SUBSTITUTE HOUSE BILL NO. 2466, by House Committee on Natural Resources (originally sponsored by Representatives Regala, Ericksen, Buck, Linville, Anderson, Barlean and Mitchell)

Creating a ballast water monitoring program.

The bill was read the second time.

MOTION

On motion of Senator Jacobsen, the following Committee on Natural Resources, Parks and Recreation striking amendment was adopted:

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. The legislature finds that some nonindigenous species have the potential to cause economic and environmental damage to the state and that current efforts to stop the introduction of nonindigenous species from shipping vessels do not adequately reduce the risk of new introductions into Washington waters.

The legislature recognizes the international ramifications and the rapidly changing dimensions of this issue, and the difficulty that any one state has in either legally or practically managing this issue. Recognizing the possible limits of state jurisdiction over international issues, the state declares its support for the international maritime organization and United States coast guard efforts, and the state intends to complement, to the extent its powers allow it, the United States coast guard's ballast water management program.
NEW SECTION  Sec. 2. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Ballast tank" means any tank or hold on a vessel used for carrying ballast water, whether or not the tank or hold was designed for that purpose.

(2) "Ballast water" means any water and matter taken on board a vessel to control or maintain trim, draft, stability, or stresses of the vessel, without regard to the manner in which it is carried.

(3) "Empty/refill exchange" means to pump out, until the tank is empty or as close to empty as the master or operator determines is safe, the ballast water taken on in ports, estuarine, or territorial waters, and then refilling the tank with open sea waters.

(4) "Exchange" means to replace the water in a ballast tank using either flow through exchange, empty/refill exchange, or other exchange methodology recommended or required by the United States coast guard.

(5) "Flow through exchange" means to flush out ballast water by pumping in midocean water at the bottom of the tank and continuously overflowing the tank from the top until three full volumes of water have been changed to minimize the number of original organisms remaining in the tank.

(6) "Nonindigenous species" means any species or other viable biological material that enters an ecosystem beyond its natural range.

(7) "Open sea exchange" means an exchange that occurs fifty or more nautical miles offshore. If the United States coast guard requires a vessel to conduct an exchange further offshore, then that distance is the required distance for purposes of compliance with this chapter.

(8) "Recognized marine trade association" means those trade associations in Washington state that promote improved ballast water management practices by educating their members on the provisions of this chapter, participating in regional ballast water coordination through the Pacific ballast water group, assisting the department in the collection of ballast water exchange forms, and the monitoring of ballast water. This includes members of the Puget Sound marine committee for Puget Sound and the Columbia river steamship operators association for the Columbia river.

(9) "Sediments" means any matter settled out of ballast water within a vessel.

(10) "Untreated ballast water" includes exchanged or unexchanged ballast water that has not undergone treatment.

(11) "Vessel" means a self-propelled ship in commerce of three hundred gross tons or more.

(12) "Voyage" means any transit by a vessel destined for any Washington port.

(13) "Waters of the state" means any surface waters, including internal waters contiguous to state shorelines within the boundaries of the state.

NEW SECTION  Sec. 3. (1) This chapter applies to all vessels carrying ballast water into the waters of the state from a voyage, except:

(a) A vessel of the United States department of defense or United States coast guard subject to the requirements of section 1103 of the national invasive species act of 1996, or any vessel of the armed forces, as defined in 33 U.S.C. Sec. 1322(a)(14), that is subject to the uniform national discharge standards for vessels of the armed forces under 33 U.S.C. Sec. 1322(n);

(b) A vessel (i) that discharges ballast water or sediments only at the location where the ballast water or sediments originated, if the ballast water or sediments do not mix with ballast water or sediments from areas other than open sea waters; or (ii) that does not discharge ballast water in Washington waters;

(c) A vessel traversing the internal waters of Washington in the Strait of Juan de Fuca, bound for a port in Canada, and not entering or departing a United States port, or a vessel in innocent passage, which is a vessel merely traversing the territorial sea of the United States and not entering or departing a United States port, or not navigating the internal waters of the United States; and

(d) A crude oil tanker that does not exchange or discharge ballast water into the waters of the state.

(2) This chapter does not authorize the discharge of oil or noxious liquid substances in a manner prohibited by state, federal, or international laws or regulations. Ballast water containing oil, noxious liquid substances, or any other pollutant shall be discharged in accordance with the applicable requirements.

(3) The master or operator in charge of a vessel is responsible for the safety of the vessel, its crew, and its passengers. Nothing in this chapter relieves the master or operator in charge of a vessel of the responsibility for ensuring the safety and stability of the vessel or the safety of the crew and passengers.

NEW SECTION  Sec. 4. The owner or operator in charge of any vessel covered by this chapter is required to ensure that the vessel under their ownership or control does not discharge ballast water into the waters of the state except as authorized by this section.
(1) Discharge into waters of the state is authorized if the vessel has conducted an open sea exchange of ballast water. A vessel is exempt from this requirement if the vessel's master reasonably determines that such a ballast water exchange operation will threaten the safety of the vessel or the vessel's crew, or is not feasible due to vessel design limitations or equipment failure. If a vessel relies on this exemption, then it may discharge ballast water into waters of the state, subject to any requirements of treatment under subsection (2) of this section and subject to section 5 of this act.

(2) After July 1, 2002, discharge of ballast water into waters of the state is authorized only if there has been an open sea exchange or if the vessel has treated its ballast water to meet standards set by the department. When weather or extraordinary circumstances make access to treatment unsafe to the vessel or crew, the master of a vessel may delay compliance with any treatment required under this subsection until it is safe to complete the treatment.

(3) The requirements of this section do not apply to a vessel discharging ballast water or sediments that originated solely within the waters of Washington state, the Columbia river system, or the internal waters of British Columbia south of latitude fifty degrees north, including the waters of the Straits of Georgia and Juan de Fuca.

(4) Open sea exchange is an exchange that occurs fifty or more nautical miles offshore. If the United States coast guard requires a vessel to conduct an exchange further offshore, then that distance is the required distance for purposes of compliance with this chapter.

NEW SECTION. Sec. 5. The owner or operator in charge of any vessel covered by this chapter is required to ensure that the vessel under their ownership or control complies with the reporting and sampling requirements of this section.

(1) Vessels covered by this chapter must report ballast water management information to the department using ballast water management forms that are acceptable to the United States coast guard. The frequency, manner, and form of such reporting shall be established by the department by rule. Any vessel may rely on a recognized marine trade association to collect and forward this information to the department.

(2) In order to monitor the effectiveness of national and international efforts to prevent the introduction of nonindigenous species, all vessels covered by this chapter must submit nonindigenous species ballast water monitoring data. The monitoring, sampling, testing protocols, and methods of identifying nonindigenous species in ballast water shall be determined by the department by rule. A vessel covered by this chapter may contract with a recognized marine trade association to randomly sample vessels within that association's membership, and provide data to the department.

(3) Vessels that do not belong to a recognized marine trade association must submit individual ballast tank sample data to the department for each voyage.

(4) All data submitted to the department under subsection (2) of this section shall be consistent with sampling and testing protocols as adopted by the department by rule.

(5) The department shall adopt rules to implement this section. The rules and recommendations shall be developed in consultation with advisors from regulated industries and the potentially affected parties, including but not limited to shipping interests, ports, shellfish growers, fisheries, environmental interests, interested citizens who have knowledge of the issues, and appropriate governmental representatives including the United States coast guard.

(a) The department shall set standards for the discharge of treated ballast water into the waters of the state. The rules are intended to ensure that the discharge of treated ballast water poses minimal risk of introducing nonindigenous species. In developing this standard, the department shall consider the extent to which the requirement is technologically and practically feasible. Where practical and appropriate, the standards shall be compatible with standards set by the United States coast guard and shall be developed in consultation with federal and state agencies to ensure consistency with the federal clean water act, 33 U.S.C. Sec. 1251-1387.

(b) The department shall adopt ballast water sampling and testing protocols for monitoring the biological components of ballast water that may be discharged into the waters of the state under this chapter. Monitoring data is intended to assist the department in evaluating the risk of new, nonindigenous species introductions from the discharge of ballast water, and to evaluate the accuracy of ballast water exchange practices. The sampling and testing protocols must consist of cost-effective, scientifically verifiable methods that, to the extent practical and without compromising the purposes of this chapter, utilize easily measured indices, such as salinity, or check for species that indicate the potential presence of nonindigenous species or pathogenic species. The department shall specify appropriate quality assurance and quality control for the sampling and testing protocols.

NEW SECTION. Sec. 6. The shipping vessel industry, the public ports, and the department shall promote the creation of a pilot project to establish a private sector ballast water treatment operation that is capable of servicing vessels at all Washington ports. Federal and state agencies and private industries shall be invited to participate. The project will develop equipment or methods to treat ballast water and establish operational methods that do not increase the cost of ballast water treatment at smaller ports. The legislature intends that the cost of treatment required by this chapter is substantially equivalent among large and small ports in Washington.
NEW SECTION. Sec. 7. The legislature recognizes that international and national laws relating to this chapter are changing and that state law must adapt accordingly. The department shall submit to the legislature, and make available to the public, a report that summarizes the results of this chapter and makes recommendations for improvement to this chapter on or before December 1, 2001, and a second report on or before December 1, 2004. The 2001 report shall describe how the costs of treatment required as of July 1, 2002, will be substantially equivalent among ports where treatment is required. The department shall strive to fund the provisions of this chapter through existing resources, cooperative agreements with the maritime industry, and federal funding sources.

NEW SECTION. Sec. 8. (1) Except as limited by subsection (2) or (3) of this section, the director or the director's designee may impose a civil penalty or warning for a violation of the requirements of this chapter on the owner or operator in charge of a vessel who fails to comply with the requirements imposed under sections 4 and 5 of this act. The penalty shall not exceed five thousand dollars for each violation. In determining the amount of a civil penalty, the department shall consider if the violation was intentional, negligent, or without any fault, and shall consider the quality and nature of risks created by the violation. The owner or operator subject to such a penalty may contest the determination by requesting an adjudicative proceeding within twenty days. Any determination not timely contested is final and may be reduced to a judgment enforceable in any court with jurisdiction. If the department prevails using any judicial process to collect a penalty under this section, the department shall also be awarded its costs and reasonable attorneys' fees.

(2) The civil penalty for a violation of reporting requirements of section 5 of this act shall not exceed five hundred dollars per violation.

(3) Any owner or operator who knowingly, and with intent to deceive, falsifies a ballast water management report form is liable for a civil penalty in an amount not to exceed five thousand dollars per violation, in addition to any criminal liability that may attach to the filing of false documents.

(4) The department, in cooperation with the United States coast guard, may enforce the requirements of this chapter.

NEW SECTION. Sec. 9. By December 31, 2005, the natural resources committees of the legislature must review this chapter and its implementation and make recommendations if needed to the 2006 regular session of the legislature.

NEW SECTION. Sec. 10. The departments of fish and wildlife and ecology shall invite representatives from the United States department of defense to discuss ways of improving ballast water management in Washington state. The departments, in cooperation with the United States coast guard shall seek input from other coastal states and the Province of British Columbia in conducting the study and in formulating recommendations. The departments shall provide the most appropriate forum to stimulate dialogue which can result in specific policies and action protocols. The departments shall make recommendations concerning proposals for laws and rules that will guarantee the same level of public and private compliance to protect the marine environment. The legislature wishes to ensure that vessels exempted from this act by section 3(1)(a) of this act are taking adequate precautions to prevent the introduction of nonindigenous species into the waters of the state. The departments of fish and wildlife and ecology shall submit a report to the legislature by December 31, 2001, summarizing the results of these discussions.

NEW SECTION. Sec. 11. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 12. Sections 1 through 9 and 11 of this act constitute a new chapter in Title 75 RCW.*

SENATE RESOLUTION 2000-8708

By Senator Franklin, Goings, Wojahn, Winsley, Rasmussen, Eide, Kohl-Welles, and Oke

WHEREAS, The Pacific Lutheran University "Lutes" football team is the 1999 NCAA Division III National Champion, having defeated New Jersey’s Rowan University in a decisive fashion, 42-13 on December 18, 1999; and
WHEREAS, The Lutes entered the championship as the underdogs, but immediately proceeded to defy the oddsmakers and thoroughly dominate the game from start to finish; and
WHEREAS, The guiding force for PLU football is Head Coach Frosty Westering, who has well served a full generation of young men since joining the university in 1972; and
WHEREAS, Coach Westering has been honored as the 1999 Division III National Coach of the Year by the American Football Coaches Association.
WHEREAS, The 1999 NCAA Division III national title is Coach Westering’s fourth championship, having won the NAIA Division II National Championship three times—in 1980, 1987, and 1993; and
WHEREAS, The Lutes also finished as national runner-up in 1983, 1985, 1991, and 1994; and
WHEREAS, Frosty Westering is truly one of football’s greatest coaches, holding a 36-year collegiate coaching record of two-hundred seventy-seven wins, eighty-four losses, and seven ties, a .762 winning percentage; and
WHEREAS, He is one of a select group of coaches ever to win two hundred and fifty or more games, a group that includes such names as Paul "Bear" Bryant, Charles "Pop" Warner, Amos Alonzo Stagg, Joe Paterno, Bobby Bowden, and Tom Osborne; and
WHEREAS, Under his leadership, no PLU team has ever finished a season with a losing record; and

NOW, THEREFORE, BE IT RESOLVED, That the members of the Washington State Senate do hereby recognize and honor the Pacific Lutheran University football team’s outstanding 1999 season capped by the well-deserved NCAA Division III National Championship, under the leadership and guidance of Head Coach Frosty Westering and his staff; and, even more important, that we recognize and honor the team’s unwavering example of true sportsmanship, humility in victory, graciousness in loss, and a caring for each other and opponents that extends well beyond the field of play; and
BE IT FURTHER RESOLVED, That the Secretary of the Senate do hereby immediately transmit copies of this resolution to Pacific Lutheran University in care of President Loren Anderson, and to Head Coach Frosty Westering, his staff, and his team, the National Champion Lutes.

It further finds that state government actions have produced a substantial increase in numbers of ((agencies)) entities, growth of programs, and proliferation of rules ((and regulations)), and that the entire process has evolved without sufficient legislative and executive oversight, regulatory accountability, or a system of checks and balances. The legislature further finds that by establishing a system for the termination, continuation, or modification of state ((agencies)) entities, coupled with a system of scheduled review of such ((agencies)) entities, it will be in a better position to: Evaluate the need for the continued existence of existing and future state ((agencies)) entities; assess the effectiveness and performance of agencies, boards, commissions, and programs; and ensure public accountability. The legislature recognizes that the executive branch shares in this duty and responsibility to assure that state government operates in an efficient, orderly, and responsive manner.

The entity has the burden of demonstrating the extent to which performance results have been achieved. The sunset termination legislation shall name a lead entity, if more than one entity is impacted by scheduled termination. The affected entity or lead entity has the responsibility for developing and implementing a data collection plan and submitting the resulting performance information to the joint legislative audit and review committee.

(3) An entity shall develop performance measures and a data collection plan and submit them for review and comment to the joint legislative audit and review committee within one year of the effective date of the legislation establishing the sunset termination.

"Sec. 1. RCW 80.50.300 and 1996 c 4 s 2 are each amended to read as follows:

(1) This section applies only to unfinished nuclear power projects ((that are not located on federal property)). If a certificate holder stops construction of a nuclear energy facility before completion, terminates the project or otherwise resolves not to complete construction, never introduces or stores fuel for the energy facility on the site, and never operates the energy facility as designed to produce energy, the certificate holder may contract, establish interlocal agreements, or use other formal means to effect the transfer of site restoration responsibilities, which may include economic development activities, to any political subdivision or subdivisions of the state composed of elected officials. The contracts, interlocal agreements, or other formal means of cooperation may include, but are not limited to provisions effecting the transfer or conveyance of interests in the site and energy facilities from..."
the certificate holder to other political subdivisions of the state, including costs of maintenance and security, capital improvements, and demolition and salvage of the unused energy facilities and infrastructure.

(3) The legislature finds that for all or a portion of sites that have been transferred to a political subdivision or subdivisions of the state prior to September 1, 1999, ensuring water for site restoration including economic development, completed pursuant to this section can best be accomplished by a transfer of existing surface water rights, and that such a transfer is best accomplished administratively through procedures set forth in existing statutes and rules. However, if a transfer of water rights is not possible, the department of ecology shall, within six months of the transfer of the site or portion thereof pursuant to subsection (1) of this section, create a trust water right under chapter 90.42 RCW containing between ten and twenty cubic feet per second for the benefit of the appropriate political subdivision or subdivisions of the state. On page 1, line 12, after "address" strike "both" and insert "(both)"
On page 1, line 13, after "habitat" insert "and effective predator control"

POINT OF ORDER

Senator Jacobsen: "A point of order, Madam President. I am asking for a ruling on the amendment by Senator Morton. I think the bill clarifies what projects are eligible by authorizing the board to fund projects by landowners under an ESA obligation and also addresses property transfers as part of board-funded projects. Nowhere does the bill address predators. The floor amendments add a new type of activity to the funding allocation and preferences standards of the board’s organic law.

"This is totally outside the scope of the bill addressing what projects are eligible. Landowners don’t own predators like marine mammals and birds, so the floor amendments have no possible relationship to the underlying bill clarifying landowner eligibility for board funding."

Debate ensued.

PARLIAMENTARY INQUIRY

Senator Goings: "Madam President, a point of parliamentary inquiry. I think the discussion up at the rostrum relates to the two amendments by Senator Morton that are very similar in nature to the other amendment on the desk. "Sec. 1. RCW 48.04.010 and 1990 1st ex.s. c 3 s 1 are each amended to read as follows:

(1) The commissioner may hold a hearing for any purpose within the scope of this code as he or she may deem necessary. The commissioner shall hold a hearing:

(a) if required by any provision of this code; or

(b) upon written demand for a hearing made by any person aggrieved by any act, threatened act, or failure of the commissioner to act, if such failure is deemed an act under any provision of this code, or by any report, promulgation, or order of the commissioner other than an order on a hearing of which such person was given actual notice or at which such person appeared as a party, or order pursuant to the order on such hearing.

(2) Any such demand for a hearing shall specify in what respects such person is so aggrieved and the grounds to be relied upon as basis for the relief to be demanded at the hearing.

(3) Unless a person aggrieved by a written order of the commissioner demands a hearing thereon within ninety days after receiving notice of such order, or in the case of a licensee under Title 48 RCW within ninety days after the commissioner has mailed the order to the licensee at the most recent address shown in the commissioner's licensing records for the licensee, the right to such hearing shall conclusively be deemed to have been waived.

(1) The commissioner shall disapprove any such form of policy, application, rider, or endorsement, or withdraw any previous approval thereof, only:

(a) if it is in any respect in violation of or does not comply with this code or any applicable order or regulation of the commissioner issued pursuant to the code; or

(b) if it does not comply with any controlling filing theretofore made and approved; or

(c) if it contains or incorporates by reference any inconsistent, ambiguous or misleading clauses, or exceptions and conditions which unreasonably or deceptively affect the risk purported to be assumed in the general coverage of the contract; or

(d) if it has any title, heading, or other indication of its provisions which is misleading; or

(e) if purchase of insurance thereunder is being solicited by deceptive advertising.

(2) In addition to the grounds for disapproval of any such form as provided in subsection (1) of this section, the commissioner may disapprove any form of disability insurance policy, except an individual health benefit plan, if the benefits provided therein are unreasonable in relation to the premium charged.

NEW SECTION. Sec. 3. A new section is added to chapter 48.20 RCW to read as follows:
(1) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Claims" means the cost to the insurer of health care services, as defined in RCW 48.43.005, provided to a policyholder or paid to or on behalf of the policyholder in accordance with the terms of a health benefit plan, as defined in RCW 48.43.005. This includes capitation payments or other similar payments made to providers for the purpose of paying for health care services for a policyholder.

(b) "Claims reserves" means: (i) The liability for claims which have been reported but not paid; (ii) the liability for claims which have not been reported but which may reasonably be expected; (iii) active life reserves; and (iv) additional claims reserves whether for a specific liability purpose or not.

(c) "Earned premiums" means premiums, as defined in RCW 48.43.005, plus any rate credits or recoupments less any refunds, for the applicable period, whether received before, during, or after the applicable period.

(d) "Incurred claims expense" means claims paid during the applicable period plus any increase, or less any decrease, in the claims reserves.

(e) "Loss ratio" means incurred claims expense as a percentage of earned premiums.

(f) "Reserves" means: (i) Active life reserves; and (ii) additional reserves whether for a specific liability purpose or not.

(2) An insurer shall file, for informational purposes only, a notice of its schedule of rates for its individual health benefit plans with the commissioner prior to use.

(3) An insurer shall file with the notice required under subsection (2) of this section supporting documentation of its method of determining the rates charged. The commissioner may request only the following supporting documentation:

(a) A description of the insurer's rate-making methodology;

(b) An actuarially determined estimate of incurred claims which includes the experience data, assumptions, and justifications of the insurer's projection;

(c) The percentage of premium attributable in aggregate for nonclaims expenses used to determine the adjusted community rates charged; and

(d) A certification by a member of the American academy of actuaries, or other person approved by the commissioner, that the adjusted community rate charged can be reasonably expected to result in a loss ratio that meets or exceeds the loss ratio standard established in subsection (7) of this section.

(4) The commissioner may not disapprove or otherwise impede the implementation of the filed rates.

(5) By the last day of May each year any insurer providing individual health benefit plans in this state shall file for review by the commissioner supporting documentation of its actual loss ratio for its individual health benefit plans offered in the state in aggregate for the preceding calendar year. The filing shall include a certification by a member of the American academy of actuaries, or other person approved by the commissioner, that the actual loss ratio has been calculated in accordance with accepted actuarial principles.

(a) At the expiration of a thirty-day period beginning with the date the filing is delivered to the commissioner, the filing shall be deemed approved unless prior thereto the commissioner contests the calculation of the actual loss ratio.

(b) If the commissioner contests the calculation of the actual loss ratio, the commissioner shall state in writing the grounds for contesting the calculation to the insurer.

(c) Any dispute regarding the calculation of the actual loss ratio shall, upon written demand of either the commissioner or the insurer, be submitted to hearing under chapters 48.04 and 34.05 RCW.

(6) If the actual loss ratio for the preceding calendar year is less than the loss ratio established in subsection (7) of this section, a remittance is due and the following shall apply:

(a) The insurer shall calculate a percentage of premium to be remitted to the Washington state health insurance pool by subtracting the actual loss ratio for the preceding year from the loss ratio established in subsection (7) of this section.

(b) The remittance to the Washington state health insurance pool is the percentage calculated in (a) of the subsection, multiplied by the premium earned from each enrollee in the previous calendar year. Interest shall be added to the remittance due at a five percent annual rate calculated from the end of the calendar year for which the remittance is due to the date the remittance is made.

(c) All remittances shall be aggregated and such amounts shall be remitted to the Washington state high risk pool to be used as directed by the pool board of directors.

(d) Any remittance required to be issued under this section shall be issued within thirty days after the actual loss ratio is deemed approved under subsection (5)(a) of this section or the determination by an administrative law judge under subsection (5)(c) of this section.

(7) The loss ratio applicable to this section shall be seventy-four percent minus the premium tax rate applicable to the insurer's individual health benefit plans under RCW 48.14.0201.

Sec. 4. RCW 48.20.028 and 1997 c 231 s 207 are each amended to read as follows:
(1) An insurer offering any health benefit plan to any individual shall offer and actively market to all individuals a health benefit plan providing benefits identical to the schedule of covered health benefits that are required to be delivered to an individual enrolled in the basic health plan subject to RCW 48.43.025 and 48.43.035. Nothing in this subsection shall preclude an insurer from offering, or an individual from purchasing, other health benefit plans that may have more or less comprehensive benefits than the basic health plan, provided such plans are in accordance with this chapter. An insurer offering a health benefit plan that does not include benefits provided in the basic health plan shall clearly disclose these differences to the individual in a brochure approved by the commissioner.

(b) A health benefit plan shall provide coverage for hospital expenses and services rendered by a physician licensed under chapter 18.57 or 18.71 RCW but is not subject to the requirements of RCW 48.20.390, 48.20.393, 48.20.395, 48.20.397, 48.20.410, 48.20.411, 48.20.412, 48.20.416, and 48.20.420 if the health benefit plan is the mandatory offering under (a) of this subsection that provides benefits identical to the basic health plan, to the extent these requirements differ from the basic health plan.

(2) Premiums for health benefit plans for individuals shall be calculated using the adjusted community rating method that spreads financial risk across the carrier's entire individual product population. All such rates shall conform to the following:

(a) The insurer shall develop its rates based on an adjusted community rate and may only vary the adjusted community rate for:

(i) Geographic area;
(ii) Family size;
(iii) Age;
(iv) Tenure discounts; and
(v) Wellness activities.

(b) The adjustment for age in (a)(iii) of this subsection may not use age brackets smaller than five-year increments which shall begin with age twenty and end with age sixty-five. Individuals under the age of twenty shall be treated as those age twenty.

(c) The insurer shall be permitted to develop separate rates for individuals age sixty-five or older for coverage for which medicare is the primary payer and coverage for which medicare is not the primary payer. Both rates shall be subject to the requirements of this subsection.

(d) The permitted rates for any age group shall be no more than four hundred twenty-five percent of the lowest rate for all age groups on January 1, 1996, four hundred percent on January 1, 1997, and three hundred seventy-five percent on January 1, 2000, and thereafter.

(e) A discount for wellness activities shall be permitted to reflect actuarially justified differences in utilization or cost attributed to such programs not to exceed twenty percent.

(f) The rate charged for a health benefit plan offered under this section may not be adjusted more frequently than annually except that the premium may be changed to reflect:

(i) Changes to the family composition;
(ii) Changes to the health benefit plan requested by the individual; or
(iii) Changes in government requirements affecting the health benefit plan.

(g) For the purposes of this section, a health benefit plan that contains a restricted network provision shall not be considered similar coverage to a health benefit plan that does not contain such a provision, provided that the restrictions of benefits to network providers result in substantial differences in claims costs. This subsection does not restrict or enhance the portability of benefits as provided in RCW 48.43.015.

(h) A tenure discount for continuous enrollment in the health plan of two years or more may be offered, not to exceed ten percent.

(2) Adjusted community rates established under this section shall pool the medical experience of all individuals purchasing coverage, and shall not be required to be pooled with the medical experience of health benefit plans offered to small employers under RCW 48.21.045.

(3) As used in this section, "health benefit plan," "basic health plan," "adjusted community rate," and "wellness activities" mean the same as defined in RCW 48.43.005.

Sec. 5. RCW 48.41.020 and 1987 c 431 s 2 are each amended to read as follows:

It is the purpose and intent of the legislature to provide access to health insurance coverage to all residents of Washington who are denied (adequate) health insurance (for any reason. If the board fails to submit a plan of operation within one hundred eighty days after the appointment of the board or any time thereafter fails to submit acceptable amendments to the plan, the commissioner shall, within ninety days after notice and hearing pursuant to chapters 34.05 and 48.04 RCW, adopt such rules as are necessary or advisable to effectuate this chapter. The questionnaire must not contain any questions related to pregnancy, and pregnancy shall not be a basis for coverage by the pool. The questionnaire shall be designed such that it is reasonably expected to identify the eight percent of persons who are the most costly to treat who are under individual coverage in health benefit plans, as defined in RCW 48.43.005, in Washington state or are covered by the pool, if applied to all such persons;

   (b) Obtain from a member of the American academy of actuaries, who is independent of the board, a certification that the standard health questionnaire meets the requirements of (a) of this subsection;

Rates shall not be unreasonable in relation to the coverage provided, the risk experience, and expenses of providing the coverage. Rates and rate schedules may be adjusted for appropriate risk factors such as age and area variation in claim costs and shall take into consideration appropriate risk factors in accordance with established actuarial underwriting practices consistent with Washington state (((small group))) individual plan rating requirements under RCW ((48.44.022 and 48.46.066)) 48.44.022 and 48.46.064;

(3) Nothing in this section shall be construed to require or authorize the adoption of rules under chapter 34.05 RCW.

Sec. 10. RCW 48.41.080 and 1997 c 231 s 212 are each amended to read as follows:

The board shall select an administrator ((from the membership of the pool whether domiciled in this state or another state)) through a competitive bidding process to administer the pool.

(1) The board shall evaluate bids based upon criteria established by the board, which shall include:

(a) The administrator's proven ability to handle health coverage;

(b) The efficiency of the administrator's claim-paying procedures;

(c) An estimate of the total charges for administering the plan; and

(d) The administrator's ability to administer the pool in a cost-effective manner.

(2) The administrator shall serve for a period of three years subject to removal for cause. At least six months prior to the expiration of each three-year period of service by the administrator, the board shall invite all interested parties, including the current administrator, to submit bids to serve as the administrator for the succeeding three-year period. Selection of the administrator for this succeeding period shall be made at least three months prior to the end of the current three-year period. The administrator for this succeeding period shall be made at least three months prior to the end of the current three-year period.

(3) The administrator shall perform such duties as may be assigned by the board including:

(a) (44) Administering eligibility and administrative claim payment functions relating to the pool;

(b) Establishing a premium billing procedure for collection of premiums from covered persons. Billings shall be made on a periodic basis as determined by the board, which shall not be more frequent than a monthly billing;

(c) Performing all necessary functions to assure timely payment of benefits to covered persons under the pool including:

(i) Making available information relating to the proper manner of submitting a claim for benefits to the pool, and distributing forms upon which submission shall be made;
(ii) Taking steps necessary to offer and administer managed care benefit plans; and

(iii) Evaluating the eligibility of each claim for payment by the pool;

(d) Submission of regular reports to the board regarding the operation of the pool. The frequency, content, and form of the report shall be as determined by the board;

(e) Following the close of each accounting year, determination of net paid and earned premiums, the expense of administration, and the paid and incurred losses for the year and reporting this information to the board and the commissioner on a form as prescribed by the commissioner.

(4) The administrator shall be paid as provided in the contract between the board and the administrator for its expenses incurred in the performance of its services.

Sec. 11. RCW 48.41.090 and 1989 c 121 s 6 are each amended to read as follows:

(1) Following the close of each accounting year, the pool administrator shall determine the net premium (premiums less administrative expense allowances), the pool expenses of administration, and incurred losses for the year, taking into account investment income and other appropriate gains and losses.

(2)(a) Each member's proportion of participation in the pool shall be determined annually by the board based on annual statements and other reports deemed necessary by the board and filed by the member with the commissioner; and shall be determined by multiplying the total cost of pool operation by a fraction\(\left( \frac{\text{the numerator of (which) the fraction equal}}{\text{the denominator of (which) the fraction equal}} \right)\). The numerator of (which) the fraction equals that member's total number of resident insured persons, including spouse and dependents \((\text{covered under all health plans in the state by that member during the preceding calendar year})\). The denominator of (which) the fraction equals the total number of resident insured persons, including spouses and dependents \(\text{(covered under all health plans in the state by all pool members during the preceding calendar year)}\).

(b) For purposes of calculating the numerator and the denominator under (a) of this subsection:

(3) The board may abate or defer, in whole or in part, the assessment of a member if, in the opinion of the board, payment of the assessment would endanger the ability of the member to fulfill its contractual obligations. If an assessment against a member is abated or deferred in whole or in part, the amount by which such assessment is abated or deferred may be assessed against the other members in a manner consistent with the basis for assessments set forth in subsection (2) of this section. The member receiving such abatement or deferment shall remain liable to the pool for the deficiency.

(4) If assessments exceed actual losses and administrative expenses of the pool, the excess shall be held at interest and used by the board to offset future losses or to reduce pool premiums. As used in this subsection, "future losses" includes reserves for incurred but not reported claims.

Sec. 12. RCW 48.41.100 and 1995 c 34 s 5 are each amended to read as follows:

(1) \(\text{(Any individual) The following persons who (i.e., are residents of this state (i.e.), are eligible for pool coverage (upon providing evidence of rejection for medical reasons, a requirement of restrictive riders, an up-rated premium, or a preexisting conditions limitation on health insurance, the effect of which is to substantially reduce coverage from that received by a person considered a standard risk, by at least one member within six months of the date of application. Evidence of rejection may be waived in accordance with rules adopted by the board)):}\)

(a) Any person who provides evidence of a carrier's decision not to accept him or her for enrollment in an individual health benefit plan as defined in RCW 48.43.005 based upon, and within ninety days of the receipt of, the results of the standard health questionnaire designated by the board and administered by health carriers under section 21 of this act;

Sec. 16. RCW 48.41.140 and 1987 c 431 s 14 are each amended to read as follows:
(1) Coverage shall provide that health insurance benefits are applicable to children of the person in whose name the

the child, the policy may require that notification of the birth or adoption of a child and payment of the required premium must be
furnished to the pool within thirty-one days after the date of birth or adoption in order to have the coverage continued beyond the
thirty-one day period. For purposes of this subsection, a child is deemed to be adopted, and benefits are payable, when the child is

incapacity and dependency is furnished to the pool by the policyholder within thirty-one days of the dependent's attainment of age
nineteen and subsequently as may be required by the pool but not more frequently than annually after the two-year period following
the dependent's attainment of age nineteen.
(((3) A pool policy may contain provisions under which coverage is excluded during a period of six months following the
effective date of coverage as to a given covered individual for preexisting conditions, as long as medical advice or treatment was
recommended or received within a period of six months before the effective date of coverage.
These preexisting condition exclusions shall be waived to the extent to which similar exclusions have been satisfied under
any prior health insurance which was for any reason other than nonpayment of premium involuntarily terminated, if the application
for pool coverage is made not later than thirty days following the involuntary termination. In that case, with payment of appropriate

in terms of individual market enrollment, offering such coverages in the state ((comparable to the pool coverage)). In the event five
members do not offer comparable coverage, the standard risk rate shall be established using reasonable actuarial techniques and
shall reflect anticipated experience and expenses for such coverage in the individual market.
(2) Subject to subsection (3) of this section, maximum rates for pool coverage shall be ((one hundred fifty percent for the
indemnity health plan and one hundred twenty-five percent for managed care plans of the rates established as applicable for group

(5) No carrier may avoid the requirements of this section through the creation of a new rate classification or the modification of an existing rate classification. NEW SECTION. Sec. 21. A new section is added to chapter 48.43 RCW to read as follows:

(1) Except as provided in (a) and (b) of this subsection, a health carrier may require any person applying for an individual health benefit plan to complete the standard health questionnaire designated under chapter 48.41 RCW.

(a) If a person is seeking an individual health benefit plan due to his or her change of residence from one geographic area in Washington state to another geographic area in Washington state where his or her current health plan is not offered, completion of the standard health questionnaire shall not be a condition of coverage if application for coverage is made within ninety days of the person's relocation.

(b) If a person is seeking an individual health benefit plan:

(i) Because a health care provider with whom he or she has an established care relationship and from whom he or she has received treatment within the past twelve months is no longer part of the carrier's provider network under his or her existing Washington individual health benefit plan; and

(ii) His or her health care provider is part of another carrier's provider network; and

(iii) Application for a health benefit plan under that carrier's provider network individual coverage is made within ninety days of his or her provider leaving the previous carrier's provider network. The carrier must credit the period of coverage the person was continuously covered under the immediately preceding health plan toward the waiting period of the new health plan. For the purposes of this subsection (3), a preceding health plan includes an employer-provided self-funded health plan and plans of the Washington state health insurance pool.

(2) If, based upon the results of the standard health questionnaire, the person qualifies for coverage under the Washington state health insurance pool, the following shall apply:

(a) The carrier may decide not to accept the person's application for enrollment in its individual health benefit plan; and

(b) Within fifteen business days of receipt of a completed application, the carrier shall provide written notice of the decision not to accept the person's application for enrollment to both the person and the administrator of the Washington state health insurance pool. The notice to the person shall state that the person is eligible for health insurance provided by the Washington state health insurance pool, and shall include information about the Washington state health insurance pool and an application for such coverage.

(3) If the person applying for an individual health benefit plan:

(a) Does not qualify for coverage under the Washington state health insurance pool based upon the results of the standard health questionnaire; and

(b) does qualify for coverage under the Washington state health insurance pool based upon the results of the standard health questionnaire and the carrier elects to accept the person for enrollment; or

(c) is not required to complete the standard health questionnaire designated under this chapter under subsection (1)(a) or (b) of this section, the carrier shall accept the person for enrollment if he or she resides within the carrier's service area and provide or assure the provision of all covered services regardless of age, sex, family structure, ethnicity, race, health condition, geographic location, employment status, socioeconomic status, other condition or situation, or the provisions of RCW 49.60.174(2). The commissioner may grant a temporary exemption from this subsection if, upon application by a health carrier, the commissioner finds that the clinical, financial, or administrative capacity to serve existing enrollees will be impaired if a health carrier is required to continue enrollment of additional eligible individuals.

NEW SECTION. Sec. 22. A new section is added to chapter 48.43 RCW to read as follows:

Any preexisting condition waiting period or limitation relating to pregnancy as a preexisting condition shall be imposed only to the extent allowed in the federal health insurance portability and accountability act of 1996.

(2) For group health benefit plans for small groups, no carrier may reject an individual for health plan coverage based upon preexisting conditions of the individual and no carrier may deny, exclude, or otherwise limit coverage for an individual's preexisting health conditions. Except that a carrier may impose a nine-month benefit waiting period for preexisting conditions for which medical advice was given, or for which a health care provider recommended or provided treatment, or for which a prudent layperson would have sought advice or treatment, within six months before the effective date of coverage. Any preexisting condition waiting period or limitation relating to pregnancy as a preexisting condition shall be imposed only to the extent allowed in the federal health insurance portability and accountability act of 1996.

(3) No carrier may avoid the requirements of this section through the creation of a new rate classification or the modification of an existing rate classification. A new or changed rate classification will be deemed an attempt to avoid the provisions of this section if the new or changed classification would substantially discourage applications for coverage from individuals or groups who are higher than average health risks. These provisions apply only to individuals who are Washington residents.

Sec. 24. RCW 48.43.035 and 1995 c 265 s 7 are each amended to read as follows:
For group health benefit plans, the following shall apply:
(1) All health carriers shall accept for enrollment any state resident within the group to whom the plan is offered and within the carrier's service area and provide or assure the provision of all covered services regardless of age, sex, family structure, ethnicity, race, health condition, geographic location, employment status, socioeconomic status, other condition or situation, or the provisions of RCW 49.60.174(2). (2) Except as provided in subsection (5) of this section, all health plans shall contain or incorporate by endorsement a guarantee of the continuity of coverage of the plan. For the purposes of this section, a plan is "renewed" when it is continued beyond the earliest date upon which, at the carrier's sole option, the plan could have been terminated for other than nonpayment of premium. (In the case of group plans,) The carrier may consider the group's anniversary date as the renewal date for purposes of complying with the provisions of this section.

(3) The guarantee of continuity of coverage required in health plans shall not prevent a carrier from canceling or nonrenewing a health plan for:
(a) Nonpayment of premium;
(b) Violation of published policies of the carrier approved by the insurance commissioner;
(c) Covered persons entitled to become eligible for medicare benefits by reason of age who fail to apply for a medicare supplement plan or medicare cost, risk, or other plan offered by the carrier pursuant to federal laws and regulations;

(e) Covered persons committing fraudulent acts as to the carrier;
(f) Covered persons who materially breach the health plan; or
(g) Change or implementation of federal or state laws that no longer permit the continued offering of such coverage.

(4) The provisions of this section do not apply in the following cases:
(a) A carrier has zero enrollment on a product; or
(b) A carrier replaces a product and the replacement product is provided to all covered persons within that class or line of business, includes all of the services covered under the replaced product, and does not significantly limit access to the kind of services covered under the replaced product. The health plan may also allow unrestricted conversion to a fully comparable product; or
(c) A carrier is withdrawing from a service area or from a segment of its service area because the carrier has demonstrated to the insurance commissioner that the carrier's clinical, financial, or administrative capacity to serve enrollees would be exceeded.

(5) The provisions of this section do not apply to health plans deemed by the insurance commissioner to be unique or limited or have a short-term purpose, after a written request for such classification by the carrier and subsequent written approval by the insurance commissioner.

NEW SECTION. Sec. 25. A new section is added to chapter 48.43 RCW to read as follows:

(1) Except as provided in subsection (4) of this section, all individual health plans shall contain or incorporate by endorsement a guarantee of the continuity of coverage of the plan. For the purposes of this section, a plan is “renewed” when it is continued beyond the earliest date upon which, at the carrier's sole option, the plan could have been terminated for other than nonpayment of premium.

(2) The guarantee of continuity of coverage required in individual health plans shall not prevent a carrier from canceling or nonrenewing a health plan for:

(a) Nonpayment of premium;
(b) Violation of published policies of the carrier approved by the commissioner;
(c) Covered persons entitled to become eligible for medicare benefits by reason of age who fail to apply for a medicare supplement plan or medicare cost, risk, or other plan offered by the carrier pursuant to federal laws and regulations;

(e) Covered persons committing fraudulent acts as to the carrier;
(f) Covered persons who materially breach the health plan; or
(g) Change or implementation of federal or state laws that no longer permit the continued offering of such coverage.

(3) This section does not apply in the following cases:

(a) A carrier has zero enrollment on a product;
(b) A carrier is withdrawing from a service area or from a segment of its service area because the carrier has demonstrated to the commissioner that the carrier's clinical, financial, or administrative capacity to serve enrollees would be exceeded;
(c) No sooner than the first day of the month following the expiration of a one hundred eighty-day period beginning on the effective date of this section, a carrier discontinues offering a particular type of health benefit plan offered in the individual market if:
   (i) The carrier provides notice to each covered individual provided coverage of this type of such discontinuation at least ninety days prior to the date of the discontinuation; (ii) the carrier offers to each individual provided coverage of this type the option, without being subject to the standard health questionnaire, to enroll in any other individual health benefit plan currently being offered by the carrier; and (iii) in exercising the option to discontinue coverage of this type and in offering the option of coverage under (c)(iii) of this subsection, the carrier acts uniformly without regard to any health status-related factor of enrolled individuals or individuals who may become eligible for such coverage; or
(d) A carrier discontinues offering all individual health coverage in the state and discontinues coverage under all existing individual health benefit plans if: (i) The carrier provides notice to the commissioner of its intent to discontinue offering all individual health coverage in the state and its intent to discontinue coverage under all existing health benefit plans at least one hundred eighty days prior to the date of the discontinuation of coverage under all existing health benefit plans; and (ii) the carrier provides notice to each covered individual of the intent to discontinue his or her existing health benefit plan at least one hundred eighty days prior to the date of such discontinuation. In the case of discontinuation under this subsection, the carrier may not issue any individual health coverage in this state for a five-year period beginning on the date of the discontinuation of the last health plan not so renewed. Nothing in this subsection (3) shall be construed to require a carrier to provide notice to the commissioner of its intent to discontinue offering a health benefit plan to new applicants where the carrier does not discontinue coverage of existing enrollees under that health benefit plan.

(4) The provisions of this section do not apply to health plans deemed by the commissioner to be unique or limited or have a short-term purpose, after a written request for such classification by the carrier and subsequent written approval by the commissioner.

       health insurance pool by subtracting the actual loss ratio for the preceding year from the loss ratio established in subsection (7)
       of this section.
   (b) The remittance to the Washington state health insurance pool is the percentage calculated in (a) of this subsection,
       multiplied by the premium earned from each enrollee in the previous calendar year. Interest shall be added to the remittance due at
       a five percent annual rate calculated from the end of the calendar year for which the remittance is due to the date the remittance
       is made.
   (c) All remittances shall be aggregated and such amounts shall be remitted to the Washington state high risk pool to be
       used as directed by the pool board of directors.
   (d) Any remittance required to be issued under this section shall be issued within thirty days after the actual loss ratio is
       deemed approved under subsection (5)(a) of this section or the determination by an administrative law judge under subsection (5)(c)
       of this section.
(7) The loss ratio applicable to this section shall be seventy-four percent minus the premium tax rate applicable to the
    health care service contractor's individual health benefit plans under RCW 48.14.0201.

Sec. 30.  RCW 48.44.022 and 1997 c 231 s 208 are each amended to read as follows:

1)(a) A health care service contractor offering any health benefit plan to any individual shall offer and actively market to
    all individuals a health benefit plan providing benefits identical to the schedule of covered health benefits that are required to be
delivered to an individual enrolled in the basic health plan, subject to the provisions in RCW 48.43.025 and 48.43.035. Nothing in
this subsection shall preclude a contractor from offering, or an individual from purchasing, other health benefit plans that may have
more or less comprehensive benefits than the basic health plan, provided such plans are in accordance with this chapter. A
contractor offering a health benefit plan that does not include benefits provided in the basic health plan shall clearly disclose these
differences to the individual in a brochure approved by the commissioner.
(b) A health benefit plan shall provide coverage for hospital expenses and services rendered by a physician licensed
under chapter 18.57 or 18.71 RCW but is not subject to the requirements of RCW 48.44.225, 48.44.240, 48.44.245, 48.44.290, 48.44.300,
48.44.310, 48.44.320, 48.44.325, 48.44.330, 48.44.335, 48.44.340, 48.44.344, 48.44.360, 48.44.400, 48.44.440, 48.44.450, and 48.44.460 if the health benefit plan is the mandatory offering under (a) of this subsection that provides benefits
identical to the basic health plan. To the extent these requirements differ from the basic health plan,
(2)) Premium rates for health benefit plans for individuals shall be subject to the following provisions:
(a) The health care service contractor shall develop its rates based on an adjusted community rate and may only vary the adjusted community rate for:

(i) Geographic area;
(ii) Family size;
(iii) Age;
(iv) Tenure discounts; and
(v) Wellness activities.

(b) The adjustment for age in (a)(iii) of this subsection may not use age brackets smaller than five-year increments which shall begin with age twenty and end with age sixty-five. Individuals under the age of twenty shall be treated as those age twenty.

(c) The health care service contractor shall be permitted to develop separate rates for individuals age sixty-five or older for coverage for which medicare is the primary payer and coverage for which medicare is not the primary payer. Both rates shall be subject to the requirements of this subsection.

(d) The permitted rates for any age group shall be no more than four hundred twenty-five percent of the lowest rate for all age groups on January 1, 1996, four hundred percent on January 1, 1997, and three hundred seventy-five percent on January 1, 2000, and thereafter.

(e) A discount for wellness activities shall be permitted to reflect actuarially justified differences in utilization or cost attributed to such programs not to exceed twenty percent.

(f) The rate charged for a health benefit plan offered under this section may not be adjusted more frequently than annually except that the premium may be changed to reflect:

(i) Changes to the family composition;
(ii) Changes to the health benefit plan requested by the individual; or
(iii) Changes in government requirements affecting the health benefit plan.

(g) For the purposes of this section, a health benefit plan that contains a restricted network provision shall not be considered similar coverage to a health benefit plan that does not contain such a provision, provided that the restrictions of benefits to network providers result in substantial differences in claims costs. This subsection does not restrict or enhance the portability of benefits as provided in RCW 48.43.015.

(h) A tenure discount for continuous enrollment in the health plan of two years or more may be offered, not to exceed ten percent.

((3)) (2) Adjusted community rates established under this section shall pool the medical experience of all individuals purchasing coverage, and shall not be required to be pooled with the medical experience of health benefit plans offered to small employers under RCW 48.44.023.

((4)) (3) As used in this section and RCW 48.44.023 "health benefit plan," "small employer," "basic health plan," "adjusted community rates," and "wellness activities" mean the same as defined in RCW 48.43.005.

Sec. 31. RCW 48.46.060 and 1989 c 10 s 10 are each amended to read as follows:

(1) Any health maintenance organization may enter into agreements with or for the benefit of persons or groups of persons, which require prepayment for health care services by or for such persons in consideration of the health maintenance organization providing health care services to such persons. Such activity is not subject to the laws relating to insurance if the health care services are rendered directly by the health maintenance organization or by any provider which has a contract or other arrangement with the health maintenance organization to render health services to enrolled participants.

(2) All forms of health maintenance agreements issued by the organization to enrolled participants or other marketing documents purporting to describe the organization's comprehensive health care services shall comply with such minimum standards as the commissioner deems reasonable and necessary in order to carry out the purposes and provisions of this chapter, and which fully inform enrolled participants of the health care services to which they are entitled, including any limitations or exclusions thereof, and such other rights, responsibilities and duties required of the contracting health maintenance organization.

(3) Subject to the right of the health maintenance organization to demand and receive a hearing under chapters 48.04 and 34.05 RCW, the commissioner may disapprove an individual or group agreement form for any of the following grounds:

(a) If it contains or incorporates by reference any inconsistent, ambiguous, or misleading clauses, or exceptions or conditions which unreasonably or deceptively affect the risk purported to be assumed in the general coverage of the agreement;
(b) If it has any title, heading, or other indication which is misleading;
(c) If purchase of health care services thereunder is being solicited by deceptive advertising;
(d) If the benefits provided therein are unreasonable in relation to the amount charged for the agreement;
(e) If it contains unreasonable restrictions on the treatment of patients;
(f) If it is in any respect in violation of this chapter or if it fails to conform to minimum provisions or standards required by the commissioner by rule under chapter 34.05 RCW; or
If any agreement for health care services with any state agency, division, subdivision, board, or commission or with any political subdivision, municipal corporation, or quasi-municipal corporation fails to comply with state law.

(4) In addition to the grounds listed in subsection (2) of this section, the commissioner may disapprove any group agreement if the benefits provided therein are unreasonable in relation to the amount charged for the agreement.

(5) No health maintenance organization authorized under this chapter shall cancel or fail to renew the enrollment on any basis of an enrolled participant or refuse to transfer an enrolled participant from a group to an individual basis for reasons relating solely to age, sex, race, or health status. Nothing contained herein shall prevent cancellation of an agreement with enrolled participants (a) who violate any published policies of the organization which have been approved by the commissioner, or (b) who are entitled to become eligible for medicare benefits and fail to enroll for a medicare supplement plan offered by the health maintenance organization and approved by the commissioner, or (c) for failure of such enrolled participant to pay the approved charge, including cost-sharing, required under such contract, or (d) for a material breach of the health maintenance agreement.

No agreement form or amendment to an approved agreement form shall be used unless it is first filed with the commissioner.

NEW SECTION. Sec. 32. A new section is added to chapter 48.46 RCW to read as follows:

(1) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) “Claims” means the cost to the health maintenance organization of health care services, as defined in RCW 48.43.005, provided to an enrollee or paid to or on behalf of the enrollee in accordance with the terms of a health benefit plan, as defined in RCW 48.43.005. This includes capitation payments or other similar payments made to providers for the purpose of paying for health care services for an enrollee.

(b) "Claims reserves" means: (i) The liability for claims which have been reported but not paid; (ii) the liability for claims which have not been reported but which may reasonably be expected; (iii) active life reserves; and (iv) additional claims reserves whether for a specific liability purpose or not.

(c) "Earned premiums" means premiums, as defined in RCW 48.43.005, plus any rate credits or recoupments less any refunds, for the applicable period, whether received before, during, or after the applicable period.

(d) "Incurred claims expense" means claims paid during the applicable period plus any increase, or less any decrease, in the claims reserves.

(e) "Loss ratio" means incurred claims expense as a percentage of earned premiums.

(f) "Reserves" means: (i) Active life reserves; and (ii) additional reserves whether for a specific liability purpose or not.

(2) A health maintenance organization shall file, for informational purposes only, a notice of its schedule of rates for its individual agreements with the commissioner prior to use.

(3) A health maintenance organization shall file with the notice required under subsection (2) of this section supporting documentation of its method of determining the rates charged. The commissioner may request only the following supporting documentation:

(a) A description of the health maintenance organization’s rate-making methodology;

(b) An actuarially determined estimate of incurred claims which includes the experience data, assumptions, and justifications of the health maintenance organization's projection;

(c) The percentage of premium attributable in aggregate for nonclaims expenses used to determine the adjusted community rates charged; and

(d) A certification by a member of the American academy of actuaries, or other person approved by the commissioner, that the adjusted community rate charged can be reasonably expected to result in a loss ratio that meets or exceeds the loss ratio standard established in subsection (7) of this section.

(4) The commissioner may not disapprove or otherwise impede the implementation of the filed rates.

(5) By the last day of May each year any health maintenance organization providing individual health benefit plans in this state shall file for review by the commissioner supporting documentation of its actual loss ratio for its individual health benefit plans offered in the state in aggregate for the preceding calendar year. The filing shall include a certification by a member of the American academy of actuaries, or other person approved by the commissioner, that the actual loss ratio has been calculated in accordance with accepted actuarial principles.

(a) At the expiration of a thirty-day period beginning with the date the filing is delivered to the commissioner, the filing shall be deemed approved unless prior thereto the commissioner contests the calculation of the actual loss ratio.

(b) If the commissioner contests the calculation of the actual loss ratio, the commissioner shall state in writing the grounds for contesting the calculation to the health maintenance organization.

(c) Any dispute regarding the calculation of the actual loss ratio shall, upon written demand of either the commissioner or the health maintenance organization, be submitted to hearing under chapters 48.04 and 34.05 RCW.
(6) If the actual loss ratio for the preceding calendar year is less than the loss ratio standard established in subsection (7) of this section, a remittance is due and the following shall apply:

(a) The health maintenance organization shall calculate a percentage of premium to be remitted to the Washington state health insurance pool by subtracting the actual loss ratio for the preceding year from the loss ratio established in subsection (7) of this section.

(b) The remittance to the Washington state health insurance pool is the percentage calculated in (a) of this subsection, multiplied by the premium earned from each enrollee in the previous calendar year. Interest shall be added to the remittance due at a five percent annual rate calculated from the end of the calendar year for which the remittance is due to the date the remittance is made.

(c) All remittances shall be aggregated and such amounts shall be remitted to the Washington state high risk pool to be used as directed by the pool board of directors.

(d) Any remittance required to be issued under this section shall be issued within thirty days after the actual loss ratio is deemed approved under subsection (5)(a) of this section or the determination by an administrative law judge under subsection (5)(c) of this section.

(7) The loss ratio applicable to this section shall be seventy-four percent minus the premium tax rate applicable to the health maintenance organization's individual health benefit plans under RCW 48.14.0201.

Sec. 33. RCW 48.46.064 and 1997 c 231 s 209 are each amended to read as follows:

(1) (a) A health maintenance organization offering any health benefit plan to any individual shall offer and actively market to all individuals a health benefit plan providing benefits identical to the schedule of covered health benefits that are required to be delivered to an individual enrolled in the basic health plan, subject to the provisions in RCW 48.43.025 and 48.43.035. Nothing in this subsection shall preclude a health maintenance organization from offering, or an individual from purchasing, other health benefit plans that may have more or less comprehensive benefits than the basic health plan, provided such plans are in accordance with this chapter. A health maintenance organization offering a health benefit plan that does not include benefits provided in the basic health plan shall clearly disclose these differences to the individual in a brochure approved by the commissioner.

(b) A health benefit plan shall provide coverage for hospital expenses and services rendered by a physician licensed under chapter 18.57 or 18.71 RCW but is not subject to the requirements of RCW 48.46.275, 48.46.280, 48.46.285, 48.46.290, 48.46.350, 48.46.355, 48.46.375, 48.46.440, 48.46.480, 48.46.510, 48.46.520, and 48.46.530 if the health benefit plan is the mandatory offering under (a) of this subsection that provides benefits identical to the basic health plan, to the extent these requirements differ from the basic health plan.

(2) Premium rates for health benefit plans for individuals shall be subject to the following provisions:

(a) The health maintenance organization shall develop its rates based on an adjusted community rate and may only vary the adjusted community rate for:

(i) Geographic area;

(ii) Family size;

(iii) Age;

(iv) Tenure discounts; and

(v) Wellness activities.

(b) The adjustment for age in (a)(iii) of this subsection may not use age brackets smaller than five-year increments which shall begin with age twenty and end with age sixty-five. Individuals under the age of twenty shall be treated as those age twenty.

(c) The health maintenance organization shall be permitted to develop separate rates for individuals age sixty-five or older for coverage for which medicare is the primary payer and coverage for which medicare is not the primary payer. Both rates shall be subject to the requirements of this subsection.

(d) The permitted rates for any age group shall be no more than four hundred twenty-five percent of the lowest rate for all age groups on January 1, 1996, four hundred percent on January 1, 1997, and three hundred seventy-five percent on January 1, 2000, and thereafter.

(e) A discount for wellness activities shall be permitted to reflect actuarially justified differences in utilization or cost attributed to such programs not to exceed twenty percent.

(f) The rate charged for a health benefit plan offered under this section may not be adjusted more frequently than annually except that the premium may be changed to reflect:

(i) Changes to the family composition;

(ii) Changes to the health benefit plan requested by the individual; or

(iii) Changes in government requirements affecting the health benefit plan.

(g) For the purposes of this section, a health benefit plan that contains a restricted network provision shall not be considered similar coverage to a health benefit plan that does not contain such a provision, provided that the restrictions of benefits
to network providers result in substantial differences in claims costs. This subsection does not restrict or enhance the portability of benefits as provided in RCW 48.43.015.

(h) A tenure discount for continuous enrollment in the health plan of two years or more may be offered, not to exceed ten percent.

((c)) (2) Adjusted community rates established under this section shall pool the medical experience of all individuals purchasing coverage, and shall not be required to be pooled with the medical experience of health benefit plans offered to small employers under RCW 48.46.066.

((44)) (3) As used in this section and RCW 48.46.066, “health benefit plan,” “basic health plan,” “adjusted community rate,” “small employer,” and “wellness activities” mean the same as defined in RCW 48.43.005.

Sec. 34. RCW 70.47.060 and 1998 c 314 s 17 and 1998 c 148 s 1 are each reenacted and amended to read as follows:

The administrator has the following powers and duties:

(1) To design and from time to time revise a schedule of covered basic health care services, including physician services, inpatient and outpatient hospital services, prescription drugs and medications, and other services that may be necessary for basic health care. In addition, the administrator may, to the extent that funds are available, offer as basic health plan services chemical dependency services, mental health services and organ transplant services; however, no one service or any combination of these three services shall increase the actuarial value of the basic health plan benefits by more than five percent excluding inflation, as determined by the office of financial management. All subsidized and nonsubsidized enrollees in any participating managed health care system under the Washington basic health plan shall be entitled to receive covered basic health care services in return for premium payments to the plan. The schedule of services shall emphasize proven preventive and primary health care and shall include all services necessary for prenatal, postnatal, and well-child care. However, with respect to coverage for (1) subsidized enrollees who are eligible to receive prenatal and postnatal services through the medical assistance program under chapter 74.09 RCW, the administrator shall not contract for such services except to the extent that such services are necessary over not more than a one-month period in order to maintain continuity of care after diagnosis of pregnancy by the managed care provider. The schedule of services shall also include a separate schedule of basic health care services for children, eighteen years of age and younger, for those subsidized or nonsubsidized enrollees who choose to secure basic coverage through the plan only for their dependent children. In designing and revising the schedule of services, the administrator shall consider the guidelines for assessing health services under the mandated benefits act of 1984, RCW 48.47.030, and such other factors as the administrator deems appropriate.

(2)(a) To design and implement a structure of periodic premiums due the administrator from subsidized enrollees that is based upon gross family income, giving appropriate consideration to family size and the ages of all family members. The enrollment of children shall not require the enrollment of their parent or parents who are eligible for the plan. The structure of periodic premiums shall be applied to subsidized enrollees entering the plan as individuals pursuant to subsection (9) of this section and to the share of the cost of the plan due from subsidized enrollees entering the plan as employees pursuant to subsection (10) of this section.

(b) To determine the periodic premiums due the administrator from nonsubsidized enrollees. Premiums due from nonsubsidized enrollees shall be in an amount equal to the cost charged by the managed health care system provider to the state for the plan plus the administrative cost of providing the plan to those enrollees and the premium tax under RCW 48.14.0201.

(c) An employer or other financial sponsor may, with the prior approval of the administrator, pay the premium, rate, or any other amount on behalf of a subsidized or nonsubsidized enrollee, by arrangement with the enrollee and through a mechanism acceptable to the administrator.

(4)(d) To develop, as an offering by every health carrier providing coverage identical to the basic health plan, as configured on January 1, 1998, a basic health plan model plan with uniformity in enrollee cost-sharing requirements.

(3) To design and implement a structure of enrollee cost-sharing due a managed health care system from subsidized and nonsubsidized enrollees. The structure shall discourage inappropriate enrollee utilization of health care services, and may utilize copayments, deductibles, and other cost-sharing mechanisms, but shall not be so costly to enrollees as to constitute a barrier to appropriate utilization of necessary health care services.

(4) To limit enrollment of persons who qualify for subsidies so as to prevent an overexpenditure of appropriations for such purposes. Whenever the administrator finds that there is danger of such an overexpenditure, the administrator shall close enrollment until the administrator finds the danger no longer exists.
(5) To limit the payment of subsidies to subsidized enrollees, as defined in RCW 70.47.020. The level of subsidy provided to persons who qualify may be based on the lowest cost plans, as defined by the administrator.

(6) To adopt a schedule for the orderly development of the delivery of services and availability of the plan to residents of the state, subject to the limitations contained in RCW 70.47.080 or any act appropriating funds for the plan.

(7) To solicit and accept applications from managed health care systems, as defined in this chapter, for inclusion as eligible basic health care providers under the plan for either subsidized enrollees, or nonsubsidized enrollees, or both. The administrator shall endeavor to assure that covered basic health care services are available to any enrollee of the plan from among a selection of two or more participating managed health care systems. In adopting any rules or procedures applicable to managed health care systems and in its dealings with such systems, the administrator shall consider and make suitable allowance for the need for health care services and the differences in local availability of health care resources, along with other resources, within and among the several areas of the state. Contracts with participating managed health care systems shall ensure that basic health plan enrollees who become eligible for medical assistance may, at their option, continue to receive services from their existing providers within the managed health care system if such providers have entered into provider agreements with the department of social and health services.

(8) To receive periodic premiums from or on behalf of subsidized and nonsubsidized enrollees, deposit them in the basic health plan operating account, keep records of enrollee status, and authorize periodic payments to managed health care systems on the basis of the number of enrollees participating in the respective managed health care systems.

(9) To accept applications from individuals residing in areas served by the plan, on behalf of themselves and their spouses and dependent children, for enrollment in the Washington basic health plan as subsidized or nonsubsidized enrollees, to establish appropriate minimum-enrollment periods for enrollees as may be necessary, and to determine, upon application and on a reasonable schedule defined by the authority, or at the request of any enrollee, eligibility due to current gross family income for sliding scale premiums. Funds received by a family as part of participation in the adoption support program authorized under RCW 26.33.320 and 74.13.100 through 74.13.145 shall not be counted toward a family's current gross family income for the purposes of this chapter. When an enrollee fails to report income or income changes accurately, the administrator shall have the authority either to bill the enrollee for the amounts overpaid by the state or to impose civil penalties of up to two hundred percent of the amount of subsidy overpaid due to the enrollee incorrectly reporting income. The administrator shall adopt rules to define the appropriate application of these sanctions and the processes to implement the sanctions provided in this subsection, within available resources. No subsidy may be paid with respect to any enrollee whose current gross family income exceeds twice the federal poverty level or, subject to RCW 70.47.110, who is a recipient of medical assistance or medical care services under chapter 74.09 RCW. If a number of enrollees drop their enrollment for no apparent good cause, the administrator may establish appropriate rules or requirements that are applicable to such individuals before they will be allowed to reenroll in the plan.

(10) To accept applications from business owners on behalf of themselves and their employees, spouses, and dependent children, as subsidized or nonsubsidized enrollees, who reside in an area served by the plan. The administrator may require all or the substantial majority of the eligible employees of such businesses to enroll in the plan and establish those procedures necessary to facilitate the orderly enrollment of groups in the plan and into a managed health care system. The administrator may require that a business owner pay at least an amount equal to what the employee pays after the state or managed care system has paid a portion of the subsidized premium cost of the plan on behalf of each employee enrolled in the plan. Enrollment is limited to those not eligible for medicare who wish to enroll in the plan and choose to obtain the basic health care coverage and services from a managed care system participating in the plan. The administrator shall adjust the amount determined to be due on behalf of or from all such enrollees whenever the amount negotiated by the administrator with the participating managed health care system or systems is modified or the administrative cost of providing the plan to such enrollees changes.

(11) To determine the rate to be paid to each participating managed health care system in return for the provision of covered basic health care services to enrollees in the system. Although the schedule of covered basic health care services will be the same or actuarially equivalent for similar enrollees, the rates negotiated with participating managed health care systems may vary among the systems. In negotiating rates with participating systems, the administrator shall consider the characteristics of the populations served by the respective systems, economic circumstances of the local area, the need to conserve the resources of the basic health plan trust account, and other factors the administrator finds relevant.

(12) To monitor the provision of covered services to enrollees by participating managed health care systems in order to assure enrollee access to good quality basic health care, to require periodic data reports concerning the utilization of health care services rendered to enrollees in order to provide adequate information for evaluation, and to inspect the books and records of participating managed health care systems to assure compliance with the purposes of this chapter. In requiring reports from participating managed health care systems, including data on services rendered enrollees, the administrator shall endeavor to minimize costs, both to the managed health care systems and to the plan. The administrator shall coordinate any such reporting
requirements with other state agencies, such as the insurance commissioner and the department of health, to minimize duplication of effort.

(13) To evaluate the effects this chapter has on private employer-based health care coverage and to take appropriate measures consistent with state and federal statutes that will discourage the reduction of such coverage in the state.

(14) To develop a program of proven preventive health measures and to integrate it into the plan wherever possible and consistent with this chapter.

(15) To provide, consistent with available funding, assistance for rural residents, underserved populations, and persons of color.

(16) In consultation with appropriate state and local government agencies, to establish criteria defining eligibility for persons confined or residing in government-operated institutions.

(17) To administer the premium discounts provided under RCW 48.41.200(3)(a) (i) and (ii) pursuant to a contract with the Washington state health insurance pool.

Sec. 35. RCW 70.47.100 and 1987 1st ex.s. c 5 s 12 are each amended to read as follows:

(1) A managed health care system participating in the plan shall do so by contract with the administrator and shall provide, directly or by contract with other health care providers, covered basic health care services to each enrollee covered by its contract with the administrator as long as payments from the administrator on behalf of the enrollee are current. A participating managed health care system may offer, without additional cost, health care benefits or services not included in the schedule of covered services under the plan. A participating managed health care system shall not give preference in enrollment to enrollees who accept such additional health care benefits or services. Managed health care systems participating in the plan shall not discriminate against any potential or current enrollee based upon health status, sex, race, ethnicity, or religion. The administrator may receive and act upon complaints from enrollees regarding failure to provide covered services or efforts to obtain payment, other than authorized copayments, for covered services directly from enrollees, but nothing in this chapter empowers the administrator to impose any sanctions under Title 18 RCW or any other professional or facility licensing statute.

(2) The plan shall allow, at least annually, an opportunity for enrollees to transfer their enrollments among participating managed health care systems serving their respective areas. The administrator shall establish a period of at least twenty days in a given year when this opportunity is afforded enrollees, and in those areas served by more than one participating managed health care system the administrator shall endeavor to establish a uniform period for such opportunity. The plan shall allow enrollees to transfer their enrollment to another participating managed health care system at any time upon a showing of good cause for the transfer.

Any contract between a hospital and a participating managed health care system under this chapter is subject to the requirements of RCW 70.39.140(1) regarding negotiated rates.

(3) Prior to negotiating with any managed health care system, the administrator shall determine, on an actuarially sound basis, the reasonable cost of providing the schedule of basic health care services, expressed in terms of upper and lower limits, and recognizing variations in the cost of providing the services through the various systems and in different areas of the state.

(4) In negotiating with managed health care systems for participation in the plan, the administrator shall adopt a uniform procedure that includes at least the following:

a) The administrator shall issue a request for proposals, including standards regarding the quality of services to be provided; financial integrity of the responding systems; and responsiveness to the unmet health care needs of the local communities or populations that may be served;

b) The administrator shall then review responsive proposals and may negotiate with respondents to the extent necessary to refine any proposals;

c) The administrator may then select one or more systems to provide the covered services within a local area; and

d) The administrator may adopt a policy that gives preference to respondents, such as nonprofit community health clinics, that have a history of providing quality health care services to low-income persons.

(5) The administrator may contract with a managed health care system to provide covered basic health care services to either subsidized enrollees, or nonsubsidized enrollees, or both.

(6) The administrator may establish procedures and policies to further negotiate and contract with managed health care systems following completion of the request for proposal process in subsection (4) of this section, upon a determination by the administrator that it is necessary to provide access, as defined in the request for proposal documents, to covered basic health care services for enrollees.

(7)(a) The administrator shall implement a self-funded or self-insured method of providing insurance coverage to subsidized enrollees, as provided under RCW 41.05.140, if one of the following conditions is met:
(i) The authority determines that no managed health care system other than the authority is willing and able to provide access, as defined in the request for proposal documents, to covered basic health care services for all subsidized enrollees in an area; or

(ii) The authority determines that no other managed health care system is willing to provide access, as defined in the request for proposal documents, for one hundred thirty-three percent of the state-wide benchmark price or less, and the authority is able to offer such coverage at a price that is less than the lowest price at which any other managed health care system is willing to provide such access in an area.

