Seizure without process may be made if:

(a) The seizure is incident to an arrest or a search under a search warrant; or

(b) The state patrol has probable cause to believe that the property was used or is intended to be used in violation of this chapter and exigent circumstances exist making procurement of a search warrant impracticable.

NEW SECTION.  Sec. 2. A new section is added to chapter 82.36 RCW to read as follows:

FORFEITURE PROCEDURE.  In all cases of seizure of property made subject to forfeiture under this chapter, the state patrol shall proceed as follows:

(1) Forfeiture is deemed to have commenced by the seizure.

(2) The state patrol shall list and particularly describe in duplicate the conveyance seized.  After the appropriate appeal period has expired, a seized conveyance must be sold at a public auction in accordance with chapter 43.19 RCW.

(3) The state patrol shall list and particularly describe in duplicate the fuel seized.  The selling price of the fuel seized will be the average terminal rack price for similar fuel, at the closest terminal rack on the day of sale, unless circumstance warrants a different selling price is appropriate.  The method used to value the fuel must be documented.  The fuel will be sold at the earliest point in time, and the total price must include all appropriate state and federal taxes.  The state patrol or the department may enter into contracts for the transportation, handling, storage, and sale of fuel subject to forfeiture.  The money received must be deposited in the motor vehicle account, after deduction for expenses provided for in sections 3 and 9 of this act.

(4) The state patrol shall, within five days after the seizure, serve an affidavit of that fact, describing the place or thing seized and exigent circumstances exist making procurement of a search warrant impracticable.

(5) If no person notifies the state patrol in writing of the person’s claim of ownership or right to possession of the items seized within fifteen days of the date of notice of the seizure, the items seized are considered forfeited.

(6) If any person notifies the state patrol, in writing, of the person’s claim of ownership or right to possession of the items seized within seven days of the date of notice of seizure, the person or persons must be given a reasonable opportunity to be heard as to the claim or right.  The hearing must be before the director of licensing, or the director’s designee.  A hearing and any appeals must be in accordance with chapter 34.05 RCW.  The burden of proof by a preponderance of evidence is upon the person claiming to be the lawful owner or the person claiming to have the lawful right to possession of the items seized.  The state patrol and the department shall promptly return the conveyance seized, and money from the sale of fuel seized, to the claimant upon a determination that the claimant is the present lawful owner and is lawfully entitled to possession of the items seized.

NEW SECTION.  Sec. 3. A new section is added to chapter 82.36 RCW to read as follows:

FORFEITED PROPERTY—RETENTION, SALE, OR DESTRUCTION—USE OF SALE PROCEEDS. (1) The legislature finds that not all mineral resources of long-term commercial significance can be used as construction aggregates and not all regions of the state have sufficient supplies of construction aggregates. As a result, projects may not be completed timely, economically, and with the quality of aggregates necessary for long-term durability."
(2)(a) A committee is created to study the state’s need for aggregate as recognized under subsection (1) of this section. The committee is comprised of the following:
   (I) The state geologist, representing the department of natural resources, who shall serve as chair;
   (ii) A representative of the association of general contractors;

   (b) The committee shall:
   (I) Determine whether the goals and requirements under chapter 36.70A RCW are being met with regard to the identification, designation, and supply of aggregate necessary to meet the twenty-year comprehensive plans and whether sufficient quality and quantity of aggregate is available to meet the transportation elements of the department of transportation, county, city, or municipal projects, and private projects;
   (ii) Determine whether environmental review procedures allow the efficient processing of permit applications without reducing environmental protection and without undermining the expectation that a successful project will receive a permit in a timely manner;
   (iii) Ensure the state has competitive and efficient industries by evaluating and identifying areas of redundant, duplicative, and costly regulations and suggesting remedies to eliminate those inefficient impediments;
   (iv) Consider how the aggregate and affiliated industries should be regulated; and

MESSAGE FROM THE HOUSE

April 14, 2003

MR. PRESIDENT:
The House has passed SUBSTITUTE SENATE BILL NO. 5520 with the following amendments:

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 39.10.020 and 2001 c 328 s 1 are each amended to read as follows:

Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) ‘Alternative public works contracting procedure’ means the design-build and the general contractor/construction manager contracting procedures authorized in RCW 39.10.051 and 39.10.061, respectively.

(2) ‘Public body’ means the state department of general administration; the University of Washington; Washington State University; every city with a population greater than seventy thousand and any public authority chartered by such city under RCW 35.21.730 through 35.21.755 and specifically authorized as provided in RCW 39.10.120(4); every county with a population greater than four hundred fifty thousand; every port district with total revenues greater than fifteen million dollars per year; every public utility district with revenues from energy sales greater than twenty million dollars per year; and each school district with revenues greater than fifteen million dollars per year. The authority granted to port districts in this section is in addition to and does not affect existing contracting authority under RCW 53.08.120 and 53.08.130. For the purposes of this section, ‘design-build procedure’ means a contract between a public body and another party in which the party agrees to both design and build the facility, portion of the facility, or other item specified in the contract.

(3) Public bodies authorized under this section may utilize the design-build procedure for public works projects valued over ten million dollars where:

1. Notwithstanding any other provision of law, and after complying with RCW 39.10.030, the following public bodies may utilize the design-build procedure for public works contracting for public works projects authorized under this section: The state department of general administration; the state ferry system; the University of Washington; Washington State University; every city with a population greater than seventy thousand and any public authority chartered by such city under RCW 35.21.730 through 35.21.755 and specifically authorized as provided in RCW 39.10.120(4); every county with a population greater than four hundred fifty thousand; every public utility district with revenues from energy sales greater than twenty-three million dollars per year; and every port district with total revenues greater than fifteen million dollars per year. The authority granted to port districts in this section is in addition to and does not affect existing contracting authority under RCW 53.08.120 and 53.08.130. For the purposes of this section, ‘design-build procedure’ means a contract between a public body and another party in which the party agrees to both design and build the facility, portion of the facility, or other item specified in the contract.

2. Public bodies authorized under this section may utilize the design-build procedure for public works projects valued over ten million dollars where:
(a) The construction activities or technologies to be used are highly specialized and a design-build approach is critical in developing the construction methodology or implementing the proposed technology; or
(b) The project design is repetitive in nature and is an incidental part of the installation or construction; or
(c) Regular interaction with and feedback from facilities users and operators during design is not critical to an effective facility design.

(3) Public bodies authorized under this section may also use the design-build procedure for the following projects that meet the criteria in subsection (2)(b) and (c) of this section:
(a) The construction or erection of preengineered metal buildings or prefabricated modular buildings, regardless of cost; or
(b) The construction of new student housing projects valued over five million dollars.

(4) Contracts for design-build services shall be awarded through a competitive process utilizing public solicitation of proposals for design-build services. The public body shall publish at least once in a legal newspaper of general circulation published in or as near as possible to that part of the county in which the public work will be done, a notice of its request for proposals for design-build services and the availability and location of the request for proposal documents. The request for proposal documents shall include:
(a) A detailed description of the project including programmatic, performance, and technical requirements and specifications, functional and operational elements, minimum and maximum net and gross areas of any building, and, at the discretion of the public body, preliminary engineering and architectural drawings;
(b) The reasons for using the design-build procedure;
(c) A description of the qualifications to be required of the proposer including, but not limited to, submission of the proposer’s accident prevention program; a description of the proposer’s accident prevention program; and
(d) The project, including programmatic, performance, and technical requirements and specifications, functional and operational elements, minimum and maximum net and gross areas of any building, and, at the discretion of the public body, preliminary engineering and architectural drawings;
(e) The form of the contract to be awarded;
(f) The amount to be paid to finalists submitting best and final proposals who are not awarded a design-build contract; and
(g) Other information relevant to the project.

(5) The public body shall establish a committee to evaluate the proposals based on the factors, weighting, and process identified in the request for proposals. Based on its evaluation, the public body shall select fewer than three nor more than five finalists to submit best and final proposals. The public body may, in its sole discretion, reject all proposals. Design-build contracts shall be awarded using the procedures in (a) or (b) of this subsection.

(6) Best and final proposals shall be evaluated and scored based on the factors, weighting, and process identified in the initial request for proposals. The public body may score the proposals using a system that measures the quality and technical merits of the proposal on a unit price basis. Final proposals may not be considered if the proposal cost is greater than the maximum allowable construction cost identified in the initial request for proposals. The public body shall initiate negotiations with the firm submitting the highest scored best and final proposal. If the public body is unable to execute a contract with the firm submitting the highest scored best and final proposal, negotiations with that firm may be suspended or terminated and the public body may proceed to negotiate with the next highest scored firm. Public bodies shall continue in accordance with this procedure until a contract agreement is reached or the selection process is terminated.

(7) (a) The authority provided to the state ferry system in this section is limited to projects concerning construction, renovation, preservation, demolition, and reconstruction of ferry terminals and associated land-based facilities,
(b) Before using the procedures outlined in this chapter for construction, renovation, or preservation projects, the state ferry system shall complete a request for proposal process to identify and select possible public or private partnerships in order to maximize the value of the project and the state’s investment.

(1) The request for proposal shall consist of an open solicitation outlining functional specifications to be used as the basis for selecting partnerships in the project. Any responses to the request for proposal shall be evaluated, at a minimum, on the basis of compatibility with the state ferry system’s core business, potential to maximize nonfarebox revenue, longevity of the possible partnership commitment, and benefit to the public and users of the ferry system facilities.
(ii) If no responses are received, or those that are received are incompatible with ferry system operations, or do not meet the criteria stated in (b)(i) of this subsection, the state ferry system may proceed with the project while continuing to achieve state ferry system objectives without established partnerships.
Sec. 3. 39.10.061 and 2002 c 46 s 2 are each amended to read as follows:
(1) Notwithstanding any other provision of law, and after complying with RCW 39.10.030, a public body may utilize the general contractor/construction manager procedure of public works contracting for public works projects authorized under subsection (2) of this section. For the purposes of this section, “general contractor/construction manager” means a firm with which a public body has selected and negotiated a maximum allowable construction cost to be guaranteed by the firm, after competitive selection through formal advertisement and competitive bids, to provide services during the design phase that may include life-cycle cost design considerations, value engineering, scheduling, cost estimating, constructability, alternative construction options for cost savings, and sequencing of work, and to act as the construction manager and general contractor during the construction phase.
(2) Except those school districts proposing projects that are considered and approved by the school district project review board, public bodies authorized under this section may utilize the general contractor/construction manager procedure for public works projects valued over ten million dollars where:
(a) Implementation of the project involves complex scheduling requirements; or
(b) The project involves construction at an existing facility which must continue to operate during construction; or
(c) The involvement of the general contractor/construction manager during the design stage is critical to the success of the project.
(3) Public bodies should select general contractor/construction managers early in the life of public works projects, and in most situations not later than the completion of schematic design.
(4) Contracts for the services of a general contractor/construction manager under this section shall be awarded through a competitive process requiring the public solicitation of proposals for general contractor/construction manager procedures. The public solicitation of proposals shall include:
(a) A description of the project, including programmatic, performance, and technical requirements and specifications when available; the reasons for using the general contractor/construction manager procedure; a description of the qualifications to be required of the proposer, including submission of the proposer’s accident prevention program; a description of the process the public body will use to evaluate qualifications and proposals, including evaluation factors and the relative weight of factors; the form of the contract to be awarded; the estimated maximum allowable construction cost; and the bid instructions to be used by the general
contractor/construction manager finalists. Evaluation factors shall include, but not be limited to: Ability of professional personnel, past performance in negotiated and complex projects, and ability to meet time and budget requirements; the scope of work the general contractor/construction manager proposes to self-perform and its ability to perform it; location; recent, current, and projected work loads of the firm; and the concept of their proposal. A public body shall establish a committee to evaluate the proposals. After the committee has selected the most qualified finalists, these finalists shall submit final proposals, including sealed bids for the percent fee, which is the percentage amount to be earned by the general contractor/construction manager as overhead and profit, on the estimated maximum allowable construction cost and the fixed amount for the detailed specified general conditions work. The public body shall select the firm submitting the highest scored final proposal using the evaluation factors and the relative weight of factors published in the public solicitation of proposals.

5) The maximum allowable construction cost may be negotiated between the public body and the selected firm after the scope of the project is adequately determined to establish a guaranteed contract cost for which the general contractor/construction manager will provide a performance and payment bond. The guaranteed contract cost includes the fixed amount for the detailed specified general conditions work, the negotiated maximum allowable construction cost, the percent fee on the negotiated maximum allowable construction cost, and sales tax. If the public body is unable to negotiate a satisfactory maximum allowable construction cost with the firm selected that the public body determines to be fair, reasonable, and within the available funds, negotiations with that firm shall be formally terminated and the public body shall negotiate with the next highest scored firm and continue until an agreement is reached or the process is terminated. If the maximum allowable construction cost varies more than fifteen percent from the bid estimated maximum allowable construction cost due to approved changes in the scope of work by the public body, the percent fee shall be renegotiated.

6) All subcontract work shall be competitively bid with public bid openings. When critical to the successful completion of a subcontractor bid package and after publication of notice of intent to determine bidder eligibility in a legal newspaper of general circulation published in or as near as possible to that part of the county in which the public work will be done at least twenty days before requesting qualifications from interested subcontract bidders, the owner and general contractor/construction manager may determine subcontractor bidding eligibility using the following evaluation criteria:

(a) Adequate financial resources or the ability to secure such resources;
(b) History of successful completion of a contract of similar type and scope;
(c) Project management and project supervision personnel with experience on similar projects and the availability of such personnel for the project;
(d) Current and projected workload and the impact the project will have on the subcontractor’s current and projected workload;
(e) Ability to accurately estimate the subcontract bid package scope of work;
(f) Ability to meet subcontract bid package shop drawing and other coordination procedures;
(g) Eligibility to receive an award under applicable laws and regulations; and
(h) Ability to meet subcontract bid package scheduling requirements.

The owner and general contractor/construction manager shall weigh the evaluation criteria and determine a minimum acceptable score to be considered an eligible subcontract bidder.

After publication of notice of intent to determine bidder eligibility, subcontractors requesting eligibility shall be provided the evaluation criteria and weighting to be used by the owner and general contractor/construction manager to determine eligible subcontract bidders. After the owner and general contractor/construction manager determine eligible subcontract bidders, subcontractors requesting eligibility shall be provided the results and scoring of the subcontract bidder eligibility determination.

RCW 39.30.060 apply to each subcontract bid package. All subcontractors who bid work over three hundred thousand dollars shall post a bid bond and all subcontractors who are awarded a contract over three hundred thousand dollars shall provide a performance and payment bond for their contract amount. All other subcontractors shall provide a performance and payment bond if required by the general contractor/construction manager. A low bidder who claims error and fails to enter into a contract is prohibited from bidding on the same project if a second or subsequent call for bids is made for the project. Except as provided for under subsection (7) of this section, bidding on subcontract work by the general contractor/construction manager or its subsidiaries is prohibited. The general contractor/construction manager may negotiate with the low-responsive bidder in accordance with RCW 39.10.080 or, if unsuccessful in such negotiations, rebid.

7) The general contractor/construction manager, or its subsidiaries, may bid on subcontract work if:
(a) The work within the subcontract bid package is customarily performed by the general contractor/construction manager;
(b) The bid opening is managed by the public body; and
(c) Notification of the general contractor/construction manager’s intention to bid is included in the public solicitation of bids for the bid package.

In no event may the value of subcontract work performed by the general contractor/construction manager exceed thirty percent of the negotiated maximum allowable construction cost.

8) A public body may include an incentive clause in any contract awarded under this section for savings of either time or cost or both from that originally negotiated. No incentives granted may exceed five percent of the maximum allowable construction cost. If the project is completed for less than the agreed upon maximum allowable construction cost, any savings not otherwise negotiated as part of an incentive clause shall accrue to the public body. If the project is completed for more than the agreed upon maximum allowable construction cost, excepting increases due to any contract change orders approved by the public body, the additional cost shall be the responsibility of the general contractor/construction manager.

9) The authority provided to the state ferry system in this section is limited to projects concerning construction, renovation, preservation, demolition, and reconstruction of ferry terminals and associated land-based facilities, and the same are herewith transmitted.

MESSAGE FROM THE HOUSE

April 9, 2003
MR. PRESIDENT:

The House has passed SUBSTITUTE SENATE BILL NO. 5474 with the following amendments:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. It is the intent of the legislature to assist children in the care of kin to access appropriate medical and education services. Children being raised by kin have faced barriers to medical care and school attendance because their kinship caregivers have not been able to verify that they are the identified primary caregivers of these children. Such barriers pose an especially significant challenge to kinship caregivers in dealing with school officials and health professionals when children are left in their care with little warning. To assist kinship caregivers in executing adequate and appropriate decisions regarding the educational and medical needs of a child in their care, a kinship caregiver’s authorization affidavit is hereby created.

NEW SECTION. Sec. 2. A new section is added to chapter 74.13 RCW to read as follows:

Unless the context clearly requires otherwise, the definitions in this section apply throughout sections 2 through 5 of this act.

(1) "Kinship caregiver" means a person eighteen years of age or older who provides kinship care services to a child who resides with the caregiver and to whom the child is related by blood, adoption, marriage, or former marriage, including a brother, sister, stepbrother, stepsister, half-brother, half-sister, uncle, aunt, niece, nephew, first cousin, or any person denoted by the prefix "grand" or "great."

(2) "Kinship care services" means parent-like services and support provided to a child by a kinship caregiver.

(3) For a child defined as an "Indian child" under the federal Indian child welfare act, 25 U.S.C. Sec. 1901 et seq., the definition of "extended family member" under the federal Indian child welfare act shall apply.

NEW SECTION. Sec. 3. A new section is added to chapter 74.13 RCW to read as follows:

(1) A kinship caregiver who completes items 1 through 10 of the affidavit provided in section 5 of this act and signs the affidavit is authorized to enroll a child in school and consent to school-related medical care on behalf of the child in his or her care.

(2) A kinship caregiver who completes item 11 of the affidavit provided in section 5 of this act and signs the affidavit is authorized to consent, on behalf of the child in his or her care, to dental care and such medical care as necessary to preserve the life or health of the child.

(3) The affidavit shall not be valid if a kinship caregiver is unlawfully harboring a minor, pursuant to RCW 13.32A.080.

(4) The affidavit shall be in effect for twelve months after the date on which it is executed, and renewable every twelve months thereafter.

(5) The authority of a kinship caregiver to consent to or to refuse medical or dental care for a child is subordinate to any decision of the parent or other person having legal custody of the child, provided the decision of the parent or other person having legal custody of the child does not jeopardize the life, health, or safety of the child.

NEW SECTION. Sec. 4. A new section is added to chapter 74.13 RCW to read as follows:

(1) A person who acts in good faith reliance on a kinship caregiver’s authorization affidavit, provided in section 5 of this act, to provide education services or medical or dental care, without actual knowledge of facts contrary to those stated on the affidavit, is not subject to criminal liability or to civil liability to any person, and is not subject to professional disciplinary action, for such good faith reliance if the applicable portions of the affidavit are completed. This section applies even if education services or medical or dental care are provided to a child in contravention of the wishes of the parent or other person having legal custody of the child as long as the person providing the education services or medical or dental care has no actual knowledge of the wishes of the parent or other person having legal custody of the child.

(2) A person who relies on the affidavit has no obligation to make any further inquiry or investigation.

(3) Nothing in this section relieves any person from liability for violations of other provisions of law.

(4) If the child ceases to reside with the kinship caregiver, the kinship caregiver shall notify within three days, excluding weekends and holidays, any and every school, health care provider, carrier, or other person or entity to whom the kinship caregiver has provided the affidavit that the child no longer resides with the caregiver. No further consent to school enrollment or medical care shall be given by the former kinship caregiver once the child ceases to reside with the former caregiver.

NEW SECTION. Sec. 5. A new section is added to chapter 74.13 RCW to read as follows:

The kinship caregiver’s authorization affidavit must be in substantially the following form:

Kinship Caregiver’s Authorization Affidavit

Use of this affidavit is authorized by RCW 74.13.--- (section 3 of this act).

Instructions: Completion of items 1 through 10 and the signing of the affidavit is required in order to authorize enrollment of a child in school and authorize school-related medical care. MOTION

On motion of Senator Stevens, the Senate refuses to concur in the House amendment to Substitute Senate Bill No. 5474 and asks the House to recede therefrom.

MESSAGE FROM THE HOUSE

April 8, 2003

MR. PRESIDENT:

The House has passed SUBSTITUTE SENATE BILL NO. 5248 with the following amendment(s):

Strike everything after the enacting clause and insert the following:

"PART I
ALTERNATIVE DELIVERY PROCEDURES FOR CONSTRUCTION SERVICES

NEW SECTION. Sec. 101. The legislature finds that there is a pressing need for additional transportation projects to meet the mobility needs of Washington’s citizens. With major new investments approved to meet these pressing needs, additional workforce assistance is necessary to ensure and enhance project delivery timelines. Recruiting and retaining a high quality workforce, and implementing new and innovative procedures for delivering these transportation projects, is required to accomplish them on a timely basis that best serves the public. It is the intent of sections 103 and 104 of this act that no state employees will lose their employment as a result of implementing new and innovative project delivery procedures.

NEW SECTION. Sec. 102. A new section is added to chapter 47.28 RCW to read as follows:

The definitions in this section apply throughout section 103 of this act and RCW 41.06.380 unless the context clearly requires otherwise.

(1) “Construction services” means those services that aid in the delivery of the highway construction program and include, but are not limited to, real estate services and construction engineering services.

(2) “Construction engineering services” include, but are not limited to, construction management, construction administration, materials testing, materials documentation, contractor payments and general administration, construction oversight, and inspection and surveying.

NEW SECTION. Sec. 103. A new section is added to chapter 47.28 RCW to read as follows:

(1) The department of transportation shall work with representatives of transportation labor groups to develop a financial incentive program to aid in retention and recruitment of employee classifications where problems exist and program delivery is negatively affected. The department’s financial incentive program must be reviewed and approved by the legislature before it can be implemented. This program must support the goal of enhancing project delivery timelines as outlined in section 101 of this act. Upon receiving approval from the legislature, the department of personnel shall implement, as required, specific aspects of the financial incentive package, as developed by the department of transportation.

(2) Notwithstanding chapter 41.06 RCW, the department of transportation may acquire services from qualified private firms in order to deliver the transportation construction program to the public. Services may be acquired solely for augmenting the department’s workforce capacity and only when the department’s transportation construction program cannot be delivered through its existing or readily available workforce. The department of transportation shall work with representatives of transportation labor groups to develop and implement a program identifying those projects requiring contracted services while establishing a program as defined in subsection (1) of this section to provide the classified personnel necessary to deliver future construction programs. The procedures for acquiring construction engineering services from private firms may not be used to displace existing state employees nor diminish the number of existing classified positions in the present construction program. The acquisition procedures must be in accordance with chapter 39.80 RCW.

(3) Starting in December 2004, and biennially thereafter, the secretary shall report to the transportation committees of the legislature on the use of construction engineering services from private firms authorized under this section. The information provided to the committees must include an assessment of the benefits and costs associated with using construction engineering services, or other
services, from private firms, and a comparison of public versus private sector costs. The secretary may act on these findings to ensure the most cost-effective means of service delivery.

Sec. 104. RCW 41.06.380 and 1979 ex.s. c 46 s 2 are each amended to read as follows:
(1) Nothing contained in this chapter shall prohibit any department, as defined in RCW 41.06.020, from purchasing services by contract with individuals or business entities if such services were regularly purchased by valid contract by such department prior to April 23, 1979; PROVIDED, That no such contract may be executed or renewed if it would have the effect of terminating classified employers or classified employee positions existing at the time of the execution or renewal of the contract.
(2) Nothing contained in this chapter prohibits the department of transportation from purchasing construction services or construction engineering services, as those terms are defined in section 102 of this act, by contract from qualified private businesses as specified in section 105(2) of this act.

PART II
APPRENTICESHIP AND ADJUSTMENTS TO PREVAILING WAGE PROVISIONS

NEW SECTION. Sec. 201. (1) The legislature finds that a skilled technical workforce is necessary for maintaining, preserving, and improving Washington’s transportation system. The Blue Ribbon Commission on Transportation found that state and local transportation agencies are showing signs of a workforce that is insufficiently skilled to operate the transportation system at its highest level. Sections 201 through 206 of this act are intended to explore methods for fostering a stronger industry in transportation planning and engineering.
(2) It is the intent of the legislature that the state prevailing wage process operate efficiently, that the process allow contractors and workers to be paid promptly, and that new technologies and innovative outreach methods be used to enhance wage surveys in order to better reflect current wages in counties across the state.
(3) The legislature finds that in order to enhance the prevailing wage process it is appropriate for all intent and affidavit fees paid by contractors be dedicated to the sole purpose of administering the state prevailing wage program.
(4) To accomplish the intent of this section and in order to enhance the response of businesses and labor representatives to the prevailing wage survey process, the department of labor and industries shall undertake the following activities:
(a) Establish a goal of conducting surveys for each trade every three years;
(b) Actively promote increased response rates from all survey recipients in every county both urban and rural. PART III
TRANSPORTATION PLANNING AND EFFICIENCY

NEW SECTION. Sec. 301. The legislature finds that roads, streets, bridges, and highways in the state represent public assets worth over one hundred billion dollars. These investments require regular maintenance and preservation, or rehabilitation, to provide cost-effective transportation services. Many of these facilities are in poor condition. Given the magnitude of public investment and the importance of safe, reliable roadways to the motoring public, the legislature intends to create stronger accountability to ensure that cost-effective maintenance and preservation is provided for these transportation facilities.

Sec. 302. RCW 35.84.060 and 1969 ex.s. c 281 s 26 are each amended to read as follows:
Every municipal corporation which owns or operates an urban public transportation system as defined in RCW 47.04.082 within its corporate limits(,) may acquire, construct, extend, own, or operate such urban public transportation system to any point or points not
to exceed fifteen miles outside of its corporate limits: PROVIDED, That no municipal corporation shall extend its urban public transportation system beyond its corporate limits to operate in any territory already served by a privately operated auto transportation company holding a certificate of public convenience and necessity from the utilities and transportation commission.

As a condition of receiving state funding, the municipal corporation shall submit a maintenance management plan for certification by the transportation commission or its successor entity. The plan must inventory all transportation system assets within the direction and control of the municipality, and provide a preservation plan based on lowest life cycle cost methodologies.

NEW SECTION. Sec. 303. A new section is added to chapter 36.56 RCW to read as follows:

As a condition of receiving state funding, a county that has assumed the transportation functions of a metropolitan municipal corporation shall submit a maintenance and preservation management plan for certification by the transportation commission or its successor entity. The plan must inventory all transportation system assets within the direction and control of the county, and provide a preservation plan based on lowest life cycle cost methodologies.

NEW SECTION. Sec. 304. A new section is added to chapter 36.57A RCW to read as follows:

As a condition of receiving state funding, a public transportation benefit area authority shall submit a maintenance and preservation management plan for certification by the transportation commission or its successor entity. The plan must inventory all transportation system assets within the direction and control of the authority, and provide a preservation plan based on lowest life cycle cost methodologies.

NEW SECTION. Sec. 305. A new section is added to chapter 46.68 RCW to read as follows:

During the 2003-2005 biennium, cities and towns shall provide to the transportation commission, or its successor entity, preservation rating information on at least seventy percent of the total city and town arterial network. Thereafter, the preservation rating information requirement shall increase in five percent increments in subsequent biennia. The rating system used by cities and towns must be based upon the Washington state pavement rating method or an equivalent standard approved by the transportation commission or its successor entity.

NEW SECTION. Sec. 306. A new section is added to chapter 81.112 RCW to read as follows:

As a condition of receiving state funding, a regional transit authority shall submit a maintenance and preservation management plan for certification by the transportation commission or its successor entity. The plan must inventory all transportation system assets within the direction and control of the transit authority, and provide a plan for preservation of assets based on lowest life cycle cost methodologies.

NEW SECTION. Sec. 307. A new section is added to chapter 36.78 RCW to read as follows:

The county road administration board, or its successor entity, shall establish a standard of good practice for maintenance of transportation system assets. This standard must be implemented by all counties no later than December 31, 2007. The board shall develop a model maintenance management system for use by counties. The board shall develop rules to assist the counties in the implementation of this system. Counties shall annually submit their maintenance plans to the board. The board shall compile the county data regarding maintenance management and annually submit it to the transportation commission or its successor entity.

NEW SECTION. Sec. 308. Part headings used in this act are not part of the law.

NEW SECTION. Sec. 309. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 310. This act is null and void if new transportation revenues do not become law by January 1, 2004."

Correct the title., and the same are herewith transmitted.

MOTION

Senator Haugen moved that the Senate concur in the House amendment to Substitute Senate Bill No. 5248.

MOTION

On motion of Senator Sheahan, further consideration of Substitute Senate Bill No. 5248 was deferred.

MESSAGE FROM THE HOUSE

April 11, 2003

The House has passed SECOND SUBSTITUTE SENATE BILL NO. 5694 with the following amendment(s):

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. The legislature finds that environmental review and permitting, especially as applied to complex or controversial projects, can be characterized by multiple overlapping agency authorities, as a result of multiple governing statutes, generally adopted in isolation from one another, whose purposes and requirements may not be integrated and cause correspondingly uncoordinated implementation by administrative agencies. As a result, numerous and differing project descriptions, inconsistent administrative records, unproductive and redundant requirements, delays, and disproportionate costs caused by all of these may impede the making of sound and expeditious decisions by agencies and appropriate project changes by permit applicants, contrary to the intent and purpose of environmental review and permitting and the interests of permit applicants and the public.

A single project may be governed by local, state, federal, and tribal laws. A single project may be subject to all of the following requirements and others not listed here: (1) Federal section 404 permit, section 7 consultation, essential fish habitat consultation, section 401 water quality certification, section 402 waste discharge permit, section 402 general permit, section 4(f) parks and recreational lands use approval, superfund clean-up requirements, air quality conformity, underground storage tank removal, and coastal zone management program consistency certification; (2) state storm water pollution control plan approval, hydraulic project approval, aquatic lands use approval, historic and archaeological approval, archaeological excavation and removal permit, state model toxics control act clean-up requirements, asbestos removal, and air quality operating permit; and (3) local shoreline substantial development permit, conditional use permit or variance, some critical areas ordinance review, historic district approval, street use permit, demolition permit, grading permit, noise variance, storm water and drainage control approval, and utility approval.

The legislature finds that the public, as well as permit applicants, agencies, and affected parties, will benefit from an environmental review and permitting system that integrates and makes easily accessible the requirements and documentation for agency decisions, thereby facilitating timely and effective participation in the process.

NEW SECTION. Sec. 2. The legislature intends to proceed in steps to develop and adopt an integrated permit system, working through the office of permit assistance, in cooperation with the department of transportation, the transportation permit efficiency and accountability committee, and local, state, federal, and tribal regulatory agencies. When implemented, the integrated permit system would integrate project design, environmental review, permitting, and mitigation elements into a single process. Major components of the
The legislature intends by this act to authorize, through a pilot project, development of a guidance document for implementation of a unified project decision support document and development of recommendations for an integrated permit system and for changes to existing law needed for implementation of a unified project administrative procedure.

NEW SECTION. Sec. 3. (1) By December 1, 2005, the office of permit assistance shall develop a guidance document for creating a unified project decision support document for state and federal agencies and local governments that will be sufficient to support all regulatory decision making.

The office shall, in consultation with the department of transportation and the transportation permit efficiency and accountability committee, test and, as necessary, revise and add to the "unified permit binder" currently being developed by the department of transportation to provide a standardized outline, checklists, and templates for preparation of a single master support document for all regulatory decision making concerning a project. The office shall address regulatory decision-making processes under existing substantive authorities and administrative procedures, applicable existing statutory requirements for environmental review and permitting, information necessary for decision making, and existing requirements for public and agency involvement and its documentation. The resulting document shall be designed to be a complete, concise, and logically organized guidance document for creating a unified project decision support document for state and federal agencies and local governments.

(2) By December 1, 2005, the office shall develop recommendations for an integrated permit system to integrate the procedural aspects of project design, environmental review, permitting, and mitigation; develop recommendations for legislative changes to statutory authorizations and administrative procedures needed to establish the system; and develop detailed recommendations for full-scale testing of the system through one or more pilot projects.

The elements of the integrated permit system shall include use of a unified project decision support document available on the internet for purposes of public review and comment and for decision making by agencies and local governments with jurisdiction over the project; a unified project administrative procedure for regulatory decision making that harmonizes, reduces or eliminates duplicative, or conflicting procedural requirements for environmental analysis, agency decision making, and public review and comment; a unified project decision support document might be implemented by intergovernmental agreement under existing law. A unified project administrative procedure may require changes to existing law.

The integrated permit system, including the unified project decision support document and unified project administrative procedure, will not modify or change any agency's substantive regulatory authority including that agency's responsibility and authority to issue and condition its specific permit(s). The integrated permit system will promote procedural changes which lead to greater efficiency while maintaining environmental and community safeguards. In developing new approaches for public involvement, care shall be taken to maintain or enhance the quality of public involvement opportunities.

The legislature intends by this act to authorize, through a pilot project, development of a guidance document for implementation of a unified project decision support document and development of recommendations for an integrated permit system and for changes to existing law needed for implementation of a unified project administrative procedure.

NEW SECTION. Sec. 4. (1) A unified project administrative procedure is the common, integrated process used for the development of a project-specific unified project decision support document.

(2) A unified permit binder is the same as a unified project decision support document.

(3) A unified project decision support document is a single document that contains and integrates all project-specific application, design, environmental review, permitting and mitigation analyses and evaluations needed to support permitting and regulatory decisions.

NEW SECTION. Sec. 5. This act expires December 31, 2005.

NEW SECTION. Sec. 6. If specific funding for the purposes of this act, referencing this act by bill or chapter number, is not provided by June 30, 2003, in the omnibus appropriations act, this act is null and void.

MESSAGE FROM THE HOUSE

April 2, 2003

MR. PRESIDENT:

The House has passed SUBSTITUTE SENATE BILL NO. 5748 with the following amendment(s):

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. It is essential that the legislature improve the accountability and efficiency of transportation-related agencies and measure transportation system performance against the time being and to establish state and local performance standards. As a result, the committee shall oversee a system of transportation performance reviews and audits established to provide oversight and accountability of transportation agencies.

NEW SECTION. Sec. 2. A new section is added to chapter 44.40 RCW to read as follows:

The definitions in this section apply throughout this chapter.

(1) "Committee" means the legislative transportation committee.

(2) "Legislative auditor" has the meaning contained in chapter 44.28 RCW.

(3) "Performance audit" has the meaning contained in chapter 44.28 RCW.

(4) "Performance review" means an evaluation of how a state agency uses its performance measures to assess the outcomes of its legislatively authorized activities.

(5) "Program audit" has the meaning contained in chapter 44.28 RCW.

(6) "Transportation-related agencies" means any state agency, board, or commission that receives funding primarily for transportation-related purposes. At a minimum, the department of transportation, the Washington state patrol, the department of licensing, the transportation improvement board or its successor entity, the county road administration board or its successor entity, and the traffic safety commission are considered transportation-related agencies.

NEW SECTION. Sec. 3. A new section is added to chapter 44.40 RCW to read as follows:

The legislative transportation committee shall review the performance and outcome measures of transportation-related agencies. The purpose of these reviews is to ensure that the legislature has the means to adequately and accurately assess the performance and outcomes of these agencies and departments. Where two or more agencies have shared responsibility for functions or priorities of government, the performance reviews may also determine whether effective interagency cooperation and collaboration occurs in areas such as program coordination, administrative structures, information systems, and administration of grants and loans.

(1) In conducting these reviews, the legislative transportation committee may work with the joint legislative audit and review committee, the office of financial management, and other state agencies as needed.

(2) The committee shall determine the occurrence and frequency of the performance reviews. In setting the schedule and the extent of performance reviews, the committee shall consider other recent state, federal, and independent reviews and audits, the seriousness of past findings, any inadequate remedial action taken by an agency or department, whether an agency or department lacks performance and outcome measures, and the desirability to include a diverse range of agencies or programs each year.

NEW SECTION. Sec. 4. A new section is added to chapter 44.40 RCW to read as follows:

The performance reviews by the committee may include, but are not limited to:

(1) A determination of whether the performance and outcome measures are consistent with legislative mandates, strategic plans, mission statements, and goals and objectives, and whether the legislature has established clear mandates, strategic plans, mission statements, and goals and objectives that lend themselves to performance and outcome measurement;

(2) An examination of how agency management uses the measures to manage resources in an efficient and effective manner;

(3) An assessment of how performance benchmarks are established for the purpose of assessing overall performance compared to external standards and benchmarks;

(4) An examination of how an analysis of the measurement data is used to make planning and operational improvements;

(5) A determination of how performance and outcome measures are used in the budget planning, development, and allotment processes and the extent to which the agency is in compliance with its responsibilities under RCW 43.88.090;

(6) A review of how performance data are reported to and used by the legislature both in policy development and resource allocation;

(7) An assessment of whether the performance measure data are reliable and collected in a uniform and timely manner;

(8) A determination of whether targeted funding investments and established priorities of government actually produce the intended and expected services and benefits; and

(9) Recommendations as necessary or appropriate.

NEW SECTION. Sec. 5. A new section is added to chapter 44.40 RCW to read as follows:

After reviewing the performance or outcome measures and benchmarks of a transportation-related agency or department, or at any time it so determines, the committee shall determine if a full performance or program audit of an agency or department, or a specific program within the agency or department, is appropriate. The committee, or its executive committee, may request the joint legislative audit and review committee to conduct performance or program audits, or it may retain a private consultant to do so. The committee shall pay for all costs associated with audits requested and pursued by them.

In addition to the definitions in this chapter of what a performance or program audit is comprised of, the audits sought by the committee may also assess activity areas. Audits of this nature would be designed to augment the information collected under a performance or program audit and would at a minimum, include identifying the entities and agencies involved in or connected to a specific activity, and assessing and determining the impact the activity has on each entity and agency involved.

NEW SECTION. Sec. 6. A new section is added to chapter 44.40 RCW to read as follows:

In conducting performance or program audits, the legislative auditor with the joint legislative audit and review committee, or the private consultant retained by the committee, shall determine in writing the scope of an audit requested by the committee or its executive committee. The committee, or its executive committee, must approve the final scope of the audit. In determining the scope, the legislative auditor and the committee, or its executive committee, shall consider inclusion of the following elements:

(1) Identification of potential cost savings in the agency, its programs, and its services;

(2) Identification and recognition of best practices;

(3) Identification of funding to the agency, to programs, and to services that can be eliminated or reduced;

(4) Identification of programs and services that can be eliminated, reduced, or transferred to the private sector;

(5) Analysis of gaps and overlaps in programs and services and recommendations for improving, dropping, blending, or separating functions to correct gaps or overlaps;
(6) Analysis and recommendations for pooling information technology systems;
(7) Analysis of the roles and functions of the agency, its programs, and its services and their compliance with statutory authority and recommendations for eliminating or changing those roles and functions and ensuring compliance with statutory authority;
(8) Recommendations for eliminating or changing statutes, rules, and policy directives as may be necessary to ensure that the agency carry out reasonably and properly those functions expressly vested in the department by statute; and
(9) Verification of the reliability and validity of department performance data, self-assessments, and performance measurement systems as required under RCW 43.88.090.

NEW SECTION. Sec. 7. A new section is added to chapter 44.40 RCW to read as follows:
(1) When conducting a full performance audit of an agency or department, or a specific program within an agency or department, or multiple agencies, in accordance with section 5 of this act, the legislative auditor or private consultant, as determined by the committee, shall solicit input from appropriate industry representatives or experts.
(2) The completed audit report must include but not be limited to the following: (a) Make recommendations regarding the continuation, abolition, consolidation, or reorganization of each affected agency, department, or program; (b) identify opportunities to develop government partnerships, and eliminate program redundancies that will result in increased quality, effectiveness, and efficiency of state agencies.
(3) Completed performance audits must be presented to the committee or its executive committee. Published performance audits must be made available to the public through the legislative transportation committee’s web site and through customary public communications. Final reports must also be transmitted to the appropriate policy and fiscal standing committees of the legislature, the office of financial management, and the affected agencies and entities.

NEW SECTION. Sec. 8. The committee shall take steps to ensure that the department of transportation is the first agency subject to the performance review and audit process established in this act.

NEW SECTION. Sec. 9. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately.

Correct the title.

The proposed criteria should take into consideration RCW 9.95.009(2). Before submission to the governor, the board shall solicit comments and review on their proposed criteria for parole release. ((These proposed criteria shall be submitted for consideration by the 1987 legislature.))

(2) Persons committed to the department of corrections and who are under the authority of the board for crimes committed on or after ((Juli)) September 1, 2001, are subject to the provisions for duration of confinement, release to community custody, and length of confinement, custody established in RCW 9.94A.712, 9.94A.713, 72.09.335, and 9.95.420 through 9.95.440.

Sec. 3. RCW 9.95.055 and 2001 2nd space c 12 s 325 are each amended to read as follows:

The indeterminate sentence review board is hereby granted authority, in the event of a declaration by the governor that a war emergency exists, including a general mobilization, and for the duration thereof only, to reduce downward the minimum term, as set by the board, of any inmate under the jurisdiction of the board confined in a state correctional facility, who will be accepted by and inducted into the armed forces of the United States. PROVIDED, That no such inmate shall be released under this section who is a suspension order and reinstate release, it shall determine that the best interests of society and the offender shall be served by such reinstatement rather than a return to a state correctional facility.

The board, after consultation with the secretaries of corrections, shall make all rules and regulations concerning procedural matters, which shall include the time when state community corrections officers shall file with the board reports required by this section, procedures pertaining thereto and the filing of such information as may be necessary to enable the board to perform its functions under this section. On the basis of the reports of the community corrections officer, or at any time upon its own discretion, the board may revise or modify the conditions of parole or order the suspension of parole by the issuance of a written order bearing its seal, which order shall be sufficient warrant for all peace officers to take into custody any convicted person who may be on parole and retain such person in their custody until arrangements can be made by the board for his or her return to a state correctional institution or convicted felons. Any such revision or modification of the conditions of parole or the order suspending parole shall be personally served upon the parolee.

Any parolee arrested and detained in physical custody by the authority of a state community corrections officer, or upon the written order of the board, shall not be released from custody on bail or personal recognizance, except upon approval of the board and the issuance by the board of an order of reinstatement on parole on the same or modified conditions of parole.

All chiefs of police, marshals of cities and towns, sheriffs of counties, and all police, prison, and peace officers and constables shall execute any order in the same manner as any ordinary criminal process.

Whenever a paroled prisoner is accused of a violation of his or her parole, other than the commission of, and conviction for, a felony or misdemeanor under the laws of this state or the laws of any state where he or she may then be, he or she shall be entitled to a fair and impartial hearing of such charges within thirty days from the time that he or she is served with charges of the violation of conditions of parole after his or her arrest and detention. The hearing shall be held before one or more members of the board at a place or places, within this state, reasonably near the site of the alleged violation or violations of parole.

The event that the board suspends a parolee by reason of an alleged parole violation or in the event that a parole is suspended pending the disposition of a new criminal charge, the board shall have the power to nullify the order of suspension and reinstate the individual to parole under previous conditions or any new conditions that the board may determine advisable. Before the board shall nullify an order of suspension and reinstate a parolee they shall have determined that the best interests of society and the individual shall best be served by such reinstatement rather than a return to a state correctional institution.

Sec. 6. RCW 9.95.440 and 2001 2nd space c 12 s 310 are each amended to read as follows:

In the event the board suspends the release status of an offender released under RCW 9.95.420 by reason of an alleged violation of a condition of release, or pending disposition of a new criminal charge, the board may nullify the suspension order and reinstate release under previous conditions or any new conditions the board determines advisable under RCW 9.94A.713(5). Before the board may nullify a suspension order and reinstate release, it shall determine that the best interests of society and the offender shall be served by such reinstatement rather than return to confinement.

Sec. 7. RCW 9.95.110 and 2001 2nd space c 12 s 331 are each amended to read as follows:

(1) The board may permit an offender convicted of a crime committed before July 1, 1984, to leave the buildings and enclosures of a state correctional institution on parole, after such convicted person has served the period of confinement fixed for him or her by the board, less time credits for good behavior and diligence in work: PROVIDED, That in no case shall an inmate be credited with more than one-third of his or her sentence as fixed by the board.
The board may establish rules and regulations under which an offender may be allowed to leave the confines of a state correctional institution on parole, and may return such person to the confines of the institution from which he or she was paroled, at its discretion.

(2) The board may permit an offender convicted of a crime committed on or after (September 1, 2001), and sentenced under RCW 9.94A.712, to leave a state correctional institution on community custody according to the provisions of RCW 9.94A.712, 9.94A.713, 72.09.335, and 9.95.420 through 9.95.440. The person may be returned to the institution following a violation of his or her conditions of release to community custody pursuant to the hearing provisions of RCW 9.95.435. Correct the title, and the same are herewith transmitted.

(2) Nothing contained in this chapter or the state patrol's regulations shall be construed to prohibit the use of additional parts and accessories on any vehicle not inconsistent with the provisions of this chapter or the state patrol's regulations.

(3) The provisions of this chapter or the state patrol's regulations with respect to equipment on vehicles shall not apply to implements of husbandry, road machinery, road rollers, or farm tractors except as herein made applicable.

(4) No owner or operator of a farm tractor, self-propelled unit of farm equipment, or implement of husbandry shall be guilty of a crime or subject to penalty for violation of RCW 46.37.160 as now or hereafter amended unless such violation occurs on a public highway.

(10) Whenever the owner or lessee is issued a notice of traffic infraction under this section the court may, on the request of the owner or lessee, take appropriate steps to make the driver of the vehicle, or any other person who directs the loading, maintenance, or operation of the vehicle, a codefendant. If the codefendant is held solely responsible and is found to have committed the traffic infraction, the court may dismiss the notice against the owner or lessee.

NEW SECTION. Sec. 4. A new section is added to chapter 46.61 RCW to read as follows:
(1) Absent prohibition by local authorities authorized under this section and except as prohibited elsewhere in this section, a person may operate a neighborhood electric vehicle upon a highway of this state having a speed limit of thirty-five miles per hour or less if:

(2) Any person who violates this section commits a traffic infraction.

(3) This section does not prevent local authorities, with respect to streets and highways under their jurisdiction and within the reasonable exercise of their police power, from regulating the operation of neighborhood electric vehicles on streets and highways under their jurisdiction, including the prohibition of neighborhood electric vehicles on certain streets and highways, by resolution or ordinance of the governing body, if the regulation is consistent with the provisions of this title, except that:
  (a) Local authorities may not authorize the operation of neighborhood electric vehicles on streets and highways that are part of the state highway system subject to the provisions of Title 47 RCW; and
  (b) Local authorities are prohibited from establishing any requirements for the registration and licensing of neighborhood electric vehicles.

Sec. 5. RCW 46.61.688 and 2002 c 328 s 2 are each amended to read as follows:

(3) Every person sixteen years of age or older operating or riding in a motor vehicle shall wear the safety belt assembly in a properly adjusted and securely fastened manner.

(4) No person may operate a motor vehicle unless all child passengers under the age of sixteen years are either:
  (a) Wearing a safety belt assembly or (b) are securely fastened into an approved child restraint device.

(5) Any person violating this section shall be issued a notice of traffic infraction under chapter 46.63 RCW. A finding that a person has committed a traffic infraction under this section shall be contained in the driver’s abstract but shall not be available to insurance companies or employers.

(6) Failure to comply with the requirements of this section does not constitute negligence, nor may failure to wear a safety belt assembly be admissible as evidence of negligence in any civil action.

(7) This section does not apply to an operator or passenger who possesses written verification from a licensed physician that the operator or passenger is unable to wear a safety belt for physical or medical reasons.

Sec. 6. RCW 46.61.687 and 2000 c 190 s 2 are each amended to read as follows:

MESSAGE FROM THE HOUSE

April 10, 2003

Mr. President:

The House has passed SENATE BILL NO. 5410 with the following amendment(s):

"Sec. 1. RCW 4.24.550 and 2002 c 118 s 1 are each amended to read as follows:

(1) In addition to the disclosure under subsection (5) of this section, public agencies are authorized to release information to the public regarding sex offenders and kidnapping offenders when the agency determines that disclosure of the information is relevant and necessary to protect the public and counteract the danger created by the particular offender. This authorization applies to information regarding: (a) Any person adjudicated or convicted of a sex offense or a kidnapping offense as defined by RCW 9A.44.130; (b) any person under the jurisdiction of the indeterminate sentence review board as the result of a sex offense or kidnapping offense; (c) any person committed as a sexually violent predator under chapter 71.09 RCW or as a sexual psychopath under chapter 71.06 RCW; (d) any person found not guilty of a sex offense or kidnapping offense by reason of insanity under chapter 10.77 RCW; and (e) any person found incompetent to stand trial for a sex offense or kidnapping offense and subsequently committed under chapter 71.05 or 71.34 RCW.

(2) Except for the information specifically required under subsection (5) of this section, the extent of the public disclosure of relevant and necessary information shall be rationally related to: (a) The level of risk posed by the offender to the community; (b) the location where the offender resides, expects to reside, or is regularly found; and (c) the needs of the affected community members for information to enhance their individual and collective safety.

(3) Except for the information specifically required under subsection (5) of this section, local law enforcement agencies shall consider the following guidelines in determining the extent of a public disclosure made under this section: (a) For offenders classified as risk level I, the agency shall share information with other appropriate law enforcement agencies and may disclose, upon request, relevant, necessary, and accurate information to any victim or witness to the offense and to any individual community member who lives near the residence where the offender resides, expects to reside, or is regularly found; (b) for offenders classified as risk level II, the agency may also disclose relevant, necessary, and accurate information to public and private schools, child day care centers, family day care providers, businesses and organizations that serve primarily children, women, or vulnerable adults, and neighbors and community groups near the residence where the offender resides, expects to reside, or is regularly found; and (c) for offenders classified as risk level III, the agency may also disclose relevant, necessary, and accurate information to the public at large and to the community.

(4) The county sheriff with whom an offender classified as risk level III is registered shall cause to be published by official notice, advertising, or news release a sex offender community notification that conforms to the guidelines established under RCW 4.24.5501 in at least one legal newspaper with general circulation in the area of the sex offender’s registered address or location. The county sheriff shall also cause to be published consistent with this subsection a current list of level III registered sex offenders, twice yearly. Unless the information is posted on the web site described in subsection (5) of this section, this list shall be maintained by the county sheriff on a publicly accessible web site and shall be updated at least once per month.

(5)(a) When funded by federal grants or other sources other than state funds, the Washington association of sheriffs and police chiefs shall create and maintain a statewide registered sex offender web site, which shall be available to the public. The web site shall post all level III and level II registered sex offenders in the state of Washington.

1. For level II offenders, the web site shall contain, but is not limited to, the registered sex offender’s name, relevant criminal convictions, address by block, physical description, and photograph. The web site shall provide mapping capabilities that display the sex offender’s address by block on a map. The web site shall allow citizens to search for registered sex offenders within the state of Washington by county, city, zip code, last name, type of conviction, and address by block.

2. For level II offenders, the web site shall contain, but is not limited to, the information and functionality as described in (1)(a) of this subsection, provided that it is permissible under state and federal law.

If it is not permissible, the web site shall be limited to the information and functionality that is permissible under state and federal law.
(b) Until the implementation of (a) of this subsection, the Washington association of sheriffs and police chiefs shall create a web site available to the public that provides electronic links to county-operated web sites that offer sex offender registration information.

(6) A local law enforcement agency may post level II and level III community notification bulletins on the agency’s web site for sex offenders residing within the agency’s jurisdiction.

(7) Local law enforcement agencies that disseminate information pursuant to this section shall: (a) Review available risk level classifications made by the department of corrections, the department of social and health services, and the indeterminate sentence review board; (b) assign risk level classifications to all offenders about whom information will be disseminated; and (c) make a good faith effort to notify the public and residents at least fourteen days before the offender is released from confinement or, where an offender moves from another jurisdiction, as soon as possible after the agency learns of the offender’s move, except that in no case may this notification provision be construed to require an extension of an offender’s release date. The juvenile court shall provide local law enforcement officials with all relevant information on offenders allowed to remain in the community in a timely manner.

(8) An appointed or elected public official, public employee, or public agency as defined in RCW 4.24.470, or units of local government and its employees, as provided in RCW 36.28A.010, are immune from civil liability for damages for any discretionary risk level classification decisions or release of relevant and necessary information, unless it is shown that the official, employee, or agency acted with gross negligence or in bad faith. The immunity in this section applies to risk level classification decisions and the release of relevant and necessary information regarding any individual for whom disclosure is authorized. The decision of a local law enforcement agency or official to classify an offender to a risk level other than the one assigned by the department of corrections, the department of social and health services, or the indeterminate sentence review board, or the release of any relevant and necessary information based on that different classification shall not, by itself, be considered gross negligence or bad faith. The immunity provided under this section applies to the release of relevant and necessary information to other public officials, public employees, or public agencies, and to the general public.

Correct the title., and the same are herewith transmitted.

(a) The public;
(b) Patient groups and organizations;
(c) Relevant state agencies that have functions that involve hepatitis C or provide services to persons with hepatitis C;
(d) Local health departments;
(e) Public health and clinical laboratories;
(f) Providers of services to persons with hepatitis C;
(g) Research scientists;

(i) Representatives from the pharmaceutical industry; and

(2) The plan shall include implementation recommendations in the following areas:

(a) Hepatitis C virus prevention and treatment strategies for groups at risk for hepatitis C with an emphasis towards those groups that are disproportionately affected by hepatitis C, including persons infected with HIV, veterans, racial or ethnic minorities that suffer a higher incidence of hepatitis C, and persons who engage in high-risk behavior, such as intravenous drug use;
(b) Educational programs to promote public awareness about bloodborne infections and knowledge about risk factors, the value of early detection, screening, services, and available treatment options for hepatitis C;
(c) Education curricula for appropriate health and health-related providers covered by the uniform disciplinary act, chapter 18.130 RCW;
(d) Training courses for persons providing hepatitis C counseling, public health clinic staff, and any other appropriate provider, which shall focus on disease prevention, early detection, and intervention;
(e) Capacity for voluntary hepatitis C testing programs to be performed at facilities providing voluntary HIV testing under chapter 70.24 RCW;
(f) A comprehensive model for the prevention and management of hepatitis C; and
(g) Sources and availability of funding to implement the plan.

(3) The secretary of health shall develop the state plan described in subsections (1) and (2) of this section only to the extent that, and for as long as, federal or private funds are available for that purpose, including grants. Funding for this act shall not come from state sources.

(4) The secretary of health shall submit the completed state plan to the legislature by January 1, 2004. After the initial state plan is submitted, the department shall update the state plan biennially and shall submit the plan to the governor and make it available to other interested parties. The update and progress reports are due December 1, 2004, and every two years thereafter.

(5) The state plan developed pursuant to this section shall be developed using only available federal and private sources, including grants.

(6) This section expires June 30, 2007.

Sec. 2. RCW 49.60.172 and 1988 c 206 s 903 are each amended to read as follows:

(1) No person may require an individual to take an HIV test, as defined in chapter 70.24 RCW, or hepatitis C test, as a condition of hiring, promotion, or continued employment unless the absence of HIV or hepatitis C infection is a bona fide occupational qualification for the job in question.

(2) No person may discharge or fail or refuse to hire any individual, or segregate or classify any individual in any way which would deprive or tend to deprive that individual of employment opportunities or adversely affect his or her status as an employee, or otherwise discriminate against any individual with respect to compensation, terms, conditions, or privileges of employment on the basis of the results of an HIV test or hepatitis C test unless the absence of HIV or hepatitis C infection is a bona fide occupational qualification of the job in question.

(3) The absence of HIV or hepatitis C infection as a bona fide occupational qualification exists when performance of a particular job can be shown to present a significant risk, as defined by the board of health by rule, of transmitting HIV or hepatitis C infection to other persons, and there exists no means of eliminating the risk by restructuring the job.

(4) For the purpose of this chapter, any person who is actually infected with HIV or hepatitis C, but is not disabled as a result of the infection, shall not be eligible for any benefits under the affirmative action provisions of chapter 49.74 RCW solely on the basis of such infection.

(5) Employers are immune from civil action for damages arising out of transmission of HIV or hepatitis C to employees or to members of the public unless such transmission occurs as a result of the employer’s gross negligence.

Sec. 3. RCW 49.60.174 and 1997 c 271 s 6 are each amended to read as follows:...
(1) For the purposes of determining whether an unfair practice under this chapter has occurred, claims of discrimination based on actual or perceived HIV or hepatitis C infection shall be evaluated in the same manner as other claims of discrimination based on sensory, mental, or physical disability; or the use of a trained dog guide or service animal by a disabled person.

(2) Subsection (1) of this section shall not apply to transactions with insurance entities, health service contractors, or health maintenance organizations subject to RCW 49.60.030(1)(e) or 49.60.178 to prohibit fair discrimination on the basis of actual HIV or actual hepatitis C infection status when bona fide statistical differences in risk or exposure have been substantiated.

(3) For the purposes of this chapter: (a) "HIV" means the human immunodeficiency virus, and includes all HIV and HIV-related viruses which damage the cellular branch of the human immune system and leave the infected person immunodeficient, and (b) "Hepatitis C" means the hepatitis C virus of any genotype.

NEW SECTION. Sec. 4. A new section is added to chapter 50.20 RCW to read as follows:

(1) Credentialed health care professionals listed in RCW 18.130.040 shall be deemed to be dislocated workers for the purpose of commissioner approval of training under RCW 50.20.043 if they are unemployed as a result of contracting hepatitis C in the course of employment and are unable to continue to work in their profession because of a significant risk that such work would pose to other persons and that risk cannot be eliminated.

(2) For purposes of subsection (1) of this section, a health care professional who was employed on a full-time basis in their profession shall be presumed to have contracted hepatitis C in the course of employment. This presumption may be rebutted by a preponderance of the evidence that demonstrates that the health care professional contracted hepatitis C as a result of activities or circumstances not related to employment.

NEW SECTION. Sec. 5. Section 1 of this act does not create a private right of action."

Correct the title, and the same are herewith transmitted.

MR. PRESIDENT:

The House has passed SENATE JOINT MEMORIAL NO. 8000 with the following amendment(s):

Beginning on page 1, line 1, strike all material through "Washington." on page 2, line 37, and insert the following:

We, your Memorialists, the Senate and House of Representatives of the State of Washington, in legislative session assembled, respectfully represent and petition as follows:

WHEREAS, The Federal Energy Regulatory Commission proposal establishing a standard market design (SMD) for electricity proceeds from the premise that a single market model will work for the entire nation, as a result it would fundamentally change the way the transmission system is operated, expand the Commission’s authority in state decisions regarding resource adequacy and demand response, and dismantle the regional benefits derived from public power; and

WHEREAS, Washington state has a comprehensive electricity policy, which encourages efficiency while reflecting our unique resource base; and

WHEREAS, The Northwest electricity system is different from most of the rest of the nation, including substantial differences in the transmission ownership, a hydro-based system where the amount of energy generated is limited by the amount of water in the rivers and behind the dams, complex legal arrangements for multiple uses of the water to meet diverse goals (power, irrigation, fisheries, recreation, and treaty obligations), and a hydro-based system that requires substantial coordination among plant owners and utilities, rather than the competitive market-based structure the SMD promotes; and

WHEREAS, The Northwest electricity system has produced affordable, cost-based rates and reliable service for our region; and

WHEREAS, Deregulation broke up traditional regulated utilities in order to create trading markets with the promise of lower costs, more consumer choice, more reliability, and fewer government bailouts. It in fact produced higher prices, more manipulation of consumers, volatility, brownouts, and bailouts running into the tens of billions; and

WHEREAS, The SMD would harm consumers in our region through increased costs and decreased reliability;

NOW, THEREFORE, Your Memorialists respectfully pray that the Federal Energy Regulatory Commission leave the Northwest electricity system in place and withdraw the Notice of Proposed Rulemaking establishing a Standard Market Design (SMD) for electricity; and

Your Memorialists further pray that in the event that the Federal Energy Regulatory Commission does not withdraw its proposal, the President and Congress take action to prevent the Federal Energy Regulatory Commission from proceeding with their proposal.

BE IT RESOLVED, That copies of this Memorial be immediately transmitted to the Honorable George W. Bush, President of the United States, the Honorable Spencer Abraham, the Secretary of the United States Department of Energy, the Members of the Federal Energy Regulatory Commission, Chairman Patrick Wood, III, Commissioner Nora M. Brownell, and Commissioner William L. Massey, the President of the United States Senate, the Speaker of the House of Representatives, and each member of Congress from the State of Washington.

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 6.27.020 and 1987 c 442 s 1002 are each amended to read as follows:

(1) The clerks of the superior courts and district courts of this state may issue writs of garnishment returnable to their respective courts for the benefit of a judgment creditor who has a judgment wholly or partially unsatisfied in the court from which the garnishment is sought.

(2) Writs of garnishment may be issued in district court with like effect by the attorney of record for the judgment creditor, and the form of writ shall be substantially the same as when issued by the court except that it shall be subscribed only by the signature of such attorney.

(3) Except as otherwise provided in RCW 6.27.040 and 6.27.330, the superior courts and district courts of this state may issue prejudgment writs of garnishment to a plaintiff at the time of commencement of an action or at any time afterward, subject to the requirements of chapter 6.26 RCW.

Sec. 2. RCW 6.27.040 and 1987 c 442 s 1004 and 1987 c 202 s 134 are each reenacted and amended to read as follows:

(1) The state of Washington, all counties, cities, towns, school districts and other municipal corporations shall be subject to garnishment after judgment has been entered in the principal action, but not before, in the superior and district courts, in the same manner and with the same effect, as provided in the case of other garnishees.

(2) The venue of any such garnishment proceeding shall be the same as for the original action, and the writ shall be issued by the clerk of the court having jurisdiction of such original action or by the attorney of record for the judgment creditor in district court.

(3) The writ of garnishment shall be served (in the same manner and) upon the same officer as is required for service of summons upon the commencement of a civil action against the state, county, city, town, school district, or other municipal corporation, as the case may be.

