor no later than the day of that primary or general election. For all subsequent mail ballot elections in that precinct the application is valid so long as the voter remains active and qualified to vote.)) The county auditor shall notify each registered voter by mail that for all future primaries and elections the voting in his or her precinct will be by mail ballot only. In determining the number of registered voters in a precinct for the purposes of this section, persons who are ongoing
absentee voters under RCW 29.36.013 (as recodified by this act) shall not be counted. Nothing in this section may be construed as altering the vote tallying requirements of RCW 29.62.090.

(At any nonpartisan special election not being held in conjunction with a state primary or general election, the county, city, town, or district requesting the election pursuant to RCW 29.13.010 or 29.13.020 may also request that the election be conducted by mail ballot. The county auditor may honor the request or may determine that the election is not to be conducted by mail ballot. The decision of the county auditor in this regard is final.

In no instance shall any special election be conducted by mail ballot in any precinct with two hundred or more active registered voters if candidates for partisan office are to be voted upon.

For all special elections not being held in conjunction with a state primary or state general election where voting is conducted by mail ballot, the county auditor shall, not less than fifteen days prior to the date of such election, mail or deliver to each active registered voter a mail ballot and an envelope, preaddressed to the issuing officer.) As soon as ballots are available, the county auditor shall mail or deliver a ballot and an envelope, preaddressed to the issuing officer, to each active registered voter. The auditor shall send each inactive voter either a ballot or an application to receive a ballot. The auditor shall determine which of the two is to be sent. If the inactive voter returns a voted ballot, the ballot shall be counted and the voter's status restored to active. If the inactive voter completes and returns an application, a ballot shall be sent and the voter's status restored to active.

(((2) For a two year period beginning on June 9, 1994, and ending two years after June 9, 1994, the county auditor may conduct the voting in any precinct by mail for any primary or election, partisan or nonpartisan, using the procedures set forth in RCW 29.36.120 through 29.36.139.))

If the precinct exceeds two hundred registered voters, or the auditor determines to return to a polling place election environment, the auditor shall notify each registered voter, by mail, of this and shall provide the address of the polling place to be used.

Sec. 25. RCW 29.36.121 and 1994 c 57 s 49 are each amended to read as follows:

MAIL BALLOT SPECIAL ELECTIONS. (((4))) At any nonpartisan special election not being held in conjunction with a state primary or general election, the county, city, town, or district requesting the election pursuant to RCW 29.13.010 or 29.13.020 may also request that the special election be conducted by mail ballot. The county auditor may honor the request or may determine that the election is not to be conducted by mail ballot. The decision of the county auditor in this regard is final.

((2)) In an odd-numbered year, the county auditor may conduct by mail ballot a primary or a special election concurrently with the primary:

(a) For any office or ballot measure of a special purpose district which is entirely within the county;

(b) For any office or ballot measure of a special purpose district which lies in the county and one or more other counties if the auditor first secures the concurrence of the county auditors of those other counties to conduct the primary in this manner district-wide; and

(c) For any ballot measure or nonpartisan office of a county, city, or town if the auditor first secures the concurrence of the legislative authority of the county, city, or town involved.

A primary in an odd-numbered year may not be conducted by mail ballot in any precinct with two hundred or more active registered voters if a partisan office or state office or state ballot measure is to be voted upon at that primary in the precinct.

(3) For all special elections not being held in conjunction with a state primary or state general election where voting is conducted by mail ballot, the county auditor shall, not less than fifteen days before the date of such election, mail or deliver to each registered voter a mail ballot ((and an envelope, preaddressed to the issuing officer. The county auditor shall notify an election jurisdiction for which a primary is to be held that the primary will be conducted by mail ballot.)). The auditor shall handle inactive voters in the same manner as inactive voters in mail ballot precincts.

(4) To the extent they are not inconsistent with subsections (1) through (3) of this section, the laws governing the conduct of mail ballot special elections apply to nonpartisan primaries conducted by mail ballot.)

For a special election conducted by mail ballot, the county auditor shall include with the ballot a clear explanation of the qualifications necessary to vote in that election and shall also advise a voter with questions about his or her eligibility to contact the county auditor. This explanation may be provided on the ballot envelope, provided on an enclosed insert, or printed directly on the ballot itself. If this information is included, vote by mail special election ballots may be forwarded to voters in the same manner as absentee ballots. If the information is not included in the instructions, the envelope must clearly indicate that the ballot is not to be forwarded and that return postage is guaranteed.

NEW SECTION. Sec. 26. ODD-YEAR PRIMARIES BY MAIL. In an odd-numbered year, the county auditor may conduct a primary or a special election by mail ballot concurrently with the primary:

(1) For an office or ballot measure of a special purpose district that is entirely within the county;
(2) For an office or ballot measure of a special purpose district that lies in the county and one or more other counties if the auditor first secures the concurrence of the county auditors of those other counties to conduct the primary in this manner district-wide; and

(3) For a ballot measure or nonpartisan office of a county, city, or town if the auditor first secures the concurrence of the legislative authority of the county, city, or town involved.

The county auditor shall notify an election jurisdiction for which a primary is to be held that the primary will be conducted by mail ballot.

A primary in an odd-numbered year may not be conducted by mail ballot in a precinct with two hundred or more active registered voters if a partisan office or state office or state ballot measure is to be voted upon at that primary in the precinct.

To the extent they are not inconsistent with other provisions of law, the laws governing the conduct of mail ballot special elections apply to nonpartisan primaries conducted by mail ballot.

Sec. 27. RCW 29.36.124 and 1983 1st ex.s. c 71 s 3 are each amended to read as follows:

DEPOSITING BALLOTS FOR MAIL BALLOT ELECTIONS. (((4))) If a county auditor conducts an election by mail, the county auditor shall designate the county auditor's office ((or a central location in the district in which the election is conducted)) as the single place to obtain a replacement ballot. The county auditor also shall designate one or more places for the deposit of ballots not returned by mail. The places designated under this section shall be open on the date of the election for a period of at least thirteen hours, beginning at 7:00 a.m. and ending at 8:00 p.m., and at any other times designated by the county auditor.

(((2))) A registered voter may obtain a replacement ballot as provided in this subsection if the ballot is destroyed, spoiled, lost, or not received by the voter. A registered voter seeking a replacement ballot shall sign a sworn statement that the ballot was destroyed, spoiled, lost, or not received and shall present the statement to the county auditor no later than the day of the election. Each spoiled ballot must be returned to the county auditor before a new one is issued. The county auditor shall keep a record of each replacement ballot provided under this subsection.))

Sec. 28. RCW 29.36.126 and 1993 c 417 s 4 are each amended to read as follows:

RETURN OF VOTED BALLOT BY VOTER. (((Upon receipt of the mail ballot, the voter shall mark it, sign the return identification envelope supplied with the ballot, and comply with the instructions provided with the ballot. The voter may return the marked ballot to the county auditor. The ballot must be returned by law))) The voter shall return the ballot to the county auditor in the return identification envelope. If mailed, a ballot must be postmarked not later than the date of the primary or election. Otherwise, the ballot must be deposited at the office of the county auditor or the designated place of deposit not later than 8:00 p.m. on the date of the primary or election.

Sec. 29. RCW 29.36.130 and 1993 c 417 s 5 are each amended to read as follows:

BALLOT CONTENTS--COUNTING. All mail ballots authorized by RCW 29.36.120 or 29.36.121 ((shall)) (as recodified by this act) or section 26 of this act must contain the same offices, names of nominees or candidates, and propositions to be voted upon, including precinct offices, as if the ballot had been voted in person at the polling place. Except as otherwise provided ((in this chapter)) by law, mail ballots ((shall)) must be (issued and canvassed) treated in the same manner as absentee ballots issued (pursuant to) at the request of the voter. (((The county canvassing board, at the request of the county auditor, may direct that mail ballots be counted on the day of the election. If such count is made, it must be done in secrecy in the presence of the canvassing board or their authorized representatives and the results not revealed to any unauthorized person until 8:00 p.m. or later if the auditor so directs.))) If electronic vote tallying devices are used, political party observers ((shall be afforded)) must be given the opportunity to be present, and a test of the equipment must be performed as required by RCW 29.33.350 ((prior to the count of)) before tabulating ballots. Political party observers may select at random ballots to be counted manually as provided by RCW 29.54.025. Any violation of the secrecy of ((such)) the count ((shall be)) is subject to the same penalties as provided for in RCW 29.85.225.

NEW SECTION. Sec. 30. RULES. The secretary of state shall adopt rules to:

(2) Establish standards and procedures to guarantee the secrecy of mail ballots;

(3) Provide uniformity among the counties of the state in the conduct of mail ballot elections; and

(4) Provide for requests for a replacement ballot at a mail ballot election to be made electronically.

The secretary of state shall produce and furnish envelopes and instructions for mail ballot elections for all out-of-state, overseas voters, and service voters.

NEW SECTION. Sec. 31. PENALTY. A person who willfully violates any provision of this chapter regarding the conduct of mail ballot primaries or elections is guilty of a class C felony punishable under RCW 9A.20.021.

PART III
Sec. 32. RCW 29.36.050 and 1987 c 346 s 13 are each amended to read as follows:
A registered voter shall not be allowed to vote a regular ballot in the precinct in which he or she is registered at any election or primary for which that voter has requested an absentee ballot or if the voter is an ongoing absentee voter. A registered voter who has requested an absentee ballot for a primary or special or general election or who is an ongoing absentee voter but chooses to vote at the voter's precinct polling place in that primary or election must be issued and allowed to cast a special ballot. The canvassing board shall not count the ballot if it finds that the voter has also voted by absentee ballot in that primary or election.

Sec. 33. RCW 29.54.085 and 1990 c 59 s 33 are each amended to read as follows:
(1) The ballots picked up from the precincts during the polling hours may be counted initially and finally processed, but not tabulated, before the polls have closed. Results of paper ballots that were tabulated at precinct polling sites before the close of polls under RCW 29.54.018 must be held in secrecy until the polls have been closed (as provided by RCW 29.54.018).
(2) Upon breaking the seals and opening the ballot containers from the precincts or opening the inner security envelopes for absentee ballots, all voted ballots shall be manually inspected for damage, write-in votes, and incorrect or incomplete marks. If it is found that any ballot is damaged or has incorrect or incomplete marks so that it cannot properly be counted by the vote tallying system, a true duplicate copy shall be made of the original ballot in the presence of witnesses and substituted for the original ballot. All original ballots for which a true duplicate copy has been made shall be kept by the county auditor until sixty days after the primary or election. Ballots may not be enhanced, except that where a voter makes a write-in vote but fails to otherwise mark a ballot indicating that a write-in vote has been made, the ballot may be enhanced by making the mark indicating that a write-in vote has been made.
Notice of the making of true duplicate copies of original ballots or enhancing ballots, as authorized in this subsection, shall be made in the same manner as notice of a special meeting is made under RCW 42.30.080 and shall also be made to the chair of the county central committee of each major political party in the county.
(3) The returns produced by the vote tallying system, to which have been added the counts of questioned ballots, write-in votes, and absentee votes, constitute the official returns of the primary or election in that county.

MR. PRESIDENT:

The House has passed SUBSTITUTE SENATE BILL NO. 5781 with the following amendment(s):

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 82.04.4453 and 1996 c 128 § 1 are each amended to read as follows:

(1) Employers in this state who are taxable under this chapter and provide financial incentives to their employees for ride sharing, for using public transportation, or for using nonmotorized commuting before June 30, 2000, shall be allowed a credit for amounts paid to or on behalf of employees for ride sharing in vehicles carrying two or more persons, for using public transportation, or for using nonmotorized commuting, not to exceed sixty dollars per employee per year. The credit shall be equal to the amount paid to or on behalf of each employee multiplied by fifty percent, but may not exceed sixty dollars per employee per year.

(a) Employers in this state who are taxable under this chapter and provide financial incentives to their employees for ride sharing, for using public transportation, or for using nonmotorized commuting before June 30, 2006, shall be allowed a credit for amounts paid to or on behalf of employees for ride sharing in vehicles carrying two or more persons, for using public transportation, or for using nonmotorized commuting, not to exceed sixty dollars per person per year. A person may not take a credit under this section for amounts claimed for credit by other persons.

(b) Property managers who are taxable under this chapter and provide financial incentives to persons employed at a worksite managed by the property manager in this state for ride sharing, for using public transportation, or for using nonmotorized commuting before June 30, 2006, shall be allowed a credit for amounts paid to or on behalf of these persons for ride sharing in vehicles carrying two or more persons, for using public transportation, or for using nonmotorized commuting, not to exceed sixty dollars per person per year. A person may not take a credit under this section for amounts claimed for credit by other persons.

(c) For ride sharing in vehicles carrying two persons, the credit shall be equal to the amount paid to or on behalf of each employee multiplied by thirty percent, but may not exceed sixty dollars per employee per year. The credit may not exceed the amount of tax that would otherwise be due under this chapter.

(2) Application for tax credit under this chapter may only be made in the form and manner prescribed in rules adopted by the department.

(3) The credit shall be taken not more than once quarterly and not less than once annually against taxes due for the same calendar year in which the amounts for which credit is claimed were paid to or on behalf of employees for ride sharing, for using public transportation, for using nonmotorized commuting and must be claimed by the due date of the last tax return for the calendar year in which the payment is made.