(b) The authority shall initiate steps to provide the coverage described in (a) of this subsection within ninety days of making its determination that the conditions for providing a self-funded or self-insured method of providing insurance have been met.

(c) The administrator may not implement a self-funded or self-insured method of providing insurance in an area unless the administrator has received a certification from a member of the American academy of actuaries that the funding available in the basic health plan self-insurance reserve account is sufficient for the self-funded or self-insured risk assumed, or expected to be assumed, by the administrator.

NEW SECTION, Sec. 36. A new section is added to chapter 48.41 RCW to read as follows:

The Washington state health insurance pool account is created in the custody of the state treasurer. All receipts from moneys specifically appropriated to the account must be deposited in the account. Expenditures from this account shall be used to cover deficits incurred by the Washington state health insurance pool under this chapter in excess of the threshold established in this section. To the extent funds are available in the account, funds shall be expended from the account to offset that portion of the deficit that would otherwise have to be recovered by imposing an assessment on members in excess of a threshold of seventy cents per insured person per month. The commissioner shall authorize expenditures from the account, to the extent that funds are available in the account, upon certification by the pool board that assessments will exceed the threshold level established in this section. The account is subject to the allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures.

(2) The task force shall:

           care purchasers, and insurance brokers and agents, in an effective manner.

    state agencies and may, to the extent that funds are available, purchase necessary analytical and staff support.

(4) Task force members will receive no compensation for their service.

(5) The task force shall submit an interim report to the governor and the legislature in December 2000 and December

**Sec. 42.** RCW 70.47.010 and 1993 c 492 s 208 are each amended to read as follows:

1(1)(a) The legislature finds that limitations on access to health care services for enrollees in the state, such as in rural and
    underserved areas, are particularly challenging for the basic health plan. Statutory restrictions have reduced the options available to
    the administrator to address the access needs of basic health plan enrollees. It is the intent of the legislature to authorize the
    administrator to develop alternative purchasing strategies to ensure access to basic health plan enrollees in all areas of the state,
    including: (i) The use of differential rating for managed health care systems based on geographic differences in costs; and (ii)
    limited use of self-insurance in areas where adequate access cannot be assured through other options.

(b) In developing alternative purchasing strategies to address health care access needs, the administrator shall consult
    with interested persons including health carriers, health care providers, and health facilities, and with other appropriate state
    agencies including the office of the insurance commissioner and the office of community and rural health. In pursuing such
    alternatives, the administrator shall continue to give priority to prepaid managed care as the preferred method of assuring access to
    basic health plan enrollees followed, in priority order, by preferred providers, fee for service, and self-funding.

2(2) The legislature further finds that:
   (a) A significant percentage of the population of this state does not have reasonably available insurance or other coverage
       of the costs of necessary basic health care services;
   (b) This lack of basic health care coverage is detrimental to the health of the individuals lacking coverage and to the public
       welfare, and results in substantial expenditures for emergency and remedial health care, often at the expense of health care
       providers, health care facilities, and all purchasers of health care, including the state; and
   (c) The use of managed health care systems has significant potential to reduce the growth of health care costs incurred
       by the people of this state generally, and by low-income pregnant women, and at-risk children and adolescents who need greater
       access to managed health care.

3(3) The purpose of this chapter is to provide or make more readily available necessary basic health care services in
    an appropriate setting to working persons and others who lack coverage, at a cost to these persons that does not create barriers to
    the utilization of necessary health care services. To that end, this chapter establishes a program to be made available to those
    residents not eligible for medicare who share in a portion of the cost or who pay the full cost of receiving basic health care services
    from a managed health care system.

4(4) It is not the intent of this chapter to provide health care services for those persons who are presently covered
    through private employer-based health plans, nor to replace employer-based health plans. However, the legislature recognizes that
    cost-effective and affordable health plans may not always be available to small business employers. Further, it is the intent of the
    legislature to expand, wherever possible, the availability of private health care coverage and to discourage the decline of employer-
    based coverage.
It is the purpose of this chapter to acknowledge the initial success of this program that has (i) assisted thousands of families in their search for affordable health care; (ii) demonstrated that low-income, uninsured families are willing to pay for their own health care coverage to the extent of their ability to pay; and (iii) proved that local health care providers are willing to enter into a public-private partnership as a managed care system.

(b) As a consequence, the legislature intends to extend an option to enroll to certain citizens above two hundred percent of the federal poverty guidelines within the state who reside in communities where the plan is operational and who collectively or individually wish to exercise the opportunity to purchase health care coverage through the basic health plan if the purchase is done at no cost to the state. It is also the intent of the legislature to allow employers and other financial sponsors to financially assist such individuals to purchase health care through the program so long as such purchase does not result in a lower standard of coverage for employees.

(c) The legislature intends that, to the extent of available funds, the program be available throughout Washington state to subsidized and nonsubsidized enrollees. It is also the intent of the legislature to enroll subsidized enrollees first, to the maximum extent feasible.

(d) The legislature directs that the basic health plan administrator identify enrollees who are likely to be eligible for medical assistance and assist these individuals in applying for and receiving medical assistance. The administrator and the department of social and health services shall implement a seamless system to coordinate eligibility determinations and benefit coverage for enrollees of the basic health plan and medical assistance recipients.

Sec. 43. RCW 70.47.020 and 1997 c 335 s 1 are each amended to read as follows:

As used in this chapter:

(1) “Washington basic health plan” or “plan” means the system of enrollment and payment (on a prepaid capitated basis) for basic health care services, administered by the plan administrator through participating managed health care systems, created by this chapter.

(2) “Administrator” means the Washington basic health plan administrator, who also holds the position of administrator of the Washington state health care authority.

(3) “Managed health care system” means: (a) Any health care organization, including health care providers, insurers, health care service contractors, health maintenance organizations, or any combination thereof, that provides directly or by contract basic health care services, as defined by the administrator and rendered by duly licensed providers, (on a prepaid capitated basis) to a defined patient population enrolled in the plan and in the managed health care system; or (b) a self-funded or self-insured method of providing insurance coverage to subsidized enrollees provided under RCW 41.05.140 and subject to the limitations under RCW 70.47.100(7).

(4) “Subsidized enrollee” means an individual, or an individual plus the individual's spouse or dependent children: (a) Who is not eligible for medicare; (b) who is not confined or residing in a government-operated institution, unless he or she meets eligibility criteria adopted by the administrator; (c) who resides in an area of the state served by a managed health care system participating in the plan; (d) whose gross family income at the time of enrollment does not exceed (twice) two hundred percent of the federal poverty level as adjusted for family size and determined annually by the federal department of health and human services; and (e) who chooses to obtain basic health care coverage from a particular managed health care system in return for periodic payments to the plan. To the extent that state funds are specifically appropriated for this purpose, with a corresponding federal match, “subsidized enrollee” also means an individual, or an individual's spouse or dependent children, who meets the requirements in (a) through (c) and (e) of this subsection and whose gross family income at the time of enrollment is more than two hundred percent, but less than two hundred fifty-one percent, of the federal poverty level as adjusted for family size and determined annually by the federal department of health and human services.

(5) “Nonsubsidized enrollee” means an individual, or an individual plus the individual's spouse or dependent children: (a) Who is not eligible for medicare; (b) who is not confined or residing in a government-operated institution, unless he or she meets eligibility criteria adopted by the administrator; (c) who resides in an area of the state served by a managed health care system participating in the plan; (d) who chooses to obtain basic health care coverage from a particular managed health care system; and (e) who pays or on whose behalf is paid the full costs for participation in the plan, without any subsidy from the plan.

(6) “Subsidy” means the difference between the amount of periodic payment the administrator makes to a managed health care system on behalf of a subsidized enrollee plus the administrative cost to the plan of providing the plan to that subsidized enrollee, and the amount determined to be the subsidized enrollee's responsibility under RCW 70.47.060(2).

(7) “Premium” means a periodic payment, based upon gross family income which an individual, their employer or another financial sponsor makes to the plan as consideration for enrollment in the plan as a subsidized enrollee or a nonsubsidized enrollee.

(8) “Rate” means the (per capita) amount, negotiated by the administrator with and paid to a participating managed health care system, that is based upon the enrollment of subsidized and nonsubsidized enrollees in the plan and in that system.

Sec. 44. RCW 41.05.140 and 1994 c 153 s 10 are each amended to read as follows:
(1) Except for property and casualty insurance, the authority may self-fund, self-insure, or enter into other methods of providing insurance coverage for insurance programs under its jurisdiction ("except property and casualty insurance"), including the basic health plan as provided in chapter 70.47 RCW. The authority shall contract for payment of claims or other administrative services for programs under its jurisdiction. If a program does not require the prepayment of reserves, the authority shall establish such reserves within a reasonable period of time for the payment of claims as are normally required for that type of insurance under an insured program. The authority shall endeavor to reimburse basic health plan health care providers under this section at rates similar to the average reimbursement rates offered by the state-wide benchmark plan determined through the request for proposal process.

(2) Reserves established by the authority for employee and retiree benefit programs shall be held in a separate trust fund by the state treasurer and shall be known as the public employees' and retirees' insurance reserve fund. The state investment board shall act as the investor for the funds and, except as provided in RCW 43.33A.160, one hundred percent of all earnings from these investments shall accrue directly to the public employees' and retirees' insurance reserve fund.

(3) Any savings realized as a result of a program created for employees and retirees under this section shall not be used to increase benefits unless such use is authorized by statute.

(4) Reserves established by the authority to provide insurance coverage for the basic health plan under chapter 70.47 RCW shall be held in a separate trust account in the custody of the state treasurer and shall be known as the basic health plan self-insurance reserve account. The state investment board shall act as the investor for the funds and, except as provided in RCW 43.33A.160, one hundred percent of all earnings from these investments shall accrue directly to the basic health plan self-insurance reserve account.

(5) Any program created under this section shall be subject to the examination requirements of chapter 48.03 RCW as if the program were a domestic insurer. In conducting an examination, the commissioner shall determine the adequacy of the reserves established for the program.

6 The authority shall keep full and adequate accounts and records of the assets, obligations, transactions, and affairs of any program created under this section.

7 The authority shall file a quarterly statement of the financial condition, transactions, and affairs of any program created under this section in a form and manner prescribed by the insurance commissioner. The statement shall contain information as required by the commissioner for the type of insurance being offered under the program. A copy of the annual statement shall be filed with the speaker of the house of representatives and the president of the senate.

Authorizing the general contractor/construction manager contracting procedure for school district capital projects.

MOTION

On motion of Senator Patterson, the following Committee on State and Local Government striking amendment was adopted:

Strike everything after the enacting clause and insert the following:

“Sec. 1. RCW 39.10.020 and 1997 c 376 s 1 are each amended to read as follows:

Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Alternative public works contracting procedure" means the design-build and the general contractor/construction manager contracting procedures authorized in RCW 39.10.050 and 39.10.060, respectively.

(2) "Public body" means the state department of general administration; the University of Washington; Washington State University; every city with a population greater than one hundred fifty thousand; every county with a population greater than one hundred fifty thousand; [(and)] every port district with a population greater than five hundred thousand; and those school districts proposing projects that are considered and approved by the school district project review board under section 4 of this act.

(3) "Public works project" means any work for a public body within the definition of the term public work in RCW 39.04.010.

Sec. 2. RCW 39.10.060 and 1997 c 376 s 4 are each amended to read as follows:

(1) Notwithstanding any other provision of law, and after complying with RCW 39.10.030, the following public bodies may utilize the general contractor/construction manager procedure of public works contracting for public works projects authorized under subsection (2) of this section: The state department of general administration; the University of Washington; Washington State University; every city with a population greater than one hundred fifty thousand; every county with a population greater than four hundred fifty thousand; [(and)] every port district with a population greater than five hundred thousand; and those school districts proposing projects that are considered and approved by the school district project review board under section 4 of this act. For the purposes of this section, "general contractor/construction manager" means a firm with which a public body has selected and negotiated a maximum allowable construction cost to be guaranteed by the firm, after competitive selection through formal advertisement and competitive bids, to provide services during the design phase that may include life-cycle cost design considerations, value engineering, scheduling, cost estimating, constructability, alternative construction options for cost savings, and sequencing of work, and to act as the construction manager and general contractor during the construction phase.

(2) Except those school districts proposing projects that are considered and approved by the school district project review board public bodies authorized under this section may utilize the general contractor/construction manager procedure for public works projects valued over ten million dollars where:

(a) Implementation of the project involves complex scheduling requirements;

(b) The project involves construction at an existing facility which must continue to operate during construction; or

(c) The involvement of the general contractor/construction manager during the design stage is critical to the success of the project.

(3) Public bodies should select general contractor/construction managers early in the life of public works projects, and in most situations no later than the completion of schematic design.

(4) Contracts for the services of a general contractor/construction manager under this section shall be awarded through a competitive process requiring the public solicitation of proposals for general contractor/construction manager services. The public solicitation of proposals shall include: A description of the project, including programmatic, performance, and technical requirements and specifications when available; the reasons for using the general contractor/construction manager procedure; a description of the qualifications to be required of the proposer, including submission of the proposer's accident prevention program; a description of the process the public body will use to evaluate qualifications and proposals, including evaluation factors and the relative weight of factors; the form of the contract to be awarded; the estimated maximum allowable construction cost; minority and women business enterprise total project goals, where applicable; and the bid instructions to be used by the general contractor/construction manager finalists. Evaluation factors shall include, but not be limited to: Ability of professional personnel, past performance in negotiated and complex projects, and ability to meet time and budget requirements; location; recent, current, and projected work loads of the firm; and the concept of their proposal. A public body shall establish a committee to evaluate the proposals. After the committee has selected the most qualified finalists, these finalists shall submit final proposals, including sealed bids for the percent fee, which is the percentage amount to be earned by the general contractor/construction manager as overhead and profit, on the estimated
maximum allowable construction cost and the fixed amount for the detailed specified general conditions work. The public body shall select the firm submitting the highest scored final proposal using the evaluation factors and the relative weight of factors published in the public solicitation of proposals.

(5) The maximum allowable construction cost may be negotiated between the public body and the selected firm after the scope of the project is adequately determined to establish a guaranteed contract cost for which the general contractor/construction manager will provide a performance and payment bond. The guaranteed contract cost includes the fixed amount for the detailed specified general conditions work, the negotiated maximum allowable construction cost, the percent fee on the negotiated maximum allowable construction cost, and sales tax. If the public body is unable to negotiate a satisfactory maximum allowable construction cost with the firm selected that the public body determines to be fair, reasonable, and within the available funds, negotiations with that firm shall be formally terminated and the public body shall negotiate with the next highest scored firm and continue until an agreement is reached or the process is terminated. If the maximum allowable construction cost varies more than fifteen percent from the bid estimated maximum allowable construction cost due to requested and approved changes in the scope by the public body, the percent fee shall be renegotiated.

(6) All subcontract work shall be competitively bid with public bid openings. Subcontract work shall not be issued for bid until the public body has approved, in consultation with the office of minority and women's business enterprises or the equivalent local agency, a plan prepared by the general contractor/construction manager for attaining applicable minority and women business enterprise total project goals that equitably spreads women and minority enterprise opportunities to as many firms in as many bid packages as is practicable. When critical to the successful completion of a subcontractor bid package the owner and general contractor/construction manager may evaluate for bidding eligibility a subcontractor's ability, time, budget, and specification requirements based on the subcontractor's performance of those items on previous projects. Subcontract bid packages shall be awarded to the responsible bidder submitting the low responsive bid. The requirements of RCW 39.30.060 apply to each subcontract bid package. All subcontractors who bid work over three hundred thousand dollars shall post a bid bond and all subcontractors who are awarded a contract over three hundred thousand dollars shall provide a performance and payment bond for their contract amount. All other subcontractors shall provide a performance and payment bond if required by the general contractor/construction manager. A low bidder who claims error and fails to enter into a contract is prohibited from bidding on the same project if a second or subsequent call for bids is made for the project. Except as provided for under subsection (7) of this section, bidding on subcontract work by the general contractor/construction manager or its subsidiaries is prohibited. The general contractor/construction manager may negotiate with the low-responsive bidder in accordance with RCW 39.10.080 or, if unsuccessful in such negotiations, rebid.

(7) The general contractor/construction manager, or its subsidiaries, may bid on subcontract work on projects valued over twenty million dollars if:

(a) The work within the subcontract bid package is customarily performed by the general contractor/construction manager;
(b) The bid opening is managed by the public body; and
(c) Notification of the general contractor/construction manager's intention to bid is included in the public solicitation of bids for the bid package.

In no event may the value of subcontract work performed by the general contractor/construction manager exceed twenty percent of the negotiated maximum allowable construction cost.

(8) A public body may include an incentive clause in any contract awarded under this section for savings of either time or cost or both from that originally negotiated. No incentives granted may exceed five percent of the maximum allowable construction cost. If the project is completed for less than the agreed upon maximum allowable construction cost, any savings not otherwise negotiated as part of an incentive clause shall accrue to the public body. If the project is completed for more than the agreed upon maximum allowable construction cost, excepting increases due to any contract change orders approved by the public body, the additional cost shall be the responsibility of the general contractor/construction manager.

NEW SECTION. Sec. 3. A new section is added to chapter 39.10 RCW to read as follows:

In addition to the projects authorized in RCW 39.10.060, public bodies may also use the general contractor/construction manager contracting procedure for the construction of school district capital demonstration projects, subject to the following conditions:

(1) The project must receive approval from the school district project review board established under section 4 of this act.
(2) The school district project review board may not authorize more than two demonstration projects valued over ten million dollars and two demonstration projects valued between five and ten million dollars.
(3) The school district project review board may not approve more than one demonstration project under this section for each school district.

NEW SECTION. Sec. 4. A new section is added to chapter 39.10 RCW to read as follows:
(1) The school district project review board is established to review school district proposals submitted by school districts to use alternative public works contracting procedures. The board shall select and approve qualified projects based upon an evaluation of the information submitted by the school district under subsection (2) of this section. The membership of the board shall be selected by the independent oversight committee as established under RCW 39.10.110 and shall include the following representatives, each having experience with public works or commercial construction: One representative from the office of the superintendent of public instruction; one representative from the office of financial management; two representatives from the construction industry, one of whom works for a construction company with gross annual revenues of twenty million dollars or less; one representative from the specialty contracting industry; one representative from organized labor; one representative from the design industry; one representative from a public body previously authorized under this chapter to use an alternative public works contracting procedure who has experience using such alternative contracting procedures; one representative from school districts with ten thousand or more annual average full-time equivalent pupils; and one representative from school districts with fewer than ten thousand average full-time equivalent pupils. Each member shall be appointed for a term of three years, with the first three-year term commencing after the effective date of this section. Any member of the school district project review board who is directly affiliated with any applicant before the board must recuse him or herself from consideration of the application.

(2) A school district seeking to use alternative contracting procedures authorized under this chapter shall file an application with the school district project review board. The application form shall require the district to submit a detailed statement of the proposed project, including the school district's name; student population based upon October full-time equivalents; the current projected total budget for the project, including the estimated construction costs, costs for professional services, equipment and furnishing costs, off-site costs, contract administration costs, and other related project costs; the anticipated project design and construction schedule; a summary of the school district's construction activity for the preceding six years; and an explanation of why the school district believes the use of an alternative contracting procedure is in the public interest and why the school district is qualified to use an alternative contracting procedure, including a summary of the relevant experience of the school district's management team. The applicant shall also provide in a timely manner any other information concerning implementation of projects under this chapter requested by the school district project review board to assist in its consideration.

(3) Any school district whose application is approved by the school district project review board shall comply with the public notification and review requirements in RCW 39.10.030.

(4) Any school district whose application is approved by the school district project review board shall not use as an evaluation factor whether a contractor submitting a bid for the approved project has had prior general contractor/construction manager procedure experience.

(5) The school district project review board shall prepare and issue a report reviewing the use of the alternative public works contracting procedures by school districts. The board shall report to the independent oversight committee at least sixty days before the oversight committee is required to report to the legislature under RCW 39.10.110(4)."

(2) Informed consent requires:

(a) An explanation of the purpose for which the deoxyribonucleic acid is being obtained, and whether it will be converted into a computerized individual sequence of chemical base pairs or other form for interpretation;

(b) Identification of the entity obtaining the deoxyribonucleic acid and individual sequence;

(c) Disclosure of any entity with whom the deoxyribonucleic acid and individual sequence may be shared, including disclosure that the deoxyribonucleic acid or individual sequence may be shared in the future with an unknown entity;

(d) A statement of the expected duration that the deoxyribonucleic acid and individual sequence may be kept;

(e) A description of reasonably foreseeable risks or harm associated with providing the deoxyribonucleic acid and individual sequence;

(c) In situations where a person's bodily fluids are obtained without consent pursuant to specific statutory requirement mandating testing;

(d) In situations where the individual is deceased and the entity requesting the deoxyribonucleic acid establishes in a court of law that obtaining individually identifiable deoxyribonucleic acid for genetic testing purposes benefits public health, safety, and welfare, and outweighs the harm to the individual's privacy interests, or the person requesting the deoxyribonucleic acid is a next of kin requesting the deoxyribonucleic acid for purposes of health care or other purpose that outweighs the harm to the individual's privacy interests, or the entity requesting the deoxyribonucleic acid has been authorized by an institutional review board to use the deoxyribonucleic acid pursuant to an approved protocol;

Sec. 16. RCW 70.127.190 and 1988 c 245 s 20 are each amended to read as follows:
All information received by the department through filed reports, (audit, on-site reviews, surveys, and in-home visits (or as otherwise authorized)) conducted under this chapter shall not be disclosed publicly in any manner that would identify ((persons)) individuals receiving care under this chapter.

Sec. 17. RCW 70.127.200 and 1988 c 245 s 21 are each amended to read as follows:
(1) Notwithstanding the existence or use of any other remedy, the department may, in the manner provided by law and upon the advice of the attorney general, who shall represent the department in the proceedings, maintain an action in the name of the state for an injunction or other process against any person to restrain or prevent the advertising, operating, maintaining, managing, or opening of a home health, hospice, hospice care center, or home care agency without (a) an in-home services agency license under this chapter.
(2) The injunction shall not relieve the person operating an in-home services agency without a license from criminal prosecution, or the imposition of a civil fine under section 19(2) of this act, but the remedy by injunction shall be in addition to any criminal liability or civil fine. A person that violates an injunction issued under this chapter shall pay a civil penalty, as determined by the court, of not more than twenty-five thousand dollars, which shall be deposited in the department's local fee account. For the purpose of this section, the superior court issuing any injunction shall retain jurisdiction and the cause shall be continued, and in such cases the attorney general acting in the name of the state may petition for the recovery of civil penalties. All fines, forfeitures, and penalties collected or assessed by a court because of a violation of RCW 70.127.020 shall be deposited in the department's local fee account.

Sec. 18. RCW 70.127.210 and 1988 c 245 s 22 are each amended to read as follows:
(1) Any person violating RCW 70.127.020 is guilty of a misdemeanor. Each day of a continuing violation is a separate violation.

All fines, forfeitures, and penalties collected or assessed by a court because of a violation of RCW 70.127.020 shall be deposited in the department's local fee account.

NEW SECTION. Sec. 19. A new section is added to chapter 70.127 RCW to read as follows:
(1) The department may issue a notice of intent to issue a cease and desist order to any person whom the department has reason to believe is engaged in the unlicensed operation of an in-home services agency. The person to whom the notice of intent is issued may request an adjudicative proceeding to contest the charges. The request for hearing must be filed within twenty days after service of the notice of intent to issue a cease and desist order. The failure to request a hearing constitutes a default, whereupon the department may enter a permanent cease and desist order, which may include a civil fine. All proceedings shall be conducted in accordance with chapter 34.05 RCW.
(2) If the department makes a final determination that a person has engaged or is engaging in unlicensed operation of an in-home services agency, the department may issue a cease and desist order. In addition, the department may impose a civil fine in an amount not exceeding one thousand dollars for each day upon which the person engaged in unlicensed operation of an in-home services agency. The proceeds of such fines shall be deposited in the department's local fee account.
(3) If the department makes a written finding of fact that the public interest will be irreparably harmed by delay in issuing an order, the department may issue a temporary cease and desist order. The person receiving a temporary cease and desist order shall be provided an opportunity for a prompt hearing. The temporary cease and desist order shall remain in effect until further order of the department. The failure to request a prompt or regularly scheduled hearing constitutes a default, whereupon the department may enter a permanent cease and desist order, which may include a civil fine.
(4) Neither the issuance of a cease and desist order nor payment of a civil fine shall relieve the person so operating an in-home services agency without a license from criminal prosecution, but the remedy of a cease and desist order or civil fine shall be in addition to any criminal liability. The cease and desist order is conclusive proof of unlicensed operation and may be enforced under RCW 7.21.060. This method of enforcement of the cease and desist order or civil fine may be used in addition to, or as an alternative to, any provisions for enforcement of agency orders set out in chapter 34.05 RCW.

NEW SECTION. Sec. 20. A new section is added to chapter 70.127 RCW to read as follows:
The legislature finds that the operation of an in-home services agency without a license in violation of this chapter is a matter vitally affecting the public interest for the purpose of applying the consumer protection act, chapter 19.86 RCW. Operation of an in-home services agency without a license in violation of this chapter is not reasonable in relation to the development and preservation of business. Such a
violation is an unfair or deceptive act in trade or commerce and an unfair method of competition for the purpose of applying the consumer protection act, chapter 19.86 RCW.

NEW SECTION. Sec. 21. A new section is added to chapter 70.127 RCW to read as follows:
(1) Applicants desiring to operate a hospice care center are subject to the following:
(a) The application may only be made by a licensed hospice agency. The agency shall list which of the following service categories will be provided:
(i) General inpatient care;
(ii) Continuous home care;
(iii) Routine home care; or
(iv) Inpatient respite care;
(b) A certificate of need is required under chapter 70.38 RCW;
(c) A hospice agency may operate more than one hospice care center in its service area;
(d) For hospice agencies that operate a hospice care center, no more than forty-nine percent of patient care days, in the aggregate on a biennial basis, may be provided in the hospice care center;
(e) The maximum number of beds in a hospice care center is twenty;
(f) The maximum number of individuals per room is one, unless the individual requests a roommate;
(g) A hospice care center may either be owned or leased by a hospice agency. If the agency leases space, all delivery of interdisciplinary services, to include staffing and management, shall be done by the hospice agency; and
(h) A hospice care center may either be freestanding or a separate portion of another building.
(2) The department is authorized to develop rules to implement this section. The rules shall be specific to each hospice care center service category provided. The rules shall at least specifically address the following:
(a) Adequate space for family members to visit, meet, cook, share meals, and stay overnight with patients or clients;
(b) A separate external entrance, clearly identifiable to the public when part of an existing structure;
(c) Construction, maintenance, and operation of a hospice care center;
(d) Means to inform the public which hospice care center service categories are provided; and
(e) A registered nurse present twenty-four hours a day, seven days a week for hospice care centers delivering general inpatient services.
(3) Hospice agencies which as of January 1, 2000, operate the functional equivalent of a hospice care center through licensure as a hospital, under chapter 70.41 RCW, shall be exempt from the certificate of need requirement for hospice care centers if they apply for and receive a license as an in-home services agency to operate a hospice home care center by July 1, 2002.

Sec. 22. RCW 70.38.025 and 1997 c 210 s 2 are each amended to read as follows:
When used in this chapter, the terms defined in this section shall have the meanings indicated.
(1) "Board of health" means the state board of health created pursuant to chapter 43.20 RCW.
(2) "Capital expenditure" is an expenditure, including a force account expenditure (i.e., an expenditure for a construction project undertaken by a nursing home facility as its own contractor) which, under generally accepted accounting principles, is not properly chargeable as an expense of operation or maintenance. Where a person makes an acquisition under lease or comparable arrangement, or through donation, which would have required review if the acquisition had been made by purchase, such expenditure shall be deemed a capital expenditure. Capital expenditures include donations of equipment or facilities to a nursing home facility which if acquired directly by such facility would be subject to certificate of need review under the provisions of this chapter and transfer of equipment or facilities for less than fair market value if a transfer of the equipment or facilities at fair market value would be subject to such review. The cost of any studies, surveys, designs, plans, working drawings, specifications, and other activities essential to the acquisition, improvement, expansion, or replacement of any plant or equipment with respect to which such expenditure is made shall be included in determining the amount of the expenditure.
(3) "Continuing care retirement community" means an entity which provides shelter and services under continuing care contracts with its members and which sponsors or includes a health care facility or a health service. A "continuing care contract" means a contract to provide a person, for the duration of that person's life or for a term in excess of one year, shelter along with nursing, medical, health-related, or personal care services, which is conditioned upon the transfer of property, the payment of an entrance fee to the provider of such services, or the payment of periodic charges for the care and services involved. A continuing care contract is not excluded from this definition because the contract is mutually terminable or because shelter and services are not provided at the same location.
(4) "Department" means the department of health.

Sec. 24. RCW 74.39A.050 and 1999 c 336 s 5 are each amended to read as follows:

The department's system of quality improvement for long-term care services shall use the following principles, consistent with applicable federal laws and regulations:

(1) The system shall be client-centered and promote privacy, independence, dignity, choice, and a home or home-like environment for consumers consistent with chapter 392, Laws of 1997.

(2) The goal of the system is continuous quality improvement with the focus on consumer satisfaction and outcomes for consumers.

(3) Providers should be supported in their efforts to improve quality and address identified problems initially through training, consultation, technical assistance, and case management.

(4) The emphasis should be on problem prevention both in monitoring and in screening potential providers of service.

(5) Monitoring should be outcome based and responsive to consumer complaints and a clear set of health, quality of care, and safety standards that are easily understandable and have been made available to providers.

(6) Prompt and specific enforcement remedies shall also be implemented without delay, pursuant to RCW 74.39A.080, RCW 70.128.160, chapter 18.51 RCW, or chapter 74.42 RCW, for providers found to have delivered care or failed to deliver care resulting in problems that are serious, recurring, or uncorrected, or that create a hazard that is causing or likely to cause death or serious harm to one or
more residents. These enforcement remedies may also include, when appropriate, reasonable conditions on a contract or license. In the selection of remedies, the safety, health, and well-being of residents shall be of paramount importance.

(7) To the extent funding is available, all long-term care staff directly responsible for the care, supervision, or treatment of vulnerable persons should be screened through background checks in a uniform and timely manner to ensure that they do not have a criminal history that would disqualify them from working with vulnerable persons. Whenever a state conviction record check is required by state law, persons may be employed or engaged as volunteers or independent contractors on a conditional basis according to law and rules adopted by the department.

(8) No provider or staff, or prospective provider or staff, with a stipulated finding of fact, conclusion of law, an agreed order, or finding of fact, conclusion of law, or final order issued by a disciplining authority, a court of law, or entered into a state registry finding him or her guilty of abuse, neglect, exploitation, or abandonment of a minor or a vulnerable adult as defined in chapter 74.34 RCW shall be employed in the care of and have unsupervised access to vulnerable adults.

(9) The department shall establish, by rule, a state registry which contains identification information about personal care aides identified under this chapter who have substantiated findings of abuse, neglect, financial exploitation, or abandonment of a vulnerable adult as defined in RCW 74.34.020. The rule must include disclosure, disposition of findings, notification, findings of fact, appeal rights, and fair hearing requirements. The department shall disclose, upon request, substantiated findings of abuse, neglect, financial exploitation, or abandonment to any person so requesting this information.

(10) The department shall by rule develop training requirements for individual providers and home care agency providers. Effective March 1, 2002, individual providers and home care agency providers must satisfactorily complete department-approved orientation, basic training, and continuing education within the time period specified by the department in rule. The department shall adopt rules by March 1, 2002, for the implementation of this section in collaboration with providers, consumers, caregivers, advocates, family members, educators, and other interested parties, in the rule-making process, or the community long-term care training and education steering committee, if enacted.

The department shall deny payment to an individual provider or a home care provider who does not complete the training requirements within the time limit specified by the department by rule.

(11) In an effort to improve access to training and education, the coordinated system of long-term care training and education must include flexible and innovative learning strategies that accomplish the training goals, such as competency and outcome-based models and distance learning.

(12) The department shall create an approval system by March 1, 2002, for those seeking to conduct department-approved training.

(13) The department shall establish, by rule, training, background checks, and other quality assurance requirements for personal aides who provide in-home services funded by medicaid personal care as described in RCW 74.09.520, community options program entry system waiver services as described in RCW 74.39A.030, or chore services as described in RCW 74.39A.110 that are equivalent to requirements for individual providers.

(14) Under existing funds the department shall establish internally a quality improvement standards committee to monitor the development of standards and to suggest modifications.

(15) Within existing funds, the department shall design, develop, and implement a long-term care training program that is flexible, relevant, and qualifies towards the requirements for a nursing assistant certificate as established under chapter 18.88A RCW. This subsection does not require completion of the nursing assistant certificate training program by providers or their staff. The long-term care teaching curriculum must consist of a fundamental module, or modules, and a range of other available relevant training modules that provide the caregiver with appropriate options that assist in meeting the resident's care needs. Some of the training modules may include, but are not limited to, specific training on the special care needs of persons with developmental disabilities, dementia, mental illness, and the care needs of the elderly. No less than one training module must be dedicated to workplace violence prevention. The nursing care quality assurance commission shall work together with the department to develop the curriculum modules. The nursing care quality assurance commission shall direct the nursing assistant training programs to accept some or all of the skills and competencies from the curriculum modules towards meeting the requirements for a nursing assistant certificate as defined in chapter 18.88A RCW. A process may be developed to test persons completing modules from a caregiver's class to verify that they have the transferable skills and competencies for entry into a nursing assistant training program. The department may review whether facilities can develop their own related long-term care training programs. The department may develop a review process for determining what previous experience and training may be used to waive some or all of the mandatory training. The department of social and health services and the nursing care quality assurance commission shall work together to develop an implementation plan by December 12, 1998.

NEW SECTION. Sec. 25. A new section is added to chapter 74.39A RCW to read as follows:

All training curricula and material, except competency testing material, developed by the department and used in part or in whole to improve provider and caregiver knowledge and skill are in the public domain and are subject to public disclosure under chapter 42.17 RCW. Any training curricula and material developed by a private entity and used under contract or by agreement with the department are also considered part of the public domain and shall be shared subject to any copyright restrictions. It is department's responsibility when making training materials available to the public, to identify which material has copyright or other legal restrictions on its use, and which does not.
Any proprietary curricula and material developed by a private entity for training purposes in facilities licensed under chapter 18.20 or 70.128 RCW or individual providers and home care agency providers under this chapter and approved for training by the department are not part of the public domain.

MOTION

On motion of Senator Thibaudeau, the rules were suspended, Engrossed Substitute House Bill No. 2798 was advanced to third reading, the second reading considered the third and the bill was placed on final passage.

Debate ensued.

POINT OF INQUIRY

Senator Benton: "Senator Thibaudeau, who will determine, under the language in this bill, whether or not a prescription is legible? Is that subjective, objective? Who is going to make that determination, I guess, if we are going to make it? Is this bill a study or is this bill actually changing the law?"

Senator Thibaudeau: "No, it is not actually changing the law, except that the Department of Health will take a look at it. They have an ongoing committee to determine this. One of their agenda items will be to determine what does constitute a legible prescription. Does that answer your question, Senator?"

Senator Benton: "I am not sure. So, it is a study or it actually makes it illegal to write an illegible prescription?"

Senator Thibaudeau: "Yes, it does subject the writer of the prescription indirectly to the Uniform Disciplinary Act, which means that they will be sanctioned if they do not write legibly."

Senator Benton: "But, someone, somewhere on this board will determine, then, what is, in fact, legible and what isn’t? It is not spelled out in the bill?"

Senator Thibaudeau: "That’s right."

Senator Benton: "Thank you."

Further debate ensued.

INTRODUCTION OF SPECIAL GUEST

The President welcomed and introduced The Honorable Sohn Hoon, Consul General of the Republic of Korea, who was seated in the gallery.

PERSONAL PRIVILEGE

Senator Shin: "A point of personal privilege, Mr. President. Consul General Sohn, who is in the gallery, represents our state and this region on behalf of the Republic of Korea. May I call to your attention that in the sixteenth century, a Dutch lawyer said that an ambassador is the highest educated person who represents this country. Consul General Sohn has been more than an ambassador. Not only did he become the spokesman for our state, he helped us to defray the trade office in Korea. He also promoted the trade offices; he also traveled around the state and many of the states on behalf of encouraging trade activities. So, I would rather say that he is more than an ambassador representing his country. Therefore, I take this opportunity to thank him personally. On our behalf, in the state of Washington, he not only represented his country well, but also represented Washington State that has a population of over 90,000 people. I thank you so much for the time."

PERSONAL PRIVILEGE

Senator Rasmussen: "I rise to a point of personal privilege. I rise to the same reason as our good Senator, the previous speaker. Consul General Sohn has been a wonderful, wonderful liaison--a bridge between Korea and the state of

PERSONAL PRIVILEGE

Senator McCaslin: "A point of personal privilege, Madame President. Earlier today, we must have spent thirty minutes talking about a doctor’s handwriting on a prescription. Now, you look at some of these amendments. That last amendment--the first name is Dan something or other; something Rossi; and then some squiggly lines and then some more squiggly lines. It seems to me that if we are going to send amendments out--now you look at this one--I think we practiced this
in Junior High School—with the loops and the mountains and stuff. I think it should be a rule in the Senate, Madam President, that when you sign anything you send out, it should legible. Then you know who put the amendment in, whether it is good or bad. Funny, that is the first time I got applause.

"I saw a movie the other night, since this is a personal privilege, which I would see again and they applauded at the end. Anytime that you see a movie and the theater applauds, that means it is a good movie. It was Cider House Rules, which I recommend to all of you.

"At least you understand what I am saying, you may not be able to read my writing, so I am quite serious, Madam President, we should be able to discern who is sending these out and now you can’t. Look at this, can you tell me who that is? You see, and he is a learned man. Anyway, thank you very much, Madam President."

PERSONAL PRIVILEGE

Senator Roach: "A point of personal privilege. I just want you to know that I write very legibly and you can all read my handwriting."

SECOND READING

ENGROSSED SUBSTITUTE HOUSE BILL NO. 2675, by House Committee on Transportation (originally sponsored by Representatives Skinner, Schual-Berke, Mitchell, Fisher, McDonald, Ruderman, O'Brien and Hurst)

Updating requirements for child passenger restraint systems.

The bill was read the second time.

MOTION

Senator Costa moved that the following Committee on Transportation striking amendment be adopted:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature recognizes that fewer than five percent of all drivers use child booster seats for children over the age of four years. The legislature also recognizes that seventy-one percent of deaths resulting from car accidents could be eliminated if every child under the age of sixteen used an appropriate child safety seat, booster seat, or seat belt. The legislature further recognizes the
National Transportation Safety Board's recommendations that promote the use of booster seats to increase the safety of children under eight years of age. Therefore, it is the legislature's intent to decrease deaths and injuries to children by promoting safety education and injury prevention measures, as well as increasing public awareness on ways to maximize the protection of children in vehicles.

Sec. 2. RCW 46.61.687 and 1994 c 100 s 1 are each amended to read as follows:

(1) Whenever a child who is less than sixteen years of age is being transported in a motor vehicle that is in operation and that is required by RCW 46.37.510 to be equipped with a safety belt system in a passenger seating position, the driver of the vehicle shall keep the child properly restrained in a child restraint system that complies with standards of the United States department of transportation and that is secured in the vehicle in accordance with instructions of the manufacturer of the child restraint system as follows:

(a) If the child is less than one year of age or weighs less than twenty pounds, the child shall be properly restrained in a rear-facing infant seat;

(b) If the child is more than one but less than four years of age and/or weighs less than forty pounds but at least twenty pounds, the child shall be properly restrained in a forward facing child safety seat restraint system (that complies with standards of the United States department of transportation and that is secured in the vehicle in accordance with instructions of the manufacturer of the child restraint system);

(c) If the child is less than eight years of age and/or eighty pounds but at least four years of age, the child shall be properly restrained (either as specified in (a) of this subsection or with a safety belt properly adjusted and fastened around the child's body) in a child booster seat;

(d) If the child is eight years of age or older and weighs more than eighty pounds, the child shall be properly restrained with the motor vehicle's safety belt properly adjusted and fastened around the child's body; and

(e) Enforcement of (a) through (d) of this subsection is subject to a visual inspection by law enforcement to determine if the child restraint system in use is appropriate for the child's individual height, weight, and age. The visual inspection for usage of a forward facing child safety seat must ensure that the seat in use is equipped with a four-point shoulder harness system. The visual inspection for usage of a booster seat must ensure that the seat belt properly fits across the child's lap and the shoulder strap crosses the center of the child's chest. The visual inspection for usage of a seat belt by a child must ensure that the lap belt properly fits across the child's lap and the shoulder strap crosses the center of the child's chest. In determining violations, consideration to the above criteria must be given in conjunction with the provisions of (a) through (d) of this subsection.

(f) The driver of a vehicle transporting a child under the age of eight years old and/or eighty pounds, when the vehicle is equipped with a passenger side air bag supplemental restraint system, shall transport the child in the back seat positions in the vehicle where it is practical to do so.

(2) A person violating subsection (1)(a) through (e) of this section may be issued a notice of traffic infraction under chapter 46.63 RCW. If the person to whom the notice was issued presents proof of acquisition of an approved child passenger restraint system within seven days to the jurisdiction issuing the notice and the person has not previously had a violation of this section dismissed, the jurisdiction shall dismiss the notice of traffic infraction.

(3) Failure to comply with the requirements of this section shall not constitute negligence by a parent or legal guardian; nor shall failure to use a child restraint system be admissible as evidence of negligence in any civil action.

(4) This section does not apply to: (a) For hire vehicles, (b) vehicles designed to transport sixteen or less passengers, including the driver, operated by auto transportation companies, as defined in RCW 81.68.010, (c) vehicles providing customer shuttle service between parking, convention, and hotel facilities, and airport terminals, and (d) school buses.

(5) The requirements of subsection (1)(a) through (c) of this section do not apply in any seating position where there is only a lap belt available and the child weighs more than forty pounds.

Sec. 3. RCW 46.61.688 and 1990 c 250 s 58 are each amended to read as follows:

(1) For the purposes of this section, the term “motor vehicle” includes:

(a) “Buses,” meaning motor vehicles with motive power, except trailers, designed to carry more than ten passengers;

(b) “Multipurpose passenger vehicles,” meaning motor vehicles with motive power, except trailers, designed to carry ten persons or less that are constructed either on a truck chassis or with special features for occasional off-road operation;

(c) “Passenger cars,” meaning motor vehicles with motive power, except multipurpose passenger vehicles, motorcycles, or trailers, designed for carrying ten passengers or less; and

(d) “Trucks,” meaning motor vehicles with motive power, except trailers, designed primarily for the transportation of property.

(2) This section only applies to motor vehicles that meet the manual seat belt safety standards as set forth in federal motor vehicle safety standard 208. This section does not apply to a vehicle occupant for whom no safety belt is available when all designated seating positions as required by federal motor vehicle safety standard 208 are occupied.

(3) Every person sixteen years of age or older operating or riding in a motor vehicle shall wear the safety belt assembly in a properly adjusted and securely fastened manner.
(4) No person may operate a motor vehicle unless all children passengers under the age of sixteen years are either wearing a safety belt assembly or are securely fastened into an approved child restraint device under RCW 46.61.687.

(5) A person violating this section shall be issued a notice of traffic infraction under chapter 46.63 RCW. A finding that a person has committed a traffic infraction under this section shall be contained in the driver's abstract but shall not be available to insurance companies or employers.

MOTION

On motion of Senator Patterson, the following Committee on State and Local Government striking amendment was adopted:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that while government services are provided to the citizens of the state of Washington through many mechanisms, the most prevalent delivery of services occurs through city, county, or state government actions. Increased demand for these services and limited revenue to meet those services have led to unproductive competition between cities, counties, and the state for the revenue that is collected and shared between cities, counties, and the state.

Therefore, the legislature finds that there is a need to evaluate the delivery of government services, the allotment of revenues, and the collection and distribution of various fines and forfeitures through the establishment of a joint task force on local governments.

NEW SECTION. Sec. 2. (1) The joint task force on local governments is created, to consist of seventeen members including:
(a) The following four members of the house of representatives or their designees: (i) The chair and ranking minority member or the cochairs of the committee on appropriations; and (ii) the chair and ranking minority member or the cochairs of the committee on local government;
(b) The following four members of the senate or their designees: (i) The chair and the ranking minority member of the committee on ways and means; and (ii) the chair and ranking minority member of the committee on state and local government;
(c) One member from the office of the governor;
(d) Four members from the association of Washington cities;
(e) Two members from the Washington state association of counties; and
(f) Two members from the Washington association of county officials.
(2) The nonlegislative members of the task force shall serve without compensation, but will be reimbursed for travel expenses as provided in RCW 43.03.050 and 43.03.060. Legislative members of the task force will be reimbursed for travel expenses as provided in RCW 44.04.120. The staff of senate committee services and the office of program research of the house of representatives shall provide support to the task force.
(3) The task force must be cochaired by one senator, chosen by the task force, and one state representative, chosen by the task force, from opposite political parties. The cochairs shall appoint experts and advisors as nonvoting members of the task force to provide information on various subjects, including but not limited to special purpose districts and public employee unions. The task force shall establish rules of procedure at its first meeting.

NEW SECTION. Sec. 3. The joint task force on local governments shall:
(1) Complete a thorough study of the delivery of government services, allotment of revenues, and collection and distribution of various fines and forfeitures; and
(2) Commence the study by July 1, 2000, present an interim report of its findings and any recommendations to the legislature by January 30, 2001, and present a final report, including proposed legislation, addressing its recommendations to the legislature by January 1, 2002.

MOTION

Senator Costa moved that the following Committee on Human Services and Corrections striking amendment be adopted:

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 43.43.832 and 1997 c 392 s 524 are each amended to read as follows:

(1) The legislature finds that businesses and organizations providing services to children, developmentally disabled persons, and vulnerable adults need adequate information to determine which employees or licensees to hire or engage. The legislature further finds that many developmentally disabled individuals and vulnerable adults desire to hire their own employees directly and also need adequate information to determine which employees or licensees to hire or engage. Therefore, the Washington state patrol criminal identification system shall disclose, upon the request of a business or organization as defined in RCW 43.43.830, a developmentally disabled person, or a vulnerable adult as defined in RCW 43.43.830 or his or her guardian, an applicant's record for convictions of offenses against children or other persons, convictions for crimes relating to financial exploitation, but only if the victim was a vulnerable adult, adjudications of child abuse in a civil action, the issuance of a protection order against the respondent under chapter 74.34 RCW, and disciplinary board final decisions and any subsequent criminal charges associated with the conduct that is the subject of the disciplinary board final decision.

(2) The legislature also finds that the state board of education may request of the Washington state patrol criminal identification system information regarding a certificate applicant's record for convictions under subsection (1) of this section.

(3) The legislature also finds that law enforcement agencies, the office of the attorney general, prosecuting authorities, and the department of social and health services may request this same information to aid in the investigation and prosecution of child, developmentally disabled person, and vulnerable adult abuse cases and to protect children and adults from further incidents of abuse.

(4) The legislature further finds that the department of social and health services must consider the information listed in subsection (1) of this section in the following circumstances:

(a) When considering persons for state positions directly responsible for the care, supervision, or treatment of children, developmentally disabled persons, or vulnerable adults;

(b) When considering persons for state positions involving unsupervised access to vulnerable adults to conduct comprehensive assessments, financial eligibility determinations, licensing and certification activities, investigations, surveys, or case management; or for state contracts with vulnerable adults as defined in chapter 74.34 RCW, including but not limited to services provided under chapter 74.39 or 74.39A RCW.

(c) When licensing agencies or facilities with individuals in positions directly responsible for the care, supervision, or treatment of children, developmentally disabled persons, or vulnerable adults, including but not limited to agencies or facilities licensed under chapter 74.15 or 18.51 RCW;

(d) When contracting with individuals or businesses or organizations for the care, supervision, case management, or treatment of children, developmentally disabled persons, or vulnerable adults, including but not limited to services contracted for under chapter 18.20, 18.48, 70.127, 70.128, 72.36, or 74.39A RCW or Title 71A RCW;

(e) When individual providers are paid by the state or providers are paid by home care agencies to provide in-home services involving unsupervised access to persons with physical, mental, or developmental disabilities or mental illness, or to vulnerable adults as defined in chapter 74.34 RCW, including but not limited to services provided under chapter 74.39 or 74.39A RCW.

(5) Whenever a state conviction record check is required by state law, persons may be employed or engaged as volunteers or independent contractors on a conditional basis pending completion of the state background investigation. Whenever a national criminal record check through the federal bureau of investigation is required by state law, a person may be employed or engaged as a volunteer or independent
contractor on a conditional basis pending completion of the national check. The Washington personnel resources board shall adopt rules to accomplish the purposes of this subsection as it applies to state employees.

(6)(a) For purposes of facilitating timely access to criminal background information and to reasonably minimize the number of requests made under this section, recognizing that certain health care providers change employment frequently, health care facilities may, upon request from another health care facility, share copies of completed criminal background inquiry information.

(b) Completed criminal background inquiry information may be shared by a willing health care facility only if the following conditions are satisfied: The licensed health facility sharing the criminal background inquiry information is reasonably known to be the person's most recent employer, no more than twelve months has elapsed from the date the person was last employed at a licensed health care facility to the date of their current employment application, and the criminal background information is no more than two years old.

(c) If criminal background inquiry information is shared, the health care facility employing the subject of the inquiry must require the applicant to sign a disclosure statement indicating that there has been no conviction or finding as described in RCW 43.43.842 since the completion date of the most recent criminal background inquiry.

(d) Any health care facility that knows or has reason to believe that an applicant has or may have a disqualifying conviction or finding as described in RCW 43.43.842, subsequent to the completion date of their most recent criminal background inquiry, shall be prohibited from relying on the applicant's previous employer's criminal background inquiry information. A new criminal background inquiry shall be requested pursuant to RCW 43.43.830 through 43.43.842.

(e) Health care facilities that share criminal background inquiry information shall be immune from any claim of defamation, invasion of privacy, negligence, or any other claim in connection with any dissemination of this information in accordance with this subsection.

(f) Health care facilities shall transmit and receive the criminal background inquiry information in a manner that reasonably protects the subject's rights to privacy and confidentiality.

(g) For the purposes of this subsection, "health care facility" means a nursing home licensed under chapter 18.51 RCW, a boarding home licensed under chapter 18.20 RCW, or an adult family home licensed under chapter 70.128 RCW.

7) If a federal bureau of investigation check is required in addition to the state background check, an applicant who is not disqualified based on the results of the state background check shall be eligible for a one hundred twenty day provisional approval to hire, pending the outcome of the federal bureau of investigation check. The department may extend the provisional approval until receipt of the federal bureau of investigation check. If the federal bureau of investigation check disqualifies an applicant, the department shall notify the requestor that the provisional approval to hire is withdrawn and the applicant may be terminated.

Sec. 2. RCW 43.20A.710 and 1999 c 336 s 7 are each amended to read as follows:

1) The secretary shall investigate the conviction records, pending charges or disciplinary board final decisions of:

(c) Individual providers who are paid by the state and who are paid by home care agencies to provide in-home services to vulnerable adults, or individuals with physical or developmental disabilities, or mental or physical illness, or mental impairment to vulnerable adults as defined in chapter 74.34 RCW, including but not limited to services provided under chapter 74.39 or 74.39A RCW; and

(d) Individuals or businesses or organizations for the care, supervision, case management, or treatment of children, developmentally disabled persons, or vulnerable adults, including but not limited to services contracted for under chapter 18.20, 18.48, 70.127, 70.128, 72.36, or 74.39A RCW or Title 71A RCW.

2) The investigation may include an examination of state and national criminal identification data. The secretary shall use the information solely for the purpose of determining the character, suitability, and competence of these applicants.

3) An individual provider or home care agency provider who has resided in the state less than three years before applying for employment involving unsupervised access to a vulnerable adult as defined in chapter 74.34 RCW must be fingerprinted for the purpose of investigations conviction records both through the Washington state patrol and the federal bureau of investigation. This subsection applies only with respect to the provision of in-home services funded by medicaid personal care under RCW 74.09.520, community options program entry system waiver services under RCW 74.39A.030, or chore services under RCW 74.39A.110. However, this subsection does not supersede RCW 74.15.030(2)(b).

4) An individual provider or home care agency provider hired to provide in-home care for and having unsupervised access to a vulnerable adult as defined in chapter 74.34 RCW must have no conviction for a disqualifying crime under RCW 43.43.830 and 43.43.842. An individual or home care agency provider must also have no conviction for a crime relating to drugs as defined in RCW 43.43.830. This subsection applies only with respect to the provision of in-home services funded by medicaid personal care under RCW 74.09.520, community options program entry system waiver services under RCW 74.39A.030, or chore services under RCW 74.39A.110.
(5) The secretary shall provide the results of the ((state)) background check on individual providers to the ((individuals with physical disabilities, developmental disabilities, mental illness, or mental impairment)) persons hiring them or to their legal guardians, if any, for their determination of the character, suitability, and competence of the applicants. If ((an individual)) the person elects to hire or retain an individual provider after receiving notice from the department that the applicant has a conviction for an offense that would disqualify the applicant from ((employment with the department)) having unsupervised access to persons with physical, mental, or developmental disabilities or mental illness, or to vulnerable adults as defined in chapter 74.34 RCW, then the secretary shall deny payment for any subsequent services rendered by the disqualified individual provider.

((4a)) (6) Criminal justice agencies shall provide the secretary such information as they may have and that the secretary may require for such purpose.

Sec. 3. RCW 74.39A.050 and 1999 c 336 s 5 are each amended to read as follows:

The department's system of quality improvement for long-term care services shall use the following principles, consistent with applicable federal laws and regulations:

(1) The system shall be client-centered and promote privacy, independence, dignity, choice, and a home or home-like environment for consumers consistent with chapter 392, Laws of 1997.

(2) The goal of the system is continuous quality improvement with the focus on consumer satisfaction and outcomes for consumers. This includes that when conducting licensing inspections, the department shall interview an appropriate percentage of residents, family members, resident managers, and advocates in addition to interviewing providers and staff.

(3) Providers should be supported in their efforts to improve quality and address identified problems initially through training, consultation, technical assistance, and case management.

(4) The emphasis should be on problem prevention both in monitoring and in screening potential providers of service.

(5) Monitoring should be outcome based and responsive to consumer complaints and a clear set of health, quality of care, and safety standards that are easily understandable and have been made available to providers.

(6) Prompt and specific enforcement remedies shall also be implemented without delay, pursuant to RCW 74.39A.080, RCW 70.128.160, chapter 18.51 RCW, or chapter 74.42 RCW, for providers found to have delivered care or failed to deliver care resulting in problems that are serious, recurring, or uncorrected, or that create a hazard that is causing or likely to cause death or serious harm to one or more residents. These enforcement remedies may also include, when appropriate, reasonable conditions on a contract or license. In the selection of remedies, the safety, health, and well-being of residents shall be of paramount importance.

(7) To the extent funding is available, all long-term care staff directly responsible for the care, supervision, or treatment of vulnerable persons should be screened through background checks in a uniform and timely manner to ensure that they do not have a criminal history that would disqualify them from working with vulnerable persons. Whenever a state conviction record check is required by state law, persons may be employed or engaged as volunteers or independent contractors on a conditional basis according to law and rules adopted by the department.

(8) No provider or staff, or prospective provider or staff, with a stipulated finding of fact, conclusion of law, an agreed order, or finding of fact, conclusion of law, or final order issued by a disciplining authority, a court of law, or entered into a state registry finding him or her guilty of abuse, neglect, exploitation, or abandonment of a minor or a vulnerable adult as defined in chapter 74.34 RCW shall be employed in the care of and have unsupervised access to vulnerable adults.

(9) ((The department shall establish, by rule, a state registry which contains identifying information about personal care aides identified under this chapter who have substantiated findings of abuse, neglect, financial exploitation, or abandonment of a vulnerable adult as defined in RCW 74.34.020. The rule must include disclosure, disposition of findings, notification, findings of fact, appeal rights, and fair hearing requirements. The department shall disclose, upon request, substantiated findings of abuse, neglect, financial exploitation, or abandonment to any person so requesting this information.))

((10)) The department shall by rule develop training requirements for individual providers and home care agency providers. The department shall deny payment to an individual provider or a home care provider who does not complete the training requirement within the time limit specified by the department by rule.

((10a)) (10) The department shall establish, by rule, training, background checks, and other quality assurance requirements for personal aides who provide in-home services funded by medicaid personal care as described in RCW 74.09.520, community options program entry system waiver services as described in RCW 74.39A.030, or chore services as described in RCW 74.39A.110 that are equivalent to requirements for individual providers.

((10b)) (11) Under existing funds the department shall establish internally a quality improvement standards committee to monitor the development of standards and to suggest modifications.

((10c)) (12) Within existing funds, the department shall design, develop, and implement a long-term care training program that is flexible, relevant, and qualifies towards the requirements for a nursing assistant certificate as established under chapter 18.88A RCW. This subsection does not require completion of the nursing assistant certificate training program by providers or their staff. The long-term care teaching curriculum must consist of a fundamental module, or modules, and a range of other available relevant training modules that provide
the caregiver with appropriate options that assist in meeting the resident's care needs. Some of the training modules may include, but are not limited to, specific training on the special care needs of persons with developmental disabilities, dementia, mental illness, and the care needs of the elderly. No less than one training module must be dedicated to workplace violence prevention. The nursing care quality assurance commission shall work together with the department to develop the curriculum modules. The nursing care quality assurance commission shall direct the nursing assistant training programs to accept some or all of the skills and competencies from the curriculum modules towards meeting the requirements for a nursing assistant certificate as defined in chapter 18.88A RCW. A process may be developed to test persons completing modules from a caregiver's class to verify that they have the transferable skills and competencies for entry into a nursing assistant training program. The department may review whether facilities can develop their own related long-term care training programs. The department may develop a review process for determining what previous experience and training may be used to waive some or all of the mandatory training. The department of social and health services and the nursing care quality assurance commission shall work together to develop an implementation plan by December 12, 1998.

Sec. 4. RCW 74.34.095 and 1999 c 176 s 17 are each amended to read as follows:

(3) A court or presiding officer in an administrative proceeding may order disclosure of confidential information only if the court, or presiding officer in an administrative proceeding, determines that disclosure is essential to the administration of justice and will not endanger the life or safety of the vulnerable adult or individual who made the report. The court or presiding officer in an administrative hearing may place restrictions on such disclosure as the court or presiding officer deems proper.

Sec. 5. RCW 74.39A.095 and 1999 c 175 s 3 are each amended to read as follows:

(1) In carrying out case management responsibilities established under RCW 74.39A.090 for consumers who are receiving services under the medicaid personal care, community options programs entry system or chore services program through an individual provider, each area agency on aging shall provide adequate oversight of the care being provided to consumers receiving services under this section. Such oversight shall include, but is not limited to:

(a) Verification that the individual provider has met any training requirements established by the department;
(b) Verification of a sample of worker time sheets;
(c) Home visits or telephone contacts sufficient to ensure that the plan of care is being appropriately implemented;
(d) Reassessment and reauthorization of services;
(e) Monitoring of individual provider performance; and
(f) Conducting criminal background checks or verifying that criminal background checks have been conducted.

(2) The area agency on aging case manager shall work with each consumer to develop a plan of care under this section that identifies and ensures coordination of health and long-term care services that meet the consumer's needs. In developing the plan, they shall utilize, and modify as needed, any comprehensive community service plan developed by the department as provided in RCW 74.39A.040. The plan of care shall include, at a minimum:

(a) The name and telephone number of the consumer's area agency on aging case manager, and a statement as to how the case manager can be contacted about any concerns related to the consumer's well-being or the adequacy of care provided;
(b) The name and telephone numbers of the consumer's primary health care provider, and other health or long-term care providers with whom the consumer has frequent contacts;
(c) A clear description of the roles and responsibilities of the area agency on aging case manager and the consumer receiving services under this section;
(d) The duties and tasks to be performed by the area agency on aging case manager and the consumer receiving services under this section;
(e) The type of in-home services authorized, and the number of hours of services to be provided;
(f) The terms of compensation of the individual provider;
(g) A statement that the individual provider has the ability and willingness to carry out his or her responsibilities relative to the plan of care; and
(h) Except as provided in (h)(ii) of this subsection, a clear statement indicating that a consumer receiving services under this section has the right to waive any of the case management services offered by the area agency on aging under this section, and a clear indication of whether the consumer has, in fact, waived any of these services.
The consumer's right to waive case management services does not include the right to waive reassessment or reauthorization of services, or verification that services are being provided in accordance with the plan of care.

(3) Each area agency on aging shall retain a record of each waiver of services included in a plan of care under this section.

(4) Each consumer has the right to direct and participate in the development of their plan of care to the maximum practicable extent of their abilities and desires, and to be provided with the time and support necessary to facilitate that participation.

(5) A copy of the plan of care must be distributed to the consumer's primary care provider, individual provider, and other relevant providers with whom the consumer has frequent contact, as authorized by the consumer.

(6) The consumer's plan of care shall be an attachment to the contract between the department, or their designee, and the individual provider.

(7) If the department or area agency on aging case manager finds that an individual provider's inadequate performance or inability to deliver quality care is jeopardizing the health, safety, or well-being of a consumer receiving service under this section, the department or the area agency on aging may take action to terminate the contract between the department and the individual provider. If the department or the area agency on aging has a reasonable, good faith belief that the health, safety, or well-being of a consumer is in imminent jeopardy, the department or area agency on aging may summarily suspend the contract pending a fair hearing. The consumer may request a fair hearing to contest the planned action of the case manager, as provided in chapter 34.05 RCW. The department may by rule adopt guidelines for implementing this subsection.

(8) The department or area agency on aging may reject a request by a consumer to have a family member or other person serve as his or her individual provider if the case manager has a reasonable, good faith belief that the family member or other person will be unable to appropriately meet the care needs of the consumer. The consumer may request a fair hearing to contest the decision of the case manager, as provided in chapter 34.05 RCW. The department may by rule adopt guidelines for implementing this subsection.

Where a person required to register under this section is in custody of the state department of corrections, the state department of social and health services, a local division of youth services, or a local jail or juvenile detention facility as a result of a sex offense or kidnapping offense, the person shall also register at the time of release from custody with an official designated by the agency that has jurisdiction over the person. In addition, any such adult or juvenile who is admitted to a public or private institution of higher education shall, within ten days of enrolling or by the first business day after arriving at the institution, whichever is earlier, notify the sheriff for the county of the person's residence of the person's intent to attend the institution. Persons required to register under this section who are enrolled in a public or private institution of higher education on June 11, 1998, must notify the county sheriff immediately. The sheriff shall notify the institution's department of public safety and shall provide that department with the same information provided to a county sheriff under subsection (3) of this section.

(2) This section may not be construed to confer any powers pursuant to RCW 4.24.500 upon the public safety department of any public or private institution of higher education.
(3)(a) The person shall provide the following information when registering: (i) Name; (ii) address; (iii) date and place of birth; (iv) place of employment; (v) crime for which convicted; (vi) date and place of conviction; (vii) aliases used; (viii) social security number; (ix) photograph; and (x) fingerprints.

(4)(a) Offenders shall register with the county sheriff within the following deadlines. For purposes of this section the term "conviction" refers to adult convictions and juvenile adjudications for sex offenses or kidnapping offenses:

(i) OFFENDERS IN CUSTODY. (A) Sex offenders who committed a sex offense on, before, or after February 28, 1990, and who, on or after July 28, 1991, are in custody, as a result of that offense, of the state department of corrections, the state department of social and health services, a local division of youth services, or a local jail or juvenile detention facility, and (B) kidnapping offenders who on or after July 27, 1997, are in custody of the state department of corrections, the state department of social and health services, a local division of youth services, or a local jail or juvenile detention facility, must register at the time of release from custody with an official designated by the agency that has jurisdiction over the offender. The agency shall within three days forward the registration information to the county sheriff for the county of the offender's anticipated residence. The offender must also register within twenty-four hours from the time of release with the county sheriff for the county of the person's residence, or if the person is not a resident of Washington, the county of the person's school, or place of employment or vocation. The agency that has jurisdiction over the offender shall provide notice to the offender of the duty to register. Failure to register at the time of release and within twenty-four hours of release constitutes a violation of this section and is punishable as provided in subsection (10) of this section.

(ii) OFFENDERS NOT IN CUSTODY BUT UNDER STATE OR LOCAL JURISDICTION. Sex offenders who, on July 28, 1991, are not in custody but are under the jurisdiction of the indeterminate sentence review board or under the department of correction's active supervision, as defined by the department of corrections, the state department of social and health services, or a local division of youth services, for sex offenses committed before, on, or after February 28, 1990, must register within ten days of July 28, 1991. Kidnapping offenders who, on July 27, 1997, are not in custody but are under the jurisdiction of the indeterminate sentence review board or under the department of correction's active supervision, as defined by the department of corrections, the state department of social and health services, or a local division of youth services, for kidnapping offenses committed before, on, or after July 27, 1997, must register within ten days of July 27, 1997. A change in supervision status of a sex offender who was required to register under this subsection (4)(a)(ii) as of July 28, 1991, or a kidnapping offender required to register as of July 27, 1997, shall not release the offender of the duty to register or to reregister following a change in residence. The obligation to register shall only cease pursuant to RCW 9A.44.140.

(iii) OFFENDERS UNDER FEDERAL JURISDICTION. Sex offenders who, on or after July 23, 1995, and kidnapping offenders who, on or after July 27, 1997, as a result of that offense are in the custody of the United States bureau of prisons or other federal or military correctional agency for sex offenses committed before, on, or after February 28, 1990, or kidnapping offenses committed on, before, or after July 27, 1997, must register within twenty-four hours from the time of release with the county sheriff for the county of the person's residence, or if the person is not a resident of Washington, the county of the person's school, or place of employment or vocation. Sex offenders who, on July 23, 1995, are not in custody but are under the jurisdiction of the United States bureau of prisons, United States courts, United States parole commission, or military parole board for sex offenses committed before, on, or after February 28, 1990, must register within ten days of July 23, 1995. Kidnapping offenders who, on July 27, 1997, are not in custody but are under the jurisdiction of the United States bureau of prisons, United States courts, United States parole commission, or military parole board for kidnapping offenses committed before, on, or after July 27, 1997, must register within ten days of July 27, 1997. A change in supervision status of a sex offender who was required to register under this subsection (4)(a)(iii) as of July 23, 1995, or a kidnapping offender required to register as of July 27, 1997 shall not relieve the offender of the duty to register or to reregister following a change in residence, or if the person is not a resident of Washington, the county of the person's school, or place of employment or vocation. The obligation to register shall only cease pursuant to RCW 9A.44.140.

(iv) OFFENDERS WHO ARE CONVICTED BUT NOT CONFINED. Sex offenders who are convicted of a sex offense on or after July 28, 1991, for a sex offense that was committed on or after February 28, 1990, and kidnapping offenders who are convicted on or after July 27, 1997, for a kidnapping offense that was committed on or after July 27, 1997, but who are not sentenced to serve a term of confinement immediately upon sentencing, shall report to the county sheriff to register immediately upon completion of being sentenced.

(v) OFFENDERS WHO ARE NEW RESIDENTS OR RETURNING WASHINGTON RESIDENTS. Sex offenders and kidnapping offenders who move to Washington state from another state or a foreign country that are not under the jurisdiction of the state department of corrections, the indeterminate sentence review board, or the state department of social and health services at the time of moving
to Washington, must register within thirty days of establishing residence or reestablishing residence if the person is a former Washington resident. The duty to register under this subsection applies to sex offenders convicted under the laws of another state or a foreign country, federal or military statutes, or Washington state for offenses committed on or after February 28, 1990, and to kidnapping offenders convicted under the laws of another state or a foreign country, federal or military statutes, or Washington state for offenses committed on or after July 27, 1997. Sex offenders and kidnapping offenders from other states or a foreign country who, when they move to Washington, are under the jurisdiction of the department of corrections, the indeterminate sentence review board, or the department of social and health services must register within twenty-four hours of moving to Washington. The agency that has jurisdiction over the offender shall notify the offender of the registration requirements before the offender moves to Washington.

