FOR THE SUPERINTENDENT OF PUBLIC INSTRUCTION--FOR SPECIAL EDUCATION PROGRAMS General Fund--State Appropriation (FY 2002) $420,165,000
General Fund--State Appropriation (FY 2003) ($340,635,000)
General Fund--Federal Appropriation ($256,407,000)
TOTAL APPROPRIATION ($1,124,286,000) $1,124,286,000

The appropriations in this section are subject to the following conditions and limitations:
(1) Funding for special education programs is provided on an excess cost basis, pursuant to RCW 28A.150.390. School districts shall ensure that special education students as a class receive their full share of the general apportionment allocation accruing through sections 502 and 504 of this act. To the extent a school district cannot provide an appropriate education for special education students under chapter 28A.155 RCW through the general apportionment allocation, it shall provide services through the special education excess cost allocation funded in this section.
(2) (a) Effective with the 2001-02 school year, the superintendent of public instruction shall change the S-275 personnel reporting system and all related accounting requirements to ensure that:
(i) Special education students are basic education students first;
(ii) As a class, special education students are entitled to the full basic education allocation; and
(iii) Special education students are basic education students for the entire school day.
(b) Effective with the 2001-02 school year, the S-275 and accounting changes shall supercede any prior excess cost methodologies and shall be required of all school districts.
(3) Each fiscal year appropriation includes such funds as are necessary to complete the school year ending in the fiscal year and for prior fiscal year adjustments.
(4) The superintendent of public instruction shall distribute state funds to school districts based on two categories: The optional birth through age two program for special education eligible developmentally delayed infants and toddlers, and the mandatory special education program for special education eligible students ages three to twenty-one. A "special education eligible student" means a student receiving specially designed instruction in accordance with a properly formulated individualized education program.
(5) (a) For the 2001-02 and 2002-03 school years, the superintendent shall make allocations to each district based on the sum of:
(I) A district's annual average headcount enrollment of developmentally delayed infants and toddlers, and
(ii) A district's annual average full-time equivalent basic education enrollment multiplied by the funded enrollment percent determined pursuant to subsection (6)(b) of this section, multiplied by the district's average basic education allocation per full-time equivalent student multiplied by 0.9309.
(b) For purposes of this subsection, "average basic education allocation per full-time equivalent student" for a district shall be based on the staffing ratios required by RCW 28A.150.260 and shall not include enhancements, secondary vocational education, or small schools.
(6) The definitions in this subsection apply throughout this section.
(a) "Annual average full-time equivalent basic education enrollment" means the resident enrollment including students enrolled through choice (RCW 28A.225.225) and students from nonhigh districts (RCW 28A.225.210) and excluding students residing in another district enrolled as part of an interdistrict cooperative program (RCW 28A.225.250).

(b) "Enrollment percent" means the district's resident special education annual average enrollment, excluding the birth through age two enrollment, as a percent of the district's annual average full-time equivalent basic education enrollment.

(1) For the 2001-02 school year, each district's funded enrollment percent shall be the lesser of the district's actual enrollment percent or 12.7 percent.

(ii) For the 2002-03 school year, each district's general fund--state funded special education enrollment shall be the lesser of the district's actual enrollment percent or 12.7 percent. Increases in enrollment percent from 12.7 percent to 13.0 percent shall be funded from the general fund.

(7) At the request of any interdistrict cooperative of at least 15 districts in which all excess cost services for special education students of the districts are provided by the cooperative, the maximum enrollment percent shall be calculated in accordance with subsection (6)(b) of this section, and shall be calculated in the aggregate rather than individual district units. For purposes of this subsection, the average basic education formulas of the students residing in each district shall be calculated in the aggregate rather than individual district units.

(8) Safety net funding shall be awarded by the state safety net oversight committee subject to the following conditions and limitations:

(a) A maximum of $8,500,000 of the general fund--state appropriation and a maximum of $3,500,000 of the general fund--federal appropriation for fiscal year 2002 are provided as safety net funding for districts with demonstrated needs for state special education funding beyond the amounts provided in subsection (5) of this section.

(b) The safety net oversight committee shall first consider the needs of districts adversely affected by the 1995 change in the special education funding formula. Awards shall be based on the lesser of the amount required to maintain the 1994-95 state special education excess cost allocation to the school district in aggregate or on a dollar per funded student basis.

(c) The committee shall then consider unmet needs for districts that can convincingly demonstrate that all legitimate expenditures for special education exceed all available revenues from state funding formulas. In the determination of need, the committee shall also consider additional available revenues from federal and local sources. Differences in program costs attributable to district philosophy, service delivery choice, or accounting practices are not a legitimate basis for safety net awards.

(d) The maximum allowable indirect cost for calculating safety net eligibility may not exceed the federal restricted indirect cost rate for the district plus one percent.

(e) Safety net awards shall be adjusted based on the percent of potential Medicaid eligible students billed as calculated by the superintendent in accordance with chapter 318, Laws of 1999.

(f) Safety net awards must be adjusted for any audit findings or exceptions related to special education funding.

(g) The superintendent may expend up to $120,000 of the amounts provided in subsection (8) to provide staff assistance to the committee in analyzing applications for safety net funds received by the committee.

(9) For fiscal year 2003 to the extent necessary, $12,873,000 of the general fund--federal appropriation is provided for safety net awards for districts with demonstrated needs for state special education funding beyond the amounts provided in subsection (5) of this section. If safety net awards exceed the amount appropriated in this subsection (9), the superintendent shall expend all available federal discretionary funds necessary to meet this need. Safety net funds shall be awarded by the state safety net oversight committee subject to the following conditions and limitations:

(a) The committee shall consider unmet needs for districts that can convincingly demonstrate that all legitimate expenditures for special education exceed all available revenues from state funding formulas. In the determination of need, the committee shall also consider additional available revenues from federal and local sources. Differences in program costs attributable to district philosophy, service delivery choice, or accounting practices are not a legitimate basis for safety net awards.

(b) The committee shall then consider the extraordinary high cost needs of one or more individual special education students. Differences in costs attributable to district philosophy, service delivery choice, or accounting practices are not a legitimate basis for safety net awards.

(c) The maximum allowable indirect cost for calculating safety net eligibility may not exceed the federal restricted indirect cost rate for the district plus one percent.

(d) Safety net awards shall be adjusted based on the percent of potential Medicaid eligible students billed as calculated by the superintendent in accordance with chapter 318, Laws of 1999.

(e) Safety net awards must be adjusted for any audit findings or exceptions related to special education funding.

(f) The superintendent may expend up to $120,000 of the amount provided from the general fund--federal appropriation in this subsection (9) to provide staff assistance to the committee in analyzing applications for safety net funds received by the committee.

(g) The superintendent of public instruction may adopt such rules and procedures as are necessary to administer the special education funding and safety net award process. Prior to revising any standards, procedures, or rules, the superintendent shall consult with the office of financial management and the fiscal committees of the legislature.

(10) The superintendent of public instruction shall provide audit assistance to the interdistrict cooperative in analyzing applications for safety net funds received by the committee.

(a) One staff from the office of superintendent of public instruction;

(b) The office of the state auditor;

(c) The office of the financial management;

(d) One or more representatives from school districts or educational service districts knowledgeable of special education programs and funding.

(11) To the extent necessary, in fiscal year 2002, $2,250,000 of the general fund--federal appropriation shall be expended for safety net funding to meet the extraordinary needs of one or more individual special education students. If safety net awards to meet the extraordinary needs exceed $2,250,000 of the general fund--federal appropriation, the superintendent shall expend all available federal discretionary funds necessary to meet this need. General fund--state funds shall not be expended for this purpose.

(12) A maximum of $678,000 may be expended from the general fund--state appropriations to fund 5.43 full-time equivalent teachers and 2.1 full-time equivalent aides at children's orthopedic hospital and medical center. This amount is in lieu of money provided through the home and hospital allocation and the special education program.

(13) $1,000,000 of the general fund--federal appropriation is provided for projects to provide special education students with appropriate job and independent living skills, including work experience where possible, to facilitate their successful transition out of the public school system. The funds provided by this subsection shall be from federal discretionary grants.

(14) The superintendent shall maintain the percentage of federal flow-through to school districts at 85 percent for the 2001-02 school year. For the 2002-03 school year, the superintendent shall allocate the funds as specified in this section and shall adjust federal flow-through funds accordingly. In addition to other purposes, school districts may use increased federal funds for high-cost students, for purchasing regional special education services from educational service districts, and for staff development activities particularly relating to inclusion issues.

(15) A maximum of $1,200,000 of the general fund--federal appropriation may be expended by the superintendent for projects related to use of inclusion strategies by school districts for provision of special education services. The superintendent shall prepare an
(17) A school district may carry over from one year to the next year up to 10 percent of general fund--state funds allocated under this program; however, carry over funds shall be expended in the special education program.

(18) The superintendent of public instruction shall implement the recommendations of the joint legislative audit and review committee study on special education (report 01-11) only to the extent that funds have been specifically provided therefor.

(1) In all actions involving fault of more than one entity, the trier of fact shall determine the percentage of the total fault which is attributable to every entity which caused the claimant’s damages except entities immune from liability to the claimant under Title 51 RCW. The sum of the percentages of the total fault attributed to at-fault entities shall equal one hundred percent. The entities whose fault shall be determined include the claimant or person suffering personal injury or incurring property damage, defendants, third-party defendants, entities (released by) who have entered into a release, covenant not to sue, covenant not to enforce judgment, or similar agreement with the claimant, entities (released by) who entered into a defense immune from liability to the claimant, but shall not include those entities immune from liability to the claimant under Title 51 RCW. Judgment shall be entered against each defendant except those entities who have (been released by) entered into a release, covenant not to sue, covenant not to enforce judgment, or similar agreement with the claimant or are immune from liability to the claimant or have prevailed on any other individual defense against the claimant that entity which represents that party’s proportionate share of the claimant’s total damages. The liability of each defendant shall be several only and shall not be joint except:

(a) A party shall be responsible for the fault of another person or for payment of the proportionate share of another party where both were acting in concert or when a person was acting as an agent or servant of the party.

(b) If the trier of fact determines that the claimant or person suffering bodily injury or incurring property damages was not at fault, the defendants against whom judgment is entered shall be jointly and severally liable for the sum of their proportionate shares of the ((claimants’(claimant’s)) claimant’s total damages.

(2)(a) A defendant who is jointly and severally liable under one of the exceptions listed in subsection (1)(a) or (b) of this section on the basis of negligent or reckless acts or omissions shall be jointly liable for no more than twice the percentage of fault allocated to that defendant but in no case more than one hundred percent of the sum of the proportionate shares.

(b) A defendant who is jointly and severally liable under one of the exceptions listed in subsection (1)(a) or (b) of this section on the basis of intentional acts or omissions shall be jointly liable for the sum of the proportionate shares of the claimant’s total damages.

(c) If a defendant is jointly and severally liable under one of the exceptions listed in subsection(2)(a) (1)(a) or ((4)(b)) of this section, such defendant’s rights to contribution against another jointly and severally liable defendant, and the effect of settlement by either such defendant, shall be determined under RCW 4.22.040, 4.22.050, and 4.22.060.

Sec. 102. RCW 4.22.015 and 1981 c 27 s 9 are each amended to read as follows:

The term also includes breach of warranty, unreasonable assumption of risk, and unreasonable failure to avoid an injury or to mitigate damages. Legal requirements of causal relation apply both to the fault as the basis for liability and to contributory fault.

A comparison of fault for any purpose under RCW 4.22.005 through 422.060 shall involve consideration of both the nature of the conduct of the parties to the action and the extent of the causal relation between such conduct and the damages.

POINT OF INQUIRY

Senator Kline: “Senator Sheahan, looking on page two, line eleven, the effective date of this. In Section 303, it says ‘the rate of interest required by section 301 and 302,’ and then in Sub 2, it says, ‘As of the effective date of this act with respect to a judgment that was entered before the effective date of this act and that is still accruing interest on the effective date of this act.’ In other words, ‘past judgements.’ Are you suggesting that the Legislature has a constitutional authority to change past judgements of a court?”

Senator Sheahan: “Thank you for the question, Senator, and colleague in the profession. I think the intent of the amendment is to make sure that contracts that were entered into under a certain interest rate will remain in effect and will not be impacted by this bill. I urge your support for the amendment.”

Senator Kline: “If I may continue, Madam President, that is not what this section does. This section applies to the accrual of interest as of the effective date of this act, July of this year. With respect to a judgment that was entered--a judgment, not a contract--a judgment that was entered before the effective date of this act and that is still accruing interest on the effective day of the act. In other words, an existing judgment--not an existing contract. It certainly would be proper for this Legislature to avoid affecting or changing any contractual rights. In fact, that itself is a constitutional provision, but it is strictly unconstitutional for this branch of the government to tell the other branch of the government that its orders, still in effect, passed on a law that was proper then, is now improper. I think we have a little problem here and I strongly suggest that we turn this one down. Thank you.”

Further debated ensued.

MOTION TO RECONSIDER VOTE

Having voted on the prevailing side, Senator Roach moved that the Senate immediately reconsider the vote by which the amendment by Senator Hargrove on page 16, line 36, was adopted.

PARLIAMENTARY INQUIRY

Senator Hargrove: “A point of parliamentary inquiry, Madam President. Since we had no roll call vote and there was simply a hand count, do we know, in fact, who was on what side of an amendment, so that we could have a prevailing side argument here?”

REPLY BY THE PRESIDENT PRO TEMPORE

President Pro Tempore Winsley: “My lawyers tell me they have good memories.”
Senator Hargrove: “What if we had some disabled lawyers who couldn’t see? How would you figure that one out?
I think they are both very near sighted.”
President Pro Tempore Winsley: “And it is the Chair’s discretion and I so ruled.”

PARLIAMENTARY INQUIRY

Senator Sheahan: “A point of parliamentary inquiry, Madam President. With response to the good Senator from the Twenty-fourth District, according to Reed’s Rules, the President can, on a vote that wasn’t a roll call, ask the person if they voted on the prevailing side. If the person said, “Yes,” then they can move for reconsideration.”

ROLL CALL

The Secretary called the roll and the motion by Senator Roach to immediately reconsider the vote by which the amendment by Senator Hargrove on page 16, line 36, to Substitute Senate Bill No. 5728 was adopted, carried by the following vote: Yeas, 27; Nays, 22; Absent, 0; Excused, 0.

Voting nay: Senators Brown, Doumit, Eide, Fairley, Franklin, Fraser, Hargrove, Jacobsen, Kastama, Keiser, Kline, Kohl-Welles, McAuliffe, Morton, Poulsen, Rasmussen, Reardon, Regala, Shin, Spanel, Thibaudeau and Winsley - 22.
Pursuant to Rule 22, I wish to explain my ‘yes’ vote on the amendment by Senator Hargrove on page 16, line 36, on reconsideration. I opposed this amendment and fully intended to vote against this amendment. With all of the floor debate, and given the significant number of amendments on this bill, I was distracted by conversation and inadvertently voted ‘yes.’ The underlying bill allows for the presentation of evidence on whether a person was or was not wearing a seatbelt—an idea which I fully support. In fact, I have introduced Senate Bill No. 5498 to implement this very policy. This amendment, however, would have stricken this language, and I do not support this, although I did mistakenly vote for the amendment.

The vote was announced and I had decided to change my vote and so stood up after the gavel went down and said that I was changing my vote and that was why I was standing up. The President Pro Tempore said over the microphone that I had tried to vote twice—”

REPLY BY THE PRESIDENT PRO TEMPORE

President Pro Tempore Winsley: “No, I did not. I think they had counted you. You were standing twice and they may have counted you twice. Nobody said you voted twice.”

Senator Roach: “Well, I think the record may show otherwise, but I wanted everyone to know that certainly I did not try to vote twice, but wanted to change my vote, which we do all the time after a roll is taken. Thank you.”

President Pro Tempore Winsley: “Thank you for clarifying that.”

SECOND READING

SENATE BILL NO. 5807, by Senators Parlette, Deccio, Brandland, Mulliken, Carlson, Honeyford, Hewitt, Stevens, Oke, Sheahan and Winsley
Revising the basic health plan.

MOTIONS

On motion of Senator Parlette, Substitute Senate Bill No. 5807 was substituted for Substitute Senate Bill No. 5807 and the substitute bill was placed on second reading and read the second time.

Senator Parlette moved that the following striking amendment by Senators Parlette and Deccio be adopted:

“Sec. 1. RCW 70.47.010 and 2000 c 79 s 42 are each amended to read as follows:
(1)(a) The legislature finds that limitations on access to health care services for enrollees in the state, such as in rural and underserved areas, are particularly challenging for the basic health plan. Statutory restrictions have reduced the options available to the administrator to address the access needs of basic health plan enrollees. It is the intent of the legislature to authorize the administrator to develop alternative purchasing strategies to ensure access to basic health plan enrollees in all areas of the state, including: (i) The use of differential rating for managed health care systems based on geographic differences in costs; and (ii) limited use of self-insurance in areas where adequate access cannot be assured through other options.
(b) In developing alternative purchasing strategies to address health care access needs, the administrator shall consult with interested persons including health carriers, health care providers, and health facilities, and with other appropriate state agencies including the office of the insurance commissioner and the office of community and rural health. In pursuing such alternatives, the administrator shall continue to give priority to prepaid managed care as the preferred method of assuring access to basic health plan enrollees followed, in priority order, by preferred providers, fee for service, and self-funding.
(2) The legislature further finds that:
(a) A significant percentage of the population of this state does not have reasonably available insurance or other coverage of the costs of necessary basic health care services;

(b) This lack of basic health care coverage is detrimental to the health of the individuals lacking coverage and to the public welfare, and results in substantial expenditures for emergency and remedial health care, often at the expense of health care providers, health care facilities, and all purchasers of health care, including the state; and

(c) The use of managed health care systems has significant potential to reduce the growth of health care costs incurred by the people of this state generally, and by low-income pregnant women, and at-risk children and adolescents who need greater access to managed health care.

(3) The purpose of this chapter is to provide or make more readily available necessary basic health care services in an appropriate setting to those persons who lack coverage, at a cost to these persons that does not create barriers to the utilization of necessary health care services. To that end, this chapter establishes a program to be made available to those residents not eligible for medicare or medicaid who share in a portion of the cost (or who pay the full cost) of receiving basic health care services from a managed health care system.

(4) It is not the intent of this chapter to provide health care services for those persons who are presently covered through private employer-based health plans, nor to replace employer-based health plans. However, the legislature recognizes that cost-effective and affordable health plans may not always be available to small business employers. Further, it is the intent of the legislature to expand, wherever possible, the availability of private health care coverage and to discourage the decline of employer-based coverage.

(5) It is the purpose of this chapter to acknowledge the initial success of this program that has (i) assisted thousands of families in their search for affordable health care; (ii) demonstrated that low-income, uninsured families are willing to pay for their own health care coverage to the extent of their ability to pay; and (iii) proved that local health care providers are willing to enter into a public-private partnership as a managed care system.

(6) (A) The legislature intends to extend an option to enroll to certain citizens above two hundred percent of the federal poverty level within the state who reside in communities where the plan is operational and who collectively or individually wish to exercise the opportunity to enroll in health care coverage through the basic health plan if the plan is made available to them.

(B) It is the intent of the legislature to allow employers and other financial sponsors to financially assist such individuals to purchase health care coverage through the program so long as such purchase does not result in a lower standard of coverage for employees.

(C) The legislature intends that the extent of available funds be available throughout Washington state (to subsidized and nonsubsidized enrollees). It is also the intent of the legislature to enroll subsidized enrollees first, to the maximum extent feasible.

(D) The legislature directs that the basic health plan administrator identify enrollees who are likely to be eligible for medical assistance and assist these individuals in applying for and receiving medical assistance. When possible, the administrator and the department of social and health services shall implement a seamless system to coordinate eligibility determinations and benefit coverage for enrollees of the basic health plan and medical assistance recipients.

Sec. 2. RCW 70.47.020 and 2000 c 79 s 43 are each amended to read as follows:

As used in this chapter:

1. "Washington basic health plan" or "plan" means the system of enrollment and payment for basic health care services, administered by the plan administrator through participating managed health care systems, created by this chapter.

2. "Administrator" means the Washington basic health plan administrator, who also holds the position of administrator of the Washington state health care authority.

3. "Loss ratio" means incurred claims expense as a percentage of rate charged.

4. "Managed health care system" means: (a) Any health care organization, including health care providers, insurers, health care service contractors, or any combination thereof, that provides basic health care services, as defined by the administrator and rendered by duly licensed providers, to a defined patient population enrolled in the plan and in the managed health care system; or (b) a self-funded or self-insured method of providing insurance coverage to enrollees provided under RCW 41.05.140 and subject to the limitations under RCW 70.47.100(2a).

5. "Eligible person" means an individual, or an individual's spouse or dependent children: (a) Who is not eligible for medicare or medicaid, other than the basic health plus or maternity benefits program; (b) Who is not confined or residing in a government-operated institution, unless he or she meets eligibility criteria adopted by the administrator for in consultation with appropriate state and local government agencies; (c) Who applies for coverage prior to the effective date of this act or is a United States citizen or legally admitted for permanent residence; (d) Who resides in an area of the state served by a managed health care system participating in the plan; and (e) His or her gross family income (at the time of enrollment) does not exceed two hundred percent of the federal poverty level as a lesser amount as determined annually by the federal department of health and human services; and (f) Whose family assets do not exceed an amount established by the administrator in rule; and (g) Who chooses to obtain basic health care coverage from a particular managed health care system in return for periodic payments to the plan. (To the extent that state funds are specifically appropriated for this purpose, with a corresponding federal match, "subsidized enrollee" also means an individual, or an individual's spouse or dependent children, who meets the requirements in (a) through (c) and (e) of this subsection and whose gross family income at the time of enrollment is more than two hundred percent, but less than two hundred fifty-one percent, of the federal poverty level adjusted for family size and determined annually by the federal department of health and human services.

6. "Subsidy" means the difference between the amount of periodic payment the administrator makes to a managed health care system on behalf of (i) an enrollee, and the administrative cost to the plan of providing the plan to that (ii) enrollee, and (iii) determined to be the (subsidized) enrollee's responsibility under RCW 70.47.060(2). The level of subsidy provided may be based on the lowest cost plans, as defined by the administrator.

7. "Premium" means a periodic payment, based upon gross family income which an individual, their employer, or another financial sponsor makes to the plan as consideration for enrollment in the plan as (i) an enrollee or a nonsubsidized enrollee, an enrollee.

8. "Rate" means the amount, negotiated by the administrator with and paid to a participating managed health care system, that is based upon the enrollment of (i) subsidized and nonsubsidized enrollees in the plan and in that system.

Sec. 3. RCW 70.47.030 and 1995 2nd sp.s. c 18 s 913 are each amended to read as follows:

(4) The basic health plan trust account is hereby established in the state treasury. Any nongeneral fund-state funds collected for this program shall be deposited in the basic health plan trust account and may be expended without further appropriation. Moneys in the account shall be used exclusively for the purposes of this chapter, including payments to participating managed health care systems on behalf of enrollees in the plan and payment of costs of administering the plan.

(6) During the 1995-97 fiscal biennium, the legislature may transfer funds from the basic health plan trust account to the state general fund.
(2) The basic health plan subscription account is created in the custody of the state treasurer. All receipts from amounts due from or on behalf of subsidized enrollees and nonsubsidized enrollees shall be deposited into this account or the separate accounts created in this section or that may be created from time to time for the purposes of this chapter, including payments to participating managed health care systems on behalf of nonsubsidized enrollees in the plan and payment of costs of administering the plan. The account is subject to allotment procedures under chapter 43.88 RCW, but no appropriation is required for expenditures.

(3) The administrator shall take every precaution to see that none of the funds in the separate accounts created in this section or that any premium payments other than by subsidized or nonsubsidized enrollees are commingled in any way, except that the administrator may combine funds designated for administration of the plan in a single administrative account.

Sec. 4. RCW 70.47.040 and 1993 c 492 s 211 are each amended to read as follows:

(4) To limit the payment of subsidies to subsidized enrollees, as defined in RCW 70.47.020.

(5) To limit the payment of subsidies to subsidized enrollees, as defined in RCW 70.47.020. The level of subsidy provided to persons who qualify may be based on the lowest cost plans, as defined by the administrator.

Sec. 5. RCW 70.47.060 and 2001 c 196 s 13 are each amended to read as follows:

The administrator shall:

(1) (G) Design and (from time to time) periodically revise a schedule of covered (basic health care) services pursuant to section 8 of this act, including physician services, hospital services, prescription drugs and medications, and other services that may be necessary for basic health care. NEW SECTION. Sec. 8. A new section is added to chapter 70.47 RCW to read as follows:

(4) Include a separate schedule of basic health care services for those eighteen years of age and younger; and

(5) Structure enrollee cost-sharing to discourage inappropriate utilization, encourage enrollee responsibility including the use of cost-effective services and products, and promote quality care. In contracting with a participating managed health care system, the administrator shall:

"NEW SECTION. Sec. 1. (1) Because of the possibility of a disaster of unprecedented size and destruction, including acts of domestic terrorism and civil unrest, that requires law enforcement response for the protection of persons or property and preservation of the peace, the need exists to ensure that the state is adequately prepared to respond to such an incident. There is a need to (a) establish a mechanism and a procedure to provide for reimbursement to law enforcement agencies that respond to help others in time of need, and to host law enforcement agencies that experience expenses beyond the resources of the agencies; and (b) generally to protect the public safety, peace, health, lives, and property of the people of Washington.

(2) It is hereby declared necessary to:
(a) Provide the policy and organizational structure for large-scale mobilization of law enforcement resources in the state, using the incident command system, through creation of the Washington state law enforcement mobilization plan;
(b) Confer upon the chief of the Washington state patrol the powers provided in this chapter;
(c) Provide a means for reimbursement to law enforcement jurisdictions that incur expenses when mobilized by the chief under the Washington state law enforcement mobilization plan; and
(d) Provide for reimbursement of the host law enforcement agency when it has:
(i) Exercised all of its resources and emergency planning procedures;
(ii) Invoked its local mutual aid network and exhausted those resources.

NEW SECTION. Sec. 2. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Agency" means any general purpose law enforcement agency as defined in RCW 10.93.020.
(2) "Board" means the state law enforcement mobilization policy board.
(3) "Chief" means the chief of the Washington state patrol.
(4) "Chief law enforcement officer" means the chief of police or sheriff responsible for law enforcement services in the jurisdiction in which the emergency is occurring.
(5) "General authority Washington peace officer” means a general authority Washington peace officer as defined in RCW 10.93.020.
(6) "Host agency" means the law enforcement agency that requests statewide mobilization under sections 2 through 7 of this act.
(7) "Mobilization" means a redistribution of regional and statewide law enforcement resources in response to an emergency or disaster situation.
(8) "Mutual aid" means emergency interagency assistance provided without compensation pursuant to an agreement under chapter 39.34 RCW.
(9) "Resource coordination" means the effort to locate and arrange for the delivery of resources needed by chief law enforcement officers.
(10) "State law enforcement resource coordinator” means a designated individual or agency selected by the chief to perform the responsibilities of that position.

NEW SECTION. Sec. 3. (1) The state law enforcement mobilization policy board shall be established by the chief and shall have representatives from each of the regions established in section 6 of this act. In carrying out its duty, the board shall consult with and solicit recommendations from representatives of the state and local law enforcement and emergency management organizations, and regional law enforcement mobilization committees.
(2) The board shall establish and make recommendations to the chief on the refinement and maintenance of the Washington state law enforcement mobilization plan, including the procedures to be used during an emergency or disaster response requiring coordination of local, regional, and state law enforcement resources.
(3) The chief shall review the Washington state law enforcement mobilization plan, as submitted by the board, recommend changes as necessary, and may approve the plan. The plan shall be consistent with the Washington state comprehensive emergency management plan. The chief may recommend the plan for inclusion within the state comprehensive emergency management plan established under chapter 38.52 RCW.

NEW SECTION. Sec. 4. (1) Local law enforcement may request mobilization only in response to an emergency or disaster exceeding the capabilities of available local resources and those available through existing mutual aid agreements. Upon finding that the
local jurisdiction has exhausted all available resources, it is the responsibility of the chief to determine whether mobilization is the appropriate response to the emergency or disaster and, if so, to mobilize jurisdictions under the Washington state law enforcement mobilization plan.

(2) Upon mobilization, the chief shall appoint a state law enforcement resource coordinator, and an alternate, who shall serve jointly with the chief law enforcement officer from the host agency to command the mobilization effort consistent with incident command system procedures.

(3) Upon mobilization, all law enforcement resources including those of the host agency and those that responded earlier under an existing mutual aid or other agreement shall be mobilized. Mobilization may include the redistribution of regional or statewide law enforcement resources to either direct emergency incident assignments or to assignments in communities where law enforcement resources are needed.

(4) For the duration of the mobilization:
(a) Host agency resources shall become state law enforcement mobilization resources, under the command of the state law enforcement resource coordinator and the chief law enforcement officer from the host agency, consistent with the state law enforcement mobilization plan and system procedures;
(b) All law enforcement authorities providing resources in response to a mobilization declaration shall be eligible for expense reimbursement as provided by this chapter.

(5) The chief, in consultation with the regional law enforcement resource coordinator, shall determine when mobilization is no longer required and shall then declare the end to the mobilization.

NEW SECTION. Sec. 5. (1) The state law enforcement resource coordinator, or alternate, shall serve in that capacity for the duration of the mobilization.

(2) The duties of the coordinator are to:
(a) Coordinate the mobilization of law enforcement and other support resources within a region;
(b) Be primarily responsible for the coordination of resources in conjunction with the regional law enforcement mobilization committees, in the case of incidents involving more than one region or when resources from more than one region must be mobilized; and
(c) Advise and consult with the chief regarding what resources are required in response to the emergency or disaster and in regard to when the mobilization should end.

(2) Within each of the regions there is created a regional law enforcement mobilization committee. The committees shall consist of the sheriff of each county in the region, the district commander of the Washington state patrol from the region, a number of police chiefs within the region equivalent to the number of counties within the region plus one, and the director of the counties' emergency management office. The police chief members of each regional committee must include the chiefs of police of each city of ninety-five thousand or more population, and the number of members of the committee shall be increased if necessary to accommodate such chiefs. Members of each regional mobilization committee shall select a chair, who shall have authority to implement the regional plan, and a secretary as officers. Members serving on the regional mobilization committees shall not be eligible for reimbursement for meeting-related expenses from the state.

(3) The regional mobilization committees shall work with the relevant local government entities to facilitate development of intergovernmental agreements if any such agreements are required to implement a regional law enforcement mobilization plan.

(4) Regional mobilization committees shall develop regional law enforcement mobilization plans that include provisions for organized law enforcement agencies to respond across municipal, county, or regional boundaries. Each regional mobilization plan shall be consistent with the incident command system, the Washington state law enforcement mobilization plan, and regional response plans adopted prior to the effective date of this act.

(5) Each regional plan, adopted under subsection (4) of this section shall be approved by the state law enforcement mobilization policy board before implementation.

NEW SECTION. Sec. 7. The state patrol in consultation with the Washington association of sheriffs and police chiefs and the office of financial management shall develop procedures to facilitate reimbursement to jurisdictions from funds appropriated specifically for this purpose when jurisdictions are mobilized under the Washington state law enforcement mobilization plan.

If the activities are conducted both within and without this state, the amount of tax on such person shall be equal to the apportioned gross income of the business multiplied by the rate of 0.275 percent. The apportioned gross income shall be calculated by multiplying the apportionable income by a fraction, the numerator of which is the sum of the property factor, if any, the payroll factor, if any, and the sales factor, if any, and the denominator of which is three reduced by the number of factors that have a denominator of zero. The Vice President Pro Tempore declared the question before the Senate to be the adoption of the striking amendment by Senator Betti Sheldon to Senate Bill No. 5517.

The motion by Senator Betti Sheldon carried and the striking amendment was adopted.

MOTIONS

On motion of Senator Rossi, the following title amendment was adopted:

On page 1, line 1 of the title, after "Relating to" strike the remainder of the title and insert "clarifying the apportionment of business and occupation taxes on travel agent or tour operator businesses conducted both within and outside the state; and amending RCW 82.04.260." On motion of Senator Rossi, the rules were suspended, Engrossed Senate Bill No. 5517 was advanced to third reading, the second reading considered the third and the bill was placed on final passage.

POINT OF INQUIRY

Senator Rossi: "Under the provisions of Engrossed Senate Bill No. 5517, the Department of Revenue will utilize a three factor formula for the apportionment of B & O taxation for the travel agent/tour operator classification contained in RCW 82.04.260 (7). How will this formula determine how sales, that are included in the sales factor of the three factor formula, be allocated between the various states?"

Senator Betti Sheldon: "It is the intent of Engrossed Senate Bill No. 5517 that when apportioning income under RCW 82.04.260 (7), the sales factor as it applies to travel agents and tour operators and is referred in RCW 82.56 will be sourced to the physical location where the ticket for the tour is sold. Further, the intention is that for this purpose, the location of the sale of the tour shall be the primary physical location the traveler’s travel agent uses to complete the sale and if no travel agent is involved and the sale is made via telephone, fax, internet or through any other electronic telecommunication, the principal residence of the traveler will be deemed the location of the sale. The bill also intends that if the Department of Revenue requires an alternative apportionment method, as is referred to in Engrossed Senate Bill No. 5517, that the sale shall always be sourced to the primary physical location of the traveler’s travel agent, or if there is no travel agent and the sale is made via telephone, fax, internet or through any other electronic telecommunication, to the traveler’s principal residence. Finally, Engrossed Senate Bill No. 5517 envisions the Department of Revenue to implement a rule that is consistent with the intent of this amendatory act."

PERSONAL PRIVILEGE

Senator Hale: “A point of personal privilege, Mr. President. Good morning, Lads and Lassies of the Senate. It is my pleasure to wish you all a Happy St. Paddie’s Day. As a granddaughter of Mattie O’Neil, I feel very strongly about this day, as does my colleague, the Senator from Ireland there. Mr. President, you were not here yesterday when the President Pro Tempore directed a number of us to deliver something green to the body. I have the privilege to do that today. So, I say to the Sons of the Sod--I like that--and the lovely ladies of the Senate, Happy St. Patrick’s Day.”

CONFIRMATION OF GUBERNATORIAL APPOINTMENTS

MOTION

On motion of Senator Esser, Gubernatorial Appointment No. 9082, Don Mukai, as a member of the Board of Trustees for Lake Washington Technical College District No. 26, was confirmed

The Secretary called the roll. The appointment was confirmed by the following vote: Yeas, 47; Nays, 0; Absent, 0; Excused, 2.

PERSONAL PRIVILEGE

Senator Deccio: “A point of personal privilege, Mr. President. Every year, on St. Patrick’s Day--so called--I have to straighten everybody out on the truth. It seems the Irish were having trouble driving all the snakes out of Ireland. I don’t know why; maybe they were confused. Sann Patriciao, an Italian Bishop, moved north to Ireland and because the Irish were so discriminating, he had to change his name to St. Patrick. He is really the one who did the job, so next year we are going to have green spaghetti.”

POINT OF INQUIRY

Senator Hale: “Senator Deccio, is it true that those snakes went to Italy?”
Senator Deccio: “They left and came back again.”

MOTION

On motion of Senator Carlson, Gubernatorial Appointment No. 9083, Erin Mundinger, as a member of the State Board for Community and Technical Colleges, was confirmed.

APPOINTMENT OF ERIN MUNDINGER

The Secretary called the roll. The appointment was confirmed by the following vote: Yeas, 47; Nays, 0; Absent, 0; Excused, 2.

PERSONAL PRIVILEGE

Senator Spanel: “A point of personal privilege, Mr. President. I would ask for a moment of silence for Rachel Corrie, the Evergreen State College student, who was killed in Gaza over the weekend. Her brother-in-law is Kelly Simpson on the Highways and Transportation Committee staff, and her family is known by many of our staff. So, I would just ask for a moment of silence.”

MOMENT OF SILENCE

The members of the Senate stood for a moment of silence in memory of Rachel Corrie.

PERSONAL PRIVILEGE

Senator Shin: “A point of personal privilege, Mr. President. Last night, the Madam President Pro Tempore asked us to come prepared for an Irish Day Festivity today. O’Shin, I presume to be referring to my younger brother over there and myself. I am an Irish man made in Korea, recycled in the United States, so instead I decided to celebrate this today. This is the USS O’Brien—let me give you a little history lesson on the commemoration of the bicentennial anniversary in United States History. This is a US Naval ship named, O’Brien, DD 975, in honor of Jeremiah O’Brien, who was born in 1744 and died in 1818—an American Irishman from Maine, who led the first naval battle in the American Revolutionary War on June 12, 1775. It is fitting that we honor him today.

‘Also, I don’t know if you folks saw this TV program or not—in 1985—President Ronald Reagan of the United States, Canadian Prime Minister, Brian Mulroney—those two stood between the US and Canada Border, shaking hands and they sang together ‘When Irish Eyes are Smiling.’ That brought tears to my eyes. President Reagan said, ‘In the nineteenth century, we were almost slaves, we were a British Colony. Today, we stand as leaders of two great nations, singing ‘When Irish Eyes are Smiling.’ I though this was fitting for American history.’

SECOND READING

SENATE BILL NO. 5692, by Senators Carlson, Hargrove, Esser, Parlette, Kohl-Welles, McAuliffe and Rasmussen

Establishing a 211 network.

MOTIONS

On motion of Senator Carlson, Substitute Senate Bill No. 5692 was substituted for Senate Bill No. 5692 and the substitute bill was placed on second read and read the second time.

On motion of Senator Carlson, the following striking amendment was adopted:

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. FINDINGS. The legislature finds that the implementation of a single easy to use telephone number, 211, for public access to information and referral for health and human services and information about access to services after a natural or nonnatural disaster will benefit the citizens of the state of Washington by providing easier access to available health and human services, by reducing inefficiencies in connecting people with the desired service providers, and by reducing duplication of efforts. The legislature further finds in a time of reduced resources for providing health and human services that establishing a cost-effective means to continue to provide information to the public about available services is important. The legislature further finds that an integrated statewide system of local information and referral service providers will build upon an already existing network of experienced service providers without the necessity of creating a new agency, department, or system to provide 211 services. The legislature further finds that no funds should be appropriated by the legislature to a 211 system under this act without receiving documentation that a 211 system will provide savings to the state.

NEW SECTION. Sec. 2. 211 SYSTEM. 211 is created as the official state dialing code for public access to information and referral for health and human services and information about access to services after a natural or nonnatural disaster.

NEW SECTION. Sec. 3. DEFINITIONS. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) “Department” means the department of social and health services.

(2) “WIN 211” means the Washington information network 211, a 501(c)(3) corporation incorporated in the state of Washington.

(3) “Approved 211 service provider” means a public or nonprofit agency or organization designated by WIN 211 to provide 211 services.

(4) “211 service area” means an area of the state of Washington identified by WIN 211 as an area in which an approved 211 service provider will provide 211 services.

(5) “211” means the abbreviated dialing code assigned by the federal communications commission on July 21, 2000, for consumer access to community information and referral services.

NEW SECTION. Sec. 4. NEW INFORMATION SERVICES. Before a state agency or department that provides health and human services establishes a new public information telephone line or hotline, the state agency or department shall consult with WIN 211 about using the 211 system to provide public access to the information.

On motion of Senator Carlson, Substitute Senate Bill No. 5692 was substituted for Senate Bill No. 5692 and the substitute bill was placed on second read and read the second time.

The legislature further finds that no funds should be appropriated by the legislature to a 211 system under this act without receiving documentation that a 211 system will provide savings to the state.

Yeas, 47; Nays, 0; Absent, 0; Excused, 2.

SUBSTITUTE SENATE BILL NO. 5828, having received the constitutional majority, was declared passed. There being no objection, the title of the bill will stand as the title of the act.
NEW SECTION. Sec. 5. 211 SERVICES. Only a service provider approved by WIN 211 may provide 211 telephone services. WIN 211 shall approve 211 service providers, after considering the following:
(1) The ability of the proposed 211 service provider to meet the national 211 standards recommended by the alliance of information and referral systems and adopted by the national 211 collaborative on May 5, 2000;
(2) The financial stability and health of the proposed 211 service provider;
(3) The community support for the proposed 211 service provider;
(4) The relationships with other information and referral services; and
(5) Such other criteria as WIN 211 deems appropriate.

NEW SECTION. Sec. 6. 211 ACCOUNT. The 211 account is created in the state treasury. Moneys in the account may be spent only after appropriation. The 211 account shall include any funding for this purpose appropriated by the legislature, private contributions, and all other sources. Expenditures from the 211 account shall be used only for the implementation and support of the 211 system.