Sec. 3. RCW 6.27.070 and 1987 c 442 s 1007 are each amended to read as follows:

(1) When application for a writ of garnishment is made by a judgment creditor and the requirements of RCW 6.27.060 have been complied with, the clerk shall docket the case in the names of the judgment creditor as plaintiff, the judgment debtor as defendant, and the garnishee as garnishee defendant, and shall immediately issue and deliver a writ of garnishment to the judgment creditor in the form prescribed in RCW 6.27.100, directed to the garnishee, commanding the garnishee to answer said writ on forms served with the writ and complying with RCW 6.27.190 within twenty days after the service of the writ upon the garnishee. The clerk shall likewise docket the case when a writ of garnishment issued by the attorney of record of a judgment creditor is filed. Whether a writ is issued by the clerk or an attorney, the clerk shall bear no responsibility for errors contained in the writ.

(2) The writ of garnishment shall be dated and attested as in the form prescribed in RCW 6.27.100. Taxable Costs and Attorneys' Fees

Estimated Garnishment Costs:

YOU ARE HEREBY COMMANDED, unless otherwise directed by the court, by the attorney of record for the plaintiff, or by this writ, not to pay any debt, whether earnings subject to this garnishment or any other debt, owed to the defendant at the time this writ was served and not to deliver, sell, or transfer, or recognize any sale or transfer of, any personal property or effects of the defendant in your possession or control at the time when this writ was served. Any such payment, delivery, sale, or transfer is void to the extent necessary to satisfy the plaintiff’s claim and costs for this writ with interest.

YOU ARE FURTHER COMMANDED to answer this writ by filling in the attached form according to the instructions in this writ and in the answer forms and, within twenty days after the service of the writ upon you, to mail or deliver the original of such answer to the court, one copy to the plaintiff or the plaintiff’s attorney, and one copy to the defendant, in the envelopes provided.

If, at the time this writ was served, you owed the defendant any earnings (that is, wages, salary, commission, bonus, or other compensation for personal services or any periodic payments pursuant to a nongovernmental pension or retirement program), the defendant is entitled to receive amounts that are exempt from garnishment under federal and state law. You must pay the exempt amounts to the defendant on the day you would customarily pay the compensation or other periodic payment. As more fully explained in the answer, the basic exempt amount is the greater of seventy-five percent of disposable earnings or a minimum amount determined by reference to the employee’s pay period, to be calculated as provided in the answer. However, if this writ carries a statement in the heading that “This garnishment is based on a judgment or court order for child support,” the basic exempt amount is forty percent of disposable earnings.

IF THIS IS A WRIT FOR A CONTINUING LIEN ON EARNINGS, YOU MAY DEDUCT A PROCESSING FEE FROM THE REMAINDER OF THE EMPLOYEE’S EARNINGS AFTER WITHHOLDING UNDER THIS WRIT. THE PROCESSING FEE MAY NOT EXCEED TWENTY DOLLARS FOR THE FIRST ANSWER AND TEN DOLLARS AT THE TIME YOU SUBMIT THE SECOND ANSWER.

If you owe the defendant a debt payable in money in excess of the amount set forth in the first paragraph of this writ, hold only the amount set forth in the first paragraph and any processing fee if one is charged and release all additional funds or property to defendant.

IF YOU FAIL TO ANSWER THIS WRIT AS COMMANDED, A JUDGMENT MAY BE ENTERED AGAINST YOU FOR THE FULL AMOUNT OF THE PLAINTIFF’S CLAIM AGAINST THE DEFENDANT WITH ACCRUING INTEREST, ATTORNEY FEES, AND COSTS WHETHER OR NOT YOU OWE ANYTHING TO THE DEFENDANT. IF YOU PROPERLY ANSWER THIS WRIT, ANY JUDGMENT AGAINST YOU WILL NOT EXCEED THE AMOUNT OF ANY NONEXEMPT DEBT OR THE VALUE OF ANY NONEXEMPT PROPERTY OR EFFECTS IN YOUR POSSESSION OR CONTROL. JUDGMENT MAY ALSO BE ENTERED AGAINST THE DEFENDANT FOR COSTS AND FEES INCURRED BY THE PLAINTIFF.

(2) If an attorney issues the writ of garnishment, the final paragraph of the writ, containing the date, and the subscripted attorney and clerk provisions, shall be replaced with text in substantially the following form:

This writ is issued by the undersigned attorney of record for plaintiff under the authority of chapter 6.27 of the Revised Code of Washington, and must be complied with in the same manner as a writ issued by the clerk of the court.
YOU HAVE THE FOLLOWING EXEMPTION RIGHTS:

WAGES. If the garnishee is your employer who owes wages or other personal earnings to you, your employer is required to pay amounts to you that are exempt under state and federal laws, as explained in the writ of garnishment. You should receive a copy of your employer’s answer, which will show how the exempt amount was calculated. If the garnishment is for child support, the exempt amount paid to you will be forty percent of wages due you, but if you are supporting a spouse or dependent child, you are entitled to claim an additional ten percent as exempt.

BANK ACCOUNTS. If the garnishee is a bank or other institution with which you have an account in which you have deposited benefits such as Temporary Assistance for Needy Families, Supplemental Security Income (SSI), Social Security, veterans’ benefits, unemployment compensation, or a United States pension, you may claim the account as fully exempt if you have deposited only such benefit funds in the account. It may be partially exempt even though you have deposited money from other sources in the same account. An exemption is also available under RCW 26.16.200, providing that funds in a community bank account that can be identified as the earnings of a stepparent are exempt from a garnishment on the child support obligation of the parent.

OTHER EXEMPTIONS. If the garnishee holds other property of yours, some or all of it may be exempt under RCW 6.15.010, a Washington statute that exempts up to five hundred dollars of property of your choice (including up to one hundred dollars in cash or in a bank account) and certain property such as household furnishings, tools of trade, and a motor vehicle (all limited by differing dollar values).
HOW TO CLAIM EXEMPTIONS. Fill out the enclosed claim form and mail or deliver it as described in instructions on the claim form. If the plaintiff does not object to your claim, the funds or other property that you have claimed as exempt must be released not later than 10 days after the plaintiff receives your claim form. If the plaintiff objects, the law requires a hearing not later than 14 days after the plaintiff receives your claim form, and notice of the objection and hearing date will be mailed to you at the address that you put on the claim form.

THE LAW ALSO PROVIDES OTHER EXEMPTION RIGHTS. IF NECESSARY, AN ATTORNEY CAN ASSIST YOU TO ASSERT THESE AND OTHER RIGHTS, BUT YOU MUST ACT IMMEDIATELY TO AVOID LOSS OF RIGHTS BY DELAY.

(2) The claim form required by RCW 6.27.130(1) to be mailed to or served on an individual judgment debtor shall be in the following form, printed or typed in type no smaller than elite type:

CLAIM OF EXEMPTION

Garnishee

I/We claim the following described property or money as exempt from execution:

I/We believe the property is exempt because:
(2) A plaintiff who wishes to object to an exemption claim must, not later than seven days after receipt of the claim, cause to be delivered or mailed to the defendant by first class mail, to the address shown on the exemption claim, a declaration by self, attorney, or agent, alleging the facts on which the objection is based, together with notice of date, time, and place of a hearing on the objection, which hearing the plaintiff must cause to be noted for a hearing date not later than fourteen days after the receipt of the claim. After a hearing on an objection to an exemption claim, the court shall award costs to the prevailing party and may also award an attorney’s fee to the prevailing party if the court concludes that the exemption claim or the objection to the claim was not made in good faith. The defendant bears the burden of proving any claimed exemption, including the obligation to provide sufficient documentation to identify the source and amount of any claimed exempt funds.

(3) If the plaintiff elects not to object to the claim of exemption, the plaintiff shall, not later than ten days after receipt of the claim, obtain from the court and deliver to the garnishee an order directing the garnishee to release such part of the debt, property, or effects as is covered by the exemption claim. If the plaintiff fails to obtain and deliver the order as required or otherwise to effect release of the exempt funds or property, the defendant shall be entitled to recover fifty dollars from the plaintiff, in addition to actual damages suffered by the defendant from the failure to release the exempt property. The attorney of record for the plaintiff may, as an alternative to obtaining a court order releasing exempt funds, property, or effects, deliver to the garnishee and file with the court an authorization to release claimed exempt funds, property, or effects, signed by the attorney, in substantially the following form:

ANSWER
SECTION I. On the date the writ of garnishment was issued (by the court) as indicated by the date appearing on the last page of the writ, defendant (check one): . . . . . . was, . . . . . . was not employed by garnishee; defendant (check one): . . . . . . did, . . . . . . did not maintain a financial account with garnishee; and garnishee (check one): . . . . . . did, . . . . . . did not have possession of or control over any funds, personal property, or effects of defendant.

At the time of service of the writ of garnishment on the garnishee there was due and owing from the garnishee to the above-named defendant $ . . . . . . . (On the reverse side of this answer form, or on an attached page, give an explanation of the dollar amount stated, or give reasons why there is uncertainty about your answer.)

If the above amount or any part of it is for personal earnings (that is, compensation payable for personal services, whether called wages, salary, commission, bonus, or otherwise, and including periodic payments pursuant to a pension or retirement program): Garnishee has deducted from this amount $ . . . . . . . which is the exemption to which the defendant is entitled, leaving $ . . . . . . . that garnishee holds under the writ.

The exempt amount is calculated as follows:

Total compensation due defendant $ . . . . . . .

LESS deductions for social security and withholding taxes and any other deduction required by law $ . . . . . . .

(list separately and identify)

Disposable earnings $ . . . . . . .

If the title of this writ indicates that this is a garnishment under a child support judgment, enter forty percent of disposable earnings: $ . . . . . . . . . . . . This amount is exempt and must be paid to the defendant at the regular pay time after deducting any processing fee you may charge.

If this is not a garnishment for child support, enter seventy-five percent of disposable earnings: $ . . . . . . . From the listing in the following paragraph, choose the amount for the relevant pay period and enter that amount: $ . . . . . . . The greater of the amounts entered in this paragraph is the exempt amount and must be paid to the defendant at the regular pay time after deducting any processing fee you may charge.

Minimum exempt amounts for different pay periods: Weekly $ . . . . . . .; Biweekly $ . . . . . . .; Semimonthly $ . . . . . . .; Monthly $ . . . . . . .

List all of the personal property or effects of defendant in the garnishee’s possession or control when the writ was served. (Use the reverse side of this answer form or attach a schedule if necessary): (A) The defendant (check one): . . . . . . was, . . . . . . was not employed by garnishee. If not employed and you have no possession or control of any funds of defendant, indicate the last day of employment: . . . . . . . ; and complete section III of this answer and mail or deliver the forms as directed in the writ.

(B) The defendant (check one): . . . . . . did, . . . . . . did not maintain a financial account with garnishee; and

(c) The garnishee: (check one): . . . . . . did, . . . . . . did not have possession of or control over any funds, personal property, or effects of the defendant. (List all of defendant’s personal property or effects in your possession or control on the last page of this answer form or attach a schedule if necessary.)

SECTION II. At the time of service of the writ of garnishment on the garnishee there was due and owing from the garnishee to the above-named defendant $ . . . . . . .

This writ attaches a maximum of . . . . . . percent of the defendant’s disposable earnings (that is, compensation payable for personal services, whether called wages, salary, commission, bonus, or otherwise, and including periodic payments pursuant to a nongovernmental pension or retirement program). Calculate the attachable amount as follows:

Gross Earnings $ . . . . . . . (1)
Less deductions required by law (social security, federal withholding tax, etc. Do not include deductions for child support orders or government liens here. Deduct child support orders and liens on line 7): $ . . . . . . . . . . . . (2)

Disposable Earnings (subtract line 2 from line 1): $ . . . . . . . . . . . . (3)

Enter . . . percent of line 3: $ . . . . . . . . . . . . (4)

Enter one of the following exempt amounts*: $ . . . . . . . . . . . . (5)

</table>

Bi-weekly

$ . . .

Monthly $ . . .

*These are minimum exempt amounts that the defendant must be paid. If your answer covers more than one pay period, multiply the preceding amount by the number of pay periods and/or fraction thereof your answer covers. If you use a pay period not shown, prorate the monthly exempt amount.

Subtract the larger of lines 4 and 5 from line 3: $ . . . . . . . . . . . . (6)

Enter amount (if any) withheld for ongoing government liens such as child support: $ . . . . . . . . . . . . (7)

Subtract line 7 from line 6. This amount must be held out for the plaintiff: $ . . . . . . . . . . . . (8)

This is the formula that you will use for withholding each pay period over the required sixty-day garnishment period. Deduct any allowable processing fee you may charge from the amount that is to be paid to the defendant.

If there is any uncertainty about your answer, give an explanation on the last page or on an attached page.

SECTION III. An attorney may answer for the garnishee. Under penalty of perjury, I affirm that I have examined this answer, including accompanying schedules, and to the best of my knowledge and belief it is true, correct, and complete.

garnishee
Sec. 9. RCW 6.27.200 and 1997 c 296 s 6 are each amended to read as follows:

If the garnishee fails to answer the writ within the time prescribed in the writ, after the time to answer the writ has expired and after required returns or affidavits have been filed, showing service on the garnishee and service on or mailing to the defendant, it shall be lawful for the court to render judgment by default against such garnishee, after providing a notice to the garnishee by personal service or first class mail deposited in the mail at least ten calendar days prior to entry of the judgment, for the full amount claimed by the plaintiff against the defendant, or in case the plaintiff has a judgment against the defendant, for the full amount of the plaintiff’s unpaid judgment against the defendant with all accruing interest and costs as prescribed in RCW 6.27.090; PROVIDED, That upon motion by the garnishee at any time within seven days following service on, or mailing to, the garnishee of a copy of ((a) the first writ of execution or ((a)) writ of garnishment under such judgment, the judgment against the garnishee shall be reduced to the amount of any nonexempt funds or property which was actually in the possession of the garnishee at the time the writ was served, plus the cumulative amount of the nonexempt earnings subject to the lien provided for in RCW 6.27.350, or the sum of one hundred dollars, whichever is more, but in no event to exceed the full amount claimed by the plaintiff or the amount of the unpaid judgment against the principal defendant plus all accruing interest and costs and attorney’s fees as prescribed in RCW 6.27.090, and in addition the plaintiff shall be entitled to a reasonable attorney’s fee for the plaintiff’s response to the garnishee’s motion to reduce said judgment against the garnishee under this proviso and the court may allow additional attorney’s fees for other actions taken because of the garnishee’s failure to answer.

Sec. 10. RCW 6.27.250 and 2000 c 72 s 5 are each amended to read as follows:

(1)(a) If it appears from the answer of the garnishee or if it is otherwise made to appear that the garnishee was indebted to the defendant in any amount, not exempt, when the writ of garnishment was served, and if the required return or affidavit showing service on or mailing to the defendant is on file, the court shall order judgment for the plaintiff against such garnishee for the amount so admitted or found to be due to the defendant from the garnishee, unless such amount exceeds the amount of the plaintiff’s claim or judgment against the defendant with accruing interest and costs and attorney’s fees as prescribed in RCW 6.27.090, in which case it shall be for the amount of such claim or judgment, with said interest, costs, and fees. In the case of a superior court garnishment, the court shall order the garnishee to pay to the plaintiff or to the plaintiff’s attorney through the registry of the court the amount of the judgment against the garnishee, the clerk of the court shall note receipt of any such payment, and the clerk of the court shall disburse the payment to the plaintiff. In the case of a district court garnishment, the court shall order the garnishee to pay the judgment amount directly to the plaintiff or to the plaintiff’s attorney. In either case, the court shall inform the garnishee that failure to pay the amount may result in execution of the judgment, including garnishment.

(b) If, prior to judgment, the garnishee tenders to the plaintiff or to the plaintiff’s attorney or to the court any amounts due, such tender will support judgment against the garnishee in the amount so tendered, subject to any exemption claimed within the time required in RCW 6.27.160 after the amounts are tendered, and subject to any controversion filed within the time required in RCW 6.27.210 after the amounts are tendered. Any amounts tendered to the court by or on behalf of the garnishee or the defendant prior to judgment shall be disbursed to the party entitled to same upon entry of judgment or order, and any amounts so tendered after entry of judgment or order shall be disbursed upon receipt to the party entitled to same.

(2) If it shall appear from the answer of the garnishee and the same is not controverted, or if it shall appear from the hearing or trial on controversion or by stipulation of the parties that the garnishee is indebted to the principal defendant in any sum, but that such indebtedness is not matured and is not due and payable, and if the required return or affidavit showing service on or mailing to the defendant is on file, the court shall make an order requiring the garnishee to pay such sum into court when the same becomes due, the date when such payment is to be made to be specified in the order, and in default thereof that judgment shall be entered against the garnishee for the amount of such indebtedness so admitted or found due. In case the garnishee pays the sum at the time specified in the order, the payment shall operate as a discharge, otherwise judgment shall be entered against the garnishee for the amount of such indebtedness, which judgment shall have the same force and effect, and be enforced in the same manner as other judgments entered against garnishees as provided in this chapter: PROVIDED, That if judgment is rendered in favor of the principal defendant, or if any judgment rendered against the principal defendant is satisfied prior to the date of payment specified in an order of payment entered under this subsection, the garnishee shall not be required to make the payment, nor shall any judgment in such case be entered against the garnishee.

(3) The court shall, upon request of the plaintiff at the time judgment is rendered against the garnishee or within one year thereafter, or within one year after service of the writ on the garnishee if no judgment is taken against the garnishee, render judgment against the defendant for recoverable garnishment costs and attorney fees. However, if it appears from the answer of garnishee or otherwise that, at the time the writ was issued, the garnishee held no funds, personal property, or effects of the defendant and, in the case of a garnishment on earnings, the defendant was not employed by the garnishee, or, in the case of a writ directed to a financial institution, the defendant maintained no account therein, then the plaintiff may not be awarded judgment against the defendant for such costs or attorney fees.
Sec. 11. RCW 6.27.265 and 2000 c 72 s 6 are each amended to read as follows:
The judgment on garnishee’s answer or tendered funds, and for costs against defendant, and the order to pay funds shall be substantially in the following form:

Sec. 12. RCW 6.27.320 and 2000 c 72 s 7 are each amended to read as follows:

In any case where garnishee has answered that it is holding funds or property belonging to defendant and plaintiff shall obtain satisfaction of the judgment and payment of recoverable garnishment costs and attorney fees from a source other than the garnishment, upon written demand of the defendant or the garnishee, it shall be the duty of plaintiff to obtain an order dismissing the garnishment and to serve it upon the garnishee within twenty days after the demand or the satisfaction of judgment and payment of costs and fees, whichever shall be later. The attorney of record for the plaintiff may, as an alternative to obtaining a court order dismissing the garnishment, deliver to the garnishee and file with the court an authorization to dismiss the garnishment in whole or part, signed by the attorney, in substantially the form indicated in RCW 6.27.160(3). In the event of the failure of plaintiff to obtain and serve such an order or release, if garnishee continues to hold such funds or property, defendant shall be entitled to move for dismissal of the garnishment and shall further be entitled to a judgment against plaintiff of one hundred dollars plus defendant’s costs and damages. Dismissal may be on ex parte motion of the plaintiff.

Sec. 13. RCW 6.27.340 and 1988 c 231 s 34 are each amended to read as follows:

(1) Service of a writ for a continuing lien shall comply fully with RCW 6.27.110.

(2) The caption of the writ shall be marked “CONTINUING LIEN ON EARNINGS” and the following additional paragraph shall be included in the writ form prescribed in RCW 6.27.100:

“THIS IS A WRIT FOR A CONTINUING LIEN. THE GARNISHEE SHALL HOLD the nonexempt portion of the defendant’s earnings due at the time of service of this writ and shall also hold the defendant’s nonexempt earnings that accrue through the last payroll period ending on or before SIXTY days after the date of service of this writ. HOWEVER, IF THE GARNISHEE IS PRESENTLY HOLDING THE NONEXEMPT PORTION OF THE DEFENDANT’S EARNINGS UNDER A PREVIOUSLY SERVED WRIT FOR A CONTINUING LIEN, THE GARNISHEE SHALL HOLD UNDER THIS WRIT only the defendant’s nonexempt earnings that accrue from the date the previously served writ or writs terminate and through the last payroll period ending on or before sixty days after the date of termination of the previous writ or writs. IN EITHER CASE, THE GARNISHEE SHALL STOP WITHHOLDING WHEN THE SUM withheld equals the amount stated in this writ of garnishment.”

(3) The answer forms served on an employer with the writ shall include in the caption, "ANSWER TO WRIT OF GARNISHMENT FOR CONTINUING LIEN ON EARNINGS," and the following paragraph shall be added (in the first paragraph) to section I of the answer form prescribed in RCW 6.27.190:

“If you are withholding the defendant’s nonexempt earnings under a previously served writ for a continuing lien, answer only (this portion) sections I and II of this form and mail or deliver the forms as directed in the writ. Withhold from the defendant’s future nonexempt earnings as directed in the writ, and a second set of answer forms will be forwarded to you later.

ANSWER: I am presently holding the defendant’s nonexempt earnings under a previous writ served on . . . . . . that will terminate not later than . . . . . . . (42) 20 . . . .

If you are NOT withholding the defendant’s earnings under a previously served writ for a continuing lien, answer (the following portion of this entire form and mail or deliver the forms as directed in the writ. A second set of answer forms will be forwarded to you later for subsequently withheld earnings."

In the event plaintiff fails to comply with this section, employer may elect to treat the garnishment as one not creating a continuing lien.

Sec. 14. RCW 6.27.350 and 1997 c 296 s 7 are each amended to read as follows:

(1) Where the garnishee’s answer to a garnishment for a continuing lien reflects that the defendant is employed by the garnishee, the judgment or balance due thereon as reflected on the writ of garnishment shall become a lien on earnings due at the time of the effective date of the writ, as defined in this subsection, to the extent that they are not exempt from garnishment, and such lien shall continue as to subsequent nonexempt earnings until the total subject to the lien equals the amount stated on the writ of garnishment or until the expiration of
the employer’s payroll period ending on or before sixty days after the effective date of the writ, whichever occurs first, except that such lien on subsequent earnings shall terminate sooner if the employment relationship is terminated or if the underlying judgment is vacated, modified, or satisfied in full or if the writ is dismissed. The "effective date" of a writ is the date of service of the writ if there is no previously served writ; otherwise, it is the date of termination of a previously served writ or writs.

(2) At the time of the expected termination of the lien, the plaintiff shall mail to the garnishee three additional stamped envelopes addressed as provided in RCW 6.27.110, and four additional copies of the answer form prescribed in RCW 6.27.190(4)(a). The plaintiff shall replace the text of section I of the answer form with a statement in substantially the following form: "ANSWER (THE SECOND PART) SECTION II OF THIS FORM WITH RESPECT TO THE TOTAL AMOUNT OF EARNINGS WITHHELD UNDER THIS GARNISHMENT, INCLUDING THE AMOUNT, IF ANY, STATED IN YOUR FIRST ANSWER, AND WITHIN TWENTY DAYS AFTER YOU RECEIVE THESE FORMS, MAIL OR DELIVER THEM AS DIRECTED IN THE WRIT ((AND (b) with the following lines substituted for the first sentence of the form prescribed in RCW 6.27.190))"

Amount due and owing stated in first answer $...

Amount accrued since first answer $...

TOTAL AMOUNT WITHHELD $...

(3) Within twenty days of receipt of the second answer form the garnishee shall file a second answer, in the form as provided in subsection (2) of this section, stating the total amount held subject to the garnishment.

Sec. 15. RCW 3.62.060 and 1992 c 62 s 8 are each amended to read as follows:
Clerks of the district courts shall collect the following fees for their official services:
(1) In any civil action commenced before or transferred to a district court, the plaintiff shall, at the time of such commencement or transfer, pay to such court a filing fee of thirty-one dollars plus any surcharge authorized by RCW 7.75.035. No party shall be compelled to pay to the court any other fees or charges up to and including the rendition of judgment in the action other than those listed.
(2) For issuing a writ of garnishment or other writ, or for filing an attorney issued writ of garnishment, a fee of six dollars.
(3) For preparing an original proceeding a fee of ten dollars.
(4) For demanding a jury in a civil case a fee of fifty dollars to be paid by the person demanding a jury.
(5) For preparing a transcript of a judgment a fee of six dollars.
(6) For certifying any document on file or of record in the clerk’s office a fee of five dollars.
(7) For preparing the record of a case for appeal to superior court a fee of forty dollars including any costs of tape duplication as governed by the rules of appeal for courts of limited jurisdiction (RALJ).
(8) For duplication of part or all of the electronic tape or tapes of a proceeding ten dollars per tape.

The fees or charges imposed under this section shall be allowed as court costs whenever a judgment for costs is awarded.

Sec. 16. RCW 26.60.010 and 1987 c 442 s 1001 are each amended to read as follows:
(1) As used in this chapter, the term "earnings" means compensation paid or payable to an individual for personal services, whether denominated as wages, salary, commission, bonus, or otherwise, and includes periodic payments pursuant to a nongovernmental pension or retirement program.
(2) As used in this chapter, the term "dispensable earnings" means that part of earnings remaining after the deduction from those earnings of any amounts required by law to be withheld.

Sec. 17. RCW 6.27.060 and 1988 c 231 s 22 are each amended to read as follows:
The judgment creditor as the plaintiff or someone in the judgment creditor’s behalf shall apply for a writ of garnishment by affidavit, stating the following facts: (1) The plaintiff has a judgment wholly or partially unsatisfied in the court from which the writ is sought; (2) the amount alleged to be due under that judgment; (3) the plaintiff has reason to believe, and does believe that the garnishee, stating the garnishee’s name and residence or place of business, is indebted to the defendant in amounts exceeding those exempted from garnishment by any state or federal law, or that the garnishee has possession or control of personal property or effects belonging to the defendant which are not exempted from garnishment by any state or federal law; and (4) whether or not the garnishee is the employer of the judgment debtor.

The judgment creditor shall pay to the clerk of the superior court the fee provided by RCW 36.18.020, or to the clerk of the district court the fee (of two dollars) provided by RCW 3.62.060.

(12) "State" means a state, territory, or possession of the United States, the District of Columbia, or the Commonwealth of Puerto Rico.
(13) "Technician" means an individual who is qualified to remove or process a part.
(14) "Washington state organ procurement organization" means an organ procurement organization that has been designated by the United States department of health and human services to coordinate organ procurement activities for any portion of Washington state.
(5) All reasonable costs associated with the creation of an organ and tissue donor registry shall be paid by the Washington state organ procurement organization that has requested the information. The reasonable costs associated with the initial installation and setup for electronic transfer of the donor information at the department of licensing shall be paid by the Washington state organ procurement organization that requested the information.

(6) An individual does not need to participate in the organ and tissue donor registry to be a donor of organs or tissue. The registry is to facilitate donors and not inhibit persons from being donors upon death.

Sec. 4. RCW 68.50.540 and 1995 c 132 s 1 are each amended to read as follows:

(1) An individual who is at least eighteen years of age, or an individual who is at least sixteen years of age as provided in subsection (12) of this section, may (a) make an anatomical gift for any of the purposes stated in RCW 68.50.570(1), (b) limit an anatomical gift to one or more of those purposes, or (c) refuse to make an anatomical gift.

(2) An anatomical gift may be made by a document of gift signed by the donor. If the donor cannot sign, the document of gift must be signed by another individual and by two witnesses, all of whom have signed at the direction and in the presence of the donor and of each other and state that it has been so signed.

(3) An anatomical gift may be attached to or imprinted on a donor’s motor vehicle operator’s license, the document of gift must comply with subsection (2) of this section. Revocation, suspension, expiration, or cancellation of the license does not invalidate the anatomical gift.

(4) The donee or other person authorized to accept the anatomical gift may employ or authorize a physician, surgeon, technician, or nucleator to carry out appropriate procedures.

(5) An anatomical gift by will takes effect upon death of the testator, whether or not the will is probated. If, after death, the will is declared invalid for testamentary purposes, the validity of the anatomical gift is unaffected.

(6)(a) A donor may amend or revoke an anatomical gift, not made by will, by:

(6)(b) A signed statement;

(6)(c) Any form of communication during a terminal illness or injury; or

(6)(d) The delivery of a signed statement to a specified donee to whom a document of gift had been delivered.

(b) A donor shall notify a Washington state organ procurement organization of the destruction, cancellation, or mutilation of the document of gift for the purpose of removing the person’s name from the organ and tissue donor registry created in section 3 of this act. If the Washington state organ procurement organization that is notified does not maintain a registry for Washington residents, it shall notify all Washington state organ procurement organizations that do maintain such a registry.

(7) The donor of an anatomical gift made by will may amend or revoke the gift in the manner provided for amendment or revocation of wills, or as provided in subsection (6) of this section.

(8) An anatomical gift that is not revoked by the donor before death is irrevocable and does not require the consent or concurrence of a person after the donor’s death.

(9) An individual may refuse to make an anatomical gift of the individual’s body or part by (a) a writing signed in the same manner as a document of gift, (b) a statement attached to or imprinted on a donor’s motor vehicle operator’s license, or (c) another writing used to identify the individual as refusing to make an anatomical gift. During a terminal illness or injury, the refusal may be an oral statement or other form of communication.

(10) In the absence of contrary indications by the donor, an anatomical gift of a part is neither a refusal to give other parts nor a limitation on an anatomical gift under RCW 68.50.550.

(11) In the absence of contrary indications by the donor, a revocation or amendment of an anatomical gift is not a refusal to make another anatomical gift. If the donor intends a revocation to be a refusal to make an anatomical gift, the donor shall make the refusal pursuant to subsection (9) of this section.

(12) An individual who is under the age of eighteen, but is at least sixteen years of age, may make an anatomical gift as provided by subsection (2) of this section, if the document of gift is also signed by either parent or a guardian of the donor. A document of gift signed by a donor under the age of eighteen that is not signed by either parent or a guardian shall not be considered valid until the person reaches the age of eighteen, but may be considered as evidence that the donor has not refused permission to make an anatomical gift under the provisions of RCW 68.50.550.

NEW SECTION. Sec. 5. A new section is added to chapter 46.20 RCW to read as follows:

The department shall electronically transfer the information of all persons who upon application for a driver’s license or identical card to donate organs or tissue to a registry created in section 3 of this act, and any subsequent changes to the applicant’s donor status when the applicant renews a driver’s license or identical card or applies for a new driver’s license or identical card. The department shall also provide written information to each applicant volunteering to become an organ and tissue donor. The department shall also provide written information to each applicant volunteering to become an organ and tissue donor. The written information shall disclose that the applicant’s name shall be transmitted to the organ and tissue donor registry created in section 3 of this act, and that the applicant shall notify a Washington state organ procurement organization of any changes to the applicant’s donor status.

All reasonable costs associated with the creation of the donation program created under this section must be paid proportionally or by other agreement by a Washington state organ procurement organization.

For the purposes of this section, “reasonable costs” and “Washington state organ procurement organization” have the same meaning as defined in RCW 68.50.530.

NEW SECTION. Sec. 7. A new section is added to chapter 68.50 RCW to read as follows:

(1) The organ and tissue donation awareness account is created in the custody of the state treasurer. All receipts from donations made under section 6 of this act, and other contributions and appropriations specifically made for the purposes of organ and tissue donor awareness, shall be deposited into the account. Except as provided in subsection (2) of this section, expenditures from the account may be authorized by the director of the department of licensing or the director’s designee and do not require an appropriation.

(2) The department of licensing shall submit a funding request to the legislature covering the reasonable costs associated with the ongoing maintenance associated with the electronic transfer of the donor information to the organ and tissue donor registry and the donation...
program established in section 6 of this act. The legislature shall appropriate to the department of licensing an amount it deems reasonable from the organ and tissue donation awareness account to the department of licensing for these purposes.

(3) At least quarterly, the department of licensing shall transmit any remaining moneys in the organ and tissue donation awareness account to the foundation established in section 6 of this act for the costs associated with educating the public about the organ and tissue donor registry and related organ and tissue donation education programs.

(4) Funding for donation awareness programs must be proportional across the state regardless of which Washington state organ procurement organization may be designated by the United States department of health and human services to serve a particular geographic area. No funds from the account may be used to fund activities outside Washington state.

NEW SECTION. Sec. 8. Section 6 of this act takes effect with registrations that are due or become due January 1, 2004, or later.

The prevention of these injuries and protection of employees and the public from unsafe conditions is in the best interest of the people of this state. Personnel performing work covered by this chapter must, by documented training or experience or both, be familiar with the operation and safety functions of the components and equipment. Training and experience must include, but not be limited to, recognizing the safety hazards and performing the procedures to which (ties) the personnel performing conveyance work covered by this chapter are assigned in conformance with the requirements of (ties) this chapter. This chapter establishes the minimum standards for (elevator) personnel performing conveyance work

MESSAGE FROM THE HOUSE
MR. PRESIDENT:

The House has passed ENGROSSED SUBSTITUTE SENATE BILL NO. 5586 with the following amendment(s):

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. (1) The legislature finds that lead hazards associated with lead-based paint represent a significant and preventable environmental health problem. Lead-based paint is the most widespread of the various sources of lead exposure to the public. Census data show that one million five hundred sixty thousand homes in Washington state were built prior to 1978 when the sale of residential lead-based paint was banned. These are homes that are believed to contain some lead-based paint.

Leads negatively affects every system of the body. It is harmful to individuals of all ages and is especially harmful to children, fetuses, and adults of childbearing age. The effects of lead on a child’s cognitive, behavioral, and developmental abilities may necessitate large expenditures of public funds for health care and special education. The irreversible damage to children and subsequent expenditures could be avoided if exposure to lead is reduced.

(2) The federal government regulates lead poisoning and lead hazard reduction through:

(a)(I) The lead-based paint poisoning prevention act;

(ii) The lead contamination control act;

(iii) The resource conservation and recovery act of 1976; and

(iv) The residential lead-based paint hazard reduction act of 1992; and

(b) Implementing regulations of:

(i) The environmental protection agency;

(ii) The department of housing and urban development;

(iii) The occupational safety and health administration; and

(iv) The centers for disease control and prevention.

(3) In 1992, congress passed the federal residential lead-based paint hazard reduction act, which allows states to provide for the accreditation of lead-based paint activities programs, the certification of persons completing such training programs, and the licensing of lead-based paint activities contractors under standards developed by the United States environmental protection agency.

(4) The legislature recognizes the state’s need to protect the public from exposure to lead hazards. A qualified and properly trained work force is needed to assist in the prevention, detection, reduction, and elimination of hazards associated with lead-based paint. The purpose of training workers, supervisors, inspectors, risk assessors, and project designers is to protect building occupants, particularly children ages six years and younger from potential lead-based paint hazards and exposures both during and after lead-based paint activities. Qualified and properly trained individuals and firms will help to ensure lead-based paint activities are conducted in a way that protects the health of the citizens of Washington state and safeguards the environment. The state lead-based paint activities program requires that all lead-based paint activities be performed by certified personnel trained by an accredited program, and that all lead-based paint activities meet minimum work practice standards established by the department of community, trade, and economic development.

Therefore, the lead-based paint activities accreditation, training, and certification program shall be established in accordance with this chapter. The lead-based paint activities accreditation, training, and certification program shall be administered by the department of community, trade, and economic development and shall be used as a means to assure the protection of the general public from exposure to lead hazards.

(5) For the welfare of the people of the state of Washington, this chapter establishes a lead-based paint activities program within the department of community, trade, and economic development to protect the general public from exposure to lead hazards and to ensure the availability of a trained and qualified work force to identify and address lead-based paint hazards. The legislature recognizes the department of community, trade, and economic development is not a regulatory agency and may delegate enforcement responsibilities under this act to local governments or private entities.

NEW SECTION. Sec. 2. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Abatement" means any measure or set of measures designed to permanently eliminate lead-based paint hazards.

(a) Abatement includes, but is not limited to:

(I) The removal of paint, dust, the permanent enclosure or encapsulation of lead-based paint, the replacement of painted surfaces with fixtures, or the removal or permanent covering of soil, when lead-based paint hazards are present in such paint, dust, or soil; and

(ii) All preparation, cleanup, disposal, and postabatement clearance testing activities associated with such measures.

(b) Specifically, abatement includes, but is not limited to:

(I) Projects for which there is a written contract or other documentation, which provides that an individual or firm will be conducting activities in or to a residential dwelling or child-occupied facility that:

(A) Shall result in the permanent elimination of lead-based paint hazards; or

(B) Are designed to permanently eliminate lead-based paint hazards and are described in (a)(I) and (ii) of this subsection;

(ii) Projects resulting in the permanent elimination of lead-based paint hazards, conducted by certified firms or individuals, unless such projects are covered by (c) of this subsection;

(iii) Projects resulting in the permanent elimination of lead-based paint hazards, that are conducted in response to state or local abatement orders.

(c) Abatement does not include renovation, remodeling, landscaping, or other activities, when such activities are not designed to permanently eliminate lead-based paint hazards, but, instead, are designed to repair, restore, or remodel a given structure or dwelling, even though these activities may incidentally result in a reduction of lead-based paint hazards. Furthermore, abatement does not include intercom controls, operations and maintenance activities, or other measures and activities designed to temporarily, but not permanently, reduce lead-based paint hazards.

(2) "Accredited training program" means a training program that has been accredited by the department to provide training for individuals engaged in lead-based paint activities.

(10) "Lead paint" means any paint that contains lead.

(11) "Lead paint hazard" means any condition that causes exposure to lead from lead-contaminated paint that is deteriorated or present in accessible surfaces, friction surfaces, or impact surfaces that would result in adverse human health effects as identified by the administrator of the United States environmental protection agency under the toxic substances control act, section 403.

MESSAGE FROM THE HOUSE

April 18, 2003

MR. PRESIDENT:

The House has passed SUBSTITUTE SENATE BILL NO. 5575 with the following amendment(s):

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 90.03.370 and 2002 c 329 s 10 are each amended to read as follows:

(1)(a) All applications for reservoir permits are subject to the provisions of RCW 90.03.250 through 90.03.320. But the party or parties proposing to apply to a beneficial use the water stored in any such reservoir shall also file an application for a permit, to be known as the secondary permit, which shall be in compliance with the provisions of RCW 90.03.250 through 90.03.320. Such secondary application shall refer to such reservoir as its source of water supply and shall show documentary evidence that an agreement has been entered into with the owners of the reservoir for a permanent and sufficient interest in said reservoir to impound enough water for the purposes set forth in said application. When the beneficial use has been completed and perfected under the secondary permit, the department shall take the proof of the water users under such permit and the final certificate of appropriation shall refer to both the ditch and works described in the secondary permit and the reservoir described in the primary permit. The department may accept for processing a single application form covering both a proposed reservoir and a proposed secondary permit or permits for use of water from that reservoir.

(b) The department shall expedite processing applications for the following types of storage proposals:

(1) Development of storage facilities that will not require a new water right for diversion or withdrawal of the water to be stored;

(ii) Adding or changing one or more purposes of use of stored water;

(iii) Adding to the storage capacity of an existing storage facility; and

(iv) Applications for secondary permits to secure use from existing storage facilities.

(c) A secondary permit for the beneficial use of water shall not be required for use of water stored in a reservoir where the water right for the source of the stored water authorizes the beneficial use.

2(a) For the purposes of this section, "reservoir" includes, in addition to any surface reservoir, any naturally occurring underground geological formation where water is collected and stored for subsequent use as part of an underground artificial storage and recovery project. To qualify for issuance of a reservoir permit an underground geological formation must meet standards for review and mitigation of adverse impacts identified, for the following issues:

(I) Aquifer vulnerability and hydraulic continuity;

(ii) Potential impairment of existing water rights;

(iii) Geotechnical impacts and aquifer boundaries and characteristics;

(iv) Chemical compatibility of surface waters and ground water;

(v) Recharge and recovery treatment requirements;

(vi) System operation;

(vii) Water rights and ownership of water stored for recovery; and

(viii) Environmental impacts.

(b) Standards for review and standards for mitigation of adverse impacts for an underground artificial storage and recovery project shall be established by the department by rule. Notwithstanding the provisions of RCW 90.03.250 through 90.03.320, analysis of each underground artificial storage and recovery project and each underground geological formation for which an applicant seeks the status of a reservoir shall be through applicant-initiated studies reviewed by the department.
For the purposes of this section, "underground artificial storage and recovery project" means any project in which it is intended to artificially recharge water in the ground through injection, surface spreading and infiltration, or other department approved means, and to make subsequent use of the stored water. However, (a) this subsection does not apply to irrigation return flow, or to operational and seepage losses that occur during the irrigation of land, or to water that is artificially stored due to the construction, operation, or maintenance of an irrigation district project, or to projects involving water reclaimed in accordance with chapter 90.46 RCW; and (b) RCW 90.44.130 applies to those instances of claimed artificial recharge occurring due to the construction, operation, or maintenance of an irrigation district project or operational and seepage losses that occur during the irrigation of land, as well as other forms of claimed artificial recharge already existing at the time a ground water subarea is established.

(4) Nothing in chapter 98, Laws of 2000 changes the requirements of existing law governing issuance of permits to appropriate or withdraw the waters of the state.

(5) The department shall report to the legislature by December 31, 2001, on the standards for review and standards for mitigation developed under subsection (3) of this section and on the status of any applications that have been filed with the department for underground artificial storage and recovery projects by that date.

(6) No applicant for a change, transfer, or amendment for the purposes of RCW 90.03.380 or 90.44.055.

(7) This section does not apply to facilities exempted under subsection (5) of this section, this section does not apply to small irrigation impoundments. For purposes of this section, "small irrigation impoundments" means lined surface storage ponds less than ten acre feet in volume used to impound irrigation water under an existing water right where use of the impoundment: (a)(i) Facilitates efficient use of water; or (ii) promotes compliance with an approved recovery plan for endangered or threatened species; and (b) does not expand the number of acres irrigated or the annual consumptive quantity of water used. Such ponds must be lined unless a licensed engineer determines that a lined impoundment is unnecessary. Although it may be made of materials other than a properly maintained liner may be composed of bentonite. Water remaining in a small irrigation impoundment at the end of an irrigation season may be carried over for use in the next season. However, the limitations of this subsection (8) apply. Development and use of a small irrigation impoundment does not constitute a change or amendment for purposes of RCW 90.03.380 or 90.44.055.

Sec. 2. RCW 90.03.360 and 90.44.055 are each amended to read as follows:

(1) The right to the use of water which has been applied to a beneficial use in the state shall be and remain appurtenant to the land or place upon which the same is used: PROVIDED, HOWEVER, That the right may be transferred to another or to others and become appurtenant to any other land or place of use without loss of priority of right theretofore established if such change can be made without detriment or injury to existing rights.

(2) If an application is made for change, transfer, or amendment for purposes of this section and adding provisions to this section by chapter 237, Laws of 2001, the legislature does not intend to stop the processing of applications for new water rights.

(3) A change in place of use by an individual water user or users of water provided by an irrigation district need only receive approval for the change from the board of directors of the district if the use of water continues within the irrigation district, and when water is provided by an irrigation entity that is a member of a board of joint control created under chapter 87.80 RCW, approval need only be received from the board of joint control if the use of water continues within the area of jurisdiction of the joint board and the change can be made without detriment or injury to existing rights.

(4) This section shall not apply to trust water rights acquired by the state through the funding of water conservation projects under chapter 90.38 RCW or RCW 90.42.010 through 90.42.070.

(5) (a) Pending applications for new water rights are not entitled to protection from impairment, injury, or detriment when an application relating to an existing surface or ground water right is considered.

(6) (b) Applications relating to existing surface or ground water rights may be processed and decisions thereon made independently of processing and rendering decisions on pending applications for new water rights within the same source of supply without regard to the date of filing of the pending applications for new water rights.

(c) Notwithstanding any other existing authority to process applications, including but not limited to the authority to process applications under WAC 173-152-050 as it existed on January 1, 2001, an application relating to an existing surface or ground water right may be processed ahead of a previously filed application relating to an existing right when sufficient information for a decision on the previously filed application is not available and the applicant for the previously filed application is sent written notice that explains what information is not available and informs the applicant that processing of the next application will begin. The previously filed application does not lose its priority date and if the information is provided by the applicant within sixty days, the previously filed application shall be processed at that time. This subsection (5)(c) does not affect any other existing authority to process applications.

(d) Nothing in this subsection (5) is intended to stop the processing of applications for new water rights.

(e) No applicant for a change, transfer, or amendment of a water right may be required to give up any part of the applicant’s valid water right to claim to a state agency, the trust water rights program or to other persons as a condition of processing the application.

(f) In revising the provisions of this section and adding provisions to this section by chapter 237, Laws of 2001, the legislature does not intend to imply legislative approval or disapproval of any existing administrative policy regarding, or any existing administrative or judicial interpretation of, the provisions of this section not expressly added or revised.

(7) Notwithstanding any other existing authority to process applications, the holder of a valid right to withdraw public ground waters, the holder of a valid right to withdraw public ground waters, without losing the holder’s priority of right, construct wells or other means of withdrawal at a new location in substitution for or in addition to those at the original location, or the holder may change the manner or the place of use of the water.

Sec. 3. RCW 90.44.100 and 1997 c 316 s 2 are each amended to read as follows:

(1) After an application to, and upon the issuance by the department of an amendment to the appropriate permit or certificate of ground water right, the holder of a valid right to withdraw public ground waters, without losing the holder’s priority of right, construct wells or other means of withdrawal at a new location in substitution for or in addition to those at the original location, or the holder may change the manner or the place of use of the water.
(2) An amendment to construct replacement or a new additional well or wells at a location outside of the location of the original well or wells shall be issued only after publication of notice of the application and findings as prescribed in the case of an original application. Such amendment shall be issued by the department only on the conditions that:
   (a) The additional or replacement well or wells shall tap the same body of public ground water as the original well or wells; (b) where a replacement well or wells is approved, the use of the original well or wells shall be discontinued and the original well or wells shall be properly decommissioned as required under chapter 18.104 RCW; (c) where an additional well or Wells is constructed, the original well or wells may continue to be used, but the combined total withdrawal from the original and additional well or wells shall not enlarge the right conveyed by the original permit or certificate; and (d) other existing rights shall not be impaired. The department may specify an approved manner of construction and shall require a showing of compliance with the terms of the amendment, as provided in RCW 90.44.080 in the case of an original permit.

(3) The construction of a replacement or new additional well or wells at the location of the original well or wells shall be allowed without application to the department for an amendment. However, the following apply to such a replacement or new additional well:
   (a) The well shall tap the same body of public ground water as the original well or wells; (b) if a replacement well is constructed, the use of the original well or wells shall be discontinued and the original well or wells shall be properly decommissioned as required under chapter 18.104 RCW; (c) if a new additional well is constructed, the original well or wells may continue to be used, but the combined total withdrawal from the original and additional well or wells shall not enlarge the right conveyed by the original water use permit or certificate; (d) the construction and use of the well shall not interfere with or impair water rights with an earlier date of priority than the water right or rights for the original well or wells; (e) the replacement or additional well shall be located no closer than the original well to a well it might interfere with; (f) the department may specify an approved manner of construction of the well; and (g) the department shall require a showing of compliance with the conditions of this subsection (3).

(4) As used in this section, the “location of the original well or wells” is the area described as the point of withdrawal in the original public notice published for the application for the water right for the well.

The development and use of a small irrigation impoundment, as defined in RCW 90.03.370(8), does not constitute a change or amendment for the purposes of this section. The exemption expressly provided by this subsection shall not be construed as requiring an amendment of any existing water right to enable the holder of the right to store water governed by the right.

NEW SECTION. Sec. 3. A new section is added to chapter 47.44 RCW to read as follows: This chapter does not apply to leases issued for the deployment of personal wireless service facilities as provided in section 5 of this act.

Sec. 4. RCW 47.52.001 and 1961 c 13 s 47.52.001 are each amended to read as follows:

(1) Unrestricted access to and from public highways has resulted in congestion and peril for the traveler. It has caused undue slowing of all traffic in many areas. The investment of the public in highway facilities has been impaired and highway facilities costing vast sums of money will have to be relocated and reconstructed.

(2) Personal wireless service is a critical part of the state’s infrastructure. The rapid deployment of personal wireless service facilities is critical to ensure public safety, network access, quality of service, and rural economic development.

(3) If in the opinion of the department, public safety will be adversely affected by the construction or maintenance of personal wireless service facilities, the department may require that telecommunications equipment be co-located on the same structure whenever practicable. Consistent with federal highway administration approval, the lease must include the right of direct ingress and egress from the highway for construction and maintenance of the personal wireless service facility during nonpeak hours if public safety is not adversely affected. Direct ingress and egress may be allowed at any time for the construction of the facility if public safety is not adversely affected and if construction will not substantially interfere with traffic flow during peak traffic periods. The lease may specify an indirect ingress and egress to the facility if it is reasonable and available for the particular location.

(4) The cost of the lease must be limited to the fair market value of the portion of the right of way being used by the service provider and the direct administrative expenses incurred by the department in processing the lease application.

NEW SECTION. Sec. 5. A new section is added to chapter 47.04 RCW to read as follows:

(1) For the purposes of this section:
   (a) “Right of way” means all state-owned land within a state highway corridor.
   (b) “Service provider” means every corporation, company, association, joint stock association, firm, partnership, or person that owns, operates, or manages any personal wireless service facility. “Service provider” includes a service provider’s contractors, subcontractors, and legal successors.

(2) The department shall establish a process for issuing a lease for the use of the right of way by a service provider and shall require that telecommunications equipment be co-located on the same structure whenever practicable. Consistent with federal highway administration approval, the lease must include the right of direct ingress and egress from the highway for construction and maintenance of the personal wireless service facility during nonpeak hours if public safety is not adversely affected. Direct ingress and egress may be allowed at any time for the construction of the facility if public safety is not adversely affected and if construction will not substantially interfere with traffic flow during peak traffic periods. The lease may specify an indirect ingress and egress to the facility if it is reasonable and available for the particular location.

(3) The cost of the lease must be limited to the fair market value of the portion of the right of way being used by the service provider and the direct administrative expenses incurred by the department in processing the lease application.

NEW SECTION. Sec. 6. The process for issuing leases required in section 5(2) of this act must be established by the effective date of this act.

NEW SECTION. Sec. 7. The department of transportation shall report to the legislature on the implementation of the lease process. The department must submit this report to the house technology, telecommunications and energy committee and the senate technology and communications committee. An implementation report shall be submitted by January 15, 2004, and a status report shall be submitted by January 15, 2005.

NEW SECTION. Sec. 8. Applications for wireless site leases pending on the effective date of this act must be treated as applications under section 5 of this act with the consent of the applicant. The department must submit this report to the house technology, telecommunications and energy committee and the senate technology and communications committee. An implementation report shall be submitted by January 15, 2004, and a status report shall be submitted by January 15, 2005.

On motion of Senator Esser, the Senate concurred in the House amendment to Engrossed Substitute Senate Bill No. 5977. 

The President declared the question before the Senate to be the roll call on the final passage of Engrossed Substitute Senate Bill No. 5977, as amended by the House.

ROLL CALL

The Secretary called the roll on the final passage of Engrossed Substitute Senate Bill No. 5977, as amended by the House, and the bill passed the Senate by the following vote: Yea, 42; Nays, 4; Absent, 0; Excused, 3.

ENGROSSED SUBSTITUTE SENATE BILL NO. 5977, as amended by the House, having received the constitutional majority, was declared passed. There being no objection, the title of the bill will stand as the title of the act.

MOTION

On motion of Senator Eide, Senator Brown was excused.
MR. PRESIDENT:

The House has passed SUBSTITUTE SENATE BILL NO. 5912 with the following amendment(s):

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. FINDINGS AND INTENT. The legislature finds that an actively coordinated and cooperatively facilitated railcar pool for transportation of perishable agricultural commodities is necessary for the continued viability and competitiveness of Washington’s agricultural industry. The legislature also finds that the rail transportation model established by the Washington Grain Train program has been successful in serving the shipping needs of the wheat industry. It is, therefore, the intent of the legislature to authorize and direct the Washington department of transportation to develop a railcar program for Washington’s perishable commodity industries to be known as the Washington Produce Railcar Pool. This railcar program should be modeled from the Washington Grain Train program, but be made flexible enough to work with entities outside state government in order to fulfill its mission, including, but not limited to, the federal and local governments, commodity commissions, and private entities.

NEW SECTION. Sec. 2. DEFINITION. As used in this act “short line railroad” means a Class II or Class III railroad as defined by the United States Surface Transportation Board.

NEW SECTION. Sec. 3. DEPARTMENTAL AUTHORITY. In addition to powers otherwise granted by law, the department may establish a Washington Produce Railcar Pool to promote viable, cost-effective rail service for Washington produce, including but not limited to apples, onions, pears, and potatoes, both processed and fresh.

To the extent that funds are appropriated, the department may:

1. Operate the Washington Produce Railcar Pool program while working in close coordination with the department of agriculture, interested commodity commissions, port districts, and other interested parties;
2. For the purposes of this program:
   a. Purchase or lease new or used refrigerated railcars;
   b. Accept donated refrigerated railcars; and
   c. Refurbish and remodel the railcars,
3. Hire, in consultation with affected stakeholders, including but not limited to short line railroads, commodity commissions, and port districts, a transportation management firm to perform the function outlined in section 5 of this act; and
4. Contribute the efforts of a short line rail-financing expert to find funding for the project to help interested short line railroads in this state to accomplish the necessary operating arrangements once the railcars are ready for service.

NEW SECTION. Sec. 4. FUNDING. To the extent that funds are appropriated, the department shall fund the program as follows: The department may accept funding from the federal government, or other public or private sources, to purchase or lease new or used railcars and to refurbish and remodel the railcars as needed. Nothing in this section precludes other entities, including but not limited to short line railroads, from performing the remodeling under sections 1 through 6 of this act.

NEW SECTION. Sec. 5. RAILCAR POOL MANAGEMENT. (1) The transportation management firm hired under section 3(3) of this act shall manage the day-to-day operations of the railcars, such as monitoring the location of the cars, returning them to this state, distributing them, arranging for pretrips and repairs, and arranging for per diem, mileage allowances, and other freight billing charges with the railroads.

(2) The railcar pool must be managed over the life of the railcars so that the railcars will be distributed to railroads and port districts around the state for produce loadings as market conditions warrant or to other users, including out-of-state users by contractual agreement, during times of excess capacity.

(3) To maximize railcar availability and use, the department or the transportation management firm may make agreements with the transcontinental railroad systems to pool Washington-owned or Washington-managed railcars with those of the railroads. In such instances, the railroad must agree to provide immediately an equal number of railcars to the Washington railcar pool.

(4) The department shall act in an oversight role to verify that the railcar pool is managed in accordance with subsections (2) and (3) of this section.

NEW SECTION. Sec. 6. PRODUCE RAILCAR POOL ACCOUNT. The produce railcar pool account is created in the custody of the state treasurer. All receipts from per diem charges, mileage charges, and freight billing charges paid by railroads and shippers that use the railcars in the Washington Produce Railcar Pool must be deposited into the account. Expenditures from the account may be used only for the purposes of sections 1 through 5 of this act. Only the secretary of transportation or the secretary’s designee may authorize expenditures from the account. The account is subject to allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures.

Sec. 7. RCW 43.79A.040 and 2002 c 322 s 5, 2002 c 204 s 7, and 2002 c 61 s 6 are each reenacted and amended to read as follows:

1. Money in the treasurer’s trust fund may be deposited, invested, and reinvested by the state treasurer in accordance with RCW 43.84.080 in the same manner and to the same extent as if the money were in the state treasury.
2. All income received from investment of the treasurer’s trust fund shall be set aside in an account in the treasury trust fund to be known as the investment income account.
3. The investment income account may be utilized for the payment of purchased banking services on behalf of treasurer’s trust funds including, but not limited to, depository, safekeeping, and disbursement functions for the state treasurer or affected state agencies. The investment income account is subject in all respects to chapter 43.88 RCW, but no appropriation is required for payments to financial institutions. Payments shall occur prior to distribution of earnings set forth in subsection (4) of this section.
4. (a) Monthly, the state treasurer shall distribute the earnings credited to the investment income account to the state general fund except under (b) and (c) of this subsection.
   (b) The following accounts and funds shall receive their proportionate share of earnings based upon each account’s or fund’s average daily balance for the period: The Washington scholarship program account, the college savings program account, the Washington advanced college tuition payment program account, the agricultural local fund, the American Indian scholarship endowment fund, the basic health plan, the self-insurance reserve account, the Washington state combined fund drive account, the Washington international exchange scholarship endowment fund, the developmental disabilities endowment trust fund, the energy account, the fair fund, the fruit and vegetable inspection account, the game farm alternative account, the grain inspection revolving fund, the juvenile accountability incentive account, the produce railcar pool account, the rural rehabilitation account, the stadium and exhibition center account, the youth athletic facility account, the self-insurance revolving fund, the sulfur dioxide abatement account, and the children’s trust fund. However, the earnings to be distributed shall first be reduced by the allocation to the state treasurer’s service fund pursuant to RCW 43.08.190.
   (c) The following accounts and funds shall receive eighty percent of their proportionate share of earnings based upon each account’s or fund’s average daily balance for the period: The advanced right of way revolving fund, the advanced environmental mitigation revolving account, the city and county advance right-of-way revolving fund, the federal narcotics asset forfeitures account, the high occupancy vehicle account, the local rail service assistance account, and the miscellaneous transportation programs account.
Senator Horn moved that the Senate concur in the House amendment to Substitute Senate Bill No. 5912. Debate ensued.

The President declared the question before the Senate to be the motion by Senator Horn to concur in the House amendment to Substitute Senate Bill No. 5912.

The motion by Senator Horn carried and the Senate concurred in the House amendment to Substitute Senate Bill No. 5912.

The President declared the question before the Senate to be the roll call on the final passage of Substitute Senate Bill No. 5912, as amended by the House.

**ROLL CALL**

The Secretary called the roll on the final passage of Substitute Senate Bill No. 5912, as amended by the House, and the bill passed the Senate by the following vote: Yeas, 45; Nays, 0; Absent, 0; Excused, 4.

Excused: Senators Brown, Decco, Reardon and West - 4.

SUBSTITUTE SENATE BILL NO. 5912, as amended by the House, having received the constitutional majority, was declared passed. There being no objection, the title of the bill will stand as the title of the act.

**MOTION**

On motion of Senator Hewitt, Senator Honeyford was excused.

The House has passed SENATE BILL NO. 5705 with the following amendment(s):

NEW SECTION. Sec. 1. The legislature finds and declares the following:

(1) Thousands of citizens in the state have disabilities, including blindness or visual impairment, that prevent them from using conventional print material.

(2) Governmental and nonprofit organizations provide access to reading material by specialized means, including books and magazines prepared in braille, audio, and large-type formats.

(3) Access to time-sensitive or local or regional publications, or both, is not feasible to produce through these traditional means and formats.

(4) Lack of direct and prompt access to information included in newspapers, magazines, newsletters, schedules, announcements, and other time-sensitive materials limits educational opportunities, literacy, and full participation in society by people with print disabilities.

(5) Creation and storage of information by computer results in electronic files used for publishing and distribution.

(6) The use of high-speed computer and telecommunications technology combined with customized software provides a practical and cost-effective means to convert electronic text-based information, including daily newspapers, into synthetic speech suitable for statewide distribution by telephone.

(7) Telephonic distribution of time-sensitive information, including daily newspapers, will enhance the state's current efforts to meet the needs of blind and disabled citizens for access to information which is otherwise available in print, thereby reducing isolation and supporting full integration and equal access for such individuals.

Sec. 2. RCW 74.18.010 and 1983 c 194 s 1 are each amended to read as follows:

The purposes of this chapter are to promote (the economic) employment and (social welfare) independence of blind persons in the state of Washington; to relieve blind or visually handicapped persons from the distress of poverty; to encourage the complete integration of society on the basis of equality, and to encourage public acceptance of the abilities of blind persons.

Sec. 3. RCW 74.18.020 and 1983 c 194 s 2 are each amended to read as follows:

Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Department" means an agency of state government called the department of services for the blind.

(2) "Director" means the director of the department of services for the blind. The director is appointed by the governor with the consent of the senate.

(3) "Rehabilitation council for the blind" means the body of members appointed by the governor in accordance with the provisions of RCW 74.18.070 to advise the state agency.

(4) "Blind person" means a person who has no vision or whose vision with corrective lenses is so defective as to prevent the performance of ordinary activities for which eyesight is essential, or who has an eye condition of a progressive nature which may lead to blindness, or (c) is blind for purposes of the business enterprise program as set forth in RCW 74.18.200 through 74.18.230 in accordance with requirements of the Randolph-Sheppard Act of 1936.

(5) "Telephonic reading service" means audio information provided by telephone, including the acquisition and distribution of daily newspapers and other information of local, state, or national interest.

NEW SECTION. Sec. 4. A new section is added to chapter 74.18 RCW to read as follows:

(a) The director shall provide access to a telephonic reading service for blind and disabled persons.

(b) The director shall establish criteria for eligibility for blind and disabled persons who may receive the telephonic reading services. The criteria may be based upon the eligibility criteria for persons who receive services established by the national library service for the blind and physically handicapped of the library of congress.

(3) The director may enter into contracts or other agreements that he or she determines to be appropriate to provide telephonic reading services pursuant to this section.

(4) The director may expand the type and scope of materials available on the telephonic reading service in order to meet the local, regional, or foreign language needs of blind or visually impaired residents of this state. The director may also expand the scope of services and availability of telephonic reading services by current methods and technologies that may be developed. The director may inform current and potential patrons of the availability of telephonic reading services through appropriate means, including, but not limited to, direct mailings, direct telephonic contact, and public service announcements.

(5) The director may expend moneys from the business enterprises revolving account accrued from vending machine sales in state and local government buildings, as well as donations and grants, for the purpose of supporting the cost of activities described in this section.

Sec. 5. RCW 74.18.050 and 1983 c 194 s 5 are each amended to read as follows:

The director may appoint such personnel as necessary, none of whom shall be members of the rehabilitation council for the blind. The director and other personnel who are assigned substantial responsibility for formulating agency policy or directing and controlling a major administrative division, together with their confidential secretaries, up to a maximum of six persons, shall be exempt from the provisions of chapter 41.06 RCW.