(4) The director shall on the 25th of February, May, August, and November of each year advise the state treasurer of the amount of credit taken during the preceding calendar quarter ending on the last day of December, March, June, and September, respectively.

(5) On the first of April, July, October, and January of each year, the state treasurer based upon information provided by the department shall deposit to the general fund a sum equal to the dollar amount of the credit provided under subsection (1) of this section from the air pollution control account, the transportation account, and the public transportation systems account. The first draw on reimbursements to the general fund must be from the air pollution control account, and reimbursements must not exceed one and one-half million dollars in any calendar year for the tax credits claimed under RCW 82.04.4453 and 82.16.048. (6) The commute trip reduction task force shall determine the effectiveness of this tax credit as part of its ongoing evaluation of the commute trip reduction law and report ((no later than December 1, 1997.)) to the legislative transportation committee and to the fiscal committees of the house of representatives and the senate. The report shall include information on the amount of tax credits claimed to date and recommendations on future funding for the tax credit program. The report shall be incorporated into the recommendations required in RCW 70.94.537(5).

(7) Any person who knowingly makes a false statement of a material fact in the application for a credit under subsection (1) of this section is guilty of a gross misdemeanor.

The credit shall be equal to the amount paid to or on behalf of each employee multiplied by fifty percent, but may not exceed sixty dollars per employee per year.

(b) Property managers who are taxable under this chapter and provide financial incentives to persons employed at a worksite managed by the property manager in this state for ride sharing, for using public transportation, or for using nonmotorized commuting before June 30, 2006, shall be allowed a credit for amounts paid to or on behalf of these persons for ride sharing in vehicles carrying two or more persons, for using public transportation, or for using nonmotorized commuting, not to exceed sixty dollars per person per year. (2) Application for tax credit under this chapter may only be made in the form and manner prescribed in rules adopted by the department.

(3) The credit shall be taken not more than once quarterly and not less than once annually against taxes due for the same calendar year in which the amounts for which credit is claimed were paid to or on behalf of employees for ride sharing, for using public transportation, or for using nonmotorized commuting and must be claimed by the due date of the last tax return for the calendar year in which the payment is made.

(4) The director shall on the 25th of February, May, August, and November of each year advise the state treasurer of the amount of credit taken during the preceding calendar quarter ending on the last day of December, March, June, and September, respectively.

The first draw on reimbursements to the general fund must be from the air pollution control account, and reimbursements must not exceed one and one-half million dollars in any calendar year for the tax credits claimed under RCW 82.04.4454 and 82.16.048. (6) The commute trip reduction task force shall determine the effectiveness of this tax credit as part of its ongoing evaluation of the commute trip reduction law and report ((no later than December 1, 1997.)) to the legislative transportation committee and to the fiscal committees of the house of representatives and the senate. The report shall include information on the amount of tax credits claimed to date and recommendations on future funding for the tax credit program. Sec. 3. RCW 82.04.4454 and 1996 c 128 s 2 are each amended to read as follows:

(1) The department shall keep a running total of all credits granted under RCW 82.04.4453 and 82.16.048 during each calendar year, and shall disallow any credits that would cause the tabulation for any calendar year to exceed ((one)) two million
(five) two hundred twenty-five thousand dollars, or the amount provided from the air pollution control account and the appropriations from the transportation account and the public transportation systems account, whichever is less.

April 23, 1999

MR. PRESIDENT:

DEAN R.
FOSTER, Co-Chief Clerk
TIMOTHY A. MARTIN, Co-Chief Clerk

MOTION

On motion of Senator Tim Sheldon, the Senate receded from it amendment(s) to Engrossed Substitute House Bill No. 2260.

MOTIONS

On motion of Senator Tim Sheldon, the rules were suspended, Engrossed Substitute House Bill No. 2260 was returned to second reading and read the second time.

Senator Tim Sheldon moved that the following striking amendment by Senators Tim Sheldon, Rasmussen, Swecker and Morton be adopted:

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. The legislature finds that while Washington's economy is currently prospering, economic growth continues to be uneven, particularly as between metropolitan and rural areas. This has created in effect two Washingtons: One afflicted by inadequate infrastructure to support and attract investment, another suffering from congestion and soaring housing prices. In order to address these problems, the legislature intends to use resources strategically to build on our state's strengths while addressing threats to our prosperity.

PART I
LOCAL OPTION SALES AND USE TAX

Sec. 101. RCW 82.14.370 and 1998 c 55 s 6 are each amended to read as follows:

(1) The legislative authority of a (distressed) rural county may impose a sales and use tax in accordance with the terms of this chapter. The tax is in addition to other taxes authorized by law and shall be collected from those persons who are taxable by the state under chapters 82.08 and 82.12 RCW upon the occurrence of any taxable event within the county. The rate of tax shall not exceed 0.08 percent of the selling price in the case of a sales tax or value of the article used in the case of a use tax, except that for rural counties with population densities between sixty and one hundred persons per square mile, the rate shall not exceed 0.04 percent before January 1, 2000.

(2) The tax imposed under subsection (1) of this section shall be deducted from the amount of tax otherwise required to be collected or paid over to the department of revenue under chapter 82.08 or 82.12 RCW. The department of revenue shall perform the collection of such taxes on behalf of the county at no cost to the county.

(3) Moneys collected under this section shall only be used for the purpose of financing public facilities in rural counties. The public facility must be listed as an item in the officially adopted county overall economic development plan, or the economic development section of the county's comprehensive plan, or the comprehensive plan of a city or town located within the county for those counties planning under RCW 36.70A.040. For those counties that do not have an adopted overall economic development plan and do not plan under the growth management act, the public facility must be listed in the county's capital facilities plan or the capital facilities plan of a city or town located within the county. In implementing this section, the county shall consult with cities, towns, and port districts located within the county. For the purposes of this section, "public facilities" means bridges, roads, domestic and industrial water facilities, sanitary sewer facilities, earth stabilization, storm sewer facilities, railroad, electricity, natural gas, buildings, structures, telecommunications infrastructure, transportation infrastructure, or commercial infrastructure, and port facilities in the state of Washington.

(4) No tax may be collected under this section before July 1, 1998. No tax may be collected under this section by a county more than twenty-five years after the date that a tax is first imposed under this section.

(5) For purposes of this section, "(distressed) rural county" means a county (in which the average level of unemployment for the three years before the year in which a tax is first imposed under this section exceeds the average state unemployment for those years by twenty percent) with a population density of less than one hundred persons per square mile as determined by the office of financial management and published each year by the department for the period July 1st to June 30th.

PART II
DISTRESSED COUNTY ASSISTANCE ACCOUNT

Sec. 201. RCW 82.14.380 and 1998 c 321 s 10 (Referendum Bill No. 49) are each amended to read as follows:
(1) The distressed county assistance account is created in the state treasury. Into this account shall be placed a portion of all motor vehicle excise tax receipts as provided in RCW 82.44.110. At such times as distributions are made under RCW 82.44.150, the state treasurer shall distribute the funds in the distressed county assistance account to each county imposing the sales and use tax authorized under RCW 82.14.370 as of January 1, 1999, in the same proportions as distributions of the tax imposed under RCW 82.14.370 for these counties for the previous quarter.

(2) Funds distributed from the distressed county assistance account shall be expended by the counties for criminal justice and other purposes.

PART III
TECHNOLOGY-BASED BUSINESSES
Software

NEW SECTION, Sec. 301. It is the intent of the legislature to attract and retain technology-based businesses in rural counties. Section 302 of this act provides a tax incentive to those businesses that develop or manufacture software and hardware in rural counties. Section 303 of this act provides a tax incentive to those businesses that are engaged in the business of providing technical support services from rural counties. Encouragement of these types of business will stimulate the information technology industry and be of benefit to the state economy in general. To further the impact and benefit of this program, this incentive is limited to those counties of the state that are characterized by unemployment or low income. The legislature finds that providing this targeted incentive will both increase its effectiveness and create a high technology work force in rural counties.

NEW SECTION, Sec. 302. A new section is added to chapter 82.04 RCW to read as follows:

(1) Subject to the limits and provisions of this section, a credit is authorized against the tax otherwise due under this chapter for persons engaged in a rural county in the business of manufacturing software or programming, as those terms are defined in this section.

(2) A person who partially or totally relocates a business from one rural county to another rural county is eligible for any qualifying new jobs created as a result of the relocation but is not eligible to receive credit for the jobs moved from one county to the other.

(3)(a) To qualify for the credit, the qualifying activity of the person must be conducted in a rural county and the qualified employment position must be located in the rural county.

(b) If an activity is conducted both from a rural county and outside of a rural county, the credit is available if at least ninety percent of the qualifying activity takes place within a rural county. If the qualifying activity is a service taxable activity, the place where the work is performed is the place at which the activity is conducted.

(4)(a) The credit under this section shall equal one thousand dollars for each qualified employment position created after July 1, 1999, in an eligible area. A credit is earned for the calendar year the person is hired to fill the position. Additionally a credit is earned for each year the position is maintained over the subsequent consecutive years, up to four years. The county must meet the definition of a rural county at the time the position is filled. If the county does not have a rural county status the following year or years, the position is still eligible for the remaining years if all other conditions are met.

(b) Credit may not be taken for hiring of persons into positions that exist before July 1, 1999. Credit is authorized for new employees hired for new positions created on or after July 1, 1999. New positions filled by existing employees are eligible for the credit under this section only if the position vacated by the existing employee is filled by a new hire. A business that is a sole proprietorship without any employees is equivalent to one employee position and this type of business is eligible to receive credit for one position.

(c) If a position is filled before July 1st, this position is eligible for the full yearly credit. If it is filled after June 30th, this position is eligible for half of the credit.

(d) A person that has engaged in qualifying activities in the rural county before the effective date of this section qualifies for the credit under this section for positions created and filled after the effective date of this section.

(5) No application is necessary for the tax credit. The person must keep records necessary for the department to verify eligibility under this section. This information includes information relating to description of qualifying activity engaged in the rural county and outside the rural county by the person as well as detailed records on positions and employees. The department shall, in consultation with a representative group of affected taxpayers, develop a method of segregating activity and related income so that those persons who engage in multiple activities can determine eligibility for credit under this section.

(6) If at any time the department finds that a person is not eligible for tax credit under this section, the amount of taxes for which a credit has been claimed shall be immediately due. The department shall assess interest, but not penalties, on the taxes for which the person is not eligible. The interest shall be assessed at the rate provided for delinquent excise taxes under chapter 82.32.
RCW, shall be assessed retroactively to the date the tax credit was taken, and shall accrue until the taxes for which a credit has been used are repaid.

(7) The credit under this section may be used against any tax due under this chapter, but in no case may a credit earned during one calendar year be carried over to be credited against taxes incurred in a subsequent calendar year. A person is not eligible to receive a credit under this section if the person is receiving credit for the same position under chapter 82.62 RCW or RCW 82.04.44525 or is taking the credit under section 303 of this act. No refunds may be granted for credits under this section.

(8) A person taking tax credits under this section shall make an annual report to the department. The report shall be in a letter form and shall include the following information: Number of positions for which credit is being claimed, type of position for which credit is being claimed, type of activity in which the person is engaged in the county, and how long the person has been located in the county. The report must be filed by January 30th of each year for which credit was claimed during the previous year.

(9) Transfer of ownership does not affect credit eligibility; however, the credit is available to the successor for remaining periods in the five years only if the eligibility conditions of this section are met.

(10) As used in this section:

(a) "Manufacturing" means the same as "to manufacture" under RCW 82.04.120. Manufacturing includes the activities of both manufacturers and processors for hire.

(b) "Programming" means the activities that involve the creation or modification of software, as that term is defined in this chapter, and that are taxable as a service under RCW 82.04.290(2) or as a retail sale under RCW 82.04.050.

(c) "Qualifying activity" means manufacturing of software or programming.

(d) "Qualified employment position" means a permanent full-time position doing programming of software or manufacturing of software. This excludes administrative, professional, service, executive, and other similar positions. If an employee is either voluntarily or involuntarily separated from employment, the employment position is considered filled on a full-time basis if the employer is either training or actively recruiting a replacement employee. Full-time means a position for at least thirty-five hours a week.

(e) "Rural county" means a county with a population density of less than one hundred persons per square mile as determined by the office of financial management and published each year by the department for the period July 1st to June 30th.

(f) "Software" has the same meaning as defined in RCW 82.04.215.

(11) No credit may be taken or accrued under this section on or after January 1, 2004.

(12) This section expires December 31, 2003.

Help Desk Services

NEW SECTION; Sec. 303. A new section is added to chapter 82.04 RCW to read as follows:

(1) Subject to the limits and provisions of this section, a credit is authorized against the tax otherwise due under this chapter for persons engaged in a rural county in the business of providing information technology help desk services to third parties.

(2) To qualify for the credit, the help desk services must be conducted from a rural county.

(3) The amount of the tax credit for persons engaged in the activity of providing information technology help desk services in rural counties shall be equal to one hundred percent of the amount of tax due under this chapter that is attributable to providing the services from the rural county. In order to qualify for the credit under this subsection, the county must meet the definition of rural county at the time the person begins to conduct qualifying business in the county.

(4) No application is necessary for the tax credit. The person must keep records necessary for the department to verify eligibility under this section. These records include information relating to description of activity engaged in a rural county by the person.