(vi) OFFENDERS FOUND NOT GUILTY BY REASON OF INSANITY. Any adult or juvenile who has been found not guilty by reason of insanity under chapter 10.77 RCW of (A) committing a sex offense on, before, or after February 28, 1990, and who, on or after July 23, 1995, is in custody, as a result of that finding, of the state department of social and health services, or (B) committing a kidnapping offense on, before, or after July 27, 1997, and who on or after July 27, 1997, is in custody, as a result of that finding, of the state department of social and health services, must register within twenty-four hours from the time of release with the county sheriff for the county of the person’s residence. The state department of social and health services shall provide notice to the adult or juvenile in its custody of the duty to register. Any adult or juvenile who has been found not guilty by reason of insanity of committing a sex offense on, before, or after February 28, 1990, but who was released before July 23, 1995, or any adult or juvenile who has been found not guilty by reason of insanity of committing a kidnapping offense but who was released before July 27, 1997, shall be required to register within twenty-four hours of receiving notice of this registration requirement. The state department of social and health services shall make reasonable attempts within available resources to notify sex offenders who were released before July 23, 1995, and kidnapping offenders who were released before July 27, 1997. Failure to register within twenty-four hours of release, or of receiving notice, constitutes a violation of this section and is punishable as provided in subsection (10) of this section.

(vii) OFFENDERS WHO LACK A FIXED RESIDENCE. Any person who lacks a fixed residence and leaves the county in which he or she is registered and enters and remains within a new county for twenty-four hours is required to register with the county sheriff not more than twenty-four hours after entering the county and provide the information required in subsection (3)(b) of this section.

(viii) OFFENDERS WHO LACK A FIXED RESIDENCE AND WHO ARE UNDER SUPERVISION. Offenders who lack a fixed residence and who are under the supervision of the department shall register in the county of their supervision.

(ix) OFFENDERS WHO MOVE TO, WORK, CARRY ON A VOCATION, OR ATTEND SCHOOL IN ANOTHER STATE. Offenders required to register in Washington, who move to another state, or who work, carry on a vocation, or attend school in another state shall register a new address, fingerprints, and photograph with the new state within ten days after establishing residence in the new state. The person must also send written notice within ten days of moving to the new state to or a foreign country to the county sheriff with whom the person last registered in Washington state. The county sheriff shall promptly forward this information to the Washington state patrol.

(b) Failure to register within the time required under this section constitutes a per se violation of this section and is punishable as provided in subsection (10) of this section. The county sheriff shall not be required to determine whether the person is living within the county.

(c) An arrest on charges of failure to register, service of an information, or a complaint for a violation of this section, or arraignment on charges for a violation of this section, constitutes actual notice of the duty to register. Any person charged with the crime of failure to register under this section who asserts as a defense the lack of notice of the duty to register shall register immediately following actual notice of the duty through arrest, service, or arraignment. Failure to register as required under this subsection (4)(c) constitutes grounds for filing another charge of failing to register. Registering following arrest, service, or arraignment on charges shall not relieve the offender from criminal liability for failure to register prior to the filing of the original charge.

(d) The deadlines for the duty to register under this section do not relieve any sex offender of the duty to register under this section as it existed prior to July 28, 1991.

(5)(a) If any person required to register pursuant to this section changes his or her residence address within the same county, the person must send written notice of the change of address to the county sheriff within seventy-two hours of moving. If any person required to register pursuant to this section moves to a new county, the person must send written notice of the change of address at least fourteen days before moving to the county sheriff in the new county of residence and must register with that county sheriff within twenty-four hours of moving. The person must also send written notice within ten days of the change of address in the new county to the county sheriff with whom the person last registered. The county sheriff with whom the person last registered shall promptly forward the information concerning the change of address to the county sheriff for the county of the person’s new residence. (If any person required to register pursuant to this section moves out of Washington state, the person must also send written notice within ten days of moving to the new state or a foreign country to the county sheriff with whom the person last registered in Washington state.) Upon receipt of notice of change of address to a new state, the county sheriff shall promptly forward the information regarding the change of address to the agency designated by the new state as the state's offender registration agency.

(b) It is an affirmative defense to a charge that the person failed to send a notice at least fourteen days in advance of moving as required under (a) of this subsection that the person did not know the location of his or her new residence at least fourteen days before moving.
The defendant must establish the defense by a preponderance of the evidence and, to prevail on the defense, must also prove by a preponderance that the defendant sent the required notice within twenty-four hours of determining the new address.

(6)(a) Any person required to register under this section who lacks a fixed residence shall provide written notice to the sheriff of the county where he or she last registered within fourteen days after ceasing to have a fixed residence. The notice shall include the information required by subsection (3)(b) of this section, except the photograph and fingerprints. The county sheriff may, for reasonable cause, require the offender to provide a photograph and fingerprints. The sheriff shall forward this information to the sheriff of the county in which the person intends to reside, if the person intends to reside in another county.

(b) A person who lacks a fixed residence must report in person to the sheriff of the county where he or she is registered. If he or she has been classified as a risk level I sex or kidnapping offender, he or she must report monthly. If he or she has been classified as a risk level II or III sex or kidnapping offender, he or she must report weekly. The lack of a fixed residence is a factor that may be considered in determining a sex offender's risk level.

(c) If any person required to register pursuant to this section does not have a fixed residence, it is an affirmative defense to the charge of failure to register, that he or she provided written notice to the sheriff of the county where he or she last registered within fourteen days after ceasing to have a fixed residence and has subsequently complied with the requirements of subsections (4)(a)(vii) or (viii) and (6) of this section. To prevail, the person must prove the defense by a preponderance of the evidence.

(7) A sex offender subject to registration requirements under this section who applies to change his or her name under RCW 4.24.130 or any other law shall submit a copy of the application to the county sheriff of the county of the person's residence and to the state patrol not fewer than five days before the entry of an order granting the name change. No sex offender under the requirement to register under this section at the time of application shall be granted an order changing his or her name if the court finds that doing so will interfere with legitimate law enforcement interests, except that no order shall be denied when the name change is requested for religious or legitimate cultural reasons or in recognition of marriage or dissolution of marriage. A sex offender under the requirement to register under this section who receives an order changing his or her name shall submit a copy of the order to the county sheriff of the county of the person's residence and to the state patrol within five days of the entry of the order.

(8) The county sheriff shall obtain a photograph of the individual and shall obtain a copy of the individual's fingerprints.

(9) For the purpose of RCW 9A.44.130, 10.01.200, 43.43.540, 70.48.470, and 72.09.330:

(c) "Employed" or "carries on a vocation" means employment that is full-time or part-time for a period of time exceeding fourteen days, or for an aggregate period of time exceeding thirty days during any calendar year. A person is employed or carries on a vocation whether the person's employment is financially compensated, volunteered, or for the purpose of government or educational benefit.

(d) "Student" means a person who is enrolled, on a full-time or part-time basis, in any public or private educational institution. An educational institution includes any secondary school, trade or professional institution, or institution of higher education.

(10) A person who knowingly fails to register with the county sheriff or notify the county sheriff, or who changes his or her name without notifying the county sheriff and the state patrol, as required by this section is guilty of a class C felony if the crime for which the individual was convicted was a felony sex offense as defined in subsection (9)(a) of this section or a federal or out-of-state conviction for an offense that under the laws of this state would be a felony sex offense as defined in subsection (9)(a) of this section. If the crime was other than a felony or a federal or out-of-state conviction for an offense that under the laws of this state would be other than a felony, violation of this section is a gross misdemeanor.

(11) A person who knowingly fails to register or who moves within the state without notifying the county sheriff as required by this section is guilty of a class C felony if the crime for which the individual was convicted was a felony kidnapping offense as defined in subsection (9)(b) of this section or a federal or out-of-state conviction for an offense that under the laws of this state would be a felony kidnapping offense as defined in subsection (9)(b) of this section. If the crime was other than a felony or a federal or out-of-state conviction for an offense that under the laws of this state would be other than a felony, violation of this section is a gross misdemeanor.

Sec. 3. RCW 9A.44.140 and 1998 c 220 s 3 are each amended to read as follows:

(1) The duty to register under RCW 9A.44.130 shall end:
(a) For a person convicted of a class A felony, or a person convicted of any sex offense or kidnapping offense who has one or more prior ((convictions)) convictions for a sex offense or kidnapping offense: Such person may only be relieved of the duty to register under subsection (3) or (4) of this section.
(b) For a person convicted of a class B felony, and the person does not have one or more prior (convictions[s]) for a sex offense or kidnapping offense: Fifteen years after the last date of release from confinement, if any, (including full-time residential treatment) pursuant to the conviction, or entry of the judgment and sentence, if the person has spent fifteen consecutive years in the community without being convicted of any new offenses.

(c) For a person convicted of a class C felony, a violation of RCW 9.68A.090 or 9A.44.096, or an attempt, solicitation, or conspiracy to commit a class C felony, and the person does not have one or more prior (convictions[s]) for a sex offense or kidnapping offense: Ten years after the last date of release from confinement, if any, (including full-time residential treatment) pursuant to the conviction, or entry of the judgment and sentence, if the person has spent ten consecutive years in the community without being convicted of any new offenses.

(2) The provisions of subsection (1) of this section shall apply equally to a person who has been found not guilty by reason of insanity under chapter 10.77 RCW of a sex offense or kidnapping offense.

(3)(a) Any person having a duty to register under RCW 9A.44.130 may petition the superior court to be relieved of that duty, if the person has spent ten consecutive years in the community without being convicted of any new offenses. The petition shall be made to the court in which the petitioner was convicted of the offense that subjects him or her to the duty to register, or, in the case of convictions in other states, a foreign country, or a federal or military court, to the court in Thurston county. The prosecuting attorney of the county shall be named and served as the respondent in any such petition. The court shall consider the nature of the registrable offense committed, and the criminal and relevant noncriminal behavior of the petitioner both before and after conviction, and may consider other factors. Except as provided in subsection (4) of this section, the court may relieve the petitioner of the duty to register only if the petitioner shows, with clear and convincing evidence, that future registration of the petitioner will not serve the purposes of RCW 9A.44.130, 10.01.200, 43.43.540, 46.20.187, 70.48.470, and 72.09.330.

(ii) Any person subject to (b)(i) of this subsection may petition the court to be exempted from any community notification requirements that the person may be subject to fifteen years after the later of the entry of the judgment and sentence or the last date of release from confinement, including full-time residential treatment, pursuant to the conviction, if the person has spent the time in the community without being convicted of any new offense.

(4) An offender having a duty to register under RCW 9A.44.130 for a sex offense or kidnapping offense committed when the offender was a juvenile may petition the superior court to be relieved of that duty. This subsection shall not apply to juveniles prosecuted as adults.

(5) Unless relieved of the duty to register pursuant to this section, a violation of RCW 9A.44.130 is an ongoing offense for purposes of the statute of limitations under RCW 9A.04.080.

(6) Nothing in RCW 9.94A.220 relating to discharge of an offender shall be construed as operating to relieve the offender of his or her duty to register pursuant to RCW 9A.44.130.

Sec. 4. RCW 70.48.470 and 1997 c 364 s 3 and 1997 c 113 s 7 are each reenacted and amended to read as follows:

(1) A person having charge of a jail shall notify in writing any confined person who is in the custody of the jail for a conviction of a sex offense as defined in RCW 9.94A.030 or a kidnapping offense as defined in RCW 9A.44.130 of the registration requirements of RCW 9A.44.130 at the time of the inmate's release from confinement, and shall obtain written acknowledgment of such notification. The person shall also obtain from the inmate the county of the inmate's residence upon release from jail and, where applicable, the city.

(2) When a sex offender or a person convicted of a kidnapping offense as defined in RCW 9A.44.130 under local government jurisdiction will reside in a county other than the county of conviction upon discharge or release, the chief law enforcement officer of the jail or his or her designee shall give notice of the inmate's discharge or release to the sheriff of the county and, where applicable, to the police chief of the city where the offender will reside."

Upon receipt of such a request, the chief of the Washington state patrol, through the director of fire protection, or his or her deputy, shall make an inspection of the boarding home to be licensed, and if it is found that the premises do not comply with the required safety standards and fire ((rules)) rules as ((promulgated)) adopted by the chief of the Washington state patrol, through the director of fire protection, he or she shall promptly make a
The definitions in this subsection apply throughout this chapter. In an effort to ensure a cooperative process among the department, boarding home provider representatives, and resident advocates, the department may seek comments and recommendations from the advisory board. Depending on the topic to be discussed, the department may invite other representatives in addition to the named members of the advisory board. The department may seek comments and recommendations on matters described under subsection (2) of this section.

The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.
(a) "Caregiver" includes any person who provides residents with hands-on personal care on behalf of a boarding home, except volunteers who are directly supervised.

(b) "Direct supervision" means oversight by a person who has demonstrated competency in the core areas or has been fully exempted from the training requirements pursuant to this section, is on the premises, and is quickly and easily available to the caregiver.

(2) Training must have the following components: Orientation, basic training, specialty training as appropriate, and continuing education. All boarding home employees or volunteers who routinely interact with residents shall complete orientation. Boarding home administrators, or their designees, and caregivers shall complete orientation, basic training, specialty training as appropriate, and continuing education.

(3) Orientation consists of introductory information on residents' rights, communication skills, fire and life safety, and universal precautions. Orientation must be provided at the facility by appropriate boarding home staff to all boarding home employees before the employees have routine interaction with residents.

(4) Basic training consists of modules on the core knowledge and skills that caregivers need to learn and understand to effectively and safely provide care to residents. Basic training must be outcome-based, and the effectiveness of the basic training must be measured by demonstrated competency in the core areas through the use of a competency test. Basic training must be completed by caregivers within one hundred twenty days of the date on which they begin to provide hands-on care or within one hundred twenty days of March 1, 2002, whichever is later. Until competency in the core areas has been demonstrated, caregivers shall not provide hands-on personal care to residents without direct supervision. Boarding home administrators, or their designees, must complete basic training and demonstrate competency within one hundred twenty days of employment or within one hundred twenty days of March 1, 2002, whichever is later.

(5) For boarding homes that serve residents with special needs such as dementia, developmental disabilities, or mental illness, specialty training is required of administrators, designees, and caregivers. Specialty training consists of modules on the core knowledge and skills that caregivers need to effectively and safely provide care to residents with special needs. Specialty training should be integrated into basic training wherever appropriate. Specialty training must be outcome-based, and the effectiveness of the specialty training measured by demonstrated competency in the core specialty areas through the use of a competency test. Specialty training must be completed by caregivers within one hundred twenty days of the date on which they begin to provide hands-on care to a resident having special needs or within one hundred twenty days of March 1, 2002, whichever is later. However, if specialty training is not integrated with basic training, the specialty training must be completed within ninety days of completion of basic training. Until competency in the core specialty areas has been demonstrated, caregivers shall not provide hands-on personal care to residents with special needs without direct supervision. Boarding home administrators, or their designees, must complete specialty training and demonstrate competency within one hundred twenty days of March 1, 2002, if the boarding home serves one or more residents with special needs.

(6) Continuing education consists of ongoing delivery of information to caregivers on various topics relevant to the care setting and care needs of residents. Competency testing is not required for continuing education. Continuing education is not required during the first year following completion of the basic training. If specialty training is completed, the specialty training applies toward any continuing education requirement for up to two years following the completion of the specialty training.

(7) Persons who successfully challenge the competency test for basic training are fully exempt from the basic training requirements of this section. Persons who successfully challenge the specialty training competency test are fully exempt from the specialty training requirements of this section.

(8) Licensed persons who perform the tasks for which they are licensed are fully or partially exempt from the training requirements of this section, as specified by the department in rule.

(9) In an effort to improve access to training and education and reduce costs, especially for rural communities, the coordinated system of long-term care training and education must include the use of innovative types of learning strategies such as internet resources, videotapes, and distance learning using satellite technology coordinated through community colleges or other entities, as defined by the department.

(10) The community long-term care training and education steering committee established under section 11 of this act shall develop criteria for the approval of orientation, basic training, and specialty training programs.

(11) Boarding homes that desire to deliver facility-based training with facility designated trainers, or boarding homes that desire to pool their resources to create shared training systems, must be encouraged by the department in their efforts. The community long-term care training and education steering committee shall develop criteria for reviewing and approving trainers and training materials that are substantially similar to or better than the materials developed by the steering committee.

(12) The department shall adopt rules by March 1, 2002, for the implementation of this section based on the recommendations of the community long-term care training and education steering committee established in section 11 of this act.

(13) The orientation, basic training, specialty training, and continuing education requirements of this section take effect March 1, 2002, and shall be applied prospectively. However, nothing in this section affects the current training requirements under RCW 74.39A.010.

NEW SECTION. Sec. 11. A new section is added to chapter 74.39A RCW to read as follows:
The secretary shall appoint a steering committee for community long-term care training and education to advise the department on the development and approval of criteria for training materials, the development of competency tests, the development of criteria for trainers, and the development of exemptions from training. The community long-term care training and education steering committee shall also review the effectiveness of the training program or programs, including the qualifications and availability of the trainers. The steering committee shall also review the appropriateness of the adopted rules implementing this section. The steering committee shall advise the department on flexible and innovative learning strategies that accomplish the training goals, such as competency and outcome-based models and distance learning. The steering committee shall review and recommend the most appropriate length of time between an employee's date of first hire and the start of the employee's basic training.

The steering committee shall, at a minimum, consist of a representative from each of the following: Each of the state-wide boarding home associations, two adult family home associations, each of the state-wide home care associations, the long-term care ombudsman program, the area agencies on aging, the department of health representing the nursing care quality assurance commission, and a consumer, or their nonprovider designee, from a boarding home, adult family home, home care served by an agency, and home care served by an individual provider. A majority of the members currently serving constitute a quorum.

Nothing in this chapter shall prevent the adult family home advisory committee from enhancing training requirements for adult family providers and resident managers, regulated under chapter 18.48 RCW, at the cost of those providers and resident managers.

Establishment of the steering committee does not prohibit the department from utilizing other advisory activities that the department deems necessary for program development. However, when the department obtains input from other advisory sources, the department shall present the information to the steering committee for review and approval.

Each member of the steering committee shall serve without compensation. Consumer representatives may be reimbursed for travel expenses as authorized in RCW 43.03.060.

The steering committee recommendations must implement the intent of RCW 74.39A.050(14) to create training that includes skills and competencies that are transferable to nursing assistant training.

The steering committee shall cease to exist on July 1, 2004.

A new section is added to chapter 74.39A RCW to read as follows:

All training curricula and material, except competency testing material, developed by the department and used in part or in whole to improve provider and caregiver knowledge and skill are in the public domain and are subject to public disclosure under chapter 42.17 RCW. Any training curricula and material developed by a private entity and used under contract or by agreement with the department are also considered part of the public domain and shall be shared subject to any copyright restrictions. It is the department's responsibility when making training materials available to the public, to identify which material has copyright or other legal restrictions on its use, and which does not. Any proprietary curricula and material developed by a private entity for training purposes in facilities licensed under chapter 18.20 or 70.128 RCW or individual providers and home care agency providers under this chapter and approved for training by the department are not part of the public domain.

The following acts or parts of acts are each repealed:

(1) RCW 18.20.060 (Actions against license) and 1991 c 3 s 35, 1989 c 175 s 60, 1985 c 213 s 5, & 1957 c 253 s 6; and

"NEW SECTION. Sec. 1. A new section is added to chapter 90.44 RCW to read as follows:

The legislature recognizes the importance of sound water management. In an effort to promote new and innovative methods of water storage, the legislature authorizes the department of ecology to issue reservoir permits that enable an entity to artificially store and recover water in any underground geological formation, which qualifies as a reservoir under RCW 90.03.370.

Sec. 2. RCW 90.44.035 and 1987 c 109 s 107 are each amended to read as follows:

For purposes of this chapter:

There is a recognized distinction between natural ground water and artificially stored ground water;

(4) "Natural ground water" means water that exists in underground storage owing wholly to natural processes;

(5) "Artificially stored ground water" means water that is made available in underground storage artificially, either intentionally, or incidentally to irrigation and that otherwise would have been dissipated by natural processes; and

(6) "Underground artificial storage and recovery project" means any project in which it is intended to artificially store water in the ground through injection, surface spreading and infiltration, or other department-approved method, and to make subsequent use of the stored water. However, (a) this subsection does not apply to operational and seepage losses that occur during the irrigation of land, or to water that is artificially stored due to the construction, operation, or maintenance of an irrigation district project, or to projects involving water reclaimed in accordance with chapter 90.46 RCW; and (b) RCW 90.44.130 applies to those instances of claimed artificial recharge occurring due to the construction, operation, or maintenance of an irrigation district project or operational and seepage losses that occur during the irrigation of land, as well as other forms of claimed artificial recharge already existing at the time a ground water subarea is established.

Sec. 3. RCW 90.03.370 and 1987 c 109 s 93 are each amended to read as follows:

(1) All applications for reservoir permits shall be subject to the provisions of RCW 90.03.250 through 90.03.320. But the party or parties proposing to apply to a beneficial use the water stored in any such reservoir shall also file an application for a permit, to be known as the secondary permit, which shall be in compliance with the provisions of RCW 90.03.250 through 90.03.320. Such secondary application shall refer to such reservoir as its source of water supply and shall show documentary evidence that an agreement has been entered into with the owners of the reservoir for a permanent and sufficient interest in said reservoir to impound enough water for the purposes set forth in said application. When the beneficial use has been completed and perfected under the secondary permit, the department shall take the proof of the water users under such permit and the final certificate of appropriation shall refer to both the ditch and works described in the secondary permit and the reservoir described in the primary permit.

(2) For the purposes of this section, "reservoir" includes, in addition to any surface reservoir, any naturally occurring underground geological formation where water is collected and stored for subsequent use as part of an underground artificial storage and recovery project. To qualify for issuance of a reservoir permit an underground geological formation must meet standards for review and mitigation of adverse impacts identified, for the following issues:

(i) Aquifer vulnerability and hydraulic continuity;

(ii) Potential impairment of existing water rights;

(iii) Geotechnical impacts and aquifer boundaries and characteristics;

(iv) Chemical compatibility of surface waters and ground water;

(v) Recharge and recovery treatment requirements;

(vi) System operation;

(vii) Water rights and ownership of water stored for recovery; and

(viii) Environmental impacts.

(b) Standards for review and standards for mitigation of adverse impacts for an underground artificial storage and recovery project shall be established by the department by rule. Notwithstanding the provisions of RCW 90.03.250 through 90.03.320, analysis of each
underground artificial storage and recovery project and each underground geological formation for which an applicant seeks the status of a reservoir shall be through applicant-initiated studies reviewed by the department.

(3) For the purposes of this section, "underground artificial storage and recovery project" means any project in which it is intended to artificially store water in the ground through injection, surface spreading and infiltration, or other department-approved method, and to make subsequent use of the stored water. However, (a) this subsection does not apply to operational and seepage losses that occur during the irrigation of land, or to water that is artificially stored due to the construction, operation, or maintenance of an irrigation district project, or to projects involving water reclaimed in accordance with chapter 90.46 RCW; and (b) RCW 90.44.130 applies to those instances of claimed artificial recharge occurring due to the construction, operation, or maintenance of an irrigation district project or operational and seepage losses that occur during the irrigation of land, as well as other forms of claimed artificial recharge already existing at the time a ground water subarea is established.

(4) The department shall report to the legislature by December 31, 2001, on the standards for review and standards for mitigation developed under subsection (3) of this section and on the status of any applications that have been filed with the department for underground artificial storage and recovery projects by that date.

SECOND READING

SENATE BILL NO. 5243, by Senators Kline, Winsley, Franklin, Prentice, Brown and Costa

Modifying the linked deposit program.

MOTION

On motion of Senator Kline Second Substitute Senate Bill No. 5243 was substituted for Senate Bill No. 5243 and the substitute bill was placed on the second reading calendar.

POINT OF ORDER

Senator Johnson: "A point of order, Mr. President. The consideration of Senate Bill No. 5243 is not proper at this point. Senate Concurrent Resolution No 8421, the cutoff resolution, specifically does not exempt this bill from that resolution. Consideration of Senate Bills was terminated on Tuesday, February 15, and at that time this bill was still presumably pending in committee. There is an exception in the cutoff resolution for bills necessary to implement the budget. This linked deposit program was implemented in 1993. It has never yet appeared in the budget, so it can hardly be said that it is necessary to implement the budget. There could be a reference in the budget; there hasn’t been for seven years. There could be now, but once again it wouldn’t be necessary to implement the budget. Therefore, consideration of this bill at this time is out of order."

Debate ensued.

MOTION

On motion of Senator Betti Sheldon, further consideration of Second Substitute Senate Bill No. 5243 was deferred.

MOTION

On motion of Senator Eide, Senator Snyder was excused.

MOTION

On motion of Senator Haugen, the following Committee on Transportation striking amendment was adopted:

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 46.55.120 and 1999 c 398 s 7 and 1999 c 327 s 5 are each reenacted and amended to read as follows:

(1) Vehicles or other items of personal property registered or titled with the department that are impounded by registered tow truck operators pursuant to RCW 46.55.080, 46.55.085, 46.55.113, or 9A.88.140 may be redeemed only under the following circumstances:

(a) Only the legal owner, the registered owner, a person authorized in writing by the registered owner or the vehicle's insurer, a person who is determined and verified by the operator to have the permission of the registered owner of the vehicle or other item of personal property registered or titled with the department, or one who has purchased a vehicle or item of personal property registered or titled with the department from the registered owner who produces proof of ownership or written authorization and signs a receipt therefor, may redeem an impounded vehicle or items of personal property registered or titled with the department. In addition, a vehicle impounded because the operator is in violation of RCW 46.20.342(1)(c) shall not be released until a person eligible to redeem it under this subsection (1)(a) satisfies the requirements of (e) of this subsection, including paying all towing, removal, and storage fees, notwithstanding the fact that the hold was ordered by a government agency. If the department's records show that the operator has been convicted of a violation of RCW 46.20.342 or a similar local ordinance within the past five years, the vehicle may be held for up to thirty days at the written direction of the agency ordering the vehicle impounded. A vehicle impounded because the operator is arrested for a violation of RCW 46.20.342 may be released only pursuant to a written order from the agency that ordered the vehicle impounded from or from the court having jurisdiction. An agency may issue a written order to release pursuant to a provision of an applicable state agency rule or local ordinance authorizing release on the basis of economic or personal hardship to the spouse of the operator, taking into consideration public safety factors, including the operator's criminal history and driving record.

If a vehicle is impounded because the operator is in violation of RCW 46.20.342(1) (a) or (b), the vehicle may be held for up to thirty days at the written direction of the agency ordering the vehicle impounded. However, if the department's records show that the operator has been convicted of a violation of RCW 46.20.342(1)(a) or (b) or a similar local ordinance within the past five years, the vehicle may be held at the written direction of the agency ordering the vehicle impounded for up to sixty days, and for up to ninety days if the operator has two or more such prior offenses. If a vehicle is impounded because the operator is arrested for a violation of RCW 46.20.342, the vehicle may not be released until a person eligible to redeem it under this subsection (1)(a) satisfies the requirements of (e) of this subsection, including paying all towing, removal, and storage fees, notwithstanding the fact that the hold was ordered by a government agency.

(b) If the vehicle is directed to be held for a suspended license impound, a person who desires to redeem the vehicle at the end of the period of impound shall within five days of the impound at the request of the tow truck operator pay a security deposit to the tow truck operator of not more than one-half of the applicable impound storage rate for each day of the proposed suspended license impound. The tow truck operator shall credit this amount against the final bill for removal, towing, and storage upon redemption. The tow truck operator may accept other sufficient security in lieu of the security deposit. If the person desiring to redeem the vehicle does not pay the security deposit or provide other security acceptable to the tow truck operator, the tow truck operator may process and sell at auction the vehicle as an abandoned vehicle impounded because the operator is arrested for a violation of RCW 46.20.342. The security deposit required by this section may be paid and must be accepted at any time up to twenty-four hours before the beginning of the auction to sell the vehicle as abandoned. The registered owner is not eligible to purchase the vehicle at the auction, and the tow truck operator shall sell the vehicle to the highest bidder who is not the registered owner.

(c) Notwithstanding (b) of this subsection, a rental car business may immediately redeem a rental vehicle it owns by payment of the costs of removal, towing, and storage, whereupon the vehicle will not be held for a suspended license impound.

(d) Notwithstanding (b) of this subsection, a motor vehicle dealer or lender with a perfected security interest in the vehicle may redeem or lawfully repossess a vehicle immediately by payment of the costs of removal, towing, and storage, whereupon the vehicle will not be held for a suspended license impound. A motor vehicle dealer or lender with a perfected security interest in the vehicle may not knowingly and intentionally engage in collusion with a registered owner to repossess and then return or resell a vehicle to the registered owner in an attempt to avoid a suspended license impound. However, this provision does not preclude a vehicle dealer or a lender with a perfected security interest in the vehicle from repossessing the vehicle and then selling, leasing, or otherwise disposing of it in accordance with chapter 62A.9 RCW, including providing redemption rights to the debtor under RCW 62A.9-506. If the debtor is the registered owner of the vehicle, the debtor's right to redeem the vehicle under chapter 62A.9 RCW is conditioned upon the debtor obtaining and providing proof from the impounding
authority or court having jurisdiction that any fines, penalties, and forfeitures owed by the registered owner, as a result of the suspended license impound, have been paid, and proof of the payment must be tendered to the vehicle dealer or lender at the time the debtor tenders all other obligations required to redeem the vehicle. Vehicle dealers or lenders are not liable for damages if they rely in good faith on an order from the impounding agency or a court in releasing a vehicle held under a suspended license impound.

(e) The vehicle or other item of personal property registered or titled with the department shall be released upon the presentation to any person having custody of the vehicle of commercially reasonable tender sufficient to cover the costs of towing, storage, or other services rendered during the course of towing, removing, impounding, or storing any such vehicle, with credit being given for the amount of any security deposit paid under (b) of this subsection. In addition, if a vehicle is impounded because the operator was arrested for a violation of RCW 46.20.342 or ((46.20.420)) 46.20.345 and was being operated by the registered owner when it was impounded under local ordinance or agency rule, it must not be released to any person until the registered owner establishes with the agency that ordered the vehicle impounded or the court having jurisdiction that any penalties, fines, or forfeitures owed by him or her have been satisfied. Registered tow truck operators are not liable for damages if they rely in good faith on an order from the impounding agency or a court in releasing a vehicle held under a suspended license impound. Commercially reasonable tender shall include, without limitation, cash, major bank credit cards issued by financial institutions, or personal checks drawn on (in-state banks) Washington state branches of financial institutions if accompanied by two pieces of valid identification, one of which may be required by the operator to have a photograph. If the towing firm ((can)) cannot determine through the customer's bank or a check verification service that the presented check would (would) be paid by the bank or guaranteed by the service, the towing firm may refuse to accept the check. Any person who stops payment on a personal check or credit card, or does not make restitution within ten days from the date a check becomes insufficient due to lack of funds, to a towing firm that has provided a service pursuant to this section or in any other manner defrauds the towing firm in connection with services rendered pursuant to this section shall be liable for damages in the amount of twice the towing and storage fees, plus costs and reasonable attorney's fees.

(2)(a) The registered tow truck operator shall give to each person who seeks to redeem an impounded vehicle, or item of personal property registered or titled with the department, written notice of the right of redemption and opportunity for a hearing, which notice shall be accompanied by a form to be used for requesting a hearing, the name of the person or agency authorizing the impound, and a copy of the towing and storage invoice. The registered tow truck operator shall maintain a record evidenced by the redeeming person's signature that such notification was provided.

(b) Any person seeking to redeem an impounded vehicle under this section has a right to a hearing in the district or municipal court for the jurisdiction in which the vehicle was impounded to contest the validity of the impoundment or the amount of towing and storage charges. The district court has jurisdiction to determine the issues involving all impoundments including those authorized by the state or its agents. The municipal court has jurisdiction to determine the issues involving impoundments authorized by agents of the municipality. Any request for a hearing shall be made in writing on the form provided for that purpose and must be received by the appropriate court within ten days of the date the opportunity was provided for in subsection (2)(a) of this section and more than five days before the date of the auction. At the time of the filing of the hearing request, the petitioner shall pay to the court clerk a filing fee in the same amount required for the filing of a suit in district court. If the hearing request is not received by the court within the ten-day period, the right to a hearing is waived and the registered owner is liable for any towing, storage, or other impoundment charges permitted under this chapter. Upon receipt of a timely hearing request, the court shall proceed to hear and determine the validity of the impoundment.

(3)(a) The court, within five days after the request for a hearing, shall notify the registered tow truck operator, the person requesting the hearing if not the owner, the registered and legal owners of the vehicle or other item of personal property registered or titled with the department, and the person or agency authorizing the impound in writing of the hearing date and time.

(b) At the hearing, the person or persons requesting the hearing may produce any relevant evidence to show that the impoundment, towing, or storage fees charged were not proper. The court may consider a written report made under oath by the officer who authorized the impoundment in lieu of the officer's personal appearance at the hearing.

(c) At the conclusion of the hearing, the court shall determine whether the impoundment was proper, whether the towing or storage fees charged were in compliance with the posted rates, and who is responsible for payment of the fees. The court may not adjust fees or charges that are in compliance with the posted or contracted rates.

(d) If the impoundment is found proper, the impoundment, towing, and storage fees as permitted under this chapter together with court costs shall be assessed against the person or persons requesting the hearing, unless the operator did not have a signed and valid impoundment authorization from a private property owner or an authorized agent.

(e) If the impoundment is determined to be in violation of this chapter, then the registered and legal owners of the vehicle or other item of personal property registered or titled with the department shall bear no impoundment, towing, or storage fees, and any security shall be returned or discharged as appropriate, and the person or agency who authorized the impoundment shall be liable for any towing, storage, or other impoundment fees permitted under this chapter. The court shall enter judgment in favor of the registered tow truck operator against the person or agency authorizing the impound for the impoundment, towing, and storage fees paid. In addition, the court shall enter judgment in favor of the registered and legal owners of the vehicle, or other item of personal property registered or titled with the department, for the amount of the filing fee required by law for the impound hearing petition as well as reasonable damages for loss of the use of the vehicle during

(4) Any impounded abandoned vehicle or item of personal property registered or titled with the department that is not redeemed within fifteen days of mailing of the notice of custody and sale as required by RCW 46.55.110(3) shall be sold at public auction in accordance with all the provisions and subject to all the conditions of RCW 46.55.130. A vehicle or item of personal property registered or titled with the department may be redeemed at any time before the start of the auction upon payment of the applicable towing and storage fees.

Sec. 2. RCW 46.55.130 and 1998 c 203 s 6 are each amended to read as follows:
(1) If, after the expiration of fifteen days from the date the same was impounded, for not less than fifty dollars per day, against the person or agency authorizing the impound. However, if an impoundment arising from an alleged violation of RCW 46.20.342 or (46.20.420) 46.20.345 is determined to be in violation of this chapter, then the law enforcement officer directing the impoundment and the government employing the officer are not liable for damages if the officer relied in good faith and without gross negligence on the records of the department in ascertaining that the operator of the vehicle had a suspended or revoked driver's license. If any judgment entered is not paid within fifteen days of notice in writing of its entry, the court shall award reasonable attorneys' fees and costs against the defendant in any action to enforce the judgment. Notice of entry of judgment may be made by registered or certified mail, and proof of mailing may be made by affidavit of the party mailing the notice. Notice of the entry of the judgment shall read essentially as follows:

(2) The following procedures are required in any public auction of such abandoned vehicles:
(a) The auction shall be held in such a manner that all persons present are given an equal time and opportunity to bid;
(b) All bidders must be present at the time of auction unless they have submitted to the registered tow truck operator, who may or may not choose to use the preauction bid method, a written bid on a specific vehicle. Written bids may be submitted up to five days before the auction and shall clearly state which vehicle is being bid upon, the amount of the bid, and who is submitting the bid;
(c) The open bid process, including all written bids, shall be used so that everyone knows the dollar value that must be exceeded;
(d) The highest two bids received shall be recorded in written form and shall include the name, address, and telephone number of each bidder;
(e) In case the high bidder defaults, the next bidder has the right to purchase the vehicle for the amount of his or her bid;
(f) The successful bidder shall apply for title within fifteen days;
(g) The registered tow truck operator shall post a copy of the auction procedure at the bidding site. If the bidding site is different from the licensed office location, the operator shall post a clearly visible sign at the office location that describes in detail where the auction will be held. At the bidding site a copy of the newspaper advertisement that lists the vehicles for sale shall be posted;
(h) All surplus moneys derived from the auction after satisfaction of the registered tow truck operator's lien shall be remitted within thirty days to the department for deposit in the state motor vehicle fund. A report identifying the vehicles resulting in any surplus shall accompany the remitted funds. If the director subsequently receives a valid claim from the registered vehicle owner of record as determined by the department within one year from the date of the auction, the surplus moneys shall be remitted to such owner;
(i) If an operator receives no bid, or if the operator is the successful bidder at auction, the operator shall, within forty-five days sell the vehicle to a licensed vehicle wrecker, hulk hauler, or scrap processor by use of the abandoned vehicle report-affidavit of sale, or the operator shall apply for title to the vehicle.
(3) In no case may an operator hold a vehicle for longer than ninety days without holding an auction on the vehicle, except for vehicles that are under a police or judicial hold.
(4)(a) In no case may the accumulation of storage charges exceed fifteen days from the date of receipt of the information by the operator from the department as provided by RCW 46.55.110((2)) (3).

(b) The failure of the registered tow truck operator to comply with the time limits provided in this chapter limits the accumulation of storage charges to five days except where delay is unavoidable. Providing incorrect or incomplete identifying information to the department in the abandoned vehicle report shall be considered a failure to comply with these time limits if correct information is available. However, storage charges begin to accrue again on the date the correct and complete information is provided to the department by the registered tow truck operator.

Senator Prentice: "I believe it will be a software change, but some have already started to do this. In fact, some of your gas receipts use to have the numbers and now they are just putting little stars. So, that is already being addressed. This is simply to allow time. SUBSTITUTE HOUSE BILL NO. 2406, by House Committee on Natural Resources (originally sponsored by Representatives Regala and Buck)

Changing salmon recovery provisions.

The bill was read the second time.

MOTION

Senator Jacobsen moved that the following Committee on Natural Resources, Parks and Recreation striking amendment be adopted:

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 75.46.010 and 1998 c 246 s 2 are each amended to read as follows:
The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.
(1) "Adaptive management" means reliance on scientific methods to test the results of actions taken so that the management and related policy can be changed promptly and appropriately.
(2) "Critical pathways methodology" means a project scheduling and management process for examining interactions between habitat projects and salmonid species, prioritizing habitat projects, and assuring positive benefits from habitat projects."
(3) "Habitat project list" is the list of projects resulting from the critical pathways methodology under RCW 75.46.070(2) that shall receive consideration for funding by the salmon recovery funding board. Each project on the list must have a written agreement from the landowner on whose land the project will be implemented, and must be based on the limiting factors analysis conducted in RCW 75.46.070 when completed.

(4) "Habitat projects" or "projects" include but are not limited to habitat restoration projects, habitat protection projects, habitat projects that improve water quality, habitat projects that protect water quality, habitat-related mitigation projects, fish passage barrier correction projects, fish screening projects, projects that accelerate the recovery process such as supplementation of wild stocks, projects that include the use of side channels, off-stream rearing enhancement, improvement in overwintering habitat, or use of acclimation ponds, and habitat project corrective maintenance and monitoring activities.

(5) "Habitat work schedule" means (those projects from the habitat project list that will be implemented during the current funding cycle)) development of a table of completed, active, and potential projects as a basis for critical pathways methodology analysis. The schedule shall also include ((a list of the entities and individuals implementing projects)) the estimated start date, duration, ((estimated)) date of completion, ((estimated)) cost, affected salmonid species, and funding sources for the projects.

(6) "Limiting factors" means conditions that limit the ability of habitat to fully sustain populations of salmon. ((These factors are primarily fish passage barriers and degraded estuarine areas, riparian corridors, stream channels, and wetlands.

(7) "Project sponsor" is a county, city, special district, tribal government, state agency, a combination of such governments through interlocal or interagency agreement((as provided under chapter 39.34 RCW)), a nonprofit organization, or one or more private citizens.

(8) "Salmon" includes all species of the family Salmonidae which are capable of self-sustaining, natural production except for Atlantic salmon.

(9) "Salmon recovery plan" means a state plan developed in response to a proposed or actual listing under the federal endangered species act that addresses limiting factors including, but not limited to harvest, hatchery, hydropower, habitat, and other factors of decline.

(10) "Salmon recovery activities" or "activities" includes but is not limited to habitat protection or restoration activities by local governments, tribes, other public entities, and private entities. The activities must have as a principal purpose the protection and restoration of salmonid populations. Salmon recovery activities may include, but are not limited to: Preparation of stream corridor guidelines, programmatic permitting, preparation of geographic information system protocols, and the development of baseline hydrological data.

(11) "Tribe" or "tribes" means federally recognized Indian tribes.

(12) "WRIA" means a water resource inventory area established in chapter 173-500 WAC as it existed on January 1, 1997.

(13) "Owner" means the person holding title to the land or the person under contract with the owner to lease or manage the legal owner's property.

(14) "Board" means the salmon recovery funding board created in RCW 75.46.150.

(15) "Listed stocks" means salmon and trout stocks that are listed or proposed for listing as threatened or endangered under the federal endangered species act, 16 U.S.C. Sec. 1531 et seq.

(16) "SASSI" means the salmon and steelhead stock inventory report and appendices.

(17) "SSHIAP" means the salmon and steelhead habitat inventory and assessment project.

Sec. 2. RCW 75.46.170 and 1999 sp.s. c 13 s 5 are each amended to read as follows:

(1) The ((salmon recovery funding)) board shall develop procedures and criteria for allocation of funds for salmon habitat projects and salmon recovery activities on a state-wide basis to address the highest priorities for salmon habitat protection and restoration. To the extent practicable the board shall adopt an annual allocation of funding. The allocation should address both protection and restoration of habitat, and should recognize the varying needs in each area of the state on an equitable basis. The board has the discretion to partially fund, or to fund in phases, salmon habitat projects. The board may annually establish a maximum amount of funding available for any individual project, subject to available funding. No projects required solely as a mitigation or a condition of permitting are eligible for funding.

(2)(a) In evaluating, ranking, and awarding funds for projects and activities the board shall give preference to projects that:

(i) Are based upon the limiting factors analysis identified under RCW 75.46.070;

(ii) Provide a greater benefit to salmon recovery based upon the stock status information contained in the department of fish and wildlife salmonid stock inventory (SASSI), the salmon and steelhead habitat inventory and assessment project (SSHIAP), and any comparable science-based assessment when available;
Will benefit listed species and other fish species; and
Will preserve high quality salmonid habitat.

(b) In evaluating, ranking, and awarding funds for projects and activities the board shall also give consideration to projects that:

(i) Are the most cost-effective;

(ii) Have the greatest matched or in-kind funding; and

(iii) Will be implemented by a sponsor with a successful record of project implementation.

(3) The board may reject, but not add, projects from a habitat project list submitted by a lead entity for funding.

(4) For fiscal year 2000, the board may authorize the interagency review team to evaluate, rank, and make funding decisions for categories of projects or activities or from funding sources provided for categories of projects or activities. In delegating such authority the board shall consider the review team's staff resources, procedures, and technical capacity to meet the purposes and objectives of this chapter. The board shall maintain general oversight of the team's exercise of such authority.

(5) The board shall seek the guidance of the technical review team to ensure that scientific principles and information are incorporated into the allocation standards and into proposed projects and activities. If the technical review team determines that a habitat project list complies with the critical pathways methodology under RCW 75.46.070, it shall provide substantial weight to the list's project priorities when making determinations among applications for funding of projects within the area covered by the list.

(6) The board shall establish criteria for determining when block grants may be made to a lead entity or other recognized regional recovery entity consistent with one or more habitat project lists developed for that region. Where a lead entity has been established pursuant to RCW 75.46.060, the board may provide grants to the lead entity to assist in carrying out lead entity functions under this chapter, subject to available funding. The board shall determine an equitable minimum amount of funds for each region, and shall distribute the remainder of funds on a competitive basis.

(7) The board may waive or modify portions of the allocation procedures and standards adopted under this section in the award of grants or loans to conform to legislative appropriations directing an alternative award procedure or when the funds to be awarded are from federal or other sources requiring other allocation procedures or standards as a condition of the board's receipt of the funds. The board shall develop an integrated process to manage the allocation of funding from federal and state sources to minimize delays in the award of funding while recognizing the differences in state and legislative appropriation timing.

(8) The board shall establish a time limit for the completion of projects that are awarded funds under this section. The time limit imposed by the board for completing projects shall provide for timely completion of projects but allow adequate time for projects that by their nature require multiple years to accomplish. The time limit may not exceed five years from the time the funds are awarded. The board shall not require the project sponsor to reapply to the board for these same funds in subsequent funding cycles within the time limit imposed by the board.*

There being no objection, the title of the bill will stand as the title of the act.

There being no objection, the Senate resumed consideration of Second Substitute Senate Bill No. 5243, deferred March 1, 2000, after Senator Kline moved that the bill be substituted and Senator Johnson challenged whether the bill was properly before the Senate.

RULING BY THE PRESIDENT

President Owen: "In ruling upon the point of order by Senator Johnson that the Senate is beyond the cutoff date established in Senate Concurrent Resolution No. 8421 to consider Senate Bills on the floor and that consideration of Second Substitute Senate Bill No. 5243 is therefore not in order, the President finds that the cutoff resolution exempts 'matters necessary to implement budgets.' The issue is whether Second Substitute Senate Bill No. 5243 is a measure necessary to implement a budget. Because there is confusion surrounding this issue as evidenced by prior rulings, the President begs the body's patience as he speaks at some length in an attempt to provide some guidelines while responding to the point of order.

"Second Substitute Senate Bill No. 5243 is a measure which extends and expands the so-called linked deposit program. Under the linked deposit program, the state treasurer is directed to deposit an amount of short term surplus treasury funds with public depositories who agree to loan the amount deposited to qualifying loan applicants. The President notes that generally the treasurer is duty-bound under statute to maximize interest returns on short term surplus treasury funds. The linked deposit program directs the treasurer to discount interest otherwise received from public depositories participating in the loan program.

"The President reminds the body that he has not seen a budget this session. Therefore, the President is left to analyze the issue in this point of order in the abstract. For the following reasons, the President finds that
although he may be prepared to rule without first seeing a budget that a measure is necessary to implement a budget, this is not an instance in which he would do so.

"On the floor yesterday, Senator Kline argued that because Second Substitute Senate Bill No. 5243 concerns state revenues in the form of earned interest, the measure therefore necessarily concerned the budget. The President finds that having an effect on revenue does not by itself make a measure necessary to implement a budget. The President can envision a situation where a measure that increases state revenues in the face of a projected budget deficit could be a measure necessary to implement the budget. Second Substitute Senate Bill No. 5243 is not such a measure.

"Second Substitute Senate Bill No. 5243 would actually reduce state revenues otherwise available on deposited treasury funds. In prepared remarks, Senator Kline argues that this reduced revenue is, in essence, a subsidy to participating depositories and is therefore like a budgeted appropriation to those depositories. The President notes, however, that state budgets appropriate funds to state agencies, not to private individuals or entities directly. The President believes that Senator Johnson is correct when he argues that the linked deposit program came into existence in 1993, and has never been the subject of an appropriation in the budget. Under these circumstances, the President cannot rule in the abstract that Second Substitute Senate Bill No. 5243 is necessary to implement the budget, and Senator Johnson's point of order is well taken.

"Again, there may be instances in which to expedite the business before the body, the President would take notice of certain facts and rule before first seeing a budget that a measure is necessary to implement a budget. These might include but not necessarily be limited to the following:

1. The instance noted above concerning a revenue increase measure in the face of a projected budget deficit. This measure would be actually necessary to implement a budget. Others like those that follow might be technically necessary.

2. A measure extending or expanding a program that was actually funded in prior budgets. If such a measure failed to pass, the President could reasonably anticipate that a budget appropriation funding the extension or expansion of the program would lapse.

3. A measure creating a new program, which proposed program has received publicity such that the President could reasonably anticipate that a budget appropriation would lapse but for the passage of the measure.

4. A measure shifting a program from one agency to another or dividing an agency, which proposed shift or division has received publicity such that the President could reasonably anticipate that a budget appropriation would lapse but for the passage of the shift or division.

"The President appreciates the body's indulgence in this lengthy ruling. However, the President believes it is his responsibility to provide what guidance he can concerning the conduct of Senate business. .

"At this time, Second Substitute Senate Bill No. 5243 is not properly before the Senate."

The President ruled that Second Substitute Senate Bill No. 5243 is not properly before the Senate at this time.

MOTION

On motion of Senator Betti Sheldon, further consideration of Senate Bill No. 5243, which will hold its place on the second reading calendar, was deferred.

(2) Whenever an order for protection of a vulnerable adult is issued under this chapter, and the respondent or person to be restrained knows of the order, a violation of a provision restraining the person from committing acts of abuse, prohibiting contact with the petitioner, excluding the person from any specified location, or prohibiting the person from knowingly coming within, or knowingly remaining within a specified distance of a location, shall be punishable under RCW 26.50.110, regardless of whether the person is a family or household member as defined in RCW 26.50.010.

Sec. 3. RCW 10.31.100 and 1999 c 184 s 14 are each amended to read as follows:

(d) Removing a child from the jurisdiction of the court.

(3) Either party may request a domestic violence protection order under chapter 26.50 RCW or an antiharassment protection order under chapter 10.14 RCW on a temporary basis. The court may grant any of the relief provided in RCW 26.50.060 except relief pertaining to residential provisions for the children which provisions shall be provided for under this chapter, and any of the relief provided in RCW 10.14.080. Ex parte orders issued under this subsection shall be effective for a fixed period not to exceed fourteen days, or upon court order, not to exceed twenty-four days if necessary to ensure that all temporary motions in the case can be heard at the same time.

(4) Restraining orders issued under this section restraining the person from molesting or disturbing another party, or from going onto the grounds of or entering the home, workplace, or school of the other party or the day care or school of any child, or prohibiting the person from knowingly coming within, or knowingly remaining within a specified distance of a location, shall prominently bear on the front page of the order the legend: VIOLATION OF THIS ORDER WITH ACTUAL NOTICE OF ITS TERMS IS A CRIMINAL OFFENSE UNDER CHAPTER (26.26) 26.50 RCW AND WILL SUBJECT A VIOLATOR TO ARREST.

(5) The court shall order that any temporary restraining order bearing a criminal offense legend, any domestic violence protection order, or any antiharassment protection order granted under this section be forwarded by the clerk of the court on or before the next judicial day to the appropriate law enforcement agency specified in the order. Upon receipt of the order, the law enforcement agency shall forthwith enter the order into any computer-based criminal intelligence information system available in this state used by law enforcement agencies to list outstanding warrants. The order is fully enforceable in any county in the state.

(6) The court may issue a temporary restraining order without requiring notice to the other party only if it finds on the basis of the moving affidavit or other evidence that irreparable injury could result if an order is not issued until the time for responding has elapsed.

(7) The court may issue a temporary restraining order or preliminary injunction and an order for temporary support in such amounts and on such terms as are just and proper in the circumstances. In issuing the order, the court shall consider the provisions of RCW 9.41.800.

(8) A temporary order, temporary restraining order, or preliminary injunction:
(a) Does not prejudice the rights of a party or any child which are to be adjudicated at subsequent hearings in the proceeding;
(b) May be revoked or modified;
(c) Terminates when the final order is entered or when the petition is dismissed; and
(d) May be entered in a proceeding for the modification of an existing order.

(9) A support debt owed to the state for public assistance expenditures which has been charged against a party pursuant to RCW 74.20A.040 and/or 74.20A.055 shall not be merged in, or otherwise extinguished by, the final decree or order, unless the office of support enforcement has been given notice of the final proceeding and an opportunity to present its claim for the support debt to the court and has failed to file an affidavit as provided in this subsection. Notice of the proceeding shall be served upon the office of support enforcement personally, or by certified mail, and shall be given no fewer than thirty days prior to the date of the final proceeding. An original copy of the notice shall be filed with the court either before service or within a reasonable time thereafter. The office of support enforcement may present its claim, and thereby preserve the support debt, by filing an affidavit setting forth the amount of the debt with the court, and by mailing a copy of the affidavit to the parties or their attorney prior to the date of the final proceeding.

Sec. 11. RCW 26.50.060 and 1999 c 147 s 2 are each amended to read as follows:

(1) Upon notice and after hearing, the court may provide relief as follows:
(a) Restrain the respondent from committing acts of domestic violence;
(b) Exclude the respondent from the dwelling which the parties share, from the residence, workplace, or school of the petitioner, or from the day care or school of a child;
(c) Prohibit the respondent from knowingly coming within, or knowingly remaining within a specified distance from a specified location;
(d) On the same basis as is provided in chapter 26.09 RCW, the court shall make residential provision with regard to minor children of the parties. However, parenting plans as specified in chapter 26.09 RCW shall not be required under this chapter;
((11)) (e) Order the respondent to participate in a domestic violence perpetrator treatment program approved under RCW 26.50.150;
((11)) (f) Order other relief as it deems necessary for the protection of the petitioner and other family or household members sought to be protected, including orders or directives to a peace officer, as allowed under this chapter;
((11)) (g) Require the respondent to pay the administrative court costs and service fees, as established by the county or municipality incurring the expense and to reimburse the petitioner for costs incurred in bringing the action, including a reasonable attorney's fee;
((11)) (h) Restrain the respondent from having any contact with the victim of domestic violence or the victim's children or members of the victim's household;
((11)) (i) Require the respondent to submit to electronic monitoring. The order shall specify who shall provide the electronic monitoring services and the terms under which the monitoring must be performed. The order also may include a requirement that the respondent pay the costs of the monitoring. The court shall consider the ability of the respondent to pay for electronic monitoring;
((11)) (j) Consider the provisions of RCW 9.41.800;
((11)) (k) Order possession and use of essential personal effects. The court shall list the essential personal effects with sufficient specificity to make it clear which property is included; and
((11)) (l) Order use of a vehicle.

(2) If a (restraining) protection order restrains the respondent from contacting the respondent's minor children the restraint shall be for a fixed period not to exceed one year. This limitation is not applicable to orders for protection issued under chapter 26.09, 26.10, or 26.26 RCW. With regard to other relief, if the petitioner has petitioned for relief on his or her own behalf or on behalf of the petitioner's family or household members or minor children, and the court finds that the respondent is likely to resume acts of domestic violence against the petitioner or the petitioner's family or household members or minor children when the order expires, the court may either grant relief for a fixed period or enter a permanent order of protection.

If the petitioner has petitioned for relief on behalf of the respondent's minor children, the court shall advise the petitioner that if the petitioner wants to continue protection for a period beyond one year the petitioner may either petition for renewal pursuant to the provisions of this chapter or may seek relief pursuant to the provisions of chapter 26.09 or 26.26 RCW.

(3) If the court grants an order for a fixed time period, the petitioner may apply for renewal of the order by filing a petition for renewal at any time within the three months before the order expires. The petition for renewal shall state the reasons why the petitioner seeks to renew the protection order. Upon receipt of the petition for renewal the court shall order a hearing which shall be not later than fourteen days from the date of the order. Except as provided in RCW 26.50.085, personal service shall be made on the respondent not less than five days before the hearing. If timely service cannot be made the court shall set a new hearing date.
and shall either require additional attempts at obtaining personal service or permit service by publication as provided in RCW 26.50.085 or by mail as provided in RCW 26.50.123. If the court permits service by publication or mail, the court shall set the new hearing date not later than twenty-four days from the date of the order. If the order expires because timely service cannot be made the court shall grant an ex parte order of protection as provided in RCW 26.50.070. The court shall grant the petition for renewal unless the respondent proves by a preponderance of the evidence that the respondent will not resume acts of domestic violence against the petitioner or the petitioner’s children or family or household members when the order expires. The court may renew the protection order for another fixed time period or may enter a permanent order as provided in this section. The court may award court costs, service fees, and reasonable attorneys’ fees as provided in subsection (1)(f) of this section.

(4) In providing relief under this chapter, the court may realign the designation of the parties as “petitioner” and “respondent” where the court finds that the original petitioner is the abuser and the original respondent is the victim of domestic violence and may issue an ex parte temporary order for protection in accordance with RCW 26.50.070 on behalf of the victim until the victim is able to prepare a petition for an order for protection in accordance with RCW 26.50.030.

(5) Except as provided in subsection (4) of this section, no order for protection shall grant relief to any party except upon notice to the respondent and hearing pursuant to a petition or counter-petition filed and served by the party seeking relief in accordance with RCW 26.50.050.

(6) The court order shall specify the date the order expires if any. The court order shall also state whether the court issued the protection order following personal service, service by publication, or service by mail and whether the court has approved service by publication or mail of an order issued under this section.

(7) If the court declines to issue an order for protection or declines to renew an order for protection, the court shall state in writing on the order the particular reasons for the court’s denial.

Sec. 12. RCW 26.50.070 and 1996 c 248 s 14 are each amended to read as follows:

(1) Where an application under this section alleges that irreparable injury could result from domestic violence if an order is not issued immediately without prior notice to the respondent, the court may grant an ex parte temporary order for protection, pending a full hearing, and grant relief as the court deems proper, including an order:

(a) Restraining any party from committing acts of domestic violence;

(b) Restraining any party from going onto the grounds of or entering the dwelling that the parties share, from the residence, workplace, or school of the other, or from the day care or school of a child until further order of the court;

(c) Prohibiting any party from knowingly coming within, or knowingly remaining within a specified distance from a specified location;

(d) Restraining any party from interfering with the other’s custody of the minor children or from removing the children from the jurisdiction of the court;

(e) Restraining any party from having any contact with the victim of domestic violence or the victim’s children or members of the victim’s household; and

(f) Considering the provisions of RCW 9.41.800.

(2) Irreparable injury under this section includes but is not limited to situations in which the respondent has recently threatened petitioner with bodily injury or has engaged in acts of domestic violence against the petitioner.

(3) The court shall hold an ex parte hearing in person or by telephone on the day the petition is filed or on the following judicial day.

(4) An ex parte temporary order for protection shall be effective for a fixed period not to exceed fourteen days or twenty-four days if the court has permitted service by publication under RCW 26.50.085 or by mail under RCW 26.50.123. The ex parte order may be reissued. A full hearing, as provided in this chapter, shall be set for not later than fourteen days from the issuance of the temporary order or not later than twenty-four days if service by publication or by mail is permitted. Except as provided in RCW 26.50.050, 26.50.085, and 26.50.123, the respondent shall be personally served with a copy of the ex parte order along with a copy of the petition and notice of the date set for the hearing.

(5) Any order issued under this section shall contain the date and time of issuance and the expiration date and shall be entered into a state-wide judicial information system by the clerk of the court within one judicial day after issuance.

(6) If the court declines to issue an ex parte temporary order for protection the court shall state the particular reasons for the court’s denial. The court’s denial of a motion for an ex parte order of protection shall be filed with the court.

Sec. 14. RCW 9.94A.440 and 1999 c 322 s 6 and 1999 c 196 s 11 are each reenacted and amended to read as follows:

(1) Decision not to prosecute.
STANDARD: A prosecuting attorney may decline to prosecute, even though technically sufficient evidence to prosecute exists, in situations where prosecution would serve no public purpose, would defeat the underlying purpose of the law in question or would result in decreased respect for the law.
GUIDELINE/COMMENTARY:
Examples
The following are examples of reasons not to prosecute which could satisfy the standard.

(a) Contrary to Legislative Intent - It may be proper to decline to charge where the application of criminal sanctions would be clearly contrary to the intent of the legislature in enacting the particular statute.
(b) Antiquated Statute - It may be proper to decline to charge where the statute in question is antiquated in that:
   (i) It has not been enforced for many years; and
   (ii) Most members of society act as if it were no longer in existence; and
   (iii) It serves no deterrent or protective purpose in today's society; and
   (iv) The statute has not been recently reconsidered by the legislature.
This reason is not to be construed as the basis for declining cases because the law in question is unpopular or because it is difficult to enforce.

(c) De Minimus Violation - It may be proper to decline to charge where the violation of law is only technical or insubstantial and where no public interest or deterrent purpose would be served by prosecution.

(d) Confinement on Other Charges - It may be proper to decline to charge because the accused has been sentenced on another charge to a lengthy period of confinement; and

(i) Conviction of the new offense would not merit any additional direct or collateral punishment;
(ii) The new offense is either a misdemeanor or a felony which is not particularly aggravated; and
(iii) Conviction of the new offense would not serve any significant deterrent purpose.

(e) Pending Conviction on Another Charge - It may be proper to decline to charge because the accused is facing a pending prosecution in the same or another county; and

(i) Conviction of the new offense would not merit any additional direct or collateral punishment;
(ii) Conviction in the pending prosecution is imminent;
(iii) The new offense is either a misdemeanor or a felony which is not particularly aggravated; and
(iv) Conviction of the new offense would not serve any significant deterrent purpose.

(f) High Disproportionate Cost of Prosecution - It may be proper to decline to charge where the cost of locating or transporting, or the burden on, prosecution witnesses is highly disproportionate to the importance of prosecuting the offense in question. This reason should be limited to minor cases and should not be relied upon in serious cases.

(g) Improper Motives of Complainant - It may be proper to decline charges because the motives of the complainant are improper and prosecution would serve no public purpose, would defeat the underlying purpose of the law in question or would result in decreased respect for the law.

(h) Immunity - It may be proper to decline to charge where immunity is to be given to an accused in order to prosecute another where the accused's information or testimony will reasonably lead to the conviction of others who are responsible for more serious criminal conduct or who represent a greater danger to the public interest.

(i) Victim Request - It may be proper to decline to charge because the victim requests that no criminal charges be filed and the case involves the following crimes or situations:

(i) Assault cases where the victim has suffered little or no injury;
(ii) Crimes against property, not involving violence, where no major loss was suffered;
(iii) Where doing so would not jeopardize the safety of society.

Care should be taken to insure that the victim's request is freely made and is not the product of threats or pressure by the accused.

The presence of these factors may also justify the decision to dismiss a prosecution which has been commenced.

Notification
The prosecutor is encouraged to notify the victim, when practical, and the law enforcement personnel, of the decision not to prosecute.

(2) Decision to prosecute.

(a) STANDARD:

Crimes against persons will be filed if sufficient admissible evidence exists, which, when considered with the most plausible, reasonably foreseeable defense that could be raised under the evidence, would justify conviction by a reasonable and objective fact-finder. With regard to offenses prohibited by RCW 9A.44.040, 9A.44.050, 9A.44.073, 9A.44.076, 9A.44.079, 9A.44.083, 9A.44.086, 9A.44.089, and 9A.64.020 the prosecutor should avoid prefiling agreements or diversions intended to place the accused in a program of treatment or counseling, so that treatment, if determined to be beneficial, can be provided pursuant to RCW 9.94A.120(8).

Crimes against property/other crimes will be filed if the admissible evidence is of such convincing force as to make it probable that a reasonable and objective fact-finder would convict after hearing all the admissible evidence and the most plausible defense that could be raised.

See table below for the crimes within these categories.

Selection of Charges/Degree of Charge
(i) The prosecutor should file charges which adequately describe the nature of defendant's conduct. Other offenses may be charged only if they are necessary to ensure that the charges:
(A) Will significantly enhance the strength of the state's case at trial; or
(B) Will result in restitution to all victims.
(ii) The prosecutor should not overcharge to obtain a guilty plea. Overcharging includes:
(A) Charging a higher degree;
(B) Charging additional counts.
This standard is intended to direct prosecutors to charge those crimes which demonstrate the nature and seriousness of a defendant's criminal conduct, but to decline to charge crimes which are not necessary to such an indication. Crimes which do not merge as a matter of law, but which arise from the same course of conduct, do not all have to be charged.

(b) GUIDELINES/COMMENTARY:
(i) Police Investigation
A prosecuting attorney is dependent upon law enforcement agencies to conduct the necessary factual investigation which must precede the decision to prosecute. The prosecuting attorney shall ensure that a thorough factual investigation has been conducted before a decision to prosecute is made. In ordinary circumstances the investigation should include the following:
(A) The interviewing of all material witnesses, together with the obtaining of written statements whenever possible;
(B) The completion of necessary laboratory tests; and
(C) The obtaining, in accordance with constitutional requirements, of the suspect's version of the events.
If the initial investigation is incomplete, a prosecuting attorney should insist upon further investigation before a decision to prosecute is made, and specify what the investigation needs to include.
(ii) Exceptions
In certain situations, a prosecuting attorney may authorize filing of a criminal complaint before the investigation is complete if:
(A) Probable cause exists to believe the suspect is guilty; and
(B) The suspect presents a danger to the community or is likely to flee if not apprehended; or
(C) The arrest of the suspect is necessary to complete the investigation of the crime.
In the event that the exception to the standard is applied, the prosecuting attorney shall obtain a commitment from the law
enforcement agency involved to complete the investigation in a timely manner. If the subsequent investigation does not produce
sufficient evidence to meet the normal charging standard, the complaint should be dismissed.

(iii) Investigation Techniques
The prosecutor should be fully advised of the investigatory techniques that were used in the case investigation including:
(A) Polygraph testing;
(B) Hypnosis;
(C) Electronic surveillance;
(D) Use of informants.
(iv) Pre-Filing Discussions with Defendant
Discussions with the defendant or his/her representative regarding the selection or disposition of charges may occur prior
to the filing of charges, and potential agreements can be reached.

(v) Pre-Filing Discussions with Victim(s)
Discussions with the victim(s) or victims’ representatives regarding the selection or disposition of charges may occur before
the filing of charges. The discussions may be considered by the prosecutor in charging and disposition decisions, and
should be considered before reaching any agreement with the defendant regarding these decisions.

Sec. 15. RCW 10.99.040 and 1997 c 338 s 54 are each amended to read as follows:

(1) Because of the serious nature of domestic violence, the court in domestic violence actions:
(a) Shall not dismiss any charge or delay disposition because of concurrent dissolution or other civil proceedings;
(b) Shall not require proof that either party is seeking a dissolution of marriage prior to instigation of criminal proceedings;
(c) Shall waive any requirement that the victim’s location be disclosed to any person, other than the attorney of a criminal
defendant, upon a showing that there is a possibility of further violence: PROVIDED, That the court may order a criminal defense
attorney not to disclose to his or her client the victim’s location; and
(d) Shall identify by any reasonable means on docket sheets those criminal actions arising from acts of domestic violence.

(2) Because of the likelihood of repeated violence directed at those who have been victims of domestic violence in the
past, when any person charged with or arrested for a crime involving domestic violence is released from custody before arraignment
or trial on bail or personal recognizance, the court authorizing the release may prohibit that person from having any contact with the
victim. The jurisdiction authorizing the release shall determine whether that person should be prohibited from having any contact
with the victim. If there is no outstanding restraining or protective order prohibiting that person from having contact with the victim,
the court authorizing release may issue, by telephone, a no-contact order prohibiting the person charged or arrested from having
contact with the victim. In issuing the order, the court shall consider the provisions of RCW 9.41.800. The no-contact order shall
also be issued in writing as soon as possible.

(3) At the time of arraignment the court shall determine whether a no-contact order shall be issued or extended. If a no-
contact order is issued or extended, the court may also include in the conditions of release a requirement that the defendant submit
to electronic monitoring. If electronic monitoring is ordered, the court shall specify who shall provide the monitoring services, and
the terms under which the monitoring shall be performed. Upon conviction, the court may require as a condition of the sentence that
the defendant reimburse the providing agency for the costs of the electronic monitoring.

(4)(a) Willful violation of a court order issued under subsection (2) or (3) of this section is ((a gross misdemeanor except
as provided in (b) and (c) of this subsection (4). Upon conviction and in addition to other penalties provided by law, the court may
require that the defendant submit to electronic monitoring. The court shall specify who shall provide the electronic monitoring
services and the terms under which the monitoring must be performed. The court also may include a requirement that the
defendant pay the costs of the monitoring. The court shall consider the ability of the convicted person to pay for electronic
monitoring.
(b) Any assault that is a violation of an order issued under this section and that does not amount to assault in the first or
second degree under RCW 9A.36.011 or 9A.36.021 is a class C felony punishable under chapter 9A.20 RCW, and any conduct in
violation of a protective order issued under this section that is reckless and creates a substantial risk of death or serious physical
injury to another person is a class C felony punishable under chapter 9A.20 RCW.
(c) A willful violation of a court order issued under this section is a class C felony if the offender has at least two previous
convictions for violating the provisions of a no-contact order issued under this chapter, a domestic violence protection order issued
under chapter 26.09, 26.10, 26.26, or 26.50 RCW, or any federal or out of state order that is comparable to a no-contact order or
protection order issued under Washington law. The previous convictions may involve the same victim or other victims specifically
protected by the no-contact orders or protection orders the offender violated) punishable under RCW 26.50.110.
The written order releasing the person charged or arrested shall contain the court's directives and shall bear the legend: “Violation of this order is a criminal offense under chapter ((10.99)) 26.50 RCW and will subject a violator to arrest; any assault, drive-by shooting, or reckless endangerment that is a violation of this order is a felony. You can be arrested even if any person protected by the order invites you or allows you to violate the order's prohibitions. You have the sole responsibility to avoid or refrain from violating the order's provisions. Only the court can change the order.” A certified copy of the order shall be provided to the victim. If a no-contact order has been issued prior to charging, that order shall expire at arraignment or within seventy-two hours if charges are not filed. Such orders need not be entered into the computer-based criminal intelligence information system in this state which is used by law enforcement agencies to list outstanding warrants.