(2) Adopt rules, in accordance with chapter 34.05 RCW, necessary to carry out the purposes of this chapter;

MESSAGE FROM THE GOVERNOR

April 17, 2003

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to section 3, Engrossed Substitute Senate Bill No. 5142 entitled:

“AN ACT Relating to permitting children of certificated and classified school employees to enroll at the school where the employee is assigned;

This bill requires, upon application, that school districts enroll children of their certificated and classified school employees in the school to which the employee is assigned, or to one of the schools in the feeder school system for the school to which the employee is assigned.

Section 3 of this bill would have provided for certain reporting requirements. The veto of this section has been requested by the Superintendent of Public Instruction, and has the concurrence of the bill sponsor and the sponsor of the
Section 3 amendment. Nonetheless, I understand that the Superintendent of Public Instruction intends to provide information regarding the provisions of this bill to the legislature by means of a survey. I support this less burdensome approach.

For these reasons, I have vetoed section 3 of Engrossed Substitute Senate Bill No. 5142.

With the exception of section 3, Engrossed Substitute Senate Bill No. 5142 is approved.

Respectfully submitted,

GARY LOCKE, Governor

WHEREAS, The citizens of Washington value postsecondary education and are supportive of young people who seek to obtain a postsecondary education; and
WHEREAS, The rising cost of postsecondary education makes it difficult for many families to finance such a pursuit; and
WHEREAS, The Dollars for Scholars organization is committed to creating local scholarship opportunities for the students of this state and promoting private sector scholarships; and
WHEREAS, There are one hundred and eight Dollars for Scholars Chapters serving communities across Washington that have already raised over twelve million dollars and awarded seven thousand one hundred and ten scholarships to Washington students since 1987; and

WHEREAS, The National Office of the Dollars for Scholars Program selected Washington as a recipient of funds with which to organize a State Dollars for Scholars Office; and
WHEREAS, A state office aids in strengthening the existing programs and in developing new chapters dedicated to awarding scholarships to our students; and
WHEREAS, The National Dollars for Scholars Program has been rated one of the top education charities by Smart Money Magazine for five years in a row;

NOW, THEREFORE, BE IT RESOLVED, That the Washington State Senate commend the volunteers and staff of the Dollars for Scholars Program for being selected to establish a state office and commend the young Washington scholarship recipients for their hard work and dedication to the pursuit of education; and

BE IT FURTHER RESOLVED, That copies of this resolution be immediately transmitted by the Secretary of the Senate to the National Office of Dollars for Scholars and to the Director of the Washington Dollars for Scholars program.

Senators Jacobsen, Carlson, Shin and Kohl-Welles spoke to Senate Resolution 8670.

INTRODUCTION OF SPECIAL GUEST

The President welcomed and introduced Rick Millerick, Executive Director of the Washington Dollars for Scholars Program, who was seated in the back of the Chamber.

PERSONAL PRIVILEGE

Senator Franklin: “A point of personal privilege, Mr. President. Well, this is our one hundred and first day in the Legislature and as we have gone about doing the people’s business during the session, there have been moments and times that our patience has been short. We might have said some words that we probably didn’t mean. This has been a particularly difficult session, but you know when you stop having fun, then it is time to leave. We are not ready to leave, so we would like to have a little bit of fun.

“With your permission, Mr. President, and the permission of the Senate, I have a poem I would like to read:

‘When I am an old woman, I shall wear purple with a red hat which doesn’t go and doesn’t suit me.
And I shall spend my pension on brandy and summer gloves and satin sandals, and say we’ve money for butter.
I shall sit down on the pavement when I’m tired and gobble up samples in shops and press alarm bells, and run my stick along the public railings and make up for the sobriety of my youth.
I shall go out in my slippers in the rain and pick the flowers in other peoples’ gardens and learn to spit.

You can wear terrible shirts and grow more fat and eat three pounds of sausages at a go or only bread and a pickle for a week and hoard pens and pencils and beermats and things in boxes.
But now we must have clothes that keep us dry and pay our rent and not swear in the street and set a good example for the children.

We must have friends to dinner and read the papers.

But maybe I ought to practice a little now, so people who know me are not too shocked and surprised when suddenly I am old and start to wear purple.

“Mr. President, and members of the Senate, you see that the women are dressed in purple today. It is red hats and purple day, so with your permission, they shall don their red hats.”

REPLY BY THE PRESIDENT

President Owen: “That is a dandy, Senator.”

REMARKS BY SENATOR McCASLIN

Senator McCaslin: “Mr. President, I would like to nominate Senator Franklin as Poet Laureate of the State Senate.”

(b) The landlord is a nonprofit corporation incorporated under Title 24 RCW, a corporation for profit incorporated under Title 23B RCW, or a housing authority created under chapter 35.82 RCW;

(c) The landlord provides:
(I) A drug and alcohol free environment, covering all tenants, employees, staff, agents of the landlord, and guests;
(ii) An employee who monitors the tenants for compliance with the requirements of (d) of this subsection;
(iii) Individual and group support for recovery; and
(iv) Access to a specified program of recovery; and
(d) The rental agreement is in writing and includes the following provisions:

(ii) The tenant may not allow the tenant's guests to use, possess, or share alcohol, illegal drugs, controlled substances, or prescription drugs without a medical prescription, on the premises;
(iii) The tenant must participate in a program of recovery, which specific program is described in the rental agreement;
(iv) On at least a quarterly basis the tenant must provide written verification from the tenant's program of recovery that the tenant is participating in the program of recovery and the tenant has not used alcohol or illegal drugs;
(v) The landlord has the right to require the tenant to take a urine analysis test regarding drug or alcohol usage, at the landlord's discretion and expense; and
(vi) The landlord has the right to terminate the tenant's tenancy by delivering a three-day notice to terminate with one day to comply, if a tenant living in drug and alcohol free housing uses, possesses, or shares alcohol, illegal drugs, controlled substances, or prescription drugs without a medical prescription.

If the tenant cures the violation within the one-day period, the rental agreement terminates as provided in the notice. If substantially the same act that constituted a prior drug or alcohol violation of which notice was given reoccurs within six months, the landlord may terminate the rental agreement upon at least three days' written notice specifying the violation and the date and time of termination of the rental agreement. The tenant does not have a right to cure this subsequent violation.

(4) Notwithstanding subsections (1), (2), and (3) of this section, housing that is occupied on other than a transient basis by persons who are required to abstain from possession or use of alcohol or drugs as a condition of occupancy and who pay for the use of the housing on a periodic basis, without regard to whether the payment is characterized as rent, program fees, or other fees, costs, or charges, are covered by this chapter.

MESSAGE FROM THE HOUSE

April 16, 2003
MR. PRESIDENT:

The House has passed SUBSTITUTE SENATE BILL NO. 5144 with the following amendment(s):
Strike everything after the enacting clause and insert the following:
"Sec. 1. RCW 76.06.010 and 1951 c 233 s 1 are each amended to read as follows:
The legislature finds and declares that:
(1) Forest insects and forest tree diseases which threaten the permanent timber production of the forested areas of the state of Washington are (hereby declared to be) a public nuisance.
(2) Exotic forest insects or diseases, even in small numbers, can constitute serious threats to native forests. Native tree species may lack natural immunity. There are often no natural control agents such as diseases, predators, or parasites to limit populations of exotic forest insects or diseases. Exotic forest insects or diseases can also outcompete, displace, or destroy habitat of native species. It is in the public interest to identify, control, and eradicate outbreaks of exotic forest insects or diseases that threaten the diversity, abundance, and survivability of native forests and the environment.

Sec. 2. RCW 76.06.020 and 2000 c 11 s 2 are each amended to read as follows:
(As used in this section in this chapter unless the context clearly requires otherwise.
(1) "Agency" means the recognized legal representative, representatives, agent, or agents for any owner(s).
(2) "Department" means the department of natural resources(s).
(3) "Owner" means and includes (individuals, partnerships, corporations, and associations) persons or their agents.
(4) "Timber land" means any land on which there is a sufficient number of trees, standing or down, to constitute, in the judgment of the department, a forest insect or forest disease breeding ground of a nature to constitute a menace, injurious and dangerous to permanent forest growth in the district under consideration.
(5) "Commissioner" means the commissioner of public lands.
(6) "Exotic" means not native to forest lands in Washington state.
(7) "Forest land" means any land on which there are sufficient numbers and distribution of trees and associated species to, in the judgment of the department, contribute to the spread of forest or forest disease outbreaks that could be injurious to forest health.
(8) "Forest health" means the condition of a forest being sound in ecological function, sustainable, resilient, and resistant to insects, diseases, fire, and other disturbance, and having the capacity to meet landowner objectives.
(9) "Forest health emergency" means the introduction of, or an outbreak of, an exotic forest insect or disease that poses an imminent danger or damage to the environment by threatening the survivability of native tree species.
(10) "Forest insect or disease" means a living stage of an insect, other invertebrate animal, or disease-causing organism or agent that can directly or indirectly injure or cause death or disease in trees, or parts of trees, or in processed or manufactured wood, or other products of trees.
(11) "Integrated pest management" means a strategy that uses various combinations of pest control methods, including biological, cultural, and chemical methods, in a compatible manner to achieve satisfactory control and ensure favorable economic and environmental consequences.
(12) "Native" means having populated Washington's forested lands prior to European settlement.
(13) "Outbreak" means a rapidly expanding population of insects or diseases with potential to spread.
(14) "Person" means any individual, partnership, private, public, or municipal corporation, county, federal, state, or local governmental agency, tribe, or association of individuals of whatever nature.
NEW SECTION. Sec. 3. A new section is added to chapter 76.06 RCW to read as follows:
The department may reimburse cooperating forest landowners and agencies for actual costs of equipment, labor, and materials utilized in cooperative exotic forest insect or disease control projects, as agreed to by the department.
Upon declaration of a forest health emergency by the commissioner, the department is authorized to enter into agreements with forest landowners, companies, individuals, tribal entities, and federal, state, and local agencies to accomplish control of exotic forest insects or diseases on any affected forest lands using such funds as have been, or may be, made available.

Sec. 4. RCW 76.09.050 and 2002 c 121 s 1 are each amended to read as follows:
(1) The board shall establish by rule which forest practices shall be included within each of the following classes:
Class I: Minimal or specific forest practices that have no direct potential for damaging a public resource and that may be conducted without submitting an application or a notification except that when the regulating authority is transferred to a local government entity, those Class I forest practices that involve timber harvesting or road construction within "urban growth areas," designated pursuant to chapter 36.70A RCW, are processed as Class IV forest practices, but are not subject to environmental review under chapter 43.21C RCW;
Class II: Forest practices which have a less than ordinary potential for damaging a public resource that may be conducted without submitting an application and may begin five calendar days, or such lesser time as the department may determine, after written notification by the operator, in the manner, content, and form as prescribed by the department, is received by the department. However, the work may not begin until all forest practice fees required under RCW 76.09.065 have been received by the department. Class II shall not include forest practices:
(a) On lands platted after January 1, 1960, as provided in chapter 58.17 RCW or on lands that have or are being converted to another use;
(b) Which require approvals under the provisions of the hydraulics act, RCW 77.55.100;
(c) Within "shoreslines of the state" as defined in RCW 90.58.030;
(d) Excluded from Class II by the board; or
(e) Including timber harvesting or road construction within "urban growth areas," designated pursuant to chapter 36.70A RCW, which are Class IV;
Class III: Forest practices other than those contained in Class I, II, or IV. A Class III application must be approved or disapproved by the department within thirty calendar days from the date the department receives the application. However, the applicant may not begin work on that forest practice until all forest practice fees required under RCW 76.09.065 have been received by the department;

Class IV: Forest practices other than those contained in Class I or II: (a) On lands platted after January 1, 1960, as provided in chapter 58.17 RCW, (b) on lands that have or are being converted to a use other than commercial forest product operations for ten years, accompanied by either a written forest management plan acceptable to the department or documentation that the land is enrolled under the provisions of chapter 84.33 RCW, or (ii) a conversion forest option harvest plan approved by the local governmental entity and submitted to the department as part of the application, and/or (e) which have a potential for a substantial impact on the environment and therefore require an evaluation by the department as to whether or not a detailed statement must be prepared pursuant to the state environmental policy act, chapter 43.21C RCW. Such evaluation shall be made within ten days from the date the department receives the application. Unless the department determines that a detailed statement must be prepared pursuant to a Class IV forest practice taken by that governmental entity concerning the land on which forest practices will be conducted. A Class IV application must be approved or disapproved by the department within thirty calendar days from the date the department receives the application, unless the department determines that a detailed statement must be made, in which case the applicant must be approved or disapproved by the department within sixty calendar days from the date the department receives the application, unless the commissioner of public lands, through the promulgation of a formal order, determines that the process cannot be completed within such period. However, the applicant may not begin work on that forest practice until all forest practice fees required under RCW 76.09.065 have been received by the department.

Forest practices under Classes I, II, and III are exempt from the requirements for preparation of a detailed statement under the state environmental policy act.

(2) Except for those forest practices being regulated by local governmental entities as provided elsewhere in this chapter, no Class II, Class III, or Class IV forest practice shall be commenced or continued after January 1, 1975, unless the department has received a notification with regard to a Class II forest practice or approved an application with regard to a Class III or Class IV forest practice containing all information required by RCW 76.09.060 as now or hereafter amended. However, in the event that forest practices regulated by local governmental entities pursuant to this chapter and RCW 90.48.420 have not been adopted in time to meet such schedules, the department shall have the authority to regulate forest practices and approve applications on such terms and conditions consistent with this chapter and RCW 90.48.420 and the purposes and policies of RCW 76.09.010 until applicable practices regulations are in effect.

(3) Except for those forest practices being regulated by local governmental entities as provided elsewhere in this chapter, if a notification or application is submitted in person to the department by the operator or the operator’s agent, the department shall immediately provide a dated receipt thereof. In all other cases, the department shall immediately mail a dated receipt to the operator.

(4) Except for those forest practices being regulated by local governmental entities as provided elsewhere in this chapter, forest practices shall be conducted in accordance with the forest practices regulations, orders and directives as authorized by this chapter or the forest practices regulations, and the terms and conditions of any approved applications.

(5) Except for those forest practices being regulated by local governmental entities as provided elsewhere in this chapter, the department of natural resources shall notify the applicant in writing of either its approval of the application or its disapproval of the application and the specific reasons for such disapproval in such a manner as to prevent any local or regional impact, and to provide a dated receipt thereof. In all other cases, the department shall immediately mail a dated receipt to the operator.

(6) Except for those forest practices being regulated by the board and the department, the department shall not approve portions of applications to which a county, city, or town objects if:

(a) The department receives written notice from the county, city, or town of such objections within fourteen business days from the time of transmittal of the application to the county, city, or town, or one day before the department acts on the application, whichever is later; and

(b) The objections relate to lands either:

(I) Platted after January 1, 1960, as provided in chapter 58.17 RCW; or

(ii) On lands that have or are being converted to another use.

The department shall disapprove those portions of such application or appeal the county, city, or town objections to the appeals board. If the objections related to subparagraphs (b)(I) and (ii) of this subsection are based on local authority consistent with RCW 76.09.240 as now or hereafter amended, the department shall disapprove the application until such time as the county, city, or town consents to its approval or such disapproval is reversed on appeal. The applicant shall be a party to all department appeals of county, city, or town objections.

(7) For those forest practices regulated by the board and the department, the department shall not approve any application containing an action that could have a substantial impact on the environment and therefore require an evaluation by the department as to whether or not a detailed statement must be prepared pursuant to the state environmental policy act, chapter 43.21C RCW. Such evaluation shall be made within ten days from the date the department receives the application, unless the department determines that a detailed statement must be made, in which case the applicant must be approved or disapproved by the department within sixty calendar days from the date the department receives the application, unless the commissioner of public lands, through the promulgation of a formal order, determines that the process cannot be completed within such period. However, the applicant may not begin work on that forest practice until all forest practice fees required under RCW 76.09.065 have been received by the department.

(8) For those forest practices regulated by the board and the department, the department may suspend the department’s approval in whole or in part pending such appeal where there exists potential for immediate and material damage to a public resource.

(9) For those forest practices regulated by the board and the department, appeals under this section shall be made to the appeals board in the manner and time provided in RCW 76.09.220(8). In such appeals there shall be no presumption of correctness of either the county, city, or town objections or the department’s position.

(10) For those forest practices regulated by the board and the department, the department shall, within four business days notify the county, city, or town of all notifications, approvals, and disapprovals of an application affecting lands within the county, city, or town, except to the extent the county, city, or town has waived its right to such notice.

(11) For those forest practices regulated by the board and the department, a county, city, or town may waive in whole or in part its rights under this section, and may withdraw or modify any such waiver, at any time by written notice to the department.
(12) Notwithstanding subsections (2) through (5) of this section, forest practices applications or notifications are not required for exotic insect and disease control operations conducted in accordance with RCW 76.09.060(8) where eradication can reasonably be expected.

**Sec. 5.** RCW 76.09.060 and 1997 c 290 s 3 and 1997 c 173 s 3 are each reenacted and amended to read as follows:

The following shall apply to those forest practices administered and enforced by the department and for which the board shall promulgate regulations as provided in this chapter:

(1) The department shall prescribe the form and contents of the notification and application. The forest practices rules shall specify by whom and under what conditions the notification and application shall be signed or otherwise certified as acceptable. The application or notification shall be delivered in person to the department, sent by first class mail to the department or electronically filed in a form defined by the department. The form for electronic filing shall be readily convertible to a paper copy, which shall be available to the public pursuant to chapter 42.17 RCW. The information required may include, but is not limited to:

(a) Name and address of the forest landowner, timber owner, and operator;
(b) Description of the proposed forest practice or practices to be conducted;
(c) Legal description and tax parcel identification numbers of the land on which the forest practices are to be conducted;
(d) Planimetric and topographic maps showing location and size of all lakes and streams and other public waters in and immediately adjacent to the operating area and showing all existing and proposed roads and major tractor roads;
(e) Description of the silvicultural, harvesting, or other forest practice methods to be used, including the type of equipment to be used and materials to be applied;
(f) Proposed plan for reforestation and for any revegetation necessary to reduce erosion potential from roadsides and yarding roads, as required by the forest practices rules;
(g) Soil, geological, and hydrological data with respect to forest practices;
(h) The expected dates of commencement and completion of all forest practices specified in the application;
(i) Provisions for continuing maintenance of roads and other construction or other measures necessary to afford protection to public resources;
(j) An affirmation that the statements contained in the notification or application are true; and
(k) All necessary application or notification fees.

(2) Long range plans may be submitted to the department for review and consultation.

(3) The application for a forest practice or the notification of a Class II forest practice is subject to the three-year reforestation requirement.

(a) If the application states that any such land will be or is intended to be so converted:

(i) The reforestation requirements of this chapter and of the forest practices rules shall not apply if the land is in fact so converted unless applicable alternatives or limitations are provided in forest practices rules adopted or amended after December 1, 1995;

(ii) Completion of such forest practice operations shall be deemed conversion of the lands to another use for purposes of chapters 84.33 and 84.34 RCW unless the conversion is to a use permitted under a current use tax agreement permitted under chapter 84.34 RCW;

(iii) The forest practices described in the application are subject to applicable county, city, town, and regional governmental authority permitted under RCW 76.09.240 as now or hereafter amended as well as the forest practices rules.

(b) Except as provided elsewhere in this section, if the application or notification does not state that any land covered by the application or notification will be or is intended to be so converted:

(i) For six years after the date of the application the county, city, town, and regional governmental entities shall deny any or all applications for permits or approvals, including building permits and subdivision approvals, relating to nonforestry uses of land subject to the application;

(A) The department shall submit to the local governmental entity a copy of the statement of a forest landowner’s intention not to convert which shall represent a recognition by the landowner that the six-year moratorium shall be imposed and shall preclude the landowner’s ability to obtain development permits while the moratorium is in place. This statement shall be filed by the local governmental entity with the county recording officer, who shall record the documents as provided in chapter 65.04 RCW, except that lands designated as forest lands of long-term commercial significance under chapter 36.70A RCW shall not be recorded due to the low likelihood of conversion.

Not recording the statement of a forest landowner’s conversion intention shall not be construed to mean the moratorium is not in effect.

(B) The department shall collect the recording fee and reimburse the local governmental entity for the cost of recording the application.

(c) When harvesting takes place without an application, the local governmental entity shall impose the six-year moratorium provided in (b)(i) of this subsection from the date the unpermitted harvesting was discovered by the department or the local governmental entity.

(D) The local governmental entity shall develop a process for lifting the six-year moratorium, which shall include public notification, and procedures for appeals and public hearings.

(E) The local governmental entity may develop an administrative process for lifting or waiving the six-year moratorium for the purposes of constructing a single-family residence or outbuildings, or both, on a legal lot and building site. Lifting or waiving of the six-year moratorium is subject to compliance with all local ordinances.

(F) The six-year moratorium shall not be imposed on a forest practices application that contains a conversion option harvest plan approved by the local governmental entity unless the forest practice was not in compliance with the approved forest practice permit. Where not in compliance with the conversion option harvest plan, the six-year moratorium shall be imposed from the date the application was approved by the department or the local governmental entity;

(ii) Failure to comply with the reforestation requirements contained in any final order or decision shall constitute a removal of designation under the provisions of RCW 84.33.140, and a change of use under the provisions of RCW 84.34.080, and, if applicable, shall subject such lands to the payments and/or penalties resulting from such removals or changes; and

(iii) Conversion to a use other than commercial forest product operations within six years after approval of the forest practices without the consent of the county, city, or town shall constitute a violation of each of the county, municipal city, town, and regional authorities to which the forest practice operations would have been subject if the application had so stated.

(c) The application or notification shall be signed by the forest landowner and accompanied by a statement signed by the forest landowner indicating his or her intent with respect to conversion and acknowledging that he or she is familiar with the effects of this subsection.

(4) Whenever an approved application authorizes a forest practice which, because of soil condition, proximity to a water course or other unusual factor, has a potential for causing material damage to a public resource, as determined by the department, the applicant shall, when requested on the approved application, notify the department two days before the commencement of actual operations.

(5) Before the operator commences any forest practice in a manner or to an extent significantly different from that described in a previously approved application or notification, there shall be submitted to the department a new application or notification form in the manner set forth in this section.

(6) Except as provided in RCW 76.09.350(4), the notification to or the approval given by the department to an application to conduct a forest practice shall be effective for a term of two years from the date of approval or notification and shall not be renewed unless a new application is filed and approved or a new notification has been filed. At the option of the applicant, an application or notification may be submitted to cover a single forest practice or a number of forest practices within reasonable geographic or political boundaries as specified
by the department. An application or notification that covers more than one forest practice may have an effective term of more than two years. The board shall adopt rules that establish standards and procedures for approving an application or notification that has an effective term of more than two years. Such rules shall include extended time periods for application or notification approval or disapproval. On an approved application with a term of more than two years, the applicant shall inform the department before commencing operations.

(7) Notwithstanding any other provision of this section, no prior application or notification shall be required for any emergency forest practice conducted by fire, flood, windstorm, earthquake, or other emergency as defined by the board, but the operator shall submit an application or notification, whichever is applicable, to the department within forty-eight hours after commencement of such practice or as required by local regulations.

(8) Forest practices applications or notifications are not required for forest practices conducted to control exotic forest insect or disease outbreaks, when conducted by or under the direction of the department of agriculture in carrying out an order of the governor or director of the department of agriculture to implement pest control measures as authorized under chapter 17.24 RCW, and are not required when conducted by or under the direction of the department in carrying out emergency measures under a forest health emergency declaration by the commissioner of public lands as provided in section 3 of this act.

NEW SECTION. Sec. 1. RCW 71.24.171 and 1991 c 257 s 21 are each amended to read as follows:

(1) If the director determines that there exists an imminent danger of an infestation of plant pests or plant diseases that seriously endangers the agricultural or horticultural industries of the state, or that seriously threatens life, health, (a) economic well-being, or the environment, the director shall request the governor to order emergency measures to control the pests or plant diseases under RCW 43.06.010(((1))) (13). The director’s findings shall contain an evaluation of the affect of the emergency measures on public health.

(2) If an emergency is declared pursuant to RCW 43.06.010(((1))) (13), the director may appoint a committee to advise the governor through the director and to review emergency measures necessary under the authority of RCW 43.06.010(((1))) (13) and this section and make subsequent recommendations to the governor. The committee shall include representatives of the agricultural industries, state and local government, public health interests, technical service providers, and environmental organizations.

(3) Upon the order of the governor of the use of emergency measures, the director is authorized to implement the emergency measures to prevent, control, or eradicate plant pests or plant diseases that are the subject of the emergency order. Such measures, after thorough evaluation of all other alternatives, may include the aerial application of pesticides.

(4) The director shall continually evaluate the emergency measures taken and report to the governor at intervals of not less than ten days. The director shall immediately advise the governor if he or she finds that the emergency no longer exists or if certain emergency measures should be discontinued.

NEW SECTION. Sec. 2. A new section is added to chapter 17.24 RCW to read as follows:

The department and the department of natural resources shall coordinate their sudden oak death syndrome response efforts with other plant pest agencies and private organizations to exchange information, monitor the confirmed incidences of the disease, and take action as appropriate under existing plant pest control authorities to prevent the introduction of the disease into Washington and to control or eradicate the disease if it is determined to be present in the state.”

PART 2 - BASIC ELECTRICAL WORK

Sec. 201. RCW 19.28.101 and 1996 c 241 s 4 are each amended to read as follows:
(1) The director shall cause an inspector to inspect all wiring, appliances, devices, and equipment to which this chapter applies except for basic electrical work as defined in this chapter. The department may not require an electrical work permit for class B basic electrical work unless deficiencies in the installation or repair require inspection. The department may inspect class B basic electrical work on a random basis as specified by the department in rule. Nothing contained in this chapter may be construed as providing any authority for any subdivision of government to adopt by ordinance any provisions contained or provided for in this chapter except those pertaining to cities and towns pursuant to RCW 19.28.010(3).

(2) Upon request, electrical inspections will be made by the department within forty-eight hours, excluding holidays, Saturdays, and Sundays. If, upon written request, the electrical inspector fails to make an electrical inspection within twenty-four hours, the serving utility may immediately connect electrical power to the installation if the necessary electrical work permit is displayed: PROVIDED, That if the request is for an electrical inspection that relates to a mobile home installation, the applicant shall provide proof of a current building permit issued by the local government agency authorized to issue such permits as a prerequisite for inspection approval or connection of electrical power to the mobile home.

(3) Whenever the installation of any wiring, device, appliance, or equipment is not in accordance with this chapter, or is in such a condition as to be dangerous to life or property, the person, or persons, partnership, corporation, or other entity owning, using, or operating it shall be notified by the department and shall within fifteen days, or such further reasonable time as may upon request be granted, make such repairs and changes as are required to remove the danger to life or property and to make it conform to this chapter. The director, through the inspector, is hereby empowered to disconnect or order the discontinuance of electrical service to conductors or equipment that are found to be in a dangerous or unsafe condition and not in accordance with this chapter. Upon making a disconnection or order, the inspector shall attach a notice stating that the conductors have been found dangerous to life or property and that such person, firm, partnership, corporation, or other entity owning, using, or operating it shall not be entitled to reconnect such defective conductors or equipment without the approval of the department, and until the conductors and equipment have been placed in a safe and secure condition, and in a condition that complies with this chapter.

(4) The director, through the electrical inspector, has the right during reasonable hours to enter into and upon any building or premises in the city to which this chapter applies in order to conduct any inspection or test of the installation of new construction or altered electrical wiring, electrical devices, equipment, or material contained in or on the buildings or premises. No electrical wiring or equipment subject to this chapter may be concealed until it has been approved by the inspector making the inspection. At the time of the inspection, electrical wiring or equipment subject to this chapter must be sufficiently accessible to permit the inspector to employ any testing methods that will verify conformance with the national electric code and any other requirements of this chapter.

(5) Persons, firms, partnerships, corporations, or other entities making electrical installations shall obtain inspection and approval from an authorized representative of the department as required by this chapter before requesting the electric utility to connect to the installations. Electric utilities may connect to the installations if approval is clearly indicated by certification of the electrical work permit required to be affixed to each installation or by equivalent means, except that increased or relocated services may be reconnected immediately at the discretion of the utility before approval if an electrical work permit is displayed. The permits shall be furnished upon payment of the fee to the department.

(6) The director, subject to the recommendations and approval of the board, shall set by rule a schedule of license and electrical work permits that will cover the costs of administration and enforcement of this chapter. The rules shall be adopted in accordance with the administrative procedure act, chapter 34.05 RCW. No fee may be charged for plug-in mobile homes, recreational vehicles, or portable appliances.

(7) Nothing in this chapter shall authorize the inspection of any wiring, appliance, device, or equipment, or installations thereof, by any utility or firm, partnership, corporation, or other entity employed by a utility in the installation, repair, or maintenance of lines, wires, apparatus, or equipment owned by or under the control of the utility. All work covered by the national electric code not exempted by the 1981 edition of the national electric code 90-2(B)(5) shall be inspected by the department.

Sec. 202. RCW 19.28.141 and 2001 c 211 s 9 are each amended to read as follows:

((b)) (b) Within the service area of an electricity supply agency owned and operated by a city or town which is supplying electricity and enforcing a standard of construction and materials outside its corporate limits at the time this act takes effect: PROVIDED, That such a city, town, or agency shall ((henceforth)) enforce by inspection within its service area outside its corporate limits the same standards of construction and of materials, devices, appliances and equipment as ((a)) (a) are enforced by the department of labor and industries under (the authority of) this chapter: PROVIDED, FURTHER, That fees charged ((henceforth)) in connection with such enforcement shall not exceed those established in RCW 19.28.101.

((c)) (c) Within the rights of way of state highways, provided the state department of transportation maintains and enforces an equal, higher or better standard of construction and of materials, devices, appliances and equipment than is required by RCW 19.28.010 through 19.28.141 and 19.28.311 through 19.28.361.

(2) A city, town, or electrical supply agency is permitted, but not required, to enforce the same permitting and inspection standards applicable to basic electrical work as are enforced by the department of labor and industries.

(c) Lines and wires, together with ancillary apparatus, and equipment, owned by a customer that is an independent power producer who has entered into an agreement for the sale of electricity to a utility and that are used in transmitting electricity from an electrical generating unit located on premises used by such customer to the point of interconnection with the utility's system.

(3) Any person, firm, partnership, corporation, or other entity licensed under RCW 19.28.041 may enter into a contract with a utility for the performance of work under subsection (2) of this section.
(4) No license under the provisions of this chapter shall be required from any person, firm, partnership, corporation, or other entity because of the work of installing and repairing ignition or lighting systems for motor vehicles.

(5) No license under the provisions of this chapter shall be required from any person, firm, partnership, corporation, or other entity because of work in connection with the installation, repair, or maintenance of wires and equipment, and installations thereof, exempted in RCW 19.28.010.

(6) The department may by rule exempt from licensing requirements under this chapter work performed on premanufactured electric power generation equipment assemblies and control gear involving the testing, repair, modification, maintenance, or installation of components internal to the power generation equipment, the control gear, or the transfer switch.

(7) An entity that currently holds a valid specialty or general plumbing contractor’s registration under chapter 18.27 RCW may employ a certified plumber, a certified residential plumber, or a plumber trainee meeting the requirements of chapter 18.106 RCW to perform electrical work that is incidentally, directly, and immediately appropriate to the like-in-kind replacement of a household appliance or other small household utilization equipment that requires limited electric power and limited waste and/or water connections. A plumber trainee must be supervised by a certified plumber or a certified residential plumber while performing electrical work. The electrical work is subject to the permitting and inspection requirements of this chapter.

However, if the construction is of a new residential building with up to four units intended for rent, sale, or lease, the owner may receive an exemption from the requirement to obtain a license or use a certified electrician if he or she provides a signed affidavit to the department stating that he or she will be performing the work and will occupy one of the units as his or her principal residence. The owner shall apply to the department for this exemption and may only receive an exemption once every twenty-four months. It is intended that the owner receiving this exemption shall occupy the unit as his or her principal residence for twenty-four months after completion of the units.

(2) Nothing in RCW 19.28.161 through 19.28.271 shall be intended to derogate from or dispense with the requirements of any valid electrical code enacted by a city or town pursuant to RCW 19.28.010(3), except that no code shall require the holder of a certificate of competency to demonstrate any additional proof of competency or obtain any other license or pay any fee in order to engage in the electrical construction trade.

(5) The licensing provisions of RCW 19.28.161 through 19.28.271 shall not apply to:

(a) Persons making electrical installations on their own property or to regularly employed employees working on the premises of their employer, unless the electrical work is on the construction of a new building intended for rent, sale, or lease.

(b) Employees of an employer while the employer is performing utility type work of the nature described in RCW 19.28.091 as long as such employees have registered in the state of Washington with or graduated from a state-approved outside lineman apprenticeship course that is recognized by the department and that qualifies a person to perform such work;

(c) Any work exempted under RCW 19.28.091(6); and

(d) Certified plumbers, certified residential plumbers, or plumber trainees meeting the requirements of chapter 18.106 RCW and performing exempt work under RCW 19.28.091(7).

(6) Nothing in RCW 19.28.161 through 19.28.271 shall be construed to restrict the right of any householder to assist or receive assistance from a friend, neighbor, relative or other person when none of the individuals doing the electrical installation hold themselves out as engaged in the trade or business of electrical installations.

(7) Nothing precludes any person who is exempt from the licensing requirements of this chapter under this section from obtaining a journeyman or specialty certificate of competency if they otherwise meet the requirements of this chapter.

Sec. 601. RCW 19.28.191 and 2002 c 249 s 5 are each amended to read as follows:

1. Upon receipt of the application, the department shall review the application and determine whether the applicant is eligible to take an examination for the master journeyman electrician, journeyman electrician, master specialty electrician, or specialty electrician certificate of competency.

(a) Before July 1, 2005, an applicant who possesses a valid journeyman electrician certificate of competency in effect for the previous four years and a valid general administrator’s certificate may apply for a master journeyman electrician certificate of competency without examination.

(b) Before July 1, 2005, an applicant who possesses a valid specialty electrician certificate of competency, in the specialty applied for, for the previous two years and a valid specialty administrator’s certificate, in the specialty applied for, may apply for a master specialty electrician certificate of competency without examination.

(ii) A person who provides evidence in a form prescribed by the department affirming that: (A) He or she was employed as of April 1, 2003, by a factory-authorized equipment dealer or service company; and (B) he or she has worked in equipment repair for a minimum of four thousand hours.

(d) To be eligible to take the examination for a master journeyman electrician certificate of competency the applicant must have possessed a valid journeyman electrician certificate of competency for four years.

(e) To be eligible to take the examination for a master specialty electrician certificate of competency the applicant must have possessed a valid specialty electrician certificate of competency, in the specialty applied for, for two years.

(f) To be eligible to take the examination for a journeyman electrician certificate of competency the applicant must have:

(i) Worked in the electrical construction trade for a minimum of eight thousand hours, of which four thousand hours shall be in industrial or commercial electrical installation under the supervision of a master journeyman electrician or journeyman electrician and not more than a total of four thousand hours in all specialties under the supervision of a master journeyman electrician, journeyman electrician, master specialty electrician working in that electrician’s specialty, or specialty electrician working in that electrician’s specialty. Speciality electricians with less than four thousand hour work experience requirement cannot credit the time required to obtain that specialty towards qualifying to become a journeyman electrician; or

(ii) Successfully completed an apprenticeship program approved under chapter 49.04 RCW for the electrical construction trade.

(g) To be eligible to take the examination for a specialty electrician certificate of competency the applicant must have:

(i) Worked in the electrical construction trade at public community or technical colleges, or for not-for-profit nationally accredited technical or trade schools licensed by the work force training and education coordinating board under chapter 28C.10 RCW may substitute up to two years of the technical or trade school program for two years of work experience under a master journeyman electrician or journeyman electrician. The applicant shall obtain the additional two years of work experience required in industrial or commercial electrical installation prior to the beginning, or after the completion, of the technical school program. Any applicant who has received training in the electrical construction trade in the armed services of the United States may be eligible to apply armed service work experience towards qualification to take the examination for an appropriate specialty electrician certificate of competency.
(vi)(i) The department must determine whether hours of training and experience in the armed services or school program are in the electrical construction trade and appropriate as a substitute for hours of work experience. The department must use the following criteria for evaluating the equivalence of classroom electrical training programs and work in the electrical construction trade:

(i) A two-year electrical training program must consist of three thousand or more hours.

(ii) In a two-year electrical training program, a minimum of two thousand four hundred hours of student/instructor contact time must be technical electrical instruction directly related to the scope of work of the electrical specialty. Student/instructor contact time includes lecture and in-school lab.

(iii) The department may not allow credit for a program that accepts more than one thousand hours transferred from another school’s program.

(iv) Electrical specialty training school programs of less than two years will have all of the above student/instructor contact time hours proportionately reduced. Such programs may not apply to more than fifty percent of the work experience required to attain certification.

(v) Electrical training programs of less than two years may not be credited towards qualification for journeyman electrician unless the training program is used to gain qualification for a four thousand hour electrical specialty.

(vi)(k) No other requirement for eligibility may be imposed.

(2) The department shall establish reasonable rules for the examinations to be given applicants for certificates of competency. In establishing the rules, the department shall consult with the board. Upon determination that the applicant is eligible to take the examination, the department shall notify the applicant, indicating the time and place for taking the examination.

(3) No noncertified individual may work unsupervised more than one year beyond the date when the trainee would be eligible to test for a certificate of competency if working on a full-time basis after original application for the trainee certificate. For the purposes of this section, full-time basis means two thousand hours.

PART 7 - BOILER REPAIR

NEW SECTION. Sec. 701. (1) Until July 1, 2004, the department of labor and industries shall cease to administer and enforce licensing requirements under RCW 19.28.091, certification requirements under RCW 19.28.161, and inspection and permitting requirements under RCW 19.28.101, as applied only to maintenance work on the electrical controls of a boiler performed by an employee of a service company.

If the person does not renew the certificate within ninety days of the renewal date, he or she must retake the examination and pay the examination fee.

The journeyman plumber and specialty plumber certificates of competency, the medical gas piping installer endorsement, and the temporary permit provided for in this chapter grant the holder the right to engage in the work of plumbing as a journeyman plumber, specialty plumber, or medical gas piping installer, in accordance with their provisions throughout the state and within any of its political subdivisions on any job or any employment without additional proof of competency or any other license or permit or fee to engage in the work. This section does not preclude employees from adhering to a union security clause in any employment where such a requirement exists.

(2) A person who is indentured in an apprenticeship program approved under chapter 49.04 RCW for the plumbing construction trade or who is learning the plumbing construction trade may work in the plumbing construction trade if supervised by a certified journeyman plumber or a certified specialty plumber in that plumber’s specialty. All apprentices and individuals learning the plumbing construction trade
shall obtain a plumbing training certificate from the department. The certificate shall authorize the holder to learn the plumbing construction trade while under the direct supervision of a journeyman plumber or a specialty plumber working in his or her specialty. The holder of the plumbing training certificate shall renew the certificate annually. At the time of renewal, the holder shall provide the department with an accurate list of the holder’s employers in the plumbing construction industry for the previous year and the number of hours worked for each employer. An annual fee shall be charged for the issuance or renewal of the certificate. The department shall set the fee by rule. The fee shall cover but not exceed the cost of administering and enforcing the trainee certification and supervision requirements of this chapter. Apprentices and individuals learning the plumbing construction trade shall have their plumbing training certificates in their possession at all times that they are performing plumbing work. They shall show their certificates to an authorized representative of the department at the representative’s request.

(3) Any person who has been issued a plumbing training certificate under this chapter may work if that person is under supervision. Supervision shall consist of a person being on the same job site and under the control of either a journeyman plumber or an appropriate specialty plumber who has an applicable certificate of competency issued under this chapter. Either a journeyman plumber or an appropriate specialty plumber shall be on the same job site as the noncertified individual for a minimum of seventy-five percent of each working day unless otherwise provided in this chapter. The ratio of noncertified individuals to certified journeymen or specialty plumbers working on a job site shall be: (a) (From July 28, 1985, through June 30, 1988, not more than three noncertified plumbers working on any one job site for every certified journeyman or specialty plumber. (b) effective July 1, 1988.) Not more than two noncertified plumbers working on any one job site for every certified specialty plumber or journeymen plumber working as a specialty plumber; and (iii) effective July 1, 1988) (b) not more than one noncertified plumber working on any one job site for every certified journeyman plumber working as a journeyman plumber.

An individual who has a current training certificate and who has successfully completed or is currently enrolled in an approved apprenticeship program or in a technical school program in the plumbing construction trade in a school approved by the work force training and education coordinating board, may work without direct on-site supervision during the last six months of meeting the practical experience requirements of this chapter.

(4) An individual who has a current training certificate and who has successfully completed or is currently enrolled in a medical gas piping installer training course approved by the department may work on medical gas piping systems if the individual is under the direct supervision of a certified medical gas piping installer who holds a medical gas piping installer endorsement one hundred percent of a working day on a one-to-one ratio.

(5) The training to become a certified plumber must include not less than sixteen hours of classroom training established by the director with the advice of the advisory board. The classroom training must include, but not be limited to, electrical wiring safety, grounding, bonding, and other related items plumbers need to know to work under RCW 19.28.091.

(6) All persons who are certified plumbers before January 1, 2003, are deemed to have received the classroom training required in subsection (5) of this section.

MESSAGE FROM THE HOUSE

April 14, 2003

MR. PRESIDENT:

The House has passed SENATE BILL NO. 5935 with the following amendment(s):

NEW SECTION. Sec. 5. (1) Because of the possibility of a disaster of unprecedented size and destruction, including acts of domestic terrorism and civil unrest, that requires law enforcement response for the protection of persons or property and preservation of the peace, the need exists to ensure that the state is adequately prepared to respond to such an incident. There is a need to (a) establish a mechanism and a procedure to provide for reimbursement to law enforcement agencies that respond to help others in time of need, and to host law enforcement agencies that experience expenses beyond the resources of the agencies; and (b) generally to protect the public safety, peace, health, lives, and property of the people of Washington.

(2) It is hereby declared necessary to:
(a) Provide the policy and organizational structure for large-scale mobilization of law enforcement resources in the state, using the incident command system, through creation of the Washington state law enforcement mobilization plan;
(b) Confer upon the chief of the Washington state patrol the powers provided in this chapter;
(c) Provide a means for reimbursement to law enforcement jurisdictions that incur expenses when mobilized by the chief under the Washington state law enforcement mobilization plan; and
(d) Provide for reimbursement of the host law enforcement agency when it has:
   (i) Exhausted all of its resources; and
   (ii) Invoked its local mutual aid network and exhausted those resources.

**NEW SECTION.**  Sec. 6. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Agency" means any general purpose law enforcement agency as defined in RCW 10.93.020.
(2) "Board" means the state law enforcement mobilization policy board.
(3) "Chief" means the chief of the Washington state patrol.
(4) "Chief law enforcement officer" means the chief of police or sheriff responsible for law enforcement services in the jurisdiction in which the emergency is occurring.
(5) "General authority Washington peace officer" means a general authority Washington peace officer as defined in RCW 10.93.020.
(6) "Host agency" means the law enforcement agency that requests statewide mobilization under sections 6 through 11 of this act.
(7) "Mobilization" means a redistribution of regional and statewide law enforcement resources in response to an emergency or disaster situation.
(8) "Mutual aid" means emergency interagency assistance provided without compensation pursuant to an agreement under chapter 39.34 RCW.
(9) "Resource coordination" means the effort to locate and arrange for the delivery of resources needed by chief law enforcement officers.
(10) "State law enforcement resource coordinator" means a designated individual or agency selected by the chief to perform the responsibilities of that position.

**NEW SECTION.**  Sec. 7. (1) The state law enforcement mobilization policy board shall be established by the chief and shall have representatives from each of the regions established in section 10 of this act. In carrying out its duty, the board shall consult with and solicit recommendations from representatives of the state and local law enforcement and emergency management organizations, and regional law enforcement mobilization committees.
(2) The board shall establish and make recommendations to the chief on the refinement and maintenance of the Washington state law enforcement mobilization plan, including the procedures to be used during an emergency or disaster response requiring coordination of local, regional, and state law enforcement resources.
(3) The chief shall review the Washington state law enforcement mobilization plan, as submitted by the board, recommend changes as necessary, and may approve the plan. The plan shall be consistent with the Washington state comprehensive emergency management plan. The chief may recommend the plan for inclusion within the state comprehensive emergency management plan established under chapter 38.52 RCW.

**NEW SECTION.**  Sec. 8. (1) Local law enforcement may request mobilization only in response to an emergency or disaster exceeding the capabilities of available local resources and those available through existing mutual aid agreements. Upon finding that the local jurisdiction has exhausted all available resources, it is the responsibility of the chief to determine whether mobilization is the appropriate response to the emergency or disaster and, if so, to mobilize jurisdictions under the Washington state law enforcement mobilization plan.
(2) Upon mobilization, the chief shall appoint a state law enforcement resource coordinator, and an alternate, who shall serve jointly with the chief law enforcement officer from the host agency to command the mobilization effort consistent with incident command system procedures.
(3) Upon mobilization, all law enforcement resources including those of the host agency and those that responded earlier under an existing mutual aid or other agreement shall be mobilized. Mobilization may include the redistribution of regional or statewide law enforcement resources to either direct emergency incident assignments or to assignments in communities where law enforcement resources are needed.
(4) For the duration of the mobilization:
   (a) Host agency resources shall become state law enforcement mobilization resources, under the command of the state law enforcement resource coordinator and the chief law enforcement officer from the host agency, consistent with the state law enforcement mobilization plan and incident command system procedures;
   (b) All law enforcement authorities providing resources in response to a mobilization declaration shall be eligible for expense reimbursement as provided by this chapter.
(5) The chief, in consultation with the regional law enforcement resource coordinator, shall determine when mobilization is no longer required and shall then declare the end to the mobilization.

**NEW SECTION.**  Sec. 9. (1) The state law enforcement resource coordinator, or alternate, shall serve in that capacity for the duration of the mobilization.
(2) The duties of the coordinator are to:
   (a) Coordinate the mobilization of law enforcement and other support resources within a region;
   (b) Be primarily responsible for the coordination of resources in conjunction with the regional law enforcement mobilization committees, in the case of incidents involving more than one region or when resources from more than one region must be mobilized; and
   (c) Advise and consult with the chief regarding what resources are required in response to the emergency or disaster and in regard to when the mobilization should end.

**NEW SECTION.**  Sec. 10. (1) Regions within the state are initially established as follows and may be adjusted as necessary by the state law enforcement policy board, but should remain consistent with the Washington state fire defense regions:
   (a) Central region - Grays Harbor, Thurston, Pacific, and Lewis counties;
   (b) Lower Columbia region - Klickitat, Yakima, and Klickitat counties;

(2) Within each of the regions there is created a regional law enforcement mobilization committee. The committees shall consist of the sheriff of each county in the region, the district commander of the Washington state patrol from the region, a number of police chiefs within the region equivalent to the number of counties within the region plus one, and the director of the counties' emergency management office. The police chief members of each regional committee must include the chiefs of police of each city of ninety-five thousand or more
population, and the number of members of the committee shall be increased if necessary to accommodate such chiefs. Members of each regional mobilization committee shall select a chair, who shall have authority to implement the regional plan, and a secretary as officers. Members serving on the regional mobilization committees shall not be eligible for reimbursement for meeting-related expenses from the state.

3. The regional mobilization committees shall work with the relevant local government entities to facilitate development of intergovernmental agreements if any such agreements are required to implement a regional law enforcement mobilization plan.

MR. PRESIDENT:

The House has passed SUBSTITUTE SENATE BILL NO. 5787 with the following amendment(s):

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. A new section is added to chapter 90.48 RCW to read as follows:

1. In order to ensure that construction projects involving the use of fill material do not pose a threat to water quality, the department may require that the suitability of potential fill material be evaluated using a leaching test included in the soil clean-up rules adopted by the department under chapter 70.105D RCW in any water quality certification issued under section 401 of the federal clean water act and in any administrative order issued under this chapter, where such certification or administrative order authorizes the placement of fill material, some or all of which will be placed in waters of the state. Any such requirement imposed by the department in a water quality certification or administrative order issued prior to the effective date of this section is ratified and approved by the legislature as a valid and reliable method for determining concentrations of chemical constituents that can be present in fill material without posing an unacceptable risk of violating water quality standards, and shall be in effect as imposed by the department for all work not completed by June 1, 2003.

2. Nothing in this section limits, in any way, the department’s authority under this chapter.

NEW SECTION. Sec. 2. A new section is added to chapter 90.48 RCW to read as follows:

The department shall identify the leaching tests utilized for evaluating the potential impacts to water quality in situations where fill material is imported. The tests may include those identified in the soil clean-up rules adopted by the department under chapter 70.105D RCW. The department shall also identify any gaps in leaching test methodology. The department shall report both the leaching test list and the list of test methodology gaps to the appropriate committees of the legislature by December 31, 2003.

MESSAGE FROM THE HOUSE

April 21, 2003

MR. PRESIDENT:

The House refuses to concur in the Senate amendment(s) to SUBSTITUTE HOUSE BILL NO. 1057 and asks the Senate to recede therefrom, and the same are herewith transmitted.

CYNTHIA ZEHNDER, Chief Clerk

MOTION

On motion of Senator Oke, the Senate receded from the Senate amendment(s) to Substitute House Bill No. 1057.

MOTIONS

On motion of Senator Oke, the rules were suspended. Substitute House Bill No. 1057 was returned to second reading and read the second time.

Senator Oke moved that the following amendment by Senators Oke, Doumit and Keiser be adopted:
Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1)(a) The legislature finds that existing law as it relates to the suspension of commercial fishing licenses does not take into account the real-life circumstances faced by the state’s commercial fishing fleets. The nature of the commercial fishing industry, together with the complexity of fisheries regulations, is such that honest mistakes can be made by well-meaning and otherwise law-abiding fishermen. Commercial fishing violations that occur within an acceptable margin of error should not result in the suspension of fishing privileges. Likewise, fishermen facing the possibility of license suspension or revocation deserve the opportunity to explain any extenuating circumstances prior to having his or her professional privileges suspended.

(b) The legislature intends, by creating the license suspension review committee, to provide a fisher with the opportunity to explain any extenuating circumstances that led to a commercial fishing violation. The legislature intends for the license suspension review committee to give serious considerations to the case-specific facts and scenarios leading up to a violation, and for license suspensions to issue only when the facts indicate a willful act that undermines the conservation of fish stocks. Frivolous violations should not result in the suspension of privileges, and should be punished only by the criminal sanctions attached to the underlying crime.

(2)(a) The legislature further finds that gross abuses of fish stocks should not be tolerated. Individuals convicted of even one violation that is egregious in nature, causing serious detriment to a fishery or the competitive disposition of other fishers, should have his or her license suspended and revoked.

(b) The legislature intends for the license suspension review committee to take egregious fishermen’s violations seriously. When dealing with individuals convicted of only one violation, the license suspension review committee should only consider suspension for individuals that are convicted of violations that are of a severe magnitude and show a wanton disregard for the public’s resource.

Sec. 2. RCW 77.15.700 and 2001 c 253 s 46 are each amended to read as follows:

The department shall impose revocation and suspension of privileges upon conviction in the following circumstances:

(1) If directed by statute for an offense;

(2) If the department finds that actions of the defendant demonstrated a willful or wanton disregard for conservation of fish or wildlife. Such suspension of privileges may be permanent. This subsection (2) does not apply to violations involving commercial fishing;

(3) If a person is convicted twice within ten years for a violation involving unlawful hunting, killing, or possessing big game, the department shall order revocation and suspension of all hunting privileges for two years. RCW 77.12.722 or 77.16.050 as it existed before June 11, 1998, may comprise one of the convictions constituting the basis for revocation and suspension under this subsection;

(4) If a person is convicted three times within ten years for any violation of recreational hunting or fishing laws or rules, the department shall order a revocation and suspension of all recreational hunting and fishing privileges for two years;

(5) If a person is convicted twice within five years of a gross misdemeanor or felony involving unlawful commercial fish or shellfish harvesting, buying, or selling, the department shall impose a revocation and suspension of the person’s commercial fishing privileges for one year. A commercial fishery license revoked under this subsection may not be used by an alternate operator or transferred during the period of suspension.

NEW SECTION. Sec. 3. A new section is added to chapter 77.15 RCW to read as follows:

(1) If a person is convicted of two or more qualifying commercial fishing violations within a three-year period, the person’s privileges to participate in the commercial fishery to which the violations applied may be suspended by the director for up to one year. A commercial fishing license that is suspended under this section may not be transferred after the director issues a notice of suspension, or used by an alternative operator or transferred during the period of suspension, if the person who is the subject of the suspension notice is the person who owns the commercial fishery license.

(2) For the purposes of this section only, “qualifying commercial fishing violation” means either:

(a) A conviction under RCW 77.15.501, 77.15.510, 77.15.520, 77.15.530, 77.15.550(b)(a), 77.15.570, 77.15.580, or 77.15.590;

(b) A gross misdemeanor or felony involving commercial fish harvesting, buying, or selling that is unlawful under the terms of the license, this title, or the rules issued pursuant to this title, if the quantity of unlawfully harvested, possessed, bought, or sold fish, other than shellfish, groundfish, or coastal pelagic species of baitfish totals greater than six percent, by weight, of the harvest available for inspection at the time of citation and has a cumulative value greater than five hundred dollars; or (ii) the quantity, by weight, of the unlawfully harvested, possessed, bought, or sold shellfish is more than ten percent greater than the landing allowances provided under rules adopted by the department for species categorized as over-fished by the national marine fisheries service; or

(d) A gross misdemeanor or felony involving commercial shellfish harvesting, buying, or selling that is unlawful under the terms of the license, this title, or the rules issued pursuant to this title, if the quantity of unlawfully harvested, possessed, bought, or sold shellfish: (i) Totals greater than six percent of the harvest available for inspection at the time of citation; (ii) totals fifty hundred or more individual shellfish; and (iii) is valued at two thousand five hundred dollars or more.

(3)(a) The director may refer any person convicted of one egregious shellfish violation to the license suspension review committee if the director feels that the qualifying commercial fishing violation was of a severe enough magnitude to justify suspension of the individual’s license renewal privileges.

(b) The director may refer any person convicted of one egregious shellfish violation to the license suspension review committee.

(c) For the purposes of this section only, “egregious shellfish violation” means a gross misdemeanor or felony involving commercial shellfish harvesting, buying, or selling that is unlawful under the terms of the license, this title, or the rules issued pursuant to this title, if the quantity of unlawfully harvested, possessed, bought, or sold shellfish:

(i) Totals greater than six percent of the harvest available for inspection at the time of citation; (ii) totals fifty hundred or more individual shellfish; and (iii) is valued at two thousand five hundred dollars or more.

(4) A person who has a commercial fishing license suspended or revoked under this section may file an appeal with the license suspension review committee pursuant to section 4 of this act. An appeal must be filed within thirty-one days of notice of license suspension or revocation. If an appeal is filed, the suspension or revocation issued by the department does not take effect until after the license suspension review committee has delivered an opinion. If no appeal is filed within thirty-one days of notice of license suspension or revocation, the right to an appeal is considered waived. All suspensions ordered under this section take effect either thirty-one days from the date of conviction for violation of the second qualifying commercial fishing violation, or upon a decision pursuant to section 4 of this act, whichever is later.

(5) A fishing privilege suspended under this section is in addition to the statutory penalties assigned to the underlying crime.

(6) For the purposes of this section only, the burden is on the state to show the dollar amount or the percent of a harvest that is comprised of unlawfully harvested, bought, or sold individual fish or shellfish.

NEW SECTION. Sec. 4. A new section is added to chapter 77.15 RCW to read as follows:

(1) The licence suspension review committee is created. The licence suspension review committee may only hear appeals from commercial fishers who have had a license revoked or suspended pursuant to section 3 of this act.

(2)(a) The license suspension review committee is composed of five voting members and up to four alternates.
(b) Two of the members must be appointed by the director and may be department employees.
(c) Three members, and up to four alternates, must be peer-group members, who are individuals owning a commercial fishing license issued by the department. If a peer-group member appears before the license suspension review committee because of a qualifying commercial fishing violation, the member must recuse himself or herself from the proceedings relating to that violation. No two voting peer-group members may reside in the same county. All peer-group members must be appointed by the commission, who may accept recommendations from professional organizations that represent commercial fishing interests or from the legislative authority of any Washington county.
(d) All license suspension review committee members serve a two-year renewable term.
(e) The commission may develop minimum member standards for service on the license suspension review committee, and standards for terminating a member before the expiration of his or her term.
(f) The license suspension review committee must convene and deliver an opinion on a license renewal within three months of appeal or of referral from the department. The director shall consider the committee's opinion and make a decision and may issue, not issue, or modify the license suspension.
(g) The license suspension review committee shall collect the information and hear the testimony that it feels necessary to deliver an opinion on the proper length, if any, of a suspension of a commercial license. The opinion may be based on extenuating circumstances presented by the individual convicted of the qualifying commercial fishing violation or considerations of the type and magnitude of violations that have been committed by the individual. The maximum length of any suspension may not exceed one year.
(h) All opinions of the license suspension review committee must be by a majority vote of all voting members. Alternate committee members may only vote when one of the voting members is unavailable, has been recused, or has decided not to vote on the case before the committee. Nonvoting alternates may be present and may participate at all license suspension review committee meetings.
(i) Members of the license suspension review committee serve as volunteers, and are not eligible for compensation other than travel expenses pursuant to RCW 43.03.050 and 43.03.060.
(7) Staff of the license suspension review committee must be provided by the department.

Sec. 5. RCW 77.65.030 and 2001 c 244 s 2 are each amended to read as follows:
The application deadline for a commercial license or permit established in this chapter is December 31st of the calendar year for which the license or permit is sought. The department shall accept no license or permit applications after December 31st of the calendar year for which the license or permit is sought. The application deadline in this section does not apply to a license or permit that has not been renewed because of the death or incapacity of the license or permit holder. The license or permit holder's surviving spouse, estate, (or) estate beneficiary, attorney in fact, or guardian must be given (a reasonable opportunity) an additional one hundred eighty days to renew the license or permit.

NEW SECTION. Sec. 6. Section 5 of this act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately."

MESSAGE FROM THE GOVERNOR

VETO MESSAGE ON SENATE BILL NO. 5632

APRIL 23, 2003

To the Honorable President and Members,

The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval, Senate Bill No. 5632 entitled:

"AN ACT Relating to utility relocation costs;"

This bill amends 81.112 RCW, enabling legislation for the Regional Transit Authority (RTA), to provide that the costs to relocate utility facilities required for construction of rail fixed guideway systems is a cost of the projects and must be paid by the RTA. It also provides that the RTA must negotiate the engineering, design, and route selection of the system with affected utilities.

Under traditional common law and under current state statute, when local governments make improvements to rights-of-way, utilities displaced by those improvements are required in most instances to pay the costs of relocation. Sound
Transit and local governments properly relied on this existing law in preparing their budgets and design plans for the Tacoma and Central Link light rail projects.

Construction, including utility relocation, of the Tacoma and Central Links projects is already under way. To shift relocation costs from the utilities to Sound Transit at this late date would potentially disrupt or delay transportation projects that are vital to the Puget Sound region. I also have concerns with the provisions of the bill that could be interpreted as requiring utilities’ approval of engineering, design, and route selection of the system.

Although I am vetoing Senate Bill No. 5632, the proponents have raised some important issues.Telecommunications and energy utilities provide services that are no less critical to our state’s economy than transportation. When transportation projects impose obligations on utilities that cause their costs to increase, those increased costs must be borne by businesses, homes, schools, and government institutions in the form of higher utility rates or reduced investments in needed telecommunications or energy infrastructure. I believe it is appropriate for regulatory bodies to acknowledge the added costs of utility relocation in rate-setting proceedings.

Citizens are both taxpayers and utility ratepayers. Whether the costs of transit projects are paid by taxpayers or by utility ratepayers, they are paid by citizens. I would support thoughtful, comprehensive legislation on utility relocation that addresses both public and private utilities, and encompasses projects sponsored by state government, local government, regional transit authorities, and other public or quasi-public entities. Such legislation should also address reported inequities and inconsistencies in current utility relocation policies.

Utility relocation, whether assumed by the project sponsor or utility, is clearly one of the costs of building or improving public infrastructure. The public interest is best served by a fair and uniform policy to minimize these costs whenever possible.

For these reasons, I have vetoed Senate Bill No. 5632 in its entirety.

Respectfully submitted,
GARY LOCKE, Governor

MOTION

MESSAGE FROM HOUSE

April 21, 2003

MR. PRESIDENT:
The House refuses to concur in the Senate amendment(s) to SUBSTITUTE HOUSE BILL NO. 1571 and asks the Senate to recede therefrom, and the same are herewith transmitted.

CYNTHIA ZEHNDER, Chief Clerk

MOTION

On motion of Senator Stevens, the Senate receded from its amendment(s) to Substitute House Bill No. 1571.

MOTION

On motion of Senator Stevens, the rules were suspended, Substitute House Bill No. 1571 was returned to second reading and read the second time.

MOTION

On motion of Senator Stevens, the following striking amendment by Senators Stevens and Hargrove was adopted: Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that there is an urgent need for vigorous enforcement of child support obligations. The legislature further finds that the duty of child support to provide for the needs of dependent children, including their necessary food, clothing, shelter, education, and health care, should not be avoided because of where an obligor resides. A person owing a duty of child support who chooses to engage in behaviors that result in the person becoming incarcerated should not be able to avoid child support obligations.

The legislature also finds the current system of child support collections due from persons confined in state correctional facilities does not facilitate family preservation nor does it promote the best interests of children. Unless otherwise proscribed by federal law or court order, the legislature intends that, particularly in instances of very low payment levels, child support deductions go directly to the person or persons in whose custody the child is and who is responsible for the daily support of the child. The legislature does not intend the child support system to be a mechanism for the support of government, but rather to directly assist children in need of support."
Sec. 2. RCW 72.09.111 and 2002 c 126 s 2 are each amended to read as follows:
(1) The secretary shall deduct from the gross wages or gratuities of each inmate working in correctional industries work programs, taxes and legal financial obligations. The secretary shall also deduct child support payments from the gratuities of each inmate working in class II through class IV correctional industries work programs. The secretary shall develop a formula for the distribution of offender wages and gratuities.
(a) The formula shall include the following minimum deductions from class I gross wages and from all others earning at least minimum wage:
(i) Five percent to the public safety and education account for the purpose of crime victims' compensation;

(iii) Twenty percent to the department to contribute to the cost of incarceration; and
(iv) Twenty percent for payment of legal financial obligations for all inmates who have legal financial obligations owing in any Washington state superior court.