(5) If at any time the department finds that a person is not eligible for tax credit under this section, the amount of taxes for which a credit has been used is immediately due. The department shall assess interest, but not penalties, on the credited taxes for which the person is not eligible. The interest shall be assessed at the rate provided for delinquent excise taxes under chapter 82.32 RCW, shall be assessed retroactively to the date the tax credit was taken, and shall accrue until the taxes for which a credit has been used are repaid.

(6) The credit under this section may be used against any tax due under this chapter, but in no case may a credit earned during one calendar year be carried over to be credited against taxes incurred in a subsequent calendar year. No refunds may be granted for credits under this section.

(7) A person taking tax credits under this section shall make an annual report to the department. The report shall be in a letter form and shall include the following information: Type of activity in which the person is engaged in the county, number of employees in the rural county, and how long the person has been located in the county. The report must be filed by January 30th of each year for which credit was claimed during the previous year.
(8) Transfer of ownership does not affect credit eligibility; however, the credit is available to the successor only if the eligibility conditions of this section are met.

(9) As used in this section:
   (a) "Information technology help desk services" means the following services performed using electronic and telephonic communication:
      (i) Software and hardware maintenance;
      (ii) Software and hardware diagnostics and troubleshooting;
      (iii) Software and hardware installation;
      (iv) Software and hardware repair;
      (v) Software and hardware information and training; and
      (vi) Software and hardware upgrade.
   (b) "Rural county" means a county with a population density of less than one hundred persons per square mile, as determined by the office of financial management and published each year by the department for the period July 1st to June 30th.

NEW SECTION. Sec. 304. A new section is added to chapter 82.62 RCW to read as follows:

(1) A person is not eligible to receive a credit under this chapter if the person is receiving credit for the same position under section 303 of this act or RCW 82.04.44525.

(2) This section expires December 31, 2003.

NEW SECTION. Sec. 305. The following acts or parts of acts are each repealed:

(2) RCW 82.60.047 (Governor designation of county as eligible area—Natural disaster, business closure, military base closure, mass layoff) and 1994 sp.s. c 1 s 9.

PART IV
ELECTRIC UTILITIES

NEW SECTION. Sec. 401. The legislature finds that it is necessary to employ multiple approaches to revitalize the economy of Washington state's rural areas. The legislature also finds that where possible, Washington state should develop programs which can complement other private, state, and federal programs. It is the intent of section 402 of this act to complement such rural economic development efforts by creating a public utility tax offset program to help establish locally based electric utility revolving fund programs to be used for economic development and job creation.

NEW SECTION. Sec. 402. A new section is added to chapter 82.16 RCW to read as follows:

(1) The following definitions apply to this section:
   (a) "Qualifying project" means a project designed to achieve job creation or business retention, to add or upgrade nonelectrical infrastructure, to add or upgrade health and safety facilities, to accomplish energy and water use efficiency improvements, including renewable energy development, or to add or upgrade emergency services in any designated qualifying rural area.
   (b) "Qualifying rural area" means:

The local board shall have authority to determine all criteria and conditions for the expenditure of funds from the electric utility rural economic development fund, and for the terms and conditions of repayment.

(5) Any funds repaid to the electric utility rural economic development fund by recipients shall be made available for additional qualifying projects.

MESSAGE FROM THE HOUSE

MR. PRESIDENT:

MOTION

On motion of Senator Brown, the Senate receded from it amendment(s) to Second Substitute House Bill No. 1037.
On motion of Senator Brown, the rules were suspended, Second Substitute House Bill No. 1037 was returned to second reading and read the second time.

On motion of Senator Brown, the following striking amendment was adopted:

Strike everything after the enacting clause and insert the following:

Sec. 1. RCW 19.190.010 and 1998 c 149 s 2 are each amended to read as follows:

The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Assist the transmission" means actions taken by a person to provide substantial assistance or support which enables any person to formulate, compose, send, originate, initiate, or transmit a commercial electronic mail message when the person providing the assistance knows or consciously avoids knowing that the initiator of the commercial electronic mail message is engaged, or intends to engage, in any act or practice that violates the consumer protection act.

(2) "Commercial electronic mail message" means an electronic mail message sent for the purpose of promoting real property, goods, or services for sale or lease. It does not mean an electronic mail message to which an interactive computer service provider has attached an advertisement in exchange for free use of an electronic mail account, when the sender has agreed to such an arrangement.

(3) "Electronic mail address" means a destination, commonly expressed as a string of characters, to which electronic mail may be sent or delivered.

(4) "Initiate the transmission" refers to the action by the original sender of an electronic mail message, not to the action by any intervening interactive computer service that may handle or retransmit the message, unless such intervening interactive computer service assists in the transmission of an electronic mail message when it knows, or consciously avoids knowing, that the person initiating the transmission is engaged, or intends to engage, in any act or practice that violates the consumer protection act.

(5) "Interactive computer service" means any information service, system, or access software provider that provides or enables computer access by multiple users to a computer server, including specifically a service or system that provides access to the internet and such systems operated or services offered by libraries or educational institutions.

(6) "Internet domain name" refers to a globally unique, hierarchical reference to an internet host or service, assigned through centralized internet naming authorities, comprising a series of character strings separated by periods, with the right-most string specifying the top of the hierarchy.

(7) "Person" means a person, corporation, partnership, or association.

Sec. 2. RCW 19.190.020 and 1998 c 149 s 3 are each amended to read as follows:

(1) No person(( corporation, partnership, or association)) may initiate the transmission, conspire with another to initiate the transmission, or assist the transmission, of a commercial electronic mail message from a computer located in Washington or to an electronic mail address that the sender knows, or has reason to know, is held by a Washington resident that:

(a) Uses a third party's internet domain name without permission of the third party, or otherwise misrepresents or obscures any information in identifying the point of origin or the transmission path of a commercial electronic mail message; or

(b) Contains false or misleading information in the subject line.

(2) For purposes of this section, a person(( corporation, partnership, or association)) knows that the intended recipient of a commercial electronic mail message is a Washington resident if that information is available, upon request, from the registrant of the internet domain name contained in the recipient's electronic mail address.

Sec. 3. RCW 19.190.030 and 1998 c 149 s 4 are each amended to read as follows:

(1) It is a violation of the consumer protection act, chapter 19.86 RCW, to conspire with another person to initiate the transmission or to initiate the transmission of a commercial electronic mail message that:

(a) Uses a third party's internet domain name without permission of the third party, or otherwise misrepresents or obscures any information in identifying the point of origin or the transmission path of a commercial electronic mail message; or

(b) Contains false or misleading information in the subject line.

(2) It is a violation of the consumer protection act, chapter 19.86 RCW, to assist in the transmission of a commercial electronic mail message, when the person providing the assistance knows, or consciously avoids knowing, that the initiator of the commercial electronic mail message is engaged, or intends to engage, in any act or practice that violates the consumer protection act.

(3) The legislature finds that the practices covered by this chapter are matters vitally affecting the public interest for the purpose of applying the consumer protection act, chapter 19.86 RCW. A violation of this chapter is not reasonable in relation to the development and preservation of business and is an unfair or deceptive act in trade or commerce and an unfair method of competition for the purpose of applying the consumer protection act, chapter 19.86 RCW.
NEW SECTION. Sec. 4. RCW 19.190.005 (Findings) and 1998 c 149 s 1 are each repealed.

MOTIONS

On motion of Senator Brown, the following title amendment was adopted:
On page 1, line 1 of the title, after “mail;” strike the remainder of the title and insert “amending RCW 19.190.010, 19.190.020, and 19.190.030; and repealing RCW 19.190.005.”

On motion of Senator Brown, the rules were suspended, Second Substitute House Bill No. 1037, as amended by the Senate under suspension of the rules, was advanced to third reading, the second reading considered the third and the bill was placed on final passage.

POINT OF INQUIRY

Senator Long: “Senator Brown, I am looking at page 1, line 15—and it is in more than one place—and it speaks of ‘consciously avoids knowing.’ What does that mean?”

Senator Brown: “I’m sorry, Senator Long, I can’t respond adequately to your question. This language was worked out by a bipartisan task force and they felt this was the best way to close the loophole in the bill we passed last year. In addition to the person who actually sends the SPAM physically, we get the people who planned and abet the sending of the SPAM as well. It is the best I can do.”

Senator Long: “Thank you. I asked our august attorney over here and he said he didn’t think it was a legal term. I have never heard of it, so that is why I asked the question.”

The President declared the question before the Senate to be the roll call on the final passage of Second Substitute House Bill No. 1037, as amended by the Senate under suspension of the rules.

ROLL CALL

The Secretary called the roll on the final passage of Second Substitute House Bill No. 1037, as amended by the Senate under suspension of the rules, and the bill passed the Senate by the following vote: Yeas, 44; Nays, 2; Absent, 0; Excused, 3.

Excused: Senators Hargrove, McCaslin and Swecker - 3.

SECOND SUBSTITUTE HOUSE BILL NO. 1037, as amended by the Senate under suspension of the rules, having received the constitutional majority, was declared passed. There being no objection, the title of the bill will stand as the title of the act.

MOTION

On motion of Senator Honeyford, Senator Deccio was excused.

(2) To conduct educational and demonstrational projects on any lands within the district upon obtaining the consent of the occupier of such lands and such necessary rights or interests in such lands as may be required in order to demonstrate by example the means, methods, measures, and works of improvement by which the conservation of renewable natural resources may be carried out;

(3) To carry out preventative and control measures and works of improvement for the conservation of renewable natural resources, within the district including, but not limited to, engineering operations, methods of cultivation, the growing of vegetation, changes in use of lands, and the measures listed in RCW 89.08.010, on any lands within the district upon obtaining the consent of the occupier of such lands and such necessary rights or interests in such lands as may be required;

For purposes of this subsection only, land occupiers who are also district supervisors are not subject to the provisions of RCW 42.23.030:

(5) To obtain options upon and to acquire in any manner, except by condemnation, by purchase, exchange, lease, gift, bequest, devise, or otherwise, any property, real or personal, or rights or interests therein; to maintain, administer, and improve any properties acquired, to receive income from such properties and to expend such income in carrying out the purposes and provisions of this 1973 amendatory act; and to sell, lease, or otherwise dispose of any of its property or interests therein in furtherance of the purposes and provisions of this act;

(7) To prepare and keep current a comprehensive long-range program recommending the conservation of all the renewable natural resources of the district. Such programs shall be directed toward the best use of renewable natural resources and in a manner that will best meet the needs of the district and the state, taking into consideration, where appropriate, such uses as farming, grazing, timber supply, forest, parks, outdoor recreation, potable water supplies for urban and rural areas, water for agriculture, minimal flow, and industrial uses, watershed stabilization, control of soil erosion, retardation of water run-off, flood prevention and control, reservoirs and other water storage, restriction of developments of flood plains, protection of open space and scenery, preservation of natural beauty, protection of fish and wildlife, preservation of wilderness areas and wild rivers, the prevention or reduction of sedimentation and other pollution in rivers and other waters, and such location of highways, schools, housing developments, industries, airports and other facilities and structures as will fit the needs of the state and be consistent with the best uses of the renewable natural resources of the state. The program shall include an inventory of all renewable natural
resources in the district, a compilation of current resource needs, projections of future resource requirements, priorities for various resource activities, projected timetables, descriptions of available alternatives, and provisions for coordination with other resource programs.

The district shall also prepare an annual work plan, which shall describe the action programs, services, facilities, materials, working arrangements and estimated funds needed to carry out the parts of the long-range programs that are of the highest priorities.

The districts shall hold public hearings at appropriate times in connection with the preparation of programs and plans, shall give careful consideration to the views expressed and problems revealed in hearings, and shall keep the public informed concerning their programs, plans, and activities. Occupiers of land shall be invited to submit proposals for consideration to such hearings. The districts may supplement such hearings with meetings, referenda and other suitable means to determine the wishes of interested parties and the general public in regard to current and proposed plans and programs of a district. They shall confer with public and private agencies, individually and in groups, to give and obtain information and understanding of the impact of district operations upon agriculture, forestry, water supply and quality, flood control, particular industries, commercial concerns and other public and private interests, both rural and urban.

Each district shall submit to the commission its proposed long-range program and annual work plans for review and comment.

The long-range renewable natural resource program, together with the supplemental annual work plans, developed by each district under the foregoing procedures shall have official status as the authorized program of the district, and it shall be published in the districts as its “renewable resources program”. Copies shall be made available by the districts to the appropriate counties, municipalities, special purpose districts and state agencies, and shall be made available in convenient places for examination by public land occupier or private interest concerned. Summaries of the program and selected material therefrom shall be distributed as widely as feasible for public information;

(8) To administer any project or program concerned with the conservation of renewable natural resources located within its boundaries undertaken by any federal, state, or other public agency by entering into a contract or other appropriate administrative arrangement with any agency administering such project or program;

(9) Cooperate with other districts organized under this 1973 amendatory act in the exercise of any of its powers;

(10) To accept donations, gifts, and contributions in money, services, materials, or otherwise, from the United States or any of its agencies, from this state or any of its agencies, or from any other source, and to use or expend such moneys, services, materials, or any contributions in carrying out the purposes of this act;

(11) To sue and be sued in the name of the district; to have a seal which shall be judicially noticed; have perpetual succession unless terminated as hereinafter provided; to make and execute contracts and other instruments, necessary or convenient to the exercise of its powers; to borrow money and to pledge, mortgage and assign the income of the district and its real or personal property therefor; and to make, amend rules and regulations not inconsistent with this 1973 amendatory act and to carry into effect its purposes;

(12) Any two or more districts may engage in joint activities by agreement between or among them in planning, financing, constructing, operating, maintaining, and administering any program or project concerned with the conservation of renewable natural resources. The districts concerned may make available for purposes of the agreement any funds, property, personnel, equipment, or services available to them under this 1973 amendatory act;

Any district may enter into such agreements with a district or districts in adjoining states to carry out such purposes if the law in such other states permits the districts in such states to enter into such agreements.