(5) Whenever an order prohibiting contact is issued, modified, or terminated under subsection (2) or (3) of this section, the clerk of the court shall forward a copy of the order on or before the next judicial day to the appropriate law enforcement agency specified in the order. Upon receipt of the copy of the order the law enforcement agency shall forthwith enter the order for one year or until the expiration date specified on the order into any computer-based criminal intelligence information system available in this state used by law enforcement agencies to list outstanding warrants. Entry into the law enforcement information system constitutes notice to all law enforcement agencies of the existence of the order. The order is fully enforceable in any jurisdiction in the state.

Sec. 16. RCW 10.99.050 and 1997 c 338 s 55 are each amended to read as follows:

(1) When a defendant is found guilty of a crime and a condition of the sentence restricts the defendant's ability to have contact with the victim, such condition shall be recorded and a written certified copy of that order shall be provided to the victim.

(2) Willful violation of a court order issued under this section is ((a gross misdemeanor. Any assault that is a violation of an order issued under this section and that does not amount to assault in the first or second degree under RCW 9A.36.011 or 9A.36.021 is a class C felony, and any conduct in violation of a protective order issued under this section that is reckless and creates a substantial risk of death or serious physical injury to another person is a class C felony. (3) Whenever an order prohibiting contact is issued pursuant to this section, the clerk of the court shall forward a copy of the order on or before the next judicial day to the appropriate law enforcement agency specified in the order. Upon receipt of the copy of the order the law enforcement agency shall forthwith enter the order for one year into any computer-based criminal intelligence information system available in this state used by law enforcement agencies to list outstanding warrants. The request by the witnessing officer shall give an officer the authority to take appropriate action under the laws of the state of Washington.

(7) Any police officer having probable cause to believe that a person has committed or is committing any act of indecent exposure, as defined in RCW 9A.88.010, may arrest the person.

Upon receipt of the order, the law enforcement agency shall forthwith enter the order into any computer-based criminal intelligence information system available in this state used by law enforcement agencies to list outstanding warrants. The order is fully enforceable in any county in the state.

(6) The court may issue a temporary restraining order without requiring notice to the other party only if it finds on the basis of the moving affidavit or other evidence that irreparable injury could result if an order is not issued until the time for responding has elapsed.

(7) The court may issue a temporary restraining order or preliminary injunction and an order for temporary support in such amounts and on such terms as are just and proper in the circumstances. In issuing the order, the court shall consider the provisions of RCW 9.41.800.

(8) A temporary order, temporary restraining order, or preliminary injunction:

(a) Does not prejudice the rights of a party or any child which are to be adjudicated at subsequent hearings in the proceeding;

(b) May be revoked or modified;

(c) Terminates when the final order is entered or when the petition is dismissed; and

(d) May be entered in a proceeding for the modification of an existing order.

(9) A support debt owed to the state for public assistance expenditures which has been charged against a party pursuant to RCW 74.20A.040 and/or 74.20A.055 shall not be merged in, or otherwise extinguished by, the final decree or order, unless the office of support enforcement has been given notice of the final proceeding and an opportunity to present its claim for the support debt to the court and has failed to file an affidavit as provided in this subsection. Notice of the proceeding shall be served upon the office of support enforcement personally, or by certified mail, and shall be given no fewer than thirty days prior to the date of the final proceeding. An original copy of the notice shall be filed with the court either before service or within a reasonable time thereafter. The office of support enforcement may present its claim, and thereby preserve the support debt, by filing an affidavit setting forth the amount of the debt with the court, and by mailing a copy of the affidavit to the parties or their attorney prior to the date of the final proceeding.

Sec. 11. RCW 26.50.060 and 1999 c 147 s 2 are each amended to read as follows:

(1) Upon notice and after hearing, the court may provide relief as follows:

(a) Restrain the respondent from committing acts of domestic violence;

(b) Exclude the respondent from the dwelling which the parties share, from the residence, workplace, or school of the petitioner, or from the day care or school of a child;

(c) Prohibit the respondent from knowingly coming within, or knowingly remaining within a specified distance from a specified location;

(d) On the same basis as is provided in chapter 26.09 RCW, the court shall make residential provision with regard to minor children of the parties. However, parenting plans as specified in chapter 26.09 RCW shall not be required under this chapter;

(2) Order the respondent to participate in a domestic violence perpetrator treatment program approved under RCW 26.50.150;

(3) Order other relief as it deems necessary for the protection of the petitioner and other family or household members sought to be protected, including orders or directives to a peace officer, as allowed under this chapter;

(4) Require the respondent to pay the administrative court costs and service fees, as established by the county or municipality incurring the expense and to reimburse the petitioner for costs incurred in bringing the action, including a reasonable attorney's fee;
Restrain the respondent from having any contact with the victim of domestic violence or the victim's children or members of the victim's household;

Require the respondent to submit to electronic monitoring. The order shall specify who shall provide the electronic monitoring services and the terms under which the monitoring must be performed. The order also may include a requirement that the respondent pay the costs of the monitoring. The court shall consider the ability of the respondent to pay for electronic monitoring;

Consider the provisions of RCW 9.41.800;

Order possession and use of essential personal effects. The court shall list the essential personal effects with sufficient specificity to make it clear which property is included; and

Order use of a vehicle.

(2) If a protection order restrains the respondent from contacting the respondent's minor children the restraint shall be for a fixed period not to exceed one year. This limitation is not applicable to orders for protection issued under chapter 26.09, 26.10, or 26.26 RCW. With regard to other relief, if the petitioner has petitioned for relief on his or her own behalf or on behalf of the petitioner's family or household members or minor children, and the court finds that the respondent is likely to resume acts of domestic violence against the petitioner or the petitioner's family or household members or minor children when the order expires, the court may either grant relief for a fixed period or enter a permanent order of protection.

If the petitioner has petitioned for relief on behalf of the respondent's minor children, the court shall advise the petitioner that if the petitioner wants to continue protection for a period beyond one year the petitioner may either petition for renewal pursuant to the provisions of this chapter or may seek relief pursuant to the provisions of chapter 26.09 or 26.26 RCW.

If the court grants an order for a fixed time period, the petitioner may apply for renewal of the order by filing a petition for renewal at any time within three months before the order expires. The petition for renewal shall state the reasons why the petitioner seeks to renew the protection order. Upon receipt of the petition for renewal the court shall order a hearing which shall be not later than fourteen days from the date of the order. Except as provided in RCW 26.50.085, personal service shall be made on the respondent not less than five days before the hearing. If timely service cannot be made the court shall set a new hearing date and shall either require additional attempts at obtaining personal service or permit service by publication as provided in RCW 26.50.085 or by mail as provided in RCW 26.50.123. If the court permits service by publication or mail, the court shall set the new hearing date not later than twenty-four days from the date of the order. If the order expires because timely service cannot be made the court shall grant an ex parte order of protection as provided in RCW 26.50.070. The court shall grant the petition for renewal unless the respondent proves by a preponderance of the evidence that the respondent will not resume acts of domestic violence against the petitioner or the petitioner's children or family or household members when the order expires. The court may renew the protection order for another fixed time period or may enter a permanent order as provided in this section. The court may award court costs, service fees, and reasonable attorneys’ fees as provided in subsection (1)(f) of this section.

(4) In providing relief under this chapter, the court may realign the designation of the parties as "petitioner" and "respondent" where the court finds that the original petitioner is the abuser and the original respondent is the victim of domestic violence and may issue an ex parte temporary order for protection in accordance with RCW 26.50.070 on behalf of the victim until the victim is able to prepare a petition for an order for protection in accordance with RCW 26.50.030.

(5) Except as provided in subsection (4) of this section, no order for protection shall grant relief to any party except upon notice to the respondent and hearing pursuant to a petition or counter-petition filed and served by the party seeking relief in accordance with RCW 26.50.050.

(6) The court order shall specify the date the order expires if any. The court order shall also state whether the court issued the protection order following personal service, service by publication, or service by mail and whether the court has approved service by publication or mail of an order issued under this section.

(7) If the court declines to issue an order for protection or declines to renew an order for protection, the court shall state in writing on the order the particular reasons for the court's denial.

Sec. 12. RCW 26.50.070 and 1996 c 248 s 14 are each amended to read as follows:

Where an application under this section alleges that irreparable injury could result from domestic violence if an order is not issued immediately without prior notice to the respondent, the court may grant an ex parte temporary order for protection, pending a full hearing, and grant relief as the court deems proper, including an order:

(a) Restraining any party from committing acts of domestic violence;

(b) Restraining any party from going onto the grounds of or entering the dwelling that the parties share, from the residence, workplace, or school of the other, or from the day care or school of a child until further order of the court;

(c) Prohibiting any party from knowingly coming within, or knowingly remaining within a specified distance from a specified location;
Restraining any party from interfering with the other's custody of the minor children or from removing the children from
the jurisdiction of the court;

(2) Irreparable injury under this section includes but is not limited to situations in which the respondent has recently
threatened petitioner with bodily injury or has engaged in acts of domestic violence against the petitioner.

(3) The court shall hold an ex parte hearing in person or by telephone on the day the petition is filed or on the following
judicial day.

(4) An ex parte temporary order for protection shall be effective for a fixed period not to exceed fourteen days or twenty-
four days if the court has permitted service by publication under RCW 26.50.085 or by mail under RCW 26.50.123. The ex parte
order may be reissued. A full hearing, as provided in this chapter, shall be set for not later than fourteen days from the issuance of
the temporary order or not later than twenty-four days if service by publication or by mail is permitted. Except as provided in RCW
26.50.050, 26.50.085, and 26.50.123, the respondent shall be personally served with a copy of the ex parte order along with a copy
of the petition and notice of the date set for the hearing.

(5) Any order issued under this section shall contain the date and time of issuance and the expiration date and shall be
entered into a state-wide judicial information system by the clerk of the court within one judicial day after issuance.

(6) If the court declines to issue an ex parte temporary order for protection the court shall state the particular reasons for
the court's denial. The court's denial of a motion for an ex parte order of protection shall be filed with the court.

Sec. 13. RCW 9.94A.320 and 1999 c 352 s 3, 1999 c 322 s 5, and 1999 c 45 s 4 are each reenacted and amended to
read as follows:

Sec. 14. RCW 9.94A.440 and 1999 c 322 s 6 and 1999 c 196 s 11 are each reenacted and amended to read as follows:

(1) Decision not to prosecute.

STANDARD: A prosecuting attorney may decline to prosecute, even though technically sufficient evidence to prosecute exists, in situations where prosecution would serve no public purpose, would defeat the underlying purpose of the law in question or would result in decreased respect for the law.

GUIDELINE/COMMENTARY:
Examples
The following are examples of reasons not to prosecute which could satisfy the standard.
(a) Contrary to Legislative Intent - It may be proper to decline to charge where the application of criminal sanctions would be clearly contrary to the intent of the legislature in enacting the particular statute.
(b) Antiquated Statute - It may be proper to decline to charge where the statute in question is antiquated in that:
   (i) It has not been enforced for many years; and
   (ii) Most members of society act as if it were no longer in existence; and
   (iii) It serves no deterrent or protective purpose in today's society; and
   (iv) The statute has not been recently reconsidered by the legislature.
   This reason is not to be construed as the basis for declining cases because the law in question is unpopular or because it is difficult to enforce.
(c) De Minimus Violation - It may be proper to decline to charge where the violation of law is only technical or insubstantial and where no public interest or deterrent purpose would be served by prosecution.
(d) Confinement on Other Charges - It may be proper to decline to charge because the accused has been sentenced on another charge to a lengthy period of confinement; and
   (i) Conviction of the new offense would not merit any additional direct or collateral punishment;
   (ii) The new offense is either a misdemeanor or a felony which is not particularly aggravated; and
   (iii) Conviction of the new offense would not serve any significant deterrent purpose.
(e) Pending Conviction on Another Charge - It may be proper to decline to charge because the accused is facing a pending prosecution in the same or another county; and
   (i) Conviction of the new offense would not merit any additional direct or collateral punishment;
   (ii) Conviction in the pending prosecution is imminent;
   (iii) The new offense is either a misdemeanor or a felony which is not particularly aggravated; and
   (iv) Conviction of the new offense would not serve any significant deterrent purpose.
(f) High Disproportionate Cost of Prosecution - It may be proper to decline to charge where the cost of locating or transporting, or the burden on, prosecution witnesses is highly disproportionate to the importance of prosecuting the offense in question. This reason should be limited to minor cases and should not be relied upon in serious cases.
   (g) Improper Motives of Complainant - It may be proper to decline charges because the motives of the complaining are improper and prosecution would serve no public purpose, would defeat the underlying purpose of the law in question or would result in decreased respect for the law.
   (h) Immunity - It may be proper to decline to charge where immunity is to be given to an accused in order to prosecute another where the accused's information or testimony will reasonably lead to the conviction of others who are responsible for more serious criminal conduct or who represent a greater danger to the public interest.
   (i) Victim Request - It may be proper to decline to charge because the victim requests that no criminal charges be filed and the case involves the following crimes or situations:
      (i) Assault cases where the victim has suffered little or no injury;
(ii) Crimes against property, not involving violence, where no major loss was suffered;
(iii) Where doing so would not jeopardize the safety of society.
Care should be taken to insure that the victim's request is freely made and is not the product of threats or pressure by the accused.

The presence of these factors may also justify the decision to dismiss a prosecution which has been commenced.

Notification
The prosecutor is encouraged to notify the victim, when practical, and the law enforcement personnel, of the decision not to prosecute.

(2) Decision to prosecute.

(a) STANDARD:
Crimes against persons will be filed if sufficient admissible evidence exists, which, when considered with the most plausible, reasonably foreseeable defense that could be raised under the evidence, would justify conviction by a reasonable and objective fact-finder. With regard to offenses prohibited by RCW 9A.44.040, 9A.44.050, 9A.44.073, 9A.44.076, 9A.44.079, 9A.44.083, 9A.44.086, 9A.44.089, and 9A.64.020 the prosecutor should avoid prefiling agreements or diversions intended to place the accused in a program of treatment or counseling, so that treatment, if determined to be beneficial, can be provided pursuant to RCW 9.94A.120(8).

Crimes against property/other crimes will be filed if the admissible evidence is of such convincing force as to make it probable that a reasonable and objective fact-finder would convict after hearing all the admissible evidence and the most plausible defense that could be raised.

See table below for the crimes within these categories.

Selection of Charges/Degree of Charge
(i) The prosecutor should file charges which adequately describe the nature of defendant's conduct. Other offenses may be charged only if they are necessary to ensure that the charges:
(A) Will significantly enhance the strength of the state's case at trial; or
(B) Will result in restitution to all victims.
(ii) The prosecutor should not overcharge to obtain a guilty plea. Overcharging includes:
(A) Charging a higher degree;
(B) Charging additional counts.
This standard is intended to direct prosecutors to charge those crimes which demonstrate the nature and seriousness of a defendant's criminal conduct, but to decline to charge crimes which are not necessary to such an indication. Crimes which do not merge as a matter of law, but which arise from the same course of conduct, do not all have to be charged.

(b) GUIDELINES/COMMENTARY:
(i) Police Investigation
A prosecuting attorney is dependent upon law enforcement agencies to conduct the necessary factual investigation which must precede the decision to prosecute. The prosecuting attorney shall ensure that a thorough factual investigation has been conducted before a decision to prosecute is made. In ordinary circumstances the investigation should include the following:
(A) The interviewing of all material witnesses, together with the obtaining of written statements whenever possible;
(B) The completion of necessary laboratory tests; and
(C) The obtaining, in accordance with constitutional requirements, of the suspect's version of the events.
If the initial investigation is incomplete, a prosecuting attorney should insist upon further investigation before a decision to prosecute is made, and specify what the investigation needs to include.
(ii) Exceptions
In certain situations, a prosecuting attorney may authorize filing of a criminal complaint before the investigation is complete if:
(A) Probable cause exists to believe the suspect is guilty; and
(B) The suspect presents a danger to the community or is likely to flee if not apprehended; or
(C) The arrest of the suspect is necessary to complete the investigation of the crime.
In the event that the exception to the standard is applied, the prosecuting attorney shall obtain a commitment from the law enforcement agency involved to complete the investigation in a timely manner. If the subsequent investigation does not produce sufficient evidence to meet the normal charging standard, the complaint should be dismissed.
(iii) Investigation Techniques
The prosecutor should be fully advised of the investigatory techniques that were used in the case investigation including:
(A) Polygraph testing;
(B) Hypnosis;
(C) Electronic surveillance;
(D) Use of informants.
(iv) Pre-Filing Discussions with Defendant
Discussions with the defendant or his/her representative regarding the selection or disposition of charges may occur prior to the filing of charges, and potential agreements can be reached.
(v) Pre-Filing Discussions with Victim(s)
Discussions with the victim(s) or victims' representatives regarding the selection or disposition of charges may occur before the filing of charges. The discussions may be considered by the prosecutor in charging and disposition decisions, and should be considered before reaching any agreement with the defendant regarding these decisions.

Sec. 15. RCW 10.99.040 and 1997 c 338 s 54 are each amended to read as follows:
(1) Because of the serious nature of domestic violence, the court in domestic violence actions:
(a) Shall not dismiss any charge or delay disposition because of concurrent dissolution or other civil proceedings;
(b) Shall not require proof that either party is seeking a dissolution of marriage prior to instigation of criminal proceedings;
(c) Shall waive any requirement that the victim's location be disclosed to any person, other than the attorney of a criminal defendant, upon a showing that there is a possibility of further violence: PROVIDED, That the court may order a criminal defense attorney not to disclose to his or her client the victim's location; and
(d) Shall identify by any reasonable means on docket sheets those criminal actions arising from acts of domestic violence.
(2) Because of the likelihood of repeated violence directed at those who have been victims of domestic violence in the past, when any person charged with or arrested for a crime involving domestic violence is released from custody before arraignment or trial on bail or personal recognizance, the court authorizing the release may prohibit that person from having any contact with the victim. If there is no outstanding restraining or protective order prohibiting that person from having contact with the victim, the court authorizing release may issue, by telephone, a no-contact order prohibiting the person charged or arrested from having contact with the victim. In issuing the order, the court shall consider the provisions of RCW 9.41.800. The no-contact order shall also be issued in writing as soon as possible.

(3) At the time of arraignment the court shall determine whether a no-contact order shall be issued or extended. If a no-contact order is issued or extended, the court may also include in the conditions of release a requirement that the defendant submit to electronic monitoring. If electronic monitoring is ordered, the court shall specify who shall provide the monitoring services, and the terms under which the monitoring shall be performed. Upon conviction, the court may require as a condition of the sentence that the defendant reimburse the providing agency for the costs of the electronic monitoring.

(4)(a) Willful violation of a court order issued under subsection (2) or (3) of this section is a gross misdemeanor except as provided in (b) and (c) of this subsection (4). Upon conviction and in addition to other penalties provided by law, the court may require that the defendant submit to electronic monitoring. The court shall specify who shall provide the electronic monitoring services, and the terms under which the monitoring must be performed. The court also may include a requirement that the defendant pay the costs of the monitoring. The court shall consider the ability of the convicted person to pay for electronic monitoring.

(b) Any assault that is a violation of an order issued under this section and that does not amount to assault in the first or second degree under RCW 9A.36.011 or 9A.36.021 is a class C felony punishable under chapter 9A.20 RCW, and any conduct in violation of a protective order issued under this section that is reckless and creates a substantial risk of death or serious physical injury to another person is a class C felony punishable under chapter 9A.20 RCW.

(c) A willful violation of a court order issued under this section is a class C felony if the offender has at least two previous convictions for violating the provisions of a no-contact order issued under this chapter, a domestic violence protection order issued under chapter 26.09, 26.10, 26.26, or 26.50 RCW, or any federal or out-of-state order that is comparable to a no-contact order or protection order issued under Washington law. The previous convictions may involve the same victim or other victims specifically protected by the no-contact or protection orders the offender violated.

Sec. 16. RCW 10.99.050 and 1997 c 338 § 55 are each amended to read as follows:

(1) When a defendant is found guilty of a crime and a condition of the sentence restricts the defendant's ability to have contact with the victim, such condition shall be recorded and a written certified copy of that order shall be provided to the victim.

(2) Willful violation of a court order issued under this section is a gross misdemeanor. Any assault that is a violation of an order issued under this section and that does not amount to assault in the first or second degree under RCW 9A.36.011 or 9A.36.021 is a class C felony, and any conduct in violation of a protective order issued under this section that is reckless and creates a substantial risk of death or serious physical injury to another person is a class C felony. A willful violation of a court order issued under this section is also a class C felony if the offender has at least two previous convictions for violating the provisions of a no-contact order issued under this chapter, or a domestic violence protection order issued under chapter 26.09, 26.10, 26.26, or 26.50 RCW, or any federal or out-of-state order that is comparable to a no-contact order or protection order that is issued under Washington law. The previous convictions may involve the same victim or other victims specifically protected by the no-contact orders or protection orders the offender violated. Punishable under RCW 26.50.110.
The written order shall contain the court's directives and shall bear the legend: Violation of this order is a criminal offense under chapter (((10.99)) 26.50 RCW and will subject a violator to arrest; any assault, drive-by shooting, or reckless endangerment that is a violation of this order is a felony.

(3) Whenever an order prohibiting contact is issued pursuant to this section, the clerk of the court shall forward a copy of the order on or before the next judicial day to the appropriate law enforcement agency specified in the order. Upon receipt of the copy of the order the law enforcement agency shall forthwith enter the order for one year into any computer-based criminal intelligence information system available in this state used by law enforcement agencies to list outstanding warrants. Entry into the law enforcement information system constitutes notice to all law enforcement agencies of the existence of the order. The order is fully enforceable in any jurisdiction in the state.

(1) The certificate of “certified public accountant” shall be granted by the board to any person:
(a) Who is of good character. Good character, for purposes of this section, means lack of a history of dishonest or felonious acts. The board may refuse to grant a certificate on the ground of failure to satisfy this requirement only if there is a substantial connection between the lack of good character of the applicant and the professional responsibilities of a certified public accountant and if the finding by the board of lack of good character is supported by a preponderance of evidence. When an applicant is found to be unqualified for a certificate because of a lack of good character, the board shall furnish the applicant a statement containing the findings of the board and a notice of the applicant’s right of appeal;
(b) Who has met the educational standards established by rule as the board determines to be appropriate:
The board may, in its discretion, waive the educational requirements for any person if it is satisfied through review of documentation of successful completion of an equivalency examination that the person’s educational qualifications are an acceptable substitute for the requirements of (b) of this subsection; and
(c) Who has passed a written examination.
(2) The examination described in subsection (1)(c) of this section shall be in writing, shall be held twice a year, and shall test the applicant’s knowledge of the subjects of accounting and auditing, and other related fields the board may specify by rule. The time for holding the examination is fixed by the board and may be changed from time to time. The board shall prescribe by rule the methods of applying for and taking the examination, including methods for grading papers and determining a passing grade required of an applicant for a certificate. The board shall to the extent possible see to it that the grading of the examination, and the passing grades, are uniform with those applicable to all other states. The board may make use of all or a part of the uniform certified public accountant examination and advisory grading service of the American Institute of Certified Public Accountants and may contract with third parties to perform administrative services with respect to the examination as the board deems appropriate to assist it in performing its duties under this chapter.
(3) An applicant is required to pass all sections of the examination provided for in subsection (2) of this section in order to qualify for a certificate. If at a given sitting of the examination an applicant passes two or more but not all sections, then the applicant shall be given credit for those sections that he or she passed, and need not take those sections again: PROVIDED, That:
(a) The applicant took all sections of the examination at that sitting;
(b) The applicant attained a minimum grade of fifty on each section not passed at that sitting;
(c) The applicant passes the remaining sections of the examination within six consecutive examinations given after the one at which the first sections were passed;
(d) At each subsequent sitting at which the applicant seeks to pass additional sections, the applicant takes all sections not yet passed; and
(e) In order to receive credit for passing additional sections in a subsequent sitting, the applicant attains a minimum grade of fifty on sections written but not passed on the sitting.
(4) The board may waive or defer any of the requirements of subsection (3) of this section for candidates transferring conditional CPA exam credits from other states or for qualifying reciprocity certification applicants who met the conditioning requirements of the state or foreign jurisdiction issuing their original certificate.
(5) The board shall charge each applicant an examination fee for the initial examination under subsection (1) of this section, or for reexamination under subsection (3) of this section for each subject in which the applicant is reexamined. The applicable fee shall be paid by the person at the time he or she applies for examination, reexamination, or evaluation of educational qualifications. Fees for examination, reexamination, or evaluation of educational qualifications shall be determined by the board under chapter 18.04 RCW. There is established in the state treasury an account to be known as the certified public accountants’ account. All fees received from candidates to take any or all sections of the certified public accountant examination shall be used only for costs related to the examination.
Persons who on June 30, 1986, held certified public accountant certificates previously issued under the laws of this state shall not be required to obtain additional certificates under this chapter, but shall otherwise be subject to this chapter. Certificates previously issued shall, for all purposes, be considered certificates issued under this chapter and subject to its provisions.

A certificate of a “certified public accountant” under this chapter is issued every three years with renewal subject to requirements of continuing professional education and payment of fees, prescribed by the board.

The board shall adopt rules providing for continuing professional education for certified public accountants. The rules shall:

(a) Provide that a certified public accountant shall verify to the board that he or she has completed at least an accumulation of one hundred twenty hours of continuing professional education during the last three-year period to maintain the certificate;

(b) Establish continuing professional education requirements;

(c) Establish when newly certified public accountants shall verify that they have completed the required continuing professional education;

(d) Provide that failure to furnish verification of the completion of the continuing professional education requirement shall make the certificate invalid and subject to reinstatement, unless the board determines that the failure was due to retirement, reasonable cause, or excusable neglect; and

(e) Provide for transition from existing to new continuing professional education requirements.

The board may adopt by rule new CPE standards that differ from those in subsection (8) of this section or RCW 18.04.215 if:

(a) The new standards are consistent with the continuing professional education standards of other states so as to provide to the greatest extent possible, consistent national standards; and

(b) the new standards are at least as strict as the standards set forth in subsection (8) of this section or RCW 18.04.215.

The purpose of this chapter is to provide for the development, establishment, and enforcement of standards for the maintenance and operation of boarding homes, which, in the light of advancing knowledge, will promote safe and adequate care of the individuals therein. It is further the intent of the legislature that boarding homes be available to meet the needs of those for whom they care by recognizing the capabilities of individuals to direct their self-medication or to use supervised self-medication techniques when ordered and approved by a physician licensed under chapter 18.57 or 18.71 RCW or a podiatric physician and surgeon licensed under chapter 18.22 RCW.

Sec. 32. RCW 18.155.010 and 1990 c 3 s 801 are each amended to read as follows:

The legislature finds that sex offender therapists who examine and treat sex offenders pursuant to the special sexual offender sentencing alternative under RCW 9.94A.120(7)(a) and who may treat juvenile sex offenders pursuant to RCW 13.40.160, play a vital role in protecting the public from sex offenders who remain in the community following conviction. The legislature finds that the qualifications, practices, techniques, and effectiveness of sex offender treatment providers vary widely and that the court's ability to effectively determine the appropriateness of granting the sentencing alternative and monitoring the offender to ensure continued protection of the community is undermined by a lack of regulated practices. The legislature recognizes the right of sex offender therapists to practice, consistent with the paramount requirements of public safety. Public safety is best served by regulating sex offender therapists whose clients are being evaluated and being treated pursuant to RCW 9.94A.120((7)(a)) and 13.40.160. This chapter shall be construed to require only those sex offender therapists who examine and treat sex offenders pursuant to RCW 9.94A.120((7)(a)) and 13.40.160 to obtain a sexual offender treatment certification as provided in this chapter.

(4) "Banking institution" means a state or federally chartered bank, trust company, savings bank, savings and loan association, and credit union.

(5) "Candle-foot power" means a light intensity of candles on a horizontal plane at thirty-six inches above ground level and five feet in front of the area to be measured.

(6) "Control of an access area or defined parking area" means to have the present authority to determine how, when, and by whom it is to be used, and how it is to be maintained, lighted, and landscaped.

(7) "Defined parking area" means that portion of a parking area open for customer parking that is:
(a) Contiguous to an access area with respect to an automated teller machine or night deposit facility;
(b) Regularly, principally, and lawfully used for parking by users of the automated teller machine or night deposit facility while conducting transactions during hours of darkness; and
(c) Owned or leased by the operator of the automated teller machine or night deposit facility or owned or controlled by the party leasing the automated teller machine or night deposit facility site to the operator. "Defined parking area" does not include a parking area that is not open or regularly used for parking by users of the automated teller machine or night deposit facility who are conducting transactions during hours of darkness. A parking area is not open if it is physically closed to access or if conspicuous signs indicate that it is closed. If a multiple level parking area satisfies the conditions of this subsection (7)(c) and would therefore otherwise be a defined parking area, only the single parking level deemed by the operator of the automated teller machine and night deposit facility to be the most directly accessible to the users of the automated teller machine and night deposit facility is a defined parking area.

(8) "Hours of darkness" means the period that commences thirty minutes after sunset and ends thirty minutes before sunrise.

(9) "Night deposit facility" means a receptacle that is provided by a banking institution for the use of its customers in delivering cash, checks, and other items to the banking institution.

(1) For violation of rules requiring the timely presentation to the department of documents relating to the accounting of commercial harvest, fifty dollars for each of the first fifteen documents in a series and ten dollars for each subsequent document in the same series. If documents relating to the accounting of commercial harvest of food fish and shellfish are lost or destroyed and the wholesale dealer notifies the department in writing within seven days of the loss or destruction, the director shall waive the requirement for timely presentation of the documents.

(2) For violation of rules requiring accurate and legible information relating to species, value, harvest area, or amount of harvest, twenty-five dollars for each of the first five violations of this subsection following July 28, 1985, and fifty dollars for each violation after the first five violations.

(3) For violations of rules requiring certain signatures, fifty dollars for each of the first two violations and one hundred dollars for each subsequent violation. For the purposes of this subsection, each signature is a separate requirement.

Sec. 13. RCW 75.12.230 and 1998 c 190 s 81 are each amended to read as follows:
Within the waters described in RCW 75.12.210 (as recodified by this act), a person shall not transport or possess salmon on board a vessel carrying fishing gear of a type other than troll lines or angling gear, unless accompanied by a certificate issued by a state or country showing that the salmon have been lawfully taken within the territorial waters of the state or country.

**Sec. 14.** RCW 75.20.061 and 1983 1st ex.s. c 46 s 73 are each amended to read as follows:

If the director determines that a fishway or fish guard described in RCW 75.20.040 and 75.20.060 (as recodified by this act) and in existence on September 1, 1963, is inadequate, in addition to other authority granted in this chapter, the director may remove, relocate, reconstruct, or modify the device, without cost to the owner. The director shall not materially modify the amount of flow of water through the device. After the department has completed the improvements, the fishways and fish guards shall be operated and maintained at the expense of the owner in accordance with RCW 75.20.040 and 75.20.060 (as recodified by this act).

**Sec. 15.** RCW 75.20.098 and 1997 c 424 s 6 are each amended to read as follows:

When reviewing a mitigation plan under RCW 75.20.100 or 75.20.103 (as recodified by this act), the department shall, at the request of the project proponent, follow the guidance contained in RCW 90.74.005 through 90.74.030.

**Sec. 16.** RCW 75.20.100 and 1998 c 190 s 87 are each amended to read as follows:

(1) In the event that any person or government agency desires to construct any form of hydraulic project or perform other work that will use, divert, obstruct, or change the natural flow or bed of any of the salt or fresh waters of the state, such person or government agency shall, before commencing construction or work thereon and to ensure the proper protection of fish life, secure the approval of the department as to the adequacy of the means proposed for the protection of fish life. This approval shall not be unreasonably withheld.

(2)(a) (Except as provided in RCW 75.20.1001) The department shall grant or deny approval of a standard permit within forty-five calendar days of the receipt of a complete application and notice of compliance with any applicable requirements of the state environmental policy act, made in the manner prescribed in this section.

(b) The applicant may document receipt of application by filing in person or by registered mail. A complete application for approval shall contain general plans for the overall project, complete plans and specifications of the proposed construction or work within the mean higher high water line in salt water or within the ordinary high water line in fresh water, and complete plans and specifications for the proper protection of fish life.

(c) The forty-five day requirement shall be suspended if:

   (i) After ten working days of receipt of the application, the applicant remains unavailable or unable to arrange for a timely field evaluation of the proposed project;

   (ii) The site is physically inaccessible for inspection; or

   (iii) The applicant requests delay. Immediately upon determination that the forty-five day period is suspended, the department shall notify the applicant in writing of the reasons for the delay.

(d) For purposes of this section, “standard permit” means a written permit issued by the department when the conditions under subsections (3) and (5)(b) of this section are not met.

(3)(a) The department may issue an expedited written permit in those instances where normal permit processing would result in significant hardship for the applicant or unacceptable damage to the environment. In cases of imminent danger, the department shall issue an expedited written permit, upon request, for work to repair existing structures, move obstructions, restore banks, protect property, or protect fish resources. Expedited permit requests require a complete written application as provided in subsection (2)(b) of this section and shall be issued within fifteen calendar days of the receipt of a complete written application. Approval of an expedited permit is valid for up to sixty days from the date of issuance.

(b) For the purposes of this subsection, “imminent danger” means a threat by weather, water flow, or other natural conditions that is likely to occur within sixty days of a request for a permit application.

(c) The department may not require the provisions of the state environmental policy act, chapter 43.21C RCW, to be met as a condition of issuing a permit under this subsection.

(d) The department or the county legislative authority may determine if an imminent danger exists. The county legislative authority shall notify the department, in writing, if it determines that an imminent danger exists.

(4) Approval of a standard permit is valid for a period of up to five years from date of issuance. The permittee must demonstrate substantial progress on construction of that portion of the project relating to the approval within two years of the date of issuance. If the department denies approval, the department shall provide the applicant, in writing, a statement of the specific reasons why and how the proposed project would adversely affect fish life. Protection of fish life shall be the only ground upon which approval may be denied or conditioned. Chapter 34.05 RCW applies to any denial of project approval, conditional approval, or requirements for project modification upon which approval may be contingent.

(5)(a) In case of an emergency arising from weather or stream flow conditions or other natural conditions, the department, through its authorized representatives, shall issue immediately, upon request, oral approval for removing any obstructions, repairing existing structures, restoring stream banks, or to protect property threatened by the stream or a change in the stream flow without
the necessity of obtaining a written approval prior to commencing work. Conditions of an oral approval to protect fish life shall be established by the department and reduced to writing within thirty days and complied with as provided for in this section. Oral approval shall be granted immediately, upon request, for a stream crossing during an emergency situation.

(b) For purposes of this section and RCW 75.20.103 (as recodified by this act), "emergency" means an immediate threat to life, the public, property, or of environmental degradation.

(c) The department or the county legislative authority may declare and continue an emergency when one or more of the criteria under (b) of this subsection are met. The county legislative authority shall immediately notify the department if it declares an emergency under this subsection.

(6) The department shall, at the request of a county, develop five-year maintenance approval agreements, consistent with comprehensive flood control management plans adopted under the authority of RCW 86.12.200, or other watershed plan approved by a county legislative authority, to allow for work on public and private property for bank stabilization, bridge repair, removal of sand bars and debris, channel maintenance, and other flood damage repair and reduction activity under agreed-upon conditions and times without obtaining permits for specific projects.

(7) This section shall not apply to the construction of any form of hydraulic project or other work which diverts water for agricultural irrigation or stock watering purposes authorized under or recognized as being valid by the state's water codes, or when such hydraulic project or other work is associated with streambank stabilization to protect farm and agricultural land as defined in RCW 84.34.020. These irrigation or stock watering diversion and streambank stabilization projects shall be governed by RCW 75.20.103 (as recodified by this act).

A landscape management plan approved by the department and the department of natural resources under RCW 76.09.350(2), shall serve as a hydraulic project approval for the life of the plan if fish are selected as one of the public resources for coverage under such a plan.

(8) For the purposes of this section and RCW 75.20.103 (as recodified by this act), "bed" means the land below the ordinary high water lines of state waters. This definition does not include irrigation ditches, canals, storm water run-off devices, or other artificial watercourses except where they exist in a natural watercourse that has been altered by man.

(9) The phrase "to construct any form of hydraulic project or perform other work" does not include the act of driving across an established ford. Driving across streams or on wetted stream beds at areas other than established fords requires approval. Work within the ordinary high water line of state waters to construct or repair a ford or crossing requires approval.

Sec. 17. RCW 75.20.104 and 1993 sp.s. c 2 s 33 are each amended to read as follows:

Whenever the placement of woody debris is required as a condition of a hydraulic permit approval issued pursuant to RCW 75.20.100 or 75.20.103 (as recodified by this act), the department, upon request, shall invite comment regarding that placement from the local governmental authority, affected tribes, affected federal and state agencies, and the project applicant.

Sec. 18. RCW 75.20.1041 and 1993 sp.s. c 2 s 34 are each amended to read as follows:

The department and the department of ecology will work cooperatively with the United States army corps of engineers to develop a memorandum of agreement outlining dike vegetation management guidelines so that dike owners are eligible for coverage under P.L. 84-99, and state requirements established pursuant to RCW 75.20.100 and 75.20.103 (as recodified by this act) are met.

Sec. 19. RCW 75.20.106 and 1993 sp.s. c 2 s 35 are each amended to read as follows:

The department may levy civil penalties of up to one hundred dollars per day for violation of any provisions of RCW 75.20.100 or 75.20.103 (as recodified by this act). The penalty provided shall be imposed by notice in writing, either by certified mail or personal service to the person incurring the penalty, from the director or the director's designee describing the violation. Any person incurring any penalty under this chapter may appeal the same under chapter 34.05 RCW to the director. Appeals shall be filed within thirty days of receipt of notice imposing any penalty. The penalty imposed shall become due and payable thirty days after receipt of a notice imposing the penalty unless an appeal is filed. Whenever an appeal of any penalty incurred under this chapter is filed, the penalty shall become due and payable only upon completion of all review proceedings and the issuance of a final order confirming the penalty in whole or in part.

If the amount of any penalty is not paid within thirty days after it becomes due and payable the attorney general, upon the request of the director shall bring an action in the name of the state of Washington in the superior court of Thurston county or of any county in which such violator may do business, to recover such penalty. In all such actions the procedure and rules of evidence shall be the same as an ordinary civil action. All penalties recovered under this section shall be paid into the state's general fund.

Sec. 20. RCW 75.20.130 and 1996 c 276 s 2 are each amended to read as follows:

(1) There is hereby created within the environmental hearings office under RCW 43.21B.005 the hydraulic appeals board of the state of Washington.

(2) The hydraulic appeals board shall consist of three members: The director of the department of ecology or the director's designee, the director of the department of agriculture or the director's designee, and the director or the director's
designee of the department whose action is appealed under subsection (6) of this section. A decision must be agreed to by at least two members of the board to be final.

(3) The board may adopt rules necessary for the conduct of its powers and duties or for transacting other official business.

(4) The board shall make findings of fact and prepare a written decision in each case decided by it, and that finding and decision shall be effective upon being signed by two or more board members and upon being filed at the hydraulic appeals board's principal office, and shall be open to public inspection at all reasonable times.

(5) The board has exclusive jurisdiction to hear appeals arising from the approval, denial, conditioning, or modification of a hydraulic approval issued by the department: (a) Under the authority granted in RCW 75.20.103 (as recodified by this act) for the diversion of water for agricultural irrigation or stock watering purposes or when associated with streambank stabilization to protect farm and agricultural land as defined in RCW 84.34.020; or (b) under the authority granted in RCW 75.20.190 (as recodified by this act) for off-site mitigation proposals.

(6)(a) Any person aggrieved by the approval, denial, conditioning, or modification of a hydraulic approval pursuant to RCW 75.20.103 (as recodified by this act) may seek review from the board by filing a request for the same within thirty days of notice of the approval, denial, conditioning, or modification of such approval.

(b) The review proceedings authorized in (a) of this subsection are subject to the provisions of chapter 34.05 RCW pertaining to procedures in adjudicative proceedings.

Sec. 21. RCW 75.20.320 and 1995 c 328 s 1 are each amended to read as follows:
The department may not require mitigation for adverse impacts on fish life or habitat that occurred at the time a wetland was filled, if the wetland was filled under the provisions of RCW 75.20.300 (as recodified by this act).

Sec. 22. RCW 75.24.060 and 1996 c 245 s 152 are each amended to read as follows:
It is the policy of the state to improve state oyster reserves so that they are productive and yield a revenue sufficient for their maintenance. In fixing the price of oysters and other shellfish sold from the reserves, the director shall take into consideration this policy. It is also the policy of the state to maintain the oyster reserves to furnish shellfish to growers and processors and to stock public beaches.

Shellfish may be harvested from state oyster reserves for personal use as prescribed by rule of the director.

The (department) director shall periodically inventory the state oyster reserves and assign the reserve lands into management categories:

(1) Native Olympia oyster broodstock reserves;
(2) Commercial shellfish harvesting zones;
(3) Commercial shellfish propagation zones designated for long-term leasing to private aquaculturists;
(4) Public recreational shellfish harvesting zones;
(5) Unproductive land.

The (department) director shall manage each category of oyster reserve land to maximize the sustained yield production of shellfish consistent with the purpose for establishment of each management category.

The (department) commission shall develop an oyster reserve management plan, to include recommendations for leasing reserve lands, in coordination with the shellfish industry, by January 1, 1986.

The director shall protect, reseed, improve the habitat of, and replant state oyster reserves (and). The director shall also issue cultch permits and oyster reserve fishery licenses.

Sec. 23. RCW 75.24.065 and 1993 sp.s c 2 s 40 are each amended to read as follows:
The legislature finds that current environmental and economic conditions warrant a renewal of the state's historical practice of actively cultivating and managing its oyster reserves in Puget Sound to produce the state's native oyster, the Olympia oyster. The (department) director shall reestablish dike cultivated production of Olympia oysters on such reserves on a trial basis as a tool for planning more comprehensive cultivation by the state.

Sec. 24. RCW 75.24.070 and 1983 1st ex.s c 46 s 82 are each amended to read as follows:
The director shall determine the time, place, and method of sale of oysters and other shellfish from state oyster reserves.

Any person who commercially takes shellfish from state oyster reserves must possess an oyster reserve fishery license issued by the director pursuant to RCW 75.28.290 (as recodified by this act). Any person engaged in the commercial cultching of oysters on state oyster reserves must possess an oyster cultch permit issued by the director pursuant to RCW 75.28.295 (as recodified by this act).

To maintain local communities and industries and to restrain the formation of monopolies in the industry, the director shall determine the number of bushels which shall be sold to a person. When the shellfish are sold at public auction, the director may reject any and all bids.

Sec. 25. RCW 75.24.100 and 1998 c 190 s 91 are each amended to read as follows:
(1) The ((department)) director may not authorize a person to take geoduck clams for commercial purposes outside the harvest area designated in a current department of natural resources geoduck harvesting agreement issued under RCW 79.96.080. The ((department)) director may not authorize commercial harvest of geoduck clams from bottoms that are shallower than eighteen feet below mean lower low water (0.0. ft.), or that lie in an area bounded by the line of ordinary high tide (mean high tide) and a line two hundred yards seaward from and parallel to the line of ordinary high tide. This section does not apply to the harvest of private sector cultured aquatic products as defined in RCW 15.85.020.

(2) Commercial geoduck harvesting shall be done with a hand-held, manually operated water jet or suction device guided and controlled from under water by a diver. Periodically, the ((commission)) director shall determine the effect of each type or unit of gear upon the geoduck population or the substrate they inhabit. The ((commission)) director may require modification of the gear or stop its use if it is being operated in a wasteful or destructive manner or if its operation may cause permanent damage to the bottom or adjacent shellfish populations.

Sec. 26. RCW 75.24.130 and 1995 1st sp.s. c 2 s 30 are each amended to read as follows:
The commission may examine the clam, mussel, and oyster beds located on aquatic lands belonging to the state and request the commissioner of public lands to withdraw these lands from sale and lease for the purpose of establishing reserves or public beaches. The ((commission)) director shall conserve, protect, and develop these reserves and the oyster, shrimp, clam, and mussel beds on state lands.

Sec. 27. RCW 75.25.092 and 1999 c 243 s 3 are each amended to read as follows:
(1) A personal use shellfish and seaweed license is required for all persons other than residents or nonresidents under fifteen years of age to fish for, take, dig for, or possess seaweed or shellfish for personal use from state waters or offshore waters including national park beaches.

(2) The fees for annual personal use shellfish and seaweed licenses are:
(a) For a resident fifteen years of age or older, seven dollars;
(b) For a nonresident fifteen years of age or older, twenty dollars; and
(c) For a senior, five dollars.

(3) The license fee for a two-day personal use shellfish and seaweed license is six dollars for residents or nonresidents fifteen years of age or older.

(4) The personal use shellfish and seaweed license shall be visible on the licensee while harvesting shellfish or seaweed.

Sec. 28. RCW 75.28.011 and 1997 c 418 s 1 are each amended to read as follows:
(1) Unless otherwise provided in this title, a license issued under this chapter is not transferable from the license holder to any other person.

(2) The following restrictions apply to transfers of commercial fishery licenses, salmon delivery licenses, and salmon charter licenses that are transferable between license holders:
(a) The license holder shall surrender the previously issued license to the department.
(b) The department shall complete no more than one transfer of the license in any seven-day period.
(c) The fee to transfer a license from one license holder to another is:
(i) The same as the resident license renewal fee if the license is not limited under chapter 75.30 RCW [as recodified by this act];
(ii) Three and one-half times the resident renewal fee if the license is not a commercial salmon license and the license is limited under chapter 75.30 RCW [as recodified by this act];
(iii) Fifty dollars if the license is a commercial salmon license and is limited under chapter 75.30 RCW [as recodified by this act];
(iv) Five hundred dollars if the license is a Dungeness crab-coastal fishery license; or
(v) If a license is transferred from a resident to a nonresident, an additional fee is assessed that is equal to the difference between the resident and nonresident license fees at the time of transfer, to be paid by the transferor.

(3) A commercial license that is transferable under this title survives the death of the holder. Though such licenses are not personal property, they shall be treated as analogous to personal property for purposes of inheritance and intestacy. Such licenses are subject to state laws governing wills, trusts, estates, intestate succession, and community property, except that such licenses are exempt from claims of creditors of the estate and tax liens. The surviving spouse, estate, or beneficiary of the estate may apply for a renewal of the license. There is no fee for transfer of a license from a license holder to a license holder's surviving spouse or estate, or to a beneficiary of the estate.

Sec. 29. RCW 75.28.020 and 1994 c 244 s 1 are each amended to read as follows:
(1) Except as otherwise provided in this title, a person ((as defined in RCW 75.08.014)) may hold a commercial license established by this chapter.
(2) Except as otherwise provided in this title, an individual may hold a commercial license only if the individual is sixteen years of age or older and a bona fide resident of the United States.
(3) A corporation may hold a commercial license only if it is authorized to do business in this state.
(4) No person may hold a limited-entry license unless the person meets the qualifications that this title establishes for the license.
(5) The residency requirements in subsection (2) of this section do not apply to holders of nonsalmon delivery licenses.

Sec. 30. RCW 75.28.034 and 1995 c 227 s 1 are each amended to read as follows:
If, for any reason, the department does not allow any opportunity for a commercial fishery during a calendar year, the ((department)) director shall either: (1) Waive the requirement to obtain a license for that commercial fishery for that year; or (2) refund applicable license fees upon return of the license.

Sec. 31. RCW 75.28.042 and 1997 c 58 s 882 are each amended to read as follows:
(1) The department shall immediately suspend the license of a person who has been certified pursuant to RCW 74.20A.320 by the department of social and health services as a person who is not in compliance with a support order ((or a residential or visitation order)).
(2) A listing on the department of licensing's data base that an individual's license is currently suspended pursuant to RCW 46.20.291(((1)(a))) (b) shall be prima facie evidence that the individual is in noncompliance with a support order ((or a residential or visitation order)). Presentation of a written release issued by the department of social and health services or a court stating that the person is in compliance with an order shall serve as proof of compliance.

Sec. 32. RCW 75.28.046 and 1998 c 267 s 2 are each amended to read as follows:
This section applies to all commercial fishery licenses and delivery licenses, except for whiting--Puget Sound fishery licenses and emergency salmon delivery licenses.
(1) The license holder may engage in the activity authorized by a license subject to this section. With the exception of Dungeness crab--coastal fishery class B licensees licensed under RCW 75.30.350(4) (as recodified by this act), the holder of a license subject to this section may also designate up to two alternate operators for the license. Dungeness crab--coastal fishery class B licensees may not designate alternate operators. A person designated as an alternate operator must possess an alternate operator license issued under RCW 75.28.048 (as recodified by this act).
(2) Notwithstanding RCW 75.28.010(1)(c) (as recodified by this act), an alternate operator license is not required for an individual to operate a vessel as a charter boat.

Sec. 34. RCW 75.28.048 and 1998 c 267 s 4 are each amended to read as follows:
(1) A person who holds a commercial fishery license or a delivery license may operate the vessel designated on the license. A person who is not the license holder may operate the vessel designated on the license only if:
(a) The person holds an alternate operator license issued by the director; and
(b) The person is designated as an alternate operator on the underlying commercial fishery license or delivery license under RCW 75.28.046 (as recodified by this act).
(2) Only an individual at least sixteen years of age may hold an alternate operator license.
(3) No individual may hold more than one alternate operator license. An individual who holds an alternate operator license may be designated as an alternate operator on an unlimited number of commercial fishery licenses or delivery licenses under RCW 75.28.046 (as recodified by this act).
(4) An individual who holds two Dungeness crab--Puget Sound fishery licenses may operate the licenses on one vessel if the vessel owner or alternate operator is on the vessel. The department shall allow a license holder to operate up to one hundred crab pots for each license.
(5) As used in this section, to "operate" means to control the deployment or removal of fishing gear from state waters while aboard a vessel or to operate a vessel delivering food fish or shellfish taken in offshore waters to a port within the state.

Sec. 35. RCW 75.28.055 and 1997 c 421 s 1 are each amended to read as follows:
The ((fish and wildlife commission)) director may, by rule, increase the number of alternate operators beyond the level authorized by RCW 75.28.030 and 75.28.046 (as recodified by this act) for a commercial fishery license, delivery license, or charter license.

Sec. 36. RCW 75.28.095 and 1998 c 190 s 95 are each amended to read as follows:
(1) The director shall issue the charter licenses and angler permits listed in this section according to the requirements of this title. The licenses and permits and their annual fees and surcharges are:

(2) A salmon charter license designating a vessel is required to operate a charter boat to take salmon, other food fish, and shellfish. The director may issue a salmon charter license only to a person who meets the qualifications of RCW 75.30.065.

(3) A nonsalmon charter license designating a vessel is required to operate a charter boat to take food fish other than salmon and shellfish. As used in this subsection, "food fish" does not include salmon.

(4) "Charter boat" means a vessel from which persons may, for a fee, fish for food fish or shellfish for personal use, and that brings food fish or shellfish into state ports or brings food fish or shellfish taken from state waters into United States ports. The director may specify by rule when a vessel is a "charter boat" within this definition. "Charter boat" does not mean a vessel used by a guide for clients fishing for food fish for personal use in freshwater rivers, streams, and lakes, other than Lake Washington or that part of the Columbia River below the bridge at Longview.

(5) A charter boat licensed in Oregon may fish without a Washington charter license under the same rules as Washington charter boat operators in ocean waters within the jurisdiction of Washington state from the southern border of the state of Washington to Leadbetter Point, as long as the Oregon vessel does not land at any Washington port with the purpose of taking on or discharging passengers. The provisions of this subsection shall be in effect as long as the state of Oregon has reciprocal laws and regulations.

(6) A salmon charter license under subsection (1)(b) of this section may be renewed if the license holder notifies the department by May 1st of that year that he or she will not participate in the fishery during that calendar year. The license holder must pay the one hundred-dollar enhancement surcharge, plus a fifteen-dollar handling charge, in order to be considered a valid renewal and eligible to renew the license the following year.

Sec. 37. RCW 75.28.110 and 1997 c 76 s 1 are each amended to read as follows:

(1) The following commercial salmon fishery licenses are required for the license holder to use the specified gear to fish for salmon in state waters. Only a person who meets the qualifications of RCW 75.30.120 may hold a license listed in this subsection. The licenses and their annual fees and surcharges under RCW 75.50.100 are:

(e) Salmon reef net $380 $685 plus $100
(f) Salmon troll $380 $685 plus $100

(2) A license issued under this section authorizes no taking or delivery of salmon or other food fish unless a vessel is designated under RCW 75.28.045 (as recodified by this act).

(3) Holders of commercial salmon fishery licenses may retain incidentally caught food fish other than salmon, subject to rules of the department.

(4) A salmon troll license includes a salmon delivery license.

(5) A salmon gill net license authorizes the taking of salmon only in the geographical area for which the license is issued.

The geographical designations in subsection (1) of this section have the following meanings:

(a) "Puget Sound" includes waters of the Strait of Juan de Fuca, Georgia Strait, Puget Sound and all bays, inlets, canals, coves, sounds, and estuaries lying easterly and southerly of the international boundary line and a line at the entrance to the Strait of Juan de Fuca projected northerly from Cape Flattery to the lighthouse on Tatoosh Island and then to Bonilla Point on Vancouver Island.

(b) "Grays Harbor-Columbia river" includes waters of Grays Harbor and tributary estuaries lying easterly of a line projected northerly from Point Chehalis Light to Point Brown and those waters of the Columbia river and tributary sloughs and estuaries easterly of a line at the entrance to the Columbia river projected southerly from the most westerly point of the North jetty to the most westerly point of the South jetty.

(c) "Willapa Bay-Columbia river" includes waters of Willapa Bay and tributary estuaries and easterly of a line projected northerly from Leadbetter Point to the Cape Shoalwater tower and those waters of the Columbia river and tributary sloughs described in (b) of this subsection.

(6) A commercial salmon troll fishery license may be renewed under this section if the license holder notifies the department by May 1st of the year that he or she will not participate in the fishery during that calendar year. A commercial salmon gill net, reef net, or seine fishery license may be renewed under this section if the license holder notifies the department by August 1st of that year that he or she will not participate in the fishery during that calendar year. The license holder must pay the one hundred-dollar enhancement surcharge, plus a fifteen-dollar handling charge, in order to be considered a valid renewal and eligible to renew the license the following year.

Sec. 38. RCW 75.28.113 and 1998 c 190 s 96 are each amended to read as follows:

(1) A salmon delivery license is required to deliver salmon taken in offshore waters to a place or port in the state. The annual fee for a salmon delivery license is three hundred eighty dollars for residents and six hundred eighty-five dollars for nonresidents. The annual surcharge under RCW 75.50.100 (as recodified by this act) is one hundred dollars for each license. Holders of nonlimited entry delivery licenses issued under RCW 75.28.125 (as recodified by this act) may apply the nonlimited entry delivery license fee against the salmon delivery license fee.

(2) Only a person who meets the qualifications established in RCW 75.30.120 (as recodified by this act) may hold a salmon delivery license issued under this section.

(3) A salmon delivery license authorizes no taking of salmon or other food fish or shellfish from the waters of the state.

(4) If the director determines that the operation of a vessel under a salmon delivery license results in the depletion or destruction of the state's salmon resource or the delivery into this state of salmon products prohibited by law, the director may revoke the license under the procedures of chapter 34.05 RCW.

Sec. 39. RCW 75.28.114 and 1999 c 103 s 1 are each amended to read as follows:

(1) The legislature finds that landing salmon into the ports of Washington state, regardless of where such salmon have been harvested, is economically beneficial to those ports as well as to the citizens of the state of Washington. It is therefore the intent of the legislature to encourage this practice.

(2) Notwithstanding the provisions of RCW 75.28.010(1)(b) and 75.28.113 (as recodified by this act), a Washington citizen who holds a valid Oregon or California salmon troll license may land salmon taken during lawful seasons in Oregon and California into Washington ports without obtaining a salmon delivery license. This exception is valid only when the salmon were taken in offshore waters south of Cape Falcon.

(3) The department shall adopt rules necessary to implement this section, including rules identifying the appropriate methods for verifying that salmon were in fact taken south of Cape Falcon.

Sec. 40. RCW 75.28.116 and 1993 sp.s. c 17 s 37 are each amended to read as follows:

A person who does not qualify for a license under RCW 75.30.120 (as recodified by this act) shall obtain a nontransferable emergency salmon delivery license to make one delivery of salmon taken in offshore waters. The director shall not
issue an emergency salmon delivery license unless, as determined by the director, a bona fide emergency exists. The license fee is two hundred twenty-five dollars for residents and four hundred seventy-five dollars for nonresidents. An applicant for an emergency salmon delivery license shall designate no more than one vessel that will be used with the license. Alternate operator licenses are not required of persons delivering salmon under an emergency salmon delivery license. Emergency salmon delivery licenses are not renewable.

**Sec. 41.** RCW 75.28.120 and 1993 sp.s. c 17 s 38 are each amended to read as follows:

(1) This section establishes commercial fishery licenses required for food fish fisheries and the annual fees for those licenses. As used in this section, “food fish” does not include salmon. The director may issue a limited-entry commercial fishery license only to a person who meets the qualifications established in applicable governing sections of this title.

The director may by rule determine the species of food fish that may be taken with the commercial fishery licenses established in this section, the gear that may be used with the licenses, and the areas or waters in which the licenses may be used. Where a fishery license has been established for a particular species, gear, geographical area, or combination thereof, a more general fishery license may not be used to take food fish in that fishery.

**Sec. 42.** RCW 75.28.125 and 1998 c 190 s 97 are each amended to read as follows:

1. Except as provided in subsection (2) of this section, a person may not use a commercial fishing vessel to deliver food fish or shellfish taken in offshore waters to a port in the state without a nonlimited entry delivery license. As used in this section, “food fish” does not include salmon. As used in this section, “shellfish” does not include ocean pink shrimp or coastal crab. The annual license fee for a nonlimited entry delivery license is one hundred ten dollars for residents and two hundred dollars for nonresidents.

2. Holders of salmon troll fishery licenses issued under RCW 75.28.110 (as recodified by this act), salmon delivery licenses issued under RCW 75.28.113 (as recodified by this act), crab pot fishery licenses issued under RCW 75.28.130 (as recodified by this act), food fish trawl—Non-Puget Sound fishery licenses issued under RCW 75.28.120 (as recodified by this act), Dungeness crab—coastal fishery licenses, ocean pink shrimp delivery licenses, and shrimp trawl—Non-Puget Sound fishery licenses issued under RCW 75.28.130 (as recodified by this act) may deliver food fish or shellfish taken in offshore waters without a nonlimited entry delivery license.

3. A nonlimited entry delivery license authorizes no taking of food fish or shellfish from state waters.

**Sec. 43.** RCW 75.28.130 and 1999 c 239 s 2 are each amended to read as follows:

1. This section establishes commercial fishery licenses required for shellfish fisheries and the annual fees for those licenses. The director may issue a limited-entry commercial fishery license only to a person who meets the qualifications established in applicable governing sections of this title.

(2) The director may by rule determine the species of shellfish that may be taken with the commercial fishery licenses established in this section, the gear that may be used with the licenses, and the areas or waters in which the licenses may be used. Where a fishery license has been established for a particular species, gear, geographical area, or combination thereof, a more general fishery license may not be used to take shellfish in that fishery.

Sec. 44. RCW 75.28.132 and 1994 c 260 s 15 are each amended to read as follows:
A surcharge of fifty dollars shall be collected with each Dungeness crab-coastal fishery license issued under RCW 75.28.130 (as recodified by this act) until June 30, 2000, and with each Dungeness crab-coastal class B fishery license issued under RCW 75.28.130 (as recodified by this act) until December 31, 1997. Moneys collected under this section shall be placed in the Dungeness crab appeals account hereby created in the state treasury. The account is subject to allotment procedures under chapter 43.88 RCW, but no appropriation is required for expenditures. Expenditures from the account shall only be used for processing appeals related to the issuance of Dungeness crab-coastal fishery licenses.

Sec. 45. RCW 75.28.133 and 1997 c 418 s 5 are each amended to read as follows:
A surcharge of one hundred twenty dollars shall be collected with each Dungeness crab-coastal fishery license and with each Dungeness crab-coastal class B fishery license issued under RCW 75.28.130 (as recodified by this act). Moneys collected under this section shall be placed in the coastal crab account created under RCW 75.30.390 (as recodified by this act).

Sec. 46. RCW 75.28.280 and 1993 c 340 s 19 are each amended to read as follows:
A hardshell clam mechanical harvester fishery license is required to operate a mechanical or hydraulic device for commercially harvesting clams, other than geoduck clams, unless the requirements of RCW 75.20.100 (as recodified by this act) are fulfilled for the proposed activity.

Sec. 47. RCW 75.28.290 and 1993 c 340 s 20 are each amended to read as follows:
A person who commercially takes shellfish from state oyster reserves under RCW 75.24.070 (as recodified by this act) must have an oyster reserve fishery license.

Sec. 48. RCW 75.28.300 and 1993 sp.s. c 17 s 43 are each amended to read as follows:
A wholesale fish dealer's license is required for:
(1) A business in the state to engage in the commercial processing of food fish or shellfish, including custom canning or processing of personal use food fish or shellfish.
(2) A business in the state to engage in the wholesale selling, buying, or brokering of food fish or shellfish. A wholesale fish dealer's license is not required of those businesses which buy exclusively from Washington licensed wholesale dealers and sell solely at retail.
(3) Fishermen who land and sell their catch or harvest in the state to anyone other than a licensed wholesale dealer within or outside the state.
(4) A business to engage in the commercial manufacture or preparation of fertilizer, oil, meal, caviar, fish bait, or other byproducts from food fish or shellfish.
(5) A business employing a fish buyer as defined under RCW 75.28.340 (as recodified by this act).

The annual license fee for a wholesale dealer is two hundred fifty dollars. A wholesale fish dealer's license is not required for persons engaged in the processing, wholesale selling, buying, or brokering of private sector cultured aquatic products as defined in RCW 15.85.020. However, if a means of identifying such products is required by rules adopted under RCW 15.85.060, the exemption from licensing requirements established by this subsection applies only if the aquatic products are identified in conformance with those rules.

Sec. 49. RCW 75.28.323 and 1996 c 267 s 30 are each amended to read as follows:

(1) A wholesale fish dealer shall not take possession of food fish or shellfish until the dealer has deposited with the department an acceptable performance bond on forms prescribed and furnished by the department. This performance bond shall be a corporate surety bond executed in favor of the department by a corporation authorized to do business in the state of Washington under chapter 48.28 RCW and approved by the department. The bond shall be filed and maintained in an amount equal to one thousand dollars for each buyer engaged by the wholesale dealer. In no case shall the bond be less than two thousand dollars nor more than fifty thousand dollars.

(2) A wholesale dealer shall, within seven days of engaging additional fish buyers, notify the department and increase the amount of the bonding required in subsection (1) of this section.

(3) The director may suspend and refuse to reissue a wholesale fish dealer's license of a dealer who has taken possession of food fish or shellfish without an acceptable performance bond on deposit with the department.

(4) The bond shall be conditioned upon the compliance with the requirements of this chapter and rules of the department relating to the payment of fines for violations of rules for the accounting of the commercial harvest of food fish or shellfish. In lieu of the surety bond required by this section the wholesale fish dealer may file with the department a cash deposit, negotiable securities acceptable to the department, or an assignment of a savings account or of a savings certificate in a Washington bank on an assignment form prescribed by the department.

(5) Liability under the bond shall be maintained as long as the wholesale fish dealer engages in activities under RCW 75.28.300 (as recodified by this act) unless released. Liability under the bond may be released only upon written notification from the department. Notification shall be given upon acceptance by the department of a substitute bond or forty-five days after the expiration of the wholesale fish dealer's annual license. In no event shall the liability of the surety exceed the amount of the surety bond required under this chapter.

Sec. 50. RCW 75.28.340 and 1993 sp.s. c 17 s 46 are each amended to read as follows:

(1) A fish buyer's license is required of and shall be carried by each individual engaged by a wholesale fish dealer to purchase food fish or shellfish from a licensed commercial fisherman. A fish buyer may represent only one wholesale fish dealer.

(2) Unless adjusted by the director pursuant to the director's authority granted in RCW 75.28.065, the annual fee for a fish buyer's license is ninety-five dollars.

Sec. 51. RCW 75.28.730 and 1993 c 376 s 4 are each amended to read as follows:

An ocean pink shrimp delivery license is required to deliver ocean pink shrimp taken in offshore waters and delivered to a port in the state. (Unless adjusted by the director pursuant to the director's authority granted in RCW 75.28.065.) The annual license fee is one hundred fifty dollars for residents and three hundred dollars for nonresidents. Ocean pink shrimp delivery licenses are transferable.

Sec. 52. RCW 75.28.740 and 1998 c 190 s 99 are each amended to read as follows:

(1) The director may by rule designate a fishery as an emerging commercial fishery. The director shall include in the designation whether the fishery is one that requires a vessel.

(2) “Emerging commercial fishery” means the commercial taking of a newly classified species of food fish or shellfish, the commercial taking of a classified species with gear not previously used for that species, or the commercial taking of a classified species in an area from which that species has not previously been commercially taken. Any species of food fish or shellfish commercially harvested in Washington state as of June 7, 1990, may be designated as a species in an emerging commercial fishery, except that no fishery subject to a license limitation program in chapter 75.30 RCW (as recodified by this act) may be designated as an emerging commercial fishery.

(3) A person shall not take food fish or shellfish in a fishery designated as an emerging commercial fishery without an emerging commercial fishery license and a permit from the director. The director shall issue two types of permits to accompany emerging commercial fishery licenses: Trial fishery permits and experimental fishery permits. Trial fishery permits are governed by subsection (4) of this section. Experimental fishery permits are governed by RCW 75.30.220 (as recodified by this act).

(4) The director shall issue trial fishery permits for a fishery designated as an emerging commercial fishery unless the director determines there is a need to limit the number of participants under RCW 75.30.220 (as recodified by this act). A person who meets the qualifications of RCW 75.28.020 (as recodified by this act) may hold a trial fishery permit. The holder of a trial fishery
permit shall comply with the terms of the permit. Trial fishery permits are not transferable from the permit holder to any other person.

**Sec. 53.** RCW 75.28.760 and 1993 sp.s. c 4 s 2 are each amended to read as follows:

By July 1, 1994, the (departments of fisheries and wildlife) commission jointly with the appropriate Indian tribes, shall each establish a wild salmonid policy. The policy shall ensure that department actions and programs are consistent with the goals of rebuilding wild stock populations to levels that permit commercial and recreational fishing opportunities.

**Sec. 54.** RCW 75.28.770 and 1998 c 245 s 153 are each amended to read as follows:

The (department) director shall evaluate and recommend, in consultation with the Indian tribes, salmon fishery management strategies and gear types, as well as a schedule for implementation, that will minimize the impact of commercial and recreational fishing in the mixed stock fishery on critical and depressed wild stocks of salmonids. As part of this evaluation, the (department) director, in conjunction with the commercial and recreational fishing industries, shall evaluate commercial and recreational salmon fishing gear types developed by these industries.

**Sec. 55.** RCW 75.28.780 and 1993 sp.s. c 17 s 42 are each amended to read as follows:

The director shall issue the personal licenses listed in this section according to the requirements of this title. The licenses and their annual fees are:

**Sec. 56.** RCW 75.30.021 and 1995 c 227 s 2 are each amended to read as follows:

(1) The (department) director shall waive license requirements, including landing or poundage requirements, if, during the calendar year that a license issued pursuant to chapter 75.28 RCW (as recodified by this act) is valid, no harvest opportunity occurs in the fishery corresponding to the license.

(2) For each license limitation program, where the person failed to hold the license and failed to make landing or poundage requirements because of a license waiver by the (department) director during the previous year, the person shall qualify for a license by establishing that the person held the license during the last year in which the license was not waived.

**Sec. 57.** RCW 75.30.050 and 1999 c 151 s 1601 are each amended to read as follows:

(1) The director shall appoint three-member advisory review boards to hear cases as provided in RCW 75.30.060 (as recodified by this act). Members shall be from:

(a) The commercial sea urchin and sea cucumber fishery in cases involving sea urchin and sea cucumber dive fishery licenses; (and)

(b) The commercial coastal crab fishery in cases involving Dungeness crab-coastal fishery licenses and Dungeness crab-coastal class B fishery licenses. The members shall include one person from the commercial crab processors, one Dungeness crab-coastal fishery license holder, and one citizen representative of a coastal community.

(2) Members shall serve at the discretion of the director and shall be reimbursed for travel expenses as provided in RCW 43.03.050, 43.03.060, and 43.03.065.