NEW SECTION. Sec. 7. USE OF MONEYS FOR PROJECTS AND ACTIVITIES IN SUPPORT OF 211—ELIGIBLE ACTIVITIES. (1) WIN 211 shall study, design, implement, and support a statewide 211 system.
(2) Activities eligible for assistance from the 211 account include, but are not limited to:
(a) Creating a structure for a statewide 211 resources data base that will meet the alliance for information and referral systems standards for information and referral systems data bases and that will be integrated with local resources data bases maintained by approved 211 service providers;
(b) Developing a statewide resources data base for the 211 system;
(c) Maintaining public information available from state agencies, departments, and programs that provide health and human services for access by 211 service providers;
(d) Providing grants to approved 211 service providers for the design, development, and implementation of 211 for its 211 service area;
(e) Providing grants to approved 211 service providers to enable 211 service providers to provide 211 service on an ongoing basis; and
(f) Providing grants to approved 211 service providers to enable the provision of 211 services on a twenty-four-hour per day seven-day a week basis.

NEW SECTION. Sec. 8. REPORTING. WIN 211 shall provide an annual report to the legislature and the department beginning July 1, 2004.

NEW SECTION. Sec. 9. CAPTIONS NOT LAW. Captions used in this chapter are not part of the law.

NEW SECTION. Sec. 10. SEVERABILITY. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 11. EFFECTIVE DATE. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect July 1, 2003.

NEW SECTION. Sec. 12. Sections 1 through 11 of this act constitute a new chapter in Title 43 RCW.

On motion of Senator Deccio, Substitute Senate Bill No. 5904 was substituted for Senate Bill No. 5904 and the substitute bill was placed on second reading and read the second time.

Senator Franklin moved that the following amendments be considered simultaneously and be adopted:

On page 1, after line 15, insert the following:

"The legislature further finds that prescription drugs play an increasingly significant role in maintaining and improving the health of Washington residents. But the cost of these drugs is placing a growing strain on state health care programs. For those people not covered by these programs, or otherwise uninsured, the high cost may limit their access to medications altogether. However, by maximizing its purchasing power and taking better advantage of its position as a major buyer of prescription drugs, the state should reduce the price it pays for such drugs across all state programs, and offer some relief to others in need who lack prescription drug coverage. To further this purpose, the legislature intends to create the aggregate Purchasing Prescription Drug Discount Program."7

"Wholesaler" means a corporation, individual, or other entity that buys drugs or devices for resale and distributes the drugs or devices to corporations, individuals, or entities other than consumers.

"Manufacturer" means anyone who is engaged in manufacturing, preparing, propagating, compounding, processing, packaging, repackaging, or labeling a drug. However, a pharmacist compounding drugs to be dispensed from the pharmacy in which the drugs are compounded pursuant to prescriptions for individual patients is not a manufacturer.

"Supplier" means a wholesaler or manufacturer.

No later than July 1, 2004, the health care authority must implement a program to aggregate the purchase of prescription drugs from suppliers for prescription drug programs in this state, to be known as the “aggregate purchasing prescription drug discount program.” The authority may contract with an outside manager to administer this program, which includes the following components:

(1) Price discounts on prescription drugs negotiated by the health care authority or manager with prescription drug suppliers on behalf of prescription drug programs in this state.

(2) A means to make the negotiated price discounts available to any person who is:

(a) A resident of the state of Washington;
(b) Ineligible for medicaid prescription benefits; and
(c) Ineligible for, or not receiving, or both, a prescription drug benefit under a medicare supplemental policy or any other third-party payer prescription benefit; and
(d)(i) At least fifty-five years old; or
(ii) Between the ages of sixteen and fifty-four who is otherwise eligible for benefits under Title II of the social security act (federal old-age, survivors, and disability insurance benefits).

POINT OF ORDER

Senator Deccio: “A point of order, Mr. President. I think the amendments by Senator Franklin are out of the scope and object of the bill. The bill specifically deals with an act relating to prescription drug assistance programs for seniors. Remember, this bill came out of committee with all members of the committee signing it off. I don’t understand now how—”

President Owen: “Senator Deccio, you are going beyond the arguments on the scope and object of the bill. Senator Franklin, do you wish to respond?”

REMARKS BY SENATOR FRANKLIN

Senator Franklin: “Thank you, Mr. President. I do not believe that these amendments are beyond the scope and object of this bill. It says, ‘Age fifty-five.’ There was no opposition and now all of a sudden, it is beyond the scope and object—”

President Owen: “Senator Franklin, your remarks are not relative to the appropriateness of the amendments to the bill.”

There being no objection, further consider of the amendments was deferred.

MOTION

Senator Brown moved that the following amendment be adopted:

Beginning on page 1, line 16, strike all of section 2 and insert the following:

NEW SECTION. Sec. 2. A new section is added to chapter 74.09 RCW to read as follows:

(1) To the extent funds are appropriated specifically for this purpose, and subject to any conditions placed on appropriations made for this purpose, the department shall design the medicaid prescription drug assistance program. Neither the benefits of, nor eligibility for, the program is considered to be an entitlement.

(2) The department is directed to obtain necessary federal waivers to implement this program. Consistent with federal waiver conditions, the department is authorized to charge enrollment fees, premiums, or point-of-service cost-sharing to enrollees of the program.
(3) Eligibility for this program is limited to persons: (a) Who are eligible for medicare or age sixty-five and older; (b) whose family income does not exceed two hundred percent of the federal poverty level as adjusted for family size and determined annually by the federal department of health and human services; (c) who do not otherwise have insurance that provides prescription drug coverage; and (d) who are not otherwise eligible under Title XIX of the federal social security act.

(4) The department is authorized to use a cost-effective prescription drug benefit design. Consistent with federal waiver conditions, this benefit design can be different than the benefit design offered under the medical assistance program. The benefit design may include a deductible benefit that provides coverage when enrollees incur higher prescription drug costs as defined by the department. The department also may offer more than one benefit design.

(5) The department is authorized to limit enrollment of persons who qualify for the program so as to prevent an overexpenditure of appropriated funds, for this program or to assure necessary compliance with federal waiver budget neutrality requirements. The department shall not reduce existing medical assistance program eligibility or benefits to assure compliance with federal waiver budget neutrality requirements.

(6) No funds from an approved federal waiver that allows for the collection of premiums from medicaid clients will be used to finance the medicaid prescription drug assistance program.

(7) This program will be terminated within twelve months after implementation of a prescription drug benefit under Title XVIII of the social security act.

(8) The department shall provide recommendations to the appropriate committees of the senate and house of representatives by November 15, 2003, on financing options available to support the medicaid prescription drug assistance program. In recommending financing options, the department shall explore every opportunity to maximize federal funding to support the program."

Debate ensued.

Senator Betti Sheldon demanded a roll call and the demand was sustained.

The President declared the question before the Senate to be the roll call on the adoption of the amendment by Senator Brown on page 1, line 16, to Substitute Senate Bill No. 5904.

ROLL CALL

Senator Rasmussen moved that the following amendment be adopted:

Beginning on page 2, line 37, after “those” strike all material through “purchases, to” on page 3, line 1 and insert “negotiated for its preferred prescription drugs, pursuant to the process established in section 4 of this act. The price discounts negotiated as a result of this process shall”

On page 3, after line 13, insert the following:

“NEW SECTION. Sec. 4. A new section is added to chapter 41.05 RCW to read as follows:

The administrator shall establish a pharmacy and therapeutics committee to identify its preferred drugs.

1) The pharmacy and therapeutics committee shall be comprised of practicing licensed physicians, other practicing licensed health professionals with prescriptive authority, practicing licensed pharmacists, and pharmacoeconomists. At least one licensed health professional with prescriptive authority and one pharmacist must have demonstrated experience in serving women, children, and people of color. The membership composition must be consistent with applicable federal requirements under Title XIX of the federal social security act to allow full participation by the department of social and health services or other state agencies in activities under this act.

2) The pharmacy and therapeutics committee shall review nationally recognized therapeutic drug classes. The committee must use an evidence-based process that evaluates the efficacy of prescription drugs, considering safety, efficacy, likelihood of compliance, quality, and any unique impacts on specific populations based upon factors such as sex, age, ethnicity, race, or disability. For each therapeutic class reviewed, the committee must identify the prescription drugs that are most clinically effective, and if applicable, equally effective. Decisions of the pharmacy and therapeutics committee regarding the clinical effectiveness of drugs within a therapeutic class are binding on the administrator.

3) Members of the pharmacy and therapeutics committee are immune from civil liability for any official acts performed in good faith as members of the committee.

NEW SECTION. Sec. 5. A new section is added to chapter 41.05 RCW to read as follows:

State-purchased health care programs shall adopt any preferred drug list established by the administrator for the price discount program components of their programs that purchase prescription drugs directly or through reimbursement of retail pharmacies consistent with the scope of benefits offered through those programs. In administering prescription drug benefits under state-purchased health care programs, agencies shall honor an endorsing prescriber’s direction to dispense a prescription drug as written on the prescription order or to continue therapy with the drug classes included in section 4 of this act.

Renumber the remaining sections consecutively and correct any internal references accordingly.

POINT OF ORDER

Senator Deccio: “A point of order, Mr. President. I challenge scope and object on this amendment. The bill relates specifically to prescription drugs for seniors. This amendment establishes a preferred drug list for all agencies, regardless of whether is just L & I, etc. It also deals with the issue of ‘dispense written,’ which is outside the scope and object of the bill. So, I would challenge on that basis.” Senator Brown: “Mr. President, I believe this amendment is well within the scope of the bill. The amendment, essentially, directs the Health Care Authority—as I understand it—it is already well within their authority to put together something such as a preferred drug list which would enable seniors to obtain benefits and discounts. What this amendment simply does is direct them to do that in such a way that preserves the physician’s ability to direct specific prescription drugs and to have a convenient non-bureaucratic way to override the list—should it be put in place. I think this fits well within the idea of obtaining additional prescription drug benefits for seniors.”

There being no objection, further consideration of the amendment was deferred.
MOTION

Senator Deccio moved that the following amendments by Senator Deccio and Thibaudeau be considered simultaneously and be adopted:

On page 3, beginning on line 1, after "resident" strike all material through "businesses." on line 5, and insert ":

(b) Who does not otherwise have insurance that provides prescription drug coverage; and

(c) Who is: (i) At least fifty years old; or (ii) between the ages of nineteen and forty-nine and is otherwise eligible for benefits under Title II of the social security act, federal old age, survivors, and disability insurance benefits."

On page 3, beginning on line 6, after "program" strike "a reasonable" and insert "an"

The members on this side of the aisle have already seen it--but back here in our caucus there is a banner--it is on the wall. I invite you to go back and take a look at it. This is a banner inviting you to join us tomorrow and we are asking that everyone sign it. It is going to be given to our National Guard leadership here in the state. POINT OF INQUIRY

Senator Benton: “Senator Oke, in your speech, you referred to coupons. My question is, ‘does this bill outlaw the distribution of coupons for tobacco products?’”

Senator Oke: “That is a good question, Senator. I know that they pass them out, but this, I don’t believe would outlaw coupons. It would outlaw sampling and I don’t believe that coupons would be sampling. We can take that to the lawyers and check that out, but my intent is that the need for coupons is not there. The effect of this bill would end sampling.”

Senator Benton: “Let me follow up on this. Is it, under current law, against the law to distribute samples to minors?”

Senator Oke: “The answer to that question is ‘yes.’ Unfortunately, as I said, with all the sampling going on, we don’t have the people out there to make sure that is not occurring. I have enough testimony over the two or three years that I have worked this issue that I know that these samples get into the hands of our children.”

Voting nay: Senators Honeyford and Regala - 2.

SUBSTITUTE SENATE BILL NO. 5457, having received the constitutional majority, was declared passed. There being no objection, the title of the bill will stand as the title of the act.

There being no objection, the Senate resumed consideration of Substitute Senate Bill No. 5904 and the pending amendments by Senator Franklin on page 1, line 15, and page 5, after line 12, and the pending amendments by Senator Rasmussen on page 2, line 37, and page 3, line 13, deferred earlier after a scope and object challenge on the amendments.

RULINGS BY THE PRESIDENT

President Owen: “In ruling upon the points of order raised by Senator Deccio as to the scope and object of the amendments by Senator Franklin on page 1, line 15, and page 5, after line 12, and the amendments by Senator Rasmussen on page 2, line 37, and page 3, line 13 to Substitute Senate Bill No. 5904, the President finds and rules as follows:

“With respect to the amendments by Senator Franklin, the President finds that Substitute Senate Bill 5904 is a bill that provides several means to reduce the cost of prescription drugs to the residents of the state of Washington. While major sections of the bill provide programs limited to low-income elderly residents, other sections of the bill are clearly applicable to all residents, regardless of age or income level.

“The amendments by Senator Franklin would expand eligibility for participation in the discount purchase program set forth in the underlying bill and also add further definitions to that program. In previous rulings, the President has allowed amendments which change or further define the class of persons eligible for programs or benefits set forth in a bill. In keeping with these rulings, the President finds that the amendments by Senator Franklin simply expand upon the class of persons eligible for one of the programs set forth in the underlying bill and is within the scope and object of Substitute Senate Bill 5904.

“The President, therefore, finds that the amendments by Senator Franklin on page 1, line 15, and page 5, after line 12, to Substitute Senate Bill No. 5904 to be within the scope and object of the underlying bill.”

President Owen: “In ruling upon the points of order raised by Senator Deccio as to the scope and object of the amendments by Senator Franklin on page 2, line 37, and page 3, line 13 to Substitute Senate Bill No. 5904, the President finds and rules as follows:

“With respect to the amendments by Senator Rasmussen, the President finds that the amendments would create a totally new committee to create a new program not in the underlying bill. Moreover, Section 5 of the amendment addresses the practice of medicine in a way which is not related to the programs in the underlying measure, which are aimed at reducing the costs of prescription drugs.

“For these reasons, the President, therefore, finds that the amendments by Senator Rasmussen to be outside the scope and object of Substitute Senate Bill 5904 and the point is well taken.”

The President ruled that the amendments by Senator Franklin on page 1, line 15, and page 5, line 12, to Substitute Senate Bill No. 5904 to be in order.

The President ruled that the amendments by Senator Rasmussen on page 2, line 37, and page 3, after line 13 to be out of order.

The President declared the question before the Senate to be the adoption of the amendments by Senator Franklin on page 1, line 15, and page 5, line 12, to Substitute Senate Bill No. 5904.

Debate ensued.

PARLIAMENTARY INQUIRY

Senator Franklin: “A parliamentary inquiry, Mr. President. May I ask a question in regards to closing debate since I was the sponsor of the amendments?”

RULING BY THE PRESIDENT

President Owen: “Senator Franklin, the President has already allowed you to speak.”

Senator Franklin: “I don’t want to.”

President Owen: “Asking a question is not allowed in the limit of time for debate. If I remember the rule correctly that would be just another form in participating in the debate. If someone else wants to ask a question, that is a different story.”

Senator Franklin: “So the maker of the amendment--”

President Owen: “Senator Franklin, the President believes that you have done that. I have been trying to be flexible in allowing people to speak again and I think that we accomplished that. Other members that have not spoken before still may
Speaking if they wish to do so. Asking a question is—\textit{you want to ask another member a question or do you want to ask me a question? Well, that is perfectly all right.}”

Senator Franklin: “Thank you. I am glad that we now understand each other. I wanted to ask you a question.”

President Owen: “Some days, I am a little slower than others.”

Senator Franklin: “Thank you, Mr. President. Since I was the maker of the amendments, I thought that it was then that I was the one to make the closing debate and that was it and not a speech from another member.”

President Owen: “Senator Franklin, the rule was established to allow you to close debate. In other words, you would be able to open debate and you would be able to close debate. However, that does not prohibit a person who has not spoken from being able to speak. It is up to you to anticipate, somehow, when the last speaker has spoken and then for you to complete debate. I am sorry that does not automatically cut off debate.”

Further debate ensued.

A roll call on the amendments had been requested when under consideration earlier in the day.

The President declared the question before the Senate to be the roll call on the adoption of the amendments by Senator Franklin on page 1, line 15, and page 5, after line 12, to Substitute Senate Bill No. 5904.

ROLL CALL

The Secretary called the roll and the amendments were not adopted by the following vote: Yeas, 23; Nays, 26; Absent, 0; Excused, 0.

MOTION

Senator Doumit moved that the following amendment be adopted:

On page 1, line 16, strike all of section 2 and insert the following:

\textbf{NEW SECTION. Sec. 1.} A new section is added to chapter 74.09 RCW to read as follows:

(1) To the extent funds are appropriated specifically for this purpose, and subject to any conditions placed on appropriations made for this purpose, the department shall design the medicaid prescription drug assistance program. Neither the benefits of, nor eligibility for, the program is considered to be an entitlement.

(2) The department is directed to obtain necessary federal waivers to implement this program. Consistent with federal waiver conditions, the department is authorized to charge enrollment fees, premiums, or point-of-service cost-sharing to enrollees of the program.

(3) Eligibility for this program is limited to persons: (a) Who are eligible for medicare or age sixty-five and older; (b) whose family income does not exceed one hundred seventy-five percent of the federal poverty level as adjusted for family size and determined annually by the federal department of health and human services; (c) who do not otherwise have insurance that provides prescription drug coverage; and (d) who are not otherwise eligible under Title XIX of the federal social security act.

(4) The department is authorized to use a cost-effective prescription drug benefit design. Consistent with federal waiver conditions, this benefit design can be different than the benefit design offered under the medical assistance program. The benefit design may include a deductible benefit that provides coverage when enrollees incur higher prescription drug costs as defined by the department. The department also may offer more than one benefit design.

(5) The department is authorized to limit enrollment of persons who qualify for the program so as to prevent an overexpenditure of appropriations for this program or to assure necessary compliance with federal waiver neutrality requirements. The department shall not reduce existing existing medical assistance program eligibility or benefits to assure compliance with federal waiver neutrality requirements.

(6) No funds from an approved federal waiver that allows for the collection of premiums from medicaid clients will be used to finance the medicaid prescription drug assistance program.

(7) This program will be terminated within twelve months after implementation of a prescription drug benefit under Title XVIII of the social security act.

(8) The department shall provide recommendations to the appropriate committees of the senate and house of representatives by November 15, 2003, on financing options available to support the medicaid prescription drug assistance program. In recommending financing options, the department shall explore every opportunity to maximize federal funding to support the program.”

Debate ensued.

Senator Betti Sheldon demanded a roll call and the demand was sustained.

Further debate ensued.

POINT OF ORDER

Senator West: “A point of order, Mr. President. The amendment is substantially similar to the previous amendment by Senator Brown. These amendments strike the same section and insert similar words. I believe the body has made this decision by turning down the amendment by Senator Brown. The good gentleman’s amendment would have been appropriate as an amendment to the amendment by Senator Brown, but is not appropriate at this time.”

REPLY BY THE PRESIDENT

President Owen: “Are you raising the point of order that the amendment by Senator Doumit is an issue that has already been decided and may not be decided twice?”

Senator West: “That is correct, Mr. President.”
Debate ensued.

RULING BY THE PRESIDENT

President Owen: “In ruling on the point of order raised by Senator West regarding the amendment by Senator Doumit on page 1, line 16, to Substitute Senate Bill No. 5904, the President finds that Rule 142 of Reed’s Rules states in part, in this case where the previous amendment was defeated: ‘the negative result does not prevent a great variety of subsequent motions to strike out and insert or to strike out or to insert, some of which are as follows’: Then it states a number of different examples. The President believes that the amendment by Senator Doumit is appropriate, and the point is not well taken.”

The President ruled that the amendment by Senator Doumit on page 1, line 16, to be properly before the Senate.

The President declared the question before the Senate to be the roll call on the adoption of the amendment by Senator Doumit on page 1, line 16, to Substitute Senate Bill No. 5904.

ROLL CALL

The Secretary called the roll and the amendment was not adopted by the following vote: Yeas, 24; Nays, 25; Absent, 0; Excused, 0.

Adopting provisions for cooperative watershed management plans.

The bill was read the second time.

MOTION

On motion of Senator Fraser, the following striking amendment by Senators Fraser, Honeyford, Hewitt, Regala and Morton was adopted:

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. The legislature finds that throughout Washington state there are many active efforts to protect, manage, and restore watersheds. The state’s river systems provide a variety of benefits for society’s many needs, so efforts to protect these watersheds should reflect the diversity of social, environmental, and economic factors that make the state unique.
Yet, there is a conflict between the natural flow of river systems and the way watersheds are governed. From a hydrological standpoint, a watershed is a single, integrated system. But these systems usually flow through a number of cities, counties, and other municipalities as they move from their source to the sea. As a result, many are subject to the full range of management interests, including multiple government entities with jurisdiction over water. In many cases, the political boundaries of government do not align with the hydrological boundaries of watersheds and may actually hinder the implementation of coordinated, cooperative plans. Cooperative watershed management actions by local governments, public agencies, and utilities can help maintain health, and utilities can help sustain maximum beneficial use and high quality of water over time and to maintain the services that these entities provide.

Therefore, it is the intent of this act to remove statutory barriers that may prevent local governments from working together in the creation and implementation of cooperative, coordinated watershed plans. In addition, it is the further intent of this act to provide additional authorities to assist in such implementation.

NEW SECTION. Sec. 2. A new section is added to chapter 39.34 RCW to read as follows:

(1) The legislative authority of a city or county and the governing body of any special purpose district enumerated in subsection (2) of this section may authorize up to ten percent of its water-related revenues to be expended in the implementation of watershed management plan projects or activities that are in addition to the county’s, city’s, or district’s existing water-related services or activities. Such limitation on expenditures shall not apply to additional revenues for watershed plan implementation that are authorized by voter approval under section 5 of this act.

(2) Other comprehensive management plans include rates, charges, and fees for the provision of services relating to water supply, treatment, distribution, and management generally, and those general revenues of the local government that are expended for water management purposes. A local government may not expend for this purpose any revenues that were authorized by voter approval for other specified purposes or that are specifically dedicated to the repayment of municipal bonds or other debt instruments.

(3) The following special purpose districts may exercise the authority provided by this section:

(a) Water districts, sewer districts, and water-sewer districts organized under Title 57 RCW;
(b) Public utility districts organized under Title 54 RCW;
(c) Irrigation, reclamation, conservation, and similar districts organized under Titles 87 and 89 RCW;
(d) Port districts organized under Title 53 RCW;
(e) Diking, drainage, and similar districts organized under Title 85 RCW;
(f) Flood control and similar districts organized under Title 86 RCW;
(g) Lake management districts organized under chapter 36.61 RCW;
(h) Aquifer protection areas organized under chapter 36.36 RCW and 90.72 RCW; and
(i) Shellfish protection districts organized under chapter 90.91 RCW.

(4) The authority for expenditure of local government revenues provided by this section shall be applicable broadly to the implementation of watershed management plans addressing water supply, water transmission, water treatment, water quality treatment, or any other water-related purposes. Such plans include but are not limited to plans developed under the following authorities:

(a) Watershed plans developed under chapter 90.82 RCW;
(b) Salmon recovery plans developed under chapter 77.85 RCW;
(c) Watershed management elements of comprehensive land use plans developed under the growth management act, chapter 36.70A RCW;
(d) Watershed management elements of shoreline master programs developed under the shoreline management act, chapter 90.58 RCW;
(e) Nonpoint pollution action plans developed under the Puget Sound water quality management planning authorities of chapter 90.71 RCW and chapter 400-12 WAC;
(f) Other comprehensive management plans addressing watershed health at a WRIA level or sub-WRIA basin drainage level;
(g) Coordinated water system plans under chapter 70.116 RCW and similar regional plans for water supply; and
(h) Any combination of the foregoing plans in an integrated watershed management plan.

(5) The authority provided by this section to expend revenues for watershed management plan implementation shall be construed broadly to include, but not be limited to:

(a) The coordination and oversight of plan implementation, including funding a watershed management partnership for this purpose;
(b) Technical support, monitoring, and data collection and analysis;
(c) The design, development, construction, and operation of projects included in the plan; and
(d) Conducting activities and programs included as elements in the plan.

S. 3. RCW 39.34.020 and 1985 c 33 s 1 are each amended to read as follows:

"Watershed management partnership" means an interlocal cooperation agreement formed under the authority of section 4 of this act.

NEW SECTION. Sec. 4. A new section is added to chapter 39.34 RCW to read as follows:

Any two or more public agencies may enter into agreements with one another to form a watershed management partnership for the purpose of implementing any portion or all elements of a watershed management plan, including the coordination and oversight of plan implementation. The plan may be any plan or plan element described in section 2(3) of this act. The watershed partnership agreement shall include the provisions required of all interlocal agreements under RCW 39.34.030(3). The agreement shall be filed pursuant to RCW 39.34.040 with the county auditor of each county lying within the geographical watershed area to be addressed by the partnership. The public agencies forming the partnership shall designate a treasurer for the deposit, accounting, and handling of the funds of the partnership. The treasurer shall be either a county treasurer or a city treasurer of a county or city participating in the agreement to form the partnership.

NEW SECTION. Sec. 5. A new section is added to chapter 39.34 RCW to read as follows:

The public agencies forming a watershed management partnership under the authority of section 4 of this act may develop and implement a plan for financing all or one or more elements of a watershed management plan. These public agencies may propose raising additional revenues for this purpose from one or more sources under the existing revenue authorities of those public agencies financing plan implementation. The agencies shall attempt as nearly as practicable to develop a proposal under which the total burden will be distributed equitably among those persons within the watershed plan area who will be benefited by the project programs or activity. The revenue proposal shall be submitted at a special or general election on the same day in all jurisdictions in which one or more elements of the proposal are to be
applicable, and shall not be implemented unless the proposal receives a majority vote of the votes cast within each city, county, and special purpose district participating in the proposal.

NEW SECTION. Sec. 6. A new section is added to chapter 39.34 RCW to read as follows:

Where a watershed management partnership formed under the authority of section 4 of this act establishes a separate legal entity to conduct the cooperating undertaking of the partnership, such legal entity is authorized for the purpose of carrying out such undertaking to contract, deed, lease, issue and sell general obligation bonds pursuant to and in the manner provided for revenue bonds in chapter 36.67 RCW and other applicable statutes, and to issue revenue bonds pursuant to and in the manner provided for revenue bonds in chapter 36.67 RCW and other applicable statutes. The joint board established by the partnership agreement shall perform the functions referenced in chapter 36.67 RCW to be performed by the county legislative authority in the case of county bonds.

NEW SECTION. Sec. 7. A new section is added to chapter 39.54 RCW to read as follows:

SENATE BILL NO. 5819, by Senators Finkbeiner and Kline

Expanding implied consent to operation of a vehicle, railroad, street car, vessel, or aircraft involved in a fatality.

**MOTIONS**

On motion of Senator Finkbeiner, Substitute Senate Bill No. 5819 was substituted for Senate Bill No. 5819 and the substitute bill was placed on second reading and read the second time.

On motion of Senator Finkbeiner, the following striking amendment by Senators Finkbeiner and Kline was adopted:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) The legislature finds and declares that:
(a) The state has a compelling interest in preventing fatal vehicle accidents in this state;
(b) In order to prevent fatal vehicle accidents, it is necessary to analyze and understand the causes of such accidents, including the role played by alcohol;
(c) The state’s compelling interest in preventing fatal vehicle accidents therefore creates a special need beyond normal law enforcement for the collection of evidence of blood alcohol content from drivers involved in fatal vehicle accidents; and
(d) Because evidence of blood alcohol content diminishes over time, requiring a warrant before that evidence can be collected would be impracticable and would frustrate the state’s interest in collecting the information.
(2) In order to foster the prevention of fatal vehicle accidents, it is the intent of the legislature to:
(a) Allow law enforcement officers to collect evidence of blood alcohol content from operators in fatal vehicle accidents; and
(b) Require hospitals to disclose evidence of blood alcohol content that they have collected from operators involved in fatal vehicle accidents to law enforcement.

NEW SECTION. Sec. 2. A new section is added to chapter 46.52 RCW to read as follows:
(1) A person who operates a vehicle within this state is deemed to have given consent, subject to RCW 46.61.506, to a test of his or her breath for the purpose of determining the alcohol concentration in his or her breath if the person is involved in a vehicle accident in which there has been a fatality.
(2) For the purposes of this section, “vehicle” includes a vehicle as defined in RCW 46.04.670, a street car as defined in RCW 46.04.570, a rail fixed guideway system as defined in RCW 81.104.015, a vessel as defined in RCW 88.02.010, an aircraft as defined in RCW 14.16.010 that is not regulated by the Federal Aviation Administration, or other vehicles not regulated by the Federal Railroad Administration.
(3) The test of breath must be administered at the direction of a law enforcement officer on the scene of a fatal vehicle accident. The officer shall inform the person of his or her right to refuse the breath test. The officer shall warn the operator that he or she will be guilty of a class 3 civil infraction if he or she refuses to submit to the test.
(4) The law enforcement officer shall forward the results of the test to the chief of the Washington state patrol.
(5) If a person is dead, unconscious, or otherwise in a condition rendering him or her incapable of submitting to a breath test, then a blood test must be given, unless it would interfere with medical treatment.
(6) If, after receiving the warnings under subsection (3) of this section, the person refuses the request of a law enforcement officer to submit to a test of his or her breath, no test may be given.
(7) A person refusing to submit to a test under subsection (6) of this section commits a class 3 civil infraction under chapter 7.80 RCW.

NEW SECTION. Sec. 3. A new section is added to chapter 46.52 RCW to read as follows:
(1) Every hospital shall on or before the tenth day of each month, report in writing to the chief of the Washington state patrol any toxicology report taken during the preceding calendar month from a person hospitalized as a result of an accident in which there has been a fatality that shows that the person may have been under the influence of intoxicating liquor at the time of the accident.
(2) As used in this section, “hospital” has the same meaning as in RCW 70.41.020.

Sec. 4. RCW 46.52.060 and 1998 c 169 s 1 are each amended to read as follows:
It shall be the duty of the chief of the Washington state patrol to file, tabulate, and analyze all accident reports, all breath test results collected under section 2 of this act, and all toxicology reports collected under section 3 of this act, and shall publish annually, immediately following the close of each fiscal year, and monthly during the course of the year, statistical information based thereon showing the number of accidents, the location, the frequency and circumstances thereof and other statistical information which may prove of assistance in determining the cause of vehicular accidents. Such accident reports, breath test results, toxicology reports, and analysis or reports thereof shall be available to the director of licensing, the department of transportation, the utilities and transportation commission, the traffic safety commission, and other public entities authorized by the chief of the Washington state patrol, or their duly authorized representatives, for further tabulation and analysis for pertinent data relating to the regulation of highway traffic, highway construction, vehicle operators and all other purposes, and to publish information so derived as may be deemed of publication value.

PERSONAL PRIVILEGE

Senator Brown: “A point of personal privilege, Mr. President. Several of my colleagues were aware of the fact that when I was in Seattle Saturday afternoon with my sisters and my son that I lost my purse. I have spent the last couple of days dealing with having no identification or credit cards and any of those things that we carry around. Well, I just got a phone call and a woman in Seattle has turned in my purse with all of it contents intact. She is a homeless woman who was staying at the YWCA Emergency Shelter. I just wanted to take a moment to tell people that sometimes we form stereotypes about individuals who are homeless. Obviously, I am really moved by her generosity and spirit. She actually spent the weekend trying to find me by contacting hotels. She was concerned about my son’s flight information which was in the
purse, but, of course, she couldn’t call long distance. So, her advocate, Laura Clarke, at the Women’s Shelter at the YWCA in Seattle called. I am going to try and meet her next week and thank her personally. A few of us are going to make a small donation to the Shelter, as well. If you would like to participate, just contact my office.”

PERSONAL PRIVILEGE

Senator Kline: “A point of personal privilege, Mr. President. Senator Brown’s story is actually a little bit more characteristic of Seattle, sometimes more than, I think, people realize. I know we all joke about—how does it go—Republicans against Democrats, the House against the Senate and everybody against Seattle. The fact is that in a nationwide test, I guess you would call it, by an organization whose name I forget. There was a test done in cities all over the country and in this test a wallet was left on a sidewalk in a variety of locations down town, fifty times, and the cities scored two points for every wallet that was actually returned to a name—always the same name and the same phone number that was in the ID. Seattle was the top city in the country for honesty, for people calling that phone number and saying, ‘Your wallet is here with all the cards and all the money and please come and get it.’

“I know there is a tendency to want to bash this town. It is a bit liberal for some folks. I get that, but it is a damn nice place and it is an honest place and I sometimes think that it is a little bit of Heaven. Thank you.”

"NEW SECTION. Sec. 1. The purpose of this chapter is to reform the process of appeal and review of permit decisions made by state agencies and local governments for qualifying economic development projects, by establishing uniform, expedited, and consolidated appeal procedures and uniform criteria for reviewing such decisions, in order to provide consistent, predictable, and timely review. The appeal process authorized in this chapter is intended to be the exclusive process for review of decisions made by state agencies and local governments on permit applications for qualifying economic development projects, superseding other existing administrative board and judicial appeal procedures.

NEW SECTION. Sec. 2. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

NEW SECTION. Sec. 3. The appeal process authorized in this chapter shall, notwithstanding any other provisions of this code, be the exclusive process for review of the decisions made by participating permit agencies on permit applications for a qualifying project.
The superior court civil rules and the rules of appellate procedure shall govern procedural matters for the judicial appeal process under this chapter to the extent that the rules are consistent with this chapter.

NEW SECTION. Sec. 4. (1) An environmental and land use hearings board is hereby established within the environmental and land use hearings board created under RCW 43.21B.005. The environmental and land use hearings board shall be composed of six members, as provided in RCW 90.58.170. The chairperson of the pollution control hearings board shall be the chairperson of the environmental and land use hearings board. (2) All proceedings before the board or any of its members shall be conducted in accordance with such rules of practice and procedure as the board may adopt. In all such proceedings, the board shall have all powers relating to the administration of oaths, issuance of subpoenas, and taking of depositions as set forth in RCW 34.05.446. The board shall publish any such rules and arrange for the reasonable distribution thereof. Failure to adopt such rules shall not deprive the board of jurisdiction nor relieve the board of the duty to hear petitions for review filed under this chapter.

NEW SECTION. Sec. 5. (1) Proceedings for review under this chapter shall be commenced by filing a petition with the environmental and land use hearings board. The board may adopt by rule procedures for filing and service that are consistent with this chapter.

(2) Such petition is barred, and the board may not grant review, unless the petition is timely filed with the board and timely served on the following persons who shall be parties to the review of the petition:

(a) The participating permit agencies, which for purposes of the petition shall be (I) if a state agency, the director thereof, and (ii) if a local government, the jurisdiction’s corporate entity which shall be served as provided in RCW 4.28.080; and

(b) Each of the following persons if the person is not the petitioner:

(I) Each person identified by name and address as applicant in the application to the participating permit agencies;

(ii) Each person identified in project application documents as an owner of the property at issue or, if none, each person identified as a taxpayer or landowner in the application.

(3) The petition is timely if it is filed and served on all parties listed in subsection (2) of this section within twenty-one days of the issuance by the permit agency of the permit for the qualifying project.

(4) For the purposes of this section, the date on which a permit decision is issued is:

(a) Three days after a written decision is mailed by the permit agency to the project applicant or, if not mailed, the date on which the permit agency provides notice that a written decision is publicly available; or

(b) If (a) of this subsection does not apply, the date the decision is entered into the public record.

(5) Service on all parties shall be by personal service or by mail. Service by mail is effective on the date of mailing. Proof of service shall be by affidavit or declaration under penalty of perjury.

NEW SECTION. Sec. 6. Standing to bring a petition under this chapter is limited to the following persons:

(1) The applicant and the owner of the property to which the permit decision is directed;

(2) Another person aggrieved or adversely affected by the permit decision, or who would be aggrieved or adversely affected by a reversal or modification of the permit decision. A person is aggrieved or adversely affected within the meaning of this section only when all of the following conditions are present:

(a) The permit decision has prejudiced or is likely to prejudice that person;

(b) That person’s asserted interests are among those that the permit agency was required to consider when it made its permit decision;

(c) A decision of the board in favor of that person would substantially eliminate or redress the prejudice to that person caused or likely to be caused by the permit decision; and

(d) The petitioner has exhausted his or her administrative remedies to the extent required by law;

(3) A participating permit agency under this chapter.

NEW SECTION. Sec. 7. A petition must set forth:

(1) The name and mailing address of the petitioner;

(2) The name and mailing address of the petitioner’s attorney, if any;

(3) The name and mailing address of the permit agency whose permit is at issue, if any;

(4) A duplicate copy of the permit decision;

(5) Identification of each person to be made a party under this chapter;

(6) Facts demonstrating that the petitioner has standing to seek board review under this chapter;

(7) A separate and concise statement of each error alleged to have been committed;

(8) A concise statement of facts upon which the petitioner relies to sustain the statement of error; and

(9) A request for relief, specifying the type and extent of relief requested.

NEW SECTION. Sec. 8. (1) Within seven days after receipt of service of the petition filed pursuant to section 5 of this act, the project applicant shall file with the board and serve on all parties an affidavit certifying all applications for permits that the project applicant has filed with participating permit agencies for the qualifying project, provided, however, that no permit may be included that has been issued and appealed to the board or to court prior to the date of service of the petition filed with the board under this chapter. The board shall request verification from the participating agencies of the permit applications certified in the project applicant’s affidavit and of the expected date for final decision on the permit applications. Filing of the affidavit shall toll the schedule for hearing by the board until twenty-one days after issuance of the final permit decision for the qualifying project that has been certified in the project applicant’s affidavit and verified by a participating agency as applied for, unless the petition filed and served by the petitioner relates to the final permit.

(2) Within seven days after the expiration of the appeal period for the final permit decision for the qualifying project, the petitioner may file an initial hearing on jurisdictional and other preliminary matters, and, if applicable, on other pretrial matters. This initial hearing shall be set no sooner than thirty-five days and not later than fifty days after the expiration of the appeal period for the final permit decision for the qualifying project.

(3) If petitions for review of more than one permit issued by participating permit agencies for a qualifying project are filed with the board, the board shall contemporaneously process all such petitions in accordance with the case schedule requirements set forth in this act.

(4) The parties shall note all motions on jurisdictional and procedural issues for resolution at the initial hearing, except that a motion to allow discovery may be brought sooner.

(5) The defenses of lack of standing, untimely filing or service of the petition, lack of good faith or improper purpose in filing, and failure to join persons needed for just adjudication are waived if not raised by timely motion noted to be heard at the initial hearing, unless the board allows discovery on such issues.

(6) The petitioner shall move the board for an order at the initial hearing that sets the date on which the permit decision record or records of the applicable permit agency or agencies, if any, must be submitted, sets a briefing schedule, sets a discovery schedule if discovery is to be allowed, and schedules a hearing or hearings on the merits.
The parties may waive the initial hearing by scheduling with the board a date for the hearing or hearings on the merits and filing a stipulated order that resolves the jurisdictional and procedural issues raised by the petition, including the issues identified in subsections (5) and (6) of this section.

A party need not file an answer to a petition for review filed pursuant to section 5 of this act.

NEW SECTION. Sec. 9. The board shall provide expedited review of petitions filed under this chapter. Any matter reviewed on the decision record as provided in section 12(1) of this act must be set for hearing within sixty days of the date set for submitting the decision record of all participating permit agencies, absent a showing of good cause for a different date or a stipulation of the parties. Any matter reviewed de novo as provided in section 12(3) of this act must be set for hearing or trial no later than one hundred twenty days after the initial hearing date. The board shall issue a final decision and order within thirty days after the final hearing required in this section.

NEW SECTION. Sec. 10. (1) A petitioner or other party may request the board to stay or suspend an action by a participating permit agency or another party to implement the decision under review. The request must be made in writing, and the request for a stay is timely in light of the circumstances of the case.

The board may grant the request for a stay upon such terms and conditions, including the filing of security, as are necessary to prevent harm to other parties by the stay.

NEW SECTION. Sec. 11. (1) Within forty-five days after entry of an order to submit the decision record, where applicable, or within such a further time as the board allows or as the parties agree, each participating agency shall submit to the board a certified copy of the decision record for board review of the permit decision, except that the petitioner shall prepare at the petitioner’s expense and submit a verbatim transcript of any hearings held on the matter.

(2) If the parties agree, or upon order of the board, the record shall be shortened or summarized to avoid reproduction and transcription costs, and the parties shall submit a summary of the record to the board. The summary shall not be introduced into evidence with respect to the issues to be reviewed by the board.