The commission shall have authority to propose, guide, and facilitate the establishment and carrying out of any such agreement;

(13) Every district shall, through public hearings, annual meetings, publications, or other means, keep the general public, agencies and occupiers of land within the district, informed of the works and activities planned and administered by the district, of the purposes these will serve, of the income and expenditures of the district, of the funds borrowed by the district and the purposes for which such funds are expended, and of the results achieved annually by the district; and

(14) The supervisors of conservation districts may designate an area, state, and national association of conservation districts as a coordinating agency in the execution of the duties imposed by this chapter, and to make gifts in the form of dues, quotas, or otherwise to such associations for costs of services rendered, and may support and attend such meetings as may be required to promote and perfect the organization and to effect its purposes.”

**CONDITIONAL PARDON**

OF

BRIAN CADE SPERRY

TO ALL TO WHOM THESE PRESENTS SHALL COME, GREETINGS:

WHEREAS, on April 20, 1995, Brian Cade Sperry was in class at Chimicum High School near the end of his senior year. An adolescent altercation began during a class, when a female student took a coin belonging to Mr. Sperry. He took her book bag and exchanged it for his coin, the she smeared hair gel on his upper thigh near his genitals and sprayed him with hair spray. After class, the female student threw a bag of ice and hit Mr. Sperry on the back of the head. He chased her into the parking lot and pushed her down. There is conflicting evidence whether Mr. Sperry kicked her while she was on the ground. Mr. Sperry then returned to the school and opened his locker. A crowd gathered, and a male student tried to make Mr. Sperry apologize to the girl. While trying to force the apology, the other male student held Mr. Sperry from behind and pinned Mr. Sperry's arms down. A large, noisy crowd of students gathered around the boys, taunting Mr. Sperry as a struggle ensued. During the fight Mr. Sperry was able to reach into his locker and take a club he had made in shop class. The club appeared to have been carved from a 2x4 piece of lumber, and had finish nails partially driven into one end to make it "look cool." Mr. Sperry was able to swing the club several times and hit the other male student. The fight ended, and the female student whom Mr. Sperry had
pushed down and male student who had been hit with the club were taken to the local hospital emergency room to be checked. No serious injuries were found; and

WHEREAS, Mr. Sperry argued at trial that he had feared for his safety and acted in self-defense. Nonetheless, he was convicted in Jefferson County Superior Court of misdemeanor fourth degree assault for the altercation with the female student, and felony second degree assault for the fight with the other male student. Mr. Sperry was sentenced to a total of fifteen months in prison, three of which were for the second degree assault, and twelve of which were a mandatory enhancement because the club was considered to be a deadly weapon; and

WHEREAS, it has been established that Mr. Sperry endured several years of intense harassment and bullying by fellow students that culminated on the day of the altercation; and

WHEREAS, the community of Jefferson County has expressed shock at the outcome of this case for several reasons: the altercation was incited by the victims; and, it appears to be generally thought that a matter such as this should have been dealt with at school. A petition seeking clemency for Mr. Sperry bearing almost 3,000 signatures of people from Jefferson County has been filed with the Office of the Governor; and

WHEREAS, Mr. Sperry appealed his conviction, and while the appeal was pending, the court saw fit to allow him to attend technical school in Arizona, where he studied refrigeration. Mr. Sperry then returned to Washington and began work at a company in Seattle, and is expected to have employment available to him upon his release from prison; and

WHEREAS, Mr. Sperry has accepted responsibility for his crime and has acknowledged that he should not have allowed himself to be goaded into striking out. He has successfully completed anger management classes in prison. Mr. Sperry does not have a history of, or predisposition toward, violence or criminal activity. In making its unanimous recommendation to me that clemency be granted, the Clemency and Pardons Board considered the extraordinary circumstances of the crime, and the inequity of the ultimate outcome, given the acts of the victims and other students that lead up to Mr. Sperry's crimes; and

WHEREAS, I have reviewed all pertinent facts and circumstances surrounding this matter, the unanimous favorable recommendation of the Washington State Clemency and Pardons Board, and in light of the circumstances of the crime I have determined that the best interests of justice will be served by this action;

NOW, THEREFORE, I, Gary Locke, by virtue of the power vested in me as Governor of the State of Washington, grant to Brian Cade Sperry this Conditional Pardon, commute his sentence to the amount of time already served, and direct the Department of Corrections to promptly release him from prison, SUBJECT TO THE FOLLOWING CONDITIONS:

1. Mr. Sperry shall not receive, possess, own, ship or transport firearms. This Conditional Pardon does not restore, and shall not under any circumstances be construed to restore, any civil rights related to firearms, and shall not remove any disability related to firearms under any state or federal law.
2. Mr. Sperry shall not be convicted of any crimes against persons or property.
3. After release from prison, Mr. Sperry shall successfully complete six months of community supervision, but shall be relieved of all other requirements of his Judgment and Sentence.

The conditions of this Conditional Pardon shall remain in force indefinitely. Upon breach of any of the foregoing conditions, this Conditional Pardon shall automatically and immediately expire, and shall be null and void as if it had never been granted.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the seal (SEAL) of the State of Washington to be affixed at Olympia on this ninth day of April, A.D., nineteen hundred ninety-eight.

BY THE GOVERNOR:

TRACY A. RADWAN,
Deputy, Secretary of State
FULL AND UNCONDITIONAL PARDON
OF
JOSE PATRICIO BELTRAN-VASQUEZ

TO ALL TO WHOM THESE PRESENTS SHALL COME, GREETINGS:

WHEREAS, Jose Patricio Beltran-Vasquez is a citizen of Mexico, and a lawful permanent resident of the United States, having lived and worked in the United States since 1985. Mr. Beltran-Vasquez has been employed by Sterino Farms in Fife, Washington for approximately 12 years. During that time, he has become a key employee at Sterino Farms, responsible for hiring and supervision of all field labor, equipment, tools and the farm’s road-side stand. Mr. Beltran-Vasquez has established deep roots in the community, is married to the daughter of Jack Sterino, the owner of Sterino Farms, and the couple has a toddler-age son; and

WHEREAS during 1994, an acquaintance called Mr. Beltran-Vasquez several times asking him to assist as a translator in drug transactions. After refusing several times, he eventually agreed to assist in one transaction on March 2, 1994. The acquaintance was working as a police informant in exchange for favorable treatment in her own legal problems, and the buyer was an under-cover police officer. At the conclusion of the transaction, Mr. Beltran-Vasquez was immediately arrested. Mr. Beltran-Vasquez did not own the cocaine, and did not sell it, buy it or profit in any way from the transaction. Nonetheless, he acknowledged that he had done wrong, accepted full responsibility for his actions, and pled guilty to the crime of solicitation to deliver a controlled substance (cocaine). Before entering his plea, however, he consulted with an immigration lawyer who informed him that he would be eligible for a federal discretionary waiver of deportation, even with a guilty plea; and.

WHEREAS, Mr. Beltran-Vasquez entered a guilty plea to the crime of solicitation to deliver a controlled substance in reliance on the availability of a deportation waiver, and on February 14, 1995 was sentenced to 15.75 months in prison by the Pierce County Superior Court; and

WHEREAS, on April 24, 1996 the federal Antiterrorism and Effective Death Penalty Act went into effect, retroactively eliminating the availability of discretionary deportation waivers, except in certain cases where the alien has been granted a full and unconditional pardon by the President of the United States or by the Governor of any of the several states; and

WHEREAS, the United States Court of Appeals for the Ninth Circuit has ruled in the case of Coronado-Durazo v. Immigration and Naturalization Service (No. 95-70543, 9-30-97) that the crime of solicitation is not a crime relating to a controlled substance within the meaning of 8 U.S.C. § 1251(a)(2)(B)(i), and therefore a full and unconditional pardon will allow a deportation waiver to be available to Mr. Beltran-Vasquez; and

WHEREAS, Mr. Beltran-Vasquez is known as a hard-working and conscientious person, who is very dependable and an asset to his community. Marian Martelli Wetsch, the Mayor of Fife spoke in favor of Mr. Beltran-Vasquez’s petition at the clemency hearing, and attested to the high quality of his character; and

WHEREAS, Mr. Beltran-Vasquez accepted responsibility for the crime and has no other history of criminal activity. In making its recommendation to me that this Full and Unconditional Pardon be granted, the Washington State Clemency and Pardons Board considered the nature and circumstances of the crime, and the inherent unfairness of retroactively eliminating the availability of deportation waivers after a person has pled guilty to a crime in reliance on the availability of such waivers, and that without this Full and Unconditional Pardon Mr. Beltran-Vasquez would be deported to Mexico, creating extreme and undue hardship on his family; and

WHEREAS, I have reviewed all pertinent facts and circumstances surrounding this matter, the favorable recommendation of the Washington State Clemency and Pardons Board, and in light of the circumstances I have determined that the best interests of justice will be served by this action;

NOW, THEREFORE, I, Gary Locke, by virtue of the power vested in me as Governor of the State of Washington, grant to Jose Patricio Beltran-Vasquez this Full and Unconditional Pardon for the express purpose of allowing him to obtain a deportation waiver and lawfully remain in the United States. This Full and Unconditional Pardon does not restore the right to receive, possess, own, ship or transport firearms, and shall not under any circumstances be construed to remove any disability related to firearms under any state or federal law.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the seal (SEAL) of the State of Washington to be affixed at Olympia on this 5th day of May, A.D., nineteen hundred ninety-eight.

OF

CAU HAN HUYNH

TO ALL TO WHOM THESE PRESENTS SHALL COME, GREETINGS:

WHEREAS, Cau Han Huynh entered the United States as a refugee from Vietnam in February 1982, became a lawful permanent resident in January 1983, and has resided in Washington state for over fourteen years. Mr. Huynh fought with the U.S. forces during the Vietnam war, and was incarcerated in Vietnam for a time after the war as a result. He escaped to the United States without his family, except for one then very young son. Mr. Huynh has been gainfully employed during his time in the United States, and is the primary source of support for his family; and

WHEREAS, Mr. Huynh escaped from Vietnam with several other people, including a woman who helped him take care of his son. A love affair developed between the two after they settled in the United States. The relationship was often a difficult one, and culminated in the assault for which Mr. Huynh was convicted. In July 1984, Mr. Huynh encountered the victim in a grocery store and assaulted her with a screwdriver hidden inside of a plastic shopping bag. She ran for protection behind a counter, and he left the store. The victim was not injured seriously or permanently, and was treated and released by an ambulance crew. Eventually, Mr. Huynh was able to bring his wife and other children to the United States, and the family lived together in Washington until Mr. Huynh's detention by immigration authorities on February 25, 1998; and

WHEREAS, on November 16, 1984 Mr. Huynh pled guilty to Second Degree Assault in King County Superior Court, and served eighteen months in prison. He has no other criminal history. Upon his release in 1985, the Immigration and Naturalization Service (INS) immediately placed him into deportation proceedings. A deportation order was entered and appealed to the Board of Immigration Appeals which, six years later, remanded the order for a new hearing. Mr. Huynh's lawyer, Mr. Dan Danilov, was unable to contact Mr. Huynh at the time, and an order of deportation was automatically effected in 1991. Mr. Huynh lived peacefully in Seattle with his wife and six children for another seven years until INS officials suddenly arrested him. Mr. Huynh remains in custody at a federal detention center to this day, pending deportation; and

WHEREAS, under recent changes to federal immigration law, Mr. Huynh's crime is classified as an "aggravated felony" and only through a full and unconditional pardon can Mr. Huynh avoid deportation to Vietnam. According to the United States Department of State, Bureau of Human Rights and Humanitarian Affairs, Mr. Huynh has a well-founded fear of persecution in Vietnam within the meaning of the United Nations Convention and Protocol Relating to the Status of Refugees; and

WHEREAS, Mr. Huynh is known as a hard-working and conscientious person, who is very dependable and an asset to his employer and his community; and

WHEREAS, Mr. Huynh has accepted responsibility for the crime and has no other history of criminal activity. In making its recommendation to me that this Full and Unconditional Pardon be granted, the Washington State Clemency and Pardons Board considered the nature and circumstances of the crime, the inherent unfairness of retroactive changes in federal immigration law that would require deportation in this case, and that without this Full and Unconditional Pardon Mr. Huynh would be deported to Vietnam, creating extreme and undue hardship on his family and a high risk of his being persecuted in Vietnam; and

WHEREAS, I have reviewed all pertinent facts and circumstances surrounding this matter, the unanimous favorable recommendation of the Washington State Clemency and Pardons Board, and in light of the circumstances I have determined that the best interests of justice will be served by this action;

NOW, THEREFORE, I, Gary Locke, by virtue of the power vested in me as Governor of the State of Washington, grant to Cau Han Huynh this Full and Unconditional Pardon for the express purpose of allowing him to obtain a deportation waiver and lawfully remain in the United States. This Full and Unconditional Pardon does not
provide or grant the right to receive, possess, own, ship or transport firearms, and shall not under any circumstances be construed to remove any disability related to firearms under any state or federal law.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the seal (SEAL) of the State of Washington to be affixed at Olympia on this 13th day of October, A.D., nineteen hundred ninety-eight.