**Sec. 58.** RCW 75.30.060 and 1995 1st sp.s. c 2 s 32 are each amended to read as follows:

A person aggrieved by a decision of the department under this chapter may request administrative review under the informal procedure established by this section.
In an informal hearing before a review board, the rules of evidence do not apply. A record of the proceeding shall be kept as provided by chapter 34.05 RCW. After hearing the case the review board shall notify in writing the ((commission)) director and the initiating party whether the review board agrees or disagrees with the department's decision and the reasons for the review board's findings. Upon receipt of the review board's findings the ((commission)) director may order such relief as the ((commission)) director deems appropriate under the circumstances.

Nothing in this section: (1) Impairs an aggrieved person's right to proceed under chapter 34.05 RCW; or (2) imposes a liability on members of a review board for their actions under this section.

Sec. 59. RCW 75.30.065 and 1993 c 340 s 28 are each amended to read as follows:

(1) After May 28, 1977, the director shall issue no new salmon charter licenses. A person may renew an existing salmon charter license only if the person held the license sought to be renewed during the previous year or acquired the license by transfer from someone who held it during the previous year, and if the person has not subsequently transferred the license to another person.

(2) Salmon charter licenses may be renewed each year. A salmon charter license which is not renewed each year shall not be renewed further.

(3) Subject to the restrictions in ((section 11 of this act)) RCW 75.28.011 (as recodified by this act), salmon charter licenses are transferable from one license holder to another.

Sec. 60. RCW 75.30.070 and 1996 c 190 s 100 are each amended to read as follows:

(1) Except as provided in subsection (3) of this section, a person shall not operate a vessel as a charter boat from which salmon are taken in salt water without an angler permit. The angler permit shall specify the maximum number of persons that may fish from the charter boat per trip. The angler permit expires if the salmon charter license is not renewed.

(2) Only a person who holds a salmon charter license issued under RCW 75.28.095 and 75.30.065 (as recodified by this act) may hold an angler permit.

(3) An angler permit shall not be required for charter boats licensed in Oregon and fishing in ocean waters within the jurisdiction of Washington state from the southern border of the state of Washington to Leadbetter Point under the same regulations as Washington charter boat operators, as long as the Oregon vessel does not land at any Washington port with the purpose of taking on or discharging passengers. The provisions of this subsection shall be in effect as long as the state of Oregon has reciprocal laws and regulations.

Sec. 61. RCW 75.30.090 and 1993 c 340 s 30 are each amended to read as follows:

A salmon charter boat may not carry more anglers than the number specified in the angler permit issued under RCW 75.30.070 (as recodified by this act). Members of the crew may fish from the boat only to the extent that the number of anglers specified in the angler permit exceeds the number of noncrew passengers on the boat at that time.

Sec. 62. RCW 75.30.100 and 1993 c 340 s 31 are each amended to read as follows:

(1) The total number of anglers authorized by the ((department)) director shall not exceed the total number authorized for 1980.

(2) Angler permits issued under RCW 75.30.070 (as recodified by this act) are transferable. All or a portion of the permit may be transferred to another salmon charter license holder.

(3) The angler permit holder and proposed transferee shall notify the department when transferring an angler permit, and the ((department)) director shall issue a new angler permit certificate reflecting the decrease in angler capacity.

(4) The department shall collect a fee of ten dollars for each certificate issued under subsection (3) of this section.

Sec. 63. RCW 75.30.120 and 1995 c 135 s 7 are each amended to read as follows:

(1) Except as provided in subsection (2) of this section, after May 6, 1974, the director shall issue no new commercial salmon fishery licenses or salmon delivery licenses. A person may renew an existing license only if the person held the license sought to be renewed during the previous year or acquired the license by transfer from someone who held it during the previous year, and if the person has not subsequently transferred the license to another person.

(2) Where the person failed to obtain the license during the previous year because of a license suspension, the person may qualify for a license by establishing that the person held such a license during the last year in which the license was not suspended.

(3) Subject to the restrictions in RCW 75.28.011 (as recodified by this act), commercial salmon fishery licenses and salmon delivery licenses are transferable from one license holder to another.

Sec. 64. RCW 75.30.125 and 1993 c 340 s 33 are each amended to read as follows:

Any commercial salmon fishery license issued under RCW 75.28.110 (as recodified by this act) or salmon delivery license issued under RCW 75.28.113 (as recodified by this act) shall revert to the department when any government confiscates and sells the vessel designated on the license. Upon application of the person named on the license as license holder and the approval of
the director, the department shall transfer the license to the applicant. Application for transfer of the license must be made within the calendar year for which the license was issued.

Sec. 65. RCW 75.30.130 and 1999 c 151 s 1602 are each amended to read as follows:

(1) A person shall not commercially take Dungeness crab (Cancer magister) in Puget Sound without first obtaining a Dungeness crab--Puget Sound fishery license. As used in this section, "Puget Sound" has the meaning given in RCW 75.28.110(5)(a) (as recodified by this act). A Dungeness crab--Puget Sound fishery license is not required to take other species of crab, including red rock crab (Cancer productus).

(2) Except as provided in subsections (3) and (6) of this section, after January 1, 1982, the director shall issue no new Dungeness crab--Puget Sound fishery licenses. Only a person who meets the following qualification may renew an existing license: The person shall have held the Dungeness crab--Puget Sound fishery license sought to be renewed during the previous year or acquired the license by transfer from someone who held it during the previous year, and shall not have subsequently transferred the license to another person.

(3) Where the person failed to obtain the license during the previous year because of a license suspension, the person may qualify for a license by establishing that the person held such a license during the last year in which the license was not suspended.

(4) This section does not restrict the issuance of commercial crab licenses for areas other than Puget Sound or for species other than Dungeness crab.

(5) Dungeness crab--Puget Sound fishery licenses are transferable from one license holder to another.

(6) If fewer than one hundred twenty-five persons are eligible for Dungeness crab--Puget Sound fishery licenses, the director may accept applications for new licenses. The director shall determine by random selection the successful applicants for the additional licenses. The number of additional licenses issued shall be sufficient to maintain one hundred twenty-five licenses in the Puget Sound Dungeness crab fishery. The director shall adopt rules governing the application, selection, and issuance procedures for new Dungeness crab--Puget Sound fishery licenses.

Sec. 66. RCW 75.30.140 and 1998 c 190 s 102 are each amended to read as follows:

(1) A person shall not fish commercially for herring in state waters without a herring fishery license. As used in this section, "herring fishery license" means any of the following commercial fishery licenses issued under RCW 75.28.120 (as recodified by this act): Herring dip bag net; herring drag seine; herring gill net; herring lampara; herring purse seine.

(2) Except as provided in this section, a herring fishery license may be issued only to a person who held the license sought to be renewed during the previous year or acquired the license by transfer from someone who held it during the previous year, and if the person has not subsequently transferred the license to another person.

(3) Herring fishery licenses may be renewed each year. A herring fishery license that is not renewed each year shall not be renewed further.

(4) The (department) director may issue additional herring fishery licenses if the stocks of herring will not be jeopardized by granting additional licenses.

(5) Subject to the restrictions of RCW 75.28.011 (as recodified by this act), herring fishery licenses are transferable from one license holder to another.

Sec. 67. RCW 75.30.170 and 1993 c 340 s 39 are each amended to read as follows:

(1) A person shall not commercially take whiting from areas that the department designates within the waters described in RCW 75.28.110(5)(a) (as recodified by this act) without a whiting-Puget Sound fishery license.

(2) A whiting-Puget Sound fishery license may be issued only to an individual who:

(a) Delivered at least fifty thousand pounds of whiting during the period from January 1, 1981, through February 22, 1985, as verified by fish delivery tickets;

(b) Possessed, on January 1, 1986, all equipment necessary to fish for whiting; and

(c) Held a whiting-Puget Sound fishery license during the previous year or acquired such a license by transfer from someone who held it during the previous year.

(3) After January 1, 1995, the director shall issue no new whiting-Puget Sound fishery licenses. After January 1, 1995, only an individual who meets the following qualifications may renew an existing license: The individual shall have held the license sought to be renewed during the previous year or acquired the license by transfer from someone who held it during the previous year, and shall not have subsequently transferred the license to another person.

(4) Whiting-Puget Sound fishery licenses may be renewed each year. A whiting-Puget Sound fishery license that is not renewed each year shall not be renewed further.

Sec. 68. RCW 75.30.180 and 1993 c 340 s 40 are each amended to read as follows:
A whiting-Puget Sound fishery license may be transferred through gift, devise, bequest, or descent to members of the license holder's immediate family which shall be limited to spouse, children, or stepchildren. The holder of a whiting-Puget Sound fishery license shall be present on any vessel taking whiting under the license. In no instance may temporary permits be issued.

The director may adopt rules necessary to implement RCW (75.30.160 through) 75.30.170 and 75.30.180 (as recodified by this act).

Sec. 69. RCW 75.30.220 and 1993 c 340 s 42 are each amended to read as follows:

(1) The director may issue experimental fishery permits for commercial harvest in an emerging commercial fishery for which the director has determined there is a need to limit the number of participants. The director shall determine by rule the number and qualifications of participants for such experimental fishery permits. Only a person who holds an emerging commercial fishery license issued under RCW 75.28.740 (as recodified by this act) and who meets the qualifications established in those rules may hold an experimental fishery permit. The director shall limit the number of these permits to prevent habitat damage, ensure conservation of the resource, and prevent overharvesting. In developing rules for limiting participation in an emerging or expanding commercial fishery, the director shall appoint a five-person advisory board representative of the affected fishery industry. The advisory board shall review and make recommendations to the director on rules relating to the number and qualifications of the participants for such experimental fishery permits.

(2) RCW 34.05.422(3) does not apply to applications for new experimental fishery permits.

(3) Experimental fishery permits are not transferable from the permit holder to any other person.

Sec. 70. RCW 75.30.270 and 1993 c 340 s 37 are each amended to read as follows:

(1) A herring spawn on kelp fishery license is required to commercially take herring eggs which have been deposited on vegetation of any type.

(2) A herring spawn on kelp fishery license may be issued only to a person who:

   (a) Holds a herring fishery license issued under RCW 75.28.120 and 75.30.140 (as recodified by this act); and

   (b) Is the highest bidder in an auction conducted under subsection (3) of this section.

(3) The department shall sell herring spawn on kelp commercial fishery licenses at auction to the highest bidder. Bidders shall identify their sources of kelp. Kelp harvested from state-owned aquatic lands as defined in RCW 79.90.465 requires the written consent of the department of natural resources. The department shall give all holders of herring fishery licenses thirty days' notice of the auction.

Sec. 71. RCW 75.30.280 and 1998 c 190 s 106 are each amended to read as follows:

(1) A person shall not harvest geoduck clams commercially without a geoduck fishery license. This section does not apply to the harvest of private sector cultured aquatic products as defined in RCW 15.85.020.

(2) Only a person who has entered into a geoduck harvesting agreement with the department of natural resources under RCW 79.96.080 may hold a geoduck fishery license.

(3) A geoduck fishery license authorizes no taking of geoducks outside the boundaries of the public lands designated in the underlying harvesting agreement, or beyond the harvest ceiling set in the underlying harvesting agreement.

(4) A geoduck fishery license expires when the underlying geoduck harvesting agreement terminates.

(5) The director shall determine the number of geoduck fishery licenses that may be issued for each geoduck harvesting agreement, the number of units of gear whose use the license authorizes, and the type of gear that may be used, subject to RCW 75.24.100 (as recodified by this act). In making those determinations, the director shall seek to conserve the geoduck resource and prevent damage to its habitat.

(6) The holder of a geoduck fishery license and the holder's agents and representatives shall comply with all applicable commercial diving safety regulations adopted by the federal occupational safety and health administration established under the federal occupational safety and health act of 1970 as such law exists on May 8, 1979, 84 Stat. 1590 et seq.; 29 U.S.C. Sec. 651 et seq. A violation of those regulations is a violation of this subsection. For the purposes of this section, persons who dive for geoducks are "employees" as defined by the federal occupational safety and health act. A violation of this subsection is grounds for suspension or revocation of a geoduck fishery license following a hearing under the procedures of chapter 34.05 RCW. The (departure) director shall not suspend or revoke a geoduck fishery license if the violation has been corrected within ten days of the date the license holder receives written notice of the violation. If there is a substantial probability that a violation of the commercial diving standards could result in death or serious physical harm to a person engaged in harvesting geoduck clams, the (departure) director shall suspend the license immediately until the violation has been corrected. If the license holder is not the operator of the harvest vessel and has contracted with another person for the harvesting of geoducks, the (departure) director shall not suspend or revoke the license if the license holder terminates its business relationship with that person until compliance with this subsection is secured.

Sec. 72. RCW 75.30.290 and 1998 c 190 s 107 are each amended to read as follows:
A person shall not commercially deliver into any Washington state port ocean pink shrimp caught in offshore waters without an ocean pink shrimp delivery license issued under RCW 75.28.730 (as recodified by this act), or an ocean pink shrimp single delivery license issued under RCW 75.30.320 (as recodified by this act). An ocean pink shrimp delivery license shall be issued to a vessel that:

(1) Landed a total of at least five thousand pounds of ocean pink shrimp in Washington in any single calendar year between January 1, 1983, and December 31, 1992, as documented by a valid shellfish receiving ticket; and

(2) Can show continuous participation in the Washington, Oregon, or California ocean pink shrimp fishery by being eligible to land ocean pink shrimp in either Washington, Oregon, or California each year since the landing made under subsection (1) of this section. Evidence of such eligibility shall be a certified statement from the relevant state licensing agency that the applicant for a Washington ocean pink shrimp delivery license held at least one of the following permits:

(a) For Washington: Possession of a delivery permit or delivery license issued under RCW 75.28.125 ([as recodified by this act]);

(b) For Oregon: Possession of a vessel permit issued under Oregon Revised Statute 508.880; or

(c) For California: A trawl permit issued under California Fish and Game Code sec. 8842.

An applicant who can show historical participation under RCW 75.30.290(1) but does not satisfy the continuous participation requirement of RCW 75.30.290(2) shall be issued an ocean pink shrimp delivery license if:

(1) The owner can prove that the owner was in the process on December 31, 1992, of constructing a vessel for the purpose of ocean pink shrimp harvest. For purposes of this section, "construction" means having the keel laid, and "for the purpose of ocean pink shrimp harvest" means the vessel is designed as a trawl vessel. An ocean pink shrimp delivery license issued to a vessel under construction is not renewable after December 31, 1994, unless the vessel lands a total of at least five thousand pounds of ocean pink shrimp into a Washington state port before December 31, 1994; or

(2) The applicant's vessel is a replacement for a vessel that is otherwise eligible for an ocean pink shrimp delivery license.

The owner of an ocean pink shrimp fishing vessel that does not qualify for an ocean pink shrimp delivery license issued under RCW 75.28.730 (as recodified by this act) shall obtain an ocean pink shrimp single delivery license in order to make a landing into a state port of ocean pink shrimp taken in offshore waters. The director shall not issue an ocean pink shrimp single delivery license, as determined by the director, a bona fide emergency exists. A maximum of six ocean pink shrimp single delivery licenses may be issued annually to any vessel. ([Unless adjusted by the director pursuant to the director's authority granted in RCW 75.28.065.])

The fee for an ocean pink shrimp single delivery license is one hundred dollars.

The director may reduce the landing requirements established under RCW 75.30.290 (as recodified by this act) upon the recommendation of an advisory review board established under RCW 75.30.050 (as recodified by this act), but the director may not entirely waive the landing requirement. The advisory review board may recommend a reduction of the landing requirement in individual cases if in the director's judgment, extenuating circumstances prevented achievement of the landing requirement. The director shall adopt rules governing the operation of the advisory review board and defining "extenuating circumstances."

(1) A person shall not commercially fish for coastal crab in Washington state waters without a Dungeness crab--coastal or a Dungeness crab--coastal class B fishery license. Gear used must consist of one buoy attached to each crab pot. Each crab pot must be fished individually.

(2) A Dungeness crab--coastal fishery license is transferable. Except as provided in subsection (3) of this section, such a license shall only be issued to a person who proved active historical participation in the coastal crab fishery by having designated, after December 31, 1993, a vessel or a replacement vessel on the qualifying license that singly or in combination meets the following criteria:

(a) Made a minimum of eight coastal crab landings totaling a minimum of five thousand pounds per season in at least two of the four qualifying seasons identified in subsection (5) of this section, as documented by valid Washington state shellfish receiving tickets; and showed historical and continuous participation in the coastal crab fishery by having held one of the following licenses or their equivalents each calendar year beginning 1990 through 1993, and was designated on the qualifying license of the person who held one of the following licenses in 1994:

(i) Crab pot--Non-Puget Sound license, issued under RCW 75.28.130(1)(b) (as recodified by this act);

(ii) Nonsalmon delivery license, issued under RCW 75.28.125 (as recodified by this act);

(iii) Salmon troll license, issued under RCW 75.28.110 (as recodified by this act);
(iv) Salmon delivery license, issued under RCW 75.28.113 (as recodified by this act);
(v) Food fish trawl license, issued under RCW 75.28.120 (as recodified by this act); or
(vi) Shrimp trawl license, issued under RCW 75.28.130 (as recodified by this act); or
(b) Made a minimum of four Washington landings of coastal crab totaling two thousand pounds during each of the following periods: December 1, 1991, to September 15, 1992; December 1, 1992, to September 15, 1993; and December 1, 1993, to September 15, 1994. For landings made after December 31, 1993, the vessel shall have been designated on the qualifying license of the person making the landings; or
(c) Made any number of coastal crab landings totaling a minimum of twenty thousand pounds per season in at least two of the four qualifying seasons identified in subsection (5) of this section, as documented by valid Washington state shellfish receiving tickets, showed historical and continuous participation in the coastal crab fishery by having held one of the qualifying licenses each calendar year beginning 1990 through 1993, and the vessel was designated on the qualifying license of the person who held that license in 1994.

(3) A Dungeness crab-coastal fishery license shall be issued to a person who had a new vessel under construction between December 1, 1988, and September 15, 1992, if the vessel made coastal crab landings totaling a minimum of five thousand pounds by September 15, 1993, and the new vessel was designated on the qualifying license of the person who held that license in 1994. All landings shall be documented by valid Washington state shellfish receiving tickets. License applications under this subsection may be subject to review by the advisory review board in accordance with RCW 75.30.050 (as recodified by this act). For purposes of this subsection, "under construction" means either:

(a)(i) A contract for any part of the work was signed before September 15, 1992; and
(ii) The contract for the vessel under construction was not transferred or otherwise alienated from the contract holder between the date of the contract and the issuance of the Dungeness crab-coastal fishery license; and
(iii) Construction had not been completed before December 1, 1988; or
(b)(i) The keel was laid before September 15, 1992; and
(ii) Vessel ownership was not transferred or otherwise alienated from the owner between the time the keel was laid and the issuance of the Dungeness crab-coastal fishery license; and
(iii) Construction had not been completed before December 1, 1988.

(4) A Dungeness crab--coastal class B fishery license is not transferable. Such a license shall be issued to persons who do not meet the qualification criteria for a Dungeness crab--coastal fishery license, if the person has designated on a qualifying license after December 31, 1993, a vessel or replacement vessel that, singly or in combination, made a minimum of four landings totaling a minimum of two thousand pounds of coastal crab, documented by valid Washington state shellfish receiving tickets, during at least one of the four qualifying seasons, and if the person has participated continuously in the coastal crab fishery by having held or by having owned a vessel that held one or more of the licenses listed in subsection (2) of this section in each calendar year subsequent to the qualifying season in which qualifying landings were made through 1994. Dungeness crab--coastal class B fishery licenses cease to exist after December 31, 1999, and the continuing license provisions of RCW 34.05.422(3) are not applicable.

(5) The four qualifying seasons for purposes of this section are:
(a) December 1, 1988, through September 15, 1989;
(b) December 1, 1989, through September 15, 1990;
(c) December 1, 1990, through September 15, 1991; and

(6) For purposes of this section and RCW 75.30.420 (as recodified by this act), "coastal crab" means Dungeness crab (cancer magister) taken in all Washington territorial and offshore waters south of the United States-Canada boundary and west of the Bonilla-Tatoosh line (a line from the western end of Cape Flattery to Tatoosh Island lighthouse, then to the buoy adjacent to Duntz Rock, then in a straight line to Bonilla Point of Vancouver island), Grays Harbor, Willapa Bay, and the Columbia river.

(7) For purposes of this section, "replacement vessel" means a vessel used in the coastal crab fishery in 1994, and that replaces a vessel used in the coastal crab fishery during any period from 1988 through 1993, and which vessel's licensing and catch history, together with the licensing and catch history of the vessel it replaces, qualifies a single applicant for a Dungeness crab--coastal or Dungeness crab--coastal class B fishery license. A Dungeness crab--coastal or Dungeness crab--coastal class B fishery license may only be issued to a person who designated a vessel in the 1994 coastal crab fishery and who designated the same vessel in 1995.

Sec. 77. RCW 75.30.370 and 1994 c 260 s 4 are each amended to read as follows:

A person commercially fishing for Dungeness crab in offshore waters outside of Washington state jurisdiction shall obtain a Dungeness crab offshore delivery license from the director if the person does not possess a valid Dungeness crab-coastal fishery license or a valid Dungeness crab-coastal class B fishery license and the person wishes to land Dungeness crab into a place or a
port in the state. The annual fee for a Dungeness crab offshore delivery license is two hundred fifty dollars. The director may specify restrictions on landings of offshore Dungeness crab in Washington state as authorized in RCW 75.30.360 (as recodified by this act).

Fees from the offshore Dungeness crab delivery license shall be placed in the (coastal) crab account created in RCW 75.30.390 (as recodified by this act).

Sec. 78. RCW 75.30.380 and 1997 c 418 s 3 are each amended to read as follows:

Dungeness crab-coastal fishery licenses are freely transferable on a willing seller-willing buyer basis after paying the transfer fee in RCW 75.28.011 (as recodified by this act).

Sec. 79. RCW 75.30.390 and 1997 c 418 s 4 are each amended to read as follows:

The coastal crab account is created in the custody of the state treasurer. The account shall consist of revenues from fees from the transfer of each Dungeness crab-coastal fishery license assessed under RCW 75.28.011 (as recodified by this act), delivery fees assessed under RCW 75.30.370 (as recodified by this act), and the license surcharge under RCW 75.28.133 (as recodified by this act). Only the director or the director's designee may authorize expenditures from the account. The account is subject to allotment procedures under chapter 43.88 RCW but no appropriation is required for expenditures. Funds may be used for coastal crab management activities as provided in RCW 75.30.410 (as recodified by this act).

Sec. 80. RCW 75.30.420 and 1994 c 260 s 9 are each amended to read as follows:

(1) An Oregon resident who can show historical and continuous participation in the Washington state coastal crab fishery by having held a nonresident non-Puget Sound crab pot license issued under RCW 75.28.130 (as recodified by this act) each year from 1990 through 1994, and who has delivered a minimum of eight landings totaling five thousand pounds of crab into Oregon during any two of the four qualifying seasons as provided in RCW 75.30.350((4)) (5) (as recodified by this act) as evidenced by valid Oregon fish receipts, shall be issued a nonresident Dungeness crab-coastal fishery license valid for fishing in Washington state waters north from the Oregon-Washington boundary to United States latitude forty-six degrees thirty minutes north. Such license shall be issued upon application and submission of proof of delivery.

(2) This section shall become effective contingent upon reciprocal statutory authority in the state of Oregon providing for equal access for Washington state coastal crab fishers to Oregon territorial coastal waters north of United States latitude forty-five degrees fifty-eight minutes north, and Oregon waters of the Columbia river.

Sec. 81. RCW 75.30.440 and 1994 c 260 s 13 are each amended to read as follows:

Except as provided under RCW 75.30.460 (as recodified by this act), the director shall issue no new Dungeness crab-coastal fishery licenses after December 31, 1995. A person may renew an existing license only if the person held the license sought to be renewed during the previous year or acquired the license by transfer from someone who held it during the previous year, and if the person has not subsequently transferred the license to another person. Where the person failed to obtain the license during the previous year because of a license suspension, the person may qualify for a license by establishing that the person held such a license during the last year in which the license was not suspended.

Sec. 82. RCW 75.30.460 and 1994 c 260 s 17 are each amended to read as follows:

If fewer than one hundred seventy-five persons are eligible for Dungeness crab-coastal fishery licenses, the director may accept applications for new licenses. Additional licenses issued may maintain a maximum of one hundred seventy-five licenses in the Washington coastal crab fishery. If additional licenses are to be issued, the director shall adopt rules governing the notification, application, selection, and issuance procedures for new Dungeness crab-coastal fishery licenses, based on recommendations of the advisory review board established under RCW 75.30.050 (as recodified by this act).

Sec. 83. RCW 75.30.470 and 1994 c 260 s 19 are each amended to read as follows:

The director may reduce the landing requirements established under RCW 75.30.350 (as recodified by this act) upon the recommendation of an advisory review board established under RCW 75.30.050 (as recodified by this act), but the director may not entirely waive the landing requirement. The advisory review board may recommend a reduction of the landing requirement in individual cases if in the advisory review board's judgment, extenuating circumstances prevented achievement of the landing requirement. The director shall adopt rules governing the operation of the advisory review board and defining "extenuating circumstances." Extenuating circumstances may include situations in which a person had a vessel under construction such that qualifying landings could not be made. In defining extenuating circumstances, special consideration shall be given to individuals who can provide evidence of lack of access to capital based on past discrimination due to race, creed, color, sex, national origin, or disability.

Sec. 84. RCW 75.30.490 and 1999 c 239 s 3 are each amended to read as follows:

(1) The Puget Sound shrimp emerging fishery management regime is converted from an emerging fishery status to a limited entry fishery status effective January 1, 2000.
(2) Effective January 1, 2000, a person shall not fish for shrimp taken from Puget Sound for commercial purposes with shrimp pot gear except under the provisions of a shrimp pot-Puget Sound fishery license issued under RCW 75.28.130 (as recodified by this act).

(3) Effective January 1, 2000, a shrimp pot-Puget Sound fishery license shall only be issued to a natural person who held an emerging commercial fishery license and Puget Sound shrimp pot experimental fishery permit during 1999. Beginning January 1, 2001, a shrimp pot-Puget Sound fishery license shall only be issued to a natural person who held a shrimp pot-Puget Sound fishery license during the previous year.

(3) Effective January 1, 2000, a shrimp trowl-Puget Sound fishery license shall only be issued to a natural person who held an emerging commercial fishery license and Puget Sound shrimp trowl experimental fishery permit during 1999. Beginning January 1, 2001, a shrimp trowl-Puget Sound fishery license shall only be issued to a natural person who held a shrimp trowl-Puget Sound fishery license during the previous licensing year.

The commission may give to the state of Oregon such consent and approbation of the state of Washington as is necessary under the compact set out in RCW 75.40.010 (as recodified by this act). For the purposes of RCW 75.40.010 (as recodified by this act), the states of Washington and Oregon have concurrent jurisdiction in the concurrent waters of the Columbia river ((as defined in RCW 75.08.011)).

Sec. 87. RCW 75.40.110 and 1994 c 148 s 2 are each amended to read as follows:

Until such time as the agencies in California, Idaho, Oregon, and Washington present a final proposed interstate compact for enactment by their respective legislative bodies, the governor may establish cooperative agreements with the states of California, Idaho, and Oregon that allow the states to coordinate their individual efforts in developing state programs that further the region-wide goals set forth under RCW 75.40.100 (as recodified by this act).

Sec. 88. RCW 75.44.100 and 1985 c 7 s 150 are each amended to read as follows:

State of Washington et al., Civil No. 9213, United States District Court for Western District of Washington, February 12, 1974, and in Sohappy v. Smith, 302 F. Supp. 899 (D. Oregon, 1969), as amended, affirmed, and remanded 529 F. 2d 570 (9th Cir., 1976), or an area in which fishing rights are affected by court decision in a manner consistent with the above-mentioned decisions;

Vessels shall not be resold by the department to the seller or the seller's immediate family. The vessels shall not be used by any owner or operator: (1) As a commercial fishing or charter vessel in state waters; or (2) to deliver fish to a place or port in the state. The department shall require that the purchasers and other users of vessels sold by the department execute suitable instruments to insure compliance with the requirements of this section. The director may commence suit or be sued on such an instrument in a state court of record or United States district court having jurisdiction.

Sec. 91. RCW 75.44.150 and 1983 1st ex.s. c 46 s 160 are each amended to read as follows:

(2) "Critical pathways methodology" means a project scheduling and management process for examining interactions between habitat projects and salmonid species, prioritizing habitat projects, and assuring positive benefits from habitat projects.

(3) "Habitat project list" is the list of projects resulting from the critical pathways methodology under RCW 75.46.070(2) (as recodified by this act). Each project on the list must have a written agreement from the landowner on whose land the project will be implemented. Projects include habitat restoration projects, habitat protection projects, habitat projects that improve water quality, habitat projects that protect water quality, habitat-related mitigation projects, and habitat project maintenance and monitoring activities.

(4) "Habitat work schedule" means those projects from the habitat project list that will be implemented during the current funding cycle. The schedule shall also include a list of the entities and individuals implementing projects, the start date, duration, estimated date of completion, estimated cost, and funding sources for the projects.

(6) "Project sponsor" is a county, city, special district, tribal government, a combination of such governments through interlocal agreements provided under chapter 39.34 RCW, a nonprofit organization, or one or more private citizens.

(7) "Salmon" includes all species of the family Salmonidae which are capable of self-sustaining, natural production.

(8) "Salmon recovery plan" means a state plan developed in response to a proposed or actual listing under the federal endangered species act that addresses limiting factors including, but not limited to harvest, hatchery, hydropower, habitat, and other factors of decline.

Sec. 93. RCW 75.46.040 and 1999 1st sp.s. c 13 s 8 are each amended to read as follows:

(1) The salmon recovery office is created within the office of the governor to coordinate state strategy to allow for salmon recovery to healthy sustainable population levels with productive commercial and recreational fisheries. The primary purpose of the office is to coordinate and assist in the development of salmon recovery plans for evolutionarily significant units, and submit those plans to the appropriate tribal governments and federal agencies as an integral part of a state-wide strategy developed consistent with the guiding principles and procedures under RCW 75.46.190 (as recodified by this act). The governor's salmon recovery office may also:

(a) Act as liaison to local governments, the state congressional delegation, the United States congress, federally recognized tribes, and the federal executive branch agencies for issues related to the state's endangered species act salmon recovery plans; and

(b) Provide the biennial state of the salmon report to the legislature pursuant to RCW 75.46.030 (as recodified by this act).

(2) This section expires June 30, 2006.

Sec. 94. RCW 75.46.050 and 1999 1st sp.s. c 13 s 10 are each amended to read as follows:

(1) The governor shall request the national academy of sciences, the American fisheries society, or a comparable institution to screen candidates to serve as members on the independent science panel. The institution that conducts the screening of the candidates shall submit a list of the nine most qualified candidates to the governor, the speaker of the house of representatives, and the majority leader of the senate. The candidates shall reflect expertise in habitat requirements of salmon, protection and restoration of salmon populations, artificial propagation of salmon, hydrology, or geomorphology.

(2) The speaker of the house of representatives and the majority leader in the senate may each remove one name from the nomination list. The governor shall consult with tribal representatives and the governor shall appoint five scientists from the remaining names on the nomination list.
(3) The members of the independent science panel shall serve four-year terms. Vacant positions on the panel shall be filled in the same manner as the original appointments. Members shall serve no more than two full terms. The independent science panel members shall elect the chair of the panel among themselves every two years. Based upon available funding, the governor's salmon recovery office may contract for services with members of the independent science panel for compensation under chapter 39.29 RCW.

(4) The independent science panel shall be governed by generally accepted guidelines and practices governing the activities of independent science boards such as the national academy of sciences. The purpose of the independent science panel is to help ensure that sound science is used in salmon recovery efforts. The governor's salmon recovery office shall request review of salmon recovery plans by the science review panel. The science panel does not have the authority to review individual projects or habitat project lists developed under RCW 75.46.060, 75.46.070, and 75.46.080 (as recodified by this act) or to make policy decisions. The panel shall periodically submit its findings and recommendations under this subsection to the legislature and the governor.

(5) The independent science panel, in conjunction with the technical review team, shall recommend standardized monitoring indicators and data quality guidelines for use by entities involved in habitat projects and salmon recovery activities across the state.

(6) The independent science panel, in conjunction with the technical review team, shall also recommend criteria for the systematic and periodic evaluation of monitoring data in order for the state to be able to answer critical questions about the effectiveness of the state's salmon recovery efforts.

(7) The recommendations on monitoring as required in this section shall be provided in a report to the governor and to the legislature by the independent science panel, in conjunction with the salmon recovery office, no later than December 31, 2000. The report shall also include recommendations on the level of effort needed to sustain monitoring of salmon projects and other recovery efforts, and any other recommendations on monitoring deemed important by the independent science panel and the technical review team. The report may be included in the biennial state of the salmon report required under RCW 75.46.030 (as recodified by this act).

Sec. 95. RCW 75.46.070 and 1999 1st sp.s. c 13 s 12 are each amended to read as follows:

(1) Critical pathways methodology shall be used to develop a habitat project list and a habitat work schedule that ensures salmon habitat projects will be prioritized and implemented in a logical sequential manner that produces habitat capable of sustaining healthy populations of salmon.

(2) The critical pathways methodology shall:
   (a) Include a limiting factors analysis for salmon in streams, rivers, tributaries, estuaries, and subbasins in the region. The technical advisory group shall have responsibility for the limiting factors analysis;
   (b) Identify local habitat projects that sponsors are willing to undertake. The projects identified must have a written agreement from the landowner on which the project is to be implemented. Project sponsors shall have the lead responsibility for this task;
   (c) Identify how projects will be monitored and evaluated. The project sponsor, in consultation with the technical advisory group and the appropriate landowner, shall have responsibility for this task;
   (d) Include a review of monitoring data, evaluate project performance, and make recommendations to the committee established under RCW 75.46.060 (as recodified by this act) and to the technical review team. The technical advisory group has responsibility for this task; and
   (e) Describe the adaptive management strategy that will be used. The committee established under RCW 75.46.060 (as recodified by this act) shall have responsibility for this task. If a committee has not been formed, the technical advisory group shall have the responsibility for this task.

(3) The habitat work schedule shall include all projects developed pursuant to subsection (2) of this section, and shall identify and coordinate with any other salmon habitat project implemented in the region, including habitat preservation projects funded through the Washington wildlife and recreation program, the conservation reserve enhancement program, and other conservancy programs. The habitat work schedule shall also include the start date, duration, estimated date of completion, estimated cost, and, if appropriate, the affected salmonid species of each project. Each schedule shall be updated on an annual basis to depict new activities.

Sec. 96. RCW 75.46.080 and 1999 1st sp.s. c 13 s 15 are each amended to read as follows:

(1) Representatives from the conservation commission, the department of transportation, the department of natural resources, the department of ecology, and the department of fish and wildlife shall establish an interagency review team. Habitat restoration project lists shall be submitted to the interagency review team by January 1st and July 1st of each year. The purpose of the team is to assist the salmon recovery funding board in developing procedures and standards for state-wide funding allocation, and to assist the board in reviewing funding applications to identify the highest priority projects and activities for funding.
(2) If a lead entity established under RCW 75.46.060 (as recodified by this act) has been formed, the interagency review team shall evaluate habitat project lists developed pursuant to RCW 75.46.060 (as recodified by this act) and submitted to the board for consideration for funding. The team shall advise the board on whether the list for the area complies with the list development procedures and critical path methodology provided by RCW 75.46.060 and 75.46.070 (as recodified by this act). When the board determines the list to comply with those requirements it shall accord substantial weight to the list’s project priorities when making determinations among applications for funding of projects and activities within the area covered by the list. Projects that include use of side channels, off-stream rearing enhancement, improvement in overwintering habitat, or use of acclimation ponds shall receive consideration for funding.

(3) The board may annually establish a maximum amount of funding available for any individual project, subject to available funding.

(4) Where a lead entity has been established pursuant to RCW 75.46.060 (as recodified by this act), the board may provide grants to the lead entity to assist in carrying out lead entity functions under this chapter, subject to available funding.

Sec. 97. RCW 75.46.090 and 1998 c 246 s 10 are each amended to read as follows:

(1) The conservation commission, in consultation with local government and the tribes, shall invite private, federal, state, tribal, and local government personnel with appropriate expertise to act as a technical advisory group.

(2) For state personnel, involvement on the technical advisory group shall be at the discretion of the particular agency. Unless specifically provided for in the budget, technical assistance participants shall be provided from existing full-time equivalent employees.

(3) The technical advisory group shall identify the limiting factors for salmonids to respond to the limiting factors relating to habitat pursuant to RCW 75.46.070(2) (as recodified by this act).

(4) Where appropriate, the conservation district within the area implementing this chapter shall take the lead in developing and maintaining relationships between the technical advisory group and the private landowners under RCW 75.46.080 (as recodified by this act). The conservation districts may assist landowners to organize around river, tributary, estuary, or subbasins of a watershed.

(5) Fishery enhancement groups and other volunteer organizations may participate in the activities under this section.

Sec. 98. RCW 75.46.100 and 1999 1st sp.s. c 13 s 14 are each amended to read as follows:

The sea grant program at the University of Washington is authorized to provide technical assistance to volunteer groups and other project sponsors in designing and implementing habitat projects that address the limiting factors analysis required under RCW 75.46.070 (as recodified by this act). The cost for such assistance may be covered on a fee-for-service basis.

Sec. 99. RCW 75.46.110 and 1998 c 246 s 12 are each amended to read as follows:

The southwest Washington salmon recovery region, whose boundaries are provided in chapter 60, Laws of 1998, is created. (If chapter 60, Laws of 1998 is not enacted by July 1, 1998, this section is null and void.)

Sec. 100. RCW 75.46.120 and 1998 c 246 s 16 are each amended to read as follows:

(1) The departments of transportation, fish and wildlife, and ecology, and tribes shall convene a work group to develop policy guidance to evaluate mitigation alternatives. The policy guidance shall be designed to enable committees established under RCW 75.46.060 (as recodified by this act) to develop and implement habitat project lists that maximize environmental benefits from project mitigation while reducing project design and permitting costs. The work group shall seek technical assistance to ensure that federal, state, treaty right, and local environmental laws and ordinances are met. The purpose of this section is not to increase regulatory requirements or expand departmental authority.

(2) The work group shall develop guidance for determining alternative mitigation opportunities. Such guidance shall include criteria and procedures for identifying and evaluating mitigation opportunities within a watershed. Such guidance shall create procedures that provide alternative mitigation that has a low risk to the environment, yet has high net environmental, social, and economic benefits compared to status quo options.

(3) The evaluation shall include:

(a) All elements of mitigation, including but not limited to data requirements, decision making, state and tribal agency coordination, and permitting; and

(b) Criteria and procedures for identifying and evaluating mitigation opportunities, including but not limited to the criteria in chapter 90.74 RCW.

(4) Committees established under RCW 75.46.060 (as recodified by this act) shall coordinate voluntary collaborative efforts between habitat project proponents and mitigation project proponents. Mitigation funds may be used to implement projects identified by a work plan to mitigate for the impacts of a transportation or other development proposal or project.

(5) For the purposes of this section, “mitigation” has the same meaning as provided in RCW 90.74.010.
Sec. 101. RCW 75.46.160 and 1999 1st sp.s. c 13 s 4 are each amended to read as follows:

   (a) Provide assistance to grant applicants regarding the procedures and criteria for grant and loan awards;
   (b) Make and execute all manner of contracts and agreements with public and private parties as the board deems necessary, consistent with the purposes of this chapter;
   (c) Accept any gifts, grants, or loans of funds, property, or financial or other aid in any form from any other source on any terms that are not in conflict with this chapter;
   (d) Adopt rules under chapter 34.05 RCW as necessary to carry out the purposes of this chapter; and
   (e) Do all acts and things necessary or convenient to carry out the powers expressly granted or implied under this chapter.

(2) The board shall develop procedures and criteria for allocation of funds for salmon habitat projects and salmon recovery activities on a state-wide basis to address the highest priorities for salmon habitat protection and restoration. To the extent practicable the board shall adopt an annual allocation of funding. The allocation should address both protection and restoration of habitat, and should recognize the varying needs in each area of the state on an equitable basis. The board has the discretion to partially fund, or to fund in phases, salmon habitat projects. The board may annually establish a maximum amount of funding available for any individual project, subject to available funding. No projects required solely as a mitigation or a condition of permitting are eligible for funding.

(3) The board shall seek the guidance of the technical review team to ensure that scientific principles and information are incorporated into the allocation and into proposed projects and activities.

(4) For fiscal year 2000, the board may authorize the interagency review team to evaluate, rank, and make funding decisions for categories of projects or activities or from funding sources provided for categories of projects or activities. In delegating such authority the board shall consider the review team’s staff resources, procedures, and technical capacity to meet the purposes and objectives of this chapter. The board shall maintain general oversight of the team’s exercise of such authority.

(5) The board shall seek the guidance of the technical review team to ensure that scientific principles and information are incorporated into the allocation and into proposed projects and activities. If the technical review team determines that a habitat project list complies with the critical pathways methodology under RCW 75.46.070, it shall provide substantial weight to the list’s project priorities when making determinations among applications for funding of projects within the area covered by the list.

(6) The board shall establish criteria for determining when block grants may be made to a lead entity or other recognized regional recovery entity consistent with one or more habitat project lists developed for that region. Where a lead entity has been established pursuant to RCW 75.46.060, the board may provide grants to the lead entity to assist in carrying out lead entity functions under this chapter, subject to available funding. The board shall determine an equitable minimum amount of funds for each region, and shall distribute the remainder of funds on a competitive basis.

(7) The board may waive or modify portions of the allocation procedures and standards adopted under this section in the award of grants or loans to conform to legislative appropriations directing an alternative award procedure or when the funds to be awarded are from federal or other sources requiring other allocation procedures or standards as a condition of the board’s receipt of the funds. The board shall develop an integrated process to manage the allocation of funding from federal and state sources to minimize delays in the award of funding while recognizing the differences in state and legislative appropriation timing.

Sec. 102. RCW 75.46.170 and 1999 1st sp.s. c 13 s 5 are each amended to read as follows:

   (i) Are based upon the limiting factors analysis identified under RCW 75.46.070;
   (ii) Provide a greater benefit to salmon recovery based upon the stock status information contained in the department of fish and wildlife salmonid stock inventory (SASSI), the salmon and steelhead habitat inventory and assessment project (SSHIAP), and any comparable science-based assessment when available;
   (iii) Will benefit listed species and other fish species; and
   (iv) Will preserve high quality salmonid habitat.

(b) In evaluating, ranking, and awarding funds for projects and activities the board shall also give consideration to projects that:
   (i) Are the most cost-effective;
   (ii) Have the greatest matched or in-kind funding; and
   (iii) Will be implemented by a sponsor with a successful record of project implementation.

(2) The board may reject, but not add, projects from a habitat project list submitted by a lead entity for funding.

(3) The board may authorize the interagency review team to evaluate, rank, and make funding decisions for categories of projects or activities or from funding sources provided for categories of projects or activities. In delegating such authority the board shall consider the review team’s staff resources, procedures, and technical capacity to meet the purposes and objectives of this chapter. The board shall maintain general oversight of the team’s exercise of such authority.

(4) The board shall seek the guidance of the technical review team to ensure that scientific principles and information are incorporated into the allocation and into proposed projects and activities. If the technical review team determines that a habitat project list complies with the critical pathways methodology under RCW 75.46.070, it shall provide substantial weight to the list’s project priorities when making determinations among applications for funding of projects within the area covered by the list.

(5) The board shall establish criteria for determining when block grants may be made to a lead entity or other recognized regional recovery entity consistent with one or more habitat project lists developed for that region. Where a lead entity has been established pursuant to RCW 75.46.060, the board may provide grants to the lead entity to assist in carrying out lead entity functions under this chapter, subject to available funding. The board shall determine an equitable minimum amount of funds for each region, and shall distribute the remainder of funds on a competitive basis.

(6) The board may waive or modify portions of the allocation procedures and standards adopted under this section in the award of grants or loans to conform to legislative appropriations directing an alternative award procedure or when the funds to be awarded are from federal or other sources requiring other allocation procedures or standards as a condition of the board’s receipt of the funds. The board shall develop an integrated process to manage the allocation of funding from federal and state sources to minimize delays in the award of funding while recognizing the differences in state and legislative appropriation timing.

A portion of each recreational fishing license fee shall be used as provided in RCW 77.32.440. A surcharge of one hundred dollars shall be collected on each commercial salmon fishery license, each salmon delivery license, and each salmon charter license sold in the state. All receipts shall be placed in the regional fisheries enhancement group account and shall be used exclusively for regional fisheries enhancement group projects for the purposes of RCW 75.50.110 (as recodified by this act). Funds from the regional fisheries enhancement group account shall not serve as replacement funding for department operated salmon projects that exist on January 1, 1991.

All revenue from the department's sale of salmon carcasses and eggs that return to group facilities shall be deposited in the regional fisheries enhancement group account for use by the regional fisheries enhancement group that produced the surplus. The commission shall adopt rules to implement this section pursuant to chapter 34.05 RCW.

Sec. 107. RCW 75.50.105 and 1997 c 389 s 2 are each amended to read as follows:

Program recommendations shall include a funding mechanism and other necessary mechanisms to coordinate and prioritize state, tribal, local, and volunteer efforts within each water resource inventory area. A priority shall be given to projects that immediately increase access to available and improved spawning and rearing habitat for depressed, threatened, and endangered stocks. The department or the department of transportation may contract with cities and counties to assist in the identification and removal of impediments to anadromous fish passage.

(A report on the recommendations to develop a program to identify and remove fish passage barriers and any additional legislative action needed to implement the program shall be submitted to the appropriate standing committees of the legislature no later than December 1, 1997.)

Sec. 111. RCW 75.52.020 and 1993 sp.s c 2 s 50 are each amended to read as follows:
Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Volunteer group" means any person or group of persons interested in or party to an agreement with the department relating to a cooperative fish or wildlife project.

(2) "Cooperative project" means a project conducted by a volunteer group that will benefit the fish, shellfish, game bird, nongame wildlife, or game animal resources of the state and for which the benefits of the project, including fish and wildlife reared and released, are available to all citizens of the state. Indian tribes may elect to participate in cooperative fish and wildlife projects with the department.

The procedure shall indicate the information required from the volunteer group as well as the process of review by the department. The process of review shall include the means to coordinate with other agencies and Indian tribes when appropriate and to coordinate the review of any necessary hydraulic permit approval applications.

(2) The procedure for providing within forty-five days of receipt of a proposal a written response to the volunteer group indicating the date by which an acceptance or rejection of the proposal can be expected, the reason why the date was selected, and a written summary of the process of review. The response should also include any suggested modifications to the proposal which would increase its likelihood of approval and the date by which such modified proposal could be expected to be accepted. If the proposal is rejected, the department must provide in writing the reasons for rejection. The volunteer group may request the director or the director's designee to review information provided in the response.

(3) The priority of the uses to which eggs, seed, juveniles, or brood stock are put. Use by cooperative projects shall be second in priority only to the needs of programs of the department or of other public agencies within the territorial boundaries of the state. Sales of eggs, seed, juveniles, or brood stock have a lower priority than use for cooperative projects.

(4) The procedure for ((notice in writing to a volunteer group of cause to revoke)) the director to notify a volunteer group that the agreement for the project is being revoked for cause and the procedure for revocation. Revocation shall be documented in writing to the volunteer group. Cause for revocation may include: (a) The unavailability of adequate biological or financial resources; (b) the development of unacceptable biological or resource management conflicts; or (c) a violation of agreement provisions. Notice of cause to revoke for a violation of agreement provisions may specify a reasonable period of time within which the volunteer group must comply with any violated provisions of the agreement.

Sec. 116. RCW 75.52.130 and 1989 c 85 s 6 are each amended to read as follows:
The legislature recognizes that, if funding for planning, design, evaluation, construction, and operating expenses is provided by a public utility that diverts water for beneficial public use, and if the performance of the spawning channel meets the production goals described in RCW 75.52.120 (as recodified by this act), the spawning channel project will serve, at a minimum, as compensation for lost sockeye salmon spawning habitat upstream of the Landsburg diversion. The amount of funding to be supplied by ((said)) the utility will fully fund the total cost of planning, design, evaluation, and construction of the spawning channel.

Sec. 117. RCW 75.52.140 and 1989 c 85 s 7 are each amended to read as follows:

Moneys in the account may be spent only after appropriation. Expenditures from the account may be used only for recreational fisheries enhancement programs.

Sec. 121. RCW 75.56.050 and 1998 c 60 s 2 are each amended to read as follows:
(1) A pilot program for steelhead recovery is established in Clark, Cowlitz, Lewis, Skamania, and Wahkiakum counties within the habitat area classified as evolutionarily significant unit 4 by the federal national marine fisheries service. The management board created under subsection (2) of this section is responsible for implementing the habitat portion of the approved steelhead recovery initiative and is empowered to receive and disburse funds for the approved steelhead recovery initiative. The management board created pursuant to this section shall constitute the ((regional council for this area responsible for fulfilling the requirements and exercising the powers of a regional council under chapter 246, Laws of 1998)) lead entity and the committee established under RCW 75.46.060 (as recodified by this act) responsible for fulfilling the requirements and exercising powers under this chapter.

(2) A management board consisting of fifteen voting members is created within evolutionarily significant unit 4. The members shall consist of one county commissioner or designee from each of the five participating counties selected by each county legislative authority; one member representing the cities contained within evolutionarily significant unit 4 as a voting member selected by the cities in evolutionarily significant unit 4; a representative of the Cowlitz Tribe appointed by the tribe; one state legislator elected from one of the legislative districts contained within evolutionarily significant unit 4 selected by that group of state
legislators representing the area; five representatives to include at least one member who represents private property interests appointed by the five county commissioners or designees; one hydro utility representative nominated by hydro utilities and appointed by the five county commissioners or designees; and one representative nominated from the environmental community who resides in evolutionarily significant unit 4 appointed by the five county commissioners or designees. The board shall appoint and consult a technical advisory committee, which shall include four representatives of state agencies one each appointed by the directors of the departments of ecology, fish and wildlife, and transportation, and the commissioner of public lands. The board may also appoint additional persons to the technical advisory committee as needed. The chair of the board shall be selected from among the five county commissioners or designees and the legislator on the board. In making appointments under this subsection, the county commissioners shall consider recommendations of interested parties. Vacancies shall be filled in the same manner as the original appointments were selected. No action may be brought or maintained against any management board member, the management board, or any of its agents, officers, or employees for any noncontractual acts or omissions in carrying out the purposes of this section.

(3) (a) The management board shall participate in the development of a recovery plan to implement its responsibilities under (b) of this subsection. The management board shall consider local watershed efforts and activities as well as habitat conservation plans in the implementation of the recovery plan. Any of the participating counties may continue its own efforts for restoring steelhead habitat. Nothing in this section limits the authority of units of local government to enter into interlocal agreements under chapter 39.34 RCW or any other provision of law.

(b) The management board is responsible for implementing the habitat portions of the local government responsibilities of the lower Columbia steelhead conservation initiative approved by the state and the national marine fisheries service. The management board may work in cooperation with the state and the national marine fisheries service to modify the initiative, or to address habitat for other aquatic species that may be subsequently listed under the federal endangered species act. The management board may not exercise authority over land or water within the individual counties or otherwise preempt the authority of any units of local government.

(c) The management board shall prioritize as appropriate and approve projects and programs related to the recovery of lower Columbia river steelhead runs, including the funding of those projects and programs, and coordinate local government efforts as prescribed in the recovery plan. The management board shall establish criteria for funding projects and programs based upon their likely value in steelhead recovery. The management board may consider local economic impact among the criteria, but jurisdictional boundaries and factors related to jurisdictional population may not be considered as part of the criteria.

(d) The management board shall assess the factors for decline along each prioritized stream as listed in the lower Columbia steelhead conservation initiative. The management board is encouraged to take a stream-by-stream approach in conducting the assessment which utilizes state and local expertise, including volunteer groups, interest groups, and affected units of local government.

(4) The management board has the authority to hire and fire staff, including an executive director, enter into contracts, accept grants and other moneys, disburse funds, make recommendations to cities and counties about potential code changes and the development of programs and incentives upon request, pay all necessary expenses, and may choose a fiduciary agent. The management board shall report on its progress on a quarterly basis to the legislative bodies of the five participating counties and the state natural resource-related agencies. The management board shall prepare a final report at the conclusion of the pilot program describing its efforts and successes in implementing the habitat portion of the lower Columbia steelhead conservation initiative. The final report shall be transmitted to the appropriate committees of the legislature, the legislative bodies of the participating counties, and the state natural resource-related agencies.

(5) The pilot program terminates on July 1, 2002.

(6) For purposes of this section, "evolutionarily significant unit" means the habitat area identified for an evolutionarily significant unit of an aquatic species listed or proposed for listing as a threatened or endangered species under the federal endangered species act (16 U.S.C. Sec. 1531 et seq.).

Sec. 122. RCW 75.58.010 and 1998 c 190 s 110 are each amended to read as follows:

1. The director of agriculture and the director shall jointly develop a program of disease inspection and control for aquatic farmers as defined in RCW 15.85.020. The program shall be administered by the department under rules established under this section. The purpose of the program is to protect the aquaculture industry and wildstock fisheries from a loss of productivity due to aquatic diseases or maladies. As used in this section “diseases” means, in addition to its ordinary meaning, infestations of parasites or pests. The disease program may include, but is not limited to, the following elements:

(a) Disease diagnosis;
(b) Import and transfer requirements;
(c) Provision for certification of stocks;

The director of agriculture or the director's designee shall attend the rule-making hearings conducted under chapter 34.05 RCW and shall assist in conducting those hearings. The authorities granted the department by these rules and by RCW 75.08.080(1)(g), 75.24.080, 75.24.110, 75.28.125, 75.58.020, 75.58.030, and 75.58.040 (as recodified by this act) constitute the only authorities of the department to regulate private sector cultured aquatic products and aquatic farmers as defined in RCW 15.85.020. Except as provided in subsection (3) of this section, no action may be taken against any person to enforce these rules unless the department has first provided the person an opportunity for a hearing. In such a case, if the hearing is requested, no enforcement action may be taken before the conclusion of that hearing.

(3) The rules adopted under this section shall specify the emergency enforcement actions that may be taken by the department, and the circumstances under which they may be taken, without first providing the affected party with an opportunity for a hearing. Neither the provisions of this subsection nor the provisions of subsection (2) of this section shall preclude the department from requesting the initiation of criminal proceedings for violations of the disease inspection and control rules.

(4) A person shall not violate the rules adopted under subsection (2) or (3) of this section or violate RCW 75.58.040 (as recodified by this act).

(5) In administering the program established under this section, the department shall use the services of a pathologist licensed to practice veterinary medicine.

(6) The director in administering the program shall not place constraints on or take enforcement actions in respect to the aquaculture industry that are more rigorous than those placed on the department or other fish-rearing entities.

The fees shall be established such that the program shall be entirely funded by revenues derived from the user fees by the beginning of the 1987-89 biennium.

There is established in the state treasury an account known as the aquaculture disease control account which is subject to appropriation. Proceeds of fees charged under this section shall be deposited in the account. Moneys from the account shall be used solely for administering the disease inspection and control program established under RCW 75.58.010 (as recodified by this act).

Sec. 124. RCW 75.58.030 and 1993 sp.s. c 2 s 57 are each amended to read as follows:

(1) The director shall consult regarding the disease inspection and control program established under RCW 75.58.010 (as recodified by this act) with federal agencies and Indian tribes to assure protection of state, federal, and tribal aquatic resources and to protect private sector cultured aquatic products from disease that could originate from waters or facilities managed by those agencies.

(2) With regard to the program, the director may enter into contracts or interagency agreements for diagnostic field services with government agencies and institutions of higher education and private industry.

If the state acquired real property with use limited to specific purposes, the director may negotiate terms for the return of the property to the donor or grantor. Other real property shall be sold to the highest bidder at public auction. After appraisal, notice of the auction shall be published at least once a week for two successive weeks in a newspaper of general circulation within the county where the property is located at least twenty days prior to sale.

The department shall also adopt rules to provide adequate notice to property owners of their options under RCW 77.12.650 (through 77.12.655) and this section.

(1) Beginning in January 1998, the department of fish and wildlife and the department of natural resources shall implement a habitat incentives program based on the recommendations of federally recognized Indian tribes, landowners, the regional fisheries enhancement groups, the timber, fish, and wildlife cooperators, and other interested parties. The program shall allow a private landowner to enter into an agreement with the departments to enhance habitat on the landowner's property for food fish, game fish, or other wildlife species. In exchange, the landowner shall receive state regulatory certainty with regard to future applications for hydraulic project approval or a forest practices permit on the property covered by the agreement. The overall goal of the program is to provide a mechanism that facilitates habitat development on private property while avoiding an adverse state regulatory impact to the landowner at some future date. A single agreement between the departments and a landowner may encompass up to one thousand acres. A landowner may enter into multiple agreements with the departments, provided that the total acreage covered by such agreements with a single landowner does not exceed ten thousand acres. The departments are not obligated to enter into an agreement unless the departments find that the agreement is in the best interest of protecting fish or wildlife species or their habitat.
A description of the condition of the property prior to the implementation of the
agreement, and other information needed by the landowner and the departments for future reference and decisions.

(3) As part of the agreement, the department of fish and wildlife may stipulate the factors that will be considered when the department evaluates a landowner's application for hydraulic project approval under RCW 75.20.100 or 75.20.103 (as recodified by this act) on property covered by the agreement. The department's identification of these evaluation factors shall be in concurrence with the department of natural resources and affected federally recognized Indian tribes. In general, future decisions related to the issuance, conditioning, or denial of hydraulic project approval shall be based on the conditions present on the landowner's property at the time of the agreement, unless all parties agree otherwise.

(4) As part of the agreement, the department of natural resources may stipulate the factors that will be considered when the department evaluates a landowner's application for a forest practices permit under chapter 76.09 RCW on property covered by the agreement. The department's identification of these evaluation factors shall be in concurrence with the department of fish and wildlife and affected federally recognized Indian tribes. In general, future decisions related to the issuance, conditioning, or denial of forest practices permits shall be based on the conditions present on the landowner's property at the time of the agreement, unless all parties agree otherwise.

(5) The agreement is binding on and may be used by only the landowner who entered into the agreement with the department. The agreement shall not be appurtenant with the land. However, if a new landowner chooses to maintain the habitat enhancement efforts on the property, the new landowner and the departments may jointly choose to retain the agreement on the property.

(6) If the departments receive multiple requests for agreements with private landowners under the habitat incentives program, the departments shall prioritize these requests and shall enter into as many agreements as possible within available budgetary resources.

Section 230. RCW 77.12.858 and 1999 c 342 s 6 are each amended to read as follows:

Expenditures from the account may be used only for the purposes specified in RCW 75.50.125 (as recodified by this act) and chapter 342, Laws of 1999. The department shall report biennially to the legislature on the amount of money the salmon stamp program has generated.

Section 231. RCW 77.15.070 and 1998 c 190 s 69 are each amended to read as follows:

(1) Fish and wildlife officers and ex officio fish and wildlife officers may seize without warrant boats, airplanes, vehicles, motorized implements, conveyances, gear, appliances, or other articles they have probable cause to believe have been held with intent to violate or used in violation of this (((chapter)) title or rule of the commission or director. However, fish and wildlife officers or ex officio fish and wildlife officers may not seize any item or article, other than for evidence, if under the circumstances, it is reasonable to conclude that the violation was inadvertent. The property seized is subject to forfeiture to the state under this section regardless of ownership. Property seized may be recovered by its owner by depositing into court a cash bond equal to the value of the seized property but not more than twenty-five thousand dollars. Such cash bond is subject to forfeiture in lieu of the property. Forfeiture of property seized under this section is a civil forfeiture against property and is intended to be a remedial civil sanction.

(2) In the event of a seizure of property under this section, jurisdiction to begin the forfeiture proceedings shall commence upon seizure. Within fifteen days following the seizure, the seizing authority shall serve a written notice of intent to forfeit property on the owner of the property seized and on any person having any known right or interest in the property seized. Notice may be served by any method authorized by law or court rule, including service by certified mail with return receipt requested. Service by mail is deemed complete upon mailing within the fifteen-day period following the seizure.

(3) Persons claiming a right of ownership or right to possession of property are entitled to a hearing to contest forfeiture. Such a claim shall specify the claim of ownership or possession and shall be made in writing and served on the director within forty-five days of the seizure. If the seizing authority has complied with notice requirements and there is no claim made within forty-five days, then the property shall be forfeited to the state.

(4) If any person timely serves the director with a claim to property, the person shall be afforded an opportunity to be heard as to the person's claim or right. The hearing shall be before the director or director's designee, or before an administrative law judge appointed under chapter 34.12 RCW, except that a person asserting a claim or right may remove the matter to a court of competent jurisdiction if the aggregate value of the property seized is more than five thousand dollars.

(5) The hearing to contest forfeiture and any subsequent appeal shall be as provided for in (Title 34 RCW), chapter 34.05 RCW, the administrative procedure act. The seizing authority has the burden to demonstrate that it had reason to believe the property was held with intent to violate or was used in violation of this title or rule of the commission or director. The person
contesting forfeiture has the burden of production and proof by a preponderance of evidence that the person owns or has a right to possess the property and:

(a) That the property was not held with intent to violate or used in violation of this title (or Title 75 RCW); or

(b) If the property is a boat, airplane, or vehicle, that the illegal use or planned illegal use of the boat, airplane, or vehicle occurred without the owner’s knowledge or consent, and that the owner acted reasonably to prevent illegal uses of such boat, airplane, or vehicle.

(6) A forfeiture of a conveyance encumbered by a perfected security interest is subject to the interest of the secured party if the secured party neither had knowledge (or did not) nor consented to the act or omission. No security interest in seized property may be perfected after seizure.

(7) If seized property is forfeited under this section the department may retain it for official use unless the property is required to be destroyed, or upon application by any law enforcement agency of the state, release such property to the agency for the use of enforcing this title, or sell such property, and deposit the proceeds to the wildlife fund, as provided for in RCW 77.12.170.

NEW SECTION. Sec. 232. A new section is added to chapter 77.15 RCW to read as follows:

Fish and wildlife officers and ex officio fish and wildlife officers may seize without a warrant wildlife, fish, and shellfish they have probable cause to believe have been taken, transported, or possessed in violation of this title or rule of the commission or director.

Sec. 233. RCW 77.15.080 and 1998 c 190 s 113 are each amended to read as follows:

Based upon articulable facts that a person is engaged in fishing or hunting activities, fish and wildlife officers have the authority to temporarily stop the person and check for valid licenses, tags, permits, stamps, or catch record cards, and to inspect all fish and wildlife in possession as well as the equipment being used to ensure compliance with the requirements of this title (and Title 75 RCW).

Sec. 234. RCW 77.15.090 and 1998 c 190 s 117 are each amended to read as follows:

On a showing of probable cause that there has been a violation of any fish or wildlife law of the state of Washington, or upon a showing of probable cause to believe that evidence of such violation may be found at a place, a court shall issue a search warrant or arrest warrant. Fish and wildlife officers may execute any such arrest or search warrant reasonably necessary to their duties under this title (and Title 75 RCW) and may seize fish and wildlife or any evidence of a crime and the fruits or instrumentalities of a crime as provided by warrant. The court may have a building, enclosure, vehicle, vessel, container, or receptacle opened or entered and the contents examined.

Sec. 235. RCW 77.15.100 and 1998 c 190 s 63 are each amended to read as follows:

(1) Unless otherwise provided in this title (or Title 75 RCW), fish, shellfish, or wildlife unlawfully taken or possessed, or involved in a violation shall be forfeited to the state upon conviction. Unless already held by, sold, destroyed, or disposed of by the department, the court shall order such fish or wildlife to be delivered to the department. Where delay will cause loss to the value of the property and a ready wholesale buying market exists, the department may sell property to a wholesale buyer at a fair market value.

The President declared the question before the Senate to be the adoption of the Committee on Transportation striking amendment to Substitute House Bill No. 2572.

The motion by Senator Haugen carried and the committee striking amendment was adopted.

MOTIONS

On motion of Senator Haugen, the following title amendment was adopted:

On line 1 of the title, after "helmet;" strike the remainder of the title and insert "and amending RCW 46.37.530."

On motion of Senator Haugen, the rules were suspended, Substitute House Bill No. 2572, as amended by the Senate, was advanced to third reading, the second reading considered the third and the bill was placed on final passage.

POINT OF INQUIRY
Senator Haugen: "Senator Benton, Washington law currently requires motorcycle riders to wear helmets that meet certain safety standards. Is it the intent of the striking amendment to change this requirement?"

Senator Benton: "No, the striking amendment is not intended to change the requirement that motorcycle riders wear safe helmets. Rather the amendment is intended to simplify the enforcement of the helmet law and to allow helmet purchasers to rely on authentic US Department of Transportation stickers when they purchase helmets.

"The current State Patrol and federal safety standards are confusing, making enforcement of the helmet law difficult, and some law enforcement officers may use the current law to harass motorcyclists. This committee striking amendment allows helmet purchasers to rely on authentic US Department of Transportation stickers when they purchase helmets and requires law enforcement officers to depend on these stickers as indications of compliance with the federal safety standards as well."

Senator Haugen: "Thank you, Senator. That is my understanding as well."

Further debate ensued.

The President declared the question before the Senate to be the roll call on the final passage of Substitute House Bill No. 2572, as amended by the Senate.

ROLL CALL

The Secretary called the roll on the final passage of Substitute House Bill No. 2572, as amended by the Senate, and the bill passed the Senate by the following vote: Yeas, 45; Nays, 1; Absent, 2; Excused, 1.

SUBSTITUTE HOUSE BILL NO. 2572, as amended by the Senate, having received the constitutional majority, was declared passed. There being no objection, the title of the bill will stand as the title of the act.

PERSONAL PRIVILEGE

Senator Franklin: "A point of personal privilege, Mr. President. I would just like to--I think this is an opportune time to call your attention to and thank these motorcycle riders for the community work which they have done. I know, specifically, from my community, they have contributed to the children of Mary Bridge Hospital and there are a couple that have come into my office religiously, if you will, for the last ten years. Their images have changed and the community work that they have been doing has really been very good. I think this is an opportune time to thank them for what they have done."

PERSONAL PRIVILEGE

Senator Benton: "A point of personal privilege, Mr. President. I would like to join with Senator Franklin and just point out to the body that this legislation that we just passed and has been before us as a result of a grassroots organization work just average, everyday citizens unlike a lot of the legislation that we deal with that is driven by public agencies or by paid lobbyists. This legislation was just driven by citizens who learned how to organize and learned how to work the American process of legislation. They have been out here and worked and worked for the last several years and it is a good example for every citizen of the state of Washington to see that if you come down and call and write and work with your legislators, you can make significant changes in the laws that affect you in Washington State and I think it is a very good example and I want to applaud them for their efforts and for showing the regular folks out there that you don’t need to have a paid lobbyist or know someone to get something done. You come down and work the process and the process responds to the citizens and for that, I thank you."

POINT OF INQUIRY

Senator Honeyford: "Senator Patterson, I am extremely interested in that terminology, so I too, would like to know."

Self performance for a small contractor, which, by the way, my husband is one, means that they will be able to do the work on a construction site that normally would be contracted out to others. It means that they can 'self perform.' They can do the electric work; the concrete work; they can do the construction work themselves. I hope that answers all of your perverted questions."

(3) Nothing in this section shall be construed to authorize detention of a person unless a valid order of commitment is in effect.

(4) The existence of the notice requirements in this section will not require any extension of the (leave) leave date in the event the (leave) leave plan changes after notification.

(5) The notice requirements contained in this section shall not apply to emergency medical (furloughs) transfers.

(6) The notice provisions of this section are in addition to those provided in RCW 71.05.425.

Sec. 8. RCW 71.05.340 and 1998 c 297 s 21 are each amended to read as follows:

(1)(a) When, in the opinion of the superintendent or the professional person in charge of the hospital or facility providing involuntary treatment, the committed person can be appropriately served by outpatient treatment prior to or at the expiration of the period of commitment, then such outpatient care may be required as a (condition for early) term of conditional release for a period which, when added to the inpatient treatment period, shall not exceed the period of commitment. If the hospital or facility designated to provide outpatient treatment is other than the facility providing involuntary treatment, the outpatient facility so designated must agree in writing to assume such responsibility. A copy of the (conditions for early) terms of conditional release shall be given to the patient, the county designated mental health professional in the county in which the patient is to receive outpatient treatment, and to the court of original commitment.