(3) The petitioner shall pay the participating agency the cost of preparing the record before the participating agency submits the decision record to the board. Failure by the petitioner to timely pay the participating agency relieves the participating agency of responsibility to submit the record and is grounds for dismissal of the petition.

NEW SECTION. Sec. 12. (1) For all permit decisions being reviewed that were made by quasi-judicial bodies or permit agency officers who made factual determinations in support of the decisions, after the conduct of proceedings in which the parties had an opportunity consistent with due process to make records on the factual issues, board review of factual issues and the conclusions drawn from the factual issues shall be confined to the records created by the quasi-judicial bodies or permit agency officers, except as provided in subsections (2) through (4) of this section.

(2) For decisions described in subsection (1) of this section, the records may be supplemented by additional evidence only if the additional evidence relates to:

(a) Grounds for disqualification of a member of the body or of the officer that made the permit decision, when such grounds were unknown by the petitioner at the time the record was created;
(b) Matters that were improperly excluded from the record after being offered by a party to a permit decision proceeding; or
(c) Matters that were outside the jurisdiction of the body or officer that made the permit decision.

(3) For permit decisions other than those described in subsection (1) of this section, the board review of the permit decision shall be de novo on issues presented as error in the petition.

(4) The board may require or permit corrections of ministerial errors or inadvertent omissions in the preparation of the record.

(5)(a) The parties may not conduct pretrial discovery except with the prior permission of the board, which may be sought by motion at any time after service of the petition. The board shall not grant permission unless the party requesting it makes a prima facie showing of need. The board shall strictly limit discovery to what is necessary for equitable and timely review of the issues.

(b) If the board allows the record to be supplemented, or in any de novo proceeding under subsection (3) of this section, the board shall require the parties to disclose before the hearing or trial on the merits the identity of witnesses and the specific evidence they intend to offer.

(c) If any party, or anyone acting on behalf of any party, requests records under chapter 42.17 RCW relating to the matters at issue, a copy of the request shall simultaneously be given to all other parties, and the board shall take such request into account in fashioning an equitable discovery order under this section.

NEW SECTION. Sec. 13. (1) The board shall review the decision record and all such evidence as is permitted to supplement the record for review restricted to the decision record or is required for de novo review under section 12 of this act. The board shall grant relief only if the party seeking relief has carried the burden of establishing that one of the standards set forth in (a) through (f) of this subsection has been met. The standards are:

(a) The body or officer that made the permit decision engaged in unlawful procedure or failed to follow a prescribed process,

(b) The permit decision is an erroneous interpretation of the law, after allowing for such deference as is due the construction of a law by an agency with expertise;

(c) The permit decision is not supported by evidence that is substantial when viewed in light of the whole record before the court;

(d) The permit decision is a clearly erroneous application of the law to the facts;

(e) The permit decision is outside the authority or jurisdiction of the body or officer making the decision; or

(f) The permit decision violates the constitutional rights of the party seeking relief.

(2) The board may affirm or reverse each and every permit decision under review or remand the decision for modification or further proceedings involving the permit agencies.

NEW SECTION. Sec. 14. (1) In order to obtain judicial review of a final decision of the environmental and land use hearings board, a party to the board case as consolidated shall file a petition for judicial review in the superior court for Thurston county within thirty days after the filing of the final decision, or order, of the board. Any party may apply for direct review by the court of appeals. An application for direct review must be filed with the superior court within ten days after the filing of the petition for judicial review. In considering an application for direct review under this chapter, it shall be presumed that: (a) The qualifying project presents fundamental and urgent issues affecting the public interest which require a prompt determination, and (b) delay in obtaining a final and prompt determination of such issues would be detrimental to a party or the public interest.

(2) The presumption set forth in subsection (1) of this section shall require that the superior court certify the direct review not less than ten days, and not more than fifteen days, after the filing of the application therefore, unless, upon motion of a party with supporting excerpts from the record within ten days after the filing of such application, the superior court finds that: (a) The project is not a qualifying project, or (b) the project will not in fact provide new employment within the county in which the project is located. The court may make such findings upon a showing that said record contains clear, cogent, and convincing evidence to support such findings, which evidence has been testified to by at least one witness competent to testify on employment matters.
Sec. 14. RCW 36.70B.010 is amended by adding a new subsection (3) which provides:

(3) A motion as set forth in subsection (2) of this section shall be heard within fourteen days after the filing of the motion and shall be confined to certified excerpts from the record, which any party may produce. It shall not be necessary to certify the entire record to the court for the purpose of hearing such motion.

(4) The court of appeals shall accept direct review of a case unless it finds that the superior court’s certification under the standards contained in this section was clearly erroneous. Review by the court of appeals shall be restricted to the decision record of the permit agency and the board proceedings. (2) For direct review upon certification by the superior court, an application for direct review must be filed with the superior court within thirty days after the filing of the petition for review in superior court. The superior court may certify a case for direct review only if the judicial review is limited to the record of the agency proceeding and the court finds that:

(a) Fundamental and urgent issues affecting the future administrative process or the public interest are involved which require a prompt determination;
(b) Delay in obtaining a final and prompt determination of such issues would be detrimental to any party or the public interest;
(c) An appeal to the court of appeals would be likely regardless of the determination in superior court;
(d) The appellate court’s determination in the proceeding would have significant precedential value.

Procedures for certification shall be established by court rule.

The purposes of direct review of final decisions of environmental boards, environmental boards include those boards identified in RCW 43.21B.005 and growth management hearings boards as identified in RCW 36.70A.250.

(I) Fundamental and urgent statewide or regional issues are raised; or
(ii) The proceeding is likely to have significant precedential value.

(3) The environmental board shall state in the certificate of appealability which criteria it applied, explain how that criteria was met, and file with the certificate a copy of the final decision.

(4) For an appellate court to accept direct review of a final decision of an environmental board, it shall consider the same criteria outlined in subsection (3) of this section except as otherwise provided in chapter 43.21B RCW (sections 1 through 14 of this act).

(5) The procedures for direct review of final decisions of environmental boards include:

(a) Within thirty days after filing the petition for review with the superior court, a party may file an application for direct review with the superior court and serve the appropriate environmental board and all parties of record. The application shall request the environmental court to file a certificate of appealability.

(b) If an issue on review is the jurisdiction of the environmental board, the board may file an application for direct review on that issue.

(c) The environmental board shall have thirty days to grant or deny the request for a certificate of appealability and its decision shall be filed with the superior court and served on all parties of record.

(d) If a certificate of appealability is issued, the parties shall have fifteen days from the date of service to file a notice of discretionary review in the superior court, and the notice shall include a copy of the certificate of appealability and a copy of the final decision.

(e) If the appellate court accepts review, the certificate of appealability shall be transmitted to the court of appeals as part of the certified record.

(f) If a certificate of appealability is denied, review shall be by the superior court. The superior court’s decision may be appealed to the court of appeals.

Extending the expiration date of the transportation permit efficiency and accountability committee.

The bill was read the second time.
The legislature finds that the public health and safety of its citizens, the natural resources, and the environment are vital interests of the state that need to be protected and preserved. The legislature further finds that the safety of the traveling public and the state’s economy, which are vital interests that depend upon the development of cost-effective and efficient transportation systems planned, designed, constructed, and maintained through expedited permit decision-making processes.

It is the intent of the legislature to achieve transportation permit reform that expedites the delivery of transportation projects through a streamlined approach to environmental permit decision making. To optimize the limited resources available for transportation system improvements and environmental protection, state regulatory and natural resource agencies, public and private sector interests, Indian tribes, local and regional governments, applicable federal agencies, and the department of transportation must work cooperatively to establish common goals, minimize project delays, develop consistency in the application of environmental standards, maximize environmental benefits through coordinated investment strategies, and eliminate duplicative processes through assigned responsibilities of selected permit drafting and compliance activities between state and federal agencies.

Therefore, the transportation permit efficiency and accountability committee is created. The committee shall integrate current environmental standards, but may not create new environmental standards. The committee shall conduct three environmental permit streamlining pilot projects and create a process to develop general permits. Additionally, the committee shall seek federal delegation to the state where appropriate to streamline transportation projects.

The legislature finds that the public health and safety of its citizens, the natural resources, and the environment are vital interests that depend upon the development of cost-effective and efficient transportation systems planned, designed, constructed, and maintained through expedited permit decision-making processes. The committee shall undertake the following actions to develop a watershed-based approach before final design, including least cost methodology and low-impact development methodology:

- Develop methodologies for analyzing environmental impacts and applying compensatory mitigation consistent with a watershed-based approach before final design, including least cost methodology and low-impact development methodology;
(b) Assess models to collate and access watershed data to support early agency involvement in transportation planning and reviews under the national Environmental Policy Act and the State Environmental Policy Act. 
(c) Use existing best available information from watershed planning efforts, lead entities, regional fisheries enhancement groups, and other recognized entities as deemed appropriate by the committee, to determine potential mitigation requirements for projects within a watershed. Priority consideration should be given to the use of the state’s alternative mitigation policy guidance to best link transportation mitigation to ecosystem, local watershed and lead entity project lists; and 
(d) By June 30, 2003, develop a detailed work plan that covers watershed-based mitigation activities. This work plan must be submitted to the legislature and include the following elements:

1) A schedule of activities and resources needed to complete a watershed-based mitigation policy by December 31, 2003, that covers elements of permitting deemed appropriate by the committee;
2) A schedule of activities and resources needed to develop watershed-based mitigation decision-making tools by June 30, 2004;
3) A schedule of activities and resources needed to complete a test of technical and policy methods of watershed-based mitigation decision making by December 31, 2004, for a funded project in an urbanized area of the state; and
4) A schedule to integrate watershed-based mitigation policies, technical tools, and procedures for projects by June 30, 2005.

(9)(a) The committee shall seek federal delegation to the state where appropriate to streamline permit processes for transportation projects of statewide significance including: Delegation of section 404 permit authority under the Clean Water Act; nonfederal lead agency status under the federal Endangered Species Act; section 106 cultural resource designation under the National Historic Preservation Act; and other appropriate authority that when delegated should result in permit streamlining.

(9)(b) The department, the department of ecology, and the department of fish and wildlife shall jointly review relevant federal, state, and local environmental laws, regulations, policies, guidance, studies, and streamlining initiatives, and shall report to the committee and the legislature by September 30, 2003, on those instances where such might allow for delegation to the department or some other duly recognized entity as appropriate. The report must include recommendations on:

1) How to delegate consistent with federal permit streamlining efforts contained in new federal transportation authorizations and under Presidential Executive Order number 13274, Environmental Stewardship and Transportation Infrastructure Project Reviews, September 18, 2002;
2) How to maximize possible use of programmatic approaches to simplify issuance of federally required permits and project approvals;
3) The scope, roles, and responsibilities associated with any such delegation, especially as relates to regulatory standard setting, permitting, and oversight; and
4) A work plan and schedule of activities and resources needed to implement the recommendations of the department, the department of ecology, and the department of fish and wildlife on this matter.

The committee shall take action on the report, and shall report to the legislature by December 31, 2003, and every six months thereafter on the status of such delegation efforts.

(10) The committee shall develop a dispute resolution process to resolve conflicts in interpretation of environmental standards and best management practices, mitigation requirements, permit requirements, assigned responsibilities, and other related issues by September 18, 2003. The dispute resolution process must be designed to include federal agencies if they choose to participate.

(11) The committee shall develop preliminary models and strategies for agencies to test how best to maximize the environmental investment of transportation funds on a watershed basis. After agencies test the models and strategies developed by the committee, the committee shall evaluate the models and strategies and make recommendations to the legislature.

(12) The committee shall develop a consistent methodology for the timely and predictable submittal and evaluation of completed plans and specifications detailing project elements that impact environmental resources as well as proposed mitigation measures during the preliminary specifications and engineering phase of project development and submit information on the consistent methodology to the legislature.

(13) The committee shall provide a summary report to the legislature on December 31, 2003, and every six months thereafter that details the committee’s status and performance and its progress in implementing its master work plan.

Preserving sibling relationships for dependent children.

Finally, it is not the intent of the legislature to manufacture or anticipate family relationships which do not exist at the time of the court intervention, or to disrupt already existing positive family relationships.

Sec. 2. RCW 13.34.030 and 2002 c 52 s 3 are each amended to read as follows:

For purposes of this chapter:

(1) "Abandoned" means when the child’s parent, guardian, or other custodian has expressed, either by statement or conduct, an intent to forego, for an extended period, parental rights or responsibilities despite an ability to exercise such rights and responsibilities. If the court finds that the petitioner has exercised due diligence in attempting to locate the parent, no contact between the child and the child’s parent, guardian, or other custodian for a period of three months creates a rebuttable presumption of abandonment, even if there is no expressed intent to abandon.

(2) "Child" and "juvenile" means any individual under the age of eighteen years.

(3) "Current placement episode" means the period of time that begins with the most recent date that the child was removed from the home of the parent, guardian, or legal custodian for purposes of placement in out-of-home care and continues until: (a) The child returns home; (b) an adoption decree, a permanent custody order, or guardianship order is entered; or (c) the dependency is dismissed, whichever occurs first.

(4) "Dependency guardian" means the person, nonprofit corporation, or Indian tribe appointed by the court pursuant to this chapter for the limited purpose of assisting the court in the supervision of the dependency.

(6) "Developmental disability" means a disability attributable to mental retardation, cerebral palsy, epilepsy, autism, or another neurological or other condition of an individual found by the secretary to be closely related to mental retardation or to require treatment similar to that required for individuals with mental retardation, which disability originates before the individual attains age eighteen, which has continued or can be expected to continue indefinitely, and which constitutes a substantial handicap to the individual.

(7) "Guardian" means the person or agency that: (a) Has been appointed as the guardian of a child in a legal proceeding other than a proceeding under this chapter; and (b) has the legal right to custody of the child pursuant to such appointment. The term "guardian" shall not include a "dependency guardian" appointed pursuant to a proceeding under this chapter.

(8) "Guardian ad litem" means the person, appointed by the court to represent the best interests of a child in a proceeding under this chapter, or in any matter which may be consolidated with a proceeding under this chapter. A "court-appointed special advocate" appointed by the court to be the guardian ad litem for the child, or to perform substantially the same duties and functions as a guardian ad litem, shall be deemed to be guardian ad litem for all purposes and uses of this chapter.

(9) "Guardian ad litem program" means a court-authorized volunteer program, which is or may be established by the superior court of the county in which such proceeding is filed, to manage all aspects of volunteer guardian ad litem representation for children alleged or found to be dependent. Such management shall include but is not limited to: Recruitment, screening, training, supervision, assignment, and discharge of volunteers.

(10) "Indigent" means a person who, at any stage of a court proceeding, is:

(a) Receiving one of the following types of public assistance: Temporary assistance for needy families, general assistance, poverty-related veterans’ benefits, food stamps or food stamp benefits transferred electronically, refugee resettlement benefits, medicaid, or supplemental security income; or

(b) Involuntarily committed to a public mental health facility; or

(11) "Out-of-home care" means placement in a foster family home or group care facility licensed pursuant to chapter 74.15 RCW or placement in a home, other than that of the child’s parent, guardian, or legal custodian, not required to be licensed pursuant to chapter 74.15 RCW.

(12) "Preventive services" means preservation services, as defined in chapter 74.14C RCW, and other reasonably available services, including housing services, capable of preventing the need for out-of-home placement while protecting the child. Housing services may include, but are not limited to, referrals to federal, state, local, or private agencies or organizations, assistance with forms and applications, or financial subsidies for housing.

(13) "Shelter care" means temporary physical care in a facility licensed pursuant to RCW 74.15.030 or in a home not required to be licensed pursuant to RCW 74.15.030.

(15) "Social study" means a written evaluation of matters relevant to the disposition of the case and shall contain the following information:

(a) A statement of the specific harm or harms to the child that intervention is designed to alleviate;

(b) A description of the specific services and activities, for both the parents and child, that are needed in order to prevent serious harm to the child; the reasons why such services and activities are likely to be useful; the availability of any proposed services; and the agency’s overall plan for ensuring that the services will be delivered. The description shall identify the services chosen and approved by the parent;

(c) If removal is recommended, a full description of the reasons why the child cannot be protected adequately in the home, including a description of any previous efforts to work with the parents and the child in the home; the in-home treatment programs that have been considered and rejected; the preventive services that have been offered or provided and have failed to prevent the need for out-of-home placement, unless the health, safety, and welfare of the child cannot be protected adequately in the home; and the parents’ attitude toward placement of the child;

(d) A statement of the likely harms the child will suffer as a result of removal;

(e) A description of the steps that will be taken to minimize the harm to the child that may result if separation occurs including an assessment of the child’s relationship and emotional bond with any siblings, and the agency’s plan to provide ongoing contact between the child and the child’s siblings if appropriate; and

(f) Behavior that will be expected before determination that supervision of the family or placement is no longer necessary.

Sec. 3. RCW 13.34.130 and 2002 c 52 s 5 are each amended to read as follows:

(a) Order a disposition other than removal of the child from his or her home, which shall provide a program designed to alleviate the immediate danger to the child, to mitigate or cure any damage the child has already suffered, and to aid the parents so that the child will not be endangered in the future. In determining the disposition, the court should choose those services, including housing assistance, that least interfere with family autonomy and are adequate to protect the child.

(b) Order the child to be removed from his or her home and into the custody, control, and care of a relative or the department or a licensed child placing agency for placement in a foster family home or group care facility licensed pursuant to chapter 74.15 RCW or in a home not required to be licensed pursuant to chapter 74.15 RCW. Unless there is reasonable cause to believe that the health, safety, or welfare of the child would be jeopardized or that efforts to reunite the parent and child will be hindered, such child shall be placed with a person who is:

(1) Related to the child as defined in RCW 74.15.020(2)(a) with whom the child has a relationship and is comfortable; and

(ii) willing and available to care for the child.

(2) Placement of the child with a relative under this subsection shall be given preference by the court. An order for out-of-home placement may be made only if the court finds that reasonable efforts have been made to prevent or eliminate the need for removal of the child from the child’s home and to make it possible for the child to return home, specifying the services that have been provided to the child and the child’s parent, guardian, or legal custodian, and that preventive services have been offered or provided and have failed to prevent the need for out-of-home placement, unless the health, safety, and welfare of the child cannot be protected adequately in the home, and that:

(a) There is no parent or guardian available to care for such child;

(b) The parent, guardian, or legal custodian is not willing to take custody of the child; or

(c) The court finds, by clear, cogent, and convincing evidence, a material danger exists that the child will suffer serious abuse or neglect if the child is not removed from the home and an order under RCW 26.44.063 would not protect the child from danger.
(3) If the court has ordered a child removed from his or her home pursuant to subsection (1)(b) of this section, the court shall consider whether it is in the child's best interest to be placed with, have contact with, or have visits with siblings. (The court must consider ordering that such contact or visits take place)

(a) There shall be a presumption that such placement, contact, or visits are in the best interests of the child provided that:

(i) the child is not a sibling of the child's biological parents or the child's foster parents;

(ii) the child is not a sibling of the child's biological parents or the child's foster parents, if the child is not a sibling of the child's biological parents or the child's foster parents, the child is not a sibling of the child's biological parents or the child's foster parents, or the child is a sibling of the child's biological parents or the child's foster parents, if the child is not a sibling of the child's biological parents or the child's foster parents;

(b) Contact or visitation is in the best interests of each child covered by the court's order; and

(c) There is no reasonable cause to believe that the health, safety, or welfare of any child subject to the order of placement, contact, or visitation would be jeopardized.

(b) The court may also order placement, contact, or visitation of a child with a step-brother or step-sister provided that in addition to the factors in (a) of this subsection, the child has a relationship and is compatible with the step-sibling.

(4) If the court has ordered a child removed from his or her home pursuant to subsection (1)(b) of this section, the court may order that a person seek a termination of the parent and child relationship be filed if the requirements of RCW 13.34.132 are met.

(5) If there is insufficient information at the time of the disposition hearing upon which to base a determination regarding the suitability of a proposed placement with a relative, the child shall remain in foster care and the court shall direct the supervising agency to conduct necessary background investigations as provided in chapter 74.15 RCW and report the results of such investigation to the court within thirty days. However, if such relative appears otherwise suitable and competent to provide care and treatment, the child's background check need not be completed before placement, but as soon as possible after placement. Any placements with relatives, pursuant to this section, shall be contingent upon cooperation by the relative with the agency case plan and compliance with court orders related to the care and supervision of the child including, but not limited to, court orders regarding parent-child contacts, sibling contacts, and any other conditions imposed by the court. Noncompliance with the case plan or court order shall be grounds for removal of the child from the court's protection or to review by the court.

Sec. 4. RCW 13.34.136 and 2002 c 52 s 6 are each amended to read as follows:

(1) Whenever a child is ordered removed from the child's home, the agency charged with his or her care shall provide the court with:

(a) A permanency plan of care that shall identify one of the following outcomes as a primary goal and may identify additional outcomes as alternative goals: Return of the child to the home of the child's parent, guardian, or legal custodian; adoption; guardianship; permanent legal custody; long-term relative or foster care, until the child is age eighteen, with a written agreement between the parties and the care provider; successful completion of a responsible living skills program; or independent living, if appropriate and if the child is age sixteen or older. The department shall not discharge a child to an independent living situation before the child is eighteen years of age unless the child becomes emancipated pursuant to chapter 13.64 RCW;

(b) Unless the court has ordered, pursuant to RCW 13.34.130((2)) (4), that a termination petition be filed, a specific plan as to where the child will be placed, what steps will be taken to return the child home, what steps the agency will take to promote existing appropriate sibling relationships and/or facilitate placement together or contact in accordance with the best interests of each child, and what actions the agency will take to maintain parent-child ties. All aspects of the plan shall include the goal of achieving permanence for the child.

(I) The agency plan shall specify what services the parents will be offered to enable them to resume custody, what requirements the parent or guardian will meet to be considered for resumption of custody, and a time limit for doing so.

(ii) The agency shall encourage the maximum ((parent-child)) parent and child and sibling contact possible, including regular visitation and participation by the parents in the care of the child while the child is in placement. Visitation may be limited or denied only if the court determines that such limitation or denial is necessary to protect the child's health, safety, or welfare.

(iii) A child shall be placed as close to the child's home as possible, preferably in the child's own neighborhood, unless the court finds that placement at a greater distance is necessary to promote the child's or parents' well-being.

(iv) The agency charged with supervising a child in placement shall provide all reasonable services that are available within the agency, or within the community, or those services which the department has existing contracts to purchase. It shall report to the court if it is unable to provide such services; and

(v) If the court has ordered, pursuant to RCW 13.34.130((2)) (4), that a termination petition be filed, a specific plan as to where the child will be placed, what steps will be taken to achieve permanency for the child, services to be offered or provided to the child, and, if visitation would be in the best interests of the child, a recommendation to the court regarding visitation between parent and child pending a fact-finding hearing on the termination petition. The agency shall not be required to develop a plan of services for the parents or provide services to the parents if the court does not order a termination petition to be filed. However, reasonable steps shall be taken to promote existing appropriate sibling relationships and/or facilitate placement together or contact in accordance with the best interests of each child, and what actions the agency will take to maintain parent-child ties.

(2) If the court determines that the continuation of reasonable efforts to prevent or eliminate the need to remove the child from his or her home or to safely return the child home should not be part of the permanency plan of care for the child, reasonable efforts shall be made to place the child in a timely manner and to complete whatever steps are necessary to finalize the permanent placement of the child.

(3) The court shall consider the child's relationships with the child's siblings in accordance with RCW 13.34.130(3).

Sec. 5. RCW 13.34.138 and 2001 c 332 s 5 are each amended to read as follows:

(1) Except for children whose cases are reviewed by a citizen review board under chapter 13.70 RCW, the status of all children found to be dependent shall be reviewed by the court at least every six months from the beginning date of the placement episode or the date dependency is established, whichever is first, at a hearing in which it shall be determined whether court supervision should continue. The initial review hearing shall be an in-court review and shall be set six months from the beginning date of the placement episode or no more than ninety days from the entry of the disposition order, whichever comes first. The initial review hearing may be a permanency planning hearing when necessary to meet the time frames set forth in RCW 13.34.145(3) or 13.34.134. The review shall include findings regarding the agency and parent or relative completion of disposition plan requirements, and if necessary, revised permanency time limits. This review shall consider both the agency's and parent's efforts that demonstrate consistent measurable progress and over time in meeting the disposition plan requirements. The requirements for the initial review hearing, including the in-court requirement, shall be accomplished within existing resources. The supervising agency shall provide a foster parent, preadoptive parent, or relative with notice of, and their right to an opportunity to be heard in, a review hearing pertaining to the child, but only if that person is currently providing care to that child at the time of the hearing. This section shall not be construed to grant party status to any person who has been provided an opportunity to be heard.

(a) A child shall not be returned home at the review hearing unless the court finds that a reason for removal as set forth in RCW 13.34.130 no longer exists. The parents, guardian, or legal custodian shall report to the court the efforts they have made to correct the conditions which led to removal. If a child is returned, casework supervision shall continue for a period of six months, at which time there shall be a hearing on the need for continued intervention.

(b) If the child is not returned home, the court shall establish in writing:
(I) Whether reasonable services have been provided to or offered to the parties to facilitate reunion, specifying the services provided or offered;
(ii) Whether the child has been placed in the least-restrictive setting appropriate to the child’s needs, including whether consideration and preference has been given to placement with the child’s relatives;
(iii) Whether there is a continuing need for placement and whether the placement is appropriate;
(iv) Whether there has been compliance with the case plan by the child, the child’s parents, and the agency supervising the placement;
(v) Whether progress has been made toward correcting the problems that necessitated the child’s placement in out-of-home care;
(vi) Whether the parents have visited the child and any reasons why visitation has not occurred or has been infrequent;
(vii) Whether additional services, including housing assistance, are needed to facilitate the return of the child to the child’s parents; if so, the court shall order that reasonable services be offered specifying such services; and
(viii) The projected date by which the child will be returned home or other permanent plan of care will be implemented.
(c) The court at the review hearing may order a petition seeking termination of the parent and child relationship be filed.
(d) The court, on the recommendation of the agency, may order the child returned home or other permanent plan of care to be implemented.

(3) The court shall consider the child’s relationship with siblings in accordance with RCW 13.34.130(3).

Sec. 6. RCW 13.34.145 and 2000 c 135 s 4 and 2000 c 122 s 20 are each reenacted and amended to read as follows:

(a) A permanency plan shall be developed no later than sixty days from the time the supervising agency assumes responsibility for providing services, including placing the child, or at the time of a hearing under RCW 13.34.130, whichever occurs first. The permanency planning process continues until a permanency planning goal is achieved or dependency is dismissed. The planning process shall include reasonable efforts to return the child to the parent’s home.

(b) The identified outcomes and goals of the permanency plan may change over time based upon the circumstances of the particular case.

(c) Permanency planning goals should be achieved at the earliest possible date, preferably before the child has been in out-of-home care for fifteen months. In cases where parental rights have been terminated, the child is legally free for adoption, and adoption has been identified as the primary permanency planning goal, it shall be a goal to complete the adoption within six months following entry of the termination order.

(d) For purposes related to permanency planning:
(I) “Guardianship” means a dependency guardianship, a legal guardianship pursuant to chapter 11.88 RCW, or equivalent laws of another state or a federally recognized Indian tribe.
(ii) “Permanent custody order” means a custody order entered pursuant to chapter 26.10 RCW.
(iii) “Permanent legal custody” means legal custody pursuant to chapter 26.10 RCW or equivalent laws of another state or of a federally recognized Indian tribe.

(2) Whenever a permanency plan identifies independent living as a goal, the plan shall also specifically identify the services that will be provided to assist the child to make a successful transition from foster care to independent living. Before the court approves independent living as a permanent plan of care, the court shall make a finding that the provision of services to assist the child in making a transition from foster care to independent living will allow the child to manage his or her financial, personal, social, educational, and nonfinancial affairs. The department shall not discharge a child to an independent living situation before the child is eighteen years of age unless the child becomes emancipated pursuant to chapter 13.64 RCW.

(3) A permanency planning hearing shall be held in all cases where the child has remained in out-of-home care for at least nine months and an adoption decree, guardianship order, or permanent custody order has not previously been entered. The hearing shall take place no later than twelve months following commencement of the current placement episode.

(4) Whenever a child is removed from the home of a dependency guardian or long-term relative or foster care provider, and the child is not returned to the home of the foster parent, guardian, or legal custodian but is placed in out-of-home care, a permanency planning hearing shall take place no later than twelve months, as provided in subsection (3) of this section, following the date of removal unless, prior to the hearing, the child returns to the home of the dependency guardian or long-term care provider, the child is placed in the home of the parent, guardian, or legal custodian, an adoption decree, guardianship order, or a permanent custody order is entered, or the dependency is dismissed.

(5) No later than ten working days prior to the permanency planning hearing, the agency having custody of the child shall submit a written permanency plan to the court and shall mail a copy of the plan to all parties and their legal counsel, if any.

(6) At the permanency planning hearing, the court shall enter findings as required by RCW 13.34.138 and shall review the permanency plan prepared by the agency. If the child has resided in the home of a foster parent or relative for more than six months prior to the permanency planning hearing, the court shall also enter a finding regarding whether the foster parent or relative was informed of the hearing as required in RCW 74.13.280 and 13.34.138. If a goal of long-term foster or relative care has been achieved prior to the permanency planning hearing, the court shall review the child’s status to determine whether the placement and the plan for the child’s care remain appropriate.

In cases where the primary permanency planning goal has not been achieved, the court shall inquire regarding the reasons why the primary goal has not been achieved and determine what needs to be done to make it possible to achieve the primary goal.

In all cases, the court shall:
(a)(I) Order the permanency plan prepared by the agency to be implemented; or
(ii) Modify the permanency plan, and order implementation of the modified plan; and
(b)(I) Order the child returned home only if the court finds that a reason for removal as set forth in RCW 13.34.130 no longer exists; or
(ii) Order the child to remain in out-of-home care for a limited specified time period while efforts are made to implement the permanency plan.

(7) If the court orders the child returned home, casework supervision shall continue for at least six months, at which time a review hearing shall be held pursuant to RCW 13.34.138, and the court shall determine the need for continued intervention.

(8) The juvenile court may hear a petition for permanent legal custody when: (a) The court has ordered implementation of a permanency plan that includes permanent legal custody; and (b) the party pursuing the permanent legal custody is the party identified in the permanency plan as the prospective legal custodian. During the pendency of such proceeding, the court shall conduct review hearings and further permanency planning hearings as provided in this chapter. At the conclusion of the legal guardianship or permanent legal custody
proceeding, a juvenile court hearing shall be held for the purpose of determining whether dependency should be dismissed. If a guardianship or permanent custody order has been entered, the dependency shall be dismissed.

(9) Continued juvenile court jurisdiction under this chapter shall not be a barrier to the entry of an order establishing a legal guardianship or permanent legal custody when the requirements of subsection (8) of this section are met.

(10) Following the first permanency planning hearing, the court shall hold a further permanency planning hearing in accordance with this section at least once every twelve months until a permanency planning goal is achieved or the dependency is dismissed, whichever occurs first.

(11) Except as provided in RCW 13.34.235, the status of all dependent children shall continue to be reviewed by the court at least once every six months, in accordance with RCW 13.34.138, until the dependency is dismissed. Prior to the second permanency planning hearing, the agency that has custody of the child shall consider whether to file a petition for termination of parental rights or a guardianship petition at any time following the establishment of a dependency. Upon the filing of such a petition, a fact-finding hearing shall be scheduled and held in accordance with this chapter unless the agency requests dismissal of the petition prior to the hearing or unless the parties enter an agreed order terminating parental rights, establishing guardianship, or otherwise resolving the matter.

(12) Nothing in this chapter may be construed to limit the ability of the agency that has custody of the child to file a petition for termination of parental rights or a guardianship petition at any time following the establishment of a dependency. Upon the filing of such a petition, a fact-finding hearing shall be scheduled and held in accordance with this chapter unless the agency requests dismissal of the petition prior to the hearing or unless the parties enter an agreed order terminating parental rights, establishing guardianship, or otherwise resolving the matter.

(13) The approval of a permanency plan that does not contemplate return of the child to the parent does not relieve the supervising agency of its obligation to provide reasonable services, under this chapter, intended to effectuate the return of the child to the parent, including but not limited to, visitation rights. The court shall consider the child’s relationships with siblings in accordance with RCW 13.34.130.

(14) Nothing in this chapter may be construed to limit the procedural due process rights of any party in a termination or guardianship proceeding filed under this chapter.

Sec. 7. RCW 13.34.200 and 2000 c 122 §1 are each amended to read as follows:

(1) Upon the termination of parental rights pursuant to RCW 13.34.180, all rights, powers, privileges, immunities, duties, and obligations, including any rights to custody, control, visitation, or support existing between the child and parent shall be severed and terminated and the parent shall have no standing to appear at any further legal proceedings concerning the child: PROVIDED, That any support obligation existing prior to the effective date of the order terminating parental rights shall not be severed or terminated. The rights of one parent may be terminated without affecting the rights of the other parent and the order shall so state.

(2) An order terminating the parent and child relationship shall not disentitle a child to any benefit due the child from any third person, agency, state, or the United States, nor shall any action under this chapter be deemed to affect any rights and benefits that an Indian child derives from the child’s descent from a member of a federally recognized Indian tribe.

(3) An order terminating the parent-child relationship shall include a statement addressing the status of the child’s sibling relationships and the nature and extent of sibling placement, contact, or visits.

Sec. 8. RCW 13.34.210 and 2000 c 122 § 28 are each amended to read as follows:

If, upon entering an order terminating the parental rights of a parent, there remains no parent having parental rights, the court shall conduct the following hearing and placing agency willing to accept custody for the purpose of placing the child for adoption. If an adoptive home has not been identified, the department or agency shall place the child in a licensed foster home, or take other suitable measures for the care and welfare of the child. The custodian shall have authority to consent to the adoption of the child consistent with chapter 26.33 RCW, the marriage of the child, the enlistment of the child in the armed forces of the United States, necessary surgical and other medical treatment for the child, and to consent to such other matters as might normally be required of the parent of the child.

If a child has not been adopted within six months after the date of the order and a guardianship proceeding is not entered except for those cases which are reviewed by a citizen review board under chapter 13.70 RCW. The supervising agency shall take reasonable steps to ensure that the child maintains relationships with siblings as provided in RCW 13.34.130(3) and shall report to the court the status and extent of such relationships.

However, direct ingress and egress shall be allowed at any time for the construction of the facility if public safety is not adversely affected. The lease may specify an indirect ingress and egress to the facility if it is reasonable and available for the particular location.

(b) The lease must require that personal wireless service facilities are installed and maintained within the right of way so as not to adversely affect public safety.

(3) The cost of the lease must be limited to the fair market value of the portion of the right of way being used by the service provider and the direct administrative expenses incurred by the department in processing the lease application.

If the department and the service provider are unable to agree on the cost of the lease, the service provider may submit the cost of the lease to binding arbitration by serving written notice on the department. Within thirty days of receiving the notice, each party shall furnish a list of acceptable arbitrators. The parties shall select an arbitrator; failing to agree on an arbitrator, each party shall select one arbitrator and the two arbitrators shall select a third arbitrator for an arbitration panel. The arbitrator or panel shall determine the cost of the lease based on comparable siting agreements. Costs of the arbitration, including compensation for the arbitrator’s services, must be borne equally by the parties participating in the arbitration and each party shall bear its own costs and expenses, including legal fees and witness expenses, in connection with the arbitration proceeding.

(4) The department shall act on an application for a lease within sixty days of receiving a completed application, unless a service provider consents to a different time period.

(5) The reasons for a denial of a lease application must be supported by substantial evidence contained in a written record.

(6) The department may adopt rules to implement this section.

(7) All lease money paid to the department under this section shall be deposited in the motor vehicle fund created in RCW 46.68.070.

NEW SECTION, Sec. 6. The process for issuing leases required in section 5(2) of this act must be established by the effective date of this act.

POINT OF INQUIRY

Senator Spangle: “Senator Esser, I notice in the explanation on the back, it says ‘Use of highways rights-of-way—the funds that pay for this—must be deposited in the motor vehicle fund.’ Where have they been going?”

Senator Esser: “I’m not certain, Senator, but I think it is appropriate that they go into the motor vehicle accounts, because this is along highways of the state. So, I think that is the appropriate fund for these monies to go to.”
Senator Spanel: “I think the other place could have been the multi, multi--I can’t say it--multi modal account.”
Senator Esser: “That would have certainly have been a different option, but I think this is the best choice.”
Senator Spanel: “Okay, but you don’t know where they go now?”

Senator Keiser moved that the following striking amendment by Senators Keiser and Prentice be adopted:

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. The legislature finds that over five thousand state residents per year file cases and complaints with the department of labor and industries alleging they have been denied payment for work they performed. The department of labor and industries currently does not have an effective means of addressing these complaints in order to ensure workers are paid the wages they are owed.

The legislature further finds that the Washington state minimum wage law and wage claim laws do not authorize adequate penalties against violators. To improve compliance, the department of labor and industries should be allowed to assess interest on back wages and impose civil penalties against employers who are found to be not in compliance with chapters 49.46 and 49.48 RCW.

NEW SECTION. Sec. 2. A new section is added to chapter 49.48 RCW to read as follows:

(1) An employer shall pay each worker all wages due on an established payday for each pay period.
(2) An employer found to have violated a provision requiring payment of wages under chapter 49.12, 49.28, 49.30, 49.46, or 49.52 RCW or this chapter in a citation or notice of assessment issued by the director of labor and industries or the director’s authorized representative:
   (a) Must pay the wages to the employee, including interest of up to one percent per month on the unpaid wages, also to be paid to the worker; shall be assessed a civil penalty of not less than a thousand dollars and not more than one thousand dollars for each violation per employee; and may be assessed a civil penalty of not more than one thousand dollars for each subsequent violation found in the citation or notice of assessment. Each day a violation occurs may constitute a separate violation. The director or director’s authorized representative may also claim the remedies in RCW 49.52.070.
   (b) Order the payment of all wages owed the worker, including interest of up to one percent per month on the unpaid wages, also to be paid to the worker; shall be assessed a civil penalty of not less than one hundred dollars and not more than one thousand dollars for each violation per employee; and may be assessed a civil penalty of not more than one thousand dollars for each subsequent violation found in the citation or notice of assessment. Each day a violation occurs may constitute a separate violation.
   (c) The director and labor industries may waive collection of a portion or all of the penalties assessed under this chapter in favor of the full payment of wages owed to the employee.
   (d) The director of labor and industries, or the director’s authorized representative, may require payment of unpaid wages and may assess all civil penalties authorized by this section. When considering the amount of penalties for multiple violations found in a citation and notice of assessment, the director, or the director’s authorized representative, may consider the appropriateness of the penalty with respect to the number of affected employees of the employer being charged for each violation, the gravity of the violations, the duration of the violations, the size of the employer’s business, the good faith of the employer, the history of previous violations, and other relevant factors.
(3) Civil penalties imposed under this chapter shall be paid to the director of labor and industries for deposit in the supplemental pension fund established under RCW 51.44.033.
(4) The employer shall pay wages and the civil penalty amount assessed under this section within thirty days of receipt of the assessment or notify the director of his or her intent to appeal the citation or the assessment penalty as provided in section 9 of this act.

NEW SECTION. Sec. 3. A new section is added to chapter 49.46 RCW to read as follows:

(1) An employer found to have violated any of the provisions of this chapter may be assessed a civil penalty of not less than one hundred dollars and not more than one thousand dollars for each violation per employee, and may be assessed a civil penalty of not more than one thousand dollars for each subsequent violation found in the citation or notice of assessment. Each day a violation occurs may constitute a separate violation.

(2) Civil penalties imposed under this chapter shall be paid to the director for deposit in the supplemental pension fund established under RCW 51.44.033.

(3) The employer shall pay the civil penalty amount assessed under this section within thirty days of receipt of the assessment or notify the director of his or her intent to appeal the citation or the assessment penalty as provided in section 10 of this act.

(4) An employer who hinders or delays the director or his or her authorized representatives in the performance of duties in the enforcement of this chapter, or refuses to admit the director or his or her authorized representatives to any place of employment, or fails to make, keep, and preserve any records as required under the provisions of this chapter, or falsifies any such record, or refuses to make any record accessible to the director or his or her authorized representatives upon demand, or refuses to furnish a sworn statement of such record or any other information required for the proper enforcement of this chapter to the director or his or her authorized representatives upon demand, or pays or agrees to pay wages at a rate less than the rate applicable under this chapter, or otherwise violates any provision of this chapter or of any regulation issued under this chapter shall be guilty of a gross misdemeanor.