FULL AND UNCONDITIONAL PARDON
OF
WILLIAM BRUCE MAREL

TO ALL TO WHOM THESE PRESENTS SHALL COME, GREETINGS:

WHEREAS, William Bruce Marel is a citizen of Australia, and a lawful permanent resident of the United States, having lived and worked in Washington since 1981. Mr. Marel is an independent computer consultant, and has been continuously employed by a variety of companies, including Microsoft, Boeing and Fluke Manufacturing, since arriving in the United States. Mr. Marel is married to a United States citizen, has raised a step-son in the United States, and has been a productive and law-abiding member of society, but for the sole offense for which this pardon has been granted; and

WHEREAS, for several years Mr. Marel had been having regular and serious problems with destructive trespassers on his residential property in Issaquah, including vandalism and burglary of his house. The trespassers were on motorcycles or in trucks and frequently left behind stolen property and beer cans and other trash. They also destroyed fencing and gates, and more than once started grass fires. Mr. Marel posted "no trespassing" signs, however they were ignored and destroyed. Numerous calls to the King County Police did not solve the problem. Attempts to talk with the trespassers also were fruitless. Beginning in 1984, Mr. Marel kept a lengthy and detailed log of his encounters with trespassers and police complaints and responses. On April 6, 1986, Mr. Marel witnessed two juveniles on motorcycles trespassing on the posted "no trespassing" area of his land, and repeatedly told them to leave. After ignoring Mr. Marel for a time, the boys eventually decided to leave. As they rode around a corner about seventy feet away, Mr. Marel fired a shotgun (belonging to his wife) in their direction, thinking they were out of range and hoping to scare them. Some pellets hit one boy in the leg and the other in the back. No serious injury occurred. The pre-sentence report acknowledges the extreme frustration Mr. Marel experienced with trespassers and police, and found no criminal predisposition or intent to injure. The report states "it is fair to say that these circumstances would test the patience and good judgment of anyone" and recommended the minimum sentence; and

WHEREAS, Mr. Marel entered a plea of guilty to the crime of Second Degree Assault in King County Superior Court on June 29, 1986, and was given the minimum sentence of 90 days, with work release. The King County Prosecutor did not oppose Mr. Marel's pardon request; and

WHEREAS, under the Anti-terrorism and Effective Death Penalty Act of 1996 and the Illegal Immigration Reform and Immigrant Responsibility Act of 1996, Mr. Marel's offense has been retroactively classified as an "aggravated felony," eliminating the availability of a waiver of deportation. Under those new federal laws, only a full and unconditional pardon will allow Mr. Marel to remain in the United States; and

WHEREAS, Mr. Marel is known as a hard-working and conscientious person who is an asset to his community. He has accepted responsibility for his crime, acknowledged that he was wrong, and has no other history of criminal activity. In making its unanimous recommendation to me that this Full and Unconditional Pardon be granted, the Washington State Clemency and Pardons Board considered the nature and circumstances of the crime, the passage of time, the lack of any other criminal history, the inherent unfairness of the retroactive changes in
federal law, and that without this action Mr. Marel could be deported to Australia, creating extreme and undue hardship on Mr. Marel and his family; and

WHEREAS, I have reviewed all pertinent facts and circumstances surrounding this matter, the unanimous favorable recommendation of the Washington State Clemency and Pardons Board, and in light of the circumstances I have determined that the best interests of justice will be served by this action;

NOW, THEREFORE, I, Gary Locke, by virtue of the power vested in me as Governor of the State of Washington, grant to William Bruce Marel this Full and Unconditional Pardon for the express purpose of allowing him to obtain a deportation waiver and lawfully remain in the United States. This Full and Unconditional Pardon does not restore the right to receive, possess, own, ship or transport firearms, and shall not under any circumstances be construed to remove any disability related to firearms under any state or federal law.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the seal (SEAL) of the State of Washington to be affixed at Olympia on this 20th day of October, A.D., nineteen hundred ninety-eight.

FURTHER MESSAGE FROM THE GOVERNOR

December 23, 1998

Kathryn S. Bail, Chairperson
Indeterminate Sentence Review Board
4317 6th Avenue SE
Mail Stop 40907
Olympia, Washington 98504

Dear Ms. Bail:

I am writing to you in reference to inmate Neva J. Henning, #920935. Ms. Henning was convicted of participating in the killing of her husband, Duane Henning, in 1981.

Ms. Henning was a high school librarian in Rosalia, and she and her husband were long-time residents of the area. The trials of Ms. Henning and her accomplice received much publicity, were very controversial, and divided the community. The trial judge expressed shock at the jury's decision, and ordered Ms. Henning to remain free on bail for several years pending the final disposition of appeals. She is now 64 years of age, and has no other criminal background. Serious questions have been raised as to the credibility of key evidence used in trial against Ms. Henning, and she has maintained her innocence. Nonetheless, the appellate courts have upheld her conviction.

I have great respect for our courts and jury system, and have struggled greatly with this decision. On March 7, 1997, the Clemency and Pardons Board unanimously recommended that Ms. Henning be granted clemency. Ms. Henning's latest Department of Corrections psychological report states that she continues to remain an ideal inmate and infraction free after 12 years of incarceration, and indicates that she should be considered for parole at the earliest possible date. The Indeterminate Sentence Review Board (ISRB) has recently set her parole eligibility date as October 23, 1999. The ISRB has also recommended that I commute her sentence a small amount, to allow her to be considered for parole now.

I have reviewed all pertinent facts and circumstances surrounding this matter in detail, and have contemplated it with great care. In light of the unanimous recommendation of the Clemency and Pardons Board, the Department of Corrections and ISRB recommendations, the portion of Ms. Henning's sentence served to date, and all other
considerations, I have determined that the best interests of justice will be served if the ISRB holds a hearing at its earliest convenience to determine if Ms. Henning should be paroled.

Therefore, I hereby specifically waive any mandatory minimum sentence requirements and commute the sentence being served by Ms. Henning, such that she shall be eligible for parole consideration beginning January 1, 1999, subject to the conditions that she:
1. Not receive, possess, own, ship or transport firearms. This conditional commutation does not restore, and shall not under any circumstances be construed to restore, any civil rights related to firearms, and shall not remove any disability related to firearms under any state or federal law.
2. Not be convicted of any crimes against persons or property.
3. Fully comply with all other restrictions and conditions imposed upon her by the ISRB.

I request that the ISRB give particular attention to the concerns of the victim's family and the community when considering and conditioning Ms. Henning's parole.

Sincerely,

GARY LOCKE
Governor

REMARKS BY SENATOR WEST

Senator West: "Thank you Mr. President, who amongst us--actually most of us--and I asked this rhetorically, who amongst us wouldn't like to be a subject of a Pulitzer Prize winning artist's rendering? Everybody raise your hand. There are many novice legislators who come to Olympia who think it would be a great honor and privilege to be drawn in the Seattle Post Intelligencer by Mr. Horsey and, in fact, they aspire to that day until it happens. Then, all of a sudden, they are wondering, 'Does he really know who I am? Does he understand what I have been doing?'

"Mr Horsey has done a great job and we are very proud of him as a citizen of Washington State and being recognized. The Pulitzer is, you know, an incredible honor and an incredible honor for an individual. Mr. Horsey has demonstrated over years of talent that he is certainly deserving of it. Having been the victim of the pen, once or twice, and having felt the twinge when it happened, and also, you know, it is the sign that you have arrived when you actually end up in one of those cartoons. I think it is a great honor and privilege that the Senate take the opportunity to recognize his talent--recognize his recognition by the Pulitzer committee and to say, 'Thank you and congratulations.'

"Mr. President, I would like to move that if any member wished to join in the resolution, they may do so."

REMARKS BY SENATOR Mc DONALD

Senator McDonald: "Mr. President, and fellow members of the Senate. I figure I got a little bit of a piece of this prize, as well, because Dave has gotten a little piece of me a number of times. This is my personal favorite as a matter of fact. I thought it was kind of interesting, because no matter how much things change, they kind of stay the same. This had to do with 1991, as I remember it, when I was Ways and Means Chair. Gary Locke, then was Appropriations Chair and Booth Gardner and Karla Nuxall, the then WEA President. At that point, we had an awful lot of teachers out there on strike while we were writing the budget. It sounds kind of familiar at this point. "Dave has has an incredible ability--sometimes they bite just a little bit, but they always have a point and they always have an awful lot of humor in them. I think that is why he was recognized for this prestigious prize. I think that is the pinnacle and I thought your cartoon the next day---a cartoonist is sitting at his blank page, saying,'what do I do now'-- was extremely poignant. It is a great honor for you and for the state and I want you to know that the originals that I bought now are going to be part of my retirement, as they have increased substantially in value. Thank you very much and my wife thanks you, as well."

REMARKS BY SENATOR SNYDER

Senator Snyder: "Thank you, Mr. President. I wish to join in wishing and congratulating Dave on winning this award. You know, everybody says that they hate to be in those cartoons, but you notice, like Senator McDonald, they all want to buy the originals. They just jump at the change to get there and do that. You know this is kind of like winning the Super Bowl or the World Series or the last day for Wayne Gresky the other day. I think this is really like in the same category with all of those things in the sports world. I didn’t realize that four hundred and fifty newspapers around the country carry your cartoons and I do see it in other papers. That in it itself is a great tribute and shows you how much it means to people all around the country and it comes right out of our state of Washington. We are indeed proud to have you as a citizen and a cartoonist in the Pacific Northwest and the city of Seattle. Congratulations!"

REMARKS BY SENATOR DECCIO

Senator Deccio: “Thank you, Mr. President. I have never been in any of Dave’s cartoons, even during the time he spent down here as a reporter. I guess it is because I have never done anything wrong, so I’ve never ended up there. Dave, you know you are the kind of guy that any publisher would like to have on his team,
because you have twenty-seven years experience and you are only twenty-seven years old. I think that is a great gift for anybody. We are really proud that you got this award. This is like winning the lottery—you would probably like to do both. I just want to add my congratulations; I think you have been a real credit to all of us in the state of Washington. "Thank you."

REMARKS BY SENATOR ROACH

Senator Roach: "Thank you, Mr. President, and members of the Senate. I, too, want to congratulate David Horsey. I've contributed a little bit myself. I just want you to know Mr. Horsey that I have lost weight and so if there is another time—ok? You know, I first met David—I believe it was 1980—and he was in the office of then Senator Kent Pullen. I remember walking through the door there and having the chance to meet him and so forth. I also remember one of those earlier cartoons, at least from my recognition of his work. It was a picture of the warmup bench--three players on the warmup bench--and they have jerseys on and on the back of each one of them says, 'Pullen,' one says 'Metcalf,' and the other says, 'Smith,' and they are turning around looking behind them and so you are looking at the faces and their backs with the jerseys and then these big, gargantuan rear ends hanging over the bench. They are each sitting on something; Pullen for gun control; Metcalf for, I believe Kurt Smith's nomination; and Linda Smith for the Childrens' Initiative.

"The thing that makes these so great is that you remember the cartoons. You remember the one about Ellen Craswell where she is dressed up like the queen in Alice in Wonderland and it says, 'All right, off with this' on the castration bill, you know. So, it is a wonderful thing for us here in Washington State and I also wanted to tell you that when David Horsey did the three with Pullen, Metcalf and Smith, Kent said to me, 'Quick, call him on the phone'--it was eight a.m. at that time and said 'let's buy that print.' So, I called him up and he said politely that it would be a hundred dollars. Well, when I bought one last year, it was four hundred dollars, so things are going up."

REMARKS BY SENATOR THIBAUDEAU

Senator Thibaudeau: "Mr. President and members of the Senate. I'm rising to support this resolution. I am reminded of people's reaction to a former next door neighbor of mine, Ed Donohue, in whose columns, people hated being mentioned, but hated worse, never to be mentioned at all. Now, my constituent, I am so glad you all like something about Seattle. The three wonderful people on the rostrum, yes, Mr. Horsey and his family are all my constituents. They are all members of the Forty-third District, of which I am very proud.

"On a bit of a downer, I suppose, we have all talked about his humor, but the cartoon recently--I hope Senator McAuliffe saw it--it was a Mother sobbing and hanging on to her adolescent son with a backpack. He said quizizzically, 'I'm just going to school Mom.' In view of recent events, I think this shows his perception, his understanding and as somebody said, 'It really makes you think about it.'

"Thanks so much--all three of you--for being here. Thanks, David for being such a tremendous observer of the world. I appreciate you and I support this resolution. Thank you."

REMARKS BY SENATOR McCASLIN

Senator McCaslin: "Thank you, Mr. President. I didn't know you were this young. I know--I'm waiting for that autograph. I have two of his pictures and the first one was a lot cheaper that the second one. The first one was me with the cutouts on the Growth Management Act, so he signed that one and if you come in and sign the other one, I promise I'll make the next installment payment. I mean I am an honest guy. I can't believe you are as young as you are. I kept saying to Senator Deccio, 'Is that him?' He said, 'Yeah.' Of course, you can't believe I am this old, so at this age, I would appreciate your hurrying and signing and I'll get somebody to bring it over and then I will give you my installment payment and it will cover it up. Congratulations, you are a wonderful cartoonist. I also have the one on term limits, which I think is the most beautiful cartoon I have ever seen. Why should we run and he has all these other geeks waiting to run. He did a tremendous job on that. I don't know if that was before term limits expired or we did it in court and got rid of it, but you will know. Thank you very much for the tremendous humor you provide for most of us."