(b) Before a person committed under grounds set forth in RCW 71.05.280(3) or 71.05.320(2)(c) is conditionally released under (a) of this subsection, the superintendent or professional person in charge of the hospital or facility providing involuntary treatment shall in writing notify the prosecuting attorney of the county in which the criminal charges against the committed person were dismissed, of the decision to conditionally release the person. Notice and a copy of the (conditions for early) terms of conditional release shall be provided at least thirty days before the person is released from inpatient care. Within twenty days after receiving notice, the prosecuting attorney may petition the court in the county that issued the commitment order to hold a hearing to determine whether the person may be conditionally released and the terms of the conditional release. The prosecuting attorney shall provide a copy of the petition to the superintendent or professional person in charge of the hospital or facility providing involuntary treatment, the attorney, if any, and guardian or conservator of the committed person, and the court of original commitment. If the county in which the committed person is to receive outpatient treatment is the same county in which the criminal charges against the committed person were dismissed, then the court shall, upon the motion of the prosecuting attorney, transfer the proceeding to the court in that county. The court shall conduct a hearing on the petition within ten days of the filing of the petition. The committed person shall have the same rights with respect to notice, hearing, and counsel as for an involuntary treatment proceeding, except as set forth in this subsection and except that there shall be no right to jury trial. The issue to be determined at the hearing is whether or not the person may be conditionally released without substantial danger to other persons, or substantial likelihood of committing criminal acts jeopardizing public safety or security. If the court disapproves of the conditional release, it may do so only on the basis of substantial evidence. Pursuant to the determination of the court upon the hearing, the conditional release of the person shall be approved by the court on the same or modified conditions or the person shall be returned for involuntary treatment on an inpatient basis subject to release at the end of the period for which he or she was committed, or otherwise in accordance with the provisions of this chapter.

(2) The hospital or facility designated to provide outpatient care or the secretary may modify the conditions for continued release when such modification is in the best interest of the person. Notification of such changes shall be sent to all persons receiving a copy of the original conditions.
(3)(a) If the hospital or facility designated to provide outpatient care, the county designated mental health professional, or the secretary determines that:

(i) A conditionally released person is failing to adhere to the terms and conditions of his or her release;

(ii) Substantial deterioration in a conditionally released person's functioning has occurred;

(iii) There is evidence of substantial decompensation with a reasonable probability that the decompensation can be reversed by further inpatient treatment; or

(iv) The person poses a likelihood of serious harm.

Upon notification by the hospital or facility designated to provide outpatient care, or on his or her own motion, the county designated mental health professional or the secretary may order that the conditionally released person be apprehended and taken into custody and temporarily detained in an evaluation and treatment facility in or near the county in which he or she is receiving outpatient treatment.

(b) The hospital or facility designated to provide outpatient treatment shall notify the secretary or county designated mental health professional when a conditionally released person fails to adhere to terms and conditions of his or her conditional release or experiences substantial deterioration in his or her condition and, as a result, presents an increased likelihood of serious harm. The county designated mental health professional or secretary shall order the person apprehended and temporarily detained in an evaluation and treatment facility in or near the county in which he or she is receiving outpatient treatment.

(c) A person detained under this subsection (3) shall be held until such time, not exceeding five days, as a hearing can be scheduled to determine whether or not the person should be returned to the hospital or facility from which he or she had been conditionally released. The county designated mental health professional or the secretary may modify or rescind such order at any time prior to commencement of the court hearing.

(d) The court that originally ordered commitment shall be notified within two judicial days of a person's detention under the provisions of this section, and the county designated mental health professional or the secretary shall file his or her petition and order of apprehension and detention with the court and serve them upon the person detained. His or her attorney, if any, and his or her guardian or conservator, if any, shall receive a copy of such papers as soon as possible. Such person shall have the same rights with respect to notice, hearing, and counsel as for an involuntary treatment proceeding, except as specifically set forth in this section and except that there shall be no right to jury trial. The issues to be determined shall be: (i) Whether the conditionally released person did or did not adhere to the terms and conditions of his or her conditional release; (ii) that substantial deterioration in the person's functioning has occurred; (iii) there is evidence of substantial decompensation with a reasonable probability that the decompensation can be reversed by further inpatient treatment; or (iv) there is a likelihood of serious harm; and, if any of the conditions listed in this subsection (3)(d) have occurred, whether the terms of conditional release should be modified or the person should be returned to the facility.

(e) Pursuant to the determination of the court upon such hearing, the conditionally released person shall either continue to be conditionally released on the same or modified conditions or shall be returned for involuntary treatment on an inpatient basis subject to release at the end of the period for which he or she was committed for involuntary treatment, or otherwise in accordance with the provisions of this chapter. Such hearing may be waived by the person and his or her counsel and his or her guardian or conservator, if any, but shall not be waivable unless all such persons agree to waive, and upon such waiver the person may be returned for involuntary treatment or continued on conditional release on the same or modified conditions.

(4) The proceedings set forth in subsection (3) of this section may be initiated by the county designated mental health professional or the secretary on the same basis set forth therein without requiring or ordering the apprehension and detention of the conditionally released person, in which case the court hearing shall take place in not less than five days from the date of service of the petition upon the conditionally released person.

Upon expiration of the period of commitment, or when the person is released from outpatient care, notice in writing to the court which committed the person for treatment shall be provided.

(5) The grounds and procedures for revocation of less restrictive alternative treatment shall be the same as those set forth in this section for conditional releases.

(6) In the event of a revocation of a conditional release, the subsequent treatment period may be for no longer than the actual period authorized in the original court order.

Sec. 9. RCW 71.05.390 and 1999 c 12 s 1 are each amended to read as follows:

(1) If a defendant is acquitted of a crime by reason of insanity, and it is found that he or she is not a substantial danger to other persons, and does not present a substantial likelihood of committing criminal acts jeopardizing public safety or security, unless kept under further control by the court or other persons or institutions, the court shall direct the defendant's [final discharge] release. When appropriate, and subject to available funds, the defendant may be committed to a program specifically reserved for the treatment and training of developmentally disabled persons. A person so committed shall receive habilitation services according to an individualized service plan specifically developed to treat the behavior which was the subject of the criminal proceedings. The treatment program shall be administered by developmental disabilities professionals and others trained specifically in the needs of developmentally disabled persons. The treatment program shall provide physical security to a degree consistent with the finding that the defendant is dangerous and may incorporate varying conditions of security and alternative sites when the dangerousness of any particular defendant makes this necessary. The department may limit admissions to this specialized program in order to ensure that
expenditures for services do not exceed amounts appropriated by the legislature and allocated by the department for such services. The department may establish admission priorities in the event that the number of eligible persons exceeds the limits set by the department.

(3) If it is found that such defendant is not a substantial danger to other persons, and does not present a substantial likelihood of committing criminal acts jeopardizing public safety or security, but that he or she is in need of control by the court or other persons or institutions, the court shall direct the defendant’s conditional release.

Sec. 15. RCW 10.77.120 and 1989 c 420 s 7 are each amended to read as follows:

The court shall appoint a qualified expert or professional person to examine him or her. Continuance of the hearing date shall only be allowed for good cause shown. The prosecuting attorney shall represent the state, and shall have the right to have the petitioner examined by an expert or professional person of the prosecuting attorney’s choice. If the petition is indigent, and the person so requests, the court shall appoint a qualified expert or professional person to examine him or her. If the petitioner is developmentally disabled, the examination shall be performed by a developmental disabilities professional. The hearing shall be before a jury if demanded by either the petitioner or the prosecuting attorney. The burden of proof shall be upon the petitioner to show by a preponderance of the evidence that the petitioner no longer presents, as a result of a mental disease or defect, a substantial danger to other persons, or a substantial likelihood of committing criminal acts jeopardizing public safety or security, unless kept under further control by the court or other persons or institutions.

Nothing contained in this chapter shall prohibit the patient from petitioning the court for conditional release from the institution in which he or she is committed. The issue to be determined on such proceeding is whether the petitioner, as a result of a mental disease or defect, is a substantial danger to other persons, or presents a substantial likelihood of committing criminal acts jeopardizing public safety or security, unless kept under further control by the court or other persons or institutions.

Sec. 17. RCW 10.77.205 and 1994 c 129 s 5 are each amended to read as follows:

(d) The thirty-day notice requirement contained in (a) and (b) of this subsection shall not apply to emergency medical furloughs.

(e) The existence of the notice requirements in (a) and (b) of this subsection shall not require any extension of the release date in the event the release plan changes after notification.

(2) If a person who has been found not guilty of a sex, violent, or felony harassment offense by reason of insanity and who is committed under this chapter escapes, the superintendent shall immediately notify, by the most reasonable and expedient means available, the chief of police of the city and the sheriff of the county in which the person resided immediately before the person's arrest. If previously requested, the superintendent shall also notify the witnesses and the victim, if any, of the crime for which the person was committed or the victim's next of kin if the crime was a homicide. The superintendent shall also notify appropriate persons pursuant to RCW 10.77.165. If the person is recaptured, the secretary shall send notice to the persons designated in this subsection as soon as possible but in no event later than two working days after the department learns of such recapture.

(3) If the victim, the victim's next of kin, or any witness is under the age of sixteen, the notice required by this section shall be sent to the parents or legal guardian of the child.

(4) The department shall send the notices required by this chapter to the last address provided to the department by the requesting party. The requesting party shall furnish the department with a current address.

The parent may request that the officer take the child to the home of an adult extended family member, responsible adult, crisis residential center, the department, or a licensed youth shelter. In responding to the request of the parent, the officer shall take the child to a requested place which, in the officer's belief, is within a reasonable distance of the parent's home. The officer releasing a child into the custody of a parent, an adult extended family member, responsible adult, or a licensed youth shelter shall inform the person receiving the child of the reason for taking the child into custody and inform all parties of the nature and location of appropriate services available in the community; or

(ii) If it is not practical to transport the child to his or her home or place of the parent's employment; or

If the department determines that an appropriate placement is currently available, the department shall accept custody and place the child in an out-of-home placement. Upon accepting custody of a child from the officer, the department may place the child in an out-of-home placement for up to seventy-two hours, excluding Saturdays, Sundays, and holidays, without filing a child in need of services petition under this chapter, obtaining parental consent, or obtaining an order for placement under chapter 13.34 RCW. Upon transferring a child to the department's custody, the officer shall provide written documentation of the reasons and the statutory basis for taking the child into custody. If the department declines to accept custody of the child, the officer may release the child after attempting to take the child to the following, in the order listed: The home of an adult extended family member; a responsible adult; a licensed youth shelter and shall immediately notify the department if no placement option is available and the child is released.

(2) An officer taking a child into custody under RCW 13.32A.050(1)(c) or (d) shall inform the child of the reason for custody. An officer taking a child into custody under RCW 13.32A.050(1)(c) may release the child to the supervising agency, or shall take the child to a designated crisis residential center's secure facility. An officer taking a child into custody under RCW 13.32A.050(1)(d) may place the child in a juvenile detention facility as provided in RCW 13.32A.065 or a secure facility, except that the child shall be taken to either (a) a secure facility that is a separate, secure section of a juvenile detention facility; or (b) detention whenever the officer has been notified that a juvenile court has entered ((an detention)) an order directing such placement under this chapter or chapter 13.34 RCW. In no case may a child in contempt be confined in a secure facility that is free-standing outside a juvenile detention facility.

(3) Whenever an officer transfers custody of a child to a crisis residential center or the department, the child may reside in the crisis residential center or may be placed by the department in an out-of-home placement for an aggregate total period of time not to exceed seventy-two hours excluding Saturdays, Sundays, and holidays, except that a child placed in a secure facility under a court order entered under RCW 13.32A.250 must remain in the secure facility as provided in RCW 13.32A.065. (4) The department shall ensure that all law enforcement authorities are informed on a regular basis as to the location of all designated secure and semi-secure facilities within centers in their jurisdiction, where children taken into custody under RCW 13.32A.050 may be taken.

(1) A child may be placed in either (a) a secure facility that is a separate, secure section of a juvenile detention facility; or (b) detention after being taken into custody pursuant to RCW 13.32A.050(1)(d). In no case may a child in contempt be confined in a secure facility that is free-standing outside a juvenile detention facility. The court shall hold a ((detention)) review hearing within twenty-four hours, excluding Saturdays, Sundays, and holidays. The court shall release the child after twenty-four hours, excluding Saturdays, Sundays, and holidays, unless:

(a) A motion and order to show why the child should not be held in contempt has been filed and served on the child at or before the detention hearing; and

(b) The court believes that the child would not appear at a hearing on contempt.

(2) If the court ((orders the child to remain in detention)) finds that the conditions in subsection (1)(a) and (b) of this section have been met, the court may order the child to remain confined either in (a) a secure facility that is a separate, secure section of a juvenile detention facility; or (b) detention, and shall set the matter for a hearing on contempt within seventy-two hours, excluding Saturdays, Sundays, and holidays. In no case may a child in contempt be confined in a secure facility that is free-standing outside a juvenile detention facility.

Sec. 3. RCW 13.32A.130 and 1997 c 146 s 4 are each amended to read as follows:

(1) A child admitted to a secure facility within a crisis residential center shall remain in the facility for not more than five consecutive days, but for at least twenty-four hours after admission. If the child admitted under this section is transferred between centers or between secure and semi-secure facilities, the aggregate length of time spent in all such centers or facilities may not exceed five consecutive days.

(2)(a)(i) The facility administrator shall determine within twenty-four hours after a child's admission to a secure facility whether the child is likely to remain in a semi-secure facility and may transfer the child to a semi-secure facility or release the child to the department. The determination shall be based on: (A) The need for continued assessment, protection, and treatment of the child in a secure facility; and (B) the likelihood the child would remain at a semi-secure facility until his or her parents can take the child home or a petition can be filed under this title.

(ii) In making the determination the administrator shall consider the following information if known: (A) The child's age and maturity; (B) the child's condition upon arrival at the center; (C) the circumstances that led to the child's being taken to the center;
(D) whether the child's behavior endangers the health, safety, or welfare of the child or any other person; (E) the child's history of running away which has endangered the health, safety, and welfare of the child; and (F) the child's willingness to cooperate in the assessment.

(b) If the administrator of a secure facility determines the child is unlikely to remain in a semi-secure facility, the administrator shall keep the child in the secure facility pursuant to this chapter and in order to provide for space for the child may transfer another child who has been in the facility for at least seventy-two hours to a semi-secure facility. The administrator shall only make a transfer of a child after determining that the child who may be transferred is likely to remain at the semi-secure facility.

(c) A crisis residential center administrator is authorized to transfer a child to a crisis residential center in the area where the child's parents reside or where the child's lawfully prescribed residence is located.

(d) An administrator may transfer a child from a semi-secure facility to a secure facility whenever he or she reasonably believes that the child is likely to leave the semi-secure facility and not return and after full consideration of all factors in (a)(i) and (ii) of this subsection.

(3) If no parent is available or willing to remove the child during the first seventy-two hours following admission, the department shall consider the filing of a petition under RCW 13.32A.140.

(4) Notwithstanding the provisions of subsection (1) of this section, the parents may remove the child at any time during the five-day period unless the staff of the crisis residential center has reasonable cause to believe that the child is absent from the home because he or she is abused or neglected or if allegations of abuse or neglect have been made against the parents. The department or any agency legally charged with the supervision of a child may remove a child from a crisis residential center at any time after the first twenty-four-hour period after admission has elapsed and only after full consideration by all parties of the factors in subsection (2)(a) of this section.

(5) Crisis residential center staff shall make reasonable efforts to protect the child and achieve a reconciliation of the family. If a reconciliation and voluntary return of the child has not been achieved within forty-eight hours from the time of intake, and if the administrator of the center does not consider it likely that reconciliation will be achieved within the five-day period, then the administrator shall inform the parent and child of: (a) The availability of counseling services; (b) the right to file a child in need of services petition for an out-of-home placement, the right of a parent to file an at-risk youth petition, and the right of the parent and child to obtain assistance in filing the petition; (c) the right to request the facility administrator or his or her designee to form a multidisciplinary team; (d) the right to request a review of any out-of-home placement; (e) the right to request a mental health or chemical dependency evaluation by a county-designated professional or a private treatment facility; and (f) the right to request treatment in a program to address the child's at-risk behavior under RCW 13.32A.197.

(6) At no time shall information regarding a parent's or child's rights be withheld. The department shall develop and distribute to all law enforcement agencies and to each crisis residential center administrator a written statement delineating the services and rights. Every officer taking a child into custody shall provide the child and his or her parent(s) or responsible adult with whom the child is placed with a copy of the statement. In addition, the administrator of the facility or his or her designee shall provide every resident and parent with a copy of the statement.

(7) A crisis residential center and its administrator or his or her designee acting in good faith in carrying out the provisions of this section are immune from criminal or civil liability for such actions.

(8) This section does not apply to children admitted to a secure facility that is a separate, secure section of a juvenile detention facility under a court order issued under RCW 13.32A.250(3) or 28A.225.090(2). In no case may a child in contempt be confined in a secure facility that is free-standing outside a juvenile detention facility.

Sec. 4. RCW 13.32A.250 and 1998 c 296 s 37 are each amended to read as follows:

(1) In all child in need of services proceedings and at-risk youth proceedings, the court shall verbally notify the parents and the child of the possibility of a finding of contempt for failure to comply with the terms of a court order entered pursuant to this chapter. Except as otherwise provided in this section, the court shall treat the parents and the child equally for the purposes of applying contempt of court processes and penalties under this section.

(2) Failure by a party to comply with an order entered under this chapter is a civil contempt of court as provided in RCW 7.21.030(2)(e), subject to the limitations of subsection (3) of this section.

(3) The court may impose remedial sanctions including a fine of up to one hundred dollars and confinement for up to seven days, or both or contempt of court under this section.

(4) A child placed in confinement for contempt under this section shall be placed in confinement (including) either in a secure juvenile detention facility operated by or pursuant to a contract with a county or a secure facility that is a separate, secure section of a juvenile detention facility. In no case may a child in contempt be confined in a secure facility that is free-standing outside a juvenile detention facility.

(5) A motion for contempt may be made by a parent, a child, juvenile court personnel, or by any public agency, organization, or person having custody of the child under a court order adopted pursuant to this chapter.
Whenever the court finds probable cause to believe, based upon consideration of a motion for contempt and the information set forth in a supporting declaration, that a child has violated a placement order entered under this chapter, the court may issue an order directing law enforcement to pick up and take the child to detention or to a secure facility. The order may be entered ex parte without prior notice to the child or other parties. Following the child's admission to detention or to the secure facility, a (detention) review hearing must be held in accordance with RCW 13.32A.065.

NEW SECTION. Sec. 5. A new section is added to chapter 13.32A RCW to read as follows:

No placement of a juvenile in a secure facility under RCW 13.32A.060, 13.32A.065, 13.32A.130, 13.32A.250, 28A.225.090, 74.13.033, or 74.13.034 as a result of an order entered under RCW 13.32A.250 or 28A.225.090(2) may displace, or prevent the placement of, a juvenile in a secure facility under RCW 13.32A.050, 13.32A.060, or 13.32A.130. If a secure facility is located in a separate, secure section of a juvenile detention facility, no more than fifty percent of its capacity may be occupied by juveniles placed under RCW 13.32A.250 or 28A.225.090(2). If any capacity of a secure facility located in a juvenile detention facility is taken by a juvenile placed under RCW 13.32A.250 or 28A.225.090 and a juvenile is brought to the secure facility under RCW 13.32A.050, 13.32A.060, or 13.32A.130, that juvenile must be placed in the secure facility and a juvenile placed under RCW 13.32A.250 or 28A.225.090 be moved immediately to the juvenile detention facility.

Sec. 6. RCW 28A.225.090 and 1999 c 319 s 4 are each amended to read as follows:

(1) A court may order a child subject to a petition under RCW 28A.225.035 to:
(a) Attend the child's current school;
(b) If there is space available and the program can provide educational services appropriate for the child, order the child to attend another public school, an alternative education program, center, a skill center, dropout prevention program, or another public educational program;
(c) Attend a private nonsectarian school or program including an education center. Before ordering a child to attend an approved or certified private nonsectarian school or program, the court shall: (i) Consider the public and private programs available; (ii) find that placement is in the best interest of the child; and (iii) find that the private school or program is willing to accept the child and will not charge any fees in addition to those established by contract with the student's school district. If the court orders the child to enroll in a private school or program, the child's school district shall contract with the school or program to provide educational services for the child. The school district shall not be required to contract for a weekly rate that exceeds the state general apportionment dollars calculated on a weekly basis generated by the child and received by the district. A school district shall not be required to enter into a contract that is longer than the remainder of the school year. A school district shall not be required to enter into or continue a contract if the child is no longer enrolled in the district;
(d) Be referred to a community truancy board, if available; or
(e) Submit to testing for the use of controlled substances or alcohol based on a determination that such testing is appropriate to the circumstances and behavior of the child and will facilitate the child's compliance with the mandatory attendance law.

(2) If the child fails to comply with the court order, the court may order the child to be placed in confinement for contempt, either in a juvenile detention facility operated by or under a contract with a county or in a secure facility that is a separate, secure section of a juvenile detention facility, or may impose alternatives to confinement such as community service. Failure by a child to comply with an order issued under this subsection shall not be subject to detention for a period greater than that permitted pursuant to a civil contempt proceeding against a child under chapter 13.32A RCW. In no case may a child in contempt be confined in a secure facility that is free-standing outside a juvenile detention facility.

(3) Any parent violating any of the provisions of either RCW 28A.225.010, 28A.225.015, or 28A.225.080 shall be fined not more than twenty-five dollars for each day of unexcused absence from school. It shall be a defense for a parent charged with violating RCW 28A.225.010 to show that he or she exercised reasonable diligence in attempting to cause a child in his or her custody to attend school or that the child's school did not perform its duties as required in RCW 28A.225.020. The court may order the parent to provide community service instead of imposing a fine. Any fine imposed pursuant to this section may be suspended upon the condition that a parent charged with violating RCW 28A.225.010 shall participate with the school and the child in a supervised plan for the child's attendance at school or upon condition that the parent attend a conference or conferences scheduled by a school for the purpose of analyzing the causes of a child's absence.

(4) If a child continues to be truant after entering into a court-approved order with the truancy board under RCW 28A.225.035, the juvenile court shall find the child in contempt, and the court may order the child to be subject to detention, as provided in RCW 7.21.030(2)(e), or may impose alternatives to detention such as meaningful community service. Failure by a child to comply with an order issued under this subsection may not subject a child to detention for a period greater than that permitted under a civil contempt proceeding against a child under chapter 13.32A RCW.
(5) Subsections (1), (2), and (4) of this section shall not apply to a six or seven year-old child required to attend public school under RCW 28A.225.015.

Sec. 7. RCW 74.13.033 and 1995 c 312 s 62 are each amended to read as follows:

(1) If a resident of a center becomes by his or her behavior disruptive to the facility's program, such resident may be immediately removed to a separate area within the facility and counseled on an individual basis until such time as the child regains his or her composure. The department may set rules and regulations establishing additional procedures for dealing with severely disruptive children on the premises. A child confined in a secure facility that is a separate, secure section of a juvenile detention facility under RCW 13.32A.250(3) or 28A.225.090(2) may be moved to an available bed in a juvenile detention facility. In no case may a child in contempt be confined in a secure facility that is free-standing outside a juvenile detention facility.

(2) When the juvenile resides in this facility, all services deemed necessary to the juvenile's reentry to normal family life shall be made available to the juvenile as required by chapter 13.32A RCW. In assessing the child and providing these services, the facility staff shall:

(a) Interview the juvenile as soon as possible;
(b) Contact the juvenile's parents and arrange for a counseling interview with the juvenile and his or her parents as soon as possible;
(c) Conduct counseling interviews with the juvenile and his or her parents, to the end that resolution of the child/parent conflict is attained and the child is returned home as soon as possible;
(d) Provide additional crisis counseling as needed, to the end that placement of the child in the crisis residential center will be required for the shortest time possible, but not to exceed five consecutive days or, in the case of a child admitted by court order issued under RCW 13.32A.250(3) or 28A.225.090(2), seven consecutive days; and
(e) Convene, when appropriate, a multidisciplinary team.

(3) Based on the assessments done under subsection (2) of this section the facility staff may refer any child who, as the result of a mental or emotional disorder, or intoxication by alcohol or other drugs, is suicidal, seriously assaultive, or seriously destructive toward others, or otherwise similarly evidences an immediate need for emergency medical evaluation and possible care, for evaluation pursuant to chapter 71.34 RCW, to a mental health professional pursuant to chapter 71.05 RCW, or to a chemical dependency specialist pursuant to chapter 70.96A RCW whenever such action is deemed appropriate and consistent with law.

(4) A juvenile taking unauthorized leave from a facility shall be apprehended and returned to it by law enforcement officers or other persons designated as having this authority as provided in RCW 13.32A.050. If returned to the facility after having taken unauthorized leave for a period of more than twenty-four hours a juvenile shall be supervised by such a facility for a period, pursuant to this chapter, which, unless otherwise provided, may not exceed five consecutive days on the premises. Costs of housing juveniles admitted to crisis residential centers shall be assumed by the department for a period not to exceed five consecutive days.

Sec. 8. RCW 74.13.034 and 1995 c 312 s 63 are each amended to read as follows:

(1) A child taken into custody and taken to a crisis residential center established pursuant to RCW 74.13.032 may, if the center is unable to provide appropriate treatment, supervision, and structure to the child, be taken at department expense to another crisis residential center, the nearest regional secure crisis residential center, or a secure facility with which it is colocated under RCW 13.32A.130. Placement in both locations shall not exceed five consecutive days from the point of intake as provided in RCW 13.32A.130 or, in the case of a child admitted by court order issued under RCW 13.32A.250(3) or 28A.225.090(2), seven consecutive days.

(2) A child taken into custody and taken to a crisis residential center established by this chapter may be placed physically by the department or the department's designee and, at departmental expense and approval, in a secure juvenile detention facility operated by the county in which the center is located for a maximum of forty-eight hours, including Saturdays, Sundays, and holidays, if the child has taken unauthorized leave from the center and the person in charge of the center determines that the center cannot provide supervision and structure adequate to ensure that the child will not again take unauthorized leave. Juveniles placed in such a facility pursuant to this section may not, to the extent possible, come in contact with alleged or convicted juvenile or adult offenders.

(3) Any child placed in secure detention pursuant to this section shall, during the period of confinement, be provided with appropriate treatment by the department or the department's designee, which shall include the services defined in RCW 74.13.033(2). If the child placed in secure detention is not returned home or if an alternative living arrangement agreeable to the parent and the child is not made within twenty-four hours after the child's admission, the child shall be taken at the department's expense to a crisis residential center. Placement in the crisis residential center or centers plus placement in juvenile detention shall not exceed five consecutive days from the point of intake as provided in RCW 13.32A.130 or, in the case of a child admitted by court order issued under RCW 13.32A.250(3) or 28A.225.090(2), seven consecutive days.

(4) Juvenile detention facilities used pursuant to this section shall first be certified by the department to ensure that juveniles placed in the facility pursuant to this section are provided with living conditions suitable to the well-being of the child.
Where space is available, juvenile courts, when certified by the department to do so, shall provide secure placement for juveniles pursuant to this section, at department expense.

**NEW SECTION. Sec. 9.** A new section is added to chapter 13.32A RCW to read as follows:

The department has no responsibility to attend hearings, provide transportation, case management, or any other services to youth confined in a secure facility that is a separate, secure section of a juvenile detention facility unless it is otherwise ordered by a court under a petition relating to a child in need of services, an at-risk youth, or truancy.

**NEW SECTION. Sec. 10.** A new section is added to chapter 13.32A RCW to read as follows:

No contract entered on or after the effective date of this act between the department and any entity for the operation of a secure facility that is a separate, secure section of a juvenile detention facility may allow payment by the department for capacity used by any juvenile placed under RCW 13.32A.250 or 28A.225.090.

**NEW SECTION. Sec. 11.** This act expires June 30, 2002.

**MOTION**

Senator Hargrove moved that the following striking amendment by Senators Hargrove and Long be adopted:

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 13.32A.060 and 1997 c 146 s 3 are each amended to read as follows:

(1) An officer taking a child into custody under RCW 13.32A.050(1) (a) or (b) shall inform the child of the reason for such custody and shall:

(a) Transport the child to his or her home or to a parent at his or her place of employment, if no parent is at home. The parent may request that the officer take the child to the home of an adult extended family member, responsible adult, crisis residential center, the department, or a licensed youth shelter. In responding to the request of the parent, the officer shall take the child to a requested place which, in the officer's belief, is within a reasonable distance of the parent's home. The officer releasing a child into the custody of a parent, an adult extended family member, responsible adult, or a licensed youth shelter shall inform the person receiving the child of the reason for taking the child into custody and inform all parties of the nature and location of appropriate services available in the community; or

(b) After attempting to notify the parent, take the child to a designated crisis residential center's secure facility or a center's semi-secure facility if a secure facility is full, not available, or not located within a reasonable distance:

(i) If the child expresses fear or distress at the prospect of being returned to his or her home which leads the officer to believe there is a possibility that the child is experiencing some type of child abuse or neglect, as defined in RCW 26.44.020;

(ii) If it is not practical to transport the child to his or her home or place of the parent's employment; or

(iii) If there is no parent available to accept custody of the child; or

(c) After attempting to notify the parent, if a crisis residential center is full, not available, or not located within a reasonable distance, the officer may request the department to accept custody of the child. If the department determines that an appropriate placement is currently available, the department shall accept custody and place the child in an out-of-home placement. Upon accepting custody of a child from the officer, the department may place the child in an out-of-home placement for up to seventy-two hours, excluding Saturdays, Sundays, and holidays, without filing a child in need of services petition under this chapter, obtaining parental consent, or obtaining an order for placement under chapter 13.34 RCW. Upon transferring a child to the department's custody, the officer shall provide written documentation of the reasons and the statutory basis for taking the child into custody. If the department declines to accept custody of the child, the officer may release the child after attempting to take the child to the following, in the order listed: The home of an adult extended family member; a responsible adult; a licensed youth shelter and shall immediately notify the department if no placement option is available and the child is released.

(2) An officer taking a child into custody under RCW 13.32A.050(1) (c) or (d) shall inform the child of the reason for custody. An officer taking a child into custody under RCW 13.32A.050(1)(c) may release the child to the supervising agency, or shall take the child to a designated crisis residential center's secure facility. If the secure facility is not available, not located within a reasonable distance, or full, the officer shall take the child to a semi-secure crisis residential center. An officer taking a child into custody under RCW 13.32A.050(1)(d) may place the child in a juvenile detention facility as provided in RCW 13.32A.065 or a secure facility, except that the child shall be taken to either (a) a secure facility that is a separate, secure section of a juvenile detention facility; or (b) detention whenever the officer has been notified that a juvenile court has entered ((a detention)) an order directing such placement under this chapter or chapter 13.34 RCW. In no case may a child in contempt be confined in a secure facility that is free-standing outside a juvenile detention facility.

(3) Whenever an officer transfers custody of a child to a crisis residential center or the department, the child may reside in the crisis residential center or may be placed by the department in an out-of-home placement for an aggregate total period of time not to exceed seventy-two hours excluding Saturdays, Sundays, and holidays, except that a child placed in a secure facility under a
court order entered under RCW 13.32A.250 must remain in the secure facility as provided in RCW 13.32A.065. Thereafter, the child may continue in out-of-home placement only if the parents have consented, a child in need of services petition has been filed under this chapter, or an order for placement has been entered under chapter 13.34 RCW.

(4) The department shall ensure that all law enforcement authorities are informed on a regular basis as to the location of all designated secure and semi-secure facilities within centers in their jurisdiction, where children taken into custody under RCW 13.32A.050 may be taken.

Sec. 2. RCW 13.32A.065 and 1996 c 133 s 12 are each amended to read as follows:

(1) A child may be placed in either (a) a secure facility that is a separate, secure section of a juvenile detention facility; or (b) detention after being taken into custody pursuant to RCW 13.32A.050(1)(d). In no case may a child in contempt be confined in a secure facility that is free-standing outside a juvenile detention facility. The court shall hold a ((detention)) review hearing within twenty-four hours, excluding Saturdays, Sundays, and holidays. The court shall release the child after twenty-four hours, excluding Saturdays, Sundays, and holidays, unless:

(a) A motion and order to show why the child should not be held in contempt has been filed and served on the child at or before the detention hearing; and

(b) The court believes that the child would not appear at a hearing on contempt.

(2) If the court ((orders the child to remain in detention)) finds that the conditions in subsection (1)(a) and (b) of this section have been met, the court may order the child to remain confined either in (a) a secure facility that is a separate, secure section of a juvenile detention facility; or (b) detention, and shall set the matter for a hearing on contempt within seventy-two hours, excluding Saturdays, Sundays, and holidays. In no case may a child in contempt be confined in a secure facility that is free-standing outside a juvenile detention facility.

Sec. 3. RCW 13.32A.130 and 1997 c 146 s 4 are each amended to read as follows:

(1) A child admitted to a secure facility within a crisis residential center shall remain in the facility for not more than five consecutive days, but for at least twenty-four hours after admission. If the child admitted under this section is transferred between centers or between secure and semi-secure facilities, the aggregate length of time spent in all such centers or facilities may not exceed five consecutive days.

(2)(a)(i) The facility administrator shall determine within twenty-four hours after a child's admission to a secure facility whether the child is likely to remain in a semi-secure facility and may transfer the child to a semi-secure facility or release the child to the department. The determination shall be based on: (A) The need for continued assessment, protection, and treatment of the child in a secure facility; and (B) the likelihood the child would remain at a semi-secure facility until his or her parents can take the child home or a petition can be filed under this title.

(ii) In making the determination the administrator shall consider the following information if known: (A) The child's age and maturity; (B) the child's condition upon arrival at the center; (C) the circumstances that led to the child's being taken to the center; (D) whether the child's behavior endangers the health, safety, or welfare of the child or any other person; (E) the child's history of running away which has endangered the health, safety, and welfare of the child; and (F) the child's willingness to cooperate in the assessment.

(b) If the administrator of a secure facility determines the child is unlikely to remain in a semi-secure facility, the administrator shall keep the child in the secure facility pursuant to this chapter and in order to provide for space for the child may transfer another child who has been in the facility for at least seventy-two hours to a semi-secure facility. The administrator shall only make a transfer of a child after determining that the child who may be transferred is likely to remain at the semi-secure facility.

(c) A crisis residential center administrator is authorized to transfer a child to a crisis residential center in the area where the child's parents reside or where the child's lawfully prescribed residence is located.

(d) An administrator may transfer a child from a semi-secure facility to a secure facility whenever he or she reasonably believes that the child is likely to leave the semi-secure facility and not return and after full consideration of all factors in (a)(i) and (ii) of this subsection.

(3) If no parent is available or willing to remove the child during the first seventy-two hours following admission, the department shall consider the filing of a petition under RCW 13.32A.140.

(4) Notwithstanding the provisions of subsection (1) of this section, the parents may remove the child at any time during the five-day period unless the staff of the crisis residential center has reasonable cause to believe that the child is absent from the home because he or she is abused or neglected or if allegations of abuse or neglect have been made against the parents. The department or any agency legally charged with the supervision of a child may remove a child from a crisis residential center at any time after the first twenty-four-hour period after admission has elapsed and only after full consideration by all parties of the factors in subsection (2)(a) of this section.

(5) Crisis residential center staff shall make reasonable efforts to protect the child and achieve a reconciliation of the family. If a reconciliation and voluntary return of the child has not been achieved within forty-eight hours from the time of intake, and
if the administrator of the center does not consider it likely that reconciliation will be achieved within the five-day period, then the administrator shall inform the parent and child of: (a) The availability of counseling services; (b) the right to file a child in need of services petition for an out-of-home placement, the right of a parent to file an at-risk youth petition, and the right of the parent and child to obtain assistance in filing the petition; (c) the right to request the facility administrator or his or her designee to form a multidisciplinary team; (d) the right to request a review of any out-of-home placement; (e) the right to request a mental health or chemical dependency evaluation by a county-designated professional or a private treatment facility; and (f) the right to request treatment in a program to address the child's at-risk behavior under RCW 13.32A.197.

(6) At no time shall information regarding a parent's or child's rights be withheld. The department shall develop and distribute to all law enforcement agencies and to each crisis residential center administrator a written statement delineating the services and rights. Every officer taking a child into custody shall provide the child and his or her parent(s) or responsible adult with whom the child is placed with a copy of the statement. In addition, the administrator of the facility or his or her designee shall provide every resident and parent with a copy of the statement.

A crisis residential center and its administrator or his or her designee acting in good faith in carrying out the provisions of this section are immune from criminal or civil liability for such actions.

(8) This section does not apply to children admitted to a secure facility that is a separate, secure section of a juvenile detention facility under a court order issued under RCW 13.32A.250(3) or 28A.225.090(2) or 74.13.034 as a juvenile in contempt be confined in a secure facility that is free-standing outside a juvenile detention facility.

**Sec. 4.** RCW 13.32A.250 and 1998 c 296 s 37 are each amended to read as follows:

(1) In all children in need of services proceedings and at-risk youth proceedings, the court shall verbally notify the parents and the child of the possibility of a finding of contempt for failure to comply with the terms of a court order entered pursuant to this chapter. Except as otherwise provided in this section, the court shall treat the parents and the child equally for the purposes of applying contempt of court processes and penalties under this section.

(2) Failure by a child to comply with an order entered under this chapter is a civil contempt of court as provided in RCW 7.21.030(2)(e), subject to the limitations of subsection (3) of this section.

(3) The court may impose remedial sanctions including a fine of up to one hundred dollars and confinement for up to seven days, or both for contempt of court under this section.

(4) A child placed in confinement for contempt under this section shall be placed in confinement (except for the purpose of (a) attending another public school, an alternative education program, center, a skill center, dropout prevention program, or another public educational program;

(5) A motion for contempt may be made by a parent, a child, juvenile court personnel, or by any public agency, organization, or person having custody of the child under a court order adopted pursuant to this chapter.

(6) Whenever the court finds probable cause to believe, based upon consideration of a motion for contempt and the information set forth in a supporting declaration, that a child has violated a placement order entered under this chapter, the court may issue an order directing law enforcement to pick up and take the child to detention or to a secure facility. The order may be entered ex parte without prior notice to the child or other parties. Following the child's admission to detention or to the secure facility, a detention review hearing must be held in accordance with RCW 13.32A.065.

**NEW SECTION.** Sec. 5. A new section is added to chapter 13.32A RCW to read as follows:

No placement of a juvenile in a secure facility under RCW 13.32A.250, 13.32A.60, 13.32A.065, 13.32A.130, 13.32A.250, 28A.225.090, 74.13.033, or 74.13.034 as a result of an order entered under RCW 13.32A.250 or 28A.225.090(2) may displace, or prevent the placement of, a juvenile in a secure facility under RCW 13.32A.050, 13.32A.060, or 13.32A.130. If a secure facility is located in a separate, secure section of a juvenile detention facility, no more than fifty percent of its capacity may be occupied by juveniles placed under RCW 13.32A.250 or 28A.225.090(2). If any capacity of a secure facility located in a juvenile detention facility is taken by a juvenile placed under RCW 13.32A.250 or 28A.225.090 and a juvenile is brought to the secure facility under RCW 13.32A.050, 13.32A.060, or 13.32A.130, that juvenile must be placed in the secure facility and a juvenile placed under RCW 13.32A.250 or 28A.225.090 be moved immediately to the juvenile detention facility.

**Sec. 6.** RCW 28A.225.090 and 1999 c 319 s 4 are each amended to read as follows:

(1) A court may order a child subject to a petition under RCW 28A.225.035 to:

(a) Attend the child's current school;

(b) If there is space available and the program can provide educational services appropriate for the child, order the child to attend another public school, an alternative education program, center, a skill center, dropout prevention program, or another program educational program;

(c) Attend a private nonsectarian school or program including an education center. Before ordering a child to attend an approved or certified private nonsectarian school or program, the court shall: (i) Consider the public and private programs available;
(ii) find that placement is in the best interest of the child; and (iii) find that the private school or program is willing to accept the child and will not charge any fees in addition to those established by contract with the student's school district. If the court orders the child to enroll in a private school or program, the child's school district shall contract with the school or program to provide educational services for the child. The school district shall not be required to contract for a weekly rate that exceeds the state general apportionment dollars calculated on a weekly basis generated by the child and received by the district. A school district shall not be required to enter into a contract that is longer than the remainder of the school year. A school district shall not be required to enter into or continue a contract if the child is no longer enrolled in the district;

(d) Be referred to a community truancy board, if available; or

(e) Submit to testing for the use of controlled substances or alcohol based on a determination that such testing is appropriate to the circumstances and behavior of the child and will facilitate the child's compliance with the mandatory attendance law.

(2) If the child fails to comply with the court order, the court may order the child to be ((subject to detention, as provided in RCW 7.21.030(2)(e))) placed in confinement for contempt, either in a juvenile detention facility operated by or under a contract with a county or in a secure facility that is a separate, secure section of a juvenile detention facility, or may impose alternatives to ((detention)) confinement such as community service. Failure by a child to comply with an order issued under this subsection shall not be subject to detention for a period greater than that permitted pursuant to a civil contempt proceeding against a child under chapter 13.32A RCW. In no case may a child in contempt be confined in a secure facility that is free-standing outside a juvenile detention facility.

(3) Any parent violating any of the provisions of either RCW 28A.225.010, 28A.225.015, or 28A.225.080 shall be fined not more than twenty-five dollars for each day of unexcused absence from school. It shall be a defense for a parent charged with violating RCW 28A.225.010 to show that he or she exercised reasonable diligence in attempting to cause a child in his or her custody to attend school or that the child's school did not perform its duties as required in RCW 28A.225.020. The court may order the parent to provide community service instead of imposing a fine. Any fine imposed pursuant to this section may be suspended upon the condition that a parent charged with violating RCW 28A.225.010 shall participate with the school and in a supervised plan for the child's attendance at school or upon condition that the parent attend a conference or conferences scheduled by a school for the purpose of analyzing the causes of a child's absence.

(4) If a child continues to be truant after entering into a court-approved order with the truancy board under RCW 28A.225.035, the juvenile court shall find the child in contempt, and the court may order the child to be subject to detention, as provided in RCW 7.21.030(2)(e), or may impose alternatives to detention such as meaningful community service. Failure by a child to comply with an order issued under this subsection may not subject a child to detention for a period greater than that permitted under a civil contempt proceeding against a child under chapter 13.32A RCW.

(5) Subsections (1), (2), and (4) of this section shall not apply to a six or seven year-old child required to attend public school under RCW 28A.225.015.

Sec. 7. RCW 74.13.033 and 1995 c 312 s 62 are each amended to read as follows:

(1) If a resident of a center becomes by his or her behavior disruptive to the facility's program, such resident may be immediately removed to a separate area within the facility and counseled on an individual basis until such time as the child regains his or her composure. The department may set rules and regulations establishing additional procedures for dealing with severely disruptive children on the premises. A child confined in a secure facility that is a separate, secure section of a juvenile detention facility under RCW 13.32A.250(3) or 28A.225.090(2) may be moved to an available bed in a juvenile detention facility. In no case may a child in contempt be confined in a secure facility that is free-standing outside a juvenile detention facility.

(2) When the juvenile resides in this facility, all services deemed necessary to the juvenile's reentry to normal family life shall be made available to the juvenile as required by chapter 13.32A RCW. In assessing the child and providing these services, the facility staff shall:

(a) Interview the juvenile as soon as possible;

(b) Contact the juvenile's parents and arrange for a counseling interview with the juvenile and his or her parents as soon as possible;

(c) Conduct counseling interviews with the juvenile and his or her parents, to the end that resolution of the child/parent conflict is attained and the child is returned home as soon as possible;

(d) Provide additional crisis counseling as needed, to the end that placement of the child in the crisis residential center will be required for the shortest time possible, but not to exceed five consecutive days or, in the case of a child admitted by court order issued under RCW 13.32A.250(3) or 28A.225.090(2), seven consecutive days; and

(e) Convene, when appropriate, a multidisciplinary team.

(3) Based on the assessments done under subsection (2) of this section the facility staff may refer any child who, as the result of a mental or emotional disorder, or intoxication by alcohol or other drugs, is suicidal, seriously assaulative, or seriously
destructive toward others, or otherwise similarly evidences an immediate need for emergency medical evaluation and possible care, for evaluation pursuant to chapter 71.34 RCW, to a mental health professional pursuant to chapter 71.05 RCW, or to a chemical dependency specialist pursuant to chapter 70.96A RCW whenever such action is deemed appropriate and consistent with law.

(4) A juvenile taking unauthorized leave from a facility shall be apprehended and returned to it by law enforcement officers or other persons designated as having this authority as provided in RCW 13.32A.050. If returned to the facility after having taken unauthorized leave for a period of more than twenty-four hours a juvenile shall be supervised by such a facility for a period, pursuant to this chapter, which, unless where otherwise provided, may not exceed five consecutive days on the premises. Costs of housing juveniles admitted to crisis residential centers shall be assumed by the department for a period not to exceed five consecutive days.

Sec. 8.  RCW 74.13.034 and 1995 c 312 s 63 are each amended to read as follows:

(1) A child taken into custody and taken to a crisis residential center established pursuant to RCW 74.13.032 may, if the center is unable to provide appropriate treatment, supervision, and structure to the child, be taken at department expense to another crisis residential center, the nearest regional secure crisis residential center, or a secure facility with which it is collocated under RCW 74.13.032. Placement in both locations shall not exceed five consecutive days from the point of intake as provided in RCW 13.32A.130 or, in the case of a child admitted by court order issued under RCW 13.32A.250(3) or 28A.225.090(2), seven consecutive days.

(2) A child taken into custody and taken to a crisis residential center established by this chapter may be placed physically by the department or the department's designee and, at departmental expense and approval, in a secure juvenile detention facility operated by the county in which the center is located for a maximum of forty-eight hours, including Saturdays, Sundays, and holidays, if the child has taken unauthorized leave from the center and the person in charge of the center determines that the center cannot provide supervision and structure adequate to ensure that the child will not again take unauthorized leave. Juveniles placed in such a facility pursuant to this section may not, to the extent possible, come in contact with alleged or convicted juvenile or adult offenders.

(3) Any child placed in secure detention pursuant to this section shall, during the period of confinement, be provided with appropriate treatment by the department or the department's designee, which shall include the services defined in RCW 74.13.033(2). If the child placed in secure detention is not returned home or if an alternative living arrangement agreeable to the parent and the child is not made within twenty-four hours after the child's admission, the child shall be taken at the department's expense to a crisis residential center. Placement in the crisis residential center or centers plus placement in juvenile detention shall not exceed five consecutive days from the point of intake as provided in RCW 13.32A.130 or, in the case of a child admitted by court order issued under RCW 13.32A.250(3) or 28A.225.090(2), seven consecutive days.

(4) Juvenile detention facilities used pursuant to this section shall first be certified by the department to ensure that juveniles placed in the facility pursuant to this section are provided with living conditions suitable to the well-being of the child. Where space is available, juvenile courts, when certified by the department to do so, shall provide secure placement for juveniles pursuant to this section, at department expense.

NEW SECTION.  Sec. 9.  A new section is added to chapter 13.32A RCW to read as follows:

The department has no responsibility to attend hearings, provide transportation, case management, or any other services to youth confined in a secure facility that is a separate, secure section of a juvenile detention facility unless it is otherwise ordered by a court under a petition relating to a child in need of services, an at-risk youth, or truancy.

NEW SECTION.  Sec. 10.  A new section is added to chapter 13.32A RCW to read as follows:

The cost to county juvenile court administrators of housing youths held in contempt and confined in secure crisis residential centers located in juvenile detention facilities shall be credited against the funds appropriated to fund the costs of processing truancy, children in need of services, and at-risk youth petitions.

Sec. 11.  RCW 13.32A.060 and 2000 c . . . s 1 (section 1 of this act) are each amended to read as follows:

(1) An officer taking a child into custody under RCW 13.32A.050(1) (a) or (b) shall inform the child of the reason for such custody and shall:

(a) Transport the child to his or her home or to a parent at his or her place of employment, if no parent is at home. The parent may request that the officer take the child to the home of an adult extended family member, responsible adult, crisis residential center, the department, or a licensed youth shelter. In responding to the request of the parent, the officer shall take the child to a requested place which, in the officer's belief, is within a reasonable distance of the parent's home. The officer releasing a child into the custody of a parent, an adult extended family member, responsible adult, or a licensed youth shelter shall inform the person receiving the child of the reason for taking the child into custody and inform all parties of the nature and location of appropriate services available in the community; or

(b) After attempting to notify the parent, take the child to a designated crisis residential center's secure facility or a center's semi-secure facility if a secure facility is full, not available, or not located within a reasonable distance:
(i) If the child expresses fear or distress at the prospect of being returned to his or her home which leads the officer to believe there is a possibility that the child is experiencing some type of child abuse or neglect, as defined in RCW 26.44.020;
(ii) If it is not practical to transport the child to his or her home or place of the parent's employment; or
(iii) If there is no parent available to accept custody of the child; or
(c) After attempting to notify the parent, if a crisis residential center is full, not available, or not located within a reasonable distance, the officer may request the department to accept custody of the child. If the department determines that an appropriate placement is currently available, the department shall accept custody and place the child in an out-of-home placement. Upon accepting custody of a child from the officer, the department may place the child in an out-of-home placement for up to seventy-two hours, excluding Saturdays, Sundays, and holidays, without filing a child in need of services petition under this chapter, obtaining parental consent, or obtaining an order for placement under chapter 13.34 RCW. Upon transferring a child to the department's custody, the officer shall provide written documentation of the reasons and the statutory basis for taking the child into custody. If the department declines to accept custody of the child, the officer may release the child after attempting to take the child to the following, in the order listed: The home of an adult extended family member; a responsible adult; a licensed youth shelter and shall immediately notify the department if no placement option is available and the child is released.

(2) An officer taking a child into custody under RCW 13.32A.050(1)(c) or (d) shall inform the child of the reason for custody. An officer taking a child into custody under RCW 13.32A.050(1)(c) may release the child to the supervising agency, or shall take the child to a designated crisis residential center's secure facility. If the secure facility is not available, not located within a reasonable distance, or full, the officer shall take the child to a semi-secure crisis residential center. An officer taking a child into custody under RCW 13.32A.050(1)(d) may place the child in a juvenile detention facility as provided in RCW 13.32A.065 or a secure facility, except that the child shall be taken to (either (a) a secure facility that is a separate, secure section of a juvenile detention facility, or (b)) detention whenever the officer has been notified that a juvenile court has entered (an) a detention order (directing such placement) under this chapter or chapter 13.34 RCW. (In no case may a child in contempt be confined in a secure facility that is free-standing outside a juvenile detention facility.)

(3) Whenever an officer transfers custody of a child to a crisis residential center or the department, the child may reside in the crisis residential center or may be placed by the department in an out-of-home placement for an aggregate total period of time not to exceed seventy-two hours excluding Saturdays, Sundays, and holidays. (in case that a child placed in a secure facility under a court order entered under RCW 13.32A.250 must remain in the secure facility as provided in RCW 13.32A.065). Thereafter, the child may continue in out-of-home placement only if the parents have consented, a child in need of services petition has been filed under this chapter, or an order for placement has been entered under chapter 13.34 RCW.

(4) The department shall ensure that all law enforcement authorities are informed on a regular basis as to the location of all designated secure and semi-secure facilities within centers in their jurisdiction, where children taken into custody under RCW 13.32A.050 may be taken.

Sec. 12. RCW 13.32A.065 and 2000 c . . s 2 (section 2 of this act) are each amended to read as follows:
(1) A child may be placed in ((either (a) a secure facility that is a separate, secure section of a juvenile detention facility, or (b)) detention after being taken into custody pursuant to RCW 13.32A.050(1)(d). (In no case may a child in contempt be confined in a secure facility that is free-standing outside a juvenile detention facility.)) The court shall hold a detention review hearing within twenty-four hours, excluding Saturdays, Sundays, and holidays. The court shall release the child after twenty-four hours, excluding Saturdays, Sundays, and holidays, unless:
(a) A motion and order to show why the child should not be held in contempt has been filed and served on the child at or before the detention hearing; and
(b) The court believes that the child would not appear at a hearing on contempt.

(2) If the court ((finds that the conditions in subsection (1)(a) and (b) of this section have been met!)) orders the child to remain in detention, the court ((may order the child to remain confined either in (a) a secure facility that is a separate, secure section of a juvenile detention facility, or (b) detention, and)) shall set the matter for a hearing on contempt within seventy-two hours, excluding Saturdays, Sundays, and holidays. ((In no case may a child in contempt be confined in a secure facility that is free-standing outside a juvenile detention facility.))

Sec. 13. RCW 13.32A.130 and 2000 c . . s 3 (section 3 of this act) are each amended to read as follows:
(1) A child admitted to a secure facility within a crisis residential center shall remain in the facility for not more than five consecutive days, but for at least twenty-four hours after admission. If the child admitted under this section is transferred between centers or between secure and semi-secure facilities, the aggregate length of time spent in all such centers or facilities may not exceed five consecutive days.

(2)(a) The facility administrator shall determine within twenty-four hours after a child's admission to a secure facility whether the child is likely to remain in a semi-secure facility and may transfer the child to a semi-secure facility or release the child to the department. The determination shall be based on: (A) The need for continued assessment, protection, and treatment of the
child in a secure facility; and (B) the likelihood the child would remain at a semi-secure facility until his or her parents can take the child home or a petition can be filed under this title.

(ii) In making the determination the administrator shall consider the following information if known: (A) The child's age and maturity; (B) the child's condition upon arrival at the center; (C) the circumstances that led to the child's being taken to the center; (D) whether the child's behavior endangers the health, safety, or welfare of the child or any other person; (E) the child's history of running away which has endangered the health, safety, and welfare of the child; and (F) the child's willingness to cooperate in the assessment.

(b) If the administrator of a secure facility determines the child is unlikely to remain in a semi-secure facility, the administrator shall keep the child in the secure facility pursuant to this chapter and in order to provide for space for the child may transfer another child who has been in the facility for at least seventy-two hours to a semi-secure facility. The administrator shall only make a transfer of a child after determining that the child who may be transferred is likely to remain at the semi-secure facility.

(c) A crisis residential center administrator is authorized to transfer a child to a crisis residential center in the area where the child's parents reside or where the child's lawfully prescribed residence is located.

(d) An administrator may transfer a child from a secure facility to a semi-secure facility whenever he or she reasonably believes that the child is likely to leave the semi-secure facility and not return and after full consideration of all factors in (a)(i) and (ii) of this subsection.

(3) If no parent is available or willing to remove the child during the first seventy-two hours following admission, the department shall consider the filing of a petition under RCW 13.32A.140.

(4) Notwithstanding the provisions of subsection (1) of this section, the parents may remove the child at any time during the five-day period unless the staff of the crisis residential center has reasonable cause to believe that the child is absent from the home because he or she is abused or neglected or if allegations of abuse or neglect have been made against the parents. The department or any agency legally charged with the supervision of a child may remove a child from a crisis residential center at any time after the first twenty-four-hour period after admission has elapsed and only after full consideration by all parties of the factors in subsection (2)(a) of this section.

(5) Crisis residential center staff shall make reasonable efforts to protect the child and achieve a reconciliation of the family. If a reconciliation and voluntary return of the child has not been achieved within forty-eight hours from the time of intake, and if the administrator of the center does not consider it likely that reconciliation will be achieved within the five-day period, then the administrator shall inform the parent and child of: (a) The availability of counseling services; (b) the right to file a child in need of services petition for an out-of-home placement, the right of a parent to file an at-risk youth petition, and the right of the parent and child to obtain assistance in filing the petition; (c) the right to request the facility administrator or his or her designee to form a multidisciplinary team; (d) the right to request a review of any out-of-home placement; (e) the right to request a mental health or chemical dependency evaluation by a county-designated professional or a private treatment facility; and (f) the right to request treatment in a program to address the child's at-risk behavior under RCW 13.32A.197.

(6) At no time shall information regarding a parent's or child's rights be withheld. The department shall develop and distribute to all law enforcement agencies and to each crisis residential center administrator a written statement delineating the services and rights. Every officer taking a child into custody shall provide the child and his or her parent(s) or responsible adult with whom the child is placed with a copy of the statement. In addition, the administrator of the facility or his or her designee shall provide every resident and parent with a copy of the statement.

(7) A crisis residential center and its administrator or his or her designee acting in good faith in carrying out the provisions of this section are immune from criminal or civil liability for such actions.

Sec. 14. RCW 13.32A.250 and 2000 c. . . s 4 (section 4 of this act) are each amended to read as follows:

(1) In all cases in need of services proceedings and at-risk youth proceedings, the court shall verbally notify the parents and the child of the possibility of finding of contempt for failure to comply with the terms of a court order entered pursuant to this chapter. Except as otherwise provided in this section, the court shall treat the parents and the child equally for the purposes of applying contempt of court processes and penalties under this section.

(2) Failure by a party to comply with an order entered under this chapter is a civil contempt of court as provided in RCW 7.21.030(2)(e), subject to the limitations of subsection (3) of this section.

(3) The court may impose remedial sanctions including a fine of up to one hundred dollars and confinement for up to seven days, or both for contempt of court under this section.

(4) A child placed in confinement for contempt under this section shall be placed in confinement (either) only in a secure juvenile detention facility operated by or pursuant to a contract with a county (or a secure facility that is a separate, secure section...
of a juvenile detention facility. In no case may a child in contempt be confined in a secure facility that is free-standing outside a juvenile detention facility.)

(5) A motion for contempt may be made by a parent, a child, juvenile court personnel, or by any public agency, organization, or person having custody of the child under a court order adopted pursuant to this chapter.

(6) Whenever the court finds probable cause to believe, based upon consideration of a motion for contempt and the information set forth in a supporting declaration, that a child has violated a placement order entered under this chapter, the court may issue an order directing law enforcement to pick up and take the child to detention ((or to a secure facility)). The order may be entered ex parte without prior notice to the child or other parties. Following the child's admission to detention ((or to the secure facility)), a detention review hearing must be held in accordance with RCW 13.32A.065.

Sec. 15. RCW 28A.225.090 and 2000 c. . . s 6 (section 6 of this act) are each amended to read as follows:

(1) A court may order a child subject to RCW 28A.225.035 to:

(a) Attend the child's current school;

(b) If there is space available and the program can provide educational services appropriate for the child, order the child to attend another public school, an alternative education program, center, a skill center, dropout prevention program, or another public educational program;

(c) Attend a private nonsectarian school or program including an education center. Before ordering a child to attend an approved or certified private nonsectarian school or program, the court shall: (i) Consider the public and private programs available; (ii) find that placement is in the best interest of the child; and (iii) find that the private school or program is willing to accept the child and will not charge any fees in addition to those established by contract with the student's school district. If the court orders the child to enroll in a private school or program, the child's school district shall contract with the school or program to provide educational services for the child. The school district shall not be required to contract for a weekly rate that exceeds the state general apportionment dollars calculated on a weekly basis generated by the child and received by the district. A school district shall not be required to enter into a contract that is longer than the remainder of the school year. A school district shall not be required to enter into or continue a contract if the child is no longer enrolled in the district;

(d) Be referred to a community truancy board, if available; or

(e) Submit to testing for the use of controlled substances or alcohol based on a determination that such testing is appropriate to the circumstances and behavior of the child and will facilitate the child's compliance with the mandatory attendance law.

(2) If the child fails to comply with the court order, the court may order the child to be ((placed in confinement for contempt, either in a juvenile detention facility operated by or under a contract with a county or in a secure facility that is a separate, secure section of a juvenile detention facility)) subject to detention, as provided in RCW 7.21.030(2)(e), or may impose alternatives to ((confineent)) detention such as community service. Failure by a child to comply with an order issued under this subsection shall not be subject to detention for a period greater than that permitted pursuant to a civil contempt proceeding against a child under chapter 13.32A RCW. ((In no case may a child in contempt be confined in a secure facility that is free-standing outside a juvenile detention facility.))

(3) Any parent violating any of the provisions of either RCW 28A.225.010, 28A.225.015, or 28A.225.080 shall be fined not more than twenty-five dollars for each day of unexcused absence from school. It shall be a defense for a parent charged with violating RCW 28A.225.010 to show that he or she exercised reasonable diligence in attempting to cause a child in his or her custody to attend school or that the child's school did not perform its duties as required in RCW 28A.225.020. The court may order the parent to provide community service instead of imposing a fine. Any fine imposed pursuant to this section may be suspended upon the condition that a parent charged with violating RCW 28A.225.010 shall participate with the school and the child in a supervised plan for the child's attendance at school or upon condition that the parent attend a conference or conferences scheduled by a school for the purpose of analyzing the causes of a child's absence.

(4) If a child continues to be truant after entering into a court-approved order with the truancy board under RCW 28A.225.035, the juvenile court shall find the child in contempt, and the court may order the child to be subject to detention, as provided in RCW 7.21.030(2)(e), or may impose alternatives to detention such as meaningful community service. Failure by a child to comply with an order issued under this subsection may not subject a child to detention for a period greater than that permitted under a civil contempt proceeding against a child under chapter 13.32A RCW.

(5) Subsections (1), (2), and (4) of this section shall not apply to a six or seven year-old child required to attend public school under RCW 28A.225.015.

Sec. 16. RCW 74.13.033 and 2000 c. . . s 7 (section 7 of this act) are each amended to read as follows:

(1) If a resident of a center becomes by his or her behavior disruptive to the facility's program, such resident may be immediately removed to a separate area within the facility and counseled on an individual basis until such time as the child regains his or her composure. The department may set rules and regulations establishing additional procedures for dealing with severely
disruptive children on the premises. (A child confined in a secure facility that is a separate, secure section of a juvenile detention facility under RCW 13.32A.250(3) or 28A.225.090(2) may be moved to an available bed in a juvenile detention facility. In no case may a child in contempt be confined in a secure facility that is free-standing outside a juvenile detention facility.)

(2) When the juvenile resides in this facility, all services deemed necessary to the juvenile's reentry to normal family life shall be made available to the juvenile as required by chapter 13.32A RCW. In assessing the child and providing these services, the facility staff shall:

(a) Interview the juvenile as soon as possible;
(b) Contact the juvenile's parents and arrange for a counseling interview with the juvenile and his or her parents as soon as possible;
(c) Conduct counseling interviews with the juvenile and his or her parents, to the end that resolution of the child/parent conflict is attained and the child is returned home as soon as possible;
(d) Provide additional crisis counseling as needed, to the end that placement of the child in the crisis residential center will be required for the shortest time possible, but not to exceed five consecutive days (or, in the case of a child admitted by court order issued under RCW 13.32A.250(3) or 28A.225.090(2), seven consecutive days)); and
(e) Convene, when appropriate, a multidisciplinary team.

(3) Based on the assessments done under subsection (2) of this section the facility staff may refer any child who, as the result of a mental or emotional disorder, or intoxication by alcohol or other drugs, is suicidal, seriously assaultive, or seriously destructive toward others, or otherwise similarly evidences an immediate need for emergency medical evaluation and possible care, for evaluation pursuant to chapter 71.34 RCW, to a mental health professional pursuant to chapter 71.05 RCW, or to a chemical dependency specialist pursuant to chapter 70.96A RCW whenever such action is deemed appropriate and consistent with law.

(4) A juvenile taking unauthorized leave from a facility shall be apprehended and returned to it by law enforcement officers or other persons designated as having this authority as provided in RCW 13.32A.050. If returned to the facility after having taken unauthorized leave for a period of more than twenty-four hours a juvenile shall be supervised by such a facility for a period, pursuant to this chapter, which, unless otherwise provided, may not exceed five consecutive days on the premises. Costs of housing juveniles admitted to crisis residential centers shall be assumed by the department for a period not to exceed five consecutive days.

Sec. 17. RCW 74.13.034 and 2000 c . . . s 8 (section 8 of this act) are each amended to read as follows:

(1) A child taken into custody and taken to a crisis residential center established pursuant to RCW 74.13.032 may, if the center is unable to provide appropriate treatment, supervision, and structure to the child, be taken at department expense to another crisis residential center, the nearest regional secure crisis residential center, or a secure facility with which it is collocated under RCW 74.13.032. Placement in both locations shall not exceed five consecutive days from the point of intake as provided in RCW 13.32A.190 (or, in the case of a child admitted by court order issued under RCW 13.32A.250(3) or 28A.225.090(2), seven consecutive days)."

(2) A child taken into custody and taken to a crisis residential center established by this chapter may be placed physically by the department or the department's designee and, at departmental expense and approval, in a secure juvenile detention facility operated by the county in which the center is located for a maximum of forty-eight hours, including Saturdays, Sundays, and holidays, if the child has taken unauthorized leave from the center and the person in charge of the center determines that the center cannot provide supervision and structure adequate to ensure that the child will not again take unauthorized leave. Juveniles placed in such a facility pursuant to this section may not, to the extent possible, come in contact with alleged or convicted juvenile or adult offenders.

(3) Any child placed in secure detention pursuant to this section shall, during the period of confinement, be provided with appropriate treatment by the department or the department's designee, which shall include the services defined in RCW 74.13.033(2). If the child placed in secure detention is not returned home or if an alternative living arrangement agreeable to the parent and the child is not made within twenty-four hours after the child's admission, the child shall be taken at the department's expense to a crisis residential center. Placement in the crisis residential center or centers plus placement in juvenile detention shall not exceed five consecutive days from the point of intake as provided in RCW 13.32A.130 (or, in the case of a child admitted by court order issued under RCW 13.32A.250(3) or 28A.225.090(2), seven consecutive days).

(4) Juvenile detention facilities used pursuant to this section shall first be certified by the department to ensure that juveniles placed in the facility pursuant to this section are provided with living conditions suitable to the well-being of the child. Where space is available, juvenile courts, when certified by the department to do so, shall provide secure placement for juveniles pursuant to this section, at department expense.

NEW SECTION. Sec. 18. Sections 11 through 17 of this act take effect July 1, 2002.

NEW SECTION. Sec. 19. Sections 5, 9, and 10 of this act expire June 30, 2002."
On motion of Senator Hargrove, the following amendment by Senators Hargrove and Long to the striking amendment by Senators Hargrove and Long was adopted:

On page 23, after line 5 of the amendment, insert the following:

*Sec. 18.* RCW 13.50.100 and 1999 c 390 s 3 are each amended to read as follows:

1. This section governs records not covered by RCW 13.50.050.
2. Records covered by this section shall be confidential and shall be released only pursuant to this section and RCW 13.50.010.
3. Records retained or produced by any juvenile justice or care agency may be released to other participants in the juvenile justice or care system only when an investigation or case involving the juvenile in question is being pursued by the other participant or when that other participant has been assigned the responsibility of supervising the juvenile. Records covered under this section and maintained by the juvenile courts which relate to the official actions of the agency may be entered in the state-wide juvenile court information system.
4. A contracting agency or service provider of the department of social and health services that provides counseling, psychological, psychiatric, or medical services may release to the office of the family and children's ombudsman information or records relating to services provided to a juvenile who is dependent under chapter 13.34 RCW without the consent of the parent or guardian of the juvenile, or of the juvenile if the juvenile is under the age of thirteen years, unless such release is otherwise specifically prohibited by law.
5. A juvenile, his or her parents, the juvenile's attorney and the juvenile's parent's attorney, shall, upon request, be given access to all records and information collected or retained by a juvenile justice or care agency which pertain to the juvenile except:
   a. If it is determined by the agency that release of this information is likely to cause severe psychological or physical harm to the juvenile or his or her parents the agency may withhold the information subject to other order of the court: PROVIDED, That if the court determines that limited release of the information is appropriate, the court may specify terms and conditions for the release of the information; or
   b. If the information or record has been obtained by a juvenile justice or care agency in connection with the provision of counseling, psychological, psychiatric, or medical services to the juvenile, when the services have been sought voluntarily by the juvenile, and the juvenile has a legal right to receive those services without the consent of any person or agency, then the information or record may not be disclosed to the juvenile's parents without the informed consent of the juvenile unless otherwise authorized by law; or
   c. That the department of social and health services may delete the name and identifying information regarding persons or organizations who have reported alleged child abuse or neglect.

A party denied access to records may request judicial review of the denial. If the party prevails, he or she shall be awarded attorneys' fees, costs, and an amount not less than five dollars and not more than one hundred dollars for each day the records were wrongfully denied.
9. No unfounded allegation of child abuse or neglect as defined in RCW 26.44.020(12) may be disclosed to a child-placing agency, private adoption agency, or any other licensed provider.

(2) In consultation with the children's services advisory committee, and with the advice and assistance of persons representative of the various type agencies to be licensed, to adopt and publish minimum requirements for licensing applicable to each of the various categories of agencies to be licensed.