(iv) Twenty percent for payment of legal financial obligations for all inmates who have legal financial obligations owing in any Washington state superior court.

(6) Nothing in this section shall limit the authority of the department of social and health services division of child support from taking collection action against an inmate’s moneys, assets, or property pursuant to chapter 26.23, 74.20, or 74.20A RCW.

Sec. 3. RCW 72.09.480 and 1999 c 325 s 1 are each amended to read as follows:
(1) Unless the context clearly requires otherwise, the definitions in this section apply to this section.
(a) “Cost of incarceration” means the total cost of providing an inmate with shelter, food, clothing, transportation, supervision, and other services and supplies as may be necessary for the maintenance and support of the inmate while in the custody of the department, based on the average per inmate costs established by the department and the office of financial management.
(b) “Minimum term of confinement” means the minimum amount of time an inmate will be confined in the custody of the department.

An inmate may, prior to the completion of the fee-based education or vocational program authorized under this subsection, apply to a person designated by the secretary for permission to make a change in his or her program. The secretary, or his or her designee, may approve the application based solely on the following criteria: (a) The inmate has been transferred to another institution by the department for reasons unrelated to education or a change to a higher security classification and the offender’s current program is unavailable in the offender’s new placement; (b) the inmate entered an academic program as an undeclared major and wishes to declare a major. No inmate may apply for more than one change to his or her major and receive the exemption from deductions specified in this subsection; (c) the educational or vocational institution is terminating the inmate’s current program; or (d) the offender’s training or education has not progressed sufficiently to allow transfer to a new program.

The deductions required under subsection (2) of this section shall not apply to any money received by the department, on behalf of an inmate, from family or other outside sources for the payment of postage expenses. Money that remains unused in the inmate’s postage fund at the time of release shall be subject to the deductions outlined in subsection (2) of this section.

(7) When an inmate sentenced to life imprisonment without possibility of release or parole, or to death under chapter 10.95 RCW, receives any funds in addition to his or her gratuities, except settlements or awards resulting from legal action, the additional funds shall be subject to: Deductions of five percent for the public safety and education account for the purpose of crime victims’ compensation and twenty percent to the department to contribute to the cost of incarceration and fifteen percent to child support payments.

10. The county sheriff shall promptly forward this information to the Washington state patrol.

(b) Failure to register within the time required under this section constitutes a per se violation of this section and is punishable as provided in subsection (10) of this section. The county sheriff shall not be required to determine whether the person is living within the county.

(c) An arrest on charges of failure to register, service of an information, or a complaint for a violation of this section, or arraignment on charges for a violation of this section, constitutes actual notice of the duty to register. Any person charged with the crime of failure to register under this section who asserts as a defense the lack of notice of the duty to register shall register immediately following arraignment.

(d) The deadlines for the duty to register under this section do not relieve any sex offender of the duty to register under this section as it existed prior to July 28, 1991.
A sex offender subject to registration requirements under this section who applies to change his or her name under RCW 4.24.130 or any other law shall submit a copy of the application to the county sheriff of the county of the person’s residence and to the state patrol not fewer than five days before the entry of an order granting the name change. No sex offender under the requirement to register under this section at the time of application shall be granted an order changing his or her name if the court finds that doing so will interfere with legitimate law enforcement interests, except that no order shall be denied when the name change is requested for religious or legitimate cultural reasons or in recognition of marriage or dissolution of marriage. A sex offender under the requirement to register under this section who receives an order changing his or her name shall submit a copy of the order to the county sheriff of the county of the person’s residence and to the state patrol within five days of the entry of the order.

(8) The county sheriff shall obtain a photograph of the individual and shall obtain a copy of the individual’s fingerprints.

(9) For the purpose of RCW 9A.44.130, 10.01.200, 43.45.540, 70.48.470, and 72.09.530:

(a) "Sex offense" means:

(i) Any offense defined as a sex offense by RCW 9.94A.030;

(ii) Any violation under RCW 9A.44.096 (sexual misconduct with a minor in the second degree);

(iii) Any violation under RCW 9.68A.090 (communication with a minor for immoral purposes);

(iv) Any federal or out-of-state conviction for an offense that under the laws of this state would be classified as a sex offense under this subsection; and

(v) Any gross misdemeanor that is, under chapter 9A.28 RCW, a criminal attempt, criminal solicitation, or criminal conspiracy to commit an offense that is classified as a sex offense under RCW 9.94A.030 or this subsection.

(b) "Kidnapping offense" means: (I) The crimes of kidnapping in the first degree, kidnapping in the second degree, and unlawful imprisonment, as defined in chapter 9A.40 RCW, where the victim is a minor and the offender is not the minor’s parent; (ii) any offense that is, under chapter 9A.28 RCW, a criminal attempt, criminal solicitation, or criminal conspiracy to commit an offense that is classified as a kidnapping offense under this subsection (9)(b); and (iii) any federal or out-of-state conviction for an offense that under the laws of this state would be classified as a kidnapping offense under this subsection (9)(b).

(c) "Employed" or "carries on a vocation" means employment that is full-time or part-time for a period of time exceeding fourteen days, or for an aggregate period of time exceeding thirty days during any calendar year. A person is employed or carries on a vocation whether the person’s employment is financially compensated, volunteered, or for the purpose of government or educational benefit.

(d) "Student" means a person who is enrolled, on a full-time or part-time basis, in any public or private educational institution. An educational institution includes any secondary school, trade or professional institution, or institution of higher education.

(10) A person who knowingly fails to register with the county sheriff or notify the county sheriff, or who changes his or her name without notifying the county sheriff and the state patrol, as required by this section, is guilty of a class C felony if the individual was convicted was a felony sex offense as defined in subsection (9)(a) of this section or a federal or out-of-state conviction for an offense that under the laws of this state would be classified as a sex offense as defined in subsection (9)(b) of this section. If the crime was other than a felony or a federal or out-of-state conviction for an offense that under the laws of this state would be other than a felony, violation of this section is a gross misdemeanor.

(11) A person who knowingly fails to register or who moves within the state without notifying the county sheriff as required by this section is guilty of a class C felony if the crime for which the individual was convicted was a felony kidnapping offense as defined in subsection (9)(b) of this section or a federal or out-of-state conviction for an offense that under the laws of this state would be a felony kidnapping offense as defined in subsection (9)(b) of this section. If the crime was other than a felony or a federal or out-of-state conviction for an offense that under the laws of this state would be other than a felony, violation of this section is a gross misdemeanor."

There being no objection, the following title amendment was adopted: On page 1, line 2 of the title, after "offenders;" strike the remainder of the title and insert "and amending RCW 9A.44.130."

SENATE RESOLUTION 8678

By Senators West, Brown, Benton, Brandland, Carlson, Deccio, Doumit, Eide, Esser, Fairley, Finkbeiner, Franklin, Fraser, Hale, Hargrove, Haugen, Hewitt, Honeyford, Horn, Jacobsen, Johnson, Kastama, Keiser, Kline, Kohl-Welles, McAuliffe, McCaslin, Morton, Mulliken, Oke, Parlette, Poulsen, Prentice, Rasmussen, Reardon, Regala, Roach, Rossi, Schmidt, Sheahan, B. Sheldon, T. Sheldon, Shin, Spanel, Stevens, Swecker, Thibaudeau, Winsley and Zarelli
WHEREAS, The legislative process requires an accurate and timely reflection of the events which transpire during each legislative day, and the actions of the State Senate are recorded in the Senate Journal of the State of Washington, the official record of the Senate; and

WHEREAS, Mary Wiley is a most noble and gracious daughter of her native state of Kansas, having been born in Tampa, Kansas, and having followed, Ken, her dearly departed husband of 53 years, to Centralia, Washington; and

WHEREAS, Mary Wiley has served Washington State for almost twenty-four memorable years and the Washington State Senate for twenty of those years, beginning her legislative career in 1979 as a secretary in Lieutenant Governor John A. Cherberg's office, moving on to the Senate in 1983; and

WHEREAS, Mary Wiley has served with three Lieutenant Governors and six Secretaries of the Senate and, as Senate Journal Clerk and Minute Secretary, compiled 19 Senate Journals; and

WHEREAS, Mary's unfailing attention to detail, her unwavering dedication to each debate both large and small, as well as her imperturbable air of calm have kept the Senate's President, members, and staff on time and on track—lending each action civility and credibility; and

WHEREAS, Mary's humble and steadfast presence at the rostrum of the Senate has enabled this and past Presidents of the Senate and leaders from both sides of the aisle to confidently utter phrases like, "If Mary says that's where we're at, than that's where we're at." and "If Mary says that's what we did, then that's what we did."; and

WHEREAS, Mary has decided to retire after this session of the 58th Legislature and her twentieth Senate Journal, unannounced and without fanfare, from her position as Senate Journal Clerk where her excellent listening and transcribing skills and diligent transcription of the events of this institution for posterity will be long remembered and sorely missed; and

WHEREAS, Mary, exemplifying the helpfulness, the service, and the commitment to excellence that is the hallmark of Senate staff, has also been active in her community, serving on the Centralia School Board for 23 years and volunteering for a variety of meaningful activities and organizations within Lewis County; and

WHEREAS, Mary's late husband, Ken, and children, Jim Wiley, Jo Allen, Julie Mann, Linda Wiley, and Jon Wiley, as well as her nearly ten grandchildren, shared Mary with the Senate as she worked through numerous late-night sessions, weekend work, and other assignments as needed;

NOW, THEREFORE, BE IT RESOLVED, That the Washington State Senate duly honor and recognize Mary Wiley for her longstanding contribution to the Senate and the state of Washington; and

BE IT FURTHER RESOLVED, That the Senate wish for Mary the same amount of satisfaction and success from her future endeavors and offer its heartfelt gratitude for her diligent and oft-needed efforts to make each Lieutenant Governor and Senator and other speakers on the Senate Floor read as wise and profound for future generations as they thought they sounded in this one; and

BE IT FURTHER RESOLVED, That copies of this resolution be immediately transmitted by the Secretary of the Senate to Mary Wiley and her family.

MOTION

On motions of Senators Deccio and Haugen, the following remarks on Senate Resolution 8678 are to be spread across the Journal.

REMARKS BY SENATOR McCASLIN

Senator McCaslin: “Thank you, Mr. President. I have looked upon her beautiful face now for twenty-three years. I apologize that I haven’t reciprocated. Mary has been here so long she remembers when I had hair. I think the resolution says it all. She is just a super, super, super individual. She has always been courteous and helpful and like the resolution says, ‘If Mary says that is where it is,’ that is where it is. May God Bless You and your family in your retirement. We will miss you terribly.”

REMARKS BY SENATOR SPANEL

Senator Spanel: “I, too, want to thank Mary for her long work in the Senate. The resolution says it all, because she does it in a quiet manner and makes sure this place is recorded in the right way and has done an excellent job. So, I thank you very, very much and wish you well in your retirement. I think the other paragraph that really caught my eye is that we all spend weekends here, late nights, and a lot of time away from our families. Our staff does too, and especially Mary, as she has had to write those Journals. So, thank you for all the time that you have given to the Washington State Senate.”
REMARKS BY SENATOR DECCIO

Senator Deccio: “The first time that I laid eyes on Mary Wiley was in the 1981 Session. She worked so quietly and so efficiently that it took me two years to figure out who she was. I would like to add my remarks along with Senator McCaslin. You have been a great image for the Senate in the way you have done your work. As kind as you have been, some of us, sometimes, deserve a kick in the pants, rather than the kindness that you have shown and I also want to express my appreciation for all you have done for us.”

REMARKS BY SENATOR HALE

Senator Hale: “Thank you, Mr. President. I, too, would like to rise to offer a heartfelt thanks and best wishes to Mary on your retirement. You know, Mary is a wonderful example of the quiet unsung heros—the people who really make the Legislature go. They don’t always receive the accolades they deserve, but Mary, they are yours, my dear, and best of luck to you.”

REMARKS BY SENATOR SWECKER

Senator Swecker: “Thank you, Mr. President. Well, Mary, I have to know that your diligence and your work here probably compare favorably to the things that you did at home, because I am a good friend of your son Jon and his family, and your grandchildren. I can tell you that they are spectacular and that you did as much good there as you did here. So, we thank you.”

REMARKS BY SENATOR FRANKLIN

Senator Franklin: “Thank you Mr. President. I would like to also add my voice of support and thank-you’s for what Mrs. Wiley has done for us these many years. I have watched her very closely—the quietness and the efficiency by which she does her work is really an example for all of us. I don’t think I have ever heard her say more that two words, because she is so quiet and so concentrated on what she is doing. We certainly appreciate all that you have done.

“Then, we want to thank your family for allowing you to be here and to share you for these many years, because I am sure with these late night hours that you have worked, you have not been able to spend that much time with them. You will have time with them now. I wish you well in your retirement, but I bet you won’t retire. I will bet that you will find something else to do. Good luck!”

The President declared the question before the Senate to be the adoption of Senate Resolution 8678. The motion by Senator McCaslin carried and Senate Resolution 8678 was adopted.

REMARKS BY PRESIDENT OWEN

President Owen: “Mary, I have the pleasure at this time of being able to actually sign a resolution. They even let me put my name on it, too, as well as the Secretary of the Senate. With your indulgence and your permission, the President would like to make a couple of comments. First off, there are a couple of you who should have stood up and apologized. I say that because there have been a couple of sessions where something happened that inspired you to have the words ‘spread upon the Journal,’ of some brilliant remark that some Senator has made, which went on for fifteen or twenty minutes. I don’t know if you know, but Mary has to transcribe that by hand. She has done that faithfully.

“You may have noticed that I will once in awhile lean over like this----that is asking those questions like, ‘Mary, where are we--what are actually on--what motion or has this motion been made,’ and she has it all right there. I can’t tell you how dedicated that she has been to this place over the years. It has been a pleasure and an honor and a sense of relief for me to have—and for all of us to have her sitting in that chair there.

“I also have learned something else. That is, what the look means--do you ever notice--the look means you screwed up. She is right every time, so it has been a great pleasure. We are going to miss you. So that you don’t forget us, we have a couple of gifts for you from the Senate and from some of the staff up here and myself. To start with, this bouquet of flowers is in crystal vase with the Seal of the state of Washington on it. Here is another little gift we would like to give to you and we would be happy to have you open it so the Senators can see it. Again, it is crystal, a jewelry box with the Seal of the state of Washington on it with a nice inscription, which reads, ‘Mary Wiley, we thank you, The Washington State Senate.’ In addition to that, we do have a gift certificate to you for Anthoyns, and I am available this evening—I don’t know, six o’clock?”

REMARKS BY MARY WILEY

Mary Wiley: “Well, this is quite a surprise! When I told Milt, before the session started, that this would be my last Journal—and no one has really said much about it, I thought that maybe it was not going to happen. I didn’t know, but I was still planning to retire after I finished the Journal this year. I do thank you for all your cooperation and all the kind words today. I wish they were all true. I have enjoyed ever minute I have been here and it has been a challenge at times, but the Journals have been printed and I thank you all again.

“I see my family back there. What a nice surprise to have them here! I saw them a few days ago at Easter and get to see them again a couple of days later. They are here with the grandchildren and I will talk to them later.”
REMARKS BY PRESIDENT OWEN

President Owen: “I probably shouldn’t have announced out loud that you had that gift certificate for dinner, since they are all here. I suspect someone will probably stand up and make a motion to spread upon the Journal all the words of this resolution. Senator Deccio—”

REMARKS BY SENATOR DECCIO

Senator Deccio: “I move that the remarks by Mary Wiley be entered into the Journal. Thank you.”

REMARKS BY SENATOR HAUGEN

Senator Haugen: “Yes, Mr. President, I think we need to have the words said about her also be entered in the Journal—not just her words.”

REPLY BY THE PRESIDENT

President Owen: “I accept that as a friendly amendment. Mary, are you getting this down?”

The President declared the motion before the Senate to be the motion, as amended, to have the words of this resolution be spread upon the Journal.

The motion carried and the words on Resolution 8678 will be spread upon the Journal.

REMARKS BY THE PRESIDENT

President Owen: “Mary, will you get right to work on that? It is a great privilege and honor for the President to be able to introduce the wonderful family of Mary Wiley that is here with us today. Hopefully, I have everybody—I am not sure, but I do have Jim Wiley, her eldest son; her eldest daughter, Linda Wiley and her son—Mary’s grandson, Evan Wiley; her daughter, Jo Allen; and her son Jon Wiley and his wife Nicole and their children—Mary’s grandchildren—Lauren, Blake, Laurissa and Tessa Wiley. Welcome to the Washington State Senate and thank you for sharing her with us for twenty-five years.

“I am suppose to announce that there is going to be a reception for Mary in the Reception Room directly after recess or adjournment.”

At 12:16 p.m., on motion of Senator Sheahan, the Senate recessed until 2:00 p.m.

The Senate was called to order at 2:00 p.m. by President Owen.

**MESSAGE FROM THE HOUSE**

April 16, 2003

MR. PRESIDENT:

The House has passed SUBSTITUTE SENATE BILL NO. 5974, with the following amendment(s):

"Sec. 1. RCW 47.60.135 and 1997 c 323 s 2 are each amended to read as follows:

(1) The charter use of Washington State Ferry vessels when established route operations and normal user requirements are not disrupted is permissible. In establishing chartering agreements, Washington State Ferries shall consider the special needs of local communities and interested parties. Washington State Ferries shall use sound business judgment and be sensitive to the interests of existing private enterprises.

(2) Consistent with the policy as established in subsection (1) of this section, the (general manager) chief executive officer of the Washington State Ferries may approve agreements for the chartering of Washington State Ferry vessels to groups or individuals, including hazardous material transporters, in accordance with the following:

(a) Vessels may be committed to charter only when established route operation and normal user requirements are not disrupted or inconvenienced. If a vessel is engaged in the transport of hazardous materials, the transporter shall pay for all legs necessary to complete the charter, even if the vessel is simultaneously engaged in an operational voyage on behalf of Washington State Ferries.

(b) Charter rates for vessels must be established at actual vessel operating costs plus ((fifty percent of such actual costs rounded to the nearest fifty dollars)) a market-rate profit margin. Actual vessel operating costs include, but are not limited to, all labor, fuel, and vessel maintenance costs incurred due to the charter agreement, including deadheading and standby."
CHARTER CRUISE AGREEMENT

On this ______________ day of ______________, Washington State Ferries (WSF) and ______________, hereinafter called Lessee, enter into this agreement for rental of a ferry vessel for the purpose of a charter voyage to be held on ______________, the parties agree as follows:

1. WSF agrees to supply the vessel ______________ (subject to change) for the use of the Lessee from ______________ to ______________ on ______________ (date).

2. The maximum number of passengers; or in the case of hazardous materials transports, trucks and trailers; that will be accommodated on the assigned vessel is ______________. This number MAY NOT be exceeded.

3. The voyage will originate at ______________, and the route of travel during the voyage will be as follows:

4. The charge for the above voyage is ______________ dollars ($ ______________) plus a property damage deposit of $350 for a total price of $ ______________ to be paid by cashier’s check three working days before the date of the voyage at the offices of the WSF at Seattle Ferry Terminal, Pier 52, Seattle, Washington 98104. The Lessee remains responsible for property damage in excess of $350.

5. WSF is responsible only for the navigational operation of the chartered ferry and in no way is responsible for directing voyage activities, producing and self-liquidating undertaking.

6. Other than for hazardous materials transport, the voyage activities must be conducted exclusively on the passenger decks of the assigned ferry. Voyage patrons will not be permitted to enter the pilot house or the engine room, nor shall the vehicle decks be used for any purpose other than loading or unloading of voyage patrons or hazardous materials.

7. If the Lessee or any of the voyage patrons will possess or consume alcoholic beverages aboard the vessel, the Lessee must obtain the appropriate licenses or permits from the Washington State Liquor Control Board. The Lessee must furnish copies of any necessary licenses or permits to WSF at the same time payment for the voyage is made. Failure to comply with applicable laws, rules, and regulations of appropriate State and Federal agencies is cause for immediate termination of the voyage, and WSF shall retain all payments made as liquidated damages.

8. WSF is not obligated to provide shore-side parking for the vehicles belonging to voyage patrons.

9. The Lessee recognizes that the primary function of the WSF is for the cross-Sound transportation of the public and the maintaining of the existing schedule. The Lessee recognizes therefore the right of WSF to cancel a voyage commitment without liability to the Lessee due to unforeseen circumstances or events that require the use of the chartered vessel on its scheduled route operations. In the event of such a cancellation, WSF agrees to refund the entire amount of the charter fee to the Lessee.

10. General Manager

Sec. 2. RCW 47.60.140 and 1995 1st sp.s. c 4 s 2 are each amended to read as follows:

1. The department is empowered to operate such ferry system, including all operations, whether intrastate or international, upon any route or routes, and toll bridges as a revenue-producing and self-liquidating undertaking. The department has full charge of the construction, rehabilitation, rebuilding, enlarging, improving, operation, and maintenance of the ferry system, including toll bridges, approaches, and roadways incidental thereto that may be authorized by the department, including the collection of tolls and other charges for the services and facilities of the undertaking. The department has the exclusive right to enter into leases and contracts for use and occupancy by other parties of the concessions and space located on the ferries, wharves, docks, approaches, parking lots, and landings, including the selling of commercial advertising space and licenses to use the Washington State Ferries trademarks, but, except as provided in subsection (2) of this section, no such leases or contracts may be entered into for more than ten years, nor without a competitive contract process, except as otherwise provided in this section. The competitive process shall be either an invitation for bids in accordance with the process established by chapter 43.19 RCW, or a request for proposals in accordance with the process established by RCW 47.56.030. All revenues from commercial advertising, concessions, parking, leases, and contracts must be deposited in the Puget Sound ferry operations account in accordance with RCW 47.60.150.

2. As part of a joint development agreement under which a public or private developer constructs or installs improvements on ferry system property, the department may lease all or part of such property and improvements to such developers for that period of time, not to exceed fifty-five years, or not to exceed thirty years for those areas located within harbor areas, which the department determines is necessary to allow the developer to make reasonable recovery on its initial investment. Any lease entered into as provided for in this subsection that involves state aquatic lands shall conform with the Washington state Constitution and applicable statutory requirements as determined by the department of natural resources. That portion of the lease rate attributable to the state aquatic lands shall be distributed in the same manner as other lease revenues derived from state aquatic lands as provided in RCW 79.24.580.

3. The department shall include in the strategic planning and performance assessment process, as required by RCW 43.88.090, an analysis of the compatibility of public and private partnerships with the state ferry system’s core business, and the department’s efforts to maximize nonfarebox revenues and provide benefit to the public users of the ferry system facilities. The department shall include an assessment of the need for an open solicitation to identify and select possible public or private partnerships in order to maximize the value of projects and the state’s investment in current and future ferry system operations.

4. When the department determines that an open solicitation is necessary, a request for proposal shall be released, consisting of an open solicitation outline functional specifications to be used as the basis for selecting partnerships in the project.
Before a substantial expansion or curtailment in the level of service provided to ferry users, or a revision in the schedule of ferry tolls or charges, the department of transportation shall consult with affected ferry users. The consultation shall be: (a) By public hearing in affected local communities; (b) by review with the affected ferry advisory committees pursuant to RCW 47.60.310; (c) by conducting a survey of affected ferry users; or (d) by any combination of (a) through (c). Promotional, discount, and special event fares that are not part of the published schedule of ferry charges or tolls are exempt. The department shall report an accounting of all exempt revenues to the transportation commission each fiscal year.

There is created a ferry system productivity council consisting of a representative of each ferry advisory committee empanelled under RCW 47.60.310, elected by the members thereof, and two representatives of employees of the ferry system appointed by mutual agreement of all of the unions representing ferry employees, which shall meet from time to time with ferry system management to discuss improvements in ferry system productivity.

Before increasing ferry tolls the department of transportation shall consider all possible cost reductions with full public participation as provided in subsection (1) of this section and, consistent with public policy, shall consider adapting service levels equitably on a route-by-route basis to reflect trends in and forecasts of traffic usage. Forecasts of traffic levels shall be developed by the bond covenant traffic engineering firm appointed under the provisions of RCW 47.60.450. Provisions of this section shall not alter obligations under RCW 47.60.450. Before including any toll increase in a budget proposal by the commission, the department of transportation shall consult with affected ferry users in the manner prescribed in (1)(b) of this section plus the procedure of either (1) (a) or (c) of this section."

MR. PRESIDENT:

The House has passed SUBSTITUTE SENATE BILL NO. 6054, with the following amendment(s):

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. The legislature finds that the enactment of chapter 236, Laws of 1988 amended the definition of employer under the industrial welfare act, chapter 49.12 RCW, to ensure that the family care provisions of that act applied to the state and political subdivisions. The legislature further finds that this amendment of the definition of employer may be interpreted as creating an ambiguity as to whether the other provisions of chapter 49.12 RCW have applied to the state and its political subdivisions. The purpose of this act is to make retroactive, remedial, curative, and technical amendments to clarify the intent of chapter 49.12 RCW and chapter 236, Laws of 1988 and resolve any ambiguity. It is the intent of the legislature to establish that, prior to the effective date of this act, chapter 49.12 RCW and the rules adopted thereunder did not apply to the state or its agencies and political subdivisions except as expressly provided for in RCW 49.12.265 through 49.12.295, 49.12.350 through 49.12.370, 49.12.450, and 49.12.460.

However, for the purposes of RCW 49.12.265 through 49.12.295 ("municipal corporation", 49.12.350 through 49.12.370, 49.12.450, and 49.12.460, "employer" also includes the state, any state institution, any state agency, political subdivisions of the state, and any municipal corporation or quasi-municipal corporation.

(b) On and after the effective date of this act, "employer" means any person, firm, corporation, partnership, business trust, legal representative, or other business entity which engages in any business, industry, profession, or activity in this state and employs one or more employees, and includes the state, any state institution, any state agency, political subdivisions of the state, and any municipal or quasi-municipal corporation. However, this chapter and the rules adopted thereunder do not apply to the state and its political subdivisions except as expressly provided for in RCW 49.12.265 through 49.12.295, 49.12.350 through 49.12.370, 49.12.450, and 49.12.460.

This chapter shall not be construed to interfere with, impede, or in any way diminish the right of employees to bargain collectively with their employers through representatives of their own choosing concerning wages or standards or conditions of employment.

Employees of public employers may enter into collective bargaining contracts, labor/management agreements, or other mutually agreed to employment agreements that specifically vary from or supersede, in part or in total, rules adopted under this chapter regarding appropriate rest and meal periods.

SEC. 4. RCW 49.12.360 and 1989 1st ex. s. c 11 s 23 are each amended to read as follows:

The volunteer fire fighter may file a complaint only by filing such a complaint within ninety days of the alleged violation.
(b) Upon receipt of the complaint, the director must cause an investigation to be made as the director deems appropriate and must determine whether this section has been violated. Notice of the director’s determination must be sent to the complainant and the employer within ninety days of receipt of the complaint.
(c) If the director determines that this section was violated and the employer fails to reinstate the employee or withdraw the disciplinary action taken against the employee, whichever is applicable, within thirty days of receipt of notice of the director’s determination, the volunteer fire fighter may bring an action against the employer alleging a violation of this section and seeking reinstatement or withdrawal of the disciplinary action.
(d) In any action brought under this section, the superior court shall have jurisdiction, for cause shown, to restrain violations under this section and to order reinstatement of the employee or withdrawal of the disciplinary action.

(4) The legislature declares that the public policies articulated in this section depend on the procedures established in this section and no civil or criminal action may be maintained relying on the public policies articulated in this section without complying with the procedures set forth in this section, and to that end all civil actions and civil causes of action for such injuries and all jurisdiction of the courts of this state over such causes are hereby abolished, except as provided in this section.

NEW SECTION. Sec. 6. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately.

On page 1, line 2 of the title, after "employers;" strike the remainder of the title and insert "amending RCW 49.12.005, 49.12.187, 49.12.360, and 49.12.460; creating a new section; and declaring an emergency."

MESSAGE FROM THE HOUSE

April 23, 2003

MR. PRESIDENT:
The House has passed SUBSTITUTE SENATE BILL NO. 5179 with the following amendment(s): Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. A new section is added to chapter 77.12 RCW to read as follows:
(1) The legislature finds that a professionally managed and regulated trapping program is not only vital to the health of Washington’s wildlife populations, but is also consistent with the state’s obligations to manage all natural resources in trust for the common good of all citizens."
It is the legislature's intent to implement a sound furbearer management program, administered using sound science by the department of fish and wildlife, that addresses an animal problem as defined in RCW 77.08.010.

The legislature further finds that humanely regulated trapping practices used to control animal problems contribute positively to the economic well-being of the state of Washington, to public health and welfare by assisting in the control of spread of animal-borne disease, and to the protection of private and public property from damage resulting from uncontrolled animal populations.

The legislature further finds that the sale, trade, or barter of wild animal pelts is consistent with the legislature's intent not to waste a valuable wildlife resource.

The legislature recognizes that among the choices available for the trapping of animals, some may cause pain and suffering in the animals captured. The legislature further recognizes that some trapping methods can capture animals that are not targeted, including pets. It is the policy of the state of Washington to minimize the use of indiscriminate or painful traps and to use all traps humanely. When lethal trapping methods are used, such methods must be used in the most humane way that accomplishes the goal of reducing animal problems. All trappers should be knowledgeable and have the physical abilities of a nontargeted animal.

Sec. 3. RCW 77.15.194 and 2001 c 1 s 3 are each amended to read as follows:

It is the duty of every trapper to ensure that all trapping is done humanely. To ensure that this goal is met, all trappers must abide by the following:

(1) It is unlawful to use or authorize the use of any (steel-jawed leghold trap, neck snare, or other) body-gripping trap to capture any mammal (for recreation or commerce in fur) without a permit issued by the director, except no trap with teeth or serrated edges may be permitted. The director may only issue a permit under this section for the purposes of addressing an animal problem, nuisance bird problem, capturing live raptors for falconry, for furbearer management program needs, or for conducting scientific research.

(2) It is unlawful to knowingly buy, sell, barter, or otherwise exchange, or offer to buy, sell, barter, or otherwise exchange the raw fur of a mammal or a mammal that has been trapped in (this state with a steel-jawed leghold trap or any other body-gripping trap, whether or not pursuant to permit.

(3) It is unlawful to use or authorize the use of any steel-jawed leghold trap or any other body-gripping trap to capture any animal, except as provided in subsections (4) and (5) of this section.

(4) Nothing in this section prohibits the use of a Conibear trap in water, a padded leghold trap, or a nonstrangling type foot snare with a special permit granted by the director under (a) through (d) of this subsection. Issuance of the special permits shall be governed by rules adopted by the department and in accordance with the requirements of this section. Every person granted a special permit to use a trap or device listed in this subsection shall check the trap or device at least every twenty-four hours.

(5) Nothing in this section prohibits the director, in consultation with the department of social and health services or the United States department of health and human services from granting a permit to use traps listed in this subsection for the purpose of protecting people from threats to their health and safety.
(b) Nothing in this section prohibits the director from granting a special permit to use traps listed in this subsection to a person who applies for such a permit in writing. Such a permit shall be issued only if the property in question has not and cannot be reasonably abated by the use of nonlethal control tools, including but not limited to guard animals, electric fences, or box and cage traps, or if such nonlethal means cannot be reasonably applied. Upon making a finding that the animal problem has not been and cannot be reasonably abated by nonlethal control tools or if the tools cannot be reasonably applied, the director may authorize the use, setting, placing, or maintenance of the traps for a period not to exceed three days.

c) Nothing in this section prohibits the director from granting a special permit to department employees or to agents to use traps listed in this subsection where the use of the traps is the only practical means of protecting threatened or endangered species as designated under RCW 77.08.010.

d) Nothing in this section prohibits the director from issuing a permit to use traps listed in this subsection, excluding Conibear traps, for the conduct of legitimate wildlife research.

(5) Nothing in this section prohibits the United States fish and wildlife service, its employees or agents, from using a trap listed in subsection (4) of this section where the fish and wildlife service determines, in consultation with the director, that the use of such traps is necessary to prevent animal loss, as threatened or endangered under the federal endangered species act (16 U.S.C. Sec. 1531 et seq.) violation of subsection (1) of this section. To prevent wastage, nothing in this section prohibits the sale, barter, or trade of an animal carcass or pelt, or the donation of an animal carcass or pelt for scientific research or public health training lawfully taken under this title.

(3)(a) All trapping of wild animals using body-gripping traps must be conducted by trappers licensed by the department under RCW 77.65.450, under a permit from the director, and in accordance with the rules developed by the commission as they relate to wildlife trapping. However, nothing in this section prohibits the use of commonly used traps by public or private property owners or their agents operating on their property to control the following nuisance wildlife: Moles, mice, rats, mountain beavers, gophers, and nutria.

(b) Fur-bearing mammals may not be taken from the wild and held alive for sale or personal use. All trapping of fur-bearing mammals must be conducted in furtherance of a wildlife trapping program being implemented by the department for an animal problem, for scientific research, or for mammal population management as defined by the department.

(c) Nothing in this section prohibits the director from granting a special permit to department employees or agents to use traps listed in this subsection where the use of the traps is the only practical means of protecting threatened or endangered species as designated under RCW 77.08.010.

d) Nothing in this section prohibits the director from granting a special permit to use traps listed in this subsection to a person who applies for such a permit in writing. Such a permit shall be issued only if the property in question has not and cannot be reasonably abated by the use of nonlethal control tools, including but not limited to guard animals, electric fences, or box and cage traps, or if such nonlethal means cannot be reasonably applied. Upon making a finding that the animal problem has not been and cannot be reasonably abated by nonlethal control tools or if the tools cannot be reasonably applied, the director may authorize the use, setting, placing, or maintenance of the traps for a period not to exceed three days.

c) Nothing in this section prohibits the director from granting a special permit to department employees or to agents to use traps listed in this subsection where the use of the traps is the only practical means of protecting threatened or endangered species as designated under RCW 77.08.010.

d) Nothing in this section prohibits the director from issuing a permit to use traps listed in this subsection, excluding Conibear traps, for the conduct of legitimate wildlife research.

NEW SECTION. Sec. 4. A new section is added to chapter 77.12 RCW to read as follows:

The commission shall adopt appropriate rules regarding the types of traps and bait for use in capturing wildlife to ensure the humane treatment of captured animals. In adopting these rules, the commission may take into consideration the effectiveness of various trap sizes, approved best management practices, and the habitats in which the traps may be used. These rules must address the time intervals during which specific traps must be checked and animals removed. These rules may not allow for the use of traps with teeth or serrated edges or a neck or body snare attached to a spring pole or any spring pole type device. The commission must also adopt rules for the appropriate disposal of traps and carcasses.

NEW SECTION. Sec. 5. A new section is added to chapter 77.12 RCW to read as follows:

The department shall institute a fur-bearing mammal trapping program that addresses animal problems and shall only issue programmatic trapping, conditional use, or restricted use trapping permits, as those terms are defined in RCW 77.08.010, and trapping licenses or propose rules consistent with this program.

Sec. 6. RCW 77.65.450 and 1991 sp.s. c 7 § 3 are each amended to read as follows:

A state trapping license in combination with a programmatic trapping permit, conditional use trapping permit, or restricted use trapping permit from the director allows the holder to trap fur-bearing animals throughout the state in accordance with the rules adopted by the commission under section 4 of this act; however, a trapper may not place traps on public or private property without permission of the owner, lessee, or tenant where the land is improved and apparently used, or where the land is fenced or enclosed in a manner designed to exclude intruders or to indicate a property boundary line, or where notice is given by posting in a conspicuous manner. A state trapping license is void on April 1st following the date of issue. The fee for this license is thirty-six dollars for residents sixteen years of age or older, (fifteen) twenty dollars for residents under sixteen years of age, and (seventeen) two hundred (fifty) dollars for nonresidents. Licensed trappers age fifteen years and younger must be under the direct supervision of a licensed adult trapper when engaged in trapping activities.

The fee for a programmatic trapping permit for residents sixteen years of age or older and nonresidents, for animal problems as that term is defined in RCW 77.08.010, is twelve dollars and fifty cents. A trapping license is valid for using body-gripping traps in combination with a permit for the control of animal problems, as that term is defined in RCW 77.08.010, or for scientific research. The live capture of raptors for falconry, or scientific research, by use of a foot snare or other body-trapping trap may also be authorized by rule of the commission.

Sec. 7. RCW 77.65.460 and 1987 sp.s. c 506 s 82 are each amended to read as follows:

All persons purchasing a state trapping license (for the first time) after April 1, 2003, shall ((present certification of completion of)) complete a course of instruction in safe, humane, and proper trapping techniques or pass an examination to establish that the applicant has the requisite knowledge. Licensed trappers who have been active in state-regulated trapping since November 2000 are exempt from this provision.

The director shall establish a program for training persons in trapping techniques and responsibilities in urban, suburban, and rural settings, including the use of trapping devices designed to painlessly capture or instantly kill. The director shall cooperate with (urban and state animal) recognized Washington state based animal shelters, wildlife rehabilitation centers, and similar entities providing animal care and rehabilitation services, hunter education, and Washington state based trapping organizations in the development and instruction of (a curriculum) trapper training. Upon successful completion of the course, trainees shall receive a trapper’s training certificate signed by an authorized instructor. This certificate is evidence of compliance with this section.

Sec. 8. RCW 77.32.545 and 1998 c 190 s 121 are each amended to read as follows:

A property owner, lessee, or tenant may remove a trap placed on the owner’s, lessee’s, or tenant’s posted or fenced property by a trapper. A property owner, lessee, or tenant who discovers a trap placed on any portion of his or her property that is not authorized by the
owner, lessee, or tenant, may report the finding to the department, including whether a live animal is captured in the trap. The commission may adopt by rule or guideline procedures for the handling of live animals discovered in such traps.

Trappers shall attach to the chain of their traps or devices a legible metal tag with either the department identification number of the trapper or the name and address of the trapper in English letters not less than one-eighth inch in height.

When a property owner, lessee, or tenant presents a trapper identification number to the department for a trap found upon the property of the owner, lessee, or tenant and requests identification of the trapper, the department shall provide the requestor with the name and address of the trapper. Prior to disclosure of the trapper’s name and address, the department shall obtain the name and address of the requesting individual in writing and after disclosing the trapper’s name and address to the requesting individual, the requesting individual’s name and address shall be disclosed in writing to the trapper whose name and address was disclosed.

Sec. 9. RCW 77.15.198 and 2001 c 1 s 5 are each amended to read as follows:

Any person who violates RCW 77.15.194 or 77.15.196 is guilty of a gross misdemeanor. In addition to appropriate criminal penalties, the director shall revoke the trapping license of any person convicted of a repeat violation of RCW 77.15.194 or 77.15.196. The director shall not issue the violator a trapping license for a period of five years following the revocation. (Following a subsequent conviction for a violation of RCW 77.15.194 or 77.15.196 by the same person, the director shall not issue a trapping license to the person at any time.)

A person may not be granted a new trapping license following a revocation under this section unless that person completes the education program outlined in RCW 77.65.460 not more than one year before a new license is granted.

NEW SECTION. Sec. 10. RCW 77.15.192 (Definitions) and 2001 c 1 s 2 are each repealed.

NEW SECTION. Sec. 11. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately.

The state shall forgive one year of loan obligation for every two years a recipient teaches in a public school. Recipients that fail to continue a course of study leading to residency teacher certification or cease to teach in a public school in the state of Washington in their endorsement area are required to repay the remaining loan principal with interest.
(5) Recipients who fail to fulfill the required teaching obligation are required to repay the remaining loan principal with interest and any other applicable fees. The higher education coordinating board shall adopt rules to define the terms for repayment, including applicable interest rates, fees, and deferments.
(6) To the extent funds are appropriated for this specific purpose, the annual amount of the scholarship is the annual cost of tuition for the alternative route certification program in which the recipient is enrolled, not to exceed ((four)) eight thousand dollars. The board may adjust the annual award by the average rate of resident undergraduate tuition and fee increases at the state universities as defined in RCW 28B.10.016.

My Mother said it was 1940, but can I go by 1949?”

REPLY BY THE PRESIDENT

President Owen: “You can be assured that Mary didn’t do that—didn’t make that error. Oh, I see. We will take it under advisement.”

PERSONAL PRIVILEGE

Senator Tim Sheldon: “A point of personal privilege. Since it does relate to me personally, you are looking at the book that has aged me by nine years. I would like to have that corrected.”

PERSONAL PRIVILEGE

Senator Honeyford: “A point of personal privilege, Mr. President. I don’t know if it is a question or a point, but I believe that we should eliminate that out of our book, in that people who wish to steal your identity, once they know your date of birth and state of birth, they can obtain all kinds of information and should be something we should look out at to remove.”

Such sum is to be computed in an amount directly proportional to the estimated entire expense of the administration as the ratio of monthly salaries of the employer’s members bears to the total salaries of all members in the entire system. It shall then be the duty of all such employers to include in their budgets or otherwise provide the amounts so required.
(3) The department shall compute and bill each employer, as defined in RCW 41.26.030, 41.32.010, 41.35.010, or 41.40.010, at the end of each month for the amount due for that month to the department of retirement systems expense fund and the same shall be paid as are its other obligations. Such computation as to each employer shall be made on a percentage rate of salary established by the department. However, the department may at its discretion establish a system of billing based upon calendar year quarters in which event the said billing shall be at the end of each such quarter.

(b) The director may adjust the expense fund contribution rate for each system at any time necessary to reflect unanticipated costs or savings in administering the department.

(5) Any employer who fails to submit timely and accurate reports to the department may be assessed an additional fee related to the increased costs incurred by the department in processing the deficient reports. Fees paid under this subsection shall be deposited in the retirement system expense fund.

(a) Every six months the department shall determine the amount of an employer’s fee by reviewing the timeliness and accuracy of the reports submitted by the employer in the preceding six months. If those reports were not both timely and accurate the department may prospectively assess an additional fee under this subsection.

(b) An additional fee assessed by the department under this subsection shall not exceed fifty percent of the standard fee.

(c) The department shall adopt rules implementing this section.

(6) Expenses other than those under RCW 41.34.060((2))) (3) shall be paid pursuant to subsection (1) of this section.

The office of the state actuary shall have the following powers and duties:

(1) Perform all actuarial services for the department of retirement systems, including all studies required by law. ((Reimbursement for such services shall be made to the state actuary pursuant to the provisions of RCW 39.34.130 as now or hereafter amended.))

(2) Advise the legislature and the governor regarding pension benefit provisions, and funding policies and investment policies of the state investment board.

(3) Consult with the legislature and the governor concerning determination of actuarial assumptions used by the department of retirement systems.

(4) Prepare a report, to be known as the actuarial fiscal note, on each pension bill introduced in the legislature which briefly explains the financial impact of the bill. The actuarial fiscal note shall include: (a) The statutorily required contribution for the biennium and the following twenty years; (b) the break in employment requirement of subsection (1) of this section shall cease to receive pension payments while engaged in such service, after the retiree has rendered service for more than one thousand five hundred hours in a school year. When a retired teacher or administrator renders service beyond eight hundred sixty-seven hours, the department shall collect from the employer the applicable employer retirement contributions for the entire duration of the member’s employment during that fiscal year.

(5) The department shall collect and provide the state actuary with information relevant to the use of this section for the (joint) select committee on pension policy.

(6) Expenses other than those under RCW 41.34.060((2))) (3) shall be paid pursuant to subsection (1) of this section.

CINDY ZEHNDER, Chief Clerk

MOTION

On motion of Senator Stevens, the Senate receded from its amendment(s) to Substitute House Bill No. 1233.

MOTION

On motion of Senator Stevens, the rules were suspended, Substitute House Bill No. 1233 was returned to second reading and read the second time.

MOTION

On motion of Senator Stevens, the following striking amendment by Senators Stevens and Hargrove was adopted: Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. A new section is added to chapter 74.13 RCW to read as follows:
(1) For the purposes of this section, "kin" means persons eighteen years of age or older to whom the child is related by blood, adoption, or marriage, including marriages that have been dissolved, and means: (a) Any person denoted by the prefix "grand" or "great"; (b) sibling, whether full, half, or step; (c) uncle or aunt; (d) nephew or niece; or (e) first cousin."
(2) The department shall plan, design, and implement strategies to prioritize the placement of children with willing and able kin when out-of-home placement is required.

These strategies must include at least the following:

(a) Development of standardized, statewide procedures to be used when searching for kin of children prior to out-of-home placement. The procedures must include a requirement that documentation be maintained in the child’s case record that identifies kin, and documentation that identifies the assessment criteria and procedures that were followed during all kin searches. The procedures must be used when a child is placed in out-of-home care under authority of chapter 13.34 RCW, when a petition is filed under RCW 13.32A.140, or when a child is placed under a voluntary placement agreement. To assist with implementation of the procedures, the department shall request that the juvenile court require parents to disclose to the department all contact information for available and appropriate kin within two weeks of an entered order. For placements under signed voluntary agreements, the department shall encourage the parents to disclose to the department all contact information for available and appropriate kin within two weeks of the date the parent signs the voluntary placement agreement.

(b) Development of procedures for conducting active outreach efforts to identify and locate kin during all searches. The procedures must include at least the following elements:

(i) Reasonable efforts to interview known kin, friends, teachers, and other identified community members who may have knowledge of the child’s kin, within sixty days of the child entering out-of-home care;

(ii) Increased use of those procedures determined by research to be the most effective methods of promoting reunification efforts, permanency planning, and placement decisions;

(iii) Contacts with kin identified through outreach efforts and interviews under this subsection as part of permanency planning activities and change of placement discussions;

(iv) Establishment of a process for ongoing contact with kin who express interest in being considered as a placement resource for the child; and

(v) A requirement that when the decision is made to not place the child with any kin, the department provides documentation as part of the child’s individual service and safety plan that clearly identifies the rationale for the decision and corrective action or actions the kin must take to be considered as a viable placement option.

(3) Nothing in this section shall be construed to create an entitlement to services or to create judicial authority to order the provision of services to any person or family if the services are unavailable or unsuitable or the child or family is not eligible for such services.

NEW SECTION. Sec. 2. (1) The department of social and health services shall collaborate with one or more nonprofit community-based agencies to develop a grant proposal for submission to potential funding sources, including governmental entities and private foundations, to establish a minimum of two pilot projects to assist kinship caregivers with understanding and navigating the system of services for children in out-of-home care. The proposal must seek to establish at least one project in eastern Washington and one project in western Washington, each project to be managed by a participating community-based agency.

(2) The kinship care navigators funded through the proposal shall be responsible for at least the following:

(a) Understanding the various state agency systems serving kinship caregivers;

(b) Working in partnership with local community service providers;

(c) Tracking trends, concerns, and other factors related to kinship caregivers; and

(d) Assisting in establishing stable, respectful relationships between kinship caregivers and department staff.

(3) Implementation of the kinship care navigator pilot projects is contingent upon receipt of nonstate or private funding for that purpose.

(4) For the purposes of this section, “kinship” has the same meaning as “kin” given in section 1(1) of this act.

(5) This section expires January 1, 2007.

NEW SECTION. Sec. 3. (1) The department of social and health services shall report to the legislature and the governor on the implementation of the kinship care navigator pilot projects with recommendations on statewide implementation of the pilot projects one year following implementation of the pilot projects. The report shall: Include data that demonstrates whether the pilot project reduced actual barriers to access to services; identify statutory and administrative barriers for kin who give care; and recommend ways to reduce or eliminate the barriers without adverse consequences to children placed with kin.

(2) This section expires January 1, 2007.

NEW SECTION. Sec. 4. A new section is added to chapter 74.13 RCW to read as follows:

(1) Within existing resources, the department shall establish an oversight committee to monitor, guide, and report on kinship care recommendations and implementation activities. The committee shall:

(a) Draft a kinship care definition that is restricted to persons related by blood or marriage, including marriages that have been dissolved, or for a minor defined as an "Indian child" under the federal Indian child welfare act (25 U.S.C. Sec. 1901 et seq.), the definition of "extended family member" under the federal Indian child welfare act, and a set of principles. If the committee concludes that one or more program or service would be more efficiently and effectively delivered under a different definition of kin, it shall state what definition is needed, and identify the program or service in the report. It shall also provide evidence of how the program or service will be more efficiently and effectively delivered under the different definition. The department shall not adopt rules or policies changing the definition of kin without authorizing legislation;

(b) Monitor the implementation of recommendations contained in the 2002 kinship care report;

(c) Partner with nonprofit organizations and private sector businesses to guide a public education awareness campaign; and

(d) Assist with developing future recommendations on kinship care issues.

(2) The oversight committee must consist of a minimum of thirty percent kinship caregivers, who shall represent a diversity of kinship families. Statewide representation with geographic, ethnic, and gender diversity is required. Other members shall include representatives of the department, representatives of relevant state agencies, representatives of the private nonprofit and business sectors, child advocates, representatives of Washington state Indian tribes as defined under the federal Indian welfare act (25 U.S.C. Sec. 1901 et seq.), and representatives of the legal or judicial field. Birth parents, foster parents, and others who have an interest in these issues may also be included.

(3) To the extent funding is available, the department may reimburse nondepartmental members of the oversight committee for costs incurred in participating in the meetings of the oversight committee.

(4) The kinship care oversight committee shall report to the legislature and the governor on the status of kinship care issues by December 1, 2004.

(5) This section expires January 1, 2005."

Debate ensued.

PERSONAL PRIVILEGE

Senator Zarelli: “A point of personal privilege, Mr. President. I am going to try and hold things together here a little bit. In the course of my time in this body, I haven’t taken a lot of these privileges, but I am going to share one with you today, if I could. This morning I got a call from my daughter as she was packing up and heading back from school from the Redding, California area. She was all excited about getting back home at the end of her second year.

“Then over lunch today, when we were all out enjoying our lunch, I get a frantic phone call from my daughter, who was just in a very serious accident. She was stuck in the Siskiyous. There was a freak snow storm that came through and just powdered the area and she lost control on the ice and went, going about forty-five miles an hour, into a concrete wall and crushed the automobile. Her air bag failed to disperse and she went right into the steering wheel. She was just frantic; I didn’t know what to do. I am up here and couldn’t get down there to be with her. I made a phone call to the State Patrol and I am going to tell you that they were wonderful in trying to help me and trying to find out where she was, because she was in the middle of nowhere. If any of you know that area, there is just nothing around and she is out there in the middle in severe pain and nobody there to help her.

“There is an amazing side to this story and that is the piece I wanted to share. Somebody came along and helped her get out of the car and to the hospital. The amazing thing is that the State Patrol was fantastic in assisting me and trying to find
out where she was and to get her help. I believe, firmly, that not by the grace of God that young lady would be in very serious condition today.

"That is the point I want to make and I am going to get into a little bit of trouble, Mr. President, but I am going to take this privilege as I have stood up and I want to remind this body that it is that same grace that is going to keep our good friend and colleague, Senator Jim West, with us a little bit longer than he would like to. In that, I would like to ask for fervent prayer in behalf of him, and I just know today, folks, that if it had not been by his grace, my daughter would not have walked away from the type of accident she was in and is just fine today in a hospital in the Redding, California, area. Thank you, Mr. President."

PERSONAL PRIVILEGE

Senator Brown: "Mr. President, a point of personal privilege. Well, I know that I speak for all of us in the Legislature and in the Senate, in particular, in welcoming back my colleague and neighbor from Spokane, Senator West. We don't live very far away from each other. We noted your absence; we are concerned. We are very pleased to have you back with us. We are counting on you to help get the job done in the next few days. We are really looking forward to you being able to marshal your energy and recover your health as soon as possible. We just want to reiterate our respect for your great work and dedication to the people of Washington. Of course, on this floor, we get to know each other pretty well and we have been able to observe and admire you. So, thank you Jim. We are glad to have you back with us."

PERSONAL PRIVILEGE

Senator West: "A point of personal privilege, Mr. President. Bear with me, Sir. First of all, I want to thank everybody. I have received lots of cards and letters and phone calls and expressions of support and love. We are family. We have our differences and we argue about different points and things, but we are family and I appreciate that.

"I also want to let you know that the rumors of my eminent demise are greatly exaggerated--much to the dismay of my political enemies. I just want you to know that I have a new red book and people in this Chamber know what that means. A red book in my hand can be dangerous. I intend to be around for a long time using this. I figure that I can milk this thing for about five or six years or maybe ten years--not the book, the illness. You know, you guys are going to feel sorry for me. This is a good thing. Thank you very much.

"Again, I do appreciate your prayers and that really is the strength. That is the important thing. Lots of people have called and asked what they could do—pray. What I really want is prayers for my doctors, so that they have the knowledge and skill and that their hands are guided well—and pray to give me the strength that I will need to get through this all. I appreciate each and every one of you. Thank you very much."

PERSONAL PRIVILEGE

Senator Franklin: "A point of personal privilege. I can't say that I am the matriarch of this body--"

REMARKS BY SENATOR WEST

Senator West: "Before the gentle lady begins, I have to tell you a little story. I am sitting in Spokane on Wednesday. Now, I don't know what came over me, but Spokane--by the way when Comcast took over for AT &T, they did a great thing. We now have a dedicated channel to TVW, so we actually see it without waiting until three o'clock in the morning. I don't know what came over me, but at ten o'clock on Wednesday, I clicked on and there was the Senate and what was the first thing I see, but the good lady standing up reading a great poem. By the way, whoever wrote it and if it was you, that was fabulous. Then she goes on about the purple stuff and everything and then everyo

FURTHER REMARKS BY SENATOR FRANKLIN

Senator Franklin: "When you said that, we were certainly glad to share that fun with you. We are certainly glad to have you back. What I wanted to say, Mr. President, and ladies and gentlemen of the Senate, that I did offer my services to the good Senator. I said that I would special him at no cost. He has not taken me up on that yet. Maybe, he doesn't want to trust me. The other is that, certainly, prayers work. They really work, so we will be doing a lot of that for you."

PRESIDENT'S REMARKS

President Owen: "Senator West, it is great to have you back and we are very pleased with your vigor, your enthusiasm and your positive attitude. It is great to have you here, not just because of your skill and as much as all love you as a colleague, but from my standpoint, when you pick up the little red book, you make my job a lot more interesting."

(4) The board of health may adopt rules necessary to implement subsection (2)(b) of this section.

(5) The secretary of health shall submit the completed state plan to the legislature by January 1, 2004. After the initial state plan is submitted, the department shall update the state plan biennially and shall submit the plan to the governor and make it available to other interested parties. The update and progress reports are due December 1, 2004, and every two years thereafter.

(6) The state plan recommendations described in subsection (2)(b) of this section shall be implemented by the secretary of health only to the extent that, and for as long as, federal or private funds are available for that purpose, including grants.

Sec. 2. RCW 49.60.172 and 1988 c 206 s 903 are each amended to read as follows:
(1) No person may require an individual to take an HIV test, as defined in chapter 70.24 RCW, or hepatitis C test, as a condition of hiring, promotion, or continued employment unless the absence of HIV or hepatitis C infection is a bona fide occupational qualification for the job in question.
(2) No person may discharge or fail or refuse to hire any individual, or segregate or classify any individual in any way which would deprive or tend to deprive that individual of employment opportunities or adversely affect his or her status as an employee, or otherwise discriminate against any individual with respect to compensation, terms, conditions, or privileges of employment on the basis of the results of an HIV test or hepatitis C test unless the absence of HIV or hepatitis C infection is a bona fide occupational qualification of the job in question.
(3) The absence of HIV or hepatitis C infection as a bona fide occupational qualification exists when performance of a particular job can be shown to present a significant risk, as defined by the board of health by rule, of transmitting HIV or hepatitis C infection to other persons, and there exists no means of eliminating the risk by restructuring the job.
(4) For the purpose of this chapter, any person who is actually infected with HIV or hepatitis C, but is not disabled as a result of the infection, shall not be eligible for any benefits under the affirmative action provisions of chapter 49.74 RCW solely on the basis of such infection.
(5) Employers are immune from civil action for damages arising out of transmission of HIV or hepatitis C to employees or to members of the public unless such transmission occurs as a result of the employer’s gross negligence.

Sec. 3. RCW 49.60.174 and 1997 c 271 s 6 are each amended to read as follows:
(1) For the purposes of determining whether an unfair practice under this chapter has occurred, claims of discrimination based on actual or perceived HIV or hepatitis C infection shall be evaluated in the same manner as other claims of discrimination based on sensory, mental, or physical disability, or the use of a trained dog guide or service animal by a disabled person.
(2) Subsection (1) of this section shall not apply to transactions with insurance entities, health service contractors, or health maintenance organizations subject to RCW 49.60.030(1)(e) or 49.60.178 to prohibit fair discrimination on the basis of actual HIV or actual hepatitis C infection status when bona fide statistical differences in risk or exposure have been substantiated.

(3) For the purposes of this chapter(c):
(a) “HIV” means the human immunodeficiency virus, and includes all HIV and HIV-related viruses which cause the cellular branch of the human immune system and leave the infected person immunodeficient, and
(b) “Hepatitis C” means the hepatitis C virus of any genotype.

NEW SECTION. Sec. 4. A new section is added to chapter 50.20 RCW to read as follows:
(1) Certified public health care professionals listed in RCW 49.60.040 shall be deemed to be dislocated workers for the purpose of commissioner approval of training under RCW 50.20.043 if they are unemployed as a result of contracting hepatitis C in the course of employment and are unable to continue to work in their profession because of a significant risk that such work would pose to other persons and that risk cannot be eliminated.
(2) For purposes of subsection (1) of this section, a health care professional who was employed on a full-time basis in their profession shall be presumed to have contracted hepatitis C in the course of employment. This presumption may be rebutted by a preponderance of the evidence that demonstrates that the health care professional contracted hepatitis C as a result of activities or circumstances not related to employment.

NEW SECTION. Sec. 5. Section 1 of this act does not create a private right of action."
Correct the title., and the same are herewith transmitted.

The methodology shall be submitted to the governor and the appropriate committees of the legislature. (b) For the fiscal biennium beginning July 1, 2003, and each biennium thereafter, the state treasurer shall transfer ((twenty-five percent of the amount reported in (b) of this subsection)) two million nine hundred eighty-four thousand dollars from the general fund into the violence reduction and drug enforcement account, divided into eight quarterly payments. The amounts transferred pursuant to this subsection (4)(c)(ii) (b) shall be used solely for providing drug and alcohol treatment services to offenders confined in a state correctional facility that meets the criteria established for a reduced sentence as a result of implementation of chapter 290, Laws of 2002. Until July 1, 2004, the department may not use moneys appropriated from the criminal justice treatment account for administrative expenses and shall distribute all amounts appropriated under subsection (4)(c)(ii) (c) of this section in accordance with this subsection. Beginning in July 1, 2004, the department may retain up to three percent of the amount appropriated under subsection (4)(c)(ii) (c) of this section for its administrative costs.

(d) Twenty percent of the amount appropriated under subsection (4)(c)(ii) (c) of this section shall be distributed to counties pursuant to the distribution formula adopted under this section. No more than ten percent of the total moneys received under subsections (4) and (5) of this section by a county or group of counties participating in a regional agreement shall be spent for treatment support services.)) Counties are encouraged to consider regional agreements and submit regional plans for the efficient delivery of treatment under this section.

NEW SECTION. Sec. 12. The Washington state institute for public policy shall study the results of the changes in earned release under section 1 of this act. The study shall determine whether the changes in earned release affect the rate of recidivism or the type of offenses committed by persons whose release dates were affected by the changes in this act. The Washington state institute for public policy shall report its findings to the governor and the appropriate committees of the legislature no later than December 7, 2008.

NEW SECTION. Sec. 13. The legislature intends to revise and improve the processes for billing and collecting legal financial obligations. The purpose of sections 13 through 27 of this act is to respond to suggestions and requests made by county government officials, and in particular county clerks, to assume the collection of such obligations in cooperation and coordination with the department of corrections and the administrative office for the courts. The intent of sections 13 through 27 of this act is to promote an increased and more efficient collection of legal financial obligations and, as a result, improve the likelihood that the affected agencies will increase the collections which will provide additional benefits to all parties and, in particular, crime victims whose restitution is dependent upon the collections.

Sec. 14. RCW 9.94A.760 and 2001 c 10 s 3 are each amended to read as follows:

(1) Whenever a person is convicted of a felony, the court may order the payment of a legal financial obligation as part of the sentence. The court must on either the judgment and sentence or on a subsequent order to pay, designate the total amount of a legal financial
obligation and segregate this amount among the separate assessments made for restitution, costs, fines, and other assessments required by law. On the same order, the court is also to set a sum that the offender is required to pay on a monthly basis towards satisfying the legal financial obligation. If the court fails to set the offender monthly payment amount, the department shall set the amount. Upon receipt of an offender’s monthly payment, restitution shall be paid prior to any payments of other monetary obligations. After restitution is satisfied, the county clerk shall distribute the payment proportionally among all other fines, costs, and assessments imposed, unless otherwise ordered by the court.

(2) If the court determines that the offender, at the time of sentencing, has the means to pay for the cost of incarceration at a rate of fifty dollars per day of incarceration. Payment of other court-ordered financial obligations, including all legal financial obligations and costs of supervision shall take precedence over the payment of the cost of incarceration ordered by the court. Any funds recovered from the offender for the cost of incarceration in the county jail shall be remitted to the county and the costs of incarceration in a prison shall be remitted to the department.

(3) The court may add to the judgment and sentence or subsequent order to pay a statement that a notice of payroll deduction is to be issued immediately. If the court chooses not to order the immediate issuance of a notice of payroll deduction at sentencing, the court shall add to the judgment and sentence or subsequent order to pay a statement that a notice of payroll deduction may be issued at a later date. If the court orders a revised notice of payroll deduction, the department may require the offender to pay a monthly sum towards a legal financial obligation. During this reporting, the offender is required under oath to respond truthfully and honestly to all questions concerning earning capabilities and the location and nature of all property or financial assets.