REMARKS BY SENATOR WINSLEY
Senator Winsley: "Thank you, Mr. President. I would also like to congratulate Dave. I noticed that you started with the PI in 1979. Twenty years ago when I was in the House when we were tied forty-nine, forty-nine, my name got in the paper several times. I think my favorite one was I was riding a white horse, if I remember correctly, and Duane Berentson was trying to edge up close by, but just about that time, the horse kicked up his hind legs and I think Berentson fell. I remember the cartoon. Anyhow, I think it is the same situation now and we have a House over there that is tied forty-nine, forty-nine and I guess someone will give that vote for the budget, but it won’t be me. Thank you."

REMARKS BY SENATOR KOHL-WELLES

Senator Kohl-Welles: "Thank you, Mr. President. I rise also to support this resolution and congratulate Mr. Horsey. I had the real delightful experience last year of sitting behind David Horsey at a Mariner’s game and watching him develop a cartoon. It was really an incredible interesting experience and I chatted a little bit with him about what he was doing. I dare say that David will not be sitting and staring at a blank page very often. I think we all give him a lot of fertile ideas for his imagination to get carried away with and I also dare to say that he is not known just as part of our Washington landscape here in the Evergreen State, but likely much to the dismay of certain figures in the other Washington, he is becoming all too well known, as well. Congratulations."

REMARKS BY SENATOR JACOBSEN

Senator Jacobsen: "When I was at Lake City Elementary School many years ago, I never did think that Janet Horsey’s little brother would be famous, but he certainly has come a long ways and when I was at the University of Washington, he also did a good job on the Daily and the only other observation I would make would be if you weren’t a great cartoonist, you would be a great columnist, because I have always enjoyed your thoughtful columns when you write them on occasion. We are really lucky to have you in the state of Washington and paying attention to the political issues. Thank you, Dave."

FURTHER REMARKS BY SENATOR WEST

Senator West: “Mr. President, I assume that you are going to introduce Mr. Horsey, his wife and his mother. I would like to point out that they have political connections, as well. His wife was a Senate Page Mother in the 1970s and I believe she also worked for the House of Representatives. His mother was a PCO until they became an endangered species in Senator Thibaudeau’s district, because she is a Republican.”

INTRODUCTION OF SPECIAL GUESTS

The President welcomed and introduced David Horsey, his wife, Noelle Ann, and his mother, Jeanne, who were seated on the rostrum.

With permission of the Senate, business was suspended and David Horsey addressed the Senate.

REMARKS BY DAVID HORSEY

David Horsey: “Thank you. Actually, I am thinking, ‘What am I doing up here?’ I am supposed to be over at that table, but I think this proves that the House has not given you guys nearly enough to do. If you can spend all this time talking about me--how long do you want me to fill here? I was glad to hear there was some dissent in that vote, by the way. I hate to think you are all that forgiving. If some one drew me the way that I sometimes draw you, I would be a little angry myself.

“That is all right. That is the wonderful thing that I have people in politics. People sometimes ask me if I dislike politicians, and actually I love politicians. Not just because you make my job possible and when you goof up, it makes my job easy, but because people in politics, especially elected officials are--even if you disagree with them--those of you who I disagree with from time to time, I do respect the fact that you are engaged and you are involved in democracy, and that you are doing what people who are just complainers are not doing. You are trying to make things better in the way you see--the vision you have on what should be done. I do respect you for that, despite the fact that I have a job that is very disrespectful.

“I was at the fair at Monroe a couple years ago and a guy came up to me and said he was really angry about what I did, because he had been taught to respect the President, to respect the Governor and what I did was
antithetical to that and I had to agree that he was right. I guess I justify it because I am saying, ‘I am part of the democratic debate and that is what this country is all about people sharing ideas and arguing and then eventually coming together to do what is best.’

“Senator West stole my lines about my mom here. She was a Republican Precinct Committeewoman until she moved to the wonderful Forty-third District where the second party is the Socialist Workers Party. She didn’t want to work for them, so anyway—I will be quiet now and go back to being a journalist. I thank you very much. This truly is an honor. Because I started my career down here, I have always loved Olympia and the Legislature and the whole scene here. It is indeed an honor to be recognized in this way. Thanks for being forgiving about what I do to you guys. Thank you very much.”

REMARKS BY PRESIDENT OWEN

President Owen: “Congratulations, Mr. Horsey. I had the privilege of serving in the House my first year when Mr. Horsey was an intern. I just wanted to say that I don’t remember that plaid sport’s coat, at all. Thank you very much!”

On motion of Senator Patterson, Senator Gardner was excused.
On motion of Senator Honeyford, Senator Johnson was excused.

PARLIAMENTARY INQUIRY

Senator West: "A parliamentary inquiry, Mr. President. I may be one of the greater offenders of this, but I want the President to clarify what the definition of what the bar of the House is--or the bar of the Senate is. Rule 39 requires that Senators be present, every Senator within the bar of the Senate shall vote. Does the bar include the ante area beyond the curtains or may the Senator’s head be just outside the curtain area into the bar? Could you give us a clarification of that sir?"

REPLY BY THE PRESIDENT

President Owen: "It is kinda like in a football field, if you break the plane, you score. To some people, that would be the head and the stomach."
Senator West: "A further inquiry, I don’t find it in the rules, but I know Senate custom requires the wearing--for gentlemen--of a tie and a suit coat or jacket. Is it permissible to protrude your head while not wearing a jacket?"
President Owen: "The President would prefer to not see the rest of the body without the jacket on. There is not a requirement that chairs of the Senate have suit jackets on. I notice that Senator McDonald has one on his chair, one that might fit that offending Senator that you were referring to."

PERSONAL PRIVILEGE

Senator McCaslin: "A point of personal privilege, Mr. President. The Senator from the Sixth District has struck again."
MOTION

On motion of Senator Kohl-Welles, Gubernatorial Appointment No. 9155, Dr. George Mohoric, as a member of the Board of Trustees for Centralia Community College District No. 12, was confirmed.

The Secretary called the roll. The appointment was confirmed by the following vote: Yeas, 43; Nays, 0; Absent, 2; Excused, 4.

Excused: Senators Gardner, Johnson, Loveland and McAuliffe - 4.

MOTION

On motion of Senator Roach, the remarks on Senate Resolution 1999-8672 honoring David Horsey, which the Senate adopted earlier today, will be spread upon the Journal.

PARLIAMENTARY INQUIRY

Senator Swecker: "A parliamentary inquiry, Mr. President. This noon hour as I strolled about the capital campus I realized that if I were home right now I would be wearing cutoffs. I am not sure what kind of images that places on people's minds, but it occurred to me to inquire of the President that if I wear cutoffs tomorrow and a coat and tie, would I be considered properly attired for the floor of the Senate?"

REPLY BY THE PRESIDENT

President Owen: "Possibly, if you included tights--possibly, but not likely."

MOTION

On motion of Senator Honeyford, Senators Rossi and Sellar were excused.

MOTION

On motion of Senator Goings, the Senate returned to the fourth order of business.

(1) The committee consists of the following seven voting members: A representative of the higher education coordinating board, appointed by its executive director; a representative of the superintendent of public instruction, appointed by the superintendent of public instruction; a representative of the state board for community and technical colleges, appointed by its executive director; a representative of the educational services districts, appointed by that organization; a representative of the baccalaureate institutions, appointed by the council of presidents; a representative of the computer or telecommunications industry, appointed by the governor; and a representative of the department, appointed by the director. The committee includes as ex officio, nonvoting members, a representative of the organization that operates the K-20 network under section 8 of this act, appointed by that organization; the state librarian; a representative of the independent nonprofit institutions of higher education, appointed by the Washington association of independent colleges and universities; and such additional ex officio, nonvoting members as may be appointed by the information services board. The committee shall select a chair from among its members.

(2) The committee shall have general operational and technical oversight over the K-20 network, as delegated by the information services board.

(3) The department shall supply necessary staff support to the committee.

NEW SECTION. Sec. 7. A new section is added to chapter 43.105 RCW to read as follows:

(1) In overseeing the technical aspects of the K-20 network, the information services board is not intended to duplicate the statutory responsibilities of the higher education coordinating board, the superintendent of public instruction, the information services board, the state librarian, or the governing boards of the institutions of higher education.

(2) The board may not interfere in any curriculum or legally offered programming offered over the network.

(3) The coordination of telecommunications planning for institutions of higher education as defined in RCW 28B.10.016 remains the responsibility of the higher education coordinating board under RCW 28B.80.600. The board may recommend, but not require, revisions to the higher education coordinating board's telecommunications plan.

(4) The responsibility to review and approve standards and common specifications for the network remains the responsibility of the information services board under RCW 43.105.041.

(5) The coordination of telecommunications planning for the common schools remains the responsibility of the superintendent of public instruction. Except as set forth in RCW 43.105.041(1)(d), the board may recommend, but not require, revisions to the superintendent's telecommunications plans.

NEW SECTION. Sec. 8. A new section is added to chapter 43.105 RCW to read as follows:

The department shall maintain, in consultation with the network users and the board, the K-20 operations cooperative, which shall be responsible for day-to-day network management, technical network status monitoring, technical problem response
coordination, and other duties as agreed to by the department, the educational sectors, and the information services board. Funding for the K-20 operations cooperative shall be provided from the K-20 revolving fund under RCW 28D.02.065 (as recodified by this act).

Sec. 9. RCW 28D.02.060 and 1997 c 180 s 2 are each amended to read as follows:

The K-20 technology account is hereby created in the state treasury. The department of information services shall deposit into the account moneys received from legislative appropriations, gifts, grants, and endowments for the buildout and installation of the K-20 telecommunication system. The account shall be subject to appropriation and may be expended solely for the K-20 telecommunication system (approved by the committee under RCW 28D.02.010). Disbursements from the account shall be on authorization of the director of the department of information services with approval of the (committee under RCW 28D.02.010) board.

Sec. 10. RCW 28D.02.065 and 1997 c 180 s 1 are each amended to read as follows:

(1) The education technology revolving fund is created in the custody of the state treasurer. All receipts from billings under subsection (2) of this section must be deposited in the revolving fund. Only the director of the department of information services or the director's designee may authorize expenditures from the fund. The revolving fund shall be used (exclusively) to pay for network operations, transport, equipment, software, supplies, and services, maintenance and depreciation of on-site data, and shared infrastructure, and other costs incidental to the development, operation, and administration of shared educational information technology services, telecommunications, and systems. The revolving fund shall not be used for the acquisition, maintenance, or operations of local telecommunications infrastructure or the maintenance or depreciation of on-premises video equipment specific to a particular institution or group of institutions.

(2) The revolving fund and all disbursements from the revolving fund are subject to the allotment procedure under chapter 43.88 RCW, but an appropriation is not required for expenditures. The department of information services shall, in consultation with entities connected to the network under RCW 28D.02.070 (as recodified by this act) and subject to the review and approval of the office (office of financial management) establish and implement a billing structure (to assure that all network users pay an equitable share of the costs in relation to their usage of the network) for network services identified in subsection (1) of this section.

(3) The department shall charge those public entities connected to the K-20 telecommunications under RCW 28D.02.070 an annual copayment per unit of transport connection as determined by the legislature after consideration of the K-20 board's recommendations. This copayment shall be deposited into the revolving fund to be used for the purposes in subsection (1) of this section. It is the intent of the legislature to appropriate to the revolving fund such moneys as necessary to cover the costs for transport, maintenance, and depreciation of data equipment located at the individual public institutions, maintenance and depreciation of the network backbone, and services provided to the network under section 8 of this act.

Sec. 11. RCW 28D.02.070 and 1996 c 137 s 8 are each amended to read as follows:

The information services board shall prepare a technical plan for the design and construction of the K-20 telecommunication system. The board shall ensure that the technical plan adheres to the (principles described in RCW 28D.02.020 and the) goals and objectives established (by the committee) under RCW (28D.02.010) 43.105.041. The board shall provide formal project approval and oversight during the development and implementation of the K-20 telecommunications network. In approving the plan, the board shall conduct a request for proposal process. The technical plan shall be developed in phases as follows:

(1) Phase one shall provide a telecommunication backbone connecting educational service districts, the main campuses of public baccalaureate institutions, the branch campuses of public research institutions, and the main campuses of community colleges and technical colleges.

(2) Phase two shall provide for (a) connection to the network by entities that include, but need not be limited to: School districts, public higher education off-campus and extension centers, and branch campuses of community colleges and technical colleges, (and independent nonprofit baccalaureate institutions) as prioritized by the (K-20) K-20 telecommunications oversight and policy committee, or as modified by the board; (and) (b) distance education facilities and components for entities listed in subsections (1) and (2) of this section; and (c) connection for independent nonprofit institutions of higher education, provided that:

(i) The K-20 board and each independent nonprofit institution of higher education to be connected agree in writing to terms and conditions of connectivity. The terms and conditions shall ensure, among other things, that the provision of K-20 services does not violate Article VIII, section 5 of the state Constitution and that the institution shall adhere to network policies; and

(ii) The K-20 board determines that inclusion of the independent nonprofit institutions of higher education will not significantly affect the network's eligibility for federal universal service fund discounts or subsidies.
Subsequent phases may include, but need not be limited to, connections to public libraries, state and local governments, community resource centers, and the private sector.