(5) Any employer who discharges or in any other manner discriminates against any employee because such employee has made any complaint to his or her employer, to the director, or his or her authorized representatives that he or she has not been paid wages in accordance with the provisions of this chapter, or that the employer has violated any provision of this chapter, or because such employee has caused to be instituted or is about to cause to be instituted any proceeding under or related to this chapter, or because such employee has testified or is about to testify in any such proceeding shall be guilty of a gross misdemeanor.

(1) The department of labor and industries may:
   (a) Conduct investigations to enforce section 2 of this act and to ensure compliance with this chapter and chapters 39.12, 49.12, 49.28, 49.30, 49.46, and 49.52 RCW, upon obtaining information indicating an employer may be committing a violation under these chapters (39.12, 49.12, 49.28, 49.30, 49.46, and 49.52 RCW); conduct investigations to ensure compliance with chapters 39.12, 49.46, and 49.48 RCW);
   (b) Order the payment of all wages owed the workers, including interest of up to one percent per month on the unpaid wages, also to be paid to the worker, and institute actions necessary for the collection of the sums determined owed either under section 2 of this act or in a civil action in the name of the department brought in superior court or other court of competent jurisdiction where the violation is alleged to have occurred, or the department may use the procedures for collection of wages in a court action set forth in this chapter and chapter 49.52 RCW; and
   (c) (Take assignment of wage claims and) Prosecute actions for the collection of wages (including interest of up to one percent per month on the unpaid wages, also to be paid to the worker, for persons who are financially unable to employ counsel when in the judgment of the director of the department the claims are valid and enforceable (in the county)).

(3) The director shall have a seal inscribed "Department of Labor and Industries--State of Washington" and all courts shall take judicial notice of such seal. Obedience to subpoenas issued by the director or authorized representative shall be enforced by the courts in any county.

(4) The director or authorized representative shall have free access to all places and works of labor. Any employer or any agent or employee of such employer who refuses the director or authorized representative admission therein, or who, when requested by the director or authorized representative, willfully neglects or refuses to furnish the director or authorized representative any statistics or information pertaining to his or her lawful duties, which statistics or information may be in his or her possession or under the control of the employer or agent, shall be guilty of a misdemeanor.

(5) An action for relief under this section shall be commenced within three years after the cause of action accrues, unless a longer period of time applies under law.

Sec. 7. RCW 49.48.040 and 1971 ex.s. c 55 s 4 are each amended to read as follows:

When the director, upon investigation by the director or his authorized representative, finds (a claim under RCW 49.48.040) it appears to the director that the employer is representing to his or her employees that he or she is able to pay wages for their services and that the employees are not being paid for their services, the director may require the employer to give a bond in such sum as the director deems reasonable and adequate in the circumstances, with sufficient surety, conditioned that the employer will in a definite future period not exceeding six months conduct his or her business and pay his or her employees in accordance with the laws of the state of Washington.

(2) Within ten days after demand for such bond the employer fails to provide the same, the director may commence a suit against the employer in the superior court of appropriate jurisdiction to compel him or her to furnish such bond or cease doing business until he or she has done so. The employer shall have the burden of proving the amount thereof to be excessive.

(3) If the court finds that there is just cause for requiring such bond and that the same is reasonable, necessary or appropriate to secure the payment of the wages, the director and any of his employees in compliance with RCW 49.48.010 through 49.48.085, the court shall enjoin such employer from doing business in this state until the requirement is met, or shall make other, and may make further, orders appropriate to compel compliance with the requirement.

Upon being informed of a wage claim against an employer or former employer, the director shall, if such claim appears to be just, immediately give the employer or former employer, of such claim by mail. If the employer or former employer fails to pay the claim or make satisfactory explanation to the director of his or her failure to do so, within thirty days thereafter, the employer or former employer shall be liable to a penalty of ten percent of that portion of the claim found to be justly due. The director shall have a cause of action against the employer or former employer for the recovery of such penalty, and the same may be included in any subsequent action by the director on said wage claim. The penalty may be exercised separately after adjustment of such wage claim without court action.

A copy of the warrant shall be mailed to the employer within three days of filing with the clerk.

The effect of a notice and order is continuous from the date the notice and order is first made until the liability out of which the notice and order arose is satisfied or becomes unenforceable because of lapse of time. In addition to the procedures for collection of a payment, penalty, or fine due to the department of labor and industries as set forth in this section, the department may recover civil penalties imposed under this chapter in a civil action in the name of the department brought in a court of competent jurisdiction of the county where the violation is alleged to have occurred.

NEW SECTION. Sec. 14. A new section is added to chapter 49.46 RCW to read as follows:

(1) If an employer defaults in a payment, penalty, or fine due to the department of labor and industries after a final order is issued under this chapter the director of labor and industries or director’s designee may file with the clerk of any county within the state, a warrant in the amount of the notice of assessment, plus interest, penalties, and a filing fee of twenty dollars. The clerk of the county in which the warrant is filed shall immediately designate a superior court cause number for the warrant, and the clerk shall cause to be entered in the judgment docket under the superior court cause number assigned to the warrant, the name of the employer mentioned in the warrant, the amount of payment, penalty, fine due on it, or filing fee, and the date when the warrant was filed. The aggregate amount of the warrant as docketed becomes a lien upon the title to, and interest in, all real and personal property of the employer against whom the warrant is issued, the same as a judgment lien in a civil case. The lien is perfected by the sheriff in the judgment docket of the county in which the warrant is filed.

(2)(a) The director of labor and industries or the director’s designee may issue to any person, firm, corporation, other entity, municipal corporation, political subdivision of the state, a public corporation, or agency of the state upon whom service has been made three days of true answers to the matters inquired of in the notice and order. Upon service of the notice and order, if the party served possesses any property that may be subject to the claim of the department, the party shall promptly deliver the property to the director or the director’s authorized representative. The director shall hold the property in trust for application on the amount of the warrant. A copy of the warrant shall be mailed to the employer within twenty days of the date of filing with the clerk.

(b) The notice and order to withhold and deliver must be served by the sheriff of the county or by the sheriff’s deputy, by certified mail, return receipt requested, or by an authorized representative of the director. A person, firm, corporation, other entity, municipal corporation, political subdivision of the state, public corporation, or agency of the state upon whom service has been made shall answer the notice within twenty days of the date of service, under oath and in writing, and shall make true answers to the matters inquired of in the notice and order. Upon service of the notice and order, if the party served possesses any property that may be subject to the claim of the department, the party shall promptly deliver the property to the director or the director’s authorized representative. The director shall hold the property in trust for application on the amount of the warrant.

(3) In addition to the procedures for collection of a payment, penalty, or fine due to the department of labor and industries as set forth in this section, the department may recover civil penalties imposed under this chapter in a civil action in the name of the department brought in a court of competent jurisdiction of the county where the violation is alleged to have occurred.

MOTION

On motion of Senator Mulliken, the rules were suspended, Substitute Senate Bill No. 5462 was advanced to third reading, the second reading considered the third and the bill was placed on final passage.

Debate ensued.

POINT OF INQUIRY

Senator Brown: “Senator Mulliken, would this bill lower our current minimum wage for young people in our state who are working under the age of eighteen?”
Senator Mulliken: “No, this bill does not address that at all.”
Senator Brown: “Isn’t it true that there is a provision in this bill that we not exceed federal definitions?”
Senator Mulliken: “We are talking about where L & I has not adopted a rule on the wage and labor standards. The fall back position--now, if we already have a law or rule in place, our state law supersedes that. It is where the state law is silent that we would have to use a fall back position of the federal standards to give the employer some form of predictability as what is expected of them in wages and in labor positions.”
Senator Brown: “Thank you, Senator.”

Further debate ensued.

POINT OF INQUIRY

Senator Prentice: “Senator Mulliken, this bill provides that certain federal laws take precedence over state agency rules--29 United States Code, Section 216--provides that an employer who refuses in good faith to pay minimum wages won’t have to pay penalties, but still has to pay the wages. This conflicts with Section 6 of this bill, which says that the employer doesn’t even have to pay the wages owed. Which one prevails?”
Senator Mulliken: “With all due respect, I think I have answered the question once and Senator Honeyford has answered the question again and I think it is very clear when there is a state statute--Washington State has a statute on the books--on the law. We have an RCW that states what our minimum wage is in this state. This bill clearly states that it is only in the absence of a law or a rule that the fall back position is for Washington DC’s federal standards. They are not going to be dictating how we handle our wage and labor in the state of Washington. But, when there is a silence in the Department of Labor and Industries as to wage and labor rules and laws, our business is in need of fall back of a certainty position and the federal standard allows that. I have answered it. I think that is--”
Senator Prentice: “Thank you. It seems to me that is not the kind of certainty we need, because Section 6 says that the employer does not to pay the wages. So, I believe that this is a very bad bill. Please vote ‘no.’”
The President declared the question before the Senate to be shall the main question be now put.

Senator Franklin: “A point of personal privilege, Mr. President. Over the past couple of days, we have had some very spirited debates in these chambers. I would like to say that with those spirited debates that we have had in discussing some very, very, dynamic issues, to keep and to maintain the respect and the congeniality that vibrates in this chamber, makes one really proud to be able serve in this chamber—to serve our state. We have our disagreements on issues, but we are able to debate those issues and to do that with respect for each other and I say that it does make us very, very proud.

“I like to watch throughout the chambers, the body language, facial expressions and determine what is going to happen next. Believe it or not, I can interpret some of those body languages. It is really wonderful to be able to serve and to debate. We have our differences, but the congeniality is still with us. I would say that now that we are, I think, at the halfway mark, the heavy lifting is yet to come. We must debate and still maintain that congeniality—and there will be heated debate. I look forward to it. It is good to serve.”

SENATE BILL NO. 5538, by Senators Esser, Prentice, Rossi, Benton, Finkbeiner, Johnson, T. Sheldon, Rouch, Schmidt and Oke

Election of Sound Transit board members.

MOTION

On motion of Senator Horn, Substitute Senate Bill No. 5538 was substituted for Senate Bill No. 5538 and the substitute bill was placed on second reading and read the second time.

MOTION

Senator Kastama moved that the following striking amendment be adopted:

Strike everything after the enacting clause and insert the following:

“NEW SECTION. Sec. 1. A new section is added to chapter 81.112 RCW to read as follows:

(1) A regional transit authority is governed by an elected board consisting of nine members elected from nine numbered districts in nonpartisan primary and general elections commencing with the elections held in 2003. Commencing with such elections, a person seeking election or serving on the board may not hold other public office and must be a registered voter residing in the relevant electoral district during the term in office and for a period from at least thirty days before filing a petition for candidacy.

(2) A five-member districting commission appointed by the governor shall define the districts as soon as possible after the effective date of this act. Each commission member must reside in a different authority subarea. The districting commission has all reasonably necessary powers and shall determine a reasonable budget, which must be funded upon its request, by an authority. The districting commission shall promptly approve a plan for nine numbered electoral districts in a service area, and publicize and file the plan with the county clerks of the counties within a service area. The plan must be drawn to ensure that the electoral districts have nearly equal populations (in accordance with the one-person-one-vote principle); do not divide a precinct; are compact, convenient, and contiguous; and minimize the number of districts that consist of portions of different counties or different authority subareas. An objection to the plan must be filed within thirty days, and be heard within sixty days, of filing the plan.

(3) Upon certification of the 2003 general election, terms of office of an authority’s board members expire, if any are existing on the effective date of this act, and the nine elected members shall take office. Each elected member shall serve the remainder of 2003 plus an additional period of two or four years. Lots must be drawn to determine which five of the nine elected members shall serve an additional four years, and which four of the nine elected members shall serve an additional two years. All successors elected in subsequent elections in odd-numbered years will have terms of office for four years, commencing January 1st after the election.

(4) An authority’s board positions become vacant upon failure to maintain residence or other qualification, recall, death, resignation, or adjudication of permanent disability. The vacancy must be filled as provided in chapter 42.12 RCW. The appointed temporary member shall serve until a successor for the remainder of the vacated term is chosen in the next primary and general election.

(5) Every decade, after release of federal census information, the governor shall appoint a new districting commission in accord with subsection (2) of this section. The commission shall operate in accord with the standards provided in subsection (2) of this section, and shall prepare a timetable for transition to any new districts.

(6) Notwithstanding any other provision of law, to allow staggered terms after a redistricting, a board member who has an uncompleted four-year term and no longer resides in his or her prior district solely due to redistricting, shall serve the remainder of the four-year term.

(7) Major decisions of the authority require a favorable vote of two-thirds of the entire membership. "Major decisions" include at least the following: System plan adoption and amendment; system phasing decisions; annual budget adoption; authorization of annexations; modification of board composition; and executive director employment.

(8) Each member of the board is eligible to be reimbursed for travel expenses in accordance with RCW 43.03.050 and 43.03.060 to receive service. A board member may elect to be compensated as provided in RCW 43.03.250. However, a board member may elect to be compensated as provided in the same terms and conditions as a member of any port district in the area served by such authority.

Sec. 1. RCW 81.112.010 and 1992 c 101 s 1 are each amended to read as follows:

The legislature recognizes that existing transportation facilities in the central Puget Sound area are inadequate to address mobility needs of the area. The geography of the region, travel demand growth, and public resistance to new roadways combine to further necessitate the rapid development of alternative modes of travel.

The legislature finds that local governments have been effective in cooperatively planning a multicity, high capacity transportation system. However, a continued multijurisdictional approach to funding, construction, and operation of a multicity high capacity transportation system may impair the successful implementation of such a system.

The legislature finds that a single agency will be more effective than several local jurisdictions working collectively at planning, developing, operating, and funding a high capacity transportation system. The single agency’s services must be carefully integrated and coordinated with public transportation services currently provided that are duplicative should be eliminated. Further, the single agency must coordinate its activities with other agencies providing local and state roadway services, implementing comprehensive planning, and implementing transportation demand management programs, and assist in developing infrastructure to support high capacity systems including but not limited to feeder systems, park and ride facilities, intermodal centers, and related roadway and operational facilities. Because the legislature finds an overriding need to ensure that the single agency is accountable to the people, coordination can be best achieved through (common governance, such as integrated governing boards) election of board members by districts.

It is therefore the policy of the state of Washington to empower counties in the state’s most populous region to create a local agency for planning and implementing a high capacity transportation system within that region. The authority for such an agency, except as specifically provided in this chapter, is not intended to limit the powers of existing transit agencies.

Sec. 3. RCW 81.112.020 and 1999 c 20 s 2 are each amended to read as follows:

Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) “Authority” means a regional transit authority authorized under this chapter.

(2) “Board” means the board of a regional transit authority.

(3) “Service area” or “area” means the area included within the boundaries of a regional transit authority.

(4) “System” means a regional transit system authorized under this chapter and under the jurisdiction of a regional transit authority.

(5) “Facilities” means any lands, interest in land, air rights over lands, and improvements thereto including vessel terminals, and any equipment, vehicles, vessels, and other components necessary to support the system.

(6) “Proof of payment” means evidence of fare prepayment authorized by a regional transit authority for the use of trains, including but not limited to commuter trains and light rail trains.
Sec. 4. RCW 81.112.030 and 1994 c 44 s 1 are each amended to read as follows:

Two or more contiguous counties each having a population of four hundred thousand persons or more may establish a regional transit authority to develop and operate a high capacity transportation system as defined in chapter 81.104 RCW.

The authority shall be formed in the following manner:

(1) The joint regional policy committee created pursuant to RCW 81.104.040 shall adopt a system and financing plan, including the definition of the service area. This action shall be completed by September 1, 1992, contingent upon satisfactory completion of the planning process defined in RCW 81.104.100. The final system plan shall be adopted no later than June 30, 1993. In addition to the requirements of RCW 81.104.100, the plan for the proposed system shall provide explicitly for a minimum portion of new tax revenues to be allocated to local transit agencies for intercity express services. Upon adoption the joint regional policy committee shall immediately transmit the plan to the county legislative authorities within the adopted service area.

(2) The legislative authorities of the counties within the service area shall decide by resolution whether to participate in the authority. This action shall be completed within forty-five days following receipt of the adopted plan or by August 13, 1993, whichever comes first.

(3) Each county that chooses to participate in the authority shall appoint its board members as set forth in RCW 81.112.040 and shall submit its list of members to the secretary of the Washington state department of transportation. These actions must be completed within thirty days following each county’s decision to participate in the authority.

(4) The secretary shall call the first meeting of the authority, to be held within thirty days following receipt of the names of the elected board members. At its first meeting, the authority shall elect officers and provide for the adoption of rules and other operating procedures.

(5) The authority is formally constituted at its first meeting and the board shall begin taking steps toward implementation of the system and financing plan adopted by the joint regional policy committee. If the joint regional policy committee fails to adopt a plan by June 30, 1993, the authority shall proceed to do so based on the work completed by that date by the joint regional policy committee. Upon formation of the authority, the joint regional policy committee shall cease to exist. The authority may make minor modifications to the plan as deemed necessary and shall at a minimum review local transit agencies’ plans to ensure feeder service/high capacity transit service integration, ensure fare integration, and ensure avoidance of parallel competitive services. The authority shall also conduct a minimum thirty-day public comment period.

(6) If the authority determines that major modifications to the plan are necessary before the initial ballot proposition is submitted to the voters, the authority may make those modifications with a favorable vote of two-thirds of the entire membership. Any such modification shall be subject to the review process set forth in RCW 81.104.110. The modified plan shall be transmitted to the legislative authorities of the participating counties. The legislative authorities shall have forty-five days following receipt to act by motion or ordinance to confirm or rescind their continued participation in the authority.

(7) If any county opts not to participate in the authority, but two or more contiguous counties do choose to continue to participate, the authority’s board shall be revised accordingly. The authority shall, within forty-five days, redefine the system and financing plan to reflect elimination of one or more counties, and submit the redefined plan to the legislative authorities of the remaining counties for their decision as to whether to continue to participate. This action shall be completed within forty-five days following receipt of the redefined plan.

(8) The authority shall place on the ballot within two years of the authority’s formation, a single ballot proposition to authorize the imposition of taxes to support the implementation of an appropriate phase of the plan within its service area. In addition to the system plan requirements contained in RCW 81.104.100(d), the system plan approved by the authority’s board before the submittal of a proposition to the voters shall contain an equity element which:

(a) Identifies revenues anticipated to be generated by corridor and by county within the authority’s boundaries;

(b) Identifies the phasing of construction and operation of high capacity system facilities, services, and benefits in each corridor.

Phasing decisions should give priority to jurisdictions which have adopted transit-supportive land use plans; and

(c) Identifies the degree to which revenues generated within each county will benefit the residents of that county, and identifies when such benefits will accrue.

A simple majority of those voting within the boundaries of the authority is required for approval. If the vote is affirmative, the authority shall begin implementation of the projects identified in the proposition. However, the authority may not submit any authorizing proposition for voter-approved taxes prior to July 1, 1993; nor may the authority issue bonds or form any local improvement district prior to July 1, 1993.

(9) If the vote on a proposition fails, the board may redefine the proposition, make changes to the authority boundaries, and make corresponding changes to the composition of the board, subject to section 1 of this act. If the composition of the board is changed, the participating counties shall revise the membership of the board accordingly, subject to section 1 of this act. The board may then submit the revised proposition or a different proposition to the voters. No single proposition may be submitted to the voters more than twice. The authority may place additional propositions on the ballot to impose taxes to support additional phases of plan implementation.

If the authority is unable to achieve a positive vote on a proposition within two years from the date of the first election on a proposition, the board may, by resolution, reconstitute the authority as a single-county body. With a two-thirds vote of the entire membership of the voting members, the board may also dissolve the authority.

NEW SECTION. Sec. 5. A new section is added to chapter 81.112 RCW to read as follows:

(1) Subject to subsection (2) of this section, an authority board that was not elected as provided for in section 1 of this act may not make expenditures, incur any debt, issue any bonds, or enter into any agreement, for the purpose of implementing a light rail transit system in a county with a population over one million five hundred thousand persons.

(2) An authority may make expenditures under this section solely for the purpose of retiring debt or fulfilling contractual obligations, if any, related to a light rail system, incurred or entered into before the effective date of this act.

NEW SECTION. Sec. 6. RCW 81.112.040 (Board appointments—Voting—Expenses) and 1994 c 109 s 1 & 1992 c 101 s 4 are each repealed.

NEW SECTION. Sec. 7. This act is remedial in nature and applies to all regional transit authorities established before or after the effective date of this act.

NEW SECTION. Sec. 8. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately.”

Debate ensued.

The President declared the question before the Senate to be the adoption of the striking amendment by Senator Kastama to Senate Bill No. 5538.

The motion by Senator Kastama carried and the striking amendment was adopted on a rising vote.
On motion of Senator Kastama, the following title amendment was adopted:

On line 2 of the title, after "members;" strike the remainder of the title and insert "amending RCW 81.112.010, 81.112.020, and 81.112.030; adding new sections to chapter 81.112 RCW; creating a new section; repealing RCW 81.112.040; and declaring an emergency."

SENATE BILL NO. 5400, by Senator Swecker

Creating a geoduck aquaculture research project.

MOTIONS

On motion of Senator Morton, Substitute Senate Bill No. 5400 was substituted for Senate Bill No. 5400 and the substitute bill was placed on second reading and read the second time.

Senator Morton moved that the following striking amendment by Senators Morton and Swecker be adopted:

"NEW SECTION. Sec. 1. A new section is added to chapter 79.96 RCW to read as follows:
(1) By January 1, 2004, the department and the department of fish and wildlife shall initiate an agreement to conduct joint research projects with the geoduck harvesters association, holders of aquatic farm registrations, and recognized treaty tribes of Washington, hereinafter referred to as cooperators, for an initial term of ten years, with the option of an additional term of ten years, to examine the subtidal geoduck aquaculture industry in the state of Washington.

(2) The geoduck aquaculture research project must use scientific methods to determine sustainability of geoduck aquaculture and assess potential impacts to the aquatic ecosystem.

(3) The department shall lease the use of state-owned aquatic lands for the geoduck aquaculture research project and shall determine the location of leases and project design jointly with the cooperators. Each cooperator leasing land shall provide geoduck clam seed produced in hatcheries located in Washington state, materials, and labor for their respective lease. The department will establish lease fees on a per acre basis, not to exceed one thousand dollars per acre.

(a) The department shall designate no fewer than five areas of aquatic lands owned by the state to lease on which to implement the geoduck aquaculture research project. The department and cooperators shall determine the size and location of the areas, which shall comprise approximately fifty acres, of approximately ten acres each.

(b) Identification of areas with density of geoduck clams below the level that constitutes a natural bed must be made in accordance with the tribes, pursuant to applicable federal court order. The treaty tribes retain the right, as provided under court order, to inspect study areas.

(4) At the end of the first year of the geoduck aquaculture research project and each year thereafter, the department shall provide a progress report on the project to the standing legislative committees with jurisdiction. The second report and all subsequent reports must include an assessment of geoduck aquaculture, its impact on the aquatic ecosystem, and recommendations regarding continuation or expansion of the research project. Each report must include the perspective of the association, the geoduck aquaculture industry, and the tribes.

POINT OF INQUIRY

Senators Betti Sheldon: “Senator Morton, are the counties going to have any opportunity to participate in the discussion of this study? As you know, we in Kitsap have a very active interest in the geoduck harvest.”

Senator Morton: “There is no limit as to who can participate in discussions. Those that will be a part of signing the agreement will be harvesters. There are two groups of people. There is one that is an association that is incorporated now and then there is another that will have to organize further before they can sign a legal document. Then the other two entities are the Department of Fish and Wildlife and the Department of Natural Resources.”

Senator Betti Sheldon: “Senator Morton, are the counties going to have any opportunity to participate in the discussion of this study? As you know, we in Kitsap have a very active interest in the geoduck harvest.”

Senator Morton: “So, that would exclude local government? Is that what you are saying?”

Senator Morton: “Local government is not specifically mentioned. The tribes are specifically mentioned as part of it. Local government is not. Yes, they could participate. I suppose they could ask to be a part of it, but in this bill, you are right, they are not specifically mentioned.”

Senator Betti Sheldon: “Thank you.”

The President declared the question before the Senate to be the adoption of the striking amendment by Senators Morton and Swecker to Substitute Senate Bill No. 5400.

SECOND READING

SENATE BILL NO. 5969, by Senators Haugen, Swecker and Rasmussen

Providing natural resource protection in Skagit county.

MOTIONS

On motion of Senator Swecker, Substitute Senate Bill No. 5969 was substituted for Senate Bill No. 5969 and the substitute bill was placed on second reading and read the second time.

On motion of Senator Swecker, the following striking amendment by Senators Swecker and Haugen was adopted:

**NEW SECTION.** Sec. 1. The legislature finds that counties have been given the authority to designate agricultural lands of long-term commercial significance and that such lands are protected as a matter of state law. The legislature finds that counties have also been given the authority to designate fish habitat and that these areas are to be protected as a matter of state law. In addition, the legislature finds that the department of fish and wildlife has been granted authority to protect fish habitat in streams.

The legislature finds that several fish habitat restoration processes have been established for the specific purpose of developing plans acceptable to the local communities to restore fish habitat and that several millions of dollars of public funds have been dedicated to projects supported by the local community, including many in Skagit county.

The legislature also finds that instead of using fish habitat restoration processes, the department of fish and wildlife has attempted in Skagit county to use regulatory statutes that are limited to the protection of fish habitat. However, these regulatory statutes do not require the restoration or enhancement of habitat.

The legislature finds that historical interpretations by the agency have changed without a corresponding change in the underlying statute. Further, the term “protection” has been determined to be equivalent to a no net loss standard in the administrative code pertaining to hydraulic project approvals. Likewise, the legislature finds that the protection requirement for agricultural land designated as having long-term commercial significance has been interpreted by the state supreme court in a similar fashion of no reduction and no net loss.

The legislature further finds that for over fifty years that fishway statutes have been in effect, they have not been applied to tide gates on agricultural drainage facilities.

The legislature finds that a collaborative process to examine reasonable and feasible alternatives to enhance tidal fish habitat should be used to focus and expedite efforts where there is a gain in tidal fish habitat without harming designated agricultural lands. The legislature also finds that pilot projects may be needed to test creative solutions to achieve the dual goals of enhancing tidal fish habitat while protecting designated agricultural lands.

**NEW SECTION.** Sec. 2. The purposes of this act are:

1. To protect lands designated by the county as agricultural land of long-term commercial significance from the effects of saltwater intrusion and diminishment of drainage capability for drainage infrastructure, including flood gates, pump stations, ditches, and tide gates;

2. To require examination of opportunities to enhance tidal fish habitat on hundreds of acres of publicly owned land while maintaining habitat for migratory birds and that opportunities on publicly owned lands outside the dikes be considered first; and

3. To allow tide gates located on bona fide streams to proceed through a fish habitat restoration planning process to find opportunities to use fish habitat while avoiding harm to existing land uses.

**NEW SECTION.** Sec. 3. A new section is added to chapter 77.55 RCW to read as follows:

1. From funds appropriated to the department of fish and wildlife for salmon restoration activities, the fish and wildlife commission, in coordination with the Skagit county legislative authority and diking and drainage district commissioners, and local landowners, shall establish the Skagit tidal fish habitat pilot project to jointly develop a strategy and to propose projects to enhance tidal fish habitat and address the management, operation, and maintenance of tide gates on streams in Skagit county while assuring no net loss of agricultural lands or their productivity. The strategy and proposed projects must be submitted to the appropriate standing committees of the legislature by December 1, 2004. The strategy must consider the following elements:
(a) An inventory of existing tide gates located on bona fide streams in Skagit county. The inventory must include location, age, type, and maintenance history of the tide gate, and other factors as determined by the commission, the county, diking and drainage districts, and local landowners;

(b) An assessment of the role of tide gates located on bona fide streams in the Skagit county; the role of tidal fish habitat for various life stages of salmon; the quantity and characterization of tidal fish habitat currently accessible to fish; the quantity and characterization of the present tidal fish habitat created at the time the dikes and outlets were constructed; the quantity of potential tidal fish habitat on public lands and alternatives to enhance this habitat; the effects of salt water intrusion on agricultural land including the effects of backfeeding of salt water through the underground drainage system; the role of tide gates in drainage systems including relieving excess water from saturated soil and providing reservoir functions between tides; the effect of saturated soils on production of crops; the characteristics of properly functioning tidal fish habitat; the description of agricultural lands designated by the county as having long-term commercial significance and the effect of that designation; the description and identification of natural water courses and the effect of that designation; and the economic impacts to existing land uses for various alternatives for tide gate alteration; and

(c) A long-term proposal for fish habitat enhancement to meet the two goals of salmon recovery and no net loss of designated agricultural lands. The fish and wildlife commission, the Skagit county legislative authority, and diking and drainage district commissioners shall jointly convene a work group of interested parties, including local landowners, tribal councilmembers, local governments, federal fishery agencies, diking and drainage districts, and representatives of the local lead entity under RCW 77.85.050, to develop the strategy and proposed projects, based on the inventory and assessment under (a) and (b) of this subsection. Legislators shall be appointed to the work group, with an equal number from each of the four major caucuses in the house of representatives and the senate as determined by the speaker of the house of representatives and the president of the senate. The proposal shall include methods to increase fish passage and enhance tidal habitat on public lands, voluntary methods to increase fish passage on private lands, a priority list of fish passage projects on bona fide streams, and recommendations for funding of high priority projects.

(2) The strategy shall proceed in four phases as follows:

(a) Examining opportunities and proposing projects for tidal fish habitat improvements on public land outside the dike;

(b) Examining opportunities and proposing projects for tidal fish habitat improvements on public land inside the dike;

(c) Examining opportunities and proposing projects for tidal fish habitat improvements on areas that have bona fide streams; and

(d) Examining voluntary opportunities for tidal fish habitat improvements where there are no bona fide streams.

(3) The department of fish and wildlife may not require fish passage under RCW 77.55.060 or as a condition of hydraulic project approval for maintenance, improvement, or replacement of agricultural drainage systems under this chapter unless the condition is consistent with the strategy developed under this section and the strategy has been approved by the legislature.

(4) Any condition requiring fish passage in an existing hydraulic project approval issued for a tide gate in Skagit county under this chapter is stayed unless the condition is consistent with the strategy developed under this section and the strategy has been approved by the legislature.

(5) For the purpose of this section, "stream" or "bona fide stream" means the Skagit river, the Samish river, Carpenter creek, and Colony creek.

(3) One hundred percent of all funds or other property that is received from or on behalf of purchasers of timeshare interests prior to the occurrence of events required in this section must be deposited pursuant to an escrow or trust agreement approved by the department.

(4) In lieu of depositing purchaser funds into an escrow or trust account, the promoter may post with the department a bond equal to the amount of Washington resident purchaser funds or other property. The amount of the bond must be adjusted upwards as the promoter makes additional sales and must at all times equal the amount of funds or other property that have been paid by Washington resident purchasers.

(5) Any purchaser has the right to void the timeshare purchase agreement and request a full, unqualified refund if construction of the timeshare project is not completed within two years from the date of the initial offer to sell the timeshare interest or by the last estimated date of construction contained in the timeshare purchase agreement, whichever is earlier.

(6) If the completed timeshare project is materially and adversely different from the project that was promised to purchasers at the time that the purchase agreements were signed, the director may declare any or all of the purchaser contracts void. Before declaring the contracts void, the director shall give the promoter the opportunity for a hearing in accordance with chapters 34.05 and 18.235 RCW.

(7) If the promoter intends to or does pledge or borrow against funds or properties, which are held in trust or escrow or protected by a bond, to help finance in whole or in part the construction of the timeshare project or to help pay for operating costs, this must be fully, plainly, and conspicuously disclosed in all advertising, in all written or oral solicitations for the sale of the timeshare interests, in the registration with the director, and in the purchase agreement or contract.

(8) A promoter who obtains an effective registration for a revocable timeshare interest reservation must meet the requirements of this section in order to complete an irrevocable purchase agreement."

SENATE BILL NO. 6011, by Senator Rossi

Providing a business and occupation tax for staffing services businesses.

MOTIONS

On motion of Senator West, Substitute Senate Bill No. 6011 was substituted for Senate Bill No. 6011 and the substitute bill was placed on second reading and read the second time.

On motion of Senator Regala, the following striking amendment by Senators Rossi and Regala was adopted:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. A new section is added to chapter 82.04 RCW to read as follows:

(1) Upon every person engaging in this state in the business of providing staffing services that would otherwise be subject to tax under RCW 82.04.290(2), as to such persons the amount of tax with respect to such business shall be equal to the gross income of the business, multiplied by the rate of .484 percent. If the staffing activities are conducted both within and without this state, the amount of tax on such person shall be equal to the apportioned gross income of the business multiplied by the rate of .484 percent.

(2) The apportioned gross income shall be calculated by multiplying the apportionable income by a fraction, the numerator of which is the sum of the property factor, if any, the payroll factor, if any, and the sales factor, if any, and the denominator of which is three reduced by the number of factors that have a denominator of zero. The apportionment factors shall be calculated according to rules adopted by the department consistent with the principles and concepts contained in chapter 82.56 RCW but are not required to be identical to those contained in chapter 82.56 RCW. If the provisions of this section do not fairly represent the extent of the taxpayer’s business activity in this state, the taxpayer may petition for or the department may require the use of an alternative apportionment method, if reasonable, such as separate accounting, the exclusion of any one or more of the factors, or the inclusion of one or more additional factors.

(3) The definitions in this subsection apply to this section.

(a) “Apportionable income” means the gross income of the taxpayer, which includes but is not limited to all amounts received for providing the temporary workers, subject to tax under subsection (1) of this section, less the exemptions and deductions allowable under this chapter.

(b) “Staffing services” means an arrangement in which the taxpayer recruits and hires employees from the labor market and assigns them on a temporary basis to perform services for another to support or supplement the customer’s work force, or to provide assistance in
special work situations such as employee absences, skill shortages, and seasonal workloads, or to perform special assignments or projects, all under the direction and supervision of the customer. "Staffing services" does not include employee leasing or employee placement services.

Sec. 2. RCW 82.04.290 and 2001 1st sp.s. c 9 s 6 are each amended to read as follows:

(1) Upon every person engaging within this state in the business of providing international investment management services, as to such persons, the amount of tax with respect to such business shall be equal to the gross income or gross proceeds of sales of the business multiplied by a rate of 0.275 percent.

(2) Upon every person engaging within this state in any business activity other than or in addition to those enumerated in RCW 82.04.230, 82.04.240, 82.04.250, 82.04.255, 82.04.260, 82.04.270, 82.04.298, 82.04.2905, 82.04.280, 82.04.2907, 82.04.297, section 1 of this act, and subsection (1) of this section; as to such persons the amount of tax on account of such activities shall be equal to the gross income of the business multiplied by the rate of 1.5 percent.

This section includes, among others, and without limiting the scope hereof (whether or not title to materials used in the performance of such business passes to another by accession, confusion or other than by outright sale), persons engaged in the business of rendering any type of service which does not constitute a "sale at retail" or a "sale at wholesale." The value of advertising, demonstration, and promotional supplies and materials furnished to an agent by his principal or supplier to be used for informational, educational and promotional purposes shall not be considered a part of the agent’s remuneration or commission and shall not be subject to taxation under this section.

MOTIONS

On motion of Senator West, the following title amendment was adopted:

On page 1, line 2 of the title, after “businesses;” strike the remainder of the title and insert "amending RCW 82.04.290; and adding a new section to chapter 82.04 RCW."

On motion of Senator West, the rules were suspended, Engrossed Substitute Senate Bill No. 6011 was advanced to third reading, the second reading considered the third and the bill was placed on final passage.

POINT OF INQUIRY

Senator Regala: “Senator West, I understand that Engrossed Substitute Senate Bill No. 6011 deals with the issue of the business and occupation taxation of companies that provide temporary staffing services. I also understand that there is pending litigation between a staffing service company and the Department of Revenue regarding whether some staffing services are subject to the retail sales tax. Would this bill affect the outcome of that litigation?”

Senator West: “Senator Regala, Engrossed Substitute Senate Bill No. 6011 lowers the business and occupation tax rate on companies that provide temporary staffing services if the activities would otherwise be subject to the general 1.5 percent business and occupation tax rate on services. Activities taxable under the general 1.5 percent service rate are not subject to the retail sales tax. The issue in that litigation is whether or not temporary staffing services that are defined as retail sales would be taxable under the retailing classification of the business and occupation tax and consequently subject to the retail sales tax. This bill does not address any temporary staffing services that may be subject to tax under the retailing classification. Therefore, this bill does not affect, and is not intended to affect, the outcome of that pending litigation.”

Further debate ensued.

The President declared the question before the Senate to be the roll call on the final passage of Engrossed Substitute Senate Bill No. 6011.

OPTION C

CHEMICAL DEPENDENCY DISPOSITION ALTERNATIVE

If the juvenile offender is subject to a standard range disposition of local sanctions or 15 to 36 weeks of confinement and has not committed an A- or B+ offense, the court may impose a disposition under RCW 13.40.160(4) and 13.40.165.

OR

OPTION (eci) D

MANIFEST INJUSTICE

If the court determines that a disposition under option A (eci), B, or C would effectuate a manifest injustice, the court shall impose a disposition outside the standard range under RCW 13.40.160(2).

Sec. 2. RCW 13.40.160 and 2002 c 175 s 22 are each amended to read as follows:

(1) The standard range disposition for a juvenile adjudicated of an offense is determined according to RCW 13.40.0357.  
(a) When the court sentences an offender to a local sanction as provided in RCW 13.40.0357 option A, the court shall impose a determinate disposition within the standard ranges, except as provided in subsections (2), (3), ((4a)), (5), and (6) of this section. The disposition may be comprised of one or more local sanctions.  
(b) When the court sentences an offender to a standard range as provided in RCW 13.40.0357 option A that includes a term of confinement exceeding thirty days, commitment shall be to the department for the standard range of confinement, except as provided in subsections (2), (3), ((4a)), (5), and (6) of this section.  
(2) If the court concludes, and enters reasons for its conclusion, that disposition within the standard range would effectuate a manifest injustice the court shall impose a disposition outside the standard range, as indicated in option (eci) D of RCW 13.40.0357. The court’s finding of manifest injustice shall be supported by clear and convincing evidence.

A disposition outside the standard range shall be determinate and shall be comprised of confinement or community supervision, or a combination thereof. When a judge finds a manifest injustice and imposes a sentence of confinement exceeding thirty days, the court shall sentence the juvenile to a maximum term, and the provisions of RCW 13.40.030(2) shall be used to determine the range. A disposition outside the standard range is appealable under RCW 13.40.230 by the state or the respondent. A disposition within the standard range is not appealable under RCW 13.40.230.

(3) When a juvenile offender is found to have committed a sex offense, other than a sex offense that is also a serious violent offense as defined by RCW 9.94A.030, and has no history of a prior sex offense, the court, on its own motion or the motion of the state or the respondent, may order an examination to determine whether the respondent is amenable to treatment. The report of the examination shall include at a minimum the following: The respondent’s version of the facts and the official version of the facts, the respondent’s offense history, an assessment of problems in addition to alleged deviant behaviors, the respondent’s social, educational, and employment situation, and other evaluation measures used. The report shall set forth the sources of the evaluator’s information.

The examiner shall assess and report regarding the respondent’s amenability to treatment and relative risk to the community. A proposed treatment plan shall be provided and shall include, at a minimum:

(a)(i) Frequency and type of contact between the offender and therapist;  
(ii) Specific issues to be addressed in the treatment and description of planned treatment modalities;  
(iii) Monitoring plans, including any requirements regarding living conditions, lifestyle requirements, and monitoring by family members, legal guardians, or others;  
(iv) Anticipated length of treatment; and  
(v) Recommended crime-related prohibitions. The court on its own motion may order, or on a motion by the state shall order, a second examination regarding the offender’s amenability to treatment. The evaluator shall be selected by the party making the motion. The defendant shall pay the cost of any second examination ordered unless the court finds the defendant to be indigent in which case the state shall pay the cost.