The minimum requirements shall be limited to:
(a) The size and suitability of a facility and the plan of operation for carrying out the purpose for which an applicant seeks a license;

(b) The character, suitability and competence of an agency and other persons associated with an agency directly responsible for the care and treatment of children, expectant mothers or developmentally disabled persons. In consultation with law enforcement personnel, the secretary shall investigate the conviction record or pending charges and dependency record information under chapter 43.43 RCW of each agency and its staff seeking licensure or relicensure. No unfounded allegation of child abuse or neglect as defined in RCW 26.44.020 may be disclosed to a child-placing agency, private adoption agency, or any other provider licensed under this chapter. In order to determine the suitability of applicants for an agency license, licensees, their employees, and other persons who have unsupervised access to children in care, and who have not resided in the state of Washington during the three-year period before being authorized to care for children shall be fingerprinted. The fingerprints shall be forwarded to the Washington state patrol and federal bureau of investigation for a criminal history records check. The fingerprint criminal history records checks will be at the expense of the licensee except that in the case of a foster family home, if this expense would work a hardship on the licensee, the department shall pay the expense. The licensee may not pass this cost on to the employee or prospective employee, unless the employee is determined to be unsuitable due to his or her criminal history record. The secretary shall use the information solely for the purpose of determining eligibility for a license and for determining the character, suitability, and competence of those persons or agencies, excluding parents, not required to be licensed who are authorized to care for children, expectant mothers, and developmentally disabled persons. Criminal justice agencies shall provide the secretary such information as they may have and that the secretary may require for such purpose;

However, if a child is placed with a relative under RCW 13.34.060 or 13.34.130, and if such relative appears otherwise suitable and competent to provide care and treatment the criminal history background check required by this section need not be completed before placement, but shall be completed as soon as possible after placement;

(4) On reports of alleged child abuse and neglect, to investigate agencies in accordance with chapter 26.44 RCW, including child day-care centers and family day-care homes, to determine whether the alleged abuse or neglect has occurred, and whether child protective services or referral to a law enforcement agency is appropriate;

(5) To issue, revoke, or deny licenses to agencies pursuant to chapter 74.15 RCW and RCW 74.13.031. Licenses shall specify the category of care which an agency is authorized to render and the ages, sex and number of persons to be served;

(6) To prescribe the procedures and the form and contents of reports necessary for the administration of chapter 74.15 RCW and RCW 74.13.031 and to require regular reports from each licensee;

(7) To inspect agencies periodically to determine whether or not there is compliance with chapter 74.15 RCW and RCW 74.13.031 and the requirements adopted hereunder;

"NEW SECTION. Sec. 4. A new section is added to chapter 36.61 RCW to read as follows:
To improve the ability of counties to finance long-term lake management objectives, lake management districts may be created for any needed period of time.

Sec. 5. RCW 36.61.020 and 1987 c 432 s 2 are each amended to read as follows:
Any county may create lake management districts to finance the improvement and maintenance of lakes located within or partially within the boundaries of the county. All or a portion of a lake and the adjacent land areas may be included within one or more lake management districts. More than one lake, or portions of lakes, and the adjacent land areas may be included in a single lake management district. (A lake management district may be created for a period of up to ten years.)

Special assessments or rates and charges may be imposed on the property included within a lake management district to finance lake improvement and maintenance activities, including: (1) The control or removal of aquatic plants and vegetation; (2) water quality; (3) the control of water levels; (4) storm water diversion and treatment; (5) agricultural waste control; (6) studying lake water quality problems and solutions; (7) cleaning and maintaining ditches and streams entering or leaving the lake; and (8) the related administrative, engineering, legal, and operational costs, including the costs of creating the lake management district.

Special assessments or rates and charges may be imposed annually on all the land in a lake management district for the duration of the lake management district without a related issuance of lake management district bonds or revenue bonds. Special assessments also may be imposed in the manner of special assessments in a local improvement district with each landowner being given the choice of paying the entire special assessment in one payment, or to paying installments, with lake management district bonds being issued to obtain moneys not derived by the initial full payment of the special assessments, and the installments covering all of the costs related to issuing, selling, and redeeming the lake management district bonds.

Sec. 6. RCW 36.61.260 and 1985 c 398 s 26 are each amended to read as follows:

(1) Counties may issue lake management district bonds in accordance with this section. Lake management district bonds may be issued to obtain money sufficient to cover that portion of the special assessments that are not paid within the thirty-day period provided in RCW 36.61.190. (The maximum term of lake management district bonds shall be ten years.)

Whenever lake management district bonds are proposed to be issued, the county legislative authority shall create a special fund or funds for the lake management district from which all or a portion of the costs of the lake improvement and maintenance activities shall be paid. Lake management district bonds shall not be issued in excess of the costs and expenses of the lake improvement and maintenance activities and shall not be issued prior to twenty days after the thirty days allowed for the payment of special assessments without interest or penalties.

Lake management district bonds shall be exclusively payable from the special fund or funds and from a guaranty fund that the county may have created out of a portion of proceeds from the sale of the lake management district bonds.

(2) Lake management district bonds shall not constitute a general indebtedness of the county issuing the bond nor an obligation, general or special, of the state. The owner of any lake management district bond shall not have any claim for the payment thereof against the county that issues the bonds except for payment from the special assessments made for the lake improvement or maintenance activities for which the lake management district bond was issued and from a lake management district guaranty fund that may have been created. The county shall not be liable to the owner of any lake management district bond for any loss to the lake management district guaranty fund occurring in the lawful operation of the fund. The owner of a lake management district bond shall not have any claim against the state arising from the lake management district bond, special assessments, or guaranty fund. Tax revenues shall not be used to secure or guarantee the payment of the principal or interest on lake management district bonds.

The substance of the limitations included in this subsection shall be plainly printed, written, engraved, or reproduced on:

(a) Each lake management district bond that is a physical instrument; (b) the official notice of sale; and (c) each official statement associated with the lake management district bonds.

(3) If the county fails to make any principal or interest payments on any lake management district bond or to promptly collect any special assessment securing the bonds when due, the owner of the lake management district bond may obtain a writ of mandamus from any court of competent jurisdiction requiring the county to collect the special assessments, foreclose on the related lien, and make payments out of the special fund or guaranty fund if one exists. Any number of owners of lake management districts may join as plaintiffs.

(4) A county may create a lake management district bond guaranty fund for each issue of lake management district bonds. The guaranty fund shall only exist for the life of the lake management district bonds with which it is associated. A portion of the bond proceeds may be placed into a guaranty fund. Unused moneys remaining in the guaranty fund during the last two years of the installments shall be used to proportionally reduce the required level of installments and shall be transferred into the special fund into which installment payments are placed.

(5) Lake management district bonds shall be issued and sold in accordance with chapter 39.46 RCW. The authority to create a special fund or funds shall include the authority to create accounts within a fund.*

MOTION

"NEW SECTION. Sec. 1. (1) The intent of this act is to protect the health and safety of the citizens of the state of Washington and the quality of the state's environment by developing and implementing environmental and public safety measures applicable to persons transporting hazardous liquids and gas by pipeline within the state of Washington. The legislature finds that public safety and the environment may best be protected by adopting standards that are equal to, or more stringent than, those adopted by the federal government, so long as they do not impermissibly interfere with interstate commerce.

(2) The legislature recognizes that additional federal authority is needed to implement a comprehensive pipeline safety program and by this act and other measures directs the state to seek that authority.

(3) It is also the intent of the legislature that the governor work with the state congressional delegation in seeking:

(a) To amend the federal pipeline safety act to delegate authority to qualified states to adopt and enforce standards equal to or more stringent than federal standards;

(b) State authority to administer and enforce federal requirements related to pipeline safety; and

(c) Higher levels of funding for state and federal pipeline safety activities and for states to respond to pipeline accident emergencies.

(4) While the legislature acknowledges that serious accidents have occurred for hazardous liquid and gas pipelines in this nation and elsewhere, it recognizes that there are fundamental differences between hazardous liquid pipelines and gas pipelines and that a different system of safety regulations must be applied for each kind of pipeline.

NEW SECTION. Sec. 2. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Department" means the department of ecology.

(2) "Failsafe" means a design feature that will maintain or result in a safe condition in the event of malfunction or failure of a power supply, component, or control device.

(3) "Gas" means natural gas, flammable gas, or toxic or corrosive gas.

(4) "Hazardous liquid" means: (a) Petroleum, petroleum products, or anhydrous ammonia as those terms are defined in 49 C.F.R. Part 195 in effect March 1, 1998; and (b) carbon dioxide. The department by rule may incorporate by reference other substances designated as hazardous by the secretary of transportation under 49 U.S.C. Sec. 60101(a)(4).

(5) "Local government" means a subdivision of the state or a city or town.

(6) "Person" means an individual, partnership, franchise holder, association, corporation, a state, a city, a county, or any subdivision or instrumentality of a state, and its employees, agents, or legal representatives.

(7) "Pipeline" or "pipeline system" means all parts of a pipeline facility through which a hazardous liquid or carbon dioxide moves in transportation, including, but not limited to, line pipe, valves, and other appurtenances connected to line pipe, pumping units, fabricated assemblies associated with pumping units, metering and delivery stations and fabricated assemblies therein, and breakout tanks. "Pipeline" or "pipeline system" does not include process or transfer pipelines.

(8) "Pipeline company" means a person or entity constructing, owning, or operating a pipeline for transporting hazardous liquid.

(9) "Reportable release" means a spilling, leaking, pouring, emitting, discharging, or any other uncontrolled escape of a hazardous liquid in excess of one barrel, or forty-two gallons.
"Safety management systems" means management systems that include coordinated and interdisciplinary evaluations of the effect of significant changes to a pipeline system before such changes are implemented.

NEW SECTION, Sec. 3. (1) The hazardous liquid pipeline safety account is created in the custody of the state treasurer. All receipts from the federal office of pipeline safety and any other state or federal funds provided for hazardous liquid pipeline safety must be deposited in the account, except as provided in subsection (2) of this section. Moneys in the account may be spent only after appropriation. Expenditures from the account may be used only for funding the pipeline safety program within the department of ecology. Only the director of the department or the director's designee may authorize expenditures from the account.

(2) Federal funds received before June 30, 2001, shall be treated as receipt of unanticipated funds and expended by the department of ecology or the utilities and transportation commission, without appropriation, for the designated purposes.

NEW SECTION, Sec. 4. (1) The department shall have charge for the state of the administration and enforcement of all laws related to hazardous liquid pipeline safety. To the extent not expressly prohibited by federal law, the department shall develop and implement a comprehensive program of pipeline safety.

(2) The department shall adopt rules for pipeline safety standards for hazardous liquid pipeline transportation that:
(a) Require pipeline companies to design, construct, and maintain their pipeline facilities so they are safe and efficient;
(b) Require pipeline companies to rapidly locate and isolate all reportable releases from hazardous liquid pipelines, including:
   (i) Installation of remote control shut-off valves;
   (ii) Installation of remotely monitored pressure gauges and meters; and

   (c) Require the training and certification of personnel who operate hazardous liquid pipelines and the associated systems;

   (e) Require hazardous liquid pipeline companies to submit operations safety plans once every five years, as well as any amendments to the plan made necessary by changes to the pipeline system or its operation.

(3) The department shall approve operations safety plans if they have been deemed fit for service. A plan shall be deemed fit for service when it provides for pipelines that are designed, developed, constructed, operated, and periodically modified to provide for protection of public safety and the environment.

(4) The department shall coordinate information related to pipeline safety by providing technical assistance to local planning and siting authorities.

NEW SECTION, Sec. 5. The department of ecology shall not, before January 1, 2001, initiate rule making under section 4(2) of this act for intrastate hazardous liquid pipelines, unless the state has been granted additional authority over interstate hazardous liquid pipelines.

The curricula must be reviewed and approved by the department and the utilities and transportation commission. The curricula shall be made available to municipal workers and construction workers who are involved in construction work within the right-of-way or easement of a hazardous liquid and gas pipeline. The curricula shall include training on:
(1) Prevention of damage to pipelines;
(2) The danger involved if a pipeline is damaged;
(3) The significance of pipeline damage that does not cause immediate failure; and
(4) The importance of immediately reporting damage to a pipeline and the importance of immediately repairing a damaged pipeline.
NEW SECTION, Sec. 7. (1) The department and utilities and transportation commission shall require hazardous liquid and gas pipeline companies to provide accurate maps of their pipeline to specifications developed by the department including depth information.

(2) The department and the utilities and transportation commission shall evaluate the accuracy of the maps and consolidate the maps into a state-wide geographic information system, and fill any gaps for which companies or local governments may have no information. The mapping system shall be used in conjunction with the one-number locator service as provided in chapter 19.122 RCW. The mapping system shall be compatible with the United States department of transportation national pipeline mapping program.

(3) The mapping system shall be completed by January 1, 2006, and periodically updated thereafter. The mapping system shall be funded, to the greatest extent possible, by the owner and operators of the hazardous liquid and gas pipelines.

(1) The department shall seek and accept federal designation of the department's inspectors as federal agents for the purposes of enforcement of the federal hazardous liquid pipeline safety act (49 U.S.C. Sec. 60101 et seq.), and federal rules adopted to implement that act, as they exist as of the effective date of this section. The department shall establish and submit to the United States secretary of transportation an inspection program that complies with requirements for delegated interstate agent inspection authority. If the secretary of transportation delegates inspection authority to the state as provided in this subsection, the department, at a minimum, shall do the following to carry out the delegated federal authority:

(a) Inspect hazardous liquid pipelines periodically as specified in the inspection program;

(b) Collect fees;

(c) Order and oversee the testing of hazardous liquid pipelines as authorized by federal law and regulation; and

(d) File reports with the United States secretary of transportation as required to maintain the delegated authority.

(2) The department shall also seek federal authority to adopt safety standards related to the monitoring and testing of interstate hazardous liquid pipelines.

(3) Upon designation under subsection (1) of this section or under a grant of authority under subsection (2) of this section, to the extent authorized by federal law, the department shall adopt rules for interstate pipelines that are no less stringent than the state's laws and rules for intrastate hazardous liquid pipelines.

NEW SECTION, Sec. 10. A new section is added to chapter 80.28 RCW to read as follows:

(1) The commission shall seek and accept federal designation of the commission's inspectors as federal agents for the purposes of enforcement of federal laws covering gas pipeline safety and the associated federal rules, as they exist on the effective date of this section. The commission shall establish and submit to the United States secretary of transportation an inspection program that complies with requirements for delegated interstate agent inspection authority. If the secretary of transportation delegates inspection authority to the state as provided in this subsection, the commission, at a minimum, shall do the following to carry out the delegated federal authority:

(a) Inspect gas pipelines periodically as specified in the inspection program;

(b) Collect fees;

(c) Order and oversee the testing of gas pipelines as authorized by federal law and regulation; and

(d) File reports with the United States secretary of transportation as required to maintain the delegated authority.

(2) The commission shall also seek federal authority to adopt safety standards related to the monitoring and testing of interstate gas pipelines.

(3) Upon designation under subsection (1) of this section or under a grant of authority under subsection (2) of this section, to the extent authorized by federal law, the commission shall adopt rules for interstate gas pipelines that are no less stringent than the state's laws and rules for intrastate gas pipelines.

NEW SECTION, Sec. 11. The department may inspect any record, map, or written procedure required by federal law to be kept by a hazardous liquid pipeline company concerning the reportable releases, and the design, construction, testing, or operation and maintenance of hazardous liquid pipelines.

NEW SECTION, Sec. 12. A new section is added to chapter 81.88 RCW to read as follows:

The commission may inspect any record, map, or written procedure required by federal law to be kept by a gas pipeline company concerning the reporting of gas releases, and the design, construction, testing, or operation and maintenance of gas pipelines.
NEW SECTION. Sec. 13. (1) All powers, duties, and functions of the utilities and transportation commission pertaining to hazardous liquid pipeline safety, except economic regulatory authority under chapters 80.28, 80.24, and 81.24 RCW, are transferred to the department of ecology. The timing of the transfer shall be facilitated by a memorandum of agreement between the two agencies, with any disputes resolved by the office of financial management. The transfer shall be completed by June 30, 2001. All references to the commission or the utilities and transportation commission in the Revised Code of Washington shall be construed to mean the director or the department of ecology when referring to the functions transferred in this section.

(2) (a) All reports, documents, surveys, books, records, files, papers, or written material in the possession of the utilities and transportation commission pertaining to the powers, functions, and duties transferred shall be delivered to the custody of the department of ecology. All cabinets, furniture, office equipment, motor vehicles, and other tangible property employed by the utilities and transportation commission in carrying out the powers, functions, and duties transferred shall be made available to the department of ecology. All funds, credits, or other assets held in connection with the powers, functions, and duties transferred shall be assigned to the department of ecology.

(b) Any appropriations made to the utilities and transportation commission for carrying out the powers, functions, and duties transferred shall be transferred and credited to the department of ecology under the agreement authorized in subsection (1) of this section.

(c) Whenever any question arises as to the transfer of any personnel, funds, books, documents, records, papers, files, equipment, or other tangible property used or held in the exercise of the powers and the performance of the duties and functions transferred, the director of financial management shall make a determination as to the proper allocation and certify the same to the state agencies concerned.

(3) All employees of the utilities and transportation commission engaged in performing the powers, functions, and duties transferred are transferred to the jurisdiction of the department of ecology. All employees classified under chapter 41.06 RCW, the state civil service law, are assigned to the department of ecology to perform their usual duties upon the same terms as formerly, without any loss of rights, subject to any action that may be appropriate thereafter in accordance with the laws and rules governing state civil service.

(4) All rules and all pending business before the utilities and transportation commission pertaining to the powers, functions, and duties transferred shall be continued and acted upon by the department of ecology. All existing contracts and obligations shall remain in full force and shall be performed by the department of ecology.

(5) The transfer of the powers, duties, functions, and personnel of the utilities and transportation commission shall not affect the validity of any act performed before the effective date of this section.

(6) If apportionments of budgeted funds are required because of the transfers directed by this section, the director of financial management shall certify the apportionments to the agencies affected, the state auditor, and the state treasurer. Each of these shall make the appropriate transfer and adjustments in funds and appropriation accounts and equipment records in accordance with the certification.

(7) Nothing contained in this section may be construed to alter any existing collective bargaining unit or the provisions of any existing collective bargaining agreement until the agreement has expired or until the bargaining unit has been modified by action of the personnel board as provided by law.

NEW SECTION. Sec. 14. (1) A hazardous liquid and gas pipeline safety advisory committee is established to advise the department, the utilities and transportation commission, and other appropriate federal, state, and local government agencies and officials on matters relating to pipeline safety, routing, construction, operation, and maintenance. Members of the advisory committee shall be appointed by the governor to staggered three-year terms and, at a minimum, shall consist of representatives of local government, including elected officials and the general public. The committee shall review and comment on proposed rules and the operation of the state pipeline safety programs.

(2) The advisory committee may create one or more technical advisory committees comprised of gas and hazardous liquid pipeline owners or operators, agency representatives, natural resource and environmental interests, or other interested parties.

(3) The advisory committee established in subsection (1) of this section constitutes a class one group under RCW 43.03.220. Expenses for this group, as well as staff support provided by the department and the utilities and transportation commission, shall be funded through a legislative appropriation to the department.

NEW SECTION. Sec. 15. A new section is added to chapter 19.122 RCW to read as follows:

(1) By December 31, 2000, the utilities and transportation commission shall establish or cause to be established a single state-wide toll-free telephone number to be used for referring excavators to the appropriate one-number locator service.

(2) The utilities and transportation commission, in consultation with the Washington utilities coordinating council, shall establish minimum standards and best management practices for one-number locator services consistent with the recommendations of the governor’s fuel accident prevention and response team issued in December 1999. By December 31, 2000,
the commission shall provide its recommendations to the appropriate standing committees of the house of representatives and the senate.

(3) One-number locator services shall be operated by nongovernmental agencies.

Sec. 16. RCW 19.122.030 and 1988 c 99 s 1 are each amended to read as follows:

(1) Before commencing any excavation, excluding agriculture tilling of soil less than twelve inches in depth, the excavator shall provide notice of the scheduled commencement of excavation to all owners of underground facilities through a one-number locator service.

(2) Whenever surface markings or other information indicates that excavation work is to occur within twenty-five feet of a hazardous liquid pipeline or gas transmission pipeline, the state-wide one-number locator service established under section 15 of this act shall be notified. In addition, whenever surface markings or other information indicates that the excavation work is to occur within five feet of a hazardous liquid pipeline or gas transmission pipeline, the pipeline company that owns or operates the pipeline shall be notified, and its representative shall be on-site, prior to the start of excavation.

(3) All owners of underground facilities within a one-number locator service area shall subscribe to the service. One-number locator service rates for cable television companies will be based on the amount of their underground facilities. If no one-number locator service is available, notice shall be provided individually to those owners of underground facilities known to or suspected of having underground facilities within the area of proposed excavation. The notice shall be communicated to the owners of underground facilities not less than two business days or more than ten business days before the scheduled date for commencement of excavation, unless otherwise agreed by the parties. The notice shall also comply with the requirements of section 19 of this act.

(4) Upon receipt of the notice provided for in this section, the owner of the underground facility shall provide the excavator with reasonably accurate information as to its locatable underground facilities by surface-marking the location of the facilities. If there are identified but unlocatable underground facilities, the owner of such facilities shall provide the excavator with the best available information as to their locations. The owner of the underground facility providing the information shall respond no later than two business days after the receipt of the notice or before the excavation time, at the option of the owner, unless otherwise agreed by the parties. Excavators shall not excavate until all known facilities have been marked. Once marked by the owner of the underground facility, the excavator is responsible for maintaining the markings. Excavators shall have the right to receive compensation from the owner of the underground facility for costs incurred if the owner of the underground facility does not locate its facilities in accordance with this section.

(5) The owner of the underground facility shall have the right to receive compensation for costs incurred in responding to excavation notices given less than two business days prior to the excavation from the excavator.

(6) An owner of underground facilities is not required to indicate the presence of existing service laterals or appurtenances if the presence of existing service laterals or appurtenances on the site of the construction project can be determined from the presence of other visible facilities, such as buildings, manholes, or meter and junction boxes on or adjacent to the construction site.

(7) Emergency excavations are exempt from the time requirements for notification provided in this section.

(8) If the excavator, while performing the contract, discovers underground facilities which are not identified, the excavator shall cease excavating in the vicinity of the facility and immediately notify the owner or operator of such facilities, or the one-number locator service.

Sec. 17. RCW 19.122.050 and 1984 c 144 s 5 are each amended to read as follows:

(1) An excavator who, in the course of excavation, contacts or damages an underground facility shall immediately notify the utility owning or operating such facility and the state-wide one-number locator service. If the damage causes an emergency condition, the excavator causing the damage shall also immediately alert the appropriate local public safety agencies and take all appropriate steps to ensure the public safety. No damaged underground facility may be buried until it is repaired or relocated.

(2) The owner of the underground facilities damaged shall arrange for repairs or relocation as soon as is practical or may permit the excavator to do necessary repairs or relocation at a mutually acceptable price.

NEW SECTION. Sec. 18. A new section is added to chapter 48.48 RCW to read as follows:

(1) In consultation with the emergency management program within the state military department, the department of ecology, the utilities and transportation commission, and local emergency services organizations, the chief of the Washington state patrol, through the director of fire protection or his or her authorized deputy, shall:

(a) Evaluate the preparedness of local first responders in meeting emergency management demands under subsection (2) of this section; and

(b) Conduct an assessment of the equipment and personnel needed by local first responders to meet emergency management demands related to pipelines.

(2) The chief of the Washington state patrol, through the director of fire protection or his or her deputy, shall develop curricula for training local first responders to deal with hazardous liquid and gas pipeline accidents. The curricula shall be developed
in conjunction with pipeline companies and local first responders, and shall include a timetable and costs for providing training as defined in the curricula to all communities housing pipelines. Separate curricula shall be developed for hazardous liquid and gas pipelines so that the differences between pipelines may be recognized and appropriate accident responses provided. The need for a training program for regional incident management teams shall also be evaluated.

(3) In consultation with other relevant agencies, the chief of the Washington state patrol, through the director of fire protection or his or her deputy, shall identify the need and means for achieving consistent application of the national interagency incident management system.

(4) For the purposes of this section, "local first responders" means police, fire, emergency medical staff, and volunteers.

NEW SECTION. Sec. 19. (1) A pipeline company that has been notified by an excavator pursuant to RCW 19.122.050 that excavation work will occur within five feet of a hazardous liquid pipeline shall ensure that the pipeline company's representative is on-site during the excavation within the five foot zone. The pipeline company has the discretion to require that the pipeline section in the vicinity of the excavation is fully uncovered and examined for damage prior to being reburied. If safety concerns exist, the pipeline company may elect, at the excavator's expense, to conduct the uncovering of the pipeline.

(2) Immediately upon receiving information of third-party damage to a pipeline owned or operated by a pipeline company, that company shall visually inspect the pipeline. After visual inspection, a pipeline company shall determine whether the pipeline section that has sustained third-party damage should be replaced or repaired, or whether it is safe to resume pipeline operation. A record of the company's inspection report and test results shall be provided to the department within fourteen calendar days of the inspection.

(3) Pipeline companies shall immediately notify local first responders and the department of any reportable release from a hazardous liquid pipeline.

NEW SECTION. Sec. 20. A new section is added to chapter 80.28 RCW to read as follows:

(1) A pipeline company that has been notified by an excavator pursuant to RCW 19.122.050 that excavation work will occur within five feet of a gas transmission pipeline shall ensure that the pipeline company's representative is on-site during the excavation within the five foot zone. The pipeline company has the discretion to require that the pipeline section in the vicinity of the excavation is fully uncovered and examined for damage prior to being reburied. If safety concerns exist, the pipeline company may elect, at the excavator's expense, to conduct the uncovering of the pipeline.

(2) Immediately upon receiving information of third-party damage to a pipeline owned or operated by a pipeline company, that company shall visually inspect the pipeline. After visual inspection, a pipeline company shall determine whether the pipeline section that has sustained third-party damage should be replaced or repaired, or whether it is safe to resume pipeline operation. A record of the company's inspection report and test results shall be provided to the department within fourteen calendar days of the inspection.

(3) Pipeline companies shall immediately notify local first responders and the commission of any substantial or dangerous release from a gas transmission pipeline.

Sec. 21. RCW 19.122.070 and 1984 c 144 s 7 are each amended to read as follows:

(1) Any person who willfully or maliciously damages or removes a marking used to identify a hazardous liquid or gas pipeline, as defined in section 2 of this act, is subject to a civil penalty of not more than one thousand dollars for each violation.

(2) Any person who fails to notify the one-number locator service of excavation work that is planned to occur within twenty-five feet of a hazardous liquid or gas pipeline is subject to a civil penalty of not more than one thousand dollars for each violation.

(3) Any person who fails to notify the one-number locator service and causes damage to a hazardous liquid or gas pipeline is subject to a civil penalty of not more than ten thousand dollars for each violation.

(4) Any person who excavates within five feet of a hazardous liquid pipeline or gas transmission pipeline without the pipeline company's representative on-site, is subject to a civil penalty of not more than ten thousand dollars for each violation.

(5) Any person who violates any provision of this chapter, and which violation results in damage to underground facilities, is subject to a civil penalty of not more than $10,000 for each violation.

(6) All civil penalties recovered under subsection (1) through (5) of this section shall be deposited in the general fund and expended for the purpose of enforcement of hazardous liquid and gas pipeline safety laws.

(7) Any excavator who willfully or maliciously damages a field-marked underground facility shall be liable for treble the costs incurred in repairing or relocating the facility. In those cases in which an excavator fails to notify known underground facility owners or the one-number locator service, any damage to the underground facility shall be deemed willful and malicious and shall be subject to treble damages for costs incurred in repairing or relocating the facility.

(8) This chapter does not affect any civil remedies for personal injury or for property damage, including that to underground facilities, nor does this chapter create any new civil remedies for such damage.

Sec. 22. RCW 47.44.150 and 1989 c 196 s 1 are each amended to read as follows:
In any action for damages against the state of Washington, its agents, contractors, or employees by reason of damages to
a utility or other facility located on a state highway, the damages are limited to the cost of repair of the utility or facility and are
recoverable only in those instances where the utility or facility is authorized to be located on the state highway. However, the state
is subject to the penalties provided in RCW 19.122.070 (44) (5) and (21) only if the state has failed to give a notice meeting
the requirements of RCW 19.122.030 to utilities or facilities that are authorized to be located on the state highway.

NEW SECTION. Sec. 23. A pipeline company that fails to comply with any provision of this chapter shall be subject to
civil penalties of not less than five thousand dollars nor more than twenty-five thousand dollars. This penalty shall be imposed
pursuant to RCW 43.21B.300.

NEW SECTION. Sec. 24. A pipeline containing petroleum or petroleum products that is wholly located on the pipeline
owner's property, that is not adjoining marine waters, is exempt from the provisions of this chapter. This exemption applies only for
pipelines that do not have any connections to pipelines or facilities not located on the pipeline owner's property and the petroleum or
petroleum products must be for use only at that location.

NEW SECTION. Sec. 25. If any part of this act is found to be in conflict with federal requirements that are a prescribed
condition to the allocation of federal funds to the state, the conflicting part of this act is inoperative solely to the extent of the conflict
and with respect to the agencies directly affected, and this finding does not affect the operation of the remainder of this act in its
application to the agencies concerned. Rules adopted under this act must meet federal requirements that are a necessary condition
to the receipt of federal funds by the state.

Sec. 26. RCW 43.21B.300 and 1993 c 387 s 23 are each amended to read as follows:
(1) Any civil penalty provided in RCW 18.104.155, 70.94.431, 70.105.080, 70.107.050, section 23 of this act, 88.46.090,
90.03.600, 90.48.144, 90.56.310, and 90.56.330 shall be imposed by a notice in writing, either by certified mail with return receipt
requested or by personal service, to the person incurring the penalty from the department(“the administrator of the office of marine
safety.”) or the local air authority, describing the violation with reasonable particularity. Within fifteen days after the notice is
received, the person incurring the penalty may appeal in writing to the department, the administrator, or the authority for the remission
or mitigation of the penalty. Upon receipt of the application, the department, the administrator, or authority may remit or mitigate the
penalty upon whatever terms the department, the administrator, or the authority in its discretion deems proper. The department or
the authority may ascertain the facts regarding all such applications in such reasonable manner and under such rules as it may
decem proper and shall remit or mitigate the penalty only upon a demonstration of extraordinary circumstances such as the presence
of information or factors not considered in setting the original penalty.
(2) Any penalty imposed under this section may be appealed to the pollution control hearings board in accordance with
this chapter if the appeal is filed with the hearings board and served on the department, the administrator, or authority thirty days
after receipt by the person penalized of the notice imposing the penalty or thirty days after receipt of the notice of disposition of the
application for relief from penalty.
(3) A penalty shall become due and payable on the later of:
(a) Thirty days after receipt of the notice imposing the penalty;
(b) Thirty days after receipt of the notice of disposition on application for relief from penalty, if such an application is made; or
(c) Thirty days after receipt of the notice of decision of the hearings board if the penalty is appealed.
(4) If the amount of any penalty is not paid to the department or the administrator within thirty days after it becomes due
and payable, the attorney general, upon request of the department or the administrator, shall bring an action in the name of the state
of Washington in the superior court of Thurston county, or of any county in which the violator does business, to recover the penalty.
If the amount of the penalty is not paid to the authority within thirty days after it becomes due and payable, the authority may bring
an action to recover the penalty in the superior court of the county of the authority’s main office or of any county in which the violator
does business. In these actions, the procedures and rules of evidence shall be the same as in an ordinary civil action.
(5) All penalties recovered shall be paid into the state treasury and credited to the general fund except those penalties
imposed pursuant to RCW 18.104.155, which shall be credited to the reclamation account as provided in RCW 18.104.155(7), RCW
70.94.431, the disposition of which shall be governed by that provision, RCW 70.105.080, which shall be credited to the hazardous
waste control and elimination account, created by RCW 70.105.180, and RCW 90.56.330, which shall be credited to the coastal
protection fund created by RCW 90.48.390.

NEW SECTION. Sec. 27. This act may be known and cited as the Washington state pipeline safety act.

NEW SECTION. Sec. 28. Sections 1 through 7, 9, 11, 13, 14, 19, 23 through 25, and 27 of this act constitute a new
chapter in Title 70 RCW.

NEW SECTION. Sec. 29. Sections 1 through 4, 9 through 15, 18, and 23 through 26 of this act are necessary for the
immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions,
and take effect immediately.
NEW SECTION. Sec. 30. RCW 81.88.040 (Intrastate pipeline safety)

MOTION

Senator Spanel moved that the following striking amendment by Senators Spanel, Morton, Gardner and Fraser be adopted:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) The intent of this act is to protect the health and safety of the citizens of the state of Washington and the quality of the state's environment by developing and implementing environmental and public safety measures applicable to persons transporting hazardous liquids and gas by pipeline within the state of Washington. The legislature finds that public safety and the environment may best be protected by adopting standards that are equal to, or more stringent than, those adopted by the federal government, so long as they do not impermissibly interfere with interstate commerce.

(2) The legislature recognizes that additional federal authority is needed to implement a comprehensive pipeline safety program and by this act and other measures directs the state to seek that authority.

(3) It is also the intent of the legislature that the governor work with the state congressional delegation in seeking:

(a) To amend the federal pipeline safety act to delegate authority to qualified states to adopt and enforce standards equal to or more stringent than federal standards;

(b) State authority to administer and enforce federal requirements related to pipeline safety; and

(c) Higher levels of funding for state and federal pipeline safety activities and for states to respond to pipeline accident emergencies.

(4) While the legislature acknowledges that serious accidents have occurred for hazardous liquid and gas pipelines in this nation and elsewhere, it recognizes that there are fundamental differences between hazardous liquid pipelines and gas pipelines and that a different system of safety regulations must be applied for each kind of pipeline.

"NEW SECTION. Sec. 2. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Commission" means the utilities and transportation commission.

(2) "Department" means the department of ecology.

(3) "Failsafe" means a design feature that will maintain or result in a safe condition in the event of malfunction or failure of a power supply, component, or control device.

(4) "Gas" means natural gas, flammable gas, or toxic or corrosive gas.

(5) "Hazardous liquid" means: (a) Petroleum, petroleum products, or anhydrous ammonia as those terms are defined in 49 C.F.R. Part 195 in effect March 1, 1998; and (b) carbon dioxide.

(6) "Local government" means a political subdivision of the state or a city or town.

(7) "Person" means an individual, partnership, franchise holder, association, corporation, a state, a city, a county, or any political subdivision or instrumentality of a state, and its employees, agents, or legal representatives.

(8) "Pipeline" or "pipeline system" means all parts of a pipeline facility through which a hazardous liquid moves in transportation, including, but not limited to, line pipe, valves, and other appurtenances connected to line pipe, pumping units, fabricated assemblies associated with pumping units, metering and delivery stations and fabricated assemblies therein, and breakout tanks. "Pipeline" or "pipeline system" does not include process or transfer pipelines.

(9) "Pipeline company" means a person or entity constructing, owning, or operating a pipeline for transporting hazardous liquid.

(10) "Reportable release" means a spilling, leaking, pouring, emitting, discharging, or any other uncontrolled escape of a hazardous liquid in excess of one barrel, or forty-two gallons.

(11) "Safety management systems" means management systems that include coordinated and interdisciplinary evaluations of the effect of significant changes to a pipeline system before such changes are implemented.

(12) "Transfer pipeline" means a buried or aboveground pipeline used to carry oil between a tank vessel or transmission pipeline and the first valve inside secondary containment at the facility provided that any discharge on the facility side of that first valve will not directly impact waters of the state. A transfer pipeline includes valves, and other appurtenances connected to the pipeline, pumping units, and fabricated assemblies associated with pumping units. A transfer pipeline does not include process pipelines, pipelines carrying ballast or bilge water, transmission pipelines, or tank vessel or storage tanks.

Sec. 3. RCW 81.88.040 and 1998 c 123 s 1 are each amended to read as follows:

(1) (The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Pipeline company" means a person or entity constructing, owning, or operating an intrastate pipeline for transporting hazardous liquid, whether or not such a person or entity is a public service company otherwise regulated by the commission.)
the purposes of this section, a pipeline company does not include: (((iii))) (a) Distribution systems owned and operated under franchise for the sale, delivery, or distribution of natural gas at retail; or (((iv))) (b) excavation contractors or other contractors that contract with a pipeline company.

((b)) "Hazardous liquid" means: (i) Petroleum, petroleum products, or anhydrous ammonia as those terms are defined in 49 C.F.R. Part 195 in effect March 1, 1998; and (ii) carbon dioxide. The commission by rule may incorporate by reference other substances designated as hazardous by the secretary of transportation under 49 U.S.C. Sec. 60101(a)(4).

(2) (a) The commission shall adopt by rule intrastate pipeline safety standards for pipeline transportation and pipeline facilities that: (a) Apply to pipeline companies transporting hazardous liquids; (b) cover the design, construction, and operation of pipelines transporting hazardous liquids; and (c) require pipeline companies to design, construct, and maintain their pipeline facilities so they are safe and efficient.

(3) A person, officer, agent, or employee of a pipeline company who, as an individual or acting as an officer, agent, or employee of such a company, violates or fails to comply with this section or a rule adopted under this section, is guilty of a gross misdemeanor.

(((iii))) (((a))) A pipeline company, or any person, officer, agent, or employee of a pipeline company that violates a provision of this section, or a rule adopted under this section, is subject to a civil penalty to be assessed by the commission.

(b) The commission shall adopt rules: (i) Setting penalty amounts, but may not exceed the penalties specified in the federal pipeline safety laws, 49 U.S.C. Sec. 60101 et seq.; and (ii) establishing procedures for mitigating penalties assessed (i) and (iii) incorporating by reference other substances designated as hazardous by the secretary of transportation under 49 U.S.C. Sec. 60101(a)(4)).

(c) In determining the amount of the penalty, the commission shall consider: (i) The appropriateness of the penalty in relation to the position of the person charged with the violation; (ii) the gravity of the violation; and (iii) the good faith of the person or company charged in attempting to achieve compliance after notification of the violation.

(d) The amount of the penalty may be recovered in a civil action in the superior court of Thurston county or of some other county in which the violator may do business. In all actions for recovery, the rules of evidence shall be the same as in ordinary civil actions. All penalties recovered under this section must be paid into the state treasury and credited to the public service revolving fund.

(4) The commission shall adopt rules incorporating by reference other substances designated as hazardous by the secretary of transportation under 49 U.S.C. Sec. 60101(a)(4).

(5) The commission shall also have the power of injunctive relief, as required by 49 U.S.C. Sec. 60105(b), to enforce the provisions of this chapter.

(6) Nothing in this section duplicates the authority of the energy facility site evaluation council under chapter 80.50 RCW.

NEW SECTION. Sec. 4. (1) The hazardous liquid pipeline safety account is created in the custody of the state treasurer. All receipts from the federal office of pipeline safety and any other state or federal funds provided for hazardous liquid pipeline safety must be deposited in the account, except as provided in subsection (2) of this section. Moneys in the account may be spent only after appropriation. Expenditures from the account may be used only for funding pipeline safety.

(2) Federal funds received before June 30, 2001, shall be treated as receipt of unanticipated funds and expended, without appropriation, for the designated purposes.

NEW SECTION. Sec. 5. (1) A comprehensive program of hazardous liquid pipeline safety is authorized by sections 2, 4, 5, 9, 11, 13, and 19 of this act, and RCW 81.88.040 to be developed and implemented consistent with federal law. Except as provided in subsection (6) of this section, the commission shall administer and enforce all laws related to hazardous liquid pipeline safety.

(2) The commission shall adopt rules for pipeline safety standards for hazardous liquid pipeline transportation that:

(a) Require pipeline companies to design, construct, operate, and maintain their pipeline facilities so they are safe and efficient;

(b) Require pipeline companies to rapidly locate and isolate all reportable releases from hazardous liquid pipelines, that may include:

(i) Installation of remote control shut-off valves; and

(ii) Installation of remotely monitored pressure gauges and meters;

(c) Require the training and certification of personnel who operate hazardous liquid pipelines and the associated systems;

(d) Require reporting of emergency situations, including emergency shutdowns and material defects or physical damage that impair the serviceability of a pipeline; and
(e) Require hazardous liquid pipeline companies to submit operations safety plans to the commission once every five years, as well as any amendments to the plan made necessary by changes to the pipeline system or its operation. The safety plan shall include emergency response procedures.

(3) The commission shall approve operations safety plans if they have been deemed fit for service. A plan shall be deemed fit for service when it provides for pipelines that are designed, developed, constructed, operated, and periodically modified to provide for protection of public safety and the environment. Pipeline operations safety plans shall, at a minimum, include:

(a) A schedule of inspection and testing within the pipeline distribution system of:

(2) All owners of underground facilities within a one-number locator service area shall subscribe to the service. One-number locator service rates for cable television companies will be based on the amount of their underground facilities. If no one-number locator service is available, notice shall be provided individually to those owners of underground facilities known to or suspected of having underground facilities within the area of proposed excavation. The notice shall be communicated to the owners of underground facilities not less than two business days or more than ten business days before the scheduled date for commencement of excavation, unless otherwise agreed by the parties. The notice shall also comply with the requirements of section 20 of this act.

(3) Upon receipt of the notice provided for in this section, the owner of the underground facility shall provide the excavator with reasonably accurate information as to its locatable underground facilities by surface-marking the location of the facilities. If there are identified but unlocatable underground facilities, the owner of such facilities shall provide the excavator with the best available information as to their locations. The owner of the underground facility providing the information shall respond no later
than two business days after the receipt of the notice or before the excavation time, at the option of the owner, unless otherwise agreed by the parties. Excavators shall not excavate until all known facilities have been marked. Once marked by the owner of the underground facility, the excavator is responsible for maintaining the markings. Excavators shall have the right to receive compensation from the owner of the underground facility for costs incurred if the owner of the underground facility does not locate its facilities in accordance with this section.

4. The owner of the underground facility shall have the right to receive compensation for costs incurred in responding to excavation notices given less than two business days prior to the excavation from the excavator.

5. An owner of underground facilities is not required to indicate the presence of existing service laterals or appurtenances if the presence of existing service laterals or appurtenances on the site of the construction project can be determined from the presence of other visible facilities, such as buildings, manholes, or meter and junction boxes on or adjacent to the construction site.

6. Emergency excavations are exempt from the time requirements for notification provided in this section.

7. If the excavator, while performing the contract, discovers underground facilities which are not identified, the excavator shall cease excavating in the vicinity of the facility and immediately notify the owner or operator of such facilities, or the one-number locator service.

NEW SECTION. Sec. 17. A new section is added to chapter 19.122 RCW to read as follows:

When the excavator contacts the one-number locator service under RCW 19.122.030(1), the excavator shall notify the service if surface markings or other information indicates that the excavation work, excluding agricultural tilling less than twelve inches in depth, is to occur within five feet of a hazardous liquid pipeline or gas transmission pipeline. The one-number locator service shall inform the pipeline company that owns or operates the pipeline that excavation is to occur within five feet of their pipeline and inform the company that its representative must be on-site, prior to the start of excavation.

Sec. 18. RCW 19.122.050 and 1984 c 144 s 5 are each amended to read as follows:

An excavator who, in the course of excavation, contacts or damages an underground facility shall immediately notify the utility owning or operating such facility and the state-wide one-number (locator) referral service. If the damage causes an emergency condition, the excavator causing the damage shall also immediately alert the appropriate local public safety agencies and take all appropriate steps to ensure the public safety. No damaged underground facility may be buried until it is repaired or relocated.

2. The owner of the underground facilities damaged shall arrange for repairs or relocation as soon as is practical or may permit the excavator to do necessary repairs or relocation at a mutually acceptable price.

NEW SECTION. Sec. 19. A new section is added to chapter 48.48 RCW to read as follows:

1. The chief of the Washington state patrol, through the director of fire protection or his or her authorized deputy, shall, in consultation with the emergency management program within the state military department, the department of ecology, the utilities and transportation commission, and local emergency services organizations:

(a) Evaluate the preparedness of local first responders in meeting emergency management demands under subsection (2) of this section; and

(b) Conduct an assessment of the equipment and personnel needed by local first responders to meet emergency management demands related to pipelines.

2. The chief of the Washington state patrol, through the director of fire protection or his or her deputy, shall develop curricula for training local first responders to deal with hazardous liquid and gas pipeline accidents. The curricula shall be developed in conjunction with pipeline companies and local first responders, and shall include a timetable and costs for providing training as defined in the curricula to all communities housing pipelines. Separate curricula shall be developed for hazardous liquid and gas pipelines so that the differences between pipelines may be recognized and appropriate accident responses provided. The need for a training program for regional incident management teams shall also be evaluated.

3. In consultation with other relevant agencies, the chief of the Washington state patrol, through the director of fire protection or his or her deputy, shall identify the need and means for achieving consistent application of the national interagency incident management system.

4. For the purposes of this section, "local first responders" means police, fire, emergency medical staff, and volunteers.

NEW SECTION. Sec. 20. (1) A pipeline company that has been notified by an excavator pursuant to RCW 19.122.050 that excavation work will occur within five feet of a hazardous liquid pipeline shall ensure that the pipeline company's representative is on-site during the excavation within the five foot zone. The pipeline company has the discretion to require that the pipeline section in the vicinity of the excavation is fully uncovered and examined for damage prior to being reburied. If safety concerns exist, the pipeline company may elect, at the excavator's expense, to conduct the uncovering of the pipeline.

2. Immediately upon receiving information of third-party damage to a pipeline owned or operated by a pipeline company, that company shall visually inspect the pipeline. After visual inspection, a pipeline company shall determine whether the pipeline
section that has sustained third-party damage should be replaced or repaired. A record of the company's inspection report and test results shall be provided to the commission within fourteen calendar days of the inspection.

(3) Pipeline companies shall immediately notify local first responders and the department of any reportable release from a hazardous liquid pipeline.

**NEW SECTION.** Sec. 21. A new section is added to chapter 80.28 RCW to read as follows:

(1) A gas pipeline company that has been notified by an excavator pursuant to RCW 19.122.050 that excavation work will occur within five feet of a gas transmission pipeline shall ensure that the pipeline company's representative is on-site during the excavation within the five foot zone. The gas pipeline company has the discretion to require that the pipeline section in the vicinity of the excavation is fully uncovered and examined for damage prior to being reburied. If safety concerns exist, the gas pipeline company may elect, at the excavator's expense, to conduct the uncovering of the pipeline.

(2) Immediately upon receiving information of third-party damage to any gas pipeline owned or operated by a gas pipeline company, that company shall visually inspect the pipeline. After visual inspection, a gas pipeline company shall determine whether the pipeline section that has sustained third-party damage should be replaced or repaired. A record of the company's inspection report and test results shall be provided to the commission within fourteen calendar days of the inspection.

(3) Pipeline companies shall immediately notify local first responders and the commission of any blowing gas leak from a gas pipeline that has ignited or represents a probable hazard to persons or property.

**NEW SECTION.** Sec. 22. A new section is added to chapter 19.122 RCW to read as follows:

(2) Any person who excavates within five feet of a hazardous liquid pipeline or gas transmission pipeline without the pipeline company's representative on-site, is subject to a civil penalty of not more than ten thousand dollars for each violation.

(3) All civil penalties recovered under subsections (1) and (2) of this section shall be deposited in the general fund and expended for the purpose of enforcement of hazardous liquid and gas pipeline safety laws.

(4) For the purposes of this section and section 17 of this act: (a) "Hazardous liquid" means: (i) Petroleum, petroleum products, or anhydrous ammonia as those terms are defined in 49 C.F.R. Part 195 in effect March 1, 1998; and (ii) carbon dioxide. The utilities and transportation commission by rule may incorporate by reference other substances designated as hazardous by the secretary of transportation under 49 U.S.C. Sec. 60101(a)(4); and (b) "gas" means natural gas, flammable gas, or toxic or corrosive gas.

**NEW SECTION.** Sec. 24. A pipeline containing petroleum or petroleum products that is wholly owned by an individual and which pipeline is located wholly on the individual's property, that is not adjoining marine waters, is exempt from the provisions of this chapter. This exemption applies only for pipelines that do not have any connections to pipelines or facilities that extend beyond the pipeline owner's property and the petroleum or petroleum products must be for use only at that location.

**NEW SECTION.** Sec. 25. If any part of this act is found to be in conflict with federal requirements that are a prescribed condition to the allocation of federal funds to the state, the conflicting part of this act is inoperative solely to the extent of the conflict and with respect to the agencies directly affected, and this finding does not affect the operation of the remainder of this act in its application to the agencies concerned. Rules adopted under this act must meet federal requirements that are a necessary condition to the receipt of federal funds by the state.

SUBSTITUTE HOUSE BILL NO. 2649, by House Committee on Technology, Telecommunications and Energy (originally sponsored by Representatives Wolfe, Radcliff and Ruderman) (by request of Department of Information Services)

Granting the department of information services the authority to provide services to nonprofit organizations.

The bill was read the second time.

MOTION

On motion of Senator Brown, the rules were suspended, Substitute House Bill No. 2649 was advanced to third reading, the second reading considered the third and the bill was placed on final passage.

Debate ensued.

POINT OF INQUIRY

Senator Stevens: "Senator Brown, could you provide for me the information as to the types of non-profit organizations? For example, would these be considered 501C3 non-profit organizations, as is designated under the federal government?"

Senator Brown: "Senator, thank you for your question. These are non-profit public benefit organizations that receive at least fifty percent of their funding from public sources. I would be happy to get you a list. I think that there are about thirty of them that are receiving these--basically discounted phone services for their organizations. This just clarifies that the department that is currently providing these services has the authority to do that. If we don't do this, it is not clear--if we want to take away their authority, then essentially we are imposing on these small non-profits additional costs, which they will have to pass on to taxpayers, because they receive their funds from taxpayers."

Further debate ensued.

The President declared the question before the Senate to be the roll call on the final passage of Substitute House Bill No. 2649.

ENGROSSED SECOND SUBSTITUTE HOUSE BILL NO. 1071, by House Committee on State Government (originally sponsored by Representatives Romero and D. Schmidt) (by request of Alternative Public Works Methods Oversight Committee)
Creating a limited public works process.

The bill was read the second time.

MOTION

On motion of Senator Patterson, the following Committee on State and Local Government striking amendment was adopted:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. A new section is added to chapter 39.04 RCW to read as follows:

In addition to any other power or authority that an agency may have, an agency alone or in concert with another agency may award contracts for work, construction, alteration, repair, or improvement projects estimated to cost less than thirty-five thousand dollars using a limited public works process without advertising and competitive bidding. An agency using the limited public works process shall solicit electronic or written quotations from a minimum of three contractors included on the appropriate small works roster established under RCW 39.04.150, making an effort to include a certified minority or certified woman-owned contractor, and shall award the contract to the lowest responsible bidder, even if only one quotation is received, or shall reject all quotations. After an award is made, the quotations shall be open to public inspection and available by electronic request. Unless the agency chooses to notify all contractors on the appropriate roster who are willing to perform work in the geographic area of the work, a contractor on the appropriate roster who is willing to perform work in that geographic area and who has been sent a notice of a project shall not be sent another notice of a project until all others on the appropriate roster who are willing to perform work in the geographic area have been sent notice of a project. An agency shall maintain a list each biennium of the contracts awarded under the limited public works process, including the name of the contractor, the amount of the contract, a brief description of the type of work performed, and the date it was awarded. For limited public works projects, an agency may waive the payment and performance bond requirements of chapter 39.08 RCW and the retainage requirements of chapter 60.28 RCW, thereby assuming the liability for the contractor's nonpayment of laborers, mechanics, subcontractors, materialmen, suppliers, and taxes imposed pursuant to Title 82 RCW that may be due from the contractor for the limited public works project, however the agency shall have a right of recovery against the contractor for any payments made on the contractor's behalf.

(2) The breaking down of any public work or improvement into units or accomplishing any public work or improvement by phases for the purpose of avoiding the minimum dollar amount for bidding is contrary to public policy and is prohibited.

(3) As used in this section, the term "agency" means the department of general administration, the department of fish and wildlife, the department of natural resources, the department of transportation, and the state parks and recreation commission.

Sec. 2. RCW 39.04.155 and 1998 c 278 s 12 are each amended to read as follows:

(1) A municipality may use either the small works roster process as defined in subsection (2) of this section or an alternative small works roster process that is called the limited public works process as defined in subsection (3) of this section for work, construction, repair, alteration, or improvement projects.

(2) (a) This subsection provides a uniform process to award contracts for public works projects by those municipalities that are authorized to use a small works roster in lieu of the requirements for formal sealed bidding. The state statutes governing a specific type of municipality shall establish the maximum dollar thresholds of the contracts that can be awarded under this process, and may include other matters concerning the small works roster process, for the municipality.

(b) Such municipalities may create a single general small works roster, or may create a small works roster for different categories of anticipated work. The small works roster or rosters shall consist of all responsible contractors who have requested to be on the list, and where required by law are properly licensed or registered to perform such work in this state. At least twice a year, the municipality shall publish in a newspaper of general circulation within the jurisdiction a notice of the existence of the roster or rosters and solicit the names of contractors for such roster or rosters.

The governing body of the municipality shall establish a procedure for securing electronic or written quotations from the contractors on the general small works roster, or a specific small works roster for the appropriate category of work, to assure that a competitive price is established and to award contracts to the lowest responsible bidder, as defined in RCW 43.19.1911. Such invitations for quotations shall include an estimate of the scope and nature of the work to be performed as well as materials and equipment to be furnished. However, detailed plans and specifications need not be included in the invitation. This section does not eliminate other requirements for architectural or engineering approvals as to quality and compliance with building
codes. Whenever possible at least five contractors shall be invited to submit bids. Once a contractor has been afforded an opportunity to submit a proposal, that contractor shall not be offered another opportunity until all other appropriate contractors on the small works roster have been afforded an opportunity to submit a proposal on a contract. Proposals may be invited from all appropriate contractors on the small works roster.

A contract awarded from a small works roster under this section need not be advertised. Immediately after an award is made, the bid quotations obtained shall be recorded, open to public inspection, and available by electronic inquiry.

(3)(a) Work, construction, alteration, repair, or improvement projects estimated to cost less than thirty-five thousand dollars are limited public works exempt from the small works roster process and from the requirement that contracts be awarded after advertisement and competitive bid as provided in RCW 39.04.010. For limited public works projects, the municipality shall solicit electronic or written quotations from a minimum of three contractors on the appropriate small works roster, making an effort to include a certified minority or certified woman-owned contractor, and shall award the contract to the lowest responsible bidder, even if only one quotation is received, or reject all quotations. After an award is made, the quotations must be open to public inspection and available by electronic request. Unless the municipality chooses to notify all contractors on the appropriate roster, a contractor on the appropriate roster who has been sent a notice of a project shall not be sent another notice of a project until all others on the appropriate roster who are willing to perform work have been sent notice of a project. A municipality shall maintain a list each biennium of the contracts awarded under the limited public works process, including the name of the contractor, the amount of the contract, a brief description of the type of work performed, and the date it was awarded. For limited public works projects, a municipality may waive the payment and performance bond requirements of chapter 39.08 RCW and the retainage requirements of chapter 60.28 RCW, thereby assuming the liability for the contractor's nonpayment of laborers, mechanics, subcontractors, materialmen, suppliers, and taxes imposed pursuant to Title 82 RCW that may be due from the contractor for the limited public works project, however the agency shall have a right of recovery against the contractor for any payments made on the contractor's behalf.

(b) The breaking down of any public work or improvement into units or accomplishing any public work or improvement by phases for the purpose of avoiding the minimum dollar amount for bidding is contrary to public policy and is prohibited."

REMARKS BY SENATOR OKE

Senator Oke: "The big game license is normally for elk, deer--those things. We hope a few cougar."

Senator Costa: "What are unclassified wildlife licenses?"

Senator Oke: "It is on the list there. The fox, the coyote--those critters that all like to eat pheasants every day and I think that is a mistake."

Senator Costa: "Does that include bunny rabbits, too?"

Senator Oke: "I think bunny rabbits require a small game license."

Senator Costa: "Oh, okay. Thank you."

POINT OF INQUIRY

Senator Patterson: "Senator Jacobsen, I am reluctant to vote for this legislation. However, if you can assure me that crows are on the list of unclassified animals--if you can show me where the word 'crow' appears in the bill, I will lend you a vote."

Senator Jacobsen: "I can't assure you of that. It is my understanding that crows are protected by international treaties. Therefore, you have to get a special license for that and permit and so on. So, I can't assure you on this one, but I think is does show you one of the things--the species--when they become over abundant, can become a nuisance. If they are uncontrolled in some ways, it can make the planet uninhabitable."

(20) Development of guidelines and criteria for the purchase of vehicles, alternate vehicle fuels and systems, equipment, and materials that reduce overall energy-related costs and energy use by the state, including the requirement that new passenger vehicles purchased by the state meet the minimum standards for passenger automobile fuel economy established by the United States secretary of transportation pursuant to the energy policy and conservation act (15 U.S.C. Sec. 2002);

(21) Development of goals for state use of recycled and environmentally preferable products through specifications for products and services, processes for requests for proposals and requests for qualifications, contractor selection, and contract negotiations.

Sec. 3. RCW 43.19A.020 and 1996 c 198 s 1 are each amended to read as follows:

(1) The federal product standards, adopted under 42 U.S.C. Sec. 6962(e) as it exists on the effective date of this act, are adopted as the minimum standards for the state of Washington. These standards shall be implemented for at least the products listed in this subsection (by the dates indicated), unless the director finds that a different standard would significantly increase recycled product availability or competition.

(a) By July 1, 1997:
   (i) Paper and paper products;
   (ii) Organic recovered materials;
   (iii) Latex paint products;

(b) By July 1, 1997:
   (i) Retread and remanufactured tires;
   (ii) Lubricating oils;
   (iii) Automotive batteries;
   (iv) Building insulation products and materials;
   (v) Panelboard; and
   (vi) Compost products.

(2) By July 1, 2001, the director shall adopt product standards for strawboard manufactured using as an ingredient straw that is produced as a by-product in the production of cereal grain or turf or grass seed.

(3) The standards required by this section shall be applied to recycled product purchasing by the department, other state agencies, and state postsecondary education institutions. The standards may be adopted or applied by any other local government in product procurement. The standards shall provide for exceptions under appropriate circumstances to allow purchases of recycled products that do not meet the minimum content requirements of the standards.
NEW SECTION. Sec. 4. The legislature encourages city, county, and state governments, the private sector, and consumers to collaborate in sharing information and becoming informed about opportunities for increasing voluntary product stewardship to support the state’s recycling goals. For purposes of this section, “product stewardship” means a principle that directs all actors in the life cycle of a product to minimize impacts of that product on the environment.

Sec. 5. RCW 39.04.133 and 1996 c 198 s 5 are each amended to read as follows:

(1) The state’s preferences for the purchase and use of recycled content products shall be included as a factor in the design and development of state capital improvement projects.

(2) ((Specifications for materials in state construction projects shall include the use of recycled content products and recyclable products whenever practicable.) If a construction project receives state public funding, the product standards, as provided in RCW 43.19A.020, shall apply to the materials used in the project, whenever the administering agency and project owner determine that such products would be cost-effective and are readily available.

(3) This section does not apply to contracts entered into by a municipality.

NEW SECTION. Sec. 6. A new section is added to chapter 81.77 RCW to read as follows:

(1) As an incentive to increase recycling and reduce landfill disposal, the commission shall allow a solid waste collection company collecting recyclable materials from residential customers to retain a portion of the revenue derived from the sale of increased recyclable materials tonnage. In order to qualify to participate in a recycling revenue sharing program each hauler must submit to the commission a plan certified by the appropriate local government authority as being consistent with the local government solid waste management plan and specifying the 1999 per capita recycling base as determined by the local government. Provided, that customers shall receive one hundred percent of the revenue derived from the sale of recyclable materials, up to the established per capita base. Customers shall receive eighty percent of the revenue derived from the sale of recyclable materials exceeding the established per capita base.

(2) By December 2, 2004, the commission shall provide a report to the legislature that evaluates:

(a) The effectiveness of revenue sharing as an incentive to increase recycling in the state; and

(b) The effect of revenue sharing on costs to customers.

(3) This section expires December 31, 2005.

Sec. 7. RCW 70.95.010 and 1989 c 431 s 1 are each amended to read as follows:

The legislature finds:

(1) Continuing technological changes in methods of manufacture, packaging, and marketing of consumer products, together with the economic and population growth of this state, the rising affluence of its citizens, and its expanding industrial activity have created new and ever-mounting problems involving disposal of garbage, refuse, and solid waste materials resulting from domestic, agricultural, and industrial activities.

(2) Traditional methods of disposing of solid wastes in this state are no longer adequate to meet the ever-increasing problem. Improper methods and practices of handling and disposal of solid wastes pollute our land, air and water resources, blight our countryside, adversely affect land values, and damage the overall quality of our environment.

(3) Considerations of natural resource limitations, energy shortages, economics and the environment make necessary the development and implementation of solid waste recovery and/or recycling plans and programs.

(4) Waste reduction must become a fundamental strategy of solid waste management. It is therefore necessary to change manufacturing and purchasing practices and waste generation behaviors to reduce the amount of waste that becomes a governmental responsibility.

(5) Source separation of waste must become a fundamental strategy of solid waste management. Collection and handling strategies should have, as an ultimate goal, the source separation of all materials with resource value or environmental hazard.

(6)(a) It is the responsibility of every person to minimize his or her production of wastes and to separate recyclable or hazardous materials from mixed waste.

(b) It is the responsibility of state, county, and city governments to provide for a waste management infrastructure to fully implement waste reduction and source separation strategies and to process and dispose of remaining wastes in a manner that is environmentally safe and economically sound. It is further the responsibility of state, county, and city governments to monitor the cost-effectiveness and environmental safety of combusting separated waste, processing mixed waste, and recycling programs.

(c) It is the responsibility of county and city governments to assume primary responsibility for solid waste management and to develop and implement aggressive and effective waste reduction and source separation strategies.

(d) It is the responsibility of state government to ensure that local governments are providing adequate source reduction and separation opportunities and incentives to all, including persons in both rural and urban areas, and nonresidential waste generators such as commercial, industrial, and institutional entities, recognizing the need to provide flexibility to accommodate...
differing population densities, distances to and availability of recycling markets, and collection and disposal costs in each community; and to provide county and city governments with adequate technical resources to accomplish this responsibility.

(7) Environmental and economic considerations in solving the state's solid waste management problems requires strong consideration by local governments of regional solutions and intergovernmental cooperation.

(8) The following priorities for the collection, handling, and management of solid waste are necessary and should be followed in descending order as applicable:

   (a) Waste reduction;
   (b) Recycling, with source separation of recyclable materials as the preferred method;
   (c) Energy recovery, incineration, or landfill of separated waste;
   (d) Energy recovery, incineration, or landfilling of mixed wastes.

(9) It is the state's goal to achieve a fifty percent recycling rate by (1995) 2005.

(10) It is the state's goal that programs be established to eliminate disposal of residential or commercial yard debris in landfills by 2010.

(11) Steps should be taken to make recycling at least as affordable and convenient to the ratepayer as mixed waste disposal.

(12) It is necessary to compile and maintain adequate data on the types and quantities of solid waste that are being generated and to monitor how the various types of solid waste are being managed.

(13) Vehicle batteries should be recycled and the disposal of vehicle batteries into landfills or incinerators should be discontinued.

(14) Excessive and nonrecyclable packaging of products should be avoided.

(15) Comprehensive education should be conducted throughout the state so that people are informed of the need to reduce, source separate, and recycle solid waste.

(16) All governmental entities in the state should set an example by implementing aggressive waste reduction and recycling programs at their workplaces and by purchasing products that are made from recycled materials and are recyclable.

(17) To ensure the safe and efficient operations of solid waste disposal facilities, it is necessary for operators and regulators of landfills and incinerators to receive training and certification.

(18) It is necessary to provide adequate funding to all levels of government so that successful waste reduction and recycling programs can be implemented.

(19) The development of stable and expanding markets for recyclable materials is critical to the long-term success of the state's recycling goals. Market development must be encouraged on a state, regional, and national basis to maximize its effectiveness. The state shall assume primary responsibility for the development of a multifaceted market development program to carry out the purposes of this act.

(20) There is an imperative need to anticipate, plan for, and accomplish effective storage, control, recovery, and recycling of discarded tires and other problem wastes with the subsequent conservation of resources and energy.

The department of ecology shall determine the best management practices for categories of solid waste in accordance with the priority solid waste management methods established in RCW 70.95.010. In order to make this determination, the department shall conduct a comprehensive solid waste stream analysis and evaluation. Following establishment of baseline data resulting from an initial in-depth analysis of the waste stream, the department shall develop a less intensive method of monitoring
the disposed waste stream including, but not limited to, changes in the amount of waste generated and waste type. The department shall monitor curbside collection programs and other waste segregation and disposal technologies to determine, to the extent possible, the effectiveness of these programs in terms of cost and participation, their applicability to other locations, and their implications regarding rules adopted under this chapter. Persons who collect solid waste shall annually report to the department the types and quantities of solid waste that are collected and where it is delivered. The department shall adopt guidelines for reporting and for maintaining the confidentiality of proprietary information included in the report. By March 1st of each year, entities that collect recycled material shall report their activity from the previous calendar year on a form provided by the department. The department may impose a penalty of one hundred dollars on any entity that fails to submit the required report to the department. The department may impose an additional penalty of one hundred dollars for each day after March 1st that a firm fails to submit the required report. The total penalties for failure to report shall not exceed one thousand dollars. By May 1st of each year, the department may arrange for the publication in recycling and solid waste industry trade publications the names of those entities failing to file the required report. The department shall structure penalties and other sanctions so as to encourage compliance with the annual reporting requirement.

Sec. 11. RCW 70.95.280 and 1988 c 184 s 3 are each amended to read as follows:

(1) The evaluation of the solid waste stream required in RCW 70.95.280 shall include the following elements:
   (a) The department shall determine which management method for each category of solid waste will have the least environmental impact; and
   (b) The department shall evaluate the costs of various management options for each category of solid waste, including a review of market availability, and shall take into consideration the economic impact on affected parties;
   (c) Based on the results of (a) and (b) of this subsection, the department shall determine the best management for each category of solid waste. Different management methods for the same categories of waste may be developed for different parts of the state.

(2) The department shall give priority to evaluating categories of solid waste that, in relation to other categories of solid waste, comprise a large volume of the solid waste stream or present a high potential of harm to human health. At a minimum the following categories of waste shall be evaluated:
   (a) By January 1, 1989, yard debris and other biodegradable materials, paper products, disposable diapers, and batteries; and
   (b) By January 1, 1990, metals, glass, plastics, styrofoam or rigid lightweight cellular polystyrene, and tires; and
   (c) By January 1, 2004, construction, demolition, and land-clearing debris, manure, and major food-processing wastes.

(3) The department is prohibited from adopting rules that mandate best management practices for the categories of solid waste identified in subsection (2) of this section.

Sec. 12. RCW 70.95.810 and 1998 c 245 s 132 are each amended to read as follows:

(1) In order to establish the feasibility of composting food and yard debris, the department shall provide funds, as available, to local governments submitting a proposal to compost such wastes.

(2) The department, in cooperation with the department of community, trade, and economic development, may approve an application if the project can demonstrate the essential parameters for successful composting, including, but not limited to, cost-effectiveness, handling and safety requirements, and current and potential markets."

SENATE BILL NO. 6296, by Senators Kohl-Welles, Jacobsen, Shin, Thibaudeau, Bauer, Fairley, Patterson, B. Sheldon, McAuliffe and Winsley

Creating the independence through college for achievers in need program.

POINT OF ORDER

Senator Johnson: "A point of order, Mr. President. Senate Bill No. 6296 is not properly before the Senate and should be referred back to the Committee on Ways and Means for the following reasons: Senate Concurrent Resolution No. 8421 provides cutoff dates and provides that Senate Bills will not be considered--any bill will not be considered in the house of origin after February 15, 2000. This actually was voted out of committee well after that.

"The exception, of course, is bills that are necessary to implement the budget. There is no reference, whatsoever, in this bill to the budget, so there are no state general funds used in this. These are TANF funds and this bill simply describes the way the department is to distribute the funds in a way that they have not been doing so up to this time. There is no budget, of course, at this time, although there soon will be, but even when there is a budget, this does not include an appropriation. For those reasons and for those set out in the ruling yesterday on Senate Bill No. 5243, the bill should be referred back to Ways and Means. It is not properly before the Senate."

Debate ensued.

MOTION

On motion of Senator Betti Sheldon, further consideration of Senate Bill No. 6296 was deferred.
President Pro Tempore Wojahn assumed the Chair.

Beginning on page 1, after line 9, strike the remainder of the joint memorial and insert the following:

"WHEREAS, The state of Washington has embarked on a major salmon recovery effort as reflected in significant legislation enacted in 1998 and 1999; and
WHEREAS, The state of Washington has formulated a state-wide strategy to recover salmon; and
WHEREAS, The state of Washington has spent and is prepared to spend millions of dollars to protect and restore salmon populations; and
WHEREAS, The state of Washington is aggressively pursuing salmon recovery through a comprehensive undertaking in partnerships with federal agencies, Indian tribal nations, local governments, nonprofit organizations, and others; and
WHEREAS, The national marine fisheries service has listed under the federal endangered species act a number of salmon species that live in evolutionarily significant units within Washington state; and
WHEREAS, Predation by certain migratory birds such as the Caspian Tern is widely viewed as a significant issue for recovery of listed fish species throughout Washington inland and coastal waters; and
WHEREAS, The federal migratory bird treaty act of 1918, 16 U.S.C.A. Sec. 703 et seq., has proven ineffective in managing migratory bird predation on salmonids; and
WHEREAS, Washington's efforts toward salmon recovery, while addressing nearly all the factors that have led to the decline of salmon, cannot currently, because of federal law, effectively address predation by these migratory birds; and
WHEREAS, Public confidence and support of Washington's salmon recovery efforts will be diminished unless the interaction among migratory birds and salmonid populations is better understood and site-specific conflicts are addressed;
NOW, THEREFORE, Your Memorialists respectfully pray that Congress pass legislation that amends the federal migratory bird treaty act of 1918, 16 U.S.C.A. Sec. 703 et seq., to provide a more effective means to allow for the protection and restoration of salmonid populations.