NEW SECTION. Sec. 12. RCW 28D.02.060, 28D.02.065, and 28D.02.070 are each recodified as sections in chapter 43.105 RCW.

NEW SECTION. Sec. 13. The following acts or parts of acts are each repealed:
(1) RCW 28D.02.005 (Intent--Finding) and 1996 c 137 s 1;
(2) RCW 28D.02.010 (K-20 telecommunications oversight and policy committee) and 1996 c 137 s 2;
(3) RCW 28D.02.020 (Design and implementation plan) and 1996 c 137 s 3;

(6) RCW 28D.02.050 (Network governance structure--Recommendations of the higher education coordinating board and the superintendent of public instruction) and 1996 c 137 s 6.

NEW SECTION. Sec. 14. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect July 1, 1999."

MESSAGE FROM THE HOUSE

April 23, 1999

MR. PRESIDENT:
Under suspension of the rules, ENGROSSED SUBSTITUTE SENATE BILL NO. 5988 was returned to second reading and the House adopted the following amendment(s) and passed the bill as amended by the House:
Strike everything after the enacting clause and insert the following:
"Sec. 1. RCW 28A.225.020 and 1996 c 134 s 2 are each amended to read as follows:
(1) If a child required to attend school under RCW 28A.225.010 fails to attend school without valid justification, the public school in which the child is enrolled shall:
a) Inform the child's custodial parent, parents, or guardian by a notice in writing or by telephone whenever the child has failed to attend school after one unexcused absence within any month during the current school year. School officials shall inform the parent of the potential consequences of additional unexcused absences;

b) Schedule a conference or conferences with the custodial parent, parents, or guardian and child at a time reasonably convenient for all persons included for the purpose of analyzing the causes of the child's absences after two unexcused absences within any month during the current school year. If a regularly scheduled parent-teacher conference day is to take place within thirty days of the second unexcused absence, then the school district may schedule this conference on that day; and

c) Take steps to eliminate or reduce the child's absences. These steps shall include, where appropriate, adjusting the child's school program or school or course assignment, providing more individualized or remedial instruction, providing appropriate vocational courses or work experience, referring the child to a community truancy board, if available, requiring the child to attend an alternative school or program, or assisting the parent or child to obtain supplementary services that might eliminate or ameliorate the cause or causes for the absence from school. If the child's parent does not attend the scheduled conference, the conference may be conducted with the student and school official. However, the parent shall be notified of the steps to be taken to eliminate or reduce the child's absence.

(2) For purposes of this chapter, an "unexcused absence" means that a child:

(a) Has failed to attend the majority of hours or periods in an average school day or has failed to comply with a more restrictive school district policy; and

(b) Has failed to meet the school district's policy for excused absences.

(3) If a child transfers from one school district to another during the school year, the receiving school or school district shall include the unexcused absences accumulated at the previous school or from the previous school district for purposes of this section. RCW 28A.225.030, and section 6 of this act.

Sec. 2. RCW 28A.225.030 and 1996 c 134 s 3 are each amended to read as follows:

(1) If a child is required to attend school under RCW 28A.225.010 and if the actions taken by a school district under RCW 28A.225.020 are not successful in substantially reducing an enrolled student's absences from public school, not later than the seventh unexcused absence by a child within any month during the current school year or not later than the tenth unexcused absence during the current school year the school district shall file a petition and supporting affidavit for a civil action with the juvenile court alleging a violation of RCW 28A.225.010: (a) By the parent; (b) by the child; or (c) by the parent and the child. Except as provided in this subsection, no additional documents need be filed with the petition.

(2) The district shall not later than the fifth unexcused absence in a month:

(a) Enter into an agreement with a student and parent that establishes school attendance requirements;

(b) Refer a student to a community truancy board, if available, as defined in RCW 28A.225.025. The community truancy board shall enter into an agreement with the student and parent that establishes school attendance requirements and take other appropriate actions to reduce the child's absences; or

c) File a petition under subsection (1) of this section.

(3) The petition may be filed by a school district employee who is not an attorney.

(4) If the school district fails to file a petition under this section, the parent of a child with five or more unexcused absences in any month during the current school year or upon the tenth unexcused absence during the current school year may file a petition with the juvenile court alleging a violation of RCW 28A.225.010.

(5) Petitions filed under this section may be served by certified mail, return receipt requested. If such service is unsuccessful, or the return receipt is not signed by the addressee, personal service is required.

Sec. 3. RCW 28A.225.035 and 1997 c 68 s 1 are each amended to read as follows:

(1) A petition for a civil action under RCW 28A.225.030 or section 6 of this act shall consist of a written notification to the court alleging that:

(a) The child has unexcused absences during the current school year;

(b) Actions taken by the school district have not been successful in substantially reducing the child's absences from school; and

(c) Court intervention and supervision are necessary to assist the school district or parent to reduce the child's absences from school.

(2) The petition shall set forth the name, age, school, and residence of the child and the names and residence of the child's parents.

(3) The petition shall set forth facts that support the allegations in this section and shall generally request relief available under this chapter and provide information about what the court might order under RCW 28A.225.090.

(4) When a petition is filed under RCW 28A.225.030 or section 6 of this act, the juvenile court shall schedule a hearing at which the court shall consider the petition, or if the court determines that a referral to an available community
truancy board would substantially reduce the child's unexcused absences, the court may refer the case to a community truancy board under the jurisdiction of the juvenile court.

(5) If a referral is made to a community truancy board, the truancy board must meet with the child, a parent, and the school district representative and enter into an agreement with the petitioner and respondent regarding expectations and any actions necessary to address the child's truancy within thirty days of the referral. If the petition is based on section 6 of this act, the child shall not be required to attend and the agreement under this subsection shall be between the truancy board, the school district, and the child's parent. The agreement shall be presented to the juvenile court for its approval.

(6) The court shall approve the agreement by order or schedule a hearing. The court may, if the school district and community truancy board agree, permit the truancy board to provide continued supervision over the student, or parent if the petition is based on section 6 of this act, and report on compliance with the order.

(7) If the truancy board fails to reach an agreement, the truancy board shall return the case to the juvenile court for a hearing.

(8) Notwithstanding the provisions in subsection (4) of this section, a hearing shall not be required if other actions by the court would substantially reduce the child's unexcused absences. When a juvenile court hearing is held, the court shall:
   (a) Separately notify the child, the parent of the child, and the school district of the hearing;
   (b) Notify the parent and the child of their rights to present evidence at the hearing; and
   (c) Notify the parent and the child of the options and rights available under chapter 13.32A RCW.

(9) The court may require the attendance of the child if eight years old or older, the parents, and the school district at any hearing on a petition filed under RCW 28A.225.030.

(10) A school district is responsible for determining who shall represent the school district at hearings on a petition filed under RCW 28A.225.030 or section 6 of this act.

(11) If the court assumes jurisdiction, the school district shall regularly report to the court any additional unexcused absences by the child.

(12) Community truancy boards and the courts shall coordinate, to the extent possible, proceedings and actions pertaining to children who are subject to truancy petitions and at-risk youth petitions in RCW 13.32A.191 or child in need of services petitions in RCW 13.32A.140.

(13) If after a juvenile court assumes jurisdiction in one county the child relocates to another county, the juvenile court in the receiving county shall, upon the request of a school district or parent, assume jurisdiction of the petition filed in the previous county.

Sec. 4. RCW 28A.225.090 and 1998 c 296 s 39 are each amended to read as follows:

(1) A court may order a child subject to a petition under RCW 28A.225.035 to:
   (a) Attend the child's current school;
   (b) If there is space available and the program can provide educational services appropriate for the child, order the child to attend another public school, an alternative education program, center, a skill center, dropout prevention program, or another public educational program;
   (c) Attend a private nonsectarian school or program including an education center. Before ordering a child to attend an approved or certified private nonsectarian school or program, the court shall: (i) Consider the public and private programs available; (ii) find that placement is in the best interest of the child; and (iii) find that the private school or program is willing to accept the child and will not charge any fees in addition to those established by contract with the student's school district. If the court orders the child to enroll in a private school or program, the child's school district shall contract with the school or program to provide educational services for the child. The school district shall not be required to contract for a weekly rate that exceeds the state general apportionment dollars calculated on a weekly basis generated by the child and received by the district. A school district shall not be required to enter into a contract that is longer than the remainder of the school year. A school district shall not be required to enter into or continue a contract if the child is no longer enrolled in the district;
   (d) Be referred to a community truancy board, if available; or
(e) Submit to testing for the use of controlled substances or alcohol based on a determination that such testing is appropriate to the circumstances and behavior of the child and will facilitate the child's compliance with the mandatory attendance law.

(2) If the child fails to comply with the court order, the court may order the child to be [(punished by)] subject to detention, as provided in RCW 7.21.030(2)(e), or may impose alternatives to detention such as community service. Failure by a child to comply with an order issued under this subsection shall not be [(punishable by)] subject to detention for a period greater than that permitted pursuant to a civil contempt proceeding against a child under chapter 13.32A RCW.

(3) Any parent violating any of the provisions of either RCW 28A.225.010, section 6 of this act, or 28A.225.080 shall be fined not more than twenty-five dollars for each day of unexcused absence from school. It shall be a defense for a parent charged with violating RCW 28A.225.010 to show that he or she exercised reasonable diligence in attempting to cause a child in his or her custody to attend school or that the child's school did not perform its duties as required in RCW 28A.225.020. The court may order the parent to provide community service instead of imposing a fine. Any fine imposed pursuant to this section may be suspended upon the condition that a parent charged with violating RCW 28A.225.010 shall participate with the school and the child in a supervised plan for the child's attendance at school or upon condition that the parent attend a conference or conferences scheduled by a school for the purpose of analyzing the causes of a child's absence.

(4) If a child continues to be truant after entering into a court-approved order with the truancy board under RCW 28A.225.035, the juvenile court shall find the child in contempt, and the court may order the child to be [(punished by)] subject to detention, as provided in RCW 7.21.030(2)(e), or may impose alternatives to detention such as meaningful community service. Failure by a child to comply with an order issued under this subsection may not subject a child to detention for a period greater than that permitted under a civil contempt proceeding against a child under chapter 13.32A RCW.

(5) Subsections (1), (2), and (4) of this section shall not apply to a six or seven year-old child required to attend public school under section 6 of this act.

Sec. 5. RCW 28A.225.025 and 1996 c 134 s 9 are each amended to read as follows:

For purposes of this chapter, "community truancy board" means a board composed of members of the local community in which the child attends school. (\(\text{local school district boards of directors}\)) Juvenile courts may establish and operate community truancy boards. If the juvenile court and the school district agree, a school district may establish and operate a community truancy board under the jurisdiction of the juvenile court. Juvenile courts may create a community truancy board or may use other \(\text{boards}\) entities that exist or are created, such as diversion \(\text{units}\). However, a diversion unit or other existing \(\text{board}\) unit must agree before it is used as a truancy board. (\(\text{Members of the board shall be selected from representatives of the community}\).) Duties of a community truancy board shall include, but not be limited to, recommending methods for improving school attendance such as assisting the parent or the child to obtain supplementary services that might eliminate or ameliorate the causes for the absences or suggesting to the school district that the child enroll in another school, an alternative education program, an education center, a skill center, a dropout prevention program, or another public or private educational program.

NEW SECTION. Sec. 6. A new section is added to chapter 28A.225 RCW to read as follows:

(1) If a parent enrolls a child who is six or seven years of age in a public school, the child is required to attend and that parent has the responsibility to ensure the child attends for the full time that school is in session. An exception shall be made to this requirement for children whose parents formally remove them from enrollment if the child is less than eight years old and a petition has not been filed against the parent under subsection (3) of this section. The requirement to attend school under this subsection does not apply to a child enrolled in a public school part-time for the purpose of receiving ancillary services. A child required to attend school under this subsection may be temporarily excused upon the request of his or her parent for purposes agreed upon by the school district and parent.

(2) If a six or seven year-old child is required to attend public school under subsection (1) of this section and that child has unexcused absences, the public school in which the child is enrolled shall:

(a) Inform the child's custodial parent, parents, or guardian by a notice in writing or by telephone whenever the child has failed to attend school after one unexcused absence within any month during the current school year;

(b) Request a conference or conferences with the custodial parent, parents, or guardian and child at a time reasonably convenient for all persons included for the purpose of analyzing the causes of the child's absences after two unexcused absences within any month during the current school year. If a regularly scheduled parent-teacher conference day is to take place within thirty days of the second unexcused absence, then the school district may schedule this conference on that day; and

(c) Take steps to eliminate or reduce the child's absences. These steps shall include, where appropriate, adjusting the child's school program or school or course assignment, providing more individualized or remedial instruction, offering assistance in enrolling the child in available alternative schools or programs, or assisting the parent or child to obtain supplementary services that may help eliminate or ameliorate the cause or causes for the absence from school.
(3) If a child required to attend public school under subsection (1) of this section has seven unexcused absences in a month or ten unexcused absences in a school year, the school district shall file a petition for civil action as provided in RCW 28A.225.035 against the parent of the child.