After receipt of reports of the examination, the court shall then consider whether the offender and the community will benefit from use of this special sex offender disposition alternative and consider the victim’s opinion whether the offender should receive a treatment disposition under this section. If the court determines that this special sex offender disposition alternative is appropriate, then the court shall impose a determinate disposition within the standard range for the offense, or if the court concludes, and enters reasons for its conclusions, that such disposition would cause a manifest injustice, the court shall impose a disposition under option (eci) D, and the court may suspend the execution of the disposition and place the offender on community supervision for at least two years. As a condition of the suspended disposition, the court may impose the conditions of community supervision and other conditions, including up to thirty days of confinement and requirements that the offender do any one or more of the following:

(b)(i) Devote time to a specific education, employment, or occupation;  
(ii) Undergo available outpatient sex offender treatment for up to two years, or inpatient sex offender treatment not to exceed the standard range of confinement for that offense. A community mental health center may not be used for such treatment unless it has an appropriate program designed for sex offender treatment. The respondent shall not change sex offender treatment providers or treatment conditions without first notifying the prosecutor, the probation counselor, and the court, and shall not change providers without court approval after a hearing if the prosecutor or probation counselor object to the change;  
(iii) Remain within prescribed geographical boundaries and notify the court or the probation counselor prior to any change in the offender’s address, educational program, or employment;  
(iv) Report to the prosecutor and the probation counselor prior to any change in a sex offender treatment provider. This change shall have prior approval by the court;  
(v) Report as directed to the court and a probation counselor;  
(vi) Pay all court-ordered legal financial obligations, perform community restitution, or any combination thereof;
(vii) Make restitution to the victim for the cost of any counseling reasonably related to the offense;
(viii) Comply with the conditions of a court-ordered probation bond; or
(ix) The court shall order that the offender may not attend the public or approved private elementary, middle, or high school attended by the victim or the victim’s siblings. The parents or legal guardians of the offender are responsible for transportation or other costs associated with the offender’s change of school that would otherwise be paid by the school district. The court shall send notice of the disposition and restriction on attending the same school as the public or approved private school the juvenile will attend, if known, or if unknown, to the approved private schools and the public school district board of directors of the district in which the juvenile resides or intends to reside. This notice must be sent at the earliest possible date but not later than ten calendar days after entry of the disposition.

The sex offender treatment provider shall submit quarterly reports on the respondent’s progress in treatment to the court and the parties. The reports shall reference the treatment plan and include at a minimum the following: Dates of attendance, respondent’s compliance with requirements, treatment activities, the respondent’s relative progress in treatment, and any other material specified by the court at the time of the disposition.

At the time of the disposition, the court may set treatment review hearings as the court considers appropriate. Except as provided in this subsection (3), after July 1, 1991, examinations and treatment ordered pursuant to this subsection shall only be conducted by sex offender treatment providers certified by the department of health pursuant to chapter 18.155 RCW. A sex offender therapist who examines or treats a juvenile sex offender pursuant to this subsection does not have to be certified by the department of health pursuant to chapter 18.155 RCW if the court finds that: (1) The offender has already moved to another state or plans to move to another state for reasons other than circumventing the certification requirements; (B) no certified providers are available for treatment within a reasonable geographical distance of the offender’s home; and (c) the evaluation and treatment plan comply with this subsection (3) and the rules adopted by the department of health.

If the offender violates any condition of the disposition or the court finds that the respondent is failing to make satisfactory progress in treatment, the court may revoke the suspension and order execution of the disposition or the court may impose a penalty of up to thirty days’ confinement for violating conditions of the disposition. The court may order both execution of the disposition and up to thirty days’ confinement for the violation of the conditions of the disposition. The court shall give credit for any confinement time previously served if that confinement was for the offense for which the suspension is being revoked.

For purpose of this section, “victim” means any person who has sustained emotional, psychological, physical, or financial injury to person or property as a direct result of the crime charged. “Victim” may also include a known parent or guardian of a victim who is a minor child unless the parent or guardian is the perpetrator of the offense.

A disposition entered under this subsection (3) is not appealable under RCW 13.40.230.

(4) When the offender is subject to a standard range disposition of local sanctions or 15 to 36 weeks of confinement and has not committed an A- or B+ offense, the court may impose the disposition alternative under RCW 13.40.165.

(5) If a juvenile is subject to a commitment of 15 to 65 weeks of confinement, the court may impose the disposition alternative under section 3 of this act.

(6) When the offender is subject to a standard range commitment of 15 to 36 weeks and is ineligible for a suspended disposition alternative, a manifest injustice disposition below the standard range, special sex offender disposition alternative, chemical dependency disposition alternative, or mental health disposition alternative, the court may impose the disposition alternative under section 4 of this act.

(7) RCW 13.40.193 shall govern the disposition of any juvenile adjudicated of possessing a firearm in violation of RCW 9.41.040(1)(b)(iii) or another crime in which a special finding is entered that the juvenile was armed with a firearm.

(8) When a juvenile offender is entitled to credit for time spent in detention prior to a dispositional order, the dispositional order shall specifically state the number of days of credit for time served.

(9) Except as provided under subsection (3) (i) (4), (5), or (6) of this section or RCW 13.40.127, the court shall not suspend or defer the imposition or the execution of the disposition.

(10) In no case shall the term of confinement imposed by the court at disposition exceed that to which an adult could be subjected for the same offense.

NEW SECTION. Sec. 3. A new section is added to chapter 13.40 RCW to read as follows:

(1) When an offender is subject to a standard range commitment of 15 to 65 weeks, the court may:
(a) Impose the standard range; or
(b) Suspend the standard range disposition on condition that the offender complies with the terms of this mental health disposition alternative.

(2) The court may impose this disposition alternative when the court finds the following:
(a) The offender has a current diagnosis, consistent with the American psychiatry association diagnostic and statistical manual of mental disorders, of a mental health disorder, such as schizophrenia, schizoaffective disorder, bipolar disorder, major depressive disorder, or anxiety disorder; or
(b) The offender has a current diagnosis of substance abuse disorder, character disorder, or pedophilia; or
(c) The offender is not a threat to self or others.

(3) The court shall give credit for any time previously served if the offender is determined to be a manifest injustice disposition below the standard range, special sex offender disposition alternative, or chemical dependency disposition alternative, and has not committed an A- or B+ offense

NEW SECTION. Sec. 4. A new section is added to chapter 13.40 RCW to read as follows:

(1) RCW 13.40.193 shall govern the disposition of any juvenile adjudicated of possessing a firearm in violation of RCW 9.41.040(1) or any crime in which a special finding is entered that the juvenile was armed with a firearm.

(2) The court may impose this disposition alternative when the court finds the following:
(a) The respondent has a current diagnosis, consistent with the American psychiatry association diagnostic and statistical manual of mental disorders, of a mental health disorder, such as schizophrenia, schizoaffective disorder, bipolar disorder, major depressive disorder, or anxiety disorder; or
(b) The respondent does not pose a danger to self or others.

NEW SECTION. Sec. 5. A new section is added to chapter 11.99 RCW to read as follows:

(1) Any court finding that a juvenile is a special offender shall include a statement to the effect that the juvenile has a current diagnosis, consistent with the American psychiatry association diagnostic and statistical manual of mental disorders, of a mental health disorder, such as schizophrenia, schizoaffective disorder, bipolar disorder, major depressive disorder, or anxiety disorder; or
(b) The respondent is not a threat to self or others.

NEW SECTION. Sec. 6. A new section is added to chapter 13.40 RCW to read as follows:

(1) Any court finding that a juvenile is a special offender shall include a statement to the effect that the juvenile has a current diagnosis, consistent with the American psychiatry association diagnostic and statistical manual of mental disorders, of a mental health disorder, such as schizophrenia, schizoaffective disorder, bipolar disorder, major depressive disorder, or anxiety disorder; or
(b) The respondent is not a threat to self or others.

NEW SECTION. Sec. 7. A new section is added to chapter 13.40 RCW to read as follows:

(1) Any court finding that a juvenile is a special offender shall include a statement to the effect that the juvenile has a current diagnosis, consistent with the American psychiatry association diagnostic and statistical manual of mental disorders, of a mental health disorder, such as schizophrenia, schizoaffective disorder, bipolar disorder, major depressive disorder, or anxiety disorder; or
(b) The respondent is not a threat to self or others.
(5) The court on its own motion may order, or on motion by either party, shall order a second mental health or chemical dependency evaluation. The party making the motion shall select the evaluator. The requesting party shall pay the cost of any examination ordered under this subsection and subsection (3) of this section unless the court finds the offender is indigent and no third party insurance coverage is available, in which case the state shall pay the cost.

(6) Upon receipt of the assessments, evaluations, and reports the court shall consider whether the offender and the community will benefit from use of the mental health disposition alternative. The court shall consider the victim’s opinion whether the offender should receive the option.

(7) If the court determines that the mental health disposition alternative is appropriate, the court shall impose a standard range disposition of not more than 65 weeks, suspend execution of the disposition, and place the offender on community supervision up to one year and impose one or more of local sanctions. Confinement in a secure county detention facility, other than county group homes, inpatient psychiatric treatment facilities, and substance abuse programs, shall be limited to thirty days. As a condition of a suspended disposition, the court shall require the offender to participate in the recommended treatment interventions.

(8) The treatment providers shall submit monthly reports to the court and parties on the offender’s progress in treatment. The report shall reflect the youth’s attendance at treatment, whether the offender is compliant with treatment requirements, treatment activities, medication management, the offender’s relative progress in treatment, and any other material specified by the court at the time of the disposition.

(9) If the offender fails to comply with the suspended disposition, the court may impose sanctions pursuant to RCW 13.40.200 or may revoke the suspended disposition and order the disposition’s execution.

(10) An offender is ineligible for the mental health disposition option under this section if the offender is adjudicated of a sex or violent offense as defined in RCW 9.94A.030.

NEW SECTION. Sec. 4. A new section is added to chapter 13.40 RCW to read as follows:

(1) When the offender is subject to a standard range commitment of 15 to 36 weeks and is ineligible for a suspended disposition alternative, a modified standard range alternative, special sex offender disposition alternative, chemical dependency disposition alternative, or mental health disposition alternative, the court may impose a community commitment disposition alternative and:

(a) Retain juvenile court jurisdiction over the youth;

(b) Confine the youth in a county detention facility;

(c) Impose a term of postrelease community supervision for up to one year.

If the youth receives a standard range disposition, the court shall set the release date within the standard range. The court shall determine the release date prior to expiration of sixty percent of the juvenile’s minimum term of confinement.

(2) The court may impose this community commitment disposition alternative if the court finds the following:

(a) Placement in a local detention facility in close proximity to the youth’s family or local support systems will facilitate a smoother reintegration into the youth’s family and community;

(b) Confinement in the local detention facility will allow the youth to benefit from locally provided family intervention programs and other research-based treatment programs, school, employment, and drug and alcohol or mental health counseling; or

(c) Confinement in a facility operated by the department would result in a negative disruption to local services, school, or employment or impede or delay developing those services and support systems in the community.

(3) The court shall consider the youth’s offense, prior criminal history, security classification, risk level, and treatment needs and history when determining whether the youth is appropriate for the community commitment disposition alternative. If the court finds that a community commitment disposition alternative is appropriate, the court shall order the youth into secure detention while the details of the reintegration program are developed.

(4) Upon approval of the treatment and community reintegration plan, the court may order the youth to serve the term of confinement in one or more of the following placements or combination of placements: Secure detention, an alternative to secure detention such as electronic home monitoring, county group care, day or evening reporting, or home detention. The court may order the youth to serve time in detention on weekends or intermittently. The court shall set periodic reviews to review the youth’s progress in the program. At least fifty percent of the term of confinement shall be served in secure detention.

(5) If the youth violates the conditions of the community commitment program, the court may impose sanctions under RCW 13.40.200 or modify the terms of the reintegration plan and order the youth to serve all or a portion of the remaining confinement term in secure detention.

(6) A county may enter into interlocal agreements with other counties to develop joint community commitment programs or to allow one county to send a youth appropriate for this alternative to another county that has a community commitment program.

(7) The purpose of this disposition alternative is to subject to available state funding for the costs of the community commitment program, including costs of detention and community supervision.

Sec. 5. RCW 13.40.165 and 2002 c 175 s 23 and 2002 c 42 s 1 are each reenacted and amended as follows:

(1) The purpose of this disposition alternative is to ensure that successful treatment options to reduce recidivism are available to eligible youth, pursuant to RCW 70.96A.520. The court must consider eligibility for the chemical dependency disposition alternative when a juvenile offender is subject to a standard range disposition of local sanctions or 15 to 36 weeks of confinement and has not committed an A+ or B+ offense, other than a first time B+ offense under chapter 69.50 RCW. The court, on its own motion or the motion of the state or the respondent if the evidence shows that the offender may be chemically dependent or substance abusing, may order an examination by a chemical dependency counselor from a chemical dependency treatment facility approved under chapter 70.96A RCW to determine if the youth is chemically dependent or substance abusing. The offender shall pay the cost of any examination ordered under this subsection unless the court finds that the offender is indigent and no third party insurance coverage is available, in which case the state shall pay the cost.

(2) The report of the examination shall include at a minimum the following: The respondent’s version of the facts and the official version of the facts, the respondent’s offense history, an assessment of drug-alcohol problems and previous treatment attempts, the respondent’s social, educational, and employment situation, and other evaluation measures used. The report shall set forth the sources of the examiner’s information.

(3) The examiner shall assess and report regarding the respondent’s relative risk to the community. A proposed treatment plan shall be provided and shall include, at a minimum:

(a) Whether inpatient and/or outpatient treatment is recommended;

(b) Availability of appropriate treatment;

(c) Monitoring plans, including any requirements regarding living conditions, lifestyle requirements, and monitoring by family members, legal guardians, or others;

(d) Anticipated length of treatment; and

(e) Recommended crime-related prohibitions.

(4) The court on its own motion may order, or on a motion by the state or the respondent shall order, a second examination. The evaluator shall be selected by the party making the motion. The requesting party shall pay the cost of any examination ordered under this subsection unless the requesting party is the offender and the court finds that the offender is indigent and no third party insurance coverage is available, in which case the state shall pay the cost.
(5)(a) After receipt of reports of the examination, the court shall then consider whether the offender and the community will benefit from use of this chemical dependency disposition alternative and consider the victim’s opinion whether the offender should receive a treatment disposition under this section.

(b) If the court determines that this chemical dependency disposition alternative is appropriate, then the court shall impose the standard range for the offense, or if the court concludes, and enters reasons for its conclusion, that such disposition would effectuate a manifest injustice, the court shall impose a disposition above the standard range as indicated in option (4)(c) 12 of RCW 13.40.0357 if the disposition is an increase from the standard range and the confinement of the offender does not exceed a maximum of fifty-two weeks, suspend execution of the disposition, and place the offender on community supervision for up to one year. As a condition of the suspended disposition, the court shall require the offender to undergo available outpatient drug/alcohol treatment and/or inpatient drug/alcohol treatment. For purposes of this section, inpatient treatment may not exceed ninety days. As a condition of the suspended disposition, the court may impose conditions of community supervision and other sanctions, including up to thirty days of confinement, one hundred fifty hours of community restitution, and payment of legal financial obligations and restitution.

(6) The drug/alcohol treatment provider shall submit monthly reports on the respondent’s progress in treatment to the court and the parties. The drug/alcohol treatment plan and the payment plan shall be developed and presented to the court at the time of the disposition.

The reports shall reference the treatment plan and include the following: Dates of attendance, respondent’s compliance with requirements, treatment activities, the respondent’s relative progress in treatment, and any other material specified by the court at the time of the disposition.

At the time of the disposition, the court may set treatment review hearings as the court considers appropriate.

If the offender fails to meet any condition of the disposition or the court finds that the respondent is failing to make satisfactory progress in treatment, the court may impose sanctions pursuant to RCW 13.40.200 or revoke the suspension and order execution of the disposition. The court shall give credit for any confinement time previously served if that confinement was for the offense for which the suspension is being revoked.

(7) For purposes of this section, “victim” means any person who has sustained emotional, psychological, physical, or financial injury to person or property as a direct result of the offense charged.

(8) Whenever a juvenile offender is entitled to credit for time spent in detention prior to a dispositional order, the dispositional order shall specifically state the number of days of credit for time served.

(9) In no case shall the term of confinement imposed by the court at disposition exceed that to which an adult could be subjected for the same offense.

(10) A disposition under this section is not appealable under RCW 13.40.230.

NEW SECTION. Sec. 6. Because model adherence and competent delivery of research-based intervention programs is critical for reducing recidivism, the Washington state institute for public policy shall develop adherence and outcome standards for measuring effectiveness of treatment programs referred to in this act. The standards shall be developed and presented to the governor and legislature no later than January 1, 2004. The standards shall include methods for measuring competent delivery of interventions as well as success factors following treatment. The standards shall include, but not be limited to hiring, training and retaining qualified providers, managing and overseeing the delivery of treatment services, and developing quality assurance measures. The department shall utilize these standards to assess program effectiveness. The courts shall also utilize these standards in determining their continued use of these alternatives. The courts shall not continue to use programs that do not comply with these standards.

NEW SECTION. Sec. 7. (1) A task force is created for the purpose of examining the coordination of information, education services, and matters of public safety when juvenile offenders are placed into public schools, following their conviction.

(2) The task force shall be chartered by the superintendent of public instruction and include a representative from the juvenile rehabilitation administration of the department of social and health services, the state board of education, associations which represent school teachers, administrators, and school boards, superior court judges, the Washington association of juvenile court administrators, prosecuting attorneys, the governor, attorneys whose practice includes criminal defense work for juvenile defendants, three groups whose primary purpose is the delivery of services to families and children, and law enforcement. The three groups who deliver services shall be selected by the superintendent of public instruction.

(3) The task force shall identify specific policies and statutory, administrative, and practice processes and barriers that may operate to impede: (a) The identification and delivery of appropriate and coordinated services to juvenile offenders who are placed in, or returned to public schools following conviction of an offense; and (b) transmittal of information regarding juvenile offenders who are returned to, or placed in, public schools following conviction of an offense. The task force shall identify and develop methods for measuring competent delivery of interventions as well as success factors following treatment. The standards shall include, but not be limited to hiring, training and retaining qualified providers, managing and overseeing the delivery of treatment services, and developing quality assurance measures. The department shall utilize these standards to assess program effectiveness. The courts shall also utilize these standards in determining their continued use of these alternatives.

NEW SECTION. Sec. 8. Sections 6 and 7 of this act expire December 31, 2003.

Debate ensued.

The President declared the question before the Senate to be the adoption of the striking amendment by Senators Hargrove and Stevens to Substitute Senate Bill No. 5903.

The motion by Senator Hargrove carried and the striking amendment was adopted. There being no objection, the following title amendment was adopted:

On page 1, line 1 of the title, after “sentences;” strike the remainder of the title and insert "amending RCW 13.40.160; reenacting and amending RCW 13.40.0357 and 13.40.165; adding new sections to chapter 13.40 RCW; creating new sections; and providing an expiration date.”

MOTION

On motion of Senator Stevens, the rules were suspended, Engrossed Substitute Senate Bill No. 5903 was advanced to third reading, the second reading considered the third and the bill was placed on final passage.

Debate ensued.

POINT OF INQUIRY

Senator Thibaudeau: “Senator Hargrove, I understand that the Superior Court Judges or rather the Juvenile Court Administrators are supporting this bill. Are there others equally knowledgeable of working with general offenders?”

Senator Hargrove: “Yes, myself. The Juvenile Court Administrators and the Judges brought us the bill. They are the ones that work with these offenders in the community and the programs that they are going to be using are the ones that the Public Policy Institute have validated as being research based and working. So, that group also has looked at the type of
programs. Again, remember, this is not eliminating JRA; this is not for every kid that is an offender. This is for a certain select group of offenders that can be better served in the community.

Senator Thibaudeau: “Thank you, Senator Hargrove.”

Further debate ensued.

The President declared the question before the Senate to be the roll call on the final passage of Engrossed Substitute Senate Bill No. 5903.

ROLL CALL

The Secretary called the roll on the final passage of Engrossed Substitute Senate Bill No. 5903 and the bill passed the Senate by the following vote: Yeas, 36; Nays, 11; Absent, 0; Excused, 2.

Voting nay: Senators Benton, Dounit, Esser, Fraser, Haugen, Johnson, Kline, Kohl-Welles, Reardon, Roach and Sheldon, T. - 11.

ENGROSSED SUBSTITUTE SENATE BILL NO. 5903, having received the constitutional majority, was declared passed. There being no objection, the title of the bill will stand as the title of the act.

SECOND READING

SENATE BILL NO. 5949, by Senators Deccio and Thibaudeau

Establishing emergency service requirements for hospitals.

The bill was read the second time.

MOTION

Senator Decio moved that the following striking amendment by Senators Deccio, Winsley, West, Franklin, Hale, Brandland, Parlette, Keiser and Thibaudeau be adopted:

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. A new section is added to chapter 70.41 RCW to read as follows:

1. A hospital that provides emergency services shall meet all the requirements for an emergency facility that are established by the department and shall provide emergency services in a manner that meets the requirements established by federal law for the medical screening and stabilization of patients, including women in active labor, who present to the hospital for emergency services.

2. A hospital providing emergency services under this section shall have, at a minimum, the following:

(a) A physician who is qualified to provide emergency services immediately available in the hospital;

(b) A roster of on-call medical staff members; and

(c) Procedures to stabilize a patient until the patient is transported or transferred to another hospital if emergency services cannot be provided at the hospital to meet the needs of the patient in an emergency. A specialty hospital providing emergency services under this section shall maintain a transfer agreement with a general hospital that establishes the process for patient transfers in a situation in which the specialty hospital cannot provide continuing care for a patient because of the specialty hospital’s scope of services.

3. This section does not apply to:

(a) A specialty hospital that provides only psychiatric, pediatric, long-term acute care, or rehabilitative services;

(b) A hospital that was licensed under chapter 70.41 RCW prior to January 1, 2003; or

(c) A hospital designated as a critical access hospital under the provisions of Part A Title XVIII of the Social Security Act Section 1820, 42 U.S.C., 1395i-4.

4. For the purposes of this section:

(a) "Emergency services" means health care services medically necessary to evaluate and treat a medical condition that manifests itself by the acute onset of a symptom or symptoms, including severe pain, that would lead a prudent layperson acting reasonably to believe that a health condition exists that requires immediate medical attention, and that the absence of immediate medical attention could reasonably be expected to result in serious impairment to bodily functions or serious dysfunction of a bodily organ or part, or would place the person’s health (or in the case of a pregnant woman, the health of the woman or her unborn child) in serious jeopardy;

(b) "General hospital" means a hospital that provides general acute care services, including emergency services;

(c) "Specialty hospital" means a subclass of hospital that either provides hospital services within a specific branch of medicine or limits admission according to age, sex, type of disease, or medical condition;

(d) "Transfer agreement" means a written agreement providing an effective process for the transfer of a patient requiring emergency services to a general hospital providing emergency services and for continuity of care for that patient.

5. This section expires July 1, 2004.

NEW SECTION. Sec. 2. (1) The department of health, in consultation with affected stakeholders such as hospitals, physicians, and nurses, shall study the establishment of specialty hospitals, the requirements of this act, and the impact that specialty hospitals have on the delivery of health care. At a minimum the study shall include but not be limited to evaluating the following issues as they pertain to specialty hospitals:

(a) The availability and delivery of health care services;

(b) Patient safety;

(c) Continuity of patient care;

(d) The provision of emergency services, including the effect of the presence or absence of an emergency department in specialty hospitals;

(e) Staffing of any existing hospitals in the community served by a specialty hospital, including the effect of specialty hospitals on health care professional shortages, nursing staffing, and the availability of specialty physicians to provide on-call emergency services; and
The legislature therefore intends to improve the process of regulating construction in state waters with policy measures that will improve predictability for entities that work in state waters, and make the best use of limited state resources by ensuring that regulatory programs are refined in an efficient manner over many decades.

The legislature further finds that it would benefit the department of fish and wildlife, the regulated community, and the fisheries resources of the state if this important regulatory program were improved with measures to improve its efficiency and predictability, as well as its coordination with the many local, state, and federal fish and habitat protection statutes and regulatory programs that have been created since the inception of the hydraulic project approval program.

The legislature further finds that federal review of proposed in-water projects under provisions of the endangered species act are in most conditions the equivalent of requirements under the state’s hydraulic project approval process, and that requiring projects to receive dual approvals causes project delays, is redundant, and may lead to conflicting project conditions.

The legislature therefore intends to improve the process of regulating construction in state waters with policy measures that improve predictability for entities that work in state waters, and make the best use of limited state resources by ensuring that regulatory reviews of in-water construction are made in an efficient manner.

NEW SECTION. Sec. 2. A new section is added to chapter 77.55 RCW to read as follows:

(1) The department must develop general permits for common or routine activities to improve the predictability and efficiency of the hydraulic project approval program. At a minimum, the department must, by December 2004, develop general permits for the following activities:

(i) Routine repair and maintenance of existing over-water serviceable structures, including replacement of up to sixty pilings;
(ii) Minor dredging of up to ten yards of sediment from an existing channel, berthing area, or boat ramp;
(iii) Routine repair and maintenance of tide gates;
(iv) The provision of charity care, medicare and medicaid services, services for medically indigent patients, uncompensated care, community service, and access to health care services by medically underserved populations.

(ii) The study also shall include an evaluation of whether requirements for establishing specialty hospitals should be addressed through certificate of need or hospital licensing requirements.

(iii) For the purposes of the study, "specialty hospitals" does not include specialty hospitals that provide only psychiatric, pediatric, long-term acute care, or rehabilitative services.

(iv) The department of health shall prepare and present a report to the legislature regarding the study no later than December 1, 2003. The legislature shall reevaluate the requirements of this act based upon the study.”

Debate ensued.

The President declared the question before the Senate to be the adoption of the striking amendment by Senators Deccio, Winsley, West, Franklin, Hale, Brandland, Parlette, Keiser and Thibaudau to Substitute Senate Bill No. 5949.

The motion by Senator Deccio carried and the striking amendment was adopted:

SPECIAL ORDER OF BUSINESS

SECOND READING

SENATE BILL NO. 5375, by Senators Doumit, Oke, Haugen, Swecker, Prentice, Hale, Reardon and Rasmussen

Improving the efficiency and predictability of the hydraulic project approval program.

MOTIONS

On motion of Senator Oke, Substitute Senate Bill No. 5375 was substituted for Senate Bill No. 5375 and the substitute bill was placed on second reading and read the second time.

On motion of Senator Oke, the following striking amendment by Senators Oke and Doumit was adopted:

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. The legislature finds that one of the state’s primary fish habitat protection statutes is the hydraulic project approval program. This program is one of the state’s oldest environmental regulatory programs, and as a consequence it has been created since the inception of the hydraulic project approval program.

The legislature further finds that federal review of proposed in-water projects under provisions of the endangered species act are in most conditions the equivalent of requirements under the state’s hydraulic project approval process, and that requiring projects to receive dual approvals causes project delays, is redundant, and may lead to conflicting project conditions.

The legislature further finds that it would benefit the department of fish and wildlife, the regulated community, and the fisheries resources of the state if this important regulatory program were improved with measures to improve its efficiency and predictability, as well as its coordination with the many local, state, and federal fish and habitat protection statutes and regulatory programs that have been created since the inception of the hydraulic project approval program.

The legislature therefore intends to improve the process of regulating construction in state waters with policy measures that improve predictability for entities that work in state waters, and make the best use of limited state resources by ensuring that regulatory reviews of in-water construction are made in an efficient manner.

NEW SECTION. Sec. 2. A new section is added to chapter 77.55 RCW to read as follows:

(1) The department must develop general permits for common or routine activities to improve the predictability and efficiency of the hydraulic project approval program. At a minimum, the department must, by December 2004, develop general permits for the following activities:

(i) Routine repair and maintenance of existing over-water serviceable structures, including replacement of up to sixty pilings;
(ii) Minor dredging of up to ten yards of sediment from an existing channel, berthing area, or boat ramp;
(iii) Routine repair and maintenance of tide gates;
(iv) Construction of mooring dolphins and fender pilings;
(v) Routine repair, maintenance, or replacement of road and highway structures such as culverts and ditches;
(vi) Routine repair and maintenance of bridges; and
(vii) Geotechnical or exploratory work conducted as part of project planning or development.
(b) The department may develop additional general permits for in-water construction activities as available resources allow.
(c) General permits must contain conditions necessary to protect fish life, and must clearly delineate predictable conditions and restrictions that project applicants may incorporate into project design and construction. The department must develop, in consultation with an advisory committee, common technical provisions that must be incorporated into general conditions for each general permit.

(3) The department shall post electronically and otherwise make generally available the following information for each general permit:
(a) A description of activities covered;
(b) The conditions and practices a project applicant must follow to receive coverage under the permit; and
(c) A notice of intent form for use by applicants to include information on project location and habitat types affected.

(4) When a project applicant requests a general permit, a project applicant must:
(a) Send a notice of intent to follow the conditions of a general permit to the department twenty-one days before construction is to begin; and
(b) Post the general permit prominently at the worksite.

NEW SECTION. Sec. 3. A new section is added to chapter 77.55 RCW to read as follows:
(1) Certain federal, state, and local regulatory review processes may provide review and protection of fish life that is equivalent to the review provided by the department under this chapter. This may include, among other permits, federal review of a project under the endangered species act (16 U.S.C. Sec. 1531 et seq.), a state water pollution control act (33 U.S.C. Sec. 1251 et seq.), state review of a project under section 401 of the federal water pollution control act (33 U.S.C. Sec. 1251 et seq.), or local government review of a project to protect critical areas under RCW 36.70A.060 or shorelines under chapter 90.58 RCW.

(2) When a project applicant requests the expedited dispute resolution process, the department shall: (a) Contact information for the applicant; (b) The department must provide the applicant, in writing, specific reasons why the other regulatory reviews will not adequately protect fish life; and (c) To the extent the department reasonably conditioned.

(3) Upon request by a county or city, the department shall certify that a county or city, through its implementation of critical areas protections, including fish and wildlife habitat conservation areas under RCW 36.70A.060, or development regulations implementing an adopted and approved shoreline master program under chapter 90.58 RCW, provides equivalent review and protection for fish life to that otherwise provided by the department through issuance of a hydraulic project approval. A city or county may request certification for all hydraulic projects or certain hydraulic project types. If certification is approved, project types specified in the certification and within the jurisdiction of the city or county are exempt from the requirement to receive hydraulic project approval under this chapter.

(4) Any person aggrieved by a decision under subsection (2) or (3) of this section may appeal the decision according to the provisions of chapter 34.05 RCW.

NEW SECTION. Sec. 4. A new section is added to chapter 77.55 RCW to read as follows:
(a) The department must develop procedures to ensure consistency of application of hydraulic project approval conditions, to include the following:
(1) Common technical conditions for saltwater and freshwater projects. These common technical conditions must, at a minimum, address allowable in-water work periods, and must recognize the need to maintain an economically competitive waterfront business and port community, and must meet the needs of infrastructure development as defined in RCW 90.74.010; and
(2) Internal departmental permit review procedures that promote consistency within and between regions; and
(3) Habitat protection guidance for regional staff that result in predictable permit conditions for project applicants.

NEW SECTION. Sec. 5. A new section is added to chapter 77.55 RCW to read as follows:
(a) When a project applicant requests review under the expedited dispute resolution process, the department must: (a) A description of activities covered; (b) The conditions and practices a project applicant must follow to receive coverage under the permit; and (c) A notice of intent form for use by applicants to include information on project location and habitat types affected.

(3) The expedited dispute resolution process committee must conduct a project review to determine whether the conditions in the proposed hydraulic project approval are reasonable and necessary to protect fish life. By majority vote, the committee may accept the permit conditions, reject the permit conditions and return the permit to the department for subsequent review, or determine alternative conditions to be included in the final hydraulic project approval permit. Decisions of the committee are binding on the department.

(4) The department must provide to each project applicant notice of the applicant’s right to an expedited dispute resolution conference, and the procedures for informal and formal appeal. This information must also include:
(a) Contact information for informal and formal appeal.

(5) The department may develop, in consultation with an advisory committee, common technical provisions that must be incorporated into general conditions for each general permit.
(a) A description of activities covered;
(b) The conditions and practices a project applicant must follow to receive coverage under the permit; and
(c) A notice of intent form for use by applicants to include information on project location and habitat types affected.

(4) When a project applicant requests a general permit, a project applicant must:
(a) Send a notice of intent to follow the conditions of a general permit to the department twenty-one days before construction is to begin; and
(b) Post the general permit prominently at the worksite.

NEW SECTION. Sec. 6. A new section is added to chapter 77.55 RCW to read as follows:
(a) The department shall grant or deny approval of a standard permit within forty-five calendar days of the receipt of a complete application and notice of compliance with any applicable requirements of the state environmental policy act, made in the manner
(b) A description of activities covered;
prescribed in this section. The permit must contain provisions allowing for minor modifications to the plans and specifications without requiring reissuance of the permit.

(b) The applicant may document receipt of application by filing in person or by registered mail. A complete application for approval shall contain general plans for the overall project, complete plans and specifications of the proposed construction or work within the mean higher high water line in salt water or within the ordinary high water line in fresh water, and complete plans and specifications for the project's protection of fish life.

(c) The forty-five day requirement shall be suspended if:

1. After ten working days of receipt of the application, the applicant remains unavailable or unable to arrange for a timely field evaluation of the proposed project;
2. The site is physically inaccessible for inspection; or
3. The applicant requests delay. Immediately upon determination that the forty-five day period is suspended, the department shall notify the applicant in writing of the reasons for the delay.

(d) For purposes of this section, "standard permit" means a written permit issued by the department when the conditions under subsection (3) and (5)(b) of this section are not met.

(3)(a) The department may issue an expedited written permit in those instances where normal permit processing would result in significant hardship for the applicant or unacceptable damage to the environment. In cases of imminent danger, the department shall issue an expedited written permit, upon request, for work to repair existing structures, move obstructions, restore banks, protect property, or protect fish resources. Expedited permit requests require a complete written application as provided in subsection (2)(b) of this section and shall be issued within fifteen calendar days of the receipt of a complete written application. Approval of an expedited permit is valid for up to sixty days from the date of issuance.

(b) For the purposes of this subsection, "imminent danger" means a threat by weather, water flow, or other natural conditions that is likely to occur within sixty days of a request for a permit application.

c) The department may not require the provisions of the state environmental policy act, chapter 43.21C RCW, to be met as a condition of issuing a permit under this subsection.

(d) The department or the county legislative authority may determine if an imminent danger exists. The county legislative authority shall notify the department, in writing, if it determines that an imminent danger exists.

(4) Approval of a standard permit is valid for a period of up to five years from date of issuance. The permittee must demonstrate substantial progress on construction of that portion of the project relating to the approval within two years of the date of issuance. If the department denies approval, the department shall provide the applicant, in writing, a statement of the specific reasons why and how the proposed project would adversely affect fish life. Protection of fish life shall be the only ground upon which approval may be denied or conditioned. Chapter 34.05 RCW applies to any denial of project approval, conditional approval, or requirements for project modification upon which approval may be contingent.

(5)(a) In case of an emergency arising from weather or stream flow conditions or other natural conditions, the department, through its authorized representatives, shall issue immediately, upon request, oral approval for removing any obstructions, repairing existing structures, restoring stream banks, or to protect property threatened by the stream or a change in the stream flow without the necessity of obtaining a written approval prior to commencing work. Conditions of an oral approval to protect fish life shall be established by the department and reduced to writing within thirty days and complied with as provided for in this section. Oral approval shall be granted immediately, upon request, for a stream crossing during an emergency situation.

For purposes of this section and RCW 77.55.110, "emergency" means an immediate threat to life, the public, property, or of environmental degradation.

c) The department or the county legislative authority may declare and continue an emergency when one or more of the criteria under (b) of this subsection are met. The county legislative authority shall immediately notify the department if it declares an emergency under this subsection.

(6)(a) The department shall, at the request of a county, develop renewable five-year maintenance approval agreements, consistent with comprehensive flood control management plans adopted under the authority of RCW 86.12.200, or other watershed plan approved by a county legislative authority, to allow for work on public and private property for bank stabilization, bridge repair, removal of sand bars and debris, channel maintenance, and other flood damage repair and reduction activity under agreed-upon conditions and times without obtaining permits for specific projects.

(b) The department shall, at the request of any person or government agency, develop a renewable five-year maintenance approval agreement or a hydraulic project approval mitigation agreement to allow for work on public and private property for bank stabilization, bridge repair, removal of sandbars and debris, channel maintenance, and other flood damage repair and reduction activity under renewable agreed-upon conditions and times without obtaining permits for specific projects.

(7) This section shall not apply to the construction of any form of hydraulic project or other work which diverts water for agricultural irrigation or stock watering purposes authorized under or recognized as being valid by the state's water codes, or when such hydraulic project or other work is associated with streambank stabilization to protect farm and agricultural land as defined in RCW 84.34.020. These irrigation or stock watering diversion and streambank stabilization projects shall be governed by RCW 77.55.110.

A landscape management plan approved by the department and the department of natural resources under RCW 76.09.350(2), shall serve as a hydraulic project approval for the life of the plan if fish are selected as one of the public resources for coverage under such a plan.

(8) For the purposes of this section and RCW 77.55.110, "bed" means the land below the ordinary high water lines of state waters. This definition does not include irrigation ditches, canals, storm water run-off devices, or other artificial watercourses except where they exist in a natural watercourse that has been altered by man.

(9) The phrase "to construct any form of hydraulic project or perform other work" does not include the act of driving across an established ford. Driving across streams or on wetted stream beds at areas other than established fords requires approval. Work within the ordinary high water line of state waters to construct or repair a ford or crossing requires approval.

(10) For the purposes of this section, "sandbars" includes, but is not limited to, sand, gravel, rock, silt, and sediments."

There being no objection, the following title amendment was adopted:

On page 1, line 2 of the title, after "program," strike the remainder of the title and insert "amending RCW 77.55.100; adding new sections to chapter 77.55 RCW; and creating a new section.

MOTION

On motion of Senator Rossi, Substitute Senate Bill No. 5522 was substituted for Senate Bill No. 5522 and the substitute bill was placed on second reading and read the second time.

MOTION

Senator Tim Sheldon moved that the following amendments by Senators Tim Sheldon and Honeyford be considered simultaneously and be adopted:

On page 3, line 9, strike "at least"

On page 3, beginning on line 19, strike all of subsection (1) and insert the following:

"(1) The board may locate one contract liquor store within the area served by a closing state retail liquor store. The total inventory granted to a contract liquor store when it opens must not exceed the total volume that would have been granted to the closing state liquor store if it was still in operation at that time. The board may increase or decrease the amount of the combined inventory at contract liquor stores if demand for products changes, provided that the guidelines for the change of inventory are the same as those for inventory changes at state retail liquor stores."

On page 6, beginning on line 7, strike all of subsection (1) and insert the following:

"(1) The fee for purchasing a contract liquor store agreement when, immediately prior to the agreement’s execution date, a state retail liquor store was in operation in the area served by the contract liquor store, is two percent of the average gross annual sales for the last five years at the state retail liquor store serving that area. This fee is to be paid to the board upon the execution of a contract liquor store agreement."

POINT OF INQUIRY

Senator Keiser: “Senator Sheldon, my question is, as I read these amendments, there is still a question of how much inventory would be used or sold in this one store. It says in these amendments that the board may increase or decrease the amount of the combined inventory at contract liquor stores if demand for the product changes. I am also wondering if these contract stores, then, have any restrictions on advertising to increase demand?”

Senator Tim Sheldon: “Thank you for your question, Senator Keiser. To answer the first part of your question, the inventory for the store can be no more than what the inventory has been carried in the past by the state liquor store. In the future, if the population increases, the board, then, has an opportunity to increase inventory to meet the demand. But, the demand cannot be stimulated by advertising. The demand cannot be stimulated by in-store displays. The demand cannot be stimulated by loss leaders. All the prices have to remain as the other stores in the state and all the restrictions on advertising and promotions are exactly the same as in the state stores.”

The President declared the question before the Senate to be the adoption of the amendments by Senators Tim Sheldon and Honeyford on page 3, lines 9 and 19, and page 6, line 7, to Substitute Senate Bill No. 5522.

PERSONAL PRIVILEGE

Senator Deccio: “A point of personal privilege, Mr. President. Ladies and gentlemen of the Senate, nearly sixty years ago, I participated in the Invasion of Normandy in World War II. My unit was the Fifty-second Troop Carrier Wing and our mission was to carry infantry paratroopers with the Eighty-second and the One Hundred First Air Borne Division. Our task was to parachute them from C 47 Cargo planes and troop carrier gliders, as they jumped to the ground at Omaha Beach and St. Mary’s Church in the vicinity of the Cherberg Peninsula. As you know, we entered World War II late, even though we were urged by Britain and France and the other allies. It took the attack on Pearl Harbor for President Roosevelt to declare war.