(4) Independent of the department or the county clerk, the party or entity to whom the legal financial obligation is owed shall have the authority to use any other remedies available to the party or entity to collect the legal financial obligation. These remedies include enforcement of the sentence as a lien against any property or entity to whom a judgment or sentence is owed. Restitution collected through civil enforcement must be paid through the registry of the court and must be distributed proportionately according to each victim’s loss when there is more than one victim. The judgment and sentence shall identify the party or entity to whom restitution is owed so that the state, party, or entity may enforce the judgment. If restitution is ordered pursuant to RCW 9.94A.750(6) or 9.94A.753(6), the Washington state child support registry is identified as the party to whom payments must be made. Restitution obligations arising from the rape of a child or a victim of rape of a child, a victim of rape of a child or a victim support registry is identified as the party to whom payments must be made. Restitution obligations arising from the rape of a child in the first, second, or third degree that result in the pregnancy of the victim may be enforced for the time periods provided under RCW 9.94A.750(6) and 9.94A.753(6).

(5) In order to assist the court in setting a monthly sum that the offender must pay during the period of supervision, the offender is required to report to the department for purposes of preparing a recommendation to the court. When reporting, the offender is required, under oath, to respond truthfully and honestly to all questions concerning present, past, and future earning capacities and the location and nature of all property or financial assets. The offender is further required to bring all documents requested by the department.

(6) After completing the investigation, the department shall make a report to the court on the amount of the monthly payment that the offender should be required to make towards a satisfied legal financial obligation.

(7)(a) During the period of supervision, the department may make a recommendation to the court that the offender’s monthly payment schedule be modified so as to reflect a change in financial circumstances. If the department sets the monthly payment amount, the department may modify the monthly payment amount without the matter being returned to the court. During the period of repayment, the county clerk may require the offender to report to the clerk for the purposes of reviewing the appropriateness of the collection schedule for the legal financial obligation. During this reporting, the offender is required under oath to respond truthfully and honestly to all questions concerning earning capacities and the location and nature of all property or financial assets. The offender shall bring all documents requested by the department in order to prepare the collection schedule.

(b) Subsequent to any period of supervision, or if the department is not authorized to supervise the offender in the community, the county clerk may make a recommendation to the court that the offender’s monthly payment schedule be modified so as to reflect a change in financial circumstances. If the county clerk sets the monthly payment amount, the department may modify the monthly payment amount without the matter being returned to the court. During the period of repayment, the county clerk may require the offender to report to the clerk for the purpose of reviewing the appropriateness of the collection schedule for the legal financial obligation.

(8) After the judgment and sentence or payment order is entered, the department is authorized, for any period of supervision, to collect the legal financial obligation from the offender. Subsequent to any period of supervision or, if the department is not authorized to supervise the offender in the community, the county clerk is authorized to collect unpaid legal financial obligations from the offender. Any amount collected by the county clerk shall be remitted daily to the county clerk for the purpose of disbursements. The department and the county clerks are authorized, but not required, to accept credit cards as payment for a legal financial obligation, and any costs incurred related to accepting credit card payments shall be the responsibility of the offender.

(9) The department or any obligee of the legal financial obligation may seek a mandatory wage assignment for the purposes of obtaining satisfaction for the legal financial obligation pursuant to RCW 9.94A.7701. Any party obtaining a wage assignment shall notify the county clerk. The county clerks shall notify the department, or the administrative office of the courts, whichever is providing the monthly billing for the offender.

(10) The requirement that the offender pay a monthly sum towards a legal financial obligation constitutes a condition or requirement of a sentence and the offender is subject to the penalties for noncompliance as provided in RCW 9.94A.634, 9.94A.737, or 9.94A.740.

(11)(a) Until January 1, 2004, the department shall mail individualized monthly billings to the address known by the department for each offender with an unsatisfied legal financial obligation.
(b) Beginning January 1, 2004, the administrative office of the court shall mail individualized monthly billings to the address known by the office for each offender with an unsatisfied legal financial obligation.

(c) The billing shall direct payments, other than outstanding cost of supervision assessments under RCW 9.94A.780, parole assessments under RCW 72.04A.120, and cost of probation assessments under RCW 9.95.214, to the county clerk, and cost of supervision, parole, or probation assessments to the department.

(d) The county clerk shall provide the department with individualized monthly billings for each offender with an unsatisfied legal financial obligation and shall provide the department with notice of payments by such offenders no less frequently than weekly.

(e) The county clerks, the administrative office of the courts, and the department shall maintain agreements to implement this subsection.

12. The department shall arrange for the collection of unpaid legal financial obligations during any period of supervision in the community, through the county clerk. The department shall either collect unpaid legal financial obligations or arrange for collections through another entity if the clerk does not assume responsibility for collection pursuant to subsection (4) of this section. The costs for collection services shall be paid by the offender.

13. Nothing in this chapter makes the department, the state, the counties, or any state or county employees, agents, or other persons acting on their behalf liable under any circumstances for the payment of these legal financial obligations or for the acts of any offender who is no longer, or was not, subject to supervision by the department for a term of community custody, community placement, or community supervision, and who remains under the jurisdiction of the department for payment of legal financial obligations.

Sec. 15. RCW 9.94A.750 and 2000 c 28 s 32 are each amended to read as follows:

This section applies to offenses committed on or before July 1, 1985.

(1) If restitution is ordered, the court shall determine the amount of restitution due at the sentencing hearing or within one hundred eighty days. The court may continue the hearing beyond the one hundred eighty days for good cause. The court shall then set a minimum monthly payment that the offender is required to make towards the restitution that is ordered. The court should take into consideration the total amount of the restitution owed, the offender’s present, past, and future ability to pay, as well as any assets that the offender may have.

(2) During the period of supervision, the community corrections officer may examine the offender to determine if there has been a change in circumstances that warrants an amendment of the monthly payment schedule. The community corrections officer may recommend a change in circumstances that warrants an amendment of the monthly payment schedule and the reasons for the change. The sentencing court may then reset the monthly minimum payments based on the report from the community corrections officer of the change in circumstances.

(3) Except as provided in subsection (6) of this section, restitution ordered by a court pursuant to a criminal conviction shall be based on the following:

(a) All of the victim’s medical expenses that are associated with the rape and resulting pregnancy; and

(b) Child support for any child born as a result of the rape if child support is ordered pursuant to a proceeding in superior court or administrative order for support for that child.

The clerk must forward any restitution payments made on behalf of the victim’s child to the Washington state child support registry under chapter 26.23 RCW. Identifying information about the victim and child shall not be included in the order. The officer shall receive a credit against any obligation owing under the administrative or superior court order for support of the victim’s child. For the purposes of this subsection, the offender shall remain under the court’s jurisdiction until the offender has satisfied support obligations under the superior court or administrative order but not longer than a maximum term of twenty-five years following the offender’s release from total confinement or ten years subsequent to the entry of the judgment and sentence, whichever period is longer.

Prior to the expiration of the initial ten-year period, the superior court may extend jurisdiction under the criminal judgment an additional ten years for payment of restitution. (If jurisdiction under the criminal judgment is extended, the department is not responsible for supervision of the offender in the community under RCW 9.94A.728, section 3 of this act, or in which the offender is in confinement in a state correctional institution or a correctional facility pursuant to a transfer agreement with the department, and the department shall supervise the offender’s compliance during any such period. The department is responsible for supervision of the offender only during confinement and authorized supervision and not during any subsequent period in which the offender remains under the court’s jurisdiction. The county clerk is authorized to collect unpaid restitution at any time the offender remains under the jurisdiction of the court for purposes of his or her legal financial obligations.

(5) Restitution may be ordered whenever the offender is convicted of an offense which results in injury to any person or damage to or loss of property or as provided in subsection (6) of this section. In addition, restitution may be ordered to pay for an injury, loss, or damage if the offender pleads guilty to a lesser offense and agrees with the prosecutor’s recommendation that the offender be required to pay restitution to a victim of an offense or offenses which are not prosecuted pursuant to a plea agreement.

(6) Restitution for the crime of rape of a child in the first, second, or third degree, in which the victim becomes pregnant, shall include:

(a) All of the victim’s medical expenses that are associated with the rape and resulting pregnancy; and

(b) Child support for any child born as a result of the rape if child support is ordered pursuant to a proceeding in superior court or administrative order for support for that child.

The clerk must forward any restitution payments made on behalf of the victim’s child to the Washington state child support registry under chapter 26.23 RCW. Identifying information about the victim and child shall not be included in the order. The officer shall receive a credit against any obligation owing under the administrative or superior court order for support of the victim’s child. For the purposes of this subsection, the offender shall remain under the court’s jurisdiction until the offender has satisfied support obligations under the superior court or administrative order but not longer than a maximum term of twenty-five years following the offender’s release from total confinement or twenty-five years subsequent to the entry of the judgment and sentence, whichever period is longer. The court may not reduce the total amount of restitution ordered because the offender may lack the ability to pay the total amount. The offender’s compliance with the restitution is ordered by the department only during any period which the department is authorized to supervise the offender in the community under RCW 9.94A.728, section 3 of this act, or in which the offender is in confinement in a state correctional institution or a correctional facility pursuant to a transfer agreement with the department, and the department shall supervise the offender’s compliance during any such period. The department is responsible for supervision of the offender only during confinement and authorized supervision and not during any subsequent period in which the offender remains under the court’s jurisdiction. The county clerk is authorized to collect unpaid restitution at any time the offender remains under the jurisdiction of the court for purposes of his or her legal financial obligations.

(7) In addition to any sentence that may be imposed, an offender who has been found guilty of an offense involving fraud or other deceptive practice or an organization which has been found guilty of any such offense may be ordered by the sentencing court to give notice of the conviction to the class of persons or to the sector of the public affected by the conviction or financially interested in the subject matter of the offense by mail, by advertising in designated areas or through designated media, or by other appropriate means.

(8) This section does not limit civil remedies or defenses available to the victim or offender including support enforcement remedies for support ordered under subsection (6) of this section for a child born as a result of a rape of a child victim. The court shall identify in the judgment and sentence the victim or victims entitled to restitution and what amount is due each victim. The state or victim may enforce the court-ordered restitution in the same manner as a judgment in a civil action. Restitution collected through civil enforcement must be paid through the registry of the court and must be distributed proportionately according to each victim’s loss when there is more than one victim.

Sec. 16. RCW 9.94A.753 and 2000 c 226 s 3 and 2000 c 28 s 33 are each reenacted and amended to read as follows:

This section applies to offenses committed after July 1, 1985.

(1) When restitution is ordered, the court shall determine the amount of restitution due at the sentencing hearing or within one hundred eighty days except as provided in subsection (7) of this section. The court may continue the hearing beyond the one hundred eighty days for good cause. The court shall then set a minimum monthly payment that the offender is required to make towards the restitution that is
ordered. The court should take into consideration the total amount of the restitution owed, the offender’s present, past, and future ability to pay, as well as any assets that the offender may have.

(2) During the period of supervision, the community corrections officer may examine the offender to determine if there has been a change in circumstances that warrants an amendment of the monthly payment schedule. The community corrections officer may recommend a change to the schedule of payments and shall inform the court of the recommended change and the reasons for the change. The sentencing court may then reset the monthly minimum payments based on the report from the community corrections officer of the change in circumstances.

(3) Except as provided in subsection (6) of this section, restitution ordered by a court pursuant to a criminal conviction shall be based on easily ascertainable damages for injury to or loss of property, actual expenses incurred for treatment for injury to persons, and lost wages resulting from injury. Restitution shall not include reimbursement for damages for mental anguish, pain and suffering, or other intangible losses, but may include the costs of counseling reasonably related to the offense. The amount of restitution shall not exceed double the amount of the offender’s gain from the commission of the offense.

(4) For the purposes of this section, for an offense committed prior to July 1, 2000, the offender shall remain under the court’s jurisdiction for a term of ten years following the entry of the judgment and sentence, whichever period ends later. Prior to the expiration of the initial ten-year period, the superior court may extend jurisdiction under the criminal judgment an additional ten years for payment of restitution. For an offense committed on or after July 1, 2000, the offender shall remain under the court’s jurisdiction until the obligation is completely satisfied, regardless of the statutory maximum for the crime. The portion of the sentence concerning restitution may be modified as to amount, terms, and conditions during any period of time the offender remains under the court’s jurisdiction, regardless of the expiration of the offender’s term of community supervision and regardless of the statutory maximum sentence for the crime. The court may not reduce the total amount of restitution ordered because the offender may lack the ability to pay the total amount.

(5) Restitution shall be ordered whenever the offender is convicted of an offense which results in injury to any person or damage to or loss of property or as provided in subsection (6) of this section under the court’s supervision and not during any subsequent period in which the offender remains under the court’s jurisdiction. The county clerk is authorized to collect unpaid restitution at any time the offender remains under the jurisdiction of the court for purposes of his or her legal financial obligations.

(6) Restitution for the crime of rape of a child in the first, second, or third degree, in which the victim becomes pregnant, shall include: (a) All of the victim’s medical expenses that are associated with the rape and resulting pregnancy; and (b) child support for any child born as a result of the rape if child support is ordered pursuant to a civil superior court or administrative order for support for that child. The clerk must make any restitution payments to the victim or the victim’s representative in order to pay the remaining obligations under chapter 26.23 RCW. Identifying information about the victim and child shall not be included in the order. The offender shall receive a credit against any obligation owing under the administrative or superior court order for support of the victim’s child. For the purposes of this subsection, the court shall be the court under the court’s jurisdiction until the offender has satisfied support obligations under the superior court or administrative order for the period provided in RCW 416.020 for a maximum term of twenty-five years following the offender’s release from total confinement or twenty-five years subsequent to the entry of the judgment and sentence, whichever period is longer. The court may not reduce the total amount of restitution ordered because the offender may lack the ability to pay the total amount. The department shall supervise the offender’s compliance with the restitution ordered under this subsection.

(7) Regardless of the provisions of subsections (1) through (6) of this section, the court shall order restitution in all cases where the victim is entitled to benefits under the crime victims’ compensation act, chapter 7.68 RCW. If the court does not order restitution and the victim of the crime has been determined to be entitled to benefits under the crime victims’ compensation act, the department of labor and industries, as administrator of the crime victims’ compensation program, may petition the court within one year of entry of the judgment and sentence for entry of a restitution order. Upon receipt of a petition from the department of labor and industries, the court shall hold a restitution hearing and shall enter a restitution order.

(8) In addition to any sentence that may be imposed, an offender who has been found guilty of an offense involving fraud or other deceptive practice or an organization which has been found guilty of any such offense may be ordered by the sentencing court to give notice of the conviction to the class of persons or to the sector of the public affected by the conviction or financially interested in the subject matter of the offense by mail, by advertising in designated areas or through designated media, or by other appropriate means.

(9) This section does not limit civil remedies or defenses available to the victim, survivors of the victim, or offender including support enforcement remedies for support ordered under subsection (6) of this section for a child born as a result of a rape of a child victim. The court shall identify in the judgment and sentence the victim entitled to restitution and what amount is due each victim. The state or victim may enforce the court-ordered restitution in the same manner as a judgment in a civil action. Restitution collected through civil enforcement must be paid through the registry of the court and must be distributed proportionately according to each victim’s loss when there is more than one victim.

NEW SECTION. Sec. 17. A new section is added to chapter 9.94A RCW to read as follows:

If an offender with an unsatisfied legal financial obligation is not subject to supervision by the department for a term of community placement, community custody, or community supervision, or has not completed payment of all legal financial obligations included in the sentence at the expiration of his or her term of community placement, community custody, or community supervision, the department shall notify the administrative office of the courts of the termination of the offender’s supervision and provide information to the administrative office of the courts to enable the county clerk to monitor payment of the remaining obligations. The county clerk is authorized to monitor payment after such notification. The secretary of corrections and the administrator for the courts shall enter into an interagency agreement to facilitate the electronic transfer of information about offenders, unpaid obligations, and payees to carry out the purposes of this section.

Sec. 18. RCW 9.94A.780 and 1991 c 104 s 1 are each amended to read as follows:

(1) Whenever a punishment imposed under this chapter requires supervision services to be provided, the offender shall pay to the department of corrections the monthly minimum payments prescribed under chapter 9.94A RCW, subsection (6) of this section, which shall be for the duration of the terms of supervision and which shall be considered as payment or part payment of the cost of providing supervision to the offender. The department may exempt or defer a person from the payment of all or any part of the assessment based upon any of the following factors:

(a) The offender has diligently attempted but has been unable to obtain employment that provides the offender sufficient income to make such payments.

(b) The offender is a student in a school, college, university, or a course of vocational or technical training designed to fit the student for gainful employment.
(c) The offender has an employment handicap, as determined by an examination acceptable to or ordered by the department.
(d) The offender’s age prevents him or her from obtaining employment.
(e) The offender is responsible for the support of dependents and the payment of the assessment constitutes an undue hardship on the offender.
(f) Other extenuating circumstances as determined by the department.

(2) The department of corrections shall adopt a rule prescribing the amount of the assessment. The department may, if it finds it appropriate, prescribe a schedule of assessments that vary in accordance with the intensity or cost of the supervision. The department may not prescribe any assessment that is less than ten dollars nor more than fifty dollars.

(3) All amounts required to be paid under this section shall be collected by the department of corrections and deposited by the department in the dedicated fund established pursuant to RCW 72.11.040.

(4) This section shall not apply to probation services provided under an interstate compact pursuant to chapter 9.95 RCW or to probation services provided for persons placed on probation prior to June 10, 1982.

(5) If a county clerk assumes responsibility for collection of unpaid legal financial obligations under RCW 9.94A.760, or under any agreement for purposes of deterring and scaring offenders, whether before or after the completion of any period of community placement, community custody, or community supervision, the clerk may impose a monthly or annual assessment for the cost of collections. The amount of the assessment shall not exceed the actual cost of collections. The county clerk may exempt or defer payment of all or part of the assessment based upon any of the factors listed in subsection (1) of this section. The offender shall pay the assessment under this subsection to the county clerk who shall apportion it to the cost of collecting legal financial obligations under RCW 9.94A.760.

Sec. 19. RCW 9.94A.637 and 2002 c 16 s 2 are each amended to read as follows:

(1)(a) When an offender has completed all requirements of the sentence, including any and all legal financial obligations, and while under the custody and supervision of the department, the secretary or the secretary’s designee shall notify the sentencing court, which shall discharge the offender and provide the offender with a certificate of discharge by issuing the certificate to the offender in person or by mailing the certificate to the offender’s last known address.

(b)(I) When an offender has reached the end of his or her supervision with the department and has completed all the requirements of the sentence except his or her legal financial obligations, the secretary’s designee shall provide the county clerk with a notice that the offender has completed all nonfinancial requirements of the sentence. When the department has provided the county clerk with notice that an offender has completed all the requirements of the sentence and the offender subsequently satisfies all legal financial obligations under the sentence, the county clerk shall notify the sentencing court, including the notice from the department, which shall discharge the offender and provide the offender with a certificate of discharge by issuing the certificate to the offender in person or by mailing the certificate to the offender’s last known address.

(2) The court shall send a copy of every signed certificate of discharge to the auditor for the county in which the court resides and to the department. The department shall create and maintain a data base containing the names of all felons who have been issued certificates of discharge, the date of discharge, and the date of conviction and offense.

(3) An offender who is not convicted of a violent offense or a sex offense and is sentenced to a term involving community supervision may be considered for a discharge of sentence by the sentencing court prior to the completion of community supervision, provided that the offender has completed at least one-half of the term of community supervision and has met all other sentence requirements.

(4) Except as provided in subsection (5) of this section, the discharge shall have the effect of restoring all civil rights lost by operation of law upon conviction, and the certificate of discharge shall state: Nothing in this section prohibits the use of an offender’s prior record for parole or other purposes. Nothing in this section affects or permits use of the offender’s prior conviction in a later criminal prosecution either as an element of an offense or for impeachment purposes. A certificate of discharge is not based on a finding of rehabilitation.

(5) Unless otherwise ordered by the sentencing court, a certificate of discharge shall not terminate the offender’s obligation to comply with any order issued under chapter 10.99 RCW that excludes or prohibits the offender from having contact with a specified person or coming within a set distance of any specified location that was contained in the judgment and sentence.

(6) Upon release from custody, the offender may apply to the department for counseling and help in adjusting to the community. This voluntary help may be provided for up to one year following the release from custody.

NEW SECTION. Sec. 20. A new section is added to chapter 36.23 RCW to read as follows:

The Washington association of county officials, in consultation with county clerks, shall determine a funding formula for allocation of moneys to counties for purposes of collecting legal financial obligations, and report this formula to the legislature and the administrative office of the courts by September 1, 2003. The Washington association of county officials shall report on the amounts of legal financial obligations collected by the county clerks to the appropriate committees of the legislature no later than December 1, 2004, and annually thereafter.

The administrative office of the courts shall not deduct any amount for indirect or direct costs, and shall distribute the entire amount appropriated by the legislature to the counties for county clerk collection budgets. The administrative office of the courts shall report on the amounts distributed to counties to the appropriate committees of the legislature no later than December 1, 2003, and annually thereafter.

NEW SECTION. Sec. 22. A new section is added to chapter 9.94A RCW to read as follows:

Notwithstanding any other provision of state law, monthly payment or starting dates set by the court or the department before or after the effective date of this section shall not be construed as a limitation on the due date or amount of legal financial obligations, which may be immediately collected in accordance with civil means. Monthly payments and commencement dates are to be construed to be applicable solely as a limitation upon the deprivation of an offender’s liberty for nonpayment.

Sec. 23. RCW 4.56.100 and 1997 c 358 s 4 are each amended to read as follows:

(1) When any judgment for the payment of money only shall have been paid or satisfied, the clerk of the court in which such judgment was rendered shall note upon the record in the execution docket satisfaction thereof giving the date of such satisfaction upon either the payment to such clerk of the amount of such judgment, costs and interest and any accrued costs by reason of the issuance of any execution, or the filing with such clerk of a satisfaction entitled in such action and identifying the same executed by the judgment creditor or his or her attorney of record in such action or his or her assignee acknowledged as deeds are acknowledged. The clerk has the authority to note the satisfaction of judgments for criminal and juvenile legal financial obligations when the clerk’s record indicates payment in full or as directed by the court. Every satisfaction of judgment and every partial satisfaction of judgment which provides for the payment of money shall clearly designate the judgment creditor and his or her attorney if any, the judgment debtor, the amount or type of satisfaction, whether the satisfaction is full or partial, the cause number, and the date of entry of judgment. A certificate by such clerk of the entry of such

The provisions of sections 13 through 27 of this act do not change the amount of any legal financial obligation on the maximum term for which any offender is, or may be, under the jurisdiction of the court for collection of legal financial obligations.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. A new section is added to chapter 44.04 RCW to read as follows:
"The legislative international trade account is created in the custody of the state treasurer.
All moneys received by the president of the senate and the secretary of the senate from gifts, grants, and endowments for international trade hosting, international relations, and international missions activities must be deposited in the account. Only private, nonpublic gifts, grants, and endowments may be deposited in the account. A person, as defined in RCW 42.52.010, may not donate, gift, grant, or endow more than five thousand dollars per calendar year to the legislative international trade account. Expenditures from the account may be used only for the purposes of international trade hosting, international relations, and international trade mission activities, excluding travel and lodging, in which the president and members of the senate, members of the house of representatives, and the secretary of state participate in an official capacity. An appropriation is not required for expenditures. All requests by individual legislators for use of funds from this account must be first approved by the secretary of the senate for members of the senate or the chief clerk of the house of representatives for members of the house of representatives. All expenditures from the account shall be authorized by the final signed approval of the chief clerk of the house of representatives, the secretary of the senate, and the president of the senate.

NEW SECTION. Sec. 2. A new section is added to chapter 42.52 RCW to read as follows:
"(1) When soliciting charitable gifts, grants, or donations solely for the legislative international trade account created in section 1 of this act, the president of the senate is presumed not to be in violation of the solicitation and receipt of gift provisions in RCW 42.52.140.
(2) When soliciting charitable gifts, grants, or donations solely for the legislative international trade account created in section 1 of this act, state officers and state employees are presumed not to be in violation of the solicitation and receipt of gift provisions in RCW 42.52.140.
(3) An annual report of the legislative international trade account activities, including a list of receipts and expenditures, shall be published by the president of the senate and submitted to the house of representatives and the senate and be a public record for the purposes of RCW 42.17.260.

Sec. 3. RCW 42.52.150 and 1998 c 7 s 2 are each amended to read as follows:
(1) No state officer or state employee may accept gifts, other than those specified in subsections (2) and (5) of this section, with an aggregate value in excess of fifty dollars from a single source in a calendar year or a single gift from multiple sources with a value in excess of fifty dollars. For purposes of this section, "single source" means any person, as defined in RCW 42.52.010, whether acting directly or through any agent or other intermediary, and "single gift" includes any event, item, or group of items used in conjunction with each other or any trip including transportation, lodging, and attendant costs, not excluded from the definition of gift under RCW 42.52.010. The value of gifts given to an officer’s or employee’s family member or guest shall be attributed to the official or employee for the purpose of determining whether the limit has been exceeded, unless an independent business, family, or social relationship exists between the donor and the family member or guest.
(2) Except as provided in subsection (4) of this section, the following items are presumed not to influence under RCW 42.52.140, and may be accepted without regard to the limit established by subsection (1) of this section:

(e) Informational material, publications, or subscriptions related to the recipient’s performance of official duties;
(f) Food and beverages consumed at hosted receptions where attendance is related to the state officer’s or state employee’s official duties;

Admission to, and the cost of food and beverages consumed at, events sponsored by or in conjunction with a civic, charitable, governmental, or community organization; and unsolicited gifts from dignitaries from another state or a foreign country that are intended to be personal in nature.

The presumption in subsection (2) of this section is rebuttable and may be overcome based on the circumstances surrounding the giving and acceptance of the item.

Notwithstanding subsections (2) and (5) of this section, a state officer or state employee of a regulatory agency or of an agency that seeks to acquire goods or services who participates in those regulatory or contractual matters may receive, accept, take, or seek, directly or indirectly, only the following items from a person regulated by the agency or from a person who seeks to provide goods or services to the agency:

(iii) Flowers, plants, and floral arrangements.

A state officer or state employee may accept gifts in the form of food and beverage on infrequent occasions in the ordinary course of meals where attendance by the officer or employee is related to the performance of official duties. "NEW SECTION. Sec. 1. A new section is added to chapter 39.10 RCW to read as follows:

(1) Public bodies may use a job order contract for public works projects when:

(a) A public body has made a determination that the use of job order contracts will benefit the public by providing an effective means of reducing the total lead-time and cost for public works projects or repair required at public facilities through the use of unit price books and work orders by eliminating time-consuming, costly aspects of the traditional public works process, which require separate contracting actions for each small project;

(b) The work order to be issued for a particular project does not exceed two hundred thousand dollars;

(c) Less than twenty percent of the dollar value of the work order consists of items of work not contained in the unit price book; and

(d) At least eighty percent of the job order contract must be subcontracted to entities other than the job order contractor.

(2) Public bodies shall award job order contracts through a competitive process utilizing public requests for proposals. Public bodies shall make an effort to solicit proposals from a certified minority or certified woman-owned contractor to the extent permitted by the Washington state civil rights act, RCW 49.60.400. The public body shall publish, at least once in a legal newspaper of general circulation published in or as near as possible to that part of the county in which the public works will be done, a request for proposal documents. The public body shall ensure that the request for proposal documents at a minimum includes:

(a) A detailed description of the scope of the job order contract including performance, technical requirements and specifications, functional and operational elements, minimum and maximum work order amounts, duration of the contract, and options to extend the job order contract;

(b) The reasons for using job order contracts;

(c) A description of the qualifications required of the proposer;

(d) The identity of the specific unit price book to be used;

(e) The minimum contracted amount committed to the selected job order contractor;

(f) A description of the process the public body will use to evaluate qualifications and proposals, including evaluation factors and the relative weight of factors. The public body shall ensure that evaluation factors include, but are not limited to, proposal price and the ability of the proposer to perform the job order contract. In evaluating the ability of the proposer to perform the job order contract, the public body may consider: The ability of the professional personnel who will work on the job order contract; past performance on similar contracts; ability to meet time and budget requirements; ability to provide a performance and payment bond for the job order contract; recent, current, and projected work loads of the proposer; location; and the concept of the proposal;

(g) The form of the contract to be awarded;

(h) The method for pricing renewals of or extensions to the job order contract;

(i) A notice that the proposals are subject to the provisions of RCW 39.10.100; and

(j) Other information relevant to the project.

(3) A public body shall establish a committee to evaluate the proposals. After the committee has selected the most qualified finalists, the finalists shall submit final proposals, including sealed bids based upon the identified unit price book. Such bids may be in the
form of coefficient markups from listed price book costs. The public body shall award the contract to the firm submitting the highest scored final proposal, using the evaluation factors and the relative weight of factors published in the public request for proposals.

(4) The public body shall provide a protest period of at least ten business days following the day of the announcement of the apparent successful proposal to allow a protester to file a detailed statement of the grounds of the protest. The public body shall promptly make a determination on the merits of the protest and provide to all proposers a written decision of denial or acceptance of the protest. The public body shall not execute the contract until two business days following the public body’s decision on the protest.

(5) The public body shall issue no work orders until it has approved, in consultation with the office of minority and women’s business enterprises or the equivalent local agency, a plan prepared by the job order contractor that equitably spreads certified women and minority business enterprise subcontracting opportunities, to the extent permitted by the Washington state civil rights act, RCW 49.60.400, among the various subcontract disciplines.

(6) Job order contracts may be executed for an initial contract term of not to exceed two years, with the option of extending or renewing the job order contract for one year. All extensions or renewals must be priced as provided in the request for proposals. The extension or renewal may be mutually agreed to by the public body and the job order contractor.

(7) The alternate filing provisions of RCW 39.12.040(2) shall apply to each work order that otherwise meets the eligibility requirements of RCW 39.12.040(2).

(8) For chapters 39.08, 39.12, 39.76, and 60.28 RCW, each work order issued shall be treated as a separate contract. The alternate filing provisions of RCW 39.12.040(2) shall apply to each work order that otherwise meets the eligibility requirements of RCW 39.12.040(2).

(9) All work orders issued for the same project shall be treated as a single work order for purposes of the one hundred fifty thousand dollar limit on work orders in subsection (8) of this section and the two hundred thousand dollar limit on work orders in subsection (1)(b) of this section.

(13) The requirements of RCW 39.30.060 do not apply to requests for proposals for job order contracts.

(14) Job order contractors shall pay prevailing wages for all work that would otherwise be subject to the requirements of chapter 39.12 RCW. Prevailing wages for all work performed pursuant to each work order must be the rates in effect at the time the individual work order is issued.

(15) If, in the initial contract term, the public body, at no fault of the job order contractor, fails to issue the minimum amount of work orders stated in the public request for proposals, the public body shall pay the contractor an amount equal to the difference between the minimum work order amount and the actual total of the work orders issued multiplied by an appropriate percentage for overhead and profit contained in the general conditions for Washington state facility construction. This will be the contractor’s sole remedy.

(16) All job order contracts awarded under this section must be executed before July 1, 2007, however the job order contract may be extended or renewed as provided for in this section.

(17) For purposes of this section, “public body” includes any school district.

(Here to be signed)

(2) Under the job order contracting procedure described in section 1 of this act, bonds will be in an amount not less than the dollar value of all open work orders.

Sec. 5. RCW 39.30.060 and 2002 c 163 s 2 are each amended to read as follows:

(1) Every invitation to bid on a prime contract that is expected to cost one million dollars or more for the construction, alteration, or repair of any public building or public work of the state or a state agency or municipality as defined under RCW 39.04.010 or an institution of higher education as defined under RCW 28B.10.016 shall require each prime contract bidder to submit as part of the bid, or within one hour after the published bid submittal time, the names of the subcontractors with whom the bidder, if awarded the contract, will subcontract for performance of the work of: HVAC (heating, ventilation, and air conditioning); plumbing as described in chapter 18.106 RCW, and electrical as described in chapter 19.28 RCW, or name itself the work. The prime contract bidder shall not list more than one subcontractor for each category of work identified, unless subcontractors vary with bid alternates, in which case the prime contract bidder must indicate which subcontractor will be used for which alternate. Failure of the prime contract bidder to submit as part of the bid the names of such subcontractors or to name itself to perform such work or the naming of two or more subcontractors to perform the same work shall render the prime contract bidder’s bid nonresponsive and, therefore, void.

(3) The listed subcontractor in furtherance of the listing of any project, shopping or bid peddling before or after the award of the prime contract is prohibited and the originally listed subcontractor is entitled to recover monetary damages from the prime contract bidder who executed a contract with the public entity and the substituted subcontractor but not from the public entity inviting the bid. It is the original subcontractor’s burden to prove by a preponderance of the evidence that bid shopping or bid peddling occurred. Substitution of a listed subcontractor may be made by the prime contractor for the following reasons:

(a) Refusal of the listed subcontractor to sign a contract with the prime contractor;
(b) Bankruptcy or insolvency of the listed subcontractor;
(c) Inability of the listed subcontractor to perform the requirements of the proposed contract or the project;
(d) Inability of the listed subcontractor to obtain the necessary license, bonding, insurance, or other statutory requirements to perform the work detailed in the contract; or
(e) The listed subcontractor is barred from participating in the project as a result of a court order or summary judgment.

(4) The contractor or subcontractor may withhold payment of not more than five percent from the moneys earned by any subcontractor or supplier within thirty days of accepting the bond from the subcontractor or supplier. Such a bond in lieu of retained funds from a bonding company meeting standards established by the public body shall be in an amount not less than the dollar value of all open work orders.

NEW SECTION. Sec. 6. A new section is added to chapter 39.12 RCW to read as follows:

Sec. 7. RCW 60.28.011 and 2000 c 185 s 1 are each amended to read as follows:

(1) Public improvement contracts shall provide that a contract retainage not to exceed five percent of the moneys earned by the contractor as a trust fund for the protection and payment of: (a) The claims of any person arising under the contract; and (b) the state with respect to taxes imposed pursuant to Title 82 RCW which may be due from such contractor.

(2) Every person performing labor or furnishing supplies toward the completion of a public improvement contract shall have a lien upon moneys reserved by a public body under the provisions of a public improvement contract. However, the notice of the lien of the claimant shall be given within forty-five days of completion of comparatively minor work, and in the manner prescribed in RCW 39.08.030.

(3) The contractor at any time may request the contract retainage to be reduced to one hundred percent of the value of the work remaining on the project.

(a) After completion of all contract work other than landscaping, the contractor may request that the public body release and pay in full the amounts retained during the performance of the contract, and sixty days thereafter the public body must release and pay in full the amounts retained (other than continuing retention of five percent of the moneys earned for landscaping) subject to the provisions of chapters 39.12 and 60.28 RCW.

(b) Sixty days after completion of all contract work the public body must release and pay in full the amounts retained during the performance of the contract subject to the provisions of chapters 39.12 and 60.28 RCW.

(4) The moneys reserved by a public body under the provisions of a public improvement contract, at the option of the contractor, shall be:

(a) Retained in a fund by the public body;
(b) Deposited by the public body in an interest bearing account in a bank, mutual savings bank, or savings and loan association. Interest on moneys reserved by a public body under the provision of a public improvement contract shall be paid to the contractor; and
(c) Placed in escrow with a bank or trust company by the public body. When the moneys reserved are placed in escrow, the public body shall issue a check representing the sum of the moneys reserved payable to the bank or trust company and the contractor jointly. Such check shall be converted into bonds and securities chosen by the contractor and approved by the public body and the bonds and securities shall be held in escrow. Interest on the bonds and securities shall be paid to the contractor as the interest accrues.

(5) The contractor or subcontractor may withhold payment of not more than five percent from the moneys earned by any subcontractor or sub-subcontractor or supplier contracted with by the contractor to provide labor, materials, or equipment to the public project. Whenever the contractor or subcontractor reserves funds earned by a subcontractor or sub-subcontractor or supplier, the contractor or subcontractor shall pay interest to the subcontractor or sub-subcontractor or supplier at a rate equal to that received by the contractor or subcontractor from reserved funds.

(6) A contractor may submit a bond for all or any portion of the contract retainage in a form acceptable to the public body and from a bonding company meeting standards established by the public body. The public body shall accept a bond meeting these requirements unless the public body can demonstrate good cause for refusing to accept it. This bond and any proceeds therefrom are subject to all claims and liens and in the same manner and priority as set forth for retained percentages in this chapter. The public body shall release the bonded portion of the retained funds to the contractor thirty days of accepting the bond from the contractor. Whenever a public body accepts a bond in lieu of retained funds from a contractor, the contractor shall accept like bonds from any subcontractors or suppliers from which the contractor has retained funds. The contractor shall then release the funds retained from the subcontractor or supplier to the subcontractor or supplier within thirty days of accepting the bond from the subcontractor or supplier.
If the public body administering a contract, after a substantial portion of the work has been completed, finds that an unreasonable delay will occur in the completion of the remaining portion of the contract for any reason not the result of a breach thereof, it may, if the contractor agrees, delete from the contract the remaining work and accept as final the improvement at the stage of completion then attained and make payment in proportion to the amount of the work accomplished and in this case any amounts retained and accumulated under this section shall be held for a period of sixty days following the completion. In the event that the work is terminated before final completion as provided in this section, the public body may thereafter enter into a new contract with the same contractor to perform the remaining work or improvement for an amount equal to or less than the cost of the remaining work as was provided for in the original contract without advertisement or bid. The provisions of this chapter are exclusive and shall supersede all provisions and regulations in conflict herewith.

(3) Whenever the department of transportation has contracted for the construction of two or more ferry vessels, sixty days after completion of all contract work on each ferry vessel, the department must release and pay in full the amounts retained in connection with the construction of the vessel subject to the provisions of RCW 60.28.020 and chapter 39.12 RCW. However, the department of transportation may at its discretion condition the release of funds retained in connection with the completed ferry upon the contractor delivering a good and sufficient bond with two or more sureties, or with a surety company, in the amount of the retained funds to be released to the contractor, conditioned that no taxes shall be certified or claims filed for work on the ferry after a period of sixty days following completion of the ferry; and if taxes are certified or claims filed, recovery may be had on the bond by the department of revenue and the materialmen and laborers filing claims.

(9) Except as provided in subsection (1) of this section, reservation by a public body for any purpose from the moneys earned by a contractor by fulfilling its responsibilities under public improvement contracts is prohibited.

(10) Contracts on projects funded in whole or in part by farmers home administration and subject to farmers home administration regulations are not subject to subsections (1) through (9) of this section.

(11) This subsection applies only to a public body that has contracted for the construction of a facility using the general contractor/construction manager procedure, as defined under RCW (39.10.060) 39.10.061. If the work performed by a subcontractor on the project has been completed within the first half of the time provided in the general contractor/construction manager contract for completing the work, the public body may accept public notice of this acceptance. After a forty-five day period for giving notice of liens, and compliance with the retainage release procedures in RCW 60.28.020; the public body may release that portion of the retained funds associated with the subcontract. Claims against the retained funds after the forty-five day period are not valid.

(12) Unless the context clearly requires otherwise, the definitions in this subsection apply throughout this section.

(a) "Contract retainage" means an amount reserved by a public body from the moneys earned by a person under a public improvement contract.

(b) "Person" means a person or persons, mechanic, subcontractor, or materialperson who performs labor or provides materials for a public improvement contract, and any other person who supplies the person with provisions or supplies for the carrying out of a public improvement contract.

MESSAGE FROM THE HOUSE

April 22, 2003

MR. PRESIDENT:

The House refuses to concur in the Senate amendment(s) to SUBSTITUTE HOUSE BILL NO. 1100 and asks the Senate to recede therefrom, and the same are herewith transmitted.

CYNTHIA ZEHNDER, Chief Clerk

MOTION

On motion of Senator Swecker, the Senate receded from its amendments(s) to Substitute House Bill No. 1100.

MOTIONS

On motion of Senator Swecker, the rules were suspended and Substitute House Bill No. 1100 was returned to second reading and read the second time.

On motion of Senator Swecker, the following striking amendment by Senators Swecker and Rasmussen was adopted, under suspension of the rules:

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 20.01.010 and 1991 c 174 s 1 are each amended to read as follows:
As used in this title the terms defined in this section have the meanings indicated unless the context clearly requires otherwise.
(1) "Director" means the director of agriculture or ((his)) a duly authorized representative.
(2) "Person" means any natural person, firm, partnership, exchange, association, trustee, receiver, corporation, and any member, officer, or employee thereof or assignee for the benefit of creditors."
"Agricultural product" means any unprocessed horticultural, vermicultural and its byproducts, viticultural, berry, poultry, poultry product, grain, bee, or other agricultural products, and includes mint or mint oil processed by or for the producer thereof and hay and straw baled or prepared for market in any manner or form and livestock.

"Producer" means any person engaged in the business of growing or producing any agricultural product, whether as the owner of the products, or producing the products for other's holding the title thereof.

"Consignor" means any producer, person, or his agent who sells, ships, or delivers to any commission merchant, dealer, cash buyer, or agent, any agricultural product for processing, handling, sale, or resale.

"Commission merchant" means any person who receives on consignment for sale or processing and sale from the consignor thereof any agricultural product for sale on commission on behalf of the consignor, or who accepts any farm product in trust from the consignor thereof for the purpose of resale, or who sells or offers for sale on commission any agricultural product, or who in any way handles for the account of or as an agent of the consignor thereof, any agricultural product.

"Dealer" means any person other than a cash buyer, as defined in subsection (10) of this section, who solicits, contracts for, or obtains from the consignor thereof for reselling or processing, title, possession, or control of any agricultural product, or who buys or agrees to buy any agricultural product from the commission merchant for resale or processing and includes any person, or at least one who acts solely as a producer, who retains title in an agricultural product and delivers it to a producer for further production or increase. For the purposes of this chapter, the term dealer includes any person who purchases livestock on behalf of and for the account of another, or who purchases cattle in another state or country and imports these cattle into this state for resale.

"Limited dealer" means any person (operating) who buys, agrees to buy, or pays for the production or increase of any agricultural product by paying to the consignor at the time of obtaining possession or control of any agricultural product the full agreed price of the agricultural product and who operates under the alternative bonding provision in RCW 20.01.211.

"Broker" means any person other than a commission merchant, dealer, or cash buyer who negotiates the purchase or sale of any agricultural product, but no broker may handle the agricultural products involved or proceeds of the sale.

"Commission merchant" means any person other than a commission merchant, dealer, or broker, who obtains from the consignor thereof for the purpose of resale or processing, title, possession, or control of any agricultural product or who contracts for the title, possession, or control of any agricultural product, or who buys or agrees to buy for resale any agricultural product by paying to the consignor at the time of obtaining possession or control of any agricultural product the full agreed price of the agricultural product, in coin or currency, lawful money of the United States. However, a cashier's check, certified check, or bankdraft may be used for the payment. For the purposes of this subsection, "agricultural product," does not include hay, grain, straw, or livestock.

"Agent" means any person who, on behalf of any commission merchant, dealer, broker, or cash buyer, acts as liaison between a consignor and a principal, or receives, contracts for, or solicits any agricultural product from the consignor thereof or who negotiates the consignment or purchase of agricultural product on behalf of any commission merchant, dealer, broker, or cash buyer and who transacts all or a portion of that business at any location other than at the principal place of business of his employer. With the exception of an agent for a commission merchant or dealer handling horticultural products, an agent may operate only in the name of one principal and only to the account of that principal.

"Retail merchant" means any person operating from a bona fide or established place of business selling agricultural products twelve months of each year.

"Fixed or established place of business" for the purpose of this chapter means any permanent warehouse, building, or structure, at which necessary and appropriate equipment and fixtures are maintained for properly handling those agricultural products generally dealt in, and at which such building is usually transported and offered for sale, sold, delivered, and generally dealt with in quantities reasonably adequate for and usually carried for the requirements of such a business, and that is recognized as a permanent business at such place, and carried on as such in good faith and not for the purpose of evading this chapter, and who transacts all or a portion of that business at any location other than at the principal place of business of his employer. With the exception of an agent for a commission merchant or dealer handling horticultural products, an agent may operate only in the name of one principal and only to the account of that principal.

"Pooling contract" means any written agreement whereby a consignor delivers a horticultural product to a commission merchant under terms whereby the commission merchant may commingle the consignor's horticultural products for sale with others similarly agreeing, which must include all of the following:

(a) A delivery receipt for the consignor that indicates the variety of horticultural product delivered, the number of containers, or the weight and tare thereof;

(b) Horticultural products received for handling and sale in the fresh market shall be accounted for to the consignor with individual pack-out records that shall include variety, grade, size, and date of delivery. Individual daily packing summaries shall be available within forty-eight hours after packing occurs. However, platform inspection shall be acceptable by mutual contract agreement on small deliveries to determine variety, grade, size, and date of delivery;

(c) Terms under which the commission merchant may use his judgment in regard to the sale of the pooled horticultural product;

(d) The charges to be paid by the consignor as filed with the state of Washington;

(e) A provision that the consignor shall be paid for his pool contribution when the pool is in the process of being marketed in direct proportion, not less than eighty percent of his interest less expenses directly incurred, prior liens, and other advances on the grower's crop unless otherwise mutually agreed upon between grower and commission merchant.

"Date of sale" means the date agricultural products are delivered to the person buying the products.

(1) In lieu of the bonding provision required by RCW 20.01.210, any dealer who buys, agrees to buy, or pays for the production of any agricultural product by paying to the consignor at the time of obtaining possession or control of any agricultural product the full agreed price of the agricultural product may file a bond in an amount equal to the dealer's maximum monthly purchases, divided by (fifteen) twelve, but the minimum bond (provided by) under this section shall be (in a minimum of seven thousand five hundred) no less than ten thousand dollars.

(2) Any dealer using the bonding provisions of this section shall file an affidavit with the director that sets forth the dealer's maximum monthly purchases from or of application and with each renewal.

(3) Any dealer bonded under this section who is found to be in violation of this chapter shall be required to comply with the bonding requirements of RCW 20.01.210 for a minimum of two years.

Sec. 5. RCW 20.01.240 and 1986 c 178 s 12 are each amended to read as follows:

(1) The provisions of subsection (a) of this section, Any consignor who believes he or she has a valid claim against the bond of a commission merchant or dealer shall file a claim with the director. (Upon the filing of a claim under this subsection against any commission merchant or dealer handling any agricultural product, the director may, after investigation, proceed to ascertain the names and addresses of all consignor creditors of such commission merchant and dealer, together with the amounts due and owing to them by such commission merchant and dealer, and shall request all such consignor creditors to file a verified statement of their respective claims with the director. Such request shall be addressed to each known consignor creditor at his last known address.

(2) Any consignor who believes he or she has a valid claim against the bond of a commission merchant or dealer in hay or straw, shall file a claim with the director within twenty days of the licensee's default. In the case of a claim against the bond of a commission merchant or dealer handling hay or straw, default occurs when the licensee fails to make payment within thirty days of the date the licensee took possession of the hay or straw. In the case of a claim against a limited dealer in hay or straw, default occurs when the licensee fails to make payment upon taking possession of the hay or straw. Upon verifying the consignor's claim either through investigation or, if necessary, an administrative action, the director shall, within ten working days of the filing of the claim, make demand for payment of the claim to the licensee's surety without regard to any other potentially valid claim. Any subsequent claim will likewise result in demand to the surety. Any consignor who fails to make payment within thirty days of the date the licensee took possession of the hay or straw or at a date agreed to by both the consignor and commission merchant or dealer in written contract. In the case of a claim against a limited dealer in hay or straw, default occurs when the licensee fails to make payment upon taking possession of the hay or straw.

(3) Upon the filing of a claim under this subsection against any commission merchant or dealer handling any agricultural product, the director may, after investigation, proceed to ascertain the names and addresses of all consignor creditors of such commission merchant and dealer, together with the amounts due and owing to them by such commission merchant and dealer, and shall request all such consignor creditors to file a verified statement of their respective claims with the director. Such request shall be addressed to each known consignor creditor at his last known address.

(4) For claims against a bond that have been filed by consignors prior to the sixty-day deadline established in RCW 20.01.250, the director shall investigate the claims and, within thirty days of verifying the claims, demand payment for the valid claims by the licensee's surety. The director shall serve the consignor with the demand to the proceeds of the bond proceeds. If a claim is filed after the sixty-day deadline established in RCW 20.01.250, the director may investigate the claim and may demand payment for a valid claim. The director shall distribute the proceeds of any such payment made by the surety to the claimant on a first-to-file, first-to-be-paid basis within the limits of the claim and the availability of any bond proceeds remaining after the pro rata distribution. All distributions made by the director under this subsection are subject to RCW 20.01.360.

Sec. 6. RCW 20.01.320 and 1959 c 139 s 32 are each amended to read as follows:

In furtherance of (1) such an investigation, examination, or inspection, the director or (such) an authorized representative(s) may examine that portion of the ledgers, books, accounts, memoranda and other documents, agricultural products, scales, measures, and other articles and things used in connection with the business of (such) the person relating to the transactions involved. For the purpose of (such) the investigation the director shall at all times have free and unimpeded access to all buildings, yards, warehouses, storage, and transportation facilities or any other place where agricultural products are kept, stored, handled, or transported. If the director is denied access, the director may apply to any court of competent jurisdiction for a search warrant authorizing access to the premises and records. The court may upon the application issue the search warrant for the premises and records requested.

The director may also, for the purpose of (such) the investigation, issue subpoena to compel the attendance of witnesses, as provided in RCW 20.01.170. (auditor) or the production of books or documents, anywhere in the state.

Sec. 7. RCW 20.01.410 and 1971 ex.s. c 182 s 12 are each amended to read as follows:

(3) The commission merchant or dealer of hay or straw shall issue a copy of a manifest to the consignor. The original copy shall be retained by the commission merchant or dealer for a period of three years during which time it shall be surrendered upon request to the director. The manifest of cargo is valid only when signed by the licensee or his or her agent and the consignor or his or her authorized representative of hay or straw.

(4) Manifests will be provided to licensees at the actual cost for the manifests plus necessary handling costs incurred by the department.

Sec. 8. RCW 20.01.460 and 1989 c 354 s 43 are each amended to read as follows:

(1) Any person who violates the provisions of this chapter or fails to comply with the rules adopted under this chapter is guilty of a gross misdemeanor, except as provided in subsections (2) (auditor) through (4) of this section.
(2) Any commission merchant, dealer, or cash buyer, or any person assuming or attempting to act as a commission merchant, dealer, or cash buyer without a license is guilty of a class C felony who:
(a) Imposes false charges for handling or services in connection with agricultural products.

(4) Unlawful issuance of a check or draft may be prosecuted under RCW 9A.56.060.

Sec. 9. RCW 20.01.490 and 1986 c 178 s 5 are each amended to read as follows:

Any person found to have committed a civil infraction under this chapter shall be assessed a monetary penalty. No monetary penalty so assessed may exceed (one) five thousand dollars. The director shall adopt a schedule of monetary penalties for each violation of this chapter classified as a civil infraction and shall submit the schedule to the proper courts. Whenever a monetary penalty is imposed by the court, the penalty is immediately due and payable. The court may, at its discretion, grant an extension of time, not to exceed thirty days, in which the penalty must be paid. Failure to pay any monetary penalties imposed under this chapter shall be punishable as a misdemeanor.

Sec. 10. RCW 20.01.610 and 1986 c 178 s 14 are each amended to read as follows:

The director or ((his)) appointed officers may stop a vehicle transporting ((hay or straw)) agricultural products upon the public roads of this state if there is reasonable cause to believe the carrier, seller, or buyer may be in violation of this chapter. Any operator of a vehicle failing or refusing to stop when directed to do so has committed a civil infraction.

The director and appointed officers shall work to ensure that vehicles carrying perishable agricultural products are detained no longer than is absolutely necessary for a prompt assessment of compliance with this chapter. If a vehicle carrying perishable agricultural products is found to be in violation of this chapter, the director or appointed officers shall promptly issue necessary notices of civil infraction, as provided in RCW 20.01.482 and 20.01.484, and shall allow the vehicle to continue toward its destination without further delay.

NEW SECTION. Sec. 11. In recognition of the significant losses incurred by seed producers in the state from a recent seed company bankruptcy and the increasing diversity of and changes in the state's seed industry, the department of agriculture shall conduct a study of alternative methods of reducing the risk of nonpayment of producers from seed company bankruptcies and increasing the financial recovery for any producers should such bankruptcies occur. The study shall evaluate alternative methods of addressing issues relating to nonpayment of producers, including the potential of establishing an indemnity fund, and how the costs of providing and maintaining such a fund would be borne. The department shall evaluate whether establishing an indemnity fund would be in addition to or as a substitute for any current bonding requirements for various types of seed crops and seed contracts, including bailment contracts. The department shall establish an advisory committee including representatives of producers and seed companies of various types of agricultural seeds grown in this state to assist it in the study.

The department shall report the results of the study, including any recommended legislation in bill form, to the governor and to the appropriate committees of the legislature by December 1, 2003.

There being no objection, the following title amendment was adopted:

REPORT OF CONFERENCE COMMITTEE

RE: ESHB 2056 Includes New Items

Public Works Bidding.

MR. PRESIDENT:

MR. SPEAKER:

We of your Conference Committee to whom was referred ENGROSSED SUBSTITUTE HOUSE BILL NO. 2056, Public Works Bidding, have had the same under consideration, and we recommend that:

All previous amendment(s) not be adopted and that the following striking amendment be adopted:

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. A new section is added to chapter 39.04 RCW to read as follows:

When a municipality receives a written protest from a bidder for a public works project which is the subject of competitive bids, the municipality shall not execute a contract for the project with anyone other than the protesting bidder without first providing at least two full business days’ written notice of the municipality’s intent to execute a contract for the project; provided that the protesting bidder submits notice in writing of its protest no later than two full business days following bid opening. Intermediate Saturdays, Sundays, and legal holidays are not counted.

NEW SECTION. Sec. 2. A new section is added to chapter 39.04 RCW to read as follows:

A low bidder on a public works project who claims error and fails to enter into a contract is prohibited from bidding on the same project if a second or subsequent call for bids is made for the project.

Sec. 3. RCW 39.10.020 and 2001 c 328 s 1 are each amended to read as follows:

Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Design-build procedure" means a contract between a public body and another party in which the party agrees to both design and build the facility, portion of the facility, or other item specified in the contract.

(2) “Public body” means the state department of general administration; the University of Washington; Washington State University; every city with a population greater than seventy thousand; any public authority chartered by such city under RCW 35.21.730 through 35.21.755 and specifically authorized as provided in RCW 39.10.120(4); every county with a population greater than four hundred fifty thousand; every port district with total revenues greater than fifteen million dollars per year; every public hospital district with total revenues greater than fifteen million dollars per year utilizing the design-build procedure authorized by RCW 39.10.051 and every public hospital district, regardless of total revenues, proposing projects that are considered and approved by the public hospital district project review board under section 7 of this act; every public utility district with revenues from energy sales greater than twenty-three million dollars per year; and those school districts proposing projects that are considered and approved by the school district project review board under RCW 39.10.115.

(3) “Public works project” means any work for a public body within the definition of the term public work in RCW 39.04.010.

(4) RCW 39.10.051 and 2002 c 46 s 1 are each amended to read as follows:

Sec. 4. RCW 39.10.051 and 2002 c 46 s 1 are each amended to read as follows:

(1) Notwithstanding any other provision of law, and after complying with RCW 39.10.030, the following public bodies may utilize the design-build procedure of public works contracting for public works projects authorized under this section: The state department of general administration; the University of Washington; Washington State University; every city with a population greater than seventy thousand and any public authority chartered by such city under RCW 35.21.730 through 35.21.755 and specifically authorized as provided in RCW 39.10.120(4); every county with a population greater than four hundred fifty thousand; every port district with total revenues greater than fifteen million dollars per year; every public hospital district with total revenues greater than fifteen million dollars per year utilizing the design-build procedure authorized by RCW 39.10.051 and every public hospital district, regardless of total revenues, proposing projects that are considered and approved by the public hospital district project review board under section 7 of this act; every public utility district with revenues from energy sales greater than twenty-three million dollars per year; and every port district with total revenues greater than fifteen million dollars per year. The authority granted to port districts in this section is in addition to and does not affect existing contracting authority under RCW 53.08.120 and 53.08.130. For the purposes of this section, “design-build procedure” means a contract between a public body and another party in which the party agrees to both design and build the facility, portion of the facility, or other item specified in the contract.

(2) Public bodies authorized under this section may utilize the design-build procedure for public works projects valued over ten million dollars where:

(a) The construction activities or technologies to be used are highly specialized and a design-build approach is critical in developing the construction methodology or implementing the proposed technology; or

(b) The project design is repetitive in nature and is an incidental part of the installation or construction; or

(c) Regular interaction with and feedback from facilities users and operators during design is not critical to an effective facility design.

(3) Public bodies authorized under this section may also use the design-build procedure for the following projects that meet the criteria in subsection (2)(b) and (c) of this section:

(a) The construction or erection of preengineered metal buildings or prefabricated modular buildings, regardless of cost; or

(b) The construction of new student housing projects valued over five million dollars.

(4) Contracts for design-build services shall be awarded through a competitive process utilizing public solicitation of proposals for design-build services. The public body shall publish at least once in a legal newspaper of general circulation published in or as near as possible to that part of the county in which the public work will be done, a notice of its request for proposals for design-build services and the availability and location of the request for proposal documents. The request for proposal documents shall include:
(a) A detailed description of the project including programmatic, performance, and technical requirements and specifications, functional and operational elements, minimum and maximum net and gross areas of any building, and, at the discretion of the public body, preliminary engineering and architectural drawings;

(b) The reasons for using the design-build procedure;

(c) A description of the qualifications to be required of the proposer including, but not limited to, submission of the proposer’s accident prevention program;

(d) A description of the process the public body will use to evaluate qualifications and proposals, including evaluation factors and the relative weight of factors. Evaluation factors shall include, but not be limited to: Proposal price; ability of professional personnel; past performance on similar projects; ability to meet time and budget requirements; ability to provide a performance and payment bond for the project; recent, current, and projected work loads of the firm; location; and the concept of the proposal;

(e) The form of the contract to be awarded;

(f) The amount to be paid to finalists submitting best and final proposals who are not awarded a design-build contract; and

(g) Other information relevant to the project.

(5) The public body shall establish a committee to evaluate the proposals based on the factors, weighting, and process identified in the request for proposals. Based on its evaluation, the public body shall select not fewer than three nor more than five finalists to submit best and final proposals. The public body may, in its sole discretion, reject all proposals. Design-build contracts shall be awarded using the procedures in (a) or (b) of this subsection.

(a) Best and final proposals shall be evaluated and scored based on the factors, weighting, and process identified in the initial request for proposals. The public body may score the proposals using a system that measures the quality and technical merits of the proposal on a unit price basis. Final proposals may not be considered if the proposal cost is greater than the maximum allowable construction cost identified in the initial request for proposals. The public body shall initiate negotiations with the firm submitting the highest scored best and final proposal. If the public body is unable to execute a contract with the firm submitting the highest scored best and final proposal, negotiations with that firm may be suspended or terminated and the public body may proceed to negotiate with the next highest scored firm. Public bodies shall continue in accordance with this procedure until a contract agreement is reached or the selection process is terminated.

(b) If the public body determines that all finalists are capable of producing plans and specifications that adequately meet project requirements, the public body may award the contract to the firm that submits the responsive best and final proposal with the lowest price.

(6) The firm awarded the contract shall provide a performance and payment bond for the contracted amount. The public body shall provide appropriate honorarium payments to finalists submitting best and final proposals who are not awarded a design-build contract. Honorarium payments shall be sufficient to generate meaningful competition among potential proposers on design-build projects.

Sec. 5. RCW 39.10.061 and 2002 c 46 s 2 are each amended to read as follows:

(1) Notwithstanding any other provision of law, and after complying with RCW 39.10.030, a public body may utilize the general contractor/construction manager procedure of public works contracting for public works projects authorized under subsection (2) of this section. For the purposes of this section, “general contractor/construction manager” means a firm with which a public body has selected and negotiated a maximum allowable construction cost to be guaranteed by the firm, after a competitive selection through formal advertisement and competitive bids, to provide services during the design phase that may include life-cycle cost design considerations, value engineering, scheduling, cost estimating, constructability, alternative construction options for cost savings, and sequencing of work, and to act as the construction manager and general contractor during the design phase.

(2) Except those school districts proposing projects that are considered and approved by the school district project review board and those public hospital districts proposing projects that are considered and approved by the public hospital district project review board, public bodies authorized under this section may utilize the general contractor/construction manager procedure for public works projects valued over ten million dollars where:

(a) Implementation of the project involves complex scheduling requirements; or

(b) The project involves construction at an existing facility which must continue to operate during construction; or

(c) The involvement of the general contractor/construction manager during the design stage is critical to the success of the project.

(3) Public bodies should select general contractor/construction managers early in the life of public works projects, and in most situations no later than the completion of schematic design.

(4) Contracts for the services of a general contractor/construction manager under this section shall be awarded through a competitive process requiring the public solicitation of proposals for general contractor/construction manager services. The public solicitation of proposals shall include: A description of the project, including programmatic, performance, and technical requirements and specifications, if available; the general contractor/construction manager qualifications to be required of the proposer, including submission of the proposer’s accident prevention program; a description of the process the public body will use to evaluate qualifications and proposals, including evaluation factors and the relative weight of factors; the form of the contract to be awarded; the estimated maximum allowable construction cost; and the bid instructions to be used by the general contractor/construction manager finalists. Evaluation factors shall include, but not be limited to: Ability of professional personnel, past performance in negotiated and complex projects, and ability to meet time and budget requirements; the scope of work the general contractor/construction manager proposes to perform and its ability to perform it; location; recent, current, and projected work loads of the firm; and the concept of their proposal. A public body shall establish a committee to evaluate the proposals. After the committee has selected the most qualified finalists, these finalists shall submit final proposals, including sealed bids for the percent fee, which is the percentage amount to be earned by the general contractor/construction manager as overhead and profit, on the estimated maximum allowable construction cost and the fixed amount for the detailed specified general conditions work. The public body shall select the firm submitting the highest scored final proposal using the evaluation factors and the relative weight of factors published in the public solicitation of proposals.