(4) This section does not require a six or seven year old child to enroll in a public or private school or to receive home-based instruction. This section only applies to six or seven year old children whose parents enroll them full time in public school and do not formally remove them from enrollment as provided in subsection (1) of this section.

NEW SECTION. Sec. 7. A new section is added to chapter 28A.300 RCW to read as follows:
The superintendent of public instruction shall provide, to the extent funds are appropriated, start-up grants for alternative programs and services that provide instruction and learning for truant, at-risk, and expelled students. Each grant application shall contain proposed performance indicators and an evaluation plan to measure the success of the program and its impact on improved student learning. Applications shall contain the applicant's plan for maintaining the program and services after the grant period.

NEW SECTION. Sec. 8. If funds are appropriated by the legislature for this specific purpose, the superintendent of public instruction shall contract with the Institute of Public Policy or a similar agency to: Evaluate the effectiveness of the petition process and community truancy boards in chapter 28A.225 RCW in reducing truancy; determine whether students who do return to school after being subject to court action create disruptions for other students in the school, establish patterns of improved attendance, and successfully complete their education program; and determine the costs imposed on school districts by the petition process and other truancy-related procedural requirements required by the legislature in 1992 and thereafter.

The cost determination shall be submitted to the legislature by December 15, 1999. The evaluation shall be submitted to the appropriate committees of the legislature by December 15, 2000.

This section expires December 31, 2000.

Correct the title, and the same are herewith transmitted.

MOTION

On motion of Senator McAuliffe, the Senate concurred in the House amendment to Engrossed Substitute Senate Bill No. 5988.

Debate ensued.

POINT OF ORDER

Senator McAuliffe: "A point of order, Mr. President. Would you ask the Senator to speak to the bill?"

REPLY BY THE PRESIDENT

President Owen: "Senator Swecker, would you be sure that you are speaking to the bill, please?"

Further debate ensued.

POINT OF INQUIRY

Senator Roach: "Senator Hargrove, I am sure you are quite knowledgeable and I wanted to ask you a couple of questions. What is the definition of an excused absence? Obviously, if you are sick--if a child is sick--but what else is an exception?"

Senator Hargrove: "Let's get our Education Chair on that, because frankly my kids never went to public school, Senator Roach."

POINT OF INQUIRY

Senator Roach: "Senator McAuliffe, the question is, what is the definition of, other than being sick, for a child to have an excused absence from public schools?"
Senator McAuliffe: “Thank you, Senator Roach. That is a local decision. Each school district decides what is an excused absence. Most of them have local issues that principals, teachers and parents decide what that means and many of them do not have excused absences without a very severe illness or some notification that a child can’t attend school. They are very strict on that.”

Senator Roach: “I realize that they are very strict, but wanted to get a definition out to make sure that I was clear on it. When a student wants to go with parents on a trip to Washington, D.C, or some place for a long duration, I would certainly hate to have any truancy issues arise. I do remember that in my own situation with five children, we had one child who was in the gifted program, so I had chosen, Senator Hargrove, to put him into public school, but that child stayed home in one year a total of thirty school days. He still didn’t miss a beat in school, but rather would have spent the time with his mother at home. So, you have kind of a combination of public school and at home without being a bonafide home schooling situation, so my only fault with this approach would be that there are some parents who want to have the benefit of public schools who cannot, maybe feel comfortable keeping their child out a few days just to school them at home when they want to. If they don’t fall into the home schooling application process, they would be guilty of having their child being truant.”

Further debate ensued.

CALL FOR THE PREVIOUS QUESTION

Senators McAuliffe, Franklin and Prentice called for the previous question and the demand was sustained. The President declared the question before the Senate to be shall the main question be now put. Senator Swecker demanded a roll call and the demand was sustained. The President declared the question before the Senate to be the roll call on shall the main question be now put.

ROLL CALL

The Secretary called the roll on shall the main question be now put and the motion carried by the following vote: Yeas, 29; Nays, 19; Absent, 1; Excused, 0.

Voting yea: Senators Bauer, Brown, Costa, Eide, Fairley, Franklin, Fraser, Gardner, Goings, Hale, Haugen, Heavey, Jacobsen, Kline, Kohl-Welles, Loveland, McAuliffe, McDonald, Patterson, Prentice, Rasmussen, Sheldon, B., Sheldon, T., Shin, Snyder, Spanel, Thibaudeau, West and Wojahn - 29.

Absent: Senator Deccio - 1.

The President declared the question before the Senate to be the roll call on the final passage of Engrossed Substitute Senate Bill No. 5988, as amended by the House.

ROLL CALL

The Secretary called the roll on the final passage of Engrossed Substitute Senate Bill No. 5988, as amended by the House, and the bill passed the Senate by the following vote: Yeas, 43; Nays, 6; Absent, 0; Excused, 0.

ENGROSSED SUBSTITUTE SENATE BILL NO. 5988, as amended by the House, having received the constitutional majority, was declared passed. There being no objection, the title of the bill will stand as the title of the act.

MESSAGE FROM THE HOUSE

April 20, 1999

MR. PRESIDENT:

The House refuses to concur in the Senate amendment(s) to HOUSE BILL NO. 1757 and asks the Senate to recede therefrom, and the same are herewith transmitted.

TIMOTHY A. MARTIN, Co-Chief Clerk
On motion of Senator Hargrove, the Senate receded from its amendment(s) to House Bill No. 1757.

MOTIONS

On motion of Senator Hargrove, the rules were suspended, House Bill No. 1757 was returned to second reading and read the second time.

On motion of Senator Hargrove, the following striking amendment by Senators Hargrove, Costa, Long, Haugen and Stevens was adopted:

Strike everything after the enacting clause and insert the following:

**NEW SECTION.** Sec. 1. The legislature finds it necessary to expand the current pool of convicted offenders who must have a blood sample drawn for purposes of DNA identification analysis. The legislature further finds that there is a high rate of recidivism among certain types of violent and sex offenders and that drawing blood is minimally intrusive. Creating an expanded DNA data bank bears a rational relationship to the public’s interest in enabling law enforcement to better identify convicted violent and sex offenders who are involved in unsolved crimes, who escape to reoffend, and who reoffend after release.

Sec. 2. RCW 43.43.754 and 1994 c 271 s 402 are each amended to read as follows:

Every adult or juvenile individual convicted of a felony or adjudicated guilty of an equivalent juvenile offense defined as a sex offense under RCW 9.94A.030((31)) or a violent offense as defined in RCW 9.94A.030 shall have a blood sample drawn for purposes of DNA identification analysis. For persons convicted of such offenses or adjudicated guilty of an equivalent juvenile offense who are serving or who are to serve a term of confinement in a county jail or detention facility, the county shall be responsible for obtaining blood samples ((prior to release from)) either as part of the intake process into the county jail or detention facility for those persons convicted on or after the effective date of this act, or within a reasonable time after the effective date of this act for those persons incarcerated prior to the effective date of this act who have not yet had a blood sample drawn, beginning with those persons who will be released the soonest. For persons convicted of such offenses or adjudicated guilty of an equivalent juvenile offense, who are serving or who are to serve a term of confinement in a department of corrections facility or a division of juvenile rehabilitation facility, the facility holding the person shall be responsible for obtaining blood samples ((prior to release from)) either as part of the intake process into such facility for those persons convicted on or after the effective date of this act, or within a reasonable time after the effective date of this act for those persons incarcerated prior to the effective date of this act who have not yet had a blood sample drawn, beginning with those persons who will be released the soonest. Any blood sample taken pursuant to RCW 43.43.752 through 43.43.758 shall be used solely for the purpose of providing DNA or other blood grouping tests for identification analysis and prosecution of a sex offense or a violent offense.

This section applies to all adults who are convicted after July 1, 1990; and to all adults who were convicted on or prior to July 1, 1990, and who are still incarcerated on or after the effective date of this act. This section applies to all juveniles who are adjudicated guilty after July 1, 1994; and to all juveniles who were adjudicated guilty on or prior to July 1, 1994, and who are still incarcerated on or after the effective date of this act.

**NEW SECTION.** Sec. 3. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

MOTIONS

On page 1, line 1 of the title, after "identification," strike the remainder of the title and insert "amending RCW 43.43.754; and creating a new section."

MOTIONS

On motion of Senator Heavey, the rules were suspended, Substitute House Bill No. 1392 was returned to second reading and read the second time.

On motion of Senator Heavey, the following striking amendment by Senators Heavey, Costa, Kline, Johnson and McCaslin was adopted:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. A new section is added to chapter 9.96 RCW to read as follows:

(1) Every person convicted of a misdemeanor or gross misdemeanor offense who has completed all of the terms of the sentence for the misdemeanor or gross misdemeanor offense may apply to the sentencing court for a vacation of the applicant's record of conviction for the offense. If the court finds the applicant meets the tests prescribed in subsection (2) of this section, the court may in its discretion clear the record of conviction by: (a)(i) Permitting the applicant to withdraw the applicant's plea of guilty
and to enter a plea of not guilty; or (ii) if the applicant has been convicted after a plea of not guilty, the court setting aside the verdict of guilty; and (b) the court dismissing the information or indictment against the applicant.

(2) An applicant may not have the record of conviction for a misdemeanor or gross misdemeanor offense cleared if any one of the following is present: (a) There are any criminal charges against the applicant pending in any court of this state or another state, or in any federal court; (b) the offense was a violent offense as defined in RCW 9.94A.030 or an attempt to commit a violent offense; (c) the offense was a violation of RCW 46.61.502 (Driving while under the influence), 46.61.504 (Actual physical control while under the influence), or 9.91.020 (Operating a railroad, etc. while intoxicated); (d) the offense was any misdemeanor or gross misdemeanor attempt to commit a sex offense as defined in RCW 9.94A.030; (e) the offense was any misdemeanor or gross misdemeanor violation, including attempt, of chapter 9.68 (Obscenity and pornography) or 9.68A (Sexual exploitation of children) RCW; (f) the applicant has been convicted of a new crime in this state, another state, or federal court since the date the applicant completed all of the terms of the sentence for the misdemeanor or gross misdemeanor offense; (g) the offense was a domestic violence offense as defined in RCW 10.99.020, and less than ten years have passed since the date the offender successfully completed all terms of his or her sentence, including probation. The court shall not grant the motion to vacate a domestic violence conviction if, upon review of the police report and any evidence from the prosecution or the defense, the court finds that the defendant's behavior in the commission of the crime was particularly egregious; or (h) less than five years have passed since the date the applicant completed all of the terms of the sentence for the misdemeanor or gross misdemeanor offense.

(3) Once the court vacates a record of conviction under subsection (1) of this section, the person shall be released from all penalties and disabilities resulting from the offense, except that the fact that the person had been convicted of the offense may be used in any subsequent criminal prosecution consistent with any other legal use and may be included in the person's criminal history for purposes of determining a sentence in any subsequent conviction. For all other purposes, including responding to questions on employment applications, a person whose conviction has been vacated may state that the person has never been convicted of that crime.

(4) All costs incurred by the court and probation services shall be paid by the person making the motion to vacate the record unless a determination is made pursuant to chapter 10.101 RCW that the person making the motion is indigent, at the time the motion is brought.

(5) Any conviction that is vacated under this section shall be treated as nonconviction data as defined in chapter 10.97 RCW for the purposes of the defendant's criminal history. The clerk of the court in which the motion is brought shall transmit the order vacating the conviction to the Washington state patrol. The Washington state patrol shall transmit the order vacating the conviction to the federal bureau of investigation.

(6) No person may seek or be granted a vacation of record of conviction for an offense committed after the date upon which the person received a vacation of record of conviction for any other offense.

**Sec. 2.** RCW 9.94A.230 and 1987 c 486 s 7 are each amended to read as follows:

(1) Every offender who has been discharged under RCW 9.94A.220 may apply to the sentencing court for a vacation of the offender's record of conviction. For all purposes, including responding to questions on employment applications, an offender whose conviction has been vacated may state that the offender has never been convicted of that crime, including responses to questions when making application for employment. Nothing in this section affects or prevents the use of an offender's prior conviction in a later criminal prosecution.
(4) All costs incurred by the court and probation services shall be paid by the person making the motion to vacate the record unless a determination is made pursuant to chapter 10.101 RCW that the person making the motion is indigent, at the time the motion is brought.

(5) Any conviction that is vacated under this section shall be treated as nonconviction data as defined in chapter 10.97 RCW for the purposes of the defendant’s criminal history. The clerk of the court in which the motion is brought shall transmit the order vacating the conviction to the Washington state patrol. The Washington state patrol shall transmit the order vacating the conviction to the federal bureau of investigation.

(6) No person may seek or be granted a vacation of record of conviction for an offense committed after the date upon which the person received a vacation of record of conviction for any other offense.

Sec. 3. RCW 9.95.240 and 1957 c 227 s 7 are each amended to read as follows:

(1) Every defendant who has fulfilled the conditions of his or her probation for the entire period thereof, or who (shall have) has been discharged from probation prior to the termination of the period thereof, may (at any time prior to the expiration of the maximum period of punishment for the offense for which he has been convicted be permitted in the discretion of the court to withdraw his plea of guilty and enter a plea of not guilty, or if he has been convicted after a plea of not guilty, the court may in its discretion set aside the verdict of guilty, and in either case, the court may thereupon dismiss the information or indictment against such defendant, who shall thereafter be released from all penalties and disabilities resulting from the offense or crime of which he has been convicted.