“Ladies and gentlemen of the Senate, we have had our Pearl Harbor. It happened on September 11. During our prayer, every day, a minister prays for our guidance that we make the right decisions and have the courage to do the public good. Because, the war may begin at any time and because we will not be in session, I would ask that we do the same and ask for your prayers for the President, his advisors and most of all, the troops in the Persian Gulf, who will be engaged in conflict. The troops also include the two thousand three version of the Eighty-second of the One Hundred First Air Borne Division.

“Mr. President, if it is in order, I would like to ask Senator Morton to lead us in prayer for our president, our Country and our Troops.”

PRAYER BY SENATOR BOB MORTON

“Thank you, Mr. President and ladies and gentlemen. Let us pray.

“Our God and our Heavenly Father, we pause in the presence of our deliberation. We ask for your guidance and strength along with the leaders of the Free World. As together, many of them join in attacking the terrible Missile of Terrorism. We sincerely thank you God for the guidance that you have given this nation in years past–in wars past—in conflicts past. We pray for peace, but we also recognize that we must be protective of the principles and standards that have made this nation great and we must be protective of our very lives and those of our fellow citizens. So, we seek your guidance; we thank you for your blessings and we pray in grace. Amen.”

MOTION

Senator Zarelli moved that the question be divided and requested a roll call on each question.

REMARKS BY PRESIDENT OWEN

President Owen: “Senator Zarelli, the question to divide is not one that needs to be voted on, but you are asking for a roll call vote on the laying of the table of the amendment. Is that correct?”

REPLY BY SENATOR ZARELLI

Senator Zarelli: “Mr. President, maybe my request for a roll call is premature. I would ask that if the motion to lay upon the table is approved by the body, then I would request a roll call on each amendment to be laid upon the table individually with that question.”

The demand for the roll call was sustained.

The President declared the question before the Senate to be the roll call on whether the amendments be laid upon the table.

ROLL

The Secretary called the roll and the motion to lay the amendments on page 1, line 13, and page 2, lines 32, 36 (2) carried by the following vote:

MOTION

Senator Fraser moved that the following striking amendment by Senators Fraser, Kline and Winsley be adopted:

strike everything after the enacting clause and insert the following:

Sec. 1. RCW 90.58.060 and 1995 c 347 s 304 are each amended to read as follows:

(1) The department shall periodically review and adopt guidelines consistent with RCW 90.58.020, containing the elements specified in RCW 90.58.100 for:

(a) Development of master programs for regulation of the uses of shorelines; and
(b) Development of master programs for regulation of the uses of shorelines of statewide significance.

(2) Before adopting or amending guidelines under this section, the department shall provide an opportunity for public review and comment as follows:

(a) The department shall mail copies of the proposal to all cities, counties, and federally recognized Indian tribes, and to any other person who has requested a copy, and shall publish the proposed guidelines in the Washington state register. Comments shall be submitted in writing to the department within sixty days from the date the proposal has been published in the register.

(b) The department shall hold at least four public hearings on the proposal in different locations throughout the state to provide a reasonable opportunity for residents in all parts of the state to present statements and views on the proposed guidelines. Notice of the hearings shall be published at least once in each of the three weeks immediately preceding the hearing in one or more newspapers of general circulation in each county of the state. If an amendment to the guidelines addresses an issue limited to one geographic area, the number and location of hearings may be adjusted consistent with the intent of this subsection to assure all parties a reasonable opportunity to comment on the proposed amendment. The department shall accept written comments on the proposal during the sixty-day public comment period and for seven days after the final public hearing.

(c) At the conclusion of the public comment period, the department shall review the comments received and modify the proposal consistent with the provisions of this chapter. The proposal shall then be published for adoption pursuant to the provisions of chapter 34.05 RCW.

(3) The department may (propose) adopt amendments to the guidelines not more than once each year. Such amendments shall be limited to:

(a) Addressing technical or procedural issues that result from the review and adoption of master programs under the guidelines; or
(b) Issues of guideline compliance with statutory provisions. Beginning July 1, 2015, and every
seven years thereafter, the department shall conduct a review of the guidelines pursuant to the procedures outlined in subsection (2) of this section.

Sec. 2. RCW 90.58.080 and 1995 c 347 s 305 are each amended to read as follows:

(1) Local governments shall develop or amend((... within twenty-four months after the adoption of guidelines as provided in subsection (2)(a) of this section.)) a master program for regulation of uses of the shorelines of the state consistent with the required elements of the guidelines adopted by the department in accordance with the schedule established by the department.

(2) (a) Subject to the provisions of subsections (5) and (6) of this section, each local government subject to this chapter shall develop or amend its master program for the regulation of uses of shorelines within its jurisdiction according to the following schedule:

(i) On or before December 1, 2011, for Chelan, Skagit, and Skamania counties and the cities within those counties;

(ii) On or before December 1, 2012, for Cowlitz, Island, Lewis, Mason, San Juan, and Skagit, and Skamania counties and the cities within those counties;

(iii) On or before December 1, 2013, for Benton, Chelan, Douglas, Grant, Kittitas, Spokane, and Yakima counties and the cities within those counties; and

(iv) On or before December 1, 2014, for Adams, Asotin, Columbia, Ferry, Franklin, Garfield, Grays Harbor, Klickitat, Lincoln, Okanogan, Pacific, Pend Oreille, Stevens, Wahkiakum, Walla Walla, and Whitman counties and the cities within those counties.

(b) Nothing in this subsection (2) shall preclude a local government from developing or amending its master program prior to the dates established by this subsection (2).

(3)(a) Any jurisdiction that has a new or substantially amended master program approved by the department on or after March 1, 2002, but before the effective date of this section, shall not be required to complete master program amendments until seven years after the applicable date provided by subsection (2)(a)(I) of this section.

(b) Following approval by the department of a new or amended master program, local governments choosing to develop or amend master programs on or before December 1, 2009, shall be deemed to have complied with the schedule established by subsection (2)(a)(I) through (iv) of this section and shall not be required to complete master program amendments until seven years after the applicable dates established by subsection (2)(a)(I) through (iv) of this section.

(4) Local governments shall conduct a comprehensive review of their master programs at least once every seven years after the applicable dates established by subsection (2)(a)(I) through (iv) of this section. Following the review required by this subsection (4), local governments shall, as necessary, revise their master programs. The purpose of the review and revision is:

(a) To assure that the master program complies with applicable law and guidelines in effect at the time of the review; and

(b) To assure consistency of the master program with the local government's comprehensive plan and development regulations adopted under chapter 36.70A RCW, if applicable, and other local requirements.

(5) Local governments are encouraged to begin the process of developing or amending their master programs early and are eligible for grants from the department as provided by RCW 90.58.250, subject to available funding. The deadline for completion of the new or amended master programs shall be two years after the date the grant is approved by the department. However, for local governments choosing to begin such process prior to December 1, 2009, the deadline for completion of the new or amended master program shall be mutually determined by the local government and the department as a condition of the grant agreement, but such deadline shall not be later than the applicable dates established by subsection (2)(a)(I) through (iv) of this section. Subsequent master program review dates shall not be altered by the provisions of this subsection.

(a) Grants to local governments for developing and amending master programs pursuant to the schedule established by this section shall be provided at least two years before the adoption dates specified in subsection (2) of this section. To the extent possible, the department shall allocate grants within the amount appropriated for such purposes to provide reasonable and adequate funding to local governments that have indicated their intent to develop or amend master programs during the biennium according to the schedule established by subsection (2) of this section. Any local government that applies for but does not receive funding to comply with the provisions of subsection (2) of this section may delay the development or amendment of its master program until the following biennium.

(b) Local governments with delayed compliance dates as provided in (a) of this subsection shall be the first priority for funding in subsequent biennium, and the development or amendment compliance deadline for those local governments shall be two years after the date of grant approval.

(c) Failure of the local government to apply in a timely manner for a master program development or amendment grant in accordance with the requirements of the department shall not be considered a delay resulting from the provisions of (a) of this subsection.

(7) Notwithstanding the provisions of this section, all local governments subject to the requirements of this chapter that have not developed or amended master programs on or after March 1, 2002, shall, no later than December 1, 2014, develop or amend their master programs with guidelines adopted by the department on or after January 1, 2003.

Sec. 3. RCW 90.58.250 and 1971 ex.s. c 286 s 25 are each amended to read as follows:

(1) The legislature intends to eliminate the limits on state funding of shoreline master program development and amendment costs. The legislature further intends that the state will provide funding to local governments that is reasonable and adequate to accomplish the costs of developing and amending shoreline master programs consistent with the schedule established by RCW 90.58.080. Except as specifically described herein, nothing in this act is intended to alter the existing obligation, duties, and benefits provided by this act to local governments and the department.

(2) The department is directed to cooperate fully with local governments in discharging their responsibilities under this chapter. Funds shall be available for distribution to local governments on the basis of applications for preparation of master programs and the provisions of RCW 90.58.080(7). Such applications shall be submitted in accordance with regulations developed by the department. The department is authorized to make and administer grants within appropriations authorized by the legislature to any local government within the state for the purpose of developing a master shorelines program.

(No grant shall be made in an amount in excess of the recipient's contribution to the estimated cost of such program.)

POINT OF ORDER

Senator Mulliken: “A point of order, Mr. President. I have been looking at the proposed striking amendment and I would ask for a ruling on scope and object. This striker, from my observation, is that this is about implementing some timelines and some unlimited staff funding. Let’s see it just says, ‘The Legislature intends to limit eliminate any limits of state funding’ and talks about timelines. The underlying bill is actually about codifying the Shorelines Guidelines, prior to the ninety-five direction of the Legislature. So, it is not--the striker has nothing to do with the bill.”

REMARKS BY SENATOR FRASER

Senator Fraser: “Thank you, Mr. President. Both deal with the Shoreline Guidelines and urge you to so rule.”
PERSONAL PRIVILEGE

Senator Hargrove: “A point of personal privilege, Mr. President. This has been a very frustrating session. We have a big budget crisis. We have a lot of stress. Now, we are having a lot of controversy. I would like to ask a little friend of mine (a toy) to kind of state exactly how I feel about the whole thing. You broke it, Senator Shin.”

MOTION

At 5:12 p.m., on motion of Senator Sheahan, the Senate was declared to be at ease.

The Senate was called to order at 5:33 p.m. by President Owen.

There being no objection, the Senate resumed consideration of Substitute Senate Bill No. 6012 and the pending striking amendment by Senators Fraser, Kline and Winsley, deferred before going at ease.

RULING BY THE PRESIDENT

President Owen: “In ruling upon the point of order raised by Senator Mulliken as to the scope and object of the striking amendment by Senators Fraser, Kline and Winsley to Substitute Senate Bill 6012, the President finds and rules as follows:

“Substitute Senate Bill No. 6012 is a measure related to shoreline master programs which establishes, in statute, guidelines. The amendment also relates to shoreline master program guidelines and provides timelines for updating those guidelines. The fact that the underlying bill and the proposed amendment set forth different guidelines is simply a matter of policy for the body to decide.

“The President, therefore, finds that Senator Mulliken’s point is not well taken and the striking amendment is ruled to be in order.”

The striking amendment by Senators Fraser, Kline and Winsley, to Substitute Senate Bill No. 6012 was ruled to be in order.

Debate on the striking amendment continued.

Senator Betti Sheldon demanded a roll call and the demand was sustained.

The President declared the question before the Senate to be the roll call on the adoption of the striking amendment by Senators Fraser, Kline and Winsley to Substitute Senate Bill No. 6012.

ROLL CALL

The Secretary called the roll and the striking amendment was not adopted by the following vote: Yeas, 24; Nays, 25; Absent, 0; Excused, 0.

MOTION

On motion of Senator Mulliken, the rules were suspended, Substitute Senate Bill No. 6012 was advanced to third reading, the second reading considered the third and the bill was placed on final passage.

The President declared the question before the Senate to be the roll call on the final passage of Substitute Senate Bill No. 6012.

ROLL CALL

The Secretary called the roll on the final passage of Substitute Senate Bill No. 6012 and the bill passed the Senate by the following vote: Yeas, 31; Nays, 18; Absent, 0; Excused, 0.

March 18, 2003

Milton H. Doumit, Jr., Secretary of the Senate
Washington State Senate
PO Box 40482
Olympia, WA 98504-0482

Dear Mr. Doumit:

In 2002, the Washington Legislature directed the Washington State Institute for Public Policy to evaluate adult drug courts in Washington. Developed during the 1990s, drug courts use intensive courtroom and drug treatment resources in an attempt to modify the criminal and substance abusing behavior of certain drug-involved defendants.

The central questions for this evaluation are whether drug courts—when compared with regular criminal courts—reduce recidivism and produce more benefits than costs. The enclosed report details our findings.

**FINDINGS**

- We reviewed other drug court evaluations from around the United States and found that drug courts have been shown to reduce recidivism by about 13 percent.
- We evaluated six of Washington’s drug courts. We found that five of these courts also reduce recidivism by about 13 percent. One of the six courts we evaluated failed to reduce recidivism significantly.
- Drug courts cost about $3,900 more per participant than regular criminal court; the extra money pays for more frequent use of court resources and drug treatment.
- We found that the five successful drug courts produce more benefits than costs—the reduced recidivism helps to generate about $1.75 in benefits per dollar of cost.

If you have any questions about this report, please contact Steve Aos at (360) 586-2740.

Sincerely,

ROXANNE LIEB, Director

By Senators Kohl-Welles, Deccio, West, Thibaudeau and Fairley

WHEREAS, Colorectal cancer is second to lung cancer in the number of deaths it causes in the United States; and
WHEREAS, In 2003 across the United States, an estimated 147,500 new cases of colorectal cancer will be diagnosed, and 57,100 Americans are expected to die of colorectal cancer; and
WHEREAS, In Washington state, it is estimated that 2,700 new cases of colorectal cancer will be found, and 1,000 people will die in 2003; and
WHEREAS, Colorectal cancer can affect anyone of any age, race, or sex. Nine out of ten diagnoses will occur in people aged fifty years and older. Men are slightly more likely to develop colorectal cancer and die of the disease than women. Also, African-Americans are ten percent more likely to be diagnosed with colorectal cancer than Caucasians and thirty percent more likely to die of the disease; and
WHEREAS, Despite its high incidence, colorectal cancer is one of the most detectable and, if found early, most treatable forms of cancer. Ninety percent of those diagnosed early while the cancer is still localized survive more than five years. Sadly, only thirty-seven percent of all colorectal cancers are detected early enough for survival to occur. When the cancer is diagnosed at a more advanced stage, having spread to the surrounding region, the five-year survival rate drops from ninety percent to sixty-five percent. When diagnosed at an advanced stage, having spread to distant organs, the five-year survival rate is only nine percent and
WHEREAS, Early detection is still our best defense against this devastating disease, regular screening can prevent over half of all colon cancer deaths in the United States. Yet, a majority of Americans are not being screened on a regular basis in enough time to catch the cancer while it is still localized. In a recent survey, the Centers for Disease Control found that only forty percent of all Americans reported that they had ever used the most inferior of screening methods and just forty-two percent had ever had a more advanced screening. This compares to eighty-five percent of all women who had been screened for breast cancer; and
WHEREAS, Low screening rates for colorectal cancer are due to many factors, including a lack of public awareness about colorectal cancer and of the benefits of regular screening, negative attitudes towards the screening procedures, the complete lack of symptoms in most cases, and the absence of social support for openly discussing and doing something about this particular disease; and
WHEREAS, On November 19, 1999, the United States Senate designated March as National Colorectal Cancer Awareness Month and on October 3, 2000, the United States House of Representatives passed House Concurrent Resolution 133, legislation that recognizes the impact of colorectal cancer and urges action be taken;

NOW, THEREFORE, BE IT RESOLVED, That the Washington State Senate recognize both the victims of cancer and those fighting for a cure. During Colorectal Cancer Awareness Month, Washingtonians are urged to become more aware of the risks facing them regarding this disease and actively fight it by getting regular screenings for colorectal cancer; and

BE IT FURTHER RESOLVED, That copies of this resolution be immediately transmitted by the Secretary of the Senate to the American Cancer Society.

MESSAGE FROM THE GOVERNOR

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I have the honor to advise you that on March 24, 2003, Governor Locke approved the following Senate Bill entitled:

Substitute Senate Bill No. 5044
Relating to giving notice of the termination of a tenancy.

Sincerely,
ABOUT THE AUDIT

This report contains the results of our audit of the Washington State Fryer Commission for the period January 1, 1999, through December 31, 2001. We performed audit procedures to determine whether the Commission complied with state laws and regulations. In keeping with general auditing practices, we did not examine every portion of the Commission’s financial activities during the audit. The areas examined represented the highest risk of noncompliance, misappropriation or misuse. We reviewed the Commission’s contracts for compliance with the Office of Financial Management (OFM) filing requirements. We also reviewed the Commission’s compliance with OFM travel regulations, open public meetings laws, state ethics laws and the overall legality of the Commission’s expenditures. We also evaluated the Commission’s internal controls over revenue collections, travel reimbursements, vendor payments, payroll expenditures, cash and investments.

ABOUT THE COMMISSION

The Commission was formed to enable producers to establish orderly, fair, sound, efficient and unhampered marketing, grading and standardization of the commodities they produce and to promote and increase the sale of such commodities.

The Commission is funded by assessments that are levied upon fryers, roasters and boilers sold in the state of Washington. The Commission does not receive an appropriation of state funds. The Commission is governed by six producers elected at large and two members appointed by the elected Commissioners. The annual operating budget typically exceeds $700,000.

We audit the Commission every three years. Past audits have not revealed instances of significant noncompliance.

RESULTS

We determined that the Commission substantially complied with state laws and regulations. In addition, the Commission’s internal controls generally allowed officials to effectively operate the Commission and safeguard its resources. The Commission has one full time employee who performs all of the Commission’s accounting functions.

Senators Kastama, Thibaudeau, Carlson and Rasmussen spoke to Senate Resolution 8650.

INTRODUCTION OF SPECIAL GUESTS

The President Pro Tempore welcomed and introduced Kitty Candeleria from the National Hepatitis C Institute, who was seated in the back of the chamber.

PERSONAL PRIVILEGE

Senator Kastama: “A point of personal privilege, Madam President. Kitty Candeleria is a constituent of mine who came forward with this particular issue. Her husband actually passed away due to having Hepatitis C. The interesting thing about it, to show you how personal these things get, Kitty was my neighbor when I was a young boy. She grew up right next to me. I saw her as a young child and she has seen me, certainly as a young child. It is amazing when you get into situations such as this, how personal things come to--sometimes how personal they are--and how they are based on relationships that you had when you were young. So, I am very proud to bring this forward, because I feel that it is a big issue nationally. It is a big issue in the state of Washington, but also personally, it is nice to see someone who cares so much about this issue--whom I am very close to and grew up with. It is good to help her out along the way, too.”

MOTION

On motion of Senator Sheahan, the Senate reverted to the sixth order of business.

SECOND READING

SENATE BILL NO. 5990, by Senators Hargrove, Stevens, McAuliffe, Carlson, Regala, Parlette, Rasmussen and Winsley

Changing times and supervision standards for release of offenders.

MOTIONS
On motion of Senator Stevens, Substitute Senate Bill No. 5990 was substituted for Senate Bill No. 5990 and the substitute bill was placed on second reading and read the second time.

Senator Hargrove moved that the following striking amendment by Senators Hargrove and Stevens be adopted:

Strike everything after the enacting clause and insert the following:

Sec. 1. RCW 9.94A.728 and 2002 c 290 s 21 and 2002 c 50 s 2 are each reenacted and amended as follows:

No person serving a sentence imposed pursuant to this chapter and committed to the custody of the department shall leave the confines of a correctional facility or be released prior to the expiration of the sentence except as follows:

(a) A person convicted of a sex offense or an offense categorized as a serious violent offense, assault in the second degree, vehicular homicide, vehicular assault, assault in the second degree, any crime against persons where it is determined in accordance with RCW 9.94A.602 that the offender or an accomplice was armed with a deadly weapon at the time of commission, or any felony offense under chapter 69.50 or 69.52 RCW, committed before July 1, 2000, may be eligible, in accordance with a program developed by the department, for transfer to community custody status in lieu of earned release time pursuant to subsection (1) of this section.

(b) An offender sentenced to death or to life imprisonment without the possibility of release or parole is not eligible for a transfer to community custody status in lieu of earned release time pursuant to subsection (1) of this section.

(c) The department shall recalculate the earned release time and reschedule the expected release dates for each eligible offender.

(d) The department may deny transfer to community custody status in lieu of earned release time pursuant to subsection (1) of this section if the department determines an offender's release plan, including proposed residence location and living arrangement prior to release to the community.

(e) The department may deny transfer to community custody status in lieu of earned release time pursuant to subsection (1) of this section if the department determines an offender's release plan, including proposed residence location and living arrangement prior to release to the community.

(3) An offender may leave a correctional facility pursuant to an authorized furlough or leave of absence.

(4)(a) The secretary may authorize an extraordinary medical placement for an offender when all of the following conditions exist:

(I) The offender has a medical condition that is serious enough to require costly care or treatment;

(ii) The offender poses a low risk to the community because he or she is physically incapacitated due to age or the medical condition;

(iii) Granting the extraordinary medical placement will result in a cost savings to the state.

(b) An offender sentenced to death or to life imprisonment without the possibility of release or parole is not eligible for an extraordinary medical placement.

(c) The secretary shall require electronic monitoring for all offenders in extraordinary medical placement unless the electronic monitoring equipment interferes with the function of the offender's medical equipment or results in the loss of funding for the offender's medical care.

(d) The secretary may revoke an extraordinary medical placement under this subsection at any time.

(5) An offender may be transferred from a county jail facility to a correctional facility by the department before the expiration of the sentence.

(6) The governor, upon recommendation from the clemency and pardons board, may grant an extraordinary release for reasons of serious health problems, senility, advanced age, extraordinary meritorious acts, or other extraordinary circumstances.

(7) No more than the final six months of the sentence may be served in partial confinement designed to aid the offender in finding work and reestablishing himself or herself in the community.

(8) The governor may pardon any offender.

(9) The department may release an offender from confinement any time within ten days before a release date calculated under this section; and
An offender may leave a correctional facility prior to completion of his or her sentence if the sentence has been reduced as provided in RCW 9.94A.870.

Notwithstanding any other provisions of this section, an offender sentenced for a felony crime listed in RCW 9.94A.540 as subject to a mandatory minimum sentence of total confinement shall not be released from total confinement before the completion of the listed mandatory minimum sentence for that felony crime of conviction unless allowed under RCW 9.94A.540, however persistent offenders are not eligible for extraordinary medical placement. NEW SECTION. Sec. 2. A new section is added to chapter 9.94A RCW to read as follows:

The legislature declares that the changes to the maximum percentages of earned release time in this act do not create any expectation that the percentage of earned release time cannot be revised and offenders have no reason to conclude that the maximum percentage in accordance with this act is entitled or creates any liberty interest over the right to receive the percentages of earned release time available at any time. This section applies to persons convicted on or after the effective date of this section. NEW SECTION. Sec. 3. A new section is added to chapter 9.94A RCW to read as follows:

The department shall supervise every offender sentenced to a term of community custody, community placement, or community supervision whose risk assessment places that offender in one of the two highest risk categories. The department is not authorized to, and may not, supervise any offender sentenced to a term of community custody, community placement, or community supervision whose risk assessment places that offender in any risk category other than the two highest unless the offender is one for whom supervision is required under subsection (2) of this section.

(2) Notwithstanding an offender’s classification in a risk category other than the two highest risk categories, the department shall supervise the offender if:

(a) He or she has a prior conviction for an offense that is a serious violent offense, sex offense, manufacture or delivery of a controlled substance to a minor;
(b) He or she is subject to court-ordered chemical dependency treatment under RCW 9.94A.660 or the provisions of chapter 290, Laws of 2002, or he or she was sentenced under RCW 9.94A.670; or
(c) He or she is subject to supervision pursuant to RCW 9.94A.745.

(3) This section expires July 1, 2010.

Sec. 4. RCW 9.94A.700 and 2002 c 175 s 13 are each amended to read as follows:

When a court sentences an offender to a term of total confinement in the custody of the department for any of the offenses specified in this section, the court shall also sentence the offender to a term of community placement as provided in this section. Except as provided in section 3 of this act, the department shall supervise any sentence imposed under this section.

(1) The court shall order a one-year term of community placement for the following:

(a) A sex offense or a serious violent offense committed after July 1, 1988, but before July 1, 1990; or
(b) An offense committed on or after July 1, 1988, but before July 25, 1999, that is:

(i) Assault in the second degree;
(ii) Assault of a child in the second degree;
(iii) A crime against persons where it is determined in accordance with RCW 9.94A.602 that the offender or an accomplice was armed with a deadly weapon at the time of commission; or
(iv) A felony offense under chapter 69.50 or 69.52 RCW not sentenced under RCW 9.94A.660.

(2) The court shall sentence the offender to a term of community placement of two years or up to the period of earned release awarded pursuant to RCW 9.94A.728, whichever is longer:

(a) An offense categorized as a sex offense committed on or after July 1, 1990, but before June 6, 1996, including those sex offenses also included in other offense categories;
(b) A serious violent offense other than a sex offense committed on or after July 1, 1990, but before July 1, 2000; or
(c) A vehicular homicide or vehicular assault committed on or after July 1, 1990, but before July 1, 2000.

(3) The community placement ordered under this section shall begin either upon completion of the term of confinement or at such time as the offender is transferred to community custody in lieu of earned release. When the court sentences an offender to the statutory maximum sentence, then the community placement portion of the sentence shall consist entirely of the community custody to which the offender may become eligible. Any period of community custody actually served shall be credited against the community placement portion of the sentence.

(4) Unless a condition is waived by the court, the terms of any community placement imposed under this section shall include the following conditions:

(a) The offender shall report to and be available for contact with the assigned community corrections officer as directed;
(b) The offender shall work at department-approved education, employment, or community restitution, or any combination thereof;
(c) The offender shall not possess or consume controlled substances except pursuant to lawfully issued prescriptions;
(d) The offender shall pay supervision fees as determined by the department; and
(e) The residence location and living arrangements shall be subject to the prior approval of the department during the period of community placement.

(5) A part of any term of community placement imposed under this section, the court may also order one or more of the following special conditions:

(a) The offender shall remain within, or outside of, a specified geographical boundary;
(b) The offender shall not have direct or indirect contact with the victim of the crime or a specified class of individuals;
(c) The offender shall participate in crime-related treatment or counseling services;
(d) The offender shall not consume alcohol; or
(e) The offender shall comply with any crime-related prohibitions.

(6) An offender convicted of a felony sex offense against a minor victim after June 6, 1996, shall comply with any terms and conditions of community placement imposed by the department relating to contact between the sex offender and a minor victim or a child of similar age or circumstance as a previous victim.

(7) Prior to or during community placement, upon recommendation of the department, the sentencing court may remove or modify any conditions of community placement so as not to be more restrictive.

Sec. 5. RCW 9.94A.705 and 2000 c 28 s 23 are each amended to read as follows:

Except for persons sentenced under RCW 9.94A.700(2) or 9.94A.710, when a court sentences a person to a term of total confinement to the custody of the department for a violent offense, any crime against persons under RCW 9.94A.411(2), or any felony offense under chapter 69.50 or 69.52 RCW not sentenced under RCW 9.94A.660, committed on or after July 25, 1999, but before July 1, 2000, the court shall in addition to the other terms of the sentence, sentence the offender to a one-year term of community placement beginning either upon completion of the term of confinement or at such time as the offender is transferred to community custody in lieu of earned release in accordance with RCW 9.94A.728 (1) and (4) (4). When the court sentences the offender under this section to the statutory maximum period of confinement, then the community placement portion of the sentence shall consist entirely of such community custody to which the offender may become eligible, in accordance with RCW 9.94A.728 (1) and (4) (4). Any period of community
custody actually served shall be credited against the community placement portion of the sentence. Except as provided in section 3 of this act, the department shall supervise any sentence or community custody imposed under this section.

Sec. 6. RCW 9.94A.715 and 2001 2nd sp.s. c 12 s 302 are each amended to read as follows:

(1) When a court sentences a person to the custody of the department for a sex offense not sentenced under RCW 9.94A.712, a violent offense, any crime against persons under RCW 9.94A.411(2), or a felony offense under chapter 69.50 or 69.52 RCW, committed on or after July 1, 2000, the court shall add, in the sentence, any of the following terms of the sentence, sentence the offender to community custody for the community custody range established under RCW 9.94A.850 or up to the period of earned release awarded pursuant to RCW 9.94A.728 (1) and (G(ii)) (4), whichever is longer. The community custody shall begin: (a) Upon completion of the term of confinement; (b) at such time as the offender is transferred to community custody in lieu of earned release in accordance with RCW 9.94A.728 (1) and (G(ii)) (4); or (c) with regard to offenders sentenced under RCW 9.94A.670, at the completion or administrative termination from the special drug offender sentencing alternative program. Except as provided in section 3 of this act, the department shall supervise any sentence of community custody imposed under this section.

(a) Unless a condition is waived by the court, the conditions of community custody shall include those provided for in RCW 9.94A.700(4). The conditions may also include those provided for in RCW 9.94A.700(5). The court may also order the offender to participate in rehabilitative programs or otherwise perform affirmative conduct reasonably related to the circumstances of the offense, the offender’s risk of reoffending, or the safety of the community, and the department shall enforce such conditions pursuant to subsection (6) of this section.

(b) As part of any sentence that includes a term of community custody imposed under this subsection, the court shall also require the offender to comply with any conditions imposed by the department under RCW 9.94A.720. The department shall assess the offender’s risk of reoffense and may establish and modify additional conditions of the offender’s community custody based upon the risk to community safety. In addition, the department may require the offender to participate in rehabilitative programs, or otherwise perform affirmative conduct, and to comply with all other conditions.

(c) The department may impose conditions that are contrary to those ordered by the court and may not contravene or decrease court imposed conditions. The department shall notify the offender in writing of any such conditions or modifications. In setting, modifying, and enforcing conditions of community custody, the department shall be deemed to be performing a quasi-judicial function.

(5) If an offender violates conditions imposed by the court or the department pursuant to this section during community custody, the department may transfer the offender to a more restrictive confinement status and impose other available sanctions as provided in RCW 9.94A.737 and 9.94A.740.

(a) Except for terms of community custody under RCW 9.94A.670, the department shall discharge the offender from community custody on a date determined by the department, which the department may modify, based on risk and performance of the offender, within the range or at the end of the period of earned release, whichever is later.

(b) At any time prior to the completion or termination of a sex offender’s term of community custody, if the court finds that public safety would be enhanced, the court may impose and enforce an order extending any or all of the conditions imposed pursuant to this section for a period up to the maximum allowable sentence for the crime as it is classified in chapter 9A.20 RCW, regardless of the expiration of the offender’s term of community custody. If a violation of a condition extended under this subsection occurs after the expiration of the offender’s term of community custody, it shall be deemed a violation of the sentence for the purposes of RCW 9.94A.631 and may be punishable as contempt of court as provided for in RCW 7.21.040. If the court extends a condition beyond the expiration of the term of community custody, the department is not responsible for supervision of the offender’s compliance with the condition.

(c) If the court extends a condition beyond the expiration of the term of community custody, the department shall determine the duration of community custody on the basis of risk to community safety, and shall supervise offenders during community custody on the basis of risk to community safety and conditions imposed by the court. The secretary shall adopt rules to implement the provisions of this subsection.

(7) By the close of the next business day after receiving notice of a condition imposed or modified by the department, an offender may request an administrative review under rules adopted by the department. The condition shall remain in effect unless the reviewing officer finds that it is not reasonably related to any of the following: (a) The crime of conviction; (b) the offender’s risk of reoffending; or (c) the safety of the community.

Sec. 7. RCW 9.94A.720 and 2002 c 175 s 14 are each amended to read as follows:

(1)(a) Except as provided in section 3 of this act, all offenders sentenced to terms involving community supervision, community restitution, community placement, or community custody([community custody]) shall be under the supervision of the department and shall follow explicitly the instructions and conditions of the department. The department may require an offender to perform affirmative acts which are appropriate to monitor compliance with the conditions of the sentence imposed. The department may only supervise the offender’s compliance with payment of the legal financial obligations during any period in which the department is authorized to supervise the offender in the community under section 3 of this act.

(b) The instructions shall include, at a minimum, reporting as directed to a community corrections officer, remaining within prescribed geographical boundaries, notifying the community corrections officer of any change in the offender’s address or employment, and paying the supervision fee assessment.

(c) Offenders sentenced to terms involving community custody for crimes committed on or after June 6, 1996, the department may include, in addition to the instructions in (b) of this subsection, any appropriate conditions of supervision, including but not limited to, prohibiting the offender from having contact with any other specified individuals or specific class of individuals.

(d) For offenders sentenced to terms of community custody for crimes committed on or after July 1, 2000, the department may impose conditions as specified in RCW 9.94A.715.

The conditions authorized under (c) of this subsection may be imposed by the department prior to or during an offender’s community custody term. If a violation of conditions imposed by the court or the department pursuant to RCW 9.94A.710 occurs during community custody, it shall be deemed a violation of community placement for the purposes of RCW 9.94A.740 and shall authorize the department to transfer an offender to a more restrictive confinement status as provided in RCW 9.94A.737. At any time prior to the completion of an offender’s term of community custody, the department may recommend to the court that any or all of the conditions imposed by the court or the department pursuant to RCW 9.94A.710 or 9.94A.715 be continued beyond the expiration of the offender’s term of community custody as authorized in RCW 9.94A.715 (3) or (5).

The department may require offenders to pay for special services rendered on or after July 25, 1993, including electronic monitoring, day reporting, and telephone reporting, dependent upon the offender’s ability to pay. The department may pay for these services for offenders who are not able to pay.

(2) No offender sentenced to terms involving community supervision, community restitution, community custody, or community placement under the supervision of the department may own, use, or possess firearms or ammunition. Officers who own, use, or are found to be in actual or constructive possession of Firearms or ammunition shall be subject to the violation process and sanctions under RCW 9.94A.634, 9.94A.737, and 9.94A.740. "Constructive possession" as used in this subsection means the power and intent to control the firearm or ammunition. "Firearm" as used in this subsection has the same definition as in RCW 9.41.010.

Sec. 8. RCW 9.94A.545 and 2000 c 28 s 13 are each amended to read as follows:

On all sentences of confinement for one year or less, in which the offender is convicted of a sex offense, a violent offense, a crime against a person under RCW 9.94A.411, or felony violation of chapter 69.50 or 69.52 RCW or an attempt, conspiracy, or solicitation to commit such a crime, the court may impose up to one year of community custody, subject to conditions and sanctions as authorized in RCW
An offender shall be on community custody as of the date of sentencing. However, during the time the offender is in total or partial confinement pursuant to the sentence or a violation of the sentence, the period of community custody shall toll.

Sec. 9. 2002 c 290 s 30 (uncodified) is amended to read as follows:

Section 2 of this act expires (July 1, 2004) on the effective date of section 9, chapter... Laws of 2003 (section 9 of this act).

Sec. 10. 2002 c 290 s 31 (uncodified) is amended to read as follows:

Sec. 11. R.CW 70.96A.350 and 2002 c 290 s 4 are each amended to read as follows:

(1) The criminal justice treatment account is created in the state treasury. Moneys in the account may be expended solely for: (a) Substance abuse treatment and treatment support services for offenders with a substance abuse problem that, if not treated, would result in addiction, against whom charges are filed by a prosecuting attorney in Washington state; and (b) the provision of drug and alcohol treatment services and treatment support services for nonviolent offenders within a drug court program. Moneys in the account may be spent only after appropriation.

For purposes of this section:

(4) The department of corrections, the sentencing guidelines commission, the office of financial management, and the caseload forecasting council shall develop a methodology for calculating the projected biennial savings under this section. Savings shall be projected for the fiscal biennium beginning on July 1, 2003, and for each biennium thereafter. By September 1, 2002, the methodology shall be submitted to the governor and the appropriate committees of the legislature. The methodology is deemed approved unless the legislature enacts legislation to modify or reject the methodology.

(b) When the department of corrections submits its biennial budget request to the governor in 2002 and in each even-numbered year thereafter, the department of corrections shall use the methodology approved in (a) of this subsection to calculate savings to the state general fund for the ensuing fiscal biennium resulting from reductions in drug offender sentencing as a result of sections 2 and 3, chapter 290, Laws of 2002. In each odd-numbered year, the department shall report the dollar amount of the savings to the state treasurer, the office of financial management, and the fiscal committees of the legislature.

(c) For the fiscal biennium beginning July 1, 2003, (and each fiscal biennium thereafter,) the state treasurer shall transfer ((forty-five percent of the amount reported in (b) of this subsection)) eight million nine hundred fifty thousand dollars from the general fund into the criminal justice treatment account, divided into eight equal quarterly payments. (However, the amounts transferred pursuant to this subsection shall not exceed the limit of eight million two hundred fifty thousand dollars per fiscal year. After the first fiscal year in which the amount to be transferred equals or exceeds eight million two hundred fifty thousand dollars, this limit)) For the fiscal year beginning July 1, 2005, and each subsequent fiscal year, the state treasurer shall transfer eight million two hundred fifty thousand dollars from the general fund to the criminal justice treatment account, divided into four equal quarterly payments. The amounts transferred pursuant to this subsection (4)(d)(b) shall be used solely for providing drug and alcohol treatment services to offenders confined in a state correctional facility (receiving a reduced sentence as a result of implementation of chapter 290, Laws of 2002 and) who are assessed with an addiction or a substance abuse problem that if not treated would result in addiction. (Any excess funds remaining after providing drug and alcohol treatment services as authorized under (a) of this subsection may be expended to provide treatment for offenders confined in a state correctional facility and who are assessed with an addiction or a substance abuse problem that contributed to the crime.)

(e) (c) In each odd-numbered year, the legislature shall appropriate the amount transferred to the criminal justice treatment account in (f)(1) of this subsection to the division of alcohol and substance abuse for the purposes of subsection (5) of this section.

(5) Moneys appropriated to the division of alcohol and substance abuse from the criminal justice treatment account shall be distributed as specified in this subsection. The department shall serve as the fiscal agent for purposes of distribution. Until July 1, 2004, the department may not use moneys appropriated from the criminal justice treatment account for administrative expenses and shall distribute all amounts appropriated under subsection (4)(d)(b) of this section in accordance with this subsection. Upon the lapsing of any moneys under this subsection, the office of financial management shall notify the legislative fiscal committees. (1) $2,237,000 of the fiscal year 2002 general fund--state appropriation, $2,271,000 of the fiscal year 2003 general fund--state appropriation, and $1,584,000 of the general fund--federal appropriation are provided solely for the category of services titled "intensive family preservation services."

(2) $685,000 of the general fund--state fiscal year 2002 appropriation and $701,000 of the general fund--state fiscal year 2003 appropriation are provided to contract for the operation of one pediatric interim care facility. The facility shall provide residential care for up to thirteen children through two years of age. Seventy-five percent of the children served by the facility must be in need of special care as a result of substance abuse by their mothers. The facility shall also provide on-site training to biological, adoptive, or foster parents. The facility shall provide at least three months of consultation and support to parents accepting placement of children from the facility. The facility may recruit new and current foster and adoptive parents for infants served by the facility. The department shall not require case management as a condition of the contract.

(3) $524,000 of the general fund--state fiscal year 2002 appropriation, $375,000 of the general fund--state fiscal year 2003 appropriation, and $161,000 of the general fund--federal appropriation are provided for up to three nonfacility-based programs for the training, consultation, support, and recruitment of biological, foster, and adoptive parents of children through age three in need of special care as a result of substance abuse by their mothers, except that each program may serve up to three medically fragile nonsubstance-abuse-affected children. In selecting nonfacility-based programs, preference shall be given to programs whose federal or private funding sources have expired or that have successfully performed under the existing pediatric interim care program.

(4) $1,260,000 of the fiscal year 2002 general fund--state appropriation, $1,248,000 of the fiscal year 2003 general fund--state appropriation, and $4,150,000 of the violence reduction and drug enforcement account appropriation are provided solely for the family policy council and community public health and safety networks. The funding level for the family policy council and community public health and safety networks represents a 25 percent reduction below the funding level for the 1999-2001 biennium. Funding levels shall be reduced 25 percent for both the family policy council and network grants. Reductions to network grants shall be allocated so as to maintain current funding levels, to the greatest extent possible, for projects with the strongest evidence of positive outcomes and for networks with substantial compliance with contracts for network grants.