(5) The maximum allowable construction cost may be negotiated between the public body and the selected firm after the scope of the project is adequately determined to establish a guaranteed contract cost for which the general contractor/construction manager will provide a performance and payment bond. The guaranteed contract cost includes the fixed amount for the detailed specified general conditions work, the negotiated maximum allowable construction cost, the percent fee on the estimated maximum allowable construction cost, and sales tax. If the public body is unable to negotiate a satisfactory maximum allowable construction cost with the firm selected that the public body determines to be fair, reasonable, and within the available funds, negotiations with that firm shall be formally terminated and the public body shall negotiate with the next highest scored firm and continue until an agreement is reached or the process is terminated. If the maximum allowable construction cost varies more than fifteen percent from the bid estimated maximum allowable construction cost due to requested and approved changes in the scope by the public body, the percent fee shall be renegotiated.

(6) All subcontract work shall be competitively bid with public bid openings. When critical to the successful completion of a subcontractor bid package and after publication of notice of intent to determine bidder eligibility in a legal newspaper of general circulation published in or as near as possible to that part of the county in which the public work will be done at least twenty days before requesting qualifications from interested subcontract bidders, the owner and general contractor/construction manager may determine subcontractor bidding eligibility using the following evaluation criteria:

(a) Adequate financial resources or the ability to secure such resources;
(b) History of successful completion of a contract of similar type and scope;
(c) Project management and project supervision personnel with experience on similar projects and the availability of such personnel for the project;
(d) Current and projected workload and the impact the project will have on the subcontractor’s current and projected workload;
(e) Ability to accurately estimate the subcontract bid package scope of work;
(f) Ability to meet subcontract bid package shop drawing and other coordination procedures;
(g) Eligibility to receive an award under applicable laws and regulations; and
(h) Ability to meet subcontract bid package scheduling requirements.

The owner and general contractor/construction manager shall weigh the evaluation criteria and determine a minimum acceptable score to be considered an eligible subcontract bidder.

After publication of notice of interest to determine bidder eligibility, subcontractors requesting eligibility shall be provided the evaluation criteria and weighting to be used by the owner and general contractor/construction manager to determine eligible subcontract bidders. After the owner and general contractor/construction manager determine eligible subcontract bidders, subcontractors requesting eligibility shall be provided the results and scoring of the subcontract bidder eligibility determination.

Subcontract bid packages shall be awarded to the responsible bidder submitting the low responsive bid. The requirements of RCW 39.30.060 apply to each subcontract bid package. All subcontractors who bid work over three hundred thousand dollars shall post a bid bond and all subcontractors who are awarded a contract over three hundred thousand dollars shall provide a performance and payment bond for their contractor.

All other subcontractors shall provide a performance and payment bond if required by the general contractor/construction manager. If a general contractor/construction manager receives a written protest from a subcontractor bidder, the general contractor/construction manager shall not execute a contract for the subcontract bid package with anyone other than the protesting bidder without first providing at least two full business days’ written notice of the general contractor/construction manager’s intent to execute a contract for the subcontract bid package, provided that the protesting bidder submits notice in writing of its protest no later than two full business days following bid opening. Intermediate Saturdays, Sundays, and legal holidays are not counted. A low bidder who claims error and fails to enter into a contract is prohibited from bidding on the same project if a second or subsequent call for bids is made for the project. Except as provided for under subsection (7) of this section, bidding on subcontract work by the general contractor/construction manager or its subsidiaries is prohibited. The general contractor/construction manager may negotiate with the low-responsive bidder in accordance with RCW 39.10.080 or, if unsuccessful in such negotiations, rebid.

(7) The general contractor/construction manager, or its subsidiaries, may bid on subcontract work if:
(a) The work within the subcontract bid package is customarily performed by the general contractor/construction manager;
(b) The bid opening is managed by the public body; and
(c) Notification of the general contractor/construction manager’s intention to bid is included in the public solicitation of bids for the bid package.

In no event may the value of subcontract work performed by the general contractor/construction manager exceed thirty percent of the negotiated maximum allowable construction cost.

A public body may include an incentive clause in any contract awarded under this section for savings of either time or cost or both from that originally negotiated. No incentives granted may exceed five percent of the maximum allowable construction cost. If the project is completed for less than the agreed upon maximum allowable construction cost, any savings not otherwise negotiated as part of an incentive clause shall accrue to the public body. If the project is completed for more than the agreed upon maximum allowable construction cost, except as increases due to any contract change orders approved by the public body, the additional cost shall be the responsibility of the general contractor/construction manager.

NEW SECTION. Sec. 6. A new section is added to chapter 39.10 RCW to read as follows:

(1) In addition to the projects authorized in RCW 39.10.061, public hospital districts may also use the general contractor/construction manager contracting procedure for the construction of public hospital district capital demonstration projects, subject to the following conditions:
(a) The project must receive approval from the public hospital district project review board established under section 7 of this act.

The application form shall require the district to submit a detailed statement of the proposed project, including the public hospital district’s name; the current projected total budget for the project, including the estimated construction costs, costs for professional services, equipment and furnishing costs, off-site costs, contract administration costs, and other related project costs; the anticipated project design and construction schedule; a summary of the public hospital district’s construction activity for the preceding six years; and an explanation of why the public hospital district believes the use of an alternative contracting procedure is in the public interest and why the public hospital district is qualified to use an alternative contracting procedure. A history of the relevant experience of the public hospital district’s management team. The applicant shall also provide in a timely manner any other information concerning implementation of projects under this chapter requested by the public hospital district project review board to assist in its consideration.
(3) Any public hospital district whose application is approved by the public hospital district project review board shall comply with the public notification and review requirements in RCW 39.10.030.
Any public hospital district whose application is approved by the public hospital district project review board shall not use as an evaluation factor whether a contractor submitting a bid for the approved project has had prior general contractor/construction manager procedure experience.

MESSAGE FROM THE HOUSE

April 24, 2003

MR. PRESIDENT:
The House has passed ENGROSSED SUBSTITUTE SENATE BILL NO. 5903 with the following amendment(s):

Strike everything after the enacting clause and insert the following:
NEW SECTION.  Sec. 1.  A new section is added to chapter 72.05 RCW to read as follows:

(1) It is the intent of the legislature that appropriate treatment services be provided to juvenile offenders in order to achieve rehabilitation. The treatment should be provided at either local detention facilities or at state institutions depending upon which facility best meets the needs of the individual juvenile offender. The legislature recognizes that a consequence of the treatment alternatives established under this act is a reduction in the juvenile rehabilitation administration’s institutional population. As a result of a decrease in institutional population it may become necessary to consolidate institutional facilities or services.

(2) No juvenile rehabilitation administration institution shall be closed without specific authorization in an act of the legislature.

(3) If a juvenile rehabilitation administration institution is closed by the legislature, the department of corrections shall be prohibited from operating the institution and the institution shall not be used to incarcerate adult offenders.

Sec. 2.  RCW 13.40.0357 and 2002 c 324 s 3 and 2002 c 175 s 20 are each reenacted and amended to read as follows:

NOTE: References in the grid to days or weeks mean periods of confinement.

1. The vertical axis of the grid is the current offense category. The current offense category is determined by the offense of adjudication.
2. The horizontal axis of the grid is the number of prior adjudications included in the juvenile’s criminal history. Each prior felony adjudication shall count as one point. Each prior violation, misdemeanor, and gross misdemeanor adjudication shall count as 1/4 point. Fractional points shall be rounded down.
3. The standard range disposition for each offense is determined by the intersection of the column defined by the prior adjudications and the row defined by the current offense category.
4. RCW 13.40.180 applies if the offender is being sentenced for more than one offense.
5. A current offense that is a violation is equivalent to an offense category of E. However, a disposition for a violation shall not include confinement.

OR

OPTION B  SUSPENDED DISPOSITION ALTERNATIVE

1. If the offender is subject to a standard range disposition involving confinement by the department, the court may impose the standard range and suspend the disposition on condition that the offender comply with one or more local sanctions and any educational or treatment requirement. The treatment programs provided to the offender must be research-based best practice programs as identified by the Washington state institute for public policy or the joint legislative audit and review committee.
2. If the offender fails to comply with the suspended disposition, the court may impose sanctions pursuant to RCW 13.40.200 or may revoke the suspended disposition and order the disposition’s execution.
3. An offender is ineligible for the suspended disposition option under this section if the offender is:
   a. Adjudicated of an A+ offense;
   b. Fourteen years of age or older and is adjudicated of one or more of the following offenses:
      i. A class A offense, or an attempt, conspiracy, or solicitation to commit a class A offense;
      ii. Manslaughter in the first degree (RCW 9A.32.060); or
      iii. Assault in the second degree (RCW 9A.36.021), extortion in the first degree (RCW 9A.56.120), kidnapping in the second degree (RCW 9A.40.030), robbery in the second degree (RCW 9A.56.210), residential burglary (RCW 9A.52.025), burglary in the second degree (RCW 9A.52.030), drive-by shooting (RCW 9A.36.045), vehicular homicide (RCW 46.61.520), hit and run death (RCW 46.61.520), or sex trafficking (RCW 9A.36.070)
46.52.020(4)(a), intimidating a witness (RCW 9A.22.110), violation of the uniform controlled substances act (RCW 69.50.401(a)(i) or (ii)), or manslaughter 2 (RCW 9A.32.070), when the offense includes infliction of bodily harm upon another or when during the commission or immediate withdrawal from the offense the respondent was armed with a deadly weapon;

(c) Ordered to serve a disposition for a firearm violation under RCW 13.40.193; or

(d) Adjudicated of a sex offense as defined in RCW 9.94A.030.

OR

OPTION C CHEMICAL DEPENDENCY DISPOSITION ALTERNATIVE

If the juvenile offender is subject to a standard range disposition of local sanctions or 15 to 36 weeks of confinement and has not committed an A- or B+ offense, the court may impose a disposition under RCW 13.40.160(4) and 13.40.165.

OR

OPTION (C) D MANIFEST INJUSTICE

If the court determines that a disposition under option A ((ii), B, or C) would effectuate a manifest injustice, the court shall impose a disposition outside the standard range under RCW 13.40.160(2).

Sec. 3. RCW 13.40.160 and 2002 c 175 s 22 are each amended to read as follows:

(1) The standard range disposition for a juvenile adjudicated of an offense is determined according to RCW 13.40.0357.

(a) When the court sentences an offender to a local sanction as provided in RCW 13.40.0357 option A, the court shall impose a determinate disposition within the standard ranges, except as provided in subsections (2), (3), (4)(i), and (4)(ii) of this section. The disposition may be comprised of one or more local sanctions.

(b) When the court sentences an offender to a standard range as provided in RCW 13.40.0357 option A that includes a term of confinement exceeding thirty days, commitment shall be to the department for the standard range of confinement, except as provided in subsections (2), (3), (4)(i), and (4)(ii) of this section.

(2) If the court concludes, and enters reasons for its conclusion, that disposition within the standard range would effectuate a manifest injustice the court shall impose a disposition outside the standard range, as indicated in option (C) D of RCW 13.40.0357. The court’s finding of manifest injustice shall be supported by clear and convincing evidence.

A disposition outside the standard range shall be determinate and shall be comprised of confinement or community supervision, or a combination thereof. When a judge finds a manifest injustice and imposes a sentence of confinement exceeding thirty days, the court shall sentence the juvenile to a maximum term, and the provisions of RCW 13.40.030(2) shall be used to determine the range. A disposition outside the standard range is appealable under RCW 13.40.230 by the state or the respondent. A disposition within the standard range is not appealable under RCW 13.40.230.

(3) When a juvenile offender is found to have committed a sex offense, other than a sex offense that is also a serious violent offense as defined by RCW 9.94A.030, and has no history of a prior sex offense, the court, on its own motion or the motion of the state or the respondent, may order an examination to determine whether the respondent is amenable to treatment.

The report of the examination shall include at a minimum the following: The respondent’s version of the facts, the official version of the facts, the respondent’s offense history, an assessment of problems in addition to alleged deviant behaviors, the respondent’s social, educational, and employment situation, and other evaluation measures used. The report shall set forth the sources of the evaluator’s information.

The examiner shall assess and report regarding the respondent’s amenability to treatment and relative risk to the community. A proposed treatment plan shall be provided and shall include, at a minimum:

(a) Report of the frequency and type of contact between the offender and therapist;

(ii) Specific issues to be addressed in the treatment and description of planned treatment modalities;

(iii) Monitoring plans, including any requirements regarding living conditions, lifestyle requirements, and monitoring by family members, legal guardians, or others;

(iv) Anticipated length of treatment; and

(v) Recommended crime-related prohibitions.

The court on its own motion may order, or on a motion by the state shall order, a second examination regarding the offender’s amenability to treatment. The evaluator shall be selected by the party making the motion. The defendant shall pay the cost of any second examination ordered unless the court finds the defendant to be indigent in which case the state shall pay the cost.

After receipt of reports of the evaluation, the court shall then consider whether the offender and the community will benefit from use of this special sex offender disposition alternative and consider the victim’s opinion whether the offender should receive a treatment disposition under this section. If the court determines that this special sex offender disposition alternative is appropriate, then the court shall impose a determinate disposition within the standard range for the offense, or if the court concludes, and enters reasons for its conclusions, that such disposition would cause a manifest injustice, the court shall impose a disposition under option (C) D, and the court may suspend the execution of the disposition and place the offender on community supervision for at least two years. As a condition of the suspended disposition, the court may impose the conditions of community supervision and other conditions, including up to thirty days of confinement and requirements that the offender do any one or more of the following:

(b) (i) Devote time to a specific education, employment, or occupation;

(ii) Undergo available outpatient sex offender treatment for up to two years, or inpatient sex offender treatment not to exceed the standard range of confinement for that offense. A community mental health center may not be used for such treatment unless it has an appropriate program designed for sex offender treatment. The respondent shall not change sex offender treatment providers or treatment conditions without first notifying the prosecutor, the probation counselor, and the court, and shall not change providers without court approval after a hearing if the prosecutor or probation counselor object to the change;

MANIFEST INJUSTICE

A disposition outside the standard range disposition shall be determinate and shall be comprised of confinement or community supervision, or a combination thereof. When a judge finds a manifest injustice and imposes a sentence of confinement exceeding thirty days, the court shall sentence the juvenile to a maximum term, and the provisions of RCW 13.40.030(2) shall be used to determine the range. A disposition outside the standard range is appealable under RCW 13.40.230 by the state or the respondent. A disposition within the standard range is not appealable under RCW 13.40.230.

When an order is made for the execution of the disposition, the court may impose a disposition under RCW 13.40.160(4) and 13.40.165.

THE COURT ON ITS OWN MOTION MAY ORDER, OR ON A MOTION BY THE STATE SHALL ORDER, A SECOND EXAMINATION REGARDING THE OFFENDER’S AMENABILITY TO TREATMENT. THE EVALUATOR SHALL BE SELECTED BY THE PARTY MAKING THE MOTION. THE DEFENDANT SHALL PAY THE COST OF ANY SECOND EXAMINATION ORDERED UNLESS THE COURT FINDS THE DEFENDANT TO BE INDIGENT IN WHICH CASE THE STATE SHALL PAY THE COST.

After receipt of reports of the examination, the court shall then consider whether the offender and the community will benefit from use of this special sex offender disposition alternative and consider the victim’s opinion whether the offender should receive a treatment disposition under this section. If the court determines that this special sex offender disposition alternative is appropriate, then the court shall impose a determinate disposition within the standard range for the offense, or if the court concludes, and enters reasons for its conclusions, that such disposition would cause a manifest injustice, the court shall impose a disposition under option (C) D, and the court may suspend the execution of the disposition and place the offender on community supervision for at least two years. As a condition of the suspended disposition, the court may impose the conditions of community supervision and other conditions, including up to thirty days of confinement and requirements that the offender do any one or more of the following:

(b) (i) Devote time to a specific education, employment, or occupation;

(ii) Undergo available outpatient sex offender treatment for up to two years, or inpatient sex offender treatment not to exceed the standard range of confinement for that offense. A community mental health center may not be used for such treatment unless it has an appropriate program designed for sex offender treatment. The respondent shall not change sex offender treatment providers or treatment conditions without first notifying the prosecutor, the probation counselor, and the court, and shall not change providers without court approval after a hearing if the prosecutor or probation counselor object to the change;

(iii) Remain within prescribed geographical boundaries and notify the court or the probation counselor prior to any change in the offender’s address, educational program, or employment;

(iv) Report to the prosecutor and the probation counselor prior to any change in a sex offender treatment provider. This change shall have prior approval by the court;

(v) Report as directed to the court and a probation counselor;

 vi) Pay all court-ordered legal financial obligations, perform community restitution, or any combination thereof;

(vii) Make restitution to the victim for the cost of any counseling related to the offense;

(viii) Comply with the conditions of any court-ordered probation bond; or

(ix) The court shall order that the offender may not attend the public or approved private elementary, middle, or high school attended by the victim or the victim’s siblings. The parents or legal guardians of the offender are responsible for transportation or other costs associated with the offender’s change of school that would otherwise be paid by the school district. The court shall send notice of the disposition and restriction on attending the same school as the victim or victim’s siblings to the public or approved private school the juvenile will attend, if known, or if unknown, to the approved private schools and the public school district board of directors of the district in which the juvenile resides or intends to reside. This notice must be sent at the earliest possible date but not later than ten calendar days after entry of the disposition.

The sex offender treatment provider shall submit quarterly reports on the respondent’s progress in treatment to the court and the parties. The reports shall reference the treatment plan and include at a minimum the following: Dates of attendance, respondent’s compliance with requirements, treatment activities, the respondent’s relative progress in treatment, and any other material specified by the court at the time of the disposition.

At the time of the disposition, the court may set treatment review hearings as the court considers appropriate.

Except as provided in this subsection (3), after July 1, 1991, examinations and treatment ordered pursuant to this subsection shall only be conducted by sex offender treatment providers certified by the department of health pursuant to chapter 18.155 RCW. A sex offender therapist who examines or treats a juvenile sex offender pursuant to this subsection does not have to be certified by the department of health pursuant to chapter 18.155 RCW if the court finds that: (A) The offender has already moved to another state or plans to move to another state for reasons other than circumventing the certification requirements; (B) no certified providers are available for treatment within a reasonable geographical distance of the offender’s home; and (C) the evaluation and treatment plan comply with this subsection (3) and the rules adopted by the department of health.

If the offender violates any condition of the disposition or the court finds that the respondent is failing to make satisfactory progress in treatment, the court may revoke the suspension and order execution of the disposition or the court may impose a penalty of up to thirty days’ confinement for violating conditions of the disposition. The court may order both execution of the disposition and up to thirty days’ confinement for each violation of the conditions of the disposition. The court shall give credit for any confinement time previously served if that confinement was for the offense for which the suspension is being revoked.

For purposes of this section, “victim” means any person who has sustained emotional, psychological, physical, or financial injury to person or property as a direct result of the crime charged. “Victim” may also include a known parent or guardian of a victim who is a minor regardless of whether the parent or guardian also falls within the definition of a victim.

(5) If a juvenile is subject to a commitment of 15 to 65 weeks of confinement, the court may impose the disposition alternative under section 4 of this act.

(6) RCW 13.40.193 shall govern the disposition of any juvenile adjudicated of possessing a firearm in violation of RCW 9.41.040(1)(b)(iii) or any crime in which a special finding is entered that the juvenile was armed with a firearm.

(7) Whenever a juvenile offender is entitled to credit for time spent in detention prior to a dispositional order, the dispositional order shall specifically state the number of days of credit for time served.

sec. 4. A new section is added to chapter 13.40 RCW to read as follows:

When a juvenile offender is entitled to credit for time spent in detention prior to a dispositional order, the dispositional order shall specify the number of days of credit for time served.

The sex offender treatment provider shall submit quarterly reports on the respondent’s progress in treatment to the court and the parties. The reports shall reference the treatment plan and include at a minimum the following: Dates of attendance, respondent’s compliance with requirements, treatment activities, the respondent’s relative progress in treatment, and any other material specified by the court at the time of the disposition.

At the time of the disposition, the court may set treatment review hearings as the court considers appropriate.

Except as provided in this subsection (3), after July 1, 1991, examinations and treatment ordered pursuant to this subsection shall only be conducted by sex offender treatment providers certified by the department of health pursuant to chapter 18.155 RCW. A sex offender therapist who examines or treats a juvenile sex offender pursuant to this subsection does not have to be certified by the department of health pursuant to chapter 18.155 RCW if the court finds that: (A) The offender has already moved to another state or plans to move to another state for reasons other than circumventing the certification requirements; (B) no certified providers are available for treatment within a reasonable geographical distance of the offender’s home; and (C) the evaluation and treatment plan comply with this subsection (3) and the rules adopted by the department of health.

If the offender violates any condition of the disposition or the court finds that the respondent is failing to make satisfactory progress in treatment, the court may revoke the suspension and order execution of the disposition or the court may impose a penalty of up to thirty days’ confinement for violating conditions of the disposition. The court may order both execution of the disposition and up to thirty days’ confinement for each violation of the conditions of the disposition. The court shall give credit for any confinement time previously served if that confinement was for the offense for which the suspension is being revoked.

For purposes of this section, “victim” means any person who has sustained emotional, psychological, physical, or financial injury to person or property as a direct result of the crime charged. “Victim” may also include a known parent or guardian of a victim who is a minor regardless of whether the parent or guardian also falls within the definition of a victim.

A disposition entered under this subsection (3) is not appealable under RCW 13.40.230.

(4) If the juvenile offender is subject to a standard range disposition of local sanctions or 15 to 36 weeks of confinement and has not committed an A- or B+ offense, the court may impose the disposition alternative under RCW 13.40.165.

(5) If a juvenile is subject to a commitment of 15 to 65 weeks of confinement, the court may impose the disposition alternative under section 4 of this act.

(6) RCW 13.40.193 shall govern the disposition of any juvenile adjudicated of possessing a firearm in violation of RCW 9.41.040(1)(b)(iii) or any crime in which a special finding is entered that the juvenile was armed with a firearm.

(7) Whenever a juvenile offender is entitled to credit for time spent in detention prior to a dispositional order, the dispositional order shall specifically state the number of days of credit for time served.

1. (b) An appropriate treatment option is available in the local community;

(c) The plan for the offender identifies and addresses requirements for successful participation and completion of the treatment intervention program including: Incentives and graduated sanctions designed specifically for amenable youth, including the use of detention, detention, detention, and in-patient or outpatient substance abuse treatment and psychiatric hospitalization, and structured community support consisting of mental health providers, probation, educational and vocational advocates, child welfare services, and family and community support. For any mental health treatment ordered for an offender under this section, the treatment option selected shall be chosen from among programs which have been successful in addressing mental health needs of juveniles and successful in mental health treatment of juveniles and identified as research-based best practice programs. A list of programs which meet these criteria shall be agreed upon by: The Washington association of juvenile court administrators, the juvenile rehabilitation administration of the department of social and health services, a representative of the division of public behavioral health and justice policy at the University of Washington, and the Washington institute for public policy. The list of programs shall be created not later than July 1, 2003. The group shall provide the list to all superior courts, its own membership, the legislature, and the governor. The group shall meet annually and revise the list as appropriate; and

(d) The offender, offender’s family, and community will benefit from use of the mental health disposition alternative.

(3) The court on its own motion may order, or on motion by either party, shall order a comprehensive mental health evaluation to determine if the offender has a designated mental disorder. The court may also order a chemical dependency evaluation to determine if the offender also has a co-occurring chemical dependency disorder. The evaluation shall include at a minimum the following: The offender’s version of the facts and the official version of the facts, the offender’s offense, an assessment of the offender’s mental health and drug-alcohol problems and previous treatment attempts, and the offender’s social, criminal, educational, and employment history and living situation.

(4) The evaluator shall determine if the offender is amenable to research-based treatment. A proposed case management and treatment plan shall include at a minimum:

(b) Anticipated length of treatment;

(c) Whether one or more treatment interventions are proposed and the anticipated sequence of those treatment interventions;

(d) The education plan;

(e) The residential plan; and

(f) The monitoring plan.

(5) The court on its own motion may order, or on motion by either party, shall order a second mental health or chemical dependency evaluation. The party making the motion shall select the evaluator. The requesting party shall pay the cost of any examination.
ordered under this subsection and subsection (3) of this section unless the court finds the offender is indigent and no third party insurance coverage is available, in which case the state shall pay the cost.

(6) Upon receipt of the assessments, evaluations, and reports the court shall consider whether the offender and the community will benefit from use of the mental health disposition alternative. The court shall consider the victim’s opinion whether the offender should receive the option.

(7) If the court determines that the mental health disposition alternative is appropriate, the court shall impose a standard range disposition of not more than 65 weeks, suspend execution of the disposition, and place the offender on community supervision up to one year and impose one or more other local sanctions. Confinement in a secure county detention facility, other than county group homes, inpatient psychiatric treatment facilities, and substance abuse programs, shall be limited to thirty days. As a condition of a suspended disposition, the court shall require the offender to participate in the recommended treatment intervention for a period of up to one year.

(8) The treatment providers shall submit monthly reports to the court and parties on the offender’s progress in treatment. The report shall reference the treatment plan and include at a minimum the following: Dates of attendance, offender’s compliance with requirements, treatment activities, medication management, the offender’s relative progress in treatment, and any other material specified by the court at the time of the disposition.

(10) An offender is ineligible for the mental health disposition option under this section if the offender is adjudicated of a sex or violent offense as defined in RCW 9.94A.030.

Sec. 5. RCW 13.40.165 and 2002 c 175 s 23 and 2002 c 42 s 1 are each reenacted and amended to read as follows:

(1) The purpose of this disposition alternative is to ensure that successful treatment options to reduce recidivism are available to eligible youth, pursuant to RCW 70.96A.520. The court must consider eligibility for the chemical dependency disposition alternative when a juvenile offender is subject to a standard range disposition of local sanctions or 15 to 36 weeks of confinement and has not committed an A- or B+ offense other than a first time B+ offense under chapter 69.50 RCW. The court, on its own motion or the motion of the state or the respondent if the evidence shows that the offender may be chemically dependent or substance abusing, may order an examination by a chemical dependency counselor from a chemical dependency treatment facility approved under chapter 70.96A RCW to determine if the youth is chemically dependent or substance abusing. The offender shall pay the cost of any examination ordered under this subsection unless the court finds that the offender is indigent and no third party insurance coverage is available, in which case the state shall pay the cost.

(2) The report of the examination shall include at a minimum the following: The respondent’s version of the facts and the official version of the facts, the respondent’s offense history, an assessment of drug-alcohol problems and previous treatment attempts, the respondent’s social, educational, and employment situation, and other evaluation measures used. The report shall set forth the sources of the examiner’s information.

(3) The examiner shall assess and report regarding the respondent’s relative risk to the community. A proposed treatment plan shall be provided and shall include, at a minimum:

(a) Whether inpatient and/or outpatient treatment is recommended;
(b) Availability of appropriate treatment;
(c) Monitoring plans, including any requirements regarding living conditions, lifestyle requirements, and monitoring by family members, legal guardians, or others;
(d) Anticipated length of treatment; and
(e) Recommended crime-related prohibitions.

(4) The court on its own motion may order, or on a motion by the state or the respondent shall order, a second examination. The evaluator shall be selected by the party making the motion. The requesting party shall pay the cost of any examination ordered under this subsection unless the requesting party is the offender and the court finds that the offender is indigent and no third party insurance coverage is available, in which case the state shall pay the cost.

(5)(a) After receipt of reports of the examination, the court shall then consider whether the offender and the community will benefit from use of this chemical dependency disposition alternative and consider the victim’s opinion whether the offender should receive a treatment disposition under this section.

(b) If the court determines that this chemical dependency disposition alternative is appropriate, then the court shall impose the standard range for the offense, or if the court concludes, and enters reasons for its conclusion, that such disposition would effectuate a manifest injustice, the court shall impose a disposition above the standard range as indicated in option (6) of RCW 13.40.0357 if the disposition is an increase from the standard range, and the court finds that the offender does not exceed a maximum of fifty-two weeks, suspend execution of the disposition, and place the offender on community supervision for up to one year.

(6) The drug/alcohol treatment provider shall submit monthly reports on the respondent’s progress in treatment to the court and the parties. The reports shall reference the treatment plan and include at a minimum the following: Dates of attendance, respondent’s compliance with requirements, treatment activities, the respondent’s relative progress in treatment, and any other material specified by the court at the time of the disposition.

At the time of the disposition, the court may set treatment review hearings as the court considers appropriate.

If the offender violates any condition of the disposition or the court finds that the respondent is failing to make satisfactory progress in treatment, the court may impose sanctions pursuant to RCW 13.40.200 or revoke the suspension and order execution of the disposition. The court shall give credit for any confinement time previously served if that confinement was for the offense for which the suspension is being revoked.

(7) For purposes of this section, “victim” means any person who has sustained emotional, psychological, physical, or financial injury to person or property as a direct result of the offense charged.

(8) Whenever a juvenile offender is entitled to credit for time spent in detention prior to a dispositional order, the dispositional order shall specifically state the number of days of credit for time served.

(9) In no case shall the term of confinement imposed by the court at disposition exceed that to which an adult could be subjected for the same offense.

(10) A disposition under this section is not appealable under RCW 13.40.230.

NEW SECTION. Sec. 6. Because model adherence and competent delivery of research-based intervention programs is critical for reducing recidivism, the Washington state institute for public policy shall develop adherence and outcome standards for measuring effectiveness of treatment programs referred to in this act. The standards shall be developed and presented to the governor and legislature no later than January 1, 2004. The standards shall include methods for measuring competent delivery of interventions as well as success factors following treatment. The standards shall include, but not be limited to hiring, training and retaining qualified providers, managing and overseeing the delivery of treatment services, and developing quality assurance measures. The department shall utilize these standards.
to assess program effectiveness. The courts shall also utilize these standards in determining their continued use of these alternatives. The court shall not continue to use programs that do not comply with these standards.

NEW SECTION. Sec. 7. (1) A task force is created for the purpose of examining the coordination of information, education, services, and matters of public safety when juvenile offenders are placed into public schools, following their conviction.

(2) The task force shall be chaired by the superintendent of public instruction and include a representative from the juvenile rehabilitation administration of the department of social and health services, the state board of education, associations which represent school teachers, administrators, and school boards, superior court judges, the Washington association of juvenile court administrators, prosecuting attorneys, the governor, attorneys whose practice includes criminal defense work for juvenile defendants, three groups whose primary purpose is the delivery of services to families and children, and law enforcement. The three groups who deliver services shall be selected by the superintendent of public instruction.

(3) The task force shall identify specific policies and statutory, administrative, and practice processes and barriers that may operate to impede: (a) The identification and delivery of appropriate and coordinated services to juvenile offenders who are placed in, or returned to, public schools after conviction of an offense; and (b) transmission of information regarding juvenile offenders who are returned to, or placed in, public schools following conviction of an offense. The task force shall recommend specific statutory and administrative changes as it finds appropriate to eliminate or reduce the barriers identified as a result of this subsection (3).

(4) The task force shall report its findings and recommendations to the governor, the legislature, and the agencies represented on the task force not later than December 1, 2003.

NEW SECTION. Sec. 8. Sections 6 and 7 of this act expire December 31, 2003.

NEW SECTION. Sec. 9. If specific funding for the purposes of this act, referencing this act by bill or chapter number, is not provided by June 30, 2003, in the omnibus appropriations act, this act is null and void.

Any jurisdiction listed in subsection (2)(a)(I) of this section that has a new or amended master program approved by the department on or after March 1, 2002, but before the effective date of this section, shall not be required to complete master program amendments until seven years after the applicable dates provided by subsection (2)(a)(iii) of this section.

(c) Failure of the local government to apply in a timely manner for a master program development or amendment grant in accordance with the requirements of the department shall not be considered a delay resulting from the provisions of (a) of this subsection.

MOTION

Senator Mulliken moved that the Senate refuse to concur in the House amendment to Substitute Senate Bill No. 6012 and asks the House to recede therefrom.

PARLIAMENTARY INQUIRY

Senator Kline: “A parliamentary inquiry, Mr. President. Under Rule 254 of Reed’s Rules, as I understand it, our ‘no’ motion, or rather our ‘no’ vote, if it is, in fact, a ‘no’ vote on a motion to not concur is in its procedural effect a vote to concur. Please confirm or tell me that I am wrong, Mr. President.”

REPLY BY THE PRESIDENT

President Owen: “Senator Kline, your point is well taken.”
Senator Kline: “Then, a ‘no’ vote on a motion to not concur is, in effect, a motion to concur. I strongly urge that we vote ‘no’ very clearly. Thank you, Mr. President.”
Further debate ensued.

The President declared the question before the Senate to be the motion by Senator Mulliken to not concur in the Senate amendment to Substitute Senate Bill No. 6012 and asks the House to recede therefrom.

The motion by Senator Mulliken to not concur in the House amendment failed.

The President declared that, in effect, the Senate has concurred in the House amendment to Substitute Senate Bill No. 6012.

MESSAGE FROM THE HOUSE

April 24, 2003

MR. PRESIDENT:

Under suspension of the rules, the House has passed ENGROSSED SENATE BILL NO. 5389 with the following amendment(s):

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 4. A new section is added to chapter 59.18 RCW to read as follows:

(1) For the purpose of this section, "drug and alcohol free housing" requires a rental agreement and means a dwelling in which:

(a) Each of the dwelling units on the premises is occupied or held for occupancy by a resident who is a recovering alcoholic or drug addict and is participating in a program of recovery;

(b) The landlord is a nonprofit corporation incorporated under Title 24 RCW, a corporation for profit incorporated under Title 23B RCW, or a housing authority created under chapter 35.82 RCW, and is providing federally assisted housing as defined in chapter 59.28 RCW;

(c) The landlord provides:

(i) A drug and alcohol free environment, covering all tenants, employees, staff, agents of the landlord, and guests;

(ii) An employee who monitors the tenants for compliance with the requirements of (d) of this subsection;

(iii) Individual and group support for recovery; and

(iv) Access to a specified program of recovery; and

(d) The rental agreement is in writing and includes the following provisions:

(I) The tenant may not use, possess, or share alcohol, illegal drugs, controlled substances, or prescription drugs without a medical prescription, either on or off the premises;

(ii) The tenant may not allow the tenant’s guests to use, possess, or share alcohol, illegal drugs, controlled substances, or prescription drugs without a medical prescription, on the premises;

(iii) The tenant must participate in a program of recovery, which specific program is described in the rental agreement;

(iv) On at least a quarterly basis the tenant must provide written verification from the tenant’s program of recovery that the tenant is participating in the program of recovery and the tenant has not used alcohol or illegal drugs;

(v) The landlord has the right to require the tenant to take a urine analysis test regarding drug or alcohol usage, at the landlord’s discretion and expense; and

(vi) The landlord has the right to terminate the tenant’s tenancy by delivering a three-day notice to terminate within one day to comply, if a tenant living in drug and alcohol free housing uses, possesses, or shares alcohol, illegal drugs, controlled substances, or prescription drugs without a medical prescription.

(2) For the purpose of this section, "program of recovery" means a verifiable program of counseling and rehabilitation treatment services, including a written plan, to assist recovering alcoholics or drug addicts to recover from their addiction to alcohol or illegal drugs while living in drug and alcohol free housing. A "program of recovery" includes Alcoholics Anonymous, Narcotics Anonymous, and similar programs.

(3) If a tenant living for less than two years in drug and alcohol free housing uses, possesses, or shares alcohol, illegal drugs, controlled substances, or prescription drugs without a medical prescription, the landlord may deliver a written notice to the tenant terminating the tenancy for cause as provided in this subsection. The notice must require the tenant to cease the drug or alcohol violation by a change in conduct or otherwise within one day after delivery of the notice. If the tenant cures the violation within the one-day period, the rental agreement does not terminate. If the tenant does not cure the violation within the one-day period, the rental agreement terminates as provided in the notice. If substantially the same act that constituted a prior drug or alcohol violation of which notice was given reoccurs within six months, the landlord may terminate the rental agreement upon at least three days' written notice specifying the violation and the date and time of termination of the rental agreement. The tenant does not have a right to cure this subsequent violation.
(4) Notwithstanding subsections (1), (2), and (3) of this section, federally assisted housing that is occupied on other than a transient basis by persons who are required to abstain from possession or use of alcohol or drugs as a condition of occupancy and who pay for the use of the housing on a periodic basis, without regard to whether the payment is characterized as rent, program fees, or other fees, costs, or charges, are covered by this chapter unless the living arrangement is exempt under RCW 59.18.040.

The appropriations in this section are subject to the following conditions and limitations:

1. The commission may oversee up to four pilot projects implementing the use of traffic safety cameras to detect failure to stop at railroad crossings, stoplights, and school zones.
   a. In order to ensure adequate time in the 2003-05 biennium to evaluate the effectiveness of the pilot program, any projects authorized by the commission must be authorized by December 31, 2003.
   b. If a county or city has established an authorized automated traffic safety camera program under this section, the compensation paid to the manufacturer or vendor of the equipment used must be based only upon the value of the equipment and services provided or rendered in support of the system, and may not be based upon a portion of the fine or civil penalty imposed or the revenue generated by the equipment.
   c. The traffic safety commission shall use the following guidelines to administer the program:
      i. Traffic safety cameras may take pictures of the vehicle and vehicle license plate only, and only while an infraction is occurring;
      ii. The law enforcement agency of the city or county government shall plainly mark the locations where the automated traffic enforcement system is used by placing signs on street locations that clearly indicate to a driver that he or she is entering a zone where traffic laws are enforced by an automated traffic enforcement system;
      iii. Cities and counties using traffic safety cameras must provide periodic notice by mail to its citizens indicating the zones in which the traffic safety cameras will be used;
      iv. Notices of infractions must be mailed to the registered owner of a vehicle within fourteen days of the infraction occurring;
      v. The owner of the vehicle is not responsible for the violation if the owner of the vehicle, within fourteen days of receiving notification of the violation, mails to the issuing law enforcement agency, a declaration under penalty of perjury, stating that the vehicle involved was, at the time, stolen or in the care, custody, or control of some person other than the registered owner, or any other extenuating circumstances;
      vi. Infractions detected through the use of traffic safety cameras are not part of the registered owner’s driving record under RCW 46.52.101 and 46.52.120;
      vii. If a notice of infraction is sent to the registered owner and the registered owner is a rental car business, the infraction will be dismissed against the business if it mails to the issuing agency, within fourteen days of receiving the notice, a declaration under penalty of perjury of the name and known mailing address of the individual driving or renting the vehicle when the infraction occurred. If the business is unable to determine who was driving or renting the vehicle at the time the infraction occurred, the business must sign a declaration under penalty of perjury to this effect. The declaration must be mailed to the issuing agency within fourteen days of receiving the notice of traffic infraction. Timely mailing of this declaration to the issuing agency relieves a rental car business of any liability under this section for the notice of infraction. A declaration form suitable for this purpose must be included with each automated traffic infraction notice issued, along with instructions for its completion and use;
      viii. For purposes of the 2003-05 biennium pilot projects, infractions generated by the use of traffic safety cameras are exempt from the provisions of RCW 3.46.120, 3.50.100, and 3.55.20.220, and must be processed in the same manner as parking violations; and
(ix) By June 30, 2005, the traffic safety commission shall provide a report to the legislature regarding the use, public acceptance, outcomes, and other relevant issues regarding traffic safety cameras demonstrated by the pilot projects.
(2) $210,000 of the highway safety account--state appropriation is provided solely for continuing the five existing DUI/traffic safety task forces that receive federal project funding that expires during the 2003-05 biennium. However, the appropriation in this subsection may only be expended for a task force when the federal funding for that task force has expired.
(3)(a) $1,555,000 of the school zone safety account--state appropriation is provided solely as matching funds for the following school safety enhancement projects, as proposed by local agencies, schools, and tribal governments in response to the department of transportation's highways and local programs request for information for potential projects to be financed under Referendum No. 51:

3. The department shall provide staff support to a legislative oversight committee that will manage a study of the Eagle Harbor maintenance facility. The legislative oversight committee shall consist of two members from each caucus in each house of the legislature, appointed by the leadership of the members’ respective caucus. The department shall issue a request for proposals on behalf of the legislative oversight committee for an outside consulting firm to conduct a study on the preservation, replacement, or supplementation of the Eagle Harbor maintenance facility. The study must analyze: (a) The costs and benefits to preserve and maintain or relocate the facility; (b) the impact of Eagle Harbor employment on the local community and Kitsap county; and (c) a recommendation on future investment in the Eagle Harbor maintenance facility or possible alternatives. The contractor and the legislative oversight committee must report back to the legislature’s transportation committees no later than December 10, 2002.

FOR THE DEPARTMENT OF TRANSPORTATION--MARINE--PROGRAM X
Puget Sound Ferry Operations Account--State
Appropriation (§311,312.000)
$313,250,000

The appropriation in this section is subject to the following conditions and limitations and specified amounts are provided solely for that activity:

1. The appropriation is based on the budgeted expenditure of ((§35.10.000)) $35,797,000 for vessel operating fuel in the 2001-2003 biennium. If the actual cost of fuel is less than this budgeted amount, the excess amount may not be expended. If the actual cost exceeds this amount, the department shall request a supplemental appropriation.

2. The appropriation provides for the compensation of ferry employees. The expenditures for compensation paid to ferry employees during the 2001-2003 biennium may not exceed $207,065,000 plus a dollar amount, as prescribed by the office of financial management, that is equal to any insurance benefit increase granted general government employees in excess of $432.82 a month annualized per eligible marine employee multiplied by the number of eligible marine employees for the respective fiscal year, a dollar amount as prescribed by the office of financial management for costs associated with pension amortization charges, and a dollar amount prescribed by the office of financial management for salary increases during the 2001-2003 biennium. For the purposes of this section, the expenditures for compensation paid to ferry employees shall be limited to salaries and wages and employee benefits as defined in the office of financial management’s policies, regulations, and procedures named under objects of expenditure “A” and “B” (7.2.6.2).

The prescribed salary and insurance benefit increase or decrease dollar amount that shall be allocated from the governor’s compensation appropriations is in addition to the appropriation contained in this section and may be used to increase or decrease compensation costs, effective July 1, 2001, and thereafter, as established in the 2001-2003 general fund operating budget.

3. Appropriations in this section include funding for the purchase or lease-purchase of one passenger ferry and assume the proceeds of the sale of the MV Kalama and MV Skagit passenger ferries shall be deposited in the passenger ferry account.

4. The department may enter into contracts with private vendors to sell ferry tickets and medium at locations other than Washington state ferry terminals or facilities.

(a) The department may enter into the contracts only (I) with private vendors that are already established businesses offering goods for sale to the general public; and (ii) if it determines that the vendor’s established location has the potential to serve a significant percentage of the customers using a particular ferry route.

(b) The department may adopt necessary rules and procedures to allow the use of credit and debit cards to purchase ferry tickets or medium from a private vendor who has contracted with the department to sell ferry tickets or medium. The department may establish a convenience fee to be paid by all persons purchasing ferry tickets or medium at locations other than Washington state ferry terminals or facilities. The convenience fee must be sufficient to offset the charges imposed on the department by the credit and debit card companies. In no event shall the use of credit or debit cards result in a loss of revenue to the state. The use of a personal credit card does not rely upon the credit of the state as prohibited by Article VIII, section 5 of the state Constitution.

5. The legislature recognizes the value of a regional fare collection system to promote intermodal travel throughout Washington state ferries’ Puget Sound service area and therefore encourages the department to resume participation in the regional fare coordination project (smart card). The department shall develop a request for funding of the on-going operating costs associated with the regional fare coordination project and shall present this request to the 2003 legislature. The request for funding shall be sufficient to support a system that prevents the disclosure of personally identifying information of persons who use a smart card to facilitate payment of ferry fares. The requested system may facilitate the disclosure of aggregate information on fare collection to governmental agencies or groups concerned with public transportation or public safety as long as the data does not contain any personally identifying information. The requested system shall not prevent the release of personally identifying information to law enforcement agencies when required by a subpoena.

Schedule A applies to vehicles either used exclusively for hauling logs or that do not tow trailers. Schedule B applies to vehicles that tow trailers and are not covered under Schedule A.

Every truck, motor truck, truck tractor, and tractor exceeding 6,000 pounds empty scale weight registered under chapter 46.16, 46.87, or 46.88 RCW shall be licensed for not less than one hundred fifty percent of its empty weight unless the amount would be in excess of the legal limits prescribed for such a vehicle in RCW 46.44.041 or 46.44.042, in which event the vehicle shall be licensed for the maximum weight authorized for such a vehicle or unless the vehicle is used only for the purpose of transporting any well drilling machine, air compressor, rock crushe, hoist, donkey engine, cook house, tool house, bunk house, or similar machine or structure attached to or made a part of such vehicle.

The following provisions apply when increasing gross or combined gross weight for a vehicle licensed under this section:

(a) The new license fee will be one-twelfth of the fee listed above for the new gross weight, multiplied by the number of months remaining in the period for which licensing fees have been paid, including the month in which the new gross weight is effective.

(b) Upon surrender of the current certificate of registration or cab card, the new licensing fees due shall be reduced by the amount of the licensing fees previously paid for the same period for which new fees are being charged.

Sec. 202. RCW 46.68.035 and 2000 2nd sp.s. c 4 s 8 are each amended to read as follows:

All proceeds from combined vehicle licensing fees received by the director for vehicles licensed under RCW 46.16.070 and 46.16.085 shall be forwarded to the state treasurer to be distributed into accounts according to the following method:
(1) The sum of two dollars for each vehicle shall be deposited into the multimodal transportation account, except that for each vehicle registered by a county auditor or agent to a county auditor pursuant to RCW 46.01.140, the sum of two dollars shall be credited to the current county expense fund.

(2) The remainder shall be distributed as follows:
(a) 11 percent shall be deposited into the state patrol highway account of the motor vehicle fund;
(b) 17 percent shall be deposited into the Puget Sound ferry operations fund of the motor vehicle fund; and
(c) 2.740 percent shall be deposited into the transportation 2003 account (nickel account); and
(d) the remaining proceeds shall be deposited into the motor vehicle fund.

PART III - SALES AND USE TAX

Sec. 301. RCW 82.08.020 and 2000 2nd sp.s. c 4 s 1 are each amended to read as follows:
(1) There is levied and there shall be collected a tax on each retail sale in this state equal to six and five-tenths percent of the selling price.

(2) There is levied and there shall be collected an additional tax on each retail car rental, regardless of whether the vehicle is licensed in this state, equal to five and nine-tenths percent of the selling price. The revenue collected under this subsection shall be deposited in the multimodal transportation account created in RCW 47.66.070.

(3) Beginning July 1, 2003, there is levied and collected an additional tax of three-tenths of one percent of the selling price on each retail sale of a motor vehicle in this state, other than retail car rentals taxed under subsection (2) of this section. The revenue collected under this subsection shall be deposited in the multimodal transportation account created in RCW 47.66.070.

(4) For purposes of subsection (3) of this section, "motor vehicle" has the meaning provided in RCW 46.04.320, but does not include farm tractors or farm vehicles as defined in RCW 46.04.180 and 46.04.181, off-road and nonhighway vehicles as defined in RCW 46.09.020, and snowmobiles as defined in RCW 46.10.010.

(5) The taxes imposed under this chapter shall apply to successive retail sales of the same property.

Sec. 302. RCW 82.12.020 and 2003 c 5 (EHB 1977) s 2 are each amended to read as follows:

(1) There is hereby levied and there shall be collected from every person in this state a tax or excise for the privilege of using within this state as a consumer: (a) Any article of tangible personal property purchased at retail, or acquired by lease, gift, repossession, or bailement, or extracted or produced or manufactured by the person so using the same, or otherwise furnished to a person engaged in any business taxable under RCW 82.04.280 (2) or (7); or (b) any canned software, regardless of the method of delivery, but excluding canned software that is either provided free of charge or is provided for temporary use in viewing information, or both.

(2) This tax shall apply to the use of every service defined as a retail sale in RCW 82.04.050 (2)(a) or (3)(a) and the use of every article of tangible personal property, including property acquired at a casual or isolated sale, and including byproducts used by the manufacturer thereof, except as hereinafter provided, irrespective of whether the article or similar articles are manufactured or are available for purchase within this state.

(3) The provisions of this chapter do not apply in respect to the use of any article of tangible personal property or service taxable under RCW 82.04.050(2)(a) or (3)(a) purchased at retail or acquired by lease, gift, or bailement if the sale to, or the use by, the present user or his bailor or donor has already been subjected to the tax under chapter 82.08 RCW or this chapter and the tax has been paid by the present user or by his bailor or donor.

(4) Except as provided in this section, payment by one purchaser or user of tangible personal property or service of the tax imposed by chapter 82.08 or 82.12 RCW shall not have the effect of exempting any other purchaser or user of the same property or service from the taxes imposed by such chapters. If the sale to, or the use by, the present user or his or her bailor or donor has already been subjected to the tax under chapter 82.08.08 RCW or this chapter and the tax has been paid by the present user or by his or her bailor or donor; or in respect to the use of property acquired by bailement and the tax has once been paid based on reasonable rental as determined by RCW 82.12.060 measured by the value of the article at time of first use multiplied by the tax rate imposed by chapter 82.08.08 RCW or this chapter as of the time of first use; or in respect to the use of any article of tangible personal property acquired by bailement, if the property was acquired by a previous bailee from the same bailor for use in the same general activity and the original bailement was prior to June 9, 1961, the tax imposed by this chapter does not apply.

(5) The tax shall be levied and collected in an amount equal to the value of the article used or the service used by the taxpayer multiplied by the rate in effect for the retail sales tax under RCW 82.08.020.

Sec. 303. RCW 82.12.045 and 1996 c 149 s 19 are each amended to read as follows:

(1) In the collection of the use tax on motor vehicles, the department of revenue may designate the county auditors of the several counties of the state as its collecting agents. Upon such designation, it shall be the duty of each county auditor to collect the tax at the time an applicant applies for the registration of, and transfer of title to, the motor vehicle, except in the following instances:
(a) Where the applicant exhibits a dealer’s report of sale showing that the retail sales tax has been collected by the dealer;
(b) Where the application is for the renewal of registration;
(c) Where the application presents a written statement signed by the department of revenue, or its duly authorized agent showing that no use tax is legally due; or
(d) Where the applicant presents satisfactory evidence showing that the retail sales tax or the use tax has been paid by ((him)) the applicant on the vehicle in question.

(2) The term "motor vehicle," as used in this section means and includes all motor vehicles, trailers and semitrailers used, or of a type designed primarily to be used, upon the public streets and highways, for the convenience or pleasure of the owner, or for the conveyance, for hire or otherwise, of persons or property, including fixed loads, facilities for human habitation, and vehicles carrying exempt licenses.

(3) It shall be the duty of every applicant for registration and transfer of certificate of title who is subject to payment of tax under this section to declare upon ((him)) the application the value of the vehicle for which application is made, which shall consist of the consideration paid or contracted to be paid therefor.

(4) Each county auditor who acts as agent of the department of revenue shall at the time of remitting license fee receipts on motor vehicles subject to the provisions of this section pay over and account to the state treasurer for all use tax revenue collected under this section, after first deducting as (((i))) a collection fee the sum of two dollars for each motor vehicle upon which the tax has been collected. All revenue received by the state treasurer under this section shall be credited to the general fund. The auditor’s collection fee shall be deposited in the county current expense fund. A duplicate of the county auditor’s transmittal report to the state treasurer shall be forwarded forthwith to the department of revenue.

(5) Any applicant who has paid use tax to a county auditor under this section may apply to the department of revenue for refund thereof if he or she has reason to believe that such tax was not legally due and owing. No refund shall be allowed unless application therefor is received by the department of revenue within the statutory period for assessment of taxes, penalties, or interest prescribed by RCW 82.32.050(3). Upon receipt of an application for refund the department of revenue shall consider the same and issue its order either
granting or denying it and if refund is denied the taxpayer shall have the right of appeal as provided in RCW 82.32.170, 82.32.180 and 82.32.190.

(6) The provisions of this section shall be construed as cumulative of other methods prescribed in chapters 82.04 to 82.32 RCW, inclusive, for the collection of the tax imposed by this chapter. The department of revenue shall have power to promulgate such rules as may be necessary to administer the provisions of this section. Any duties required by this section to be performed by the county auditor may be performed by the director of licensing but no collection fee shall be deductible by said director in remitting use tax revenue to the state treasurer.

(7) The use tax revenue collected on the rate provided in RCW 82.08.020(3) shall be deposited in the multimodal transportation account under RCW 47.66.070.

SECOND READING
SENATE BILL NO. 6062, by Senators Horn, Haugen, Swecker, Jacobsen, Finkbeiner and Spanel
Authorizing bonds for transportation funding.
The bill was read the second time.

MOTION
On motion of Senator Horn, the following amendment by Senators Horn and Haugen was adopted:
Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. In order to provide funds necessary for the location, design, right of way, and construction of selected projects or improvements that are identified as transportation 2003 projects or improvements in the omnibus transportation budget, there shall be issued and sold upon the request of the transportation commission a total of two billion six hundred million dollars of general obligation bonds of the state of Washington.

NEW SECTION. Sec. 2. Upon the request of the transportation commission, as appropriate, the state finance committee shall supervise and provide for the issuance, sale, and retirement of the bonds in this act in accordance with chapter 39.42 RCW. Bonds authorized by this act shall be sold in the manner, at time or times, in amounts, and at the price as the state finance committee shall determine. No bonds may be offered for sale without prior legislative appropriation of the net proceeds of the sale of the bonds.
The state finance committee shall consider the issuance of short-term obligations in lieu of long-term obligations for the purposes of more favorable interest rates, lower total interest costs, and increased marketability and for the purpose of retiring the bonds during the life of the project for which they were issued.

NEW SECTION. Sec. 3. The proceeds from the sale of bonds authorized by section 1 of this act shall be deposited in the transportation 2003 account (nickel account) in the motor vehicle fund. The proceeds shall be available only for the purposes enumerated in section 1 of this act, for the payment of bond anticipation notes, if any, and for the payment of bond issuance costs, including the costs of underwriting.
NEW SECTION. Sec. 4. Bonds issued under the authority of sections 1 through 6 of this act shall distinctly state that they are a general obligation of the state of Washington, shall pledge the full faith and credit of the state to the payment of the principal thereof and the interest thereon, and shall contain an unconditional promise to pay such principal and interest as the same shall become due. The principal and interest on the bonds shall be first payable in the manner provided in sections 1 through 6 of this act from the proceeds of the state excise taxes on motor vehicle and special fuels imposed by chapters 82.36 and 82.38 RCW. Proceeds of these excise taxes are hereby pledged to the payment of any bonds and the interest thereon issued under the authority of sections 1 through 6 of this act provided the legislature agrees to continue to impose these excise taxes on motor vehicle and special fuels in amounts sufficient to pay, when due, the principal and interest on all bonds issued under the authority of sections 1 through 6 of this act.

NEW SECTION. Sec. 5. Both principal and interest on the bonds issued for the purposes of sections 1 through 6 of this act shall be payable from the highway bond retirement fund. The state finance committee may provide that a special account be created in the fund to facilitate payment of the principal and interest. The state finance committee shall, on or before June 30th of each year, certify to the state treasurer the amount required for principal and interest on the bonds in accordance with the bond proceedings. The state treasurer shall distribute funds from the transportation 2003 account (nickel account) in the motor vehicle fund and deposit in the highway bond retirement fund, or a special account in the fund, such amounts, and at such times, as are required by the bond proceedings.

Any funds required for bond retirement or interest on the bonds authorized by sections 1 through 6 of this act shall be taken from that portion of the motor vehicle fund that results from the imposition of excise taxes on motor vehicle and special fuels and that is distributed to the transportation 2003 account (nickel account) in the motor vehicle fund. Funds required shall never constitute a charge against any other allocations of motor vehicle fuel and special fuels tax revenues to the state, counties, cities, and towns unless the amount arising from excise taxes on motor vehicle and special fuels distributed to the transportation 2003 account (nickel account) proves insufficient to meet the requirements for bond retirement or interest on any such bonds.

Any payments for bond retirement or interest on the bonds taken from other revenues from the motor vehicle fuel or special fuels taxes that are distributable to the state, counties, cities, and towns shall be repaid from the first revenues from the motor vehicle fuel or special fuels taxes distributed to the transportation account (nickel account) not required for bond retirement or interest on the bonds.

NEW SECTION. Sec. 6. Bonds issued under the authority of sections 1 through 5 of this act and this section and any other general obligation bonds of the state of Washington that have been or that may be authorized and that pledge motor vehicle and special fuels excise taxes for the payment of principal and interest thereon shall be an equal charge against the revenues from such motor vehicle and special fuels excise taxes.

NEW SECTION. Sec. 7. For the purpose of providing funds for the planning, design, construction, reconstruction, and other necessary costs for transportation projects, the state finance committee is authorized to issue general obligation bonds of the state of Washington in the sum of three hundred forty-nine million five hundred thousand dollars, or as much thereof as may be required, to finance these projects and all costs incidental thereto. Bonds authorized in this section may be sold at such price as the state finance committee shall determine. No bonds authorized in this section may be offered for sale without prior legislative appropriation of the net proceeds of the sale of the bonds.

NEW SECTION. Sec. 8. The proceeds of the sale of the bonds authorized in section 7 of this act must be deposited in the multimodal transportation account and must be used exclusively for the purposes specified in section 7 of this act and for the payment of expenses incurred in the issuance and sale of the bonds.

NEW SECTION. Sec. 9. (1) The nondebt-limit reimbursable bond retirement account must be used for the payment of the principal and interest on the bonds authorized in section 7 of this act.

The state finance committee must, on or before June 30th of each year, certify to the state treasurer the amount needed in the ensuing twelve months to meet the bond retirement and interest requirements on the bonds authorized in section 7 of this act.

(b) On or before the date on which any interest or principal and interest is due, the state treasurer shall transfer from the multimodal transportation account for deposit into the nondebt-limit reimbursable bond retirement account the amount computed in (a) of this subsection.

(3) If the multimodal transportation account has insufficient revenues to pay the principal and interest computed in subsection (2)(a) of this section, then the debt-limit reimbursable bond retirement account must be used for the payment of the principal and interest on the bonds authorized in section 7 of this act from any additional means provided by the legislature.

(4) If at any time the multimodal transportation account has insufficient revenues to repay the bonds, the legislature may provide additional means for the payment of the bonds.

NEW SECTION. Sec. 10. (1) Bonds issued under section 7 of this act must state that they are a general obligation of the state of Washington, must pledge the full faith and credit of the state to the payment of the principal and interest, and must contain an unconditional promise to pay the principal and interest as they become due.

The owner and holder of each of the bonds or the trustee for the owner and holder of any of the bonds may by mandamus or other appropriate proceeding require the transfer and payment of funds as directed in this section.

NEW SECTION. Sec. 11. The legislature may provide additional means for raising moneys for the payment of the principal and interest on the bonds authorized in section 7 of this act, and sections 9 and 10 of this act are not deemed to provide an exclusive method for their payment.

NEW SECTION. Sec. 12. The bonds authorized in section 7 of this act are a legal investment for all state funds or funds under state control and for all funds of any other public body.

Sec. 13. RCW 39.42.060 and 2002 c 240 s 7 are each amended to read as follows:

No bonds, notes, or other evidences of indebtedness for borrowed money shall be issued by the state which will cause the aggregate debt contracted by the state to exceed that amount for which payments of principal and interest in any fiscal year would require the state to expend more than seven percent of the arithmetic mean of its general state revenues, as defined in RCW 39.42.070, for the three immediately preceding fiscal years as certified by the treasurer in accordance with RCW 39.42.070. It shall be the duty of the state finance committee to compute annually the amount required to pay principal and interest on outstanding debt. In making such computation, the state finance committee shall include all borrowed money represented by bonds, notes, or other evidences of indebtedness which are secured by the full faith and credit of the state or are required to be paid, directly or indirectly, from general state revenues and which are incurred by the state, any department, authority, public corporation or quasi public corporation of the state, any state university or college, or any other public agency created by the state but not by counties, cities, towns, school districts, or other municipal corporations, and shall include debt incurred pursuant to section 3 of Article VIII of the Washington state Constitution, but shall exclude the following:

(1) Obligations for the payment of current expenses of state government;

(2) Indebtedness incurred pursuant to RCW 39.42.080 or 39.42.090;

(3) Principal of and interest on bond anticipation notes;

(4) Any indebtedness which has been refunded;

(5) Financing contracts entered into under chapter 39.94 RCW;

(6) Indebtedness authorized or incurred before July 1, 1993, pursuant to statute which requires that the state treasury be reimbursed, in the amount of the principal of and the interest on such indebtedness, from money other than general state revenues or from the special excise tax imposed pursuant to chapter 67.40 RCW;

(7) Indebtedness authorized and incurred after July 1, 1993, pursuant to statute that requires that the state treasury be reimbursed, in the amount of the principal of and the interest on such indebtedness, from (a) moneys outside the state treasury, except
higher education operating fees, (b) higher education building fees, (c) indirect costs recovered from federal grants and contracts, and (d) fees and charges associated with hospitals operated or managed by institutions of higher education;

(8) Any agreement, promissory note, or other instrument entered into by the state finance committee under RCW 39.42.030 in connection with its financial objectives, letters of credit, or other credit support instruments for the purpose of guaranteeing the payment or enhancing the marketability, or both, of any state bonds, notes, or other evidence of indebtedness;

(9) Indebtedness incurred for the purposes identified in RCW 43.99N.020;

(10) Indebtedness incurred for the purposes of the school district bond guaranty established by chapter 39.98 RCW;

(11) Indebtedness incurred for the purposes of replacing the waterproof membrane over the east plaza garage and revising related landscaping construction pursuant to RCW 43.99Q.070; and

(12) Indebtedness incurred for the purposes of the state legislative building rehabilitation, to the extent that principal and interest payments of such indebtedness are paid from the capitol building construction account pursuant to RCW 43.99Q.140(2)(b).

To the extent necessary because of the constitutional or statutory debt limitation, priorities with respect to the issuance or guaranteeing of bonds, notes, or other evidences of indebtedness by the state shall be determined by the state finance committee.