Congress is further urged to:

(1) Fund joint federal and state research on migratory and resident predatory bird interactions with salmonids, especially site-specific investigations to determine the significance of migratory and resident bird predation on adult and juvenile salmonids for stock recovery, and to develop a cohesive conservation plan that balances protection of both migratory and resident birds and salmonids;
(2) Grant at least limited management authority for state and federal agencies to remove those migratory and resident birds preying on listed fish stocks at areas of restricted fish passage;
(3) Prohibit the relocation of predatory bird nesting areas that could result in shifting predation to salmonid stocks that need recovery in other geographic areas.

BE IT RESOLVED, That copies of this Memorial be immediately transmitted to the Honorable William J. Clinton, President of the United States, the United States House of Representatives Committee on Resources, the United States Senate Committee on Commerce, Science, and Transportation, the President of the United States Senate, the Speaker of the House of Representatives, and each member of Congress from the State of Washington."

MOTION
On motion of Senator Jacobsen, the rules were suspended. House Joint Memorial No. 4026, as amended by the Senate, was advanced to third reading, the second reading considered the third and the joint memorial was placed on final passage.
Debate ensued.

POINT OF INQUIRY

Sec. 4. RCW 58.17.100 and 1995 c 347 s 428 are each amended to read as follows:

If a city, town, or county has established a planning commission or planning agency in accordance with state law or local charter, such commission or agency shall review all preliminary plats and make recommendations thereon to the city, town, or

Reports of the planning commission or agency shall be advisory only: PROVIDED. That the legislative body of the city, town, or county may, by ordinance, assign to such commission or agency, or any department official or group of officials, such administrative functions, powers and duties as may be appropriate, including the holding of hearings, and recommendations for approval or disapproval of preliminary plats of proposed subdivisions.

Such recommendation shall be submitted to the legislative body not later than fourteen days following action by the hearing body. Upon receipt of the recommendation on any preliminary plat the legislative body shall at its next public meeting set the date for the public meeting where it shall consider the recommendations of the hearing body and may adopt or reject the recommendations of such hearing body based on the record established at the public hearing. If, after considering the matter at a public meeting, the legislative body deems a change in the planning commission's or planning agency's recommendation approving or disapproving any preliminary plat is necessary, the legislative body shall adopt its own recommendations and approve or disapprove the preliminary plat.

If it finds that the proposed subdivision and dedication make such appropriate provisions and that the public use and interest will be served, then the (legislative body) city, town, or county shall approve the proposed subdivision and dedication. Dedication of land to any public body, provision of public improvements to serve the subdivision, and/or impact fees imposed under RCW 82.02.050 through 82.02.090 may be required as a condition of subdivision approval. Dedications shall be clearly shown on the final plat. No dedication, provision of public improvements, or impact fees imposed under RCW 82.02.050 through 82.02.090 shall be allowed that constitutes an unconstitutional taking of private property. The (legislative body) city, town, or county shall not as a condition to the approval of any subdivision require a release from damages to be procured from other property owners.

(3) If the preliminary plat includes a dedication of a public park with an area of less than two acres and the donor has designated that the park be named in honor of a deceased individual of good character, the city, town, or county (legislative body) must adopt the designated name.

The city, town, or county (legislative body) shall consider the physical characteristics of a proposed subdivision site and may disapprove a proposed plat because of flood, inundation, or swamp conditions. Construction of protective improvements may be required as a condition of approval, and such improvements shall be noted on the final plat.

No plat shall be approved by any city, town, or county (legislative authority) covering any land situated in a flood control zone as provided in chapter 86.16 RCW without the prior written approval of the department of ecology of the state of Washington.

Sec. 7. RCW 58.17.130 and 1974 ex.s.c 134 s 7 are each amended to read as follows:

Local regulations shall provide that in lieu of the completion of the actual construction of any required improvements prior to the approval of a final plat, the city, town, or county (legislative body) may accept a bond, in an amount and with surety and conditions satisfactory to it, or other secure method, providing for and securing to the municipality the actual construction and installation of such improvements within a period specified by the city, town, or county (legislative body) and expressed in the bonds. In addition, local regulations may provide for methods of security, including the posting of a bond securing to the municipality the successful operation of improvements for an appropriate period of time up to two years after final approval. The
municipality is hereby granted the power to enforce bonds authorized under this section by all appropriate legal and equitable remedies. Such local regulations may provide that the improvements such as structures, sewers, and water systems shall be designed and certified by or under the supervision of a registered civil engineer prior to the acceptance of such improvements.

Sec. 8. RCW 58.17.140 and 1995 c 68 s 1 are each amended to read as follows:

Preliminary plats of any proposed subdivision and dedication shall be approved, disapproved, or returned to the applicant for modification or correction within ninety days from date of filing thereof unless the applicant consents to an extension of such time period or the ninety day limitation is extended to include up to twenty-one days as specified under RCW 58.17.095(3): PROVIDED, That if an environmental impact statement is required as provided in RCW 43.21C.030, the ninety day period shall not include the time spent preparing and circulating the environmental impact statement by the local government agency. Final plats and short plats shall be approved, disapproved, or returned to the applicant within thirty days from the date of filing thereof, unless the applicant consents to an extension of such time period. A final plat meeting all requirements of this chapter shall be submitted to the [(legislative body)] city, town, or county for approval within five years of the date of preliminary plat approval. Nothing contained in this section shall act to prevent any city, town, or county from adopting by ordinance procedures which would allow extensions of time that may or may not contain additional or altered conditions and requirements.

Sec. 9. RCW 58.17.150 and 1993 c 121 s 4 are each amended to read as follows:

Each preliminary plat submitted for final approval of the [(legislative body)] city, town, or county shall be accompanied by the following agencies’ recommendations for approval or disapproval:

(1) Local health department or other agency furnishing sewage disposal and supplying water as to the adequacy of the proposed means of sewage disposal and water supply;

(2) Local planning agency or commission, charged with the responsibility of reviewing plats and subdivisions, as to compliance with all terms of the preliminary approval of the proposed plat subdivision or dedication;

(3) City, town, or county engineer.

Except as provided in RCW 58.17.140, an agency or person issuing a recommendation for subsequent approval under subsections (1) and (3) of this section shall not modify the terms of its recommendations without the consent of the applicant.

Sec. 10. RCW 58.17.170 and 1981 c 293 s 10 are each amended to read as follows:

When the [(legislative body)] city, town, or county finds that the subdivision proposed for final plat approval conforms to all terms of the preliminary plat approval, and that said subdivision meets the requirements of this chapter, other applicable state laws, and any local ordinances adopted under this chapter which were in effect at the time of preliminary plat approval, it shall suitably inscribe and execute its written approval on the face of the plat. The original of said final plat shall be filed for record with the county auditor. One reproducible copy shall be furnished to the city, town or county engineer. One paper copy shall be filed with the county assessor. Paper copies shall be provided to such other agencies as may be required by ordinance. Any lots in a final plat filed for record shall be a valid land use notwithstanding any change in zoning laws for a period of five years from the date of filing. A subdivision shall be governed by the terms of approval of the final plat, and the statutes, ordinances, and regulations in effect at the time of approval under RCW 58.17.150 (1) and (3) for a period of five years after final plat approval unless the [(legislative body)] city, town, or county finds that a change in conditions creates a serious threat to the public health or safety in the subdivision.

Sec. 11. RCW 58.17.190 and 1969 ex.s. c 271 s 19 are each amended to read as follows:

The county auditor shall refuse to accept any plat for filing until approval of the plat has been given by the [(appropriate legislative body)] city, town, or county in which the plat is situated. Should a plat or dedication be filed without such approval, the prosecuting attorney of the county in which the plat is filed shall apply for a writ of mandate in the name of and on behalf of the [(legislative body)] city, town, or county required to approve same, directing the auditor and assessor to remove from their files or records the unapproved plat, or dedication of record.

Sec. 12. RCW 58.17.212 and 1987 c 354 s 3 are each amended to read as follows:

Whenever any person is interested in the vacation of any subdivision or portion thereof, or any area designated or dedicated for public use, that person shall file an application for vacation with the [(legislative authority of the)] city, town, or county in which the subdivision is located. The application shall set forth the reasons for vacation and shall contain signatures of all parties having an ownership interest in that portion of the subdivision subject to vacation. If the subdivision is subject to restrictive covenants which were filed at the time of the approval of the subdivision, and the application for vacation would result in the violation of a covenant, the application shall contain an agreement signed by all parties subject to the covenants providing that the parties agree to terminate or alter the relevant covenants to accomplish the purpose of the vacation of the subdivision or portion thereof.

When the vacation application is specifically for a county road or city or town street, the procedures for road vacation or street vacation in chapter 36.87 or 35.79 RCW shall be utilized for the road or street vacation. When the application is for the vacation of the plat together with the roads and/or streets, the procedure for vacation in this section shall be used, but vacations of
streets may not be made that are prohibited under RCW 35.79.030, and vacations of roads may not be made that are prohibited under RCW 36.87.130.

The (legislative authority of the) city, town, or county shall give notice as provided in RCW 58.17.080 and 58.17.090 and shall conduct a public hearing on the application for a vacation and may approve or deny the application for vacation of the subdivision after determining the public use and interest to be served by the vacation of the subdivision. If any portion of the land contained in the subdivision was dedicated to the public for use or benefit, such land, if not deeded to the city, town, or county, shall be deeded to the city, town, or county unless the (legislative authority of the) city, town, or county shall set forth findings that the public use would not be served in retaining title to those lands.

Title to the vacated property shall vest with the rightful owner as shown in the county records. If the vacated land is land that was dedicated to the public, for public use other than a road or street, and the (legislative authority of the) city, town, or county has found that retaining title to the land is not in the public interest, title thereto shall vest with the person or persons owning the property on each side thereof, as determined by the (legislative authority of the) city, town, or county. When the road or street that is to be vacated was contained wholly within the subdivision and is part of the boundary of the subdivision, title to the vacated road or street shall vest with the owner or owners of property contained within the vacated subdivision.

This section shall not be construed as applying to the vacation of any plat of state-granted tide or shore lands.

Sec. 13. RCW 58.17.215 and 1987 c 354 s 4 are each amended to read as follows:

When any person is interested in the alteration of any subdivision or the altering of any portion thereof, except as provided in RCW 58.17.040(6), that person shall submit an application to request the alteration to the (legislative authority of the) city, town, or county where the subdivision is located. The application shall contain the signatures of the majority of those persons having an ownership interest of lots, tracts, parcels, sites, or divisions in the subject subdivision or portion to be altered. If the subdivision is subject to restrictive covenants which were filed at the time of the approval of the subdivision, and the application for alteration would result in the violation of a covenant, the application shall contain an agreement signed by all parties subject to the covenants providing that the parties agree to terminate or alter the relevant covenants to accomplish the purpose of the alteration of the subdivision or portion thereof.

Upon receipt of an application for alteration, the (legislative authority of the) city, town, or county shall provide notice of the application to all owners of property within the subdivision, and as provided for in RCW 58.17.080 and 58.17.090. The notice shall either establish a date for a public hearing or provide that a hearing may be requested by a person receiving notice within fourteen days of receipt of the notice.

The (legislative authority of the) city, town, or county shall determine the public use and interest in the proposed alteration and may deny or approve the application for alteration. If any land within the alteration is part of an assessment district, any outstanding assessments shall be equitably divided and levied against the remaining lots, parcels, or tracts, or be levied equitably on the lots resulting from the alteration. If any land within the alteration contains a dedication to the general use of persons residing within the subdivision, such land may be altered and divided equitably between the adjacent properties.

After approval of the alteration, the (legislative authority of the) city, town, or county shall order the applicant to produce a revised drawing of the approved alteration of the final plat or short plat, which after signature of the (legislative authority of the) city, town, or county, shall be filed with the county auditor to become the lawful plat of the property.

This section shall not be construed as applying to the alteration or replatting of any plat of state-granted tide or shore lands.

Sec. 14. RCW 58.17.225 and 1995 c 32 s 1 are each amended to read as follows:

The granting of an easement for ingress and egress or utilities over public property that is held as open space pursuant to a subdivision or plat, where the open space is already used as a utility right of way or corridor, where other access is not feasible, and where the granting of the easement will not impair public access or authorize construction of physical barriers of any type, may be authorized and exempted from the requirements of RCW 58.17.215 by the county, city, or town (legislative authority) following a public hearing with notice to the property owners in the affected plat.

Sec. 15. RCW 58.17.310 and 1990 c 194 s 1 are each amended to read as follows:

In addition to any other requirements imposed by the provisions of this chapter, (the legislative authority of any) a city, town, or county shall not approve a short plat or final plat, as defined in RCW 58.17.020, for any subdivision, short subdivision, lot, tract, parcel, or site which lies in whole or in part in an irrigation district organized pursuant to chapter 87.03 RCW unless there has been provided an irrigation water right of way for each parcel of land in such district. In addition, if the subdivision, short subdivision, lot, tract, parcel, or site lies within land within the district classified as irrigable, completed irrigation water distribution facilities for such land may be required by the irrigation district by resolution, bylaw, or rule of general applicability as a condition for approval of the short plat or final plat by the (legislative authority of the) city, town, or county. Rights of way shall be evidenced by the respective plats submitted for final approval to the (appropriate legislative authority) city, town, or county. In addition, if the subdivision, short subdivision, lot, tract, parcel, or site to be platted is wholly or partially within an irrigation district of two hundred
thousand acres or more and has been previously platted by the United States bureau of reclamation as a farm unit in the district, the city, town, or county shall not approve for such land a short plat or final plat as defined in RCW 58.17.020 without the approval of the irrigation district and the administrator or manager of the project of the bureau of reclamation, or its successor agency, within which that district lies. Compliance with the requirements of this section together with all other applicable provisions of this chapter shall be a prerequisite, within the expressed purpose of this chapter, to any sale, lease, or development of land in this state.

Sec. 16. RCW 58.17.330 and 1995 c 347 s 429 are each amended to read as follows:

(1) As an alternative to those provisions of this chapter requiring a planning commission to hear and issue recommendations for plat approval, the county or city legislative authority may adopt a hearing examiner system and shall specify by ordinance the legal effect of the decisions made by the examiner. The legal effect of such decisions shall include one of the following:

(a) The decision may be given the effect of a recommendation to the legislative authority;
(b) The decision may be given the effect of an administrative decision appealable within a specified time limit to the legislative authority; or
(c) The decision may be given the effect of a final decision of the legislative authority.

The legislative authority shall prescribe procedures to be followed by a hearing examiner.

(2) Each final decision of a hearing examiner shall be in writing and shall include findings and conclusions, based on the record, to support the decision. Each final decision of a hearing examiner, unless a longer period is mutually agreed to by the applicant and the hearing examiner, shall be rendered within ten working days following conclusion of all testimony and hearings."

SECOND READING

SECOND SUBSTITUTE HOUSE BILL NO. 2663, by House Committee on Appropriations (originally sponsored by Representatives Alexander, Schual-Berke, Parlette, Cody, Reardon, Erickson, Morris, Tokuda, Benson, Doumit, Pflug, Kessler, Ruderman, Rockefeller, Edmonds, Santos, O'Brien, Hurst and Esser)

Creating a program to provide atypical antipsychotic medications to underserved populations.

MOTION

On motion of Senator Hargrove, the following Committee on Ways and Means striking amendment was not adopted:

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. The legislature finds that schizophrenia is a devastating and costly disease. Atypical antipsychotic medications have been developed for treatment of schizophrenia and other similar psychiatric and neurological conditions, which have been effective at treating these conditions with less severe side effects than the side effects that accompany typical antipsychotics. In order to protect the public health, safety, and welfare, and reduce the economic and societal costs associated with untreated schizophrenia and other similar psychiatric and neurological conditions, the legislature intends to promote access to atypical antipsychotic medications by those unable to access them and who present a risk of harm to themselves and to the community.

NEW SECTION. Sec. 2. A new section is added to chapter 74.09 RCW to read as follows:

(1) To the extent funds are appropriated, the department of social and health services shall develop a distribution mechanism that promotes access to atypical antipsychotic medications to persons suffering from schizophrenia, or other psychiatric or neurological condition that is treated with atypical antipsychotic medication, who is an offender identified under RCW 72.09.370, or a person identified under RCW 71.05.235 or 10.77.090(1)(d). The department is authorized to establish rules necessary to implement the provisions of this act.

(2) "Atypical antipsychotic medications" means drugs with a pharmacological classification of dibenzodiazepines, benzisoxazoles, and thienobenzodiazepines.

(3) Under this program, the department shall purchase and distribute only those atypical antipsychotic medications whose manufacturers agree to provide a rebate for drugs purchased under the medical care services program, as defined in RCW 74.09.010. The rebate provided for the medical care services program shall be equivalent to, and subject to the same terms and conditions as, the manufacturer's rebate required for drugs purchased under Title XIX of the federal social security act.
NEW SECTION. Sec. 3. (1) The Washington state institute for public policy shall conduct an evaluation of this act to determine the following:

(a) Outcomes for persons receiving atypical antipsychotic medications under the provisions of this act, including, but not limited to the person's: (i) Ability to perform basic living skills and maintain a job; (ii) adherence to medication regimens; (iii) number of inpatient placement or acute care services after having received atypical antipsychotic medications; and (iv) criminal conviction record for further offenses, if any, after having received atypical antipsychotic medications;

(b) The extent to which this act increases access to atypical antipsychotic medications to the targeted population; and

(c) The uniformity by health care providers in prescribing atypical antipsychotic medications among the population identified under the provisions of this act.

(2) The institute shall report to the legislature by January 1, 2002."

MOTION

Senator Hargrove moved that the following striking amendment by Senators Hargrove and Long be adopted:

"NEW SECTION. Sec. 1. The legislature finds that schizophrenia is a devastating and costly disease. Atypical antipsychotic medications have been developed for treatment of schizophrenia and other similar psychiatric and neurological conditions, which have been effective at treating these conditions with less severe side effects than the side effects that accompany typical antipsychotics. Atypical antipsychotic medications are commonly prescribed and are within the standard of care. In order to protect the public health, safety, and welfare, and reduce the economic and societal costs associated with untreated schizophrenia and other similar psychiatric and neurological conditions, the legislature intends to promote access to atypical antipsychotic medications by those unable to access them and who present a risk of harm to themselves and to the community."

NEW SECTION. Sec. 2. (1) To the extent funds are appropriated, the department of social and health services shall request proposals that promote access to atypical antipsychotic medications to persons who meet the following criteria:

(a) The person has schizophrenia or other psychiatric or neurological condition that is treated with atypical antipsychotic medication;

(b) The person's income is less than two hundred percent of the federal poverty level; and

(c) The person is not covered by insurance or other benefit that pays for atypical antipsychotic medications. The person may have a copayment requirement under available coverage, which is cost prohibitive for the person given his or her income level, which would not disqualify the person under the requirement of this section.

(2) Contracts shall be awarded to contractors whose proposal meets the following criteria:

(a) Has a distribution mechanism that achieves cost savings in service delivery and medication costs;

(b) Targets children and adults who are transitioning out of state or local correctional or detention facilities or who have recently received mental health services under chapter 71.05 or 71.34 RCW;

(c) Is based on a clear statement of intended outcomes which are objective and identified in the proposal;

(d) Is designed to provide temporary access to these atypical antipsychotic medications until the person has obtained coverage or achieved financial capacity to retain them;

(e) Proposes to dispense the atypical antipsychotic medications as a part of a comprehensive program designed to achieve an improved mental status and stable living situation; and

(f) Maximizes cost savings of the atypical antipsychotic medications.

(3)(a) "Atypical antipsychotic medications" means drugs with a pharmacological classification of dibenzodiazepines, benzisoxazoles, thienobenzodiazepines, and dibenzothiazepines, and such other drugs as are defined in rule by the department which have the same or very similar utility in treating schizophrenia or other similar psychiatric and neurological conditions.

(b) "Access to atypical antipsychotic medications" includes:

(i) Pharmaceutical companies participating in this program shall increase access to their products for the targeted population through intensive outreach to their respective indigent drug programs as of the effective date of this act. The eligibility criteria of their respective indigent drug programs shall not be changed to decrease access or availability from the criteria as they exist on March 15, 2000; and

(ii) Other drugs or laboratory tests when used in conjunction with the atypical antipsychotic medications to achieve maximum therapeutic effect, or to treat side effects.
(4) Nothing in this section creates or provides any individual with an entitlement to services or benefits. It is the intent of the legislature that atypical antipsychotic medications shall be made available under this section only to the extent of the availability and level of appropriation made by the legislature.

(5) The distribution mechanism shall require successful recipients to comply with data collection needs of the Washington institute for public policy.

(6) The department is authorized to establish rules necessary to implement the provisions of this act.

NEW SECTION. Sec. 3. (1) The Washington institute for public policy shall conduct an evaluation of this act to determine the following:

(a) Outcomes for persons receiving atypical antipsychotic medications under the provisions of this act, including, but not limited to the person’s: (i) Ability to perform basic living skills and maintain a job; (ii) adherence to medication regimens; (iii) number of inpatient placement or acute care services after having received atypical antipsychotic medications; and (iv) criminal conviction record for further offenses, if any, after having received atypical antipsychotic medications;

(b) The extent to which this act increases access to atypical antipsychotic medications to the targeted population; and

(c) The uniformity by health care providers in prescribing atypical antipsychotic medications among the population identified under the provisions of this act.

(2) The Washington institute for public policy shall identify the number of children and the number of adults served; and outcomes, access, and uniformity for both children and adults.

NEW SECTION. Sec. 4. This act expires June 30, 2002."

SECOND READING

ENGROSSED SUBSTITUTE HOUSE BILL NO. 2994, by House Committee on Agriculture and Ecology
(originally sponsored by Representatives Parlette, G. Chandler, B. Chandler and Linville)

Regarding instream flows and trust water rights.

The bill was read the second time.

MOTION

On motion of Senator Fraser, the following Committee on Environmental Quality and Water Resources
striking amendment was not adopted:

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 90.14.200 and 1989 c 175 s 180 are each amended to read as follows:

(1) All matters relating to the implementation and enforcement of this chapter by the department of ecology shall be
carried out in accordance with chapter 34.05 RCW, the Administrative Procedure Act, except where the provisions of this chapter
expressly conflict with chapter 34.05 RCW. Proceedings held pursuant to RCW 90.14.130 are adjudicative proceedings within the
meaning of chapter 34.05 RCW. Final decisions of the department of ecology in these proceedings are subject to review in
accordance with chapter 43.21B RCW.

(2) RCW 90.14.130 provides nonexclusive procedures for determining a relinquishment of water rights under RCW
general adjudication proceedings initiated under RCW 90.03.110 or 90.44.220: PROVIDED, That nothing herein shall apply to
litigation involving determinations of the department of ecology under RCW 90.03.290 relating to the impairment of existing rights.

(3) If the superior court issues an order excusing or prohibiting a person or entity from exercising a water right during the
pendency of a general adjudication of water rights initiated by the department under RCW 90.03.110 or 90.44.220, the provisions of
RCW 90.14.130 through 90.14.180 shall not be construed to curtail the powers of the superior court, under a recognized head of
equitable jurisdiction, to set aside or cancel relinquishment at the suit of the party claiming the excused water right.

Sec. 2. RCW 90.38.020 and 1989 c 429 s 3 are each amended to read as follows:

(1) The department may acquire water rights, including but not limited to storage rights, by purchase, gift, or other
appropriate means other than by condemnation, from any person or entity or combination of persons or entities. Once acquired,
such rights are trust water rights.

(2) The department may make such other arrangements, including entry into contracts with other persons or entities as
appropriate to ensure that trust water rights acquired in accordance with this chapter can be exercised to the fullest possible extent.

(3) The trust water rights may be acquired on a temporary or permanent basis.

(4) The trust water rights may be expressly conditioned by the grantor for instream use.

Sec. 3. RCW 90.42.005 and 1991 c 347 s 1 are each amended to read as follows:

(1) It is the policy of the state of Washington to recognize and preserve water rights in accordance with RCW 90.03.010.

(2) The legislature finds that:

(a) The state of Washington is faced with a shortage of water with which to meet existing and future needs, including the
needs of aquatic species listed as threatened or endangered under the federal endangered species act, particularly during the
summer and fall months and in dry years when the demand is greatest;

(b) Consistent with RCW 90.54.180, conservation and water use efficiency programs, including storage, and voluntary
water reallocation programs, such as water banking, should be the preferred methods of addressing water uses because they can
relieve current critical water situations, provide for presently unmet needs, and assist in meeting future water needs. Presently
unmet needs or current needs includes the water required to increase the frequency of occurrence of base or minimum flow levels in
streams of the state, the water necessary to satisfy existing water rights, or the water necessary to provide full supplies to existing
water systems with current supply deficiencies; and

(c) The interests of the state will be served by developing programs and regional water resource plans, in cooperation with
local governments, federally recognized tribal governments, appropriate federal agencies, private citizens, and the various water
users and water interests in the state, that increase the overall ability to manage the state's waters in order to resolve conflicts and
to better satisfy both present and future needs for water.
Sec. 4. RCW 90.42.010 and 1998 c 245 s 173 are each amended to read as follows:

The legislature finds that a need exists to continue to develop and test (a) all feasible means to facilitate the voluntary (transfer) reallocation of water and water rights, including conserved water, to provide water for presently unmet needs and emerging needs. Further, the legislature finds that water conservation and voluntary reallocation activities have the potential of affecting the quantity of return flow waters to which existing water right holders have a right to and rely upon. It is the intent of the legislature that persons holding rights to water, including return flows, not be adversely affected in the implementation of the provisions of this chapter.

Sec. 5. RCW 90.42.020 and 1991 c 347 s 6 are each amended to read as follows:

Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) “Department” means the department of ecology.

(2) “Net water savings” means the amount of water that is determined to be conserved and usable within a specified stream reach or reaches for other purposes without impairment or detriment to water rights existing at the time that a water conservation project is undertaken, reducing the ability to deliver water, or reducing the supply of water that otherwise would have been available to other existing water uses.

(3) “Trust water right” means any water right acquired by the state under this chapter for management in the state’s trust water rights program.

(4) “Pilot planning areas” means the geographic areas designated under RCW 90.54.045(2).

(5) “Water conservation project” means any project or program that achieves physical or operational improvements that provide for increased water use efficiency in existing systems of diversion, conveyance, application, or use of water under water rights existing on July 28, 1991.

Sec. 6. RCW 90.42.030 and 1993 c 98 s 2 are each amended to read as follows:

(1) For purposes of this chapter, the state may enter into contracts to provide moneys to assist in the financing of water conservation projects. In consideration for the financial assistance provided, the state shall obtain public benefits defined in guidelines developed under RCW 90.42.050.

(2) If the public benefits to be obtained require conveyance or modification of a water right, the recipient of funds shall convey to the state the recipient's interest in that part of the water right or claim constituting all or a portion of the resulting net water savings for deposit in the trust water rights program. The amount to be conveyed shall be finitely determined by the parties, in accordance with the guidelines developed under RCW 90.42.050, before the expenditure of state funds. Conveyance may consist of complete transfer, lease contracts, or other legally binding agreements. When negotiating for the acquisition of conserved water or net water savings, or a portion thereof, the state may require evidence of a valid water right.

(3) As part of the contract, the water right holder and the state shall specify the process to determine the amount of water the water right holder would continue to be entitled to once the water conservation project is in place.

(4) The state shall cooperate fully with the United States in the implementation of this chapter. Trust water rights may be acquired through expenditure of funds provided by the United States and shall be treated in the same manner as trust water rights resulting from the expenditure of state funds.

(5) If water is proposed to be acquired by or conveyed to the state as a trust water right by an irrigation district, evidence of the district's authority to represent the water right holders shall be submitted to and for the satisfaction of the department.

(6) The state shall not contract with any person to acquire a water right served by an irrigation district without the approval of the board of directors of the irrigation district. Disapproval by a board shall be factually based on probable adverse effects on the ability of the district to deliver water to other members or on maintenance of the financial integrity of the district.

(7) RCW 90.03.380 has no applicability to trust water rights acquired by the state under this section through the funding of water conservation projects.

Sec. 7. RCW 90.42.040 and 1993 c 98 s 3 are each amended to read as follows:

(1) All trust water rights acquired by the state shall be placed in the state trust water rights program to be managed by the department. Trust water rights acquired by the state shall be held or authorized for use by the department for instream flows, irrigation, municipal, or other beneficial uses consistent with applicable (regional plans for pilot planning areas) watershed plans under chapter 90.82 RCW or to resolve critical water supply problems, including implementation of state and local plans and programs for recovery of aquatic species listed as threatened or endangered under the federal endangered species act (16 U.S.C. Sec. 1531 et seq).

(2) The department shall issue a water right certificate in the name of the state of Washington for each permanent trust water right conveyed to the state indicating the reach or reaches of the stream, the quantity, and the use or uses to which it may be applied. A superseding certificate shall be issued that specifies the amount of water the water right holder would continue to be entitled to as a result of the water conservation project. The superseding certificate shall retain the same priority date as the original right. For nonpermanent conveyances, the department shall issue certificates or such other instruments as are necessary to reflect
the changes in purpose or place of use or point of diversion or withdrawal. Water rights for which such nonpermanent conveyances are arranged shall not be subject to relinquishment for nonuse.

(3) A trust water right retains the same priority date as the water right from which it originated, but as between them the trust right shall be deemed to be inferior in priority unless otherwise specified by an agreement between the state and the party holding the original right.

(4) Exercise of a trust water right may be authorized only if the department first determines that neither water rights existing at the time the trust water right is established, nor the public interest will be impaired. If impairment becomes apparent during the time a trust water right is being exercised, the department shall cease or modify the use of the trust water right to eliminate the impairment.

(5) Before any trust water right is created or modified, the department shall, at a minimum, require that a notice be published in a newspaper of general circulation published in the county or counties in which the storage, diversion, and use are to be made, and in other newspapers as the department determines is necessary, once a week for two consecutive weeks. At the same time the department shall send a notice containing pertinent information to all appropriate state agencies, potentially affected local governments and federally recognized tribal governments, and other interested parties, and shall post the notice on its web page.

(6) RCW 90.14.140 through 90.14.230 have no applicability to trust water rights held by the department under this chapter or exercised under this section.

((7) RCW 90.03.380 has no applicability to trust water rights acquired by the state through the funding of water conservation projects.))

Sec. 8. RCW 90.42.050 and 1991 c 347 s 9 are each amended to read as follows:
The department, in cooperation with federal agencies, federally recognized Indian tribes, local governments, state agencies, and other interested parties, shall establish guidelines (by July 1, 1992) governing the acquisition, administration, and management of trust water rights. The guidelines shall address at a minimum the following:

(1) Methods for determining the net water savings resulting from water conservation projects or programs carried out in accordance with this chapter, and other factors to be considered in determining the quantity or value of water available for potential designation as a trust water right;

(2) Criteria for determining the portion of net water savings to be conveyed to the state under this chapter;

(3) Criteria for prioritizing water conservation projects;

(4) A description of potential public benefits that will affect consideration for state financial assistance in RCW 90.42.030;

(5) Procedures for providing notification to potentially interested parties;

(6) Criteria for the assignment of uses of trust water rights acquired for implementation of state and local plans and programs for recovery of aquatic species listed as threatened or endangered under the federal endangered species act (16 U.S.C. Sec. 1531 et seq.) or acquired in areas of the state not addressed in a regional water resource plan or critical area agreement; and

((and))

(7) Procedures that will reasonably substitute for the requirements of RCW 90.03.380 and 90.03.390, when trust water rights are conveyed under RCW 90.42.080(6); and

(8) Contracting procedures and other procedures not specifically addressed in this section.

These guidelines shall be submitted to the joint select committee on water resource policy before adoption.

Sec. 9. RCW 90.42.080 and 1993 c 98 s 4 are each amended to read as follows:

(1) The state may acquire all or portions of existing water rights, by purchase, gift, contract, or other appropriate means other than by condemnation, from any person or entity or combination of persons or entities. Once acquired, such rights are trust water rights.

(2) The department may enter into leases, contracts, or such other arrangements with other persons or entities as appropriate, to ensure that trust water rights acquired in accordance with this chapter may be exercised to the fullest possible extent.

(3) Trust water rights may be acquired by the state on a temporary or permanent basis.

(4) The provisions of RCW 90.03.380 and 90.03.390 apply to transfers of water rights under this section, except as provided in RCW 90.42.050(7).

(5) No funds may be expended for the purchase of water rights by the state pursuant to this section unless specifically appropriated for this purpose by the legislature.

(6) Trust water rights may be expressly conditioned by the grantor for instream use, for implementation of state and local plans and programs for recovery of aquatic species listed as threatened or endangered under the federal endangered species act (16 U.S.C. Sec. 1531 et seq.), or for compliance with federal actions under the act.
The state may acquire all or portions of existing water rights as trust water rights on a temporary basis as a result of temporarily reduced water need where such reduction is due to varying weather conditions including but not limited to precipitation and temperature, as long as the water user's diversion and delivery facilities are maintained in good operating condition consistent with beneficial use of the full amount of the water right. The trust water rights under this subsection may be acquired either in anticipation of such reduced water need or at the conclusion of a season during which use of water had been anticipated but not carried out.

NEW SECTION. Sec. 10. A new section is added to chapter 90.42 RCW to read as follows:

The status of a water right as a trust water right shall not be evidence of the validity or quantity of the right.

MOTION

Senator Fraser moved that the following striking amendment by Senators Fraser and Honeyford be adopted:

Strike everything after the enacting clause and insert the following:

"Sec 1. RCW 90.14.200 and 1989 c 175 s 180 are each amended to read as follows:

(1) All matters relating to the implementation and enforcement of this chapter by the department of ecology shall be carried out in accordance with chapter 34.05 RCW, the Administrative Procedure Act, except where the provisions of this chapter expressly conflict with chapter 34.05 RCW. Proceedings held pursuant to RCW 90.14.130 are adjudicative proceedings within the meaning of chapter 34.05 RCW. Final decisions of the department of ecology in these proceedings are subject to review in accordance with chapter 43.21B RCW.

(2) RCW 90.14.130 provides nonexclusive procedures for determining a relinquishment of water rights under RCW 90.14.160, 90.14.170, and 90.14.180. RCW 90.14.160, 90.14.170, and 90.14.180 may be applied in, among other proceedings, general adjudication proceedings initiated under RCW 90.03.110 or 90.44.220: PROVIDED, That nothing herein shall apply to litigation involving determinations of the department of ecology under RCW 90.03.290 relating to the impairment of existing rights.

(3) The provisions of RCW 90.14.130 through 90.14.180 shall not be construed to curtail the powers of the superior court under a recognized head of equitable jurisdiction, to set aside or cancel relinquishment at the motion of a party claiming a water right that is subject to a general adjudication of water rights initiated by the department under RCW 90.03.110 or 90.44.220.

Sec. 2. RCW 90.38.020 and 1989 c 429 s 3 are each amended to read as follows:

(1) The department may acquire water rights, including but not limited to storage rights, by purchase, gift, or other appropriate means other than by condemnation, from any person or entity or combination of persons or entities. Once acquired, such rights are trust water rights.

(2) The department may make such other arrangements, including entry into contracts with other persons or entities as appropriate to ensure that trust water rights acquired in accordance with this chapter can be exercised to the fullest possible extent.

(3) The trust water rights may be acquired on a temporary or permanent basis.

(4) The trust water rights may be expressly conditioned by the grantor for instream use.

Sec. 3. RCW 90.42.005 and 1991 c 347 s 1 are each amended to read as follows:

(1) It is the policy of the state of Washington to recognize and preserve water rights in accordance with RCW 90.03.010.

(2) The legislature finds that:

(a) The state of Washington is faced with a shortage of water with which to meet existing and future needs, including the needs of aquatic species listed as threatened or endangered under the federal endangered species act, particularly during the summer and fall months and in dry years when the demand is greatest;

(b) Consistent with RCW 90.54.180, conservation and water use efficiency programs, including storage, and voluntary water programs, such as water banking, should be the preferred methods of addressing water uses because they can relieve current critical water situations, provide for presently unmet needs, and assist in meeting future water needs. Presently unmet needs or current needs includes the water required to increase the frequency of occurrence of base or minimum flow levels in streams of the state, the water necessary to satisfy existing water rights, or the water necessary to provide full supplies to existing water systems with current supply deficiencies; and

(c) The interests of the state will be served by developing programs and regional water resource plans, in cooperation with local governments, federally recognized tribal governments, appropriate federal agencies, private citizens, and the various water users and water interests in the state, that increase the overall ability to manage the state's waters in order to resolve conflicts and to better satisfy both present and future needs for water.

Sec. 4. RCW 90.42.010 and 1998 c 245 s 173 are each amended to read as follows:

The legislature finds that a need exists to continue to develop and test ((a)) all feasible means to facilitate the voluntary transfer of water and water rights, including conserved water, to provide water for presently unmet needs and emerging needs. Further, the legislature finds that water conservation activities and voluntary water programs have the potential of affecting the
quantity of return flow waters to which existing water right holders have a right to and rely upon. It is the intent of the legislature that persons holding rights to water, including return flows, not be adversely affected in the implementation of the provisions of this chapter.

Sec. 5. RCW 90.42.020 and 1991 c 347 s 6 are each amended to read as follows:

Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

1) “Department” means the department of ecology.

2) “Net water savings” means the amount of water that is determined to be conserved and usable within a specified stream reach or reaches for other purposes without impairment or detriment to water rights existing at the time that a water conservation project is undertaken, reducing the ability to deliver water, or reducing the supply of water that otherwise would have been available to other existing water uses.

3) “Trust water right” means any water right acquired by the state under this chapter for management in the state’s trust water rights program.

4) “Pilot planning areas” means the geographic areas designated under RCW 90.54.045(2).

5)) “Water conservation project” means any project or program that achieves physical or operational improvements that provide for increased water use efficiency in existing systems of diversion, conveyance, application, or use of water under water rights existing on July 28, 1991.

Sec. 6. RCW 90.42.030 and 1993 c 98 s 2 are each amended to read as follows:

1) For purposes of this chapter, the state may enter into contracts to provide moneys to assist in the financing of water conservation projects. In consideration for the financial assistance provided, the state shall obtain public benefits defined in guidelines developed under RCW 90.42.050.

2) If the public benefits to be obtained require conveyance or modification of a water right, the recipient of funds shall convey to the state the recipient’s interest in that part of the water right or claim constituting all or a portion of the resulting net water savings for deposit in the trust water rights program. The amount to be conveyed shall be finitely determined by the parties, in accordance with the guidelines developed under RCW 90.42.050, before the expenditure of state funds. Conveyance may consist of complete transfer, lease contracts, or other legally binding agreements. When negotiating for the acquisition of conserved water or net water savings, or a portion thereof, the state may require evidence of a valid water right.

3) As part of the contract, the water right holder and the state shall specify the process to determine the amount of water the water right holder would continue to be entitled to once the water conservation project is in place.

4) The state shall cooperate fully with the United States in the implementation of this chapter. Trust water rights may be acquired through expenditure of funds provided by the United States and shall be treated in the same manner as trust water rights resulting from the expenditure of state funds.

5) If water is proposed to be acquired by or conveyed to the state as a trust water right by an irrigation district, evidence of the district’s authority to represent the water right holders shall be submitted to and for the satisfaction of the department.

6) The state shall not contract with any person to acquire a water right served by an irrigation district without the approval of the board of directors of the irrigation district. Disapproval by a board shall be factually based on probable adverse effects on the ability of the district to deliver water to other members or on maintenance of the financial integrity of the district.

7) RCW 90.03.380 has no applicability to trust water rights acquired by the state under this section through the funding of water conservation projects.

Sec. 7. RCW 90.42.040 and 1993 c 98 s 3 are each amended to read as follows:

1) All trust water rights acquired by the state shall be placed in the state trust water rights program to be managed by the department. Trust water rights acquired by the state shall be held or authorized for use by the department for instream flows, irrigation, municipal, or other beneficial uses consistent with applicable ((regional plans for pilot planning areas)) watershed plans under chapter 90.82 RCW or to resolve critical water supply problems, including implementation of state and local plans and programs for recovery of aquatic species listed as threatened or endangered under the federal endangered species act (16 U.S.C. Sec. 1531 et seq.).

2) The department shall issue a water right certificate in the name of the state of Washington for each permanent trust water right conveyed to the state indicating the reach or reaches of the stream, the quantity, and the use or uses to which it may be applied. A superseding certificate shall be issued that specifies the amount of water the water right holder would continue to be entitled to as a result of the water conservation project. The superseding certificate shall retain the same priority date as the original right. For nonpermanent conveyances, the department shall issue certificates or such other instruments as are necessary to reflect the changes in purpose or place of use or point of diversion or withdrawal. Water rights for which such nonpermanent conveyances are arranged shall not be subject to relinquishment for nonuse.
(3) A trust water right retains the same priority date as the water right from which it originated, but as between them the trust right shall be deemed to be inferior in priority unless otherwise specified by an agreement between the state and the party holding the original right.

(4) Exercise of a trust water right may be authorized only if the department first determines that neither water rights existing at the time the trust water right is established, nor the public interest will be impaired. If impairment becomes apparent during the time a trust water right is being exercised, the department shall cease or modify the use of the trust water right to eliminate the impairment.

(5) Before any trust water right is created or modified, the department shall, at a minimum, require that a notice be published in a newspaper of general circulation published in the county or counties in which the storage, diversion, and use are to be made, and in other newspapers as the department determines is necessary, once a week for two consecutive weeks. At the same time the department shall send a notice containing pertinent information to all appropriate state agencies, potentially affected local governments and federally recognized tribal governments, and other interested parties, and shall post the notice on its web page.

(6) RCW 90.14.140 through 90.14.230 have no applicability to trust water rights held by the department under this chapter or exercised under this section.

(7) RCW 90.03.380 has no applicability to trust water rights acquired by the state through the funding of water conservation projects.

Sec. 8. RCW 90.42.050 and 1991 c 347 s 9 are each amended to read as follows:

The department, in cooperation with federally recognized Indian tribes, local governments, state agencies, and other interested parties, shall establish guidelines (by July 1, 1992) governing the acquisition, administration, and management of trust water rights. For purposes of subsection 6 of this section, the department shall consult with any appropriate federal agencies. The guidelines shall address at a minimum the following:

1. Methods for determining the net water savings resulting from water conservation projects or programs carried out in accordance with this chapter, and other factors to be considered in determining the quantity or value of water available for potential designation as a trust water right;

2. Criteria for determining the portion of net water savings to be conveyed to the state under this chapter;

3. Criteria for prioritizing water conservation projects;

4. A description of potential public benefits that will affect consideration for state financial assistance in RCW 90.42.030;

5. Procedures for providing notification to potentially interested parties;

6. Criteria for the assignment of uses of trust water rights acquired for implementation of state and local plans and programs for recovery of aquatic species listed as threatened or endangered under the federal endangered species act (16 U.S.C. Sec. 1531 et seq.) or acquired in areas of the state not addressed in a regional water resource plan or critical area agreement; and

7. Procedures that will reasonably substitute for the requirements of RCW 90.03.380 and 90.03.390, that may be invoked in lieu of the requirements of RCW 90.03.380 and 90.03.390 at the option of the grantor, when trust water rights are conveyed under RCW 90.42.080(6); and

8. Contracting procedures and other procedures not specifically addressed in this section.

These guidelines shall be submitted to the joint select committee on water resource policy before adoption.

Sec. 9. RCW 90.42.080 and 1993 c 98 s 4 are each amended to read as follows:

3. Trust water rights may be acquired by the state on a temporary or permanent basis.

4. The provisions of RCW 90.03.380 and 90.03.390 apply to transfers of water rights under this section, except as provided in RCW 90.42.050(7).

5. No funds may be expended for the purchase of water rights by the state pursuant to this section unless specifically appropriated for this purpose by the legislature.

6. Trust water rights may be expressly conditioned by the grantor for instream use, for implementation of state and local plans and programs for recovery of aquatic species listed as threatened or endangered under the federal endangered species act (16 U.S.C. Sec. 1531 et seq.), or for compliance with federal actions under the act.
(7) Trust water rights may be expressly conditioned by the grantor to include all or portions of existing water rights as trust water rights on a temporary basis as a result of temporarily reduced water need where such reduction is due to varying weather conditions, including but not limited to precipitation and temperature, or the presence of water from a source not within the control of the water user, as long as the water user's diversion and delivery facilities are maintained in good operating condition consistent with beneficial use of the full amount of the water right. The trust water rights under this subsection may be acquired either in anticipation of such reduced water need or at the conclusion of a season during which use of water had been anticipated but not carried out.

NEW SECTION. Sec. 10. A new section is added to chapter 90.42 RCW to read as follows:

The status of a water right as a trust water right shall not be evidence of the validity or quantity of the right.

NEW SECTION. Sec. 11. A new section is added to chapter 90.03 RCW to read as follows:

(1) Applications for transfers or changes may be processed without regard to potential impairment to pending applications for new water rights for the same source of supply.

(2) The department may accord priority to the processing of applications for transfers of water rights to the trust water rights program under chapter 90.42 RCW.

Debate ensued.

The President declared the question before the Senate to be the adoption of the striking amendment by Senators Fraser and Honeyford to Engrossed Substitute House Bill No. 2994.

The motion by Senator Fraser carried and the striking amendment by Senators Fraser and Honeyford was adopted.

MOTIONS

On motion of Senator Fraser, the following title amendment was adopted:

On page 1, line 1 of the title, after “rights;” strike the remainder of the title and insert “amending RCW 90.14.200, 90.38.020, 90.42.005, 90.42.010, 90.42.020, 90.42.030, 90.42.040, 90.42.050, and 90.42.080; and adding a new section to chapter 90.03 RCW and chapter 90.42.RCW.”

On motion of Senator Fraser, the rules were suspended, Engrossed Substitute House Bill No. 2994, as amended by the Senate, was advanced to third reading, the second reading considered the third and the bill was placed on final passage.

Debate ensued.

The President declared the question before the Senate to be the roll call on the final passage of Engrossed Substitute House Bill No. 2994, as amended by the Senate.

ROLL CALL

The Secretary called the roll on the final passage of Engrossed Substitute House Bill No. 2994, as amended by the Senate, and the bill passed the Senate by the following vote: Yeas, 47; Nays, 0; Absent, 0; Excused, 2.

Excused: Senators Rossi and Sellar - 2.

ENGROSSED SUBSTITUTE HOUSE BILL NO. 2994, as amended by the Senate, having received the constitutional majority, was declared passed. There being no objection, the title of the bill will stand as the title of the act.

There being no objection, the Senate resumed consideration of Senate Bill No. 6296, deferred earlier today, after the bill had been read and Senator Johnson challenged whether the bill was properly before the Senate.

RULING BY THE PRESIDENT

President Owen: “In ruling upon the point of order by Senator Johnson that Senate Bill No. 6296 was reported by the Committee on Ways and Means beyond the cutoff established in Senate Concurrent Resolution No. 8421, the President finds that Senate Bill No. 6296 is a measure which expands the usage of TANF funds. Namely
the measure would permit TANF funds to be used for participation in a newly created 'independence through college
for achievers in need program'- the ICAN program - and would define the parameters of the new program.

"In ruling upon the point of order raised on Senate Bill No. 5243 on March 2, the President stated that there
may be instances in which he would rule without first seeing a budget that a measure is necessary to implement a
budget; including a measure extending or expanding a program that was actually funded in prior budgets. If such a
measure failed to pass, the President could reasonably anticipate that a budget appropriation funding the extension
or expansion of the program would lapse.

"Federal TANF funds have been appropriated through the state general fund budget historically. The
President can reasonably anticipate that the ICAN program is funded in the Senate budget. Senate Bill No. 6296
defines the ICAN program, and but for the measure's passage, the President believes the appropriation for that
program would lapse. As such, technically, the budget as written would not be implemented.

"In addressing Senator West's argument, the President believes that while it may be good in theory to wait
until the budget has passed to make determinations like this, it has been the practice of the previous Presidents to
rule ahead of the passage of the budget. It has been done on many occasions.

"The President, therefore, finds that the point of order is not well taken."

The President ruled that Senate Bill No. 6296 is properly before the Senate.

MOTIONS

On motion of Senator Kohl-Welles, Substitute Senate Bill No. 6296 was substituted for Substitute Senate Bill
No. 6296 and the substitute bill was placed on second reading and read the second time.

Senator Deccio moved that the following striking amendment by Senators Deccio, McDonald, McCaslin,
Benton, Horn, Zarelli, Honeyford, Winsley, Morton, West, Oke, Swecker, Long, Stevens, Rossi, Johnson, Hochstatter,
Finkbeiner, Roach, Sheahan and Hale be adopted:

Strike everything after the enacting clause and insert the following:

"NEW SECTION.  Sec. 1. The legislature finds that there are many low income individuals in Washington who are not
receiving assistance from the temporary assistance for needy families program. The legislature finds it commendable that these
individuals are working hard at low wage jobs in order to make ends meet, without resorting to public assistance. Many of these
individuals are working women raising children, and many are employed in nursing homes and boarding homes, providing
necessary services in our state. It is the intent of the legislature to assist these workers through the application of a wage subsidy.

NEW SECTION.  Sec. 2. The department of social and health services shall subsidize the wages of low income health
care workers with the addition of one dollar per hour of work performed. The wage subsidy shall be paid using funds from the
temporary assistance for needy families federal block grant.

For the purposes of this act, "low income health care workers" means:

(1) Low income nursing home employees, limited to nursing certified assistants, dietary and kitchen workers, and
housekeeping workers; and

(2) Low income boarding home employees, limited to nursing and personal care assistants."

Debate ensued.

DEMAND FOR THE PREVIOUS QUESTION

Senators Heavey, Fairley and Spanel demanded the previous question and the demand was sustained.

The President declared the question before the Senate to be shall the main question be now put.

The demand for the previous question carried.

Senator Deccio spoke to the amendment.

Senator Johnson demanded a roll call and the demand was sustained.

The President declared the question before the Senate to be the roll call on the adoption of the striking
amendment by Senators Deccio, McDonald, McCaslin, Benton, Horn, Zarelli, Honeyford, Winsley, Morton, West,
Oke, Swecker, Long, Stevens, Rossi, Johnson, Hochstatter, Finkbeiner, Roach, Sheahan and Hale to Substitute
Senate Bill No. 6296.

ROLL CALL
The Secretary called the roll and the striking amendment was not adopted by the following vote: Yeas, 22; Nays, 26; Absent, 0; Excused, 1.

Excused: Senator Sellar - 1.

PERSONAL PRIVILEGE

Senator Deccio: "A point of personal privilege, Mr. President. Again, this was a serious amendment. I am going to take the remarks of the Senators from the Thirty-sixth District and from the Twenty-ninth District seriously. We will work on this and we hope that we can go into it with a little more detail and bring this to a successful conclusion. I will certainly appreciate working with you. Thank you."

PERSONAL PRIVILEGE

Senator Franklin: "A point of personal privilege, Mr. President. To the good Senator from the Fourth District. I am a woman of my word. I never make a statement frivolously and really I am very sensitive to this issue and have stated in regards to the needs of the very low paying. When you mentioned, none of us would work in those jobs, that is not exactly true. I worked with those workers; they do a great job and without them, many of our elderly would not be getting the care, so they are proud of what they are doing. I will be happy to work with you and we want to be a poster state just like Wisconsin when it comes to our low income and TANF workers."

MOTION

Senator Horn moved that the following striking amendment by Senators Horn and Sheahan be adopted:

Strike everything after the enacting clause and insert the following:

*NEW SECTION. Sec. 1.* (1) The legislature finds that a relatively small number of those on welfare would qualify for college admission and may benefit from completion of their higher education at a community, trade, or technical college, or other institute of higher education. In 1999, the federal government adopted final regulations for temporary assistance for needy families, allowing expanded use of block grant and maintenance of effort funds. Therefore under federal guidelines these funds may be used creatively for a variety of special approaches, to help poor families achieve true financial independence. (2) It has been suggested that funding be provided to allow selective access to postsecondary education for a limited number of qualified adult recipients of temporary assistance for needy families, while maintaining the emphasis on employment that is the hallmark of the WorkFirst program.

*NEW SECTION. Sec. 2.* (1) A legislative task force is established to review and make recommendations regarding the proposition that the legislature provide temporary assistance for needy families grants, including child care and tuition assistance, to a limited number of college-qualified individuals, with the goal of providing a means for highly motivated welfare recipients to complete college, exit assistance, and secure careers to benefit themselves, their families and society. The task force shall consist of five members, as follows:

- (a) Two members from each of the two largest caucuses of the senate, appointed by the president of the senate;
- (b) Two members from each of the two largest caucuses of the house of representatives, appointed by the co-speakers of the house of representatives; (c) A representative of the executive branch, appointed by the governor.

The task force shall choose its chair from among its membership.

POINT OF INQUIRY

Senator Johnson: “Senator Loveland, as chairman of the Ways and Means Committee, what is your guidance on this issue?”

Senator Loveland: “I have been informed by my legal counsel that this is an inappropriate amendment and would not withstand the order of law. Therefore, I am recommending a ‘no’ vote on the amendment.”

Senator Johnson: “Would the chairman then join in relieving the Ways and Means Committee of the underlying amendment on this matter, so that bill could be voted on directly?”

Senator Loveland: “No, I tried to do that in committee, but was unsuccessful in getting the bill out of committee. This was another attempt by amendment, which I have been informed is not legal on the budget document. Therefore, I would not agree.”

POINT OF ORDER

Senator Heavey: “A point of order, Mr. President. I believe the amendment by Senators Tim Sheldon, Rossi, West and Honeyford on page 86, after line 8, is beyond the scope and object of the underlying bill and request a ruling.”

Debate ensued.

MOTION
On motion of Senator Betti Sheldon, further consideration of the amendment by Senators Tim Sheldon, Rossi, West and Honeyford was deferred.

MOTION

Senator Rossi moved that the following amendment be adopted:
On page 215, after line 2, insert the following:

"NEW SECTION. Sec. 901. A new section is added to chapter 41.06 RCW to read as follows:
Any department, agency, or institution of higher education may purchase services, including services that have been customarily and historically provided by employees in the classified service under this chapter, by contracting with individuals, nonprofit organizations, businesses, employee business units, or other entities.

No department, agency, or institution may enter into, renew, extend, or allow the automatic extension of any collective bargaining agreement that restricts or modifies the authority granted by this section.

NEW SECTION. Sec. 902. A new section is added to chapter 43.88 RCW to read as follows:
The office of financial management shall establish a process for identifying the savings achieved by state agencies and institutions of higher education as a result of contracting for services under the authority granted in section 902 of this act. Expenditures during the 1999-2001 fiscal biennium shall constitute the baseline for purposes of calculating the savings.

It is the intent of the legislature that, from the up to seven hundred million dollars in identified savings, fifty percent be directed to providing increased state funding for common school education programs and common school construction and fifty percent be directed to providing increased state funding for transportation projects and programs.

NEW SECTION. Sec. 903. The following acts or parts of acts are each repealed:
(1) RCW 41.06.380 (Purchasing services by contract not prohibited--Limitations) and 1979 ex.s. c 46 s 2; and
(2) RCW 41.06.382 (Purchasing services by contract not prohibited--Limitations) and 1979 ex.s. c 46 s 1."

Renumber the sections consecutively and correct any internal references accordingly.

POINT OF INQUIRY

Senator Loveland: "Senator Rossi, could you elaborate on what the seven hundred million dollar savings would be?"

Senator Rossi: "The seven hundred million dollar savings--we actually asked staff to go through some of the savings and we also looked with some of the savings from the Reason Foundation and others and some think tanks on contracting out of state services. Throughout state government, there are various opportunities to do this. All this would do is just allow that. Where it makes sense, yes do it. Where it doesn’t make sense, just don’t do it. It doesn’t specifically say where. It would allow that."

Further debate ensued.

(1) Except as provided in subsection (2) of this section, all property taxes levied by the state for the support of common schools shall be paid into the general fund of the state treasury as provided in RCW 84.56.280.
(2) Beginning with taxes collected in 2001, twenty percent of all receipts under this section shall be deposited by the state treasurer in the property tax reduction account hereby created in the state treasury. Moneys in the account may be spent only after appropriation. Expenditures from the account may only be used to replace funds lost from across the board legislative reductions in the state property tax.

NEW SECTION. Sec. 916. If SJR 8212 is enacted by the legislature during any legislative session held in 2000, section 915 of this act is null and void."

ROLL CALL

The Secretary called the roll and the amendment was not adopted by the following vote: Yeas, 21; Nays, 27; Absent, 0; Excused, 1.

Excused: Senator Sellar - 1.

POINT OF ORDER

Senator Tim Sheldon: “A point of order, Mr. President. There are several members that have expressed a desire to raise this subject. The amendment by Senators Tim Sheldon, Rossi, West and Honeyford on page 86, after line 8, was incorrectly identified on the board. Several members have expressed a desire to change their vote and I think that would be a fair item to do and take up.”

REPLY BY THE PRESIDENT

President Owen: “Senator Sheldon, the President clearly stated which amendment we were on. Senator Heavey clearly stated which amendment we were on. The members were clear on what amendment we were on. The proper motion would be to move to reconsider, but the body can not just take it up without that motion.”

MOTION TO RECONSIDER
Senator Hargrove, having voted on the prevailing side, moved to reconsider the vote by which the amendment by Senators Tim Sheldon, Rossi, West and Honeyford on page 86, after line 8, to Substitute Senate Bill No. 6404 failed to pass the Senate.

Debate ensued.

POINT OF ORDER

Senator Roach: "A point of order, Mr. President. That point--we don’t know who it was that messed up the vote--okay?"

REPLY BY THE PRESIDENT

President Owen: "Senator Roach, that has nothing to do with a point of order that is before us right now. We are not discussing whether or not the amendment was appropriately displayed before us. If you want to bring that up in debate, that is fine, but that point of order has been settled."

Senator Roach: "But the point of order would be, if a vote was mistaken--miscast--then the members of the Senate can go to the Journal and write in the Journal, for the record, reasons for the inappropriate vote. I have had occasion to do that at least twice in my ten years and maybe someone would want to do that."

The President declared the question before the Senate to be the motion by Senator Hargrove to reconsider the vote by which the amendment by Senators Tim Sheldon, Rossi, West and Honeyford on page 86, after line 8, to Substitute Senate Bill No. 6404 failed to pass the Senate earlier today.

The motion to reconsider failed on a rising vote.

MOTION

On motion of Senator Loveland, the rules were suspended, Engrossed Substitute Senate Bill No. 6404 was advanced to third reading, the second reading considered the third and the bill was placed on final passage.

PARLIAMENTARY INQUIRY

Senator Rossi: "Mr. President, I rise to a point of parliamentary inquiry concerning how many votes are necessary to amend Initiative 601. Section 907, on page 219, says that the Legislature may transfer up to three hundred million dollars for the emergency reserve fund to the multi model fund. Mr. President, Article II, Section 1 (c) of the State Constitution provides as follows: ‘No act, law approved by the majority of the electors voting thereon shall be amended or repealed by the legislature within a period of two years following such enactment, except by a vote of two-thirds of all the members elected to each house.’

‘However, in November of 1998, the people passed Referendum 49. Referendum 49 contains the following unequivocal language in Section 14: ‘Initiative Measure 601, Chapter 43.1.35 RCW is hereby reenacted and reaffirmed.’ The word ‘reenacted’ is the operative word, Mr. President. This is the word that needs to be interpreted. In doing so, you need not, and I respectfully submit should not look beyond that word.

‘In determining legislative intent, the court looks first to the language of a statute. The court must give effect to the statute’s clear language. Specifically, in this case, the word ‘reenact’. It is clear, it must therefore be accorded its ordinary meaning. The word’s ordinary meaning can be derived from the dictionary. The American Heritage Dictionary, Second Edition defines the term ‘enact’ as follows: ‘to make, a bill for example, into law.’ The same dictionary defines the term ‘reenact’ as follows: ‘to enact again, re-enact a law.’ Thus, the term ‘reenact’ plainly means to enact a law a second time.

‘I submit that it is clear that in November, 1998, the people enacted Initiative 601 into law a second time. Any amendment to Initiative 601, by this Legislature this session can only be made by two-thirds vote of each house under Article II, Section 1(c) of the State’s Constitution."

Debate ensued.

RULING BY THE PRESIDENT

President Owen: "In ruling upon the parliamentary inquiry by Senator Rossi concerning the number of votes necessary to amend Initiative 601, the President agrees that the issue here is the meaning of the term, ‘I-601 is hereby reenacted.’ In
Section 14 of Referendum 49, that is, whether the passage of Section 14 by the voters in November of 1998 insulated I-601 in its entirety from amendment by the Legislature without a two-thirds vote through November, 2000.

“The President interpreted the word ‘reenacted’ differently in a 1998 ruling on Senator Snyder’s point of order that the bill that became Referendum 49 contained two subjects in violation of Senate Rule 25. At that time, the President noted that the changes to I-601 referenced in Section 14 of Referendum 49 were made to accommodate the shift of Motor Vehicle Excise Tax funds and did not constitute a second subject in the measure. The President based his ruling, in part, on the fact that the text of I-601 was not set forth in full in Referendum 49.

“The President believes that he must be consistent in his rulings, so that this body will maintain a degree of certainty in the conduct of its business. For these reasons, the President believes that passage of an amendment to I-601--seven years after that measure’s passage---requires a simple majority vote.”

POINT OF INQUIRY

Senator Heavey: "Senator Loveland, state law says that per diem rates for private pay patients in adult family homes will be stated in the contract with the private pay patients. Is it the intent of the Legislature to state that the per diem rate is the monthly rate divided by thirty?"

Senator Loveland: "No, the intent is that the per diem rate be disclosed in the contract.”

POINT OF INQUIRY

Senator West: "Senator Zarelli, you participated in the capitol budget discussions in behalf of this caucus?"

Senator Zarelli: "I did."

Senator West: "Does this capital budget contain any money to offset the expenses that might be necessary to cover the directive in Executive Order 00-01, promulgated by the Governor on February 3, 2000? For the information of the members, in Executive Order 00-01, the Governor directs his agencies to require successful bidders on certain public works projects contracted by those agencies to use a percentage of Washington State Apprenticeship Training Council-registered apprentices. Again, Senator Zarelli, is there any accommodation for the extra cost that this might add?"

Senator Zarelli: "No."

Senator West: "That’s what I hoped to hear, because Executive Order 00-01 is merely a directive issued by the Governor to his agency directors. It does not maintain the force of law, and I submit no agency, under the Governor’s control, will be able to rely on the Executive Order for authority in a subsequent lawsuit for failure to follow the competitive bid statute as enacted by this Legislature.

"RCW 39.04.010 provides that public works contracts are to be competitively bid. The one policy exception to this requirement is the requirement that successful bidders comply with the state’s prevailing wage law. That exception was created through statute, as it had to be. Last session, the Legislature considered and failed to pass a measure which was very similar to the Governor’s Executive Order. The bill would have required a second policy exception to the competitive bid requirement, namely Senate Bill No. 5491, which would have required successful bidders to employ a certain percentage of registered apprentices on public works projects. That policy exception is also a matter for the Legislature, not the Governor.

"As the Attorney General has stated in a 1991 opinion, ‘In the absence of a statute authorizing the Governor to act...the Governor cannot create obligations, responsibilities, conditions or processes having the force and effect of law by the issuance of an executive order.’ This is true even if the order does not conflict with a statute enacted by the Legislature.

"With Executive Order 00-01, the Governor appears to be trying to take matters into his own hands. He knows, as the Legislature knows, as the courts and Attorney General have opined, that he cannot validly tread--"

POINT OF ORDER

Senator Snyder: "A point of order, Mr. President. We are discussing the final passage of the budget bill here today and we’ve given a lot of leeway this session to letting members express their opinions on a lot of different subjects, but I think that Senator West has gone on about an Executive Order that the Governor has issued. Really, it has no correlation with what we are discussing here on final passage. I think his remarks on the Executive Order are out of order at this time."

REPLY BY THE PRESIDENT
President Owen: "Senator West, the rules do require that your remarks be relative to the issue before us, which is the budget."

Senator West: "Yes, Mr. President, I am trying to establish that the budget makes no accommodation for this Executive Order, as it has been issued and that this is merely a directive on the part of the Governor and not a statutory obligation on the part of the state of Washington and does not have the force of law. Thank you, Mr. President. Thank you, members of the Senate."

Further debate ensued.

The Secretary called the roll and the amendment was not adopted by the following vote: Yeas, 21; Nays, 27; Absent, 0; Excused, 1.

MOTION

On motion of Senator Goings, the rules were suspended, Substitute Senate Bill No. 6856 was advanced to third reading, the second reading considered the third and the bill was placed on final passage.

POINT OF ORDER

Senator Benton: "Madam President, I rise to a point of order. Substitute Senate Bill No. 6856 raises a new tax, both in Sections 31 and 32. Under Initiative 695--and Substitute Senate Bill No. 6856 does not contain a referendum clause--as required by the Initiative passed by the people. Therefore, I submit to you that Substitute Senate Bill No. 6856 is not properly before the Senate at this time and ask for your ruling."
Debate ensued.

RULING BY THE PRESIDENT PRO TEMPORE

President Pro Tempore Wojahn: "In ruling upon the point of order offered by Senator Benton, the President has previously ruled on this issue and that is, does the referendum require a ruling. That is to be made by the body itself. You will make that decision, not the President of the Senate."

Senator Benton: "I am sorry, did you rule that my point was not well taken?"

President Pro Tempore Wojahn: "Yes, I did."

Senator Benton: "Okay, thank you."

Senator Goings moved that the Senate suspend Rule 15.

EDITOR’S NOTE: Rule 15 states: ‘The senate shall convene at 10:00 a.m. each working day, unless adjourned to a different hour. The senate shall adjourn not later than 10:00 p.m. of each working day. This rule may be suspended by a majority.’

POINT OF ORDER

Senator Benton: "A point of order. A motion to adjourn--"

REPLY BY THE PRESIDENT PRO TEMPORE

President Pro Tempore Wojahn: "The motion to adjourn is not debatable and the question before the Senate is shall we now adjourn."

REMARKS BY SENATOR SNYDER

Senator Snyder: "I believe the motion to adjourn cannot be made while we are under the Call of the Senate. We would have to dispense with the Call of the Senate before we could act on the motion to adjourn."

Senator Johnson: "Has the President ruled on the objection by Senator Snyder?"

REPLY BY THE PRESIDENT PRO TEMPORE

President Pro Tempore Wojahn: "Not yet."

RULING BY THE PRESIDENT PRO TEMPORE

President Pro Tempore Wojahn: "According to Rule 38, adjournment cannot be called for while we are still under the Call of the Senate. We are still under the Call of the Senate."
REMARKS BY SENATOR SNYDER

Senator Snyder: "Madam President, I believe Senator Goings made a motion to suspend Rule 15, which I think would be proper to vote on now."

The President Pro Tempore declared the question before the Senate to be the motion by Senator Goings to suspend Rule 15.

The motion by Senator Goings carried and Rule 15 was suspended.

The President Pro Tempore declared the question before the Senate to be the roll call on the final passage of Substitute Senate Bill No. 6856.

POINT OF ORDER

Senator Benton: "Prior to final passage, I rise to a point of order. Half of the assessment in Section 32 of this bill is dedicated to a new traffic safety account. Forty-three percent of the other half is dedicated to a public safety education account and fifty-seven percent is retained by local governments to be spent for any general purpose. Madam President, Section 32 raises a tax under Initiative 601, because as noted in parts, the new additional assessment would not be dedicated to an earmarked fund, as required under the initiative, but be distributed for general governmental purposes. Therefore, I believe that this constitutes a tax and as such, Madam President, under the provisions of Initiative 601, I submit that final passage of Substitute Senate Bill No. 6856 would require a two-thirds vote of the Senate."

Debate ensued.

The President Pro Tempore declared the question before the Senate to be the roll call on the final passage of Substitute Senate Bill No. 6856.

RULING BY THE PRESIDENT PRO TEMPORE

President Pro Tempore Wojahn: "Senator Benton, the President finds that part of the money from the assessment goes to a dedicated account. The other part of the assessment is dedicated for local purposes and is not subject to state revenue until Initiative 601.

"Therefore, a simple majority vote is required and the point of order is not well taken."

Further debate ensued.

Senators Snyder, Goings and Betti Sheldon demanded the previous question and the demand was sustained.

The President Pro Tempore declared the question before the Senate to be shall the main question be now put.

The demand for the previous question carried.