(5) $2,215,000 of the fiscal year 2002 general fund--state appropriation, $4,394,000 of the fiscal year 2003 general fund--state appropriation, and $5,604,000 of the general fund--federal appropriation are provided solely for reducing the average caseload level per case-carrying social worker. Average caseload reductions are intended to increase the amount of time social workers spend in direct contact with the children, families, and foster parents involved with their open cases. The department shall use some of the funds provided in several local offices to increase staff that support case-carrying social workers in ways that will allow social workers to increase direct contact time with children, families, and foster parents. To achieve the goal of reaching an average caseload ratio of 1:24 by the end of fiscal year 2003, the department shall develop a plan for redeploying 30 FTEs to case-carrying social worker and support positions from other areas in the children and family services budget. These funds shall be used for extraordinary costs incurred by relatives at the time of placement, or for extraordinary costs incurred by relatives after placement if such costs would likely cause a disruption in the kinship care placement. $50,000 of the funds provided shall be contracted to the Washington institute for public policy to conduct a study of kinship care placements. The study shall examine the prevalence and needs of families who are raising related children and shall compare services and policies of Washington state with other states that have a higher rate of kinship care placements in lieu of foster care placements. The study shall identify possible changes in services and policies that are likely to increase appropriate kinship care placements.

(8) $3,386,000 of the fiscal year 2002 general fund--state appropriation, $5,710,000 of the fiscal year 2003 general fund--state appropriation, and $19,819,000 of the general fund--federal appropriation are provided solely for increases in the cost per case for foster care and adoption support. $16,000,000 of the general fund--federal amount shall remain unallotted until the office of financial management approves a plan submitted by the department to achieve a higher rate of federal earnings in the foster care program. That plan shall also be submitted to the fiscal committees of the legislature and shall indicate projected federal revenue compared to actual fiscal year 2001 levels. Within the amounts provided for foster care, the department shall increase the basic rate for foster care to an average of $420 per month on July 1, 2001. The department shall use the remaining funds provided in this subsection to pay for increases in the cost per case for foster care and adoption support. The department shall seek to control rate increases and reimbursement decisions for foster care and adoption support cases such that the cost per case for family foster care, group care, receiving homes, and adoption support does not exceed the amount assumed in the projected caseload expenditures plus the amounts provided in this subsection. By April 2003, the department shall adjust adoption support benefits to account for the availability of the new federal adoption support tax credit for special needs children.

(1) COMMUNITY SERVICES/REGIONAL SUPPORT NETWORKS

General Fund--State Appropriation (FY 2002) $194,566,000

General Fund--State Appropriation (FY 2003) ($177,006,000) $179,547,000

General Fund--Federal Appropriation (($358,277,000)) $360,727,000

General Fund--Local Appropriation $25,596,000

Health Services Account--State Appropriation $2,450,000

TOTAL APPROPRIATION (($758,195,000)) $762,886,000

The appropriations in this subsection are subject to the following conditions and limitations:

(a) Regional support networks shall use portions of the general fund--state appropriation for implementation of working agreements with the vocational rehabilitation program which will maximize the use of federal funding for vocational programs.

(b) From the general fund--state appropriations in this subsection, the secretary of social and health services shall assure that regional support networks reimburse the aging and adult services program for the general fund--state cost of medicare personal care services that enrolled regional support network consumers use because of their psychiatric disability.

(c) $388,000 of the general fund--state appropriation for fiscal year 2002, $2,829,000 of the general fund--state appropriation for fiscal year 2003, and $3,157,000 of the general fund--federal appropriation are provided solely for development and operation of community residential and support services for persons whose treatment needs constitute substantial barriers to community placement and who no longer require active psychiatric treatment at an inpatient hospital level of care, no longer meet the criteria for inpatient involuntary commitment, and who are clinically ready for discharge from a state psychiatric hospital. In the event that enough patients are not transitioned or diverted from the state hospitals to close at least two hospital wards by July 2002, and four additional wards by April 2003, a proportional share of these funds shall be transferred to the appropriations in subsection (2) of this section to support continued care of the patients in the state hospitals. Primary responsibility and accountability for provision of appropriate community support for persons placed with these funds shall reside with the mental health program and the regional support networks, with partnership and active support from the alcohol and substance abuse program and from the aging and adult services program. The department shall negotiate performance-based incentive contracts to provide appropriate community support services for individuals leaving the state hospitals under this subsection. The department shall first seek to contract with regional support networks before offering a contract to any other party. The funds appropriated in this subsection shall not be considered "available resources" as defined in RCW 71.24.025 and are not subject to the standard allocation formula applied in accordance with RCW 71.24.035(13)(a).

(d) At least $1,000,000 of the federal block grant funding appropriated in this subsection shall be used for (i) initial development, training, and operation of the community support teams which will work with long-term state hospital residents prior and subsequent to their
return to the community; and (ii) development of support strategies which will reduce the unnecessary and excessive use of state and local hospitals for short-term crisis stabilization services. Such strategies may include training and technical assistance to community long-term care and substance abuse providers; the development of diversion beds and stabilization support teams; examination of state hospital policies regarding admissions; and the development of new contractual standards to assure that the statutory requirement that 85 percent of short-term detentions be managed locally is being fulfilled. The department shall report to the fiscal and policy committees of the legislature on the result of these efforts by November 1, 2001, and again by November 1, 2003.

(e) The department is authorized to implement a new formula for allocating available resources among the regional support networks. The distribution formula shall use the number of persons eligible for the state medical programs funded under chapter 74.09 RCW as the measure of the requirement for the number of acutely mentally ill, chronically mentally ill, severely emotionally disturbed children, and seriously disturbed in accordance with RCW 71.05.150(13)(a). The new formula shall be phased in over a period of no less than six years. Furthermore, the department shall increase the medicaid capitation rates which a regional support network would otherwise receive under the formula by an amount sufficient to assure that total funding allocated to the regional support network in fiscal year 2002 increases by up to 3.5 percent over the amount actually paid to that regional support network in fiscal year 2001, and by up to an additional 5.0 percent in fiscal year 2003, if total funding to the regional support network would otherwise increase by less than those percentages under the new formula, and provided that the nonfederal share of the higher medicaid payment rate is provided by the regional support network from local funds.

(f) Within funds appropriated in this subsection, the department shall contract with the Clark county regional support network for development and operation of a project demonstrating collaborative methods for providing intensive mental health services to a school setting for severely emotionally disturbed children who are medicaid eligible. Project services are to be delivered by teachers and teaching assistants who qualify as, or who are under the supervision of, mental health professionals meeting the requirements of chapter 275-57 WAC. The department shall increase medicaid payments to the regional support network by the amount necessary to cover the necessary and allowable costs of the demonstration, not to exceed the upper payment limit specified for the regional support network in the department’s managed care waiver agreement with the federal government after meeting all other medicaid spending requirements assumed in this subsection. The regional support network shall provide the department with (i) periodic reports on project service levels, methods, and outcomes; and (ii) an intergovernmental transfer equal to the state share of the increased medicaid payment provided for operation of this project.

(g) The health services account appropriation is provided solely for implementation of strategies which the department and the affected regional support networks conclude will best assure continued availability of community-based inpatient psychiatric services in all areas of the state. Such strategies may include, but are not limited to, emergency contracts for continued operation of inpatient facilities otherwise at risk of closure because of demonstrated uncompensated care; start-up grants for development of evaluation and treatment facilities; and increases in the rate paid for inpatient psychiatric services for medically indigent and/or general assistance for the unemployed patients. The funds provided in this subsection must be: (i) Prioritized for use in those areas of the state which are at greatest risk of lacking sufficient inpatient psychiatric treatment capacity, rather than being distributed on a formula basis; (ii) prioritized for use by those hospitals which do not receive low-income disproportionate share hospital payments as of the date of application for funding; and (iii) matched on a one-quarter local, three-quarters state basis by funding from the regional support network or networks in the area in which the funds are expended. Payments from the amount provided in this subsection shall not be made to any provider that has not agreed that, except for prospective rate increases, the payment shall offset, on a dollar-for-dollar basis, any liability that may be established against, or any settlement that may be agreed to by the state, regarding the rate of state reimbursement for inpatient psychiatric care. The funds provided in this subsection shall not be considered ‘available resources’ as defined in RCW 71.24.025 and are not subject to the distribution formula established pursuant to RCW 71.24.035.

(h) The department shall assure that each regional support network increases spending on direct client services in fiscal years 2002 and 2003 by at least the same percentage as the total state, federal, and local funds allocated to the regional support network in those years provided in this subsection.

The appropriations in this subsection are subject to the following conditions and limitations:

(a) The state mental hospitals may use funds appropriated in this subsection to purchase goods and supplies through hospital group purchasing organizations when it is cost-effective to do so.

(b) The mental health program at Western state hospital shall continue to use labor provided by the Tacoma prerelease program of the department of corrections.

(c) The department shall seek to reduce the census of the two state psychiatric hospitals by 178 beds by April 2003 by arranging and providing community residential, mental health, and other support services for long-term state hospital patients whose treatment needs constitute substantial barriers to community placement and who no longer require active psychiatric treatment at an inpatient hospital level of care, no longer meet the criteria for inpatient involuntary commitment, and who are clinically ready for discharge from a state psychiatric hospital. No such patient is to move from the hospital until a team of community professionals has become familiar with the person and their treatment plan; assessed their strengths, preferences, and needs; arranged a safe, clinically-appropriate, and stable place for them to live; assured that other needed medical, behavioral, and social services are in place; and is contracted to monitor the person’s progress on an ongoing basis. The department and the regional support networks shall endeavor to assure that hospital patients are able to return to their area of origin, and that placement is not concentrated in proximity to the hospital.

(d) For each month subsequent to the month in which a state hospital bed has been closed in accordance with (c) of this subsection, the mental health program shall transfer to the medical assistance program state funds equal to the state share of the monthly per capita expenditure amount estimated for categorically needy-disabled persons in the most recent forecast of medical assistance expenditures.

(e) The department shall report to the appropriate committees of the legislature by November 1, 2001, and by November 1, 2002, on its plans for and progress toward achieving the objectives set forth in (c) of this subsection.

$250,654,000

$400,311,000

$885,573,000

The appropriations in this subsection are subject to the following conditions and limitations:

(a) (b) $10,050,000 of the fiscal year 2003 general fund--state appropriation and $3,350,000 of the general fund--federal appropriation are provided solely for expanded access to community services. New funding for family support and high school transition along with a portion of existing funding for these programs shall be provided as supplemental security income (SSI) state supplemental payments. The legislature finds that providing cash assistance to individuals and families needing these supports promotes self-determination and independence. It is the intent of the legislature that the department shall comply with federal requirements to maintain aggregate funding for SSI state supplemental payments while promoting self-determination and independence for persons with
developmental disabilities in families with taxable incomes at or below 150 percent of median family income. Individuals receiving family support or high school transition payments shall not become eligible for basic medical assistance under RCW 74.09.510 due solely to the receipt of SSI state supplemental payments. (2) Allocations for certificated staff salaries for the 2001-02 and 2002-03 school years shall be determined using formula-generated staff units calculated pursuant to this subsection. Staff allocations for small school enrollments in (d) through (f) of this subsection shall be reduced for vocational full-time equivalent enrollments. Staff allocations for small school enrollments in grades K-6 shall be the greater of that generated under (a) of this subsection, or under (d) and (e) of this subsection. Certificated staffing allocations shall be as follows:

(a) On the basis of each 1,000 average annual full-time equivalent enrollments, excluding full-time equivalent enrollment otherwise recognized for certificated staff unit allocations under (c) through (f) of this subsection:

(i) Four certificated administrative staff units per thousand full-time equivalent students in grades K-12;

(ii) 49 certificated instructional staff units per thousand full-time equivalent students in grades K-3;

(iii) Forty-six certificated instructional staff units per thousand full-time equivalent students in grades 4-12; and

For purposes of this subsection, additional classroom contact hours provided by teachers beyond the normal school day under a supplemental contract shall be converted to a certificated full-time equivalent by dividing the classroom contact hours by 900.

(b) The amount provided under this subsection (2)(a)(iv) and (v) in excess of the amount required to maintain the statutory minimum ratio established under RCW 28A.150.260(2)(b) shall be allocated only if the district documents an actual ratio in grades K-4 equal to or greater than 55.4 certificated instructional staff per thousand full-time equivalent students in the 2001-02 school year and 54.0 certificated instructional staff per thousand full-time equivalent students in the 2002-03 school year. For any school district documenting a lower certificated instructional staff ratio, the allocation shall be based on the district’s actual grades K-4 certificated instructional staff ratio achieved in that school year, or the statutory minimum ratio established under RCW 28A.150.260(2)(b), if greater;

(C) Any district maintaining a ratio in grades K-4 equal to or greater than 55.4 certificated instructional staff per thousand full-time equivalent students in the 2001-02 school year, and a ratio equal to or greater than 54.0 certificated instructional staff per thousand full-time equivalent students in the 2002-03 school year, may use allocations generated under this subsection (2)(a)(iv) and (v) in excess of that required to maintain the minimum ratio established under RCW 28A.150.260(2)(b) to employ additional basic education certificated instructional staff or classified instructional assistants in grades 5-6. Solely for the purposes of this subsection, allocated classroom teachers shall be equal to the number of certificated instructional staff units allocated under subsection (2) of this section, multiplied by the ratio between the number of actual basic education certificated teachers and the number of basic education certificated instructional staff units statewide for the prior school year.

Any school district board of directors may petition the superintendent of public instruction by submission of a resolution adopted in a public meeting to reduce or delay any portion of its basic education allocation for any school year. The superintendent of public instruction shall approve such reduction or delay if it does not impair the district’s financial condition. Any delay shall not be for more than two school years.

TOTAL APPROPRIATION ($1,085,333,000) $1,125,443,000

The appropriations in this section are subject to the following conditions and limitations:
(1) Funding for special education programs is provided on an excess cost basis. pursuant to RCW 28A.150.390. School districts shall ensure that special education students as a class receive their full share of the general apportionment allocation accruing through sections 502 and 504 of this act. To the extent a school district cannot provide an appropriate education for special education students under chapter 28A.155 RCW through the general apportionment allocation, it shall provide services through the special education excess cost allocation funded in this section.
(2) Effective with the 2001-02 school year, the superintendent of public instruction shall change the S-275 personnel reporting system and all related accounting requirements to ensure that:
(i) Special education students are basic education students first;
(ii) As a class, special education students are entitled to the full basic education allocation; and
(iii) Special education students are basic education students for the entire school day.
(b) Effective with the 2001-02 school year, the S-275 and accounting changes shall supercede any prior excess cost methodologies and shall be required of all school districts.
(3) Each fiscal year appropriation includes such funds as are necessary to complete the school year ending in the fiscal year and for prior fiscal year adjustments.

The superintendent of public instruction shall distribute state funds to school districts based on two categories: The optional birth through age two program for special education eligible developmentally delayed infants and toddlers, and the mandatory special education program for special education eligible students ages three to twenty-one. A "special education eligible student" means a student receiving specially designed instruction in accordance with a properly formulated individualized education program.
(5) (a) For the 2001-02 and 2002-03 school years, the superintendent shall make allocations to each district based on the sum of:
(i) A district’s annual average headcount enrollment of developmentally delayed infants and toddlers ages birth through two, multiplied by the district’s average basic education allocation per full-time equivalent student, multiplied by 1.15; and
(ii) A district’s annual average full-time equivalent basic education enrollment multiplied by the funded enrollment percent determined pursuant to subsection (6)(b) of this section, multiplied by the district’s average basic education allocation per full-time equivalent student multiplied by 0.9309.
(b) For purposes of this subsection, “average basic education allocation per full-time equivalent student” for a district shall be based on the staffing ratios required by RCW 28A.150.260 and shall not include enhancements, secondary vocational education, or small schools.
(6) The definitions in this subsection apply throughout this section.
(a) "Annual average full-time equivalent basic education enrollment” means the resident enrollment including students enrolled through choice (RCW 28A.225.225) and students from nonhigh districts (RCW 28A.225.210) and excluding students residing in another district enrolled as part of an interdistrict cooperative program (RCW 28A.225.250).
(b) "Enrollment percent” means the district’s resident special education annual average enrollment, excluding the birth through age two enrollment, as a percent of the district’s annual average full-time equivalent basic education enrollment:
(i) For the 2001-02 school year, each district’s funded enrollment percent shall be the lesser of the district’s actual enrollment percent or 12.7 percent.
(ii) For the 2002-03 school year, each district’s general fund-- state funded special education enrollment shall be the lesser of the district’s actual enrollment percent or 12.7 percent. Increases in enrollment percent from 12.7 percent to 13.0 percent shall be funded from the general fund--federal appropriation.
(7) At the request of any interdistrict cooperative of at least 15 districts in which all excess cost services for special education students of the districts are provided by the cooperative, the maximum enrollment percent shall be calculated in accordance with subsection (6)(b) of this section, and shall be calculated in the aggregate rather than individual district units. For purposes of this subsection, the average basic education allocation per full-time equivalent student shall be calculated in the aggregate rather than individual district units.
(8) Safety net funding shall be awarded by the state safety net oversight committee subject to the following conditions and limitations:
(a) A maximum of $8,500,000 of the general fund--state appropriation and a maximum of $3,500,000 of the general fund--federal appropriation for fiscal year 2002 are provided as safety net funding for districts with demonstrated needs for state special education funding beyond the amounts provided in subsection (5) of this section. Awards shall be based on the lesser of the amount required to maintain the 1994-95 state special education excess cost allocation to the school district in aggregate or on a dollar per student basis.

(c) The committee shall then consider unmet needs for districts that can convincingly demonstrate that all legitimate expenditures for special education exceed all available revenues from state funding formulas. In the determination of need, the committee shall also consider additional available revenues from federal and local sources. Differences in program costs attributable to district philosophy, service delivery choice, or accounting practices are not a legitimate basis for safety net awards.

(d) The maximum allowable indirect cost for calculating safety net eligibility may not exceed the federal restricted indirect cost rate for the district plus one percent.

(e) Safety net awards shall be adjusted based on the percent of potential medicaid eligible students billed as calculated by the superintendent in accordance with chapter 318, Laws of 1999.

(f) Safety net awards must be adjusted for any audit findings or exceptions related to special education funding.

(g) The superintendent may expend up to $120,000 of the amounts provided in this subsection (8) to provide staff assistance to the committee in analyzing applications for safety net funds received by the committee.

(9) For fiscal year 2003 to the extent necessary, $12,873,000 of the general fund--federal appropriation is provided for safety net awards for districts with demonstrated needs for state special education funding beyond the amounts provided in subsection (5) of this section. (12) To the extent necessary, in fiscal year 2002, $2,250,000 of the general fund--federal appropriation shall be expended for safety net funding to meet the extraordinary needs of one or more individual special education students. If safety net awards meet the extraordinary needs exceed $2,250,000 of the general fund--federal appropriation, the superintendent shall expend all available federal discretionary funds necessary to meet this need. General fund--state funds shall not be expended for this purpose.

(13) A maximum of $678,000 may be expended from the general fund--state appropriations to fund 5.43 full-time equivalent teachers and 2.1 full-time equivalent aids at children's orthopedic hospital and medical center. This amount is in lieu of money provided through the home and hospital allocation and the special education programs.

(14) $1,000,000 of the general fund--federal appropriation is provided for projects to provide special education students with appropriate job and independent living skills, including work experience where possible, to facilitate their successful transition out of the public school system. The funds provided by this subsection shall be from federal discretionary grants.

(15) The superintendent shall maintain the percentage of federal flow-through to school districts at 85 percent for the 2001-02 school year. For the 2002-03 school year, the superintendent shall allocate the federal funds as specified in this section and shall adjust federal flow-through funds accordingly. In addition to other purposes, school districts may use increased federal funds for high-cost students, for purchasing regional special education services from educational service districts, and for staff development activities particularly relating to inclusion issues.

(16) A maximum of $1,200,000 of the general fund--federal appropriation may be expended by the superintendent for projects related to use of inclusion strategies by school districts for provision of special education services. The superintendent shall prepare an information database on laws, best practices, examples of programs, and recommended resources. The information may be disseminated in a variety of ways, including workshops and other staff development activities.

(17) A school district may carry over from one year to the next year up to 10 percent of general fund--state funds allocated under this program; however, carry over funds shall be expended in the special education program.

(18) The superintendent of public instruction shall implement the recommendations of the joint legislative audit and review committee study on special education (report 01-11) only to the extent that funds have been specifically provided therefor.

He is now at Mount St. Vincent in a very fine nursing home, where I used to be the director of nurses. He is not a bit happy about it; I am on my way to see him. There is one bit of good news today. I just got a call and my daughter and the three grandkids are already in town—they came in from Phoenix. I’ll give you another report, but for now, he is grumbling, but then that is not unusual for husbands, is it? He is starting physical therapy and he is going to get better before we bring him home. Thank you all, very, very much.”

(1) For the purposes of this section, “kin” means persons related by blood or marriage, including marriages that have been dissolved.
(2) The department shall plan, design, and implement strategies to prioritize the placement of children with willing and able kin when out-of-home placement is required.
These strategies must include at least the following:
(a) Development of standardized, statewide procedures to be used when searching for kin of children prior to out-of-home placement. The procedures must include a requirement that documentation be maintained in the child’s case record that identifies kin, and documentation that identifies the assessment criteria and procedures that were followed during all kin searches. The procedures must be used when a child is placed in out-of-home care under authority of chapter 13.34 RCW, when a petition is filed under RCW 13.32A.140, or when a child is placed under a voluntary placement agreement. To assist with implementation of the procedures, the department shall request that the juvenile court require parents to disclose to the department all contact information for available and appropriate kin within two weeks of an entered order. For placements under signed voluntary agreements, the department shall encourage the parents to disclose to the department all contact information for available and appropriate kin within two weeks of the date the parent signs the voluntary placement agreement.
(b) Development of procedures for conducting active outreach efforts to identify and locate kin during all searches. The procedures must include at least the following elements:
(I) Reasonable efforts to interview known kin, friends, teachers, and other identified community members who may have knowledge of the child’s kin, within sixty days of the child entering out-of-home care;
(ii) Increased use of those procedures determined by research to be the most effective methods of promoting reunification efforts, permanency planning, and placement decisions;
(iii) Contacts with kin identified through outreach efforts and interviews under this subsection as part of permanency planning activities and change of placement discussions;
(iv) Establishment of a process for ongoing contact with kin who express interest in being considered as a placement resource for the child; and
(v) A requirement that when the decision is made to not place the child with any kin, the department provides documentation as part of the child’s individual service and safety plan that clearly identifies the rationale for the decision and corrective action or actions the kin must take to be considered as a viable placement option.
(3) Nothing in this section shall be construed to create an entitlement to services or to create judicial authority to order the provision of services to any person or family if the services are unavailable or unsuitable or the child or family is not eligible for such services.
NEW SECTION. Sec. 2. (1) The department of social and health services shall collaborate with one or more nonprofit community-based agencies to develop a grant proposal for submission to potential funding sources, including governmental entities and private foundations, to establish a minimum of two pilot projects to assist kinship caregivers with understanding and navigating the system of services
for children in out-of-home care. The proposal must seek to establish at least one project in eastern Washington and one project in western Washington, each project to be managed by a participating community-based agency.

(2) The kinship care navigators funded through the proposal shall be responsible for at least the following:

(1) The department of social and health services shall report to the legislature and the governor on the implementation of the kinship care navigator pilot projects with recommendations on statewide implementation of the pilot projects one year following implementation of the pilot projects. The report shall: Include data that demonstrates whether the pilot project reduced actual barriers to access to services; identify statutory and administrative barriers for kin who give care; and recommend ways to reduce or eliminate the barriers without adverse consequences to children placed with kin.

(2) This section expires January 1, 2007.

NEW SECTION. Sec. 4. A new section is added to chapter 74.13 RCW to read as follows:

(1) Within existing resources, the department shall establish an oversight committee to monitor, guide, and report on kinship care recommendations and implementation activities. The committee shall:
   (a) Draft a kinship care definition that is restricted to persons related by blood or marriage, including marriages that have been dissolved, or for a minor defined as an "Indian child" under the federal Indian child welfare act (25 U.S.C. Sec. 1901 et seq.), the definition of "extended family member" under the federal Indian child welfare act, and a set of principles. If the committee concludes that one or more program or service would be more efficiently and effectively delivered under a different definition of kin, it shall state what definition is needed, and identify the program or service in the report. It shall also provide evidence of how the program or service will be more efficiently and effectively delivered under the different definition. The department shall not adopt rules or policies changing the definition of kin without authorizing legislation;
   (b) Monitor the implementation of recommendations contained in the 2002 kinship care report;

Sec. 1901 et seq.), and representatives of the legal or judicial field. Birth parents, foster parents, and others who have an interest in these issues may also be included.

(3) To the extent funding is available, the department may reimburse nondepartmental members of the oversight committee for costs incurred in participating in the meetings of the oversight committee.

(4) The kinship care oversight committee shall report to the legislature and the governor on the status of kinship care issues by December 1, 2004.

The alternative sentence may include, but is not limited to, additional jail time, work crew, or work camp. Whenever the combination of jail time and electronic home monitoring or alternative sentence would exceed three hundred sixty-five days, the offender shall serve the jail portion of the sentence first, and the electronic home monitoring or alternative portion of the sentence shall be reduced so that the combination does not exceed three hundred sixty-five days.

Each endorsement shall cost two hundred dollars per year, or four hundred dollars per year allowing the sale and service of both beer and wine.

(4) The microbrewer obtaining such endorsement must determine, at the time the endorsement is issued, whether the licensed premises will be operated either as a tavern with persons under twenty-one years of age not allowed as provided for in RCW 66.24.330, or as a beer and/or wine restaurant as described in RCW 66.24.320.

The microbrewery may not store beer at a farmers market beyond the hours that the microbrewery offers bottled beer for sale. The microbrewery may not act as a distributor from a farmers market location.

(e) Before a microbrewery may sell bottled beer at a qualifying farmers market, the farmers market must apply to the board for authorization for any microbrewery with an endorsement approved under this subsection (5) to sell bottled beer at retail at the farmers market. This application shall include, at a minimum: (i) A map of the farmers market showing all booths, stalls, or other designated locations at which an approved microbrewery may sell bottled beer; and (ii) the name and contact information for the on-site market managers who may be contacted by the board or its designee to verify the locations at which bottled beer may be sold. Before authorizing a qualifying farmers market to allow an approved microbrewery to sell bottled beer at retail at its farmers market location, the board shall notify the persons or entities of the application for authorization pursuant to RCW 66.24.010 (8) and (9). An authorization granted under this subsection (5)(e) may be withdrawn by the board for any violation of this title or any rules adopted under this title.

(f) The board may adopt rules establishing the application and approval process under this section and any additional rules necessary to implement this section.

(g) For the purposes of this subsection (5):

PERSONAL PRIVILEGE

Senator Tim Sheldon: “A point of personal privilege, Mr. President. I know we have all watched the events unfold on the television this morning. I just wanted to say thanks to the constituents that we all have and that I have that are in the military--especially the young kids that are doing a job that is probably dangerous and sometimes with no great reward. I know that we all have constituents in Fort Lewis and McChord and Oak Harbor, Fairchild, Everett, just to name a few places that today have brought us a lot of pride. Sometimes, we just don’t say thanks to those young kids that are risking their lives for us. I think it is a point of personal privilege that I would like to just say and I know that everyone else shares with the tremendous day today and a tremendous event. Thank you.”

MOTION
SECOND READING

SUBSTITUTE HOUSE BILL NO. 2172, by House Committee on Technology, Telecommunications and Energy (originally sponsored by Representatives Sullivan, Morris, Benson, Rockefeller, Wood and Hudgins)

Promoting the purchase of fuel cells for the use of distributive generation at state-owned facilities.

The bill was read the second time.

MOTION

On motion of Senator Morton, the following Committee on Natural Resources, Energy and Water striking amendment was adopted:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) The legislature finds that:
(a) As a consumer of energy resources and a committed steward of public health and environmental quality, Washington state government is well-positioned to be a leader in promoting and using clean energy technologies, including fuel cells;
(b) The use of batteries and internal combustion engines in state facilities for emergency and back-up power, and to power remote equipment for communications, security lighting, cameras and sensors, signaling, environmental monitoring, and similar applications can adversely impact the environment.
(2) The legislature declares that:
(a) Fuel cells operating directly on hydrogen emit only water and heat and can be used indoors and outdoors without harming the environment or people;
(b) Fuel cells provide reliable and high digital quality direct current power that meets uninterruptible and premium power supply requirements;
(c) Commercial fuel cells can be highly efficient when used in a cogeneration application; and
(d) On a life-cycle cost basis, small fuel cells can offer a better economic value to the state than batteries and internal combustion engines.

NEW SECTION. Sec. 2. A new section is added to chapter 43.19 RCW to read as follows:
(1) State agencies, when planning the construction of a state facility, must consider the utilization of fuel cells as an alternative to purchasing and utilizing batteries or internal combustion engines.
(2) The director of the department of general administration shall assist state agencies in identifying, evaluating, and developing potential fuel cell applications at their facilities. The department shall notify state agencies of these potential applications and provide technical and analytical support. The department shall recover costs for this assistance through written agreements, including reimbursement from third parties participating in the projects, for any costs and expenses incurred in providing assistance.
(3) State agencies may use financing contracts under chapter 39.94 RCW to provide all or part of the funding for the procurement and installation of fuel cells for the purposes of this section. The department of general administration shall determine the eligibility of projects for financing contracts. The repayments of the financing contracts shall be sufficient to pay, when due, the principal and interest on the contracts.
(4) For the purposes of this section, (a) "fuel cell" means an electrochemical reaction that generates electric energy by combining atoms of hydrogen and oxygen in the presence of a catalyst; and (b) "state facilities" has the same meaning as provided in RCW 43.19.450.
(5) State agencies are authorized to consider and use other renewable or alternative energy sources to the same extent as provided for fuel cells under subsections (1) through (4) of this section.

There being no objection, the following title amendment was adopted: On page 1, line 2 of the title, after "facilities;" strike the remainder of the title and insert "adding a new section to chapter 43.19 RCW; and creating a new section."

PERSONAL PRIVILEGE

Senator Benton: “I rise to a point of personal privilege, Mr. President. I want to join with Senator Sheldon’s remarks this morning. Many of you do not know, but my father is a retired naval officer, who served in the liberation of France and was involved in the invasion of Normandy. Some of you do know that. Both of my older brothers served in Vietnam, one a naval aviator who flew ninety-three combat missions, and the other who was decorated by the President of the United States for bravery for serving in the One-hundred and First Airborne Division. So, I come from an extremely patriotic and military background in my family. Quite often times, I wear my patriotism on my sleeve, as you know.

“You don’t have to come from that kind of background to be extremely proud of what we saw today and yesterday. When you see one-hundred fifty children ranging in age from eight to fourteen, many of whom have been in prison for five years, because they refused to join a political party—being released by the fifth Marine Division—and the joy of their parents and their families to have their children back—children in prison for not joining a political party. When you see the joy of the Iraq people being liberated this morning, it is awfully hard to contain your pride and your enthusiasm for what America has been able to accomplish in three very short weeks. Six weeks it took to liberate Kuwait—three weeks to liberate the country of Iraq. For that, I think every American should be extremely proud this morning on what we have been able to accomplish. Thank you Mr. President.”

Further remarks on the war in Iraq ensued.

There is created a local fund known as the "financial services regulation fund" which shall consist of all moneys received by the division of securities under RCW 21.20.400(2), 21.20.110, and 21.20.395 and all undistributed funds from orders of disgorgement and restitution under RCW 21.20.110(8) and 21.20.390(6). No appropriation is required to permit expenditures from this fund, but the account is subject to allotment procedures under chapter 43.88 RCW.

Expenditures from this fund may be used solely for administering the fund and for payment of costs, expenses, and charges incurred in the preparation, initiation, and prosecution of criminal charges for violations of chapters 21.20, 21.30, 19.100, and 19.110 RCW. Only the director or the director's designee may authorize expenditures from the fund.

Applications for fund expenditures must be submitted by the attorney general or the proper prosecuting attorney to the director. The application must clearly identify the alleged criminal violations identified in subsection (2) of this section and indicate the purpose for which the funds will be used. The application must also certify that any funds received will be expended only for the purpose requested. Funding requests must be approved by the director prior to any expenditure being incurred by the requesting attorney general or prosecuting attorney. At the conclusion of the prosecution, the attorney general or prosecuting attorney shall provide the director with an accounting of fund expenditures, a summary of the case, and certify his or her compliance with any rules adopted by the director relating to the administration of the fund.

If the balance of the securities prosecution fund reaches three hundred fifty thousand dollars, all fines received by the division of securities under RCW 21.20.400(2), 21.20.110, and 21.20.395 and all undistributed funds from orders of disgorgement and restitution under RCW 21.20.110(8) and 21.20.390(6) shall be deposited in the financial services regulation fund until such time as the balance in the fund falls below three hundred fifty thousand dollars, at which time the fines received by the division of securities under RCW 21.20.400(2), 21.20.110, and 21.20.395 and all undistributed funds from orders of disgorgement and restitution under RCW 21.20.110(8) and 21.20.390(6) shall be deposited to the securities prosecution fund until balance in the fund once again reaches three hundred fifty thousand dollars.

Any person who knowingly violates any provision of this chapter except RCW 21.20.350, or who willfully violates any rule or order under this chapter, or who willfully violates RCW 21.20.350 knowing the statement made to be false or misleading in any material respect, if that person proves that he or she had no knowledge of the rule or order, shall upon conviction be fined not more than five thousand dollars, or both.

If that person proves that he or she had knowledge of the rule or order, is guilty of a class B felony punishable under RCW 9A.20.021(1)(b). However, a person may not be imprisoned for the violation of any rule or order if that person proves that he or she had no knowledge of the rule or order.

Any person who knowingly alters, destroys, shreds, mutilates, or conceals a record, document, or other object, or attempts to do so, with the intent to impair the object's integrity or availability for use in an official proceeding under this chapter, is guilty of a class B felony punishable under RCW 9A.20.021(1)(b) or punishable by a fine of not more than five hundred thousand dollars, or both. The fines paid under this subsection shall be deposited into the securities prosecution fund.

(3) The director may issue a summary order pending final determination of a proceeding under this section upon a finding that it is in the public interest and necessary or appropriate for the protection of investors.

(4) The director may not impose a fine under this section except after notice and opportunity for hearing. The fine imposed under this section may not exceed (twice) ten thousand dollars for each act or omission that constitutes the basis for issuing the order.

The director may issue a (temporary) summary order pending the hearing which shall remain in effect until ten days after the hearing is held and which shall become final if the person to whom notice is addressed does not request a hearing within (fifteen) twenty days after the receipt of notice; or

(2) The director may, without issuing a cease and desist order, bring an action in any court of competent jurisdiction to enjoin any such acts or practices and to enforce compliance with this chapter or any rule or order (hereunder) adopted under this chapter. The court may grant such ancillary relief, including a civil penalty, the superintendent of insurance, and disgorgement, as it deems appropriate. Upon a proper showing a permanent or temporary injunction, restraining order, or writ of mandamus shall be granted and a receiver or conservator may be appointed for the defendant or the defendant’s assets. The director may not be required to post a bond.

(4) The director may bring an action for restitution or damages on behalf of the persons injured by a violation of this chapter, if the court finds that private civil action would be so burdensome or expensive as to be impractical.

PERSONAL PRIVILEGE

Senator Kohl-Welles: “Mr. President, a point of personal privilege. I would like to respond to something that was said earlier about the media and Iraq. I understand that the comments that were made earlier were very heartfelt. I think we are all feeling very emotional right now with what is going on in Iraq and concern about our servicemen and women over there, but I think, with all due respect to the Senator who made the remarks--complete due respect that I have--I think it is very important to us to acknowledge that those in the media and the press, who have gone over to Iraq are also risking their lives to provide us with news. It is really quite incredible. We are getting real time information observing what is going on. There have been lives lost from the media, not just American representatives of the media—the press, but also those in other
countries. Not only have those lives been lost, but there are hundreds and hundreds of people over there who are still risking their lives in a very unsafe situation. One of the things that has made our country so strong and so compelling is that we have our Bill of Rights and we have the freedom of the press, which is envied all over the world. Thank you.”

SECOND READING

Providing affirmative defenses for activities defined under RCW 4.16.300.

The bill was read the second time.

MOTION

Senator Kline moved that the following striking amendment be adopted:

Strike everything after the enacting clause and insert the following:

“NEW SECTION. Sec. 1. A new section is added to chapter 4.16 RCW to read as follows:

(1) Persons engaged in any activity defined in RCW 4.16.300 may be excused, in whole or in part, from any obligation, damage, loss, or liability for those defined activities under the principles of comparative fault for the following affirmative defenses:

(a) To the extent it is caused by an unforeseen act of nature that caused, prevented, or precluded the activities defined in RCW 4.16.300 from meeting the applicable building codes, regulations, and ordinances in effect at the commencement of construction. For purposes of this section an “unforeseen act of nature” means any weather condition, earthquake, or manmade event such as war, terrorism, or vandalism, in excess of the design criteria expressed by the applicable building codes, regulations, and ordinances in effect at the time of the original construction;

(b) To the extent it is caused by a homeowner’s unreasonable failure to minimize or prevent those damages in a timely manner, including the failure of the homeowner to give timely notice to the builder and to allow reasonable and timely access for inspections and repairs as required by chapter 64.50 RCW;

(c) To the extent it is caused by the homeowner or his or her agent, employee, subcontractor, independent contractor, or consultant by virtue of their failure to follow the builder’s or manufacturer’s maintenance recommendations, or commonly accepted homeowner maintenance obligations. In order to rely upon this defense as it relates to a builder’s recommended maintenance schedule, the builder shall show that the homeowner had written notice of the schedule, the schedule was reasonable at the time it was issued, and the homeowner failed to substantially comply with the written schedule;

(d) To the extent it is caused by the homeowner or his or her agent’s or an independent third party’s alterations, ordinary wear and tear, misuse, abuse, or neglect, or by the structure’s use for something other than its intended purpose;

(e) As to a particular violation for which the builder has obtained a valid release from the party making the claim;

(f) To the extent that the builder’s repair corrected the alleged violation or defect;

(g) To the extent that a cause of action does not accrue within the statute of repose pursuant to RCW 4.16.310 or that an actionable cause as set forth in RCW 4.16.300 is not filed within the applicable statute of limitations. In contract actions the applicable contract statute of limitations expires, regardless of discovery, six years after substantial completion of construction, or during the period within six years after the termination of the services enumerated in RCW 4.16.300, whichever is later;

(h) As to any causes of action to which this section does not apply, all applicable affirmative defenses are preserved.

(2) This section does not apply to any civil action in tort alleging personal injury or wrongful death to a person or persons resulting from a construction defect.”

Voting nay: Senators Fairley, Fraser, Kline and Thibaudeau - 4.

SUBSTITUTE HOUSE BILL NO. 2039, having received the constitutional majority, was declared passed. There being no objection, the title of the bill will stand as the title of the act.

PERSONAL PRIVILEGE
Senator McCaslin: “A point of personal privilege, Mr. President—and this is a point of personal privilege. For years, I have tried to get the majority leader—I think I skipped Senator Brown for the last two years, but Senator McDonald twice while he was in control. I have talked to Senator West and I talked to Senator Snyder when he was at the head of the majority party. One of the complaints that I have and have had for years, is the amount of amendments offered on the floor. I suggested from time to time that we adopt, what I understand is the Oregon system, where no amendments are offered on the floor. They go back to the committee. Take for example, the last amendment by Senator Kline and I am not criticizing him in any way, but he is an attorney—and Senator Esser is an attorney—wherever he is—he is still an attorney. There he is—there are two attorneys disagreeing on an amendment. Now, we have a Senate Rule that prior to hearing a bill, we have a five day notice to the public—and I was thinking about saying that we were conning the public, but I didn’t want to use that term. I think we are misleading the public. We can suspend that rule. The chairman can ask for a vote to suspend the rule and occasionally we do. But, there is no five day rule on any amendment that we offer before this body. The public has never seen it and probably most members of this body have never seen it. So, it is all new to us. Sometimes we understand it and most of the time, we probably don’t. If you look at that last amendment and you understand it, well, bless your heart, because you are a lot smarter than I am. I accepted Esser’s word on it and I didn’t ask Kline, because I know he proposed the amendment. Congratulations to him on his intelligence and his perception of the law as he sees it.