Sec. 14. RCW 35.95A.120 and 2002 c 248 s 13 are each amended to read as follows:

The city transportation authority may be dissolved by a vote of the people residing within the boundaries of the authority if the authority is faced with significant financial problems. However, the authority may covenant with holders of its bonds that it may not be dissolved and shall continue to exist solely for the purpose of continuing to levy and collect any taxes or assessments levied by it and pledged to the repayment of debt and to take other actions, including the appointment of a trustee, as necessary to allow it to repay any remaining debt. No such debt may be incurred by the authority on a project until thirty days after a final environmental impact statement on that project has been issued as required by chapter 43.21C RCW. The amount of the authority’s initial bond issue is limited to the amount of the project costs in the subsequent two years as documented by a certified engineer or by submitted bids, plus any reimbursable capital expenses already incurred at the time of the bond issue. The authority may size the first bond issue consistent with the internal revenue area and to file the signed petitions with the filing officer.

Within seven days, the city prosecutor must review the validity of the petition and submit its report to the petitioner and city council. If the petitioner’s claims are deemed valid by the city prosecutor, within ten days of the petitioner’s filing, the city council will confer with the petitioner concerning the form and style of the petition, issue an identification number for the petition, and contain provisions for dissolution of the authority. After this notification, the petitioner has ninety days in which to secure on petition forms, the signatures of not less than fifteen percent of the registered voters in the authority area and to file the signed petitions with the filing officer. Each petition form must contain the ballot title and the full text of the measure to be referred. The filing officer will verify the sufficiency of the signatures on the petitions. If sufficient valid signatures are properly submitted, the filing officer shall submit the initiative to the authority area voters at a general or special election held on one of the dates provided in RCW 29.36.010 as determined by the city council, which election will not take place later than one hundred twenty days after the signed petition has been filed with the filing officer.

NEW SECTION. Sec. 15. Sections 1 through 12 of this act are each added to chapter 47.10 RCW.

NEW SECTION. Sec. 16. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect July 1, 2003.

PERSONAL PRIVILEGE

Senator Horn: “A point of personal privilege, Mr. President. I would like to thank all the people that helped on this transportation series of bills that we just passed, particularly giving recognition to my Vice Chair, Senator Swecker and also Senator Finkbeiner. Also, I appreciate the cooperation that we had across the aisle with Senator Haugen, Senator Spanel and Senator Jacobsen. Also, all the other people on the Transportation Committee and the people who interfaced with our staff as we were developing this budget and getting it put forth.

“I would also like to pay particular attention to one of the most super staffs that I have worked with. If I could have them stand back there. They have worked tirelessly.”

PERSONAL PRIVILEGE

Senator Haugen: “A point of personal privilege. Mr. President. I, too, would like to take this opportunity to say ‘thank you’ to the folks who worked so hard on this budget. Let’s hope this one sticks this year. It has been thirteen years since we have made an investment and Mr. President, were you chairing the committee at that point? I know you weren’t. There are not many people in this room who have been here through all of this. This is really major, and like Senator Horn, said we wouldn’t be successful without such truly great staff—who come up with a lot of great ideas and work a lot of long hours. I, too, want to say ‘thank you.’ They are an extra ordinary group of bright young folks.”

SENATE BILL NO. 6072, by Senators Horn and Haugen

Funding pollution abatement and response.

MOTIONS

On motion of Senator Swecker, Substitute Senate Bill No. 6072 was substituted for Senate Bill No. 6072 and the substitute bill was placed on second reading and read the second time.

Senator Swecker moved that the following striking amendment be adopted:

“NEW SECTION. Sec. 1. A new section is added to chapter 70.94 RCW to read as follows:

(1) Money deposited in the segregated subaccount of the air pollution control account under RCW 46.68.020(2) shall be distributed as follows:

(a) Eighty-five percent shall be distributed to air pollution control authorities created under this chapter. The money must be distributed in direct proportion with the amount of fees imposed under RCW 46.12.080, 46.12.170, and 46.12.181 that are collected within the boundaries of each authority. However, an amount in direct proportion with those fees collected in counties for which no air pollution control authority exists must be distributed to the department.

(b) The remaining fifteen percent shall be distributed to the department.

(2) Money distributed to air pollution control authorities and the department under subsection (1) of this section must be used as follows:

(a) Eighty-five percent of the money received by an air pollution control authority or the department must be used to retrofit school buses with exhaust emission control devices or to provide funding for fueling infrastructure necessary to allow school bus fleets to use alternative, cleaner fuels.

(b) The remaining fifteen percent may be used by the air pollution control authority or department to reduce vehicle air contaminant emissions and clean up air pollution, or reduce and monitor toxic air contaminants.

(3) Money in the air pollution control account may be spent by the department only after appropriation.

(4) The department shall provide a report to the legislative transportation committees on the progress of the implementation of this section by December 31, 2004.

NEW SECTION. Sec. 2. The sum of ten million dollars is appropriated for the biennium ending June 30, 2005, from the segregated subaccount of the air pollution control account to the department of ecology for the purposes of section 1 of this act.

NEW SECTION. Sec. 3. A new section is added to chapter 90.56 RCW to read as follows:

The vessel response account is created in the state treasury. Grants, gifts, and federal funds may be deposited into the account. Oil spill penalties assessed against ships under RCW 90.56.330 and 90.48.144 shall also be deposited into the account as well as the money distributed under RCW 46.68.020(2). Moneys in the account may be spent only after appropriation. The department of ecology is authorized to utilize the vessel response account to preposition a dedicated rescue tug at the entrance to the Strait of Juan de Fuca to reduce the risk of major maritime accidents and oil spills on the outer coast and western strait. Prior to authorizing the rescue tug to respond to a distressed vessel, the department shall work with the United States Coast Guard and industry to determine if another capable, unencumbered commercial tug is available in the area that can respond. If such a tug can respond without increasing the risk of a casualty, it should be deployed as the tug of choice and the state-contracted rescue tug should not be taken off standby duty. The department is also authorized to spot charter tugs as needed during major storms and other high risk periods to protect maritime commerce and the environment anywhere in state waters.

The department shall not proceed with rule making related to emergency towing pursuant to chapter 88.46 RCW, so long as the deposit of the fee into the vessel response account under RCW 46.68.020(2) is continued and is appropriated for the purpose of the dedicated rescue tug.

NEW SECTION. Sec. 4. The department of ecology shall complete an evaluation of tug escort requirements for laden tankers to determine if the current escort system requirements under RCW 88.16.190 should be modified to recognize safety enhancements of the new double hull tankers deployed with redundant systems. The department shall provide a report with recommendations to the governor and the appropriate committees of the legislature by January 1, 2005.

NEW SECTION. Sec. 5. (1) The sum of two million eight hundred seventy-six thousand dollars shall be appropriated for the biennium ending June 30, 2005, from the vessel response account to the department of ecology for the purposes of section 3 of this act.

(2) The sum of two hundred thousand dollars is appropriated for the biennium ending June 30, 2005, from the oil spill prevention account to the department of ecology for the purposes of section 4 of this act.

Sec. 6. RCW 46.12.040 and 2002 c 352 s 3 are each amended to read as follows:

(1) The application accompanied by a draft, money order, certified bank check, or cash for five dollars, together with the last preceding certificates or other satisfactory evidence of ownership, shall be forwarded to the director.

(2) The fee shall be in addition to any other fee for the license registration of the vehicle. The certificate of ownership shall not be renewed annually, or at any other time, except as by law provided.

(3) In addition to the application fee and any other fee for the license registration of a vehicle, the department shall collect from the applicant a fee of fifteen dollars for vehicles previously registered in any other state or country. (The proceeds from the fee shall be...
Sec. 7. RCW 46.12.101 and 2002 c 279 s 1 are each amended to read as follows:

A transferee of an ownership in a motor vehicle is perfected by compliance with the requirements of this section.

(1) If an owner transfers his or her interest in a vehicle, other than by the creation, deletion, or change of a security interest, the transferee, at the time of the delivery of the vehicle, execute an assignment to the transferee of the certificate of ownership under RCW 46.11.124 on the certificate of ownership or as the department otherwise prescribes, and cause the certificate and assignment to be transmitted to the transferee. The owner shall notify the department or its agents or subagents, in writing, on the appropriate form, of the date of the sale or transfer, the name and address of the owner and of the transferee, the transferee’s driver’s license number if available, and such description of the vehicle, including the vehicle identification number, the license plate number, or both, as may be required in the appropriate form provided or approved for that purpose by the department. The report of sale will be deemed properly filed if all information required in this section is provided on the form and includes a department-authorized notation that the document was received by the department, its agents, or subagents on or before the fifth day after the sale of the vehicle, excluding Saturdays, Sundays, and state and federal holidays. Agents and subagents shall immediately electronically transmit the seller’s report of sale to the department. Reports of sale processed and recorded by the department’s agents or subagents may be subject to fees as specified in RCW 46.01.140 (4)(a) or (5)(b). By January 1, 2003, the department shall create a system enabling the seller of a vehicle to transmit the report of sale electronically. The system created by the department must immediately indicate on the department’s vehicle record that a seller’s report of sale has been filed.

(2) The requirements of subsection (1) of this section to provide an odometer disclosure statement apply to the transfer of vehicles held for lease when transferred to a lessee and then to the lessor at the end of the leasehold and to vehicles held in a fleet when transferred to a purchaser.

(3) Except as provided in RCW 46.70.122 the transferee shall within fifteen days after delivery of the transference of the vehicle, execute the application for a new certificate of ownership in the same space provided therefor on the certificate or as the department prescribes, and cause the certificates and application to be transmitted to the department.

(4) Upon request of the owner or transferee, a secured party in possession of the certificate of ownership shall, unless the transfer was a breach of its security agreement, either deliver the certificate to the transferee for transmission to the department or, when the transferee receives the owner’s assignment from the transferee’s application for a new certificate, the existing certificate, and the required fee to the department. Compliance with this section does not affect the rights of the secured party.

(5) If a security interest is reserved or created at the time of the transfer, the certificate of ownership shall be retained by or delivered to the person who becomes the secured party, and the parties shall comply with the provisions of RCW 46.12.170.

The director may by rule establish conditions under which the penalty will not be assessed when an application for transfer is delayed for reasons beyond the control of the purchaser. Conditions for not assessing the penalty may be established for but not limited to delays caused by:

(a) The department requesting additional supporting documents;
(b) Extended hospitalization or illness of the purchaser;
(c) Failure of a legal owner to release his or her interest;
(d) Failure, negligence, or nonperformance of the department, auditor, or subagent.

Failure or neglect to make application to transfer the certificate of ownership and license registration within forty-five days after the date of delivery of the vehicle is a misdemeanor.

(7) Upon receipt of an application for reissue or replacement of a certificate of ownership and transfer of license registration, accompanied by the endorsed certificate of ownership or other documentary evidence as is deemed necessary, the department shall, if the application is in order and if all provisions relating to the certificate of ownership and license registration have been complied with, issue new certificates of title and license registration as in the case of an original issue and shall transmit the fees together with an itemized detailed report to the state treasurer (to be deposited in the motor vehicle fund).

Sec. 8. RCW 46.68.020 and 2002 c 352 s 21 are each amended to read as follows:

The director shall forward all fees for certificates of ownership or other moneys accruing under the provisions of chapter 46.12 RCW to the state treasurer, together with the proper identifying detailed report. The state treasurer shall credit such moneys (to be deposited in the multimodal transportation account in RCW 47.66.070, and all expenses incurred in carrying out the provisions of that chapter shall be paid from such account as authorized by legislative appropriation) as follows:

(a) The fees collected under RCW 46.12.040(1) shall be credited to the multimodal transportation account in RCW 47.66.070;
(b) Beginning with the effective date of this section, and until July 1, 2008, the fees collected under RCW 46.12.080, 46.12.170, and 46.12.181 shall be credited as follows:
(i) 58.12 percent shall be credited to a segregated subaccount of the air pollution control account in RCW 70.94.015;
(ii) 13.71 percent shall be credited to the vessel response account created in section 3 of this act; and
(iii) The remainder shall be credited into the transportation 2003 account (nickel account).
(b) Beginning July 1, 2008, and thereafter, the fees collected under RCW 46.12.080, 46.12.170, and 46.12.181 shall be credited to the transportation 2003 account (nickel account).

"Sec. 1. RCW 46.20.391 and 1999 c 274 s 4 and 1999 c 272 s 1 are each reenacted and amended to read as follows:

(1) Any person licensed under this chapter who is convicted of an offense relating to motor vehicles for which suspension or revocation of the driver’s license is mandatory, other than vehicular homicide or vehicular assault, or who has had his or her license suspended under RCW 46.20.3101 (2)(a) or (3)(a), may submit to the department an application for an occupational driver’s license. The department, upon receipt of the prescribed fee and upon determining that the petitioner is engaged in an occupation or trade that makes it essential that the petitioner operate a motor vehicle, may issue an occupational driver’s license and may set definite restrictions as provided
in RCW 46.20.394. No person may petition for, and the department shall not issue, an occupational driver’s license that is effective during the first thirty days of any suspension or revocation imposed either for a violation of RCW 46.61.502 or 46.61.504 or under RCW 46.20.3101 (2)(a) or (3)(a), or for both a violation of RCW 46.61.502 or 46.61.504 and under RCW 46.20.3101 (2)(a) or (3)(a) where the action arises from the same incident. (b) If the suspension is for failure to respond, pay, or comply with a notice of traffic infraction or conviction, (the) applicants must be offered the opportunity to enter into a payment plan with the court, subject to the court’s discretion as to the individual applicant.

(c) An occupational driver’s license issued to an applicant described in (a) of this subsection shall be valid for the period of the suspension or revocation but not more than two years. The suspension or revocation of the regular driver’s license shall not be affected by the issuance of an occupational driver’s license.

(d) Upon receipt of evidence that a holder of an occupational driver’s license granted under this subsection is no longer enrolled in an apprenticeship (i.e., program, on-the-job training program, or is no longer gainfully employed, the director shall give written notice by first class mail to the holder of the occupational driver’s license that the occupational driver’s license shall be cancelled. The effective date of cancellation shall be fifteen days from the date of mailing the notice. If at any time before the cancellation goes into effect the driver submits evidence of continued enrollment in the program or continued employment, the cancellation shall be stayed. (4) The director shall cancel an occupational driver’s license upon receipt of notice that the holder thereof has been convicted of operating a motor vehicle in violation of its restrictions, or of a separate offense that under chapter 46.20 RCW would warrant suspension or revocation of a regular driver’s license. The cancellation is effective as of the date of the conviction, and continues with the same force and effect as any suspension or revocation under this title.

(5) No person may petition for, and the department shall not issue, an occupational driver’s license to any person if the person previously entered into a payment plan under subsection (2)(b) of this section and the person has failed to satisfy payment of all obligations included in the payment plan.

(5) Monetary penalties provided for in chapter 46.70 RCW are civil in nature and penalties which may be assessed for violations of chapter 46.44 RCW relating to size, weight, and load of motor vehicles are not subject to the limitation on the amount of monetary penalties which may be imposed pursuant to this chapter.

(2) a) Whenever a monetary penalty is imposed by a court under this chapter it is immediately payable. (If the person is unable to pay at that time there is a payment plan; grant an extension of the period in which the penalty may be paid. If the penalty is not paid on or before the time established for payment) The court shall have available the option of a payment plan by which the penalty is to be paid within eighteen months. However, it is in the court’s discretion whether to allow a person, under this section, to enter into a payment plan with the court. The President declared the question before the Senate to be the roll call on the final passage of Engrossed Substitute House Bill No. 2228, as amended by the Senate under suspension of the rules.

ROLL CALL

The Secretary called the roll on the final passage of Engrossed Substitute House Bill No. 2228, as amended by the Senate under suspension of the rules, and the bill passed the Senate by the following vote: Yeas, 38; Nays, 11; Absent, 0; Excused, 0.

The legislature recognizes that much work on municipal storm water management has already occurred throughout the state by counties, cities, and ports. The legislature also recognizes that municipal separate storm sewer systems face challenges that are different from other types of storm sewer systems and that implementing these programs involves great effort, significant costs, and inherent difficulties in identifying sources and controlling introduction of pollutants from a wide variety of sources that may contribute to the contamination of storm water discharged through municipal separate storm sewer systems. The legislature finds that phase one and phase two municipal separate storm sewer system permits developed by the department of ecology under the national pollutant discharge elimination system permit program of the federal clean water act (33 U.S.C. Sec. 1251 et seq.) need to identify storm water management mechanisms to best achieve environmental benefits and satisfy federal clean water act requirements in the most cost-effective manner.

The legislature recognizes the need to determine whether it is in the state’s interest to integrate municipal separate storm sewer system permit programs developed under phase one and phase two of the national pollutant discharge elimination system permit program. The legislature finds that coordinated permit programs and cooperative storm water management programs between and among local governments may reduce costs and enhance program effectiveness.

The legislature finds that issues associated with storm water management are significantly different in eastern Washington, Puget Sound, and other areas of western Washington. The legislature also finds that the federal phase two permits developed by the department of ecology must recognize these differences.

NEW SECTION. Sec. 2. (1) The department of ecology shall establish a permit development advisory group for the geographic areas draining to Puget Sound in western Washington to advise and assist the department regarding permits for municipal separate storm sewer systems. The permit development advisory group shall work within a facilitated process according to subsection (2) of this section to review the issues identified in section 5 of this act and to make recommendations and submit reports to the legislature according to section 6 of this act. The permit development advisory group, which may include up to eighteen members, of which at least half shall be representatives of local government, shall:

(a) Review and address the issues specified in section 5 of this act and any other issues regarding municipal separate storm sewer systems for which the department of ecology requests advice and assistance; and

(b) Advise and assist the department of ecology in drafting a permit or permits for municipal separate storm sewer systems in geographic areas draining to Puget Sound in western Washington as required by federal regulations implementing phase two of the national pollutant discharge elimination system permit program under the federal clean water act (33 U.S.C. Sec. 1251 et seq.).

(2) At its first meeting, the permit development advisory group shall establish an executive committee with a minimum of three and a maximum of five members. The executive committee shall include representatives of local government, business associations, and environmental organizations. The executive committee shall advise and assist the department of ecology to develop a request for proposals for a facilitator to work with and facilitate the permit development advisory group’s review of the issues identified in section 5 of this act and to develop recommendations and submit reports to the legislature according to section 6 of this act. The executive committee also shall review the responses to the request for proposals and select the facilitator. The department of ecology and the executive committee shall work expeditiously to select a facilitator who can begin working with the permit development advisory group by June 1, 2003.

NEW SECTION. Sec. 3. (1) The department of ecology shall develop a municipal separate storm sewer system permit or permits that address the issues and needs of municipalities operating these systems in eastern Washington. The department shall use the existing storm water advisory group it has established in eastern Washington to advise and assist the department regarding permits for municipal separate storm sewer systems to be issued in eastern Washington. The eastern Washington storm water advisory group shall:

(a) Review and address the issues specified in section 5 of this act as they pertain to eastern Washington and any other issues regarding municipal separate storm sewer systems for which the department of ecology requests advice and assistance; and

(b) Assist and advise the department of ecology in drafting a permit or permits for municipal separate storm sewer systems in eastern Washington as required by federal regulations implementing phase two of the national pollutant discharge elimination system permit program under the federal clean water act (33 U.S.C. Sec. 1251 et seq.).

(2) This section expires June 30, 2005.

NEW SECTION. Sec. 4. (1) The department of ecology shall establish a permit development advisory group for the coastal and southwest areas in western Washington to advise and assist the department regarding permits for municipal separate storm sewer systems. The permit development advisory group shall:
NEW SECTION. Sec. 5. (1) The permit development advisory group for Puget Sound areas in western Washington established in section 2 of this act, the eastern Washington storm water advisory group identified in section 3 of this act, and the permit development advisory group for coastal and southwest areas in western Washington established in section 4 of this act shall review and make recommendations to the department of ecology regarding the development of permits for municipal separate storm sewer systems. Issues considered by these groups shall include:
(a) Types of discharges being regulated under these permits;
(b) Areas being regulated by these permits under phases one and two of the federal national pollutant discharge elimination system permit program as they relate to municipal borders;
(c) Issuance of these permits on a watershed basis;
(d) Integration of permits and permit requirements for phase one and phase two of the federal national pollutant discharge elimination system permit program;
(e) Application of these permits to ground water discharges;
(f) Level of effort required of municipalities to satisfy permit requirements regarding:
   (I) Public education and outreach;
   (ii) Public participation and public involvement;
   (iii) Illicit discharge detection and elimination;
   (iv) Construction site runoff control;
   (v) Postconstruction runoff control;
   (vi) Pollution prevention and good housekeeping;
   (vii) Implementation of applicable total maximum daily loads; and
   (viii) Program evaluation and reporting;
(g) Protection for shellfish areas;
(h) Costs and benefits associated with each permit element not required under federal law; and
(i) The use of land use planning and existing land use plans and rules as a best management practice for storm water management; and
(j) Potential funding sources for implementation of permit requirements.
(2) This section expires June 30, 2005.

NEW SECTION. Sec. 6. (1) No later than December 15, 2003, the permit development advisory groups established and identified in sections 2, 3, and 4 of this act shall report regarding their work to the appropriate committees of the legislature.
(2) After the permits are developed but no later than December 1, 2004, the department of ecology shall submit a final report to the appropriate committees of the legislature regarding these permits and the work of the advisory groups. The department shall also identify any legislative recommendations from these groups or from the department based on the work of these groups.

NEW SECTION. Sec. 7. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately.

MESSAGE FROM THE HOUSE

April 18, 2003

MR. PRESIDENT:
The House has passed ENGROSSED SUBSTITUTE SENATE BILL NO. 5659 with the following amendment(s):

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. The legislature finds that local governments in the state of Washington face enormous challenges in the area of criminal justice and public health. It is the legislature’s intent to allow local governments relief from regulatory burdens that do not harm the public health and safety of Washington state and its residents. It is further the intent of the legislature to provide local governments with new revenues authorized under this act.

NEW SECTION. Sec. 2. A new section is added to chapter 82.14 RCW to read as follows:

(1) County legislative authority may submit an authorizing proposition to the county voters and, if the proposition is approved by a majority of persons voting, impose a sales and use tax in accordance with the terms of this chapter. The title of each ballot measure must include the purposes for which the proposed sales and use tax will be used. The rate of tax under this section shall not exceed three-tenths of one percent of the selling price in the case of a sales tax, or value of the article used, in the case of a use tax.

(2) The tax authorized in this section is in addition to any other taxes authorized by law and shall be collected from those persons who are taxable by the state under chapters 82.08 and 82.12 RCW upon the occurrence of any taxable event within the county.

(3) The retail sale of new motor vehicles, and the lease of new motor vehicles for up to the first thirty-six months of the lease, are exempt from tax imposed under this section.

(4) A third of all money received under this section shall be used solely for criminal justice purposes. For the purposes of this subsection, "criminal justice purposes" means additional police protection, mitigation of congested court systems, or relief of overcrowded jails or other local correctional facilities.

Money received under this section shall be shared between the county and the cities as follows: Sixty percent shall be retained by the county and forty percent shall be distributed on a per capita basis to cities in the county.

(5) Any city or county that receives voter approval for authorization of new or increased taxes under this act must have a performance audit conducted by the state auditor every five years, must implement a quality management program within five years of voter approval, and must conduct a yearly quality management self-assessment after the initial implementation of a quality management program.

Sec. 3. RCW 36.70A.130 and 2002 c 320 s 1 are amended to read as follows:

(1) Each comprehensive land use plan and development regulations shall be subject to continuing review and evaluation by the county or city that adopted them. A county or city shall take legislative action to review and, if needed, revise its comprehensive land use and development regulations to ensure the plan and regulations comply with the requirements of this chapter according to the time periods specified in subsection (4) of this section. A county or city planning under RCW 36.70A.040 shall take action to review and, if needed, revise its policies and development regulations regarding critical areas and natural resource lands adopted according to this chapter to ensure these policies and regulations comply with the requirements of this chapter according to the time periods specified in subsection (4) of this section. Legislative action means the adoption of a resolution or ordinance following notice and a public hearing indicating at a minimum, a finding that a review and evaluation has occurred and identifying the revisions made, or that a revision was not needed and the reasons therefore. The review and evaluation required by this subsection may be combined with the review required by subsection (3) of this section. The review and evaluation required by this subsection shall include, but is not limited to, consideration of critical area ordinances and, if planning under RCW 36.70A.040, an analysis of the population allocated to a city or county from the most recent ten-year population forecast by the office of financial management.

(2) Any amendment of or revision to a comprehensive land use plan shall conform to this chapter. Any amendment of or revision to development regulations shall be consistent with and implement the comprehensive plan.

(3) Each county that designates urban growth areas under RCW 36.70A.110 shall review, at least every ten years, its designated urban growth areas and the densities permitted within such areas. The county comprehensive plan designating urban growth areas, and the densities permitted in the urban growth areas by the comprehensive plans of the county and each city located within the urban growth areas, shall be revised to accommodate the urban growth projected to occur in the county for the succeeding twenty-year period. The review required by this subsection may be combined with the review and evaluation required by RCW 36.70A.215.

(4) The department shall establish a schedule for counties and cities to take action to review and, if needed, revise their comprehensive plans and development regulations to ensure the plan and regulations comply with the requirements of this chapter. The schedule established by the department shall provide for the reviews and evaluations to be completed as follows:

(a) On or before December 1, 2004, and every seven years thereafter, for ((Clallam,)) Clark, ((Jefferson,)) King, Kitsap, Pierce, Snohomish, Thurston, and Whatcom counties and the cities within those counties;

(b) On or before December 1, 2005, and every seven years thereafter, for Cowlitz, Island, Lewis, Mason, San Juan, Skagit, Clallam, Jefferson, and Skamania counties and the cities within those counties;
Sec. 4. RCW 36.70A.040 and 1989 c 287 s 1 are each amended to read as follows:

(a) Limit to any otherwise applicable statutory dollar rate limitations, regular property taxes may be levied by or for a taxing district in an amount exceeding the limitations provided for in this chapter if such levy is authorized by a proposition approved by a majority of the voters of the taxing district voting on the proposition at a general election held within the district or at a special election within the taxing district called by the district for the purpose of submitting the proposition to the voters. Any election held pursuant to this section shall be held not more than twelve months prior to the date on which the proposed levy is to be made, except as provided in subsection (3)(b) of this section. The ballot of the proposition shall state the dollar rate proposed and shall clearly state any conditions which are applicable under subsection (3) of this section.

(2) A levy authorized pursuant to this section is made, the dollar amount of such levy shall be used for the purpose of computing the limitations for subsequent levies provided for in this chapter, except as provided in subsections (3) and (4) of this section.

(3) A proposition placed before the voters under this section may:

(a) Limit the period for which the increased levy is to be made;
(b) Authorize annual increases in levies for multiple consecutive years, up to six consecutive years, during which period each year’s authorized maximum levy shall be used as the base upon which an increased levy limit for the succeeding year is computed, but the ballot proposition must state the dollar rate proposed only for the first year of the consecutive years and state the limit factor, or a specified index to be used for determining a limit factor, such as the consumer price index, which need not be the same for all years, by which the regular tax levy for the district may be increased in each of the consecutive years;
(c) Limit the purpose for which the increased levy is to be made, but if the increased purpose includes making redemption payments on bonds, the period for which the increased levies are made shall not exceed nine years;
(d) Set the levy at a rate less than the maximum rate allowed for the district;
(e) Provide that the maximum allowable dollar amount of the final annual levy of the period specified in the measure shall be used to compute the limitations provided for in this chapter on levy increases occurring after the expiration of the period; or
(f) Include any combination of the conditions in this subsection.

(4) Except as otherwise provided in an approved ballot measure under this section, after the expiration of a limited period or the satisfaction of a limited purpose, whichever comes first, subsequent levies shall be computed as if:

(a) The limited proposition under subsection (3) of this section had not been approved; and
(b) The taxing district had made levies at the maximum rates which would otherwise have been allowed under this chapter during the years levies were made under the limited proposition.

Sec. 5. RCW 36.70A.040 and 2000 c 36 s 1 are each amended to read as follows:

(a) Each county that has both a population of fifty thousand or more and, until May 16, 1995, has had its population increase by more than ten percent in the previous ten years or, on or after May 16, 1995, has had its population increase by more than seventeen percent in the previous ten years, and the cities located within such county, and any other county regardless of its population that has had its population increase by more than twenty percent in the previous ten years, and the cities located within such county, shall conform with all of the requirements of this chapter. However, the county legislative authority of such a county with a population of less than fifty thousand population may adopt a resolution removing the county, and the cities located within the county, from the requirements of adopting comprehensive land use plans and development regulations under this chapter if this resolution is adopted and filed with the department by December 31, 1990, for counties initially meeting this set of criteria, or within sixty days of the date the office of financial management certifies that a county meets this set of criteria under subsection (6)(a) of this section. For the purposes of this subsection, a county not currently planning under this chapter is not required to include in its population count those persons confined in a correctional facility within the jurisdiction of the department of corrections that is located in the county.

(b) Once a county meets either of these sets of criteria and the county has not removed itself from the requirement to plan under this section pursuant to subsection (3) of this section, the requirement to conform with all of the requirements of this chapter remains in effect, even if the county no longer meets one of these sets of criteria.

(2) The county legislative authority of any county that does not meet either of the sets of criteria established under subsection (1) of this section may adopt a resolution indicating its intention to have subsection (1) of this section apply to the county. Each city, located in a county that chooses to plan under this subsection, shall conform with all of the requirements of this chapter. Once such a resolution has been adopted, the county and the cities located within the county remain subject to all of the requirements of this chapter unless the county removes itself from the requirement to plan under this section pursuant to subsection (3) of this section.

(3) A county that meets the requirements of this subsection, and a city located within the county, may be relieved from the requirement to plan under this section.

(a) A county may be relieved from the planning requirement of this section only if the county: (i) Has a population of less than ten thousand; (ii) has a privately owned taxable land base of less than twenty percent; and (iii) includes no more than one incorporated city.

(b) To be relieved from the planning requirement of this section, a county shall adopt a resolution that removes the county and the city from the requirement to plan and shall file the resolution with the department. Removal shall be deemed to occur on the date the resolution is filed with the department.

(4) Any county or city that is initially required to conform with all of the requirements of this chapter under subsection (1) of this section and has not removed itself under subsection (3) of this section shall take actions under this chapter as follows: (a) The county legislative authority shall adopt a county-wide planning policy under RCW 36.70A.210; (b) the county and each city located within the
county shall designate critical areas, agricultural lands, forest lands, and mineral resource lands, and adopt development regulations conserving these designated agricultural lands, forest lands, and mineral resource lands and protecting these designated critical areas, under RCW 36.70A.170 and 36.70A.060; (c) the county shall designate and take other actions related to urban growth areas under RCW 36.70A.110; (d) if the county has a population of fifty thousand or more, the county and each city located within the county shall adopt a composite plan under this chapter and development regulations that are consistent with and implement the comprehensive plan on or before July 1, 1994, and if the county has a population of less than fifty thousand, the county and each city located within the county shall adopt a comprehensive plan under this chapter and development regulations that are consistent with and implement the comprehensive plan by January 1, 1995, but if the governor makes written findings that a county with a population of less than fifty thousand or a city located within such a county is not making reasonable progress toward adopting a comprehensive plan and development regulations the governor may reduce this deadline for such actions to be taken by no more than one hundred eighty days. Any county or city subject to this subsection may obtain an additional six months before it is required to have adopted its development regulations by submitting a letter notifying the department of community, trade, and economic development of its need prior to the deadline for adopting both a comprehensive plan and development regulations.

(6) Any county or city that is required to conform with all the requirements of this chapter, as a result of the county legislative authority adopting its resolution of intention under subsection (2) of this section and the county has not removed itself pursuant to subsection (3) of this section, shall take actions under this chapter as follows: (a) The county legislative authority shall adopt a county-wide planning policy under RCW 36.70A.210; (b) the county and each city that is located within the county shall adopt development regulations conserving agricultural lands, forest lands, and mineral resource lands it designated under RCW 36.70A.060 within one year of the date the county legislative authority adopts its resolution of intention; (c) the county shall designate and take other actions related to urban growth areas under RCW 36.70A.110; and (d) the county and each city that is located within the county shall adopt a comprehensive plan and development regulations that are consistent with and implement the comprehensive plan not later than four years from the date the county legislative authority adopts its resolution of intention, but a county or city may obtain an additional six months before it is required to have adopted its development regulations by submitting a letter notifying the department of community, trade, and economic development of its need prior to the deadline for adopting both a comprehensive plan and development regulations.

(7) A copy of each document that is required under this section shall be submitted to the department at the time of its adoption.

Cities and counties planning under this chapter must amend the transportation element of the comprehensive plan to be in compliance with this chapter and chapter 47.80 RCW no later than December 31, 2000.

NEW SECTION. Sec. 6. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect July 1, 2003."

Correct the title, and the same are herewith transmitted.

MOTION

Senator Winsley moved that the Senate concur in the House amendment to Engrossed Substitute Senate Bill No. 5659.

POINT OF ORDER

Senator Benton: "A point of order, Mr. President. I believe that Engrossed Substitute Senate Bill No. 5659 is not properly before the Senate. Engrossed Substitute Senate Bill No. 5659, in order to pass the Senate, I believe requires a two-thirds vote from this body since the bill amends the provisions referenced by Initiative 747, which was approved by the voters on November 6, 2001. Since, I do believe it requires a two-thirds vote, I believe the bill is unconstitutional before this body, because the House of Representatives passed Engrossed Substitute Senate Bill No. 5659 with only fifty-six 'yes' votes--well below the two-thirds constitutional requirement for changing an initiative within the first two years of its passage. Mr. President, I ask that you rule that this bill is improperly before the State Senate."

MOTION

On motion of Senator Sheahan, the Senate deferred further consideration of Engrossed Substitute Senate Bill No. 5659.

MOTION

On motion of Senator Sheahan, Rule 15 was suspended for the day.

EDITOR'S NOTE: Rule 15 states 'The senate shall adjourn not later than 10:00 p.m. each working day. The rule may be suspended by a majority.'
(7) A supplemental rate shall not be charged to pay for the cost of additional benefits granted to members pursuant to chapter 41.45.054 and 2002 c 7 s 1 are each amended to read as follows:

The basic employer and state contribution rates and plan 2 member contribution rates are changed to reflect the 2000 actuarial valuation, incorporating the 1995-2000 actuarial experience study conducted by the office of the state actuary. The results of the (2000) 2001 actuarial valuation for the public employees' retirement system, the teachers' retirement system, and the school employees' retirement system shall be (adjusted to reflect an April 1, 2002, implementation date) restated as a result of the new asset smoothing method adopted in RCW 41.45.055, and suspension of payments on the unfunded liability in the public employees' retirement system and teachers' retirement system, to collect the following contribution rates:

   (a) 0.84 percent for the school employees' retirement system; and
   (b) 0.87 percent for the teachers' retirement system.

(4) Beginning ((April 1, 2002)) July 1, 2003, the following member contribution rates shall be charged:
   (a) (((44%)) 1.18 percent for the public employees' retirement system plan 2; and

(1) Sections 1 through 5 of this act shall expire on the effective date that federal medicaid matching funds are substantially reduced or that a federal sanction is imposed due to the quality maintenance fee under section 2 of this act, as such date is certified by the secretary of social and health services.
(2) The expiration of sections 1 through 5 of this act shall not be construed as affecting any existing right acquired or liability or obligation incurred under those sections or under any rule or order adopted under those sections, nor as affecting any proceeding instituted under those sections.

NEW SECTION. Sec. 7. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 8. (1) Sections 1 through 3 of this act constitute a new chapter in Title 82 RCW.
(2) Sections 4 and 5 of this act are each added to chapter 74.46 RCW.

MOTION

Senator Rossi moved that the Senate refuse to concur in the House amendment to Second Substitute Senate Bill No. 5341 and asks the House to recede therefrom. Debate ensued.

The President Pro Tempore declared the question before the Senate to be the motion by Senator Rossi to not concur in the House amendment to Second Substitute Senate Bill No. 5341. The motion by Senator Rossi carried and the Senate did not concur in the House amendment to Second Substitute Senate Bill No. 5341 and asks the House to recede therefrom.

MOTION

At 9:34 p.m., on motion of Senator Sheahan, the Senate was declared to be at ease.

The Senate was called to order at 10:26 p.m by President Owen.

There being no objection, the Senate resumed consideration of Engrossed Substitute Senate Bill No. 5659, deferred earlier this evening.

RULING BY THE PRESIDENT

President Owen: “In ruling upon the point of order by Senator Benton that the house amendment to Engrossed Substitute Senate Bill No. 5659 is improperly before the body because it amends Initiative 747 without the necessary two-thirds vote of the House, the President finds as follows:

“Initiative 747 changed the amount a taxing district could increase its property taxes from six percent down to one percent without a vote of the people. The amendment does not change any language amended or set forth in the original initiative. Initiative 747 merely changed the rate and allowed taxes to increase above that rate upon a vote of the people.

“A vote of the people is still required to increase taxes above that rate under this amendment. As such, the amendment violates neither the intent nor the spirit of Initiative 747. It is true that the House amendment does make changes to a section referenced within Initiative 747; however, the only change made by the House amendment is to the methodology by which a vote may take place and similarly does not violate the intent of the initiative.

Senator Benton’s point is not well taken, and the President finds that Engrossed Substitute Senate Bill 5659 is properly before the body.”

The President ruled that Engrossed Substitute Senate Bill No. 5659 was properly before the Senate.

MOTION

At 10:28 p.m., Senator Benton moved that the Senate adjourn until 12:30 p.m., Sunday, April 27, 2003. The President declared the question before the Senate to be the motion by Senator Benton to adjourn until 12:30 p.m., Sunday, April 27, 2003. The motion by Senator Benton to adjourn failed.

POINT OF ORDER

Senator Roach: “An inquiry, Mr President. Is Engrossed Substitute Senate Bill No. 5659 improperly before the Senate by violating Article II, Section 19, of the State Constitution? I would add to that Rule 25 of the Permanent Rules of the Senate. The Constitution says that no bill shall embrace more than one subject and that shall be expressed in the title. Rule 25 says that no bill shall embrace more than one subject and that shall be expressed in the title.

“Engrossed Substitute Senate Bill No. 5659 is ‘An Act Relating to Authorizing Additional Funding for Local Governments.’ However, in the body of the bill, it amends the ‘Growth Management Act, RCW 36.70.130.’ Section 3,
Engrossed Substitute Senate Bill No. 5659 allows a county east of the Cascade Crest and north of Interstate 90 that has a population of less than 10,000 and has a taxable land base of fifteen percent or less, the county may adopt a resolution removing the county and the cities located within the county from the requirement to plan under the Growth Management Act. It allows Jefferson and Clallam Counties an additional year to update their comprehensive plans.

“Again, what has this to do with the title of the bill, ‘An Act Relating to Authorizing Additional Funding for Local Governments?’ In addition, the House of Representatives amended the bill by requiring the State Auditor to audit once every five years in a jurisdiction that imposes taxes under the bill. It also requires jurisdictions that impose taxes under the bill to implement a quality management program and to conduct yearly self assessments.

“That would be my inquiry.”

REMARKS BY SENATOR WINSLEY

Senator Winsley: “Thank you, Mr. President. In Reed’s Rules No 112, it says, ‘Time for making these objections--both of these objections to present action must be presented before consideration has been entered upon. After debate has begun or other action has been taken it is too late. Engrossed Substitute Senate Bill No. 5659 passed the Senate; it has passed the House. It seems to me that if you are going to raise these objections, they should have been raised at the time that this bill was before the Senate on final passage.’”

MOTION

On motion of Senator Sheahan, further consideration of Engrossed Substitute Senate Bill No. 5659 was deferred.

MOTION

On motion of Senator Sheahan, the Senate returned to the fourth order of business.

There being no objection, the Senate resumed consideration of Engrossed Substitute Senate Bill No. 5659, deferred April 26, 2003.
RULING BY THE PRESIDENT

President Owen: “In ruling upon the point of order by Senator Roach that the House amendment to Engrossed Substitute Senate Bill No. 5659 is improperly before the body because it violates Constitutional and Senate rule provisions limiting a bill to a single subject, the President finds as follows:

“Both the Washington State Constitution and Senate Rule 25 mandate that ‘no bill shall embrace more than one subject and that shall be expressed in the title.’ The President has consistently ruled that issues relating to the legality of particular measures are better left to the courts, and that rulings will therefore address only parliamentary, not legal, inquiries. It is the duty of the President, however, to give full force and effect to the parliamentary rules and practices of this body.

“It is instructive to keep in mind that the purpose of parliamentary procedure is to provide clear processes that ensure the rights of all members are observed and the will of the body, as expressed through a majority of its members, may be done. Reed’s Rule 49, under the duties of members, makes clear that members have both duties and responsibilities to the body.

“The object and purpose of an assembly is to enable members to act together as a body, and each member ought to so conduct him- or her-self as to facilitate the result, or at least so as not to hinder it. Part of this conduct includes timely raising of parliamentary issues before the body has taken action upon a question. Reed’s Rule 112 provides in part, ‘Objections to present action must be presented before consideration has been entered upon. After debate has begun or other action has been taken it is too late.’

“The purpose of this rule is clear. There must be some point at which the body may be assured that questions upon which it has expressed its will, most commonly by a vote of its majority, are properly concluded and may not be revisited time and time again. Any other result would allow for any member to hold the body hostage by raising procedural questions which should have been earlier debated and decided. As the rules make clear, a member has a duty to raise such issues as soon as possible or the right to object is deemed waived. The President reserves, for future consideration, the issue of timeliness with respect to other parliamentary inquiries.

“Applying this rationale to the matters before us, the amendments to the bill which added modifications to the Growth Management Act may or may not violate the ‘single subject’ rule, but the time for raising such an objection was prior to the passage of that amendment in the Senate. Once the measure left this body with that language, that objection was waived along with the final passage.

“With respect to the performance audit language added by the House, however, the first opportunity which any member of this body had to raise a ‘single subject’ objection was when the measure came back for concurrence or dispute. In this case, Senator Roach’s point is timely, and the President finds that performance audits of cities and counties constitute an entirely new policy which is well outside of the original title, which relates to local funding. This language is not limited to the tax increase, but would appear to apply to all aspects of the city or county government, and this is clearly another subject from local funding. For this reason, the House amendment includes a second subject in violation of Rule 25, and Senator Roach’s point is well taken. The House amendment is out of order.”

The President ruled that the House amendment to Engrossed Substitute Senate Bill No. 5659 to be out of order.

**PRIOR ADJUDICATIONS**

NOTE: References in the grid to days or weeks mean periods of confinement.

1. The vertical axis of the grid is the current offense category. The current offense category is determined by the offense of adjudication.
2. The horizontal axis of the grid is the number of prior adjudications included in the juvenile's criminal history. Each prior felony adjudication shall count as one point. Each prior violation, misdemeanor, and gross misdemeanor adjudication shall count as 1/4 point. Fractional points shall be rounded down.
3. The standard range disposition for each offense is determined by the intersection of the column defined by the prior adjudications and the row defined by the current offense category.
4. RCW 13.40.180 applies if the offender is being sentenced for more than one offense.
5. A current offense that is a violation is equivalent to an offense category of E. However, a disposition for a violation shall not include confinement.

**OPTION B: SUSPENDED DISPOSITION ALTERNATIVE**

1. If the offender is subject to a standard range disposition involving confinement by the department, the court may impose the standard range and suspend the disposition on condition that the offender comply with one or more local sanctions and any educational or treatment requirement. 2. If the offender fails to comply with the suspended disposition, the court may impose sanctions pursuant to RCW 13.40.200 or may revoke the suspended disposition and order the disposition's execution.
3. An offender is ineligible for the suspended disposition option under this section if the offender is:
   a. Adjudicated of an A+ offense;
   b. Fourteen years of age or older and is adjudicated of one or more of the following offenses:
      i. A class A offense, or an attempt, conspiracy, or solicitation to commit a class A offense;

If the offender violates any condition of the disposition or the court finds that the respondent is failing to make satisfactory progress in treatment, the court may revoke the suspension and order execution of the disposition or the court may impose a penalty of up to thirty days’ confinement for violating conditions of the disposition. The court may order either execution of the disposition and up to thirty days’ confinement for the violation of the conditions of the disposition. The court shall give credit for any confinement time previously served if that confinement was for the offense for which the suspension is being revoked.

For purposes of this section, “victim” means any person who has sustained emotional, psychological, physical, or financial injury to person or property as a direct result of the crime charged. “Victim” may also include a known parent or guardian of a victim who is a minor, unless the parent or guardian is the perpetrator of the offense.

A disposition entered under this subsection (3) is not appealable under RCW 13.40.230.

(4) If the juvenile offender is subject to a standard range disposition of local sanctions or 15 to 36 weeks of confinement and has not committed an A- or B+ offense, the court may impose the disposition alternative under RCW 13.40.165.

(5) If a juvenile is subject to a commitment of 15 to 65 weeks of confinement, the court may impose the disposition alternative under section 4 of this act.

(6) When the offender is subject to a standard range commitment of 15 to 36 weeks and is ineligible for a suspended disposition alternative, a manifest injustice disposition below the standard range, special offender disposition alternative, chemical dependency disposition alternative or mental health disposition alternative, the court in a county with a pilot program under section 5 of this act may impose the disposition alternative under section 5 of this act.

(7) RCW 13.40.193 shall govern the disposition of any juvenile adjudicated of possessing a firearm in violation of RCW 9.41.040(1)(b)(iii) or any crime in which a special finding is entered that the juvenile was armed with a firearm.

(8) Whenever a juvenile offender is entitled to credit for time spent in detention prior to a dispositional order, the dispositional order shall specifically state the number of days of credit for time served.

(9) Except as provided under subsection (3) (4), (5), or (6) of this section, or option B of RCW 13.40.0357, or RCW 13.40.127, the court shall not suspend or defer the imposition or the execution of the disposition.

(10) In no case shall the term of confinement imposed by the court at disposition exceed that to which an adult could be subjected for the same offense.

NEW SECTION. Sec. 4. A new section is added to chapter 13.40 RCW to read as follows:

(1) When an offender is subject to a standard range commitment of 15 to 65 weeks, the court may:

(a) Impose the standard range; or

(b) Suspend the standard range disposition on condition that the offender complies with the terms of this mental health disposition alternative.

(2) The court may impose this disposition alternative when the court finds the following:

(a) The offender has a current diagnosis, consistent with the American psychiatry association diagnostic and statistical manual of mental disorders of axis I psychiatric disorder, excluding youth that are diagnosed as solely having a conduct disorder, oppositional defiant disorder, substance abuse disorder, paraphilia, or pedophilia;

(b) An appropriate treatment option is available in the local community;

(c) The plan for the offender identifies and addresses requirements for successful participation and completion of the treatment intervention program including: Incentives and graduated sanctions designed specifically for amenable youth, including the use of detention, detoxification, and in-patient or outpatient substance abuse treatment and psychiatric hospitalization, and structured community support consisting of mental health providers, probation, educational and vocational advocates, child welfare services, and family and community support. For any mental health treatment ordered for an offender under this section, the treatment option selected shall be chosen from among programs which have been successful in addressing mental health needs of juveniles and successful in mental health treatment of juveniles and identified as research-based best practice programs. A list of programs which meet these criteria shall be agreed upon by: The Washington association of juvenile court administrators, the juvenile rehabilitation administration of the department of social and health services, a representative of the division of public behavioral health and justice policy at the University of Washington, and the Washington institute for public policy.

(d) The offender, offender’s family, and community will benefit from use of the mental health disposition alternative.

(3) The court on its own motion may order, or on motion by either party, shall order a comprehensive mental health evaluation to determine if the offender has a designated mental disorder. The court may also order a chemical dependency evaluation to determine if the offender also has a co-occurring chemical dependency disorder. The evaluation shall include at a minimum the following: The offender’s version of the facts and the official version of the facts, the offender’s offense, an assessment of the offender’s mental health and drug-alcohol problems and previous treatment attempts, and the offender’s social, criminal, educational, and employment history and living situation.

(4) The evaluator shall determine if the offender is amenable to research-based treatment. A proposed case management and treatment plan shall include at a minimum:

(a) The availability of treatment;

(b) Anticipated length of treatment;

(c) Whether one or more treatment interventions are proposed and the anticipated sequence of those treatment interventions;

(d) The education plan;
(e) The residential plan; and
(f) The monitoring plan.

(5) The court on its own motion may order, or on motion by either party, shall order a second mental health or chemical dependency evaluation. The party making the motion shall select the evaluator. The requesting party shall pay the cost of any examination ordered under this subsection and subsection (3) of this section unless the court finds the offender is indigent and no third party insurance coverage is available, in which case the state shall pay the cost.

(6) Upon receipt of the assessments, evaluations, and reports the court shall consider whether the offender and the community will benefit from use of the mental health disposition alternative. The court shall consider the victim’s opinion whether the offender should receive the option.

(7) If the court determines that the mental health disposition alternative is appropriate, the court shall impose a standard range disposition of not more than 65 weeks, suspend execution of the disposition, and place the offender on community supervision up to one year and impose one or more other local sanctions. Confinement in a secure county detention facility, other than county group homes, inpatient psychiatric treatment facilities, and substance abuse programs, shall be limited to thirty days. As a condition of a suspended disposition, the court shall require the offender to participate in the substance abuse treatment program.

(8) The treatment providers shall submit monthly reports to the court and parties on the offender’s progress in treatment. The report shall refer to the treatment plan and include at a minimum the following: dates of attendance, offender’s compliance with requirements, treatment activities, medication management, the offender’s relative progress in treatment, and any other material specified by the court at the time of the disposition.

(9) If the offender fails to comply with the suspended disposition, the court may impose sanctions pursuant to RCW 13.40.200 or may revoke the suspended disposition and order the disposition’s execution.

(10) An offender is ineligible for the mental health disposition option under this section if the offender is adjudicated of a sex or violent offense as defined in RCW 9.94A.030.

NEW SECTION. Sec. 5. A new section is added to chapter 13.40 RCW to read as follows:

Any charter county with a population of not more than seventy thousand shall establish a pilot program to implement the community commitment disposition alternative contained in this section. The pilot project shall be limited to five beds.

(1) When the offender is subject to a standard range commitment of 15 to 36 weeks and is ineligible for a suspended disposition alternative, or the Court finds that the offender is constrained by the standards range, special sex offender disposition alternative, chemical dependency disposition alternative, or mental health disposition alternative, the court in a county with a pilot program under this section may impose a community commitment disposition alternative and:

(a) Retain juvenile court jurisdiction over the youth;
(b) Confine the youth in a county detention facility for a period of time not to exceed thirty days; and
(c) Impose a term of postrelease community supervision for up to one year.

(2) If the youth receives a standard range disposition, the court shall set the release date within the standard range. The court shall determine the release date prior to expiration of sixty percent of the juvenile’s minimum term of confinement.

(3) The court may impose this community commitment disposition alternative if the court finds the following:

(a) Placement in a local detention facility in close proximity to the youth’s family or local support systems will facilitate a smoother reintegration to the youth’s family and community;
(b) Placement in the local detention facility will allow the youth to benefit from locally provided family intervention programs and other youth-based treatment programs, school, employment, and drug and alcohol treatment; and
(c) Confinement in a facility operated by the department would result in a negative disruption to local services, school, or employment or impede or delay developing those services and support systems in the community.

(4) The court shall consider the youth’s offense, prior criminal history, security classification, risk level, and treatment needs and history when determining whether the youth is appropriate for the community commitment disposition alternative.

(5) If the court finds that a community commitment disposition alternative is appropriate, the court shall order the youth into secure detention while the details of the reintegration program are developed.

(6) Upon approval of the treatment and community reintegration plan, the court may order the youth to serve the term of confinement in one or more of the following placements or combination of placements: secure detention, an alternative to secure detention such as electronic monitoring, home monitoring, county group care, day or evening reporting, or home detention. The court may order the youth to serve time in detention on weekends or intermittently. The court shall set periodic reviews to review the youth’s progress in the program. At least fifty percent of the term of confinement shall be served in secure detention.

(7) If the youth violates the conditions of the community commitment program, the court may impose sanctions under RCW 13.40.200 or modify the terms of the reintegration plan or order the youth to serve all or a portion of the remaining confinement term in secure detention.

(8) A county may enter into interlocal agreements with other counties to develop joint community commitment programs or to allow one county to send a youth appropriate for this alternative to another county that has a community commitment program.

(9) Implementation of this alternative is subject to available state funding for the costs of the community commitment program, including costs of detention and community supervision.

Sec. 6. RCW 13.40.165 and 2002 c 175 s 23 and 2002 c 42 s 1 are each reenacted and amended to read as follows:

The purpose of this disposition alternative is to ensure that successful treatment options to reduce recidivism are available to eligible youth, pursuant to RCW 70.96A.520. The court must consider eligibility for the chemical dependency disposition alternative when a juvenile offender is subject to a standard range disposition of local sanctions or 15 to 36 weeks of confinement and has not committed an A- or B+ offense, other than a first time B+ offense under chapter 69.50 RCW. The court, on its own motion or the motion of the state or the respondent if the evidence shows that the offender may be chemically dependent or substance abusers, may order an examination by a chemical dependency counselor from a chemical dependency treatment facility approved under chapter 70.96A RCW to determine if the youth is chemically dependent or substance abusing. The offender shall pay the cost of any examination ordered under this subsection unless the court finds that the offender is indigent and no third party insurance coverage is available, in which case the state shall pay the cost.

(2) The report of the examination shall include at a minimum the following: The respondent’s version of the facts and the official version of the facts, the respondent’s offense history, an assessment of drug-alcohol problems and previous treatment attempts, the respondent’s social, educational, and employment situation, and other evaluation measures used. The report shall set forth the sources of the examiner’s information.

(3) The examiner shall assess and report regarding the respondent’s relative risk to the community. A proposed treatment plan shall be provided and shall include, at a minimum:

(a) Whether inpatient and/or outpatient treatment is recommended;
(b) Availability of appropriate treatment;
After receipt of reports of the examination, the court shall consider whether the offender and the community will benefit from the use of this chemical dependency disposition alternative and consider the victim's opinion whether the offender should receive a treatment disposition under this section.

(a) If the court determines that this chemical dependency disposition alternative is appropriate, then the court shall impose the standard range for the offense, or if the court concludes, and enters reasons for its conclusion, that such disposition would effectuate a manifest injustice, the court shall impose a disposition above the standard range as indicated in option (4d) to the extent allowed by RCW 13.40.0357 if the disposition is an increase from the standard range and the confinement of the offender does not exceed a maximum of fifty-two weeks, suspend execution of the disposition, and place the offender on community supervision for up to one year. As a condition of the suspended disposition, the court shall require the offender to undergo available outpatient drug/alcohol treatment and/or inpatient drug/alcohol treatment. For purposes of this subsection, outpatient treatment may not exceed ninety days. As a condition of the suspended disposition, the court may impose conditions of community supervision and other sanctions, including up to thirty days of confinement, one hundred fifty hours of community restitution, and payment of legal financial obligations and restitution.

(b) If the court determines that this chemical dependency disposition alternative is appropriate, then the court shall impose the standard range for the offense, or if the court concludes, and enters reasons for its conclusion, that such disposition would effectuate a manifest injustice, the court shall impose a disposition above the standard range as indicated in option (4d) to the extent allowed by RCW 13.40.0357 if the disposition is an increase from the standard range and the confinement of the offender does not exceed a maximum of fifty-two weeks, suspend execution of the disposition, and place the offender on community supervision for up to one year. As a condition of the suspended disposition, the court shall require the offender to undergo available outpatient drug/alcohol treatment and/or inpatient drug/alcohol treatment. For purposes of this subsection, outpatient treatment may not exceed ninety days. As a condition of the suspended disposition, the court may impose conditions of community supervision and other sanctions, including up to thirty days of confinement, one hundred fifty hours of community restitution, and payment of legal financial obligations and restitution.

The drug/alcohol treatment provider shall submit monthly reports on the respondent's progress in treatment to the court and the parties. The reports shall reference the treatment plan and include at a minimum the following: Dates of attendance, respondent's compliance with requirements, treatment activities, the respondent's relative progress in treatment, and any other material specified by the court at the time of the disposition.

At the time of the disposition, the court may set treatment review hearings as the court considers appropriate.

If the offender violates any condition of the disposition or the court finds that the respondent is failing to make satisfactory progress in treatment, the court may impose sanctions pursuant to RCW 13.40.200 or revoke the suspension and order execution of the disposition. The court shall give credit for any confinement time previously served if that confinement was for the offense for which the suspension is being revoked.

For purposes of this section, "victim" means any person who has sustained emotional, psychological, physical, or financial injury to person or property as a direct result of the offense charged.

Whenever a juvenile offender is entitled to credit for time spent in detention prior to a dispositional order, the dispositional order shall specifically state the number of days of credit for time served.

In no case shall the term of confinement imposed by the court at disposition exceed that to which an adult could be subjected for the same offense.

A disposition under this section is not appealable under RCW 13.40.230.

NEW SECTION. Sec. 7. Because model adherence and competent delivery of research-based intervention programs is critical for reducing recidivism, the Washington state institute for public policy shall develop adherence and outcome standards for measuring effective intervention programs. The court shall be required to in this act. Standards shall be developed and promulgated by the state institute for public policy and the director of the department of social and health services, the state board of education, associations which represent school teachers, administrators, and school boards, superior court judges, the Washington association of juvenile court administrators, prosecuting attorneys, the governor, attorneys whose practice includes criminal defense work for juvenile defendants, three groups whose primary purpose is the delivery of services to families and children, and law enforcement. The three groups who deliver services shall be selected by the superintendent of public instruction.

The task force shall identify specific policies and statutory, administrative, and practice processes and barriers that may operate to impede: (a) The identification and delivery of appropriate and coordinated services to juvenile offenders who are placed in, or returned to public schools following conviction of an offense; and (b) transmittal of information regarding juvenile offenders who are returned to, or placed in, public schools following conviction of an offense. The task force shall recommend specific statutory and administrative changes as it finds appropriate to eliminate or reduce the barriers identified as a result of this subsection (3).

The task force shall report its findings and recommendations to the governor, the legislature, and the agencies represented on the task force not later than December 1, 2003.

NEW SECTION. Sec. 10. If specific funding for the purposes of this act, referencing this act by bill or chapter number, is not provided by June 30, 2003, in the omnibus appropriations act, this act is null and void."

Correct the title, and the same are herewith transmitted.

Can you tell me why or is that fair to ask?”

Senator Hargrove: “Yes, I believe it is the Option B provisions—that was part of the juvenile justice ‘quote’ deal in 1997. We passed it out of here with that in it. The House totally agreed with that provision of it. It is still in it; there were no changes to those sections of the bill in the last amendment.”

MESSAGE FROM THE HOUSE

April 27, 2003

MR. PRESIDENT:

The House has passed SENATE BILL NO. 5725 with the following amendment(s)

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. The legislature finds that the welfare of the people of the state of Washington is positively impacted through the encouragement and expansion of family wage employment in the state’s manufacturing industries. The legislature further finds that targeting tax incentives to focus on key industry clusters is an important business climate strategy. The Washington competitiveness council has recognized the semiconductor industry, which includes the design and manufacture of semiconductor materials, as one of the state's existing key industry clusters. Businesses in this cluster in the state of Washington are facing increasing pressure to expand elsewhere. The sales and use tax exemptions for manufacturing machinery and equipment enacted by the 1995 legislature improved Washington’s ability to compete with other states for manufacturing investment. However, additional incentives for the semiconductor cluster need to be put in place in recognition of the unique forces and global issues involved in business decisions that key businesses in this cluster face.

Therefore, the legislature intends to enact comprehensive tax incentives for the semiconductor cluster that address activities of the lead product industry and its suppliers and customers. Tax incentives for the semiconductor cluster are important in both retention and expansion of existing business and attraction of new businesses, all of which will strengthen this cluster. The legislature also recognizes that the semiconductor industry involves major investment that results in significant construction projects, which will create jobs and bring many indirect benefits to the state during the construction phase.

NEW SECTION. Sec. 2. A new section is added to chapter 82.04 RCW to read as follows:

(1) The tax imposed by RCW 82.04.240(2) does not apply to any person in respect to the manufacturing of semiconductor microchips.

(2) For the purposes of this section:

(a) "Manufacturing semiconductor microchips" means taking raw polished semiconductor wafers and embedding integrated circuits on the wafers using processes such as masking, etching, and diffusion; and

(b) "Integrated circuit" means a set of microminiaturized, electronic circuits.

(3) This section expires nine years after the effective date of this act.

Sec. 3. RCW 82.04.240 and 1998 c 312 s 3 are each amended to read as follows:

(1) Upon every person (except persons taxable under RCW 82.04.260 (1), (2), (4), (5), or (6)) engaging within this state in business as a manufacturer, except persons taxable as manufacturers under other provisions of this chapter; as to such persons the amount of tax with respect to such business shall be equal to the value of the products, including byproducts, manufactured, multiplied by the rate of 0.484 percent.

(2) Upon every person engaging within this state in the business of manufacturing semiconductor materials, as to such persons the amount of tax with respect to such business shall be equal to the value of the product manufactured, or, in the case of processors for hire, equal to the gross income of the business, multiplied by the rate of 0.275 percent. For the purposes of this subsection "semiconductor materials" means silicon crystals, silicon ingots, raw polished semiconductor wafers, compound semiconductor materials, integrated circuits, and microchips. This subsection (2) expires twelve years after the effective date of this act.

(3) The measure of the tax is the value of the products, including byproducts, so manufactured regardless of the place of sale or the fact that deliveries may be made to points outside the state.

Sec. 4. RCW 82.04.280 and 1998 c 343 s 3 are each amended to read as follows:

and delivery by wire, if any; (7) engaging in activities which bring a person within the definition of consumer contained in RCW 82.04.190(6); to such persons, the amount of tax on such business shall be equal to the gross income of the business multiplied by the rate of 0.484 percent.

As used in this section, "cold storage warehouse" means a storage warehouse used to store fresh and/or frozen perishable fruits or vegetables, meat, seafood, dairy products, or fowl, or any combination thereof, at a desired temperature to maintain the quality of the product for orderly marketing.

The board shall request verification from the participating agencies of the permit applications certified in the project applicant’s affidavit and of the expected date for final decision on the permit applications. Filing of the affidavit shall toll the schedule for hearing by the board until twenty-one days after issuance of the final permit decision on the last permit required for the qualifying project that has been certified in the project applicant’s affidavit and verified by a participating agency as applied for, unless the petition filed and served by the petitioner relates to the final permit decision.