“I think we would serve the public well—and your constituency—if we didn’t accept amendments on the floor. If we have amendments, we go back to the committee where they will be discussed by members of the committee, as are other bills, five day suspension or not. Then, that body can either accept the amendment or reject it. At least the public is involved in it. Most of the public we see are lobbyists—paid lobbyists, but non-the-less, if you are going to serve your constituency, you should understand what you are voting for. Now, this isn’t bad today, but you will get into some bills and your will have, I don’t know, fifty amendments on here. How in the world, can you keep up with those amendments? The fact is, you can’t. I don’t think anybody here can, because we are speeding this process along to get these bills out, for whatever reason you have to get these bills out. I would implore those of you, and if there is anybody that supports me on this issue, that you talk to leadership and you consider, if nothing else, a pilot project—that one session we don’t accept amendments on the floor. If there is an amendment, we send it back. If you want to have a sixty percent rule, that is fine with me, but to continually add amendments on the floor, I think is asinine and I don’t think we are treating the public fair. Put them back into committee and when you are in committee, vote them up or down, but take care of it there. Then, the public knows what we are doing. I don’t know if that will speed up the process or slow down the process—which way is good—depending on your philosophy with what we should do with all of these bills we get before the body.

“Anyway, I have cleansed my blood vessels for today. I feel much better in having stated this before the body. I don’t how long I have been carrying on. You are probably sick and tired of hearing about this, but I would appreciate each one of you thinking about this and giving it some consideration as to how nice it would be to come to the floor and vote a bill up or down, instead of looking and trying to keep up and going out and talking to lobbyists for or against these amendments. Anyway, I feel much better and I thank you.”

**MOTION TO LIMIT DEBATE**

Senator Sheahan: “Mr. President, I move that the members of the Senate be allowed to speak only once and be limited to three minutes on each motion or amendment, except that the mover of the motion shall be allowed to open and close debate, and also that members be prohibited from yielding their time for the remainder of the day.”

The legislature declares that it is the goal of the state of Washington to preserve and restore the natural resources of the state and, in particular, fish and wildlife and their habitat. It is further the policy of the state insofar as possible to utilize the commission and conservation districts in these efforts and the volunteer organizations who have demonstrated their commitment to these goals.

To this end, it is the intent of the legislature to minimize the expense and delays caused by unnecessary bureaucratic process in securing permits for projects that preserve or restore native fish and wildlife habitat.

(3) All funding for the program shall be deposited into the agricultural conservation easements account created in RCW 89.08.540 (as recodified by this act). Expenditures from the account shall be made to local governments and private nonprofits on a match or no match basis.

(4) Easements purchased with money from the agricultural conservation easements account run with the land.
(4) The topsoil is being blown and washed off of lands and there has been an accelerated washing of sloping lands; (\textit{that})

(5) These processes of erosion by wind and water speed up with removal of absorbative topsoil, causing exposure of less absorbive and less protective but more erosive subsoil; (\textit{that})

(6) Failure by any land occupier to conserve the soil and control erosion upon his or her lands may cause a washing and blowing of soil from his or her lands onto other lands and makes the conservation of soil and control of erosion on such other lands difficult or impossible; (\textit{and that})

(7) Extensive denuding of land for development creates critical erosion areas that are difficult to effectively regenerate and the resulting sediment causes extensive pollution of streams, ponds, lakes, and other waters; (\textit{that})

(8) The consequences of soil erosion in the form of soil blowing and soil washing are the:

(a) Siltation and sedimentation of stream channels, reservoirs, dams, ditches, and harbors, and loading of the air with soil particles;

(b) Loss of fertile soil material in dust storms; (\textit{that})

(c) Filling up of soil on lower slopes and its deposit over alluvial plains; (\textit{that})

(d) Reduction in productivity or outright ruin of rich bottom lands by overwash of poor subsoil material, sand, and gravel swept out of the hills;

(e) Deterioration of soil and its fertility, deterioration of crops grown thereon, and declining acre yields despite development of scientific processes for increasing such yields;

(f) Loss of soil and water which causes destruction of food and cover for wildlife; (\textit{that})

(g) Blowing and washing of soil into streams, which silts over spawning beds and destroys water plants, diminishing the food supply of fish; (\textit{that})

(h) Diminishing of the underground water reserve, which causes water shortages, intensifies periods of drought, and causes crop failures; (\textit{that})

(i) Increase in the speed and volume of rainfall run-off, causing severe and increasing floods, which bring suffering, disease, and death; and

(j) Impoverishment of families attempting to farm eroding and eroded lands; damage to roads, highways, railways, buildings, and other property from floods and from dust storms; and losses in navigation, hydroelectric power, municipal water supply, irrigation development, farming and grazing; (\textit{that})

(9) To conserve soil resources and control and prevent soil erosion and prevent flood water and sediment damages, and further agricultural and nonagricultural phases of the conservation, development, utilization, and disposal of water, it is necessary that land-use practices contributing to soil wastage and soil erosion be discouraged and discontinued and that appropriate soil-conserving land-use practices, and works of improvement for flood prevention of agricultural and nonagricultural phases of the conservation, development, utilization, and disposal of water be adopted; and (\textit{that})

(10) Among the procedures necessary for widespread adoption are the:

(a) Carrying on of engineering operations including but not limited to the construction of terraces, terraces, check dams, and other structures contributing to soil conservation.

(b) Utilization of strip cropping, contour cultivating, and contour furrowing;

(c) Land irrigation;

(d) Seeding and planting of waste, sloping, abandoned, and eroded lands to water-conserving and erosion-preventing plants, trees, and grasses;

(e) Forestation and reforestation;

(f) Rotation of crops;

(g) Soil stabilizations with trees, grasses, legumes, and other thick-growing, soil-holding crops, retardation of run-off by increasing absorption of rainfall; and

(h) Retirement from cultivation of steep, highly erosive areas and areas now badly gullied or otherwise eroded;

(11) Wherever there is a pressing need for the conservation of renewable resources in all areas of the state, whether urban, suburban, or rural, and that the benefits of resource practices, programs, and projects, as carried out by the state conservation commission and by the conservation districts, should be available to all such areas; therefore, it is hereby declared to be the policy of the legislature to provide for the conservation of the renewable resources of this state, and for the control and prevention of soil erosion, and for the prevention of flood water and sediment damages, and for furthering agricultural and nonagricultural phases of conservation, development, utilization, and disposal of water, and thereby to preserve natural resources, control floods, prevent impairment of dams and reservoirs, assist in maintaining the navigability of rivers and harbors, preserve wildlife, protect the tax base, protect public lands, and protect and promote the health, safety, and general welfare of the people of the state and all incorporated cities and towns hereinafter excluded from the boundaries of a conservation district established pursuant to the provisions of the state conservation district law, as amended, may be approved by the conservation commission as being included in and deemed a part of the district upon receiving a petition for annexation signed by the governing authority of the city or town and the conservation district within the exterior boundaries of which it lies in whole or in part or to which it lies closest.

NEW SECTION. Sec. 18. A new section is added to chapter 89.08 RCW to read as follows:

Therefore, the legislature declares it is the policy of the state to provide for:

(a) Conservation of the renewable resources of this state;

(b) Control and prevention of soil erosion;

(c) Prevention of flood water and sediment damages; and

The model policy shall be available by January 12, 2004."

POINT OF ORDER

Senator Zarelli: “A point of order, Mr. President. I raise the question whether this amendment falls within the scope and object of the bill. Just briefly, I know the title has probably less relevance than the body of the measure. I would just point out that the measure is very simple in its effect and that is relating to addressing the most current version of the United States Food and Drug Administration Food Code, for the purpose of adopting rules for food service.

Senator Kohl-Welles: “Well, I understand the Senator’s concern. I also believe that this amendment does fall within the scope and object of the underlying bill, as the FDA does provide guidance to state and local agencies regarding state food service practices and a school district is a local agency. It does provide food services and we are talking about safety and well being and how our children, who are working or volunteering, so to speak, in the food service. So, I think it certainly does fall within the scope and object of the underlying bill.”

The legislature finds that Washington’s innovation and trade-driven economy has provided tremendous opportunities for citizens of the state, but that there is no guarantee that globally competitive firms will continue to grow and locate in the state. The legislature also finds that developing an effective economic development strategy for the state and operating effective economic development programs, including work force training, small business assistance, technology transfer, and export assistance, are vital to the state’s efforts to encourage employment growth, increase state revenues, and generate economic well-being. It is the intent of the legislature to create an economic development commission that will develop and update the state’s economic development strategy and performance measures and provide advice to and oversight of the department of community, trade, and economic development.

NEW SECTION. Sec. 2. (1) The Washington state economic development commission is established to oversee the economic development strategies and policies of the department of community, trade, and economic development.

(2) The Washington state economic development commission shall consist of at least seven and no more than nine members appointed by the governor. There must also be four ex officio members appointed pursuant to subsection (3) of this section.

NEW SECTION. Sec. 1. The legislature finds that Washington’s innovation and trade-driven economy has provided tremendous opportunities for citizens of the state, but that there is no guarantee that globally competitive firms will continue to grow and locate in the state. The legislature also finds that developing an effective economic development strategy for the state and operating effective economic development programs, including work force training, small business assistance, technology transfer, and export assistance, are vital to the state’s efforts to encourage employment growth, increase state revenues, and generate economic well-being. In addition, the legislature finds that there is a need for responsive and consistent involvement of the private sector in the state’s economic development efforts. It is the intent of the legislature to create an economic development commission that will develop and update the state’s economic development strategy and performance measures and provide advice to and oversight of the department of community, trade, and economic development.

(1) The Washington state economic development commission shall receive the necessary staff support from the staff resources of the governor, the department of community, trade, and economic development, and other state agencies as appropriate, and within existing resources and operations.

SECOND READING

SECOND SUBSTITUTE HOUSE BILL NO. 1095, by House Committee on Appropriations (originally sponsored by Representatives Rockefeller, Sump, Linville, Orcutt, Schoesler, Pearson, Holmquist, Haigh and Kristiansen) (by request of Commissioner of Public Lands Sutherland)

Limiting the impact on small forest landowners caused by forest road maintenance and abandonment requirements.

The bill was read the second time.

MOTION

On motion of Senator Morton, the following Committee on Ways and Means striking amendment was not adopted: Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. (1) The legislature finds that chapter 4, Laws of 1999 sp. sess. strongly encouraged the forest practices board to adopt administrative rules that were substantially similar to the recommendations presented to the legislature in the form of the forests and fish report. The rules adopted pursuant to the 1999 legislation require all forest landowners to complete a road maintenance and abandonment plan, and those rules cannot be changed by the forest practices board without either a final order from a court, direct instructions from the legislature, or a recommendation from the adaptive management process. In the time since the enactment of chapter 4, Laws of 1999 sp. sess., it has become clear that both the planning aspect and the implementation aspect of the road maintenance and abandonment plan requirement may cause an unforeseen and unintended disproportionate financial hardship on small forest landowners.

(2) The legislature further finds that the commissioner of public lands and the governor have explored solutions that minimize the hardship caused to small forest landowners by the forest road maintenance and abandonment requirements of the forests and fish law, while maintaining protection for public resources. This act represents recommendations stemming from that process.

(3) The legislature further finds that it is in the state’s interest to help small forest landowners comply with the requirements of the forest practices rules in a way that does not require the landowner to spend unreasonably high and unpredictable amounts of money to complete road maintenance and abandonment plan preparation and implementation. Small forest landowners provide significant wildlife habitat and serve as important buffers between urban development and Washington’s public forest land holdings.

NEW SEtION. Sec. 2. A new section is added to chapter 76.09 RCW to read as follows:

(1) The state may not require a small forest landowner to invest in upgrades, replacements, or other engineering of a forest road, and any culverts that are a part of the road, that do not threaten public resources or create a barrier to the passage of fish.

(2) Participation in the forests and fish agreement provides a benefit to both the landowner in terms of federal assurances, and the public in terms of aquatic habitat preservation and water quality enhancement; therefore, if conditions do threaten public resources or create a barrier to the passage of fish, the road maintenance and abandonment planning process may not require a small forest landowner to take a positive action that will result in high cost without a significant portion of that cost being shared by the public.

(3) Some fish barriers are more of a threat to public resources than others; therefore, no small forest landowner should be required to repair a fish barrier until higher priority fish barriers on other lands in the watershed have been repaired.

(4) If an existing fish barrier on land owned by a small forest landowner was installed and maintained under an approved forest practices application or notification, and hydraulics approval, and that culvert becomes a high priority for fish passage based on the watershed ranking in section 7 of this act, one hundred percent public funding shall be provided.

(5) The preparation of a road maintenance and abandonment plan can require technical expertise that may require large expenditures before the time that the landowner plans to conduct any revenue-generating operations on his or her land; therefore, small forest landowners should be allowed to complete a simplified road maintenance and abandonment plan checklist, that does not require professional engineering or forestry expertise to complete, and that does not need to be submitted until the time that the landowner submits a forest practices application or notification for final or intermediate harvesting, or for salvage of trees. This act is intended to provide an alternate way for small forest landowners to comply with the road maintenance and abandonment plan goals identified in the forest practices rules.

Sec. 3. RCW 76.09.020 and 2002 c 17 s 1 are each amended to read as follows:

(For purposes of this chapter) The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Adaptive management" means reliance on scientific methods to test the results of actions taken so that the management and related policy can be changed promptly and appropriately.

(2) "Appeals board" means the forest practices appeals board created by RCW 76.09.210.

(3) "Aquatic resources" includes water quality, salmon, other species of the vertebrate classes Cephalaspidomorphi and Osteichthyes, identified in the forests and fish report, the Columbia torrent salamander (Rhyacotriton cascadae), the Olympic torrent salamander (Rhyacotriton olympian), the Dunn’s salamander (Plethodon dunnii), the Van Dyke’s salamander (Plethodon vandykei), the tailed frog (Ascaphus truei), and their respective habitats.

(4) "Commissioner" means the commissioner of public lands.

(5) "Contiguous" means land adjoining or touching by common corner or otherwise. Land having common ownership divided by a road or other right of way shall be considered contiguous.
(6) "Conversion to a use other than commercial timber operation" means a bona fide conversion to an active use which is incompatible with timber growing and as may be defined by forest practices rules.

(7) "Department" means the department of natural resources.

(8) "Forest land" means all land which is capable of supporting a merchantable stand of timber and is not being actively used for a use which is incompatible with timber growing. Forest land does not include agricultural land that is or was enrolled in the conservation reserve enhancement program by contract if such agricultural land was historically used for agricultural purposes and the landowner intends to continue to use the land for agricultural purposes in the future. As it applies to the operation of the road maintenance and abandonment plan element of the forest practices rules on small forest landowners, the term "forest land" excludes:

(a) Residential home sites, which may include up to five acres; and
(b) Cropfields, orchards, vineyards, pastures, feedlots, fish pens, and the land on which appurtenances necessary to the production, preparation, or sale of crops, fruit, dairy products, fish, and livestock exist.

(9) "Forest landowner" means any person in actual control of forest land, whether such control is based either on legal or equitable title, or on any other interest entitling the holder to sell or otherwise dispose of any or all of the timber on such land in any manner provided for in any other state or local governmental entity, or association of individuals of whatever nature.

(10) "Forest practice" means any activity conducted on or directly pertaining to forest land relating to growing, harvesting, or processing timber, including but not limited to:

(a) Road and trail construction;
(b) Harvesting, final and intermediate;
(c) Precommercial thinning;
(d) Reforestation;
(e) Forestry utilization;
(f) Prevention and suppression of diseases and insects;
(g) Salvage of trees; and
(h) Brush control.

"Forest practice" shall not include preparatory use such as tree marking, surveying and road flagging, and removal or harvesting of incidental vegetation from forest lands such as berries, ferns, greenery, mistletoe, herbs, mushrooms, and other products which cannot normally be expected to result in damage to forest soils, timber, or public resources.

(11) "Forest practices rules" means any rules adopted pursuant to RCW 76.09.040.

"Forest road," as it applies to the operation of the road maintenance and abandonment plan element of the forest practices rules on small forest landowners, means a road or road segment that crosses land that meets the definition of forest land, but excludes residential access roads.

(12) Existing forest roads must be maintained only to the extent necessary to prevent damage to public resources.

(13) "Forest trees" includes Christmas trees, but does not include Christmas trees that are cultivated by agricultural methods, as that term is defined in RCW 84.33.035.

(14) "Forests and fish report" means the forests and fish report to the board dated April 29, 1999.

(15) "Application" means a request for a permit to conduct forest practices.

(16) "Operator" means any person engaging in forest practices except an employee with wages as his or her sole compensation.

(17) "Person" means any individual, partnership, private, public, or municipal corporation, county, the department or other state or local governmental entity, or association of individuals of whatever nature.

(18) "Public resources" means water, fish and wildlife, and in addition shall mean capital improvements of the state or its political subdivisions.

(19) "Small forest landowner" has the same meaning as defined in section 11 of this act.

(20) "Timber" means forest trees, standing or down, of a commercial species, including Christmas trees. However, "timber" does not include Christmas trees that are cultivated by agricultural methods, as that term is defined in RCW 84.33.035.

(21) "Timber owner" means any person having all or any part of the legal interest in timber. Where such timber is subject to a contract of sale, "timber owner" shall mean the contract purchaser.

(22) "Board" means the forest practices board created in RCW 76.09.030.

(23) "Unconfined avulsing channel migration zone" means the area within which the active channel of an unconfined avulsing stream is prone to move and where the movement would result in a potential near-term loss of riparian forest adjacent to the stream. Sizeable islands with productive timber may exist within the zone.

(24) "Unconfined avulsing stream" means generally fifth order or larger waters that experience abrupt shifts in channel location, creating a complex flood plain characterized by extensive gravel bars, disturbance species of vegetation of variable age, numerous side channels, wall-based channels, oxbow lakes, and wetland complexes. Many of these streams have dikes and levees that may temporarily or permanently restrict channel movement.

NEW SECTION. Sec. 4. A new section is added to chapter 76.09 RCW to read as follows:

(1) The board must amend the forest practices rules relating to road maintenance and abandonment plans that exist on the effective date of this section to reflect the following:

(a) A forest landowner who owns a total of eighty acres or less of forest land in Washington is not required to submit a road maintenance and abandonment plan for any block of forest land that is twenty contiguous acres or less in area;

(b) A landowner who satisfies the definition of a small forest landowner, but who does not qualify under (a) of this subsection, is only required to submit a checklist road maintenance and abandonment plan with the abbreviated content requirements provided for in subsection (3) of this section, and is not required to comply with annual reporting and review requirements; and

(c) Existing forest roads must be maintained only to the extent necessary to prevent damage to public resources.

(2) The department must provide a landowner who is either exempted from submitting a road maintenance and abandonment plan under subsection (1)(a) of this section, or who qualifies for a checklist road maintenance and abandonment plan under subsection (1)(b) of this section, with an educational brochure outlining road maintenance standards and requirements. In addition, the department may develop a series of nonmandatory educational workshops on the rules associated with road construction and maintenance.

(3)(a) A landowner who qualifies for a checklist road maintenance and abandonment plan under subsection (1)(b) of this section is only required to submit a checklist, designed by the department in consultation with the small forest landowner office advisory committee created in RCW 76.13.110, that confirms that the landowner is applying the checklist criteria to forest roads covered or affected by a forest practices application or notification. When developing the checklist road maintenance and abandonment plan, the department shall ensure that the checklist does not exceed current state law. Nothing in this subsection increases or adds to small forest landowners' duties or responsibilities under any other section of the forest practices rules or any other state law or rule.
(b) A landowner who qualifies for the checklist road maintenance and abandonment plan is not required to submit the checklist before the time that he or she submits a forest practices application or notification for final or intermediate harvesting, or for salvage of trees. The department may encourage and accept checklists prior to the time that they are due.

(4) The department must monitor the extent of the checklist road maintenance and abandonment plan approach and report its findings to the appropriate committees of the legislature by December 31, 2008, and December 31, 2013.

Sec. 5. RCW 76.09.055 and 2000 c 11 s 4 are each amended to read as follows:

(1) The legislature finds that the (declines) levels of fish stocks throughout much of the state require immediate action to be taken to help forest landowners (who) have an appropriate value to the removal of a particular fish barrier or the replacement of a particular culvert.

(b) The board shall adopt emergency rules under RCW 34.05.090 by October 31, 2003, to implement this section. The emergency rules shall remain in effect until permanent rules can be adopted. The forest practices rules that relate to road maintenance and abandonment plans shall remain in effect as they existed on the effective date of this section until emergency rules have been adopted under this section.

(6) This section is only intended to relate to the board’s duties as they relate to the road maintenance and abandonment plan element of fish barriers and fish report. Nothing in this section alters any forest landowner’s duties and responsibilities under any other section of the forest practices rules, or any other state law or rule.

The department may encourage and accept checklists prior to the time that they are due.

The forest practices rules that relate to road maintenance and abandonment plans shall remain in effect as they existed on the effective date of this section until emergency rules have been adopted under this section.

on property owned by small forest landowners that ensures that funding is provided first to the known fish barriers existing on forest land owned by small forest landowners that cause the greatest harm to public resources.

(b) As the department collects information about the presence of fish barriers from submitted checklists, it must share this information with the department of fish and wildlife and the technical advisory groups established in RCW 77.85.070. If the addition of the information collected in the checklists or any other changes to the scientific instruments described in section 10 of this act alter the analysis conducted under section 10 of this act, the department must alter the funding order appropriately to reflect the new information.

(7) The department may accept commitments from small forest landowners that they will participate in the program to remove fish barriers from their land at any time, regardless of the funding order given to the barriers on a particular landowner’s property.

Section 7 of this act applies to road maintenance and abandonment plans under this chapter.

NEW SECTION. Sec. 9. A new section is added to chapter 76.09 RCW to read as follows:

The department shall not disapprove a forest practices application filed by a small forest landowner on the basis that fish barriers have not been removed or replaced if the small forest landowner filing the application has committed to participate in the program established in sections 7 of this act for all fish barriers existing on the block of forest land covered by the forest practices application, and the fish barriers existing on the block of forest land covered by the forest practices application are lower on the funding order list established for the program than the current projects that are capable of being funded by the program.

NEW SECTION. Sec. 10. A new section is added to chapter 77.12 RCW to read as follows:

In coordination with the department of natural resources and lead entity groups, the department must establish a ranked inventory of fish barriers on land owned by small forest landowners based on the principle of fixing the worst first within a watershed consistent with the fish passage priorities of the forest and fish report. The department shall first gather and synthesize all existing information about the locations and impacts of fish barriers in Washington. This information must include, but not be limited to, the most recently available limiting factors analysis conducted pursuant to RCW 77.85.060(2), the stock status information contained in the department of fish and wildlife salmonid stock inventory (SASSI), the salmon and steelhead habitat inventory and assessment project (SSHIAP), and any comparable science-based assessment when available. The inventory of fish barriers must be kept current and at a minimum be updated by the beginning of each calendar year. Nothing in this section grants the department or others additional right of entry onto private property.

NEW SECTION. Sec. 11. A new section is added to chapter 76.09 RCW to read as follows:

For the purposes of this chapter, sections 7 and 10 of this act, “small forest landowner” means an owner of forest land who, at the time of submission of required documentation to the department, has harvested from his or her own lands in this state no more than an average timber volume of two million board feet per year during the three years prior to submitting documentation to the department and who certifies that he or she does not expect to harvest from his or her own lands in the state more than an average timber volume of two million board feet per year during the ten years following the submission of documentation to the department. However, any landowner who exceeded the two million board feet per year average timber harvest threshold from their land in the three years prior to submitting documentation to the department, or who expects to exceed the threshold during any of the following ten years, shall still be deemed a “small forest landowner” if he or she establishes to the department’s reasonable satisfaction that the harvest limits were, or will be, exceeded in order to raise funds to pay estate taxes or for an equally compelling and unexpected obligation, such as for a court-ordered judgment or for extraordinary medical expenses.

NEW SECTION. Sec. 12. The existing policy committees of the senate and house of representatives that deal with natural resources issues must review and study the implementation of this act, including checklist preparation and the meaning of both defined and undefined terms in chapters 76.09 and 77.12 RCW, and report by January 2004.

NEW SECTION. Sec. 13. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately.”

MOTION

Senator Morton moved that the following striking amendment by Senators Morton, Hewitt, Haugen, Doumit and Fraser be adopted:

"NEW SECTION. Sec. 1. (1) The legislature finds that chapter 4, Laws of 1999 sp. sess. strongly encouraged the forest practices board to adopt administrative rules that were substantially similar to the recommendations presented to the legislature in the form of the forests and fish report. The rules adopted pursuant to the 1999 legislation require all forest landowners to complete a road maintenance and abandonment plan, and those rules cannot be changed by the forest practices board without either a final order from a court, direct instructions from the legislature, or a recommendation from the adaptive management process. In the time since the enactment of chapter 4, Laws of 1999 sp. sess., it has become clear that both the planning aspect and the implementation aspect of the road maintenance and abandonment plan requirement may cause an unforeseen and unintended disproportionate financial hardship on small forest landowners.

(2) The legislature further finds that the commissioner of public lands and the governor have explored solutions that minimize the hardship caused to small forest landowners by the forest road maintenance and abandonment requirements of the forests and fish law, while maintaining protection for public resources. This act represents recommendations stemming from that process.

(3) The legislature further finds that it is in the state’s interest to help small forest landowners comply with the requirements of the forest practices rules in a way that does not require the landowner to spend unreasonably high and unpredictable amounts of money to complete road maintenance and abandonment plan preparation and implementation. Small forest landowners provide significant wildlife habitat and serve as important buffers between urban development and Washington’s public forest land holdings.

NEW SECTION. Sec. 2. A new section is added to chapter 76.09 RCW to read as follows:

(1) The state may not require a small forest landowner to invest in upgrades, replacements, or other engineering of a forest road, and any fish passage barriers that are a part of the road, that do not threaten public resources or create a barrier to the passage of fish.

(2) Participation in the forests and fish agreement provides a benefit to both the landowner in terms of federal assurances, and the public in terms of aquatic habitat preservation and water quality enhancement; therefore, if conditions do threaten public resources or create a fish passage barrier, the road maintenance and abandonment planning process may not require a small forest landowner to take a positive action that will result in high cost without a significant portion of that cost being shared by the public.

(3) Some fish passage barriers are more of a threat to public resources than others; therefore, no small forest landowner should be required to repair a fish passage barrier until higher priority fish passage barriers on other lands in the watershed have been repaired.

(4) If an existing fish passage barrier on land owned by a small forest landowner was installed under an approved forest practices application or notification, and hydraulic approval, and that fish passage barrier becomes a high priority for fish passage based on the watershed assessment in section 7 of this act, one hundred percent public funding shall be provided.

(5) The preparation of a road maintenance and abandonment plan may require technical expertise that may require large expenditures before the time that the landowner plans to conduct any revenue-generating operations on his or her land; therefore, small forest landowners should be allowed to complete a simplified road maintenance and abandonment plan checklist, that does not require professional engineering or forestry expertise to complete, and that does not need to be submitted until the time that the landowner submits a forest
practices application or notification for final or intermediate harvesting, or for salvage of trees. This act is intended to provide an alternate way for small forest landowners to comply with maintenance and abandonment plan goals identified in the forest practices rules.

Sec. 3. RCW 76.09.020 and 2002 c 17 s 1 are each amended to read as follows:

(For purposes of this chapter) The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Adaptive management" means reliance on scientific methods to test the results of actions taken so that the management and related policy can be changed promptly and appropriately.

(2) "Appeals board" means the forest practices appeals board created by RCW 76.09.210.

(3) "Aquatic resources" includes water quality, salmon, other species of the vertebrate classes Cephalaspisomorphi and Ostechthyes, that are identified in the forests and fish report, the Columbia torrent salamander (Rhyacotriton kezeri), the Cascade torrent salamander (Rhyacotriton cascadae), the Olympic torrent salamander (Rhyacotriton olympian), the Dunn's salamander (plethodon dunnii), the Van Dyke's salamander (plethodon vandykei), the tailed frog (Ascaphus truei), and their respective habitats.

(4) "Commissioner" means the commissioner of public lands.

(5) "Contiguous" means land adjoining or touching by common corner or otherwise. Land having common ownership divided by a road or other right of way shall be considered contiguous.

(6) "Conversion to a use other than commercial timber operation" means a bona fide conversion to an active use which is incompatible with timber growing and as may be defined by forest practices rules.

(7) "Department" means the department of natural resources.

(8) "Fish passage barrier" means any artificial instream structure that impedes the free passage of fish.

(9) "Forest land" means all land which is capable of supporting a merchantable stand of timber and is not being actively used for a use which is incompatible with timber growing. Forest land does not include agricultural land that is or was enrolled in the conservation reserve enhancement program by contract if such agricultural land was historically used for agricultural purposes and the landowner intends to continue to use the land for agricultural purposes in the future. As it applies to the operation of the road maintenance and abandonment plan element of the forest practices rules on small forest landowners, the term "forest land" excludes:

(a) Residential home sites, which may include up to five acres; and
(b) Cropfields, orchards, vineyards, pastures, feedlots, fish pens, and the land on which appurtenances necessary to the production, preparation, or sale of crops, fruit, dairy products, fish, and livestock exist.

(10) "Forest landowner" means any person in actual control of forest land, whether such control is based either on legal or equitable title, or on any other interest entitling the holder to sell or otherwise dispose of any or all of the timber on such land in any manner. PROVIDED THAT, however, any lessee or other person in possession of forest land without legal or equitable title to such land shall be excluded from the definition of "forest landowner" unless such lessee or other person has the right to sell or otherwise dispose of any or all of the timber located on such forest land.

(11) "Forest practice" means any activity conducted on or directly pertaining to forest land and relating to growing, harvesting, or processing timber, including but not limited to:

(a) Road and trail construction;
(b) Harvesting, final and intermediate;
(c) Precommercial thinning;
(d) Reforestation;
(e) Fertilization;
(f) Prevention and suppression of diseases and insects;
(g) Salvage of trees; and
(h) Brush control.

"Forest practice" shall not include preliminary work such as tree marking, surveying and road flagging, and removal or harvesting of incidental vegetation from forest lands such as berries, ferns, greenery, mistletoe, herbs, mushrooms, and other products which cannot normally be expected to result in damage to forest soils, timber, or public resources.

(12) "Forest practices rules" means any rules adopted pursuant to RCW 76.09.040.

(13) "Forest road," as it applies to the operation of the road maintenance and abandonment plan element of the forest practices rules on small forest landowners, means a road or road segment that crosses land that meets the definition of forest land, but excludes residential access roads.

"Forest tree" does not include hardwood trees cultivated by agricultural methods in growing cycles shorter than fifteen years if the trees were planted on land that was not in forest use immediately before the trees were planted and before the land was prepared for planting small forest trees. "Forest trees" includes Christmas trees, but does not include Christmas trees that are cultivated by agricultural methods, as that term is defined in RCW 84.33.035.

(15) "Forests and fish report" means the forests and fish report to the board dated April 29, 1999.

(16) "Application" means the application required pursuant to RCW 76.09.050.

(17) "Operator" means any person engaging in forest practices except an employee with wages as his or her sole compensation.

(18) "Person" means any individual, partnership, private, public, or municipal corporation, county, the department or other state or local governmental entity, or association of individuals of whatever nature.

(19) "Public resources" means water, fish and wildlife, and in addition shall mean capital improvements of the state or its political subdivisions.

(20) "Small forest landowner" has the same meaning as defined in section 11 of this act.

(21) "Timber" means forest trees, standing or down, of a commercial species, including Christmas trees. However, "timber" does not include Christmas trees that are cultivated by agricultural methods, as that term is defined in RCW 84.33.035.

(22) "Timber owner" means any person having all or any part of the legal interest in timber. Where such timber is subject to a contract of sale, "timber owner" shall mean the contract purchaser.

(23) "Board" means the forest practices board created in RCW 76.09.030.

(24) "Unconfined avulsing stream" means generally fifth order or larger waters that experience abrupt shifts in channel location, creating a complex flood plain characterized by extensive gravel bars, disturbance species of vegetation of variable age, numerous side channels, wall-based channels, oxbow lakes, and wetland complexes. Many of these streams have dikes and levees that may temporarily or permanently restrict channel movement.

NEW SECTION. Sec. 4. A new section is added to chapter 76.09 RCW to read as follows:

(1) The board shall adopt the forest practices rules relating to road maintenance and abandonment plans that exist on the effective date of this section to reflect the following:

(a) A forest landowner who owns a total of eighty acres or less of forest land in Washington is not required to submit a road maintenance and abandonment plan for any block of forest land that is twenty contiguous acres or less in area;
NEW SECTION. Sec. 7. A new section is added to chapter 76.13 RCW to read as follows:

(1) The legislature finds that a state-led cost-sharing program is necessary to assist small forest landowners with removing and replacing fish passage barriers that were added to their land prior to the effective date of this section, to help achieve the goals of the forests and fish report, and to assist small forest landowners in complying with the state’s fish passage requirements.

(2) The small forest landowner office must, in cooperation with the department of fish and wildlife, establish a program designed to assist small forest landowners with repairing or removing fish passage barriers and assist lead entities in acquiring the data necessary to fill any gaps in fish passage barrier information. The small forest landowner office and the department of fish and wildlife must work closely with lead entities or other local watershed groups to make maximum use of current information regarding the location and priority of current fish passage barriers. Where additional fish passage barrier inventories are necessary, funding will be sought for the collection of this information. Methods, protocols, and formulas for data gathering and prioritizing must be developed in consultation with the department of fish and wildlife. The department of fish and wildlife must assist in the training and management of fish passage barrier location data collection.

(3) The small forest landowner office must actively seek out funding for the program authorized in this section. The small forest landowner office must work with consenting landowners to identify and secure funding from local, state, federal, tribal, or nonprofit habitat restoration organizations and other private sources, including the salmon recovery funding board, the United States department of agriculture, the United States department of transportation, the Washington state department of transportation, the United States department of commerce, and the federal highway administration.

(4)(a) Except as otherwise provided in this subsection, the small forest landowner office, in implementing the program established in this section, must provide the highest proportion of public funding available for the removal or replacement of any fish passage barrier.

(b) In no case shall a small forest landowner be required to pay more than the lesser of either: (i) Twenty-five percent of any costs associated with the removal or replacement of a particular fish passage barrier; or (ii) five thousand dollars for the removal or replacement of a fish passage barrier.
a particular fish passage barrier. No small forest landowner shall be required to pay more than the maximum total annual costs in (c) of this subsection.

(c) The portion of the total cost of removing or replacing fish passage barriers that a small forest landowner must pay in any calendar year shall be determined based on the average annual timber volume harvested from the landowner's lands in this state during the three preceding calendar years, and whether the fish passage barrier is in eastern or western Washington.

(i) In western Washington (east of the Cascade Crest), a small forest landowner who has harvested an average annual timber volume of less than five hundred thousand board feet shall not be required to pay more than a total of thirty thousand dollars during that calendar year, a small forest landowner who has harvested an average annual timber volume between five hundred thousand and nine hundred ninety-nine thousand board feet shall not be required to pay more than a total of nine thousand dollars during that calendar year, and a small forest landowner who has harvested an average annual timber volume of more than nine hundred ninety-nine thousand board feet shall not be required to pay more than a total of sixteen thousand dollars during that calendar year.

(ii) In eastern Washington (east of the Cascade Crest), a small forest landowner who has harvested an average annual timber volume of less than five hundred thousand board feet shall not be required to pay more than a total of two thousand dollars during that calendar year, a small forest landowner who has harvested an average annual timber volume between five hundred thousand and nine hundred ninety-nine thousand board feet shall not be required to pay more than a total of four thousand dollars during that calendar year, a small forest landowner who has harvested an average annual timber volume between one million and one million four hundred ninety-nine thousand board feet shall not be required to pay more than a total of two thousand four hundred dollars during that calendar year, and a small forest landowner who has harvested an average annual timber volume greater than or equal to one million five hundred thousand board feet shall not be required to pay more than a total of thirty-two thousand dollars during that calendar year, regardless of the number of fish passage barriers removed or replaced on the landowner's lands during that calendar year.

(iii) Maximum total annual costs for small forest landowners with fish passage barriers in both western and eastern Washington shall be those specified under (c)(i) and (ii) of this subsection.

(d) If an existing fish passage barrier on land owned by a small forest landowner was installed under an approved forest practices application with certification, and hydraulic approval, and the fish passage barrier becomes a high priority for fish passage based on the watershed ranking in section 7 of this act, one hundred percent public funding shall be provided.

(5) If a small forest landowner is required to contribute a portion of the funding under the cost-share program established in this section, that landowner may satisfy his or her required proportion by providing either direct monetary contributions or in-kind services to the project. In-kind services may include labor, equipment, materials, and other landowner-provided services determined by the department to have an appropriate value for the removal of a particular fish passage barrier.

(6)(a) The department, using fish passage barrier assessments and ranked inventory information provided by the department of fish and wildlife and the appropriate lead entity as delineated in section 10 of this act, must establish a prioritized list for the funding of fish passage barrier removals on property owned by small forest landowners that ensures that funding is provided first to the known fish passage barriers existing on forest land owned by small forest landowners that cause the greatest harm to public resources.

(b) As the department collects information about the presence of fish passage barriers from submitted checklists, it must share this information with the department of fish and wildlife and the technical advisory groups established in RCW 77.85.070. If the addition of the information reflected on the checklist(s) or any other changes to the scientific instruments described in section 10 of this act alter the analysis conducted under section 10 of this act, the department must alter the funding order appropriately to reflect the new information.

(7) The department may accept commitments from small forest landowners that they will participate in the program to remove fish passage barriers from their land at any time, regardless of the funding order given to the fish passage barriers on a particular landowner's property.

NEW SECTION. Sec. 8. A new section is added to chapter 76.09 RCW to read as follows:

Section 7 of this act applies to road maintenance and abandonment plans under this chapter.

NEW SECTION. Sec. 9. A new section is added to chapter 76.09 RCW to read as follows:

The department shall not disapprove a forest practices application filed by a small forest landowner on the basis that fish passage barriers have been removed or replaced on the landowner's property when the applicant has submitted documentation to the department and who certifies that he or she has not expect to harvest from his or her own lands in the state more than an average annual timber volume of two million board feet per year during the ten years following the submission of documentation to the department. However, any landowner who has been removed or replaced on the landowner's property when the application has submitted documentation to the department, and who certifies that he or she does not expect to harvest from his or her own lands in the state more than an average annual timber volume of two million board feet per year during the ten years following the submission of documentation to the department. However, any landowner who has been removed or replaced on the landowner's property when the application has submitted documentation to the department, and who certifies that he or she does not expect to harvest from his or her own lands in the state more than an average annual timber volume of two million board feet per year during the three years prior to submitting documentation to the department, or who expects to exceed the threshold during any of the following ten years, shall still be deemed a "small forest landowner" if he or she establishes to the department's reasonable satisfaction that the harvest limits were, or will be, exceeded in order to raise funds to pay estate taxes or for an equally compelling and unexpected obligation, such as for a court-ordered judgment or for extraordinary medical expenses.

NEW SECTION. Sec. 10. A new section is added to chapter 77.12 RCW to read as follows:

In coordination with the department of natural resources and lead entity groups, the department must establish a ranked inventory of fish passage barriers on land owned by small forest landowners based on the principle of fixing the worst first within a watershed consistent with the fish passage priorities of the forest and fish report. The department shall first gather and synthesize all available existing information about the locations and impacts of fish passage barriers in Washington. This information must include, but not be limited to, the most recently available limiting factors analysis conducted pursuant to RCW 77.85.060(2), the stock status information contained in the department of fish and wildlife salmonid stock inventory (SASSI), the salmon and steelhead habitat inventory and assessment project (SSHIAp), and any comparable science-based assessment when available. The inventory of fish passage barriers must be kept current and at a minimum be updated by the beginning of each calendar year. Nothing in this section grants the department or others additional right of entry onto private property.

NEW SECTION. Sec. 11. A new section is added to chapter 76.09 RCW to read as follows:

For the purposes of this chapter and sections 7 and 10 of this act, “small forest landowner” means an owner of forest land who, at the time of submission of required documentation to the department, has harvested from his or her own lands in this state no more than an average annual timber volume of two million board feet per year during the three years prior to submitting documentation to the department and who certifies that he or she does not expect to harvest from his or her own lands in the state more than an average annual timber volume of two million board feet per year during the ten years following the submission of documentation to the department. However, any landowner who has been removed or replaced on the landowner's property when the application has submitted documentation to the department, or who expects to exceed the threshold during any of the following ten years, shall still be deemed a "small forest landowner” if he or she establishes to the department's reasonable satisfaction that the harvest limits were, or will be, exceeded in order to raise funds to pay estate taxes or for an equally compelling and unexpected obligation, such as for a court-ordered judgment or for extraordinary medical expenses.

NEW SECTION. Sec. 12. The existing policy committees of the senate and house of representatives that deal with natural resources issues must review and study the implementation of this act, including checklist preparation and the meaning of both defined and undefined words in chapters 76.09 and 76.13 RCW, and report to the legislature by January 2004.