(2) Within seven days after the expiration of the appeal period for the final permit decision on the last permit required for the qualifying project, the petitioner shall note an initial hearing on jurisdictional and other preliminary matters, and, if applicable, on other pretrial matters. This initial hearing shall be set no sooner than thirty-five days and not later than fifty days after the expiration of the appeal period for the final permit decision on the last permit required for the qualifying project.

(3) If petitions for review of more than one permit issued by participating permit agencies for a qualifying project are filed with the board, the board shall contemporaneously process all such petitions in accordance with the case schedule requirements set forth in this act.

(4) The parties shall note all motions on jurisdictional and procedural issues for resolution at the initial hearing, except that a motion to allow discovery may be brought sooner.

(6) The petitioner shall move the board for an order at the initial hearing that sets the date on which the permit decision record or records of the applicable permit agency or agencies, if any, must be submitted, sets a briefing schedule, sets a discovery schedule if discovery is to be allowed, and schedules a hearing or hearings on the merits.

(7) The parties may waive the initial hearing by scheduling with the board a date for the hearing or hearings on the merits and filing a stipulated order that resolves the jurisdictional and procedural issues raised by the petition, including the issues identified in subsections (5) and (6) of this section.

(8) A party need not file an answer to a petition for review filed pursuant to section 6 of this act.

NEW SECTION. Sec. 10. The board shall provide expedited review of petitions filed under this chapter. Any matter reviewed on the decision record as provided in subsection (1) of this act must be set for hearing within sixty days of the date set for submitting the decision record of all permit agencies, absent a showing of good cause for a different date or a stipulation of the parties. Any matter reviewed de novo as provided in subsection (3) of this act must be set for hearing or trial no later than one hundred twenty days after the initial hearing date. The board shall issue a final decision and order within thirty days after the final hearing required in this section.

NEW SECTION. Sec. 11. (1) A petitioner or other party may request the board to stay or suspend an action by a participating permit agency or another party to implement the decision under review. The request must set forth a statement of grounds for the stay and the factual basis for the request.

(2) The board may grant a stay only if the board finds that: (a) The party requesting the stay is likely to prevail on the merits, (b) without the stay the party requesting it will suffer irreparable harm, (c) the grant of a stay will not substantially harm other parties to the proceedings, and (d) the request for the stay is timely in light of the circumstances of the case.

(3) The board may grant the request for a stay upon such terms and conditions, including the filing of security, as are necessary to prevent harm to other parties by the stay.

NEW SECTION. Sec. 12. (1) Within forty-five days after entry of an order to submit the decision record, where applicable, or within such a further time as the board allows or as the parties agree, each participating agency shall submit to the board a certified copy of the decision record for board review of the permit decision, except that the petitioner shall prepare at the petitioner's expense and submit a verbatim transcript of any hearings held on the matter.

(2) If the parties agree, or upon order of the board, the record shall be shortened or summarized to avoid reproduction and transcription of portions of the record that are duplicative or not relevant to the issues to be reviewed by the board.

(3) The petitioner shall pay the participating agency the cost of preparing the record before the participating agency submits the decision record to the board. Failure by the petitioner to timely pay the participating agency relieves the participating agency of responsibility to submit the record and is grounds for dismissal of the petition.

(4) If the relief sought by the petitioner is granted in whole or in part the board shall equitably assess the cost of preparing the record among the parties. In assessing costs the board shall take into account the extent to which each party prevailed and the reasonableness of the parties' conduct in agreeing or not agreeing to shorten or summarize the record under subsection (2) of this section.

NEW SECTION. Sec. 13. (1) For all permit decisions being reviewed that were made by quasi-judicial bodies or permit agency officers who made factual determinations in support of the decision, after the conduct of proceedings in which the parties had an opportunity to due process to make records on the factual issues, board review of factual issues and the conclusions drawn from them shall be confined to the records created by the quasi-judicial bodies or permit agency officers, except as provided in subsections (2) through (4) of this section.

(2) For decisions described in subsection (1) of this section, the records may be supplemented by additional evidence only if the additional evidence relates to:

(a) Grounds for disqualification of a member of the board or of the officer that made the permit decision, when such grounds were unknown by the petitioner at the time the record was created;
(b) Matters that were improperly excluded from the record after being offered by a party to a permit decision proceeding; or
(c) Matters that were outside the jurisdiction of the body or officer that made the permit decision.

(3) For permit decisions other than those described in subsection (1) of this section, the board review of the permit decision shall be de novo on issues presented as error in the petition.

(4) The board may require or permit corrections of ministerial errors or inadvertent omissions in the preparation of the record. The board may not permit the record to be supplemented with additional evidence or information not in the record unless the record is defective and the parties consent to the record being supplemented.

(5) The defensibility of the parties' conduct in agreeing or not agreeing to shorten or summarize the record under subsection (2) of this section.

(6) The petitioner shall move the board for an order at the initial hearing that sets the date on which the permit decision record is to be submitted, sets a briefing schedule, sets a discovery schedule if discovery is to be allowed, and schedules a hearing or hearings on the merits.

(7) The parties may waive the initial hearing by scheduling with the board a date for the hearing or hearings on the merits and filing a stipulated order that resolves the jurisdictional and procedural issues raised by the petition, including the issues identified in subsections (5) and (6) of this section.

NEW SECTION. Sec. 14. (1) The board shall review the decision record and all such evidence as is permitted to supplement the record for review restricted to the decision record or is required for de novo review under section 13 of this act. The board may grant relief only if the party seeking relief has been granted a hearing or trial by the board or has been given the opportunity to present evidence to the board. The standards are:

(a) The party seeking to prevent harm to other parties by the stay.
(b) The permit decision is an erroneous interpretation of the law, after allowing for such deference as is due the construction of a statute.
(c) The permit decision is outside the authority or jurisdiction of the body or officer making the decision; or
(d) The permit decision violates the constitutional rights of the party seeking relief.

(2) The board may affirm or reverse each and every permit decision under review or remand the decision for modification or further proceedings involving the permit agencies.

NEW SECTION. Sec. 15. (1) In order to obtain judicial review of a final decision of the environmental and land use hearing board, a party to the board case as consolidated shall timely file a petition for judicial review in the superior court for Thurston county and timely serve the board and all parties to the proceedings before the board by personal service or by mail. Such petition is timely filed and served only if it is filed and served on all parties within thirty days after the filing of the final decision and order of the board. Service by mail shall be deemed effective on the date of deposit with the United States postal service. Any party may apply for direct review by the superior court.
court of appeals. An application for direct review must be filed with the superior court within ten days after the filing of the petition for judicial review. In considering a request for direct review under this chapter, it shall be presumed that: (a) The qualifying project presents fundamental and urgent issues affecting the public interest which require a prompt determination, and (b) delay in obtaining a final and prompt determination of such issues would be detrimental to a party and the public interest.

(2) The presumption set forth in subsection (1) of this section shall require that the superior court certify the direct review not less than ten days, and not more than fifteen days, after the filing of the application therefore, unless, upon motion of a party with supporting excerpts from the record within ten days after the filing of such application, the superior court finds that: (a) The project is not a qualifying project, or (b) the project will not in fact provide new employment within the county in which the project is located. The court may make such findings upon a showing that said record contains clear, cogent, and convincing evidence to support such findings, which evidence has been tested to by at least one witness competent to testify on employment matters.

(3) A motion as set forth in subsection (2) of this section shall be heard within fourteen days after the filing of the motion and shall be confined to certified excerpts from the record, which any party may produce. It shall not be necessary to certify the entire record to the court for the purpose of hearing such motion.

(4) The court of appeals shall accept direct review of a case unless it finds that the superior court’s certification under the standards contained in this section was clearly erroneous. Review by the court of appeals shall be restricted to the decision record of the permit agency and the board proceedings. All certified appeals shall be provided priority processing by the court of appeals.

Sec. 16. RCW 34.05.518 and 1995 c 382 § 5 are each amended to read as follows:

(1) The final decision of an administrative agency in an adjudicative proceeding under this chapter may, except as otherwise provided in chapter 43. -- RCW (sections 1 through 15 of this act), be directly reviewed by the court of appeals either (a) upon certification by the superior court pursuant to this section or (b) if the final decision is from an environmental board as defined in subsection (3) of this section, upon acceptance by the court of appeals after a certificate of appealability has been filed by the environmental board that rendered the final decision.

(2) For direct review upon certification by the superior court, an application for direct review must be filed with the superior court within thirty days of the filing of the petition for review in superior court. The superior court may certify a case for direct review only if the judicial review is limited to the record of the agency proceeding and the court finds that:

(a) Fundamental and urgent issues affecting the future administrative process or the public interest are involved which require a prompt determination;
(b) Delay in obtaining a final and prompt determination of such issues would be detrimental to any party or the public interest;
(c) An appeal to the court of appeals would be likely regardless of the determination in superior court; and
(d) The appellate court’s determination in the proceeding would have significant precedential value.

(3) (a) For the purposes of direct review of final decisions of environmental boards, environmental boards include those boards identified in RCW 43.21B.005 and growth management hearings boards as identified in RCW 36.70A.250.
(b) An environmental board may issue a certificate of appealability if it finds that delay in obtaining a final and prompt determination of the issues would be detrimental to any party or the public interest and either:
(I) Fundamental and urgent statewide or regional issues are raised; or
(ii) The proceeding is likely to have significant precedential value.

(4) The environmental board shall state in the certificate of appealability which criteria it applied, explain how that criteria was met, and file the certificate of appealability within ten days of the final decision.

(5) For an appellate court to accept direct review of a final decision of an environmental board, it shall consider the same criteria outlined in subsection (3) of this section, except as otherwise provided in chapter 43. -- RCW (sections 1 through 15 of this act).

(6) The procedures for direct review of final decisions of environmental boards include:
(a) Within thirty days of filing the petition for review with the superior court, a party may file an application for direct review with the superior court and serve the appropriate environmental board and all parties of record. The application shall request the environmental board to file a certificate of appealability.
(b) If an issue on review is the jurisdiction of the environmental board, the board may file an application for direct review on that issue.
(c) The environmental board shall have thirty days to grant or deny the request for a certificate of appealability and its decision shall be filed with the superior court and served on all parties of record.
(d) If a certificate of appealability is issued, the parties shall have fifteen days from the date of service to file a notice of discretionary review in the superior court, and the notice shall include a copy of the certificate of appealability and a copy of the final decision.
(e) If the appellate court accepts review, the certificate of appealability shall be transmitted to the court of appeals as part of the certified record.
(f) If a certificate of appealability is denied, review shall be by the superior court. The superior court’s decision may be appealed to the court of appeals.

Sec. 17. RCW 36.70C.030 and 1995 c 347 § 704 are each amended to read as follows:

(1) This chapter replaces the writ of certiorari for appeal of land use decisions and shall be the exclusive means of judicial review of land use decisions, except that this chapter does not apply to:
(a) Judicial review of:
(I) Land use decisions made by bodies that are not part of a local jurisdiction;
(ii) Land use decisions of a local jurisdiction that are subject to review by a quasi-judicial body created by state law, such as the shorelines hearings board, the environmental and land use hearings board, or the growth management hearings board;
(b) Judicial review of applications for a writ of mandamus or prohibition; or
(c) Claims provided by any law for monetary damages or compensation. If one or more claims for damages or compensation are set forth in the same complaint with a land use petition brought under this chapter, the claims are not subject to the procedures and standards, including deadlines, provided in this chapter for review of the petition. The judge who hears the land use petition may, if appropriate, preside at a trial for damages or compensation.
(2) The superior court civil rules govern procedural matters under this chapter to the extent that the rules are consistent with this chapter.

Sec. 18. RCW 43.21B.005 and 1999 c 125 § 1 are each amended to read as follows:

Upon written request by the person so disciplined or terminated, the chief executive officer shall state the reasons for such action in writing. The person affected has a right of review by the superior court of Thurston county on petition for reinstatement or other remedy filed within thirty days of receipt of such written reasons.

Dear President Owen:

SENATE BILL NO. 5959

IN TESTIMONY WHEREOF, I have hereunto set my hand and affixed the seal of the state of Washington this 13th day of May, 2003.

Seal  SAM REED  Secretary of State

MESSAGE FROM THE GOVERNOR

May 9, 2003

To the Honorable President and Members,
The Senate of the State of Washington
Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 1, Senate Bill No. 5959, entitled:

“AN ACT Relating to allowing approaches to partially controlled limited access highways for the deployment of personal wireless facilities”

This bill establishes procedures for the Department of Transportation to permit wireless telecommunications facilities to be located along partially controlled limited access highways. This is important legislation that will help expand telecommunications services to underserved areas in our state and promote economic development.

However, section 1 of this bill would have amended RCW 47.52.001, which is a declaration of state policy to limit access to the highway facilities of the state in the interest of highway safety and for the preservation of the investment of the public in such facilities. The amendment would have created an inflexible exception to this longstanding policy by stating that personal wireless facilities “shall be permitted” along partially controlled limited access highways, apparently without qualification. Insofar as this section can be read to suggest that deployment of personal wireless facilities is inconsistent with the state’s interest in highway safety, and that telecommunications deployment should take precedence over it, I am compelled to veto it.

I agree with the Legislature that personal wireless service is a critical part of the state’s infrastructure, and I believe that Department of Transportation policy should acknowledge this. However, state policy should also ensure that telecommunications deployment be achieved along state highways without adversely affecting highway safety. For this reason, I believe the current language in RCW 47.52.001, which “limits” but by no means prohibits access to public highways, is the better statement of policy than that contained in section 1.

For these reasons, I have vetoed sections Section 1 of Senate Bill No. 5959.

With the exception of section 1, Senate Bill No. 5959 is approved.

Respectfully submitted,
GARY LOCKE, Governor

IN TESTIMONY WHEREOF, I have hereunto set my hand and affixed the seal of the state of Washington this 13th day of May, 2003.

Seal SAM REED Secretary of State

MESSAGE FROM THE GOVERNOR

May 12, 2003

To the Honorable President and Members,
The Senate of the State of Washington
Ladies and Gentlemen:

I am returning herewith, without my approval as to sections 1 and 4, Engrossed Substitute Senate Bill No. 5977 entitled:

"AN ACT Relating to the use of state highway rights of way for the deployment of personal wireless service facilities"

This bill establishes procedures for the Department of Transportation to permit siting of wireless telecommunications facilities within state highway rights of way. This is important legislation that will help expand telecommunications services in our state and promote economic development.

Section 4 of this bill would have amended RCW 47.52.001, which is a declaration of state policy to limit access to the highway facilities of the state in the interest of highway safety and for the preservation of the investment of the public in such facilities. The amendment would have created an exception to this longstanding policy by stating that the use of rights of way of limited access facilities “must be permitted” for the deployment of personal wireless facilities, apparently without qualification. Section 1 contains intent language that is largely the same as that contained in section 4. Because these sections can be read to suggest that deployment of personal wireless facilities is inconsistent with the state’s interest in highway safety, and that telecommunications deployment should take precedence over it, I am compelled to veto them.

I agree with the Legislature that personal wireless service is a critical part of the state’s infrastructure, and I believe that Department of Transportation policy should acknowledge this. However, state policy should also ensure that telecommunications deployment be achieved along state highways without adversely affecting highway safety. For this reason, I believe the current language in RCW 47.52.001, which “limits” but by no means prohibits access to public highways, is the better statement of policy than those contained in sections 1 and 4 of this bill.

For these reasons, I have vetoed sections 1 and 4 of Engrossed Substitute Senate Bill No. 5977.

With the exception of sections 1 and 4, Engrossed Substitute Senate Bill No. 5977 is approved.

Respectfully submitted,
GARY LOCKÉ, Governor

WHEREAS, The earliest issues of The Enterprise were published in a ten foot by twelve foot office behind the present newspaper office location on Jewett Avenue in White Salmon; and
WHEREAS, Those earliest issues were printed on a 20-horsepower army press, soon to be replaced by a new Vaughan Ideal eight-column cylinder printing press; and
WHEREAS, After serving one and one-half years as editor of The Enterprise, Thomas sold the newspaper to Ai Harry Jewett, a longtime resident of the area; and
WHEREAS, The Enterprise survived the Great Depression of the 1930s, even though many other businesses closed their doors for good during this time; and
WHEREAS, The Enterprise to this day provides local news for the people living in and near White Salmon and Bingen;

MESSAGE FROM THE GOVERNOR

May 14, 2003

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to section 6, Engrossed Substitute Senate Bill No. 6072 entitled:

"AN ACT Relating to funding pollution abatement and response;"

This bill establishes funding for a tugboat to reduce the risk of major maritime accidents, to enhance emission control for school buses, and to reduce and monitor vehicle air emissions.

I support these important environmental responsibilities, and appreciate the work of the legislature to provide for these activities within existing funds. However, section 6 of this bill would inadvertently eliminate the fifty-dollar physical inspection fee required for some out-of-state vehicles prior to registration in Washington State. I am, therefore, vetoing section 6 of this bill in order to maintain the inspection fee, which provides $2.5 million annual revenue for this important public safety program.

For these reasons, I have vetoed section 6 of Engrossed Substitute Senate Bill No. 6072.

With the exception of section 6, Engrossed Substitute Senate Bill No. 6072 is approved.

Respectfully submitted,
GARY LOCKE, Governor

MESSAGE FROM THE GOVERNOR

May 16, 2003

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to section 5 of Engrossed Senate Bill No. 5073 entitled:

“AN ACT Relating to watershed management;"

This bill provides a number of mechanisms that will assist local governments to cooperate among themselves in watershed planning efforts.

With the concurrence of the prime sponsor, I have vetoed section 5, which contains some confusing language.

For this reason, I have vetoed section 5 of Engrossed Senate Bill No. 5073.

With the exception of section 5, I am signing Engrossed Senate Bill No. 5073.

Respectfully submitted,
GARY LOCKÉ, Governor

MOTION

On motion of Senator Fraser, the partial veto message on Engrossed Senate Bill No. 5073 was held at the desk.

MESSAGE FROM THE GOVERNOR
To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval, Substitute Senate Bill No. 5179 entitled:

"AN ACT Relating to body-gripping traps;"

This bill would have provided that a trapping program is in the state’s interest and that the sale of pelts is consistent with the Legislature’s intent not to waste a wildlife resource. It would have allowed, if permitted by the director of the Department of Fish and Wildlife (DFW), use of a body-gripping trap to address animal problems and fur-bearer management needs.

Early this session, I supported legislation that would have addressed the specific problems associated with Initiative 713. This legislation would have allowed the use of traps on moles, gophers and mountain beavers, and provided additional protections for livestock. At that time, I also indicated my opposition to legislation that would repeal the core principles underlying the initiative. Whenever possible, improvements to address unintended consequences of an initiative should be pursued before consideration of a repeal. Because this bill effectively repeals the initiative, even though an alternative legislative solution exists to address the problems of the initiative, I have vetoed the bill in its entirety.

We need to put this issue behind us by looking for ways we can creatively implement solutions, rather than perpetuate problems. With this message, I am requesting members of the Fish and Wildlife Commission to closely oversee DFW’s implementation of Initiative 713, consistent with its spirit and intent. Specifically, I would like the Commission to recommend changes to help protect livestock and reduce damage to public property, and to conduct an educational outreach program around the state that explains the availability of the special permit program allowed under Initiative 713. In the meantime, I also would expect that given current financial constraints, DFW would use its limited enforcement resources on higher priorities rather than against homeowners, businesses and the timber industry that have trapped for moles, gophers and mountain beavers. I would like the Commission Chair to provide me with a report in person by December 1, 2003.

For these reasons, I have vetoed Substitute Senate Bill No. 5179 in its entirety. Respectfully submitted,

GARY LOCKE, Governor

MOTION

MESSAGE FROM THE GOVERNOR

May 16, 2003

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to sections 2 and 3, Engrossed Senate Bill No. 5014 entitled:

“AN ACT relating to public water projects;”

This bill creates a subaccount within the Public Works Assistance Account to distribute grants for water storage projects and water system facilities.

Section 2 amends RCW 43.79A.040, with the intent that the new subaccount would retain its proportionate share of investment income. However, this section of law is related to the Treasurer’s trust funds, and the Public Works Assistance Account is not a trust fund. Additionally, this section conflicts with the provisions of Chapter 150, Laws of 2003, which transfers the investment income of the Public Works Assistance Account to the Community Economic Revitalization Program.

Section 3 contains an emergency clause. Given that there is no supplemental budget funding available in the current biennium, there is no rationale for having this law take effect immediately.

For these reasons, I have vetoed sections 2 and 3 of Engrossed Senate Bill No. 5014.

With the exception of sections 2 and 3, Engrossed Senate Bill No. 5014 is approved. Respectfully submitted,

GARY LOCKE, Governor

MESSAGE FROM THE GOVERNOR

May 20, 2003

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to section 501, Engrossed Substitute Senate Bill No. 5713 entitled:

"AN ACT Relating to electrical work;"

This bill modifies the state electrical and plumbing statutes in a number of significant ways, including reducing the level of government regulation currently borne by both businesses and workers. Section 501 would have exempted the repair, maintenance, and replacement of electrical appliances in residential settings from electrical licensing and certification requirements.

Licensing and certification are the only means the state has to ensure that well-trained and qualified individuals perform electrical work. Exempting these requirements, coupled with the exemption from inspection and permitting provided in other sections of this bill, would remove all regulatory oversight of electrical appliance replacement and repair work. This poses serious public policy concerns and could expose workers, homeowners, and the general public to hazards related to faulty electrical installations or repair.

Notwithstanding these concerns, I also want to ensure that the current level of regulation is not an unnecessary burden on the electrical appliance industry. Accordingly, after the first year of administering this act, I am directing the Department of Labor and Industries, to evaluate its impact and report its findings to me by December 31, 2004.

For these reasons, I have vetoed section 501 of Engrossed Substitute Senate Bill No. 5713.

With the exception of section 501, Engrossed Substitute Senate Bill No. 5713 is approved.

Respectfully submitted,

MESSAGE FROM THE GOVERNOR

May 20, 2003

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:
I am returning herewith, without my approval as to section 1, Engrossed Substitute Senate Bill No. 5903 entitled:

"AN ACT Relating to juvenile offender sentences;"

This bill creates two new alternative juvenile sentences, and a pilot project for a third sentencing alternative. Section 1 prohibits the closure of any Juvenile Rehabilitation Administration institution “without specific authorization in an act of the legislature.” It further prohibits the use of any such institution, even if closed by the Legislature, by the Department of Corrections or to incarcerate adult offenders. I share these policy goals of not closing state institutions without the Legislature’s concurrence, and not converting juvenile facilities into adult prisons. I have not proposed any such closures or conversions.

However, the Legislature has not yet adopted a budget for the next biennium, and there is no assurance that its next budget, or some future budget, will not make it necessary to consider closures as a means of administering programs within available resources. The Legislature creates the programs and provides the resources, but the executive branch must administer them, and should not be prohibited in permanent law from making difficult decisions that may be necessary.

For this reason, I have vetoed section 1 of Engrossed Substitute Senate Bill No. 5903.

With the exception of section 1, Engrossed Substitute Senate Bill No. 5903 is approved.

Respectfully submitted,

MESSAGE FROM THE GOVERNOR

May 20, 2003

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to sections 3 and 4, Substitute Senate Bill No. 5996 entitled:

"AN ACT Relating to hosting the 2005 conference of the national conference of state legislatures and other government conferences;"

This bill establishes a host committee for the 2005 annual meeting of the National Conference of State Legislatures (NCSL). It also amends the Ethics Act to allow the solicitation and acceptance of gifts for the purpose of hosting a government conference. Section 3 would have established a presumption that state officers and employees are not in violation of the Ethics Act when soliciting gifts, grants or donations to host a government conference. Section 4 would have also exempted these gifts from the
ordinary fifty-dollar limit. Sections 3 and 4 are too broad and not necessary to accomplish the primary objectives of the bill, which are to establish a host committee for the 2005 NCCL conference and to allow legislators on the committee to solicit contributions in excess of fifty dollars for the conference.

RCW 42.52.010(10)(e) of the Ethics Act specifies that a “gift” does not include “items a state officer or state employee is authorized by law to accept.” Because section 2 of this bill authorizes the host committee to engage in fundraising activities, these activities are not considered a gift for purposes of the Ethics Act. Thus, sections 3 and 4 of the bill are not necessary.

Aside from being unnecessary to meet the primary objectives of this bill, sections 3 and 4 are too broad. They exempt fundraising for the hosting of any government conference, without limitation, from existing restrictions on the solicitation of gifts. The potential for abuse of this broad exemption concerns me.

For these reasons, I have vetoed sections 3 and 4 of Substitute Senate Bill No. 5996.

With the exception of sections 3 and 4, Substitute Senate Bill No. 5996 is approved.

Respectfully submitted,

GARY LOCKE, Governor

MESSAGES FROM STATE OFFICES

STATE OF WASHINGTON

OFFICE OF THE FAMILY AND CHILDREN'S OMBUDSMAN
6720 Fort Dent Way, Suite 240
Tukwila, Washington 98188

May 20, 2003

To the Residents of Washington State:

I am pleased to present the Year 2002 Report of the Office of the Family and Children’s Ombudsman. Last year was marked by a significant change at the Ombudsman. After serving nearly six years as the Ombudsman’s first director, Vickie Wallen left her post in July, 2002, to care for her new son. Under Ms. Wallen’s leadership, the Ombudsman achieved a high degree of credibility and respect among our diverse range of stakeholders, including DSHS service recipients, legislators, community professionals, child and family advocates, agency workers, and the public. You can be assured that we at the Ombudsman will continue working hard to maintain the credibility and respect earned during Ms. Wallen’s tenure.

The year also encompassed a tremendous amount of activity. Last year, the Ombudsman received a record number of complaints. The increase in complaints is not unusual. Over the past five years, our work of responding to inquiries and investigating complaints has accelerated dramatically. Inquires made by families and citizens have more than doubled, while the number of complaints filed with our office has increased ninety percent.

Responding effectively to the dramatic increase in workload has been one of our biggest challenges in recent years. Because the Ombudsman has not been fully staffed since 2001, this challenge has been especially daunting. However, we are implementing significant work-process efficiencies and making extra effort to maintain a high level of responsiveness to those who contact our office.

Although slowed by the lack of a permanent director, our work on systemic issues continues. Several safety-improvement recommendations contained in the Ombudsman’s 2001 Report on the Washington School for the Deaf were adopted by the 2002 Legislature. In addition, the 2002 Legislature convened a work group and considered legislation that responded to concerns raised in several Ombudsman reports about the state’s inadequate response to repeated reports of child neglect. Our investigation of DSHS’ process for reviewing the fatalities of children served by Child Protective and Child Welfare Services continues. We hope to complete it within the next year.

Before closing, I want to acknowledge the contributions of Rosie Oreskovich to our state. As the Assistant Secretary of the DSHS Children’s Administration, Ms. Oreskovich devoted virtually all of her time and energy to strengthening the system that serves abused and neglected children and their families. Her unexpected death earlier this year
brings not only sadness, but a sense of deep loss among those of us who know of her life-long commitment to helping vulnerable children and families. Rosie’s remarkable life of public service is an inspiration.

On behalf of all of us at the Office of the Family and Children’s Ombudsman, I want to thank you for your interest in our work. We greatly appreciate the opportunity to serve as a voice for the families and children of Washington State.

Sincerely,

MARY MEINIG, Acting Director Ombudsman

The 2002 Annual Report from the Office of the Family and Children’s Ombudsman is on file in the Office of the Secretary of the Senate.

WASHINGTON STATE AUDITOR’S OFFICE

AUDIT REPORT

Washington State Department of Social and Health Services
Special Investigation

IN-HOME CHILD CARE PROVIDERS IN MATTAWA, WASHINGTON

BACKGROUND

In September, 2002, the State Auditor’s Office learned that the Division of Fraud investigations in the Department of Social and Health Services was investigating fifty in-home child care providers in Mattawa, Washington. We reviewed the preliminary results of the Division’s investigation to determine the cause of the significant issues identified.

The Division had subpoenaed the records of all fifty providers. We reviewed the records from seven of those providers in detail; we also reviewed the Division’s investigatory procedures and preliminary results. The Division’s investigation found that attendance documentation was insufficient to support payments to providers; that providers did not meet documentation requirements relating to health and safety requirements; and that providers gave false information on application forms. At that time, we also verified that the families whose children were receiving care were eligible for the child care program.

Based on work we performed in 2002, we concluded there were weakness in payment monitoring procedures for the Seasonal Child Care Program. In February 2003, we reported these weaknesses in Finding Number 02-01C in the State Accountability Report for fiscal year 2002 and in Finding Number 02-8 in the State of Washington Single Audit Report.

Since that time, we have performed additional work and have determined that some providers gave false information regarding their identities during the application process. We further reviewed the available attendance records and found that, in addition to being insufficient to support payments, some had been falsified.

We planned to discuss the weaknesses identified in our review of the subpoenaed records with the licensor responsible for monitoring these providers. We requested this interview through the licensor’s supervisor, who later informed us that the licensor declined to be interviewed.

We then evaluated monitoring reports completed by this licensor for thirteen providers to determine whether the licensor properly recorded and followed up on documentation weaknesses we had identified in our review.

CONCLUSION

As a result of the falsified information on application and background inquiry forms, falsified and missing attendance records, and other missing provider documents, we are questioning the payment of an estimated $2 million in federal funds to these fifty providers. These provider payments were charged to federal funds in the Child Care Development Fund-Discretionary during the time period reviewed. This condition was caused by weak or non-existent internal controls over the application and monitoring processes. These control weaknesses are in addition to the payment monitoring weaknesses identified in our earlier reports.

Because of the serious nature of these issues, we sent an official letter to the Department’s Director of Child Care and Early Learning to provide early notification of the significant issues identified in the investigation. We will rely on the Division of Fraud Investigations to forward evidence in this case to the Grant County Prosecuting Attorney’s Office for any action deemed appropriate under the circumstances.

The Washington State Auditor’s Office Special Investigation of the Department of Social and Health Services fifty in-home care providers in Mattawa, Washington, is on file in the Office of the Secretary of the Senate.

PERSONAL PRIVILEGE

Senator Rasmussen: "A point of personal privilege, Madam President. Six weeks ago, we had Doctor Hellyer and his wife, Connie, before us in this Senate. We honored them. He is a cattleman and a physician and has dedicated his life to children and to the environment. There is a wonderful book about him that was done by Cameron Wallin. I so enjoyed it. It talks about Doctor Hellyer’s life and it talks about Northwest Trek.

“I feel very honored that we have with us Doctor Hellyer’s daughter, Doro. The foundation wanted to give the Senators a present of this book, A Trek Through Time, Northwest Trek Wildlife Park. So, I feel really pleased to present to you this book about The Northwest Trek. I think you will really enjoy it and it will bring Doctor Hellyer into your lives, as to what wonderful people he and Connie are and what they are all about. One of the most fascinating things about Northwest Trek is that it is not just a wildlife park, it is an education exhibit. He has really wanted the children, the disabled--people who are very vulnerable--to be able to come and see Northwest Trek and enjoy it for what it is, a beautiful, beautiful history of what the Northwest animals are all about.

“Last Saturday, we had the coyote and the fox exhibit open up and it was absolutely wonderful. There are new exhibits all the time and if you haven’t been there, you need to go. I hope you do enjoy this book. Thank you, Madam President.”
INTRODUCTION OF SPECIAL GUESTS

The President welcomed and introduced Cameron Wallin, the author of Northwest Trek, and Doro Hellyer-Oliver a member of the Hellyer family, donators of the land which became Northwest Trek, who were seated in the back of the Chamber.

PERSONAL PRIVILEGE

Senator Hale: “A point of personal privilege, Madam President. I know that all of my colleagues in the Senate are wondering about Senator West and I wanted to let you know that he is very, very disappointed that he can’t be here with us today, but he has started his treatments. He is doing well. He is in good spirits and he is a very, very determined guy. He greatly appreciates all of the cards and the phone calls and especially the prayers. He says to keep them coming. So, we will just think about him and know that he is thinking about us. We certainly all wish him well. “

SECOND SUBSTITUTE SENATE BILL NO. 5341, by Committee on Ways and Means (originally sponsored by Senators Winsley, Kline, Thibaudeau, Carlson, Parlette and Kohl-Welles)

Establishing a quality maintenance fee on nursing facilities.
The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Department” means the department of revenue.
(2) "Gross income” means all revenue, without deduction, that is derived from the performance of nursing facility services.
"Gross income” does not include other operating revenue or nonoperating revenue.
(3) "Other operating revenue” means income from nonpatient care services to patients, as well as sales and activities to persons other than patients. It is derived in the course of operating the facility, such as providing personal laundry service for patients, or from other sources such as meals provided to persons other than patients, personal telephones, gift shops, and vending machine commissions.
(4) "Nonoperating revenue” means income from activities not relating directly to the day-to-day operations of an organization. "Nonoperating revenue” includes such items as gains on disposal of a facility’s assets, dividends, and interest from security investments, gifts, grants, and endowments.

(5) "Patient day” means a calendar day of care provided to a nursing facility resident, excluding a medicare patient day. Patient days include the day of admission and exclude the day of discharge; except that, when admission and discharge occur on the same day, one day of care shall be deemed to exist.
(6) "Medicare patient day” means a patient day for medicare beneficiaries on a medicare Part A stay and a patient day for persons who have opted for managed care coverage using their medicare benefit.
(7) "Nonexempt nursing facility” means a nursing facility that is not exempt from the quality maintenance fee under section 4 of this act.
(8) "Nursing facility” has the same meaning as the term is defined in RCW 18.51.010; it does not include a boarding home as defined in RCW 18.20.020 or an adult family home as defined in RCW 70.128.010.
(9) "Nursing facility operator” means a person who engages in the business of operating a nursing facility or facilities within this state.
(10) "Nursing facility services” means health-related services to individuals who do not require hospital care, but whose mental or physical condition requires services that are above the level of room and board and can be made available only through institutional facilities.

NEW SECTION.  Sec. 1. (1) In addition to any other tax, a quality maintenance fee is imposed on every operator of a nonexempt nursing facility in this state. The quality maintenance fee shall be six dollars and fifty cents per patient day.
(2) Each operator of a nonexempt nursing facility shall file a return with the department on a monthly basis. The return shall include the following:
(a) The number of patient days for nonexempt nursing facilities operated by that person in that month; and
(b) Remittance of the nonexempt nursing facility operator’s quality maintenance fee for that month.

NEW SECTION.  Sec. 3. All of chapter 82.32 RCW, except RCW 82.32.270, applies to the fee imposed by this chapter, in addition to any other provisions of law for the payment and enforcement of the fee imposed by this chapter. The department may adopt rules, in accordance with chapter 34.05 RCW, as necessary to provide for the effective administration of this chapter.

NEW SECTION.  Sec. 4. (1) By July 1st of each year, each nursing facility operator shall file a report with the department of social and health services listing the patient days and the gross income for the prior calendar year for each nursing facility that he or she operates.
(2) By August 1, 2003, the department of social and health services shall submit for approval to the federal department of health and human services a request for a waiver pursuant to 42 C.F.R. 433.68. The waiver shall identify the nursing facilities that the department proposes to exempt from the quality maintenance fee. Those facilities shall include at least:
(a) Nursing facilities operated by any agency of the state of Washington;
(b) Nursing facilities operated by a public hospital district; and
(c) As many nursing facilities with no or disproportionately low numbers of medicaid-funded residents as, within the judgment of the department, may be exempted from the fee pursuant to 42 C.F.R. 433.68.
(3) The department of social and health services shall notify the department of revenue and the nursing facility operator of the nursing facilities that would be exempted from the quality maintenance fee pursuant to the waiver request submitted to the federal department of health and human services. The nursing facilities included in the waiver request may withhold payment of the fee pending final action by the federal government on the request for waiver.
(4) If the request for waiver is approved, the department of social and health services shall notify the department of revenue and the nursing facility operator that no quality maintenance fee is due from the facility. If the request for waiver is denied, nursing facility operators who have withheld payment of the fee shall pay all such fees as have been withheld. No interest or penalties shall be due upon such withheld payments for the period during which final federal action was pending.
(5) The department of social and health services shall take whatever action is necessary to continue the waiver from the federal government.

(6) The department of social and health services may adopt such rules, in accordance with chapter 34.05 RCW, as necessary to provide for the effective administration of this section and section 5 of this act.

NEW SECTION.  Sec. 5. The department of social and health services shall prospectively add the medicaid cost of the quality maintenance fee under section 2 of this act to the nursing facility component rate allocation calculated after application of all other provisions of RCW 74.46.521.

NEW SECTION.  Sec. 6. (1) Sections 1 through 5 of this act shall expire on the effective date that federal medicaid matching funds are substantially reduced or that a federal sanction is imposed due to the quality maintenance fee under section 2 of this act, as such date is certified by the secretary of social and health services.
(2) The expiration of sections 1 through 5 of this act shall not be construed as affecting any existing right acquired or liability or obligation incurred under those sections or under any rule or order adopted under those sections, nor as affecting any proceeding instituted under those sections.

NEW SECTION. Sec. 7. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 8. (1) Sections 1 through 3 of this act constitute a new chapter in Title 82 RCW.

(2) Sections 4 and 5 of this act are each added to chapter 74.46 RCW.

NEW SECTION. Sec. 9. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect July 1, 2003.”

There being no objection, the following title amendment was adopted:

On page 1, line 2 of the title, after “facilities;” strike the remainder of the title and insert “adding new sections to chapter 74.46 RCW; adding a new chapter to Title 82 RCW; creating a new section; providing an effective date; providing a contingent expiration date; and declaring an emergency.”

and shall assure that such increased spending is at least in proportion to the increased state funds allocated to it in fiscal year 2005.

(h) The department shall reduce state funding otherwise payable to a regional support network in fiscal year 2005 by the amount by
which the regional support network’s total administrative expenditures as of December 31, 2002, exceed 10 percent of total funding.

Staff allocations for small school enrollments in (d) through (f) of this subsection shall be reduced for vocational full-time equivalent enrollments.

(3) Staff allocations for small school enrollments in grades K-6 shall be the greater of that generated under (a) of this subsection, or under (d) and (e) of this subsection. Certificated staffing allocations shall be as follows:

(a) On the basis of each 1,000 average annual full-time equivalent enrollments, excluding full-time equivalent enrollment otherwise recognized for certificated staff unit allocations under (c) through (f) of this subsection:

(I) Four certificated administrative staff units per thousand full-time equivalent students in grades K-12;

(ii) Forty certificated instructional staff units per thousand full-time equivalent students in grades 7-12;

(iii) Forty-six certificated instructional staff units per thousand full-time equivalent students in grades 4-12; and

(iv) An additional 4.2 certificated instructional staff units for grades K-3 and an additional 7.2 certificated instructional staff units for grade 4. Any funds allocated for the additional certificated units provided in this subsection (iv) shall not be considered as basic education funding.

(v) For class size reduction and expanded learning opportunities under the better schools program, an additional 0.8 certificated instructional staff units for the 2003-04 school year for grades K-4 per thousand full-time equivalent students. Funds allocated for these additional certificated units shall not be considered as basic education funding.

(vi) Any district maintaining a ratio in grades K-4 equal to or greater than 54.0 certificated instructional staff per thousand full-time equivalent students in the 2003-04 school year and 53.2 certificated instructional staff per thousand full-time equivalent students in the 2004-05 school year. For any school district documenting a lower certificated instructional staff ratio, the allocation shall be based on the district’s actual grades K-4 certificated instructional staff ratio achieved in that school year, or the statutory minimum ratio established under RCW 28A.150.260(2)(b), if greater.

(B) Districts at or above 51.0 certificated instructional staff per one thousand full-time equivalent students in grades K-4 may dedicate up to 1.3 of the 54.0 funding ratio in the 2003-04 school year, and up to 1.3 of the 53.2 funding ratio in the 2004-05 school year, to employ additional certified instructional assistants assigned to basic education classrooms in grades K-4. For purposes of documenting a district’s staff ratio under this section, funds used by the district to employ additional certified instructional assistants shall be converted to a certificated staff equivalent and added to the district’s actual certificated instructional staff ratio. Additional certified instructional assistants, for the purposes of this subsection, shall be determined using the 1999-00 school year as the base year.

Any district maintaining a ratio in grades K-4 equal to or greater than 54.0 certificated instructional staff per thousand full-time equivalent students in the 2004-05 school year may use allocations generated under this subsection (2)(a)(v) and (v) in excess of that required to maintain the minimum ratio established under RCW 28A.150.260(2)(b) to employ additional basic education certificated instructional staff or classified instructional assistants in grades 5-6. Funds allocated under this subsection (2)(a)(iv) and (v) shall only be expended to reduce class size in grades K-6. No more than 1.3 of the certificated instructional funding ratio amount may be expended for provision of classified instructional assistants;
(b) For school districts with a minimum enrollment of 250 full-time equivalent students whose full-time equivalent student enrollment count in a given month exceeds the first of the month full-time equivalent enrollment count by 5 percent, an additional state allocation of 110 percent of the amount that such increased enrollment would have generated had such additional full-time equivalent students been included in the normal enrollment count for that particular month;

(c)(i) On the basis of full-time equivalent enrollment in:

(i) Vocational education programs approved by the superintendent of public instruction, a maximum of 0.92 certificated instructional staff units and 0.08 certificated administrative staff units for each 19.5 full-time equivalent vocational students; and

(ii) Skills center programs meeting the standards for skills center funding established in January 1999 by the superintendent of public instruction, 0.92 certificated instructional staff units and 0.08 certificated administrative staff units for each 16.67 full-time equivalent vocational students;

(ii) Full-time equivalent enrollment shall be reported on the same monthly basis as the enrollment for students eligible for basic support, and payments shall be adjusted for reported vocational enrollments on the same monthly basis as those adjustments for enrollment for students eligible for basic support; and

(iii) For each additional vocational-FTE enrollment count by a school district to vocational-secondary programs shall not exceed 15 percent of the combined basic education and vocational enhancement allocations of state funds;

(d) For districts enrolling not more than twenty-five average annual full-time equivalent students in grades K-8, and for small school plants within any school district which have been judged to be remote and necessary by the state board of education and enroll not more than twenty-five average annual full-time equivalent students in grades K-8:

(I) For those enrolling no students in grades 7 and 8, 1.76 certificated instructional staff units and 0.24 certificated administrative staff units for enrollment of not more than five students, plus one-twentieth of a certificated instructional staff unit for each additional student enrolled; and

(ii) For those enrolling students in grades 7 or 8, 1.68 certificated instructional staff units and 0.32 certificated administrative staff units for enrollment of not more than five students, plus one-twentieth of a certificated instructional staff unit for each additional student enrolled;

(e) For specified enrollments in districts enrolling more than twenty-five but not more than one hundred average annual full-time equivalent students in grades K-8, and for small school plants within any school district which enroll more than twenty-five average annual full-time equivalent students in grades K-8 and have been judged to be remote and necessary by the state board of education:

(I) For those enrolling of up to sixty annual average full-time equivalent students in grades K-6, 2.76 certificated instructional staff units and 0.24 certificated administrative staff units; and

(ii) For enrollment of up to twenty annual average full-time equivalent students in grades 7 and 8, 0.92 certificated instructional staff units and 0.08 certificated administrative staff units;

(f) For districts enrolling not more than two high schools with enrollments of less than three hundred average annual full-time equivalent students, for enrollment in grades 9-12 in each such school, other than alternative schools:

(I) For remote and necessary schools enrolling students in any grades 9-12 but no more than twenty-five average annual full-time equivalent students in grades K-12, four and one-half certificated instructional staff units and one-quarter of a certificated administrative staff unit;

(ii) For all other small high schools under this subsection, nine certificated instructional staff units and one-half of a certificated staff unit for the first sixty average annual full time equivalent students, and additional staff units based on a ratio of 0.8732 certificated instructional staff units and 0.1268 certificated administrative staff units per each additional forty-three and one-half average annual full-time equivalent students.

Units calculated under (f)(ii) of this subsection shall be reduced by certificated staff units at the rate of forty-six certificated instructional staff units and four certificated administrative staff units per thousand vocational full-time equivalent students;

(g) For each nonhigh school district having an enrollment of more than seventy annual average full-time equivalent students and less than one hundred eighty students, operating a grades K-8 program or a grades 1-8 program, an additional one-half of a certificated instructional staff unit; and

(h) For each nonhigh school district having an enrollment of more than fifty annual average full-time equivalent students and less than one hundred eighty students, operating a grades K-6 program or a grades 1-6 program, an additional one-half of a certificated instructional staff unit.

(3) Allocations for classified salaries for the 2003-04 and 2004-05 school years shall be calculated using formula-generated classified staff units determined as follows:

(a) For enrollments generating classified staff unit allocations under subsection (2)(d) through (h) of this section, one classified staff unit for each three certificated staff units allocated under such subsections;

(b) For other enrollment in grades K-12, including vocational full-time equivalent enrollments, one classified staff unit for each sixty average annual full-time equivalent students; and

(c) For each nonhigh school district with an enrollment of more than fifty annual average full-time equivalent students and less than one hundred eighty students, an additional one-half of a classified staff unit.

(4) Fringe benefit allocations shall be calculated at a rate of 9.68 percent in the 2003-04 school year and 9.68 percent in the 2004-05 school year for certified salary allocations provided under subsection (2) of this section, and a rate of 12.25 percent in the 2003-04 school year and 12.25 percent in the 2004-05 school year for classified salary allocations provided under subsection (3) of this section.

(5) Insurance benefit allocations shall be calculated at the maintenance rate specified in section 504(2) of this act, based on the number of benefit units determined as follows:

(a) The number of certificated staff units determined in subsection (2) of this section; and

(b) The number of classified staff units determined in subsection (3) of this section multiplied by 1.152. This factor is intended to adjust allocations so that, for the purposes of distributing insurance benefits, full-time equivalent classified employees may be calculated on the basis of 1440 hours of work per year, with no individual employee counted as more than one full-time equivalent.

(6)(a) For nonemployee-related costs associated with each certificated staff unit allocated under subsection (2)(a), (b), and (d) through (h) of this section, there shall be provided a maximum of $8,785 per certificated staff unit in the 2003-04 school year and a maximum of $8,952 per certificated staff unit in the 2004-05 school year.

(b) For nonemployee-related costs associated with each vocational certificated staff unit allocated under subsection (2)(c)(ii)(A) of this section, there shall be provided a maximum of $21,573 per certificated staff unit in the 2003-04 school year and a maximum of $21,983 per certificated staff unit in the 2004-05 school year.

(c) For nonemployee-related costs associated with each vocational certificated staff unit allocated under subsection (2)(c)(ii)(B) of this section, there shall be provided a maximum of $16,739 per certificated staff unit in the 2003-04 school year and a maximum of $17,057 per certificated staff unit in the 2004-05 school year.

(7) Allocations for substitute costs for classroom teachers shall be distributed at a maintenance rate of $531.09 for the 2003-04 and 2004-05 school years per allocated classroom teachers exclusive of salary increase amounts provided in section 504 of this act. Solely for the purposes of this subsection, allocated classroom teachers shall be equal to the number of certificated instructional staff units allocated under subsection (2) of this section, multiplied by the ratio between the number of actual basic education certificated teachers and the number of actual basic education certificated instructional staff reported statewide for the prior school year.
(8) Any school district board of directors may petition the superintendent of public instruction by submission of a resolution adopted in a public meeting to reduce or delay in any portion of its basic education allocation for any school year. The superintendent of public instruction shall approve such reduction or delay if it does not impair the district’s financial condition. Any delay shall not be for more than two school years. Any reduction or delay shall have no impact on levy authority pursuant to RCW 84.52.0531 and local effort assistance pursuant to chapter 28A.500 RCW.

(9) The superintendent may distribute a maximum of $6,392,000 outside the basic education formula during fiscal years 2004 and 2005 as follows:

(a) For fire protection for school districts located in a fire protection district as now or hereafter established pursuant to chapter 28A.150 RCW, a maximum of $495,000 may be expended in fiscal year 2004 and a maximum of $504,000 may be expended in fiscal year 2005;

(b) For summer vocational programs at skills centers, a maximum of $2,035,000 may be expended for the 2004 fiscal year and a maximum of $2,035,000 for the 2005 fiscal year;

(c) A maximum of $533,000 may be expended for school district emergencies; and

(d) A maximum of $485,000 each fiscal year may be expended for programs providing skills training for secondary students who are enrolled in extended day school-to-work programs, as approved by the superintendent of public instruction. The funds shall be allocated at a rate not to exceed $500 per full-time equivalent student enrolled in those programs.

(10) For purposes of RCW 84.52.0531, the increase per full-time equivalent student is 3.4 percent from the 2002-03 school year to the 2003-04 school year and 2.5 percent from the 2003-04 school year to the 2004-05 school year.

(11) If two or more school districts consolidate and each district was receiving additional basic education formula staff units pursuant to subsection (2)(b) through (h) of this section, the following shall apply:

(a) For three school years following consolidation, the number of basic education formula staff units shall not be less than the number of basic education formula staff units received by the districts in the school year prior to the consolidation; and

(b) For the fourth through eighth school years following consolidation, the difference between the basic education formula staff units received by the districts for the school year prior to consolidation and the basic education formula staff units after consolidation pursuant to subsection (2)(b) through (h) of this section shall be reduced in increments of twenty percent per year.

(12) $159,000 of the general fund—state appropriation for fiscal year 2004 and $1,181,000 of the general fund—state appropriation for fiscal year 2005 as follows:

(a) For fire protection for school districts located in a fire protection district as now or hereafter established pursuant to chapter 28A.150 RCW, a maximum of $353,000 may be expended for school district emergencies; and

(b) A maximum of $485,000 each fiscal year may be expended for programs providing skills training for secondary students who are enrolled in extended day school-to-work programs, as approved by the superintendent of public instruction.

NEW SECTION. Sec. 503. FOR THE SUPERINTENDENT OF PUBLIC INSTRUCTION—BASIC EDUCATION

EMPLOYEE COMPENSATION.

(1) The following calculations determine the salaries used in the general fund allocations for certificated instructional, certificated administrative, and classified staff units under section 502 of this act:

(a) Salary allocations for certificated instructional staff units shall be determined for each district by multiplying the district’s certificated instructional total base salary shown on LEAP Document 12E by the district’s average staff mix factor for certificated instructional staff in that school year, computed using LEAP Document 1Sa for the 2003-04 school year and LEAP Document 1Sb for the 2004-05 school year; and

(b) Salary allocations for certificated administrative staff units and classified staff units for each district shall be based on the district’s certificated administrative and classified salary allocation amounts shown on LEAP Document 12E.

(2) For the purposes of this section:

(a) "LEAP Document 1Sa" means the computerized tabulation establishing staff mix factors for certificated instructional staff for the 2003-04 school year according to education and years of experience, as developed by the legislative evaluation and accountability program committee on March 31, 2003, at 09:06 hours;

(b) "LEAP Document 1Sb" means the computerized tabulation establishing staff mix factors for certificated instructional staff for the 2004-05 school year according to education and years of experience, as developed by the legislative evaluation and accountability program committee on March 31, 2003, at 09:06 hours; and

(c) "LEAP Document 12E" means the computerized tabulation of 2003-04 and 2004-05 school year salary allocations for certificated administrative staff and classified staff and derived and total base salaries for certificated instructional staff as developed by the legislative evaluation and accountability program committee on March 31, 2003, at 09:06 hours.

(3) Incremental fringe benefit factors shall be applied to salary adjustments at a rate of 9.04 percent for school year 2003-04 and 9.04 percent for school year 2004-05 for certificated staff and for classified staff 8.75 percent for school year 2003-04 and 8.75 percent for the 2004-05 school year.

(4)(a) Pursuant to RCW 28A.150.410, the following state-wide salary allocation schedules for certificated instructional staff are established for basic education salary allocations:

(b) As used in this subsection, the column headings "BA+ (N)" refer to the number of credits earned since receiving the baccalaureate degree.

(c) For credits earned after the baccalaureate degree but before the masters degree, any credits in excess of forty-five credits may be counted after the masters degree. Thus, as used in this subsection, the column headings "MA+ (N)" refer to the total of:

(I) Credits earned since receiving the masters degree; and

(ii) Any credits in excess of forty-five credits that were earned after the baccalaureate degree but before the masters degree.

(5) For the purposes of this section:
(a) “BA” means a baccalaureate degree.
(b) “MA” means a masters degree.
(c) “PHD” means a doctorate degree.
(d) “Years of service” shall be calculated under the same rules adopted by the superintendent of public instruction.
(e) “Credits” means college quarter hour credits and equivalent in-service credits computed in accordance with RCW 28A.415.020 and 28A.415.023.

(6) No more than ninety college quarter-hour credits received by any employee after the baccalaureate degree may be used to determine compensation allocations under the state salary allocation schedule and LEAP documents referenced in this act, or any replacement schedules and documents, unless:
(a) The employee has a masters degree; or
(b) The credits were used in generating state salary allocations before January 1, 1992.
(7) The certificated instructional staff base salary specified for each district in LEAP Document 12E and the salary schedules in subsection (4)(a) of this section include two learning improvement days. A school district is eligible for the learning improvement day funds only if the learning improvement days have been added to the 180-day contract year. If fewer days are added, the additional learning improvement allocation shall be adjusted accordingly. The additional days shall be for activities related to improving student learning consistent with education reform implementation, and shall not be considered part of basic education. The length of a learning improvement day shall not be less than the length of a full day under the base contract. The superintendent of public instruction shall ensure that school districts adhere to the intent and purposes of this subsection.
(8) The salary allocation schedules established in this section are for allocation purposes only except as provided in RCW 28A.400.200(2), subsection (7) of this section, and section 504(1) of this act.

NEW SECTION. Sec. 504. FOR THE SUPERINTENDENT OF PUBLIC INSTRUCTION--FOR SCHOOL EMPLOYEE COMPENSATION ADJUSTMENTS

General Fund--State Appropriation (FY 2004) $28,511,000
General Fund--State Appropriation (FY 2005) $116,670,000
General Fund--Federal Appropriation $559,000
TOTAL APPROPRIATION $145,740,000

The appropriations in this section are subject to the following conditions and limitations:
(1) $8,913,000 of the general fund--state appropriation for fiscal year 2004 and $20,238,000 of the general fund--state appropriation for fiscal year 2005 are provided solely to provide a salary adjustment for state formula certificated instructional staff units in their first seven years of service. Consistent with the statewide certificated instructional staff salary allocation schedule in section 503 of this act, sufficient funding is provided to increase the salary of certificated instructional staff units in the 2003-04 school year and the 2004-05 school year by the following percentages: Three percent for certificated instructional staff in their first and second years of service; two and one-half percent for certificated instructional staff in their third year of service; one and one-half percent for certificated instructional staff in their fourth year of service; one percent for certificated instructional staff in their fifth year of service; and one-half of a percent for certificated instructional staff in their sixth and seventh years of service. These increases will take effect September 1, 2003 and September 1, 2004.
(a) In order to receive funding provided in this subsection, school districts shall certify to the office of superintendent of public instruction that they will provide the percentage increases in the amounts specified in this subsection. In cases where a school district providing the increase in the amounts specified in this subsection would cause that school district to be out of compliance with RCW 28A.400.200, they may provide salary increases in different amounts but only to the extent necessary to come into compliance with RCW 28A.400.200. Funds provided in this subsection shall be used exclusively for providing the percentage increases specified in this subsection to the certificated staff units in their first seven years of service and shall not be used to supplant any other state or local funding for compensation for these staff.
(b) The appropriations include associated incremental fringe benefit allocations at rates of 9.04 percent for school year 2003-04 and 9.04 percent for school year 2004-05 for certificated staff. Increases for general apportionment (basic education) are based on the salary allocation schedules and methodology in sections 502 and 503 of this act. Increases for special education result from increases in each district’s basic education allocation per student. Increases for educational service districts and institutional education programs are determined by the superintendent of public instruction using the methodology for general apportionment salaries and benefits in sections 502 and 503 of this act.
(2) The appropriations in this section provide salary adjustments and incremental fringe benefit allocations based on formula adjustments as follows:

The appropriations in this section provide for a rate increase to $481.31 per month for the 2003-04 school year and $570.74 per month for the 2004-05 school year at the following rates:
(1) Funding for special education programs is provided on an excess cost basis, pursuant to RCW 28A.150.390. School districts shall ensure that special education students as a class receive their full share of the general apportionment allocation accruing through sections 502 and 504 of this act. To the extent a school district cannot provide an appropriate education for special education students under chapter 28A.155 RCW through the general apportionment allocation, it shall provide services through the special education excess cost allocation funded in this section.

(2)(a) The superintendent of public instruction shall use the excess cost methodology developed and implemented for the 2001-02 school year using the S-275 personnel reporting system and all related accounting requirements to ensure that:

(1) Special education students are basic education students first;

(ii) As a class, special education students are entitled to the full basic education allocation; and

(iii) Special education students are basic education students for the entire school day.

(b) The S-275 and accounting changes in effect since the 2001-02 school year shall supersede any prior excess cost methodologies and shall be required of all school districts.

(3) Each fiscal year appropriation includes such funds as are necessary to complete the school year ending in the fiscal year and for prior fiscal year adjustments.

(4) The superintendent of public instruction shall distribute state and federal funds to school districts based on two categories: The optional birth through age two program for special education eligible developmentally delayed infants and toddlers, and the mandatory special education program for special education eligible students ages three to twenty-one. A "special education eligible student" means a student receiving specially designed instruction in accordance with a properly formulated individualized education program.

(5)(a) For the 2003-04 and 2004-05 school years, the superintendent shall make allocations to each district based on the sum of:

(I) A district’s annual average headcount enrollment of developmentally delayed infants and toddlers ages birth through two, multiplied by the district’s annual average basic education allocation per full-time equivalent student, multiplied by 1.15; and

(ii) A district’s annual average full-time equivalent basic education enrollment multiplied by the funded enrollment percent determined pursuant to subsection (6)(b) of this section, multiplied by the district’s average basic education allocation per full-time equivalent student multiplied by 0.9309.

(b) For purposes of this subsection, "average basic education allocation per full-time equivalent student" for a district shall be based on the staffing ratios required by RCW 28A.150.260 and shall not include enhancements, secondary vocational education, or small schools.

(6) The definitions in this subsection apply throughout this section.

(a) "Annual average full-time equivalent basic education enrollment" means the resident enrollment including students enrolled through choice (RCW 28A.225.225) and students from nonhigh districts (RCW 28A.225.210) and excluding students residing in another district enrolled as part of an interdistrict cooperative program (RCW 28A.225.240).

(b) "Enrollment percent" means the district’s resident special education annual average enrollment, excluding the birth through age two enrollment, as a percent of the district’s annual average full-time equivalent basic education enrollment.

Each district’s general fund--state funded special education enrollment shall be the lesser of the district’s actual enrollment percent or 12.7 percent. Increases in enrollment percent from 12.7 percent to 13.0 percent shall be funded from the general fund--federal appropriation.

(7) At the request of any interdistrict cooperative of at least 15 districts in which all excess cost services for special education students of the districts are provided by the cooperative, the maximum enrollment percent shall be calculated in accordance with subsection (6)(b) of this section, and shall be calculated in the aggregate rather than individual district units. For purposes of this subsection, the average basic education allocation per full-time equivalent student shall be calculated in the aggregate rather than individual district units.

(8) To the extent necessary, $25,746,000 of the general fund--federal appropriation is provided for safety net awards for districts with demonstrated needs for state special education funding beyond the amounts provided in subsection (5) of this section. If safety net awards exceed the amount appropriated in this subsection (8), the superintendent shall expend all available federal discretionary funds necessary to meet this need. Safety net funds shall be awarded by the state safety net oversight committee subject to the following conditions and limitations:

(a) The committee shall consider unmet needs for districts that can convincingly demonstrate that all legitimate expenditures for special education exceed all available revenues from federal and local sources. Differences in program costs attributable to district philosophy, service delivery choice, or accounting practices are not a legitimate basis for safety net awards.

(b) The committee shall then consider the extraordinary high cost needs of one or more individual special education students. Differences in costs attributable to district philosophy, service delivery choice, or accounting practices are not a legitimate basis for safety net awards.

(c) The maximum allowable indirect cost for calculating safety net eligibility may not exceed the federal restricted indirect cost rate for the district plus one percent.

(d) Safety net awards shall be adjusted based on the percent of potential medicaid eligible students billed as calculated by the superintendent in accordance with chapter 318, Laws of 1999.

(e) Safety net awards must be adjusted for any audit findings or exceptions related to special education funding.

(9) The superintendent of public instruction may adopt such rules and procedures as are necessary to administer the special education funding and safety net award process. Prior to revising any standards, procedures, or rules, the superintendent shall consult with the office of financial management and the fiscal committees of the legislature.

(10) The safety net oversight committee appointed by the superintendent of public instruction shall consist of:

(a) One staff from the office of superintendent of public instruction;

(b) Staff of the office of the state auditor; and

(c) One or more representatives from school districts or educational service districts knowledgeable of special education programs and funding.

(11) A maximum of $678,000 may be expended from the general fund--state appropriations to fund 5.43 full-time equivalent teachers and 2.1 full-time equivalent aides at children’s orthopedic hospital and medical center. This amount is in lieu of money provided through the home and hospital allocation and the special education program.

(12) $1,000,000 of the general fund--federal appropriation is provided for projects to provide special education students with appropriate job and independent living skills, including work experience where possible, to facilitate their successful transition out of the public school system. The funds provided by this subsection shall be from federal discretionary grants.

(13) The superintendent shall maintain the percentage of federal flow-through to school districts at 85 percent. In addition to other purposes, school districts may use increased federal funds for high-cost students, for purchasing regional special education services from educational service districts, and for staff development activities particularly relating to inclusion issues.

(14) A maximum of $1,200,000 of the general fund--federal appropriation may be expended by the superintendent for projects related to use of inclusion strategies by school districts for provision of special education services. The superintendent shall prepare an information database on laws, best practices, examples of programs, and recommended resources. The information may be disseminated in a variety of ways, including workshops and other staff development activities.
A school district may carry over from one year to the next year up to 10 percent of general fund--state funds allocated under this program; however, carry over funds shall be expended in the special education programs.
